LEGISLATIVE COUNSEL'S DIGEST

General Subject: State government reorganization: environmental protection. Existing law provides for the Resources Agency, which consists of, among others, the State Air Resources Board, the California Integrated Waste Management Board, the State Water Resources Control Board, and the California regional water quality control

boards. Existing law imposes various administrative and enforcement responsibilities on the State Department of Health Services, relating to hazardous waste, hazardous substances, hazardous materials, and radioactive wastes. Existing law imposes the regulation of economic poisons on the Department of Food and Agriculture. Existing law requires the Chairperson of the State Air Resources Board to serve as the Governor's principal advisor on major policy and program matters on environmental protection, and imposes specified duties on the chairperson with regard to water and solid waste. This bill would create the California Environmental Protection Agency and would transfer the State Air Resources Board, the California Integrated Waste Management Board, the State Water Resources Control Board, and the California regional water quality control boards to the agency. The bill would create the Department of Toxic Substances Control in the agency and would transfer to that department the toxic substances control program from the State Department of Health Services. The bill would also create the Department of Pesticide Regulation in the agency and would transfer to that department the pesticide regulatory program from the Department of Food and Agriculture. The bill would create the Office of Environmental Health Hazard Assessment in the agency and would transfer to the office specified environmental health hazard assessment functions from the State Department of Health Services. The bill would delete the above provisions regarding the duties of the chairperson of the state board. Vote: majority. Appropriation: no Fiscal committee: yes. State-mandated local program: no.

PREPRINT ASSEMBLY BILLS—1991-92 SESSION

Preprint A.B. No. 1—Alpert.

An act to add Chapter 8.5 (commencing with Section 21300) to Division 8 of the Business and Professions Code, relating to fuel.

LEGISLATIVE COUNSEL'S DIGEST

Motor vehicle fuel price discrimination. Under existing law it is unlawful for any refiner, distributor, manufacturer, or transporter of motor vehicle fuels or oils to discriminate in price where the effect is to lessen competition. This bill would provide that it is unlawful for any refiner, distributor, manufacturer, or transporter of motor vehicle fuels or oils to discriminate in price. The bill would define 'discriminate in price' to include differences in price and related practices. The bill would also provide that no franchisor shall invoice or charge a franchisee an excessive price for motor vehicle fuel or oil where the franchisee is in competition with a company station. The bill would also prohibit a franchisor from invoicing, billing, or charging indicating that any amount is due for payment for motor vehicle fuel or oil which reflects or is based on an excessive price where the franchisee is in competition with any company station. The bill would add related provisions related to volume rebates to franchisees. The bill would provide for injunctive relief and for treble damages. Vote. majority. Appropriation: no. Fiscal committee: no. State-mandated local program: no.

Preprint A.B. No. 2—Elder.

An act to add Chapter 3.9 (commencing with Section 1040) to Part 3 of Division 2 of the Labor Code, relating to public employee health insurance

LEGISLATIVE COUNSEL'S DIGEST

Health insurance coverage: eligibility: public employees. Existing federal law requires health plan sponsors to permit a qualified beneficiary who was covered under a group health plan sponsored by an employer with 20 or more employees, and who would lose coverage as a result of termination of employment, to elect to continue that coverage at his or her option and expense, for 18 months after termination of employment at a rate not to exceed 102% of the amount paid by the employer for coverage during the beneficiary's period of employment. This bill would require any public employer of a public employee who is 60 years of age or older at the time of, or prior to, termination of employment and who is covered by an employer-sponsored health plan, to counsel that employee regarding the availability and cost of health insurance prior to termination of employment. This bill would require any health insurance provider that provides health insurance coverage under an employer-sponsored health plan to any public employee who is 60 years of age or older at the time of, or prior to, separation of employment, to make the same coverage available to the employee and his or her dependents after the employee's termination of employment, as specified, at a rate of 102% of the total cost of coverage charged the employer for the employee's period of employment until the time that the employee either reaches 65 years of age or becomes reemployed, whichever occurs first. It would also require the Insurance Commissioner to determine the proper, fair, and reasonable rate of coverage in any case in which the rate charged to an employee for health coverage under the above provisions after termination of employment is disputed by either an employer or a terminated employee. Since this bill would require public employers, including local agencies and school districts, to incur costs related to counseling public employees regarding the availability and cost of health insurance, the bill would impose a state-mandated local program.⁰⁶¹ The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates which do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000. This bill would provide that, if the Commission on State Mandates determines that this bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed \$1,000,000, shall be made from the State Mandates Claims Fund. Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: yes.

Preprint A.B. No. 3—Bates.

An act to amend Section 17207 of the Revenue and Taxation Code, relating to taxation, to take effect immediately, tax levy

LEGISLATIVE COUNSEL'S DIGEST

Income taxes: deductions: casualty losses: fire. The existing Personal Income Tax Law provides for the carryover to specified taxable years of specified losses sustained as a result of various disasters occurring in California. This bill would extend those provisions to losses sustained during October 1991 as the result of fire in the County of Alameda or the County of Contra Costa. This bill would take effect immediately as a tax levy. Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: no

Preprint A.B. No. 4—Bates.

An act to amend Sections 197, 197.1, 197.2, 197.3, 197.5, 197.6, 197.9, and 198.1 of the Revenue and Taxation Code, relating to taxation, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

LEGISLATIVE COUNSEL'S DIGEST

Taxation: disaster relief Existing law provides for purposes of the 1989-90 fiscal year, for the reassessment of, and deferral of property taxes upon, eligible property, as defined, damaged by earthquakes and fires occurring in California in 1989. Existing law also provides that moneys in the Special Fund for Economic Uncertainties be continuously appropriated for, among other things, disaster relief pursuant to those provisions. This bill would amend those provisions to provide, for purposes of the 1991-92 fiscal year, for the reassessment of, and deferral of property taxes upon, eligible property, as defined, damaged by fires occurring in California in October 1991. The bill would continuously appropriate moneys in the Special Fund for Economic Uncertainties to the Director of Finance for the purposes of allocating funds for disaster relief pursuant to those provisions. **2021** This bill e: 2/3. Appropriation: yes. Fiscal committee: yes. State-mandated local program: no.

LEGISLATIVE COUNSEL'S DIGEST

Office of the Legislative Analyst. Existing law authorizes the Joint Legislative Budget Committee to appoint a Legislative Analyst and such other clerical and technical employees as may appear necessary. Existing rules of the Legislature require the Legislative Analyst to ascertain facts and make recommendations to the committee concerning the state budget, the revenues and expenditures of the state, and the organization and functions of the state, its departments, subdivisions, and agencies, and to assist the Senate Budget and Fiscal Review Committee, the Senate Appropriations Committee, and the Assembly Ways and Means Committee in consideration of the State Budget, all bills carrying express or implied appropriations, and all legislation affecting state departments and their efficiency. This bill would establish in state government a 12-member Commission on California Fiscal Affairs, with 4 members each appointed by the Governor, the Speaker of the Assembly, and the Senate Committee on Rules. The commission would be authorized to select the Legislative Analyst and be responsible for reviewing and making recommendations on the state budget, analyzing fiscal bills, analyzing initiatives and ballot measures, conducting program performance reviews, and conducting other policy and fiscal studies relevant to the well-being of the state. This bill would expressly establish the Office of the Legislative Analyst in state government and provide that the Legislative Analyst is a civil executive officer. It would authorize the Legislative Analyst to employ and fix the compensation of office employees in accordance with the state civil service provisions of the California Constitution, and would require the Office of the Legislative Analyst to serve as staff for the Commission on California Fiscal Affairs. The bill would establish the Legislative Analyst Fund in the State Treasury and provide that it is continuously appropriated for the expenses of the Office of the Legislative Analyst, subject to the amount appropriated to the fund in the annual Budget Act. The bill also would exempt records of the Legislative Analyst from required public disclosure, and would repeal obsolete statutory provisions and codify certain rules of the Legislature governing the duties of the Legislative Analyst and the administration of his or her office. The bill would declare that it is to take effect immediately as an urgency statute. **Vote:** 2/3. Appropriation: no. Fiscal committee: yes. State-mandated local program: no.

LEGISLATIVE COUNSEL'S DIGEST

Credit reporting; loan fees, ATM charges (1) Existing law requires prescribed notification to a consumer, as defined, whenever a prospective employer requests a consumer credit report for employment purposes, whenever employment is denied due to information in a consumer credit report, and whenever credit or insurance for personal, family, or household purposes is denied or the cost increased due in whole or in part to information in a consumer credit report. This bill would additionally require consumer credit reporting agencies to give prescribed mailed notice to a consumer whenever the agency issues a consumer credit report about that consumer to any other user.

(2) Existing law limits the purposes for which a consumer credit report may be issued. Among these purposes are the use of the information in connection with a credit transaction or review or collection of accounts. This bill would prohibit consumer credit reporting agencies from furnishing a consumer credit report for these purposes without authorization of the consumer, except in connection with a credit transaction initiated by the consumer unless the consumer has received prescribed notice and fails to notify the consumer credit reporting agency for 12 months thereafter that the consumer does not consent to the furnishing of consumer credit reports for those purposes without the consumer's authorization.

(3) Existing law requires consumer credit reporting agencies to provide consumers with their credit information upon request. This bill would require consumer credit reporting agencies to provide annually to each consumer the contents of the consumer's file, upon request, as specified, and without charge. The bill would also require that any disclosure required to be made by a consumer credit reporting agency to the consumer be accompanied by a specified summary of the consumer's rights and remedies under the Consumer Credit Reporting Agencies Act.

(4) Existing law requires consumer credit reporting agencies to follow reasonable procedures to assure maximum accuracy in consumer credit reports. This bill would impose prescribed requirements respecting accuracy upon persons who furnish information to consumer credit reporting agencies.

(5) Existing law contains various limitations on fees charged by lenders. This bill would prohibit persons making loans in this state, other than specified financial institutions, from assessing or collecting a fee or other consideration in a loan transaction prior to closing the transaction, unless otherwise expressly authorized by law.

(6) Existing state statutes do not specifically regulate disclosures in transactions conducted by the use of automated teller machines. This bill would require any fee charged for the privilege of engaging in any transaction utilizing an automated teller machine to be disclosed prior to completing the transaction, and would require that the customer be given an opportunity to cancel the pending transaction, without charge, after that disclosure. Vote majority. Appropriation: no. Fiscal committee: no. State-mandated local program no

An act to add Section 12950 to the Government Code, relating to employment.

LEGISLATIVE COUNSEL'S DIGEST

Sexual harassment Existing law known as the California Fair Employment and Housing Act makes it unlawful for an employer, labor organization, employment agency, apprenticeship training program, any training program leading to employment, or any other person, to harass an employee or applicant because of race, religious creed, color, national origin, ancestry, physical handicap, medical condition, marital status, sex, or age. This bill would require an employer to post in a prominent and accessible location in the workplace a notice that provides, at a minimum, specified information on sexual harassment and to provide all employees, initially within 90 days of the effective date of these provisions, and annually thereafter, with individual written notice that includes, at a minimum, specified information on sexual harassment. This bill would require an employer with 15 or more employees to conduct an education and training program for all current employees within one year of the effective date of the bill's provisions, and for new employees within one year of commencement of employment, that includes, at a minimum, specified information on sexual harassment. It would require an employer with 15 or more employees to conduct a training program for all current supervisory and managerial employees within one year of the effective date of these provisions, or for all new supervisory and management employees within one year of commencement of their employment, that includes specified information concerning the specific responsibilities of supervisory and managerial employees and the measures that these employees should take to ensure immediate and appropriate corrective action in addressing sexual harassment complaints. Since the bill would impose new duties on local government entities in connection with their compliance with the bill's requirements, it would impose a state-mandated local program.⁰⁶¹ The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates which do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000. This bill would provide that, if the Commission on State Mandates determines that this bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed \$1,000,000, shall be made from the State Mandates Claims Fund. Services for seniors: funding formulas. Existing law provides for the allocation of funds by the Department of Aging to the area agencies on aging, for the provision of various services for seniors. This bill would require the Department of Aging to develop a funding formula or formulas which address current inequities in the distribution of aging and long-term care funds administered by the department, and to report to the Legislature by March 1, 1992. The bill would declare that it would take effect immediately as an urgency statute. Vote: 2/3. Appropriation: no. Fiscal committee: yes. State-mandated local program: no.

An act to add Section 17538.4 to the Business and Professions Code, relating to advertising.

Advertising unsolicited fax transmissions. Existing law contains various provisions regulating the advertisement of goods and services. This bill would prohibit any person or entity operating in this state from faxing or causing to be faxed documents consisting of unsolicited advertising material for the lease, sale, rental, gift offer, or other disposition of any realty, goods, services, or extension of credit. Since a violation of this provision would be an infraction punishable by a fine of \$500 for each and every transmission, the bill would also impose a state-mandated local program by creating a new crime. The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement. This bill would provide that no reimbursement is required by this act for a specified reason. Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: yes.

Preprint A.B. No. 13—Katz.

An act to amend Section 3208.3 of the Labor Code, relating to workers' compensation.

LEGISLATIVE COUNSEL'S DIGEST

Workers' compensation. Under existing law, in order to establish that a psychiatric injury is compensable under the workers' compensation laws, an employee must demonstrate by a preponderance of the evidence that actual events of employment were responsible for at least 10% of the total causation from all sources contributing to the psychiatric injury. This bill would instead provide that no compensation shall be paid for a psychiatric injury if the employer demonstrates by a preponderance of the evidence that the injury arose from a lawful, nondiscriminatory, good faith personnel action. It would provide that no compensation shall be paid by an employer for a psychiatric injury claim filed by an employee, unless the employee demonstrates by a preponderance of the evidence that sudden and extraordinary events of employment were the predominant cause of the psychiatric injury. The bill would further provide that if the employee has been laid off or terminated by the employer, no compensation shall be paid unless the psychiatric injury was reported to the employer or to a physician prior to notice of the employee's layoff or termination. These changes would not apply to public safety officers. Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: no.

An act to amend Sections 11470, 11488.4, 11488.5, and 11489 of, to amend, repeal, and add Sections 11471, 11472, 11473, 11473.2, and 11488 of, to repeal Sections 11473.3, 11488.1, and 11488.6 of, and to add Sections 11470, 11488.4, and 11488.5 to, the Health and Safety Code, and to repeal Section 16 of Chapter 1492 of the Statutes of 1988, relating to controlled substances.

LEGISLATIVE COUNSEL'S DIGEST

Controlled substance offenses seizure and forfeiture Under existing law, there are generally 2 sets of provisions relating to the forfeiture and seizure of property involved in, or purchased with the proceeds from, a controlled substance offense, with one set of provisions scheduled to be repealed on January 1, 1994, and the other set of provisions scheduled to become operative on January 1, 1994. This bill would change the repeal date of the former set of provisions to January 1, 1998, and would extend the operative date of the latter set of provisions to January 1, 1998. The bill would make conforming changes. Existing law provides that real property related to specified controlled substance violations, except a family residence owned by 2 or more persons that is valued at less than \$100,000, is subject to forfeiture, whether the violations are charged or not. This bill would, until January 1, 1998, provide that the whole of any lot or tract of real property related to those violations or a controlled substance violation involving the planting, cultivation, harvesting, drying, or processing of at least 100 marijuana plants, whether charged or not, is subject to forfeiture, and would eliminate the family residence exemption. The bill also would, until January 1, 1998, change the asset forfeiture provisions to: (1) eliminate the community property vehicle exemption, (2) revise the provision which limits the forfeiture of drug proceeds to those acquired within 5 years prior to seizure, to change that time period to 10 years; (3) rephrase language referring to owners of property exempted from these provisions; and (4) provide that property is subject to forfeiture notwithstanding that no person is either charged or convicted, as specified. The bill, among other things, also would authorize, until January 1, 1998, a peace officer to seize without process any property for which there is probable cause to believe that the property is subject to forfeiture, establish a new standing procedure, and revise the evidentiary presumptions with regard to controlled substance asset forfeiture. The bill would revise the requirements for the distribution by the state or local governmental entity of forfeited money or the proceeds from the sale of forfeited property. Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: no

LEGISLATIVE COUNSEL'S DIGEST

Water transfers

(1) Existing law authorizes every local or regional public agency to serve water to the inhabitants of the agency to transfer, for use outside the agency, water that is surplus to the needs of the water users of the agency. This bill would authorize those public agencies to transfer, for use outside the agency, water, the use of which is voluntarily foregone, during the period of the transfer, by a water user of the agency.

(2) The bill would set forth provisions relating to the transfer of water appropriated pursuant to the Water Commission Act and the Water Code, contractual entitlements under water supply contracts, and groundwater, as prescribed. The bill would authorize a water supplier to contract with persons entitled to service within the supplier's service areas to reduce or eliminate, for a specified period of time, their use of water supplied by the water supplier. The bill would authorize a water supplier to establish a program to enable its water users to transfer all or a portion of their water allocation for use outside the water supplier's service area. The bill would authorize a water user receiving water from a water supplier that has not adopted a transfer program to submit to the water supplier a request to transfer all or a portion of the user's allocation of water for use outside the service area of the water supplier, as prescribed. The bill would require the water supplier to either approve or deny the transfer request. The bill would authorize the water supplier and the water user to enter into a specified water transfer agreement and would authorize the water user to transfer water pursuant to other provisions of law, as prescribed. The bill would prescribe related matters and define terms. The bill would repeal these provisions on January 1, 1998, unless a later enacted statute deletes or extends that date, except that the bill would provide that contracts entered into pursuant to these provisions prior to that date would remain subject to these provisions as they read immediately prior to that date. Because the bill would impose new duties on local agencies, the bill would impose a state-mandated local program.

(3) Existing law defines "board," for purposes of the Water Code, to mean the State Water Resources Control Board. This bill would define "state board," for purposes of that code, to also mean the State Water Resources Control Board 061. (4) The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates which do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000. This bill would provide that, if the Commission on State Mandates determines that this bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to those statutory procedures and, if the statewide cost does not exceed \$1,000,000, shall be made from the State Mandates Claims Fund. Vote majority. Appropriation. no Fiscal committee: yes. State-mandated local program: yes.

LEGISLATIVE COUNSEL'S DIGEST

Public Contracts Dispute Resolution Act. Existing law provides that claims against state agencies under the State Contract Act shall be resolved by arbitration unless the parties to the contract waive this provision. Existing law prohibits a bidder on public entity construction contracts from being relieved of a bid, but authorizes a bidder to bring an action requesting relief from a court. Existing law provides for settlement of specified local agency construction contract claims by a specified procedure involving court action. This bill would enact the Public Contracts Dispute Resolution Act to provide a procedure for the settlement of contract claims against public entities. The bill would create the Public Contracts Dispute Resolution Board in state government. The bill would require contracts of public entities entered into on and after September 1, 1994, under the provisions of the Public Contract Code to include a provision granting the board exclusive jurisdiction to determine contract claims on specified matters in accordance with prescribed procedures. The bill would impose a state-mandated local program because it would require the parties, including local government entities, appearing before the board to bear the costs of board proceedings. The bill would make additional related changes. 061The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement, including the creation of a State Mandates Claims Fund to pay the costs of mandates which do not exceed \$1,000,000 statewide and other procedures for claims whose statewide costs exceed \$1,000,000.
