It is the duty of the Legislative Bill Room at each session to file for distribution for the use and convenience of the Members of the Legislature all bills, resolutions, journals, histories and other documents ordered by the Senate or Assembly. Legislative bills and publications are also available to the general public for free distribution, not to exceed two copies of any such bill or publication. **LEGISLATIVE REFERENCE SERVICES**

**CALIFORNIA STATE LIBRARY**

**Library and Courts Building, Capitol Avenue Between 9th and 10th Streets  
Hours: Monday-Friday, 8 a.m. to 5 p.m.**

The State Library offers the resources of its collection of some 620,000 volumes.

The Administrative-Legislative Reference Service answers informational questions and does limited research for legislators and the legislative staff, and assists them in their use of the library. The service compiles bibliographies on any requested subjects; it prepares monthly and distributes to all legislators an annotated list of recent publications relating to studies of legislative committees. In assisting legislators, it utilizes the facilities of all sections of the library and the special knowledge of their librarians. Legislators may channel all their requests through the Administrative-Legislative Reference Service, or if they prefer, apply directly to any of the other public sections of the library; these sections are described below.

The California Section provides books and other materials on the history, description, resources and industries of the State.

The Government Publications Section offers official documents of Federal, State, county, municipal, and foreign governments. It maintains complete files of the Journal of the California Legislature and an extensive collection of other California state publications.

The Law Section maintains the bills and journals of previous sessions of the California Legislature, and the statutes and court reports of other American states, the United States, Great Britain, Canada, and Australia. It makes available compiled laws on a wide variety of subjects and the bills, reports, calendars, and proceedings of the current session of Congress.

The Reference Section, which provides library assistance to the general public, is equipped to supply information along lines of general interest: history, economics, sociology, science, technology, and current events. About 2,000 current magazines provide the latest information on subjects in their fields.
