**LEGISLATIVE COUNSEL'S DIGEST**

The California Constitution establishes the State Personnel Board, and requires the board to, among other things, enforce the civil service statutes, prescribe probationary periods and classifications, adopt rules authorized by statute, and review disciplinary actions. The

constitution also requires the executive officer of the board to administer the civil service statutes under the rules of the board. Existing statutory law establishes the Department of Personnel Administration for purposes of managing the nonmerit aspects of the state's personnel system.

This reorganization plan would create the Department of Human Resources, which would be vested with the duties, purposes, responsibilities, and jurisdiction exercised by the State Personnel Board as its designee with respect to the State Personnel Board's administrative and ministerial functions. The plan would abolish the Department of Personnel Administration, and would transfer the functions and duties performed by the Department of Personnel Administration to the Department of Human Resources. The plan would authorize the Department of Human Resources to establish disciplinary criteria applicable to adverse actions taken by appointing bodies pursuant to causes of discipline for employees and individuals established pursuant to specified provisions of law. The plan would require the State Personnel Board to give consideration and respect to any applicable disciplinary criteria established by the Department of Human Resources in making certain decisions relating to disciplinary proceedings. The plan would eliminate certain functions of the State Personnel Board relating to investigating and hearing complaints of discrimination in the civil service.

This reorganization plan would become operative on July 1, 2012.

### LEGISLATIVE COUNSEL'S DIGEST

Under existing law, the executive branch of state government includes the State and Consumer Services Agency; the Business, Transportation and Housing Agency; the California Emergency Management Agency; the California Environmental Protection Agency; the California Health and Human Services Agency; the Labor and Workforce Development Agency; the Natural Resources Agency; and the Corrections and Rehabilitation Agency. Existing law also establishes the Technology Agency, the Department of Food and Agriculture, and the Department of Veterans Affairs, which are headed by secretaries, in the executive branch.

This reorganization plan would revise the agency structure and result in establishing the following agencies in the executive branch of state government: Business and Consumer Services, Government Operations, Corrections and Rehabilitation, Labor and Workforce Development, California Health and Human Services, Environmental Protection, Natural Resources, and Transportation. The departments of Food and Agriculture and Veterans Affairs would also remain in the executive branch and be headed by secretaries. The plan would make the following specific changes with respect to state agencies, departments, and boards:

(1) Under existing law, the State and Consumer Services Agency is comprised of the Department of General Services; the Department of Consumer Affairs; the Franchise Tax Board; the Public Employees' Retirement System; the State Teachers' Retirement System; the Department of Fair Employment and Housing; the Fair Employment and Housing Commission; the California Science Center; the California Victim Compensation and Government Claims Board; the California African American Museum; the California Building Standards Commission; the Alfred E. Alquist Seismic Safety Commission; and the Office of Privacy Protection.

This reorganization plan would eliminate that agency and instead establish in state government

the Business and Consumer Services Agency, comprised of the Department of Consumer Affairs, the Department of Housing and Community Development, the Department of Fair Employment and Housing, the Department of Business Oversight, the Department of Alcoholic Beverage Control, the Alcoholic Beverage Control Appeals Board, the California Horse Racing Board, and the Alfred E. Alquist Seismic Safety Commission. The plan would transfer the Office of Exposition Park Management, the California Science Center, and the California African American Museum to the Natural Resources Agency.

(2) Existing law creates in the Business, Transportation and Housing Agency the Department of Real Estate and the Office of Real Estate Appraisers.

This plan would abolish those departments and instead establish in the Department of Consumer Affairs the Bureau of Real Estate and the Bureau of Real Estate Appraisers.

(3) Existing law establishes the Structural Pest Control Board in the Department of Pesticide Regulation. Existing law also creates the State Board of Chiropractic Examiners.

The plan would transfer the Structural Pest Control Board from the Department of Pesticide Regulation to the Department of Consumer Affairs. The plan would also provide that the State Board of Chiropractic Examiners is a unit within the Department of Consumer Affairs.

(4) Existing law establishes the California Gambling Control Commission. Existing law vests the commission with jurisdiction over the operation, concentration, and supervision over gambling establishments in the state and over all persons or things having to do with the operation of gambling establishments. Among other duties, existing law authorizes the commission to act as the regulatory body for gambling establishments, proposition players, remote caller bingo, and tribal casinos, as specified, by creating policy, establishing regulations, issuing licenses, and administering certain Indian gaming revenues and trust funds, as defined. Existing law vests the Department of Justice with law enforcement and investigatory powers pertaining to gambling establishments, gambling licenses, and work permits. Among other duties, existing law authorizes the department to conduct background investigations, monitor the conduct of licensees, and initiate disciplinary actions for violations of law, as specified.

This plan would consolidate the support, investigatory, auditing, and compliance functions of the California Gambling Control Commission and transfer these duties to the Department of Justice. The commission would retain jurisdiction over the licensing, policies, regulations, criteria, and standards pertaining to gaming.

(5) Existing law creates the Department of Corporations and the Department of Financial Institutions within the Business, Transportation and Housing Agency. The Department of Corporations provides for the licensure and regulation of businesses engaged in financial transactions, including securities brokers and dealers, investment advisors, financial planners, and certain fiduciaries and lenders, as specified. The Department of Financial Institutions oversees the operation of state-chartered financial institutions, including banks, credit unions, and various mortgage and money lenders. The Commissioner of Corporations and the Commissioner of Financial Institutions are responsible for overseeing and carrying out the duties and responsibilities of their respective departments.

This plan would abolish the Department of Corporations and the Department of Financial Institutions and transfer their responsibilities to the Department of Business Oversight, which would be established within the Business and Consumer Services Agency. The executive officer of the new Department of Business Oversight would be the Commissioner of Business Oversight. The department's administration would include a Deputy Commissioner of Business Oversight for the Division of Corporations and a Deputy Commissioner of Business Oversight for the Division of financial Institutions.

(6) Existing law provides for the governance and finance of state government.

This plan would establish the Government Operations Agency and transfer to that agency the Office of Administrative Law, the Public Employees' Retirement System, the State Teachers' Retirement System, the State Personnel Board, the California Victim Compensation and Government Claims Board, the Department of General Services, a newly created Department of Technology, the Department of Human Resources, and the Franchise Tax Board.

(7) Existing law establishes within state government the California Emergency Management Agency, which is governed by the Secretary of California Emergency Management.

This plan would recast the agency as the Office of Emergency Services within the office of the Governor and the secretary as the Director of Emergency Services.

(8) Existing law establishes within state government the California Technology Agency, which governs, among others, the Office of Information Security and the Office of Technology Services. The agency is governed by the Secretary of California Technology. The offices are governed by directors.

This plan would recast the office as the Department of Technology within the Government Operations Agency and the secretary as the Director of Technology.

(9) Existing law establishes the California Infrastructure and Economic Development Bank, the Office of Tourism, the California Film Commission, the Film California First Program, and the Small Business Loan Guarantee Program within the Business, Transportation and Housing Agency.

This plan would transfer these state entities to the Governor's Office of Business and Economic Development.

(10) Existing law establishes the Department of Transportation, the Department of Motor Vehicles, the Department of the California Highway Patrol, and the Board of Pilot Commissioners, among others, in the Business, Transportation and Housing Agency and a California Transportation Commission and a High-Speed Rail Authority in state government. This plan would include all the above entities within the Transportation Agency.

(11) Existing law establishes the Department of Boating and Waterways in the Natural Resources Agency and charges the department with duties related to beach erosion, harbors, and recreational boat trails. Existing law establishes the Boating and Waterways Commission to provide advice to the department.

This plan would transfer the department into the Department of Parks and Recreation as a division of that department and eliminate the Boating and Waterways Commission.

(12) Existing law establishes the California Housing Finance Agency within the Business, Transportation and Housing Agency, and authorizes the California Housing Finance Agency to carry out various powers and duties relating to meeting the housing needs of persons and families of low or moderate income.

This plan would instead provide that the California Housing Finance Agency is within the Department of Housing and Community Development and make various conforming changes.

(13) Existing law establishes the Department of Resources Recycling and Recovery, a department charged with the responsibility of regulating solid waste disposal, in the Natural Resources Agency.

This plan would transfer the Department of Resources Recycling and Recovery to the California Environmental Protection Agency.

(14) Existing law establishes the California Traffic Safety Program, which consists of a comprehensive plan to reduce traffic accidents, deaths, injuries, and property damage resulting from accidents. Existing law authorizes the Governor to appoint a highway safety representative in the Business, Transportation and Housing, who serves at the pleasure of the Secretary of Business, Transportation and Housing Agency and who is required to prepare the program. Existing law authorizes, to the maximum extent authorized by federal law, the Governor to delegate to the agency and the representative any power or authority to administer the program. This plan would instead authorize the Governor to appoint the highway safety representative in the Transportation Agency who would serve at the pleasure of the Secretary of Transportation. The plan would authorize the Governor to delegate power and authority to the Secretary of Transportation to administer the program.

(15) This reorganization plan would become operative on July 1, 2013, and would authorize a state agency, department, or entity to take actions prior to July 1, 2013, that are necessary to ensure that the provisions of the plan become operative on July 1, 2013.
