PREPRINT SENATE BILLS—1975-76 SESSION

Preprint S.B. No. 1—Song.

An act to amend Section 23126 of the Vehicle Code, relating to drunk driving

LEGISLATIVE COUNSEL'S DIGEST

Preprint SB 1, as proposed, Song. Drunk driving: blood alcohol level: presumption. Existing statutory law establishes a presumption, for purposes of criminal proceedings, that any person who had 0.10 percent or more by weight of alcohol in his blood was under the influence of intoxicating liquor at the time he was alleged to have been driving under the influence of intoxicating liquor. The use, as evidence, of a lesser blood alcohol level is also specified.

This bill would increase such blood alcohol level, for purposes of this presumption, to 0.15 percent or more and would make a related change.

Vote: majority. Appropriation: no. Fiscal committee: no. State-mandated local program: no.

Introduced on March 26, 1975.

Preprint S.B. No. 2—Nejedly.

An act to amend Sections 2004 and 2200 of, to amend the heading of Chapter 2 (commencing with Section 2200) of Division 2 of, to add Sections 2005, 2006, 2007, 2008, and 2621.6 to, to add Chapter 9 (commencing with Section 2710) to Division 2 of, and to repeal and add Article 3 (commencing with Section 660) of Chapter 2 of Division 1 of, the Public Resources Code, relating to mining and geology

LEGISLATIVE COUNSEL'S DIGEST

Surface mining and land reclamation.

There is under existing statutory law the State Mining and Geology Board in the Division of Mines and Geology of the Department of Conservation, vested with certain powers and duties with respect to mining and geology.

This bill would prescribe a different composition and organization for the board. The new board would generally succeed to the powers and duties of its predecessor board, but would be vested with additional powers and duties governing surface mining operations and reclamation.

The bill would enact a new law, the Surface Mining and Reclamation Act of 1975, to govern surface mining operations and provide for the reclamation of mined lands. The bill would, by such provisions, declare legislative intent and define terms; permit the board to establish districts throughout the state and to appoint technical advisory committees for such districts; provide for the adoption by the board of a state policy concerning surface mining operations for utilization by local governmental entities, require the Secretary of the Resources Agency, with the cooperation of the Office of Planning and Research, to inventory the mineral resources of the state; and provide for the submission of reclamation plans to, and issuance of permits by, local entities to persons engaging in surface mining operations.

The bill would also create the Geologic Hazards Technical Advisory Committee, prescribing its composition and duties, and would define and redefine various terms pertaining to mining and geology.

The bill would further provide that neither an appropriation is made nor an obligation created for the reimbursement of any local agency for any costs incurred by it pursuant to the act.

Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: no state funding

Introduced on April 7, 1975

Preprint S.B. No. 3—Song.

An act to amend Sections 682, 683, 690.50, and 710 of, to add Chapter 2.5 (commencing with Section 723.010) to Title 9 of Part 2 of, and to repeal Sections 682.3 and 690.6 of, the Code of Civil Procedure, to add Section 25750 to the Government Code, to amend Section 300 of the Labor Code, and to amend Section 11489 of the Welfare and Institutions Code, relating to wage garnishment.

LEGISLATIVE COUNSEL'S DIGEST**Wage garnishment.**

Existing law provides procedures for the garnishment of the wages of a judgment debtor. Such a levy is of a continuing nature, except in cases where the debtor is a public employee. Designated earnings of the debtor for personal services necessary for the support of the debtor's family are exempt from execution except when the debt was incurred for necessities or for personal services rendered by an employee or former employee.

This bill would enact the "Employees' Earnings Protection Law" which, except with respect to enforcement of judicially declared child support obligations would provide an exclusive procedure for wage garnishment for a maximum 130 day continuous period. Among other things, it would provide that service of such an order upon an employer may be either by personal service or by mail and that priority shall be given to orders for child or spousal support over other earnings withholding orders. It would specify the maximum amount, based on earnings, that may be withheld per workweek. It would also provide for an exemption from execution for that portion of a debtor's earnings proven necessary for the support of the debtor or his family unless the debt was incurred for personal services of an employee or former employee.

It would also make related and conforming changes.

Finally, it would state that no reimbursement is made to local agencies for costs incurred by virtue of the act because the act provides self-financing provisions.

Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: no.

Introduced on May 14, 1975

Preprint S.B. No. 4—Rains.

An act to add Division 12.1 (commencing with Section 14500) to the Public Resources Code, relating to beverage containers.

LEGISLATIVE COUNSEL'S DIGEST

Beverage containers: refund value: reuse and recycling.

Existing law does not require that containers for beer or other malt beverages and mineral waters, soda water and similar soft drinks must have a refund value.

This bill would require that beverage containers, as defined, for such beverages must have a refund value of not less than five cents and that certified beverage containers, as specified, must have a refund value of not less than two cents. It would also prohibit dealers from refusing to accept and pay the refund value on specified containers from consumers, and would prohibit distributors from refusing to accept and pay the refund value on such containers from dealers, and would prohibit manufacturers from refusing to accept and pay the refund value on such containers from distributors. The bill would require specified beverage containers sold or offered for sale in this state by a dealer to have the refund value of the container clearly indicated thereon. The bill would make the violation of any of such requirements punishable by a \$500 fine.

Under this bill, the State Solid Waste Management Board would be authorized to certify refillable and nonrefillable containers, as defined, according to specified standards, to promote uniformity of design for return of containers for reuse. Refillable containers which are reusable, due to design or symbols or words, only by a manufacturer of a specific brand could not be certified. Procedures for certification and withdrawal of certification by the board would be specified.

The bill would further permit any person to establish a redemption center, subject to the approval of the board, at which any person could return empty beverage containers and receive the refund value for such containers. Procedures for such approval would be specified.

The bill would require the Legislative Analyst to study the bill's operation, economic impact, problems, effectiveness, and costs in enforcement and to make a report to the Legislature of his findings and recommendations prior to January 1, 1979.

The bill would become operative on January 1, 1977, but would require the board to adopt rules and regulations prior to such date and would permit applications and certifications re certified beverage containers and redemption centers to be made prior to such date.

Finally, the bill would provide that neither appropriation is made nor obligation created for the reimbursement of any local agency for any costs incurred by it pursuant to the bill.

Preprint S.B. No. 5—Robbins.

An act to add Article 6 (commencing with Section 30880) to Chapter 6 of Part 3 of Division 10 of the Public Utilities Code, and to add Section 7351.2 to the Revenue and Taxation Code, relating to taxation.

LEGISLATIVE COUNSEL'S DIGEST

Public transportation: taxation: Southern California Rapid Transit District

(1) Under existing law, no city, among others, may impose an income tax; and the rate of sales and use taxes imposed by cities, under the Bradley-Burns Uniform Local Sales and Use Tax Law, is 1%.

This bill would authorize the governing body of any city within the Southern California Rapid Transit District to impose an additional sales and use tax at a rate not to exceed $\frac{1}{2}$ of 1%, or an occupational tax, or both, within the city, if a proposition granting the governing body such authority is submitted to the voters of the city and is approved by a majority of the votes cast on the proposition.

The bill would require the governing body of a city imposing the above taxes to use the revenues derived therefrom, after deductions for administrative expenses, to provide additional public transportation services, or to contract with the district for public transportation services, or both, within the city.

(2) Under the Motor Vehicle Fuel License Tax Law, the present gas tax rate is 7 cents per gallon. No city is authorized to impose a tax under that law.

This bill would authorize the City of Los Angeles to impose an additional tax not to exceed 1 cent per gallon on motor vehicle fuel distributed within the city, if a proposition granting the city such authorization is submitted to the voters of the city and is approved by the majority of the votes cast on the proposition. The city could only use the net revenues it receives from the tax to provide additional public transportation services, or to contract with the district for public transportation services, or both, within the city.

(3) Under existing law, the State Board of Equalization administers the Sales and Use Tax Law, including the Bradley-Burns Uniform Local Sales and Use Tax Law, and the Motor Vehicle Fuel License Tax Law.

This bill would require the board to administer the additional sales and use taxes and the additional motor vehicle fuel tax, and the board would be reimbursed for its cost in administering such taxes.

An act to add Section 851.8 to the Penal Code, relating to sealing of records

LEGISLATIVE COUNSEL'S DIGEST

Existing law delineates procedures for the sealing of records of persons arrested while they were minors for misdemeanors under designated circumstances.

This bill would authorize any person arrested due to mistaken identity to have his records of arrest, detention, and any other proceedings sealed under specified conditions.

It would also provide that neither appropriation is made nor obligation is created for the reimbursement of any local agency for any costs incurred by it pursuant to the act.

An act to add Chapter 6 (commencing with Section 12500) to Division 8 of the Elections Code, relating to elections.

LEGISLATIVE COUNSEL'S DIGEST

Elections: public campaign financing.

Present law now provides no public financing of campaigns for public office.

The bill would provide for partial funding of campaigns for partisan offices through reimbursement from public funds. The bill would provide partial funding for general, primary, and special runoff elections, and place limitations on expenditures and contributions on behalf of candidates for such offices.

The bill would place administration of the reimbursement program with the Fair Political Practices Commission.

The bill would provide for civil and criminal penalties for violation of the act. The Attorney General and the district attorney of any county in which a violation occurs would have concurrent powers and responsibilities for enforcing criminal provisions of the act.

The bill would permit a candidate for the Legislature to submit a statement of issues and qualifications to the county clerk and Secretary of State to be distributed to the voters in the district in which he is seeking election. The statement must be signed by the candidate under penalty of perjury. Copies of the statements shall be made available at the polling places for distribution to interested voters.

The bill declares that neither appropriation is made nor obligation created for reimbursement to any local agency for any costs incurred by it pursuant to this act.

An act to amend Sections 8200, 8201, 8201.5, 8202, 8202.5, 8202.6, 8203.4, 8204, 8205, 8206, 8207, 8208, 8209, 8211, 8211.5, 8212, 8213, 8213.5, 8214, 8214.1, 8215, 8216, 8217, 8218, 8219.5, and 12197.1 of, to add Sections 8201.1, 8211.9, 8211.10, 8214.3, 8214.4, 8214.5, 8214.6, 8214.7, 8220, 8221, 8222, 8223, 8224, 8225, 8226, 8227, 8228, 8229, and 8230 to, and to repeal Section 8210 of, the Government Code, relating to notaries public, and making an appropriation, therefor.

LEGISLATIVE COUNSEL'S DIGEST

Notaries public

(1) The existing law requires that a notary public keep a record containing specified information.

This bill would revise such provisions to require a notary public to keep a bound and sequentially page-numbered journal containing specified information.

(2) The existing law contains no express provisions requiring a notary public to respond within 10 days to written requests from the Secretary of State's office for information relating to official acts performed by the notary public.

The bill would require a notary public to respond within 10 days to written requests from the Secretary of State's office for information relating to official acts performed by such notary public and to furnish, to the Secretary of State's office, within 10 days certified copies, at no fee, of requested excerpts from the notary's journal or other documents related to the official acts of such notary public.

(3) Existing law specifies the fees a notary may charge for specified services.

This bill would provide that fees in excess of those specified shall not be charged and that any notary public found guilty of charging excess fees shall be subject to being fined, have the commission of notary public revoked, and be ineligible for reappointment. It would also require that every notary public who charges any fee for any notarial service post a schedule of such fees in a conspicuous place in public view at the notary public's place of business.

(4) Present law specifies several grounds upon which the Secretary of State may refuse to appoint, or revoke the commission of, a person as a notary public.

This bill would add the following additional grounds: any act of a notary public involving dishonesty, fraud, or deceit, with intent to substantially benefit the notary public, failure to complete the acknowledgment at the time the notary's seal and signature are affixed, taking the acknowledgment of any person who does not speak or understand the English language without translating the document into a language such person does understand.

(5) Existing law does not expressly make it unlawful for a notary public to affix his or her signature and official seal to any document when a document has not been personally signed before the notary public.

This bill would expressly make it unlawful for a notary public to do so and would specify a penalty for violation.

(6) The existing law contains no express provision expressly providing that if the Secretary of State determines that a notary public has committed or omitted acts which constitute grounds for suspension or revocation of the notary public commission, the resignation or expiration of the notary public commission shall not be a bar to instituting or continuing the investigation or instituting disciplinary proceedings.

This bill would expressly provide that even if a notary public is suspended or the notary's commission revoked, such is not a bar to further investigation or disciplinary proceedings.

(7) Existing law does not require the Secretary of State to notify the county clerk of the county in which the notary public's principal place of business is located when a notary's license is revoked.

This bill would require the Secretary of State to file such a copy of such revocation in such county.

(8) Existing law does not contain a specific provision expressly making it unlawful for a person whose commission as a notary public has expired to exercise the duties of notary public or for a person to hold themselves out as a notary public when such person is not a notary public.

This bill would contain specific provisions expressly making such acts unlawful and punishable by fine and make such person ineligible for appointment or reappointment as a notary public.

(9) The existing law requires that a notary public when advertising in Spanish that he is a notario publico by signs or other means of written communication, with an exception of a single desk plaque, post specified notice in English and Spanish relating to legal advice and the fees he may charge.

This bill would revise such provisions to require every notary public who advertises

the services of a notary public in any language other than English by signs or other means of written communication, with an exception of a single desk plaque, to post with such advertisement a specified notice in English and in the other language.

(10) The existing law requires that such notice be printed in block letters equal to two inches in height and be proportionate in width.

This bill would delete the height and width requirement and instead require that the printed notice be printed and posted as prescribed by the Secretary of State.

(11) The existing law contains no express provisions authorizing the Secretary of State to adopt rules and regulations to carry out specified provisions of the law relating to notaries public.

This bill would authorize the Secretary of State to adopt rules and regulations to carry out such specified provisions of the law.

(12) Existing law does not contain specific provisions making it unlawful for a person to knowingly destroy, deface, or conceal records belonging to a notary public, or wrongfully possess the official seal, original or official papers of a notary public.

This bill would expressly make such actions unlawful and specifies a penalty for violations.

(13) Existing law does not contain a specific provision making it unlawful for notaries public to advertise or hold themselves out as immigration specialists.

This bill would expressly make such unlawful and prescribe a penalty for violations.

(14) Existing law does not prohibit a notary public who has a financial or beneficial interest in a transaction from performing any notarial act in connection with the transaction.

This bill would prohibit any notary public who has, or may have, a financial or beneficial interest (as specified) in a transaction from performing any notarial act in connection with such transaction.

(15) Existing law does not authorize the Secretary of State to charge a fee for auditing the records of a notary public when a notary public has violated the provisions of law relating to the official acts of a notary public.

This bill would authorize the Secretary of State to impose an audit fee on a notary public under such circumstances.

(16) Under existing law, the fee for issuing a commission as notary public is \$6.

This bill would delete such provisions and require the Secretary of State to establish by regulation, fees to cover the cost of commissioning notaries public and the enforcement of laws governing notaries public.

(17) The bill would make other technical changes to the law governing notaries public.

(18) The bill would also appropriate an unspecified amount to the State Controller to reimburse local agencies for costs incurred pursuant to the act.

LEGISLATIVE COUNSEL'S DIGEST

School finance.

(1) Under present law, public elementary and secondary education is supported by a combination of federal, state, and local funds. State funding is primarily derived from annual appropriations from the General Fund to Section A of the State School Fund for the support of kindergartens and grades 1 to 12, inclusive, in an amount equal to \$477.56 per unit of a.d.a. in such schools, and to Section B of the State School Fund for the support of community colleges in an amount equal to \$481.89 per unit of a.d.a. in such schools. These moneys are allocated for expenditure for specified purposes, with the major portion thereof being devoted to so-called "foundation program" support. The latter support category involves two forms of allowances, namely, "basic state aid" of \$125 per unit of a.d.a., a guaranteed minimum amount received by all school districts, and "state equalization aid," an additional amount computed with reference to a "foundation program" prescribed by law, which will accrue primarily to "low-wealth" school districts in amounts varying inversely with the level of assessed valuation of the districts per unit of a.d.a.

The other major source of revenue for the support of public elementary and secondary education comes from local property taxes that are levied and collected by the governing body of each county and city and county of the state. The basic factor in the computation is the revenue limit, which is derived from a cumulative series of computations applied to an amount established for a base year. The computed amount is expressed in terms of dollars per unit of a.d.a. It fixes the amount to be expended per unit of average daily attendance in the fiscal year to which it applies.

This bill would completely revise the derivation of the State School Fund by transferring thereto in fiscal year 1976-77, an amount equal to 50% of the total school district general fund and other agency expenditures within revenue controls for education per pupil in a.d.a. in the state for fiscal year 1975-76, as adjusted by a prescribed factor, and transferring thereto in succeeding fiscal years, an amount equal to the previous year's apportionment to the State School Fund as adjusted by a cost-of-living computation.

This bill would further revise the derivation of funds in the State School Fund by transferring thereto additional amounts appropriated thereto by the Legislature for various specified purposes and would transfer thereto an amount equal to 50% of the estimated cost of expended or new educational programs.

This bill would revise the amounts per a.d.a. to be apportioned from the State School Fund to school districts and county superintendents of schools for various specified purposes. This bill would also provide for an amount of \$30,000,000 to be apportioned to large unified school districts, and provides for the apportionment of \$0.20 per a.d.a. for purposes of mathematics improvement programs, an amount equal to 3% of the State School Fund (Section A) for purposes of the Education Improvement Act of 1969, \$6 per a.d.a. of the preceding fiscal year for allowances under the Miller-Unruh Basic Reading Act of 1965 not to exceed \$6,000,000, and the remainder of State School Fund, not specifically allocated, to be proportionately allocated to school districts on the basis of a.d.a.

This bill would increase State School Fund regular foundation program levels per pupil in a.d.a. of elementary schools, high schools, and community colleges and amounts for necessary small high schools.

This bill would require the Superintendent of Public Instruction and the Chancellor of the California Community Colleges, in any year in which the Legislature has not adjusted foundation programs, computation rates, and apportionments from the State School Fund, to make necessary adjustments to produce a balance distribution of funds required to be transferred to Section A of the State School Fund and Section B of the State School Fund, respectively.

This bill would increase allowances to school districts for purposes of the Educational

Improvement Act of 1969.

This bill would prescribe unspecified amounts for total support guarantee for physically handicapped, mentally retarded, severely mentally retarded, and educationally handicapped pupils.

This bill would provide that unallocated balances remaining in the State School Fund from amounts allowed to county school service funds shall be apportioned as additional state aide to districts receiving equalization aid, rather than reverting to the General Fund.

This bill would make necessary technical changes in the computation of school district revenue limits.

This bill would make numerous related changes.

(2) Under current law, school districts are authorized to levy and collect a tax for the purpose of making specified contributions to the Teachers' Retirement Fund.

This bill would increase the school district contribution to the fund commencing with 1977-78 fiscal year to 8% rather than 7.2% for such fiscal year and 8% for fiscal years thereafter, and would make provision for increased foundation program support for these purposes.

(3) Existing law imposes a state sales and use tax of 4.75%.

This bill would increase the amount of the state sales and use tax to 5.75% commencing with the 1976-77 fiscal year.

This bill would take effect immediately as an urgency statute, to become operative on July 1, 1976.

LEGISLATIVE COUNSEL'S DIGEST

Cigarette: taxation: increase.

Under existing law, a tax is imposed on the distribution of cigarettes at the rate of \$0.005 per cigarette, totaling \$0.10 per pack of 20 cigarettes. Thirty percent of the revenues from this tax, after refunds, is appropriated to the State Controller for allocation to cities and counties and the balance, with minor exceptions, is transferred to the State General Fund.

This bill would increase the cigarette tax \$0.001 per pack of 20 cigarettes on January 1, 1977. The revenues from such increase shall be transferred to the Tobacco Abuse Prevention Account in the General Fund, created herein.

This bill would take effect immediately as a tax levy and would become operative on January 1, 1977.

LEGISLATIVE COUNSEL'S DIGEST

Workers' compensation.

(1) The existing law excludes from the term "employer" for the purposes of workers' compensation any person while acting solely as a sponsor of a bowling team.

This bill would further exclude from such term any person while acting solely as a sponsor of any sports or athletic team.

(2) Existing law includes within the definition of "employee" for purposes of the workers' compensation law any person employed by the owner of a private dwelling whose duties are incidental to the ownership, maintenance, or use of the dwelling.

This bill would include such persons so employed only if they perform such duties for more than 20 hours per week for such employer.

(3) Existing law contains various exclusions from the term "employee" for purposes of the workers' compensation law.

This bill would exclude from such definition any person whose employment is both casual and not in the course of the trade, business, profession, or occupation of his employer.

(4) Existing law excludes from the term "employee" for such purposes any person, other than a regular employee, participating in sports or athletics who receives no compensation for such participation other than specified items.

This bill would limit such exclusion to those cases in which no admission charge is made for such sports or athletics.

(5) Existing law provides that an employee who has been hired or is regularly employed in this state and who receives personal injury by accident outside the state shall be entitled to workers' compensation.

This bill would remove the limitation that such personal injury be sustained by accident.

(6) Existing law specifies that, in computing annual average earnings for the purposes of temporary disability indemnity and permanent total disability indemnity, the average weekly earnings shall be taken at not less than \$52.50 nor more than \$178.50, and for purposes of permanent partial disability indemnity, at not less than \$30.00 nor more than \$105.00.

This bill would require the Employment Development Department to determine the average weekly wages in the State of California for the most recent period available. Such determination would be made annually and based upon the average weekly total wages paid in employment by all employers during the second calendar quarter of each year and adjusted each July 1st.

Commencing July 1, 1977, the average weekly earnings for workers' compensation would be taken at not less than fifty percent nor more than one hundred percent of the average weekly wages as so determined by the Employment Development Department.

(7) Existing law provides that, after 30 days from the date an injury is reported under the workers' compensation law, the employee may be treated by a physician of his own choice or at a facility of his own choice within a reasonable geographic area.

This bill would change from 30 days to 60 days from the date of injury the time after which the employee may be so treated.

(8) Existing law permits an employer to petition the administrative director of the Division of Industrial Accidents for a change of physician or chiropractor treating an employee.

This bill would also permit the employer or its insurer to object to any physician selected by an employee following such 60-day period by filing with the Workmen's Compensation Appeals Board a petition stating the employer's objections and the reasons therefor. The appeals board would, after notice and hearing, and upon good cause shown, be authorized to order the employee to discontinue treatment by such physician. Thereafter, the employee would be allowed to select another physician from whom the employee could seek treatment.

(9) Existing law provides that, in certain cases, medical and other treatment under the workers' compensation law shall not continue beyond five years after the date of injury unless the appeals board so orders.

This bill would specify that, once medical, surgical, chiropractic, or hospital treatment, or other specified treatment, has been provided an injured employee, the right of such employee to receive such treatment shall continue for the duration of the

injury, and for the duration of rehabilitation therefrom, without regard to the passage of time.

(10) Existing law provides that, if an injury causes temporary disability, the disability payment shall be made for one week in advance as wages on the fourth day after the injured employee leaves work as a result of the injury, except that, if the injury causes disability of more than 21 days or necessitates hospitalization, disability payment shall be made from the 1st day the injured employee leaves work or is hospitalized as a result of the injury.

This bill would provide, instead, that the disability payment shall be made for one week in advance as wages on the third day after the employee leaves work as a result of the injury, except in cases the injury causes disability of more than 14 days or necessitates hospitalization, the disability payment shall be made from the first day.

(11) Existing law provides that aggregate disability benefits for a single injury causing temporary disability shall not extend for more than 240 compensable weeks within a period of five years from the date of the injury.

This bill would provide, instead, that aggregate disability payments for a single injury causing temporary disability shall extend for the duration of the disability.

(12) Existing law provides a death benefit in workers' compensation cases of \$40,000, unless there is a surviving widow with dependent minor children, in which case the death benefit is \$45,000. The death benefit is paid in installments in the same manner and amounts as is temporary disability indemnity.

This bill would remove any limitations upon the maximum which may be paid for the death benefit, and would require installments to be paid for two years or until remarriage of the surviving spouse, with a specified lump sum payment to be made upon remarriage. No payments would be made to a widow or widower after two years after the date of death unless there are dependent children in the household, or the widow or widower is not earning an amount equal at least to the maximum biweekly death benefit payment then in effect. Dependent children would receive benefits until 18 years of age, or until 25 in designated circumstances.

(13) Existing law specifies that liability for workers' compensation shall not be reduced or affected by any insurance, contribution, or other benefit whatever due to or received by the person entitled to such compensation, unless otherwise provided.

This bill would specify that the workers' compensation death benefit would be reduced by the amount of any death benefits received by the deceased's dependents under the federal Social Security Act, to the extent that the deceased employee had not contributed to such Social Security benefits.

(14) This bill would appropriate an unspecified amount to the State Controller for allocation and disbursement to local agencies for costs incurred by them pursuant to this bill.

LEGISLATIVE COUNSEL'S DIGEST

Professional engineers.

Existing law, specifically the Professional Engineers Act, regulates professional engineers in the branches of chemical, civil, electrical, industrial, mechanical, metallurgical, and petroleum engineering and in such other engineering disciplines as are approved by the State Board of Registration for Professional Engineers. The act prohibits the practice of civil, electrical, and mechanical engineering without registration. However, it permits the practice of chemical, industrial, metallurgical, and petroleum engineering so long as the person engaging in such practice does not call himself a chemical, industrial, metallurgical, or petroleum engineer. To use one of these titles registration with the board is required.

This bill would add chemical engineering to the categories of civil, electrical, and mechanical engineering, the practice of which is prohibited in the absence of registration.

The bill would specifically authorize the board to designate engineering branches or disciplines and provides that only persons registered as chemical, civil, electrical, or mechanical engineers will be permitted to apply for and receive a certificate of authority for an engineering specialty title. However, the bill would permit any person registered in a field of engineering, other than chemical, civil, electrical, or mechanical at the time of enactment thereof, to continue to practice in the engineering branch in which he is registered.

Existing law exempts certificated architects and contractors, and real estate appraising, from the registration requirements under the Professional Engineers Act.

This bill would in addition provide that the act is not to be construed to prevent the practice of any other recognized profession which is defined by law, except that such definitions cannot effectively diminish the practice of engineering as defined in the act.

The bill would also add a requirement to the Professional Engineers Act that the state or any political subdivision thereof, or boards, commissions, authorities, officials, or employees thereof, shall not engage in the practice of engineering involving public or private property without the project being under the direct charge and supervision of a professional engineer.

Under existing law an applicant for registration as a professional engineer must be of good moral character and must furnish evidence of at least 6 years engineering experience.

This bill would delete the experience requirement and instead requires that an applicant (1) show he is a graduate of an engineering or related science curriculum approved by the board, (2) possess a valid certificate as an engineer-in-training or registration as a professional engineer in another state, territory or country, (3) furnish evidence of 8 years or more experience (successful completion of a 4 year curriculum will be counted as 4 years experience); and (4) successfully pass an examination. Total experience credit for educational qualifications could not exceed 6 years.

Under existing law, an applicant for certification as an engineer-in-training must be of good moral character and successfully pass an examination.

This bill would, in addition to the above requirements, require that such applicant show that he is a graduate of an engineering or related science curriculum approved by the board as being of satisfactory standing or show that he is in the final year of study in such a curriculum.

The bill would authorize the board to adopt and promulgate Rule of Professional Conduct for professional engineers.

The bill would also appropriate an unspecified amount to the State Controller for allocation and disbursement to local agencies for costs incurred by them pursuant to this act.

Preprint S.B. No. 15—Holden.

An act to add Chapter 7 (commencing with Section 12300) to, to repeal Article 4 (commencing with Section 12070) of Chapter 1 of, and to repeal Chapter 3 (commencing with Section 12350) of, Title 2 of Part 4 of the Penal Code, relating to handguns.

LEGISLATIVE COUNSEL'S DIGEST**Handguns.**

Under existing law dealers in concealable firearms are required to be licensed and to maintain a register of sales of such firearms in which all such sales except those to certain peace officers and governmental representatives are registered, with copies sent to state and local law enforcement officials. Also under existing law persons who order concealable firearms by mail must register the order in advance with local law enforcement authorities. Violation of the provisions is a misdemeanor.

This bill would repeal such provisions and would add provisions for the registration of handguns including, more specifically, the following:

(1) Reenactment of the provisions for licensing of dealers in substantially the same form as under existing law.

(2) Requirement for existing owners of handguns to register them under procedures provided with the Department of Justice, and to pay specified fees. Applications for registration may be transmitted to the department through local law enforcement authorities.

(3) Provisions requiring an application for registration to be submitted through local law enforcement authorities prior to the ordering of a handgun by mail. The handgun would then be delivered to such authorities rather than directly to the applicant. Mail orders may be made through a licensed dealer rather than law enforcement authorities.

(4) Provisions for the issuance of registration cards by the Department of Justice.

(5) Registration would be refused to minors, narcotic addicts, convicted felons, and mentally disordered persons.

(6) Provisions for the transfer of ownership of a registered handgun. Registration upon transfer by sale or otherwise by a dealer would be accomplished through the giving of notice of the transfer by the dealer to the Department of Justice.

(7) Provisions for the revocation of registration under specified circumstances.

(8) Provisions for the payment of specified fees, which would be paid to the credit of a newly created Handgun Control Fund.

This bill would provide that neither appropriation is made nor obligation created for the reimbursement of any local agency for any costs incurred by it pursuant to the bill.

An act to add Part 3.5 (commencing with Section 35000) to Division 10 of the Public Utilities Code, and to amend Section 199 of, and to add Sections 199.7 and 2102.5 to, the Streets and Highways Code, relating to transportation, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

LEGISLATIVE COUNSEL'S DIGEST

Los Angeles guideway system.

(1) Under existing law, state-imposed highway users tax revenues (i.e., gas tax, diesel tax, registration fees, weight fees, and driver's license fees) are allocated from the Highway Users Tax Account in the Transportation Tax Fund to counties and cities for highway and street purposes and, in those areas which have approved a local proposition to authorize the use of highway revenues for exclusive public mass transit guideway purposes, for such guideway purposes. Los Angeles County has approved such a proposition.

Under the Article XIX of the California Constitution, the formulas for the allocation of highway revenues may not be revised unless the revised allocation of such revenues, among other things, will give equal consideration to the transportation needs of all areas of the state consistent with the orderly achievement of adopted ground transportation goals in various plans, including the California Transportation Plan which has not been adopted.

This bill would enact the Los Angeles Mass Transit Guideway System Act of 1976 (hereafter referred to as the act) to reduce the allocations from the Highway Users Tax Account to Los Angeles County and to the City of Los Angeles and transfer the amount of the reduction to the Los Angeles Mass Transit Guideway System Account (hereafter referred to as the guideway account) in the Transportation Tax Fund, which the act would create, until \$100,000,000 has been so transferred, during the 1977-78 to 1986-87 fiscal years pursuant to a specified schedule.

(2) Under existing law, the California Highway Commission is authorized to allocate, for exclusive public mass transit guideway purposes in a city, county, or transit district, a specified percentage of its allocation of highway revenues in that city, county, or transit district if such revenues may be used for such purposes.

The bill would require the commission to likewise transfer, from the State Highway Account in the State Transportation Fund to the guideway account, a similar amount during the 1977-78 to 1986-87 fiscal years pursuant to the same schedule.

(3) The State Controller, in general, would allocate the funds in the guideway account to the Southern California Rapid Transit District, for the design and construction of a mass transit guideway system in the district, in an amount equal to that amount authorized to be released by the federal government for the system.

(4) The State Treasurer would be required to invest the funds in the guideway account as part of the Pooled Money Investment Account.

(5) The act would not become operative unless (a) the California Transportation Plan is adopted, (b) the State Transportation Board makes a finding that the system would be consistent with the orderly achievement of ground transportation goals in various plans, and (c) the act is approved as specified below.

(6) The Los Angeles County Board of Supervisors would be required to call a special election to be consolidated with the November 2, 1976, general election and submit the act to the voters of the district for approval unless, within 10 days after the act is chaptered, the board of supervisors and the Los Angeles City Council adopt resolutions disapproving submitting the act to the district voters.

(7) The act would be deemed approved if it receives a majority of all the votes cast in the district (including the City of Los Angeles) and also in the city.

(8) The bill also provides that neither appropriation is made nor obligation created for the reimbursement of any local agency for any costs incurred by it pursuant to this bill.

(9) The bill would take effect immediately as an urgency statute.

LEGISLATIVE COUNSEL'S DIGEST

Professional engineers.

Existing law provides for the registration of professional engineers in various specialty branches and provides for the regulation of such engineers.

This bill would substantially revise such provisions. The bill would revise the definition of the terms "engineer," "professional engineer," "engineering," and "engineering practice."

The bill would eliminate registration in the various specialty branches of engineering.

The bill would add provisions regulating the conduct of professional engineers.

The bill would revise the membership of the State Board of Registration for Professional Engineers by eliminating representation from the various branches of engineering. The bill would require the board to maintain 4 standing committees, including an engineer-in-training committee, a registration examination committee, and an ethics review committee. The bill would also authorize the board to establish professional engineers investigation committees.

The bill would create an Engineering Advisory Committee which is advisory to, and appointed by, the board.

The bill would require any person practicing engineering, as defined, to be registered including any person professing to be an engineer or is in responsible charge of engineering work.

The bill would revise various existing exemptions from registration.

The bill would revise the qualifications required for registration of a professional engineer.

The bill would make other various changes in the law relating to engineering.

An act to add Chapter 5 (commencing with Section 25121) to Division 18 of the Education Code, relating to universities and colleges

LEGISLATIVE COUNSEL'S DIGEST

California State University and Colleges

Under existing law, the Trustees of the California State University and Colleges are empowered to manage, administer, and control the institutions comprising the California State University and Colleges; to adopt rules and regulations for the government of their appointees and of the universities and colleges; to delegate authority to any officer, employee, or committee; and to provide by rule for the appointment, classification, terms, duties, pay, leave of absence, tenure, vacation, layoff, dismissal, demotion, suspension, sick leave, and reinstatement of employees.

Existing statutory law prescribes various requirements relating to the appointment, tenure, layoff, and dismissal of university and college employees.

This bill would authorize, and prescribe procedures for, the establishment of a collegial model of academic governance at any campus of the CSUC system, upon approval of a majority of the full-time regular teaching faculty thereof.

At a campus where a collegial model had been established, a campus academic senate, consistent with applicable statutes and policies of the California State University and Colleges, would be the sole policy making body in the "areas of self-governance," which would include:

- (1) Hiring, retention, tenure, promotion, assignment, and reassignment of faculty.
- (2) Budget preparation, revision, and allocation.
- (3) Degree programs and curriculum.
- (4) Academic freedom for faculty and students.
- (5) Organization of the university or college and its administrative units.
- (6) Faculty development, ethics, and discipline.
- (7) Selection and retention of administrative and academic administrative personnel.

At a campus where a collegial model had been established, the bill would:

- (1) Permit removal of the university or college president by a vote of the faculty.
- (2) Require academic administrators to be selected from regular full-time teaching faculty on a rotational basis.
- (3) Require participation by faculty and the academic senate in selection of the university or college president, and in the appointment and removal of administrators.
- (4) Specify various duties of the university or college president.
- (5) Provide the academic senate with continuing access to all records of the university or college, and to all communications which relate to any areas of self-governance.
- (6) Make the academic senate responsible for interpreting the meaning of policies established by the trustees and the application thereof on campus.

LEGISLATIVE COUNSEL'S DIGEST

Coastal resources.

The present California Coastal Zone Conservation Act of 1972, in effect until January 1, 1977, provides for the establishment of the California Coastal Zone Conservation Commission and six regional coastal zone conservation commissions, with prescribed membership, powers, and duties. The act requires the commission and regional commissions to perform designated planning functions in the coastal zone, as defined. Also, the act prohibits, with prescribed exceptions, developments within designated areas of the state's coastline without obtaining a permit from a regional commission or the commission on appeal.

This bill, in general, would do all of the following:

- (1) Enact the California Coastal Act of 1976.
 - (2) Declare legislative findings relating to California coastal resources.
 - (3) Prescribe policies of the state with respect to marine environment, land resources, development, public access, recreation and industrial development, and provide, generally, for carrying out such policies in connection with management of the coastal resources.
 - (4) (a) Establish, in the Resources Agency, the California Coastal Commission and six regional coastal commissions, and prescribe their membership, powers, and duties.
 - (b) Terminate each regional commission within 30 days after the last required local coastal program has been certified, as prescribed, or on January 1, 1981, whichever is the earlier date.
 - (5) Designate the commission as the successor in interest to all remaining obligations, powers, duties, responsibilities, benefits, and interest of the California Coastal Zone Conservation Commission or any regional coastal zone conservation commission established under the California Coastal Zone Conservation Act of 1972.
 - (6) Provide for the preparation of local coastal programs, by each city or county lying within the coastal resource management area, as defined, and for approval and certification of any such program by an appropriate regional commission or the commission, respectively, in conformity with the policies of the state set forth in this bill.
 - (7) Require, with prescribed exceptions, any person wishing to perform or undertake any development on or after effective date of this bill, within designated areas, to obtain a permit authorizing such development from the applicable local agency if the local agency has adopted specific procedures or, if not, from a regional commission or the commission, as prescribed, which would have to meet prescribed requirements, and, in addition, require that a separate permit be obtained from a regional commission or the commission for certain prescribed developments.
 - (8) Terminate, with prescribed exceptions, the permit authority of the commission or regional commission over any development proposed within the area covered by a local coastal program which has been certified and becomes effective, and delegate such authority to the appropriate city or county implementing such local coastal program.
 - (9) Provide for judicial review, for penalties, for the issuance of cease and desist orders, and for the imposition of civil fines, including exemplary damages, in connection with the provisions of this bill.
 - (10) Provide for specific policies and procedures for governing designated ports in the state.
 - (11) Revise the existing law as to the jurisdiction of certifying sites and related powerplant facilities to be located within the coastal resource management area, as defined, of the coastal zone.
 - (12) Provide that there is no appropriation for the 1976-77 fiscal year pursuant to Section 2231 of the Revenue and Taxation Code, and declare legislative intent that all direct planning and regulating costs to local governments shall be reimbursed by the state. Provide procedure for review of claims submitted by any local government by the State Controller.

LEGISLATIVE COUNSEL'S DIGEST

Private educational institutions.

Existing law provides a procedure for private postsecondary institutions to secure authorization to issue diplomas and degrees from the Superintendent of Public Instruction or the State Board of Education, as designated.

This bill would revise and recast such procedure, including vesting in the Council for Private Postsecondary Educational Institutions the powers presently given to the Superintendent of Public Instruction and the State Board of Education.

Taxation: business inventory.

Under existing law, with specified exceptions, business inventories are subject to property taxation, the same as all other taxable property, except that 50% of the assessed value of business inventories is exempt from such taxation. State funds are continuously appropriated to compensate local governments for revenues lost by reason of such exemption.

This bill would authorize an alternate method for determining the value of business inventories by permitting businesses, which have been doing business in the state for 5 consecutive years immediately before January 1, 1977, to compute the value of their inventories by an assumed value formula, rather than the actual value of the inventory on the lien date.

The bill would also require the Controller to report the amount of claims of local agencies for state reimbursement of property tax revenues lost as a result of this enactment and would appropriate an unspecified amount to the Controller for allocation and disbursement to local agencies for costs incurred by them pursuant to this act.

Preprint SB 23, as proposed, Robbins Tax reform.

The existing law does not provide for a commission in the state government relating to tax reform.

This bill would establish a California Commission on Tax Reform consisting of 23 persons appointed as specified.

This bill would specify functions, duties and powers of such commission, including conducting hearings on tax reform and reporting the determinations of such hearings to the Legislative, and would continuously appropriate from the General Fund to such commission \$500,000 per fiscal year.

Existing law establishes certain limits on the property tax rate which local agencies may levy, with specified exceptions.

This bill would provide that local agencies may not increase property tax rates and assessments until on or after January 1, 1979, with certain exceptions.

LEGISLATIVE COUNSEL'S DIGEST

Preprint SB 24, as proposed, Robbins. Property taxation: assessments.

Under the existing homeowners' property tax exemption, \$1,750 of the assessed value of a qualified dwelling is exempt from property taxation, and certain owner-occupied single-family dwellings are assessed on the basis of their existing use, rather than on their highest and best use. Moreover, the existing Senior Citizens Property Tax Assistance Law provides for payments of state funds to persons of moderate means who are 62 years of age or older on the basis of their household incomes and the amount of property taxes which they pay on their homesteads.

This bill, in addition, would provide for the assessment of single-family dwellings occupied by an owner thereof as his principal place of residence on the basis of the cost of acquiring such dwellings, plus the cost of improvements requiring a building permit subsequent to such acquisition.

This bill would also require the Controller to report to the Legislature on the amount of claims for reimbursement from county auditors for property tax revenues lost by reason of the new assessment procedure, but would disclaim any liability for increased costs to local government for a specified reason.

The bill would only become operative if an unspecified Senate Constitutional Amendment is approved by the voters, in which case, it would become operative on the lien date in 1977.

LEGISLATIVE COUNSEL'S DIGEST

Property taxation maximum rate limitation.

Under existing law, with minor exceptions the maximum basic property tax which a local agency may levy is the rate which the agency levied in either the 1971-72 or the 1972-73 fiscal year, at the option of the governing body's governing body; or an alternative method of determining the local agency's maximum rate may be used which takes into consideration increases in the cost of living and the local agency's population in excess of the increase in the local agency's assessed value.

This bill would instead provide that the maximum property tax rate which may be levied by a local agency is the rate which produces the amount of property tax revenue which, when added to the revenue from the unsecured roll, would be received by the agency in the current fiscal year if its last year's revenue were to change by a percentage equal to the percentage change in population of the agency and the percentage change in the cost of living.

Water allocations.

Existing law provides for construction of facilities for flood control and conservation and for the transportation of water from the normal water surplus areas of northern California to the water shortage areas of southern California. Such deliveries are subject to the laws relating to water rights, including appropriative and riparian water rights, and contracts for repayment of state funds expended for the conservation and transportation facilities. The existing law also provides that appropriative rights to water held by the state shall not be released nor assigned which will deprive the watershed in which the water originates of any such water necessary for the beneficial needs of the watershed or the area immediately adjacent thereto, or any of the inhabitants or property owners therein.

This bill would, in the event rationing or restrictions on uses of residential, municipal, manufacturing, or industrial use of water is imposed in an agency wholly or in part in the watershed of any facility of the State Water Resources Development System and which is wholly or in part north of the Sacramento-San Joaquin Delta because of inadequate natural and conserved supplies, require agencies receiving water from the State Water Resources Development System to be subject to the same rationing or restrictions on such uses as determined by the Department of Water Resources to be necessary to equitably apportion the water from the system throughout the state.

LEGISLATIVE COUNSEL'S DIGEST**School finance.**

Under existing law, school district governing boards are generally required to maintain the property of the district using the general fund of the district therefor.

This bill would require the governing board of elementary, high, and unified school districts to establish a "district maintenance account" in the general fund of the district for the adequate and reasonable repair or maintenance of certain school property, and would provide that if specified minimum amounts per average daily attendance are deposited into the fund an additional apportionment of \$5 per unit of average daily attendance would be made to the district for deposit into the account until June 30, 1983.

This bill would also increase by \$5 the maximum basic amount per specified unit of statewide a.d.a. to be transferred from the General Fund to Section A of the State School Fund and would provide for the expenditure of that amount for making the additional apportionments provided for by this bill. Such apportionments would be made until June 30, 1983.

Current federal law provides a program of student loan insurance for students or lenders who do not have reasonable access to a state or private nonprofit program of student loan insurance, and to pay a portion of the interest on loans to qualified students, who have been accepted for enrollment or who are attending in good standing certain eligible educational institutions, which are made by a state.

This bill would authorize the Student Aid Authority, established pursuant to this bill, to apply to the United States Office of Education to be a lender under the Federal Student Loan Insurance Program and to make federally insured student loans under such programs and to contract with the State Student Aid Commission or one or more private institutions to administer such loans.

This bill would prescribe the membership of the authority and empower the authority to, among other things, borrow money and to issue revenue bonds and notes payable from the repayment of student loans with interest.

This bill would appropriate an unspecified amount from the General Fund to the Student Aid Authority for commencing a student loan program. Such funds to be repaid from the sale of revenue bonds and notes.

Occupational safety and health.

Under the California Safety and Health Act of 1973, the Division of Industrial Safety is responsible for enforcing all occupational safety and health standards and orders and special orders with respect to employment and places of employment. The Division of Industrial Safety is authorized to request the State Department of Health to assist in the conduct of inspections or investigations with respect to occupational health programs and problems.

This bill would give the State Department of Health all enforcement authority with respect to occupational health standards and delete such authority from the Department of Industrial Relations and Division of Industrial Safety. The state department would be given the same powers, duties, and responsibilities with respect to the enforcement of occupational health standards as the Division of Industrial Safety has with respect to occupational safety standards, and would be subject to the same procedures. LEGISLATIVE COUNSEL'S DIGEST

Economic poisons, assessments: distribution

(1) Under the existing law, a registrant of economic poisons is required to pay to the Director of Food and Agriculture an amount of not more than \$0.008 per dollar of sales for all sales of his registered and labeled economic poisons for use in this state to provide revenue for enforcement of designated provisions relating to pesticides.

This bill would increase such maximum assessment fee to \$0.010 per dollar of sales for all sales of his registered and labeled economic poisons for use in this state.

(2) Under the present law, the director is required to pay $\frac{1}{4}$ of the money derived from such assessment fees on the sale of registered and labeled economic poisons to the counties as reimbursement for costs incurred by them in the administration and enforcement of designated provisions relating to pesticides.

This bill would, instead, require the director to transfer to the State Department of Health a portion of the money received from such assessment fees equivalent to \$0.001 of such assessment levied on the sale of registered and labeled economic poisons, as reimbursement for costs incurred by that department in complying with designated pesticides and worker safety provisions. The bill would also require the director to transfer to the Department of Industrial Relations a portion of the money received from such assessment fees equivalent to \$0.001 of such assessment for prescribed purposes in connection with protection of farm workers from occupational illness due to exposure to pesticides and other related substances.

This bill would further require the director to pay $\frac{1}{2}$ of the remainder of the money derived from such assessment fees on the sale of registered and labeled economic poisons to the counties as reimbursement for costs incurred by them in the administration and enforcement of designated provisions relating to pesticides.

Existing law makes no provision for the establishment or funding of marital violence project centers.

This bill would provide for the establishment and funding of a marital violence project center. The Director of Health would contract with public or private agencies for the purpose of funding one pilot project center for victims of marital violence. The director would establish standards for the expenditure of state funds for the establishment and support of the center. Institutions would be selected from a list of eligible institutions submitted by an unspecified entity. The director would periodically review the performance of the center to determine if the grants should continue, or whether another center should receive grants.

The bill would specify the primary purposes of the center and would specify required programs for the center. The bill would also require the center to submit reports to the director, and would require the director to submit reports to the Legislature.

A resolution to propose to the people of the State of California an amendment to the Constitution of the state, by adding Article XXIX thereto, relating to renter tax assistance.

LEGISLATIVE COUNSEL'S DIGEST**Taxation: renter assistance.**

The existing Constitution exempts \$7,000 from the full value of a dwelling occupied by an owner as his principal place of residence, and provides that if the Legislature increases the exemption it shall provide increases in benefits to qualified renters comparable to the average increase in the benefits to homeowners, as calculated by the Legislature. Additionally, the Legislature has provided, under the Senior Citizens Property Tax Assistance Law for the payment of state funds, based on income, to qualified persons 62 years of age or older as partial reimbursement to such persons for property taxes paid on their homes. Existing statutory law also provides for income tax credits and direct payments to qualified renters, regardless of age, ranging from \$25 to \$45.

This measure, if approved by the voters, would require the state, on or before January 1, 1978, to provide benefits to qualified senior citizen renters as defined by law, comparable to the property tax benefits given to senior citizen homeowners by (1) direct reductions, credits or rebates of state taxes, (2) issuance of warrants usable to pay rent and property taxes on dwellings, or (3) an exemption from property taxation of rented dwellings occupied by senior citizens as their principal place of residence. The measure would also require the state to provide such benefits to qualified renters, regardless of age, on or before January 1, 1980, and would provide that in the event that the Legislature does not implement such provisions on or before the date specified, any person renting his principal place of residence or any lessor of a dwelling which is the principal place of residence of an occupant may bring an action in the Superior Court to enforce these provisions.

Vote: $\frac{2}{3}$. Appropriation: no. Fiscal committee: yes. State-mandated local program: no. Introduced on June 23, 1975.

S.C.A. No. 2—Holden.

A resolution to propose to the people of the State of California an amendment to the Constitution of the state, by amending subdivision (k) of Section 3 of Article XIII, thereof, relating to homeowner's property tax exemption.

LEGISLATIVE COUNSEL'S DIGEST**Homeowners' property tax exemption**

Existing provisions of the Constitution exempt \$7,000 of the full value of a dwelling occupied by an owner as his principal residence, and authorize the Legislature to increase such exemption.

This measure would limit the amount to which such exemption could be increased.

Vote: $\frac{2}{3}$. Appropriation: no. Fiscal committee: no. State-mandated local program: no. Introduced on August 23, 1976.

S.C.A. No. 3—Robbins.

A resolution to propose to the people of the State of California an amendment to the Constitution of the state, by amending Section 9 of Article XIII thereof, relating to property taxation.

LEGISLATIVE COUNSEL'S DIGEST**Property taxation: assessments.**

Under the existing Constitution, the homeowner's property tax exemption exempts \$7,000 of the full value of qualified owner-occupied dwellings for purposes of property taxation and also authorizes the Legislature to provide for the assessment of certain owner-occupied single-family dwellings on the basis of existing use, rather than highest and best use. Moreover, the existing Senior Citizens Property Tax Assistance Law provides for payments of state funds to persons of moderate means who are 62 years of age or older on the basis of their household incomes and the amount of property taxes which they pay on their homesteads.

This measure, in addition, would authorize the Legislature to provide for the assessment of owner-occupied single-family dwellings on the basis of the cost of acquisition of such dwellings and the cost of any improvements to the property subsequent to such acquisition requiring a building permit.

Vote: $\frac{2}{3}$. Appropriation: no. Fiscal committee: no. State-mandated local program: no. Introduced on September 24, 1976.

S.C.A. No. 4—Robbins.

A resolution to propose to the people of the State of California an amendment to the Constitution of the state, by adding Section 40 to Article XIII, relating to taxation.

LEGISLATIVE COUNSEL'S DIGEST**Property taxation.**

Existing provisions of the California Constitution require that all property be assessed at the same percentage of fair market value and taxed in proportion to its full value.

This measure would authorize the Legislature to prohibit local agencies from increasing the assessed value of property for property tax purposes, for a period not to exceed two years.

Vote: $\frac{2}{3}$. Appropriation: no. Fiscal committee: no. State-mandated local program: no. Introduced on September 24, 1976.

S.C.A. No. 5—Robbins.

A resolution to propose to the people of the State of California an amendment to the Constitution of the state, by amending subdivision (k) of Section 3 of, and by repealing Sections 21, 22 and 25 of, and by adding Article XIII A thereto, relating to taxation

LEGISLATIVE COUNSEL'S DIGEST**Property taxation: rate: owner-occupied dwellings**

Under the existing State Constitution, with minor exception, all property subject to property taxation must be assessed at a uniform percentage of its fair market value and taxed at a uniform rate of tax. The Constitution does provide for the homeowner's exemption, an exemption of a minimum of \$7,000 of the value of owner-occupied dwellings.

This measure, if approved by the voters, would increase the homeowner's property tax exemption to \$20,000, to be adjusted annually, and would provide for an additional property tax exemption of 20% of the value of any dwelling.

This measure would repeal provisions requiring the state reimbursement of local government for revenues lost because of the homeowner's property tax exemption.

This measure would also prohibit the use of property tax revenues for social welfare costs or for costs of education, except as specified.

Existing provisions of the State Constitution require a majority vote of the two houses of the Legislature for passage of state tax legislation.

This measure would require a two-thirds vote of the two houses of the Legislature for passage of any bill that increases state tax revenues.

Vote: $\frac{2}{3}$. Appropriation: no. Fiscal committee: no. State-mandated local program: no. Introduced on October 6, 1976.

GOVERNOR'S REORGANIZATION PLANS—1975

(Page numbers refer to Senate and Assembly Journals for 1975-76 Regular Session)

No. 1—Relating to environmental quality.**LEGISLATIVE COUNSEL'S DIGEST**

Executive reorganization: environmental quality.

There is, under existing law, the State Solid Waste Management Board, the State Air Resources Board, and the offices of the chairman and of the executive officer of the State Air Resources Board. There is also, under existing law, the Resources Agency, the Office of the Secretary of the Resources Agency, the Department of Consumer Affairs, the State Water Resources Control Board, and the California regional water quality control boards. The Department of Consumer Affairs has, among other functions, certain powers and duties with respect to a mandatory vehicle emission inspection and testing program.

This bill would create the Environmental Quality Agency and the office of the Secretary of the Environmental Quality Agency. The bill would prescribe the composition of such agency. The State Water Resources Control Board and the California regional water quality control boards would be transferred from the Resources Agency to the Environmental Quality Agency. The functions of the Resources Agency pertaining to the functions of the State Water Resources Control Board and of the California regional water quality control boards would be transferred to the new agency. The functions of the Secretary of the Resources Agency with respect to such matters would be transferred to the new secretary. The bill would prescribe the salary of the Secretary of the Environmental Quality Agency.

The bill would create in the Environmental Quality Agency the Department of Solid Waste Management, headed by the Director of Solid Waste Management, and a new Solid Waste Management Board. The bill would create in the Environmental Quality Agency the Department of Air Quality, headed by the Director of Air Quality, and the Air Quality Standards Board. The bill would prescribe the organization and powers and duties of such entities and offices.

The bill would abolish the State Solid Waste Management Board and transfer its functions to the Department of Solid Waste Management, except those functions related to the formulation and adoption of the state policy for solid waste management and to the approval of solid waste management plans which would be transferred to a new Solid Waste Management Board. The bill would abolish the State Air Resources Board and transfer its functions to the Department of Air Quality, except those functions related to establishing motor vehicle emission standards and state ambient air quality standards, which would be transferred to the Air Quality Standards Board. The Department of Air Quality would also succeed to the functions of the Department of Consumer Affairs with respect to the mandatory vehicle emission inspection and testing program. The Director of Air Quality would succeed to the functions of the chairman and the executive officer of the abolished State Air Resources Board with respect to functions transferred to the Department of Air Quality.

The bill would make various technical and conforming changes.

1975

- May 1—Received by the Senate (sixty-day statutory period ends August 7, 1975—Gov. Code Sec 12080.5)
- May 7—Referred to Com. on FIN.
- June 19—From committee without recommendation. To unfinished business.
- June 20—Assigned to Com. on FIN. by Senate Resolution 37 per Government Code Section 12080.5.

No. 2—Relating to Division of Labor Standards Enforcement.

LEGISLATIVE COUNSEL'S DIGEST

Under existing law there is in the Department of Industrial Relations the Division of Labor Law Enforcement and the Division of Industrial Welfare.

This bill would abolish the Division of Labor Law Enforcement and the Division of Industrial Welfare and create a new Division of Labor Standards Enforcement within the Department of Industrial Welfare. The Division of Labor Standards Enforcement would succeed to all present functions and responsibilities of the Divisions of Labor Law Enforcement and Industrial Welfare. The new division would be under the direction of the Labor Commissioner, the Chief of the Division of Labor Standards Enforcement.

1975

- May 2—Received by the Senate. (Sixty-day statutory period ends August 8, 1975—Gov. Code Sec. 12080.5)
- May 7—Referred to Com. on I.R.

GOVERNOR'S REORGANIZATION PLAN—1976

(Page numbers refer to Senate and Assembly Journals for 1975-76 Regular Session)

No. 1—Relating to alcoholism program administration.**LEGISLATIVE COUNSEL'S DIGEST**

Executive reorganization. alcoholism program administration.

Under existing law, the Department of Alcoholic Beverage Control is a department within the Business and Transportation Agency. The department has the exclusive power, except as constitutionally provided and in accordance with laws enacted by the Legislature, to license the manufacture, importation, and sale of alcoholic beverages in this state, and to collect fees or occupation taxes on account thereof. The department also has the power to deny, suspend, or revoke a specific alcoholic beverage license for good cause and generally administers the Alcoholic Beverage Control Act.

This bill would transfer the department from the Business and Transportation Agency to the Health and Welfare Agency.

Under existing law, the Office of Alcoholism is an agency within the jurisdiction of the Health and Welfare Agency. Among other things, the Office of Alcoholism has the responsibility and authority for encouragement of the planning, establishing, and conducting of county programs in alcoholism prevention, treatment, and rehabilitation, for the responsibility of overseeing the administration of such county programs, and for administering statewide alcoholism programs.

This bill would abolish the Office of Alcoholism and would transfer all of the duties, powers, purposes, responsibilities, jurisdiction, records, funds, moneys, physical properties, officers, and employees of such Office of Alcoholism to the Department of Alcoholic Beverage Control. The bill also would make technical and conforming changes.

The act would become operative during the fiscal year 1976-77, on a date specified by the Governor by proclamation, but not before January 1, 1977.

1976

April 23—Received by the Senate (sixty-day statutory period ends June 22, 1976)—Gov. Code Sec. 12080.5

April 28—Referred to Com. on G.O.

May 11—From committee. The plan be rejected.

May 13—Assigned to Com. on G.O. by Senate Resolution 57 per Government Code Sec. 12060.5.
