PREPRINT ASSEMBLY BILLS—1989–90 SESSION

Preprint A.B. No. 1—Harris.

An act to amend Section 226.5 of the Civil Code, and to amend Section 1522.4 of the Health and Safety Code, relating to adoption

LEGISLATIVE COUNSEL'S DIGEST

Adoption.

Existing law provides for independent adoptions where no agency licensed to place children for adoption is a party. Existing law further provides that petitioners for an independent adoption and all persons from whom consent is required for that adoption and whose addresses are known shall be interviewed by the State Department of Social Services or by a licensed county adoption agency as soon as possible and in the case of residents of California within 45 working days, excluding legal holidays, after the filing of the adoption petition.

This bill would provide with regard to independent adoptions that, notwithstanding the above time limits, if certain specified additional advice and assessment requirements have been met, the State Department of Social Services or a licensed county adoption agency shall interview any person willing to be interviewed from whom consent is required within 10 working days of receiving a copy of the filed adoption petition and documentation that the specified conditions have been met.

The specified advice and assessment would be required to be performed by the department or a licensed county adoption agency or, upon its election to do so, a licensed private adoption agency.

Among other things, this bill also would require any relationship between an attorney and a licensed private adoption agency to be disclosed in writing to any person from whom consent is required and to the adoption petitioners.

The State Department of Social Services would be required to study the effect of the above provisions, as specified, and to report its findings to the Legislature on or before January 1, 1993. Furthermore, all of the above provisions would be operative only until January 1, 1994.

Because the bill would mandate new and increased duties on licensed county adoption agencies, it would create a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund, to pay the costs of mandates which do not exceed $500,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000.

This bill would provide that, if the Commission on State Mandates determines that this bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed $1,000,000, shall be made from the State Mandates Claims Fund.

LEGISLATIVE COUNSEL'S DIGEST

Escrow agents.

Existing law makes no provision setting forth specific time limits for preparation of escrow instructions relative to a real estate transaction.

This bill would require, not later than 15 days after seller's acceptance of a buyer's written offer is submitted to an escrow agent, as specified, the preparation of written escrow instructions. It would also require an escrow agent to use documents or other property deposited in escrow only in accordance with the written escrow instructions or in accordance with sound escrow practice or pursuant to court order.

LEGISLATIVE COUNSEL'S DIGEST

Foster children health care.

Existing law provides for county child welfare services to be operated in each county for, among other things, the case management of foster care children in that county.

Existing law also provides for various health care services for eligible children, including those in foster care.

This bill would require each county health department to annually compile and distribute specified health care information to foster care agencies and foster parents within the county The bill would require each county child welfare service agency, in conjunction with the county health department, to provide training to foster parents, to be mandatory when it is determined that a foster child has a specific physical or mental condition requiring special care It would also require the county health department, in conjunction with the county child welfare services agency, to disseminate information to, and when necessary, train health care providers regarding chronic health conditions of foster children

Since the bill would impose additional duties upon each county, it would impose a state-mandated local program

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claim Fund to pay the costs of mandates which do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000

Foster children

Existing law provides for a statewide system of foster care for eligible children, operated in each county, and funded in part by the state

This bill would require the Office of the Auditor General to conduct a policy and fiscal audit on specified aspects of the foster care program, and to report its findings to the Legislature no later than January 30, 1991

This bill would require the Department of the Youth Authority to conduct a survey of its institutions and report to the Legislature no later than January 30, 1991, on the ratio of children currently incarcerated who have at some point been in the foster care system

This bill would declare that it is to take effect immediately as an urgency statute.

LEGISLATIVE COUNSEL'S DIGEST

Foster children health care.

Existing law provides for county child welfare services to be operated in each county for, among other things, the case management of foster care children in that county.

Existing law also provides for various health care services for eligible children, including those in foster or emergency shelter care.

This bill would require each county welfare department to ensure that any child removed from the home, and who is either a dependent of the court to be placed in foster care, or at risk of becoming a dependent of the court and placed in emergency shelter care, receives a uniform health assessment, as specified, within 72 hours of removal from the home, and a comprehensive health assessment, as specified, within 30 days of removal from the home

The bill would require the county welfare department to retain a copy of the assessments and to transmit a statement verifying that the assessments were completed to the State Department of Social Services, and would also require the county welfare department to provide any county with subsequent jurisdiction over the child with a copy of the assessments. upon request

This bill would require each county to establish a medical coordination unit, to consist of specified categories of individuals, to oversee the development of a health care system for children in foster care and to perform specified duties It would require each county to provide an unspecified number of public health nurses at each facility where child welfare services workers provide case management for foster care children, to perform enumerated functions

Since the bill would impose additional duties upon each county, it would impose a state-mandated local program

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. An act to add Chapter 2.5 (commencing with Section 4002) to Division 2 of the Public Utilities Code, relating to highway carriers

LEGISLATIVE COUNSEL'S DIGEST

Motor Carrier Safety and Regulatory Reform Act of 1990. For-hire carriers

(1) Under existing law, highway common carriers are regulated by the Public Utilities Commission under the Public Utilities Act and highway permit carriers are regulated by the commission under the Highway Carriers Act That regulation includes the regulation of rates and charges for the services performed by highway common and highway permit carriers.

This bill would enact the Motor Carrier Safety and Regulatory Reform Act of 1990 The bill would require every for-hire carrier, as defined, to file annual financial reports, as specified, with the commission, require the commission to audit the for-hire carriers and rank them by accidents and citations per million miles of travel. The bill would restrict rate changes, as specified, of for-hire carriers and regulate rates for subhauling by for-hire carriers

The bill would provide for penalties and other sanctions for violations of its provisions, thereby imposing a state-mandated local program by creating new crimes

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state Statutory provisions establish procedures for making that reimbursement

This bill would provide that no reimbursement is required by this act for a specified reason

LEGISLATIVE COUNSEL'S DIGEST

Public Resources. oil spills

(1) Under existing law, the unlawful discharge of oil or petroleum products into state waters is subject to specified civil and criminal penalties

This bill would create the Office of Oil Spill Response in the Department of Fish and Game under the direction of an administrator appointed by the Director of Fish and Game. The bill would vest specified powers and duties in the office relating to oil spill response, containment, and cleanup, including receipt of specified notification of oil discharges, emergency response, containment, and cleanup, as prescribed, training programs, approval of private contingency plans, the conduct of announced and unannounced emergency drills, and the conduct of studies and evaluations relating to oil spill response, containment, or cleanup. The bill would prescribe specified civil and criminal penalties for failure, as prescribed, to carry out private contingency plans or to carry out responsibilities during emergency drills. The bill would impose a state-mandated local program by creating this and other new crimes.

(2) The bill would also enact the Oil Spill Prevention and Response Act, which would prohibit any marine terminal or facility from being used to transfer oil to or from any tanker of more than 10,000 deadweight tons unless prescribed requirements are met, and would prescribe related requirements, including specified civil and criminal penalties. The bill would prohibit the operation of any marine terminal after January 1, 1992, unless emergency stations for disabled tankers are established as prescribed. The bill would require the master of a disabled tanker to notify the Coast Guard, as prescribed, subject to specified civil and criminal penalties.

The bill would require the State Lands Commission to adopt rules, regulations, guidelines, and leasing policies, as prescribed, governing terminals, offshore pipelines, and offshore facilities, as defined. The bill would prescribe related powers and duties of the commission. The bill would prescribe civil and criminal penalties for facility operators failing to comply with commission rules and regulations and for vessel personnel who fail to comply with operations manuals adopted by facility operators in accordance with prescribed requirements. The bill would authorize the commission to adopt cease and desist orders, as prescribed, and would prescribe related matters.

The bill would create the Oil Spill Prevention and Response Fund and would continuously appropriate all money in the fund to the State Lands Commission and the Department of Fish and Game for purposes of the bill. The bill would require every operator of a marine terminal to pay an oil spill prevention and response fee, as prescribed, for each barrel of oil delivered, and would require the fees collected to be used for specified purposes, thereby imposing a tax for purposes of Article XIIIA of the California Constitution. The bill would require all fees collected and all amounts recovered by the state as a result of civil or criminal actions arising from any oil spill, with specified exceptions, to be deposited in the fund.

The bill would require the operator of a marine terminal or an offshore facility or pipeline and persons responsible for specified tanker operators to obtain a certificate of financial responsibility from the commission. The bill would specify the requirements for obtaining the certificate, would prescribe civil and criminal penalties for violators, and would prescribe related powers and duties of the commission.

The bill would make legislative findings and declarations.

(3) The bill would require the State Lands Commission to enter into discussions with Alaska, Oregon, and Washington for the purpose of developing an interstate compact regarding oil transport by tanker.

(4) Under existing law, the State Lands Commission has jurisdiction over tidelands, submerged lands, and certain other lands acquired by the state.

This bill would authorize the commission or the executive officer of the commission to issue, in accordance with prescribed procedures and requirements, an order requiring a person or public agency to cease and desist any activity that requires commission authorization without obtaining that authorization or which is inconsistent with any previously issued authorization. The bill would prescribe procedures for review and enforcement of those orders and would prescribe civil penalties for

intentional or neglgent violation of any cease and desist order.

(5) Under existing law, any person responsible for natural gas, oil, drilling waste, or exploration, as defined, is absolutely liable without regard to fault for any damages incurred by any injured party

This bill would specify additional damages for which responsible parties are liable, would permit actions on behalf of the state or any other public entity to be brought by any person in the public interest under specified circumstances, and would prescribe other matters The bill would make any person found liable for damages resulting from the discharge of oil on waters of the state civilly liable to the state in a specified amount for each gallon of discharged oil in an action brought as prescribed, and would make any responsible person subject to prescribed criminal penalties if that person knew or reasonably should have known that person's actions or failure to act would result in an unauthorized discharge of oil, natural gas, or drilling waste

(6) Under the existing California Emergency Services Act, the Governor is authorized to establish a state oil spill contingency plan pursuant to specified provisions of that act

This bill would require the Governor to establish that plan

This bill would require the State Interagency Oil Spill Committee, which the bill would expressly create, to prepare and implement the plan

(7) Under existing law, state agencies which are designated to implement the plan, and which form the State Interagency Oil Spill Committee, are required to account for all state expenditures made under the plan with respect to each oil spill

This bill would extend this requirement to all state expenditures made under the plan with respect to each threatened oil spill

(8) Under existing law, specified persons involved in the transportation by vessel of petroleum products on the territorial waters of the state are required to prepare an oil spill plan to reasonably prevent and mitigate the effects of any spillage of petroleum products in, or which might reasonably expect to reach, the territorial waters of the state Any person required to prepare this oil spill plan is guilty of a misdemeanor unless that person prepares the plan and the plan is approved, as specified.

This bill would expand the requirement for the preparation of an oil spill plan by extending it to persons involved in oil transport, storage, or transfer by vessels, persons involved in oil exploration, extraction, recovery, processing, or storage at offshore facilities, wells, undersea sites, rigs, or platforms, and persons involved in oil transport by pipelines located offshore This bill would impose a state-mandated local program by making these persons subject to the above misdemeanor provisions

(9) Under existing law, state agencies designated to implement the contingency plan are required, after consultation with specified federal, state, and local governmental agencies or officials and various private entities involved in oil or hazardous materials transport, oil production, or oil and hazardous materials spill containment and cleanup, to jointly report to the Legislature, with respect to various information relating to oil spill containment and cleanup capabilities, contingency planning, and emergency response training and preparedness Private entities involved in oil and hazardous materials transport, offshore oil production, and oil refining and marine terminals are required to prepare contingency plans and provide emergency response training for their personnel regarding vessel and pipeline oil spills and offshore and onshore facilities explosions and fires following the issuance of the report in accordance with guidelines issued by the state agencies designated to implement the state contingency plan These private entities are also required to contribute, as specified, to the funding of the report

This bill would expand the class of private entities involved in consultation with regard to the report and would require this expanded class of private entities to prepare contingency plans, provide emergency response training to their personnel, and contribute to the funding of the report This bill would require the committee, rather than the individual state agencies comprising the committee, to make the report to the Governor as well as the Legislature

The bill would require the State Interagency Oil Spill Committee to incorporate the recommendations of the report into the oil spill plan, to review and revise the plan annually, and to submit the revised plan to the Governor and the Legislature annually commencing in 1991

(10) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement

This bill would provide that no reimbursement is required by this act for a specified reason

Vote 2/3 Appropriation yes Fiscal committee yes. State-mandated local program yes

California Timber Commission

(1) Existing law does not provide for a specific program or entity for the promotion of timber produced in this state

This bill would create the California Timber Commission with a prescribed membership, and prescribe its powers, duties, and responsibilities in carrying out the provisions of the bill. The commission would be authorized to carry on programs dealing with the promotion of timber and wood products, public information and education, research, and perpetuation of the timber industry The bill would authorize the commission to levy an assessment, not to exceed one dollar per 1,000 board feet, on producers, except as specified, and authorize its expenditure for purposes of carrying out the bill, thereby making an appropriation

The bill, except as necessary to conduct an election, would not become operative until the producers of timber, by referendum, vote in favor of the bill, as prescribed The bill would also provide for the suspension a termination of the operation of its provisions and for concluding the operations of the commission

(2) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursment

This bill would impose a state-mandated local program by creating new crimes

The bill would provide that no reimbursement is required by this act for a specified reason.

LEGISLATIVE COUNSEL'S DIGEST

Carriers. transportation of food products

(1) Under existing law, the Public Utilities Commission regulates the operation of common carriers under the Public Utilities Act, and highway carriers under the Highway Carriers' Act, through the issuance of permits

This bill would prohibit the commission from issuing or authorizing the transfer of a permit to operate as a livestock carrier, agricultural carrier, tank truck carrier, or vacuum truck carrier except upon a showing before the commission, and a finding by the commission, that the applicant or proposed transferee meets specified requirements This bill would also require every livestock carrier, agricultural carrier, tank truck carrier, and vacuum truck carrier to annually furnish the commission with a list of all vehicles used in transportation for compensation during the preceding year The bill would permit the commission to suspend the carrier's permit or impose a fine if the carrier's insurer informs the commission that the carrier has failed to obtain insurance coverage for any vehicle on the list

(2) Existing law regulates food sanitation, but does not require that vehicles used to transport food be dedicated exclusively to that use

This bill would require highway common carriers, highway permit carriers, highway contract carriers, livestock carriers, agricultural carriers, tank truck carriers, and vacuum truck carriers who carry food products for human consumption to dedicate certain of their equipment exclusively to that service The bill would provide that the use of equipment other than the dedicated equipment for the transportation of food products for human consumption is grounds for a fine, suspension, or revocation of the carrier's permit T bill would also permit a shipper, consignee, or member of the public damaged by a violation of this provision to institute a civil actionagainst the carrier for an injunction or damages, and to recover his or her reasonable attorney's fees incurred in the prosecution of the action

(3) Under existing law, violations of the Public Utilities Act and the Highway Carriers Act are crimes Because a violation of the provisions of this bill would thus be a crime, this bill would impose a state-mandated local program by creating a new crime

Health insurance

(1) Under existing law, basic health care services are provided to certain low-income individuals through the Medi-Cal program which is administered by the State Department of Health Services However, there is no entity within state government that regulates the provision of health care insurance coverage or services to all citizens of the state, nor does existing law require employers to provide health care insurance coverage for their employees

This bill would enact the California Health Plan for the purpose of ensuring access to basic health care to all California residents, with enrollment to be implemented in specified stages. The bill would specify the eligibility requirements and the various methods for enrolling in the plan

This bill would require that employers either provide coverage for a specified basic health care benefit package, or pay a specified payroll tax to cover the cost of providing that coverage In addition, this bill would require that all employers, whether they provide this basic health care coverage or pay the payroll tax, shall pay an additional unspecified gross payroll tax surcharge

This bill would create the California Health Care Commission, within the Health and Welfare Agency, to implement the provisions of the bill The commission would be composed of 11 members, with specified terms and duties, to be appointed by the Governor, the Speaker of the Assembly, and the Senate Rules Committee Among other duties, the commission would be responsible for approval of participating insurers and other providers of coverage for the basic health care benefit package defined in the bill, and would contract directly for this basic health care coverge for specified unemployed, uninsured, and other individuals not otherwise covered by health care insurance

This bill would require the commission to adopt all necessary rules and regulations to carry out the purposes of the bill, and to conduct any and all proceedings necessary for its enforcement and administration, in accordance with the Administrative Procedures Act

This bill would also establish the Health Evaluation Committee, composed of 7 members appointed by the Governor, to provide an annual report to the Governor and the Legislature summarizing the performance of the California Health Plan and making recommendations for changes.

(2) Under existing law, the Department of Corporations administers laws regulating health care service plans, and the Department of Insurance administers laws regulating various types of insurers

This bill would provide that the Department of Corporations with respect to health care service plans, and the Department of Insurance with respect to disability insurers, nonprofit hospital service plans, and self-insured employee welfare benefit plans, shall each remain responsible for regulating those functions that were within their respective jurisdictions prior to January 1, 1991, and would require that these departments cooperate with the commission in the implementation of the bill

This bill would also require that all insurers or plans, as a condition of participating in the California Health Plan, meet specified requirements. These requirements include detailed solvency standards, and special underwriting requirements for plans providing coverage to small groups, as defined

(3) This bill would further require that the State Department of Heal Services continue to administer the Medi-Cal program, and cooperate with the commission in the implementation and enforcement of this bill In addition, the bill would require the State Department of Health Services to seek all necessary federal approvals or waivers for the inclusion, after January 1, 1994, of Medi-Cal recipients as participants in the program, and for the use of state and federal funds devoted to Medi-Cal by the program

(4) Under existing law, certain health facilities are required to report specified data, and to pay fees for the operation of the California Health Policy and Data Advisory Commission which collects that data

This bill would revise these provisions to incorporate reporting by ambulatory

surgery sites with the revised provisions to become effective January 1, 1994.

(5) Existing law prohibits certain unfair trade practices and activities in restraint of trade

This bill would provide for the exemption of health care providers from these provisions, and would authorize health care providers to engage in specified consultations and agreements with the supervision and approval of the commission

(6) In addition, this bill would provide that no health care provider or plan, as defined, shall be subject to criminal prosecution, civil liability, or professional disciplinary action or any act or omission taken in reasonable reliance on any determination made pursuant to this division by the commission, the Secretary of Health and Welfare, the Secretary of Business, Transportation and Housing, the Commissioner of Corporations, or the Insurance Commissioner

The bill would enact a requirement that attorneys certify that they have reviewed the facts of a case, and consulted with at least one expert physician or other specified licensed individual, prior to filing certain civil actions arising out of professional negligence

This bill would allow plans doing business in this state, as a condition of providing health insurance coverage, to require binding arbitration of disputes regarding claims of professional negligence or malpractice under specified conditions

(7) This bill would require that the Secretary of Health and Welfare and the Secretary of Business, Transportation, and Housing seek and obtain any necessary waiver or exemption from the federal Employee Retirement Income Security Act of 1974 for the operation of the California Health Plan, and report to the Legislature regarding any waiver or exemption obtained

(8) This bill would create the Health Care Trust Fund, and provide for the deposit of specified moneys into that fund, including a specified amount appropriated annually from the General Fund The bill would also provide that, notwithstanding specified provisions, the fund is continuously appropriated to the commission for the purposes of implementing this division The bill would provide that appropriations made from the Health Care Trust Fund shall not be included in the appropriations limit set forth in Article XIIIB of the California Constitution, and would provide that the bill shall not become operative unless an unspecified amendment to the Constitution is approved by the voters

(9) Under existing law there is the Cigarette and Tobacco Products Surtax Fund for the deposit of specified moneys The fund consists of certain accounts, each of which receives a certain percentage of the moneys deposited in the fund, and each of which may only be used for enumerated purposes. Amendments to these provisions may only be enacted by a 4/5 vote of the Legislature

This bill would amend these provisions to rename the accounts, and to change the percentages of the fund allocated to each, and the required uses of the moneys in these accounts

(10) The existing Sales and Use Tax Law imposes taxes at specified rates on the retail sale of, and the storage, use, or other consumption of, personal property within the state

This bill would impose an additional tax on all retailers at the rate of an unspecified percentage of the gross receipts of any retailer from the sale of tangible personal property sold in this state on and after January 1, 1991, and would impose a corresponding additional use tax. It would provide that the revenues, less refunds, derived from these additional taxes shall be transferred to the Health Care Trust Fund, for specified appropriation. It would also provide a specified exemption from the additional taxes

(11) The existing Personal Income Tax Law imposes a tax in specified amounts and at specified rates upon the taxable income of every taxpayer.

This bill would, in addition, impose for taxable years beginning on or after January 1, 1991, a surtax in unspecified amounts and at unspecified rates upon specified amounts of taxable income

(12) Existing law further provides for excise taxes on certain alcoholic beverages, including beer and wine and distilled spirits, at specified rates per particular units of volume

This bill would provide that commencing in 1991, the State Board of Equalization shall annually adjust the rate of tax for beer and wine to reflect the arithmetical average of the excise tax rate imposed by each state imposing excise taxes on beer and wine, which adjustment would become effective on July 1 of each year, except that the rate of tax could not exceed unspecified amounts

LEGISLATIVE COUNSEL'S DIGEST

Ticker sellers

Existing law regulates the practice of ticket selling, as defined, and exempts from those provisions, among others, a person who sells 6 or less tickets to any one single event provided the tickets are sold off the premises, as specified Existing law provides that violation of those provisions is a misdemeanor.

This bill would exempt, instead, a person who sells fewer than 6 tickets at no more than face value In addition, the bill would prohibit a person from selling a ticket for more than the face value of the ticket without the permission of the promoter, owner of the facility, or primary contractor The bill would prohibit a ticket seller from selling or giving away a ticket until tickets go on sale to the general public, as specified

This bill would additionally provide that a violation by a person regulated by this provision may be punishable by a fine or imprisonment, or both, as specified Because this bill would create new crimes and expand existing crimes, it would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason

An act to add Chapter 3.5 (commencing with Section 42160) to Part 3 of Division 30 of the Public Resources Code, relating to solid waste

LEGISLATIVE COUNSEL'S DIGEST

Solid waste metallic waste

(1) Existing law regulates the disposal of solid waste, and requires any hazardous waste, as defined, that is disposed of in a solid waste landfill, to be disposed of in a hazardous waste facility, as defined

This bill would prohibit a solid waste landfill, as defined, from accepting for disposal any white good, vehicle, or other metallic discard, as those terms are defined in the bill except to remove hazardous substances, as specified

The bill would also require the California Integrated Waste Management Board to evaluate the use of recycling byproducts for use as solid waste landfill cover materials, as specified, or extenders for currently used cover material The bill would require a solid waste landfill to accept recycling byproducts, as defined, which are nonhazardous, under specified conditions, thereby imposing a state-mandated local program The bill would prohibit a solid waste landfill owner or operator from charging a fee of more than ½ of the customer rate for accepting recycling byproducts which are used as cover materials in a manner approved by the board, thereby imposing a state-mandated local program

This bill would provide that recycling byproducts are not considered to be solid waste for the purposes of calculating the amount of waste disposed of at landfills for the purposes of meeting the diversion requirements. The bill would also require recycling by products to be considered to be wastes diverted for recycling for those purposes

(2) Existing law requires each city and county to divert 25% of all solid waste from landfill or transformation facilities by January 1, 1995, through source reduction, recycling, and composting activities, and to divert 50% by January 1, 2000 Existing law also authorizes fees to be imposed by a city or county to pay the costs of preparing, adopting, and implementing an integrated waste management plan and on the importation of waste and by the board to fund its costs

This bill would provide that recycling byproducts are not considered to be solid waste for the purposes of calculating the amount of those fees, thereby imposing a state-mandated local program.

(3) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates which do not exceed $1,000,000 statewide and other procedures for claims whose statewide costs exceed $1,000,000

This bill would provide that, if the Commission on State Mandates determines that this bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed $1,000,000, shall be made from the State Mandates Claims Fund.
