*An act to amend sections 1083a, 1094, 1095a, 1097, 1103, 1105, 1106, 1115, 1120, and to repeal sections 1223 and 1229 of the Political Code, relating to registration of electors and conduct of elections.*

*The people of the State of California do enact as follows:*

**SECTION 1.** Section 1083a of the Political Code is hereby amended to read as follows:

1083a. Wherever, by the Constitution or laws of this State, any initiative, referendum, recall or nominating petition or paper, or any petition or paper, is required to be signed by qualified electors, only an elector who is a registered qualified elector at the time he signs such petition or paper, shall be entitled to sign the same. Each signer shall add to his signature his place of residence, giving street and number if

either exist, and if no street or number exists, then such a designation of the place of residence as will enable the location to be readily ascertained.

Such signer shall at the time of so signing such petition or paper affix thereto the date of such signing. Wherever, by the Constitution or laws of this State, the county clerk or registrar of voters is required to determine from the records of registration what number of qualified electors have signed such petition or paper, he shall determine that fact with respect to the purported signature of any elector from the affidavit of registration, current and in effect at the date of such signing of such paper.

SEC. 2. Section 1094 of the Political Code is hereby amended to read as follows :

1094. There shall be, commencing January 1, 1932, in each county and city and county of the State, a new and complete registration of voters of such county or city and county. Such registration shall be in progress at all times except during that number of days immediately preceding any election which the Constitution of the State requires for an elector to establish a legal residence for voting purposes in a precinct, when it shall cease for such election as to electors residing in the territory within which such election is to be held; and transfers of registration for such election may be made from one precinct to another precinct in the same county or city and county at any time when such registration shall be in progress in the precinct to which the elector seeks to transfer, provided, that where any general or special municipal election, or any other special election including any primary election and all special elections to vote for officers, or upon or for or against any proposition or question authorized to be submitted to a vote, is held on or after the first day in January and before the first day in April of the year 1932 the original affidavit of registration and indexes used in the last general State election in any county or city and county in this State, together with the original affidavits of registration since the last election, and supplemental indexes, showing all additional registrations, changes and corrections made since the registration for the last general election, completed to and including the last day on which an elector may begin to establish a legal residence for voting purposes in a precinct prior to said election then being held, may be used at such election to determine the electors entitled to vote thereat. All affidavits of registration made prior to the first day of January of the year 1932 shall be deemed canceled upon said day except for the sole purpose of being used as hereinbefore stated at elections held thereafter and before the first day of April of that year, and shall, on said last mentioned day, be deemed canceled for all purposes. The board having charge and control of elections in each county or city and county, may provide by resolution, for the registration of voters in their respective precincts, by the officer charged with the registration of electors, and may also provide by resolution for the registration of electors at specified times and places, other than the office of the county clerk or registrar of voters, deemed most convenient to large numbers of electors, without reference to respective, or particular precincts, in such a manner that the affidavits of registration as provided by law may be taken at such time and place, of any elector within the county who is entitled to register therein; provided, that any regis-

tration which may be made at the main office for registration in any such city and county may be made and taken in any place in said city and county in such manner as may be provided by rules and regulations made by the board having control of registration in any such city and county.

Upon the written request of the officer charged with the registration of electors every landlord or keeper of premises where lodgers abide, shall furnish said officer a list of all lodgers occupying rooms, or sleeping apartments, or beds in premises under his or its control.

Said officer shall so request such a list of lodgers whenever there shall be filed in his office not less than twenty days before the date of the next succeeding election a petition that such request be made, signed by any ten electors of the county specifying the premises from which lists are desired. Such list shall be furnished upon blanks provided by said officer, and they must be received in his office not less than ten days before the day of said election.

Any landlord or keeper of premises where lodgers abide, who neglects or refuses to comply promptly with the provisions of this section or who furnishes a false list of such lodgers, shall be guilty of a misdemeanor. All lists so returned shall be kept on file in the office of the officer receiving same, open to public inspection. It shall be the duty of said officer to compile a list of such electors, if there are any, who are registered as residing in any of these premises and whose names are not returned in the lists furnished by the landlord or keeper thereof. At least three days before the date of the next succeeding election, in any precinct where such premises are located, said officer shall send by registered mail to the inspector of election in said precinct a certified copy of the list he has thus prepared, with instructions to challenge the vote of each and all such persons if offered at the election, under subdivision five of section 1230 of the Political Code. Whenever in the laws of this State the word "register" or "great register" is used with relation to elections, it shall be deemed to mean and include the relative and proper affidavits of registration, prepared and bound by the county clerk or registrar of voters.

SEC. 3. Section 1095a of the Political Code is hereby amended to read as follows:

1095a. The county clerk or registrar of voters charged with the registration of voters shall provide blank forms for the affidavits of registration. Such forms shall consist of originals and duplicates, and both originals and duplicates shall be numbered in sequence beginning with number one. Numbering shall begin anew with each one million affidavits of registration. Such blank forms shall be bound conveniently in books, pads or packages in such manner as the county clerk or registrar of voters may determine. Each deputy clerk, deputy registrar or registration clerk shall receipt to the county clerk or registrar of voters for all blank forms of affidavits issued to him, specifying the numbers thereon, and he shall be charged with the same until he returns and files them. If any affidavit form is spoiled or a mistake is made in filling the blanks therein it must not be destroyed but shall be marked "spoiled" and returned to the county clerk or registrar of voters. When the registration for any election is closed all deputies or registration clerks must, immediately thereafter, return all affidavits of regis-

tration and all unused or spoiled forms; and within five days after the close of such registration the county clerk or registrar of voters must report to the district attorney of the county or city and county, under oath, the names of his deputies, if any, who have not complied with the provisions of this section; and it shall be the duty of the district attorney to forthwith begin a criminal prosecution against such deputies or registration clerks as shall not have complied with the provisions of this section. Any deputy, or person having charge of affidavits of registration who shall wilfully or by gross carelessness neglect, fail, or refuse to comply with the provisions of this section shall be guilty of a misdemeanor.

SEC. 4 Section 1097 of the Political Code is hereby amended to read as follows:

1097. Subdivision 1. No person shall be registered as an elector except by affidavit of registration. Such affidavit must be made before the county clerk or registrar of voters, or his deputy or registration clerk and shall set forth all the facts required to be shown in sections 1096 and 1097 of the Political Code. If an elector is absent from the county in which he or she claims residence, he or she shall obtain from the county clerk or registrar of voters of his or her home county, or city and county, the required blank affidavit of registration in duplicate and then may appear before any judge or clerk of any court of record, or notary public, or if in a foreign country, before any minister, consul, or vice consul of the United States, and may make and subscribe an affidavit as to his or her residence, specifying in what ward or precinct he or she claims residence; that he or she will be necessarily and unavoidably absent from said county or city and county, on all the days allowed by law for general registration of electors, and setting forth in such affidavit each and all the matters required by sections 1096 and 1097 of the Political Code of the State of California, and forward such affidavit, in duplicate, duly authenticated as above, by mail, enclosed in an envelope addressed to the county clerk of any county, or the registrar of voters in any county or city and county in which he or she claims to be an elector. The county clerk or registrar of voters of any county or city and county, on a request made in writing, shall furnish the necessary blank forms of affidavit of registration in duplicate, to all electors so applying who are or will be temporarily absent from their home precinct. Upon receipt of such affidavit by such county clerk or registrar of voters within the time allowed by law for registration, the said affidavit shall be entered and bound by the county clerk or registrar of voters in the proper register in such precinct.

Sub. 2 No foreign born person shall be registered unless:

(a) If a naturalized citizen, upon the production of his or her certificate of naturalization or upon the production of a certificate of registration in the county of his or her last residence in the State, showing the date and place of naturalization; provided, that any person registering for the first time in the State must produce his or her certificate of naturalization.

(b) If a citizen by virtue of his or her father being a citizen at the time of his or her birth, upon his or her sworn statement that his or her father was a citizen of the United States at the time of his or her birth and has been a resident thereof.

(c) If a citizen by virtue of the naturalization of his or her parent, upon his or her affidavit that he or she became a citizen by such naturalization of his or her parent, naming such parent, that such naturalization took place during his or her minority and that he or she began to reside permanently in the United States while such minor child.

(d) If a citizen by virtue of marriage to a citizen, the month, day and year, and place of her marriage shall be entered upon the affidavit of registration together with the name of the husband.

(e) If a citizen by virtue of the naturalization of her husband, the month, day and year and place of such naturalization together with the name of the husband shall be entered.

Sub. 3. In every case the affidavit of the party must show all the facts required to be stated. The county clerk or registrar of voters may cause to be written or printed upon the margin or reverse side of the affidavit, in addition to any matter hereinafter provided for, all such words as are deemed necessary or convenient for the purpose of designating the precinct, district or political subdivision for which such affidavit is taken, or deemed necessary or convenient to indicate any removal or transfer of registration, or any other reasonable memoranda deemed necessary or convenient for the purpose of enabling such county clerk or registrar of voters to perform his duties in the assorting or classification or handling of such affidavits with correctness and dispatch. In designating the residence of the elector or the post office address it shall not be necessary in either case to repeat the county or city and county or State where the name of said county or city and county or State elsewhere appear. In connection with the statement regarding the citizenship of affiant, the affidavit may have printed in brackets statements of the various methods of acquiring citizenship, and it shall be sufficient to underline, or otherwise mark with pen and ink, or indelible pencil, that statement applicable to the particular affiant. The words printed in the body of the affidavit, which by reason of statements of the elector are not applicable to such registration, shall not be deemed a portion of such affidavit of registration. The size and style of the blank forms of affidavits shall be determined by the county clerk or registrar of voters. Pen and ink or indelible pencil must be used in marking the portions of the affidavit which are not printed. The matter in the body of the affidavit, where the size of type is not otherwise specified, shall be not less than eight point plain-faced type, save that words inserted in parentheses, which are for the information or instruction of the deputies or registration clerks, may be in smaller type at the discretion of the county clerk or registrar of voters. Subject to the foregoing provisions the body of said affidavit shall be substantially in the following form:

1103. The person charged with the registration of voters in each county or city and county must preserve all uncanceled affidavits made before himself or his deputies for the purpose of procuring registration. Each affidavit shall continue in force and effect as a part of the register of electors until canceled according to law. The affidavit shall constitute the register required to be kept by law.

SEC. 6. Section 1105 of the Political Code is hereby amended to read as follows:

1105. Cancellation is made by writing or stamping on the affidavit of registration the word "canceled," the reason therefor, and the date of such cancellation. In addition to the cancellation provided for in section 1106 and elsewhere in this code, whenever an elector removes from one county to another county and registers in such other county, the county clerk or registrar of voters in the former county of registration, upon being informed of such removal, either by the elector personally or through the provisions of sections 1104 of this code, must cancel and remove the original affidavit of registration in such county. All canceled affidavits of registration must be preserved by the county clerk, or registrar of voters until the first day of January of the next odd-numbered year. The county clerk or registrar of voters in distributing to each precinct the indexes of registration, as required in section 1116 of this code, shall cross out of such indexes the names of all electors whose affidavits of registration from such precinct have been thus canceled.

SEC. 7. Section 1106 of the Political Code is hereby amended to read as follows:

1106. The county clerk or registrar of voters must cancel the entry in the following cases:

1. At the request of the party registered.
2. When he knows of the death or removal of the person registered.
3. When the insanity of the person registered is legally established.
4. Upon the production of a certified copy of a judgment of the conviction of any elector of any infamous crime, or of the embezzlement or misappropriation of any public money, in full force against the person registered.
5. Upon the production of a certified copy of a judgment directing the cancellation to be made.
6. Beginning on the first day of January, 1933, and on the first day of January of every odd-numbered year thereafter, the county clerk, or registrar of voters, shall examine the absent voters list, the affidavits of registration, and the rosters of voters that were kept by the election officers in each and every precinct in the county or city and county used at the August primary and the general election held in November of the next preceding even-numbered year, and shall cancel the original and duplicate affidavits of registration and remove from each precinct register the original affidavit of registration of all those electors who did not vote at either the aforesaid August primary or the

general election. Said elector shall not be again permitted to vote until he or she shall have re-registered according to law. The county clerk, or registrar of voters, shall mail prepaid to each elector whose registration is so canceled a notice in substantially the following form: "You are hereby notified that, in accordance with the provisions of section 1106 of the Political Code, your registration has been canceled because of your failure to vote at either the primary or general election last year, and you will be unable to vote at future elections unless you re-register." The mailing of such notices shall be completed not later than ten days prior to the closing of registration for any election in the county, city and county, city, town or other political subdivision in which such elector may have been registered.

The county clerk, or registrar of voters, shall be allowed to employ such help, as is necessary to enable him to comply with the provisions of this section.

7. Every judge before whom proceedings were had which result in any person being declared incapable of taking care of himself and managing his property, and for whom a guardian of his person and estate is accordingly appointed, or which result in such person being committed to a State insane asylum as an insane person, shall file with the county clerk, or registrar of voters, a certificate of that fact, and thereupon the county clerk, or registrar of voters, shall cancel the name of such person upon the great register, if found thereon.

SEC 8. Section 1115 of the Political Code is hereby amended to read as follows

1115. Within five days after the binding of said books by precincts the county clerk or registrar of voters shall prepare an index of each book, for county or city and county elections, said index to contain the names and addresses, as they appear in said books. Such names shall include Christian or given names, the middle name or initial, if any, and, if the name be that of a woman, the Christian name shall be preceded by the designation of "Miss" or "Mrs." as the case may be. The county clerk or registrar of voters shall have prepared at least forty copies of said index for the use of said county, and he shall at the same time also have prepared and shall furnish to the municipalities within said county, such additional number of copies thereof, not exceeding twenty, as the governing body of such municipalities shall by resolution require. The county clerk or registrar of voters shall furnish upon written or oral demand of every candidate, who is to be voted for in said county, city, or city and county or any political subdivision of said county, city, or city and county or upon written demand of his campaign committee, one copy of the index of the registration, for such primary and general elections in which said candidate will participate, at

a cost of fifty cents per thousand names. All such moneys collected shall be deposited in the county treasury, to the credit of the general fund. The number of copies of said index necessary to be provided shall apply only to the index prepared for use at general elections. In counties where indexes are prepared for primary elections, a smaller number of such indexes may be prepared. The county clerk or registrar of voters shall have bound together in one or more volumes, a general index of said books arranged alphabetically by precincts, and shall keep at least one copy of said general index in his office for public reference. He shall also transmit one copy of said general index to the State librarian at Sacramento.

SEC. 9. Section 1120 of the Political Code is hereby amended to read as follows:

1120. All electors shall be entitled to vote at the elections mentioned in section 1044 of this code, who come within the terms or comply with the requirements of this section.

1. Every person who was a qualified elector at the general State election immediately preceding the holding of any of the elections mentioned in section 1044 of this code, and who was registered as required by law as a qualified elector of any one of the precincts which together compose the special election or consolidated election precincts, and who continues to reside within the exterior boundaries of such special election or consolidated election precinct, until the time of the holding of the election provided for and held under said section 1044, and who voted at either the August primary or the general election of the even-numbered year next preceding, shall be entitled to vote at said election, without other or additional registration. All other persons, in order to be entitled to vote at any of the elections provided for in said section 1044, must be registered in the manner required by sections 1094, 1096 and 1097 of this code, as electors of and within one of the precincts which composes the special election or consolidated election precinct wherein they claim to be entitled to vote. Such registration must be made and had in accordance with the provisions of sections 1094, 1096, and 1097 of the Political Code; provided, that such registration shall be in progress at all times except during that number of days immediately preceding any such municipal or special election held under said section 1044 of this code which the Constitution of the State requires for an elector to establish a legal residence for voting purposes in a precinct.

2. When any of the elections mentioned in section 1044 of this code is held on or after the first day of April of the year 1932, any person to be entitled to vote at such elections must have been registered since the opening of registration on January 1, 1932, in the manner required by sections 1094, 1096 and 1097 of this code as an elector of and within one of the precincts which compose the special election or consolidated precinct wherein he claims to be entitled to vote.

SEC. 10. Sections 1228 and 1229 of the Political Code are hereby repealed.
