Upon invitation of Speaker pro Tempore Ma, the following prayer was offered by Assembly Chaplain Rev. Constantine C. Pappademos:

Lord, Only faith, hope and love will last into eternity. We can't have faith until we have hope and our faith won't work without love. We can do a lot of "good things" or have a lot of knowledge in life, but if we don't have love, those "things" won't matter in eternity. Lord, when love is the foundation of everything we do, then we aren't just going through the motions—all that we do will have value. Show us ways to grow in love, Lord, as we keep our hearts and minds fixed on You.—AMEN.

REQUEST FOR UNANIMOUS CONSENT TO PRINT IN JOURNAL

Assembly Member Charles Calderon was granted unanimous consent that the following statements of legislative intent be printed in the Journal:

Legislative Intent—Assembly Bill No. 900

September 9, 2011

*E. Dotson Wilson
Chief Clerk of the Assembly
State Capitol, Room 3196
Sacramento, California*

RE: AB 900 (Buchanan and Gordon)

Dear Mr. Wilson: Assembly Bill 900 would enact the Jobs and Economic Improvement Through Environmental Leadership Act of 2011. We are submitting this letter to the Assembly Daily Journal to clarify the meaning of three provisions in AB 900.

Section 2180(a)(1) provides that “[a] residential, retail, commercial, sports, cultural, entertainment, or recreational use project that is certified as LEED silver . . .” qualifies for the special judicial review process provided in the bill. AB 900 requires project developers to apply for this special process before the project is approved by the lead agency. But buildings cannot be certified as meeting LEED standards until after they are built. To rectify this inherent contradiction, we wish to clarify that a project must be “designed” to the LEED silver standard rather than “certified” as LEED silver.

Section 21180 (a) defines an “applicant” for the special judicial review process to be “a public or private entity or its affiliates, or a person or entity that undertakes a public works project” One of the non-binding legislative findings, Section 21178(e), states that “These projects are privately financed or financed from revenues generated from the projects themselves and do not require taxpayer financing.” We wish to clarify that “[These projects” in subdivision (e) refers specifically to the projects described in the previous subdivision (d): “large construction projects . . . in various regions of the state” Subdivision (e) is in no way intended to conflict with the definition of “applicant” in Section 21180(a) or to suggest that the bill applies only to projects that are sponsored or financed by private entities.

Section 21185(a)(5) states that “the court may grant extensions of time only for good cause shown and in order to promote the interests of justice.” As noted in the bill analyses by the Senate Environmental Quality Committee and the Assembly Floor Analysis, it is our intention that this language applies to both requests by parties to the litigation for an extension of time and to orders made by the court to extend time, on its own motion, upon finding that the necessary criteria are met.

Sincerely,

JOAN BUCHANAN, Assembly Member
Fifteenth District

RICHARD S. GORDON, Assembly Member
Twenty-first District

Legislative Intent—Assembly Bill No. 501

September 8, 2011

*E. Dotson Wilson**Chief Clerk of the Assembly
State Capitol, Room 3196
Sacramento, California*

RE: Assembly Bill 501

Dear Mr. Wilson: It is my intent to clarify the intended application of AB 501 to public agency risk pools formed as separate public agencies pursuant to Government Code Section 6500, et seq. and that provide indemnity protection and related services to public agencies and their employees pursuant to Government Code Section 990.8.

Unless the risk pool provides primarily educational services for students that are primarily performed by a school district, county board of education, or county superintendent of schools, or other educational agency, it is not the intent or purpose that AB 501 provisions apply to public agency risk pools, the risk pool employees or risk pool operations.

Sincerely,

NORA CAMPOS, Assembly Member
Twenty-third District**Legislative Intent—Assembly Bill No. 1329**

September 9, 2011

*E. Dotson Wilson**Chief Clerk of the Assembly
State Capitol, Room 3196
Sacramento, California*

Dear Mr. Wilson: The purpose of this letter is to clarify AB 1329, which amends Section 103885 of the Health and Safety Code.

The California Cancer Registry (CCR) has operated effectively for over 25 years through a public/private partnership between a network of regional cancer registries operated by independent research institutes, academic institutions and the State of California.

CCR has become a world-renowned program of cancer registration, surveillance and research that, in its present form and composition, has leveraged the expertise and strengths of its partners, including the California Department of Public Health (CDPH), nonprofit research institutes, universities, hospitals, and others, to benefit from substantial federal funding awarded to the regional cancer registries in California by the National Cancer Institute's Surveillance, Epidemiology, and End Results Program (SEER) and the US Centers for Disease Control and Prevention's National Program of Cancer Registries (NPCR).

It is the intent of AB 1329 to provide CDPH with the additional authority and flexibility to maintain and advance the excellence established in the CCR through a competitive process to issue a single contract, grant, or allocation to an agency. It is not the intention of the bill to remove any existing authority in current law that may allow CDPH to enter contracts, fund and support the CCR.

Sincerely,

MIKE DAVIS, Assembly Member
Forty-eighth District

Legislative Intent—Assembly Bill No. 1344

September 8, 2011

*E. Dotson Wilson**Chief Clerk of the Assembly
State Capitol, Room 3196
Sacramento, California*

Dear Mr. Wilson: My office has been working closely and collaboratively with the League of California Cities and others to draft AB 1344 in response to the many governance challenges that have occurred in the City of Bell. My office drafted recent amendments intended to ensure that local government compensation discussions are carried out in public view with sufficient opportunities for public input. One of the allegations raised by good government advocates and law enforcement leaders is that public officials in the City of Bell enriched themselves by making compensation decisions without an open and accessible public process. My bill would put an end to that practice by setting a higher standard of transparency for local government compensation decisions.

The League of California Cities has suggested that the restrictions in AB 1344 may prevent local agencies from discussing budget and related financial issues as may be required for urgent or emergency needs. That is not the intent of the bill. Local agencies must be authorized to discuss fiscal issues as they arise. I am committed to continuing to work with the League of Cities and others to ensure public confidence in California's public agencies while preserving the authority of those agencies to operate efficiently and effectively.

Respectfully Submitted,

MIKE FEUER, Assembly Member
Forty-second District

Legislative Intent—Assembly Bill No. 6

September 6, 2011

*E. Dotson Wilson**Chief Clerk of the Assembly
State Capitol, Room 3196
Sacramento, California*

RE: AB 6 (Fuentes)—Letter to the Journal

Dear Mr. Wilson: The purpose of this letter is to clarify the intent of Assembly Bill 6 with regards to Section 1801.2 concerning the agreement between the Department of Social Services (DSS) and the Community Services Department (CSD). It is intended that the agreement between the departments be crafted to safeguard the Low Income Home Energy Assistance Program (LIHEAP) to ensure protection of the energy efficiency portion of the LIHEAP block grant. While AB 6 intends to leverage the LIHEAP program in order to maximize benefits under the CalFresh program, we must also continue serving California's seniors and working families who utilize the energy efficiency and weatherization portion of the LIHEAP program.

It would be inconsistent with the intent of AB 6 to adversely affect the energy efficiency portion of the LIHEAP block grant in order to implement the goals of the bill. The interagency agreement should reflect these priorities.

Sincerely,

FELIPE FUENTES, Assembly Member

RE: AB 720 (Hall) Public Contracts

Dear Mr. E. Dotson Wilson: In authoring AB 720, it is not my intent to restrict county force account work necessary to facilitate capital projects for the purposes of contracting to the private sector. This would typically include design, engineering, inspection, testing, and other force account work necessary to administer private contracts.

In my opinion, changes should be made to the State Controller's Guidelines Schedule 199 "Instructions for Preparing the Annual Road Report" to ensure that there is a distinction between force account reported for facilitating private contracts versus force account reported for actual construction for new road construction and reconstruction projects, prior to the effective date of AB 720.

Revisions to the reporting guidelines may also be necessary to identify work performed by road commissioner authority under subdivision (c) of Section 20395 pursuant to Section 22031 (b) (2) of AB 720. I encourage the State Controller and his staff to work with all stakeholders to update the State Controller's Guidelines Schedule 199 "Instructions for Preparing the Annual Road Report."

RE: Letter to the Journal—Assembly Bill 56

Mr. Wilson: As the author to Assembly Bill 56, I am writing to clarify that it is the intent of the Legislature that whenever the terms “pipelines”, “intrastate transmission line,” or “intrastate distribution line” is used in Assembly Bill 56, those terms shall be defined as follows:

“Commission-regulated gas pipeline facility” means an intrastate gas pipeline facility as defined in Section 60101 of Title 49 of the United States Code, that is subject to the safety regulatory authority of the commission to the extent authorized in the certification submitted by the commission and approved by the United States Secretary of Transportation pursuant to Section 60105 of Title 49 of the United States Code, including each of the following pipelines:

(1) An intrastate distribution line, which is a pipeline that is not subject to the jurisdiction of the Federal Energy Regulatory Commission pursuant to Section 717(b) of Title 15 of the United States Code because it is used for the local distribution of natural gas.

(2) An intrastate transmission line, which is a transmission pipeline that the commission, pursuant to Section 717(c) of Title 15 of the United States Code, has certified to the Federal Energy Regulatory Commission as being subject to the regulatory jurisdiction of the commission over rates and service. For these purposes, a transmission pipeline means a pipeline other than a gathering line that: (A) transports gas from a gathering line or storage facility to a distribution center, storage facility, or large volume customer that is not downstream from a distribution center, (B) operates at a hoop stress of 20 percent or more of specified minimum yield strength, or (C) transports gas within a storage field.

This language is consistent with the definition of a “commission-regulated gas pipeline facility” as contained in Section 950(a) of the Public Utilities Code found in Senate Bill 44 which was enrolled in the 2011 session of the California State Legislature.

Dear Mr. Wilson: The purpose of this letter is to clarify my intent with Assembly Bill 42 (Huffman), which authorizes the Department of Parks & Recreation (DPR) to enter into operating agreements with nonprofit organizations to operate State Park units. Based on the May 13, 2011 list released by DPR, 70 parks across the state are facing permanent closures. AB 42 provides an opportunity to help keep some of those 70 parks open, by utilizing the efforts and resources of qualified nonprofit organizations to operate park units, provided the agreements to do so will assist the department in keeping open a State Park that would otherwise be subject to closure. The skills, expertise, commitment and community connections that qualified nonprofit organizations have can and may be a critical factor in keeping State Parks open.

The intent of this bill is to minimize the number of state parks that are subject to closure as a result of recent state budget reductions that cut \$11 million from DPR's budget. It is not the intent of this bill to alter or affect the application of existing law with regard to the state's authority to contract out, or with regard to the civil service rights and processes that state park employees are currently entitled to, based on their bargaining unit contracts. AB 42 does not in any way affect those rights and processes already in place.

These are challenging times for our State Park System, and I believe AB 42 is an important tool to ensure continued protection of our State Parks.

Sincerely,

JARED HUFFMAN, Assembly Member

Legislative Intent—Assembly Bill No. 964

August 29, 2011

*E. Dotson Wilson
Chief Clerk of the Assembly
State Capitol, Room 3196
Sacramento, California*

Dear Mr. Wilson: The purpose of this letter is to clarify the legislative intent in Assembly Bill 964 (Huffman) of technical amendments to Water Code Section 1525(d)(3). AB 964 was introduced to define “small irrigation uses” and adds those uses to the existing statutes found in Article 2.7, Part 2, Division 2 of the Water Code, which allow persons with small domestic uses and livestock stockponds to apply for a right to appropriate water by registering with the State Water Resources Control Board and applying the water to reasonable and beneficial use with due diligence.

This bill makes conforming changes to Section 1525 of the Water Code so that small irrigation uses are subject to the same State Water Resources Control Board fees as small domestic uses and livestock stockponds. In addition, this bill includes technical amendments to Section 1525, subdivision (d)(3) concerning the relationship between the fee schedule established by the State Water Resources Control Board and appropriations by the Legislature for water rights program activities. The existing language of Section 1525(d)(3) states that fees shall be set to conform with the revenue levels in the annual Budget Act.

However, in 2009, the Legislature passed SB 8 (Steinberg) from the 2009–10 Seventh Extraordinary Session, which continuously appropriates three million seven hundred fifty thousand dollars (\$3,750,000) to the State Water Resources Control Board, without regard to fiscal years, on an annual basis, from the fee revenue in the Water Rights Fund for the purposes of funding 25.0 permanent water right enforcement positions.

Since this continuous appropriation is separate from, and in addition to, the revenue levels set forth in the annual Budget Act, the technical amendment specifies that fees will conform with amounts appropriated, which include both the revenues set forth in the Budget Act and the continuous appropriation in SB 8 X7. These amendments are declaratory of existing law and consistent with State Water Resources Control Board practice. They do not expand the State Water Resources Control Board’s fee setting authority.

Sincerely,

JARED HUFFMAN, Assembly Member
Sixth District

RE: Assembly Bill 165

Dear Mr. Wilson: The purpose of this letter is to confirm the intended scope of the financial and compliance audit provisions contained in Sections 1 and 3 of Assembly Bill 165, related to the imposition of pupil fees for participation in educational activities, for the 2011–12 fiscal year.

AB 165 states that these audit provisions shall be added to the audit guide adopted pursuant to Education Code Section 14502.1 commencing with the audits of the 2011–12 fiscal year. These audit provisions are intended to ensure local educational agencies protect pupils' constitutional rights by fulfilling their responsibilities under proposed Education Code Section 49012 and Education Code Section 35186 (as amended by AB 165). Consequently, because local educational agencies would not be required to take any actions pursuant to these code sections (as added and amended by AB 165) prior to the effective date of the bill, January 1, 2012, the audits of the 2011–12 fiscal year are intended to verify compliance with the bill's provisions on or after January 1, 2012.

Legislative Intent—Assembly Bill No. 1102

September 8, 2011

E. Dotson Wilson
Chief Clerk of the Assembly
State Capitol, Room 3196
Sacramento, California

Dear Mr. Wilson: The purpose of this letter is to clarify the intent of Section 8545.2(b) and (d) of Assembly Bill 1102 of the 2011–2012 Regular Session. It is the intent of the Legislature that Section 8545.2, as written, is declaratory of existing law. This section, as written, clarifies the existing authority of the State Auditor to obtain confidential records, including, but not limited to, records that are confidential based on a statutory or common law privilege or some other provision of law, during the course of an audit or investigation. Further, this section, as written, clarifies that providing those records to the State Auditor does not result in a waiver of privilege.

Specifically, Section 8545.2 (b) and (d) state:

(b) For the purposes of access to and examination and reproduction of the records and property described in subdivision (a), an authorized representative of the State Auditor is an employee or officer of the state or local governmental agency or publicly created entity involved and is subject to any limitations on release of the information as may apply to an employee or officer of the state or local governmental agency or

publicly created entity. For the purpose of conducting any audit or investigation, the State Auditor or his or her authorized representative shall have access to the records and property of any public or private entity or person subject to review or regulation by the public agency or public entity being audited or investigated to the same extent that employees or officers of that agency or public entity have access. No provision of law providing for the confidentiality of any records or property shall prevent disclosure pursuant to subdivision (a), unless the provision specifically refers to and precludes access and examination and reproduction pursuant to subdivision (a). Providing confidential information to the State Auditor pursuant to this section, including, but not limited to, confidential information that is subject to a privilege, shall not constitute a waiver of that privilege. This subdivision does not apply to records compiled pursuant to Part 1 (commencing with Section 8900) or Part 2 (commencing with Section 10200) of Division 2.

(d) For purposes of this section “confidentiality of records or property” means that the record or property may lawfully be kept confidential as a result of a statutory or common law privilege or any other provision of law.

Section 8545.2 of Assembly Bill No. 1102, as written, makes non-substantive, technical changes that clarify existing law relating to the Bureau of State Audit’s (Bureau) authority to access confidential records. During the course of an audit or investigation, the bureau routinely obtains confidential records, including confidential records that may be privileged, such as those protected by the attorney-client, attorney work product, and deliberative process privileges.

Since the date of its enactment, Section 8545.2 has given the bureau the same right of access to a public entity’s records as possessed by the officers and employees of the public entity; thus, the bureau is authorized to obtain any privileged documents that the entity has within its possession or which it has a right to obtain. Related to that, Section 8545.2 has always required the bureau to maintain the confidentiality of information provided during an audit or investigation, including privileged information, by complying with the same legal obligations regarding confidentiality that apply to the entity that provided the information. Accordingly, releasing confidential and privileged information to the bureau does not alter its confidentiality or waive any asserted privilege.

Currently, the bureau is conducting an audit of the child welfare systems of four counties, including Los Angeles County. Despite the unambiguous and plain language of existing Section 8545.2, the Los Angeles County Board of Supervisors (county) refuses to release to the State Auditor the “death reviews” it performs when a child dies within the system, claiming these reviews are protected by the attorney-client/work product and official information privileges, and that releasing the death reviews to the bureau will constitute a waiver of privilege. Unlike other auditees—including the Administrative Office of the Courts, the State Bar, the Attorney General, and the highest levels of the Administration—who, upon reviewing existing Section 8545.2, recognize that the Legislature designed the law to provide the bureau

complete access to all confidential information, including information that is privileged, without any waiver of the privilege, the county insists on litigating the matter, imposing unnecessary cost on taxpayers and delaying the State Auditor's important work.

To avoid costly, unnecessary litigation and to expedite the bureau's access to information that may improve the protection of children within the county's child welfare system, Section 8645.2 as written will clarify the Legislature's original intent that the bureau has access to all information held by entities subject to audit, including confidential information for which an entity may assert a privilege, and that release of such information does not constitute a waiver of any asserted privilege. As written, this section is declaratory of existing law.

Sincerely,

RICARDO LARA, Chair
Joint Legislative Audit Committee

RE: Letter to the Assembly Journal regarding AB 532 (V. Manuel Pérez)

Dear Mr. Wilson: I would like to request that the following letter be printed in the Assembly Journal on September 7, 2011 for the purpose of clarifying the intent of AB 532:

“It is not the intent of AB 532 (M. Pérez, 2011) or the Legislature to nullify the court's findings in *Coachella Valley Unified School Dist. v. State* (2009) 176 Cal. App. 4th 93.

It is the intent of AB 532 (M. Pérez, 2011) that the State Board of Education and State Superintendent of Public Instruction ensure adequate accommodations and variations for English Learners in the adoption of any new common core assessment system and future state assessment systems. Furthermore, the Legislature directs an advisory committee to make recommendations to the State Board of Education and State Superintendent of Public Instruction on how to include English Learners in any new state accountability system.

Thank you for allowing me to clarify the intent of AB 532.”

On page 5, beginning on line 27:

Notwithstanding any provision of this division, each regulator and health coverage program shall retain its respective authority, including its authority to resolve complaints, grievances, and appeals.

However, if there is any remaining ambiguity my intent is that AB 922 will not remove enforcement authority from the California Department of Insurance regarding complaints that are subject to the Insurance Commissioner's current purview and authority.

Dear Mr. Wilson: I am submitting this letter to the Assembly Daily Journal regarding AB 1150, Self-generation incentive program. AB 1150 extends the authority of the PUC to authorize electrical corporations to continue making the annual collections through December 31, 2014.

SGIP incentives provide benefits to all customers through increased use of distributed resources and reduced use of transmission and distribution facilities. All types and sizes of customers can benefit from such incentives. It is my intention that the CPUC will allocate the costs of the program to all customers, since all customers receive these benefits.

RE: Letter to the Journal—Assembly Bill 155

Dear Mr. Wilson: We respectfully submit this Letter to the Journal to document the legislative intent of AB 155, passed by this body in 2011.

As the authors and co-author of AB 155, we are writing to clarify our intent with regard to Revenue and Taxation Code Section 6203(c)(5)(A)–(C). These provisions were meant to draw a clear line between activities that are “mere advertising” versus more sufficiently meaningful in-state activity that should properly be characterized as “soliciting business” for purposes of meeting the definition of a “retailer engaged in business in this state.” Given the evolving nature of online advertising, and the anonymous manner in which it may be delivered to online customers, it is important to note that, in isolation, online advertising, including those ads tied to Internet search engines, banner ads, click-through ads, Cost Per Action ads, links to retailer websites and similar online advertising services should not be considered a “referral” under subparagraph 5(A), nor “direct or indirect solicitation specifically targeted at potential customers in this state” under subparagraph 5(C). Those types of advertising services are generated as a result of generic algorithmic functions and are anonymous and passive in nature and thus do not rise to the level of referring or soliciting business. Agreements for such advertising services are not covered, unless the person entering the agreement also engages in other activities on behalf of the retailer in this state—such as sending flyers or making phone calls—that are specifically targeted at customers in this state.

Thank you for the opportunity to clarify this matter.

RE: Letter of Intent for Journal—AB 23 (Ch. 91, Statutes of 2011)

Dear Chief Clerk Wilson: I introduced AB 23 in the aftermath of the Bell scandal that came to light last August. While Bell's fraudulent activities were many, I focused AB 23 on correcting the deceptive scheme city leaders employed to pad their salaries by creating sham paid boards/commissions and then convening them all in one day to collect multiple stipends.

In order to prevent future abuse, AB 23 requires the clerk or a member of the governing body to announce, when holding simultaneous or sequential meetings, the amount each public official will receive for attending. AB 23 provides an exception from the bill's provisions "*if the amount of compensation is prescribed in statute and no additional compensation has been authorized by a local agency.*"

To clarify this language, it is my intent that the exception in AB 23 does apply to local agencies if compensation is within the statutory limits. For instance, compensation for directors of county sanitation districts is subject to limitations prescribed in both the Health and Safety Code, which stipulates that stipends can be up to \$100 per meeting, and the Water Code, which allows this amount to be raised by up to 5% per year. AB 23 would apply only if compensation at the local level went beyond these statutory limits.

Thank you for your consideration of this letter.

Sincerely,

CAMERON M. SMYTH, Assembly Member

Legislative Intent—Assembly Bill No. 358

September 8, 2011

*E. Dotson Wilson
Chief Clerk of the Assembly
State Capitol, Room 3196
Sacramento, California*

Subject: Letter to the Assembly Daily Journal—AB 358

Dear Chief Clerk Wilson: I introduced Assembly Bill 358 to enhance the efficiency and solvency of the Underground Storage Tank Cleanup Fund. This Fund provides a means for petroleum underground storage tank (UST) owners and operators to meet the federal and state requirements when a tank leaks. The purpose of this letter is to clarify my intent for AB 358 in the following two instances.

First, the Health and Safety Code allows shared jurisdiction of UST cleanup cases between the State Water Board, a Regional Water Board, and local agencies. From time to time, an agency that is acting as the lead agency may transfer the regulatory lead to another agency. There are no restrictions on the timing of these transfers or the reason for the transfer, including whether or not the site has been petitioned for closure. AB 358 does not change this flexibility. I encourage agencies to coordinate these transfers so that there is as little inconvenience to the regulated public as possible.

Second, AB 358 amends Section 25296.10 of the Health and Safety Code by adding:

(i) On or after January 1, 2012, uniform closure letters issued pursuant to subdivision (g) shall include language notifying the owner, operator, or other responsible party of the 365-day claim filing deadline specified in paragraph (1) of subdivision (l) of Section 25299.57.

To clarify, it is my intent that this paragraph becomes active on January 1, 2012 and continues to remain applicable thereafter.

Thank you for your consideration of this letter.

Sincerely,

CAMERON M. SMYTH, Assembly Member
Thirty-eighth District

Legislative Intent—Assembly Bill No. 1117

August 23, 2011

*E. Dotson Wilson
Chief Clerk of the Assembly
State Capitol, Room 3196
Sacramento, California*

RE: Letter of Intent for Journal—AB 1117

Dear Chief Clerk Wilson: I introduced AB 1117 in order to establish a prohibition of contact with animals post-conviction of specified misdemeanor and felony animal abuse crimes.

AB 1117 includes language allowing those convicted of animal abuse who are also owners of “livestock” to petition for exemption from the ownership prohibition. In order to be exempted, livestock owners must demonstrate that the prohibition would “*result in substantial or undue economic hardship to the defendant’s livelihood and that the defendant has the ability to properly care for all livestock in his or her possession.*”

To clarify AB 1117, the definition of “livestock” references Section 14205 of the Food and Agricultural Code, which states, “Livestock” includes all animals, poultry, and bees, and aquatic and amphibian species which are raised, kept, or used for profit. It does not include those species which are usually kept as pets, such as dogs, cats, and pet birds.

It was my intent, in using this definition of “livestock,” that owners of for-profit horse breeding operations would be included. Owners of horse breeding operations may breed and care for horses ranging in age, and while all owned horses play a role in the for-profit business entity, individual horses may not be of a profit-generating age. It is my intent to clarify that if a horse breeder maintains a for-profit breeding business but at any point in time owns horses that are not of a profit-generating age, the horse breeder would still qualify as an owner of “livestock,” as defined in AB 1117.

Thank you for your consideration of this letter.

Sincerely,

CAMERON M. SMYTH, Assembly Member
Thirty-eighth District

Legislative Intent—Senate Bill No. 470

September 7, 2011

*E. Dotson Wilson**Chief Clerk of the Assembly
State Capitol, Room 3196
Sacramento, California*

Dear Mr. Wilson: SB 470 is a bill to continue a three-decade old Salmon Stamp program. Under the bill, salmon fishermen pay a fee based on their previous year's landings. The funds go to the Department of Fish and Game Fish and Game Preservation Fund and are used for salmon hatchery and salmon habitat restoration projects.

In recent years because of poor salmon catches and fishery closures, revenues from the sale of Salmon Stamps have been minimal, in some years as low as \$50,000. These small amounts still must be administered by the Department of Fish and Game, but administration overhead relative to revenues have been high, so the Department has had to shift funds from other accounts to supplement administrative costs for the Salmon Stamp program.

The current program has a 3.3% ceiling for administrative costs. SB 470 raises that ceiling to 15% in order to ensure that there are enough funds to do the job without taking funds from other accounts in low revenue years. However, it is my intent to keep administrative costs low and not to give permission to the Department to use this provision to spend beyond what is absolutely required for administrative purposes.

In order to ensure that administrative costs are kept low, my bill has two built-in controls:

First, SB 470 requires the Department to annually post on its website an accounting of how Salmon Stamp revenues are spent, whether for administration or projects. This transparency, by itself, will help keep wasteful spending down.

Second, funds for the program are not continuously appropriated, as in previous years. According to SB 470, funds must be appropriated by the legislature each year. The legislature will carefully monitor the Department's expenditures of Salmon Stamp funds, and taking action if administrative costs seem overly large.

Commercial salmon fishermen are the biggest supporters of SB 470's, and it is my intent to ensure their hard earned money that goes into the Salmon Stamp program is appropriately spent on programs that will increase salmon populations, and that the Department keep administrative costs as low as possible.

Sincerely,

NOREEN EVANS, Senator
Second District

RE: Assembly Bill 1423—Conformity to Regulated Investment Company Modernization Act

Dear Mr. Wilson: This letter is to confirm the Franchise Tax Board's authority, under specified circumstances, to set aside federal administrative interpretation of federal law despite California's long standing effort to conform to federal tax law. Where state law conforms to federal law, state law provides that temporary and final regulations issued by the Treasury Department apply to California, unless the regulations conflict with state law or state regulations. In 2008, the Treasury Department issued Notice 2008-83, which allowed banks, after an ownership change, to take full advantage of losses on loans and bad debts. This was done despite the Treasury Department's lack of authority to substantively change Internal Revenue Code Section 382, a 22 year old tax law limiting the use of losses by banks following an acquisition. This notice was corrected in 2009, but implementation could have had severe consequences on California's tax revenue without an opportunity to be heard by the legislature.

The issuance of Notice 2008-83 highlighted the risks of conforming to federal administrative guidance. Therefore, I hereby submit this Letter to the Journal to confirm the Franchise Tax Board's authority to find a federal income tax regulation, rule, notice, or other administrative interpretation inapplicable for California tax purposes if the federal regulations and administrative interpretations conflict with state law or state regulations.

Sincerely,

CHARLES M. CALDERON, Assembly Member

REPORTS

The following letter of transmittal was presented by the Chief Clerk and ordered printed in the Journal:

California State Auditor

2010-121
September 29, 2011

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly:

As requested by the Joint Legislative Audit Committee, the California State Auditor presents this audit report concerning the Department of Social Services' (Social Services) administration of the Foster Family Home and Small Family Home Insurance Fund (insurance fund). In September 1986 the Legislature established the insurance fund to pay, on behalf of foster family homes and small family homes (licensed homes), the claims of foster children, their parents, or their guardians stemming from an accident that results in bodily injury or personal injury neither expected nor intended by the foster parent.

This report concludes that almost 90 percent of the foster parents running licensed homes who responded to our survey were unaware of the insurance fund's existence. In addition, approximately a third of these foster parents reported that the possibility of liability claims against them made them less likely to continue as foster parents in the future. Expanding the insurance fund's coverage to homes that are certified by foster family agencies (FFAs), which are organizations that recruit, certify, and train parents who provide foster family homes not licensed by the State, may be costly. If the Legislature desires to expand the insurance fund's coverage to include the FFAs' certified homes, it will have to make statutory amendments to expressly permit the insurance fund to pay claims on behalf of certified homes. Based on our survey results and the insurance fund's claims history, our consultant estimated that expanding the insurance fund's coverage to the FFAs' certified homes could potentially cost the State a minimum of \$967,500 each year. Further, if the Legislature desires to enable the insurance fund to cover legal guardians participating in the Kinship Guardianship Assistance Payment (Kin-GAP) program, it will have to amend the pertinent statutes to expressly provide coverage for these guardians. Due to limitations in obtaining readily available and pertinent data, we were unable to survey the Kin-GAP families and project the financial impact of adding them to the insurance fund.

This report also concludes that Social Services did not ensure that the Department of General Services (General Services), its designated contract agency, approved or rejected claims filed against the insurance fund within the 180-day time frame state law mandates. Social Services also failed to obtain key information from General Services, and as a result, Social Services has been unable to accurately project the insurance fund's budget needs. As of December 31, 2010, the insurance fund had a balance of roughly \$5.4 million, which is significantly higher than the \$1 million amount we estimate it needs to maintain as a reserve. Should the Legislature choose to expand the insurance fund's coverage to include certified homes and Kin-GAP families, Social Services will need to reevaluate this reserve amount.

Respectfully submitted,

ELAINE M. HOWLE, CPA
State Auditor

Above report referred to the Committee on Human Services.

MESSAGES FROM THE SENATE

Senate Chamber, September 14, 2011

Mr. Speaker: I am directed to inform your honorable body that the Senate returns without further action:

Assembly Bill No. 699

GREGORY P. SCHMIDT, Secretary of the Senate
By Bernadette McNulty, Assistant Secretary

MESSAGES FROM THE GOVERNOR

The following messages from the Governor were received and ordered printed in the Journal:

Governor’s Message—Assembly Bill No. 94

Governor’s Office, Sacramento
May 9, 2011

To the Members of the California State Assembly:

I am signing Assembly Bill 94 because it is an important component of my overall strategy to realign public safety. This bill will provide an easier pathway for counties to access the AB 900 Jail Financing Program provided in existing law. In implementing this bill, I expect that the Corrections Standards Authority will structure the competitive process for projects in a way that fairly balances the preferences specified in the bill and existing law and allows small, medium, and large counties to compete for project financing. Additionally, I acknowledge that my Administration will seek future legislation to adjust the appropriations for the two phases of the AB 900 Jail Financing Program once it is known which counties relinquish Phase 1 awards to compete in Phase 2.

Sincerely,

EDMUND G. BROWN JR.

Governor’s Message—Assembly Bill No. 873

Governor’s Office, Sacramento
October 7, 2011

To the Members of the California State Assembly:

Assembly Bill 873 expands restrictions on post-governmental employment activities by board members and staff at CalPERS and CalSTRS.

While I have signed this bill, I note that what’s good for the goose, should be good for the gander.

Sincerely,

EDMUND G. BROWN JR.

Governor's Message—Assembly Bill No. 743

Governor's Office, Sacramento
October 8, 2011

To the Members of the California State Assembly:

I am signing Assembly Bill 743 with the understanding that because of the state's severe budget problems there will be no state funds available for this program. I encourage the Chancellor to seek federal or private funds to pay for the common assessment program envisioned by this bill.

Sincerely,

EDMUND G. BROWN JR.

Governor's Message—Assembly Bill No. 1112

Governor's Office, Sacramento
October 8, 2011

To the Members of the California State Assembly:

I am signing Assembly Bill 1112 with the direction to the Department of Fish and Game to increase the non-tank vessel fee and reduce continued program expenditures in order to address the structural imbalance of the Oil Spill and Administration Fund.

Sincerely,

EDMUND G. BROWN JR.

Governor's Message—Assembly Bill No. 366

Governor's Office, Sacramento
October 9, 2011

To the Members of the California State Assembly:

I am signing Assembly Bill 366 to improve the safety of staff at the Department of Mental Health.

This year, the Legislature passed two bills addressing the issue of when a person could be involuntarily medicated when involved with the criminal justice system: Assembly Bill 1114 and this measure.

Both measures will improve the way in which persons needing medication are treated and also protect the safety of workers at state facilities. However, while Assembly Bill 1114 streamlines the process for persons housed by the Department of Corrections and Rehabilitation, this measure will add a costly and unnecessary hearing process for persons housed by the Department of Mental Health.

Given that both measures improve the existing processes, I am signing both measures.

However, I encourage the Legislature to pass additional legislation next year to streamline the process created by this measure.

Sincerely,

EDMUND G. BROWN JR.

Governor's Message—Assembly Bill No. 506

Governor's Office, Sacramento
October 9, 2011

To the Members of the California State Assembly:

I am signing Assembly Bill 506 because it puts in place reasonable steps for local governments to take before filing bankruptcy. I applaud the author's efforts to tackle this complex issue with a balanced approach.

Let's be clear, this bill does not prevent a municipality from declaring bankruptcy or even throw roadblocks in its path. It simply requires local governments to do either of the following: declare a fiscal emergency or negotiate with creditors before filing bankruptcy. The goal is to find alternative, less drastic solutions whenever possible.

Sincerely,

EDMUND G. BROWN JR.

Governor's Message—Assembly Bill No. 29

Governor's Office, Sacramento
October 5, 2011

To the Members of the California State Assembly:

Assembly Bill 29 establishes the Governor's Office of Business and Economic Development (GO-Biz) to help the state create jobs and promote economic recovery.

I am directing GO-Biz and the following other state entities to work with my Senior Advisor for Jobs and Economic Development to better focus the state's multiple economic-development efforts:

The Small Business Loan Guarantee Program,
The Employment Training Panel,
The California Workforce Investment Board,
The Employment Development Department,
The Infrastructure Bank,
The Tourism Commission, and
The Film Commission.

Executive Order S-05-10, which established the Governor's Office of Economic Development, is hereby rescinded and this rescission is effective on the date GO-Biz becomes operational.

Sincerely,

EDMUND G. BROWN JR.

Governor's Message—Assembly Bill No. 809

Governor's Office, Sacramento
October 9, 2011

To the Members of the California State Assembly:

I am signing Assembly Bill 809.

This measure would require the California Department of Justice to treat the information used to process the sales of long guns the same as the information currently retained for sales of handguns.

Anytime someone purchases a firearm in California, whether a long gun or handgun, their personal information is sent to the Department of Justice for a criminal background check. While purchaser information on handguns is retained, purchaser information on long guns is destroyed.

Since the state already retains handgun purchaser information, I see no reason why the state should not also retain information pertaining to the sales of long guns.

Sincerely,

EDMUND G. BROWN JR.

Governor's Message—Assembly Bill No. 1417

Governor's Office, Sacramento
October 9, 2011

To the Members of the California State Assembly:

I am signing AB 1417 to appropriate \$9.1 million from the Indian Gaming Special Distribution Fund for purposes of local mitigation.

I do this reluctantly because although this money is necessary to maintain commitments made to local governments, the Indian Gaming Special Distribution Fund is quickly approaching insolvency.

Prior to approving any additional appropriations from the Indian Gaming Special Distribution Fund, everyone affected—the Governor's Office, the Legislature, tribes and local entities—should engage in frank discussions about the Fund and its long term future.

Sincerely,

EDMUND G. BROWN JR.

Governor's Message—Assembly Bill No. 604

Governor's Office, Sacramento
October 9, 2011

To the Members of the California State Assembly:

I am signing Assembly Bill 604, which allows qualified entities to apply directly to the Department of Public Health to provide hypodermic needle and syringe exchanges where rapid spread of HIV and other diseases is likely. The legislation authorizes the department to approve applicants, only after holding a public comment period, consulting with local public health and local law enforcement officers, and carefully balancing both concerns and benefits.

The Department of Public Health will issue regulations to clarify the application process and criteria. I am directing the department to administer AB 604 in a constrained way, working closely not only with local health officers and police chiefs, but with neighborhood associations as well. I believe that AB 604 can reduce the spread of communicable diseases and the suffering they cause and, at the same time, respect public safety and local preference.

Sincerely,

EDMUND G. BROWN JR.

Veto Message—Assembly Bill No. 135

Governor's Office, Sacramento
September 26, 2011

To the Members of the California State Assembly:

I am returning Assembly Bill 135 without my signature.

This bill requires that one member of the governing board of the California Air Resources Board (CARB) be an owner of a small business, as defined, within the past five years.

I agree that persons with business experience should be on the Air Board. In fact, four sitting members have such experience.

But, whether the Air Board should have one member, as provided in this bill, or four, is best left to the discretion of the Governor.

Sincerely,

EDMUND G. BROWN JR.

Veto Message—Assembly Bill No. 559

Governor's Office, Sacramento
September 26, 2011

To the Members of the California State Assembly:

This measure would reverse a California Supreme Court decision allowing judges, in cases filed under the Fair Employment and Housing Act, to deny the recovery of lawyer fees to parties who fail to use established procedures that reduce litigation costs.

In this case, I think the Supreme Court got it right. Judges are in the best position to decide whether to award or deny fees in these instances.

I am returning Assembly Bill 559 without my signature.

Sincerely,

EDMUND G. BROWN JR.

Veto Message—Assembly Bill No. 650

Governor's Office, Sacramento
September 26, 2011

To the Members of the California State Assembly:

I am returning Assembly Bill 650 without my signature.

This bill would mandate yet another “blue ribbon” task force: in this case to prepare a report on public transportation at a cost of at least \$750,000.

This is a matter well within the jurisdiction and competence of the Assembly and Senate Transportation Committees. Moreover, Caltrans and the California Transportation Commission are also equipped to probe into these matters.

Rather than creating a new entity, let's use the resources we have.

Sincerely,

EDMUND G. BROWN JR.

Veto Message—Assembly Bill No. 750

Governor's Office, Sacramento
September 26, 2011

To the Members of the California State Assembly:

I am returning Assembly Bill 750 without my signature.

This bill would mandate yet another “blue ribbon” task force: in this case to examine whether California should establish a state bank.

This is a matter well within the jurisdiction and competence of the Assembly and Senate Banking Committees.

Rather than creating a new entity, let's use the resources we have.

Sincerely,

EDMUND G. BROWN JR.

Receipt of Bills

I acknowledge receipt this 26th day of September, 2011 at 11:55 a.m., of the following Assembly Bills without the Governor's signature, together with a statement of his objections thereto, signed by the Governor, delivered to me personally by Rebekah Kharrazi:

Assembly Bills Nos. 135, 559, 650, and 750.

SUE PARKER

Assistant Chief Clerk of the Assembly

Veto Message—Assembly Bill No. 129

Governor's Office, Sacramento
October 2, 2011

To the Members of the California State Assembly:

I am returning Assembly Bill 129 without my signature.

At a time when property owners are struggling to pay their mortgages, this bill would weaken the due process requirements for local building departments to obtain property liens.

Local governments already have a fair process in place, and I see no reason to change it.

Sincerely,

EDMUND G. BROWN JR.

Veto Message—Assembly Bill No. 952

Governor's Office, Sacramento
October 2, 2011

To the Members of the California State Assembly:

I am returning Assembly Bill 952 without my signature.

This bill creates special gift and revolving door rules for the High-Speed Rail Authority.

The Authority is already regulated under the Political Reform Act (PRA) by the Fair Political Practices Commission (FPPC). In fact, last January the FPPC concluded an investigation of a complaint that Authority personnel violated the PRA's gift limits and disclosure rules. The FPPC found no violations.

The existing gift and revolving door laws work well and apply uniformly to nearly all departments. There is no reason to add complexity to this area of regulation by creating a different set of rules for the Authority.

Sincerely,

EDMUND G. BROWN JR.

Veto Message—Assembly Bill No. 1147

Governor's Office, Sacramento
October 2, 2011

To the Members of the California State Assembly:

I am returning Assembly Bill 1147 without my signature.

No one can question the desirability of minor parents in foster care receiving whatever help they need to become good parents, but this bill won't further that goal.

By law, social workers are required to submit updated case plans to the juvenile court every six months. These lengthy and detailed plans chronicle every aspect of the foster child's life, including whatever is needed to become a good parent.

Placing in statute one more specific plan element, as this bill does, just adds to the bureaucratic complexity without really assisting the foster youth to live a better life.

The more time adults in the foster care system spend writing and reading reports, the less time they have for the guidance and human caring that make the real difference.

Sincerely,

EDMUND G. BROWN JR.

Receipt of Bills

I acknowledge receipt this 3rd day of October, 2011 at 9:04 a.m., of the following Assembly Bills without the Governor's signature, together with a statement of his objections thereto, signed by the Governor, delivered to me personally by Jacque Roberts:

Assembly Bills Nos. 129, 952, and 1147.

SUE PARKER

Assistant Chief Clerk of the Assembly

Veto Message—Assembly Bill No. 91

Governor's Office, Sacramento
October 3, 2011

To the Members of the California State Assembly:

I am returning Assembly Bill 91 without my signature.

This bill orders the Chancellor of the Community Colleges to set up a pilot program at local campuses to figure out how to motivate their students to apply for financial aid.

This is a matter that each community college can handle on its own.

Sincerely,

EDMUND G. BROWN JR.

Veto Message—Assembly Bill No. 656

Governor's Office, Sacramento
October 3, 2011

To the Members of the California State Assembly:

I am returning Assembly Bill 656 without my signature.

This bill delegates solely to a legislative committee decisions on whether and for how long certain state commissions should exist. I don't think this is the best way to eliminate boards and commissions. I will work with the author to fashion a better process.

Sincerely,

EDMUND G. BROWN JR.

Receipt of Bills

I acknowledge receipt this 3rd day of October, 2011 at 3:50 p.m., of Assembly Bills 91 and 656 without the Governor's signature, together with a statement of his objections thereto, signed by the Governor, delivered to me personally by Rebekah Kharrazi.

SUE PARKER

Assistant Chief Clerk of the Assembly

Veto Message—Assembly Bill No. 101

Governor's Office, Sacramento
October 4, 2011

To the Members of the California State Assembly:

Maintaining the quality and affordability of childcare is a very important goal. So too is making sure that working conditions are decent and fair for those who take care of our children. Balancing these objectives, however, as this bill attempts to do, is not easy or free from dispute.

Today California, like the nation itself, is facing huge budget challenges. Given that reality, I am reluctant to embark on a program of this magnitude and potential cost.

I am returning Assembly Bill 101 without my signature.

Sincerely,

EDMUND G. BROWN JR.

Veto Message—Assembly Bill No. 1182

Governor's Office, Sacramento
October 4, 2011

To the Members of the California State Assembly:

I am returning Assembly Bill 1182 without my signature.

This bill would allow a person applying for welfare to have one car, or possibly more, of any value, rather than a maximum value of \$4,650 under current law.

In the last year, the state has been forced to make steep reductions in many programs, including the state's welfare-to-work program. As we go into the new year, we may have to make additional cuts. Until we better understand the fiscal outlook, we should not be making changes of this kind.

Sincerely,

EDMUND G. BROWN JR.

Veto Message—Assembly Bill No. 1429

Governor's Office, Sacramento
October 4, 2011

To the Members of the California State Assembly:

I am returning Assembly Bill 1429 without my signature.

This measure would require the state to pay 100 percent of total state eligible costs for damages sustained to Del Norte County by the March 2011 tsunami.

The state has not paid for a local government's share of disaster costs since 2006 and this measure would cost the state over \$1 million. In addition, if I sign this measure, other counties that sustain similar damages would likely request the same relief—a precedent that the state currently cannot afford.

Sincerely,

EDMUND G. BROWN JR.

Receipt of Bills

I acknowledge receipt this 4th day of October, 2011 at 1:42 p.m., of the following Assembly Bills without the Governor's signature, together with a statement of his objections thereto, signed by the Governor, delivered to me personally by Rebekah Kharrazi:

Assembly Bills Nos. 101, 1182, and 1429.

Veto Message—Assembly Bill No. 200

Governor's Office, Sacramento
October 4, 2011

To the Members of the California State Assembly:

I am returning Assembly Bill 200 without my signature.

This bill would require the State Board of Education to establish a health and fitness award program to honor a school in each of the 120 legislative districts. Health and fitness are important but let's allow our schools to design their own awards programs and leave the state out of it.

Sincerely,

EDMUND G. BROWN JR.

Receipt of Bills

I acknowledge receipt this 4th day of October, 2011 at 4:35 p.m., of Assembly Bill 200 without the Governor's signature, together with a statement of his objections thereto, signed by the Governor, delivered to me personally by Rebekah Kharrazi.

SUE PARKER

Assistant Chief Clerk of the Assembly

Veto Message—Assembly Bill No. 696

Governor's Office, Sacramento

October 5, 2011

To the Members of the California State Assembly:

I am returning Assembly Bill 696 without my signature.

This bill, among other things, requires the state Infrastructure Bank (I-Bank) to create a methodology to measure the economic development benefits of projects for both public and private applicants.

Local government applicants already must make findings that their project promotes economic development and long-term employment. Requiring the I-Bank to speculate on the project's benefits is a costly addition to the application process.

Private entities obtain approval from a bond underwriter before federal law allows the state to issue tax-free bonds using its bonding authority. The state has no financial stake or risk in these transactions. Consequently, there is no reason to incur the expense of calculating economic benefits for the transactions of private entities.

Sincerely,

EDMUND G. BROWN JR.

Veto Message—Assembly Bill No. 700

Governor's Office, Sacramento

October 5, 2011

To the Members of the California State Assembly:

I am returning Assembly Bill 700 without my signature.

This bill takes the state's Infrastructure Bank (I-Bank) out of the Business, Transportation and Housing Agency and makes it a stand-alone agency reporting directly to the Governor.

I agree with the author that the I-Bank can be better situated so that it operates more effectively. Toward that end, I will propose a reorganization plan in connection with the upcoming budget that will include changes in the I-Bank. I hope to work with the author to achieve our mutual goals.

Sincerely,

EDMUND G. BROWN JR.

Veto Message—Assembly Bill No. 1379

Governor's Office, Sacramento
October 5, 2011

To the Members of the California State Assembly:

AB 1379 would require any state or local pension system with assets over \$4 billion to report annually specified information relating to California investments.

Some public pension systems already track and voluntarily report the information required by this bill and for them this bill is unnecessary. For others, these new reporting requirements will cause an increase in administrative costs at a time when they can ill-afford it.

I am returning Assembly Bill 1379 without my signature.

Sincerely,

EDMUND G. BROWN JR.

Receipt of Bills

I acknowledge receipt this 6th day of October, 2011 at 11:12 a.m., of the following Assembly Bills without the Governor's signature, together with a statement of his objections thereto, signed by the Governor, delivered to me personally by Rebekah Kharrazi:

Assembly Bills Nos. 696, 700, and 1379.

SUE PARKER

Assistant Chief Clerk of the Assembly

Veto Message—Assembly Bill No. 65

Governor's Office, Sacramento
October 7, 2011

To the Members of the California State Assembly:

I am sympathetic to the author's concerns that voters should understand more clearly the consequences of initiatives that dedicate revenue to a specific purpose.

But the rote disclaimer mandated by this bill won't provide voters greater clarity.

I am returning Assembly Bill 65 without my signature.

Sincerely,

EDMUND G. BROWN JR.

Veto Message—Assembly Bill No. 211

Governor's Office, Sacramento
October 7, 2011

To the Members of the California State Assembly:

I am returning Assembly Bill 211 without my signature.

This bill represents an effort to improve benefits for workers by providing vouchers for those who need additional training in order to return to employment after permanently disabling injuries. I am, however, reluctant to enact piecemeal changes to the Workers' Compensation system in the absence of more comprehensive reform that addresses both the cost and benefits under the system.

Sincerely,

EDMUND G. BROWN JR.

Veto Message—Assembly Bill No. 584

Governor's Office, Sacramento
October 7, 2011

To the Members of the California State Assembly:

I am returning Assembly Bill 584 without my signature.

This bill would require that the physician conducting utilization review of requests for medical treatment in Workers Compensation claims be licensed in California.

This requirement of using only California-licensed physicians to conduct utilization review in Workers Compensation cases would be an abrupt change and inconsistent with the manner in which utilization review is conducted by health care service plans under the Knox-Keene Act and by those regulated by the California Department of Insurance.

I am not convinced that establishing a separate standard for Workers Compensation utilization review makes sense.

Sincerely,

EDMUND G. BROWN JR.

Veto Message—Assembly Bill No. 651

Governor's Office, Sacramento
October 7, 2011

To the Members of the California State Assembly:

I am returning Assembly Bill 651 without my signature.

This bill would put a raft of new regulations, fees and potential fines on entities that pay people to gather signatures for a ballot measure petition, including annual registration, reporting and training requirements.

Initiatives are an important part of California's democracy. I am not convinced that these new requirements are needed or would improve the initiative process.

Sincerely,

EDMUND G. BROWN JR.

Veto Message—Assembly Bill No. 862

Governor's Office, Sacramento
October 7, 2011

To the Members of the California State Assembly:

I am returning Assembly Bill 862 without my signature.

Among its provisions, the bill would require conflict-of-interest statements to be posted on regional center Web sites, pursuant to a regulation that the Department of Developmental Services must develop and issue.

The Department is still in the process of developing this regulation, which will identify who must file such statements. It would be appropriate to wait until the regulation is complete, before enacting related requirements by statute.

Sincerely,

EDMUND G. BROWN JR.

Veto Message—Assembly Bill No. 894

Governor's Office, Sacramento
October 7, 2011

To the Members of the California State Assembly:

I am returning Assembly Bill 894 without my signature.

This bill creates the California Manufacturing Competitiveness Loan and Loan Guarantee Program to be administered by an advisory commission within the State Treasurer's Office.

The objectives of this bill are excellent. However, the loan programs it creates can be run by the state's Infrastructure Bank, which already has authority and experience lending directly to businesses.

Sincerely,

EDMUND G. BROWN JR.

Veto Message—Assembly Bill No. 947

Governor's Office, Sacramento
October 7, 2011

To the Members of the California State Assembly:

I am returning Assembly Bill 947 without my signature.

This bill would extend the requirement to pay workers' compensation temporary disability payments for up to 240 weeks in cases where surgery or recovery from surgery occurs after the current 104 week temporary disability limit.

It is vital that injured workers receive adequate compensation to provide for their needs when they are unable to work due to work related injuries. Workers' compensation reforms, however, need to be addressed on a broad and balanced scale—ensuring workers receive adequate and timely benefits and treatment, while also ensuring that the costs of the system are sustainable.

Sincerely,

EDMUND G. BROWN JR.

Veto Message—Assembly Bill No. 1121

Governor's Office, Sacramento
October 7, 2011

To the Members of the California State Assembly:

I am returning Assembly Bill 1121 without my signature.

Nothing in existing law prevents local governments from issuing puppy licenses or imposing requirements on dog sellers. In fact, some cities and counties have already adopted excellent programs of the kind envisioned by this bill.

Licensing and tracking of dogs is quintessentially a local function.

Sincerely,

EDMUND G. BROWN JR.

Veto Message—Assembly Bill No. 1155

Governor's Office, Sacramento
October 7, 2011

To the Members of the California State Assembly:

I am returning Assembly Bill 1155 without my signature.

This bill would state that workers' compensation injury determinations shall not include consideration of race, religious creed, color, national origin, age, gender, marital status, sex, sexual orientation, or genetic characteristics.

The courts already recognize that apportioning a disability award to any of these classifications is antithetical to our states' non-discrimination policies. The courts also recognize that apportioning to an actual non-industrial condition that contributes to causing a disability is permissible and required by the principle that apportionment is based on causation.

This bill would not change existing law as interpreted by the courts to date. This bill would, however, generate new litigation over questions of whether it is intended to change existing interpretations. At best, that additional litigation would add to employers' costs for workers' compensation. At worst, this bill could disturb the appropriate interpretation of existing law that is already taking shape in the courts.

Sincerely,

EDMUND G. BROWN JR.

Receipt of Bills

I acknowledge receipt this 7th day of October at 2:53 p.m., of the following Assembly Bills without the Governor's signature, together with a statement of his objections thereto, signed by the Governor, delivered to me personally by Rebekah Kharrazi:

Assembly Bills Nos. 65, 211, 584, 651, 862, 894, 947, 1121, and 1155.

E. DOTSON WILSON
Chief Clerk of the Assembly

Veto Message—Assembly Bill No. 47

Governor's Office, Sacramento
October 8, 2011

To the Members of the California State Assembly:

I am returning Assembly Bill 47 without my signature.

This bill modifies the eligibility criteria used to identify schools under the Open Enrollment Act which was enacted last year to provide parents with enrollment options in 1000 public schools that fail to meet defined student academic achievement criteria.

The bill increases the threshold for identifying open enrollment schools to exclude schools that score above 700 on the Academic Performance Index for two consecutive years. The California Department of Education estimates that based on the revised criteria only 150 schools would be included in the new list of schools. I believe that the proposed changes go too far and would undermine the intent of the original law.

The State Board of Education has administrative authority to exempt schools from the Open Enrollment Act that document strong student academic achievement. I expect the Board will thoughtfully exercise this authority and believe we should carefully review the implementation effects of the program before making significant changes.

Sincerely,

EDMUND G. BROWN JR.

Veto Message—Assembly Bill No. 86

Governor's Office, Sacramento
October 8, 2011

To the Members of the California State Assembly:

I am returning Assembly Bill 86 without my signature.

Charter schools are a small but important part of the California public school system. They vary by size, mission, governing structure and educational philosophy. Their purpose is to allow parents, teachers and other interested citizens to form public schools outside the more detailed regulatory framework of the regular school system.

They are profoundly difficult to establish and even more difficult to maintain and grow in excellence. Having started two myself, I know whereof I speak.

Notwithstanding the important contributions classified staff make to the operation of a school, this bill would unnecessarily complicate an already difficult charter school petition process.

I believe the existing law is tough enough.

Sincerely,

EDMUND G. BROWN JR.

Veto Message—Assembly Bill No. 165

Governor's Office, Sacramento
October 8, 2011

To the Members of the California State Assembly:

I am returning Assembly Bill 165 without my signature.

This bill responds to a lawsuit filed by the ACLU against the state, alleging that some local school districts are denying students their right to a free public education by charging improper fees for classes and extracurricular activities. Local district compliance with this right is essential, and those who fail should be held accountable. But this bill takes the wrong approach to getting there.

The bill would mandate that every single classroom in California post a detailed notice and that all 1,042 school districts and over 1,200 charter schools follow specific complaint, hearing and audit procedures, even where there have been no complaints, let alone evidence of any violation. This goes too far.

Sincerely,

EDMUND G. BROWN JR.

Veto Message—Assembly Bill No. 202

Governor's Office, Sacramento
October 8, 2011

To the Members of the California State Assembly:

This bill creates a new avenue for deciding the costs of state mandates which may prove to be more complicated and costly than the existing process.

Thus I am returning Assembly Bill 202 without my signature.

Sincerely,

EDMUND G. BROWN JR.

Veto Message—Assembly Bill No. 203

Governor's Office, Sacramento
October 8, 2011

To the Members of the California State Assembly:

I am returning Assembly Bill 203 without my signature.

This bill makes significant changes to the petition process contained in the Parent Empowerment Act of 2010.

The State Board of Education has spent the past year engaged in a lengthy, contentious process to reach consensus among a diverse group of stakeholders. The result is a set of regulations that received unanimous support and address many of the changes proposed by this bill.

I believe that these regulations should have a chance to be implemented and tested by local districts before considering any further modifications.

Sincerely,

EDMUND G. BROWN JR.

Veto Message—Assembly Bill No. 288

Governor's Office, Sacramento
October 8, 2011

To the Members of the California State Assembly:

I am returning Assembly Bill 288 without my signature.

Requiring every community college to follow a uniform process for evaluating a student expulsion taken by another district adds unnecessary burdens and costs that the state will have to reimburse.

I invite Chancellor Scott and the California Community Colleges Board of Governors to work with local districts to craft a more flexible and cost-effective approach to enable districts to share critical information about student expulsions.

Sincerely,

EDMUND G. BROWN JR.

Veto Message—Assembly Bill No. 306

Governor's Office, Sacramento
October 8, 2011

To the Members of the California State Assembly:

I am returning Assembly Bill 306 without my signature.

This bill requires the California Energy Commission to fund research on “piezoelectric transducers” out of the Public Goods Charge.

The Legislature, by requiring the funding of this specific technology, is bypassing the independent and careful process of the Energy Commission. I don't think that's a good idea.

I note that this bill—appropriating funds from the Public Good Charge—received broad bipartisan support. The legislation to authorize this funding source unfortunately did not.

Sincerely,

EDMUND G. BROWN JR.

Veto Message—Assembly Bill No. 450

Governor's Office, Sacramento
October 8, 2011

To the Members of the California State Assembly:

I am returning Assembly Bill 450 without my signature.

This bill targets a narrow set of contracts between the California State University campuses and their food vendors. It aims to correct a problem that may or may not exist by requiring those vendors to disclose supplier discounts and pass them on to the campuses. Since they can already do this on their own, this measure is not necessary.

Sincerely,

EDMUND G. BROWN JR.

Veto Message—Assembly Bill No. 532

Governor's Office, Sacramento
October 8, 2011

To the Members of the California State Assembly:

The State has recently embarked on the implementation of Common Core standards and a related assessment system which will become operational in 2014–15. This new system is expected to provide important and useful information about student achievement in math and English.

This bill would require that similar tests be developed, administered and scored for students for whom English is not their primary language. These requirements would result in major new test development and administration costs which we can ill afford. The assessments required by this bill for just one language are estimated to cost as much as \$50 million; the total costs for covering all 55 languages spoken by California students is unknown but obviously substantial.

I am returning Assembly Bill 532 without my signature.

Sincerely,

EDMUND G. BROWN JR.

Veto Message—Assembly Bill No. 1021

Governor's Office, Sacramento
October 8, 2011

To the Members of the California State Assembly:

I am returning Assembly Bill 1021 without my signature.

The additional disclosure required by this bill will add words, but not greater understanding about the financial impact of a voter initiative.

Sincerely,

EDMUND G. BROWN JR.

Veto Message—Assembly Bill No. 1034

Governor's Office, Sacramento
October 8, 2011

To the Members of the California State Assembly:

I am returning Assembly Bill 1034 without my signature.

Charter schools are established to encourage the widest possible range of innovation and creativity. Their governing charters reflect the ideas and aspirations of those willing to undertake this profoundly difficult challenge. It is critical that they have the flexibility to set admission criteria and parent involvement practices that are consistent with the school's mission.

Sincerely,

EDMUND G. BROWN JR.

Veto Message—Assembly Bill No. 1310

Governor's Office, Sacramento
October 8, 2011

To the Members of the California State Assembly:

I am returning Assembly Bill 1310 without my signature.

This bill would require the Labor and Workforce Development Agency, in conjunction with the California Workforce Investment Board, the Office of the Chancellor of the California Community Colleges, the State Department of Education, to develop a strategic plan that connects the delivery of education and workforce development in California.

Although I heartily agree with the author's goal, I don't think a new law is needed. My Senior Advisor for Jobs and Economic Development and my Secretary of Labor are already working with educators, labor and business leaders to achieve the important objectives of this bill. I have asked them to work with the author and supporters of the bill to make sure their good ideas are acted on.

Sincerely,

EDMUND G. BROWN JR.

Receipt of Bills

I acknowledge receipt this 8th day of October, 2011 at 3:35 p.m., of the following Assembly Bills without the Governor’s signature, together with a statement of his objections thereto, signed by the Governor, delivered to me personally by Rebekah Kharrazi:

Assembly Bills Nos. 47, 86, 165, 202, 203, 288, 306, 450, 532, 1021, 1034, and 1310.

E. DOTSON WILSON
Chief Clerk of the Assembly

Veto Message—Assembly Bill No. 239

Governor’s Office, Sacramento
October 9, 2011

To the Members of the California State Assembly:

I am returning Assembly Bill 239 without my signature.

This bill would require the Department of Justice Crime Laboratory Review Task Force to meet again and write another report about creating a statewide oversight body.

This same group already met, examined the issue, and provided a report. I don’t think we need a second report.

Sincerely,

EDMUND G. BROWN JR.

Veto Message—Assembly Bill No. 322

Governor’s Office, Sacramento
October 9, 2011

To the Members of the California State Assembly:

I am returning Assembly Bill 322 without my signature.

This measure would establish a new pilot program and require the Department of Justice to test all rape kits collected from 10 specified counties. These counties, however, don’t wish to participate in the program.

I don’t see why we would mandate counties to participate in a program they don’t want, especially when the state is cutting back on so many programs that are needed and wanted.

Local officials are in the best position to determine whether to participate in such a program.

Sincerely,

EDMUND G. BROWN JR.

Veto Message—Assembly Bill No. 568

Governor's Office, Sacramento
October 9, 2011

To the Members of the California State Assembly:

At first blush, I was inclined to sign this bill because it certainly seems inappropriate to shackle a pregnant inmate unless absolutely necessary. However, the language of this measure goes too far, prohibiting not only shackling, but also the use of handcuffs or restraints of any kind except under ill-defined circumstances.

Let's be clear. Inmates, whether pregnant or not, need to be transported in a manner that is safe for them and others. The restrictive criteria set forth in this bill go beyond what is necessary to protect the health and dignity of pregnant inmates and will only serve to sow confusion and invite lawsuits.

I am returning Assembly Bill 568 without my signature.

Sincerely,

EDMUND G. BROWN JR.

Veto Message—Assembly Bill No. 1116

Governor's Office, Sacramento
October 9, 2011

To the Members of the California State Assembly:

I am returning Assembly Bill 1116 without my signature.

This bill would require the California Emergency Management Agency (Cal EMA) to consider multiple languages and needs of populations who have limited English language proficiency during emergency preparedness planning, response, and recovery.

This bill is unnecessary. Cal EMA already considers the needs of limited English proficiency populations when revising and preparing emergency preparedness materials. Moreover, I will direct Cal EMA to review local plans to account for populations that do not speak English when alerts for evacuation are issued or when emergency medical care is required at shelters.

Sincerely,

EDMUND G. BROWN JR.

Veto Message—Assembly Bill No. 1389

Governor’s Office, Sacramento
October 9, 2011

To the Members of the California State Assembly:

I am returning Assembly Bill 1389 without my signature.

This measure would impose greater restrictions on local law enforcement when operating sobriety checkpoints than what is currently required by the California Supreme Court.

For example, this measure would state a preference for checkpoints to operate after dusk even though fatal driving injuries involving drug use occur between 2:00PM and 7:00PM. This measure would also require law enforcement to announce the specific location of a checkpoint, 48 hours in advance, allowing drunk drivers to avoid detection altogether.

While I understand there are concerns that some sobriety checkpoints are being operated improperly, this bill is far too restrictive on local law enforcement.

Sincerely,

EDMUND G. BROWN JR.

Receipt of Bills

I acknowledge receipt this 9th day of October, 2011 at 3:40 p.m., of the following Assembly Bills without the Governor’s signature, together with a statement of his objections thereto, signed by the Governor, delivered to me personally by Rebekah Kharrazi:

Assembly Bills Nos. 239, 322, 568, 1116, and 1389.

SUE PARKER

Assistant Chief Clerk of the Assembly

Veto Message—Assembly Bill No. 38

Governor’s Office, Sacramento
October 9, 2011

To the Members of the California State Assembly:

I am returning Assembly Bill 38 without my signature.

This measure would require the Department of Financial Institutions to create a list of unbanked communities and post it on their website.

I think any real change in this area should come at the local level, closer to the problem at hand. In fact, San Francisco, San Jose, Fresno, and Santa Ana have already established programs to connect low-income people to banking services. Just creating another statewide list will not solve this difficult problem.

Sincerely,

EDMUND G. BROWN JR.

Veto Message—Assembly Bill No. 172

Governor's Office, Sacramento
October 9, 2011

To the Members of the California State Assembly:

I am returning Assembly Bill 172 without my signature.

This bill would require information about state contracts and audits to be posted on a specific, new website. Information about state contracts can already be found at www.dgs.ca.gov/pd/programs/eprocure, and I am issuing an Executive Order to ensure that these contracts continue to be posted on this site. Audits conducted by the Bureau of State Audits can be found at www.bsa.ca.gov. Other audits are readily available as public records.

While governmental transparency is laudable, there's no need for a new law.

Sincerely,

EDMUND G. BROWN JR.

Veto Message—Assembly Bill No. 267

Governor's Office, Sacramento
October 9, 2011

To the Members of the California State Assembly:

I am returning Assembly Bill 267 without my signature.

This measure would prohibit employment contracts that require California employees to agree to the use of legal forums and laws of other states.

Current law prohibits California employees from being subjected to laws or forums that substantially diminish their rights under our laws and I have not seen convincing evidence that these protections are insufficient to protect employees in California.

Finally, I would note that imposing this burden could deter out of state companies from hiring Californians—something we can ill afford at this time of high unemployment.

Sincerely,

EDMUND G. BROWN JR.

Veto Message—Assembly Bill No. 325

Governor's Office, Sacramento
October 9, 2011

To the Members of the California State Assembly:

I am returning Assembly Bill 325 without my signature.

Granting bereavement leave when a close family member dies is the moral and decent thing to do and I believe that the vast majority of employers voluntarily make such an accommodation for the loss of a loved one.

I am also concerned that this measure adds a more far reaching private right to sue than is contained in related statutes.

Sincerely,

EDMUND G. BROWN JR.

Veto Message—Assembly Bill No. 1044

Governor's Office, Sacramento
October 9, 2011

To the Members of the California State Assembly:

I am returning Assembly Bill 1044 without my signature.

This measure would require the Board of Equalization to accept registered warrants (IOUs) as payment for any tax, surcharge, or fee liability. In the unlikely event that the state is forced to issue IOUs in the future due to an unforeseen emergency cash crisis, this measure would undermine the state's ability to make debt service and other high priority payments. While it may be unfair to expect recipients of IOUs to pay their obligations to the state while the state is unable to meet its own obligations, I am unwilling to tie the hands of future administrations should such an emergency arise.

Sincerely,

EDMUND G. BROWN JR.

Veto Message—Assembly Bill No. 1055

Governor's Office, Sacramento
October 9, 2011

To the Members of the California State Assembly:

This bill prohibits the Commissioners and all employees of the California Public Utilities Commission (CPUC) from soliciting any charitable, political, or other contribution from entities the Commission regulates.

Public officials should be held to the highest ethical standards. But the CPUC Commissioners and high-level employees are already subject to extensive ethics, conflicts and reporting rules and imposing an absolute ban on all employees goes too far.

I am returning Assembly Bill 1055 without my signature.

Sincerely,

EDMUND G. BROWN JR.

Veto Message—Assembly Bill No. 1220

Governor's Office, Sacramento
October 9, 2011

To the Members of the California State Assembly:

I am returning Assembly Bill 1220 without my signature.

This bill increases the statute of limitations from 90 days to 3 years for a citizen to file a Notice of Deficiency in a locally adopted housing element.

While I understand the value of using the courts to compel compliance with state housing goals, there should be a balance between a local government's planning authority and citizen oversight. This bill tilts that balance and creates too much uncertainty.

Sincerely,

EDMUND G. BROWN JR.

Veto Message—Assembly Bill No. 275

Governor's Office, Sacramento

October 9, 2011

To the Members of the California State Assembly:

I am returning Assembly Bill 275 without my signature.

This measure seeks to adopt an interim standard for rainwater capture outside the established Building Standards Commission process.

Without some urgency or a more compelling reason, I think it is better to stick with the process and follow existing California law.

Sincerely,

EDMUND G. BROWN JR.

Veto Message—Assembly Bill No. 767

Governor's Office, Sacramento

October 9, 2011

To the Members of the California State Assembly:

I am returning Assembly Bill 767 without my signature.

This bill establishes the State Capitol Sustainability Task Force to develop and implement a State Capitol Sustainability Initiative.

I strongly support sustainability efforts, but creating a specific task force to work on these goals is not necessary. The interested parties—including my office, the Lieutenant Governor, the Senate and the Assembly—can work cooperatively to improve energy efficiency, water conservation and recycling without codifying a task force.

Sincerely,

EDMUND G. BROWN JR.

Veto Message—Assembly Bill No. 1210

Governor's Office, Sacramento
October 9, 2011

To the Members of the California State Assembly:

I am returning Assembly Bill 1210 without my signature.

This bill would exempt licensed civil engineers from training requirements related to the preparation of Storm Water Pollution Prevention Plans.

Many of these storm plans are found to be deficient and those preparing them need a much better understanding of the necessary elements of a solid plan. It is not feasible to inspect every plan or every construction site but it is essential to have some process in place to ensure compliance in preparing complete and sound storm water plans.

The current process depends on a training education program for all professionals who prepare storm plans—engineers, geologists, hydrologists, and landscape architects. This bill, a piecemeal approach, exempts only one profession, the civil engineers. A more comprehensive solution would be better.

I am directing the State Water Board to review the entire program and evaluate compliance alternatives that are more efficient and workable for all professionals.

Sincerely,

EDMUND G. BROWN JR.

Dear Mr. Wilson: This clarifies my AYE vote June 28, 2011, for SB 87 eliminating the Adult Day Health Care Medi-Cal benefit. I voted AYE with the belief that AB 96, “Keeping Adults Free of Institutions” would be established. Had I known AB 96 would be vetoed, I would have voted “NO” on SB 87.

REPORTS

The following letter of transmittal was presented by the Chief Clerk and ordered printed in the Journal:

California State Auditor

2011-106
November 29, 2011

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the California State Auditor (state auditor) presents this audit report about the State's management and protection of intellectual property. Intellectual property typically consists of copyrights, trademarks, patents, and trade secrets. In November 2000 the state auditor issued a report titled *State-Owned Intellectual Property: Opportunities Exist for the State to Improve Administration of its Copyrights, Trademarks, Patents, and Trade Secrets*—report number 2000-110 (2000 audit report). The 2000 audit report recommended the Legislature take steps to help state agencies manage and protect the State's intellectual property.

This report concludes that the State has not enacted a statutory framework, nor has it implemented the recommendations made in the 2000 audit report or otherwise provided guidance to state agencies regarding the management and protection of intellectual property. The four state control agencies we spoke to—the Department of Finance, the Department of General Services, the State Controller's Office, and the California Technology Agency—generally do not provide policies or guidance to other state agencies regarding the management and protection of intellectual property because they do not believe that they are responsible for providing this type of guidance. However, more than half of the state agencies that responded to our survey about intellectual property indicated that the State should establish statewide guidance for managing and protecting intellectual property. Moreover, the four state agencies we visited had only limited written policies and instead generally relied on informal practices to manage and protect their intellectual property.

To move forward, the State will need to clearly articulate the goals of any policy related to intellectual property. We believe that an effective policy would educate state agencies on their intellectual property rights and would be flexible and take into account that state agencies perform different functions and work with different types of intellectual property.

Respectfully submitted,

ELAINE M. HOWLE, CPA
State Auditor

Above report referred to the Committee on Business, Professions and Consumer Protection.

Lord, You have given every one of us a measure of faith. Yet the Scriptures tell us that “faith by itself, if it has no works, is dead.” (James 2:17) If the faith inside of us doesn’t get expression through our actions and words, it will no longer be alive. Strengthen us, Lord, to put our faith in action in order to keep it alive. Inspire us to pray more often, to worship You regularly and to be inclined to show love to those around us.—AMEN.

REPORTS

The following letters of transmittal were presented by the Chief Clerk and ordered printed in the Journal:

California State Auditor

2010-121
September 29, 2011

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the California State Auditor presents this audit report concerning the Department of Social Services' (Social Services) administration of the Foster Family Home and Small Family Home Insurance Fund (insurance fund). In September 1986 the Legislature established the insurance fund to pay, on behalf of foster family homes and small family homes (licensed homes), the claims of foster children, their parents, or their guardians stemming from an accident that results in bodily injury or personal injury neither expected nor intended by the foster parent.

This report concludes that almost 90 percent of the foster parents running licensed homes who responded to our survey were unaware of the insurance fund's existence. In addition, approximately a third of these foster parents reported that the possibility of liability claims against them made them less likely to continue as foster parents in the future. Expanding the insurance fund's coverage to homes that are certified by foster family agencies (FFAs), which are organizations that recruit, certify, and train parents who provide foster family homes not licensed by the State, may be costly. If the Legislature desires to expand the insurance fund's coverage to include the FFAs' certified homes, it will have to make statutory amendments to expressly permit the insurance fund to pay claims on behalf of certified homes. Based on our survey results and the insurance fund's claims history, our consultant estimated that expanding the insurance fund's coverage to the FFAs' certified homes could potentially cost the State a minimum of \$967,500 each year. Further, if the Legislature desires to enable the insurance fund to cover legal guardians participating in the Kinship Guardianship Assistance Payment (Kin-GAP) program, it will have to amend the pertinent statutes to expressly provide coverage for these guardians.

Due to limitations in obtaining readily available and pertinent data, we were unable to survey the Kin-GAP families and project the financial impact of adding them to the insurance fund.

This report also concludes that Social Services did not ensure that the Department of General Services (General Services), its designated contract agency, approved or rejected claims filed against the insurance fund within the 180-day time frame state law mandates. Social Services also failed to obtain key information from General Services, and as a result, Social Services has been unable to accurately project the insurance fund's budget needs. As of December 31, 2010, the insurance fund had a balance of roughly \$5.4 million, which is significantly higher than the \$1 million amount we estimate it needs to maintain as a reserve. Should the Legislature choose to expand the insurance fund's coverage to include certified homes and Kin-GAP families, Social Services will need to reevaluate this reserve amount.

Respectfully submitted,

ELAINE M. HOWLE, CPA
State Auditor

Above report referred to the Committee on Human Services.

California State Auditor

2011-104
December 13, 2011

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the California State Auditor presents this audit report concerning the California Medical Assistance Programs (Medi-Cal) managed care two-plan model, under which both a county entity, known as a local initiative, and a commercial health plan provide services to Medi-Cal beneficiaries. The departments of Managed Health Care (Managed Health Care) and Health Care Services (Health Care Services) share oversight responsibility for the local initiatives participating in the two-plan model.

Both departments have inconsistencies in the financial reviews they conduct of local initiatives. Managed Health Care is chronically late in completing its financial report reviews, thus seriously lessening their value as an oversight tool. Further, Managed Health Care does not have an effective process to monitor local initiatives' responses to corrective action plans that result from its financial examinations. For its part, Health Care Services is inconsistent in performing financial reviews and does not always ensure that all financial requirements are included. Finally, both Managed Health Care and Health Care Services fail to conduct medical audits—intended to review several aspects of the provision of health care—of the health delivery system of each local initiative within the frequency required by law.

Although most local initiatives hold tangible net equity (TNE) balances—the central measure of financial viability under the

Knox-Keene Health Care Service Plan Act of 1975—that are significantly higher than the required TNE minimum balances—Health Care Services’ performance indicators show that California’s eight local initiatives in operation during the time covered by our audit provide a satisfactory level of care to beneficiaries. The four local initiatives we visited generally had adequate fiscal processes and internal controls to monitor their administrative expenses, although weak past policies at Kern Health Systems allowed it to enter into two contracts for medical claims reviews that were not cost-effective. Our review also found that the four local initiatives we visited use similar methods to set and approve salaries, although the salaries and retirement benefits of their highest-paid executives vary significantly.

Respectfully submitted,

ELAINE M. HOWLE, CPA
State Auditor

Above report referred to the Committee on Health.

California State Auditor

2011-002.1
December 15, 2011

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: Pursuant to guidance issued by the U.S. Office of Management and Budget (OMB), the California State Auditor’s Office (State Auditor’s Office) presents its interim report concerning various state departments’ administration of federal programs during fiscal year 2010–11. With the passage of the American Recovery and Reinvestment Act of 2009 (Recovery Act) comes a renewed emphasis on accountability and public transparency to ensure federal funds are spent properly. A key component of such accountability and transparency is the annual report from the State Auditor’s Office on internal control and compliance with federal laws and regulations. OMB’s March 2011 guidance stresses the importance of auditors communicating promptly any identified internal control deficiencies to management and those charged with governance. In addition, the guidance states that it is imperative that deficiencies in internal control be corrected by management as soon as possible to ensure proper accountability and transparency for expenditures of Recovery Act awards.

This interim report summarizes audit results pertaining to 31 federal programs administered by 10 departments. Seven of the 10 departments received Recovery Act funding through 15 programs during fiscal year 2010–11. The State Auditor’s Office has currently identified 11 findings regarding the 10 departments’ administration of these federal programs during fiscal year 2010–11. In many cases the findings are recurring issues we identified in past audits. The findings focused on various federal requirements including those regarding allowable costs,

reporting, and monitoring subrecipients'—such as counties'—use of funds. We also reported that the departments fully corrected 18 findings that we included in last year's annual audit report. The specific federal programs, and their administering state departments, are listed in the table of contents.

Respectfully submitted,

ELAINE M. HOWLE, CPA
State Auditor

(Assembly Rule 45.5 suspended.)

*Memorial Statement**Donna Earnest*

I rise today to adjourn in the memory of one of our own: Donna Earnest, the longtime Floor Alert editor and Rules Committee consultant for the Republican Caucus, who for years sat in the back of these chambers for each and every Session, died last night after a long and brave battle with cancer.

Before Donna came to the Assembly in 1998, she was a horse trainer, master dive instructor, and a proud mother and “Coast Guard wife” stationed with her husband Mike across the country and in Puerto Rico. She shared her passion for horses with countless individuals, including more than a few of our staff, interns and Fellows.

Donna was a tireless worker as our Floor Alert editor; no one worked longer hours in this building than Donna Earnest, and no one did so with a more kind, calm and caring disposition. Donna worked closely with and counted her Democrat colleagues on the Floor staff among her many friends, never allowing disagreements to become disagreeable, and together they did and do much to make the Assembly proceedings run as smoothly as possible.

To Donna’s colleagues and friends in the Office of Policy and the Republican Caucus, her death is a profound loss. She was a dear friend, valued colleague and co-worker, and she used the same light but firm whip that tamed and trained horses on our Policy staff to make sure our Floor Alerts always—ALWAYS—showed up on the Floor on time and in the best possible condition.

Donna is survived by her husband Mike and her son Scott.

Today, I ask that the Assembly adjourn in the memory of Donna Earnest, a truly remarkable woman who gave heart and soul to this institution, and dedicated herself to public service and improving the lives of others. We are truly grateful to have known her and for all her tremendous efforts, and she will be greatly missed by us all.

MESSAGES FROM THE GOVERNOR

The following message from the Governor was received and ordered printed in the Journal:

January 5, 2012

To the Senate and the Assembly of the California Legislature:

I hereby submit to you my proposed Budget for 2012–13.

When I came into office, California was facing an immediate \$26.6 billion budget gap and future budget deficits of \$20 billion a year.

In January of 2011, I proposed a budget that combined deep cuts with a temporary extension of some existing taxes. It was a balanced approach that would have finally closed our budget gap. In the end, the taxes were not extended and massive cuts—totalling \$16 billion—were enacted.

The 2011 budget did, however, lay the foundation for fiscal stability. It cut the annual budget shortfall by three-quarters—from \$20 billion to \$5 billion or less. It shrunk state government, reduced our borrowing costs and gave local governments more authority to make decisions.

The budget that I am submitting today keeps the cuts made last year and adds new ones. The stark truth is that without some new taxes, damaging cuts to schools, universities, public safety and our courts will only increase.

That is why I will ask the voters to approve a temporary tax increase on the wealthy, a modest and temporary increase in the sales tax and to guarantee that the new revenues be spent only on education. I am also asking that the voters guarantee ongoing funding for local public safety programs. This ballot measure will not solve all of our fiscal problems, but it will stop further cuts to education and public safety and halt the trend of double-digit tuition increases.

My budget plan also includes important reforms. It improves government efficiency and pays down debt. It reorganizes state government to make it more efficient and saves tax dollars by consolidating or eliminating functions. It restructures social service programs to better support working families. It gives substantially more flexibility and decision-making to local school districts. The plan also calls for bold investments in our future: to assure a reliable water supply, build high speed rail and reduce greenhouse gas emissions.

As California's economy continues to slowly recover—and recover it will—our plan will provide fiscal stability and make California government more transparent and responsive to the people.

I look forward to working with you in the coming year.

Sincerely,

EDMUND G. BROWN JR.

Receipt

I acknowledge receipt this 10th day of January, 2012 at 9:47 a.m., of the budget for the 2012–13 fiscal year, together with an explanatory message, delivered to me personally by Jacque Roberts.

Legislative Intent—Assembly Bill No. 26 in the First Extraordinary Session

January 10, 2012

*E. Dotson Wilson
Chief Clerk of the Assembly
State Capitol, Room 3196
Sacramento, California*

RE: AB 26 X1

Dear Mr. Wilson: AB 26 X1 (Blumenfield) Chapter 5, Statutes of 2011–12 First Extraordinary Session, passed by the Legislature and approved by the Governor as part of the 2011–12 Budget, dissolves redevelopment agencies and directs the resolution of their affairs. As part of the dissolution process, successor agencies (generally the city or county that created a redevelopment agency), would fulfill various obligations of the former redevelopment agencies. By virtue of the State Supreme Court decision in this matter filed December 29, 2011, cities or counties must decide by January 13, 2012, whether they will serve as the successor agency for their respective redevelopment agency.

I am writing regarding the intent of legislative action regarding this bill and specifically to make clear the distinction between liabilities of a former redevelopment agency and of any city or county that acts as a successor agency under the legislation. Nothing in the bill implies that cities or counties are anything but distinct legal entities from successor agencies, and therefore the liabilities of the former redevelopment agencies and the successor agencies do not become the liabilities of the corresponding cities or counties.

Part 1.85 of the legislation addresses “Dissolution of Redevelopment Agencies and Designation of Successor Agencies,” and indicates that obligations of the former redevelopment agency become obligations of the successor agency. Health & Safety Code Section 34173(b), added by AB 26 X1, states in part that “...obligations previously vested with the former redevelopment agencies...are hereby vested with the successor agencies.” Section 34173(e) goes on to indicate that the liability of the successor agency is limited to the extent of the property tax revenues it receives and the value of assets transferred to it as the successor agency.

This Part further defines enforceable obligations payable from property taxes of the former redevelopment agency to include various employee payments. Specifically, Health & Safety Code Section 34171(d)(1)(D) indicates that enforceable obligations that are to be paid from revenues that would have been received by the redevelopment

agency include "...legally enforceable payments required in connection with the agencies' employees, including, but not limited to, pension payments, pension obligation debt service, unemployment payments, or other obligations conferred through a collective bargaining agreement."

As directed in Health & Safety Code Section 34172(d), revenues that would have been received by the redevelopment agency absent its dissolution are to be deposited in the "Redevelopment Property Tax Trust Fund" and used to pay obligations of the former redevelopment agency. Section 34190(e) restates and reemphasizes that a collective bargaining agreement, which would include any negotiated pension agreements, represents an enforceable obligation.

The intent of AB 26 X1 is clear: the assets and liabilities of successor agencies are separate and distinct from those of the cities and counties themselves.

Sincerely,

BOB BLUMENFIELD, Assembly Member
Fortieth District

GOVERNOR'S ADDRESS PRINTED IN JOURNAL

Without objection, the following text of Governor Brown's State of the State Address was printed in the Journal:

Governor Edmund G. Brown Jr.
2012 State of the State Address
January 18, 2012

As required by the state constitution, I am reporting to you this morning on the condition of our state.

Putting it as simply as I can, California is on the mend. Last year, we were looking at a structural deficit of over \$20 billion. It was a real

mess. But you rose to the occasion and together we shrunk state government, reduced our borrowing costs and transferred key functions to local government, closer to the people. The result is a problem one fourth as large as the one we confronted last year.

My goal then was to balance budget cuts with a temporary extension of existing taxes—if the voters approved. You made the reductions and some very difficult decisions but the four Republican votes needed to put the tax measure on the ballot were not there. So we are left with unfinished business: closing the remaining gap.

Again, I propose cuts and temporary taxes. Neither is popular but both must be done. In a world still reeling from the near collapse of the financial system, it makes no sense to spend more than we have. The financial downgrading of the United States, as well as of several governments in Europe, should be warning enough. It is said that the road to hell is paved with good intentions and digging ourselves into a deep financial hole—to do good—is a bad idea. In this time of uncertainty, prudence and paying down debt is the best policy.

For my part, I am determined to press ahead both with substantial budget cuts and my tax initiative. The cuts are not ones I like but the situation demands them. As for the initiative, it is fair. It is temporary. It is half of what people were paying in 2010. And it will protect our schools and guarantee—in the constitution—funding for the public safety programs we transferred to local government. With enough time, we can and should devise more permanent tax reform but for now we should finish the job of bringing spending into balance with revenues.

Putting our fiscal house in order is good stewardship and helps us regain the trust of the people. It also builds confidence in California as a place to invest and realize one's dreams. Contrary to those critics who fantasize that California is a failed state, I see unspent potential and incredible opportunity. Every decade since the 60's, dystopian journalists write stories on the impending decline of our economy, our culture and our politics. Yes, it is fair to say that California is turbulent, less predictable and, well, different. Yet, look at the facts.

After the mortgage bubble burst in 2007, California lost a million jobs, much of it driven by the overleveraged construction industry and its financial partners in the under-regulated mortgage industry. The result is a recovery far slower than after the previous six national recessions. But now we are coming back. In 2011, California personal income grew by almost \$100 billion and 230,000 jobs were created—a rate much higher than the nation as a whole.

Contrary to those declinists, who sing of Texas and bemoan our woes, California is still the land of dreams—as well as the Dream Act. It's the place where Apple, Intel, Hewlett-Packard, Oracle, QUALCOMM, Twitter, Facebook and countless other creative companies all began. It's home to more Nobel Laureates and venture capital investment than any other state. In 2010, California received 48% of U.S. venture capital investments. In the first three months of last year it rose even higher—to 52%. That is more than four times greater than the next recipient, Massachusetts. As for new patents, California inventors were awarded almost four times as many as inventors from the next state, New York.

California has problems but rumors of its demise are greatly exaggerated.

The year 2012 presents plenty of opportunity and, if we work together, we can:

- Stimulate jobs
- Build renewable energy
- Reduce pollution and greenhouse gasses
- Launch the nation's only high speed rail system
- Reach agreement on a plan to fix the Delta
- Improve our schools
- Reform our pensions, and,
- Make sure that prison realignment is working—to protect public safety and reduce recidivism.

Last year, I appointed a top advisor with an impressive background in the private sector and charged him with finding out what doesn't work for business in this state and how to fix it. What he heard consistently was that business needed an effective champion to navigate the state's plethora of complex laws and regulations which can discourage investment and job creation. You enacted a law to restructure our office of business development and place it in the governor's office. Under the name GO-BIZ, we now have a point of contact at the highest level for businesses large and small. More than that, the GO-BIZ office is staffed with people who understand what it's like to be in business and stand ready to intervene and give real help to get businesses open and projects off the ground.

Already California is leading the nation in creating jobs in renewable energy and the design and construction of more efficient buildings and new technologies. Our state keeps demanding more efficient structures, cars, machines and electric devices. We do that because we understand that fossil fuels, particularly foreign oil, create ever rising costs to our economy and to our health. It is true that the renewable energy sector is small relative to the overall economy but it pays good wages and will only grow bigger as oil prices increase and the effects of climate change become more obvious and expensive.

I have set a goal of 20,000 megawatts of renewable energy by 2020. You have laid the foundation by adopting the requirement that one third of our electricity come from renewable sources by that date. This morning I can tell you we are on track to meet that goal and substantially exceed it. In the last two years alone, California has permitted over 16,000 megawatts of solar, wind and geothermal energy projects.

In the beginning of the computer industry, jobs were numbered in the thousands. Now they are in the millions. The same thing will happen with green jobs. And California is positioned perfectly to reap the economic benefits that will inevitably flow.

California also leads the nation in cleaning up the air, encouraging electric vehicles and reducing pollution and greenhouse gases. Our vehicle emissions standards—which have always set the pace—now have been adopted by the federal government for the rest of the country.

Under AB 32, California has stepped out and crafted a bold plan to deal with climate change and foreign oil dependency. The plan will require less carbon in our fuels, more efficient technologies across a broad swath of businesses and a carefully designed cap and trade system that uses market incentives instead of prescriptive mandates.

As a result, California is attracting billions of dollars in clean tech venture capital investments. In 2011, almost 40% of such investments

were made in California, making our state not only the leader in the nation but in the world.

My commitment is to continue these innovative programs and build on them in the coming year in every way that I can.

Just as bold is our plan to build a high speed rail system, connecting the Northern and Southern parts of our state. This is not a new idea. As governor the last time, I signed legislation to study the concept. Now thirty years later, we are within weeks of a revised business plan that will enable us to begin initial construction before the year is out.

President Obama strongly supports the project and has provided the majority of funds for this first phase. It is now your decision to evaluate the plan and decide what action to take. Without any hesitation, I urge your approval.

If you believe that California will continue to grow, as I do, and that millions more people will be living in our state, this is a wise investment. Building new runways and expanding our airports and highways is the only alternative. That is not cheaper and will face even more political opposition.

Those who believe that California is in decline will naturally shrink back from such a strenuous undertaking. I understand that feeling but I don't share it, because I know this state and the spirit of the people who choose to live here. California is still the Gold Mountain that Chinese immigrants in 1848 came across the Pacific to find. The wealth is different, derived as it is, not from mining the Sierras but from the creative imagination of those who invent and build and generate the ideas that drive our economy forward.

Critics of the high speed rail project abound as they often do when something of this magnitude is proposed. During the 1930's, the Central Valley Water Project was called a "fantastic dream" that "will not work." The Master Plan for the Interstate Highway System in 1939 was derided as "new Deal jitterbug economics." In 1966, then Mayor Johnson of Berkeley called BART a "billion dollar potential fiasco." Similarly, the Panama Canal was for years thought to be impractical and Benjamin Disraeli himself said of the Suez Canal: "totally impossible to be carried out." The critics were wrong then and they're wrong now.

Another huge issue we must tackle is water. Last week, Secretary of the Interior Ken Salazar met here in Sacramento with those in my administration who are working to complete the Bay Delta Conservation Plan. Together we agreed that by this summer we should have the basic elements of the project we need to build. This is something my father worked on and then I worked on—decades ago. We know more now and are committed to the dual goals of restoring the Delta ecosystem and ensuring a reliable water supply.

This is an enormous project. It will ensure water for 25 million Californians and for millions of acres of farmland as well as a hundred thousand acres of new habitat for spawning fish and other wildlife. To get it done will require time, political will and countless permits from state and federal agencies. I invite your collaboration and constructive engagement.

Next, I want to say something about our schools. They consume more tax dollars than any other government activity and rightly so as they have a profound effect on our future. Since everyone goes to school, everyone thinks they know something about education and in a sense they do. But that doesn't stop experts and academics and foundation

consultants from offering their ideas—usually labeled reform and regularly changing at ten year intervals—on how to get kids learning more and better. It is salutary and even edifying that so much interest is shown in the next generation. Nevertheless, in a state with six million students, 300,000 teachers, deep economic divisions and a hundred different languages, some humility is called for.

In that spirit, I offer these thoughts. First, responsibility must be clearly delineated between the various levels of power that have a stake in our educational system. What most needs to be avoided is concentrating more and more decision-making at the federal or state level. For better or worse, we depend on elected school boards and the principals and the teachers they hire. To me that means, we should set broad goals and have a good accountability system, leaving the real work to those closest to the students. Yes, we should demand continuous improvement in meeting our state standards but we should not impose excessive or detailed mandates.

My budget proposes to replace categorical programs with a new weighted student formula that provides a basic level of funding with additional money for disadvantaged students and those struggling to learn English. This will give more authority to local school districts to fashion the kind of programs they see their students need. It will also create transparency, reduce bureaucracy and simplify complex funding streams.

Given the cutbacks to education in recent years, it is imperative that California devote more tax dollars to this most basic of public services. If we are successful in passing the temporary taxes I have proposed and the economy continues to expand, schools will be in a much stronger position.

No system, however, works without accountability. In California we have detailed state standards and lots of tests. Unfortunately, the resulting data is not provided until after the school year is over. Even today, the ranking of schools based on tests taken in April and May of 2011 is not available. I believe it is time to reduce the number of tests and get the results to teachers, principals and superintendents in weeks, not months. With timely data, principals and superintendents can better mentor and guide teachers as well as make sound evaluations of their performance. I also believe we need a qualitative system of assessments, such as a site visitation program where each classroom is visited, observed and evaluated. I will work with the State Board of Education to develop this proposal.

The house of education is divided by powerful forces and strong emotions. My role as governor is not to choose sides but to listen, to engage and to lead. I will do that. I embrace both reform and tradition—not complacency. My hunch is that principals and teachers know the most, but I'll take good ideas from wherever they come.

As for pensions, I have put forth my 12 point proposal. Examine it. Improve it. But please take up the issue and do something real. I am committed to pension reform because I believe there is a real problem. Three times as many people are retiring as are entering the workforce. That arithmetic doesn't add up. In addition, benefits, contributions and the age of retirement all have to balance. I don't believe they do today. So we have to take action. And we should do it this year.

As for prison realignment, we are just at the beginning. The cooperation of sheriffs, police chiefs, probation officers, district

attorneys and local officials has been remarkable. But we have much to do—to protect public safety and reduce recidivism—and together, we'll get it done.

It is one thing to pass a law and quite another to implement it and make it work.

As I see it, that's my job as governor and chief executive: make the operations of government work—efficiently, honestly and in the peoples' interest. With your help, that's what we'll do in 2012 and prove the declinists wrong once again.

Thank you.

Sincerely,

EDMUND G. BROWN JR.

PRAYER

Upon invitation of Speaker pro Tempore Ma, the following prayer was offered by Assembly Chaplain Rev. Constantine C. Pappademos:

Lord, If we have never eaten chocolate, someone else can describe it to us and tell us about its taste and texture, but until we take a bite, it won't really mean anything. In the same way, not until we experience Your love firsthand, Lord, and allow it to sink down into our heart, will something happen inside us. Your love changes us—it builds confidence and strength in us. Lord, let Your love empower us to overcome temptation and to stand strong no matter what difficulty may face us. For when we open our heart and receive Your love, nothing can separate us from You.—AMEN.

REPORTS

The following letters of transmittal were presented by the Chief Clerk and ordered printed in the Journal:

California State Auditor

2011-041
January 12, 2012

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: Consistent with the Omnibus Audit Accountability Act of 2006 (California Government Code, Sections 8548.7 and 8548.9), the Bureau of State Audits (bureau) presents its special report to the Joint Legislative Audit Committee, Joint Legislative Budget Committee, and Department of Finance. This report notes that from January 2005 through October 2010, the bureau issued 98 reports on audits of state agencies. In those reports, the bureau made 990 recommendations and state agencies had implemented 822, or 83 percent. The remaining 168 recommendations made to 32 state agencies had been outstanding for at least a year and not fully

implemented. However, based on recent responses obtained from those state agencies, the bureau determined that 40 have been fully implemented and only 128 remain outstanding. In addition to identifying which recommendations have and have not been fully implemented, this report contains written responses from each state agency explaining the status of each recommendation. For recommendations that have not been fully implemented, this report also provides agency responses regarding when or if these recommendations will be fully implemented.

Our audit efforts bring the greatest returns when agencies act upon our findings and recommendations. For example, in April 2008 the bureau reported that the program the Department of Social Services (Social Services) administers under the state's Safely Surrendered Baby Law (safe-surrender law) would have greater impact if Social Services were to implement several changes to the program. Specifically, the bureau recommended that Social Services clarify the definition of safe surrender for county and state agencies, and then monitor their use of the clarified definition. The bureau also recommended that Social Services revoke the erroneous guidance it had previously issued on the waiver of the privilege of confidentiality by individuals who safely surrender babies. Additionally, the bureau recommended that Social Services consider ways to improve the availability of medical information for surrendered babies. Social Services fully implemented these recommendations in November 2010 by releasing a notice to all county welfare directors that clarified the definition of safe surrender and corrected the erroneous information regarding the waiver of confidentiality. Furthermore, the letter provided an updated form for use by safe surrender site staff designed to improve the availability of medical information that could be vital to the health of a surrendered child. According to Social Services, between January 1, 2001—the date of the safe-surrender law's implementation—and March 31, 2011, parents safely surrendered 407 newborns, while 151 other newborns were found alive following their illegal abandonment. While Social Services has not yet implemented all of the bureau's recommendations, its ongoing improvements to its administrative practices will help to ensure the continuing viability of this life-saving program.

If you would like more information or assistance regarding any of the recommendations or background provided in this report, please contact Margarita Fernández, Chief of Public Affairs, at (916) 445-0255.

Members of the Assembly: This report presents the results of a follow-up review the Bureau of State Audits (bureau) conducted concerning the efforts by the High-Speed Rail Authority (Authority) to implement recommendations from an earlier audit report that we issued in April 2010. The bureau's report titled *High-Speed Rail Authority: It Risks Delays or an Incomplete System Because of Inadequate Planning, Weak Oversight, and Lax Contract Management*, Report 2009-106, examined the Authority's readiness to manage funds authorized for building the high-speed rail network (program) in California, including the \$9 billion in general obligation bonds the voters authorized in November 2008. As a result of our follow-up audit, we concluded that the Authority has fully implemented four recommendations, partially implemented five, and taken no action on the remaining one.

Although the Authority has implemented some of the recommendations we made in our prior report, significant problems persist. For example, the program's overall financial situation has become increasingly risky. This is in part because the Authority has not provided viable funding alternatives in the event that its planned funding does not materialize. In its 2012 draft business plan, the Authority more than doubled its previous cost estimates for phase one of the program, to between \$98.1 billion and \$117.6 billion. Of this amount, the Authority has secured only approximately \$12.5 billion to date. Further, the Authority's 2012 draft business plan still lacks key details about the program's costs and revenues.

In addition to our concerns related to the Authority's 2012 draft business plan, we also identified a number of critical, ongoing problems involving its oversight of the program. Specifically, in part because the Authority is significantly understaffed, it has delegated significant control to its contractors—especially the entity that manages the program (Program Manager). The Authority relies on the Program Manager to provide accurate, consistent, and useful information in its monthly progress reports. However, we found that these reports were often inaccurate and that at times the Program Manager appeared to misinform the Authority about the speed with which contractors for each region performed tasks. Finally, even though the majority of the Authority's role in administering the program involves its management of contracts, we discovered during the course of our work that the Authority had engaged in inappropriate contracting practices involving information technology services. The nature of these problems suggests that the Authority needs to significantly improve its internal controls to ensure that it effectively manages its contracts.

Respectfully submitted,

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196

Members of the Assembly: This letter report provides an update on recent events related to the Financial Information System for California (FI\$Cal) project. Pursuant to Government Code, Section 15849.22(e), the State Auditor's Office (state auditor) is required to independently monitor the FI\$Cal project throughout its development, as deemed appropriate by the state auditor. FI\$Cal is a business transformation project for state government in the areas of budgeting, accounting, procurement, and cash management. The independent monitoring shall include, but is not limited to, monitoring the contracts for independent project oversight (IPO) and independent verification and validation (IV&V) services, assessing whether concerns about the project raised by the IPO and IV&V contractors are appropriately addressed by the FI\$Cal steering committee and the FI\$Cal project office within the Department of Finance or its successor entity, and assessing whether the FI\$Cal project is progressing according to schedule and within budget. This is the sixth report we have issued since we began monitoring the FI\$Cal project in 2007.

Government Code, Section 15849.22(e)(2), requires that the state auditor report on the status of the FI\$Cal project at least annually before January 10. Accordingly, we are providing this summary of the events that have occurred since our last status update dated January 6, 2011. In that update report, we reported that the project awarded contracts to three "fit-gap" vendors—Accenture plc, CGI Group, Inc., and International Business Machines Corporation.¹ In addition, we provided updates on our oversight activities, the long-term funding options the project was considering, the project's difficulties in hiring and retaining staff, implementation of the project's new governance model, and trailer bill language to the Budget Act of 2010 that required the project to consider alternative approaches to implementation. Since that time, in April 2011, the project issued an addendum to its third Special Project Report (SPR) to modify its schedule to reflect the impact of factors, such as the former governor's August 2010 directive to cease hiring and the timing of the legislative review of the project's report to the Legislature. In July 2011 the project made further changes to its schedule to allow for additional preparation time for negotiations with the fit-gap vendors. The text box reflects the most recent scheduled completion dates for certain major milestones. As of December 2011 the project completed its negotiations with the three fit-gap vendors and is in the process of evaluating the vendors' final bids. This letter report provides updates on our oversight activities, the status of the project's

long-term funding strategy, its continuing challenges in recruiting and retaining key staff, its slower than anticipated progress in performing data management and change management activities, and the importance of the project’s upcoming fourth SPR.

Respectfully submitted,

ELAINE M. HOWLE, CPA
State Auditor

¹ “Fit-gap” is a process where vendors review the State’s requirements for FISCAL in detail and compare those requirements to the software products that they are proposing to generate a firm, fixed-price proposal.

REPORTS

The following letter of transmittal was presented by the Chief Clerk and ordered printed in the Journal:

California State Auditor

2011-002.2
January 26, 2012

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: Pursuant to guidance issued by the U.S. Office of Management and Budget (OMB), the California State Auditor's Office (State Auditor's Office) presents its interim report concerning various state departments' administration of federal programs during fiscal year 2010–11. With the passage of the American Recovery and Reinvestment Act of 2009 (Recovery Act) comes a renewed emphasis on accountability and public transparency to ensure federal funds are spent properly. A key component of such accountability and transparency is the annual report from the State Auditor's Office on internal control and compliance with federal laws and regulations. OMB's March 2011 guidance stresses the importance of auditors communicating promptly any identified internal control deficiencies to management and those charged with governance. In addition, the guidance states that it is imperative that deficiencies in internal control be corrected by management as soon as possible to ensure proper accountability and transparency for expenditures of Recovery Act awards.

This interim report summarizes audit results pertaining to 12 federal programs administered by four departments. All four departments received Recovery Act funding through seven programs during fiscal year 2010–11. The State Auditor's Office has currently identified nine findings regarding the four departments' administration of these federal programs during fiscal year 2010–11. In some cases the findings are recurring issues we identified in past audits. The findings focused on various federal requirements including those regarding cash management, eligibility, and monitoring subrecipients'—such as counties'—use of funds. We also reported that one department fully corrected two findings that we included in last year's annual audit report. The specific federal programs, and their administering state departments, are listed in the table of contents.

Respectfully submitted,

ELAINE M. HOWLE, CPA
State Auditor

Above report referred to the Committee on Accountability and Administrative Review.

SPECIAL COMMITTEE MEETINGS

By unanimous consent, the following committee was permitted to meet:

Public Safety, on Tuesday, February 14, 2012, at 9:30 a.m., in Room 126.

Lord, As we live each day, so many people ask for our help. Between family, friends and constituents, satisfying so many needs can become overwhelming and lead to a great deal of guilt. But by keeping our focus on You, Lord, we can get a handle on the guilt we may feel. In Your own way, You will let us know if we're going overboard or over-doing it. Inspire us to keep our focus on You, Lord, by showing love and kindness to others, and guide us to do the right thing at the right time.—AMEN.

REPORTS

The following letter of transmittal was presented by the Chief Clerk and ordered printed in the Journal:

California State Auditor

2011-103

January 31, 2012

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the California State Auditor presents this audit report concerning California's mutual aid system and whether participation in the system by local and regional entities is viable given the economic stresses on locally governed bodies throughout the State.

This report concludes that the California Emergency Management Agency (Cal EMA) generally processes local agencies' requests for reimbursement within 120 business days and the local agencies generally receive their reimbursements in a timely manner. However, Cal EMA can improve its oversight of other aspects of the reimbursement process by ensuring that local agencies calculate correctly the average actual hourly rates used to determine their reimbursements. Our analysis of 718 transactions processed between 2006 and 2010 found that inaccuracies in the average actual hourly rates

may have resulted in some agencies overbilling for personnel costs by nearly \$674,000, while other agencies were underbilling by nearly \$67,000.

Cal EMA also may need to improve the system it uses to generate invoices on behalf of local agencies that provide assistance. A March 2011 audit conducted by the U.S. Department of Homeland Security's Office of the Inspector General found that the California Department of Forestry and Fire Protection (CAL FIRE) was not in compliance with the Federal Emergency Management Agency's (FEMA) reimbursement criteria. FEMA is actively reviewing this issue and its review may result in a decision to recover some or all of the \$6.7 million identified in the audit report. If FEMA determines the CAL FIRE calculations and claims identified in the audit were erroneous, Cal EMA will need to modify its invoicing system to comply with FEMA's reimbursement criteria. For example, applying FEMA's reimbursement criteria, we found that CAL FIRE may have billed FEMA \$22.8 million more than it should have.

Finally, the majority of 15 local fire and five law enforcement agencies we interviewed stated that they had not evaluated how providing mutual aid affects their budgets. Some of the 15 local fire agencies and the majority of the five law enforcement agencies stated that, although their budgets had been reduced in the last five years, they did not believe that budget restrictions hindered their ability to respond to mutual aid requests. Four of the 15 local fire agencies and one of the five law enforcement agencies said that they were projecting budget reductions in future years. However, only one local fire agency we spoke with has evaluated the impact that budget restrictions will have on its ability to provide mutual aid.

Respectfully submitted,

ELAINE M. HOWLE, CPA
State Auditor

Above report referred to the Committee on Governmental Organization.

PRAYER

Upon invitation of Speaker pro Tempore Ma, the following prayer was offered by Assembly Chaplain Rev. Constantine C. Pappademos:

Lord, If we had a valuable piece of jewelry, we wouldn't wear it to the gym or leave it on the kitchen sink, we would treat it carefully. We would put it in a safe place and protect it. In the same way, when we see others as valuable as You do, Lord, we would be careful in the way we talk to them. We would look for the good in them and honor them for who You made them to be. Help us, Lord, to see the value in others the way You see the value in us. Help us to delight in others with our actions and our words so that we can be an example of Your love and light.—AMEN.

REPORTS

The following letter of transmittal was presented by the Chief Clerk and ordered printed in the Journal:

California State Auditor

2011-503.6
January 30, 2012

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: This letter report presents a follow-up review conducted by the State Auditor's Office of the California Energy Resources Conservation and Development Commission's (Energy Commission) use of funds provided by the American Recovery and Reinvestment Act of 2009 (Recovery Act). On February 17, 2009, the federal government enacted the Recovery Act for purposes that included preserving and creating jobs, promoting economic recovery, and investing in environmental protection. On April 21, 2009, the U.S. Department of Energy (Energy) awarded \$226 million to the Energy Commission for the State Energy Program (Energy Program). State law authorizes the Energy Commission to use Energy Program funds for energy efficiency, energy conservation, renewable energy, and other energy-related projects and activities authorized by the Recovery Act in the most expedient manner possible, and for the Energy Commission to use Recovery Act funds to award contracts, grants, and loans for projects and activities related to these goals.

The Energy Commission has made significant progress during the last six months in ensuring Recovery Act funds are spent at an increased pace. Although it still has substantial amounts of Recovery Act funds remaining that it must spend before April 30, 2012, the date any unspent funds revert to the federal government, its current efforts and plans appear to be adequate to reduce the risk that the Recovery Act funds will revert. However, not all funds considered by federal guidelines to be spent may immediately further the purposes of the Recovery Act. In our July 2011 letter report, we found that as of June 9, 2011, the Energy Commission had spent only \$42.8 million, or 19 percent of the \$226 million in Recovery Act funds. However, as of December 20, 2011, the Energy Commission had spent an additional \$74.8 million dollars, or 33 percent of the Recovery Act funds for a total of \$117.5 million. Based on its agreement with the U.S. Department of Energy, the Energy Commission must spend the remaining \$108.6 million by April 30, 2012. The Energy Commission stated that its contract managers are working very closely with its subrecipients to identify projects that will not spend all funds allocated to them before the federal deadline. In such cases, the Energy Commission reduces the funds allocated to these projects and provides those funds to other projects that will be able to spend them by April 30, 2012. Further, new legislation that allows the Energy Commission to allocate additional funds to the Energy Efficient State Property Revolving Loan program will help ensure that the remaining Recovery Act funds avoid reversion as of the federal spending deadline. Nevertheless, although the funds allocated to this

subprogram may be technically considered spent under federal guidelines, they might not actually fulfill the intended purposes of the Recovery Act until sometime in the future.

The Energy Commission funds seven subprograms and related administrative costs through the Energy Program. Each subprogram contains multiple projects to be implemented by subrecipients. According to the Energy Commission's deputy director of the Administrative Services Division, the Energy Commission contract managers are assigned various projects under the subprograms and track the progress of subrecipients in carrying out activities funded with Recovery Act funds. Contract managers gather project status information, which is compiled for each of the seven subprograms. Supervisors review the information and forward it to executive management, the Energy Commission's Recovery Act Ad Hoc Committee, and other stakeholders, such as certain members of the Legislature.

As the Table shows, the Energy Commission has spent \$117.5 million as of December 20, 2011. This represents considerable progress from six months ago when we reported it had spent only \$42.8 million. At the request of the Executive Director of the Energy Commission, in August 2011 the Energy Commission contracted with the Department of Finance, Office of State Audits and Evaluations (Finance) to perform an assessment of Energy Program subrecipients' ability to spend the remaining Recovery Act funds by the April 30, 2012 spending deadline. According to the Energy Commission's deputy division chief of the Fuels and Transportation Division (deputy division chief), the assessment by Finance identified projects at risk of not being able to spend all funds by the deadline. He explained that as a result of those findings, the Energy Commission worked with the subrecipients to develop work plans and schedules to successfully complete their projects and confirm the amount of funds that should be reallocated to other projects. He stated that this is an ongoing process and is reviewed daily between contract managers and management. As the Table shows, the Energy Commission has reduced allocations for the Clean Energy Workforce Training program and the Clean Energy Business Finance program by a combined total of \$9.3 million since April 30, 2011. Similarly, the Energy Commission has increased the allocations for the California Comprehensive Residential Building Retrofit program and the Commercial Building Targeted Measure Retrofit program by a combined total of \$7 million.

Further, the deputy division chief told us that subrecipients have spent more funds than are reflected in the Energy Commission's records. Specifically, he stated that numerous subrecipients have informed their contract managers that they have spent funds but have elected to wait until the projects are complete before submitting a final invoice. Our review of the Energy Commission's December status reports found it had not paid any invoices for 15 active projects as of December 15, 2011. According to the deputy division chief, for one of these projects the subrecipient reported delays in obtaining approval from the town's legal counsel. For the remaining 14 projects, the deputy division chief stated that the subrecipients plan to submit their invoices when the projects are complete. The deputy division chief also explained that subrecipients have reported losing staff (including administrative staff) and have taken steps to reduce the administrative

burden associated with their projects, including submitting one invoice upon project completion, rather than invoicing on an ongoing basis. He indicated that the single, final invoicing process seems reasonable considering that many of these projects are short in duration. He also stated that on at least a weekly basis, contract managers communicate with subrecipients and meet with Energy Commission management to discuss the status of projects.

Additionally, Assembly Bill 11 (Statutes of 2009–10, Fourth Extraordinary Session) (AB 11), approved in July 2009, created the Energy Efficient State Property Revolving Fund to be administered by the Department of General Services (General Services) for a revolving loan program. This bill required the Energy Commission to transfer \$25 million to the newly created fund in fiscal year 2009–10. In our July 2011 report, we found that as of April 19, 2011, General Services had loaned only \$9 million of the \$25 million it had received for the Energy Efficient State Property Revolving Loan program. According to a report available on General Services' website, as of November 22, 2011, it had construction contracts totaling \$23 million and had disbursed \$16.9 million for these contracts for energy efficiency projects such as interior and exterior lighting upgrades, installing occupancy sensors, and optimizing start up routines for chillers and boilers. A similar bill, Assembly Bill 1392 (Statutes of 2011–12) (AB 1392), was approved in October 2011 and authorizes the Energy Commission to transfer an additional \$50 million to the revolving loan program in fiscal years 2011–12 and 2012–13. According to guidelines from the federal Department of Energy, General Services is considered a third party and any funds that the Energy Commission provides to a third party for this subprogram are considered spent even if that third party has not yet loaned or spent the funds. According to the deputy division chief, AB 1392 provides a valuable option to reallocate any unspent funds that would otherwise revert to the federal government. He stated that the Energy Commission intends to allocate to the Energy Efficient State Property Revolving Loan program any unspent funds, up to the \$50 million authorized by AB 1392, to ensure Recovery Act funds do not revert. Reallocating unspent Recovery Act funds to the revolving loan program will keep funds from reverting back to the federal government; however, it does not fulfill the purposes of the Recovery Act to preserve and create jobs, promote economic recovery, and invest in environmental protection until General Services uses these funds for their intended purposes.

Although the Energy Commission must continue to closely monitor the spending by its subrecipients in the coming months, considering the progress it has made and the efforts it is currently making, the risk that large sums of the Recovery Act funds will revert to the federal government does not appear as significant as in the past.

We conducted this review under the authority vested in the California State Auditor by Section 8543 et seq. of the California Government Code. We limited our review to those areas specified in the letter report.

Respectfully submitted,

ELAINE M. HOWLE, CPA
State Auditor

Lord, Yesterday we witnessed a Superbowl victory. Yet, everyday can be a victory for us as individuals and families when we grow closer to one another in faith and in love. Lord, The biggest problem in the world today is not the economic crisis. It is not Greece defaulting on its debt. It's not the 2012 election. The biggest problem today is a spiritual one. Too many people are happy to turn away from You and Your goodness, to pursue selfish interests—often times to the detriment of others. Help us Lord, to see things through Your eyes. Help us to live a life that pursues the truth—a life oriented toward serving You and those around us.—AMEN.

REPORTS

The following letter of transmittal was presented by the Chief Clerk and ordered printed in the Journal:

California State Auditor

2011-503.5
February 2, 2012

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: This letter report presents the results of a review conducted by the California State Auditor's Office concerning the Department of Community Services and Development's (Community Services) progress in spending funds provided by the American Recovery and Reinvestment Act of 2009 (Recovery Act) for the Weatherization Assistance for Low Income Persons (Weatherization) program before the Recovery Act grant expires. On February 17, 2009, the federal government enacted the Recovery Act, in part, to promote economic recovery and stabilize state and local government budgets. The U.S. Department of Energy (Energy) awarded \$185.8 million of Recovery Act funds to Community Services for its Weatherization program. In our July 2011 report, we concluded that Community Services faced challenges in its efforts to determine how to allocate the remaining Recovery Act funds to maximize production and weatherize enough homes to ensure that the grant funds are spent so that they do not revert by the March 31, 2012 deadline, while also ensuring that it meets its production goals under the annual weatherization grants that expire June 30, 2012.

This letter report concludes that if Energy approves a proposed nine-month extension of the March 31, 2012 deadline, Community Services should have ample time to spend the remaining Recovery Act funds. However, because the average cost for weatherizing a home has fallen significantly short of its estimates, as of December 31, 2011 Community Services must ensure that its service providers weatherize about 15,000 more homes to spend the remaining funds. Additionally, some service providers continue to struggle with meeting their weatherization goals and some service providers are not always following the Energy-approved protocols that ensure not only that the measures installed in homes are cost effective, but that they also maximize opportunities for saving energy.

We conducted this review under the authority vested in the California State Auditor by Section 8543 et seq. of the California Government Code. We limited our review to those areas specified in the letter report.

Respectfully submitted,

ELAINE M. HOWLE, CPA
State Auditor

Above report referred to the Committee on Budget.

Let us pray.

Thank You for the privilege to stand here to offer this prayer as we celebrate Black History Month with the California Legislature.

We thank Thee for the contributions that African-Americans have made to world history. Be they in innovation, political advocacy, commerce, law, medicine, the sciences, or any field of human endeavor.

We thank You for the Tuskegee Airmen who broke down the barriers of inequality in the United States Armed Forces that led to opportunities, not only in our military services, but so many other areas that are afforded to our children today.

As we honor the legacy of the Tuskegee Airmen and of Black Americans, let us be reminded that this, the People's House, is a place for the advancement of justice, the security of peace, and the furthering of hope.

And all who found agreement said, "Amen!"

REPORTS

The following letter of transmittal was presented by the Chief Clerk and ordered printed in the Journal:

California State Auditor

2011-110
February 16, 2012

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the California State Auditor presents this audit report concerning the Office of Traffic Safety's (OTS) oversight of sobriety checkpoints (checkpoints).

This report concludes that neither federal nor state laws establish standards by which law enforcement agencies must administer checkpoints. Instead, rulings issued by the California Supreme Court (court) have resulted in a set of guidelines for administering checkpoints. OTS does not formally monitor grant recipients' adherence to these court rulings—nor is it required to under federal or state law—but instead focuses its monitoring efforts on ensuring grant recipients perform the expected number of checkpoints and spend grant funds properly. All of OTS's funding for checkpoints comes from the federal government and OTS's monitoring efforts are focused on ensuring that federal requirements are met. Our review found that OTS's monitoring practices were reasonable and also noted that the National Highway Traffic Safety Administration (NHTSA) commended OTS for its grant monitoring practices in 2010.

In addition, we reviewed documentation for a single checkpoint at five different law enforcement agencies to assess compliance with the court's rulings and to document the outcomes of these checkpoints. Our review found that law enforcement could reasonably demonstrate their adherence to the court's guidelines. We also noted that checkpoints often resulted in citations for nonalcohol-related offenses, and in many cases, these citations resulted in the motorist's vehicle being towed. Based on our review of federal regulations and discussions with NHTSA, we also determined that revenue resulting from federally funded checkpoints, such as vehicle release fees assessed on impounded vehicles towed from checkpoints, can be used by law enforcement for their own purposes. Finally, our discussions with these five law enforcement agencies, as well as the results of a survey performed by the University of California at Berkeley, found that the amount of these vehicle release fees vary.

Respectfully submitted,

ELAINE M. HOWLE, CPA
State Auditor

Above report referred to the Committee on Transportation.

STATEMENT OF ASSEMBLY EXPENDITURES PRINTED IN JOURNAL

The following Statement of Assembly Expenditures was ordered printed in the Journal:

*The Honorable John A. Pérez
Speaker of the Assembly
State Capitol, Room 219
Sacramento, California*

Dear Mr. Speaker: Transmitted herewith is the annual report of Assembly expenses. It includes the total expenditures by Member, committee, leadership office, service operation, and overhead according to various categories for the 12-month period ending November 30, 2011. Every expenditure made from the Assembly Operating Fund during this period is accounted for. Additionally, the report includes an itemization, by Member, of per diem expenditures from the General Fund during the same period of time.

It is important to note that this report is compiled on a cash basis. Therefore, the cost of goods and services incurred by a Member during the preceding reporting period but paid for during the current period is included. Furthermore, some goods and services which were received toward the end of this reporting period were not paid for until the beginning of the December 2011–November 2012 reporting period and are, therefore, not included in this expenditure report.

The following indicates the types of expenditures which are included within each classification:

Staff Salary: This includes the salaries paid to all employees in the Member's district office as well as those employees who work in the Member's Capitol office, provided they are not committee or leadership office personnel. The salaries of the latter group of employees are included in the specific detail report for each of the respective committee and leadership offices.

All Assembly personnel are classified according to job descriptions approved by the Assembly Rules Committee. The committee has established specific salary ranges for each of the classifications. The salary within a range for a specific employee reflects a combination of years of service in his or her position and his or her own job performance since the amount of annual merit salary increases is based on evaluations of each employee's work. Thus, a Member whose office staff includes employees with substantial Assembly seniority, and/or outstanding records of service, will have a higher total expenditure for salaries than will a Member who employs more junior personnel.

Member Travel and Per Diem: Separate totals are shown for in-state travel and out-of-state travel. Most in-state travel expenditures are for attendance at interim committee hearings. Out-of-state travel expenditures are generally for participation in conferences dealing with an issue area pertinent to the legislative specialty of the Member or are for investigative trips.

Staff Travel: This category includes the expenditures incurred for the Capitol and district staff traveling for legislative business. It also includes mileage reimbursements to district office personnel. The staff travel expenditures reported by committee are generally costs incurred in connection with interim committee hearings which are generally held away from Sacramento for the convenience of citizens who wish to provide testimony to the committees.

Car Lease: The amount reported in this category is the automotive lease amount charged to each Member's budget by the Assembly Rules Committee. Members may elect to use a vehicle that is owned by the Assembly. The Assembly Rules Committee charges 90% of the total monthly lease amount to the Member's budget, limited to \$400 for a three-year lease and \$350 for a four-year lease. The Member must pay the difference from personal funds.

Car Maintenance: The costs reported in this category will vary significantly because of the variance in the number of miles driven by the Members. Members in large-sized districts and Members who represent districts wherein air travel between the Capitol and the district is not practical tend to utilize their cars more than other Members. Accordingly, the maintenance costs of such cars are likely to be higher than for others.

Gas and Oil: Expenditures in this category are for gasoline and oil supplied to cars and private aircraft for legislative business. These costs, too, vary for the same reasons as those affecting car maintenance.

Car Rental, Staff and Member: This expenditure category includes the use of state-owned pool cars and commercial rental cars by both the Member and his/her staff in the course of legislative business.

This category, as listed in the Support Services section of the report, includes, in addition to car rental, the costs of gas, oil, and maintenance for cars utilized by the office of the Sergeant at Arms.

District Office Rent, Maintenance, and Utilities: Each Member is entitled to rent an office within the district he/she represents so that constituents may have direct access to their legislators. In some of the larger districts, two or three offices are sometimes authorized. Accordingly, Members representing districts in high-rent metropolitan areas or Members representing large districts requiring more than one office will be reported with higher expenditures in this category than will other Members. Costs included in this expenditure item are rent, utilities (except telephone), janitorial service, and incidental maintenance costs.

Telephone and Telegraph: All telephone charges (except some equipment installation charges) are reported in this expenditure category. Included are the charges for district office telephones, Capitol telephones, and mobile telephones. Members who will likely have higher charges than many of their colleagues are those representing districts which are either far from the Capitol, or in regions which cover large geographic areas.

Postage: The category includes the total amount expended for postage except for the postage utilized in the mailing of legislative mailings authorized under provisions of Proposition 73 of June 1988.

Communications: The costs included in this expenditure category are primarily for handling and mailing of legislative mailings authorized under provisions of Proposition 73 of June 1988.

Furniture and Equipment: This category includes the purchase, rental, and maintenance of certain furniture and equipment items utilized in the Capitol and district offices of the Members. It does not include the purchase of items which will, during the course of their usefulness, be utilized by a number of Members during succeeding years. Expenditures for items of that description are reported in the Furniture and Equipment category as General Overhead Expenditures.

Office Supplies: Stationery items, other printing costs charged to the Assembly Operating Fund, general office supplies, and related miscellaneous supplies utilized in the Members' Capitol and district offices are reported in this expenditure category.

Subscriptions and Publications: Each Member is authorized to subscribe to the newspapers generally circulated within his/her district and to certain metropolitan daily newspapers. Members representing districts which include many cities and towns will frequently have higher expenditures in this category than will Members representing relatively compact areas. Expenditures for subscriptions and publications incurred by the committees and leadership offices are reported separately. Each committee is authorized to purchase relevant books and to subscribe to periodicals specializing in the subject matter of the committee for which the expenditure is made.

Miscellaneous Services: Most of the expenditures shown in the Miscellaneous Services category for the Members are for services such as telephone answering services in district offices and newspaper clipping services. Included in this category for the committee reports are such items as witness expenses, meeting expenses, data-processing costs, and other miscellaneous services.

A number of operational costs incurred by the Assembly are not directly attributable to any of the Members, committees, leadership offices, or support services. Such expenditures are classified as General Overhead and are reported according to the following categories:

Miscellaneous Salaries: Accrued vacation payments made to terminating employees, and salaries paid to employees on extended sick leave are reported in this category.

Employee Benefits: This expenditure category includes the Assembly's contribution to the OASDI (social security) fund, the Public Employees' Retirement System, various health, dental, vision, and life insurance premiums, the Compensation Insurance Fund, unemployment and disability insurance, and any other benefits approved by the Assembly Rules Committee.

Building, Rent, Maintenance, and Utilities: Reported in this expenditure category are construction and remodeling costs and the rent, maintenance, and utilities for offices (other than Members' individual district offices) utilized and paid for by the Assembly outside the Capitol.

Telephone: This listing is for the cost of telephone equipment installation in all Assembly offices.

Furniture and Equipment: The expenditure indicated in this category is for the purchase, rental, and maintenance of furniture and equipment not reported elsewhere in the report. Most furniture and equipment are considered a capital investment which will be used, through the years, by a number of different Members or other offices and can therefore not be appropriately reported as an expense on behalf of any particular Member or office.

Office Supplies: The amount shown in this expenditure category represents office supplies which were purchased by the Assembly for the use of Members and other offices but which were not distributed to any such offices before the end of this reporting period.

Annotated Codes and Law Books: Each Member's office and certain other Assembly offices are furnished with Annotated California Codes and certain other law books. The cost of these books is

considered a capital expenditure in the same manner as many furniture and equipment items, and is therefore reported in this General Overhead category.

Meeting Expenses: This expenditure category includes certain costs incurred by the Assembly relative to the conduct of Assembly Sessions and Joint Sessions of the Legislature which cannot be readily charged to any other expenditure category, rental costs for some meeting rooms, and some conference registration fees.

Freight, Moving, and Delivery: This expenditure category includes costs incurred for the transport of furniture, supplies, and other items which are not chargeable to any particular office.

Other Miscellaneous Services: The major expenditures reported in this category are for the costs of photography services related to official Assembly publications, vehicle liability insurance, and organization memberships.

Study Contracts: From time to time the Assembly finds it practical to contract with individuals, firms, universities, and other governmental agencies in order to expand its research capability with respect to specific projects. The costs reported in this category are for payments made under such contracts during this period.

The next report of Assembly expenditures will be for the period between December 1, 2011, and November 30, 2012.

Sincerely,

NANCY SKINNER
Chair of the Assembly Committee on Rules

PRAYER

Upon invitation of Assistant Speaker pro Tempore Gatto, the following prayer was offered by Assembly Chaplain Rev. Constantine C. Pappademos:

Lord, One of the reasons that people don't get the most out of their lives is that they can't stop thinking about themselves. The more we think about ourselves, the more depressed we can become. The more we think about ourselves, the less aware we are of the other things going on outside our personal sphere. Help us, Lord, to focus less on ourselves and more on the needs of others. Give us more spiritual insight into what life is really all about, why You put us on this earth and what makes for a truly happy life.—AMEN.

REPORTS

The following letter of transmittal was presented by the Chief Clerk and ordered printed in the Journal:

California State Auditor

2011-113
March 8, 2012

The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the California State Auditor presents this audit report concerning the fiscal management of the Salinas Valley Memorial Healthcare System (Health Care System). This report concludes that the Health Care System's board of directors (board), when making decisions regarding executive compensation, violated the Ralph M. Brown Act, which requires legislative bodies of local public agencies to conduct their meetings in an open manner. In an environment characterized by a lack of an executive compensation policy and limited transparency, the Health Care System granted compensation for its executives at the upper end of the range for the health care industry. In addition, the former chief executive officer (CEO) received generous retirement and severance benefits totaling \$4.9 million between 2008 and 2011, most of which were paid to him before he retired.

Our review also noted weaknesses in controls in several areas. We identified 11 instances in which the Health Care System had business relationships between 2006 and 2010 with entities in which its executives or board members had economic interests. In the two relationships we reviewed, the former CEO may have violated conflict-of-interest laws in one instance, and the board may have violated conflict-of-interest laws in the other instance. Also, the Health Care System did not ensure that many of the individuals its conflict-of-interest code identified as needing to submit statements of economic interests did so. Further, it does not have a written policy and procedures to demonstrate that its community funding furthers its public

purposes, thereby risking questions about whether this funding violates the constitutional prohibition against public agencies making gifts of public funds. Additionally, for contracts we reviewed for which it was not required by state law to use a competitive process, the Health Care System generally did not document how it selected contractors in a way that demonstrated that it obtained the best value when procuring goods and services.

Finally, we noted that the Health Care System has undertaken several initiatives to improve its financial situation, including reducing its staff by 341 positions between July 2010 and October 2011. Even though it reduced its staffing, there is no indication that this decrease affected patient quality of care, as reflected by complaints and similar measures.

Respectfully submitted,

ELAINE M. HOWLE, CPA
State Auditor

Above report referred to the Committee on Health.

PRAYER

Upon invitation of Speaker pro Tempore Ma, the following prayer was offered by Assembly Chaplain Rev. Constantine C. Pappademos:

Lord, As we begin our work this day, we pause to remember Saint Patrick. When he came to Ireland in the fifth century, it was a pagan country; when he ended his earthly life some thirty years later, the faith in You, Lord, was established in every corner. And so, to honor Saint Patrick this morning, we offer this traditional Irish prayer:

*Lord, Give us
For every storm a rainbow,
For every tear, a smile,
For every care, a promise,
And a blessing in each trial.
For every problem that life sends,
A faithful friend to share,
For every sigh, a sweet song,
And an answer for each prayer.
—AMEN.*

Lord, So much of our life is geared around the concept of completing a task and getting a reward. It's true in education, in the business world, and in politics. But a strong faith in You, or a feeling of closeness to You, Lord, does not always come as a result of accomplishing something or doing something. Guide us to know, Lord, that our faith is like a perpetual flight around Your throne and an unyielding dedication to the things of God.—AMEN.

KEYNOTE ADDRESS PRINTED IN JOURNAL

Without objection, the following text of Lilly Ledbetter's Women of the Year address was printed in the Journal:

Nearly half a century after Congress enacted the Equal Pay Act, too many women in this country still do not get paid what men do for the exact same work. On average, a woman makes only 77 cents for every dollar that a man makes. The circumstances are even worse for Latinas and women of color. This is wrong and unjust. But, even more, it threatens the economic security of our families.

The fact is, millions of Americans are dependent on a woman's paycheck just to get by, put food on the table, pay for child care, and deal with rising health care bills. Two-thirds of mothers bring home at least a quarter of their family's earnings. In many families, the woman is the sole breadwinner.

On average, women lose an estimated \$700,000 over their lifetimes due to unequal pay practices, and this inequality means real hardships for their families. Paycheck equity isn't just morally right, nor is it just for women, it's for families.

It's also right for communities and the nation. Think about it: when women get equal pay for equal work, and finally receive their rightful salaries, those dollars can more freely flow back into the larger economy in the form of consumer spending. Justice for America's working women is a perfect economic stimulus package. Families today are more dependent on a woman's earnings for economic survival than ever before in our history.

I did not start out to be a spokesperson for equal rights. In fact, the plan I had sketched out for my life was a simple one. I would work hard, raise a family, and play by the rules. I would save and build a nest egg and when retirement came, I'd be able to simply settle down and enjoy the fruits of my labors. That's the way it's supposed to work, isn't it? I wasn't seeking fame or looking to become a household name. I just wanted fairness and the chance to make a good life for myself and my family. That's not a lot to ask. Or so I thought. It should be pretty simple: You hold up your end of the bargain, your employers hold up theirs, and everybody wins. Right?

My name is Lilly Ledbetter, and I held up my end of the bargain. My employer, on the other hand, did not—and today I'm here to tell you a little bit about my story.

The story begins in 1979, when Goodyear hired me to work as a supervisor in their tire production plant in Gadsden, Alabama. I ended up working there for 19 years, 10 months. I was one of the few women to work there in a supervisory capacity—there were very few women in the factory in any capacity, much less in managerial jobs. It wasn't easy. The plant manager flat out said that women shouldn't be

working in a tire factory because women just made trouble! Some years I got raises; some years I didn't. Some of the raises seemed pretty good, but I didn't know if they were as good as the raises other people were getting. But I did a good job, and I even got a "Top Performance Award" in 1996. I only started to get some hard evidence of what the men were making when someone anonymously left a piece of paper in my mailbox at work, showing what I got paid and what three other male managers were getting paid. As a result, I filed a complaint of discrimination with the 1998 EEOC and sued Goodyear in 1999. At the end of my career, when I was earning \$3,727 per month, the lowest paid male was getting \$4,286 per month for the same work, and he had a lot less experience than I did.

In court, Goodyear acknowledged that it was paying me a lot less than the men doing the same work. But they said that it was because I was a poor performer. That wasn't true, and thanks to some courageous women colleagues who spoke on my behalf, the jury didn't believe it. At the end of the trial, the jury found that Goodyear had discriminated against me in violation of Title VII. The jury awarded me back pay and more than \$3.2 million in punitive damages.

That was a high point of my story. But that's also when things started to go downhill. Although in agreement that the jury's verdict was amply supported by the evidence at trial, the trial judge was forced to reduce the punitive damages award to \$300,000 because of damage caps in Title VII—a mere 10 percent of what the jury had awarded me and hardly more than a slap on the wrist to a company the size of Goodyear. Goodyear, of course, appealed the entire verdict, and my case eventually reached the Supreme Court.

On May 29, 2007, I hit a low point. That's when the Supreme Court reversed the judgment and took every dollar away—even the back pay. Justice Alito wrote the opinion. According to him, I should have complained every time I got a smaller raise than the men, even if I didn't know what the men were getting paid and even if I had no way to prove that the decision was discrimination. The Court ruled that once 180 days had passed from the initial pay decision, the worker is stuck with unequal pay for equal work for the rest of her career and there is nothing illegal about it. Basically, the Supreme Court had said that if you don't figure things out right away, the company can treat you like a second-class citizen for the rest of your career. This decision completely reversed precedent, meaning that it wasn't just me who had to swallow the consequences of pay discrimination—every other working woman in America was being forced into the same corner.

Justice Ginsburg wrote an amazing dissent that hit the nail on the head. She said that the majority's rule just doesn't make sense in the real world. You can't expect people to go around asking their co-workers how much money they're making. Especially when you work at a place like I did, where you are one of the only women in a male-dominated factory, you don't want to make waves unnecessarily. You want to try to fit in and get along. But the bottom line was that every paycheck I received, I got less than what I was entitled to under the law. That was wrong, not to mention illegal, but the Supreme Court disagreed.

I won't lie to you; I was pretty devastated by the Court's decision. In one fell swoop, I lost my case and became the poster child for unequal pay for equal work. But instead of taking it quietly, I decided to fight

back. I refused to take this unjust ruling lying down. I owed that much not just to myself, but to my daughter and granddaughter, not to mention all of America's women and girls who deserved a fighting chance.

The new law is important but only brings us to where we'd been the day before the Supreme Court issued its ruling. Women continue to face a persistent wage gap that is not closing nearly fast enough. There are still loopholes in existing laws large enough for employers to drive a truck through. So, while I am thrilled with how far we've come, I am equally certain our work is not yet done, a point I made at the White House that day with Mrs. Obama.

Ladies and gentlemen, our story is not finished. But the next chapter already has a name. It's called the Paycheck Fairness Act.

So when all was said and done in the courts, there were a few harsh realities. I worked hard at Goodyear, and I was good at my job. But for years and years, with every paycheck I received, I got less than what I earned, less than what I deserved, and less than I was entitled to under the law. But because Goodyear succeeded in keeping it a secret, five Justices of the Supreme Court of the United States said it didn't matter.

Let me tell you, it matters to me. And I should tell you that, to this very day, the discrimination persists. My pension and Social Security are based on the amount I earned while working there. So the company gets to keep my extra pension money as a reward for breaking the law and veering it up long enough to satisfy a narrow majority on the Supreme Court. And as for the wage gap, its days are numbered.

Earlier in my speech, I told you that a part of me wished I wasn't here. When I set out on my career in 1979, it wasn't part of my grand plan to some day have my name be on a Supreme Court Case or an act of Congress. I simply wanted to work hard and support my family. The rest, I believed, would take care of itself. Clearly, fate had other plans for this Alabama girl. After all, I started out as a supervisor at a tire plant. Thirty years later, I've been a litigant, an advocate, a lobbyist, an author, and a public speaker.

Sometimes, life throws us curveballs. We may not have asked for them, we may have not even expected them, but we still have to deal with them.

After everything that's happened to me, I've come to realize that the true test of a person is not so much what happens to us, but how we react to it. When we see an injustice, do we sit and do nothing, or do we fight back? When we experience failure, do we passively accept it, or do we learn from it and do better the next time? When we get knocked down, do we stay down, or do we get back up?

Each of us, every day, breaks through barriers for women and girls simply because we choose to believe the future can be better.

Thank you for having me here today. When it's all said and done, there's no place else I'd rather be.

REPORTS

The following letter of transmittal was presented by the Chief Clerk and ordered printed in the Journal:

California State Auditor

2011-117
 March 15, 2012

The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the California State Auditor presents this audit report concerning high school graduation and dropout data. Data reported by school districts to the California Longitudinal Pupil Achievement Data System (CALPADS) is used by the California Department of Education (department) to calculate graduation and dropout rates in accordance with state and federal requirements, including those established by the No Child Left Behind Act of 2001.

This report describes how, through the use of a unique student identifier, CALPADS allows the department to track a student's progress from when he or she enters high school to when he or she exits, and thus allows the department to calculate precise graduation and dropout rates for a particular cohort of students. Data from CALPADS compares favorably to older data, which was based on schools' aggregate counts of graduates or dropouts. In August 2011 the department used CALPADS to report graduation and dropout rates for the first cohort of students tracked from the 2006–07 through the 2009–10 school year. In fact, this cohort graduated at an overall rate of 74 percent. The data, however, shows a divide in graduation rates between various demographic groups; specifically African-American students, Hispanic or Latino students, and students of lower socioeconomic status generally dropped out of school at rates higher than their peers. By establishing this baseline, we believe the rates generated from CALPADS will prove useful for encouraging data-driven decision making in meeting the needs of all students.

We also conclude that there is room to increase the utility of CALPADS and improve the quality of data reported into CALPADS.

School personnel varied in the extent to which they verified the reasons a student exited high school, in part because they did not consistently follow the department's guidance. Additionally, several districts reported that the process of uploading data into CALPADS can be time-consuming and some districts stated that maintaining and updating CALPADS has required significantly more resources than previously required to report data to the State. Finally, because the funding for CALPADS is primarily focused on meeting state and federal reporting requirements, the State may risk missing opportunities to be more innovative in using its longitudinal data.

Respectfully submitted,

ELAINE M. HOWLE, CPA
State Auditor

Above report referred to the Committee on Education.

A prayer by César E. Chávez

Show me the suffering of the most miserable,
 So I may know my people's plight.
 Free me to pray for others,
 For you are present in every person.
 Help me to take responsibility for my own life,
 So that I can be free at last.
 Grant me courage to serve others,
 For in service there is true life.
 Give me honesty and patience,
 So that I can work with other workers.
 Bring forth song and celebration,
 So that the Spirit will be alive among us.
 Let the Spirit flourish and grow,
 So that we will never tire of the struggle.
 Let us remember those who have died for justice,
 For they have given us life.
 Help us love even those who hate us,
 So we can change the world.
 Amen.

Upon invitation of Speaker pro Tempore Ma, the following prayer was offered by Assembly Chaplain Rev. Constantine C. Pappademos:

Lord, The Proverb says, "It is better to be poor and respect the Lord, than to be wealthy and have much trouble." (Proverbs 15:16) We can't look to money or things or people to make us happy. Happiness comes from somewhere else. It comes from deep down inside us, in a place called our soul. When our soul is satisfied, then we are happy, no matter what situation our life is in. Lord, fill our soul with Your Holy Spirit and grant us the peace and happiness that endures for a lifetime.—AMEN.

PLEDGE OF ALLEGIANCE TO THE FLAG

Upon request of Speaker pro Tempore Ma, Assembly Member Gorell then led the Assembly in the pledge of allegiance to the Flag.

REPORTS

The following letters of transmittal were presented by the Chief Clerk and ordered printed in the Journal:

California State Auditor

2011-001

March 23, 2012

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: The State Auditor's Office presents its Independent Auditor's Report on the State of California's basic financial statements for the fiscal year ended June 30, 2011. These financial statements are presented on a basis in conformity with generally accepted accounting principles (GAAP). The financial statements show that the State's General Fund had revenues and other financing sources that were approximately \$448 million less than expenditures and other financing uses. The General Fund ended the fiscal year with a fund deficit of approximately \$19.9 billion. The GAAP basis government-wide statements include all liabilities owed by the State while the budgetary basis statements used to report on the State's budget do not reflect all liabilities.

We conducted the audit to comply with the California Government Code, Section 8546.4.

Respectfully submitted,

ELAINE M. HOWLE, CPA
State Auditor

Above report referred to the Committee on Budget.

California State Auditor

2011-111
March 27, 2012

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly
of the Legislature of California
State Capitol, Room 3196
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the California State Auditor (state auditor) presents this audit report concerning the State's administration of the federal Workforce Investment Act of 1998 (WIA) funding. Because the State received the largest amount of funding for Title I of WIA and because Title I establishes the workforce investment system, we chose to focus our audit on this title. In California, the Office of the Governor, the California Workforce Investment Board (state board), the Employment Development Department (EDD), and local workforce investment boards (local boards) are responsible for administering different facets of WIA.

This report concludes that the state board has failed to develop a strategic workforce plan for California, as required by state law since 2006. In addition, the state board has failed to maintain a majority of members who represent businesses throughout the State, a situation that violates the requirements of WIA and that may prevent the state board from making recommendations that adequately represent California's business community. Finally, although it has been developing relationships with other entities in an effort to improve the statewide workforce investment system, the state board does little to ensure the nonduplication of services that program participants receive because it did not begin reviewing the local boards' plans until program year 2011 (the U.S. Department of Labor's program year runs from July 1 through June 30), and its review did not include steps to identify unnecessary duplication of services.

To review the local boards' plans and the activities funded by WIA, the state board needs performance measures and data from workforce investment activities around California. EDD could not provide those entities involved in workforce investment programs and activities with sufficient data to develop performance measures specifically for California because the primary function of its Job Training Automation system and its new Web-based system is to meet federal reporting requirements. In addition, because EDD did not always demonstrate its compliance with WIA provisions when awarding a certain type of funding to local boards and a community-based organization, it increased the State's risk of possibly losing WIA funding. Finally, EDD is not maximizing the federal funding opportunities available for workforce investment, and thus it is not availing itself of additional funds the State can use to help job seekers obtain employment. We noted six missed opportunities for federal grants that could have provided up to \$10.5 million in additional funds for the workforce investment efforts of the State.

Respectfully submitted,

State Auditor

*The Honorable Speaker of the Assembly
The Honorable Members of the Assembly

State Capitol, Room 3196

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the California State Auditor presents this audit report concerning the Department of Children and Family Services (department), the department that provides services to abused and neglected children in Los Angeles County. This report concludes that instability in the department's management has hampered its efforts to address long-standing problems. Since 2009 the department has struggled to complete investigations of child abuse and neglect within requisite time frames. In July 2010 the department reported it had 9,300 investigations that were open longer than 30 days, the maximum time period allowed by state regulations. Although this backlog has decreased substantially, it remains at a relatively elevated level. Department officials indicated that it contributed to the backlog in uncompleted investigations when, under pressure from outside stakeholders, department management created new, potentially unrealistic policies that it later revised or rescinded in early 2011. Nevertheless, in January 2012 the backlog was still 3,200, more than twice as large as it was in July 2009.

The department has also struggled to perform required assessments of homes and caregivers prior to placing children with relatives. From 2008 to 2010 the department completed fewer than a third of home and caregiver assessments before placing children with relatives. This delay resulted in nearly 900 children living in placements that the department later determined to be unsafe or inappropriate. Even after these determinations, the children typically remained in these homes for nearly a month and a half before the department removed them, or later reassessed and approved the placement. Department management failed to identify and address this long-standing problem because it has not monitored whether required assessments are completed prior to placement.

Finally, in just over a year, the department had four different directors. It has also experienced high turnover in other key management positions. This turnover impeded the department's ability to develop and implement a strategic plan that would have provided cohesiveness to its various initiatives and communicated a clear vision to department staff and external stakeholders.

Members of the Assembly: As required by California Government Code, Section 8543 et seq., the State Auditor's Office presents this audit report concerning our review of the State of California's internal controls and compliance with state and federal laws and regulations for the year ended June 30, 2011.

This report concludes that the State did not materially comply with certain requirements for four of the 35 federal programs or clusters of programs (federal programs) we audited. Additionally, although we were able to conclude that the State materially complied with requirements for the remaining federal programs we audited, we reported various instances of noncompliance relating to those programs. Further, the State continues to experience certain deficiencies in its accounting and administrative practices that affect its internal controls over compliance with federal requirements and over financial reporting. Deficiencies in the State's internal control system could adversely affect its ability to administer federal programs in compliance with applicable requirements and to provide accurate financial information.

Lord, Many times, we find ourselves avoiding a difficult situation. Instead of facing an issue and dealing with it, we look for the path of least resistance and run from things that make us uncomfortable. But Scripture says: "Stand and see the salvation of the Lord." (2 Chronicles 20:17) Lord, You want us to be strong, to stand in faith and to see Your salvation in every area of our life. Show us to stand strong in the face of adversity, knowing that You are on our side and that Your invisible power is with us.—AMEN.

PRAYER

Upon invitation of Speaker Pérez, the following prayer was offered by Guest Chaplain Rabbi Neil Comess-Daniels of Temple Beth Shir Shalom:

In my congregation's prayerbook, I inserted a section from Anne Frank's diary. I precede the reading like this:

The words we are about to read should not be in any prayerbook—but they must be. And yet, these words do not belong to us. We are trespassing when we read them. They were never intended for us. They were from a young girl to herself—an attempt to create a cocoon so that she might feel safe from the insanity around her.

We read these words not merely to remember, but to make a pledge—that we will create a world in which no child, anywhere, will ever feel the need to write words like these again. In the Manzanar Japanese internment camp, a child wrote a diary like this. In Sarajevo, a child wrote a diary like this. In Darfur, a child is *writing* a diary like this. Never again—for anyone.

Anne Frank wrote:

“ . . . I still believe that people are really good at heart. I simply can't build my hopes on a foundation of confusion, misery and death. I see the world gradually being turned into a wilderness. I hear the approaching thunder, I can feel the suffering of millions and yet, if I look up into the heavens, I think that it will all come out right one of these days, that this cruelty will end, and that peace and tranquility will return again. In the meantime, I must hold on to my ideals, for perhaps the day will come when I shall be able to carry them out.”

Before and within the Eternal Oneness infused with the potential for mercy, we offer this prayer today, so that we will remember and embrace both Jew and non-Jew who perished in the Nazi Final Solution. We pray today to remember those who continue to die in places gripped by bigotry and xenophobia. We pray today, for and to all the children of war and hate, to become vessels of love, compassion, reason and justice, so that they might live in peace.

COMMUNICATIONS

The following communication was presented by the Chief Clerk, and ordered printed in the Journal:

California Department of Finance

April 17, 2012

Mr. Gregory Schmidt

Secretary of the Senate

Mr. E. Dotson Wilson

Chief Clerk of the Assembly

As part of his ongoing effort to make government more effective, the Governor issued Executive Order B-14-11 in December 2011. Agency secretaries and department directors were instructed to prepare a list of all reports that they are required to submit to the Legislature, and identify those that may no longer be of significant value to the Legislature.

The Department of Finance (Finance) provided state agencies and departments instructions to assist them in identifying and reporting their respective lists of legislative reports to Finance. Finance provided guidelines for agencies and departments to consider in determining if their legislative reports are no longer considered of significant value, including:

- Whether the report is the result of a specific budget bill and the required information is no longer timely or relevant.
- Whether the report is still relevant or necessary given a change in law or circumstances.
- Whether other sources of information or other reports provide the same or similar information.
- Whether interested parties continue to rely on the report, or whether there are other public interests in continuing to prepare the report.

Finance has reviewed the legislative reports submitted by agencies and departments and compiled a list identifying more than 700 legislative reports believed to be no longer of value or are one-time reporting requirements that have already been completed. Of this amount, 375 reports require legislative action to eliminate. For the remainder, we will be contacting the Legislative Counsel Bureau to have them deleted from their website that tracks outstanding reports.

We are providing this list of reports to the Legislature for its consideration and respectfully request legislative action to eliminate them.

If you have any questions concerning this letter, please contact David Botelho, Chief, Office of State Audits and Evaluations, at (916) 322-2985.

Sincerely,

ANA J. MATOSANTOS
Director

Above report and accompanying document transmitted to the Committee on Accountability and Administrative Review.

REMARKS PRESENTED

Assistant Speaker pro Tempore Gatto presented opening remarks to the assemblage in observance of California Week of Remembrance for the Armenian Genocide of 1915–1923.

PRAYER

Upon invitation of Assistant Speaker pro Tempore Gatto, the following prayer was offered by Guest Chaplain Father Datev Harutyunian, Vicar of the Primate for Northern California:

Almighty God, We lift up our prayers to You with reverence and trust to guide us and strengthen us all in our calling to serve and protect the people of God. We thank You for granting us with the blessed gift of life, for bestowing upon us all bounties of the world and challenging us to become Your good hands in our communities.

We pray for world peace and for all those who suffer as victims of injustice, war and poverty.

Today we pray for the souls and honor the memory of the victims of the Armenian Genocide, the first genocide of the 20th century, premeditated and perpetrated by the Ottoman Turks in 1915.

California State Assembly's recognition of the heinous crime against humanity encourages the Armenian American community of this Great State to remain steadfast in the quest for justice. Above all, the noble act grants us spiritual strength to hold firm the essence of our Christian faith as devoted citizens of this blessed country of the United States of America.

In 2015, the Armenian American community and Armenians worldwide will commemorate the 100th anniversary of the Armenian Genocide. Very few survivors of the dark genocide remain, and they pass on each day. However, their unconquerable spirit will live forever. We will continue to honor their memory, thus not only as a form of respect for their martyrdom but also as a clear message to all nations that the gift of life granted to us by God cannot be taken away forcibly or brutally.

We are reminded of the words of the great Rev. Dr. Martin Luther King, Jr. who in his last sermon said, "Like anybody, I would like to live a long life. Longevity has its place. But I'm not concerned about that now. I have seen the promised land. I may not get there with you. But I want you to know tonight, that we, as a people, will get to the Promised Land!"

We are here today, with dual responsibilities as Armenian Christians who ought to guard and cherish their God-given gifts, and we are also here as citizens of the United States of America filled with the spirit of the founding fathers of this great nation to become exemplary leaders of our communities.

Almighty God, Bless this Assembly with their members and their mission. Grant them divine wisdom and love to carry on their duties diligently, to uphold firm justice for the past and be the path of justice for all generations to come.—AMEN.
