CONSTITUTION OF THE STATE OF CALIFORNIA

[As amended and in force September 15, 1935.]

PREAMBLE

We, the people of the State of California, grateful to Almighty God for our freedom, in order to secure and perpetuate its blessings, do establish this Constitution.

ARTICLE I

DECLARATION OF RIGHTS

SECTION 1. All men are by nature free and independent, and have certain inalienable rights, among which are those of enjoying and defending life and liberty; acquiring, possessing, and protecting property; and pursuing and obtaining safety and happiness.

SEC. 2. All political power is inherent in the people. Government is instituted for the protection, security, and benefit of the people, and they have the right to alter or reform the same whenever the public good may require it.

SEC. 3. The State of California is an inseparable part of the American Union, and the Constitution of the United States is the supreme law of the land.

SEC. 4. The free exercise and enjoyment of religious profession and worship, without discrimination or preference, shall forever be guaranteed in this State; and no person shall be rendered incompetent to be a witness or juror on account of his opinions on matters of religious belief; but the liberty of conscience hereby secured shall not be so construed as to excuse acts of licentiousness, or justify practices inconsistent with the peace or safety of this State.

SEC. 5. The privilege of the writ of habeas corpus shall not be suspended unless when, in cases of rebellion or invasion, the public safety may require its suspension.

SEC. 6. All persons shall be bailable by sufficient sureties, unless for capital offenses when the proof is evident or the presumption great. Excessive bail shall not be required, nor excessive fines imposed; nor shall cruel or unusual punishments be inflicted. Witnesses shall not be unreasonably detained, nor confined in any room where criminals are actually imprisoned.

SEC. 7. The right of trial by jury shall be secured to all, and remain inviolate; but in civil actions three-fourths of the jury may render a verdict. A trial by jury may be waived in all criminal cases, by the consent of both parties, expressed in open court by the defendant and his counsel, and in civil actions by the consent of the parties, signified in such manner as may be prescribed by law. In civil actions and cases of misdemeanor, the jury may consist of twelve, or of any number less than twelve upon which the parties may agree in open court. [As amended November 6, 1928.]

SEC. 8. Offenses heretofore required to be prosecuted by indictment shall be prosecuted by information, after examination and commitment by a magistrate, or by indictment, with or without such examination and commitment, as may be prescribed by law. When a defendant is charged with the commission of a felony, by a written complaint subscribed under oath and on file in a court within the county in which the felony is triable, he shall, without unnecessary delay, be taken before a magistrate of such court. The magistrate shall immediately deliver to him a copy of the complaint, inform him of his right to the aid of counsel, ask him if he desires the aid of counsel, and allow him a reasonable time to send for counsel; and the magistrate must, upon the request of the defendant, require a peace-officer to take a message to any counsel whom the defendant may name, in the city or township in which the court is situated. If the felony charged is not punishable with death, the magistrate shall immediately upon the appearance of counsel for the defendant read the complaint to the defendant and ask him whether he pleads guilty or not guilty to the offense charged therein; thereupon, or at any time thereafter while the charge remains pending before the magistrate and when his counsel is present, the defendant may, with the consent of the magistrate and the district attorney or other counsel for the people, plead guilty to the

offense charged or to any other offense the commission of which is necessarily included in that with which he is charged, or to an attempt to commit the offense charged, and upon such plea of guilty, the magistrate shall immediately commit the defendant to the sheriff and certify the case, including a copy of all proceedings therein and such testimony as in his discretion he may require to be taken, to the superior court, and thereupon such proceedings shall be had as if such defendant had pleaded guilty in such court.

The foregoing provisions of this section shall be self-executing. The Legislature may prescribe such procedure in cases herein provided for as is not inconsistent herewith. In cases not hereinabove provided for, such proceedings shall be had as are now or may be hereafter prescribed by law, not inconsistent herewith.

A grand jury shall be drawn and summoned at least once a year in each county. [*As amended November 6, 1934.*]

SEC. 9. Every citizen may freely speak, write, and publish his sentiments on all subjects, being responsible for the abuse of that right; and no law shall be passed to restrain or abridge the liberty of speech or of the press. In all criminal prosecutions for libels, the truth may be given in evidence to the jury; and if it shall appear to the jury that the matter charged as libelous is true, and was published with good motives and for justifiable ends, the party shall be acquitted; and the jury shall have the right to determine the law and the fact. Indictments found, or information laid, for publications in newspapers shall be tried in the county where such newspapers have their publication office, or in the county where the party alleged to be libeled resided at the time of the alleged publication, unless the place of trial shall be changed for good cause.

SEC. 10. The people shall have the right to freely assemble together to consult for the common good, to instruct their representatives, and to petition the Legislature for redress of grievances.

SEC. 11. All laws of a general nature shall have a uniform operation.

SEC. 12. The military shall be subordinate to the civil power. No standing army shall be kept up by this State in time of peace, and no soldier shall, in time of peace, be quartered in any house without the consent of the owner; nor in time of war, except in the manner prescribed by law.

SEC. 13. In criminal prosecutions, in any court whatever, the party accused shall have the right to a speedy and public trial; to have the process of the court to compel the attendance of witnesses in his behalf, and to appear and defend, in person and with counsel. No person shall be twice put in jeopardy for the same offense; nor be compelled, in any criminal case, to be a witness against himself; nor be deprived of life, liberty, or property without due process of law, but in any criminal case, whether the defendant testifies or not, his failure to explain or to deny by his testimony any evidence or facts in the case against him may be commented upon by the court and by counsel, and may be considered by the court or the jury. The Legislature shall have power to provide for the taking, in the presence of the party accused and his counsel, of depositions of witnesses in criminal cases, other than cases of homicide when there is reason to believe that the witness, from inability or other cause, will not attend at the trial. [*As amended November 6, 1934.*]

SEC. 14. Private property shall not be taken or damaged for public use without just compensation having first been made to, or paid into court for, the owner, and no right of way or lands to be used for reservoir purposes shall be appropriated to the use of any corporation, except a municipal corporation or a county or the State or metropolitan water district, municipal utility district, municipal water district, drainage, irrigation, levee, reclamation or water conservation district, or similar public corporation until full compensation therefor be first made in money or ascertained and paid into court for the owner, irrespective of any benefits from any improvement proposed by such corporation, which compensation shall be ascertained by a jury, unless a jury be waived, as in other civil cases in a court of record, as shall be prescribed by law; provided, that in any proceeding in eminent domain brought by the State, or a county, or a municipal corporation, or metropolitan water district, municipal utility district, municipal water district, drainage, irrigation, levee, reclamation or water conservation district, or similar public corporation, the aforesaid State or municipality or county or public corporation or district aforesaid may take immediate possession and use of any right of way or lands to be used for reservoir purposes, required for a public use whether the fee thereof or an easement therefor be sought upon first

commencing eminent domain proceedings according to law in a court of competent jurisdiction and thereupon giving such security in the way of money deposited as the court in which such proceedings are pending may direct, and in such amounts as the court may determine to be reasonably adequate to secure to the owner of the property sought to be taken immediate payment of just compensation for such taking and any damage incident thereto, including damages sustained by reason of an adjudication that there is no necessity for taking the property, as soon as the same can be ascertained according to law. The court may, upon motion of any party to said eminent domain proceedings, after such notice to the other parties as the court may prescribe, alter the amount of such security so required in such proceedings. The taking of private property for a railroad run by steam or electric power for logging or lumbering purposes shall be deemed a taking for a public use, and any person, firm, company or corporation taking private property under the law of eminent domain for such purposes shall thereupon and thereby become a common carrier [As amended November 6, 1934.]

SEC 14]. The State, or any of its cities or counties, may acquire by gift, purchase or condemnation, lands for establishing, laying out, widening, enlarging, extending, and maintaining memorial grounds, streets, squares, parkways and reservations in and about and along and leading to any or all of the same, providing land so acquired shall be limited to parcels lying wholly or in part within a distance not to exceed one hundred fifty feet from the closest boundary of such public works or improvements; *provided*, that when parcels which he only partially within said limit of one hundred fifty feet only such portions may be acquired which do not exceed two hundred feet from said closest boundary, and after the establishment, laying out, and completion of such improvements, may convey any such real estate thus acquired and not necessary for such improvements, with reservations concerning the future use and occupation of such real estate so as to protect such public works and improvements and their environs and to preserve the view, appearance, light, air and usefulness of such public works.

The Legislature may, by statute, prescribe procedure. [*New section adopted November 6, 1928.*]

SEC. 15. No person shall be imprisoned for debt in any civil action, on mesne or final process, unless in cases of fraud, nor in civil actions for torts, except in cases of wilful injury to person or property; and no person shall be imprisoned for a militia fine in time of peace.

SEC. 16. No bill of attainder, ex post facto law, or law impairing the obligation of contracts shall ever be passed.

SEC. 17. Foreigners of the white race, or of African descent, eligible to become citizens of the United States under the naturalization laws thereof, while bona fide residents of this State, shall have the same rights in respect to the acquisition, possession, enjoyment, transmission, and inheritance of all property, other than real estate, as native born citizens; *provided*, that such aliens owning real estate at the time of the adoption of this amendment may remain such owners; *and provided further*, that the Legislature may, by statute, provide for the disposition of real estate which shall hereafter be acquired by such aliens by descent or devise. [*As amended November 6, 1894*]

SEC. 18. Neither slavery nor involuntary servitude, unless for the punishment of crime, shall ever be tolerated in this State.

SEC. 19. The right of the people to be secure in their persons, houses, papers, and effects, against unreasonable seizures and searches, shall not be violated; and no warrant shall issue, but on probable cause, supported by oath or affirmation, particularly describing the place to be searched and the persons and things to be seized.

SEC. 20. Treason against the State shall consist only in levying war against it, adhering to its enemies, or giving them aid and comfort. No person shall be convicted of treason unless on the evidence of two witnesses to the same overt act, or confession in open court.

SEC. 21. No special privileges or immunities shall ever be granted which may not be altered, revoked, or repealed by the Legislature; nor shall any citizen, or class of citizens, be granted privileges or immunities which, upon the same terms, shall not be granted to all citizens.

SEC 22. The provisions of this Constitution are mandatory and prohibitory, unless by express words they are declared to be otherwise.

SEC. 23. This enumeration of rights shall not be construed to impair or deny others retained by the people.

SEC. 24. No property qualification shall ever be required for any person to vote or hold office.

SEC. 25. The people shall have the right to fish upon and from the public lands of the State and in the waters hereof, excepting upon lands set aside for fish hatcheries, and no land owned by the State shall ever be sold or transferred without reserving in the people the absolute right to fish thereupon; and no law shall ever be passed making it a crime for the people to enter upon the public lands within this State for the purpose of fishing in any water containing fish that have been planted therein by the State; *provided*, that the Legislature may by statute, provide for the season when and the conditions under which the different species of fish may be taken. [*New section adopted November 8, 1910.*]

SEC. 26a. Should an amendment to the Constitution of the State of California by adding to Article I two new sections to be numbered respectively section 26 and section 27, as proposed by initiative petition filed with and certified to the Secretary of State, and relating to intoxicating liquors, be enacted at the general election held on Nov. 3, 1914, then the force and effect of said section 26 shall be suspended until Feb. 15, 1915, at which time it shall have full force and effect except that, as to the manufacture and transportation of intoxicating liquors for delivery at points outside of the State of California only, the force and effect thereof shall be suspended until Jan. 1, 1916, at which time such manufacture and transportation also shall wholly cease and on and after said date said section 26 shall in all respects have full force and effect. [*New section adopted November 3, 1914.*] [*The amendment to which this refers was refused adoption.*]

ARTICLE II

RIGHT OF SUFFRAGE

SECTION 1. Every native citizen of the United States, every person who shall have acquired the rights of citizenship under and by virtue of the treaty of Queretaro, and every naturalized citizen thereof, who shall have become such ninety days prior to any election, of the age of twenty-one years, who shall have been a resident of the State one year next preceding the day of the election, and of the county in which he or she claims his or her vote ninety days, and in the election precinct forty days, shall be entitled to vote at all elections which are now or may hereafter be authorized by law; *provided*, any person duly registered as an elector in one precinct and removing therefrom to another precinct in the same county within forty days prior to an election, shall for the purpose of such election be deemed to be a resident and qualified elector of the precinct from which he so removed until after such election; *provided, further*, no alien ineligible to citizenship, no idiot, no insane person, no person convicted of any infamous crime, no person hereafter convicted of the embezzlement or misappropriation of public money, and no person who shall not be able to read the Constitution in the English language and write his or her name, shall ever exercise the privileges of an elector in this State; *provided*, that the provisions of this amendment relative to an educational qualification shall not apply to any person prevented by a physical disability from complying with its requisitions, nor to any person who had the right to vote on October 10, 1911, nor to any person who was sixty years of age and upwards on October 10, 1911; *provided, further*, that the Legislature may, by general law, provide for the casting of votes by duly registered voters who expect to be absent from their respective precincts or unable to vote therein, by reason of physical disability, on the day on which any election is held. [*As amended November 4, 1930.*]

SEC. 2. Electors shall in all cases, except treason, felony, or breach of the peace, be privileged from arrest on the days of election, during their attendance at such election, going to and returning therefrom.

SEC. 2½. The Legislature shall have the power to enact laws relative to the election of delegates to conventions of political parties; and the Legislature shall enact laws providing for the direct nomination of candidates for public office, by electors, political parties, or organizations of electors without conventions, at elections to be known and designated as primary elections; also to determine the tests and conditions upon which electors, political parties, or organizations of electors may participate in any such primary election. It shall also be lawful for the Legislature to prescribe that any such primary election shall be mandatory and obligatory. The Legislature shall also have the power to establish the rates of

compensation for primary election officers serving at such primary elections in any city, or city and county, or county, or other subdivision of a designated population, without making such compensation uniform, and for such purpose such law may declare the population of any city, city and county, county or political subdivision, *provided, however*, that until the Legislature shall enact a direct primary election law under the the provisions of this section, the present primary election law shall remain in force and effect. [*As amended November 3, 1908.*]

SEC. 2½. Any candidate for a judicial, school, county, township, or other nonpartisan office who at a primary election shall receive votes on a majority of all the ballots cast for candidates for the office for which such candidate seeks nomination, shall be elected to such office. Where two or more candidates are to be elected to a given office and a greater number of candidates receive a majority than the number to be elected, those candidates shall be elected who secure the highest votes of those receiving such majority, and equal in number to the number to be elected. Where a different method of election is provided by a freeholders' charter, the charter provision shall govern. [*New section adopted November 2, 1926.*]

SEC. 3. No elector shall be obliged to perform militia duty on the day of election, except in time of war or public danger.

SEC. 4. SEC. 6. The inhibitions of this Constitution to the contrary notwithstanding, the Legislature shall have power to provide that in different parts of the State different methods may be employed for receiving and registering the will of the people as expressed at elections, and may provide that mechanical devices may be used within designated subdivisions of the State at the option of the local authority indicated by the Legislature for that purpose. [*New section adopted November 4, 1902.*]

ARTICLE III

DISTRIBUTION OF POWERS

SECTION 1. The powers of the government of the State of California shall be divided into three separate departments—the legislative, executive, and judicial, and no person charged with the exercise of powers properly belonging to one of these departments shall exercise any functions appertaining to either of the others, except as in this Constitution expressly directed or permitted.

ARTICLE IV

LEGISLATIVE DEPARTMENT

SECTION 1. The legislative power of this State shall be vested in a Senate and Assembly which shall be designated "The Legislature of the State of California," but the people reserve to themselves the power to propose laws and amendments to the Constitution, and to adopt or reject the same, at the polls independent of the Legislature, and also reserve the power, at their own option, to so adopt or reject any act, or section or part of any act, passed by the Legislature. The enacting clause of every law shall be "The people of the State of California do enact as follows:—".

The first power reserved to the people shall be known as the initiative. Upon the presentation to the Secretary of State of a petition certified as herein provided to have been signed by qualified electors, equal in number to eight per cent of all the votes cast for all candidates for Governor at the last preceding general election, at which a Governor was elected, proposing a law or amendment to the Constitution, set forth in full in said petition, the Secretary of State shall submit the said proposed law or amendment to the Constitution to the electors at the next succeeding general election occurring subsequent to ninety days after the presentation aforesaid of said petition, or at any special election called by the Governor in his discretion prior to such general election. All such initiative petitions shall have printed across the top

thereof in twelve-point black-face type the following: "Initiative measure to be submitted directly to the electors."

Upon the presentation to the Secretary of State, at any time not less than ten days before the commencement of any regular session of the Legislature, of a petition certified as herein provided to have been signed by qualified electors of the State equal in number to five per cent of all the votes cast for all candidates for Governor at the last preceding general election, at which a Governor was elected, proposing a law set forth in full in said petition, the Secretary of State shall transmit the same to the Legislature as soon as it convenes and organizes. The law proposed by such petition shall be either enacted or rejected without change or amendment by the Legislature, within forty days from the time it is received by the Legislature. If any law proposed by such petition shall be enacted by the Legislature it shall be subject to referendum, as hereinafter provided. If any law so petitioned for be rejected, or if no action is taken upon it by the Legislature, within said forty days, the Secretary of State shall submit it to the people for approval or rejection at the next ensuing general election. The Legislature may reject any measure so proposed by initiative petition and propose a different one on the same subject by a ye and nay vote upon separate roll call, and in such event both measures shall be submitted by the Secretary of State to the electors for approval or rejection at the next ensuing general election or at a prior special election called by the Governor, in his discretion, for such purpose. All said initiative petitions last above described shall have printed in twelve-point black-face type the following: "Initiative measure to be presented to the Legislature."

The second power reserved to the people shall be known as the referendum. No act passed by the Legislature shall go into effect until ninety days after the final adjournment of the session of the Legislature which passed such act, except acts calling elections, acts providing for tax levies or appropriations for the usual current expenses of the State, and urgency measures necessary for the immediate preservation of the public peace, health or safety, passed by a two-thirds vote of all the members elected to each House. Whenever it is deemed necessary for the immediate preservation of the public peace, health or safety that a law shall go into immediate effect, a statement of the facts constituting such necessity shall be set forth in one section of the act, which section shall be passed only upon a ye and nay vote, upon a separate roll call thereon; *provided, however*, that no measure creating or abolishing any office or changing the salary, term or duties of any officer, or granting any franchise or special privilege, or creating any vested right or interest, shall be construed to be an urgency measure. Any law so passed by the Legislature and declared to be an urgency measure shall go into immediate effect.

Upon the presentation to the Secretary of State within ninety days after the final adjournment of the Legislature of a petition certified as herein provided, to have been signed by qualified electors equal in number to five per cent of all the votes cast for all candidates for Governor at the last preceding general election at which a Governor was elected, asking that any act or section or part of any act of the Legislature be submitted to the electors for their approval or rejection, the Secretary of State shall submit to the electors for their approval or rejection, such act, or section or part of such act, at the next succeeding general election occurring at any time subsequent to thirty days after the filing of said petition or at any special election which may be called by the Governor, in his discretion, prior to such regular election, and no such act or section or part of such act shall go into effect until and unless approved by a majority of the qualified electors voting thereon; but if a referendum petition is filed against any section or part of any act the remainder of such act shall not be delayed from going into effect.

Any act, law or amendment to the Constitution submitted to the people by either initiative or referendum petition and approved by a majority of the votes cast thereon, at any election, shall take effect five days after the date of the official declaration of the vote by the Secretary of State. No act, law or amendment to the Constitution, initiated or adopted by the people, shall be subject to the veto power of the Governor, and no act, law or amendment to the Constitution, adopted by the people at the polls under the initiative provisions of this section, shall be amended or repealed except by a vote of the electors, unless otherwise provided in said initiative measure; but acts and laws adopted by the people under the referendum provisions of this section may be amended by the Legislature at any subsequent session thereof. If any provision or provisions of two or more measures, approved by the electors at the same election, conflict, the provision or provisions of the measure

receiving the highest affirmative vote shall prevail. Until otherwise provided by law, all measures submitted to a vote of the electors, under the provisions of this section, shall be printed, and together with arguments for and against each such measure by those in favor of, and those opposed to, it shall be mailed to each elector in the same manner as now provided by law as to amendments to the Constitution, proposed by the Legislature, and the persons to prepare and present such arguments shall, until otherwise provided by law, be selected by the presiding officer of the Senate.

If for any reason any initiative or referendum measure, proposed by petition as herein provided, be not submitted at the election specified in this section, such failure shall not prevent its submission at a succeeding general election, and no law or amendment to the Constitution, proposed by the Legislature, shall be submitted at any election unless at the same election there shall be submitted all measures proposed by petition of the electors, if any be so proposed, as herein provided.

Prior to circulation of any initiative or referendum petition for signatures thereof, a draft of the said petition shall be submitted to the Attorney General with a written request that he prepare a title, and summary of the chief purpose and points of said proposed measure, said title and summary not to exceed one hundred words in all. The persons presenting such request to the Attorney General shall be known as "proponents" of said proposed measure. The Attorney General shall preserve said written request until after the next general election.

Any initiative or referendum petition may be presented in sections, but each section shall contain a full and correct copy of the title and text of the proposed measure. Each signer shall add to his signature his place of residence, giving the street and number if such exist. His election precinct shall also appear on the paper after his name. The number of signatures attached to each section shall be at the pleasure of the person soliciting signatures to the same. Any qualified elector of the state shall be competent to solicit said signatures within the county or city and county of which he is an elector. Each section of the petition shall bear the name of the county or city and county in which it is circulated, and only qualified electors of such county or city and county shall be competent to sign such section. Each section shall have attached thereto the affidavit of the person soliciting signatures to the same, stating his own qualifications and that all the signatures to the attached section were made in his presence and that to the best of his knowledge and belief each signature to the section is the genuine signature of the person whose name it purports to be, and no other affidavit thereto shall be required. The affidavit of any person soliciting signatures hereunder shall be verified free of charge by any officer authorized to administer oaths. Such petitions so verified shall be prima facie evidence that the signatures thereon are genuine and that the persons signing the same are qualified electors. Unless and until it be otherwise proven upon official investigation, it shall be presumed that the petition presented contains the signatures of the requisite number of qualified electors.

Each section of the petition shall be filed with the clerk or registrar of voters of the county or city and county in which it was circulated, but all said sections circulated in any county or city and county shall be filed at the same time. Within twenty days after the filing of such petition in his office the said clerk, or registrar of voters, shall determine from the records of registration what number of qualified electors have signed the same, and if necessary the board of supervisors shall allow said clerk or registrar additional assistance for the purpose of examining such petition and provide for their compensation. The said clerk or registrar, upon the completion of such examination, shall forthwith attach to said petition, except the signatures thereto appended, his certificate, properly dated, showing the result of said examination and shall forthwith transmit said petition, together with his said certificate, to the Secretary of State and also file a copy of said certificate in his office. Within forty days from the transmission of the said petition and certificate by the clerk or registrar to the Secretary of State, a supplemental petition identical with the original as to the body of the petition but containing supplemental names, may be filed with the clerk or registrar of voters, as aforesaid.

The right to file the original petition shall be reserved to its proponents, as defined herein and any section thereof or supplement thereto presented for filing by any person or persons other than the proponents of a measure or by persons duly authorized in writing by such proponents shall be disregarded by the county clerk or registrar of voters.

The clerk or registrar of voters shall within ten days after the filing of such supplemental petition make like examination thereof, as of the original petition,

and upon the completion of such examination shall forthwith attach to said petition his certificate, properly dated, showing the result of said examination, and shall forthwith transmit a copy of said supplemental petition, except the signatures thereto appended, together with his certificate, to the Secretary of State.

When the Secretary of State shall have received from one or more county clerks or registrars of voters a petition certified as herein provided to have been signed by the requisite number of qualified electors, he shall forthwith transmit to the county clerk or registrar of voters of every county or city and county in the State his certificate showing such fact. A petition shall be deemed to be filed with the Secretary of State upon the date of the receipt by him of a certificate or certificates showing said petition to be signed by the requisite number of electors of the State. Any county clerk or registrar of voters shall, upon receipt of such copy, file the same for record in his office. The duties herein imposed upon the clerk or registrar of voters shall be performed by such registrar of voters in all cases where the office of registrar of voters exists.

The initiative and referendum powers of the people are hereby further reserved to the electors of each county, city and county, city and town of the state to be exercised under such procedure as may be provided by law. Until otherwise provided by law, the legislative body of any such county, city and county, city or town may provide for the manner of exercising the initiative and referendum powers herein reserved to such counties, cities and counties, cities and towns, but shall not require more than fifteen per cent of the electors thereof to propose any initiative measure nor more than ten per cent of the electors thereof to order the referendum. Nothing contained in this section shall be construed as affecting or limiting the present or future powers of cities or cities and counties having charters adopted under the provisions of section 8 of article eleven of this Constitution. In the submission to the electors of any measure under this section, all officers shall be guided by the general laws of this State, except as is herein otherwise provided. This section is self-executing, but legislation may be enacted to facilitate its operation, but in no way limiting or restricting either the provisions of this section or the powers herein reserved. [*As amended November 8, 1932.*]

SEC. 1a. [*See following section bearing same number.*] All acts passed by the Legislature at its fiftieth regular session on or before July 16, 1933, shall go into effect ninety days after May 22, 1933, except acts which under the provisions of section 1 of Article IV of this Constitution go into effect immediately. All such acts which do not go into effect immediately shall be subject to all the referendum provisions of section 1 of Article IV of this Constitution, except that the petition therein required to be presented to the Secretary of State must be so presented within ninety days after May 22, 1933. The provisions of this Constitution not in conflict herewith shall otherwise apply to all bills and acts of the fiftieth regular session of the Legislature. [*New section adopted June 27, 1933.*]

SEC. 1a. [*See preceding section bearing same number.*] Notwithstanding any limitations or restrictions in this Constitution contained, every State office, department, institution, board, commission, bureau, or other agency of the State, whether created by initiative law or otherwise, shall be subject to the regulations and requirements with respect to the filing of claims with the State Controller and the submission, approval and enforcement of budgets prescribed by law. [*New section adopted November 6, 1934.*]

SEC. 2. The sessions of the Legislature shall be biennial, unless the Governor shall, in the interim, convene the Legislature, by proclamation, in extraordinary session. All sessions, other than extraordinary, shall commence at twelve o'clock M. on the first Monday after the first day of January next succeeding the election of its members, and shall continue in session for a period not exceeding thirty days thereafter; whereupon a recess of both houses must be taken for not less than thirty days. On the reassembling of the Legislature, no bill shall be introduced in either House without the consent of three-fourths of the members thereof, nor shall more than two bills be introduced by any one member after such reassembling. [*As amended October 10, 1911.*]

SEC. 3. Members of the Assembly shall be elected in the year eighteen hundred and seventy-nine, at the time and in the manner now provided by law. The second election of members of the Assembly after the adoption of this Constitution shall be on the first Tuesday after the first Monday in November, eighteen hundred and eighty. Thereafter, members of the Assembly shall be chosen biennially, and their

term of office shall be two years; and each election shall be on the first Tuesday after the first Monday in November, unless otherwise ordered by the Legislature.

SEC. 4. Senators shall be chosen for the term of four years, at the same time and places as members of the Assembly, and no person shall be a member of the Senate or Assembly who has not been a citizen and inhabitant of the State three years, and of the district for which he shall be chosen one year, next before his election.

SEC. 5. The Senate shall consist of forty members, and the Assembly of eighty members, to be elected by districts, numbered as hereinafter provided. The seats of the twenty Senators elected in the year eighteen hundred and eighty-two from the odd numbered districts shall be vacated at the expiration of the second year, so that one-half of the Senators shall be elected every two years; *provided*, that all the Senators elected at the first election under this Constitution shall hold office for the term of three years.

SEC. 6. For the purpose of choosing members of the Legislature, the State shall be divided into forty senatorial and eighty assembly districts to be called senatorial and assembly districts. Such districts shall be composed of contiguous territory, and assembly districts shall be as nearly equal in population as may be. Each senatorial district shall choose one Senator and each assembly district shall choose one member of Assembly. The senatorial districts shall be numbered from one to forty, inclusive, in numerical order, and the assembly districts shall be numbered from one to eighty in the same order, commencing at the northern boundary of the State and ending at the southern boundary thereof. In the formation of assembly districts no county, or city and county, shall be divided, unless it contains sufficient population within itself to form two or more districts, and in the formation of senatorial districts no county, or city and county, shall be divided, nor shall a part of any county, or of any city and county, be united with any other county, or city and county, in forming any assembly or senatorial district. The census taken under the direction of the Congress of the United States in the year one thousand nine hundred and twenty, and every ten years thereafter, shall be the basis of fixing and adjusting the legislative districts; and the Legislature shall, at its first regular session following the adoption of this section and thereafter at the first regular session following each decennial Federal census, adjust such districts, and reapportion the representation so as to preserve the assembly districts as nearly equal in population as may be; but in the formation of senatorial districts no county or city and county shall contain more than one senatorial district, and the counties of small population shall be grouped in districts of not to exceed three counties in any one senatorial district; *provided, however*, that should the Legislature at the first regular session following the adoption of this section or at the first regular session following any decennial Federal census fail to reapportion the assembly and senatorial districts, a Reapportionment Commission, which is hereby created, consisting of the Lieutenant Governor, who shall be chairman, and the Attorney General, Surveyor General, Secretary of State and State Superintendent of Public Instruction, shall forthwith apportion such districts in accordance with the provisions of this section and such apportionment of said districts shall be immediately effective the same as if the act of said Reapportionment Commission were an act of the Legislature, subject, however, to the same provisions of referendum as apply to the acts of the Legislature.

Each subsequent reapportionment shall carry out these provisions and shall be based upon the last preceding Federal census. But in making such adjustments no persons who are not eligible to become citizens of the United States, under the naturalization laws, shall be counted as forming a part of the population of any district. Until such districting as herein provided for shall be made, Senators and Assemblymen shall be elected by the districts according to the apportionment now provided for by law. [*As amended November 2, 1926.*]

SEC. 7. Each House shall choose its officers, and judge of the qualifications, elections, and returns of its members.

SEC. 8. A majority of each House shall constitute a quorum to do business, but a smaller number may adjourn from day to day, and may compel the attendance of absent members in such manner, and under such penalties, as each House may provide.

SEC. 9. Each House shall determine the rule of its proceeding, and may, with the concurrence of two-thirds of all the members elected, expel a member.

SEC. 10. Each House shall keep a journal of its proceedings, and publish the same, and the yeas and nays of the members of either House, on any question, shall, at the desire of any three members present, be entered on the journal.

SEC. 11. Members of the Legislature shall, in all cases, except treason, felony, and breach of the peace, be privileged from arrest, and shall not be subject to any civil process during the session of the Legislature, nor for fifteen days next before the commencement and after the termination of each session.

SEC. 12. When vacancies occur in either House, the Governor, or the person exercising the functions of the Governor, shall issue writs of election to fill such vacancies.

SEC. 13. The doors of each House shall be open, except on such occasions as, in the opinion of the House, may require secrecy.

SEC. 14. Neither House shall, without the consent of the other, adjourn for more than three days, nor to any place other than that in which they may be sitting. Nor shall the members of either House draw pay for any recess or adjournment for a longer time than three days.

SEC. 15. No law shall be passed except by bill. Nor shall any bill be put upon its final passage until the same, with the amendments thereto, shall have been printed for the use of the members; nor shall any bill become a law unless the same be read on three several days in each House, unless, in case of urgency, two-thirds of the House where such bill may be pending, shall, by a vote of yeas and nays, dispense with this provision. Any bill may originate in either House, but may be amended or rejected by the other; and on the final passage of all bills they shall be read at length, and the vote shall be by yeas and nays upon each bill separately, and shall be entered on the journal; and no bill shall become a law without the concurrence of a majority of the members elected to each House.

SEC. 16. Every bill which may have passed the Legislature shall, before it becomes a law, be presented to the Governor. If he approve it, he shall sign it; but if not, he shall return it, with his objections, to the House in which it originated, which shall enter such objections upon the journal and proceed to reconsider it. If after such reconsideration, it again pass both houses, by yeas and nays, two-thirds of the members elected to each House voting therefor, it shall become a law, notwithstanding the Governor's objections. If any bill shall not be returned within ten days after it shall have been presented to him (Sundays excepted), the same shall become a law in like manner as if he had signed it, unless the Legislature, by adjournment, prevents such return, in which case it shall not become a law, unless the Governor, within thirty days after such adjournment (Sundays excepted), shall sign and deposit the same in the office of the Secretary of State, in which case it shall become a law in like manner as if it had been signed by him before adjournment. If any bill presented to the Governor contains several items of appropriation of money, he may object to one or more items, while approving other portions of the bill. In such case he shall append to the bill at the time of signing it, a statement of the items to which he objects, and the reasons therefor, and the appropriation so objected to shall not take effect unless passed over the Governor's veto, as hereinbefore provided. If the Legislature be in session, the Governor shall transmit to the House in which the bill originated a copy of such statement, and the items so objected to shall be separately reconsidered in the same manner as bills which have been disapproved by the Governor. [*As amended November 3, 1908.*]

SEC. 17. The Assembly shall have the sole power of impeachment, and all impeachments shall be tried by the Senate. When sitting for that purpose, the Senators shall be upon oath or affirmation, and no person shall be convicted without the concurrence of two-thirds of the members elected.

SEC. 18. The Governor, Lieutenant Governor, Secretary of State, Controller, Treasurer, Attorney General, Surveyor General, Chief Justice and associate justices of the Supreme Court, judges of the District Court of Appeal, and judges of the superior courts, shall be liable to impeachment for any misdemeanor in office; but judgment in such cases shall extend only to removal from office, and disqualification to hold any office of honor, trust, or profit under the State; but the party convicted or acquitted shall nevertheless be liable to indictment, trial, and punishment according to law. All other civil officers shall be tried for misdemeanor in office in such manner as the Legislature may provide. [*As amended October 10, 1911.*]

SEC. 19. No Senator or member of Assembly shall, during the term for which he shall have been elected, hold or accept any office, trust, or employment under this

State; *provided*, that this provision shall not apply to any office filled by election by the people. [*As amended November 7, 1916.*]

SEC. 20. No person holding any lucrative office under the United States, or any other power, shall be eligible to any civil office of profit under this State; *provided*, that officers in the militia, who receive no annual salary, local officers, or post-masters whose compensation does not exceed five hundred dollars per annum, shall not be deemed to hold lucrative offices.

SEC. 21. No person convicted of the embezzlement or defalcation of the public funds of the United States, or of any state, or of any county or municipality therein, shall ever be eligible to any office of honor, trust, or profit under this State, and the Legislature shall provide, by law, for the punishment of embezzlement or defalcation as a felony.

SEC. 22. No money shall be drawn from the treasury but in consequence of appropriation made by law, and upon warrants duly drawn thereon by the Controller; and no money shall ever be appropriated or drawn from the State Treasury for the purpose or benefit of any corporation, association, asylum, hospital, or any other institution not under the exclusive management and control of the State as a State institution, nor shall any grant or donation of property ever be made thereto by the State; *provided*, that notwithstanding anything contained in this or any other section of the Constitution, the Legislature shall have the power to grant aid to the institutions conducted for the support and maintenance of minor orphans, or half-orphans, or abandoned children, or children of a father who is incapacitated for gainful work by permanent physical disability or is suffering from tuberculosis in such a stage that he can not pursue a gainful occupation, or aged persons in indigent circumstances—such aid to be granted by a uniform rule, and proportioned to the number of inmates of such respective institutions; *provided, further*, that the Legislature shall have the power to grant aid to needy blind persons not inmates of any institution supported in whole or in part by the State or by any of its political subdivisions; *provided, further*, that the State shall have at any time the right to inquire into the management of such institutions; *provided, further*, that whenever any county, or city and county, or city, or town, shall provide for the support of minor orphans, or half-orphans, or abandoned children, or children of a father who is incapacitated for gainful work by permanent physical disability or is suffering from tuberculosis in such a stage that he can not pursue a gainful occupation, or aged persons in indigent circumstances, or needy blind persons not inmates of any institution supported in whole or in part by the State or by any of its political subdivisions; such county, city and county, city, or town shall be entitled to receive the same pro rata appropriations as may be granted to such institutions under church, or other control. An accurate statement of the receipts and expenditures of public moneys shall be attached to and published with the laws at every regular session of the Legislature; *provided, however*, that for the purpose of raising five million dollars, to be used in establishing, maintaining, and supporting in the city and county of San Francisco, State of California, an exposition in commemoration of the completion of the Panama Canal, to be known as the Panama-Pacific International Exposition, the State Board of Equalization shall, for the fiscal year beginning July 1, 1911, and for each fiscal year thereafter, to and including the fiscal year beginning July 1, 1914, fix, establish, and levy such an ad valorem rate of taxation, as when levied upon all the taxable property in the State, after making due allowance for delinquency, shall produce for each of such fiscal years a sum of one million two hundred fifty thousand dollars. The said taxes shall be levied, assessed, and collected upon every kind and character of property in the State of California not exempt from taxation under the law, and subject to taxation on the first day of July, 1910, and in the same manner, and by the same method, as other State taxes were levied, assessed, and collected under the law, as the same existed on the first day of July, 1910. The State Board of Equalization shall each year, at the time it determines the amount of revenue required for other State purposes, determine, fix, and include the rate of tax necessary to raise the revenue herein provided for.

There is hereby created in the State Treasury a fund to be known as the Panama-Pacific International Exposition Fund, and all moneys collected pursuant to this provision, after deducting the proportionate share of the expense for the collection of the same, shall be paid into the State Treasury, and credited to such fund. All moneys so paid into such fund are hereby appropriated, without reference to fiscal years, for the use, establishment, maintenance and support of said Panama-Pacific International Exposition. No tax, license fee, or charge of any kind or character

shall ever be levied or assessed or charged against any property of said Panama-Pacific International Exposition, or against any property used as exhibit therein, while being used or exhibited in connection therewith.

There is hereby created a commission to be known as the Panama-Pacific International Exposition Commission of the State of California, which shall consist of the Governor of said State and four other members to be appointed by the Governor, by and with the advice and consent of the Senate of said State. The Governor shall have the power to fill all vacancies occurring at any time in said commission. The members of said commission shall receive no compensation and shall hold office until such exposition shall have been closed and its affairs settled. Said four members of said commission shall be selected from different sections of the State, and the appointment thereof shall be made by the Governor of the State during the month of February, 1911. The commission hereby created shall have the exclusive charge and control of all moneys paid into the Panama-Pacific International Exposition fund; and *provided, further*, that the Legislature shall pass all laws necessary to carry out the provisions of this act, including the times and the manner in which and the terms and conditions upon which moneys shall be drawn from the State Treasury by said commission; where contracts and vouchers shall be filed; to whom and how often reports shall be made; what disposition shall be made of any sum left unexpended or received from the sale of any property or buildings purchased or constructed by said commission for the use of said exposition, or of any disposition of any building or improvement constructed by said commission out of said fund, and to provide for the transfer to the General Fund of the State of California, of any portion of said Panama-Pacific International Exposition Fund unused.

The commission herein created is authorized and directed to make such proper contract with the Panama-Pacific International Exposition Company, a corporation organized under the laws of the State of California on the twenty-second day of March, 1910, as will entitle the State of California to share proportionately with the contributors to the said Panama-Pacific International Exposition in the returns from the holding of said exposition at the City and County of San Francisco. [New section adopted November 8, 1932.]

SEC. 31c. [See preceding section bearing same number.] Nothing contained in this Constitution shall preclude the city of Escondido, California, from acquiring

or holding shares of the capital stock of any mutual water company or corporation, when such stock is so acquired or held for the purpose of furnishing a supply of water for public or municipal purposes or for the use of the inhabitants of the city and the city is hereby authorized to acquire and hold such stock, and said holding of such stock shall entitle such holder thereof to all the rights, powers and privileges, and subject such holder to the obligations and liabilities as are given or are imposed by law to or upon other holders of stock in the mutual water corporation in which such stock is so held. [*New section adopted November 8, 1932.*]

[*New section adopted November 6, 1934*]

SEC. 32. The Legislature shall have no power to grant, or authorize any county or municipal authority to grant, any extra compensation or allowance to any public officer, agent, servant, or contractor, after service has been rendered, or a contract has been entered into and performed, in whole or in part, nor to pay, or to authorize the payment of, any claim hereafter created against the State, or any county or municipality of the State, under any agreement or contract made without express authority of law; and all such unauthorized agreements or contracts shall be null and void.

SEC. 33. The Legislature shall pass laws for the regulation and limitation of the charges for services performed and commodities furnished by telegraph and gas corporations, and the charges by corporations or individuals for storage and wharfage, in which there is a public use, and where laws shall provide for the selection of any person or officer to regulate and limit such rates, no such person or officer shall be selected by any corporation or individual interested in the business to be regulated, and no person shall be selected who is an officer or stockholder in any such corporation.

SEC. 34. If the proposed expenditures for the ensuing biennial period shall exceed the estimated revenues therefor, the Governor shall recommend the sources from which the additional revenue shall be provided. The Governor, and also the Governor-elect, shall have the power to require any institution, department, board, bureau, commission, officer, employee or other agency to furnish him with any information which he may deem necessary in connection with the budget or to assist him in its preparation. The budget shall be accompanied by an appropriation bill covering the proposed expenditures, to be known as the budget bill. The budget bill shall be introduced immediately into each House of the Legislature by the respective chairmen of the committees having to do with appropriations, and shall be subject to all the provisions of section fifteen of this article. The Governor may at any time amend or supplement the budget and propose amendments to the budget bill before or after its enactment, and each such amendment shall be referred in each House to the committee to which the budget bill was originally referred. Until the budget bill has been finally enacted, neither House shall place upon final passage any other appropriation bill, except emergency bills recommended by the Governor, or appropriations for the salaries, mileage and expenses of the Senate and Assembly. No bill making an appropriation of money, except the budget bill, shall contain more than one item of appropriation, and that for one single and certain purpose to be therein expressed. In any appropriation bill passed by the Legislature, the Governor may reduce or eliminate any one or more items of appropriation of money while approving other portions of the bill,

Should the appropriations in the budget act for any biennium exceed the limitations herein prescribed, and such budget act be not passed by such two-thirds vote, the several items of appropriation therein shall be deemed reduced by that percentage which the excess amount of appropriation bears to the total appropriation. Should the prescribed limit for any biennium be exceeded by reason of any other appropriation or appropriations from the general fund, then the appropriation first passed by the Legislature without such two-thirds vote, which exceeds such prescribed limitation, shall be deemed reduced by the amount of such excess, and all other subsequent appropriations from the general fund not passed by such two-thirds vote shall be void. Nothing herein contained shall prevent the Governor from vetoing any bills or reducing any appropriation therein or any appropriation reduced as herein provided.

Not more than twenty-five per cent of the total appropriations from all funds of the State shall be raised by means of taxes on real and personal property according to the value thereof. [*New section adopted June 27, 1933.*]

SECTION 1. The judicial power of the State shall be vested in the Senate, sitting as a court of impeachment, in a supreme court, district courts of appeal, superior courts, such municipal courts as may be established in any city or county, and such inferior courts as the Legislature may establish in any incorporated city or town, town-ship, county or city and county. [*As amended November 4, 1924*]

SEC. 1a. There shall be a judicial council. It shall consist of the chief justice or acting chief justice, and of one associate justice of the supreme court, three justices of district courts of appeal, four judges of superior courts, one judge of a justice or municipal court, and one judge of an inferior court, assigned by the chief justice to sit thereon for terms of two years; *provided*, that if any judge so assigned

shall cease to be a judge of the court from which he is assigned, his term shall forthwith terminate. The chief justice or acting chief justice shall be chairman. No act of the council shall be valid unless concurred in by six members.

The judicial council shall from time to time:

- (1) Meet at the call of the chairman or as otherwise provided by it.
- (2) Survey the condition of business in the several courts with a view to simplifying and improving the administration of justice.
- (3) Submit such suggestions to the several courts as may seem in the interest of uniformity and the expedition of business.
- (4) Report to the Governor and Legislature at the commencement of each regular session with such recommendations as it may deem proper.
- (5) Adopt or amend rules of practice and procedure for the several courts not inconsistent with laws that are now or that may hereafter be in force; and the council shall submit to the Legislature, at each regular session thereof, its recommendations with reference to amendments of, or changes in, existing laws relating to practice and procedure.
- (6) Exercise such other functions as may be provided by law.

The chairman shall seek to expedite judicial business and to equalize the work of the judges, and shall provide for the assignment of any judge to another court of a like or higher jurisdiction to assist a court or judge whose calendar is congested, to act for a judge who is disqualified or unable to act, or to sit and hold court where a vacancy in the office of judge has occurred.

The clerk of the supreme court shall act as secretary of the council.

The several judges shall cooperate with the council, shall sit and hold court as assigned, and shall report to the chairman at such times and in such manner as he shall request respecting the condition, and manner of disposal, of judicial business in their respective courts.

No member of the council shall receive any compensation for his services as such, but shall be allowed his necessary expenses for travel, board and lodging incurred in the performance of his duties as such. Any judge assigned to a court wherein a judge's compensation is greater than his own shall receive while sitting therein the compensation of a judge thereof. The extra compensation shall be paid in such manner as may be provided by law. Any judge assigned to a court in a county other than that in which he regularly sits shall be allowed his necessary expenses for travel, board and lodging incurred in the discharge of the assignment. [*New section adopted November 2, 1926.*]

The chief justice shall assign three of the associate justices to each department, and such assignment may be changed by him from time to time. The associate justices shall be competent to sit in either department, and may interchange with each other by agreement among themselves or as ordered by the chief justice. Each of the departments shall have the power to hear and determine causes and all questions arising therein, subject to the provisions hereinafter contained in relation to the court in bank. The presence of three justices shall be necessary to transact any business in either of the departments, except such as may be done at chambers, and the concurrence of three justices shall be necessary to pronounce a judgment. The chief justice shall apportion the business to the departments, and may, in his discretion, order any cause pending before the court to be heard and decided by the court in bank. The order may be made before or after judgment pronounced by a department; but where a cause has been allotted to one of the departments, and a judgment pronounced thereon, the order must be made within thirty days after such judgment, and concurred in by two associate justices, and if so made it shall have the effect to vacate and set aside the judgment. Any four justices may, either before or after judgment by a department, order a case to be heard in bank. If the order be not made within the time above limited the judgment shall be final. No judgment by a department shall become final until the expiration of the period of thirty days aforesaid, unless approved by the chief justice, in writing, with the concurrence of two associate justices. The chief justice may convene the court in bank at any time, and shall be the presiding justice of the court when so convened. The concurrence of four justices present at the argument shall be necessary to pronounce a judgment in bank; but if four justices, so present, do not concur in a judgment, then all the justices qualified to sit in the cause shall hear the argument; but to render a judg-

ment a concurrence of four judges shall be necessary. In the determination of causes, all decisions of the court in bank or in departments shall be given in writing, and the grounds of the decision shall be stated. The chief justice may sit in either department, and shall preside when so sitting, but the justices assigned to each department shall select one of their number as presiding justice. In case of the absence of the chief justice from the place at which the court is held, or his inability to act, the associate justices shall select one of their own number to perform the duties and exercise the powers of the chief justice during such absence or inability to act.

SEC. 3. The chief justice and the associate justices shall be elected by the qualified electors of the State at large at the general elections, at the time and places at which State officers are elected, except as provided by section 2½ of Article II of this Constitution, and the term of office shall be twelve years from and after the first day of January next succeeding their election. If a vacancy occur in the office of a justice, the Governor shall appoint a person to hold the office until the election and qualification of a justice to fill the vacancy, which election shall take place at the next succeeding general State or primary election after the first day of April next succeeding the occurrence of such vacancy; the justice then elected shall hold office for the unexpired term; *provided*, that whenever the term of office of the justice whose place is filled by appointment is fixed by law to expire on the first day of January after the next or such succeeding general election, then the person so appointed to fill the vacancy shall hold office for the remainder of such unexpired term. [*As amended November 6, 1928.*]

SEC. 4. The supreme court shall have appellate jurisdiction on appeal from the superior courts in all cases in equity, except such as arise in municipal or justices' courts; also, in all cases at law which involve the title or possession of real estate, or the legality of any tax, impost, assessment, toll, or municipal fine also, in all such probate matters as may be provided by law; also, on questions of law alone, in all criminal cases where judgment of death has been rendered; the said court shall also have appellate jurisdiction in all cases, matters and proceedings pending before a district court of appeal, which shall be ordered by the supreme court to be transferred to itself for hearing and decision, as hereinafter provided. The said court shall also have power to issue writs of mandamus, certiorari, prohibition, and habeas corpus, and all other writs necessary or proper to the complete exercise of its appellate jurisdiction. Each of the justices shall have power to issue writs of habeas corpus to any part of the State, upon petition by or on behalf of any person held in actual custody, and may make such writs returnable before himself or the supreme court or before any district court of appeal, or before any justice thereof, or before any superior court in the State, or before any judge thereof. [*As amended November 6, 1928.*]

SEC. 4a. The State is hereby divided into three appellate districts, in each of which there shall be a district court of appeal, consisting of such number of divisions having three justices each as the Legislature shall determine; and until so determined otherwise, the courts of appeal for the first and second appellate districts shall each consist of two divisions, and the court of the third appellate district shall consist of one division.

The Legislature may from time to time create and establish additional district courts of appeal and divisions thereof and fix the places at which the regular sessions thereof shall be held and may provide for the maintenance and operation thereof. For that purpose the Legislature may redivide the State into appellate districts, subject to the power of the supreme court to remove one or more counties from one appellate district to another as in this section provided.

Each of such divisions shall have and exercise all of the powers of the district court of appeal.

The district court of appeal as existing immediately prior to the approval and ratification of this amendment by the people shall not be affected thereby as to the officers or terms of office of the justices thereof.

Upon the creation of any additional division of the district court of appeal the Governor shall appoint three persons to serve as justices thereof until the first day of January after the next general election. The justices of said division elected at such general election shall so classify themselves by lot that one of them shall go out of office at the end of four years, one of them at the end of eight years, and one of them at the end of twelve years, and entry of such classification

shall be made in the minutes of said division, signed by the three justices thereof, and a duplicate thereof filed in the office of the Secretary of State.

The justices of the district courts of appeal shall be elected by the qualified electors within their respective districts at the general State elections except as provided in section 24 of Article II, and the term of office of said justices shall be twelve years from and after the first day of January next succeeding their election.

If any vacancy occur in the office of a justice of the district courts of appeal, the Governor shall appoint a person to hold office until the election and qualification of a justice to fill the vacancy. Such election shall take place at the next succeeding general State or primary election after the first day of April next succeeding the occurrence of such vacancy; the justice then elected shall hold office for the unexpired term; *provided*, that whenever the term of office of the justice whose place is filled by appointment is fixed by law to expire on the first day of January after the next or such succeeding general election, then the person so appointed to fill the vacancy shall hold office for the remainder of such unexpired term.

One of the justices of each of the district courts of appeal, and of each division of said courts, shall be the presiding justice thereof, and as such shall be appointed or elected, as the case may be.

In cases wherein the presiding justice is not acting, the other justices shall designate one of their number to perform the duties and exercise the powers of presiding justice.

The presence of two justices shall be necessary for the transaction of any business by such court except such as may be done at chambers, and the concurrence of two justices shall be necessary to pronounce a judgment.

No appeal taken to the supreme court or to a district court of appeal shall be dismissed for the reason only that the same was not taken to the proper court, but the cause shall be transferred to the proper court upon such terms as to costs or otherwise as may be just, and shall be proceeded with therein as if regularly appealed thereto.

All statutes now in force allowing, providing for or regulating appeals to the supreme court shall apply to appeals to the district courts of appeal so far as such statutes are not inconsistent with this article and until the Legislature shall otherwise provide.

The first district shall embrace the following counties: San Francisco, Marin, Contra Costa, Alameda, San Mateo, Santa Clara, Fresno, Santa Cruz, Monterey and San Benito.

The said courts shall also have appellate jurisdiction in all cases, matters, and proceedings pending before the supreme court which shall be ordered by the supreme court to be transferred to a district court of appeal for hearing and decision.

The said courts shall also have power to issue writs of mandamus, certiorari, prohibition and habeas corpus, and all other writs necessary or proper to the complete exercise of their appellate jurisdiction. Each of the justices thereof shall have power to issue writs of habeas corpus to any part of his appellate district upon petition by or on behalf of any person held in actual custody, and may make such writs returnable before himself or the district court of appeal of his district, or before any superior court within his district, or before any judge thereof. The judgment of the district courts of appeal shall become final therein upon the expiration of fifteen days in criminal cases, or thirty days in all other cases, after the same shall have been pronounced.

The supreme court shall have power to order causes pending before a district court of appeal for one district to be transferred to the district court of appeal for another district, or from one division thereof to another, for hearing and decision [*New section adopted November 6, 1928.*]

SEC. 4j. No judgment shall be set aside, or new trial granted, in any case, on the ground of misdirection of the jury, or of the improper admission or rejection of evidence, or for any error as to any matter of pleading, or for any error as to any matter of procedure, unless, after an examination of the entire cause, including the evidence, the court shall be of the opinion that the error complained of has resulted in a miscarriage of justice. [*As amended November 3, 1914.*]

SEC. 4k. In all cases where trial by jury is not a matter of right or where trial by jury has been waived, the Legislature may grant to any court of appellate jurisdiction the power, in its discretion, to make findings of fact contrary to, or in addition to, those made by the trial court. There shall be a State Board of Prison Directors, to consist of five persons to be appointed by the Governor, with the advice and consent of the Senate, who shall hold office for ten years, except that the first appointed shall, in such manner as the Legislature may direct, be so classified that the term of one person so appointed shall expire at the end of each two years during the first ten years, and vacancies occurring shall be filled in like manner. The appointee to a vacancy, occurring before the expiration of a term, shall hold only for the unexpired term of his predecessor. The Governor shall have the power to remove either of the directors for misconduct, incompetency, or neglect of duty, after an opportunity to be heard upon written charges.

SEC. 3. The board shall appoint the warden and clerk, and determine the other necessary officers of the prisons. The board shall have power to remove the wardens and clerks for misconduct, incompetency, or neglect of duty. All other officers and employees of the prisons shall be appointed by the warden thereof, and be removed at his pleasure.

SEC. 4. The members of the board shall receive no compensation other than reasonable traveling and other expenses incurred while engaged in the performance of official duties, to be audited as the Legislature may direct.

SEC. 5. The Legislature shall pass such laws as may be necessary to further define and regulate the powers and duties of the board, wardens, and clerks, and to carry into effect the provisions of this article.

SEC. 6. After the first day of January, eighteen hundred and eighty-two, the labor of convicts shall not be let out by contract to any person, copartnership, company, or corporation, and the Legislature shall, by law, provide for the working of convicts for the benefit of the State.

ARTICLE XI

CITIES, COUNCILS, AND TOWNS

SECTION 1. The several counties, as they now exist, are hereby recognized as legal subdivisions of this State.

SEC. 2. No county seat shall be removed unless two-thirds of the qualified electors of the county, voting on the proposition at a general election, shall vote in favor of such removal. A proposition of removal shall not be submitted in the same county more than once in four years.

SEC. 3. The Legislature, by general and uniform laws, may provide for the alteration of county boundary lines, and for the formation of new counties; *provided, however*, that no new county shall be established which shall reduce any county to a population of less than twenty thousand, nor shall a new county be formed containing a less population than eight thousand, nor shall any line thereof pass within five miles of the exterior boundary of the city or town in which the county seat of any county proposed to be divided is situated. Every county which shall be enlarged or created from territory taken from any other county or counties, shall be liable for a just proportion of the existing debts and liabilities of the county or counties from which such territory shall be taken. [*As amended November 8, 1910.*]

SEC. 4. [*Repealed June 27, 1933.*]

SEC. 5. The Legislature, by general and uniform laws, shall provide for the election or appointment, in the several counties, of boards of supervisors, sheriff-county clerks, district attorneys, and such other county, township, and municipal officers as public convenience may require, and shall prescribe their duties and fix their terms of office. It shall regulate the compensation of boards of supervisors, district attorneys and of auditors in the respective counties and for this purpose may classify the counties by population. It may regulate the compensation of grand and

trial jurors in all courts within the classes of counties herein permitted to be made. The boards of supervisors in the respective counties shall regulate the compensation of all officers in said counties other than boards of supervisors, district attorneys, auditors, and judges of municipal courts and shall regulate the number, method of appointment, terms of office or employment, and compensation of all deputies, assistants, and employes of the counties.

The provisions of this section shall not be construed to abridge, modify or otherwise affect the provisions of sections 7½, 7½a and 8½ of this article, relating to county or city and county charters. That certain act entitled "An act to add a new section to the Political Code to be numbered 4056d, relating to powers and duties of boards of supervisors with respect to county and township officers, deputies, assistants and employes," as enacted by the Legislature at its fiftieth session, is hereby validated and made fully and completely effective.

The compensation of any county, township or municipal officer shall not be increased after his election or during his term of office, nor shall the term of any such officer be extended beyond the period for which he was elected or appointed. The provisions of this section shall not prevent the allowance of any new or additional deputy or assistant to the principal in any county office during his term, nor shall they prevent any increase in the compensation of any deputy or assistant to such principal at any time.

The provisions of this section shall not abridge, modify or otherwise limit the power of the Legislature by general and uniform laws to prescribe the qualifications of any county officer or of any deputy or assistant, or to prescribe the method of appointment of any person so qualified. [*As amended June 27, 1933.*]

SEC. 6. Corporations for municipal purposes shall not be created by special laws; but the Legislature shall, by general laws, provide for the incorporation, organization, and classification, in proportion to population, of cities and towns, which laws may be altered, amended, or repealed, and the Legislature may, by general laws, provide for the performance by county officers of certain of the municipal functions of cities and towns so incorporated, whenever a majority of the electors of any such city or town voting at a general or special election shall so determine. Cities and towns heretofore organized or incorporated may become organized under the general laws passed for that purpose, whenever a majority of the electors voting at a general election shall so determine, and shall organize in conformity therewith. Cities and towns hereafter organized under charters framed and adopted by authority of this Constitution are hereby empowered, and cities and towns heretofore organized by authority of this Constitution may amend their charters in the manner authorized by this Constitution so as to become likewise empowered hereunder, to make and enforce all laws and regulations in respect to municipal affairs, subject only to the restrictions and limitations provided in their several charters, and in respect to other matters they shall be subject to and controlled by general laws. Cities and towns heretofore or hereafter organized by authority of this Constitution may, by charter provision or amendment, provide for the performance by county officers of certain of their municipal functions, whenever the discharge of such municipal functions by county officers is authorized by general laws or by the provisions of a county charter framed and adopted by authority of this Constitution [*As amended November 3, 1914*]

SEC. 7. City and county governments may be merged and consolidated into one municipal government, with one set of officers, and may be incorporated under general laws providing for the incorporation and organization of corporations for municipal purposes. The provisions of this Constitution applicable to cities, and also those applicable to counties, so far as not inconsistent or prohibited to cities, shall be applicable to such consolidated government [*As amended November 6, 1894.*]

SEC 7½. Any county may frame a charter for its own government consistent with and subject to the Constitution (or having framed such a charter, may frame a new one.) and relating to matters authorized by provisions of the Constitution, by causing a board of fifteen freeholders, who have been for at least five years qualified electors thereof, to be elected by the qualified electors of said county, at a general or special election. Said board of freeholders may be so elected in pursuance of an ordinance adopted by the vote of three-fifths of all the members of the board of supervisors of such county, declaring that the public interest requires the election of such board for the purpose of preparing and proposing a charter for said county or in pursuance of a petition of qualified electors of said county as hereafter pro-

vided. Such petition, signed by fifteen per centum of the qualified electors of said county, computed upon the total number of votes cast therein for all candidates for Governor at the last preceding general election at which a Governor was elected, praying for the election of a board of fifteen freeholders to prepare and propose a charter for said county, may be filed in the office of the county clerk. It shall be the duty of said county clerk, within twenty days after the filing of said petition, to examine the same, and to ascertain from the record of the registration of electors of the county, whether said petition is signed by the requisite number of qualified electors. If required by said clerk, the board of supervisors shall authorize him to employ persons specially to assist him in the work of examining such petition, and shall provide for their compensation. Upon the completion of such examination, said clerk shall forthwith attach to said petition his certificate, properly dated, showing the result thereof, and if, by said certificate, it shall appear that said petition is signed by the requisite number of qualified electors, said clerk shall immediately present said petition to the board of supervisors, if it be in session, otherwise at its next regular meeting after the date of such certificate. Upon the adoption of such ordinance, or the presentation of such petition, said board of supervisors shall order the holding of a special election for the purpose of electing such board of freeholders, which said special election shall be held not less than twenty days nor more than sixty days after the adoption of the ordinance aforesaid or the presentation of said petition to said board of supervisors; *provided*, that if a general election shall occur in said county not less than twenty days nor more than sixty days after the adoption of the ordinance aforesaid, or such presentation of said petition to said board of supervisors, said board of freeholders may be elected at such general election. Candidates for election as members of said board of freeholders shall be nominated by petition, substantially in the same manner as may be provided by general law for the nomination, by petition of electors, of candidates for county offices, to be voted for at general elections. It shall be the duty of said board of freeholders, within one hundred and twenty days after the result of such election shall have been declared by said board of supervisors, to prepare and propose a charter for said county, which shall be signed in duplicate by the members of said board of freeholders, or a majority of them, and be filed, one copy in the office of the county clerk of said county and the other in the office of the county recorder thereof. Said board of supervisors shall thereupon cause said proposed charter to be published for at least ten times in a daily newspaper of general circulation, printed, published and circulated in said county; *provided*, that in any county where no such daily newspaper is printed, published and circulated, such proposed charter shall be published for at least three times in at least one weekly newspaper, of general circulation, printed, published and circulated in such county; *and provided*, that in any county where neither such daily nor such weekly newspaper is printed, published and circulated, a copy of such proposed charter shall be posted by the county clerk in three public places in said county, and on or near the entrance to at least one public schoolhouse in each school district in said county, and the first publication or the posting of such proposed charter shall be made within fifteen days after the filing of a copy thereof, as aforesaid, in the office of the county clerk. Said proposed charter shall be submitted by said board of supervisors to the qualified electors of said county at a special election held not less than thirty days nor more than sixty days after the completion of such publication, or after such posting; *provided*, that if a general election shall occur in said county not less than thirty days nor more than sixty days after the completion of such publication, or after such posting, then such proposed charter may be so submitted at such general election. If a majority of said qualified electors, voting thereon at such general or special election, shall vote in favor of such proposed charter, it shall be deemed to be ratified, and shall be forthwith submitted to the Legislature, if it be in regular session, otherwise at its next regular session, or it may be submitted to the Legislature in extraordinary session, for its approval or rejection as a whole, without power of alteration or amendment. Such approval may be made by concurrent resolution, and if approved by a majority vote of the members elected to each House, such charter shall become the charter of such county and shall become the organic law thereof relative to the matters therein provided, and supersede any existing charter framed under the provisions of this section, and all amendments thereof, and shall supersede all laws inconsistent with such charter relative to the matters provided in such charter. A copy of such charter, certified and authenticated by the chairman and clerk of the board of supervisors under the seal of said board and attested by the county clerk of said county, setting forth the

submission of such charter to the electors of said county, and its ratification by them, shall, after the approval of such charter by the Legislature, be made in duplicate, and filed one in the office of the Secretary of State and the other, after being recorded in the office of the recorder of said county, shall be filed in the office of the county clerk thereof, and thereafter all courts shall take judicial notice of said charter.

The charter, so ratified, may be amended by proposals therefor submitted by the board of supervisors of the county to the qualified electors thereof at a general or special election held no less than thirty days nor more than sixty days after the publication of such proposals for ten times in a daily newspaper of general circulation, printed, published and circulated in said county; *provided*, that in any county where no such daily newspaper is printed, published and circulated, such proposed charter shall be published for at least three times in at least one weekly newspaper, of general circulation, printed, published and circulated in such county; *provided*, that in any county where neither such daily nor such weekly newspaper is printed, published and circulated, a copy of such proposed charter shall be posted by the county clerk in three public places in said county, and on or near the entrance to at least one public schoolhouse in each school district in said county. If a majority of such qualified electors voting thereon, at such general or special election, shall vote in favor of any such proposed amendment or amendments, or any amendment or amendments proposed by petition as hereinafter provided, such amendment or amendments shall be deemed to be ratified, and shall be forthwith submitted to the Legislature, if it be in regular session, otherwise at its next regular session, or may be submitted to the Legislature in extraordinary session, for approval or rejection as a whole, without power of alteration or amendment, and if approved by the Legislature, as herein provided for the approval of the charter, such charter shall be amended accordingly. A copy of such amendment or amendments shall, after the approval thereof by the Legislature, be made in duplicate, and shall be authenticated, certified, recorded and filed as herein provided for the charter, and with like force and effect. Whenever a petition signed by ten per centum of the qualified electors of any county, computed upon the total number of votes cast in said county for all candidates for Governor at the last general election, at which a Governor was elected, is filed in the office of the county clerk of said county, petitioning the board of supervisors thereof to submit any proposed amendment or amendments to the charter of such county, which amendment or amendments shall be set forth in full in such petition, to the qualified electors thereof, such petition shall forthwith be examined and certified by the county clerk, and if signed by the requisite number of qualified electors of such county, shall be presented to the said board of supervisors, by the said county clerk, as hereinbefore provided for petitions for the election of boards of freeholders. Upon the presentation of said petition to said board of supervisors, said board must submit the amendment or amendments set forth therein to the qualified electors of said county at a general or special election held not less than thirty days nor more than sixty days after the publication or posting of such proposed amendment or amendments in the same manner as hereinbefore provided in the case of the submission of any proposed amendment or amendments to such charter, proposed and submitted by the board of supervisors. In submitting any such charter, or amendments thereto, any alternative article or proposition may be presented for the choice of the electors, and may be voted on separately without prejudice to others.

Every special election held under the provisions of this section, for the election of boards of freeholders or for the submission of proposed charters, or any amendment or amendments thereto, shall be called by the board of supervisors, by ordinance, which shall specify the purpose and time of such election and shall establish the election precincts and designate the polling places therein, and the names of the election officers for each such precinct. Such ordinance, prior to such election, shall be published five times in a daily newspaper, or twice in a weekly newspaper, if there be no such daily newspaper, printed, published and circulated in said county; *provided*, that if no such daily or weekly newspaper be printed or published in such county, then a copy of such ordinance shall be posted by the county clerk in three public places in such county and in or near the entrance to at least one public schoolhouse in each school district therein. In all other respects, every such election shall be held and conducted, the returns thereof canvassed and the result thereof declared by the board of supervisors in the same manner as provided by law for general elections. Whenever boards of freeholders shall be elected, or any such proposed charter, or amendment or amendments thereto, submitted, at a general

election, the general laws applicable to the election of county officers and the submission of propositions to the vote of electors, shall be followed in so far as the same may be applicable thereto.

It shall be competent, in all charters, framed under the authority given by this section to provide, in addition to any other provisions allowable by this Constitution, and the same shall provide, for the following matters:

1. For boards of supervisors and for the constitution, regulation and government thereof, for the times at which and the terms for which the members of said board shall be elected, for the number of members, not less than three, that shall constitute such boards, for their compensation and for their election, either by the electors of the counties at large or by districts; *provided*, that in any event said board shall consist of one member for each district, who must be a qualified elector thereof; and

2 For sheriffs, county clerks, treasurers, recorders, license collectors, tax collectors, public administrators, coroners, surveyors, district attorneys, auditors, assessors and superintendents of schools, for the election or appointment of said officers, or any of them, for the times at which and the terms for which, said officers shall be elected or appointed, and for their compensation, or for the fixing of such compensation by boards of supervisors, and, if appointed, for the manner of their appointment; and

3. For the number of justices of the peace and constables for each township, or for the number of such judges and other officers of such inferior courts as may be provided by the Constitution or general law, for the election or appointment of said officers, for the times at which and the terms for which said officers shall be elected or appointed, and for their compensation, or for the fixing of such compensation by boards of supervisors, and if appointed, for the manner of their appointment; and

4. For the powers and duties of boards of supervisors and all other county officers, for their removal and for the consolidation and segregation of county offices, and for the manner of filling all vacancies occurring therein; *provided*, that the provisions of such charters relating to the powers and duties of boards of supervisors and all other county officers shall be subject to and controlled by general laws; and

4½. For the assumption and discharge by county officers of certain of the municipal functions of the cities and towns within the county, whenever, in the case of cities and towns incorporated under general laws, the discharge by county officers of such municipal functions is authorized by general law, or whenever, in the case of cities and towns organized under section eight of this article, the discharge by county officers of such municipal functions is authorized by provisions of the charters, or by amendments thereto, of such cities or towns.

5. For the fixing and regulation by boards of supervisors, by ordinance, of the appointment and number of assistants, deputies, clerks, attaches and other persons to be employed, from time to time, in the several offices of the county, and for the prescribing and regulating by such boards of the powers, duties, qualifications and compensation of such persons, the times at which, and terms for which they shall be appointed, and the manner of their appointment and removal; and

6. For the compensation of such fish and game wardens, probation and other officers as may be provided by general law, or for the fixing of such compensation by boards of supervisors.

All elective officers of counties, and of townships, of road districts and of highway construction divisions therein shall be nominated and elected in the manner provided by general laws for the nomination and election of such officers.

All charters framed under the authority given by this section, in addition to the matters hereinabove specified, may provide as follows:

For offices other than those required by the Constitution and laws of the State, or for the creation of any or all of such offices by boards of supervisors, for the election or appointment of persons to fill such offices, for the manner of such appointment, for the times at which and the terms for which such persons shall be so elected or appointed, and for their compensation, or for the fixing of such compensation by boards of supervisors.

For offices hereafter created by this Constitution or by general law, for the election or appointment of persons to fill such offices, for the manner of such appointment, for the times at which and the terms for which such persons shall be so elected or appointed, and for their compensation, or for the fixing of such compensation by boards of supervisors.

For the formation, in such counties, of road districts for the care, maintenance, repair, inspection and supervision only of roads, highways and bridges; and for the formation, in such counties, of highway construction divisions for the construction only of roads, highways and bridges; for the inclusion in any such district or division, of the whole or any part of any incorporated city or town, upon ordinance passed by such incorporated city or town authorizing the same, and upon the assent to such inclusion by a majority of the qualified electors of such incorporated city or town or portion thereof, proposed to be so included, at an election held for that purpose; for the organization, government, powers and jurisdiction of such districts and divisions, and for raising revenue therein, for such purposes, by taxation, upon the assent of a majority of the qualified electors of such districts or divisions, voting at an election to be held for that purpose; for the incurring of indebtedness therefor by such counties, districts or divisions for such purposes respectively, by the issuance and sale, by the counties, of bonds of such counties, districts or divisions, and the expenditure of the proceeds of the sale of such bonds, and for levying and collecting taxes against the property of the counties, districts or divisions, as the case may be, for the payment of the principal and interest of such indebtedness at maturity; *provided*, that any such indebtedness shall not be incurred without the assent of two-thirds of the qualified electors of the county, district or division, as the case may be, voting at an election to be held for that purpose, nor unless before or at the time of incurring such indebtedness provision shall be made for the collection of an annual tax sufficient to pay the interest on such indebtedness as it falls due, and also for a sinking fund for the payment of the principal thereof on or before maturity, which shall not exceed forty years from the time of contracting the same, and the procedure for voting, issuing and selling such bonds shall, except in so far as the same shall be prescribed in such charters, conform to general laws for the authorizing and incurring by counties of bonded indebtedness, so far as applicable; *provided, further*, that provisions in such charters for the construction, care, maintenance, repair, inspection and supervision of roads, highways and bridges for which aid from the State is granted, shall be subject to such regulations and conditions as may be imposed by the Legislature.

Whenever any county has framed and adopted a charter, and the same shall have been approved by the Legislature, as herein provided, the general laws adopted by the Legislature in pursuance of sections four and five of this article, shall, as to such county, be superseded by said charter as to matters for which, under this section it is competent to make provision in such charter, and for which provision is made therein, except as herein otherwise expressly provided; and except that any such charter shall not affect the tenure of office of the elective officers of the county, or of any district, township or division thereof, in office at the time such charter goes into effect, and such officers shall continue to hold their respective offices until the expiration of the term for which they shall have been elected, unless sooner removed in the manner provided by law.

The charter of any county, adopted under the authority of this section, may be surrendered and annulled with the assent of two-thirds of the qualified electors of such county, voting at a special election, held for that purpose, and to be ordered and called by the board of supervisors of the county upon receiving a written petition, signed and certified as hereinabove provided for the purposes of the adoption of charters, requesting said board to submit the question of the surrender and annulment of such charter to the qualified electors of such county, and, in the event of the surrender and annulment of any such charter, such county shall thereafter be governed under general laws in force for the government of counties.

The provisions of this section shall not be applicable to any county that is consolidated with any city. [*As amended November 3, 1914.*]

Sec. 71a. Any county organized under the general law, and having, at the time this section takes effect, a population of two hundred thousand inhabitants or over, as ascertained by the last preceding census taken under authority of the Congress of the United States, and having within its territorial boundaries one or more incorporated cities or towns, may frame a charter for a consolidated city and county government, by causing a board of fifteen freeholders, who have been for at least five years qualified electors of the county, to be elected by the qualified electors of said county, at a special election. Said board of freeholders may be so elected in pursuance of an ordinance adopted by the vote of three-fifths of all of the members of the board of supervisors of such county, declaring that public interest requires the election of such board of freeholders for the purpose of preparing and proposing a charter for a consolidated city and county, with or without a system of boroughs with combined

powers of a city and a county, as in this Constitution provided for city and county government; or in pursuance of a petition of qualified electors of said county as hereinafter provided; which said petition must state the name and address of a person or persons to whom notice of the insufficiency of the petition shall be sent in the event that the petition shall not have the required number of signatures of the qualified electors signed thereto. Such petition, signed by fifteen per centum of the qualified electors of said county, computed upon the total number of votes cast therein for all candidates for Governor at the last preceding general election at which a Governor was elected, praying for the election of a board of fifteen freeholders to prepare and propose a charter for a consolidated city and county government, with or without a system of boroughs, with combined powers of a city and a county, as in this Constitution provided, may be filed in the office of the county clerk. It shall be the duty of the said county clerk, within twenty days after the filing of said petition, to examine the same, and to ascertain from the record of the registration of the electors of the county, whether said petition is signed by the requisite number of qualified electors. If required by said clerk, the board of supervisors shall authorize him to employ persons to assist him in the work of examining such petition, and the board shall provide for their compensation. Upon the completion of such examination, said clerk shall forthwith attach to said petition his certificate, properly dated, showing the results of his examination, and if, by said certificate, it shall appear that said petition is signed by the requisite number of qualified electors, said clerk shall immediately present said petition to the board of supervisors, if it be in session, otherwise at its next regular meeting after the date of such certificate. If it appear by said certificate that said petition has not the required number of signatures of the qualified electors signed thereto, the said clerk shall so notify the person or persons whose name or names are mentioned therein, to whom the notification of the insufficiency of the petition shall be sent. Whereupon the petitioners shall have thirty days from and after the date of receiving the notice of insufficiency from the clerk, to present and file additional signatures. Upon the receipt of the additional signatures, the clerk shall proceed forthwith to examine the petition of additional signatures, so that such examination shall be completed within ten days from the date of his receiving same. If it appear that the number of additional signatures added to those who have not been legally rejected upon the original petition, shall total the requisite number of qualified electors necessary as provided in this section, the clerk shall forthwith attach to said petition his certificate, properly dated, showing that said petition has been signed by the requisite number of qualified electors, and said clerk shall immediately present said petition to the board of supervisors, if it be in session, otherwise at the next regular meeting after the date of such certificate. Upon the adoption of such ordinance, or the presentation of such petition, said board of supervisors shall order the holding of a special election for the purpose of electing such board of freeholders, which said special election shall be held not less than forty days nor more than ninety days after the adoption of the ordinance aforesaid or the presentation of said petition to said board of supervisors. Candidates for election as members of said board of freeholders shall be nominated by petition, substantially in the same manner as may be provided by general law for the nomination, by petition of electors, of candidates for county offices, to be voted at general elections. The election shall be conducted and the ballots canvassed and results declared substantially as are other elections for county offices, except that there shall be only one election, and the fifteen persons receiving the highest vote shall be declared the duly elected board of freeholders. All ties shall be broken by lot.

It shall be the duty of said board of freeholders within one hundred eighty days after the result of such election shall have been declared by the board of supervisors, to prepare and propose a charter for a consolidated city and county government, and it may prescribe the existing boundary lines of the county as the territorial limits of said proposed city and county, and propose the formation of all of the incorporated cities and towns and all of the unincorporated territory within the county into a consolidated city and county government, to be governed by said charter, and to have combined powers of a city and a county, as provided in this Constitution for consolidated city and county government. Or said board of freeholders may propose, in the alternative, that a lesser area than that of the whole county, to consist of those incorporated cities and towns hereinafter required to be designated and named by the board of freeholders as necessary and essential to effect consolidation, also those incorporated cities and towns, which as hereinafter provided, may by a majority vote of the qualified electors voting thereon separately, vote in favor of such consolidation, together with any unincorporated territory within the county proposed to be added,

may be formed into a consolidated city and county government, to be governed by said charter, and to have combined powers of a city and a county as provided in this Constitution for consolidated city and county government.

When such proposal is submitted in the alternative, the board of freeholders must designate and name as necessary and essential to effect city and county consolidation, all of the incorporated cities within the county having a population of one hundred fifty thousand inhabitants or over, as ascertained by the last preceding census taken under the authority of the Congress of the United States, and no consolidation shall be effected unless, as hereinafter provided, a majority of the qualified electors, voting separately thereon in each of said designated and named incorporated cities vote in favor of such proposal.

The charter proposed shall be signed by the members of the board of freeholders, or a majority of them, and be filed, one copy in the office of the county recorder, one in the office of the county clerk, and certified copies thereof duly attested by the president and secretary of the board of freeholders shall be filed in the clerk's office of each incorporated city and town in the county. The board of freeholders shall thereupon take a recess until called together by the board of supervisors as hereinafter provided. Thereupon the board of supervisors shall cause said proposed charter to be published in at least two daily newspapers of general circulation published, printed and circulated in the county, for at least six consecutive times, and shall also cause said proposed charter to be published for at least three consecutive times in a daily newspaper of general circulation, printed, published and circulated in each of the incorporated cities and towns within the county, and if there be no daily newspaper printed, published and circulated in any of such incorporated cities and towns, then once in a weekly newspaper published, printed and circulated therein; *provided, however*, if there be no daily or weekly newspaper published, printed and circulated in any of such incorporated cities or towns, then said publication shall be made by posting in three public places in each of said incorporated cities or towns having no such newspaper, for at least three days. All of such publication shall be completed within fifty days of the filing of the proposed charter with the county clerk. The board of supervisors shall cause to be printed in pamphlet form, at least as many copies of such proposed charter, plus an additional fifteen per cent, as there are registered electors in the county. The county clerk shall forthwith deliver to the clerk of the legislative body of each and every incorporated city or town within the county, a number of the printed copies of the proposed charter, equal at least to the number of registered electors residing in any such incorporated city or town. The county clerk shall thereupon give notice, by advertising in one and not more than two daily newspapers of general circulation published, printed and circulated in the county, and if there be a newspaper published, printed and circulated in any of such incorporated cities and towns, in one such newspaper of each said city or town, that copies of the proposed charter can be had at his office or at the office of the several city or town clerks, designating them, upon application. Upon the completion of the publication of the proposed charter as above required, and not later than fifteen days thereafter, the board of supervisors must pass an ordinance or resolution calling a separate election in each of the incorporated cities and towns within the county, for submitting the proposal for consolidation to the electors thereof. Each incorporated city or town shall be considered one separate district, and the proposal for such consolidation shall be submitted separately to the electors thereof, as hereinafter provided. The date of such election shall be fixed in the resolution or ordinance adopted by the board of supervisors, which date shall not be less than forty days nor more than ninety days from the date of the passage of such resolution or ordinance calling the election for the submission of said proposal. The separate elections held in the several cities and towns must all be held on the same day. The resolution or ordinance calling such elections shall be published for five successive days in one daily newspaper of general circulation published, printed and circulated in the county, so that the last publication shall have been completed at least five days before the date of the election. The resolution or ordinance calling such elections, shall also be published for three successive days in one daily newspaper of general circulation, published, printed and circulated in each of the incorporated cities and towns, and if there be no daily newspaper published, printed and circulated in any of such incorporated cities and towns, then twice in a weekly newspaper; *provided however*, that if there be no daily or weekly newspaper published, printed and circulated in any such incorporated city or town, such publication may be made by posting in three public places in said incorporated city or town for at least three days before the date of election.

The board of supervisors must appoint election officers in the same manner and give notice of such appointment by publication, as provided by the general law for the appointment of election officers at general elections; *provided, however*, that the board of supervisors shall not appoint more than four election officers to each election precinct; *and provided, further*, that the number of precincts in each city or town comprising an election district shall not be less than the number of precincts used at the last general election. In all other respects, every such election shall be held and conducted, the returns canvassed and the result thereof declared by the board of supervisors in the same manner as provided by law for general elections.

The proposal to be submitted to the electors of each of said incorporated cities and towns shall be substantially as follows: "Shall the (herein designate by name the incorporated city or town) join with the other incorporated cities and towns within the county of (herein insert name of county) together with the unincorporated territory within the said county, and form and establish a consolidated city and county (herein insert whether it is proposed to have a system of boroughs) to be known as the city and county of (herein insert the name proposed) to be governed by the charter proposed by the board of freeholders, which charter has been filed in the office of the county clerk and duly published, said charter to take effect on (herein insert date mentioned in charter when city and county consolidation shall take effect)?" If the board of freeholders have proposed an alternative proposition, the ballot shall, in addition to the above proposal, state substantially: that if said principal proposal does not receive a majority vote of the electors, voting thereon, in all of the incorporated cities and towns within the county, but receives a majority vote of the electors, voting thereon in each of the incorporated cities within the county (naming them) which have been designated and named as the cities necessary and essential in which a favorable vote must be had to effect consolidation of an area less than the whole of the county, then the proposition of the formation and establishment of a district into a consolidated city and county, which district shall include said named incorporated cities, also other contiguous incorporated cities and towns in which a favorable vote was had upon the proposition, and certain unincorporated territory (which district shall be the area described in the proposed amended charter), shall be thereafter submitted to the qualified electors of such district for their approval. Also there must be stated in such proposal such reference to taxation and bonded indebtedness and the liability therefor as is provided in the proposed charter.

If after the canvass of the votes and the declaration of the result by the board of supervisors, it appear that a majority of the electors in each of the incorporated cities and towns in the county, voting separately thereon at said election, have voted in favor of said proposal, the board of supervisors shall so certify such fact to the board of freeholders and set a day for the reconvening of said board of freeholders which day shall not be later than ten days after the certification by the board of supervisors. The board of freeholders shall enter the certificate of the board of supervisors in its minutes and shall have no power to change or alter in any manner any of the provisions of the charter as heretofore prepared and published. It shall thereupon adjourn.

Whereupon the said proposed charter shall be submitted by said board of supervisors to the qualified electors of the whole of said county at a special election to be held not less than thirty nor more than sixty days after the adjournment of the board of freeholders, or if there be a general election held within ninety days after the adjournment of the said board of freeholders, then at such general election.

If a majority of the qualified electors voting thereon in the county, at such special or general election, shall vote in favor of such proposed charter, it shall be deemed to be ratified, and shall be forthwith submitted to the Legislature, if it be in session, otherwise at its next regular or special session, for its approval or rejection as a whole, without power of alteration or amendment. Such approval may be by concurrent resolution, and if approved by a majority vote of the members elected to each House, such charter shall become the charter of such consolidated city and county and shall become the organic law thereof relative to matters therein provided, and shall supersede any existing municipal charter of the cities within the county and all amendments thereof, and shall supersede all laws inconsistent with such charter relative to matters provided in such charter.

If it appear, after a canvass of the votes by the board of supervisors, that the proposal has not received a favorable vote in all of the incorporated cities and towns within the county, and the proposal submitted shall have provided in the alternative that a lesser territory than that of the whole, not less than the incorporated cities

designated and set forth in the proposal as necessary and essential to effect consolidation, may form and establish a consolidated city and county government, and a majority of the electors in each of the said incorporated cities designated as necessary and essential to effect consolidation have voted in favor of such proposal, the board of supervisors shall so certify the fact to the board of freeholders, and also certify all other incorporated cities or towns in which a majority of the electors have voted in favor of such proposal. The board of freeholders shall, within fifteen days thereafter, reconvene and meet upon a day to be fixed by the board of supervisors, and shall proceed to rearrange and define the boundaries for the proposed new city and county, including therein all of the incorporated cities certified by the board of supervisors, in which a majority of the electors have voted in favor thereof, and which by the terms of the proposal were designated as necessary and essential to effect consolidation. The board of freeholders must also include in the boundaries for the new proposed city and county any incorporated city or town having a population of less than ten thousand inhabitants, as ascertained by the last preceding census taken under the authority of the Congress of the United States, which, if such new proposed city and county is formed, would be surrounded by such area proposed to be formed into a city and county, or which is contiguous thereto and not contiguous to the largest area of the remainder of the original county from which the proposed city and county proposes to separate, notwithstanding that the result of the election in any such incorporated city or town as shown by the canvass of the votes of the board of supervisors, was unfavorable thereto. The board of freeholders may also include in the boundaries of the proposed new city and county, other incorporated cities or towns, not designated and named as necessary and essential to effect consolidation, but in each of which a majority of the electors have voted in favor of such proposal, together with such unincorporated territory within the county as it may desire, the whole to form one compact area, no part of which shall be disconnected from the remainder thereof.

No amendment or changes in the provisions or sections of the proposed charter as originally prepared, published and filed in the office of the county clerk, shall be made by the board of freeholders at its second session, except as herein provided. The board of freeholders at its second session, shall have power to change the territorial limits or boundaries in such charter as hereinbefore provided. It shall also have power to change the number, by reduction thereof, of boroughs and of the councilmanic or supervisory districts and the number of councilmen or supervisors to be elected, and to rearrange and number said districts to conform to the area to be formed into a city and county, except that boroughs previously established by the charter, if their territory is within the area of the proposed city and county shall not be changed. It may also provide a lesser salary to be paid to any officer of the proposed city and county, if such salary is stated and fixed by the original proposed charter, and it may correct any mistake or clerical or typographical errors.

The board of freeholders shall complete its labors, as above required, within ten days after the date fixed by the board of supervisors for its second meeting unless given an additional ten days time by said board of supervisors. Within said ten days and not later than twenty days, if such time has been extended, the members of the board of freeholders, or a majority thereof, shall sign the proposed charter as amended, and file one copy thereof in the county recorder's office and two copies in the county clerk's office, one of which copies shall thereafter be filed by the county clerk, in the archives of the new city and county government, when the charter shall have been approved by the Legislature.

The provisions of section two of this article, and also those provisions of section three of this article which refer to the passing of any county line within five miles of the exterior boundary of a city or town in which a county seat of any county proposed to be divided is situated, shall not apply to the formation of such consolidated cities and counties, nor to the formation of new counties or of any city and county as herein specified under any of the provisions of this section.

Within ten days after the filing of the proposed charter, as amended by the board of freeholders, with the county clerk, the whole area of the proposed new city and county shall, by resolution of the board of supervisors, be created into a district, for the purpose of submitting the proposed charter, as amended, to the electors thereof, for their approval. The question of the adoption of the proposed charter as amended, shall be submitted to the electors of the whole of the area proposed to be formed into a consolidated city and county as one proposal.

The board of supervisors shall forthwith, and not later than twenty days from the date of the resolution creating said district, pass an ordinance or resolution calling an election in the whole county, for the purpose of submitting the question of the

consent of the electors of the whole county to the separation, of the district proposed in the charter, from the original county, and for the purpose of submitting the question of the adoption of the proposed charter to the electors residing within the district created, or the proposed territory described in the charter as amended, as the territorial boundaries of the proposed new city and county.

Both propositions or proposals shall be submitted at one election, as herein-after provided. The date of such election shall be fixed in the resolution or ordinance calling such election, which date shall not be less than twenty days nor more than sixty days from the date of the passage of the resolution or ordinance calling such election.

The resolution or ordinance calling such election shall be published for five consecutive days in not less than two daily newspapers, if there be two, if not, in one daily newspaper of general circulation published, printed and circulated in the county; or if there be no such daily newspapers, then twice in at least one weekly newspaper published, printed and circulated in the county. Such resolution or ordinance shall also be published for a like time in at least one daily newspaper of general circulation published, printed and circulated within the area or territory proposed to be formed into a consolidated city and county.

The amended sections of the charter shall also be published for three consecutive days in at least one daily newspaper published, printed and circulated in the county, and if there be no daily newspaper published, printed and circulated in the county, then twice in a weekly newspaper published, printed and circulated in the county. Such amended section of the charter shall likewise be published in at least one daily newspaper published, printed and circulated within the area or district proposed to be formed into a city and county, and if there be no such daily newspaper thence twice in a weekly newspaper published, printed and circulated in such area.

The board of supervisors must appoint election officers in the same manner, and give notice of such appointment by publication, as provided by the general law for the appointment of election officers at general elections, except that no more than four election officers shall be appointed to each election precinct. In all other respects, every such election shall be conducted, the returns canvassed and the result declared by the board of supervisors in the same manner as provided by law for general elections.

The proposal to be submitted to the electors of the whole of the county and the proposals to be submitted to the electors of the district or area described in the charter as the territorial boundaries of the proposed new city and county, shall be as follows:

In the county outside of the district or area described in the charter as the territorial boundaries of the new consolidated city and county, the only proposal to be submitted to the electors thereof shall be substantially as follows:

"Shall the incorporated cities and towns (herein name them) and the unincorporated territory (if any) (herein describe the unincorporated territory) be permitted to separate from (herein name the county) and establish a consolidated city and county to be known as (herein insert name of new county) the separation to take effect on (herein name date fixed in the proposed charter for the taking effect of the new city and county government)?"

In the district created by the resolution of the board of supervisors, which shall be the area described in the amended proposed charter, the same proposal as above shall be submitted to the electors, and also shall be submitted separately the question of the establishing of the area into a new consolidated city and county and the approval and ratification of such charter, substantially in the following form: "Shall the (herein describe the territory as described in the proposed amended charter) consolidate and be formed and established into a city and county government to be known as (herein state name of city and county) (herein state whether there shall be a system of boroughs) and shall the charter prepared, published and filed in the office of the county clerk on (herein state the date upon which the amended charter as to boundaries was filed) be adopted as the charter of the consolidated city and county, to take effect (herein state date mentioned in the charter when the consolidation shall take effect)?" Also may be stated in this proposal such reference to taxation and bonded indebtedness and the liability therefor as provided in the proposed charter.

Upon consent to the separation of such district being given by a majority of the qualified electors, voting thereon, at such election, in the whole of the county, and upon the approval and ratification of such charter by a majority of the qualified electors voting thereon in the district or area which is to be formed into a consoli-

dated city and county, and by the approval of said charter by the Legislature, as hereinbefore provided in this section for the submission of the charter to the Legislature when the whole of the county is to be formed into a consolidated city and county, said charter shall be deemed adopted, and upon the date fixed in said charter such district shall be and become one consolidated city and county, and the charter shall become the organic law thereof relative to matters therein provided, and shall supersede any existing municipal charter of the cities consolidated by it, and shall likewise supersede all laws inconsistent with such charter relative to matters provided in such charter.

It shall be competent, in any charter, or amendment thereof, framed under the authority given by this section, to provide in addition to those provisions allowable by the Constitution and laws of the State as follows:

1. For the merging and consolidating the cities and county into one municipal government with one set of officers; for the establishment of a borough system of government for the whole or any part of the territory of said city and county, by which one or more districts may be created therein, which districts may be known as boroughs and shall exercise such municipal powers as may be granted by such charter, and for the organization, constitution, regulation, government and jurisdiction of such boroughs, which organization, constitution, regulation, government and jurisdiction may provide for rural districts, with different powers and organization, constitution, regulation, government and jurisdiction from other boroughs; *provided*, that in the event of such establishment or creation of a borough or boroughs, as hereinabove permitted, the boundaries thereof shall never afterwards be changed or altered, nor shall the governmental rights, powers or jurisdiction of any such borough or boroughs be thereafter limited, extended, modified or taken away, unless and until the borough or boroughs affected by such proposed change or alteration of boundaries, or by the proposed limitation, extension, modification or taking away of governmental rights, powers or jurisdiction, as the case may be, shall each have consented thereto, by the vote of a majority of the electors in each and every such borough voting at an election or elections called and held for such purpose in each of the boroughs so affected.

2. For the consolidation and merging of school and high school and union high school districts into one or more school, high school and union high school district within the city and county, to be governed by one board of education and one school superintendent, and may provide separate organization, constitution, regulation, government and jurisdiction and powers for rural school districts, if any are established.

3. For the constitution, regulation, government and jurisdiction of police courts, and for the manner in which, the times at which, and the terms for which the judges of such courts shall be elected or appointed, and for the qualifications and compensation of said judges and of their clerks and attaches; and for the establishment, constitution, regulation, government and jurisdiction of municipal courts with such civil and criminal jurisdiction as by law may be conferred upon inferior courts; and for the manner in which, the time at which, and the terms for which the judges of such courts shall be elected or appointed, and for the qualifications and compensation of said judges and of their clerks and attaches; *provided*, such municipal courts shall never be deprived of the jurisdiction given inferior courts created by general law; *provided*, that in any city and county, when such municipal court has been established, there shall be no other court inferior to the superior court; and pending actions, trials, and all pending business of inferior courts within the territory of such city or city and county, upon the establishment of any such municipal court, shall be and become pending in such municipal court, and all records of such inferior court shall thereupon be and become the records of such municipal court.

4. For the manner in which, the times at which and the terms for which the members of the board of education or boards shall be elected or appointed, for the qualifications, compensation and removal, and for the number which shall constitute any one of such boards.

5. For the manner in which, the times at which, and the terms for which the members of the board or boards of police commissioners shall be elected or appointed; and for the constitution, regulation, compensation, and government of such boards and of the municipal police force.

6. For the manner in which and the times at which any municipal election, or borough election shall be held and the result thereof determined; and for manner in which, the times at which, and the terms for which the members of all boards of election shall be elected or appointed, and for the constitution, regulation, com-

pensation and government of such boards, and of their clerks and attaches, and for all expenses incident to the holding of any election.

It shall be competent in any charter framed in accordance with the provisions of this section, for any consolidated city and county, and plenary authority is hereby granted, subject only to the restrictions of this article, to provide therein or by amendment thereto, for the powers and duties of all county, city and county, municipal and borough officers; for the manner in which, the method by which, and the terms for which the several county, city and county, municipal and borough officers, except judges of the superior court shall be elected or appointed, and for their recall and removal, and for their compensation, and for the number of deputies, clerks and other employees that each shall have, and for the powers and duties, compensation, method of appointment, qualifications, tenure of office and removal of such deputies, clerks and other employees.

7. It shall be competent in any charter, or amendment thereto, framed in accordance with the provisions of this section, to provide that the city and county may make and enforce all laws and regulations, and exercise all rights and powers in respect to municipal affairs and municipal officers, and shall have all powers and rights appropriate to a county, city, and city and county subject only to the restrictions and limitations provided in such charter.

Any charter framed under the provisions of this section, which charter provides for the formation of the whole territory of the county into a consolidated city and county, may provide for the termination of the tenure of office of all county officers elected after the adoption of such charter by the electors of such county and prior to the approval of such charter by the Legislature.

8. No property in any city or town or territory hereinafter consolidated into a city and county shall be taxed for the payment of any indebtedness outstanding at the time the charter takes effect and for the payment of which indebtedness the property in such city or town or territory was not, prior to the taking effect of such charter, subject to such taxation, unless there shall have been submitted to the qualified electors of such city or town or territory, at the separate election submitting the proposal in the first instance to join, the proposition regarding the assumption of such indebtedness as hereinbefore set forth and the same shall have been approved by a majority of such electors voting thereon.

In all cases of consolidation of two or more incorporated cities and towns, or of one or more incorporated cities or towns with unincorporated territory, into a city and county, assumption of existing bonded indebtedness by such city or town or by such unincorporated territory or by either of the cities and towns so consolidating may be made by a majority of the qualified electors voting thereon in the territory or city or town which shall assume an existing bonded indebtedness, and the provisions of section eighteen of this article shall not be a prohibition thereof.

Every city and county which shall be formed, under the provisions of this section, of territory which shall have been taken from the original county, shall be liable for a just proportion of the debts and liabilities and be entitled to a just proportion of the property and assets of such county existing at the time of such separation.

If the population in the territory formed into a city and county, by separation from the original county, is equal to or greater in number than two-thirds of the population of the whole of the original county at the time of the formation of such city and county, the city and county so formed and separating itself from the original county, shall be entitled to the original records and books of the original county, upon supplying to the original county certified copies of all records, documents and books properly bound and indexed, which affects or may affect the property of the remaining portion of the original county, or which it may in the future have occasion to refer to; and such certified copies so furnished and certified by the county clerk if the copies are issued from his office, and by the recorder if issued from his office, or by any other officer of the county if they be copies of records in his office, shall be competent evidence in any court proceeding or action which may thereafter be commenced.

The Legislature of the State may enact such general laws as may be necessary to carry out the provisions of subdivision eight of this section.

If by the formation of a city and county, under the provisions of this section, any territory whether incorporated or unincorporated is separated from the original county, and by such separation, any of the elective officers of the original county, have by reason of such separation ceased to be residents or electors of the original county, such elective officers shall continue to serve, and be charged with all of the powers and duties of the office to which they were elected, until the expiration of the

term for which they were elected, and their salaries shall be paid, by both the new city and county and the remaining portion of the original county, in proportion and in the ratio as the population of each bears to the whole population of the original county.

If under the provisions of this section, any city and county is formed which does not include the whole of the original county, and by reason of the separation of the territory comprising the new city and county, any incorporated city or town or any unincorporated territory is separated from the largest area of the remainder of the county, by reason of its exterior boundary not being contiguous thereto, the Legislature shall provide for the transfer of such portion or portions to an adjoining county or counties whose exterior boundary or boundaries may be contiguous thereto, or it may transfer such portion or portions to the new consolidated city and county; *provided, however*, if there be formed and established under the provisions of this section, a consolidated city and county government of a lesser area than that of the whole county, and there be any incorporated city having a population of forty thousand inhabitants or over, within the county, as ascertained by the last preceding census taken under the authority of the Congress of the United States, which is not included therein, or if by the formation and establishment of any lesser area than that of the whole county into a consolidated city and county, any such incorporated city having such population is separated and detached from the largest area of the remainder of the original county, by reason of its exterior boundaries not being contiguous thereto, then such incorporated city, together with all other incorporated cities or towns or unincorporated territory in such original county, which if said new city and county is formed and established would likewise be so separated and detached, and which are contiguous to each other and form one compact area, may organize and establish a consolidated city and county government for the whole of such detached territory under the provisions of section eight of this article, by adopting a freeholders charter in accordance with the provisions of said section, and to have all of the powers conferred by said section; except, that for the purpose of the election of the members of the board of freeholders, and the organization and establishment of such consolidated city and county government, the whole of such detached area proposed to be formed into such consolidated city and county, shall be treated and considered as a city, within the meaning of section eight of this article; and except that all elections thereunder and all proceedings for the adoption of such charter shall be initiated and conducted by the governing body of the incorporated city having the largest population in such detached area. Such charter may be submitted to the electors within the area of the detached territory, for their approval, at any time subsequent to the adoption of the charter prepared by the freeholders elected by the electors of the whole of the original county, but the same shall not be ratified by the Legislature of this State until after the ratification by the Legislature of the charter adopted in the first instance, which provided for the formation of a lesser territory than that of the whole county into a consolidated city and county government.

If under the provisions of this section any city and county is formed, which does not include the whole of the area of the original county from which it is permitted to separate, and any remainder of the county is not transferred to another county as in this section provided, but is to continue as a county, the Governor of the State shall designate and assign, from among the judges of the superior court of the original county in office at the time of the taking effect of the new city and county government, as many judges as the ratio of the population contained in the area formed by the new city and county bears to the population of the whole of the original county at the time of the approval of the charter by the Legislature, and the judges so assigned shall be and become the judges of the superior court of the new city and county, to hold office during the term for which each of them shall have been elected.

Upon the approval by the Legislature of any charter framed under the provisions of this section, which charter provides for the separation of any new city and county from the original county, the board of supervisors of the original county, shall, at the time and in the manner set forth in such charter so approved, pass an ordinance calling an election in the area which is consolidated into a city and county, for the purpose of nominating and electing the first officers thereunder. Said board of supervisors shall canvass the votes and declare the result of such election. The county clerk or other officer having charge of registration of electors shall furnish to the district or city and county so consolidated, the voting list and precinct registers of all the electors residing in the area of the territory wherein the election is to be held.

The provisions of this Constitution applicable to cities, and cities and counties, and also applicable to counties, so far as not inconsistent or prohibited to cities or cities and counties, except in the method of procedure of calling elections for the election of freeholders and the submission of the question of the formation of a consolidated city and county, shall be applicable to such consolidated city and county.

Any charter framed under the provisions of this section may be amended as provided in section eight of article eleven of this Constitution.

Nothing in this section shall be construed to repeal or alter in any way the provisions of section eight and one-half of article eleven of this Constitution, providing a different method and procedure for the formation of cities and counties, wherein the initiative is taken by a city or city and county. Nor shall the provisions of this section apply to any consolidated city and county, organized as such at the time this section takes effect; nor shall the provisions of this section apply to any county, which at the time this section takes effect, had adopted a freeholders charter, and was organized and operating under such freeholders charter. The Legislature shall enact such general or special laws as may be necessary to carry out the provisions of this section and such general or special laws, as may be necessary to effect city and county consolidation hereunder, or as may be necessary to provide for any period after such consolidation, by reason of the separation from the original county of such consolidated city and county, or to provide for the government of the remainder of the original county from which separation was had. [*New section adopted November 5, 1918.*]

SEC. 7½b. No incorporated city or town shall ever be transferred or annexed to, or consolidated with, any other municipality, or consolidated city and county, without the consent of a majority of the voters of such incorporated city or town voting at an election called for that purpose. [*New section adopted November 7, 1922.*]

SEC. 8. Any city or city and county containing a population of more than three thousand five hundred inhabitants, as ascertained by the last preceding census taken under the authority of the Congress of the United States or of the Legislature of California, may frame a charter for its own government, consistent with and subject to this Constitution; and any city, or city and county having adopted a charter may adopt a new one. Any such charter shall be framed by a board of fifteen freeholders chosen by the electors of such city at any general or special election, but no person shall be eligible as a candidate for such board unless he shall have been, for the five years next preceding, an elector of said city. An election for choosing freeholders may be called by a two-thirds vote of the legislative body of such city, and on presentation of a petition signed by not less than fifteen per cent of the registered electors of such city, the legislative body shall call such election at any time not less than thirty nor more than sixty days from date of the filing of the petition. Any such petition shall be verified by the authority having charge of the registration records of such city, or city and county and the expenses of such verification shall be provided by the legislative body thereof. Candidates for the office of freeholders shall be nominated either in such manner as may be provided for the nomination of officers of the municipal government or by petition, substantially in the same manner as may be provided by general laws for the nomination by petition of electors of candidates for public offices to be voted for at general elections. The board of freeholders shall, within one (1) year after the result of the election is declared, prepare and propose a charter for the government of such city. The charter so prepared shall be signed by a majority of the board of freeholders and filed in the office of the clerk of the legislative body of said city. The legislative body of said city shall, within fifteen (15) days after such filing, cause such charter to be published once in the official newspaper of said city and each edition thereof, during the day of publication (or in case there be no such official newspaper, in a newspaper of general circulation within such city and all the editions thereof issued during the day of publication) and in any city or city and county with over 50,000 population shall cause copies of such charter to be printed in convenient pamphlet form and in type of not less than ten point and shall cause copies thereof to be mailed to each of the qualified electors of such city, and shall, until the day fixed for the election upon such charter, advertise in one or more newspapers of general circulation in said city a notice that copies thereof may be had upon application therefor. Such charter shall be submitted to the electors of such city at a date to be fixed by the board of freeholders, before such filing and designated on such charter, either at a special election held not less than sixty days from the completion of the publication of such charter as above provided, or at the general election next following the expiration of said sixty days. If a majority of the qualified voters voting thereon at such general or special election

shall vote in favor of such proposed charter, it shall be deemed to be ratified, and shall be submitted to the Legislature, if then in session, or at the next regular or special session of the Legislature. The Legislature shall by concurrent resolution approve or reject such charter as a whole, without power of alteration or amendment; and if approved by a majority of the members elected to each House it shall become the organic law of such city, or city and county and supersede any existing charter and all laws inconsistent therewith. One copy of the charter so ratified and approved shall be filed with the Secretary of State, one with the recorder in the county in which such city is located, and one in the archives of the city; and thereafter the courts shall take judicial notice of the provisions of such charter. The charter of any city, or city and county may be amended by proposals therefor submitted by the legislative body of the city on its own motion or on petition signed by fifteen per cent of the registered electors, or both. Such proposals shall be submitted to the electors at either a special election called for that purpose or at any general or special election. Petitions for the submission of any amendment shall be filed with the legislative body of the city or city and county not less than sixty days prior to the general election next preceding a regular session of the Legislature. The signatures on such petition shall be verified by the authority having charge of the registration records of such city, or city and county, and the expenses of such verification shall be provided by the legislative body thereof. If such petitions have a sufficient number of signatures the legislative body of the city, or city and county shall so submit the amendment or amendments so proposed to the electors. Amendments proposed by the legislative body and amendments proposed by petition of the electors may be submitted at the same election. The amendments so submitted shall be advertised in the same manner as herein provided for the advertisement of a proposed charter, and the election thereon held at a date to be fixed by the legislative body of such city, not less than forty, and not more than sixty, days after the completion of the advertising in the official paper. If a majority of the qualified voters voting on any such amendment vote in favor thereof, it shall be deemed ratified, and shall be submitted to the Legislature at the regular session next following such election; and approved or rejected without power of alteration in the same manner as herein provided for the approval or rejection of a charter. In submitting any such charter or amendment separate propositions, whether alternative or conflicting, or one included within the other, may be submitted at the same time to be voted on by the electors separately, and, as between those so related, if more than one receive a majority of the votes, the proposition receiving the largest number of votes shall control as to all matters in conflict. It shall be competent in any charter framed under the authority of this section to provide that the municipality governed thereunder may make and enforce all laws and regulations in respect to municipal affairs, subject only to the restrictions and limitations provided in their several charters and in respect to other matters they shall be subject to general laws. It shall be competent in any charter to provide for the division of the city, or city and county governed thereby into boroughs or districts, and to provide that each such borough or district may exercise such general or special municipal powers and to be administered in such manner, as may be provided for each such borough or district in the charter of the city, or city and county.

The percentages of the registered electors herein required for the election of freeholders or the submission of amendments to charters shall be calculated upon the total vote cast in the city or city and county at the last preceding general State election; and the qualified electors shall be those whose names appear upon the registration records of the same or preceding year. The election laws of such city, or city and county shall, so far as applicable, govern all elections held under the authority of this section. [As amended November 8, 1932.]

All provisions of any charter of any such city or consolidated city and county, heretofore adopted, and amendments thereto, which are in accordance herewith, are hereby confirmed and declared valid.

5. It shall be competent in any charter or amendment thereof, which shall hereafter be framed under the authority given by section eight of this article, by any city having a population in excess of fifty thousand ascertained as prescribed by said section eight, to provide for the separation of said city from the county of which it has heretofore been a part and the formation of said city into a consolidated city and county to be governed by such charter, and to have combined powers of a city and county, as provided in this Constitution for consolidated city and county government, and further to prescribe in said charter the date for the beginning of the official existence of said consolidated city and county.

It shall also be competent for any such city, not having already consolidated as a city and county to hereafter frame, in the manner prescribed in section eight of this article, a charter providing for a city and county government, in which charter there shall be prescribed territorial boundaries which may include contiguous territory not included in such city, which territory, however, must be included in the county within which such city is located.

If no additional territory is proposed to be added, then, upon the consent to the separation of any such city from the county in which it is located, being given by a majority of the qualified electors voting thereon in such county and upon the ratification of such charter by a majority of the qualified electors voting thereon in such city, and the approval thereof by the Legislature, as prescribed in section eight of this article, said charter shall be deemed adopted and upon the date fixed therein said city shall be and become a consolidated city and county.

If additional territory which consists wholly of only one incorporated city or town, or which consists wholly of unincorporated territory, is proposed to be added, then, upon the consent to such separation of such territory and of the city initiating the consolidation proposal being given by a majority of the qualified electors voting thereon in the county in which the city proposing such separation is located, and

upon the ratification of such charter by a majority of the qualified electors voting thereon in such city so proposing the separation, and also upon the approval of the proposal hereinafter set forth, by a majority of the qualified electors voting thereon in the whole of such additional territory, and the approval of said charter by the Legislature, as prescribed in section eight of this article, said charter shall be deemed adopted, the indebtedness hereinafter referred to shall be deemed to have been assumed, and upon the date fixed in said charter such territory and such city shall be and become one consolidated city and county.

The proposal to be submitted to the territory proposed to be added shall be substantially in the following form and submitted as one indivisible question:

"Shall the territory (herein designate in general terms the territory to be added) consolidate with the city of (herein insert name of the city initiating the proposition to form a city and county government) in a consolidated city and county government, and shall the charter as prepared by the city of (herein insert the name of the city initiating such proposition) be adopted as the charter of the consolidated city and county, and shall the said added territory become subject to taxation along with the entire territory of the proposed city and county, in accordance with the assessable valuation of the property of the said territory, for the following indebtedness of said city (herein insert name of the city initiating such proposition) to wit: (herein insert in general terms reference to any debts to be assumed, and if none insert 'none')?"

If additional territory is proposed to be added, which includes unincorporated territory and one or more incorporated cities or towns, or which includes more than one incorporated city or town, the consent of any such incorporated city or town shall be obtained by a majority vote of the qualified electors thereof voting upon a proposal substantially as follows:

"Shall (herein insert the name of the city or town to be included in such additional territory) be included in a district to be hereafter defined by the city of (herein insert the name of the city initiating the proposition to form a city and county government) which district shall, within two years from the date of this election, vote upon a proposal submitted as one indivisible question that such district to be then described and set forth shall consolidate with (herein insert name of the city initiating said consolidation proposition) in a consolidated city and county government, and also that a certain charter, to be prepared by the city of (herein insert name of the city initiating such proposition) be adopted as the charter of such consolidated city and county, and that such district become subject to taxation along with the entire territory of the proposed city and county in accordance with the assessable valuation of the property of said district for the following indebtedness of said city of (herein insert name of the city initiating such proposition) to wit: (herein insert in general terms, reference to any debts to be assumed and if none insert 'none')?"

Any and all incorporated cities or towns to which the foregoing proposal shall have been submitted and a majority of whose qualified electors voting thereon shall have voted in favor thereof, together with such unincorporated territory as the city initiating such consolidation proposal may desire to have included, the whole to form an area contiguous to said city, shall be created into a district by such city, and the proposal substantially as above prescribed to be used when the territory proposed to be added consists wholly of only one incorporated city or town, or wholly of unincorporated territory, shall, within two years, be submitted to the voters of said entire district as one indivisible question.

Upon consent to the separation of such district and of the city initiating the consolidation proposal being given by a majority of the qualified electors voting thereon in the county in which the city proposing such separation is located, and upon the ratification of such charter by a majority of the qualified electors voting thereon in such city, and upon the approval of the proposal herebefore set forth by a majority of the qualified electors voting thereon in the whole of said district so proposed to be added, and upon the approval of said charter by the Legislature, as prescribed in section eight of this article, said charter shall be deemed adopted, the said indebtedness referred to in said proposal shall be deemed to have been assumed, and upon the date fixed in said charter, such district and such city shall be and become one consolidated city and county.

6. It shall be competent for any consolidated city and county now existing, or which shall hereafter be organized, to annex territory contiguous to such consolidated city and county, unincorporated or otherwise, whether situated wholly in one county,

or parts thereof be situate in different counties, said annexed territory to be an integral part of such city and county, *provided* that such annexation of territory shall only include any part of the territory which was at the time of the original consolidation of the annexing city and county, within the county from which such annexing city and county was formed, together with territory which was concurrently, or has since such consolidation been joined in a county government with the area of the original county not included in such consolidated city and county.

If additional territory, which consists wholly of only one incorporated city, city and county or town, or which consists wholly of unincorporated territory, is proposed to be annexed to any consolidated city and county now existing or which shall hereafter be organized, then, upon the consent to any such annexation being given by a majority of the qualified electors voting thereon in any county or counties in which any such additional territory is located, and upon the approval of such annexation proposal by a majority of the qualified electors voting thereon in such city and county, and also upon the approval of the proposal hereinafter set forth by a majority of the qualified electors voting thereon in the whole of such territory proposed to be annexed, the indebtedness hereinafter referred to shall be deemed to have been assumed, and at the time stated in such proposal, such additional territory and such city and county shall be and become one consolidated city and county, to be governed by the charter of the city and county proposing such annexation, and any subsequent amendment thereto.

The proposal to be submitted to the territory proposed to be annexed, shall be substantially in the following form and submitted as one indivisible question:

"Shall the territory (herein designate in general terms the territory to be annexed) consolidate with the city and county of (herein insert the name of the city and county initiating the annexation proposal) in a consolidated city and county government, said consolidation to take effect (herein insert date when such consolidation shall take effect) and shall the said annexed territory become subject to taxation, as an integral part of the city and county so formed, in accordance with the assessable valuation of property of said territory for the following indebtedness of said city and county of (herein insert name of the city and county) to wit: (herein insert in general terms, reference to any debts to be assumed and if none insert 'none')?"

If additional territory including unincorporated territory and one or more incorporated cities, cities and counties, or towns, or including more than one incorporated city, city and county, or town, is proposed to be annexed to any consolidated city and county now existing or which shall hereafter be organized, the consent of each such incorporated city, city and county, or town, shall be obtained by a majority vote of the qualified electors of any such incorporated city, city and county, or town, voting upon a proposal substantially as follows:

"Shall (herein insert name of the city, city and county, or town, to be included in such annexed territory) be included in a district to be hereafter defined by the city and county of (herein the name of the city and county initiating the annexation proposal) which district shall within two years from the date of this election vote upon a proposal submitted as one indivisible question, that such district to be then described and set forth shall consolidate with (herein insert name of the city and county initiating the annexation proposal) in a consolidated city and county government, and that such district become subject to taxation, along with the entire territory of the proposed city and county in accordance with the assessable valuation of the property of said district for the following indebtedness of said city and county of (herein insert name of the city and county initiating the annexation proposal) to wit: (herein insert in general terms, reference to any debts to be assumed and if none insert 'none')?"

Any and all incorporated cities, cities and counties, or towns, to which the foregoing proposal shall have been submitted, and a majority of whose qualified electors voting thereon shall have voted in favor thereof, together with such unincorporated territory as the city and county initiating such annexation proposal may desire to have included, the whole to form an area contiguous to said city and county, shall be created into a district by said city and county, and the proposal substantially in the form above set forth to be used when the territory proposed to be added consists wholly of only one incorporated city, city and county, or town, or wholly of unincorporated territory, shall, within said two years, be submitted to the voters of said entire district as one indivisible question.

Upon consent to any such annexation being given by a majority of the qualified electors voting thereon in any county or counties in which any such territory pro-

posed to be annexed to said city and county is located, and upon the approval of any such annexation proposal by a majority of the qualified electors voting thereon in such city and county proposing such annexation, and also upon the approval of the proposal hereinbefore set forth by a majority of the qualified electors voting thereon in the whole of the district so proposed to be annexed, then, the said indebtedness referred to in said proposal shall be deemed to have been assumed, and upon the date stated in such annexation proposal such district and such city and county shall be and become one consolidated city and county, to be governed by the charter of the city and county proposing such annexation, and any subsequent amendment thereto.

Whenever any proposal is submitted to the electors of any county, territory, district, city, city and county, or town, as above provided, there shall be published, for at least five successive publications, in a newspaper of general circulation printed and published in any such county, territory, district, city, city and county, or town, the last publication to be not less than twenty days prior to any such election, a particular description of any territory or district to be separated, added, or annexed, together with a particular description of any debts to be assumed, as above referred to, unless such particular description is contained in the said proposal so submitted. In addition to said description, such territory shall also be designated in such notice by some appropriate name or other words of identification, by which such territory may be referred to and indicated upon the ballots to be used at any election at which the question of annexation or consolidation of additional territory is submitted as herein provided. If there be no such newspaper so printed and published in any such county, territory, district, city, city and county, or town, then such publication may be made in any newspaper of general circulation printed and published in the nearest county, city, city and county, or town where there may be such a newspaper so printed and published.

If, by the adoption of any charter, or by annexation, any incorporated municipality becomes a portion of a city and county its property, debts and liabilities of every description shall be and become the property, debts and liabilities of such city and county.

Every city and county which shall be formed out of the territory of which shall be enlarged as herein provided from territory taken from any county or counties, shall be liable for a just proportion of the debts and liabilities and be entitled to a just proportion of the property and assets of such county or counties, existing at the time such territory is so taken.

The provisions of this Constitution applicable to cities, and cities and counties, and also those applicable to counties, so far as not inconsistent or prohibited to cities, or cities and counties, shall be applicable to such consolidated city and county government; and no provision of subdivision five or six of this section shall be construed as a restriction upon the plenary authority of any city or city and county having a freeholders' charter, as provided for in this Constitution, to determine in said charter any and all matters elsewhere in this Constitution authorized and not inconsistent herewith.

The Legislature shall provide for the formation of one or more counties from the portion or portions of a county or counties remaining after the formation of or annexation to a consolidated city and county, or for the transfer of such portion or portions of such original county or counties to adjoining counties. But such transfer to an adjoining county shall only be made after approval by a majority vote of the qualified electors voting thereon in such territory proposed to be so transferred.

The provisions of section two of this article, and also those provisions of section three of this article which refer to the passing of any county line within five miles of the exterior boundary of a city or town in which a county seat of any county proposed to be divided is situated, and to the reducing of the population of any county upon the establishment of a new county, and to the minimum population on the forming of a new county, shall not apply to the formation of, nor to the extension of the territory of such consolidated cities and counties, nor to the formation of new counties, nor to the annexation of existing counties, as herein specified.

Any city and county formed under this section shall have the right, if it so desires, to be designated by the official name of the city initiating the consolidation as it existed immediately prior to its adoption of a charter providing for a consolidated city and county government, except that such city and county shall be known under the style of a city and county.

It shall be competent in any charter framed for a consolidated city and county, or by amendment thereof, to provide for the establishment of a borough system of

government for the whole or any part of the territory of said city and county, by which one or more districts may be created therein, which districts shall be known as boroughs and which shall exercise such municipal powers as may be granted thereto by such charter, and for the organization, regulation, government and jurisdiction of such boroughs; *provided*, that in the event of such establishment or creation of a borough or boroughs, as hereinabove permitted, the boundaries thereof shall never afterwards be changed or altered, nor shall the governmental rights, powers or jurisdiction of any such borough or boroughs be thereafter limited, extended, modified or taken away, unless and until the borough or boroughs affected by such proposed change or alteration of boundaries, or by the proposed limitation, extension, modification or taking away of governmental rights, powers or jurisdiction, as the case may be, shall each have consented thereto, by the vote of a majority of the voters in each and every such borough, voting at an election or elections called and held for such purpose in each of the boroughs so affected.

No property in any territory hereafter consolidated with or annexed to any city or city and county shall be taxed for the payment of any indebtedness of such city or city and county outstanding at the date of such consolidation or annexation and for the payment of which the property in such territory was not, prior to such consolidation or annexation, subject to such taxation, unless there shall have been submitted to the qualified electors of such territory the proposition regarding the assumption of indebtedness as hereinbefore set forth and the same shall have been approved by a majority of such electors voting thereon.

7. In all cases of annexation of unincorporated territory to an incorporated city, or the consolidation of two or more incorporated cities, assumption of existing bonded indebtedness by such unincorporated territory or by either of the cities so consolidating may be made by a majority vote of the qualified electors voting thereon in the territory or city which shall assume an existing bonded indebtedness. This provision shall apply whether annexation or consolidation is effected under this section or any other section of this Constitution, and the provisions of section eighteen of this article shall not be a prohibition thereof.

The Legislature shall enact such general laws as may be necessary to carry out the provisions of this section and such general or special laws as may be necessary to carry out the provisions of subdivisions five and six of this section, including any such general or special act as may be necessary to permit a consolidated city and county to submit a new charter or charter amendment to take effect at the time that any consolidation, by reason of annexation to such consolidated city and county, takes effect, and, also, any such general law or special act as may be necessary to provide for any period after such consolidation, by reason of such annexation, takes effect, and prior to the adoption and approval of any such new charter or charter amendment. SEC. 19. No railroad or other transportation company shall grant free passes, or passes or tickets at a discount, to any person holding any office of honor, trust, or profit in this State; and the acceptance of any such pass or ticket, by a member of the Legislature, or any public officer, other than railroad commissioner, shall work a forfeiture of his office.

SEC. 20. No vacancy in the commission shall impair the right of the remaining commissioners to exercise all the powers of the commission. The act of a majority of the commissioners when in session as a board shall be deemed to be the act of the commission; but any investigation, inquiry or hearing which the commission has power to undertake or to hold may be undertaken or held by or before any commissioner designated for the purpose by the commission, and every order made by a commissioner so designed, pursuant to such inquiry, investigation or hearing, when approved or confirmed by the commission ordered filed in its office, shall be deemed to be the order of the commission.

And the said act shall have the same force and effect as if the same had been passed after the adoption of this provision of the Constitution and all other provisions adopted concurrently herewith, except that the three commissioners referred to in said act shall be held and construed to be the five commissioners provided for herein. [*As amended October 10, 1911.*]

Nothing in this section shall be construed as a limitation upon any power conferred upon the Railroad Commission by any provision of this Constitution now existing or adopted concurrently herewith. ARTICLE XXIII

[RECALL OF PUBLIC OFFICERS]

SECTION 1. Every elective public officer of the State of California may be removed from office at any time by the electors entitled to vote for a successor of such incumbent, through the procedure and in the manner herein provided for, which procedure shall be known as the recall, and is in addition to any other method of removal provided by law.

The procedure hereunder to effect the removal of an incumbent of an elective public office shall be as follows: A petition signed by electors entitled to vote for a successor of the incumbent sought to be removed, equal in number to at least twelve per cent of the entire vote cast at the last preceding election for all candidates for the office which the incumbent sought to be removed occupies (*provided* that if the officer sought to be removed is a State officer who is elected in any political subdivision of the State, said petition shall be signed by electors entitled to vote for a successor to the incumbent sought to be removed, equal in number to at least twenty per cent of the entire vote cast at the last preceding election for all candidates for the office which the incumbent sought to be removed occupies) demanding an election of a successor to the officer named in said petition, shall be addressed to the Secretary of State and filed with the clerk, or registrar of voters, of the county or city and county in which the petition was circulated; *provided* that if the officer sought to be removed was elected in the State at large such petition shall be circulated in not less than five counties of the State, and shall be signed in each of such counties by electors equal in number to not less than one per cent of the entire vote cast, in each of said counties, at said election, as above estimated. Such petition shall contain a general statement of the grounds on which the removal is sought, which statement is intended solely for the information of the electors, and the sufficiency of which shall not be open to review.

When such petition is certified as is herein provided to the Secretary of State, he shall forthwith submit the said petition, together with a certificate of its sufficiency, to the Governor, who shall thereupon order and fix a date for holding the election, not less than sixty days nor more than eighty days from the date of such certificate of the Secretary of State.

The Governor shall make or cause to be made publication of notice for the holding of such election, and officers charged by law with duties concerning elections shall make all arrangements for such election and the same shall be conducted, returned, and the result thereof declared, in all respects as are other State elections. On the official ballot at such election shall be printed, in not more than two hundred words, the reasons set forth in the petition for demanding his recall. And in not more than three hundred words there shall also be printed, if desired by him, the officer's justification of his course in office. Proceedings for the recall of any officer shall be deemed to be pending from the date of the filing with any county, or city and county clerk, or registrar of voters, of any recall petition against such officer; and if such officer shall resign at any time subsequent to the filing thereof, the recall election shall be held notwithstanding such resignation, and the vacancy caused by such resignation, or from any other cause, shall be filled as provided by law, but the person appointed to fill such vacancy shall hold his office only until the person elected at the said recall election shall qualify.

Any person may be nominated for the office which is to be filled at any recall election by a petition signed by electors, qualified to vote at such recall election, equal in number to at least one per cent of the total number of votes cast at the last preceding election for all candidates for the office which the incumbent sought to be removed occupies. Each such nominating petition shall be filed with the Secretary of State not less than twenty-five days before such recall election.

There shall be printed on the recall ballot, as to every officer whose recall is to be voted on thereat, the following question: "Shall (name of person against whom the recall petition is filed) be recalled from the office of (title of office)?" following which question shall be the words "Yes" and "No" on separate lines, with a blank space at the right of each, in which the voter shall indicate, by stamping a cross (X), his vote for or against such recall. On such ballots, under each such question, there shall also be printed the names of those persons who have been nominated as candidates to succeed the person recalled, in case he shall be removed from office by said recall election; but no vote cast shall be counted for any candidate for said office unless the voter also voted on said question of the recall of the person sought to be recalled from said office. The name of the person against whom the petition is filed shall not appear on the ballot as a candidate for the office. If a majority of those voting on said question of the recall of any incumbent from office shall vote "No", said incumbent shall continue in said office. If a majority shall vote "Yes", said incumbent shall thereupon be deemed removed from such office, upon the qualification of his successor. The canvassers shall canvass all votes for candidates for said office and declare the result in like manner as in a regular election. If the vote at any such recall election shall recall the officer, then the candidate who has received the highest number of votes for the office shall be thereby declared elected for the remainder of the term. In case the person who received the highest number of votes shall fail to qualify within ten days after receiving the certificate of election, the office shall be deemed vacant and shall be filled according to law.

Any recall petition may be presented in sections, but each section shall contain a full and accurate copy of the title and text of the petition. Each signer shall add to his signature his place of residence, giving the street and number, if such exist. His election precinct shall also appear on the paper after his name. The number of signatures appended to each section shall be at the pleasure of the person soliciting signatures to the same. Any qualified elector of the State shall be competent to solicit such signatures within the county, or city and county, of which he is an elector. Each section of the petition shall bear the name of the county, or city and county in which it is circulated, and only qualified electors of such county or city and county shall be competent to sign such section. Each section shall have attached thereto the affidavit of the person soliciting signatures to the same stating his qualifications and that all the signatures to the attached section were made in his presence and that to the best of his knowledge and belief each signature to the section is the genuine signature of the person whose name it purports to be; and no other affidavit thereto shall be required. The affidavit of any person soliciting signatures hereunder shall be verified free of charge by any officer authorized to administer an oath. Such petition so verified shall be prima facie evidence that the signatures thereto appended are genuine and that the persons signing the same are qualified electors. Unless and until it is otherwise proven upon official investigation, it shall be presumed that the petition presented contains the signatures of the requisite number of electors. Each section of the petition shall be filed with the clerk, or registrar of voters, of the county or city and county in which it was circulated; but all such sections circulated in any county or city and county shall be filed at the same time. Within twenty days after the date of filing such petition, the clerk, or registrar of voters, shall finally determine from the records of registration what number of qualified electors have signed the same; and, if necessary, the board of supervisors shall allow such clerk or registrar additional assistants for the purpose of examining such petition and provide for their compensation. The said clerk or registrar, upon the completion of such examination, shall forthwith attach to such petition his certificate, properly dated, showing the result of such examination, and submit said petition, except as to the signatures appended thereto, to the Secretary of State and file a copy of said certificate in his office. Within forty days from the transmission of the said petition and certificate by the clerk or registrar of voters to the Secretary of State, a supplemental petition, identical with the original as to the body of the petition but containing supplemental names, may be filed with the clerk or registrar of voters, as aforesaid. The clerk or registrar of voters shall within ten days after the filing of such supplemental petition make like examination thereof as of the original petition, and upon the conclusion of such examination shall forthwith attach to such petition his certificate, properly dated, showing the result of such

examination, and shall forthwith transmit such supplemental petition, except as to the signatures thereon, together with his said certificate, to the Secretary of State.

When the Secretary of State shall have received from one or more county clerks, or registrars of voters, a petition certified as herein provided to have been signed by the requisite number of qualified electors, he shall forthwith transmit to the county clerk or registrar of voters of every county or city and county in the State a certificate showing such fact; and such clerk or registrar of voters shall thereupon file said certificate for record in his office.

A petition shall be deemed to be filed with the Secretary of State upon the date of the receipt by him of a certificate or certificates showing the said petition to be signed by the requisite number of electors of the State.

No recall petition shall be circulated or filed against any officer until he has actually held his office for at least six months; save and except it may be filed against any member of the State Legislature at any time after five days from the convening and organizing of the Legislature after his election.

If at any recall election the incumbent whose removal is sought is not recalled, he shall be repaid from the State treasury any amount legally expended by him as expenses of such election, and the Legislature shall provide appropriation for such purpose, and no proceedings for another recall election of said incumbent shall be initiated within six months after such election.

If the Governor is sought to be removed under the provisions of this article, the duties herein imposed upon him shall be performed by the Lieutenant Governor; and if the Secretary of State is sought to be removed, the duties herein imposed upon him shall be performed by the State Controller; and the duties herein imposed upon the clerk or registrar of voters, shall be performed by such registrar of voters in all cases where the office of registrar of voters exists.

The recall shall also be exercised by the electors of each county, city and county, city and town of the State, with reference to the elective officers thereof, under such procedure as shall be provided by law.

Until otherwise provided by law, the legislative body of any such county, city and county, city or town may provide for the manner of exercising such recall powers in such counties, cities and counties, cities and towns, but shall not require any such recall petition to be signed by electors more in number than twenty-five per cent of the entire vote cast at the last preceding election for all candidates for the office which the incumbent sought to be removed occupies. Nothing herein contained shall be construed as affecting or limiting the present or future powers of cities or counties or cities and counties having charters adopted under the authority given by the Constitution.

In the submission to the electors of any petition proposed under this article all officers shall be guided by the general laws of the State, except as otherwise herein provided.

This article is self-executing, but legislation may be enacted to facilitate its operation, but in no way limiting or restricting the provisions of this article or the powers herein reserved. [*New article adopted October 10, 1911.*]

Subsequent to January 15, 1935, there shall be a State Personnel Board of five members appointed by the Governor with the advice and consent of the Senate except that the Director of Finance shall serve ex officio as one such member until January 15, 1937, or until his successor is appointed and qualified, the Legislative Counsel shall serve ex officio as one such member until January 15, 1939, or until his successor is appointed and qualified, and the Controller shall serve ex officio as one such member until January 15, 1941, or until his successor is appointed and qualified. Said executive officer shall perform and discharge all of the powers, duties, purposes, functions and jurisdiction hereunder or which hereafter by law may be vested in the board except that the adoption of rules and regulations, the creation and adjustment of classifications and grades, and dismissals, demotions, suspensions and other punitive action for or in the State civil service shall be and remain the duty of the board and a vote of a majority of the members of said board shall be required to make any action with respect thereto effective.

SEC. 3. (a) Said board shall administer and enforce, and is vested with all of the powers, duties, purposes, functions, and jurisdiction which are now or hereafter may be vested in any other State officer or agency under, Chapter 590 of the California Statutes of 1913 as amended or any and all other laws relating to the State civil service as said laws may now exist or may hereafter be enacted, amended or repealed by the Legislature.

(b) On the effective date hereof, the unencumbered balance of all funds heretofore lawfully available, or then to be allocated by the Director of Finance, for the maintenance and support of the State officer or agency heretofore administering said above mentioned laws shall become available for the support and maintenance of the board herein created subject to like limitations, other than departmental power of allocation, as heretofore existed with respect thereto.

(c) Whenever the appointment or employment of new or additional officers or employees of this State is hereafter authorized by law, such officers or employees shall be subject to the provisions hereof and included within the State civil service unless of a class excepted herein.
