CONSTITUTION OF THE STATE OF CALIFORNIA.

PREAMBLE AND DECLARATION OF RIGHTS.

PREAMBLE.

We, the people of the State of California, grateful to Almighty God for our freedom, in order to secure and perpetuate its blessings, do establish this Constitution.

ARTICLE 1.

DECLARATION OF RIGHTS.

SECTION 1. All men are by nature free and independent, and have certain inalienable rights, among which are those of enjoying and defending life and liberty; acquiring, possessing, and protecting property; and pursuing and obtaining safety and happiness.

Sec. 2. All political power is inherent in the people. Government is instituted for the protection, security, and benefit of the people, and they have the right to alter or reform the same whenever the public good may require it.

Sec. 3. The State of California is an inseparable part of the American Union, and the Constitution of the United States is the supreme law of the land.

Sec. 4. The free exercise and enjoyment of religious profession and worship, without discrimination or preference, shall forever be guaranteed in this State; and no person shall be rendered incompetent to be a witness or juror on account of his opinions on matters of religious belief; but the liberty of conscience hereby secured shall not be so construed as to excuse acts of licentiousness, or justify practices inconsistent with the peace or safety of this State.

Sec. 5. The privilege of the writ of habeas corpus shall not be suspended unless when, in cases of rebellion or invasion, the public safety may require its suspension.

Sec. 6. All persons shall be bailable by sufficient sureties, unless for capital offenses when the proof is evident or the presumption great. Excessive bail shall not be required, nor excessive fines imposed; nor shall cruel or unusual punishment be inflicted. Witnesses shall not be unreasonably detained, nor confined in any room where criminals are actually imprisoned.

Sec. 7. The right of trial by jury shall be secured to all, and remain inviolate; but in civil actions three fourths of the jury may render a verdict. A trial by jury may be waived in all criminal cases not amounting to felony, by the consent of both parties, expressed in open court, and in civil actions by the consent of the parties, signified in such manner as may be prescribed by law. In civil actions and cases of misdemeanor, the jury may consist of twelve, or of any number less than twelve upon which the parties agree in open court.

Sec. 8. Offenses heretofore required to be prosecuted by indictment shall be prosecuted by information, after examination and commitment by a magistrate, or by indictment, with or without such examination and commitment, as may be prescribed by law. A grand jury shall be drawn and summoned at least once a year in each county.

Sec. 9. Every citizen may freely speak, write, and publish his sentiments on all subjects, being responsible for the abuse of that right; and no law shall be passed to restrain or abridge the liberty of speech or of the press. In all criminal prosecutions for libels, the truth may be given in evidence to the jury; and if it shall appear to the jury that the matter charged as libelous is true, and was published with good motives, and for justifiable ends, the party shall be acquitted; and the jury shall have the right to determine the law and the fact. Indictments found, or
information laid, for publications in newspapers, shall be tried in the county where such newspapers have their publication office, or in the county where the party alleged to be libeled resided at the time of the alleged publication, unless the place of trial shall be changed for good cause.

Sec. 10. The people shall have the right to freely assemble together to consult for the common good, to instruct their representatives, and to petition the Legislature for redress of grievances.

Sec. 11. All laws of a general nature shall have a uniform operation.

Sec. 12. The military shall be subordinate to the civil power. No standing army shall be kept up by this State in time of peace, and no soldier shall, in time of peace, be quartered in any house without the consent of the owner; nor in time of war, except in the manner prescribed by law.

Sec. 13. In criminal prosecutions, in any court whatever, the party accused shall have the right to a speedy and public trial; to have the process of the court to compel the attendance of witnesses in his behalf, and to appear and defend, in person and with counsel. No person shall be twice put in jeopardy for the same offense: nor be compelled, in any criminal case, to be a witness against himself; nor be deprived of life, liberty, or property without due process of law. The Legislature shall have power to provide for the taking, in the presence of the party accused and his counsel, of depositions of witnesses, in criminal cases other than cases of homicide, when there is reason to believe that the witness, from inability or other cause, will not attend at the trial.

Sec. 14. Private property shall not be taken or damaged for public use without just compensation having been first made to, or paid into court for, the owner, and no right of way shall be appropriated to the use of any corporation other than municipal until full compensation therefor be first made in money or ascertained and paid into court for the owner, irrespective of any benefit from any improvement proposed by such corporation, which compensation shall be ascertained by a jury, unless a jury be waived, as in other civil cases in a court of record, as shall be prescribed by law.

[Amendment adopted November 6, 1894.]

Sec. 2. Electors shall in all cases, except treason, felony, or breach of the peace, be privileged from arrest on the days of election, during their attendance at such election, going to and returning therefrom.

The Legislature shall have the power to enact laws relative to the election of delegates to conventions of political parties; and the Legislature shall enact laws providing for the direct nomination of candidates for public office, by electors, political parties, or organizations of electors without conventions, at elections to be known and designated as primary elections; also to determine the tests and conditions upon which electors, political parties, or organizations of electors may participate in any such primary election. It shall also be lawful for the Legislature to prescribe that any such primary election shall be mandatory and obligatory. The Legislature shall also have the power to establish the rates of compensation for primary election officers serving at such primary elections in any city, or city and county, or county, or other subdivision of a designated population, without making such compensation uniform, and for such purpose such law may declare the population of any city, city and county, county or political subdivision. Sec. 3. No elector shall be obliged to perform militia duty on the day of election, except in time of war or public danger.

Sec. 4. CONSTITUTION OF CALIFORNIA.

SEC. 6. ARTICLE III.

DISTRIBUTION OF POWERS.

SECTION 1. The powers of the government of the State of California shall be divided into three separate departments—the legislative, executive, and judicial; and no person charged with the exercise of powers properly belonging to one of these departments shall exercise any functions appertaining to either of the others, except as in this Constitution expressly directed or permitted.

ARTICLE IV.

LEGISLATIVE DEPARTMENT.

SECTION 1. The legislative power of this State shall be vested in a Senate and Assembly, which shall be designated the Legislature of the State of California; and the enacting clause of every law shall be as follows: "The People of the State of California, represented in Senate and Assembly, do enact as follows."

SEC. 2. The sessions of the Legislature shall commence at twelve o'clock noon on the first Monday after the first day of January next succeeding the election of its members, and after the election held in the year 1880, shall be biennial, unless the Governor shall, in the interim, convene the Legislature by proclamation. No bill shall be introduced in either house forty days after the commencement of each session without the consent of three fourths of the members thereof. [Amendment adopted November 3, 1903.]

SEC. 3. Members of the Assembly shall be elected in the year eighteen hundred and seventy-nine, at the time and in the manner now provided by law. The second election of members of the Assembly, after the adoption of this Constitution, shall be on the first Tuesday after the first Monday in November, eighteen hundred and eighty. Thereafter members of the Assembly shall be chosen biennially, and their term of office shall be two years; and each election shall be on the first Tuesday after the first Monday in November, unless otherwise ordered by the Legislature.

SEC. 4. Senators shall be chosen for the term of four years, at the same time and places as members of the Assembly, and no person shall be a member of the Senate or Assembly who has not been a citizen and inhabitant of the State three years, and of the district for which he shall be chosen one year, next before his election.

SEC. 5. The Senate shall consist of forty members, and the Assembly of eighty members, to be elected by districts, numbered as hereinafter provided. The seats of the twenty Senators elected in the year eighteen hundred and eighty-two from the odd-numbered districts shall be vacated at the expiration of the second year, so that one half of the Senators shall be elected every two years; provided, that all the Senators elected at the first election under this Constitution shall hold office for the term of three years.

SEC. 6. For the purpose of choosing members of the Legislature, the State shall be divided into forty senatorial and eighty assembly districts, as nearly equal in population as may be, and composed of contiguous territory, to be called senatorial and assembly districts. Each senatorial district shall choose one Senator, and each assembly district shall choose one member of Assembly. The senatorial districts shall be numbered from one to forty, inclusive, in numerical order, and the assembly districts shall be numbered from one to eighty in the same order, commencing at the northern boundary of the State and ending at the southern boundary thereof. In the formation of such districts no county, or city and county shall
be divided, unless it contains sufficient population within itself to form two or more districts, nor shall a part of any county, or of any city and county, be united with any other county, or city and county, in forming any district. The census taken under the direction of the Congress of the United States in the year one thousand eight hundred and eighty, and every ten years thereafter, shall be the basis of fixing and adjusting the legislative districts; and the Legislature shall, at its first session after each census, adjust such districts and reapportion the representation so as to preserve them as near equal in population as may be. But in making such adjustment no persons who are not eligible to become citizens of the United States, under the naturalization laws, shall be counted as forming a part of the population of any district. Until such districting as herein provided for shall be made, Senators and Assemblymen shall be elected by the districts according to the apportionment now provided for by law.

Sec. 7. Each house shall choose its officers, and judge of the qualifications, elections, and returns of its members.

Sec. 8. A majority of each house shall constitute a quorum to do business, but a smaller number may adjourn from day to day, and may compel the attendance of absent members in such manner and under such penalties as each house may provide.

Sec. 9. Each house shall determine the rule of its proceedings, and may, with the concurrence of two thirds of all the members elected, expel a member.

Sec. 10. Each house shall keep a journal of its proceedings, and publish the same; and the yea and nay votes of the members of either house, on any question, shall, at the desire of any three members present, be entered on the journal.

Sec. 11. Members of the Legislature shall, in all cases, except treason, felony, and breach of the peace, be privileged from arrest, and shall not be subject to any civil process during the session of the Legislature, nor for fifteen days next before the commencement and after the termination of each session.

Sec. 12. When vacancies occur in either house, the Governor, or the person exercising the functions of the Governor, shall issue writs of election to fill such vacancies.

Sec. 13. The doors of each house shall be open, except on such occasions as, in the opinion of the house, may require secrecy.

Sec. 14. Neither house shall, without the consent of the other, adjourn for more than three days, nor to any place other than that in which they may be sitting. Nor shall the members of either house draw pay for any recess or adjournment for a longer time than three days.

Sec. 15. No law shall be passed except by bill. Nor shall any bill be put upon its final passage until the same, with the amendments thereto, shall have been printed for the use of the members; nor shall any bill become a law unless the same be read on three several days in each house, unless, in case of urgency, two thirds of the house where such bill may be pending shall, by a vote of yea and nay, dispense with this provision. Any bill may originate in either house, but may be amended or rejected by the other; and on the final passage of all bills they shall be read at length, and the vote shall be by yea and nay upon each bill separately, and shall be entered on the journal, and no bill shall become a law without the concurrence of a majority of the members elected to each house.

Sec. 16. Every bill which may have passed the Legislature shall, before it becomes a law, be presented to the Governor. If he approve it, he shall sign it; but if not, he shall return it, with his objections, to the house in which it originated, which shall enter such objections upon the journal and proceed to reconsider it. If after such reconsideration, it again pass both houses, by yeas and nays, two thirds of the members elected to each house voting therefor, it shall become a law, notwithstanding the Governor's objections. If any bill shall not be returned within ten days after it shall have been presented to him (Sundays excepted), the same shall become a law in like manner as if he had signed it, unless the Legislature, by adjournment, prevents such return, in which case it shall not become a law, unless the Governor, within thirty days after such adjournment (Sundays excepted), shall sign and deposit the same in the office of the Secretary of State, in which case it shall become a law in
like manner as if it had been signed by him before adjournment. If any bill presented to the Governor contains several items of appropriation of money, he may object to one or more items, while approving other portions of the bill. In such case he shall append to the bill at the time of signing it, a statement of the items to which he objects, and the reasons therefor, and the appropriation so objected to shall not take effect unless passed over the Governor's veto, as hereinafter provided. If the Legislature be in session, the Governor shall transmit to the house in which the bill originated a copy of such statement, and the items so objected to shall be separately reconsidered in the same manner as bills which have been disapproved by the Governor. [Amendment adopted November 3, 1908.]

Sec. 17. The Assembly shall have the sole power of impeachment, and all impeachments shall be tried by the Senate. When sitting for that purpose, the Senators shall be upon oath or affirmation, and no person shall be convicted without the concurrence of two thirds of the members elected.

Sec. 18. The Governor, Lieutenant-Governor, Secretary of State, Controller, Treasurer, Attorney-General, Surveyor-General, Chief Justice and Associate Justices of the Supreme Court, and Judges of the Superior Courts, shall be liable to impeachment for any misdemeanor in office; but judgment in such cases shall extend only to removal from office and disqualification to hold any office of honor, trust, or profit under the State; but the party convicted or acquitted shall, nevertheless, be liable to indictment, trial, and punishment, according to law. All other civil officers shall be tried for misdemeanor in office in such manner as the Legislature may provide.

Sec. 19. No Senator or member of Assembly shall, during the term for which he shall have been elected, be appointed to any civil office of profit under this State which shall have been created, or the emoluments of which have been increased, during such term, except such offices as may be filled by election by the people.

Sec. 20. No person holding any lucrative office under the United States, or any other power, shall be eligible to any civil office of profit under this State; provided, that officers in the militia who receive no annual salary, local officers, or postmasters whose compensation does not exceed five hundred dollars per annum, shall not be deemed to hold lucrative offices.

Sec. 21. No person convicted of the embezzlement or defalcation of the public funds of the United States, or of any State, or of any county or municipality therein, shall ever be eligible to any office of honor, trust, or profit under this State, and the Legislature shall provide, by law, for the punishment of embezzlement or defalcation as a felony.

Sec. 22. No money shall be drawn from the treasury but in consequence of appropriations made by law, and upon warrants duly drawn thereon by the Controller; and no money shall ever be appropriated or drawn from the State treasury for the use or benefit of any corporation, association, asylum, hospital, or any other institution not under the exclusive management and control of the State as a State institution, nor shall any grant or donation of property ever be made thereeto by the State; provided, that notwithstanding anything contained in this or any other section of this Constitution, the Legislature shall have the power to grant aid to institutions conducted for the support and maintenance of minor orphans, or half-orphans, or abandoned children, or aged persons in indigent circumstances—such aid to be granted by a uniform rule, and proportioned to the number of inmates of such respective institutions; provided further, that the State shall have at any time the right to inquire into the management of such institution; provided further, that whenever any county, or city and county, or city, or town shall provide for the support of minor orphans, or half-orphans, or abandoned children, or aged persons in indigent circumstances, such county, city and county, city, or town shall be entitled to receive the same pro rata appropriations as may be granted to such institutions under church or other control. An accurate statement of the receipts and expenditures of public moneys shall be attached to and published with the laws at every regular session of the Legislature.

Sec. 23. The members of the Legislature shall receive for their services, the sum
of one thousand dollars each for each regular session. to be paid at such times during the session as may be provided by law, and the sum of ten dollars each, for each day while in attendance at a special or extraordinary session, for a number of days not exceeding thirty; and mileage to be fixed by law, all paid out of the State treasury; such mileage shall not exceed ten cents per mile; and each member shall be allowed contingent expenses not exceeding twenty-five dollars per member for each regular biennial session. The Legislature may also provide for additional help; but in no case shall the total expense for officers, employees, and attachés exceed the sum of five hundred dollars per day for either house, at any regular or biennial session, nor the sum of two hundred dollars per day for either house at any special or extraordinary session, nor shall the pay of any officer, employee, or attaché be increased after he is elected or appointed. [Amendment adopted November 3, 1908.]

Sec. 23a. The Legislature may also provide for the employment of help; but in no case shall the total expense for officers, employees, and attachés exceed the sum of five hundred dollars per day for either house at any regular or biennial session, nor the sum of two hundred dollars per day for either house at any special or extraordinary session, nor shall the pay of any officer, employee, and attaché be increased after he is elected or appointed. [New section; adopted November 3, 1908.]

Sec. 24. Every Act shall embrace but one subject, which subject shall be expressed in its title. But if any subject shall be embraced in an Act which shall not be expressed in its title, such Act shall be void only as to so much thereof as shall not be expressed in its title. No law shall be revised or amended by reference to its title; but in such case the Act revised or section amended shall be reenacted and published at length as revised or amended; and all laws of the State of California, and all official writings, and the executive, legislative, and judicial proceedings, shall be conducted, preserved, and published in no other than the English language.

ARTICLE VI.

JUDICIAL DEPARTMENT.

Section 1. The judicial power of the State shall be vested in the Senate, sitting as a court of impeachment, in a Supreme Court, District Courts of Appeal, Superior Courts, Justices of the Peace, and such inferior courts as the Legislature may establish in any incorporated city or town, or city and county. [Amendment adopted November 8, 1904.]

Sec. 2. The Supreme Court shall consist of a Chief Justice and six Associate Justices. The court may sit in departments and in bank, and shall always be open for the transaction of business. There shall be two departments, denominated, respectively, Department One and Department Two. The Chief Justice shall assign three of the Associate Justices to each department, and such assignment may be changed by him from time to time. The Associate Justices shall be competent to sit in either department, and may interchange with each other by agreement among themselves, or as ordered by the Chief Justice. Each of the departments shall have the power to hear and determine causes, and all questions arising therein, subject to the provisions hereinafter contained in relation to the court in bank. The presence of three justices shall be necessary to transact any business in either of the departments, except such as may be done at chambers, and the concurrence of three justices shall be necessary to pronounce a judgment. The
Chief Justice shall apportion the business to the departments, and may, in his discretion, order any cause pending before the court to be heard and decided by the court in bank. The order may be made before or after judgment pronounced by a department: but where a cause has been allotted to one of the departments, and a judgment pronounced thereon, the order must be made within thirty days after such judgment, and concurred in by two Associate Justices, and if so made it shall have the effect to vacate and set aside the judgment. Any four justices may, either before or after judgment by a department, order a case to be heard in bank. If the order be not made within the time above limited, the judgment shall be final. No judgment by a department shall become final until the expiration of the period of thirty days aforesaid, unless approved by the Chief Justice, in writing, with the concurrence of two Associate Justices. The Chief Justice may convene the court in bank at any time, and shall be the presiding justice of the court when so convened. The concurrence of four justices present at the argument shall be necessary to pronounce a judgment in bank; but if four justices, so present, do not concur in a judgment, then all the justices qualified to sit in the cause shall hear the argument; but to render a judgment a concurrence of four judges shall be necessary. In the determination of causes, all decisions of the court, in bank or in departments, shall be given in writing, and the grounds of the decision shall be stated. The Chief Justice may sit in either department, and shall preside when so sitting, but the justices assigned to each department shall select one of their number as presiding justice. In case of the absence of the Chief Justice from the place at which the court is held, or his inability to act, the Associate Justices shall select one of their own number to perform the duties and exercise the powers of the Chief Justice during such absence or inability to act.

Sec. 3. The Chief Justice and the Associate Justices shall be elected by the qualified electors of the State at large at the general State elections, at the time and places at which State officers are elected; and the term of office shall be twelve years from and after the first Monday after the first day of January next succeeding their election: provided, that the six Associate Justices elected at the first election shall, at their first meeting, by lot, select two of them who shall go out of office at the end of four years, two of them at the end of eight years, and two of them at the end of twelve years, and an entry of such classification shall be made in the minutes of the court in bank, signed by them, and a duplicate thereof shall be filed in the office of the Secretary of State. If a vacancy occur in the office of a justice, the Governor shall appoint a person to hold the office until the election and qualification of a justice to fill the vacancy, which election shall take place at the next succeeding general election, and the justice so elected shall hold the office for the remainder of the unexpired term. The first election of the justices shall be at the first general election after the adoption and ratification of this Constitution.

Sec. 4. The Supreme Court shall have appellate jurisdiction on appeal from the Superior Courts in all cases in equity, except such as arise in Justice's Courts; also, in all cases at law which involve the title or possession of real estate, or the legality of any tax, impost, assessment, toll, or municipal fine, or in which the demand, exclusive of interest, or the value of the property in controversy, amounts to two thousand dollars: also, in all such probate matters as may be provided by law; also, on questions of law alone, in all criminal cases where judgment of death has been rendered; the said court shall also have appellate jurisdiction in all cases, matters, and proceedings pending before a District Court of Appeal which shall be ordered by the Supreme Court to be transferred to itself for hearing and decision, as hereinafter provided. The said court shall also have power to issue writs of mandamus, certiorari, prohibition, and habeas corpus, and all other writs necessary or proper to the complete exercise of its appellate jurisdiction. Each of the justices shall have power to issue writs of habeas corpus to any part of the State, upon petition by or on behalf of any person held in actual custody, and may make such writs returnable before himself or the Supreme Court, or before any District Court of Appeal, or before any judge thereof, or before any Superior Court in the State, or before any judge thereof.
The State is hereby divided into three appellate districts, in each of which there shall be a District Court of Appeal consisting of three justices. The first district shall embrace the following counties: San Francisco, Marin, Contra Costa, Alameda, San Mateo, Santa Clara, Fresno, Santa Cruz, Monterey, and San Benito.

The second district shall embrace the following counties: Tulare, Kings, San Luis Obispo, Kern, Inyo, Santa Barbara, Ventura, Los Angeles, San Bernardino, Orange, Riverside, and San Diego.

The third district shall embrace the following counties: Del Norte, Siskiyou, Modoc, Humboldt, Trinity, Shasta, Lassen, Tehama, Plumas, Mendocino, Lake, Colusa, Glenn, Butte, Sierra, Sutter, Yuba, Nevada, Sonoma, Napa, Yolo, Placer, Solano, Sacramento, El Dorado, San Joaquin, Amador, Calaveras, Stanislaus, Mariposa, Madera, Merced, Tuolumne, Alpine, and Mono.

Said District Courts of Appeal shall hold their regular sessions respectively at San Francisco, Los Angeles, and Sacramento, and they shall always be open for the transaction of business.

The District Courts of Appeal shall have appellate jurisdiction on appeal from the Superior Courts in all cases at law in which the demand, exclusive of interest, or the value of the property in controversy, amounted to three hundred dollars, and does not amount to two thousand dollars; also, in all cases of forcible and unlawful entry and detainer (except such as arise in Justices' Courts), in proceedings in insolvency, and in actions to prevent or abate a nuisance; in proceedings of mandamus, certiorari, and prohibition, usurpation of office, contesting elections and eminent domain, and in such other special proceedings as may be provided by law (excepting cases in which appellate jurisdiction is given to the Supreme Court); also, on questions of law alone, in all criminal cases prosecuted by indictment or information in a court of record, excepting criminal cases where judgment of death has been rendered. The said courts shall also have appellate jurisdiction in all cases, matters, and proceedings pending before the Supreme Court which shall be ordered by the Supreme Court to be transferred to a District Court of Appeal for hearing and decision. The said courts shall also have power to issue writs of mandamus, certiorari, prohibition, and habeas corpus, and all other writs necessary or proper to the complete exercise of their appellate jurisdiction. Each of the justices thereof shall have power to issue writs of habeas corpus to any part of his appellate district upon petition by or on behalf of any person held in actual custody, and may make such writs returnable before himself or the District Court of Appeal of his district, or before any Superior Court within his district, or before any judge thereof.

The Supreme Court shall have power to order any cause pending before the Supreme Court to be heard and determined by a District Court of Appeal, and to order any cause pending before a District Court of Appeal to be heard and determined by the Supreme Court. The order last mentioned may be made before judgment has been pronounced by a District Court of Appeal, or within thirty days after such judgment shall have become final therein. The judgments of the District Courts of Appeal shall become final therein upon the expiration of thirty days after the same shall have been pronounced.

The Supreme Court shall have power to order causes pending before a District Court of Appeal for one district to be transferred to the District Court of Appeal of another district for hearing and decision.

The Justices of the District Courts of Appeal shall be elected by the qualified electors within their respective districts at the general State elections at the times and places at which Justices of the Supreme Court are elected. Their terms of office and salaries shall be the same as those of Justices of the Supreme Court, and their salaries shall be paid by the State. Upon the ratification by the people of this amendment the Governor shall appoint nine persons to serve as Justices of the District Courts of Appeal until the first Monday after the first day of January in the year nineteen hundred and seven, provided, that not more than six of said
persons shall be members of the same political party. At the election in the year
nineteen hundred and six nine of such justices shall be elected as above provided,
and the justices of each District Court of Appeal shall so classify themselves by
lot that one of them shall go out of office at the end of four years, one of them at
the end of eight years, and one of them at the end of twelve years; an entry of
such classification shall be made in the minutes of the court, signed by the three
justices thereof, and a duplicate thereof filed in the office of the Secretary of State.

office for the unexpired term.

One of the justices of each of the District Courts of Appeal shall be the presid-

The presence of three justices shall be necessary for the transaction of any busi-
ness by such court, except such as may be done at chambers, and the concurrence of
three justices shall be necessary to pronounce a judgment.

Whenever any Justice of the Supreme Court is for any reason disqualified or
unable to act in a cause pending before it, the remaining justices may select one of
the Justices of a District Court of Appeal to act pro tempore in the place of the
justice so disqualified or unable to act.

Whenever any Justice of a District Court of Appeal is for any reason disqualified
or unable to act in any cause pending before it, the Supreme Court may appoint a
Justice of the District Court of Appeal of another district, or a Judge of a Superior
Court who has not acted in the cause in the court below, to act pro tempore in the
place of the justice so disqualified or unable to act.

No appeal taken to the Supreme Court or to a District Court of Appeal shall be
dismissed for the reason only that the same was not taken to the proper court, but
the cause shall be transferred to the proper court upon such terms as to costs or
otherwise as may be just, and shall be proceeded with therein as if regularly
appealed thereto.

All statutes now in force allowing, providing for, or regulating appeals to the
Supreme Court shall apply to appeals to the District Courts of Appeal so far as
such statutes are not inconsistent with this article and until the Legislature shall
otherwise provide.

The Supreme Court shall make and adopt rules not inconsistent with law for the
government of the Supreme Court and of the District Courts of Appeal and of the
officers thereof, and for regulating the practice in said courts. [Amendment
adopted November 8, 1904.]

the recovery of the possession of, quieting the title to, or for the enforcement of

[Amendment adopted November 6, 1894.]

SEC. 4. Such approval may be made by concurrent resolution, and if approved by a majority vote of the members elected to each house, it shall become the charter of such city, or, if such city be consolidated with a county, then of such city and county, and shall become the organic law thereof, and supersede any existing charter, (whether framed under the provisions of this section of the Constitution or not,) and all amendments thereof, and all laws inconsistent with such charter. Sec. 3. Each stockholder of a corporation, or joint-stock association, shall be individually and personally liable for such proportion of all its debts and liabilities contracted or incurred, during the time he was a stockholder, as the amount of stock or shares owned by him bears to the whole of the subscribed capital stock, or shares of the corporation or association. The directors or trustees of corporations and joint-stock associations shall be jointly and severally liable to the creditors and stockholders for all moneys embezzled or misappropriated by the officers of such corporation or joint-stock association, during the term of office of such director or trustee.

Sec. 5. The Legislature shall have no power to pass any act granting any charter for banking purposes, but corporations or associations may be formed for such purposes under general laws. No corporation, association, or individual shall issue or put in circulation, as money, anything but the lawful money of the United States.

Sec. 6. All existing charters, grants, franchises, special or exclusive privileges, under which an actual and bona fide organization shall not have taken place, and business been commenced in good faith, at the time of the adoption of this Constitution, shall thereafter have no validity.

Sec. 7. The Legislature shall not extend any franchise or charter, nor rectify the forfeiture of any franchise or charter of any quasi-public corporation now existing or which shall hereafter exist under the laws of this State. The term of existence of any other corporation now or hereafter existing under the laws of this State, may be extended, at any time prior to the expiration of its corporate existence, for a period not exceeding fifty years from the date of such extension, by the vote or written consent of stockholders representing two thirds of its capital stock or of two thirds of the members thereof. A certificate of such vote or consent shall be signed and sworn to by the president and secretary, and by a majority of the directors of the corporation and filed and certified in the manner and upon payment of fees required by law for filing and certifying articles of incorporation, and thereupon the term of the corporation shall be extended for the period specified in such certificate, and such corporation shall thereafter pay all annual or other fees required by law to be paid by corporations. [Amendment adopted November 3, 1908.]

Sec. 9. No corporation shall engage in any business other than that expressly authorized in its charter or the law under which it may have been or may hereafter be organized; nor shall it hold for a longer period than five years any real estate, except such as may be necessary for carrying on its business.

Sec. 10. The Legislature shall not pass any laws permitting the leasing or alienation of any franchise, so as to relieve the franchise or property held thereunder from the liabilities of the lessor or grantor, lessee or grantee, contracted or incurred in the operation, use, or enjoyment of such franchise, or any of its privileges.

Sec. 11. No corporation shall issue stock or bonds, except for money, labor done, or property actually received, and all fictitious increase of stock or indebtedness shall be void. The stock and bonded indebtedness of corporations shall not be increased, except in pursuance of general law, nor without the consent of the persons holding the larger amount in value of the stock, at a meeting called for that purpose, giving sixty days' public notice, as may be provided by law.

Sec. 12. In all elections for directors or managers of corporations every stockholder shall have the right to vote, in person or by proxy, the number of shares of stock owned by him, for as many persons as there are directors or managers to be
elected, or to cumulate said shares and give one candidate as many votes as the number of directors multiplied by the number of his shares of stock shall equal, or to distribute them, on the same principle, among as many candidates as he shall think fit; and such directors or managers shall not be elected in any other manner, except that members of cooperative societies formed for agricultural, mercantile, and manufacturing purposes may vote on all questions affecting such societies in manner prescribed by law.

Sec. 13. The State shall not, in any manner, loan its credit, nor shall it subscribe to or be interested in the stock of any company, association, or corporation.

Sec. 14. Every corporation, other than religious, educational, or benevolent, organized or doing business in this State, shall have and maintain an office or place in this State for the transaction of its business, where transfers of stock shall be made, and in which shall be kept, for inspection by every person having an interest therein, and legislative committees, books in which shall be recorded the amount of capital stock subscribed, and by whom; the names of the owners of its stock, and the amounts owned by them, respectively; the amount of stock paid in, and by whom; the transfers of stock; the amount of its assets and liabilities, and the names and places of residence of its officers.

Sec. 15. No corporation organized outside the limits of this State shall be allowed to transact business within this State on more favorable conditions than are prescribed by law to similar corporations organized under the laws of this State.

Sec. 16. A corporation or association may be sued in the county where the contract is made or is to be performed, or where the obligation or liability arises or the breach occurs; or in the county where the principal place of business of such corporation is situated, subject to the power of the court to change the place of trial, as in other cases.

Sec. 17. All railroad, canal, and other transportation companies are declared to be common carriers, and subject to legislative control. Any association or corporation, organized for the purpose under the laws of this State, shall have the right to connect at the State line with railroads of other States. Every railroad company shall have the right with its road to intersect, connect with, or cross any other railroad, and shall receive and transport each the other's passengers, tonnage, and cars, without delay or discrimination.

Sec. 18. No president, director, officer, agent, or employe of any railroad or canal company shall be interested, directly or indirectly, in the furnishing of material or supplies to such company, nor in the business of transportation as a common carrier of freight or passengers over the works owned, leased, controlled, or worked by such company, except such interest in the business of transportation as lawfully flows from the ownership of stock therein.

Sec. 19. No railroad or other transportation company shall grant free passes, or passes or tickets at a discount, to any person holding any office of honor, trust, or profit in this State; and the acceptance of any such pass or ticket by a member of the Legislature, or any public officer, other than Railroad Commissioner, shall work a forfeiture of his office.

Sec. 20. No railroad company or other common carrier shall combine or make any contract with the owners of any vessel that leaves port or makes port in this State, or with any common carrier, by which combination or contract the earnings of one doing the carrying are to be shared by the other not doing the carrying. And whenever a railroad corporation shall, for the purpose of competing with any other common carrier, lower its rates for transportation of passengers or freight from one point to another, such reduced rates shall not be again raised or increased from such standard without the consent of the governmental authority in which shall be vested the power to regulate fares and freights.

Sec. 21. No discrimination in charges or facilities for transportation shall be made by any railroad or other transportation company between places or persons, or in the facilities for the transportation of the same classes of freight or passengers within this State, or coming from or going to any other State. Persons and property transported over any railroad, or by any other transportation company or
individual, shall be delivered at any station, landing, or port, at charges not exceeding the charges for the transportation of persons and property of the same class, in the same direction, to any more distant station, port, or landing. Excursion and commutation tickets may be issued at special rates.

Sec. 22. The State shall be divided into three districts as nearly equal in population as practicable, in each of which one Railroad Commissioner shall be elected by the qualified electors thereof at the regular gubernatorial elections, whose salary shall be fixed by law, and whose term of office shall be four years, commencing on the first Monday after the first day of January next succeeding their election. Said Commissioners shall be qualified electors of this State and of the district from which they are elected, and shall not be interested in any railroad corporation, or other transportation company, as stockholder, creditor, agent, attorney, or employee; and the act of a majority of said Commissioners shall be deemed the act of said Commission. Said Commissioners shall have the power, and it shall be their duty, to establish rates of charges for the transportation of passengers and freight by railroad or other transportation companies, and publish the same from time to time, with such changes as they may make; to examine the books, records, and papers of all railroad and other transportation companies, and for this purpose they shall have power to issue subpoenas and all other necessary process; to hear and determine complaints against railroad and other transportation companies, to send for persons and papers, to administer oaths, take testimony, and punish for contempt of their orders and processes, in the same manner and to the same extent as courts of record, and enforce their decisions and correct abuses through the medium of the courts. Said Commissioners shall prescribe a uniform system of accounts to be kept by all such corporations and companies. Any railroad corporation or transportation company which shall fail or refuse to conform to such rates as shall be established by such Commissioners, or shall charge rates in excess thereof, or shall fail to keep their accounts in accordance with the system prescribed by the Commission, shall be fined not exceeding twenty thousand dollars for each offense; and every officer, agent, or employé of any such corporation or company, who shall demand or receive rates in excess thereof, or who shall in any manner violate the provisions of this section, shall be fined not exceeding five thousand dollars, or be imprisoned in the county jail not exceeding one year. In all controversies, civil or criminal, the rates of fares and freight fixed by said Commission shall be deemed conclusively just and reasonable, and in any action against such corporation or company for damages sustained by charging excessive rates, the plaintiff, in addition to the actual damage, may, in the discretion of the judge or jury, recover exemplary damages. Said Commission shall report to the Governor, annually, their proceedings, and such other facts as may be deemed important. Nothing in this section shall prevent individuals from maintaining actions against any of such companies. The Legislature may, in addition to any penalties herein prescribed, enforce this article by forfeiture of charter or otherwise, and may confer such further powers on the Commissioners as shall be necessary to enable them to perform the duties enjoined on them in this and the foregoing section. The Legislature shall have power, by a two-thirds vote of all the members elected to each house, to remove any one or more of said Commissioners from office, for deliction of duty, or corruption, or incompetency; and whenever, from any cause, a vacancy in office shall occur in said Commission, the Governor shall fill the same by the appointment of a qualified person thereto, who shall hold office for the residue of the unexpired term, and until his successor shall have been elected and qualified.

Sec. 23. Until the Legislature shall district the State, the following shall be the railroad districts: The First District shall be composed of the counties of Alpine, Amador, Butte, Calaveras, Colusa, Del Norte, El Dorado, Humboldt, Lake, Lassen, Mendocino, Modoc, Napa, Nevada, Placer, Plumas, Sacramento, Shasta, Sierra, Siskiyou, Solano, Sonoma, Sutter, Tehama, Trinity, Yolo, and Yuba, from which one Railroad Commissioner shall be elected. The people of the State of California, represented in senate and assembly, do enact as follows:

SECTION 1. Section one of an act entitled "An act to promote drainage," approved March 18, 1885, is hereby amended to read as follows:

Section 1. Whenever the owners of two thirds of any body of land susceptible of one mode of drainage desire to drain the same, they may present to the board of supervisors of the
county in which the land, or the greater portion thereof, is situated, at a regular meeting of the board, a petition setting forth that they desire to adopt measures to drain the same, a description of the land, the number of acres in the proposed district, and the number of acres in each tract, and the names of the owners thereof, and names of three persons whom they desire to serve as trustees for the first three months; the petition must be verified by the affidavit of one of the petitioners, and must be published for four weeks next preceding the hearing thereof, in some newspaper published in the county in which the lands are situated, or if there is no newspaper published in the county, then it must be published in some newspaper having a general circulation in the county, together with a notice stating the date of the meeting of said board on which the petition will be heard, and directing all parties interested to appear on said date and show cause, if any they have, why said petition should not be granted, and an affidavit of such publication must be filed with the clerk of said board at or before the date of said hearing.

Sec. 2. Section three of said act is hereby amended to read as follows:

Section 3. If the board of supervisors find upon the hearing of such petition that lands have been improperly included in such district, they may, before fixing the final boundaries, exclude from such district any land which may have been so included, or include any lands adjacent thereto, on petition of any owner of such lands presented at such time of hearing, as they may deem for the best interests of such district. If from the petition and evidence produced at such hearing the board finds that said petition should be granted, it must thereupon, by order, define the boundaries of said district and declare said district duly formed, and the persons named in said petition for the formation of such district, as such, to be the trustees thereof for the first three months, or, until their successors are appointed.

Sec. 3. Section four of said act is hereby amended to read as follows:

Section 4. The petition for the formation of the district, together with the order of the board, defining its boundaries and forming the same, must be recorded in the office of the recorder of the county in which any of the lands of the district are situated.

Sec. 4. Section five of said act is hereby amended to read as follows:

Section 5. After the approval of the petition the owners of lands embraced within the boundaries of the district, or those owning a majority in acreage thereof must adopt by-laws, not inconsistent with the laws of this state for the government and control of the affairs of the district, and for the future appointment of trustees. The by-laws thus adopted must be signed by the owners of lands in the district representing a majority in acreage thereof. By-laws thus adopted may be
amended at any time in the same manner in which the original by-laws were adopted.

Sec. 5. Section six of said act is hereby amended to read as follows:

Section 6. The by-laws and all amendments thereto must be filed for record in the office of the recorder in which the district was organized, and recorded in a book kept for the purpose of recording instruments in writing relating to reclamation or drainage districts.

Sec. 6. Section seven of said act is hereby amended to read as follows:

Section 7. The board of trustees shall have power to elect one of its members president thereof and also a clerk; to employ engineers and others to survey, plan, locate and estimate the cost of the works necessary for the drainage of the lands of the district, and the land needed for a right of way, including drains, canals, sloughs, water gates, embankments, water courses and material for construction; to thereafter, at any time, in its discretion, modify or change such original plan or plans, or adopt new, supplemental or additional plan or plans, when, in its judgment, the same shall become necessary; to construct, maintain and keep in repair all works necessary to carry into effect the objects sought to be attained; and to do all other acts and things necessary or required for the drainage of the lands embraced in the district. And the several members of the board shall each be entitled to receive for actual and necessary services performed, and for expenses incurred by them, respectively, for and in the interest of the district, such compensation as the board may determine to be just and reasonable, and shall allow, and the same shall constitute an indebtedness of the district for which warrants of the district must be drawn and paid in the same manner and out of the same fund as other warrants of the district; provided, that no warrant thus drawn shall be valid until approved by the board of supervisors of the county which formed the district.

Sec. 7. Section nine of said act is hereby amended to read as follows:

Section 9. The board of supervisors of the county in which the district was formed must appoint three commissioners disinterested persons residing in the county in which the district or some part thereof is situated, and such commissioners must view and assess upon the lands situated in the district a charge proportionate to the whole expense, and to the benefit which will result from such work, which charges must be collected and paid into the county treasury either in cash or in regularly issued warrants of the district as hereinafter provided, and must be placed by the treasurer to the credit of the district, and paid out for the work of drainage upon the warrants of the trustees approved by the board of supervisors of the county.
SEC. 8. Section ten of said act is hereby amended to read as follows:

Section 10. The warrants drawn by the trustees must, after they are approved by the board of supervisors, be presented to the treasurer of the county, and if they are not paid on presentation, like indorsements must be made thereon, and they must be registered in like manner as county warrants and paid in the order of their registration. All warrants from the date of their registration shall bear interest at the rate of six per cent per annum; provided, however, that warrants may be used in the payment of assessments made hereunder without regard to the order of registration.

SEC. 9. Section thirteen of said act is hereby amended to read as follows:

Section 13. The commissioners appointed by the board of supervisors must make a list of the charges assessed against each tract of land, and the list must contain:

1. A description of each tract assessed.
2. The number of acres in each tract.
3. The names of the owners of each tract, if known, and if unknown, that fact; but no mistake in the name of the owner, or supposed owner of the property assessed shall render the assessment thereof invalid.
4. The amount of the charge assessed against each tract.

The board of commissioners must, on the completion of such list, cause a notice to be published in some paper published in the county where such district is situated, and also have such notice posted in three places in such district, to the effect that the board of commissioners will, in ten days from the publication of such notice, meet (and they shall also name the time and place of such meeting) as a board of equalization for the purpose of equalizing assessments, and will continue in session as long as may be necessary, not to exceed ten days, at the end of which time, having equalized and adjusted such assessments, the list must then be filed as hereinafter provided.

SEC. 10. Section fourteen of said act is hereby amended to read as follows:

Section 14. The list so made must be filed with the county treasurer of the county, or if the district is partly situated in different counties, then the original list must be filed in the county first in order in alphabetical arrangement, and copies thereof, certified by the commissioners, must be filed with the treasurers of each of the other counties. From and after the filing of the list, or certified copies thereof, the charges assessed upon any tract of land in the district constitute a lien thereon, and the list thus prepared must remain in the office of the treasurer for thirty days, or longer if ordered by the board of trustees, and during the time it so remains in the office of said treasurer any person may pay the amount of the charges assessed against any tract to the treasurer without costs, either in cash or in regularly issued war.
rants of the district; or, if so ordered by the board of trustees, said payments may be by installments which installments may be paid either in cash or in regularly issued warrants of the district: and if, at the end of thirty days, or of the longer period fixed by the trustees, all the charges, or all of any installments ordered by them, have not been paid, the treasurer must return the list to the board of trustees of the district, and all unpaid assessments shall bear legal interest from the date of the return of the lists to said board, and shall thereafter be collected and paid in separate installments, of such amounts. and at such times, respectively, as the board, from time to time, in its discretion, may, by order entered in its minutes, direct; and a cause of action for the collection of any such installments shall accrue at the expiration of twenty days from the date of the order directing its payment; provided, that if any such installment shall remain unpaid at the expiration of said twenty days, then the whole of the assessment against the land owned by the person failing to pay such installment shall become due and payable at once, and may, in the discretion of the board, be collected immediately, in one and the same action. The board of trustees of the district must commence actions for the collection of such delinquent installments, and delinquent assessments, with interest thereon, and costs, and for the enforcement of the lien thereof on the land assessed, in the superior court of the county in which the land, or some portion of it, is situated, in which action all persons claiming any interest in said land upon which said assessment is levied, and any person necessary to a complete determination of the action, may be joined as defendants in said action. No person holding a conveyance from or under the person to whom the land was assessed or having a lien thereon, which conveyance or lien does not appear, of record in the proper office at the time of the commencement of the action, need be made a party to such action, and the judgment therein rendered, and the proceedings therein had, are as conclusive against the party holding such unrecorded conveyance or lien as if he had been a party to the action. Notice of the pendency of such action may be filed in the office of the county recorder of the county in which the land affected by said action is situated in the same manner and with like effect as in other actions affecting real property. When the name of any person, properly a defendant in any such action, as herein provided, is unknown to the said trustees such person may be joined in said action and be sued by a fictitious name, and if his true name is thereafter, and before final judgment, discovered or ascertained the same may be, thereafter, substituted for such fictitious name. Service of the summons in such action shall be made in the same manner as is provided by law for the service or publication of summons in other actions. Assessments on several tracts may be included in the same action, if listed to the same persons, and causes of action on separate assessments on the same land.
may be included in the same action. In all actions for the collection of delinquent assessments, the court may decree and adjudge a lien against each tract for the amount assessed against the same, and may order it to be sold, on execution or decree, as in other cases of sale of real estate on execution. In any action to enforce said lien or to determine the validity of the same, said list, duly executed by said commissioners, or a certified copy thereof shall be prima facie evidence of the matters therein contained, and that said commissioners were duly appointed and qualified, as required by law, and that they did view and assess upon the lands set forth in said list the charges therein contained, and that said charges are in proportion to the whole expense and the benefits which will result from the work of drainage for which said assessment was so levied. The judgment or decree must direct that the sale be made for lawful money of the United States. The board of trustees must pay the moneys collected to the county treasurer, who must place the same to the credit of the district.

Sec. 11. Section twenty of said act is hereby amended to read as follows:

Section 20. Whenever any district of lands susceptible of one mode of drainage is entirely owned by parties who desire to drain the same, and to manage such drainage without the intervention of trustees or the establishment and adoption of by-laws, such parties may file the petition provided for in sections one and two, and they must state therein that they intend to undertake such drainage on their own responsibility. If the petition is granted, the owners of the lands shall have all the rights, immunities and privileges possessed by boards of trustees, and in all proceedings the names of owners may be used instead of the names of trustees.

Sec. 12. This act shall take effect upon its passage.

Judgment. 2171. The judge, after such examination and certificate made, if he believes the person so far disordered in his mind as to endanger health, person, or property, must adjudge him insane, and make an order that he be confined in a hospital for the care and treatment of the insane, designated in such order, and the order must be accompanied by a written statement of the judge as to the financial condition of the insane person and of the persons legally liable for his maintenance,
as far as can be ascertained. Such order and statement shall be in substantially the following form:

JUDGMENT OF INSANITY AND ORDER OF COMMITMENT OF INSANE PERSONS.

In the Superior Court of the __________ County of __________ State of California.

In the Matter of

An alleged insane person.

On this __________ day of __________, A. D. 190__, __________, a person alleged to be insane, was brought before me in open court, for a hearing and examination on a charge of insanity, on the affidavit of __________ ________, charging __________ with insanity, made before, and on a warrant of arrest issued thereon by __________ ________, a magistrate of said __________ county of __________, and upon the order of this court, fixing time and place for the hearing and examination of said charge, made in open court, and it appearing to the court that said alleged insane person, when said order was made, was then and there personally present in open court, and was then and there informed by the court that he was charged with being insane, and of his rights to make a defense to such charge, and of his right to be represented by counsel, and to produce witnesses on his behalf, and to have subpœnas issued to compel the attendance of witnesses, and was further informed that, if at such hearing and examination, he should be ordered committed, that he might, within five days after the making of such order of commitment, demand that the question of his insanity be tried by a jury before said superior court.

And it further appearing to the court, that the original order fixing time and place for said hearing and examination, was entered in the minutes of the court by the clerk thereof, and a duly certified copy of said order was duly served on said alleged insane person, and upon __________ ________, relatives of said alleged insane person, residing in said __________ county of __________, as were deemed by the court necessary or proper persons to be served with notice of the arrest of said alleged insane person, and of the hearing on said charge of insanity.

At said hearing and examination, said alleged insane person was represented by __________ __________, an attorney of this court (appointed by the court for that purpose).

The court thereupon, in open court, proceeded with the hearing and examination of said alleged insane person, and ____________
were sworn and examined as witnesses in regard to the mental condition of said alleged insane person, and that of the persons liable for his care, support, and maintenance.

At said hearing and examination, there were in attendance, two regularly appointed and qualified medical examiners of said county, who then and there heard the testimony of all the witnesses, and each of whom made a personal examination of said alleged insane person, and testified before the court as to the results of such examinations, and other pertinent facts within their knowledge.

Said medical examiners, after making the examination and hearing the testimony of the witnesses, and testifying as aforesaid, did make a certificate showing all the facts required by section 2170 of the Political Code, which certificate is hereto attached and made a part hereof.

Now, therefore, after such examination and certificate made as aforesaid, the court being satisfied from the testimony of said witnesses, and of the truth of the matters set forth in said certificate, that said is insane, and is so far disordered in mind as to endanger health, person, and property, and that it is dangerous for life, health, person, and property, for such person to be at large, and that his condition is such as to require care and treatment in a hospital for the care and treatment of the insane.

It is therefore ordered, adjudged, and decreed, that said is insane, and that he be committed to and confined in the state hospital, at , California.

It is further ordered and directed, that sheriff of the county of , take, convey, and deliver said to the proper authorities of said hospital, to be held and confined therein as an insane person.

The sum of dollars having been found on the person of said person at the time of his arrest, the said sheriff is ordered to take possession of the same and deliver it to the medical superintendent of said institution with said insane person.

THIRTY-EIGHTH SESSION.

Copies of such order, of the certificate of the examiners and of such accompanying statement must be filed with the county clerk, and said order must be recorded by the county clerk of the county in which such order was made as are other judgments of said court. He shall also keep, in convenient form, an index book, showing the name, age, and sex of the person so ordered to be confined in any such hospital, with the date of the order and the name of the hospital in which the person is ordered to be confined. No fees must be charged by the clerk for performing any of the duties provided for in this section.

Sec. 17. Section twenty-one hundred and seventy-two of said code is hereby amended to read as follows:

2172. The insane person, together with certified copies of the affidavit, warrant of arrest, and of the order for hearing and examination, the order and accompanying statement of the judge and the certificate of the physicians, must be delivered to the sheriff of the county, and by him must be delivered to the officer in charge of the hospital to which such person is committed; but no female insane person shall be taken to any hospital without the attendance of some other female or of some relative of such insane person.

Any moneys found on the person of an insane person at the time of arrest must be certified to by the judge, and sent with such person to the hospital, there to be delivered to the medical superintendent. If the sum exceed one hundred dollars, the excess must be applied to the payment of the maintenance and medical attendance of such person while in the hospital; if the sum is one hundred dollars or less, it may be expended for the personal expenses of the person or applied to the payment of funeral expenses if the person dies at the hospital.

Sec. 18. Section twenty-one hundred and seventy-six of said code is hereby amended to read as follows:

2176. The husband, wife, father, mother, or children of an insane person, and the guardian of his estate, must cause him to be properly and suitably cared for and maintained, and must pay the costs and charges of his commitment and transportation to a state hospital for the insane. The husband, wife, father, mother, or children of an insane person, or the estate of such insane person, shall be liable for the care, support, and maintenance of any insane person in a state hospital for the insane to which he has been or may hereafter be committed or transferred.

Sec. 19. Section twenty-one hundred and seventy-seven of said code is hereby amended to read as follows:

2177. The commission may inquire into the manner in which any insane person, not confined in a state hospital, is cared for and maintained; and if, in its judgment, he is not properly and suitably cared for, it may apply to a judge of the superior court for an order to commit him to a state hospital under the provisions of this act. Such order must not be made unless the judge finds, and certifies in the order, that the insane person is not properly or suitably cared for by his relatives or guardian, or that it is dangerous to the public to
allow him to be cared for and maintained by such relatives or guardian.

Sec. 20. Section twenty-one hundred and seventy-nine of said code is hereby amended to read as follows:

2179. In case any person who has been or shall hereafter be committed to any state hospital for the insane, shall be or shall hereafter become the owner of any property, real or personal, the secretary of the state commission in lunacy, in case such insane has no guardian, may apply to a court of competent jurisdiction for the appointment of a guardian of the estate of such insane person. Where an insane person shall die in a state hospital leaving an estate, and having no relatives or guardian, or in case the secretary of the state commission in lunacy shall be such guardian, such secretary may apply for letters of administration on such estate, but shall receive no compensation for his services as such administrator unless the estate shall be sufficient to pay all claims against said estate.

Sec. 21. Section twenty-one hundred and eighty of said code is hereby amended to read as follows:

2180. The monthly rate for the care, support, and maintenance of all insane patients at state hospitals for the insane, where there is liability to pay for such care, support, and maintenance, shall be fifteen dollars per month payable in advance; provided, however, the medical superintendent of a state hospital for the insane shall, on the order of the commission, reduce or remit the amount to be paid by the estate or the relatives, as the case may be, liable for the care, support, and maintenance of any insane person committed thereto and confined therein, on satisfactory proof that said estate or said relatives, as the case may be, are unable to pay the said sum of fifteen dollars per month. If any insane person die at any time, while his estate is liable for his care, support, and maintenance and other expenses at a state hospital, the claim for such amount as may be due, may be presented to the executor or administrator of his estate and paid in the same manner as are other debts and claims against the estate of a deceased person.

Sec. 22. Section twenty-one hundred and eighty-one of said code is hereby amended to read as follows:

2181. If said insane person has sufficient estate for the purpose, it shall be the duty of the guardian of his estate to pay for his care, support, maintenance and necessary expenses at the hospital to the extent of the estate. Payment for said care, support, maintenance and expenses may be enforced by the order of the judge of the superior court where said guardianship proceedings are pending. On the filing of a petition therein by the secretary of the commission, showing that said guardian has failed, refused or neglected to pay for said care, support, maintenance and expenses, the court, by order, shall direct the payment by the guardian. Such order may be enforced in the same manner as are other orders of the court. If there is not at any time sufficient money on hand in the estate
of said insane person to pay the claim of a state hospital for the care, support, maintenance and expenses of said insane person therein, the court may, on petition of the guardian of the estate, or if said guardian fails, refuses or neglects to apply, on the petition of the secretary of the commission, make an order directing the guardian to sell so much of the other personal or real estate or both, of said insane person as may be necessary to pay for the care, support, maintenance, and expenses of said insane person at said hospital. From the proceeds of such sale, the guardian shall pay the amount due for the care, support, maintenance, and expenses at said hospital, and also such other charges as are allowed by law. Provided, however, payment for the care, support, maintenance, and expenses of any insane person at a state hospital shall not be exacted when such payment will, in any case, where there is a likelihood of such insane person recovering or being released from said hospital, reduce his estate to that extent, in the event of his discharge from the hospital, he is likely to become a burden on the community.

Sec. 28. Section twenty-one hundred and eighty-seven of said code is hereby amended to read as follows:

2187. 1. When the building of any state hospital becomes overcrowded with patients or inmates, or the number of buildings is reduced by fire, or other casualties, or for other sufficient cause, the commission may, in its discretion, cause the transfer of patients or inmates therefrom or direct that patients or inmates required to be sent thereto, be transferred to another state hospital, where they can be conveniently received, or make, in emergencies, temporary provision for their care, preference to be given in such transfer to a hospital in an adjoining rather than a remote district. The expense of such transfer is chargeable to the state, and the bills for the same, when approved by the commission, must be paid by the treasurer of state on the warrant of the controller, out of any moneys provided for the care or support of the insane.

2. Patients may be transferred at the request of relatives or friends; provided, there is room in the hospital to which transfer is sought, but in case of transfers made as last provided the expense of such transfers shall be paid by such relatives or friends; provided, further, that transfers as last provided, shall not be made unless the consent of the commission and the medical superintendents of the hospitals from which and to which said transfer is to be made be obtained.

3. The commission, when it deems it necessary, may transfer any inmate of the home for feeble-minded for care and treatment to a state hospital for the insane for care and treatment therein and the counties, guardian, relatives or friends of such inmate shall be liable for his care, support and maintenance in said hospital for the insane in the same manner and to the same extent as if the said patient had been originally committed to the said state hospital at the date of such transfer. The commission, when it deems it necessary, may transfer any patient in any state hospital for the insane to the said home
for care and treatment therein. The estate, relatives or friends
of such patient, or the county from which such patient was
originally committed, shall be liable for the care, support, and
maintenance of such patient at the said home in the same
manner and to the same extent as if the said patient had been
originally committed to the said home at the date of such
transfer.

Sect. 24. Section twenty-one hundred and eighty-nine of
said code is hereby amended to read as follows:

2189. The superintendent of a state hospital on filing his
written certificate with the secretary of board of managers,
may discharge any patient, except one held upon an order
of a court or judge having criminal jurisdiction in an action
or proceeding arising out of a criminal action or proceeding
arising out of a criminal offense, at any time, as follows:

A patient who, in his judgment, has recovered;

Any patient who is not recovered, but whose discharge, in the
judgment of the superintendent, will not be detrimental to the
public welfare, or injurious to the patient. The medical super-
intendent may, when he deems it advisable, refuse to discharge
any patient as improved, unless the guardian, friends or rela-
tives of such patient shall satisfy such medical superintendent
that they are financially able and willing to properly care for
such patient after his discharge. When the superintendent is
unwilling to certify to the discharge of an unrecovered patient,
upon request, and so certifies in writing, giving his reasons
therefor, any superior judge of the county in which the hospital
is situated may, upon such certificate, and an opportunity of a
hearing thereon being accorded the superintendent, and upon
other proofs as may be produced before him, direct, by order,
the discharge of such patient, upon such security to the people
of the state as he may require for the good behavior and main-
tenance of the patient. The certificate and the proof, and the
order granted thereon, must be filed in the clerk's office of the
county in which the hospital is situated, and a certified copy
of the order in the hospital from which the patient is dis-
charged.

The superintendent may grant a parole to a patient, not
exceeding thirty days, under general conditions prescribed by
the commission.

A patient committed to a hospital under the provisions of
chapter six, title ten, part two, of the Penal Code, must, upon
the certificate of the superintendent that such person has
recovered, approved by the superior judge of the county from
which the patient was committed, be redelivered to the sheriff
of such county, and dealt with as provided for by said chapter
six of the Penal Code.

The medical superintendent of a state hospital may on his
own motion and must on the order of the commission, discharge
any patient who is not insane, or because he is not a proper
case for treatment therein, or because such patient is a case of
idiocy, imbecility, chronic harmless mental unsoundness or
acute mania a potu. Such person, when discharged, shall be
returned to the county from which he was committed at the expense of said county. When such person is a poor and indigent person he shall be delivered to the sheriff of the county who must take the necessary steps for the care of such person. When such person is a poor and indigent person he shall be cared for by such county as are other indigent poor. When any person is discharged from any state hospital as is last herein provided he shall not be again committed to any state hospital for the insane unless permission for such recommitment be first obtained from the medical superintendent thereof. Said medical superintendent shall refuse to receive such person on such recommitment unless such permission is obtained as herein provided.

When any person is discharged as recovered from a state hospital a copy of the certificate of discharge duly certified by the secretary of the board of managers, may be filed for record with the clerk of the superior court of the county from which said person was committed. The clerk shall record the same in a book kept for that purpose and shall keep an index thereof. No fees shall be charged by the clerk for performing such duties. Such certified copy of such certificate and the record of the same shall have the same legal effect as the original, and if no guardian has been appointed for such person as provided by sections seventeen hundred and sixty-three and seventeen hundred and sixty-four of the Code of Civil Procedure, such certificate, duly certified copies thereof and such record thereof shall have the same legal force and effect as a judgment of restoration to capacity made under the provisions of section seventeen hundred and sixty-six of the Code of Civil Procedure. The term patient as used in this section shall be regarded as referring to and including inmates of the home for the feebleminded.

Whenever any person duly adjudged to be insane has been duly committed to a state hospital for the insane under the provisions of any law of this state, and for whom no guardian has been appointed, and who is absent from the hospital to which he was committed or transferred under the order of commitment, on parole or leave of absence granted by the medical superintendent thereof, or who has been discharged therefrom as improved by said superintendent as provided by this section, is desirous of being declared sane and restored to legal capacity, said insane person or a relative or friend on his behalf may make application in writing to said medical superintendent to be declared sane. On receiving such application, said medical superintendent may make such examination of such person and require such proof as he may reasonably deem necessary to determine whether or not such person is sane. For the purpose of making such examination said superintendent may also require said person to present himself at the hospital for examination. If on making such examination and receiving such proofs as he deems reasonably necessary said medical superintendent shall be satisfied that said person is sane and has recovered his reason, said medical superintendent shall
issue to said person his certificate that such person is sane, and recovered and restored to reason. A copy thereof, duly certified, shall be immediately forwarded to the state commission in lunacy, who shall file the same in their office. A copy thereof shall also be filed at said hospital and a proper record made thereof.

If said medical superintendent is unwilling or refuses, however, to issue a certificate of recovery upon application as in this section provided, he shall so certify in writing, giving his reasons therefor, and said insane person or a relative or friend in his behalf may make application by petition duly verified to a judge of the superior court of the county where such insane person resides to be declared sane. Notice of the hearing of said application shall be given in the manner directed by a judge of said court, to said medical superintendent, and to such relative or relatives of such insane person residing in the county as the judge may direct, who may have opportunity to appear and be heard on the hearing of said application. Such hearing shall be conducted as are civil cases, and on demand of the petitioner the question of the insanity of such person may be tried by a jury, as in civil cases. If on the hearing of said application the court is satisfied from the proofs produced or if a jury trial is had, and the jury shall render a verdict that such person is sane, the court shall by order adjudge such person to be sane. Said order shall be filed and recorded in the office of the county clerk and certified copies thereof shall be sent by said clerk and filed with the state commission in lunacy and also with the superintendent of the hospital from which said insane person was paroled, granted leave of absence or discharged as improved. If said matter is tried by a jury the cause against said insane person shall be represented by the district attorney of the county. From a decision of the court or verdict of the jury finding the said person insane an appeal may be taken as in civil cases. If three fourths of the jury fail to declare said person sane, or the court or the jury shall find such person to be insane, said proceeding shall be dismissed and no new application to declare such person sane shall be made for six months thereafter.

Whenever any person who has been adjudged to be insane, who has not been committed to a state hospital for the insane, and who has no guardian, is desirous of being declared sane and restored to legal capacity, said insane person or a relative or friend on his behalf may, by petition duly verified, make application to a judge of the superior court where he resides to be declared sane; said judge shall fix a time for the hearing of said application, and he may, by order, direct that notice of said hearing be given in the manner and to such relative or relatives of said person residing in the county where such application is made, as the judge may direct, who shall have opportunity to appear and be heard at said hearing. Such hearing shall be conducted as are civil cases, and on demand by the petitioner may be tried before a jury as are civil cases. If on said hearing the decision of the court or the verdict of the jury
is that such person is insane, an appeal may be taken to the supreme court as in civil cases. If the court shall decide or the jury shall render a verdict declaring said person to be sane, the court shall make an order declaring said person to be sane. If three fourths of the jury fail to unite in a verdict, or the court or jury shall decide that such person is insane, such proceeding shall be dismissed, and no new application to have such person declared sane shall be made for six months thereafter.

Before any order is made or any proceedings are taken for a trial by jury, the person demanding the same shall make a deposit, or give a bond, to be approved by a judge of the superior court where proceedings are had for the payment of all costs of such trial, unless, in the opinion of said judge, the insane person in whose behalf said trial is demanded is a poor or indigent person.

The certificate of recovery by the medical superintendent, the order of the judge or the verdict of a jury and the order of the judge as in this section provided, shall have the same legal effect as a discharge as recovered, and shall be prima facie evidence of the sanity of such person.

Sec. 25. Section twenty-one hundred and ninety-two of said code is hereby amended to read as follows:

2192. Whenever any parent, guardian, or other person charged with the support of an imbecile or feeble-minded person, or any idiot, or epileptic who is not insane, desires him to be admitted into the home for feeble-minded, he may petition the superior court of the county in which he resides, for an order admitting such person to such hospital. The judge must inquire into the condition or status of such person, and if he finds him to be an imbecile, feeble-minded person, idiot or epileptic, and that he has been a resident of the state for one year next preceding the presentation of the petition, such judge must make an order that he be received, maintained, and educated in such hospital, and on the presentation of such order the superintendent must receive him therein, if the hospital is not already full, or the fund available for its support exhausted; but the imbecile, feeble-minded person, idiot, or epileptic, need not be received if, in the judgment of the management of the hospital or the commission, he is not a suitable subject for admission thereto. The judge must inquire into the financial condition of the parent, guardian, or other person charged with the support of any such person, and if he finds him able, in whole or in part, to pay its expenses at such hospital, he must make a further order requiring such parent, guardian, or other person charged with the support of such person to pay to the hospital at stated periods such sums as, in the opinion of the judge, are proper during such time as the person may remain in such hospital. This order may be enforced by such further orders as the judge deems necessary, and may be varied, altered, or revoked in his discretion, and the board of managers may, with the approval of the commission, cause the peremptory discharge of any person who
STATUTES OF CALIFORNIA.

has been an inmate or patient for the period of one month. For each child or other person committed to such home there shall be paid by the county from which he is committed to the state treasury the sum of ten dollars monthly for and during each month, or part of month, such person so committed remains an inmate of the hospital, in case the payments herein provided to be made by the parent, guardian, or other person charged with the support of any such person shall not be made.

Sec. 26. Section twenty-one hundred and ninety-three of said code is hereby amended to read as follows:

2193. Each county auditor must include in his state settlement report rendered to the controller in the months of May and December the amount due the state under this act by reason of commitments to the home for feeble-minded; and the county treasurer, at the time of the settlement with the state in such months, must pay to the state treasurer, upon the order of the controller, the amounts found to be due to the state by reason of the commitments herein referred to.

Sec. 27. Section twenty-one hundred and ninety-five of said code is hereby amended to read as follows:

2195. Nothing in this chapter contained interferes with or affects the status of such inmates as may now be in the home for feeble-minded under terms of life tenure. For all cases the commission is authorized and directed to secure from the proper officers of the several counties whence the inmates were committed or received, such arrangements for commitment under the terms of this act as may prevent such inmates becoming a sole charge upon the state.

Sec. 28. This act shall take effect and be in force twenty days after its passage and approval.

An act to define and regulate the business of banking.

[Approved March 1, 1909.]

The people of the State of California, represented in senate and assembly, do enact as follows:

ARTICLE I.

GENERAL PROVISIONS.

Section 1. This act shall be known as the "Bank Act," and shall be applicable to all corporations and individuals specified in the next section.

Sec. 2. The word "bank" as used in this act includes every person, firm, company, copartnership or corporation which conducts the business of receiving money on deposit. Banks are divided into the following classes:

(a) Savings banks;
(b) Commercial banks; and
(c) Trust companies.

Sec. 3. Corporations may be formed under the laws of this state to conduct, as provided in this act, and not otherwise, any one or all of the businesses mentioned in divisions a, b and c of section 2, of this act.

Sec. 4. The term "savings bank," when used in this act, means a bank organized for the purpose of accumulating and loaning the funds of its members, stockholders, and depositors, and which may loan and invest the funds thereof, receive deposits of money; loan, invest and collect the same with interest; and may repay depositors with or without interest, and having power to invest said funds in such property, securities and obligations as may be prescribed by this act; and to declare and pay dividends on its general deposits, and a stipulated rate of interest on deposits made for a stated period or upon special terms.

Sec. 5. The term "commercial bank," when used in this act, means any bank authorized by law to receive deposits of money, deal in commercial paper or to make loans thereon, and to lend money on real or personal property, and to discount bills, notes, or other commercial paper, and to buy and sell securities, gold and silver bullion, or foreign coins or bills of exchange.
SEC. 6. The term "trust company," when used in this act, means any company which is incorporated for the purpose of conducting the business of acting as executor, administrator, guardian of estates, assignee, receiver, depositary, or trustee.

SEC. 7. No foreign corporation shall transact a banking business in this state without first complying with all the requirements of the laws of this state relative to banks as defined in this act, and without having the capital paid up in this state as required by this act. And no such foreign corporation shall transact any banking business in this state until it has executed and filed with the superintendent of banks a written instrument appointing such superintendent, or his successor in office, its true and lawful attorney, upon whom all process in any action or proceeding by any resident of the state against it may be served, with the same effect as if such corporation was formed under the laws of this state and had been lawfully served with process therein. Service in favor of a resident of this state upon such attorney shall be deemed personal service on such corporation. The superintendent of banks shall forthwith forward by mail a copy of every process served upon him under the provisions of this section, postage prepaid, and directed to the secretary of such corporation, at its last known post office address. For each copy of process, the superintendent of banks shall collect the sum of two dollars, which shall be paid by the plaintiff or moving party at the time of such service, to be recovered by him as part of his taxable costs if he succeed in the suit or proceeding.

SEC. 8. Every corporation, at the time it applies for a certificate to do a banking business, must file with the superintendent of banks a certified copy of its articles of incorporation, or of the statute chartering such corporation, also all instruments amending or altering such articles of incorporation or charter. Thereafter all amendments and certificates shall likewise be so filed before such instruments take effect. In like manner all copartnerships shall file certified copies of their articles of copartnership and all amendments thereto.

SEC. 9. No bank in this state, or any officer or director thereof, shall hereafter open or keep an office other than its principal place of business, without first having obtained the written approval of the superintendent of banks to the opening of such branch office, which written approval may be given or withheld in his discretion, and shall not be given by him until he has ascertained to his satisfaction that the public convenience and advantage will be promoted by the opening of such branch office; and, provided further, that no bank or any officer or director thereof, shall open or maintain such branch unless the capital of such bank, actually paid in cash, shall exceed the amount required by this act by the sum of twenty-five thousand dollars for each branch office opened and maintained. Every bank, and every such officer or director
violating the provisions of this section shall be guilty of a misdemeanor.

Sec. 10. No person shall be eligible for election as a director of a bank unless he is a stockholder of the bank, owning, in his own right, shares thereof of the actual market value of at least five hundred dollars; and every person elected to be director who, after such election, shall cease to be the owner in his own right of the amount of stock aforesaid, shall then cease to be a director of the bank, and his office shall then become vacant. If a bank be organized without capital stock, no person shall be eligible as a director thereof unless he is both a member and a depositor of such bank.

Sec. 11. Each director of a bank, when appointed or elected, shall take an oath that he will, so far as the duty devolves on him, diligently and honestly administer the affairs of such bank, and will not knowingly violate or willfully permit to be violated any of the provisions of law applicable to such bank, and that he is the owner in good faith and in his own right of the shares of stock of the actual market value required by section 10 of this act, subscribed by him or standing in his name on the books of the bank, and that the same is not hypothecated or in any way pledged as security for any loan or debt; and, in case of re-election or re-appointment, that such stock was not hypothecated or in any way pledged as security for any loan or debt during his previous term. Such oath shall be subscribed by the director making it, and certified by the officer before whom it is taken; and shall be immediately transmitted to the superintendent of banks, and filed and preserved in his office.

Sec. 12. No person, firm, company, copartnership or corporation not subject to the supervision of the superintendent of banks, and not required to report to him by the provisions of this act, shall make use of any office sign, at the place where such business is transacted, having thereon any artificial or corporate name, or other words indicating that such place or office is the place or office of a bank, or that deposits are received there or payments made on check, or any other form of banking business transacted, nor shall such person or persons, firm, company, copartnership or corporation make use of or circulate any letterheads, billheads, blank notes, blank receipts, certificates or circulars, or any written or printed, partly written and partly printed, paper whatever, having thereon any artificial or corporate name or other word or words indicating that such business is the business of a bank, savings bank or trust company. Every person, firm, company, copartnership or officer of a corporation violating the provisions of this section shall be guilty of a misdemeanor.

Sec. 13. Every person or number of persons, not being incorporated, engaged in the business of banking or publicly receiving money on deposits, must conduct such business under a name which shows the true name of all persons engaged therein, unless such person or persons have complied with the
provisions of article 7, of chapter II, of title 10, of part IV of division 3 of the Civil Code.

SEC. 14. No bank, or any officer thereof, shall advertise in any manner, or publish any statement of the capital authorized or subscribed, unless it or he advertise and publish, in connection therewith, the amount of capital actually paid up. Any bank, or any officer thereof, advertising in any manner, or publishing any statement of such capital, authorized or subscribed, without a statement in connection therewith of the capital actually paid up, shall be guilty of a misdemeanor.

SEC. 15. The president or managing officer of every bank must, within fifteen days after the first day of January of every odd numbered year, return to the superintendent of banks a sworn statement showing the names of depositors known to be dead, or who have not made further deposits, or withdrawn any moneys during the preceding ten years. Such statements shall show the amount of the account, the depositor’s last known place of residence or post office address, and the fact of death, if known to such president or managing officer. Such president or managing officer must give notice of these deposits in one or more newspapers published in or nearest to the town or city where such bank has its principal place of business, at least once a week for four consecutive weeks, the cost of such publication to be paid pro rata out of such unclaimed deposits. This section does not apply to any deposit made by or in the name of a person known to the president or managing officer to be living, or which, with the accumulation thereon, is less than fifty dollars. The superintendent of banks must incorporate in his subsequent report such returns made to him as provided in this section. Any president or managing officer of any bank who neglects or refuses to make the sworn statement required by this section shall be guilty of a misdemeanor.

SEC. 16. When any deposit with a bank shall be made by or in the name of any married woman or minor, the same shall be held for the exclusive right and benefit of such depositor, and free from the control or lien of all other persons, except creditors, and shall be paid, together with the dividends, if any, and interest, if any, thereon to the person in whose name deposits shall have been made, and the receipt or acquittance of such minor shall be a valid and sufficient release and discharge for such deposit, or any part thereof, to the bank. When any deposit with a bank shall be made by any person in trust for another, and no other or further notice of the existence and terms of a legal and valid trust shall have been given in writing to such bank, in the event of the death of the trustee, the same or any part thereof, together with the dividends or interest, if any, thereon, may be paid to the person for whom the deposit was made. When a deposit with a bank shall be made by any person in the names of such depositor and another person or persons, and in form to be paid to either or the survivor or survivors of them, such deposit thereupon, and any additions thereto made by either of such persons upon
the making thereof, shall become the property of such persons as joint tenants, and the same, together with all interest thereon, shall be held for the exclusive use of the persons so named, and may be paid to either during the lifetime of all or any or to the survivor or survivors after the death of one or more of them, and such payments and the receipt or acquittance of the one to whom such payment is made shall be a valid and sufficient release and discharge to said bank for all payments made on account of such deposit.

The surviving husband or wife of any deceased person, or, if no husband or wife is living, then the children of such decedent, and if no children are living, then the father or mother of such decedent, may, without procuring letters of administration, collect of any bank any sum which said deceased may have left on deposit in such bank at the time of his or her death; provided, such deposit shall not exceed the sum of five hundred dollars. Any bank, upon receiving an affidavit stating that said depositor is dead, and that affiant is the surviving husband or wife, as the case may be, or stating that decedent left no husband or wife, and that affiant is, or affiants are, the children, or the father or mother, of said decedent, and that the whole amount that decedent left on deposit in any and all banks of deposit in this state does not exceed the sum of five hundred dollars, may pay to said affiant or affiants any deposit of said decedent, if the same does not exceed the sum of five hundred dollars, and the receipt of such affiant is sufficient acquittance therefor.

Sec. 17. Every bank now in existence or hereafter organized shall keep in its offices, in a place accessible to the stockholders, depositors, and creditors thereof, and for their use, a book containing a list of stockholders in such corporation, and the number of shares of stock held by each; and every such bank shall keep posted in its office, in a conspicuous place, accessible to the public generally, a notice signed by the president or secretary, showing:

1. The names of the directors of such bank.
2. The number and the par value of the shares of stock held by each director.

The entries on such book and such notice shall be made and posted within twenty-four hours after any transfer of stock, and shall be prima facie evidence against each director and stockholder of the number of shares of stock held by each.

Sec. 18. Every copartnership doing a banking business shall keep in its office, in a place accessible to the partners and depositors and the creditors thereof, a list of the partners and the capital paid into the copartnership of each partner.

Sec. 19. The aggregate of paid up capital, together with the surplus, of every bank, must equal ten per centum of its deposit liabilities; such deposit liabilities shall not be increased when such proportion of paid up capital and surplus is wanting, and in no event shall said paid up capital be less than the minimum paid up capital provided by this act.
And, provided also, that no savings bank shall be required to have a paid-up capital and surplus of more than one million dollars or if organized without a capital stock, a reserve fund of more than one million dollars.

Sec. 20. Every bank, other than a savings bank, shall at all times have on hand, in lawful money of the United States, gold and silver coin, gold certificates or silver certificates, an amount equal to fifteen per centum of the aggregate amount of its deposits, exclusive of state, county and municipal deposits. The amount thus to be kept on hand shall be called its lawful money reserve. Three-fifths of such lawful money reserve of any bank other than a savings bank may consist of moneys on deposit subject to call with any bank or banks other than a savings bank in this state; provided, that every bank receiving deposits of other banks shall maintain as a lawful money reserve at least twenty per centum of the aggregate amount of its deposits, exclusive of state, county and municipal deposits. If the lawful money reserve of any bank shall be less than the amount required by this section, such bank shall not increase its liability by making any new loans or discounts, otherwise than by discounting bills of exchange payable on sight, or making any dividends from profits until the full amount of its lawful money reserve has been restored. The superintendent of banks may notify any bank, whose lawful money reserve shall be below the amount herein required, to make good such reserve; and, if it shall fail for thirty days thereafter to make good such reserve, such bank shall be deemed insolvent and may be proceeded against under the provisions of this act.

Sec. 21. The directors of banks having a capital stock may, at such times and in such manner as the by-laws prescribe, declare and pay dividends to depositors and stockholders of so much of the profits of the bank, and of the interest arising from the capital and deposits, as may be appropriated for that purpose under the by-laws or under their agreements with depositors, but every such bank shall, before the declaration of such dividend, carry at least one-tenth (1/10) part of the net profits of the stockholders for the preceding half year to its surplus or reserve fund until the same shall amount to twenty-five per centum of its paid-up capital stock. But the whole or any part of such surplus or reserve fund, if held as the exclusive property of stockholders, may at any time be converted into paid-up capital stock, in which event such surplus or reserve fund shall be restored in manner as above provided until it amounts to twenty-five per centum of the aggregate paid-up capital stock. A larger surplus or reserve fund may be created, and nothing herein contained shall be construed as prohibitory thereof. The capital and the assets of the bank are a security to depositors and stockholders, depositors having the priority of security over the stockholders, but the by-laws may provide that the same security shall extend to deposits made by stockholders.
Sec. 22. Any corporation authorized by its articles of incorporation so to do, may combine the business of a commercial bank and savings bank and trust company, or any or all of them.

Sec. 23. Every bank doing a departmental business, shall have paid up in cash a capital stock of not less than twenty-five thousand dollars if it transacts both a commercial and savings business; and paid up in cash a capital stock of not less than two hundred twenty-five thousand dollars if it transacts both a commercial and trust business; and paid up in cash a capital stock of not less than two hundred twenty-five thousand dollars if it transacts a commercial, savings and trust business. Such capital stock shall be increased from time to time in the same manner and to the same extent as provided for in section nineteen of this act.

Sec. 24. Every bank, before it commences to do business or before it opens a new department and commences to transact business in or under such new department, shall obtain the certificate of the superintendent of banks for the opening of each of the departments specified. Each certificate herein provided for shall be given when the superintendent shall, by the examination required by this act, have satisfied himself that the proper amount of cash has been paid in as capital and the provisions of this act complied with. The applicant shall pay for such certificate a fee of fifty dollars.

Sec. 25. Every bank shall maintain for each department a lawful money reserve equal in amount to that required by this act for the respective business conducted, and shall keep separate and distinct the lawful money reserve of any department from that of any other department; and all deposits made with other banks, whether temporary or otherwise, shall be assets of the respective departments by which they were made, and shall be so carried on the books of such other banks, and shall be repaid only upon the order of the department to whose credit they stand.

No department shall receive deposits of any other department of the same corporation; provided, however, that any bank having departments shall have the right to sell and transfer any bonds, securities or loans from one department to another upon receipt of the actual value thereof, if such bonds, securities or loans are a legal investment for the department purchasing the same under the provisions of this act.

Sec. 26. Every bank having different departments shall keep separate books of account for each department of its business, and shall be governed as to all deposits, reserves, investments and transactions relating to each department by the provisions in this act specifically provided for the respective kind of business.

It shall keep all investments relating to the savings department entirely separate and apart from the investments of its other department or departments.
Every bank shall conduct the business of all its departments in one building, or in adjoining buildings, and shall keep entirely separate and apart in each department the cash, securities and property belonging to such department, and shall not mingle the cash, securities and property of one department with that of another.

Sec. 27. All money belonging to each department, whether cash on hand or with other banks, and the investments made, shall be held solely for the repayment of the depositors in said department, until all depositors of such department shall have been paid, and the overplus then remaining shall be applied to the other liabilities of such bank.

Sec. 28. Every individual, firm or corporation doing a banking business in this state must, on all its window-signs and in advertising, and on letterheads and other stationery on which its business is transacted, use the word "savings" if it conducts a savings business, or the word "trust" if it conducts a trust department, and the word "commercial" if it conducts a commercial department.

Sec. 29. Every corporation heretofore created under the laws of this state, doing a banking business therein, and which has no capital stock, may elect to have a capital stock, and may issue certificates of stock therefor, in the same manner as corporations formed under the provisions of part IV, title I, chapter I, article I, of the Civil Code, relating to the formation of corporations; provided, that no such corporation shall use or convert any moneys or funds theretofore belonging to it, or under its control, into capital stock; but such funds or moneys must be held and managed only for the purposes and in the manner for which they were created. Before such change is made, a majority of the members of such corporation present at a meeting called for the purpose of considering the proposition whether it is best to have a capital stock, its amount, and the number of shares into which it shall be divided, must vote in favor of having a capital stock, fix the amount thereof, and the number of shares into which it shall be divided. Notice of the time and place of holding such meeting, and its object, must be given by the president of such corporation by mailing notice of such meeting to each member of such corporation at his last known post office address at least ten days prior to the day fixed for such meeting, and by publication in some newspaper printed and published in the county, or city and county, in which the principal place of business of the corporation is situated, at least once a week for three successive weeks prior to the holding of the meeting. A copy of the proceedings of this meeting, giving the number of persons present, the votes taken, the notice calling the meeting, the proof of its publication, the amount of capital actually subscribed, and by whom, all duly certified by the president and secretary of the corporation, must be filed in the office of the secretary of state and clerk of the county where the articles of incorporation are filed. Thereafter such corporation
is possessed of all the rights and powers, and is subject to all
the obligations, restrictions, and limitations, as if it had been
originally created with a capital stock.

Sec. 30. Any bank may conduct a safe deposit department,
but shall not invest more than one-tenth of its capital and sur-
plus in such safe deposit department.

Sec. 31. Any bank may sell the whole or any portion of its
assets to any other bank which may purchase its assets after
obtaining the consent of the stockholders of the selling and
of the purchasing bank holding of record at least two-thirds
of the issued capital stock of each of such corporations; such
consent to be expressed either in writing executed and acknow-
ledged by such stockholders and attached to the instrument of
sale, or to a copy thereof, or by vote at a stockholders’ meeting
of such banks called for that purpose.

The selling and purchasing banks may for such purposes
enter into an agreement of sale and purchase, which agreement
shall contain all the terms and conditions connected with the
sale and purchase of its assets.

Such agreement shall contain proper provision for the
payment of liabilities of the selling bank, and in this particu-
lar shall be subject to the approval of the superintendent
of banks; and shall not be valid until such approval is
obtained. Such agreement may contain provisions for the
transfer of all deposits to the purchasing bank, subject, how-
ever, to the right of every depositor of the selling bank to
withdraw his deposit in full on demand after such transfer,
irrespective of the terms under which it was deposited with the
selling bank.

Sec. 32. Any bank receiving trust funds in accordance
with the provisions of this act relating to trust companies must
not mingle such trust funds with the other assets of the cor-
poration, and such funds shall not be carried or counted as
any part of the lawful reserve provided for in this act. The
officers of any bank who knowingly violate or consent to the
violation of this provision shall be guilty of a felony.

Sec. 33. No officer or employee of any bank shall, directly
or indirectly, for himself or as the partner or agent of others,
borrow any of the deposits or other funds of such bank, nor
shall he nor any director become an endorser or surety for
loans to others nor in any manner be obligor for moneys
borrowed or loaned by such bank. The office of any officer
or employee who acts in contravention of the provisions of
this section shall immediately become vacant, and he shall
be guilty of a misdemeanor.

Sec. 34. No bank shall purchase or invest its capital or
money of its depositors, or any part of either, in the shares of
its own capital stock; nor loan its capital or the money of
its depositors, or any part of either, on the shares of its own
capital stock, unless such purchase or loan shall be necessary
to prevent loss on debts previously contracted in good faith.
Stock thus purchased or carried shall, within six months from the time of its purchase, be sold or disposed of at public or private sale.

The officers of any bank who knowingly violate or consent to the violation of this provision shall be guilty of a felony.

Sec. 35. No director, or officer, or employee, or controlling stockholder of any bank shall, directly or indirectly, for himself or as the partner or agent of others, sell or transfer, or cause to be sold or transferred to the bank of which he is a director, officer, employee, or controlling stockholder, any mortgage on real estate or contract arising from the sale of real estate made by any corporation or syndicate in which such director or officer, or employee, or controlling stockholder is personally or financially interested, without the consent in writing of the superintendent of banks.

Any director, or officer, or employee, or controlling stockholder of any bank who knowingly violates or consents to the violation of this provision shall be deemed guilty of a felony.

Sec. 36. No bank receiving deposits of money shall purchase, agree to purchase, underwrite or guarantee any bond issue in excess of five per centum of its assets, except bonds of the United States, of the State of California, of the cities, counties, counties, or school districts of this state.

Sec. 37. TRUST COMPANIES.

Sec. 90. Any corporation which has been or shall be incorporated under the general incorporation laws of this state, authorized by its articles of incorporation to act as executor, administrator, guardian, assignee, receiver, depositary or trustee, and having a capital of not less than two hundred thousand dollars actually paid in, in cash, may be appointed to act in such capacity in like manner as individuals and shall be known as a trust company. In all cases in which it is required that an executor, administrator, guardian, assignee, receiver, depositary or trustee, shall qualify by taking and subscribing an oath, or in which an affidavit is required, it shall be a sufficient qualification by such corporation if such oath shall be taken and subscribed or such affidavit made by the president or secretary or manager or trust officer thereof, and such officer shall be liable for the failure of such trust company to perform any of the duties required by law to be performed by individuals acting in like capacity and subject to like penalties; and such trust company shall be liable for such failure to the full amount of its capital stock; provided, any such appointment as guardian shall apply to the estate only, and not to the person. Such trust company shall be entitled to and shall be allowed proper compensation for all the services performed by them under the foregoing provisions of this act; but such compensation shall not exceed that allowed to natural persons for like services.

Sec. 91. Any court, having appointed and having jurisdiction of any executor, administrator, guardian, assignee, receiver, depositary, or trustee, upon the application of such officer or trustee, or upon the application of any person having an interest in the estate administered by such officer or trustee, after notice to the other parties in interest as the court may direct, and after a hearing upon such application, may authorize such officer or trustee to deposit any moneys then in his hands, or which may come into his hands thereafter, and until the further order of said court, with any such trust company; and upon deposit of such money, and its receipt and acceptance by such trust company, the said officer or trustee shall be discharged from further care or responsibility therefor. Such deposits shall be paid out only upon the orders of said court.

Sec. 92. It shall be lawful for any public administrator to deposit with any trust company having not less than two hundred thousand dollars paid-up capital, doing business in the county, or city and county, in which he is acting as such administrator, any and all moneys of any estate upon which he is administering, not required for the current expenses of the administration; provided that such corporation deposit with the state treasurer the securities required by this act. Such deposits shall relieve the public administrator from depositing with the county treasurer the moneys so deposited with
such corporation. Moneys so deposited by a public administrator may be drawn, upon the order of such administrator, countersigned by a judge of a superior court, when required for the purpose of administration, or otherwise.

Sec. 93. Whenever, in the judgment of any court having jurisdiction of any estate in process of administration by any executor, administrator, guardian, assignee, receiver, depositary, or trustee, and after such notice to the parties in interest as the court shall direct, and after a hearing on such application, the said court may order the said officer or trustee to deposit with any such trust company, for safe-keeping, such portion or all of the personal assets of said estate as it shall deem proper; and thereupon said court shall, by an order of record, reduce the bond to be given or theretofore given by such officer or trustee, so as to cover only the estate remaining in the hands of said officer or trustee; and the property as deposited shall thereupon be held by such trust company, under the orders and directions of said court. Any court having jurisdiction of an estate being administered by a public administrator, may direct such public administrator to deposit all or any part of the moneys of the estate not required for the current expenses of the administration, with any such trust company doing business in the county, or city and county, where such public administrator is acting.

Sec. 94. Such trust company shall not be required to give any bond or security in case of any appointment hereinbefore provided for, except as hereinafter provided, but shall be responsible for all investments which shall be made by it of the funds which may be entrusted to it for investment by such court, and shall be liable as natural persons in like positions now are, and as hereinafter provided.

Sec. 95. Such trust company shall pay interest upon all moneys held by it as trustee, by virtue of this act, at such rate as may be agreed upon at the time of its acceptance of any such appointment, or as shall be provided by the order of the court.

Sec. 96. Each trust company, before accepting any such appointment or deposit, shall deposit with the treasurer of the state, for the benefit of the creditors of said trust company, the sum of one hundred thousand dollars ($100,000), in bonds of the United States, or municipal bonds of this state, or of any county, or city, city and county, or school district thereof, or in mortgages on improved and productive real estate in this state, being first liens thereon, and the real estate being worth at least twice the amount loaned thereon; said bonds or mortgages to be approved by the superintendent of banks. The bonds and securities so deposited may be exchanged from time to time for other securities, receivable as aforesaid. Said bonds of the United States, or municipal bonds of this state, or of any county, city, city and county, or school district thereof, to be registered in the name of said treasurer, officially, and all said securities to be subject to sale and transfer, and to the
disposal of the proceeds by said treasurer, only on the order of a court of competent jurisdiction and as hereinafter provided. The state shall be responsible for the safe return of such securities deposited with the treasurer of the state under this section.

Sec. 97. Any such trust company, having a paid-up capital in excess of two hundred thousand dollars, may be permitted by the superintendent of banks to mortgage any improved and productive real estate owned by it, in excess of said amount, to the treasurer of state, for such sum as the said superintendent of banks may determine, and such mortgage may be deposited with said treasurer, and when so deposited it shall be included in the amount of securities hereinabove required to be deposited with said treasurer for the benefit of the creditors of said trust company.

Sec. 98. So long as the trust company so depositing shall continue solvent, it shall be permitted to receive from said treasurer the interest or dividends on said deposits, and whenever any trust company receives trust funds as such trustee in excess of five hundred thousand dollars, it shall deposit with the state treasurer securities mentioned in section 96 of this act, to be approved by the superintendent of banks, in the amount of another one hundred thousand dollars, and for each five hundred thousand dollars of such trust funds thereafter received, an additional deposit of fifty thousand dollars of such securities likewise approved shall be made with the said state treasurer; provided, however, that no trust company shall be required to deposit more than one million dollars of such securities.

The state shall be responsible for the safe return of such securities deposited with the treasurer of the state under this section.

Sec. 99. When any part of such deposit with the state treasurer is made in bonds and mortgages, it shall be accompanied by full abstracts of titles and searches, or by certificates of title issued by a person, company or corporation, whose business or objects are to make searches of titles and issue certificates of titles, and which said person, company or corporation shall be one designated or approved by said superintendent of banks, and shall be examined and approved by or under the direction of the said superintendent of banks. The fees for an examination of title by counsel to be paid by the trust company making the deposit, shall not exceed twenty dollars for each mortgage, and the fee for each appraiser, not exceeding two, besides expenses, shall be five dollars for each mortgage.

Sec. 100. Before the superintendent of banks issues his certificate to any trust company, there must be filed in his office the affidavit of a majority of its board of directors or the persons named in said articles as the first directors of the corporation that at least two hundred thousand dollars of the capital stock has actually been subscribed and paid in to a person named in such affidavit for the benefit of the corporation.
SEC. 101. On making the report required by the terms of this act, every trust company shall, in addition to the other facts to be reported on, furnish a list and brief description of the trusts held by such corporation, the source of the appointment thereto, and the amount of real and personal estate held by such trust company by virtue thereof; except that mere mortgage trusts, wherein no action has been taken by such corporation, shall not be included in such statement.

SEC. 102. Any trust company which desires to retire from business under this act, shall furnish to the superintendent of banks satisfactory evidence of its release and discharge from all the obligations and trusts hereinafter provided for; whereupon he shall revoke his certificate to such trust company, and thereupon the treasurer of state shall return to said trust company all its securities.

SEC. 103. Except as herein otherwise provided, any trust company exercising the powers and performing the duties provided for in this act, shall keep inviolate all communications confidentially made to it touching the existence, condition, management and administration of any trusts confided to it; and no creditor or stockholder of any such trust company shall be entitled to disclosure of any such communication; provided, however, that the president, manager and secretary of such trust company shall be entitled to knowledge of such communication; and provided, further, that in any suit or proceeding touching the existence, condition, management or administration of such trust, the court wherein the same is pending may require disclosure of any such communication.

SEC. 104. The use of the word "trust" in combination with or in connection with the word "company," "corporation," "incorporation," "association," "society," "organization," or "syndicate," is hereby prohibited to all persons, firms, associations, companies or corporations other than corporations provided for by this act. Every person, firm, association, company, or corporation which uses the word "trust" in combination with or in connection with the word "company," "corporation," "incorporation," "association," "society," "organization," or "syndicate," as the name under which business is done or transacted, shall be subject to the provisions of this act and to the supervision of the superintendent of banks. Any person, firm, association, company, or corporation making use of the word "trust" in combination or in connection with the word "company," "corporation," "incorporation," "association," "society," "organization," or "syndicate," in the manner hereinbefore mentioned, in the transaction of business, and not subject to the provisions of this act and the supervision of the superintendent of banks, shall be guilty of a misdemeanor.

No corporation hereafter formed shall use the word "trust" or "trustee" as a part of its corporate name unless it shall be authorized by its articles of incorporation to act as executor, administrator, guardian, assignee, receiver, depositary or trustee; nor shall any corporation hereafter formed accept or exe-
execute any trust mentioned in this act, unless it shall have complied with the provisions of this act.

Sec. 105. Every trust company shall invest its capital and trust funds received by it in accordance with the laws relative to the investment of funds deposited with savings banks, unless a specific agreement to the contrary is made between the trust company and the party creating the trust.

Sec. 106. Every trust company desiring to do or doing a commercial banking business or a savings bank business, or both, in addition to its trust business, shall have paid up in cash the capital as provided in section twenty-three of this act. Such capital for each such department shall be increased from time to time in the same manner and to the same extent as though such bank were conducting separate banks instead of separate departments.

Every trust company doing a departmental business shall comply with the provisions of this act governing each of such departments as to its deposits, reserves, investments and loans.

ARTICLE V.

Sec. 120. There is hereby created a state banking department. The chief officer of such department shall be the superintendent thereof, and be known as the superintendent of banks. He shall be appointed by the governor, and shall hold his office for a term of four years, or until his successor shall have been appointed and qualified. No person shall be appointed superintendent of banks who has not had active banking experience, either as executive officer or director of some commercial bank, savings bank or trust company, at least one half of which experience has been had in this state. He shall not, either directly or indirectly, be interested in any commercial bank, savings bank or trust company, or as an individual banker. He shall receive an annual salary of ten thousand dollars, to be paid monthly out of the state treasury on a warrant of the controller. He shall, within fifteen days from the time of notice of his appointment, take and subscribe to the constitutional oath of office, and file the same in the office of the secretary of state, and execute to the people of the state a bond in the penal sum of fifty thousand dollars, with corporate surety or two or more sureties to be approved by the governor of the state, conditioned for the faithful discharge of the duties of his office.

Sec. 121. The superintendent of banks shall employ a chief deputy, attorney and such clerks and examiners as he may need to discharge in a proper manner the duties imposed upon him by law, none of which examiners or clerks or attorney shall be interested in any bank in this state as director, stockholder, officer or employee; they shall perform such duties as he shall assign to them. He shall fix the compensation of the attorney, clerks, and examiners, which compensation shall be paid

monthly, on his certificate and on the warrant of the controller, out of the state treasury. The chief deputy shall, within fifteen days from the time of his appointment, take and subscribe to the constitutional oath of office, and file the same in the office of the secretary of state, and his compensation shall be four thousand dollars per annum; provided, however, that the total expenditure provided for in this act shall not exceed seventy-five thousand dollars per annum.

No person shall be appointed a chief deputy who has not had at least three years' active banking experience, either as an executive officer or employee of some bank in this state. In case of the absence or inability to act, or vacancy in the office of superintendent of banks for thirty consecutive days, the chief deputy shall execute to the people of the state a bond in the penal sum of fifty thousand dollars, with corporate surety or two sureties to be approved by the controller and treasurer of the state, conditioned for the faithful discharge of the duties of the superintendent while such deputy acts as superintendent, and upon filing such bond such deputy shall have all the power and duties of superintendent of banks, until the inability of the superintendent shall be removed, or until a new superintendent of banks shall have been appointed by the governor. No superintendent of banks, chief deputy or bank examiner shall be or shall become indebted, directly or indirectly, either as borrower, endorser, surety, or guarantor to any bank under his supervision or subject to his examination.

Sec. 122. The superintendent of banks shall have his principal office in the city of San Francisco, and may also have suitable rooms in the city of Los Angeles, wherein to conduct the business of the state banking department. The superintendent shall, from time to time, obtain the necessary furniture, stationery, fuel, lights, and other proper conveniences for the transaction of such business; the expense of which shall be paid out of the state treasury on the certificate of the superintendent and the warrant of the controller.

Sec. 123. A fund is hereby created, to be known as the state banking fund, and out of said fund shall be paid all the expenses incurred in and about the conduct of the business of the banking department, including the salary of the superintendent, chief deputy, attorney, clerks and examiners, traveling expenses, furnishing of rooms and rent. Each bank shall pay annually its share of the total amount of the salaries and expenses of the banking department, to be determined by the proportion which the deposits of any such bank bear to the aggregate deposits of all such banks receiving certificates of authorization from the superintendent of banks, as shown by the last report of such bank to the superintendent of banks.

All moneys collected or received by the superintendent of banks, under and by virtue of the provisions of this act, shall be by him delivered to the treasurer of the state, who shall deposit the same to the credit of said banking fund, and the unexpended balances of all moneys heretofore paid into the state
treasury by any of the bank commissioners shall be retained and become a part of said fund. If any such bank shall fail to pay such charges as are herein required, the superintendent shall forthwith cancel the certificate of said bank.

Sec. 124. Every bank shall be subject to the inspection of the superintendent of banks. The superintendent of banks, the chief deputy, or some competent person or persons to be appointed by the superintendent of banks, to be known as examiners, shall visit and examine every bank, other than a savings bank, at least twice in each year, and every savings bank at least once in each year. On every such examination inquiry shall be made by him as to the condition and resources of the bank, the mode of conducting and managing its affairs, the action of its directors, the investment and disposition of its funds, the safety and prudence of its management, the security afforded to those by whom its engagements are held and whether the requirements of its articles of incorporation and the law have been complied with in the administration of its affairs, and as to such other matters as the superintendent may prescribe. He shall have power in like manner to examine every bank whenever, in his judgment, its condition and management is such as to render an examination of its affairs necessary or expedient.

He shall also have power to examine, or cause to be examined, every agency located in this state of any foreign bank or banking corporation, for the purpose of ascertaining whether it has complied with the laws of the state, and for such other purposes and as to such other matters as the superintendent may prescribe.

The superintendent, chief deputy, and every such examiner shall have the power to administer an oath to any person whose testimony he may require on the examination of any bank, or on the examination of any agency of any foreign bank or banking corporation, and to compel appearance and attendance of any such person for the purpose of any such examination. The result of such examination shall be certified by the persons making the examination on the records of the bank examined.

When a bank shall have been examined by any examiner, and he finds securities therein which are, in his judgment, of doubtful value, he shall report the same to the superintendent of banks, who thereupon shall be authorized to employ appraisers to appraise said securities, at a compensation to be fixed by the superintendent of banks.

Sec. 125. Every examiner appointed by the superintendent of banks shall, before entering upon the discharge of his duties, take the constitutional oath of office and cause the same to be filed in the office of the secretary of state. No such examiner shall be appointed receiver of any bank whose books, papers, and affairs he shall have examined pursuant to his appointment.

Sec. 126. If the chief deputy or any examiner shall have knowledge of the insolvency or unsafe condition of any bank
mentioned in this act, and that it is unsafe or inexpedient to permit said bank to continue business, and shall neglect to forthwith report such fact in writing over his signature to the superintendent of banks, he shall be guilty of felony.

Sec. 127. No bank shall transact any business in this state without the written approval of the superintendent of banks, and without his written certificate stating that it has complied with the provisions of this act, and with all the requirements of law, and that it is authorized to transact, within this state, the business specified therein, and that the requisite capital has been in good faith subscribed and paid up in cash or, if organized without capital stock that it has accumulated the requisite surplus or reserve fund. Before issuing such certificate the superintendent of banks shall examine, or cause an examination to be made, in order to ascertain whether the requisite capital of such bank has been paid up in cash or the requisite reserve or surplus fund has been accumulated. The superintendent of banks shall not authorize such bank to commence business until it appears from such examination, or other evidence satisfactory to him, that the requisite capital has been, in good faith, subscribed and paid in in cash, or that the requisite surplus or reserve fund has been accumulated or paid in in cash, and until such bank shall have paid a fee of fifty dollars. Every person who neglects to comply with any requirement of this section shall be guilty of a misdemeanor.

Sec. 128. When the articles of incorporation shall have been filed with the secretary of state, and application made for the issuance of a certificate to do business as a bank, the superintendent of banks shall ascertain, from the best sources of information at his command, whether the character and general fitness of the persons named as stockholders are such as to command the confidence of the community in which such bank is proposed to be located, and, if so satisfied, he shall, within sixty days after such application has been made to him, issue, under his hand and official seal, the certificate of authorization required by this act. The superintendent of banks shall transmit such certificate of authorization to the county clerk of such county, who shall file the same; the superintendent of banks shall also file a duplicate of such certificate in his own office.

Sec. 129. Every bank doing a departmental business shall render to the superintendent of banks for each department conducted by it, a separate report showing in detail as required by section one hundred thirty of this act, the actual financial condition of such department and shall at the time of furnishing said report separately publish the statement for each department as provided in section one hundred thirty-two of this act.

Sec. 130. Every bank doing business in this state shall, whenever required by the superintendent of banks, make a report in writing to him, verified by the oath of its president and its secretary or cashier, or two principal officers.
reports shall show the actual financial condition of the bank making the report, at the close of any past day specified by the superintendent, and shall specify the following:

1. The amount of its capital stock and the number of shares into which it is divided, or, if not incorporated, the amount of capital actually paid in, and by whom.

2. The names of the directors and the number of shares of stock held by each, or, if not incorporated, the names of each member of the firm and the amount of capital paid in by each.

3. The total amount of capital actually paid up in money, and the total amount of contingent and other reserve funds, if any.

4. The total amount due the depositors.

5. The total amount and character of any other liabilities it may have.

6. The amount at which the lot and building occupied by the bank for the transaction of its regular business stands debited on its books, together with the market value of all other real estate held, whether acquired in settlement of loans or otherwise; the amount at which it stands debited on the bank books, in what counties situated, and in what name the title is vested, if not in the name of the bank itself.

7. The amount loaned on real estate, specifying the amount secured on real estate in each county separately; also specifying the name of the person in whose name the property is held in trust or as security, in case it is held in any name other than that of the bank and the instrument creating the security does not itself disclose the name of the bank.

8. The amount invested in bonds, designating the name and amount of each particular kind.

9. The amount loaned on stocks and bonds, designating each particular class and the amount thereof.

10. The amount of money loaned on other securities, with a particular designation of each class and the amount loaned on each.

11. The actual amount of money on hand or deposited in any other bank or place, with the name of the place where deposited and the amount in each place.

12. Any other property held, or any amount of money loaned, deposited, invested or placed, not otherwise herein enumerated, and the place where situate and the value of said property, and the amount so loaned, deposited or placed, and any other information he may request relative to the conduct and affairs of such bank.

The oaths of the officers and the statements above required shall state that they and each of them have a personal knowledge of the matters therein contained, and that they believe every allegation, statement, matter, and thing therein contained is true. Any willful false statement in the premises shall be perjury and shall be punished as such.

Sec. 131. The superintendent of banks shall call for reports specified by the previous section, at least three times each year.
and shall call for such reports as near as possible upon the
same days as those designated by the comptroller of the cur-
rency of the United States for reports of national banking asso-
ciations.

Sec. 132. At the time of furnishing such report to the
superintendent of banks, every bank shall also publish a con-
densed statement of its financial condition, at least once, in
some newspaper of general circulation, published in the city
or town where its principal place of business is located, and, if
no paper is published in such town, then in some newspaper of
general circulation in the county where its principal place of
business is located. Such published statement shall show the
total amount of loans, the total amount of overdrafts, the total
amount invested in bonds and other securities, the total amount
due from banks, the total amount of checks and other cash
items, the total amount of cash on hand, capital paid in, sur-
plus funds; undivided profits, less expenses and taxes paid;
due to other banks and bankers, due to trust companies and
savings banks; individual deposits subject to checks; demand
certificates of deposit; time deposits; certified checks; cashier's
checks outstanding; and such other items as will show the
actual financial condition of the bank making the report.

Sec. 133. Whenever the superintendent of banks shall have
reason to believe that the capital of any bank is reduced by
impairment or otherwise below the amount required by law
or by its articles of incorporation, he may require such bank
to make good the deficiency within sixty days after the date of
such requisition. He may examine or cause to be examined
any such bank to ascertain the amount of such impairment or
reduction of capital and whether the deficiency has been made
good as required by him.

Sec. 134. If it shall appear to the superintendent of banks
that any bank has violated its articles of incorporation, or any
law binding upon it, he must, by an order under his hand and
official seal, which seal must be adopted by him, addressed
to such bank, direct the discontinuance of such violation; or,
if it shall appear to the superintendent of banks that
such bank is conducting business in an unsafe or injurious
manner, he must in like manner direct the discontinuance of
such unsafe or injurious practices. Such order shall
require such bank to show cause, before the superintend-
ent of banks, at a time and place to be fixed by him, why said
order should not be observed. If upon such hearing it shall
appear to the superintendent of banks that such bank is con-
ducting business in an unsafe or injurious manner, or is violat-
ing its articles of incorporation, or any law of this state, then
the superintendent of banks shall make such order of discon-
tinuance final, and such bank shall immediately discontinue all
practices named in such order by the superintendent of banks.
Such bank shall have ten days after any such order is made
final in which suit may be commenced to restrain enforcement
of such order, and unless such action be so commenced and
enforcement of said order be enjoined within ten days, by the court in which such suit is brought, then such bank shall comply with such order; and, in the event of its failure so to do, then the superintendent of banks shall have power to take immediate charge and control of said bank, and liquidate its affairs in the manner provided in this act for the liquidation of banks.

Sec. 135. In any such action, no damage may be awarded, but the action otherwise shall be commenced, tried and determined according to the provisions of the Code of Civil Procedure of California.

Sec. 136. Whenever the superintendent of banks shall have reason to conclude that any bank is in an unsound or unsafe condition to transact the business for which it is organized, or that it is unsafe or inexpedient for it to continue business, the superintendent of banks may forthwith take possession of the property and business of such bank, and retain such possession until such bank shall resume business, or its affairs be finally liquidated, as herein provided.

On taking possession of the property and business of any such bank, the superintendent of banks shall forthwith give notice in writing of such fact to any and all corporations and individuals holding or in possession of any of the assets of such bank.

No bank, corporation or individual, knowing of such taking possession by the superintendent of banks, or notified as aforesaid, shall have a lien or charge for any payment, advance or clearance thereafter made, or liability thereafter incurred against any of the assets of the bank of whose property and business the superintendent of banks shall have taken possession as aforesaid. Such bank may, with the consent of the superintendent of banks, resume business upon such conditions as may be approved by him.

Upon taking possession of the property and business of such bank, the superintendent of banks is authorized to collect moneys due to such bank, and to do such other acts as are necessary to conserve its assets and business, and shall proceed to liquidate the affairs thereof as hereinafter provided.

The superintendent of banks shall collect all debts due and claims belonging to it, and upon the order of the superior court may sell or compound all bad or doubtful debts, and on like order may sell all real and personal property of such bank on such terms as the court shall direct; and may, if necessary to pay the debts of such bank, enforce individual liability of the stockholders by action to be brought within three years after the date of his taking possession of the affairs of such bank.

The superintendent of banks may, under his hand and official seal, appoint one or more special deputy superintendents of banks, as agent or agents, to assist him in the duty of liquidation and distribution, the certificate of appointment to be filed in the office of the superintendent of banks, and a certified copy in the office of the clerk of the county in which the principal office of such bank is located.
The superintendent of banks may, from time to time, authorize a special deputy superintendent to perform such duties connected with such liquidations and distribution as the superintendent of banks may deem proper. The superintendent of banks may employ such counsel, and procure such expert assistance and advice as may be necessary in the liquidation and distribution of the assets of such bank, and may retain such officers or employees of such bank as he may deem necessary. The superintendent of banks shall require, from a special deputy superintendent and from such assistants, such security for the faithful discharge of their duties as he may deem proper.

The superintendent of banks shall cause notice to be given by advertisement in such newspapers as he may direct, weekly, for three consecutive months, calling on all persons who may have claims against such bank, to present the same to the superintendent of banks, and make legal proof thereof, at a place and within a time not more than six months after the last day of publication, to be therein specified.

The superintendent of banks shall mail a copy of such notice to all persons whose names appear as creditors upon the books of the bank. If the superintendent of banks doubts the justice and validity of any claim, he may reject the same and serve notice of such rejection upon the claimant, either by mail or personally. An affidavit of the service of such notice shall be prima facie evidence thereof, and shall be filed with the superintendent of banks. An action upon a claim so rejected must be brought within six months after such service. Claims presented after the expiration of the time fixed in the notice to creditors shall be entitled to share ratably in the distribution to the extent of the assets in the hands of the superintendent of banks, equitably applicable thereto.

Upon taking possession of the property and assets of such bank, the superintendent of banks shall make an inventory of the assets of such bank in duplicate, one to be filed in the office of the superintendent of banks, and one in the office of the clerk of the county in which the principal office of such bank is located; upon the expiration of the time fixed for the presentation of claims, the superintendent of banks shall make in duplicate a full and complete list of the claims presented, including and specifying such claims as have been rejected by him, one to be filed in the office of the superintendent of banks, and one in the office of the clerk of the county in which the principal office of such bank is located; such inventory and list of claims shall be open at all reasonable times for inspection.

The compensation of the special deputy superintendents, counsel, and other officers and assistants, and all expenses of supervision and liquidation, shall be fixed by the superintendent of banks on notice to such bank, and shall upon his certificate be paid out of the funds of such bank in his hands.
The sums collected by the superintendent of banks shall, from time to time, be deposited in one or more banks in this state, subject to examination by the superintendent of banks.

At any time after the expiration of the date fixed for the presentation of claims, the superintendent of banks may, out of the funds remaining in his hands after the payment of expenses, declare one or more dividends, and after the expiration of one year from the date of first publication of notice to creditors he may declare a final dividend.

Objection to any claim not rejected by the superintendent of banks may be made by any party interested, by filing a copy of such objection with the superintendent of banks, who shall present the same to the superior court of the county in which such bank has its principal place of business, with a petition that said court pass upon the validity of such claims; and such court shall thereupon, upon such notice to the party presenting the same, and to the superintendent of banks, as the court may deem proper, accept or reject said claim, and the superintendent of banks shall observe the order of the court in that regard; provided, however, that should the claim be rejected, such rejection shall not conclude the claimant from bringing an action upon such claim within six months after such rejection.

Upon the petition of the superintendent of banks, such court may make proper provisions for unclaimed deposits.

Whenever any such bank, of whose property and business the superintendent of banks has taken possession as aforesaid, deems itself aggrieved thereby, it may at any time within ten days after such taking possession, and not thereafter, apply to the superior court in the county in which the principal office of such bank is located, to enjoin further proceedings; and said court, after citing the superintendent of banks to show cause why further proceedings should not be enjoined, and upon hearing the allegations and proofs of the parties, and determining the facts, may, upon the merits, dismiss such application, or enjoin the superintendent of banks from further proceedings, and direct him to surrender such business and property to such bank.

Either party aggrieved by the judgment rendered thereon may appeal therefrom to the supreme court, as in other cases of appeal thereto from the judgment of a superior court.

An appeal as above provided shall operate as a stay of the judgment of the superior court, and no bond need be given if the appeal be taken by the superintendent of banks; but if the appeal be taken by such bank, a bond shall be given, as required by section nine hundred and forty-three of the Code of Civil Procedure.

Whenever the superintendent of banks shall have paid to each and every depositor and creditor of such corporation (not including stockholders) whose claim or claims as such creditor or depositor have been duly approved and allowed the full amount of such claim, and shall have made proper provisions for unclaimed and unpaid deposits or divi-
dends, and shall have paid all expenses of the liquidation, the
superintendent of banks shall call a meeting of the stock-
holders of such corporation by giving notice thereof for thirty
days, in one or more newspapers published in the county where
the principal office of such corporation is located. At such
meeting, the superintendent of banks shall appear and deliver
to the stockholders all the property, effects and records of
such bank, and upon such transfer and delivery he shall be
discharged from any and all further liability to such bank and
its creditors. And thereupon the bank shall be in the same
position as though it had never been authorized to trans-
act a banking business, and such bank, by fulfilling the require-
ments of this act, and of the superintendent of banks, can
thereafter be authorized to resume the conduct of its business
as a bank.

Sec. 137. 1. Any bank shall have the right, on application
of the stockholders or members to apply to the superior court
of the county wherein its principal place of business is situated,
to dissolve said bank in the manner provided for in title six,
part three of the Code of Civil Procedure.

2. It is hereby made the duty of every person or corporation
holding funds of any bank, at the end of five years from and
after such bank has ceased to receive deposits, or do business,
to pay the same into the state treasury, which money shall be
held in the state school land fund; and at the same time it
shall be the duty of such person or corporation to furnish to
the state controller a list of the names of all depositors to whom
said moneys belong or to whom said bank owes the same.

3. The money may be drawn out on the warrants of the state
controller, issued on proofs of ownership, approved and allowed
by the state board of examiners.

4. All moneys paid into the said fund, uncalled for within
five years after being paid in, shall by operation of law, and
without action had, escheat to the state, and thereafter only
be drawn out in such manner as now provided for by law for
the estates of deceased persons escheated to this state.

5. The state board of examiners must invest such moneys in
the same manner that the state school land fund is invested
as provided by law. But any claimant shall be entitled to
recover as herein provided only the principal so paid into the
state treasury.

Sec. 138. If any bank shall fail to make the report required
by law or by the superintendent of banks, within ten days from
the day designated for the making thereof, or to include therein
any matter required by law or by the superintendent of banks,
every such delinquent bank shall forfeit to the people of the
state the sum of one hundred dollars for each day that such
report shall be delayed or withheld, and for every day it shall
fail to report any such omitted matter. In the event of the
failure of any such bank to make the report required from it
by law, or by the superintendent of banks, he shall immedi-
ately cause the books, papers and affairs of such bank to be
thoroughly examined.
SEC. 139. It shall be the duty of the board of directors of every bank to examine fully into the books, papers and affairs of the bank of which they are directors, and particularly into the loans and discounts thereof, with a special view to ascertaining the value and security thereof, and of the collateral security, if any given, in connection therewith, and into such other matters as the superintendent of banks may require; such examination to be made at least once a year, but no such subsequent yearly examinations shall be made within three months of the next preceding examination. Such directors shall have power to employ such assistance in making such examination as they may deem necessary. Within ten days after the completion of such examination, a report in writing thereof, sworn to by the directors making the same, shall be made by the board of directors of such bank, and placed on file with the records of said bank, and shall be subject to examination by the superintendent of banks.

Such report shall particularly contain a statement of the assets and liabilities of the bank examined, as shown by its books, together with any deductions from the assets, or additions to liabilities, which such directors or committee, after such examination, may determine to make. It shall also contain a statement, in detail, of loans, if any, which in their opinion are worthless or doubtful, together with their reasons for so regarding them; also a statement of loans made on collateral security, which in their opinion are insufficiently secured, giving in each case the amount of the loan, the name and market value of the collateral, if it has any market value, and, if not, a statement of that fact, and its actual value as nearly as possible. Such report shall also contain a statement of overdrafts, of the names and amounts of such as they consider worthless or doubtful, and a full statement of such other matters as affect the solvency and soundness of the bank. If the directors of such bank shall fail to make, or cause to be made, and file such report of examination in the manner and within the time specified, the directors of such bank shall be guilty of a misdemeanor.

SEC. 140. The superintendent of banks shall report during the month of October of each year, to the governor, for submission to the next ensuing session of the legislature:

1. A summary of the state and condition of every bank required to report to him, and from which reports have been received the preceding year, with an abstract of the whole amount of capital returned by them, the whole amount of their debts and liabilities, and the total amount of means and resources, specifying the amount of specie held by them at the time of the last report to him, and such other information in relation to such banks as, in his judgment, may be useful.

2. A statement of all banks authorized by him to do business during the previous year, with their names and locations and dates of incorporation, and particularly designating such as have commenced business during the year.
3. A statement of the banks whose business has been closed during the year.

4. Any amendments to the banking law, which, in his judgment, may be desirable.

5. The names and compensation of all persons employed by him, and the whole amount of the receipts and expenses of the department during the year.

6. The names of banks placed in his hands in process of liquidation, and the amount of dividends paid thereon.

Such report, and the usual number of copies for the use of the legislature, shall be printed and in readiness for distribution by the state printer, and one thousand copies shall be printed for the use of the department, the expense of which shall be charged among the general expenses of the department.

SEC. 141. 1. The superintendent of banks shall keep in his office, in a place accessible to the general public, a bulletin board upon which he shall cause to be posted at noon on Friday of each week a detailed statement, signed by him or, in case of his absence from San Francisco or inability to act, by the deputy superintendent in charge, giving the following items of general information with regard to the work of the department since the preceding statement:

(a) The name of every bank that has filed in the banking department an application for authorization to commence business, its location and the date of filing of such application.

(b) The name and location of every bank authorized by the superintendent of banks to commence business, its capital, surplus, and the date of authorization.

(c) The name of every bank to which a certificate of authorization has been refused by the superintendent of banks, and the date of notice of refusal.

(d) The name and residence of every person appointed by the superintendent of banks as a deputy, examiner or employee in the banking department, the title of the office to which appointed, the compensation paid, and the date of appointment.

(e) The date on which a call for a report by banks was issued by the superintendent of banks, and the day designated as the day with reference to which such report should be made.

(f) The name and location of every bank whose creditors or depositors have been paid in full by the superintendent of banks and a meeting of whose stockholders shall have been called, together with date of notice of meeting and date of meeting.

(g) The name and location of every bank subject to the banking law whose affairs and business shall have been finally liquidated, or in course of liquidation.

(h) The name and location of every bank which has applied for approval of a change of name, and the name proposed.

2. Every such bulletin, after having been posted as aforesaid for one week, shall be placed on a file for such statements, to be kept in the office of the superintendent of banks. All such statements shall be public documents, and at all reason-
able times shall be open to public inspection during usual banking hours.

Sec. 142. Every official report made by the superintendent and every report duly verified of an examination made, shall be prima facie evidence of the facts therein stated, for all purposes in any action or proceeding wherein such bank is a party.

Sec. 143. If the superintendent of banks shall have knowledge of the insolvency or unsafe condition of any bank mentioned in this act, and that it is unsafe or inexpedient to permit said bank to continue business, and shall neglect to forthwith take action as provided in sections one hundred thirty-three, one hundred thirty-four, and one hundred thirty-six of this act, he shall be guilty of a felony.

Sec. 144. Whenever by the terms of this act a penalty or forfeiture is imposed, the same shall be recovered in an action brought at the request of the superintendent of banks by the attorney general, in the name of the people of the state, and the sum recovered shall be paid into the state banking fund and used in payment of claims against the said fund.

Sec. 145. The powers, privileges, duties and restrictions conferred and imposed upon any corporation or individual existing and doing business under the laws of this state are hereby abridged, enlarged or modified as each particular case may require, to conform to the provisions of this act. notwithstanding anything to the contrary in their respective articles of incorporation or charters. The legality of investments heretofore made, or of transactions heretofore had, pursuant to any provisions of law in force when such investments were made or transactions had, shall not be affected by the provisions of this act, nor shall such provisions require the changing of investments for those named in this act, except as the same can be done gradually by the sale or redemption of the securities so invested in, in such manner as to prevent loss or embarrassment in the business of such bank, or unnecessary loss or injury to the borrowers on such security.

Sec. 146. All acts, or parts of acts, in conflict with this act are hereby repealed.

Sec. 147. This act shall take effect July first, 1909.
CHAPTER 77.

When state lands, upon which the full purchase price has not been paid have been sold to the state for delinquent taxes, and the deed therefor to the state provided for in section thirty-seven hundred and eighty-five of this code, has been forwarded to and filed with the surveyor general, the said lands shall again become subject to entry and sale, in the same manner and subject to the same conditions, as apply to other state lands of like character, except that the former possessors or owners of the land thus deeded to the state, their heirs or assigns, shall be preferred purchasers thereof for the period
of six months after the deeds are filed with the surveyor general, as prescribed in this section; during which said period of six months no application by any person other than said former possessors, or owners, their heirs or assigns, shall be filed; and, provided further, that the former possessors or owners of said land thus deeded to the state, their heirs or assigns, shall have the right to be restored to their former estate and title (at any time either during the said period of six months above referred to, or afterwards, and before application for said land is made and filed with the surveyor general by any other person) upon paying to the county treasurer of the county wherein the said land is situated a sum equivalent to the taxes, penalties, costs and accruing costs by virtue whereof the state became a purchaser of the said lands, and also, all delinquent taxes, penalties, and costs which may have accrued upon such lands subsequent to the date of the certificate of purchase under which the former possessors or owners, or their heirs and assigns claim title to said lands and also all unpaid interest up to the first day of January, as hereinafter provided, which said money so paid into the treasury shall be distributed in the manner prescribed in section thirty-eight hundred and sixteen; provided, that the money received for twenty per cent of the purchase money and accruing interest, together with the principal, in case of full payment on the lands, shall be distributed by the surveyor general, in the manner now provided by law for such distribution. Thereupon the said city council shall at its next meeting fix a time for hearing such objections, not less than one week thereafter, and the city clerk shall thereupon notify the persons making such objections by depositing a notice thereof in the post office in said city, postage prepaid, addressed to each objector, or his agent when an agent appears for such objector. At the time specified said city council shall hear the objections urged and pass upon the same, and its decision thereon shall be final and conclusive. At the expiration of twenty days after the expiration of the time of said publication by said street superintendent and at the expiration of twenty-five days after the advertising and posting as aforesaid of any resolution of intention, if no written objection to the work therein described has been delivered as aforesaid by the owners of a majority of the frontage of the property fronting on said proposed work or improvement and on the same side of the street, lane, alley, place or court where it is proposed the said sidewalk shall be constructed, and at the expiration of fifteen days after the decision of the city council upon objections made, if objections have been made, the city council shall be deemed to have acquired jurisdiction to order the work to be done or improvement to be made, which is authorized by this act, which order, when made, shall be posted for two days, the same as provided for the posting of the resolution of intention. Before passing any resolution for the construction of sidewalks, plans and specifications and careful estimates of the costs and expenses thereof shall be furnished to the city council, if required by it, by the city engineer of the city.

Sec. 3. The owners of a majority in frontage of lots and lands fronting on the same side of any street, avenue, lane, alley, place or court where it is proposed that a sidewalk shall be constructed and of lots and lands liable to be assessed for the expense of the work petitioned to be done, or their duly authorized agents, may petition the city council to order such sidewalk to be constructed, and the city council may order the sidewalk to be constructed after notice of its intention so to do has been posted and published as provided in section 2 of this act.

Sec. 4. Before awarding any contract for the construction of a sidewalk, the city council shall cause notice with specifications to be posted conspicuously for five days on or near the council chamber door of said council inviting sealed proposals or bids for doing the work ordered and shall also cause notice of the said work inviting said proposals or bids and referring to the specifications posted or on file to be published for two days in a daily, semi-weekly or weekly newspaper, published and circulated in said city designated by the council for that
purpose, and in case there is no newspaper published in said city then said notice shall only be posted as hereinbefore provided. All proposals or bids offered shall be accompanied by a check payable to the order of the mayor of the city, certified by a responsible bank for an amount, which shall not be less than ten per cent. of the aggregate of the proposal, or by a bond for said amount and so payable, signed by the bidder and by two sureties, who shall justify before an officer competent to administer an oath in double the said amount and over and above all statutory exemptions. Said proposals or bids shall be delivered to the clerk of the said city council and said council shall in open session examine and publicly declare the same; provided, however, that no proposal or bid shall be considered unless accompanied by said check or bond satisfactory to the council. The city council may reject any or all proposals or bids should it deem this for the public good and shall also reject the bid of any party who has been delinquent or unfaithful in any former contract with the municipality, and shall reject all proposals or bids other than the lowest regular proposal or bid of any responsible bidder and may award the contract for said work to the lowest responsible bidder at the prices named in his bid, which award shall be approved by the mayor or a three-fourths vote of the city council. If not approved by him or a three-fourths vote of the city council, without further proceedings, the city council may readvertise for proposals or bids for the performance of the work as in the first instance and thereafter proceed in the manner in this section provided and shall thereupon return to the proper parties the respective checks and bonds corresponding to the bids so rejected, but the checks or bonds accompanying such accepted proposals or bids shall be held by the city clerk of said city until the contract for doing said work as hereinafter provided has been entered into, either by said lowest bidder or by the owners of three-fourths part of the frontage fronting on the same side of the street where said sidewalk is to be constructed, whereupon said certified check shall be returned to said bidder. But if said bidder fails, neglects or refuses to enter into the contract to perform said work as hereinafter provided then the certified check accompanying his bid and the amount mentioned therein shall be declared to be forfeited to said city and shall be collected by it and paid into its fund for repairs of streets; and any bond forfeited may be prosecuted and the amount due thereon collected and paid into said fund. Notice of such award of contract shall be posted for five days in the same manner as hereinbefore provided for the posting of the resolution of intention. The owners of three-fourths of the frontage of lots and lands upon the same side of the street where said sidewalk is to be constructed, or their agents, and who shall make oath that they are such owners or agents, shall not be required to present sealed proposals or bids, but may within ten days after the first posting of said notice of said award elect to take said work and enter into a written contract.

tract and for the completion of the work under all contracts entered into by him, which work shall be prosecuted with diligence from day to day thereafter to completion, and he may extend the time so fixed for completion of the work from time to time under direction of the city council. The work provided to be done under this act must in all cases be done under the direction and to the satisfaction of the superintendent of streets, and the materials used shall comply with the specifications and be to the satisfaction of said superintendent of streets, and all contracts made therefor must contain a provision to that effect and also express notice that in no case, except where it is otherwise provided in this act, will the city, or any officer thereof, be liable for any portion of the expense nor for any delinquency of persons or property assessed. The city council may, by ordinance, prescribe general rules directing the superintendent of streets and the contractor as to the material to be used and the mode of executing the work under all contracts thereafter made. The assessment and apportionment of the expense of all such work shall be made by the superintendent of streets in the mode herein provided.

Sec. 6. Subdivision One.—It is considered and established by this act that the construction of a sidewalk authorized by this act is and will be of peculiar and special benefit, gain and advantage to the lots and lands fronting on such sidewalk on the same side of the street on which the sidewalk is constructed and not of peculiar or special benefit, gain or advantage to any other property. The expense incurred for the construction of any sidewalk authorized by this act (which expense shall not include the cost of any work done in such portion of any street as is required by law to be kept in order and repair by any person or company having railroad tracks thereon) shall be assessed upon the lots and lands fronting thereon on the same side of the street where said sidewalks shall be constructed, each lot, or portion of lot, being separately assessed in proportion to the frontage at a rate per front foot sufficient to cover the total expense of the work, except the expense of so much thereof as shall be constructed upon any intersection or street crossing. The expense of that portion of the work constructed upon any intersection or street crossing shall be paid by the municipality out of the city treasury.

Subdivision Two.—It shall be lawful for the owner or owners of lots or lands fronting upon any street and on the same side of the street where a sidewalk is to be constructed, to perform at his or their own expense, after obtaining permission from the city council so to do, but before such council has passed its resolution of intention to order the sidewalk to be constructed, the work of constructing the sidewalk upon the same side of the street upon which his or their property so fronts, and thereupon to procure a certificate from the city engineer setting forth the fact of the construction of such sidewalk to the width and upon the grade and of the material as required by the city council.
SEC. 7. After the contractor of any sidewalk work has fulfilled his contract to the satisfaction of the superintendent of streets of said city, or city council on appeal, the superintendent of streets shall make an assessment to cover the sum due for the work performed and specified in said contract (including any incidental expenses) in conformity with the provisions of the preceding section, or if any direction and decision be given by the city council on appeal then in conformity with such direction and decision, which assessment shall briefly refer to the contract, the work contracted for and performed and shall show the amount to be paid therefore together with any incidental expenses, the rate per front foot assessed, the amount of each assessment, the name of the owner of each lot or portion of lot (if known to the superintendent of streets); if unknown the word "unknown" shall be written opposite the number of the lot and the amount assessed thereon, the number of each lot, or portion or portions of the lot, assessed. and said assessment shall have attached thereto a diagram exhibiting each street or street crossing, lane, alley, place or court on which any work has been done and showing the relative location of each lot or portion of lot to the work done numbered to correspond with the numbers in the assessment and showing the number of feet fronting on said work contracted for and performed.

SEC. 8. To said assessment shall be attached a warrant, which shall be signed by the superintendent of streets and countersigned by the mayor of said city. The said warrant shall be substantially in the following form:

FORM OF WARRANT.

By virtue hereof, I (name of the superintendent of streets) of the city of ............... , county of ............... (or city and county of ............... ) and State of California, by virtue of the authority vested in me as such superintendent of streets do authorize and empower (name of contractor) (his or their) agents or assigns, to demand and receive the several assessments upon the assessment and diagram hereto attached, and this shall be (his or their) warrant for the same.

(Date.)

(Name of superintendent of streets.)

Countersigned by

(Name of mayor.)

Said warrant, assessment and diagram together with the certificate of the city engineer to the effect that the work has been performed in accordance with the contract shall be recorded in the office of the said superintendent of streets. When so recorded the several amounts so assessed shall be a lien upon the lands, lots or portions of lots assessed respectively for the period of two years from the date of said recording.
unless sooner discharged; and from and after the date of said recording of any certificate, assessment, diagram and warrant all persons shall be deemed to have notice of the contents of the record thereof. After said warrant, assessment, diagram and certificate are recorded, the same shall be delivered to the contractor, or his agent or assigns, but not until after the payment to the superintendent of streets of the incidental expenses not previously paid; and by virtue of said warrant said contractor, or his agent or assigns, shall be authorized to demand and receive the amount of the several assessments made to cover the sum due for the work specified in the contract and assessment. Whenever it shall appear by any final judgment of any court in this state that any suit brought to foreclose the lien of any sum of money assessed to cover the expense of such sidewalk work done under the provisions of this act has been defeated by reason of any defect, error, informality, omission, irregularity or illegality in any assessment hereafter to be made and issued or in the recording thereof, or in the return thereof, made to or recorded by said superintendent of streets, any person interested therein may at any time within three months after the entry of said final judgment apply to said superintendent of streets, who issued the same, or to any superintendent of streets at the time of said application, for another assessment to be issued in conformity to law; and said superintendent of streets shall within fifteen days after the date of said application make and deliver to said applicant a new assessment, diagram and warrant in accordance with law, and the then mayor shall countersign the same as now provided by law, which assessment shall be a lien for the period of two years from the date of said assessment and be enforced as provided by this act.

Sec. 9. The contractor, or his assigns, or some person in his or their behalf, shall call upon the persons assessed, or their agents, if they can conveniently be found, and demand payment of the respective amounts assessed to each. If any payment be made, the contractor, his assigns or some person in his or their behalf, shall receipt for the same upon the assessment in presence of the person making such payment and shall also give a separate receipt, if demanded. Whenever the person so assessed, or his or their agents, can not conveniently be found, or whenever the name of the owner of the lot is stated as "unknown" on the assessment, then the said contractor, or his assigns or some person in his or their behalf, shall publicly demand payment on the premises assessed. The warrant shall be returned to the superintendent of streets within thirty days after its date with a return endorsed thereon signed by the contractor, or his assigns or some person in his or their behalf, verified upon oath, stating the nature and character of the demand and whether any of the assessments remain unpaid in whole, or in part, and the amount thereof. Thereupon the superintendent of streets shall record the return so made in the margin of the record of the warrant and assessment and shall
also record the original contract referred to therein if it has not already been recorded in full length in a book to be kept for that purpose in his office and shall sign the record. The superintendent of streets is authorized at any time to receive the amount due upon any assessment list and warrant issued by him and give a good and sufficient discharge therefor, provided that no such payment made after suit has been commenced without the consent of the plaintiff in the action shall operate as a complete discharge of the lien until the costs in the action shall be refunded to the plaintiff; and said superintendent may release any assessment upon the books of his office on payment to him of the amount of the assessment against any lot with interest or on the production to him of the receipt of the party, or his assigns, to whom the assessment and warrant were issued; and if any contractor shall fail to return his warrant within the time and in the form provided in this section, he shall thenceforth have no lien upon the property assessed, provided, however, that in case any warrant is lost upon proof of such loss a duplicate may be issued, upon which a return may be made with the same effect as if the original has been so returned. After the return of the assessment and warrant as aforesaid all amounts remaining due thereon shall draw interest at the rate of ten per cent per annum until paid.

Sec. 10. The owners, whether named in the assessment or not, the contractor, or his assigns, and all other persons directly interested in any work provided for in this act, or in the assessment, feeling aggrieved by any act or determination of the superintendent of streets in relation thereto, or who claim that the work has not been performed according to the contract in a good and substantial manner, or having or making any objection to the correctness or legality of the assessment or other act, determination, or proceedings of the superintendent of streets, shall, within thirty days after the date of the warrant, appeal to the city council, as provided in this section, by briefly stating their objections in writing, and filing the same with the clerk of said city council. Notice of the time and place of hearing, briefly referring to the work contracted to be done, or other subject of appeal, and to the acts, determinations, or proceedings objected to or complained of, shall be published for five days. Upon such appeal, the said city council may remedy and correct any error or informalities in the proceedings, and revise and correct any of the acts or determinations of the superintendent of streets relative to said work; may confirm, amend, set aside, alter, modify, or correct the assessment in such manner as to them shall seem just, and require the work to be completed according to the directions of the city council; and may instruct and direct the superintendent of streets to correct the warrant, assessment, or diagram in any particular, or to make and issue a new warrant, assessment and diagram, to conform to the decisions of said city council in relation thereto, at their option. All the determinations and decisions of said city council, upon notice and hearing as aforesaid, shall
be final and conclusive upon all persons entitled to appeal under the provisions of this section, as to all errors, informalities and irregularities which said city council might have remedied and avoided: and no assessment shall be held invalid, except upon appeal to the city council, as provided in this section, for any error, informality, or other defect in any of the proceedings prior to the assessment, or in the assessment itself, where the resolution of intention of the city council to order the work to be done, for which the assessment is made, has been actually published in any designated newspaper of said city for the length of time prescribed by law, before the passage of the resolution ordering the work to be done.

Sec. 11. At any time after the period of thirty-five days from the day of the date of the warrant, as herein provided, or if an appeal is taken to the city council, as provided in section ten of this act, at any time after five days from the decision of said council, or after the return of the warrant or assessment, after the same may have been corrected, altered or modified, as provided in said section ten (but not less than thirty-five days from the date of the warrant), the contractor, or his assignee, may sue, in his own name, the owner of the land, lots or portions of lots, assessed on the day of the date of the recording of the warrant, assessment and diagram, or any day thereafter during the continuance of the lien of said assessment, and recover the amount of any assessment remaining unpaid, with interest thereon at the rate of ten per cent per annum until paid. Suit may be brought in the superior court within whose jurisdiction the city is in which said work has been done, and in case of any assessment made against lots, portions of lots, or lands, if the owners thereof can not, with due diligence be found, the service in each of such actions may be had in such manner as is prescribed in the codes and laws of this state. The said warrant, assessment, certificate and diagram, with the affidavit of demand and non-payment, shall be held prima facie evidence of the regularity and correctness of the assessment and of the prior proceedings and acts of the superintendent of streets and city council upon which said assessment, warrant and diagram are based, and like evidence of the right of the plaintiff to recover in the action. The court in which said suit shall be commenced shall have power to adjudge and decree a lien against the premises assessed, and to order such premises to be sold on execution, as in other cases of the sale of real estate by the process of said courts; and on appeal the appellate courts shall be vested with the same power to adjudge and decree a lien and to order such premises to be sold on execution or decree as is conferred on the court from which an appeal is taken. Such premises, if sold, may be redeemed as in other cases. In all suits brought to recover sidewalk assessments, the proceedings therein shall be governed and regulated by the provisions of this act, and also, when not in conflict herewith, by the codes of this state. This act shall be liberally construed to effect the ends of justice and to promote the objects of the
act. No error, or irregularity, or departure, or difference, in
procedure from those specified in this act, which does not cause
a substantial loss or detriment to the property owner whose
property is assessed, shall affect the legality of the proceedings,
or the validity of the lien provided by this act.

SEC. 12. When any sidewalk constructed on any street,
avenue, lane, alley, court or place shall be out of repair or
needing reconstruction and in a condition to endanger persons
or property passing thereon, or to interfere with the public con-
venience in the use thereof, it shall be the duty of the superin-
tendent of streets, by notice in writing delivered to the owner
of the adjoining premises, or to their agents, personally, or left
on the premises, to require the owners or occupants of lots, or
portions of lots, fronting on said sidewalk and on the same
side of the street where said sidewalk is located, to repair or
reconstruct said sidewalk, or to do both, forthwith, and said
superintendent of streets shall particularly specify in said
notice what work is required to be done and how the same is to
be done and what kind of material shall be used in said repairs
or reconstruction or both. If said repairs or reconstruction be
not commenced within three days after notice given as afo-
‘resaid and diligently and without interruption prosecuted to
completion, the owners or occupants of said lots having been
given notice as aforesaid shall be deemed guilty of a misde-
meanor, and upon conviction thereof shall be subject to a fine
not exceeding two hundred dollars or imprisonment in the city
jail not exceeding one hundred days, or both such fine and
imprisonment, and the said superintendent of streets may, if
said repairs or reconstruction be not commenced within three
days after notice given as aforesaid, under authority from the
city council, make such repairs or reconstruction, or both, and
enter into a contract with any suitable person for that purpose,
at the expense of the owner or occupant, after the specifications
for doing said work shall have been conspicuously posted by
him in his office for two days inviting bids for the doing of said
work, which bids shall be delivered to him at his office on or
before the second day of said posting and opened by him on
the next day following said two days of posting, and the con-
tract shall by him be awarded to the lowest bidder if such
lowest bid in the judgment of such street superintendent shall
be reasonable. All of such bids shall be preserved in his office
and open at all times after the letting of the contract to the
inspection of all persons, and the owner or occupant of the lots
fronting on said sidewalk and on the same side of the street
shall be liable to pay such contract price. Said work of recon-
struction or repair shall be commenced within twenty-four
hours after the contract shall have been signed and completed
without delay to the satisfaction of the said superintendent of
streets. Upon the completion of said repairs or reconstruction
to the satisfaction of the superintendent of streets, he shall
make and deliver to the contractor a certificate to the effect
that said repairs or reconstruction have been properly made by
said contractor and that the charges for the same are reasonable and just and that he, the said superintendent of streets, has accepted the same. Said certificate shall describe the property liable for the payment for said repairs or reconstruction and said certificate shall be recorded in a book kept in the office of the superintendent of streets for that purpose and shall constitute a lien on the said property liable for the payment of said repairs or reconstruction. If the expense of such repair or reconstruction after the completion thereof and the delivery by the superintendent of streets to the contractor of said certificate be not paid to the contractor, or his agent or assignee, in demand, the said contractor, or his assignee, shall have the right to sue such owner or occupant of such lands for the amount contracted to be paid and to foreclose and enforce the lien therefor the same as provided herein for foreclosures and enforcements of the liens in other cases.

Sec. 13. In addition to the other remedies herein given and as cumulative thereto the city council shall have power to prescribe the penalties that shall be incurred by any owner or person liable or neglecting or refusing to make repairs or reconstruction of sidewalks when required as provided by this act.

Sec. 14. The person owning the fee or the person in whom on the day the action is commenced appears the legal title to the lots or lands by deeds duly recorded in the county recorder's office of the county, or the person in possession of lands, lots, or portions of lots, or buildings, under claim or exercising acts of ownership over the same for himself, or as executor, administrator, guardian or trustee of the owner, shall be regarded and treated and deemed to be the "owner" according to the intent and meaning of that word as used in this act, and in case of leased property the possession of the tenant or lessee holding and occupying under such persons shall be deemed to be the possession of such owner.

Sec. 15. Any tenant or lessee of the lands or lots liable for assessment under this act may pay the amount assessed against the property of which he is such tenant or lessee and may deduct the amount so paid from the rents due and to become due from him, and he shall have a lien upon and may retain possession of the lands and lots until the amount so paid by him shall be satisfied with legal interest from accruing rents, or by payment by the owner.

Sec. 16. The records kept by the superintendent of streets in conformity with the provisions of this act and signed by him shall have the same force and effect as other public records, and copies thereof duly certified may be used in evidence with the same effect as the originals. Said records shall during all office hours be open to the inspection of any citizen wishing to examine them, free of charge.

Sec. 17. Notices in writing, which are required to be given or posted by the superintendent of streets under the provisions of this act, may be served or posted by any person with the permission of the superintendent of streets, or such notices
may be given, served or posted by the superintendent of streets personally. A record of the fact of the giving, service and posting of such notices shall be kept in the office of the superintendent of streets. The superintendent of streets shall keep a public office in some convenient place within the municipality and keep therein such records as may be required by the provisions of this act. The city engineer, or where there is no city engineer the county, or city and county, surveyor shall be the proper officer to do the surveying and other engineering work to be done under this act, and to survey and measure the work to be done under contracts let under this act, and to estimate the costs and expenses thereof and every certificate signed by him in his official character shall be prima facie evidence in all courts of this state of the truth of its contents. He shall keep a record of surveys made under the provisions of this act as in other cases. In any city where there is no city engineer, the city council is hereby authorized to appoint a suitable person to discharge the duties herein laid down as those of city engineer and all the provisions hereof applicable to the city engineer shall apply to such person so appointed. Said city council is hereby empowered to fix his compensation for such services.

Sec. 16. One—The term "incidental expenses" as used in this act shall include the compensation of the city engineer for work done by him; also, the cost for posting, printing and advertising as provided in this act; also, the compensation of superintendents for the work. All demands for incidental expenses shall be presented to the superintendent of streets by itemized bill duly verified by oath of the demandant.

Two—The word "municipality" and the word "city" as used in this act shall be understood and construed to include all corporations heretofore organized and now existing and those which may hereafter be organized for municipal purposes.

Three—The word "street" as used in this act shall be deemed to include avenues, highways, lanes, alleys, courts and places.

Four—The terms "street superintendent" and "superintendent of streets" as used in this act shall be construed to include any person or officer whose duty it is under the law to have the care or charge of the streets or the improvement thereof in any city. In any city where there is no street superintendent or superintendent of streets, the city council is hereby authorized to appoint a suitable person to discharge the duties of the superintendent of streets or street superintendent as specified in this act and all provisions hereof applicable to the street superintendent or superintendent of streets shall apply to the person so appointed.

Five—The term "city council" as used in this act is hereby declared to include any body or board which, under the law, is the legislative department of the government of any city.

Six—In municipalities in which there is no mayor the duties imposed upon such officer by the provisions of this act shall be
performed by the president of the board of trustees or other
chief executive officer of the municipality.

Seven—The term "clerk" or "city clerk" as used in this
act is hereby declared to include any person or officer who shall
be clerk of the board which constitutes the legislative depart-
ment of the government of the city.

Sec. 10. Whenever in the opinion of the city council it
shall be convenient or proper so to do, said city council may in
its discretion include under any proceedings taken under this
act the construction of curbing as well as the construction of
sidewalks, or the city council may provide for the construction
of curbing without the construction of sidewalks; and all the
provisions of this act whenever the city council shall elect to
proceed thereunder to provide for the construction of curbing
shall apply as fully to all such proceedings and to the work
done thereunder and to the assessments made for the expense
of the work and to the lien therefor as fully as if this act
specifically and particularly related in each instance to the
construction of curbing. As to the construction of curbing
within municipalities this act shall be construed as a new, dis-
tinct and independent method of procedure and assessment
from any provided in any act or acts in force at the time this
act shall take effect, which method of procedure and assessment
so provided by this act may as to the construction of curbing
be followed by the city council if it elects so to do. Nothing
in this act, however, shall be construed as preventing the con-
struction of curbing and the levy and collection of assessments
for the expense thereof under the provisions of "An act to
provide for work upon streets, lanes, alleys, places, courts, and
sidewalks and for the construction of sewers within munici-
palities," approved March 18, 1885, and the several acts ameneda-
tory thereof and supplemental thereto.

Sec. 20. This act shall be deemed as a repeal of "An act
to provide for work upon streets, lanes, alleys, places, courts
and sidewalks and for the construction of sewers within mu-
nicipalities," approved March 18, 1885, and the several acts
amendatory thereof and supplemental thereto so far as said act
and the several acts amendatory thereof and supplemental
thereto relate to sidewalks and the construction thereof, and to
the assessments to be made and the enforcement of payments
for the expense of the construction of such sidewalks, but as to
all other street work and street improvement said act approved
March 18, 1885, and the several acts amendatory thereof and
supplemental thereto shall not be deemed as repealed, amended
or affected by this act.

Said petitioners shall on or before the date fixed for said hearing, or on or before the date to which said hearing may have been adjourned, file with the said board of supervisors a bond to be approved by said board, in such amount as the said board shall designate, but not exceeding ten thousand dollars, payable to the county in which said petition is filed, conditioned that the obligors named in said bond will pay to said county all expenses incurred in the proceedings and elections provided for in this act, not exceeding the amount specified in said bond, in the event that at the election herein provided for the percentages of votes required by the provisions of this act to form a new county are not cast in favor of the formation of such new county.

On the final hearing said board of supervisors must, upon petition of not less than fifty per cent. of the qualified electors of any territory lying within said proposed new county and contiguous to the boundary line thereof, and lying entirely within a single old county, and described in said petition, asking that said territory be not included within the proposed new county, make such changes in the proposed boundaries as will exclude such territory from such new county, and shall establish and define such boundaries; provided that any changes made by said board shall not reduce the population of the proposed new county to less than ten thousand; petitions for exclusion shall be disposed of in the order in

Sec. 3. Section three of said act is hereby amended to read as follows:

Section 3. If the said board of supervisors determine that the formation of the said proposed new county will not reduce the population of any county proposed to be divided to less than 20,000, nor the area thereof to less than twelve hundred square miles, and that the proposed new county contains a population of at least 10,000, and that no line of said proposed new county passes within five miles of the county seat of any county proposed to be divided, and that the said petition contains the genuine signatures of at least sixty-five per cent. of the qualified electors residing in the territory defined by the boundaries of the proposed new county, and fifty per cent. of the qualified electors residing within the existing county, when the proposed new county is to be formed from territory of only one county; but when said proposed new county is to be formed from territory of two or more counties and separate petitions are presented, then that said petitions contain the genuine signatures of at least sixty-five per cent. of the qualified electors residing within that part or portion of each of the existing counties out of which it is proposed to create a new county, and not less than fifty per cent. of the qualified electors of each of the existing counties from which the new county is to be carved, then said board of supervisors shall divide the proposed new county into a convenient number of judicial townships, road and school districts, and define their boundaries and designate the names of said districts and each of them; they shall also divide the proposed new county into five supervisorial districts to contain as nearly as practicable an equal population, and number said districts; they shall also, if necessary for the purposes of the election hereinafter provided for, change the boundaries of the election precincts in said old county or counties to make the same conform to the boundaries of the proposed new county; provided that the boundary lines of no such precinct shall extend beyond the boundary lines of the existing county in which it is located and from which the territory is proposed to be taken; and said board shall appoint the election officers to act at said election and to be paid by said board. Within two weeks after its determination of the truth of the allegations of said
petition as aforesaid, the said board of supervisors shall order and give proclamation and notice of an election to be held in the county in which said petition is filed on a specified day not less than sixty days nor more than ninety days thereafter, for the purpose of determining whether such territory described in the petition shall be established and organized into a new county. When the petition calls for the organization of a new county out of territory of two or more existing counties, a certified copy of such election proclamation and notice shall be immediately mailed to the board of supervisors of each county from the territory of which a part of the proposed new county is taken. Within two weeks after the receipt of said certified copy each board of supervisors receiving same shall issue a like proclamation and notice of an election to be held on the same specified day for the purpose of determining whether said territory shall be established and organized into a new county.

At the same time that the board of supervisors before which the petition for the organization of a new county is pending issues a proclamation and notice of election for the purpose of determining whether such county shall be established and organized into a new county, it shall issue a proclamation and notice of an election to be held on the same day in the territory which is proposed to be taken for the new county for the election of officers and the location of the county seat therefor in the event that the vote at the election called in the county or counties out of which the new county is to be carved shall be in favor of establishing and organizing the said new county:

All qualified electors of the county or counties from which territory is taken to form such proposed new county and who shall have been such qualified electors ninety days prior to date of such election, shall be entitled to vote at such election to determine whether or not such territory shall be established and organized into a new county, and all qualified electors resident within the territory included within the boundary lines of the proposed new county as established by the board of supervisors and who are qualified electors of the county or counties from which territory is taken to form such proposed new county and who shall have been such resident qualified electors ninety days prior to date of said election, shall be entitled to a vote at said election for the election of officers and the location of a county seat therefor. Registration and transfers of registration shall be made and shall close in the manner and at a time provided by law for registration and transfers of registration for a general election in the State of California.

Such proclamation and notice of election to determine whether such county shall be established and organized into a new county shall be published in each county territorially affected by the proposed organization at least once a week for three weeks before the holding of such election, in some newspaper of general circulation published in the county or counties
out of which it is proposed to take territory for the organization of such new county. Such proclamation and notice shall require the voters to cast ballots which shall contain the words "For the new county of (giving name of the proposed new county) Yes," and "For the new county of (giving name of the proposed new county) No," and each voter desiring to vote for the establishment and organization of said new county shall stamp a cross (X) opposite the words "For the new county of ———— Yes," and each voter desiring to vote against the establishment and organization of said new county shall stamp a cross (X) opposite the words "For the new county of ———— No," in the manner now required by law in other elections.

The board of supervisors before whom the petition for the organization of the new county is pending, shall also issue an election proclamation and notice for the election of officers and the locating of a county seat, which election shall be held only in the territory included within the boundaries of the proposed new county as set forth in the petition. Said election proclamation and notice shall provide for holding the election of officers and the location of the county seat on the same day and at the same polling places within the territory described in the petition, and at which the election is held to determine whether such territory shall be established and organized into a new county and the same election officers shall serve at both elections. A copy of the election proclamation and notice for the election of officers and the locating of a county seat shall be immediately mailed by the county clerk of the county in which petition is filed to the county clerk of each county from which territory is taken for the proposed new county, such proclamation and notice shall require the voters to cast ballots which shall contain the words "For county seat" with a blank space left below said words and the voter shall write his choice in said space, and the name so written shall be counted as the voter's choice for county seat whether a cross (X) shall be marked after said name or not, or whether said name shall be written in ink or pencil. And said proclamation shall also contain the names of persons to be voted for to fill the various offices designated in said proclamation for counties of the class to which said proposed new county will belong as determined by the board of supervisors as herein directed and in the manner provided by law, except as herein otherwise provided.

The proclamation calling for the election of officers and the locating of the county seat shall be made and given exclusively by the board of supervisors with which is filed the petition for the formation and establishment of such new county and such board shall cause the clerk of said county to furnish to the officers of each precinct in said proposed new county, all ballots, poll lists, tally lists, registers for voters' signatures, ballot boxes and other election supplies and equipment necessary to conduct election, and which are not hereinafter specifically directed to be furnished by the clerk of another county or counties.
Such election shall be governed and controlled by the general election laws of the state so far as the same shall be applicable, except as herein otherwise provided.

The county clerk of each county from which territory is taken for the proposed new county shall five days before the date of such election furnish to each board of election within said proposed new county the book of affidavits of registration for the precincts of such proposed new county as are within their respective counties, and the copies of indexes thereof required by law, containing the names of all persons who were qualified electors therein up to ninety days before the date of such election. All returns of elections held within the territorial limits of the proposed new county for the election of officers and locating county seat shall be made to the board of supervisors calling such election and all returns of the election held for the purpose of determining whether such territory shall be established into a new county shall be made to the board of supervisors of the then existing county in which said election is held.

All certificates of nomination of candidates for the offices required to be filed at said election shall be filed with the county clerk of the county represented by the board of supervisors calling said election, not less than ten days next before the date of such election.

The provisions of the election laws relating to preparation, printing and distribution of sample ballots and the provisions of said laws relating to primary elections in this state shall have no application to any election provided for in this act.

Sec. 4. Section four of said act is hereby amended to read as follows:

Section 4. When the petition is for the organization of a new county out of the territory of two or more counties, each board of supervisors shall upon the completion of a canvass of the vote to determine whether such territory shall be established and organized into a new county, forward to the board of supervisors before whom the said petition is pending, a certified copy of the result of said canvass, giving the total number of votes cast in such county for the organization of said proposed new county, and the total number of votes cast against the establishment and organization of the new county.

If upon canvass of all votes cast at such election, it appears that fifty per cent. of the total number of all the votes cast in each and every county which will be territorially affected by the organization of such new county is "For the new county of ———— Yes," and sixty-five per cent. of the votes cast within the territorial limits of the proposed new county as established by the board of supervisors is "For the new county of ———— Yes," the board of supervisors shall by a resolution entered upon its minutes declare such territory formed as a county of this state of the class to which the same shall belong, under the name of ———— county (naming it), and that the place (naming it) receiving the highest number of
votes cast at said election for county seat shall be the county seat of said county until removed in the manner provided by law, and designating and declaring the persons receiving respectively the highest number of votes for the several offices to be filled at said election, to be duly elected to such offices, and prescribing the amount in which such officers must execute official bonds, where official bonds are required by law. Said board shall forthwith cause a copy of its said resolution duly certified, to be filed in the office of the secretary of state, and from and after the date of such filing said new county shall be deemed to be fully created, and the organization thereof shall be deemed completed and such officers shall be entitled to enter immediately upon the duties of their respective offices upon qualifying in accordance with law and giving bonds for the faithful performance of their duties, as herein required. The clerk of the board of supervisors with which said petition was filed, as herein provided, must immediately make out and deliver to each of said persons so declared and designated to be elected, a certificate of election authenticated by his signature and the seal of said board of supervisors. All the officers elected at said election or appointed under this act shall hold their offices until the time provided by general law for the election and qualification of such officers in this state and until their successors are elected and qualified and for the purpose of determining the term of office of such officers, the years said officers are to hold office, are to be computed respectively from and including the first Monday after the first day of January following the last preceding general election.

If, however, upon such canvass, it appears that more than thirty-five per cent. of the votes cast at the election held for the purpose of determining whether such proposed new county shall be established and organized, within the territorial limits of the proposed new county as established by the board of supervisors is "For the new county of ________ (naming it) No." or if more than fifty per cent. of the total vote of any county which will be territorially affected by the organization of said proposed new county is "For the new county of ________ (naming it) No," the said board of supervisors shall pass a resolution in accordance therewith, and thereupon no further proceedings relative to the organization of said proposed new county nor any other proceeding for the division of any county any portion of which was included within said proposed new county, shall be instituted within one year after such determination.

CHAPTER 133.

In act concerning dependent and delinquent minor children, providing for their care, custody and maintenance until twenty-one years of age; providing for their commitment to the Whittier State School and the Preston State School of Industry, and the manner of such commitment and release therefrom, establishing a probation committee and probation officers to deal with such children, and fixing the salaries of probation officers; providing for detention homes for said children; providing for the punishment of persons responsible for, or contributing to, the dependency or delinquency of children; and giving to the superior court jurisdiction of such offenses, and repealing inconsistent acts.

[Approved March 8, 1900.]

The people of the State of California, represented in senate and assembly, do enact as follows:

Section 1. This act shall be known as the "Juvenile Court Law" and shall apply only to children under the age of eighteen years not now or hereafter inmates of a state institution.

For the purposes of this act, the words "dependent child" shall mean any child under the age of eighteen years:

(1) Who is found begging, receiving or gathering alms, whether actually begging or under the pretext of selling or offering anything for sale; or

(2) Who is found in any street, road or public place for the purpose of so begging, gathering or receiving alms; or

(3) Who is a vagrant; or

(4) Who is found wandering and not having any home, or any settled place of abode, or any proper guardianship, or any visible means of subsistence; or

(5) Who has no parent or guardian; or who has no parent or guardian willing to exercise, or capable of exercising, proper parental control; or

(6) Who is destitute; or

(7) Whose home by reason of neglect, cruelty or depravity of his parents or either of them, or on the part of his guardian, or on the part of the person in whose custody or care he may be, is an unfit place for such child; or

(8) Who frequents the company of reputed criminals, vagrants or prostitutes; or

(9) Who is found living or being in any house of prostitution or assignation; or

(10) Who habitually visits, without parent or guardian, any saloon, pool room or place where any spirituous, vinous or malt liquors are sold, bartered or given away; or

(11) Who persistently refuses to obey the reasonable and proper order or directions of his parents or guardian; or
(12) Who is incorrigible; that is, who is beyond the control and power of his parents, guardian or custodian by reason of the vicious conduct or nature of said minor; or

(13) Whose father is dead or has abandoned his family or is an habitual drunkard, or whose father does not provide for such minor, and it appears that such minor is destitute of a suitable home or of adequate means of obtaining an honest living, or is in danger of being brought up to lead an idle or immoral life; or where both parents of such child are dead, or the mother, if living, is unable to provide proper support and care of such minor child; or

(14) Who is an habitual truant within the meaning of an act entitled "An act to enforce the educational rights of children and providing penalties for the violation of said act," approved March 24, 1903, and who is not placed in a parental school under the provisions of said act, or who being over the age of fourteen years refuses to attend public or private school, as directed by his parents, duly authorized guardian or legal custodian; or

(15) Who habitually uses intoxicating liquor as a beverage or habitually smokes cigarettes or who habitually uses opium, cocaine, morphine or other similar drug, without the direction of a competent physician.

The words "delinquent child" shall include any child under the age of eighteen years who violates any law of this state, or any ordinance of any town, city, county or city and county of this state, defining crime.

Sec. 2. The superior court in every county of this state shall exercise the jurisdiction conferred by this act, and, while sitting in the exercise of its said jurisdiction, shall be known and referred to as the "juvenile court," and is hereinafter so referred to. In counties having more than one judge of the superior court, the judges of such court shall from time to time designate one or more of their number whose duty it shall be to hear all cases coming under this act. In counties of the first class, such designation shall be made by the presiding judge. The orders and findings, if any, of the superior court, in all cases coming under the provisions of this act, shall be entered in a book to be kept for that purpose and known as the "juvenile court record," and the court when acting under this act shall be called the "juvenile court." All cases coming under the provisions of this act shall be heard at a special or separate session of the court, and no other matter shall be heard at such session, nor shall there be permitted to be present at such session any person on trial or awaiting trial, or under accusation of crime, who does not come under the provisions of this act.

Sec. 3. Any person may file with the clerk of the superior court a petition showing that there is within the county, or residing within the county, a dependent or delinquent child.
and praying that the superior court deal with such child as provided in this act. Such petition shall be verified and shall contain a statement of facts constituting such dependency or delinquency, as defined in section 1 of this act. There shall be no fee for filing such petition.

Sec. 4. Upon the filing of the petition provided for in section 3 hereof, a citation shall issue, requiring the person or persons having the custody or control of the child, or with whom the child may be, to appear with the child at a time and place stated in the citation. Service of such citation must be made at least twenty-four hours before the time stated therein for such appearance. The parents or guardian of the child, if residing within the county in which the court sits, and if their places of residence be known to the petitioner, or if there be neither parent nor guardian so residing, or if their places of residence be not known to petitioner, then some relative of the child, if any there be residing within said county, and if his residence and relationship to such child be known to petitioner, shall be notified of the proceedings by service of citation requiring him or them to appear at the time and place stated in such citation. In any case the judge may appoint some suitable person to act in behalf of the child, and may order such further notice of the proceedings to be given as he may deem proper. If any person, cited as herein provided, shall fail, without reasonable cause, to appear and abide by the order of the court, or to bring the child, if so required in the citation, such failure shall constitute a contempt of said court and may be punished as provided for in other cases of contempt of court. In case such citation can not be served, or the party served fails to obey the same, and in any case in which it shall be made to appear to the court that such citation will probably be ineffective, a warrant of arrest shall issue on the order of the court, either against the parent or guardian, or the person having the custody of the child, or with whom the child may be, or against the child himself, or any or all of said persons; or if there be no person to be served with citation as above provided, a warrant of arrest may be issued against the child immediately. On the return of the citation or other process, or as soon thereafter as may be, the court shall proceed to hear and dispose of the case in a summary manner. Until the final disposition of any case, the child may be retained in the possession of the person having charge of him, or may be kept, upon the order of the court, in some suitable place, provided by the county, or city and county, or may be held otherwise as the court may direct.

Sec. 5. When any minor child under the age of nineteen years shall be found by said court or judge to be dependent or delinquent, within the meaning of this act, the court may make an order committing the child, for such time during its minority as the court may deem fit, to the care of some reputable citizen of good moral character, or to the care of some associa-
tion, society or corporation willing to receive it, embracing in its objects the purpose of caring for or obtaining homes for dependent or neglected children, or to the care of the probation officer or other person to remain in the home of the child. The court may thereafter set aside, change or modify such order, at any time during the minority of such child, and said child, if a boy, may be committed to the Preston State School of Industry, or to the Whittier State School, during his minority; or, if a girl, may be committed to the Whittier State School until twenty-one years of age; provided, however, that before conveying any such minor to either of such institutions it shall be ascertained from the superintendent thereof whether such child can be received; and if such child can not be received, the court shall make such other order for the disposition of such child as is meet.

Sec. 6. The judge of the superior court in and for each county, or city and county, of the state, and in counties where there is more than one judge of the said court, the judge who has been designated as "judge of the juvenile court" shall, by an order entered in the minutes of the court, appoint seven discreet citizens of good moral character and of either sex, to be known as the "probation committee," and shall fill all vacancies occurring in such committee. The clerk of said court shall immediately notify each person appointed on said committee and thereupon said persons shall appear before the judge of the superior court to whom has been assigned all proceedings under this act, and qualify by taking an oath which shall be entered in said juvenile court record, to faithfully perform the duties of a member of such probation committee.

Sec. 7. The members of such probation committee shall hold office for four years, and until their successors are appointed and qualify; provided, that of those first appointed, one shall hold office for one year, two for two years, two for three years, and two for four years, the terms for which the respective members shall hold office to be determined by lot as soon after their appointment as may be. When any vacancy occurs in any probation committee by expiration of the term of office of any member thereof, his successor shall be appointed to hold office for the term of four years; when any vacancy occurs for any other reason, the appointee shall hold office for the unexpired term of his predecessor.

Sec. 8. Members of the probation committee shall serve without compensation.

Sec. 9. The superior court or any judge thereof may at any time require said probation committee or probation officer to examine into the qualifications and management of any society, association or corporation, other than a state institution, receiving, or applying for, any child or children under this act, and to report thereon to the court; provided, that nothing in this section shall be construed as giving any probation committee or
probation officer any power to enter any institution without the consent of such institution.

It shall be the duty of each probation committee, prior to the first day of December in each year, to prepare a report in writing on the qualifications and management of all societies, associations and corporations, except state institutions, applying for or receiving any child under this act from the courts of their respective counties, and in such report said committee may make such suggestions or comments as to them may seem fit; such report to be filed in the office of the clerk of the court appointing such committee for the information of the judges thereof. The probation committee shall also have the control and management of the internal affairs of any detention home heretofore or hereafter established by the board of supervisors of their county; and it shall be the duty of the board of supervisors to provide for the payment of such employees as may be needed in the efficient management of such detention home.

Sec. 10. There shall be appointed, as hereinafter provided, a probation officer in every county, and he may appoint as many deputies as he may desire; provided, however, that such deputies shall not have authority to act until their appointment shall be approved in like manner as the appointment of the probation officer himself. Such deputies, except as hereinafter provided, shall serve without compensation.

Sec. 10a. In counties, or cities and counties, of the first class, there shall be one probation officer and ten assistant probation officers. The salaries of said officers shall be as follows: Probation officer, $225 per month; one assistant probation officer, $175 per month; and nine assistant probation officers, at $125 per month each.

Sec. 10b. In counties of the second class there shall be one probation officer and six assistant probation officers. The salaries of said officers shall be as follows: Probation officer, $200 per month; one assistant probation officer, $150 per month; five assistant probation officers, $100 per month each.

Sec. 10c. In counties of the third class, there shall be one probation officer and four assistant probation officers. The salaries of said officers shall be as follows: Probation officer, $175 per month; one assistant probation officer, $125 per month; and three assistant probation officers, $100 per month each.

Sec. 10d. In counties of the fourth class there shall be one probation officer and one assistant probation officer. The salaries of said officers shall be as follows: Probation officer, $150 per month; assistant probation officer, $100 per month.

Sec. 10e. In counties of the fifth class there shall be one probation officer and one assistant probation officer. The salaries of said officers shall be as follows: Probation officer, $175 per month; assistant probation officer, $150 per month.

Sec. 10f. In counties of the ninth class there shall be one probation officer whose salary shall be $125 per month.

salary of each of said probation officers shall be $100 per month.

Sec. 10k. In each of the counties of the twentieth and thirtieth classes there shall be one probation officer. The salary of each of said probation officers shall be $75 per month.

Sec. 10t. In each of the counties of the twenty-fifth, thirty-third, thirty-fifth, fortieth, forty-second, forty-third, forty-fifth, forty-sixth, forty-seventh, fifty-second and fifty-third classes there shall be one probation officer. The salary of each of said probation officers shall be $10 per month.

Sec. 10m. In each of the counties of the eleventh class there shall be one probation officer. The salary of said probation officer shall be $80 per month.

Sec. 10n. In each of the counties of the fifty-sixth and fifty-seventh classes there shall be one probation officer. The salary of each of said probation officers shall be $5 per month.

Sec. 10e. In every other county than those heretofore expressly enumerated the salary of the probation officer shall be $35 per month.

Sec. 11. The salaries of all probation officers and assistant probation officers shall be paid out of the county treasury of the county for which they are appointed, respectively, in the same manner as the salaries of county officers.

Sec. 12. The probation officers and assistant probation officers and deputy probation officers in all counties of the state shall be allowed such necessary incidental expenses as may be authorized by the judge of the juvenile court; and the same shall be a charge upon the county in which the court appointing them has jurisdiction, and said expenses shall be paid out of the county treasury upon a written order of the judge of the juvenile court of said county directing the county auditor to draw his warrant upon the county treasurer for the specified amount of such expenses.

Sec. 13. The offices of probation officer and assistant probation officer are hereby created. The probation officers and assistant probation officers to serve hereunder in any county or city and county shall be nominated in such manner as the judge of the juvenile court in the respective counties or city and county shall direct; and the appointment of such probation officers and assistant probation officers shall then be made by the judges of the respective juvenile courts. The term of office of probation officers and of assistant probation officers shall be two years from the date of their said appointments. Such probation officers and assistant probation officers may at any time be removed by the judge appointing them, in his discretion.

Sec. 14. It shall be the duty of the clerk of any court before which a child is brought under the provisions of this act, before hearing, to notify the probation officer of the county thereof; except in cases where the child is brought before the court by a society, association or corporation which embraces within its objects the care of dependent or delinquent children,
and which has in the last report thereto by the probation committee of such county, been favorably passed upon.

Sec. 15. The probation officer shall inquire into the antecedents, character, family history, environment and cause of delinquency or dependency of every child brought before the juvenile court, and shall make his report in writing to the judge thereof: provided, however, that only when the judge so specially orders shall he make such inquiry or report in the case of a dependent or delinquent child who is already in charge of a society, association or corporation which embraces within its objects the care of dependent children, and which has in the last report thereto by the probation committee of such county been favorably passed upon. In the event that such a society, association or corporation shall be so in charge it shall through its agents or superintendent make such report to the judge in place of the probation officer.

It shall be the duty of said probation officer, agent or superintendent of such society, association or corporation to be present in court in order to represent the interests of the child when the case is heard, and to furnish to the court such information and assistance as it may require and to make such report at such time; and to take such charge of the child before and after the hearing as may be ordered. Every probation officer and assistant probation officer shall have the powers of a peace officer. At any time, in his discretion, such officer may bring any child committed to his care before the court for such further or other action as the court may deem proper.

Any of the duties of a probation officer may be performed by an assistant or deputy probation officer, and shall be so performed whenever directed by the probation officer; and it shall be the duty of the probation officer to see that his assistant and deputy probation officers perform their duties.

Sec. 16. Whenever a deposition or complaint shall be filed in any court other than a superior court, charging a person with a crime and it shall be suggested to the judge, justice or recorder before whom such person is brought that the person charged is under the age of eighteen years, said judge, justice or recorder shall immediately suspend all proceedings against such person on said charge and examine into the age of such person and if, from such examination, it shall appear to the satisfaction of said judge, justice or recorder that such person is under the age above specified, he shall forthwith certify to the juvenile court of his county (a) that said person (naming him) is charged with such crime (briefly stating its nature); (b) that the age of such person, exactly as possible, giving the birthday when known, and (c) the suspension of proceedings against such person on such charge by reason of his age, with the date of such suspension; and immediately thereupon all proceedings against the said person on said charge shall be suspended until said juvenile court shall issue its mandate, as hereinafter provided, directing the court before which said charge was pending to proceed with the examina-
tion into or trial thereof, and the court so suspending its proceedings shall forthwith cause such person to be taken before the juvenile court of his county for consideration and proceedings under this act. When such person shall be brought before the judge of the juvenile court said judge shall cause a complaint to be filed as provided in section 3 of this act and shall fix a time for considering said matter and shall cause citation to be issued, as provided in section 4 of this act. Pending such hearing, said judge may admit such person to bail or otherwise provide for his temporary custody in any manner provided herein for the care of a child after the finding of its delinquency. The judge of said juvenile court may further investigate the age of such person and may also inquire into the condition and care of such person and make such orders for his disposition under the provisions of this act as he may deem proper. If said judge shall, after such investigation, decide that such person was at the time said offense was alleged to have been committed of the age of eighteen years or more, such determination shall be conclusive and he shall immediately issue his mandate directing the court before which such charge is pending to proceed therewith, and upon receipt of such mandate said court shall proceed with the examination or trial of said charge as though no suspension thereof had taken place; provided, however, that if the court shall find that the person so charged is under the age of eighteen years and a fit subject for consideration under the provisions of this act, and is a delinquent child, he may make such order or orders hereunder as he may deem best in relation to such person; provided further, however, that if such judge shall at any time conclude that such person is not a fit subject for further consideration under this act, he may remand such person to the court in which said person is charged with said offense for further proceedings on said charge, and upon receipt of the mandate of said juvenile court, or the judge thereof, the court before which said charge is then pending shall be vested with full authority to proceed with the examination or trial thereof. All statutes of limitation relating to the charge so pending against such person shall be suspended as to said person and charge from the issuance by said judge, justice or recorder of his certificate hereinbefore provided for until said juvenile court, or the judge thereof, shall issue its mandate remanding such person for further proceedings as aforesaid; and all statutes of limitation relating to any charge, made in any court, against any person under the age of eighteen years, shall be suspended as to such charge and person whenever, and as long as, such person is before the juvenile court for consideration under the provisions of this act, or is detained by virtue of any commitment issued hereunder and unrevoked; provided, however, that if said child shall be discharged by the juvenile court as reformed, such
order of discharge shall constitute a bar to any further proceedings in any court against said child upon said charge.

Sec. 17. Whenever it is claimed that any child under the age of eighteen years is a delinquent child as defined in this act, a verified petition shall be filed in the juvenile court of the county wherein said delinquency occurred, stating such delinquency and the facts constituting the same, and that said child is under the age of eighteen years, and praying that the said court shall adjudge said child to be a delinquent child within the meaning of this act. Notice shall be given of the time and place of hearing as in the case of a child alleged to be a dependent child, and the petition shall be heard at the time and place designated by the juvenile court. If the court shall adjudge the child to be a delinquent child within the meaning of this act, such order shall be made as is meet in the premises, as in this act provided. If upon said hearing said court shall determine that said child is not a fit and proper subject to be dealt with under the reformatory provisions of this act, said court may dismiss the petition hereunder and direct that such child be prosecuted under the general law. No child under eighteen years of age shall be prosecuted for crime until the matter has first been submitted to the juvenile court by petition as herein provided, or by certificate of the lower court as provided in section 16 hereof.

Sec. 18. Whenever any person over the age of eighteen years and under the age of twenty years is accused of a felony, and the indictment or information has been filed in the superior court of the county wherein the crime was committed, charging said person with the commission of said felony, the judge may, in his discretion, with the consent of the accused, or upon his request, arrest said person and proceed at the time of arraignment or at any time previous to the impanelment of a jury, except where the crime charged is a capital offense or an attempt to commit a capital offense, and may proceed to investigate the charge against the defendant, and all the facts and circumstances necessary to determine the proper disposition to be made of such person, and shall determine whether said person shall be dealt with as a delinquent under the provisions of this act. If the court is satisfied upon such investigation that such person should be declared a delinquent and should be dealt with under this act, it may make such order as herein provided for the disposition of delinquent children. If such person thereafter prove not to be amenable to the discipline of the school to which he may be committed, and the trustees thereof shall determine that said person should be committed to a state penitentiary, such person shall be returned to the custody of the sheriff of the county in which such crime was committed, and thereafter proceedings shall be had upon the indictment or information commencing at the point at which proceedings were arrested; and said person shall be tried for the offense
alleged in the information, and if convicted shall be sent to the penitentiary for such time as the court may determine, or otherwise dealt with in accordance with the law for dealing with persons convicted of a felony. If no request is made by the defendant for proceedings under this statute, or if the defendant desires a trial by jury, or if the judge declines to consent to the application of the defendant for proceedings under this statute, said cause shall proceed in the ordinary manner up to the verdict of guilty or not guilty, as the case may be. If said person is convicted, the court may thereafter receive such evidence as may be offered, touching the question as to whether or not said person should be dealt with as a delinquent in the manner hereinbefore provided in case of the application and consent of the accused before trial, and may make such order of probation or commitment to said state schools, and may from time to time modify said probation orders, as is herein provided in the case of children adjudged delinquent. If such person during the period of his commitment to said state institution, proves to be incorrigible or not amenable to the discipline of such institution, and it shall be deemed advisable in the judgment of the trustees of such institution that said person be sent to the penitentiary, then said person shall be returned to the superior court in which the verdict was rendered, for sentence, and thereupon the court shall pronounce judgment.

Sec. 19. In the case of a child alleged to be delinquent within the meaning of this act, the juvenile court may, pending the hearing, at any time before the child is adjudged delinquent or otherwise disposed of, order that said child be detained in any detention home provided for that purpose by any county, or it may be otherwise temporarily provided for as to the court may seem fit in any manner provided herein for the care of a child after the termination of his delinquency.

Sec. 20. If the court find a child to be delinquent, then the court may commit the child to the care and custody of the probation officer and may allow the said child to remain in the home of said child, subject to the visitation of a probation officer, and such child shall report to the probation officer as often as may be required, and be subject to be returned to the court for further proceedings whenever such action may appear necessary or desirable, or the court may commit the child to the care and custody of the probation officer, to be placed in a suitable family home subject to the supervision of said probation officer and the further order of the court; or it may order the probation officer to board out the child in some suitable family home in case provision is made by voluntary contribution or otherwise for the payment of the board of said child until suitable provision may be made for the child in a home without such payment; or the court may commit the child for such time during its minority as to the court may
seem fit to the care and custody of some association, society or corporation that will receive it, embracing within its object the care of dependent or delinquent children; or the court may commit said child to a state school as hereinbefore provided, or to such other state institution as may be authorized by law to receive it. Provided further, that should the legislative body of the county or city and county, or if a municipality, provide a suitable place for the detention of such dependent or delinquent children which they are hereby authorized and required to do, such children may be committed thereto after the adjudication of dependency or delinquency for a definite period to be specified in such order, at the end of which time said child shall be brought before the court for further order of court. The court may thereafter set aside, change or modify said order and provide for a further detention in said place. The court shall retain the jurisdiction of any child who is found to be delinquent until such child attains its majority, or if a girl, until said child attains the age of twenty-one years (unless she is married with the consent of the court), or until said court is satisfied that said minor has fully reformed and that further direction and supervision under the provisions of this act are unnecessary for his reformation. If a boy, said child may be committed by said court to the Whittier State School or the Preston State School of Industry at any time during his minority for the period of his minority. If a girl, she may be committed to the said Whittier State School at any time before she is twenty-one years of age until she is twenty-one years of age. Such child may be committed to any other institution now or hereafter provided by the state for such children. If such child, after being committed to the Whittier State School or the Preston State School of Industry or such other institution, shall there prove to be incorrigible or incapable of reformation under the discipline of the school to which he may be committed, such child may be returned to the court for such further order or disposition as may at that time be determined. Upon the return of said child to the custody of the juvenile court, if said child be accused of felony, it shall be the duty of the judge of said court to sit as a committing magistrate and hold the preliminary examination of such child, and if upon said hearing he shall determine that there is probable cause to believe that the child has committed the offense charged in the petition heretofore filed in said court, he shall hold such child to answer to the superior court, and thereupon the usual proceedings shall be had for the trial of said case in the superior court after the filing of the information in pursuance to said order of said judge sitting as a committing magistrate, and said child shall be tried by court and jury in the usual manner for the trial of a felony. Provided, however, that no minor under the age of fourteen years at the time of the commission of the offense

when child proves incorrigible.
with which he is charged shall ever be sent to a penitentiary until he has first been committed to the Whittier State School or the Preston State School of Industry and has there proved to be incorrigible or not amenable to the discipline of said school. No minor who is under the age of eight years or who is suffering from any contagious, infectious or other disease which would probably endanger the lives or health of the other inmates of said state schools shall be committed thereto. No minor shall be committed to said state schools unless the judge of said court shall be fully satisfied that the mental and physical condition and qualifications of said minor are such as to render it probable that such minor will be benefited by the reformatory educational discipline of such schools.

Sec. 21. Any order providing for the custody of a dependent or delinquent child may provide that the expense of maintaining such child shall be paid by the parent or parents or guardian of such child, and in such case shall state the amount to be so paid, and shall determine whether or not the parent or parents or guardian shall exercise any control of said child, and define the extent thereof. Any disobedience of such order or interference with the custody of the child as therein determined shall constitute a contempt of court.

If it be found, however, that the parent or parents or guardian of a dependent or delinquent child is unable to pay the whole expense of maintaining such child, the court may, in the order providing for the custody of such child, direct such additional amount as may be necessary to support such child to be paid from the county treasury of the county for the support of such child, the amount so ordered to be paid from the treasury of said county not to exceed, in case of any one child, the sum of eleven dollars per month; provided, further, that no order for the payment of all or part of the expense of support and maintenance of a dependent or delinquent child from the county treasury shall be effective for more than six months, unless a new order is secured at the expiration of that period. The court may therefor set aside, change or modify any order herein provided for.

Sec. 22. Any order made by said court in case of a dependent or delinquent person may at any time be changed and modified as to the judge may seem meet and proper.

Sec. 23. Any child shall be entitled to a private hearing upon the question of its dependency or delinquency, and upon the request of said child, or either of his parents or guardian, such hearing shall be had privately in the manner provided by law for private hearings at preliminary examinations. An order of court adjudging a child dependent or delinquent under the provisions of this act shall in no case be deemed to be a conviction of crime.

Sec. 24. No court, judge, magistrate or peace officer shall commit a child under sixteen years of age to any jail or prison, before trial and conviction, but if any such child is not released pending such hearing, he may be committed to
the care and custody of a sheriff, constable or other peace officer who shall keep such child in a detention home or some other suitable place outside of the enclosure of any jail or prison, as the court may direct. When any child under sixteen years of age shall be sentenced to confinement in any institution to which adult convicts or prisoners are sentenced or confined, it shall be unlawful to confine such child in the same room, yard or enclosure with such adult convicts or prisoners, or to permit such child to come or remain in contact with such adult convicts or prisoners.

Sec. 25. It shall be the duty of the legislative body of every county, or city and county, immediately upon this act becoming effective, to provide and thereafter maintain, at the expense of such county, or city and county, a suitable house or place to be known as the "detention home" of said county, or city and county, for the detention of dependent and delinquent children. Such detention home must not be in, or connected with, any jail or prison, and shall be conducted in all respects as nearly like a home as possible and shall not be deemed to be or treated as a penal institution. The court may also, as a condition of such suspension, require a bond in such sum as the court may designate, to be approved by the judge requiring same, to secure the performance by such person of the conditions imposed by the court on such suspension. Such bond shall by its terms be made payable to the State of California, and any moneys received for a breach thereof shall be paid into the county treasury.

[Approved March 9, 1900.]

The people of the State of California, represented in senate and assembly, do enact as follows:

SECTION 1. Section twenty-two and one-half of an act entitled, "An act to provide for the formation, government, operation and dissolution of sanitary districts in any part of the state for the construction of sewers and other sanitary purposes, the acquisition of the property thereof; the calling of election in such district; the assessment, levy, collection, custody and disbursement of taxes therein; the issuance and disposal of the bonds thereof, and the determination of their validity, and making provision for the payment of such bonds, and the disposal of their proceeds," approved March thirty-first, one thousand eight hundred and ninety-one, is hereby amended so as to read as follows:

Section 22 1/2. The boundaries of any sanitary district may be altered, and outlying contiguous territory in the same county as such sanitary district annexed thereto in the manner following:

A petition signed by the owner or owners representing more than one half of the assessed valuation of such contiguous territory proposed to be annexed as shown by the last equalized assessment book of the county in which said sanitary district is situated, designating specifically the boundaries of such contiguous territory proposed to be annexed, and the assessed valuation thereof as shown by said last equalized assessment book, and stating that such territory is not within the limits
of any other sanitary district, and asking that such territory be annexed to said sanitary district, shall be presented to the sanitary board thereof.

At their first regular meeting after the presentation of said petition said sanitary board shall take up and consider the same. If such petition is disapproved, such disapproval shall be entered upon the minutes of the board, and no further proceedings shall be taken in regard to such annexation until a new petition is filed. If said petition be approved by said board, such approval shall be entered upon the minutes of said board and endorsed upon said petition, and said petition shall thereupon be transmitted to and filed with the board of supervisors of the county in which such sanitary district is situated. Said board of supervisors, at its next regular meeting after the filing of said petition, shall by order alter the boundaries of said sanitary district and annex thereto the contiguous territory described in said petition. Such order shall be conclusive evidence of the validity of all prior proceedings leading to such annexation and recited in said order, and from and after the same such territory shall become and be a part of such sanitary district.

The property within such territory so annexed shall be taxed, together with the remainder of said district, to pay its proportion of the unpaid bonded or other indebtedness of such sanitary district existing at the time of such annexation incurred for the cost of construction, estimated as hereafter provided, of main sewers already constructed in said district, and also to pay the running expenses of said district. The engineer of such district shall, when required by the sanitary board thereof, estimate the unpaid cost of construction of all main sewers already constructed in said district at the time of such annexation, and such estimate when approved by the sanitary board shall be final and conclusive and shall be the basis upon which said sanitary board shall tax said annexed territory.

At any time after the annexation of such contiguous territory the sanitary board may, by an order entered in the minutes, call an election within such annexed territory for the purpose of determining whether bonds shall be issued for the construction of sewers therein. Such order shall fix the day of the election and shall specify the amount of money to be raised, and shall state in general terms the purposes for which it is to be raised. A copy of such order shall be posted for four successive weeks prior to the election in at least three public places within such annexed territory in said district, and shall be published for four successive weeks prior to the election in some newspaper published within the district, if there be one, and if not, in some newspaper published in the county. It shall be sufficient if the order be published once a week.

At any time prior to the day fixed for the election the board shall select one polling place within said annexed territory,
appoint officers of election therein, and make all necessary and proper arrangements for holding the election. The tickets shall contain the words, "For the issuance of bonds as proposed by the sanitary board," or "Against the issuance of bonds as proposed by the sanitary board."

The election shall be conducted in accordance with the general election laws of the state so far as the same shall be practicable, except as herein otherwise provided.

Every qualified elector, resident within such annexed territory for the length of time necessary to enable him to vote at a general election, shall be entitled to vote at the election above provided for.

After the votes shall have been announced the ballots shall be sealed up and delivered to the secretary or president of the sanitary board, which shall, as soon as practicable, proceed to canvass the same, and shall enter the result on its minutes. Such entry shall be conclusive evidence of the fact and regularity of all the prior proceedings of every kind and nature provided by this act or by law, and of the facts stated in such entry, and if at such election two thirds of the votes cast be in favor of the issuance of bonds as proposed by the sanitary board, the said board shall henceforth have full power and authority to issue and dispose of bonds as proposed in the order calling the election.

All bonds so issued shall be of such denomination as the sanitary board may determine, except that no bonds shall be of a less denomination than one hundred dollars, nor of a greater denomination than one thousand dollars. Such bonds shall be payable in gold coin of the United States at the office of the county treasurer of the county wherein said district is situated and shall bear interest at a rate not exceeding five per centum per annum, which interest shall be payable semi-annually in like gold coin. Not less than one twentieth part of the total issue of bonds shall be payable each year on a day to be specified by the sanitary board, but no bond shall be payable in installments, but each bond issued hereunder shall be payable in full on the date specified therefor by said board. Each bond shall be signed by the president and countersigned by the secretary of the sanitary board, and said bonds shall be numbered consecutively beginning with number one, and shall have coupons attached referring to the number of the bond to which they are attached, which coupons shall be signed by the president and countersigned by the secretary of said board.

The bonds must be disposed of by the sanitary board in such manner and in such quantities as may be determined by such board in its discretion, but no bond must be disposed of for less than its face value.

The proceeds of such sale shall be deposited with the county treasurer and shall be by him placed in the fund to be called "The sewer construction fund of annexed territory of ______ sanitary district" (naming it). The money in such fund shall be used for the purposes indicated in the order calling
the election upon the question of the issuance of the bonds, and for no other purpose; provided that if after such purposes are entirely fulfilled any balance remains in such fund, such balance may by the order of the sanitary board be transferred to the "bond, interest and redemption fund" for the redemption of bonds and the payment of interest thereon, issued under the provisions of this section.

If the result of the election be against the issuance of bonds no other election upon the question shall be called or held for a period of one year.

It is hereby made the duty of the sanitary board to levy each year upon the property within the said annexed territory a sufficient tax to pay off the interest accruing upon said bonds for the respective year as each falls due, and also to pay at least one twentieth of the principal of said bonds so that the entire amount of the principal and interest of said bonds shall be paid within twenty years from the date of the issuance of said bonds; and it is hereby made the duty of the tax collector, or such other person as may be charged with the duty of collecting the sanitary district taxes, to collect the tax so to be levied, and the duty of the sanitary board to order the same paid in manner and form as provided by this act, and the duty of the county treasurer to pay the same. If, for any reason, any portion of the tax for any year remains unpaid, and in consequence thereof any portion of the interest or principal due for any year remains unpaid, the same shall be added to and levied for the next year, and be collected and paid accordingly.

The payment of the whole amount of the principal and interest of all of said bonds, within twenty years from their issuance, is hereby made the imperative duty of the annexed territory; and, if necessary for that purpose, a special tax shall be levied by the sanitary board on the property situate in said annexed territory; and it is hereby made the duty of every officer and board to do his respective part towards the levy, collection and payment of such tax; and mandamus shall issue from the superior court of the county in which the district is situated, or from any other competent court upon the application of any party interested for the purpose of compelling the performance of the duty imposed by this act upon any and all boards and officers.

If the result of any election upon the question of the issuance of bonds for such annexed territory be in favor of such issuance, the sanitary board may, in their discretion, before such issuance, commence in the superior court of the county a special proceeding to determine their right to issue such bonds and the validity thereof, similar to the proceedings in relation to irrigation bonds provided for by an act entitled, "An act supplemental to "An act to provide for the organization and government of irrigation districts, and to provide for the acquisition of water and other property, and for the distribution of water thereby for irrigation purposes," approved March seventh, eighteen hundred and eighty-seven, and
to provide for the examination, approval, and confirmation of proceedings for the issue and sale of bonds issued under the provisions of said act," and all the provisions of said act shall apply to and govern the proceedings so to be commenced by the sanitary board, so far as the same are applicable; and said proceedings shall be in accordance with the provisions of said act so far as the same are applicable, and the judgment in such proceedings shall have the same effect as a judgment in relation to irrigation bonds under the provisions of said act.

Sec. 2. All acts, and parts of acts, in conflict with this act, or any portion thereof, are hereby repealed.

Sec. 3. This act shall take effect immediately.

But no harbor embankment or seawall shall be constructed outside of the following-named points and lines, to wit: Commencing at the point where the eastern boundary line of the Presidio reservation, extended in a northerly direction, intersects the three-fathom contour line shown upon the chart of the United States survey, and running thence in an easterly and southerly direction, upon straight or curved lines, in such a manner as to approach as near as practicable the extreme outer projections of the water-line front, as described in an act to provide for the disposition of certain property of the State of California, passed March twenty-sixth, in the year of our Lord eighteen hundred and fifty-one, to a point at or near the intersection of Second and Berry streets; thence continuing southerly, upon straight or curved lines, in such a manner as to approach as near as practicable the extreme outer projections of the water-line front, as established by the board of state tide land commissioners, to the southerly boundary of said city and county of San Francisco; and said commissioners, in addition to a
general control over said premises shall have authority to use for loading and landing merchandise, with a right to collect dockage, wharfage and tolls thereon, such portion of the streets of the city and county of San Francisco, ending or fronting upon the waters of said bay as may be used for such purposes without obstructing the same as thoroughfares; and authority to rent an office in the city and county of San Francisco, between Montgomery, Market and Pacific streets and the city front; and purchase from time to time suitable books for the records of the secretary and accounts of the wharfingers, together with such stationery as may be required by the board; and to fix and regulate, from time to time, the rates of dockage, wharfage, cranage, tolls and rents; and collect such an amount of revenue therefrom as will enable the commissioners to perform the duties required of them by authority of this article.

The commissioners shall construct such number of wharves as the wants of commerce shall require, and shall locate such wharves at such points and upon such lines as the board may deem most suitable for the best interests of commerce, and shall repair and maintain all the wharves, piers, quays, landings and thoroughfares the wants of commerce may require, and generally to erect all such improvements as may be necessary for the safe landing, loading and unloading, and protection of all classes of merchandise, and for the safety and convenience of passengers passing into and out of the city and county of San Francisco by water. And for the purpose of repairing said wharves, piers, quays and landings, the commissioners are hereby authorized and empowered to purchase or construct pile-drivers, and the necessary machinery to be used therewith, and employ men for operating the same; nor shall any such wharf be constructed upon such place or line as will cause any slip or dock to be less than one hundred and thirty-six feet wide at the most narrow point between the wharves. The commissioners are hereby authorized and empowered to purchase or construct works for preserving piles and timber, and the necessary machinery to be used therewith, and operate said works, and for that purpose to employ men and purchase chemicals, or such other materials as may be necessary for the preserving of piles and timber. The purchase of chemicals can be made without advertising for proposals therefor. When they determine that a new wharf shall be erected, or any other necessary improvement constructed, or repairs made, or dredging machines, pile-drivers, scows, steam tugs, or any necessary machinery or material obtained, the costs of which shall exceed three thousand dollars, they shall advertise for sealed proposals for a period not less than ten days, in one or more of the daily newspapers in the city and county of San Francisco. Every proposal shall be accompanied by a certified check for an amount equal to five per cent of the amount of such proposal, such check to be made payable to the order of the secretary of said board; conditioned, if the proposal is accepted and the contract awarded, and if the bidder shall fail or neglect to execute the contract and give the bond required within six days
after the award is made, in that case, the said sum mentioned in said check shall be paid into the state treasury by said secretary, as liquidated damages for such failure and neglect, as a portion of the San Francisco harbor improvement fund. Such advertisement shall contain a general description of the work to be done, the material to be used, the place where to be used, and must refer to specifications, which must contain a full and accurate description of the work to be performed, the material to be used, and where it is to be used; which specifications shall be kept in the office of the secretary of the board in such manner that all persons may inspect the same during the usual business hours of all days except Sundays and holidays. On a day named in the advertisement, the commissioners shall open the bids in the presence of such bidders as are present, and award the contract to the lowest bidder, who shall furnish sufficient sureties to guarantee the performance of the work. If, in the opinion of the commissioners, the bids are too high, they may reject them, and advertise anew in like manner as before. If, in the opinion of the commissioners, the second bids are too high, they may reject them likewise, and enter into contract with responsible parties without giving further notice. Any contract entered into without giving public notice and receiving bids, must be at least ten per cent lower than the lowest rejected bid. The board may construct such harbor embankment or seawall as shall be necessary to protect the harbor of San Francisco, and dredge such number of slips and docks as the commerce of the port of San Francisco may require, to a depth that will admit of the easy and free ingress and egress of all classes of watercraft that load and discharge cargoes at the wharves, piers, quays, landings, and thoroughfares in the harbor of San Francisco; to perform which dredging the board of state harbor commissioners are hereby authorized and empowered to purchase or construct dredging machines, saws, steam tugs, and the necessary machinery, and employ men for operating the same. When any portion of the premises described in this article shall be dredged, the sand, mud, or other substance shall be deposited in a place designated by the board, in not less than fifteen fathoms of water. All classes of watercraft that uses or makes fast to any wharf, pier, quay, landing, or thoroughfare, and lands upon or loads therefrom any goods, wares, or merchandize, shall be liable and must pay the commissioners such rates of dockage as shall be fixed by authority of this article; and all such watercraft as shall discharge or receive any goods, wares, or merchandize, while moored in any slip, dock or basin within the jurisdiction of the commissioners, shall pay one half the regular rates of dockage. Any watercraft that shall leave any wharf, pier, quay, landing, thoroughfare, slip, dock, or basin, unless forced to do so by stress of weather, without first paying the dockage due from such vessel, shall be liable to pay double the regular rates. The charge for wharfage and tolls shall be a lien upon all goods, wares and merchandize landed upon any of
the wharves, piers, quays, landings or thoroughfares upon the premises described in this article; and the commissioners, their agents or lessees, may hold possession of any such goods, wares, or merchandise so landed as aforesaid, to secure the payment of such wharfage and tolls; and for the purpose of such lien are deemed to have possession of such goods, wares and merchandise so landed until such charge for wharfage and tolls are paid. The commissioners shall have power to make reasonable rules and regulations concerning the control and management of the property of the state which is intrusted to them by virtue of this article, and said commissioners are hereby authorized and required to make, without delay, and from time to time, and publish not less than thirty days in a daily newspaper of general circulation published in the city and county of San Francisco, all needful rules and regulations not inconsistent with the laws of the state or of the United States in relation to the mooring and anchoring of vessels in said harbor, providing and maintaining free, open, and unobstructed passageways for steam ferryboats and other steamers navigating the waters of the bay of San Francisco and the fresh-water tributaries of said bay so that such steamers can conveniently make their trips without impediment from vessels at anchor or other obstacles. And said commissioners may also make all needful rules and regulations governing the removal of such vessels from the wharves and other landings, and from slips and docks as are not engaged in receiving or discharging cargo, prescribing the time during which goods, wares, and merchandise landed upon any wharf, pier, quay, landing, or thoroughfare shall be permitted to remain thereon, and may divide the same into several classes, and may, by such rules and regulations, provide that in case any such goods, wares, or merchandise remain upon any wharf, pier, quay, landing, or thoroughfare beyond the term so prescribed, the respective wharfinger may, under the order of the commissioners, remove and deposit the same in a suitable place, at the charge, risk, and expense of the owner thereof. When any goods, wares, or merchandise shall have remained upon any wharf, pier, quay, landing, or thoroughfare more than twenty-four hours, the commissioners may, in their discretion, charge such additional rates for each subsequent day as in their opinion is just and equitable. The commissioners may, in their discretion, set apart and assign for the exclusive use of the watercraft used by the officers of the federal government, such convenient and safe landings as such officers may require, together with suitable premises near such landings as may be set apart and assigned for their use, upon which premises such officers may cause to be erected offices and storehouses to suit their convenience: and the commissioners shall charge a reasonable compensation per month for the use of such landings and office and storehouse premises; set apart and assign a suitable and proper locality for the use of the harbor police of the city and county of San Francisco, and also a suitable place for a boat-house station, for the exclusive use of the quarantine and health officers of said city and county, without compensation; set apart
and assign, for the exclusive use of steam ferry-boats, suitable slips, in which such structures may be erected as will secure the safe and convenient landing of passengers and safe landing and delivery of freight; set apart and assign suitable wharves, berths, or landings for the exclusive use of vessels; to construct suitable sheds, gates and other temporary structures as may be necessary for the safe and convenient landing of passengers and safe landing and delivery of freight; and set apart and assign, for the sole and exclusive use of the fishermen of the city and county of San Francisco, such place or places as the said commissioners shall deem proper, sufficient, and adapted for the requirements and necessities of said fishermen; provided, the premises set apart by said commissioners shall be used only for the legitimate business of said fishermen, and for no other purpose; and provided, said commission shall not charge therefor more than the following rates: For boats over twenty-two feet and under forty feet long, one dollar per week; for boats from sixteen to twenty-two feet long, seventy-five cents per week; and for all boats less than sixteen feet long, twenty-five cents per week. The commissioners may assign suitable places for the landing of horses, cattle, sheep, swine; and when such places have been assigned, it shall be a misdemeanor for a commander of any watercraft to land any greater number than ten at any one time from any watercraft at any other place. The commissioners may set apart, for the uses and purposes of dry docks and marine railways, such portions of the water front northwesterly of the northerly end of Kearny street, and southerly of the easterly end of Solano street, as the wants of commerce may require. The commissioners shall not have the right to renew any lease, or to lease any premises under their control for any purpose whatever, except as otherwise specially provided, but they may permit any property under their control to be used by any corporation, firm, association, person, or company, but in no case shall any corporation, firm, association, person, or company enjoy the use of any of the property under the commissioners' charge, except such use as shall be terminated as herein provided; and the said commissioners may condemn, purchase, and pay a reasonable compensation for such structures as may have been erected upon the said premises, which structure, in the opinion of the board and engineer may be useful for such commercial purposes as this article is intended to promote. No person or company shall land or remove any goods, wares or merchandise, or other things, upon or from any wharf, pier, quay, landing, or thoroughfare situated upon the premises described in this article; nor shall any corporation, firm, association, company or person collect dockage, wharfage, cranage, or toll within the boundaries of the premises described in this article, without first obtaining permission to do so from said commissioners. Any use permitted of the property by the commissioners may be terminated at any time by them, on thirty days' previous notice to the party or parties so using the same. Said board may, when the wants of commerce require, lay down such number of tracks along and on any portion of said water.
front as may be necessary to meet such wants, and permit the use thereof to any corporation or association, or any person or persons, under such rules, regulations, and at such compensation as said board may determine; and make such agreements with persons, firms and corporations owning spur or industry tracks relative to the use by the state of such tracks as said board may determine to be necessary; provided, that no special privileges shall be awarded thereon to any corporation, association, person or persons; provided that nothing herein shall apply to or restrict the use of any premises leased for terminal facilities under or by reason of an act of the legislature entitled "An act to amend an act entitled "An act to amend section six of an act entitled "An act concerning the water front of the city and county of San Francisco," approved March fifteenth, eighteen hundred and seventy-eight, and to confer further powers upon the board of state harbor commissioners," approved March seventeenth, eighteen hundred and eighty, approved March nineteenth, eighteen hundred and eighty-nine, conferring further powers upon said board," approved March twenty-six, eighteen hundred and ninety-five, and which has not been declared forfeited by the board of harbor commissioners; and provided further, that switches from said railroad track or tracks may, with the permission of said board, and under the limitations and conditions of this act, be constructed by corporations, or any person or persons, leading to any warehouse or place of business. Nor shall any person or company place, or cause to be placed, any obstructions in that portion of the bay of San Francisco described in this article, nor upon any wharf, pier, quay, landing, or thoroughfare, without the consent of the board. Whenever any wharf, pier, quay, landing, or thoroughfare in the harbor of San Francisco shall be incumbered, or their free use interfered with, by goods, wares, merchandise, or other substance, whether loose, or built upon, or fixed to any such wharf, pier, quay, landing, or thoroughfare, it shall be the duty of the commissioners to notify, in writing (which service may be served by a wharfinger, or the secretary or assistant secretary of the board), the owner, agent, or occupant, or person placing or keeping such obstruction thereon, to remove the same within twenty-four hours after the serving of such notice; and in case of failure to comply with such notice, and remove such obstructions, the owner, agent, occupant, or person notified shall be liable to pay the commissioners the sum of twenty-five dollars for each and every day during which such obstruction shall remain upon any such wharf, pier, quay, landing, or thoroughfare; and the commissioners shall have power, in their discretion, to remove any such incumbering substance, and store the same in any suitable, convenient, and safe place, and a sum equal to the amount of the expenses of the removal, together with all other necessary charges, shall be paid by the owner of such incumbering substance to the commissioners, and such sum and necessary charges shall be a lien on such substance until paid. Dockage shall not be collected on any vessel lying at
anchor outside of dock, wharf, or slip. Nothing in this section shall be construed as authorizing the board of harbor commissioners to construct any railroad along and upon any open canal extending inland from said waterfront. But said harbor commissioners may, when a waterfront railroad shall be constructed by them, construct the same across the outlet of such open canal.

such new municipal corporation, or any officer or board thereof
which has the power to hold, or control such property under the
freeholders’ charter, or other law under which the greater or
greatest in population of the municipal corporations so consoli-

That upon the completion of such consolidation, if the
greater or greatest in population of such municipal corpora-

all persons then in possession or occupancy of the several offices
in each of the other municipal corporations so consolidated,
shall immediately quit and surrender the possession of such
offices, which shall thereupon cease and determine, and they

under the provisions of this act shall not affect any debts,
demands, liabilities or obligations of any kind existing in
favor of or against any such municipal corporations so con-
solidated, at the time of such consolidation or any action or
proceeding then pending in any court in which any such debt,
demand, liability or obligation of any kind may be involved, or
any action or proceeding brought by or against any such
municipal corporation prior to such consolidation; but all such
proceedings shall be continued and concluded, by final judg-
ment or otherwise, in all respects the same as if such consolida-
tion had not been effected. All ordinances of any municipal corporations consolidated under the provisions of this act, except those of the one having the greater or greatest population shall immediately, upon such consolidation being effected, be deemed to be repealed and of no further force and effect; provided however that such repeal shall not operate to discharge any person, from any liability, civil or criminal, then existing, nor to affect any prosecution then pending for any violation of any such ordinances; and all cases then pending in any justices' court, police court or court of any recorder, or other judicial municipal magistrate or officer of any of the municipal corporations so consolidated, except of the one having the greater or greatest population shall, upon such consolidation being effected be deemed ipso facto to be transferred to justices' court, police court or court of any recorder, or other judicial municipal magistrate or officer of the one of such municipal corporations of the greater or greatest population, having jurisdiction of proceedings for misdemeanors or of other actions civil or criminal of the character so transferred; provided further, that such repeal shall not apply to ordinances under which vested rights have accrued, or to ordinances relating to proceedings for street or other public improvements, or to proceedings for opening, extending, widening or straightening streets or other public places, or to proceedings for changing the grade thereof, all of which proceedings shall be continued and conducted by and under the authority of the new consolidated municipal corporation, with the same force and effect as if continued and conducted by and under the authority of the municipal corporation by which they were commenced. And all ordinances of the one of the municipal corporations consolidated under the provisions of this act having the greater or greatest population, shall, upon the completion of such consolidation, ipso facto have full force and effect in and throughout the new consolidated municipal corporation.

Sec. 4. That no property in either of the municipal corporations consolidated under the provisions of this act shall ever be taxed to pay any portion of any indebtedness or liability of any of the other such municipal corporations, contracted or incurred prior to or existing at the time of such consolidation. of boroughs may be established in any territory, or incorporated city or town, annexed to or joined to such municipal corporation. CHAPTER 187.

An act to amend section 1543 of the Political Code, so as to provide for suspended school districts.

[Approved March 11, 1900.]

The people of the State of California, represented in senate and assembly, do enact as follows:

SECTION 1. Section 1543 of the Political Code is hereby amended to read as follows:

1543. It is the duty of the county superintendent of schools of each county:

First. To superintend the schools of his county.

Second. 1. To apportion the school moneys to each school district, as provided in section one thousand eight hundred and fifty-eight of this code, at least four times a year. For this purpose he may require of the county auditor a report of the amount of all school moneys on hand to the credit of the several school funds of the county not already apportioned; and it is hereby made the duty of the auditor to furnish such report when so required; and whenever an excess of money has accumulated to the credit of a school district by reason of a large census roll and small attendance, beyond a reasonable amount necessary to maintain a school for eight months in such
district for the year, the superintendent of schools shall place said excess of money to the credit of the unapportioned school funds of the county, and shall apportion the same as other school funds are apportioned.

2. If in any school district there has been an average daily attendance of only five or a number of pupils less than five during the whole school year, the superintendent shall, after giving due notice to all parties interested by sending notices by registered mail to each of the trustees, or, by causing notices to be posted in three public places in the district, one of which shall be at the door of the schoolhouse, for not less than ten days, report the fact to the board of supervisors at their first meeting in August. The board of supervisors shall investigate the matter, and, if in its judgment it would be better to temporarily suspend the school district they shall immediately suspend it. If the board of supervisors find that there are other school facilities or that there is no reasonable chance to re-establish the district they shall declare the district lapsed, and shall attach the territory thereof to one or more of the adjoining districts in such manner as may be by them considered most convenient for the residents of said lapsed district.

3. At the meeting of the board of supervisors in the months of July, August, or September, the board of supervisors may re-establish a suspended school district upon proper showing of the people or board of school trustees of the district that there are eight or more pupils of the district ready to attend school.

4. After a district has been suspended, the county superintendent shall at the time of making the apportionment of school moneys as provided in section 1859 of the Political Code, set aside for such suspended district, the sum of five hundred and fifty dollars. This amount, with any unexpended balance to the credit of the district, shall be held for the use of the suspended district, in case it should be re-established, and so much of it as may be needed to keep the property of the suspended district insured, and to pay the census marshal, may be expended by the trustees in the same manner as if the district were not suspended. But no subsequent apportionment shall be made to a suspended district, until it is re-established as provided in subdivision three of this section.

5. Trustees shall be elected and a school census taken in suspended districts just as if they were not suspended.

6. The superintendent may at any time in the month of July of any year give notice as provided in subdivision two of this section, to any suspended district which has not maintained school during the year past, and at the first meeting of the board of supervisors in August ask that such district be declared lapsed.

7. A suspended district may be merged with one or more adjoining districts whenever a petition signed by the majority of heads of families as shown by the last preceding school census residing in each of said districts shall be presented to the board of supervisors. Such petition must be filed with
the county superintendent and by him presented to the board of supervisors with such suggestions as he thinks best. A temporarily suspended district when reopened shall be considered the same as a new district in regard to its next apportionment.

8. When any district has been declared lapsed, the board of supervisors shall sell or otherwise dispose of the property thereto belonging, and shall place the proceeds of such sale to the credit of the district. Thereupon the superintendent shall determine all outstanding indebtedness of said lapsed district, and shall draw his requisition upon the county auditor in payment thereof. Any balance of moneys remaining to the credit of said lapsed district after all indebtedness has been paid shall be transferred by the superintendent to the credit of the district into which the said lapsed district has been merged. If the lapsed district has been attached to more than one of the adjoining districts, the superintendent must apportion the moneys remaining to the credit of the lapsed district to the several districts pro rata according the number of school census children of the respective districts as shown by the last preceding school census. Should there not be sufficient funds to the credit of the lapsed district to liquidate all of the outstanding indebtedness thereof, the superintendent shall draw his requisition upon the county auditor pro rata for the several claims.

Third. On the order of the board of school trustees, or board of education of any city or town having a board of education, to draw his requisition upon the county auditor for all necessary expenses against the school fund of any district. The requisitions must be drawn in the order in which the orders therefor are filed in his office. Each requisition must specify the purpose for which it is drawn, but no requisition shall be drawn upon the order of the board of school trustees or board of education against the funds of any district except the teachers’ or janitors’ salaries, unless such order is accompanied by an itemized bill showing the separate items, and the price of each, in payment for which the order is drawn; nor shall any requisition for teachers’ or janitors’ salaries be drawn unless the order shall state the monthly salary of teacher or janitor, and name the months for which such salary is due. Upon the receipt of such requisition the auditor shall draw his warrant upon the county treasurer in favor of the parties for the amount stated in such requisition.

The order of the board of school trustees, or board of education, shall be made only on the form of blank approved by the superintendent of public instruction, provided, that said blanks shall be printed and furnished to the school districts by the board of supervisors of the respective counties of the state, and when signed by at least two members of the board of trustees, or the officials authorized to sign orders for the board of education shall be transmitted to the superintendent, who shall, in case he approve said demand, indorse
upon it, "Examined and approved," together with the number and date when approved, and shall, in attestation thereof, affix his signature thereto, and deliver the same to the claimant, or his order, who shall transmit the same to the auditor, who shall, in case he allows said demand, indorse upon it, "allowed," together with the number and date when allowed, and shall, in attestation thereof, affix his signature thereto, and deliver the same to the claimant and make a proper record thereof and charge against the particular fund of the particular district against which such demand was allowed; and said demand, when so approved, and signed by the superintendent, and when so allowed and signed by the auditor, shall constitute the requisition on the auditor, and the warrant on the treasury within the meaning of this act.

Fourth. To keep to the inspection of the public a register of requisitions, showing the fund upon which the requisitions have been drawn, the number thereof, in whose favor, and for what purpose they were drawn, and also a receipt from the person to whom the requisition was delivered.

Fifth. To visit and examine each school in his county at least once in each year. For every school not so visited the board of supervisors must, on proof thereof, deduct ten dollars from his salary.

Sixth. To preside over teachers' institutes held in his county, and to secure the attendance thereat of lecturers competent to instruct in the art of teaching, and to report to the county board of education the names of all teachers in the county who fail to attend regularly the sessions of the institute; to enforce the course of study, the use of text-books, and the rules and regulations for the examination of teachers prescribed by the proper authority.

Seventh. He shall have power to issue temporary certificates of equivalent grades to persons holding valid secondary or high school, elementary or grammar school, kindergarten-primary and special certificates granted by county boards of education of California; or to persons who are graduates of colleges, normal schools, or universities and who hold valid certificates issued outside of California when, in the judgment of the superintendent such certificates correspond in grade to any certificate which may be issued under the provisions of section seventeen hundred and seventy-five of the Political Code of California; which temporary certificate when issued between July first and December thirtieth shall expire on January first following; and when issued between January first and June twenty-ninth shall expire on July first following; provided further that he shall have power to issue temporary elementary certificates valid for two years to graduates of the University of California and to graduates of the Leland Stanford Junior University; and provided further that no person shall be entitled to receive a temporary certificate more than once in the same county.
Eighth. To distribute all laws, reports, circulars, instructions, and blanks which he may receive for the use of school officers.

Ninth. To keep in his office the reports of the superintendent of public instruction.

Tenth. To keep a record of his official acts, and of all the proceedings of the county board of education, including a record of the standing, in each study, of all applicants examined, which shall be open to the inspection of any applicant or his authorized agent.

Eleventh. Except in incorporated cities having boards of education, to pass upon and approve or reject all plans for schoolhouses. To enable him to do so, all boards of trustees, before adopting any plans for school buildings, must submit the same to the county superintendent for his approval.

Twelfth. To appoint trustees to fill all vacancies, to hold until the first day of July succeeding such appointment; when new districts are organized to appoint trustees for the same, who shall hold office until the first day of July next succeeding their appointment. In case of the failure of the trustees to employ a janitor, as provided in section sixteen hundred and seventeen, subdivision seventh, of this code, he shall appoint a janitor, who shall be paid out of the school fund of the district. Should the board of school trustees of any district fail or refuse to issue an order for the compensation of such service, the superintendent is hereby authorized to issue, without such order, his requisition upon the county school fund apportioned to such district.

Thirteenth. To make reports, when directed by the superintendent of public instruction, showing such matters relating to the public schools in his county as may be required of him.

Fourteenth. To preserve carefully all reports of school officers and teachers, and, at the close of his official term, deliver to his successor all records, books, documents, and papers belonging to the office, taking a receipt for the same, which will be filed in the office of the county clerk.

Fifteenth. The county superintendent shall, unless otherwise provided by law, in the month of July of each year grade each school, and a record thereof shall be made in a book to be kept by the county superintendent in his office for this purpose. And no teacher holding a certificate below the grade of said school shall be employed to teach the same.

Sixteenth. To appoint a school census marshal in any district if the board of trustees or board of education therefor fail to appoint a census marshal within the time fixed by law.

Any person interested objecting to the formation of such proposed district, or to the extent thereof, may, at or before the time fixed for the hearing of the matter, file a written objection thereto, stating briefly his ground of objection, with the clerk of said board of supervisors, who shall endorse thereon the date of its reception by him, and shall at the time fixed for the hearing, place all such objections filed with him before said board of supervisors.

Sec. 4. At the time fixed for the hearing, or to which the hearing may be adjourned, the board of supervisors shall hear the objections filed, if any, and pass upon the same. Said board may, in its discretion, sustain, in whole or in part, any or all of the objections filed, and may change or alter the boundaries of such proposed district to conform to the needs of the district, except that they shall not include therein any territory not included in the boundaries mentioned in the petition, and may, in their discretion, declare such storm water district formed with the boundaries designated by them, and shall designate such district by name as the . . . . . . . . . . . . . . . . . . storm water district of . . . . . . . . . . . . . . . . . . county (or counties); provided that no such district shall be formed wherein a majority of the owners of property in said district, according to the last previous assessment roll, object in writing to such action.

Sec. 5. Each storm water district shall be under the control of three trustees, to be elected as hereinafter provided, who shall constitute the governing board thereof. Each trustee shall be a freeholder of the district and shall have resided
therein at least one year next preceding his election, and shall give bond in such sum as the board of supervisors who formed the district shall fix, which bond shall be approved by a superior judge of said county and filed with the county clerk thereof. Said trustees, except those first elected, shall take office on the first day of July next succeeding their election, and shall hold office for the term of two years, and until their successors are elected and qualified.

Sec. 6. Upon the formation of such storm water district the said board of supervisors must call an election therein for the election of three trustees of such district. Notice of said election stating the time, place or places and purpose thereof, and the names of the election officers shall be given by the board by publication in some newspaper of general circulation, designated by the board and published in their county, for two weeks before said election. Such election shall, except as herein otherwise provided, be held in conformity to the law for holding special elections, as to matters provided for thereby, and as to other matters in conformity to the general election law, so far as applicable; but no sample ballots shall be sent out. The election board shall count the votes as soon as the polls are closed, and forward the returns of the election to said board of supervisors. Said board of supervisors at their next regular meeting thereafter shall canvass said returns, and issue certificates of election to the persons elected. The board of trustees so elected shall meet and organize on the next Monday after their certificates of election are issued to them, and shall hold office until the first day of July next succeeding the first regular election of trustees hereinafter provided for after the formation of said district, and until their successors are elected and qualified. On the first Friday of June of each even numbered year there shall be held an election in said storm water district for the purpose of electing three trustees of said district. Such regular election must be called by the board of trustees of such district in the manner herein provided for calling the first election; and the election shall be held in the same manner as the said first election, and certificates of election shall be issued by the trustees.

Sec. 7. The trustees shall receive no compensation for their services. They shall elect one of their own number president. They shall appoint a clerk, who shall hold office at their pleasure, and receive such compensation as they may fix. They must establish and keep an office in or near the district for the transaction of the business thereof, at which all books, records, and papers of the district must be kept and be open to public inspection at all reasonable times. They shall hold regular meetings at such office, at such times as they shall by order prescribe. Special meetings may be held on written order of any two trustees and two days written notice to any trustee not joining in the order. The order must specify the business for which the special meeting is called and no other business shall be transacted thereat.
Powers of districts.

Sec. 8. Each storm water district shall have power to sue and be sued. The trustees thereof shall have power in the name and in behalf of the district to purchase, receive by donation, or acquire by condemnation any rights of way or other real or personal property necessary to carry out the purposes for which the district was formed, and for that purpose all the provisions of the Code of Civil Procedure relating to eminent domain are hereby made applicable to proceedings by such district to acquirein property. The said board of trustees shall also have power to employ such engineers, surveyors and others as may be necessary to survey, plan, or locate, or supervise the construction or repair of, the improvements necessary to carry out the purposes for which the district was formed; to construct, maintain and keep in repair any and all improvements, requisite or necessary to carry out the purposes of the district; and to do any and all other acts and things necessary or required for the protection of the lands in said district from damage from storm waters and from waters of any navigable stream, water course, canyon or wash; and to employ the services of any person legal or otherwise, which in the judgment of said board of trustees may be necessary to carry out said purposes. All work of construction, repair, or maintenance, the cost whereof exceeds $500.00 shall be done by contract; and all contracts shall be let by the board to the lowest responsible bidder, who will give bond for the faithful performance thereof satisfactory to the board, after advertisement for bids published by their clerk for not less than ten days in some newspaper of general circulation, designated by the board and published in the county in which the district or some part thereof is situated, specifying the time and place for the opening of bids, and the particular work to be bid for; provided however, that the board may reject all bids and re-advertise, and may by unanimous action in cases of great emergency, the nature of which shall be entered on their minutes, proceed at once to replace or repair any of the works or improvements of the district without advertisement.

Contracts.

Sec. 9. As soon as said district is organized, the board of trustees thereof shall cause a survey to be made to determine what improvements shall be made to carry out the purposes of the district, and shall also cause a map of such survey, and plans and specifications showing such improvements in detail, to be prepared, and they shall adopt such map, plans and specifications, and thereafter all such improvements shall be made in accordance with the map, plans and specifications so adopted; provided, that at any time after the adoption of said map, plans and specifications, and before the commissioner's report of assessment of benefits and award of damages has been finally adopted and confirmed by the board of trustees, said board may rescind their action in adopting said map, plans and specifications, and may modify the same or adopt others in place thereof.
SEC. 10. After adopting said map, plans and specifications, the board of trustees shall appoint three commissioners, one of whom shall be a civil engineer, to assess benefits and damages and to estimate the total cost of making the proposed improvements, which estimate shall include all expenses of every kind incurred or to be incurred, either directly or indirectly, in carrying out said improvements. Before entering upon the discharge of their duties, the commissioners shall each take and subscribe an oath to perform the duties of such commission to the best of their ability, and shall each file with the clerk of said trustees a bond to the State of California in the penal sum of one thousand dollars, to faithfully perform the duties of the office of said commissioner, which bond must be approved by said board of trustees. The board of trustees may at any time remove any or all of said commissioners for cause upon reasonable notice and hearing, and may fill any vacancies occurring among them from any cause. Said commissioners shall receive for their services such compensation as the trustees may determine from time to time, provided that such compensation shall not exceed ten dollars per day for such civil engineer, nor five dollars per day for the other commissioners, nor continue for more than three months unless the board of trustees shall extend the time. The compensation of the commissioners shall be considered as an expense of the improvements, and shall be chargeable and payable as other expenses thereof.

SEC. 11. Said commissioners shall proceed to view the land embraced within the boundaries of said storm water district and the improvements to be made, and may examine witnesses under oath, to be administered by any one of them. Having viewed the land to be taken and the improvements to be made, and considered the testimony presented, they shall proceed with all diligence to determine the value of the land to be taken for rights of way or construction of improvements, and the damage to property affected thereby, and also to estimate the cost of constructing the proposed improvements and the expenses incident thereto, and having determined the same, shall proceed to assess the said value of land taken, damage to property affected and cost and expenses of the proposed improvements to the county or counties and upon the lands embraced within the exterior boundaries of said storm water district. Said assessment shall be made in the following manner. The board of supervisors of each county in which any part of the district is situated, may, if they consider that the proposed improvements will be of benefit to the county roads, by order entered upon their minutes, provide that such county shall pay a portion of the total cost of the improvements, such payment to be made out of the road fund of the district where the improvements are to be made, or out of the general road fund, as the board of supervisors may determine. The total amount to be paid by all counties contributing shall not exceed
one half of the total cost of the improvements. The commissioners shall assess to the county or counties aforesaid such part of the total cost of the improvement as the board of supervisors thereof have agreed to pay as aforesaid, and the remainder of such assessment shall be made upon the lands in said district in proportion to the benefits to be derived by such lands from said improvements, including in said assessment the property of any railroad company within said district, if such there be.

SEC. 12. Said commissioners, after making their assessment of benefits and damages, shall with all diligence make a written report thereof to the board of trustees of the district and shall accompany their report with a plat of the district, showing the land taken or to be taken for rights of way or the construction of the improvements, or to be damaged thereby, and the land assessed, showing the relative location of each lot or parcel of land and its dimensions and area, so far as the commissioners can reasonably ascertain the same. Each lot or parcel of land to be taken, damaged or assessed shall be designated in said plat by an appropriate number, and a reference to it by such number in the report shall be a sufficient description of it in all respects. Said report of the commissioners shall specify each lot or parcel of land taken or to be taken for rights of way or the construction of such improvements, or to be damaged thereby, with the names of the owners thereof or persons interested therein, and the particulars of their interest, so far as the same can be ascertained; the names of the land owners who consent to give the right of way, or to waive damages to their land not taken, and their written consent thereto; the names of land owners who do not consent and the amount of damage claimed by each; and the amount awarded to each land owner by the commissioners for the value of land to be taken or damages to land not taken. Said report shall also specify each lot, or parcel of land to be assessed, together with the names of the owners or claimants thereof or persons interested therein, so far as the same are known to the commissioners, and the particulars of their interest, so far as the same can be ascertained, and the amount assessed against each such piece or parcel of land.

SEC. 13. If in any case the commissioners find that conflicting claims of title exist, or they are in doubt as to the ownership of any lot or parcel of land or of any improvement thereon, or of any interest in such land or improvement, it shall be set down as belonging to unknown owners. Errors in the designation of the owner or owners of, or persons interested in, any land or improvements or of the particulars of their interest, shall not affect the validity of the assessment or of any condemnation of the property to be taken.

SEC. 14. The report of such commissioners and the plat accompanying it shall be filed with the trustees of the district, and said board of trustees shall thereupon fix a time for the hearing thereof, which shall not be less than four weeks after the filing thereof, and thereupon the clerk of said board of
trustees shall give notice of such hearing by publication for at least two weeks in a newspaper of general circulation published and circulated in said district, if such there be, or if there is no such newspaper, then in some newspaper of general circulation published in one of the counties in which said district is situated, said newspaper to be designated by the board. Such notice shall be substantially in the following form:

Notice of the filing of the commissioner’s report of ............ storm water district of the county of ..................... Form of notice of hearing.

Notice is hereby given that the commissioners of the storm water district of the county of ....................., did on the ............ day of ............, 19....., file their report of the assessment of benefits and award of damages with the board of trustees of said district, which said report is now on file in the office of said trustees, at ............ and that said report will be heard by said trustees at their office on the ............ day of ............, 190....., at the hour of ............ m. Said report and the map, plans and specifications of the improvements mentioned therein are hereby referred to for further particulars. All persons interested are hereby required to show cause, if any they have, at the time fixed for said hearing, why such report should not be adopted and confirmed by said board of trustees, and the improvements therein referred to constructed by said district. All objections shall be in writing, signed by the person objecting, and filed with the board of trustees at or before the time above mentioned.

(Signed) ........................................

Clerk of the board of trustees of ............ storm water district, of ............ county.

Sec. 15. Any person interested may file with the said board of trustees, at or before the time fixed for the hearing, a written objection to said report or any part thereof, or to the map, plans, or specifications for the proposed improvements, or to the making of such proposed improvements. At the time fixed for such hearing or at any other time to which the hearing may be adjourned, the board of trustees shall hear all objections so filed, if any, and pass upon the same, and shall proceed to pass upon such report, and may confirm, correct or modify the same, or may take such action in regard to the map, plans, and specifications as is authorized by section 9 of this act, or may order the commissioners to make a new assessment, report and plat, which shall be filed, heard, and acted upon in the same manner and on like notice, as in the case of an original report. The action of the board upon the report and objections thereto, and upon the map, plans and specifications, shall be final and conclusive as to all matters which they might have remedied or avoided; and no assessment shall be set aside, except upon such hearing, for any error, defect, or informalities therein or in the proceedings prior thereto, where the district has been legally formed and notice of the hearing of the report has been given as herein prescribed. When such report has
been adopted and confirmed, said board may by order entered upon its minutes discharge said commissioners, and their authority shall thereupon cease.

Sec. 16. After said report has been adopted, the board of trustees, if they consider the total sum to be raised for the payment of the cost of such improvements too great to be properly expended in one year, or too great to be raised in one year by assessment against the property in such storm water district, may by order entered upon their minutes, provide that the total sum assessed shall be raised in any number of equal annual installments, not exceeding ten. When the board has adopted the report and determined the number of equal annual installments in which such assessment shall be raised, they shall cause their clerk to forward to the tax collector of the county in which such district is situated, who shall file the same in his office, a certified copy of the report, assessment and plat as adopted and confirmed by said board of trustees, together with a certified copy of the order of said board, fixing the number of equal annual installments in which such assessment is to be raised, which documents shall constitute the assessment roll. From and after the filing of such certified copy of the report and order of the board in the tax collector’s office, the first year’s installment of the amount assessed thereon against each parcel of land shall become due and payable immediately, and the total amount assessed against each parcel of land shall constitute a lien thereon; and thereafter installments of the assessment for the succeeding years shall become due and payable on the first Monday of October of each year; provided, that any or all subsequent installments of the assessment on any parcel of land may, at the option of any person desiring to pay the same, be paid at any time after the first installment becomes due and payable. If the district is situated in two or more counties, a certified copy of said report, assessment, plat and order of the board of trustees shall be filed with the tax collector of each county in which any part of said district is situated, and thereafter each tax collector shall proceed as to the property in said district within his own county in the manner hereinafter directed, and the assessment on the property in said county shall be collected in the manner hereinafter directed.

Sec. 17. Within one month after the filing of such certified copy of said report, assessment, plat and order with the tax collector, said tax collector shall give notice by ten days’ publication in a newspaper of general circulation published in said district, or if there is none, in a newspaper of general circulation published in his county, that the assessment roll of . . . . . . . . . . storm water district of . . . . . . . . county, has been filed in his office, with the date of said filing; that the amounts entered thereon are due and payable; that if not paid on or before the first Monday in January next ensuing, the same will become delinquent and will be collected in the same manner as delinquent taxes. If the first Monday
in January next ensuing is less than three months from the
date of filing the assessment roll with the tax collector, the
date, to be stated in the notice, shall be three months after the
filing of such assessment roll. The tax collector shall note on
said assessment roll all assessments paid, with the dates of
payment, giving receipts as in the case of payments of taxes.
and shall pay all money collected into the county treasury at
the same time and in the same manner as money collected for
taxes is paid into such treasury. All collections of subsequent
installments of the assessment shall be made in the same
manner as above set forth, and the tax collector shall annually
(after the first year), immediately after the first Monday of
October give notice as above directed that the (giving the
number) annual installment of the assessments of said district
is now due and payable, and that if not paid on or before the
first Monday of January next ensuing, the same will become
delinquent and will be collected in the same manner as delin-
quent taxes; and the same proceedings shall be had thereon as
upon the collection of the first assessment. If said district is
situated in two or more different counties, all moneys collected
on account of such assessment shall be paid into the treasury
of the county in which said district was organized.

Sec. 18. When any installment of said assessment has
become delinquent, as stated in said notice of the tax collector,
the tax collector shall proceed to collect such delinquent instal-
ments of assessments, with five per cent added thereon, and
pay the same, including the said five per cent so collected,
over to the county treasurer as aforesaid, in the same manner
as state and county taxes are collected and paid over; and all
of the provisions of chapter 7, title IX, part 3, and of section
3897 of the Political Code not in conflict with any of the pro-
visions of this act, are hereby made applicable to the collection
of assessments and delinquent installments of assessments in
such storm water district. Before any installment of said
assessment becomes delinquent, the board of supervisors of each
county against which any part of the cost of the improvement
has been assessed, as hereinafore provided, shall direct the
county treasurer to transfer the amount of such installment
of such assessment from any money then in the fund of such
county from which the same is to be paid, to the special fund
to be raised by such assessments; or if such district is in two or
more counties, and was organized in some other county, to
pay such amount to the treasurer of such other county, who
shall place the same in the special fund raised by said assess-
ment.

Sec. 19. All moneys paid upon such assessments either by
property owners or by the county or counties affected, shall be
placed in the county treasury of the county in which such
storm water district was organized, to the credit of a special
fund to be known as the .............. storm water district
improvement fund; and shall be used only to pay the expense
and cost of constructing the improvements described in the
map, plans and specifications adopted by the board of trustees. Any surplus remaining after the construction thereof shall be paid into the current expense fund. All payments from said fund shall be made upon claims prepared in the manner required by law for the preparation of claims against a county, and first presented to the board of trustees of said district and by them approved, and thereafter presented and filed as claims against the county and approved by the board of supervisors of said county, and upon a warrant drawn by the auditor of said county upon the order of said board of supervisors, in the same manner as other claims upon the county treasury.

Sec. 20. When sufficient money is in such storm water district improvement fund to pay for the property to be taken and damaged according to the award made in the report of the commissioners, the clerk of said board of trustees shall notify the owner, possessor or occupant of any land or improvement thereon to whom an award shall have been made for property to be taken or damaged, that such award has been made, stating the amount thereof and the property affected thereby, and that upon such person filing a claim and tendering a conveyance of the property to be taken or a release of the damages to property not taken, such claim will be allowed and the amount awarded paid to him. Such notice shall be given by depositing such notice in the post office at the county seat of such county; postage prepaid addressed to such owner, possessor or occupant, if his name be known, at his last known post office address. If the name of the owner of such property is not given in the report of the commissioners, or his post office address can not be ascertained, said notice shall be given by said clerk by posting a copy thereof in a conspicuous place upon the property described in said notice. He shall thereupon endorse a certificate of such posting upon the original notice and file the same in his office.

Sec. 21. If any award of damages for land or right of way to be taken or damaged is not accepted within fifteen days after the mailing or posting of this notice, it shall be deemed rejected by the property owner, and thereupon the board of trustees of the district may cause proceedings to secure the land or right of way desired to be instituted in the name of the district, by some attorney to be employed by them for that purpose, against all non-accepting property owners; and when thereunder the right of way or land is secured, the improvement must be commenced as hereinafter provided. In such suit no informality in the proceedings of the board of supervisors or of the commissioners or of the board of trustees shall vitiate such suit; but the order of the board of trustees directing the suit to be brought shall be conclusive proof of the regularity of such prior proceedings; and the suit shall be determined by the court or jury in accordance with the rights of the respective parties as shown in court, independent of said proceedings.
before said board of supervisors or before said commissioners or before said trustees.

Sec. 22. If any right of way attempted to be acquired by virtue of this act shall be found to be defective from any cause, the board of trustees may again institute proceedings to acquire the right of way as in this act provided, or otherwise, or may purchase the same, and include the cost thereof in the expenses of such improvement.

Sec. 23. As soon as there is sufficient money in the improvement fund to pay for the construction of the improvements, or any separate part thereof, and the necessary land and rights of way therefor have been secured, the trustees must proceed with the construction of said improvement. The board of trustees shall determine the amount of work to be done in each year and the place where such work is to be done, and may let a contract for any portion of such improvement that they may deem proper, and none of such work shall be done without their order. The work shall be done under the direction and to the satisfaction of the board of trustees.

Sec. 24. The improvements made under this act may include the widening, deepening and straightening of the channels of innavigable streams, water courses or washes, the construction of new channels therefor, and the construction of levees, banks, dikes, conduits, ditches and canals for the conveyance of storm water, and the waters of such streams, water courses or washes, or for confining such streams, water courses or washes to their channels; and said work may be done either within or without the boundaries of the district, as may be necessary in order to properly protect the land in said district from damage and secure a free outlet for such streams, water courses, washes, and storm water.

Sec. 25. The board of trustees of each storm water district shall annually during the month of August estimate the amount of money which will be needed for the current year for maintaining and repairing the works and improvements of said district, and defraying the other ordinary expenses of said district, and shall upon the first Monday of September of each year certify to the board of supervisors of the county or counties in which said district lies, the amount of money which is needed for said purposes. Such board or boards of supervisors shall at the time of making the levy of taxes for county purposes for that year, levy a tax upon the properly in their county in said district sufficient in amount to raise the sum estimated by the board of trustees to be necessary. When the district is in two or more counties, the amount to be raised upon the part of the district in each county shall be in proportion to the assessed valuation of the several portions of the district in the respective counties. Said tax when levied shall be entered upon the assessment roll and collected in the same manner as state and county taxes. When the same is collected, it shall be placed in the treasury of the county in
which said district was organized, to the credit of the current expense fund of said district, and shall be used only for the purpose for which it was raised. Payments shall be made from said fund in the same manner as from the improvement fund of the district.

Sec. 26. Whenever the board of trustees of any storm water district shall deem it necessary to construct new or additional improvements other than those which have been constructed under the first proceedings had for that purpose, they may cause plans, specifications, and a map of said improvements to be prepared and may thereupon proceed in the same manner as in the case of the construction of the first improvements of said district, by the appointment of commissioners and the levy of an assessment to pay the cost thereof.

Sec. 27. Any storm water district may be disincorporated at any time before the adoption of the first commissioner's report by proceedings had in the following manner: Whenever a petition praying for such disincorporation shall be presented to the trustees of said district signed by a majority of the electors therein, they shall call an election in the same manner as elections for members of the board of trustees are called, and submit to the electors of said district the question of disincorporation. Said election shall be held in all respects in the same manner as regular elections of trustees of the district. If it appears that two thirds of the electors voting at said election have voted in favor of disincorporation, the trustees shall cause such fact to be entered upon their minutes, and shall forward a copy of such entry to the board of supervisors by whom the district was organized, who shall file the same with their clerk, and from the date of such filing, said district shall be deemed disincorporated.

Sec. 28. Property may be added to or excluded from any storm water district by action of the board of supervisors by whom said district was organized, upon a petition presented to them signed by a majority of the owners of land within said territory to be annexed or excluded, as shown by the last previous assessment roll. Before making the order of annexation or exclusion, the board of supervisors shall give notice in like manner as upon the original formation of the district, and protests may be presented and shall be considered at the same time and in the same manner as in the case of the formation of the district. Upon the final hearing of said petition, the board of supervisors shall make such order as shall seem best to them; provided, however that property in any territory so excluded shall not be released from the lien of any assessment which has been made upon said property.

Sec. 29. This act is not intended to supersede or repeal any other act for the construction and maintenance of ditches, levees, dikes, or works for protection, drainage or reclamation, but is intended as an independent and alternative method of constructing the improvements herein provided for.
Sec. 30. The provisions of this act shall be liberally constructed to promote the objects thereof. This act may be designated and referred to as the "Storm water district act of 1909," and shall take effect and be in force upon its passage and approval.

The people of the State of California, represented in senate and assembly, do enact as follows:

Section 1. Section twelve hundred and three of the Penal Code is hereby amended to read as follows:

1203. After plea or verdict of guilty, where discretion is conferred upon the court as to the extent of the punishment, the court, upon oral suggestions of either party that there are circumstances which may properly be taken into view, either in aggravation or mitigation of the punishment, may, in its discretion, hear the same summarily at a specified time and upon such notice to the adverse party as it may direct. At such specified time, if it shall appear by the record furnished
by the probation officer, or otherwise, and from the circumstances, of any person over the age of sixteen years so having plead guilty or having been convicted of the crime, that there are circumstances in mitigation of the punishment, or that the ends of justice will be subserved thereby, the court shall have power, in its discretion, to place the defendant upon probation in the manner following:

1. The court, judge or justice thereof, may suspend the imposing of sentence and may direct that such suspension may continue for such period of time, not exceeding the maximum possible term of such sentence, and upon such terms and conditions as it shall determine, and shall place such person on probation, under the charge and supervision of the probation officer of said court during such suspension.

2. If the judgment is to pay a fine, and that the defendant be imprisoned until it be paid, the court, judge, or justice, upon imposing sentence, may direct that the execution of the sentence of imprisonment be suspended for such period of time, not exceeding the maximum possible term of such sentence, and on such terms as it shall determine, and shall place the defendant on probation, under the charge and supervision of the probation officer during such suspension, to the end that he may be given the opportunity to pay the fine; provided, however, that upon the payment of the fine being made, judgment shall be satisfied and the probation cease.

3. At any time during the probationary term of the person released on probation, in accordance with the provisions of this section, any probation officer may, without warrant, or other process, at any time until the final disposition of the case, rearrest any person so placed in his care and bring him before the court, or the court may, in his discretion, issue a warrant for the rearrest of any such person and may thereupon revoke and terminate such probation, if the interest of justice so requires, and if the court, in its judgment, shall have reason to believe from the report of the probation officer, or otherwise that the person so placed upon probation is violating the conditions of his probation, or engaging in criminal practices, or has become abandoned to improper associates, or a vicious life. Upon such revocation and termination, the court may, if the sentence has been suspended, pronounce judgment at any time after the said suspension of the sentence within the longest period for which the defendant might have been sentenced, but if the judgment has been pronounced and the execution thereof has been suspended, the court may revoke such suspension, whereupon the judgment shall be in full force and effect, and the person shall be delivered over to the proper officer to serve his sentence.

4. The court shall have power at any time during the term of probation to revoke or modify its order of suspension of imposition or execution of sentence. It may, at any time, when the ends of justice will be subserved thereby, and when the good conduct and reform of the person so held on probation
shall warrant it, terminate the period of probation and dis-
charge the person so held, and in all cases, if the court has not
seen fit to revoke the order of probation and impose sentence
or pronounce judgment, the defendant shall, at the end of the
term of probation, be by the court discharged.

5. Every defendant who has fulfilled the conditions of his
probation for the entire period thereof, or who shall have been
discharged from probation prior to the termination of the
period thereof, shall at any time prior to the expiration of the
maximum period of punishment for the offense of which he
has been convicted, dating from said discharge from probation
or said termination of said period of probation, be permitted
by the court to withdraw his plea of guilty and enter a plea of
not guilty; or, if he has been convicted after a plea of not
guilty, the court shall set aside the verdict of guilty and the
court shall thereupon dismiss the accusation or information
against such defendant who shall thereafter be released from
all penalties and disabilities resulting from the offense or crime
of which he has been convicted.

Sec. 2. This act shall take effect immediately.

This policy is made and accepted subject to the foregoing stipulations and conditions and those hereinafter stated, which are hereby specially referred to, and made part of this policy, together with such other provisions, agreements or conditions as may be endorsed hereon or added hereto, and no officer, agent, or other representative of this company shall have power to waive any provision or condition of this policy except by writing endorsed hereon or added hereto, and no person, unless duly authorized in writing, shall be deemed the agent of this company.

STIPULATIONS AND CONDITIONS SPECIALLY REFERRED TO.

Property not covered. (a) This company shall not be liable for loss to accounts, bills, currency, evidences of debt or ownership or other documents, money, notes or securities; nor, (b) unless liability is specifically assumed hereon, for loss to bullion, casts, curiosities, drawings, dies, jewels, manuscripts, medals, models, patterns, pictures, scientific apparatus, business or store or office furniture or fixtures, sculptures, frescoes, decorations, or property held on storage or for repair.

Hazards not covered. This company will not be liable for loss by (a) theft; or (b) by neglect of the insured to use all reasonable means to save and preserve the property at and after a fire, or when the property is endangered by fire; or (c) (unless fire ensues, and in that event for the damage by fire only) by explosion of any kind or lightning; or (d) by invasion, insurrection, riot, civil war, or commotion, or (except as hereinafter provided) by military or usurped power, or order of any civil authority, but the company will be liable (unless otherwise provided by endorsement hereon or added hereto) if the property is lost or damaged, by fire or otherwise, by civil authority or military or usurped power exercised to prevent the spread of fire not originating from a cause excepted hereunder and which fire otherwise probably would have caused the loss of or damage to the insured property.

Matters avoiding policy. This entire policy shall be void, (a) if the insured has concealed or misrepresented any material fact or circumstances concerning this insurance or the subject
thereof; or, (b) in case of any fraud or false swearing by the
insured touching any matter relating to this insurance or the
subject thereof, whether before or after a loss.

Unless otherwise provided by agreement endorsed heretofore
added hereto, this entire policy shall be void, (a) if the insured
now has or shall procure any other insurance, whether valid or
not, on property covered in whole or in part by this policy, or
(b) if the interest of the insured be other than unconditional
and sole ownership, or (c) if the subject of insurance be a
building on ground not owned by the insured in fee simple, or
(d) if with the knowledge of the insured foreclosure proce-
dings be commenced or notice given of sale of any property
covered by this policy by virtue of any mortgage or trust deed,
or (e) if this policy be assigned before a loss.

Matters suspending insurance. Unless otherwise provided by
agreement endorsed heretofore or added hereto this company shall
not be liable for loss or damage occurring (a) while the hazard
be materially increased by any means within the control of the
insured; or (b) if the subject of insurance be a manufacturing
establishment, while it is operated in whole or in part at night
later than ten o'clock or while it ceases to be operated beyond
the period of ten consecutive days; or (c) while mechanics or
artisans are employed in building or altering or repairing the
described premises for more than fifteen days at any one time;
or (d) while illuminating gas or vapor be generated in the
described building (or adjacent thereto) for use therein; or (e)
while there be kept, used or allowed on the described premises
(any usage or custom of trade or manufacture to the contrary
notwithstanding) calcium carbide, phosphorus, dynamite, nitro-
glycerine, fireworks or other explosives; or exceeding one quart
each of benzine, gasoline, naphtha or ether; or more than twenty-
five pounds of gunpowder; or (f) while a building herein
described whether intended for occupation by owner or tenant
is vacant or unoccupied beyond the period of ten (10) con-
secutive days; (g) while the interest in, title to or possession of
the subject of insurance is changed excepting:—(1) by the
death of the insured; (2) a change of occupancy of building
without material increase of hazard; and (3) transfer by one
or more several copartners or coowners to the others.

Such suspension shall not extend the term of this policy nor
create any right for refund of the whole or any portion of
premium, nor affect the respective rights of cancellation.

Chattel mortgage. Unless otherwise provided by agreement
in writing endorsed heretofore or added hereto this company shall
not be liable for loss or damage to any property insured here-
under while encumbered by a chattel mortgage, but the liability
of the company upon other property hereby insured shall not
be affected by such chattel mortgage.

Fallen building clause. Unless otherwise provided by agree-
ment endorsed heretofore or added hereto, if a building or any
material part thereof fall, except as the result of fire, all insur-
ance by this policy on such building or its contents shall
immediately cease.
Removal when endangered by fire. Should any of said property be necessarily removed because of danger from fire, and there is no other insurance thereon, that part of this policy in excess of the value of the insured property remaining in the original location, or, if there is other insurance thereon, that part of this policy in excess of its proportion of the value of the insured property remaining in the original location, shall, for the ensuing five days only, cover said removed property in its new location or locations.

Cancellation. This policy shall be cancelled at any time at the request of the insured, in which case the company shall, upon surrender of this policy, refund the excess of paid premium above the customary short rates for the expired time. This policy may be cancelled at any time, without tender of unearned portion of premium, by the company by giving five (5) days' written notice of cancellation to the insured and to any mortgagee or other party to whom, with the written consent of the company, this policy is made payable, in which case the company shall, upon surrender of the policy or relinquishment of liability thereunder, refund the excess of paid premium above the pro rata premium for the expired time.

Duty of insured in case of loss. When a loss occurs the insured must give to this company written notice thereof without unnecessary delay; and shall protect the property from further damage; forthwith separate the damaged and undamaged personal property and put it in the best possible order; and without unnecessary delay make a complete inventory stating as far as possible the quantity and cost of each article, and the amount claimed thereon.

Within sixty days after the commencement of the fire the insured shall render to the company at its main office in California named herein preliminary proof of loss consisting of a written statement signed and sworn to by him setting forth:—
(a) his knowledge and belief as to the origin of the fire; (b) the interest of the insured and of all others in the property; (c) the cash value of the different articles or properties and the amount of loss thereon; (d) all incumbrances thereon; (e) all other insurance, whether valid or not, covering any of said articles or properties; (f) a copy of the descriptions and schedules in all other policies unless similar to this policy, and in that event, a statement as to the amounts for which the different articles or properties are insured in each of the other policies; (g) any changes of title, use, occupation, location or possession of said property since the issuance of this policy; (h) by whom and for what purpose any building herein described, and the several parts thereof, were occupied at the time of the fire.

If the company claims that the preliminary proof of loss is defective and within five days after the receipt thereof (without admitting the amount of loss or any part thereof) notifies in writing the insured, or the party making such proof of loss, of the alleged defects (specifically stating them) and requests that they be remedied by verified amendments the insured or such party within ten days after the receipt of such notifica-
tion and request must comply therewith or, if unable so to do, present to the company an affidavit to that effect.

The insured shall also furnish, if required, as far as it is practicable to obtain the same, verified plans and specifications of any buildings, fixtures or machinery destroyed or damaged; and the insured shall exhibit to any person designated in writing by this company all that remains of any property herein described and shall submit to examination under oath, as often as required, by any such person, and subscribe to the testimony so given and shall produce to such person for examination all books of account, bills, invoices and other vouchers, and permit extracts and copies thereof to be made, and in case the originals are lost certified copies, if obtainable, shall be produced.

**Ascertainment of amount of loss.** This company shall be deemed to have assented to the amount of the loss claimed by the insured in his preliminary proof of loss, unless within twenty days after the receipt thereof, or, if verified amendments have been requested, within twenty days after their receipt, or within twenty days after the receipt of an affidavit that the insured is unable to furnish such amendments, the company shall notify the insured in writing of its partial or total disagreement with the amount of loss claimed by him and shall also notify him in writing of the amount of loss, if any, the company admits on each of the different articles or properties set forth in the preliminary proof or amendments thereto.

If the insured and this company fail to agree, in whole or in part, as to the amount of loss within ten days after such notification, this company shall forthwith demand in writing an appraisement of the loss or part of loss as to which there is a disagreement and shall name a competent and disinterested appraiser, and the insured within five days after receipt of such demand and name, shall appoint a competent and disinterested appraiser and notify the company thereof in writing, and the two so chosen shall before commencing the appraisement, select a competent and disinterested umpire.

The appraisers together shall estimate and appraise the loss or part of loss as to which there is a disagreement, stating separately the sound value and damage, and if they fail to agree they shall submit their differences to the umpire, and the award in writing duly verified of any two shall determine the amount or amounts of such loss.

The parties to the appraisement shall pay the appraisers respectively appointed by them and shall bear equally the expense of the appraisement and the charges of the umpire.

If for any reason not attributable to the insured, or to the appraiser appointed by him, an appraisement is not had and completed within ninety days after said preliminary proof of loss is received by this company, the insured is not to be prejudiced by the failure to make an appraisement, and may prove the amount of his loss in an action brought without such appraisement.
Options of company in case of loss. This company may, at its option, take all or any part of the property for which insurance hereunder is claimed at its ascertained or appraised value, and may also, at its option, in satisfaction of its liabilities hereunder, repair, rebuild or replace any building or structure or machine or machinery used therein, with other of like kind and quality, within a reasonable time, upon giving notice within twenty days of its intention so to do after the receipt by it of the preliminary proof of loss, or, if verified amendments have been requested, within twenty days after their receipt, or, within twenty days after the receipt of an affidavit that the insured is unable to furnish such amendments.

There can be no abandonment to this company of any property.

Apportionment of loss. This company shall not be liable under this policy for a greater proportion of any loss on the described property, or for loss by, and expenses of, removal from the premises endangered by fire, than the amount hereby insured bears to the entire insurance covering such property whether valid or not, or by solvent or insolvent insurers.

Loss when payable. A loss hereunder shall be payable in thirty days after the amount thereof has been ascertained either by agreement or by appraisement; but if such ascertainment is not had or made within sixty days after the receipt by the company of the preliminary proof of loss, then the loss shall be payable in ninety days after such receipt.

Non-waiver by appraisal or examination. This company shall not be held to have waived any provision or condition of this policy or any forfeiture thereof, by assenting to the amount of the loss or damage or by any requirement, act, or proceeding on its part relating to the appraisal or to any examination herein provided for.

Subrogation. If this company shall claim that the fire was caused by the act or neglect of any person or corporation, this company shall, on payment of the loss be subrogated to the extent of such payment to all right of recovery by the insured for the loss resulting therefrom, and such right shall be assigned to this company by the insured on receiving such payment.

Time for commencement of action. No suit or action on this policy for the recovery of any claim shall be sustained, until after full compliance by the insured with all of the foregoing requirements, nor unless begun within fifteen months next after the commencement of the fire.

Definitions. Wherever in this policy the word "insured" occurs, it shall be held to include the legal representatives of the insured in case of his death, and wherever the word "loss" occurs, it shall be deemed the equivalent of "loss or damage," and wherever the words "the time of loss or damage" are used they shall be deemed the equivalent of "the time of the commencement of the fire."

amount due each. On receiving the certificate of sale, the county recorder must file it and make an entry in a book similar to that required of the collector. On the presentation of the receipt of the person named in the certificate, or of the collector for his use, of the total amount of the redemption money, the recorder must mark the word "redeemed," the date, and by whom redeemed, on the certificate and on the margin of the book where the entry of the certificate is made. If the property is not redeemed within the time herein provided, the collector, or his successor in office, upon demand, must make to the purchaser, or his assignee, a deed of the property, reciting in the deed substantially the matters contained in the certificate, and that no person redeemed the property during the time allowed by law for its redemption; provided, that where property has been sold to the district it may be redeemed as herein provided, at any time before the district has disposed of the same. Sec. 4. Section five of said act is hereby amended to read as follows:

Sec. 5. Section six of said act is hereby amended to read as follows:

Section 6. Should said board of supervisors refuse or neglect for a period of five days, to take any or proper action to quarantine such cases of contagious or infectious disease so reported to them, or to suppress or eradicate the same, or prevent the spread thereof, the state veterinarian shall have the power, and it shall be his duty, to quarantine such county or counties, or such portions thereof as may be necessary, and thereafter it shall be unlawful for the owners of the live stock quarantined, their agents or employees, to move any of such live stock across the quarantine line established, or without the county or portion thereof quarantined, without first obtaining a permit from said state veterinarian, who shall before such
permit is issued, inspect and if necessary cause such live stock
and vehicles of transportation to be disinfected in accordance
with the instructions of said state veterinarian, or until such
quarantine has been raised or discontinued by said state
veterinarian.

read as follows:

Section 7. The state veterinarian shall determine, from time
to time, the quarantine and other regulations necessary to
prevent the spread among live stock of any malignant, con-
tagious, or infectious disease found to exist among the live
stock of this state, and when he shall have done so he shall
notify the governor thereof, who, if he approve, shall issue his
proclamation proclaiming the boundaries of such quarantine,
and the orders, rules, and regulations prescribed for the main-
tenance and enforcement of such quarantine, and shall publish
the same in such manner as he may deem expedient.

Sec. 7. A new section is hereby added to said act, to be
known and numbered as section seven and one-half, and to
read as follows:

less than one hundred nor more than five hundred dollars,
or by imprisonment in the county jail not exceeding six months,

and after its passage and approval.

CHAPTER 290.

An act to make uniform the law of warehouse receipts.

[Approved March 10, 1900.]

The people of the State of California, represented in Senate and assembly, do enact as follows:

SECTION 1. Warehouse receipts may be issued by any warehouseman.

Sec. 2. Warehouse receipts need not be in any particular form, but every such receipt must embody within its written or printed terms—

(a) The location of the warehouse where the goods are stored,

(b) The date of issue of the receipt,

(c) The consecutive number of the receipt,

(d) A statement whether the goods received will be delivered to the bearer, to a specified person, or to a specified person or his order,

(e) The rate of storage charges,

(f) A description of the goods or of the packages containing them,

(g) The signature of the warehouseman, which may be made by his authorized agent,

(h) If the receipt is issued for goods of which the warehouseman is owner, either solely or jointly or in common with others, the fact of such ownership, and

(i) A statement of the amount of advances made and of liabilities incurred for which the warehouseman claims a lien. If the precise amount of such advances made or of such liabilities incurred is, at the time of the issue of the receipt, unknown to the warehouseman or to his agent who issues it, a statement of the fact that advances have been made or liabilities incurred and the purpose thereof is sufficient.

A warehouseman shall be liable to any person injured thereby, for all damage caused by the omission from a negotiable receipt of any of the terms herein required.

Sec. 3. A warehouseman may insert in a receipt, issued by him, any other terms and conditions, provided that such terms and conditions shall not—

(a) Be contrary to the provisions of this act.

(b) In anywise impair his obligation to exercise that degree of care in the safe-keeping of the goods entrusted to him which a reasonably careful man would exercise in regard to similar goods of his own.

Sec. 4. A receipt in which it is stated that the goods received will be delivered to the depositor, or to any other specified person, is a non-negotiable receipt.

Sec. 5. A receipt in which it is stated that the goods received will be delivered to the bearer, or to the order of any
person named in such receipt is a negotiable receipt. No provision shall be inserted in a negotiable receipt that is non-negotiable. Such provision, if inserted, shall be void.

Sec. 6. When more than one negotiable receipt is issued for the same goods, the word "duplicate" shall be plainly placed upon the face of every such receipt, except the one first issued. A warehouseman shall be liable for all damage caused by his failure so to do any one who purchased the subsequent receipt for value supposing it to be an original, even though the purchase be after the delivery of the goods by the warehouseman to the holder of the original receipt.

Sec. 7. A non-negotiable receipt shall have plainly placed upon its face by the warehouseman issuing it, "non-negotiable", or "not negotiable". In case of the warehouseman’s failure so to do, a holder of the receipt who purchased it for value supposing it to be negotiable, may, at his option, treat such receipt as imposing upon the warehouseman the same liabilities he would have incurred had the receipt been negotiable.

This section shall not apply, however, to letters, memoranda, or written acknowledgments of an informal character.

Sec. 8. A warehouseman, in the absence of some lawful excuse provided by this act, is bound to deliver the goods upon a demand made either by the holder of a receipt for the goods or by the depositor, if such demand is accompanied with—

(a) An offer to satisfy the warehouseman’s lien.

(b) An offer to surrender the receipt if negotiable, with such endorsements as would be necessary for the negotiation of the receipt, and

c) A readiness and willingness to sign, when the goods are delivered, an acknowledgment that they have been delivered, if such signature is requested by the warehouseman.

In case the warehouseman refuses or fails to deliver the goods in compliance with a demand by the holder or depositor so accompanied, the burden shall be upon the warehouseman to establish the existence of a lawful excuse for such refusal.

Sec. 9. A warehouseman is justified in delivering the goods, subject to the provisions of the three following sections, to one who is—

(a) The person lawfully entitled to the possession of the goods, or his agent.

(b) A person who is either himself entitled to delivery by the terms of a non-negotiable receipt issued for the goods, or who has written authority from the person so entitled either indorsed upon the receipt or written upon another paper, or

c) A person in possession of a negotiable receipt by the terms of which the goods are deliverable to him or order or to bearer, or which has been indorsed to him or in blank by the person to whom delivery was promised by the terms of the receipt or by his mediate or immediate indorser.

Sec. 10. Where a warehouseman delivers the goods to one who is not in fact lawfully entitled to the possession of them, the warehouseman shall be liable as for conversion to all having a right of property or possession in the goods if he delivered
the goods otherwise than as authorized by subdivisions (b) and (c) of the preceding section and though he delivered the goods as authorized by said subdivision he shall be so liable, if prior to such delivery he had either

(a) Been requested, by or on behalf of the person lawfully entitled to a right of property or possession in the goods, not to make such delivery; or

(b) Had information that the delivery about to be made was to one not lawfully entitled to the possession of the goods.

Sec. 11. Except as provided in section 36, where ware-
houseman delivers goods for which he had issued a negotiable receipt, the negotiation of which would transfer the right to the possession of the goods, and fails to take up and cancel the receipt, he shall be liable to any one who purchases for value in good faith such receipt, for failure to deliver the goods to him, whether such purchaser acquired title to the receipt before or after the delivery of the goods by the warehouseman.

Sec. 12. Except as provided in section 36, where a ware-
houseman delivers part of the goods for which he had issued a negotiable receipt and fails either to take up and cancel such receipt, or to place plainly upon it a statement of what goods or packages have been delivered he shall be liable, to any one who purchases for value in good faith such receipt, for failure to deliver all the goods specified in the receipt, whether such purchaser acquired title to the receipt before or after the delivery of any portion of the goods by the warehouseman.

Sec. 13. The alteration of a receipt shall not excuse the warehouseman who issued it from any liability if such alteration was

(a) Immaterial,

(b) Authorized or

(c) Made without fraudulent intent.

If the alteration was authorized, the warehouseman shall be liable according to the terms of the receipt as altered. If the alteration was unauthorized, but made without fraudulent intent, the warehouseman shall be liable according to the terms of the receipt, as they were before alteration.

Material and fraudulent alteration of a receipt shall not excuse the warehouseman who issued it from liability to deliver, according to the terms of the receipt as originally issued, the goods for which it was issued, but shall excuse him from any other liability to the person who made the alteration and to any person who took with notice of the alteration. Any purchaser of the receipt for value without notice of the alteration shall acquire the same rights against the warehouseman which such purchaser would have acquired if the receipt had not been altered at the time of the purchase.

Sec. 14. Where a negotiable receipt has been lost or destroyed, a court of competent jurisdiction may order the delivery of the goods upon satisfactory proof of such loss or destruction and upon the giving of a bond with sufficient sureties to be approved by the court to protect the warehouseman from any liability or expense, which he or any person injured
by such delivery may incur by reason of the original receipt remaining outstanding. The court may also in its discretion order the payment of the warehouseman’s reasonable costs and counsel fees.

The delivery of the goods under an order of the court as provided in this section, shall not relieve the warehouseman from liabilities to a person to whom the negotiable receipt has been or shall be negotiated for value without notice of the proceedings or of the delivery of the goods.

Sec. 15. A receipt upon the face of which the word “duplicate” is plainly placed is a representation and warranty by the warehouseman that such receipt is an accurate copy of an original receipt properly issued and uncancelled at the date of the issue of the duplicate, but shall impose upon him no other liability.

Sec. 16. No title or right to the possession of the goods, on the part of the warehouseman, unless such title or right is derived directly or indirectly from a transfer made by the depositor at the time of or subsequent to the deposit for storage, or from the warehouseman’s lien, shall excuse the warehouseman from liability for refusing to deliver the goods according to the terms of the receipt.

Sec. 17. If more than one person claim the title or possession of the goods, the warehouseman may, either as a defense to an action brought against him for non-delivery of the goods, or as an original suit, whichever is appropriate, require all known claimants to interplead.

Sec. 18. If some one other than the depositor or person claiming under him has a claim to the title or possession of the goods, and the warehouseman has information of such claim, the warehouseman shall be excused from liability for refusing to deliver the goods, either to the depositor or person claiming under him or to the adverse claimant, until the warehouseman has had a reasonable time to ascertain the validity of the adverse claim or to bring legal proceedings to compel all claimants to interplead. If such adverse claimant shall not bring suit and serve summons on the warehouseman within forty-eight hours after the service of notice of his adverse claim, such failure shall act as a complete abandonment of such adverse claim.

Sec. 19. Except as provided in the two preceding sections and in sections 9 and 36, no right or title of a third person shall be a defense to an action brought by the depositor or person claiming under him against the warehouseman for failure to deliver the goods according to the terms of the receipt.

Sec. 20. A warehouseman shall be liable to the holder of a receipt for damages caused by the non-existence of the goods or by the failure of the goods to correspond with the description thereof in the receipt at the time of its issue. If, however, the goods are described in a receipt merely by a statement of marks or labels upon them, or upon packages containing them, or by a statement that the goods are said to be goods of a certain
kind, or that packages containing the goods are said to contain goods of a certain kind, or by words of like purport, such statements, if true, shall not make liable the warehouseman issuing the receipt, although the goods are not of the kind which the marks or labels upon them indicate, or of the kind they were said to be by the depositor.

Sec. 21. A warehouseman shall be liable for any loss or injury to the goods caused by his failure to exercise such care in regard to them as a reasonable careful owner of similar goods would exercise, but he shall not be liable, in the absence of an agreement to the contrary, for any loss or injury to the goods which could not have been avoided by the exercise of such care.

Sec. 22. Except as provided in the following section, a warehouseman shall keep the goods so far separate from goods of other depositors, and from other goods of the same depositor for which a separate receipt has been issued, as to permit at all times the identification and redelivery of the goods deposited.

Sec. 23. If authorized by agreement or by custom, a warehouseman may mingle fungible goods with other goods of the same kind and grade. In such case the various depositors of the mingled goods shall own the entire mass in common, and each depositor shall be entitled to such portion thereof as the amount deposited by him bears to the whole.

Sec. 24. The warehouseman shall be severally liable to each depositor for the care and redelivery of his share of such mass to the same extent and under the same circumstances as if the goods had been kept separate.

Sec. 25. If goods are delivered to a warehouseman by the owner or by a person whose act in conveying the title to them to a purchaser in good faith for value would bind the owner, and a negotiable receipt is issued for them, they can not thereafter, while in the possession of the warehouseman, be attached by garnishment or otherwise, or be levied upon under an execution, unless the receipt be first surrendered to the warehouseman, or its negotiation enjoined. The warehouseman shall in no case be compelled to deliver up the actual possession of the goods until the receipt is surrendered to him or impounded by the court.

Sec. 26. A creditor whose debtor is the owner of a negotiable receipt shall be entitled to such aid from courts of appropriate jurisdiction, by injunction or otherwise, in attaching such receipt or in satisfying the claim by means thereof as is allowed at law or in equity, in regard to property which can not readily be attached or levied upon by ordinary legal process.

Sec. 27. Subject to the provisions of section 30, a warehouseman shall have a lien on goods deposited or on the proceeds thereof in his hands, for all lawful charges for storage and preservation of the goods; also for all lawful claims for money advanced, interest, insurance, transportation, labor, weighing, coopering and other charges and expenses in relation to such goods; also for all reasonable charges and expenses
for notice, and advertisements of sale, and for sale of the goods where default has been made in satisfying the warehouseman’s lien.

Sec. 28. Subject to the provisions of section 30, a warehouseman’s lien may be enforced—

(a) Against all goods, whenever deposited, belonging to the person who is liable as debtor for the claims in regard to which the lien is assessed, and

(b) Against all goods belonging to others which have been deposited at any time by the person who is liable as debtor for the claims in regard to which the lien is asserted, if such person has been so entrusted with the possession of the goods that a pledge of the same by him at the time of the deposit to one who took the goods in good faith for value would have been valid.

Loss of lien, when.

Sec. 29. A warehouseman loses his lien upon goods—

(a) By surrendering possession thereof, or

(b) By refusing to deliver the goods when a demand is made with which he is bound to comply under the provisions of this act.

Charges for storage, lien for.

Sec. 30. If a negotiable receipt is issued for goods, the warehouseman shall have no lien thereon, except for charges for storage of those goods subsequent to the date of the receipt, unless the receipt expressly enumerates other charges for which a lien is claimed. In such case there shall be a lien for the charges enumerated so far as they are within the terms of section 27, although the amount of the charges so enumerated is not stated in the receipt.

Goods may be held.

Sec. 31. A warehouseman having a lien valid against the person demanding the goods may refuse to deliver the goods to him until the lien is satisfied.

Ware- houseman entitled to remedy.

Sec. 32. Whether a warehouseman has or has not a lien upon the goods, he is entitled to all remedies allowed by law to a creditor against his debtor, for the collection from the depositor of all charges and advances which the depositor has expressly or impliedly contracted with the warehouseman to pay.

How lien may be satisfied.

Sec. 33. A warehouseman’s lien for a claim which has become due may be satisfied as follows:

The warehouseman shall give a written notice to the person on whose account the goods are held, and to any other person known by the warehouseman to claim an interest in the goods. Such notice shall be given by delivery in person or by registered letter addressed to the last known place of business or abode of the person to be notified. The notice shall contain—

(a) An itemized statement of the warehouseman’s claim, showing the sum due at the time of the notice and the date or dates when it became due.

(b) A brief description of the goods against which the lien exists.

(c) A demand that the amount of the claim as stated in the notice, and of such further claim as shall accrue shall be paid on or before the day mentioned, not less than ten days from the delivery of the notice if it is personally delivered,
or from the time when the notice should reach its destination, according to the due course of post, if the notice is sent by mail, and
(d) A statement that unless the claim is paid within the time specified the goods will be advertised for sale and sold by auction at a specified time and place.

In accordance with the terms of a notice so given, a sale of the goods by auction may be had to satisfy any valid claim of the warehouseman for which he has a lien on the goods. The sale shall be had in the place where the lien was acquired, or, if such place is manifestly unsuitable for the purpose, at the nearest suitable place. After the time for the payment of the claim specified in the notice to the depositor has elapsed, an advertisement of the sale, describing the goods to be sold, and stating the name of the owner or person on whose account the goods are held, and the time and place of the sale, shall be published once a week for two consecutive weeks in a newspaper published in the place where such sale is to be held. The sale shall not be held less than fifteen days from the time of the first publication. If there is no newspaper published in such place, the advertisement shall be posted at least ten days before such sale in not less than six conspicuous places therein.

From the proceeds of such sale the warehouseman shall satisfy his lien, including the reasonable charges of notice, advertisement, and sale. The balance, if any, of such proceeds shall be held by the warehouseman, and delivered on demand to the person to whom he would have been bound to deliver or justified in delivering the goods.

At any time before the goods are sold any person claiming a right of property or possession therein may pay the warehouseman the amount necessary to satisfy his lien and pay the reasonable expenses and liabilities incurred in serving notices and advertising and preparing for the sale up to the time of such payment. The warehouseman shall deliver the goods to the person making such payment if he is a person entitled, under the provisions of this act, to the possession of the goods on payment of charges thereon. Otherwise the warehouseman shall retain possession of the goods according to the terms of the original contract of deposit.

Sec. 34. If goods are of a perishable nature, or by keeping will deteriorate greatly in value, or by their odor, leakage, inflammability, or explosive nature, will be liable to injure other property, the warehouseman may give such notice to the owner, or to the person in whose name the goods are stored, as is reasonable and possible under the circumstances, to satisfy the lien upon such goods, and to remove them from the warehouse, and in the event of the failure of such person to satisfy the lien and to remove the goods within the time so specified, the warehouseman may sell the goods at public or private sale without advertising. If the warehouseman, after a reasonable effort is unable to sell such goods, he may dispose of them in any lawful manner, and shall incur no liability by reason thereof. The proceeds of any sale made under the terms of this
section shall be disposed of in the same way as the proceeds of sales made under the terms of the preceding section.

Sec. 35. The remedy for enforcing a lien herein provided does not preclude any other remedies allowed by law for the enforcement of a lien against personal property nor bar the right to recover so much of the warehouseman’s claim as shall not be paid by the proceeds of the sale of the property.

Sec. 36. After goods have been lawfully sold to satisfy a warehouseman’s lien, or have been lawfully sold or disposed of because of their perishable or hazardous nature, the warehouseman shall not thereafter be liable for failure to deliver the goods to the depositor, or owner of the goods, or to a holder of the receipt given for the goods when they were deposited, even if such receipt be negotiable.

Sec. 37. A negotiable receipt may be negotiated by delivery—

(a) Where, by the terms of the receipt, the warehouseman undertakes to deliver the goods to the bearer, or

(b) Where, by the terms of the receipt, the warehouseman undertakes to deliver the goods to the order of a specified person, and such person or a subsequent indorsee of the receipt has indorsed it in blank or to bearer.

Where, by the terms of a negotiable receipt, the goods are deliverable to bearer or where a negotiable receipt has been indorsed in blank or to bearer, any holder may indorse the same to himself or to any other specified person, and in such case the receipt shall thereafter be negotiable only by the indorsement of such indorsee.

Sec. 38. A negotiable receipt may be negotiated by the indorsement of the person to whose order the goods are, by the terms of the receipt, deliverable. Such indorsement may be in blank, to bearer or to a specified person. If indorsed to a specified person, it may be again negotiated by the indorsement of such person in blank, to bearer or to another specified person. Subsequent negotiations may be made in like manner.

Sec. 39. A receipt which is not in such form that it can be negotiated by delivery may be transferred by the holder by delivery to a purchaser or donee.

A non-negotiable receipt can not be negotiated, and the indorsement of such a receipt gives the transferee no additional right.

Sec. 40. A negotiable receipt may be negotiated—

(a) By the owner thereof, or

(b) By any person to whom the possession or custody of the receipt has been entrusted by the owner. If, by the terms of the receipt, the warehouseman undertakes to deliver the goods to the order of the person to whom the possession or custody of the receipt has been entrusted, or if at the time of such entrusting the receipt is in such form that it may be negotiated by delivery.

Sec. 41. A person to whom a negotiable receipt has been duly negotiated acquires thereby—
(a) Such title to the goods as the person negotiating the receipt to him had or had ability to convey to a purchaser in good faith for value, and also such title to the goods as the depositor or person to whose order the goods were to be delivered by the terms of the receipt had or had ability to convey to a purchaser in good faith for value, and

(b) The direct obligation of the warehouseman to hold possession of the goods for him according to the terms of the receipt as fully as if the warehouseman had contracted directly with him.

Sec. 42. A person to whom a receipt has been transferred but not negotiated, acquires thereby, as against the transferor, the title to the goods, subject to the terms of any agreement with the transferor.

If the receipt is non-negotiable such person also acquires the right to notify the warehouseman of the transfer to him of such receipt, and thereby to acquire the direct obligation of the warehouseman to hold possession of the goods for him according to the terms of the receipt.

Prior to the notification of the warehouseman by the transferor or transferee of a non-negotiable receipt, the title of the transferee to the goods and the right to acquire the obligation of the warehouseman may be defeated by the levy of an attachment or execution upon the goods by a creditor of the transferor, or by a notification to the warehouseman by the transferor or a subsequent purchaser from the transferor of a subsequent sale of the goods by the transferor.

Sec. 43. Where a negotiable receipt is transferred for value by delivery, and the indorsement of the transferor is essential for negotiation, the transferee acquires a right against the transferor to compel him to indorse the receipt, unless a contrary intention appears. The negotiation shall take effect as of the time when the indorsement is actually made.

Sec. 44. A person who for value negotiates or transfers a receipt by indorsement or delivery, including one who assigns for value a claim secured by a receipt, unless a contrary intention appears—

(a) That the receipt is genuine,

(b) That he has a legal right to negotiate or transfer it,

(c) That he has knowledge of no fact which would impair the validity or worth of the receipt, and

(d) That he has a right to transfer the title to the goods, and that the goods are merchantable or fit for a particular purpose whenever such warranties would have been implied, if the contract of the parties had been to transfer without a receipt the goods represented thereby.

Sec. 45. The indorsement of a receipt shall not make the indorser liable for any failure on the part of the warehouseman or previous indorsers of the receipt to fulfill their respective obligations.

Sec. 46. A mortgagee, pledgee or holder for security of a mortgagee warrant, who in good faith demands or receives payment of the debt for which such receipt is security, whether from a party
to a draft drawn for such debt or from any other person, shall not by so doing be deemed to represent or to warrant the genuineness of such receipt or the quantity or quality of the goods therein described.

SEC. 47. The validity of the negotiation of a receipt is not impaired by the fact that such negotiation was a breach of duty on the part of the person making the negotiation, or by the fact that the owner of the receipt was induced by fraud, mistake, or duress to entrust the possession or custody of the receipt to such person, if the person to whom the receipt was negotiated, or a person to whom the receipt was subsequently negotiated, paid value therefore, without notice of the breach of duty, or fraud, mistake, or duress.

SEC. 48. Where a person having sold, mortgaged, or pledged goods which are in a warehouse and for which a negotiable receipt has been issued, or having sold, mortgaged, or pledged the negotiable receipt representing such goods, continues in possession of the negotiable receipt, the subsequent negotiation thereof by that person under any sale, or other disposition thereof to any person receiving the same in good faith, for value and without notice of the previous sale, mortgage or pledge, shall have the same effect as if the first purchaser of the goods or receipt had expressly authorized the subsequent negotiation.

SEC. 49. Where a negotiable receipt has been issued for goods, no seller's lien or right of stoppage in transit shall defeat the rights of any purchaser for value in good faith to whom such receipt has been negotiated, whether such negotiation be prior or subsequent to the notification to the warehouseman who issued such receipt of the seller's claim to a lien or right of stoppage in transit. Nor shall the warehouseman be obliged to deliver or justify in delivering the goods to an unpaid seller unless the receipt is first surrendered for cancellation.

SEC. 50. A warehouseman, or any officer, agent, or servant of a warehouseman, who issues or aids in issuing a receipt knowing that the goods for which such receipt is issued have not been actually received by such warehouseman, or are not under his control at the time of issuing such receipt, shall be guilty of a crime, and upon conviction shall be punished for each offense by imprisonment not exceeding five years, or by a fine not exceeding five thousand dollars, or by both.

SEC. 51. A warehouseman, or any officer, agent, or servant of a warehouseman, who fraudulently issues or aids in fraudulently issuing a receipt for goods knowing that it contains any false statement, shall be guilty of a crime, and upon conviction shall be punished for each offense by imprisonment not exceeding one year, or by a fine not exceeding one thousand dollars, or by both.

SEC. 52. A warehouseman, or any officer, agent, or servant of a warehouseman, who issues or aids in issuing a duplicate or additional negotiable receipt for goods knowing that a former negotiable receipt for the same goods or any part of them is
outstanding and uncancelled, without plainly placing upon
the face thereof the word "duplicate," except in the case of a
lost or destroyed receipt after proceedings as provided for in
Section 14, shall be guilty of a crime, and upon conviction shall
be punished for each offense by imprisonment not exceeding
five years, or by a fine not exceeding five thousand dollars, or
by both.

Sec. 53. Where there are deposited with or held by a ware-
houseman goods of which he is owner, either solely or jointly
or in common with others, such warehouseman, or any of his
officers, agents, or servants who, knowing this ownership, issues
or aids in issuing a negotiable receipt for such goods which
does not state such ownership, shall be guilty of a crime, and
upon conviction, shall be punished for each offense by imprison-
ment not exceeding one year, or by a fine not exceeding one
thousand dollars, or by both.

Sec. 54. A warehouseman, or any officer, agent, or servant
of a warehouseman who delivers goods out of the possession of
such warehouseman, knowing that a negotiable receipt the
negotiation of which would transfer the right to the possession
of such goods is outstanding and uncancelled, without obtaining
the possession of such receipt at or before the time of such
delivery, shall, except in the cases provided for in sections 14
and 36, be found guilty of a crime, and upon conviction shall
be punished for each offense by imprisonment not exceeding
one year, or by a fine not exceeding one thousand dollars, or
by both.

Sec. 55. Any person who deposits goods to which he has same
not title, or upon which there is a lien or mortgage, and who
takes for such goods a negotiable receipt which he afterwards
negotiates for value with intent to deceive and without disclos-
ing his want of title or the existence of the lien or mortgage
shall be guilty of a crime, and upon conviction shall be pun-
ished for each offense by imprisonment not exceeding one year,
or by a fine not exceeding one thousand dollars, or by both.

Sec. 56. In any case not provided for in this act, the rules
of law and equity, including the law merchant, and in par-
ticular the rules relating to the law of principal and agent and
to the effect of fraud, misrepresentation, duress or coercion,
mistake, bankruptcy, or other invalidating cause, shall govern.

Sec. 57. This act shall be so interpreted and construed as
to effectuate its general purpose to make uniform the law of
those states which enact it.

Sec. 58. (1) In this act, unless the context or subject-
matter otherwise requires—
"Action" includes counter claim, set-off, and suit in equity.
"Delivery" means voluntary transfer of possession from one
person to another.
"Fungible goods" means goods of which any unit is, from

(2) A thing is done "in good faith" within the meaning of this act, when it is in fact done honestly, whether it be done negligently or not.

Sec. 59. The provisions of this act do not apply to receipts made and delivered prior to the taking effect of this act.

Sec. 60. All acts or parts of acts inconsistent with this act are hereby repealed.

Sec. 61. This act may be cited as the Warehouse Receipts Act.

assembly, do enact as follows:

SECTION 1. Section four hundred and forty-four of the
Political Code of the State of California is hereby amended
to read as follows:

444. The controller must, when either the general fund or
the interest and sinking fund of the state treasury is exhausted,
and there is money in some other fund not required to meet
any demand which has accrued or may accrue against it,
report such fact to the governor and the treasurer. If they
find that the money is not needed in such other fund, the gov-
ernor may order the controller to direct the transfer of such
money, or any part thereof, to the general fund or to the
interest and sinking fund, as the case may be. All money so
transferred must be returned to the fund from which is was
transferred as soon as there is sufficient money in the fund to
which the transfer was made to return it. Nothing in this sec-
tion warrants the transfer of any money from any fund so as
to in any manner interfere with the object for which such fund
was created.

[Approved March 19, 1900.]

The people of the State of California, represented in senate and assembly, do enact as follows:

A new section is hereby added to the Penal Code of California to be numbered 402e and to read as follows:

402e. Any practitioner of veterinary medicine in the State of California who shall, upon gaining information thereof, fail to immediately report in writing to the state veterinarian the location, description, and name and address of the owner or person in charge, if known, of any animal or animals affected with any one of the following diseases: glanders, anthrax, blackleg, hog cholera, swine plague, verminous bronchitis, sheep scab, mycotic lymphangitis, aphthous fever, or Texas fever, shall be deemed guilty of a misdemeanor.

CHAPTER 294.

An act to amend the Political Code of the State of California by adding two new sections thereto, to be known and designated as section one thousand nine hundred and eight-seven, and section two thousand one hundred and seven, both relating to the national guard.

[Approved March 19, 1900.]

The people of the State of California, represented in senate and assembly, do enact as follows:

SECTION 1. A new section is hereby added to the Political Code of California to be known and designated as section one thousand nine hundred and eighty-seven, to read as follows:

1897. Deserter. If any member of the national guard absents himself for a period of three months from all drills, or parades of his company, he will be carried as a deserter, except when such absence is caused by sickness, the fact of such sickness to be established by doctor's certificate and his commanding officer will furnish a statement setting out all the facts, forwarding the same through military channels to the adjutant general, who may authorize the soldier to be dropped as a deserter.
If any member of the national guard when on duty with his company, by order of the proper authority for the suppression of insurrection, preservation of the peace, or similar duty, willfully absents himself from his command for more than twenty-four hours, he shall be carried as a deserter, and his commanding officer will take immediate steps to secure such deserter’s arrest.

Deserters in time of insurrection, or disturbance of the peace, when captured, or when voluntarily surrendering themselves, will be brought before a court-martial according to the statutes of California and the rules and articles of war.

Lists of deserters will be published by the adjutant general, in orders, for the information of the national guard of Cali-

A deserter will make good the time lost by desertion, unless discharged by competent authority. He will be considered again in the service from the date of his apprehension or surrender; but if a deserter enlists while in desertion, such service shall not be counted as making good time lost by desertion.

A deserter will not be restored to duty without trial except by authority competent to order his trial; such restoration, being ordered in case the desertion is admitted, does not remove the charge of desertion or relieve the soldier from any of the forfeitures attached to that offense; he must make good the time lost by desertion, refund the expenses paid for apprehension and delivery, and forfeit pay while absent. The same authority is competent to set aside a charge of desertion as having been erroneously made and his order to this effect operates to remove the charge of desertion and all stoppages and forfeitures arising therefrom.

Members of the national guard not charged with crime, discovered to be deserters from the army, navy, or marine corps, will be dropped from the rolls of the national guard of California. In such case a report will be forwarded to the adjutant general, stating all the facts connected with the case, by the proper commanding officer.

SEC. 2. A new section is hereby added to the Political Code of the State of California to be known and designated as section two thousand one hundred and seven, to read as fol-

State Armory Board. The adjutant general, the officer with the rank of colonel in the adjutant general’s department, the inspector general, the judge advocate general, and the commanding officer of the brigade within whose com-

It shall be the duty of the board, under the direction of the governor, to make and enforce regulations
for the government and control of such armories and buildings, and where appropriations have been made therefor, to advertise for and receive bids for the construction of armories, or arsenals, to enter into contract for the construction and completion thereof, to contract for and purchase the furnishings therefor, and to purchase and lease real estate for the purpose of erecting armories or arsenals thereon; provided, that it shall be the duty of the state engineer to furnish the plans, estimates, and specifications for all armories and arsenals, and to superintend the erection and construction of such buildings.

The provisions of title nine, part three of the Code of Civil Procedure in so far as they conflict with this section of this act are not applicable to corporations seeking revivor under this act.

[Approved March 19, 1900.]

The people of the State of California, represented in senate and assembly, do enact as follows:

Section 1. A new section is hereby added to the Political Code to be known as section 3785a, and to read as follows:

3785a. [Approved March 19, 1909.]

The people of the State of California, represented in senate and assembly, do enact as follows:

SECTION 1. A new article is hereby added to the Political Code, to be numbered article XIV of chapter III of title III of part III of said code and to read as follows:

ARTICLE XIV.

ESTABLISHMENT AND GOVERNMENT OF HIGH SCHOOLS AND HIGH SCHOOLS.

Section 1720. Secondary schools provided for.
1721. Kinds of high school districts.
1722. Qualifications of heads of families.
1723. Jurisdiction over high school districts.
1724. Validation of high school districts.
1725. Formation of high school districts in cities, etc.
1726. Organization of high school boards in cities, etc.
1727. Formation of union high school districts.
1728. Formation of joint union high school districts.
1729. Union of high school districts.
1730. Organization of high schools boards in union and joint union high school districts.
1731. Same.
1732. Reorganization of high school board on change in number of districts.
1733. Change in boundaries of school districts.
1734. Annexation and exclusion of school districts.
Section 1720. The secondary schools of the state shall be known and designated as high schools and technical schools. High schools may be established and high school districts formed and organized, in accordance with the provisions of this article. Whenever any high school district is so formed and organized the governing body thereof shall establish and maintain one or more high schools therein.

1721. A high school district composed of two or more school districts shall be known as a union high school district, and such designation shall be a part of its name. If such school districts, or portions thereof, are in more than one county, such union high school district shall be known as a joint union high school district, and such designation shall be a part of its name. Whenever the term high school district is used in this article or in article fifteen of this chapter it shall, unless a contrary intent appears, be deemed to include union "high school districts" and joint union high school districts. Any city school district which has for a period of one year preceding the taking effect of this section established and maintained a high school within such district, shall be deemed to be and constitute a city high school district.

1722. Whenever by the provisions of this article the signatures of heads of families are required to any petition, any person who at the time of signing such petition is the parent or guardian of one of more children under seventeen years of age and entitled to their custody, shall be a competent signer thereof, whether such person is enrolled as such on the last preceding school census or not, but the superintendent of schools with whom such petition is filed may require proof under oath that any person not enrolled on the last preceding school census as such is the head of a family. Said census shall be sufficient evidence of the qualifications of any person who is enrolled thereon as the head of a family. The superintendent of schools who is required to verify any such petition may, if any of the signers thereof reside outside of his county, require the superintendent of schools of the county in which such signers reside to certify to him a copy of so much of the last school census of such other county as is necessary for that purpose.
1723. For the purposes of this article and of article XV of this chapter every county superintendent of schools shall have jurisdiction over all high school districts which are wholly situated in his county; and in case of a high school district situated in more than one county, the superintendent of schools of the county in which the high school is located, if such district is existing at the time this section takes effect, or the county superintendent of schools in whose office the original petition for the formation of such district is filed, if such district shall be hereafter formed or organized, shall have jurisdiction over such high school district.

1724. All proceedings for the formation and organization of high school districts and the establishment of county, city, city and county, union, joint union and district high schools, had prior to the taking effect of this section, are hereby validated and declared legal, and said high school districts and high schools, and any other high school districts which have been acting as such for more than one year previous to the taking effect of this section, are hereby declared to be legally formed, organized and established; and in all cases where high school districts shall hereafter be formed, organized and established, the certificate of the county superintendent mentioned in sections seventeen hundred twenty-five, seventeen hundred twenty-seven, seventeen hundred twenty-eight and seventeen hundred twenty-nine, when filed with the county clerk, when the result of the election as therein declared is in favor of the formation of a high school district, shall after the expiration of one year from the date of such filing be conclusive evidence that such high school district has been legally formed.

1725. Whenever a majority of the heads of families, according to the number of heads of families shown by the last preceding school census, residing in any incorporated city or town or school district, having by the last preceding school census two hundred or more census children, shall unite in a petition for the formation of a high school district therein under a name to be specified in the petition, they shall present the same to the superintendent of schools, of the county, or in case of a joint school district to the superintendent of schools of the county in which the greater number of census children of such district reside, according to the last preceding school census.

Within twenty days after receiving said petition the superintendent of schools shall verify the signatures to such petition, and if he finds them sufficient shall call an election in such incorporated city or town, including any territory annexed thereto under the provisions of section fifteen hundred seventy-six, or in such school district, for the determination of the question, and shall appoint three qualified electors thereof to conduct said election. Said election shall be called by posting notices thereof in three public places in said incorporated city or town, or school district, at least two weeks before the election, and by publishing such notice at least once a week for two
successive weeks in a newspaper of general circulation published therein at least as often as once a week, if there be such a newspaper, the first publication to be not less than two weeks before the election. Said election shall be conducted in the manner prescribed for conducting elections of school trustees. The ballots used at such election shall contain the words "High School District—Yes" and "High School District—No" and electors voting at such election shall make a cross with pencil, ink, or rubber stamp, after the answer they desire to give. It shall be the duty of said election officers to canvass the vote at such election as soon as the polls are closed, and to report the result of said election to the superintendent of schools within five days subsequent to the holding thereof. Within ten days after receiving the returns of said election the superintendent of schools shall record the result thereof in a book kept by him for that purpose, and if the majority of the votes cast at the election are in favor of the high school district, he shall also make and file with the county clerk of every county in which any part of such proposed high school district lies, a certificate showing the number of votes cast at such election for and against the high school district, and declaring the result thereof. Such county clerk shall record said certificate in full in a book to be kept by him for that purpose and designated the record of high school districts.

If it shall appear from such certificate that a majority of the votes cast at such election were cast in favor of the formation of such district, such high school district shall be deemed to be formed from the time of the filing thereof.

1726. In every high school district formed and existing in an incorporated city or town, or in a single school district, the board of education or board of school trustees of such incorporated city or town or school district shall constitute the high school board, and shall have the management and control of the high school in said district. Upon the formation of any such high school district it shall be the duty of the superintendent of schools having jurisdiction over the same to call a meeting of the board of education or board of school trustees of said incorporated city or town, or school district, within fifteen days after receiving the returns of the election held therein, by giving at least ten days' notice by registered mail, to every member of said board of education or board of school trustees. The board of education or board of school trustees shall, at said meeting, formally organize as the high school board by electing a president from their own number and a clerk, and may transact other business relating to the affairs of the high school district.

1727. Whenever a majority of the heads of families residing in each of two or more contiguous school districts in the same county, according to the number of heads of families therein shown by the last preceding school census, (provided, that said districts have by said school census, two hundred or more census children in the aggregate) shall unite in a petition to
the superintendent of schools of such county, for the formation of a union high school district under a name to be specified in the petition, he shall, within twenty days after receiving said petition verify the signatures thereto, and if he finds them sufficient, call an election for the determination of the question, and shall appoint three qualified electors in each of the districts petitioning, to conduct the election therein. Said election shall be held separately and simultaneously at a public schoolhouse in each of the districts petitioning, and shall be called by posting notices thereof in three public places in each district, one of which places shall be a public schoolhouse thereof, at least two weeks before the election, and by publishing such notice at least once a week for two successive weeks in a newspaper of general circulation published at least as often as once a week in said proposed union high school district, if there be such a newspaper, the first publication to be not less than two weeks before the election. Said election shall be conducted by the officers appointed for that purpose, in the manner provided by law for conducting elections of school trustees. The ballots used at such election in each district shall contain the words “Union High School District—Yes” and “Union High School District—No,” and electors voting at such election shall make a cross with pencil, ink or rubber stamp, after the answer they desire to give. It shall be the duty of the said election officers in each district to canvass the vote at said election as soon as the polls are closed, and report the result to the superintendent of schools within five days subsequent to the holding of said election. Within ten days after receiving the returns of said election, the superintendent of schools shall combine the votes “for” and “against” the formation of the union high school district and declare such result and record the result, with the details of the vote in each district, in a book kept by him for that purpose. If a majority of the votes cast at the election are in favor of the formation of the union high school district, he shall also file with the county clerk of the county, a certificate showing the total number of votes cast in each district in favor of the union high school district, the total number of votes in each district against the union high school district, the aggregate result of said election and the boundaries of said proposed district. If it shall appear from such certificate that a majority of the votes cast at such election were cast in favor of the formation of such district, such union high school district shall be deemed to be formed from the time of the filing thereof, and the county clerk shall record said certificate in full in his record of high school districts.

1728. Whenever a majority of the heads of families residing in each of two or more contiguous school districts, not wholly in the same county, according to the number of heads of families therein shown by the last preceding school census (provided said school districts have in the aggregate, according to the said school census, two hundred or more census children)
shall unite in a petition for the formation of a joint union high school district, under a name to be specified in the petition, they shall present said petition to the superintendent of schools of the county in which the greater number of census children of said proposed joint union high school district reside, according to the last preceding school census, or if two or more counties are tied in that respect, to the superintendent of schools of one of said counties to be determined by lot by all the superintendents of schools interested. Thereupon the same proceedings shall be had on such petition as are directed in section seventeen hundred twenty-seven, except that the county superintendent of schools shall file his certificate of the result of the election with the county clerk of each county in which any part of the joint union high school district is situated. If it appears from such certificate that a majority of the votes cast at such election were cast in favor of the formation of such district, such joint high school district shall be deemed to be formed from the time of the filing thereof. The county clerk shall record the certificate in full in his record of high school districts.

1729. Two or more contiguous high school districts in the same or in adjoining counties may be united to form a single union or joint union high school district by proceedings taken as hereinafter provided. Whenever a petition signed by two thirds of the high school board of each of two or more contiguous high school districts, asking that said high school districts be united to form a single union or joint union high school district under a name to be stated in the petition, and stating the location of the high school agreed upon by said high school boards, shall be presented to the superintendent of schools who would have jurisdiction of an original petition for the formation of a high school district out of the territory comprised in the high school districts so petitioning, said superintendent of schools shall within twenty days, call an election for the determination of the question. Such election shall be held separately in each of the school districts composing said high school districts so petitioning, and shall be called and held as provided in section seventeen hundred twenty-seven, except that the ballots shall state the location of the high school as described in the petition to the superintendent of schools and shall contain the words "For the Union of High School Districts—Yes" and "For the Union of High School Districts—No." Said superintendent of schools shall canvass the returns and file his certificate of the result as directed by section seventeen hundred twenty-seven. If a majority of the votes cast at such election are in favor of the union of such high school districts, the high school districts so petitioning shall, from the time of filing such certificate, be united to form a single union or joint union high school district under the name stated in the petition. Thereupon the high school board shall be elected and organized as provided in sections seventeen hundred thirty and seventeen hundred thirty-one. If either of such high school districts so united has an outstand-
ing bonded indebtedness, the new high school district shall be liable therefor.

1730. In every union or joint union high school district, the high school board shall be composed of five members who shall be elected from the high school districts at large for the term of three years, except as hereinafter provided. When any union or joint union high school district is formed, the superintendent of schools who has jurisdiction over the same shall, within fifteen days thereafter, call an election in said union or joint union high school district for the purpose of electing a high school board. Such election shall be held at a schoolhouse of each school district in the high school district, and such superintendent of schools shall appoint the same number of officers of election for each school district, and give the same notice of election as are required for the election of school trustees, and the election shall be held in the same manner as are elections of school trustees, except that the returns shall be at once sent to such superintendent of schools, and he shall canvass the same and issue certificates of election to the persons elected. The members of the high school board so elected shall hold office until the first day of July next succeeding the first regular election of members of the high school board held, as hereinafter provided, after the formation of the high school district, and until their successors are elected or appointed and qualified. Within twenty days after said election the superintendent of schools shall call a meeting of the high school board by giving at least ten days notice by registered mail to each member thereof, for the purpose of organizing the high school board. At such meeting the high school board shall organize by electing a president from their own number and a clerk, and may transact any other business relating to the affairs of the school district.

1731. The regular annual election of members of the high school board shall be held at the same time as the regular annual election of school trustees. Said election shall be called by the high school board, who shall for that purpose designate a polling place in each of the school districts composing the high school district, at one of the schoolhouses thereof, at which the electors of such school districts shall vote. The high school board shall give the same notice of said election and appoint the same number of election officers in each school district as are required for the election of school trustees, and said election shall be held in the same manner as are elections of school trustees, except that the returns thereof shall be at once sent to the high school board, who shall meet at the high school on the seventh day thereafter at one o’clock p. m., and canvass said returns and issue certificates of election to the persons elected and file duplicates thereof with the superintendent of schools having jurisdiction over such high school district. The high school board elected at the first regular election following the formation of any union or joint union high school district shall at their first meeting so classify themselves by lot that one of their number shall hold office for
one year, two of their number shall hold office for two years, and two of their number shall hold office for three years from the first day of July next preceding. Thereafter as each member's term expires his successor shall be elected in like manner for the term of three years and until his successor shall be elected or appointed and qualified. Vacancies on the board shall be filled by appointment by the superintendent of schools having jurisdiction over the high school district, the appointee to hold office until the first day of July next succeeding the appointment, and a person to fill any unexpired term shall be elected at the next regular election after the vacancy occurs.

In each union or joint union high school district formed before this section takes effect the members of the high school board in office at the time this section takes effect or persons appointed as their successors, in case of vacancies, shall hold office until the first day of July, 1910, at which time their terms of office shall expire. At the time hereinbefore provided for the holding of the regular election of members of the high school board in the year 1910 a new board consisting of five members shall be elected at large in each such union or joint union high school district, who shall take office on the first day of July 1910, said high school board shall at their first meeting classify themselves by lot as hereinbefore provided for newly formed districts and thereafter their successors shall be elected as hereinbefore provided.

1732. Whenever a new school district becomes a part of any union or joint union high school district, such newly added school district shall be entitled to participate in all elections of members of the high school board thereafter held.

Whenever the number of school districts in a high school district is increased from one to two or more, the superintendent of schools having jurisdiction of such high school district shall within fifteen days thereafter, call an election as provided in section seventeen hundred thirty, and thereafter the high school board shall be elected and organized as provided in sections seventeen hundred thirty and seventeen hundred thirty-one.

Whenever the number of school districts in a high school district is decreased from two or more to one, the superintendent of schools having jurisdiction over said high school district shall within fifteen days call a meeting of the school trustees of the remaining district, as provided in section seventeen hundred twenty-six, at which the high school board shall organize as provided in said section, and thereupon the terms of office of the members of the high school board in office when the decrease was made shall cease.

1733. A school district can not lie partly within a high school district and partly without; and in all cases where the boundaries of a school district comprised within any high school district shall for any cause be changed to include territory not previously in such school district, the territory added to such school district shall become and constitute a part of the
high school district; and in all cases where the boundaries of a school district comprised within any high school district shall be changed so as to exclude territory therefrom such excluded territory shall, except as hereinafter provided, be excluded from the high school district. Where a new school district is formed from territory situated wholly within one high school district, such new school district shall continue to be a part of the high school district; and where a new school district is formed from territory situated in two or more high school districts or situated partly in a high school district and partly in no high school district, the electors of such new school district shall decide by a majority vote to which high school district the new school district shall belong or whether such new school district shall be a part of such high school district, such election being held within thirty days after the formation of the school district, and called by the superintendent of schools of the county in which such school district is situated, in the manner provided in section seventeen hundred twenty-seven. The result of such election shall be certified by the superintendent of schools to the county clerk of the county in which such school district is situated, and to the clerk of every other county in which any part of the high school district selected by the electors is situated, and entered in such clerk's record of high school districts.

1734. Whenever a majority of the heads of families residing in any school district contiguous to a high school district, in the same or in any adjoining county, according to the number of heads of families therein, shown by the last preceding school census, shall present to the superintendent of schools who has jurisdiction over said high school district, a petition for the annexation of such school district to such high school district, accompanied by an agreement signed by a majority of the members of the high school board of the high school district to which annexation is desired, and by a majority of the trustees of such school district, consenting to such annexation and setting forth the terms thereof such superintendent of schools shall, after verifying the signatures thereon and finding them sufficient, transmit such petition and agreement to the board of supervisors of his county with his recommendations thereon. Such board may thereupon, in their discretion, make an order annexing such school district to such high school district upon the terms agreed on.

Whenever it appears that the terms agreed upon by the trustees of the district seeking to be annexed and the high school board include the assumption by the district to be annexed of its pro rata portion of any bonded indebtedness existing against the high school district the board of supervisors shall call an election in the district so proposing to assume such indebtedness for the purpose of determining whether such indebtedness shall be authorized and assumed. Such election shall be held as provided in section seventeen hundred forty-five, except that the returns shall be made to
the board of supervisors. If it shall appear from the returns of such election that two thirds of the votes cast at such election were cast in favor of the assumption by the district seeking to be annexed of its pro rata portion of such bonds, then and not until then shall such district be annexed to such high school district. If such bonded indebtedness is assumed by the annexed district then all levies of taxes made for the payment of the same and interest thereon, shall be upon the property of such annexed district at the same rate as levied upon the property of the original high school district.

Whenever a majority of the heads of families residing in any union or joint union high school district, and two thirds of the heads of families residing in any school district which is a part thereof, according to the number of heads of families shown by the last preceding school census, shall present to the superintendent of schools who has jurisdiction over said high school district petitions asking for the exclusion of such school district from such high school district, accompanied by an agreement signed by a majority of the high school board of such high school district and a majority of the trustees of such school district, consenting to such exclusion and setting forth the terms thereof, such superintendent of schools shall after verifying the signatures thereto and finding them sufficient, transmit such petitions and agreement to the board of supervisors of his county, with his recommendations thereof. Such board may thereupon, in their discretion, make an order excluding such school district from the high school district upon the terms agreed on; provided, however, that no school district shall be excluded from a high school district having an outstanding bonded indebtedness, where such exclusion would so reduce the amount of taxable property in such high school district that said outstanding bonded indebtedness would exceed five per cent of the taxable property of such high school district after the exclusion, as shown by the last equalized assessment of the county or counties in which such high school district is located. The order of the board of supervisors annexing a school district to, or excluding it from, a high school district shall be entered by their clerk in his record of high school districts and he shall also send a copy thereof to the county clerk of each county in which any part of such high school district is situated, who shall enter it in his record of high school districts.

1735. When the average daily attendance of pupils in any high school district during the whole of any school year after the first school year shall be ten, or less than ten, the superintendent of schools having jurisdiction over such high school district shall suspend the high school in said high school district, and shall report the fact to the board of supervisors of his county. Upon receiving such report from the superintendent of schools, the board of supervisors shall declare the high school district lapsed, and shall cause the property thereof to be sold. All moneys received from the sale of the
property of the high school district, and all moneys in the 
treasury to the credit of said high school district, shall be 
distributed by the superintendent of schools to the school 
districts composing the high school district, in proportion to 
the assessed valuation of property in said districts, according 
to the last completed county assessment rolls, and the portions 
of said proceeds belonging under such divisions to the districts 
in other counties shall be transferred to the county or counties 
within which such school districts are situated.

1736. Any high school district may, after the expiration of 
three years from its formation, or after it has been acting as 
such for three years, disincorporate and be dissolved in the 
following manner: A petition signed by two thirds of the 
heads of families, according to the number of heads of families 
shown by the last preceding school census, of each school 
district composing such high school district shall be presented 
to the superintendent of schools having jurisdiction over such 
high school district, which petition shall set forth briefly the 
reasons for disincorporation, and shall pray that the question 
may be submitted to the voters in said district. Upon receiv-
ing such petition the said superintendent of schools shall 
verify the signatures to said petition and shall, if he finds them 
sufficient, call an election in each school district of such high 
school district, and shall submit to the voters therein the 
question of disincorporation of such high school district. At 
the time of calling such election, which must be held in all 
the school districts of the high school district upon the same 
day, the superintendent of schools must appoint three electors 
in each school district contained within such high school 
district to conduct the election. Notice of election shall be 
given by posting and publication as provided by section seve-
teen hundred twenty-seven in case of an election for the for-
mation of a union high school district. Said election shall be 
conducted in the manner provided by law for conducting elec-
tions of school trustees. The ballots shall have printed on 
them the words "Disincorporation—Yes" and "Disincorpora-
tion—No" and electors voting at such election shall make a 
cross with pencil, ink, or rubber stamp, opposite the answer 
they desire to give.

The election officers shall report the result of such election 
within five days thereafter to said superintendent of schools. 
If a majority of all the votes cast at such election are op-
posed to disincorporation no further petition shall be entertained or 
election ordered for a similar purpose within three years next 
following such election. If two thirds of all votes cast at such 
election are in favor of disincorporation, the superintendent of 
schools shall, at the end of the existing school year, suspend 
said high school district, and report the result of the election 
and the fact of such suspension to the board of supervisors of 
his county. Upon receiving such report, said board shall, at 
the first meeting thereafter, make an order declaring said high 
school district duly disincorporated and dissolved, to take 
effect at the end of the existing school year. When a high
school district has disincorporated under the provisions of this section, the property thereof shall be sold by said board of supervisors and the proceeds of such sale, together with any moneys in the treasury to the credit of such disincorporated high school district, shall be disposed of as provided in section seventeen hundred thirty-five. If a high school district so disincorporated has an outstanding bonded indebtedness, taxes shall be levied and collected on all property in the territory constituting such high school district at the time of its disincorporation, for the purpose of paying principal and interest of such bonds, in the same manner, and at the same time as if said district had not been disincorporated.

1737. Whenever a petition shall be presented to the superintendent of schools having jurisdiction of any high school district signed by at least two thirds of the members of the high school board of such high school district asking that the name of such high school district be changed and stating the new name desired, said superintendent of schools must transmit the same to the board of supervisors of his county, and the board of supervisors shall designate a day upon which they will act upon such petition, which must not be less than ten nor more than forty days after the receipt thereof. The clerk of said board of supervisors must give notice to all parties interested, by publication in a newspaper published within said high school district, or if no newspaper is published therein, then in any newspaper published in the county, of the time set for the hearing of said petition, which notice must be published at least twice before the day set for hearing, whereupon the board shall, by resolution, either grant or deny the petition; and if granted, the clerk of the board of supervisors shall notify the county superintendent of schools of the change of the name of said district. Such change must be certified to the county clerk of each county in which any part of the high school district is situated and entered by him in his record of high school districts.

1738. Whenever a petition signed by fifty or more qualified electors and taxpayers of any county is presented to the board of supervisors thereof, asking for the establishment and maintenance of a county high school in such county, the board of supervisors must submit the question of establishing and maintaining a county high school in said county to the qualified electors thereof at the next general election held therein, or at a special election to be called by the board for that purpose. If a special election is called notice thereof must be given by publication in some newspaper of general circulation published in the county for at least two weeks before the election, or if there is no such newspaper, by posting the same conspicuously in five public places in the county at least two weeks before the election. The ballots used at such election shall contain the words "County High School—Yes" and "County High School—No" and voters shall express their choice by marking a cross with pencil, ink or rubber stamp after the answer they desire to give. Said special election shall be conducted in
the manner prescribed by sections ten hundred forty-four, eleven hundred twenty, eleven hundred twenty-one, eleven hundred thirty-three and eleven hundred fifty-one of this code for conducting special elections. The electors of any high school district existing in such county at the time of the submission of said proposition shall be excluded from voting upon said proposition, unless in addition to the petition above mentioned there is also presented to said board of supervisors the petition of two thirds of the heads of families residing in such high school district, or in case of a union high school district, the petition of two thirds of the heads of families residing in each school district composing the union high school district, according to the number of heads of families therein shown by the last preceding school census, in which case the electors of the high school district or districts from which such petitions are presented shall also be entitled to vote upon said proposition. If a majority of all the votes cast upon the question of establishing a county high school are in the affirmative, the board of supervisors shall make an order declaring the county high school established, and shall also declare the high school district or districts which participated in such election, upon the petitions hereinbefore required, to be lapsed, and the property of such lapsed high school districts shall be held or sold by the board of supervisors for the benefit of the county high school. The order of the board in regard to such lapsed districts shall be entered by the county clerk in his record of high school districts. In case the qualified electors of any county deem it expedient to establish and maintain more than one county high school, then such additional school or schools may be established and maintained in the manner prescribed in this article for establishing and maintaining a county high school.

1739. When a county high school is established in any county the county board of education shall be the trustees of such county high school and have control thereof, and shall have the same powers and duties in regard thereto, except in regard to the issuance of bonds, as the high school boards of high school districts. All property required by them for the use of the high school shall be taken in the name of the county, and shall be disposed of only upon order of the board of supervisors made upon recommendation of the county board of education.

1740. Every high school board shall meet on the second Saturday of July of each year at twelve o'clock m. and organize by electing a president from their own number, and a clerk. Every high school board shall hold regular monthly meetings at such times as may be provided in the rules and regulations adopted by them for their own government. provided, that in union or joint union high school districts the regular meetings as above provided may be quarterly. Special meetings may be held at the call of the president of the board. Upon the request, in writing, signed by a majority of any
board, the president of said board shall call a meeting thereof. Of all special meetings of any board the members thereof shall have at least two days' notice, issued and served by the clerk thereof. At special meetings no business shall be transacted other than that specified in the call therefor. All meetings of the high school board shall be held at the high school building; provided, that if no high school building exists in the high school district, or if the high school district consists of a single city, town, or school district, the high school board may meet at such place in the high school district as it may by resolution determine.

1741. Except as in this article, or in article XV of this chapter, otherwise provided, the powers and duties of high school boards shall be such as are now or may hereafter be assigned by law to boards of education or boards of school trustees in school districts. The high school board shall, at any time after its organization, have power to make arrangements for the temporary location of the high school, and if satisfactory quarters in a suitable location are offered or can be procured for a consideration or at a rental which would make it advisable to accept the same, they shall have the power to secure or lease such quarters for a period not to exceed three years. At the expiration of such lease or other arrangement they shall have the same power to make another lease or other arrangement for the same or different quarters, for a period not exceeding three years. If rooms can be obtained in a public school building in the place where the high school is temporarily located, on reasonable terms, such rooms shall be given the preference. The high school board of any union or joint union high school district may provide, in such manner as they deem best, for the transportation to and from the high school of such pupils thereof as such board find to be in need of such transportation; and the cost of such transportation shall be deemed a part of the cost of maintaining the high school and paid accordingly; provided that all contracts or other provision for such transportation shall before the same become effective, be approved by the superintendent of schools who has jurisdiction over such high school district.

1742. When the money for the purchase of a site for a high school in any newly formed high school district has been provided and is in the county treasury the superintendent of schools who has jurisdiction over said high school district shall at once call a meeting of the high school board, in the same manner as he called the first meeting of said board for organization, for the purpose of making a permanent location of the high school. If at such meeting the members of the high school board fail to agree unanimously upon the location for the high school, they shall propose, in writing, to the superintendent of schools and shall transmit to his office within ten days the names of the locations which they favor. Within twenty days after receiving such proposals the superintendent of schools shall call an election in the same manner as the
election for the formation of the district, to determine the location of the high school. At such election only such sites as have been named by the members of the high school board, and certified to the superintendent of schools shall be voted upon. Any form of ballot by which the voter signifies his choice of location shall be allowed. The result of said election shall be determined and certified to the superintendent of schools as provided in case of the election for the formation of the district.

The location which receives the largest number of votes shall be chosen as the location of the high school. No change of location of any high school, when once established, shall be made except upon a petition to the superintendent of schools who has jurisdiction over the high school district, signed by two thirds of the heads of families of the high school district, and then only upon the affirmative votes of two thirds of the qualified electors of the high school district voting at an election called by the superintendent of schools, for that purpose. Such election shall be called and held, and the returns thereof made to the superintendent of schools, in the same manner as in case of the election for the formation of the district.

1743. Nothing in this article shall be construed so as to prevent the principal of any high school from acting as principal of the grammar school of the school district in which the high school is located, if so desired by the trustees of said school district, and the high school board.

The principal of every high school shall annually, at the close of the term and prior to receiving his last month's salary and as a prerequisite for such salary, make out under oath and deliver to the superintendent of schools of each county in which any part of his high school district is situated, a full and complete report of said high school for the entire term or school year. Such report shall show the total number of pupils enrolled during the year, the average daily attendance, the number of teachers regularly employed, the course of instruction pursued, the text-books used, the total number of new pupils enrolled during the year, the total cost of maintaining school during the year, the name, post office address, and common school district residence of every new pupil attending the high school and residing in territory not embraced in any high school district, and the total number of such new pupils, and such other information as may be required by the superintendent of public instruction or the county superintendent of schools.

The term "new pupil" as used in this article and in article XV of this chapter, means a pupil who has not attended any other high school in this state since the first day of July next preceding his enrollment. The said report shall be made upon blanks furnished by said superintendent of public instruction, as other school report blanks are furnished, and in the case of a joint union high school district the statistics of attendance
and other data for each county separately shall be given in said report.

1744. Every superintendent of schools who has jurisdiction over a high school district or in whose county there is a county high school shall annually, at the time required for making reports of primary and grammar schools, make report under oath to the superintendent of public instruction, showing the number of pupils enrolled, average daily attendance, number of teachers regularly employed whether the text-books used therein conform to the list adopted by the high school board of trustees as required by section seventeen hundred fifty and such other information regarding the high schools of his county, or over which he has jurisdiction as he may deem proper, or as may be required by the superintendent of public instruction; said report to be made upon blanks furnished by the superintendent of public instruction.

1745. The high school board of any high school district may, when in its judgment it is advisable, and must upon a petition of a majority of the heads of families residing in such high school district, according to the number of heads of families therein shown by the last preceding school census, call an election and submit to the electors of the high school district the question whether the bonds of such high school district shall be issued and sold for the purpose of raising money for purchasing high school lots, for building or purchasing one or more high school buildings or making alterations or additions to the high school building or buildings, for repairing, restoring or rebuilding any high school building damaged, injured or destroyed by fire or other public calamity, for insuring high school buildings, for supplying high school buildings with furniture or necessary apparatus, for improving the grounds, for liquidating any indebtedness already incurred for said purposes, or for refunding any outstanding valid indebtedness of such district, evidenced by bonds or warrants thereof. Any one or more or all of said purposes, except that of refunding any outstanding valid indebtedness of the district evidenced by bonds or warrants thereof, may by order of said board, entered in its minutes, be united and voted upon as one single proposition. Such election must be called by posting notices, signed by a majority of the high school board, in at least three public places in the high school district, not less than twenty days before the election; and if there is a newspaper of general circulation published in any county in which any part of said district is situated, by publishing such notices therein not less than once a week for three successive weeks. The first publication of said notice shall be not less than twenty-one days before such election. Such notice must contain the time and place, or places, of holding such election; the names of the inspectors and judges to conduct the same; the hours during the day in which the polls will be open; the purposes for which the bonds are to be issued; the amount of bonds and
the denomination thereof, which shall not be more than one thousand dollars or less than one hundred dollars; the rate of interest, not exceeding six per cent per annum, payable annually or semi-annually; and the number of years, not exceeding forty, the whole or any part of said bonds are to run. Such election shall be conducted in conformity with the provisions of sections one thousand five hundred and ninety-six, one thousand five hundred and ninety-seven, one thousand five hundred and ninety-eight, one thousand five hundred and ninety-nine, one thousand six hundred and one thousand six hundred and one, of this code, and the words to appear upon the ballots shall be "High School District Bonds—Yes" and "High School District Bonds—No."

Electors voting at such elections shall mark a cross with pencil, ink or rubber stamp, after the answer they desire to give. On the seventh day after said election at one o'clock p. m., if the returns have all been made to the high school board of such high school district, such high school board must meet and canvass said returns. If all the returns have not then been received, the board must adjourn from day to day until said returns are all received, and must then proceed to canvass the same. The canvass may be continued from day to day until completed.

1746. If it appears that two thirds of the votes cast at said election were cast in favor of issuing such bonds, then such high school board shall cause an entry of that fact to be made upon its minutes, and shall certify to the board of supervisors of the county whose superintendent of schools has jurisdiction of said high school district; all of the proceedings had in the premises, and thereupon said board of supervisors shall be and it is hereby authorized and directed to issue the bonds of such high school district, in accordance with such proceedings, payable out of the building fund of such high school district, naming the same; provided, that the total amount of bonds so issued shall not exceed five per cent of the taxable property of the high school district as shown by the last equalized assessment of the county or counties in which such district is located. The board of supervisors, by an order entered upon its minutes, shall prescribe the form of said bonds and of the interest coupons attached thereto, if any, and must fix the time when the whole or any part of the principal of said bonds shall be payable, which shall not be more than forty years from the date thereof.

Said board of supervisors may make the principal and interest of said bonds payable at the office of the treasurer of the county, or at such other place within the United States as the board may designate, or at such treasurer's office or such other designated place, at the option of the bond holder; which place of payment shall be specified in the bonds; and this provision shall apply to all such bonds not yet issued when this section takes effect, regardless of the time when the election therefor was held. The expense of paying such
principal and interest elsewhere than at the office of the treasurer shall be a charge against the high school district funds, to be paid out of the tax for the payment of the bonds. Said bonds must be sold at the times and in the amounts prescribed by the board of supervisors, but for not less than par, and the proceeds of the sale thereof must be deposited in the county treasury to the credit of the building fund of the said high school district, and be drawn out for the purposes aforesaid as other high school monies are drawn out. Before selling said bonds, or any part thereof, the board of supervisors must advertise for bids therefor for at least two weeks in some daily or weekly newspaper of general circulation published in the county, or if there is no such newspaper published in the county, in some such newspaper published in some other county in the state.

If satisfactory bids are received, the bonds offered for sale must be awarded to the highest bidder. If no bids are received, or the board determines that the bids received are not satisfactory as to price or responsibility of the bidders, the board may reject all bids received, if any, and either readvertise or sell said bonds at private sale.

1747. The board of supervisors of the county whose superintendent of schools has jurisdiction over any high school district must annually, at the time of making the levy of taxes for county purposes, levy a tax for that year upon the taxable property in such high school district for the interest and redemption of all outstanding bonds of such district, and said tax must not be less than sufficient to pay the interest of said bonds for that year, and such a portion of the principal as is to become due during such year, and in any event must be high enough to raise, annually, for the first half of the term said bonds have to run, a sufficient sum to pay the interest thereon; and during the balance of the term high enough to pay such annual interest, and to pay annually a proportion of the principal of said bonds, equal to a sum produced by taking the whole amount of said bonds outstanding and dividing it by the number of years said bonds then have to run; and all taxes so levied, when collected, shall as herein provided be paid into the county treasury of the county whose superintendent of schools has jurisdiction over the high school district in behalf of which such tax was levied to the credit of the bond interest and sinking fund of such high school district, and be used for the payment of the principal and interest on said bonds and for no other purpose. The principal and interest on said bonds shall be paid by the county treasurer of the county aforesaid at the place required by the terms of such bonds, upon presentation and surrender of said bonds or the interest coupons thereof, or upon the receipt of the registered owner, if such bonds are registered, out of the fund provided therefor, and it shall be the duty of the treasurer to cancel and file the bonds and coupons as rapidly as they are paid.
In case of a high school district situated in two or more counties, the assessor of each of such counties must annually, as soon as the county assessments have been equalized by the state board of equalization certify to the board of supervisors of each of the counties in which any portion of such high school district is situated, the assessed value of all taxable property in such county situated in such high school district, and the said tax shall be so levied according to the ratio which the assessed value of the property in such high school district in any county bears to the total assessed value of the property in such district, each board of supervisors to levy upon the property in such high school district and within their own county, such rate of tax as will be sufficient to raise not less than the amount needed to pay the interest and such portion of the principal of such bonds as is to become due during such year. Said tax shall be entered upon the assessment roll and collected in the same manner as other school taxes are entered and collected and when collected paid into the treasury of such county and its shall then be the duty of the treasurer of any such county other than the one whose superintendent of schools has jurisdiction over such high school, on written demand of the treasurer of the county whose superintendent of schools has jurisdiction over such high school to pay the sum collected on account of such tax into the treasury of the county whose superintendent of schools has jurisdiction over such high school. Wherever money has been raised for the payment of principal or interest of outstanding bonds of any high school district and the same is at the time this section takes effect in the treasury of any other county than that prescribed by this section for the custody of such funds, the same shall at once be paid into the proper county treasury as above provided.

1746. Whenever any bonds authorized under the provisions of sections seventeen hundred forty-five and seventeen hundred forty-six shall remain unsold for the period of six months after having been offered for sale in the manner prescribed by the board of supervisors, the high school board of the high school district, for and on account of which such bonds were issued, may petition the board of supervisors to whom the proceedings were certified to cause such unsold bonds to be withdrawn from the market and canceled. Upon receiving such petition, signed by a majority of the members of said high school board, the said board of supervisors shall fix a time for hearing the same, which shall not be more than thirty days thereafter, and shall cause a notice, stating the time and place of hearing, and the object of the petition in general terms, to be published for ten days prior to the day of hearing, in some newspaper published in said high school district, if there is one, and if there is no newspaper published in said high school district, then in a newspaper published at the county seat of the county. At the time and place designated in the
notice for hearing said petition, or at any subsequent time to which said hearing may be postponed, the said board of supervisors shall hear any reasons that may be submitted for or against the granting of the petition, and if said board shall deem it for the best interests of the high school district named in the petition, that such unsold bonds be canceled, said board shall make and enter an order in the minutes of its proceedings that said unsold bonds be canceled; and thereupon said bonds and the vote by which they were authorized to be issued shall cease to be of any validity whatever.

1749. In counties where county high schools have been established under the provisions of this article, the board of supervisors may, when in their judgment it is advisable, and must upon a petition of a majority of the heads of families, according to the number of heads of families residing in the county, shown by the last preceding school census of the county, call an election and submit to the electors of the county the question whether the bonds of such county shall be issued and sold for the purpose of raising money for purchasing high school lots, for building or purchasing one or more high school buildings, or making alterations or additions to high school buildings, for repairing, restoring or rebuilding any high school building damaged, injured or destroyed by fire or other public calamity, for insuring high school buildings, for supplying high school buildings with furniture and necessary apparatus, for improving the grounds, or for any or all of said purposes. The conduct of said election and the issue, sale and payment of said bonds shall be in the manner prescribed by section four thousand and eighty-eight of this code.

1750. The course of study for every high school shall be prepared by the high school board, or trustees having control thereof, and except in incorporated cities and towns, having boards of education, shall be subject to the approval of the county board of education. Said course of study for county high schools shall embrace a period not less than three years, and for all other high schools shall embrace a period of not less than four years; and every high school shall prescribe at least one course of study that will prepare graduates therein for admission into the state university. The high school board of trustees may prescribe an additional course or additional courses of study, subject to approval as hereinbefore provided. Within ninety days after the taking effect of this act the clerk or secretary of the high school board of each district shall certify to the superintendent of schools having jurisdiction over such high school, the list of all text-books previously adopted by order of said board or then in use in said high school and no change shall thereafter be made in said list of books. provided, that the high school board may at a regular meeting adopt for a period of not less than four years such additional or other text-books as they may deem best from a list of books prepared and recommended annually in the month of June by the state board of education. The order of adop-
tion shall be entered upon the minutes of the board and a
certified copy thereof shall be at once transmitted by the clerk
or secretary of the high school board to the superintendent of
schools having jurisdiction over such high school. The board
of trustees shall enter into a written contract with the publis-
er of the text-books so adopted for their use during such
period.

The high school board of any high school district, or trustees
of any county high school may prescribe post-graduate courses
of study for the graduates of such high school, or other high
schools, which courses of study shall approximate the studies
prescribed in the first two years of university courses. The
high school board of any high school district, or trustees of
any county high school wherein such post-graduate courses of
study are taught may charge tuition for pupils living without
the boundaries of the district or county wherein such courses
are taught.

1751. Any graduate of the elementary schools of this state
and any other person who furnishes to the principal of the
high school he desires to attend, and to the superintendent
having jurisdiction over such high school satisfactory evidence
of his fitness for high school work, may attend any high school
in this state; provided, that any person residing in a high
school district may attend the high school in another high
school district only upon such terms as may be agreed upon by
the high school boards of the two districts, or if such boards
fail to agree, on such terms as the superintendent of schools
having jurisdiction by the provisions of this article over the
high school he desires to attend may prescribe.

Sec. 2. A new article is hereby added to the Political Code.
to be numbered article XV of chapter III of title III of part
III of said code. and to read as follows:

ARTICLE XV.

HIGH SCHOOL TAXES AND FUNDS.

Section 1755. Estimate of tax for building, etc.
1756. Estimate of tax for maintenance.
1757. Levy of taxes for building and maintenance.
1758. Estimate of tax for education of non-resident pupils.
1759. Levy and apportionment of same.
1760. Levy of tax for state high school fund.
1761. Apportionment of same.
1762. Warrants on same.
1763. Disbursement of high school funds.

1755. It shall be the duty of every high school board to
make and file with the board of supervisors of each county
in which any part of their high school district is situated, on
or before the first Monday of September next succeeding the
formation of said district, an estimate of the cost of purchas-
ing a suitable lot, of procuring plans and specifications and
creating a suitable building, of supplying the same with furni-
ture and necessary apparatus, and of fencing and ornamenting
the grounds, for the accommodation of the school, unless such high school board shall have secured or leased temporary quarters for the use of such high school, as provided in section seventeen hundred forty-one, or unless bonds shall have been voted for said purposes. If such high school board shall have secured or leased such temporary quarters, they shall, on or before the first Monday of September next before the termination of such lease or arrangement, either make another arrangement for temporary quarters, as provided in section seventeen hundred forty-one, or make and file with the board, or boards of supervisors aforesaid an estimate of the cost of purchasing a suitable lot, of procuring plans and specifications, and of erecting a suitable building, of supplying the same with furniture and necessary apparatus, and of fencing and ornamenting the grounds for the accommodation of the school, unless bonds shall have been voted for said purposes.

Every county board of education acting as trustees of a county high school, shall make and file with the board of supervisors of their county the estimates required by this section. Should the trustees of any county high school, or the high school board of any high school district, fail to make the estimate provided for in this section, it shall be the duty of the superintendent of schools of such county, or having jurisdiction over such high school district, to make and file such estimate on or before the second Monday of September.

1756. It shall be the duty of every high school board to make and file with the board of supervisors of each county in which any part of their high school district is situated, on or before the first Monday of September of each year, an estimate of the amount of money required for maintaining the high school for the current school year, including rent of temporary quarters, if any. The first such estimate after the formation of such district shall also, if temporary quarters have been secured for the high school, include the amount of money required to provide the necessary furniture and apparatus for such temporary quarters. Every county board of education acting as trustees of a county high school shall annually make and file with the board of supervisors of their county the estimate required by this section. Should the trustees of any county high school, or the high school board of any high school district fail to make the estimate provided for by this section, it shall be the duty of the superintendent of schools of the county, or having jurisdiction over such high school district, to make and file such estimate on or before the second Monday of September.

1757. The board of supervisors with whom any estimate is filed under the provisions of section seventeen hundred fifty-five or section seventeen hundred fifty-six must at the time of making the tax levy for the year for county purposes, levy a special tax on all the taxable property in such high school district and within their county, or in case of a county high school, upon all the taxable property in their county not in any
high school district, sufficient in amount to carry out the purposes legally specified in the said estimate. In case of a high school district situated in two or more counties, the said tax shall be levied by the boards of supervisors of such counties as provided in section seventeen hundred and forty-seven, each board of supervisors to levy upon the property in such high school district and within their own county such rate of tax as will be sufficient to carry out the purposes legally specified in said estimate. Said tax shall be entered upon the assessment roll, and collected, in the same manner as other school taxes are entered, and collected, and when collected shall be paid into the treasury of the county whose superintendent of schools has jurisdiction over the high school district in behalf of which the same were levied.

Should any board of supervisors with whom such estimate is filed fail to levy the tax as required by this section, it shall be the duty of the auditor of their county to make such levy.

1758. For the purpose of defraying the cost of educating high school pupils residing in any county and not in any high school district, a special tax shall be annually levied by the board of supervisors of each county in which there is no county high school upon all property in the county not situated in any high school district, in the manner hereinafter provided. Every superintendent of schools to whom any report is made under section seventeen hundred forty-three, shall verify each such report as to the new pupils therein mentioned as attending high school and residing in his county but not in any high school district, and shall compile a report showing the total number of such high school pupils residing in his county outside of any high school district, the net cost of educating each of such pupils, the total net cost for all such pupils, and the total net cost to each high school district for all of such pupils attending therein; to be determined as hereinafter provided.

The net cost in any year of educating a new pupil attending a high school and not residing in any high school district shall be the excess, if any, of the total cost, for such year, of educating each high school pupil of the district maintaining such high school over the amount per pupil paid by the state to such high school district for that year.

The cost of educating each high school pupil of any high school district shall be determined by dividing the total amount expended by the high school district for maintaining school during any school year, by the total number of new pupils enrolled in the high schools of the district during the same school year. The amount paid per pupil by the state to any high school district in any one year shall be determined by dividing the high school district’s income from the state high school fund for that year, by the total number of new pupils enrolled in the high schools of the district for that year.

1759. Not later than the first Monday in September of each year the superintendent of schools of each county in which there is not a county high school shall certify to the
board of supervisors and to the county auditor of such county, the total net cost, for the preceding year, of educating all high school pupils residing in such county and not in any high school district, and the estimated amount needed for that purpose for the current year.

The board of supervisors with whom such certificate is filed must, at the time of making the tax levy for that year for county purposes levy a special tax upon all taxable property in the county not situated in any high school district, sufficient in amount to defray the net cost, for the current year, of educating all high school pupils residing in such county and not in any high school district. If the board of supervisors fail to make such tax levy the auditor of the county must make the same. Said tax when collected shall be paid into the county treasury and placed in a fund to be known as the high school tuition fund. The auditor shall not later than the last Monday in December and the last Monday in May of each year notify the superintendent of schools of the amount in such fund, and the superintendent of schools shall thereupon apportion the same to the several high school districts having territory in his county in proportion to the total net cost to each of said districts of educating its high school pupils who reside in his county outside of any high school district, as shown in his report for the preceding school year compiled as directed in section seventeen hundred fifty-eight, and certify such apportionment to the auditor. The amount so apportioned to each high school district shall be paid into the treasury of the county whose superintendent of schools has jurisdiction over such high school district, to the credit of the special fund thereof, and shall be used to maintain the high school, and paid out in the same manner as other high school funds.

1760. It shall be the duty of the state controller, annually, between the tenth day of August and the first day of September, at the time that he is required to estimate the amount necessary for other school taxes, to estimate the amount necessary to be levied for the support of high schools. This amount he shall estimate by determining the amount required at fifteen dollars per pupil in average daily attendance in all the duly established high schools of the state for the last preceding school year, as certified to him by the state superintendent of public instruction. This amount the state controller, between the dates above given, must certify to the state board of equalization.

The state board of equalization, at the time when it annually determines and fixes the rate of state taxes to be collected, must declare the levy and the rate of tax for the support of state high schools in conformity with the provisions of this section. The money collected as provided in this section after deducting the proportionate share of expenses of collecting the same to which other taxes are subject, must be paid into the state treasury, to be by the state treasurer converted into a separate fund, hereby, created, to be called the “state high school fund.”
1761. The money paid into the state high school fund is hereby appropriated without reference to fiscal years for the use and support of regularly established high schools and is exempt from the provisions of part three, title one, chapter three, article eighteen, of this code, relating to the state board of examiners. The money in said state high school fund shall be apportioned to the high schools of the state by the state superintendent of public instruction in the following manner: He shall apportion one third of the annual amount among the high schools and high school districts of the state which have been formed or established under the laws of the state or have been recognized as existing under the high school laws of the state and have maintained the grade of instruction required by law of the high schools, irrespective of the number of pupils enrolled or in average daily attendance therein; the remaining two thirds of the annual amount he shall apportion among such schools pro rata upon the basis of average daily attendance as shown by the official reports of the county, or city and county school superintendents for the last preceding school year; upon making such appointments the superintendent of public instruction shall draw his order upon the state controller for the amount apportioned to each high school district or county high school, in favor of the treasurer of the county, or city and county in which such county high school is established, or of the county, or city and county, whose superintendent of schools has jurisdiction over such high school district.

1762. The state controller must keep a separate account of the state high school fund and must on the first Monday in January and on the first Monday in July in every year report to the superintendent of public instruction a statement of all moneys belonging to the said fund. He must draw his warrant on the state treasurer in favor of any county or city and county treasurer whenever such treasurer presents, with his indorsement an order drawn by the superintendent of public instruction against the state high school fund, and the state treasurer is hereby authorized to pay the same.

1763. All taxes levied and collected under the provisions of section seventeen hundred fifty-seven shall be placed by the county treasurer receiving the same in a special fund to the credit of the high school district, or county high school for which the same were levied, and used only for the purposes for which the same were levied; and all moneys apportioned to any high school district or county high school under the provisions of sections seventeen hundred fifty-nine and seventeen hundred and sixty-one shall be placed by the county treasurer receiving the same in the special fund of the high school district or county high school to which the same is apportioned. Sec. 11. The term "transportation company," as used in this act, shall include railroads operated for commercial purposes, express companies, sleeping car companies, and companies operating vessels engaged in carrying freight or passengers on the waters of this state. The term "railroad" and "railroad company," as used in this act, shall include all bridges and ferries used or operated in connection with any railroad, and all the road in use by any railroad company operating a railroad, whether owned or operated under a contract, agreement, or lease, and all switches, spurs, tracks and terminal facilities, used in the transportation of persons or property, and all freight depots, yards or grounds, used in the transportation or delivery of any of said property. The term "transportation" as used in this act, shall include cars and other vehicles and all instrumentalities and facilities of shipment or carriage used by transportation companies in the movement of persons or property, irrespective of ownership, or of any contract, express or implied, for the use thereof, and all services in connection with the receipt, delivery, transfer in transit, ventilation, refrigeration or icing, storage and handling of property transported. The term "company," as used in this act, shall include corporations, associations, partnerships, trustees, assignees, and individuals.

Whenever any transportation company by water uses or operates, as incidental to the operation of its ships or boats, any barge, canal boat, steamer, tug, ferryboat, or lighter, the thing so incidentally used or operated shall be deemed to be part of its transportation.

Sec. 12. It is hereby made the duty of such railroad commission to see that the provisions of this act and all laws of this state concerning transportation companies are enforced and obeyed, and that violations thereof are promptly prosecuted, and penalties due the state therefor recovered and collected. And said commission shall report all such violations, with the facts in their possession, to the attorney general or other officer charged with the enforcement of the laws, and request him to institute the proper proceedings.

Sec. 13. The commissioners, or either of them, or such person as they may employ for that purpose, shall be authorized, at such times as they may deem necessary, to examine the books and papers of any transportation company, and to examine under oath any officer or employee of such company in respect to the business of the same. If any transportation company shall willfully refuse to permit such inspection of its books and papers, said company shall, for each offense, be subject to a penalty of five hundred dollars for each day it shall so refuse, payable to the State of California, and recoverable in an action in the name of said board of railroad commissioners by the attorney general at the request of said board, in the superior court of the county, or city and county, where said company has its principal operating office in the State of California. No person employed by said board to make such inspection shall be entitled to make the same until he shall first
produce his authority therefor, in writing, under the hand and seal of said commission.

Sec. 14. Any officer, agent or employee of any transportation company who, upon proper demand, shall willfully fail or refuse to exhibit to the commissioners, or either of them, or any person authorized to investigate the same, any book, record, or paper of such transportation company, which is in the possession or under the control of such officer, agent or employee, shall be deemed guilty of a misdemeanor, and, upon conviction in any court having jurisdiction thereof, shall be punished by a fine in a sum not less than five hundred dollars and not to exceed $2,000.

Sec. 15. The said commission is authorized to investigate any breach of the provisions of this act, and to issue subpœnas for the attendance of the witnesses, and each of said witnesses so subpoenaed shall receive for his attendance before the commission $2 per day and three cents per mile for the distance, by the nearest practicable route, in going to and returning from the place of meeting of said commission, and said witness fees shall be ordered paid by the state controller, upon presentation of proper vouchers sworn to by the witness and approved by the chairman of the commission; provided, that the chairman of said commission shall not approve any such voucher in the case of a witness subpoenaed at the instance of parties other than the commission, unless it shall appear to said chairman that the testimony of such witness was material to the matter investigated. In case any witness shall fail or refuse to obey such subpœna, the commission may issue an attachment for said witness, directed to any sheriff or constable of the State of California, to compel such witness to attend before the commission and give his testimony in respect to the matter investigated. No person shall be excused from attending and testifying, or from producing books and papers in obedience to said subpœna on the ground that the testimony or evidence required of him may tend to incriminate him, but no person shall be prosecuted, punished or subjected to any penalty or forfeiture for or on account of any transaction, matter or thing concerning which he may testify or produce evidence, documentary or otherwise, before said commission in obedience to said subpœna, provided, however, that no person so testifying shall be exempt from prosecution and punishment for perjury committed in so testifying. The sheriff or constable executing any process issued under the provisions of this act shall receive such compensation therefor as may be allowed by the commission, not to exceed the fees as the same shall now or hereafter be prescribed by law for similar services.

Sec. 16. The said board of railroad commissioners shall have the power and it shall be their duty, to establish rates of charges for transportation by transportation companies subject to the provisions of this act, and the order for the said rates so made shall take effect on the twentieth day after service of the same upon the transportation company affected thereby, and
in case such company be a corporation such service shall be sufficient if made upon the president, vice president, secretary or managing agent thereof, and in case such company be a partnership, upon any member of the firm; to examine the books, records and papers of all such transportation companies, and for this purpose they shall have power to issue subpoenas and all other necessary processes; to hear and determine complaints against said transportation companies; to send for persons and papers; to administer oaths, take testimony and punish for contempt of their orders and processes in the same manner and to the same extent as courts of record; and to enforce their decisions, and correct abuses through the medium of the courts.

Sec. 17. The commission may, after hearing on a complaint and upon such reasonable notice as it may fix to the company or companies complained of, establish through routes and joint rates as the maximum to be charged, and prescribe the division of such rates as hereinafter provided, and the terms and conditions under which such through routes shall be operated when that may be necessary to give effect to any provision of this act and the company or companies complained of have refused or neglected to establish voluntarily such through routes and joint rates; provided, no reasonable or satisfactory through route exists, and this provision shall apply when one of the connecting companies is a water line. Should the companies fail to agree among themselves upon the apportionment or division of such joint rates, the commission may, after hearing, upon such reasonable notice to said companies as it may fix, make a supplemental order prescribing the just and reasonable proportion of such joint rate to be received by each company party thereto.

Sec. 18. Every transportation company, subject to the provisions of this act, shall file with the commission, within a time fixed by the commission, and print and keep open to public inspection, schedules showing all the rates, fares and charges for transportation between different points on its own route and between points on its own route and points on the route of any other transportation company subject to the provisions of this act, when a through route and joint rate have been established. These schedules shall plainly state the places between which property and passenger will be carried, and shall also state separately all terminal charges, storage charges, icing charges, and all other charges which the commission may require, all privileges or facilities granted or allowed, and any rules or regulations which in anywise change, affect, or determine any part or the aggregate of such aforesaid rates, fares and charges, or the value of the service rendered to the passenger, shipper or consignee. Such schedules shall be plainly printed in large type, and copies for the use of the public shall be kept on file in every depot, station and office of such transportation companies where passengers or freight, respectively, are received for transportation, in such form that
they shall be accessible to the public and can be conveniently inspected. The provisions of this section shall apply to all traffic, transportation and facilities defined in this act.

No change shall be made in the rates, fares and charges, or joint rates, fares and charges which have been made, filed and published by any transportation company subject to the provisions of this act, except after thirty days’ notice to the commission, and to the public, published as aforesaid, which shall plainly state the changes proposed to be made in the schedule then in force and the time when the changed rates, fare or charges will go into effect; and the proposed changes shall be shown by printing new schedules, or shall be plainly indicated upon the schedules in force at the time, and kept open to public inspection; provided, that the commission may, in its discretion and for good cause shown, allow changes upon less than the notice herein specified, or modify the requirements of this section in respect to publishing, posting and filing of tariffs, either in particular instances or by a general order applicable to special or peculiar circumstances or conditions.

The names of the several transportation companies which are parties to any joint tariff shall be specified therein, and each of the parties thereto, other than the one filing the same, shall file with the commission such evidence of concurrence therein or acceptance thereof as may be required or approved by the commission, and where such evidence of concurrence or acceptance is filed, it shall not be necessary for the transportation companies filing the same to also file copies of the tariffs in which they are named as parties.

The commission may determine and prescribe the form in which the schedules required by this section to be kept open to public inspection shall be prepared and arranged, and may change the form from time to time as shall be found expedient.

No transportation company subject to the provisions of this act, unless otherwise provided by this act, shall engage or participate in the transportation of passengers or property, as defined by this act, unless the rates, fares and charges upon which the same are transported by said transportation company have been filed and published in accordance with the provisions of this act; nor shall any transportation company charge or demand or collect or receive a greater or less compensation for such transportation of passengers or property, or for any service in connection therewith, between the points named in such tariffs, than the rates, fares and charges which are specified in the tariffs filed and in effect at the time.

Sec. 19. The said commission, before establishing, changing, amending, or abolishing any rule, regulation, or rate of charge for transportation, shall give the transportation company to be affected thereby ten days’ notice of the time and place for the taking of action by the commission in respect to the same, and said company shall be entitled to be heard at such time and place and to process for the attendance of its
witnesses, to the end that such action may be taken by the commission as shall be reasonable and just in the premises.

Sec. 20. Any person, firm, corporation, or association, or any mercantile, agricultural or manufacturing society, or any body politic, or municipal organization, complaining of anything done or omitted to be done by any transportation company subject to the provisions of this act, in contravention of the provisions thereof or of the constitution of this state may apply to said commission by petition, which shall set forth the facts; whereupon, if there shall appear to the commission to be any reasonable grounds for investigating such complaint, it shall cause a copy of the same to be served on the transportation company concerned, and call upon said company to answer the same at a time and place specified in said call by said commission. The commission shall investigate the matters complained of under such reasonable rules and modes of procedure as it shall deem proper. No complaint shall at any time be dismissed because of the absence of direct damage to the plaintiff.

Sec. 21. Whenever an investigation shall be made by said commission, it shall be its duty to make a report in writing in respect thereto, which shall state the conclusions of the commission, together with its decision, order or requirement in the premises; and in case damages are awarded, such report shall include the findings of fact in which the award is made. All reports of investigations made by the commission shall be entered of record, and a copy thereof shall be furnished to the party who may have complained, and to any transportation company that may have been complained of. The commission may provide for the publication of its reports and decisions in such form and manner as may be best adapted for public use and information, and such authorized publications shall be competent evidence of the reports and decisions of the commission therein contained in all courts of this state, without any further proof or authentication thereof. The expense of such publication shall be ordered paid by the controller on the certificate of the chairman of said commission that the same has been incurred, and shall be payable out of any moneys in the general fund not otherwise appropriated.

If, in any such investigation, the commission shall determine that any party complainant is entitled to an award of damages under the provisions of this act, for a violation thereof, the commission shall make an order directing the transportation company to pay to the complainant the sum to which he is entitled, on or before a day named. If such transportation company does not comply with an order for the payment of money within the time limited in such order, the complainant, or any person for whose benefit such order was made, may file, in the superior court of the State of California, for the county in which complainant resides, or in which is located the principal operating office of the transportation company in said state, a petition setting forth, briefly, the causes for
which he claims damages, and the order of the commission in the premises. Such suit shall proceed in all respects like other civil suits for damages in said superior court, except that on the trial of said suit the findings and order of the commission shall be prima facie evidence of the facts therein stated, and either party thereto shall have the right of appeal to the supreme court as in other cases appealable thereto.

All complaints for the recovery of damages shall be filed with the commission within one year from the time the cause of action accrues and not after, and a petition for the enforcement of an order of the commission for the payment of money shall be filed in the superior court within six months from the date of the order and not after.

In such suits all parties in whose favor the commission may have made an award for damages by a single order may be joined as plaintiffs, and all of the transportation companies, parties to such order, may be joined as defendants, and the venue of all such suits shall be in the county where any of such transportation companies shall have its principal operating office in the State of California.

In the case of such joint suit, the recovery, if any, may be by judgment in favor of any one of such plaintiffs, against the defendant found to be liable to such plaintiff.

Every order of the commission shall be forthwith served by mailing the same to any one of the principal officers, or agents, or members of the transportation company at its principal operating office in this state, and the registry mail receipt shall be prima facie evidence of the receipt of such order by the transportation company in due course of mail.

The commission shall be authorized to suspend or modify its orders upon such notice and in such manner as it shall deem proper.

Sec. 22. The commission is authorized and it shall be its duty whenever, after full hearing upon a complaint made as provided in section 20 of this act, or upon complaint of any transportation company subject to the provisions of this act, it shall be of the opinion that any of the rates or charges demanded, charged or collected by any transportation company or companies subject to the provisions of this act, for transportation services, or that any regulations or practices of said companies affecting such rates or charges, whether in respect to the complainants mentioned in said section 20, or in respect to any such transportation company itself, are unjust or unreasonable, or unjustly discriminatory, or unduly preferential or prejudicial, or otherwise in violation of, or contrary to, any of the provisions of this act, to determine and prescribe what will be the just and reasonable rate or rates, charge or charges, to be thereafter observed in such case as the maximum to be charged; and what regulation or practice in respect to such transportation is just, fair and reasonable to be thereafter followed; and to make an order that the transportation company shall cease and desist from such violation of the act, to the extent to which the commission find the
same to exist, and shall not thereafter publish, demand or
collect any rate or charge for such transportation service in
excess of the maximum rate or charge so prescribed, and shall
conform to the regulation or practice so prescribed, and to
make, in proper cases, an order in respect to such rate or
charges, or such regulations or practices, where the transpor-
tation company is complainant, and shall prescribe the just
and reasonable rate or rates, charge or charges, to be there-
after observed by such transportation company as the maxi-
mum to be charged, and what regulation or practice in respect
to such transportation services is just, fair and reasonable to
be thereafter followed by the said transportation company.

All orders of the commission, except orders for the payment
of money, shall take effect on the twentieth day after service,
as provided in section 16 hereof, and shall continue in force
for such time not exceeding one year, as shall be prescribed
in the order of the commission, unless the same shall be sus-
pended or modified or set aside by the commission, or be
suspended or set aside by a court of competent jurisdiction.

The superior court of the State of California shall be such
court of competent jurisdiction, and the venue of suits brought
in any superior court of said state against the commission, to
enjoin, set aside, annul or suspend any order or requirement
of the commission, shall be in the county where the transpor-
tation company against which such order or requirement
may have been made has its principal operating office in the
State of California, and may be brought at any time after
such order is promulgated. If said order or requirement has
been made against two or more transportation companies, such
venue shall be in the county where any one of said transporta-
tion companies has its principal operating office in the State
of California, and jurisdiction to hear and determine such
suits is hereby vested in said superior court. An appeal to
the supreme court of the State of California may be taken
from any interlocutory order or decree granting or continuing
an injunction in any suit, but such appeal must be taken
within thirty days from the entry of such order or decree,
and it shall take precedence in the appellate court over all
other causes except causes of like character and criminal
causes.

Sec. 23. If any transportation company fails or neglects to
obey any order of the commission, other than for the pay-
ment of money, while the same is in effect, any party injured
thereby, or the commission in its own name, may apply to
the superior court of the State of California for the county
where such transportation company has its principal operating
office in the State of California for an enforcement of such
order. Said application shall be by petition, which shall state
the substance of the order and the respect in which the transpor-
tation company has failed of obedience, and shall be served
upon the company in such manner as the court shall direct,
and the court shall prosecute such inquiries and make such
investigations through such means as it shall deem needful in
the ascertainment of the facts at issue or which may arise upon the hearing of such petition. If, upon such hearing as the court may determine to be necessary, it appears that the order was regularly made and duly served, and that the transportation company is in disobedience of the same, the court shall enforce obedience to such order by a writ of injunction, or other proper process, mandatory or otherwise, to restrain such company, its officers, agents or representatives from further disobedience of such order, or to enjoin upon it, or them, obedience to the same; and in the enforcement of such process the court shall have those powers ordinarily exercised by it in compelling obedience to its writs of injunction and mandamus. From any action upon such petition an appeal shall lie by either party to the supreme court of the State of California, and in such court the cause shall have priority in hearing and determination over all other causes except criminal causes, but such appeal shall not vacate or suspend the order appealed from.

Sec. 24. After a decision, order or requirement has been made by the commission in any proceeding, any party thereto may at any time make application for rehearing of the same, or any matter determined therein, and the commission may, in its discretion, grant such a rehearing if sufficient reason therefor be made to appear. Applications for rehearing shall be governed by such reasonable rules as the commission may establish. No such application shall excuse any transportation company subject to the provisions of this act from complying with or from obeying any decision, order, or requirement of the commission, or operate in any manner to stay or postpone the enforcement thereof, without the special order of the commission.

In case a rehearing is granted, the proceedings thereon shall conform as nearly as may be to the proceedings in an original hearing, except as the commission may otherwise direct; and if, in its judgment, after such rehearing and the consideration of all facts including those arising since the former hearing, it shall appear that the original decision, order or requirement is in any respect unjust or unwarranted, the commission may reverse, change or modify the same accordingly. Any decision, order or requirement made after such rehearing, reversing, changing or modifying the original determination, shall be subject to the same provisions as an original order.

Sec. 25. Whenever the commission shall believe that any rate or charge for transportation is unjust or unreasonable, or unjustly discriminatory or unduly preferential, or that any service in the matter of such transportation is inadequate or that anything has been done or omitted to be done by any common carrier subject to the provisions of this act in contravention to the provisions thereof or of the constitution and that investigation relating thereto should be made, it may, upon its own motion, investigate the same. Before making such investigation, it shall furnish the transportation company concerned
a statement in writing setting forth the rate or charge or service to be investigated. Thereafter, on ten days' notice to such transportation company of the time and place of said investigation, the commission may proceed to investigate such rate or charge or service in the same manner and make like orders in respect thereto as if such investigation had been made on complaint.

Sec. 26. Any party authorized by this act to be complainant in any investigation before the commission, or subject to be defendant therein, may, in the discretion of the commission, be permitted to intervene in any such investigation where said party has an interest in the matter under investigation in the success of either complainant or defendant, or an interest against both. In any such investigation before the commission, any party thereto, or the commission, may in the investigation cause the deposition of witnesses residing within or without the state to be taken in the manner prescribed by law for like depositions in civil actions in the superior courts of this state.

Sec. 27. The commission shall have the power to adopt rules to govern its proceedings, and to regulate the mode and manner of all investigations of transportation companies and other parties before it, in the establishment of rates, rules, regulations, or in the making of orders and in the doing of other acts required of it under this act.

Sec. 28. The chairman and each of the commissioners, for the purposes of this act, shall have power to administer all oaths, certify to all official acts, and to compel the attendance of witnesses and the production of books, papers and testimony.

Sec. 29. In all investigations under this act the burden of proof shall be upon the complainant.

Sec. 30. All evidence taken before the commission in the investigation of any breach of this act, when reduced to writing, may be used by any party thereto as evidence upon the trial of any cause or proceeding growing out of the same transaction against such transportation company, involving the same subject-matter, and between the same parties, to the same extent as a deposition in a civil case. The commissioners are authorized to employ a phonographic reporter for the purpose of taking and transcribing such testimony whenever such commission shall deem it necessary, or whenever they shall be requested to do so by any party to the proceedings, and a certified copy under the hand and seal of said commission shall be sufficient proof of such testimony in any cause or proceeding in which the same shall be admissible as herein provided.

Sec. 31. All charges made for any service rendered or to be rendered in the transportation of passengers or property, or in connection therewith, by transportation companies subject to the provisions of this act, shall be just and reasonable, and every unjust and unreasonable charge for such service or any part thereof is prohibited and declared to be unlawful.

31a. The railroad commission shall investigate the cause
of all accidents on any railroad within the state which result in
loss of life or injury to persons or property, and which in
its judgment shall require investigation. Every common car-
rier and railroad corporation is hereby required to give imme-
diate notice to the commission of every accident happening
upon any line of railroad owned, operated, controlled or leased
by it in such manner as the commission may direct. Such
notice shall not be admitted as evidence or used for any pur-
pose against such common carrier or railroad corporation giv-
ing such notice in any suit or action for damages growing out
of any matter mentioned in said notice.

316. A railroad corporation, upon the application of any
shipper tendering traffic for transportation, shall construct,
maintain and operate upon reasonable terms a switch connec-
tion or connections with a lateral line of railroad or private
sidetrack owned, operated or controlled by such shipper, and
shall, upon the application of any shipper, provide upon its
own property a sidetrack and switch connection with its line
of railroad, whenever such sidetrack and switch connection is
reasonably practicable, can be put in with safety, and the busi-
ness therefor is sufficient to justify the same.

If any railroad corporation shall fail to install or operate
any such switch connection with a lateral line of railroad or
any such sidetrack and switch connection as aforesaid, after
written application therefor has been made to it, any corpora-
tion or person interested may present the facts to the railroad
commission by written petition, and the commission shall inves-
tigate the matter stated in such petition, and give such hearing
thereon as it may deem necessary or proper. If the commis-

31c. No common carrier shall enter into or become a party
to any combination, contract, agreement or understanding, writ-
ten or oral, express or implied, to prevent by any arrangemen
t or by change of arrangement or time schedule, by carriage
in different cars or by any other means or device whatsoever
the carriage of freight and property from being continuous
from the place of shipment to the place of destination. No
breakage of bulk, stoppage or interruption of carriage made
by any common carrier shall prevent the carriage of freight
and property from being treated as one continuous carriage
from the place of shipment to the place of destination. Nor
shall any such breakage of bulk, stoppage or interruption of
carriage be made or permitted by any common carrier except
it be done in good faith for a necessary purpose without inten-
tion to avoid or unnecessarily interrupt or delay the continuous carriage of such freight or property or to evade any of the provisions of law, of this act or of any order of the railroad commission.

312. No common carrier, subject to the provisions of this act, shall charge or receive any greater compensation in the aggregate for the transportation of passengers or of a like kind of property, under substantially similar circumstances and conditions, for a shorter than for a longer distance over the same line in the same direction, the shorter being included within the longer distance; but this shall not be construed as authorizing any such common carriers to charge and receive as great a compensation for a shorter as for a longer distance haul.

Sec. 32. If any transportation company, or any officer or agent of any transportation company subject to this act, shall hereafter willfully charge, collect, demand or receive from any person, firm or corporation a greater rate, charge or compensation than the rate, charge or compensation published as in this act provided, such transportation company or such officer or agent thereof, as the case may be, shall be deemed guilty of extortion, which is hereby declared a misdemeanor, and on conviction thereof shall be fined in a sum not less than five hundred dollars and not more than five thousand dollars.

Sec. 33. If any transportation company subject hereto shall, directly or indirectly, by any special rate, rebate, drawback, or other practice, method or device, charge, demand, collect or receive from any person, company, firm or corporation, a greater or less compensation for any service rendered, or to be rendered by it in the transportation of passengers or freight, than it charges, demands, collects or receives from any other person, company, firm or corporation for doing a like and contemporaneous service in the transportation of a like kind of traffic, under substantially similar circumstances and conditions, such transportation company shall be deemed guilty of unjust discrimination, which is hereby prohibited.

Sec. 34. It shall also be unjust discrimination for any such transportation company to make or give any undue or unreasonable preference or advantage to any particular person, company, firm, corporation, or locality, or to any particular description of traffic, in any respect whatsoever, or to subject any particular description of traffic, in any respect whatsoever, or to subject any particular person, company, firm, corporation or locality, or any particular description of traffic to any undue or unreasonable prejudice or disadvantage in any respect whatsoever.

All transportation companies subject to the provisions of this act shall, according to their respective powers, afford all reasonable, proper and equal facilities for the interchange of traffic between their respective lines, and for the receiving, forwarding, and delivery of passengers and property to and from their several lines and those connected therewith, and shall not discriminate in their rates and charges between such connecting lines; but this shall not be construed as requiring any such transportation company to give the use of its trucks or terminal facilities to another transportation company engaged in like business.

Sec. 36. Any officer or agent of any transportation company subject to this act who by means of false billing, false classification, false weight, or by any other device, shall willfully suffer or permit any person or persons to obtain transportation for property at less than the published rates then in force, or who, by means of false billing, false classification, false weighing, or by any device whatever shall willfully charge any person, firm or corporation more for the transportation of property than the published rates, shall be guilty of a misdemeanor, and on conviction thereof shall be fined in a sum of not less than five hundred dollars and not more than five thousand dollars.

Sec. 37. The act, omission or failure of any officer, agent or other person acting for or employed by any transportation company subject to the provisions of this act, or shipper, acting within the scope of his employment, shall, in every case, be also deemed to be the act, omission or failure of such transportation company or shipper, as well as that of the person. The willful failure upon the part of any transportation company subject to the provisions of this act to file and publish the tariff or rates and charges as required by this act, shall be a misdemeanor, and upon conviction thereof the transportation company offending shall be subject to a fine of not less than five hundred dollars and not more than five thousand dollars.

It shall be unlawful for any person, persons or corporation willfully to offer, grant or give, or to solicit, accept or receive any advantage or discrimination in respect to the transportation of any property in the intra-state commerce of this state, whereby any such property shall, by any device whatever, be transported at a less rate than that named in the tariffs published and filed by such transportation company as required by this act, or whereby any other advantage is given or discrimination practiced. Every person or corporation who shall so offer, grant or give, or shall so solicit, accept or receive any such advantage or discrimination shall be deemed guilty of a misdemeanor, and on conviction thereof shall be punished by a fine of not less than five hundred dollars and not more than five thousand dollars; except that where the advantage given or discrimination practiced shall be in the transportation at a less rate, as aforesaid, than the
published tariff rate, the penalty on conviction shall be a fine of not less than one thousand dollars and not more than five thousand dollars.

Every offense created by this act shall be prosecuted in a court having jurisdiction of offenses within the city, city and county, or county in which such offense was committed; and whenever the offense is begun in one jurisdiction and completed in another, it may be proceeded against in either.

Sec. 38. In case any transportation company subject to this act, or any person or corporation within the provisions hereof, shall do, cause to be done, or permit to be done, except unintentionally or innocently through a mistake of fact, any matter, act or thing in this act prohibited or declared to be unlawful, or shall similarly omit to do any act, matter or thing herein required by this act to be done, such transportation company, person, or corporation shall be liable to the penalties hereinbefore provided for, and shall, in addition, be liable to the person or persons, firm or corporation injured by such act or omission for the damages proximately resulting therefrom; and in addition to such damages, such transportation company, in all cases where the same shall be guilty of extortion or unjust discrimination as defined in this act, shall pay to such person, firm or corporation so injured a penalty of not less than five hundred dollars and not more than five thousand dollars.

Sec. 39. No railroad or other transportation company shall grant free passes, or passes, or tickets, at a discount, to any person holding any office of honor, trust, or profit in this state, and every transportation company issuing free passes or tickets at a discount in violation of the provisions of this section shall be deemed guilty of a misdemeanor, and for each offense shall be punished by a fine of not less than five hundred dollars nor more than five thousand dollars.

Sec. 40. In all actions between private parties and transportation companies subject to the provisions of this act, in respect to any rate, charge, order, rule or regulation published as required by this act, the published rate, charge, order, rule or regulation shall be deemed to be just and reasonable, and shall not be open to controversy except in and by way of such proceedings for that purpose before the commission and the courts as are provided for in this act.

Sec. 40a. The said commission is hereby authorized and directed when public interests require, to file petitions for investigations, or complaint or complaints, with the interstate commerce commission, and to file such suit or suits, in tribunals or courts of competent jurisdiction as are permitted under the terms of what is known as the interstate commerce act, complaining of anything done, or omitted to be done by common carriers subject to the provisions of the interstate commerce act. county treasurer. The provisions of this section shall, so far as applicable, govern any bonds that may have been heretofore issued by such school districts.

Sec. 9. If payment of any coupon or bond lawfully issued by any such school district should, after presentation and demand of payment at the office of the county treasurer, be refused, the owner may file such bond, together with all unpaid interest coupons, with the state controller, taking his receipt therefor, and the same shall be registered in the state controller's office; and the state board of equalization shall, at their next session, and at each annual equalization thereafter, add to the state tax to levied in said district a sufficient rate to raise the amount of principal and interest past due prior to the next levy, and the same shall be levied and collected as a part of the state tax, and paid into the state treasury, and passed to the special credit of such district bond tax, and shall be paid by warrants, as the payments mature, to the holder such registered obligations, as shown by the register in the office of the state controller, until the same shall be fully satisfied and discharged; any balance then remaining shall be transmitted to the treasurer of the county in which is situated the district by which such bonds were issued, and shall be placed by the county treasurer to the credit of the general school fund of said district.

On or before the first day of September in each and every year, the board of supervisors of any county wherein a lighting district has been established, shall make an estimate of the cost of conducting and maintaining such lighting district for the ensuing fiscal year, together with the cost of installing and maintaining such additional lights as may have already been petitioned for by the residents of such lighting districts, and for the cost of any other things which may be necessary for carrying out the purposes of this act.

Sec. 15. When such estimate shall have been made, the board of supervisors of any county wherein a lighting district has been established, must, at the time of levying county taxes, levy a special tax upon all of the taxable property within the limits of such lighting district at the equalized value thereof, sufficient in amount to maintain the said lighting system, and to install any additional lights, or for any or all of the purposes of this act.

Sec. 16. The revenue derived from said tax, together with all other moneys acquired in whatsoever manner by the lighting district, shall be paid into the county treasury to the credit of the lighting fund of the district wherein said tax was collected, subject only to the order of the board of supervisors of said district, and to be by them expended only for and on behalf of the district wherein such money was collected.

make and award contracts, and may sue and be sued.

Sec. 18. The district may at any time be dissolved upon

for the dissolution of said district, the board of supervisors
shall within thirty days after receiving said petition, by reso-

the determination of the question, and appoint three qualified
electors thereof to conduct said election. Such election shall
be called and conducted in the same manner as other elections

or city, then such property shall be vested in the board of
supervisors of the county wherein such lighting district is
situated until the formation of such incorporated town or
city; provided, however, that if at the time of the election
to dissolve such district there be any outstanding indebtedness
of such district, then, in such event, the vote to dissolve such
district shall dissolve the same for all purposes excepting only
the levy and collection of taxes for the payment of such out-

dissolved until such indebtedness is fully paid, satisfied and
discharged, the legislative authority of such incorporated town
or city, or the board of supervisors, if there be no such incor-

of supervisors of such district. And it is hereby made obliga-
tory upon such board to levy such taxes and perform such
other acts as may be necessary in order to raise money for
the payment of such indebtedness, as herein provided.

Sec. 19. All acts or parts of acts in conflict with this act
are hereby repealed.

Sec. 20. This act shall take effect immediately.

state treasurer, and the said bonds shall be so signed, counter-
signed and endorsed by the officers who are in office on the
third day of July, 1911, and each of said bonds shall have the
great seal of the State of California impressed thereon. The
said bonds signed, countersigned, endorsed and sealed as herein
provided, when sold, shall be and constitute a valid and bind-
ing obligation upon the State of California, though the sale
thereof be made at a date or dates after the person so signing,
countersigning and endorsing, or either of them, shall have
ceased to be the incumbents of said office or offices.

Sec. 2. Appended to each of said bonds there shall be
interest coupons so attached that the same may be detached
without injury to or mutilation of said bond. The said coupons
shall be consecutively numbered and shall bear the litho-
graphed signature of the state treasurer who shall be in office
on the third day of July, 1911. No interest shall be paid on
any of said bonds for such time as may intervene between the
date of said bond and the day of sale thereof, unless such
accrued interest shall have been, by the purchaser of said bond,
paid to the state at the time of such sale.

Sec. 3. There shall be provided in the general appropria-
tion bill sufficient money to defray all expenses that shall be
incurred by the state treasurer in the preparation of said bonds and in the advertising of the sale thereof, as in this act provided.

Sec. 4. When the bonds authorized by this act to be issued shall have been signed, countersigned, endorsed and sealed as in section one provided, the state treasurer shall sell the same in such parcels and numbers as the governor of the state shall direct, to the highest bidder for cash. The governor of the state shall issue to the state treasurer such direction immediately after being requested so to do, through and by a resolution duly adopted and passed by a majority vote of the advisory board of the department of engineering. Said resolution shall specify the amount of money which, in the judgment of said advisory board shall be required at such time and the governor of the state shall direct the state treasurer to sell such number of said bonds as may be required to raise said amount of money and that said bonds shall be sold in consecutive numerical order commencing with the first four hundred thereof. The state treasurer shall not accept any bid which is less than the par value of the bond plus the interest which has accrued thereon between the date of sale and the last preceding interest maturity date. The state treasurer may at the time and place fixed by him for said sale continue such sale as to the whole or any part of the bonds offered to such time and place as he may at the time of such continuance designate. Before offering any of said bonds for sale, the said treasurer shall detach therefrom all coupons which have matured or will mature before the date fixed for such sale. The state treasurer shall give notice of the time and place of sale by publication in two newspapers published in the city and county of San Francisco and in one newspaper published in the city of Oakland, and in one newspaper published in the city of Los Angeles and in one newspaper published in the city of Sacramento once a week for four weeks next preceding the date fixed for such sale. In addition to the notice last above provided for, the state treasurer may give such further notice as he may deem advisable, but the expenses and cost of such additional notice shall not exceed the sum of five hundred dollars for each sale so advertised.

There is hereby created in and for the state treasury a fund to be known and designated as the “state highway fund,” and immediately after such sale of bonds the treasurer of the state shall pay into the state treasury and cause to be placed in said state highway fund the total amount received for said bonds, except such amount as may have been paid as accrued interest thereon. The amount that shall have been paid at such sale as accrued interest on the bonds sold shall be by the treasurer of the state, immediately after such sale, paid into the treasury of the state and placed in the interest and sinking fund.

The moneys placed in the state highway fund, pursuant to the provisions of this section, shall be used exclusively for the acquisition of rights of way for and the acquisition and
construction of said system of state highways. The route or routes of said state highways shall be selected by the department of engineering and said route shall be so selected and said highways so laid out and constructed or acquired as to constitute a continuous and connected state highway system running north and south through the state traversing the Sacramento and San Joaquin valleys and along the Pacific coast by the most direct and practicable routes, connecting the county seats of the several counties through which it passes and joining the centers of population, together with such branch roads as may be necessary to connect therewith the several county seats lying east and west of such state highway.

Moneys shall be drawn from said state highway fund for the purposes of this act upon warrants duly drawn by the controller of the state upon demands made by the department of engineering and audited by the state board of examiners.

Sec. 5. There is hereby appropriated from the general fund in the state treasury such sum annually as will be necessary to pay the principal of and the interest on the bonds, issued and sold pursuant to the provisions of this act, as said principal and interest becomes due and payable.

There shall be collected annually in the same manner and at the same time as other state revenue is collected such a sum, in addition to the ordinary revenues of the state as shall be required to pay the principal and interest on said bonds as herein provided, and it is hereby made the duty of all officers charged by law with any duty in regard to the collection of said revenue, to do and perform each and every act which shall be necessary to collect such additional sum.

The treasurer of the state shall, on the first day of January, 1912, and on the first day of each July and the first day of each January thereafter transfer from the general fund of the state treasury to the interest and sinking fund such an amount of the money by this act appropriated as shall be required to pay the interest on the bonds theretofore sold, until the interest on all of said bonds so sold shall have been paid or shall have become due in accordance with the provisions of this act.

There is hereby created in the state treasury a fund to be known and designated as the "state highway and sinking fund." The treasurer of the state shall on the first day of July of the year 1917, and on the first day of July of each and every year thereafter in which a parcel of the bonds sold pursuant to the provisions of this act shall become due, transfer from the general fund of the state treasury to the said state highway sinking fund such an amount of the moneys appropriated by this act as may be required to pay the principal of the bonds so becoming due and payable in such years.

Sec. 6. The principal of all of said bonds sold shall be paid at the time the same becomes due, from the state highway sinking fund, and the interest on all bonds sold shall be paid at the time said interest becomes due, from the interest and sinking fund. Both principal and interest shall be so paid upon war-
rants duly drawn by the controller of the state upon demands audited by the state board of examiners, and the faith of the State of California is hereby pledged for the payment of the principal of said bonds so sold, and the interest accruing thereon.

Sec. 7. The state controller and state treasurer shall keep full and particular account and record of all their proceedings under this act and they shall transmit to the governor in triplicate an abstract of all such proceedings thereunder with an annual report in triplicate, one copy of each to be by the governor, laid before each house of the legislature biennially. All books and papers pertaining to the matter provided for in this act shall, at all times, be open to the inspection of any party interested, or the governor, or the attorney general, or a committee of either branch of the legislature or a joint committee of both or any citizen of the state.

Sec. 8. The highway constructed or acquired under the provisions of this act shall be permanent in character and be finished with oil or macadam or a combination of both, or of such other material as in the judgment of the said department of engineering shall be most suitable and best adapted to the particular locality traversed. The state department of engineering, in the name of the people of the State of California, may purchase, receive by donation or dedication, or lease any right of way, rock quarry or land necessary or proper for the construction, use or maintenance of said state highway and shall proceed, if necessary, to condemn under the provisions of the Code of Civil Procedure relating to such proceedings any necessary or proper right of way, rock quarry or land. The department of engineering shall have full power and authority to purchase all supplies, material, machinery and to do all other things necessary or proper in the construction and maintenance of said state highway, with the exception of those public highways which have been permanently improved under county or permanent road division bond issues within three years prior to the adoption of this act; all public highways within this state lying within the right of way of said state highway as determined and adopted by the department of engineering shall be and the same shall become a part of the right of way of said state highway, without compensation being paid therefor; provided nothing herein contained shall require the state to maintain any highway along or on said right of way, prior to the completion or acquisition of the permanent improvements contemplated by this act. Whenever any money received from the sale of bonds, under the provisions of this act, shall be expended in any county in this state, such county must pay into the state treasury such sum each year as shall equal the interest, at the rate of four per cent per annum, upon the entire sum of money expended within such county in the construction of said state highway. Less such portion of said amount expended as the bonds matured under the provisions of this act, shall bear to the total number of bonds sold and
outstanding. All highways constructed or acquired under the provisions of this act shall be permanently maintained and controlled by the State of California.

Sec. 9. This act, if adopted by the people, shall take effect on the thirty-first day of December, 1910, as to all its provisions except those relating to, and necessary for, its submission to the people and for returning, canvassing and proclaiming the votes, and to such accepted provisions this act shall take effect immediately.

Sec. 10. This act shall be submitted to the people of the State of California for their ratification at the next general election to be held in the month of November, 1910, A. D., and all ballots at said election shall have printed thereon, and at the end thereof, the words "For the State Highway Act"; and in a separate line, under the same, the words "Against the State Highway Act." Opposite said lines there shall be left spaces in which the voters may make or stamp a cross to indicate whether they vote for or against said act, and those voting for said act shall do so by placing a cross opposite the words "For the State Highway Act," and all those voting against the said act shall do so by placing a cross opposite the words "Against the State Highway Act." The governor of this state shall include the submission of this act to the people, as aforesaid, in his proclamation calling for said general election.

Sec. 11. The votes cast for or against this act shall be counted, returned and canvassed and declared in the same manner and subject to the same rules as votes cast for state officers, and if it appears that said act shall have received a majority of all the votes cast for and against it at such election, as aforesaid, then the same shall have effect as hereinafore provided and shall be irrepealable until the principal and interest of the liabilities herein created shall be paid and discharged, and the governor shall make proclamation thereof. But if a majority of the votes cast, as aforesaid, are against this act then the same shall be and become void.

Sec. 12. It shall be the duty of the secretary of state to have this act published in at least one newspaper in each county, city and county, if one be published therein, throughout this state, for three months next preceding the general election to be held in the month of November, A. D. nineteen hundred and ten; the cost of publication shall be paid out of the general fund, on controller's warrants duly drawn for the purpose.

Sec. 13. This act shall be known and cited as the "State Highways Act."

Sec. 14. All acts and parts of acts in conflict with the provisions of this act are hereby repelled.

An act to regulate contracts on behalf of the state in relation to

of any state structure, building, road, or other state improve-

regulate contracts on behalf of the state in relation to ecre-
tions and buildings." approved March 28, 1876.

[Approved March 22, 1900.]

The people of the State of California, represented in senate and
assembly, do enact as follows:

SECTION 1. Whenvover provision is made by law for the
erection, construction, alteration, repair or improvement of
any state structure, building, road or other state improvement
of any kind excepting improvements on the property of the
state on the water front of the city and county of San Francisco
under the jurisdiction of the board of state harbor com-
missioners, the total cost of which will exceed the sum of one
thousand dollars, the same shall be under the sole charge and
direct control of the department of engineering. Said depart-
ment, before entering into any contract for the erection, con-
struction, alteration, repair or improvement of any state
structure, building, road or other state improvement of any
kind shall prepare full, complete and accurate plans and speci-
fications and estimates of cost, giving such directions for the
same as will enable any competent mechanic or other builder
to carry them out. The plans, specifications and estimates of
cost must be approved by the advisory board of the department
of engineering and the original draft thereof filed permanently
in the office of the department of engineering before further
action is taken.
Sec. 2. Said department of engineering shall, after the approval and filing of plans, specifications and estimates of cost, as in this act required, let such work by contract to the lowest responsible bidder or bidders upon public notice which shall be given as follows: Notice of such work must be published once a week for three consecutive weeks next preceding the day set for the receiving of bids in a paper having a general circulation in the county where the work is to be done. Provided, that in a record kept for that purpose the state engineer shall register any one desiring to be so registered for the purpose of becoming a prospective bidder upon state work, which registration shall be renewed on or before the beginning of each fiscal year, and whenever any state work is to be let by contract the state engineer shall cause a notice of the same to be mailed to each of the addresses so registered at least twenty-five days prior to the date set for the receiving of bids. In each case such notice must state the time and place for the receiving and opening of sealed bids and must also state that bids will be received for the entire work and also, where possible, for the performance of each of the following parts thereof, viz.: First, for the masonry work, including all brick, stone, terra cotta, and concrete work, and all necessary excavations, and filling; second, for the iron work; third, for the carpenter, electric and glazing work; fourth, for the plastering work; fifth, for the plumbing and gas fitting work; sixth, for the heating work; seventh, for the tinning, galvanized iron, and slating work; eighth, for the painting and graining work.

Sec. 3. On the day named in said public notice the department of engineering shall proceed to publicly open said sealed bids and shall award such contract or contracts to the lowest responsible bidder or bidders. No bid shall be considered unless accompanied with a bond of said bidder equal to ten per cent of his bid with sufficient sureties, conditioned that if said bid shall be accepted the party bidding will duly enter into a proper contract and faithfully perform his or their contract or contracts, in accordance with said bid, and the plans and specifications, which shall be and are hereby made a part of such contract or contracts. Such contract or contracts shall not be binding on the state until they are submitted to the attorney general, and by him found to be in accordance with the provisions of this act, and his certificate thereon to that effect made. If in the opinion of such department of engineering the acceptance of the lowest responsible bid or bids shall not be for the best interests of the state, it may be lawful for them to reject all bids and advertise for others in the manner aforesaid. But after the approval of the plans, specifications and estimates of costs by the advisory board of the department of engineering, if, in the opinion of such department of engineering the acceptance of any bid or bids shall not be for the best interests of the state, or if in the opinion of such department of engineering the acceptance of any further bids after the rejection of all bids submitted shall not be for the best interests of the state, it may be legal for
them to direct that the erection, construction, alteration, repair, or improvement of any state structure, building, road, or other state improvement of any kind shall be done by day's labor, under the direction and control of the department of engineering. All contracts shall provide that such department of engineering may, as hereinafter provided, and on the conditions stated, make any change in the plans and specifications. Certified copies of such contracts shall be filed with the controller and the board of examiners.

Sec. 4. After the contract or contracts are let no change shall be made to increase or diminish the cost of any contract in excess of five hundred dollars, except upon the approval of the advisory board of the department of engineering, and then only upon additional plans and specifications and estimates of cost being filed and approved, and amended contracts entered into and filed with the original contract.

Sec. 5. No contract or contracts shall be made exceeding in amount the estimates of costs approved by the advisory board of the department of engineering and no plans and specifications and estimates of cost including expense of advertising and inspection, shall be approved by said board requiring a greater expenditure of money than is appropriated for the specific purpose in the act authorizing the same.

Sec. 6. Payments upon contract shall be made as the department of engineering may prescribe upon estimates made and approved by the said department and audited by the board of examiners, but no payment shall be made in excess of ninety per cent of the percentage of actual work completed, to which has been added one half of the value of material delivered on the ground and unused. The department of engineering shall withhold not less than ten per cent of the contract price until final completion and acceptance of the work. The controller shall draw his warrants upon estimates so made and approved by the department of engineering and audited by the board of examiners and the state treasurer shall pay the same.

Sec. 7. Any member of the advisory board or person employed under the department of engineering who shall knowingly perform any official act to the injury of the state, or any contractor or his agent or employé who shall knowingly permit the violation of the contract of such contractor to the injury of the state, or any agent or employé of any contractor who shall have knowledge of any work being done in violation of contract and does not immediately notify the department of engineering or the inspector upon said work in regard to the same is guilty of a felony and, upon conviction thereof, shall be confined in the state prison for not less than one year nor more than five years, and be liable to the state for double the amount the state may have lost, or be liable to lose by reason thereof.

Sec. 8. Whenever, in the opinion of the department of engineering, the work under any contract made in pursuance of this act, is neglected by the contractor or contractors, or the same is not prosecuted with diligence and force specified or
intended in and by the terms of the contract, it shall be lawful for such department of engineering to make a requisition upon such contractor or contractors for such additional specific force, or for such additional specific material, to be brought into the work under such contract, or to remove improper materials from the grounds; of which action of said department of engineering due notice in writing of not less than five days, shall be served upon such contractor, or his or their agent having charge of the work. If such contractor or contractors fail to comply with such requisition within fifteen days, it shall be lawful for said department of engineering to employ upon such work the additional force, or supply the materials so specifically required as aforesaid, or such part of either as they may deem proper, and to remove improper materials from the grounds; and it shall be the duty of such department of engineering to make separate estimates of all such additional force or materials so employed or supplied as aforesaid, and the amount so estimated shall be charged against said contractor or contractors, and deducted from his or their next, or any subsequent, estimate; or the same, or any part thereof, not paid as aforesaid, may be recovered by action from such contractor or contractors, and their sureties.

Sec. 9. In all contracts made under the provisions of this act, there shall be a provision in regard to the time when the whole, or any specified portion, of the work contemplated in said contract shall be completed, and also providing that for each and every day the same shall be delayed beyond such time or times so named, the said contractor or contractors shall forfeit and pay to the state a sum of money, to be fixed and determined in said contract, to be deducted from any payment or payments due, or to become due, to said contractor or contractors. Any such contract shall provide for the filing of a sufficient bond by the contractor to secure the payment of the claims of materialmen, mechanics, or laborers employed upon state work; a penalty of ten dollars per day to be forfeited to the state for each calendar day during which any laborer, workman or mechanic is employed or permitted to labor more than eight hours; a minimum compensation of not less than two dollars per day for labor; that no Chinese or Mongolian labor shall be employed and such other provisions as are now or may hereafter be provided by law.

Sec. 10. An act entitled "An act to regulate contracts on behalf of the state in relation to erections and buildings," approved March 23, 1876, and all acts amendatory thereto are hereby repealed, and all other acts or parts of acts in conflict with the provisions of this act are hereby repealed. Such repeal shall not affect, however, the operation of any other act heretofore passed, whether such act shall refer to the act hereby repealed or not, so as to exempt any public work from the provisions of this act.

Sec. 11. All of the provisions of this act shall be so construed as to preserve and keep in full force and effect all causes of action and actions for penalties which have already
accrued or may hereafter accrue under any contract, hereto-
fore entered into, against any contractor or person under and
by virtue of the provisions of said act entitled “An act to
regulate contracts on behalf of the state in relation to erec-
tions and buildings,” approved March 23, 1876, which is repealed
by virtue of this act, and all such actions and causes of action
may be prosecuted to final judgment and all such penalties
may be imposed and collected under the provisions of said act
so repealed to the same extent and in the same manner as
though said act had not been repealed.

Sec. 12. This act shall take effect immediately.

CHAPTER 397.

An act authorizing municipal corporations to permit other municipal corporations to construct and maintain sewers, water mains, and other conduits therein, also to construct and maintain sewers, water mains, and other conduits for their joint benefit, and at their joint expense, and to make and enter into contracts for said purposes.

[Approved March 22, 1909.]

The people of the State of California, represented in senate and assembly, do enact as follows:

Section 1. That any municipal corporation, under such terms and conditions as may be prescribed by the city council or other legislative body thereof, is hereby authorized and empowered to permit any other municipal corporation to construct and maintain sewers, water mains or other conduits in, across, or along the streets and other public places of such municipal corporation, and to use the same for such purposes, under the provisions of this act, and not otherwise.

Sec. 2. Whenever the city council, or other legislative body of any municipal corporation, shall find, and by resolution shall declare, that the location of such municipal corporation, or any portion of the territory included therein, is such that the same can not be adequately or conveniently provided with sewers, water mains or other conduits, without the construction and maintenance by such municipal corporations of certain sewers, water mains, or other conduits connecting therewith, in, across, or along certain streets, or other public places of any other municipal corporation, or corporations, such city council, or other legislative body, may cause a copy of such resolution to be submitted to the council, or other legislative body of such other municipal corporation or corporations in which such
streets or other public places are situated. Said resolution shall contain a description of the sewers, water mains, or other conduits proposed to be constructed and maintained in such other municipal corporation or corporations, and shall designate the streets, or other public places thereof, in, across or along which such sewers, water mains, or other conduits are so proposed to be constructed and maintained. Said resolution shall be accompanied by a request in writing, that the municipal corporation on behalf of which the same is made, signed by the clerk thereof, be granted permission to construct and maintain the sewers, water mains or other conduits described in said resolution. The city council, or other legislative body of any municipal corporation receiving such request and a copy of such resolution may by ordinance grant such permission at its discretion, and under such terms and conditions as it shall therein prescribe. If the permission granted under the provisions of this section shall be for the construction and maintenance of sewers, the city council, or other legislative body of any municipal corporation granting the same may, as a condition to the exercise of such permission, require that said municipal corporation shall have the right to connect its sewers with the sewers to be constructed under such permission, and to use the same in connection with its sewer system, upon the payment by it of such proportionate part of the cost of construction and maintenance of such sewers to the municipal corporation by which the same shall be constructed, as may be determined by resolutions of the city councils, or other legislative bodies, of both municipal corporations; such payment to be so made at such times and in such amounts as may be so determined.

Sect. 3. All contracts for the construction or completion of any sewers, water mains or other conduits, or for furnishing labor or materials therefor, to be constructed by any municipal corporation in, across or along the streets of any other municipal corporation or corporations, as herein provided, shall be let to the lowest responsible bidder. The city council or other legislative body of the municipal corporation so constructing such sewers, water mains or other conduits, under permission granted as in this act provided, shall advertise for at least ten days in one or more newspapers published in such municipal corporation, inviting sealed proposals for furnishing the labor and materials for the proposed work before any contract shall be made therefor. The said city council, or other legislative body, shall require such bonds as it may deem best from the successful bidder to insure the faithful performance of the contract work, and shall also have the right to reject any and all bids; provided, however, that nothing herein contained shall be construed as prohibiting such municipal corporation itself from constructing or completing such works, and employing the labor necessary therefor, without such advertisement for proposals or letting of a contract; and provided, further, that in any municipal corporation operating under a freeholders' charter, heretofore or hereafter framed under section 8 of
article XI of the constitution, and providing for a board of public works, all the matters and things required in this section to be done and performed by the city council, or other legislative body of such municipal corporation, shall be done and performed by the board of public works thereof; and provided, further, that in case such charter or general law under which such municipal corporation is operating or existing, prescribes the manner of letting and entering into contracts for the furnishing of labor, materials or supplies, for the construction or completion of public works or improvements, the contracts for such sewers, water mains, or other conduits shall be let and entered into in conformity with such charter or general law.

Sec. 4. Whenever the councils, or other legislative bodies of two or more municipal corporations shall find, and by resolutions adopted by them shall declare, that it will be for the interest or advantage of such municipal corporations so to do, such municipal corporations, by their respective city councils, or other legislative bodies, may enter into a joint agreement authorizing the construction and maintenance of sewers, water mains, or other conduits situated in the streets or other public places of either or any of such municipal corporations, or in part outside of the limits thereof, at the joint cost and expense of, and for the joint use and benefit of such municipal corporations, upon such terms and conditions, and under such regulations, as may be approved by the city councils or other legislative bodies of all such municipal corporations; and the city council or other legislative body of each such municipal corporation may bind and obligate such municipal corporation to pay such proportionate part of the cost of the construction and maintenance of such sewers, water mains, or other conduits at such times and in such installments as may be so approved. All contracts for the construction of sewers, water mains or other conduits, under the provisions of this section shall be made and entered into by the one of such municipal corporation designated by the city councils or other legislative bodies of all such municipal corporations, and in the manner provided in section 3 of this act. Two or more municipal corporations may also, by their city councils, or other legislative bodies, enter into an agreement or agreements with each other for the joint use by such municipal corporations of any sewers, water mains, or other conduits theretofore, in whole or in part, constructed in the streets or other public places of either or any such municipal corporations, upon such terms and conditions as they may, by mutual agreement made by their respective city councils, or other legislative bodies, determine to be proper.

Sec. 5. This act shall take effect immediately.

[Approved March 24, 1909.]

The people of the State of California, represented in senate and assembly, do enact as follows:

SECTION 1. Section 3398 of the Political Code is hereby amended so as to read as follows:

3398. The surveyor general is the general agent of the state for the location in the United States land offices of the lands desired to be selected and located in lieu of the sixteenth and thirty-sixth sections granted to the state for the use of the public schools, and in lieu of any and all losses sustained by the state to its school grant, whenever he is authorized by law to make such location or locations, or whenever for any reason he is authorized to select lands in lieu of grants made to the state; but no such selection or reselection or designation shall hereafter in any manner be made, except upon the surrender to the surveyor general, as in this article provided, of a certificate of indemnity or scrip. But nothing herein shall be construed as affecting the validity of, or to interfere with the perfecting of any selection, reselection, designation or redesignation now in good standing in the United States land office. And no reselection of any land for which a certificate of purchase is outstanding shall be made by the surveyor gen-
eral until the certificate of purchase issued therefor shall have been surrendered.

SEC. 2. Section 3406 of the Political Code is hereby amended so as to read as follows:

3406. If any applicant desires to purchase any of the lands mentioned in section 3398 of the Political Code, such applicant shall, before filing with the surveyor general the said application, properly prepare all papers and documents on the forms as prescribed by the surveyor general, and the department of the interior, and shall also surrender the indemnity certificate or scrip which he desires the surveyor general to use as bases for indemnity, and the surveyor general shall, if said applicant complies with the provisions of this article and of law, thereupon communicate with the United States land offices and ask that the lands sought to be purchased be listed to the state in lieu of the bases named in the surrender certificate. The said applicant shall also pay to the surveyor general at the time of the presentation of the application all fees required by the United States land offices for the said location, shall also furnish all county recorders’ or other certificates as may be required, and shall pay for publication of any and all notices required by the United States land offices.

The county recorder upon the request of any person or his agent or attorney shall forthwith on the payment of the fees allowed by law, furnish the certificate herein required, or any other such certificate that may be required by the rules or regulations of the United States land office.

SEC. 3. A new section is hereby added to the Political Code, to be known as section 3406a, and to read as follows:

3406a. All sixteenth and thirty-sixth sections situated within the exterior boundaries of a permanent reservation, and also all losses sustained by the state to its school grants, shall be and constitute valid bases for indemnity selections, as contemplated by this article and by law, but said base shall only be available when sold and indemnity certificates or scrip issued therefor, and the surveyor general is authorized and empowered to forward to the United States land offices selections based thereon and where based upon surveyed school sections included within the exterior boundaries of permanent reservations, if the lands applied for are finally listed to the state in lieu of such surveyed school sections constituting such bases. then, and in that event, the title of the state to such bases shall vest in the United States without further act on the part of the state and the title of the state to such bases shall be deemed to have been conveyed to the United States, as of the date of such listing. All selections heretofore made by the surveyor general, and which are now pending before the land department of the United States, based upon surveyed school sections situated within the exterior boundaries of a permanent reservation, shall be, if accepted by the United States land department, deemed to be valid bases, and, upon the listing of such lands, the title of the state to such sur-
veyed school sections shall pass to and vest in the United States.

Sec. 4. Section 3407 of the Political Code is hereby amended so as to read as follows:

3407. When the register of the state land office shall receive from the register of the United States land office a notice to the effect that any indemnity school land selection has been filed and accepted subject to future approval, the said register of the state land office shall approve the application in accordance with the said acceptance and issue a certificate of purchase showing full payment for the land sought by the applicant and as so approved.

Sec. 5. Section 3410 of the Political Code is hereby repealed.

Sec. 6. A new section is hereby added to the Political Code to be known as section 3408a, and to read as follows:

3408a. Within the intent and meaning of this article the words "permanent reservation" shall be deemed and held to signify, designate and apply only to a national reservation established by proclamation of the president of the United States; the words "temporary reservation" shall be deemed and held to signify, designate and apply to any and all withdrawals of public lands from entry, for any purpose, and lands within the exterior boundaries of such withdrawals, where the same shall have not become a permanent reservation by proclamation of the president of the United States.

Sec. 7. A new section is hereby added to the Political Code to be known as section 3408b and to read as follows:

3408b. For the purpose of enabling the state to sell and issue certificates of indemnity or scrip, as in this article provided, no person shall hereafter, except upon the surrender of an indemnity certificate or scrip as in this article provided, have the right to apply for or be entitled to designate or have selected or located for him by the surveyor general of the state in the United States land offices any lands in lieu of loss or losses to the state in or to any grant or grants heretofore or hereafter to be made to it by the United States, nor shall the surveyor general make any indemnity selections or locations in the United States land offices on behalf of any person, or at the request of any person, or at all, where the state may now or may hereafter be entitled to select lands by reason of the existence of any fact or reason now or hereafter entitling it to select or locate lands in the United States land offices, except upon the surrender of an indemnity certificate or scrip as herein provided, and no selection or designation in any manner shall be made in lieu of any base or bases which may now or may hereafter exist, except upon the surrender of an indemnity certificate or scrip, whether the said right to select indemnity lands shall arise by reason of any lands granted to the state being subject to the claims of homestead or pre-emption settlers under the laws of the United States, or by reason of the sixteenth and thirty-sixth sections, or either, being mineral in character, or by reason of the same being
included within any Indian, military or other reservation, or the exterior boundaries thereof, or by reason of deficiencies, where said sections, or either, are fractional in quantity, or where one or both are wanting by reason of the township being fractional, or by reason of any natural cause whatever, or by reason of the existence of any cause or fact whatsoever which, under the laws of the United States, may entitle the state to make indemnity selections.

All sixteenth and thirty-sixth sections, both surveyed and unsurveyed, which may now or may hereafter be included within the exterior boundaries of a national reservation, or of a reserve, or within the exterior boundaries of lands withdrawn from public entry, shall be and are hereby withheld from sale by the state, and the same shall hereafter be used only as bases for indemnity selections as in this article provided. And whenever such land is withdrawn by authority of the United States, for any purpose, or placed within any reservation, or the exterior boundaries thereof, whether temporary or permanent, the said lands shall not thereafter be subject to purchase, entry or sale, or be or constitute base or bases for indemnity selections, except in the manner herein provided; and the surveyor general is prohibited from receiving or filing any application for any lands in place within any such reservation or the exterior boundaries thereof after the creation thereof, or after such lands have been withdrawn from public entry, and is likewise prohibited from designating or using any base or bases which may now or which may hereafter exist for indemnity selection or selections except as herein provided; and if any application shall be filed contrary to the provisions hereof, said application shall be null and void, and shall be cancelled by the surveyor general, and if the same shall have been filed through inadvertence or mistake, or if the surveyor general shall, after the withdrawal of such lands from public entry, have received any application, by any applicant claiming the right to have the lands in said application described, selected or located in lieu of any of said lands so withdrawn from public entry, or by reason of any fact entitling the state to make an indemnity selection, the said application shall likewise be null and void, and the said applicant shall have no right to have the lands applied for by him selected in lieu of the lands designated by him, or in lieu of any lands in said reservation, or for any reason or fact whatsoever. The provisions of section 3494 of this code are hereby expressly made subject to the provisions of this article.

Nothing herein contained, however, shall be held to prevent the state from selling its school sections in place, after the termination or extinguishment of any reservation, if such school sections have not theretofore been disposed of.

Sec. 8. A new section is hereby added to the Political Code to be known as section 3408c, and to read as follows:

3408c. Whenever there shall exist in the State of California as may be determined by the surveyor general the right
to select any lands from the United States, for any of the causes or reasons for which it may now or may hereafter under the laws of the United States be entitled to make indemnity selections, the surveyor general shall ascertain from time to time the number of acres of land to which the state is entitled as indemnity and shall keep on file a statement showing of what such bases consist. In determining the bases in lieu of which the state is entitled to indemnity, the surveyor general shall also include all sixteenth and thirty-sixth sections which were surveyed at the time of the withdrawal of such lands from public entry, or at any time thereafter; provided, however, that should the land department of the United States determine that such surveyed sections are improper or invalid bases, then the surveyor general shall not be required thereafter to consider or treat said surveyed sections as valid or any bases for indemnity selections. No base or bases shall be deemed or considered or treated as proper or valid base or bases for indemnity selections, where such base or bases may exist by reason of the inclusion of the same within a reservation unless the same be included within the exterior boundaries of a permanent reservation, but all such bases shall be withheld from sale, or other disposition, until such temporary reserve or withdrawal shall have become a permanent reservation.

Sec. 9. A new section is hereby added to the Political Code to be known as section 3408d, and to read as follows:

3408d. Whenever the state shall be entitled to make indemnity selections for any reason, the surveyor general shall, on behalf of the state and in the manner herein provided, issue and sell to persons qualified to purchase state lands, indemnity certificates of location or scrip, as herein provided. No person shall be entitled to purchase an indemnity certificate of location or scrip unless he be qualified to purchase state lands as provided by law, and no person shall be entitled to purchase such a certificate representing more than six hundred and forty acres of land, nor less than the smallest legal subdivision of land as shown and indicated on the United States plats. As the surveyor general shall ascertain, from time to time, the number of acres to which the state is entitled as indemnity, he shall sell at his office in the city of Sacramento, State of California, at public auction, to the highest bidder, for cash, in gold coin, and to persons qualified to purchase state land indemnity certificates or scrip. All sales under the provisions hereof shall take place on the first Monday in the months of January, March, May, July, September and November in each year commencing at the hour of ten A.M., and if any such day falls on a legal holiday, then the next business day thereafter; provided further, that the first sale under the terms hereof shall be held on the first Monday in May, 1909. No person shall bid, purchase or buy at said sale for or on behalf of any other person, unless such person so bidding on behalf of another shall file with the surveyor general a written author-
ization so to do, and shall also file an affidavit by such person intending to purchase, showing that the said last-named person is qualified to purchase state lands, and no bid shall be received or considered and no land or the right to any land will be sold and no certificate of indemnity or scrip shall be issued for less than the sum of one dollar and twenty-five cents per acre. Certificate of indemnity or scrip as herein provided shall be offered for sale and sold in such quantities as may in the discretion of the surveyor general be deemed to be for the best interests of the state, but in no case shall indemnity certificates or scrip be offered for sale in quantities exceeding eighty acres.

When certificates of indemnity or scrip are sold as herein provided, the surveyor general shall issue to the purchaser an indemnity certificate of location or scrip, in such form as may be by him provided, containing the date of the sale, a description of the land, or statement of the facts or other cause constituting the bases by reason of which the state is entitled to indemnity, the name of the person to whom issued, the price paid therefor, and the fact that such certificate may be surrendered to the surveyor general, and the holder and owner thereof (provided he be the original purchaser of such certificate of indemnity or scrip) shall be entitled to have selected from the vacant unappropriated lands of the United States within the state open to selection, the same number of acres as represented by the certificate surrendered, which the party who makes the surrender shall designate; provided, however, that if the land sought to be selected be suitable for cultivation, then such person must be an actual settler thereon, and in that event, he shall only be entitled to have selected or located for him not more than three hundred and twenty acres, and the said certificate, if representing more than three hundred and twenty acres, shall not be deemed to give the said person so surrendering it the right to have selected for him any more than a single individual is by law now allowed to acquire, and if any such certificates of indemnity or scrip shall represent more than three hundred and twenty acres, the said owner thereof shall be entitled to restitution for the said excess to the amount paid therefor. If the lands applied for be not open to entry, the holder of a certificate of indemnity shall be entitled to apply for other lands or receive restitution to the amount paid for such certificate or certificates of indemnity or scrip. At the time of surrendering said certificate said person so surrendering the same shall make and file the same affidavit and application, as is now required by law for the purchase of state school lands, and he shall pay all fees as provided by law in connection with the sale of state school lands, and the issuing of evidences of title therefor. The said certificates of indemnity or scrip, however, shall be held to be, and shall be considered and accepted as the full purchase price for the land sought to be purchased by the applicant. The said certificate of indemnity shall not be subject to sale or assignment; provided, how-
ever, that if the purchaser shall die without having selected
lands in accordance therewith, his successors in interest or
legal representatives may surrender the said certificate and be
entitled to restitution for the amount paid therefor.

If it appears, when any certificate of indemnity or scrip is
surrendered that the owner of said certificate was not qualified
to purchase state lands when the said certificate was pur-
chased, the said certificate shall be cancelled and become null
and void, and he shall be entitled to restitution therefor.
The surveyor general shall have the right to continue any sale,
when he shall deem it to the interest of the state so to do, to
the next sale date thereafter.

Whenever it is made to appear to the satisfaction of the sur-
veyor general that the base or bases named in any certificate
of indemnity or scrip is or are invalid, or will not be
accepted by the land department of the United States, the
owner and holder thereof may surrender the same to the sur-
voyer general and be entitled to restitution therefor, but
before any base mentioned in any certificate of indemnity or
scrip is treated as invalid by the surveyor general he shall
notify the owner thereof by registered letter addressed to such
owner, at his address as designated on his application, of any
adverse action on the part of the United States land depart-
ment, and such owner shall have a right to remedy such defect,
if possible, within a reasonable time, so that the same may be
acceptable to the United States land department.

If any certificate of indemnity or scrip has been lost or
destroyed the owner thereof may, upon filing an affidavit with
the register of the state land office showing the facts consti-
tuting such loss or destruction, have issued to him a duplicate
thereof, across the face of which shall be marked in red ink
the word "duplicate," and which shall have the same force
and effect as the original.

No person shall be considered as having made an entry of
state lands under the provision of this article until the lands
have been listed to the state.

Whenever in accordance with the provisions of this article
any person shall have the right to recover from the State of
California any sum of money paid by him for a certificate of
indemnity or scrip, he shall surrender the same to the surveyor
general who shall thereupon cancel the same and issue to him a
certificate showing the amount paid and the class of land upon
which the payment was made, and upon the surrender of such
certificate to the controller of state he must draw his warrant
in favor of the person surrendering the same for the amount
therein specified, upon the treasurer of state, who must pay the
same out of the fund into which the purchase money was paid.

All the provisions of the laws of this state governing the
sale and disposition of state school land, where not in con-
flict with the provisions hereof, shall apply equally to lands
purchased upon the surrender of certificates of indemnity or
scrip.
All moneys received by the surveyor general under the provisions hereof shall be disposed of by him in the same manner as other moneys received from the sale of state school lands.

Sec. 10. A new section is hereby added to the Political Code to be known as section 3408e and to read as follows:

3408e. It shall be unlawful for any person, in any manner or by any means whatever, either before or at the time of the public sale herein provided for, to bargain, contract or agree, or attempt to bargain, contract or agree with any other person that the last-named person shall not bid or purchase at said public sale herein mentioned, or by intimidation, combination or other unfair means hinder or prevent, or attempt to hinder or prevent any person from bidding at said sale, or enter into any agreement or secret understanding for the purpose of preventing any person from bidding or purchasing at said sale, or attempting to prevent or hinder the said sale in any manner or entering into any agreement, or secret understanding that the person bidding at said sale shall thereafter convey or dispose of any lands to any other person. Any person or persons violating the provisions hereof shall be punished by imprisonment in the county jail or state prison for a period of not less than one year nor more than five years, or by a fine of not exceeding one thousand dollars, or by both such fine and imprisonment.

CHAPTER 405.

An act to provide for and regulate primary elections, and providing the method whereby electors of political parties may express their choice at such primary elections for United States senator.

[Approved March 24, 1909.]

The people of the State of California, represented in senate and assembly, do enact as follows:

3. The word "election," a general or city or county election as distinguished from a primary election.

4. The words "November election," the presidential election, the general state election, county, city or county and county election held in November.

Sec. 2. All candidates for elective public offices shall be nominated as follows:

1. By direct vote at primary elections held in accordance with the provisions of this act; or,

By nominating petitions signed and filed as provided by existing laws. Party candidates for the office of United States senator shall have their names placed on the official primary election ballots of their respective parties in the manner herein provided for state officers; provided, however, that the vote for candidates for United States senators shall be an advisory vote for the purpose of ascertaining the sentiment of the voters in the respective senatorial and assembly districts in the respective parties; provided further that members of the legislature shall be at liberty to vote either for the choice of their respective districts expressed at said primary election, or for the candidate for United States senator who shall have received the endorsement of their party at such primary election in the greatest number of districts electing members of such party to the legislature.

This act shall not apply to special elections to fill vacancies; nor to the nomination of officers of municipalities, whose charters provide a system for nominating candidates for such offices; nor to the nomination of officers for any district
organization not formed for municipal purposes, nor to school trustees in cities of the sixth class; nor to school district officers, other than those elected in a district of which an incorporated city or city and county or part of an incorporated city or city and county constitutes the whole or a part of such school district.

SEC. 3. The August primary election shall be held at the legally designated polling places in each precinct on the third Tuesday in August for the nomination of all candidates to be voted for at the ensuing November election.

Any primary election other than the August primary election shall be held on Tuesday, three weeks next preceding the election for which such primary election is held.

SEC. 4. 1. At least sixty days before the time for holding such August primary election in 1910, and biennially thereafter, the secretary of state shall prepare and transmit to each county clerk and to the registrar of voters in any city and county a notice in writing designating the offices for which candidates are to be nominated at such primary election.

2. Within ten days after receipt of such notice such county clerk or registrar of voters in any city and county shall publish so much thereof as may be applicable to his county, once in each week for six successive weeks in not more than two newspapers published in such county or city and county.

3. In the case of August primary elections for the nomination of candidates for city or city and county officers to be voted for at the November election in the odd numbered years, the city clerk or secretary of the legislative body in any such city or the registrar of voters in any such city and county shall cause the publication of notice of such primary election, together with a complete statement of the offices for which candidates are to be nominated, once in each week for four successive weeks in not more than two newspapers of general circulation published in such city or city and county, the last publication to be made not more than forty and not less than fourteen days before such primary election.

4. In the case of primary elections other than the August primary elections the city clerk or secretary of the legislative body of the political subdivision for which such primary election shall be held shall cause one publication of such notice to be given, such publication to be not more than forty and not less than fourteen days before such primary election.

SEC. 5. 1. The name of no candidate shall be printed on an official ballot to be used at any primary election unless at least thirty days prior to the primary election, if the candidate is to be voted for at the August primary election, and at least fourteen days prior to the primary election, if the candidate is to be voted for at a primary election other than the August primary election, a nomination paper shall have been filed in his behalf as hereinafter provided by this act, in substantially the following form:

Such verification deputies shall have all the powers and be subject to all the penalties provided by section 1188 of the Political Code.

3. Each signer of a nomination paper shall sign but one such paper for the same office and shall verify the same as above provided. He shall add his occupation and residence, with street and number, if any, and if no street and number or either exists, then such a description of the place of residence, if in a city or city and county, as will enable the location to be readily ascertained; he shall also add the date of signing.

4. Such nomination papers prior to their filing must be fastened together and bound by precincts and arranged in all respects in the manner and form required for the arrangement, binding and fastening of original affidavits of registration by the provisions of section 1113 of the Political Code; provided, however, that for all nominations of candidates to be voted for in more than one county, or throughout the entire state, the nomination papers, properly assembled by precincts, may be consolidated and fastened or bound together by counties; but in no case shall nomination papers signed by electors of different counties be fastened or bound up together.

The county clerk of any county or registrar of voters of any city and county shall examine all nomination papers herein provided for which purport to have been signed by electors of his county or city and county, and shall disregard any name appearing on such paper or papers which is not on the great register in his office. For the purpose of such examination and comparison of affidavits, the duplicate affidavits of registration on file in the office of such county clerk or registrar of voters shall be deemed part of the great register. Such officer shall affix to all nomination papers a certificate reciting that he has examined the same and stating the number of names signed thereto which appear upon the great register. All nomination papers pertaining to state senators and assemblymen and to the nomination of candidates to be voted for in more than one county shall with such certificate attached be forwarded, within ten days after such paper or papers are left with any county clerk or registrar of voters for examination, to the secretary of state, who shall receive and file the same.

The verification of signatures to nomination papers shall not be made by the candidate, but each candidate shall file with his nomination paper or papers his affidavit, stating his residence, with street and number, if any; his election precinct; that he is a qualified elector in the election precinct in which he resides; the name of his party and that of the office for which he desires to be a candidate; that he affiliated with said party at the last preceding general election, and either that he did not vote thereat or voted for a majority of the candidates of said party at said next preceding general election, and intends to so vote at the ensuing election, and that if nominated he will accept such nomination and not withdraw, and that he will qualify as such officer if nominated and elected.
5. Such nomination papers shall be signed as follows:

(a) If for a state officer or for United States senator, by at least one per centum of the voters of the party of such candidate, in each of at least ten counties in the state, and in the aggregate not less than one per centum nor more than ten per centum of the total vote of his party in the state.

(b) If for a representative in congress, or for any officer voted for in a district comprising more than two counties and less than the entire state, by at least two per centum of the voters of his party in at least one tenth of the election precincts in each of at least one half of the counties comprising such district, and in the aggregate not less than two per centum nor more than ten per centum of the total vote of his party in such district.

(c) If for a representative in congress or other officer to be voted for in a district comprising two counties, by at least two per centum of the voters of his party in at least one sixth of the election precincts of each county comprising such district, and in the aggregate not less than two per centum nor more than ten per centum of the total vote of his party in such district.

(d) If for any officer voted for entirely within one city, county, or city and county or any political subdivision constituting a part of such county, city and county or city, by at least three per centum of the party vote in at least one fourth of all the election precincts within the district in which the officer is to be voted for, and in the aggregate not less than three per centum nor more than ten per centum of the total vote of the party in such district.

The basis of percentage in each case shall be the vote of the party for its candidate for presidential elector receiving the greatest number of votes at the last preceding presidential election. But any other political organization which had no candidate for presidential elector at such presidential election but which at such presidential election or at the last general state election was represented on the official ballot by either regular party candidates or by individual nominees only, upon complying with the provisions of this act, have a separate primary election ticket as a political party, if any of its candidates or individual nominees received three per centum of the total vote cast at such presidential or general state election in the state or political subdivision thereof in which the candidate seeks the nomination. In such case the basis of percentage shall be the vote of that party for its candidate who received the greatest number of votes at such last preceding presidential election or at such last preceding general state election, in the state or political subdivision thereof in which the candidate seeks the nomination.

Nothing herein shall be construed as prohibiting the independent nomination of candidates to be voted for at any general election, by electors or bodies of electors, as provided by section 1188 of the Political Code, but a candidate defeated
at a primary election held under the provisions of this act
shall be ineligible for nomination to the same office at the same
election.

SEC. 6. All nomination papers provided for by this act
shall be filed as follows:
1. For state officers, United States senators, representatives
in congress and all officers voted for in districts comprising
more than one county, in the office of the secretary of state.
2. For officers to be voted for wholly within one county
or city and county, except representatives in congress, in the
office of the county clerk of such county or in the office of the
registrar of voters in such city and county.
3. For city officers, in the office of the city clerk or secretary
of the legislative body of such city or municipality.
4. When nomination papers shall have been received which
contain ten per centum of the total vote as limited by sub-
division 5 of section 5 of this act, the officer with whom such
papers are required to be filed shall not receive or file further
nomination papers for the candidate named therein.

SEC. 7. 1. A filing fee of fifty dollars shall be paid to
the secretary of state when the nomination paper or papers
and affidavit for any candidate for state office or the United
States senate are filed with such secretary of state.
2. A filing fee of twenty-five dollars shall be paid to the
secretary of state when the nomination paper or papers and
affidavit of any candidate for representative in congress or
for any office, except member of senate and assembly, to be
voted for in any district comprising more than one county are
filed with such secretary of state.
3. A filing fee of ten dollars shall be paid to the county
clerk or registrar of voters in any city and county when the
nomination paper or papers and affidavit of any candidate to
be voted for wholly within one county or city and county are
filed with such county clerk or registrar of voters.
4. A filing fee of ten dollars shall be paid by the candidate
for assembly or senate to the officer with whom his nomination
papers are filed.
5. A filing fee of ten dollars shall be paid to the city clerk
or secretary of the legislative body of any municipality
when the nomination paper or papers and affidavit of any
candidate for a city office are filed with such clerk or secretary
of such legislative body.
6. No filing fee shall be required from any candidate for
an office to the holder of which no compensation is required
to be paid or for township offices.

SEC. 8. The county clerk shall immediately pay to the
county treasurer and the registrar of voters in any city and
county shall immediately pay to the city and county treasurer
all fees received from candidates. The county clerk or secretary
of the legislative body of any municipality shall immediately
pay to the city treasurer all fees received from candidates.

Immediately after the last day for filing nomination papers
the secretary of state shall pay to the state treasurer all fees
received from candidates and shall apportion the fees paid to him by each candidate equally among the counties within which such candidate is to be voted for and certify such apportionment to the state controller, who shall issue warrants on the state treasurer for the amount due each county and the state treasurer shall pay the same.

Sec. 9. The expense of providing all ballots, blanks and other supplies to be used at any primary election provided for by this act and all expenses necessarily incurred in the preparation for or the conduct of such primary election shall be paid out of the treasury of the city, city and county, county or state, as the case may be, in the same manner, with like effect and by the same officers as in the case of elections.

Sec. 10. At least twenty-five days before any August primary election preceding a November election the secretary of state shall transmit to each county clerk or registrar of voters in any city and county a certified list containing the name and post office address of each person for whom nomination papers have been filed in the office of such secretary of state and who is entitled to be voted for in such county at such primary election, together with a designation of the office for which such person is a candidate and of the party or principle he represents.

Such county clerk or registrar of voters shall forthwith, upon receipt thereof, publish under the proper party designation the title of each office, the names and addresses of all persons for whom nomination papers have been filed, the date of the primary election, the hours during which the polls will be open, and that the primary election will be held at the legally designated polling places in each precinct, which shall be particularly designated. It shall be the duty of the county clerk or registrar of voters in any city and county to cause such publication to be made for two successive weeks prior to said primary election.

Sec. 11. Every publication required by this act shall be made in not more than two newspapers of general circulation published in such county or city and county, and one of such newspapers shall represent the political party that cast at the last preceding general election the highest number of votes in such county or city and county, and one of such newspapers, if any, shall represent the party which cast the next highest number of votes at such election. In any case where the publication of the notices provided for by this act cannot be made as hereinbefore provided it shall be made in any newspaper having a general circulation in the city or county in which the notice is required to be published.

Sec. 12. 1. All voting at primary elections within the meaning of this act shall be by ballot. A separate official ballot for each political party shall be printed and provided for use at each voting precinct. It shall be the duty of the county clerk of each county or of the registrar of voters in any city and county to provide such printed official ballots
to be used at any August primary election for the nomination of candidates to be voted for in such county or city and county at the ensuing November election. It shall be the duty of the city clerk or secretary of the legislative body of any municipality to provide such printed official ballots for any primary election other than the August primary election. Such official ballots to be used at any primary election shall be printed on official paper, furnished by the secretary of state, in the manner provided by section 1196 of the Political Code, and in the form hereinafter provided. The names of all candidates for the respective offices for whom the prescribed nomination papers have been duly filed shall be printed thereon.

2. Official primary election ballots used at any primary election for the nomination of candidates to be voted for at any presidential or general state election shall be not less than twelve inches wide and as long as the herein prescribed captions, headings, party designations, directions to voters and lists of names of candidates, properly subdivided according to the several offices to be nominated for, may require; and no official primary election ballot shall be less than six and one half inches wide.

3. Across the top of the ballot shall be printed in heavy faced gothic capital type, not smaller than forty-eight point, the words: "Official Primary Election Ballot." Beneath this heading shall be printed in heavy faced gothic capital type, not smaller than twenty-four point, the party designation. Following the party designation there shall be printed in heavy faced gothic type, not smaller than fourteen point, the official designation of the election precinct in the assembly district or ward of any municipality, as the case may be, and the date of the primary election. The instructions to voters shall be printed in ten point gothic type. In the case of official primary election ballots to be used at any primary election held for the nomination of candidates other than those to be voted for at a presidential or a general state election, and on which, in accordance with the provisions of this act, the names of candidates may be printed in a single column or in two parallel columns, as the case may be, the words "Official Primary Election Ballot" shall be printed thereon in heavy faced gothic capital type, not smaller than twenty-four point. The party designation shall be printed in heavy faced gothic capital type, not smaller than eighteen point. The official designation of the election precinct, the assembly district or ward in any municipality, as the case may be and the date of primary election, shall be printed in heavy faced gothic type, not smaller than twelve point. The instructions to voters shall be printed in ten point gothic type.

4. At least three eighths of an inch below the voting precinct designation and the date of the primary election shall be printed in ten point gothic type, double leaded, the following instructions to voters:

To vote for a person whose name appears on the ballot,
stamp a cross (X) in the square at the right of the name of
the person for whom you desire to vote. To vote for a person
whose name is not printed on the ballot, write his name in the
blank space provided for that purpose. To vote for delegates
to conventions write or paste the name or names of the qualified
elector or electors in the blank space or spaces provided there-
for.

5. The instructions to voters shall be separated from the
lists of candidates and the designations of the several offices
to be nominated for by one light and one heavy line or rule.
The names of the candidates and the respective offices shall,
except as may be hereinafter otherwise provided, be printed
on the ballot in four or more parallel columns, each two and
one half inches wide. The number of such parallel columns
shall be exactly divisible by two, and such parallel columns
shall be equally divided on the ballot for state and county
tickets by a solid black line, extending down from the printed
lines separating the instructions to voters from the lists of
names of candidates to the bottom margin of the ballot. In
the case of a primary election for the nomination of candidates
to be voted for at a presidential or general state election the
order of precedence shall be as follows, that is to say: In the
columns to the left of the solid black dividing line shall be
printed the groups of names of candidates for nomination to
state, district and judicial offices, United States senator in
congress if any, representative in congress, state senator and
member of assembly. In the parallel columns to the right
of the heavy black dividing line shall be printed the groups
of names of candidates for nomination to county and town-

names of candidates may be printed in two parallel columns
and the order of precedence shall be determined by the legis-
lative body of such city or municipality or by the board of
election commissioners of any such city and county. In the
case of primary elections for the nomination of congressional
candidates including United States senator in congress, legis-
lative and judicial officers other than justice of the peace,
the groups or lists of names of candidates may be printed on
the ballot in a single column, and shall be printed in the fol-
lowing order of procedure, that is to say: Judicial officers,
except judges of the superior court, United States senator in
congress, representative in congress, state senator, member of
the assembly, judge of the superior court, county and town-
ship officers, if any, and delegates to county conventions.

6. The names of the candidates shall be grouped in alpha-
betical order according to surname and each group shall be pre-
ceded by the designation of the office for which the candidates
seek nomination and the words “vote for one” or “vote for
two” or more, according to the number to be nominated. Such
designation of the office to be nominated for and of the number
of candidates to be nominated shall be printed in heavy faced gothic type, not smaller than ten point. The word or words designating the office shall be printed flush with the left hand margin and the words "vote for one" or "vote for two" or more, as the case may be, shall extend to the extreme right of the column and over the voting square. The designation of the office and the direction for voting shall be separated from the names of the candidates by a light line.

7. The names of the candidates shall be printed on the ballot, without indentation, in roman capital type not smaller than eight point, between light lines or rules three eighths of an inch apart. Under each group of names of candidates shall be printed as many blank spaces, defined by light lines or rules, three eighths of an inch apart, as there are to be candidates nominated for such office. To the right of the names of the candidates shall be printed a light line or rule so as to form a voting square three eighths of an inch square. Each group of names of candidates shall be separated from the succeeding group by one light and one heavy line or rule. Each series of groups shall be headed by the word "state," "congressional," "legislative," "county and township" or "municipal" or other proper general classification, as the case may be, printed in heavy faced gothic capital type, not smaller than twelve point. All official primary election ballots shall have printed on the back and immediately below the center thereof, in eighteen point gothic capital type, the words "Official Primary Election Ballot," and underneath these words the respective numbers of the congressional, senatorial and assembly districts in which each ballot is to be voted. In the case of a primary election for the nomination of candidates for city or city and county offices only, the designations on the back of the ballot, in addition to the words "Official Primary Election Ballot," shall be the official designation of the respective ward and voting precinct in any such city or municipality, or the number of the assembly district and of the voting precinct in any such city and county in which each ballot is to be voted.

8. At the bottom of the last column on any official primary election ballot to be voted in August for the nomination of candidates to be voted for at the ensuing November election, there shall be left as many blank spaces defined by light lines or rules three eighths of an inch apart as there are delegates to be elected to the county convention of such party as shall have been previously apportioned by the county committee of such party and which shall be preceded by the words "delegates to county convention," "vote for one" or "vote for two," or more as the case may be, according to such apportionment, in which blank spaces the voter may write or paste the name or names of qualified electors of his party as delegates to the county convention of such party.

of the ballot. On each ballot a perforated line shall extend from top to bottom one half inch from the right hand side of such ballot, and upon the half-inch strip thus formed there shall be no printing except the number of the ballot which shall be on the back of each strip, in such position that it shall appear on the outside when the ballot is folded. The number on each ballot shall be the same as that on the corresponding stub, and the ballots and stubs shall be numbered consecutively in each county, provided that the sequence of numbers on such official ballots and stubs for each party shall begin with the number one.

9. The official ballots of each political party shall be made up in blocks of one hundred ballots in the manner provided by law for official election ballots, and shall be printed in substantially the following form:
SEC. 13. At least twenty days before the August primary election each county clerk or registrar of voters in any city and county shall prepare separate sample ballots for each political party, placing thereon alphabetically, according to surnames, under the appropriate title of each office, the names of all candidates for whom nomination papers have been duly filed with him, or have been certified to him by the secretary of state, to be voted for at the primary election in his county or city and county. Such sample ballots shall be printed on tinted or colored paper, but such sample ballots need not be mailed to the voters.

Such clerk or registrar of voters shall forthwith submit the ticket of each political party to the chairman of the county committee of such party and shall mail a copy to each candidate for whom nomination papers have been filed with him or whose name has been certified to him by the secretary of state, to the post office address as given in such nomination paper or certification, and he shall post a copy of each sample ballot in a conspicuous place in his office. Such clerk or registrar of voters shall also cause such sample ballots to be published twice in not more than two newspapers of general circulation published in his county or city and county, and such publication shall be made not more than twenty days nor less than ten days before such primary election.

Before such primary election the county clerk or registrar of voters in any city and county shall cause the official ballot to be printed as provided by section 12 of this act, and distributed as provided by law, except that the number of party ballots to be furnished to each voting precinct shall be apportioned at the ratio of 150 such party ballots for each 100 voters of such party registered in such precinct.

In the case of primary elections for the nomination of candidates for city offices it shall be the duty of the city clerk, secretary of the legislative body of such city or municipality, or such other officer charged by law with the duty of preparing and distributing the official ballots used at elections in such city or municipality, to prepare and publish the sample ballot and to prepare and distribute the official primary election ballots, and so far as applicable and not otherwise provided herein the provisions of this act shall apply to the nomination of all candidates for city offices; provided, that the lists of candidates shall be published at least ten days before such primary election and the official ballot printed at least four days before the day of holding such primary election.

Sec. 14. The polls must be opened at six o'clock of the morning of the day of primary election and must be kept open until six o'clock in the afternoon of the same day, when the polls shall be closed; provided, however, that if at the hour of closing there are any voters in the polling place, or in line at the door, who are qualified to vote and have not been able to do so since appearing, the polls shall be kept open a sufficient
time to enable them to vote. But no one who shall arrive at
the polling place after six o'clock in the afternoon shall be
entitled to vote, although the polls may be open when he
arrives. No adjournment or intermission shall be taken except
as provided in the case of elections.

Sec. 15. The officers for primary elections shall be the
same as provided by law for general elections, and such officers
shall receive the same compensation for their services at pri-
mary elections as provided by law for general elections.

It shall be the duty of the proper officers to furnish the
original affidavits of registration, indexes and supplements
thereto, for use at primary elections, which shall show the
names of all voters entitled to vote at such primary elections.
And all the provisions of section 1366 of the Political Code,
so far as they are consistent with the provisions of this act,
are hereby made applicable to primary elections within the
meaning of this act.

Sec. 16. Any elector offering to vote at a primary election
may be challenged by any elector of the city, city and county
or county, upon either or all of the grounds specified in section
1230 of the Political Code, but his right to vote the primary
election ticket of the political party designated in his affidavit
of registration, as provided in section 1366a of the Political
Code, shall not be challenged on any ground or subjected to
any tests other than those provided by the constitution and
section 1230 of the Political Code of this state.

Sec. 17. Any elector who has, at least twenty days before
the day of any primary election, qualified by registration and
by declaration of the political party with which he intends
to affiliate, as provided by section 1366a of the Political Code,
shall be entitled to vote at such primary election, such right
to vote being subject to challenge only as hereinbefore pro-
vided; and shall, on writing his name or having it written for
him on the roster, as provided by law for general elections
in this state, receive the official primary election ballot of
the political party designated in his affidavit of registration,
and no other.

He shall be instructed by a member of the board as to the
proper method of marking and folding his ballot, and he
shall then retire to an unoccupied booth and without undue
delay stamp the same with the rubber stamp there found. If
he shall spoil or deface the ballot he shall at once return the
same to the ballot clerk and receive another.

Sec. 18. The voter shall designate his choice on the ballot
by stamping a cross (X) in the small-square opposite the name
of each candidate for whom he wishes to vote. If he shall
stamp more names than there are candidates to be nominated
for any office, or if for any reason it be impossible to deter-
mine his choice for any office, his ballot shall not be counted
for such office, but the rest of his ballot, if properly stamped,
shall be counted. No ballot shall be rejected for any technical
error which does not render it impossible to determine the
voter's choice, nor even though such ballot be somewhat soiled or defaced.

Sec. 19. When a voter has stamped his ballot he shall fold it so that its face shall be concealed and only the printed designation on the back thereof shall be visible, and hand the same to the member of the board in charge of the ballot box. Such folded ballot shall be voted as ballots are voted at general elections and the name of the voter checked upon the register as having voted.

Sec. 20. No adjournment or intermission whatever shall take place until the polls shall be closed and until all the votes cast at such polls shall be counted and the result publicly announced, but this shall not be deemed to prevent any temporary recess while taking meals or for the purpose of other necessary delay; provided, that no more than one member of the board shall at any time be absent from the polling place.

Sec. 21. As soon as the polls are finally closed the judges must immediately proceed to canvass the votes cast at such primary election. The canvass must be public, in the presence of bystanders, and must be continued without adjournment until completed and the result thereof declared. Except as hereinafter provided, the canvass shall be conducted, completed and returned as provided by sections 1253, 1254, 1255, 1256, 1257, 1258, 1259, 1260, 1261, 1262, 1263, 1264, 1265, 1266, 1267 and 1268 of the Political Code of this state.

The number of ballots agreeing or being made to agree with the number of names on the lists, as provided by section 1255 of the Political Code, the board must take the ballots from the box, count those cast by each party, and string them separately; count all the votes cast for each party candidate for the several offices and record the same on separate tally lists for each party.

Sec. 22. The board of supervisors of each county, the board of election commissioners in any city and county, or, in the case of a city or municipal primary election, the officers charged by law with the duty of canvassing the vote at any city or municipal election in such political subdivision, shall meet at the usual place at ten o'clock in the forenoon of the first Thursday after each primary election to canvass the returns.

If at the time of meeting the returns from each precinct in the county, city and county or other political subdivision in which polls were opened have been received the board must then and there proceed to canvass the returns; but if all the returns have not been received the board may adjourn to one o'clock in the afternoon of the following Monday, when the canvass shall begin and be continued until completed, which shall not be later than six o'clock in the afternoon of the sixteenth day following such primary election.

The clerk of the board must, as soon as the result is declared, enter upon the records of such board a statement of such result, which statement shall contain the whole number of
votes cast for each candidate of each political party, and for delegates to county and municipal conventions, if any, and a duplicate as to each political party shall be delivered to the county, city and county or city chairman of such political party, as the case may be.

The clerk shall also make an additional duplicate statement in the same form, showing the votes cast for each candidate not voted for wholly within the limits of such county or city and county. The county clerk or registrar of voters in any city and county shall forthwith send to the secretary of state by registered mail one complete copy of all returns as to such candidates, and as to all candidates for the state assembly, state senate, representatives in congress and judicial offices, except justices of the peace.

The clerk shall also prepare a separate statement of the names of the candidates of each political party who have received the highest number of votes for the several offices to be voted for wholly within such county, city and county or other political subdivision in which such primary election was held.

The secretary of state shall, not later than the twenty-fifth day after any primary election, compile the returns for all candidates voted for in more than one county, and for all candidates for the assembly, state senate, representatives in congress and judicial offices, except justices of the peace, and shall make out and file in his office a statement thereof.

Sec. 23. The person receiving the highest number of votes at a primary election as the candidate for the nomination of a political party for an office shall be the candidate of the party for such office, and his name as such candidate shall be placed on the official ballot voted at the ensuing election. The elector receiving the highest number of votes of his party in his district, ward or precinct for delegate shall be a representative of his party from the political subdivision in which he was elected in all conventions of his party in such county or city in which such political subdivision is entitled to representation. When two or more delegates are to be elected from the same political subdivision, the elector receiving a plurality over the elector next in number of votes, shall be declared elected, until as many delegates have been chosen as have been apportioned to such district, ward or precinct.

It shall be the duty of the officers charged with the canvass of the returns of any primary election in any county, city and county or municipality to cause to be issued official certificates of nomination to such party candidates as have received the highest number of votes as the candidates for the nomination of such party for any offices to be voted for wholly within such county, city and county, or municipality, and cause to be issued to such delegate a certificate of his election.

It shall be the duty of the secretary of state to issue official certificates of nomination to candidates nominated under the provisions of this act for representatives in congress and officers voted for in more than one county.
Not less than twenty-five days before the November election the secretary of state shall certify to the county clerks or registrars of voters of each county and city and county within the state, the name of every person entitled to receive votes within such county or city and county at said November election who has received the nomination as a candidate for public office under and pursuant to the provisions of this act, and whose nomination is evidenced by the compilation and statement required to be made by said secretary of state and filed in his office, as provided in section 22 of this act. Such certificates shall in addition to the names of such nominees respectively, also show separately and respectively for each nominee the name of the political party or organization which has nominated such person and the designation of the public office for which he is so nominated.

It shall also be the duty of the secretary of state to compile the returns for United States senator in congress, if any, and prepare a statement thereof, showing the vote cast for said candidate of each party in each assembly and senatorial district. A duplicate of such statement in so far as it shall be applicable to such party shall be transmitted to the state chairman of each political party. And it shall be the duty of the secretary of state to transmit duplicates of said statements to the speaker of the assembly and the president of the senate on the first day of the next ensuing session of the legislature.

SEC. 24. 1. Party conventions of delegates chosen as hereinafter provided may be held in this state, or any political subdivision thereof, for the purpose of promulgating platforms and transacting such other business of the party as is not inconsistent with the provisions of this act.

2. A state convention shall be called in the manner following: The state central committee of any political party shall at least fifty days prior to the August primary election file a written petition signed by the chairman and secretary thereof with the secretary of state, and mail a copy thereof to the chairman and secretary of each county central committee of said party in the state, which petition shall set forth the date and place of holding the state convention of said political party, and the number of delegates entitled to seats therein, also the number of delegates apportioned to each county, together with a brief statement of the purposes for which said convention shall be assembled. All delegates to state conventions shall be elected by county conventions, as provided in subdivision three of this section.

In years when candidates for president and vice-president of the United States are to be nominated, the state central committee of any political party shall issue a call for a state convention to be held in the month of May, for the purpose of electing delegates to the national convention to nominate candidates for president and vice-president of the United States. Said call shall be filed with the secretary of state at least fifty
days before the date fixed for said state convention, and a copy thereof, signed by the chairman and secretary of the state central committee, shall be mailed to the chairman and secretary of each county committee of their respective parties within the state. The call for said convention shall fix the time and place for holding said state convention, together with a statement of the number of delegates entitled to seats therein, and the number of delegates apportioned to each county. The chairman and secretary of each county committee shall, within ten days after receipt of a copy of the call for the May state convention issued by the state central committee, issue a call for the assembling of a county convention, which county convention shall be composed of the delegates elected to the county convention at the last preceding August primary election. Such call shall be filed with the county clerk and a copy thereof mailed to each delegate within such county. The call issued by the county committee shall set forth the time and place for holding such county convention and the purposes of such convention, together with a statement of the number of delegates to the state convention to be chosen by said county convention.

Such convention notice shall provide for the election of as many delegates to the state convention as shall have been apportioned by the call of the state central committee to such county, and shall also provide for the selection of a county central committee, which shall have control and management of the party campaign. In any county the county committee shall be selected by the county convention.

4. City and county or municipal conventions shall be called in like manner as state and county conventions, and delegates thereto shall be elected at primary elections held in such city and county or municipality to nominate candidates for office in such political subdivisions in like manner as herein provided for the election of delegates to county conventions. In any city and county the petition calling such convention shall be filed with the registrar of voters, and in municipalities, with the secretary or clerk of the legislative body of such municipality, and the names of candidates for delegates to such conventions shall be written or pasted on the official primary ballot in like manner and form as herein provided.

Each such committee may select an executive committee and shall choose its officers by ballot and each committee and its officers shall have the powers usually exercised by such committees and the officers thereof in so far as may be consistent with this act. The various officers and committees now in existence shall exercise the powers and perform the duties herein prescribed until their successors are chosen in accordance with the provisions of this act.

Sec. 25. Vacancies occurring after the holding of any primary election shall be filled by the party committee of the city, county, city and county, district or state, as the case may be.

Sec. 26. In case of a tie vote, if for an office to be voted for wholly within one county or city and county, the county, city and county or city board, as the case may be, shall forthwith summon the candidates who have received such tie votes to appear before such board, and such board in the presence of such candidates shall determine the tie by lot. In the case of a tie vote for an office to be voted for in more than one county, such tie shall be determined by lot by the secretary of state in the presence of the candidates or their legally appointed representatives.

All persons successfully passing such examinations shall be registered as licensed dentists on the board register, as provided in section three, and shall be granted by the board a license to practice dentistry in the State of California, which license is subject to renewal, as hereinafter provided. In no case shall any applicant be examined or given a license who is not twenty-one years of age.

Sec. 4. Section 20 of the act approved March 23, 1901, and particularly described and designated in section 1 of this act, is hereby amended so as to read as follows:

Section 20. It is hereby further provided, that the conferring of degrees and the bestowing of diplomas, by reputable dental colleges of this state, which have been indorsed by the board of dental examiners of California are not included in the penalties prescribed in section 19 of the said act of March 23, 1901, as amended by the act of March 20, 1903.

Sec. 5. Section 21 of the act approved March 23, 1901, and particularly described and designated in section 1 of this act, is hereby amended so as to read as follows:

Said board, or any member or officer, thereof, may prefer a complaint for violation of this act or any part thereof, before any court of competent jurisdiction, any may by its officers, counsel and agents, assist in presenting the law or facts at the trial. It shall be the duty of the district attorney of each county in this state to prosecute all violations of the aforesaid provisions of this act in their respective counties in which such violations occur.

Sec. 6. Sections 13 and 24 of the act approved March 23, 1901, and particularly described and designated in section 1 of this act are hereby repealed.

Sec. 7. Section 10 of the act approved March 23, 1901, and particularly described and designated in section 1 of this act, and as amended by an act approved March 20, 1903, is hereby amended so as to read as follows:

Section 10. Every person now licensed to practice dentistry in this state, who has failed to register his license with the clerk of the county wherein his place of business is located, as provided by law, must register the same within sixty days after this law takes effect, and every person who shall hereafter be licensed to practice dentistry in this state, shall within six months thereafter register in the office of the clerk where his place of business is located, in a book kept by the clerk for such purpose, and called a register of dentists, his name, age, office address, the date and number of this license to practice dentistry, and the date of such registration, which registration he shall be entitled to make only upon showing to the county clerk his license or a copy thereof certified by the secretary of the board over its seal, and making an affidavit stating his name, age, birth place, the number of his license and the date of its issue; that he is the identical person named in the license; that before receiving the same he complied with all the preliminary requirements of this statute and the rules of the board of dental examiners as to the terms and the amount of study and examination; that no money other than the fees prescribed by this statute and said rules, was paid directly or indirectly for such license, and that no fraud, misrepresentation or mistake in a material regard was practiced, employed or occurred by any person in order that such license should be conferred. Said person need not personally register before the county clerk but may make the affidavit aforesaid provided before any officer authorized by law to administer oaths, and which affidavit together with the other information and license, or the certified copy thereof as aforesaid provided, shall be forwarded to the said county clerk, who shall act in the manner the same as
if the party was personally present. The county clerk shall preserve such affidavit in a bound volume and shall issue to every licentiate duly registering and making such affidavit, a certificate of registration in his county, which shall include a transcript of the registration. Such transcript and license may be offered as primary evidence in all courts of the facts therein stated. A copy of such certificate of registration shall be sent by the county clerk to the secretary of the board within five (5) days after it is made. A practicing dentist having registered a lawful authority to practice dentistry in one county of the state, and removing such practice or part thereof to another county shall show or send by registered mail to the clerk of such other county his certificate of registration. If such certificate clearly shows that the original registration was of an authority issued by the board of dental examiners, or if the certificate or registration itself is indorsed by the secretary of the board of dental examiners as entitled to registration, the clerk shall thereupon register the applicant in the registers of dentists of the latter county on receipt of a fee of fifty (50) cents, and shall stamp or endorse on such certificate of registration the date and his name preceded by the words “registered also in .......... county,” and return the certificate of registration to the applicant. Any lawfully registered person who shall thereafter change his name according to law shall register the new name with a marginal note of the former name with the clerk of the county or counties where he is practicing. The clerk shall forthwith notify the secretary of the board of such change. Any county clerk who knowingly shall make or suffer to be made upon the register of dentists kept in his office any entry other than that provided for in this act, shall be liable to a penalty of fifty ($50.00) dollars to be recovered by and paid to the said state board of dental examiners in a suit in any court having jurisdiction. Any failure, neglect or refusal on the part of any person holding such license to register the same with the clerk of said county as above directed for a period of six months after the issuance thereof shall ipso facto work a forfeiture of his license, and it shall not be restored except upon the payment to said board of twenty-five ($25.00) dollars. Any suspension, revocation or reinstatement of a license shall with the date thereof be forthwith noted by the county clerk on the margin of the registration thereof upon receipt of notice from the secretary of the board.

Sec. 8. Section 12 of the act approved March 23, 1901, and particularly described and designated in section 1 of this act, and as amended by an act approved March 20, 1903, is hereby amended so as to read as follows:

Sec. 9. Section 14 of the act approved March 23, 1901, and particularly described and designated in section 1 of this act, and as amended by an act approved March 20, 1903, is hereby amended so as to read as follows:

Section 14. Before any person can practice dentistry in this state, he shall obtain a license to do so from the board of dental examiners. Each application shall be accompanied by a fee of twenty-five ($25.00) dollars, which shall in no case be refunded. Such license shall be good until the following first day of May when it shall expire by limitation. An annual license fee of two ($2.00) dollars shall thereafter be paid annually by every person practicing dentistry in this state, and it shall be the duty of said board to issue to all regularly licensed dentists upon application and the payment of $2.00, if made before the expiration of the applicant's license, a new license which shall entitle said person to practice dentistry in this state for a period of one year, and which license shall expire upon the following first day of May. Said board shall have no authority to issue an annual license to any person who is not a regularly licensed dentist, and who has not paid said license fee of $2.00 on or before the date when his previous license expired. Every person who was a regularly licensed dentist and who failed to pay said annual license of $2.00 before the expiration of his license, shall be considered as if no license had ever been issued to him, and before he can again practice dentistry in this state, shall make a new application therefor as in the first instance and pay the regular fee of $25.00 therefor, except that he shall not be required to submit to any examination. All renewal fees collected under the provisions of this section shall be used exclusively for the prosecution of violators of this act and for expenses of collecting said fees. All moneys received under this act shall be deposited in some reliable bank in the name of the board, and
shall be withdrawn only on the joint check of the president and secretary of the board.

Sec. 10. Section 19 of the act approved March 23, 1901 and particularly described and designated in section 1 of this act, and as amended by an act approved March 20, 1903, is hereby amended so as to read as follows:

Section 19. Any person, company or association shall be guilty of a misdemeanor, and upon conviction thereof shall be punishable by imprisonment in the county jail not less than ten (10) days nor more than one (1) year, or by a fine of not less than one hundred ($100.00) dollars nor more than one thousand ($1000.00), or by both such fine and imprisonment, who (1) shall sell or barter or offer to sell or barter any dental degree or any certificate or transcript, made or purporting to be made, pursuant to the laws regulating the license and registration of dentists; or (2) shall purchase or procure by barter, any such diploma, certificate or transcript, with intent that the same shall be used as evidence of the holder's qualification to practice dentistry, or in fraud of the laws regulating such practice; or (3) shall with fraudulent intent, alter in a material regard any such diploma, certificate or transcript; or (4) shall use or attempt to use any such diploma, certificate or transcript, which has been purchased, fraudulently issued, counterfeited or materially altered, either as a license or color of license to practice dentistry, or in order to procure registration as a dentist; (5) or, shall practice dentistry under a false or assumed name; or (6) shall assume the degree of "doctor of dental surgery" or "doctor of dental medicine," or shall append the letters "D.D.S." or "D.M.D." to his or her name not having duly conferred upon him or her, by diploma from a recognized dental college or school legally empowered to confer the same, the right to assume said title; or shall assume any title, or append any letters to his or her name, with the intent to represent falsely that he or she has received a dental degree or license; or (7) shall in an affidavit, required of an applicant for examination, license, or registration, under this act, willfully make a false statement in a material regard; or, (8) shall engage in the practice of dentistry under any title or name without causing to be displayed in a conspicuous manner and in a conspicuous place in her or his office the name of each and every person employed in the practice of dentistry therein, together with the word mechanic after the name of each unlicensed person employed; or, (9) shall within ten days after demand, made by the secretary of the board, fail to furnish to said board the name and address of all persons practicing or assisting in the practice of dentistry in the office of said person, company or association, at any time within sixty (60) days prior to said notice, together with a sworn statement showing under and by what license or authority said person, company or association, and said employee are or have been practicing dentistry, but such affidavit shall not be used as evidence against such person, company or association in any proceeding under this section;

Sec. 11. Section 21 1/2 of the act approved March 23, 1901, as particularly described and designated in section 1 of this act and as added to said act of March 23, 1901 by the act approved March 20, 1903, is hereby amended so as to read as follows:

Section 21 1/2. Any dentist may have his license revoked or suspended by the board of dental examiners for any of the following causes:

(1) His conviction of a felony or misdemeanor involving moral turpitude, in which case the record of conviction or a certified copy thereof, certified by the clerk of the court, or by the judge in whose court the conviction is had, shall be conclusive evidence.

The proceedings under the second subdivision hereof may be taken upon the information of another. All accusations must be in writing, verified by some party familiar with the facts therein charged, and three copies thereof must be filed with the secretary of the board. Upon receiving the accusation the board shall, if it deem the complaint sufficient, make an order setting the same for hearing, at a specified time and place, and the secretary shall cause a copy of the order and of the accusation to be served upon the accused at least ten (10) days before the day appointed in the order for said hearing. The accused must appear at the time appointed in the order and answer the charges and make his defense to the same, unless for sufficient cause the board assign another day for that purpose. If he do not appear the board may proceed and determine the accusation in his absence. If the accused plead guilty or refuse to answer the charges, or upon the hearing thereof the board shall find them or any of them true, it may proceed to a judgment revoking his license or suspending it. The board and the accused may have the benefit of counsel, and the board shall have power to administer oaths, take the depositions of witnesses in the manner provided by law in civil cases, and to compel them to attend before it in person the same as in civil cases, by subpoena issued over the signature of the secretary and the
seal of the board and in the name of the people of the State of California. Upon the revocation of any license, the fact shall be noted upon the records of the board of dental examiners and the license shall be marked as cancelled, upon the date of its revocation.

Sec. 13. This act shall take effect immediately, and all acts in conflict with this act are hereby repealed.

CHAPTER 478.

An act adding a new section to the Political Code of the State of California to be numbered section 1584, relating to school districts.

[Approved April 12, 1900.]

The people of the State of California, represented in senate and assembly, do enact as follows:

SECTION 1. A new section is hereby added to the Political Code of the State of California, to be numbered section 1584, and to read as follows:

1584. A school district, a portion of which is embraced within the limits of an incorporated city or town governed by a charter proposed and adopted as provided by section 8 of article XI of the constitution of the State of California, may be subject to, controlled and governed by the provisions of such charter relating to and providing for the management of public schools in the manner provided in this section. The board of trustees of such school district may provide for the holding of an election at the time, and in the form and manner for holding elections for school trustees, at which election shall be submitted the question of the district being governed by the provisions of the charter of such city or town. The ballots used at such election shall contain the words "Shall the—(name of district)—be governed by the charter of the city (or town) of ————?" and the words "Yes" and "No" so placed that the voters may clearly indicate their choice in this connection. The board having charge of such election shall count the ballots cast on such proposition and make return thereof to the board of trustees of such school district. If it shall appear from such returns that a majority of the votes cast on such proposition were in favor thereof, then said board of trustees shall certify said result to the board of education provided for in the charter of such city or town and from and after the date of such certificate said school district shall be governed by the provisions of such charter relating to the establishment, management and control of the public schools. All qualified electors residing in such school district, whether residing within or without the boundaries of such incorporated city or town, shall be entitled to vote for members of the board of education at any election held for that purpose.

Sec. 2. This act shall take effect immediately.
CHAPTER 479.

An act to provide county library systems.

[Approved April 12, 1900.]

The people of the State of California, represented in senate and assembly, do enact as follows:

SECTION 1. The boards of supervisors of the several counties shall have power to establish and maintain, within their counties, county library systems in the manner and with the functions prescribed in this act.

SEC. 2. The board of supervisors of any county may submit the question of establishing a county library system to a vote of the electors of such county in the following manner:

They shall, not less than fourteen days before the annual election of school trustees, send notices to the board of trustees of each school district in the county, declaring that a vote on the question of establishing a county library will be taken at the coming election of school trustees. The trustees shall post such notice in three public places within the district. The board of supervisors shall thereupon prepare two sets of ballots, one reading "For a county library" and the other "Against a county library," and send a sufficient number of them to the board of school trustees in each school district in the county. These ballots shall be kept on hand at the place where said election is held, and each elector voting at such election may use one of these ballots to express his wishes regarding the establishing of a county library. Such election for the establishment of a county library shall be conducted substantially in the manner prescribed for the election of school trustees, except that the result shall be certified to the county board of supervisors, instead of the county superintendent of schools.

In cities, where no election for school trustees is held on the day when such elections are held in other school districts of the county, the county board of supervisors may order a special election on the question of establishing a county library, to be held on the same day as in the school districts outside of such city, and be conducted substantially as elections for the issue of county bonds are now conducted.

After the certificates of the election officers have been received by the county board of supervisors, the said board shall canvass and declare the result, and thereafter if a majority of the votes cast are for a county library, must pass an ordinance establishing a county library as herein provided.

SEC. 3. Not less than five days before any election regarding the establishing of a county library, as provided in section two of this act, the board of trustees, common council, or
other legislative body of any incorporated city or town in the county, or the board of trustees of any library district, may notify the board of supervisors that such city, town, or library district, does not desire to participate in the county library system, and thereafter such city, town or library district shall not participate in such election, and its inhabitants shall not be entitled to the benefits of such county library system when established, and the property within such city, town, or library district shall not be taxed for county library purposes. But such notice may at any time be withdrawn by such city, or library district.

Sec. 4. The county library shall be under the general supervision of a committee of three selected annually by the county board of supervisors from among its own members. The said committee shall elect a county librarian, who shall hold office for the term of four years, subject to prior removal for cause, after a hearing, by the library committee. The cause of such removal, together with all proceedings therefore, shall be spread upon the minutes of such committee. The said county librarian need not be a resident of the county nor a citizen of the State of California at the time of his election. Prior to entering upon the duties of his office, such county librarian shall file with the county clerk the usual oath of office and a bond, conditioned upon the faithful performance of his duties, with sufficient sureties approved by a judge of the superior court, in such sum as may be determined by the county board.

Sec. 5. No person shall be eligible for the office of county librarian, unless he has received, prior to his election, from the state librarian, or from the librarian of the University of California, or the Leland Stanford Junior University, a certificate to the effect that in the opinion of such librarian he is well qualified for the office. If at any time there shall be established by law in this state a system of certification of qualified librarians, each county librarian elected thereafter for a first term must hold a proper certificate provided by such system, in place of the certificate above mentioned in this section. The salary of the county librarian shall, in the counties of the first to tenth classes, be two thousand four hundred dollars per annum; in the counties of the eleventh to twenty-ninth classes, two thousand dollars per annum; in counties of the thirtieth to fortieith classes, one thousand five hundred dollars per annum; in counties of the forty-first to fifty-fourth classes, one thousand dollars per annum; and in counties of the fifty-fifth to fifty-eighth classes, seven hundred and fifty dollars per annum. The county librarian shall also be allowed his actual and necessary expenses incurred in traveling on the business of his office.

Sec. 6. The library committee appointed by the county board of supervisors, as aforesaid, shall have power to make general rules and regulations regarding the policy of the county library, and to determine the number and kind of employees of such library. But the appointment and dismissal
of such employees, and the management of the business of the library, including the determination of what books shall be purchased, shall be entirely within the power of the county librarian.

Sec. 7. The county librarian shall, subject to the general rules adopted by the library committee, build up and manage, according to accepted principles of library management, a library for the use of the people of the county. He shall cooperate in every expedient manner with the librarians of other public libraries within the county, including the county law library, and render such assistance to all as will tend to increase their efficiency, and may establish delivery stations and branch libraries within the county. For this purpose, he may employ such assistants as may be authorized by the library committee; provided, that where such services are rendered to a library belonging to any municipal corporation not taxed for the county library system, such services shall be paid for at a fair rate of compensation by such library, payable into the county library fund established by this act.

Sec. 8. The county library systems of the state shall be under the general supervision of the state librarian, who shall from time to time, either personally or by one of his assistants, visit the libraries in each county and inquire into their condition. The actual expenses of such visits shall be defrayed out of the state library fund. The state librarian may annually call a convention of county librarians, to assemble at such time and place as he shall deem most convenient, for the discussion of questions pertaining to the supervision and administration of the public libraries, the laws relating thereto, and such other subjects affecting the welfare and interest of the county libraries as shall properly be brought before it. It is hereby made the duty of all the county librarians to attend and take part in the proceedings of such convention when it is called. The actual expenses of the county librarians attending the convention shall be paid out of the county library fund.

Sec. 9. The county librarian shall on or before the 15th day of July in each year, report to the county board of supervisors on the condition of his library system for the year ending June 30th preceding. Such reports shall, in addition to other matters deemed expedient by the county librarian, contain such statistical and other information regarding the county library system as may be deemed desirable by the state librarian. For this purpose the state librarian may send to the several county libraries instructions or question blanks, so as to obtain the material for a comparative study of library conditions in the state. At the time of making his annual report, the county librarian shall send a copy thereof to the state librarian.

Sec. 10. The county libraries established under this act shall be free to the use of the public; provided, that only residents of the county outside of cities, towns, and library districts not taxed for county library purposes shall have the privilege of drawing books therefrom for use outside of the
rooms of the library. Persons violating any of the reasonable rules established by the library authorities may be excluded from the use of the library.

**Sec. 11.** The county board of supervisors, after a county library has been established, shall annually levy in addition to all other taxes levied by them, a tax not to exceed one mill on the dollar of assessed valuation for the purpose of purchasing property for, and maintaining the county library. County bonds may be issued, in the manner prescribed in section 4088 of the Political Code, for the erection and equipment of library buildings and the purchase of land therefore. The county board of supervisors is authorized to receive, on behalf of the county, any gift, bequest or devise for the county library. The title to all the property belonging to the county library shall be vested in the county. All funds of the county library system, whether derived from taxation or otherwise, shall be in the custody of the county treasurer. They shall constitute a separate fund, called the county library fund, and shall not be used for any purposes except those of the county library system. No money shall be paid out of the said county library fund, except on an order signed by the chairman of the library committee, and countersigned by the county librarian or his assistant. The said chairman shall sign no order upon the library fund, until a proper voucher for the claim upon which such order is based is filed and until such claim has been duly audited and allowed by the library committee. The fact that such claim has been audited and allowed shall be endorsed upon the voucher and attested by the signatures of at least two members of the committee.

**Sec. 12.** Instead of establishing a separate county library, the county board of supervisors may enter into a contract according to the provision of this section with any city or incorporated town maintaining a free public library; and the board of library trustees, or other authorities in charge of such free public library of any such city or town, is hereby authorized to make such a contract. The said contract may provide that the public library of such city or town shall assume the functions of a county library within the county with which such contract is made, as provided in this act. The county board of supervisors may agree to pay annually into the library fund of such city such sum as may be agreed upon. Either party to such contract may terminate the same by giving six months' notice of intention to do so.

**Sec. 13.** After a county library system has been established, it shall not be discontinued except by the two-thirds vote of the electors of the county voting at a special election called for the sole purpose of determining whether such library shall be discontinued. Such election shall be carried on substantially in the manner now prescribed for the election on the issuing of county bonds.

[Approved March 12, 1900.]

The people of the State of California, represented in senate and assembly, do enact as follows:

Sec. 3. Said election shall be called by posting notice thereof in three of the most public places in said proposed library district, and by publication in a daily or weekly paper therein, if there be one, at least once a week for not less than fifteen days. Said notices must specify the time, place, and the purposes of said election, and the hours during which the polls will be kept open; provided, that in districts with a population of ten thousand or over, the polls must be opened at eight o'clock A. M., and kept open until seven o'clock P. M., and in districts where the population is less than ten thousand, the polls must not be opened before one o'clock P. M., and must be kept open not less than six hours.

Sec. 4. Said election shall be conducted in accordance with the general election laws of this state, where applicable, without reference to form of ballot or manner of voting, except that the ballots shall contain the words, "For library district," and the voter shall write or print after said words on his ballot the word "Yes," or the word "No."

Sec. 5. Every qualified elector, resident within the proposed district for the period requisite to enable him to vote at a general election, shall be entitled to vote at the election above provided for.
SEC. 6. It shall be the duty of the election officers to report the result of said election to the board of supervisors within five days subsequent to the holding thereof.

SEC. 7. If a majority of the votes at said election shall be in favor of a library district, the said board of supervisors must, by resolution, establish said library district, and must appoint three trustees, who must be qualified electors and residents within the limits of the proposed library district, to be known and called a board of library trustees, of the town or village for which they are appointed. Such trustees shall severally hold office for three years from the first day of July next succeeding their election and until their successors are elected and qualified; serving without compensation: provided however, that the members of the first board appointed shall be so classified by the board of supervisors at the time of their appointment, that one of their number shall go out of office on the thirtieth day of June next succeeding his appointment, one at the end of one year thereafter, and the other one at the end of two years thereafter. Vacancies shall be filled by the board of supervisors by appointment for the unexpired term.

SEC. 8. If a majority of the votes cast shall be against a library district, the board of supervisors shall, by order, so declare: no other proceedings shall be taken in relation thereto until the expiration of one year from the date of presentation of the petition.

SEC. 9. The fact of the presentation of the petition, and the order establishing the library district and making the appointment of the three library trustees, shall be entered in the minutes of the board of supervisors and shall be conclusive evidence of the due presentation of a proper petition, and that each of the petitioners was, at the time of signature and presentation of the petition, a taxpayer and resident of the proposed district, and of the fact and regularity of all prior proceedings of every kind and nature provided for by this act, and of the existence and validity of the district.

SEC. 10. Boards of library trustees shall meet at least once a month, at such time and place as they may fix by resolution. Special meetings may be called at any time by two trustees, by written notices served upon each member at least twelve hours before the time specified for the meeting. Two members shall constitute a quorum for the transaction of business. At its first meeting held after the first day of July the board shall organize by electing one of its number president, and another one of its number secretary; they shall serve as such for one year or until their successors are elected and qualified. Such boards shall cause a proper record of its proceedings to be kept, and at the first meeting of the board of trustees of any library formed under the provisions of this act, it must immediately cause to be made out and filed with the state librarian at Sacramento a certificate showing that such library has been
established, with the date thereof, the names of the trustees, and the officers of the board chosen for the current fiscal year.

Sec. 11. The board of library trustees so appointed by the said board of supervisors, and their successors, shall be authorized and they are hereby empowered, and it shall be their duty:

First.—To make and enforce all rules, regulations and by-laws necessary for the administration, government and protection of the libraries under their management, and all property belonging thereto.

Second.—To administer any trust declared or created for such libraries, and receive by gift, devise, or bequest, and hold in trust or otherwise, property situated in this state or elsewhere, and where not otherwise provided, dispose of the same for the benefit of such libraries.

Fourth.—To purchase necessary books, journals, publications and other personal property.

Fifth.—To purchase such real property, and erect or rent and equip, such building or buildings, room or rooms, as in their judgment may be necessary to properly carry out the provisions of this act.

Seventh.—To borrow books from, lend books to and exchange the same with other libraries, and to allow non-residents to borrow books upon such conditions as the board may prescribe.

Eighth.—To do and perform any and all other acts and things necessary or proper to carry out the provisions of this act.

Ninth.—To file, through their secretary, on or before the last day in the month of July of each year, a report with the state librarian at Sacramento giving the condition of their library and the number of volumes contained therein on the thirtieth day of June preceding.

Tenth.—To designate the hours during which the library shall be open for the use of the public; provided however, that all public libraries established under the provisions of this act shall be open for the use of the public during every day in the year.

Sec. 12. In any library district formed under the provisions of this act, which is now maintaining a public library, or which shall have petitioned for and has been granted permission to establish, and intends to maintain a public library in accordance with this act, it shall be the duty of the board of library trustees therein, to furnish to the board of super-
visors of the county wherein said library district is situated, each and every year, on or before the first day of September, an estimate of the cost of leasing temporary quarters, purchasing a suitable lot, of procuring plans and specifications and erecting a suitable building, of furnishing and equipping the same, and of fencing and ornamenting the grounds, for the accommodation of the public library, and of conducting and maintaining the same for the ensuing fiscal year, or for any or all of said purposes; provided however, that the board of library trustees, may, when in its judgment it is deemed advisable, and upon the petition of fifty or more taxpayers residing within said library district, must call an election and submit to the electors of the said library district whether the bonds of said library district shall be issued and sold for any or all of the purposes of this act.

Sec. 13. When such estimate shall have been submitted to the board of supervisors of any county in which a public library district has been established, the said board of supervisors must, at the time of levying county taxes, levy a special tax upon all of the taxable property within the limits of the said library district, sufficient in amount to maintain the said public library, or to purchase the site, erect and equip the building, improve the grounds or building, or for any or all of the purposes of this act. The taxes so levied shall be computed, entered upon the tax roll, and collected in the same manner as other taxes are computed, entered and collected.

Sec. 14. The revenue derived from said tax, together with all money acquired by gift, devise, bequest, or otherwise, for the purposes of the library, shall be paid into the county treasury to the credit of the library fund of the district wherein said tax was collected, subject only to the order of the library trustees of said district. If such payment into the treasury should be inconsistent with the terms or conditions of any such gift, devise, or bequest, the board of library trustees shall provide for the safety and preservation of the same, and the application thereof to the use of the library, in accordance with the terms and conditions of such gift, devise or bequest.

Sec. 15. Every library established under the provisions of this act shall be forever free to the inhabitants and non-resident taxpayers of the library district, subject always to such rules, regulations, and by-laws as may be made by the board of library trustees: also provided, that for violations of the same a person may be fined or excluded from the privileges of the library.

Sec. 16. Boards of library trustees and the boards of trustees of neighboring library districts, or the legislative bodies of neighboring municipalities, or boards of supervisors of the counties in which public libraries are situated, may contract to lend the books of such libraries to residents of such counties or neighboring municipalities, or library districts, upon a reasonable compensation to be paid by such counties, neighboring municipalities, or library districts.
Sec. 17. The title to all property acquired for the purposes of such libraries, when not inconsistent with the terms of its acquisition, or not otherwise designated, shall vest in the district in which such libraries are, or are to be situated. Every library district must be designated by the name and style of the library district (using the name of the district), of the county (using the name of the county in which said district is situated); and in that name the trustees may sue and be sued, and may hold and convey property for the use and benefit of such district. A number must not be used as a part of the designation of any library district.

Sec. 18. An election for library trustee must be held in each library district, annually, at the public library, if there is one, and if there is none, at the place to be designated by the board of trustees, for the election of one library trustee, who shall hold office for three years dating from the first day of July next succeeding his election, or until his successor shall be elected, or appointed and qualified.

Sec. 19. The number of library trustees for any library district established under the provisions of this act, shall be three.

Sec. 20. Not less than ten days before the election required in section eighteen of this act, the trustees must post notices in three public places in the district, one of which places shall be the public library, which notices must specify the time and place of election, and the hours during which the polls will be kept open; if within five days of holding the election the trustees have failed to post the notices required under this section, then any three electors of the district may give notice.

Sec. 21. Boards of trustees must appoint one inspector and two judges to conduct the said election; if none are so appointed, or, if those appointed are not present at the opening of the polls, the electors present may appoint them, and they shall conduct the election. Any member of the board of library trustees is hereby qualified to administer the oath and swear in the election officers.

Sec. 22. In library districts with a population of ten thousand or over, the polls must be open at eight o'clock A. M., and kept open until seven o'clock P. M.; in districts where the population is less than ten thousand the polls must not be opened before one o'clock P. M., and must be kept open not less than six hours.

Sec. 23. Every elector, resident of the library district, who is a qualified elector of the county, and who is registered in the district where the election is held at least thirty days before the election, may vote thereat.

Sec. 24. Voting must be by ballot (without reference to the voting general election law in regard to nominations, form of ballot, or manner of voting), which shall be handed by the elector voting to the inspector, who shall then, in his presence, deposit the same in the ballot box, and the judges shall enter the elector's name on the poll list.
Sec. 25. Any person offering to vote may be challenged by any elector of the district, and the judges of election must thereupon administer to the person challenged an oath, in substance as follows: ‘You do swear that you are a citizen of the United States, that you are twenty-one years of age, that you have resided in this state one year, in this county ninety days, and in this library district thirty days preceding this election, and that your name is on the great register of this county and was on the great register of a precinct of this library district at least thirty days before this election, and that you have not before voted this day.’ If he takes the oath prescribed in this section, his vote must be received, otherwise his vote must be rejected.

Sec. 26. A poll and tally list must be kept and must be returned to the board of library trustees.

Sec. 27. The officers of election must publicly canvass the votes immediately after closing the polls, and make, sign, and deliver certificates of election to the person elected, which must, with the oath of office of the person so elected attached, be forwarded to the county clerk and filed in his office.

Sec. 28. The board of trustees of any library district may, when in their judgment it is deemed advisable, and must, upon a petition of fifty or more taxpayers and residents of said library district, call an election and submit to the electors of the district, whether the bonds of such district shall be issued and sold for the purpose of raising money for the purchase of suitable lots, of procuring plans and specifications and of erecting a suitable building, of furnishing and equipping the same, and of fencing and ornamenting the grounds, for the accommodation of the public library, or for any or all of the said purposes, or for any or all of the purposes of this act; for liquidating any indebtedness incurred for said purposes, and for refunding any outstanding valid indebtedness, evidenced by bonds or warrants of the district.

Sec. 29. Such election must be called by posting notices, signed by the board, in three of the most public places in the district, for not less than twenty days before the election; and if there is a newspaper published in the district, or if not, a newspaper published in the county, by publishing such notice therein not less than once a week for three successive weeks.

Sec. 30. Such notice must contain:
1. Time and place of holding such election;
2. The names of inspectors and judges to conduct the same;
3. The hours during the day in which the polls will be open;
4. The amount and denomination of the bonds, the rate of interest and the number of years, not exceeding forty, the whole or any part of said bonds are to run.

Sec. 31. The election shall be conducted in accordance with the provisions of sections twenty-one, twenty-two, twenty-three, twenty-five, twenty-six, twenty-seven, of this act, in so far as they are applicable to the election for bonds.
SEC. 32. Voting must be by ballot (without reference to the general election law in regard to form of ballot, or manner of voting), except that the words to appear on the ballot shall be "Bonds—Yes," and "Bonds—No," and except further, that persons voting at such bond election shall put a cross (X) upon their ballots, with pencil or ink, after the words "Bonds—Yes," or "Bonds—No," (as the case may be) to indicate whether they have voted for or against the issuance of the bonds; which said ballot shall be handed by the elector voting to the inspector, who shall then, in his presence, deposit the same in the ballot box, and the judges shall enter the elector's name on the poll list.

SEC. 33. On the seventh day after said election, at eight o'clock P. M., the returns having been made to the board of trustees, the board must meet and canvass said returns, and if it appears that a majority of the votes cast at said election was in favor of issuing such bonds, then the board shall cause an entry of such fact to be made upon its minutes and shall certify to the board of supervisors of the county, all the proceedings had in the premises, and thereupon said board of supervisors shall be and they are hereby authorized and directed to issue the bonds of said district, to the number and amount provided in such proceedings, payable out of the building fund of such district, naming the same, and that the money shall be raised by taxation upon the taxable property in said district, for the redemption of said bonds and the payment of the interest thereon; provided, that the total amount of bonds so issued shall not exceed five per cent of the taxable property of said district, as shown by the last equalized assessment book of the county.

SEC. 34. The board of supervisors by an order entered upon its minutes shall prescribe the form of said bonds and of the interest coupons attached thereto, and must fix the time when the whole or any part of the principal of said bonds shall be payable, which shall not be more than forty years from the date thereof.

SEC. 35. Said bonds must not bear a greater amount of interest than six per cent, said interest to be payable annually or semi-annually; and said bonds must be sold in the manner prescribed by the board of supervisors, but for not less than par, and the proceeds of the sale thereof must be deposited in the county treasury to the credit of the building fund of said library district, and be drawn out for the purposes aforesaid as other library moneys are drawn out.

SEC. 36. The board of supervisors, at the time of making the levy of taxes for county purposes, must levy a tax for that year upon the taxable property in such district, at the equalized assessed value thereof for that year, for the interest and redemption of said bonds, and such tax must not be less than sufficient to pay the interest of said bonds for that year, and such portion of the principal as is to become due during such year, and in any event must be high enough to raise, annually, for the first half of the term said bonds have to run,
a sufficient sum to pay the interest thereon, and during the balance of the term, high enough to pay such annual interest and to pay, annually, a proportion of the principal of said bonds equal to a sum produced by taking the whole amount of said bonds outstanding and dividing it by the number of years said bonds then have to run, and all monies so levied, when collected, shall be paid into the county treasury to the credit of the said library district, and be used for the payment of principal and interest on said bonds, and for no other purpose. The principal and interest on said bonds shall be paid by the county treasurer, upon the warrant of the county auditor, out of the fund provided therefor; and it shall be the duty of the county auditor to cancel and file with the county treasurer the bonds and coupons as rapidly as they are paid.

Sec. 37. Whenever any bonds issued under the provisions of this act shall remain unsold for the period of six months after having been offered for sale in the manner prescribed by the board of supervisors, the board of trustees of the library district for or on account of which said bonds were issued, or of any library district composed wholly or partly of territory which, at the time of holding the election authorizing the issuance of such bonds, was embraced within the district for or on account of which such bonds were issued, may petition the board of supervisors to cause such unsold bonds to be withdrawn from market and canceled. Upon receiving such petition, signed by a majority of the members of said board of trustees, the supervisors shall fix a time for hearing the same, which shall be not more than thirty days thereafter, and shall cause a notice, stating the time and place of hearing, and the object of the petition in general terms, to be published for ten days prior to the day of hearing, in some newspaper published in said library district, if there is one, and if there is no newspaper published in said library district, then in a newspaper published at the county seat of the county in which said library district or part thereof is situated. At the time and place designated in the notice for hearing said petition, or at any subsequent time to which said hearing may be postponed, the supervisors shall hear any reasons that may be submitted for or against the granting of the petition, and if they shall deem it for the best interests of the library district named in the petition that such unsold bonds be canceled, they shall make and enter an order in the minutes of their proceedings that said unsold bonds be canceled, and thereupon said bonds, and the vote by which they were authorized to be issued, shall cease to be of any validity whatever.

Sec. 38. The district may at any time be dissolved upon the vote of two thirds of the qualified electors thereof, upon an election called by the library trustees of such district, upon the question of dissolution. Such election shall be called and conducted in the same manner as other elections of the district. Upon such dissolution, the property of the district
shall vest in any incorporated town or city that may at such time be in occupation of a major portion of the territory of such library district and including within its town or city limits the property and buildings wherein the library is situated; and if there be no such incorporated town or city, then the property shall be vested in the board of supervisors of the county until the formation of such a town or city; provided, however, that if, at the time of such election to dissolve such district, there be any outstanding bonded indebtedness of such district, the vote to dissolve such district shall dissolve the same for all purposes excepting only the levy and collection of taxes for the payment of such indebtedness; and from the time such district is thus dissolved until such bonded indebtedness, with the interest thereon, is fully paid, satisfied and discharged, the legislative authority of such incorporated town or city, or the board of supervisors, if there be no such incorporated town or city, is hereby constituted ex officio the library board of such district. And it is hereby made obligatory upon such board to levy such taxes and perform such other acts as may be necessary in order to raise money for the payment of such indebtedness and the interest thereon, as herein provided.

Sec. 39. All acts or parts of acts conflicting with the provisions of this act are hereby repealed.

Sec. 40. This act shall take effect immediately.

CHAPTER 481.

The people of the State of California, represented in senate and assembly, do enact as follows:

Section 1. An act approved March 23, 1901, and entitled "An act to provide for the establishment and maintenance of public libraries within municipalities" is hereby amended by changing sections seven, eight, and striking out sections thirteen and fourteen thereof, so as to make said act read as follows:

Section 2. The request referred to in the preceding section may be by a single petition, or by several petitions; provided, that such several petitions be substantially in the same form, and that such single petition has, or such several petitions in the aggregate have, the signatures of the requisite number of electors.

Section 3. Such public library shall be managed by a board designated as the board of library trustees, consisting of five members, to be appointed by the mayor, president of the board of trustees or other executive head of the municipality, by and with the consent of the legislative body of said municipality. Such trustees shall severally hold office for three years, serving without compensation; provided, that the members of the first board appointed shall so classify themselves by lot that one of their number shall go out of office at the end of the current fiscal year, two at the end of one year thereafter, and the other two at the end of two years thereafter. Men and women shall be equally eligible to such an appointment, and vacancies shall be filled by appointment for the unexpired term in the same manner.

Section 4. Boards of library trustees shall meet at least once a month at such times and places as they may fix by resolution. Special meetings may be called at any time by three trustees, by written notice served upon each member at least three hours before the time specified for the proposed meeting. A majority of the board shall constitute a quorum for the transaction of business. Such boards shall appoint one of their number president, who shall serve for one year and until his successor is appointed, and in his absence shall select a president pro tem. Such boards shall cause a proper record of their proceedings to be kept.

Second—To administer any trust declared or created for such libraries, and receive by gift, devise, or bequest and hold in trust or otherwise, property situated in this state or elsewhere, and where not otherwise provided, dispose of the same for the benefit of such libraries.

Third—To prescribe the duties and powers of the librarian, secretary and other officers and employés of any such libraries; to determine the number of and appoint all such officers and employés, and to fix their compensation, which said officers and employés shall hold their offices or positions at the pleasure of said boards.

Fourth—To purchase necessary books, journals, publications and other personal property.

Fifth—To purchase such real property, and erect or rent and equip such buildings or building, room or rooms, as may be necessary, when in their judgment a suitable building, or portion thereof, has not been provided by the legislative body of the municipality for such libraries.
Sixth—To require the secretary of state and other state officials to furnish such libraries with copies of any and all reports, laws and other publications of the state not otherwise disposed of by law.

Seventh—To borrow books from, lend books to and exchange the same with other libraries, and to allow non-residents to borrow books upon such conditions as they may prescribe.

Eighth—To do and perform any and all other acts and things necessary or proper to carry out the provisions of this act.

Section 6. Boards of library trustees shall, on or before the last day of July in each year, make a report to the legislative body of their municipality, giving the condition of the library on the thirtieth day of June preceding, together with a statement of their proceedings for the year then ended, and forward a copy thereof to the state library at Sacramento.

Section 7. The legislative body of any municipality in which a public library has been established in accordance with this act, shall in making the annual tax levy and as part thereof, if the maintenance of the library has not been otherwise provided for, levy a tax for the purpose of maintaining such library and purchasing property necessary therefor, which tax shall be in addition to other taxes, the levy of which is permitted in the municipality. Provided that after two years from the establishment of new libraries thereunder, where a maintenance corresponding thereto, has not been otherwise provided in municipalities of the first, second and third classes, such tax levy shall not exceed two mills on the dollar of assessed valuation, and in municipalities of the fourth, fifth and sixth classes such levy shall not exceed three mills on the dollar of assessed valuation.

Section 8. The revenue derived from said tax, together with all money acquired by gift, devise, bequest, or otherwise, for the purposes of the library, shall be appropriated to a fund to be designated the library fund, and be applied to the purposes herein authorized. If such payment into the treasury should be inconsistent with the conditions or terms of any such gift, devise, bequest, the board shall provide for the safety and preservation of the same, and the application thereof to the use of the library, in accordance with the terms and conditions of such gift, devise or bequest. Payments from this fund shall be made upon warrants issued after due audit by, and an order from, the library trustees, which warrants shall be signed by the president and secretary of said board of library trustees. The treasurer of the municipality shall pay such warrants without any further order or warrant from any other authority.

Section 9. Every library established under this act shall be forever free to the inhabitants and non-resident taxpayers of the municipality, subject always to such rules, regulations and by-laws as may be made by boards of library trustees; and provided, that for violations of the same a person may be fined or excluded from the privileges of the library.
Section 10. Boards of library trustees and the legislative bodies of neighboring municipalities or boards of supervisors of the counties in which public libraries are situated, may contract for lending the books of such libraries to residents of such counties or neighboring municipalities, upon a reasonable compensation to be paid by such counties or neighboring municipalities.

Section 11. The title to all property acquired for the purposes of such libraries, when not inconsistent with the terms of its acquisition, or otherwise designated, shall vest in the municipalities in which such libraries are, or are to be, situated, and in the name of the municipal corporations may be sued for and defended by action at law or otherwise.

Section 12. An act entitled "An act to establish free public libraries and reading rooms," approved April twenty-six, eighteen hundred and eighty, is hereby repealed; provided, that as to existing libraries this act is to be deemed a continuation thereof, and such libraries shall be governed hereby accordingly; provided, however, that this act shall have no application to any library established or governed by the provisions of a city charter, and the provisions of any city charter shall in no manner be affected by this act.

Section 13. Any ordinance establishing a library adopted under the provisions of section one of this act must be repealed by the body which adopted the same upon being requested to do so by fifty-one per cent. of the electors of such municipal corporations, as shown by the great register then in force, and upon the repeal of such ordinance such library shall be disestablished in such municipal corporation.

Sec. 2. All acts and parts of acts inconsistent with this act are hereby modified in accordance with this act.

member, be entitled to membership, or become a member of the corporation by virtue of such transfer. 7. Said articles of incorporation shall be subscribed by three or more of the original members, a majority of whom must be residents of this state, and acknowledged by each before some officer authorized to take and certify acknowledgments of conveyances of real property, and shall be filed in all respects in accordance with the provisions of section 296 of this code, and thereupon the secretary of state shall issue to the corporation, over the great seal of the state, a certificate that a copy of the articles containing the required statement of facts has been filed in the office, and thereupon the persons signing the articles and their associates and successors shall be a body politic and corporate by the name stated in the certificate. The provisions of sections 303 and 304 of this code, which are not inconsistent with the provisions of this title, shall apply to the by-laws of the corporation provided for in this title. 4. The number and qualifications of members of the corporation and the conditions precedent to membership and the method, time and manner of permitting members to withdraw, and providing for the assignment and transfer of the interest of members, and the manner of determining the value of such interest and providing for the purchase of such interest by the corporation upon the death, withdrawal or expulsion of a member or upon the forfeiture of his membership, at the option of the corporation.

votes of all members of each of two or more such non-profit cooperative corporations to cooperate with each other for the more economical carrying on of their respective businesses by consolidation as provided in section 653i of this code, such consolidation shall be effected, and thereupon the effect of such consolidation shall be the same as declared in said section. Any such corporation upon resolution, adopted by its board of directors, shall have the power to enter into contracts and agreements, and to make stipulations and arrangements with any other corporation or corporations for the cooperative and more economical carrying on of its business, or any part or parts thereof; or any two or more cooperative corporations organized under this title, upon resolutions adopted by their respective boards of directors, may, for the purpose of more economically carrying on their respective businesses, by agreement, unite in adopting, employing and using, or several such corporations may separately adopt, employ and use the same methods, policy, means, agents, agencies and terms of marketing for carrying on and conducting their respective businesses.

Any corporation formed or consolidated under this title may be dissolved, and its affairs wound up voluntarily by the written consent of members representing two thirds of the total votes, in the manner and with the effect provided in section 653j of this code, except that any property remaining after liquidation shall be divided among the members in proportion to their respective property interests therein.  

653y. Any such corporation may amend its articles of incorporation in any manner not inconsistent with the provisions of this title, in the manner provided for by section 362 of the Civil Code of this state.

*The people of the State of California, represented in senate and assembly, do enact as follows:*

**SECTION 1.** Until such time as there shall be established by law in this state a state hospital for the medical treatment of persons afflicted with incipient pulmonary tuberculosis, the state board of health is hereby authorized and empowered to enter into appropriate contracts with the board of managers, or other executive head, of any institution which is now or may hereafter be established and maintained in this state for the express purpose of affording approved medical treatment to patients having incipient pulmonary tuberculosis, wherein there shall be made provision for the treatment at public expense of indigent residents of this state afflicted with such disease. In making such contracts, the board shall be guided by general considerations of public health and safety, together with the approved teachings of medical science, touching upon the location, altitude and climatic conditions of the institutions offering to enter into such contracts. Such information shall be given upon forms prepared for the purpose by the board of health, and shall be signed by the medical superintendent of such institution. In the event such institution, its management and methods of treatment be approved by the board of health, the board of managers, or other executive head thereof, shall, within ten days after receipt of notice of such approval, forward to the secretary of the board, a written offer in behalf of such institution to receive, medically treat, and otherwise care for, such patients as might be sent there under the provisions of this act, not exceeding a stated number in all, at a uniform charge, which shall in no case exceed one dollar per day for each of such patients; further agreeing in behalf of said institution to furnish to the secretary of the board, on forms prepared by him, all such reports as the state board of health may, from time to time, require, together with full and complete information concerning any new or important discoveries made in the methods of treating, checking, preventing, or curing said disease, and such recommendations regarding the same as may be deemed beneficial to the interests of the public. Upon receipt of such offer, the board may, if it so elects, proceed to enter into a contract with such institution for the maintenance and treatment therein of county patients, the form of which shall be approved by the attorney general prior to execution. Every institution entering into such a contract shall be required to give bonds in the sum of five thousand dollars, conditioned for the faithful performance of the obligations by it assumed in such contract. Upon the execution of the contract and the filing of the bond, the secretary of the state board of health shall certify to the clerk of the board of supervisors of each county in this state the name and location of such institution and such other details concerning the same as he may deem appropriate.

Sec. 2. Each county of this state is hereby given the privilege of maintaining in said institutions, at the expense of such county, such number of indigent patients as its board of supervisors may determine; provided, however, that the total number of such patients shall not exceed the aggregate capacity of the institutions making such contracts; and provided further, that no county shall be required to pay more than one dollar per day per patient for all medical and other services rendered such patient.

Sec. 3. Indigent persons who are afflicted with incipient pulmonary tuberculosis, and who have been residents of this state for not less than one year prior to making application therefor, may be admitted to any such institution selected as in section one hereof provided, and receive treatment therein at the expense of the county in which he or she resides, in the manner and upon the terms and conditions hereinafter pre-
scribed. Any person desiring to receive such treatment must make written application therefor to the board of supervisors of the county in which he or she resides, stating the name, age, sex, place of residence, and such other data concerning the applicant as the state board of health may, from time to time, prescribe. Such application must be verified by the oath or affirmation of the applicant. If the board be satisfied as to the truth of such declarations, and if there be then a vacancy in the number of indigent patients to be supported by such county, the board shall require the applicant to submit to a proper bacteriological and clinical examination by the county physician, or, if there be none, by the county health officer, for the purpose of ascertaining whether or not the condition of the applicant is such as to afford a reasonable hope of cure by a course of treatment in one of such institutions. The state board of health shall make bacteriological examinations under this act whenever demanded by the county physician or county health officer. If, in the judgment of the medical officer making such examination, the applicant is afflicted with incipient pulmonary tuberculosis and there is a reasonable hope that such person may be cured, he shall so certify to the board, and the board may thereupon order that the applicant be maintained as a patient in one of the institutions named by the state board of health until cured, or until discharged as hereinafter provided. The necessary expense of transporting such patient to the institution selected shall be advanced and paid by the county.

Sec. 4. The medical superintendent of each institution in which there are maintained any patients under the provisions of this act shall, monthly, render to the board of supervisors of each county from which patients have been received an itemized claim, duly verified, showing the number of patients from such county so maintained in such institution during the month last preceding, or any part thereof, the name of each patient, and the amount due such institution. It shall be the duty of the board of supervisors to audit and allow such claim in the manner provided by law, and to order a warrant drawn for the amount thereof in favor of such institutions. It shall be the duty of the county auditor to draw such warrant, and of the county treasurer to pay the same.

Sec. 5. If, in the judgment of the medical superintendent of any institution mentioned in this act, any patient has become cured of his disease, he shall discharge such patient and shall furnish him with transportation to the county seat of the county whence he came. The amount advanced for such transportation shall be included in the next monthly bill and shall be audited and paid as are the other items thereof. Or, if any patient be deemed hopelessly incurable, the superintendent shall report such fact to the secretary of the state board of health, and shall, subject to the approval of the secretary, discharge such patient and return him to the county whence he came, at the expense of such county, as hereinafore provided.

Sec. 6. Pulmonary tuberculosis is hereby declared to be an
infectious and communicable disease, dangerous to the public health, and all proper expenditures which may be made by any county of this state, pursuant to the provisions of this act, are hereby declared to be necessary for the preservation of the public health of the county, within the meaning of section 4225 of the Political Code.

Whether the amount to be raised be by taxation on taxable property within said district or by the issuance of bonds on the taxable property therein. Such petition must also be accompanied by a map showing the location of said boulevard and of said district, with relation to the territory immediately contiguous thereto; also with a cross-section and profile of said proposed boulevard, together with specifications for the construction thereof, which said map shall be approved as to location of the boulevard and said cross-section, profile and specifications, as to manner of construction, by the county surveyor, of the county in which said proposed district is located, who shall also furnish an estimate of the cost of acquiring the right of way therefor and constructing

There shall also be filed with said board of supervisors, at the time said petition is presented, a bond in the sum of not more than three hundred dollars, with two sufficient sureties, to be approved by said board, who shall each qualify in double the amount of the penal sum thereof conditioned that they will pay the expense and cost of said election in an amount not exceeding the amount mentioned in said bond, as the penal sum thereof, in case such election shall fail to carry.

Sec. 3. Such petition must be presented at a regular meeting of said board of supervisors and they shall thereupon fix a time for hearing said petition, not less than twenty-one nor more than thirty days after the date of presentation thereof, and shall publish a notice of the fact that such petition has been filed (referring to the same on file with the clerk of the board of supervisors for further particulars) and giving the date and hour at which said petition will be heard, which said notice shall be published at least once a week for two consecutive weeks in some newspaper published and circulated in said proposed district; provided, that if no newspaper be so published in said district, then said notice shall be so published in some newspaper published and circulated in the county in which said proposed district is located.

Sec. 4. Upon the day named for the hearing of said petition, the board of supervisors shall hear the same and may adjourn such hearing from time to time, not more than two weeks in all. On the final hearing they shall make such changes in the proposed boundaries as they may find to be proper, and shall define and establish such boundaries. Any change made by the board of supervisors shall not include any territory outside of the boundaries described in the petition until the board has given at least two weeks’ notice of its intention to include such territory in said district, said notice to be given and published as herein provided for the notice of the hearing of said petition.

Sec. 5. The boundaries established by the board of supervisors shall be the boundaries of such boulevard district until the same shall be changed in the manner provided by law. But, if it shall appear to the board that the boundaries of any such division have been incorrectly described, it shall direct the county surveyor to ascertain and report the correct description of the boundaries, in conformity with the orders of said board of supervisors, which said report must be filed within thirty days from the day of making such order. At the first regular meeting after the filing of said report, the board of supervisors shall ratify the same, with such modifications as they deem necessary, and the boundaries so established shall be the legal boundaries of such boulevard district.

Sec. 6. The board of supervisors thereupon and not later than the first regular meeting after the establishment of said boundaries, as hereinbefore provided, shall give notice of an election to be held in such proposed boulevard district for the
purpose of determining whether such district shall be formed; whether the amount to be raised be by taxation on taxable property within said district or by the issuance of bonds on the taxable property therein, and if the amount to be raised be by the issuance of bonds, said notice shall specify such amount, and said boulevard built as in said petition, maps, cross-sections, profiles, specifications and estimates described.

Sec. 7. Such notice must specify the time and place or places of holding the election, the amount of money proposed to be raised, and the purposes for which it is to be used, including a brief description of the proposed work and materials to be used, and referring to the map, profiles, cross-sections, specifications and estimates on file with the clerk of the board of supervisors.

Sec. 8. For the purposes of this election the board of supervisors shall establish, by order, one or more precincts within the boundaries of said district, and appoint one inspector, one judge and one clerk for each, to conduct the same, and said election must be held in all respects as near as practicable in conformity with the general election laws of the state. At such election the ballots shall contain the words “For the formation of said district and the construction of said boulevard—yes, no.” together with a square at the right of the word “Yes” and at the right of the word “No” in which the voter may stamp his ballot to indicate his choice. At such election if the petition request that the money be raised by the issuance of bonds, the ballots shall contain in addition to the above the words “For the issuance of . . . . . . dollars bonds—Yes,” (or) “For the issuance of . . . . . . dollars bonds—No,” together with a square at the right of the words “For the issuance of . . . . . . dollars bonds—Yes,” and at the right of the words “For the issuance of . . . . . . dollars bonds—No,” in which the voter may stamp his ballot to indicate his choice. But no particular form of ballot other than above set forth need be used; nor shall any informality in conducting said election invalidate the same if the election shall have been otherwise fairly conducted.

Sec. 9. The officers of the election must certify the result of the election to the board of supervisors, giving the whole number of votes cast, the number for and the number against the formation of said boulevard district and the building of said boulevard; the number for and the number against the issuance of bonds. If the majority of the votes cast are in favor of the same, the board of supervisors must enter an order to that effect upon its minutes, declaring said district formed and that said boulevard shall be built, and the amount to be raised by taxation or by bonds on the taxable property within said district, which said amount shall be in the aggregate not exceeding seventy-five per cent of the estimated cost of acquiring the right of way therefor and constructing said boulevard, as found in the estimates to be furnished by the county surveyor of said county; the balance, twenty-five per cent, to be
paid out of the general road fund of the county; and the board of supervisors shall, if bonds are not voted, at the time of fixing the amount of the county tax levy, levy a tax upon the taxable property of said district sufficient to pay said amount.

If at such election the majority of the votes cast are in favor of the issuance of bonds, then the board of supervisors shall cause an entry of that fact to be made upon the minutes and thereupon they shall be authorized and empowered to issue the bonds of said district for the number and amount provided for in such proceedings, payable out of the funds of such district and that the money shall be raised by taxation upon the property in said district for the redemption of said bonds and the payment of interest thereon in like manner as prescribed in the Political Code for the redemption and payment of interest on public school bonds.

The board of supervisors by an order entered upon the minutes shall prescribe the form of said bonds and of the interest coupons attached thereto, and shall fix the time when the several bonds shall become due, not exceeding twenty years from the date thereof.

Such bonds shall bear no greater rate of interest than seven per cent per annum, and the interest shall be payable annually by the county treasurer. The bonds and each coupon shall bear the autograph or facsimile printed signature of the chairman of the board and of the county clerk. of California in the denomination of one thousand dollars each, to be numbered from one to fifteen hundred, inclusive, and to bear date of the second day of July, nineteen hundred eleven. The total issue of said bonds shall not exceed the sum of one million five hundred thousand dollars, and they shall bear interest at the rate of four per cent per annum from the date of issuance thereof. The interest accruing on all of said bonds that shall be sold shall be payable at the office of the treasurer of the state on the second day of January and the second day of July of each year after the sale of the same. At the expiration of seventy-four years from the date of said bonds, all bonds shall cease to bear interest, and likewise all bonds redeemed by lot as hereinafter provided shall cease to bear interest according to the provisions of this act, and the state treasurer shall call in and forthwith pay and cancel the same out of the moneys in the San Diego seawall sinking fund provided for in this act, and he shall on the date of the maturity of said bonds cancel and destroy all bonds not theretofore sold. All bonds remaining unsold shall, at the date of the maturity thereof, be by the treasurer of the state canceled and destroyed. All bonds issued pursuant to the provisions of this act shall be signed by the governor of this state, countersigned by the state controller, and endorsed by the state treasurer, and the said bonds shall be so signed, countersigned, and endorsed by the officers who are in office on the second day of July, nineteen hundred eleven, and each of said bonds shall have the great seal of the State of California impressed thereon, and said bonds signed, countersigned, endorsed and sold as herein provided, shall be and constitute a valid and binding obligation upon the State of California though the sale thereof be made at a date or dates after the person so signing, countersigning and endorsing, or either thereof, shall have ceased to be an incumbent of said office or offices.

Sec. 2. Appended to each of said bonds there shall be interest coupons so attached that the same may be detached without injury or mutilation of said bonds, and said coupons shall be consecutively numbered, and shall bear the lithographic signature of the state treasurer who shall be in office on the second day of July, nineteen hundred eleven. No interest shall be paid on any of said bonds for such time as may intervene between the date of said bond and the day of sale thereof, unless said accrued interest shall have been, by the purchaser of said bond, paid to the state at the time of such sale.

Sec. 3. The sum of one thousand five hundred dollars is hereby appropriated out of any moneys in the state treasury not otherwise appropriated to pay the expense that may be
incurred by the state treasurer in having said bonds prepared. The state controller is hereby authorized and directed to draw his warrant for the expense incurred in preparing the said bonds, and the state treasurer is hereby directed to pay the same.

Sec. 4. When the bonds authorized to be issued by this act shall have been signed, countersigned and endorsed, as in section 1 provided, the state treasurer shall sell the same for cash to the highest bidder in such parcels and numbers as the governor of the state shall direct, provided a resolution requesting such sale shall have been adopted by the board of state harbor commissioners for San Diego bay, and said board shall not pass such resolution until in their judgment the actual harbor receipts, and those reasonably anticipated, will justify such sale of bonds and the consequent increased burden on harbor receipts. Said resolution shall specify the number of bonds necessary to produce the amount of money which, in the judgment of said board of harbor commissioners, shall be required at such time, and the governor of the state shall direct the state treasurer to sell such number of said bonds to raise said amount of money, and that said bonds shall be sold in consecutive, numerical order. The state treasurer shall not accept any bid which is less than the par value of the bond, plus the interest which has accrued thereon between the date of sale and the last preceding interest maturity date. The state treasurer shall give notice of the time and place of sale by publication in two newspapers published in the city and county of San Francisco, one newspaper published in the city of Los Angeles, one newspaper published in the city of San Diego, and one newspaper published in the city of Sacramento, once a week for four weeks next preceding the date fixed for such sale. In addition to the notice last above provided for, the state treasurer may give such further notice as he may deem advisable, but the expenses and cost of such additional notice shall not exceed the sum of five hundred dollars for each sale so advertised. The cost of such publication shall be paid out of the San Diego harbor improvement fund on controller's warrants duly drawn for that purpose, and the treasurer must pay the same. The proceeds of the sale of such bonds shall be forthwith paid over by said treasurer into the treasury, and must be by him kept in a separate fund to be known and designated as the "San Diego seawall fund," and must be used exclusively for the construction of a seawall, wharves, piers, state railroad, spurs, betterments and appurtenances thereto on the water front of the bay of San Diego. Drafts
and warrants upon the said fund shall be drawn upon and shall be paid out of said fund in the same manner as drafts and warrants are drawn upon and paid out of the San Diego harbor improvement fund.

Sec. 5. Said state treasurer shall, on controller's warrants duly drawn for that purpose, employ the moneys in said sinking fund in the purchase of bonds of the United States, or of the State of California, which said bonds shall be kept in a proper receptacle, appropriately labeled; but he must keep always on hand a sufficient amount of money in said sinking fund with which to pay the interest on such of the state bonds herein provided to be issued as may have theretofore been sold. And to provide means for the payment of interest on the bonds that may be sold and outstanding, said treasurer shall monthly take from the San Diego harbor improvement fund, and pay into said seawall sinking fund, an amount equal to the monthly interest then due on all bonds then sold, delivered and outstanding. The board of state harbor commissioners of San Diego are hereby authorized and directed by the collection of dockage, tolls, rents, wharfage and storage to collect a sum of money sufficient for the purposes of this act, over and above any limitations existing in the existing section of the Political Code of the State of California. Between the first and tenth day of November, in the year nineteen hundred and fifty and between the first and tenth day of November of each year thereafter until the maturity of said bonds, the said treasurer shall, in the presence of the governor, proceed to draw by lot such an amount of bonds as shall be requisite to exhaust as nearly as may be the amount in said sinking fund at that time, and shall thereupon and before the tenth day of December following, give notice by public advertisement to be inserted twice a week for two weeks in two newspapers published in the county of San Francisco, and also in one newspaper published in the city of San Diego, and also in one newspaper published in the city of Los Angeles, stating the number of bonds so drawn and that the principal of said bonds will be paid on presentation to the treasurer on or before the second day of January, following, and that from and after such last named date, all interest upon bonds thus drawn shall cease, and it shall be the duty
of the treasurer as soon as said bonds so drawn by lot are surrendered to him and paid to cancel the same, and the interest coupons thereon, and each year beginning with the year nineteen hundred and fifty, the said treasurer shall, in the manner aforesaid, proceed to draw by lot such an amount of bonds as shall be requisite to exhaust as nearly as may be the amount in said sinking fund, and proceed in the manner hereinabove stated. After the payment of all said bonds, the surplus or balance remaining in said sinking fund, if any there be, shall forthwith be paid into the San Diego harbor improvement fund. At the time of the respective drawings by lot, as aforesaid, and also at the maturity of said state bonds, said treasurer shall sell the United States or other bonds then in said sinking fund, at governing market rates, after advertising the sale thereof in the manner hereinbefore provided for the sale of bonds hereby authorized to be issued, and shall use the proceeds for the payment of such bonds as may be drawn by lot, and at the maturity of said bonds outstanding shall pay and redeem said matured outstanding bonds out of said moneys in said fund in extinguishment of said bonds on controller’s warrants duly drawn for that purpose.

Sec. 6. The state controller and the state treasurer shall keep full and particular account and record of all their proceedings under this act, and they shall transmit to the governor an abstract of all such proceedings thereunder, with an annual report, to be by the governor laid before the legislature biennially; and all books and papers pertaining to the matter provided for in this act shall at all times be open to the inspection of any party interested, or the governor, or the attorney general, or a committee of either branch of the legislature, or a joint committee of both, or any citizen of the state.

Sec. 7. It shall be the duty of the state treasurer to pay the interest of said bonds, when the same falls due, out of the sinking fund provided for in this act, on controller’s warrants duly drawn for that purpose.

Sec. 8. This act, if adopted by the people, shall take effect on the thirty-first day of December, nineteen hundred and ten, as to all its provisions except those relating to and necessary for its submission to the people, and for returning, canvassing, and proclaiming the votes, and as to said excepted provisions this act shall take effect immediately.

Sec. 9. This act shall be submitted to the people of the State of California for their ratification at the next general election, to be holden in the month of November, nineteen hundred and ten, and all ballots at said election shall have printed thereon and at the end thereof, the words “For the San Diego Seawall Act,” and in a separate line under the same words “Against the San Diego Seawall Act,” and opposite said lines there shall be left spaces in which the voters may make or stamp a cross to indicate whether they vote for or against said act, and those voting for said act shall do so by placing a cross opposite the words “For the
San Diego Seawall Act," and all those voting against the said act shall do so by placing a cross opposite the words "Against the San Diego Seawall Act." The governor of this state shall include the submission of this act to the people, as aforesaid, in his proclamation calling for said general election.

Sec. 10. The votes cast for or against this act shall be counted, returned and canvassed and declared in the same manner and subject to the same rules as votes cast for state officers; and if it appear that said act shall have received a majority of all the votes cast for and against it at said election as aforesaid, then the same shall have effect as hereinbefore provided, and shall be irrepealble until the principal and interest of the liabilities herein created shall be paid and discharged, and the governor shall make proclamation thereof; but if a majority of the votes cast as aforesaid are against this act then the same shall be and become void.

Sec. 11. It shall be the duty of the secretary of state to have this act published in at least one newspaper in each county, or city and county, if one be published therein, throughout this state, for three months next preceding the general election to be holden in the month of November, nineteen hundred and ten, the costs of publication shall be paid out of the San Diego harbor improvement fund, on controller's warrants duly drawn for that purpose.

Sec. 12. Sec. 13. This act may be known and cited as the "San Diego Seawall Act of 1909."

Sec. 13. In non-fireproof tenement houses hereafter erected no closet of any kind shall be constructed under any stairway leading from the first story, exclusive of the cellar, to the upper stories, but such space shall be left entirely open and kept clear and free from incumbrance.

Sec. 14. In every tenement house hereafter erected there shall be an entrance to the cellar or other lowest story from the outside of said building.

Sec. 15. Within the fire limits of any incorporated town, incorporated city or city and county, no wooden building not now used as a tenement house shall be hereafter erected for, altered or converted to such use. But outside of the fire limits tenement houses not exceeding four stories in height, exclusive of the cellar, may be erected of wood.

Sec. 16. No wooden tenement house shall be increased in height so as to exceed four stories, exclusive of the cellar.

Such yard space may start at the level of the second tier of beams, but never at a point more than fourteen feet above the curb level. Where such lot is over one hundred feet in depth such yard space shall be left through the center of the lot midway between the two streets, and shall extend across the entire width of the lot, and shall not be less than twenty-four feet in depth from wall to wall and shall be increased in depth as prescribed in section 22 of this act. Where such lot is one hundred and fifty feet or more in depth such yard shall be at every point open from the ground to the sky unobstructed, except by fire escapes and unclosed outside stairs projecting not more than four feet from the building.

Sec. 24. The depth of the yard behind every tenement house hereafter erected upon a corner lot shall be not less than ten feet in every part and at every point open and unobstructed from the ground to the sky, provided that where any such lot is less than one hundred feet in depth, the depth of the yard be not less than ten per centum of the greatest depth of such lot, but shall never be less than five feet in every part, nor less than the minimum width of an outer court on the lot line as prescribed by this act. Section 16c. Any judge of any superior court of this state may commit any boy between the ages of eight and nineteen years, or girl between the ages of eight and eighteen years to the custody and guardianship of the said school on the conditions and in the manner following:

1. On the complaint in writing filed and due proof thereof made, by the parent or guardian of said boy or girl, showing that by reason of the incorrigible or vicious conduct of such boy or girl, he or she is beyond the control and power of such parent or guardian.

2. On complaint in writing filed and due proof thereof made, showing that such boy or girl is a proper subject for the care and guardianship of said school, by reason of vagrancy or incorrigible or vicious conduct; or in cases where, from moral depravity or otherwise, the parent or guardian having control of such boy or girl is incapable of exercising, or unwilling to exercise, the proper care or discipline over such boy or girl, and in cases where such boy or girl has no parent, guardian or other protector.

3. On complaint in writing filed and due proof thereof made by the mother, or guardian when the father is dead, or has abandoned his family, or is an habitual drunkard, or does not support his family, and it appears that such boy or girl is destitute of a home and adequate means of obtaining an honest living and is in danger of being brought up to lead an idle or immoral life.

In all cases where complaint is made by another than the parent or guardian having the custody of said boy or girl, a citation shall issue requiring the person having custody or control of said boy or girl, or with whom the said boy or girl may be, to appear with him or her at a place and time stated in the citation. Service of such citation must be made at least twenty-four hours before the time stated therein. The parents or guardian of the boy or girl, if residing in the county in which the court sits, and if their places of residence be known to the petitioner, or if there be neither parent or guardian so residing, or if their places of residence be not known to petitioner, then some relative of the boy or girl, if there be any residing in said county, and if his residence and relationship to such boy or girl be known to petitioner, shall be notified of the proceedings by service
of citation requiring them to appear at the time and place to be stated in such citation. In any case the judge may appoint some suitable person to act in behalf of the boy or girl, and may order such further notice of the proceeding to be given as he may deem proper. If any person, cited as herein provided, shall fail, without reasonable cause, to appear and abide by the order of the court, or to bring the boy or girl, if so required in the citation, such failure shall constitute a contempt of said court and may be punished as provided for in cases of contempt of court. In case any such citation can not be served, or the party served fails to observe the same, and in any case in which it shall be made to appear to the court that such citation shall be ineffectual, a warrant of arrest may issue on the order of the court, either against the parent or guardian, or the person having the custody of the boy or girl, or with whom he or she may be, or against the boy or girl, or any of said persons; or if there be no person to be served with citation as above provided, a warrant of arrest may be issued against the boy or girl immediately. On the return of the citation or other process, or as soon thereafter as may be, the court shall proceed to hear and dispose of the case in a summary manner. Until the final disposition of any case, the boy or girl may be retained in the possession of the person having charge of the same, or may be kept, upon the order of the court, in some suitable place, provided by the county, or city and county, or may be held otherwise, as the court may direct. In all cases of commitment to said school the same shall be until said boy or girl is twenty-one years of age, and it shall be the duty of the court committing such boy or girl to such school to certify to the superintendent thereof, the date of birth or age of such boy or girl so committed, as nearly as the same can be ascertained by testimony taken under oath either before the court or in such manner as he may direct.

Sec. 6. Section 16c of said act is hereby amended to read as follows and is re-numbered section 18:

It shall be lawful for the board whenever it may deem any inmate of said institution to have been so far reformed as to justify his discharge, to give him an honorable dismissal and to cause an entry of the reasons for such dismissal to be made in the book of records prepared for that purpose. All persons thus honorably dismissed and all those who have attained the age of twenty-one years shall thereafter be released from all penalties and disabilities resulting from the offenses or crimes for which they were committed. Upon the final discharge of any inmate as in this section provided, the superintendent shall immediately certify such discharge in writing and shall transmit the certificate to the court by which such inmate was committed. Said court, thereupon, shall dismiss the accusation and the action pending against said person.

Sec. 7. Section 16d of said act is hereby amended to read as follows and is re-numbered section 19:
Section 19. There shall be established in said school a system of marking and grading upon merit or attainments in school and shop and general conduct, by which the boy or girl committed under this act may work out his or her way to parole and honorable discharge. When in the opinion of the superintendent a boy or girl, by the regulations established for that purpose, has earned a right to a parole, he shall cause to be obtained a reputable home or place of employment where said boy or girl may be employed and earn a living by honorable labor, and then shall recommend said boy or girl to the board for parole, and if the board is satisfied that it is for the welfare of such boy or girl to be paroled, it shall grant such parole under such conditions as it may deem best, which shall be continued until such boy or girl has proved his or her ability for honorable self-support, when he or she shall, upon the recommendation of the superintendent, be honorably discharged. Any boy or girl who, while on parole, violates any of the conditions of the parole may be returned to said school.

Sec. 8. Section 16c of said act is hereby amended to read as follows, and is re-numbered section 20:

Section 20. Any boy or girl committed to said school who, after due trial, is found to be, in the opinion of the superintendent, incapable of reformation, or so morally deficient or incorrigible as to render his or her retention detrimental to the interests of said school, or when it is ascertained by good and sufficient evidence, that said boy or girl has misrepresented his or her age to the court who sentenced him or her, or has been previously convicted of a felony, he may recommend such boy or girl to the board of trustees for return to the said court and if the said board is satisfied that it is for the best interests of the school that such boy or girl be returned, it shall so cause him or her to be returned to said court, and it shall be lawful for said court to annul and set aside the previous commitment to the said Whittier State School and resume proceedings where the same were suspended when such commitment was made.

SECTION 1. A new section is hereby added to the Code of Civil Procedure of the State of California to be known as section number 67b to read as follows:

67b. Whenever, in the opinion of the judge or a majority of the judges of the superior court of any county, or city and
county, the public interests so justify or require, one or more sessions of said superior court, to be known as extra sessions of said superior court, may be held in addition to and at the same time as the sessions of said court spoken of in sections numbered 66 and 67 of this code.

Whenever the judge or a majority of the judges of the superior court of any county or city and county shall decide that an extra session of said court shall be held, said judge or a majority of said judges shall appoint the time when said extra session shall be held, but no extra session of any superior court shall continue beyond the 31st day of December of the year in which such session is established. The judge or a majority of the judges of said superior court shall likewise appoint a place, within the county seat of said county or city and county, where such extra session of said court shall be held, and shall have the same power and authority to provide a place for holding such extra session of said court as is had by a judge of a superior court to provide a place for holding a session of a superior court.

Whenever, in a county or city and county having but one judge of the superior court, said judge shall provide for an extra session of said court, he shall, at the time of so providing or from time to time during the continuance of said extra session, apportion to the judge who may preside over said extra session such portion of the business of said court as he may desire, and at the close of such extra session shall order such portions of said business so apportioned and not transacted to be transferred to himself.

Whenever, in any county or city and county having more than one judge of the superior court, a majority of said judges shall provide for an extra session of said court, a majority of said judges, at the time of so providing or from time to time during the continuance of said extra session, shall order transferred to the judge who may preside over such extra session from the judges to whom they have been assigned according to law or the rules of said court, such portions of the business of said court as they may select; and, at the close of such extra session shall order retransferred to the judges of said court such portions of said business so transferred as shall not have been transacted. Except as above provided, any rules of any superior court relating to the transfer of any business from one judge of said court to another shall apply to the transfer of any business duly assigned to the judge presiding over any extra session from said judge to any judge of said court.

Whenever an extra session of the superior court of any county or city and county has been provided for, the judge or a majority of the judges of said superior court shall invite and authorize a judge of the superior court of some other county or city and county to hold and preside over such extra session, and upon such invitation and authorization such judge may so serve.
Upon the request of the judge or a majority of the judges of the superior court of any county or city and county, the governor of the state shall designate and authorize, to hold and preside over such extra session of the superior court of said county or city and county, a judge of the superior court of some other county or city and county; and upon such designation and authorization by the governor such judge must so serve.

The judgments, orders, and proceedings of any extra session of any superior court, held in accordance with the provisions of this section, shall be equally effective as if any or all of the judges of said court presided at such session. Any judge or any number of the judges of any superior court may hold and preside over any extra session of said court, with or without, the judge designated and authorized to hold and preside over said session. Any judge of any superior court may perform in connection with any business duly assigned to the judge presiding over any extra session of said court any act which he could perform in connection with any business assigned to any other judge of said court. Any judge, holding or presiding over any extra session of a superior court, may perform in chambers or in court, in connection with any business duly assigned to him, any act which could be performed by any judge of said court, in chambers or in court, in connection with such business if duly assigned to himself; but no judge, holding or presiding over any extra session of any superior court, shall perform, in chambers or in court, any act in connection with any business that has not been duly assigned to him.

All provisions of the laws of this state applying to the compensation of a judge of a superior court, holding the superior court in a county other than his home county, shall apply to judges holding extra sessions of a superior court in any county other than his home county.

[Approved April 20, 1000.]

The people of the State of California, represented in senate and assembly, do enact as follows:

SECTION 1. When the owner, manager or shipper of any freight of any kind shall make application in writing to any superintendent, agent or other person in charge of transportation of any railway company or person, corporation, receiver or trustee operating any line of railway, at the point where cars are desired upon which to ship any freight, it shall be the duty of such railway company, corporation, receiver, trustee or other person in charge thereof, to supply the number of cars so required at the point indicated in the application within the time hereinafter specified after receipt of such application, and such railway company, person, corporation, trustee or receiver shall supply such cars to the persons so applying therefor in the order in which such applications are made, without giving any preference to any person; provided, if the application be for ten cars or less, the same shall be furnished in five days; provided if the application be for ten cars and less than fifty cars the same shall be furnished in ten days; and provided further that if the application be for fifty cars or more, such railway company, person, corporation, receiver or trustee shall have fifteen full days in which to supply the cars; if the application be for cars for the transportation of perishable freight the number of cars applied for shall be furnished within forty-eight hours; provided, that the point to which said freight is to be shipped is on the line of the railway company to which such application for cars is made or on the line of a railroad with which the railway company to which such application is made has connections and to which point it ordinarily receives freight for shipment; and provided further, that railway companies to which such application may be made shall not be obligated under the terms hereof to furnish cars of any class required for the transportation of the class of commodity to be shipped and for which application is made, unless it owns or usually operates such class of cars. All cars supplied in compliance with the provisions of this section shall be suitable for the purpose for which they are ordered. The time herein stated for the delivery of cars mentioned in any such application shall begin to run from the hour of seven
o'clock A.M. of the next day following the day of the receipt of any such application by the railway company, corporation, receiver, trustee or other person in charge to whom it is given.

Sec. 2. Said application for cars shall state the number of cars desired, the kind of freight to be shipped, the point of destination, the time and place at which they are desired; provided, that the place designated where the cars are to be furnished shall be at some station or switch on the railroad of the person, corporation, receiver or trustee to whom or to whose agent such application is made.

Sec. 3. When cars are applied for under the provisions of this act, if they are not furnished as herein provided, the railway company, person, corporation, receiver or trustee so failing to furnish them shall be liable and immediately indebted to the party or parties so applying for said car or cars in the sum of five dollars per day for each car failed to be so furnished, to be recovered in any court of competent jurisdiction, and in addition all actual damages that such applicant may sustain by the failure to furnish said car or cars.

Sec. 4. Such applicant shall, at the time of applying for such car or cars, deposit with the agent of such company or with such person, corporation, receiver or trustee one fourth of the amount of the freight charge for the use of such car or cars, if such agent, or such person, corporation, receiver or trustee shall require such deposit; and such applicant shall within forty-eight hours after such car or cars have been delivered and placed as heretofore provided fully load the same; and upon failure to do so, he shall be liable and immediately indebted and pay to such company, person, corporation, receiver or trustee the sum of six dollars per day for each car not used; provided, that where applications are made on several days, all of which are filled upon the same day, the applicant shall have forty-eight hours to load the car or cars furnished on the first application, and the next forty-eight hours to load the car or cars furnished on the next application, and so on; and the penalty herein prescribed shall not accrue as to any car or lot of cars applied for on any one day, until the period within which they may be loaded has expired, and if the said applicant shall not use such cars so ordered by him, he shall forfeit and pay to the said railroad company in addition to the penalty herein prescribed, the actual damages that such company may sustain by the failure of the applicant to use said cars. Every such company, person, corporation, receiver or trustee shall have a lien upon any deposit made in accordance with this section for any damages or penalties accruing to it by failure to load any car or cars delivered and placed as in this act provided.

Sec. 5. The time within which said cars are to be loaded shall begin to run from the hour of seven o'clock A.M. of the day next following the day the same are furnished at the place required and at the time specified in the application therefor. If the said applicant shall not use such cars so ordered by him, he shall so notify the railroad furnishing the same, and he shall
be liable for the penalty above set forth to the railway company, corporation, receiver, trustee or other person in charge furnishing the same for the period of one day after said notification. When cars have been furnished and loaded it shall be the duty of the railway company, corporation, receiver, trustee or other person in charge to promptly remove the same from the point where loaded and deliver the same to the connecting railroad or to the person or persons to whom they are consigned, within a reasonable time. All persons to whom cars are consigned shall unload the same within forty-eight (48) hours after delivery thereof to the said consignee at the usual and appropriate point of unloading; and upon failure to unload said car or cars within the time herein specified, after the delivery thereof as herein stated, the consignee thereof shall be liable and shall be held to be immediately indebted to the railway company, corporation, receiver, trustee or other person in charge, delivering said cars, in the sum of six dollars per day, or fraction of a day, for each car so left unloaded. The time for unloading such cars shall be computed in the manner hereinbefore prescribed for loading cars. Nothing in this act contained shall be construed to prevent any railway company, person, corporation, receiver or trustee, operating any line of railroad from making and enforcing any and all necessary rules for demurrage to insure the loading and unloading of cars within twenty-four hours after delivery thereof to consignors or consignees at the usual and appropriate point of loading or unloading; provided, the rate or charge for demurrage so made shall not exceed three dollars for the first day after said period of twenty-four hours for each car, and thereafter the rate or charge for demurrage shall be the sum of six dollars per day for each car as hereinabove in this section provided.

Sec. 6. Any claim which any person may have against any railway company, corporation, receiver, trustee or other person in charge, for failure to furnish cars or for damages sustained by reason thereof, shall be assignable in the same manner, and to the same extent, as any assignable claim or chose in action, and suit or action for the collection thereof may be brought against any railway company, corporation, receiver, trustee or other person in charge by any person having any such claim, or by the assignee thereof.

Sec. 7. It shall be necessary for the party or parties bringing suit against any railway company, person, corporation, receiver or trustee under the provisions of this act, to show by evidence that he or they had on hand at the time any demand for cars was made the amount of oil, lumber, wheat or other grain, wool, hides, fruit or other freight, necessary to load the cars so ordered; provided no charge for failure of any railway company, corporation, receiver, trustee or other person in charge to furnish a car or cars as herein required shall be made or enforced, or damages therefore claimed, when such failure is caused by public calamity, strikes, washouts, acts of God, the public enemy, mobs, riots, wrecks, fires or accidents.
The causes in this act enumerated, which afford an excuse on the part of a railroad for not furnishing the cars as required, shall likewise, and to the same extent, excuse the owner, manager or shipper or consignee of any freight from all liability hereunder for failure to load or unload cars as herein required.

Sec. 8. This act shall apply only to shipments begun and terminating within the State of California.

Only one temporary certificate shall ever be issued to the same applicant, and no temporary certificate shall be granted to any person whose application has been denied by the board. The member or authorized inspector conducting the examination as herein set forth shall be entitled to charge and receive the sum of three dollars for such certificate, said moneys to be paid to the board of pharmacy.

Sec. 6. Section 16 of said act is hereby amended so as to read as follows:

Section 16. The board of pharmacy shall issue a permit to general dealers in rural districts in which the conditions, in their judgment, do not justify the employment of a registered pharmacist, and where the store of such general dealer is not less than three miles distant from the store of a registered pharmacist, which said permit shall authorize the persons or firm named therein to sell in such locality, but not elsewhere, and under such restrictions and regulations as said board may from time to time adopt. CHAPTER 677.

An act to provide for changing or modifying the grade of public streets, lanes, alleys, courts, or other places, within municipalities.

[Approved April 21, 1900.]

The people of the State of California, represented in senate and assembly, do enact as follows:

SECTION 1. The city council of any city is hereby empowered to change or modify the grade of public streets, lanes, alleys, courts, or other places therein, in the manner hereinafter provided.

SEC. 2. Before any change or modification of grade is ordered, the city council shall pass an ordinance or resolution of intention to order such change or modification of grade. Said ordinance or resolution of intention shall state the name of, or otherwise designate the public street, lane, alley, court or other place the grade of which, or any portion thereof, is proposed to be changed or modified, and shall set forth the change or modification of grade proposed to be made. One or more public streets, lanes, courts, or other places, or portions thereof, may be included in the same ordinance or resolution of intention. Said ordinance or resolution of intention shall be posted conspicuously for two days on or near the chamber door of said city council, and published by two insertions in a daily or weekly newspaper published and circulated in said city, and designated by said council for that purpose. If no such newspaper is published and circulated in said city, such ordinance or resolution of intention shall be posted for two days on or near the council chamber door, and in two other public places in said city. The street superintendent shall thereupon cause to be conspicuously posted along all public streets, lanes, alleys, courts, or other places, or portions thereof designated in the said ordinance or resolution of intention, where such change or modification of grade is proposed to be made, at not more than one hundred feet in distance apart, notices, but not less than three in all, of the passage of said ordinance or resolution of intention. Said notice shall be headed “Notice of Change of Grade,” in letters of not less than one inch in length, and shall in legible characters state the fact of the passage of the said ordinance or resolution of intention, its date, the name or other designation of the public street, lane, alley, court, or other place, or portion thereof, the grade of which is proposed to be changed or modified, and shall refer to the ordinance or resolution of intention for further particulars. He shall also cause a notice similar in substance to be published for six days in a daily newspaper published and circulated in said city, and designated by said city council for that purpose, or in cities where there is no daily newspaper, by two insertions in a weekly newspaper so published, circulated and designated. In case there is no daily
or weekly newspaper published in said city, said notice shall be posted for six days on or near the chamber door of said council, and in two other public places in said city.

SEC. 3. Any person or persons owning any real property fronting upon any public street, lane, alley, court or other place, or portion thereof, where such change or modification of grade is proposed to be made, may, within thirty days after the first publication of the notice of the passage of the ordinance or resolution of intention, or within thirty days after the first posting thereof, where no publication thereof is made, as hereinbefore provided, file a written protest with the clerk of the city council against such proposed change or modification of grade. Every such protest must contain a description of the property owned by each signer thereof, sufficient to identify the same, and if signed by more than one person, must be accompanied by the affidavit of one of the signers that each signature thereto is the genuine signature of the person whose name purports to be thereto subscribed; and in case any signature is made by an agent, there must be attached to the protest the affidavit of the agent that he is duly authorized to sign such protest. Any protest not complying with the foregoing requirements shall not be considered by said city council. The clerk of the city council shall endorse on every such protest the date of its reception by him; and at the next regular meeting of the city council after the expiration of the time for filing protests, shall present to said city council all protests so filed with him. If the city council finds that such protests are signed by the owners of a majority of the frontage of the property fronting on the public street, lane, alley, court, or other place, or portion thereof where such change or modification of grade is proposed to be made, all further proceedings under said ordinance or resolution of intention shall be stayed and barred for six months from and after the filing of such majority protests, except as hereinafter provided, unless the owners of a majority of such frontage shall in the mean time petition the same change or modification of grade to be made; but a new ordinance or resolution of intention to make a different change or modification of grade of such public street, lane, alley, court, or portion thereof, may be passed at any time.

In the event that the ordinance or resolution of intention designates any public street, lane, alley, court or other place, or portion thereof, the grade of which is proposed to be changed or modified, and there be included in said ordinance or resolution of intention any other public street, lane, alley, court of other place, or portion thereof, intersecting therewith or terminating therein, the grade of which is also proposed to be changed or modified, the change or modification of grade of such public street, lane, alley, court or other place, and of such other public street, lane, alley, court or other place or portion thereof, so intersecting or terminating, shall not be stayed or barred by any protests, made and filed as hereinbefore provided, unless such protest be signed by the owners of a majority
of the total frontage of the property fronting on all such public streets, lanes, alleys, courts or other places, or portions thereof, where such change or modification of grade is proposed to be made. If the city council finds that such protests are not signed by the owners of a majority of the property fronting on the public street, lane, alley, court or other place, or portion thereof, where such change or modification of grade is proposed to be made, or if the proposed change or modification of grade extends for a distance of not more than one block, and the grade of such public street, lane, alley, court, or other place, for at least one block thereof immediately adjacent to such block where such change or modification of grade is proposed to be made, on each side thereof, has already been established, or if the proposed change or modification of grade extends for a distance of not more than one block, at the end of a public street, lane, alley, court or other place, and the grade thereof for at least one block thereof immediately adjacent to such block has already been established, the city council shall thereupon fix a time for hearing such protests not less than ten days after the meeting of the council at which such time is so fixed and shall cause notice of the time and place of such hearing to be published for two days in a daily newspaper published and circulated in said city, or by one insertion in a weekly newspaper so published and circulated; and if no daily or weekly newspaper be published and circulated in said city, then said notice shall be posted for two days on or near the council chamber door, and in two other public places in said city; and such publication or posting shall be completed at least five days before such hearing. The city council shall hear said protests at the time and place appointed, or at any time to which the hearing thereof may be continued, and pass upon the same, and its decision thereon shall be final and conclusive. If such protests are sustained, no further proceedings shall be had under said ordinance or resolution of intention, but a new ordinance or resolution of intention to make the same, or a different change or modification of grade may be passed at any time. If such protests are denied, the proceedings shall continue as if such protests had not been filed.

Sec. 4. If no protests are filed within the time hereinbefore provided, or if protests are filed and after hearing are denied, as hereinbefore provided, the city council shall acquire jurisdiction to order the change or modification of grade described in the ordinance or resolution of intention to be made. Having acquired such jurisdiction, the city council shall by ordinance or resolution, order the change or modification of grade to be made as proposed by and described in the ordinance or resolution of intention. Said ordinance or resolution ordering the change or modification of grade shall be published by two insertions in a daily, or by one insertion in a weekly newspaper published and circulated in said city; or, if no such newspaper be published and circulated therein, the same shall be posted for two days on or near the council chamber door, and in two other public places in said city.
SEC. 5. Except as otherwise hereinafter provided the person owning the fee, or the person in whom on the day any protest or petition is filed the legal title to real property appears, by deeds duly recorded in the county recorder's office of the county in which said city is situated, shall be deemed to be the owner thereof for the purposes of this act; provided however, that any person in possession of real property as the executor, administrator, trustee, guardian, or other legal representative of the owner, or any person in possession of real property under written contract of purchase duly recorded, shall be deemed to be the owner thereof for the purposes of this act. In the case of property held by tenancy in common, if any co-tenant sign a protest under this act, only the proportionate share of the frontage thereof represented by his interest therein shall be counted in determining the amount of frontage represented by such protest. In the event that the change or modification of grade proposed by the ordinance or resolution of intention is only on one side of any public street, lane, alley, court or other place, or portion thereof, only the owners of the real property fronting on the side of such public street, lane, alley, court or other place, or portion thereof where such change or modification of grade is proposed to be made, shall be entitled to make or file a protest under the provisions of this act. If the grade of any public street, lane, alley, court, or other place, or portion thereof, has been heretofore, or shall be hereafter changed or modified, nothing in this act contained shall be construed to prevent any subsequent change or changes, modification or modifications of grade of any such public street, lane, alley, court or other place, or portion thereof.

SEC. 6. The following words and phrases, where used in this act, shall have the following meanings:

1. The terms "municipality" and "city" include every incorporated city, city and county, or other corporation organized for municipal purposes.

2. The terms "city council" and "council" include any body or board in which by law is vested the legislative power of any city.

In any city where there is no superintendent of streets, or no such board, the legislative body is hereby authorized to designate some other officer to perform the duties imposed by this act on the superintendent of streets, and all the provisions hereof applicable to the superintendent of streets shall apply to the officer so designated.

SEC. 7. This act shall in nowise affect an act entitled "An act to provide for work upon streets, lanes, alleys, courts, places and sidewalks, and for the construction of sewers within municipalities," approved March 18, 1885, or amend-
ments thereto; or an act entitled "An act to amend an act 'An act to provide for work upon streets, lanes, alleys, courts, places, and sidewalks, and for the construction of sewers within municipalities.' approved March 18, 1885, by adding thereto certain new and additional sections, to provide the mode of carrying into effect certain provisions of said act relative to changing grades," approved March 31, 1891, or amendments thereto, or any other acts on the same subject; but is intended to and does provide an alternate system of proceedings for changing or modifying the grades of public streets, lanes, alleys, courts, or other places in municipalities; and it shall be within the discretion of the city council of any municipality to proceed in making any such change or modification of grade, either under the provisions of this act, or under the provisions of said acts hereinbefore mentioned, or amendments thereto: but when any proceedings are commenced under this act, the provisions of this act, and of such amendments thereto as may be hereafter adopted, and no other, shall apply to all such proceedings, and any provisions contained in said acts, or in any acts in conflict with the provisions hereof, shall be void and of no effect as to the proceedings commenced under the provisions of this act. The election of the city council to proceed under the provisions of this act shall be expressed in its ordinance of intention to order any change or modification of grade. The provisions of this act shall be liberally construed to promote the objects thereof. This act may be designated and referred to as the "Change of Grade Act of 1909."

SEC. 8. This act shall take effect immediately.

CHAPTER 684.

An act to amend sections 4, 6, 8, 9, 10, 11, 12, 14, 16 and 33 of an act entitled, "An act to provide for the laying out, opening, extending, widening, or straightening, in whole or in part, of public streets, squares, lanes, alleys, courts and places, within municipalities, for the condemnation of property necessary or convenient for such purposes, and for the establishment of assessment districts and the assessment of property therein to pay the expense of such improvement," approved March 24th, 1903; and to provide for the continuance of proceedings and actions for improvements under said act commenced prior to and pending at the time of the taking effect of this act.

[Approved April 21, 1900.]

The people of the State of California, represented in senate and assembly, do enact as follows:

SECTION 1. Section four of an act entitled, "An act to provide for the laying out, opening, extending, widening, or straightening, in whole or in part, of public streets, squares, lanes, alleys, courts, and places, within municipalities, for the condemnation of property necessary or convenient for such purposes, and for the establishment of assessment districts and the assessment of property therein to pay the expense of such improvement," approved March 24th, 1903, is hereby amended to read as follows:

Section 4. Any person interested, objecting to said improvement, or to the extent of the assessment district, described in said ordinance of intention, may file a written protest, with the clerk of the city council, within thirty days after the first publication of the notice required by section three of this act. Every such protest must contain a description of the property in which each signer thereof is interested, sufficient to identify the same, and must set forth the nature of his interest therein, and must be accompanied by the affidavit of one of the signers thereof that each signature thereof is the genuine signature of the person whose name is thereto subscribed; and in case any signature is made by an agent, there must be attached to the protest the affidavit of the agent that
he is duly authorized to sign such protest. Any protest not complying with the foregoing requirements, shall not be considered by the city council. In the case of property held by tenancy in common, if any co-tenant sign such protest, only the proportionate share of the frontage thereof represented by his interest therein, shall be counted in determining the amount of frontage represented by such protest. The clerk shall endorse on every such protest the date of its reception by him, and, at the next regular meeting of the city council, after the expiration of the time for filing protests, he shall present to said city council all protests so filed with him. If such protests are against said improvement, and said city council finds that the same are signed by the owners of a majority of the frontage of the property fronting on streets or parts of streets within said assessment district, all further proceedings under said ordinance of intention, excepting in the cases hereinafter otherwise provided, shall be barred, and no new ordinance of intention for the same improvement shall be passed within six months after the presentation of such protest to the city council, unless the owners of a majority of the frontage of the property fronting on streets or parts of streets within said assessment district shall in the mean time petition therefor. If such protests are against the improvement, and the council finds that they are not signed by the owners of a majority of the frontage of the property fronting on streets or parts of streets within said assessment district, or if such protests are only against the extent of said assessment district, or if the proposed improvement is for the opening or extending of a street for a distance of not more than two blocks intervening between the terminations of two different streets, or two portions of the same street, existing at the time of the passage of the ordinance of intention for the proposed improvement, each of said different street or said portions of the same street being at least five blocks in length, and the opening or extending of the street described in the ordinance of intention through such intervening block or blocks will, together with such different streets or portions of the same street so existing, make one connecting or continuous street, as nearly as may be practicable, or if the proposed improvement is for the opening or extending of a street into a different street, for a distance of not more than one block intervening between the termination of such street so proposed to be opened or extended and such different street, when the street so proposed to be opened or extended through such intervening block exists, at the time of the passage of the ordinance of intention for a distance of at least five blocks, or if the proposed improvement is for the opening or extending of a public street, lane, alley, court or place through the remainder of a block when such public street, lane, alley, court or place exists, at the time of the passage of the ordinance of intention for the proposed improvement, for at least one half of the distance through such block, the city council shall thereupon fix a time for hearing said protests, not less than ten days after the
meeting of the council at which such time is so fixed, and shall cause notice of the time of such hearing to be published for at least five days in a daily newspaper published and circulated in said city, or if there be no such daily newspaper, by at least two insertions in a weekly newspaper so published and circulated. The city council shall hear said protests at the time appointed, or at any time to which the hearing thereof may be adjourned, and pass upon the same, and its decision thereon shall be final and conclusive. If any such protests are sustained, no further proceedings shall be had under said ordinance of intention, but a new ordinance of intention for the same improvement may be passed at any time. If the protests are denied, the proceedings shall continue as if such protests had not been made. At the expiration of the time within which protests may be filed, if none are filed, or if protests are filed, and after hearing are denied, as above provided, then upon such denial, the city council shall acquire jurisdiction to order the improvement described in the ordinance of intention.

Sec. 2. Section six of said act is hereby amended to read as follows:

Section 6. Said action must be brought within sixty days after the passage of the ordinance ordering the improvement, but the council may, by ordinance, extend the time for bringing such action for an additional period not exceeding ninety days. Said action shall in all respects be subject to and governed by such provisions of the Code of Civil Procedure now existing or that may be hereafter adopted, as may be applicable thereto, except in the particulars otherwise provided for in this act.

Sec. 3. Section eight of said act is hereby amended to read as follows:

Section 8. When all parties defendant to the action have answered, or have been served with summons, and their default entered, the plaintiff or any party defendant to the action whose default has not been so entered, may, upon five days’ notice to the parties, except defendants in default, move the court to set the action for trial. If, upon the hearing of such motion, a trial by jury or by the court without a jury is not demanded by the defendants, or any of them, or by the plaintiff, such trial shall be deemed to be waived, and the court must appoint three disinterested persons referees, to ascertain the compensation to be paid to such defendants so waiving a trial by a jury, or by the court without a jury. Such referees must be residents of the municipality where such improvement is to be made, and over the age of twenty-one years, and must take and file with the court an oath to discharge their duties faithfully and impartially. If any of such referees fails to qualify, or resigns, or is removed by order of court, or is or becomes unable to act, the vacancy so created shall be filled by the court.
Sec. 4. Section nine of said act is hereby amended to read as follows:

Section 9. The referees shall at once proceed to view the lands sought to be condemned, and ascertain the compensation proper to be paid to such of the parties interested in each parcel thereof as have waived a trial by a jury, or by the court. They shall have power to examine witnesses under oath, to be administered by any of them, and may have subpoenas issued by the clerk of the court, requiring the attendance of witnesses, or the production of evidence before them. They shall make and file with the court a written report of their findings, and of their necessary expenses, within thirty days after the date of their appointment; provided, however, that the time so allowed may be extended, upon good cause shown, by the court or judge thereof, but such extension shall not exceed ninety days; and provided further, that if any vacancy in the referees is created and filled as provided in section eight of this act, or if new referees are appointed, or if a new report from the same referees is ordered, as provided in section eleven of this act, the time herein specified for the filing of such report shall be deemed to be thirty days from the date of the order filling such vacancy, or appointing new referees, or ordering a new report from the same referees, and the same may be extended accordingly, as above provided. Any two of such referees who agree thereto, may make such report.

Sec. 5. Section ten of said act is hereby amended to read as follows:

Section 10. For the purpose of assessing the compensation and damages, the right thereto shall be deemed to have accrued at the date of the order appointing referees or of the order setting the cause for trial, as the case may be, and its actual value at that date shall be the measure of compensation for all property to be actually taken, and the basis of damages to property not actually taken, but injuriously affected, in all cases where such damages are allowed by the provisions of this act. No improvements placed upon the property proposed to be taken, subsequent to the date of the publishing of the notice of the passage of the ordinance of intention, shall be included in the assessment of compensation or damages.

The referees, or court, or jury, as the case may be, shall find separately:

First. The value of each parcel of property sought to be condemned, and all improvements thereon pertaining to the realty, and of each separate estate or interest therein;

Second. If any parcel of property sought to be condemned is only a part of a larger parcel, the damages which will accrue to the portion not sought to be condemned, and to each separate estate or interest therein, by reason of its severance from the portion sought to be condemned, and the construction of the improvement in the manner proposed by the plaintiff. Such damages must be fixed irrespective of any benefit from such improvement.
Sec. 6. Section eleven of said act is hereby amended to read as follows:

Section 11. Upon the filing of such report the court must, upon motion of any party, appoint a day for hearing the same, not less than twenty days thereafter. Notice of the time and place of said hearing must, at least ten days before the time so appointed, be served on all the other parties, except defendants whose default has been entered. The plaintiff, or any defendant who has answered, may file exceptions in writing to said report, specifying the grounds upon which such exceptions are based, at any time within not less than one day prior to the hearing; and any such party so filing exceptions to said report, may appear at the hearing of said report and contest the same. In addition to the notice hereinbefore provided, the clerk of the court must give notice of the filing of said report: and of the time and place appointed for the hearing of the same, to all persons owning or having an interest in any property included within the assessment district, for said improvement described in the ordinance of intention, by causing said notice last mentioned to be published for five days in a daily newspaper published and circulated in the city; or, if there be no such daily newspaper, then by two insertions in a weekly newspaper so published and circulated. Any publication of such notice shall commence at least ten days before the time appointed for the hearing of the report. Said notice shall require all persons owning or having an interest in any property included within said assessment district for said improvement to intervene in said action, and file, in the office of the clerk of said court, his exceptions in writing to said report, if any he has, specifying the grounds upon which such exceptions are based. Said notice shall also contain a description of the said assessment district as set forth in the ordinance of intention. At any time within not less than one day prior to the hearing, any person not a party to the action, owning or having an interest in any property included within said assessment district, may intervene in the action, and file his exceptions in writing to said report, specifying the grounds upon which such exceptions are based; and any such person so intervening may appear and contest the said report, and introduce evidence in support of such exceptions. After hearing the report, and any exceptions thereto, the court may confirm the report, or may modify it and confirm it as modified, or may set it aside and order a new report from the same referees, or from new referees to be appointed. If new referees are appointed, the same proceedings shall be had as upon the first reference.

If there be a trial of the action by a jury, or by the court without a jury, the clerk of the court must give notice of the time and place of such trial to all persons owning or having an interest in any property within said assessment district for said improvement. Said notice shall be published in the same manner and for the same time as the notice hereinbefore in this section required to be given by said clerk, and shall require all persons owning or having an interest in any property included within said assessment district for said improve-
ment, to intervene in said action, and to appear at the trial thereof and introduce evidence relative to the compensation and damages to be awarded to the defendants therein. At any time within not less than one day prior to the trial, any person not a party to the action, having an interest in any property included within said assessment district, may intervene in the action, and, upon the trial thereof, may appear and introduce evidence relative to the compensation and damages to be awarded to the defendants therein. The cost of the publication of the notices required by this section shall be paid by the plaintiff, and allowed as costs in the action.

When a time has been appointed for hearing the report of the referees, or for the trial of the action, and notice thereof has been given by the clerk by publication as in this section provided, if the hearing of trial be postponed or continued by the court to any subsequent date, no such notice need be given by the clerk of the hearing or trial upon any such postponement or continuance.

Sec. 7. Section twelve of said act is hereby amended to read as follows:

Section 12. Upon the confirmation of the report of the referees, or receipt of the verdict of the jury, or the filing of the findings of the court, the court shall make and enter an interlocutory judgment in accordance with such report, verdict or findings, adjudging that upon payment to the respective parties, or into court for their benefit, of the several amounts found due them as compensation, and of the costs allowed to them, the property involved in the action shall be condemned to the use of the plaintiff, and dedicated to the use specified in the complaint. The court shall allow to the referees, as costs to be paid by the plaintiff, a reasonable compensation for their services. The amount of which compensation shall be fixed by the court upon the hearing of the report, and their necessary expenses.

Sec. 8. Section fourteen of said act is hereby amended to read as follows:

Section 14. The city council may, at any time prior to the entry of the interlocutory judgment, abandon the proceedings by ordinance, and cause the said action to be dismissed without prejudice.

Sec. 9. Section sixteen of said act is hereby amended to read as follows:

Section 16. The city engineer shall deliver said diagram to the street superintendent, and shall endorse thereon the date of such delivery. The street superintendent upon receiving the said diagram shall proceed to assess the total expenses of the proposed improvement upon and against the lands, including the property of any railroad or street railroad, within said assessment district, except the land to be taken for such improvement, in proportion to the benefits to be derived from said improvement. The street superintendent shall complete said assessment within sixty days after the receipt by him of said diagram; provided, however, that the city council may by.
order extend the time for completing said assessment for a period not exceeding ninety days additional. The total expense of the improvement so to be assessed shall include the amounts awarded to the defendants by the interlocutory judgment in the action for condemnation, together with their costs, the compensation and expenses of the referees, as allowed by the court, and all other costs of the plaintiff in such action, the expenses of making the assessment, and all expenses necessarily incurred by said city, in connection with the proposed improvement, for the publication of ordinances, posting and publication of notices, for maps, diagrams, plans, surveys, searches and certificates of title to the property to be taken, and all other matters incident thereto.

CHAPTER 685.

An act to provide for the improvement of public streets, lanes, alleys, courts and places in municipalities, in cases where any damage to private property would result from such improvement, and for the assessment of the costs, damages and expenses thereof upon the property benefited thereby.

[Approved April 21, 1909.]

The people of the State of California, represented in senate and assembly, do enact as follows:

Section 1. Whenever the public interest or convenience may require, the legislative body of any city, after having by ordinance or resolution established or changed or modified the grade of any public street, lane, alley, court or place in said city, or any portion thereof, is hereby empowered, in any case where in the opinion of said legislative body any damage to private property would result from the improvement thereof, to order the whole, or any part, either in length or width, of such public street, lane, alley, court or place, to be improved to conform to such official grade by grading or regrading, paving or repaving, planking or replanking, macadamizing or remacadamizing, piling or repiling, capping or recapping, graveling or regraveling, oiling or reoiling, sewerage or resewering, sidewalkening or residewalking, curbing or recurbing, or guttering or reguttering, or by the building of storm water ditches or channels or breakwaters, levees, walls of rock or of other material to protect the same from overflow or injury, or by constructing manholes, culverts, bridges, cesspools, tun-
nels or cross walks, or by the doing of any other work which shall be necessary to complete the whole or any portion of said public street, lane, alley, court or place, under the proceedings hereinafter provided, and in accordance with plans and specifications prepared by the city engineer of said city, and approved by the legislative body thereof.

Sec. 2. Before ordering any improvement described in section 1 hereof, the said legislative body shall pass an ordinance or resolution declaring its intention so to do, and that in its opinion damage to private property would result from such improvement, describing the proposed improvement, fixing a time and place for the hearing of protests in relation thereto by said legislative body, which time shall be not less than twenty nor more than thirty days from the date of the passage of said ordinance or resolution of intention, and specifying the exterior boundaries of the district of land to be benefited by said improvement and to be specially assessed to pay the costs and expenses thereof, and the damages caused by said improvement, which shall be known as the assessment district. Said legislative body may include in one improvement the whole or any portion of one or more streets, lanes, alleys, courts or other public places, and any or all of the different kinds of work mentioned in section 1 hereof, and may exclude therefrom any of said work already done to the official grade.

Sec. 3. Said ordinance or resolution of intention shall be conspicuously posted for two days on or near the chamber door of said legislative body, and published by two insertions in a daily or weekly newspaper published and circulated in said city, and designated by said legislative body for said purpose. If no such newspaper be so published and circulated in said city, such posting of said ordinance or resolution of intention shall be sufficient. The superintendent of streets shall thereupon cause to be conspicuously posted along all streets and parts of streets within the assessment district described in the ordinance or resolution of intention, not more than one hundred feet apart, notices (not less than three in all) of the passage of said ordinance or resolution. Said notices shall be headed "Notice of Street Work" in letters not less than one inch in length, shall be in legible characters, and shall state the fact and date of the passage of said ordinance or resolution of intention and the time and place fixed for the hearing of protests, and notify all persons interested to appear at said time and place with their objections to said improvement, if any they have, and briefly describe the proposed improvement, and refer to the ordinance or resolution of intention for further particulars. He shall also cause a notice of similar substance to be published for a period of five days in a daily newspaper published and circulated in said city, or if there is no such daily newspaper, then by two successive insertions in a weekly newspaper so published and circulated. If no such newspaper be so published and circulated in said city, such notice shall be also posted on or near the chamber door of the legislative
body of said city, and in two other public places in said city. Such posting and publication must be completed at least fifteen days before the day set for the hearing of protests.

Sec. 4. At or before the time fixed for the hearing, any person interested, objecting to the proposed improvement or to the extent of the assessment district described in the ordinance or resolution of intention, may file a written protest with the clerk of said legislative body. Every protest must contain a description of the property in which each signer thereof is interested and set forth the nature of his interest therein and must be accompanied by the affidavit of one of the signers thereof that each signature thereto is the genuine signature of the person whose name is thereto subscribed, and in case any signature is made by an agent, there must be attached to the protest the affidavit of the agent that he is duly authorized to sign such protest. Any protest not complying with the foregoing requirements shall not be considered by said legislative body. The clerk shall endorse on every such protest the date of its reception by him, and at the time fixed for the hearing, or at any other time to which the hearing may be adjourned, he shall present to said legislative body all protests so filed with him. Before the hearing of any protests there shall be filed with such legislative body affidavits showing that the said notices have been posted and published as hereinbefore required, and the said legislative body shall thereupon cause to be entered in its minutes an order reciting that notice of said hearing has been posted and published as required by law, and such order shall be prima facie evidence of the truth of the facts therein recited.

If such protests are against the said improvement, and the legislative body finds that the same are signed by the owners of a majority of the frontage of the property fronting on streets or parts of streets within the assessment district, all further proceedings under said ordinance or resolution of intention shall be barred, except as hereinafter provided, for six months after the presentation of such protests to such legislative body, and no new ordinance or resolution of intention for the same improvement shall be passed within said six months, unless the owners of a majority of the frontage of the property fronting on the streets or parts of streets within said assessment district shall in the mean time petition that said improvement be made. If such protests are against the improvement, and the legislative body finds that they are not signed by the owners of a majority of the frontage of the property fronting on streets or parts of streets within the assessment district, or if such protests are only against the extent of the assessment district, or if the proposed improvement is the construction of sewers, manholes, culverts, cesspools, crosswalks, gutters, curbs or sidewalks, or extends for a distance of not more than one block of any street and at least one block of such street immediately adjacent thereto on both ends of the block proposed to be improved has already been
improved, or extends for a distance of not more than one block at the end of a street and at least one block immediately adjacent thereto has already been improved, the legislative body shall hear said protests at said meeting, or at any time to which the hearing thereof may be continued, and pass upon the same, and its decision shall be final and conclusive. If such protests are sustained, no further proceedings shall be had under said ordinance or resolution of intention, but a new ordinance or resolution of intention for the same improvement may be passed at any time. If such protests are denied, the proceedings shall continue as if such protests had not been made.

Sec. 5. If no protests are filed at or before the time fixed for the hearing thereof by the ordinance or resolution of intention, or if protests are filed, and after hearing are denied, as above provided, the legislative body shall have jurisdiction to order the improvement described in the ordinance or resolution of intention. Having acquired such jurisdiction, it shall by ordinance or resolution order such improvement to be made, and refer the same to the commission hereinafter provided for, to estimate the damages caused thereby, and report an assessment of said damages, and of all costs and expenses of the improvement, on the property benefited thereby. Said ordinance or resolution shall describe the improvement in the same manner as the ordinance or resolution of intention, and shall be published by two insertions in a daily or weekly newspaper published and circulated in said city, or if no such newspaper be so published and circulated, said ordinance or resolution shall be posted on or near the chamber door of the legislative body, and at two other public places in said city.

Sec. 6. In any city having a board of public works created by its charter or by law, such board, and in other cities the mayor, city engineer or surveyor and superintendent of streets, or if all of such officers last mentioned do not exist in cities having no board of public works, any three competent and disinterested persons appointed by said legislative body, shall act as a commission to estimate the damages caused by said proposed improvement and to assess the same, and all costs and expenses of said proposed improvement upon the property benefited thereby. Such commissioners, if they are appointed by said legislative body as aforesaid, shall be sworn to make the assessment of benefits and damages faithfully, impartially and to the best of their ability. Said commission shall have power to subpoena witnesses to appear before it to be examined under oath, which any of said commissioners may administer.

Sec. 7. Upon the passage of the final ordinance or resolution referred to in section 5 hereof, said commission shall appoint a time and place for the hearing of petitions for damages caused by said improvement, and shall cause notice of such time and place to be published for at least five days in a daily newspaper, or three times in a weekly newspaper, published in said city, or if no such newspaper is so published and circulated, then by posting for two days in three public places
in said city. The time set for hearing such petition shall be not less than thirty days from the first publication or posting of such notice. Before said hearing said commission shall view the location of the proposed improvement, and the property affected thereby. Said hearing may be continued from time to time by said commission.

Sec. 8. At or before the time set for hearing of petitions for damages any person owning property, and claiming that the same will be damaged by said proposed improvement, shall file with the city clerk, who shall transmit the same to the commission, a petition showing the fact of such ownership, the description of the property claimed to be damaged, its market value, and the amount of damages which it is claimed such property will sustain by the proposed improvement, and the post office address of such petitioner, or his agent. Every such petition shall be verified by the oath of the petitioner or his agent. After considering the petitions filed as hereinbefore provided, and after hearing the petitioners who may appear, and after viewing the location of the proposed improvement and the property affected thereby, said commission shall proceed to determine the amount of damages, if any, which will be sustained by each such petitioner because of the proposed improvement. No damages or compensation whatsoever shall be allowed or awarded to the owner of any property affected by said improvement unless a petition therefor be filed as provided in this section, and any property owner who fails to file a petition for damages as hereinbefore provided, shall be deemed to have waived any and all claims for damages caused by said improvement.

Sec. 9. Before the awarding of any contract by the legislative body for doing any work authorized by this act, said legislative body shall cause notice, with specifications, to be posted conspicuously for five days on or near the chamber door of said legislative body, inviting sealed proposals or bids for doing the work ordered, and shall also cause notice of said work inviting said proposal, and referring to the specifications posted or on file, to be published for two days in a daily, or weekly newspaper published and circulated in said city, designated by said legislative body for that purpose, and in case there is no newspaper published in said city, then it shall only be posted as hereinbefore provided. Every bid shall be delivered to the clerk of the legislative body and shall be accompanied by a check certified by a responsible bank, amounting to ten per cent. of the amount of the bid, payable to the order of the said clerk, or by a bond for the said amount, and so payable, signed by the bidder and by two sureties who shall justify before any officer competent to administer an oath, in double the said amount, and over and above all statutory exemptions, and said amount shall be forfeited to the city in case the bidder depositing the same does not, within ten days after written notice that the contract has been awarded to him, enter into a contract with the city to do the work, with the bond hereinafter required, and any other bonds required by law. Said bids shall be opened
by the legislative body in public session and publicly declared, and no bid shall be considered unless accompanied by said bond or said certified check. The legislative body must let the contract to the lowest responsible bidder who shall give bond for the faithful performance of the work in such sum as may be required by it, and such other bonds as may be required by law, with sureties satisfactory to said legislative body; provided, however, that the legislative body may reject any and all bids, should it deem this for the public good, and also the bid of any person who has been delinquent or unfaithful in the performance of any former contract with the city, or of any other contract let by or under the authority thereof.

The contract must provide that the work shall be done under the supervision of the city engineer or surveyor, and no work shall be paid for until it has been accepted by the legislative body. Whenever the contractor desires the work or part thereof to be accepted he must make written application to that effect to the legislative body. Upon the filing of such application for acceptance, the clerk of the legislative body shall give not less than five days' notice by publication by two insertions in a daily or weekly newspaper published and circulated in the city, or by posting for two days in three public places in the city, in case no such newspaper is published and circulated therein, that at a certain time and place to be named in said notice the legislative body of the city will hear and consider any objections to the acceptance of the work, or part of the work, for the acceptance of which said contractor has made such application, and only after such hearing shall any work be accepted. If upon such hearing any objections to the acceptance are made and are sustained by the legislative body, the legislative body must require the contractor to take such steps as will remove such objections; and in the event of his failure to do so within such time as the legislative body shall prescribe, the legislative body may relet such portion of the work and charge the contractor the cost thereof together with all expenses incident to said reletting, and retain the same out of any moneys due or to become due to him under the contract, and also hold him and his sureties responsible therefor upon his bond.

The contract shall provide that the work must be commenced within twenty days after the contractor receives written notice from the superintendent of streets that there is sufficient money in the special fund devoted to the proposed improvement to pay the contract price, and completed within such time as the legislative body shall prescribe. If the contractor abandons the work, or fails to proceed with the same as rapidly as required by his contract, the legislative body may relet the contract, or any portion thereof, and pay the cost of the same and also any expenses incidental to the reletting, out of any funds due or to become due the contractor, and also hold him and his sureties responsible upon his bond for such cost and expenses, and also for any damages resulting from such abandonment.

Upon the signing of the contract for the doing of the work,
the clerk of the legislative body, if there be no board of public works in said city, shall certify to such commission the amount of the contract price.

Sec. 10. The commission shall, as soon as practicable, after determining what damages will be caused by said improvement, and, after the signing of the contract for the work, assess the total amount of the damages so determined, the total amount of the contract price for the doing of such work, and the total amount of all the incidental expenses of such improvement, which shall include the necessary expenses and disbursements of the commission, the cost of making the assessment, and all expenses necessarily incurred by the city in connection with the proposed improvement for maps, diagrams, plans, surveys and other matters incident thereto, upon the respective lots or parcels of land in the assessment district described in the ordinance or resolution of intention, in proportion to the benefits to be received by such lots or parcels of land, respectively, from the said improvement, and shall make and file with the clerk of the legislative body a report in writing containing the following:

1. A schedule describing the lots or parcels of land belonging to each petitioner for damages and which will be damaged by said proposed improvement, stating the amount of damages to each lot or parcel as determined by the commission, and the name of the owner of each such lot or parcel of land so damaged.

2. A diagram showing the assessment district, and also the boundaries and dimensions of the respective lots or parcels of land within said district, and each of such lots or parcels of land shall be given a separate number in red ink upon said diagram.

3. A proposed assessment of the total amount of damages that will be caused by said improvement, as determined by the commission, the total amount of the contract price for the work and the total amount of the incidental expenses thereof as above specified, upon the respective lots or parcels of land in said district in proportion to the benefits to be received by such lots or parcels of land, respectively, from said improvement. Said assessment shall refer to such lots or parcels of land upon said diagram by the red ink numbers thereof, and need contain no other description thereof, and shall show the names of the owners, if known, otherwise designating them as unknown; but no mistake in the name of the owner of any lot or parcel of land shall affect the validity of the assessment thereon.

In case the commissioners do not all agree, a majority of the whole number may make such report.

Sec. 11. Upon the filing of the report provided for in section 10 hereof, the clerk of the legislative body shall present such report to the legislative body, which shall fix a day for the hearing thereof by said legislative body, which day shall not be less than twenty days from the date of filing such report, and shall cause a notice of such hearing to be published by the clerk thereof, by three insertions in a daily newspaper published and circulated in said city, or if there be no daily news-
paper in said city, then by two successive insertions in a weekly newspapers so published and circulated; or if no newspaper is so published and circulated, then by posting for two days in three public places in said city. Such publication shall be completed at least ten days before the date fixed for the hearing. Said notice shall state the fact that such report has been filed, and the date set for the hearing thereof, and require all persons interested to file with the clerk their objections, if any they have, to the confirmation of said report at or before the time fixed for the hearing.

Sec. 12. Any objection to said report shall be in writing signed by the objector, or his agent, and shall comply with the requirements of section 4 hereof for the form and substance of protests, and shall be filed with the clerk of the legislative body at or before the time fixed for the hearing. At the time fixed, or at any other time to which the hearing may be continued, the legislative body shall hear said report and any objections thereto, and any person interested may appear and be heard upon said report and objections.

After such hearing the legislative body shall pass upon the report and may confirm, modify or correct the same, or may confirm the report as modified or corrected, or order the commission to make and file a new report, which shall be heard in like manner as the first report, and after like notice of hearing. If no objections are filed, or if the objections filed are not sustained, the legislative body shall confirm the report. The action of the legislative body upon said report shall be declared by resolution entered upon its minutes, and shall be final and conclusive, except as to the damages to be caused by the proposed improvement; and when said report is confirmed, or is confirmed as modified or corrected, the clerk of the legislative body shall transmit the diagram and assessment provided for in section 10 hereof, as finally confirmed, to the city tax collector. The tax collector shall thereupon record such assessment and diagram in his office in a suitable book to be kept for that purpose, and append thereto his certificate of the date of such recording, and such record shall be the assessment roll. From the date of such recording all persons shall be deemed to have notice of the contents of such assessment roll. Immediately upon such recording the several assessments contained in such assessment roll shall become due and payable, and each of such assessments shall be a lien upon the property against which it is made, paramount to all other liens, except taxes and prior assessments; and such lien shall only be discharged by payment of the assessment or by redemption of the land after sale for delinquency. The tax collector shall, upon the recording of said assessment, give notice by publication for five days in a daily newspaper published and circulated in said city, or by two insertions in a weekly newspaper so published and circulated; or in case no such daily or weekly newspaper is so published and circulated in said city, then by posting such notice for four days in three public places in said city, that said assessment has been recorded in his office and that all sums
assessed therein are due and payable immediately, and that payment of the said sums must be made to him within thirty days after the date of the first publication or posting, which date shall be stated in the notice. Said notice shall also contain a statement that all assessments not paid before the expiration of the said thirty days shall become delinquent, and that thereupon five per cent. upon the amount of each such assessment will be added thereto. When payment of any assessment is made the tax collector shall mark opposite such assessment the word "paid," the date of payment, and the name of the person by or for whom the same is paid, and shall give a receipt therefor. Upon the expiration of said period of thirty days, all assessments then unpaid shall become delinquent, and the tax collector shall mark each such assessment "delinquent" on said assessment roll, and add five per cent to the amount thereof.

Sec. 13. The tax collector shall within ten days from the date of such delinquency begin the publication of a list of the delinquent assessments, which list must contain a description of each lot or parcel of land delinquent, and opposite each description the name of the owner as stated in the assessment roll, and the amount of the assessment and costs due, including the cost of advertisement. Which cost of advertisement shall not exceed the sum of fifty cents for each parcel of land separately assessed. He shall append to and publish with said delinquent list a notice that unless each assessment delinquent, together with the penalty and costs thereon, is paid, the property upon which such assessment is a lien will be sold at public auction at a time and place to be specified in the notice. Such publication must be made by five insertions in some daily newspaper published and circulated in the city, or by two insertions in a weekly newspaper so published and circulated, or, in case no such newspaper is so published and circulated in said city, such list of delinquent assessments and notice shall be posted in three public places in said city for five days. The time of sale must not be less than five days nor more than ten days after the last publication of said list, or after the completion of such posting, as the case may be, and the place of sale must be in or in front of the office of the tax collector.

At any time after such delinquency and prior to the sale of any piece of property assessed and delinquent, any person may pay the assessment on such piece of property together with the penalties and costs due thereon, including the cost of advertising, if such payment is made after the first publication of the list of delinquent assessments.

Sec. 14. At the time and place fixed for the sale the tax collector must commence the sale of the property advertised, commencing at the head of the list, and continuing in numerical order of lots or parcels of land until all are sold; provided that he may postpone or continue the sale from day to day until all the property is sold. Each lot or parcel of land separately assessed must be offered for sale separately, and the person who will take the least quantity of land and then there pay the amount of the assessment, penalty and costs due, including fifty
cents to the tax collector for a certificate of sale, shall become
the purchaser. In case there is no other purchaser for any lot
of parcel of land offered for sale, the same shall be struck off
to the city as purchaser.

Sec. 15. After making the sale the tax collector must exe-
cute in duplicate a certificate of sale setting forth a descrip-
tion of the property sold, the name of the owner thereof as
given in the assessment roll, that said property was sold for a
delinquent assessment (specifying the improvement for which
the same was made), the amount for which such property was
sold, the date of sale, the name of the purchaser, and the time
when the purchaser will be entitled to a deed. The tax col-
lector must file one copy of such certificate in his office and
deliver the other to the purchaser, or if the city is the pur-
chaser, to the clerk of the legislative body, who shall file the
same in his office. Upon the filing of the copy of such cer-
tificate in the office of the tax collector, the lien of the assess-
ment shall vest in the purchaser and is only divested by a
redemption of the property as in this act provided.

The tax collector shall also enter upon the assessment roll
opposite the description of each piece of property offered for
sale, the description of the portion thereof sold, the amount for
which the same was sold, the date of the sale and the name of
the purchaser.

Sec. 16. At any time before the expiration of one year
from the date of the sale, any lot or parcel of land sold for a
delinquent assessment may be redeemed by any party in inter-
est by the payment to the tax collector of the amount for which
the property was sold, and in addition thereto, ten per cent.
thereon if paid within six months from the date of sale; and
twenty-five per cent. if paid within twelve months. When
redemption is made the tax collector shall note that fact and
the date thereof on the duplicate certificate of sale on file in
his office, and deposit the amount paid with the city treasurer,
who shall credit the purchaser named in the certificate of sale
with the said amount and pay the same to such purchaser, or
to his assigns, upon the surrender of the certificate of sale and
upon satisfactory proof of assignment thereof, if any. When
the city is the purchaser, the tax collector shall notify the
clerk of the legislative body of the redemption and such clerk
shall thereupon cancel the certificate of sale on file in his office.

Sec. 17. At any time after the expiration of twelve months
from the date of sale, the tax collector must execute to the
purchaser, or to his assignee on his application, if such pur-
chaser or assignee has complied with the provisions of this sec-
tion, a deed of the property sold, in which shall be recited
substantially the matters contained in the certificate, also any
assignment thereof, and the fact that no person has redeemed
the property. The tax collector shall receive from the appli-
cant for a deed, one dollar for making such deed, unless the
city is the purchaser, in which case no charge shall be made
therefor. The purchaser or his assignee, must at least thirty
days before he applies for a deed, serve upon the owner of the
property, and upon the occupant of such property, if the same
is occupied, a written notice, setting forth a description of
the property, that said property has been sold for a delinquent
assessment (specifying the improvement for which the same
was made), the amount for which it was sold, the amount neces-
sary to redeem at the time of giving notice, and the time when
such purchaser or assignee will apply to the tax collector for a
deed. If the said owner can not be found, after due diligence,
said notice must be posted in a conspicuous place upon said
property, at least thirty days before the time stated therein, at
which the application for a deed will be made. The person
applying for a deed must file with the tax collector an affidavit
or affidavits showing that notice of such application has been
given, as herein required, and if the notice was not served on
the owner of the property personally, that due diligence was
used to find said owner; which affidavit or affidavits must be
filed by the tax collector in his office. If redemption of
the property is made after such affidavits are filed, and more than
eleven months from the date of sale, the person making such
redemption must pay, in addition to the other amounts required,
three dollars for the service of notice and the making of such
affidavits, which amount shall be paid over to the purchaser
or his assignee in the same manner as other sums paid for
redemption. No deed for any property sold for delinquent
assessment shall be made until the purchaser or his assignee has
complied with all the provisions of this section, and filed the
proper affidavits with the tax collector.

Such deed shall be prima facie evidence of the truth of all
matters recited therein and of the regularity of all proceedings
prior to the execution thereof and of title in the grantee.

Sec. 18. The funds collected by the tax collector under
the proceedings herein provided for, either upon voluntary
payment, or as the result of sales, shall be paid by said tax
collector, as fast as collected, to the treasurer of said city, who
shall place the same in a special fund designated by the num-
ber or name of the proceedings, and payments shall be made
out of said special fund only for the purposes provided for in
this act. To expedite the making of any such improvement,
the legislative body may at any time transfer into said special
fund, out of any money in the general fund, such sums as it
may deem necessary; and the sums so transferred shall be
demed a loan to such special fund and shall be repaid out of
the proceeds of the assessments provided for in this act. After
all sales provided for in section 14 of this act have been made,
the tax collector shall report to the legislative body of the city
the amount collected.

Sec. 19. When sufficient money is in the hands of the city
treasurer, in the special fund devoted to the proposed improve-
ment, to pay the total amount of estimated damages therefrom,
all expenses of the proceeding and the cost of doing the work,
it shall be the duty of the clerk of the legislative body to
notify the contractor for the work of that fact, and to draw
demands on said special fund for the respective amounts of
damages awarded by the report, and to notify the owner of
each parcel of land declared by the report to be damaged if
the name of such owner is stated in the report, that the
awards of damages are payable, and that he may receive the
sum awarded to him on executing a release to said city of all
liability for damages caused by said improvement. Such
notification may be given by depositing a notice, postage pre-
paid, in the post office addressed to such person at his last
known place of residence.

Sec. 20. If any owner of property that will be damaged
by the proposed improvement shall fail or refuse to accept the
amount awarded to him by the report provided for in section
10 hereof, the legislative body may cause proceedings to be
brought against him in the name of the city, in the proper
superior court, to have the amount of damage to such prop-
erty determined. Such proceedings shall conform, as nearly
as may be, to the provisions of the Code of Civil Procedure
regarding eminent domain; provided, however, that the plain-
tiff shall not be required to pay the amount of damages
awarded within thirty days after judgment. In such pro-
ceeding the ordinance ordering the improvement shall be con-
ductive evidence of the necessity of the same.

If no such proceeding is brought against him, any owner
of property that is damaged by the proposed improvement
may decline to accept the amount awarded him, if any, and
bring an action against the city to recover the amount to
which he claims to be entitled. Any such action must be brought
within thirty days after the final completion of the improve-
ment. If in such action he fails to recover more than the
amount awarded to him by the report aforesaid, he shall not
recover costs.

Sec. 21. If the first assessment for any improvement fails
to raise a sufficient amount of money to pay all costs, damages
and expenses of the improvement, including any judgments
rendered in the actions and proceedings mentioned in sec-
tion 20 and the costs and expenses of such actions or pro-
ceedings, the legislative body may pay the deficit out of the
general fund, or may order a supplemental assessment to raise
such deficit, which shall be made and collected in the same
manner, as nearly as may be, as the first assessment, and so
on until sufficient money shall have been raised to pay for such
improvement.

The adverse party may except to the sufficiency of the sureties within five days after the filing of the undertaking, and unless they or other sureties justify before the justice or judge within five days thereafter, upon notice to the adverse party, to the amounts stated in their affidavits, the appeal must be regarded as if no such undertaking had been given.

CHAPTER 696.

An act to amend the Civil Code of the State of California by adding a new section thereto, to be numbered 2472, relating to appointment of agent and service of summons.

[Approved April 22, 1909.]

The people of the State of California, represented in senate and assembly, do enact as follows:

SECTION 1. The Civil Code of the State of California is hereby amended by adding a new section thereto to be numbered 2472 to read as follows:

2472. Every co-partnership, other than those mentioned in section 2467 of this code, domiciled without this state, and having no regular place of business within this state, must, within forty days from the time it commences to do business therein, file in the office of the secretary of state a designation of agent.
of some person residing within the state upon whom process
issued by authority of or under any law of this state, may be
served. A copy of such designation, duly certified by the secre-
tary of state, is sufficient evidence of such appointment. Such
process may be served on the person so designated, or, in the
event that no such person is designated, then on the secretary of
state, and the service is a valid service on such co-partnership.

CHAPTER 697.

An act to provide for the acquisition by municipalities of land
for public park or public playground purposes by condem-
nation, and for the establishment of assessment districts
and the assessment of property therein to pay the expense
of acquiring such land.

[Approved April 22, 1909.]

The people of the State of California, represented in senate and
assembly, do enact as follows:

SECTION 1. Whenever the public interest or convenience
may require, the city council of any municipality shall have
full power and authority to acquire by condemnation any land
situate in such municipality for public park or public play-
ground purposes.

Sec. 2. Before ordering the acquisition of any land or lands
for any purpose authorized in section 1 of this act, the city
council shall pass an ordinance declaring its intention so to do.
Such ordinance shall state the purpose for which such land is
to be acquired, and shall describe the land necessary or con-
venient to be taken therefor and shall describe the exterior
boundaries of the district to be benefited by the acquisition of
such land and to be assessed to pay the damages and costs of
such acquisition, hereinafter designated an improvement, and
to be known as the assessment district.

Sec. 3. The street superintendent shall thereupon cause to
be conspicuously posted along all streets or parts of streets
within the assessment district described in said ordinance, at
not more than three hundred feet in distance apart, notices
(not less than three in all) of the passage of said ordinance.
Said notice shall be headed, “Notice of Public Improvement”
in letters not less than one inch in length, shall be in legible
characters, and shall state the fact and date of the passage of
said ordinance, and briefly describe the improvement proposed,
and refer to said ordinance for further particulars. Said street
superintendent shall also cause a notice similar in substance to
be published for a period of five days in a daily newspaper pub-
lished and circulated in said municipality, and designated by
said city council for that purpose, or if there is no such daily newspaper, then by four successive insertions in a weekly newspaper so published, circulated and designated.

Sec. 4. Any person interested, objecting to said improvement, or to the extent of the assessment district described in said ordinance of intention, may file a written protest with the clerk of the city council, within thirty days after the first publication of the notice required by section 3 of this act. The clerk shall endorse on every such protest the date of its reception by him, and at the next regular meeting of the city council, after the expiration of the time for filing protests, shall present to said city council all protests so filed with him. If such protests are against said improvement, and said city council at said meeting or at any other time to which the hearing of said protests may be adjourned, finds that the same are signed by the owners of a majority of the frontage of the property fronting on streets or parts of streets within said assessment district, all further proceedings under said ordinance of intention shall be barred, and no new ordinance of intention for the same improvement shall be passed within six months after the presentation of such protests to the city council, unless the owners of a majority of the frontage of the property fronting on streets or parts of streets within said assessment district shall, in the mean time, petition therefor. If such protests are against the improvement and the council finds that they are not signed by the owners of a majority of the frontage of the property fronting on streets or parts of streets within the assessment district, or if such protests are only against the extent of the assessment district, the council shall hear said protests at said meeting, or at any time to which the hearing thereof may be adjourned, and pass upon the same, and its decision shall be final and conclusive. If such protests are sustained, no further proceedings shall be had under said ordinance of intention, but a new ordinance of intention for the same improvement may be passed at any time. If such protests are denied, the proceedings shall continue as if such protests had not been made. At the expiration of the time within which protests may be filed, if none are filed, or if protests are filed, and after hearing are denied, as above provided, then upon such denial, the city council shall be deemed to have acquired jurisdiction to order the improvement described in the ordinance of intention.

Sec. 5. Having acquired jurisdiction, the city council shall, by ordinance, order said improvement to be made, and direct an action to be brought by the city attorney in the proper superior court, in the name of the municipality, for the condemnation of the property necessary or convenient to be taken therefor. Such ordinance need not describe the property to be taken, nor the assessment district, but must refer to the ordinance of intention for all particulars.

Sec. 6. Said action must be brought within sixty days after the passage of the ordinance ordering the improvement, but the council may, by ordinance, extend the time for bring-
Complaint.

Sec. 7. The complaint shall set forth, or state the effect of, the ordinance of intention, and the ordinance ordering the improvement, but need not set up any other proceedings had before the bringing of the action. Said ordinances shall be conclusive evidence, in such action, of the public necessity of the proposed improvement.

Findings of jury or court.

Sec. 8. The jury, or the court sitting without a jury, as the case may be, shall find separately:

First. The value of each parcel of property sought to be condemned, and all improvements thereon pertaining to the realty, and of each separate estate or interest therein;

Second. If any parcel of land sought to be condemned is only a part of a larger parcel, the damages which will accrue to the portion not sought to be condemned, and to each separate estate or interest therein, by reason of its severance from the portion sought to be condemned, and the construction of the improvement in the manner proposed by the plaintiff. Such damages must be fixed irrespective of any benefit from such improvement.

Judgment.

Sec. 9. Upon the receipt of the verdict of the jury, or the filing of the findings of the court, the court shall make and enter an interlocutory judgment in accordance with such verdict or findings, adjudging that upon payment to the respective parties, or into court for their benefit, of the several amounts found due them as compensation, and of the costs allowed to them, the property involved in the action shall be condemned to the use of the plaintiff for the use specified in the complaint.

Appeal.

Sec. 10. An appeal may be taken from such interlocutory judgment within thirty days from the entry thereof, or from any order granting or denying a new trial within ten days after the entry thereof.

Council may dismiss action.

Sec. 11. The city council may, at any time prior to the confirmation of the assessment levied to pay the expenses of said improvement as hereinafter provided, abandon the proceedings by ordinance, and cause said action to be dismissed without prejudice.

Diagram of improvement.

Sec. 12. Upon the entry of the interlocutory judgment the city council shall order the city engineer, or if there be no city engineer any civil engineer whom it may employ for that purpose, to make and deliver to the street superintendent a diagram of the improvement and of the property within the assessment district described in the ordinance of intention. Said diagram shall show the land to be taken for the proposed improvement and also each separate lot, piece or parcel of land within the assessment district, and the dimensions of each such lot, piece or parcel of land, and the relative location of the same to the proposed improvement.
THIRTY-EIGHTH SESSION.

Sec. 13. The city engineer shall deliver said diagram to the street superintendent, and shall endorse thereon the date of such delivery. The street superintendent upon receiving the said diagram, shall proceed to assess the total expenses of the proposed improvement upon and against the lands, including the property of any railroad or street railroad within said assessment district, except the land to be taken for such improvement, in proportion to the benefits to be received from said improvement. The street superintendent shall complete said assessment within sixty days after the receipt by him of said diagram; provided, however, that the city council may, by resolution, extend the time for completing said assessment for a period not exceeding sixty days. The total expense of the improvement so to be assessed shall include the amounts awarded to the defendants by the interlocutory judgment in the action for condemnation, and all other costs of the plaintiff in such action, the expenses of making the assessment, and all expenses necessarily incurred by said municipality, in connection with the proposed improvement, for maps, diagrams, plans, surveys, searches and certificates of title to the property to be taken, and all other matters incident thereto.

Sec. 14. The street superintendent shall make said assessment in writing. Such assessment shall describe each lot, piece or parcel of land assessed for said improvement, and shall designate each such lot, piece or parcel of land with an appropriate number. The street superintendent shall also designate each such lot, piece or parcel of land on said diagram with the number corresponding with the number thereof in said assessment, and said diagram shall thereupon be attached to and become and be deemed to be a part of said assessment. Such assessment shall show the total sum to be raised thereby, as hereinbefore provided, and also the items of such total sum, and opposite each lot, piece or parcel of land assessed, the amount assessed thereon, and the name of the owner thereof, if known to the street superintendent; or if the owner's name is unknown, the word "Unknown" shall be written instead of such name. Any error or mistake in the designation of the owner of any lot, piece or parcel of land, or in the particulars of his interest therein, shall not affect the validity of the assessment.

Sec. 15. As soon as said assessment is completed, the street superintendent shall file the same, with the diagram attached thereto and made a part thereof as aforesaid, with the clerk of the council, who shall give notice of such filing by publication for, at least, ten days in a daily newspaper published and circulated in the municipality, or if there be no such daily newspaper, by three successive insertions in a weekly newspaper so published and circulated. Said notice shall require all persons interested to file with said clerk their objections, if any they have, to the confirmation of said assessment, within thirty days after the date of the first publication of such notice, which date shall be stated in said notice.

Sec. 16. All objections shall be in writing and shall be filed with said clerk within the time prescribed in the notice.
required by section 15 hereof. The clerk shall, at the next regular meeting of the city council after the expiration of the time for filing objections, lay said assessment and all objections so filed with him, before the council; and said council shall hear all such objections at said meeting, or at any other time to which the hearing thereof may be adjourned, and pass upon such assessment, and may confirm, modify, or correct said assessment, or may order a new assessment, upon which like proceedings shall be had, as in the case of an original assessment; or if there be no objections, the council shall, at any regular meeting after the expiration of the time for filing objections, confirm such assessment, and the action of the council upon such objection and assessment shall be final and conclusive in the premises.

Sec. 17. The clerk of the council shall thereupon deliver to the street superintendent the assessment as confirmed by the city council, with his certificate of such confirmation, and of the date thereof. The street superintendent shall thereupon record such assessment and diagram in his office, in a suitable book to be kept for that purpose, and append thereto his certificate of the date of such recording, and such record shall be the assessment roll. From the date of such recording all persons shall be deemed to have notice of the contents of such assessment roll. Immediately upon such recording, the several assessments contained in such assessment roll shall become due and payable, and each of such assessments shall be a lien upon the property against which it is made.

Sec. 18. The street superintendent shall, upon the recording of said assessment, give notice, by publication for ten days in a daily newspaper, published and circulated in such municipality, or by three successive insertions in a weekly newspaper, so published and circulated, that said assessment has been recorded in his office, and that all sums assessed therein are due and payable immediately, and that the payment of the said sums is to be made to him within thirty days after the date of the first publication, which date shall be stated in the notice. Said notice shall also contain a statement that all assessments not paid before the expiration of said thirty days will become delinquent, and that thereupon five per cent of the amount of each such assessment will be added thereto. When payment of any assessment is made, the street superintendent shall mark opposite such assessment, the word, "paid," the date of payment, and the name of the person by or for whom the same is paid, and shall, if so requested, give receipt therefor. On the expiration of said period of thirty days, all assessments then unpaid shall become delinquent, and the street superintendent shall certify such fact at the foot of said assessment roll, and mark each such assessment "Delinquent," and add five per cent to the amount of each delinquent assessment.

Sec. 19. The street superintendent shall, within ten days from the date of such delinquency, begin the publication of a list of the delinquent assessments, which list must contain a description of each parcel of property delinquent, and opposite
or against each description, the name of the owner as stated in the assessment roll, and the amount of the assessment, penalty, and costs due, including the cost of advertising, which last shall not exceed the sum of fifty cents for each lot, piece, or parcel of land, separately assessed. The street superintendent shall append to and publish with said delinquent list a notice that unless each delinquent assessment, together with the penalty and costs thereon, is paid, the property upon which such assessment is a lien, will be sold at public auction at a time and place to be specified in the notice. The publication must be made for a period of ten days, in some daily newspaper published and circulated in the municipality, or for three weeks in a weekly newspaper so published and circulated. The time of sale must not be less than five days, nor more than ten days, after the expiration of the period of publication of said list, and the place of sale must be in, or in front of, the office of the street superintendent.

Sec. 20. At any time after such delinquency, and prior to the sale of any piece of property assessed and delinquent, any person may pay the assessment on such piece of property, together with the penalty, and costs then due, including the cost of advertising. The street superintendent shall thereupon mark such assessment "Paid," as hereinbefore provided.

Sec. 21. On the day fixed for the sale, the street superintendent must, at the hour of ten o'clock A. M. commence the sale of the property advertised, commencing at the head of the list, and continuing in the numerical order of lots or parcels of land until all are sold; provided, that he may postpone or continue the sale from day to day until all the property is sold. Each lot, piece or parcel of land separately assessed must be offered for sale separately, and the person who will take the least quantity of land, and pay the amount of the assessment, penalty, and costs due, including fifty cents to the street superintendent for a certificate of sale, shall become the purchaser. In case there is no purchaser, for any lot, piece or parcel of land so offered for sale, the same shall be struck off to the municipality, as purchaser, and the city council shall appropriate out of the general fund of the treasury, the amount required for such purchase, and shall order the city treasurer to place the same in the special fund for such improvement. No charge shall be made for the certificate of sale when the municipality is the purchaser.

Sec. 22. After making the sale, the street superintendent must execute, in duplicate, a certificate of sale setting forth a description of the property sold, the name of the owner thereof, as given on the assessment roll, that said property was sold for a delinquent assessment (specifying the improvement for which the same was made), the amount for which such property was sold, the date of sale, the name of the purchaser, and the time when the purchaser will be entitled to a deed. The street superintendent must file one copy of such certificate in his office, and deliver the other to the purchaser, or if the municipality is the purchaser, to the clerk of the council, who
shall file the same in his office. On the filing of the copy of such certificate in the office of the street superintendent, the lien of the assessment shall vest in the purchaser, and is only divested by a redemption of the property, as in this act provided. The street superintendent shall also enter on the assessment roll, opposite the description of each piece of property offered for sale, a description of the part thereof sold, the amount for which the same was sold, the date of the sale, and the name of the purchaser.

Sec. 23. A redemption of any parcel of property sold for delinquent assessment may be made by any party in interest, at any time prior to the execution and delivery of a deed therefor, by paying to the street superintendent the amount for which the property was sold, and in addition thereto, ten per cent thereon if paid within three months from the date of sale; twenty per cent if paid within six months; thirty per cent if paid within nine months; forty per cent if paid within twelve months, or fifty per cent if paid at any time after twelve months. When redemption is made, the street superintendent shall note that fact on the duplicate certificate of sale on file in his office, and deposit the amount paid with the city treasurer, who shall credit the purchaser named in the certificate of sale with the said amount, and pay the same to such purchaser, or his assignee, upon the surrender of the certificate of sale, and upon satisfactory proof of assignment thereof, if any. When the municipality is the purchaser, the treasurer shall notify the clerk of the council of the redemption, and such clerk shall thereupon cancel the certificate of sale on file in his office.

Sec. 24. At any time after the expiration of twelve months from the date of sale, the street superintendent must execute to the purchaser, or his assignee on his application, if such purchaser or assignee has complied with the provisions of this section, a deed of the property sold, in which shall be recited substantially the matters contained in the certificate, also any assignment thereof, and the facts that no person has redeemed the property. The street superintendent shall receive from the applicant for a deed, one dollar for making such deed, unless the municipality is the purchaser, in which case no charge shall be made therefor. The purchaser or his assignee must, at least thirty days before he applies for a deed, serve upon the owner of the property, and upon the occupant of such property, if the same is occupied, a written notice, setting forth a description of the property that said property has been sold for a delinquent assessment (specifying the improvement for which the same was made), the amount for which it was sold, the amount necessary to redeem at the time of giving notice, and the time when such purchaser or assignee will apply to the street superintendent for a deed. If the said owner cannot be found, after due diligence, said notice must be posted in a conspicuous place upon said property, at least thirty days before the time stated therein, at which the application for a deed will be made. The person applying for
a deed must file with the street superintendent an affidavit or affidavits showing that notice of such application has been given, as herein required, and if the notice was not served on the owner of the property personally, that due diligence was used to find said owner; which affidavit or affidavits must be filed by the street superintendent in his office. If redemption of the property is made after such affidavits are filed, and more than eleven months from the date of sale, the person making such redemption must pay, in addition to the other amounts required, three dollars for the service of notice and the making of such affidavits, which amount shall be paid over to the purchaser or his assignee in the same manner as other sums paid for redemption. No deed for any property sold for delinquent assessment shall be made until the purchaser or his assignee has complied with all the provisions of this section and file the proper affidavits with the street superintendent.

Sec. 25. The deed of the street superintendent shall be prima facie evidence of the truth of all matters recited therein, and of the regularity of all proceedings prior to the execution thereof, and of title in the grantee.

Sec. 26. The street superintendent shall, from time to time, pay over to the city treasurer all moneys collected by him on account of any assessments made under the provisions of this act. The city treasurer shall, on receipt thereof, place the same in a special fund, designating such fund by the name of the improvement for which the assessment was made.

Sec. 27. As soon as there is sufficient money in the hands of the city treasurer, in the special fund devoted to the proposed improvement, to pay the amounts awarded to the defendants by the interlocutory judgment in the action of condemnation, the said amounts shall be paid to the parties entitled thereto, or into court for their benefit. On satisfactory proof being made to the court of payment of the amounts awarded by the interlocutory judgment to the respective parties entitled thereto, or into court for their benefit, it shall direct the interlocutory judgment to be satisfied, and shall make and enter a final judgment, condemning the lands described in the complaint to the use of the plaintiff for the use specified in such complaint.

Sec. 28. In case of a deficiency in the fund for such improvement, the city council, in its discretion, may provide for such deficiency by an appropriation out of the general fund of the treasury, or by ordering a supplementary assessment to be made by the street superintendent upon the property in said assessment district in the same manner and form, and subject to the same procedure as the original assessment, and in the last named case, in order to avoid delay, the city council may advance such deficiency out of the city treasury and reimburse the treasury from the collections under such supplementary assessment. In case of a surplus in the fund for such improvement, the city council may order such surplus refunded pro rata to the parties who paid the assessments.
Sec. 29. The following words and phrases shall, where used in this act, have the following meanings:

1. The term "improvement," includes all the improvements mentioned in section one of this act.

2. The terms, "municipality" and "city," include all incorporated cities, cities and counties, and other corporations organized for municipal purposes.

In any municipality where there is no street superintendent, the council is hereby authorized to appoint a suitable person to discharge the duties of street superintendent, as provided in this act, and all the provisions hereof applicable to the street superintendent shall apply to the person so appointed, or in any municipality having a board of public works created by its charter, or by law, all the provisions hereof applicable to the street superintendent shall apply to such board.

Sec. 30. In case there is no daily or weekly newspaper published and circulated in the city, then such notices and delinquent lists as are herein required to be published in a newspaper shall be posted in three of the most public places in such city, for the length of time required herein for the publication of the same in a weekly newspaper. No publication or notice other than that provided in this act shall be necessary to give validity to any proceedings had hereunder.

Sec. 31. Proof of publication of any notice required by this act shall be made by affidavit, as provided in the Code of Civil Procedure, and proof of the posting of any such notice shall be made by the affidavit of the person posting the same, setting forth the facts regarding such posting. It shall be the duty of any officer who is required by this act to have any notice published or posted, to obtain and file in his office the affidavit or affidavits in proof thereof; provided that his failure so to do shall not affect the validity of any proceedings under this act. Any such affidavit so filed shall be prima facie evidence of the facts therein stated regarding such publication or posting.

Sec. 32. The provisions of this act shall be liberally construed to permit the objects thereof.

Sec. 33. This act shall take effect immediately.

The court shall, within one day after the filing of such application, make an order directing the phonographic reporter who reported the case, to transcribe such portion of his notes as in the opinion of the court may be necessary to fairly and fully present the points relied upon by the appellant. Where one of the grounds stated in the application is the insufficiency of the evidence to sustain the conviction, the court shall direct all the evidence to be transcribed, unless it is stipulated that some portion of the evidence shall be omitted. If the court fails to make the order within one day after the application is presented, an order shall be deemed to be given and made for the portion of the notes requested in the application. The phonographic reporter shall, within twenty days after the making of such application, file with the clerk of the court an original transcription of the portion of his notes ordered transcribed, excluding therefrom all argument of counsel not objected to at the time the same was made, typewritten, and three carbon copies thereof. Unless objection is made thereto by either the defendant or his attorney or the district attorney, within ten days after receipt thereof, the judge shall certify thereon that no objection has been made thereto within the time allowed by law; and after so certifying shall immediately re-deliver the same to the clerk. The defendant or his attorney or the district attorney may file with the clerk a proposed correction of the transcribed proceedings within ten days after the filing of the transcribed proceedings. The court must immediately hear and determine the objection; if in the opinion of the court the transcription of the proceedings is not correct, the court must correct the same. When so corrected he must certify thereon that all objections made thereto have been heard and determined, and the same corrected in accordance with such determination; and thereupon immediately re-deliver the same to the clerk. When the original transcription of the proceedings so certified by the judge has been received by the clerk from the judge, he must immediately transmit the same to the court to which the appeal was taken, and thereupon it shall become a part of the record upon appeal and he must immediately transmit to the attorney general a carbon copy thereof with any and all corrections made to the original notes thereon.

Such transcription must be filed within the time and in the manner provided for the filing of the phonographic reporter’s transcribed notes. Upon such filing by the appellant, the same proceedings shall be had and taken as is provided in section 1247a of this code, upon the filing the phonographic reporter’s transcribed notes.

ordered upon the suggestion of the appellant unless the application therefor was included in the original application made to the trial court. There shall thereupon be transcribed the portion so ordered, and copies filed with the clerk of the superior court in the same manner and with like force and effect as though included in the original order of the court; and like proceedings shall be had and taken as provided by law, as in case of the original.

Sec. 5. A new section to be numbered and known as section 1247d is hereby added to the Penal Code to read as follows:

Executive Department, State of California, Sacramento, April 26, 1900.

This bill, being Assembly Bill No. 1445, entitled "An act making appropriations for the support of the government of the State of California for the sixty-first and sixty-second fiscal years," is approved with the exception of the following items, to which I object, and the following are my objections thereto, and the reasons therefore, to wit:

Objection 1. I object to the item on page 7, "For salary of porter, secretary of state's office, seven hundred and twenty dollars," for the reason that a former item in this bill makes an appropriation for the salary of porter in the office of the secretary of state, and this item is an error and duplication of such appropriation.

Objection 2. I object to the item on page 18, "For support of state bureau of criminal identification, six thousand five hundred dollars," for the reason that the statute of 1900, creating this bureau, provides that the necessary expenses of said bureau are "to be paid for out of the current expense funds of the penal institutions under the control of such prison directors," which provision is still in force and effect, and for this reason the above item is not proper nor necessary.

J. N. Gillett, Governor.
CHAPTER 726.

An act to amend section nine hundred and twenty-five of the Penal Code of the State of California.

[Approved April 27, 1909.]

The people of the State of California, represented in senate and assembly, do enact as follows:

SECTION 1. Section 925 of the Penal Code is hereby amended to read as follows:

925. The grand jury may, at all times, ask the advice of the court, or the judge thereof, or of the district attorney; but unless such advice is asked, the judge of the court must not be present during the sessions of the grand jury. The district attorney of the county may at all times appear before the grand jury for the purpose of giving information or advice relative to any matter cognizable by them, and may interrogate witnesses before them whenever he may deem it necessary; the grand jury whenever criminal causes are being investigated before them, must appoint a competent stenographic reporter to be sworn and to report the testimony that may be given in such causes in shorthand, and reduce the same to longhand or typewriting; a copy of such testimony must be filed with the clerk of the court within ten days after the finding of such indictment and delivered to the defendant upon his arraignment after indictment, as provided by section nine hundred and eighty-eight of this code. The services of such stenographic reporter constitute a charge against the county. (j) Upon the organization of a board of public works under this charter, it shall be the successor in office of the street superintendent and the term of the street superintendent then holding office shall thereupon cease and determine, and the powers and duties imposed upon the street superintendent by this charter shall thereafter be exercised and performed by the board of public works.

(k) Said commissioners of public works shall not supersede or perform any of the duties of the departments provided for by sections 115 to 122 inclusive of Article XI of this charter.

Amendment No. Seven.

That said charter shall be amended by adding thereto a new section which shall be numbered section 174a, and shall be and read as follows:

Sec. 174a. The basis of the percentage hereinafter provided for any petition shall be the total number of voters registered in the city at the last preceding general election prior to the filing of said petition; and all voters registered at said general election or thereafter shall be qualified to sign the petition herein provided for.

Upon presentation to the city council of a petition or petitions signed by the qualified electors of the city, in number equal to ten per cent of said registration, asking for submission to the electors of a measure fully set forth in said petition or petitions, being a measure that the city council might itself adopt, it must either enact such measure without alteration, or submit the same to the electorate at the next regular city election occurring subsequent to sixty days after the filing of said petition or petitions. But if such petition or petitions are signed by qualified electors in number equal to twenty per cent of said registration, then such measure if not enacted by the city council must be submitted to the electorate at a special election to be called within sixty days from the filing of such petition or petitions. If such proposed measure is a measure that the city council might adopt, except for the fact that it involves the repeal or amendment of a measure adopted by the electorate, as herein provided, and if in such case said petition or petitions are signed by qualified electors in number equal to twenty-five per cent of said registration, then such proposed measure must be submitted to the electors of the city at the next regular city election, occurring subsequent to sixty days after the filing of said petition or petitions. The method of signing and presenting petitions provided for herein shall be as follows:

The signatures to the petition need not all be appended to one paper, but each signer shall add to his signature his place of residence, giving the street and number. Each such paper shall have attached thereto the affidavit of a registered voter of the city, stating that all the signatures to the paper were made in his presence, and that to the best of his knowledge
and belief, each signature to the paper appended is the genuine signature of the person whose name purports to be thereunto subscribed. Within twenty days from the date of filing such petition in his office, the city clerk shall examine and from the great register and affidavits of registration ascertain whether or not said petition is signed by the requisite number of qualified electors, and if necessary the city council shall allow him extra help for the purpose, and he shall attach to said petition his certificate, showing the result of said examination. Each signature whose genuineness is not called in question by the sworn affidavit of the owner thereof shall be assumed to be genuine. If, by the clerk’s certificate the petition is shown to be insufficient, it may be amended within ten days from the date of said certificate. The clerk shall within twenty days after such amendment, make like examinations of the amended petition, and if his certificate shall show the same to be insufficient, it shall be returned to the person filing the same, without prejudice, however, to the filing of a new petition to the same effect. If the petition shall be found sufficient, the clerk shall submit the same to the city council without delay. Any number of proposed measures, may be voted upon at the same election in accordance with the provisions of this section; provided that there shall not be held under this section more than one special election in any period of six months. Whenever any measure is required or authorized by this charter to be submitted to the electors of the city, at any election, the city clerk shall cause the measure to be printed, and he shall enclose a printed copy thereof in an envelope and mail the same to each voter, at least ten days prior to the election, but the city council may order such measure to be printed in the official newspaper of the city, and published in a like manner as ordinances adopted by the city council are required to be published; and may order that such publication shall take the place of the printing and mailing of the measure as first above provided.

Ordinances and measures in connection with local improvements, the expenses whereof are defrayed by special local assessments, shall not come within the operation of this section.

If a majority of votes cast on any ordinance or measure submitted to the electorate, as provided in this section, shall be in favor thereof it shall go into effect as a valid and binding ordinance or measure of the city, ten days after the official count shall be determined; otherwise such ordinance or measure shall be rejected. No ordinance or measure approved by the electorate, under the provisions of this section shall be subject to veto, and any amendment or repeal of such ordinance by the city council shall be subject to the referendum provided in this section.

In the event action by the council in calling any election as aforesaid shall for any reason be delayed, then such election may be called by the council to be held not less than thirty nor more than forty days from the date of the ordinance calling the same. If the provisions of two or more measures,
approved and adopted at the same election under the provisions of this charter, conflict, then the measure receiving the highest affirmative vote shall control.

Amendment No. Eight.

That said charter shall be amended by inserting therein a new section to be numbered section 174b which shall read as follows:

Sec. 174b. The basis of the percentage hereinafter provided for any petition shall be the total number of voters registered in the city at the last preceding general election prior to the filing of said petition; and all voters registered at said general election or thereafter shall be qualified to sign the petition herein provided for.

Any measure that the city council, or the electorate of the city as herein provided, has authority to adopt, the city council may of its own motion submit to a vote of its constituent electors at a general or special election.

Except as herein provided, no penal ordinance or measure, no ordinance or measure granting any franchise or privilege, and no ordinance or measure making or authorizing any contract (except contracts for improvements, the expenses whereof are defrayed by special local assessment, and contracts where the subject-matter involved is of less value than $1000) passed by the city council, shall go into effect in less than thirty days after its final passage. But ordinances and contracts declared by the city council to be necessary as emergency measures for the immediate preservation of the public peace, health or safety, passed by a three-fourths vote of the city council, and not obligating the city for a longer period of time than one year, may go into effect at the will of the city council, or as otherwise provided by law. If within said thirty days a petition or petitions signed by qualified electors of the city in number equal to ten per cent. of said registration, is filed with the city clerk, asking that any penal ordinance or measure, any ordinance or measure granting any franchise or privilege, or making or authorizing any contract (except contracts for improvements, the expenses whereof are defrayed by special local assessment, and contracts where the subject-matter involved is of less value than $1,000) adopted by the city council be submitted to the electorate, then such ordinance or measure must either be repealed or submitted to the electors for approval or rejection at the next regular city election occurring subsequent to sixty days after the filing of said petition or petitions, or at a special election called prior to such regular city election; and if such ordinance or measure has not gone into effect before the filing of such petition or petitions, and said petition or petitions are signed by qualified electors of the city in number equal to fifteen per cent. of said registration, then such ordinance or measure shall not go into effect until and unless adopted at such election, and no ordinance or measure once so submitted shall be again so sub-
mitted, except by a vote of the city council, or on a petition signed by twenty-five per cent. of said registration.

The signatures to the petition need not all be appended to one paper, but each signer shall add to his signature his place of residence, giving the street and number. Each such paper shall have attached thereto the affidavit of a registered voter of the city, stating that all the signatures to the paper were made in his presence, and that to the best of his knowledge and belief each signature to the paper appended is the genuine signature of the person whose name purports to be thereunto subscribed. Within twenty days from the date of the filing such petition in his office, the city clerk shall examine and from the great register and affidavits of registration, ascertain whether or not said petition is signed by the requisite number of qualified electors, and if necessary the city council shall allow him extra help for the purpose, and he shall attach to said petition his certificate, showing the result of said examination. Each signature whose genuineness is not called in question by the sworn affidavit of its owner thereof shall be assumed to be genuine. If by the clerk's certificate the petition is shown to be insufficient, it may be amended within ten days from the date of said certificate.

The clerk shall within twenty days after such amendment, make like examination of the amended petition, and if his certificate shall show the same to be insufficient it shall be returned to the person filing the same, without prejudice, however to the filing of a new petition to the same effect. If the petition shall be found sufficient, the clerk shall submit the same to the city council without delay. Any number of proposed measures may be voted upon at the same election, in accordance with the provisions of this section, provided that there shall not be held under this section more than one special election in any period of six months.

Whenever any measure is required or authorized by this charter to be submitted to the electors of the city, at any election, the city clerk shall cause the measure to be printed, and he shall enclose a printed copy thereof in an envelope and mail the same to each voter, at least ten days prior to the election, but the city council may order such a measure to be printed in the official newspaper of the city, and published in a like manner as ordinances adopted by the city council are required to be published; and may order that such publication shall take the place of the printing and mailing of the measure as first above provided.

If a majority of the votes cast on any ordinance or measure referred as provided in this section to the electors of the city, shall be in favor thereof, it shall if not already in effect, go into effect as a valid and binding ordinance or measure of the city, ten days after the official count shall be determined, otherwise such ordinance or measure shall be repealed or rejected; such repeal shall take effect ten days after the official count shall be determined. No ordinance or measure approved by the electorate under the provisions of this section shall be sub-

Not subject to veto.
ject to veto; and any amendment or repeal of such ordinance by the city council shall be subject to the referendum provided in this section. In the event action by the council in calling any election as aforesaid shall for any reason be delayed, then such election may be called by the council to be held not less than thirty nor more than forty days from date of ordinance calling the same.

If the provisions of two or more measures approved and adopted at the same election, under the provisions of this charter, conflict, then the measure receiving the highest affirmative vote shall control.

Amendment No. Nine.

That said charter shall be amended by adding thereto a new section which shall be numbered section 174c and which shall be and read as follows:

Sec. 174c. The holder of any elective office may be removed at any time by the electors entitled to vote for a successor of such incumbent. The procedure to effect the removal of an incumbent of an elective office shall be as follows: A petition signed by electors entitled to vote for a successor of the incumbent sought to be removed, equal in number to at least twenty-five per cent of the entire vote for all candidates for office, the incumbent of which is sought to be removed, cast at the last preceding general municipal election, demanding an election of a successor of the person sought to be removed, shall be addressed to the council and filed with the city clerk; and said petition shall contain a general statement of the grounds for which the removal is sought, which statement is intended solely for the information of the electors, and the sufficiency of which shall not be open to review. The signatures to the petition need not at all be appended to one paper, but each signer shall add to his signature his place of residence, giving street and number. Each such paper shall have attached thereto the affidavit of a registered voter of the city, stating that all the signatures to the paper were made in his presence, and that to the best of his knowledge and belief, each signature to the paper appended is the genuine signature of the person whose name purports to be thereunto subscribed. Every signature appended to any of the papers forming such petition shall be deemed and treated by the city clerk for the purpose of his examination of such petition herein provided, as the genuine signature of the person whose name it purports to be, unless such person, during the period of such examination, files with the city clerk an affidavit to the contrary. Within ten days from the date of filing such petition the city clerk shall examine and ascertain from the great register or from the affidavits or duplicate affidavits of registration, or from either, whether or not said petition is signed by the requisite number of electors entitled to vote, and if necessary the council shall allow him extra help for that purpose, and he shall attach to said petition his certificate stating that he finds the petition to be sufficient or insufficient, as the case may be. If, by the
clerk's certificate, the petition is shown to be insufficient, it may be amended within ten days from the date of said certificate. The clerk shall, within ten days after such amendment, make like examination of the amended petition, and if his certificate shall show the same to be insufficient, it shall be returned to the person filing the same without prejudice, however, to the filing of a new petition to the same effect. If the petition shall be found to be sufficient, the clerk shall submit the same to the council without delay, and the council shall thereupon order and fix a date for holding the said election not less than thirty days nor more than forty days from the date of the clerk's certificate to the council that a sufficient petition is filed.

The sufficiency or insufficiency of said petition shall, except as to the grounds for removal therein stated, be subject to judicial review, but not to review by the council. In the event action by the council in calling said election shall for any reason be delayed, then such election may be called by the council to be held not less than thirty nor more than forty days from the date of the ordinance calling the same.

The city council shall make or cause to be made publication of notice, and all arrangements for holding of such election and the same shall be conducted, returned and result thereof declared, in all respects as are other city elections. The successor of any officer so removed shall hold office during the unexpired term of his predecessor. Any person sought to be removed may be a candidate to succeed himself, and, unless he requests otherwise, in writing, the clerk shall place his name on the official ballot without nomination. In any such removal election the candidate receiving the highest number of votes shall be declared elected. At such election if some other person than the incumbent receives the highest number of votes, the incumbent shall thereupon be deemed removed from office upon qualification of his successor. In case the party who receives the highest number of votes should fail to qualify within ten days after receiving notification of election, the office shall be deemed vacant. If the incumbent receives the highest number of votes he shall continue in office.

That the said nine proposed amendments were, and each of them was, published for twenty days in a daily newspaper printed and published in said city and of general circulation therein, to wit, "The Morning Press," and that said publication ended on the 25th day of October, 1907.

That thereafter the city council of said city did, by ordinance No. 594, which was duly adopted on the 7th day of November, 1907, and approved by the mayor on the 8th day of November, 1907, order the holding of a general municipal election in said city of Santa Barbara, on the 3d day of December, 1907, which last named date was at least forty days after the publication of said proposed amendments which had been published twenty days as aforesaid, and did provide in said ordinance for the submission of said nine proposed amendments, herein above set forth, to the city charter to the quali-
fled electors of said city for their ratification at said general municipal election, which said ordinance was passed and approved as aforesaid and was published as required by law and the charter of said city.

That at said election a majority of the qualified electors voting thereon voted in favor of the ratification and did ratify each and all of said nine proposed amendments to the charter of said city of Santa Barbara, except such proposed amendments Numbers One and Two; and that said proposed amendments Numbers One and Two did not receive a majority of the votes of the qualified electors voting thereon in favor of the ratification of said proposed amendments at said election:

That the city council of said city of Santa Barbara, at a special meeting, and within ten days after said election, and within the time and in the manner required by law and the charter of said city, duly canvassed the returns of said election, and duly found, determined and declared that a majority of such qualified electors voting thereon had voted for and ratified each and all of the said nine proposed amendments to said charter, except the said Nos. One and Two.

We do further hereby certify and declare that the copy of said proposed amendments to the charter of the city of Santa Barbara hereinbefore set forth is a full, true and correct copy of the said seven certain proposed amendments to the charter of the city of Santa Barbara, which were, in the manner prescribed by law, submitted to the qualified electors of said city for their ratification and by them ratified at the general municipal election duly called and held in said city on the 3rd day of December, 1907.

IN WITNESS WHEREOF, We have hereunto set our hands and affixed the corporate seal of the city of Santa Barbara, this 8th day of January, 1909.

ELMER J. BOESEKE,

Resolved by the senate of said State of California, the assembly concurring, (a majority of all members elected to each house voting for the adoption of this resolution and concurring herein) that the said seven amendments to the said charter of said city of Santa Barbara, hereinbefore set forth as presented, and as submitted to, and adopted and ratified by the qualified electors of said city be, and the same are hereby approved as a whole for, and as amendments to the said charter of the city of Santa Barbara.

CHAPTER 9.

Senate Joint Resolution No. 13.

[Adopted February 4, 1900.]

Whereas, Under the National Food and Drugs Act of June 30th, 1906, known as the "Pure Food Law," a decision was rendered by the department of agriculture designated as "Food Inspection Decision, No. 76," limiting the amount of sulphur dioxid in dried fruit for interstate shipment to 35-1000 of 1 per cent; and

Whereas, It was found impossible on the part of the California growers and shippers of dried fruit to produce a sound and merchantable product for such interstate shipment and keep the same within the requirements of said food inspection decision; and

Whereas, Said sulphured dried fruits, such as peaches, pears, apricots, and apples, have for many years been prepared by this method (known as sulphuring) without injury to the product or to the consumer and the most eminent scientists and medical authorities have declared such sulphured fruit to be non-injurious and healthful; and

Whereas, The president of the United States has appointed a national commission composed of eminent scientific men to
investigate and report on this question and pending such report, said food inspection decision, No. 76, stands suspended; and

WITNEEAS, There is pending and to be introduced in the legislatures now in session and to convene in other states, a bill prepared by the association of state and national food and dairy departments, which bill, should it become a law in any state, would prohibit the sale therein of any food product containing sulphur dioxide; now, therefore, be it

Resolved, by the senate and assembly jointly, That it is believed that such an enactment passed in any state at this time is unnecessary and premature and that the result of the adoption of such law would work an incalculable hardship upon and be an injustice to the dried fruit industry of California and the trade of the United States and that such legislation should, at least, be deferred until the said national referee commission shall have rendered its report; and be it further

Resolved, That copies of this resolution be forthwith transmitted to the governors and legislative bodies of all states where the legislatures are now in session or about to convene, asking their earnest consideration lest they—before a full hearing and decision is rendered—impair and destroy an industry that supports and sustains hundreds of thousands of persons in every portion of the United States.

ARTICLE VIII.

THE RECALL, INITIATIVE AND REFERENDUM.

SECTION 1. Any elective officer may be removed by the electors qualified to vote for the successor of the officer sought to be removed. The procedure to effect the removal of an incumbent of an elective office shall be as follows: A petition signed by electors entitled to vote for a successor to the incumbent sought to be removed, equal in number to at least twenty
per centum of the entire vote cast at the last preceding general municipal election, demanding an election of a successor of the incumbent sought to be removed shall be filed with the clerk, and said petition shall contain a general statement of the grounds for which the removal is sought.

The signatures to the petition need not all be appended to one paper, but said petition may be presented in sections. The number of signatures to each section shall be at the pleasure of the person soliciting signatures to the same. Any qualified voter or taxpayer of the municipality shall be competent to solicit said signatures. Each section shall have attached thereto the affidavit of the person soliciting signatures to the same, stating that all the signatures to the attached section were made in his presence, and that to the best of his knowledge and belief each signature to the section is the genuine signature of the person whose name purports to be thereto subscribed, and no other affidavit thereto shall be required. Each signature, the genuineness of which is not called in question by the sworn affidavit of the alleged owner thereof, shall be presumed to be genuine. Unless and until it be proven otherwise by official investigation, it shall be presumed that the petition presented contains the signatures of the requisite number of qualified voters. Each signer of said petition shall add to his signature his place of residence, giving the street and number.

Within ten days from the date of filing such petition, the clerk shall examine and ascertain from the records of registration whether or not said petition is signed by the requisite number of electors entitled to vote, and if necessary the council shall allow the clerk extra help for that purpose, and the clerk shall attach to said petition his certificate showing the result of said examination. If, by the said certificate, the petition is shown to be insufficient, it may be amended by additional signatures within ten days from the date of said certificate. The clerk shall, within ten days after such amendment, make like examination of the amended petition, and if his certificate shall show the same to be insufficient, it shall be returned to the person filing the same without prejudice, however, to the filing of a new petition to the same effect.

If the petition shall be found to be sufficient, the clerk shall submit the same to the council without delay, and the council shall thereupon order and fix a date for holding the said election, not less than thirty days nor more than forty days from the date of the clerk’s certificate to the council that a sufficient petition is filed.

All arrangements for said election shall be made and the same shall be conducted, returned, and the results thereof declared, in all respects as are all other municipal elections: provided, that if there be any conflict of provisions, this charter shall control.

Any person sought to be removed may be a candidate to succeed himself, and, unless he requests otherwise, in writing,
the clerk shall place his name on the official ballot without
nomination. In any such removal election, the candidate or
candidates receiving the highest number of votes shall be
declared elected. At such election, if some person other than
the incumbent receives the highest number of votes, the incum-
bent shall thereupon be deemed removed from his office upon
qualification of his successor. The successor of any officer so
removed shall hold office during the unexpired term of his
predecessor. In case the party who receives the highest num-
ber of votes should fail to qualify within ten days after receiv-
ing notification of election the office shall be deemed vacant.
If the incumbent receives the highest number of votes he shall
continue in office. In case more than one councilman is sought
to be removed, whose terms shall not expire at the same time,
there shall appear on the ballot the date of the expiration of
the respective terms and the offices to be filled for such differ-
ten terms shall be deemed separate and distinct offices to be filled
at such election.

Sec. 2. Any proposed ordinance may be submitted to the
The council by a petition signed by qualified and registered electors

of the city equal in number to the percentage hereinafter
required. The petition shall set forth a copy of the proposed
ordinance, and the form of such petition, signatures, verifica-
tions, and duties of the clerk in respect thereto, provided in
section 1 of this article for petitions for recall shall apply to
petitions of initiative.

If the petition accompanying the proposed ordinance be
signed by qualified and registered electors equal in number to ten
per centum of the entire vote cast at the last preceding general
election, the council must either pass such ordinance without
alteration or submit the same to the electorate at the next
general municipal election that shall occur at any time after
thirty days from the date of the clerk's certificate of sufficiency.
But if such petition is signed by qualified and registered electors
equal in number to twenty per centum of said vote and
contains a request that such ordinance be submitted to a vote
of the people at a special election, then the council must either
pass the ordinance without alteration or submit the same to the
electorate at a special election to be called within sixty days
from the filing of such petition.

The ballots used when voting upon such proposed ordinance
shall contain the words: "For the Ordinance," and "Against
the Ordinance" (stating the nature of the proposed ordi-
nance). If a majority of the qualified electors voting on said
proposed ordinance shall vote in favor thereof, such ordinance
shall thereupon become a valid and binding ordinance of the
city. The council may at such election submit any amendment
thereof that it may deem proper, and the ballots used at such
election shall contain the words: "For the Amendment," or
"Against the Amendment," or ordinance (naming the ordi-
nance) and also stating the nature of the proposed amend-
ment. If a majority of the qualified electors voting on said
proposed amendment shall vote in favor thereof, such ordi-
nance shall thereupon be deemed amended in accordance therewith. The council may also propose and submit any ordinance to the electors, and such ordinance, upon receiving a majority of the votes of the electors, voting thereon, shall be deemed to have been adopted and shall be the valid and binding ordinance of the city. Any ordinance adopted by the electors under the provisions of this article can not be repealed or amended, except by a vote of the people obtained in the manner hereinbefore stated, unless such ordinance shall otherwise provide.

Any number of proposed ordinances may be voted upon at the same election in accordance with the provisions of this section; provided, that there shall not be held under this section of the charter more than one special election in any period of twelve months.

Sec. 3. Any ordinance or resolution, other than such as may be required to be passed at a particular time or for the purpose of complying with a charter or statutory law and excepting such ordinances or resolutions as may be declared by the council to be necessary as emergency measures for the immediate preservation of the public peace, health or safety, shall be subject to a referendum as herein provided; provided further that the petition for such referendum be filed within sixty (60) days from the final passage of such ordinance or resolution.

Whenever a petition shall be presented to the council, asking that a particular ordinance or resolution named therein be submitted to a vote of the electors, and signed as required for an initiative petition in section two of this article, it shall be the duty of the council to submit the question of the approval or rejection of such ordinance or resolution to the electors at a regular or special election, and until such election is held and the ordinance approved by the electors the provisions of such ordinance or resolution shall be suspended and be inoperative.

All the proceedings relative to the submission of ordinances by initiative shall apply to ordinances submitted by a referendum petition, and the vote thereon shall be of the same force and effect as provided in section two.

filing with the clerk, not less than ten days prior to the day of

verification deputies need not use a seal, and shall not have
to take oaths for any other purpose whatsoever, and
their appointments shall continue only until all petitions of
nomination, under this section, shall have been filed by the city
clerk.

Date of presenting petition.

(7) A petition of nomination, consisting of not less than
twenty-five individual certificates for any one candidate, may
be presented to the city clerk not earlier than forty-five days
nor later than thirty days before the election. The clerk shall
endorse thereon the date upon which the petition was pre-
vented to him.

Examination of petitions by city clerk.

(8) When a petition of nomination is presented for filing
to the city clerk, he shall forthwith examine the same, and
ascertain whether it conforms to the provisions of this sec-
tion. If found not to conform thereto, he shall then and
there in writing designate on said petition the defect or omissi-
on or reason why such petition can not be filed, and shall
return the petition to the person named as the person to whom
the same may be returned in accordance with this section. The
petition may then be amended and again presented to the
clerk as in the first instance. The clerk shall forthwith proceed
to examine the petition as hereinbefore provided. If neces-
sary, the council shall provide extra help to enable the clerk
Elections. to perform satisfactorily and promptly the duties imposed by this section.

He shall then be at liberty to sign a petition for another candidate for the same office.

Withdrawal of candidate.

(10) Any person whose name has been presented under this section as a candidate may, not later than twenty-five days before the day of election, cause his name to be withdrawn from nomination by filing with the city clerk a request therefor in writing, and no name so withdrawn shall be printed upon the ballot. If upon such withdrawal the number of candidates remaining does not exceed the number to be elected, then other nominations may be made by filing petitions therefor not later than twenty days prior to such election.

Filing of petitions.

(11) If either the original or the amended petition of nomination be found sufficiently signed as hereinbefore provided, the clerk shall file the same twenty-five days before the date of the election. When a petition of nomination shall have been filed by the clerk it shall not be withdrawn nor added to and no signature shall be revoked thereafter.

Preservation of petitions.

(12) The city clerk shall preserve in his office for a period of two years all petitions of nomination and all certificates belonging thereto filed under this section.

Election proclamation.

(13) Immediately after such petitions are filed, the clerk shall enter the names of the candidates in a list, with the offices to be filled, and shall not later than twenty days before the election certify such list as being the list of candidates nominated as required by the charter of Berkeley, and the council shall cause said certified list of names and the offices to be filled, designating whether for a full term or unexpired term, to be published in the proclamation calling the election at least ten successive days before the election in not more than two daily newspapers of general circulation published in the city of Berkeley. Said proclamation shall conform in all respects to the general state law governing the conduct of municipal elections, now or hereafter in force, except as above required.
Form of ballots.

(14) The city clerk shall cause the ballots to be printed and bound and numbered as provided for by state law, except as otherwise required in this charter. (Inserting date thereof.)

INSTRUCTIONS TO VOTERS: To vote, stamp or write a cross (X) opposite the name of the candidate for whom you desire to vote. All marks otherwise made are forbidden. All distinguishing marks are forbidden and make the ballot void. If you wrongly mark, tear or deface this ballot, return it to the inspector of election and obtain another.

Requirements of ballot.

(15) All ballots printed shall be precisely of the same size, quality, tint of paper, kind of type, and color of ink, so that without the number it would be impossible to distinguish one ballot from another; and the names of all candidates printed upon the ballot shall be in type of the same size and style. A column may be provided on the right hand side for charter amendments or other questions to be voted upon at the municipal elections, as provided for under this charter. The names of the candidates for each office shall be arranged in alphabetical order, and nothing on the ballot shall be indicative of the source of the candidacy or of the support of any candidate.

Every nominee to be on ballot.

(16) The name of no candidate who has been duly and regularly nominated, and who has not withdrawn his name as herein provided, shall be omitted from the ballot.

Arrangement of offices on ballot.

(17) The offices to be filled shall be arranged in separate columns in the following order:

“For councilman (if any) vote for (giving number).”

“For school directors (if any) vote for (giving number).”

(18) Half-inch squares shall be provided at the right of the name of each candidate wherein to mark the cross.

Blank spaces for additional candidates.

(19) Half-inch spaces shall be left below the printed names of candidates for each office equal in number to the number to be voted for, wherein the voter may write the name of any person or persons for whom he may wish to vote.
Sample ballots.

(20) The clerk shall cause to be printed sample ballots identical with the ballot to be used at the election and shall furnish copies of the same on application to registered voters at his office at least five days before the date fixed for such election, and shall mail one such ballot to each voter entitled to vote at such election, so that all of said sample ballots shall have been mailed at least three whole days before said election.

Vote necessary for election.

(21) In case there is but one person to be elected to an office, the candidate receiving a majority of the votes cast for all the candidates for that office shall be declared elected; in case there are two or more persons to be elected to an office, as that of councilman or school director, then those candidates equal in number to the number to be elected, who receive the highest number of votes for such office shall be declared elected; provided, however, that no person shall be declared elected to any office at such first election unless the number of votes received by him shall be greater than one half the number of ballots cast at such election.

Second election.

(22) If at any election held as above provided there be any office to which the required number of persons was not elected, then as to such office the said first election shall be considered to have been a primary election for the nomination of candidates, and a second election shall be held to fill said office. The candidates not elected at such first election, equal in number to twice the number to be elected to any given office, or less if so there be, who receive the highest number of votes for the respective offices at such first election, shall be the only candidates at such second election, provided, that if there be any person who, under the provisions of this subdivision, would have been entitled to become a candidate for any office except for the fact that some other candidate received an equal number of votes therefor, then all such persons receiving such equal number of votes shall likewise become candidates for such office.

The candidates equal in number to the persons to be elected who shall receive the highest number of votes at such second election shall be declared elected to such office.

Date of second election.

(23) The said second election, if necessary to be held, shall be held three weeks after the first election.

Rules governing second election.

(24) All the provisions and conditions above set forth as to the conduct of an election, so far as they may be applicable, shall govern the second election, except that notice of election
need be published twice only, and provided also that the same
precincts and polling places shall, if possible, be used.

Failure of person elected to qualify.

(25) If a person elected fails to qualify, the office shall be
filled as if there were a vacancy in such office, as hereinafter
provided.

Informalities in election.

(26) No informalities in conducting municipal elections
shall invalidate the same, if they have been conducted fairly
and in substantial conformity to the requirements of this
charter.

General election regulations.

Sec. 6. (1) The provisions of the state law relating to the
qualifications of electors, the manner of voting, the duties of
election officers, the canvassing of returns, and all other par-

Sec. 53. On or before the first Monday in May in each year or on such date in each year as shall be fixed by the council, the commissioner of finance and revenue shall submit to the council an estimate of the probable expenditures of the city government for the next ensuing fiscal year, stating the amount required to meet the interest and sinking funds for the out-
standing funded indebtedness of the city, and the wants of all the departments of the municipal government in detail, and showing specifically the amount necessary to be provided for each fund and department; also an estimate of the amount of income from fines, licenses and other sources of revenue exclusive of taxes upon property, and the probable amount required to be levied and raised by taxation.

Annual budget.

Sec. 54. The council shall meet annually prior to fixing the tax levy, and make a budget of the estimated amounts required to pay the expenses of conducting the business of the city government for the next ensuing fiscal year. The budget shall be prepared in such detail as to the aggregate sum and the items thereof allowed to each department, office, board or commission as the council may deem advisable.

Board of equalization.

Sec. 55. The council shall meet at their usual place of holding meetings on the first Monday in August of each year, at ten o'clock in the forenoon of said day, and sit as a board of equalization, and shall continue in session from day to day until the last Monday in August. They shall have power to hear complaints and to correct, modify, strike out or to raise any assessment, provided that notice shall be given to the party whose assessment is to be raised.

Annual tax levy.

Sec. 56. The council must finally adopt, not later than the first Tuesday in September, an ordinance levying upon the assessed valuation of the property in the city, subject to the provisions of this charter, a rate of taxation upon each one hundred dollars of valuation sufficient to raise the amounts estimated to be required in the annual budget, less the amounts estimated to be received from fines, licenses and other sources of revenue. They shall then deliver the assessment roll to the auditor, who shall compute and carry out the amount of the tax so levied upon each parcel of property contained in said assessment roll. The corrected list for each tax shall be the assessment roll of said tax for said year, and it shall be certified by the auditor as being the assessment roll of said tax.

Limit of tax levy.

Sec. 57. The tax levy authorized by the council to meet the municipal expenses for each fiscal year shall not exceed, except as herein provided, the rate of one dollar on each one hundred dollars of the assessed value of all real and personal property within the city. The council in making the levy shall apportion not less than thirty-five cents to the school fund, unless the estimate of the board of education calls for a less amount. The remainder of such levy shall be placed in the general fund,
which may be apportioned by the council, except as otherwise provided in this charter.

Bond tax. Library tax.

Sec. 58. The council shall have power to levy and collect taxes, in addition to the taxes herein authorized to be levied and collected, sufficient to pay the interest and maintain the sinking fund of the bonded indebtedness of the city and to provide for the establishment and support of free public libraries and reading rooms.

Cash basis fund.

Sec. 59. The council shall create and maintain a permanent revolving fund, to be known as the cash basis fund, for the purpose of putting the payment of the running expenses of the city on a cash basis. For this purpose the council shall provide that, from the money collected from the annual tax levy and from money received from other sources, a sum equal to not less than two and one-half cents on each one hundred dollars of the assessed value of said property shall be placed in such fund until the accumulated amount in such fund shall be sufficient to meet all legal demands against the treasury for the first four months or other necessary period of the succeeding fiscal year.

The council shall have power to transfer from the cash basis fund to any other fund or funds such sum or sums as may be required for the purpose of placing such fund or funds, as nearly as possible, on a cash basis. It shall be the duty of the council to provide that all money so transferred from the cash basis fund be returned thereto before the end of the fiscal year.

Tax liens.

Sec. 60. All taxes assessed, together with any percentage imposed for delinquency and the cost of collection, shall constitute liens on the property assessed; every tax upon the personal property shall be a lien upon the real property of the owner thereof. The liens provided for in this section shall attach as of the first Monday in March in each year, and may be enforced by actions in any court of competent jurisdiction to foreclose such liens, or by a sale of the property affected and the execution and delivery of all necessary certificates and deeds therefor, under such regulations as may be prescribed by ordinance; provided, that when real estate is offered for sale for city taxes due thereon, the same shall be struck off and sold to the city, in like case and in like manner and with like effect and with like right of redemption, as it may be struck off and sold to the state when offered for sale for state and county taxes; and the council shall have power to provide for the procedure to be followed in such sales to the city and redemption thereafter.
Duties of the auditor.

Sec. 61. Money shall be drawn from the treasury only upon warrants as herein authorized. Every demand against the city from whatever source, including the school department and the free public library, when allowed by the council or proper board, shall be signed by the president and secretary or clerk of such body, and a warrant, numbered and dated the same as the demand issued and signed by the same officers, and both must, before it can be paid, be presented to the auditor, who shall satisfy himself whether the money is legally due and its payment authorized by law. If he allow it, he shall endorse upon the warrant the word "allowed," and the date of such allowance, and sign his name thereto. No demand shall be approved, allowed, audited or paid unless it specify each special item, and the date thereof. It shall be the duty of the auditor to be constantly acquainted with the exact condition of the treasury. He shall, on application of any person indebted to the city, holding money payable into the city treasury or desiring to pay money therein, certify to the treasurer the amount thereof, to what fund applicable, and by whom to be paid. He shall charge the treasurer with the amount received. It shall be his duty to apportion among the several funds all public money at any time in the city treasury, not by law or ordinance specifically apportioned and appropriated, and forthwith notify the treasurer of such apportionment or appropriation. He shall countersign and deliver to the proper officers, all licenses and other receipts, charging them therewith, and taking their receipt therefor. He shall on the first Monday of each month, or oftener if required, report in writing to the council the condition of each fund in the treasury. He shall keep a complete set of books for the city, in which he shall set forth in a plain and businesslike manner, every money transaction of the city, so that he can at any time tell the exact condition of the city's finances, and draw all warrants on the treasury. He shall perform such other duties as may be required of him by this charter or by ordinance.

Money to meet warrants.

Sec. 62. When the running expenses of the city have been placed on a cash basis, warrants payable on demand shall be drawn upon the treasurer, or against any funds in his hands, only when at the time of the drawing and issuing of such warrants there shall be sufficient money in the appropriate fund in the treasury to pay said warrants.

Disposition of money collected.

Sec. 63. Every officer collecting or receiving any moneys belonging to or for the use of the city shall settle for the same with the auditor on or before the last day of each month, or at more frequent intervals as may be directed by the council, and immediately pay all the same into the treasury, on the
order of the auditor, for the benefit of the funds to which such
moneys severally belong. When the last day of the month
falls upon Sunday or a legal holiday, the said payments shall
be made on the next preceding business day. The council
may provide, in its discretion, for the deposit of the city
moneys in banks in accordance with the state law.

Uniform accounts and reports.

Sec. 64. The council shall prescribe uniform forms of
accounts, which shall be observed by all officers and depart-
ments of the city which receive or disburse moneys. Whenever
an act shall be passed by the state legislature calling for
uniform municipal reports, the city authorities shall be gov-
erned thereby.

ARTICLE XI.

PUBLIC WORK AND SUPPLIES.

Form of contracts.

Sec. 65. All contracts shall be drawn under the supervision
of the city attorney. All contracts must be in writing, exec-
cuted in the name of the city of Berkeley by an officer or
officers authorized to sign the same, and must be counter-
signed by the auditor, who shall number and register the same
in a book kept for that purpose.

Progressive payments on contracts.

Sec. 66. Any contract may provide for progressive pay-
ments, if in the ordinance authorizing or ordering the work
permission is given for such a contract. But no progressive
payments can be provided for or made at any time which,
with prior payments, if there have been such, shall exceed in
amount at that time seventy-five per cent of the value of the
labor done and the materials used up to that time, and no con-
tract shall provide for or authorize or permit the payment of
more than seventy-five per cent of the contract price before the
completion of the work done under said contract and the accept-
ance thereof by the proper officer, department or board.

Public work to be done by contract.

Sec. 67. In the erection, improvement and repair of all
public buildings and works, in all street and sewer work, and
in all work in or about streams, bays or water front, or in or
about embankments or other works for protection against over-
flow and erosion, and in furnishing any supplies and mate-
rials for the same, or for any other use by the city, when the
expenditure required for the same exceeds the sum of five hun-
dred dollars, the same shall be done by contract, and shall be
let to the lowest responsible bidder, after advertising for sealed
proposals for the work contemplated for five consecutive days
in the official newspaper. Such notice shall distinctly and
specifically state the work contemplated to be done. Provided,
however, the council may reject any and all bids, if deemed excessive, and readvertise for bids, or provide for the work to be done by the department of public works. In case no bid is received, the council may likewise provide for the work to be done by the department of public works.

Contracts for official advertising.

Sec. 68. The council shall let annually contracts for the official advertising for the ensuing fiscal year. For this purpose the council shall advertise for five consecutive days, setting forth distinctly and specifically the work contemplated to be done, and asking for sealed proposals therefor. The proposals shall specify the type and spacing to be used at the rate or rates named in the bids. The council shall let the contracts for such official advertising to the lowest responsible bidder publishing a daily newspaper in the city which is a newspaper of general circulation and has been in existence at the time of the awarding of the contract at least one year; provided, that the council may reject any or all bids if found excessive, and advertise for new bids.

The newspaper to which the award of such advertising is made shall be known and designated as the "official newspaper."

Contracts for lighting.

Sec. 69. No contract for lighting streets, public buildings, places or offices shall be made for a longer period than one year, nor shall any contract to pay for electric light or any illumination material at a higher rate than the minimum price charged to any other consumer be valid.

Contracts for water.

Sec. 70. No contract for supplying water for the use of the municipality in any of its departments shall be valid wherein the rates exceed those charged to other consumers.

Hours of labor.

Sec. 71. The maximum time of labor or service required of any laborer, workman or mechanic employed upon any municipal work, whether so employed directly by the city and its officers, or by a contractor or sub-contractor, shall be eight hours during any one calendar day.

Collusion with bidder.

Sec. 72. Any officer of the city, or of any department thereof, who shall aid or assist a bidder in securing a contract to furnish labor, material or supplies at a higher price than that proposed by any other bidder, or who shall favor one bidder over another by giving or withholding information, or who shall willfully mislead any bidder in regard to the character of the material or supplies called for, or who shall knowingly accept materials or supplies of a quality inferior to those called
for by the contract, or who shall knowingly certify to a greater amount of labor performed than has been actually performed, or to the receipt of a greater amount or different kind of material or supplies than has been actually received, shall be deemed guilty of malfeasance and shall be removed from office.

**Collusion by bidder.**

Sec. 73. If at any time it shall be found that the person to whom a contract has been awarded has, in presenting any bid or bids, colluded with any other party or parties for the purpose of preventing any other bid being made, then the contract so awarded shall be null and void, and the council shall advertise for a new contract for said work, or provide for such public work to be done by the department of public works.

**ARTICLE XII.**

**FRANCHISES.**

**Property rights of the city inalienable.**

Sec. 74. The rights of the city in and to its water front, wharf property, land under water, public landings, wharves, docks, streets, highways, parks and all other public places, except as otherwise provided in this charter, are hereby declared inalienable.

**No use of streets without a franchise.**

Sec. 75. No person, firm, or corporation shall ever exercise any franchise or privilege mentioned in this article except in so far as he or it may be entitled to do so by direct authority of the constitution of California or of the constitution or laws of the United States, in, upon, over, under or along any street, highway or other public place in the city unless he or it shall have obtained a grant therefor in accordance with the provisions of this article of this charter.

**Franchises to use streets.**

Sec. 76. Every franchise or privilege to construct or operate street, suburban or interurban railroads along, upon, over or under any street, highway, or other public place or to lay pipes or conduits or to erect poles or wires or other structures in, upon, over, under or along any street, highway or other public place in the city for the transmission of gas or electricity, or for any purpose whatever, shall be granted upon the conditions in this article provided, and not otherwise.

**Applications for franchises.**

Sec. 77. (1) An applicant for a franchise or privilege shall file with the council an application therefor, and thereupon the council shall, if it propose to grant the same, advertise the fact of said application, together with a statement that it is
proposed to grant the same, in the official newspaper of the city. The publication of such advertisement must run for ten successive days and must be completed not less than twenty and not more than thirty days before any further action can be taken on such application.

**Conditions of grant.**

(2) The advertisement must state the character of the franchise or privilege it is proposed to be granted, and if it be a street, suburban or interurban railroad, the route to be traversed; that sealed bids therefor will be opened at a stated time and place, and that the franchise will be awarded to the bidder offering to pay to the city during the life of the franchise the highest percentage of the gross annual receipts received from the use, operation or possession of the franchise, provided that such percentage be not less than two per cent of said gross annual receipts during the first ten years, not less than three per cent during the second ten years, not less than four per cent during the third ten years, and not less than five per cent for the rest of the life of the franchise.

(3) At the time of opening the sealed bids, any responsible person, firm or corporation, present in person, or represented, may bid for such franchise or privilege not less than one fourth of one per cent of the gross annual receipts above the highest sealed bid therefor, and such bid so made may be raised not less than one fourth of one per cent of the gross annual receipts by any other responsible bidder, and such bidding may continue until finally such franchise shall be struck off, sold and awarded by the council to the person, firm or corporation offering the highest percentage of the gross annual receipts arising from the use, operation or possession of such franchise; provided that if, in the judgment of the council, no adequate or responsible bid has been made, the council may withdraw such franchise from sale or advertise for new bids.

**Deposit as guarantee of good faith.**

(4) Every application and bid for franchises under this article shall be accompanied by a cash deposit of two thousand dollars or a certified check therefor as a guarantee of the good faith of the applicant or bidder, and as a fund out of which to pay all expenses connected with such application and the granting of such franchise.

Upon the franchise being awarded, all deposits made by unsuccessful bidders shall be returned. The deposit of the successful bidder shall be retained until the filing and approval of the surety bond hereinafter provided for, whereupon the remainder of such deposit, after the payment therefrom of all expenses incurred by the city in connection with the advertising and awarding of such franchise, shall be returned.
Free competition in bidding.

(5) No clause or condition of any kind shall be inserted in any franchise or grant offered or sold under the terms of this article which shall directly or indirectly restrict free and open competition in bidding therefor, and no clause or provision shall be inserted in any franchise offered for sale which shall in anywise favor one person, firm or corporation as against another in bidding for the purchase thereof.

Bond.

(6) The successful bidder for any franchise or privilege awarded under this article shall file a bond running to the city to be approved by the council, in the penal sum by it to be prescribed and set forth in the advertisement for bids, conditioned that such bidder shall well and truly observe and faithfully perform each and every term and condition of such franchise and that in case of any breach of condition of such bond, the whole amount of the penal sum therein named shall be taken and deemed to be liquidated damages and shall be recoverable from the principal and surety upon such bond.

Such bond shall be filed with the council within five days after such franchise is awarded, and within thirty days after the filing and approval of such bond such franchise shall by the council be granted by ordinance to the person, firm, or corporation to whom it shall have been struck off, sold, or awarded, and in case such bond shall not be so filed, the award of such franchise shall be set aside and any money deposited in connection with the awarding of the franchise shall be forfeited and the franchise shall, in the discretion of the council, be readvertised and again offered for sale in the same manner and under the same restrictions as hereinbefore provided.

Life of franchises.

Sec. 78. The maximum length of time for which a franchise or privilege to use the streets, highways, waters, or other public places of the city may be granted to any person, firm or corporation shall be thirty-five (35) years.

Beginning and completion of work.

Sec. 79. Work under any franchise granted in accordance with the terms of this article shall be commenced in good faith within not more than four months from the date of the final passage of the ordinance granting such franchise, and if not so commenced within said time, said franchise shall be forfeited. Work under any franchise so granted shall be completed within the time fixed for such completion in the ordinance granting such franchise, which time shall be not more than three years from the date of the final passage of the ordinance granting said franchise, and if not so completed within said time, said franchise shall be forfeited; provided, that if good cause be shown, the council may by resolution extend the time for completion thereof not exceeding three months.
Service and accommodation.

Sec. 80. The grant of every franchise or privilege shall be subject to the right of the city, whether reserved or not, to make all regulations which shall be necessary to secure in the most ample manner the safety, welfare and accommodations of the public, including among other things the right to pass and enforce ordinances to protect the public from danger or inconvenience in the operation of any work or business authorized by the grant of the franchise and the right to make and enforce all such regulations as shall be reasonably necessary to secure adequate, sufficient and proper service and accommodations for the people and insure their comfort and convenience.

Rates and charges.

Sec. 81. The grant of every franchise or privilege shall be subject to the right of the city, whether reserved or not, to prescribe and regulate the rates, fares, rentals or charges made for the service rendered under such franchise. The grant of every franchise for a street, suburban or interurban railroad shall provide that all United States mail carriers and all officials, policemen and firemen of the city shall at all times, while in the actual discharge of their duties, be allowed to ride on the cars of such railroad within the boundaries of the city without paying therefor and with all the rights of other passengers.

Right of city to assume ownership.

Sec. 82. Every ordinance granting any franchise shall provide that at the expiration of the period for which the franchise was granted, or at any time before as stated in the ordinance, the city, at its election and upon the payment of a fair valuation therefor to be made in the manner provided in the ordinance making the grant, may purchase and take over to itself the property and plant of the grantee in its entirety, but in no case shall the value of the franchise of the grantee be considered or taken into account in fixing such valuation. Or it may be provided in the ordinance granting any franchise that the property and plant of the grantee shall, at the expiration of the period for which the franchise was granted, become the property of the city without any compensation to the grantee.

No conveyance necessary for city's ownership.

Sec. 83. Every ordinance granting any franchise shall further provide that upon the payment by the city of a fair valuation in the manner provided in the ordinance, the plant and property of the grantee shall become the property of the city by virtue of the grant in payment thereunder, and without the execution of any instrument or conveyance. Or in case it is provided in the ordinance granting any franchise that the property and plant of the grantee shall, at the expiration of the period for which it was granted, become the property of
the city without any compensation to the grantee, the property and plant of the grantee shall then become the property of the city by virtue of the grant and without the execution of any instrument or conveyance.

**Lease or assignment of franchise.**

Sec. 84. Any franchise granted by the city shall not be leased, assigned or otherwise alienated without the express consent of the city, and no dealings with a lessee or assignee on the part of the city to require the performance of any act or payment of any compensation by the lessee or assignee shall be deemed to operate as such consent; provided, that nothing herein shall be construed to prevent the grantees of such franchise from including it in a mortgage or trust deed executed for the purpose of obtaining money for corporate objects.

**Street sprinkling, cleaning and paving.**

Sec. 85. Every grant of any franchise or privilege in, over, under or along any of the streets, highways or public places in the city for railway purposes, shall be subject to the conditions that the person, firm or corporation exercising or enjoying the same shall sprinkle, clean, keep in repair, and pave and repave so much of said street, highway or other public place as may be occupied by said railway as lies between the rails of each railway track, and between the lines of double track, and for a space of two feet outside of said tracks.

**Examination of company’s books. Audit.**

Sec. 86. The city of Berkeley, by its auditor, deputy auditor, or accountants authorized by the auditor, or by the council shall have the right at all reasonable times to examine all the books, vouchers and records of any persons, firm or corporation exercising or enjoying any franchise or privilege granted by the city for the purpose of verifying any of the statements of gross receipts provided for, and for any other purpose whatsoever connected with the duties or privileges of the city or of such person, firm or corporation arising from this charter or from the ordinance granting the franchise, and may audit the same at the end of each year.

**Annual report of company.**

Sec. 87. Every person, firm or corporation operating any business under a franchise granted under this article shall file annually with the city auditor on such date as shall be fixed by the council a report for the preceding year.

Such report shall be in writing, verified by the affidavit of such person or persons, or officer of the corporation, as the council shall direct, and shall contain a statement, in such form and detail as shall from time to time be prescribed by the council of all the gross receipts arising from all the business done by said person, firm or corporation within the city of Berkeley for the year immediately preceding such report.
Such report shall contain such further statements as may be required by the council concerning the character and amount of business done and the amount of receipts and expenses connected therewith, and also the amount expended for new construction, repairs and betterments during such year.

Payment of gross receipts.

Sec. 88. The stipulated percentage of gross receipts shall be paid annually at the time of filing the annual report. Failure to pay such percentage shall work a forfeiture of the franchise. The provisions as to payment of gross receipts shall apply to every person, firm or corporation using or operating the works constructed under such franchise.

Forfeiture for non-compliance.

Sec. 89. Every ordinance granting any franchise or privilege shall provide for the termination and forfeiture thereof for any breach or failure to comply with any of the terms, limitations or conditions thereof, and in all such cases the council shall have power to declare the termination and forfeiture of any such franchise or privilege, the same as though in each instance such power was expressly reserved.

Reservation for belt lines.

Sec. 90. No exclusive right or privilege shall ever be granted by the city or council in, to or upon the bed of the bay of San Francisco beyond the line of mean low tide; nor shall any structure be erected thereon so as to prevent the construction and operation of belt lines of railroads along the water front; and any franchise or permit for a railroad track in, over or upon the bed of the bay of San Francisco shall be subject to the right of any other railroad or railroad company to use the same upon payment of a reasonable compensation therefor.

Franchise not in use forfeited.

Sec. 91. All franchises and privileges heretofore granted by the city which are not in actual use or enjoyment or which the grantees thereof have not in good faith commenced to exercise, shall be declared forfeited and invalid, unless such grantees or their assigns shall, within six months after this charter takes effect, in good faith commence the exercise and enjoyment of such privilege or franchise.

(2) The provisions of section 5 of article III respecting the forms and conditions of the petition and the mode of verification and certification and filing shall be substantially followed, with such modification as the nature of the case requires.

Fifteen per cent petition.

(3) If the petition accompanying the proposed ordinance be signed by electors equal in number to fifteen per centum of the entire vote cast for all candidates for mayor at the last preceding general municipal election at which a mayor was elected, and contain a request that said ordinance be submitted forthwith to the vote of the people at a special election, then the council shall either:

(a) Pass said ordinance without alteration within twenty days after the attachment of the clerk's certificate of sufficiency to the accompanying petition (subject to a referendum vote, under the provisions of article XIV of this charter); or,

(b) Within twenty-five days after the clerk shall have attached to the petition accompanying such ordinance his certificate of sufficiency, the council shall proceed to call a special election at which said ordinance without alteration shall be submitted to a vote of the people.

Five per cent petition.

(4) If the petition be signed by electors equal in number to at least five, but less than fifteen, per centum or the entire vote cast for all candidates for mayor at the last preceding general municipal election at which a mayor was elected, and said ordinance be not passed by the council as provided in the preceding subdivision, then such ordinance, without alteration, shall be submitted by the council to a vote of the people at the next general municipal election that shall occur at any time after twenty days from the date of the clerk's certificate of sufficiency attached to the petition accompanying such ordinance.

Publication of popular ordinance.

(5) Whenever any ordinance or proposition is required by this charter to be submitted to the voters of the city at any election either (a) the council shall cause the ordinance or proposition to be printed and it shall be the duty of the clerk to enclose a printed copy thereof in an envelope with a sample
ballot and mail the same to each voter, at least three days prior to the election, or (b) the council may order such ordinance or proposition to be printed in the official newspaper of the city and published in like manner as ordinances adopted by the council are required to be published, and may order that such publication shall take the place of the printing and mailing of the ordinance or proposition and of the sample ballots as first above provided.

If during said thirty days a petition signed by qualified electors of the city equal in number to at least ten per centum of the entire vote cast for all candidates for mayor at the last preceding general municipal election at which a mayor was elected, protesting against the passage of such ordinance, be presented to the council, the same shall thereupon be suspended from going into operation, and it shall be the duty of the council to reconsider such ordinance. and if the same be not entirely repealed, the council shall submit the ordinance, as is provided in article XIII of this charter, to the vote of the electors of the city, either at the next general municipal election or at a special election to be called for that purpose, and such ordinance shall not go into effect or become operative unless a majority of the qualified electors voting on the same shall vote in favor thereof. The provisions of section 5 of article III respecting the forms and conditions of the petition and the mode of verification and certification and filing shall be substantially followed, with such modifications as the nature of the case requires.

Any ordinance or measure that the council or the qualified electors of the city shall have authority to enact, the council may of its own motion submit to the electors for adoption or rejection at a general or special municipal election, in the same manner and with the same force and effect as is provided in this charter for ordinances or measures submitted on petition. At any special election called under the provisions of this charter, there shall be no bar to the submission of other questions to a vote of the electors in addition to the ordinances or measures herein provided for, if said other questions are such as may legally be submitted at such election. If the provisions of two or more measures approved or adopted at the same election conflict, then the measure receiving the highest affirmative vote shall control.

ARTICLE VIII.

THE RECALL, INITIATIVE AND REFERENDUM.

SECTION 1. The holder of any elective office may be removed by the electors qualified to vote for the successor of the officer sought to be removed. The procedure to effect the removal of an incumbent of an elective office shall be as follows: A petition signed by electors entitled to vote for a successor to the incumbent sought to be removed, equal in number to at least twenty-five per centum of the entire vote cast at the last preceding general municipal election, demanding an election of a successor of the person sought to be removed shall be filed with the clerk, and said petition shall contain a general statement of the grounds for which the removal is sought.

The signatures to the petition need not all be appended to one paper, but said petition may be presented in sections. The number of signatures to each section shall be at the pleasure of the person soliciting signatures to the same. Any qualified voter or taxpayer of the municipality shall be competent to solicit said signatures. Each section shall have attached thereto the affidavit of the person soliciting signatures to the same, stating that all the signatures to the attached section were made in his presence, and that to the best of his knowledge and belief each signature to the section is the genuine signature of the person whose name purports to be thereunto subscribed, and no other affidavit thereto shall be required. Each
The recall. signature, the genuineness of which is not called in question by the sworn affidavit of the alleged owner thereof, shall be presumed to be genuine. Unless and until it be proven otherwise by official investigation, it shall be presumed that the petition presented contains the signatures of the requisite number of qualified voters. Each signer of said petition shall add to his signature his place of residence, giving the street and number.

Within ten days from the date of filing such petition the clerk shall examine and ascertain from the records of registration whether or not said petition is signed by the requisite number of electors entitled to vote, and if necessary the council shall allow the clerk extra help for that purpose, and the clerk shall attach to said petition his certificate showing the result of said examination. If, by the said certificate, the petition is shown to be insufficient, it may be amended by additional signatures within ten days from the date of said certificate. The clerk shall, within ten days after such amendment, make like examination of the amended petition and if his certificate shall show the same to be insufficient, it shall be returned to the person filing the same without prejudice, however, to the filing of a new petition to the same effect.

If the petition shall be found to be sufficient, the clerk shall submit the same to the council without delay, and the council shall thereupon order and fix a date for holding the said election, not less than thirty days nor more than forty days from the date of the clerk’s certificate to the council that a sufficient petition is filed.

All arrangements for said election shall be made and the same shall be conducted, returned, and the results thereof declared, in all respects as are all other municipal elections; provided, that if there be any conflict of provisions, this charter shall control.

Any person sought to be removed may be a candidate to succeed himself, and, unless he requests otherwise, in writing, the clerk shall place his name on the official ballot without nomination. In any such removal election, the candidate receiving the highest number of votes shall be declared elected. At such election, if some person other than the incumbent receives the highest number of votes, the incumbent shall thereupon be deemed removed from his office upon qualification of his successor. The successor of any officer so removed shall hold office during the unexpired term of his predecessor. In case the party who receives the highest number of votes shall fail to qualify within ten days after receiving notification of election the office shall be deemed vacant. If the incumbent receives the highest number of votes he shall continue in office. In case more than one councilman is sought to be removed, whose terms shall not expire at the same time, there shall appear on the ballot the date of the expiration of the respective terms and the offices of the councilmen to be elected for such different
terms shall be deemed separate and distinct officers to be filled at such election.

SEC. 2. Any proposed ordinance may be submitted to the council by a petition signed by qualified and registered electors of the city equal in number to the percentage hereinafter required. The petition shall set forth a copy of the proposed ordinance, and the form of such petition, signatures, verifications and duties of the clerk in respect thereto, provided in section 1 of this article for petitions for recall shall apply to petitions of initiative.

If the petition accompanying the proposed ordinance be signed by qualified and registered electors equal in number to ten per cent of the entire vote cast at the last preceding general municipal election, the council must either pass such ordinance without alteration or submit the same to the electorate at the next regular municipal election that shall occur at any time after sixty days from the date of the clerk's certificate of sufficiency. But if such petition is signed by qualified and registered electors equal in number to twenty-five per cent of said votes and contains a request that such ordinance be submitted to a vote of the people at a special election, then the council must either pass the ordinance without alteration or submit the same to the electorate at a special election to be called within sixty days from the filing of such petition.

The ballots used when voting upon such proposed ordinance shall contain the words: "For the Ordinance," and "Against the Ordinance" (stating the nature of the proposed ordinance). If a majority of the qualified electors voting on said proposed ordinance shall vote in favor thereof, such ordinance shall thereupon become a valid and binding ordinance of the city. The council may at such election submit any amendment thereto that it may deem proper, and the ballots used at such election shall contain the words: "For the Amendment," or "Against the Amendment" of ordinance (naming the ordinance), and also stating the nature of the proposed amendment. If a majority of the qualified electors voting on said proposed amendment shall vote in favor thereof, such ordinance shall thereupon be deemed amended in accordance therewith. The council may also propose and submit any ordinance to the electors and such ordinance, upon receiving a majority of the votes of the electors, voting thereon, shall be deemed to have been adopted and shall be the valid and binding ordinance of the city. Any ordinance adopted by the electors under the provisions of this article can not be repealed or amended, except by a vote of the people obtained in the manner hereinbefore stated, unless such ordinance shall otherwise provide.

Any number of proposed ordinances may be voted upon at the same election in accordance with the provisions of this section; provided, that there shall not be held under this section of the charter more than one special election in any period of twelve months.
The referendum.

Sec. 3. Any ordinance or resolution other than such as may be required to be passed at a particular time or for the purpose of complying with a charter or statutory law and excepting such ordinance as may be declared by the council to be necessary as emergency measures for the immediate preservation of the public peace, health or safety, shall be subject to a referendum as herein provided; provided further that the petition for such referendum be filed within thirty days from the final passage of such ordinance or resolution.

Whenever a petition shall be presented to the council, asking that a particular ordinance named therein be submitted to a vote of the electors, and signed as required for an initiative petition in section two of this article, it shall be the duty of the council to submit the question of the approval or rejection of such ordinance or resolution to the electors at a regular or special election, and until such election is held and the ordinance approved by the electors, the provisions of such ordinance or resolution shall be suspended and inoperative.

All the proceedings relative to the submission of ordinances by initiative shall apply to ordinances submitted by a referendum petition, and the vote thereon shall be of the same force and effect as provided in section two.

He shall make a report at the close of each business day, to the auditor, showing all moneys received during the day, together with the number of each receipt given by him therefor, and what account and from whom received and to what fund applied.

He shall, on or before the seventh day of each month, make out and present to the council a full and complete statement of the receipts and expenditures for the preceding calendar month; and he shall make such special reports from time to time as may be required by the council.

The mayor, city attorney, city auditor, the finance committee of the council, or any special committee appointed by the council, separately or collectively, and with the aid of an accountant selected by such officer or committee, shall have the right and power to examine the books of the treasurer at all times; and the mayor, auditor or finance committee shall also have the right to inspect and count all public moneys under the treasurer's control, or on deposit elsewhere. Whenever the city shall provide a proper vault and safes in the city hall for the keeping of the city money, the treasurer shall keep said moneys in said vault, except as hereinafter provided. It shall be in the power of the council, by ordinance, at any time to require the city treasurer to devote his entire time to the duties of his office.

That section 46 of the charter be amended to read as follows:

CITY ASSESSOR.

Duty of assessor.

Sec. 46. It shall be the duty of the city assessor, in addition to any duty that may be elsewhere prescribed for him by this charter or by ordinance, to make out, within such a time as may be prescribed by ordinance of said city, either now in force or which may hereafter be passed in pursuance hereof, a full, true and correct list of all the property, both real and personal, taxable by law, within the limits of said city, with the valuation thereof, and assess the same to the persons by whom it was owned or claimed, or in whose possession or control it was, at twelve o'clock meridian on the first Monday of March next preceding.

Each taxpayer in said city shall make and deliver to the city assessor annually, and at such time as shall be provided for by ordinance, a statement under oath setting forth specifically all the real and personal property owned by such taxpayer, or in his possession or under his control at twelve o'clock meridian on the first Monday of March next preceding.

It shall be the duty of the assessor to collect the taxes on all personal property, when the owner of said property is not seized of real estate in said city sufficient to afford ample security for the collection of said taxes.

In all such cases he shall be governed in fixing the amount of the tax by the rate of the tax levy for the preceding year.
Immediately after fixing the assessment on such property he shall serve on its owner or owners a notice in writing, which shall specify the assessed valuation of the property, the rate per cent and the amount of tax payable, and contain a demand for the payment of said tax within three days after service of said notice. Said notice shall be served personally, or by leaving a copy of the same at the last known place of residence of the person whose property is so assessed.

Upon the expiration of said three days after such service, if the tax demanded still remains unpaid or payment thereof be not secured to the satisfaction of the city attorney and city assessor, the assessor shall forthwith proceed to collect the same by seizure and sale of any personal property owned by the delinquent.

The said sale shall be made by him in the manner provided in sections 3791, 3792, 3793, 3794, 3795 and 3796 of the Political Code of the State of California; provided, that the newspaper referred to in section 3792 shall be published in the city, and shall be designated by the council.

As soon as the rate is fixed for the year in which such collection is made, if it be found that a sum in excess of said rate has been collected, the excess must be repaid in the same manner as other demands against the city are paid, to the person from whom the collection was made, or to his assigns. And if a sum less than the rate fixed has been collected, the deficiency must be collected as other taxes on personal property are collected.

Should the board of equalization reduce the valuation for the same year of the property so assessed, the sum collected in excess of said reduced valuation must be repaid in like manner, to the person from whom the collection was made, or to his assigns. And if the valuation of said property should be increased by said board, then the deficiency must be collected as other taxes on personal property are collected.

The assessor shall carefully note upon his assessment list, and also in a book to be kept by him for the purpose, all collections made by him under this section, and shall turn over to the city treasurer all money received immediately upon its receipt.

In case the said assessor shall fail to demand, and through his fault to collect, any and all taxes which by this section he is directed to collect, he shall be and become personally liable to the city for the amount of said delinquent taxes, with interest from the date of their assessment; and the council is authorized and directed to cause proper action or actions at law to be brought against said assessor and the sureties on his official bond to recover the same.

The mode of making out assessment lists, of ascertaining the value of property and of equalizing the same shall be such as is now, or may hereafter be, prescribed by the ordinances of the city.
When such list has been made out and the same returned to the council, as prescribed by such ordinances, the council shall, at the time and in the manner in such ordinance provided, sit and act as a board of equalization, and shall have, as regards the equalization of said list, powers similar to those conferred by law upon the board of supervisors of Los Angeles county, as a board of equalization of state and county taxes.

The meetings of said board of equalization shall be public, and notice of such meetings shall be given by publication at such time and in such manner as shall be provided by ordinance. The said board shall have the power, in its discretion, to increase or diminish the amount of any or all of the assessments on said lists, both as to real and personal property; provided that before any such assessment shall be increased, due notice shall be given to the owner or owners of the property the assessed value of which is sought to be increased, and such owner or owners shall have the opportunity to be heard before the board, under oath, such notice to be regulated in all respects by ordinance.

After such list has been equalized, it shall be returned to the council, which shall forthwith fix the levy or rate per cent of taxes levied for all municipal purposes for that fiscal year.

Every tax so levied shall have the force and effect of a judgment against the person and property taxed, and shall be and constitute a lien upon the real property situated in said city so assessed or owned by the party against whom such assessment is made.

Every such assessment and the lien thereof shall have the force and effect of an execution duly levied upon all property owned by the party assessed, or by the unknown owner of such property when assessed to an unknown owner. The judgment is not satisfied nor discharged until the tax assessed against the property and the owners is paid, or the property sold for the payment thereof.

The said corporation shall have such other rights, claims and liens for the amount of such municipal taxes as may now or hereafter be given to or exercised by the people of the State of California for and on account of the assessment of state and county taxes levied in Los Angeles county.

The mode and manner of collecting such municipal taxes, and enforcing such tax lien, and the proceedings thereafter, shall substantially be the same as the mode and manner at the time prescribed by law for the collection of state and county taxes in said county; provided, however, that the council may, by ordinance, have the power to regulate the time or times of the collection of said taxes within each fiscal year, and prescribe by what officers the respective duties appertaining to such collection and enforcement shall be performed. All such proceedings, sales, certificates and conveyances had, made and executed by them in pursuance thereof, shall be of like force, effect and validity as is or may hereafter be given by law to
like proceedings and acts in the matter of the collections of state and county taxes in said county.

That section 205 of the charter be amended to read as follows:

Sec. 205. The registers used at any election held in pursuance of this charter shall be registers used at the last preceding general state election in the precincts in which such municipal election is held, together with supplemental registers showing all additional registrations, transfers, and changes, since the closing of registration for such general state election. It shall be the duty of the county clerk of the county of Los Angeles to furnish such registers, together with such supplemental registers, showing all additional registrations, transfers and changes since the closing of registration for the last preceding general state election, with proper indices thereto, to the city clerk of said city at least five days before the holding of such municipal election.

That section 32 of the charter be amended to read as follows:

Sec. 32. It shall, by ordinance, provide for the naming of streets and numbering of houses, and for regulating or preventing the exhibition of banners, flags or placards across the streets, or sidewalks, and for regulating or suppressing public criers, advertising, ringing of bells, and other noises.

It shall, by ordinance, forbid the erection or display on any building or property of the city, of any banner, device or flag of any state or nation except that of the United States, the State of California, or the city of Los Angeles.

The council may by ordinance authorize the expenditure of money, not to exceed the sum of five thousand dollars, in any one fiscal year, for the proper celebration of the anniversary of the declaration of national independence, and such other public celebrations, events, or demonstrations as the council may deem proper.

Charter Amendment Number Thirty-one.

That a new section be added to the charter, immediately after section 199 thereof, to be designated as section 199 1/2, and to read as follows:

Sec. 199 1/2. The city council may, in calling special elections, order the consolidation thereof; provided, however, that not more than ten separate propositions or questions shall be submitted in any one election.

Senate Constitutional Amendment No. 1. A resolution to pro-
pose to the people of the State of California an amendment to
the constitution of the State of California providing for the
separation of state and local taxation, providing for the taxa-
tion of public service and other corporations for the benefit
of the state, and to that end adding to article thirteen a new
section to be numbered section fourteen, amending section
ten of article thirteen, and repealing section ten of article
eleven thereof, all relating to revenue and taxation.

[ Adopted March 19, 1909.]

Whereas, It is deemed desirable to separate the sources of
revenue for state purposes from the sources of revenue for
county and municipal purposes; now, therefore,

The legislature of the State of California, at its regular ses-
sion, commencing on the fourth day of January, nineteen hun-
dred and nine, two thirds of all the members elected to each
of the two houses of said legislature voting in favor thereof,
hereby proposes to the qualified electors of the State of Cali-
form the following amendment to the constitution of the State of California:

First: There is hereby added to article thirteen a new section, to be numbered fourteen, and to read as follows:

Section 14. Taxes levied, assessed and collected as hereinafter provided upon railroads, including street railways, whether operated in one or more counties; sleeping car, dining car, drawing-room car and palace car companies, refrigerator, oil, stock, fruit, and other car-leasing and other car companies operating upon railroads in this state; companies doing express business on any railroad, steamboat, vessel or stage line in this state; telegraph companies; telephone companies; companies engaged in the transmission or sale of gas or electricity; insurance companies; banks, banking associations, savings and loan societies, and trust companies; and taxes upon all franchises of every kind and nature, shall be entirely and exclusively for state purposes, and shall be levied, assessed and collected in the manner hereinafter provided. The word "companies" as used in this section shall include persons, partnerships, joint-stock associations, companies, and corporations.

(a) All railroad companies, including street railways, whether operated in one or more counties; all sleeping car, dining car, drawing-room car, and palace car companies, all refrigerator, oil, stock, fruit and other car-leasing and other car companies, operating upon the railroads in this state; all companies doing express business on any railroad, steamboat, vessel or stage line in this state; all telegraph and telephone companies; and all companies engaged in the transmission or sale of gas or electricity shall annually pay to the state a tax upon their franchises, roadways, roadbeds, rails, rolling stock, poles, wires, pipes, canals, conduits, rights of way, and other property, or any part thereof, used exclusively in the operation of their business in this state, computed as follows: Said tax shall be equal to the percentages hereinafter fixed upon the gross receipts from operation of such companies and each thereof within this state. When such companies are operating partly within and partly without this state, the gross receipts within this state shall be deemed to be all receipts on business beginning and ending within this state, and a proportion, based upon the proportion of the mileage within this state to the entire mileage over which such business is done, of receipts on all business passing through, into, or out of this state.

The percentages above mentioned shall be as follows: On all railroad companies, including street railways, four per cent; on all sleeping car, dining car, drawing-room car, palace car companies, refrigerator, oil, stock, fruit and other car-leasing and other car companies, three per cent; on all companies doing express business on any railroad, steamboat, vessel or stage line, two per cent; on all telegraph and telephone companies, three and one half per cent; on all companies engaged in the transmission or sale of gas or electricity, four per cent. Such taxes shall be in lieu of all other taxes and licenses, state,
Revenue
and
taxation
for state
purposes.

county and municipal, upon the property above enumerated of such companies except as otherwise in this section provided; provided, that nothing herein shall be construed to release any such company from the payment of any amount agreed to be paid or required by law to be paid for any special privilege or franchise granted by any of the municipal authorities of this state.

(b) Every insurance company or association doing business in this state shall annually pay to the state a tax of one and one half per cent upon the amount of the gross premiums received upon its business done in this state, less return premiums and reinsurance in companies or associations authorized to do business in this state; provided, that there shall be deducted from said one and one half per cent upon the gross premiums the amount of any county and municipal taxes paid by such companies on real estate owned by them in this state. This tax shall be in lieu of all other taxes and licenses, state, county and municipal, upon the property of such companies, except county and municipal taxes on real estate, and except as otherwise in this section provided: provided, that when by the laws of any other state or country any taxes, fines, penalties, licenses, fees, deposits of money, or of securities, or other obligations or prohibitions, are imposed on insurance companies of this state, doing business in such other state or country, or upon their agents therein, in excess of such taxes, fines, penalties, licenses, fees, deposits of money, or of securities, or other obligations or prohibitions, imposed upon insurance companies of such other state or country, so long as such laws continue in force, the same obligations and prohibitions of whatsoever kind may be imposed by the legislature upon insurance companies of such other state or country doing business in this state.

(c) The shares of capital stock of all banks, organized under the laws of this state, or of the United States, or of any other state and locate in this state, shall be assessed and taxed to the owners or holders thereof by the state board of equalization, in the manner to be prescribed by law, in the city or town where the bank is located and not elsewhere. There shall be levied and assessed upon such shares of capital stock an annual tax, payable to the state, of six tenths of one per centum upon the value thereof. The value of each share of stock in each bank, except such as are in liquidation, shall be taken to be the amount paid in thereon, together with its pro rata of the accumulated surplus and undivided profits. The value of each share of stock in each bank which is in liquidation shall be taken to be its pro rata of the actual assets of such bank. This tax shall be in lieu of all other taxes and licenses, state, county and municipal, upon such shares of stock and upon the property of such banks, except county and municipal taxes on real estate and except as otherwise in this section provided. In determining the value of the capital stock of any bank there shall be deducted from the value, as defined above, the value, as assessed for county taxes, of any real estate other than mortgage interests therein, owned by such bank and taxed for county purposes. The banks shall
be liable to the state for this tax and the same shall be paid to the state by them on behalf of the stockholders in the manner and at the time prescribed by law, and they shall have a lien upon the shares of stock and upon any dividends declared thereon to secure the amount so paid.

The moneyed capital, reserve, surplus, undivided profits and all other property belonging to unincorporated banks or bankers of this state, or held by any bank located in this state which has no shares of capital stock, or employed in this state by any branches, agencies, or other representatives of any banks doing business outside of the State of California, shall be likewise assessed and taxed to such banks or bankers by the said board of equalization, in the manner to be provided by law, and taxed at the same rate that is levied upon the shares of capital stock of incorporated banks, as provided in the first paragraph of this subdivision. The value of said property shall be determined by taking the entire property invested in such business together with all the reserve, surplus, and undivided profits, at their full cash value, and deducting therefrom the value as assessed for county taxes of any real estate other than mortgage interests therein, owned by such bank and taxed for county purposes. Such taxes shall be in lieu of all other taxes and licenses, state, county and municipal, upon the property of the banks and bankers mentioned in this paragraph, except county and municipal taxes on real estate and except as otherwise in this section provided. It is the intention of this paragraph that all moneyed capital and property of the banks and bankers mentioned in this paragraph shall be assessed and taxed at the same rate as an incorporated bank, provided for in the first paragraph of this subdivision. In determining the value of the moneyed capital and property of the banks and bankers mentioned in this subdivision, the said state board of equalization shall include and assess to such banks all property and everything of value owned or held by them, which go to make up the value of the capital stock of such banks and bankers, if the same were incorporated and had shares of capital stock.

The word "banks" as used in this subdivision shall include banking associations, savings and loan societies and trust companies but shall not include building and loan associations.

(d) All franchises, other than those expressly provided for in this section, shall be assessed at their actual cash value, in the manner to be provided by law, and shall be taxed at the rate of one per centum each year, and the taxes collected thereon shall be exclusively for the benefit of the state.

(c) Out of the revenues from the taxes provided for in this section, together with all other state revenues, there shall be first set apart the moneys to be applied by the state to the support of the public school system and the state university. In the event that the above named revenues are at any time deemed insufficient to meet the annual expenditures of the state including the above named expenditures for educational purposes, there may be levied, in the manner to be provided by law,
a tax, for state purposes, on all the property in the state
including the classes of property enumerated in this section,
sufficient to meet the deficiency. All property enumerated in
subdivisions a, b, and d of this section shall be subject to
taxation, in the manner provided by law, to pay the principal
and interest of any bonded indebtedness created and outstanding
by any city, city and county, county, town, township or dis-
trict, before the adoption of this section, the taxes so paid for
principal and interest on such bonded indebtedness shall be
deducted from the total amount paid in taxes for state pur-
poses.

(f) All the provisions of this section shall be self-executing,
and the legislature shall pass all laws necessary to carry this
section into effect, and shall provide for a valuation and assess-
ment of the property enumerated in this section, and shall pre-
scribe the duties of the state board of equalization and any
other officers in connection with the administration thereof.
The rates of taxation fixed in this section shall remain in force
until changed by the legislature, three fourths of all the mem-
bers elected to each of the two houses voting in favor thereof.
The taxes herein provided for shall become a lien on the first
Monday in March of each year after the adoption of this sec-
tion and shall become due and payable on the first Monday in
July thereafter. The gross receipts and gross premiums herein
mentioned shall be computed for the thirty-first day of Decem-
ber prior to the levy of such taxes and the value of any property
mentioned herein shall be fixed as of the first Monday in March.
Nothing herein contained shall affect any tax levied or assessed
prior to the adoption of this section and all laws in relation to
such taxes in force at the time of the adoption of this section
shall remain in force until changed by the legislature. Until
the year 1918 the state shall reimburse San Bernardino and
Placer counties for the net loss in county revenue occasioned by
the withdrawal of railroad property from county taxation. The
legislature shall provide for reimbursement from the general
funds of any county to districts therein where loss is occasioned
in such districts by the withdrawal from local taxation of prop-
erty taxed for state purposes only.

(g) No injunction shall ever issue in any suit, action or pro-
ceeding in any court against this state or against any officer
thereof to prevent or enjoin the collection of any tax levied
under the provisions of this section until such tax has been
actually paid; but after such payment action may be main-
tained to recover any tax illegally collected in such manner, and
at such time as may now or hereafter be provided by law.

Second. Section ten of article thirteen of said constitution
is hereby amended to read as follows:

Section 10. All property, except as otherwise in this consti-
tution provided, shall be assessed in the county, city, city and
county, town or township, or district in which it is situated, in
the manner prescribed by law.

Third. Section ten of article eleven of said constitution is
hereby repealed.

Section 8. A judge of any superior court may hold a superior court in any county, at the request of a judge of the superior court thereof, and upon the request of the governor it shall be his duty so to do. But a cause in the superior court may be tried by a judge pro tempore, who must be a member of the bar, agreed upon in writing by the parties litigant, or their attorneys of record, and sworn to try the cause, and the person so selected shall be empowered to act in such capacity in all further proceedings in any suit or proceedings tried before him until the final determination thereof. There may be as many sessions of a superior court at the same time as there are judges thereof, including any judge or judges acting upon request, or any judge or judges pro tempore. The judgments, orders, acts and proceedings of any session of any superior court held by one or more judges acting upon request, or judge or judges pro tempore, shall be equally effective as if the judge or all of the judges of such court presided at such session.

Assembly Joint Resolution No. 7.

[Adopted March 19, 1900.]

WHEREAS, The defense of the Pacific seacoast by a fleet adequate in point of numbers and power to meet and repel, if need be, the attempted invasion of the territory of the United States by any enemy, and commensurate with the dignity, affluence and commercial importance of that portion of the country which faces the Pacific ocean, is at least, as necessary to the welfare of the nation as is the defense of the Atlantic seacoast; and
WHEREAS, A fleet of sufficient strength riding the waters of the Pacific, would conduce to the establishment of confidence and the preservation of peace among the nations of the earth; and

WHEREAS, It is the duty and indisputable right of the federal government to provide adequately for the protection of the sovereign people and the sovereign states; and

WHEREAS, Although we believe in the protestations of good will of all nations toward this union of states, nevertheless, it is unwise and unfair to the people, interests and states on the Pacific coast, to refuse them ample protection against any contingency which may hereafter arise to menace their lives, their liberty or their property; therefore, be it

Resolved by the assembly and senate of the State of California jointly, That our senators in congress be instructed and our representatives in congress requested to use all honorable means necessary to effect the immediate assignment to the waters of the Pacific, of ships of war in such numbers and of such power as to place this nation on an equal footing on its western coast with those nations which now maintain fleets of ships of war in the Pacific waters.

WHEREAS, Under the provisions of the general pension laws, and the several special pension acts, said volunteers have always been held entitled to the benefit of said pension laws, and have for many years received pensions from the government for said service during the rebellion, which pensions have been in most cases the only means of support of these old volunteer soldiers; and

WHEREAS, Under a recent ruling of the department of the interior, it has been held that the pension laws do not include the volunteer soldiers who fought during the war of the rebellion against the Indians; and

WHEREAS, There is now pending in the congress of the United States, a bill introduced in the senate and house of representatives to extend the provisions of the pension laws to include the officers and privates of the First Battalion Mountainers, California Volunteers, who served during the late war of the rebellion and were honorably discharged, and to the widows and minor children of such volunteer soldiers; therefore, be it

WHEREAS, It appears from investigation recently made by the senate of the United States, and otherwise, that polygamy still exists in certain places in the United States notwithstanding prohibiting statutes enacted by the several states thereof; and

WHEREAS, There are at the present time over 250,000 acres of land in the State of California devoted to the viticultural industry, representing an investment of over one hundred millions of dollars; and
WHEREAS, A very desirable class of people are coming into this state and taking up the improvement of vast areas of land which have heretofore been non-productive and of little value, planting vineyards on land absolutely unsuited for any other purpose, and hoping to find a market for their grapes, for table consumption, for the making of raisins, and for the manufacture of wines; now, therefore, be it

Resolved by the senate of the State of California, the assembly concurring, That we strongly recommend the encouragement of the viticultural industry in this state and we favor the enactment of legislation, either by the federal government or by the state legislature, or the passage of regulations or ordinances by any of the counties, cities or towns of the state, that would foster this most important industry, which is destined, if properly encouraged and cared for, to be one of the greatest industries of the state.

CHAPTER 45.

Senate Joint Resolution No. 22, relative to a proposed federal collateral inheritance tax.

[Adopted March 27, 1909.]

Whereas, The new revenue bill reported by the ways and means committee of the United States house of representatives contains provisions for an inheritance tax, to be both collateral and direct; and

Whereas, More than thirty states now have inheritance tax laws, and among this number is the State of California which will this year receive from this source about one million dollars; and

Whereas, For state governments and the federal government to depend for revenue upon the same subjects of taxation is not in accordance with sound financial principles, while the double taxation of inheritances would be burdensome and unjust to the persons who must pay the taxes; therefore, be it

Resolved by the senate and assembly of the State of California, concurring jointly, That it would be inexpedient for the federal government to impose inheritance taxes at this time and that such action would be unfair to California and other states which already tax inheritances; and be it further

Resolved, That our senators and representatives in congress be requested to oppose this feature of the pending tariff bill and to endeavor to have it stricken from the measure; and be it further

Resolved, That the secretary of the senate mail copies of these resolutions to our senators and congressmen.

Whereas, The wool grown in California can not compete in price with wool imported from certain foreign countries;

Whereas, Any reduction by congress from the present tariff on wool would greatly injure the industries of sheep raising and wool growing in the United States; therefore, be it

Resolved by the senate and assembly of the State of California, jointly, That we respectfully urge the congress of the United States to maintain without reduction the present tariff on wool imported into the United States from any foreign country; be it further
Resolved, That our senators in congress be instructed and our representatives requested to use all honorable means to carry out the foregoing recommendation and request; be it further

Resolved, That the governor of California be, and he is hereby directed to transmit a certified copy of these resolutions to the president and speakers respectively of the senate and house of representatives and to each of our senators and representatives in congress.

CHAPTER 47.

CHAPTER 49.

Committee Substitute for Senate Joint Resolutions Nos. 6, 7, 11 and 17.

[ Adopted March 27, 1909. ]

Whereas, The progress, happiness and prosperity of the people of a nation depend upon a homogeneous population;

Whereas, The influx from the over-populated nations of Asia, of people who are unsuited for American citizenship or for assimilation with the Caucasian race has resulted and will result in lowering the American standard of life and the dignity and wage earning capacity of American labor;

Whereas, The exclusion of Chinese laborers under the existing exclusion laws of the United States, has tended to preserve the economic and social welfare of the people;

Whereas, We view with alarm any proposed repeal of such exclusion laws and the substituting therefor of general laws;

Whereas, The interest of California can best be safeguarded by the retention of said exclusion laws and by extending their terms and provisions to other Asiatic people;

Whereas, The people of the eastern states, and the United States generally, have an erroneous impression as to the real sentiment of the people of the Pacific coast relative to the Asiatic question;

Whereas, We think it right and proper that the people of this country should be advised as to our true position on that question; therefore, be it

Resolved by the senate and assembly jointly, That we respectfully urge the congress of the United States to maintain intact the present Chinese exclusion laws and instead of taking any action looking to the repeal of said exclusion laws, to extend the terms and provisions thereof so as to apply to and include all Asians;

Resolved, That our senators be instructed and representatives in congress requested to use all honorable means to carry out the foregoing recommendation and requests;

Resolved, That the governor of California be and he is directed to transmit a certified copy of these resolutions to the president and speaker respectively of the senate and house of representatives of the United States. and to each of our senators and representatives in congress.
CHAPTER 50.

Senate Concurrent Resolution No. 22.

[Adopted March 27, 1909.]

Resolved by the senate, the assembly concurring, That the thirty-eighth session of the legislature of the State of California adjourn sine die at twelve o'clock meridian, Wednesday March 24, 1909, and that no bills be considered by either house after six o'clock and thirty minutes P. M., on Tuesday, March 23d, 1909, except amendments offered by the other house and reports of conference and free conference committees.

CHAPTER 51.

Senate Joint Resolution No. 19, relative to maintaining without reduction the present tariff on lumber imported into the United States from any foreign country.

[Adopted March 27, 1909.]

WHEREAS, The manufacture of lumber has become one of the leading industries of the State of California, giving direct employment to over 30,000 laboring men and adding each year to the output of the state 1,500,000,000 feet of lumber valued at over $23,000,000 at the place of production, all of which must be loaded on train or boat for shipment to the markets of the world, thus making business for and providing revenues to the great transportation companies which are developing the resources of a state which is a veritable empire in territory and natural wealth;

WHEREAS, The plants of the lumber manufacturers which are scattered throughout northern California, in the valuable redwood belt which covers the hills of the coast counties and in the great pine forests which spread over the slopes of the Sierras, make up in value a great part of the taxable property of state and county and produce revenues for governmental purposes which can not be derived from other sources;

WHEREAS, There are vast and practically inexhaustible forests of pine waiting to be cut in British Columbia and other provinces of the Dominion of Canada, where the price of stumpage is at a minimum and the price of labor due to cheap labor competition and the decreased cost of living is far below the scale of wages paid to the American logger and millhand;

WHEREAS, Lumber manufactured in California and the great producing state of Oregon and Washington cannot successfully compete with lumber coming from without the United
States where the cost of production has been materially decreased;

WHEREAS, We view with alarm any reduction by congress from the present tariff on lumber imported into the United States, believing that any such reduction will injuriously affect the condition of employer and employee alike and seriously hamper an industry, the successful carrying on of which means so much to the prosperity of a state renowned for its great natural wealth; be it

Resolved by the senate and assembly jointly, That we respectfully urge the Congress of the United States to maintain without reduction the present tariff on lumber imported into the United States from any foreign country; be it further

Resolved, That our senators in congress be instructed and our representatives requested to use all honorable means to carry out the foregoing recommendation and request; be it further

Resolved, That the governor of California be and he is directed to transmit a certified copy of these resolutions to the president and speaker respectively of the senate and house of representatives of the United States, and to each of our senators and representatives in congress.

CHAPTER 52.

[Adopted March 27, 1909.]

WHEREAS, The senate and assembly chambers and the senate and assembly committee rooms in the State Capitol at Sacramento, are not properly ventilated; and

WHEREAS, The absence of pure air in the said chambers and committee rooms is detrimental to the health and impairs the efficiency of the work of the members of the senate and assembly and the attachés thereof, who are compelled to work for many hours each day therein; and

WHEREAS, Hon. Nathaniel Ellery, state engineer of the State of California, states that the senate chamber, the assembly chamber, and the committee rooms of the senate and assembly on the fourth floor of the Capitol building, together with the halls of said fourth floor and the post office rooms, the filing rooms and the sergeant-at-arms rooms both of the senate and assembly together with the office of the speaker of the assembly, can be properly ventilated and a proper system of heating and ventilating said chambers, rooms and halls, can be made and installed therein for the sum of $4,500; therefore be it
Resolved, That the sum of forty-five hundred ($4500) dollars be and the same is hereby appropriated from the contingent funds of the senate and assembly, one half to be drawn from each of said contingent funds, to pay for the construction and installment by the state engineer of a proper heating and ventilating system or arrangement of ventilation and heating for said senate and assembly chambers and the committee rooms of the senate and assembly on the fourth floor of the Capitol building together with the halls on said floor and also the post office rooms, the bill-filing rooms, the sergeant-at-arms rooms and the hat rooms both of the senate and assembly together with the office of the speaker of the assembly, all situated in the State Capitol at Sacramento, to be installed and in operation prior to the beginning of the thirty-ninth session of the California legislature, in January, 1911, and the controller is hereby directed to draw his warrant on the state treasurer for said sum, or so much thereof as may be necessary, upon the presentation by the state engineer of such claims for said work as may be approved by the state board of examiners.
