Yet we can make a choice to set our minds in the right direction each and every day. That is why the Psalmist said, "This is the day the Lord has made. Let us rejoice and be glad in it." (Psalm 118:24) Lord, we honor You today by choosing to find the joy in life. We thank You for this day, and for another opportunity to sing Your praise.—AMEN.*

Upon invitation of Speaker pro Tempore Ma, the following prayer was offered by Guest Chaplain, Father Walter Suarez, of the Sacred Heart Church in San Jose:

Today, as we celebrate the achievements of our Latino brothers and sisters, let us give thanks to the Lord for His blessings upon us. Everything that we have, and most importantly the people that we love, are gifts from God, our Father.

How much more we would appreciate our family and friends, our lives and our talents, if we could understand that they are gifts from God and that we are stewards of God's many blessings. Let us offer ourselves to the Lord, especially those who are receiving the awards today, with this beautiful prayer of St. Ignatius of Loyola:

**Prayer of Thanks**

*Dear Lord, teach me to be generous;  
Teach me to serve You as You deserve;  
To give and not to count the cost;  
To fight and not to heed the wounds;  
To toil, and not to seek for rest;  
To labor, and not to ask for any reward,  
except that of knowing that I am doing Your holy will.  
—AMEN.*

Sometimes however, taking the opposite approach works better. Instead of avoiding bad things, we should look to involve ourselves with only the good. By focusing on doing and saying only good things that are pleasing to You, our life can take on new meaning and wholeness as You intended. Bless us this morning, Lord, and guide us on the good path that leads us to You.—AMEN.*

*Lord, Many times we set out in a certain direction or make certain decisions and then look around to see where You are. We try to fit You into our schedule, when actually You should be in charge of our schedules. But when we allow You to order our steps, when we seek You first and follow You as our leader, then nothing will be impossible to us. Lord, search our heart and our mind and help us to discover the areas in our life where we need to submit to You. Guide us and guard us in Your goodness.—AMEN.*

When we get stressed because we get off schedule or because someone offends us, we are giving away our power. Lord, help us to release those offenses and disappointments, and guide us to cling to Your love and goodness. When we keep the peace in our heart that comes from You, we can enjoy the day as a blessing that You have prepared for us.—AMEN.*

**Legislative Intent—Senate Bill No. 1041  
and Assembly Bill No. 1471**

June 27, 2012

*E. Dotson Wilson  
Chief Clerk of the Assembly  
State Capitol, Room 3196  
Sacramento, California*

Dear Mr. Wilson: We respectfully submit this letter to the Assembly Journal to clarify our intent regarding provisions of the 2012–13 Human Services Omnibus Budget Trailer Bill (contained in Senate Bill 1041 and Assembly Bill 1471, both identical vehicles) related to the CalWORKs program. The legislation creates a new 24-month time limit for CalWORKs in Welfare and Institutions Code (WIC) Section 11322.85, but provides for presumptive extensions of this limitation under specified circumstances, as detailed in WIC Section 11322.87. At the same time, WIC Section 11322.86 creates a limitation of 20 percent on the proportion of cases in which a county grant such an extension.

The Legislature's intent is that this limitation on extensions be implemented in a manner that allows individuals who are on a path toward success to complete their welfare-to-work plan activities. The bill requires consultation between the Department of Social Services and stakeholders, which should include consultation related to the process for implementing the extensions and calculating the 20 percent limitation, as well as consideration of additional circumstances that may qualify a recipient for a presumptive extension. This collaborative process, which should include county representatives and advocates for CalWORKs clients, is intended to result in decision-making surrounding implementation of these provisions that balances the interests sought. This collaboration is also intended to aid in addressing the significant administrative challenges of implementing a cap within such a complex program with dynamic, fluctuating caseload factors and needs.

It is the strong intent of the Legislature for CalWORKs recipients to succeed within the state's workforce. It is also the strong intent of the Legislature to accommodate the challenges and barriers that may result in some recipients requiring additional time and access to services in order to do so. Therefore, the methodology established pursuant to Section 11322.86(c) is not intended to unduly interrupt the success of welfare-to-work plans.

Sincerely,

**JOHN A. PÉREZ**  
Speaker of the Assembly  
**HOLLY J. MITCHELL**  
Chair, Budget Subcommittee No. 1 on  
Health and Human Services  
**BOB BLUMENFIELD**  
Chair, Assembly Committee on Budget

**MESSAGES FROM THE GOVERNOR**

The following item veto messages from the Governor were received and ordered printed in the Journal and the item ordered to the unfinished business file:

**Item Veto Message—Assembly Bill No. 1464**

Governor's Office, Sacramento

June 27, 2012

I object to the following appropriations contained in Assembly Bill 1464.

**Item 0510-001-0001**—For support of Secretary of State and Consumer Services. I reduce this item from \$246,000 to \$0 by reducing:

(1) Support from \$1,530,000 to \$1,094,000,  
and by deleting:

(3) Amount payable from the Central Service Cost Recovery Fund (Item 0510-001-9740) of (-\$190,000).

I am reducing this item by \$246,000 and 3.5 positions for the Office of Privacy Protection. While I am supportive of efforts in this area, I do not believe this program is of sufficient priority to justify the use of limited state resources.

I am revising this item to conform to the action taken in Item 0510-001-9740.

**Item 0510-001-9740**—For support of Secretary of State and Consumer Services. I delete this item.

I am deleting this item to conform to the action taken in Item 0510-001-0001.

**Item 2660-001-0042**—For support of Department of Transportation. I reduce this item from \$2,387,730,000 to \$2,383,185,000 by reducing:

(9) 40-Transportation Planning from \$118,242,000 to \$113,697,000, and delete Provision 3.

I am reducing this item by \$4,545,000 and 23.0 positions to reserve state funds to fund state projects and not to subsidize the development and review of project initiation documents for locally funded projects on the state highway system. I am sustaining \$3,890,000 and 28.0 positions to complete work on projects where local agencies executed cooperative agreements with Caltrans to provide reimbursements.

I am also vetoing Provision 3 because the requirements contained in this provision to expend Capital Outlay Support funds on state staff, external contracts, and operating expenses and equipment create unnecessary cost pressures and limit Caltrans' flexibility to utilize the most cost-effective portfolio of resources to meet its workload needs. Caltrans needs the flexibility to choose a staffing mix that allows it to complete the workload without resulting in unnecessary costs associated with hiring additional state staff and incur training expenses for short-term workload.

**Item 3360-011-3117**—For transfer by the Controller, upon order of the Director of Finance, from the Alternative and Renewable Fuel and Vehicle Technology Fund to the State Parks and Recreation Fund. I reduce this item from (\$10,000,000) to (\$3,000,000).

I am reducing this item by \$7,000,000 to conform to the action I have taken in Item 3790-001-0392.

**Item 3600-001-0200**—For Support, the Department of Fish and Game. I revise this item by deleting Provisions 3 and 4.

I am deleting Provision 3 because the requirement contained in this provision to expend funds on a plan to redirect Fish and Game Preservation Fund to other priorities increases overall cost pressures within this item. The Fish and Game Preservation Fund is structurally imbalanced with expenditures exceeding revenues by approximately \$17 million. While the intent of this provision is to identify a plan that could reduce the imbalance, any activities that would be redirected to the Greenhouse Gas Reduction Fund would not result in Fish and Game Preservation Fund savings as permit fees currently cover the Department's renewable energy activities.

I am also deleting Provision 4 because it would require up to \$2 million to be appropriated from the Salton Sea Restoration Fund to the Salton Sea Authority to update previous analyses of restoration planning efforts for the Salton Sea. I am vetoing the provision because the Salton Sea Restoration Fund has a reserve of \$675,000 for the 2012–13 fiscal year, and using other departmental funds would result in an unallocated reduction to other Fish and Game programs. I will be directing the Department of Fish and Game to continue conversations with the Salton Sea Authority and environmental stakeholders in an effort to identify other options for conducting the proposed feasibility study and enhancing restoration efforts.

**Item 3790-001-0392**—For support of Department of Parks and Recreation. I reduce this item from \$147,946,000 to \$126,946,000 by reducing:

(1) Support of Department of Parks and Recreation from \$430,099,000 to \$399,099,000, and by deleting:

(9.5) Amount payable from State Water Pollution Control Revolving Fund (Item 3790-001-0617) (–\$10,000,000).

The Department has readied the closure of 70 state parks based on criteria included in the 2011 Budget Act. As of today, the state has signed its 32nd agreement with a local partner to continue to operate a park slated for closure. This achievement is a testament to the work and dedication of the Department, nonprofit organizations, local governments, and others—along with the state Legislature—to keep state parks available to the public.

The Budget includes one-time funding to attempt to resolve an ongoing structural imbalance by using funds that were intended for other important uses to support state parks. While a portion of these funds will help ensure a successful transition as the state develops a long-range vision for state parks, I cannot fully support this action because proposed funding either takes from other important purposes or may violate the state's agreement with the federal government regarding the State Water Pollution Control Revolving Fund.

Therefore, I am reducing this item by \$31 million and sustaining \$10 million in new funding to support the needs of the state's parks system. These funds will allow, among other purposes a transition window for park operating agreements that are currently being negotiated, but are not yet final. I am also sustaining \$13 million in redirected bond expenditures, which will now be used for projects that can aid the Department to increase park revenues.

**Item 3790-001-0617**—For support of Department of Parks and Recreation. I delete this item and Provision 1.

I am deleting this item to conform to the action I have taken in Item 3790-001-0392.

**Item 3940-001-0439**—For support of State Water Resources Control Board. I revise this item by deleting Provision 3.

I am deleting Provision 3 because the requirement contained in this provision to expend funds on a proposal increases overall cost pressure with this item. This provision requires the State Water Resources Control Board to submit a proposal to increase program efficiencies through reduction of the number of regional water quality control boards by January of 2013. This provision is unnecessary.

**Item 4265-001-0001**—For support of Department of Public Health. I revise this item by deleting Provision 4.

I am deleting Provision 4 because the requirement contained in this provision to expend funds on an annual work plan for the Nursing Home Administrator's Program creates unnecessary cost pressures. Elimination of this report is consistent with my plan to eliminate unnecessary reports and reporting requirements.

**Item 4265-111-0001**—For local assistance, Department of Public Health. I reduce this item from \$49,332,000 to \$48,832,000 by reducing:

(3) 20.20—Infectious Diseases from \$258,897,000 to \$258,397,000.

I am reducing this item by \$500,000, which eliminates funding for the Public Health Laboratory Director Training Program. This reduction is necessary to help bring ongoing expenditures in line with existing resources and to build a prudent reserve.

**Item 4440-011-0001**—For support of Department of State Hospitals. I revise this item by deleting Provisions 5 and 13.

I am deleting Provision 5 because the requirement contained in this provision to expend funds by providing quarterly progress reports on the hiring plan related to federal court monitoring of compliance with the Civil Rights of Institutionalized Persons Act (CRIPA) creates unnecessary cost pressures. This provision would require the Department to continue reporting on a hiring plan when facilities have achieved substantial compliance with CRIPA and are in the process of being released from further court monitoring. Elimination of these reports is consistent with my plan to eliminate unnecessary reports and reporting requirements.

I am also deleting Provision 13, which permits up to \$3,600,000 to be used for the Adult Education program, and eliminating 37.6 unfunded positions added separately by the Legislature for this program, because the requirement creates unnecessary cost pressures and restricts the Department's efforts to achieve planned General Fund cost savings. The Budget reflects my Administration's efforts to close a structural gap in the Department's budget. Authorizing this program without providing the necessary resources would undermine these efforts.

**Item 6110-001-0001**—For support of Department of Education. I reduce this item from \$34,505,000 to \$34,420,000 by reducing:

(2) 20-Instructional Support from \$140,134,000 to \$139,944,000,

(9) Amount payable from the Federal Trust Fund (Item 6110-001-0890) from -\$162,299,000 to -\$162,194,000, and by deleting Provision 19.

I am reducing this item by \$85,000 and 1.0 position at the State Department of Education to conform to my veto of local assistance funding for the Early Mental Health Initiative in Item 6110-162-0001.

I am deleting Provision 19 to conform to this action.

I am also revising these schedules to conform to the actions I have taken in Item 6110-001-0890.

**Item 6110-162-0001**—For support of Department of Education (Proposition 98), Early Mental Health Services. I delete this item.

I am eliminating the \$15,000,000 appropriation for the Early Mental Health Initiative. While I appreciate the importance of prevention and early intervention services, I believe that school districts are in the best position to determine whether these services should be funded at the local level.

**Item 6110-196-0001**—For local assistance, Department of Education (Proposition 98). I reduce this item from \$510,975,000 to \$481,003,000 by reducing:

(1) 30.10.010-Special Program, Child Development, Preschool Education from \$510,975,000 to \$481,003,000.

I am reducing \$29,972,000 from preschool programs, which are administered by Title 5 centers that contract directly with the Department of Education. While I would have preferred to restructure rates and reform the program to achieve savings, this across the board reduction in slots is necessary to help bring ongoing expenditures in line with existing resources.

**Item 6110-202-0001**—For local assistance, Department of Education. I delete this item and Provisions 1, 2, and 3.

I am eliminating the \$10,100,000 legislative augmentation which would provide a supplemental child nutrition reimbursement to private schools, private child care centers, and other meal sponsors that are not eligible for Proposition 98 funding. This reduction is necessary to bring ongoing expenditures in line with available General Fund resources.

I am also deleting Provisions 1, 2, and 3 to conform to this action.

**Item 6440-004-0001**—For support of University of California. I delete Provisions 1, 2, and 3.

I am deleting Provisions 1, 2, and 3 because the requirements contained in these provisions to expend funds on the University of California, Merced campus create unnecessary cost pressures and are unnecessarily restrictive. Eliminating these provisions will give the University greater flexibility to manage the \$750 million permanent reduction in state funding enacted in 2011–12.

**Item 6440-005-0001**—For support of University of California. I delete Provision 1.

I am deleting Provision 1 because the requirement contained in this provision to expend funds on the California Institutes for Science and Innovation creates unnecessary cost pressures and is unnecessarily restrictive. Eliminating this provision will give the University greater flexibility to manage the \$750 million permanent reduction in state funding enacted in fiscal year 2011–12.

**Item 6600-001-0001**—For support of Hastings College of the Law. I delete Provision 3.

I am deleting Provision 3 because the requirement contained in this provision to expend funds on retired annuitant health and dental benefits creates unnecessary cost pressures and is unnecessarily restrictive.

**Item 8885-295-0001**—For local assistance, Commission on State Mandates. I reduce this item from \$50,586,000 to \$48,786,000 by reducing:

- (1) For payment of the following mandate claims for costs incurred in the 2004–05 through 2010–11 fiscal years from \$50,586,000 to \$48,786,000,

and by deleting:

(1)(n) Crime Statistics Reports for the Department of Justice, Homicide Reports: Ch. 1338, Stats. 1992 Hate Crime Reports: Ch. 1172, Stats. 1989; Ch. 933, Stats. 1998; Ch. 626, Stats. 2000; Ch. 700, Stats. 2004) (02-TC-04, 02-TC-11, and 07-TC-10). (1,800,000)

and by deleting Provision 4.

The activities related to this mandate should already be standard procedure as they provide information to the federal government that ultimately enables local agency receipt of federal grant funds. Therefore, the existence of the mandate is unnecessary as an incentive to collect and report this information.

With the above deletions, revisions, and reductions, I hereby approve Assembly Bill 1464.

EDMUND G. BROWN JR.

**Item Veto Message—Assembly Bill No. 1497**

Governor’s Office, Sacramento

June 27, 2012

I object to the following appropriations contained in Assembly Bill 1497.

**Item 0250-101-0932**—For local assistance, Judicial Branch. I revise this item by deleting a portion of Provision 15.

I am revising this item by deleting the last sentence of Provision 15, which would permit the Judicial Council to offset General Fund reductions to the trial courts by redirecting additional funds from within the Judicial Branch’s budget. I believe this language is unnecessary as the Budget already provides the appropriate level of funding, given available resources, for each segment of the Judiciary.

“15. Notwithstanding any other provision of law, during the 2012–13 fiscal year, the Judicial Council shall allocate \$385,000,000 of reductions in funding contained in Schedule (1) as follows: (a) no more than \$235,000,000 shall be allocated to each trial court based on each court’s proportionate share of total statewide trial court reserves, and (b) no more than \$150,000,000 shall be allocated based on each trial court’s proportionate share of the 2011–12 fiscal year Trial Court Trust Fund allocation. Upon approval of the Director of Finance and no sooner than 30 days after notification in writing to the committees of each house of the Legislature that consider the State Budget, the Judicial Council may offset either of these reductions through transfers from any other item within the Judicial Branch’s budget, with the exception of funding scheduled for the Supreme Court, Courts of Appeal, and Habeas Corpus Resource Center.”

**Item 5180-111-0001**—For local assistance, Department of Social Services. I reduce this item from \$4,443,230,000 to \$4,438,530,000 by reducing:

(2) 25.15-IHSS from \$6,239,606,000 to \$6,234,906,000.

I am reducing this item by \$4,700,000 to eliminate an augmentation to support administration of the In-Home Supportive Services (IHSS) program. This would align funding with the level I included in the May Revision. This reduction is necessary to provide for a prudent General Fund reserve. With this reduction, \$134,223,000 General Fund still remains for IHSS administration.

**Item 5180-141-0001**—For local assistance, Department of Social Services. I reduce this item from \$717,265,000 to \$694,265,000 by reducing:

(1) 16.75-County Administration and Automation Projects from \$1,833,498,000 to \$1,779,498,000.

(3) Amount payable from the Federal Trust Fund (Item 5180-141-0890) from  $-\$1,068,900,000$  to  $-\$1,037,900,000$ .

I am reducing this item by \$54,000,000 (\$23,000,000 General Fund) on a one-time basis in the County Administration and Automation Projects program for administration of the CalFresh program. This reduction is necessary to provide for a prudent General Fund reserve. With this reduction, total funding of \$1,464,752,000 still remains budgeted to support CalFresh administrative costs. This level of funding for county administration is greater than what I proposed in the May Revision.

**Item 5180-141-0890**—For local assistance, Department of Social Services. I reduce this item from \$1,068,900,000 to \$1,037,900,000.

I am reducing this item by \$31,000,000 to conform to the action I have taken in Item 5180-141-0001.

**Item 6110-001-0890**—For support of Department of Education. I reduce this item from \$162,299,000 to \$162,194,000 and by revising Provision 35.

I am reducing this item by \$105,000 federal Migrant Education Funds to eliminate indirect cost funding associated with the Bureau of State Audits audit of the Migrant Education Program. This amount duplicates state operations funding already included in the Department of Education's budget and is unnecessary. With this reduction, \$600,000 remains to fund the audit.

I am revising Provision 35 to conform to this action as follows:

“35. Of the funds appropriated in this item, up to ~~\$705,000~~ \$600,000 is provided in one-time federal Title I, Part C, carryover funds for transfer to the State Audit Fund for the purpose of the Bureau of State Audits to conduct an independent audit of state and local implementation of the federally funded Migrant Education Program. The audit report shall be submitted to the appropriate fiscal and policy committees of each house of the Legislature and to the State Department of Education (SDE) no later than March 1, 2013.

- (a) The audit report shall include all of the following:
- (1) A detailed audit of expenditures, fiscal practices, and fiscal oversight at the SDE and in a sample of local Migrant Education Program regions to determine whether there is compliance with applicable state and federal laws, regulations, and administrative policies.
  - (2) A detailed audit of the State Parent Advisory Council (SPAC) makeup and activities at the state level and in a sample of local Migrant Education Program regions to determine whether there is compliance with applicable state and federal laws, regulations, and administrative policies, and to assess whether the state appropriately supports and engages migrant parents.
  - (3) A detailed review of how effectively the state organizes and implements migrant education services at both the state and local levels, which includes alignment between program goals and program activities, outcomes from state-level contracts, effectiveness of data collection structures and internal operations, and the efficacy of the existing regional service delivery structure.
  - (4) Recommendations for how the state may address audit findings related to the topics described in paragraphs (1), (2), and (3).
  - (5) A review of the extent to which any relevant findings raised in recent federal reviews (since 2006) of the state's Migrant Education Program pertaining to these and other topics have been addressed. If these findings have not been adequately addressed, provide recommendations on how the state should address them to ensure the delivery of services in the Migrant Education Program are efficient and effective.
- (b) The regions selected for the sample shall be sufficient in number to reflect the diversity of local regions and program structures.”

**Item 6110-140-0001**—For local assistance, Department of Education (Proposition 98). I reduce this item from \$886,000 to \$0 by reducing:

- (2) 20.90.001.020-California School Information Services Administration from \$2,184,000 to \$1,298,000.

I am reducing this item by \$886,000 to reflect the decrease in workload at the California School Information System (CSIS) associated with the completion of the California Longitudinal Pupil Achievement Data System (CALPADS) project. The Budget acknowledges the continued workload associated with CSIS's support of the CALPADS maintenance phase, and therefore, continues to provide \$7,136,000 to ensure that CSIS is successful in meeting this objective.

**Item 6110-194-0001**—For local assistance, Department of Education. I reduce this item from \$770,603,000 to \$750,603,000 by reducing:

- (1.5) 30.10.020-Child Care Services from \$1,329,885,000 to \$1,309,885,000, and
- (d) 30.10.020.007-Special Program, Child Development, Alternative Payment Program from \$194,031,000 to \$174,031,000.

I am reducing \$20,000,000 from voucher-based child care programs, except for those serving current and former CalWORKs families. While I would have preferred to restructure rates and reform the program to achieve savings, this across the board reduction in child care slots is necessary to help bring ongoing expenditures in line with existing resources. With this reduction, a total of \$1.3 billion in non-Proposition 98 General Fund and federal funds remain to support child care programs administered by the Department of Education.

**Item 6110-488**—Reappropriation, Department of Education. I revise this item by deleting Provision 8.

I am deleting Provision 8 which contains an augmentation of \$8,100,000 for the Advancement Via Individualized Determination program because it creates additional cost pressures within Proposition 98 and school districts are in the best position to determine whether this program should be funded at the local level.

**Item 6440-001-0001**—For support of University of California. I reduce this item from \$2,053,750,000 to \$2,053,749,000 by reducing:

(1) Support from \$2,053,750,000 to \$2,053,749,000, and by deleting Provisions 5, 7, 8, 9, 10, 11, 12, 14, 15, and 17.

I am deleting Provisions 5, 7, 8, 9, 10, 11, and 12, because the requirements contained in these provisions to expend funds on various programs create unnecessary cost pressures within this item and are unnecessarily restrictive. Specifically, these provisions earmark funding levels for the following programs administered by the University of California (University): the Charles R. Drew Medical Program, the California State Summer School for Mathematics and Science, the Science and Math Teacher Initiative, the Program in Medical Education, nursing programs, Acquired Immune Deficiency Syndrome research, and the California Subject Matter Projects. Eliminating these earmarks will give the University greater flexibility to manage the \$750 million permanent reduction in state funding enacted in fiscal year 2011–12.

I am deleting Provision 14 because the requirement contained in this provision to expend funds on retired annuitant health and dental benefits creates unnecessary cost pressures and is unnecessarily restrictive.

I am deleting Provision 15 because the requirement contained in this provision that the University achieve an enrollment target of 209,977 resident full-time equivalent students creates unnecessary cost pressures on this item and is unnecessarily restrictive.

Finally, I am reducing this item by \$1,000 and deleting Provision 17 which would restrict the University's ability to contract out for services rather than using in-house personnel, under specified terms. While I encourage the University to review the overall cost effectiveness of its contracting out, this provision would unnecessarily limit the University's ability to effectively manage its operations.

**Item 6610-001-0001**—For support of California State University. I delete Provisions 5, 6, 9, and 10.

I am deleting Provisions 5 and 6 because the requirements contained in these provisions to expend funds on various programs creates unnecessary cost pressures and are unnecessarily restrictive. Specifically, these provisions earmark funding levels for the Science and Math Teacher Initiative and nursing programs administered by the California State University (CSU). Eliminating these earmarks will give

CSU greater flexibility to manage the \$750 million permanent reduction in state funding enacted in 2011–12.

I am deleting Provision 9 because the requirement contained in this provision to expend funds on retired annuitant dental benefits creates unnecessary cost pressures and is unnecessarily restrictive.

Finally, I am deleting Provision 10 because the requirement contained in this provision that the CSU achieve an enrollment target of 331,716 resident full-time equivalent students creates unnecessary cost pressures and is unnecessarily restrictive.

**Item 7980-101-0001**—For local assistance, Student Aid Commission. I reduce this item from \$721,452,000 to \$698,852,000 by reducing:

(1) 15-Financial Aid Grants Program from \$1,638,628,000 to \$1,616,028,000, and by revising Provisions 1 and 3.

I am reducing this item by \$22,600,000 and amending subsections which establish the maximum Cal Grant awards. The amounts of these awards are statutorily required to be in the Budget. Specifically, I am reducing the private institution award from \$9,708 to \$9,223, the independent institution award from \$9,708 to \$9,223, the Cal Grant B access award from \$1,551 to \$1,473, the Cal Grant C tuition and fee award from \$2,592 to \$2,462, and the Cal Grant C book and supply award from \$576 to \$547. Each of these represent a 5-percent reduction. This action is necessary to align ongoing program expenditures with existing resources. This action will not eliminate eligibility for any Cal Grant student.

I am revising subsections (a), (b), (c), (d), and (e) of Provision 3 to conform to this action as follows:

“(a) New and renewal recipients attending private institutions shall be ~~\$9,708~~ \$9,223.

(b) New and renewal recipients attending independent institutions shall be ~~\$9,708~~ \$9,223.

(c) All recipients receiving Cal Grant B access awards shall be ~~\$1,551~~ \$1,473.

(d) All recipients receiving Cal Grant C tuition and fee awards shall be ~~\$2,592~~ \$2,462.

(e) All recipients receiving Cal Grant C book and supply awards shall be ~~\$576~~ \$547.”

I am further revising subsections to eliminate costs resulting from the Student Aid Commission’s authority to issue new warrants for the Assumption Program of Loans for Education and the State Nursing Assumption Program of Loans for Education. The number of awards are statutorily required to be in the Budget. The General Fund savings that will begin in 2013–14 will help align ongoing program expenditures with available resources into the future.

I am revising subsection (c) of Provision 1 to conform to this action as follows:

“(c) The purchase of loan assumptions under Article 5 (commencing with Section 69612) of Chapter 2 of Part 42 of Division 5 of Title 3 of the Education Code. ~~The Student Aid Commission shall issue 7,200 new warrants.~~”

I am revising subsection (f) of Provision 1 to conform to this action as follows:

“(f) The purchase of loan assumptions under the State Nursing Assumption Program of Loans for Education (SNAPLE) pursuant to Article 1 (commencing with Section 70100) of Chapter 3 of Part 42 of Division 5 of Title 3 of the Education Code. ~~The Student Aid Commission shall issue 100 new warrants.~~”

With the above deletions, revisions, and reductions, I hereby approve Assembly Bill 1497.

**PRAYER**

Upon invitation of Speaker pro Tempore Ma, the following prayer was offered by Assembly Member Steve Knight, of the 36th Assembly District:

*Our Heavenly Father,* We thank You today for the precious gift of life, for each and every one of us in this wonderful state of California. We further thank You for the great gift of freedom You have given each of us here today, and have so generously bestowed upon all who reside in the United States of America.

Two hundred and thirty-six years ago this week, in a hall some 3000 miles away, our nation was officially born. Its Founders, each of whom pledged a firm reliance on the protection of Your Divine Providence, affixed their signatures to a Declaration of Independence that, for the first time in human history, acknowledged the truth that all men are created equal, that each and every human being on the face of this earth is endowed by You, O Lord, with certain unalienable rights — rights that no man and no government can take away.

It is therefore the duty of each one of us, particularly those who are privileged to serve in positions of elected office and public trust, to further the cause of these unalienable rights and timeless truths, which today are but imperfectly realized. To this end, we invoke Your blessings, Your strength, Your wisdom, guidance and support, and humbly offer our sincere thanks.

As we today hear the words that announced the birth of a new nation, we also ask You to confer Your blessings, Your mercy, and Your healing grace upon all those who have defended our freedoms, particularly those brave men and women who have suffered the injuries of battle and who have given their last full measure of devotion to the nation to which we pledge our allegiance. May all who have served in the armed forces of the United States of America, together with their families and loved ones, fully appreciate the magnitude of our thanks for their service and their sacrifice. And may we all be heartened and healed by Your mercy and grace.

For all of this we pray.—AMEN.

The following communications were presented by the Speaker, and ordered printed in the Journal:

California State Auditor

2011-116.2  
May 31, 2012

*The Honorable Speaker of the Assembly  
The Honorable Members of the Assembly  
of the Legislature of California  
State Capitol, Room 3196  
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the California State Auditor (state auditor) presents this audit report concerning the Department of General Services, Division of the State Architect's (division) processes related to reviewing and approving plans for school construction.

This report concludes that the division has been able to keep the amount of time plans wait for review—bin time—under six weeks primarily due to a decrease in workload. Should the division's workload return to previous levels, it will likely struggle to maintain this goal. Recently, the division was prevented from contracting for plan review and instead drew on staff from its construction oversight activities. Further, although the division has a goal for keeping bin time below six weeks, it does not have goals for how long it should take to review plans. Without a plan review time goal, the division has less assurance that it is reviewing plans efficiently and school districts' design professionals have little certainty about how long they should expect to wait for the division to return plans to them for correction.

Also, the division's monthly performance reports on the length of each phase of the plan approval process do not report clear or accurate information. For example, the division includes in its reports some projects for which no plan review activity has occurred because the applications were incomplete, counting the length of time it took to complete each phase as zero days. Finally, the division cannot provide assurance that it has received and approved all plan changes before the start of related construction. After the division approves plans, districts must submit changes to the division for review and approval before undertaking related construction. However, the division does not have a process to ensure that it has received and approved all relevant plan changes. If the division does not approve plan changes before construction, construction may not comply with building standards and risks being unsafe.

Respectfully submitted,

ELAINE M. HOWLE, CPA  
State Auditor

Above report referred to the Committee on Business, Professions and Consumer Protection.

## California State Auditor

2011-119  
June 26, 2012

*The Honorable Speaker of the Assembly  
The Honorable Members of the Assembly  
of the Legislature of California  
State Capitol, Room 3196  
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the California State Auditor presents this audit report concerning the Physical Therapy Board of California's (physical therapy board) adherence to conflict-of-interest and other state requirements and its process for investigating complaints against its licensees.

This report concludes that one of the physical therapy board's expert consultants has served as the in-house consultant since approximately 2003, performing cursory reviews of certain complaints before they may be referred to other expert consultants in the field. Although this individual has served in this capacity for approximately nine years, the physical therapy board has not tried to hire a state employee to fulfill this function at a reduced cost. We believe that the physical therapy board may be able to save approximately \$28,000 to \$35,000 annually if it can hire a state physical therapy consultant at existing state rates to perform the same work as its in-house consultant. The physical therapy board also lacks a process to formally evaluate its in-house or other expert consultants' performance, which limits its ability to demonstrate that it maximized the efficacy of the nearly \$95,000 it spent on expert consultants in fiscal year 2010–11.

In addition, we found that the Department of Consumer Affairs does not ensure that members of its boards participate in required board member orientation, nor does it ensure all necessary employees attend required ethics training. We also found that two former board members submitted their statements of economic interests significantly after state deadlines. When board members do not submit these statements in a timely manner, the public and the board members themselves may be unaware of potential conflicts of interest that may disqualify the board members from dealing with particular issues that come before the board.

However, our testing indicates that the physical therapy board appropriately investigates complaints and imposes discipline. In addition, we found that the physical therapy board's relationships with professional organizations are appropriate. Finally, we found that the physical therapy board complies with the agenda, public-comment, and closed-session requirements of the Bagley-Keene Open Meeting Act.

Respectfully submitted,

ELAINE M. HOWLE, CPA  
State Auditor

Above report referred to the Committee on Business, Professions and Consumer Protection.

## California State Auditor

2011-131  
June 28, 2012

*The Honorable Speaker of the Assembly  
The Honorable Members of the Assembly  
of the Legislature of California  
State Capitol, Room 3196  
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the California State Auditor presents this audit report concerning the management and finances of the City of Vernon (city) and its Light & Power Department (power department). This report concludes that although the city is enacting reforms, it has not yet developed policies necessary to implement some reforms and for others it will take years to achieve the full benefits.

The city also has not properly managed its executive positions by failing to establish minimum qualifications for several key leaders, including the city administrator. Further, the city may not have chosen positions in the most comparable cities for its May 2011 survey of executive salaries, potentially skewing salaries upward. The city may have also provided legally questionable retirement benefits to certain past and current executives. The city has weak internal controls over contracting and our analysis revealed problems in 21 of the 25 service and consultant contracts we reviewed. Further, the city did not always ensure compliance with its conflict-of-interest code, which requires it to determine whether consultants it hires perform duties that require disclosure of economic interests.

For more than 20 years the city's general fund has operated at a structural deficit because the current revenue structure does not fully pay for the general fund's services. The city has funded past general fund deficits through reserves, transfers and loans from other funds, and one-time revenues. Although such practices may be common among cities, the city's continued reliance on other funds to cover its general fund deficit is now problematic because the funds available from these sources have decreased. As of March 2012 the city had \$571 million in outstanding bonds, mostly for its power department. However, the power department has struggled to manage its debt burden while maintaining competitive electric rates. The power department is forecasting a \$24 million deficit in fiscal year 2013–14, creating a need for electric rate increases.

Our finance and energy expert found that the city could not demonstrate that it performed the expected analyses for past energy decisions, such as purchasing a 15-year supply of natural gas for the city's power plant, which it then sold nearly two years later. Because the city used tax-exempt bonds to purchase the gas, selling the power plant created the need for the city to also sell this prepaid natural gas supply to an eligible buyer or risk losing the bond's tax-exempt status; as a result, it sold the gas at a significant discount. Finally, the city has used interest rate swaps to hedge risks associated with issuing bonds, which is a practice consistent with other cities. However, our finance and energy expert found that the city's use of swaps has proved costly—it

terminated all but two of its swaps at a cost of \$33.4 million, and as of February 2012, it would have needed to pay \$47 million to terminate the remaining two swaps.

Respectfully submitted,

ELAINE M. HOWLE, CPA  
State Auditor

**REPORTS**

The following letters of transmittal were presented by the Chief Clerk and ordered printed in the Journal:

California State Auditor

2012-039  
April 26, 2012

*The Honorable Speaker of the Assembly  
The Honorable Members of the Assembly  
of the Legislature of California  
State Capitol, Room 3196  
Sacramento, California*

Members of the Assembly: This letter report provides an update on recent events related to the Financial Information System for California (FI\$Cal) project. Pursuant to Government Code, Section 15849.22(e), the California State Auditor (state auditor) is required to independently monitor the FI\$Cal project throughout its development, as deemed appropriate by the state auditor. FI\$Cal is a business transformation project for state government in the areas of budgeting, accounting, procurement, and cash management. The independent monitoring shall include, but is not limited to, monitoring the contracts for independent project oversight (IPO) and independent verification and validation (IV&V) services, assessing whether concerns about the project raised by the IPO and IV&V contractors are appropriately addressed by the FI\$Cal steering committee and the FI\$Cal project office within the Department of Finance or its successor entity, and assessing whether the FI\$Cal project is progressing timely and within budget. We are required to report on the project's status at least annually and this is the seventh report we have issued since we began our monitoring in April 2007.

The project released its fourth Special Project Report (SPR) on March 1, 2012, to update information in prior SPRs regarding FI\$Cal's costs, schedule, benefits, and cost savings, and to announce that the project is ready for implementation. The project also announced that Accenture plc was the project's winning fit-gap vendor and is its selected systems integrator, with a proposed five-year contract for \$213.1 million. Statute requires the project to submit a report to the Legislature with specified information about the selected system integrator and alternative implementation approaches, 90 days before entering a contract with the system integrator. The project submitted the FI\$Cal legislative report on March 2, 2012. The remainder of this letter report provides our review of selected information in the fourth SPR, including FI\$Cal's updated cost estimates and proposed funding option, projected benefits, revised project schedule and implementation approach, and envisioned risks and assumptions. This letter report also provides status updates on topics that we have previously reported on.

We will continue to monitor and report on these topics in addition to others that come to our attention, at a minimum, before January 10 each year.

Respectfully submitted,

ELAINE M. HOWLE, CPA  
State Auditor

Above report referred to the Committee on Business, Professions and Consumer Protection.

## California State Auditor

2012-042  
July 12, 2012

*The Honorable Speaker of the Assembly  
The Honorable Members of the Assembly  
of the Legislature of California  
State Capitol, Room 3196  
Sacramento, California*

Members of the Assembly: As authorized by California Health and Safety Code, sections 1179.25 and 1179.58, the California State Auditor presents this audit report concerning the Children's Hospital Program (program).

This report concludes that the California Health Facilities Financing Authority (authority), which administers the program, complied with laws and regulations related to awarding grants for eligible hospitals to construct or improve children's facilities. Further, the authority has a process for monitoring grants and has processed payments to grantees in accordance with the law. However, the authority's administration of the program could be more efficient. The authority requested bond sales that were in excess of its cash needs at a time when California's credit rating was low and interest-rate volatility was high. As a result, the State paid as much as \$16 million in interest annually on the idle capital while the State was facing cash shortfalls.

Although the authority could not have foreseen or mitigated all of the circumstances that led to an excessive fund balance, its estimates of cash needs have consistently been well above actual disbursements. This pattern, as well as some hospital project delays that it could have anticipated, indicate that the authority needs to revise the way it makes yearly projections of cash needs. In particular, the authority currently includes in its estimates the projected cash needs of hospitals that have not yet submitted a project application for approval.

Respectfully submitted,

ELAINE M. HOWLE, CPA  
State Auditor

Above report referred to the Committee on Health.

## California State Auditor

2012-008  
July 31, 2012

*The Honorable Speaker of the Assembly  
The Honorable Members of the Assembly  
of the Legislature of California  
State Capitol, Room 3196  
Sacramento, California*

Members of the Assembly: The California State Auditor presents this audit report of the State Treasurer's Office statement of securities accountability as of December 31, 2011.

The statement of securities accountability presents securities owned by or pledged to the State directly, and securities held for safekeeping. The State Treasurer's Office is responsible for the safekeeping of all securities held in the treasury or other depositories. It is not responsible for securities owned by or pledged to the University of California, or for securities in other depositories owned by or pledged to the Public Employees' Retirement System, the State Teachers' Retirement System, the Legislators' Retirement System, or the Judges' Retirement System. The statement is prepared solely for purposes of accountability. The dollar amounts represent various values, including par value or face value, original principal value, and current outstanding principal balances. They do not represent cost or market value and should not be used to determine the value of investments owned by, or pledged to, the State. We found that the statement presents fairly the securities accountability of the State Treasurer's Office as of December 31, 2011.

We conducted this audit to comply with the California Government Code, Section 13299.1.

Respectfully submitted,

JOHN F. COLLINS II, CPA  
Deputy State Auditor

Above report referred to the Committee on Banking and Finance.

The following letter of transmittal was presented by the Chief Clerk and ordered printed in the Journal:

California State Auditor

2011-120  
August 16, 2012

*The Honorable Speaker of the Assembly  
The Honorable Members of the Assembly  
of the Legislature of California  
State Capitol, Room 3196  
Sacramento, California*

Members of the Assembly: As requested by the Joint Legislative Audit Committee, the California State Auditor (state auditor) presents this audit report concerning the Department of Transportation's (Caltrans) management of the State Route 710 extension project parcels and properties (SR 710 properties). This report concludes that Caltrans has spent nearly \$22.5 million to repair the properties it owns between July 1, 2008, and December 31, 2011, which exceeds the rental income it collected by \$9.7 million. Caltrans charges the majority of the SR 710 property tenants rents that are on average 43 percent below market rate. By doing so, we estimate that Caltrans has foregone \$22 million in rental income between July 1, 2007, and December 31, 2011. Further, our legal counsel advises us that generally Caltrans' rental of the SR 710 properties at below-market rates may constitute a prohibited gift of public funds.

Caltrans has spent an average of \$6.4 million per year on repairs to SR 710 properties; however, it could not demonstrate that the repairs for many of the properties were reasonable or necessary. Caltrans maintains the SR 710 properties by either contracting directly with service providers or by requesting that the Department of General Services (General Services) complete specific repairs. However, Caltrans did not always perform annual inspections to determine whether repairs were necessary. Furthermore, Caltrans often authorized repairs that far exceeded the properties' potential rental income. Also, General Services exerts insufficient oversight over several project cost areas. For example, General Services' construction unit does not properly monitor its labor charges. General Services also did not follow state law and policies governing purchases from small businesses. We found that the owner of a small business that does a large amount of business with General Services is related to the owners of two other small businesses that General Services made purchases from, and these companies with related owners bid against each other. Consequently, other qualified suppliers may not have had a fair opportunity to participate in the competitive solicitation process.

As of March 1, 2012, Caltrans estimated that the market value of the SR 710 parcels was \$279 million, with single and multifamily residential parcels comprising \$238 million, or 85 percent, of the estimated market value. However, if the State were to deem these residential parcels as surplus and sell them in accordance with the state law known as the Roberti Bill, it could potentially receive only \$40 million, or 17 percent of their estimated market value. Further, if the SR 710 residential parcels were sold under the Roberti Bill, they would generate only a fraction of the property tax revenues that they would

otherwise if the State sold them at fair market value.

While Caltrans is determining whether it will proceed with the SR 710 extension project, the State could consider certain alternatives that would allow it to retain access to the right-of-way needed for the extension project. One option Caltrans could consider is contracting with one or more private contractors to provide property management services to maintain the SR 710 properties. Another option to consider is the establishment of a joint powers authority that would include Caltrans and the cities of Pasadena, South Pasadena, and Los Angeles to manage the SR 710 properties.

Respectfully submitted,

ELAINE M. HOWLE, CPA  
State Auditor
