LEGISLATIVE COUNSEL'S DIGEST

State employees: Governor's Reorganization Plan No. 1 of 1984.

Existing law requires the department of personnel Administration to administer various nonmerit aspects of state employment for civil service employees.

This bill would transfer various functions from the State Personnel Board to the Department of Personnel Administration relating to the maintenance of an official roster of persons holding civil service positions and relating to the allowance of claims for additional reimbursement for work outside of the employee's classification, and would make related changes.

This bill would delete specific administrative responsibilities of the State Personnel Board relating to the creation and adjustment of classes of positions in the state civil service under the Personnel Classification Plan. It would require the board, in establishing, altering, or abolishing classes, to consider the recommendations of the Department of Personnel Administration.

This bill would provide for the transfer to the Department of Personnel Administration of responsibilities with respect to the administration of the Personnel Classification Plan, subject to Article VII of the California Constitution, as well as the employees, records, property, and funds of the State Personnel Board, and would make related changes.

This bill would also make the department responsible for salary administration, position classification, and for the motivation and training of executive personnel in career executive assignments, and would make related changes.

PREPRINT ASSEMBLY BILLS—1983–84 SESSION

Preprint A.B. No. 1—Katz.

An act to amend Sections 41976, 52616, and 72620 of, to add Article 1.5 (commencing with Section 78017) to Chapter 1 of Part 48 of Division 7 to, and to add Sections 84334 and 84335 to, and to repeal Sections 52520, 78015, and 78016 of, the Education Code, to add Division 8 (commencing with Section 15000) to, and to repeal Division 8 (commencing with Section 15000) of, the Unemployment Insurance Code, relating to job preparation training, and placement services, and making an appropriation therefor.

LEGISLATIVE COUNSEL'S DIGEST

(1) Existing law provides for the State Job Training Council, as defined, having specified duties for the following purposes: to promote integration of employment and training programs at the state level, to further cooperation between governments and the private sector in meeting California employers' needs for well trained workers and employees' needs for good jobs and to oversee the employment and training of California workers. (2) Existing law also provides for the county-administered, and state and federally funded Work Incentive Program. The Employment Development Department has supervisorial authority over this program and other employment preparation and training services programs, including the Family Economic Security program, vocational education programs, youth employment programs, and other specified programs. This bill would provide that the State Job Training Council has supervisorial authority over the provisions relating to these employment services programs by integrating the state and federal job training programs into a single unified system and would specify the duties of the council in this regard. (3) Existing law provides the counties with responsibility for the organization of a detailed program, designed by a private industry council appointed by the board of supervisors of each county, as specified. This bill provides instead for service delivery areas, consistant with the requirements of the federal Job Training Partnership Act, made up of units of local governments of 200,000, as specified. A system for providing job preparation, training, and placement services would be established through private industry councils for persons eligible under these provisions. (4) Existing law provides for the Consolidated Work Program Fund, into which specified federal and state funds appropriated for use in specified employment preparation and training services programs are placed. This bill provides that funds which otherwise would be appropriated to specified programs and services shall be annually appropriated, to the extent permitted by federal law, to the Consolidated Employment Preparation Program Fund established by the bill. This bill also provides for a Governor's study to determine the appropriate state organizational structure required to achieve the Legislature's intent and purposes, as specified. (5) Existing law provides for various adult education and vocational education programs maintained by school districts and community college districts. This bill would prescribe numerous changes in those programs including the deletion of the requirement that school districts provide certain short-term vocational programs and adult education programs for apprentices. This bill would make detailed provisions for the planning and funding of occupational and vocational training programs at the community college level. This bill would require that specified funds which would otherwise be apportioned to school districts and community college districts instead be deposited into the Consolidated Employment Preparation Program Fund. This bill would impose a state-mandated local program by requiring the implementation of local job preparation, training, and placement programs. (6) This bill would provide that, notwithstanding Section 2231.5 of the Revenue and Taxation Code, this act does not contain a repealer, as required by that section; therefore, the provisions of the act would remain in effect unless and until they are amended or repealed by a later enacted act.

An act to amend Section 3097 of the Civil Code, relating to mechanics' liens.

LEGISLATIVE COUNSEL'S DIGEST

Mechanics' liens.

Existing law requires, as a prerequisite to the validity of a claim of lien upon a private work of improvement, that each claimant give a preliminary 20-day notice to specified parties that a lien may be claimed even though the owner may have paid the contractor in full. Existing law also requires (1) an instrument securing a construction loan on real property to bear the designation "Construction Trust Deed" on its face and contain certain information including the lender's name and address and the legal description and street address of the property; (2) every written contract between a property owner and an original contractor to provide space for the owner's name and address; and (3) the original contractor to make available the name and address of the owner to any person seeking to serve a preliminary 20-day notice. This bill would delete these 3 requirements and instead would require a "Notice of Improvement" to be posted on real property prior to the commencement of the work of improvement This bill would require that the notice contain specified information relating to the work of improvement, including the information presently required to be included in the construction trust deed. Under existing law, the preliminary 20-day notice may be served by several methods of service, including by first-class registered or certified mail addressed to the person to whom notice is required to be given at that person's address shown by the building permit on file with the issuing authority, or at the person's address contained in a construction trust deed. This bill would delete that particular alternative method for serving the preliminary 20-day notice, and instead would authorize service of the notice to be made by first-class registered or certified mail, addressed to the person to whom notice is required to be given at the address shown in the Notice of Improvement.

An act to add and repeal Section 11311.5 of the Welfare and Institutions Code, relating to public social services.

LEGISLATIVE COUNSEL'S DIGEST

Work incentive program: refugees.

Under existing law, recipients of Aid to Families with Dependent Children (AFDC) are required to register with the Work Incentive Program (WIN) for manpower services, training, and employment as a condition for aid eligibility. Recipients who refuse to participate in the program without good cause are subject to the denial of aid. This bill would establish a pilot project in Orange County, requiring the State Department of Social Services to contract with a private nonprofit organization which would perform specified services, including those currently being performed under the WIN program by the Employment Development Department, for newly arrived refugees, as defined. The contractor would be responsible for providing services for refugees for 6 months after initial intake, after which time responsibility would revert to EDD. Federal and state laws applicable to EDD under the WIN program would also be applicable to the contractor. Performance of the contract would commence January 1, 1984, and would terminate January 1, 1987. The State Department of Social Services would report to the Legislature by July 1, 1987, and would include a recommendation regarding extending the program to include all refugees seeking AFDC. Necessary waivers would be sought by the State Department of Social Services and, if not obtained, the department would not implement the provisions of this section. This bill would be operative only until July 1, 1987, and as of that date would be repealed.

LEGISLATIVE COUNSEL'S DIGEST

Public Finance.

Existing law provides for state subventions to counties, cities, special districts, and school entities for the revenue lost by them as a result of the exemption of various kinds of personal property from property taxation.

This bill would eliminate these subventions as of July 1, 1984.

Existing Cigarette Tax Law provides for the distribution of revenues from that tax, pursuant to prescribed formulas, to counties and cities.

This bill would eliminate the distribution of those revenues to counties and cities as of July 1, 1984.

Existing law requires the distribution to cities and counties, pursuant to prescribed formulas, of specified amounts of money contained in the Motor Vehicle License Fee Account in the Transportation Tax Fund.

This bill would eliminate the distribution of those moneys to counties and cities as of July 1, 1984.

Existing law provides for the reduction of certain amounts of state financial assistance to counties, cities, special districts, and school entities in certain circumstances.

This bill would eliminate those reductions of state financial assistance as of July 1, 1984.

Existing provisions of the Bradley-Burns Uniform Local Sales and Use Tax Law permits counties, cities, and redevelopment agencies to impose sales and use taxes on the sale, use, storage, or other consumption of tangible personal property sold at retail in substantial conformity with existing provisions of law imposing state sales and use taxes.

This bill would permit counties, and in the absence of county imposition, cities to impose an additional sales and use tax at the rate of 1% on and after July 1, 1984. The taxes authorized would be imposed and administered similarly to existing local sales and use taxes; however, this bill would provide for the allocation of the revenues from the additional sales and use tax in accordance with prescribed formulas, to counties imposing the tax, cities and districts, other than school districts, which have expressly supported imposition of the tax, and school districts.

Existing California Sales and Use Tax Law provides for the imposition of a state tax on the sale, storage, use, or other consumption in this state of tangible personal property. The tax is imposed at the rate of 4¾%, with provision, in certain circumstances, for its increase or decrease for a specified period.

This bill would reduce the state sales and use tax rate, whether imposed at the 4¾% rate or any increased or decreased rate, by ½% in the event that all counties adopt the additional 1% local sales and use tax.

This bill would reduce the state sales and use tax rate by an additional ¼% if, in addition, the Department of Finance during the 1984-85 fiscal year determines and certifies to the State Board of Equalization that the Contingency Reserve for Economic Uncertainties, allowing for the initial ½% rate reduction provided for by this bill, exceeds by at least 3% the amount of estimated state expenditures for that fiscal year.

This bill would take effect immediately as an urgency statute.

LEGISLATIVE COUNSEL'S DIGEST

Bingo.

Existing law authorizes bingo games to be conducted for charitable purposes by specified organizations pursuant to an ordinance adopted by a city, county, or city and county. Existing law provides that the city, county, or city and county may impose a license fee of $50 and shall collect from the organization an additional fee of 1% of the monthly gross receipts over $5,000 derived from bingo games. This bill would increase that fee to 2% of the monthly gross receipts over $5,000 and would require the city, county, or city and county to conduct an annual audit of the expenditures for bingo games of an organization whose monthly gross receipts from bingo games exceed $5,000 in any single month. The audit expenses would be covered by the fee. Article XIIIB of the California Constitution and Sections 2231 and 2234 of the Revenue and Taxation Code require the state to reimburse local agencies and school districts for certain costs mandated by the state. Other provisions require the Department of Finance to review statutes disclaiming these costs and provide, in certain cases, for making claims to the State Board of Control for reimbursement. However, this bill would provide that no appropriation is made and no reimbursement is required by this act for a specified reason.

LEGISLATIVE COUNSEL'S DIGEST

Hazardous waste: management plans and facility siting procedures.

Existing law requires cities and counties to adopt general plans and requires counties to adopt a solid waste management plan, the hazardous waste portion of which is subject to review by the State Department of Health Services.

This bill would require a general plan to include a hazardous waste element. The bill would also require each county, by September 30, 1986, to instead adopt a hazardous waste management plan pursuant to guidelines developed by the State Department of Health Services, and would specify the procedures for the preparation, revision, adoption and approval of these plans. The bill would prohibit any person from establishing or expanding a hazardous waste facility unless the city's or county's legislative body finds that the establishment or expansion is consistent with the goals and objectives of the county hazardous waste management plan.

The bill would establish, within the Hazardous Waste Control Account in the General Fund, the Hazardous Waste Management Planning Subaccount. The bill would appropriate the funds within that subaccount to the department for the purpose of paying for the department's and the counties' costs in carrying out these provisions. This provision would be repealed on January 1, 1987.

The bill would require the department to establish the amount of a one-time fee, which the operators of a permitted hazardous waste facility would be required to pay, and to set the fee at an amount to produce $2,500,000 in total revenues. The bill would require the department to deposit these fees in the Hazardous Waste Management Planning Subaccount. The bill would also appropriate $2,500,000 to the subaccount from the General Fund, thereby making an appropriation.

(2) Existing law requires the department to maintain a technical reference center on hazardous waste management and to provide assistance to state and local agencies in planning and operating hazardous waste programs.

This bill would require the department to publish and make available to the public, by June 30, 1985, a handbook containing specified information on the operation, siting, and permitting of hazardous waste facilities. The bill would also require the department and each county to publish and make available a summary of the laws regulating hazardous waste.

(3) Existing law imposes a fee upon the operator of a hazardous waste disposal site for the purpose of funding specified activities concerning hazardous waste regulation.

This bill would authorize a city or county in which there is located an offsite, multiuser hazardous waste facility, as defined, to impose a tax, for general purposes, upon the operation of the facility, up to an amount equal to 10% of the facility's annual gross receipts.

(4) Existing law requires the department to prepare and submit to the Legislature a report every 2 years to include, among other things, information regarding the status of various hazardous waste programs, enforcement actions, and research activities.

This bill would also require the department to include in the report an assessment, by region and county, of the capacity of existing hazardous waste facilities and the need for additional facilities to handle current and future volumes of hazardous waste.

(5) Existing law requires public agencies to approve applications for development projects, as defined, within specified time periods, including projects for the discharge or disposal of waste. Existing law also requires the department to issue hazardous waste facilities permits to use and operate hazardous waste facilities.

This bill would expressly provide that the development project approval provisions apply to the making of a land use decision or issuance of a permit, as defined, by a public agency, for a hazardous waste facility project.

The bill would also establish procedures for the approval and review of applications for a land use decision concerning a hazardous waste facility project, as defined, by a local agency. The bill would require the Office of Permit Assistance in the Office of Planning and Research to perform specified duties concerning the hazardous waste facilities projects, including providing information and assistance, and convening

meetings on project applications. The bill would specify procedures for the processing of applications by public agencies for hazardous waste facilities projects pending certain judicial actions.

The bill would also establish procedures for appealing a local agency land use decision concerning the siting and construction, or expansion of, an offsite hazardous facilitiy serving more than one hazardous waste generator. The bill would require an appeal to be authorized by the Secretary of Environmental Affairs, an administratively created position, would provide for the establishment of an appeal board to review the appeal, and would specify the procedures and determinations which the appeal board is required to follow in approving or disapproving a local agency's land use decision.

This bill would authorize any interested person to petition the Director of Health Services within 30 days after the department has issued or denied a hazardous waste facilities permit to review the denial or issuance of the permit or the inclusion or exclusion of terms or conditions in the permit. The bill would specify the information which must be included in the petition and the procedures for reviewing the petition, including the assignment of a hearing officer, the predetermination of the issues, and the conduct of public hearings. The director would be authorized to adopt the decision of the hearing officer or to decide the case upon the record, and either approve or disapprove and modify the department's action.

(6) The bill would also make a statement of legislative intent and would make conforming changes.

(7) The bill would take effect immediately as an urgency statute.

(8) This bill would provide that, notwithstanding Section 2231.5 of the Revenue and Taxation Code, this act does not contain a repealer, as required by that section; therefore, the provisions of the act would remain in effect unless and until they are amended or repealed by a later enacted act.

(9) Article XIII B of the California Constitution and Sections 2231 and 2234 of the Revenue and Taxation Code require the state to reimburse local agencies and school districts for certain costs mandated by the state. Other provisions require the Department of Finance to review statutes disclaiming these costs and provide, in certain cases, for making claims to the State Board of Control for reimbursement.

This bill would impose a state-mandated local program by requiring cities, counties, and districts to take specified actions concerning planning for hazardous waste management and making land use decisions for hazardous waste facilities.

This bill would provide that no appropriation is made by this act for the purpose of making reimbursement pursuant to the constitutional mandate or Section 2231 or 2234, but would recognize that local agencies and school districts may pursue their other available remedies to seek reimbursement for these costs.

Vote: ⅔. Appropriation: yes. Fiscal committee: yes. State-mandated local program: yes.

The bill would require community association managers to file sworn registration certificates containing specified information with the Department of Real Estate. The bill would provide that no contract executed by a community association for services to be provided by a community association manager shall be valid or legally binding until and unless the community association manager has filed a registration certificate with the Department of Real Estate and has provided a true and correct copy thereof to the community association.

LEGISLATIVE COUNSEL'S DIGEST

City and District Organization Law.

(1) Under existing law, the Municipal Organization Act of 1977 establishes the procedure governing city incorporations, municipal reorganizations, and changes of organization and the District Reorganization Act of 1965 establishes the procedure generally governing changes of organization and reorganization by districts. The existing Knox-Nisbet Act provides for the creation of local agency formation commissions (LAFCO) in each county which have the authority, generally, to review and approve or disapprove proposals for those incorporations, changes of organization, and reorganizations.

This bill would repeal the Municipal Organization Act of 1977, the District Reorganization Act of 1965, and the Knox-Nisbet Act, and would enact the City and District Organization Law which would generally contain the provisions of those acts but in a substantially revised, consolidated, and reorganized format.

(2) Article XIIIB of the California Constitution and Sections 2231 and 2234 of the Revenue and Taxation Code require the state to reimburse local agencies and school districts for certain costs mandated by the state. Other provisions require the Department of Finance to review statutes disclaiming these costs and provide, in certain cases, for making claims to the State Board of Control for reimbursement.

This bill would impose a state-mandated local program by, among other things, requiring: (1) an affected district to conduct hearings on proposals for the annexation or detachment of territory to, or from, the district; (2) districts to submit a plan for providing services within the affected territory when the district submits a resolution of application for a change of organization with the executive officer of the LAFCO in which the affected territory is located; and (3) conducting authorities to receive and evaluate the value of written protests for proposals relating to certain changes of organization or reorganization

However, this bill would provide that no appropriation is made and no reimbursement is required by this act for a specified reason.

This bill would permit any county that has a population of less than 300,000 persons on January 1, 1985, to enlarge the LAFCO in that county by 2 members. The bill would require that one of the additional members be appointed to represent agricultural interests and that the other member be appointed to represent the general public.

Preprint A.B. No. 17—Maxine Waters.

An act to amend Sections 12920, 12921, 12926, 12931, 12940, 12944, 12993, and 12994 of, to add Section 12926.5 to, and to repeal Section 12943 of, the Government Code, relating to discrimination in employment.

LEGISLATIVE COUNSEL'S DIGEST

Preprint AB 17, as proposed, Maxine Waters. Discrmination in employment.

(1) The California Fair Employment and Housing Act (FEHA) makes it an unlawful employment practice for any employer to discriminate in employment against any person on the basis of physical handicap, among other things, and defines the term "physical handicap" for purposes of the FEHA.

This bill would instead make it an unlawful employment practice under the FEHA for an employer to discriminate in employment against any person on the basis of handicap, rather than physical handicap, would delete the existing definition of "physical handicap," and would provide a new definition of "handicap" for purposes of the FEHA.

(2) Existing law provides that nothing in the FEHA shall prohibit an employer from refusing to hire or discharging a physically handicapped employee where the employee, because of the handicap, is unable to perform his or her duties, or cannot perform the duties in a manner which would not endanger his or her health or safety or the health and safety of others.

This bill would instead provide that nothing in the FEHA shall prohibit an employer from refusing to hire or discharging a handicapped person where, after reasonable accommodation, the person is unable, because of the handicap, to either perform the essential functions of the job in a manner equivalent to other applicants or employees, or perform the essential job functions in a manner which would not endanger his or her health or safety or the health or safety of others.

(3) This bill would also provide that nothing in the above provisions relating to handicapped employees would limit the right of an employer, employment agency, or labor organization to select or refer the best qualified person from among all applicants for a job.

(4) This bill would provide that nothing in the FEHA would prohibit an employer from considering a prospective employee's records of actual convictions when the conviction is not remote in time, or the conviction is significantly job-related, and would require that an applicant for employment be permitted to make a showing of subsequent rehabilitation before final adverse action is taken.

(5) Existing law makes it an unlawful employment practice under the FEHA for the governing board of any school district to discriminate in employment against any female person because of her pregnancy.

This bill would repeal this provision, making governing boards of school districts subject to the prohibitions against pregnancy discrimination in the FEHA applicable to all other employers.

(6) This bill would state the intent of the Legislature that there shall be no transfer of cases from the federal level to the state level as a result of this bill.

Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: no.

Preprint A.B. No. 18—O'Connell.

An act to add Section 1463.23 to the Penal Code, relating to vehicle inspection, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

LEGISLATIVE COUNSEL'S DIGEST

Preprint AB 18, as proposed, O'Connell. Vehicle inspection

(1) Existing law does not require the construction of a platform scale and vehicle inspection facility to serve the northbound lanes of Route 101 near the Ventura-Santa Barbara county line.

This bill would appropriate $3,000,000 to the Department of Transportation for this purpose from the Special Account for Capital Outlay in the General Fund. The bill would give this appropriation priority over other appropriations and transfers from the account. However, the bill would require the department to seek a specified federal grant or grants to wholly or partially fund the project. The bill would impose a state-mandated local program by requiring the county treasurer to remit monthly to the Controller 25% of fines and forfeitures attributable to citations issued at the platform scale and vehicle inspection facility until the state is reimbursed for its expenditures under the bill. The Controller would be required to deposit these moneys in the Special Account for Capital Outlay in the General Fund.

(2) Article XIII B of the California Constitution and Sections 2231 and 2234 of the Revenue and Taxation Code require the state to reimburse local agencies and school districts for certain costs mandated by the state. Other provisions require the Department of Finance to review statutes disclaiming these costs and provide, in certain cases, for making claims to the State Board of Control for reimbursement.

This bill would provide that no appropriation is made by this act for the purpose of making reimbursement pursuant to the constitutional mandate or Section 2231 or 2234, but would recognize that local agencies and school districts may pursue their other available remedies to seek reimbursement for these costs.

The bill would provide that, notwithstanding Section 2231.5 of the Revenue and Taxation Code, this act does not contain a repealer, as required by that section; therefore, the provisions of the act would remain in effect unless and until they are amended or repealed by a later enacted act.

(3) The bill would take effect immediately as an urgency statute.

LEGISLATIVE COUNSEL'S DIGEST

Preprint AB 19, as proposed, Stirling. Juvenile court law.

Existing law establishes a system of law providing for the treatment of certain persons as dependent children or wards of the juvenile court.

This bill, on July 1, 1987, would repeal the provisions of existing law relating to persons who are adjudged to be wards of the juvenile court on the basis of noncriminal and criminal conduct and would add provisions that would deal with those minors in a substantially different manner than existing law, including authorizing the secure detention for up to 72 hours of certain persons taken into custody on the basis that they may be declared to be wards of the juvenile court on the basis of noncriminal conduct; authorizing diversion agreements, as defined, between a juvenile accused of an offense and a court officer, as specified; and requiring the filing of an information, as defined, in certain juvenile cases. It would impose various new and increased duties on local entities including the filing of an information, as noted above, in certain juvenile cases, thus establishing a state-mandated local program.

The bill would rename the Youthful Offender Parole Board the California Commission on Juvenile Justice and would require the commission, by January 1, 1988, to promulgate a range of sentencing guidelines for youth committed to out-of-home placement and to adopt guidelines for the disposition of juvenile offenders, as specified.

The bill also would make numerous technical and conforming changes.

Article XIII B of the California Constitution and Section 2231 of the Revenue and Taxation Code require the state to reimburse local agencies and school districts for certain costs mandated by the state. The statutory provision also specifies the manner for paying this reimbursement and require any statute mandating these costs to contain an appropriation to pay for the costs in the initial fiscal year.

This bill would appropriate an unspecified sum to the Controller for allocation and disbursement in accordance with Section 2231 of the Revenue and Taxation Code to local agencies and school districts for costs mandated by the state and incurred by them pursuant to this act.

This bill would provide that, notwithstanding Section 2231.5 of the Revenue and Taxation Code, this act does not contain a repealer, as required by that section; therefore, the provisions of the act would remain in effect unless and until they are amended or repealed by a later enacted act.

Vote: ⅔. Appropriation: yes. Fiscal committee: yes. State-mandated local program: yes.
