Section 1. The unreasonable waste of agricultural wealth occasioned by the harvesting, preparation for market and delivery to market of greater quantities of agricultural commodities than are reasonably necessary to supply the demands of the market is opposed to the public interest and the difficulty inherent in any attempt by individuals to correlate within a reasonable degree the supply of any agricultural commodity to current consumptive demands is creating chaotic economic conditions in certain agricultural areas of the State of such severity as to imperil the ability of agricultural producers to contribute in appropriate amounts to the support of ordinary governmental and educational functions, thus tending to increase and increasing the tax burdens of other citizens for the same purposes. In the interest of the public welfare and general prosperity of the State, the unnecessary and unreasonable waste of agricultural wealth, hereinafter referred to as "agricultural waste," involved in the harvesting or preparation for and delivery to market of agricultural commodities for which there exists only a limited consumer demand should be eliminated while at the same time preserving to all agricultural producers an equality of opportunity in the available markets.

Sec. 8. Section 8 of said act is hereby amended to read as follows:

Sec. 8. An agricultural prorated marketing program may be based either upon a producing zone or upon a market zone, the basis to be specified in the petition therefor. A program for the prorated marketing of a variety or kind of agricultural commodity may be initiated by presenting a petition therefor to the commission. Such petition shall indicate whether
it is proposed that such program be instituted by an order of the commission or by an election by qualified producers.

The said petition shall, among other things contain:

(1) A legal description of the district or districts comprising the zone upon which the proposed marketing program is to be based, together with a map thereof.

(2) A general statement of facts showing the necessity for the institution of a prorated marketing program.

(3) If such petition propose an election by qualified producers, the signatures of not less than fifty qualified producers of said kind or variety of agricultural commodity within the proposed producing zone or supplying the proposed market zone, as the case may be, shall be sufficient. If such petition propose that a program be instituted by order of the commission, the signatures of not less than two-thirds of the qualified producers of said kind or variety of agricultural commodity and of the owners of not less than fifty-one per cent of the producing factors within the proposed producing zone or supplying the proposed market zone, as the case may be, shall be required. Wilful misrepresentation of any fact in signing such petition shall be unlawful.

There shall also be filed with said petition a good and sufficient undertaking to be approved by the commission, in double the amount of the probable cost of conducting the hearing of the petition by the commission, conditioned that the sureties will pay all such costs in case the petition be denied.

The signatures to said petition may be either in person or by duly authorized agent or representative. Any nonprofit cooperative marketing agency or any cooperative, or other agricultural marketing agency may sign such petition if specifically authorized by the producers for whom such cooperative, nonprofit cooperative or agricultural marketing agency purports to sign; provided, however, such authorization shall be by an instrument other than the marketing contract or shipping contract.

In the case of horticultural or viticultural products, each producer shall be entitled to sign for the number of producing factors specified in the petition, which he produced during the preceding season, or, in the case of vegetable products or live stock and poultry and their products, the producing factor shall be based upon the actual acreage planted or live stock owned or the products thereof produced at the time he signs the petition.

It shall be a misdemeanor to obtain or prevent signatures to any petition by threats to curtail credit, call loans, refuse to purchase crops or by any other form of coercion whatsoever.

Certificates of county agricultural commissioners as to the number of producers, acres or other producing factors engaged in the production of any variety or kind of commodity in their respective counties shall be prima facie evidence of the facts therein stated.
SEC. 9. Section 9 of said act is hereby amended to read as follows:

Sec. 9. Upon the receipt of a petition for the establishment, annexation or termination of a prorate program, the commission shall hold a hearing at some central point located within the district described in said petition and proposed to be established as a proration marketing zone. The names and addresses of all producers claimed by petitioners as being producers shall be filed and opened to public inspection by any interested party not less than twenty days prior to the hearing in the agricultural commissioner's office in each county or portion thereof in the proposed zone. Notice of such hearing shall be given at least ten (10) days prior thereto by publication in a newspaper of general circulation printed and published in each county affected and by posting in at least ten (10) conspicuous places in said district. In case the proposed proration zone includes more than one district the required notice shall be given in each district and the commission shall hold hearings in each of said districts. At said hearings the commission shall receive and hear the evidence offered by the petitioners in support of the petition and by any interested person in opposition thereto.

All evidence and exhibits and all facts and data used directly or indirectly by the commission, or introduced at a hearing, shall within a reasonable time after being so used or so introduced be available at a central point to all interested parties.

Said hearings may be adjourned from time to time and from place to place as the circumstances may require. A transcript of the proceedings at all such hearings shall be made by the commission and shall be opened to inspection by any interested party.

If no paper is published in such district, then said notice shall be published in such paper as is published in the county and has general circulation in such district.

Sec. 10. Section 10 of said act is hereby amended to read as follows:

Sec. 10. If upon such hearing it shall be found by the commission that the following facts actually exist:

(1) That the petition, which shall also include any counterpart supplements thereto which may have been filed with the commission during or prior to the hearing, is signed in person or by authorized representatives by the required number of producers and by the owners of the required number of producing factors; and

(2) That the economic stability of the agricultural industry concerned is being imperiled by prevailing market conditions; and

(3) That agricultural waste is occurring or is about to occur; and

(4) That the institution of a program of prorated marketing will conserve the agricultural wealth of the State and will prevent threatened economic waste; and
(5) That the institution of a proration program as proposed in the petition will advance the public welfare without injustice to any producer; and

(6) That the proposed program may be instituted and conducted without permitting unreasonable profits to the producers and that the commodity named in the petition can not be marketed at a reasonable profit otherwise than by means of such a program; and

(7) That the proposed zone of proration includes all of the territory within this State reasonably necessary to render the proposed program feasible, it shall make written findings to that effect. If in the case of any petition it shall appear to the commission that the inclusion of territory additional to that described in the petition is necessary to the feasibility of the proposed program, it shall postpone further proceedings until notice shall have been given to the producers within such additional territory in the manner provided for in section 9 hereof. Thereafter said petition may be amended to include such additional territory and the commission may complete said hearing and make findings in the manner hereinbefore provided. If the commission shall find against the existence of any of the facts required to be present under this section, it shall deny the petition.

Sec. 11. Section 11 of said act is hereby amended to read as follows:

Sec. 11. If it shall be alleged in said petition that it is signed by two-thirds or more of the producers of the commodity named in the petition within or serving the zone described, and by the owners of fifty-one per cent or more of the producing factors within or serving said zone, proof shall be required in support of such allegation and the commission shall make a finding with respect thereto. If it shall find such allegation to be the fact, and shall find to exist all of the other facts specified in section 10 of this act, the commission shall forthwith make an order declaring the proposed program instituted and specifying the zone in which the program shall be effective.

Sec. 12. Section 12 of said act is hereby amended to read as follows:

Sec. 12. If said petition shall have proposed an election in the proposed zone, and the commission shall find to exist all of the facts specified in section 10 hereof, thereupon it shall order an election to be held in the proposed original or modified zone. Said election shall be by secret ballot and the question to be voted upon shall appear upon the ballot substantially as follows:

<table>
<thead>
<tr>
<th>Shall the producers of area producing form a proration zone.</th>
<th>Yes</th>
<th>No</th>
</tr>
</thead>
</table>
At any such election, the polling places shall be located in each of the regular county precincts, any part of which are included in proposed zone affected. At least twenty (20) days before any election is called the commission shall cause to be posted in three (3) public places in each election precinct notice of the time and place of holding the election and also post in the office of the county clerk of each county in which any part of the proposed zone affected is located a general notice specifying the polling places of each precinct.

Sec. 13. Section 13 of said act is hereby amended to read as follows:

Sec. 13. At such elections only producers of the commodity named in the petition shall be entitled to vote, and each producer shall be entitled to one vote for the first fifty producing factors or any fractional portion thereof and one vote for each additional fifty factors or any fractional portion thereof. At the time of posting notices of election, the agricultural commissioners of each county shall be notified thereof, and it shall be the duty of such agricultural commissioners to prepare lists of producers entitled to vote in each precinct in their respective counties, which list shall be filed in the office of the county clerks of their respective county at least five (5) days prior to the day of election. Such lists shall also show the producing factors belonging to or controlled by each producer used in the production of the commodity as to which a proration program is proposed. Said agricultural commissioners shall at the same time notify by mail all producers whose names appear on such lists of the number of votes to which they are entitled. No irregularity in the mailing of such notices, and no failure on the part of the producer to receive such notice shall affect the validity of the subsequent election.

Sec. 14. Section 14 of said act is hereby amended to read as follows:

Sec. 14. Any producer whose name does not appear on the proper list and any producer claiming an erroneous allotment of producing factors may make application to the agricultural commissioner to be placed on said list, or to be credited with the proper number of producing factors, as the case may be, and upon substantiating his claim, is entitled to have the error corrected. In the event any such producer shall be dissatisfied with the final action of the agricultural commissioner in that regard, he may appeal to the commission whose finding shall be final. Producers may vote producing factors only in the precincts where they are listed. Corporations and firms shall have their voting rights similarly determined. Votes of producers may be cast either in person or by duly authorized representatives, which representatives shall include marketing agencies, as provided in section 8 subdivision 3 hereof.

Sec. 15. Section 15 of said act is hereby amended to read as follows:

Sec. 15. At least five (5) days prior to the day fixed for the election, the board of supervisors of each county in
which any part of the district or districts affected is situated shall appoint for each precinct from among those entitled to vote at the election, one inspector and two judges, who shall constitute a board of election for such precinct. If the board fail to appoint a board of election, or the members appointed do not attend at the opening of the polls on the morning of the election, the voters of the precinct present at that hour may appoint the board, or supply the place of an absent member thereof. The polls shall be kept open for the reception of votes from ten o’clock a.m. until six o’clock p.m. when the same must be closed. The election board shall, before the opening of the polls, post in a conspicuous place thereof a list of all persons entitled to vote in said precinct at said election, together with the producing factors of such persons. The ballots used at the election shall be provided by the commission and one of the clerks of election shall deliver one of them to each person qualified to cast a vote. At the close of the polls the board of elections shall at once proceed to canvass the votes and declare the result and shall forward its certificates of such result, together with all ballots used and all documents and papers used at such election, to the clerk of the board of supervisors of the county in which the precinct is located. A copy of said certificate certified by said clerk of the board of supervisors shall be by him forwarded to the commission.

Sec. 16. Section 16 of said act is hereby amended to read as follows:

Sec. 16. On the second Monday succeeding such election, the commission shall proceed to canvass the votes cast therein and if upon such canvass it appears that two-thirds or more of the producers in the proposed zone voting at such election, and the owners of two-thirds of the producing factors in the proposed zone whose owners voted at such election, as shown by the lists prepared by the agricultural commissioner, voted in favor of the institution of a proration program, the commission shall declare such a program instituted. In any order instituting a proration program, whether on petition or after election, the commission shall define the zone affected, and shall designate it by some title indicative of the commodity concerned. Each such zone shall constitute a separate entity and its affairs shall be managed by a program committee appointed as hereinafter provided.

Sec. 17. Section 17 of the said act is hereby amended to read as follows:

Sec. 17. Any order of the commission instituting a proration program and any other order of the commission substantially affecting the rights of any interested party may be reviewed by any court of competent jurisdiction. Any such action must be commenced within thirty days after the effective date of the order complained of or within thirty days after the injurious effect complained of.
SEC. 18. Section 18 of the said act is hereby amended to read as follows:

Sec. 18. In the event of the institution of a marketing program in a proration zone, it shall be the duty of the commission to forthwith select a proration program committee of five producers and two handlers operating within the zone. The producer members of said program committee shall be chosen by the commission from a group of fifteen nominees who are to be nominated by the producers. The commission in the selection of the program committee, shall take cognizance of and, in so far as possible, give representation upon such committee to the various geographical areas or districts coming under the proration program. No producer member of the program committee shall be a handler or processor or an employee or officer of a handler or processor, except that a nonprofit cooperative organization may be represented by officers or directors who are producers, providing that no more than three such producer members of the prorate program committee shall be members of the same nonprofit cooperative organization in the case of commodities, the bulk of which is processed before consumption, one of the producer members of said program committee shall be a processor; in the event that the commission shall be of the opinion that a committee of seven will not afford adequate representation to all of the factors in the industry concerned, it may appoint a program committee of six producers and three handlers provided said producers are selected from the list of nominees selected by the growers as provided for herein. The members of such program committee shall not be entitled to compensation but may be reimbursed their actual and necessary traveling expenses. Such prorating program may be altered or modified from time to time by such committee.

Upon request of petitioners for the institution of a program or of a program committee therefor, the commission shall also appoint in the same manner as the program committee was appointed an alternate for each member of the committee. Such alternate shall be entitled to sit as a regular member of the committee in case the member for whom he is an alternate fails for any reason to attend any meeting of the committee.

Vacancies on the program committee occasioned by the death or resignation of any member, or by removal for incompetency or inattention or neglect of duties as a member of the program committee by the commission, or by a member ceasing to qualify as a producer or handler of the commodity concerned, shall be filled in the same manner as the original appointments were made.

The program committee shall appoint an agent, who shall administer the proration program under the direction of the program committee and who may be removed from office in the same manner as he was appointed.

Pending action by the commission on the approval of any such agent, he shall act as such and shall appoint such deputy
agents and other assistants as may be necessary to properly
direct the program. Such agent shall appoint such deputy
agents and other assistants as may be necessary to direct the
program which appointments shall be subject to the approval
of the program committee. The salary and/or compensation
received by the secretary shall not exceed the sum of five thou-
sand ($5,000) dollars per annum from all sources and no
officer or employee shall receive compensation based on a per-
centage of volume involved in a prorate program, or in any
manner that would lend encouragement to the promotion of
a proration program for the purpose of increasing salaries
and income.

Sec. 19. A new section to be numbered 18.1 is hereby
added to the act cited in the title hereof, to read as follows:

Sec. 18.1. The marketing program to be made effective in
any proration zone shall be approved by the commission after
hearing upon any such program proposed by petitioners at the
hearing of the petition or after hearing upon any such pro-
gram proposed by the program committee appointed for said
zone by the commission. Such proration program may be
altered or modified from time to time by such program com-
mittee with the approval of the commission but before any
such alteration or modification shall be approved by the com-
mission, it shall hold a hearing in the zone. Before approving
any program or any alteration or modification thereof, the
commission must find that the same is reasonably calculated to
maintain the existence of the facts specified in section 10 hereof
and may modify any program submitted to make it conform to
this requirement.

Sec. 20. Section 19 of said act is hereby amended to read
as follows:

Sec. 19. In the event that a program committee shall fail
within a reasonable time to present to the commission a pro-
rating program or shall present a program which is not con-
sistent with the conditions specified in paragraph 10 of this
act, the commission shall initiate a proper program or shall
modify the program presented, as the case may be, in conformity
with the provisions of section 10. If at any time during
the operation of any proration program, it shall appear prob-
able to the commission that the program being carried out has
ceased to be in conformity with the provisions of section 10
hereof, it shall be the duty of the commission, after hearing,
to so modify such program as to obtain the conditions required
by said section 10.

Sec. 21. A new section to be numbered 19.1 is hereby
added to the act cited in the title, to read as follows:

Sec. 19.1. In any marketing program approved by the
commission, a program committee shall be empowered to
determine the method, manner and extent of proration and
the movement of the prorated commodity from harvest into a
primary channel of distribution. Proration may be periodie
or seasonal in character and may be based upon actual pro-
duction, whether in storage or otherwise, or upon estimated production. The estimated production shall be subject to revision by the program committee in accordance with crop and market conditions. In estimating production a program committee shall give consideration, among other factors, to the normal production of the various producing units. The program committee, for the purpose of minimizing the effect of existing surpluses upon market conditions, shall be empowered in any or all of the following particulars:

(a) To establish and maintain surplus pools which shall be authorized to receive from each producer from time to time his surplus of the prorated commodity and market the same by grades for the account of the producer when it can be advantageously disposed of either in its original or some converted state; provided, however, such surplus shall not be marketed in any form which would directly compete with that part of the crop which is regularly certificated; and provided, further, that any part of any such surplus may be turned over by a program committee to charitable organizations, self-help cooperatives, and similar agencies under proper safeguards to prevent any part of the commodity so disposed of from directly competing with the part of the crop marketed through the usual channels of trade. In operating any such surplus pool, a program committee may fix grading, packing, and servicing charges to be assessed against such commodities received by the pool and requiring such handling. The program committee shall handle all commodities received by a surplus pool and account for the same on a pooled basis. Each producer delivering his surplus to a pool shall be credited for his proportionate share of the surplus so delivered.

(b) To create, establish or otherwise obtain and operate facilities for the grading, packing, servicing, processing, preparing for market and disposal of such surplus in such manner as to maintain stability in the markets and to sell such surplus and/or any of its derived products.

(c) To appoint and empower subcommittees in the separated producing areas within the zone to facilitate the carrying out of the purposes of this act.

(d) To collaborate and cooperate with agencies or organizations with similar purposes, whether of this State, other States or of the United States, in the formulation and execution of a common marketing program; provided, that in proper cases the commission may require such collaboration and cooperation.

(e) To minimize an existing surplus by cooperating with the proper agencies in the enforcement of applicable existing standardization or other laws of this State, and of the United States, enacted to protect the consuming public from fraud or deception.

(f) To create, maintain and disburse an equalization fund to be used for the removal of any inequalities between producers as to the total volume marketed through prorated
channels resulting from errors in estimating production or surplus.

The cost of the exercise of such powers as are herein granted to the program committee shall be a part of the cost of the operation of the program and shall be obtained through fees in the same manner as other costs of the program.

Sec. 22. Section 20 of said act is hereby amended to read as follows:

Sec. 20. After any prorating program has been formulated and has been approved by the commission, the agent for the zone shall assume the administration of the program and any subsequent modification thereof and the issuance of proration certificates thereunder. Such certificates shall be divided into primary and secondary certificates. Each producer shall be entitled to one primary certificate which shall indicate the quantities of the commodity, for which the program has been instituted which the producer named in such certificate shall be entitled to harvest or otherwise prepare for market and delivery into the primary channels of trade. Said primary certificates shall also indicate from time to time the number of secondary certificates theretofore issued under it. Secondary certificates shall be numbered consecutively and shall be used to control the time and volume of harvesting or other preparation for disposal. Such secondary certificates shall accompany all deliveries of the prorated commodity by producers into a primary trade channel; provided that in the case of commodities which are normally concentrated for preparation for market, the program committee may authorize harvesting of the entire crop for the purpose of delivery to a concentration point and subsequent marketing control. Such certificates shall be negotiable between producers.

In the operation of any program, cooperative and other market agencies entitled to the possession of agricultural commodities for marketing purposes may be authorized to receive certificates for producers represented by them and to represent their respective producers when proration is applied to the commodity while in the possession of such agencies.

Sec. 23. Section 22 of said act is hereby amended to read as follows:

Sec. 22. The commission shall have power to establish such rules and regulations consistent with this act as may be necessary to carry out the purposes thereof, and through its duly authorized representatives and agents shall have access, solely for the purpose of investigating possible violations of any program, to the records of producers, dealers, distributors, private and public property transportation agencies and handlers of a commodity as to which a proration program has been instituted, and shall have at all times free and unimpeded access to all buildings, yards, warehouses, storage and transportations, or other, facility or place in which any commodity under a proration program is kept, stored, handled or transported.
All information obtained by the commission shall be confidential and shall not be disclosed except when required in a judicial proceeding.

Sec. 24. A new section to be numbered 22.5 is hereby added to the act cited in the title hereof, to read as follows:

Sec. 22.5. It shall be a misdemeanor for:

1. Any person to willfully render or furnish a false or fraudulent report, statement or record required under this act;

2. Any person to deliver into a primary trade channel without proper authority any commodity upon which a proration program shall have been instituted.

3. Any handler, dealer or carrier to receive or have in his possession, within this State, without proper authority any commodity upon which a proration program has been instituted.

4. Any person to aid or abet in the commission of any of the acts specified in this section, and each infraction shall constitute a separate and distinct offense.

The provisions of this act shall not apply to shipments handled by a common carrier operating over a regular route or between fixed termini where such shipment is made by such common carrier in good faith and in accordance with its duties as a common carrier and where a record of every such shipment within or from this State is kept by such common carrier showing the date of shipment, character and quantity of shipment, origin and destination of such shipment, and the names of the consignor and consignee. Such record shall be open to inspection at all reasonable hours by or on the written order of the official or administrative authority charged with the enforcement of this act or any marketing program instituted thereunder.

Sec. 25. Section 23 of said act is hereby amended to read as follows:

Sec. 23. After the institution of any proration program, such program shall continue to remain in effect unless there shall be filed with the commission an application for its termination signed by not less than forty per cent of the producers and by the owners of forty per cent of the producing factors of the industry within the zone in which the program is effective. Such petition shall be accompanied by a good and sufficient undertaking in an amount equal to the probable cost of conducting said hearing. A hearing must be held upon the petition to determine the sufficiency of the signatures thereto, which hearing must be held within thirty days after the presentation of the petition. If upon such hearing, it shall be established that the petition to terminate is sufficiently signed, the commission shall terminate the program.

In such case, the cost of conducting such hearing shall be paid from the funds of the program to the extent that they are available and thereafter from the undertaking. In the event the petition be found insufficiently signed, the entire cost of
conducting such hearing shall be paid from the undertaking. In the event of the termination of a program, any funds remaining for the use of the program committee not otherwise disposed of by the provisions of this act shall be deposited in the State treasury to the credit of the Agricultural Prorate Commission fund.

The commission may at any time initiate an investigation on its own motion to determine whether or not the facts specified in section 10 hereof continue to exist. Upon a finding that any one or more of the prerequisite facts no longer exist, the commission shall terminate said program. In no case shall any program on a seasonal crop be terminated except at the end of its marketing season.

SEC. 26. Section 24 of said act is hereby amended to read as follows:

Sec. 24. Any person who shall market, handle or transport any commodity in violation of any provision of an original or modified proration program approved and made effective by the commission may be enjoined by the commission in an action brought in the superior court for the county in which the violation is alleged to be occurring. There may be enjoined in the same proceeding any number of defendants alleged to be violating the same program, although their properties and interests may be situated in several counties and their actual violations of the program may be separate and distinct. In any action for injunction brought hereunder, the procedure shall be governed by the provisions of Chapter III, Title VII, Part II of the Code of Civil Procedure of the State of California.

SEC. 27. Section 25 of said act is hereby amended to read as follows:

Sec. 25. Any person who violates any provision of a proration program approved and made effective by the commission shall be liable civilly in an amount not to exceed a sum of five hundred dollars for each and every violation to be recovered by the commission in any court of competent jurisdiction. All sums recovered under this section shall be deposited in the State treasury to the credit of "Agricultural Prorate Commission fund."

SEC. 28. A new section to be numbered 25.1 is hereby added to the act cited in the title hereof, to read as follows:

Sec. 25.1. Any other area or areas within the State of California producing the same kind or variety of agricultural commodity as a proration zone already established under this act, and competing with such proration zone, may be annexed to such already established proration zone in the following manner:

A petition similar in form and content to that prescribed in section 8 of this act, and describing the area or areas proposed to be annexed, signed by not less than two-thirds of the producers of said commodity in petitioning area or areas and by the owners of not less than two-thirds of the producing
factors in said area or areas, may be filed with the commission. The secretary of the commissioner shall forthwith inform the program committee of the zone to which it is proposed to annex the new area or areas and the committee shall within ten days advise the commissioner if it disapproves of the petition. A failure to disapprove shall be regarded as approval. In case the petition is disapproved, no further proceedings shall be had. In case the committee shall approve the petition, notice of hearing the petition shall be given by the commission in the area or areas proposed to be annexed in the manner provided in section 9 of this act. If it shall appear from evidence produced at such hearing that the petition, together with any supplements thereto, was sufficiently signed and that the inclusion of area or areas described in the petition is necessary to make the marketing program effective, the commission shall so find and make an order including the new area or areas in the original proration zone. When an additional area or areas are added to a proration zone the existing program committee shall function until the end of the current marketing season, at which time a new committee shall be appointed to represent the entire area as provided for in section 18 of this act.

Sec. 29. A new section to be numbered section 27 is hereby added to the act cited in the title hereof, to read as follows:

Sec. 27. If any section, subsection, sentence, clause or phrase of this act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portion of this act. The Legislature hereby declares that it would have passed each provision of this act irrespective of the fact that one or more sections, subsections, sentences, clauses or phrases, as provisions hereof, be declared unconstitutional.

[Approved by the Governor July 15, 1935. In effect September 15, 1935.]

The people of the State of California do enact as follows:

Section 1. Section 1283 of the Agricultural Code is hereby amended to read as follows:

1283. Whenever any person, although claiming to be a cash buyer, either (1) causes a grower to part with the control of all or any portion of his deciduous fruits by any means of proposed payment other than that specified in paragraph (b) of section 1281, or (2) causes a grower to part with the control of all or any portion of his deciduous fruits by means of any contract under which the grower has waived the
right to demand the purchase price as and when he parts with said control, then in either of said events said person is not a cash buyer but is a dealer within the meaning of this chapter. Whenever any person although claiming to be a consignment shipper either (1) causes the grower to part with control of a portion or all of his deciduous fruits under any agreement by which the price thereof is guaranteed to said grower either verbally or in writing, or (2) causes a grower to part with control of a portion or all of his deciduous fruit by any representation that said person has an order at a named price for deciduous fruit of the variety produced by said grower and that said grower’s fruit is desired to fill said order, then in either of said events the said person is not a consignment shipper but is a dealer within the meaning of this chapter, notwithstanding the fact that the grower, because of said representation, is induced to, and does, enter into a consignment contract with said person in which no mention is made of said guaranteed price or of said order; and in all cases where any person represents to the grower either verbally or in writing that he holds or will get a cash deposit to support an order for deciduous fruit and by means of such representation causes a grower to part with control of a portion or all of his deciduous fruit, then such person shall upon the removal of said deciduous fruits from the grower’s control be liable to said grower for the amount of said deposit less said person’s legal charges. In the event any litigation is instituted by the person making said deposit to compel the return or release of said deposits then a consignment shipper may hold said deposit until the litigation is determined.

Stats. 1933, p. 69.  An act to amend section 791 of the Agricultural Code, relating to apricots.

[Approved by the Governor July 15, 1935. In effect September 15, 1935.]

The people of the State of California do enact as follows:

Section 1. Section 791 of the Agricultural Code is hereby amended to read as follows:

791. Fresh apricots shall be mature but not overripe; free from insect injury which has penetrated or damaged the flesh, and from mold, brown rot, and decay, and serious damage caused by cuts, bruises, cracks, shot hole fungus, growth cracks, scab, hail, or other causes. With the exception of shot hole fungus, damage to any one apricot is not serious unless it causes a waste of ten per cent, by weight, of the individual apricot. Damage to any one apricot caused by shot hole fungus is not serious unless the spots cover an aggregate area of more than one-half of an inch in diameter.

Not more than ten per cent, by count, of the apricots in any one container or bulk lot may be below these requirements but not to exceed one-half of this tolerance shall be allowed for any one case.

Packed apricots shall not vary in size between the fruits in any one container, more than one-fourth of an inch in diameter, when measured through the widest portion of cross section.

All containers of apricots shall bear upon them in plain sight and in plain letters on one outside end: the name of the person who first authorized the packing of the apricots or the name under which such packer is engaged in business, together with a sufficiently explicit address to permit ready location of such packer; the name of the variety, if known, and when not known the words "unknown variety" or "seedlings"; the size description or the row count, when the apricots are packed in any style container.

In the case of the four basket crate the numerical description of the pack in the top layer of the baskets shall be used to designate size.

When numerical description is used to designate size, on lugs of loose or packed apricots, it shall mean that all the
apricots would tightly pack that size on the top layer of the standard basket number one as used in the four basket crate and such size description shall be directly followed by the word "size." When row count is used to designate the size on lugs of packed apricots, they shall be marked with the number of rows of apricots packed laterally across the end of the container, directly followed by the word "row" or "rows."

Apricots, when packed, shall be in standard containers numbers 1, 5, 6, 7, 8, 9, 22a, 22b, 24 or 27.

Other size containers may be used if conspicuously marked on the outside of the end which bears any marks intended to describe the contents of such container, in letters not less than one-half inch in height, "irregular container."

803. Fresh peaches shall be mature but not overripe; free from insect injury which has penetrated or damaged the flesh, split pits which are open at the stem end, and from mold, brown rot, and decay, and free from serious damage, due to cuts or skin breaks, growth cracks, bruises, seab, rust, blight, disease, hail, or other causes. Damage to any one peach is not serious unless it causes a waste of ten per cent, by weight, of the individual peach.

Not more than ten per cent, by count, of the peaches in any one container or bulk lot may be below these requirements, but not to exceed one-half of this tolerance shall be allowed for any one cause.

Packed peaches shall not vary in size between the fruits, in any one container, more than three-eighths of an inch in diameter, when measured through the widest portion of the cross section.

Peaches of the freestone variety, shall not be considered mature unless at the time of picking, the flesh breaks free from the pit.

All containers of fresh peaches shall bear upon them in plain sight and in plain letters on one outside end: the name of the person who first authorized the packing of the peaches or the name under which such packer is engaged in business, together with a sufficiently explicit address to permit ready location of such packer; the name of the variety, if known, and when not known the words "unknown variety"; the size
description, when the peaches are packed in the four basket
crate or the count, when wrapped and packed throughout, in
straight side containers in uniform layers and rows.

In the case of the four basket crate the numerical descrip-
tion of the pack in the top layer of the baskets shall be used
to designate size. When the count is used to designate the
contents of the container a variation of four peaches more or
less than the number stated shall be allowed.

Peaches, when packed, shall be in standard containers num-
bers, 1, 1A, 5, 6, 7, 8, 9, 15, 16, 17, 18, 18A, 23 or 27. Other size

may in the discretion of the legislative body having control
of the same be withdrawn from the personal access and use
of members of the public at any time, or the said access or
use may be limited in area or to certain times or in any other
reasonable manner deemed necessary by the legislative body
having control of the same; and any person thereafter using
the said property in any manner without permission from
the lawful authorities in control thereof and in the manner
prescribed by them shall be deemed a trespasser. Nothing
herein contained shall limit or restrict any person from such
access or use who may himself have a private right of prop-
erty in the same.

CHAPTER 477.

Stats. 1913, p. 508, amended.
the Attorney General in regard thereto, declaring certain contracts illegal and forbidding recovery thereon, providing for actions to enjoin unfair competition and discrimination and to recover damages therefor, making the violation of the provisions of this act a misdemeanor and providing penalties,' approved June 10, 1913, relating to unfair discriminations, and declaring the urgency thereof, to take effect immediately.

[Approved by the Governor July 15, 1935. In effect immediately.]

The people of the State of California do enact as follows:

SECTION 1. The act cited in the title hereof is hereby amended to read as follows:

Section 1. It shall be unlawful for any person, firm, or corporation, doing business in the State of California and engaged in the production, manufacture, distribution or sale of any commodity, or product, or service or output of a service trade, of general use or consumption, or the product or service of any public utility, with the intent to destroy the competition of any regular established dealer in such commodity, product or service, or to prevent the competition of any person, firm, private corporation, or municipal or other public corporation, who or which in good faith, intends and attempts to become such dealer, to discriminate between different sections, communities or cities or portions thereof, or between different locations in such sections, communities, cities or portions thereof in this State, by selling or furnishing such commodity, product or service at a lower rate in one section, community or city, or any portion thereof, or in one location in such section, community, or city or any portion thereof, than in another after making allowance for difference, if any, in the grade or quality, quantity and in the actual cost of transportation from the point of production, if a raw product or commodity, or from the point of manufacture, if a manufactured product or commodity. Motion picture films when delivered under a lease to motion picture houses shall not be deemed to be a commodity or product of general use, or consumption, under this act. This act shall not be construed to prohibit the meeting in good faith of a competitive rate, or to prevent a reasonable classification of service by public utilities for the purpose of establishing rates. The inhibition hereof against locality discrimination shall embrace any scheme of special rebates, collateral contracts or any device of any nature whereby such discrimination is, in substance or fact, effected in violation of the spirit and intent of this act.

SEC. 2. Any person who, either as director, officer or agent of any firm or corporation or as agent of any person, violating the provisions of this act, assists or aids, directly or indirectly, in such violation shall be responsible therefor equally with the person, firm or corporation for whom or which he acts.
In the prosecution of any person as officer, director or agent, it shall be sufficient to allege and prove the unlawful intent of the person, firm or corporation for whom or which he acts.

Sec. 3. It shall be unlawful for any person, partnership, firm, corporation, joint stock company, or other association engaged in business within this State, to sell, offer for sale or advertise for sale any article or product, or service or output of a service trade, at less than the cost thereof to such vendor, or give, offer to give or advertise the intent to give away any article or product, or service or output of a service trade for the purpose of injuring competitors and destroying competition, and he or it shall also be guilty of a misdemeanor, and on conviction thereof shall be subject to the penalties set out in section 11 of this act for any such act.

The term "cost" as applied to production is hereby defined as including the cost of raw materials, labor and all overhead expenses of the producer; and as applied to distribution "cost" shall mean the invoice or replacement cost, whichever is lower, of the article or product to the distributor and vendor plus the cost of doing business by said distributor and vendor.

The "cost of doing business" or "overhead expense" is defined as all costs of doing business incurred in the conduct of such business and must include without limitation the following items of expense: labor (including salaries of executives and officers), rent, interest on borrowed capital, depreciation, selling cost, maintenance of equipment, delivery costs, credit losses, all types of licenses, taxes, insurance and advertising.

Sec. 4. In establishing the cost of a given article or product to the distributor and vendor, the invoice cost of said article or product purchased at a forced, bankrupt, closeout sale, or other sale outside of the ordinary channels of trade may not be used as a basis for justifying a price lower than one based upon the replacement cost as of date of said sale of said article or product replaced through the ordinary channels of trade, unless said article or product is kept separate from goods purchased in the ordinary channels of trade and unless said article or product is advertised and sold as merchandise purchased at a forced, bankrupt, closeout sale, or by means other than through the ordinary channels of trade, and said advertising shall state the conditions under which said goods were so purchased, and the quantity of such merchandise to be sold or offered for sale.

Sec. 5. In any injunction proceeding or in the prosecution of any person as officer, director or agent, it shall be sufficient to allege and prove the unlawful intent of the person, firm or corporation for whom or which he acts. Where a particular trade or industry, of which the person, firm or corporation complained against is a member, has an established cost survey for the locality and vicinity in which the offense is committed, the said cost survey shall be deemed competent evidence to
be used in proving the costs of the person, firm or corporation complained against within the provisions of this act.

Sec. 6. The provisions of sections 3, 4 and 5 shall not apply to any sale made:

(a) In closing out in good faith the owner’s stock or any part thereof for the purpose of discontinuing his trade in any such stock or commodity, and in the case of the sale of seasonal goods or to the bona fide sale of perishable goods to prevent loss to the vendor by spoilage or depreciation, provided notice is given to the public thereof;

(b) When the goods are damaged or deteriorated in quality, and notice is given to the public thereof;

(c) By an officer acting under the orders of any court;

(d) In an endeavor made in good faith to meet the legal prices of a competitor as herein defined selling the same article or product, or service or output of a service trade, in the same locality or trade area.

Any person, firm or corporation who performs work upon, renovates, alters or improves any personal property belonging to another person, firm or corporation, shall be construed to be a vendor within the meaning of this act.

Sec. 7. The secret payment or allowance of rebates, refunds, commissions, or unearned discounts, whether in the form of money or otherwise, or secretly extending to certain purchasers special services or privileges not extended to all purchasers purchasing upon like terms and conditions, to the injury of a competitor and where such payment or allowance tends to destroy competition, is an unfair trade practice and any person, firm, partnership, corporation, or association resorting to such trade practice shall be deemed guilty of a misdemeanor and on conviction thereof shall be subject to the penalties set out in section 11 of this act.

Sec. 8 Upon the third violation of any of the provisions of sections 1 to 7, inclusive, of this act by any corporation, it shall be the duty of the Attorney General to institute proper suits or quo warranto proceedings in any court of competent jurisdiction for the forfeiture of its charter, rights, franchises or privileges and powers exercised by such corporation, and to permanently enjoin it from transacting business in this State. If in such action the court shall find that such corporation is violating or has violated any of the provisions of sections 1 to 7, inclusive, of this act, it must enjoin said corporation from doing business in this State permanently or for such time as the court shall order, or must annul the charter, or revoke the franchise of such corporation.

Sec. 9. Any contract, express or implied, made by any person, firm or corporation in violation of any of the provisions of sections 1 to 7, inclusive, of this act is declared to be an illegal contract and no recovery thereon shall be had.

Sec. 10. Any person, firm, private corporation or municipal or other public corporation, or trade association, may maintain an action to enjoin a continuance of any act or acts
in violation of sections 1 to 7, inclusive, of this act and, if injured thereby, for the recovery of damages. If, in such action, the court shall find that the defendant is violating or has violated any of the provisions of sections 1 to 7, inclusive, of this act, it shall enjoin the defendant from a continuance thereof. It shall not be necessary that actual damages to the plaintiff be alleged or proved. In addition to such injunctive relief, the plaintiff in said action shall be entitled to recover from the defendant three times the amount of the actual damages, if any, sustained.

Any defendant in an action brought under the provisions of this section may be required to testify under the provisions of sections 2021, 2031 and 2055 of the Code of Civil Procedure of this State, in addition to the books and records of any such defendant may be brought into court and introduced, by reference, into evidence; provided, however, that no information so obtained may be used against the defendant as a basis for a misdemeanor prosecution under the provisions of sections 1 to 7, inclusive, and 11 of this act.

Sec. 11. Any person, firm or corporation, whether as principal, agent, officer or director, for himself, or itself, or for another person, or for any firm or corporation, or any corporation, who or which shall violate any of the provisions of sections 1 to 7, inclusive, of this act, is guilty of a misdemeanor for each single violation, and upon conviction thereof, shall be punished by a fine of not less than one hundred ($100.00) dollars nor more than one thousand ($1,000.00) dollars, or by imprisonment not exceeding six months or by both said fine and imprisonment, in the discretion of the court.

Sec. 12. If any section, sentence, clause or phrase of this act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of the act. The Legislature hereby declares that it would have passed this act, and each section, sentence, clause or phrase thereof, irrespective of the fact that any one or more other sections, sentences, clauses or phrases be declared unconstitutional. The remedies herein prescribed are cumulative and in addition to the remedies prescribed to the Public Utilities Act for discriminations by public utilities. If any conflict shall arise between this act and the Public Utilities Act, the latter shall prevail.

Sec. 13. The Legislature declares that the purpose of this act is to safeguard the public against the creation or perpetuation of monopolies and to foster and encourage competition, by prohibiting unfair and discriminatory practices by which fair and honest competition is destroyed or prevented. This act shall be literally construed that its beneficial purposes may be subserved.

Sec. 14. This act shall be known and designated as the "Unfair Practices Act."

Sec. 15. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the pub-
lic peace, health and safety, within the meaning of section 1 of Article IV of the Constitution, and shall therefore go into immediate effect. The facts constituting the necessity are as follows:

The sale at less than cost of goods obtained at forced, bankrupted, close out, and other sales outside of the ordinary channels of trade is destroying healthy competition and thereby forestalling recovery. If such practices are not immediately stopped many more businesses will be forced into bankruptcy, thus increasing the prevailing condition of depression. In order to prevent such occurrences it is necessary that this act go into effect immediately.

Notice is hereby given that at a meeting of the board of directors held on ______ an installment of ______ per cent of assessment number ______ was ordered paid within sixty days from the date thereof to the respective county treasurers of the counties wherein lands of such district are situate. Any installment which shall remain unpaid on the (day fixed) will be delinquent, together with the accrued interest thereon, with ten per cent of such installment and interest added as penalty.

(Signed) ________________________________

Such notice must be sent through the mail, addressed to each owner of land in the district at his place of residence if known, and if not known, at the place where the principal office of the district is situated, or in lieu thereof such notice shall be published once a week for two consecutive weeks in each such county.

If any such installment shall remain unpaid at the expiration of said sixty days from the date of the order, then the said installment of said assessment shall become delinquent, together with the accrued interest thereon and a penalty of ten per cent of the amount of said installment and interest shall be added thereto and collected for the use of the district.

Immediately after the said installment has become delinquent the said county treasurer or county treasurers must prepare and as soon as the same is complete publish once a week for two consecutive weeks in each county wherein lands of the district are situated, in one notice a list of all delinquencies in such county, which notice shall contain a description of the property assessed, the name of the person to whom it is assessed or a statement that it is assessed to unknown owners, if such is the fact, the amount then due on said property, and a notice that the property assessed will be sold on the date therein stated in front of the courthouse of said county to pay the amount then due on said property. The date of said sale shall not be less than ten days after the date of the last publication of said notice. At the time stated in said notice, or such other time to which said sale may have been postponed, the county treasurer must sell said property to the highest bidder for gold coin of the United States. Out of the proceeds of said sale the county treasurer must deposit the amount due on said property as shown in said notice to the proper fund of the said district. The county treasurer must pay to the owner of said property any surplus remaining after said deposit to the credit of the district, after first deducting any expense of sale. Except where bonds have been issued upon an assessment the board of directors may direct the county treasurer to postpone said sale from time to time, for not less

A certificate of such sale shall be executed by the county treasurer to the purchaser, and this certificate of sale shall be recorded in the office of the county recorder of said county. Any person interested in said property may redeem the same at any time within three years after the date of said sale, even though the district may be in process of dissolution or may have already been dissolved. Such person shall pay to the county treasurer the amount for which said property was sold, and interest on the said sum at the rate of one per cent per month from the date of said sale, which amount shall be credited to the proper fund of said district, or paid to the person holding the certificate of sale to the property sought to be redeemed. In any district which has no bonds outstanding or which has bonds outstanding which were sold subsequent to the date of this amendment, such person shall be entitled to redeem said property by paying to the county treasurer the amount for which said property was sold and interest on the said sum at the rate of seven per cent per annum from the date of said sale, which amount shall be credited to the proper fund of said district, or paid to the person holding the certificate of sale to the property sought to be redeemed.

If no redemption shall be made within said three years, the purchaser or the district, if the property shall have been sold to the district, or the assignees or transferees of the district, shall be entitled to a deed executed by the county treasurer or his successor in office, even though the district may be in the process of dissolution or may have already been dissolved. The effect of such deed shall be to convey said property free and clear of all liens and incumbrances except State, county and municipal taxes, assessments or taxes levied or assessed by or under statutory authority and any water storage district assessment or portion thereof remaining unpaid at the date of said sale, each installment whereof may be called and collected as herein provided.

In any district having no outstanding bonds issued prior to the date of this amendment, any parcel of land heretofore deeded to the district by the county treasurer, as herein provided, the title to which still remains in such district, and any parcel of land which shall hereafter be deeded to the district by the county treasurer, as herein provided, may, without notice, be sold and conveyed by the board of directors of such district at private sale to the owner of record at the date of the treasurer's deed to the district or to said owner's successor in interest, upon his paying to such district the amount for which the same was struck off to the district with interest thereon at the rate of seven per cent per annum from the date of said delinquent sale, together with any call that has
been made upon any prior or subsequent assessment, and the deed executed by such district in pursuance of said sale shall convey said property free and clear of all liens and encumbrances, except as herein above provided for said deed by the county treasurer to the district. The board of directors may sell such property sold to the district at any time at a public auction after notice given for the same period and in the same manner as herein provided for sale of delinquent assessments, but not for a sum less than the amount for which said property was sold, with interest at seven per cent per annum, and the deed executed in pursuance of such sale shall convey said property free from all encumbrances except as herein above provided for said deed by the county treasurer to the district. The board of directors may also dispose of said property at a private sale, without any notice, when the district is in the process of dissolution and such sale is deemed for the best interests of the district; the consideration received from the sale of said property may be past or present consideration, but must not be less than that herein provided for in the case of sales at public auction; and in any case where a district in the process of dissolution has sold and transferred any of its property at a private sale, for valuable consideration, such sale and transfer is hereby validated and approved.

If there be no newspaper of general circulation published in the county, then said list must be posted in three public places in the county.

In each county of the first class, the delinquent county tax list or county and city or town tax list if such county collects the city or town taxes for any incorporated city or town located therein, shall be published as hereinafter in this section provided.

(a) That portion of the delinquent tax list covering property located in the unincorporated territory of said county,
and in the city in which the county seat of said county is located, and in each or any city in which there is no newspaper of general circulation published at least once each week, or in any one or more of the contingencies in this section set forth, shall be published in a daily newspaper of general circulation published in said county seat.

A contract for the publication of such list and for the preparation of matrices, as hereinafter provided for, shall be let annually by the board of supervisors, or purchasing agent, as the case may be, to the lowest responsible newspaper bidder after a call for bids in such manner as said board of supervisors or purchasing agent may deem most expedient. (b) That portion of the delinquent county or county and city tax list covering property located in any incorporated city or town other than the county seat, wherein there is published at least once a week a newspaper of general circulation, shall be published in the city or town in which such property is located.

Such publication in such city or town shall be made in a daily newspaper of general circulation, if any, published within such city or town, and, if there be no such daily newspaper published therein, then such publication shall be made in a semiweekly newspaper of general circulation published therein, and, if there be no such daily or semiweekly newspaper published therein, then in any other newspaper of general circulation, if any, published therein at least once each week; provided, that if there be no such daily, semiweekly or other newspaper published therein at least once each week, then such portion of the delinquent tax list shall be included in the list provided for in paragraph (a) hereof.

(c) In calling for bids for the publication of the list provided for in paragraph (a) hereof, the board of supervisors or purchasing agent, as the case may be, shall call for bids and let a contract covering the following items:

1. The composition and publication of the delinquent tax list provided for in said paragraph (a) including all indices and addenda and other items required by law to be included therein.
2. The publication in the particular city or town, excluding the cost of composition, of the delinquent tax list provided for in said paragraph (b), including indices, addenda and other items; provided, that said county shall furnish, at cost to it, to the city or town newspaper publishing any such delinquent tax list, and such newspaper shall use in such publication, the appropriate matrix hereinbefore referred to, and the cost thereof shall be shown as a credit on the claim against said county of such newspaper covering such publication.

(e) The county tax collector and the auditor shall prepare and submit to the newspaper in the county seat to which the contract provided for herein shall have been awarded, the respective several portions of such delinquent tax list placing under an appropriate descriptive heading all delinquent items and addenda required by the provisions of this section to be separately published, and said newspaper shall set up such portions of such list in such form as to permit the preparation of complete matrices therefrom.

(f) The board of supervisors of each such county is hereby authorized and empowered, within its discretion, to provide, by order duly entered in its minutes, for the mailing to each person whose name appears as a delinquent in such delinquent tax list, or any portion thereof, a copy of the item or items appearing in such list to be properly assessed in his name. Such copy shall be mailed to each such person at the address thereof shown on the assessment roll; provided, that the provisions of this paragraph (f) shall not be deemed nor construed as giving any person any right to receive such copy, and neither such county nor any officer or employee thereof shall be liable for the failure of any delinquent taxpayer to receive such copy nor for any mistake in the address or otherwise in connection with the mailing thereof.

In making any such order said board may authorize the tax collector to mail the same, or said board may include, or if there be a county purchasing agent may authorize him to include, the same as an item in the call for bids for the publication of the several portions of such delinquent tax list and may include in the contracts with the various newspapers, the
mailing of the items contained in the particular portions of such delinquent tax list published in the respective newspapers.

(c) The term "farm products" includes all agricultural, horticultural, viticultural and vegetable products of the soil, but shall not include timber and timber products, milk and milk products, hay, field grains, dried beans, and seeds.

(d) The term "processor" means any person who buys, or otherwise takes title to or possession of, farm products from the producer thereof for the purpose of processing or manufacturing the same or selling, reselling or redelivering the same in dried, canned, extracted, fermented, distilled, or other preserved form, and shall include (1) any person or exchange conducting such business, and (2) any person or exchange buying farm products from the processor thereof and reselling them to any person or exchange conducting such business.

(e) The term "agent" designates any person who on behalf of any processor contracts for or solicits any farm product from a producer thereof, or who negotiates the purchase of any farm product on behalf of any processor.
(f) The term "director" designates the State Director of Agriculture.

1300. This chapter does not apply to or include:

(a) Any cooperative organization, operating under and by virtue of the laws of this State or of any other State or the District of Columbia or the United States or the agents of such organizations in the performance of their duties as such except as to that portion of the activities of such organization, or agent, as involves the handling or dealing in the farm products of nonmembers of such organization;

(b) Any person or exchange dealing in live stock and operating at a public live stock market and subject to and operating under a bond required by the United States to secure the performance of their obligations.

1300.1. No person shall act as a processor or agent without having obtained a license as provided in this chapter. Every person, acting as a processor, or intending to so act, shall file an application with the director for a license to so act, and such application shall be accompanied by a license fee of twenty-five dollars.

Every person acting as an agent, or intending to so act, shall file an application with the director for a license to so act, and such application shall be accompanied by a license fee of one dollar.

Such application shall in each case state:

(b) If the applicant be a firm, exchange, association or corporation the full name of each member of the firm, or the names of the officers of the exchange, association or corporation;

(c) The principal business address of the applicant in the State of California; and

(d) The name or names of the person or persons authorized to receive and accept service of summons for the applicant.

Fraud or misrepresentation in making any application shall ipso facto work a revocation or refusal of any license granted or to be granted thereunder. Previous violation by the applicant of any of the provisions of this chapter shall be good and sufficient ground for denial of a license.
1300.2. The director may publish in pamphlet form as often as he thinks necessary a list of all licensed processors, together with all necessary rules and regulations concerning the enforcement of this chapter. Each licensed processor shall post his license, or a copy thereof, in his office or salesroom in plain view of the public. Each agent shall show his license upon the request of any interested person. 1300.3. The director, upon the verified complaint of any interested party, shall investigate, examine, or inspect any transaction involving the failure of the processor to make payment for farm products within the time specified for such payment in the contract of sale and purchase between the producer and the processor, and in accordance with the terms of said contract; provided, however, that the director shall have no jurisdiction to act upon any such complaint if the substance of such complaint is included in any dispute that has been submitted to, or settled by, arbitration in accordance with the provisions of a written contract or if such processor within ten (10) days after notice by the director of the filing of such verified complaint has submitted such dispute to arbitration in accordance with the terms of such written contract; provided, however, that the director shall have jurisdiction over any such complaint or dispute if the processor has failed to perform in accordance with any arbitration award made in accordance with the terms of such written contract. If the director has jurisdiction to entertain the complaint and is unable to effect a settlement satisfactory to him and to both parties to the controversy, he shall cause a copy of such complaint, together with a notice of the time and place of hearing of such complaint, to be served personally or by mail upon the processor against whom the complaint is filed. Such service shall be made at least ten (10) days before the hearing, which hearing shall be held in the city or town which, in the judgment of the director, shall be most convenient to the producer and the processors. At the time and place appointed for such hearing the director, or his agent, shall hear the parties to such complaint and shall enter in the office of the director at Sacramento an order either dismissing such complaint or ordering the processor to make payment in accordance with the provisions of the contract, specifying the fact established on such hearing. A copy of such order shall be furnished to the respective parties to the controversy. At such hearing the
director or his duly appointed agent shall have full authority to administer oaths, and take testimony thereunder; to issue subpoenas requiring the attendance of witnesses before him, together with such books, memoranda, papers, and other documents, articles or instruments as may be pertinent to the controversy as set forth in the complaint, to compel the disclosure by such witnesses of all facts known to them relative to the controversy, and all parties disobeying the orders or subpoenas of said director or his duly authorized agent shall be guilty of contempt and shall be certified to the superior court of the State for punishment for such contempt.

1300.4. The director may revoke, suspend, or refuse any license, as the case may require, in the event any processor fails to make payment in accordance with the order of the director, or his duly authorized agent, entered in the office of the director at Sacramento in accordance with the provisions of this chapter, within five (5) days after notice of the entry of such order; unless within such period appropriate action shall have been taken by the processor to obtain a review of such order in accordance with the provisions of the following section 1300.5.

1300.5. Any party affected by any order of the director, or his duly authorized agent, entered in the office of the director at Sacramento in accordance with the provisions of this chapter, or any act of the director either referring to the granting of, or the refusal to grant, or to renew, any license, or either referring to the revocation or suspension of any license granted under the provisions of this chapter, within five (5) days after notice of the entry of any such order, or notice of the taking of any such action, may apply to the District Court of Appeal of the Third Appellate District of this State for a writ of certiorari or review for the purpose of having the lawfulness of such order or such action inquired into and determined. The provisions of the Code of Civil Procedure of this State referring to writs of certiorari or review shall, so far as applicable and not in conflict with this act, apply to the proceedings under the provisions of this section. Pending final determination of such review, in the case of the revocation or suspension of the license of any person licensed hereunder such license shall be deemed in full force and effect until the expiration of the license period, and in the case of the refusal to grant or renew any license such processor shall be entitled to conduct his business as if such license had been granted or renewed.

1300.6. Any person is guilty of a misdemeanor and is punishable by a fine of not more than one thousand dollars ($1,000), or by imprisonment in the county jail for not more than one (1) year, or by both fine and imprisonment, who assumes or attempts to act as a processor or agent without a license, or who fails to comply in every respect with this chapter. Criminal prosecutions arising by virtue of any of the provisions of this chapter may be commenced and tried
in either the county where the products were received by the
processor, or within the county in which the principal place of

CHAPTER 517.

An act to amend section 804 of the Agricultural Code, relating to pears.

[Approved by the Governor July 15, 1935. In effect September 15, 1935]

The people of the State of California do enact as follows:

SECTION 1. Section 804 of the Agricultural Code is hereby amended to read as follows:

804. Fresh pears shall be mature but not overripe, free from codlin moth larvae, mold, decay, black end, unsealed cuts, and skin breaks; and free from serious damage, due to hail, scab or other diseases, hard end, bruises, limb rubs, frost, codlin moth larvae or other insects.

Damage to any one pear is not serious when it is caused by:

(a) Scab, unless the spots cover an aggregate area of more than one-half of an inch in diameter;

(b) Hail damage, unless it affects an aggregate area of more than one-half inch in diameter or is more than one-fourth of an inch in depth;

(c) Codlin moth larvae, unless it causes unhealed stings or holes, however superficial, well healed codlin moth stings are not serious;

(d) Thrip mark, blister mite or other superficial blemishes caused by insects, unless more than ten per cent of the surface of the fruit is affected or they cause a depression of more than one-fourth of an inch in depth;

(e) Other diseases, limb rubs, frost, bruises, or hard end, unless such defects cause a waste of more than ten per cent, by weight, of the individual pear.

Not more than ten per cent, by count, of the pears in any container or bulk lot may be below these requirements, but not to exceed one-half of this tolerance shall be allowed for any one cause. Pears which fail to meet these requirements only because of serious damage caused by hail, shall be considered as complying with this standard, if the container in which they are packed or placed is plainly marked, on the
outside of one end thereof, in letters not less than one-half inch in height, with the words "hail marked."

Packed pears in any container shall be uniform in size which means in the case of pears which are two and three-fourths inches in diameter or larger a variation of not more than one-half of one inch in diameter, when measured through the widest portion of the cross-section, between the fruits in any one container and in the case of pears which are smaller than two and three-fourths inches in diameter, a variation of not more than three-eighths of one inch when so measured.

Bartlett pears shall not be considered mature unless at the time of picking the average pressure test of not less than ten representative pears of the lot does not exceed twenty-three pounds. However, pears which at the time of picking show a yellowish green color, as indicated by the color chart prepared by the department, shall be considered mature regardless of the pressure test. The pressure test shall be determined by means of a fruit pressure tester measuring in pounds the force required to push a rounded plunger five-sixteenths of an inch in diameter into the flesh of the fruit to a depth of five-sixteenths of an inch, after the skin from the areas tested, but little of the underlying flesh, has been removed. Two such determinations are to be made on each specimen selected as a sample and the average of all individual readings from the sample shall be considered as the pressure test of the lot. Pressure test readings shall be made on opposite sides, and approximately at the widest portion of the cross-section of the fruit at right angles to the core. Sunburned or very highly colored areas shall be avoided in making pressure tests.

All containers of pears shall bear upon them in plain sight and in plain letters on one outside end: the name of the person who first authorized the packing of the pears, or the name under which such packer is engaged in business, together with a sufficiently explicit address to permit ready location of such packer; the name of the variety, if known, and when not known the words "unknown variety"; the size description when the pears are packed in the four basket crate or the count when wrapped and packed throughout, in straight side containers in uniform layers and rows.

In the case of the four basket crate the numerical description of the pack in the top layer of the baskets shall be used to designate size. When the count is used to designate the contents of the container a variation of four pears more or less than the number stated shall be allowed.

Pears, when packed, shall be in standard containers numbers 1A, 5, 6, 7, 8, 9, 16, 17, 18, 19, 20, 26 or 27. Other size containers may be used if conspicuously marked on the outside of the end which bears any marks intended to describe the contents of such container, in letters not less than one-half inch in height, "irregular containers."

806. Damage to any one plum or fresh prune is not serious unless it causes a waste of ten per cent, by weight, of the individual plum or fresh prune.

Not more than ten per cent, by count, of the plums or fresh prunes in any one container or bulk lot may be below these requirements, but not to exceed one-half of this tolerance shall be allowed for any one cause.

Packed plums and fresh prunes shall not vary in size between the fruits, in any one container, more than one-fourth of an inch in diameter when measured through the widest portion of cross section.

All containers of plums and fresh prunes shall bear upon them in plain sight and in plain letters on one outside end: the name of the person who first authorized the packing of the plums and fresh prunes or the name under which such packer is engaged in business, together with a sufficiently explicit address to permit ready location of such packer; the name of the variety, if known, and when not known the words “unknown variety”; the size description when the plums and fresh prunes are packed in the four basket crate or the count when packed throughout, in a straight side container.

In the ease of the four basket crate the numerical description of the pack in the top layer of the baskets shall be used to designate size. When the actual count is used to designate the contents of the container, a variation of four plums or fresh prunes more or less than the number stated shall be allowed.

Plums and fresh prunes when packed shall be in standard containers numbers 1, 1A, 5, 6, 7, 8, 9, 12A, 14, 15, 16, 17, 18A, 22B, 24, 25, 26 or 27.

Other size containers may be used if conspicuously marked on the outside of the end which bears any marks intended to describe the contents of such containers, in letters not less than one-half inch in height, “irregular container.”

CH. 521] FIFTY-FIRST SESSION 1593

CHAPTER 2a. HONEY STANDARDS.

840. When used in this chapter:
(a) “Container” means any box, crate, chest, carton, barrel, keg or any other receptacle containing honey.
(b) “Subcontainer” means any “section box” or other receptacle used within a container.
(c) “Clean and sound containers” means containers which are virtually free from rust, stains or leaks.
(d) “Section box” means the wood or other frame in which bees have built a small comb of honey.
(e) “Pack,” or “packing” or “packed,” means the arrangement of all or a part of the subcontainers in any container.
(f) “Deceptive pack” means any container or subcontainer of honey which has, in any exposed surface, honey or honeycomb, so superior in quality, appearance, condition or in any other respect to that in the interior of the container or subcontainer, or the unexposed portion, as to materially misrepresent the contents. The pack shall be considered deceptive even though the honey in a container is virtually uniform in quality as defined in this chapter, when the outer or exposed surface is composed of honey which is not an accurate representation of the variation in quality of the honey in the entire container. Any pack shall be considered deceptive which is “slack-filled” unless the container is so marked, or which so closely approximates the size and appearance of any standard container as to tend to deceive and mislead the purchaser, even though such containers are marked with the proper net weight of the honey contained therein.
(g) “Slack-filled” means that the contents of any container occupy less than ninety-five per cent of the volume of the closed container.
(h) “Deceptive arrangement” or “deceptive display” means any lot or load, arrangement or display of honey which has in any exposed surface, honey which is so superior in quality, appearance or condition, or in any other respects, to any of that which is concealed or unexposed as to materially misrepresent any part of the lot, load, arrangement or display.
(i) “Mislabeled” means the placing or presence of any false or misleading statement, design or device upon, or in connec-
tion with, any container or lot of honey, or upon the label, lining, or wrapper of any such container, or any placard used in connection therewith, and having reference to such honey. A statement, design or device is false and misleading, when the honey to which it apparently or actually refers does not conform in every respect to such statement.

(j) "Placard" is any sign, label, or designation, other than an oral designation, used in connection with any honey as a description or identification thereof.

(k) "Honey" means the nectar of floral exudations of plants gathered and stored in the comb by honey bees (Apis mellifica). It is laevo-rotatory, contains not more than twenty (20) per cent of water, not more than twenty-five (25) one hundredths of one per cent of ash, not more than eight (8) per cent of sucrose, its specific gravity is not less than 1.412, its weight not less than eleven (11) pounds, twelve (12) ounces per standard gallon of 231 cubic inches at sixty-eight (68) degrees Fahrenheit.

(l) "Comb honey" means honey in the comb.

(m) "Extracted honey" means honey which has been removed from the comb.

(n) "Crystallized honey" means honey which has assumed a solid form due to the crystallization of one or more of the natural sugars therein.

(o) "Honey dew" means (1) the saccharine exudation of plants or insects, other than nectareous exudations, gathered and stored in the comb by honey bees (Apis mellifica) and (2) it is dextro-rotatory.

(p) "Foreign material" means pollen, wax particles, insects or other materials not deposited by bees.

(q) "Foreign honey" means any honey not produced within the State of California.

(r) "Agent" includes broker, commission merchant, auctioneer, solicitor, seller on consignment, and any other person acting upon the actual or implied authority of another.

841. The director and the commissioners of each county of the State, their deputies and inspectors, under the supervision and control of the director shall enforce this chapter. The refusal of any officer authorized under this chapter to carry out the orders and directions of the director in the enforcement of this chapter is neglect of duty.

The director may prescribe methods of selecting samples of lots or containers of honey, which shall be reasonably calculated to produce by such sampling fair representations of the entire lots or containers sampled; establish and issue official color charts depicting the color standards and requirements established in this chapter; and make such other rules and regulations as are necessary to secure uniformity in the enforcement of this chapter.

Any sample taken under the provisions of this chapter shall be prima facie evidence, in any court in this State, of the true
condition of the entire lot in the examination of which said sample was taken.

841.1. All enforcing officers may enter and inspect any place or conveyance within the county or district over which they have jurisdiction, where any honey is produced, stored, packed, delivered for shipment, loaded, shipped, being transported, or sold, and inspect all such honey and the containers thereof and equipment found in any such places or conveyances and take for inspection, such representative samples of the honey and such containers, as may be necessary to determine whether or not this chapter has been violated.

All enforcing officers shall cause the prosecution of any person whom they know or have reason to believe to be guilty of violating any of the provisions of this chapter. Any enforcing officer may, while enforcing the provisions of this chapter, seize and hold as evidence all or any part of any pack, load, bulk lot, consignment or shipment of honey packed, delivered for shipment, loaded, shipped, or being transported, or sold in violation of this chapter, or any container of such product, as may in his judgment be necessary to secure the conviction of the party he knows or believes has violated or is violating any of the provisions of this chapter.

Any prosecution for the violation of any provision of this chapter may be made in any county where any part of the offense occurred. Any evidence taken by any enforcing officer in any county may be admitted in evidence in any prosecution in any other county.

842. It is unlawful to prepare, pack, place, deliver for shipment, deliver for sale, load, ship, transport or sell any honey in bulk or in any container or subcontainer, which does not conform to the provisions of this chapter.

842.1. It is unlawful to prepare, pack, place, deliver for shipment, load, ship, transport, or sell a deceptive pack, lot, load, arrangement or display of honey.

842.2. It is unlawful to mislabel any container or sub-container of honey or place any false or misleading statement on any wrapper, label, or lining of any container of honey, or on any placard used in connection with or having reference to any honey.

842.3. It is unlawful to place or pack any honey in any container or subcontainer bearing any markings, or any designation of brand, quality, grade or other matter, unless all of such markings which do not properly and accurately apply to the product placed or packed therein have been removed, erased or obliterated.

842.4. It is unlawful to move any honey, or containers of honey to which any warning tag or notice has been affixed, except under written permit from an enforcing officer or under his specific direction.

842.5. It is unlawful to refuse to submit any container, subcontainer, load, or display of honey to the inspection of any enforcing officer, or to refuse to stop any vehicle con-
taining any honey, for the purpose of inspection by an enforcing officer.

843. Any honey, packed, stored, delivered for shipment, loaded, shipped, or being transported or sold in violation of any of the provisions of this chapter and its containers, is a public nuisance, and shall be held by the person in whose possession such honey may be and shall not be moved from the place where it may be, except under the specific direction of a proper enforcing officer. The enforcing officer may affix a warning tag or notice to such nuisance. If, after notice of such violation is given to the packer or owner of such honey, or to the agent of such packer or owner, such person, so notified, refuses, or fails within twenty-four hours, to recondition or remark the same so as to comply with all requirements of this chapter, such honey and its containers may be seized by the director or any enforcing officer and by order of the justice's, municipal or superior court of the county, city, or township within which the same may be, shall be condemned and destroyed, or released upon such conditions as the court, in its discretion, may impose to insure that it will not be packed, delivered for shipment, shipped, transported, or sold in violation of this chapter. In case an agent is found in possession of such honey, notice of rejection or any order of the court concerning such honey may be served on such agent and need not be served on such packer or owner. It is unlawful to fail to comply with the directions of any officer relating to the disposition of such honey, or with any order of court respecting the same.

843.1. Whenever any person is arrested for the transportation of honey in violation of this chapter, unless he demands the right to an immediate appearance before a magistrate, the arresting officer shall, upon production of satisfactory evidence of the identity of the person arrested, take his name and address, the number of his motor vehicle and such other information as may be necessary, and notify him in writing to appear at a time and place to be specified in such notice, such time to be at least five days after such arrest and such place to be before a magistrate of the township in which the offense with which the arrested person is charged is alleged to have been committed, or upon the demand of the person arrested, before a magistrate of the township in which is located the county seat of the county in which such offense is alleged to have been committed, whereupon such officer shall, upon the giving by such person of his written promise to appear at such time and place, forthwith release him from custody. However, in any county in which there is established a municipal court at the county seat thereof, the notice referred to herein may specify the appearance of the person arrested before any magistrate in the county.

Whenever any such person refuses to give his written promise to appear or demands an immediate appearance before a magistrate, he shall be taken forthwith before a
magistrate of the township in which the offense with which he is charged is alleged to have been committed. He shall then be entitled to at least five days continuance of his case in which to prepare to plead or to prepare for trial unless he waives such time in writing or in open court and gives his written promise to appear at such time and place as the court may fix for his further appearance or, if he refuses to give such promise, upon such bail as the court may fix and he shall thereupon be released from custody.

Any person who wilfully violates his promise given in accordance with this section is guilty of a misdemeanor regardless of the disposition of the charge upon which he was originally arrested. A promise to appear may be complied with by an appearance by counsel.

843.2. When any markings are used or required to be used by this chapter, on any container of honey to identify the container or describe the contents thereof, such markings must be plainly and conspicuously marked, stamped, stenciled, printed, labeled or branded in the English language in letters large enough to be readily discernible by any person, on the top, front, or side of any container. If the marking is on a placard used in display the placard must be placed or posted in such a position that there is no doubt as to the product it is to identify.

843.3. Any person, forwarding company, or common carrier may decline to ship or transport any honey when notified by any enforcing officer of this chapter, that such product is found to be delivered for shipment in violation of this chapter, and any such person, forwarding company, or common carrier may reserve the right, in any receipt, bill of lading or other writing given to the consignor thereof, to reject for shipment and to return to such consignor or hold at the expense and risk of the latter all honey, which upon inspection is found to be delivered for shipment in violation of this chapter.

844. Comb honey shall meet the requirements of and shall be classified, graded, packed and marked according to the grade, color, classification, packing and marketing requirements for comb honey specified in the United States Department of Agriculture grades, color standards and marking requirements for honey.

Comb honey which has crystallized shall be conspicuously marked with the word "crystallized" upon the container of honey or the label of any such container, or on a placard used in connection therewith having reference to such honey.

All containers or subcontainers of honey shall be conspicuously marked with the name and address of the producer or distributor; the net weight of the honey in the container; and the grade designation. If the color of the honey is designated on the container or subcontainer or upon a placard having reference to such honey it must conform to the color definitions provided in this section. Any containers or subcontainers of honey imported from any Territory or foreign country shall be
labeled with the name of the Territory or country of origin. Any honey which is a blend of honey, any part of which is not produced in continental United States, must be labeled with the name of the Territory or country where produced. Any honey which is a blend of two or more types of honey shall be labeled with the term "blended honey" and shall not be labeled as a honey product from any particular floral source alone. No containers or subcontainers of honey shall be marked or labeled with the name "California" unless the honey is produced entirely within the State. Any "slack filled" container shall be conspicuously marked "slack filled.

The classes as to colors comprising the California standards, shall conform to the United States color standards, using the readings on the Pfund honey scale as follows:

- White, from 1 to 34.
- Extra light amber, below 34 to 50.
- Light amber, below 50 to 85.
- Amber, below 85 to 114.
- Dark, below 114.

When in crystallized form and any doubt as to color is expressed, a sample of the honey shall be liquified and the honey graded on the liquid basis. Any honey may, however, be designated as to color, by its millimeter reading on the Pfund scale and, if this reading is given, no other designation is required.

The grades for extracted honey shall be as follows: (1) California Fancy; (2) California No. 1; and (3) California No. 2.

California Fancy. The honey shall be free from damage and from scum. Density not less than 1.412 which equals a Baume reading of 42.30 or a weight of 11 lbs. 12 ozs. per gallon of 231 cubic inches at 68 degrees Fahrenheit.

The honey shall be completely liquid when being sold as "liquid honey." When in crystallized form it shall be uniformly granulated. It shall be at least as free from foreign material as honey that has been strained through standard bolting cloth of 86 meshes per inch.

California No. 1. The honey shall be free from damage. Density not less than 1.412 which equals a Baume reading of 42.30 or a weight of 11 lbs. 12 ozs. per gallon of 231 cubic inches at 68 degrees Fahrenheit. It shall be practically free from scum. When in granulated form it shall be uniformly granulated. In honey sold as "liquid honey" not more than five per cent of the honey shall be granulated. It shall be at least as free from foreign material as honey that has been strained through standard bolting cloth of 23 meshes per inch.

California No. 2. Shall consist of extracted honey which does not meet the requirements of either of the foregoing grades, but which is free from excessive foreign material and serious damage.
Nothing in these regulations shall preclude the use of a trade name or floral source on any container of honey, providing such names do not obscure the markings required in these regulations, that they are not deceptive, or that the names do not imply that the quality of the honey contained is better than that set forth in the sections on grades and colors and as marked on the containers. Where the floral flavor of the honey is stated on the container, the honey contained therein must be true to such flavor.

In order to allow for variations incident to proper grading and handling, not more than five per cent, by count, of the containers or of the subcontainers in any lot of honey may be below the requirements for the grade, but no part of this tolerance shall be allowed for defects causing serious damage.

845. There are hereby established permissive standard containers for honey. The words "standard" or "standard container," shall not be placed on any container unless such container conforms to the requirements specified herein for standard containers of honey.

The following are the sizes and names of the standard containers referred to:

5 gallon tin cans.
10 lb. tin cans or pails.
5 lb. tin cans or pails.
2 1/2 lb. tin cans.
Glass bottle to hold 3 lbs. of honey.
Glass bottle to hold 2 lbs. of honey.
Glass bottle to hold 1 1/2 lbs. of honey.
Glass bottle to hold 16 ozs. avoirdupois of honey.
Glass bottle to hold 12 ozs. avoirdupois of honey.
Glass bottle to hold 8 ozs. avoirdupois of honey.
Glass bottle to hold 5 ozs. avoirdupois of honey.

845.1. All honey which is not graded, and/or which is intended to be used in the State, in commercial processing, as for clarifying and packing in retail or wholesale containers, or for the manufacture of honey products for resale or which is being delivered to any person in the State, for grading, packing, processing, or reconditioning, is exempt from the provisions of this chapter. The containers of such honey must not bear any false or misleading statements, and such honey must not be deceptively packed.

The owner or person in possession of honey which is to be used or disposed of as provided in this section, must, on demand of any enforcing officer under this chapter, give to such officer a sworn statement in writing, made before a notary public, specifying that the honey will be disposed of as provided in this section, and the name and address of the person, to whom such honey is to be delivered, and an accurate identification of such honey. Within a reasonable time after the demand and receipt of such statement by the officer, a written receipt must be presented to the commissioner of the county specified in the statement as the destination of the honey, by
the person making the above mentioned statement. This receipt must contain a signed statement by the person receiving such honey, that such honey, giving an accurate description of it, has been received.

845.2. The violation of any of the provisions of this chapter is a misdemeanor and punishable by a fine of not less than ten dollars nor more than five hundred dollars, or by imprisonment in the county jail for not more than six months, or by both.

1. A husband can not be examined for or against his wife without her consent; nor a wife for or against her husband, without his consent; nor can either, during the marriage or afterward, be, without the consent of the other, examined as to any communication made by one to the other during the marriage; but this exception does not apply to a civil action or proceeding by one against the other, nor to a criminal action or proceeding for a crime committed by one against the other, or for a crime committed against another person by a husband or wife while engaged in committing and connected with the commission of a crime by one against the other; or in an action brought by husband or wife against another person for the alienation of the affections of either husband or wife or in an action for damages against another person for adultery committed by either husband or wife.

[Approved by the Governor July 15, 1935. In effect September 15, 1935.]

The people of the State of California do enact as follows:

SECTION 1. Section 781 of the Agricultural Code is hereby amended to read as follows:

781. As used in this chapter:
(a) "Container" means any box, crate, lug, chest, basket, carton, barrel, keg, drum, sack, or other receptacle.
(b) "Subcontainer" means any container when being used within another container.
(c) "Closed container" means any container the contents of which are hidden or partially hidden from view by a cover or wrapping of any kind.
(d) "Pack," "packing," or "packed" means the regular compact arrangement of all or part of the fruit or vegetables in any container or subcontainer.
(e) "Deceptive pack" means any container or subcontainer which has in the outer layer or any exposed surface, fruits, nuts or vegetables which are in quality, size, condition, or in any other respect so superior to those in the interior of the container or subcontainer or in the unexposed portion as to materially misrepresent the contents. Such pack is deceptive when the outer or exposed surface is composed of products whose size is not an accurate representation of the variation of size of the products in the entire container, even though the fruits, nuts or vegetables in the container are virtually uniform in size or comply with the specific commodity size variation requirements of this chapter.
(f) "Deceptive arrangement" or "deceptive display" of fresh or dried fruits, nuts or vegetables means any bulk lot or load, arrangement or display of such products which has in the exposed surface, fresh or dried fruits, nuts or vege-
tables which are so superior in quality, size, condition, or in any other respect so superior to those which are concealed, or the unexposed portion, as to materially misrepresent any part of the bulk lot or load.

(g) "Fruits, nuts, or vegetables" means the food product of any tree, vine or plant.

(h) "Mature," except when otherwise specifically defined, means having reached that stage of ripeness which will insure the proper completion of the ripening process after the removal of the product from the tree, plant or vine.

(i) "Overripe" means having reached an advanced state of maturity which causes the product to be undesirable or inedible in a fresh state.

(j) "By product" means any product commercially processed, preserved or manufactured from fruits, nuts or vegetables, except fresh citrus fruit juices, with or without the addition of other ingredients.

(k) "Processing," "preserving," or "manufacturing" includes canning, preserving, fermenting, which materially alters the flavor, keeping quality, or any other property, and extracting of juices or other substances, and making of any substantial change of form, but does not include refrigeration at temperatures above the freezing point nor any other treatment which merely retards or accelerates the natural processes of ripening or decomposition.

(l) "Agent" includes broker, commission merchant, auctioneer, solicitor, seller on consignment, and any other person acting upon the actual or implied authority of another.

(m) "Mislabel" means the placing or presence of any false or misleading statement, design, or device, upon any container, or upon the label or lining of any such container, or upon the wrapper of any fresh or dried fruit, nut or vegetable, or upon any fruit, nut or vegetable, or upon any placard used in connection therewith or having reference to such fresh or dried fruits, nuts or vegetables. A statement, design or device is false or misleading, when the fresh or dried fruit, nut or vegetable, or container to which it apparently or actually refers, does not conform in every respect to such statement.

(n) A "bulk lot" or "bulk load" of any fresh or dried fruit, nut or vegetable is any one group of specimens of such product which is not in a container and which is set apart or is separate from any other group or groups.

(o) A "placard" is any sign, label, or designation other than an oral designation used in connection with any fresh or dried fruit, nut or vegetable as a description or identification thereof.

(p) "Cross section" means the section of the fruit or vegetable taken at a right angle to a straight line drawn from the stem end to the distal end thereof.
783. All enforcing officers may enter and inspect any place or conveyance within the county or district over which they have jurisdiction, where any fresh or dried fruits, nuts or vegetables are produced, stored, packed, delivered for shipment, loaded, shipped, being transported, or sold, and inspect all such fresh or dried fruits, nuts and vegetables and the containers thereof and equipment found in any such places or conveyances and take for inspection, such representative samples of the produce and such containers, as may be necessary to determine whether or not this chapter has been violated.

All enforcing officers shall cause the prosecution of any person whom they know or have reason to believe to be guilty of violating any of the provisions of this chapter. Any enforcing officer may, while enforcing the provisions of this chapter, seize and hold as evidence all or any part of any pack, load, bulk lot, consignment or shipment of fresh or dried fruits, nuts or vegetables packed, delivered for shipment, loaded, shipped, or being transported, or sold in violation of this chapter, or any container of such product, as may in his judgment be necessary to secure the conviction of the party he knows or believes has violated or is violating any of the provisions of this chapter.

Any prosecution for the violation of any provision of this chapter may be made in any county where any part of the offense occurred. Any evidence taken by any enforcing officer in any county may be admitted in evidence in any prosecution in any other county.

The commissioner of each county, his deputies and inspectors holding valid certificates of eligibility for the office to which they have been appointed, are hereby authorized upon request to issue certificates stating that the fruits, nuts or vegetables inspected meet all of the requirements of this chapter or the requirements of the State or country of intended destination other than this State.

The board of supervisors of the county may at their option establish a schedule of fees for such certificates to be paid by owners, shippers or other interested parties requesting such certificates. The schedule of fees established for such certificates shall be based upon the approximate cost of the inspection necessary to determine that the fruits, nuts or vegetables have met such requirements. In no case shall the maximum charge for each certificate on any one consignment, shipment or bill of lading consisting of ten or less separate packages, parcels, boxes, crates or other containers on an inspection made at one time and place exceed twenty-five cents and in no other case fifty cents for each certificate except for certificates on truck load or cariot inspections.

Sec. 3. Section 784 of said act is hereby amended to read as follows:

top thereof with a label accurately describing the kinds of such dried fruits or nuts contained in the unexposed portions.

Sec. 10. Section 784.7 is hereby added to said act to read as follows:

784.7. It is unlawful to refuse to submit any container, sub-container, load, or display of fruits, nuts, or vegetables to the inspection of any enforcing officer, or to refuse to stop any vehicle containing any fruits, nuts, or vegetables, for the purpose of inspection by an enforcing officer.

785. Any fruits, nuts or vegetables, packed, stored, delivered for shipment, loaded, shipped, or being transported or sold in violation of any of the provisions of this chapter and their containers, are public nuisances, and shall be held by the person in whose possession they may be and shall not be moved from the place where they may be, except under the specific direction of a proper enforcing officer. The enforcing officer may affix a warning tag or notice to such nuisance. If, after notice of such violation is given to the packer or owner of such fruits, nuts or vegetables, or to the agent of such packer or owner, such person, so notified, refuses, or fails within twenty-four hours, to recondition or remark the same so as to comply with all requirements of this chapter, such fruits, nuts or vegetables and their containers may be seized by the director or any enforcing officer and by order of the justice’s, municipal or superior court of the county, city, or township within which the same may be, shall be condemned and destroyed, or released upon such conditions as the court, in its discretion, may impose to insure that they will not be packed, delivered for shipment, shipped, transported, or sold in violation of this chapter. In case an agent is found in possession of such fruits, nuts or vegetables, notice of rejection or any order of the court concerning such fruits, nuts or vegetables may be served on such agent and need not be served on such packer or owner. It is unlawful to fail to comply with the directions of any officer relating to the disposition of such fruits, nuts or vegetables, or with any order of court respecting the same.

Sec. 12. Section 787 of said act is hereby amended to read as follows:

787. When any markings are used or required to be used by this chapter, on any container of any fruits, nuts, and vegetables to describe the contents thereof, such markings, with the exception of net weight, must be plainly and conspicuously marked, stamped, stenciled, printed, labeled or branded on one end of each box, lug, or carton, and either on one side or the top cover of each basket, barrel, or other similar containers. The designation of grade shall be stated in letters of not less than one-half inch in height. If the marking is on a placard used in display the placard must
be placed or posted in such a position that there is no doubt as to the product it is to identify.

SEC. 13. Section 788 is hereby amended to read as follows:

788. Nothing in this chapter shall be construed to conflict with any California or Federal laws or regulations regarding net weight or other markings on containers or subcontainers.

SEC. 14. Section 822 of said act is hereby amended to read as follows:

822. All containers of apples shall bear upon them in plain sight and in plain letters on one outside end: the name of the person who first authorized the packing of the apples or the name under which such packer is engaged in business, together with a sufficiently explicit address to permit ready location of such packer; name of variety, if known, and when not known the words "unknown variety"; the grade of the apples therein contained; the date when such apples were first packed, or if repacked, the date of repacking; and on each container of apples which has been held in cold storage for more than thirty days after being packed, a statement of the fact that the contents have been held in cold storage; the minimum net weight of the apples contained therein, or the cubical contents of the package, and in the case of wrapped packed apples the numerical count. [Approved by the Governor July 15, 1935. In effect September 15, 1935]

The people of the State of California do enact as follows:

   (e) The term "commission merchant" means any person who shall receive on consignment or solicit from the producer thereof any farm product for sale on commission on behalf of such producer, or who shall accept any farm product in trust from the producer thereof for the purpose of resale, or who shall sell or offer for sale on commission any farm product, or who shall in any way handle for the account of or as an agent of the producer thereof any farm product.
   (f) The term "dealer" means any person other than a commission merchant who obtains from the producer thereof possession or control of any farm product except by payment to the producer, at the time of obtaining such possession or control, of the full agreed price of such commodity in lawful money of the United States; provided, that any person licensed as a slaughterer under the provisions of Article 3 of Chapter 1 of Division III of this code shall not be required to obtain a license as a dealer under this chapter, and provided that the term "dealer" as herein defined shall not include retail merchants having a fixed or established place of business in this State.

   (i) The term "director" means State Director of Agriculture.

Sec. 2. Section 1263 of the Agricultural Code is hereby amended to read as follows:

1263. No person shall act as a commission merchant, dealer, broker or agent without having obtained a license as provided in this chapter. Every person, acting as a commission merchant, dealer, broker or agent as herein defined shall file an application with the director for a license to transact the busi-
ness of commission merchant, dealer, broker, and/or agent, and such application shall be accompanied by the license fee herein provided for each specified class of business. Separate applications shall be filed for each class of business.

Application.

Such application shall in each case state the class or classes of farm products applicant proposes to handle, the full name of the person applying for such license, and if the applicant be a firm, exchange, association or corporation, the full name of each member of the firm, or the names of the officers of the exchange, association or corporation shall be given in the application. Such application shall further state the principal business address of the applicant in the State of California and elsewhere and the name or names of the person or persons authorized to receive and accept service of summons and legal notices of all kinds for the applicant. Such applicant shall further satisfy the director of his or its character, responsibility and good faith in seeking to carry on the business stated in the application.

In addition to the general requirements applicable to all classes of applications as in this section set forth, the following requirements shall apply to the class of application noted:

(a) Commission merchants. Each application shall include a schedule of commissions and charges for services, and such designated commissions and charges shall not be changed or varied for the license period except by written contract between the parties.

(b) Agents: Each application shall include such information as the director may consider proper or necessary, and shall include the name and address of applicant, and the name and address of each commission merchant, dealer or broker represented or sought to be represented by said agent, and the written indorsement or nomination of such commission merchant, dealer or broker.

The director shall thereupon issue to such applicant, a license entitling the applicant to conduct the business described in the application at the place named in the application for a year from the date thereof or until the same shall have been revoked for cause. Provided, however, that licenses of agents shall expire upon the date of expiration of the license of the principal for whom the agent acts. The director may also issue to each agent a card or cards, which shall bear the signature of said agent and his principal, separate cards being required for each principal. Any agent shall show said card or cards upon the request of any interested person.

Fraud or misrepresentation in making any application shall ipso facto work a revocation of any license granted thereunder. All indicia of the possession of a license shall be at all times the property of the State of California and each licensee shall be entitled to the possession thereof only for the duration of said license.

For filing the application herein described, each applicant must pay a fee as follows:
(a) Commission merchants: Twenty-five dollars for each year; provided, that a person licensed as a slaughterer under the provisions of Article 3 of Chapter 1 of Division III of this code shall be entitled to be licensed as a commission merchant without payment of further fees.

(b) Dealers: Twenty-five dollars for each year.

(c) Brokers: Twenty-five dollars for each year.

(d) Agents: One dollar for each year.

Any person who shall have been licensed as a commission merchant shall, upon application, be licensed also as a dealer and as a broker as defined herein, without payment of further fees, and shall thereupon conform to the parts of this chapter regulating the business of a dealer and/or broker. Any person who has applied for and received a license as a dealer or broker in the manner and upon payment of the fee herein set forth may apply for and secure a license as a commission merchant in addition to the license issued to him as such dealer or broker, without payment of further fee and upon further complying with those parts of this chapter regulating the licensing of a commission merchant.

Sec. 3. Section 1264 of the Agricultural Code is hereby amended to read as follows:

1264. The director may publish in pamphlet form as often as he thinks necessary a list of all licensed commission merchants, dealers, brokers and agents together with all necessary rules and regulations concerning the enforcement of this chapter. Each licensed commission merchant, dealer, broker or agent shall post his license or a copy thereof in his office or salesroom in plain view of the public. The director shall issue to any dealer who collects or receives farm products from producers by truck, a card which shall bear the signature of said dealer, certifying that he is licensed as a produce dealer, and the dealer shall show said card upon the request of any interested person. All license fees collected under the provisions of this chapter shall be paid into the State treasury monthly and shall be credited to the Department of Agriculture fund and expended in carrying out the provisions of this chapter.

Sec. 4. Section 1265 of the Agricultural Code is hereby amended to read as follows:

1265. Before any license is issued to any commission merchant, the applicant shall execute and deliver to the director a surety bond in the sum of five thousand dollars executed by the applicant as principal and by a surety company qualified and authorized to do business in this State as surety. Said bond shall be conditioned upon compliance with the provisions of the chapter and upon the faithful and honest handling of farm products in accordance with the terms of this chapter. Said bond shall be to the State in favor of every producer-consignor of farm products. Any producer-consignor of farm products claiming to be injured by the fraud, deceit or wilful negligence of any commission merchant may bring action upon
said bond against both principals and surety in any court of competent jurisdiction to recover the damages caused by such fraud, deceit or willful negligence, or the failure to comply with the provisions of this chapter. In case of failure by a commission merchant to pay producer-consignee creditors for farm products received from said consignors to be sold, the director shall proceed forthwith to ascertain the names and addresses of all consignor creditors of such commission merchant, together with the amounts due and owing to them and each of them by such commission merchant, and shall request all such consignor creditors to file a verified statement of their respective claims with the director. Thereupon the director shall bring an action on the bond in behalf of said consignor creditors. Upon any action being commenced on said bond, the director may require the filing of a new bond and immediately upon the recovery in any action on such bond such commission merchant shall file a new bond and upon failure to file the same within ten days in either case, such failure shall constitute grounds for the suspension or revocation of his license.

Sec. 5. Section 1267 of the Agricultural Code is hereby amended to read as follows:

1267. For the purpose of enforcing the provisions of this chapter the director is authorized to receive verified complaints from producers against any commission merchant, dealer, broker or agent or any person, assuming or attempting to act as such, and upon receipt of such verified complaint shall have full authority to make any and all necessary investigations relative to the said complaint. He shall have at all times free and unimpeaded access to all buildings, yards, warehouses, storage and transportation facilities in which any produce is kept, stored, handled or transported. He shall have full authority to administer oaths and take testimony thereunder, to issue subpensas requiring the attendance of witnesses before him, together with all books, memoranda, papers, and other documents, articles or instruments; to compel the disclosure by such witnesses of all facts known to them relative to the matters under investigation, and all parties disobeying the orders or subpensas of said director shall be guilty of contempt and shall be certified to the superior court of the State for punishment for such contempt. Copies of records, inspection certificates, certified reports, findings and all papers on file in the office of the director shall be prima facie evidence of the matters therein contained.

Sec. 6. Section 1268 of the Agricultural Code is hereby amended to read as follows:

1268. The director on his own motion may or upon the verified complaint of any interested party shall investigate, examine or inspect any transaction involving solicitation, receipt, sale or attempted sale of farm products by any person or persons acting or assuming to act as a commission merchant, dealer, broker or agent; failure to make proper and true
account of sales and settlement thereof as in this chapter required; the intentional making of false statements as to condition, and quantity of any farm products received or in storage; the intentional making of false statements as to market conditions; the failure to make payment for farm products within the time required by this chapter; or investigate, examine or inspect any and all other injurious transactions, and in furtherance of any such investigation, examination or inspection, the director or any authorized representative, may examine that portion of the ledgers, books, accounts, memoranda and other documents, farm products, scales, measures, and other articles and things used in connection with the business of such person relating to the transactions involved. When a producer-consignor of farm products fails to obtain settlement satisfactory to him in any transaction after having notified the consignee, a verified complaint may be filed with the director who shall undertake to effect a settlement, and in the event that he shall fail to effect such settlement, he shall cause a copy of such complaint, together with a notice of the time and place of hearing of such complaint, to be served personally or by mail upon such person. Such service shall be made at least ten days before the hearing, which shall be held in the city or town in which is situated the business location of the licensee, or in which the transaction complained of is said to have occurred, or at the nearest office of the State Department of Agriculture. At the time and place appointed for such hearing the director or his agents, shall hear the parties to such complaint, and shall enter in the office of the director at Sacramento a decision either dismissing such complaint or specifying the facts established on such hearing. If upon such hearing the director determines from the facts specified that the licensee has violated any provision of section 1269 of this chapter, he shall, unless the offender has already made reparation to the person complaining, determine the amount of damage, if any, to which such person is entitled as a result of such violation, and shall make an order directing the offender to pay to such person complaining such amount on or before the date fixed in the order. A copy of such decision shall be furnished to each, every and all the respective parties thereto.

Sec. 7. A new section is hereby added to the Agricultural Code to be numbered 1268.5 to read as follows:

1268.5. In the event that a person against whom an order as specified in section 1268 of this chapter is made and issued shall fail, neglect or refuse to obey said order or orders, within the time specified in said order, the director may thereupon, and in the premises, issue a further order to said person, directing said person to show cause why the license or licenses of said person should not be suspended or revoked for failure to comply with said order.

In such case, a copy of said order to show cause, together...
service shall be made at least ten days before said hearing, which shall be held in the city or town in which is situated the business location of the licensee, or at an office of the Department of Agriculture nearest to said city or town.

At the time and place appointed for such hearing the director or his agents shall hear the matter set forth in the order, and the showing of the licensee in the premises, and shall enter in the office of the director at Sacramento an order and decision specifying the facts, dismissing the order to show cause, or directing the suspension or revocation of the license or licenses held by the licensee, or making such other conditional or probationary orders as may be proper. A copy of said order and decision shall be furnished to the licensee.

Nothing in this section contained may be construed as limiting the power of the director to revoke or suspend a license when he is satisfied of the existence of any of the facts specified in section 1269 of this chapter.

Sec. 8. Section 1269 of the Agricultural Code is hereby amended to read as follows:

1269. The director may refuse to grant a license and may revoke or suspend any license, as the case may require, when he is satisfied of the existence of any of the following facts:

(a) That fraudulent charges or returns have been made by the applicant, or licensee, for the handling, sale or storage of, or for rendering of any service in connection with the handling, sale or storage of any farm products.

(b) That the applicant, or licensee, has failed or refused to render a true account of sales, or to make a settlement thereon, or to pay for farm products received, within the time and in the manner required by this chapter.

(c) That the applicant, or licensee, has made any false statement as to the condition, quality or quantity of farm products received, handled, sold or stored by him.

(d) That the applicant, or licensee, directly or indirectly, has purchased for his, or its own account, farm products received by him upon consignment without prior authority from consignor together with price fixed by consignor or without promptly notifying the consignor of such purchase. This shall not prevent any commission merchant from taking to account of sales, in order to close the day’s business, miscellaneous lots or parcels of farm products remaining unsold, if such commission merchant shall forthwith enter such transaction on his account of sales.

(e) That the applicant, or licensee, has intentionally made any false or misleading statement as to the conditions of the market for any farm products.

(f) That the applicant, or licensee, has made fictitious sales or has been guilty of collusion to defraud the producer.

(g) That a commission merchant to whom any consignment is made has reconsigned such consignment to another commis-
sale therefor for the consignor, unless by consent of such consignor.

(h) That the licensee was intentionally guilty of fraud or deception in the procurement of such license.

(i) That the licensee or applicant has failed or refused to file with the director a schedule of his charges for services in connection with produce handled on account of or as an agent of another; that the applicant, or licensee has indulged in any unfair practice.

Previous violation by the applicant or by any person connected with him or it of any of the provisions of this chapter shall be good and sufficient ground for denial of a license.

Sec. 9. Section 1273 of the Agricultural Code is hereby amended to read as follows:

1273. (1) Any person is guilty of a misdemeanor and is punishable by a fine of not more than one thousand dollars, or by imprisonment in the county jail for not more than one year, or by both who assumes or attempts to act as a commission merchant, dealer, broker or agent without a license, or who, being a commission merchant:

(a) Imposes false charges for handling or services in connection with farm products.

(b) Fails to account promptly, correctly, fully and properly and to make settlement therefor as herein provided.

(c) Intentionally makes false or misleading statement or statements as to market conditions.

(d) Makes fictitious sales or is guilty of collusion to defraud the producer.

(e) Directly or indirectly purchases for his own account, goods received by him upon consignment without prior authority from the consignor, or fails promptly to notify the consignor of such purchases, if any, on his own account. This clause does not prevent any commission merchant from taking to account of sales, in order to close the day's business, miscellaneous lots or parcels of farm products remaining unsold, if such commission merchant forthwith enters such transaction on his account of sales.

(f) Intentionally makes false statement or statements as to the grade, condition, markings, quality or quantity of goods shipped or packed in any manner.

(g) Fails to comply in every respect herewith.

(2) Civil suits and criminal prosecutions arising by virtue of any of the provisions of this chapter may be commenced and tried in either the county where the products were received by the commission merchant, dealer, broker or agent, or within the county in which the principal place of business of such commission merchant, dealer, broker or agent is located, or within the county in which the violation of this chapter occurred.
CHAPTER 557

An act to amend sections 1206 and 1207 of the Code of Civil Procedure, relating to preferred claims for work or personal services.

[Approved by the Governor July 15, 1935. In effect September 15, 1935.]

The people of the State of California do enact as follows:

SECTION 1. Section 1206 of the Code of Civil Procedure is hereby amended to read as follows:

1206. Upon the levy of any attachment, garnishment, or execution, not founded upon a claim for labor, any miner, mechanic, salesman, servant, clerk, laborer or other person who has performed work or rendered personal services for the defendant within ninety days prior to the levy, may file a verified statement of his claim therefor with the officer executing the writ, file a copy thereof with the court which issued the writ, and give copies thereof, containing his address, to the plaintiff and the defendant, or any attorney, clerk or agent representing them, or mail copies to them by registered mail at their last known address, return of which by the post office undelivered shall be deemed a sufficient service if no better address is available, and such claim, not exceeding two hundred dollars, unless disputed, must be paid by such officer, immediately upon the expiration of the time for dispute of the claim as prescribed in section 1207, from the proceeds of such levy remaining in his hands at the time of the filing of such statement or collectible by him on the basis of the writ.

The court issuing the writ must make a notation on its docket of every preferred labor claim of which it receives a copy and must endorse on any execution or abstract of judgment issued subsequently in the case that it is issued subject to the rights of a preferred labor claimant or claimants thereunder and giving the names and amounts of all such preferred labor claims of which it has notice. In levying any execution the officer making the levy shall include in the amount due under the execution any and all preferred labor claims that have been filed in the action and of which he has notice, except any claims which may have been finally disallowed by the court under the procedure provided for herein and of which disallowance he has actual notice. The amount due on preferred labor claims that have not been finally disallowed by the court shall be considered a part of the sum due under any attachment, garnishment or execution in augmentation of the amount thereof and it shall be the duty of any person, firm, association or corporation on whom a writ of attachment, garnishment or execution is levied to immediately pay to the levying officer the amount of such preferred labor claims, out of any money belonging to the defendant in the action, before paying the principal sum called for in the writ.
If any claim is disputed within the time, and in the manner prescribed in section 1207, and a copy of the dispute is mailed by registered mail to the claimant or his attorney at the address given in his statement of claim and the registry receipt is attached to the original of the dispute when it is filed with the levying officer, or is handed to the claimant or his attorney, the claimant, or his assignee, must within ten days after such copy is deposited in the mail or is handed to the claimant or his attorney petition the court having jurisdiction of the action on which the writ is based, for a hearing before it, to determine his claim for priority, or the claim to priority is barred. If more than one attachment, garnishment or execution is involved the petition shall be filed in the court having jurisdiction over the senior attachment, garnishment or execution. The hearing shall be held within twenty days from the filing of the petition unless the court continues it for good cause. Ten days’ notice of the hearing shall be given by the petitioner to the plaintiff and the defendant, and to all parties claiming an interest in the property, or their attorneys. The notice may be informal and need specify merely the name of the court, names of the principal parties to the senior attachment, garnishment or execution and name of the wage claimant or claimants on whose behalf it is filed but shall specify that the hearing is for the purpose of determining the claim for priority. The plaintiff or the defendant, or any other party claiming an interest may contest the amount or validity of the claim in spite of any confession of judgment or failure to appear or to contest the claim on the part of any other person.

There shall be no cost for filing or hearing the petition and the hearing on same shall be informal but all parties testifying must be sworn. Any claimant may appear on his own behalf at the hearing and may call and examine witnesses to substantiate his claim. An appeal may be taken from a judgment in a proceeding under this section in the manner provided for appeals from judgments of the court where the proceeding is had.

The officer must retain in his possession until the determination of the claim for priority so much of the proceeds of the writ as may be necessary to satisfy the claim, and if the claim for priority is allowed, the officer must pay the amount due, including the claimant’s cost of suit, from such proceeds, immediately after the order allowing the claim becomes final.

Sec. 2. Section 1207 of the Code of Civil Procedure is hereby amended to read as follows:

1207. Within five days after receiving a copy of the statement provided for in the next preceding section, either the plaintiff or the defendant in the action in which the writ issued may file with the officer a sworn statement denying that any part of such claim is due for services rendered within ninety days next preceding the levy of the writ, or denying that any part of such claim is due for services rendered touching a claim specified in the
belief unless the party swearing to same has actual information and belief that the wage claim, or the portion thereof that is contested, is not justly due, and in such case the nature and source of the information must be given. If a part of the claim is admitted to be due, and the claimant nevertheless files a petition for hearing and the court does not allow more than the amount so admitted, he can not recover costs but the costs must be adjudged against him, and the amount thereof deducted from the sum found due him.

CHAPTER 558.

All such applications for refund based upon exportation of motor vehicle fuel from this State must be filed with the State Controller within forty-five days from the date of exportation; all other applications shall be filed within twelve months from the date of the purchase of such motor vehicle fuel. Section 1. Section 21.1 of the Bank Act is hereby amended to read as follows:

Sec. 21.1. No bank shall, directly or indirectly, by any device whatever, pay any interest on any deposit which is payable on demand; provided, that nothing herein contained shall be construed as prohibiting the payment of interest in accordance with the terms of any certificate of deposit or other contract heretofore entered into in good faith which is in force on the date of the enactment hereof; but no such certificate of deposit or other contract shall be renewed or extended unless it shall be modified to conform herewith, and every bank shall take such action as may be necessary to conform herewith as soon as possible consistently with its contractual obligations; provided, however, that this section shall not apply to any deposit of such bank which is payable only at an office thereof located in a foreign country, and shall not apply to any deposit made by a savings bank, nor to any deposit of public funds made by or on behalf of the State, or of any county, city and county, city, town, municipality or other public or municipal corporation of the State of California, with respect to which payment of interest is required under State law.

No bank shall pay any time deposit before its maturity, or waive any requirement of notice before payment of any savings deposit except as to all savings deposits having the same requirement.

Sec. 2. Section 53 of the Bank Act is hereby amended to read as follows:

Sec. 53. The capital stock of any bank having a capital stock shall have a par value of one hundred dollars per share, or such other amount as shall be approved by the Superintendent of Banks, and the paid up value shall be endorsed upon the face of each certificate issued, which paid up value shall be the same on all certificates issued. No bank whose capital stock, on January 1, 1915, failed to comply with any of the requirements of this section, shall be compelled to change its capital stock in compliance herewith.

Sec. 3. Section 54 of the Bank Act is hereby amended to read as follows:

Sec. 54. Unless the time be extended by the Superintendent of Banks in writing all real estate purchased by any bank at sales under pledges, mortgages or deeds of trust for its benefit for money loaned and such is may be conveyed to
it by borrower in satisfaction and discharge of loans made thereon and all other real estate owned or held by it, which is not necessary for carrying on its business, must be sold or exchanged for other real estate by such bank within ten years after title thereto shall have vested in it by purchase or otherwise; provided, however, that no exchange of such real estate for other real estate shall be made unless and until written consent thereto shall first be given by the Superintendent of Banks; and provided, further, that any real estate so taken in exchange may be held for such period of time as the Superintendent of Banks may fix but not to exceed ten years. Nothing in this section contained shall be deemed to affect the power of the Superintendent of Banks to require the writing down of the value of the real estate held by any bank, at any time, when such writing down shall be proper.

Sec. 4. Section 63 of the Bank Act is hereby amended to read as follows:

Sec. 63. Savings banks may issue general certificates of deposit, which are transferable, as in other cases, by indorsement and delivery; may issue, when requested by the depositor, special certificates, acknowledging the deposit by the person therein named of a specified sum of money, and expressly providing on the face of such certificate that the sum so deposited and therein named may be transferred only on the books of the bank; payment thereafter made by the bank to the depositor named in such certificate, or to his assignee named upon the books of the bank, or in case of death, to the legal representative of such person, of the sum for which such special certificate was issued, shall discharge the bank from all further liability on account of the money so paid.

All time certificates of deposit issued by a savings bank shall be payable: (1) Without notice, on a certain date, specified in the instrument, not less than thirty days after the date of deposit, or (2) Without notice, at the expiration of a certain time specified in the instrument subsequent to the date of the instrument, in no case less than thirty days, or (3) Upon notice in writing which is actually required to be given a certain number of days specified in the instrument, not less than thirty days, before the date of repayment, and (4) In all cases only upon presentation and surrender of the instrument.

Sec. 5. Section 64 of the Bank Act is hereby amended to read as follows:

Sec. 64. Each savings bank must prescribe by its by-laws, or by contract with its depositors, the time and conditions on which repayment is to be made to depositors, except as in this act otherwise provided. In all cases, except as in this act otherwise provided, the by-laws or contracts shall provide that notice of at least thirty days may, at the option of any such bank, be required to be given of intention to withdraw any deposit or part thereof, but whenever there is any call by depositors for repayment of a greater amount than the bank
may have disposable for that purpose, the directors or officers thereof must not make any new loan or investment of the funds of the depositors or of earnings thereof until such excess of call has ceased. The directors of any such bank having no capital stock shall, before the declaration of any dividend, carry at least one-tenth part of the net profits of such bank, for the preceding half year, or for the period covered by said dividend, to its reserve fund. Subject to the provisions of section 19 of this act, any losses sustained by any such bank may be charged to and paid out of its reserve fund. A larger reserve fund may be created and nothing herein contained shall be construed as prohibitory thereof. The assets of any such bank are a security to its depositors. Any such bank organized without capital stock may provide by its by-laws for the disposal of any amount in its reserve fund in excess of the amount required by section 19 of this act, and may also provide for final disposal, upon the dissolution of the bank, of its reserve fund or the balance thereof remaining after payment of any losses of such bank.

Sec. 6. Section 105 of the Bank Act is hereby amended to read as follows:

Sec. 105. Except as otherwise provided by law every trust company shall invest its capital and surplus and any trust funds received by it in connection with its trust business, in accordance with the provisions of this act relative to the investment or loan of funds deposited with savings banks, unless the terms or provisions of the trust of which such funds constitute a part contain a specific agreement or provision to the contrary or unless it is otherwise ordered by the court in connection with any court trust.

Any trust company holding funds awaiting investment or distribution may deposit such funds with any State or National bank which has been designated as a depository by the Superintendent of Banks, or in which such deposit will be fully insured under the provisions of any law of the United States, and any trust department of any bank doing a departmental business may deposit such funds so held by it with the savings department or the commercial department of the same corporation or association; provided, however, that no such funds so held awaiting investment shall be deposited by any trust department of a departmental bank with the savings department or the commercial department of the same corporation or association or of any corporation or association holding or owning the whole or any part of the capital stock of the trust company making such deposit unless such corporation or association shall first set aside, as security for such deposit, bonds or securities of the kind in which savings banks are permitted to invest and which bonds or securities so set aside shall have a value not less than the funds so deposited; provided, further, that no security shall be required in case of any such part of any
such deposits as is insured under the provisions of any law of the United States.

Every trust company may hold, during the life of the trust, all property, real and personal, received by it into the trust from any source, though such property be not legal for the investment of trust funds, in the same manner and upon the same conditions as if such property were legal for the investment of trust funds, unless the terms of the instrument creating or declaring the trust specifically provide to the contrary.

Sec. 7. Section 133 of the Bank Act is hereby amended to read as follows:

Sec. 133. Whenever it shall appear from the report of any bank, or the Superintendent of Banks shall have reason to believe that the capital of any bank is impaired or reduced below the amount required by law, it shall be the duty of the Superintendent of Banks and he shall have the power to examine said bank and ascertain the facts, and in case he finds such impairment or reduction of capital, he shall require such bank to make good the deficiency so appearing within sixty days after the date of such requisition. The directors of every such bank, upon which such requisition shall have been made, shall levy an assessment upon the stock thereof to repair such deficiency, and shall cause notice of such requisition to be given to each stockholder of the bank and of the amount of the assessment which he must pay for the purpose of making good such deficiency, by a written or printed notice mailed to such stockholder at his last known address or served personally upon him. If any stockholder shall refuse or neglect to pay the assessment specified in such notice within thirty days from the date of mailing or serving in such notice as aforesaid, the directors of such bank shall have the right to sell to the highest bidder at public auction the stock of such stockholder, after giving a previous notice of such sale for ten days in a newspaper of general circulation published in the county where the principal place of business of such bank is located, and a copy of such notice of sale shall also be served on the owner of such stock by being served personally on him or by mailing to his last known address ten days before the day fixed for such sale; or such stock may be sold at private sale and without such public notice; provided, however, that before making such private sale thereof an offer in writing shall first be obtained and a copy thereof served upon the owner of record of the stock sought to be sold, either personally or by mailing a copy of such offer to his last known address, and if, after service of such offer, such owner shall still refuse or neglect to pay such assessment within two weeks from the time of the service of such offer, the said directors may accept such offer and sell such stock to the person making such offer, or to any other person or persons making a larger offer than the amount named in the offer submitted to the stockholder; but such stock shall in no event
be sold for less than the amount of said assessment so called for and the cost of sale. Out of the avails of the stock so sold, the directors shall pay the amount of assessment levied thereon, and the necessary cost of sale, and the balance, if any, shall be paid to the person or persons whose stock has thus been sold. A sale of stock as herein provided shall effect an absolute cancellation of the outstanding certificate or certificates evidencing the stock so sold, and shall make the same null and void, and a new certificate shall be issued by the bank to the purchaser thereof.

Sec. 8. Section 135d of the Bank Act is hereby amended to read as follows:

Sec. 135d. Notwithstanding any other provision of law, any bank may, with the approval of the Superintendent of Banks and by vote of shareholders owning a majority of the stock of such bank, upon not less than five days’ notice, given by registered mail pursuant to action taken by its board of directors, issue preferred stock of one or more classes in such amount and with such par value as shall be approved by the Superintendent of Banks, and make such amendments to its articles of incorporation as may be necessary for this purpose; but, in the case of any newly organized bank which has not yet issued common stock, the requirement of notice to and vote of shareholders shall not apply. No issue of preferred stock shall be valid until the par value of all stock so issued shall be paid in. Notwithstanding any other provision of law whether relating to restrictions upon the payment of dividends upon capital stock or otherwise, the holders of such preferred stock shall be entitled to receive such cumulative dividends at a rate not exceeding 6 per centum per annum and shall have such voting and conversion rights and such control of management, and such stock shall be subject to retirement in such manner and upon such conditions as may be provided in the articles of incorporation with the approval of the Superintendent of Banks and the stated capital of any bank retiring any of its preferred stock, whether cut of capital, surplus, undivided profits or earnings, shall be reduced, without action on the part of the stockholders, in the amount represented by the aggregate of the preferred stock so retired. The holders of such preferred stock shall not be held individually responsible as such holders for any debts, contracts, or engagements of such bank, and shall not be liable for assessments to restore impairments in the capital of such bank as now provided by law with reference to holders of common stock.

No dividends shall be declared or paid on common stock until the cumulative dividends on the preferred stock shall have been paid in full; and, if the bank is placed in liquidation or a conservator is appointed therefor, no payments shall be made to the holders of the common stock until the holders of the preferred stock shall have been paid in full the par value of such stock plus all accumulated dividends.
Sec. 9. Section 139 of the Bank Act is hereby amended to read as follows:

Sec. 139. It shall be the duty of the board of directors of every bank to examine fully, or cause a committee of at least three of its members, none of whom shall be an officer of the bank, to examine fully into the books, papers and affairs of the bank of which they are directors, and particularly into the loans and discounts thereof, with a special view to ascertaining the value and security thereof, and of the collateral security, if any, given in connection therewith, and into such other matters as the Superintendent of Banks may require; such examination to be made at least once a year, but no such subsequent yearly examinations shall be made within three months of the next preceding examination. Such directors shall have power to employ such assistance in making such examinations as they may deem necessary. Within thirty days after the completion of such examination, a report in writing thereof, sworn to by the directors making the same, shall be made by the board of directors of such bank, and placed on file with the records of said bank, and shall be subject to examination by the Superintendent of Banks.

Such report shall particularly contain a statement of the assets and liabilities of the bank examined, as shown by its books, together with any deductions from the assets, or additions to liabilities, which such directors or committee, after such examination, may determine to make. It shall also contain a statement, in detail, of loans, if any, which in their opinion are worthless or doubtful, together with their reasons for so regarding them; also a statement of loans made on collateral security, which in their opinion are insufficiently secured, giving in each case the amount of the loan, the name and market value of the collateral, if it has any market value, and if not, a statement of that fact, and its actual value as nearly as possible. Such report shall also contain a statement of overdrafts, of the names and amounts of such as they consider worthless or doubtful, and a full statement of such other matters as affect the solvency and soundness of the bank.

If the directors of such bank shall fail to make such examination or fail to cause it to be made, or shall fail to file such report of such examination in the manner and within the time specified, the Superintendent of Banks shall have authority to make or cause to be made an extra examination of such bank, at the expense of such bank.

Whenever the board of directors of any bank may determine by resolution, duly entered in its minutes, that a special examination shall be made or caused to be made by the Superintendent of Banks in lieu of the examination herein required to be made by the board of directors of such bank, a certified copy of such resolution shall be transmitted to the Superintendent of Banks, whereupon it shall be the duty of the Superintendent of Banks to make or cause to be made a special examination of the affairs of such bank in lieu of the examination of
such bank by the board of directors thereof. Such special examination shall be made at such time as the Superintendent of Banks may determine but in any event such examination shall be made within sixty days after the receipt by the Superintendent of Banks of the resolution hereinbefore referred to. The cost of making such examination shall be a charge against the bank for which such examination is made.

Upon completion of such examination the Superintendent of Banks shall cause a report thereof in writing to be prepared and delivered to the board of directors of such bank at such time as may be fixed by the Superintendent of Banks, but not later than thirty days after the completion of such examination.

The Superintendent of Banks may accept in lieu of the directors' examination herein provided for any year any examination made, during such year, by the Federal Reserve Bank of San Francisco, or any bank which is a member of the Federal Reserve Bank of San Francisco, or by a clearing house association of which the examined bank is a member, or by the Federal Deposit Insurance Corporation or other similar Federal agency.

**SEC. 10.** A new section is hereby added to the Bank Act to be numbered 16d and to read as follows:

Sec. 16d. No order stopping payment on a check shall be valid unless the same be in writing specifically describing the check ordered stopped and delivered to the particular office or branch of the bank on which said check was drawn.

Any bank that pays a check, the payment of which has been ordered stopped as herein provided, shall be responsible to the person who so ordered the payment thereof stopped, for any actual loss incurred by such person because of the payment by such bank of such check.

The delivery to one office or branch of a bank of an order to stop payment on a check shall not constitute notice, actual or constructive, to any other office or branch of the same bank and shall not impair the right of such bank to be a holder in due course of such check, other than the office or branch to which such order to stop payment is delivered.

**SEC. 11.** A new section is hereby added to the Bank Act to be numbered 51.1 and to read as follows:

Sec. 51.1. When the court has ordered the deposit of any of the assets of an estate with a bank or trust company as provided in section 51 or in section 93 hereof, any bank having possession or control of any of the assets so ordered deposited, shall upon the demand of the said bank or trust company which has been ordered to receive such deposit, whether the officer or trustee ordered to make such deposit has duly qualified or not, deliver such assets to the bank or trust company named by the court to receive such deposit and the receipt and acceptance of such assets by such bank or trust company, shall relieve the bank which has been in possession thereof from all further responsibility therefor.

CHAPTER 563.

An act to amend section 226 of the Civil Code, relating to proceedings on adoption.

[Approved by the Governor July 15, 1935. In effect September 15, 1935.]

The people of the State of California do enact as follows:

SECTION 1. Section 226 of the Civil Code is hereby amended to read as follows:

226. Any person desiring to adopt a child may for that purpose petition the superior court of the county in which the petitioner resides and the clerk of the court shall immediately notify the State Department of Social Welfare at Sacramento in writing of the pendency of the action. In all cases in which consent is required, except in the case of an adoption by a step-parent where one natural parent retains his or her custody and control of the child, unless a society licensed by the State Department of Social Welfare to find homes for children and place children in homes for adoption joins in
the petition for adoption, the consent for adoption must be
signed in the presence of an agent of the State Department
of Social Welfare on a form prescribed by such department
and filed with the clerk of the superior court, in the county
of the petitioner’s residence; provided that if such depart-
ment fails to submit its report to the court within one hundred
eighty days after the filing of the petition, then the court
may allow the signing of consent in open court; provided,
however, that the court may allow such additional time for
the filing of said report as in its discretion it may see fit.

Such consent, when reciting that the person giving it is
entitled to the sole custody of the minor child, shall, when
duly acknowledged before such agent, be prima facie evi-
dence of the right of the person making it to the sole custody
of the child and such person’s sole right to consent.

In all cases of adoption in which no agency licensed to
place children for adoption is a party, except in the case of
an adoption by a step-parent where one natural parent
retains his or her custody and control of the child, it shall be
the duty of the Department of Social Welfare to ascertain
whether the child is a proper subject for adoption and
whether the proposed home is suitable for the child, prior to
accepting the consent of a natural parent to the adoption of
the child by the petitioner.

If the Department of Social Welfare refuses to accept the
consent of the natural parent, for adoption, on the ground
that the best interests of the child will not be promoted by the
proposed adoption, said parent may appeal from said refusal
to the superior court of the county in which the petition is
filed, in which event the clerk of the court shall immediately
notify the Department of Social Welfare which shall within
ten days file a report of its findings as to refusal to accept
consent. After the filing of said findings, the court may
allow the signing of consent in open court.

In all cases in which consent is not necessary and no society
licensed to place children for adoption is a party to the
petition, the State Department of Social Welfare must, prior
to the hearing of the petition, file its consent to the adoption
with the clerk of the superior court of the county in which
the petition is filed. Such consent shall not be given by the
Department of Social Welfare unless the child’s welfare will
be promoted by the adoption.

Except in the case of the adoption of a child by a step-
parent where one natural parent retains his or her custody
and control of the child, it shall be the duty of the Depart-
ment of Social Welfare to submit to the court a full report of
the facts disclosed by its inquiry with a recommendation
regarding the granting of the petition within one hundred
eighty days after the filing of the petition.

In case of an adoption of a child by a step-parent where
one natural parent retains his or her custody and control of
said child, the consent of either or both parents may be
signed in the presence of and filed with the clerk of the supe-
rior court of the county where the petition is filed and the
clerk shall file a certified copy of such consent to adoption
with the State Department of Social Welfare.

If the father or mother of a child to be adopted resides
outside the State of California, his or her consent may be
signed before a notary and in such case the consent of the
Department of Social Welfare will also be necessary.

A parent who is a minor shall have the right to sign a
consent for the adoption of his or her child and such consent
shall not be subject to revocation upon such parent reaching
his or her majority.

CHAPTER 564.

administrators, guardians, trustees, insurance companies, ceme-

shall not affect any other portion hereof not so declared uncon-

All persons who come in contact with the raw guaranteed milk must exercise scrupulous cleanliness and not be afflicted with any communicable disease or in a condition to disseminate the germs of typhoid fever, tuberculosis, diphtheria or any other communicable disease liable to be conveyed by the milk. The absence of such germs in all such persons shall be determined by bacteriological and physical examination by a health department maintaining an approved milk inspection service, or other person or laboratory approved in writing by the department, conducted at the time of employment and every six months thereafter in a manner approved by the director.

The people of the State of California do enact as follows:

SECTION 1. The electors of any county may adopt the provisions of section 26 of Article VI of the Constitution of this State as applicable to the judge or judges of the superior court of such county if a majority of the electors of such county, voting on the question of the adoption of said provisions at an election at which such question shall be submitted, shall vote in favor thereof.

Sec. 3. Any such petition must state the name and address of a person or persons to whom notice of the insufficiency of the petition shall be sent in the event that the petition shall not have the required number of signatures of the qualified electors signed thereto. Such petition, signed by ten per cent of the qualified electors of the county, computed upon the total number of votes cast therein for all candidates for Governor at the last preceding general election at which a Governor was elected, praying for the adoption of the said provisions as applicable to the judge or judges of the superior court of such county, shall be filed in the office of the county clerk.

Sec. 4. It shall be the duty of the county clerk, within twenty days after the filing of the petition, to examine the same and to ascertain from the record of the registration of the electors of the county whether the petition is signed by the requisite number of qualified electors. Sec. 5. If it appears by the certificate that the petition has not the required number of signatures, the clerk shall so

Upon the receipt of the supplement the clerk shall proceed forthwith to examine the same, and must complete such examination within ten days from the date of its receipt by him. If it appears that the additional signatures and those which have not been legally rejected upon the original petition total the requisite number, the clerk shall forthwith attach to the petition his certificate, duly dated, showing that the petition has been signed by the requisite number of qualified electors, and shall present said petition to the board of supervisors as aforesaid.

Sec. 6. Upon the adoption of such ordinance or resolution or the presentation of such petition, the board of supervisors shall submit the said proposal to the electors of said county at the next succeeding general election, presidential primary, or county-wide special election, occurring subsequent to ninety days after the adoption of such ordinance or resolution or the presentation of such petition. If the proposal is approved by a majority of the votes cast thereon, the board of supervisors shall cause a certificate, signed by the chairman of the board and duly dated, to be filed with the Secretary of State, reciting that the proposal to adopt the provisions of said section 26 as applicable to the judge or judges of the superior court of such county was approved by a majority of the votes cast thereon at such election. Upon the filing of such certificate the provisions of said section 26 shall thereupon be applicable to such judge or judges, and effective as to all vacancies in the office of judge of the superior court of said county accruing after the date of filing of said certificate.

Clerical errors occurring or appearing in the name of any company, person or association subject to any tax assessed by the board, or in the making or extension of any assessment upon the records of the board which do not affect the substantial rights of the taxpayer, shall not invalidate the assessment.

On the third Monday before the first Monday in July the board shall publish a notice in one daily newspaper of general circulation published at the State capital, in one daily newspaper of general circulation published in the City and County of San Francisco, and in one daily newspaper of general circulation published in the city of Los Angeles, that the assessment of insurance companies has been completed, and that the record of assessments of such companies will be delivered to the Controller on the first Monday in July, and that if any company, person, or association is dissatisfied with the assessment made by the board, it may, at any time before the taxes thereon shall become due and payable, apply to the board to have the same corrected in any particular. The board shall have power at any time on or before the first Monday in July to correct the record of assessments of such companies and may increase or decrease any assessment therein if in its judgment the evidence presented or obtained warrants such action.

Sec. 5. Section 368a of the Political Code is hereby amended to read as follows:

368a. The State Board of Equalization must prepare each year a book to be called the "Record of Assessments of Insurance Companies" in which must be entered, either in writing or printing, or by both writing and printing, each assessment made by said board pursuant to section 3668 of this code.

On the first Monday in July the secretary of the State Board of Equalization must deliver to the Controller of State the record of assessments of insurance companies certified to by the chairman and secretary of the board.
Sec. 6. Section 3668b of the Political Code is hereby amended to read as follows:

3668b. The taxes upon insurance companies assessed and levied as provided in section 14 of Article XIII of the Constitution of this State, and in and by the provisions of this code enacted to carry the same into effect, shall be due and payable on the first Monday in July in each year, and one-half thereof shall be delinquent on the sixth Monday after said first Monday in July at six o'clock p.m., and unless paid prior thereto, fifteen per cent shall be added to the amount thereof, and unless paid prior to the first Monday in February next thereafter at six o'clock p.m., an additional five per cent shall be added to the amount thereof; and the unpaid portion, or the remaining one-half of said taxes shall become delinquent on the first Monday in February next succeeding the day upon which they became due and payable, at six o'clock p.m.; and if not paid prior thereto five per cent shall be added to the amount thereof; provided, that all such taxes which are not fully secured by real property are due and payable at the time the assessment is made.

When in the opinion of the State Board of Equalization any of the taxes provided for in this section are not a lien upon real property sufficient to secure the payment of the taxes, said board may direct the Controller, or his duly authorized representative, to collect the same at any time before the first Monday in August thereafter, and the Controller may collect the taxes by seizure and sale of any property owned by the company against whom the tax is assessed.

The sale of any property so seized shall be made at public auction and of a sufficient amount of the property to pay the taxes, penalties and costs, and be made after one week's notice of the time and place of such sale given by publication in a newspaper of general circulation published in the county where the property seized is situate, or if there be no newspaper of general circulation published in such county, then by posting of such notice in three public places in such county.

Said notice shall contain a description of the property to be sold together with a statement of the amount of the taxes, penalties and costs due thereon and the name of the owner of said property and a further statement that unless the taxes, penalties and costs are paid on or before the day fixed in said notice for such sale of said property, or so much thereof as may be necessary to pay said taxes, penalties and costs, said property will be sold in accordance with law and said notice.

On payment of the price bid for any property sold, the delivery thereof with bill of sale executed by the Controller vests the title in the purchaser. The unsold portion of any property so seized, may be left at the place of sale at the risk of the owner. All of the proceeds of any such sale in excess of the taxes, penalties, and costs, must be returned to the owner of the property sold, and until claimed must be deposited with
the State Treasurer, as trustee for such owner, and subject to
the order of the owner thereof, his heirs, or assigns.

3668c. The taxes levied upon insurance companies under the provisions of section 14 of Article XII of the Constitution of this State and sections of this code enacted to carry the same into effect shall constitute a lien upon all the property and franchises of every kind and nature belonging to such companies, which lien shall attach on the first Monday in March of each year. Every tax herein provided for has the effect of a judgment against the company, and every lien has the effect of an execution duly levied against all property of the delinquent; the judgment is not satisfied nor the lien removed until such taxes, penalties, and costs are paid, or the property sold for the payment thereof. No final discharge in bankruptcy or decree of dissolution shall be made and entered by any court, nor shall the county clerk of any county or the Secretary of State file any such discharge or decree, or file any other document by which the term of existence of any corporation shall be reduced or terminated until all taxes, penalties, and costs due on assessments made under the constitutional and statutory provisions aforesaid shall have been paid and discharged.

Sec. 8. Section 3669 of the Political Code is hereby amended to read as follows:

3669. All taxes assessed and levied upon insurance companies under the provisions of section 14 of Article XIII of the Constitution of this State and sections of this code enacted to carry the same into effect shall be paid to the State Treasurer, upon the order of the Controller. The Controller must mark the date of payment of any tax on the record of assessments of insurance companies.

The Controller must give a receipt to the person paying any tax, or any part of any tax, specifying the amount of the assessment and the tax, or part of tax, paid, and the amount remaining unpaid, if any, with a description of the property assessed; provided, that the receipt for the second half of the taxes may refer, by number or in any other intelligible manner, to the receipt given for the first half of said taxes, in lieu of a description of the property assessed.

Whenever any taxes, penalties, or costs collected and paid to the State Treasurer as hereinbefore provided, shall have been paid more than once, or shall have been erroneously or illegally collected, or when any taxes shall have been collected and paid pursuant to said provisions of law upon a computation erroneously made by reason of clerical mistake of the officers or employees of the State Board of Equalization, or shall have been computed in a manner contrary to law, the State Board of Equalization shall certify to the State Board of Control the amount of such taxes, penalties, or costs, collected in excess of what was legally due, from whom they were
collected or by whom paid, and if approved by said Board of Control, the same shall be credited to the company or person to whom it rightfully belongs, at the time of the next payment of taxes. No claim for such credit shall be so audited, approved, allowed, or paid unless presented within one year after the payment sought to be refunded.

In case the assessment of any company is duplicated upon the record of assessments of insurance companies, or there appears thereon the assessment of any company whose charter has been forfeited or right to do business in this State has been forfeited, or the assessment of any company which, for any reason, could not be legally assessed, the State Board of Equalization or the Controller shall certify such fact to the State Board of Control and said Board of Control shall authorize the cancellation of such assessment.

Sec. 9. Section 3669c of the Political Code is hereby amended to read as follows:

3669c. Within ten days after the first Monday in February, the Controller shall send by mail to the last known address of any company whose taxes are delinquent a notice of the amount of said taxes, penalties and costs, and that if the said taxes, penalties, and costs are not paid on or before the Saturday preceding the first Monday in March next thereafter at six o'clock p.m. of said day, the corporate powers, rights and privileges of such delinquent company, if it be a domestic corporation, will be at that time suspended and thereafter incapable of exercise, and that if the delinquent company be a foreign corporation it will thereupon forfeit its right to do intrastate business in this State.

If the taxes, penalties, and costs are not paid within the time specified in said notice, the Controller shall, on said Saturday preceding the first Monday in March at six o'clock p.m. of said day, mark on the record of assessments of insurance companies opposite the assessment of the delinquent corporation the words "corporate powers suspended," if the delinquent corporation be a domestic corporation, and thereupon said corporate powers shall be suspended and incapable of exercise until restored as hereinafter provided; and if the delinquent corporation be a foreign corporation, the Controller shall mark said record of assessments opposite the assessment of such delinquent corporation the words "right to do intrastate business forfeited" and thereupon said right to do such business shall be so forfeited. He shall at once report to the Secretary of State the name and number of charter of each corporation whose corporate powers have been suspended or right to do business has been forfeited for non-payment of taxes.

On or before the first Monday in April of each year the Controller shall make a list of all corporations which have failed to pay the taxes imposed upon insurance companies under the provisions of section 14 of Article XIII of the Constitution and the sections of this code enacted to carry the
same into effect, and transmit a certified copy thereof to each county clerk and county recorder in this State. Said county clerks and county recorders shall file such certified copies in their respective offices in such manner that the same shall be preserved in the form of a permanent record of such office and easily identified by and available to the public. Said copies so certified by the Controller and filed as herein provided shall in the case of each corporation state whether such corporation is a domestic or foreign corporation and specify the penalty which each corporation has incurred for failure to pay the tax imposed by this act. Such certified copies so filed with either of said county officers, or any copy thereof certified by the Controller shall be received in evidence in any court in lieu of the original record on file with the Controller and shall be prima facie evidence of the truth of all statements contained therein.

After six o'clock p.m. of the Saturday preceding the first Monday in March in any year, the corporate rights, privileges and powers of every domestic corporation which has failed to pay said tax and money penalty shall, from and after said hour of said day, be suspended, and incapable of being exercised for any purpose or in any manner, except to defend any action brought in any court against such corporation, until said tax with all accrued penalties, and all taxes and charges due the State under the corporation license act are paid as hereinafter provided. The right and privilege of every foreign corporation to transact intrastate business in this State shall, for failure to pay said tax and money penalty, be forfeited at said hour of said day, and the Controller shall make a record of such forfeiture. In the case of foreign corporations such forfeiture may be relieved and the corporation's privilege to transact intrastate business in this State restored in the manner hereinafter provided.

After said hour of said day and until such taxes, penalties and charges are paid, every person who attempts or purports to exercise any of the rights, privileges or powers of any delinquent corporation, or, who transacts or attempts to transact any intrastate business in this State in behalf of any forfeited foreign corporation, shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than two hundred fifty dollars and not exceeding one thousand dollars, or by imprisonment in the county jail not less than fifty days or more than five hundred days, or by both such fine and imprisonment. The jurisdiction of such offense shall be held to be in any county in which any part of such attempted exercise of such powers, or any part of such transaction of business was had or occurred. Every contract made in violation of this section is hereby declared to be void.

All corporate powers, rights and privileges suspended or forfeited may be revived and restored to full force and effect by the payment of all accrued taxes and penalties due to the State under sections 3664b and 3634b-1 of this code and also, in
addition thereto, a sum of money equal to the tax last assessed under the provisions of said sections of this code, for each year succeeding the year in which such tax was levied, and to the time of such revivor. "Year" within the meaning of the preceding sentence is hereby defined as the period between the first Monday in March of any calendar year and the first Monday in March of the following calendar year.

Upon payment of all such taxes and penalties the State Controller shall issue a certificate under his seal evidencing such payment and restoration, which certificate when recorded in the office of any county recorder shall constitute a release of all existing liens for such taxes upon the property of such corporation. Each county recorder shall keep an index of all such Controller's certificates recorded by him. Upon presentation of such Controller's certificate of revivor to any county clerk said officer shall make a record thereof in his office in a book kept for such purpose. The record so made by said county clerk shall be prima facie evidence of the restoration to such corporation of all previously suspended or forfeited rights, powers and privileges unless it appears from the records in the office of such county clerk or of the Secretary of State that subsequent to the date of such certificate of revivor the powers of said corporation have been suspended or its right to do intrastate business forfeited.

The Controller may, on or before the thirtieth day of April next following said delinquency and suspension or forfeiture, bring an action in a court of competent jurisdiction in the county of Sacramento in the name of the people of the State of California, to collect any delinquent taxes, together with any penalties, or costs, which have not been paid in accordance with the provisions of this code and appearing delinquent upon the record of assessments for State taxes hereinbefore mentioned, and such actions shall be tried in the county of Sacramento unless the court, with the consent of the Attorney General, order a change of place of trial.

The Attorney General must prosecute such action, and the provisions of the Code of Civil Procedure relating to service of summons, pleadings, proofs, trials, and appeals are applicable to the proceedings herein provided for. In such action a writ of attachment may be issued, and no bond or affidavit previous to the issuing of said attachment is required.

In the case of companies whose right to do business has been forfeited or corporate powers suspended, service of summons may be made upon the persons provided for by law to be served as agents or officers of any of such companies and such persons shall be deemed to be the agents of such companies for all purposes necessary in order to prosecute such action. In the case of corporations whose powers have been suspended, the persons constituting the board of directors thereof shall have the power and right to defend such action. Payment of the taxes and penalties, or amount of the judgment recovered in such action must be made to the State Treasurer.
Evidence of unpaid taxes. In such actions the record of assessments of insurance companies, or a copy of so much thereof as is applicable in said action, duly certified by the Controller, or by the secretary of the State Board of Equalization, showing unpaid taxes against any company, person or association assessed by the State Board of Equalization, is prima facie evidence of the assessment upon the property and franchises, the delinquency, the amount of the taxes, penalties, and costs due and unpaid to the State, and that the company, person, or association is indebted to the people of the State of California in the amount of taxes and penalties therein appearing unpaid, and that all the forms of law in relation to the assessment and levy of such taxes have been complied with.

CHAPTER 600.

An act to amend sections 1, 2, 10, 13a and 14 of the "Motor Vehicle Fuel License Tax Act," approved May 30, 1923, as amended, relating to definitions of terms and phrases, applications for licenses and fees required in connection therewith, nontaxable sales and exemption certificates in connection therewith, revolving funds, penalties for violation of said act, and providing that this act shall take effect immediately.

[Approved by the Governor July 15, 1935. In effect immediately.]

The people of the State of California do enact as follows:

Section 1. Section 1 of the "Motor Vehicle Fuel License Tax Act," approved May 30, 1923, as amended, is hereby amended to read as follows:

Section 1. The following words, terms and phrases shall, whenever used in this act, have the meaning set forth in this section.

(a) "Motor vehicle" shall mean and include every self propelled vehicle operated or suitable for operation on the highway.

(b) "Motor vehicle fuel" shall mean and include gasoline, natural gasoline, and any inflammable liquid, by whatever name such liquid may be known or sold, which is used or is usable for propelling motor vehicles operated by the explosion type of engine; provided, however, that kerosene shall not be considered motor vehicle fuel for the purpose of this act.

(c) "Distributor" shall mean and include every person, firm association or corporation, refining, manufacturing, producing, blending, or compounding motor vehicle fuel in this State and, within the meaning of section 7 of this act, distributing such fuel; also every person, firm association or corporation importing any motor vehicle fuel into this State and, within the meaning of section 7 of this act, distributing such
fuel in this State, whether in the original package or container in which it is imported or otherwise than in such original package or container; also every person, firm, association or corporation who, having acquired in this State in the original package or container motor vehicle fuel which has been imported into this State, shall, within the meaning of section 7 of this act, distribute such fuel, whether in such original package or container in which the same was imported or otherwise than in such original package or container.

(d) "Producer" shall mean and include every person, firm, association or corporation, other than a distributor, engaged in the business of producing or manufacturing any petroleum product or products used in, or which may be used in, the blending, compounding or manufacturing of motor vehicle fuel; provided, however, that crude oil which must be refined before it may be used in such blending, compounding or manufacturing shall not be considered a petroleum product within the meaning of this definition.

(e) "Broker" shall mean and include every person, firm, association or corporation, other than a distributor, engaged in business as a broker, jobber or wholesale merchant dealing in motor vehicle fuel or any petroleum product or products used in or which may be used in the blending, compounding or manufacturing of motor vehicle fuel; provided, however, that crude oil which must be refined before it may be used in such blending, compounding or manufacturing shall not be considered a petroleum product within the meaning of this definition.

(f) "Service station" is a place operated primarily for the purpose of delivering motor vehicle fuel into the fuel tanks of motor vehicles.

(g) "In this State" or "in the State" means within the exterior limits of the State of California, and includes all territory within such limits owned by or ceded to the United States of America.

Sec. 2. Section 2 of the act cited in the title hereof is hereby amended to read as follows:

Sec. 2. Every distributor before April 1, 1931, and after this act becomes effective every person, firm, association or corporation before becoming a distributor shall make an application to the State Board of Equalization for a license authorizing such distributor, person, firm, association or corporation to engage in business as a distributor. Applications for such licenses must be made to the State Board of Equalization on forms to be prescribed, prepared and furnished by said board. It shall be unlawful from and after April 1, 1931, for any person, firm, association or corporation to be a distributor without first securing from the State Board of Equalization a license for which provision is made in this section. Before granting any license authorizing any person, firm, association or corporation to engage in business as a distributor, the State Board of Equalization must require such person, firm, association or
corporation to file with said board, in such form as shall be prescribed by said board, a bond duly executed by such person, firm, association or corporation as principal and a corporation such as is mentioned in section 1056 of the Code of Civil Procedure of this State, as surety, payable to the people of the State of California, conditioned upon faithful performance of all the requirements of this act and expressly providing for the payment of all license taxes, penalties and other obligations of such person, firm, association or corporation arising out of this act.

The total amount of the bond or bonds required of any distributor shall be fixed by the State Board of Equalization and may be increased or reduced by said board at any time subject to the limitations herein provided. In fixing the total amount of the bond or bonds required of any distributor, the State Board of Equalization must require a bond or bonds equivalent in total amount to twice his estimated monthly license tax determined in such manner as said board may deem proper; provided, however, that, subject to such terms and conditions as the State Board of Equalization may prescribe, any distributor may undertake to pay on each Tuesday the license tax accruing on all of his distributions of motor vehicle fuel during the week ending the Saturday next preceding, and, if any distributor shall so bind himself, said board shall fix his bond or bonds in a total amount equivalent to twice the license tax accruing on account of his estimated weekly distributions determined in such manner as said board may deem proper; and further provided that the total amount of the bond or bonds required of any distributor shall never be less than one thousand dollars nor more than one hundred thousand dollars. No recoveries on any bond or any execution of any new bond shall invalidate any bond and no revocation of any license shall affect the validity of any bond.

In lieu of any such bond or bonds in total amount as fixed hereunder, any distributor may deposit with the State Treasurer, under such terms and conditions as said board may prescribe, a like amount of lawful money of the United States, or bonds or other obligations of the United States, the State of California, or any county or city and county of this State, of an actual market value not less than the amount so fixed by said board. All licenses issued to distributors under this section shall be valid until revoked by the State Board of Equalization.

Nothing in this section shall be construed as relieving any distributor of the duty of filing the sworn monthly statement required by section 6 of this act. The assessment of any distributor who makes weekly payments shall be shown on the assessment roll prepared under said section 6 in the same manner as the assessments of other distributors are shown thereon, and the Controller shall apply such payments to the credit of such distributor on the assessment roll for the month during which the distributions covered by such payments were made.
Whenever any distributor undertaking to pay his license tax in weekly installments, as provided in this section, shall fail to pay the full amount thereof in accordance with the terms and conditions prescribed by the State Board of Equalization, his license may be revoked forthwith, unless he complies immediately with the requirement of this section relating to the filing of a bond or bonds equivalent in total amount to twice the estimated monthly license tax. In the event of nonpayment of any weekly installment of the license tax, or any part thereof, pursuant to the undertaking of any distributor, the full amount of the license tax accrued against such distributor shall become immediately due and payable and the Controller and the Attorney General shall proceed forthwith to collect the license tax due from such distributor in the manner prescribed by section 4 of this act with reference to delinquency in the payment of the monthly license tax. All provisions of said section 4 shall apply with full force and effect to collections required to be made under this section; provided, however, that the ten per cent penalty for delinquency for which provision is made under section 4 hereof shall accrue only as provided in said section, and there shall be added to any weekly installment of license tax remaining unpaid at five o'clock in the afternoon of the Tuesday following the close of such week, a penalty of five per cent on account of such delinquency; the accrual of any such penalty of five per cent shall not in anywise affect the ten per cent penalty for delinquency imposed under section 4 hereof, but such ten per cent penalty shall not be computed upon any amount added to such weekly license tax as a penalty under this section.

The license issued hereunder to any distributor shall not be transferable. Whenever a distributor ceases to engage in business as a distributor within the State of California by reason of the discontinuance, sale or transfer of such business, he shall give notice in writing thereof to the State Board of Equalization on or before the date of such discontinuance, sale or transfer. Such notice shall give the date of discontinuance and, in the event of a sale or transfer of the business, the date thereof and the name and address of the purchaser or transferee. All taxes and penalties under this act, not yet due and payable under other provisions hereof, shall become due and payable concurrently with such discontinuance, sale or transfer, and the distributor shall forthwith make a report and pay all such taxes and penalties, and shall surrender to the State Board of Equalization the license theretofore issued. Unless such notice shall have been given as hereinbefore provided, such purchaser or transferee shall be liable for all taxes and penalties under this act accrued against the vendor or transferor to the date of such sale or transfer, but only to the extent of the value of the property and business thereby acquired.

Every producer and every broker before April 1, 1931, and thereafter every person, firm, association or corporation before
becoming a producer or broker shall register as such with the State Board of Equalization and make application for a license on forms to be prepared and furnished by the State Board of Equalization. Each such application shall be accompanied by a registration fee of ten dollars.

Upon the receipt of the application of any such producer or broker, accompanied by such license fee, the State Board of Equalization shall issue to every such applicant a license to engage in such business from the date of the issuance thereof, until and including the following December 31, and on or before January 1, of each and every year and before any such producer or broker shall engage in business, an application shall be filed and a license obtained for the calendar year. If any producer or broker shall fail to apply for the license hereby required and to pay the fee hereby specified prior to January 1 of each year, then there shall be added to the amount of such fee a penalty of twenty-five percent on account of such delinquency. Any license so issued shall not be transferable and may be revoked by the State Board of Equalization hereinafter provided. All registration fees collected under the provisions of this section shall be credited to the "Motor vehicle fuel fund" hereinafter created.

Sec. 3. Section 10 of said act is hereby amended to read as follows:

Sec. 10. The provisions of this act requiring the payment of license taxes shall not be held or construed to apply to motor vehicle fuel imported into this State in interstate or foreign commerce and intended to be sold in the original and unbroken tank cars or other original receptacles, containers or packages and so sold while the same are in interstate or foreign commerce, nor to any motor vehicle fuel exported from this State by the distributor or delivered by the distributor to any vessel clearing from a port of this State for a port outside of this State and actually exported from this State in such vessel, nor to any motor vehicle fuel sold to the government of the United States or any department thereof for official use of said government, but every distributor shall be required to report such exports and sales to the State Board of Equalization in such detail as that board may require, otherwise the exemption herein granted shall be null and void and all such fuel shall be considered distributed in this State subject fully to the provisions of this act.

In support of any exemption from license taxes claimed under this section on account of the exportation of motor vehicle fuel, every distributor must execute an export certificate in such form as shall be prescribed, prepared and furnished by the State Board of Equalization, containing a sworn statement, made by some person having actual knowledge of the fact of such exportation, that the motor vehicle fuel has been exported from the State of California, and giving such details with reference to such shipment as said board may
require. All export certificates must be completed and on file in the office of the State Board of Equalization within sixty days after the close of the calendar month in which the shipments to which they relate are made, and no certificate not completed and filed within such period shall be recognized for any purpose by the State of California or any agency thereof. The State Board of Equalization may demand of any distributor such additional data as are deemed necessary by said board in support of any such certificate, and failure to supply such data will constitute a waiver of all right to exemption claimed by virtue of such certificate.

Any claim for exemption based on a sale to the United States government or any department thereof may be made by the distributor at any time within six months from the date of sale by filing such claim in the office of the State Board of Equalization, but no claim made after the expiration of said period of six months shall be recognized for any purpose by the State or any agency thereof.

SEC. 4. Section 13a of said act is hereby amended to read as follows:

Sec. 13a. The State Board of Equalization may, without at the time furnishing vouchers and itemized statements, draw from the "Motor vehicle fuel fund," a sum not to exceed five thousand dollars; and the Department of Public Works, Division of Highways, may, in like manner, draw five hundred thousand dollars from the "State highway fund." The sum or sums so drawn shall be used as a revolving fund where cash advances are necessary.

SEC. 5. Section 14 of said act is hereby amended to read as follows:

Sec. 14. Any person, firm, association or corporation or any officer or agent thereof failing to pay the license tax as herein provided, or violating any of the other provisions of this act, or unlawfully making any false statement, or concealing any material fact in any record, report, affidavit or claim provided for herein, shall be guilty of a misdemeanor, unless such act is by any other law of this State declared to be a felony, and upon conviction thereof shall be punished by a fine of not less than five hundred dollars nor more than five thousand dollars, or by imprisonment in the county jail not exceeding six months, or by both such fine and imprisonment.

The State Board of Equalization shall have power to revoke the license of any distributor, producer, or broker, refusing or neglecting to comply with the provisions of this act.

Before revoking any license issued hereunder, said board shall send notice by registered mail directed to said licensee at his last known address ordering him to show cause, before said board at Sacramento or such other place in this State as may be designated by said board, at a time not less than ten days after the mailing of such notice, why his license issued hereunder should not be revoked. Said board shall allow such distributor, producer or broker an opportunity to be heard in
pursuance of such notice and thereafter shall have full power to revoke his license issued hereunder.

The State Board of Equalization is hereby authorized to pay out of the "Motor vehicle fuel fund" all expenses incurred in the prosecution before any court of this State of any person, firm, association or corporation charged with the violation of any of the provisions of this act.

Sec. 6. This act, inasmuch as it provides for a tax levy for the usual current expenses of the State, shall, under the provisions of section 1, of Article IV of the Constitution, take effect immediately.

CHAPTER 601.

An act to add a new section to the Political Code to be numbered 3720, relating to the filing by county clerks with county assessors and the State Board of Equalization of certifications of new districts and changes in the boundaries of existing districts.

[Approved by the Governor July 15, 1935. In effect September 15, 1935.]

The people of the State of California do enact as follows:

Section 1. A new section to be numbered 3720 is hereby added to the Political Code to read as follows:

3720. Whenever there is hereafter created any city, town or district authorized under the laws of this State to levy and collect taxes or assessments upon property according to the value thereof as assessed by the county assessor, city and county assessor, city assessor or State Board of Equalization, and the tax levy of which is carried on the regular county or city and county assessment roll, or whenever the boundaries of any such city, town or district heretofore created are changed, it shall be the duty of the tax or assessment levying authority of such city, town or district to file or cause to be filed on or before the first of February with each assessor whose roll is used for the levy and with the State Board of Equalization a statement of the creation of such city, town or district or the change of boundaries thereof setting forth the legal description of the boundaries of such city, town or district so created, or as the same have been changed, together with a map or plat indicating such boundaries.
CHAPTER 602.

An act to amend section 644 of the Penal Code, relating to habitual criminals.

[Approved by the Governor July 15, 1935. In effect September 15, 1935.]

The people of the State of California do enact as follows:

SECTION 1. Section 644 of the Penal Code is hereby amended to read as follows:

644. Every person convicted in this State of any felony who shall have been previously twice convicted upon charges separately brought and tried, and who shall have served separate terms therefor in any State prison and/or Federal penitentiary, either in this State or elsewhere, of the crime of robbery, burglary, burglary with explosives, rape with force or violence, arson, murder, assault with intent to commit murder, grand theft, bribery of a public official, perjury, subornation of perjury, train wrecking, feloniously receiving stolen goods, felonious assault with a deadly weapon, extortion, kidnapping, mayhem, escape from a State prison, forgery, conspiracy to commit any one or more of the aforementioned felonies, shall be adjudged an habitual criminal and shall be punished by imprisonment in the State prison for life and shall not be eligible for release on parole until he shall have served a minimum of at least twelve years. Every person convicted in this State of any felony who shall have been previously three times convicted, upon charges separately brought and tried, and who shall have served separate terms therefor in any State prison and/or Federal penitentiary, either in this State or elsewhere, of the crime of robbery, burglary, burglary with explosives, rape with force or violence, arson, murder, assault with intent to commit murder, grand theft, bribery of a public official, perjury, subornation of perjury, train wrecking, feloniously receiving stolen goods, felonious assault with a deadly weapon, extortion, kidnapping, mayhem, escape from a State prison, forgery, conspiracy to commit any one or more of the aforementioned felonies, or any of the aforementioned felonies, shall be punished by imprisonment in the State prison for life and shall not be eligible for release on parole; provided that in exceptional cases, at any time not later than sixty days after the actual commencement of imprisonment, the court may, in its discretion, provide that the defendant is not an habitual criminal, and in such case the defendant shall not be subject to the provisions of this section. Nothing in this act shall abrogate or affect the punishment by death in any and all crimes now or hereafter punishable by death.
CHAPTER 603.

An act to amend section 1168 of the Penal Code and to add thereto sections 969c and 1158a, relating to crimes.

[Approved by the Governor July 15, 1935. In effect September 15, 1935.]

The people of the State of California do enact as follows:

Section 1. Section 1168 of the Penal Code is hereby amended to read as follows:

1168. (1) Imprisonment. Every person convicted of a public offense, for which imprisonment in any reformatory or State prison is now prescribed by law shall, unless such convicted person be placed on probation, a new trial granted, or the imposing of sentence suspended, be sentenced to be imprisoned in a State prison, but the court in imposing the sentence shall not fix the term or duration of the period of imprisonment.

It is hereby made the duty of the warden of any of the State prisons to receive such person, who shall be imprisoned until duly released as provided for in this section. The term of imprisonment shall not exceed the maximum or be less than the minimum term of imprisonment provided by law for the public offense of which such person was convicted.

The State Board of Prison Directors, or any board or commission that may be hereafter given authority so to do, may determine and redetermine after the expiration of the minimum term of imprisonment provided by law, except that in cases in which the minimum term of imprisonment is more than six months, the State Board of Prison Directors may determine after the expiration of six months from and after the actual commencement of such imprisonment, what length of time, if any, such person shall be imprisoned, unless the sentence be sooner terminated by commutation or pardon by the Governor of the State. When a prisoner has imposed upon him two or more cumulative or consecutive sentences, the State Board of Prison Directors may determine after the expiration of six months of his first sentence, what length of time he shall serve on all such cumulative or consecutive sentences.

In case any convicted person undergoing sentence in any of the State prisons commits any infraction of the rules and regulations of the prison board, or escapes while working outside such prison under the surveillance of prison guards, the Board of Prison Directors may revoke any order theretofore made determining the length of time such convicted person shall be imprisoned, and make a new order determining such length of time not exceeding the maximum penalty provided by law for the offense for which he was convicted, unless the sentence be sooner terminated by commutation or pardon by the Governor of the State. Such revocation and redetermination shall not be had except upon a hearing upon the question of such infrac-
tion or escape and an adjudication by the board that such prisoner was guilty thereof, which adjudication shall be final. At such hearing such prisoner, unless outside the walls of the prison as an escape and fugitive from justice, shall be present and entitled to be heard and may present evidence and witnesses in his behalf.

Any convicted person undergoing sentence in any of the State prisons, not sooner released under the provisions of this section shall, in accordance with the provisions of existing law, be discharged from custody on serving the maximum punishment provided by law for the offense of which such person was convicted.

(2) Certain Minimum Penalties. The following shall be the minimum term of sentence and imprisonment in certain cases, notwithstanding any other provisions of this code, or any provision of law specifying a lesser sentence:

(a) For a person not previously convicted of a felony, but armed with a deadly weapon either at the time of his commission of the offense, or a concealed deadly weapon at the time of his arrest, five years;

(b) For a person previously convicted of a felony either in this State or elsewhere, and armed with a deadly weapon, either at the time of his commission of the offense, or a concealed deadly weapon at the time of his arrest, ten years;

(c) For a person previously convicted of a felony either in this State or elsewhere, but not armed with a deadly weapon at the time of his commission of the offense, or a concealed deadly weapon at the time of his arrest, five years;

(d) For a person convicted at one trial of more than one felony, and upon whom are imposed cumulative or consecutive sentences the aggregate of the minimum terms of which exceed ten years, ten years;

(e) Such minimum penalties shall apply only when such possession of a deadly weapon or previous conviction of a felony as above specified has been charged and admitted or found to be true in the manner provided by law.

The words "deadly weapon" as used in this section are hereby defined to include any instrument or weapon of the kind commonly known as a blackjack, slung shot, billy, sand club, sandbag, metal knuckles, any dirk, dagger, pistol, revolver or any other firearm, any knife having a blade longer than five inches, any razor with an unguarded blade and any metal pipe or bar used or intended to be used as a club.

(3) Good Credits. The State Board of Prison Directors shall require of every able-bodied prisoner imprisoned in any State prison as many hours of faithful labor in each and every day during his term of imprisonment as shall be prescribed by the rules and regulations of the prison.

In all cases there may be allowed to apply upon the term of imprisonment fixed such credits for meritorious conduct and diligent labor as are or may be authorized by law.
Except as otherwise provided in this section, every prisoner who has committed no infraction of the rules or regulations of the prison, or the laws of the State, and who performs in a faithful, diligent, industrious, orderly and peaceable manner the work, duties and tasks assigned to him to the satisfaction of the prison officials, and in whose behalf the warden of the prison shall file a report certifying that his conduct and work have been meritorious and recommending allowance of time credits to him, shall upon, but not until, the adoption of such recommendation by the State Board of Prison Directors, be allowed time credit reductions from the end of his term of confinement as fixed by the board of directors (instead of and in lieu of such time credits as were herefore allowed by law) a deduction of two months in each of the first two years, four months in each of the next two years, and five months in each of the remaining years of said term, and correspondingly for any part of the year, where such term of confinement is for more or less than a year. The mode of reckoning credits, recommended by the warden and allowed by the Board of Prison Directors, shall be as shown by the following table:

And so on, through as many years as may be the time of confinement.

If any convict shall assault any keeper, guard, foreman, officer, convict or other person, or threaten or endanger the person or life of anyone, or violate or disregard any prison rule or regulation, or neglect or refuse to do the work to which he is assigned, or be guilty of any misconduct, or violate any of the rules or regulations governing parole, the Board of Prison Directors may declare a forfeiture of all time credits theretofore earned by or allowed to him before the commission of such offense, and/or all time credits which he may thereafter earn, or the Board of Prison Directors may forfeit such part of such time credits as they may determine; such forfeitures, however, shall be made only by the board of directors after due proof of the offense and notice to the offender unless such offender be outside the walls of the prison as an escape and fugitive from justice, and the board may restore time
credits forfeited for good cause shown, and may allow extra
credits for extra meritorious conduct and industry.

(4) Parole. The State Board of Prison Directors shall
have power to establish rules and regulations under which any
prisoner who is now, or who hereafter may be imprisoned in
any of the State prisons, and who has served the period of time
prescribed by this section, may be allowed to go upon parole
outside the prison buildings and inclosures.

No prisoner may be paroled in any case until he has served
the minimum term of imprisonment provided by law for the
offense of which he was convicted, except that in cases of
parole not otherwise specifically provided by this section,
or if this section does not specifically provide such mini-
imum sentence, then by other provisions of law, in which the
minimum term of imprisonment is more than one year, he
may be paroled at any time after the expiration of one-half the
minimum term of imprisonment provided by law for the offense
of which he was convicted, with benefit of credits, but in no
case shall he be paroled until he has served one calendar year,
and in any case the matter of parole may be determined by the
board at any time after the expiration of six months from and
after the actual commencement of such imprisonment.

No prisoner who has served a previous sentence in a State
prison in this or any other State or in a Federal penitentary
may be paroled until he has served at least two calendar years.

No prisoner who has had imposed upon him two or more
cumulative or consecutive sentences may be paroled until he
has served at least two calendar years of the aggregate time of
such cumulative or consecutive sentences.

No prisoner confined in the State prison and no prisoner
under sentence to the State prison who is convicted of an
escape or an attempt to escape from the prison or the guards
may be paroled until he has served at least two calendar years
from and after the date of his return to the prison after such
conviction.

No prisoner imprisoned under a life sentence may be
paroled until he has served at least seven calendar years.

If neither a maximum nor a minimum term of imprison-
ment is imposed by law for the offense of which the prisoner
was convicted, but a fixed and definite term is imposed by the
court, he may be paroled after serving one calendar year of
his term.

At least thirty days before the State Board of Prison Direc-
tors shall meet to consider the granting of a parole to any
prisoner or to fix and determine the length of time any pris-
oner shall be confined, the said board shall send written
notice thereof to the judge of the superior court before whom
the prisoner was tried and convicted, and to the district
attorney and the sheriff of the county from which the prisoner
was sentenced.
Prisoners on parole shall remain under the legal custody and control of the State Board of Prison Directors and shall be subject at any time to be taken back within the inclosure of the prison. If any parole prisoner shall leave the State without permission of the State Board of Prison Directors, he shall be held as an escaped prisoner and arrested as such.

The State Board of Prison Directors upon granting any parole to any prisoner may impose on the parole such conditions as it may deem proper, and may impose as a condition of the parole, that all or a portion of his credits earned, or to be earned, may be forfeited by order of the State Board of Prison Directors in the event that such prisoner shall break his parole or violate any law of the State, or rule or regulation of the prison, or of the State Board of Prison Directors, or any of the conditions of his parole.

Such forfeiture of credits shall not be had except upon a hearing upon the question of such violation and an adjudication by the board that such prisoner was guilty thereof, which adjudication shall be final. At such hearing such prisoner, unless outside the walls of the prison as an escape and a fugitive from justice, shall be present and entitled to be heard and may present evidence and witnesses in his behalf.

Full power to make and enforce rules and regulations relating to the parole of prisoners, to grant paroles thereunder, to suspend, cancel and/or revoke paroles without notice, and to retake and imprison any prisoner so upon parole, is hereby conferred upon the State Board of Prison Directors. The written order of the board certified by the president of the board shall be a sufficient warrant for all officers named therein to authorize such officers to return to actual custody any conditionally released or paroled prisoner.

It is hereby made the duty of all chiefs of police, marshals of cities and villages, sheriffs of counties, and all police, prison and peace officers, and constables to execute any such order in like manner as ordinary criminal process.

The Governor of the State shall have like power to cancel and revoke the parole of any prisoner. The written authority of the Governor shall likewise be sufficient to authorize any of the officers named therein to retake and return said prisoner to the State prison. His written order canceling or revoking the parole shall have the same force and effect and be executed in like manner as the order of the State Board of Prison Directors.

No parole shall be revoked and no credits forfeited without cause, which cause must be stated in the order revoking the parole or forfeiting the credits.

From and after the suspension, cancellation, or revocation of the parole of any prisoner and until his return to custody he shall be deemed an escape and fugitive from justice and no part of the time during which he is an escape and fugitive from justice shall be part of his term.
(5) Rules and Regulations. The State Board of Prison Directors shall make all necessary rules and regulations to carry out the provisions of this section not inconsistent therewith, and may provide the forms of all documents necessary therefor.

(6) The provisions of this section are to apply to all prisoners now serving sentence in the State prison, to the end that at all times the same provisions relating to sentences, imprisonments and paroles of prisoners shall apply to all the inmates thereof.

Sec. 2. Section 969e is hereby added to the Penal Code, to read as follows:

969e. Whenever a defendant is armed with a firearm or other weapon under such circumstances as to bring said defendant within the operation of subdivision 2 of section 1168 of the Penal Code relating to "Certain Minimum Penalties" or of section 3 of an act entitled: "An act to control and regulate the possession, sale, and use of pistols, revolvers and other firearms capable of being concealed upon the person; to prohibit the manufacture, sale, possession or carrying of certain other dangerous weapons within this State; to provide for registering all sales of pistols, revolvers or other firearms capable of being concealed upon the person; to prohibit the carrying of concealed firearms except by lawfully authorized persons; to provide for the confiscation and destruction of such weapons in certain cases; to prohibit the ownership, use, or possession of any of such weapons by certain classes of persons; to prescribe penalties for violations of this act and increased penalties for repeated violations hereof; to authorize, in proper cases, the granting of licenses or permits to carry firearms concealed upon the person; to provide for licensing retail dealers in such firearms and regulating sales thereunder; and to repeal chapter one hundred forty-five of California Statutes of 1917, relating to the same subject," approved June 13, 1923, as amended, the fact that the defendant was so armed shall be charged in the indictment or information or complaint. This charge shall be added to and be a part of the count or each of the counts of the indictment or information or complaint which charge the offense at the time of the commission of which or at the time of the arrest for which the defendant was armed with a weapon. That portion of any count which charges that the defendant was armed shall be sufficient if it can be understood therefrom that at the time of his commission of the offense set forth in the count, the defendant was armed with a weapon, or that at the time of his arrest therefor he was armed with a concealed deadly weapon. The nature of the weapon must be set forth but it shall be sufficient if this is done substantially in the wording of either of the above mentioned statutes, as a blackjack or a razor with an unguarded blade, or a pistol capable of being concealed upon the person without having a license or permit to carry such pistol. One such charge may name more than one weapon.
and may allege that the defendant was armed both at the time of his commission of the offense and at the time of his arrest. If the defendant pleads not guilty of the offense charged in any count which alleges that the defendant was armed either at the time of this commission of the offense or at the time of his arrest, or both, the question whether or not he was armed as alleged must be tried by the court or jury which tries the issue upon the plea of not guilty. If the defendant pleads guilty of the offense charged the question whether or not he was armed as alleged must be determined by the court before pronouncing judgment.

Sec. 3. Section 1158a is hereby added to the Penal Code, to read as follows:

1158a. Whenever the fact that a defendant was armed with a weapon either at the time of his commission of the offense or at the time of his arrest, or both, is charged in accordance with section 969c of this code, in any count of the indictment or information to which the defendant has entered a plea of not guilty, the jury, if they find a verdict of guilty of the offense with which the defendant is charged, or of any offense included therein, must also find whether or not the defendant was armed as charged in the count to which the plea of not guilty was entered. The verdict of the jury upon a charge of being armed may be: "We find the charge of being armed contained in the ______ count true," or "We find the charge of being armed contained in the ______ count not true," as they find that the defendant was or was not armed as charged in any particular count of the indictment or information. A separate verdict upon the charge of being armed must be returned for each count which alleges that the defendant was armed.

CHAPTER 604.

An act to amend section 1203 of, and to add sections 1203.1 to 1203.12, inclusive, to the Penal Code, relating to probation and probation officers.

[Approved by the Governor July 15, 1935. In effect September 15, 1935.]

The people of the State of California do enact as follows:

Section 1. Section 1203 of the Penal Code is hereby amended to read as follows:

1203. After the conviction by plea or verdict of guilty of a public offense in cases where discretion is conferred on the court or any board or commission or other authority as to the extent of the punishment the court, upon application of the defendant or of the people or upon its own motion, may summarily deny probation, or at a time fixed may hear and determine in the presence of the defendant the matter of pro-
bation of the defendant and the conditions of such probation, if granted; if probation is not denied, the court must immedi-
diately refer the matter to the probation officer to investigate and to report to the court at a specified time, upon the circumstances surrounding the crime and concerning the defendant and his prior record, which may be taken into consideration either in aggravation or mitigation of punishment; the probation officer must thereupon make an investigation of circumstances surrounding the crime and the prior record and history of the defendant and make a written report to the court of the facts found upon such investigation and must accompany said report with his written recommendations as to the granting or withholding of probation to the defendant and as to the conditions of probation if it shall be granted and the report and recommendations must be filed with the clerk of the court as a record in the case. At such time or times fixed by the court, the court must hear and determine such application and in connection therewith must consider any report of the probation officer, and must make a statement that it has considered such report which must be filed with the clerk of the court as a record in the case. And if it shall determine that there are circumstances in mitigation of punish-
ishment prescribed by law, or that the ends of justice would be subserved by granting probation to the defendant, the court shall have power in its discretion to place the defendant on probation as hereinafter provided; if probation is denied, the clerk of the court must forthwith send a copy of the report and recommendations to the Board of Prison Directors; further provided, however, that probation shall not be granted to any defendant who shall have been convicted of robbery, burglary, burglary with explosives, rape with force or violence, arson, murder, assault with intent to commit murder, attempt to commit murder, grand theft, train wrecking, feloniously receiving stolen goods, felonious assault with a deadly weapon, kidnapping, mayhem, escape from a State prison, conspiracy to commit any one or more of the aforementioned felonies, or any of the aforementioned felonies, and who at the time of the perpetration of said crime or any of them or at the time of his arrest was armed with a deadly weapon (unless at the time he had a lawful right to carry the same), nor to a defendant who used or attempted to use a deadly weapon in connection with the perpetration of the crime of which he was convicted, nor to one who in the perpetration of the crime of which he was convicted inflicted great bodily injury or torture, nor to any defendant unless the court shall be satisfied that he has never in any place been previously convicted of a felony, nor to any public official or peace officer of the State, county, city, city and county, or other political subdivision who, in the discharge of the duties of his public office or employment, accepted or gave or offered to accept or give any bribe or embezzled public money or was guilty of extortion.
Sec. 2. Section 1203.1 is hereby added to the Penal Code, to read as follows:

1203.1. The court, judge or justice thereof, in the order granting probation, may suspend the imposing, or the execution of the sentence and may direct that such suspension may continue for such period of time not exceeding the maximum possible term of such sentence, except as aforesaid set forth, and upon such terms and conditions as it shall determine. The court, judge or justice, in the order granting probation and as a condition thereof may imprison the defendant in the county jail for a period not exceeding the maximum time fixed by law in the instant case; may fine the defendant in such sum not to exceed the maximum fine provided by law in such case; or may in connection with granting probation, impose either imprisonment in county jail, or fine, or both, or neither; may provide for reparation in proper cases; and may require bonds for the faithful observance and performance of any or all of the conditions of probation. In counties or cities and counties where road camps, farms, or other public work is available the court may place the probationer in such camp, farms, or other public work instead of in jail, and section 4041.12 of the Political Code shall apply to probation and the court shall have the same power to require adult probationers to work, as prisoners confined in the county jail are required to work, at public work as therein provided; and supervisors of the several counties are hereby authorized to provide public work and to fix the scale of compensation for such adult probationers in their respective counties. In all cases of probation the court is authorized to require as a condition of probation that the probationer go to work and earn money for the support of his dependents or to pay any fine imposed or reparation condition, to keep an account of his earnings, to report the same to the probation officer and apply such earnings as directed by the court.

The court may impose and require any or all of the above-mentioned terms of imprisonment, fine and conditions and other reasonable conditions, as it may determine are fitting and proper to the end that justice may be done, that amends may be made to society for the breach of the law, for any injury done to any person resulting from such breach and generally and specifically for the reformation and rehabilitation of the probationer. Upon the defendant being released from the county jail under the terms of probation or sooner by order of the court, and in all cases where he is not confined in the county jail at the time of granting probation, the court shall place the defendant in and under the charge of the probation officer of the court, during such suspension or period of probation; provided, however, that upon the payment of any fine imposed and the fulfillment of all conditions of probation, probation shall cease at the end of the term of probation, or sooner, in the discretion of the court. In counties and cities and counties in which there are facilities
for taking fingerprints, such marks of identification of each probationer must be taken and a record thereof kept and preserved.

Sect. 3. Section 1203.2 is hereby added to the Penal Code to read as follows:

1203.2. At any time during the probationary period of the person released on probation in accordance with the provisions of these sections, any probation or peace officer may without warrant, or other process, at any time until the final disposition of the case, rearrest any person so placed on probation under the care of a probation officer, and bring him before the court, or the court may in its discretion issue a warrant for the rearrest of any such person and may thereupon revoke and terminate such probation, if the interests of justice so require, and if the court in its judgment, shall have reason to believe from the report of the probation officer, or otherwise, that the person so placed upon probation is violating any of the conditions of his probation, or engaging in criminal practices, or has become abandoned to improper associates or a vicious life. Upon such revocation and termination the court may, if the sentence has been suspended, pronounce judgment after said suspension of the sentence for any time within the longest period for which the defendant might have been sentenced, but if the judgment has been pronounced and the execution thereof has been suspended, the court may revoke such suspension, whereupon the judgment shall be in full force and effect, and the person shall be delivered over to the proper officer to serve his sentence, less any credits herein provided for.

Sect. 4. Section 1203.3 is hereby added to the Penal Code to read as follows:

1203.3. The court shall have power at any time during the term of probation to revoke or modify its order of suspension of imposition or execution of sentence. It may at any time when the ends of justice will be subserved thereby, and when the good conduct and reform of the person so held on probation shall warrant it, terminate the period of probation and discharge the person so held, but no such order shall be made without written notice first given by the court or the clerk thereof to the proper probation officer of the intention to revoke or modify its order, and in all cases, if the court has not seen fit to revoke the order of probation and impose sentence or pronounce judgment, the defendant shall at the end of the term of probation or any extension thereof, be by the court discharged subject to the provisions of these sections.

Sect. 5. Section 1203.4 is hereby added to the Penal Code to read as follows:

1203.4. Every defendant who has fulfilled the conditions of his probation for the entire period thereof, or who shall have been discharged from probation prior to the termination of the period thereof, shall at any time prior to the expiration of the maximum period of punishment for the offense of which
he has been convicted, dating from said discharge from proba-

tion of said termination of said period of probation, be per-

mitted by the court to withdraw his plea of guilty and enter

a plea of not guilty; or if he has been convicted after a plea

of not guilty, the court shall set aside the verdict of guilty;

and in either case the court shall thereupon dismiss the accusa-

tion or information against such defendant, who shall there-

after be released from all penalties and disabilities resulting

from the offense or crime of which he has been convicted. The

probationer shall be informed of this right and privilege in his

probation papers. The probationer may make such applica-

tion and change of plea in person or by attorney authorized

in writing; provided, that in any subsequent prosecution of

such defendant for any other offense such prior conviction

may be pleaded and proved and shall have the same effect as

if probation had not been granted or the accusation or infor-

mation dismissed.

Sec. 6. Section 1203.5 is hereby added to the Penal Code
to read as follows:

1203.5. The offices of adult probation officer, assistant adult

probation officer, and deputy adult probation officer are hereby

created; provided, that except as hereinafter specified the pro-

bation officers, assistant probation officers and deputy proba-

(d) To the counties of the State as hereinafter provided.

(e) To the State highway fund, as hereinafter provided.

(f) To pay the pro rata share of the overhead and general administrative expense of the State Controller and the State Board of Equalization attributable to duties imposed by this act or under the provisions of section 15 of Article XIII of the Constitution, and legislation enacted pursuant thereto. Such pro rata share shall be payable upon presentation of claim against any appropriation from the motor vehicle fuel fund for the support of the State Controller or the State Board of Equalization, as the case may be.

(g) To pay refunds as may be due on account of judgments for the return of license taxes illegally collected, as provided in section 16 of this act.

One-third of all moneys in said "Motor vehicle fuel fund" after the biennial appropriations to the State Controller and the State Board of Equalization have been deducted and the refunds herein provided for shall have been paid, shall be paid to the counties as hereinafter provided.

Out of said appropriation, each county and city and county shall first be paid five thousand dollars for each quarter of a year. The balance remaining in said appropriation, after making said apportionment of five thousand dollars quarterly shall be apportioned to all of the counties and cities and counties of this State in the proportion that the registration of vehicles in each of such counties and cities and counties bears to the total number of vehicles registered in this State.
All such amounts so paid to the several counties shall be paid into a special road improvement fund and expended as provided by law.

In the event that any such county has not established such a road fund, its proportion of such fund shall be retained by the State until provision for such a road fund has been made, and it shall then be paid over to such county.

In the months of January, April, July and October of each year, the Controller shall ascertain the gross amounts received and the net receipts remaining after deducting the amounts withdrawn for the support of the Controller and the Board of Equalization and the payment of the refunds for which provision is made in section 11 of this act during the preceding three months, and thereupon the Controller shall draw his warrant upon the "Motor vehicle fuel fund" in favor of each county in the State for the amount to which each such county is entitled. The Controller shall not draw such warrant in favor of any county which shall not have established such a road fund as is herein required or which shall be delinquent in its annual report to the State Department of Public Works as required by law.

Whenever the annual report by each board of supervisors shall not have been filed in the manner and form provided by law and at or before the time specified by law, the State Controller shall not draw his warrant in favor of the treasurer of such county until such report has been filed.

All moneys in the "Motor vehicle fuel fund" other than those hereinbefore appropriated, are hereby appropriated to and shall by the State Treasurer be paid into the "State highway fund," which fund is hereby created.

All money thus paid into the State highway fund is appropriated to the Department of Public Works to be expended in accordance with law for the payment of all necessary charges incurred in carrying out the provisions of the Streets and Highways Code, and of any other law relating to the acquisition of real property for and the construction, maintenance or improvement of highways.

SEC. 2. Section 13a of said act is hereby amended to read as follows:

Sec. 13a. The State Board of Equalization may, without at the time furnishing vouchers and itemized statements, draw from the "Motor vehicle fuel fund," a sum not to exceed five thousand dollars. The sum or sums so drawn shall be used as a revolving fund where cash advances are necessary.

The requisition form shall be prescribed by the county superintendent of schools and approved by the State Superintendent of Public Instruction. Said forms shall be printed and furnished to the school districts by the board of supervisors of the county.

4.355c. Requisitions must be approved by the county superintendent of schools and allowed by the county auditor in the order in which they are received.

4.357a. It is the duty of the auditor of each county, or city and county, to keep open to the inspection of the public the records of the financial operation of each school district in his county.

4.357b. The county superintendent of schools, after examining and approving any requisition, shall transmit the same directly to the county auditor who, after allowing such requisition, shall transmit the same to the county superintendent of schools who shall thereupon transmit the same to the governing board of the school district, which shall deliver said requisition to the claimant or to his order.

4.358. When any warrant drawn on any school fund is presented to the treasurer and is not paid for want of funds, it shall be indorsed, registered, advertised and paid, with interest at the rate of five per cent per annum, in the manner prescribed, as nearly as may be, for county warrants in sections 4105, 4106, 4107, 4108 and 4110 of the Political Code.

Where the security underlying the indebtedness of any district has been or is hereafter appraised by the Reconstruction Finance Corporation or any agency of the United States, or said Corporation or any agency of the United States, with or without such appraisal, has loaned or hereafter loans any such district money to fund or refund any of its indebtedness or to finance any of its operations, such district shall have and is hereby given power and authority in contracting for such loan to enter into an agreement that it will not thereafter during the life of such loan levy any assessment for a less amount than required by the provisions of section 32 of the California Irrigation District Act or by the terms of such contract, and when such district shall have so contracted, the California Districts Securities Commission shall not thereafter have jurisdiction or authority to approve or give its consent to the levy of an assessment in any amount less than required to be levied by the provisions of section 39 of the California Irrigation District Act, or less than the amount required by the terms of such contract, and all contracts and agreements between such districts and the Reconstruction Finance Corporation, or any other agency of the United States, heretofore executed providing for such loans are hereby approved, ratified, and confirmed.

CHAPTER 616.

An act to repeal section 73a of the California Irrigation District Act, relating to the procedure by which property owners may be relieved from obligations of the district.

[Approved by the Governor July 15, 1935 In effect September 15, 1935.]

The people of the State of California do enact as follows:

SECTION 1. Sec. 73c of the California Irrigation District Act is hereby repealed.

CHAPTER 617.

An act to amend section 2.60 of the School Code, relating to the correction and relocation of boundaries of school districts.

[Approved by the Governor July 15, 1935. In effect September 15, 1935.]

The people of the State of California do enact as follows:

SECTION 1. Section 2.60 of the School Code is hereby amended to read as follows:
2.60. It shall be the duty of every county superintendent to inquire and ascertain whether the boundaries of the school districts in his county are definitely and plainly described in the records of the board of supervisors and to keep in his office a full and correct transcript of such boundaries.

In case the boundaries of districts are conflicting or incorrectly described, or in case, by reason of the resubdivision of land or other change of property lines, the location of said boundaries becomes indefinite and/or conflicts with lines of assessment, the board of supervisors may correct and relocate the boundaries to follow definite, established property lines conforming as nearly as practicable to the general location of the former boundaries.

Where boundary lines are altered or changed as provided herein, the relocation of the new lines shall be made in such a manner that the majority of the area of the parcel or property affected shall determine the district in which such parcel or property shall be located. Nothing herein contained shall be construed as authorizing the board of supervisors, in relocating such boundaries, to substantially alter the former boundaries of such school districts.

CHAPTER 618.

An act to add a new article to Chapter IX of Part III of Division V of the School Code, to be known as Article IV, consisting of sections 5.792 to 5.799b inclusive, relating to a merit system for employees in positions other than those requiring certification qualifications.

[Approved by the Governor July 15, 1935. In effect September 15, 1935.]

The people of the State of California do enact as follows:

SECTION 1. A new article to be numbered Article IV consisting of sections 5.792 to 5.799b, inclusive, is hereby added to Chapter IX of Part III of Division V of the School Code to read as follows:

Article IV—Merit System Applied to Noncertificated Employees in Certain School Districts.

5.792. In any school district having an average daily attendance of eight hundred fifty or more except school districts lying wholly within a city or city and county which provides in its charter for a merit system of employment for employees not employed in positions requiring certification qualifications the governing board may, by affirmative vote of a majority of its members, adopt the procedure set forth in this article. In any district in which such procedure has been adopted the governing board shall have power and it shall be
its duty to employ, pay, and otherwise control the services of persons in positions not requiring certification qualifications only in accordance with the provisions of this article unless otherwise directed by a majority vote of the qualified electors voting thereon at a general election for member or members of the governing board of the school district or districts concerned.

The measure to terminate the merit system instituted under this article shall be placed on the ballot only on petition of not less than ten per cent of the voters within a given district as determined by the number voting in the last election for member or members of the governing board.

5793. In any district which has adopted the provisions of this article there shall be appointed a personnel commission, hereinafter called the commission, composed of three members; provided, that if two or more districts are under the jurisdiction of governing boards of identical personnel, only one such commission shall be appointed. In all such cases the provisions of this article shall apply alike to all of the said districts, and the expenses of the said commission shall be paid out of the general funds of all of the districts in proportion to the benefits derived therefrom as determined by the governing board.

Qualifications for membership on the commission shall be the same as those required for the members of the governing board; provided, that no member of the governing board shall be a member of the commission nor shall any commissioner during his service on the commission be employed by the governing board in any other capacity; and provided further, that appointees shall be known adherents to the principle of the merit system.

Within thirty days after the provisions of this article become effective in any school district the State Superintendent of Public Instruction shall appoint a member of the personnel commission whose term of office shall be for one year from and after the first day of December, at noon, next succeeding his appointment; the county superintendent of schools in the county in which said district is situated shall appoint a member of the personnel commission whose term of office shall be two years from and after the first day of December, at noon, next succeeding his appointment; the executive officer of the State Personnel Board shall appoint a member of the personnel commission whose term of office shall be three years from and after the first day of December, at noon, next succeeding his appointment; annually thereafter, on or before the first day of December, or as frequently as vacancies shall occur, appointments to fill said vacancy or vacancies shall be made alternately by the State Superintendent of Public Instruction and by the executive officer of the State Personnel Board; provided, that the State Superintendent of Public Instruction shall appoint the member of the personnel commission to fill the first said vacancy; and provided further, that
appointments after the first year shall be for terms of three years from and after the first day of December, at noon, next succeeding the appointments, excepting interim appointments which shall be made only for the duration of the unexpired term of office.

Members of the commission may be paid five dollars per meeting but not over fifty dollars per month.

The governing board shall provide the commission with suitable office accommodations. The commission shall prepare an annual budget for its own office which, upon the approval of the county superintendent of schools, shall be included by the governing board in the regular budget of the school district or districts concerned. The county superintendent of schools may reject, but may not amend, the proposed budget. In the absence of agreement between the personnel commission and the county superintendent the budget of the preceding year shall determine the amount of the new budget, and the items of expenditure shall be determined by the commission.

The budget for the first year shall be determined by the governing board, and pending receipt of money raised in the manner prescribed herein, the governing board is empowered to advance funds for the establishment of the work of the commission.

5.794. The commission shall classify all employees and positions within the jurisdiction of the governing board or of the commission and such employees and positions shall be known as the classified service; provided, that positions required by the School Code to have certification qualifications, and professional experts employed on a temporary basis for a specific project by the governing board or by the commission when so designated by the commission, shall not be included therein.

5.795. The commission shall prescribe and amend, subject to the provisions of this article, such rules as may be necessary to insure the efficiency of the service and the selection and retention of employees upon a basis of merit and fitness. Such rules shall be binding upon the governing board.

The said rules shall provide for the procedures to be followed by the governing board as they pertain to the classified service regarding applications, examinations, eligibility, appointments, promotions, demotions, transfers, dismissals, resignations, lay-offs, reemployment, vacations, leaves of absence, compensation within classification, job analyses and specifications, service ratings, public advertisement of examinations, rejection of unfit applicants without competition, and any other matters necessary to carry out the provisions and purposes of this article.

The rules of the commission and copies of this article shall be printed and made available to employees in the classified service, the public, and those concerned with the enforcement of this article.
5.796. The commission shall appoint a personnel director from an eligibility list established from a competitive examination given under the auspices of the commission. He shall be responsible to the commission for carrying out all procedures in the administration of the classified personnel in conformity with the provisions of this article and the rules of the commission. He shall also act as secretary of the commission and shall prepare, or cause to be prepared an annual report which shall be sent by the commission to the governing board.

5.797. The commission shall recommend to the governing board salary schedules for the classified service. The governing board may approve, amend or reject these recommendations; provided, that no amendment shall be adopted until the commission shall first have been given a reasonable opportunity to make a written statement of the effect such amendments will have upon the principle of like pay for like service. No such changes shall operate to disturb the relationship which compensation schedules bear to one another, as such relationship has been established in the classification made by the commission.

5.798. Any person who has been continuously employed in a position which under this article is defined as a position in the classified service for a period of six months immediately preceding the date on which the governing board of the school district shall have adopted the procedure set forth in this article shall be deemed to be in the permanent classified service; provided, that no lay-off or suspension of service during the time when and because the schools of the district are not in session shall count as an interruption of such continuous service.

All persons who have been continuously employed by a school district for less than six months immediately preceding the date on which the governing board of the school district shall have adopted the procedure set forth in this article shall be deemed to hold their positions under probationary classification.

All new employees in the classified service shall be selected in accordance with the provisions of this act and the rules of the commission, from applicants on eligibility lists which, wherever practicable, as determined by the commission, shall be made up from promotional examinations; provided, that such applicants shall be placed on such eligibility lists in the order of their relative merit as determined by competitive examinations; and provided further, that appointments shall be made from the first two applicants on the eligibility list who are ready and willing to accept the position. When no eligibility list exists for a position in the classified service, new employees may be appointed for a period not to exceed ninety days and during said ninety days an examination shall be held for such classification. No successive temporary appointments may be made and no person shall be employed in temporary capacities under a given governing board for a total
of more than six months in any one year. No questions relating to political or religious opinions, affiliations, race, color, or marital status shall be asked of any candidate whose name has been certified for appointment, nor shall any discrimination be exercised therefor.

The term "veteran" as used in this article means and includes any person who has served in the United States Army, Navy, Marine Corps, Revenue Marine Service, or as an active nurse in the service of the American Red Cross, or in the Army and Navy Nurse Corps in time of war, or in any expedition of the armed forces of the United States, and received an honorable discharge or certificate of honorable active service, proof of which shall be submitted to the commission at the time of the examination.

The term "disabled veteran" as used in this article means and includes any person who has served in the United States Army, Navy or Marine Corps in time of war or in any expedition of the armed forces of the United States, and received an honorable discharge or certificate of honorable active service, proof of which shall be submitted to the commission at the time of the examination, and who was disabled as a result of such service. Proof of such disability shall be deemed conclusive if the same be of record in the United States Veterans Administration.

In the case of all entrance examinations, veterans with thirty days or more of service who become eligible for appointment by attaining the passing mark established for the examination, shall be allowed an additional credit of five points, provided that disabled veterans shall be allowed an additional credit of ten points, which shall be added to the percentages attained in such examinations by such veterans, and they shall be placed on eligible lists and be eligible for appointment in the order and on the basis of the percentages attained by them in examinations after such credit of five points, or ten points in the case of disabled veterans, shall have been added.

Persons laid off or suspended because of lack of work or lack of funds are eligible to reemployment for a period of three years and shall be reemployed in preference to new applicants.

Eligibility lists shall be established for a period of not less than one year and may be extended for an additional period of one year in the discretion of the commission.

5.798a. Any person who has served a probationary period not to exceed six months as prescribed by the rules of the commission for his classification shall be deemed to be in the permanent classified service. No person in the permanent classified service shall be demoted or removed except for reasonable cause designated by rule of the commission as detrimental to the efficiency of the service. This paragraph shall not be construed to prevent lay-offs for lack of work or lack of funds.
For reasonable causes the employee may be suspended without pay for not more than thirty days or may be demoted or dismissed. In any such case the personnel director shall within three days of such suspension, demotion or dismissal file written charges with the commission and give a copy of such charges to the employee.

An employee who has been suspended, demoted, or dismissed may appeal to the commission within fourteen days after receipt of a copy of the written charges by filing a written answer to such charges.

The commission shall investigate the matter on appeal and may require further evidence from either party, and may, and upon request of an accused employee shall, order a hearing. The accused employee shall have the right to appear in person or with counsel and to be heard in his own defense. The decision shall not be subject to review by the governing board. If the commission sustains the employee, the commission may order paid all or part of his full compensation from the time of suspension, demotion, or dismissal, and it shall order his reinstatement. Upon notification of the commission's decision, the board shall reinstate the employee and authorize such compensation as the commission shall direct.

5.799. No warrant shall be drawn by or on behalf of the governing board of any district for the payment of any salary or wage to any employee in the classified service unless the assignment bears the certification of the personnel director that the person named in such assignment has been employed and assigned pursuant to the requirements of this article and the rules of the commission.

The commission shall have the power to subpoena witnesses, to require the production of records or information pertinent to investigation, and to administer oaths. It may, at will, inspect any records of the governing board that may be necessary to satisfy itself that the procedures prescribed by the commission as authorized by this article have been complied with.

It shall be the duty of the counsel of the governing board to aid and represent the commission, when sued, in a legal capacity and should he refuse, the commission may employ its own attorney and the reasonable cost thereof shall constitute a legal charge against the general funds of the district concerned.

5.799a. No person who is in the classified service or who is upon any eligibility list shall be appointed, demoted, or removed, or in any way discriminated against because of his political acts, opinions, or affiliations; provided, that no such person shall engage in political activities during his assigned hours of employment.

No member of the governing board in any district in which the procedure herein set forth shall have been adopted shall directly or indirectly solicit or be concerned in soliciting any assessment, contribution, or political service of any kind what-
soever for any political purpose from any person who is in the
classified service or who is upon any eligibility list.

No officer or employee of any governing board of any dis-

section in which the procedure herein set forth shall have been
adopted shall directly or indirectly coerce or attempt to coerce
or in any way bring pressure or attempt to bring pressure
upon any other such officer or employee, to support or refrain
from supporting any political group for any political purpose
whatever.

5.799b. Any person who shall wilfully or through culpable negligence violate any of the provisions of this article shall be
guilty of a misdemeanor.

Sec. 2. If any section, subsection, sentence, clause or phrase of this act is for any reason held to be unconstitutional,
such decision shall not affect the validity of the remaining por-
tion of this act. The Legislature hereby declares that it
would have passed this act and each section, subsection, sen-
tence, clause or phrase thereof, irrespective of the fact that
any one or more section, subsection, sentence, clause or phrase
be declared unconstitutional.

Sec. 3. All acts and all parts of acts inconsistent here-
with are hereby repealed.

The moneys in said fund are hereby appropriated, subject to the provisions of any budget bill heretofore or hereafter enacted and section 661 of the Political Code, as follows:

(a) To pay the refunds authorized in this act.

(b) To the State Controller, to carry out any duties imposed upon him by this act.

Such pro rata share shall be payable upon presentation of claim against any appropriation from the motor vehicle fuel fund for the support of the State Controller or the State Board of Equalization, as the case may be.

(g) To pay refunds as may be due on account of judgments for the return of license taxes illegally collected, as provided in section 16 of this act.

In the event that any such county has not established such a road fund, its proportion of such fund shall be retained by the State until provision for such a road fund has been made, and it shall then be paid over to such county.

In the months of January, April, July and October of each year, the Controller shall ascertain the gross amounts received and the net receipts remaining after deducting the amounts withdrawn for the support of the Controller and the Board of Equalization and the payment of the refunds for which provision is made in section 11 of this act during the preceding three months, and thereupon the Controller shall draw his warrant upon the "Motor vehicle fuel fund" in favor of each county in the State for the amount to which each such county is entitled. The Controller shall not draw such warrant in favor of any county which shall not have established such a road fund as is herein required or which shall be delinquent in its annual report to the State Department of Public Works as required by law.

Whenever the annual report by any board of supervisors shall not have been duly filed in the manner and form provided by law and at or before the time specified by law, the State Controller shall not draw his warrant in favor of the treasurer of such county until such report has been filed.

All moneys in the "Motor vehicle fuel fund" other than those hereinbefore appropriated, are hereby appropriated to and shall by the State Treasurer be paid into the "State highway fund," which fund is hereby created.

All money thus paid into the State highway fund is appropriated to the Department of Public Works to be expended in accordance with law for the payment of all necessary charges incurred in carrying out the provisions of the Streets and Highways Code, and of any other law relating to the acquisition of real property for and the construction, maintenance or improvement of highways.

Recovery may be had upon such debt out of any property of the recipient not exempt from execution.

In any case in which aid shall be granted to any person owning real property, the board of supervisors may cause a notice of such aid, giving the name of such person, to be recorded in the office of the county recorder and from the time of such recording such notice shall have the force, effect and priority of a lien of a judgment against said person, an abstract of which has been recorded, for the amount of aid

An applicant whose application for aid under this act has been rejected may not again apply for such aid until the expiration of one year from the date of the previous application, except with the consent of the county or city and county, as herein provided. No county shall receive any apportionment of funds from the State unless it is complying with all orders of the department made pursuant to this section.

If the application for aid be granted, the clerk of the board of supervisors shall report the fact to the auditor of the county or city and county. All payments of aid under this act shall be made monthly by the treasurer of the county or city and county in the manner provided by law for payment of claims against the county or city and county; provided, however, if the recipient of old age assistance is, on the testimony of reputable witnesses, found incapable of taking care of himself or his money, upon recommendation of the board of supervisors and with the approval of the Department of Social Welfare the aid authorized in this act may be paid to any responsible person for the benefit of the recipient of this aid. No language used in this act shall be, or be construed to be, a limitation or restriction upon the power or duty of the said water commission to determine, in the proceedings provided for in sections 25 to 36g, both inclusive, of this act, all rights to water or the use of water whether based upon appropriation, riparian right, or other basis of right; provided that said commission shall not determine in said proceedings the right to take water from an underground supply other than from a subterranean stream flowing through known and definite channels.

Sec. 2. Section 32 of said act is hereby amended to read as follows:

Sec. 32 At the time of submission of proof of appropriation, the State Water Commission shall collect from each claimant a fee of five (5) dollars for each proof of appropriation filed by such claimant. At the time of, or as soon as practicable after the mailing of its order of determination as provided in section 36 of this act the State Water Commission shall compute the entire expense it has incurred in performing the duties prescribed in sections 26 to 36 of this act, both inclusive, including salaries, wages, traveling expenses, and all costs of whatever character which are properly chargeable to said proceeding. Should the total amount of said entire expense exceed the total amount received from claimants at the time of submission of proofs of appropriation, said excess expense shall be equitably apportioned by the State Water Commission against the parties to the proceeding and a statement setting forth said expense and said apportionments thereof against the respective parties shall be sent by registered mail to each of said parties. The apportionments so made and
set forth in said statement shall become due and payable to the State Water Commission by the respective parties, or their successors in interest, in the amounts so allocated, thirty (30) days subsequent to the date of mailing of said statement; provided, however, that upon application in writing by any party aggrieved within said thirty (30) day period, the court shall after expiration of said period set a hearing for the determination of any objection or objections to said expense or to the apportionments thereof and the clerk of the court shall, at least ten days prior to the date of such hearing, give notice thereof by mail to all parties; and provided, further, that upon the filing of an objection or objections to said expense or the apportionments thereof, said apportionments shall not become due and payable until said objection or objections shall have been determined as hereinafter provided. Parties failing to so object to said expense or the apportionments thereof within said period shall be conclusively deemed to have waived all objections thereto. Upon the hearing of an objection or objections to said expense or the apportionments thereof the court shall determine the issues relative thereto, and enter an order determining said expense and its allocation as the court may deem equitable. Said order shall become final upon the expiration of thirty (30) days after entry thereof and all apportionments included therein shall then become due and payable to the State Water Commission by the respective parties, or their successors in interest, in the amounts so allocated. Any apportionments of said expense which remain unpaid shall be included in any findings of fact and conclusions of law which may be filed by the court and if unpaid at time of entry of judgment and decree shall be included therein. All moneys paid to or collected by said commission, as in this section provided, shall be paid, at least once each month, accompanied by a detailed statement thereof, into the cash revolving fund of the State Water Commission in the State treasury. If the funds available for use by the State Water Commission are inadequate to enable it to undertake the expense of any proceeding under sections 25 to 36g, both inclusive, of this act, or if in the judgment of the commission its reimbursement for the expense of any such proceeding will not be reasonably certain, it may refuse to proceed with its investigation as provided for in section 27 of this act and to undertake said proceeding, unless and until such provision shall have been made by persons interested as may be satisfactory to said commission and deemed by it sufficient to secure reimbursement or payment to it for its expenses.

The State Water Commission shall, within thirty days prior to the regular session of the Legislature, submit to the Governor a full and true report of transactions under this law during the preceding biennium, including a complete statement of receipts and expenditures during the period.

to the petitioner, a hearing or hearings may be had before 
said board or an examiner appointed by it for the purpose. 
At such hearing or hearings witnesses who testify shall be 
sworn by the person conducting the hearing, and evidence, 
oral and documentary, may be required, a record of which 
shall be made and filed with said board. Upon the completion 
of such investigation said board,

(a) If it shall determine as a fact that the substance being 
or to be discharged or deposited is such that under all the 
circumstances and conditions it may so contaminate or pollute 
such stream, river, lake, tributary or other waters or lands on 
which it may be discharged, deposited or caused to overflow, 
as to endanger the lives or health of human beings or animals, 
or to constitute a nuisance, or does or may constitute a menace 
to public health or a nuisance, or that under all the circum-
cstances and conditions it is not necessary so to dispose of such 
substance, the State Board of Health shall deny the prayer of 
such petition; and shall order petitioner to make such changes 
as the State Board of Health shall deem proper for the purpose 
of this act. The State Board of Health may order the appoint-
ing of a competent person, to be approved by said board, and 
to be paid by said petitioner, who shall take charge of and 
operate such plant or system so as to secure the results 
demanded by the State Board of Health; and said board may 
order such repair, alteration or additions to the existing sys-
tem, plant and works that the sewage or substance being or 
intended to be discharged or disposed of shall not contaminate 
or pollute streams or other water supplies, or endanger the 
lives, health or comfort of human beings or animals; and said 
board may order such changes of method, manner and place
of disposal and the installation of such treatment works that streams and other water supplies will not be polluted or contaminated and the works and disposal shall not constitute a menace to health of human beings or animals, or a nuisance; which orders shall designate the period within which the desired charges are to be made; provided, however, that a temporary permit may be issued by the State Board of Health for said period to permit compliance with such order or orders.

(b) If it shall determine, as a fact, that the substance being or to be discharged or deposited, is not such that under all the circumstances and conditions it will so contaminate or pollute such stream, river, lake, tributary or other waters, as to endanger the lives or health of human beings or animals, or to constitute a nuisance, and that under all the circumstances and conditions it is necessary so to dispose of such substance, it shall grant to petitioner a permit authorizing petitioner so to deposit or discharge or to continue to deposit or discharge such substance; provided, however, that such permit shall not be construed to permit any act forbidden by any provision of the laws of this State relative to the preservation or propagation of fish or game, or relative to the deposit of debris into the streams of the State, or relative to the obstruction of navigation; and provided, further, that all permits issued hereunder shall be revocable by said board at any time or subject to suspension if said board shall determine, as a fact, that the substance discharged or deposited by virtue thereof causes or may cause a contamination or pollution of waters or land that does or may endanger the lives or health of human beings or animals, or does or may constitute a nuisance; and provided, also, that nothing contained in this act shall be construed as limiting or denying the power of any incorporated city, city and county, town or village to declare, prohibit and abate nuisances, or as limiting or denying the power of the State Board of Health to declare or abate nuisances; and provided, also, no permit shall be granted by the State Board of Health for the construction or use of any sewer well extending to or into a subterranean water-bearing stratum which is used or intended to be used as, or is suitable for, a source of water supply for domestic purposes.

The State Board of Health and its inspectors shall at any and all times have full power and authority to and shall be permitted to, enter into and upon any and all places, enclosures and structures for the purpose of making, and to make, examinations and investigations to determine whether any provision of this act is being violated. Whenever any petitioner shall be granted any permit by said board and under the provisions of this act, such petitioner shall furnish to said board upon demand a complete report upon the condition and operation of the system, plant or works, which report shall be made by some competent person designated for the purpose
by said board, and at the sole cost and expense of the holder of the permit.

Any county, city and county, city, town, village, district, community, institution, person, firm or corporation, who shall deposit, discharge or continue to deposit or discharge, into any stream, river, lake or tributary thereof, or into subterranean or any other waters, used or intended to be used for human or animal consumption or for domestic purposes, or into any sewer well or into or upon any place the surface or subterranean drainage from which may run or percolate into any such stream, river, lake, tributary or other waters, or into any of the salt waters, or lands, within the jurisdiction of this State, any sewage, sewage effluent or other substance by the terms of section 2 of this act forbidden to be so deposited or discharged, without having an unrevoked permit so to do, as in this act provided, may be enjoined from so doing by any court of competent jurisdiction at the suit of any person or municipal corporation whose supply of water for human or animal consumption or for domestic purposes is or may be affected, or by the State Board of Health.

Anything done, maintained, or suffered, in violation of any of the provisions of section 2 or section 3 of this act shall be deemed to be a public nuisance, dangerous to health, and may be summarily abated as such.

Every county, city and county, city, town, village, district, community, institution, firm, corporation or person, or any officer, employee or agent thereof upon whom the duty to act is cast, who shall violate any provision or part thereof of section 2 or 3 of this act, or who shall fail to obey, observe or comply with any direction, order, requirement or demand or any part or provision thereof of the State Board of Health, or who aids or abets any such county, city and county, city, town, village, district, community, institution, firm, corporation or person, or any officer, employee or agent thereof in any failure to obey or comply with the provisions of this act or the orders of the State Board of Health as provided in this act, shall become liable for and forfeit to the State of California the penal sum of not more than one thousand dollars to be fixed by the court for each and every offense. The continued existence of any violation of this act for each and every day beyond the time stipulated for compliance with any of its provisions or of any order of the State Board of Health as provided herein shall constitute a separate and distinct offense. All penalties are to be recovered by the State in civil action brought by the State of California and such penalties when collected shall be paid into the general fund of the State treasury.

Every officer, agent or employee of any county, city and county, city, town, village, district, community, institution, firm, corporation or person who shall violate or fail to comply with any of the provisions of section 2 or section 3 of this act or with the order or orders of the State Board of Health
or any part thereof, or who aids or abets in any failure to observe and comply with any such provision, order, or part thereof, is guilty of a misdemeanor and is punishable by a fine not exceeding one thousand dollars or by imprisonment in the county jail not exceeding one year or by both such fine and imprisonment, for each offense. Each day's violation of this provision shall constitute a separate and distinct offense.

[Approved by the Governor July 16, 1935 In effect September 15, 1935 ]

The people of the State of California do enact as follows:

**SECTION 1.** Section 2924 of the Civil Code is hereby reenacted to read as follows:

2924. Every transfer of an interest in property, other than in trust, made only as a security for the performance of another
act, is to be deemed a mortgage, except when in the case of personal property it is accompanied by actual change of possession, in which case it is to be deemed a pledge. Where, by a mortgage created after July 27, 1917, of any estate in real property, other than an estate at will or for years, less than two, or in any transfer in trust made after July 27, 1917, of a like estate to secure the performance of an obligation, a power of sale is conferred upon the mortgagee, trustee, or any other person, to be exercised after a breach of the obligation for which such mortgage or transfer is a security, such power shall not be exercised except where such mortgage or transfer is made pursuant to an order, judgment, or decree of a court of record, or to secure the payment of bonds or other evidences of indebtedness authorized or permitted to be issued by the Commissioner of Corporations, or is made by a public utility subject to the provisions of the Public Utilities Act, until (a) the trustee, mortgagee, or beneficiary, shall first file for record, in the office of the recorder of each county wherein the mortgaged or trust property or some part or parcel thereof is situated, a notice of default, identifying the mortgage or deed of trust by stating the name or names of the trustor or trustees and giving the book and page where the same is recorded or a description of the mortgaged or trust property and containing a statement that a breach of the obligation for which such mortgage or transfer in trust is security has occurred, and setting forth the nature of such breach and of his election to sell or cause to be sold such property to satisfy the obligation; (b) not less than three months shall thereafter elapse; and (c) the mortgagee, trustee or other person authorized to make the sale shall give notice of sale, stating the time and place thereof, in the manner and for a time not less than that required by law for sales of real property upon execution.

Sec. 2. Section 2924b of the Civil Code is hereby reenacted to read as follows:

2924b. Any person desiring a copy of any notice of default and of any notice of sale under any deed of trust or mortgage with power of sale upon real property, as to which deed of trust or mortgage the power of sale can not be exercised until such notices are given for the time and in the manner provided in section 2924 of this code may, at any time subsequent to recordation or registration of such deed of trust or mortgage and prior to recordation of notice of default thereunder, cause to be filed for record in the office of the recorder of any county in which any part or parcel of the real property is situated, a duly acknowledged request for a copy of any such notice of default and of sale. This request shall set forth the name and address of the person requesting copies of such notices, shall identify the deed of trust or mortgage by stating the names of the parties thereto, the date of recordation or registration thereof and the book and page where the same is recorded or the recorder's or registrar's serial number and shall be in substantially the following form:
"In accordance with section 2924b, Civil Code, request is hereby made that a copy of any notice of default and a copy of any notice of sale under the deed of trust (or mortgage) recorded ______, 19____ in Book ______ page ______ records of ______ County, (or filed for record with recorder's serial number ______, or registered under registrar's number ______ County) California, executed by ______ as trustor (or mortgagee) in which ______, is named as beneficiary (or mortgagee) and ______ as trustee be mailed to ______ at ______.

Name
Address
Signature_______________"

Immediately upon the filing for record of such request, the recorder shall enter upon the margin of the record of the deed of trust or mortgage therein referred to a reference to the place where such request is recorded, which reference shall be substantially in the following form:

"Request recorded in book ______ page ______ of ______ for copy of notice of default and sale."

The mortgagee, trustee or other person authorized to record the notice of default, shall within ten days following recordation of such notice of default deposit or cause to be deposited in the United States mail an envelope, registered and with postage prepaid, containing a copy of such notice with the recording date shown thereon, addressed to each person whose name and address are set forth in a duly recorded request therefor, and a reference to which request has, prior to recordation of said notice of default, been entered on the margin of the record of the deed of trust or mortgage, directed to the address designated in said request, and at least twenty days before date of sale the mortgagee, trustee or other person authorized to make the sale shall deposit or cause to be deposited in the United States mail an envelope, registered and with postage prepaid, containing a copy of the notice of time and place of sale, addressed to each person whose name and address are set forth in a request therefor recorded, within the time herein provided, a reference to which request has been entered upon the record as above provided at the address set forth in such request.

Any deed of trust or mortgage with power of sale hereafter executed upon real property may contain a request that a copy of any notice of default and a copy of any notice of sale thereunder shall be mailed to any person a party thereto at the address of such person given therein, and a copy of any notice of default and of any notice of sale shall be mailed to each such person at the same time and in the same manner required as though a separate request therefor had been filed by each of such persons as herein authorized.

A recital in the deed executed pursuant to the power of sale of compliance with all requirements of law regarding the mailing of copies of notices for which requests have been recorded
shall constitute prima facie evidence of compliance therewith and conclusive evidence thereof in favor of bona fide purchasers and encumbrancers for value and without notice.

No request for copy of any notice filed for record pursuant to this section nor any statement or allegation in any such request nor any record thereof shall affect the title to real property or be deemed notice to any person that any person requesting copies of notice has or claims any right, title or interest in, or lien or charge upon the property described in the deed of trust or mortgage referred to therein

Sec. 3. Section 2924c of the Civil Code is hereby reenacted to read as follows:

2924c. Whenever all or a portion of the principal sum of any obligation secured by deed of trust or mortgage on real property hereafter executed has, prior to the maturity date fixed in such obligation, become due or been declared due by reason of default in payment of interest or of any installment of principal, or by reason of failure of trustor or mortgagor to pay, in accordance with the terms of such obligation or of such deed of trust or mortgage, taxes, assessments, premiums for insurance or advances made by beneficiary or mortgagee in accordance with the terms of such obligation or of such deed of trust or mortgage, the trustor or mortgagor or his successor in interest in the mortgaged or trust property at any time within three months of the recording of the notice of default under such deed of trust or mortgage, if the power of sale therein is to be exercised, or, otherwise at any time prior to entry of the decree of foreclosure, may pay to the beneficiary or the mortgagee or their successors in interest, respectively, the entire amount then due under the terms of such deed of trust or mortgage and the obligation secured thereby (including costs and expenses actually incurred in enforcing the terms of such obligation, deed of trust or mortgage, and trustee's or attorney's fees actually incurred not exceeding fifty dollars in case of a mortgage and twenty-five dollars in case of a deed of trust) other than such portion of principal as would not then be due had no default occurred, and thereby cure the default theretofore existing, and thereupon, all proceedings theretofore had or instituted shall be dismissed or discontinued and the obligation and deed of trust or mortgage shall be reinstated and shall be and remain in force and effect, the same as if no such acceleration had occurred. The provisions of this section shall not apply to bonds or other evidences of indebtedness authorized or permitted to be issued by the Commissioner of Corporations or made by a public utility subject to the provisions of the Public Utilities Act.

Sec. 4. Section 580a of the Code of Civil Procedure is hereby reenacted to read as follows:

580a. Whenever a money judgment is sought for the balance due upon an obligation for the payment of which a deed of trust or mortgage with power of sale upon real property or any interest therein was given as security, following the
exercise of the power of sale in such deed of trust or mortgage, the plaintiff shall set forth in his complaint the entire amount of the indebtedness which was secured by said deed of trust or mortgage at the time of sale, the amount for which such real property or interest therein was sold and the fair market value thereof at the date of sale and the date of such sale. Upon the application of either party made at least ten days before the time of trial the court shall, and upon its own motion the court at any time may, appoint one of the inheritance tax appraisers provided for by law to appraise the property or the interest therein sold as of the time of sale. Such appraiser shall file his appraisal with the clerk and the same shall be admissible in evidence. Such appraiser shall take and subscribe an oath to be attached to the appraisal that he has truly, honestly and impartially appraised the property to the best of his knowledge and ability. Any appraiser so appointed may be called and examined as a witness by any party or by the court itself. The court must fix the compensation of such appraiser, not to exceed five dollars per day, and expenses for the time actually engaged in such appraisal, which may be taxed and allowed in like manner as other costs. Before rendering any judgment the court shall find the fair market value of the real property, or interest therein sold, at the time of sale. The court may render judgment for not more than the amount by which the entire amount of the indebtedness due at the time of sale exceeded the fair market value of the real property or interest therein sold at the time of sale with interest thereon from the date of the sale; provided, however, that in no event shall the amount of said judgment, exclusive of interest after the date of sale, exceed the difference between the amount for which the property was sold and the entire amount of the indebtedness secured by said deed of trust or mortgage. Any such action must be brought within three months of the time of sale under such deed of trust or mortgage. No judgment shall be rendered in any such action until the real property or interest therein has first been sold pursuant to the terms of such deed of trust or mortgage, unless such real property or interest therein has become valueless.

Sec. 5. Section 580b of the Code of Civil Procedure is hereby reenacted to read as follows:

580b. No deficiency judgment shall lie in any event after any sale under a deed of trust or mortgage given to secure payment of the balance of the purchase price of real property.

Sec. 6 Section 580e of the Code of Civil Procedure is hereby reenacted to read as follows:

580e. In all cases where existing deeds of trust or mortgages are foreclosed under the power of sale contained in said instruments, unless a different amount is set up in said mortgage or deed of trust, and in all cases of mortgages and deeds of trust executed after this act takes effect, the mortgagor or trustor may be required to pay only such amount as trustee’s
or attorney’s fees for conducting the sale as the court may find reasonable and also the actual cost of publishing, recording, mailing and posting notices and procuring evidence of title.

SEC. 7. Section 725a of the Code of Civil Procedure is hereby reenacted to read as follows:

725a. The beneficiary or the trustee named in a deed of trust upon real property or any interest therein to secure a debt or other obligation, shall have the right to bring suit to foreclose the same in the manner and subject to the provisions, rights and remedies relating to the foreclosure of a mortgage upon such property.

SEC. 8. If any section, subsection, sentence, clause or phrase of this act is for any reason held to be unconstitutional such decision shall not affect the validity of the remaining portions of this act. The Legislature hereby declares that it would have passed this act, and each section, subsection, sentence, clause and phrase thereof, irrespective of the fact that any one or more other sections, subsections, sentences, clauses or phrases be declared unconstitutional.

SEC. 9. It is the intent of this act to reenact sections 2924, 2924b and 2924c of the Civil Code and sections 580a, 580b, 580c and 725a of the Code of Civil Procedure in order to continue the same in effect subsequent to September 1, 1936, and remove any ambiguity created by the language of section 2924c of the Civil Code as added by an act approved June 2, 1933, as to the time said sections shall be effective. It is intended that sections 2924, 2924b, and 2924c of the Civil Code and sections 580a, 580b, 580c, and 725a of the Code of Civil Procedure shall be effective without any time limitation thereon.

Sec. 60. Said serial bonds shall extend over a period not to exceed fourteen years from the second day of January next succeeding the next October fifteenth following their date, and an even annual proportion of the principal sum thereof shall be payable, by coupon on the second day of January every year after the next October fifteenth following their date, until
the whole is paid. The interest shall be payable semiannually, by coupon, on the second days of January and July, respectively, of each year after their date, at the rate of not to exceed ten per cent per annum on all sums unpaid, until the whole of said principal and interest is paid; provided, however, that the first interest coupon on said bonds shall become due and payable on the second day of January next succeeding the October fifteenth or the second day of July next succeeding the April fifteenth, as the case may be, next following their date.

Said bonds and interest thereon shall be paid at the office of the city treasurer of said municipality, who shall keep a fund designated by the name of said bonds, into which he shall place all sums paid him for the principal of said bonds and the interest thereon, together with all penalties thereon, and from which he shall disburse such sums, upon the presentation of said coupons; and under no circumstances shall said bonds or the interest thereon be paid out of any other fund. SEC. 2. Section 62 of said act is hereby amended to read as follows:

Sec. 62. After the full expiration of thirty days from the date of the warrant, the street superintendent shall make
and certify to the city treasurer a complete list of all assessments unpaid, which amount to twenty-five dollars or over, upon any assessment, or diagram number; the principal of said unpaid assessment shall thereafter become due and payable to said treasurer in equal annual payments on the fifteenth day of each November succeeding the October fifteenth following the filing of said list until fully paid; the number of said annual payments shall correspond to the number of serial payments provided to be made on the principal of the bonds issued to represent said unpaid assessments. The first interest payment on said unpaid assessments shall be payable on the fifteenth day of May next succeeding the April fifteenth or the fifteenth day of November next succeeding the October fifteenth, as the case may be, next following the filing of such list of unpaid assessments, the following interest payments shall each be for six months interest and shall be payable on each fifteenth day of May and November, the last interest payment coming due forty-five days before the last annual payment of the principal of the bonds issued to represent said unpaid assessments. Should any payment of principal of said unpaid assessments or of interest thereon be not paid on the date upon which the coupon or coupons representing it are payable, the city treasurer shall after the close of business on said due date add to the amount of principal or interest so delinquent a penalty of one per cent of the total amount of such delinquency, and at the beginning of the business on the first day of each succeeding month until such delinquent payment and all penalties thereon be fully paid, he shall add an additional penalty of one per cent of the amount of such delinquency, and said treasurer shall collect such penalties with and as a part of such delinquent payment.

Provided, that the failure of the city treasurer to mail said card or the failure of the property owner to receive the same shall in no wise affect the validity of any penalty or invalidate any act or proceeding.
CHAPTER 654.

Should, in the opinion of the auditor, the fees to be collected be not sufficient for such purpose, it shall become the duty of the board of supervisors at the time the tax levy is made to estimate such deficiency and raise it by direct taxation the same as other funds. The proceeds of the tax levied therefor shall be paid into said salary fund.

An act to amend sections 997, 1009, 1116, 1117, 1166, 1188, 1262, 1297, 1302, 1371, and 1384, of the Penal Code, relating to refund of money deposited in lieu of bail, and to repeal conflicting acts and parts of acts.

[Approved by the Governor July 16, 1935. In effect September 15, 1935.]

The people of the State of California do enact as follows:

Section 1. Section 997 of the Penal Code is hereby amended to read as follows:

997. The motion must be heard at the time it is made, unless for cause the court postpones the hearing to another time. If the motion is denied, the defendant must immediately answer the indictment or information, either by demurring or pleading thereto. If the motion is granted, the court must order that the defendant, if in custody, be discharged therefrom; or, if admitted to bail, that his bail be exonerated; or, if he has deposited money, or if money has been deposited by another or others instead of bail for his appearance, that the same be refunded to him or to the person or persons found by the court to have deposited said money on behalf of said defendant, unless it directs that the case be resubmitted to the same or another grand jury, or that an information be filed by the district attorney; provided, that after such order of resubmission the defendant may be examined before a magistrate, and discharged or committed by him, as in other cases, if before indictment or information filed he has not been examined and committed by a magistrate.

Sec. 2. Section 1009 of the Penal Code is hereby amended to read as follows:

1009. If the court does not permit the information to be amended, nor direct that an information be filed, or that the case be resubmitted, as provided in the preceding section, the defendant, if in custody, must be discharged, or if admitted to bail, his bail is exonerated, or, if he has deposited money, or if money has been deposited by another or others instead of bail for his appearance, the money must be refunded to him or
to the person or persons found by the court to have deposited said money on behalf of said defendant.

SEC. 3. Section 1116 of the Penal Code is hereby amended to read as follows:

1116. If the defendant is not arrested on a warrant from the proper county, as provided in section 1115, he must be discharged from custody, or his bail in the action is exonerated, or money deposited instead of bail must be refunded to him or to the person or persons found by the court to have deposited said money on behalf of said defendant, as the case may be, and the sureties in the undertaking, as mentioned in that section, must be discharged. If he is arrested, the same proceedings must be had thereon as upon the arrest of a defendant in another county on a warrant of arrest issued by a magistrate.

SEC. 4. Section 1117 of the Penal Code is hereby amended to read as follows:

1117. If the jury is discharged because the facts as charged do not constitute an offense punishable by law, the court must order that the defendant, if in custody, be discharged; or if admitted to bail, that his bail be exonerated; or, if he has deposited money or if money has been deposited by another or others instead of bail for his appearance, that the money be refunded to him or to the person or persons found by the court to have deposited said money on behalf of said defendant, unless in its opinion a new indictment or information can be framed upon which the defendant can be legally convicted, in which case it may direct the district attorney to file a new information, or (if the defendant has not been committed by a magistrate) direct that the case be submitted to the same or another grand jury; and the same proceedings must be had thereon as are prescribed in section 998; provided, that after such order or submission the defendant may be examined before a magistrate, and discharged or committed by him as in other cases.

SEC. 5. Section 1166 of the Penal Code is hereby amended to read as follows:

1166. If a general verdict is rendered against the defendant, or a special verdict is given, he must be remanded, if in custody, or if on bail he may be committed to the proper officer of the county to await the judgment of the court upon the verdict. When committed his bail is exonerated, or if money is deposited instead of bail it must be refunded to the defendant or to the person or persons found by the court to have deposited said money on behalf of said defendant.

SEC. 6. Section 1188 of the Penal Code is hereby amended to read as follows:

1188. If, from the evidence on the trial, there is reason to believe the defendant guilty, and a new indictment or information can be framed upon which he may be convicted, the court may order him to be recommitted to the officer of the proper county, or admitted to bail anew, to answer the new
indictment or information. If the evidence shows him guilty of another offense, he must be committed or held thereon, and in neither case shall the verdict be a bar to another prosecution. But if no evidence appears sufficient to charge him with any offense, he must, if in custody, be discharged, or if admitted to bail, his bail is exonerated; or if money has been deposited instead of bail, it must be refunded to the defendant or to the person or persons found by the court to have deposited said money on behalf of said defendant; and the arrest of judgment shall operate as an acquittal of the charge upon which the indictment or information was founded.

Sec. 7. Section 1262 of the Penal Code is hereby amended to read as follows:

1262. If a judgment against the defendant is reversed without ordering a new trial, the appellate court must, if he is in custody, direct him to be discharged therefrom; or if on bail, that his bail be exonerated; or if money was deposited instead of bail, that it be refunded to the defendant or to the person or persons found by the court to have deposited said money on behalf of said defendant.

Sec. 8. Section 1297 of the Penal Code is hereby amended to read as follows:

1297. When money has been deposited, if it remains on deposit at the time of a judgment for the payment of a fine, the county clerk must, under the direction of the court, apply the money in satisfaction thereof, and after satisfying the fine and costs, must refund the surplus, if any, to the defendant or to the person or persons found by the court to have deposited said money on behalf of said defendant.

Sec. 9. Section 1302 of the Penal Code is hereby amended to read as follows:

1302. If money has been deposited instead of bail, and the defendant, at any time before the forfeiture thereof, surrenders himself to the officer to whom the commitment was directed, in the manner provided in the last two sections, the court must order a return of the deposit to the defendant or to the person or persons found by the court to have deposited said money on behalf of said defendant, upon the production of the certificate of the officer showing the surrender, and upon a notice of five days to the district attorney, with a copy of the certificate.

Sec. 10. Section 1371 of the Penal Code is hereby amended to read as follows:

1371. The commitment of the defendant, as mentioned in section 1370 of this code, exonerates his bail, or entitles a person, authorized to receive the property of the defendant, to a return of any money he may have deposited instead of bail, or gives, to the person or persons found by the court to have deposited any money instead of bail on behalf of said defendant, a right to the return of such money.

Sec. 11. Section 1382 of the Penal Code is hereby amended to read as follows:
1384. If the court directs the action to be dismissed, the
defendant must, if in custody, be discharged therefrom; or if
admitted to bail, his bail is exonerated, or money deposited
instead of bail must be refunded to him or to the person or
persons found by the court to have deposited said money on
behalf of said defendant.

Sec. 12. All acts and parts of acts in conflict herewith are
hereby repealed.

canneries, under the State Board of Health," approved
May 23, 1925, as amended, relating to the inspection of
canneries, the State Board of Public Health and to the
power and duties thereof.

[Approved by the Governor July 16, 1935. In effect September 15, 1935]

The people of the State of California do enact as follows:

SECTION 1. Section 1 of the act cited in the title hereof is
hereby amended to read:

Section 1. It shall be unlawful for any person, firm, com-
pany, organization, association or corporation in the State
of California, to engage in the noncommercial canning of salmon or in the commercial canning of any food products, fish or fish products, meat or meat products, which meat or meat products are not under the inspection of the Division of Animal Industry of the State Department of Agriculture, or the Bureau of Animal Industry of the United States Department of Agriculture, or approved municipal inspection departments or establishments, for the use of man or animal, the sterilization of which in the opinion of the California State Board of Health requires the use of a pressure cooker, or a retort, without first obtaining a license from the said State Board of Health. Provided, however, that the Division of Cannery Inspection as hereinafter created shall have supervision over the inspection and examination of raw tomatoes, raw fish and fish products preparatory to canning, the cost of said inspection and examination to be determined and paid in like manner as provided in section 4 of this act for products otherwise falling within its provisions.

Sec. 2. Section 2 of the above entitled act is hereby amended to read:

Sec. 2. The said State Board of Public Health shall issue to any person, firm, company, organization, association or corporation in the State of California, an annual license on the receipt of fifty dollars per annum, per plant, and such evidence as the board may require to show that the said person, firm, company, organization, association or corporation is properly equipped with a retort or retorts or pressure cooker which are properly equipped with recording thermometers, indicating thermometers and pressure gauges to carry out such rules and regulation as the State Board of Public Health may adopt for the sterilization of such food products, fish or fish products, meat or meat products, which meat or meat products are not under the inspection of the Division of Animal Industry of the State Department of Agriculture, or the Bureau of Animal Industry of the United States Department of Agriculture, or approved municipal inspection departments or establishments. All moneys received by the State Board of Health for fees shall be deposited at least once each month in the State treasury to the credit of the cannery inspection fund, which fund is hereby created to be used, exclusively for the payment of the expenses of enforcing the provisions of this act, and to be paid out only upon claims approved by the State Board of Public Health and the State Board of Control in the manner provided for by law. One thousand dollars of the cannery inspection fund may be used as a revolving fund for the purposes of carrying out the provisions of this act.

No person, firm, company, organization, association or corporation in the State of California shall permit any person, employee, or individual to operate a steam controlled retort or retorts used in the commercial canning industry for the sterilization of food products, fish or fish products, meat or
meat products, which meat or meat products are not under
the inspection of the Division of Animal Industry of the State
Department of Agriculture, or the Bureau of Animal Industry
of the United States Department of Agriculture, or approved
municipal inspection departments or establishments, unless
said person, employee or individual shall first obtain a permit
from the State Board of Public Health which shall have power
to pass upon and determine the qualifications of the applicant
for the permit with a view to the preservation of the public
health, and which permit when granted shall be revocable by
the board whenever in its judgment the public health requires
such action.

Sec. 3. Section 3 of the above entitled act is hereby
amended to read:

Sec. 3. The California State Board of Health is hereby
empowered to make such rules and regulations which it may
within its discretion deem necessary for the proper enforce-

of enforcing the rules and regulations of the State Board of
Health and the provisions of the Pure Foods Act relating to
the canning of such food products, fish or fish products, meat
or meat products, which meat or meat products are not under
the inspection of the Division of Animal Industry of the State
Department of Agriculture, or the Bureau of Animal Industry
of the United States Department of Agriculture, or approved
municipal inspection departments or establishments, the State
Board of Health shall appoint a chief Bureau of Cannery
Inspections, and such additional inspectors and clerical assist-

and regulations.

Sec. 4. Section 4 of the above entitled act is hereby
amended to read:

Sec. 4. There is hereby created the Cannery Inspection
Board, to consist of five members. The five members shall
be: the Secretary of the State Board of Health, who shall
act as chairman, the Director of the Hooper Foundation for
Medical Research, University of California, and three men
experienced in, and with substantial investments in, and
actively engaged in the canning industry at the time of their
appointment, to be appointed by the State Board of Health.
The said three appointive members shall hold office for a term
of one year or until their successors are appointed. Members
of said board shall serve without compensation. It shall
be the duty of said board, subject to the approval of the
State Board of Health, to estimate the cost of the inspec-
tions and examinations required to be made for each product
subject to the provisions of this act, prior to the opening
of the canning season of each such product having a canning
season of less than three consecutive months and prior to each
quarter for each product having a canning season of more
than three consecutive months. It shall also estimate the
number of cases of each such product to be packed in such season or quarter, as the case may be, and shall determine from these two estimates the cost per thousand cases for such season or quarter of the inspection of each food product to be inspected and examined under the provisions of this act. In addition to the license fee required by section 2 of this act, each person, firm, company, association, or corporation in the State of California subject to the provisions of this act shall pay to the State Board of Health at the end of each quarter, or at the close of the canning season, where said canning season does not exceed three consecutive months, its pro rata share of the actual cost of examination and inspection as determined by the Cannery Inspection Board. The State Board of Health prior to the end of each quarter or season may demand from any such person, firm, company, organization, association or corporation a cash deposit, or such other security for the payment of said pro rata share of the cost as the said board may deem necessary. All moneys received by the Board of Health under this section shall be deposited by it at least once each month in the State treasury to the credit of the cannery inspection fund. No food product subject to the inspection or examination provided in this act shall be shipped by the person, firm, company, organization, association or corporation packing the same until said person, firm, company, organization, association or corporation shall have paid its pro rata share of the cost of inspection of said food product or shall have furnished to the Board of Health a cash deposit or other security satisfactory to the Board of Health for the payment of its pro rata share of the cost of inspection. The Board of Health may for the following cause or causes and none other suspend or revoke a license issued under this act:

The nonpayment of said pro rata share of the cost, or failure to comply with a demand for a cash deposit or other security by the holder of such a license.

Sec. 5. Section 5 of the above entitled act is hereby amended to read:

Sec. 5. It shall be unlawful for any person, firm, company, organization or association or corporation to place upon the label of any bottle, can, jar, carton, case, box or barrel, or any receptacle, vessel or container of whatever material or nature which may be used by a packer, manufacturer, producer, jobber or dealer for enclosing any such canned food products, fish or fish products, meat or meat products, which meat or meat products are not under the inspection of the Division of Animal Industry of the State Department of Agriculture, or the Bureau of Animal Industry of the United States Department of Agriculture, or approved municipal inspection departments or establishments, any statement relative to the product having been inspected, unless such statement has been approved, officially in writing, by the State
Board of Health. Said approval shall be revocable at any time at the discretion of the State Board of Health upon official written notice.

Such guaranty may be either general or special and must be produced prior to the time of certification of facts to the district attorney for prosecution. A general guaranty shall guarantee without condition or restriction all of the products or articles produced, prepared, compounded, packed, distributed, or sold by the guarantor as not adulterated within the meaning of this act. However, any guaranty shall protect a dealer only where the article covered by such guaranty shall have remained identical, both as to composition and labeling, with the article as composed and labeled when received by the dealer from the guarantor. If the guaranty be to the effect that such article is not adulterated or misbranded within the meaning of the National Pure Food Act, approved June 30, 1906, it shall be
sufficient for all the purposes of this act and have the same force and effect as though it referred to this act, except that a guaranty referring to the said National Pure Food Act alone shall not be sufficient for the purpose of this act in any case where at any time the standard for the article concerned under this act is higher than the standard for a like article under said National Pure Food Act. In case the wholesaler, jobber, manufacturer or other party making such guaranty to said dealer resides without this State and it appears from the certificate of the director of the State laboratory that such article or articles were adulterated or misbranded, within the meaning of this act or the National Pure Food Act approved June 30, 1906, the district attorney must forthwith notify the Attorney General of the United States of such violation.

[Approved by the Governor July 16, 1935. In effect: September 15, 1935]

The people of the State of California do enact as follows:

Section 1. A new section is hereby added to the Public Utilities Act, to be numbered section 23 and to read as follows:
Sec. 24. (a) The term "highway common carrier" when used in this act means every corporation or person, their lessees, trustees, receivers or trustees appointed by any court whatsoever, owning, controlling, operating or managing any auto truck, or other self-propelled vehicle not operated upon rails, used in the business of transportation of property as a common carrier for compensation over any public highway in this State between fixed termini or over a regular route, and not operating exclusively within the limits of an incorporated city or town, or city and county, except that passenger stage corporations, as defined in section 24 of this act, transporting baggage and express upon passenger vehicles incidental to the transportation of passengers shall not be highway common carriers as herein defined.

(b) The words "between fixed termini or over a regular route" when used in this act mean the termini or route between or over which any highway common carrier usually or ordinarily operates any auto truck or other self-propelled vehicle, even though there may be departures from said termini or route, whether such departures be periodic or irregular. Whether or not any auto truck or other self-propelled vehicle is operated by a highway common carrier "between fixed termini or over a regular route" within the meaning of this act shall be a question of fact and the findings of the commission thereon shall be subject to review.

(c) The term "common carrier" when used in this act, in addition to the definition herein otherwise given, shall include every highway common carrier, their lessees, trustees, receivers or trustees appointed by any court whatsoever, operating within this State.

Sec. 2. A new section is hereby added to the Public Utilities Act. to be numbered section 504, and to read as follows:

Sec. 504. (a) No highway common carrier shall hereafter operate or cause to be operated any auto truck, or other self-propelled vehicle not operated on rails, for the transportation of property as a common carrier for compensation on any public highway in this State except in accordance with the provisions of this act.

(b) The Railroad Commission of the State of California is hereby vested with power and authority to supervise and regulate every highway common carrier in this State; to fix the rates, fares, charges, classifications, rules and regulations of each such highway common carrier; to regulate the accounts, service and safety of operations of each such highway common carrier, to require the filing of annual and other reports and of other data by such highway common carriers; and to supervise and regulate highway common carriers in all other matters affecting the relationship between such carriers and the shipping public. The Railroad Commission shall have power and authority, by general order or otherwise, to prescribe rules and regulations applicable to any and all highway common carriers. The Railroad Commission, in the exercise of the
jurisdiction conferred upon it by the Constitution of this State and by this act, shall have power and authority to make orders and to prescribe rules and regulations affecting highway common carriers, notwithstanding the provisions of any ordinance or permit of any incorporated city or town, city and county, or county, and in case of conflict between any such order, rule or regulations and any such ordinance or permit, the order, rule or regulation of the Railroad Commission shall in each instance prevail.

(c) No highway common carrier shall hereafter begin to operate any auto truck, or other self-propelled vehicle, for the transportation of property for compensation on any public highway in this State without first having obtained from the Railroad Commission a certificate declaring that public convenience and necessity require such operation, but no such certificate shall be required of any highway common carrier as to the fixed termini between which or the route over which it was actually operating as a highway common carrier on July 26, 1917, and in good faith continuously thereafter, or for operations exclusively within the limits of an incorporated city, town or city and county. Any right, privilege, franchise, or permit held, owned or obtained by any highway common carrier may be sold, assigned, leased, transferred or inherited as other property, only upon authorization by the Railroad Commission. The Railroad Commission shall have power, with or without hearing, to issue said certificate as prayed for, or to refuse to issue the same, or to issue it for the partial exercise only of said privilege sought, and may attach to the exercise of the rights granted by said certificate such terms and conditions as, in its judgment, the public convenience and necessity require. No such certificate may be granted to a foreign corporation. Without the express approval of the commission, no certificate of public convenience and necessity issued to any highway common carrier under the provisions of this section, or heretofore issued by the commission for the transportation of property by auto truck or self-propelled vehicle, nor any operative right founded upon operations actually conducted in good faith on July 26, 1917, shall be combined, united or consolidated with another such certificate or operative right so as to permit through service between any point or points served under any such separate certificate or operative right, on the one hand, and any point or points served under another such certificate or operative right, on the other hand; nor, without the express approval of the commission, shall any through route or joint, through, combination, or proportional rate be established by any highway common carrier between any point or points which it serves under any such certificate or operative right, and any point or points which it serves under any other such certificate or operative right.

The Railroad Commission may at any time for a good cause suspend, and upon notice to the holder of an operating right acquired by virtue of operations conducted on July 26, 1917,
as aforesaid, or to the grantee of any certificate, and opportunity to be heard, revoke, alter or amend any such operative right or certificate.

(d) When a complaint has been filed with the commission alleging that any vehicle is being operated without a certificate of public convenience and necessity as required by this act, or when the commission has reason to believe that this act is being violated, it shall be the duty of the commission to investigate such operations and the commission shall have power after a hearing to make its order requiring the owner or operator of such vehicle to cease and desist from any operation in violation of this act; and it shall be the duty of the commission to enforce compliance with such order under the powers vested in the commission by this act or by law.

Sec 3. The act of the Legislature, approved May 10, 1917, entitled "An act providing for the supervision and regulation of the transportation of property for compensation over any public highway by auto trucks; defining transportation companies and providing for the supervision and regulation thereof by the Railroad Commission; providing for the enforcement of the provisions of this act and for punishment of violations thereof; and repealing all acts inconsistent with the provisions of this act," and all amendments thereof and supplements thereto, are hereby repealed; provided, however, that any certificate of public convenience and necessity theretofore issued by the Railroad Commission shall not be terminated by this repeal, but shall be deemed to have been issued under this act; and such repeal shall not affect any pending application for such certificates, or any proceedings pending under said act so repealed, it being the intention of this act to continue in effect the provisions of the act so repealed by incorporating the same herein, except as the same may be amended hereby.

State, 1913, An act to amend sections 2 and 13 of the State Medical Practice Act, relating to taxes and registration fees, and to reciprocity certificates.

[Approved by the Governor July 16, 1935 In effect September 15, 1935.]

The people of the State of California do enact as follows:

STATE, 1927, p. 110.

SECTION 1. Section 2 of said act is hereby amended to read as follows:

Sec. 2. The board shall be organized on or before the first Tuesday of September, 1913, by electing from its number a president, vice president, and a secretary who shall also be the treasurer, who shall hold their respective positions during the pleasure of the board. The board shall hold one meeting annually beginning on the third Monday in October in the city of Sacramento and at least two additional meetings annually, one of which shall be held in the city of Los Angeles and the other in the city of San Francisco, with power of adjournment from time to time until its business is concluded; provided, however, that examinations of applications for certificates may, in the discretion of the board, be conducted in any part of the State designated by the board. Special meetings of the board may be held at such time and place as the board may designate. Notice of each regular or special meeting shall be given twice a week for two weeks next preceding each meeting in one daily paper published in the city of San Francisco, one published in the city of Sacramento, and one published in the city of Los Angeles, which notice shall also specify the time and place of holding the examination of applicants. The secretary of the board upon an authorization from the president of the board or the chairman of a committee, may call meetings of any duly appointed committee of the board at a specified time and place and it shall not be necessary to advertise such committee meetings. The board shall receive through its secretary applications for certificates provided to be issued under this act and shall, on or before the first day of January of each year, transmit to the Governor a full report.
of all its proceedings together with a report of its receipts and disbursements. The board shall, on or before the first day of January of each year, compile and may thereafter publish and sell, a complete directory giving the addresses of all persons within the State of California who hold unrevoked licenses to practice under any medical practice act of the State of California, which license shall in any manner authorize the treatment of human beings for diseases, injuries, deformities, or any other physical or mental conditions. The board is hereby authorized to require said persons to furnish such information as it may deem necessary to enable it to compile the directory. The directory shall contain in addition to the names and addresses of said persons, the names and symbols indicating the title, name or names, school or schools, which such person has attended and from which graduated, the date of issuance of the license, the present residence of said person and a statement of the form of certificate held. The directory shall be prima facie evidence of the right of the person or persons named therein to practice. It shall be the duty of every person holding a license to practice under any medical act of this State, or who may hereafter be so licensed to practice, to report immediately each and every change of residence, giving both the old and the new address. To comply with the provisions of this section relating to the compilation, publication and sale of a directory in addition to the fee required for the filing of any application, or the issuance of any certificate hereinafter provided for, each licentiate granted a certificate under the provisions of this act, or any preceding medical practice act of the State of California, shall, on or before the first day of January of each year, pay to the secretary-treasurer of the board of medical examiners an annual tax and registration fee of two dollars ($2); provided, that each licentiate of the Board of Osteopathic Examiners residing in California shall, on or before the first day of January of each year, pay to the secretary-treasurer of the Board of Osteopathic Examiners an annual tax and registration fee of five dollars ($5); provided further, that each licentiate residing outside the State of California shall, on or before the first day of January of each year, pay to the secretary-treasurer of the Board of Osteopathic Examiners an annual tax and registration fee of two dollars ($2). Receipt or acknowledgment of payment by the secretary-treasurer shall be evidence that the holder and possessor of such certificate is entitled to practice the particular system for which he was granted such certificate for a period of one year from the first day of January; but notwithstanding the possession by any certificate holder of such receipt or acknowledgment of payment, the license or certificate issued to such licentiate to practice any system recognized by this or any preceding medical practice act of the State of California, may, at any time, be forfeited or revoked for a violation of the further provisions and requirements of this act. The failure, neglect and refusal of any person
holding a license or certificate to practice a system under this or any preceding medical practice act of the State of California, to pay said annual tax of two dollars ($2) during the time his or her license remains in force, shall, after a period of sixty days from the first day of January of each year, ipso facto, work a forfeiture of his or her license or certificate, and it shall not be restored except upon the written application therefore, and the payment to the said board of a fee of ten dollars ($10) except that such licentiate who fails, refuses or neglects to pay such annual tax within a period of sixty days after the first day of January of each year shall not be required to submit to an examination for the reissuance of such certificate; provided, that the failure, neglect or refusal of any licentiate of the Board of Osteopathic Examiners to pay said annual tax as hereinbefore provided relating to licentiates of said board during the time his or her license remains in force, shall, after a period of sixty days from the first day of January of each year, ipso facto, work a forfeiture of his or her license or certificate, and it shall not be restored except upon the written application therefore, and the payment to the said Board of Osteopathic Examiners of a fee of twenty dollars ($20), except that such licentiate who fails, refuses or neglects to pay such annual tax within a period of sixty days after the first day of January of each year shall not be required to submit to an examination for the reissuance of such certificate.

It shall be the duty of the executive officer herein designated as the secretary-treasurer of said board of medical examiners to mail to the last known address of each licentiate who has paid said annual tax a copy of the said directory, and all new issues thereof and copies of all supplements thereto. The receipts of the said annual tax referred to herein shall be paid into the contingent fund of the board of medical examiners of California, and after the expenses of issuing said directories have been paid, in the event that there shall be a surplus of such funds, the board may from time to time, in its discretion, apply said surplus for any other expenses incurred by the board under the provisions of this act; provided, that this act shall not be construed as affecting or limiting the powers or duties of the "Board of Osteopathic Examiners of the State of California" under the "Osteopathic Act" approved November 7, 1922.

Sec. 2. Section 13 of the said act is hereby amended to read as follows:

Sec. 13. Said board must also issue a certificate to practice a system or mode of treating the sick or afflicted recognized by this act or any preceding practice act in the State of California to any applicant, without any examination, authorizing the holder thereof to practice a system or mode of treating the sick or afflicted in the State of California, upon payment of a registration fee of one hundred dollars, and filing a verified application showing (a) the full name of the applicant; (b)
all institutions at which he has studied and the period of such study and all institutions from which he has graduated; (c) a statement of whatever certificate or certificates to practice a system or mode of treating the sick or afflicted recognized by this act or any preceding medical practice act in the State of California issued to such applicant either by the medical board, or by any other board or officer authorized by the law to issue a certificate entitling such applicant to practice a system or mode for treating the sick or afflicted either in the District of Columbia or in any State or Territory of the United States, together with the date of such certificate or certificates and a description of the same, and if required by the board the certificates themselves, or if such certificate shall have been lost, then a copy thereof, with proof satisfactory to the Board of Medical Examiners of the State of California that the copy is a correct copy and that said certificate or certificates (was) were secured by (issued to) said applicant without fraud or misrepresentation; (d) satisfactory evidence from the applicant and from the board which issued said certificate that the requirements of said board which was legally authorized to issue such certificate permitting such applicant to practice a system or mode of treating the sick and afflicted were not at the time such certificate was issued in any degree or particular less than those required for the issuance of a similar certificate to practice a system or mode of treating the sick and afflicted in the State of California at the date of issuance of such certificate or which may hereafter be required by law and which may be in force at the date of issuance of any such certificate. Such certificate must have been issued to such applicant within a period of ten years immediately preceding the filing of the application herein at the office of the board in the city of Sacramento, State of California, and the requirements from the college from which such applicant may have graduated, and the requirements of the board which was legally authorized to issue such certificate permitting such applicant to practice a system or mode of treating the sick or afflicted shall not have been at the time such certificate was issued, in any degree or particular less than those which were required for the issuance of a similar certificate to practice a system or mode of treating the sick or afflicted in the State of California at the date of the issuance of such certificate, or which may hereafter be required by law and which may be in force at the date of the issuance of any such certificate; (e) satisfactory evidence of good moral character; (f) satisfactory evidence that said applicant has not failed in a written examination given by the board for a similar certificate, as provided in this act or any prior medical practice act of the State of California; (g) such other general information as to his past practice or vocation as may be required by the board. The said board shall make such independent investigation of the educational qualifications, the character, ability and standing of the applicant as it may deem proper and necessary and if after such investigation as may
be deemed necessary by the board of medical examiners of the State of California and any other or further examination or investigation which said board may see fit to make on its own part, it shall be found that the requirements of the board issuing such certificate were, when said certificate was issued, in any degree or particular less than the requirements provided by the law of the State of California at the date of the issuance of such certificate or that the applicant has not been a resident of the State from which the application is based for a period of one year subsequent to the issuance of such certificate he will not be entitled to practice within the State of California without an examination; provided that in lieu of the requirement of a year of residence in the State which issued the certificate used as the basis of application, the applicant may show evidence of two years of licensed practice of his profession in another State. An oral examination shall not be deemed to be of equal merit with a written examination and no certificate shall be issued in the case where a written examination was given in California and an applicant was given an oral examination in another State at the same time. The board is hereby authorized to enter into a contract or contracts of reciprocity with other States wherein the standard of such States is not in any degree or particular less than the requirements in the State of California in the same year, for the issuance of a certificate to practice a system or mode of treating the sick or afflicted, such certificate to be similar in scope of practice as the certificate issued in the other State. The board of medical examiners shall require an oral examination of an applicant when ten or more years have intervened between the date of the filing of his application with the California board and the date of the certificate issued by a medical examining board or any other board or officer authorized by law to issue a certificate entitling such applicant to practice a system or mode of treating the sick or afflicted either in the District of Columbia or in any State or territory of the United States and used as the basis of said application to the California board. Said applicant must have complied with all the provisions in this section following the letters (a), (b), (c), (d), (e), (f), and (g), and must have been a resident of the State which issued the certificate used as the basis of application for a period of one year prior to date of filing his application in the State of California, and following the date of issuance of the State certificate used as the basis of application hereunder, or in lieu thereof may show evidence of two years of licensed practice of his or her profession in another State, and if the board shall find that the applicant has met all the requirements hereunder, they shall afford him an examination on a day suit the convenience of the board not more than six months subsequent to the presentation of said application. Said examination shall be oral, practical, and clinical in nature, and full consideration shall be given to the duration and character of the applicant's practice. If after such last mentioned
examination it is determined by a majority vote of the said medical examiners conducting said examination, that such applicant is so qualified to practice a system or mode of treating the sick and afflicted within the State of California, and that his reputation and standing in the community in which he has previously practiced is good, and that said applicant has not failed in any written examination given by the board of examiners as provided in this or any prior Medical Practice Acts of the State of California, the said applicant shall be entitled to receive a physician and surgeon certificate. Each applicant on making such application hereunder shall pay to the secretary of the board, a fee of one hundred dollars, which shall be paid to the treasurer of the board, of which sum ninety dollars shall be returned to him should he not receive a certificate hereunder. All certificates issued pursuant to this section shall be marked across the face thereof "reciprocity certificate." Any person granted a "reciprocity certificate" to practice any system or mode for treating the sick or afflicted recognized by this or any preceding medical practice act in this State, such certificates not being of equal scope with the certificates known and designated as the "physician and surgeon certificate," will not be eligible for the "physician and surgeon certificate" as designated in this act without a full and complete compliance with the terms and provisions of sections 9, 10 and 11 hereof; provided, that the Board of Osteopathic Examiners of the State of California, in the event that an applicant files a verified application on a form adopted by said board and based on a reciprocity certificate to practice osteopathy issued under the provisions of the Medical Practice Act of California, may in its discretion admit such applicant to an oral, practical, clinical examination for a physician's and surgeon's certificate in the event that such applicant in said application presents satisfactory proof that he has fulfilled all the requirements of section 10 of the Medical Practice Act for a physician's and surgeon's certificate and in addition has fulfilled all the provisions of this section following the letters (a), (b), (e), (d), (e), (f), and (g). If after such oral, practical, and clinical examination it is determined by the said board of osteopathic examiners, by a majority vote thereof, that such applicant is qualified to practice as a physician and surgeon in the State of California and that his reputation and standing in the community in which he has practiced is good, the said applicant shall be granted a "physician and surgeon certificate." The fee for filing such application shall be twenty-five dollars, fifteen dollars to be returned to the applicant in the event a certificate is not issued under the provisions hereof.

None of such assistants or persons thus employed shall be subject to civil service, except
as provided in subdivision (h) of section 10 of Article XVI of the Constitution.

Sec. 12. For the purpose of assisting the administration and in carrying out the purposes hereof and the policies and plans determined by the Relief Commission, the Relief Administrator may, with the consent and approval of the commission, appoint in each county and city and county cities' citizens' relief committee of such number, not exceeding eleven, as the commission shall determine. The members of such committee shall serve without pay. The relief committees in each county and city and county shall have and exercise such powers and duties as may be prescribed by law and/or as may be prescribed by said commission.

CHAPTER 677

"The California Marketing Agreement Act of 1935."

An act to establish legislative standards in relation to the rehabilitation of agriculture and the regulation of producers, packers, distributors, shippers, marketers, handlers, processors and others dealing in agricultural, viticultural, horticultural, and poultry products and of any competing commodity or product thereof; to provide for the issuance, administration and enforcement of State marketing agreements and State licenses; to prescribe the powers, duties and jurisdiction of the State Director of Agriculture in relation thereto; to suspend all antitrust and unfair competition laws of this State in conflict herewith and therewith; to prescribe remedies, rights, duties and penalties
with respect to violations hereof and thereof; to provide ways, means and moneys for the administration and enforcement of said State marketing agreements and licenses; to limit the effective period of this act; to declare the existence of a State and National agricultural emergency.

[Approved by the Governor July 16, 1935. In effect September 15, 1935.]

The people of the State of California do enact as follows:

Section 1. It is hereby declared that a State and National emergency productive of widespread agricultural collapse and disorganization of trade and industry now exists, vitally affecting the public welfare of this State and Nation, and preventing agricultural producers from earning a fair return on their labor and farms and thereby preventing them from contributing their fair share to the support of ordinary governmental and educational functions and unduly increasing tax burdens of others in the State for those purposes. It is hereby declared to be the policy of this State to cooperate with and assist the National government in promoting the rehabilitation of agriculture and in eliminating the causes of the collapse of agricultural purchasing power, and to that end:

1. To provide for the formulation and enforcement of marketing agreements between the director of agriculture of this State and the producers, packers, processors, distributors, shippers, handlers, or marketers of agricultural products or the products thereof within the State, and the issuance by the Director of Agriculture of licenses covering the production, processing, hauling, packing, shipping, distribution or marketing of agricultural products or the products thereof within the State.

2. To prevent the unreasonable and unnecessary waste of agricultural wealth through disorderly, improper or uneconomic marketing or overproduction of agricultural commodities or the marketing of agricultural commodities in excess of reasonable market demands, but preserving to all producers thereof, equality of opportunity in the available market;

3. To declare that the conditions in the basic industry of agriculture have affected transactions in these commodities within the State of California with a public interest, having so burdened and obstructed the normal current of commerce in such commodities as to effect seriously the credit structure of the State.

Sec. 2. It is hereby declared to be the purpose of this legislation and the Legislature hereby fixes the legislative or primary standards hereof to govern and control all executive or administrative officers in relation thereto:

1. To establish and maintain such balance between the production and consumption of agricultural commodities and the marketing conditions therefor, as will reestablish prices to farmers and growers at a level that will give agricultural
commodities a purchasing power with respect to articles that farmers buy equivalent to the purchasing power of agricultural commodities during the period of August, 1909–July, 1914, except for the grape industry the period shall be August, 1919–July, 1926.

(2) To approach such equality of purchasing power by gradual correction of the present inequalities therein at as rapid a rate as is deemed feasible in view of the current consumptive demand in domestic markets.

(3) To prevent the unreasonable or unnecessary waste of agricultural wealth because of overproduction, improper preparation for market, disorderly marketing, unfair methods of competition, improper economic planning, the breaking down of the ordinary channels of distribution, or other causes beyond the reasonable control of the producers.

(4) To provide for equal opportunities to all growers and producers in the available markets.

(5) To protect the consumers’ interests by readjusting farm production at such levels as will not increase the percentage of the consumers’ retail expenditures for agricultural commodities or products derived therefrom which is returned to the farmer, above the percentage which was returned to the farmer in the prewar period, August, 1909–July, 1914.

(6) To enable and assist farmers, growers and producers to obtain a fair and reasonable return on their labors, and farms, and for their products produced.

Sec. 3. When used in this act the following terms shall, unless the context otherwise indicates, have the following respective meanings:

(a) To enter into marketing agreements with producers, processors, or distributors engaged in intrastate transactions or commerce within this State, provided:

1. That each such agreement shall embrace only persons, firms or corporations engaged as producers, processors, or distributors in a specific and naturally, inherently and intrinsically distinctive agricultural trade or industry within this State or within a defined area thereof; and

CHAPTER 680.

An act to amend section 580b of the Code of Civil Procedure, relating to deficiency judgments.

[Approved by the Governor July 16, 1935. In effect September 15, 1935.]

The people of the State of California do enact as follows:

SECTION 1. Section 580b of the Code of Civil Procedure is hereby amended to read as follows:
580b. No deficiency judgment shall lie in any event after any sale of real property for failure of the purchaser to complete his contract of sale, or under a deed of trust, or mortgage, given to secure payment of the balance of the purchase price of real property.

CHAPTER 681.

An act making an appropriation to meet a deficiency in the appropriation for the support of the California Nautical School for the eighty-fifth and eighty-sixth fiscal years, declaring the urgency thereof, and providing that this act shall take effect immediately.

[Approved by the Governor July 16, 1935. In effect immediately.]

The people of the State of California do enact as follows:

Section 1. The sum of thirteen thousand dollars ($13,000) is hereby appropriated out of any moneys in the State treasury not otherwise appropriated to meet a deficiency in the appropriation for the support of the California Nautical School for the eighty-fifth and eighty-sixth fiscal years.

Sec. 2. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety, within the meaning of section 1 of Article IV of the Constitution, and shall therefore go into immediate effect. The facts constituting the necessity are as follows: Under the terms of the act of Congress approved March 4, 1911, and the current Federal Naval Appropriation Bill, the Federal Government is authorized to reimburse the general fund of the State of California in the sum of twenty-five thousand dollars ($25,000) at the close of each fiscal year during which the State of California has expended from State funds at least twenty-five thousand dollars ($25,000) for the support of the California Nautical School. If this act does not become effective, the State of California will have expended from State funds for the support of the California Nautical School during the current fiscal year approximately twelve thousand dollars ($12,000) only, and the general fund of the State of California will, therefore, not be reimbursed by the Federal Government in the sum of twenty-five thousand dollars ($25,000) for moneys expended by the State for the support of the California Nautical School during the current fiscal year. If, however, this act does become effective during the current fiscal year the general fund of the State of California will be reimbursed at the close of the current fiscal year by the Federal Government in the sum of twenty-five thousand dollars ($25,000).
CHAPTER 682.

An act to amend the "Reclamation Board Act," approved December 24, 1911, as amended, by amending section 37a thereof relating to the application of moneys released, reimbursed, or appropriated under and pursuant to Chapter 176 California Statutes of 1925 and the War Department Appropriations Act of Congress of the United States for the fiscal year ending June 30, 1930, being Public Law No. 843, Seventieth Congress, approved February 28, 1929.

and disbursed by the State Reclamation Board for the uses and purposes and subject to the conditions hereinafter set forth at such times and in such manner as said reclamation board in its discretion shall deem necessary or proper; provided further, that in the event any moneys so made available during any of said fiscal years are not expended or encumbered during such year said moneys shall not revert to the general fund but shall continue to be available for the uses and purposes herein specified from year to year until expended.

The State Controller shall issue his warrants upon order by the reclamation board payable out of said fund and the State Treasurer is hereby directed to pay the same. Said money shall be set aside, disbursed and applied by the reclamation board for the uses and purposes hereinafter set forth in such amounts as said board may from time to time determine and declare, as follows, to wit:

On all work which, under said report of the California Debris Commission is to be prosecuted jointly by the United States and the State of California, the reclamation board may upon request by the California Debris Commission cause warrants to be drawn by the State Controller and the State Controller shall draw his warrant in favor of the Treasurer of the United States payable out of said fund; provided, however, that no amounts shall be so drawn from said fund and paid to the said Treasurer of the United States unless an equal amount shall have been appropriated or authorized to be appropriated by the Congress of the United States, conditional on the payment of an equal amount by the State of California, for the prosecution of said work so to be undertaken jointly as aforesaid.

(2) The reclamation board shall have the right to draw upon said fund in an amount not to exceed thirty-five thousand dollars during any one fiscal year for the purpose of defraying the general administrative operations and overhead of the said reclamation board in connection with the prosecution and completion of said modified report of the California Debris Commission.

(3) The reclamation board may from time to time set aside for the uses and purposes hereinafter in this subdivision (3) set forth such portion, or portions, of the moneys of said fund as shall not theretofore have been set aside for the uses and purposes in subdivisions (1) and (2) of this section provided, and the State Department of Finance with the consent of the reclamation board is hereby authorized, from time to time and in such manner as it in its discretion shall determine to purchase, retire and cause to be canceled, at such price or prices as it may deem advisable, but not to exceed par plus the accrued interest thereon, all or any warrants or bonds of the Sacramento and San Joaquin Drainage District heretofore or
hereafter issued as provided in the Reclamation Board Act or in Chapter 520, Statutes of California, 1919, and drawn on or based upon or secured by Sutter-Butte by-pass assessment number six, Feather River assessment number seven or Sacramento River outlet assessment number two.

Sutter-Butte by-pass project number six---------95.31%
Feather River project number seven--------------4.69%

The Legislature hereby declares that said percentages are based upon what it has determined to be a relatively fair division and allocation of said funds based upon the proportion which the costs of each of said projects incurred for public benefits bears to the total cost for all of said projects for public benefits as distinguished from private and reclamation benefits and also having in mind appropriations pursuant to the provisions of Statutes of California 1919, Chapter 556 thereof, and also having in mind the retirement heretofore made of obligations of said projects The use of moneys heretofore, or hereafter to be, appropriated or made available by the State of California to further carry out the legislation contained in Chapter 176 of California Statutes of 1925 shall not be restricted to the uses and purposes hereinafore in subdivision (3) set forth, but such money, or any part thereof, may be set aside, applied and disbursed for any and all of the purposes in subdivisions (1), (2) and/or (3) of this section provided and in the manner and to the extent as hereinafore set forth.

A certificated employee who serves or has served in a position or positions requiring certification qualifications in two or more districts, each having an average daily attendance of 850 or more and governed by governing boards of identical personnel, for a total of three complete consecutive school years shall, upon being elected for the fourth consecutive school year to a position or positions requiring certification qualifications in any of said districts, be classified as a permanent employee of the last district in which he was employed prior to such election for the fourth consecutive school year.

that in case the union or consolidation of two or more school districts shall result in a district in which, under the provisions of this code then in effect, the certificated employees are entitled to probationary and/or permanent classification, the employees of such union, joint or consolidated district shall be entitled to, and shall be given, such classification, on the same basis as certificated employees in other districts of like average daily attendance.

The provisions of this section, and all rights hereby granted, shall apply to any such division, union or consolidation of school districts, or change in school district boundaries, made at any time subsequent to January 1, 1931, to the same extent as changes made subsequent to the effective date of this section, and the provisions hereof shall be, and shall be construed to be retroactive to January 1, 1931.

Provided, on the consolidation of one or more school districts in which the average daily attendance for the preceding school year was less than 850 pupils, with a district or districts in which the average daily attendance was or may become 850 or more pupils, the regular three-year probationary period must be served after the effective date of the consolidation, by any probationary employee who has been serving in a district of less than eight hundred fifty average daily attendance.

such employees as may be necessary at the close of the school year. In making such dismissals employees shall be dismissed in the inverse of the order in which they were employed; provided, however, that no permanent employee may be dismissed under the provisions of this section while a probationary employee is retained or employed to render a service which such permanent employee is certificated and competent to render.

5.712. If the number of teachers be increased, or such service is reestablished within one year from the time of such dismissal, the employees so dismissed shall have the preferred right to reappointment, in the order of their original employment, unless any such employee in the meantime shall have attained the age of sixty-five years.

Sec. 24. If any section, subsection, clause, sentence or phrase of this act is for any reason held to be unconstitutional or void, such decision shall not affect the remaining portions of this act. The Legislature hereby declares that it would have passed the remaining portions of this act irrespective of the fact that any such section, subsection, clause, sentence, or phrase of this act be declared unconstitutional.

CHAPTER 691.

[Approved by the Governor July 16, 1935 In effect September 15, 1935.]

The people of the State of California do enact as follows:

Section 1. Section 5.650 of the School Code is hereby amended to read as follows:
5.650. No permanent employee shall be dismissed except for one or more of the following causes: immoral or unprofessional conduct, commission or aiding or advocating the commission of acts of criminal syndicalism, as prohibited by Chapter 188, Statutes of 1919, or in any amendment thereof, dishonesty, incompetency, evident unfitness for service, physical or mental condition unfitting him to instruct and/or associate with children, persistent violation of or refusal to obey the school laws of California, or reasonable regulations prescribed for the government of the public schools, by the State Board of Education or prescribed by the governing board of the school district employing said employee, or conviction of a felony or of any crime involving moral turpitude.

Sec. 2. Section 5.651 of the School Code is hereby amended to read as follows:

5.651. Upon the filing of written charges, duly signed and verified by the person filing the same, with the governing board of the school district, or upon a written statement of charges formulated by the governing board, charging that there exists a cause or causes, for the dismissal of a permanent employee of said district, the governing board may, upon majority vote, except as hereinafter provided, if it deems such action necessary, give notice to the said permanent employee of its intention to dismiss him at the expiration of thirty days from the date of service of such notice, unless said employee demands a hearing as hereinafter provided. Such notice must not be given between May 15 and September 15 in any year; it must be in writing and served upon the employee personally or by United States registered mail addressed to such employee at his last known address. A copy of the charges filed together with a copy of this article shall be attached to the notice. If the employee does not demand the hearing hereinafter provided for, he may be dismissed at the expiration of such thirty day period.

Sec. 3. Section 5.652 of the School Code is hereby amended to read as follows:

5.652. Governing boards of school districts shall not act upon any charges of incompetency other than incompetency due to physical or mental disability unless during the preceding term or half school year prior to the date of the filing of such charge, and at least ninety days prior to the date of such filing, the board or its authorized representative shall have given the employee against whom the charge is filed, written notice of such incompetency, specifying the nature thereof with such particularity as to furnish the employee an opportunity to correct his faults and overcome his incompetency.

Sec. 4. Section 5.653 of the School Code is hereby amended to read as follows:

5.653. Upon the filing of written charges, duly signed and verified by the person filing the same with the governing board of a school district, or upon a written statement of charges formulated by the governing board, charging a permanent
employee of said district with immoral conduct, or conviction of a felony or of any crime involving moral turpitude the said governing board may, if it deems such action necessary, immediately suspend said employee from his duties and give notice to said employee of his suspension, and that thirty days after service of such notice, he will be dismissed, unless said employee demands a hearing as hereinafter provided. Said notice of suspension and intention to dismiss, must be in writing and served upon the employee personally or by United States registered mail addressed to said employee at his last known address. A copy of the charges filed, together with a copy of this article, shall be attached to such notice. If said employee does not demand the hearing hereinafter provided for, within such thirty day period he may be dismissed upon the expiration of thirty days after service of such notice.

Sec. 5. Section 5.654 of the School Code is hereby amended to read as follows:

5.654. When any employee who has been served with notice of the governing board's intention to dismiss him, shall demand such hearing, the governing board shall have the option either to (1) rescind its action, or (2) file a complaint in the superior court of the county in which the school district or the major part thereof is located, setting forth the charges against such employee and asking that the court inquire into such charges and determine whether or not such charges are true, and if true, whether or not they constitute sufficient grounds for the dismissal of such employee, under the provisions of this code, and for judgment pursuant to its findings.

The employee within ten days after service upon him of the summons, and a copy of the complaint may demur to such complaint or may file an answer, to which the governing board may demur. If the employee shall fail to answer or demur within such ten day period, or any extension thereof, made by stipulation or order of court, his default shall be entered and judgment shall be entered by the court declaring the right of the governing board to dismiss such employee. Both the complaint and the answer shall be verified. Demurrers to the complaint or answer may be upon any of the grounds specified in the Code of Civil Procedure for demurrer to a complaint or answer, and procedure on such demurrer shall be the same as in any civil proceeding. When the employee has filed his answer to such complaint, either party may, upon five days' notice to the other, move the court to set the matter for trial. Such proceeding shall be set for trial at the earliest possible date and shall take precedence over all other cases, except older matters of the same character and matters to which special precedence may be given by law. Upon motion of either party, or on its own motion, the court may appoint three disinterested persons over twenty-one years of age as referees, to ascertain the facts and report their findings to the court. The persons appointed as such referees must be persons of suitable experience and educational quali-
fications, and in sympathy with the merit system for employing teachers.

Each of such referees within five days after his appointment must take and file with the court an oath to discharge his duties faithfully and impartially. If any of such referees fails to qualify, or resigns, or is removed by order of court, or is, or becomes unable to act, the vacancy so created shall be filled by the court. The referees shall at once organize by electing one of their number chairman, and shall fix a date and place for a hearing which date shall be not less than ten days and not more than twenty days after the date of their appointment, but either the board or the employee shall have the right to one continuance for a period of not more than ten days. The hearing shall be open to the public except upon stipulation of the parties. Written notice of the time and place of the trial or hearing shall be served upon the employee or his attorney at least five days before the date of the hearing. Upon the date set for the trial or hearing, both the board and the employee shall have the right to be represented by counsel, and to introduce such testimony and other evidence as may be relevant to the issue. The referees shall have power to examine witnesses under oath, to be administered by any of them, and the referees and either party may have subpoenas issued by the clerk requiring the attendance of witnesses or the production of evidence before them. All records regularly kept by the governing board concerning employees which relate to the employee charged shall be admissible in evidence, but no dismissal, or judgment that a governing board may dismiss may be made on said records alone. Technical rules of evidence shall not apply to hearings before such referees. They shall make and file with the court a written report of their findings, and of their necessary expenses, within thirty days after their appointment, but such time may be extended by the court, for good cause shown for an additional period not exceeding sixty days; provided that if any vacancy in the referees is created and filled, or if new referees are appointed, or a new report from the same referees ordered, the time for the filing of such report shall run from the date of filling such vacancy or appointment of new referees or ordering a new report from the same referees. Any majority of such referees, who have been present during the entire hearing or trial and who agree thereto may make such report. Attached to such report shall be a complete transcript of all the testimony and evidence, which shall be taken by a competent reporter who shall be paid by such governing board. A copy of such report and such transcript shall be delivered to each of the parties.

Upon the filing of such report the court, upon motion of either party, must set a day for hearing the same, not over fifteen days thereafter. Notice of the time and place of such hearing must be served upon the other party at least five days before the time so set.
Either party may file exceptions, in writing, to such report, specifying the grounds upon which such exceptions are based, at any time within not less than two days prior to the hearing; and any party so filing such exceptions may appear at the hearing of said report and contest the same.

After hearing the report and any exceptions thereto, the court may confirm the report or may set aside the report and order a new report from the same referees or from other referees appointed by it, in which case the same procedure shall be had as upon the first reference.

The court in its discretion may take additional evidence of or concerning any fact with respect to which the report of the referees is not sufficient to justify a judgment.

No witness shall be permitted to testify at such trial or hearing before such referees, except upon oath or affirmation. No testimony shall be given or evidence introduced relating to matters which occurred more than three years prior to the date of the filing of such complaint. This shall not be construed to prevent the introduction in evidence of records regularly kept by the governing board concerning the employee, but no judgment permitting the dismissal or suspension of any employee shall be made or entered based on charges or evidence of any nature relating to matters occurring more than three years prior to the filing of such complaint.

After the trial or after hearing the report of the referees, as hereinbefore provided, the court shall make and enter its judgment which judgment may be at variance with any report of any referees appointed by it, and which judgment shall determine whether or not the governing board may dismiss such employee.

If the judgment shall determine that such employee may be dismissed, the governing board may dismiss him upon entry of the judgment; otherwise the employee may not be dismissed as the result of such charges or of any charges which could have been made or heard at such hearing.

Should the cause be incompetency due to physical or mental disability, in lieu of dismissal the judgment may require the employee to take a leave of absence for only such period as may be necessary for rehabilitation from such incompetency, such leave of absence not to exceed two years; in which event such employee shall be entitled to the benefits provided or authorized by this code to employees of school districts absent from their duties on account of sickness.

If the judgment shall determine that the employee may be dismissed, it shall provide that each party shall pay its own costs; if the judgment shall determine that the employee may not be dismissed, it shall provide that the district shall pay the costs and necessary disbursements of the employee, a memorandum of which costs and disbursements may be filed and taxed by the court within the time and in the manner specified by section 1033 of the Code of Civil Procedure.
relating to costs in actions in the superior and municipal courts of this State.

If the employee shall have been suspended pending the hearing, he shall be reinstated within five days after the entry of such judgment in his favor, and shall be paid full salary by the governing board for the period of his suspension. Either the employee or, the governing board may appeal from any such judgment to the District Court of Appeal, or Supreme Court of this State.

An act to amend the public utilities act by adding two new sections numbered sections 13 1/2 and 32 1/3, relating to public utilities.

[Approved by the Governor July 16, 1935 In effect September 15, 1935.]

The people of the State of California do enact as follows:

SECTION 1. A new section is hereby added to the Public Utilities Act numbered 13 1/2 and reading as follows:

Sec. 13 1/2. Nothing herein contained shall be construed to prohibit any common carrier from establishing and charging a lower than a maximum reasonable rate for the transportation of property when the needs of commerce or public interest require. However, no common carrier subject to the juris-
diction of the California Railroad Commission may establish a rate less than a maximum reasonable rate for the transportation of property for the purpose of meeting the competitive charges of other carriers or the cost of other means of transportation which shall be less than the charges of competing carriers or the cost of transportation which might be incurred through other means of transportation, except upon such showing as may be required by the commission and a finding by it that said rate is justified by transportation conditions; but in determining the extent of said competition the commission shall make due and reasonable allowance for added or accessorial service performed by one carrier or agency of transportation which is not contemporaneously performed by the competing agency of transportation.

Sec. 2. A new section is hereby added to the Public Utilities Act numbered 324 and reading as follows:

Sec. 324. Whenever the commission, after a hearing had upon its own motion or complaint, shall find that any rate or toll for the transportation of property is lower than a reasonable or sufficient rate and that said rate is not justified by actual competitive transportation rates of competing carriers, or the cost of other means of transportation, the commission shall prescribe such rates as will provide an equality of transportation rates for the transportation of property between all such competing agencies of transportation. When in the judgment of the Railroad Commission a differential is necessary to preserve equality of competitive transportation conditions a reasonable differential between rates of common carriers by rail and water for the transportation of property may be maintained by said carriers and the commission may, by order, require the establishment of such rates.

Sec. 17. (a) 1. No common carrier subject to the provisions of this act shall engage or participate in the transportation of persons or property, between points within this State, until its schedules of rates, fares, charges and classifications shall have been filed and published in accordance with the provisions of this act.

2. No common carrier shall charge, demand, collect or receive a greater or less or different compensation for the transportation of persons or property, or for any service in connection therewith, than the rates, fares and charges applicable to such transportation as specified in its schedules filed and in effect at the time; nor shall any such carrier refund or remit in any manner or by any device any portion of the rates, fares or charges so specified, except upon order of the commission as hereinafter provided, nor extend to any corporation or person any privilege or facility in the transportation of passengers or property except such as are regularly and uniformly extended to all corporations and persons.

3. No common carrier subject to the provisions of this act shall, directly or indirectly, issue, give or tender any free ticket, free pass or free or reduced rate transportation for passengers between points within this State, except to blind residents of California, its officers, agents, employees, attorneys, physicians and surgeons, and members of their families; to ministers of religions, traveling secretaries of railroad men’s religious associations, or executive officers, organizers or agents of railroad employees’ mutual benefit associations giving the greater portion of their time to the work of any such association; inmates of hospitals or charitable or eleemosynary institutions, and persons exclusively engaged in charitable or eleemosynary work, and persons and property engaged or employed in educational work or scientific research or in patriotic work when permitted by the commission; to the executive officers of mercantile or promotion boards or bodies within this State when traveling in the performance of duties affecting the advancement of the business of such boards or bodies, or the development of trade or industry within or without this State, when authorized by the commission; to hotel employees of season resort hotels, when authorized by the commission; to indigent, destitute and homeless persons and to such persons when transported by charitable societies or hospitals, and the

engaged in the carriage of persons or property by motor vehi-

surgeons of said common carrier or said corporation and their
families; provided, that the power to interchange free or
reduced rate transportation for passengers or express matter
between said common carrier and said corporation shall be
applicable only where said corporation is engaged in the car-

portion of the entire route between said point of departure or
shipment and arrival or delivery; provided, that such express
matter be for the personal use of the person to or for whom
such free or reduced rate transportation is granted, or of his
family; nor to prohibit the issue of reduced rate transporta-
tion by a common carrier to children attending an institution
of learning; nor to prohibit the issue of passes or franks by
telegraph or telephone corporations to their officers, agents,
employees, attorneys, physicians and surgeons, and members
of their families, or the exchange of passes or franks between
such telegraph and telephone corporations or between such cor-

employees, attorneys, physicians and surgeons, and members of
their families; nor to prevent the carrying out of contracts
for free or reduced rate passenger transportation heretofore
made, founded upon adequate consideration and lawful when
made; nor to prevent a common carrier from transporting,
storing or handling, free or at reduced rates, the household
goods and personal effects of its employees, of persons enter-
ing or leaving its service, and of persons killed or dying while
in its service.

4. Every common carrier subject to the provisions of this
act may transport, free or at reduced rates, persons or prop-

or expositions for exhibit thereat; also contractors and their
employees, material or supplies for use or engaged in carrying
out their contracts with said carriers, for construction, opera-

line of the issuing carrier, to the extent only that such free
or reduced-rate transportation is provided for in the specifi-
cations upon which the contract is based and in the contract
itself. Common carriers may also enter into contracts with
telegraph and telephone corporations for an exchange of
service.

(b) Except as in this section otherwise provided, no public
utility shall charge, demand, collect or receive a greater or
less or different compensation for any product or commodity
furnished or to be furnished, or for any service rendered or
to be rendered, than the rates, tolls, rentals and charges
applicable to such product or commodity or service as speci-
fied in its schedules on file and in effect at the time, nor shall
any public utility engaged in furnishing or rendering more
than one product, commodity or service, charge, demand, col-
lect or receive a greater or less, or different compensation for
the collective, combined or contemporaneous furnishing or
rendition of two or more of such products, commodities or
services, than the aggregate of the rates, tolls, rentals or
charges specified in its schedules on file and in effect at the
time, applicable to each such product, commodity or service
when separately furnished or rendered, nor shall any such
public utility refund or remit, directly or indirectly, in any
manner or by any device, any portion of the rates, tolls,
rentals and charges so specified, nor extend to any corporation
or person any form of contract or agreement or any rule or
regulation or any facility or privilege except such as are regu-
larly and uniformly extended to all corporations and persons;
provided, that the commission may by rule or order establish
such exceptions from the operation of this prohibition as it
may consider just and reasonable as to each public utility.

respect to aid for the needy blind who receive aid under the
provisions of this act, exclusive of the five per cent granted by
the Federal Government for administration costs. Any claim

SECTION 1. A commission is hereby created to be known as the California Farm Debt Adjustment Commission. Said commission shall consist of fifteen members to be appointed by and serve at the pleasure of the Governor. The members of said commission shall serve without compensation and shall not be allowed any expenses incurred in traveling.

Sec. 2. The commission shall meet immediately after its appointment and select one of its members chairman.

It shall be the duty of the commission hereby created to assist in the voluntary adjustment of farm obligations and to that end to provide an agency and means through which farmer debtors and their creditors may enter into voluntary agreements to satisfactorily adjust their obligations.

CHAPTER 705.

An act to define motor transportation broker; to provide for the regulation, supervision and licensing thereof, and to provide for the enforcement of said act and penalties for the violation thereof.

[Approved by the Governor July 16, 1935. In effect September 15, 1935.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby declares that the public welfare requires the regulation and control of those persons, whether acting individually or as officers, commission agents or employees of any person, firm or corporation, who hold themselves out to act as intermediaries between the public and those motor carriers of property operating over the public highways of the State, for compensation; further, that until such time as Congress of the United States shall act, the public welfare requires such regulation and control of such intermediaries between the public and interstate motor carriers as well as between the public and intrastate carriers.

Sec. 2. A motor transportation broker within the meaning of this act is a person who, acting either individually or as an officer, commission agent or employee of a corporation, or as a member of a copartnership, or as a commission agent or employee of another person or persons, sells or offers for sale, or negotiates for or holds himself out as one who sells, furnishes or provides, transportation over the public highways of this State, when such transportation is furnished, or offered or proposed to be furnished, by a motor carrier as defined in this act.

A motor carrier within the meaning of this act is any person, firm, or corporation, their lessees, trustees, receivers or trustees appointed by any court whatsoever, transporting or offering or proposing to transport property for compensation over the public highways of the State of California, or any portion thereof.

This act shall not apply to the officers, agents or employees of any carrier operating for compensation over the public highways of this State who is under the jurisdiction of the Railroad Commission, or to a passenger stage corporation as the same is defined in section 24 of the Public Utilities Act engaged in transporting express when such transportation is incidental to the transportation of passengers.

The provisions of this act shall apply regardless of whether such transportation so sold, or offered to be sold, is interstate or intrastate.

Sec. 3. From and after sixty (60) days after this act becomes effective, it shall be unlawful for any person, firm or corporation to engage in the business, or act in the capacity, of a motor transportation broker within the meaning of this act without first obtaining a license therefor. No license shall
be issued to any copartnership or corporation, it being the
intent hereof to require each person acting as a motor trans-
portation broker, in this State, to be individually licensed
therefor; provided, however, that if an applicant is an officer
or commission agent or employee of a corporation, or a member
of any copartnership, or a commission agent or employee of
any person or copartnership, he shall so state in his application,
and the corporation, copartnership, or person of which appli-
cant is an officer, member, or employee, as the case may be,
shall join in applicant's application and shall set forth therein
the relationship between applicant and said person, copart-
nership and/or corporation so joining.

Sec. 4. The Railroad Commission of the State of Cali-
ifornia is hereby vested with authority to administer this act,
with full power to regulate and control the issuance and revo-
cation of licenses to be issued under the provisions of this act,
and to perform all other acts and duties provided in this act
and necessary for its enforcement.

Sec. 5. All fees charged and collected under this act shall
be deposited at least once a month in the State treasury to
the credit of the Railroad Commission and in augmentation of
the current appropriation for the support of the Railroad Com-
mission and may be expended by the Railroad Commission for
the administration of this act.

Sec. 6. An application for a license as a motor transpor-
tation broker shall be made in writing to the Railroad Commiss-
ion, which application shall be duly verified and shall be in
such form and contain such information as the commission
may from time to time require.

The Railroad Commission shall have power, with or without
hearing, to issue said license as prayed for, or to refuse to issue
the same, or to issue it for the partial exercise of the privilege
sought. No license shall be issued to an applicant when, with
or without hearing, the Railroad Commission shall determine
that (1) the applicant is not a fit and proper person to receive
the same, or (2) the motor carriers for whom applicant pro-
posed to sell transportation have not complied, and are not
then and there complying and do not propose to comply, with
State and/or Federal laws, and/or all general orders of the
Railroad Commission of the State of California, applicable
to the operations of said motor carrier.

The order of the Railroad Commission granting to any appli-
cant a motor transportation broker's license shall set out the
name of the motor carriers for whom said agent is licensed
to sell.

In the location at which applicant is licensed to sell trans-
portation, there shall be displayed in a prominent place a
certificate setting forth the name of the licensee and such other
matter and things as the commission may require.

Sec. 7. The fees for licenses, and each renewal thereof, shall
be five dollars ($5) per year, or fraction thereof. All
applications for licenses shall be accompanied by the fee as
herein provided and all licenses, subject to the provisions for renewal, which the Railroad Commission shall prescribe, shall expire on December 31 of each year.

Sec. 8. No license shall be issued unless the applicant therefor shall provide a good and sufficient bond in the sum of one thousand dollars ($1,000), which bond shall be filed by such applicant as principal and by some solvent surety company, authorized to do business in the State of California, as surety, payable to the State of California, and/or any person, or persons, for, or to whom, applicant may, or shall, furnish or provide transportation, and shall be conditioned: (1) upon the faithful performance, by the motor carrier or motor carriers for whom applicant is licensed to act, of the contract or agreement of transportation negotiated by the licensee, and (2) the honest and faithful performance by applicant of any undertaking as a licensed motor carrier transportation agent under this act; provided, however, that if any corporation, copartnership, or person of which applicant is an officer, member, commission agent or employee, as the case may be, shall join in applicant's application as provided in section 3 hereof, applicant shall be deemed to have complied with the provisions of this section if applicant shall provide, or there shall, therefore, have been filed with the Railroad Commission, a good and sufficient bond in a sum to be fixed by the Railroad Commission, not exceeding twenty-five thousand dollars ($25,000), executed by the corporation, copartnership, or person, joining in such application, as principal, and by some solvent surety company, authorized to do business in the State of California, as surety, payable to the State of California, and/or any person, or persons, for, or to whom, any officer, member, commission agent or employee of said principal, licensed under the provisions of this act may, or shall, furnish or provide transportation, conditioned: (1) upon the faithful performance, by the motor carrier or motor carriers for whom any officer, member, commission agent or employee of said principal is licensed to act, of the contract or agreement of transportation negotiated by the licensee, and (2) the honest and faithful performance, by any such officer, member, commission agent or employee so licensed, of any undertaking as a licensed motor transportation broker under this act.

Nothing in this act shall be construed to impose upon the surety on any such bond a greater liability than the total amount thereof or the amount remaining unextinguished by any prior recovery or recoveries as the case may be.

No suit or action against the surety on any such bond shall be brought later than one year from the accrual of the cause of action thereon. The surety may terminate its liability under such bond by giving thirty days’ written notice thereof, served either personally or by registered mail, to the principal and to the Railroad Commissioner of the State of California, and upon giving such notice the surety shall be discharged from all liability under such bond for any act or omission of
the principal occurring after the expiration of thirty days from the date of service of such notice. Unless on or before the expiration of such period the principal shall duly file a new bond in like amount and conditioned as the original in substitution of the bond so terminated, the license of the principal shall likewise terminate upon the expiration of such period.

Sec. 9. No license issued under the provisions of this act shall give authority, to do any act for which the license is issued, to any person, other than the licensee, and such license shall not be transferable or assignable. No license issued thereunder shall authorize the licensee to do business except in the location stipulated in the license.

Sec. 10. The commission may suspend or revoke any license theretofore issued if it shall determine that the licensee is not a fit and proper person to hold the same, or if the commission shall determine that the licensee, in acting as such motor transportation broker, has engaged in false advertising and false representation in violation of the laws of this State, or any political subdivision thereof, or has sold, offered for sale, or negotiated for sale, transportation by any carrier that under the laws of this State is conducted in a manner contrary to the public interest, or without proper authority, or in violation of the provisions of this act or the general orders, rules and regulations of the Railroad Commission pertaining thereto.

Sec. 11. It shall be the duty of all motor transportation brokers to maintain and keep for a period of two years an exact and permanent record of all transactions had by them as such brokers, including the amount paid to such broker for all property transported, point of destination and the name of the person, firm, or corporation, acting as motor carrier. The records hereby required to be kept shall at all times be open to inspection by any officer or agent of the State, county, or city and county within the State.

Sec. 12. All powers heretofore, or hereafter to be vested in the Railroad Commission of the State of California, as relates to hearing and determining matters presented to it, are made applicable to the proceedings under the provisions of this act.

Sec. 13. This act shall not have the effect to release or waive any right of action by the State, Railroad Commission, or any person or corporation, for any fine, penalty or forfeits which may have arisen or accrued, or may hereafter arise or accrue, under any laws of this State. All penalties accruing under this act shall be cumulative of each other, and a suit for the recovery of one penalty shall not be a bar to, or affect the recovery of, any other penalty or forfeit, or be a bar to any criminal prosecution, or be a bar to the exercise of the commission of its powers to punish for contempt.

Sec. 14. Any person, firm or corporation, shall be understood to be acting as a motor transportation broker within the meaning of this act who shall (1) orally or by card, circular.
pamphlet, newspaper, radio, sign, billboard, or any other way, advertise himself, or itself, as one who sells, furnishes, negotiates for, or provides transportation over the public highways of this State when such transportation is furnished or offered, or proposed to be furnished, by motor carriers as defined in this act; (2) manage or conduct as manager, conductor, agent, proprietor, lessee, or otherwise, a place where transportation is, or is offered, or proposed to be, sold, furnished, negotiated for, or provided by a motor carrier as defined in this act; (3) aid and abet, or without being present shall have advised and encouraged any person, firm or corporation in acting as, or to act as, a motor transportation broker. It is hereby made the duty of any officer arresting any person for violation of this act, to take, and keep in his custody for use as evidence, any materials or indicia used by said person so arrested, for the purpose of advertising said persons acting as, or desiring to act as, a motor transportation broker. Any person who may, or shall, be charged with, or complained of as, acting as a motor transportation broker without a license as herein provided, shall bear the burden of proof of proving as a matter peculiarly within the knowledge of the person so charged or complained of: (1) that such person, firm or corporation so charged or complained of is a licensed motor transportation broker; and (2) that the motor carrier or motor carriers for whom such person, firm or corporation is, or has been, acting, or proposed to act, as an agent, as charged or complained of, is not a motor carrier within the meaning of this act.

**Sec. 15.** The Railroad Commission may prefer a complaint for violation of this act before any court of competent jurisdiction and said commission and its counsel, or other official representatives, may assist in presenting facts at the trial. **Sec. 16.** Any person, firm or corporation, acting on a motor transportation broker within the meaning of this act without a license as herein provided shall, upon conviction of a first offense thereof, if a person, be punished by a fine of not to exceed five hundred dollars ($500), or by imprisonment in the county jail for a term not to exceed six months, or by both such fine and imprisonment, in the discretion of the court; or if a corporation, may be punished by a fine of not to exceed two thousand five hundred dollars ($2,500); and for a second and subsequent offense shall, upon the conviction thereof, if a person, be punished by a fine of not to exceed one thousand dollars ($1,000), or by imprisonment in the county jail or State prison for a term not to exceed one year,
or by both such fine and imprisonment in the discretion of the court; or, if a corporation, may be punished by a fine of not to exceed five thousand dollars ($5,000).

SEC. 17. Any person, duly licensed as a motor transportation broker, who shall violate any of the provisions of this act, shall, upon conviction thereof, be punished by a fine not to exceed five hundred dollars ($500), or by imprisonment in a county jail not to exceed six months, or by both such fine and imprisonment in the discretion of the court; and in addition thereto, the license as motor transportation broker theretofore issued shall be revoked by the Railroad Commission in the manner herein provided.

SEC. 18. The term "commission," or "Railroad Commission," when used in this act, means the Railroad Commission of the State of California.

SEC. 19. If any section, subsection, sentence, clause or phrase of this act is, for any reason, held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this act. The Legislature hereby declares that it would have passed this act, and each section, subsection, sentence, clause, and phrase thereof irrespective of the fact that any one or more sections, subsections, sentences, clauses or phrases be declared unconstitutional.

CHAPTER 707.

An act to amend section 164 of the Civil Code, relating to community property.

[Approved by the Governor July 16, 1935. In effect September 15, 1935.]

The people of the State of California do enact as follows:

SECTION 1. Section 164 of the Civil Code is hereby amended to read as follows:

164. All other property acquired after marriage by either husband or wife, or both, including real property situated in this State and personal property wherever situated, heretofore or hereafter acquired while domiciled elsewhere, which would not have been the separate property of either if acquired while domiciled in this State, is community property; but whenever any real or personal property, or any interest therein or encumbrance thereon, is acquired by a married woman by an instrument in writing, the presumption is that the same is her separate property, and if acquired by such married woman and any other person the presumption is that she takes the part acquired by her, as tenant in common, unless a different intention is expressed in the instrument; except, that when any of such property is acquired by husband and wife by an instrument in which they are described as husband and wife, unless a different intention is expressed in the instrument, the presumption is that such property is the community property of said husband and wife. The presumptions in this section mentioned are conclusive in favor of a purchaser, encumbrancer, payor, or any other person dealing with such married woman in good faith and for a valuable consideration.

In cases where a married woman has conveyed, or shall hereafter convey, real property which she acquired prior to May 19, 1889, the husband, or his heirs or assigns, of such married woman, shall be barred from commencing or maintaining any action to show that said real property was community property, or to recover said real property from and after one year from the filing for record in the recorder’s office of such conveyances, respectively.
An act to amend sections 1, 3, 4 and 5 of an act entitled "An act to authorize and control the deposit in banks of money belonging to or in the custody of the State and to repeal all acts or parts of acts in conflict with this act," approved April 12, 1933, and to add a new section thereto numbered 9a.

[Approved by the Governor July 16, 1935. In effect September 15, 1935.]

The people of the State of California do enact as follows:

Section 1. Section 1 of the act cited in the title of this act is hereby amended to read as follows:

Section 1. All moneys under the control of the State Treasurer belonging to or in the custody of the State, shall, so far as possible, be deposited by the State Treasurer to the credit of the State in such State or National bank or banks in the State as the Treasurer, with the approval of the Governor and State Controller, shall select for the safekeeping of such deposits; and any sum so deposited shall be deemed to be in the State treasury; provided, that the bank or banks in which such money is deposited shall furnish security as hereinafter provided; and provided further, that such deposit shall not exceed the paid-up capital, exclusive of reserve and surplus, of any depository bank. The expense of transportation of moneys to and from the State treasury to such depositories shall be borne by such depositories and they shall handle, collect and pay all checks, drafts and other exchange without cost to the State. Said deposits, with interest thereon, shall be subject to withdrawal at any time upon the demand of the State Treasurer; provided, however, that all inactive deposits shall be subject to notice of at least thirty days for the payment thereof; and provided, further, that the Treasurer may with the consent of the Governor and Controller deposit inactive deposits for a definite term and may agree with any depository bank or banks as to the period of time of any such inactive deposit or deposits, but no such agreement shall provide for the deposit of any of said moneys for a longer period than one year; and, provided, further, that the State Treasurer is hereby authorized, under such conditions as he with the approval of the Governor, may fix, to deposit moneys in any bank or banks outside this State, necessary for the payment of the principal or interest of bonds, made payable outside of this State, at the place or places at which the same are payable. Anything in this act to the contrary, notwithstanding, no security shall be required in case of such part of such deposits as are insured under the provisions of any law of the United States.

Section 2. Section 3 of the act cited in the title of this act is hereby amended to read as follows:
Sec. 3. There shall be two classes of deposits; one class shall be known as inactive deposits and the other class shall be known as active deposits. The State Treasurer, with the consent of the Governor and Controller, shall determine what amount of money shall be deposited as inactive deposits and the rate of interest thereon, not less than one per centum per annum, and shall determine what amount of money shall be deposited as active deposits and the rate of interest, if any, thereon; provided, the maximum amount of such active deposits at any one time shall not be in excess of the greatest total disbursements made by the State Treasurer during sixty consecutive days in the preceding twelve months. The State Treasurer may call in moneys from inactive deposits and place them in active deposits, when it shall be necessary to do so for the purpose of providing for current demands; and, when there are inactive moneys in his possession for which there are no demands, said inactive moneys may be placed as active deposits.

Sec. 3. Section 4 of the act cited in the title of this act is hereby amended to read as follows:

Sec. 4. For the security of inactive deposits, there shall be deposited with the Treasurer treasury notes or bonds of the United States, or those for which the faith and credit of the United States are pledged for the payment of principal and interest, or bonds of this State or of any county, city and county, city, town, metropolitan water district, municipal utility district, municipal water district, bridge and highway district, flood control district, school district, water district, water conservation district or irrigation district within this State, or registered warrants of this State, which bonds or warrants shall be approved by the Governor, Controller and Treasurer, to an amount in value at least ten per cent in excess of the amount of the deposit with such bank or banks. For the security of active deposits, there shall be deposited with the Treasurer treasury notes or bonds of the United States or those for which the faith and credit of the United States are pledged for the payment of principal and interest or bonds of this State or of any county, city and county, city, town, metropolitan water district, municipal utility district, municipal water district, bridge and highway district, flood control district, school district, water district, water conservation district or irrigation district within this State, or registered warrants of this State, or the surety bond or bonds of any corporation or corporations qualified to act as sole surety on bonds or undertakings required by the laws of this State; provided, that the penalty or the aggregate of the penalties of any surety bond or bonds covering deposits in any one bank given by any surety company shall not exceed ten per cent of the capital and surplus of such company, according to the statement thereof contained in the last preceding report issued by the United States Treasury Department, but in fixing such limit there shall be deducted from such
penalty the amount of any reinsurance the terms of which
inure directly to the State of California, placed with a com-
pany qualified to execute bonds hereunder within the limits
applicable to said company, and evidence of which reinsurance
shall be furnished to the Treasurer within twenty days after
the date of such surety bond. Such securities shall be
approved by the Governor, Controller, and Treasurer to any
amount in value at least ten per cent in excess of the amount
of the deposit with such bank or banks. No surety bond shall
be accepted from any surety company, unless said company
shall be approved by the Insurance Commissioner of the State
as a company possessing the qualifications herein required to
secure deposit of State funds, and it shall be the duty of
said commissioner to issue such certificate on demand of the
State Treasurer showing the qualifications of such companies;
and, unless said company shall also hold a certificate of
authority from the United States Treasury Department as
being acceptable as a surety on Federal bond. The form of
bonds required under this act shall be prescribed by the Attor-
ney General of the State.

Sec. 4. Section 5 of the act cited in the title of this act is
hereby amended to read as follows:

Sec. 5. If in any case or at any time the security deposited
with the State Treasurer is not deemed satisfactory by the
Governor, Controller and Treasurer, they may require such
additional security as may be satisfactory to them. Such
security, or any part thereof, may be withdrawn or released
on the written consent of the Governor, Controller and Treas-
urer; provided, that a sufficient amount of said bonds or war-
rants or, when permissible, surety bonds of sufficient pen-
ties, to secure said deposits shall always be kept in the treasury,
and in the event that any said bank or banks of deposit shall
fail to pay such deposits, or any part thereof, on the demand
of the State Treasurer, then it shall be the duty of the State
Treasurer to forthwith recover upon or convert said bonds into
money and to disburse the same according to law. The surety
upon such surety bond may terminate such bond as to future
liability by giving ten days’ notice in writing of such termina-
tion to the Treasurer, and upon receipt of such notice, the
Treasurer shall require other security in lieu thereof, or shall
withdraw the funds covered by said surety bond within said
period of ten days, but such notice of termination shall not
affect any liability accruing prior to the expiration of said
period of ten days.

Sec. 5. There is hereby added to the act cited in the title
hereof a new section to be numbered 9a and reading as follows:

Sec. 9a. The State Treasurer, with the consent of the bank
depositing with any such Treasurer such notes or bonds, as
security, may authorize any trust company or trust depart-
ment of any State or National bank authorized to conduct in
this State the business of a trust company (other than the
bank depositing with any such Treasurer such notes or bonds)
to act as agent for the purpose of receiving and to receive for
such Treasurer from such depositing bank the deposit of any
notes and bonds that are approved as security under the pro-
visions of this act.

The State Treasurer, with the consent of the bank owning
such notes or bonds, may place and maintain for safekeeping
as a trust deposit with any trust company or trust department
of any State or National bank authorized to conduct in this
State the business of a trust company (other than the bank
owning such notes or bonds) any notes and bonds that have
been received by such Treasurer as security under the provi-
sions of this act.

Any bank or trust company, to which any notes or bonds are
delivered, either as agent or depositary for a Treasurer, under
any provision of this section, shall make such disposition of
such notes and bonds as the Treasurer shall direct and shall
be responsible only for a strict compliance with the instruc-
tions given to it in writing by such Treasurer and all such
notes and bonds shall at all times be subject to the order of
such Treasurer.

The State Treasurer shall take from such bank or trust
company a receipt for any notes and bonds delivered to it,
under any provision of this section, and such Treasurer shall
not be responsible for any notes or bonds so delivered to and
receipted for by any bank or trust company nor shall the
State be responsible for the custody and safe return thereof,
until such notes or bonds are withdrawn from such bank or
trust company by the Treasurer.

The charges for the handling and safekeeping of any such
notes or bonds shall not be a charge against the Treasurer but
shall be paid by the bank owning the notes or bonds.

CHAPTER 709.

[Approved by the Governor July 16, 1935 In effect September 15, 1935.]

The people of the State of California do enact as follows:

SECTION 1. Section 1 of the act cited in the title of this act
is hereby amended to read as follows:

Section 1. All moneys belonging to or in the custody of
any county, city and county, city, town, municipality or other
public or municipal corporation within the State, including
all moneys collected by, or paid to the treasurer of any county,
city and county, city, town, municipality, or other public or
municipal corporation within the State, or other official hav-

principal, interest or penalties of bonds required by law,
ordinance or resolution, to be paid to, or collected by, such
treasurer or other official, shall, so far as possible, be deposited
in such State or National bank or banks in the State as the
treasurer of the county, city and county, city, town, munici-
pality or other public or municipal corporation, as the case
may be, or other official having the legal custody thereof, shall
select for the safe-keeping of such deposits, and any sum so

urer may in the absence of a higher bid or bids deposit such
moneys upon interest of not less than one-half of one per
centum per annum on active deposits and one per centum per
annum on inactive deposits; and provided further, that such
deposit shall not exceed the paid-up capital, exclusive of
reserve and surplus of any depository bank. Any and all bids
may be rejected by the treasurer and new bids asked for. The
expenses of transportation of moneys to and from such depository shall be borne by such depositories and the shall handle,
collect and pay all checks, drafts and other exchange without
cost to such county, city and county, city, town, municipality
or other public or municipal corporation. Such deposits, with
interest thereon, shall be subject to withdrawal at any time
upon the demand of the treasurer or other authorized official;
provided, however, that all inactive deposits shall be subject
to notice of at least thirty days for the payment thereof; and
provided, further, that the treasurer may, with the consent of the governing body of the county, city and county, city, town, municipality or other public or municipal corporation, deposit any part of such moneys for a definite term and may agree with any depositary bank or banks as to the period of time of any deposit or deposits, but no such agreement shall provide for the deposit of any of said moneys for a longer period than one year; and provided, further, that such treasurer is hereby authorized, under such conditions as he with the approval of the governing body of such county, city and county, city, town, municipality or other public or municipal corporation may fix, to deposit moneys in any bank, or banks within or without this State, necessary for the payment of the principal and interest of bonds at the place or places at which the same are payable, and the requirements of this act shall not apply to deposits for such purposes.

Sec. 2. Section 3 of the act cited in the title of this act is hereby amended to read as follows:

The treasurer, with the consent of the governing body of the county, city and county, city, town, municipality or other public or municipal corporation, shall determine what amount of money shall be deposited as inactive deposits and shall determine what amount of money shall be deposited as active deposits. Such treasurer may call in moneys from inactive deposits and place them in active deposits, when it shall be necessary to do so, for the purpose of providing for current demands; and, when there are inactive moneys in his possession for which there are no demands, said inactive moneys may be placed as active deposits.

Sec. 3. Section 4 of the act cited in the title of this act is hereby amended to read as follows:

Sec. 4. For the security of inactive deposits there shall be deposited with such treasurer treasury notes or bonds of the United States, or those for which the faith and credit of the United States are pledged for the payment of principal and interest, or of this State or of any county, city and county, city, town, metropolitan water district, municipal utility district, municipal water district, bridge and highway district, flood control district, school district, water district, water conservation district or irrigation district within this State, which bonds shall be approved by the treasurer and attorney of the county, city and county, city, town, municipality or other public or municipal corporation. No surety bond shall be accepted from any surety company, unless said company shall be approved by the Insurance Commissioner of the State as a company possessing the qualifications herein required to secure the deposit of any funds, and it shall be the duty of said commissioner to issue such certificate on demand of the proper
officer of the county, city and county, city, town, municipality or other public or municipal corporation on showing the qualifications of such companies; and, unless said company shall also hold a certificate of authority from the United States Treasury Department as being acceptable as a surety on Federal bonds. Sec. 9a. A treasurer, with the consent of the bank depositing with any such treasurer such notes or bonds, as security, may authorize any trust company or trust department of any State or National bank authorized to conduct in this State the business of a trust company (other than the bank depositing with any such treasurer such notes or bonds) to act as agent for the purpose of receiving and to receive for such treasurer from such depositing bank the deposit of any notes and bonds that are approved as security under the provisions of this act.

A treasurer, with the consent of the bank owning such notes or bonds, may place and maintain for safe-keeping as a trust deposit with any trust company or trust department of any State or National bank authorized to conduct in this State the business of a trust company (other than the bank owning such notes or bonds) any notes and bonds that have been received by such treasurer as security under the provisions of this act.

A treasurer shall take from such bank or trust company a receipt for any notes and bonds delivered to it, under any provision of this section, and such treasurer shall not be responsible for any notes or bonds so delivered to and receipted for by any bank or trust company nor shall the county, city and county, city, town, municipality or other public or municipal corporation be responsible for the custody and safe return thereof, until such notes or bonds are withdrawn from such bank or trust company by the treasurer.

The charges for the handling and safe-keeping of any such notes or bonds shall not be a charge against the treasurer but shall be paid by the bank owning the notes or bonds.

SEC. 5. Section 10 of the act cited in the title of this act is hereby amended to read as follows:
See 10. All moneys belonging to any county, city and county, city, town, municipality or other public or municipal corporation within the State under the control of any officer or employee thereof other than treasurer thereof, and all moneys coming into the possession of any justice of the peace, clerk or other officer of such justice’s court, shall, so far as possible, be deposited as active deposits in such State or National bank or banks in this State as such officer, employee or justice of the peace may select and be subject to the requirement of this act relative to other active deposits; provided, however, that no security shall be required in case of such part of any deposit made under the authority of this section as are insured under the provisions of any law of the United States; and provided, further, that no interest shall be required on moneys deposited by any justice of the peace or clerk or other officer of any justice’s court nor on those deposited by any officer having control of any revolving fund created under the provisions of an act entitled “An act providing for the creation of revolving funds in the counties of the State,” approved May 9, 1923, nor on those deposited by any officer having control of any special fund established pursuant to the provisions of that section 4308 of the Political Code which was approved June 3, 1921, or pursuant to the provisions of section 4310 of said code.

An act to add a new section to the Code of Civil Procedure, to be numbered 675b, relating to the discharge of a bankrupt from judgment.

[Approved by the Governor July 16, 1935. In effect September 15, 1935.]

The people of the State of California do enact as follows:

SECTION 1. A new section is hereby added to the Code of Civil Procedure to be numbered 675b, to read as follows:

675b. At any time after one year has elapsed, since a bankrupt was discharged from his debts, pursuant to the acts of Congress relating to bankruptcy, he may apply, upon proof of his discharge, to the court in which a judgment was rendered against him, or if rendered in a court not of record, to the court of which it has become a judgment by docketing it, or filing a transcript thereof, for an order, directing the judgment to be canceled and discharged of record. If it appears upon the hearing that he has been discharged from the payment of that judgment or the debt upon which such judgment was recovered, an order must be made directing said judgment to be canceled and discharged of record; and thereupon the clerk of said court shall cancel and discharge the same by marking on the docket thereof that the same is canceled and discharged
by order of the court, giving the date of entry of the order of discharge. Where the judgment was a lien on real property owned by the bankrupt prior to the time he was adjudged a bankrupt, and not subject to be discharged or released under the provisions of the Bankruptcy Act, the lien thereof upon said real estate shall not be affected by said order and may be enforced, but in all other respects the judgment shall be of no force or validity, nor shall the same be a lien on real property acquired by him subsequent to his discharge in bankruptcy. Notice of the application, accompanied with copies of the papers upon which it is made, must be served upon the judgment creditor, or his attorney of record in said judgment, in the same manner as prescribed in section 1011 of the Code of Civil Procedure; provided, however, nothing herein contained shall prevent said judgment notwithstanding such discharge of record from being used as a set-off in any action in which it otherwise could be so used.

CHAPTER 712.

An act to amend the title of the act establishing a Probate Code, approved May 11, 1931, and to add Division IIa thereto, relating to missing persons.

[Approved by the Governor July 16, 1935. In effect September 15, 1935.]

The people of the State of California do enact as follows:

Section 1. The title of the act establishing a Probate Code, approved May 11, 1931, is hereby amended to read as follows: "An act to revise and consolidate the law relating to probate, including the custody, disposal by will, succession, administration and distribution of estates of decedents, estates of missing persons, the custody and administration of estates of persons under guardianship, and the custody of persons under guardianship; to repeal certain provisions of law therein revised and consolidated and therein specified; and to establish a Probate Code.

court of the county of which he is a resident by his wife or any of his family or friends, representing that his whereabouts has been, for such time, and still is, unknown, and that his estate requires attention, supervision, and care of ownership, the court must order such petition to be filed, and appoint a day for its hearing, not less than ten days from the date of the order.

261. The clerk of the court must thereupon publish, for Notice.
at least ten days prior to the day so appointed, a notice in some newspaper published in the county, stating that such petition will be heard at the courtroom of the court at the time appointed for the hearing. The court may direct further notice of the application to be given in such manner and to such persons as it may deem proper.

262. At the time so fixed for such hearing, or at any subsequent time to which the hearing may be postponed, the court must hear the petition and the evidence offered in support of or in opposition thereto, and, if satisfied that the allegations thereof are true, and that such person remains missing, and his whereabouts unknown, must appoint some suitable person to take charge and possession of such estate, and manage and control it under the direction of the court.

263. In appointing a trustee, the court must prefer the wife of the missing person (if any such there is), or her nominee, and, in the absence of a wife, some person, if such there is who is willing to act, entitled to participate in the distribution of the missing person’s estate were he dead.

264. Every person appointed under the provisions of the preceding section must give bond in the amount and as provided for in section 541 of this code.

265. The trustee must take possession of the real and personal estate in this State of such missing person, and collect and receive the rents, income, and proceeds thereof, collect all indebtedness owing to him, and pay the expenses thereof out of the trust funds, and pay such indebtedness of the missing person as may be authorized by the court. The court may direct the trustee to pay to the person or persons constituting the family of the missing person such sum or sums of money for family expenses and support from the income of the estate as it may, from time to time, determine.

266. The trustee must, from time to time, when directed by the court, account to and with it for all his acts as trustee, and the court may, at any time, upon good cause shown, remove any trustee, and appoint another in his place.

267. The trustee may sell any or all of the personal or real property or mortgage or give a deed of trust upon any of the real property of the missing person when it is considered by the court as being to the best interest of the estate and all parties concerned including the heirs at law or legatees, and for that purpose shall file a petition with the court asking for an order directing and authorizing said sale, mortgage, or deed of trust.
268. This petition shall be set for hearing not sooner than ten days after the filing of said petition and notice thereof shall be given by the clerk of the court by posting a notice at the place where the court is held. Notice shall also be given by registered mail to each of the persons who would be heirs at law of the missing person, if he were dead, and if it appears that such missing person left a will, then like notice to each legatee mentioned therein, at their respective places of address, a return card being requested with each of said notices so registered in the mail. If the address of any such person is unknown said notice must be mailed as aforesaid to said person at the county seat of the county in which the court is held, and an affidavit of the trustee filed showing that such address is unknown, and stating what efforts he has made to learn the same.

269. On the day of hearing the petition proof shall be offered in behalf thereof showing the reasons for the making of said sale, mortgage, or deed of trust. If the court finds that it will be for the best interests of all persons concerned in the estate of said missing person to have said sale, mortgage, or deed of trust made, it shall order the trustee to sell any or all said property, real, personal or both, or to mortgage or give a deed of trust upon any of said real property, in the manner provided by this code for sales, mortgages, or deeds of trust of property of deceased persons, and all the provisions of law regarding such sale, mortgage or deed of trust shall govern the sale, mortgage or deed of trust of property of missing persons under this section, including the provisions concerning confirmation of the sales by the court; provided, however, that any such sale of real property shall not take place before the expiration of eight months from the date of the appointment and qualification of the trustee.

270. In the event the missing person returns, the court, upon application of said person, or upon its own motion, shall require the trustee to render and file a verified account of the administration of the trust, and the provisions of Article III of Chapter 15 of Division 3 of this code shall apply to such accounting.

271. Upon the settling of the account of the trustee the court shall order the property of the missing person remaining in the hands of such trustee to be delivered to the owner thereof.

272. If, during the existence of a trust provided for in this chapter, administration of the estate of such missing person is had, under the provisions of Chapter 2 of this division, the court shall require an accounting as provided in section 270 and shall order the property of the missing person remaining in the hands of the trustee to be delivered to the administrator or executor of such estate.
CHAPTER II—ADMINISTRATION OF ESTATES OF PERSONS MISSING OVER SEVEN YEARS.

280. Whenever any person owning property in the State of California has been absent from his last known place of residence for the continuous period of seven years, with his whereabouts for such period unknown to the persons most likely to know thereof, he shall be deemed to be a missing person, and all property of such person in the State of California may be administered, as though such person were dead, in the same manner as provided for the administration of deceased persons by this code, subject to the conditions, restrictions and limitations hereinafter prescribed.

281. If such person was a resident of this State at the time of his disappearance, the superior court of the county of his residence shall have jurisdiction in the premises; if a non-resident the superior court in any county where any real property of the missing person is located, or of the county where any personal property is located, in case there be no real property in the State, shall have jurisdiction in the premises. The title of all proceedings commenced and prosecuted under the preceding sections, shall be entitled in the court, and "In the matter of the estate of ________, a missing person."

282. Whenever a verified petition is presented to the court having jurisdiction in the premises, as provided in section 281, by his spouse or any of his family or friends, representing that his whereabouts has been for such period of time and still is unknown and that he left an estate which requires administration, the clerk of the court shall appoint a day for hearing such petition, not less than three months from the date of filing. Said petition may be for administration or probate of the last will, as the case may be, of the missing person and shall be verified to the best of the knowledge and belief of the petitioner; said petition shall set forth a statement of the facts required as in the case of the administration of estates of deceased persons, and shall, in addition thereto, contain allegations as to the last known place of residence of the missing person, and when he disappeared therefrom; the fact that he has not been heard from by the persons most likely to hear (naming them and their relationship), for a period of seven years, and the fact that his whereabouts is unknown to such persons and to the petitioner.

283. Notice of hearing the petition for administration or probate of the last will of the missing person shall be published in the form of similar notices of hearing in the administration of estates of deceased persons, once each week for two months, the first publication to be at least three calendar months prior to the day set for the hearing of said petition; and in addition, within twenty days after the filing of the petition, copies of the notice shall be sent by registered mail to each person named in the petition as heir-at-law, next of kin, devisee and legatee, and to the last known address of such
missing person; and proof by affidavit of such publication and such mailing shall be filed at or prior to the hearing.

284. At the time so fixed for hearing or at any time to which said hearing shall be postponed, the court must hear the petition and the evidence sworn in support of or in opposition thereto, and, if satisfied that the allegations thereof are true, and that such person has remained missing, and his whereabouts unknown, continuously for a period of seven years, must thereupon appoint some duly qualified person as administrator or executor as in the manner provided for the estates of deceased persons. If the court grant such order, the court shall fix and determine the time when such person left his last place of residence and abode and became missing and that his whereabouts have not been known continuously for a period of at least seven years. Upon the hearing, the court may consider the testimony of any witnesses likely to know the last place of residence, and whereabouts of said alleged missing person, and may likewise receive in evidence and consider the affidavits and depositions of other competent witnesses and give it such weight as the court may deem proper.

285. Except for the purposes of paying taxes, assessments, liens, insurance premiums, allowing claims for debts contracted by the missing person before his disappearance or to prevent the depreciation of property on account of neglect, or waste, or to specifically perform contracts made by the missing person before his or her disappearance, no sale, mortgage or other disposition or distribution of the property of said missing person shall be had until the lapse of one year after the appointment and qualification of the executor or administrator.

286. No distribution of the property of said estate to the heirs, devisees or legatees, of the missing person shall be made in any event until after the lapse of the period of one year after the appointment and qualification of the executor or administrator; nor shall such distribution be made until after the lapse of three years after the appointment and qualification of the executor or administrator, unless the distributee or assignee execute and deliver to the representative of said estate a surety company bond in a penal sum not less than the value of the property distributed and for such additional amount, as the court may prescribe, said bonds to be approved by the court, and conditioned for the return of the property or the value thereof to the representative of the estate in case the missing person be adjudicated, in the manner hereinafter set forth, to be still living since the commencement of said seven year period, and also conditioned to save the representative harmless from the damages and expenses of all suits brought by the missing person or anyone succeeding to his or her rights. by reason of such distribution having been made during said period of three years.

287. In case any person shall, within the period of three years after the appointment and qualification of a representative, file a verified petition, claiming to be the missing person
and shall also cause a copy thereof to be served personally or
by registered mail upon the legal representative and upon each
of the heirs, legatees and devisees, an issue shall thereupon be
presented to the court to determine the identity of the claimant
which issue shall be tried and determined by the court. The
court may upon application or of its own motion require the
claimant to give security to be approved by the court for all
costs, and expenses involved in the hearing and ultimate deter-
mation thereof, in case the issue be decided against the
claimant.

288. The verified petition of said claimant shall set forth
the facts and circumstances of his disappearance and con-
tinued absence, and other facts and circumstances upon which
he relies for his identification.

289. In the event that said issue be determined in favor
of the claimant, and it be determined that the missing person
be still living, then an order shall be made vacating all of the
proceedings for administration, except those providing for the
payment of taxes, assessments, liens, insurance premiums,
allowed claims, the specific performance of contracts, preserva-
tion of the property, and any sale, encumbrance or other dis-
position of the property made in compliance with an order of
the court; and thereupon the residue of said estate, less fees,
costs and expenses thus far incurred, shall be surrendered and
delivered to said claimant.

290. In case any other person shall within said period
of three years appear and file a verified petition, claiming in
such petition that the missing person died subsequently to the
commencement of said seven year period, and the petitioner is
entitled to the property or any portion thereof, as successor in
interest to the rights of the absent person because of his death;
and if the claimant shall also cause a copy of the petition to be
served either personally or by registered mail upon the legal
representative of the estate and upon each of the heirs, legatees
and devisees, an issue shall thereupon be tried and determined
by the court as to the truth of the petition. The court may
upon application or on its own motion require the claimant to
give security to be approved by the court for all costs and
expenses involved in the hearing and ultimate determination
thereof, in case the issue be decided against the claimant.

In case the issue last aforesaid be determined in favor of the
claimant, the court shall make and enter such order as the
circumstances require.

291. In case no person makes claim during said period
of three years, either to be the missing person, or to have suc-
ceeded to the rights of the missing person since the commence-
ment of said seven year period by reason of the death of the
missing person, a conclusive presumption shall arise that the
missing person died prior to the filing of the petition for
administration or the probate of his will; and the estate shall
be finally distributed accordingly, so far as the same has not
already been accomplished; and by order of the court the
estate shall be closed and the liability of the representative
and his sureties to claimants ended, and the liability of dis-
tributees ended, and all bonds given by them canceled. If in
any case such period of absence as set forth in section 280
shall have exceeded ten years at the time of filing the petition
for the appointment of an administrator or probate of the
will, then said estate may be finally distributed and closed, at
the end of one year, without a bond being given, with like effect
as hereinbefore provided for at the expiration of the three
year period.

292. After the expiration of the periods of time pro-
vided for the final distribution of said estate, and after said
missing person shall have been absent and missing for the
period of ten years as aforesaid, the statute of limita-
tions shall be deemed to have run against all claimants;
and no action, suit, petition or proceeding in any form shall be
brought by said missing person or persons claiming under him
or otherwise claiming any interest in said estate, against the
administrator or executor or against any surety on any bond
or against any of the distributees, to recover any part or por-
tion of said estate.

293. The provisions of this chapter shall apply to the
property and estates of all missing persons as herein defined,
who have been missing and absent from their last known place
of residence for the continuous period of seven years, whether
such absence commenced heretofore and has been completed,
or is still running, or shall hereafter commence to run.

294. The administrator or executor to whom letters shall
have been issued as provided in this chapter, shall admin-
ister and distribute the estate of such missing person in the
same general manner, method of procedure and with the same
force and effect as provided by this code for the administration
and settlement of the estates of deceased persons, except as
otherwise modified, limited or directed by the provisions of
this act.

Sec. 3 Sections 1822, 1822a, 1822b, and 1822bb of the Code
of Civil Procedure are hereby repealed.

CHAPTER 716.

An act to add a new chapter to Title XIV of Part IV of Division Third of the Civil Code to be known as Chapter III-A thereof, in relation to trust receipts and pledges of personal property unaccompanied by possession in the pledgee and to make uniform the law relating thereto and to amend section 2988 of the Civil Code relative to the lien of the pledgee.

Approved by the Governor July 16, 1935. In effect September 15, 1935

The people of the State of California do enact as follows:

Section 1. A new chapter to Title XIV of Part IV of Division Third of the Civil Code to be known as Chapter III-A thereof, is hereby added to the Civil Code to read as follows:

Chapter III-A.

Trust Receipts.

3012. This chapter may be cited as "The Uniform Trust Receipts Law."
3013. In this chapter unless the context or subject matter otherwise requires:

1. "Buyer in the ordinary course of trade" means a person to whom goods are sold and delivered for new value and who acts in good faith and without actual knowledge of any limitation on the trustee's liberty of sale, including one who takes by conditional sale or under a preexisting mercantile contract with the trustee to buy goods delivered, or like goods, for cash or on credit. "Buyer in the ordinary course of trade" does not include a pledgee, a mortgagee, a liener, or a transferee in bulk.

3. "Entruster" means the person who has or directly or by agent takes a security interest in goods, documents or instruments, under a trust receipt transaction, and any successor in interest of such person. A person in the business of selling goods or instruments for profit, who at the outset of the transaction has, as against the buyer, general property in such goods or instruments, and who sells the same to the buyer on credit, retaining title or other security interest under a purchase money mortgage or conditional sales contract or otherwise, is excluded.

4. "Goods" means any chattels personal other than money, things in action, or things so affixed to land as to become a part thereof.

5. "Instrument" means

(a) Any negotiable instrument as defined in Title XV of Part IV of Division Third of the Civil Code and amendments thereto, or

(b) Any certificate of stock, or bond or debenture for the payment of money issued by a public or private corporation as part of a series, or

(c) Any interim deposit, or participation certificate or receipt, or other credit or investment instrument of a sort marketed in the ordinary course of business or finance, of which the trustee, after the trust receipt transaction, appears by virtue of possession and the face of the instrument to be the owner, "Instrument" does not include any document of title to goods.

6. "Lien creditor" means any creditor who has acquired a specific lien on the goods, documents or instruments by attachment, levy, or by any other similar operation of law or judicial process, including a distrainting landlord.

7. "New value" includes new advances or loans made, or new obligation incurred, or the release or surrender of a valid and existing security interest, or the release of a claim to proceeds under section 3016.6; but "new value" shall not be construed to include extension or renewals of existing obligations of the trustee, nor obligations substituted for such existing obligations.

8. "Person" means, as the case may be, an individual, trustee, receiver or other fiduciary, partnership, corporation,
business trust, or other association, and two or more persons having a joint or common interest.

9. "Possession," as used in this chapter with reference to possession taken or retained by the entruster, means actual possession of goods, documents or instruments, or, in the case of goods, such constructive possession as, by means of tags or signs or other outward marks placed and remaining in conspicuous places, may reasonably be expected in fact to indicate to the third party in question that the entruster has control over or interest in the goods.

10. "Purchase" means taking by sale, conditional sale, lease, mortgage, or pledge, legal or equitable.

11. "Purchaser" means any person taking by purchase. A pledgee, mortgagee or other claimant of a security interest created by contract is, in so far as concerns his specific security, a purchaser and not a creditor.

12. "Security interest" means a property interest in goods, documents or instruments, limited in extent to securing performance of some obligation of the trustee or of some third person to the entruster, and includes the interest of a pledgee, and title, whether or not expressed to be absolute, whenever such title is in substance taken or retained for security only.

13. "Transferee in bulk" means a mortgagee or a pledgee or a buyer of the trustee’s business substantially as a whole.

14. "Trustee" means the person having or taking possession of goods, documents or instruments under a trust receipt transaction, and any successor in interest of such person. The use of the word "trustee" herein shall not be interpreted or construed to imply the existence of a trust or any right or duty of a trustee in the sense of equity jurisprudence other than as provided by this chapter.

15. "Value" means any consideration sufficient to support a simple contract. An antecedent or pre-existing claim, whether for money or not, and whether against the transferee or against another person, constitutes value where goods, documents or instruments are taken either in satisfaction thereof or as security therefor.

3014. (1) A trust receipt transaction within the meaning of this chapter is any transaction to which an entruster and a trustee are parties, for one of the purposes set forth in subdivision three of this section, whereby

(a) The entruster or any third person delivers to the trustee goods, documents or instruments in which the entruster (i) prior to the transaction has, or for new value (ii) by the transaction acquires or (iii) as the result thereof is to acquire promptly, a security interest; or

(b) The entruster gives new value in reliance upon the transfer by the trustee to such entruster of a security interest in instruments or documents which are actually exhibited to such entruster, or to his agent in that behalf, at a place of business of either entruster or agent, but possession of which is retained by the trustee; or (c) the entruster gives new
value in reliance upon the transfer by the trustee to such 
entruster of a security interest in goods or documents in 
possesssion of the trustee and the possession of which is retained 
by the trustee; provided that the delivery under paragraph 
(a) or the giving of new value under paragraph (b) or (c) 
either

(i) Be against the signing and delivery by the trustee of a 
writing designating the goods, documents or instruments concerned, and reciting that a security interest therein remains in or will remain in, or has passed to or will pass to, the 
entruster, or

(ii) Be pursuant to a prior or concurrent written and 
signed agreement of the trustee to give such a writing.

The security interest of the entruster may be derived from 
the trustee or from any other person, and by pledge or by 
transfer of title or otherwise.

If the trustee's rights in the goods, documents or instru-
ments are subject to a prior trust receipt transaction, or to a 
prior equitable pledge, section 3016.5 and section 3015, 
respectively, of this chapter, determine the priorities.

(2) A writing such as is described in subdivision one, para-
graph (i), of this section signed by the trustee, and given in 
or pursuant to such a transaction, is designated in this chapter as a "trust receipt." No further formality of execution or 
authentication shall be necessary to the validity of a trust 
receipt.

(3) A transaction shall not be deemed a trust receipt trans-
action unless the possession of the trustee thereunder is for a 
purpose substantially equivalent to any one of the following:

(a) In the case of goods, documents or instruments, for the 
purpose of selling or exchanging them, or of procuring their 
sale or exchange; or

(b) In the case of goods or documents, for the purpose of 
manufacturing or processing the goods delivered or covered 
by the documents, with the purpose of ultimate sale, or for 
the purpose of loading, unloading, storing, shipping, trans-
shipping or otherwise dealing with them in a manner prelimi-
nary to or necessary to their sale; or

(c) In the case of instruments, for the purpose of deliver-
ing them to a principal, under whom the trustee is holding 
them, or for consummation of some transaction involving 
delivery to a depositary or registrar, or for their presentation, 
collection, or renewal.

3015. (1) An attempted pledge or agreement to pledge 
not accompanied by delivery of possession, which does not ful-
fill the requirements of a trust receipt transaction, shall be 
valid as against creditors of the pledgor only as follows:

(a) To the extent that new value is given by the pledgee in 
reliance thereon, such pledge or agreement to pledge shall be 
valid as against all creditors with or without notice, for ten 
days from the time the new value is given;
(b) To the extent that the value given by the pledgee is not new value, and in the case of new value after the lapse of ten days from the giving thereof, the pledge shall have validity as against lien creditors without notice, who become such as prescribed in section 3016.4, only as of the time the pledgee takes possession, and without relation back.

(2) Purchasers (including entrusters) for value and without notice of the pledgee's interest shall take free of any such pledge or agreement to pledge unless, prior to the purchase, it has been perfected by possession taken.

(3) Where, under circumstances not constituting a trust receipt transaction, a person for a temporary and limited purpose, delivers goods, documents or instruments, in which he holds a pledgee's or other security interest, to the person holding the beneficial interest therein, the transaction has like effect with a purported pledge for a new value under this section.

3016. (1) A contract to give a trust receipt, if in writing and signed by the trustee, shall, with reference to goods, documents or instruments thereafter delivered by the entruster to the trustee in reliance on such contract and with reference to goods, documents and instruments in trustee's possession for a security interest in which entruster thereafter gives new value to trustee, be equivalent in all respects to a trust receipt.

(2) Such a contract shall as to such goods, documents, or instruments be specifically enforceable against the trustee; but this subdivision shall not enlarge the scope of the entruster's rights against creditors of the trustee as limited by this chapter.

3016.1. Between the entruster and the trustee the terms of the trust receipt shall, save as otherwise provided by this chapter, be valid and enforceable. But no provision for forfeiture of the trustee's interest shall be valid except as provided in subdivision five of section 3016.2.

3016.2 (1) The entruster shall be entitled as against the trustee to possession of the goods, documents or instruments on default and as may be otherwise specified in the trust receipt.

(2) An entruster entitled to possession under the terms of the trust receipt or of subdivision one of this section may take such possession without legal process, whenever that is possible without breach of the peace.

(3) (a) After possession taken, the entruster shall subject to paragraph (b) of this subdivision and to subdivision five, hold such goods, documents or instruments with the rights and duties of a pledgee.

(b) An entruster in possession may, on or after default, give notice to the trustee of intention to sell, and may, not less than five days after the serving or sending of such notice, sell the goods, documents or instruments for the trustee's account at public or private sale, and may at a public sale himself become a purchaser. The proceeds of any such sale, whether public or private, shall be applied (i) to the pay-
ment of the expenses thereof, (ii) to the payment of the expenses of retaking, keeping and storing the goods, documents, or instruments, (iii) to the satisfaction of the trustee's indebtedness. The trustee shall receive any surplus and shall be liable to the entruster for any deficiency. Notice of sale shall be deemed sufficiently given if in writing, and either (i) personally served on the trustee, or (ii) sent by postpaid ordinary mail to the trustee's last known business address.

(c) A purchaser in good faith and for value from an entruster in possession takes free of the trustee's interest, even in a case in which the entruster is liable to the trustee for conversion.

(4) Surrender of the trustee's interest to the entruster shall be valid, on any terms upon which the trustee and the entruster may, after default agree.

(5) As to articles manufactured by style or model, the terms of the trust receipt may provide for forfeiture of the trustee's interest at the election of the entruster, in the event of the trustee's default, against cancellation of the trustee's then remaining indebtedness; provided that in the case of the original maturity of such an indebtedness there must be canceled not less than eighty per centum of the purchase price to the trustee, or of the original indebtedness, whichever is greater; or, in the case of a first renewal, not less than seventy per centum, or, in the case of a second or further renewal, not less than sixty per centum.

3016.3. (1) (a) If the entruster within the period of thirty days specified in subdivision one of section 3016.4 files as in this title provided, such filing shall be effective to preserve his security interest in documents or goods against all persons, save as otherwise provided by sections 3016.4, 3016.5, 3016.6, 3016.7, 3016.10, and 3016.11 of this chapter.

(b) Filing after the lapse of the said period shall be valid; but in such event, save as provided in paragraph (b) of subdivision two of section 3016.5, the entruster's security interest shall be deemed to be created by the trustee as of the time of such filing, without relation back, as against all persons not having notice of such interest.

(2) The taking of possession by the entruster shall, so long as such possession is retained, have the effect of filing, in the case of goods or documents; and of notice of the entruster's security interest to all persons in the case of instruments.

3016.4. (1) The entruster's security interest in goods, documents or instruments under the written terms of a trust receipt transaction, shall without any filing be valid as against all creditors of the trustee. with or without notice, for thirty days after delivery of the goods, documents or instruments to the trustee, and thereafter except as in this chapter otherwise provided. But where the trustee at the time of the trust receipt transaction has and retains goods, documents or instruments, the thirty days shall be reckoned, in the case of goods or documents from the time that the entruster
gives new value under the transaction and in the case of instruments from the time such instruments are actually shown to the entruster or the entruster gives new value, whichever is prior.

(2) Save as provided in subdivision one of this section, the entruster's security interest shall be void as against lien creditors who become such after such thirty day period and without notice of such interest and before filing.

(3) Unless prior to the acquisition of notice by all creditors filing has occurred or possession has been taken by the entruster, (i) an assignee for the benefit of creditors, from the time of assignment, or (ii) a receiver in equity from the time of his appointment, or (iii) a trustee in bankruptcy or judicial insolvency proceedings from the time of filing of the petition in bankruptcy or judicial insolvency by or against the trustee shall, on behalf of all creditors, stand in the position of a lien creditor without notice, without reference to whether he personally has or has not, in fact, notice of the entruster's interest.

3016.5. (1) Purchasers of negotiable documents or instruments. (a) Nothing in this chapter shall limit the rights of purchasers in good faith and for value from the trustee of negotiable instruments or negotiable documents, and purchasers taking from the trustee for value, in good faith, and by transfer in the customary manner instruments in such form as are by common practice purchased and sold as if negotiable, shall hold such instruments free of the entruster's interest; and filing under this chapter shall not be deemed to constitute notice of the entruster's interest to purchasers in good faith and for value of such documents or instruments, other than transferees in bulk.

(b) The entrusting (directly, by agent, or through the intervention of a third person) of goods, documents or instruments by an entruster to a trustee, under a trust receipt transaction or a transaction falling within section 3015 of this chapter be equivalent to the like entrusting of any documents or instruments which the trustee may procure in substitution, or which represent the same goods or instruments or the proceeds thereof, and which the trustee negotiates to a purchaser in good faith and for value.

(2) Where a purchaser from the trustee is not protected under subdivision one hereof, the following rules shall govern:

(a) Sales by trustee in the ordinary course of trade.

(i) Where the trustee, under the trust receipt transaction, has liberty of sale and sells to a buyer in the ordinary course of trade, whether before or after the expiration of the thirty day period specified in subdivision one of section 3016.4 of this chapter, and whether or not filing has taken place, such buyer takes free of the entruster's security interest in the goods so sold, and no filing shall constitute notice of the entruster's security interest to such a buyer.

(ii) No limitation placed by the entruster on the liberty of sale granted to the trustee shall affect a buyer in the ordinary
course of trade, unless the limitation is actually known to the latter.

(b) Purchasers other than buyers in the ordinary course of trade. In the absence of filing, the entruster’s security interest in goods shall be valid, as against purchasers, save as provided in this section; but any purchaser, not a buyer in the ordinary course of trade, who, in good faith and without notice of the entruster’s security interest and before filing, either (i) gives new value before the expiration of the thirty day period specified in subdivision one of section 3016.4, or (ii) gives value after said period, and who in either event before filing also obtains delivery of goods from a trustee shall hold the subject matter of his purchase free of the entruster’s security interest; but a transferee in bulk can take only under (ii) of this paragraph (b).

(c) Liberty of sale. If the entruster consents to the placing of goods subject to a trust receipt transaction in the trustee’s stock in trade or in his sales or exhibition rooms, or allows such goods to be so placed or kept, such consent or allowance shall have like effect as granting the trustee liberty of sale.

(3) As to all cases covered by this section the purchase of goods, documents or instruments on credit shall constitute a purchase for new value, but the entruster shall be entitled to any debt owing to the trustee and any security therefor, by reason of such purchase; except that the entruster’s right shall be subject to any set-off or defense valid against the trustee and accruing before the purchaser has actual notice of the entruster’s interest.

3016.6 Where, under the terms of the trust receipt transaction, the trustee has no liberty of sale or other dis- position, or, having liberty of sale or other disposition, is to account to the entruster for the proceeds of any disposition of the goods, documents or instruments, the entruster shall be entitled, to the extent to which and as against all classes of persons as to whom his security interest was valid at the time of disposition by the trustee, as follows:

(a) To the debts described in subdivision three of section 3016.5 hereof; and also

(b) To any proceeds or the value of any proceeds (whether such proceeds are identifiable or not) of the goods, documents or instruments, if said proceeds were received by the trustee within ten days prior to either application for appointment of a receiver of the trustee, or the filing of a petition in bankruptcy or judicial insolvency proceedings by or against the trustee, or demand made by the entruster for prompt accounting; and to a priority to the amount of such proceeds or value; and also

(c) To any other proceeds of the goods, documents or instruments which are identifiable, unless the provision for accounting has been waived by the entruster by words or conduct; and knowledge by the entruster of the existence of proceeds,
without demand for accounting made within ten days from such knowledge, shall be deemed such a waiver.

3016.7. Specific liens arising out of contractual acts of the trustee with reference to the processing, warehousing, shipping or otherwise dealing with specific goods in the usual course of the trustee's business preparatory to their sale shall attach against the interest of the entruster in said goods as well as against the interest of the trustee, whether or not filing has occurred under this chapter; but this section shall not oblige the entruster personally for any debt secured by such lien; nor shall it be construed to include the lien of a landlord.

3016.8. An entruster holding a security interest shall not, merely by virtue of such interest or of his having given the trustee liberty of sale or other disposition, be responsible as principal or as vendor under any sale or contract to sell made by the trustee.

3016.9. (1) Any entruster undertaking or contemplating trust receipt transactions with reference to documents or goods is entitled to file with the Secretary of State a statement, signed by the entruster and the trustee, containing:

(a) A designation of the entruster and the trustee, and of the chief place of business of each within this State, if any; and if the entruster has no place of business within the State, a designation of his chief place of business outside the State; and

(b) A statement that the entruster is engaged, or expects to be engaged, in financing under trust receipt transactions the acquisition of goods by the trustee; and

(c) A description of the kind or kinds of goods covered or to be covered by such financing.

(2) The following form of statement (or any other form of statement containing substantially the same information) shall suffice for the purposes of this chapter:

"Statement of Trust Receipt Financing

"The entruster, ______ whose chief place of business within this State is at ______, (or who has no place of business within this State and whose chief place of business outside this State is at ______), is or expects to be engaged in financing under trust receipt transactions the acquisition by the trustee, ______ whose chief place of business within this State is at ______ of goods of the following description: (coffee, silk, automobiles, or the like).

(Signed) __________________ Entruster
(Signed) __________________ Trustee."

(3) It shall be the duty of the filing officer to mark each statement filed with a consecutive file number, and with the date and hour of filing, and to keep such statement in a separate file; and to note and index the filing in a suitable index, indexed according to the name of the trustee and containing a notation of the trustee's chief place of business as given in the statement. The fee for such filing shall be one dollar.
(4) Presentation for filing of the statement described in subdivision one, and payment of the filing fee, shall constitute filing under this chapter, in favor of the entruster, as to any documents or goods falling within the description in the statement which are within one year from the date of such filing, or have been, within thirty days previous to such filing, the subject-matter of a trust receipt transaction between the entruster and the trustee.

(5) At any time before expiration of the validity of the filing, as specified in subdivision four, a like statement, or an affidavit by the entruster alone, setting out the information required by subdivision one, may be filed in like manner as the original filing. Any filing of such further statement or affidavit shall be valid in like manner and for like period as an original filing, and shall also continue the rank of the entruster’s existing security interest as against all junior interests. It shall be the duty of the filing officer to mark, file and index the further statement or affidavit in like manner as the original.

3016.10. As against purchasers and creditors, the entruster’s security interest may extend to any obligation for which the goods, documents or instruments were security before the trust receipt transaction, and to any new value given or agreed to be given as a part of such transaction; but not, otherwise, to secure past indebtedness of the trustee; nor shall the obligation secured under any trust receipt transaction extend to obligations of the trustee to be subsequently created.

3016.11. This chapter shall not apply to single transactions of legal or equitable pledge, not constituting a course of business, whether such transactions be unaccompanied by delivery of possession, or involve constructive delivery, or delivery and redelivery, actual or constructive, so far as such transactions involve only an entruster who is an individual natural person, and a trustee entrusted as a fiduciary with handling investments or finances of the entruster; nor shall it apply to transactions of bailment or consignment in which the title of the bailor or consignor is not retained to secure an indebtedness to him of the bailee or consignee.

3016.12. As to any transaction falling within the provisions both of this chapter and of any other law requiring filing or recording, the entruster shall not be required to comply with both, but by complying with the provisions of either at his election may have the protection given by the law complied with; except that buyers in the ordinary course of trade as described in subdivision two of section 3016.5, and liens as described in section 3016.7, shall be protected as therein provided, although the compliance of the entruster be with the filing or recording requirements of another law.

3016.13. In any case not provided for in this chapter the rules of law and equity, including the law merchant, shall continue to apply to trust receipt transactions and purported pledge transactions not accompanied by delivery of possession.

CHAPTER 718.

An act to amend sections 1093, 1127, 1323, and 1139 of the Penal Code, relating to instructions and comment in criminal cases.

[Approved by the Governor July 16, 1935 In effect September 15, 1935]

The people of the State of California do enact as follows:

SECTION 1. Section 1093 of the Penal Code is hereby amended to read as follows:

1093 The jury having been impaneled and sworn, the trial must proceed in the following order, unless otherwise directed by the court:

1. If the indictment or information be for a felony, the clerk must read it, and state the plea of the defendant to the jury, and in cases where it charges a previous conviction, and the defendant has confessed the same, the clerk in reading it shall omit therefrom all that relates to such previous conviction. In all other cases this formality may be dispensed with.

2. The district attorney, or other counsel for the people, must open the cause and offer the evidence in support of the charge.

3. The defendant or his counsel may then open the defense, and offer his evidence in support thereof.

4. The parties may then respectively offer rebutting testimony only, unless the court, for good reason, in furtherance of justice, permit them to offer evidence upon their original case.

5. When the evidence is concluded, unless the case is submitted to the jury on either side, or on both sides, without argument, the district attorney, or other counsel for the people, and counsel for the defendant, may argue the case to the court and jury; the district attorney, or other counsel for the people, opening the argument and having the right to close.

6. The judge may then charge the jury, and must do so on any points of law pertinent to the issue, if requested by either party; and he may state the testimony, and may comment on the failure of the defendant to explain or deny by his testimony any evidence or facts in the case against him, whether the defendant testifies or not, and he may make such comment on the evidence and the testimony and credibility of any witness as in his opinion is necessary for the proper
determination of the case and he may declare the law. If the charge be not given in writing, it must be taken down by the phonographic reporter.

Sec. 2. Section 1127 of the Penal Code is hereby amended to read as follows:

1127. All instructions given (except such as may incidentally be given during the admission of evidence) shall be in writing, unless both parties request the giving of an oral instruction, or consent there to. In chargimg the jury the court may instruct the jury regarding the law applicable to the facts of the case, and may make such comment on the evidence and the testimony and credibility of any witness as in its opinion is necessary for the proper determination of the case and in any criminal case, whether the defendant testifies or not, his failure to explain or to deny by his testimony any evidence or facts in the case against him may be commented upon by the court. The court shall inform the jury in all cases that the jurors are the exclusive judges of all questions of fact submitted to them and of the credibility of the witnesses. If the instructions are given orally, they must be taken down by the phonographic reporter. Either party may present to the court any written charge on the law, but not with respect to matters of fact, and request that it be given. If the court thinks it correct and pertinent, it must be given; if not, it must be refused. Upon each charge presented and given or refused, the court must indorse and sign its decision. If part be given and part refused, the court must distinguish, showing by the indorsement what part of the charge was given and what part refused.

Sec. 3. Section 1323 of the Penal Code is hereby amended to read as follows:

1323. A defendant in a criminal action or proceeding cannot be compelled to be a witness against himself; but if he offers himself as a witness, he may be cross-examined by the counsel for the people as to all matters about which he was examined in chief. The failure of the defendant to explain or to deny by his testimony any evidence or facts in the case against him may be commented upon by counsel.

Sec. 4. Section 1439 of the Penal Code is hereby amended to read as follows:

1439. The court must decide all questions of law which may arise in the course of the trial, and may comment on the failure of the defendant to explain or to deny by his testimony any evidence or facts in the case against him, whether a defendant testifies or not, and it may make such comment on the evidence and the testimony and credibility of any witness as in its opinion is necessary for the proper determination of the case, and it may declare the law. The court shall inform the jury in all cases that the jurors are the exclusive judges of all questions of fact submitted to them and of the credibility of the witnesses.

[Approved by the Governor July 16, 1935  In effect September 15, 1935 ]

Said board shall make rules governing, permitting and regulating mutual wagering on horse races under the system known as pari-mutuel method of wagering, which shall be conducted only by such licensee and only within the enclosure and only on the dates for which such horse racing has been licensed by the board. A wager made inside an enclosure under the pari-mutuel system for a principal who is not within the enclosure shall be considered a wager made within the enclosure for the purpose of this act and any activity of the principal in connection with such wager shall not be considered a wager made outside the enclosure. All other forms of wagering or betting on the result of a horse race shall be and remain illegal and any and all wagering or betting on horse races outside the enclosure where such horse races shall have been licensed by the board shall be and remain illegal.

All horse owners, riders, agents, trainers, stewards, starters, timers, judges and others acting as officials at any such racing meeting shall be licensed by the board, pursuant to such rules and regulations as the board may adopt, and by the payment of a license fee as fixed and determined by said board. Said licenses shall be subject to revocation and no person shall be eligible to, or permitted to participate in such racing unless so licensed, and only during the time such license remains unrevoked. No qualified person shall be refused such license, nor shall such license be revoked without just cause.
Said board shall have power to compel the production of any and all books, memorandum or documents showing the receipts and disbursements of any person, corporation or association licensed under the provisions of this act to conduct race meetings. The board may at any time require the removal of any employee or official employed by any licensee hereunder in any case where it shall have reason to believe that such employee or official has been guilty of any dishonest practice in connection with horse racing and has failed to comply with any condition of such licensee’s license, or has violated any law or any rule or regulation of said board. The board shall also have the power to require that the books and financial or other statements of any person, corporation or association licensed under the provisions of this act shall be kept in any manner which to the board may seem best, and the board shall also be authorized to visit, investigate, and place expert accountants and such other persons as it may deem necessary in the offices, tracks or places of business of any such person, corporation or association, for the purpose of satisfying itself that the board’s rules and regulations are strictly complied with. The said board shall have power to summon witnesses before it and to administer oaths or affirmations to such witnesses whenever, in the judgment of the board, it may be necessary for the effectual discharge of its duties; and any person failing to appear before said board at the time and place specified in answer to said summons or refusing to testify, shall be deemed guilty of a misdemeanor and, upon conviction in a court of competent jurisdiction, shall be punishable by a fine not more than five hundred dollars or by imprisonment for not more than six months, or by both such fine and imprisonment, in the discretion of the court.

[Approved by the Governor July 20, 1935. In effect September 15, 1935]

The people of the State of California do enact as follows:

An act to amend sections 396, 396a, 399, 539, 540, 542, 581, 594, 618, 629, 650, 659a, 667a, 689, 953a, 975a, 980, 983, 983a, 988a, 988b, 988c, 988h, 989, 990, 1005 and 1010 of the Code of Civil Procedure, and to add section 655 thereto, all relating to civil actions.

[Approved by the Governor July 20, 1935 In effect September 15, 1935]

The people of the State of California do enact as follows:

SECTION 1. Section 396 of the Code of Civil Procedure is hereby amended to read as follows:

396. If an action or proceeding is commenced in a court which lacks jurisdiction of the subject matter thereof, as determined by the complaint or petition, if there is a court of this State which has such jurisdiction, the action or proceeding shall not be dismissed (except as provided in section 581b, and as provided in subdivision one of section 581 of this code) but shall, on the application of either party, or on the court's own motion, be transferred to a court having jurisdiction of the subject matter which may be agreed upon by the parties, or, if they do not agree, to a court having such jurisdiction which is designated by law as a proper court for the trial or determination thereof, and it shall thereupon be entered and prosecuted in the court to which it is transferred as if it had been commenced therein, all prior proceedings being saved. In any such case, if summons is served prior to the filing of the action or proceeding in the court to which it is transferred, as to any defendant, so served, who has not appeared in the action or proceeding, the time to answer or otherwise plead shall date from service upon such defendant of written notice of the filing of such action or proceeding in the court to which it is transferred.

If an action or proceeding is commenced in or transferred to a court which has jurisdiction of the subject matter thereof as determined by the complaint or petition, and it thereafter appears from the verified pleadings, or at the trial, or hearing, that the determination of the action or proceeding, or of a counterclaim arising out of the transaction set forth in the complaint or petition as the foundation of the plaintiff's claim, or of a cross-complaint, will necessarily involve the determination of questions not within the jurisdiction of the court, in which the action or proceeding is pending, the court, whenever such lack of jurisdiction appears, must suspend all further proceedings therein and transfer the action or proceeding, and certify the pleadings (or if the pleadings be oral, a transcript of the same), and all papers and proceedings therein, to a court having jurisdiction thereof which may be agreed upon by the parties, or, if they do not agree, to a court having such jurisdiction which is designated by law as a proper court for the trial or determination thereof.
An action or proceeding which is transferred under the provisions of this section shall be deemed to have been commenced at the time the complaint or petition was filed in the court from which it was originally transferred.

Nothing herein shall be construed to preclude or affect the right to amend the pleadings as provided in this code.

Nothing herein shall be construed to require the superior court to transfer any action or proceeding because the judgment to be rendered, as determined by the trial or hearing, is one which might have been rendered by a municipal or justices' court in the same county or city and county.

In any case where the lack of jurisdiction is due solely to an excess in the amount of the demand, the excess may be remitted and the action may continue in the court where it is pending.

Upon the making of an order for such transfer, proceedings shall be had as provided in section 393 of this code, the costs and fees thereof, and of filing the case in the court to which transferred, to be paid by the plaintiff unless the court ordering the transfer shall otherwise direct.

Sec. 2. Section 395 of the Code of Civil Procedure is hereby amended to read as follows:

396a. In all actions and proceedings within the subject matter jurisdiction of justices' courts of Class B, whether commenced in a justices' or municipal court, plaintiff must state facts in the complaint, verified by his oath, or in an affidavit of the plaintiff filed with the complaint, from which it can be determined which court is, under the provisions of this title, the proper court for the trial of such action or proceeding. When such affidavit is filed with the complaint, a copy thereof must be served with the summons. Except as herein provided, if such complaint or affidavit be not so filed, no further proceedings shall be had in the action or proceeding, except to dismiss the same, unless defendant consents, in the manner hereinafter provided, to the keeping of the action or proceeding in the court where commenced. The court, judge, or justice, may, on such terms as may be just, allow the complaint to be amended to conform to the requirements of this paragraph, or permit such affidavit to be filed subsequent to the filing of the complaint, and in such event a copy of the amended complaint, or of such affidavit, shall be served on the defendant, and time to answer or otherwise plead shall date from such service. If it appears from such complaint or affidavit, or otherwise, that the court in which such action or proceeding is commenced is not the proper court for the trial thereof, as determined by the provisions of this title, the court in which such action or proceeding is commenced, or a judge or justice thereof, shall, whenever such fact appears, transfer it to such proper court, on its own motion, or on motion of the defendant, unless the defendant consents in writing, or in open court (such consent in open court being entered in the minutes or docket of the court), to the keeping of the action or proceeding in the court.
where commenced. If such consent be given, the action or proceeding may continue in the court where commenced. In any such case where the transfer of the action or proceeding is ordered under the provisions of this paragraph, if summons is served prior to the filing of such action or proceeding in the court to which it is transferred, as to any defendant, so served, who has not appeared in the action or proceeding, the time to answer or otherwise plead shall date from service upon such defendant of written notice of such filing.

When it appears from such complaint or affidavit of the plaintiff that the court in which such action or proceeding is commenced is a proper court for the trial thereof, all proper proceedings may be had, and the action or proceeding may be tried therein; provided, however, that in such case a motion for a transfer of the action or proceeding may be made as in other cases, within the time, upon the grounds, and in the manner provided in this title, and if upon such motion it appears that such action or proceeding is not pending in the proper court, or should for other cause be transferred, the same shall be ordered transferred as provided in this title.

When any such action or proceeding is ordered transferred as herein provided, proceedings shall be had, and the costs and fees shall be paid, as provided in sections 398 and 399 of this code.

Sec. 3. Section 399 of the Code of Civil Procedure is hereby amended to read as follows:

399. When an order is made transferring an action or proceeding under any of the provisions of this title, the clerk, or the justice where there is no clerk, must, upon payment of the costs and fees, transmit the pleadings and papers therein (or if the pleadings be oral a transcript of the same) to the clerk (or to the justice where there is no clerk) of the court to which the same is transferred. When the transfer is sought on any ground specified in subdivisions 2, 3 and 4 of section 397 of this code, the costs and fees thereof, and of filing the papers in the court to which the transfer is ordered, shall be paid at the time the notice of motion is filed, by the party making the motion for such transfer. When the transfer is sought solely, or is ordered, because the action or proceeding was commenced in a court other than that designated as proper by the provisions of this title, such costs and fees must be paid by the plaintiff before such transfer is made; and if, in any such case, the defendant has paid such costs and fees at the time of filing his notice of motion, the same shall be repaid to him, upon the making of such order. The court to which an action or proceeding is transferred under the provisions of this title shall have and exercise over the same the like jurisdiction as if it had been originally commenced therein, all prior proceedings being saved, and said court may require such amendment of the pleadings, the filing and service of such amended, additional or supplemental pleadings, and the giving of such notice, as may be necessary for the proper
presentation and determination of the action or proceeding in said court.

SEC. 4. Section 539 of the Code of Civil Procedure is hereby amended to read as follows:

539. Before issuing the writ, the clerk or justice must require a written undertaking on the part of the plaintiff with two or more sufficient sureties, to the effect that if the defendant recovers judgment, the plaintiff will pay all costs that may be awarded to the defendant and all damages which he may sustain by reason of the attachment, not exceeding the sum specified in the undertaking, and that if the attachment is discharged on the ground that the plaintiff was not entitled thereto under section 537, the plaintiff will pay all damages which the defendant may have sustained by reason of the attachment, not exceeding the sum specified in the undertaking. The sum specified in the undertaking shall be such as the clerk, judge or justice of the court in which the action is pending may require, not less than fifty dollars, nor more than the amount claimed by the plaintiff, but nothing herein shall be construed to preclude the acceptance of an undertaking in which a larger sum is specified, if such undertaking be offered.

At any time after the issuing of the attachment, but not later than five days after actual notice of the levy thereof, the defendant may except to the sufficiency of the sureties. If he fails to do so, he is deemed to have waived all objections to them. When excepted to, the plaintiff’s sureties, within five days from service of written notice of exception, upon notice to the defendant of not less than two nor more than five days, must justify before the judge, justice, or clerk of the court in which the action is pending, in the same manner as upon bail on arrest; and upon failure to justify, or if others in their place fail to justify, at the time and place appointed, the writ of attachment must be vacated.

SEC. 5. Section 540 of the Code of Civil Procedure is hereby amended to read as follows:

540. The writ must be directed to the sheriff, or a constable, or marshal of any county in which property of such defendant may be, and must require him to attach and safely keep all the property of such defendant within his county not exempt from execution, or so much thereof as may be sufficient to satisfy the plaintiff’s demand against such defendant, the amount of which must be stated in conformity with the complaint, unless such defendant give him security by the undertaking of at least two sufficient sureties, which must first be approved by a judge or justice of the court issuing the writ, or if said writ of attachment is issued to another county then by a judge or justice of a court, having jurisdiction in cases involving the amount specified in the writ, in the county where the levy shall have been, or is about to be, made, or deposit a sum of money with the sheriff, constable, or marshal in an amount sufficient to satisfy such demand against such
defendant, besides costs, or in an amount equal to the value of the property of such defendant which has been or is about to be attached, in which case to take such undertaking or sum of money in lieu of the property which has been or is about to be attached; provided, however, that whenever a levy shall be made upon personal property, other than money, belonging to a going concern, and no undertaking is given as herein provided, then the officer making the levy must, if the defendant consents, place a keeper in charge of said attached property, at plaintiff's expense, for at least two days, and said keeper's fees must be prepaid by the attaching creditor. After the expiration of said two days, the sheriff, constable, or marshal shall take said property into his immediate custody, unless other disposition is made by the court or the parties to the action.

In the event that the action is against more than one defendant, any defendant whose property has been or is about to be attached in the action may give the sheriff, constable or marshal such undertaking which must first be approved by the judge or justice as hereinabove provided, or deposit such sum of money, and the sheriff, constable, or marshal shall take the same in lieu of such property. Such undertaking, or the deposit of such sum of money, shall not subject such defendant to, or make him answerable for, any demand against any other defendant, nor shall the sheriff, constable, or marshal thereby be prevented from attaching, or be obliged to release from attachment, any property of any other defendant; provided, however, that such defendant, at the time of giving such undertaking to, or depositing such sum of money with the sheriff, constable, or marshal shall file with the sheriff, constable, or marshal a statement, duly verified by his oath, wherein such defendant shall state the character of his title to the attached property and the manner in which he acquired such title, and aver and declare that the other defendant or defendants, in the action in which said undertaking was given or such sum of money was deposited, has or have not any interest or claim of any nature whatsoever in or to said property.

Several writs may be issued upon the same affidavit and undertaking, within sixty days after the filing of the affidavit and undertaking, to the sheriffs, constables, or marshals of any county or counties

Sec. 6. Section 542 of the Code of Civil Procedure is hereby amended to read as follows:

542. The sheriff, constable, or marshal to whom the writ is directed and delivered, must, upon receipt of instructions in writing, signed by the plaintiff or his attorney of record, and containing a description of the property, and in the case of real property, a statement as to whether or not it is registered under the land title law, an initiative act adopted by election November 3, 1914, execute the same without delay, and if the
undertaking mentioned in section 540 of this code be not given, 
as follows:

1. Real property, standing upon the records of the county in the name of the defendant, must be attached, by filing with the recorder of the county a copy of the writ, together with a description of the property attached, and a notice that it is attached, and by leaving a similar copy of the writ, description and notice with an occupant of the property, if there is one; if not, then by posting the same in a conspicuous place on the property attached.

2. Real property, or an interest therein, belonging to the defendant, and held by any other person, or standing on the records of the county in the name of any other person, must be attached by filing with the recorder of the county a copy of the writ, together with a description of the property, and a notice that such real property, and any interest of the defendant therein, held by or standing in the name of such other person (naming him), are attached; and by leaving with the occupant, if any, and with such other person, or his agent, if known and within the county, or at the residence of either, if within the county, a copy of the writ with a similar description and notice. If there is no occupant of the property, a copy of the writ, together with such description and notice, must be posted in a conspicuous place upon the property. The recorder must index such attachment when filed, in the names, both of the defendant and of the person by whom the property is held or in whose name it stands on the records.

3. Personal property, capable of manual delivery, must be attached by taking it into custody.

4. Stocks or shares, or interest in stocks or shares, of any corporation or company, must be attached by leaving with the president, or other head of the same, or the secretary, cashier, or other managing agent thereof, a copy of the writ, and a notice stating that the stock or interest of the defendant is attached, in pursuance of such writ.

5. In cases where the sheriff, constable, or marshal is instructed to take into possession personal property capable of manual delivery, whether the same is to be placed in a warehouse or in custody of a keeper, the sheriff, constable, or marshal may require, as a prerequisite to the taking of such property, that in addition to written instructions the plaintiff or his attorney of record deposit with said sheriff, constable, or marshal a sum of money sufficient to pay the expense of taking and keeping safely said property for a period not to exceed five days. In the event that a further detention of said property, after the period for which such payment has been made, is ordered, the sheriff, constable, or marshal may, from time to time, make written demand upon the plaintiff or his attorney for further deposits to cover estimated expenses for periods not to exceed five days each. Such demand may be served as provided in section 1011 of this code, or by depositing such notice in the post office in a sealed envelope, as first-class
registered mail, postage prepaid, addressed to the person on
whom it is served at his last known office or place of residence.
In the event that the money so demanded is not paid within five
(5) days after service of said demand as herein provided,
the sheriff, constable, or marshal may release the property to
the person or persons from whom the same was taken. There
shall be no liability upon the part of the sheriff, constable, or
marshal to take or hold personal property unless the provisions
of this section shall have been fully complied with.

6. Debts and credits and other personal property, not capa-
ble of manual delivery, must be attached by leaving with the
person owing such debts, or having in his possession, or under
his control, such credits and other personal property, or with
his agent. or in the case of a corporation, with the president
of the corporation, vice president, secretary, assistant secre-
tary, cashier, or managing agent thereof, a copy of the writ,
and a notice that the debts owing by him to the defendant,
or the credits and other personal property in his possession,
or under his control, belonging to the defendant, are attached
in pursuance of such writ, except in the case of attachment of
growing crops, a copy of the writ, together with a description
of the property attached, and a notice that it is attached shall
be recorded or registered the same as in the attachment of
real property; provided, however, that debts owing to the
defendant by a banking corporation or association, building
and loan association or title insurance company, maintaining
branch offices, or credits or other personal property whether
or not the same is capable of manual delivery, belonging to
the defendant and in the possession of or under the control of
such banking corporation or association, building and loan
association or title insurance company, must be attached by
leaving a copy of the writ and the notice with the manager or
any other officer of such banking corporation or association.
building and loan association or title insurance company at
the office or branch thereof at which the account evidencing
such indebtedness of the defendant is carried, or at which such
banking corporation or association, building and loan associa-
tion or title insurance company has credits or other personal
property belonging to the defendant in its possession or under
its control; and no attachment shall be effective as to any debt
owing by such banking corporation or association, building
and loan association or title insurance company if the account
evidencing such indebtedness is carried at an office or branch
thereof not so served, or as to any credits or other personal
property in its possession or under its control at any office or
branch thereof not so served.

7. If real property sought to be attached is registered under Torrens
said land title law, an additional copy of the writ, together
with a description of the Torrens title certificate, a description
of the property and a notice that it is attached shall be filed
with the registrar of titles of the county.
Sec. 7. Section 581 of the Code of Civil Procedure is hereby amended to read as follows:

581. An action may be dismissed, or a judgment of nonsuit entered, in the following cases:

1. By the plaintiff, by written request to the clerk, filed with the papers in the case, or by oral or written request to the justice where there is no clerk, at any time before the trial, upon payment of the costs of the clerk or justice, provided that a counterclaim has not been set up, or affirmative relief sought by the cross-complaint or answer of the defendant. If a provisional remedy has been allowed, the undertaking shall upon such dismissal be delivered by the clerk or justice of the peace to the defendant, who may have his action thereon.

2. By either party, upon the written consent of the other. No dismissal mentioned in subdivisions one and two of this section shall be granted unless upon the written consent of the attorney of record of the party or parties applying therefor, or if such consent is not obtained, upon order of the court after notice to such attorney.

3. By the court, when either party fails to appear on the trial and the other party appears and asks for the dismissal, or when, after a demurrer to the complaint has been sustained, the plaintiff fails to amend it within the time allowed by the court, and the defendant moves for such dismissal.

4. By the court, when upon the trial and before the final submission of the case, the plaintiff abandons it.

5. By the court upon motion of the defendant when upon the trial the plaintiff fails to prove a sufficient case.

The dismissals mentioned in subdivisions one and two hereof, when written consent of the attorney of record of the party requesting the dismissal is filed, must be made by entry in the clerk’s register or in the justice’s docket, as the case may be, and are effective for all purposes when so entered.

The dismissals mentioned in subdivisions one and two hereof, when written consent of the attorney of record of such party is not filed, and the dismissals mentioned in subdivisions three, four, and five of this section, must be made by order of the court entered upon the minutes thereof, or in the justices’ docket as the case may be, and are effective for all purposes when so entered; but the clerk, in superior and municipal courts, must note such orders in his register of actions in the case.

Sec. 8. Section 594 of the Code of Civil Procedure is hereby amended to read as follows:

594. 1. In superior courts and municipal courts either party may bring an issue to trial or to a hearing, and, in the absence of the adverse party, unless the court, for good cause, otherwise direct, may proceed with his case, and take a dismissal of the action, or a verdict or judgment, as the case may require; provided, however, if the issue to be tried is an issue of fact, proof must first be made to the satisfaction of the
court that the adverse party has had five days notice of such trial.

2. In justices’ courts if either party fails to appear at the time fixed for trial, the trial may proceed at the request of the adverse party. When all the parties served with process shall have appeared, or when some of them have appeared, and the default of the others has been entered, the justice must fix the day for trial, whether the issue be one of law or fact, and the day so fixed for such trial shall be entered on the docket. Notice of the day so fixed for trial shall be given, as herein provided, to the parties to the action who have appeared. Such notice shall be in writing, signed by the justice, or by the clerk, if there be a clerk, and substantially in the following form:

In the justices’ court, ______ township (or, city or town), county of ______, State of California.

------------------------------------------, plaintiff,

------------------------------------------, defendant.

To ______, plaintiff (or attorney for plaintiff) and to ______, defendant (or attorney for defendant),

You and each of you will please take notice that the undersigned justice of the peace before whom the above entitled cause is pending, has set for hearing the demurrer of ______, filed in said cause (or has set the said cause for trial, as the case may be), before me at my office in said township (or, city or town), at ______ o’clock ______m., on the ______ day of ______, 19____.

Dated this ______ day of ______, 19____.

Justice of the Peace.

Clerk (if signed by clerk)

When a party has appeared by attorney, the notice may be served upon the attorney either personally or by mail, or in the manner prescribed by subdivision one of section 1011 of this code.

When a party appears in person, he shall leave with the justice, or with the clerk, if there be a clerk, an address, where service of such notice may be made, which shall be entered upon the docket, and such notice may, if such address be within the county in which the cause is pending, be served on such party personally, if he can be found at such address, otherwise, it may be served by mail, in the manner hereinafter specified.

When such notice is personally served, it must be served at least five days before the day so fixed for such trial, and may be served by any person competent to serve a summons in such justices’ court. It shall be served, returned and filed in the same manner as a summons.
When such notice is served by mail, it shall be served as follows: For each person who is to be so served with such notice, the justice, or a clerk, if there be a clerk, shall place a copy of such notice in an envelope, seal the same, and address it to the person on whom it is to be served, at the place of residence of such person, (or at his office if such person is an attorney) and deposit the same in the post office, at least ten days before the day so fixed for the trial, with the postage prepaid thereon.

When such notice is served by mail, the justice shall enter on his docket the date of mailing such notice, and such entry shall be prima facie evidence of the fact of such service.

Sec. 9. Section 618 of the Code of Civil Procedure is hereby amended to read as follows:

618. When the jury, or three-fourths of them, have agreed upon a verdict, they must be conducted into court, their names called by the clerk, or by the court if there be no clerk, and the verdict rendered by their foreman. The verdict must be in writing, signed by the foreman, and must be read to the jury by the clerk, or by the court if there be no clerk, and the inquiry made whether it is their verdict. Either party may require the jury to be polled, which is done by the court or clerk, asking each juror if it is his verdict. If upon such inquiry or polling, more than one-fourth of the jurors disagree thereto, the jury must be set out again, but if no such disagreement be expressed, the verdict is complete and the jury discharged from the case.

Sec. 10. Section 629 of the Code of Civil Procedure is hereby amended to read as follows:

629. When a motion for a directed verdict, which should have been granted, has been denied and a verdict rendered against the moving party, the court, at any time before the entry of judgment, either of its own motion or on motion of the aggrieved party, shall render judgment in favor of the aggrieved party notwithstanding the verdict.

A motion for judgment notwithstanding such verdict may also be made in the alternative form, asking therefor and reserving, if that be denied, the right to apply for a new trial. If the motion for a directed verdict or for judgment notwithstanding the verdict be denied, the trial court on motion for new trial or the appellate court on appeal from the judgment may order judgment to be so entered when it appears from the whole evidence that a verdict should have been so directed at the trial; and when the motion is made in the alternative form, the court may also so order on appeal from the order denying such motion for judgment notwithstanding the verdict, whether a new trial was granted or denied.

Sec. 11. Section 650 of the Code of Civil Procedure is hereby amended to read as follows:

650. Where a trial shall have been had on a question of fact, and a party desires to have exceptions taken at such trial settled in a bill of exceptions, he may, at any time thereafter,
and within twenty (20) days after service upon him of written notice of entry of the judgment, or if proceedings on motion for a new trial be pending within ten (10) days after notice of the order denying said motion, or other determination thereof, or within such further time as the court in which the action is pending, or a judge thereof, may allow, prepare and file with the clerk of the court the draft of a bill. Proof must be made at the time of the filing of such draft, by affidavit or admission of service, that the adverse party has been served with a copy thereof, and of the date of such service.

Such draft must contain all the exceptions and proceedings taken upon which the party relies, and shall contain all matters reviewable on the same appeal, including those occurring at the trial and also on motion for a new trial.

It may also contain a statement of any matters occurring upon the trial in the presence of the court, showing any of the matters mentioned in subdivisions one and two of section 657 of this code.

Within ten (10) days after such service the adverse party may propose amendments thereto, which must be filed with the clerk of the court within such ten (10) days. Proof must also be made at the time of the filing thereof, by affidavit or admission of service, that the adverse party has been served with a copy thereof.

The clerk, immediately upon the receipt of such proposed amendments, or upon the expiration of the time for filing such amendments, if none be filed, must deliver the draft, and the proposed amendments, if any, to the judge, if he is in the county; if he is absent from the county, and either party desires the paper to be forwarded to the judge, the clerk must, upon notice in writing from such party, immediately forward them by mail or other safe channel; if such notice be not given the clerk must deliver them to the judge immediately after his return to the county.

When received from the clerk, the judge must designate the time at which he will settle the bill, and the clerk must immediately notify the parties of the time so designated. At the time designated the judge must settle the bill, which must thereupon be engrossed. Within ten (10) days after the settlement the party who filed the bill must present it to the judge to be certified.

If the action was tried before a referee, the proposed bill, with the amendments, if any, must be presented to such referee for settlement in the same manner as if presented to the judge. The referee shall designate the time at which he will settle the bill, and settle the same, in the manner provided for settlement by the judge.

It is the duty of the judge or referee, in settling the bill to strike out of it all redundant and useless matter so that the exceptions and proceedings may be presented as briefly as possible. When settled, the bill must be signed by the judge or
referee, with his certificate to the effect that the same is allowed, and must then be filed with the clerk.

No bill of exceptions need be served upon any party whose default has been duly entered, or who has not appeared in the action or proceeding.

**SEC. 12.** Section 655 is hereby added to Article II of Chapter VII of Title VIII of Part II of the Code of Civil Procedure, to read as follows:

655. The provisions of this article apply only to superior courts and municipal courts.

**SEC. 13.** Section 659a of the Code of Civil Procedure is hereby amended to read as follows:

659a. Within ten (10) days after serving the notice, the moving party shall serve upon all other parties and file any affidavits intended to be used upon such motion. Such other parties shall have ten (10) days after such service within which to serve upon the moving party and file counter-affidavits. The time herein specified may, for good cause shown by affidavit or by written stipulation of the parties, be extended by any judge for an additional period of not exceeding twenty (20) days.

**SEC. 14.** Section 667a of the Code of Civil Procedure is hereby amended to read as follows:

667a. In justices' courts notice of the rendition of judgment must be given to the parties to the action in writing signed by the clerk, or by the justice. Where any of the parties are represented by an attorney, such notice shall be given to the attorney. Said notice shall be served by mail or personally, and shall be substantially in the form of the abstract of judgment required in section 674 of this code. When served by mail the justice of the peace, or the clerk where there is a clerk, shall deposit copies thereof, in sealed envelopes, in the post office, not later than five days after the rendition of the judgment, addressed to each of the persons on whom notice is to be served at their place of residence, or place of business if on an attorney, with the postage prepaid thereon. When served personally said notice shall be served within five days after the rendition of the judgment. Entry of the date of mailing shall be made in the docket.

**SEC. 15.** Section 689 of the Code of Civil Procedure is hereby amended to read as follows:

689. If the property levied on is claimed by a third person as his property by a written claim verified by his oath or that of his agent, setting out his title and right to the possession thereof and delivered to the officer making the levy, such officer must release the property unless the plaintiff, or the person in whose favor the writ runs, within five days after written demand by such officer, gives such officer an undertaking executed by at least two good and sufficient sureties in a sum equal to double the value of the property levied on.

Such undertaking shall be made in favor of, and shall indemnify such third person against loss, liability, damages, costs
and counsel fees, by reason of such seizing, taking, withholding, or sale of such property by such officer.

Exceptions to the sufficiency of the sureties and their justification may be had and taken in the same manner as upon an undertaking on attachment. If they, or others in their place, fail to justify at the time and place appointed, such officer must release the property; provided, however, that if no exception is taken within five days after notice of receipt of the undertaking the third person shall be deemed to have waived any and all objections to the sufficiency of the sureties. If objection be made to such undertaking, by such third person, on the ground that the amount thereof is not sufficient, or if for any other reason it becomes necessary to ascertain the value of the property involved, the property involved may be appraised by one or more disinterested persons, appointed for that purpose by the court in which the action is pending, or from which the writ issued, or by a judge or justice thereof, or the court, judge or justice may direct a hearing to determine the value of such property.

If, upon such appraisal or hearing, the court, judge or justice finds that the undertaking given is not sufficient, an order shall be made fixing the amount of such undertaking, and within five days thereafter an undertaking in the amount so fixed may be given in the same form and manner and with the same effect as the original.

The officer making the levy may demand and exact the undertaking herein provided for notwithstanding any defect, informality or insufficiency of the verified claim delivered to him. Such officer shall not be liable for damages to any such third person for the taking or keeping of such property if no claim is delivered as herein provided nor, in any event, shall such officer be liable for the holding, release, or other disposition of such property in accordance with the provisions of this section.

If such undertaking be given, such officer shall hold the property; provided, however, that if an undertaking be given under the provisions of section 710b, of this code, such property shall be released.

Whenever a verified third party claim is delivered to the officer as herein provided, upon levy of execution or attachment, (whether any undertaking hereinabove mentioned be given or not), the plaintiff, or the person in whose favor the writ runs, the third party claimant, or any one or more joint third party claimants, shall be entitled to a hearing in the court in which the action is pending or from which the writ issued for the purpose of determining title to the property in question. Such hearing must be granted by the said court upon petition therefor, which must be filed within ten days after the delivery of the third party claim to the officer. Such hearing must be had within twenty days from the filing of such petition, unless continued as herein provided. Ten days' notice of such hearing must be given to the officer, to the plaintiff or the person in whose
favor the writ runs, and to the third party claimant, or their attorneys, which notice must specify that the hearing is for the purpose of determining title to the property in question; provided, that no such notice need be given to the party filing the petition. The court may continue the hearing beyond the said twenty-day period, but good cause must be shown for any such continuance. The court may order the sale of any perishable property held by such officer and direct the disposition of the proceeds of such sale. The court may, by order, stay execution sale, or forbid a transfer or other disposition of the property involved, until the proceeding for the determination of such title can be commenced and prosecuted to termination, and may require, as a condition of such order, such bond as the court may deem necessary. Such order may be modified or vacated by the judge granting the same, or by the court in which the proceeding is pending, at any time prior to the termination of such proceeding, upon such terms as may be just. At the hearing had for the purpose of determining title, the third party claimant shall have the burden of proof. The third party claimant delivered to the officer shall be filed by him with the court and shall constitute the pleading of such third party claimant, subject to the power of the court to permit an amendment in the interests of justice, and it shall be deemed controverted by the plaintiff or other person in whose favor the writ runs. Nothing herein contained shall be construed to deprive any party of the right to a jury trial in any case where, by the Constitution, such right is given, but a jury trial shall be waived in any such case in like manner as in the trial of an action. No findings shall be required in any proceedings under this section. At the conclusion of the hearing the court shall give judgment determining the title to the property in question, which shall be conclusive as to the right of the plaintiff, or other person in whose favor the writ runs, to have said property taken, or held, by the officer and to subject said property to payment or other satisfaction of his judgment. In such judgment the court may make all proper orders for the disposition of such property or the proceeds thereof. If the property shall have been released by the officer for want of an undertaking, and final judgment shall go for the plaintiff or other person in whose favor the writ runs, the officer shall retake the property on such writ, if the writ is still in his hands, or if the writ shall have been returned, another writ may be issued on which the officer may take such property. An appeal lies from any judgment determining title under this section, such appeal to be taken in the manner provided for appeals from the court in which such proceeding is had.

Sec. 16. Section 953a of the Code of Civil Procedure is hereby amended to read as follows:

953a. Any person desiring to appeal from any judgment, order or decree of any court of record, may, in lieu of preparing and settling a bill of exceptions pursuant to the pro-
visions of section 650 of this code, or of section 988a of this code, or for the purpose of presenting a record on appeal from any appealable judgment or order, or for the purpose of having reviewed any matter or order reviewable on appeal from final judgment, file with the clerk of the court from whose judgment, order or decree said appeal is taken, or to be taken, a notice stating that he desires or intends to appeal, or has appealed therefrom, and requesting that a transcript of the testimony offered or taken, evidence offered or received, and all rulings, instructions, acts or statements of the court, also all objections or exceptions of counsel, and all matters to which the same relate, and also all proceedings taken on motion for a new trial and all matters to which the same relate, be made up and prepared. Said notice must be filed within ten (10) days after notice of entry of the judgment, order or decree, or if a proceeding on motion for a new trial be pending, within ten (10) days after notice of decision denying said motion, or of other termination thereof.

Upon receiving said notice, it shall be the duty of the court to require a stenographic reporter thereof to transcribe fully and completely the phonographic report of the trial and also all proceedings taken on motion for a new trial and all matters to which the same relate. The stenographic reporter shall within twenty (20) days after the clerk has given notice to the stenographic reporter that said notice has been filed with the clerk, prepare a transcript of the phonographic report of the trial, including therein copies of all writings offered or received in evidence and all other matters and things required by the notice above referred to, to be therein contained, and shall file the same with the clerk of said court; provided, however, that said twenty (20) day period shall not commence to run until appellant has fully complied with the provisions of section 953b of this code. The stenographic reporter shall not postpone the filing of the transcript except upon order of the court, upon affidavits filed with the court by the reporter, stating facts and not conclusions, which affidavits before any continuance is granted shall be served upon the attorneys appearing in said cause, which service shall be made by United States mail, postage prepaid, addressed to said attorneys at their respective offices, not less than three (3) days, unless the court shall otherwise order, prior to the making of said order of continuance.

Upon the transcript being filed, it shall be the duty of the clerk forthwith to set a time (such time to be not more than ten days after the filing of the transcript) for presenting it to the judge for approval, and to give notice of the filing of the transcript, and of the time set for presenting it to the judge, to the attorneys appearing in the cause. not less than five (5) days before the time so set.

At the time specified in the notice of the clerk to the attorneys, said transcript shall be presented to the judge for his approval, and the judge shall examine the same and see
that the same is a full, true and fair transcript of the proceedings had at the trial, the testimony offered or taken, evidence offered or received, instructions, acts or statements of the court, also all objections and exceptions of counsel and matters to which the same relate, also all proceedings taken on motion for a new trial and all matters to which same relate. The judge shall thereupon certify to the truth and correctness of said transcript and the same shall, when so settled and allowed, be and become a portion of the judgment roll and may be considered on appeal in lieu of the bill of exceptions now provided for by law.

Said bill of exceptions so settled and allowed shall be printed and filed with the clerk of the court to which the appeal is taken, within twenty days after said bill is settled and allowed.

If the judgment, order or decree appealed from, be not included in the judgment roll, the party desiring to appeal shall, on the filing of said notice, specify therein such of the pleadings, papers, records and files in said cause as he desires to have incorporated in said transcript in addition to the matters hereinbefore required and the same shall be included.

The respondents on said appeal may at the time said transcript is presented for settlement and allowance, require the insertion therein of such other papers, files, documents, records and proceedings of said cause, including the proceedings on motion for a new trial, as they then desire to have incorporated therein, and the said papers, files, documents, records and proceedings shall when so incorporated be deemed fully authentic for use on said appeal. The parties may by stipulation omit any matters from said record which they desire to so omit.

Sec. 17. Section 978a of the Code of Civil Procedure is hereby amended to read as follows:

978a. The undertaking on appeal must be filed within five days after the filing of the notice of appeal and written notice of the filing of the undertaking must be served upon the respondent, who may except to the sufficiency of the sureties within five days after service of such notice. Unless within five days after notice of such exception, the sureties excepted to, or other sureties, justify before the justice upon notice to the adverse party, to the amounts stated in their affidavits, the appeal must be regarded as if no such undertaking had been given.

Sec. 18. Section 980 of the Code of Civil Procedure is hereby amended to read as follows:

980. Upon an appeal heard upon a statement of the case, the superior court may review all orders affecting the judgment appealed from, and may set aside, or confirm, or modify any or all of the proceedings subsequent to and dependent upon such judgment, and may, if necessary or proper, order a new trial. When the action is tried anew, on appeal, the trial must be conducted in all respects as other trials in the superior court. The provisions of this code as to trials in the
superior court, are applicable to trials on appeal in the superior court. For a failure to prosecute an appeal or unnecessary delay in bringing it to a hearing, the superior court, after notice, may order the appeal to be dismissed, with costs; and if it appear to such court that the appeal was made solely for delay, it may add to the costs such damages as may be just, not exceeding twenty-five per cent of the judgment appealed from. Judgments rendered in the superior court on appeal shall have the same force and effect and may be enforced in the same manner as judgments in actions commenced in the superior court.

Sec. 19. Section 983 of the Code of Civil Procedure is hereby amended to read as follows:

983. An appeal may be taken from a municipal court on questions of law alone, in the following cases:

1. From a final judgment entered in an action or special proceeding commenced therein or transferred thereto from another court;

2. From an order granting a new trial or denying a motion for judgment notwithstanding the verdict in an action or proceeding where a trial by jury is a matter of right;

3. From an order discharging or refusing to discharge an attachment;

4. From an order changing or refusing to change the place of trial;

5. From an order granting or dissolving an injunction, or refusing to grant or dissolve an injunction;

6. From an order appointing a receiver;

7. From any special order made after final judgment.

Sec. 20. Section 983a of the Code of Civil Procedure is hereby amended to read as follows:

983a. An appeal may be taken from any judgment or order of a municipal court, from which an appeal lies, at any time after the rendition of the judgment or the making of the order, and within thirty days after notice of the entry of such judgment or order, but the time within which such appeal may be taken shall not in any event exceed sixty days after entry of the judgment or order, except that if proceedings on motion for a new trial are pending, the time for appeal from the judgment shall not expire until fifteen days after entry of an order determining such motion for a new trial, or after other determination in the municipal court of the proceedings upon such motion. The time for appeal is also extended in the manner, for the period, and under the circumstances prescribed in section 12a of this code.

Sec. 21. Section 988a of the Code of Civil Procedure is hereby amended to read as follows:

988a. A party appealing or intending to appeal from a municipal court may have a bill of exceptions settled or a transcript prepared and certified for use on such appeal in the same manner as is or may be provided by law for bills
of exceptions or transcripts to be used on appeal from the superior courts.

Notwithstanding any provisions of the sections above referred to, it shall not be necessary in any such bill of exceptions or transcripts to copy any exhibit or any notice, affidavit, order or other paper or document on file with the municipal court, but the same may be merely referred to and indexed in such bill of exceptions or transcript by any designation sufficient to identify it.

Sec. 22. Section 988b of the Code of Civil Procedure is hereby amended to read as follows:

988b. The record on appeal from a municipal court shall consist of:

(1) The notice of appeal, and if the record is prepared under section 953a of this code, the notice required by that section;

(2) The judgment roll, if the appeal is from a judgment, or an order vacating or refusing to vacate the judgment;

(3) The order appealed from, if the appeal is from an order;

(4) Any bill of exceptions settled or any transcript certified for use on such appeal and all exhibits, notices, affidavits, orders, papers and documents properly referred to, identified and indexed in such bill of exceptions or transcript.

Copies of these parts of the record on appeal which are entered in the register of actions or minutes of the municipal court and the originals of all other parts thereof, with the certificate of the clerk of the court or of the attorneys of the respective parties that they are such copies and originals respectively, shall be transmitted to the superior court.

If it appear that there is any paper or record in the custody of the clerk of the municipal court which was before said court but which is not included in the record on appeal, and that an examination of such paper or record will assist in the determination of the appeal on its merits, the superior court may, on motion of either party, or on its own motion, require the production of such paper or a certified copy of such record, and the same shall thereupon be deemed a part of the record on appeal.

Sec. 23. Section 988c of the Code of Civil Procedure is hereby amended to read as follows:

988c. Upon the filing of the notice of appeal and the payment of all fees required to be paid by the appellant, and upon the certification by the judge of any bill of exceptions, or transcript, or on the expiration of the time within which such bill of exceptions, or transcript, may be proposed without such bill or transcript having been proposed by the appealing party, the clerk of the municipal court must, within five days, transmit to the clerk of the superior court the record on appeal, and he may be compelled by the superior court, by an order entered upon motion, to transmit such record, and may be punished for contempt in case of his neglect or refusal
to transmit the same in accordance with such order. Where
the inspection of an original paper which was offered in evi-
dence in the municipal court is shown to be necessary to a
correct decision of the appeal, the superior court may order
the clerk of such municipal court to transmit such original
paper, if in his possession, to the clerk of the superior court;
and if such paper be in possession of a party to the action,
he may produce the same on the hearing of the appeal, or he
may, on motion of any party, to the action, upon notice, be
required by the superior court to produce such paper at such
hearing; and in default thereof, the court will presume the
paper to be, in all respects, as alleged by the party giving
such notice.

Sec. 24. Section 988h of the Code of Civil Procedure is
hereby amended to read as follows:

988h. Upon an appeal from a municipal court, the superior
court may review the verdict or decision and any intermediate
ruling, proceeding, order or decision which involves the merits
or necessarily affects the judgment or order appealed from
or which substantially affects the rights of a party, includ-
ing, on an appeal from the judgment, any order on motion
for a new trial, and may affirm, reverse or modify any
judgment or order appealed from, and may direct the proper
judgment or order to be entered, and may, if necessary or
proper, direct a new trial or further proceedings to be had.
If there be a new trial, it must be in the municipal court. If
it appears to the superior court that any appeal was taken
solely for delay, it may, on dismissal of such appeal or affirm-
ance of the judgment or order appealed from, add to the
costs of appeal such damages as may be just, not exceeding
twenty-five per cent of the judgment appealed from, if it be a
judgment for money, or twenty-five per cent of the value
of the property if it be a judgment for the recovery of specific
personal property.

Sec. 25. Section 989 of the Code of Civil Procedure is
hereby amended to read as follows:

989. When a judgment is recovered against one or more
of several persons, jointly indebted upon an obligation, by
proceeding as provided in section 414 of this code, those who
were not originally served with the summons, and did not
appear in the action, may be summoned to appear before
the court in which such judgment is entered to show cause
why they should not be bound by the judgment, in the same
manner as though they had been originally served with the
summons.

Sec. 26. Section 990 of the Code of Civil Procedure is
hereby amended to read as follows:

990. The summons specified in section 989 shall be issued
by the clerk, or by the justice if there be no clerk, upon
presentation of the affidavit specified in section 991, and
must describe the judgment, and require the person sum-
moned to show cause why he should not be bound by it,
and must be served in the same manner, and returnable within the same time, as the original summons. It is not necessary to file a new complaint.

Sec. 27. Section 1005 of the Code of Civil Procedure is hereby amended to read as follows:

1005. When a written notice of a motion is necessary, it must be given, if the court is held in the county in which at least one of the attorneys of the party notified has his office, five days before the time appointed for the hearing; otherwise, ten days. When the notice is served by mail, the number of days before the hearing must be increased one day for every full one hundred miles of distance between the place of deposit and the place of service; such increase, however, not to exceed in all thirty days; but in all cases the court, or a judge or justice thereof, may prescribe a shorter time.

Sec. 28. Section 1010 of the Code of Civil Procedure is hereby amended to read as follows:

1010. Notices must be in writing, and the notice of a motion, other than for a new trial, must state when, and the grounds upon which it will be made, and the papers, if any, upon which it is to be based. If any such paper has not previously been served upon the party to be notified and was not filed by him, a copy of such paper must accompany the notice. Notices and other papers may be served upon the party or attorney in the manner prescribed in this chapter, when not otherwise provided by this code. No bill of exceptions, notice of appeal, or other notice or paper, other than amendments to the pleadings, or an amended pleading, need be served upon any party whose default has been duly entered or who has not appeared in the action or proceeding.

He shall be a graduate of a medical college of good standing and repute, shall hold office for a term of one year, and shall receive for his services such sum as may be determined by the board of supervisors.

Immediately after the appointment of such health officer the board of supervisors shall notify the Secretary of the State Board of Health of such appointment and the name and address of such appointee.

The board of supervisors shall adopt orders and ordinances necessary for the preservation of the public health in the unincorporated territory of the county, not in conflict with general laws, and provide for the payment of all expenses incurred in enforcing the same.

His term of office and compensation shall be fixed by the board of supervisors, and he shall receive as his compensation for services, unless in this title otherwise provided, not to exceed one hundred dollars in any one year.

Whenever such contract has been duly entered into, the county health officer and his deputies shall thereupon exercise the same powers and duties within such city or town or chartered city as are conferred upon health officers thereof by law. In any such contract the city, town or chartered city shall have power and authority to provide for the payment by such incorporated city or town or chartered city to the county of such compensation as may be agreed upon, the same to be paid to the county treasurer of the county, which compensation shall be payable at such times as shall be specified and shall be in an amount to repay such county for the entire cost to it of the services required in the enforcement of said ordinances under the terms of such contract to be performed for such city, as nearly as the same can be estimated or ascertained.

An act to amend sections 2240 and 2255 of the Political Code, relating to the clothing, transportation, dental work, eye care, operations and hospitalization of pupils enrolled in the California School for the Deaf and the California School for the Blind.

[Approved by the Governor July 20, 1935, in effect September 15, 1935]

The people of the State of California do enact as follows:

SECTION 1. Section 2240 of the Political Code is hereby amended to read as follows:

2240. If the parent or guardian of any pupil in this school shall be unable either himself or from the estate of such child to clothe such child, or pay for its transportation to and from school, or for necessary dental work, eye care, operations and hospitalization of such child while at the school, or is unable either himself or from the estate of such child to reimburse the State Department of Education for expenses incurred by it in providing dental work, eye care, operations or hospitalization for such child in an emergency, the parent or guardian may apply for a certificate to that effect to the superior court of the county wherein such parent or guardian of such child is resident, and if the court is satisfied that the parent or guardian either himself or from the estate of such child is unable to provide suitable clothing or transportation, necessary dental work, eye care, operations and hospitalization for the
child, or is unable either himself or from the estate of such child to reimburse the State Department of Education for expenses incurred by it in providing dental work, eye care, operations or hospitalization for such child in an emergency, the court shall issue a certificate to that effect. The application for such certificate may also be made to the court by the principal of the school. If it appears to the satisfaction of the court that the parent or guardian has sufficient pecuniary ability or that there are sufficient funds in the estate of the child to provide suitable clothing, transportation, dental work, eye care, operations and hospitalization for the child or, as the case may be, to reimburse the State Department of Education for expenses incurred by it in providing dental work, eye care, operations or hospitalization for such child in an emergency, the court shall not issue such certificate, but shall, according to the nature of the application before it, either order the principal to provide the child with suitable clothing, transportation, dental work, eye care, operations and hospitalization, or order the parent or guardian either himself or from the estate of such child as the court may determine to reimburse the State Department of Education for expenses incurred by it in providing dental work, eye care, operations or hospitalization for such child in an emergency. If the State Department of Education is not reimbursed by the parent or guardian personally or from the estate of such child for expenditures made by the principal under the order of the court or if the parent or guardian does not comply with an order of the court to reimburse the State Department of Education either personally or from the estate of such child for expenses incurred by it in providing dental work, eye care, operations or hospitalization for such child in an emergency the principal may sue the parent or guardian, in the name of the State, to recover any moneys paid out by order of the court or due the State Department of Education as reimbursement under an order of the court. All moneys expended under the authority of any such certificate for clothing and transportation, as hereinafter provided, and not to exceed the sum of seventy-five dollars per annum for necessary dental work, eye care, operations and hospitalization, and all moneys expended by the State Department of Education for expenses not to exceed seventy-five dollars per annum incurred by it in providing dental work, eye care, operations or hospitalization for such child in an emergency for which the State Department of Education can not be reimbursed by the parent or guardian of such child as shown by such certificate, shall constitute a legal county charge against the county from which said certificate is issued. Such certificate shall be presented to the principal of said school and it shall be the duty of said principal when the certificate shows the parent or guardian of said child is unable either himself or from the estate of the child to clothe such child, or pay for its transportation to and from school, or for necessary dental work, eye care, operations and hospitaliza-
tion of such child while in school, to clothe said child and provide such transportation, necessary dental work, eye care, operations and hospitalization, the expense thereof to be advanced by the State Department of Education out of money appropriated for the support of the school. Upon presentation to the board of supervisors of the county in which any certificate provided for in this section is issued, of an itemized claim, duly sworn to by the principal of the school before an officer authorized to administer oaths, for the expense for clothing and transportation and other items provided and furnished under the authority of said certificate, or for the reimbursement of the State Department of Education as hereinafter provided said board of supervisors shall audit and approve said claim, and the county auditor of said county shall thereupon include the amount thereof in his State settlement report, prescribed in section 3868 of this code and the amount of such settlement and all reimbursements of the State Department of Education under this section shall be credited by the State Controller to the then current appropriation for the support and maintenance of said school. All pupils in the school shall be maintained except as hereinafter provided at the expense of the State.

Sec. 2. Section 2255 of the Political Code is hereby amended to read as follows:

Sec. 2255. If the parent or guardian of any pupil in this school shall be unable either himself or from the estate of such child to clothe such child, or pay for its transportation to and from school, or for necessary dental work, eye care, operations and hospitalization of such child while at the school, or is unable either himself or from the estate of such child to reimburse the State Department of Education for expenses incurred by it in providing dental work, eye care, operations and hospitalization for such child in an emergency, the parent or guardian may apply for a certificate to that effect to the superior court of the county wherein such parent or guardian of such child is resident, and if the court is satisfied that the parent or guardian either himself or from the estate of such child is unable to provide suitable clothing or transportation, dental work, eye care, operations and hospitalization for the child, or is unable either himself or from the estate of such child to reimburse the State Department of Education for expenses incurred by it in providing dental work, eye care, operations or hospitalization for such child in an emergency, the court shall issue a certificate to that effect. The application for such certificate may also be made to the court by the principal of the school. If it appears to the satisfaction of the court that the parent or guardian has sufficient pecuniary ability or that there are sufficient funds in the estate of the child to provide suitable clothing, transportation, dental work, eye care, operations and hospitalization for the child or, as the case may be, to reimburse the State Department of Education for expenses incurred by it in providing
dental work, eye care, operations or hospitalization for such child in an emergency, the court shall not issue such certification, but shall according to the nature of the application before it, either order the principal to provide the child with suitable clothing, transportation, dental work, eye care, operations and hospitalization, or order the parent or guardian either himself or from the estate of such child, as the court may determine to reimburse the State Department of Education for expenses incurred by it in providing dental work, eye care, operations or hospitalization for such child in an emergency. If the State Department of Education is not reimbursed by the parent or guardian personally or from the estate of such child for expenditures made by the principal under the order of the court or if the parent or guardian does not comply with an order of the court to reimburse the State Department of Education either personally or from the estate of such child for expenses incurred by it in providing dental work, eye care, operations or hospitalization for such child in an emergency the principal may sue the parent or guardian, in the name of the State, to recover any moneys paid out by order of the court or due the State Department of Education as reimbursement under an order of the court. All moneys expended under the authority of any such certificate for clothing and transportation, as hereinbefore provided, and not to exceed the sum of seventy-five dollars per annum for necessary dental work, eye care, operations and hospitalization, and all moneys expended by the State Department of Education for expenses not to exceed seventy-five dollars per annum incurred by it in providing dental work, eye care, operations or hospitalization for such child in an emergency for which the State Department of Education can not be reimbursed by the parent or guardian of such child as shown by such certificate, shall constitute a legal charge against the county from which said certificate is issued. Such certificate shall be presented to the principal of said school and it shall be the duty of said principal when the certificate shows the parent or guardian of said child is unable either himself or from the estate of the child to clothe such child, or pay for its transportation to and from school, or for necessary dental work, eye care, operations and hospitalization of such child while in school, to clothe said child and provide such transportation, dental work, eye care, operations and hospitalization the expense thereof to be advanced by the State Department of Education out of money appropriated for the support of the school. Upon presentation to the board of supervisors of the county in which any certificate provided for in this section is issued, of an itemized claim, duly sworn to by the principal of the school before an officer authorized to administer oaths, for the expense for clothing and transportation and other items provided and furnished under the authority of said certificate, or for the reimbursement of the State Department of Education as hereinbefore provided said board of super-
visors shall audit and approve said claim, and the county auditor of said county shall thereupon include the amount thereof in his State settlement report, prescribed in section 3868 of this code and the amount of such settlement and all reimbursements of the State Department of Education under this section shall be credited by the State Controller to the then current appropriation for the support and maintenance of said school. All pupils in the school shall be maintained, except as hereinbefore provided, at the expense of the State.

CHAPTER 728.

An act to provide for the refunding of bonds issued under the 'Improvement Bond Act of 1915' and for the levy of reassessments and the extension of liens of assessments and the collection and enforcement of such assessments and reassessments and the payment of said bonds.

[Approved by the Governor July 20, 1935. In effect September 15, 1935.]

The people of the State of California do enact as follows:

Section 1. The legislative body of any municipality in this State is hereby authorized to refund bonds issued under the 'Improvement Bond Act of 1915,' under and subject to the provisions of this act, and to provide for the extension of the liens of assessments and the levy and collection of assessments and reassessments to pay such bonds. At least two of the interest coupons on the refunding bonds must be at a rate of interest less than the interest rate on the bonds to be refunded.

Sec. 2. Whenever any principal or interest of any issue of bonds issued under the 'Improvement Bond Act of 1915' is past due and unpaid because of delinquency in the payment of assessments, the legislative body of the city in which the property assessed lies may determine by resolution that the public interest or necessity require the refunding of such issue of bonds, and declare its intention to refund such bonds. The legislative body may enter into a written contract or contracts with the owner or owners of such bonds and provide therein for the cancellation of such outstanding bonds and coupons and the issuance of refunding bonds therefor, subject to the provisions of this act. When any bond is presented by any person, firm or corporation to the legislative body, such person, firm or corporation shall be deemed the owner thereof, and said legislative body may enter into a written contract or contracts to provide for the refunding of said bonds. The contract or contracts shall determine the terms and conditions upon which the outstanding bonds shall be exchanged for the refunding bonds, but in no event shall refunding bonds be issued for more than the par value of the
outstanding bonds and the due and unpaid interest coupons to be refunded. In the event that owners of seventy-five per cent or more of the principal amount of the outstanding bonds of any issue join in said contract or contracts, the city is authorized to proceed under this act to refund all of the bonds of said issue. The city may at any time prior to the actual issuance and exchange of the refunding bonds make additional contracts with any owner or owners of bonds for the surrender and exchange of bonds which are not agreed to be surrendered under the prior contracts. The bonds to be refunded may be deposited with the city treasurer or with any duly incorporated bank or trust company doing business in the State of California, which shall act as depository or escrow holder, as may be designated by contract between the municipality and the bondholders. The terms of such escrow shall be provided in the contract or contracts aforesaid.

Sec. 3. When the contract between the city and seventy-five per cent or more of the bondholders has been entered into, the legislative body shall direct the city auditor or person who performs the duties of auditor for said city to submit a complete and accurate statement showing the total principal amount of the outstanding bonds of the issue to be refunded, the numbers of such bonds, and the amounts of the due and unpaid interest coupons thereof. Said statement shall also show the several assessments remaining unpaid and the time in which the same become due, together with the interest and penalties on any unpaid installments thereof, and shall set forth the amount of each reassessment and description of the property upon which such reassessment is proposed to be levied. The amount of the reassessment upon any lot, piece or parcel of land shall be computed in the following manner: Subtract from the total amount of unpaid assessments including interest and penalties thereon, if any, on all lands to be reassessed, the amount of the total proposed reassessment, and prorate the amount of the remainder so ascertained by subtraction, among the respective parcels to be reassessed in accordance with the amounts assessed against each of said parcels in the original assessment. The amount so prorated upon any lot, piece or parcel of land shall be subtracted from the total amount of the unpaid assessment, with interest and penalties thereon, if any, on the said parcel and the remainder shall constitute the proposed reassessment on such parcel. Such statement shall be examined by the legislative body and, if found correct, shall be approved. Upon the approval thereof said legislative body shall adopt a resolution reciting that the statement of the auditor has been approved and is on file with the city clerk and that said statement shows the amount of outstanding bonds and the amount of due and unpaid interest coupons thereof, and shows the amount of assessments and interest and penalties thereon, together with descriptions of the property upon which reassessments are proposed to be levied, and the amount to be reassessed against each piece or
parcel of property; and shall fix a time and place for hearing on the refunding and reassessment. Said resolution shall state the total amount of the outstanding bonds, the amount of the due and unpaid interest coupons, the total amount of unpaid assessments including therein interest and penalties on unpaid installments, if any, the amount of the proposed public contribution, if any, the total amount of the proposed reassessment, the time the refunding bonds shall run, the rate or rates of interest thereon, and shall refer all parties interested to the report on file with the city clerk for the amount of the reassessment proposed to be levied on each lot, piece or parcel of land and for further details. Said resolution shall be published once a week for four successive weeks in some newspaper of general circulation in such municipality. Any person, firm or corporation interested in any of the property to be reassessed may file a written protest against the amount reassessed against its property, as shown in such statement, at any time prior to the time fixed for said hearing. Failure to file such written protest or objection shall be deemed and considered a waiver of any right which such person, firm or corporation may have or claim.

**Sec. 4.** The owners of property liable to pay assessments shall have the right to pay such assessments, together with interest thereon as provided by the proceedings and statute under which the outstanding bonds were issued; provided, that said owners of property against which assessments remain unpaid elect, by written notice given to the legislative body of said municipality, at any time prior to the hearing provided in section 5 hereof to continue to pay assessments as provided by the proceedings and statute under which the outstanding bonds were issued. Such notice must describe the property upon which the owner elects to continue to pay sufficiently to identify the same. In the event any property owner or owners so elect to continue to pay assessments, the proposed reassessment upon any lot, piece or parcel of land as set forth in the statement on file shall be marked "Not to be levied" and no reassessment shall be levied on such parcel in the refunding proceeding. The assessments upon property upon which such written notice has been given shall be paid and collected with interest and penalties thereon as provided by the proceedings and statute under which the bonds to be refunded were issued, and outstanding bonds payable serially as the assessments are payable, and in principal amount equal to the principal of the assessments included in said written notices shall not be canceled in the refunding proceeding but, with interest, shall be payable as provided in the original proceedings. If in order that the principal amount of bonds payable annually and interest thereon shall equal the principal amount of such assessments payable annually and interest thereon, it is necessary to reduce the amount of any bond or interest coupon, an appropriate notation showing the amount of such reduction shall be written,
printed or stamped upon the face of each bond or coupon reduced in amount, and the remaining amount of such bond or coupon shall be payable, collectible and enforceable in accordance with the provisions of said Improvement Bond Act of 1915. If any property owner does not so elect to continue to pay said assessments, then the legislative body of such municipality shall make a reassessment against his property in the refunding proceedings.

Any owner of land subject to reassessment may file his consent in writing to the refunding and reassessment upon substantially the terms stated in said resolution. Such consent need not be in any particular form and no error or informality thereof shall in any manner vitiate the proceedings. Owners of land within the meaning of this section are those and those only who appear to be such upon the records in the office of the county recorder of the county in which the district is situated on the day that said consents are filed with the clerk of said legislative body. Executors, administrators, special administrators and guardians may consent for any property of the estate represented by them. Any trustee of an express trust of land other than as security for the payment of money may consent for all or any part of the land held in such trust. A trustee in bankruptcy may consent for all or any part of the property of the bankrupt. Such executors, administrators, guardians and trustees are deemed owners of land within the meaning of this act. The written consent of the owners of a majority in area of the land subject to reassessment must be filed with the clerk of the legislative body before said legislative body shall have jurisdiction to confirm any reassessment under this act. At the hearing herein provided said legislative body shall determine whether the written consent of the owners of a majority in area of the lands subject to reassessment has been filed or not and if it determines that such consent has been filed it shall have jurisdiction to confirm the reassessment.

The validity, sufficiency or genuineness of said consents, or any thereof, or the finding and determination of the legislative body thereon, shall not be contested in any action, suit or proceeding unless the same shall be commenced within three months after the determination of said legislative body has been made and thereafter no person in any action, suit or proceeding may plead or prove that said consents, or any thereof, or the finding and determination of the legislative body thereon, was in any way defective, invalid or insufficient.

Sec. 5. At the time and place fixed for hearing, the legislative body shall hear any complaints or objections that may be made concerning the amount of unpaid assessments, or the amounts of proposed reassessments as to any of the lots, pieces or parcels of land to be reassessed. Such hearing may be continued from time to time by order entered in the minutes, but must be concluded within thirty days from the date originally fixed. Upon such hearing the legislative body shall have power
to review and correct the amount of any reassessments upon any lot, piece or parcel of land, but shall not assess against any lot, piece or parcel of land a greater amount than the total unpaid assessment, with interest and penalties thereon, if any; and at the conclusion of such hearing the reassessment as originally made or as reviewed and corrected by them shall be confirmed by resolution entered upon the minutes.

The resolution of confirmation shall designate by reassessment number or other appropriate designation or description the lots, pieces or parcels of land and in the statement on file with the city clerk upon which the reassessments are confirmed and levied. Any person interested may file objections in writing against the amount of any proposed reassessment, specifically setting forth the nature thereof, and shall have full opportunity to be heard thereon. Said legislative body shall hear and pass upon all of said objections or protests, and its determination thereon shall be final and conclusive. No objections to the regularity of the proceedings with reference to the making of the improvement or the validity or the amount of any assessment levied in the original proceedings shall be considered by the legislative body, and all other objections to any reassessment shall be deemed waived unless presented at the time and in the manner herein specified.

Sec. 6. When the reassessment as made or as reviewed and corrected has been confirmed by the legislative body, it shall be recorded in the office of the superintendent of streets and shall thereupon become a lien upon the various lots, pieces or parcels of land assessed and shall be in lieu of the assessments originally levied thereon; and such assessments originally levied, and all penalties and interest accrued thereon, shall be deemed superseded and supplanted by the reassessments. The lien of said reassessment shall be given priority and priority as of the date the original assessment became a lien upon the property reassessed. The refunding bonds shall represent and be secured by said reassessments and any later reassessments which may be levied or issued upon the same property in lieu of said reassessments. If the refunding bonds are payable in annual series, such unpaid reassessments shall be payable in annual series corresponding in number to the number or series of bonds issued, and an even annual proportion of each reassessment shall be payable in each year preceding the date of maturity of each of the several series of bonds so issued. If the refunding bonds all mature in one year, the unpaid reassessments shall be payable annually and an even annual proportion of each reassessment shall be payable each year preceding the July interest payment.

Sec. 7. Bonds to represent the reassessments and to be secured thereby shall be issued, and such reassessments shall bear interest from such date of recording at the rate or rates stated in the refunding bonds; provided that such rate or rates shall not exceed the rate of interest on the outstanding bonds and at least the first two maturing interest coupons
on the refunding bonds shall be at a lower rate than the rate of interest on such outstanding bonds. The date of such refunding bonds shall be the date of the recording of the reassessment. Said bonds shall be in such denominations as the legislative body of the city may determine; they shall be signed by the mayor or other chief executive of the city and by the city treasurer, and attested by the city clerk, the seal of the city affixed thereto and shall be numbered consecutively and shall bear interest and mature as provided in the contract with the bondholders; provided, however, the last maturity of any refunding bonds shall not exceed nineteen years from the second day of July next succeeding ten months after the date of said bonds. The interest shall be payable on January second and July second, respectively, of each year, and all of said bonds shall mature on July second.

Said refunding bonds and the interest thereon shall be paid at the office of the city treasurer. Said treasurer shall keep a redemption fund designated by the name of said bonds, into which he shall place all sums received by him from the collection of the reassessments made for such refunding and upon the security of which the said refunding bonds are issued and all interest and penalties thereon. From such fund he shall disburse and pay the said refunding bonds and the interest due thereon upon presentation of the proper bonds and coupons, and under no circumstances shall said bonds or the interest thereon be paid out of any other fund. Said treasurer shall keep a register in his office which shall show the series, number, date, amount, rate of interest and last known holder of each bond and the number and amount of each interest coupon paid by him and shall cancel and file each bond and coupon so paid. In no event shall the first maturity of the refunding bonds be earlier than the second day of July next succeeding ten months after the date of the bonds; and the first interest payment on such bonds shall in every case be January second next preceding the second day of July next succeeding ten months after the date of the bonds. Said refunding bonds may be issued in substantially the following form:

This bond is one of an issue of refunding bonds of like date and effect issued by said municipality under said act for the purpose of refunding the bonds issued under the Improvement Bond Act of 1915 for the purpose of providing means for paying for the work and improvements described in said resolution (or ordinance) of intention and is secured by the moneys in said redemption fund and by the unpaid reassessments made for the payment of said work, and, including principal and interest, is payable exclusively out of said fund.

This bond will continue to bear interest after maturity at the rate above stated, provided it is presented at maturity or within ten days thereafter and payment thereof is refused upon the sole ground that there is not sufficient moneys in said redemption fund to pay the same. If it is not so presented, interest thereon will run until maturity.

This bond may be redeemed and paid in advance of maturity upon the second day of January or July in any year by giving the notice provided in said refunding bond act.

It is hereby certified, recited and declared that all proceedings, acts and things required by law precedent to or in the issuance of this bond have been regularly had, done and performed and this bond is by law made conclusive evidence thereof.

In witness whereof, said ______ has caused this bond to be signed by the mayor (or other chief executive) and the treasurer of said ______ and by its clerk and has caused its clerk to affix thereto its corporate seal, all on the ______ day of ______, 19___.

faesimile signature. The bonds shall be payable to bearer and each bond shall be conclusive evidence of the regularity of all proceedings for the issuance of said refunding bonds and of the validity of said bonds and of all proceedings of which the bonds refunded were conclusive evidence.

Sec. 9. The refunding bonds shall be delivered to the holders of the outstanding bonds in accordance with the contract with such bondholders. When such refunding bonds have been exchanged for the outstanding bonds, the outstanding bonds, except as to any sum payable from assessments which property owners have by written notice elected to pay, shall be canceled by the city treasurer and shall be filed in the office of such treasurer. All moneys in the redemption fund upon the date the statement of the city auditor is approved by the legislative body shall be paid to the holders of outstanding bonds and coupons entitled thereto at or prior to the delivery of the refunding bonds. If the city has appropriated money to assist in the refunding, such money shall be paid to the holders of outstanding bonds in accordance with the contract with said bondholders, and the city is authorized and empowered to appropriate moneys from any available fund to assist in such refunding, and wherever the improvement is a street, bridge or highway improvement the county in which the city lies is authorized and empowered to appropriate moneys from any available fund to assist in such refunding. All moneys appropriated by the city or county to assist in such refunding shall be credited upon the reassessment and shall reduce each of the reassessments therein and shall be prorated among the respective parcels reassessed in accordance with the amounts assessed against each of said parcels in the original assessment.

In the event that the holders of one or more of the outstanding bonds do not enter any contract to refund the same, nevertheless, if the holders of seventy-five per cent or more of the outstanding bonds do contract for the refunding of the bonds owned or held by them the city shall have authority to refund all of the outstanding bonds of said issue under the provisions of this act, but in such event prior to recording the reassessment levied under this act sufficient moneys to adequately provide for the retirement or payment of the bonds of the nonconsenting holders must be provided and set aside in the proper fund for that purpose. The city which is conducting the refunding proceedings may make an advancement or contribution or an additional contribution in order to provide moneys to pay or retire the bonds of such nonconsenting holders. In the event the city makes all or any part of such advancement it may reimburse itself entirely or partially by taking all or any part of such refunding bonds at par. If any person or corporation advances money to provide for the payment or retirement of the bonds of nonconsenting holders the legislative body may deliver at par all or any portion of the refunding bonds which are not to be delivered to consent-
ing bondholders to the person or corporation making such advance or advances or may sell at par all or any part of such refunding bonds not to be delivered to consenting bondholders and from the proceeds thereof reimburse such person or corporation and may contract to make such sale or delivery. Any other methods of raising funds for the payment or retirement of the bonds of nonconsenting holders which will prior to the time the assessment is recorded under this act adequately provide the moneys necessary for such payment or retirement is hereby authorized. Whenever any moneys are placed in any fund for the retirement or payment of the bonds of nonconsenting holders the said moneys shall be used only for that purpose and after all of the bonds of said nonconsenting holders have been paid or retired any sum remaining in said fund shall be returned to the city, person or corporation which advanced the same.

In the event that the discharge of the bonds of any nonconsenting holders at less than the par value thereof has been authorized by any final decree or order confirming a plan of readjustment under any bankruptcy laws of the United States of America in any proceedings initiated under the authority of this act or otherwise said legislative body is authorized to do and perform all acts and things necessary for the discharge of such bonds in accordance with said decree or order. The reassessment shall not be recorded until adequate provision has been made in accordance with the terms of this section for the payment or retirement of bonds of nonconsenting holders.

SEC. 10. Whenever there shall be in the redemption fund two thousand dollars or more available for the payment of principal of bonds, and not collected for the purpose of paying the principal of bonds maturing on the next second day of July, the city shall purchase or call bonds as herein provided. The city treasurer shall, by notice published once not less than thirty days prior to the date designated in some financial journal having a National circulation, invite sealed proposals for the sale of any of said refunding bonds to the city, which notice shall state the amount available for the purchase of such bonds and shall specify the time and place when proposals will be opened. The city treasurer shall also, at least ten days prior to the date so designated, mail a copy of such invitation for sealed proposals to any bondholder who has theretofore in writing requested such notice. Such proposals shall be opened in public at the time and place specified in said notice. The legislative body in its discretion may reject any or all of such proposals. If no proposals are received at a price of less than par and accrued interest, or if an insufficient amount of bonds are tendered at less than par and accrued interest to exhaust, as nearly as possible, the moneys available for purchase of bonds, the treasurer shall set aside a sum sufficient to pay the principal and accrued interest to the next interest payment date of the bonds to be called for redemption.
and shall proceed to call for redemption, in numerical order, at par and accrued interest to the next interest payment date, such outstanding bonds as can be retired from said funds. Notice of such redemption shall be given by publication once in a financial journal having a National circulation, unless the holders of the bonds to be called in writing waive such notice, the date of said publication to be not less than thirty days prior to the date so fixed for redemption, and interest on said bonds so called shall cease upon the redemption date. All refunding bonds so purchased or redeemed pursuant to call shall be canceled by the treasurer. All costs of publication shall be payable from the redemption fund.

Sec. 11. (a) In the event of such refunding bonds being so issued, then the reassessments and any reassessments which may be issued thereon or in lieu thereof, together with interest thereon, shall remain and constitute a trust fund for the redemption and payment of said refunding bonds and for the interest which may be due thereon. Such reassessments and each installment thereof and the interest and penalties thereon shall be and shall continue to constitute a lien against the lots and parcels of land on which made, until the same be paid, but for a period not exceeding the time within which an action might be brought on the last series of refunding bonds issued upon the security of such unpaid reassessments; provided, however, that unmatured installments, interest and penalties shall not be deemed to be within the terms of any general warranty of title. Any foreclosure of said reassessment lien or sale of property for said lien shall convey the said property to the purchaser free and clear of all encumbrances except such taxes and special assessment liens as are by law equal or superior to said reassessment lien. Such lien shall be superior to and have priority over all special assessment liens created against the same property subsequent to the date of recordation of the reassessment.

(b) In the event of nonpayment of any reassessment or installment thereof or of any interest thereon, together with any penalties and other charges accruing under the laws or ordinances of the city and not later than four years after the due date of the last installment of principal, as a cumulative remedy, the same when due and delinquent may by order of the legislative body be collected by suit brought in the superior court to foreclose the lien thereof. The costs shall be fixed and allowed by the court and shall include a reasonable attorneys' fee, interest, penalties and other charges and advances as herein provided, and when so fixed and allowed by the court shall be included in the judgment. The court shall have the power to adjudge and decree a lien against the lot or parcel of land covered by the reassessment for the amount of the judgment and to order said premises to be sold on execution as in other cases of the sale of real estate by the process of said court, with the same rights of redemption. On appeal, the appellate courts shall have the same power to adjudge and
decree a lien and order such premises to be sold on execution as is herein provided for the superior court. The foreclosure suit shall be governed and regulated by the provisions hereof, and also where not in conflict herewith by the codes of this State. The city shall have the right to advance and pay county or other taxes wherever necessary to protect its interest in property against which there is a delinquent reassessment. It may also at its discretion temporarily transfer moneys into the redemption fund from other funds in which such moneys are not immediately needed, the moneys so transferred to be used to pay sums due from such redemption fund and to be retransferred therefrom out of the first available receipts. Upon the ordering of any such foreclosure suit the tax collector shall be credited upon the assessment roll then in his hands with the amount charged against him on account of such reassessments ordered to suit and be relieved of further duty in regard thereto.

(c) Such action shall be brought in the name of the city and may be brought at any time prior to the expiration of four years subsequent to the date of delinquency of the last installment of reassessment due or to become due thereunder. The complaint may be brief and include substantially only the following allegations with reference to the reassessments sought to be collected: That on a date stated the legislative body passed its resolution or ordinance determining to refund certain bonds which had been issued for certain improvement work (the improvement work need not be described); that a reassessment for the purpose of refunding said bonds was duly given and made; that said reassessment was recorded on a stated date; that certain property (describing it) was therein reassessed a stated amount; that bonds upon the security of such reassessment were duly issued, giving the date of said bonds, the interest rate and the number of years the last installment of same were to run, and that the same were duly issued under this act, but it shall be unnecessary to state the amount, number, denomination or other term thereof; that on a date stated a certain sum came due on said property on said reassessment and had not been paid and that the legislative body had directed the action to foreclose. The amount of penalties, costs and interest due shall be calculated as hereinafter set forth in sections 13 and 15 hereof up to the date of judgment. In such action plaintiff upon recovering judgment shall be entitled to reasonable counsel fees to be allowed by the court and taxed as costs.

Sec. 12. Interest on all unpaid reassessments shall begin to run from the date of recordation of the reassessment and shall be computed at the same rate or rates as is specified in the bonds secured by such reassessments. Such interest shall be payable annually or semiannually according as the city taxes on real property with which the reassessments are collected are payable annually or semiannually. For each year the interest shall be computed and collected up to the next
second day of July succeeding, no deduction being made by reason of any installment of such reassessment being due or paid prior thereto in such year.

Whenever it shall appear to the legislative body that according to the dates when taxes are collected in the city there will be an insufficient amount on hand to pay the interest then due, according to the method of collection provided in this act, then said legislative body may direct that such interest or some portion of the same be collected in the year preceding that in which the same would otherwise be collected under this act, and thereupon such interest or portion thereof shall be extended on the rolls for such preceding year and be due and collected therein.

SEC. 13. A copy of the resolution of the legislative body confirming the reassessments upon the security of which the refunding bonds are issued, shall be filed in the office of the auditor of the city. The auditor shall keep a record in his office showing the several installments of principal and interest on said reassessments which are to be collected in each year during the term of said bonds. The auditor shall annually enter in his assessment roll on which taxes will next become due, opposite each lot or parcel of land affected in a space marked "public improvement assessment," or by other suitable designation, the several installments of such reassessment coming due during the fiscal year covered by such assessment roll, including in each case the interest due on such total unpaid reassessments as herein provided, and also including a percentage of one-fourth of one per cent of the amount of such installments and of such interest so entered. Such percentages when collected shall belong to the city and shall cover the expenses and compensation of the city treasurer incurred in the collection of such reassessments, and of the interest and penalties thereon. No other percentage shall be claimed for any such collections. In the event that such collections are made by the county officials the county auditor shall at the close of the tax collecting season promptly render to the city auditor a detailed report showing the amounts of such installments, interest, penalties and percentages so collected on each proceeding and from what property collected, and also giving a statement of the percentages retained for the expenses of making such collections. Taxpayers shall have the like right to pay such reassessment as so entered with interest, and any penalties thereon, under protest as they have to pay general municipal taxes under protest, but in making such payment under protest must accompany the payment with their written protest. In the event of the lot or parcel of land affected by any reassessment not being separately assessed on said roll so that the installment to be collected can be conveniently entered thereon, then said auditor shall enter on said roll a description of the lot or parcel affected, with the name of the owners if known, but otherwise described as "unknown owners," and extend the proper installment opposite same.
Sec. 14. Any interested owner may release and pay any such unpaid reassessment by depositing with the treasurer of the city the total unpaid balance of any such reassessment together with the total interest which would become due on such reassessment were it paid in the regular way; provided, that if and when such funds are used for the purchase or call of a bond the person paying such assessment shall be entitled to credit and reimbursement of his proportion of the interest saved by such purchase or call, less his proportion of any costs incurred for publishing or serving any notice of purchase or call for redemption.

Sec. 15. If the refunding bonds are payable in annual series such reassessments shall be payable in annual series corresponding in number to the number of series of bonds issued and an even annual proportion of each reassessment shall be payable in each year preceding the date of maturity of each of the several series of bonds so issued. If the refunding bonds all mature in one year, the unpaid reassessment shall be payable annually and an even annual proportion of each reassessment shall be payable each year preceding the July interest payment. Such annual proportion of each reassessment coming due in any year, together with the annual interest on such reassessment, shall in turn be payable in annual or semianual installments according as the general taxes of such city on real property are payable in annual or semianual installments, and such installments and said annual interest shall be payable and become delinquent at the same times and in the same proportionate amounts and bear the same proportionate penalties and interest after delinquency as do the general taxes on real property of said city. Upon default in payment, the lands securing such installments and reassessments shall be sold in the same manner in which real property in such city is sold, for the nonpayment of general taxes, and be subject to redemption within one year from date of sale in the same manner as such real property is redeemed from such delinquent sale, and upon failure of such redemption shall in like manner pass to the purchaser. The city must be the purchaser at any delinquent sale in like manner in which it becomes or may become the purchaser of property sold for nonpayment of the general property tax, and shall pay and transfer into said redemption fund the amount of the delinquent reassessment and of the delinquent interest thereon upon which said sale is made. In cases where the municipal property tax is collected by county officials and sales for nonpayment of such taxes are made to the State, the State shall be the purchaser at any such sale hereunder, but shall hold the title acquired at such sale upon behalf of the city and shall account to the city for any moneys received upon redemption or from the sale of such property, the city, for the purposes of this act, being deemed the real purchaser. In the event of there being no available funds in the treasury with which to make such payment, the tax col-
lector shall delay the entry of the certificate of sale until such funds are available, making demand in the meantime upon the legislative body that a suitable amount be included in the next tax levy for the purpose of providing funds with which to make such payment; provided, however, that the period of redemption from such tax sale shall not be extended thereby nor the rights or privileges of the property owner be thereby in anywise affected. In the event of such purchase being made by the city and of any succeeding installment of such reassessment or of such interest not being paid in any future year, the property shall not be sold unless there has previously been a redemption from such sale or unless under the law it is then being sold for delinquent taxes. The city shall nevertheless, unless a resale has been made by it, from time to time, when due pay and transfer into said redemption fund the amount of any such future delinquent reassessment and interest pending redemption, and no redemption shall be made until any such subsequent payments, with interest and penalties, shall also be paid. The purchaser, whether at tax collector’s sale or at resale by the city in the event of the city having become the purchaser, or at foreclosure sale by order of court, shall take the property subject to all unpaid installments, interest and penalties under the same proceeding.

Sec. 16. The legislative body may, and in the event of demand by the tax collector therefor as provided in section 15 hereof must, at the time of fixing the annual tax rate and levying the taxes to be collected for general municipal purposes, levy a special tax upon the taxable property in the city for the purpose of paying for the lands purchased or to be purchased at such tax sales, or for the purpose of paying installments of the reassessment or of interest which the city is required to pay under the provisions of section 15 hereof, but not to exceed for each district, the bonds of which are refunded, ten cents on each one hundred dollars of assessable property. Such special tax shall be in addition to all other taxes levied for municipal purposes and shall be computed, entered and collected in the same manner and by the same persons and at the same time and with the same penalties and interest as are other taxes of the city.

As to all lands of which any city is deemed the real purchaser under the provisions of this section, such city and all of the officials thereof shall have all of the rights, powers, duties and obligations granted, authorized or imposed by this act.

Sec. 17. In the event of sale by the tax collector of any lot or parcel of land for nonpayment of taxes and of any installment of the reassessment thereon, or of the penalties, interest or costs on same, or for nonpayment of any installment, penalties, interest or costs, then any certificate of such sale or any deed issued is primary evidence of the regularity of all proceedings theretofore had, and shall be conclusive evidence of all things of which bonds issued upon the security thereof
are conclusive evidence, and prima facie evidence of the regularity of all proceedings subsequent to the issuance of the bonds, and such deed conveys to the grantee the absolute title to the lands described therein, free of all encumbrances, except unpaid installments, interest, and penalties under the same proceeding and except taxes and public improvement assessments which by law are equal or prior to the reassessment on which sale is made.

Sec. 18. At any time within ninety days after the confirmation of the reassessment, any person interested in any of the bonds to be refunded or in any of the lands reassessed may bring an action in the superior court of the county in which the property assessed lies to determine the validity or invalidity of such reassessment and of any refunding bonds issued or to be issued thereon. Such action shall be in the nature of a proceeding in rem, and jurisdiction of all parties interested may be had by publication of summons for at least once a week for four weeks in some newspaper of general circulation published in the county where the action is pending, such paper to be designated by the court having jurisdiction of the proceedings. Said summons shall contain a description of the lands assessed sufficient to identify the same. Jurisdiction shall be complete within ten days after the full publication of such summons in the manner herein provided. Anyone interested may at any time before the expiration of said ten days appear and by proper proceedings contest the validity of such reassessment or uphold the same. Such action shall be speedily tried and judgment rendered declaring such matter so contested either valid or invalid. Either party shall have the right to appeal to the Supreme Court at any time within thirty days after the rendition of such judgment, which appeal must be heard and determined within three months from the time of taking such appeal. The motion for a new trial of any such proceeding must be heard and determined within ten days from the filing of the notice of intention. The court hearing said proceeding, in inquiring into the regularity, legality or correctness of such reassessment, must disregard any error, irregularity or omission which does not affect the substantial rights of the parties to said action or proceeding. The rules of pleading and practice provided by the Code of Civil Procedure which are not inconsistent with the provisions of this act are applicable to the proceeding herein provided for. The costs of the legal proceedings provided for in this section may be allowed and apportioned between the parties or taxed to the losing party in the discretion of the court. After said reassessment has been confirmed it shall not be contested in any way other than at the time and in the manner specified in this section, and in any such action all findings, conclusions and determinations of the legislative body which conducted the reassessment proceedings shall be conclusive in the absence of actual fraud.
If any reassessment or any refunding bond is held illegal or invalid in any action, suit or proceeding upon any ground which would apply to the entire reassessment or the entire issue of refunding bonds, then the unpaid bonds refunded remain in full force and effect, and if said unpaid bonds have been canceled the treasurer of the city which conducted the invalid refunding or reassessment proceedings shall issue new bonds of the same tenor, force and effect as such canceled unpaid bonds, and all of the provisions of the act under which the original bonds were issued shall apply to the said original bonds and to any bonds issued under this section to replace such original bonds. It is the intention of this act that the original bonds and the original assessments shall remain in full force and effect until superseded and supplanted by reassessments and refunding bonds validly and legally issued, upon which the city is validly subject to the liability imposed under sections 15 and 16 of this act.

No action, suit or proceeding to set aside, cancel, avoid, annul or correct any reassessment levied under this act, or to review any of the proceedings, acts or determinations made in the proceedings for said reassessment and the issuance of refunding bonds, or to question the validity of or enjoin the collection of said reassessment or any of the reassessments therein or to enjoin the issuance of any bonds to represent the same, shall be maintained by any person unless such action or actions shall have been commenced within ninety days after the date of confirmation of said reassessment, and thereafter all persons shall be barred from any such action, suit or proceeding and from any defense of the invalidity of said reassessment or any of the reassessments therein contained or any refunding bonds issued thereon.

In any action, suit or proceeding, brought after said ninety days has expired, to enforce any reassessment or any refunding bond, no person may urge, plead or prove the invalidity of any reassessment or any refunding bond; and in any action to foreclose the lien of a reassessment, any refunding bond shall be conclusive evidence of the regularity and validity of the reassessment proceedings and of the reassessment and of the refunding bond.

The validity of any refunding bonds issued under this act shall not be contested in any action, suit or proceeding unless such action, suit or proceeding shall have been brought within three months after the issuance of such bonds.

Sec. 19. This act shall in no wise affect any other act or acts now existing or which may hereafter be passed covering the same subject matter, or apply to any proceedings thereunder, but is intended to and does provide an alternative system for the refunding of bonds; and when in the discretion of any legislative body proceedings are commenced under this act, the provisions of this act only shall apply thereto.
No defect in the form of any reassessment levied hereunder and no statutory defect in any of the proceedings relating to the reassessment and refunding shall in any way invalidate any reassessment or any refunding bond and any and every action or determination made necessary by reason of constitutional requirements or otherwise, or any action or determination which is convenient in the making of the reassessment, or in the refunding and reassessment proceedings, which is not expressly set forth in this statute is hereby authorized and the same when made shall be valid and sufficient.

The incidental expenses of any refunding and reassessment herein authorized shall be paid by the city in which the district lies.

No bond, coupon, assessment or instalment thereof or of the interest or penalties thereon, and no certificate of sale or deed shall be held invalid for error in the computation of the proper amount due on same, provided the error be found to be comparatively negligible or be found to be in favor of the owner of real property affected thereby.

The term "city auditor" as used in this act shall be held to mean and include any person who, under whatever name or title, is charged with the duty of extending taxes upon the assessment rolls and lists. The term "tax collector" as used in this act shall be held to mean and include any person who, under whatever name or title, is charged with the duty of collecting taxes, advertising delinquent lists of unpaid taxes, selling lands thereunder and executing certificates of sale and deeds thereon.

Whenever the owners of a majority in area of the lands to be reassessed in any proceeding hereunder have consented to the refunding and reassessment any city is authorized to file a petition and take all proceedings required under any bankruptcy law or laws of the United States of America now or hereafter enacted, for the purpose of refunding or in the course of refunding any bonds which are authorized to be refunded under this act.

It is hereby declared that the refunding of bonds issued under the "Improvement Bond Act of 1915" is required by the emergency presented in this State. Many improvements for which said bonds were issued were made for the purpose of developing property for sale and were in advance of the actual needs of the community. The lack of a market for the real estate has made it impossible for the assessments to be paid when due and has resulted in a large accumulation of unpaid assessments, penalties and interest and of unpaid taxes, penalties and interest. The assessments and taxes are on a parity, and the amounts unpaid have become so great in many instances that the property owners are not able to meet the burden. The extension of maturities and the lessening of the immediate burden will encourage the payment of assessments and taxes and give the property owners an opportunity to meet their obligations and thereby will permit the
building up of the districts in which these improvements lie.
This act and all of its provisions shall be liberally construed,
to the end that the purposes hereof may be made effective.
If any section, subsection, clause or phrase of this act is for
any reason held to be unconstitutional, such decision shall
not affect the validity of the remaining portion of this act.
The Legislature hereby declares that it would have passed this
act irrespective of the fact that any one or more sections, sub-
sections, sentences, clauses or phrases thereof be declared
unconstitutional.

CHAPTER 729.

An act to amend the title and sections 1, 2, 3, 6, 9, 11, 12, 13,
15, 30, 31 and 32 and to add section 33 to an act entitled
"An act to provide for the refunding of the indebtedness
represented by bonds of special improvement districts
payable from special assessments levied wholly or partly
in accordance with the assessed value of lands, to provide
for the issue and sale or exchange of refunding bonds and
the retirement of unpaid bonds of such districts, to provide
for the levy of assessments and reassessments for the pay-
ment of such refunding bonds, to enforce the liens of such
assessments, reassessments, to provide for the proceedings
to test the validity of such refunding and reassessment,
and to provide for contributions of public funds to assist
in such refunding," approved June 5, 1933, relating to
the refunding of bonds payable from taxes or from special
assessments levied wholly or partly in accordance with the
assessed value of lands.

Approved by the Governor July 20, 1935  In effect September 15, 1937

The people of the State of California do enact as follows:

SECTION 1. The title of the act designated in the title
hereof is hereby amended to read as follows:

An act to provide for the refunding of the indebtedness
represented by bonds of special improvement districts payable
from taxes or from special assessments levied wholly or partly
in accordance with the assessed value of lands, to provide for
the issue and sale or exchange of refunding bonds and the
retirement of unpaid bonds of such districts, to provide for
the levy of assessments or reassessments for the payment of
such refunding bonds, to enforce the liens of such assessments
or reassessments, to provide for proceedings to test the validi-
ity of such refunding and reassessment, to provide for con-
tributions of public funds to assist in such refunding, and to
provide for the use of Federal bankruptcy courts therein.

SEC. 2. Section 1 of the act designated in the title hereof
is hereby amended to read as follows:
Section 1. All bonded indebtedness consisting of outstanding unpaid bonds and outstanding unpaid interest coupons of bonds issued by or for any special improvement district the bonds of which are payable from taxes or special assessments levied wholly or partly in accordance with the assessed value of lands may be funded or refunded under and pursuant to the provisions of this act. At least two of the interest coupons on the refunding bonds must be at a rate of interest less than the interest rate on the bonds to be refunded, and the rate of interest on the refunding bonds shall not exceed the rate of interest on the bonds to be refunded. The legislative body of the city or county or city and county which conducts the refunding proceedings may negotiate and contract with the holders of bonds for such refunding and to aid in such refunding may appropriate moneys from any available fund, except the general fund, of the city or county or city and county. Also, any county in which the district lies, whether the district be entirely or partly within a city or cities, or entirely or partially within unincorporated territory of the county, is hereby authorized to appropriate moneys from any available fund, except the general fund, to assist in such refunding. In refunding such indebtedness under this act, the total amount of the reassessments to be levied under this act plus contributions, if any, of public money to aid in such refunding shall be less than the total amount of the outstanding unpaid bonds and the outstanding due and unpaid interest coupons which are to be refunded.

Sec. 3. Section 2 of the act designated in the title hereof is hereby amended to read as follows:

Sec. 2. Whenever the legislative body of any city or county or city and county of this State determines by resolution that the public interest, convenience or necessity require the refunding of the indebtedness of any special improvement district which it is given jurisdiction to refund under the provisions of this act, said legislative body shall by resolution declare its intention to refund such bonds and shall determine the total maximum principal amount for which a reassessment shall be levied in the refunding proceedings, and shall determine the term of any refunding bonds to be issued to represent unpaid reassessments as herein provided and the rate or rates of interest of such bonds. The rate of interest during the entire term of such bonds need not be the same but different rates may be stated for one or more interest payments of such bonds. If such different rates of interest are proposed, each rate and the time during which such rate shall be paid shall be designated in such resolution. The amount of any proposed contribution of public funds to be made to assist in such refunding shall be stated in such resolution, but this shall not prevent said legislative body making additional contributions thereto at any time. In said resolution said legislative body shall state the total amount of the outstanding indebtedness to be refunded (which shall be deemed to be the
principal amount of outstanding unpaid bonds and the amount of due and unpaid interest coupons), the amount of the principal of bonds included therein, and the amount of due and unpaid interest coupons included therein, all as of the date said resolution is adopted. No error or mistake in the computation of the amount of unpaid principal or unpaid interest shall affect the validity of the refunding proceedings, and no error or mistake in any statement of the amount of such principal or interest in any notice, resolution or order in the course of the proceedings shall invalidate in any way the reassessment or the refunding bonds or the refunding proceedings; provided that the total sum of the reassessment levied in the refunding proceeding, plus any contribution or contributions of public funds made to aid in such refunding, shall not exceed the sum of the principal amount of the bonds to be refunded and the amount of the due and unpaid interest coupons to be refunded. Said resolution shall contain a statement that for any reassessment not paid within thirty days from the date of recordation thereof a bond will issue in the manner and form provided in this act (designating the act by title or other suitable reference).

Said resolution shall also contain a date, hour, and place for the hearing of objections to said refunding, and the date fixed for said hearing shall not be less than twenty (20) days nor more than sixty (60) days subsequent to the date of adoption of said resolution. Said resolution shall also contain a statement that the refunding shall not be authorized unless the written consent of the owners of a majority in area of the land in the district subject to assessment to pay the principal and interest of the outstanding bonds is filed with the clerk of the legislative body, and that any owner of land in said district may file his written consent to such refunding at any time prior to the adoption of the resolution ordering the refunding.

Sec. 4. Section 3 of the act designated in the title hereof is hereby amended to read as follows:

Sec. 3. The resolution shall be published once a week for at least two (2) weeks in a newspaper of general circulation in the city (if the refunding proceedings are conducted by the legislative body of a city) or in the county (if the refunding proceedings are conducted by the legislative body of a county). In the event no newspaper of general circulation is published in the city, then publication may be made in any newspaper of general circulation published in the county. Copies of such resolution headed "Notice of refunding and reassessment" shall also be posted upon all open streets within the district of lands proposed to be reassessed in the refunding proceedings. Such notices shall be not more than three hundred (300) feet in distance apart and not less than three (3) of such notices shall be posted. The heading upon such posted notices must be in letters at least one inch in height and such notices shall be posted on or before the date of the
first publication of said notice. A copy of the resolution as published shall be mailed, postage prepaid, by the clerk of the legislative body to each person to whom land in the assessment district is assessed as shown on the last equalized assessment roll of the county in which said district lies, at the address as shown on such roll, and to any person, whether owner in fee or having a lien upon or legal or equitable interest in any land within said district, whose name and address and a designation of the land in which he is interested is on file in the office of said clerk. No error, failure or mistake in the mailing or posting of such notices or any of them and no failure of any owner or person interested in any land within the district to receive such mailed notice shall in any way affect the validity of the proceedings hereunder and the clerk's affidavit of mailing shall be conclusive evidence that all notices have been mailed as required by this act. Affidavits of publication, posting and mailing shall be filed in the office of the clerk of the legislative body.

The date of the first publication of the resolution of intention, the date of the posting of copies of such resolution, and the date of mailing copies of such resolution (which dates need not be the same) shall be at least twenty (20) days prior to the date of hearing fixed in said resolution.

Any owner of land within the district subject to tax or assessment for payment of the principal and interest of the outstanding bond's may file his consent in writing to the refunding and reassessment upon the terms stated in said resolution. Such consent need not be in any particular form and no error or informality thereof shall in any manner vitiate the proceedings. Owners of land within the meaning of this section are those, and those only, who appear to be such upon the records in the office of the county recorder of the county in which the district is situated on the day that said consents are filed with the clerk of said legislative body. Executors, administrators, special administrators, and guardians may consent for any property of the estate represented by them. Any trustee of an express trust in land, other than as security for the payment of money, may consent for all or any part of the land held in such trust. A trustee in bankruptcy may consent for all or any part of the property of the bankrupt. Such executors, administrators, guardians and trustees are deemed owners of land within the meaning of this act. The written consent of the owners of a majority in area of the lands in the district subject to reassessment in the refunding proceedings shall be binding upon the owners of the minority in area of the lands in such district.

At any time not later than the hour set for hearing objections to the proposed refunding, any person interested and any owner of property which is subject to reassessment in the refunding proceeding may file his written objection against the proposed refunding with the clerk of the legislative body. Such objection must contain a description of the property in
which each signer thereof is interested, sufficient to identify the same, and shall set forth the nature of each signer's interest therein, and shall be delivered to the clerk of said legislative body at or before the time set for hearing, and no other protests or objections shall be considered. At the time and place fixed for the hearing of objections, or at any time to which the hearing thereof may be adjourned, the legislative body shall hear and consider all objections so filed. The hearing may be continued from time to time, by order of the legislative body to be entered upon its minutes. Any objection or protest to such refunding not made at the time and in the manner hereinbefore provided shall be deemed to be waived voluntarily by any person who might have made such protest or objection, and such person shall be deemed to have consented to the proposed refunding. The legislative body may sustain or deny any or all objections and protests and its determination thereon shall be entered upon the minutes and shall be final and conclusive. Said legislative body shall also at said hearing, as originally fixed or as adjourned, by resolution entered upon the minutes, determine whether the written consent of the owners of a majority in area of the lands in the district subject to reassessment has been filed or not, and if it determines that such consent has been filed it shall thereupon acquire jurisdiction to proceed further under this act. The validity, sufficiency, or genuineness of said consents, or any thereof, or the finding and determination of the legislative body thereon, shall not be contested in any action, suit or proceeding unless the same shall be commenced within three months after the determination of said legislative body has been made, and thereafter no person in any action, suit or proceeding may plead or prove that said consents or any thereof, or the finding or determination of the legislative body thereon, was in any way defective, invalid, or insufficient.

After the legislative body has determined that the written consent of the owners of such majority in area has been filed, it may by resolution entered upon the minutes order the refunding and reassessment.

Sec. 4a. Section 6 of the act designated in the title hereof is hereby amended to read as follows:

Sec. 6. The total amount for which said reassessment shall be levied shall not exceed the total principal amount of such reassessment as stated in the resolution of intention; but may be for a smaller amount. Said reassessment shall be made upon all such lots, pieces or parcels of land within the assessment district as are subject to tax or assessment to pay the principal and interest of the outstanding bonds to be refunded. The total amount to be reassessed shall be apportioned upon said lots, pieces and parcels of land in the manner hereinafter set forth, to wit: to the total principal amount of the reassessment proposed to be levied shall be added the total sum of all of the amounts (including such interest and penalties as go into such fund) paid into the interest and sinking fund of
such district on or prior to the date the resolution of intention in the refunding proceedings was adopted, upon taxes or assessments levied upon any lot, piece or parcel of land subject to reassessment in the refunding proceeding to raise funds to pay the principal and/or interest of the bonds of said district which are to be refunded. The total amount of the two sums shall be apportioned as an assessment upon all such lots, pieces or parcels of land within the assessment district as are subject to tax or assessment to pay the principal and interest of the bonds to be refunded. The person making the reassessment shall proceed to estimate upon the lots, pieces or parcels of land within the assessment district and, subject to reassessment under the terms of this act, the benefits arising from the acquisition or improvement, or acquisition and improvement, for which the bonds to be refunded were issued and to be received by each such lot, piece or parcel of land, and shall thereupon reassess upon and against the said lands the total amount of the two sums hereinbefore in this section mentioned and in so doing shall assess the said total amount upon the several lots, pieces or parcels of land in said assessment district subject to reassessment in the manner following, to wit:

Upon each lot, piece or parcel of land, respectively, in proportion to the estimated benefits received by each such lot, piece or parcel of land from the acquisition or improvement, or the acquisition and improvement, for which the bonds to be refunded were issued.

When said total amount has been assessed upon each of the lots, pieces or parcels of land to be reassessed there shall be deducted from the amount so assessed upon any lot, piece or parcel of land any sum (including interest and penalties, if any) paid into the interest and sinking fund of the district on or prior to the date of adoption of the resolution of intention in the refunding proceeding upon a tax or assessment levied upon any such lot, piece or parcel of land to pay the principal and interest of bonds of said district. In case any such lot, piece or parcel of land was a portion of a larger parcel of land for which a payment was made, the portion of such payment to be deducted from the amount assessed against such smaller lot, piece or parcel of land shall be that proportion of such payment which the amount assessed against said smaller lot, piece or parcel of land bears to the total amount assessed against all of the parcels which comprised said larger parcel of land. After all of the amounts of taxes and assessments, including any penalties and interest paid into the interest and sinking fund, have been deducted from the amount assessed to each such lot, piece or parcel of land, the amounts remaining assessed against each such lot, piece or parcel of land shall be deemed reassessments and shall comprise the total reassessment to be levied and shall in total amount be the sum stated in said resolution of intention or a smaller sum. If in any case the amount paid as ad valorem taxes or assessments upon any parcel of land should exceed the amount assessed as benefits
against said parcel, no refund shall be made to any property owner.

Sec. 5. Section 9 of the act designated in the title hereof is hereby amended to read as follows:

Sec. 9. When said reassessment has been filed with the clerk, the legislative body shall direct said clerk to give notice of the filing of said reassessment and of the time and place when and where all persons interested in any such reassessment will be heard by said legislative body. Said notice shall be in substantially the following form:

Stat 1933, p 1922

Sec. 6. Section 11 of the act designated in the title hereof is hereby amended to read as follows:

Sec. 11. Protest or objections to the said reassessment or to any of the reassessments upon the respective lots, pieces or parcels of land reassessed or to any action or determination in the making of said reassessment or in the proceedings for said reassessment and refunding, including objections to the amounts of the reassessments, or to the validity or legality of any of the proceedings for said reassessment and refunding must be made in writing and filed with the clerk of said legislative body at or before the time fixed for the hearing on said reassessment. Such protests or objections may be made by any person interested in the reassessment and refunding proceedings. It is the intent of this section that protests or objections upon any ground whatsoever not theretofore waived may be made as provided by this section. Such protests or objections need not be in any particular form, but if protest against or objection to the regularity or legality of the proceedings for the reassessment or refunding is made, such protest must clearly set forth the particular alleged irregularities or invalidities. Any objection or protest upon any ground whatsoever not made at the time and in the manner herein provided shall be deemed to be waived voluntarily by any person who might have made such a protest or objection, and the proceedings for the said reassessment and refunding may not thereafter be attacked upon any ground not stated in an objection or protest so filed, and any landowner or any person otherwise interested in any lands within the said district or in the reassessment and refunding proceedings shall be estopped to attack the said reassessment and refunding proceedings upon any ground not stated in a protest filed by him in accordance
with the provisions of this section. At the time fixed for the hearing any person interested may appear and be heard upon any of the matters set forth in his protest or objection. Protests and objections may be taken up in such order as the legislative body deems advisable and any evidence offered thereon by any property owner or person otherwise interested in the proceedings for said reassessment and refunding shall be heard by said legislative body. Said legislative body may also hear any evidence offered in support of the said reassessment and refunding proceedings. If, at the hearing, it appears that the owners of more than one-half of the area of the lands assessed in the refunding proceeding have filed protest or objection to the refunding as proposed, in its entirety, the legislative body shall, by resolution to be entered upon its minutes, so find, and shall abandon such refunding, and no resolution of intention for the refunding of the indebtedness of said district under this act may be adopted within a period of six months from the date of such abandonment. In order that such protests or objections operate as a bar they must specifically state that the objection is to the refunding in its entirety. The determination of said legislative body upon any of the matters presented in any of said protests or objections and upon all matters involved in said reassessment and refunding proceedings and upon the reassessment shall be final and conclusive. Said hearing may be adjourned from time to time by an order entered upon the minutes of the legislative body, provided that the hearing must be finally completed within sixty days from the date thereof stated in the published notice of hearing. At the said hearing said legislative body shall have power to revise, correct or modify the said reassessment in such manner as may be just and in accordance with the facts and so that the assessment may be apportioned according to benefits. Said reassessment may be confirmed as filed or as revised, corrected or modified. Confirmation of said reassessment shall be made by resolution of the legislative body entered upon its minutes and such resolution shall declare the findings of said legislative body. If no changes are made in any of the matters contained in said reassessment, it shall be sufficient in said resolution to declare that said reassessment is confirmed, but if any changes are made such changes shall be mentioned in said resolution of confirmation and said resolution shall declare that the said reassessment as revised, corrected or modified by the said changes is confirmed. Said legislative body shall also have power at said hearing to correct any of its previous actions, determinations, resolutions or orders and any of the proceedings for the reassessment and refunding. The findings and determinations of said legislative body upon all matters herein mentioned and upon all matters in connection with said reassessment and refunding proceedings shall be final and conclusive upon all persons and in all actions or proceedings as to all matters expressly found and determined and as to the regularity and sufficiency of the reassessment and
refunding proceedings, and said resolution confirming the said
reassessment shall be conclusive evidence that said reassessment
and all proceedings prior thereto are valid and sufficient.
No defect in the form of such reassessment and no omission,
failure or neglect of, or action or determination of any officer,
body or person in the reassessment and refunding proceedings
and no error in the amounts to be reassessed upon any of the
lots, pieces or parcels of land shall invalidate the said reassessment
or any of the reassessments therein contained, and each of
the reassessments in said reassessment shall become a lien upon
the property upon which the same is levied, notwithstanding
any error, defect or omission therein or in any of the proceed-
ings therefor and notwithstanding that the proceedings for the
making of said reassessment are not in full conformity with
the requirements of this statute, and any action or determina-
tion necessary or convenient in the making of said reassessment
or in the refunding and reassessment proceedings not
expressly set forth in this statute is hereby authorized and the
same when made shall be valid and sufficient.

Sec. 7. Section 12 of the act designated in the title hereof
is hereby amended to read as follows:

Sec. 12. If the refunding proceedings are conducted by
the legislative body of a city, said reassessment as confirmed
shall be recorded with the superintendent of streets of said
city. If the refunding proceedings are conducted by the leg-
dislative body of a county, said reassessment as confirmed shall
be recorded with the county surveyor of said county. The
reassessment shall not be recorded until the holders of all
outstanding bonds and coupons have contracted to exchange
such bonds and coupons in the refunding proceedings, or, if
all holders of outstanding bonds and coupons do not so con-
tract, the reassessment shall not be recorded until adequate
provision has been made as required in this act for the retire-
ment or payment of the bonds and coupons of nonconsenting
holders. When so recorded, the several amounts reassessed
upon the lots, pieces or parcels of land in said reassessment
shall be a lien thereon as of the date of such recordation.
Such lien shall continue until said reassessment and all inter-
est and penalties thereon are paid or until it is discharged of
record. The lien of said reassessment shall be superior to
and have priority over all special assessment liens created
against the same property subsequent to the date of such
recordation. Any foreclosure of said reassessment lien or sale
of property for said lien shall convey the said property to
the purchaser free and clear of all encumbrances except taxes,
and such special assessment liens, as at the date of the cre-
tion of said lien, are by law equal or superior to said reassess-
ment lien. From and after the date of the said recording
of said reassessment all persons shall be deemed to have notice
of the contents thereof. The amounts assessed in said reassess-
ment shall be payable to the said superintendent of streets
or county surveyor with whom said reassessment is recorded,
and said superintendent of streets or county surveyor is authorized to receive the amount due upon any reassessment and give a good and sufficient discharge therefor, provided a bond has not been issued to represent such reassessment. The officer with whom said reassessment is recorded shall give notice by publication for ten days in a daily newspaper of general circulation printed and published in the county in which the lands reassessed lie or by three successive insertions in a weekly newspaper of general circulation printed in such county that said reassessment has been recorded in his office and that all sums assessed therein became due and payable upon the recordation of said reassessment, stating the date of such recordation and that the payment of the said sums is to be made to him within thirty days after the date of such recordation. Said notice shall also contain a statement that for any reassessment not paid before the expiration of said thirty days, a bond will issue in the manner and form provided in this act and shall state the period over which said bond shall extend and the rate of interest which shall be payable thereon. Notice shall also be given by mailing a post card to the owner of each lot, piece or parcel of land reassessed according to the name and address appearing on the last equalized assessment roll for county taxes prior thereto or as known to the superintendent or surveyor; provided that a failure of the superintendent or surveyor to give such notice by mailing or of the person addressed to receive the same shall not affect the validity of the proceedings or the validity of the lien of any reassessment or of any bond issued thereon. Upon payment of any reassessment, the superintendent of streets or the county surveyor with which the said reassessment is recorded shall mark upon the said reassessment note of the said payment and shall cancel the said reassessment, and upon request, said superintendent of streets or county surveyor shall also give a receipt to the person paying the said reassessment. Any reassessment upon public property shall be paid by the officer or board having charge of the disbursement of the funds of the owner of such property, and said reassessment shall be an enforceable obligation against the owner of or the governing body controlling the said property. If for any reason there are no moneys available for the payment of said reassessment, then the board or officer whose duty it is to levy taxes for the said owner of said public property shall include in the next tax levy an amount, in addition to moneys for all other purposes, sufficient to pay said reassessment and the interest thereon from the date the reassessment is recorded at the rate to be stated in the refunding bonds, and when the moneys received from said tax levy are available, said reassessment and such interest thereon shall be paid by the officer or board having charge of the disbursement of the funds of the owner of such land. Any reassessment upon public property not in use in the performance of a public function may be foreclosed in the manner
provided in section 27 of the "Improvement Act of 1911" as amended; provided, however, that the notice to be given upon the tax bill need not be given or made and that such action may be brought at any time after thirty days after the recording of such reassessment, and in any such foreclosure action the said reassessment and diagram with proof of nonpayment shall be prima facie evidence of the right of plaintiff to recover in the action. Said action shall be brought in the name of the city or county legislative body of which levied said reassessment upon the request of any person entitled to any portion of the moneys to be derived from said reassessment. The person requesting that said foreclosure action be brought must advance the plaintiff's costs and expenses thereof and said action may be brought by any competent attorney appointed by the legislative body which levied said reassessment. In any case in which the reassessment is levied by the legislative body of a county, the same shall be foreclosed as hereinbefore provided, except that the various officers designated in said section 27 shall be the corresponding county officers as designated in the County Improvement Act of 1921 as amended. No refunding bond shall issue against public property, and the list of unpaid reassessments to be filed with the treasurer shall not include any unpaid reassessment upon public property.

SEC. 8. Section 13 of the act designated in the title hereof is hereby amended to read as follows:

Sec. 13. No action, suit or proceeding to set aside, cancel, avoid, annul or correct any reassessment hereunder or to review any of the proceedings, acts or determinations made in the proceedings for said reassessment and refunding or to question the validity of or enjoin the collection of said reassessment or any reassessment therein or to enjoin the issuance of any bond or bonds to represent the same shall be maintained by any person unless such action or actions shall have been commenced within ninety days after the date of confirmation of said reassessment, and thereafter all persons shall be barred from any such action, suit or proceeding or any defense of the invalidity of said reassessment or any of the reassessments therein contained or any bonds issued thereon.

In any action, suit, or proceeding brought after said ninety days has expired, to enforce any reassessment or bond issued to represent said reassessment no person may urge, plead or prove the invalidity of any reassessment or bond issued to represent said reassessment and in any action to foreclose a bond issued hereunder, said bond shall be conclusive evidence of the regularity and validity of the reassessment proceedings and reassessment, and the bond.

SEC. 9. Section 15 of the act designated in the title hereof is hereby amended to read as follows:

Sec. 15. The holders of all of the outstanding bonds agree to refund their bonds as proposed in the refunding proceeding, then all refunding bonds, all moneys collected on the reassess-
ments levied in the refunding proceeding, and all public contributions (if any) shall be paid and delivered to the holders of the outstanding bonds, in such amounts and proportions as may be fixed by contract with such bondholders. Any contract with the holder of any bond may provide such terms and conditions of exchange as may be agreed upon by the holder and the legislative body, and may contain such terms and conditions relating to time of performance, conditions precedent thereto, and the method and mode of performance, as may be agreed upon by said parties. Whenever the refunding bonds and moneys, if any, are delivered to said bondholders, said bondholders must concurrently deliver to the legislative body or its representative the outstanding unpaid bonds which are refunded and all outstanding unpaid interest coupons, constituting the entire indebtedness of said district, and the same shall forthwith be canceled.

In the event that the holders of one or more of the outstanding bonds do not enter any contract with the legislative body to refund the same, nevertheless if the holders of seventy-five per cent or more of the outstanding bonds do contract with the legislative body which conducts the refunding proceedings for the refunding of the bonds owned or held by them, said legislative body shall have authority to refund all of the bonds of said district under the provisions of this act, but in such event, prior to recording the reassessment levied under this act, sufficient moneys to adequately provide for the retirement or payment of the bonds of the nonconsenting holders must be provided and set aside in the proper fund for that purpose. Any city or county or city and county which is authorized under this act to appropriate moneys to aid in refunding the bonds of the district, may make an advancement or contribution or an additional contribution in order to provide moneys to pay or retire bonds of such nonconsenting holders. Whenever any city or county or city and county or any person or corporation advances moneys to provide for the payment or retirement of the bonds of nonconsenting holders, the legislative body may deliver at par all or any portion of the refunding bonds which are not to be delivered to consenting bondholders to the person, corporation, city, county or city and county making such advance or advances, or sell at par all or any part of such refunding bonds not to be delivered to consenting bondholders, and from the proceeds thereof reimburse such person, corporation, city, county or city and county entirely or partially, and may contract to make such sale or delivery. If the legislative body makes all or any part of such advancement it may reimburse the city, county or city and county of which it is the legislative body, entirely or partially by taking all or any part of such refunding bonds at par. Any cash collected on reassessments and not required to pay consenting bondholders may also be used to reimburse in whole or in part any person, corporation, city, county or city and county making such advance or advances, and the legisla-
tive body may contract to so apply such cash. Any other
method of raising funds or the payment or retirement of the
bonds of nonconsenting bondholders which will prior to the
time the reassessment is recorded under this act adequately
provide the moneys necessary for such payment or retirement
is hereby authorized. Wherever any moneys are placed in
any fund for the retirement or payment of the bonds of non-
consenting holders the said moneys shall be used only for that
purpose and after all of the bonds of said nonconsenting
holders have been paid or retired any sum remaining in said
fund shall be returned to the city or county or city and county
which advanced the same.

If the contract with the bondholders so provides, said legis-
lative body may sell all of the refunding bonds for cash and
pay said bondholders in cash at a price to be fixed in said
contract.

In the event that the discharge of the bonds of any non-
consenting holders at less than the par value thereof has
been authorized by any said decree or order confirming a plan
of readjustment under any bankruptcy law of the United
States of America in any proceedings initiated under the
authority of this act, said legislative body is authorized to
do and perform all acts and things necessary for the discharge
of such bonds in accordance with said decree or order.

Wherever the word "bond" or "bonds" is used herein-
before in this section in referring to the outstanding bonds the
word shall be deemed to include and shall be construed to
mean also any outstanding unpaid interest coupon or coupons
of any bond or bonds of the district, and the word "bond-
holder" or "bondholders" as used hereinbefore in this section
shall be deemed to include and shall be construed as meaning
also any holder or holders of outstanding unpaid interest
coupons of bonds of the district.

After the date of the adoption of the resolution of intention
in the refunding proceeding all sums paid for any parcel of
land into the interest and sinking fund for the payment of
principal and interest of the bonds to be refunded shall be
credited upon the reassessment levied in the refunding pro-
ceeding upon such parcel and shall be applied as moneys paid
upon such reassessment.

Upon the recordation of the reassessment in the refunding
proceeding all unpaid taxes or special assessment taxes levied
to pay principal and interest of the bonds refunded and all
penalties and interest thereon shall be deemed canceled and
annulled, and the clerk of the legislative body which con ducted
such refunding proceedings shall notify the proper city of
ficials or the proper county officials, or both, as the case may be,
that the bonds of said district have been refunded and that
said taxes or said special assessment taxes, penalties and interest
are canceled and annulled and such officials shall thereupon
proceed to make the necessary entries showing the cancel-
tation thereof.
Sec. 10. Section 30 of the act designated in the title hereof is hereby amended to read as follows:

Sec. 30. At any time within ninety days after the confirmation of the reassessment, any person interested in any of the bonds to be refunded or in any of the lands reassessed may bring an action in the superior court of the county the legislative body of which conducted the refunding proceedings, or the county in which the city the legislative body of which conducted the refunding proceedings lies, to determine the validity or invalidity of such reassessment. Such action shall be in the nature of a proceeding in rem and jurisdiction of all parties interested may be had by publication of summons for at least once a week for four weeks in some newspaper of general circulation published in the county where the action is pending, such paper to be designated by the court having jurisdiction of the proceedings. Said summons shall contain a general description of the boundaries of the district of the lands upon which said reassessment is or is to be levied. Jurisdiction shall be complete within ten days after the full publication of such summons in the manner herein provided. Anyone interested may at any time before the expiration of said ten days appear and by proper proceedings contest the validity of such reassessment or uphold the same. Such action shall be speedily tried and judgment rendered declaring such matter so contested either valid or invalid. Either party shall have the right to appeal to the Supreme Court at any time within thirty days after the rendition of such judgment, which appeal must be heard and determined within three months from the time of taking such appeal. The motion for a new trial of any such proceeding must be heard and determined within ten days from the filing of the notice of intention.

The court hearing the said proceeding, in inquiring into the regularity, legality or correctness of such reassessment, must disregard any error, irregularity or omission which does not affect the substantial rights of the parties to said action or proceeding. The rules of pleading and practice provided by the Code of Civil Procedure which are not inconsistent with the provisions of this act are applicable to the proceeding herein provided for. The costs of the legal proceedings provided for in this section may be allowed and apportioned between the parties or taxed to the losing party in the discretion of the court. After said reassessment has been confirmed, it shall not be contested in any way other than at the time and in the manner specified in this section, and in any such action all findings, conclusions and determinations of the legislative body which conducted the reassessment proceedings shall be conclusive in the absence of actual fraud.

If any reassessment or any refunding bond is held illegal or invalid in any action, suit or proceeding upon any ground which would apply to the entire reassessment or the entire issue of refunding bonds, then the unpaid bonds refunded, remain in full force and effect, and if said unpaid bonds have
been canceled the treasurer of the city or county which conducted the invalid refunding or reassessment proceeding shall issue new bonds of the same tenor, force and effect as such canceled unpaid bonds, and all of the provisions of the act under which the original bonds were issued (notwithstanding that said act may have been repealed in whole or in part subsequent to the issuance of such bonds) relative to the payment of the bonds issued thereunder and the levy, collection and enforcement of taxes or special assessment taxes therefor shall apply to such unpaid bonds and to any bonds issued to replace such unpaid bonds. Until all unpaid bonds which might be refunded hereunder have been fully paid or funds set aside for their payment in full or have been legally refunded, it shall be and remain the duty of the legislative body empowered and directed to levy taxes or the special assessment taxes for the payment of such bonds to proceed under the provisions of the act under which said bonds were issued to levy the said taxes or special assessment taxes provided in said act in accordance with the provisions of said act. The validity of any refunding bonds issued under this act shall not be contested in any action, suit or proceeding unless such action, suit or proceeding shall have been brought within three months after the issuance of such bonds.

SEC. 11. Section 31 of the act designated in the title hereof is hereby amended to read as follows:

Sec. 31. Wherever all or any part of the lands in any district, the bonds of which are proposed to be refunded, lie in another district which has outstanding bonds payable by taxes or assessments levied wholly or partly in accordance with the assessed value of the lands therein, one reassessment may be levied and one issue of refunding bonds issued under the provisions of this act to refund the indebtedness of all of said districts. It is the intent of this section to permit but not to require the refunding in one proceeding of the indebtedness of all districts which wholly or partially overlap. Such refunding shall be had and the reassessment shall be levied under the provisions of this act as in this section modified. Said districts need not be formed under the same act, but if formed under any act under which taxes or assessments are levied wholly or partly in accordance with the assessed value of the lands, may refund their indebtedness in one reassessment proceeding hereunder. The total amount of the reassessment shall be fixed by the legislative body. If the owners of a majority in area of the lands included within the exterior boundaries of the area which comprises the said several districts the bonds of which are to be refunded shall in writing agree to such refunding as provided in this act, then the legislative body shall be authorized to proceed with such refunding and to make a reassessment therefor as in this act provided. The reassessment shall be spread over all lands subject to tax or assessment for the bonds refunded in the area comprising all of the districts. To the total sum of the
reassessment shall be added the total sum of all taxes upon land and all assessments including interest and penalties paid into the interest and sinking fund of any of the districts for the payment of principal and/or interest of any bonds of the same issue as the bonds to be refunded. The total amount thus ascertained shall be assessed against all of the lands in the area comprised by the districts in accordance with the benefits derived from the acquisitions or improvements or acquisitions and improvements to pay for which the said bonds to be refunded were issued. From the assessment thus made upon each lot, piece or parcel of land shall be deducted the amounts of such taxes upon land and all assessments including interest and penalties, if any, levied upon such lot, piece or parcel of land to pay principal and/or interest of any bonds of the same issue as the bonds refunded as have been paid into the interest and sinking fund of any of said districts. The amounts remaining after such deductions have been made shall be and constitute the reassessments and the total amount of such reassessments shall be the total sum of the reassessment stated in the landowner’s assent, or a smaller sum.

Sec. 12. Section 32 of the act designated in the title hereof is hereby amended to read as follows:

Sec. 32. Special improvement district bonded indebtedness which is payable from taxes levied upon all property or upon all taxable property in the improvement district may be refunded under this act. The proceeding for refunding such indebtedness shall be the same as for refunding other indebtedness under this act and in making the reassessment hereunder, to the total sum of the proposed reassessment shall be added the total sum of all of the amounts (including such penalties and interest as go into such fund) paid into the interest and sinking fund of the district or prior to the date the resolution of intention in the refunding proceeding is adopted upon taxes levied upon any lot, piece or parcel of land subject to reassessment in the refunding proceeding to raise funds to pay principal or interest of the bonds to be refunded, and the total of the two sums shall be apportioned upon the lands subject to reassessment according to benefits as hereinbefore provided in this act and from the amounts so apportioned to any lot, piece or parcel of land shall be deducted any sum paid into the interest and sinking fund of the district on or prior to the date said resolution of intention is adopted upon any tax levied upon such lot, piece or parcel of land to pay principal or interest of the bonds to be refunded.

Sec. 13. A new section is hereby added to said act to be numbered section 33 and to read as follows:

Sec. 33. The word “improvement” where used in the phrase “special improvement district” in this act shall mean any public improvement of any nature whatsoever, including any acquisition of lands, rights of way or easements for public use, any acquisition or construction of buildings, structures or
public works of any kind or nature, or a combination of any or all of the foregoing, and the word shall be given its broadest and most liberal construction as including all acquisitions of land and all acquisition and construction of public works authorized under any law of the State of California, including particularly the Acquisition and Improvement Act of 1925, the Road District Improvement Act of 1907 and the municipal improvement district acts of 1915 and 1927.

This act shall be known as and whenever mentioned, cited, referred to or amended may be designated as the "Assessment Bond Refunding Act of 1933" and by such designation shall be sufficiently identified in any proceeding hereunder or in any court action or proceeding, and whenever under the procedure set forth in this act the title of the act is to be stated in any resolution, notice or order, it shall be sufficient to designate the act as provided in this paragraph.

The legislative body which conducts the refunding proceedings is authorized to pay any incidental expenses of such proceedings from any available funds of the city or county, or city and county, but no such incidental expenses of such proceedings shall be assessed upon lands in the district.

This act shall in no wise affect any other act or acts now existing or which may hereafter be passed covering the same subject matter, or apply to any proceedings thereunder, but is intended to and does provide an alternative system for the refunding of bonds, and, when in the discretion of any legislative body proceedings are commenced under this act the provisions of this act only shall apply thereto.

Whenever the requisite number of property owners in any district or districts have filed their written consent to the refunding of the indebtedness of such district any city or county, or city and county, is authorized to file a petition and take all proceedings required under any bankruptcy law or laws of the United States of America, now or hereafter enacted, for any district, the bonds of which are authorized to be refunded under this act, or to bring any action, suit or proceeding authorized under the equity powers of any court for the purpose of refunding the bonds of such district.

No bond, coupon, reassessment or installment thereof or of the interest or penalties thereon, and no certificate of sale or deed shall be held invalid for error in the computation of the proper amount due on same, provided the error be found to be comparatively negligible or be found to be in favor of the owner of real property affected thereby.

The bonded indebtedness of special assessment districts payable from ad valorem assessments is so great in many instances that the refinancing of such indebtedness is one of the most important problems of this State. In many of such districts both general taxes and special assessments are delinquent and have been delinquent for several years. The property can not be sold for a sufficient sum to pay the delinquent taxes in view
of the large amounts of delinquent special assessments thereon, which are on a parity with the general taxes.

The accumulation of delinquent assessments, penalties and interest, and delinquent taxes, penalties and interest, has discouraged the owners of property in such districts and such property has become almost entirely unproductive of revenue for school, city and county purposes. The immediate refinancing of the obligations of these districts and the restoration of the property to the tax rolls so that it may bear its just burden of city, county and school taxes and so that property owners may be given relief is declared to be the policy of this State.

This act and all of its provisions shall be liberally construed to the end that the purposes hereof may be made effective. If any section, subsection, sentence, clause or phrase of this act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portion of this act. The Legislature hereby declares that it would have passed this act irrespective of the fact that any one or more sections, subsections, sentences, clauses or phrases thereof be declared unconstitutional.

CHAPTER 730.

An act to amend an act entitled "An act authorizing the common council, board of trustees, or other governing body of any incorporated city or town other than cities of the first class to refund indebtedness thereof, or of any department, board or agency thereof, and to issue bonds therefor and to provide for the payment of the same," approved March 9, 1897, by amending sections 1, 2, and 3 thereof relating to refunding bonds and to the use of Federal courts in municipal bankruptcy or refunding proceedings.

[Approved by the Governor July 20, 1935. In effect September 15, 1935.]

The people of the State of California do enact as follows:

Section 1. Section 1 of the act designated in the title hereof is hereby amended to read as follows:

Section 1. The common council, board of trustees, or other governing body of any incorporated city or town other than cities of the first class in this State,

(a) having an outstanding indebtedness evidenced by bonds, warrants, notes or other evidences of indebtedness, or by judgment or judgments, or

(b) of which any department, board or special fund shall have an outstanding indebtedness evidenced by bonds, warrants, notes or other evidences of indebtedness, which indebtedness of such department, board or special fund shall have been created for a purpose or purposes for which bonds of said city or town could have been authorized and issued pur-
suant to law, is empowered, by a two-thirds vote of its number, to fund or refund the said indebtedness at, after or before maturity and to issue bonds of such city or town therefor in denominations of not less than one hundred dollars nor more than one thousand dollars each, and having not more than forty years to run, and bearing a rate of interest not exceeding six per centum (6%) per annum, payable semiannually; provided, that the rate of interest during the entire term of said bonds need not be the same but different rates may be fixed for one or more interest payments thereon. Such bonds shall be of the character known as "serial," not less than one-fortieth of the principal being payable each year, together with the interest due on all sums unpaid; provided, however, that the governing body may in its discretion fix a date for the earliest maturity of the principal of such bonds not more than three years from the date of the issue thereof. Such bonds shall be payable in such money and at such place or places as permitted by section 13½ of Article XI of the Constitution of the State of California. Said bonds may be sold in the manner provided by such city council or other governing body, to the highest bidder therefor, at such price that the interest rate paid by the city, computed on the sale price, will not exceed six per centum (6%) per annum, or may be exchanged for the outstanding evidences of indebtedness as hereinafter provided. The proceeds of any such sale for cash shall be placed in the treasury of such city or town to the credit of the "funding fund," and shall be applied only to refunding the indebtedness for which said bonds are issued; provided, however, that any proceeds of such refunding bonds remaining after such indebtedness has been paid shall be deposited in the fund established for the payment of principal and interest on said refunding bonds and shall be used only for the purpose of paying such principal or interest as the same shall mature.

For the payment of the refunding bonds issued hereunder the legislative body of the municipality shall at the time of fixing the general tax levy and in the manner for such general tax levy provided, levy and collect annually, each year until said bonds are paid, or until there shall be a sum in the treasury of said municipality set apart for that purpose to meet all sums coming due for principal and interest on such bonds, a tax sufficient to pay the annual interest on such bonds and also such part of the principal thereof as shall become due before the time the proceeds of the next general tax levy will be available for payment thereof; provided, however, that if the maturity of the indebtedness created by the issue of refunding bonds be made to begin more than one year after the date of the issuance of such bonds, such tax shall be levied and collected at the time and in the manner aforesaid annually each year sufficient to pay the interest on such indebtedness as it falls due and also to constitute a sinking fund for the payment of the principal thereof on or before maturity. The taxes herein required to be levied and col-
lected shall be in addition to all other taxes for municipal purposes and shall be collected at the time and in the same manner as other municipal taxes are collected and be used for no other purpose than the payment of said bonds and accrued interest thereof.

Where such indebtedness is evidenced by warrants or by judgment or judgments obtained for indebtedness or liability incurred by any such incorporated city or town exceeding the income and revenue provided for the year in which such indebtedness or liability was incurred, within the meaning of section 18 of Article XI of the Constitution, or where such indebtedness is the indebtedness of any such department, board or special fund, and has been incurred without the submission to the qualified electors of said city or town of the proposition of incurring such indebtedness, and without the assent of two-thirds of the qualified electors voting at an election held for that purpose, bonds to fund or refund the same shall not be issued unless authorized by the assent of such number of the qualified electors of such incorporated city or town voting at an election to be called and held for that purpose, as may be required by the Constitution of this State. The election shall be called and held in the manner provided for in an act entitled "An act authorizing the incurring of indebtedness by cities, towns and municipal corporations for municipal improvements, and regulating the acquisition, construction, or completion thereof," in effect February 25, 1901, and amendments thereto, and the ordinance calling the election shall recite the object and purposes for which such bonded indebtedness is proposed to be incurred. Whenever it is proposed to refund any outstanding bonded indebtedness of any city or town upon such terms as would permit any number of the refunding bonds to mature more than forty years from the time the original indebtedness was incurred, the proposition of refunding such indebtedness must be submitted to the qualified electors of such city or town at an election held for that purpose and the assent of two-thirds of the qualified electors voting at such election shall be necessary to authorize the issuance of the refunding bonds. Such election shall be called and held in the manner hereinbefore provided for other elections under this act. The proceeds arising from the sale of such bonds shall be applied by the treasurer to the satisfaction of such judgment or judgments, or to the refunding of the indebtedness for which said bonds were issued, or such bonds may be exchanged at the par value thereof, for evidences of indebtedness at the par value thereof, to be refunded thereby, or if such bonds are issued in whole or in part to refund before maturity an indebtedness evidenced by bonds, notes or other evidences of indebtedness, which according to their terms are subject to call or payment before maturity at a price in excess of par, then such bonds may be exchanged at not less than the par value thereof for such bonds, notes or other evidences so subject to call or pay-
ment before maturity, at the price specified therein for such payment before maturity, and in any event subject to adjustment of accrued interest to the date of exchange.

Any city or town authorized to refund its indebtedness under the provisions of this act is authorized to file a petition under any bankruptcy law of the United States now or hereafter enacted, and, if in such bankruptcy proceeding the refunding of the city or town indebtedness is authorized, to proceed under the provisions of this act to refund the indebtedness of such city or town.

Sec. 2. Section 2 of said act is hereby amended to read as follows:

Sec. 2. Whenever sufficient money is in the funding fund, in the hands of the treasurer, to redeem one or more of any outstanding past due bonds, warrants, judgments, notes or other evidences of indebtedness or to redeem one or more of the outstanding bonds, warrants, notes or other evidences of indebtedness which are subject to call or payment before maturity, proposed to be funded or refunded, he shall publish once a week for two weeks in some newspaper of general circulation published in such city or town, if there be any, a notice to the effect that he is prepared to pay such bond or bonds, warrant or warrants, judgment or judgments, note or notes or other evidence or evidences of indebtedness (giving the number or numbers, if any, thereof), and if the same are not presented for redemption within thirty days after the first publication of such notice, the interest on such bonds, warrants, judgments, notes or other evidences of indebtedness will cease. He shall, at the same time, deposit in the post office a copy of such notice, inclosed in a sealed envelope, with the postage prepaid thereon, addressed to the registered owner or owners of any such bond, warrant, judgment, note or other evidence of indebtedness, as may have been registered pursuant to provisions therein contained, or to any provision of law, whose address appears upon any record thereof kept in the treasurer's office. If such bond or bonds, warrant or warrants, judgment or judgments, note or notes or other evidence or evidences of indebtedness are not presented within the time specified in such notice, the interest thereon shall then cease and the amount due be set aside for the payment of the same whenever presented. Provided, however, that if any bonds are authorized for the purpose of funding or refunding before maturity any obligations which by their terms are subject to call and payment before maturity, and which specify the manner in which the same shall be so called and paid, then, in lieu of following the provisions of this section, such call and payment of such obligations shall be in accordance with such provisions thereof.

Whenever any outstanding bonds, warrants, judgments, notes or other evidences of indebtedness are surrendered and paid, the treasurer shall proceed to cancel the same by indorsing on the face thereof the amount for which they are received,
the word "canceled" and the date of cancellation. He shall also keep a record of such bonds, warrants, judgments, notes or other evidences of indebtedness, so redeemed, and shall make a report of the same to the council or other governing body of such city or town, or if any of such obligations were issued by, or on account of, or against, any department, board or special fund, then he shall make such report to the department, board, commission or officer by which or by whom the same may have been issued, or against which or whom the same may have been rendered, at least once a month, accompanying the same with the bonds, warrants, judgments or other evidences of indebtedness, which have been taken up and canceled.

Sec. 3 Section 3 of said act is hereby amended to read as follows:

Sec. 3. All moneys which remain in said funding fund after all outstanding bonds, warrants, judgments, notes or other evidences of indebtedness, which were proposed to be refunded have been taken up and canceled, shall be deposited in the fund established for the payment of principal and interest on said refunding bonds and shall be used only for the purpose of paying such principal or interest as the same shall mature.

CHAPTER 731.

An act to provide for the refunding of bonds issued under an act entitled "An act to provide for the formation of districts within municipalities for the acquisition or construction of public improvements, works and public utilities; for the issuance, sale and payment of bonds of such districts to meet the cost of such improvements, and for the acquisition or construction of such improvements," approved April 20, 1915, and bonds issued under the Municipal Improvement District Act of 1927, and providing procedure therefor.

[Approved by the Governor July 20, 1935. In effect September 15, 1935.]

The people of the State of California do enact as follows:

SECTION 1. The legislative body of any municipality in this State may refund any bonds issued under an act entitled "An act to provide for the formation of districts within municipalities for the acquisition or construction of public improvements, works and public utilities; for the issuance, sale and payment of bonds of such districts to meet the cost of such improvements, and for the acquisition or construction of such improvements," approved April 20, 1915, or issued under the Municipal Improvement District Act of 1927, under the procedure herein set forth.
SEC. 2. Whenever the legislative body determines to refund any indebtedness of any district formed under the provisions of either one of the acts mentioned in section 1 hereof it shall by ordinance call an election to be held within the district and shall provide for the submission to the qualified voters of said district of the proposition of issuing bonds of said district to refund all or any portion of the outstanding bonds of such district. Such ordinance shall recite the amount of the principal of the bonds to be refunded, the amount of the principal of the proposed refunding bonds; the proposed maturities of such bonds, (which shall not exceed forty years from the date of issuance of such bonds) and the rate or rates of interest to be paid thereon. Said election shall be called and held in accordance with the provisions of an act entitled “An act authorizing the incurring of indebtedness by cities, towns and municipal corporations for municipal improvements, and regulating the acquisition, construction, or completion thereof” which became a law February 25, 1901, except as otherwise expressly provided in this act. If two-thirds of the qualified electors in such district voting at such election vote in favor of the refunding bonds, the legislative body shall be authorized and empowered to issue refunding bonds of such district payable out of the funds of such district to be provided as in this act prescribed, and to fix, by resolution or ordinance, the form, denominations, signatures, date of issuance, and dates of maturities of said bonds, and to pass all resolutions or ordinances and do all acts necessary or convenient to carry out any refunding under this act.

SEC. 3. The legislative body may issue the refunding bonds of such district; and exchange the same for the outstanding bonds thereof upon such terms and conditions as may be agreed upon between the legislative body and the holder or holders of said outstanding bonds; provided, however, that the principal amount of refunding bonds must not exceed the principal amount of the outstanding bonds exchanged therefor.

SEC. 4. In the event the bonds to be refunded are issued under said act approved in 1915, the legislative body of such city shall, at the time of fixing the general tax levy, and in the manner for such general tax levy provided, levy and collect a tax each year upon the taxable property in such district sufficient to pay the interest on such refunding bonds for that year, and such portion of the principal thereof as is to become due before the time for making the next general tax levy; provided, however, that if the maturity of the indebtedness created by the issue of such refunding bonds be made to begin more than one year after the date of such issue, such tax shall be levied and collected, at the time and in the manner aforesaid, each year sufficient to pay the interest on such indebtedness as it falls due, and also to constitute a sinking fund for the payment of the principal thereof on or before maturity. Such tax shall be in addition to all other taxes levied for municipal purposes and when collected shall be
paid into the treasury of such city and be used for the payment of the principal and interest on such refunding bonds, and for no other purpose. The principal and interest on such refunding bonds shall be paid by the treasurer of such city in the manner provided by law for the payment of principal and interest on bonds of such city. In the event that the bonds refunded were issued under the Municipal Improvement District Act of 1927 the tax shall be levied and collected as hereinbefore provided but shall be levied only upon the taxable land in such district.

Sec. 5. This act shall in no wise affect any other acts or acts now existing or which may hereafter be passed covering the same subject matter or applied to any proceedings thereunder, but is intended to and does provide an alternative system for the refunding of bonds, and, when at the discretion of any legislative body proceedings are commenced under this act the provisions of this act only shall apply thereto.

It is the intent of this act to provide relief for taxing and assessment districts by permitting the refunding of bonds thereof and, through an extension of the maturities of such bonds, to decrease the annual tax or assessment burden.

This act and all of its provisions shall be liberally construed to the end that the purposes hereof may be made effective. If any section, subsection, sentence, clause or phrase of this act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portion of this act. The Legislature hereby declares that it would have passed this act irrespective of the fact that any one or more sections, subsections, sentences, clauses or phrases thereof be declared unconstitutional.

CHAPTER 732.

An act to provide for the refunding of the bonded indebtedness of special improvement districts, the bonds of which are payable from taxes or from special assessments levied wholly or partly in accordance with the assessed value of lands and for the issue and sale or exchange of refunding bonds and the retirement of unpaid bonds of such districts and the cancellation of unpaid taxes and assessments of such districts, and for the levy of assessments and reassessments to pay such refunding bonds and to enforce the liens of such assessments and reassessments, and to provide for contributions of public funds to assist in such refunding or the payment of refunding bonds, and for proceedings to test the validity of such refunding and assessment or reassessment proceedings and the use of the
bankrupt laws of the United States of America in any refunding.

[Approved by the Governor July 20, 1935  In effect September 15, 1935 ]

The people of the State of California do enact as follows:

SECTION 1. Any bonded indebtedness consisting of outstanding unpaid bonds and outstanding unpaid interest coupons of bonds issued by or for any special improvement district the bonds of which are payable from special taxes or special assessments levied wholly or partly in accordance with the assessed value of lands may be funded or refunded under and pursuant to the provisions of this act. At least two of the interest coupons on the refunding bonds must be at a rate of interest less than the interest rate on the bonds to be refunded, and the rate of interest on the refunding bonds shall not exceed the rate of interest on the bonds to be refunded. The legislative body of the city or county or city and county which conducts the refunding proceedings may negotiate and contract with the holders of bonds for such refunding and to aid in such refunding may appropriate moneys from the general fund or from any available fund of the city or county or city and county. Also, any county in which the district lies, whether the district be entirely or partly within a city or cities, or entirely or partially within unincorporated territory of the county, is hereby authorized to appropriate moneys from its general fund, road fund or any available fund to assist in such refunding.

In refunding such indebtedness under this act, the total amount of the assessments to be levied under this act plus contributions, if any, of public money to aid in such refunding shall be less than the total amount of unpaid bonds and due and unpaid interest coupons to be refunded.

Scc. 2. Whenever the legislative body of any city or county or city and county of this State determines by resolution that the public interest, convenience or necessity require the refunding of the bonds of any special improvement district which it is given jurisdiction to refund under the provisions of this act, said legislative body shall by resolution declare its intention to refund such bonds and shall determine the total maximum principal amount for which an assessment shall be levied in the refunding proceedings and shall determine the term of any refunding bonds to be issued to represent unpaid assessments as herein provided and the rate of interest of such bonds. The rate of interest during the entire term of such bonds need not be the same but different rates may be stated for one or more interest payments of such bonds. If such different rates of interest are proposed, each rate and the time during which such rate shall be paid shall be designated in such resolution. The amount of any proposed contribution of public funds to be made to assist in such
refunding shall be stated in such resolution, but this shall not prevent said legislative body making additional contributions thereto at any time. In said resolution said legislative body shall state the total amount of the outstanding indebtedness to be refunded, and shall state the amount of the principal of bonds included therein, and the amount of due and unpaid interest coupons included therein, all as of the date said resolution is adopted. No error or mistake in the computation of the amount of unpaid principal or unpaid interest shall affect the validity of the refunding proceedings, and no error or mistake in any statement of the amount of such principal or interest in any notice, resolution or order in the course of the proceedings shall invalidate in any way the assessment or the refunding bonds or the refunding proceedings; provided, that the total sum of the assessment levied in the refunding proceedings, plus any contribution or contributions of public funds made to aid in such refunding, shall not exceed the sum of the principal amount of the bonds to be refunded and the amount of the due and unpaid interest coupons to be refunded.

Said resolution shall also contain a date, hour, and place for the hearing of objections to said refunding, and the date fixed for said hearing shall not be less than twenty (20) days nor more than sixty (60) days subsequent to the date of adoption of said resolution. Said resolution shall also contain a statement that the refunding shall not be authorized unless the written consent of the owners of a majority in area of the land in the district subject to assessment to pay the principal and interest of the outstanding bonds is filed with the clerk of the legislative body, and that any owner of land in said district may file his written consent to such refunding at any time prior to the adoption of the resolution ordering the refunding.

Sec. 3. The resolution shall be published once a week for at least two (2) weeks in a newspaper of general circulation in the city (if the refunding proceedings are conducted by the legislative body of a city) or in the county (if the refunding proceedings are conducted by the legislative body of a county). In the event no newspaper of general circulation is published in the city, then publication may be made in any newspaper of general circulation published in the county. Copies of such resolution headed “Notice of refunding and reassessment” shall also be posted upon all open streets within the district of lands proposed to be assessed in the refunding proceedings. Such notices shall be not more than three hundred (300) feet in distance apart and not less than three (3) of such notices shall be posted. The heading upon such posted notices must be in letters at least one inch in height and such notices shall be posted on or before the date of the first publication of said notice. A copy of the resolution as published shall be mailed, postage prepaid, by the clerk of the legislative body to each person to whom land in the assessment district is assessed as shown on the last equalized assessment roll.
of the county in which said district lies, at his address as shown upon such roll, and to any person, whether owner in fee or having a lien upon or legal or equitable interest in any land within said district, whose name and address and a designation of the land in which he is interested is on file in the office of said clerk. No error, failure or mistake in the mailing or posting of such notices or any of them and no failure of any owner or person interested in any land within the district to receive such mailed notice shall in any way affect the validity of the proceedings hereunder and the clerk's affidavit of mailing shall be conclusive evidence that all notices have been mailed as required by this act. Affidavits of publication, posting and mailing shall be filed in the office of the clerk of the legislative body.

The date of the first publication of the resolution of intention, the date of the posting of copies of such resolution, and the date of mailing copies of such resolution (which dates need not be the same) shall be at least twenty (20) days prior to the date of hearing fixed in said resolution. Any owner of land within the district and subject to assessment for payment of the principal and interest of the outstanding bonds may file his consent in writing to the refunding and reassessment upon substantially the terms stated in said resolution. Such consent need not be in any particular form and no error or informality thereof shall in any manner vitiate the proceedings. Owners of land within the meaning of this section are those, and those only, who appear to be such upon the records in the office of the county recorder of the county in which the district is situated on the day that said consents are filed with the clerk of said legislative body. Executors, administrators, special administrators, and guardians may consent for any property of the estate represented by them. Any trustee of an express trust in land, other than as security for the payment of money, may consent for all or any part of the land held in such trust. A trustee in bankruptcy may consent for all or any part of the property of the bankrupt. Such executors, administrators, guardians and trustees are deemed owners of land within the meaning of this act. The written consent of the owners of a majority in area of the lands in the district subject to assessment in the refunding proceedings shall be binding upon the owners of the minority in area of the lands in such district.

Sec. 4. At any time not later than the hour set for hearing objections to the proposed refunding, any person interested and any owner of property which is subject to assessment in the refunding proceeding may file his written objection against the proposed refunding with the clerk of the legislative body. Such objection must contain a description of the property in which each signer thereof is interested, sufficient to identify the same, and shall set forth the nature of each signer's interest therein, and shall be delivered to the clerk of said legislative body at or before the time set for
hearing, and no other protests or objections shall be considered. At the time and place fixed for the hearing of objections, or at any time to which the hearing thereof may be adjourned, the legislative body shall hear and consider all objections so filed. The hearing may be continued from time to time, by order of the legislative body to be entered upon its minutes. Any objection or protest to such refunding not made at the time and in the manner hereinbefore provided shall be deemed to be waived voluntarily by any person who might have made such protest or objection, and such person shall be deemed to have consented to the proposed refunding. The legislative body may sustain or deny any or all objections and protests and its determination thereon shall be entered upon the minutes and shall be final and conclusive. Said legislative body shall also at said hearing, as originally fixed or as adjourned, by order or resolution entered upon the minutes, determine whether the written consent of the owners of a majority in area of the lands in the district subject to assessment has been filed or not, and if it determines that such consent has been filed it shall thereupon acquire jurisdiction to proceed further under this act.

The validity, sufficiency, or genuineness of said consents, or any thereof, or the finding and determination of the legislative body thereon, shall not be contested in any action, suit or proceeding unless the same shall be commenced within three months after the determination of said legislative body has been made, and thereafter no person in any action, suit or proceeding may plead or prove that said consents or any thereof, or the finding or determination of the legislative body thereon, was in any way defective, invalid, or insufficient.

After the legislative body has determined that the written consent of the owners of such majority in area has been filed, it may by resolution entered upon the minutes order the refunding and reassessment.

SEC. 5. The legislative body which shall conduct the refunding and assessment proceeding shall be the legislative body which ordered the bonds of the particular district which are to be refunded issued; provided, however, that if the district for which the bonds are to be refunded lies entirely within a municipality, then the refunding and assessment proceedings shall be conducted by the legislative body of such municipality, and if the district for which the bonds are to be refunded lies entirely within unincorporated territory of a county the legislative body of such county shall conduct such refunding and assessment proceedings. It is the intent of this section that in all cases of incorporation of municipalities or annexation of territory to municipalities or consolidation of municipalities or exclusion of territory from municipalities or the dissolution of municipalities, the authority, powers, duties and obligations which would, under this act, have been vested in or imposed upon the legislative body which conducted the proceedings for the issuance of the bonds to be refunded,
shall be and are vested in and shall be exercised by the legislative body which, by reason of such incorporation, annexation, consolidation, exculsion or dissolution, has jurisdiction at the time such refunding is begun over the territory within the assessment district. In any case in which the assessment district lies within two or more municipalities or partly within unincorporated territory of a county and partly within one or more municipalities, the legislative body which conducts the refunding proceedings shall obtain the permission of the legislative body or bodies of the other municipality or municipalities or county in which part of the district lies to the refunding of such bonds under this act. Such permission shall be expressed by resolution, a certified copy of which shall be filed with the legislative body which conducts the refunding proceedings prior to the date upon which the preparation of a diagram is ordered.

Sec. 6. If the refunding proceedings are conducted by the legislative body of a city, said legislative body shall direct the city engineer or some other competent person who shall be designated "Engineer of Work," to prepare a diagram of the property included within the district upon which the assessment shall be levied. If the refunding proceedings are conducted by the legislative body of a county, said legislative body shall direct the county surveyor to prepare such diagram. If in the original proceedings for the formation of said district and the issuance of bonds thereof, any lots, pieces or parcels of land therein were excepted from the levy of the special assessment tax to pay the principal and interest of said bonds, said lots, pieces or parcels of land shall be shown upon said diagram but no assessment shall be levied thereon. Said diagram shall show each lot, piece or parcel of land in said district and the dimensions of each said lot, piece or parcel of land. When said diagram is completed the county surveyor, if the legislative body of the county conducts the refunding proceedings, or the superintendent of streets or engineer of work, if the legislative body of the city conducts the refunding proceedings, shall proceed to make the assessment as herein provided.

Sec. 7. The total amount for which said assessment shall be levied shall not exceed the total principal amount of such assessment as stated in the resolution ordering same but may be for a smaller amount. Said assessment shall be made upon all such lots, pieces or parcels of land within the assessment district as are subject to be assessed or taxed to pay the principal and interest of the outstanding bonds. The total amount to be assessed shall be apportioned upon the said lots, pieces and parcels of land in the manner hereinafter set forth, to wit: To the total principal sum of the assessment proposed to be levied shall be added the total sum of all of the amounts (including such interest and penalties as go into such fund) paid into the interest and sinking fund of such district on or prior to the date the resolution of intention in the refunding
proceeding was adopted, upon taxes or assessments levied upon any lot, piece or parcel of land subject to assessment in the refunding proceeding to raise funds to pay the principal and/or interest of the bonds of said district which are to be refunded. The total amount of the two sums shall be apportioned as an assessment upon all such lots, pieces or parcels of land within the assessment district as are subject to be assessed or taxed to pay the principal and interest of the bonds to be refunded. The person making the assessment shall proceed to estimate upon the lots, pieces or parcels of land within the assessment district, and, subject to the assessment under the terms of this act, the benefits arising from the acquisition or improvement or acquisition and improvement for which the bonds to be refunded were issued and to be received by each lot, piece or parcel of land, and shall thereupon assess upon and against the said lands the total amount of the two sums hereinbefore in this section mentioned and in so doing shall assess the said total amount upon the said several lots, pieces or parcels of land in said district subject to said assessment in the manner following, to wit: Upon each lot, piece or parcel of land, respectively, in proportion to the estimated benefits received by each such lot, piece or parcel of land from the acquisition or improvement or the acquisition and improvement for which the bonds to be refunded were issued.

When said total amount has been assessed upon each of the lots, pieces or parcels of land to be assessed there shall be deducted from the amount so assessed upon any lot, piece or parcel of land any sum (including interest and penalties, if any) paid into the interest and sinking fund of the district on or prior to the date of adoption of the resolution of intention in the refunding proceeding, upon an assessment or special tax levied upon any such lot, piece or parcel of land to pay the principal and interest on bonds of said district. In case any such lot, piece or parcel of land was a portion of a larger parcel of land for which a payment of an assessment or special tax was made, the portion of such payment to be deducted from the amount assessed against such smaller lot, piece or parcel of land shall be that proportion of such payment which the amount assessed against said smaller lot, piece or parcel of land bears to the total amount assessed against all of the parcels which comprised the said larger parcel of land. After all of the amounts of assessments and special taxes (including any penalties and interest) paid into the interest and sinking fund have been deducted from the amounts assessed to each such lot, piece or parcel of land the amounts remaining assessed against each such lot, piece or parcel of land shall be deemed assessments and shall comprise the total assessment to be levied and shall in total amount be the sum stated in said resolution of intention, or a smaller sum. Should the amount paid as ad valorem assessments upon any parcel exceed the amount assessed as benefits against said parcel no refund shall be made to any property owner.
Sec. 8. Said assessment need not be in any particular form but shall briefly refer to the district for which said assessment is to be made by its number or other suitable designation and shall contain a brief reference to the original proceedings in which the bonds to be refunded were issued, and shall show the total amount of such assessment. Such assessment shall also show the amount of each assessment against each lot, piece or parcel of land assessed and the description thereof, and shall have attached thereto a map, plat or diagram showing the location of each lot, piece or parcel of land in the district, and each such lot, piece or parcel of land shall be numbered to correspond with the numbers of the assessments. Said assessment shall be filed with the clerk of the legislative body which conducts the refunding proceedings.

Sec. 9. When said assessment has been filed with the clerk, the legislative body shall direct said clerk to give notice of the filing of said assessment and of the time and place when and where all persons interested in any such assessment will be heard by said legislative body. Said notice shall be in substantially the following form:

(designate name of city or county)

SEC. 10. If the legislative body of a city is conducting the proceedings for such refunding, said notice shall be published by at least two insertions in a newspaper of general circulation printed and published in such city, and if there is no newspaper of general circulation published in such city, then in a newspaper published in the county in which said city lies. If the legislative body of a county is conducting such proceedings for refunding, said notice shall be published by at least two insertions in a newspaper of general circulation published in said county. Copies of such notice shall also be posted upon all open streets within the district of lands proposed to be assessed. Such notices shall be not more than three hundred feet in distance apart and not less than three of such notices shall be posted. The heading upon such posted notices shall be in letters at least one-half inch in height. The posting and publication of such notices must be completed at least fifteen days prior to the date of hearing stated in such notice. The affidavits of publication and posting shall be filed in the office of the clerk of said legislative body.

SEC. 11. Protests or objections to the said assessment or to any of the assessments upon the respective lots, pieces or parcels of land assessed or to any action or determination in the making of said assessment or in the proceedings for said
assessment and refunding, including objections to the amounts of the assessments, or to the validity or legality of any of the proceedings for said assessment and refunding must be made in writing and filed with the clerk of said legislative body at or before the time fixed for the hearing on said assessment. Such protests or objections may be made by any person interested in the assessment and refunding proceedings. It is the intent of this section that protests or objections upon any ground whatsoever not theretofore waived may be made as provided by this section. Such protests or objections need not be in any particular form, but if protest against or objection to the regularity or legality of the proceedings for the assessment or refunding is made, such protest must clearly set forth the particular alleged irregularities or invalidities. Any objection or protest upon any ground whatsoever not made at the time and in the manner herein provided shall be deemed to be waived voluntarily by any person who might have made such a protest or objection, and the proceedings for the said assessment and refunding may not thereafter be attacked upon any ground not stated in an objection or protest so filed, and any landowner or any person otherwise interested in any lands within the said district or in the assessment and refunding proceedings shall be estopped to attack the said assessment and refunding proceedings upon any ground not stated in a protest filed by him in accordance with the provisions of this section. At the time fixed for the hearing any person interested may appear and be heard upon any of the matters set forth in his protest or objection. Protests and objections may be taken up in such order as the legislative body deems advisable and any evidence offered thereon by any property owner or person otherwise interested in the proceedings for said assessment and refunding shall be heard by said legislative body. Said legislative body may also hear any evidence offered in support of the said assessment and refunding proceedings. If, at the hearing, it appears that the owners of more than one-half of the area of the lands assessed in the refunding proceeding have filed protest or objection to the refunding as proposed, in its entirety, the legislative body shall, by resolution to be entered upon its minutes, so find, and shall abandon such refunding, and no resolution of intention for the refunding of the indebtedness of said district under this act may be adopted within a period of six months from the date of such abandonment. In order that such protests or objections operate as a bar they must specifically state that the objection is to the refunding in its entirety. The determination of said legislative body upon any of the matters presented in any of said protests or objections and upon all matters involved in the assessment proceedings and upon the assessment shall be final and conclusive. Said hearing may be adjourned from time to time by an order entered upon the minutes of the legislative body, provided that the hearing must be finally completed within sixty days from
the date thereof stated in the published notice of hearing. At the said hearing said legislative body shall have power to revise, correct or modify the said assessment in such manner as may be just and in accordance with the facts and so that the assessment may be apportioned according to benefits. Said assessment may be confirmed as filed or as revised, corrected or modified. Confirmation of said assessment shall be made by resolution of the legislative body entered upon its minutes and such resolution shall declare the findings of said legislative body. If no changes are made in any of the matters contained in said assessment, it shall be sufficient in said resolution to declare that said assessment is confirmed, but if any changes are made such changes shall be mentioned in said resolution of confirmation and said resolution shall declare that the said assessment as revised, corrected or modified by the said changes is confirmed. Said legislative body shall also have power at said hearing to correct any of its previous actions, determinations, resolutions or orders and any of the proceedings for the assessment and refunding. The findings and determinations of said legislative body upon all matters herein mentioned and upon all matters in connection with said assessment and refunding proceedings shall be final and conclusive upon all persons and in all actions or proceedings as to all matters expressly found and determined and as to the regularity and sufficiency of the assessment and refunding proceedings, and said resolution confirming the said assessment shall be conclusive evidence that said assessment and all proceedings prior thereto are valid and sufficient. No defect in the form of such assessment and no omission, failure or neglect of, or action or determination of any officer, body or person in the assessment and refunding proceedings and no error in the amounts to be assessed upon any of the lots, pieces or parcels of land shall invalidate the said assessment or any of the assessments therein contained, and each of the assessments in said assessment shall become a lien upon the property upon which the same is levied, notwithstanding any error, defect or omission therein or in any of the proceedings therefor and notwithstanding that the proceedings for the making of said assessment are not in full conformity with the requirements of this statute, and any action or determination necessary or convenient in the making of said assessment or in the refunding and assessment proceedings not expressly set forth in this statute is hereby authorized and the same when made shall be valid and sufficient.

Sec. 12. If the refunding proceedings are conducted by the legislative body of a city, said assessment as confirmed shall be recorded with the superintendent of streets of said city. The assessment shall not be recorded until the holders of all outstanding bonds and coupons have contracted to exchange such bonds and coupons in the refunding proceeding, or if all holders of outstanding bonds and coupons do not so contract, the assessment shall not be recorded until adequate provision has been made as required in this act for the retire-
ment or payment of the bonds and coupons of nonconsenting holders. If the refunding proceedings are conducted by the legislative body of a county, said assessment as confirmed shall be recorded with the county surveyor of said county. When so recorded, the several amounts assessed upon the lots, pieces or parcels of land in said assessment shall be a lien thereon as of the date of such recordation. Such lien shall continue until said assessment and all interest and penalties thereon are paid or until it is discharged of record. The lien of said assessment shall be superior to and have priority over all special assessment liens created against the same property subsequent to the date of such recordation. Any foreclosure of said assessment lien or sale of property for said lien shall convey the said property to the purchaser free and clear of all encumbrances, except taxes and such special assessment liens as, at the date of the creation of said lien, are by law equal or superior to said assessment lien. From and after the date of the said recording of said assessment all persons shall be deemed to have notice of the contents thereof. The amounts assessed in said assessments shall be payable to the said superintendent of streets or county surveyor with whom said assessment is recorded, and said superintendent of streets or county surveyor is authorized to receive the amount due upon any assessment and give a good and sufficient discharge therefor, provided bonds have not been issued to represent such assessment. The officer with whom said assessment is recorded shall give notice by publication twice in a daily newspaper of general circulation printed and published in the county in which the lands assessed lie or by two successive insertions in a weekly newspaper of general circulation printed in such county that said assessment has been recorded in his office and that all sums assessed therein became due and payable upon the recordation of said assessment, stating the date of such recordation and that the payment of the said sums is to be made to him within thirty days after the date of such recordation. Said notice shall also contain a statement that bonds to represent assessments remaining unpaid after said thirty days will issue in the manner and form provided in this act and shall state the period over which said bonds shall extend and the rate or rates of interest which shall be payable thereon. Notice shall also be given by mailing a postcard to the owner of each lot, piece or parcel of land assessed according to the name and address appearing on the last equalized assessment roll for county taxes prior thereto or as known to the officer giving such notice; provided that a failure of the officer with whom the assessment is recorded to give such notice by mailing or of the person addressed to receive the same shall not affect the validity of the proceedings or the validity of the lien of any assessment or of any bond issued thereon. Upon payment of any assessment, the superintendent of streets or the county surveyor with whom the said assessment is recorded shall mark upon the said assess-
ment note of the said payment and shall cancel the said assessment, and upon request said superintendent of streets or county surveyor shall also give a receipt to the person paying the said assessment. Any assessment upon public property shall be paid by the officer or board having charge of the disbursement of the funds of the owner of such property, and said assessment shall be an enforceable obligation against the owner of or the governing body controlling the said property. If for any reason there are no moneys available for the payment of said assessment, then the board or officer whose duty it is to levy taxes for the said owner of said public property shall include in the next tax levy an amount in addition to moneys for all other purposes, sufficient to pay said assessment and the interest thereon from the date the assessment is recorded at the rate to be stated in the refunding bonds, and when the moneys received from said tax levy are available, said assessment and such interest thereon shall be paid by the officer or board having charge of the disbursement of the funds of the owner of such land. Any assessment upon public property not in use in the performance of a public function may be foreclosed in the manner provided in section 27 of the "Improvement Act of 1911" as amended; provided, however, that the notice to be given upon the tax bill need not be given or made and that such action may be brought at any time after thirty days after the recording of such assessment, and in any such foreclosure action the said assessment and diagram with proof of nonpayment shall be prima facie evidence of the right of plaintiff to recover in the action. Said action shall be brought in the name of the city or county the legislative body of which levied said assessment upon the request of any person entitled to any portion of the moneys to be derived from said assessment. The person requesting that said foreclosure action be brought must advance the plaintiff’s costs and expenses thereof and said action may be brought by any competent attorney appointed by the legislative body which levied said assessment. In any case in which the assessment is levied by the legislative body of a county, the same shall be foreclosed as hereinbefore provided, except that the various officers designated in said section 27 shall be the corresponding county officers as designated in the County Improvement Act of 1921 as amended. No refunding bonds shall issue against public property, and the list of unpaid assessments to be filed with the clerk shall not include any unpaid assessment upon public property.

Sec. 13. No action, suit or proceeding to set aside, cancel, avoid, annul or correct any assessment hereunder or to review any of the proceedings, acts or determinations made in the proceedings for said assessment and refunding or to question the validity of or enjoin the collection of said assessment or any assessment therein or to enjoin the issuance of any bond or bonds to represent the same shall be maintained by any person unless such action or actions shall have been commenced within ninety days after the date of confirmation of
said assessment and thereafter all persons shall be barred from any such action, suit or proceeding or any defense of the invalidity of said assessment or any of the assessments therein contained or any bonds issued thereon.

In any action, suit or proceeding brought after said ninety days has expired, to enforce any assessment or bonds issued to represent assessments no person may urge, plead or prove the invalidity of any assessment or refunding bond issued to represent assessments and in any action to foreclose assessments hereunder, a refunding bond shall be conclusive evidence of the regularity and validity of the assessment proceedings and assessment, and the bond.

Sec. 14. After the full expiration of thirty days from the date of recording said assessment, the superintendent of streets (if the assessment is recorded with him) or the county surveyor (if the assessment is recorded with him) shall make and file with the clerk of the legislative body which conducted the refunding proceedings a complete list of all assessments unpaid, except unpaid assessments upon public property. The legislative body shall issue refunding bonds in the total principal sum of the assessments unpaid as shown on said list and shall pass a resolution determining the amount of such unpaid assessments. The legislative body shall prescribe the denominations of such bonds, which shall be in convenient amounts, not necessarily equal, and shall provide for the issuance of the same.

Sec. 15. All bonds issued hereunder shall mature on July second. Said bonds may be issued to mature at one time or to mature in series. If said bonds mature in series an even annual proportion of the aggregate principal sum thereof shall be payable on the second day of July of every year until the whole is paid, the first series or installment being payable on the second day of July next succeeding the first ten months after their date. The final series or installment of said bonds shall mature and be payable on a date which shall not exceed twenty-four years from the second day of July next succeeding ten months from their date. If said bonds mature at one time, the maturity date shall not exceed twenty-four years from the second day of July next succeeding ten months from their date. The bonds shall bear interest at such rate or rates as may be determined by the legislative body, but, not to exceed seven per cent per annum, from the date of recordation of the assessment until the whole of said principal sum and interest are paid. The bonds shall be dated as of the date of the recordation of the assessment. The interest shall be payable semiannually by coupon on the second days of January and July, respectively, of each year. Said bonds and interest shall be paid at the office of the treasurer of the city or county the legislative body of which conducted the refunding proceedings. Said treasurer shall keep a redemption fund designated by the name of said bonds, into which he shall place all sums received by him from the collection of the assessments...
made for such refunding and upon the security of which the said refunding bonds are issued and all interest and penalties thereon. From such fund he shall disburse and pay the said refunding bonds and the interest due thereon upon presentation of the proper bonds and coupons, and under no circumstances shall said bonds or the interest thereon be paid out of any other fund. Said treasurer shall keep a register in his office which shall show the series, number, date, amount, rate of interest, last known holder of each bond and the number and amount of each interest coupon paid by him and shall cancel and file each bond and coupon so paid.

Sec. 16. Said bonds shall be issued in substantially the following form:

SEC. 17. Said bonds shall be signed by the mayor or other chief executive of the city or by the chairman of the board of supervisors of the county, as the case may be, and by the treasurer of the city or county, as the case may be, and attested by the clerk of the legislative body which conducted the refunding proceedings, and the seal of the city or of the board of supervisors of the county shall be affixed thereto. The interest coupons affixed to said bonds shall be signed by the treasurer of the city or county, as the case may be, and such coupons may be signed by the printed, lithographed or engraved facsimile signature of such treasurer. The bonds shall have interest coupons attached thereto, payable semiannually on January 2 and July 2. The first coupon shall be payable on the second day of January next succeeding the first four months after the date of the bonds and shall be for the interest accrued to that time. The bonds so issued shall be payable to bearer and shall bear interest at the rate or rates specified in the resolution ordering refunding. The bonds maturing in any year shall constitute the annual series of that year and the aggregate principal of the bonds in such series shall equal the even annual proportion of the aggregate principal sum of the entire bond issue hereinbefore referred to. Said bonds by their issuance shall be conclusive evidence of the regularity of all proceedings had prior thereto and of the valid-
ity of such bonds. Said bonds shall be negotiable. Any of
said bonds may be surrendered by the holder to the treasurer
for registration in accordance with the provisions of any law
applicable to the registration of bonds issued by the city or
county, as the case may be, and thereafter the principal and
interest thereon shall be paid to the proper registered owner
thereof.

If the holders of all of the outstanding bonds agree to refund
their bonds as proposed in the refunding proceeding, then all
refunding bonds, all moneys collected on the assessments levied
in the refunding proceeding, and all public contributions (if
any) shall be paid and delivered to the holders of the outstand-
ing bonds, in such amounts and proportions as may be fixed
by contract with such bondholders. Any contract with the
holder of any bond may provide such terms and conditions of
exchange as may be agreed upon by the holder and the legisla-
tive body, and may contain such terms and conditions relat-
ing to time of performance, conditions precedent thereto, and
the method and mode of performance, as may be agreed upon
by said parties. Whenever the refunding bonds and moneys,
if any, are delivered to said bondholders, said bondholders
must concurrently deliver to the legislative body or its repre-
sentative the outstanding unpaid bonds which are refunded and
all outstanding unpaid interest coupons, constituting the
entire indebtedness of said district, and the same shall forth-
with be canceled.

In the event that the holders of one or more of the outstand-
ing bonds do not enter any contract with the legislative body
to refund the same, nevertheless if the holders of seventy-five
per cent or more of the outstanding bonds do contract with
the legislative body which conducts the refunding proceed-
ings for the refunding of the bonds owned or held by them, said
legislative body shall have authority to refund all of the bonds
of said district under the provisions of this act, but in such
event, prior to recording the assessment levied under this act,
sufficient moneys to adequately provide for the retirement or
payment of the bonds of the nonconsenting holders must be
provided and set aside in the proper fund for that purpose.
Any city or county or city and county which is authorized
under this act to appropriate moneys to aid in refunding the
bonds of the district, may make an advancement or contribu-
tion or an additional contribution in order to provide moneys
to pay or retire bonds of such nonconsenting holders. Whene-
ever any city or county or city and county or any person or
corporation advances moneys to provide for the payment or
retirement of the bonds of nonconsenting holders, the legislative
body may deliver at par all or any portion of the refunding
bonds which are not to be delivered to consenting bondholders
to the person, corporation, city, county or city and county
making such advance or advances, or sell at par all or any
part of such refunding bonds not to be delivered to consenting
bondholders, and from the proceeds thereof reimburse such
person, corporation, city, county or city and county entirely or partially, and may contract to make such sale or delivery. If the legislative body makes all or any part of such advancement it may reimburse the city, county or city and county of which it is the legislative body, entirely or partially by taking all or any part of such refunding bonds at par. Any cash collected on assessments and not required to pay consenting bondholders may also be used to reimburse in whole or in part any person, corporation, city, county or city and county making such advance or advances, and the legislative body may contract to so apply such cash. Any other method of raising funds for the payment or retirement of the bonds of nonconsenting bondholders which will prior to the time the assessment is recorded under this act adequately provide the moneys necessary for such payment or retirement is hereby authorized. Whenever any moneys are placed in any fund for the retirement or payment of the bonds of nonconsenting holders the said moneys shall be used only for that purpose and after all of the bonds of said nonconsenting holders have been paid or retired any sum remaining in said fund shall be returned to the city or county or city and county which advanced the same.

If the contract with the bondholders so provides, said legislative body may sell all of the refunding bonds for cash and pay said bondholders in cash at a price to be fixed in said contract.

In the event that the discharge of the bonds of any nonconsenting holders at less than the par value thereof has been authorized by any final decree or order confirming a plan of readjustment under any bankruptcy law of the United States of America in any proceedings initiated under the authority of this act, said legislative body is authorized to do and perform all acts and things necessary for the discharge of such bonds in accordance with said decree or order.

Wherever the words "bond" or "bonds" are used hereinbefore in this section in referring to the outstanding bonds the words shall be deemed to include and shall be construed to mean also any outstanding unpaid interest coupon or coupons of any bond or bonds of the district and the words "bondholder" or "bondholders" as used hereinbefore in this section shall be deemed to include and shall be construed as meaning also any holder or holders of outstanding unpaid interest coupons of bonds of the district.

After the date of the adoption of the resolution of intention in the refunding proceeding all sums paid for any parcel of land into the interest and sinking fund for the payment of principal and interest of the bonds to be refunded shall be credited upon the assessment levied in the refunding proceeding upon such parcel and shall be applied as moneys paid upon such assessment.

Upon the recordation of the assessment in the refunding proceeding all unpaid taxes or special assessment taxes levied
to pay principal and interest of the bonds refunded and all penalties and interest thereon shall be deemed canceled and annulled, and the clerk of the legislative body which conducted such refunding proceedings shall notify the proper city officials or the proper county officials, or both, as the case may be, that the bonds of said district have been refunded and that said taxes or said special assessment taxes, penalties and interest are canceled and annulled and such officials shall thereupon proceed to make the necessary entries showing the cancellation thereof.

Sec. 19. Whenever there shall be in the redemption fund two thousand dollars or more available for the payment of principal of the refunding bonds and not necessary for the payment of principal maturing on the next July 2d, the treasurer who issued the bonds may invite sealed proposals for the sale of any of such refunding bonds to the city or county of which he is treasurer. Notice inviting such sealed proposals shall be published once in some financial journal of National circulation at least thirty days days prior to the date proposals are to be opened, and at least fifteen days prior to the date fixed for the opening of proposals the treasurer shall mail a copy of such notice to any bondholder who has in writing requested to be notified of proposals to purchase such bonds. Such notice shall state the amount available for the purchase of said bonds and shall specify the time and place when proposals will be opened. At such time and place the proposals shall be opened in public. The legislative body may reject any or all proposals. If no proposals are received or if the proposals received are not sufficient to exhaust the moneys on hand available for the purchase, the legislative body may purchase any of said refunding bonds at private sale, but no bonds shall be purchased by the legislative body unless the purchase price is less than the par value thereof. All refunding bonds so purchased shall be canceled immediately. If no bonds are offered for sale at a price less than the par value thereof, or if the bonds offered at a price of less than the par value are insufficient to exhaust the sum available for the purchase of bonds the treasurer may call the outstanding bonds in numerical order upon giving notice by one publication in a financial journal of national circulation, stating the numbers of the bonds so called. Said publication shall be at least thirty days prior to the date of the next succeeding interest payment on the bonds, and said publication need not be made if the holders of the bonds to be called in writing waive publication of such notice. Said bonds shall be callable at par and accrued interest to the next interest payment date following the notice. The treasurer shall set aside a sum sufficient to pay the principal and interest to the next interest payment date on any bond so called, and if such bond is not surrendered, on or before said interest payment date, interest thereon shall cease on such date. All costs of publication shall be payable from the redemption fund. All bonds
purchased or called by the treasurer shall be canceled by the treasurer.

Sec. 20. (a) In the event of such refunding bonds being so issued, the assessments which shall be unpaid, as shown on the list filed by the superintendent of streets or the county surveyor, as the case may be, with the clerk of the legislative body and any reassessments which may be issued thereon or in lieu thereof, together with interest thereon, shall remain and constitute a trust fund for the redemption and payment of said bonds and for the interest which may be due thereon. Such assessments and reassessments and each installment thereof and the interest and penalties thereon shall be and shall continue to constitute a lien against the lots and parcels of land on which made, until the same be paid, but for a period not exceeding the time within which an action might be brought on the last series of refunding bonds issued upon the security of such unpaid assessments; provided, however, that unmatured installments, interest and penalties shall not be deemed to be within the terms of any general warranty of title. Any foreclosure of said assessment lien or sale of property for said lien shall convey the said property to the purchaser free and clear of all encumbrances except such taxes and special assessment liens as, at the date of the creation of said lien, are by law equal or superior to said assessment lien. Such lien shall be superior to and have priority over all special assessment liens created against the same property subsequent to the date of recordation of the assessment as provided in section 12 hereof.

(b) In the event of nonpayment of any assessment or installment thereof or of any interest thereon, together with any penalties and other charges accruing under the laws or ordinances of the city or county, as the case may be, and not later than four years after the due date of the last installment of principal, as a cumulative remedy, the same when due and delinquent may by order of the legislative body be collected by suit brought in the superior court to foreclose the lien thereof. The costs shall be fixed and allowed by the court and shall include a reasonable attorneys' fee, interest, penalties and other charges and advances as herein provided, and when so fixed and allowed by the court shall be included in the judgment. The court shall have the power to adjudge and decree a lien against the lot or parcel of land covered by the assessment or reassessment for the amount of the judgment and to order said premises to be sold on execution as in other cases of the sale of real estate by the process of said court, with the same rights of redemption. On appeal the appellate courts shall have the same power to adjudge and decree a lien and order such premises to be sold on execution as is herein provided for the superior court. The foreclosure suit shall be governed and regulated by the provisions hereof, and also where not in conflict herewith by the codes of this State. The city or county (the legislative body of which conducted the
refunding proceedings) shall have the right to advance and pay county or other taxes wherever necessary to protect its interest in property against which there is a delinquent assessment. It may also at its discretion temporarily transfer moneys into the redemption fund from other funds in which such moneys are not immediately needed, the moneys so transferred to be used to pay sums due from such redemption fund and to be retransferred therefrom out of the first available receipts. Upon the ordering of any such foreclosure suits the tax collector shall be credited upon the assessment roll then in his hands with the amount charged against him on account of such assessments or reassessments ordered to suit and be relieved of further duty in regard thereto.

(c) Such action shall be brought in the name of the city or county (the legislative body of which conducted the refunding proceedings) and may be brought at any time prior to the expiration of four years subsequent to the date of delinquency of the last installment of assessment due or to become due thereunder. The complaint may be brief and include substantially only the following allegations with reference to the assessments sought to be collected: That on a date stated the legislative body passed its resolution or ordinance determining to refund certain bonds which had been issued for certain improvement work (the improvement work need not be described); that an assessment for the purpose of refunding said bonds was duly given and made; that said assessment was recorded on a stated date; that certain property (describing it) was therein assessed a stated amount; that bonds upon the security of such assessment were duly issued, giving the date of said bonds, the interest rate and the number of years the last installment of same were to run, and that the same were duly issued under this act, but it shall be unnecessary to state the amount, number, denomination or other term thereof; that on a date stated a certain sum came due on said property on said assessment and had not been paid and that the legislative body had directed the action to foreclose. The amount of penalties, costs and interest due shall be calculated as hereinafter set forth in section 24 hereof up to the date of judgment. In such action plaintiff upon recovering judgment shall be entitled to reasonable counsel fees to be allowed by the court and taxed as costs.

Sec. 21. Interest on all unpaid assessments shall begin to run from the date of recordation of the assessment and shall be computed at the same rate or rates as is specified in the bonds secured by such assessments. Such interest shall be payable annually or semiannually according as the city or county taxes on real property with which the assessments are collected are payable annually or semiannually. For each year the interest shall be computed and collected up to the next second day of July succeeding, no deduction being made by reason of any installment of such assessment being due or paid prior thereto in such year.
Whenever it shall appear to the legislative body that according to the dates when taxes are collected in the city or county, as the case may be, there will be an insufficient amount on hand to pay the interest then due, according to the method of collection provided in this act, then said legislative body may direct that such interest or some portion of the same be collected in the year preceding that in which the same would otherwise be collected under this act, and thereupon such interest or portion thereof shall be extended on the rolls for such preceding year and be due and collected therein.

Sec. 22. A copy of the resolution of the legislative body determining the assessments remaining unpaid and upon the security of which the refunding bonds are issued, shall be filed in the office of the auditor of the city or county, as the case may be. The auditor shall keep a record in his office showing the several installments of principal and interest on said assessments which are to be collected in each year during the term of said bonds. The auditor shall annually enter in his assessment roll on which taxes will next become due, opposite each lot or parcel of land affected in a space marked "public improvement assessment," or by other suitable designation, the several installments of such assessment coming due during the fiscal year covered by such assessment roll, including in each case the interest due on such total unpaid assessments as herein provided. In the event that such collections are made by the county officials the county auditor shall at the close of the tax collecting season promptly render to the city auditor a detailed report showing the amounts of such installments, interest and penalties so collected on each proceeding and from what property collected. Taxpayers shall have the like right to pay such assessment as so entered with interest, and any penalties thereon, under protest as they have to pay general municipal taxes under protest, but in making such payment under protest must accompany the payment with their written protest. In the event of the lot or parcel of land affected by any assessment not being separately assessed on said roll so that the installment to be collected can be conveniently entered thereon, then said auditor shall enter on said roll a description of the lot or parcel affected, with the name of the owners if known, but otherwise described as "unknown owners," and extend the proper installment opposite same.

Sec. 23. Any interested owner may release and pay any such unpaid assessment by depositing with the treasurer of the city or county, as the case may be, the total unpaid balance of any such assessment together with the total interest which would become due on such assessment were it paid in the regular way; provided, that if and when such funds are used for the purchase or call of a bond the person paying such assessment shall be entitled to credit and reimbursement of his proportion of the interest saved by such purchase or call,
less his proportion of any costs incurred for publishing or
serving any notice of purchase or call for redemption.

Sec. 24. If the refunding bonds are payable in annual
series such unpaid assessments shall be payable in annual
series corresponding in number to the number of series of
bonds issued and an even annual proportion of each assess-
ment shall be payable in each year preceding the date of
maturity of each of the several series of bonds so issued. If
the refunding bonds all mature in one year, the unpaid assess-
ment shall be payable annually and an even annual propor-
tion of each assessment shall be payable each year preceding
the July interest payment. Such annual proportion of each
assessment coming due in any year, together with the annual
interest on such assessment, shall in turn be payable in
annual or semiannual installments according as the general
taxes of such city or county, as the case may be, on real prop-
erty are payable in annual or semiannual installments, and
such installments and said annual interest shall be payable
and become delinquent at the same times and in the same pro-
portionate amounts and bear the same proportionate penalties
and interest after delinquency as do the general taxes on
real property of said city or county, as the case may be. Upon
default in payment, the lands securing such installments and
assessments shall be sold in the same manner in which real prop-
erty in such city or county is sold, for the nonpayment
of general taxes, and be subject to redemption within one
year from date of sale in the same manner as such real prop-
erty is redeemed from such delinquent sale, and upon failure
of such redemption shall in like manner pass to the pur-
chaser. The city or county must be the purchaser at any
delinquent sale in like manner in which it becomes or may
become the purchaser of property sold for nonpayment of the
general property tax, and shall pay and transfer into said
redemption fund in lawful money the amount of the delin-
quent assessment and of the delinquent interest thereon upon
which said sale is made. Where the legislative body of a
county conducted the refunding proceedings and in cases where
the municipal property tax is collected by county or city and
county officials and sales for nonpayment of such taxes are
made to the State, the State shall be the purchaser at any such
sale hereunder, but shall hold the title acquired at such sale
upon behalf of the city or county, as the case may be, and shall
account to the city or county, as the case may be, for any
moneys received upon redemption or from the sale of such
property, the city or county, as the case may be, for the pur-
poses of this act being deemed the real purchaser. In the
event of there being no available funds in the treasury with
which to make such payment, the tax collector shall delay
the entry of the certificate of sale until such funds are avail-
able, making demand in the meantime upon the legislative
body that a suitable amount be included in the next tax
levy for the purpose of providing funds with which to make
such payment; provided, however, that the period of redemption from such tax sale shall not be extended thereby nor the rights or privileges of the property owner be thereby in anywise affected. In the event of such purchase being made by the city or county and of any succeeding installment of such assessment or of such interest not being paid in any future year, the property shall not be sold unless there has previously been a redemption from such sale or unless under the law it is then being sold for delinquent taxes. The city or county shall nevertheless, unless a resale has been made by it, from time to time when due pay and transfer into said redemption fund the amount of any such future delinquent assessment and interest pending redemption, and no redemption shall be made until any such subsequent payments, with interest and penalties, shall also be paid. The purchaser, whether at tax collector’s sale or at resale by the city or county, in the event of the city or county having become the purchaser, or at a foreclosure sale by order of court, shall take the property subject to all unpaid installments, interest and penalties under the same proceeding.

Sec. 25. The legislative body may, and in the event of demand by the tax collector therefor as provided in section 24 hereof must, at the time of fixing the annual tax rate and levying the taxes to be collected for general municipal or county purposes, as the case may be, levy a special tax upon the taxable property in the city or county, as the case may be, for the purpose of paying for the lands purchased or to be purchased at such tax sales, or for the purpose of paying installments of the assessment or of interest which the city or county is required to pay under the provisions of section 24 hereof, but not to exceed for each district, the bonds of which are refunded, ten cents on each one hundred dollars of assessable property. Such special tax shall be in addition to all other taxes levied for municipal or county purposes and shall be computed, entered and collected in the same manner and by the same persons and at the same time and with the same penalties and interest as are other taxes of the city or county, as the case may be. In the event that the district lies partly in unincorporated territory of the county and partly within one or more municipalities or lies within two or more municipalities, a certified copy of the resolution determining the amounts of the assessments remaining unpaid upon the security of which the refunding bonds are issued shall be filed in the office of the auditor of the county in which the assessment district lies, and no copy thereof shall be filed in the office of the city auditor, and for any such proceeding in which the lands assessed lie in more than one jurisdiction the auditor of the county in which the assessment district lies shall perform the duties imposed upon an auditor under this act and the tax collector of such county shall perform the duties imposed upon a tax collector under this act. In case the lands assessed lie in more than one jurisdiction,
in the event of the delinquency in the payment of any assessment levied hereunder and a sale to the State therefor, the county shall be deemed the real purchaser of all parcels sold which lie within unincorporated territory of the county and the city shall be deemed the real purchaser of all parcels sold which lie within the boundaries of the city, and each such city or county must make payment for the lands of which it is deemed the real purchaser, and if there are no available funds in the treasury with which to make such payment the legislative body of such city or county must, at the time of fixing the annual tax rate and levying the taxes to be collected for general municipal or county purposes, as the case may be, levy a special tax upon the taxable property in such city or county, as the case may be, for the purpose of paying for the lands purchased or to be purchased at such tax sales, but not to exceed for each district the bonds of which are refunded ten cents on each one hundred dollars of assessable value in such city or county, as the case may be. Such special tax shall be in addition to all other taxes levied for municipal or county purposes and shall be computed, entered and collected in the same manner and by the same persons and at the same time and with the same penalties and interest as are other taxes of the city or county, as the case may be.

As to all lands of which any city or county is deemed the real purchaser under the provisions of this section, such city or county and all of the officials thereof shall have all of the rights, powers, duties and obligations granted, authorized or imposed by this act.

Sec. 26. In the event of sale by the tax collector of any lot or parcel of land for nonpayment of taxes and of any installment of the assessment thereon, or of the penalties, interest or costs on same, or for nonpayment of any installment, penalties, interest or costs, then any certificate of such sale or any deed issued is primary evidence of the regularity of all proceedings theretofore had, and shall be conclusive evidence of all things of which bonds issued upon the security thereof are conclusive evidence, and prima facie evidence of the regularity of all proceedings subsequent to the issuance of the bonds, and such deed conveys to the grantee the absolute title to the lands described therein, free of all encumbrances, except unpaid installments, interest and penalties under the same proceeding and except taxes and public improvement assessments which by law are equal or prior to the assessment on which sale is made.

Sec. 27. Whenever any lot or parcel of land affected is subdivided, or the ownership of a portion of such parcel of land is transferred to another person, the legislative body which conducted the proceeding may in its discretion order the street superintendent, or county surveyor, as the case may be, or other officer charged with the duty of making such assessments, to file with the clerk of said legislative body an amended assessment of the original parcel of land affected by such subdivision or transfer of ownership, segregating and apportioning
the unpaid installments of said original assessment in accordance with the benefits to said portions of said original parcel. The person so appointed shall file with the clerk of the legislative body a report and an amended assessment of such parcels of land as have been ordered by said legislative body, together with a map or plat showing how such parcels have been divided. The total amount of the assessments of the several portions of any one original parcel shall be equal to the unpaid assessments upon said original parcel of land. Upon the filing of said report and amended assessment the clerk of said legislative body shall fix a time and place for a hearing upon said amended assessment and shall give notice of said hearing by publication by two insertions in a newspaper. Said notice shall contain a statement of the time fixed for the hearing upon said amended assessment and any objections thereto, which time shall not be less than fifteen days from the first publication of said notice. Said notice shall contain a reference to the original assessment and to the proceedings, and shall refer to the report and map or plat of the amended assessment for particulars and no other description shall be necessary. All persons interested in said original assessment, or in the lands affected thereby or in the bonds secured by issuance thereof, may, at the time of said hearing or at the time to which said hearing may be adjourned, appear and protest against the same. At such hearing said legislative body shall have full power to hear and determine all objections as to the division of such assessments and shall confirm or modify the same. All determinations and decisions of said legislative body upon notice and hearing, as aforesaid, shall be conclusive upon all persons entitled to object under the provisions of this section. Final action of said legislative body upon said report and amended assessment shall be taken on or before the fifteenth day of July of any year. Upon confirmation or modification in accordance with the order of the legislative body the clerk shall file such amended assessment with the auditor, who shall annually thereafter enter upon the assessment roll the installments becoming due on each component part of the original parcel opposite a description of the respective parcels so assessed; when collections upon said assessments are made by county officials the clerk shall transmit a copy of said amended assessment to the county auditor.

Sec. 28. At any time within ninety days after the confirmation of the assessment, any person interested in any of the bonds to be refunded or in any of the lands assessed may bring an action in the superior court of the county the legislative body of which conducted the refunding proceedings, or the county in which the city the legislative body of which conducted the refunding proceedings lies, to determine the validity or invalidity of such assessment. Such action shall be in the nature of a proceeding in rem and jurisdiction of all parties interested may be had by publication of summons for at least once a week for four weeks in some news-
paper of general circulation published in the county where the action is pending, such paper to be designated by the court having jurisdiction of the proceedings. Said summons shall contain a general description of the boundaries of the district of the lands upon which said assessment is or is to be levied. Jurisdiction shall be complete within ten days after the full publication of such summons in the manner herein provided. Anyone interested may at any time before the expiration of said ten days appear and by proper proceedings contest the validity of such assessment or uphold the same. Such action shall be speedily tried and judgment rendered declaring such matter so contested either valid or invalid. Either party shall have the right to appeal to the Supreme Court at any time within thirty days after the rendition of such judgment, which appeal must be heard and determined within three months from the time of taking such appeal. The motion for a new trial of any such proceeding must be heard and determined within ten days from the filing of the notice of intention.

The court hearing the said proceeding, in inquiring into the regularity, legality or correctness of such assessment, must disregard any error, irregularity or omission which does not affect the substantial rights of the parties to said action or proceeding. The rules of pleading and practice provided by the Code of Civil Procedure which are not inconsistent with the provisions of this act are applicable to the proceeding herein provided for. The costs of the legal proceedings provided for in this section may be allowed and apportioned between the parties or taxed to the losing party in the discretion of the court. After said assessment has been confirmed, it shall not be contested in any way other than at the time and in the manner specified in this section, and in any such action all findings, conclusions and determinations of the legislative body which conducted the assessment proceedings shall be conclusive in the absence of actual fraud.

If any assessment or any refunding bond is held illegal or invalid in any action, suit or proceeding upon any ground which would apply to the entire assessment or the entire issue of refunding bonds, then the unpaid bonds refunded, remain in full force and effect, and if said unpaid bonds have been canceled, the treasurer of the city or county which conducted the invalid refunding or assessment proceeding shall issue new bonds of the same tenor, force and effect as such canceled unpaid bonds, and all of the provisions of the act under which the original bonds were issued (notwithstanding that said act may have been repealed in whole or in part subsequent to the issuance of such bonds) relative to the payment of the bonds issued thereunder and the levy, collection and enforcement of special assessment taxes therefor shall apply to such unpaid bonds and to any bonds issued to replace such unpaid bonds. Until all unpaid bonds which might be refunded hereunder have been fully paid or funds set aside for their payment in full or have been legally refunded, it shall be and remain the
duty of the legislative body empowered and directed to levy the special assessment taxes for the payment of such bonds to proceed under the provisions of the act under which said bonds were issued to levy the said special assessment taxes provided in said act in accordance with the provisions of said act.

Sec. 29. Wherever all or any part of the lands in any district, the bonds of which are proposed to be refunded, lie in another district which has outstanding bonds payable by taxes or assessments levied wholly or partly in accordance with the assessed value of the lands therein, one assessment may be levied and one issue of refunding bonds issued under the provisions of this act to refund the indebtedness of all of said districts. It is the intent of this section to permit but not to require the refunding in one proceeding of the indebtedness of all districts which wholly or partially overlap. Such refunding shall be had and the assessment shall be levied under the provisions of this act as in this section modified. Said districts need not be formed under the same act, but if formed under any act under which taxes or assessments are levied wholly or partly in accordance with the assessed value of the lands, may refund their indebtedness in one assessment proceeding hereunder. The total amount of the assessment shall be fixed by the legislative body. If the owners of a majority in area of the lands included within the exterior boundaries of the area which comprises the said several districts the bonds of which are to be refunded shall in writing agree to such refunding as provided in this act, then the legislative body shall be authorized to proceed with such refunding and to make an assessment therefor as in this act provided. The assessment shall be spread over all lands subject to tax or assessment for the bonds refunded in the area comprising all of the districts. To the total sum of the assessment shall be added the total sum of all taxes upon land and all assessments, including interest and penalties paid into the interest and sinking fund of any of the districts for the payment of principal and/or interest of any bonds of the same issue as the bonds to be refunded. The total amount thus ascertained shall be assessed against all of the lands in the area comprised by the districts in accordance with the benefits derived from the acquisitions or improvements or acquisitions and improvements to pay for which the said bonds to be refunded were issued. From the assessment thus made upon each lot, piece or parcel of land shall be deducted the amounts of such taxes upon land and all assessments, including interest and penalties, if any, levied upon such lot, piece or parcel of land to pay principal and/or interest of any bonds of the same issue as the bonds refunded as have been paid into the interest and sinking fund of any of said districts. The amounts remaining after such deductions have been made shall be and constitute the assessments and the total amount of such assessments shall be the total sum of the assessment stated in the landowner's assent, or a smaller sum.
Special improvement district bonded indebtedness which is payable from taxes levied upon all property or upon all taxable property in the improvement district may be refunded under this act. The proceeding for refunding such indebtedness shall be the same as for refunding other indebtedness under this act and in making the assessment hereunder, to the total sum of the proposed assessment shall be added the total sum of all of the amounts (including such penalties and interest as go into such fund) paid into the interest and sinking fund of the district on or prior to the date the resolution of intention in the refunding proceeding is adopted upon taxes levied upon any lot, piece or parcel of land subject to assessment in the refunding proceeding to raise funds to pay principal or interest of the bonds to be refunded, and the total of the two sums shall be apportioned upon the lands subject to assessment according to benefits as hereinbefore provided in this act and from the amounts so apportioned to any lot, piece or parcel of land shall be deducted any sum paid into the interest and sinking fund of the district on or prior to the date said resolution of intention is adopted upon any tax levied upon such lot, piece or parcel of land to pay principal or interest of the bonds to be refunded.

Sec. 30. The term "city auditor" as used in this act shall be held to mean and include any person who, under whatever name or title, is charged with the duty of extending taxes upon the assessment rolls and lists. The term "tax collector" as used in this act shall be held to mean and include any person who, under whatever name or title, is charged with the duty of collecting taxes, advertising delinquent lists of unpaid taxes, selling lands thereunder and executing certificates of sale and deeds thereon.

The word "improvement" where used in the phrase "special improvement district" in this act shall mean any public improvement of any nature whatsoever, including any acquisition of lands, rights of way or easements for public use, any acquisition or construction of buildings, structures or public works of any kind or nature, or a combination of any or all of the foregoing, and the word shall be given its broadest and most liberal construction as including all acquisitions of land and all acquisition and construction of public works authorized under any law of the State of California, including particularly the Acquisition and Improvement Act of 1925, the Road District Improvement Act of 1907 and the Municipal Improvement District Acts of 1915 and 1927.

This act shall be known as and whenever mentioned, cited, referred to or amended may be designated as the "Refunding Assessment Bond Act of 1935" and by such designation shall be sufficiently identified in any proceeding hereunder or in any court action or proceeding, and whenever under the procedure set forth in this act the title of the act is to be stated in any resolution, notice or order, it shall be sufficient to designate the act as provided in this paragraph.
SEC. 31. This act shall in no wise affect any other act or acts now existing or which may hereafter be passed covering the same subject matter, or apply to any proceedings thereunder, but is intended to and does provide an alternative system for the refunding of bonds, and, when at the discretion of any legislative body proceedings are commenced under this act the provisions of this act only shall apply thereto.

Whenever the requisite number of property owners in any district or districts have filed their written consent to the refunding of the indebtedness of such district any city or county, or city and county, is authorized to file a petition and take all proceedings required under any bankruptcy law or laws of the United States of America now or hereafter enacted, for any district, the bonds of which are authorized to be refunded under this act, or to bring any action, suit or proceeding authorized under the equity powers of any court for the purpose of refunding the bonds of such district.

The legislative body which conducts the refunding proceeding is authorized to pay any incidental expenses of such proceeding from any available funds of the city or county, or city and county, but no such incidental expenses of such proceeding shall be assessed upon lands in the district.

No bond, coupon, assessment or installment thereof or of the interest or penalties thereon, and no certificate of sale or deed shall be held invalid for error in the computation of the proper amount due on same, provided the error be found to be comparatively negligible or be found to be in favor of the owner of real property affected thereby.

The bonded indebtedness of special assessment districts payable from ad valorem assessments is so great in many instances that the refinancing of such indebtedness is one of the most important problems of this State. In many of such districts both general taxes and special assessments are delinquent and have been delinquent for several years. The property can not be sold for a sufficient sum to pay the delinquent taxes in view of the large amounts of delinquent special assessments thereon, which are on a parity with the general taxes.

The accumulation of delinquent assessments, penalties and interest, and delinquent taxes, penalties and interest, has discouraged the owners of property in such districts and such property has become almost entirely unproductive of revenue for school, city and county purposes. The immediate refinancing of the obligations of these districts and the restoration of the property to the tax rolls so that it may bear its just burden of city, county and school taxes, and so that property owners may be given relief is declared to be the policy of this State.

This act and all of its provisions shall be liberally construed to the end that the purposes hereof may be made effective. If any section, subsection, sentence, clause or phrase of this act is for any reason held to be unconstitutional, such decision
shall not affect the validity of the remaining portion of this act. The Legislature hereby declares that it would have passed this act irrespective of the fact that any one or more sections, subsections, sentences, clauses or phrases thereof be declared unconstitutional.

CHAPTER 733.

An act to amend section 1 of an act entitled "An act authorizing the use of convict labor on State highways or State roads; providing for the compensation of such convict labor; regulating the handling of such convict labor; providing for payment of compensation to the dependents of such convicts; providing for a forfeiture of such compensation; providing for creation of prisoners recreation and educational fund; providing for manner of payment of compensation to said convicts upon release on parole or release or discharge from prison; authorizing allowance of extra good time credits for such labor; providing penalties for interference with such convict labor and repealing all acts or parts of acts in conflict herewith," approved June 9, 1923, as amended, relating to convict labor.

[Approved by the Governor July 20, 1935. In effect September 15, 1935]

The people of the State of California do enact as follows:

SECTION 1. Section 1 of the act cited in the title hereof is hereby amended to read as follows:

Section 1. The Department of Public Works of the State of California may employ or cause to be employed, convicts confined in the State prisons in the construction, improvement and maintenance of any State highway.

Upon the requisition of said department, the State Board of Prison Directors shall send to the place and at the time designated the number of convicts requisitioned or such number thereof as are in its judgment available. Said department shall fix the rate to be expended for such labor at not to exceed two dollars fifty cents per day for each day which each convict actually performs labor upon the construction, improvement or maintenance of a State highway, and shall monthly set aside funds to pay for such labor. Said department shall set up an account for each convict which shall be credited monthly with an amount computed by multiplying the daily rate by the number of days such convict actually performed labor during the month. Such account shall be debited monthly with such convict’s expenses for transportation; his drawings from the commissary, such as clothing and toilet articles; and his proportionate share of all expenses for the proper maintenance of the road camp, includ-
ing the expenses for food, medicine, medical attendance, clerical help, and the pro rata cost of reward for capturing escapes from the road camp, which award is hereby fixed at the sum of two hundred dollars for the capture of each escaped prisoner, payable to any individual or peace officer. No convict's account shall be credited with more than seventy-five cents over and above the debits to his account for any day's labor performed by him.

The Department of Public Works, in computing the debits to be made to the convict's accounts, may add not to exceed ten per cent on all items except transportation and awards for escapes. When any prisoner escapes the Department of Public Works, after debiting the accounts of the convicts in the camp from which the escape was made, shall set aside the sum of two hundred dollars, and at any time within four years after said escape shall pay the award to the person entitled thereto. No such award can be claimed or paid more than four years after the escape to which it relates.

Any surplus resulting from the employment of convicts, including all sums heretofore or hereafter set aside for awards for escapes and unclaimed for four years or more, shall be retained by the department and expended for convict labor or the welfare and education of convicts in road camps.

The Department of Public Works shall monthly pay two-thirds of the net credit to each convict's account to his dependents who are receiving State aid. If the convict's dependents are not receiving State aid, such convict, by written order signed by him, may direct the department to pay not to exceed two-thirds of his net credit to such dependents as he designates. If a convict is discharged from prison while he is in a road camp, all sums to his credit shall be paid to him on his release. All sums to the credit of any convict who is for any reason returned to the prison or is paroled from the road camp shall be paid to the warden of the prison, and by him shall be paid to the convict at such times and in such amounts as the Board of Prison Directors prescribes.

No convict while engaged in such construction, maintenance and improvement of a State highway shall drive a motor truck or other vehicle or wagon outside of the camp limits of the prison road camp.

When any convict shall wilfully violate the terms of his employment, or the rules of the road camp or of the terms of his parole the Board of Prison Directors may in its discretion determine what portion of all moneys earned by the convict shall be forfeited by the said convict and such forfeiture shall be deposited in the State treasury in a fund to be known as the "prisoners fund," which said fund is hereby created. All the money in said fund is hereby appropriated for educational and recreational purposes at the prison road camps as the same shall be established and shall be expended under the direction of the Department of Public Works upon warrants drawn upon the State treasury by the State Con-
controller after approval of the claim therefor by the State Board of Control.

CHAPTER 734.

An act to amend sections 4 and 10 of an act entitled "An act defining industrial loan companies, providing for their incorporation, powers and supervision," approved May 18, 1917, relating to the operation of the business of industrial loan companies. [Approved by the Governor July 20, 1935. In effect September 15, 1935.]

The people of the State of California do enact as follows:

SECTION 1. Section 4 of the act cited in the title hereof is hereby amended to read as follows:

Sec. 4. Every corporation under the provision of this act shall have power: subject to the supervision and control of the Corporation Commissioner of the State of California:

First—To loan money on personal security, or otherwise, and to deduct interest therefor in advance at the rate of six per cent per annum, or less, and, in addition, to receive and shall at the discretion of the Corporation Commissioner of the State of California, issue and require uniform weekly or monthly installments on its certificates of investment, purchased by the borrower simultaneously with the said loan transaction or otherwise, and pledged with the corporation as security for the said loan, with or without an allowance of interest on such installments.

CHAPTER 735.

An act authorizing counties to contract with cities and towns, to assume and carry on certain municipal functions thereof, providing for transfers of employees and assumption of pensions, and authorizing cities to transfer such functions to counties and to enter into contracts in relation thereto

[Approved by the Governor July 20, 1935. In effect September 15, 1935]

The people of the State of California do enact as follows:

Section 1. The board of supervisors of any county shall have the power to contract with any incorporated city, or town, or chartered city within such county, and such incorporated city, or town, or chartered city therein through its board of trustees, council or other legislative body, shall have power to contract with such county, for the performance by said county, through its appropriate officers and employees, of any and all functions relating to or performed by any department of such city, town, or chartered city, for a term
of not more than five years, but with the right to continue such contract in full force and effect for the periods of five years each, unless decided otherwise by vote of the legislative body of either county, city, town or chartered city, at a meeting held by such legislative body not less than one year before the expiration of any such five year period.

Sec. 2. Whenever such contract has been duly entered into, the officers and employees of the county named therein, shall thereupon exercise the same powers and duties within such city, or town, or chartered city, as are conferred upon the respective officers or employees of such city, or town, or chartered city, specified in said contract, by State law and by local ordinance within such city and county. In any such contract the city, town, or chartered city, shall have power and authority to provide for the payment by such incorporated city, or town, or chartered city, to the county of such consideration as may be agreed upon with the county, the same to be paid to the county treasurer of the county.

Sec. 3. In the event that under such contract there takes place a unification of any of the departments of such county with a similar department of such city, town, or chartered city, and a consequent reduction in the number of employees of either of such departments and in any particular line of promotion, shall be necessary, such reduction shall be made only from among those employees most recently employed within such line of promotion without reference to any code number under which such employee is acting at the time of such reduction, and in such manner that the rule of seniority shall be preserved without discrimination between such employees of either such county or such city, town, or chartered city.

Sec. 4. Any such contract shall provide for the assumption of any and all municipal pension rights of said transferred employees by said counties, or by said incorporated city, or town, or chartered city, or by both.

All persons pensioned at the time of the execution of any such contract shall be deemed to have a vested property right in and to such pension fund for the payment of such pension and shall not be deprived thereof without the process of law.
SEC. 5. The provisions of this act shall not apply to either cities of the first or first and one-half class; nor shall this act be deemed to repeal or affect any other act authorizing agreements or contracts between counties and cities, nor shall it affect any such agreements or contracts.

CHAPTER 736.

An act to amend section 1197 of the Political Code, relating to election ballots.

[Approved by the Governor July 20, 1936. In effect September 15, 1935.]

The people of the State of California do enact as follows:

SECTION 1. Section 1197 of the Political Code is hereby amended to read as follows:

1197. 1. There shall be provided at each polling place, at each election at which public officers are voted for, but one form of ballot for all the candidates for public office, and every ballot shall contain the names of all the candidates whose nominations for any office specified on the ballot have been duly made and not withdrawn, as provided by law together with the title of the office arranged to conform as nearly as practicable to the plan hereinafter set forth.

2. The order in which the list of offices shall appear on the ballot shall, as to State offices and district offices, when the district includes more than one county, be determined by the Secretary of State, and shall as nearly as may be practicable be the same for all counties. The order in which the list of county offices or district offices embracing one county or less, shall appear on the ballot, shall be determined by the county clerk.

The order in which the list of candidates for any office shall appear upon the ballot shall be determined as follows:

The name of the incumbent shall appear first upon a list of all candidates for any office and if two or more positions are to be filled at the same time and more than one incumbent is running, the name of each of the incumbents shall appear in alphabetical order for that assembly district which is lowest in numerical order of any assembly districts in which such candidates are to be voted on; and thereafter for each succeeding assembly district in which such candidates are to be voted on the name appearing first for such office in the last preceding district shall be placed last, the order of the other names remaining unchanged.

The names of all other candidates for election for any office shall appear subsequent to the names of all incumbents and shall be determined in the following manner:
(a) If the office is an office the candidates for which are to be voted on throughout the entire State, including United States Senator in Congress, the Secretary of State shall arrange the names of all candidates for such office in alphabetical order for the first assembly district; and thereafter for each succeeding assembly district, the name appearing first for each office in the last preceding district shall be placed last, the order of the other names remaining unchanged; provided, however, that the names of candidates for the office of electors for President and Vice President shall be arranged in groups as presented in the several certificates of nomination, and the Secretary of State shall arrange such groups for the first assembly district in the alphabetical order of the names standing at the head of each of such groups as the first name therein and, thereafter, for each succeeding assembly district, the other group appearing first shall be placed last, the order of the groups remaining unchanged; but the order of the names within each of the several groups shall remain the same as presented in the several certificates of nomination and shall remain the same for all assembly districts. A blank column one-half inch wide shall be left upon the ballot opposite each group of names of candidates for electors for President and Vice President, and to the right of the column of voting squares for the individual names and separated from it by a light dotted line, which blank column shall contain a square in which may be stamped a cross (+) which shall be counted as a vote for each and every name in the group opposite. Lengthwise along this blank column shall be printed in heavy face type “a cross (+) stamped in this square shall be counted for each name of the group to the left.” The line separating any group of names from any other group shall be heavier than any line separating the individual names in each group, and shall extend across the blank column provided for in this paragraph. Below the top line of this extension shall be printed in small heavy face type the words “top of group,” and above the bottom line of the extension, the words “end of group.” At the top of each group of electors shall be placed the following: “________Elector. The Presidential nominee of the _______party is________and the Vice Presidential nominee is________.”

(insert name)

If the office is that of Representative in Congress, or is an office the candidates for nomination to which are to be voted on in more than one county or city and county, but not throughout the entire State, except the office of State Senator or Assemblyman, the Secretary of State shall arrange the names of all candidates for such office in alphabetical order for that assembly district which is lowest in numerical order of any assembly district in which such candidates are to be voted on; and thereafter for each succeeding assembly district in which such candidates are to be voted on the name appear-
ing first for such office in the last preceding district shall be placed last, the order of the other names remaining unchanged.

In certifying to each county clerk or registrar of voters the list of names as required in section 23 of the Primary Election Law, the Secretary of State shall certify and transmit the list of candidates for each office according to assembly districts, in the order of arrangement as determined by the above provisions; and in the case of each county or city and county containing more than one assembly district, he shall transmit separate lists for each assembly district. Except for the office of State Senator or Assemblyman, the order in which the names so certified shall appear upon the ballot, shall be for each assembly district the order as determined by the Secretary of State in accordance with the above provisions, and as certified and transmitted by him to each county clerk or registrar of voters.

(b) If the office is an office to be voted on wholly within one county or city and county, except the office of representative in Congress or State Senator or Assemblyman, the county clerk of such county or the registrar of voters of such city and county, shall arrange the names of all candidates for such office in alphabetical order, which order shall be the order of names upon the ballots; provided, there is no more than one assembly district in such county, or city and county. If there is more than one assembly district in such county or city and county, the county clerk or registrar of voters shall so arrange on the ballot the order of names of all candidates for such office that they shall appear in alphabetical order for that assembly district in such county, or city and county, which is lowest in numerical order, and thereafter for each succeeding assembly district in such county, or city and county, the name appearing first for each office in the last preceding assembly district shall be placed last, the order of the other names remaining unchanged.

(c) If the office is that of State Senator or Assemblyman, the names of all candidates for such office shall be placed upon the ballot in alphabetical order.

(d) If the office is a municipal office in any city or town whose charter does not provide for the order in which names shall appear on the ballot, the names of candidates for such office shall be placed upon the ballot in alphabetical order.

If the nomination of a candidate for any office shall be made by petition, filed within the time and manner provided by law, but subsequent to the determination of the order in which names of candidates shall appear on the ballot, the name of such candidates with the word "Independent" printed to the right thereof, shall be placed on the ballot next below the names of the other candidates for the same office; provided, however, that in the case of judicial officers and school officers the word "Independent" shall be omitted.

3. The order in which all questions and propositions (including proposed laws and constitutional amendments), which
are to be submitted to the vote of the electors, shall appear upon the ballot shall be determined by the Secretary of State. The Attorney General shall provide and return to the Secretary of State a ballot title or designation by which all such questions, propositions, proposed laws and constitutional amendments shall be designated upon the ballot; provided, however, any person who is interested in any question, proposition, proposed law or constitutional amendment, the petition as to which is being circulated for the purpose of having the same submitted under an initiative petition, as provided in section 1 of Article IV of the Constitution, to a vote of the electors, or any proposed constitutional amendment to be submitted to a vote of the electors, may at any time prior to one hundred thirty days before the election at which such question, proposition, proposed law or constitutional amendment is to be submitted to a vote of the electors, file a copy of said question, proposition, proposed law or proposed constitutional amendment with the Secretary of State, together with a request that a ballot title be prepared for the same; such request shall be accompanied with the address of the person or association of persons proposing such measure. The Secretary of State shall forthwith transmit a copy of said question, proposition, proposed law or constitutional amendment to the Attorney General. Within ten days after the same is filed with him, said Attorney General shall provide and return to the Secretary of State a ballot title for said measure. The ballot title may be distinguished from the legislative or other title of the measure and shall express in not exceeding one hundred words, the purpose of the measure. In making such ballot title, the Attorney General shall give a true and impartial statement of the purpose of the measure and in such language that the ballot title shall not be an argument or likely to create prejudice either for or against the measure. Immediately upon receipt of the ballot title as prepared by the Attorney General, the Secretary of State shall mail to any and all persons who may have requested the preparation of such ballot title, a notice addressed to such person or persons at the address accompanying such request, stating that the Attorney General has made and returned such ballot title, which notice shall also contain a copy of the ballot title as prepared by the Attorney General. Any person who is dissatisfied with the ballot title prepared by the Attorney General for any such question, proposition, proposed law or constitutional amendment may, after the same has been returned to the Secretary of State, as herein before provided, and within ten days after said notice shall have been mailed by the Secretary of State, as above provided, file in writing with the Secretary of State his objections, who shall forthwith file a copy of such question, proposition, proposed law or constitutional amendment, together with the title thereof as so prepared by the Attorney General and the said objections thereto, with the Board of Title Commissioners, which board shall consist of the three justices of
the District Court of Appeal of the State of California, in and for the third appellate district, who shall be ex officio title commissioners for the purposes of this act and which board is hereby created; said board shall fix a time at which any person may be heard either for or against the objection so made and shall notify all persons of the time so set and thereupon said Board of Title Commissioners shall proceed to consider the said title prepared by the Attorney General and the objections filed thereto, and shall prepare a title by which such question, proposition, proposed law or constitutional amendment shall be designated upon the ballot. Said title commissioners shall certify the said designation to the Secretary of State within ten days after said written objections have been received by them. The determination by the said board of title commissioners shall be final and conclusive. Such questions, propositions, proposed law and constitutional amendments shall be designated on the ballot by the said ballot title certified to the Secretary of State by the said Attorney General, or in case a different title has been prepared, certified and filed by the said Board of Title Commissioners, then such title shall be the title and designation by which any such question, proposition, proposed law or constitutional amendment shall be designated upon the ballot.

4. All ballots shall be not to exceed twenty-four inches in length, and shall be three inches in width, and as many times such width as may be necessary to contain the names of all candidates nominated, with proper blank spaces to allow the voter to write in names not printed on the ballot, and also a separate column or columns of sufficient width for statements of all questions, propositions or constitutional amendments submitted to vote of the electors. Each group of candidates to be voted on shall be headed by the designation of the office and the words “Vote for One” or “Vote for Two” or more, according to the number to be elected to such office; such designation of the office and of the number of candidates to be voted for shall be printed in heavy-faced gothic type, not smaller than ten point. The word or words designating the office shall be printed flush with the left-hand margin and the words “Vote for One” or “Vote for Two” or more, as the case may be, shall extend to the extreme right of the column and over the voting square. The designation of the office and the directions for voting shall be separated from the names of the candidates by a light line. The names of the candidates for such office shall be printed in eight-point roman type (capitals) in proper order below the designation of the office, and in the same line in which the name of the candidate is printed and at the right of the name, or immediately below the name if there shall not be sufficient space to the right thereof, shall be printed in eight-point roman type (lower case) the designation of the political party or parties, which shall not be abbreviated, by or on behalf of which such candidate has been nominated, the first political party so designated being the party with which such candidate was affi-
ated on the date his nomination papers were filed as ascertained by the Secretary of State from the affidavit of registration of such candidate in the office of the county clerk in the county in which such candidate resides; provided, that when a candidate has been nominated by petition, the word "Independent," shall be printed to the right of his name; and provided also, that as to candidates for judicial offices, and school offices the designation of the political party or parties, or the word "Independent," if there be an independent candidate, shall be omitted. The name of the candidate and the designation of the political party or parties by which he has been nominated shall be printed in a space three-eighths of an inch in depth, and shall be defined by light horizontal ruled lines, with a blank space on the right thereof three-eighths of an inch square, which blank space (called the voting square) shall be made use of by the voter to designate, by stamping a cross (\(\times\)) therein and after the name of the candidate, his choice of particular candidates.

All of the provisions of this section relating to the form and size of ballot, including the size of the type thereon, are mandatory. Any officer whose duty it is to supply such ballots who fails to supply ballots in compliance with such provisions shall be guilty of a misdemeanor.

5. The names of the candidates for an office shall not be separated from each other on the ballot by names of candidates for any other office, and the list of candidates for each office shall be separated from the lists of candidates for other offices by a double rule, above and below such list. Each series of the lists of candidates for the several offices shall be headed by the word "State," "Congressional," "Legislative," "County," or "Municipal" or other proper general classification, as the case may be, printed in heavy-faced gothic capital type, not smaller than twelve point, each such word being separated from the names of the candidates beneath by a three-point line.

Immediately under the name of each candidate and not separated therefrom by any line may appear, at the option of the candidate, one of the following designations:

a. Words designating the city, county, district or State office which the candidate then holds.

b. If the candidate be a candidate for the same office which he then holds, the word "incumbent."

c. The word designating the profession, vocation or occupation of the candidate. The profession, vocation or occupation so designated shall be the same as appears in the affidavit of registration of such candidate; provided, however, the word "incumbent" shall be used only under subsection b herein.

In all cases words so used shall be printed in eight-point roman bold-face capitals and lower-case type.

6. The left-hand side of each column of names on the ballot, and also the right-hand side of each column of voting squares, shall be bordered by a broad printed line one-twelfth of an inch wide. The ballot shall be so printed as
to give each voter a clear opportunity to designate, by stamping a cross (\( \pm \)) in a blank enclosed space hereinbefore designated as the voting square on the right of and after the name of each candidate whose name is printed on the ballot, his choice of particular candidates, or his choice of each and all of a group of candidates as provided in subdivision 2 of this section. The binding or stitching of each package of ballots shall be on the left side thereof. The ballot shall be printed on the same leaf with a stub not over one and one-half inches in width and separated therefrom by a perforated line from top to bottom, one-half inch to the left of the broad printed line along the left border of the ballot. Upon this stub shall be printed the number of the ballot only. On each ballot a perforated line shall extend across the top of the ballot one inch from the top thereof. The same number as appears on the stub shall be printed above said perforated line within two inches of the perforated line on the left-hand side of the ballot, and above this number shall be printed in parenthesis, in small type, as follows: (This number is to be torn off by inspector); and one-half inch to the right of this ballot number there shall be a short perforated line extended from the perforated line along the top of the ballot to the top edge of the ballot. Immediately above said perforated line shall be printed in black-face lower case type at least twelve point in size, and enclosed in a parenthesis, the following, ("Fold ballot to this perforated line, leaving top margin exposed."). Above this printed direction, and midway between it and the top edge of the ballot, shall be printed in black-face capital type at least twelve point in size, and, with the four middle words underlined or otherwise made prominent, the following: "MARK CROSSES (\( \pm \)) ON BALLOT ONLY WITH RUBBER STAMP; NEVER WITH PEN OR PENCIL." The number on each ballot shall be the same as that on the corresponding stub, and the ballots and stubs shall be numbered consecutively in each county. All ballots printed by county clerks or registrars of voters other than the separate ballots containing the names only of candidates for city and county offices, printed by the county clerks or registrars of voters of consolidated cities and counties, shall have printed immediately below the perforated line along the top of the ballot, and above the instructions to voters, the words in capital type at least twelve point in size the words "GENERAL TICKET," followed by the respective number of the congressional, senatorial, and assembly district in which the ballot is to be voted; and all ballots printed by county clerks or registrars of voters of consolidated cities and counties containing the names of city and county offices, and also all ballots printed by the clerk, registrar of voters, or secretary of a legislative body of any incorporated city or town, shall have printed in the same manner below the perforated line the words "MUNICIPAL TICKET." All municipal ballots shall be printed upon paper of a different tint from that of the general ballot.
7. All of the ballots of the same sort prepared by any county clerk or registrar of voters, or clerk or secretary of a legislative body, or other person having charge of the preparing of such ballots, for the same polling place, shall be precisely the same size, arrangement, quality and tint of paper, and kind of type, and shall be printed with black ink of the same tint, so that without the numbers on the stubs it shall be impossible to distinguish any one of the ballots from the other ballots of the same sort; and the names of all candidates printed upon the ballot shall be in type of the same size and character.

8. If two or more officers are to be elected for the same office for different terms, the terms for which each candidate for such office is nominated shall be printed on the ballot as a part of the title of the office. If at a general election an office is to be filled for a full term, and also for a vacancy in another term the list of candidates for the full term shall be placed on the ballot under the designation of the office with the words "Full Term" printed immediately thereafter, and the list of candidates to fill the vacancy shall be placed on the ballot under the designation of the office with the words "Short Term" printed immediately thereafter.

9. Whenever any question, proposition or constitutional amendment is to be submitted to the vote of the electors, there shall be printed at the right of the last column of names of candidates, another column, or columns of sufficient width, with voting squares, in which such question, proposition or constitutional amendment shall be designated, which designation shall consist of a statement prepared as herein provided for, and opposite such question, proposition or constitutional amendment to be voted on, in separate lines, the words "Yes" and "No" shall be printed. If an elector shall stamp a cross (+) in the voting square after the printed word "Yes," his vote shall be counted in favor of the adoption of the question, proposition or constitutional amendment; if he shall stamp a cross (-) after the printed word "No," his vote shall be counted against the adoption of the same.

10. On the top of the face of the ballot the following directions shall be printed:

**INSTRUCTIONS TO VOTERS.**

To vote for a candidate of your selection, stamp a cross (+) in the voting square next to the right of the name of such candidate. Where two or more candidates for the same office are to be elected, stamp a cross (+) after the names of all the candidates for that office for whom you desire to vote, not to exceed, however, the number of candidates who are to be elected. To vote for a person not on the ballot, write the name of such person under the title of the office in the blank space left for that purpose.

To vote on any question, proposition or constitutional amendment, stamp a cross (+) in the voting square after the word
"Yes" or after the word "No." All marks, except the cross (+) are forbidden. All distinguishing marks or erasures are forbidden and make the ballot void.

In elections when electors of President and Vice President of the United States are to be chosen, there shall be placed upon the ballot in addition to the instructions to voters as above provided, an additional instruction as follows: "To vote for all or a group of persons, stamp a cross (−) in the square opposite such group," this instruction appearing immediately before the words: "To vote for a person not on the ballot."

If you wrongly stamp, tear or deface this ballot, return it to the inspector of election and obtain another.

10. Except as to the order of the names of candidates, the ballots shall be printed substantially in the following form:
### INSTRUCTIONS TO VOTERS:

[Approved by the Governor July 20, 1935. In effect September 15, 1935]

**The people of the State of California do enact as follows:**

**Section 1.** Whenever proceedings have been taken in any municipality in this State for the formation of a portion of such municipality into a municipal improvement district under the provisions of the Municipal Improvement District Act of 1927, approved May 24, 1927, as approved or, as amended, and bonds of such district have been voted, all acts and proceedings of such municipality and of all of the officers thereof leading up to and including the formation of such district are hereby legalized, ratified and confirmed and declared valid for all intents and purposes, and any such dis-
district is hereby declared to be a legally formed municipal improvement district.

Sec. 2. In all cases where proceedings have been taken for the issuance of bonds of any municipal improvement district under said act and such bonds have been authorized by not less than two-thirds of all the voters voting at the election at which the question of the issuance of such bonds was submitted, the power to issue such bonds and all the acts and proceedings of such municipality and of the officers thereof leading up to and including the issuance and sale of such bonds if such bonds have heretofore been issued and sold, and all acts and proceedings heretofore taken by the municipality or any officials thereof if such bonds have not been issued and sold are hereby legalized, ratified, confirmed and declared valid to all intents and purposes, and bonds heretofore issued and sold are declared to be and shall be, in the actual form in which such bonds have been issued, the legal and binding obligations of and against such district, and bonds heretofore voted which may hereafter be issued and sold are declared to be and shall be the legal and binding obligations of and against such district, and the full faith and credit of such district is hereby pledged for the prompt payment and redemption of the principal and interest of all of said bonds.

Sec. 3. The taxes herein required to be levied and collected shall be in addition to all other taxes levied for municipal purposes and shall be collected at the same time and in the same manner as other municipal taxes are collected and be used for no other purpose than for the payment of said bonds and the accruing interest thereon.

Sec. 4. This act shall not operate to legalize any bonds which have been sold for less than par nor to legalize any bonds the issuance of which has not received the assent of two-thirds of the qualified electors of such municipal improvement district voting at an election held for the purpose of determining whether such indebtedness should be incurred nor to legalize any bonds which mature at a date more than forty years from the time of their issuance.
An act to amend sections 23 and 66 of an act entitled "An act to provide for work in and upon public streets, avenues, lanes, alleys, courts, places, sidewalks, highways, roads, and other public property and rights of way, in whole or in part, including property over which possession and right of use has been obtained under the provisions of section fourteen of Article one of the Constitution within municipalities, or within unincorporated territory and one or more municipalities, or lying within two or more municipalities, and for establishing and changing the grades of any such public streets, avenues, lanes, alleys, courts, places, sidewalks, highways, roads, properties or rights of way; and providing for the issuance and payment of street improvement bonds to represent certain assessments for the cost thereof, and providing a method for the payment of such bonds," approved April 7, 1911, as amended, relating to priority of liens and bonds.

[Approved by the Governor July 20, 1935. In effect September 15, 1935.]

Section 1. Section 23 of the act designated in the title hereof is hereby amended to read as follows:

Sec. 23. Said warrant, diagram and assessment, shall be recorded in the office of said superintendent of streets. When so recorded the several amounts assessed shall be a lien upon the lands, lots, or portion of lots assessed, respectively, and such lien shall so continue until it and any bond or bonds issued to represent the assessment be discharged of record. Such lien, whether a bond or bonds issue to represent the assessment or otherwise, shall be subordinate to all special assessment liens previously imposed upon the same property, but it shall have priority over all special assessment liens which may thereafter be created against the said property; and from and after the date of said recording of any warrant, assessment and diagram, all persons shall be deemed to have notice of the contents thereof. After said warrant, assessment and diagram are recorded, the same shall be delivered to the contractor, or his agent, or assigns, on demand, but not until after the payment to the said superintendent of streets of the incidental expenses not previously paid by the contractor, or his assigns; and by virtue of said warrant said contractor, or his agents or assigns, shall be authorized to receive the amount of the several assessments made to cover the sum due for the work specified in such contract and assessments.

Sec. 2. Section 66 of said act is hereby amended to read as follows:

Sec. 66. The bonds so issued by said treasurer shall be payable to the party to whom they issue, or order, and shall be serial bonds, as is hereinbefore described, and shall bear

They shall have annual coupons attached thereto, payable in annual order, on the second day of January of every year after the next October fifteenth following the date of the bond, until all are paid, and each coupon shall be for an even annual proportion of the principal of the bond. They shall have semiannual interest coupons thereto attached, as set forth in section 60 hereof. The city treasurer shall, in addition to his other duties in the premises, keep a record of all bonds issued by him, of all payments on said bonds with the dates thereof and of all penalties accruing thereon; and he shall report all payments of coupons or penalties upon said bonds, with the dates thereof, to the street superintendent, who shall forthwith indorse the same upon the margin of the record of the assessment to the credit of which the same are paid, and said assessment shall be a lien upon the property affected thereby, with priority as fixed in section 23 of this act, until the bond issued to represent the assessment and which it is hereby declared does represent the assessment, and the accrued interest thereon and the penalties, if any, shall be fully paid according to the terms thereof. Said bonds, by their issuance, shall be conclusive evidence of the regularity of all proceedings thereto under this act.

fire limits of such district, which said petition shall also be signed by the board of fire commissioners of such district, shall be presented to the board of supervisors of the county in which such district is located.

The petition must be verified by the affidavit of one of the petitioners and must be published at least two weeks preceding the hearing thereof, by the board of supervisors, in a newspaper of general circulation published in the county in which the district is located, together with a notice stating the time when such petition will be presented to the board of supervisors and that all persons interested therein may appear and be heard.

At such time the board of supervisors shall hear the petition, and any person interested therein and may adjourn such hearing from time to time. Upon the hearing of the petition the board of supervisors shall have the power to determine whether or not it is for the best interests of such district and of such contiguous territory that said territory be included in the fire limits of such district and such board of supervisors shall have the power to modify the boundaries of such contiguous territory proposed to be included in the fire limits of the district as set forth in the petition;

Provided, however, that the board of supervisors shall not modify the boundaries of such contiguous territory proposed to be included in the district as set forth in said petition so as to exclude therefrom any real property which will be benefited by inclusion in the fire limits of such district, nor shall any real property which will not in the judgment of the board of fire commissioners, be benefited by inclusion in the fire limits of such district, be included within the boundaries of the territory proposed to be included;

Provided, however, that the board of supervisors of said county shall not include within the fire limits of the district any areas of land not subdivided or any lots or parcels of property containing more than five acres of land each, if the owners thereof file objections to the inclusion of any such land within a district with said board. If the board of supervisors upon final hearing shall determine that it is for the best interests of such district and the territory proposed to be included therein that such territory be included, it shall make an order including such contiguous territory within the fire limits of the district which order shall describe the exterior boundaries of such contiguous territory.

Where any lot or parcel of land containing more than five acres is included within the fire limits of the district, the board of supervisors, upon application of the owner or owners of such lot or parcel, shall exclude from such district and from the taxable property therein, all of said lot or parcel in excess of five acres thereof, which five acres shall include all portions of said lot or parcel on which are situated any buildings or improvements.

Sec. 17. Section 3 1/3 of the act, the title of which is recited in section 1 hereof, is hereby repealed.

762. Tomatoes shall be suitable for canning purposes, and except in the case of the pear or plum types shall be vine-ripened. No tomato shall be regarded as suitable for canning purposes if

(a) Any worm or worms are present which have penetrated beyond the outer fleshy wall or fleshy core of the tomato.

(b) In excess of ten per cent of the weight of the tomato can not be used for canning purposes, due to damage caused by worms.

(c) In excess of ten per cent of the weight of the tomato can not be used for canning purposes, due to the presence of mold.

(d) In excess of twenty per cent of the weight of the tomato can not be used for canning purposes, due to presence of rot.

(e) In excess of twenty-five per cent of the weight of the tomato can not be used for canning purposes, due to the presence of sunburn or sunscald.

(f) In excess of twenty-five per cent of the weight of the tomato can not be used for canning purposes, due to the presence of growth cracks.

(g) In excess of twenty-five per cent of the weight of the tomato can not be used for canning purposes, due to the tomato being green or yellow at the butt (stem end).

(h) The tomato is sufficiently overripe, shriveled, frozen or frosted to make it useless for canning purposes.

(i) The tomato is not fairly well colored, which means that the tomato does not show at least two-thirds good red color, as such color is illustrated as "U. S. No. 2" in the color chart
of the United States Department of Agriculture, Bureau of Agricultural Economics, U. S. Grades for Cannery Tomatoes, in effect the day of the passage of this chapter.

763. Any load of tomatoes offered for delivery to a canner shall be rejected and turned back to the grower if in excess of ten per cent of the delivery by weight fails to comply with subsection (a), and/or (c) of section 762.

Any load of tomatoes offered for delivery to a cannery shall be rejected and turned back to the grower if in excess of fifteen per cent of the delivery by weight fails to comply with subsections (a) to (i) inclusive of section 762.

764. The size of tomatoes shall be determined by contract between buyer and seller, but in no event shall the minimum contract size be more than two inches in diameter, when measured through the widest portion of the cross-section, provided that there shall be no minimum size on pear or plum types.

765. The official standards established herein shall be the only standards of quality for canning tomatoes. The provisions of any contract to sell canning tomatoes, or to deliver them on consignment, dated subsequent to the effective date of this chapter, which prescribe other or different standards, shall be ineffective, and in such contracts the standards prescribed here shall be implied by law.

766. The standards established by this chapter shall be considered as a grade under the provisions of Division V, Chapter 1, of the Agricultural Code.

Said resolution shall fix a time and place for the hearing of the matter, not less than thirty days after the passage thereof, and direct the clerk of said board to publish the notice of intention of the board of supervisors to form such storm-water district and of the time and place fixed for the hearing, and shall designate some newspaper of general circulation, published and circulated in said proposed storm-water district, or if there is no newspaper so published and circulated, then some newspaper of general circulation published and circulated in each county in which any part of said proposed district is situated in which said notice is to be published.
SEC. 3. Section 24 of said act is hereby amended to read as follows:

Sec. 24. The improvements made under this act may include the widening, deepening, and straightening of the channels of the innavigable streams, watercourses, or washes, the construction of new courses therefor and the construction of levees, banks, dikes, conduits, ditches, canals, reservoirs, and the sinking of shafts for the conveyance of storm-waters of any innavigable stream, canyon or wash or for confining such streams, watercourses, or washes to their channel, or for the spreading, conveying, storing, retaining or causing to percolate into the soil within such district any and all such waters and terraces, ditches, banks, dikes and dams or other structures and the planting of trees, shrubs, grasses or other vegetation for the prevention or control of erosion on any lands within the district and said works may be done either within or without the boundaries of the district, as may be necessary in order to properly protect the land in said district from damage and secure a free outlet for such streams, watercourses, washes, and storm-water or to spread, conserve, store, retain or cause to percolate into the soil within such district any such water.

CHAPTER 743.

An act to amend sections 18 and 21 of an act entitled "An act to conserve the agricultural wealth of the State of California, and to prevent economic waste in the marketing of agricultural crops produced in the State of California, and in that behalf creating an Agricultural Prorate Commission; providing for the appointment of members of said commission, fixing the term of office of the members of said commission; prescribing the powers, duties and authority of said commission and the members thereof; providing for the institution of proration programs with respect
to agricultural crops; providing for the enforcement of such programs; providing penalties for violation of such programs; providing for the creation of funds for the purposes of said act and providing for the collection thereof; and making an appropriation therefor,'" approved June 5, 1933, relating to fees.

[Approved by the Governor July 20, 1935. In effect September 15, 1935]

The people of the State of California do enact as follows:

Section 1. Section 18 of said act is hereby amended to read as follows:

Sec. 18. In the event of the institution of a marketing program in a proration zone, it shall be the duty of the commission to forthwith select a proration program committee of five producers and two handlers operating within the zone. The producer members of said program committee shall be chosen by the commission from a group of fifteen nominees who are to be nominated by the producers. The commission in the selection of the program committee, shall take cognizance of and, in so far as possible, give representation upon such committee to the various geographical areas or districts coming under the proration program. No producer member of the program committee shall be a handler or processor or an employee or officer of a handler or processor, except that a nonprofit cooperative organization may be represented by officers or directors who are producers, providing that no more than three such producer members of the prorate program committee shall be members of the same nonprofit cooperative organization. In the case of commodities, the bulk of which is processed before consumption, one of the producer members of said program committee shall be a processor. In the event that the commission shall be of the opinion that a committee of seven will not afford adequate representation to all of the factors in the industry concerned, it may appoint a program committee of six producers and three handlers provided said producers are selected from the list of nominees selected by the growers as provided for herein. The members of such program committee shall not be entitled to compensation but may be reimbursed their actual and necessary traveling expenses. Such prorating program may be altered or modified from time to time by such committee.

Upon request of petitioners for the institution of a program or of a program committee therefor, the commission shall also appoint in the same manner as the program committee was appointed an alternate for each member of the committee. Such alternate shall be entitled to sit as a regular member of the committee in case the member for whom he is an alternate fails for any reason to attend any meeting of the committee.
Vacancies on the program committee occasioned by the death or resignation of any member, or by removal for incompetence or inattention or neglect of duties as a member of the program committee by the commission, or by a member ceasing to qualify as a producer or handler of the commodity concerned, shall be filled in the same manner as the original appointments were made.

The program committee shall appoint an agent, who shall administer the proration program under the direction of the program committee and who may be removed from office in the same manner as he was appointed.

Pending action by the commission on the approval of any such agent, he shall act as such and shall appoint such deputy agents and other assistants as may be necessary to properly direct the program. Such agent shall appoint such deputy agents and other assistants as may be necessary to direct the program which appointments shall be subject to the approval of the program committee. The salary and/or compensation received by the secretary shall not exceed the sum of five thousand dollars ($5,000) per annum from all sources and no officer or employee shall receive compensation based on a percentage of volume involved in a prorate program, or in any manner that would lend encouragement to the promotion of a proration program for the purpose of increasing salaries and income.

Sec. 2. Section 21 of the act cited in the title hereof is hereby amended to read as follows:

Sec. 21. The agent under each zone program shall collect for each certificate issued to the producers, a reasonable and proportional fee to be fixed by the program committee so calculated as to produce the expenses of the administration of the program, the costs of the institution of the program, and a proper proportion of the cost of the maintenance of the commission which shall be fifteen per cent of the fees collected for certificates, by the agent of the zone unless the commission determines that a lesser percentage will provide sufficient revenue for its maintenance.

All such fees shall be used under rules and regulations prescribed by the commission only for the purpose of defraying the expenses of the organization, administration and enforcement of the program under which they were collected and, to the extent herein prescribed, for the support of the commission. Not to exceed fifteen per cent of the fees collected for certificates shall be remitted weekly to the commission and shall be paid monthly by the commission into the State treasury to the credit of the “Agricultural Prorate Commission fund” which fund is hereby created. All moneys credited to such fund shall be used for the support of the commission. At the end of each marketing season and after payment of all of the costs of the operation of the program, if the funds collected during the season and still remaining for the use of the program committee exceed ten per cent of the
fees collected during the season, such funds shall be disbursed to the producers who contributed thereto in proportion to their contribution. No person, committee or commission shall have or receive any funds whatever under the provisions of this act until there shall have been filed and maintained with the Secretary of State in the manner prescribed by law by such person, committee or commission, individually or as a whole, an official bond or bonds in such penal sum or sums as may be prescribed by the commission.

[Approved by the Governor July 20, 1935 In effect September 15, 1935]

The people of the State of California do enact as follows:

One stenographer who shall receive one hundred twenty-five dollars per month.

SEC. 2. Section 23 of said act is hereby amended to read as follows:

Sec. 23. Whenever a municipal court is established for any city which lies partly within and partly without one or more judicial townships the board of supervisors of the county within which the municipal court is established shall immediately by ordinance divide such county into judicial townships as public convenience may require. Such redistricting shall not be effected in such manner as to affect the tenure of any judge or justice in the county, but such judge or justice may be required to serve in a court other than the one to which he was elected.

Chapter 746.

An act to amend the Political Code by amending sections 3456, 3466a and 3191, relating to reclamation districts.

[Approved by the Governor July 20, 1935. In effect September 15, 1935]

The people of the State of California do enact as follows:

Section 1. Section 3466a of the Political Code is hereby amended to read as follows:

3466a. After the lapse of one year from and after the expiration of the period of redemption of any land sold to the district, or county treasurer as trustee for the district, either pursuant to the provisions of section 3466, 3480 or section 3480a of this code, the county treasurer of the main county, when and as directed by the board of trustees of the district, may in their discretion then sell any land remaining unsold, to the highest bidder for cash at the front door of the courthouse of the main county of the district after giving previous notice of such sale, and the time and place of holding the same, by publication thereof in some newspaper published in the county in which the land to be sold or some portion thereof is situated for two times, to wit: once a week for two successive weeks. It shall be sufficient to describe said land in said notice by reference number as set forth in the assessment lists to which reference shall be made in said notice, and to the date and time of filing same, for further particulars. The trustees of the district shall have the right to reject any and all bids and no bid shall be accepted for an amount less than such price as shall be approved by them. No parcel shall be sold for an amount less than the fair market value thereof as such value shall be ascertained by the board of trustees. One or more parcels of such land may be included in the same notice and sold severally at the time and place set forth in said notice. Upon such last mentioned sale being made as herein provided the said county treasurer shall execute a deed to the purchaser conveying the land sold, upon payment of the price bid, which deed shall have the effect of conveying title to the land sold to the purchaser free of encumbrance, except district assessments (including the unpaid balance of said assessment for
the delinquency of which said property was sold) which upon
the date of the sale herein provided had not been called, and
except as may be otherwise provided by law, and such deed
duly executed and acknowledged shall be prima facie evidence
that all the proceedings for the levy and collection of the
delinquent assessment for which said land was sold, and all of
the proceedings for the sale of said land have been duly and
regularly taken, and all notices required to be given or pub-
lished have been so duly given and published for the time and
manner as required by law.

Where any land has been sold for a delinquent assessment,
pursuant to the provisions of section 3466, 3480 or 3480a of the
Political Code for a delinquent assessment or installment of
the same and no redemption has been made and the time for
redemption has expired, the district shall have the right to the
possession of the land so sold and unredeemed and the board
of trustees shall have the right to bring and maintain any and
all actions in equity or law in connection with said land and
the protection of the district’s rights therein to the same extent
as any other owner; and the costs and expenses of such action
or actions shall be a charge against the district. The board
of trustees shall also have the right to expend funds of the
district in such amounts that may from time to time be necessary
for the purpose of retiring any and all liens against such land
superior to the title of the county treasurer therein. The
trustees of the district shall have the management and control
of, and right to lease out to a tenant or tenants for such
reasonable rental and upon such terms as such trustees may
deem advisable, any and all lands in the district which have
been sold to the county treasurer, as trustee, for delinquent
assessments, where the time for redemption has expired and
said lands remain unsold and to receive and collect the rental
for the same. All rentals collected or moneys received by the
trustees of the district from such lease of land or for the use
or occupation of such land may be applied by them to the pay-
ment of the incidental expenses of holding and leasing said
lands and to the payment of any other incidental expenses of,
or legal charge against the district or for the purpose of pur-
chasing any outstanding bonds of the district matured or
unnatured together with the coupons thereto appertaining
at not more than the face value of such bonds plus the accrued
interest thereon: which said bonds and/or coupons when so
purchased shall be forthwith delivered to the county treasurer
and canceled, and to the payment of any call of any main-
tenance assessment on any tract of land theretofore bought in
by county treasurer as trustee of the district for a delinquent
installment of any assessment theretofore levied on any such
tract of land and then remaining unsold by said county treas-
urer; provided, however, that after the period of redemption
has expired all rentals collected or moneys received from lease
of land sold to the county treasurer as trustee of the district
pursuant to the provisions of section 3480 or 3480a of this code
or for the use or occupation of such land, less the incidental expenses of leasing or holding the same and less the amount required to pay any called or delinquent installment of any maintenance assessment on any tract of land which has been theretofore bought in by the said county treasurer for the payment of any delinquent installment of any assessment theretofore levied on any such tract of land, and then remaining unsold by such county treasurer, shall, in the event said district shall be in default for interest or principal payments on any of said bonds issued by said district, be deposited in said county treasury of the main county, to the credit of the bond fund of the district. An amount equal to the revenues derived from each tract by reason of the leasing, use or occupation thereof, less the incidental expenses of leasing and holding same, shall be credited by the county treasurer on the assessment lists against the delinquent charges on said tract. The provisions hereof shall apply to all lands heretofore sold for delinquency to a district or to the county treasurer, as trustee, as well as to future sales under assessments whether heretofore, or hereafter to be, levied.

Sec. 2. Section 3491 of said code is hereby amended to read as follows:

3491. In each reclamation district in this State, formed under this code or any statute, there shall be an election every two years, held at such time and place, in or near the district, and after such notice as the board of supervisors shall direct; provided, that the notice shall be not less than one month, and at such election each bona fide owner of lands in the district shall be entitled to vote in person or by proxy, and shall have right to cast one vote for each one dollar's worth of real estate owned by him or her in the district, the value thereof to be determined from the next preceding assessment-roll of the county, and a majority of the votes cast at such election shall elect. In all elections for trustees every owner of real estate shall have the right to cumulate his or her votes, and give one candidate as many votes as the number of trustees to be elected multiplied by the number of dollars' worth of real estate owned by him or her shall equal, or to distribute them on the same principle among as many candidates as he shall think fit.

The board of supervisors to which the petition for the formation of the district was presented shall, upon the verified petition of twenty per cent of the landowners in the district holding title or evidence of title to and owning at least twenty per cent in value of the lands in the district, appoint a time and place for holding such election, which election shall be held within sixty days from the time of such application; the place of such election shall in all cases be in or near the district.

Notice of such election shall be given by publication for not less than one month in a newspaper in each county in which any portion of the lands of the district are situate, if any newspaper is published therein, and if not, then in a newspaper having general circulation in such county.
The trustees elected under the provisions of section 3452 shall hold office until their successors are elected under the provisions of this section.

For the purposes of such election the board of supervisors of the county in which the whole or the larger part of the lands of any district are situate, must appoint from the landholders of the district one inspector and two judges of election, who shall constitute a board of election for such district; but in case the board of supervisors fail to appoint, or the persons appointed fail to attend at the time and place appointed for the election, the voters present at the time and place of opening the polls may appoint the board, or supply the place of an absent member thereof. Each member of the board must, upon entering upon his duties, be sworn to a faithful performance thereof by some person authorized to administer oaths. The board of election must canvass the votes cast and issue certificates of election to the persons elected, and must place the ballots, when canvassed, in an envelope and forward the same, sealed, to the clerk of the board of supervisors.

Any legally qualified voter may challenge any vote, and the board of election shall determine, by the oath of the parties or otherwise, as they may think proper, whether or not the person challenged is entitled to vote, and in case of challenge, either one of the board of election is hereby authorized to administer oaths.

The polls shall be open from 10 a.m. until 4 p.m.

In case of vacancy in the board of trustees, the board of supervisors shall, by appointment, fill such vacancy.

SEC. 3. Section 3456 of the Political Code is hereby amended to read as follows:

3456. (a) If such reclamation district is located, in whole or in part, within the Sacramento and San Joaquin Drainage District, then if and when the said reclamation board shall have approved the plan or plans of the works of reclamation, after a hearing as provided in section 3455 of this code, then the board of trustees of the reclamation district shall so report to the board of supervisors of the county within which the district or the greater part thereof is situate, and shall set forth in their said report the estimated cost of the said works of reclamation, and petition the said board of supervisors to appoint three commissioners who shall have no interest in any real estate within said district, each of whom, before entering upon his duties, shall make and subscribe an oath that he is not in any manner interested in any real estate within said district, directly or indirectly, and that he will perform the duties of a commissioner to the best of his ability. Upon receipt of said petition from the board of trustees the board of supervisors to whom the same was presented must within not more than sixty days appoint said assessment commissioners above referred to. Said commissioners must view and assess upon the land within said district the said sum so estimated and shall apportion the same according to the bene-
fits that will accrue to each tract of land ir said district, respectively, by reason of the expenditures of said sums of money, and shall estimate the same in gold coin of the United States. The sums must be collected and paid into the county treasury as hereinafter provided, and be placed by the treasurer to the credit of the district, and paid out for the works of reclamation upon the warrants of the trustees or, if bonds of such district have been issued upon said assessment, then said treasurer shall set the same apart as a separate fund for the purpose of paying the principal and interest of such bonds, and shall not pay any part of the moneys received from such assessment for any purpose other than the payment of the principal and interest of such bonds, and the expenses of county treasurer as hereinafter provided.

(b) In all cases when the work contemplated by the original or any supplemental plan of reclamation of any reclamation district shall have been completed, the trustees may so report to the board of supervisors of the county in which the district, or the greater part thereof is situate, together with a petition to the said board of supervisors to appoint assessment commissioners. Said report and petition shall set forth that the work contemplated by the original or supplemental plan of reclamation has been completed, and that hereafter the said reclamation district will only require funds for the maintenance and repair of the said works of reclamation. Upon filing said report and petition the said board of supervisors shall appoint three commissioners, each of whom shall be similarly qualified, and shall make and subscribe the same oath as is provided hereinabove for commissioners.

When so appointed and so qualified such commissioners shall prepare an assessment list, which list shall contain the following information in separate columns:

1. A description of each tract assessed by legal subdivisions, swamp land surveys, or other boundaries sufficient to identify the same.

2. The number of acres in each tract.

3. The names of the owners of each tract, if known; and if unknown, that fact; but no mistake or error in the name of the owner or supposed owner of the property assessed, and no mistake in any other particular, shall render the assessment thereof invalid.

4. The assessment valuation per acre of each tract assessed.

5. The total assessment valuations of each said tract.

6. A blank column for rate to be fixed as shown hereinafter.

7. A blank column for amount of assessment to be computed as shown hereinafter.

Thereafter said assessment valuations shall be used as a basis for assessments in raising funds for the maintenance and repair of the works of reclamation and incidental expenses of said district. Said assessment list, when completed, shall be filed with the clerk of the board of supervisors.
in the same manner as a report made under an original or modified plan of reclamation.

Thereupon the said board of supervisors shall appoint a time when it will meet for the purpose of hearing objections; said objections, if any, must be in writing, verified and filed with the clerk of said board of supervisors. Notice of the said hearing shall be given in the same manner and for the same time as notice of hearing objections to an original assessment. At said hearing, the board of supervisors shall hear such evidence as may be offered in support of said written objections, and may modify or amend the said assessment valuations in any particular. No objections to said assessment valuations shall be considered by the board of supervisors, or allowed in any other action or proceeding, unless said objections shall have been made in writing to the board of supervisors before the date of such hearing.

Any person aggrieved by the decision of the board of supervisors may commence an action in the superior court of the county in which the greater part of the said district is situate, to have said assessment valuations corrected, modified or annulled. Such action must be commenced within thirty days after said assessment valuations have been approved by the board of supervisors. If said action shall not be commenced within thirty days, no action or defense shall thereafter be maintained attacking the legality of said assessment valuations in any respect.

Thereafter, whenever, in the opinion of the trustees of the district, it shall be necessary to raise any sum for the construction, maintenance or repair of the works of reclamation, or for the incidental expenses of the district, the said board of trustees shall make an order, which order shall be entered in the minutes of the board and shall recite the total amount necessary to be raised and shall fix a rate designating the number of cents to be levied on each one hundred dollars of assessment valuation shown on the list prepared and approved in the manner hereinabove provided. Incidental expenses, as used in this section and in section 3480a of the Political Code are hereby declared to include, among other things, the difference in amount between the par value of refunding bonds sold pursuant to section 3480a of this act and the amount less than par for which said bonds may be sold, and also the amount necessary to be made available for the payment of interest upon said refunding bonds directed to be sold from the date of sale thereof to the date of maturity of the bonds to be refunded out of the proceeds of such sale.

Thereafter the board of trustees must complete said assessment list by inserting the rate and the total assessment in columns six and seven as provided therefor.

The assessment made in pursuance hereof shall be filed with the county treasurer and thereafter collected in the same manner provided for the collection of any original assessment; provided, however, that the board of trustees may, in their
discretion, direct the payment of any such assessment in one installment.

Said installment when called by the board of trustees shall constitute a lien on the lands and shall bear interest from the date of delinquency at the rate of seven per cent per annum.

The money so collected shall be placed by said county treasurer in which the greater portion of said district is situated, to the credit of said district in a separate fund to be designated "maintenance fund" of such district, and be paid out or disbursed only in payment of said costs of such maintenance, repairs, and incidental expenses thereof and only upon orders or warrants of the trustees of the district issued or drawn in payment of the cost or expense of such maintenance and repair of the works of reclamation of such district, and incidental expenses thereof as aforesaid and all orders or warrants so issued or drawn on such fund shall designate the said fund from which they are drawn and are to be paid, and shall not be required to be in the form specified in section 3457 of the Political Code; and warrants or orders issued or drawn by the trustees on said maintenance fund shall be presented to the said county treasurer of said county, and if there be insufficient money in said fund to pay the same, endorsement of that fact must be made thereon by said county treasurer, and any such warrant not paid for want of funds at the time it is presented shall be registered by said county treasurer separately from other warrants of the district and shall thereafter bear interest from their date at the rate of seven per cent per annum until paid, and be payable only from said maintenance fund, and in the order of their registration; and all of the provisions of section 3457 of the Political Code as to the payment or renewal of warrants shall be applicable to said warrants.

The report of assessment commissioners as herein provided, fixing the assessment valuations for reclamation purposes, after having first been approved by the board of supervisors as hereinafore provided, shall continue in force as the basis for raising necessary funds for construction, maintenance and repair of the works of reclamation, and for incidental expenses of the district until the trustees of said district, or the holders of title or evidence of title representing fifteen per cent or more of the lands within the district, shall petition said board of supervisors to make an order directing the commissioners who made the original assessment list or other commissioners, to be named in such order to prepare a new assessment list. Such commissioners must have the same qualifications and take the same oath as the original assessment commissioners.

The assessment list when so prepared by said commissioners shall be filed with the clerk of the board of supervisors, and shall thereafter in all respects be subject to the same provisions as an original assessment list. All provisions of this code relating to collection of unbonded assessments and sale
of land for delinquent assessments, and for sale, leasing and other disposition of land as in section 3466a of this code provided, shall be applicable to assessments levied in accordance with the provisions of this section.

[Approved by the Governor July 20, 1935 In effect September 15, 1935]

The people of the State of California do enact as follows:

SECTION 1. SEC. 2. In addition to the powers conferred by law, and not in derogation or in limitation thereof, any State agency is hereby authorized, enabled and empowered to enter into and execute appropriate contracts with the Water Project Authority of the State of California, a body politic and corporate, created in and by the Central Valley Project Act of 1933, Chapter 1042 of the Statutes of 1933, for any and all the purposes and objects of the said act and as provided and contemplated therein; and any such State agency is hereby
authorized, enabled and empowered to comply with any and all the terms, provisions and conditions of any such contract.

Sec. 3. Any such State agency may, in any such contract, provide therein for the segregation and allocation of any and all revenues received by any such State agency from the sale, use or distribution of any water, use of water, electric energy or other facilities to be received, used or distributed by any such State agency under such contract with the said Water Project Authority; and, pursuant to the terms and provisions of any such contract, may segregate, allocate and devote any such revenues, in whole or in part, solely for the purpose of making payments to said Water Project Authority, for such water, use of water, electric energy or other facilities to be received, used or distributed under any such contract; and any such State agency may further provide in any such contract for the pledge, in whole or in part, of any such revenues for the purpose of securing to the said Water Project Authority any payments which may become due under any such contract, and may, pursuant to the terms of any such contract, so pledge such revenues, in whole or in part, for any such purpose.

Sec. 4. Any such State agency may further, in any such contract, promise and agree to and with said Water Project Authority to establish and maintain a special account to be created in and from its general fund, or other appropriate fund, and may, pursuant thereto, create, establish and maintain such special account, and any and all funds accruing to said special account, or deposited therein, in compliance with the terms and provisions of any such contract shall be and constitute a trust fund for the purpose of making payments to said Water Project Authority, as may be provided in such contract.

Sec. 5. If any section, subsection, sentence, clause or phrase of this act is for any reason held to be unconstitutional, void or inoperative, the unconstitutionality or invalidity of such section, subsection, sentence, clause or phrase, shall not affect the validity of the remaining portions of this act. The Legislature hereby declares that it would have passed this act and each section, subsection, sentence, clause and phrase thereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses or phrases be declared unconstitutional, void or inoperative.

When made, the plea must be entered in the minutes. All certificates must be of uniform size as determined by the county clerk. Each signer of a certificate must not at the time of signing a certificate have his name signed to any other certificate for any other candidate for the same office, nor, in case there are several places to be filled in the same office, signed to more certificates for candidates for said office than there are places to be filled in such office. In case an elector has signed two or more conflicting certificates, all his signatures shall be rejected.
(5) The candidate or any five qualified electors of the district may appoint verification deputies to secure the signatures to certificates of nomination and the document in which such verification deputies are appointed, as herein provided, shall be filed with the county clerk at or before the time the certificate of nomination is left with the county clerk for filing or for examination. Said document shall be in substantially the following form:

The county clerk shall endorse thereon the date upon which the certificate was presented to him and shall forthwith examine the same and ascertain whether or not it conforms to the provisions of this section. If found not to conform thereto, he shall immediately, in writing, designate on said petition the defect or omission or reason why such certificate can not be filed and shall return the certificate to the person therein designated. The certificate may then be amended and again presented to the clerk as in the first instance and he shall forthwith examine the same. If necessary the board of supervisors shall provide extra help to enable the clerk to perform satisfactorily and promptly the duties imposed by this section.

(7) Any signer of a certificate of nomination may withdraw his name from the same by filing with the county clerk a written revocation of his signature before the certificate is filed by the clerk and not otherwise. He shall then be at liberty to sign a certificate for another candidate for the same office.

(8) Any person who has been nominated under this section as a candidate may, not later than twenty-five days before the day of election, cause his name to be withdrawn from nomination by filing with the county clerk a written request therefor. No name so withdrawn shall be printed upon the ballot. If, upon such withdrawal, the number of candidates
remaining does not equal the number to be elected, then other nominations may be made by filing certificates therefor not later than twenty-five days prior to such election.

(9) If either the original or amended certificate of nomination be found insufficiently signed, the clerk shall file the same twenty-five days before the date of the election. When a certificate of nomination shall be filed with the clerk it shall not be withdrawn nor added to.

(10) The county clerk shall preserve in his office, for a period of two years, all certificates of nomination filed under this section.

(11) Immediately after such certificates are filed, the county clerk shall enter the names of the candidates in a list, with the offices to be filled, and shall, not later than twenty days before the election, certify such list as being the list of candidates nominated, and the board of supervisors shall cause said certified list of names and the offices to be filled to be published in a proclamation calling an election at least once a week for two successive weeks next before the date of the election in some newspaper of general circulation published in the district and designated by the board of directors of the district. In case there is no newspaper of general circulation published in the district, such board of directors may designate any newspaper of general circulation published in the county. Such proclamation shall conform in all respects to the general State law governing the conduct of general elections now or hereafter in force, applicable thereto, except as otherwise herein provided.

(12) The county clerk shall cause the ballots to be printed and bound and numbered as provided by said general State law, except as otherwise required in this act. The ballots shall contain the list of names and the respective offices as published in the proclamation and shall be in substantially the following form:

General (or Special) District Election,  
_____ County Water District  
(Inserting date thereof.)

Instructions to Voters: To vote, stamp or write a cross (+) opposite the name of the candidate for whom you desire to vote. All marks otherwise made are forbidden. All distinguishing marks are forbidden and make the ballot void. If you wrongly mark, tear or deface this ballot, return it to the inspector of election, and obtain another.

(13) All ballots printed shall be precisely on the same size, quality, tint of paper, kind of type, and color of ink, so that without the number it would be impossible to distinguish one ballot from another; and the names of all candidates printed upon the ballot shall be in type of the same size and style. A column may be provided on the right-hand side for questions to be voted upon at water district elections, as provided for under this act. The names of the candidates for each office
shall be arranged in alphabetical order, and nothing on the ballot shall be indicative of the source of the candidacy or of the support of any candidate.

(14) The ballot shall contain the following instructions: "For director vote for (giving number)."

(15) A half-inch square shall be provided at the right of the name of each candidate wherein to mark the cross.

(16) Half-inch spaces shall be left below the printed names of candidates for each office equal in number to the number to be voted for, wherein the voter may write the name of any person or persons for whom he may wish to vote.

(17) The county clerk shall cause to be printed sample ballots, identical with the ballot to be used at the election, and shall furnish copies of the same on application to registered voters at his office at least five days before the date fixed for such election, and shall mail one such ballot to each voter entitled to vote at such election, so that all of said sample ballots shall have been mailed at least three whole days before said election.

(18) In case there is but one person to be elected to an office, the candidate receiving a majority of the votes cast for the candidates for that office shall be declared elected; in case there are two or more persons to be elected to an office, then those candidates equal in number to the number to be elected, who receive the highest number of votes for such office shall be declared elected; provided, however, that no person shall be declared elected to any office at such first election unless the number of votes received by him shall be greater than one-half the number of ballots cast at such election.

(19) If at any election held as above provided there be any office to which the required number of persons was not elected, then as to such office the said first election shall be considered to have been a primary election for the nomination of candidates, and a second election shall be held to fill said office. The candidates not elected at such first election, equal in number to twice the number to be elected to any given office, or less if so there be, who receive the highest number of votes for the respective offices at such first election, shall be the only candidates at such second election; provided, that if there be any person who, under the provisions of this subdivision, would have been entitled to become a candidate for any office, except for the fact that some other candidate received an equal number of votes therefor, then all such persons receiving such equal number of votes shall likewise become candidates for such office. The candidates equal in number of the persons to be elected who shall receive the highest number of votes at such second election shall be declared elected to such office.

(20) The said second election, if necessary to be held, shall be held three weeks after the first election.

(21) All the provisions and conditions above set forth as to the conduct of an election, so far as they may be applicable,
shall govern the second election, except that notice of election need be published twice only; and provided, also, that the same precincts and polling places shall, if possible, be used.

(22) If a person elected fails to qualify, the office shall be filled as if there were a vacancy in such office, as provided in section 4 of this act.

(23) No informality in conducting district elections shall invalidate the same.

Sec. 2. Section 7 of said act, as amended, is hereby amended to read as follows:

Sec. 7. Every incumbent of the office of director, whether elected by popular vote for a full term, or appointed by the board of directors to fill a vacancy, is subject to recall by the voters of any county water district organized under the provisions of this act, in accordance with the recall provisions of the general laws of the State applicable to officers of counties.

Sec. 3. Section 12 of said act, as amended, is hereby amended to read as follows:

Sec. 12. Any county water district incorporated as herein provided shall have power:

1. To have perpetual succession;
2. To sue and be sued, except as otherwise provided herein or by law, in all actions and proceedings in all courts and tribunals of competent jurisdiction;
3. To adopt a seal and alter it at pleasure;
4. To take by grant, purchase, gift, devise, or lease; to hold, use, enjoy, and to lease or dispose of real and personal property of every kind, within or without the district, necessary to the full exercise of its powers;
5. To construct, purchase, lease or otherwise acquire waterworks and other works and machinery, canals, conduits and reservoirs, and to purchase, lease or otherwise acquire water rights, storage sites, watersheds, lands, rights and privileges, useful or necessary to convey, supply, store or otherwise make use of water for irrigation, power or other useful purposes, and to operate and maintain such water rights, water works, canals, conduits, reservoirs, storage sites, watersheds, works, machinery, lands, rights and privileges for the uses aforesaid for the benefit of the district;
6. To store water for the benefit of the district; to conserve water for future use; to appropriate, acquire and conserve water and water rights for any useful purpose; to commence, maintain, intervene in and compromise, in the name of the district, and to assume the costs of any action or proceeding involving or affecting the ownership or use of waters or water rights within the district used or useful for any purpose of the district or a benefit to any land situated therein; to commence, maintain, intervene in, defend and compromise actions and proceedings to prevent interference with or diminution of the natural flow of any stream or natural subterranean supply of waters used or useful for any purpose of the district or a common benefit to the lands within the district or its inhabitants; and
to commence, maintain and defend actions and proceedings to prevent any such interference with the aforesaid waters as may endanger the inhabitants or lands of the district;

7. To lease of and from any person, firm or public or private corporation, with the privilege of purchase, or otherwise, existing water rights, water works, canals, or reservoir systems; and to carry on and maintain the same; also to sell water, or the use thereof, for irrigation, power, or other useful purposes, and whenever there is a surplus, sell, or otherwise dispose of the same, to municipalities, or towns, or to consumers, located, within or without the boundaries of the district;

8. To have and exercise the right of eminent domain in the manner provided by law for the condemnation of private property for public use, to take any property necessary to supply the district or any portion thereof with water, whether such property be already devoted to the same use or otherwise, and may condemn any existing water rights, canals, reservoirs, storage sites, watersheds, water works or systems, or any portion thereof owned by any person, firm or corporation; provided that property and water rights of municipal corporations shall not be subject to the provisions of this section. In proceedings relative to the exercise of such right, the district shall have the same rights, powers and privileges as a municipal corporation;

9. To cooperate and contract with the United States, under the Federal Reclamation Act of June 17, 1902, and all acts amendatory thereof or supplementary thereto, or any other act of Congress heretofore or hereafter enacted, authorizing or permitting such cooperation or contract for purposes of construction of works, whether for irrigation, drainage, flood control or for the development of electric or other power, or for the acquisition, purchase, extension, operation or maintenance of such works, or for a water supply, or for the assumption as principal or guarantor of indebtedness to the United States, and to carry out and perform the terms of any contract so made; and for said purposes the district shall have all powers, rights and privileges possessed by irrigation districts and exercise such powers, rights and privileges in the same manner as irrigation districts, all as provided in that certain act of the Legislature of the State of California entitled "An act to authorize irrigation districts to cooperate and contract with the United States under the provisions of the Federal reclamation laws for a water supply, or the construction, operation or maintenance of works, including drainage works, or for the assumption by the district of indebtedness to the United States on account of district lands; and to provide the manner and method of payment to the United States under such contract, and for the apportionment of assessments, and levy thereof, upon the lands of the district to secure revenue for such payments and to provide for the judicial review and determination of the validity of the proceedings in connection with such contract," approved May 5, 1917, as such act now exists or may
hereafter be amended; provided that if any section, subsection, sentence, clause or phrase of said act of May 5, 1917, is for any reason held to be unconstitutional, such decision shall not affect the validity of the adoption by reference herein of the remaining portions of said act of May 5, 1917, and the Legislature hereby declares that it would have referred to and incorporated by reference in this act the provisions of said act of May 5, 1917, and each section, subsection, sentence, clause or phrase thereof, irrespective of the fact that any one or more other sections, subsections, sentences, clauses or phrases of said act of May 5, 1917, be declared unconstitutional; and provided further, that in any such contract made between a county water district and the United States, the lands which may be charged with any taxes or assessments under such contract, shall be designated and described, and the contract shall not include any lands which are not susceptible of service with water from the water works or system contemplated under such contract. The proceedings for voting at an election upon a proposal to enter into such contract with the United States shall be had in so far as applicable in the manner provided in the case of the ordinary issuance of bonds by county water districts. Notwithstanding any provision of said act of May 5, 1917, as such act now exists or may hereafter be amended, or any other provision of this act or other law, when any district has contracted with the United States under the provisions of this or any other act for the construction of works or for the acquisition, purchase, extension, operation or maintenance of such works or for water supply, then, in the event that the revenues of the district from water rates shall be, or in the judgment of the board of directors are likely to be, inadequate to pay all charges payable to the United States under such contract, and all charges for construction, acquisition, operation and maintenance of any irrigation, drainage, flood control or power system or works acquired or constructed under such contract, any tax or assessment, general or special levied for the payment of any of said charges in any manner provided by law shall be levied only upon land exclusive of improvements and personal property in the portion of such district to be served with water under such contract as theretofore described or thereunder modified;

10. To borrow money and incur indebtedness and to issue bonds or other evidences of such indebtedness; also to refund or retire any indebtedness or lien that may exist against the district or property thereof;

11. To cause taxes to be levied for the purpose of paying any obligation of the district and to accomplish the purposes of this act in the manner herein provided;

12. To make contracts, to employ labor and to do all acts necessary for the full exercise of the foregoing powers. The board of directors of the district may, but shall not be required to, cause to be performed or carried out construction or other work by contract or by the district, under its own
superintendence in any manner authorized as to irrigation districts in section 53 of the California Irrigation District Act, as now existing or as hereafter amended;

13. To contract with the United States upon such terms as the board of directors may find to be to the best interest of the district, for permanent or temporary service of water to Indian lands lying within the exterior boundaries of the district;

14. To sell or lease any lands belonging to the district for oil, gas or other hydrocarbon substances or other minerals, when deemed by the board for the best interest of the district.

Sec. 4. A new section is hereby added to said act, as amended, to be numbered 16a and to read as follows:

Sec. 16a The board of directors may, by resolution, submit to the electors of the district, a proposition for the issuance of new bonds for the purpose of refunding any or all of the bonds outstanding, voted by such electors and in like manner may submit to the electors of any improvement district of the district a proposition for the issuance of new bonds for the purpose of refunding bonds voted by the electors of such improvement district, which proposition may be voted on at any general or special water district election and the procedure upon such election shall be in accordance, so far as applicable, with the procedure upon an original issue of bonds, except that no hearing need be held upon the question whether the bond issue will benefit the entire district or only a portion thereof and the vote of a majority of the electors voting upon the proposition shall be sufficient to authorize the issue of refunding bonds. Such refunding bonds shall not bear a higher rate of interest than the bonds to be refunded and may be issued and sold in the manner and form prescribed for an original issue of bonds and may, if the holders of bonds of an original issue and the board of directors so agree, be exchanged for such original bonds, provided that the face value of the refunding bonds so exchanged shall not exceed the face value of the original bonds. The board of directors may raise money by water rates or taxes to pay principal and interest of such refunding bonds in the same manner as prescribed for payment of bonds of an original issue.

Sec. 5. Section 25 of the act cited in the title hereof is hereby amended to read as follows:

Sec. 25. Any portion of a county or of any municipality, or both, consisting of lands susceptible of service with water from works of the district, or practicable works in connection therewith, which lands will be benefited by such service and may consist of several parcels which are or are not contiguous with each other nor with the boundary of the district, may be added to any district organized under this act at any time, in the following manner:

(a) A petition may be filed with the secretary of the board of directors, signed by a majority in number of the holders of title, or evidence of title, to the lands proposed to be added,
who shall hold title or evidence of title, to a majority in acreage of said lands, containing a description of said lands sufficient to identify the same and praying that said lands be added to the district. Such petition may consist of one or more separate instruments and each signature thereto shall be acknowledged or proved in the manner required to entitle an instrument to be recorded.

(b) The secretary of the board of directors shall, commencing not later than forty days after the filing of the petition, cause to be published in a newspaper printed and published in the district, or a newspaper printed and published in the county, if there be no newspaper printed and published in the district, once a week for two successive weeks a notice stating the purpose of the petition and describing the lands proposed to be added and notifying all persons interested in or who may be affected by the proposed addition of said lands to the district to appear at the office of the board at a time named in such notice for the hearing of said petition and objections thereto and show cause in writing, if any they have, why said lands, or any part thereof, should not be added to the district. The time of hearing to be specified in said notice shall be that of the regular meeting of said board next after the expiration of the time for publication of said notice.

The secretary shall, within two days after first publication of said notice, send a copy thereof by mail to each person who has not signed the petition, to whom any lands proposed to be added to the district were assessed on the last equalized county assessment roll, at the address of such person appearing on said assessment roll. Irregularity or defect in mailing, or failure to mail such copies shall not in any manner impair nor invalidate the addition of such lands to the district. The petitioners shall advance to the secretary the cost of publication and mailing of such notice, and unless so advanced at the time of filing the petition, or provided by the board the secretary shall not publish nor mail the notice.

(c) At the time of hearing specified in said notice, or other time to which the hearing shall be adjourned, the board of directors shall proceed to hear the petition and all written objections thereto and if said board shall find that said petition complies with the requirements of this act and that the addition to the district of the lands proposed to be added, or some portion thereof, is authorized by this act and will be for the best interest of the district, and of the lands to be added the board shall by ordinance declare that said lands, or said portion thereof, shall be added to the district. Said board shall not determine that only a portion of said lands shall be so added, unless the petitioners include a majority in number of the holders of title, or evidence of title to said portion of said lands and represent a majority in acreage thereof. The ordinance shall contain a description of the lands added to the district, sufficient to identify the same.
(d) The board of directors may, without petition, except as may be required by the laws of the United States, by resolution propose the addition to the district of any public lands of the United States which might, if privately owned, be added on petition. The secretary of said board shall thereupon cause publication of notice stating such proposal and otherwise complying with subdivision (b) of this section and said board shall hold a hearing pursuant to said notice and if said board shall find that all requirements of this act and of the laws of the United States have been complied with and that the addition of said lands, or some portion thereof is authorized by this act and will be for the best interest of the district and of the lands to be added, the board shall by ordinance describe said lands, or portion thereof and declare that said lands, or said portion thereof, shall be added to the district.

(e) If no petition for the holding of an election for the disapproval and veto by the electors of any ordinance adding lands to the district be filed within the period provided by law, after the adoption of such ordinance, then said ordinance shall be effective.

(f) The president and secretary of the board of directors shall, if no petition for disapproval and veto of such ordinance is filed within the time provided by law, or if such petition is filed and upon the election the electors shall not disapprove and veto said ordinance, forthwith file with the Secretary of State and with the county recorder of the county in which said district is located certified copies of said ordinance and certificates stating said facts and the Secretary of State shall, within ten days after receipt of such papers, issue his certificate, reciting the addition to the district of the lands so added and describing the same and shall transmit to and file with the county clerk of the county in which said district is located a certified copy of said certificate. From and after the date of said certificate the lands therein described shall be deemed added to the district and form a part thereof, and shall be subject to existing bond issues and indebtedness of the district.

Sec. 6. Section 25a is hereby added to the act cited in the title hereof to read as follows:

Sec. 25a. Any lands, situate in any county which lies contiguous to the county in which any county water district was organized, may be added to such district, under the requirements and in the manner set forth in section 25 of this act. In addition to said requirements the notice of hearing upon the petition or proposal for addition of said lands shall be published in at least one newspaper printed and published in the county in which said lands are situate; the president and secretary shall file with the county recorder of said county duplicates of the papers required to be filed with the Secretary of State and the latter shall file with the county clerk of said
county a certified copy of his certificate reciting the addition of said lands.

After said lands have been added to the district:

(a) The secretary of the board of directors of the district shall perform all duties prescribed by law to be performed by county clerks in connection with district elections and for such purpose is authorized to procure from the proper county clerks all requisite registration books and copies of indexes thereof; all papers required by this act to be filed with county clerks shall be filed with said secretary and the board of directors shall perform all duties prescribed by law to be performed by boards of supervisors in connection with district elections; and

(b) The district shall assess property and levy and collect taxes in the manner prescribed in sections 30 to 51, inclusive, of this act.

Sec. 7. Section 25b is hereby added to the act cited in the title hereof to read as follows:

Sec. 25b. If the board of directors shall, on any hearing on a petition to add lands to the district find that such addition of any lands without condition would work an injury to lands already within the district, the board may by resolution prescribe conditions upon such addition, either by providing for priority of right to water for the lands theretofore in the district, or for the payment of special taxes upon the lands to be added, or special rates for water served such lands, or for such other conditions as may to the board seem just. As part of such conditions said board may in its discretion prescribe that the lands so added shall be added to and form a part of any improvement district then existing within the county water district or shall constitute one or more additional improvement district or districts.

If any such conditions be prescribed by the board, the board shall adjourn the hearing upon the addition of said lands for not less than thirty nor more than sixty days. If upon the adjourned hearing it shall appear that written objections to the addition of said lands subject to such conditions have been filed with the secretary of the board, signed and acknowledged by the majority in number of holders of title, or evidence of title, to said lands, representing a majority in acreage of said lands, then said board shall by resolution dismiss said petition. If such objections have not been so filed, the board may proceed by ordinance to declare that said lands shall be added to the district subject to said conditions.

Without any other proceedings than those necessary to comply with the laws of the United States and regulations issued thereunder, the board of directors may by any ordinance providing for addition to the district of any public lands of the United States impose upon such lands any such conditions as the board may deem just.
SEC. 8. Section 52 of the act cited in the title hereof is hereby repealed and a new section is hereby added to said act, to be numbered section 52, and to read as follows:

Sec. 52. All lands which are now privately owned and situate within the exterior boundaries of any district organized and existing under this act but which were public lands of the United States or lands of this State at the time of the organization of such district and have not heretofore been added to such district are hereby added to such district. The Legislature hereby finds and determines that all such lands are and will be benefited by the organization, existence and operation of such district.

Sec. 9. Section 54 is hereby added to the act cited in the title hereof to read as follows:

Sec. 54. Districts May Be Consolidated. Two or more districts organized or existing under this act may be consolidated, as hereinafter provided, whether their boundaries are contiguous or not, and when so consolidated the consolidated district shall possess all the powers and be governed by and be subject to all of the provisions of this act (except as hereinafter otherwise provided) as though originally organized under this act.

Sec. 10. Section 55 is hereby added to the act cited in the title hereof to read as follows:

Sec. 55. Petition. When in the judgment of the board of directors of a county water district it is for the best interests of such district that it be consolidated with one or more other districts organized or existing under this act, or when there is presented to said board a petition signed by signers equal in number and possessing the qualifications required by this act for a petition for the organization of a county water district, said board must pass a resolution reciting such facts and declaring the advisability of such consolidation and its willingness to consolidate, and forward to the State Engineer a copy thereof, duly certified to be such by the president or secretary of the district.

Sec. 11. Section 56 is hereby added to the act cited in the title hereof to read as follows:

Sec. 12. Section 57 is hereby added to the act cited in the title hereof to read as follows:

Sec. 57. Report by State Engineer; Recommendation; Favorable report. Upon the completion of such examination, but not more than ninety (90) days after the receipt by him of a copy of the resolution from the board last adopting the same, the State Engineer shall submit to the board of directors of each of said districts his report thereon.
In case said State Engineer shall consider the elimination of a portion of the lands included in any of the original districts advisable, he shall recommend the same in his report, stating his reasons therefor. He shall also set out the boundaries of the consolidated district recommended.

Sec. 13. Section 58 is hereby added to the act cited in the title hereof to read as follows:

Sec. 58. Election. Within ten (10) days after receiving said report, if the State Engineer deems such consolidation desirable, the board of directors of each of said districts must make an order calling a special election at which shall be submitted to the electors of such district possessing the qualifications required of electors under this act the question whether or not said consolidation shall be effected, which said election shall be conducted and returns canvassed so far as practicable in accordance with the requirements for the general county water district election provided for in this act. The boards of directors of each of the two or more districts proposed to be consolidated shall fix a date upon which said election shall be held for the purpose of voting upon such consolidation within their respective districts, provide for the holding of such election on the day so fixed, and give notice of the holding of such election, which notice shall contain the resolution calling the election adopted by such boards of directors of said county water districts. Said boards of directors shall also each fix the boundaries of voting precincts within their respective districts, the location of polling places, and the names of the officers selected to conduct the election, who shall consist of one judge, one inspector and two clerks in each precinct. Notice of such election shall be given for the time and in the manner, and the holding thereof shall be, so near as may be, in accordance with the provisions for the holding of elections for the issuance of bonded indebtedness, as provided by section 15 of this act. The ballots shall contain the words “Consolidation—Yes” and “Consolidation—No,” or words equivalent thereto, and if a majority of the votes cast in each district are “Consolidation—Yes,” then such districts shall be consolidated.

At such election there shall also be elected the directors of the consolidated district, who shall be nominated and voted for as herein provided as to the nomination and election of directors of a county water district.

Sec. 14. Section 59 is hereby added to the act cited in the title hereof to read as follows:

Sec. 59. Report of State Engineer Unfavorable; Action by Board. After receiving said report, if said State Engineer deems such consolidation not desirable, or if no report is received from said engineer within ninety (90) days after the submission to him of said copy of said resolution from the board last adopting the same, said boards of directors, if they shall determine and declare by resolution that the proposed consolidation is desirable, shall make an order calling a special
election in the same manner as provided in section 5 hereof, which said election shall be conducted in the same manner and upon the same notice as provided therein.

Sec. 15. Section 60 is hereby added to the act cited in the title hereof to read as follows:

Sec. 60. Officers. Upon the voters of said districts consolidating said districts as herein provided, the directors then elected shall thereupon become the directors of such consolidated district and shall qualify, organize and elect officers in the manner provided for a newly organized district.

Sec. 16. Section 61 is hereby added to the act cited in the title hereof to read as follows:

Sec. 61. Indebtedness. The report of said engineer shall recommend the apportionment to the lands of the respective districts any outstanding indebtedness that he deems equitable, and the board of directors of the consolidated district, if such consolidation be made, shall, within sixty (60) days after such consolidation, act upon such recommendation and shall apportion to the lands of said consolidated district any outstanding indebtedness as it deems equitable.

Sec. 17. Section 62 is hereby added to the act cited in the title hereof to read as follows:

Sec. 62. Name and Powers of District. In the original resolution of consolidation, the said boards of directors of the several districts shall specify the name agreed upon for said consolidated district, and, if such consolidation is adopted at such election, then said consolidation shall be immediately effective and the districts consolidated shall cease to exist and shall be superseded by the consolidated district and the consolidated district under the said name shall immediately succeed to all of the rights, privileges, functions and properties of all of the districts participating in such consolidation and shall be deemed to assume and be subject to all of the indebtedness, bonded and otherwise, thereof, as so respectively apportioned, and all future assessments necessary shall be levied in accordance with such apportionment.

Within ten (10) days after said consolidation is made, the board of directors of said consolidated district shall make an order declaring such consolidation effective and setting out the date that the same became effective and the boundaries of said consolidated district. A copy of said order, duly certified by the president and secretary thereof, shall be forthwith filed with the Secretary of State and a like copy shall be forthwith recorded in the office of the county recorder of each county in which any lands of said consolidated district are situate.

Sec. 18. Section 63 is hereby added to the act cited in the title hereof to read as follows:

Sec. 63. Sale of Bonds. Any bonds of any county water district or districts participating in such consolidation pursuant to the provisions of this act which have been authorized by the electors of such district or districts prior to such consolidation, but which have not been issued, may, by order
of the board of directors of the consolidated district, be sold or disposed of in the manner required by said County Water District Act and the proceeds thereof applied to the purpose for which such bonds were authorized.

SEC. 19. Section 64 is hereby added to the act cited in the title hereof to read as follows:

Sec. 64. Informality Not to Invalidate. SEC. 20. Section 65 is hereby added to the act cited in the title hereof to read as follows:

Sec. 65. Rights of Creditors. Nothing herein contained shall operate, or be deemed, to impair the rights of bondholders or other creditors, and each such creditor shall be entitled to enforce against and through the consolidated district all his rights against any district consolidated hereunder in the same manner and with the same effect, except for the substitution of the consolidated district for the districts consolidated, as if the consolidation had never been effected.

ficient bond, to be approved by said board of supervisors, in
double the amount of the probable cost of organizing such dis-
trict, conditioned that the obligors will pay all costs and
expense incurred in case the organization of the district is not
effectuated. The petition shall be presented to and filed with the
board of supervisors at a regular meeting, and that board shall
immediately refer the same to the agricultural commissioner of
the county for his report and recommendation as to whether
or not conditions of disease, insect or other pest or other
physical danger to the trees, vines or plants producing the
particular horticultural product sought to be protected, war-
rant the board of supervisors in proceeding with the organiza-
tion of such district. The agricultural commissioner must
file his report and recommendation in writing with the board
of supervisors within fifteen days after the matter is referred
to him. If the agricultural commissioner recommends that
the proceedings for the organization of a district be carried on,
the board of supervisors shall thereupon immediately refer
the petition to the county assessor who shall examine the same
by reference to the last equalized assessment roll of the
county, and shall within fifteen days after receiving the peti-
tion, return the petition to the board of supervisors with his
certificate attached thereto certifying whether or not it
appears from said assessment roll that fifty or more signers
of said petition are owners of lands included in said district
devoted in whole or in part to the growing of the horticultural
product intended to be protected by such district. The cer-
tificate of the assessor shall be conclusive as to the sufficiency
of the signatures on said petition.

SEC. 3. At its meeting at which said certificate is received
from the assessor, or at its next meeting, regular or special,
thereafter, the board of supervisors shall fix a time and place
for hearing said petition, which time shall be not less than
twenty days nor more than forty days from the date of such
order, and shall give notice of such hearing by publication of
the time and place thereof with a general statement of the
purpose of said proposed district, together with a description
of the lands included within the proposed district as described
in the petition, and the name of the horticultural product
proposed to be protected thereby, once a week for two succes-
sive weeks immediately prior to the date fixed for such hearing,
in a newspaper of general circulation printed and published in
the county wherein said district is situated. Such newspaper
shall be selected and designated by order of the board of super-
visors as the newspaper most likely to give notice to the per-
sons interested in the industry of producing the horticultural
product specified in said petition. On said hearing, the board
of supervisors shall hear all persons who appear, and shall
make such changes in the lands proposed to be included in
said district as the board of supervisors may determine to be
advisable, and shall thereupon determine and describe the
lands to be included therein. Said board of supervisors shall
not modify the lands to be included in said district so as to exclude therefrom any lands devoted in whole or in part to the growing of the horticultural product proposed to be benefited by the formation of such district. Any person who owns lands in the county devoted in whole or in part to the growing of said horticultural product, may, upon his application, and in the discretion of the board of supervisors, have such lands included within such district. The board of supervisors must, at said hearing, hear all competent and relevant testimony, in support of said petition, and in opposition thereto, and must determine whether or not said petition complies with the requirements of this act. The determination of the board of supervisors shall be entered upon the minutes of said board. No defect in the contents of the petition, or in the title to or form of the notice or signature shall vitiate any proceedings thereon, provided such petition have a sufficient number of qualified signatures attached thereto.

Sec. 4. Upon determining the sufficiency of said petition and the lands to be included within said proposed district, the board of supervisors shall then, at said meeting, call an election within said proposed district to determine whether such proposed district shall, or shall not be organized. For the purpose of holding said election, the board of supervisors shall divide said proposed district into convenient precincts, and fix a polling place in each of said precincts. The board of supervisors shall fix the hours during which said election shall be held, and shall appoint an inspector, a judge, and two clerks for each of the precincts to conduct said election. The inspector, judge and clerks of election for each precinct shall constitute the board of election for such precinct. The inspector shall be chairman of the election board in each precinct, and may administer all oaths required in the progress of the election. Any member of the board of election may administer and certify oaths required to be administered during the progress of the election. If the board of election, or any member thereof, fails to appear at the opening of the polls on the morning of the election, the electors of the precinct present at that hour may appoint a board or supply the place of the absent member thereof. The election must be held within fifty days from the date of the order calling the same. Such election shall be called by publication of notice thereof in a newspaper of general circulation printed and published within the county in which said proposed district is situated, once a week for three successive weeks previous to such election, and by posting notice thereof in one public place in each of the precincts not less than fifteen days prior to said election. Such published and posted notices shall each designate the name of said proposed district, and designate the respective election precincts and the polling place in each of the same, and the election officers, and the date of the election, and the hours during which the polls will be kept open; provided, that the polls in each precinct
must be opened not later than eight o'clock a.m. and kept open until at least four o'clock p.m.

The board of supervisors shall require the clerk of said board to furnish ballots and necessary supplies for said election. No particular form of ballot shall be required except that the same shall contain the words: "Shall ______ Protection District be organized under the provisions of the Horticultural Protection District Act?"

Yes
No"

The ballots shall have printed thereon instructions that the voter shall write or print or stamp a cross after the words that indicate his choice, together with the number of votes he is entitled to cast as hereinafter provided.

Said election, and all other elections held under the provisions of this act, shall be conducted in accordance with the general election laws of this State so far as applicable, and except as herein otherwise provided. The election officer in delivering to each voter his ballot shall ascertain from the register hereinafter provided for, and write upon the ballot, the number of votes the holder of the ballot is entitled to cast, and, in canvassing the returns, shall see to it that the number of votes cast does not exceed the number of votes such voter was entitled to cast, but, if there is an excess, the ballot shall not be disregarded or invalidated, but only the number which the voter was entitled to cast shall be counted.

Immediately, at the close of said election the election officers in each precinct shall publicly count the votes cast at the election and shall certify the returns of said election to the board of supervisors of the county.

No person shall be entitled to vote at any election held under the provisions of this act, unless he is the owner of land included in the district on which said land there is planted or growing the particular horticultural product sought to be protected by the organization of the district. Each and every owner of land included in said district on which said land there is planted or growing the said horticultural product, shall be entitled to vote in person or by proxy at any election held under the provisions of this act, and shall have the right to cast at any such election, one vote for each such acre of land owned by him on which there is planted or growing said horticultural product. An owner of such planted land within the district comprising less than one acre shall be entitled to one vote. In calculating the number of acres owned by any voter, any fraction of an acre in excess of the integral number owned by him shall be disregarded. Whenever it becomes necessary under this act to determine the acreage on land irregularly or unevenly planted to the given product, or planted in border, the trees, shrubs or vines producing the product as planted on such land shall be counted. At the time of, and as a part of his report to the board of supervisors on the petition for the organiza-
tion of any horticultural protection district under the provisions of this act, the agricultural commissioner of the county wherein said proposed district is situated shall certify in writing to the board of supervisors, the average number of vines, trees or shrubs growing the horticultural product sought to be protected by such district, which are customarily planted on one acre of land in his county. For all purposes of voting and taxation as herein provided, said number so certified shall be conclusive, and the number of acres comprised in any parcel irregularly or unevenly planted, or in any border planting shall be conclusively determined by dividing the number of trees therein by the number so certified by the agricultural commissioner. All persons, firms and corporations owning lands as hereinbefore described and included in said district shall be entitled to vote at any election held under the provisions of this act. Where land is owned by two or more persons, the votes for such land shall be divided in accordance with the interest of each owner at any such election. Where a corporation or partnership appears as the owner of any land included in the district, the vote of such corporation or partnership at any election held under the provisions of this act shall be cast by any person holding a proxy from such corporation or partnership. Executors, administrators, special administrators, guardians and trustees may cast the votes of the estates or lands represented by them at any election held under the provisions of this act upon filing with the board of election, a certified copy of their letters testamentary or of administration or guardianship or of appointment as trustee. No person shall vote by proxy at any such election unless authority to cast such vote shall be evidenced by an instrument in writing duly acknowledged and certified in the same manner as a grant of real property, and filed with the board of election. No vote representing any land shall be cast at any election held hereunder in any precinct other than the precinct within which the land represented by such vote is situated.

Every person, firm and corporation desiring to vote at any election held under the provisions of this act must be registered as such voter with the agricultural commissioner of the county within which the district is situated not less than twenty days prior to any such election. Such registration may be made by the voter in person or by any person for the voter. Such registration shall be made upon oath on forms provided for that purpose by the agricultural commissioner, and in each instance shall specify the number of acres of land owned by the registrant included in the district and planted to the horticultural product protected or sought to be protected by said district, the precinct of the district wherein such land is situated, the location of such land by government or other subdivision, and the number of votes claimed by such registrant. Such claim shall not be conclusive as to the number of votes to which the registrant is entitled. The agricul-
tural commissioner shall, for each election held hereunder, investigate each and every registration, and shall determine the number of votes which each person, firm or corporation registered with him shall be entitled to cast at such election. Not less than five days before the date of any election held under the provisions of this act, the agricultural commissioner shall prepare a complete register of all persons, firms and corporations registered with him as herein provided, and entitled to vote at such election, and shall therein specify the precinct in which each such person, firm or corporation may vote, and the number of votes which each such person, firm or corporation may cast at such election. The register so prepared shall be final and conclusive as to qualification to vote and number of votes allowed, and no person, firm or corporation shall cast any ballot at any election held under the provisions of this act, except as authorized by the said register and one copy of such register shall be provided for and at each precinct at each election held under the provisions of this act. For the election upon the question of organizing a district hereunder, the board of supervisors shall require the agricultural commissioner to prepare the register in the manner herein specified.

Sec. 5. The said board of supervisors shall, on the first Monday following the election upon the question of the organization of the proposed district, meet, and canvass the returns of such election, and, if, upon such canvass, it determines that a majority of the votes cast at such election are in favor of the organization of the proposed district, then the board of supervisors shall, by order entered upon its minutes, declare the district duly organized under the name theretofore designated. Such order must particularly describe the territory included in said district so that all lands included in said district may be known therefrom, and a copy of said order duly certified by the clerk of the board of supervisors must be forthwith filed for record in the office of the county recorder of the county wherein the district is situated.

Sec. 6. If such district is declared to be organized, the board of supervisors shall, at the meeting at which said order declaring the district to be organized is made, appoint a board of five directors to administer the affairs of the district. No person shall, at any time, be eligible to hold the office of director of any such district unless he is a citizen of the United States and of the State of California, and an owner, either individually or as a joint tenant of, or is a member of a partnership which owns, or is an officer of a corporation which owns lands within the district devoted in whole or in part to the growing of the horticultural product which the district is organized to protect. Each director so appointed shall, in the manner provided by law, give such official bond for the faithful performance of his duties as shall be fixed by the board of supervisors, and shall subscribe the oath of office, and such bonds and oaths shall be filed with the county clerk of the
county in which said district is situated. From and after
the filing for record of the order declaring it organized and
the appointment and qualifying of its board of directors, the
organization of the district shall be complete.

Sec. 7. Any horticultural protection district organized as
herein provided shall have power:

1. To have perpetual succession;
2. To sue and be sued in all actions and proceedings in
all courts and tribunals of competent jurisdiction;
3. To adopt a seal and alter it at pleasure;
4. To take by grant, purchase, gift, devise, lease or other-
wise, and to hold, use and enjoy, and to lease, or otherwise
dispose of, real and personal property of every kind and
description within or without the district necessary to the full
and convenient exercise of its powers;
5. To cause taxes to be levied as herein provided, for the
purpose of paying any obligation of the district, and to acco-
plish the purposes of the district in the manner herein pro-
duced;
6. To make contracts, and to employ except as otherwise
provided herein, all persons, firms and corporations necessary
to carry out the purposes and the powers of the district, and
at such salary, wage or other compensation as the board of
directors shall determine;
7. To eradicate, remove or prevent the spread of any dis-
ease, insect or other pest injurious to the horticultural product
of the trees or vines on which it is grown, for the protection
of which horticultural product the district is organized;
8. To enter into or upon any land included in the district
for the purpose of inspecting the vines, trees and fruits grow-
ing thereon;
9. To commence and prosecute appropriate actions to have
it adjudged that any tree, shrub or vine in the district infested
with disease, insects or pests injurious to the product which
the district is formed to protect, is a public nuisance, and to
have it decreed that such nuisance be abated.

Sec. 8. The general control and management of each
horticultural protection district shall be vested in a board of
directors of five members. The members of the board of
directors of each district shall each receive such salary as shall
be fixed by the board of supervisors of the county in which
the district is situated, and such salary shall not be increased
during the term of office of such director. Directors shall
also be reimbursed for actual and necessary traveling expenses
incurred by them in and about the performance of any duties
required by the board of directors to be performed by them
for the district. All claims presented by any director shall
be subject to the approval of three other members of the board
of directors.

Sec. 9. The term of office of the directors shall be four
years, except those first appointed as aforesaid upon the
organization of the district. Said appointees shall, immedi-
ately upon their appointment, classify themselves by lot so that the terms of three of them shall expire on the first day of May following the first biennial election of the district and the terms of the other two shall expire on the first day of May following the second biennial election of the district.

In the event of a vacancy in the board of directors either by resignation, death or otherwise, the vacancy shall be filled by appointment by the board of supervisors and the person so appointed shall hold office for the remainder of the term of his predecessor. The board of directors of each horticultural protection district organized hereunder shall have power to appoint and to fix the compensation of a secretary of the district who shall keep all records and perform such other duties as are ordered by the board of directors.

Sec. 10. Except as herein otherwise provided, all acts of the board of directors shall be by resolution and a majority of the board of directors must concur in the adoption thereof.

Sec. 11. The powers conferred upon any horticultural protection district and its board of directors by the provisions of this act shall be cumulative to other disease, pest or insect control statutes, and shall not be construed to be in lieu of any such other disease, insect or pest control statutes, and no act of any such district or of any of its directors, agents or employees shall operate to deprive or hinder the duly appointed or designated State, county or Federal authorities in conducting any operation for the eradication or control or prevention of any disease, insect or pest in the district.

Sec. 12. The agricultural commissioner of the county in which any horticultural protection district organized hereunder is situated, shall, without fee or charge, supervise and direct in accordance with the best known accepted methods as determined by the board of directors, all inspection, eradication, fumigation and other activities undertaken by such district. The agricultural commissioner shall employ any and all assistants required in and about any such work, and the district shall bear and pay all expense incurred in and about such work.

Sec. 13. In every county wherein any horticultural protection district has been organized and exists under the provisions of this act, the county assessor in making the annual assessment of property in each and every year after the organization of such district, must assess and enter as a separate item on the assessment roll for each parcel of real property included in such district, the value, as improvements thereon, of all trees, vines or shrubs of the horticultural product protected by such district, growing thereon. Such assessment shall be upon an acreage basis and the number of acres in the case of irregular or border planting, shall be determined conclusively by the assessor by counting such trees and dividing the total number by the number per acre of average planting certified as hereinbefore provided, by the county agricultural commissioner. Upon completing the assessment
roll of the county in each year, the assessor shall separately compute and certify to the board of supervisors, the total assessed value, as shown by said assessment roll, of all such trees, vines or shrubs so assessed in each horticultural protection district situated in the county.

 Sec. 14. The board of directors of each horticultural protection district organized hereunder must, on or before the first Monday in July of each year, prepare and file with the board of supervisors of the county within which such district is situated a budget setting forth all estimated expenditures of the district for the fiscal year commencing on the first day of such month of July. A copy of said budget shall also at the same time be filed with the auditor of the county. The board of supervisors of each county wherein is situated a horticultural protection district organized under the provisions of this act, must annually, at the time of levying other county taxes, levy a tax upon all the trees, vines or shrubs of the variety of horticultural product protected by said district and planted or growing in said district as assessed by the assessor under the provisions of this act. The board of supervisors must determine the rate of such tax by deducting ten per cent for anticipated delinquencies from the total assessed value of such trees, vines or shrubs included in the district as it appears on the assessment roll of the county, and dividing the sum reported by the district board of directors as required to be raised, by the remainder of such total assessed value; provided, that if a fraction of a cent occur on a valuation of one hundred dollars, it shall be taken as a full cent.

 Sec. 15. The tax so levied shall be computed and entered upon the assessment roll by the county auditor, and if the supervisors fail to levy the tax as provided in the foregoing section, then the auditor must do so. Such tax shall be collected at the same time, and in the same manner as general county taxes, and when collected shall be paid into the county treasury for the use of said district.

 Sec. 16. The provisions of the Political Code of this State, prescribing the manner of levying and collecting taxes and the duties of the several county officers with respect thereto, are, so far as they are applicable and not in conflict with the specific provisions of this act, hereby adopted and made a part hereof. Said officers shall be liable upon their several official bonds for the faithful discharge of the duties imposed upon them by this act.

 Sec. 17. The treasury of the county wherein any horticultural protection district is located shall be the repository of all the moneys of such district. The county treasurer shall receive and receipt for all such moneys, and place the same to the credit of the district. He shall be responsible upon his official bond for the safe keeping and disbursement, in the manner herein provided, of all moneys of any such district so held by him. The county treasurer shall pay out the
moneys of the district only upon warrants of the county auditor drawn upon the order of the board of directors of the district signed by the president of said board and attested by the secretary. The county treasurer shall report in writing on the first day of July, October, January and March of each year, to the board of directors of each horticultural protection district in his county, the amount of money he then holds for such district, the amount of receipts since his last report, and the amounts paid out; and each such report shall be verified and filed with the secretary of the district to whom it is addressed.

Sect. 18. In each horticultural protection district organized under the provisions of this act, a biennial election shall be held on the first Monday in April of each odd numbered year, and the board of directors of such district shall, for the purpose of holding such election, divide the district into convenient precincts, establish the polling place in each precinct, and appoint the same number of election officers for each precinct as for the election upon the question of organizing the district. The board of directors of the district shall cause notice of such election to be published once a week for three successive weeks in a newspaper of general circulation printed and published in the county wherein the district is situated, and by causing such notice to be posted in a public place in each of the precincts not less than fifteen days before the date of such election. At said election, a sufficient number of directors shall be elected to fill the places of those directors whose terms expire the first day of May immediately following said election. Any person eligible for the office of director, and desiring to be a candidate for election to such office must file a written notice with the secretary of the district declaring his candidacy, at least fifteen days before the said election. The names of all persons who have filed such declaration shall appear on the ballot, together with instructions to the voters to vote for the number of directors who are to be elected at such election, and the persons up to the number of directors to be elected who receive the highest number of votes shall be declared elected. The register for each such election shall be prepared by the agricultural commissioner of the county in the manner hereinbefore provided. The returns of each such election shall be reported by the boards of election to the board of directors of the district who shall meet on the Monday following such election and canvass said returns. The persons declared elected shall take the oath of office and file their official bonds with the county clerk of the county on or before the first day of May following such election, and shall take office at noon of that day. The persons, firms and corporations entitled to vote at such biennial elections and the number of votes each shall be entitled to cast shall be determined in the same manner as for the election upon the organization of the district.
SEC. 19. Upon the written petition of any owner of land in the county wherein the district is situated devoted to the growing of the horticultural product protected by such district filed with the board of directors of any horticultural protection district, such land may, by order of such board of directors be included within the said district. A certified copy of each order of the board of directors so including additional lands within the district shall be filed for record by the secretary of the district in the office of the county recorder of the county immediately upon its passage by the board of directors, and each such order shall particularly describe each parcel of land so included in the district.

Whenever all trees, vines or shrubs of the particular horticultural product protected by a horticultural protection district have been completely removed from any parcel of land included in said district, the owner of such parcel of land may file with the board of directors a verified petition particularly describing said parcel of land, and setting forth the fact of the removal therefrom of such trees, vines or shrubs. Thereupon, the board of directors shall cause an investigation of said parcel of land to be made, and, if the board finds the allegations of said petition to be true, then it shall by order entered upon its minutes, and upon the payment of such landowner of all taxes whether delinquent or otherwise then levied upon such parcel of land for the district, exclude said parcel of land from the district. A certified copy of such order particularly describing said parcel of land, shall be immediately filed for record in the office of the county recorder of the county wherein such district is situated.

SEC. 20. The board of directors of each horticultural protection district organized under the provisions of this act shall hold a regular meeting at least once each month at such time and place in the district as shall be appointed by resolution of such board; and the board of directors of each such district shall prescribe the rules and regulations for the conduct of its meetings and for calling and giving notice of special meetings of such board.

SEC. 21. Whenever a petition approved by the agricultural commissioner of the county in which any horticultural protection district is located and signed by not less than fifty landowners residing within said district who are engaged in the growing of the particular horticultural product protected by the district praying for the dissolution of the district is presented to and filed with the board of directors of the district, the said board of directors shall submit the question of the dissolution of said district to the qualified voters of the said district at the next biennial election of the said district; provided, however, the board of directors shall not be required to accept a petition for the dissolution of the district within ten days preceding any biennial election of such district. If, at said election, sixty per cent of the votes cast thereat are in favor of the dissolution of the district, then the directors of
said district must, within sixty days thereafter, file for record in the office of the county recorder of the county a certified copy of an order declaring said district to be dissolved, and cease all activities, and shall proceed immediately to wind up the affairs of the district. At the expiration of ninety days after said election, the board of directors shall deliver all property and assets in their possession belonging to said district to the agricultural commissioner of the county to be held and used by him as in his judgment shall be for the best interests of the product formerly protected by the district. Any funds which may be in the hands of the county treasurer to the credit of the district or to which the district may thereafter become entitled, shall be transferred to the credit of the county in which said district is located and shall be expended by the board of supervisors for the benefit of the product formerly protected. All claims and accounts against said district which have not been settled by the board of directors within ninety days after the election authorizing the dissolution of the district shall be presented to the board of supervisors of the county in which said district was located and shall be passed and approved by them in the same manner as county claims and shall be paid out of the funds of the dissolved district. In the event there are insufficient funds to discharge all claims and accounts, then the board of supervisors shall, at the time of levying the next general county taxes, make a levy upon the property of said dissolved district sufficient in amount to discharge all outstanding claims and accounts against said district.

Sec. 22. This act shall be known and may be cited as the Horticultural Protection District Act.

Sec. 23. If any section, subsection, sentence, clause or phrase of this act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of the act. The Legislature hereby declares it would have passed this act, and each section, subsection, sentence, clause or phrase thereof, irrespective of the fact that any one or more of the sections, subsections, sentences, clauses or phrases be declared unconstitutional.

CHAPTER 758.

An act to add a new section to be numbered section 17 3/4 to an act entitled "An act providing for the incorporation of public utility districts in unincorporated territory, authorizing such districts to incur bonded indebtedness for the purpose of the construction of works and the acquisition of property, and to levy and collect taxes to pay the principal and interest on bonds and for carrying on their operations, and providing for the powers, management and government of such districts, and imposing certain duties and functions in connection with such districts upon certain county officers," approved May 31, 1921, as amended, relating to elections.

[Approved by the Governor July 20, 1935. In effect September 15, 1935.]

The people of the State of California do enact as follows:

SECTION 1. A new section to be numbered section 17 3/4 is hereby added to the act cited in the title hereof, to read as follows:

Sec. 17 3/4. The board of directors of any public utility district may by ordinance provide that any election in said district thereafter held shall be conducted between the hours of one o'clock p.m. to six o'clock p.m. and may provide that the election officers shall consist of one inspector, one judge and one clerk.
An act to amend section 3491 of the Political Code, relating to reclamation districts.

[Approved by the Governor July 20, 1935. In effect September 15, 1935.]

The people of the State of California do enact as follows:

Section 1. Section 3491 of the Political Code is hereby amended to read as follows:

3491. In each reclamation district in this State, formed under this code or any statute, there shall be an election every two years, held at such time and place, in or near the district, and after such notice as the board of supervisors shall direct; provided, that the notice shall be not less than one month, and at such election each bona fide owner of lands in the district shall be entitled to vote in person or by proxy, and shall have right to cast one vote for each one dollar's worth of real estate owned by him or her in the district, the value thereof to be determined from the next preceding assessment-roll of the county, and a majority of the votes cast at such election shall elect. In all elections for trustees every owner of real estate shall have the right to cumulate his or her votes, and give one candidate as many votes as the number of trustees to be elected multiplied by the number of dollars' worth of real estate owned by him or her shall equal, or to distribute them on the same principle among as many candidates as he shall think fit. Executors, administrators, special administrators, guardians and trustees may cast the votes of the estates represented by them.

The board of supervisors to which the petition for the formation of the district was presented shall, upon the verified petition of twenty per cent of the landowners in the district holding title or evidence of title to and owning at least twenty per cent in value of the lands in the district, the value thereof to be determined from the next preceding assessment roll of the county, appoint a time and place for holding such election, which election shall be held within sixty days from the time of such application. The place of such election shall in all cases be in or near the district.

Notice of such election shall be given by publication for not less than one month in a newspaper in each county in which any portion of the lands of the district are situate, if any newspaper is published therein, and if not, then in a newspaper having general circulation in such county.

The trustees elected under the provisions of section 3452 shall hold office until their successors are elected under the provisions of this section.

For the purposes of such election the board of supervisors of the county in which the whole or the larger part of the lands of any district are situate, must appoint from the landholders of the district one inspector and two judges of elec-
tion, who shall constitute a board of election for such district; but in case the board of supervisors fail to appoint, or the persons appointed fail to attend at the time and place appointed for the election, the voters present at the time and place of opening the polls may appoint the board, or supply the place of an absent member thereof. Each member of the board must, upon entering upon his duties, be sworn to a faithful performance thereof by some officer authorized to administer oaths. The board of election must canvass the votes cast and issue certificates of election to the persons elected, and must place the ballots, when canvassed, in an envelope and forward the same, sealed, to the clerk of the board of supervisors. The board of trustees of the district shall, prior to the election, cause to be prepared and certified by the proper officer and furnished to the board of election, a true and correct copy of the said next preceding assessment roll of the said county or counties, which said certified roll shall be used by the said board of election in determining the number of votes each voter is entitled to cast.

Any legally qualified voter may challenge any vote, and the board of election shall determine, by the oath of the parties or otherwise, as they may think proper, whether or not the person challenged is entitled to vote, and in case of challenge, either one of the board of election is hereby authorized to administer oaths.

CHAPTER 762.

An act to amend section 8 of and to add section 8a to the Sewer Revenue Bond Act, relating to acquisition and operation of sewerage disposal works.

[Approved by the Governor July 20, 1935. In effect September 15, 1935]

The people of the State of California do enact as follows:

Section 1. Section 8 of the Sewer Revenue Bond Act is hereby amended to read as follows:

Sec. 8. The governing body of the city, county or district, as the case may be, shall have power, and it shall be its duty, to establish just and equitable rates or charges for the use and maintenance of such works, to be paid by the person, firm or corporation leasing or occupying the building or premises served thereby or that in any way uses or is served by such works, and may change and readjust such rates or charges from time to time. Such rates or charges shall be sufficient in each year for the payment of the proper and reasonable expenses of operation, repair, replacements and
maintenance of the works, and for payment of the sums required to be paid into the sinking fund as hereinafter mentioned. No such rates or charges shall be established until after a public hearing, at which all the users of the works and owners of property served or to be served thereby and others interested shall have opportunity to be heard concerning the proposed rates or charges. After introduction of the ordinance, resolution or order fixing such rate or charges, and before the same is finally enacted, notice of such hearing, setting forth the proposed schedule of such rates or charges shall be given by one publication in a newspaper published in such city, county or district, if there be such a newspaper, but otherwise in a newspaper having general circulation therein, at least ten days before the date fixed in such notice for the hearing, which may be adjourned from time to time. After such hearing the ordinance, resolution or order establishing rates or charges, either as originally introduced or as modified and amended, shall be passed and put into effect. A copy of the schedule of such rates and charges so established shall be kept on file in the office of the clerk or secretary of such city, county or district, and shall be open to inspection by all persons interested. The rates or charges so established for any class of users or property served may be extended to cover any additional premises thereafter served which fall within the same class, without the necessity of any hearing or notice. Any change or readjustment of such rates or charges may be made in the same manner as such rates or charges were originally established as hereinabove provided.

The governing body may establish variable rates and charges for different classes of users, or for different parts of the city, county, or district, where sewage works or portions thereof have been previously installed and financed under other laws or methods, so that such variable rates or charges may be most equitable and just to all concerned; provided such rates or charges may only be imposed and collected from the users of such works or portion thereof as are actually constructed with money derived from the sale of such revenue bonds; provided further, however, that if the users of any works or portion thereof previously acquired and financed by other methods, receive any additional benefits from the construction or operation of the works or portion thereof subsequently constructed or acquired from the proceeds of revenue bonds, then and in that case, the governing body shall be empowered to impose reasonable rates or charges on the works previously acquired, but only sufficient to cover the value of such additional benefits.

Sec. 2. Section 8a is hereby added to the Sewer Revenue Bond Act to read as follows:

Sec. 8a. If the rate or charge is not paid when due, on the first day of each calendar month thereafter a penalty of ten per cent of the amount of the delinquent rate or charge shall be
added thereto. The following remedies are established for the collection of said rates or charges and the penalties thereon:

First, an action may be brought in the name of the county, city or district in any court which has jurisdiction, against the person or persons who occupied the property when the service was rendered, for the collection of the amount of the delinquent rate or charge and all penalties thereon. In such action a reasonable attorney's fee shall be awarded the plaintiff.

Second, the legislative body may provide that the rate or charge for sewage service shall be collected with the charge or charges for any other utility service rendered by the county, city or district and all such charges shall be itemized, billed upon the same bill and collected as one item.

The remedies for collecting and enforcing rates and charges herein set out are cumulative and may be pursued alternately or any thereof may be used consecutively when the legislative body so determines. If any one of said remedies is or may be invalid, all valid remedies shall remain effectual. Until the principal and interest of the bonds are fully paid any holder of any bond outstanding at any time may compel the use of any or all of the remedies herein provided. The Legislature may prescribe additional remedies for the prompt and efficient collection of said rates.

[Approved by the Governor July 20, 1935. In effect September 15, 1935.]

The people of the State of California do enact as follows:

Section 1. Section 26 of the Corporate Securities Act is hereby amended to read as follows:

Sec. 26. The commissioner shall charge and collect the following fees:

1. For filing an original or supplemental application for a permit to issue securities, (except certificates of deposit or any guarantee of any security, both of which are covered in paragraphs 10 and 11 of this section 26), fifteen dollars, plus—

Fifteen one-hundredths of one per cent of the amount of any excess of the aggregate value of the securities sought to be issued over five thousand dollars and not exceeding fifty thousand dollars;

Five one-hundredths of one per cent of such amount in excess of fifty thousand dollars and not exceeding one hundred thousand dollars;

Three one-hundredths of one per cent of such amount in excess of one hundred thousand dollars and not exceeding five hundred thousand dollars; and

One one-hundredth of one per cent of such amount in excess of five hundred thousand dollars.

For the purpose of determining the above fees:

(a) The value of such securities shall be deemed to be their par or face value unless the consideration for such securities is in excess of such par or face value, in which case the value will be deemed to be the amount of the consideration so received.

(b) Where the securities proposed to be issued have no nominal or par value, the value of such securities shall be deemed to be the price at which the company proposes to sell or issue the same, or the value, as alleged in the application, or the actual value, as determined by the commissioner, of the consideration (if other than money) to be received in exchange therefor; provided, however, until a new value shall have been established, each share of no par value
stock proposed to be issued shall be deemed to have a value equal to the value which has been established by previous sales for money or other property of other shares of the same class.

(c) Interim or voting trust certificates shall be deemed to have a value equal to the aggregate value of the securities to be represented by said interim or voting trust certificates.

(d) Rights, warrants or other certificates evidencing stockholders’ rights to purchase additional securities shall be deemed to have a value equal to the difference between the selling price of the securities represented by such rights, warrants or other certificates and the market value of the securities so represented at the date of filing of application.

(e) Where an application is made to issue securities containing a provision entitling the holder or holders thereof to convert or exchange the same for a different class of securities, the value of the securities to be so issued shall be deemed to be an amount equal to twice the amount of the consideration to be received for the securities containing the conversion or exchange provision.

2. For acting as escrow holder for securities as herein provided, ten dollars for each twelve month period, payable in advance.

3. For filing any application for a broker’s or an investment counsel’s certificate, twenty-five dollars.

Provided, however, that if after a certificate shall have been issued to any broker operating as a partnership there shall be a change of interest affecting less than twenty-five per cent (25%) of the whole interest therein, no new application need be made, but there shall be filed with the commissioner, accompanied by payment of a fee of ten dollars ($10), written notice of such change, stating the names and addresses of the partners and their respective interests, and any other information which may be required by the commissioner, together with evidence satisfactory to the commissioner that the bond theretofore filed by such broker is and will be maintained in good standing notwithstanding such change. The commissioner may in his discretion require a new application, in which event the procedure and fee shall be the same as upon an original application for a broker’s certificate. If the commissioner shall approve such change without a new application, the certificate theretofore issued and in force and any agents’ licenses theretofore issued to agents of such partnership and then in force, shall continue in full force and effect.

4. For filing any application for an agent’s certificate, five dollars.

5. For any examination, audit, or investigation, the actual amount of the salary or other compensation paid to the person or persons making the examination, audit or investigation plus the actual amount of expenses, reasonably incurred in the performance of such work.
6. For copies of papers and records not required to be certified or otherwise authenticated by the commissioner, ten cents for each folio.

7. For certified copies of official documents, orders and other papers filed in his office; for making and mailing copies of process served upon him under the provisions of section 24 of this act, and for transcript on appeal, fifteen cents for each folio and one dollar for each certificate under seal affixed thereto.

8. For certificate of service and mailing of process served upon the commissioner under the provisions of section 24 of this act, two dollars.

9. For filing any application for an amendment to an existing permit to issue securities, or for a permit to negotiate for the sale of securities or requesting the written consent of the commissioner to a proposed instrument amending, supplementing or abrogating any portion of any mortgage, deed of trust, indenture or other instrument under which bonds, debentures or other evidences of indebtedness are issued or secured, ten dollars.

10. For filing any application for a permit to issue certificates of deposit, twenty-five dollars, plus a sum, as estimated by the commissioner, to cover the actual expense of noticing and holding any hearing held in connection therewith.

11. For filing any application for a permit to execute or issue any guarantee of any security, twenty-five dollars.

No fees shall be charged or collected for copies of papers, records, or official documents furnished to public officers for use in their official capacity or for the reports of the commissioner in the ordinary course of distribution; but the commissioner may fix a reasonable charge for the publications issued under his authority.

All fees charged and collected under this section shall be paid at least once each week, accompanied by a detailed statement thereof, into the treasury of the State to the credit of a fund to be known as the "Corporation commission fund," which fund is hereby created.

It shall be the duty of the owners of lots or portions of lots fronting on any portion of a public street, avenue, alley, lane, court or place when said street, avenue, alley, lane, court or place shall have been improved or if and when the area between the property line of said adjacent property and the street line is maintained as a park or parking strip,
to maintain any sidewalk, curbing or park or parking strip, bulkheads, retaining walls or other works for the protection of the same in such condition that the same shall not endanger persons or property and to maintain the same in a condition which will not interfere with the public convenience in the use of said works or areas; save and except as to those conditions created or maintained in, upon, along, or in connection with such sidewalk, curb, park or parking strip, bulkheads, retaining walls or other works by any individual, firm or corporation other than said owner, under and by virtue of any permit or right to them granted by law or by the municipal authorities in charge thereof, and such persons, firms or corporations shall be under a like duty in relation thereto. When any portion of such sidewalk, curb or park or parking strip, bulkheads, retaining walls or other works shall be out of repair or pending reconstruction and in condition to endanger persons or property or in condition to interfere with the public convenience in the use of such sidewalk, curb, or park or parking strip, bulkheads, retaining walls or works or area, it shall be the duty of the superintendent of streets to notify the owner or person in possession of the property fronting on that portion of such sidewalk, curb, or park or parking strip, bulkheads, retaining walls or other works so out of repair, to repair the same.

Such notice to repair may be given by delivering a written notice personally to the owner or to the person in possession of the property facing upon the sidewalk, curb, or park or parking strip, bulkheads, retaining walls or other works so out of repair, or by mailing a postal card, postage prepaid, to the person in possession of such property, and/or to the owner thereof at his last known address as the same appears on the last equalized assessment rolls of such city, or city and county, or to the name and address of the person owning such property as shown in the records of the office of the city clerk. Such notice shall particularly specify what work is required to be done, and how the same is to be done, and what materials shall be used in said repair and shall further specify that if said repair is not commenced within three days after notice is given as aforesaid, and diligently and without interruption prosecuted to completion, the superintendent of streets shall make such repair, and the cost of the same shall be a lien on such property. Upon the completion of such repair, the superintendent of streets shall cause notice of the cost of such repair to be given in the same manner hereinafter specified for the giving of notice to repair, which notice shall specify the day, hour and place when the legislative body of such city, or city and county will hear and pass upon a report by the superintendent of streets of the cost of such repair, together with any objections or protests, if any, which may be raised by any property owner liable to be assessed for the cost of such repair and any other interested persons. Upon the completion of such repair, the superintendent of streets shall prepare and file with the legislative body a report specifying the repairs which have been made, the cost of the same, a description of the real property in front of which said repairs have been made and the assessment against each lot, piece or parcel of land proposed to be levied to pay the cost thereof.

Upon the day and hour fixed for hearing said report, the legislative body shall hear and pass upon the same, together with any objections or protests which may be raised by any of the property owners liable to be assessed for the work of making such repair and any other interested persons, and thereupon said legislative body may make such revision, correction or modifications in the report as it may deem just, after which, by motion or resolution, said report as submitted, or in the event any revisions, corrections or modifications have been ordered made by said legislative body, then said report as revised, corrected or modified, shall be confirmed. Said legislative body may adjourn said hearings from time to time. The decisions of the legislative body on all protests and objections which may be made, shall be final and conclusive.

Sec. 3. Section 32 of the Improvement Act of 1911 is hereby amended to read as follows:

Sec. 32. The cost of such repair may be assessed by the legislative body against the parcel of property fronting upon the sidewalk, curb, or park or parking strip, bulkheads, retaining walls or other works upon which such repair was made, and such cost so assessed, if not paid within five days after its confirmation by the legislative body shall constitute a special assessment against said parcel of property, and shall be a lien on said property for the amount thereof which lien shall continue until said assessment and all interest thereon are paid, or until it is discharged of record. The superintendent of streets shall file in the office of the county recorder of the county in which such city is located, a certificate substantially in the following form, to wit:

CHAPTER VIII—CHANGE OF BOUNDARIES.

2.2070. The boundaries of a unified school district may be changed not later than February 10 of any school year in the same manner as boundaries of elementary school districts may be changed. Such change of boundaries shall not become effective until the first day of July next succeeding; except that, for the purpose of assessing the property contained in the territory or school districts affected by such change of boundaries for the purpose of determining the rate of school district tax to be levied, such change of boundaries shall become effective on the first Monday in March next succeeding such change of boundaries.

CHAPTER IX—MERGER AND ANNEXATION.

2.2080. Two or more adjoining unified school districts may merge at any time during a school year, but not later than the tenth day of February, to form a single unified school district in the same manner as elementary school districts may be united. Whenever a unified school district is merged with another unified school district, the resulting district shall be in every respect a single unified school district. Such merger shall become effective on the first day of July next succeeding; except that for the purpose of assessing the property contained in the territory or school districts affected by such merger for the purpose of determining the rate of school district tax to be levied, such merger shall become effective on the first Monday in March next succeeding such merger.

2.2081. One or more contiguous elementary or high school districts, one of which is contiguous to a unified school district, may, subject to the provisions of section 2.85 and 2.86 of this code, be annexed thereto not later than the tenth day of February in any school year by the board of supervisors of the county having jurisdiction over the unified school district whenever a majority of the qualified electors in each of such elementary or high school districts voting at an election held for that purpose vote in favor thereof. Such annexation shall become effective on the first day of July next succeeding; except that for the purpose of assessing the property contained in the territory or school districts affected by such annexation for the purpose of determining the rate of school district tax to be levied, such annexation shall become effective on the first Monday in March next succeeding such annexation. Elementary and high school districts which have been annexed to a unified school district shall cease to exist except for such purposes as may be specified in this part.
CHAPTER X—JUNIOR COLLEGE DISTRICTS.

2.2090. A junior college district may be formed to comprise two or more unified school districts in the same manner as that provided elsewhere in this code for the formation of junior college districts, except that in the case of the formation of a junior college district comprising two or more unified school districts, a majority vote in favor thereof in each such unified school district shall be required for the formation of the junior college district.

2.2091. Each junior college district comprising two or more unified school districts and formed under the provisions of this chapter shall be governed by a board of five members who shall be elected in the same manner, for the same terms, and at the same time as are members of governing boards of other junior college districts.

Within fifteen days after the formation of a junior college district comprising two or more unified school districts as provided in this chapter, the county superintendent of schools having jurisdiction over the junior college district shall appoint a board of five members to govern the junior college district until the next succeeding election.

2.2093. A junior college district may be formed to comprise a single unified school district in the same manner as that provided elsewhere in this code for the formation of junior college districts, except that a majority vote in favor thereof shall be required for the formation of a junior college district in a single unified school district.

2.2094. A junior college district formed to comprise a single unified school district shall thereafter be considered a junior college district only for the purposes of State apportionments and nonresident county junior college tuition; for all other purposes it shall be considered an integral part of the unified school district and shall be governed by the governing board of the unified school district.

CHAPTER XI—EMPLOYEES.

2.2100. Every permanent employee of a school district which becomes in its entirety a part of a unified school district, and every permanent employee of a school district employed in a school located in a portion of a district which becomes a part of a unified school district, where the whole of such district does not become a part of a unified school district, shall become a permanent employee of the unified school district.

2.2101. Every probationary employee of a school district which becomes in its entirety a part of a unified school district and every probationary employee of a school district employed
in a school located in a portion of a school district which becomes a part of a unified school district, where the whole of such district does not become a part of a unified school district, shall become a probationary employee of the district so created and the service of such probationary employee in the first mentioned district shall be considered as service in the unified school district for the purpose of any law relating to the classification of persons employed in school districts in positions requiring certification qualifications.

Any probationary employee of an elementary school district or high school district having an average daily attendance of less than eight hundred fifty. who, under the provisions of this article, becomes an employee of a unified school district having a total average daily attendance of eight hundred fifty or more at the end of his third complete consecutive school year of service in such elementary or high school district shall not become a permanent employee of the unified school district until he has served therein for a complete school year immediately following the effective date of the formation of such unified school district and has been reemployed for the succeeding school year.

CHAPTER XII—BONDED INDEBTEDNESS.

2.2110. The bonded indebtedness of any elementary or high school or junior college district incurred prior to the inclusion of all or any part of such district in a unified school district shall continue to be an obligation of the territory within such elementary or high school or junior college district as it existed prior to the inclusion of all or any part thereof in a unified school district.

2.2111. Upon petition of ten per cent of the qualified electors residing in any elementary school district, high school district or junior college district which has been included in a unified school district requesting him to do so, the county superintendent of schools having jurisdiction thereof shall call an election in the unified school district for the purpose of permitting the qualified electors to vote upon the question of whether or not the unified school district shall assume the bonded indebtedness of such elementary school district, high school district or junior college district, as the case may be. Said election shall be called, held and conducted as are elections for the issuance of school district bonds excepting that the notice for such election shall contain the following:

No bonded indebtedness shall be assumed by a unified school district under the provisions of this section unless two-thirds of the qualified electors voting at such election vote in favor thereof.

CHAPTER XIII—PROPERTY, FUNDS AND OBLIGATIONS.

2.2120. Whenever any unified school district is created, all funds, property, and obligations of the elementary or high school or junior college districts lying wholly within the unified school district shall, except as otherwise provided in Chapter XII of this part become the funds, property, and obligations of the unified school district.

2.2121. Whenever any elementary school district is annexed to a unified school district, all property, funds, and obligations of such elementary school district shall become the property, funds, and obligations of the unified school district.

2.2122. Whenever any portion of an elementary school district is annexed to a unified school district, all property of the elementary school district situated in the portion so annexed shall become the property of the unified school district.

2.2123. Whenever the entire territory of an elementary school district is annexed to two or more unified school districts, all property of the elementary district situated in the portion so annexed to any such unified school district shall become the property of the unified school district, and a portion of the funds to the credit of such elementary school district shall be transferred to the credit of each unified school district after any outstanding obligations of such elementary school district have been discharged which bears the same ratio to the total amount of the funds to the credit of such elementary school district as the assessed valuation of the portion of the district so made a part of the unified school district bears to the total assessed valuation of the entire elementary school district.

2.2124. Whenever by reason of the annexation of the elementary school district or districts composing a high school district to a unified school district the high school district shall cease to exist, all property, funds, and obligations, except as otherwise provided, of the high school district shall become the property, funds and obligations of the unified school district.

CHAPTER XIV—FINANCIAL SUPPORT.

2.2130. Apportionments of State funds to unified school districts for the support of elementary schools, high schools, and district junior colleges shall be computed and made in the same manner and from the same funds, except as hereinafter in this part provided as apportionments to elementary school districts, high school districts, and junior college districts for the maintenance of elementary schools, high schools, and district junior colleges respectively.

2.2132. One additional teacher unit shall be allowed to each unified school district for each three hundred units of average daily attendance in the aggregate in the elementary schools thereof during the next preceding school year. 2.2133. The total amount of bonds issued by any unified school district for elementary school purposes, high school purposes, or junior college purposes, respectively, shall not exceed, for each of such purposes, five per cent of the taxable property of the district as shown by the last equalized assessment of the county or counties in which the unified school district is located.

2.2134. Except as otherwise provided in this code, the maximum rate which, under the provisions of this chapter, may be levied in any one year, on each one hundred dollars of assessed valuation in a unified school district must not exceed the following:

2.2135. If in any elementary school district, or portion of elementary school district, which is a part of a unified school district, one or more kindergartens are maintained, a tax of not to exceed fifteen cents on each one hundred dollars of assessed valuation in such elementary school district, or portion of elementary district, shall be levied and collected, the proceeds of which shall be used exclusively by the governing board of the unified school district for the expenses of such kindergarten or kindergartens in such elementary school district or portion of elementary school district.

CHAPTER XV—EDUCATION SUPERVISION IN UNIFIED SCHOOL DISTRICTS.

2.2140. The funds apportioned under the provisions of section 2.2132 of this code for a unified school district which during the preceding school year had an average daily attendance of less than one thousand five hundred in the elementary schools thereof shall be apportioned to the county elementary school supervision fund. In all other cases, funds apportioned under section 2.2132 of this code for a unified school district shall be apportioned directly to the district.

2.2141. Except as hereinafter provided, funds apportioned directly to a district under the provisions of section 2.2132 of this code shall be used exclusively for the payment of salaries and necessary expenses of supervisors of instruction for elementary schools of the district.

2.2142. The county superintendent of schools of each county may expend such amounts as may be necessary of the county elementary school supervision fund for the preparation and coordination of courses of study.

2.2143. Except as otherwise provided in section 2.1340 of this code, the governing board of any unified school district may enter into a contract with the county superintendent of schools having jurisdiction over such district for the supervision of instruction in the elementary and secondary schools of the district and for the preparation and coordination of courses of study for such schools. The governing board of such district shall transfer to the county elementary school supervision fund from the funds apportioned to it under the provisions of section 2.2132 of this code, and shall transfer to the county secondary school supervision fund, which fund is hereby created in the county treasury, from the secondary school funds of the district, such sums as may be agreed upon by the governing board of the district and the county superintendent of schools.
2.2144. The county secondary school supervision fund shall be used by the county superintendent of schools for the supervision of instruction in the secondary schools of the unified school districts contracting, and for the preparation and coordination of courses of study in such schools.

2.2145. The governing board of any unified school district having an average daily attendance of fifteen hundred or more in the elementary schools of the district during the preceding school year may enter into an agreement with the governing board or boards of one or more other unified school districts in the same or adjoining counties for the joint employment of supervisors of instruction.

2.2150. The individual elementary school districts, or portions thereof, composing a unified school district shall be subject to suspension and lapse in the same manner as that provided for the suspension and lapse of the individual elementary school districts composing a union elementary school district, except that any elementary school district so lapsed shall be attached to another elementary school district in the unified school district for computing teacher units.

CHAPTER XVII—Jurisdiction.

2.2160. The county superintendent of schools of the county in which the greatest part of the assessed valuation of any unified school district lies shall have jurisdiction over such unified school district for such purposes as may be specified in this code.

CHAPTER 774.

An act to amend the title and sections 1, 2, 3, 4 and 5, and to add section 6 to an act entitled “An act to authorize municipal corporations to issue bonds, for the purpose of investing the proceeds arising from the sale thereof, in other bonds issued for public improvements,” approved April 26, 1909, relating to the issuance, sale, or exchange, and payment of the bonds issued under this act, and the acquisition, collection and payment of bonds acquired.

[Approved by the Governor July 29, 1935 In effect September 15, 1935]

The people of the State of California do enact as follows:

SECTION 1. The title of the act designated in the title hereof is hereby amended to read as follows:

An act to authorize municipal corporations to issue bonds for the purpose of acquiring other general obligation bonds of the municipal corporation, or bonds issued by or for districts therein or bonds issued for street work or other public
improvements, and providing for acquiring such bonds, and the levy or collection of taxes and assessments to pay principal and interest of bonds acquired, the use of funds derived from bonds issued under this act or acquired under this act and the payment of bonds issued under this act.

Sec. 2. Section 1 of the act cited in the title hereof is hereby amended to read as follows:

Section 1. Every municipal corporation in the State of California may incur a bonded indebtedness to acquire any bonds issued by such municipality, or by or for any district therein, or bonds issued for street work or other public improvements, in the municipal corporation under any act of the Legislature providing for the performance of street work or other public improvements, or the issuance of bonds to represent or be secured by assessments levied for such work or improvements, including any bonds issued under the Improvement Bond Act of 1915 and the Acquisition and Improvement Act of 1925. It is the intent of this act that investments of such fund shall be for the purpose of aiding and facilitating the making of needed public improvements in the municipality or for the purpose of limiting or preventing such increasing of district taxes or assessments as might lessen or impair the general tax revenues of the municipality from any district or districts, or for the purpose of providing means whereby district indebtedness or assessments represented by or securing bonds may be reduced.

Sec. 3. Section 2 of said act is hereby amended to read as follows:

Sec. 2. Except as herein modified, the bonds authorized to be issued under the provisions of this act shall be issued in the manner provided for in an act entitled "An act authorizing the incurring of indebtedness by cities, towns and municipal corporations for municipal improvements, and regulating the acquisition, construction and completion thereof," in effect February 25, 1901, and amendments thereto; provided that the ordinance calling the election therein provided for need not contain any statement as to the estimated cost of the proposed public improvement. The interest rate on the bonds need not be the same during the entire term thereof but different rates may be fixed for one or more interest payments on such bonds. If the bonds are to be issued to acquire outstanding bonds, the ordinance calling the election shall briefly and generally state what bonds are to be purchased or acquired, the total principal amount thereof and the maximum purchase price proposed to be paid therefor, and the maximum purchase price so stated shall not be exceeded in the purchase of such bonds. The bonds issued under this act may be sold at not less than the par value thereof or may be exchanged at their par value for the outstanding bonds; provided the outstanding bonds are taken in such exchange at a price not exceeding the maximum pur-
chase price stated in the ordinance calling the election. Such bonds, when issued, shall be redeemed and paid as provided in said act of 1901, and the taxes for the payment thereof shall be levied as provided in said act; provided, however, that where any issue of bonds under this act is to mature at one time the amount of the taxes to be levied annually shall be as provided in section 5 of this act.

Sec. 4. Section 3 of said act is hereby amended to read as follows:

Sec. 3. It shall be the duty of the legislative branch of every town, city or municipal corporation availing itself of this act to keep the funds arising from the sale of bonds issued under this act separate and distinct from all other municipal funds in a fund to be called "General improvement fund," and to invest and reinvest the same in bonds issued by said municipality, or bonds issued for street, sewer, drainage or any other improvements within said municipality, and to collect the principal of and interest on said bonds and credit the same to said fund; provided, however, that if the bonds are issued to acquire or to provide funds for the purchase of certain outstanding bonds, they may be used only for that purpose, and all of said funds not so used and all sums received in payment of principal or interest of the bonds acquired by the city or received from the sale of any thereof (if such bonds are sold by the city as hereinafter provided) shall be used for the payment of the principal and interest of the bonds issued pursuant to this act for the purpose of acquiring such outstanding bonds. Said municipality may sell, at the discretion of its legislative body, any of said bonds purchased by it; provided that said bonds shall not be sold at a price less than the price paid therefor. The purchase price of any bonds so sold together with the accrued interest thereon shall be placed in said general improvement fund and may be reinvested in bonds, or, where under the provisions hereinbefore in this section contained such reinvestment is not permitted, shall be used to pay principal and interest of the bonds issued under this act for the purpose of acquiring the bonds so sold.

Sec 5. Section 4 of said act is hereby amended to read as follows:

Sec 4. During the time the municipality owes any district bonds payable from taxes or assessments levied wholly or partially in accordance with the assessed value of the land within the district the legislative body may, in its discretion, which may be exercised each year, omit from the amount of the annual tax or assessment to be levied for the payment of principal and interest of such bonds any sum for the payment of principal and interest past due and unpaid because of delinquencies, and may limit or omit any sum for anticipated delinquencies. The tax or assessment shall be levied in accordance with the statute under which the bonds acquired were issued, but the total amount of any annual levy may be limited as provided herein.
Where any bonds acquired pursuant to the provisions of this act are acquired at less than the par value thereof, the legislative body may, in its discretion, reduce the total principal amount of any issue of bonds so acquired and held by it to a total principal amount which it may fix by ordinance; provided such reduced total principal amount of any issue shall not be less at par than the total purchase price of the total principal amount of the bonds of such issue acquired by said legislative body. The ordinance shall designate the issue of bonds to be so reduced, the total principal amount of the bonds of such issue acquired, the purchase price paid therefor, the principal amount of the proposed reduction, the numbers, denominations and maturity dates of the bonds to be canceled and the time and place of the proposed cancellation. Such ordinance shall be subject to referendum as are other ordinances of the city. At the time and place fixed, unless prevented by referendum, the bonds shall be publicly canceled and the city clerk shall enter on the minutes of the legislative body a record of the bonds canceled sufficient to identify the same and the fact and date of the cancellation thereof. If the bonds canceled are issued under the Improvement Bond Act of 1915 the legislative body shall reduce the principal amount of the assessments securing such bonds to the total principal amount of the unpaid and uncanceled bonds of the same issue. Such reduction of assessments shall be carried out by canceling such proportion of the assessments as may be necessary therefor and the legislative body is empowered to provide procedure for such cancellation in compliance with constitutional requirements. The uncanceled portion of the assessments shall be valid and collected in accordance with the terms of the statutes under which the original assessments were levied and bonds issued.

Sec. 5. Any issue of bonds under this act may in the discretion of the legislative body of the city be made to mature at one time provided such time shall not exceed twenty years from the date of issue of such bonds. In the event that the bonds mature at one time the annual tax levy shall be sufficient to pay the interest on such bonds as it comes due and to create a sinking fund for the payment of the principal thereof or before maturity. The sum to be raised each year and placed in the sinking fund for the payment of the principal of the bonds shall not be less than an amount obtained by dividing the total principal amount of the bonds issued by the total number of years the bonds are to run. In the event the entire issue of bonds is to mature at one time, such bonds may be called for redemption in numerical order at par and accrued interest on any interest payment date prior to their fixed maturity. and a statement to that effect must be set forth in each bond. No bond issued hereunder shall be callable or redeemable prior to its fixed maturity date unless a statement
that the bond is callable is contained in the bond. At least
once each year, within sixty days prior to an interest payment
date, if the sinking fund contains sufficient available moneys
to call one or more of the outstanding bonds, the legislative
body shall, by notice published once a week for two successive
weeks in some newspaper published in the city, and, in its
discretion, in any other newspaper or newspapers, invite sealed
proposals for the sale to the city of any bonds for payment
of which the sinking fund was created. Said notice shall state
the amount available for the redemption of said bonds and
shall specify the time when and the place where such proposals
will be opened. At such time and place all proposals shall
be opened in public. Any or all of such proposals may be
rejected in the discretion of the legislative body. No proposal
shall be accepted unless the sale price is less than par and
accrued interest. If no proposals are received or if those
received are rejected or are insufficient to exhaust the moneys
available for the redemption of bonds, the legislative body
shall call in numerical order such outstanding bonds as can
be redeemed from the moneys available for that purpose.
Notice of the call of such bonds for redemption shall be pub-
lished once a week for two weeks in a newspaper of general
circulation in said city. The first publication shall be not less
than thirty days prior to the date fixed for such redemption.
Upon the date fixed for such redemption the bonds so called
shall be redeemed at par and accrued interest to that date.
If any bonds so called are not presented for redemption on
the date fixed therefor, then on the day following said date
a sum sufficient for the payment of the principal of such bonds
and accrued interest to said date of redemption shall be placed
in a special fund for that purpose and interest on the bonds
for which such provision is made shall cease on said redeem-
ment date.

Sec. 7. A new section is hereby added to said act, to be numbered section 6 and to read as follows:

Sec. 6. This act shall in no wise affect any other act or acts now existing or which may hereafter be passed covering the same subject-matter, or apply to any proceedings thereunder, but is intended to and does provide an alternative system for the issuance of bonds, and, when in the discretion of any legislative body proceedings are commenced under this act, the provisions of this act shall govern all procedure to be taken.

This act and all of its provisions shall be liberally construed to the end that the purposes hereof may be made effective. If any section, subsection, sentence, clause or phrase of this act is for any reason held to be unconstitutional or invalid, such decision shall not affect the validity of the remaining portion of this act. The Legislature hereby declares that it would have passed this act irrespective of the fact that any one or more sections, subsections, sentences, clauses or phrases thereof be declared unconstitutional or invalid.

Fifth—For the certificate of the clerk of the board of supervisors or of the county auditor as to the correctness of the computations.

CHAPTER 798.

An act to amend an act entitled "An act to authorize the counties of the State of California to establish retirement systems for their employees," approved May 20, 1919 (Statutes 1919, page 782), by amending sections 1 and 6 thereof, relating to county employee retirement systems.

Approved by the Governor July 20, 1935. In effect September 17, 1935.

The people of the State of California do enact as follows:

Section 1. Section 1 of the act cited in the title hereof is hereby amended to read as follows:

Section 1. In this act, unless the context otherwise requires:

(a) The words "retirement system" mean the arrangements provided in this act for the payment of annuities, or the payment of total sums in lieu of annuities.

(b) The word "annuity" means the payments for life derived from money deposited by the employees and contributed by the county.

(c) The words "regular interest" mean interest calculated on March thirty-first, June thirtieth, September thirtieth and December thirty-first on payments received during the preceding quarter from the last of that quarter at a rate, depending upon the interest earnings on investments, to be fixed by the board of retirement, with the approval of the board of supervisors, but not greater than four per cent per annum compounded annually on the last day of December.

(d) The word "employees" includes both appointive officers and employees of the county.

(e) The words "in continuous service" mean uninterrupted employment, except that a temporary lay-off on account of illness or for purposes of economy, a leave of absence, sus-
pension or dismissal followed by reinstatement within one year shall not be considered as breaking the continuity of service; provided, further, that in case of reinstatement of any member who at the time of his separation from the service receives a refund under section 6 of this act, he shall be deemed to be a new entrant to the service and the monthly deductions from his salary shall be computed from the date of such reinstatement unless he shall, within ninety days from such reinstatement, return to the members' deposit reserve the amount refunded to him.

(f) The word "county" shall mean "county" or "city and county."

(g) The term "salary fund" shall mean in any city and county the fund from which salaries are ordinarily paid.

SEC. 2. Section 6 of said act is hereby amended to read as follows:

Sec. 6. The county treasurer shall administer the funds of the retirement system in accordance with the following plan:

1. The cost of operation of the retirement system shall be borne by the county from funds provided under section 5, (1), and the liabilities incurred in connection therewith paid as other county charges are paid. These expenses are hereby made county charges.

2. Deposit, contribution, and annuity funds:

A. Refunds.

(1) Should a member separate from the service of the county for any cause except permanent disability before retirement, there shall be paid to him or, in case of death, to a beneficiary or beneficiaries designated by such member, without letters of administration or probate of will, or if no beneficiary has been so designated, then to his legal representatives, all the money that shall have been paid in by him under section 5, (2), (a), with regular interest on such deposits.

(2) The amount contributed by the county for such member with regular interest shall be transferred from the county contribution reserve to the surplus and deficit account.

B. Annuities from Employees' Deposits and Contributions by the County.

(1) Any member who reaches the age of sixty years and has been in the continuous service of the county for ten years immediately preceding and then or thereafter retires or is retired, any member who retires or is retired at the age of seventy years, or thereafter, and any member who retires or is retired for the good of the service or for permanent disability under the provisions of section 3, (4) and (5), shall receive a life annuity to which the sum of his deposits under section 5, (2), (a), with regular interest and contributions by the county with regular interest under section 5, (2), (b), and (c), shall entitle him according to the annuity
tables adopted by the board of retirement in one of the following forms at his option:

(a) A life annuity, payable quarterly.

(b) A life annuity payable quarterly with the provision that in the event of the death of the annuitant before receiving payments equal to the sum at the date of his retirement of his deposits under section 5, (2), (a), with regular interest, the difference shall be paid to a beneficiary or beneficiaries designated by such member, without letters of administration or probate of will, or if no beneficiary has been so designated, then to his legal representatives.

(2) Annuities for Permanent Disability. Any member who has been retired for permanent disability as provided under section 3, (5) shall receive an annuity based upon the sum of his deposits and of the county's contributions with regular interest. Except that any member who receives compensation from the county under any workmen's compensation act or by virtue of any judgment obtained against the county for permanent disability, shall in lieu of such annuity receive a refund of all the money that has been paid in by him under section 5, (2), (a), with regular interest on such deposits. The annuities paid hereunder shall cease whenever, upon investigation, the board of retirement shall find that such disability has been removed, but if the member has not received a sum equal to the amount he deposited with regular interest the difference shall be refunded to him.

(3) If the sum of the deposits made by an employee entitled to an annuity and the contributions by the county with regular interest do not amount to more than five hundred dollars, such amount shall be paid to the retiring employee in one lump sum in lieu of an annuity.

(4) Annuities Based on Prior Service. Any member in the service of the county at the time this law becomes operative shall, upon being retired receive an annuity based upon an annuity reserve of such sum as the county's contributions at regular interest would have produced for the period of years, not exceeding twenty-five, that he shall have been in the actual service of the county at the date of retirement, plus the amount of the reserve created by his own deposits with regular interest. In all such cases that portion of the annuity not produced by the member's deposits and similar contributions by the county shall be paid from the prior service annuity reserve. Nothing herein contained shall prohibit any employee from paying into the retirement system any sums in excess of the regular monthly contributions; provided, however, the board of retirement, with the approval of the board of supervisors, may limit the amount of excess contributions which will be accepted. Any payment so made shall be made in accordance with rules adopted by the board of retirement, be credited to a separate and special account of the employee so making the payment, held for his sole use and benefit, and increased with regular interest as provided by this act. When a member
who has made an extra deposit retires or separates from the service of the county, the amount of such extra deposit with regular interest shall be returned to him in a lump sum, or used to increase his annuity reserve and annuity, as the circumstances of each particular case may require.

(5) The amount of the surplus as of December thirty-first of each year, if there be a surplus, shall be paid into the salary fund of the county. The deficit, if there be a deficit, shall be made good by a transfer from the salary fund of the county, on order of the board of supervisors, to the fund of the retirement system.

(6) Refunds to the county shall go to the fund from which disbursements were originally made.

Sec. 6. Any person convicted under this act for transporting, selling, furnishing, or giving away, or offering to transport, sell, furnish, or give away, any of the drugs or substances or their derivatives mentioned in section 1 of this act, shall upon conviction be punished by imprisonment in the county jail or in the State prison for not less than six months nor more than six years; provided, however, that any such person convicted under this act for transporting, selling, furnishing,
or giving away, or offering to transport, sell, furnish or give away any of the drugs or substances or their derivatives mentioned in section 1 of this act, shall be imprisoned in the State prison for not less than one year nor more than ten years if such person has also been previously convicted of a felony under the laws of the United States or of the State of California, or of any other State, and such previous conviction of a felony is charged in the indictment or information and is found to be true by the jury, upon a jury trial, or is found to be true by the court, upon a court trial, or is admitted by the defendant.

Sec. 5c. Section 7 of said act is hereby amended to read as follows:

Sec. 7. Any person convicted under this act for having in possession any of the drugs or substances mentioned in section 1 of this act, or their salts; derivatives; or any preparation thereof, or of violating the provisions of section 3 hereof, shall upon conviction be punished by imprisonment in the county jail or in the State prison for not more than six years; provided, however, that any such person convicted under this act for having in possession any of the drugs or substances mentioned in section 1 of this act, or their salts, derivatives, or any preparation thereof, or of violating the provisions of section 3 hereof, shall be imprisoned in the State prison for not less than six months nor more than ten years if such person has been previously convicted of a felony under the laws of the United States or of the State of California, or of any other State, and such previous conviction of a felony is charged in the indictment or information and found to be true by the jury, upon a jury trial, or found to be true by the court, upon a court trial, or is admitted by the defendant.

Sec. 6. Section 10c of said act is hereby amended to read as follows:

Sec. 10c. Whenever an imprisonment has been imposed for a violation of this act, and before the termination of the sentence thereof, the defendant is released by the vacation of the sentence of imprisonment and the imposition of a fine or forfeiture in lieu thereof, said lieu fine or forfeiture shall be recorded and accounted for in the same manner as though it had been imposed in the first instance.

Whenever a fine has been imposed for violation of this act, and before the full payment of said fine a sentence of imprisonment is imposed in lieu thereof, such lieu imprisonment shall be recorded and accounted for to the county clerk of the particular county, and it shall be the duty of the county clerk to keep a record of such lieu imprisonment.

Sec. 7. Section 11 of said act is hereby amended to read as follows:

Sec. 11. All drugs and substances specified in section 1 and also all pipes used for smoking opium (commonly known as opium pipes) or the usual attachments thereto, flowering tops or leaves, or extracts, tinctures, or other preparations,
of hemp, or loco weed, their preparations or compounds containing more than two grains of Indian hemp or loco weed to each fluid or avoirdupois ounce (except corn remedies containing not more than fifteen grains of the extract or fluid extract of hemp to the ounce, mixed with not less than five times its weight of salicylic acid combined with collodion), may be seized by any peace officer, and in aid of such seizure a search warrant or search warrants may be issued in the manner and form prescribed in Chapter III of Title XII of Part II of the Penal Code.

All such pipes, used for smoking opium (commonly known as opium pipes), and the usual attachments thereto, seized under the provisions of this act shall, upon conviction of the owner or defendant, be ordered destroyed by the judge of the court in which final conviction was had. The order of destruction shall contain the name of the party charged with the duty of destruction as herein required, but the judge shall turn all such evidence over to the Division of Narcotic Enforcement of the State of California for such destruction.

All drugs and substances, specified in section 1 of this act, which have been seized under this act shall, by order of the court upon the conviction of the owner or defendant, immediately be turned over to the State Division of Narcotic Enforcement for destruction, or for disposition as provided in this section.

Any drugs specified in section 1 hereof, opium pipes and the usual attachments thereto, or smoking opium, seized under the provisions of this act, now in the possession of any city or county official or officials, or the State Board of Pharmacy, or said narcotic division, or which may hereafter come into their or its possession, in which no trial was had, shall be delivered to the Division of Narcotic Enforcement for destruction or for disposition as provided in this section; provided, however, that none of the drugs specified in section 1, opium pipes and the usual attachments thereto, or smoking opium coming into the possession of said division as above described, shall be destroyed within a period of six months from the date of such seizure.

The Division of Narcotic Enforcement may dispose of all narcotics now on hand or hereafter coming into its possession (other than heroin or smoking opium), by gift to the medical superintendents of California State prisons or State hospitals for medical purposes.

SEC. 8. Section 11.5 is hereby added to said act, to read as follows:

Sec. 11.5. Whenever any drugs specified in section 1 of this act or any pipes for smoking opium or smoking paraphernalia have been seized, pursuant to the provisions of this act, and the defendant or owner has escaped from custody and is a fugitive from justice, such drugs, pipes and smoking paraphernalia shall, upon demand of the State Division of Narcotic Enforcement, be turned over to said division for safekeeping until
such time as the owner or defendant is apprehended and prosecuted for violation of this act.

Sec. 9. Section 11.6 is hereby added to said act, to read as follows:

Sec. 11.6. Whenever such drugs or pipes or smoking paraphernalia have been seized, pursuant to the provisions of this act, and the case has been disposed of by way of dismissal or otherwise than by way of conviction, such drugs, pipes or smoking paraphernalia shall, by order of the court, be immediately turned over to the State Division of Narcotic Enforcement, unless the court finds that the narcotics were lawfully possessed by the defendant.

Sec. 10. Section 15 of said act is hereby amended to read as follows:

Sec. 15. Any automobile or other vehicle used or intended to be used to conceal, convey, carry, or transport any of the drugs mentioned in section 1 of this act, and any automobile or vehicle in which any of the drugs mentioned in section 1 of this act are unlawfully possessed by an occupant thereof, shall be forfeited to the State of California as in this section provided:

(a) Any peace officer of this State, upon making, or attempting to make, an arrest for the unlawful possession, transportation, selling, furnishing, or giving away, of any of the drugs mentioned in section 1 of this act, shall seize the automobile or other vehicle used to conceal, convey, carry or transport any of the drugs mentioned in section 1 of this act, or to transport an occupant who unlawfully possesses said drugs, and shall hold the same as evidence until a forfeiture has been declared or a release ordered as in this section further provided.

(b) Notice of seizure and intended forfeiture proceeding shall be filed with the county clerk and shall be served on all persons, firms or corporations having any right, title or interest in the automobile or other vehicle seized, hereinafter referred to as the "owners," in the following manner:

Upon each owner whose right, title or interest is of record in the Department of Motor Vehicles and upon each owner whose name and address is known, by mailing a copy of such notice by registered mail to the address as given upon the records of the Department of Motor Vehicles or to any other last known address of such owner; and upon all other owners, whose addresses are unknown, but who are believed to have an interest in said automobile or other vehicle, by one publication in a newspaper of general circulation in the county where such seizure was made;

Within twenty days after the date of the mailing of the notice by registered mail, or within twenty days after the date of the publication, the owner or owners of the automobile or other vehicle so seized may make a verified answer to the fact of the use of the automobile or other vehicle alleged in the notice of seizure and of the intended forfeiture proceeding.
No extensions of time shall be granted for the purpose of making the verified answer above required.

(e) If at the end of twenty days after the notice has been mailed or published there is no verified answer on file, the court shall hear evidence upon the fact of the unlawful use and shall, upon motion, order the automobile or other vehicle forfeited to the State of California.

(d) If a verified answer has been filed, then the forfeiture hearing proceeding shall be set for hearing on a day not less than thirty days therefrom, and such proceeding shall have priority over other civil cases; and notice of this proceeding shall be given in the same manner as notice of seizure was given as hereinbefore provided.

(e) At the time set for the hearing, any of the owners who have verified answers on file may show by competent evidence that the automobile or other vehicle was not in fact used or intended to be used to conceal, convey, carry or transport any of the drugs mentioned in section 1 of this act, or that said drugs were not unlawfully possessed by an occupant of said automobile or other vehicle. However, the claimant of any right, title or interest in said automobile or other vehicle may prove his lien, mortgage, or conditional sales contract to be bona fide and that such right, title or interest was created after a reasonable investigation of the moral responsibility, character and reputation of the purchaser and without any knowledge that the automobile or other vehicle was being, or was to be, used for the purpose charged, but no person claiming a lien pursuant to Chapter 1 of Division VIII of the Vehicle Code need prove that his right, title, or interest was created after any investigation of the moral responsibility, character and reputation of the owner, purchaser, or person in possession of the vehicle when it was brought to the claimant.

(f) In the event of such proof, the court shall order said automobile or other vehicle released to such bona fide or innocent owner, lien holder, mortgagee or vendor if the amount due to such person shall be equal to, or in excess of, the value of the automobile or other vehicle as of the date of seizure. It being the intention of this section to forfeit only the right, title or interest of the purchaser; provided, that if the amount due to such person shall be less than the value of said automobile or other vehicle, then said automobile or other vehicle shall be sold at public auction by the State Department of Finance after publishing notice of such sale at auction by one insertion in a newspaper published and circulated in the city, community or locality where the sale is to take place. The remainder of the proceeds of such sale, after payment of the balance due on the purchase price, mortgage, or lien, shall be deposited in the State treasury.

In any case the State Department of Finance shall have the right, within thirty days after judgment, to pay the balance due to such bona fide or innocent purchaser, lien holder, mortgagee or vendor and to purchase the vehicle for the State.
Should the fact be determined that the automobile or other vehicle was not in fact used or intended to be used to conceal, convey, carry or transport any of the drugs mentioned in section 1 of this act, or that any of said drugs were not unlawfully possessed by an occupant thereof, the court shall order the automobile or other vehicle released to the owner or owners in such manner as their right, title or interest appears of record in the Department of Motor Vehicles as of the date of the seizure.

(g) Whenever an automobile or other vehicle has been ordered forfeited to the State of California, it shall be turned over to the State Department of Finance, which shall deliver to the State Division of Narcotic Enforcement such automobiles or other vehicles as may be needed by the said Narcotic Division to enforce the provisions of this act.

(h) Nothing contained in this act shall apply to common carriers or to an employee acting within the scope of his employment in the enforcement of this act.

Sec. 11. Section 18 is hereby added to said act, to read as follows:

Sec. 18. This act shall be known and may be cited as the State Narcotic Act.

CHAPTER 814.

An act relating to the adoption of codes of fair competition for certain trades and industries within this State.

[Approved by the Governor July 20, 1935. In effect September 15, 1935.]

The people of the State of California do enact as follows:

Section 1. The existence of a State and National emergency product of widespread unemployment and disorganization of trade and industry which burdens commerce and affects the public welfare of the people of this State is hereby recognized. Among the trades and industries particularly affected are those in which service is rendered to the public without necessarily involving the sale, manufacture, or transportation of merchandise or commodities. In such intrastate trades and industries there is widespread unemployment and economic distress and for the purpose of ameliorating such conditions it is necessary and desirable to authorize the adoption of codes of fair competition applicable to such trades and industries in the various cities, cities and counties, and counties of the State as provided in this act.

Sec. 2. This act applies only to those intrastate trades and industries herein enumerated as follows: barber shop, beauty shop, cleaning and dyeing, rug cleaning and hat renovating industries, and does not apply to the business of or to the operating forces of hotels, office or loft buildings, or apartment houses or the newspaper publishing business.
The term "service trade" or "service industry" as used herein means barber shops, beauty shops, cleaning and dyeing, rug cleaning and hat renovating industries.

Sec. 3. The owners, operators, or managers of not less than eighty per cent of the business establishments in such service trade in any city, city and county, or county may apply to the governing body of such city, city and county, or county for the establishment of a code of fair competition under the provisions of this act for such trade within such city, city and county, or county as the case may be.

Sec. 4. The application for a code of fair competition shall state the number of business establishments in the city, city and county, or county engaged in the industry petitioning for such code, and the signature of only one person signing on behalf of a business establishment shall be counted in determining the percentage of establishments making application. The application shall set forth the provisions of the requested code, and shall contain such fair trade practice provisions as conditions in the industry require.

Sec. 5. The governing body of a city, city and county, or county may approve or reject the application for a code. The rejection of an application shall not prejudice the filing of a new application for a code. If approved the governing body by proper ordinance shall enact the provisions of such code and the provisions thereof shall become the standards of fair competition for such trade or industry within such city, city and county, or county as the case may be, and the violation of such standards shall be deemed to be an unfair method of competition and a violation of this act.

Sec. 6. The violation of any provision of any code adopted under the provisions of this act shall constitute a misdemeanor. Each and every day's continuance of such violation shall constitute a separate offence.

Sec. 7. All provisions of the laws of California or of the United States governing labor conditions in service trades shall be deemed to be incorporated in the provisions of any code adopted under the provisions of this act.

Sec. 8. The provisions of any National or State code approved pursuant to any act of Congress or the Legislature of California shall be deemed to be incorporated in the provisions of any code adopted under the provisions of this act. Nothing in this act shall prohibit the formulation and approval of State codes for service trades. Nothing in this act shall be deemed to apply to funeral directors or cemeteries.

Sec. 9. This act is designed to meet the emergency referred to in section 1 hereof, and if any of this act or the application thereof to any person or circumstance is held invalid, the remainder of this act, and the application of such provisions to other persons or circumstances, shall not be affected thereby.

Sec. 10. This act shall cease to be in effect on and after September 1, 1937.
SEC. 11. If any section, sentence, clause, or part of this act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this act. The Legislature hereby declares that it would have passed this act and each section, sentence, clause, or part hereof, irrespective of the fact that one or more sections, sentences, clauses, or parts may be declared unconstitutional.

CHAPTER 815.

An act to amend sections 5 and 6 of an act entitled "An act prescribing certain duties to be performed by the State Controller, State Treasurer and State Board of Examiners," approved February 20, 1872, relating to warrants.

[Approved by the Governor July 20, 1933. In effect September 15, 1933.]

The people of the State of California do enact as follows:

SECTION 1. Section 5 of the act cited in the title hereof is hereby amended to read as follows:

Sec. 5. Whenever any warrant issued by the State Controller shall have remained unpaid for the period of four years after such warrant has become payable, it shall be the duty of the Controller to cancel the same. The amount of all warrants canceled under the provisions of this act shall revert to the fund in the State treasury against which said warrants were drawn, and shall be entered upon the books of the Controller to the credit of such fund in the same manner as other moneys paid into the State treasury. Warrants canceled under the provisions of this act shall be null and void. The Controller and Treasurer shall each keep a register of warrants canceled under this section, in which shall be entered the number, date, and amount of the warrant, the name of the person in whose favor it was drawn, the fund out of which it was payable, and the date of cancellation.

Sec. 2. Section 6 of said act is hereby amended to read as follows:

Sec. 6. Whenever a registered warrant is or has been issued for the purpose of making an interdepartmental payment or in error the State department or agency having legal ownership of the warrant may present such registered warrant to the Controller for cancellation and credit to the fund from which drawn. The warrant shall be accompanied by a report in writing requesting the cancellation, explaining the reason for the request and specifying the proper appropriation to be credited with the amount of the warrant. It shall thereupon be the duty of the Controller, after verification of the proper appropriation to be credited, to cancel such warrant and enter the amount upon his books to the credit of the fund from which drawn and the appropriation to which it is prop-
erly to be credited in the same manner as other moneys paid
into the State treasury. Whenever a registered warrant is
canceled under the provisions of this section the Controller
shall notify the Treasurer in writing of such cancellation,
specifying the number, date, amount, to whom drawn, fund
from which drawn and date of cancellation. The Controller
and Treasurer shall each enter such cancellation in the register
of canceled warrants as provided in section 5 of this act.

The Governor may remove any member of the board for misconduct, incompetency or neglect of duty.

(b) Each member of the board shall receive a certificate of appointment from the Governor, and before entering upon the discharge of the duties of his office, shall file with the Secretary of State, the constitutional oath of office. (g) The board shall have the power in its discretion to review and sustain or reverse by a majority vote any action or decision of the registrar with reference to the suspension, cancellation or revocation of any license issued under the provisions of this act.

(h) There may be created and established within the Contractors' License Bureau a separate division for the purpose of cooperating in the administration and enforcement of the National codes for the construction industry as approved under the provisions of the National Industrial Recovery Act, said division to be known as the Division of Code Coordination. Such division, if created, shall be under the charge of a 'Code Coordinator,' which position is hereby created, who shall be under the supervision of the registrar. Through the Division of Code Coordination, the registrar may render such assistance as to him seems proper to any officer, authority, or organization charged with the enforcement of a Federal code or codes of fair competition for the construction industry or any subdivision thereof, provided that such officer, authority or organization shall have been appointed in accordance with the provisions of such code or codes, and further provided that, in the sound opinion of the registrar, such assistance shall not be inconsistent with the protection of the public and shall be in the interest of best serving the public safety and welfare.

(i) The registrar shall keep a complete record of all applications for licenses as prescribed in this act and the board's action thereon and shall prepare annually a roster showing the names, places of business and residence of all persons conducting a contracting business in this State, a copy of such roster to be filed with the Secretary of State, a copy of such roster to be filed with the clerk of each county in the State, and a copy to be furnished to all construction industry associations. Copies of such roster shall be available on application to the registrar at such price per copy as may be fixed by the board. The board, in addition to the usual periodic reports, shall within thirty (30) days prior to the meeting of the regular session of the Legislature submit to the Governor
a full and true report of its transactions during the preceding biennium including a complete statement of the receipts and expenditures of the board during the period. A copy of said report shall be filed with the Secretary of State. All records shall be public records.

Sec. 6. Section 6 of said act is hereby amended to read as follows:

Sec. 6. Upon receipt of said application and of said fee, if no valid reason exists for further investigation of said applicant, it shall be the duty of the registrar forthwith and within ten days to issue a license to the applicant permitting him to engage in business as a contractor under the terms of this act for the balance of the fiscal year following the application, provided the applicant has furnished such complete information and in such manner as may be required by the registrar in accordance with section 5 of this act. If the information brought to the attention of the registrar concerning the applicant is such that, in the registrar's discretion, it would be proper to deny the application, the registrar shall forthwith notify the applicant by registered mail, or by personal service, to show cause within such time, not less than five days nor more than thirty days, why the application should not be denied. The license issued under this act shall be signed by the licensee, shall be nontransférable, and shall be displayed in his main office or chief place of business, and satisfactory evidence of the possession thereof, and the current annual renewal thereof shall be exhibited by him upon demand.

It shall be unlawful for any person, firm, copartnership, corporation, or any combination thereof to act in the capacity of a contractor under any license issued hereunder except in the exact name and in accordance with the personnel of the licensee as set forth in the application for such license, or as later changed as in this act provided, and to do otherwise shall be a fraud and misrepresentation and upon determination by the registrar that there has in fact been such fraud and misrepresentation shall ipso facto act as the cancellation of any such license so issued.

A surviving member or members of a licensed copartnership shall be entitled to continue in business under such license until the expiration date of such license; provided due application therefor is made to the board and same is approved by the board in accordance with such rules and regulations as it may adopt.

Sec. 7. Section 9a of said act is hereby amended to read as follows:

Sec. 9a. Upon the filing with the registrar of a verified complaint charging a licensee with the commission within two years prior to the date of filing of such complaint of any act which is cause for suspension or revocation of license, the registrar must forthwith issue a citation directing the licensee, within ten days after service of the citation upon him, to appear by filing with the registrar his verified answer to the
complaint, showing cause, if any he has, why his license should not be suspended or revoked; provided, however, that the appearance of the licensee by the filing of an answer may be waived by the complainant with the approval of the registrar, in which case the registrar shall proceed to a hearing as hereinafter provided. Service of the citation upon the licensee shall be fully effected by mailing a true copy thereof, together with a true copy of the complaint, by United States registered mail in a sealed envelope with postage fully prepaid thereon addressed to the licensee at his latest address of record in the registrar's office. Service of said citation shall be complete at the time of said deposit subject to the provisions of section 1013 of the Code of Civil Procedure of this State. Failure of the licensee to answer may be deemed an admission by him of the commission of the act or acts charged in the complaint and his license shall thereupon be suspended forthwith pending any hearing of the cause which the registrar in his discretion may order; provided that the registrar shall have power, in the event of such failure to answer, to suspend or revoke the license without further evidence than the verified complaint in the case.

Upon the filing of the answer, the registrar shall fix a time and place for the hearing and give the licensee and the complainant not less than five days' notice thereof. The notice may be served by depositing by registered mail in the United States mail a true copy of the notice inclosed in a sealed envelope with postage thereon fully prepaid and addressed to the licensee and to the complainant, respectively, at his last known address. With the notice to the complainant there shall be attached or inclosed a copy of the answer. If either party has appeared by counsel, the notice shall be given, in like manner, to counsel instead of to the party.

Upon the hearing, the registrar shall hear all relevant and competent evidence material to the issues and shall have power to continue the hearing from time to time as in his judgment may be necessary or proper. After the hearing is concluded and the matter submitted, the registrar shall, within twenty days after such submission, render his decision in writing, suspending or revoking the license or dismissing the complaint, with a brief statement of his reasons therefor. He shall give to the complainant and the licensee, or their respective attorneys, notice of the decision, by mail, in the same manner as prescribed herein for the giving of notice of hearing. Such decision may provide for the immediate complete suspension by the licensee of all operations as a contractor during the period fixed by the decision. The decision may however contain a provision permitting the licensee to complete any or all contracts shown by competent evidence taken at said hearing to be then uncompleted. The decision may also contain a provision imposing upon the licensee compliance with such specific conditions as may be just in connection with his operations as a contractor as disclosed at said hearing and may
further provide that until such conditions are complied with, no application for restoration of the license so suspended or revoked shall be accepted by the registrar. The decision of the registrar suspending or revoking a license shall take effect immediately upon the service of such notice of decision; provided that the registrar shall have the power to grant a stay of execution of such decision suspending or revoking a license, pending the filing by the licensee of a petition to the superior court for a writ of review or to the registrar for a rehearing as hereinafter provided.

The licensee may within twenty days after service upon him of notice of the rendition of such decision, petition the superior court in and for the county where such licensee resides for a writ of review, under the provisions of Chapter I, Title I, Part III of the Code of Civil Procedure, to review the decision of the registrar, or may within twenty days after such service of notice of the decision of the registrar suspending or revoking a license, apply for a rehearing by filing with the registrar his petition in writing therefor. Within five days after such filing, the registrar shall cause notice thereof to be served upon the complainant by mailing a copy of the petition for rehearing to the complainant in the same manner as herein prescribed for the giving of notice of hearing. Within twenty days after the service of the last mentioned notice the registrar shall either grant or deny said petition and if said petition is not granted within said period of twenty days it shall be deemed to be denied.

In his order granting or denying a rehearing, the registrar shall set forth a statement of the particular grounds and reasons for his action on the petition and shall forthwith mail a copy of the order to the parties who have appeared in support of or in opposition to the petition for rehearing. If a rehearing is granted, the registrar shall vacate the decision theretofore rendered suspending or revoking the license and shall set the matter for further hearing on due notice to the parties, given in the same manner as prescribed herein for the giving of notice of an original hearing.

After submission of the matter upon rehearing, the registrar shall promptly render his decision in writing and give notice thereof in the same manner as of a decision rendered upon an original hearing.

Any citation, notice, or other process or any paper or document provided by this section to be served on any party may be personally served as provided in section 1011 of the Code of Civil Procedure with the same effect as if served by mail as in this act provided.

At any time before a case is finally submitted for decision to the registrar, whether upon an original hearing, or upon a rehearing, a complaint or answer may, upon the motion of either party and with the consent of the registrar, or upon the registrar's own motion, be amended: provided that if new charges are alleged in an amended complaint the defendant
may upon request be allowed a reasonable time to prepare his defense to such new charges. Ten days shall be deemed a reasonable time in such case.

Any decision of the registrar, whether upon an original hearing or after a rehearing as herein provided, shall be subject to review by the superior court under the provisions of Chapter I, Title I, Part III, of the Code of Civil Procedure. The party desiring such review of the decision of the registrar shall file his petition therefor in the superior court within twenty days after service upon him of the registrar’s decision, or, in case a rehearing has been applied for, within twenty days after service upon him of the order denying such application therefor, or within twenty days after service upon him of the registrar’s decision upon rehearing, and, in any proceeding for review, the court may in its discretion, upon the filing of a proper bond by the licensee in an amount to be fixed by the court, but not less than one thousand dollars guaranteeing the compliance by the licensee with such specific conditions as may have been imposed upon him by the registrar’s decision, permit the licensee to continue to do business as a contractor pending entry of judgment by the court in the case. The person desiring such review shall pay to the registrar the sum of twenty cents for each one hundred words of the transcript of the record and proceedings certified to the reviewing court.

The suspension or revocation of license as in this act provided may also be embraced in any action otherwise proper in any court involving the licensee’s performance of his legal obligation as a contractor.

3. The stock in trade of a merchant.

Provided, however, that any nonprofit cooperative association with or without capital stock is not to be deemed a merchant within the meaning of this section.

Sec. 2. Section 2956 of the Civil Code is hereby amended to read as follows:

2956. A mortgage of personal property or crops shall be clearly entitled on the face thereof, apart from and preceding all other terms of the mortgage, to be a mortgage of crops and chattels, or either, and such mortgage may otherwise be made in substantially the following form:

No mortgage of personal property shall be invalid for any purpose by reason of the omission to state therein the due date or due dates of the obligation or obligations secured thereby.

Sec. 3. Section 2957 of the Civil Code is hereby amended to read as follows:

2957. A mortgage of personal property or crops is void as against creditors of the mortgagor and subsequent purchasers and encumbrancers of the property in good faith and for value, after a lapse of four years from the last recording or re-recording thereof, and unless:

1. It is acknowledged, or proved and certified, in like manner as grants of real property;
2. The mortgage, if of animate personal property other than crops growing or to be grown, is recorded in the office of the recorder of the county where the mortgagor resides at the time the mortgage is executed, or in case the mortgagor is a nonresident of this State, in the office of the recorder of the county where the property mortgaged is located at the time the mortgage is executed;
3. The mortgage, if of crops growing or to be grown, is recorded in the office of the recorder of the county where the land is located upon which such crops are growing or to be grown;
4. The mortgage, if of personal property other than crops growing or to be grown or animate personal property, is recorded in the office of the recorder of the county where the mortgagor resides at the time the mortgage is executed, and
also in the county where the property mortgaged is located, at
the time the mortgage is executed, and to which such property
is thereafter removed; and

5. Each such mortgage is clearly entitled on the face thereof,
apart from and preceding all other terms of the mortgage, to
be a mortgage of crops and chattels, or either.

Sec. 4. The Civil Code is hereby amended by adding
thereeto section 2959a to read as follows:

Sec. 5. Section 2963 of the Civil Code is hereby amended
to read as follows:

2963. Except as it is otherwise in this article provided,
mortgages of personal property or crops may be acknowledged
or proved and certified, and recorded, and when recorded as
provided in this article, shall have like effect as the recording
of conveyances of real property. Provided, however, that a
mortgage of personal property or crops may be recorded and
constructive notice of the same and the contents thereof given
in the following manner:

Any person may record in the office of the county recorder
of any county fictitious mortgages of personal property or
crops. Such fictitious mortgages need not be acknowledged,
or proved or certified, to be recorded or entitled to record.
Such mortgages shall have noted upon the face thereof that
they are fictitious. The county recorder shall index and
record such fictitious mortgages in the same manner as other
mortgages of personal property or crops are recorded, and
shall note on all indices and records of the same that they are
fictitious. Thereafter, any of the provisions of any such ficti-
tious recorded mortgage may be included for any and all
purposes in any mortgage of personal property or crops by
reference therein to any such provisions, without setting the
same forth in full; provided, such fictitious mortgage is of
record in the county in which the mortgage adopting or
including by reference any of the provisions thereof is
recorded. Such reference shall contain a statement, as to each
county in which the mortgage containing such reference is
recorded, of the date such fictitious mortgage was recorded,
the county recorder’s office wherein it is recorded, and the
book or volume and page or pages of the records in the record-
er’s office wherein and at which any such fictitious mortgage
was recorded, and a statement by paragraph numbers or any
other method that will definitely identify the same, of the
specific provisions of any such fictitious mortgage that are
being so adopted and included therein. The recording of any
such mortgage of personal property or crops which has
included therein any such provisions by reference as aforesaid
shall operate as constructive notice of the whole thereof
including the terms, as a part of the written contents of any such mortgage, of any such provisions so included by reference as though the same were written in full therein. The parties bound or to be bound by provisions so adopted and included by reference shall be bound thereby in the same manner and with like effect for all purposes as though such provisions had been and were set forth in full in writing in any such mortgage.

Sec. 6. Section 2965 of the Civil Code is hereby amended to read as follows: 2965. When personal property mortgaged (other than animate personal property mortgaged by a resident of this State, and motor vehicles and other vehicles defined in and the mortgaging of which are regulated by the California Vehicle Act), is removed from the county in which it is situated, the lien of the mortgage shall not be affected thereby for thirty days, after such removal; but, after the expiration of such thirty days, said property mortgaged, is exempted from the operation of the mortgage, except as between the parties thereto, until either:

1. The mortgagee causes the mortgage to be recorded in the county to which the property has been removed; or
2. The mortgagee takes possession of the property as prescribed in the next section.

Sec. 7. Section 2966 of the Civil Code is hereby amended to read as follows: 2966. If the mortgagor voluntarily removes or permits the removal of the mortgaged property, save in the case of animate chattels mortgaged by a resident of this State, from the county in which it was situated at the time it was mortgaged, the mortgagee may take possession and dispose of the property as a pledge for the payment of the debt, though the debt is not due.

Sec. 8. The Civil Code is hereby amended by adding thereto section 2974 to read as follows: 2974. Where a mortgage of live stock, or other animate chattels, or crops is taken to secure mainly, or among other things, funds that may be advanced thereafter from the mortgagee or assigns at the option of either to the mortgagor, mortgagors or any of them, which funds to be advanced shall be for the purpose of financing the mortgagor, mortgagors or any of them during any regular production period or periods involving the property or any part thereof encumbered by or described in said mortgage, and during which period or periods the mortgagor, mortgagors or any of them, may need and request such financing, such mortgage shall be and continue to be (subject to the provisions of sections 2911, 2968, 2969 and 2972 of the Civil Code), until formally released or discharged in the recorder's office, a lien and encumbrance upon the property described therein, of status, effect, rank and standing equal to that established initially and thereafter obtained by such mortgage, as security for the repayment of
all sums that may be or become due under such mortgage, and all obligations secured thereby, even though during such period or periods of financing the debt or debts, obligation or obligations secured by such mortgage, as they exist at any particular time, may have been repaid in full to the mortgagee or assigns, from proceeds of sale of the mortgaged property, or otherwise by the mortgagee; mortgagees, or any of them. Each such mortgage shall contain a statement that it is given for such purpose. All such mortgages shall be discharged on demand of the mortgagor, in conformity with the provisions of section 2941 of the Civil Code, whenever no sums are owing to the mortgagee, or assigns, thereunder.

**Sec. 9.** The Civil Code is hereby amended by adding thereto section 2975 to read as follows:

2975. A mortgage of personal property or crops may be given to secure the repayment of sums that may be advanced, expenditures that may be made, or indebtednesses or obligations that may be incurred, subsequent to the execution of such mortgage. If the maximum amount the repayment of which is proposed to be secured by such mortgage, is expressed therein (whether the creation of debts in such amount or any part thereof be optional with, or obligatory upon the mortgagee or assigns), such mortgage (subject to the provisions of sections 2911, 2941, 2968, 2969 and 2972 of the Civil Code) shall be and constitute a lien or encumbrance of rank, effect, status and standing equal to that established thereby initially and as it may thereafter obtain, as security for the repayment of any sums, expenditures, indebtednesses and obligations, owing or due or becoming owing or due thereunder, up to and including such expressed maximum amount which shall be considered only as a limit of the debts, sums, expenditures, indebtednesses and obligations that may be secured thereby at any one time, and not to include such as may have existed and been repaid or discharged thereunder. A mortgage of personal property or crops shall also constitute a lien or encumbrance of rank, effect, status and standing equal to that established initially or thereafter obtained thereby, as security for the repayment of all sums or amounts that are necessarily advanced or expended by the mortgagee or assigns, for the maintenance or preservation of the property, or any part thereof, described in such mortgage.

**Sec. 10.** The Civil Code is hereby amended by adding thereto section 2976 to read as follows:

2976. A mortgage of live stock, or other animate chattels, may be given to include and constitute a lien or encumbrance of effect, rank, status and standing equal to that of such mortgage, upon all the natural increase and products of any live stock, or other animate chattels that shall at any time be subject to the lien thereof, by including in any such mortgage an expression in general terms to this effect, and when so provided in such mortgage, and the same is executed and filed or
recorded as required by law, shall constitute notice thereof to all parties.

Sec. 11. The Civil Code is hereby amended by adding thereto section 2977 to read as follows:

2977. A mortgage may be given of live stock, or other animate chattels, title to which is acquired by the mortgagor subsequent to the execution of the mortgage, through the use of funds loaned or to be loaned, or otherwise, the repayment of which is secured or to be secured in whole or in part by such mortgage, and it shall be a sufficient description of such live stock, or other animate chattels, if the number thereof as nearly as may be reasonably ascertained at the time the mortgage is executed, the place where the same will be ordinarily located while owned by the mortgagor, the marks and brands that are or shall be placed upon the same, if any, and, as nearly as may be ascertained at the time the mortgage is executed, the general kind or class of the same, are stated in such mortgage. Any such mortgage, when duly executed and filed or recorded as required by law, shall constitute notice thereof to all parties.

Sec. 12. The Civil Code is hereby amended by adding thereto section 2978 to read as follows:

2978. No mortgage of live stock, or other animate chattels, and hay, grain or other feed materials shall be invalid or deemed fraudulent in any particular because provision is contained therein or otherwise, or because the mortgagee, or assignee, consents, that the mortgagor may use or permit the use or consumption of such feed, forage and fodder crops or materials in caring for, preserving or preparing for market or sale the live stock, or other animate chattels, covered thereby.

Sec. 13. Section 2959 together with all amendments thereof, of the Civil Code is hereby repealed.

One member shall be appointed for a term which will expire on January 15, 1936; one member whose term will expire on January 15, 1937; two members whose terms will expire on January 15, 1938, and one member whose term will expire on January 15, 1939. Thereafter, appointments shall be for a term of four years, subject to removal by the Governor. Vacancies shall be filled by the Governor for the unexpired term from the class in which said vacancy occurs.

Each member of the board shall serve without compensation, and shall be reimbursed for his necessary traveling and other expenses incurred in the performance of his duties.

Sec. 7. Within thirty days after the appointment of the first members, the board shall meet and organize and elect a president who shall serve for one year. Thereafter, the board shall meet annually during the month of July. The said board shall have power to adopt and enforce reasonable rules and regulations relating to the practice of structural pest control and to the administration of this act.

Sec. 8. Special meetings may be called at any time by the president or by any three members of the board, upon notice for such time and in such manner as the board may provide.

Sec. 9. The board, by and with the approval of the Director of the Department of Professional and Vocational Standards, shall appoint a registrar of structural pest control operators, and fix his compensation and prescribe his duties. The registrar shall be the executive officer and secretary of the board.

Sec. 10. The registrar, with the approval of the board, and subject to the provisions of law relating to civil service, may appoint and fix the compensation of such other assistants as may be necessary.
Sec. 11. The registrar shall keep a complete record of all applications for licenses and the board's action thereon and shall annually prepare a roster of all persons conducting a structural pest control business in the State, one copy of which shall be filed with the Secretary of State, one with the clerk of each county, and one each to all city building and health departments.

Sec. 12. It is unlawful for any person to engage in or to offer to engage or to hold one's self out as engaging in the practice of structural pest control or to solicit structural pest control business or to advertise that he practices structural pest control, without having obtained a license from the board.

Sec. 13. Upon the application of any person who is a resident of the State, the board shall determine by examination the qualifications of the applicant. If the applicant proves to be sufficiently versed in the vocation of structural pest control, both as to theory and practice, or in the particular branch of the vocation in which he desires to qualify, there shall be issued to him a certificate permitting him to practice structural pest control. Such certificate shall be nontransferable and shall be the property of the State.

Sec. 14. Each application for a license shall be accompanied by a fee of ten dollars. Every structural pest control operator engaged in or conducting the business of structural pest control or any classes, branches or divisions thereof, in this State, at a fixed place or establishment on the effective date of this act shall register as such with the said board prior to the first day of October, 1935, and shall thereupon be entitled to and receive a license to continue said business without further examination. Such licenses shall be renewed annually on or before July first, in the same manner as all other licenses issued under section 15 hereof. Upon failure to comply with this requirement by October 1, 1935, such structural pest control operator must obtain a license in the manner and upon the conditions prescribed in section 13 of this act.

Sec. 15. Every licensed structural pest control operator shall pay, annually, a fee for the renewal of his or its license in the amount of ten dollars. The board shall mail on or before the first day of June of each year to each such licensed structural pest control operator, addressed to him at his last known address, a notice that his renewal fee is due and payable and that if such fee is not paid by the thirtieth day of June, a penalty of ten dollars will be added to the renewal fee, and in no case shall said penalty or additional fee upon account of such delinquency be waived. Upon the receipt of such fees, the board shall cause the renewal certificate to be issued. If such delinquency extends beyond six months after June thirtieth of any year, the license may not be reinstated, but such structural pest control operator may be required to obtain a new license in accordance with the provisions of section 13 of this act.
SEC. 16. The board may upon its own motion, and shall
upon the verified complaint in writing of any person, investiga-
t the actions of any structural pest control operator within
this State and shall have power in the manner hereinafter
provided, and after hearing, to temporarily suspend or per-
manently revoke a license issued under the provisions of this
act if the holder, while a licensee or applicant hereunder, is
guilty of or commits any one or more of the following acts
or omissions:
(1) Wilful departure from, or disregard of, plans or speci-
fications in any material respect, and prejudicial to another
without consent of the owner or his duly authorized repre-
sentative, and without the consent of the person entitled to
have the particular construction project or operation com-
pleted in accordance with such plans and specifications;
(2) Wilful and deliberate disregard and violation of the
building laws of the State, or of any political subdivision
thereof, or of the safety laws or labor laws of the State;
(3) Misrepresentation of a material fact by applicant in
obtaining a license;
(4) Failure in a material respect on the part of a licensee
to complete any operation or construction repairs for the
price stated in the contract for such operation or construction
repairs or in any modification of such contract;
(5) Aiding or abetting an unlicensed person to evade the
provisions of his act or knowingly combining or conspiring
with an unlicensed person, or allowing one's license to be used
by an unlicensed person, or acting as agent or partner or
associate, or otherwise, of an unlicensed person with the intent
to evade the provisions of this act. The word person as used
herein shall be deemed to apply to an individual, firm, part-
nership, copartnership, corporation, association or other
organization or any combination of any thereof;
(6) Failure in any material respect to comply with the pro-
visions of this act;
(7) The doing of any wilful or fraudulent act by the
licensee as a structural pest control operator in consequence
of which another is substantially injured;
(8) The wilful or negligent handling or use of any poison-

(10) Fraudulent impersonation of any State, county or
city inspector or official;
(11) Wilful and deliberate disregard and violation of
fumigation or extermination laws of the State or of any
political subdivision thereof.
(12) Failure to comply in the sale or use of insecticides or
fungicides with the provisions of Article 3, Chapter 7, Divi-
sion V of the Agricultural Code.
SEC. 17. Proceedings for the suspension or revocation of a license shall begin by filing with the board written charges against the accused; such charges shall be in detail, and sworn to under oath by the complainant. Upon the filing with the board of a verified complaint charging a licensee with the commission within two years prior to the date of filing of such complaint, of any act which is cause for suspension or revocation of license, the board or its secretary must forthwith issue a citation directing the licensee, within ten days after service of the citation upon him, to appear by filing with the board his verified answer to the complaint, showing cause, if any he has, why his license should not be suspended or revoked. Service of the citation upon the licensee shall be fully effected by mailing a true copy thereof, together with a true copy of the complaint, by United States registered mail in a sealed envelope with postage fully prepaid thereon, addressed to the licensee at his latest address of record in the board’s office. Service of said citation shall be complete at the time of said deposit subject to the provisions of section 1013 of the Code of Civil Procedure of the State. Failure of the licensee to answer may be deemed an admission by him of the commission of the act or acts charged in the complaint and his license shall thereupon be suspended forthwith pending any hearing of the cause which the board at its discretion may order; provided that the board shall have power, in the event of such failure to answer, to suspend or revoke the license without further evidence than the verified complaint in the case.

Upon the filing of the answer, the board shall fix a time and place for the hearing and give the licensee and the complainant not less than five days’ notice thereof. The notice may be served by depositing by registered mail in the United States mail a true copy of the notice enclosed in a sealed envelope with postage thereon fully prepaid, and addressed to the licensee and to the complainant respectively, at his last known address. With the notice to the complainant there shall be attached or enclosed a copy of the answer. The licensee shall have the right to appear personally or by counsel, to cross-examine witnesses or to produce witnesses in his defense. The board shall have the power to compel the attendance of witnesses, and the production of necessary papers and documents.

Upon the hearing, the board shall hear all relevant and competent evidence material to the issues and shall have power to continue the hearing from time to time as in its judgment may be necessary or proper. After the hearing is concluded and the matter submitted, the board shall, within twenty days after such submission, render its decision in writing, suspending or revoking the license or dismissing the complaint, with a brief statement of its reasons therefor. It shall give to the complainant and the licensee, or their respective attorneys, notice of the decision, by mail, in the same manner as prescribed herein for the giving of notice of hearing.
Any citation, notice, or other process or any paper or document provided by this section to be served on any party may be personally served as provided in section 1011 of the Code of Civil Procedure with the same effect as if served by mail as in this act provided.

Sec. 18. The Department of Professional and Vocational Standards shall receive and account for all moneys collected under this act at the end of each month, and shall pay the same into the treasury to the credit of the "Structural pest control fund," which fund is hereby created. The money in this fund shall be expended for the pro rata cost of administration of the department and for the purpose of carrying out the provisions of this act.

The Director of the Department of Professional and Vocational Standards shall, within thirty days prior to each regular session of the Legislature, submit to the Governor a full and true report of the operations of the board during the preceding biennium, including a complete statement of receipts and expenditures.

Sec. 19. Any person who violates any provision of this act is guilty of a misdemeanor and punishable by a fine of not less than fifty nor more than five hundred dollars or by imprisonment in the county jail for not more than six months, or by both.

Sec. 20. If any section, subsection, sentence, clause or phrase of this act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of this act. The Legislature hereby declares that it would have passed this act and each section, subsection, sentence, clause and phrase thereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses or phrases be declared unconstitutional.

The people of the State of California do enact as follows:

Section 1. This act may be known and cited as the Yacht and Ship Brokers Act.

Sec. 2. It shall be unlawful for any person, copartnership, or corporation to engage in the business, or act in the

(e) "Yacht" and "ship" mean any vessel for navigating in the water which is self-propelled or is propelled by sail, oars, paddle, or other mechanical means.

(f) "Fund" means the yacht and ship brokers fund.

(g) One act, whether the sole or a principal or incidental object of the particular transaction, by a person, copartnership, or corporation which would classify such person, copartnership, or corporation as a broker or salesman under this act is sufficient to render applicable the provisions of this act.

Sec. 4. There is hereby created in the Department of Professional and Vocational Standards a Yacht and Ship Brokers Commission. For the purpose of administering the provisions of this act, the director of the department shall, with the approval of the Governor, appoint a Yacht and Ship Brokers Commissioner. No person shall be appointed as such commissioner who shall not have been for five years a yacht and ship broker actively engaged as such in California. The director shall fix the salary of the commissioner, which, in no case, shall exceed three thousand six hundred dollars per annum. Within fifteen days from the time he is notified of his appointment, the commissioner shall take his oath of office and file a bond in such penal sum as the director may determine.

Sec. 5. The commissioner with the approval of the director shall have full power to regulate and control the issuance and revocation, both temporary and permanent, of the licenses to be issued under the provisions of this act to prescribe rules and regulations to carry into effect the provisions hereof, and to perform all other acts and duties necessary for the proper enforcement of this act. He shall publish or cause to be published on or before July first of each year a directory or list of licensed brokers and salesmen and may publish such additional information as he deems expedient. He may also issue a periodical bulletin concerning affairs
arising under the administration of this act. He may employ such deputies, clerks, and assistants as may be necessary to properly administer this act.

Sec. 6. Neither the commissioner nor any deputy, clerk or assistant shall be interested in any company or brokerage firm as director, stockholder, officer, member, agent or employee nor act as a broker or salesman or have any interest with any broker or salesman.

Sec. 7. The commissioner shall prescribe the duties of all deputies, clerks, and assistants and shall fix their compensation.

Sec. 8. The principal office of the commissioner shall be in Sacramento, California; and the commissioner may establish branch offices in San Francisco and Los Angeles and such other cities as may be necessary for the proper administration of this act.

Sec. 9. All fees charged and collected under this act shall be paid by the commissioner at least once a month, accompanied by a detailed statement thereof, into the State treasury to the credit of the yacht and ship brokers fund, which fund is hereby created. All moneys paid into the State treasury and credited to this fund are hereby appropriated to carry out the provisions of this act and shall be paid in the manner provided by law. The commissioner may establish a revolving fund in such an amount as he may determine, subject to the approval of the director of the department.

Sec. 10. All moneys in excess of twenty-five thousand dollars in the State treasury to the credit of the fund at noon on the thirty-first day of December of each year shall on or before the fifteenth day of the succeeding month be transferred to the general fund.

Sec. 11. The commissioner shall adopt a seal with the words "Yacht and Ship Brokers Commissioner—State of California" and such other device as he may desire thereon, by which he shall authenticate all papers and documents under his control. Copies of all records and papers in the commissioner's office shall be received in evidence in all cases, when certified under the hand and seal of the commissioner, equally and with like effect as the originals hereof.

Sec. 12. The Attorney General shall act as the attorney for the commission in all actions and proceedings and shall render to the commissioner opinions upon all questions of law arising under this act or its administration.

Sec. 13. A license issued under the provisions of this act shall authorize only the person, copartnership, or corporation to whom it is issued to perform or offer to perform any act subject to the provisions of this act. If any officer of a corporation other than its president is to be subject to the provisions of this act, such officer must secure a separate license therefor. Any member of a copartnership who desires to act as a broker or salesman under this act on his own behalf shall procure a license therefor.
SEC. 14. All applications for licenses shall be made in writing and every application shall be accompanied by the recommendation of two yacht and ship or real estate brokers of the county in which the applicant resides or has his place of business, which recommendations must certify that the applicant is honest, truthful and of good reputation. If the applicant has not resided or engaged in business in the county for at least one year, the yacht and ship or real estate brokers of any county in which he formerly resided or had his place of business may make such recommendations.

SEC. 15. Every broker maintaining more than one place of business within the State must procure an additional license for every branch office maintained by him.

SEC. 16. The commissioner shall charge and collect the following fees:

1. One hundred dollars for an original broker's license, together with an examination fee of fifteen dollars.

2. Twenty-five dollars for every annual renewal of a broker's license.

3. Ten dollars for an original salesman's license, together with an examination fee of five dollars.

4. Five dollars for every annual renewal of a salesman's license.

5. Ten dollars for every license obtained by a broker for a branch office.

6. One dollar for changing the name or address of a licensee on the records of the department.

7. One dollar for every transfer of a salesman's license for every change of employment.

8. One dollar for a duplicate license.

All license fees shall be paid in advance of issuing the license and taking of examinations, such fee as is paid for the license to be returned to the applicant should he fail to pass the examination.

Every license issued under the provisions of this act shall expire on December 31st of each year after its original issuance. Every person, firm, copartnership or corporation licensed under the provisions of this act shall renew his or its license on or before the first day of January of each year, and if each such license is not renewed by February 1st of each year a penalty equal to one hundred per cent of the annual renewal fee, hereinbefore set forth, shall be added to said renewal fee and paid to the commissioner before said license shall be renewed. Failure to renew said license by February 1st of each year shall ipso facto work a forfeiture of said license, and same shall be restored only upon the filing of an application and the payment of all accrued fees and penalties.

The commissioner shall, within thirty days prior to each regular session of the Legislature, submit to the Governor a full and true report of transactions under this act during the
current biennial, including a complete statement of receipts and expenditures during that period.

Sec. 17. Every license issued to a corporation shall entitle the president of such corporation to act as the licensee under such license and every license issued to a copartnership shall entitle one member thereof to act as the licensee under such license.

Sec. 18. Every license must be prominently displayed in the office of the broker in which the business of the broker or salesman is transacted. Every salesman's license shall remain in the possession of the broker by whom he is employed until canceled or until he shall leave the employment of such broker. Immediately upon the salesman's withdrawal from the employment of the broker, the broker shall return the salesman's license to the commissioner for cancellation.

Sec. 19. Every broker shall maintain a definite place of business in the State of California as his principal office and may establish other branch offices throughout the State.

Sec. 20. The commissioner may upon his own motion and shall upon the verified written complaint of any person, investigate the actions of any broker or salesman whether or not licensed. The commissioner may temporarily suspend or permanently revoke the license of a broker or salesman found to be guilty of:

1. Making any substantial misrepresentation.
2. Making any false promise of a character likely to influence, persuade or induce any person with whom business is transacted under the provisions of this act.
3. A continued and flagrant course of misrepresentation or making of false promises.
4. Acting for more than one party in a transaction without the knowledge and consent of all parties thereto.
5. Commingling the money or other property of his principal with his own.
6. Any other conduct constituting fraud or dishonest dealings.

Sec. 21. The commissioner may suspend or revoke the license of any licensee who within three years immediately preceding has:

1. Procured a license under this act for himself or any other by fraud, misrepresentation or deceit.
2. Been convicted of a felony, knowledge of which the commissioner did not have at the time of last issuing a license to such licensee.
3. Knowingly authorized, directed, connived or aided in the publication, advertisement, distribution or circulation of any material false statement or misrepresentation concerning his business or any transaction under the provisions of this act.
4. Wilfully disregarded or violated any of the provisions of this act.
5. Wilfully used the term "yacht and ship broker" or "yacht and ship salesman" without legal right so to do.
