An act to add Chapter 3 (commencing with Section 2800) to Part 2 of Division 1 of the Unemployment Insurance Code, relating to health insurance.

LEGISLATIVE COUNSEL'S DIGEST

Preprint SB 1, as proposed, Keene. Health insurance benefits for unemployed and disabled individuals.

Existing law does not provide for the continuation of health insurance benefits for individuals who are eligible for unemployment compensation benefits

This bill would provide health insurance benefits for individuals who are otherwise eligible for unemployment compensation benefits. Such individuals could elect to maintain the health benefits available under the group health insurance plan of his or her most recent employer, if any; those under any other plan, if any; or elect to receive health care benefits pursuant to a schedule of benefits promulgated by the Director of Employment Development, which schedule shall not provide less coverage than the minimum benefits available to state employees under the Meyers-Geddes State Employees' Medical and Hospital Care Act.

The bill would establish a procedure for the filing and determination of claims

The health insurance benefits provided by the program established by the bill would be financed from moneys available in the Disability Fund.

The Director of Employment Development would be required to report specified information, annually, to the Legislature.

Vote: majority. Appropriation: yes Fiscal committee: yes. State-mandated local program: no.

Introduced on July 26, 1979.

An act to add Part 7 (commencing with Section 17500) to Division 4 of Title 2 of the Government Code, relating to agricultural land.

LEGISLATIVE COUNSEL'S DIGEST

Agricultural land: preservation.

Existing law contains various provisions for the preservation of agricultural land, including the use of contracts to limit the use of prime agricultural land, and the purchase by the state of fee title, development rights, easements, or other interests in land located in the coastal zone.

This bill would authorize the State Board of Equalization to acquire the development rights in agricultural land and to tax such property at its fair market value less the value of the development right. In exchange for acquiring the development rights the State Board of Equalization shall issue the owner of the property with a tax certificate which may be applied as a credit against state tax liabilities or the board may insure a loan for capital investment for agricultural purposes for the landowner.

The provisions of this act shall only be applicable in the Counties of Marin, San Diego, and Ventura until January 1, 1986, at which time it shall apply to the entire state.

This bill would require the Legislative Analyst, the Department of Food and Agriculture, and the State Board of Equalization to report to the Legislature on the impact of this act on or before January 1, 1986.

LEGISLATIVE COUNSEL'S DIGEST

Emergency telephone system

(1) Existing law requires local public agencies to establish a uniform emergency telephone service by certain specified dates which permits persons to dial "911" for emergency assistance.

This bill would remove such requirement and provide instead that any public agency may provide such a system.

(2) The existing Emergency Telephone Users Surcharge Act imposes a surcharge on amounts paid by every person in the state for intrastate telephone communications. The State Board of Equalization is required to set the surcharge rate, which shall not exceed three-quarters of 1%.

This bill would eliminate the statewide surcharge and instead permit any board of supervisors of a county, with the prior approval of a majority of the city councils within the county containing a majority of the incorporated population of the county, to establish a 911 system and to impose a telephone surcharge tax, after approval of ⅔ of the voters voting on such issue. The surcharge would apply only in those counties which elect to have an emergency telephone system. Such counties would contract with the State Board of Equalization to perform all functions incident to the administration or operation of the surcharge.

This act would go into immediate effect as a tax levy.

LEGISLATIVE COUNSEL'S DIGEST

Energy. abolishment and transfer of functions: State Energy Resources Conservation and Development Commission.

The Warren-Alquist State Energy Resources Conservation and Development Act provides for the establishment of the State Energy Resources Conservation and Development Commission, with prescribed membership, powers, and duties to administer its provisions dealing with the energy resources in this state. The act, very generally, requires the commission to perform numerous functions in connection with the planning for, and forecasting of, electrical energy supply and demand, energy resources conservation procedures, petroleum resources management, energy conservation in transportation, power facility and site certification, research and development, planning for energy shortage contingency, coal gasification, solar shade control, insulation standards, and energy standards for gas appliances.

This bill would repeal such act and enact the California Energy Act.

The bill would abolish the State Energy Resources Conservation and Development Commission and transfer all its powers, duties, purposes, responsibilities, jurisdiction, and functions to the Energy Conservation and Development Agency, which would be created by the bill, headed by the Secretary of Energy, except for the functions dealing with certification of powerplant sites and related facilities, which would be transferred to the State Energy Facilities Siting Board, which would, also, be created by this bill. The bill would establish a Department of Energy in the agency and prescribe its powers and responsibilities.

The bill would also require the agency to submit a biennial report relating to demand forecasts to the Governor and the Legislature and to carry out other prescribed duties

Under existing law, Sections 2231 and 2234 of the Revenue and Taxation Code require the state to reimburse local agencies and school districts for certain costs mandated by the state. Other provisions require the Department of Finance to review statutes disclaiming these costs and provide, in certain cases, for making claims to the State Board of Control for reimbursement

This bill would provide that no appropriation is made by this act pursuant to Section 2231 or 2234 for a specified reason, but would recognize that local agencies and school districts may pursue their other available remedies to seek reimbursement for these costs.

Under existing law, no fee is imposed, nor is a rebate granted, at the time of initial registration of a passenger vehicle based on its gasoline mileage.

This bill, which would become operative on June 1, 1981, would impose a fee, or grant a rebate, upon initial registration of a 1982 or later model year passenger vehicle, as defined, based on its gasoline mileage as determined by the Environmental Protection Agency.

(12) Existing law permits a review by a court of competent jurisdiction with reference to any order, rule, or regulation of the commission.

This bill would instead permit any employer, employee, or person aggrieved by a final order of the commission to obtain, after exhausting the administrative review procedure, a review of such order in the court of appeal. Such review would be given court priority and would be limited to determining whether specified conditions exist.

This bill would require that such duties be delegated to social workers in county welfare departments, except that duties pertaining to taking specified dependent children into temporary custody shall not be delegated

The bill provides for various changes in procedures relating to juvenile court proceedings, such as actions for the termination of parental rights, for removal from the physical custody of the parents, and for adoption

The bill sets forth specified kinds of social services which shall be provided to adults, including employment services, and protective services for adults facing neglect, abuse, or exploitation

The bill modifies and expands the social services programs which shall be offered for the welfare of children.

The bill provides for specified county shares of the cost of administering social services programs provided for under this act, and the bill permits money to be shifted from various budgeted items within the budget for the 1980–81 fiscal year

The bill would appropriate certain federal trust funds for aid to families with dependent children and social services for the purposes of the bill and authorize the transfer of specific amounts between items of the Budget Act of 1980 for such purposes

The bill would also appropriate $2,425,000 from the General Fund to the Department of Social Services for costs incurred due to increased utilization of the juvenile court

The bill would also permit the county welfare departments a 6-months phased-in implementation of the provision of the bill

GOVERNOR'S REORGANIZATION PLANS—1979

(Page numbers refer to Senate Journals for 1979-80 Regular Session)

No. 1—An act to amend Sections 11139.5, 11501, 11554, 19702.5, 19704, and 50085.5 of, and to add Part 2.8 (commencing with Section 12900) to Division 3 of Title 2 of, the Government Code, to repeal Part 5 (commencing with Section 35700) of Division 24 of the Health and Safety Code, to amend Sections 56, 1735, and 3096 of, and to repeal Part 4.5 (commencing with Section 1410) of Division 2 of, the Labor Code, relating to the reorganization of the executive branch of the California state government.

LEGISLATIVE COUNSEL'S DIGEST

General Subject: State government reorganization: employment and housing discrimination.

Under existing law, there is within the Department of Industrial Relations a Division of Fair Employment Practices, and, within the division, there is a State Fair Employment Practice Commission, whose responsibility it is, generally, to enforce (1) the "California Fair Employment Practice Act," relating to the prevention and elimination of discrimination in employment; (2) certain provisions of law relating to the prevention and elimination of discrimination in housing contained in what is commonly referred to as the Rumford Fair Housing Act; (3) the provisions of the Unruh Civil Rights Act; and (4) the provisions of the Ralph Civil Rights Act of 1976.

Under existing law, the principal executive officer of the division and the seven members of the commission are appointed by the Governor, and the commissioners are also subject to confirmation by the Senate.

This bill would abolish the Division of Fair Employment Practices within the Department of Industrial Relations and would create a Department of Fair Employment and Housing within the State and Consumer Services Agency and a Fair Employment and Housing Commission within the department, which entities would succeed to the present functions and responsibilities of the division and commission. All employees engaged in transferred functions would become employees of the new entities.

The bill would also require that the appointee of the Governor to the position of Director of Fair Employment and Housing receive Senate confirmation.

Various other provisions of law would be conformed to reflect the new organization.

Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: no.

LEGISLATIVE COUNSEL'S DIGEST

State Government reorganization: Youth and Adult Correctional Agency

Chapter 1252 of the Statutes of 1977 reorganized the Health and Welfare Agency, expressed legislative intent that the Governor prepare and submit to the Legislature by January 31, 1979, an executive reorganization plan which would remove the Department of Corrections and the then Youth Authority from that agency, operative on or before July 1, 1979, and removed the department and the authority from that agency on July 1, 1979. The department consists of the Director of Corrections, the now Board of Prison Terms, and the Correctional Industries Commission. Chapter 255 of the Statutes of 1979 renamed the Community Release Board, the Board of Prison Terms. Chapter 860 of the Statutes of 1979, reorganized the Youth Authority into the Department of the Youth Authority and the Youthful Offender Parole Board (then the Youth Authority Board). Chapter 259 of the Statutes of 1979, the 1979–80 Budget Act, provided that no funds appropriated thereby or by any other statute may be expended by the agency or either department to establish or maintain an agency-department relationship between the agency and either or both departments.

Under existing statutes: neither the Board of Corrections, the Institutional Review Board, nor the Narcotic Addict Evaluation Board have been placed within any of the existing named agencies of the executive branch of state government; and the Secretary of Health and Welfare Agency is the Chairman of the Board of Corrections.

This plan would: create the Youth and Adult Correctional Agency; consolidate therein, the following existing state governmental entities: the Department of Corrections, the Department of the Youth Authority, the Board of Prison Terms, the Youthful Offender Parole Board, the Board of Corrections, the Correctional Industries Commission, the Institutional Review Board, and the Narcotic Addict Evaluation Authority; make the Secretary of the Youth and Adult Correctional Agency the Chairman of the Board of Corrections; and make various related, conforming, technical, updating, and corrective changes.
