LEGISLATIVE COUNSEL'S DIGEST

Corrections. Existing law establishes the Youth and Adult Correctional Agency, which consists of the Department of Corrections, the Department of the Youth Authority, the Board of Prison Terms, the Board of Corrections, the Youth Authority Board, and the Narcotic Addict Evaluation Authority. This measure would, as of July 1, 2005, abolish those departments and boards, and instead create the Department of Corrections and Rehabilitation, which would consist of the Division of Adult Operations, the Division of Youth Operations, the Corrections Standards Authority, and the Board of Parole Hearings. The department would be headed by the Secretary of the Department of Corrections and Rehabilitation, who would be appointed by, and hold office at the pleasure of, the Governor, subject to confirmation by the Senate. The measure would authorize the Governor to appoint 2 subordinate officers for the secretary. The measure would also require the Governor to appoint 2 additional subordinate officers, who would be known as the Chief Administrative Officer of the Department of Corrections and Rehabilitation, Division of Adult Operations, and the Chief Administrative Officer of the Department of Corrections and Rehabilitation, Division of Youth Operations. The measure would vest the new department with all the powers, duties, responsibilities, obligations, liabilities, and jurisdiction of the Youth and Adult Correctional Agency, the Department of Corrections, the Department of the Youth Authority, the Commission on Correctional Peace Officer Standards and Training, the Board of Corrections, and the State Commission on Juvenile Justice, Crime and Delinquency Prevention. The measure would maintain the existing functions, powers, responsibilities, and jurisdiction of the Council on Mentally Ill Offenders, Prison Industry Authority, Prison Industry Authority Board, California Council for Interstate Adult Offender Supervision, and the Joint Venture Policy Advisory Board under the new department. Under existing law, the Board of Prison Terms is comprised of 9 members, appointed by the Governor, with the advice and consent of the Senate, each for a term of 4 years and until the appointment of a successor. Under this measure, the Board of Parole Hearings would be comprised of 17 commissioners, appointed by the Governor, subject to Senate confirmation, for 3-year terms. LEGISLATIVE COUNSEL'S DIGEST

Technology reorganization: Department of Technology Services. Existing law generally sets forth the requirements for the acquisition of information technology goods and services by the state and for the operation of various information technology services by state agencies. Existing law establishes the California Health and Human Services Agency Data Center in the California Health Services Agency and the Stephen P. Teale Data Center in the Business, Transportation and Housing Agency for the purpose of providing electronic data processing services to state agencies and for allocating moneys to projects that demonstrate or develop advanced information technologies as solutions to information processing problems. The California Health and Human Services Agency Data Center Revolving Fund and the Stephen P. Teale Data Center Revolving Fund are established in the State Treasury and continuously appropriated for the payment of expenses incurred by the data centers. Under existing law, these funds cease to exist if the data centers are consolidated with other state information technology centers, and any remaining moneys in the funds are required to be distributed according to specified provisions of law. Existing law also authorizes the Department of General Services to acquire, install, equip, maintain, and operate new or existing communications systems and facilities. This reorganization plan would create the Department of Technology Services in state government, under the Director of Technology Services, within the State and Consumer Services Agency. The plan would create the Technology Services Board, with a specified membership, within the department. The reorganization plan would authorize the department to acquire, install, equip, maintain, and operate new or existing business telecommunications systems and services and require it to coordinate all matters affecting statewide business telecommunications policy and planning. The reorganization plan would limit the authority of the Department of General Services to acquire, install, equip, maintain, and operate communications systems and facilities to public safety agencies. The reorganization plan would also consolidate and transfer the functions of the Stephen P. Teale Data Center, the California Health and Human Services Agency Data Center, and the Telecommunications Division of the Department of General Services to the department. The Director would be required to administer the department pursuant to a written plan of operations developed with the advice of the Board. The reorganization plan would create the Department of Technology Services Revolving Fund within the State Treasury, which would be continuously appropriated and available for encumbrance without regard to fiscal years.

Proclamation by Governor Arnold Schwarzenegger

(Convened January 6, 2005)

WHEREAS, an extraordinary occasion has arisen and now exists requiring that the Legislature of the State of California be convened in extraordinary session; now therefore,

I, ARNOLD SCHWARZENEGGER, Governor of the State of California, by virtue of the power and authority vested in me by Section 3(b) Article IV of the Constitution of California, do hereby convene the Legislature of the State of California to meet in extraordinary session at Sacramento, California, on the 6th day of January, 2005, at a time to be determined, for the following purpose and to legislate upon the following subjects:

1. To consider and act upon a Constitutional amendment to be placed before the voters and related legislation to reform the State's budget process so that government will be better able to keep spending within the amount of available revenues and thereby avoid budget deficits, and to require reductions in state expenditures when they exceed State revenues; and
2. To consider and act upon a Constitutional amendment to be placed before the voters and related legislation to reform the pension systems for future government employees from one that provides retirees a defined retirement benefit, to one that requires the state to pay a defined or fixed contribution each year into employee pension accounts; and
3. To consider and act upon a Constitutional amendment to be placed before the voters and related legislation to reform education by basing employment decisions concerning school teachers and administrators, including their compensation, on their successful performance not their longevity of service and to require more fiscal transparency and accountability on the part of local school districts; and
4. To consider and act upon a Constitutional amendment to be placed before the voters and related legislation that will reform the process of drawing California's legislative, congressional, and Board of Equalization districts in order to ensure that the process of apportioning legislative, congressional, and Board of Equalization districts is fair and equitable and free of undo political or partisan influences.
