The fiscal year budget shall authorize in such manner as the Department of Finance shall prescribe all established positions whose continuance for the year is approved and all new positions. No new positions or change in grade or class of an existing position shall be established unless authorized by the Department of Finance on the basis of workload and organization.

Each fiscal year budget shall provide for a Salary Savings Reserve to which shall be transferred on a document initiated by the agency and approved by the Department of Finance the unencumbered balance remaining in each allotment for salaries and wages at the close of each quarter or other period of time covered by the allotment. The unencumbered balance remaining in each budget allotment for salaries and wages shall be computed by deducting from the amount of the allotment the expenditures and accrued obligations for salaries and wages chargeable to such allotment for the period covered thereby. The amount in the Salary Savings Reserve shall not be available for expenditure except upon transfer to allotments for salaries and wages approved by the Department of Finance. Such transfers shall be approved only after it has been demonstrated to the satisfaction of the Department of Finance that the allotment to be augmented is insufficient to meet necessary expenditures for salaries and wages.

Salary Savings Reserve

No money in any Salary Savings Reserve may be expended to pay increases in salary ranges established after July 1, 1950, unless the Department of Finance certifies to the State Personnel Board prior to the adoption of such increased salary range that funds will be made available to pay the increased salaries resulting therefrom.

Sec. 3. A regular election shall be held in the City of Palo Alto on the second Tuesday in May of each odd numbered year, and the same shall be known as the general municipal election. Sec. 5. Said council shall fix a time and place for its regular meetings and may adopt rules to govern its proceedings.

Quorum

He shall perform such other duties as from time to time are assigned to him by the council. When the mayor is absent

If in the judgment of a majority of the council it should be necessary to provide a revenue in excess of the sum realized from the levy herein provided, the question of the levy of an additional property tax shall be submitted to the electors, and a special election may be held for that purpose. The additional sum or rate required to be raised by such additional tax levy shall be expressed upon the ballot. CHAPTER 8

Assembly Concurrent Resolution No. 7—Relative to Fred B. Wood, Legislative Counsel of California.

[Filed with Secretary of State March 23, 1950.]

The selection of Fred B. Wood as Legislative Counsel in January of 1927, was made by Governor Young, a man who had been for many years Speaker of the Assembly, and, as Lieutenant Governor, presiding officer of the Senate, and therefore well acquainted with the needs of this Legislature for legal counsel and service of the highest order.

Commenda-
tion of
Fred B
Wood on
appointment
as Justice
of First
District
Court of
Appeal

To this work he called a man who, young in years, was already well qualified for the difficult office, by his own native ability and by his eight years of experience as Chief Deputy Legislative Counsel from the establishment of the office in 1914 until 1922. He came reluctantly, for he was well established in private practice of the law in San Francisco, but he has remained happily for 23 years, for his early interest in the legislative work was born anew with his return to it. In 1931 the Legislature assumed selection of its own counsel, and thereafter, biennially until 1947, and annually since, has elected and reelected Fred B. Wood, Legislative Counsel.

Through those years he has grown with a growing government and task. He has seen the demands upon the Legislature increase with each passing year, and he has striven to make his office of the greatest possible service and aid to the Legislature in its work. He has selected, guided, and developed a staff devoted to that service.

Year by year the confidence of this Legislature in him as their legal counsel and friend, in his sound judgment, and profound understanding of government, has increased, and they have called upon him to represent them *ex officio* where an agency had been created for a task in which the Legislature has felt a continuing responsibility. Such is the work of the California Code Commission which the Legislative Counsel has served as Secretary throughout its work. Similarly he served as a member of the 1929 School Code Commission, as Secretary to the California Commission on County Home Rule, the California Constitutional Commission of 1929, as member and chairman of the Rules Codification Board, and is a member of the Commission on Uniform State Laws.

Initiative sponsors have also called upon him, and he was made *ex officio* a member of the State Personnel Board as constituted upon its creation in 1934. He became chairman of the board, guiding its work for two years during its formative period.

The latest task to be entrusted to him is perhaps the most graphic illustration of the unique place he holds in State Government, for the Legislature at its last regular session added to his duties that of preparing for publication in the ballot

pamphlet an impartial analysis of each measure upon the ballot at each state-wide election.

The service which he has built stands as a monument to the ability and integrity of this man. The very name Legislative Counsel brings to mind no office, no function, but rather conjures a portrait of a man :

A face good to look upon, for it is the face of a friend ; a lawyer good to know, for his counsel is wise ; a soul steadfast in integrity, gentle in affection toward all, for all are his friends, lionlike in courage, and tiger-fierce in zeal for his chosen profession.

As the Legislature has been the rich beneficiary of his great legal talent, his human kindness and wisdom, his statesman-like concept and practical grasp of democratic government, so too the fine steel of his being and his mind has been tempered in the legislative fires, and hammered upon the forge of legislative creation.

Enriched by these years of experience in the expression and interpretation of constitutional and statutory law, he is uniquely qualified as is no other for the place upon a high court which Governor Warren has chosen him to fill. Now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That however sadly and reluctantly, or with what sense of great loss, this Legislature may look upon his leaving the office of Legislative Counsel, this Legislature must with something like paternal pride view the appointment of Fred B. Wood as Justice of the First Appellate District, California District Court of Appeal ; and be it further

Resolved, That this Legislature expresses to Fred B. Wood its most sincere appreciation for the many years of untiring, faithful, and capable service he has given to the Legislature and to the people of the State of California in his office as Legislative Counsel, and extend to him warmest congratulations upon his ascending to this high court, in full assurance that he will bring to the judiciary the same generous measure of service and the greatness of mind and heart, which has made his contribution to the legislative branch so magnificent and enduring, and fashioned him so uniquely for the task to which he is now called ; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a suitably prepared copy of this resolution to Fred B. Wood, Legislative Counsel of California, with the best wishes of this Legislature to bid him Godspeed upon his new venture and to wish for him many happy and rewarding years in high judicial office.

CHAPTER 9

Senate Concurrent Resolution No. 7—Relative to regulations affecting the public schools of the State.

WHEREAS, The President of the United States has proclaimed May 22 as "National Maritime Day" to commemorate the sailing of the first steamship, the U. S. S. Savannah, from American shores, and to pay tribute to the Nation's merchant marine and maritime industry; and

WHEREAS, It is the desire of San Francisco organizations and individuals concerned with the celebrations of these important observances to jointly commemorate these patriotic occasions at the San Francisco Naval Shipyard on Sunday, May 21, 1950, so that the impressive ceremonies, events, expositions, demonstrations, and parades may be attended and participated in by a maximum number of the general public; and

CHAPTER 12

Assembly Joint Resolution No. 6—Relating to memorializing Congress to exempt motion picture and all types of theatrical entertainment from the federal admissions tax.

[Filed with Secretary of State April 3, 1950.]

WHEREAS, For the purpose of meeting wartime emergency necessity, the Congress of the United States enacted an excise tax of one cent for each five cents, or major fraction thereof, of the amount paid for admissions to any place, including motion picture theaters and other places where theatrical entertainment is presented; and

Exemption
of motion
pictures,
etc. from
federal ad-
missions tax

WHEREAS, The said wartime emergency no longer exists; and

WHEREAS, It should be a principle of federal taxation that the burden thereof be fairly and equitably distributed; and

WHEREAS, The said admissions tax is unfair and inequitable in its operation, in that it imposes an onerous and oppressive burden upon children and upon persons of low income, who are thereby denied access at reasonable cost to the wholesome recreation afforded by motion pictures and theatrical entertainment; and

WHEREAS, Due in large measure to said tax the production of motion pictures in this State is at its lowest level in many years and attendance in motion picture theaters has noticeably decreased; and

WHEREAS, This State accounts for 90 percent of the production of motion pictures in the United States, and the aforesaid low level of production of the same is certain to have serious detrimental effect upon the economy of this State and upon the welfare and well-being of its citizens; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the Congress of the United States immediately to enact legislation exempting motion pictures and all types of theatrical entertainment from the operation of the aforesaid federal admissions tax; and be it further

Resolved, That the Chief Clerk of the Assembly is directed to transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to the chairman and each member of the committee on taxation in each house in Congress, and to each Senator and Representative from California in the Congress of the United States.

CHAPTER 13

Assembly Joint Resolution No. 7—Memorializing the Congress of the United States to modify the federal luxury tax.

[Filed with Secretary of State April 3, 1950]

Modification
of federal
luxury tax

WHEREAS, There exists a federal law taxing luxuries; and

WHEREAS, Many of the items designated as luxuries and taxed as such are in fact utter necessities in modern life; and

WHEREAS, The federal luxury taxes were imposed during a period of great national emergency, partly for the purpose of discouraging unnecessary spending and to aid in conservation of the limited wartime supply of certain consumer goods; and

WHEREAS, Scarcities of consumer goods no longer exist; and

WHEREAS, A luxury tax on legitimate business in times of peace is inequitable to a large portion of the population, such as waiters, musicians, actors, and other persons of special talents who are unemployed as a result of the 20 percent luxury tax on theatrical entertainment, night clubs and cafes, which is forcing many such establishments to close their doors or to

abandon the music and entertainment portions of their normal service; and

WHEREAS, A tax upon the use of public communication and transportation facilities is a tax not on a luxury but on a business and social necessity and works such a hardship upon small business in particular that it is in fact ruinous to many; and

WHEREAS, These so-called luxury taxes also extend to many articles, such as baby oils, necessary to the care of infants, thus throwing a disproportionate burden upon young families which have not yet had time to achieve the higher brackets of income and therefore suffer under a tax which takes from those least able to pay; and

WHEREAS, The tax of necessities as luxuries also works a hardship and inequity upon women in requiring them to pay a 20 percent luxury tax upon such necessities as low-cost luggage, cosmetics, handbags, and similar articles as necessary to their business and social life as any other article of clothing; and

WHEREAS, This hardship and inequity could be relieved by a proper reclassification and modification of the items subject to tax as luxuries to the end that only those articles which are in fact luxuries or of luxury quality would be taxed; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of California hereby memorializes the Congress of the United States to take immediate action to relieve articles necessary to ordinary business and livelihood from the imposition of luxury taxes in order to reduce the hardships upon those of low income, upon women, and upon small business; and be it further

Resolved, That the Chief Clerk of the Assembly be hereby directed to transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to the chairman and each member of the Committee on Taxation in each House of Congress, and to each Senator and Representative from the State of California in the Congress of the United States.

CHAPTER 14

Assembly Joint Resolution No. 4—Relative to memorializing the President and the Senate of the Congress of the United States in relation to H. R. 163, authorizing Sacramento Valley irrigation canals as part of the Central Valley Project in California.

[Filed with Secretary of State March 29, 1950]

WHEREAS, In 1949, at the First Session of the Eighty-first Congress of the United States, a bill, H. R. 163, was introduced in the House of Representatives by Congressmen Clair Engle and Hubert Scudder of California, authorizing the inclusion in the Central Valley Project of two new irrigation features,

Sacramento
Valley
irrigation
canals
Central
Valley
Project

one called the Tehama-Colusa conduit and the other the Chico Canal; and

WHEREAS, H. R. 163 has been passed by the House of Representatives and sent to the Senate for approval and is now pending in the Senate Committee on Interior and Insular Affairs; and

WHEREAS, There exists at the present time in the Sacramento Valley, in Tehama, Glenn, Colusa, and Butte Counties, about 250,000 acres of high-quality land devoted mainly to dry-farm production of barley and wheat which could be transformed by irrigation from the two projects provided for in H. R. 163 into highly productive land devoted to intensive and diversified types of farming; and

WHEREAS, It has always been intended that the Central Valley Project should serve the water requirements of both the Sacramento and San Joaquin Valleys, despite the fact that initially the primary objective was to transfer water from the Sacramento River to the San Joaquin Valley where it was desperately needed; and

WHEREAS, Due to greater agricultural and domestic demands and the postwar increase of population causing a serious lowering of the underground water table there is now a greater need for irrigation and replenishment of the subterranean water reservoir in the areas of the Sacramento Valley not immediately served by the Sacramento River; and

WHEREAS, The utilization of the water of the Sacramento River for the purposes contemplated by H. R. 163 will not affect or jeopardize any of the other features of the Central Valley Project; and

WHEREAS, The California Legislature, as early as 1941, recognized that the Central Valley Project, originally a state project, should include an irrigation system such as is contemplated by H. R. 163; and

WHEREAS, The economic feasibility of the works contemplated by H. R. 163 cannot be questioned; and

WHEREAS, H. R. 163 has the unqualified endorsement of the Governor, the Legislature, and the Division of Water Resources of the Department of Public Works of the State of California, of county officials, irrigation committees and districts, and the farmers of the region to be affected, and in addition has been recommended and approved by the Secretary of the Interior and the Commissioner of Reclamation; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes and urges the Senate Committee on Interior and Insular Affairs, the Senate, and the President of the United States to give favorable consideration to H. R. 163 at the earliest possible time in order that this legislation, so vital to the interests of the people of the State of California and of the Nation, may be put into effect without delay; and be it further

Resolved, That the Chief Clerk of the Assembly is directed to transmit copies of this resolution to the President and Vice President of the United States, to the chairman of the Senate Committee on Interior and Insular Affairs, and to each Senator and Representative from California in the Congress of the United States.

Location
of "West
Point of
the Air" in
California

WHEREAS, California has ideal living conditions and the finest climate in the world with excellent flying conditions; and

WHEREAS, In California, young aviators can be trained in all kinds of flying conditions since California has the Pacific Ocean on the west, some of the highest mountains in the Nation in the east, the great Sacramento and San Joaquin Valleys, as well as the lowest points in the Nation, Death Valley and Imperial Valley, and many other different types of areas, with the result that in this State may be found flying conditions similar to those to be found in any part of the world; and

WHEREAS, There would be little danger in this State of damage to aviation equipment caused by the elements; and

WHEREAS, The Federal Government receives billions of dollars in taxes from the people of California and, therefore, it is only just that a portion of these amounts should be expended in this State for public works projects which would promote the welfare of the people of this State as well as assist the great aviation industry located in this State; and

WHEREAS, For these reasons, California is eminently qualified to be the site of the proposed Air Force academy; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Federal Government be memorialized to establish the Air Force academy in this State; and be it further

Resolved, That the Chief Clerk of the Assembly be directed to transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives and to every Senator and Representative from California in the Congress of the United States.

Committee
to Survey
the Agricultural
Labor
Resources
of the San
Joaquin
Valley

WHEREAS, The San Joaquin Valley has been periodically troubled by unemployment and by other problems relating thereto or arising therefrom; and

WHEREAS, This problem is a special one in that the area is largely an agricultural region using large numbers of seasonal and migrant workers and in that the large cotton crop of the valley draws large numbers of migrant workers who, since said cotton crop is the last to be harvested in the State, are induced by the equable climate to remain in the valley during the winter in spite of the unfavorable employment prospects; and

WHEREAS, The problem has recently been aggravated by the influx of large numbers of persons into this State, by lack of proper housing facilities, and by a decrease in agricultural employment, caused by expanded mechanization of agricultural operations; and

WHEREAS, When this recent aggravation of the problem was developing the Governor conferred with local health, welfare and school authorities of the valley with the result that the services of state agencies dealing with health and housing were augmented, and surplus commodities were obtained from the United States Department of Agriculture to insure that such migrant workers would have food; and

WHEREAS, Not content with steps taken to ameliorate the suffering caused by the current unemployment problem in the valley, the Governor has created a committee to deal with the basic causes of the problem in an effort to find a long range solution; and

WHEREAS, Said committee, which was created in accordance with the recommendation of the San Joaquin Valley Supervisors Association and the Central Valley Empire Association, was designated the Committee to Survey the Agricultural Labor Resources of the San Joaquin Valley and is composed of the following outstanding citizens of the State:

Commemora-
tion of one
hundredth
anniversary
of San
Francisco
Chamber of
Commerce

WHEREAS, The City of San Francisco is one of the great metropolitan centers of California and contributes to the cultural, economic and social well-being of the entire State; and

WHEREAS, The City of San Francisco having been incorporated in the year 1850 and having been an integral part of the growth of our great State, has likewise contributed materially to the remarkable progress and development of the State within the space of 100 years; and

WHEREAS, In the same year in which the City of San Francisco was incorporated, there was also founded the San Francisco Chamber of Commerce for these purposes: "To advance, foster and encourage domestic and foreign trade, commerce and industry and promote the public and commercial welfare and interests of the City of San Francisco, the State of California and the Pacific Coast;" and

WHEREAS, For 100 years, the San Francisco Chamber of Commerce has kept firmly to these purposes for which it was formed and has therefore proved a valuable force in the striking progress of the City of San Francisco, the Bay area, the State of California and the Pacific Coast; and

WHEREAS, This first 100-year period of service rendered by the San Francisco Chamber of Commerce will be completed on April 17, 1950; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature of the State of California commemorates and honors the San Francisco Chamber of Commerce for its century of service and achievement to and for the citizens of San Francisco, the Bay area, the State of California, and the Pacific Coast, and extends the hearty greetings of the State of California to the San Francisco Chamber of Commerce on this anniversary of its formation as a public spirited body which, in broader retrospect, has sought above all else to promote and protect the principles of free enterprise and the cherished heritages of our American way of life; and be it further

Resolved, That the Secretary of the Senate is hereby directed to transmit a copy of this resolution to the San Francisco Chamber of Commerce.

CHAPTER 22

Senate Concurrent Resolution No. 13—Relative to the Centennial Anniversary of the incorporation of the City of San Francisco.

[Filed with Secretary of State April 4, 1950.]

WHEREAS, In the month of April, 1850, by act of this Legislature the City of San Francisco was incorporated, and now after a full century of expansion and progress that great metropolis of the Far West is about to celebrate its one hundredth anniversary; and

Commemoration of one hundredth anniversary of City of San Francisco

WHEREAS, There is a uniqueness about the City of San Francisco, the only combined city-county government in California, with a history as exciting and dramatic as that of any other municipality in the Nation—from the days of a vigilante supergovernment when the city was new, through the disasters of fire and earthquake, and political upheavals, on to the relatively quiet times of the present day; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That this Legislature takes especial notice of its action of a long century ago, by which the City of San Francisco was adopted as a favorite daughter of our Golden State, and in commemoration of that act it sends its felicitations and congratulations to the citizens of San Francisco; and be it further

Resolved, That the Secretary of the Senate is hereby directed to transmit a suitably prepared copy of this resolution to the Mayor and Board of Supervisors of the City and County of San Francisco.

CHAPTER 23

Senate Joint Resolution No. 1—Relative to withdrawing the application to Congress made by Assembly Joint Resolution No. 26 of the 1949 Regular Session, to propose a constitutional amendment for American participation in a World Federal Government.

[Filed with Secretary of State April 4, 1950]

WHEREAS, Assembly Joint Resolution No. 26 was passed at the 1949 Regular Session of the Legislature of the State of California; and

Re participation of United States in a World Federal Government

WHEREAS, That Assembly Joint Resolution urged an amendment to the Constitution of the United States permitting this Country's participation in a World Federal Government; and

WHEREAS, It has come to the attention of certain Members of the Legislature that not all the pertinent facts relating to that subject were available and presented when this resolution was passed; and

WHEREAS, Said resolution was not a mere memorialization of the Congress but an application by the Legislature of this State, pursuant to Article V of the Constitution of the United States, that the Congress of the United States call a convention for the sole purpose of proposing amendment of the United States Constitution to expedite and insure the participation of the United States in a World Federal Government; and

WHEREAS, If similar application to the Congress is made by the legislatures of two-thirds of the states, the Congress shall have no choice but to call a convention for such purpose; and

WHEREAS, Said resolution, if acted upon and fulfilled by the Government of the United States, would entail the surrender of our national sovereignty, nullify our Constitution, bring into being a form of law whereby American citizens could be tried by citizens of other countries and imprisoned in foreign jails; and

WHEREAS, In order to provide financial support for this world government it would be necessary to give such government the power of taxation or to require contributions from member nations, and in either event the principal source of funds required for the support of such government would of necessity be the United States, with a resulting heavy burden on the American taxpayer and the lowering of the American standard of living; and

WHEREAS, The establishment of such World Federal Government would require the creation of a world army to maintain peace, and such army would be composed in a large part of soldiers from other nations, and would be subject to the control of a world legislature, with the result that the American people would be in danger of losing their liberties, their free institutions, and their freedom of action; and

WHEREAS, The creation of such a world army would result in the abolition of the independent military establishment of the United States and the surrender of the Panama Canal, with consequent imminent peril to our national safety; now, therefore, be it

Resolved by the Senate and the Assembly of the State of California, jointly, That the proposal in said Assembly Joint Resolution No. 26 be withdrawn; and be it further

Resolved, That the Secretary of the Senate is hereby requested to transmit copies of this resolution to the Senate and House of Representatives of the Congress, to the Members of the Senate and House of Representatives from this State, and to the presiding officer of each of the legislatures of the several states.

CHAPTER 24

Senate Joint Resolution No. 5—Relative to invitation to the President of the United States to speak in San Francisco on the fifth anniversary of the signing of the United Nations Charter.

[Filed with Secretary of State April 4, 1950.]

WHEREAS, The youth of San Francisco, represented by delegates to the San Francisco Youth Association, have consistently supported the aims of the United Nations through programs carried on in public, private, and religious schools, and through the youth-serving agencies related to the Group Work and Recreation Council of the Community Chest; and

Invitation to President to speak in San Francisco on fifth anniversary of signing of U. N. Charter

WHEREAS, They have celebrated the signing of the United Nations Charter each June 26th since the inception of the Youth Association; and

WHEREAS, June 26th, 1950, makes the fifth anniversary of the signing of the United Nations Charter in San Francisco; and

WHEREAS, The City and County of San Francisco have declared the week of June 23 to June 29, 1950, "San Francisco's United Nations Fifth Anniversary Celebration"; and

WHEREAS, The City and County of San Francisco have joined with the youth of San Francisco in extending an invitation to the Honorable Harry S. Truman to speak in San Francisco on this fifth anniversary of the signing of the United Nations Charter; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California hereby joins with the city and county and the youth of San Francisco in inviting the Honorable Harry S. Truman, President of the United States, to speak again in San Francisco on the occasion of the fifth anniversary of the signing of the United Nations Charter; and be it further

Resolved, That a committee of five Members of the Senate appointed by the Senate Rules Committee and five Members of the Assembly appointed by the Speaker of the Assembly is created and authorized and directed to meet President Truman upon his arrival in California to speak in San Francisco on the occasion of the fifth anniversary of the signing of the United Nations Charter, June 26, 1950, to extend to him official welcome by the State of California and the people thereof and to escort him to San Francisco for the celebration commemorating the fifth anniversary of the signing of the United Nations Charter; and be it further

Resolved, That the Secretary of the Senate is hereby requested to transmit suitably prepared copies of this resolution to Honorable Harry S. Truman, President of the United States.

CHAPTER 25

Senate Joint Resolution No. 2—Relative to memorializing the Congress of the United States in relation to the Taylor Grazing Lands.

[Filed with Secretary of State April 4, 1950.]

Control of
Taylor
Grazing
Lands

WHEREAS, Widespread opposition to the proposed transfer of the Taylor Grazing Lands from the Bureau of Land Management, Department of the Interior, to the Department of Agriculture has arisen and is being manifested by stockmen and local governmental officials throughout the western states; and

WHEREAS, Livestock ranchers in the western states feel that such transfer will place the administration of the Taylor Grazing Lands in the National Forest Service and will result in restriction of grazing permits and an increase in grazing fees; and

WHEREAS, County officials foresee a decrease in the livestock population and a resultant narrowing of the tax base; and

WHEREAS, It is deemed preferable and proper that the administration of the Taylor Grazing Lands remain in the Bureau of Land Management, Department of Interior; and

WHEREAS, In the matter of federal-aid highway appropriations, the Congress of the United States has recognized the obligation of the United States to provide federal aid on a more liberal basis in those states where so large a percentage of the area is included in the public domain and has adopted a formula for matching percentages, by which the amount of state funds required for matching federal funds is reduced by reason of such large federal ownership; and

WHEREAS, A transfer of the grazing lands to the administration of the United States Forest Service, Department of Agriculture, would no doubt result in said grazing lands being classed as national forest, which national forest lands are not included in determining the matching ratio under the Federal Highway Act; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the Congress of the United States to retain the administration of the Taylor Grazing Lands in the Bureau of Land Management, Department of the Interior; and be it further

Resolved, That the Secretary of the Senate is hereby directed to transmit copies of this resolution to the President and Vice President of the United States, the President pro Tempore of the Senate, the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

Each such committee may meet at any time during the period in which it is authorized to act, even though the Legislature is in session, either, at the State Capitol or at any other place in the State of California, in public or executive session, and do any and all things necessary or convenient to enable it to exercise the powers and perform the duties herein granted to it or to accomplish the objects and purposes of the resolution creating it. The chairman of each committee shall audit and approve the expense claims of the members of the committee and shall certify the amount approved to the Controller, and the Controller shall draw his warrants upon the certification of the chairman.

The chairman of any such committee may appoint subcommittees and chairman thereof for the purpose of more expeditiously handling and considering matters referred to it, and such subcommittees and the chairman thereof shall have all the powers and authority herein conferred upon the committee and its chairman. The chairman of such subcommittee shall audit the expense claims of the members of such subcommittees and other claims and the expenses incurred by it and shall certify the amount thereof to the chairman of the committee who shall, if he approves the same, certify the amount thereof to the Controller, and the Controller shall draw his warrant therefor upon such certification, and the Treasurer shall pay the same. (1) Citizens of the State can be afforded the protection of the police, fire, safety, sanitary and other regulations and protections provided by public bodies;

(2) Public works and construction by public bodies can be commenced and continued without delay or restriction, to provide sewers, water works, schools, storm drains, flood control works, sanitary facilities, electric and other utility works,

fire houses and facilities, police stations and facilities, streets, hospitals, and other works, structures, improvements, and facilities required for the public peace, health, and safety, and immediately needed to provide for an increased population;

Urgency

SEC. 6. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety within the meaning of Section 1, Article IV, of the Constitution and it shall therefore go into immediate effect. The statement of facts constituting such necessity is as follows:

Chapter 556 of the Statutes of 1949 adopted a new standard form fire insurance policy for California. The use of that form becomes mandatory July 1, 1950. Defects have been discovered in that form since its adoption. It is therefore essential that the corrections to be made by this act become effective at the same time as the use of the new form becomes mandatory.

CHAPTER 6

An act to amend Sections 5512 and 5513 of the Welfare and Institutions Code, relating to sexual psychopaths.

In effect
July 15,
1950

[Approved by Governor, April 14, 1950. Filed with
Secretary of State, April 15, 1950.]

The people of the State of California do enact as follows:

SECTION 1. Section 5512 of the Welfare and Institutions Code is amended to read as follows:

Order of
commitment

5512. If, after examination and hearing, the judge finds that the person is a sexual psychopath within the meaning of this chapter, he shall make and sign an order that the person be placed temporarily in a suitable psychiatric facility maintained by a county or in a state hospital of the Department of Mental Hygiene designated by the court for observation and diagnosis for a period not to exceed 90 days, with the further provision in said order that the superintendent of the hospital or person in charge of the county facility shall report to the court the diagnosis and recommendations concerning such person within the 90-day period. The court shall attach to the order for observation its findings and copies of the certification from the other court, any affidavits filed, the written reports of the court-appointed psychiatrists, together with such social and other data that it has available bearing upon the case, and the same shall be delivered to the institution with such order.

Examination
and report

The superintendent of the hospital or person in charge of the county facility shall within 90 days cause the person to be examined and forward to the committing court a report, diagnosis and recommendation concerning the person's future care, supervision and treatment.

Disposition
of case

If the superintendent of the hospital or person in charge of the county facility reports to the court that the person is not a sexual psychopath, the person shall be returned to the court for further disposition of his case.

If the superintendent of the hospital or person in charge of the county facility reports to the court that the person is a sexual psychopath and that the person could benefit by treatment in a state hospital which is not available in a penal institution to which the person would otherwise go, the court shall proceed with the case and make such orders for the return of the person to the court and for the time, place and notice of the further hearing as the court may deem necessary and proper under all of the circumstances. The court may accept the report of the superintendent of the hospital or person in charge of the county facility, if verified, in lieu of the examination by and testimony of court-appointed psychiatrists, or may consider the report as additional evidence.

Upon such further hearing the court may make an order committing the person to the department for placement in a state hospital designated by the court for an indeterminate period, or may make other suitable disposition of the case. No person shall be committed for an indeterminate period as a sexual psychopath unless an observation placement has been made and reported, diagnosed and recommended upon as provided by this section.

SEC. 2. Section 5513 of said code is amended to read:

5513. The sheriff of any county wherein an order is made by any court committing any person to a state hospital or returning such person to the court, or any other peace officer designated by the court, shall execute the writ of commitment or order of return, and receive as compensation therefor such fees as are now or may hereafter be provided by law for the transportation of prisoners to the state prison, which shall be payable in the same manner. No female person committed shall be taken to or from any state or other hospital without the attendance of some woman or relative of the person.

Execution of
writ of
commitment

CHAPTER 7

An act to amend Sections 5501, 5502, and 5503 of the Welfare and Institutions Code, relating to sexual psychopaths.

[Approved by Governor, April 14, 1950. Filed with Secretary of State, April 15, 1950.]

In effect
July 15,
1950

The people of the State of California do enact as follows:

SECTION 1. Section 5501 of the Welfare and Institutions Code is amended to read:

5501. (a) When a person is convicted of a criminal offense, the trial judge, on his own motion, or on motion of the prosecuting attorney, or on application by affidavit by or on behalf of the defendant, if it appears to the satisfaction of the court that there is probable cause for believing such person is a sexual psychopath within the meaning of this chapter, may adjourn the proceeding or suspend the sentence, as the case

Adjournment

proceeding,
etc.

may be, and may certify the person for hearing and examination by the superior court of the county to determine whether the person is a sexual psychopath within the meaning of this chapter.

Conviction of
misdemeanor

(b) When a person is convicted of a sex offense involving a child under 14 years of age and it is a misdemeanor, and the person has been previously convicted of a sex offense in this or any other state, the court shall adjourn the proceeding or suspend the sentence, as the case may be, and shall certify the person for hearing and examination by the superior court of the county to determine whether the person is a sexual psychopath within the meaning of this chapter.

Conviction of
felony

(c) When a person is convicted of a sex offense involving a child under 14 years of age and it is a felony, the court shall adjourn the proceeding or suspend the sentence, as the case may be, and shall certify the person for hearing and examination by the superior court of the county to determine whether the person is a sexual psychopath within the meaning of this chapter.

Affidavit

When an affidavit is filed under (a) it shall be substantially in the form specified for the affidavit of mental illness in Section 5049 of this code except that the title and body of the affidavit shall refer to such person as "an alleged sexual psychopath" and shall state fully the facts upon which the allegation that the person is a sexual psychopath is based. If the person is then before the court or is in custody, the court may order that the person be detained in a place of safety until the issue and service of a warrant of apprehension as provided by this chapter.

Warrant of
apprehension

The judge or justice presiding in such court, whenever it is deemed necessary or advisable, may issue and deliver to some peace officer for service, a warrant directing that the person be apprehended and taken before a judge of the superior court for a hearing and examination to determine whether the person is a sexual psychopath. The officer shall thereupon apprehend and detain the person until a hearing and examination can be had. At the time of the apprehension a copy of the affidavit if one was filed, the certification, and the warrant shall be personally delivered to the person and copies thereof shall also be delivered to the superior court to which the person was certified.

The warrant of apprehension shall be substantially in the form provided by Section 5050.1 of this code for the apprehension of a person alleged to be mentally ill.

Disposition
after hearing

SEC. 2. Section 5502 of said code is amended to read:
5502. If, upon the hearing of sexual psychopathy, the person is found by the superior court not to be a sexual psychopath, the superior court shall return the person to the court in which the case originated for such disposition as that court may deem necessary and proper. If upon the hearing of sexual psychopathy, the superior court finds there is sufficient cause to believe the person is a sexual psychopath within the meaning of this chapter, the court shall proceed as provided in this chapter.

SEC. 3. Section 5503 of said code is amended to read:

5503. The person certified or alleged to be a sexual psychopath shall be taken before a judge of the superior court of the county. The judge shall then inform him that he is certified or alleged to be a sexual psychopath, and inform him of his rights to make a reply and to produce witnesses in relation thereto. The judge shall by order fix such time and place for the hearing and examination in open court as will give reasonable opportunity for the production and examination of witnesses. If, however, the person is too ill to appear in court, or if appearance in court would be detrimental to the mental or physical health of the person, the judge may hold the hearing at the bedside of the person. The order shall be entered at length in the minute book of the court or shall be signed by the judge and filed, and a certified copy thereof served on the person. The judge shall order that notice of apprehension of the person and of the hearing of sexual psychopathy be served on such relatives of the person known to be residing in the county as the judge deems necessary or proper.

CHAPTER 10

An act to add Section 18010 to, and to amend Section 7401 of, the Education Code, relating to sewers and drains for schools, and declaring its urgency.

In effect
immediately

[Approved by Governor, April 18, 1950. Filed with
Secretary of State, April 18, 1950.]

The people of the State of California do enact as follows:

SECTION 1. Section 18010 is hereby added to the Education Code, to read as follows:

Provision
for sewers
and drains

18010. In addition to the other powers granted the governing board of each school district may provide sewers and drains adequate to treat and/or dispose of sewage and drainage on or away from each school property. For this purpose it may construct adequate systems or acquire adequate disposal rights in systems constructed or to be constructed by others for these purposes without regard to their proximity. The cost thereof shall be paid from the building fund, including any bond moneys therein.

SEC. 2. Section 7401 of said code is amended to read:

Bond
elections:
Purposes

7401. Except as otherwise provided by law, the governing board of any school district may, when in its judgment it is advisable, and shall, upon a petition of the majority of the qualified electors residing in the school district, call an election and submit to the electors of the district the question whether the bonds of the district shall be issued and sold for the purpose of raising money for the following purposes:

- (a) The purchasing of school lots.
- (b) The building or purchasing of school buildings.
- (c) The making of alterations or additions to the school building or buildings other than such as may be necessary for current maintenance, operation, or repairs.
- (d) The repairing, restoring, or rebuilding of any school building damaged, injured, or destroyed by fire or other public calamity.

(e) The supplying of school buildings with furniture or necessary apparatus of a permanent nature.

(f) The permanent improvement of the school grounds.

(g) The refunding of any outstanding valid indebtedness of the district, evidenced by bonds.

(h) The carrying out of the projects or purposes authorized in Section 18010.

Any one or more of the purposes enumerated, except that of refunding any outstanding valid indebtedness of the district evidenced by bonds, may, by order of the governing board entered in its minutes, be united and voted upon as one single proposition.

SEC. 3. This act is hereby declared to be an urgency ^{Urgency} measure necessary for the immediate preservation of the public peace, health and safety within the meaning of Section 1 of Article IV of the Constitution of the State of California, and shall therefore go into immediate effect. A statement of the facts constituting such necessity is as follows:

The rapid growth of the population of the State during and since World War II, particularly as to children of school age, has resulted in increased congestion of people in unincorporated areas and the schools therein which are wholly without adequate sewerage and other facilities. The State Board of Public Health has found it necessary to require the treatment of sewage before it is deposited in the streams and waters and in the Pacific Ocean. This has resulted in the requirement for greatly increased numbers of sanitary and other local improvement proceedings. The rapid increase in the number of schools and the increasing overcrowding of existing schools particularly makes necessary the construction and acquisition of sewage disposal facilities for the schools. In order adequately to provide and administer sanitation and other local improvement affairs in unincorporated areas and particularly for the schools therein, and to cooperate with the State Board of Public Health in carrying out its orders, it is necessary that the powers of governing boards of school districts be more complete, comprehensive, and adequate, in conjunction with the powers of other entities for such purposes. The provision of this bill has as its purpose making such powers more comprehensive and it is necessary and urgent that the provision therefor become law at once.

CHAPTER 11

An act to add Article 1.5 to Chapter 1 of Division 1 of the Agricultural Code, to provide for the acquisition of land and the construction and equipment of buildings, offices, and facilities for use of the Department of Agriculture and other state and official agricultural agencies.

[Approved by Governor, April 19, 1950. Filed with Secretary of State, April 19, 1950.]

In effect
July 15,
1950

The people of the State of California do enact as follows:

SECTION 1. Article 1.5 is added to Chapter 1 of Division 1 of the Agricultural Code, to read:

Article 1.5. Department of Agriculture Building

Acquisition
of property
and con-
struction,
etc., of
buildings

35. The department may, with the approval of the Department of Finance, purchase or otherwise acquire real property and may construct and equip buildings thereon and make improvements to such property, buildings, and equipment.

Department
of Agriculture
Building
Fund

35.1. When there are moneys available in the Department of Agriculture Fund or in other funds subject to the jurisdiction of the Director of Agriculture not required to meet any demand which has accrued or may accrue against such funds, the Controller, upon executive order of the Director of Finance, shall transfer the sum designated by the Director of Agriculture from the funds available in the Department of Agriculture Fund or in such other funds to the Department of Agriculture Building Fund, which fund is hereby created within the State Treasury.

Rentals

All rentals collected under the provisions of this article shall be deposited in the Department of Agriculture Building Fund.

Appropriation

All moneys in the Department of Agriculture Building Fund are hereby appropriated without regard to fiscal years to carry out the provisions of this article, including the costs of operation, maintenance, repairs, and other reasonable and necessary expenses of said buildings or improvements.

Limitation

No money may be taken from said Department of Agriculture Fund or other funds under the jurisdiction of the director for transfer to the Department of Agriculture Building Fund when such taking will interfere with the administrative purposes for which such funds were collected.

Primary use
of buildings

35.2. Any buildings or improvements constructed by the department under this article shall be primarily for the occupancy of commissions, divisions, bureaus, advisory boards, and services supported from the funds from which money is expended for the construction of buildings or improvements, and shall be subject to the administration and supervision of the department in accordance with rules and regulations which may be established by the department and approved by the Department of Finance. Such rules and regulations shall be comparable to those for the administration and supervision of other state-owned buildings.

Lease of
excess space

Any buildings or improvements provided by the department under the provisions of this article may contain space in excess of the requirements of the department and, until needed, may be leased or let by the department at such rental and upon such terms and conditions as may be approved by the Department of Finance, provided that rentals charged shall be sufficient to provide a reasonable return to the Department of Agriculture Fund or other fund subject to the jurisdiction of the director for any contributions made for the cost of the construction of such buildings or improvements until the entire amount contributed therefrom, together with a reasonable interest thereon, has been returned.

At least annually and oftener if the amounts collected should warrant, there shall be returned from said Building Fund to the Department of Agriculture Fund and to such other funds from which contributions were made to defray the cost of the buildings, equipment, and facilities, such amounts as are not necessary to meet the financial requirements of the Department of Agriculture Building Fund; the returnable amounts to be determined by the Department, with the approval of the Department of Finance, and not to exceed the amount of the original contributions from the respective funds; provided, however, that interest may be paid on said contributions in the manner and amount determined by the department with the approval of the Director of Finance.

Return of funds

During the period of repayment, the department may contract with the Department of Finance to handle the rentals of any space over and above that required for the department and to furnish general supervision and maintenance in any buildings or improvements constructed under the provisions of this article.

Contract with Department of Finance

35.3. The director shall allocate space to the commissions, divisions, bureaus, advisory boards, and services comprising the department or agencies subject to its jurisdiction supported from funds from which money is expended for the construction of buildings or improvements, and shall charge a rental therefor until such time as the contributions made from the Department of Agriculture Fund or other funds subject to the jurisdiction of the director have been repaid as provided in this article. The occupancy of any space not required by the department for the commissions, divisions, bureaus, advisory boards, and services herein mentioned shall be confined to that of other functions of the department, of other state agencies, of official agencies cooperating with the department under agreement, or of official agricultural agencies of the State or county and comparable rentals shall be charged for such space.

Allocation of space

35.4. When all funds have been reimbursed for contributions made for the construction and equipping of any buildings or facilities under the provisions of this article, the Department of Finance shall assume control of the operation and management of said buildings, improvements or facilities; provided, however, the Department of Agriculture shall have priority to occupy any space within said buildings before such space is leased or let to any other agency and at rental rates comparable to those charged to other state agencies for comparable facilities in other state-owned buildings.

Assumption of control by Department of Finance

35.5. Upon the completion of any buildings or improvements constructed under the provisions of this article and fulfillment of the obligation to reimburse the Department of Agriculture Fund or other funds subject to the jurisdiction of the director in accordance with the provisions of this article, then any unused balances in the Department of Agriculture Building Fund shall, on order of the Controller upon request of the director, be transferred to the General Fund.

Transfer of unexpended balances

“Fund” 35.6. As used in this article “fund” includes any account in a fund consisting of money derived from different sources for different purposes.

CHAPTER 12

“Olivehurst Public Utility District Act” *An act to create the Olivehurst Public Utility District, declaring the urgency of this act to take effect immediately.*

In effect immediately

[Approved by Governor, April 19, 1950 Filed with Secretary of State, April 19, 1950]

The people of the State of California do enact as follows:

Creation of district SECTION 1. The Olivehurst Public Utility District is hereby created to consist of the territory in Yuba County now contained within the Olivehurst Public Utility District heretofore created, and the two districts are hereby merged.

Officers SEC. 2. The officers of the district are those of the formerly created district, until their successors are elected or appointed and qualified in the manner provided by law.

Applicability of Stats. 1921. p 906 SEC. 3. The district shall be governed by the provisions of the Public Utility District Act, as now or hereafter amended, except that the limitation on indebtedness provided in the eighth subdivision of Section 30 and in Section 45 do not apply to proceedings for providing a domestic and fire protection water supply, storage and distribution system or a sanitary sewerage collection treatment and disposal system or both.

Bond issues: SEC. 4. The district may issue bonds payable from revenue for the acquisition, construction or improving of facilities for water and sewerage.

Proceedings SEC. 5. Proceedings for the issuance and sale of the revenue bonds, and for their security and payment, shall be had, the board shall have such powers and duties, and the bondholders shall have such rights and remedies, all in substantial accordance with and with like legal effect as now or hereafter provided in Chapter 6, Part 1, Division 2, Title 5 of the Government Code As used therein, “resolution” means ordinance, “municipality” means district, and “governing body” means board of directors.

Purpose of act SEC. 6. The purpose of this act is to form the Olivehurst Public Utility District in order that the area benefited may be served with sewer and water facilities; special facts and circumstances, applicable to the area in which this district lies and not generally, makes the accomplishment of this purpose impossible under existing general laws, and therefore special legislation is necessary. The special facts are as follows:

a. The area is without any sanitary sewerage system or water system for fire protection and domestic purposes. Present sewage disposal is by septic tank and the water supply is from shallow wells a majority of which are contaminated.

b. The area has a population growth in excess of its assessable valuation. The present population of 4,000 is in low cost

housing units. The water project will be self supporting from revenue.

c. The area is of strategic importance during times of war or threatened war as it is adjacent to the U. S. Air Base at Marysville, which is the largest air base in the vicinity of the Feather River which is essential for its power development. The water supply of the district will be available for said airport.

SEC. 7. This act shall be known and may be cited as Short title the "Olivehurst Public Utility District Act."

SEC. 8. This act is an urgency measure necessary for Urgency the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Water pollution has become an increasingly critical problem in California. Many areas throughout the State included within public utility districts are polluting the waters of the State by discharge of sewage and industrial waste therein and are in critical need of water facilities as well. The assessed valuation of property within many of these districts is so low that adequate sewer and water facilities cannot be financed within the existing limitations or indebtedness. It is therefore urgently necessary that these districts be relieved of the said limitations in cases closely related to the public health and safety in order that adequate facilities may be provided.

CHAPTER 13

An act to create the Brisbane County Water District, providing for the government and powers thereof, providing for the issuance of revenue bonds, and declaring the urgency thereof, to take effect immediately. "Brisbane County Water District Act"

[Approved by Governor, April 19, 1950 Filed with Secretary of State, April 19, 1950.]

In effect immediately

The people of the State of California do enact as follows:

SECTION 1. The Brisbane County Water District is hereby created to consist of the territories within the Brisbane County Water District heretofore created, and said district shall merge herewith. Creation of district

SEC. 2. The officers of the district shall be those of said Officers formerly created district, until their successors shall have been elected or appointed and qualified in the manner provided by law.

SEC. 3. The district shall be governed by the provisions of the County Water District Law, as now or hereafter amended, except that the provisions of Section 31416 and 32858 of the Water Code shall not apply. Applicability of Stats. 1949, p. 494

Bond issues **SEC. 4.** The district may issue bonds payable from revenue for the acquisition, construction or improving of facilities contained within its powers.

Proceedings **SEC. 5.** Proceedings for the issuance and sale of the revenue bonds, and for their security and payment, shall be had, the board shall have such powers and duties, and the bondholders shall have such rights and remedies, all in substantial accordance with and with like legal effect as now or hereafter provided in Chapter 6, Part 1, Division 2, Title 5 of the Government Code. As used therein, "resolution" means ordinance, "municipality" means district, and "governing body" means board of directors.

Purpose of act **SEC. 6.** The purpose of this act is to form the Brisbane County Water District in order that the area benefited may be provided with sewer and water facilities. Special facts and circumstances, applicable to the area in which this district lies and not generally, make the accomplishment of this purpose impossible under existing laws, and therefore special legislation is necessary. The special facts are as follows:

a. The area is without any sanitary sewerage disposal system or an adequate water system for fire protection and domestic purposes.

b. Sewage emanating from said district is polluting the waters of the San Francisco Bay adjacent to said district and said district is without sufficient water to protect it against fire.

c. The assessed valuation of the district is inadequate to finance the cost of both sewer and water projects by taxation. It is, therefore, necessary that procedure be available to said district for financing one or both said projects from revenue.

Short title **SEC. 7.** This act shall be known and may be cited as the "Brisbane County Water District Act."

Urgency **SEC. 8.** This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety within the meaning of Section 1 of Article IV, of the Constitution and shall therefore go into immediate effect. A statement of the facts constituting such necessity is as follows:

The rapid growth and development of the suburban territory outside of the City and County of San Francisco, within the said district, requires that it be supplied with an adequate water supply for providing said district with domestic water and fire protection.

The district is in need of relief from taxation. Water facilities may be made self supporting and it is therefore urgent that said district be provided with the necessary powers to finance its water system without further exercise of power of tax on property in the district.

- (a) Stockton State Hospital at the City of Stockton.

CHAPTER 15

“Donner
Summit
Public
Utility Dis-
trict Act”
In effect
immediately

An act to create the Donner Summit Public Utility District, declaring the urgency of this act to take effect immediately.

[Approved by Governor, April 20, 1950. Filed with Secretary of State, April 20, 1950.]

The people of the State of California do enact as follows:

Creation of
district

SECTION 1. The Donner Summit Public Utility District is hereby created to consist of the territories within Nevada County and Placer County now contained within the Donner Summit Public Utility District heretofore created, and the two districts are hereby merged.

Officers

SEC. 2. The officers of the district are those of the formerly created district, until their successors are elected or appointed and qualified in the manner provided by law.

Applicability
of Stats
1921,
p. 906

SEC. 3. The district shall be governed by the provisions of the Public Utility District Act, as now or hereafter amended, except that the limitations on indebtedness provided in the eighth subdivision of Section 30 and in Section 45 do not apply to proceedings for providing a domestic and fire protection water supply, storage and distribution system or a sanitary sewerage collection, treatment and disposal system or both.

Annexation
of territory

SEC. 4. Any benefited territory, whether contiguous or noncontiguous, may be annexed to the district and may be described in the annexation proceedings by any description adequate for conveyance of the property.

Purpose
of act

SEC. 5. The purpose of this act is to form the Donner Summit Public Utility District in order that the area benefited may be provided with sewer and water facilities. Special facts and circumstances, applicable only to the area in which this district lies, make the accomplishment of this purpose impossible under existing general laws, and therefore special legislation is necessary. The special facts are as follows:

(a) The precarious state of world affairs constitutes an emergency recognized by the enactment by Congress of various measures designed to strengthen the land, naval, and air forces of the Nation and to build up national defense facilities. The area benefited by the formation of the district is of highly important strategic military value in that it is a transcontinental railroad divide requiring large military encampments for protection and civilian crews for repair and maintenance at all times, particularly during times of war or threatened war.

(b) The said area has become an important all-season recreational area not only for California citizens but also for trans-continental tourists.

(c) The absence of an adequate domestic water supply, storage and distribution system and sanitary sewage collection, treatment, and disposal system to serve such military encampments, civilian repair crews, and tourists constitutes a threat to the public health, safety, and welfare which must be abated immediately.

(d) Extensive government ownership of lands and the absence of public improvements results in abnormally low assessed valuations of taxable property in the area. Rocky and mountainous terrain adds to construction costs abnormally. Financing of adequate sewer and water facilities to meet the above needs is therefore impossible within the limits on indebtedness set by subdivision eighth of Section 30 and by Section 45 of the Public Utility District Act.

(e) Areas included within and benefited by the formation of the district are not contiguous. Areas which will be benefited in the future and which should therefore be annexed are not contiguous either. Efficient and economical administration of the district therefore requires that noncontiguous as well as contiguous territory be annexable.

SEC. 6. This act shall be known and may be cited as the Short title

go into immediate effect. The facts constituting such necessity are:

The right to cast his ballot is one of the most important rights of a citizen. In order to afford absent voters full opportunity to cast their ballots, no unnecessary restrictions or hardships should be imposed upon them. The existing law requires that such a voter appear before an officer authorized to administer oaths. In many instances this would require the consumption of much time and the travel of many miles. The sanctity of the ballot will in no way be prejudiced, and many voters who are now deprived of an opportunity of casting their votes will be afforded this opportunity by the procedure.

In order that such absent voters may cast their ballots at the direct primary election on June 6, 1950, it is necessary that this act take effect immediately.

SEC. 17. If any provision of this act shall be held to be unconstitutional such decision shall not affect any other provision of this act and the Legislature hereby declares that it would have enacted each section of this act irrespective of the validity or invalidity of any other section. Constitutionality

SEC. 18. This act is an urgency measure necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are: Urgency

A court decision has been rendered holding that the provisions under which licenses to conduct horse racing meetings are issued are unconstitutional and void. If this decision becomes final the validity of licenses theretofore issued will be questionable and no valid provision will exist under which such licenses thereafter may be issued. This in turn will raise questions as to the validity of the collection of any fees for such licenses and will imperil a source of revenue whereby the State and local agricultural fairs and other institutions are supported. The closing of the agricultural fairs and the cessation of horse racing would deprive the people of the State of opportunities for wholesome recreation and healthful relaxation. In order to prevent the possible disruption of the system under which horse racing has been conducted since the Horse Racing Act of 1933 was confirmed by constitutional amendment adopted by the people it is necessary that this act take effect immediately.

An act to add Sections 2201 and 3090.5 to the Welfare and Institutions Code, relating to public assistance, including aid to the aged and aid to the needy blind, in respect to recipients who have removed from one county to another county within the State, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 26, 1950 Filed with Secretary of State April 27, 1950.]

In effect immediately

The people of the State of California do enact as follows:

SECTION 1. Section 2201 is added to the Welfare and Institutions Code, to read:

2201. Notwithstanding any provision of Section 2200, any recipient of aid under this chapter who removed from one county to another county in this State prior to March 1, 1950, but has not attained one year's residence in the county to which he has removed shall, for the purposes of this chapter, be deemed to be a person who has no county residence as provided in this chapter until he has attained one year's residence in the county to which he has removed.

Persons without county residence

SEC. 2. Section 3090.5 is added to said code, to read:

3090.5. Notwithstanding any provision of Section 3090, any recipient of aid under this chapter who removed from one county to another county in this State prior to March 1, 1950, but has not attained one year's residence in the county to which he has removed shall, for the purposes of this chapter, be deemed to be a person who has no county residence as provided in this chapter until he has attained one year's residence in the county to which he has removed.

Same

No aid shall be denied because of lack of one year's residence in any county.

Denial of aid

No aid shall be discontinued or delayed because of this section.

Delay in aid

SEC. 3. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Section 1 of Article IV of the Constitution and shall therefore go into immediate effect. A statement of the facts constituting such necessity is as follows:

Urgency

During the time Article XXV of the Constitution was operative, county residence was not a significant factor in the granting or financing of old age and blind security, and the removal of a recipient from one county to another within the State did not cause any interruption in the payment of his security. When Article XXVII became operative on March 1, 1950, code provisions were revived under which the county of residence is required to make payment of aid to the aged and of aid to the needy blind, although under Chapter 8 of the Statutes of the First Extraordinary Session of 1949 the full cost of such aid is paid by the State until July 1, 1950. In the case of a recipient who has moved from one county to another, the county from which he has moved must continue to pay the aid until the recipient has attained one year's county residence in the county to which he has moved.

As to many recipients of such aid who, prior to March 1, 1950, moved from one county to a second, third, or fourth county, it is either impossible now to determine the county, if any, in which they have county residence, or to do so in time to permit the county of residence to take necessary action to continue the payment of aid to them without interruption. To prevent such interruption, and its consequent hardship and suffering, and to prevent any interruption or delay in carrying out the state plans for old age security and aid to the needy blind, it is necessary that this act take effect immediately.

[Approved by Governor April 27, 1950. Filed with Secretary of State April 27, 1950.]

In effect immediately

The people of the State of California do enact as follows:

SECTION 1. Section 19601 of the Education Code is amended to read:

19601. The purpose of the Legislature in enacting this chapter in 1943 was to provide for the wartime emergency conditions which necessitated the employment of many mothers as a result of the 24-hour operation of wartime industries necessary for the successful outcome of World War II.

Purpose of chapter

It is hereby declared by the Legislature in enacting amendments to this chapter at the 1950 First Extraordinary Session of the Legislature that such wartime emergency is rapidly disappearing so that the state support for child care centers will no longer be necessary after February 15, 1951, and that while in some communities there is still a need for child care centers, such need is a matter of local rather than state interest and therefore should be supported by the counties or the local school districts after February 15, 1951. As used in this chapter "parent" includes any person having legal custody of a child.

Legislative declaration

SEC. 2. Section 19613.5 of said code is amended to read:

Apportionment of funds

SEC. 4. Section 19613.7 is added to said code, to read:

19613.7. After February 15, 1951, a school district or a county may provide, either jointly or severally, for the continuance of the child care centers established and maintained in such school district or county. If a county desires to undertake, partially or wholly, the support and maintenance of such child care centers, it may levy a tax to provide funds for such partial or whole support. If a county undertakes the whole support of such child care centers, it may provide for their administration

Maintenance after Feb 15, 1951

by the county department of social welfare or by contract entered into with the school district in which such child care center is located, or by both. If a county undertakes the partial support of such child care centers, it may either make contributions of the proceeds of the tax levied pursuant to this section to the school districts within such county maintaining child care centers, or may use such proceeds by contributing the services of the county department of social welfare to the child care centers for purposes agreeable to the school districts maintaining such centers.

Urgency

SEC. 5. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Section 1 of Article IV of the Constitution and shall therefore go into immediate effect. A statement of the facts constituting such necessity is as follows:

It is necessary to continue the existence of child care centers where a demonstrated need for such centers can be shown and for proper supervision of child care centers so that parents who are engaged or hereafter engage in work may have assurance of proper care for their minor children during the hours of their employment or for the proper care of children whose parents may be incapacitated by illness or other disability. It is, therefore, necessary that this act take effect immediately.

SEC. 2. Section 3044.1 of said code is amended to read:

3044.1. Nothing in this section shall prohibit a person from receiving his assistance during the first two calendar months of his confinement, or after his release from the county institution. SEC. 3. The provisions of Sections 2160.7 and 3044.1 of the Welfare and Institutions Code, as amended by this act, for reimbursement to counties for institutional care of aged and blind persons shall be applied in respect to all such care provided on or after March 1, 1950, for which counties are entitled to reimbursement under those sections. Operative date

SEC. 4. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Section 1 of Article IV of the Constitution and shall therefore go into immediate effect. A statement of the facts constituting such necessity is as follows: Urgency

Article XXVII of the State Constitution, as added thereto by Proposition No. 2 at the special state election held November 8, 1949, which became operative March 1, 1950, re-enacted and revived certain provisions of the Welfare and Institutions Code as in effect at the time of the passage of Article XXV of the Constitution, including the code sections amended by this act. Those sections provide a measure for state reimbursement of counties for institutional care of the aged and blind which is unduly complicated, and, in view of the many changes effected by Articles XXV and XXVII, has become greatly confused and uncertain. The amendments made by this act will provide a measure for such reimbursement which will be both workable and fair. To avoid confusion, uncertainty, and possible interruption or cessation of the provision of such institutional care it is necessary that this act take effect immediately.

CHAPTER 36

An act to add Section 1601.5 to the Education Code, relating to the apportionment of the bonded indebtedness of school districts, and declaring the urgency thereof, to take effect immediately.

In effect
immediately

SECTION 1. Section 1601.5 is added to the Education Code, to read:

Withdrawal
of elemen-
tary school
district from
union high
school
district:
Bonded
indebtedness

1601.5. Notwithstanding the provisions of Section 1601 or of any other provision of this code, an elementary school district withdrawing from a union high school district to join another union high school district which has acquired a site for school buildings within the boundaries of the elementary school district pursuant to Section 1596 1, shall not be liable for any portion of the bonded indebtedness of the union high school district from which it is withdrawing which is authorized or incurred subsequent to the effective date of this section if a notice of intention to initiate proceedings to withdraw such territory, signed by not less than 5 percent of the qualified electors residing within the territory, is filed with the governing board of the union high school district from which withdrawal is sought not less than 14 days prior to the date such bond issue is submitted to the voters for approval, and if the territory withdrawing assumes liability for the outstanding bonded indebtedness of the union high school district of which it is made a part by a vote of two-thirds of the electors of the elementary district voting at an election called for that purpose in accordance with applicable provisions of this code. If withdrawal proceedings are not completed by February 1st of the school year in which they are commenced, the notice shall have no further effect.

SEC. 2. Section 1601.5 of the Education Code as added by this act shall have no force or effect after July 1, 1951. Effective period of section

SEC. 3. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety within the meaning of Section 1, Article IV of the Constitution and it shall therefore go into immediate effect. The statement of facts constituting such necessity is as follows: Urgency

The tremendous increase in population and school attendance in this State has created unprecedented problems in the rapid expansion of our school facilities to adequately keep abreast of such growth. In order that existing school facilities may be used to their best advantage, and that the construction of new facilities may be adequately planned to meet the needs of the increase in population and the change of population centers occasioned by new home developments, it is essential that many school districts be reorganized. Many of the proceedings prescribed by the Education Code affecting school district reorganizations must be started after July 1st and completed before the following February 1st, whereas bond issues may be authorized at any time. To withhold the issue of bonds pending completion of reorganization proceedings would unduly delay necessary expansion of school facilities, whereas the creation before July 1st of a bonded indebtedness for such expansion on territory which is about to be withdrawn from the district, would in many cases preclude reorganization proceedings essential to meet present day school needs. It is therefore necessary that this act take effect immediately.

CHAPTER 37

Secretary of State May 1, 1950.]

The people of the State of California do enact as follows:

SECTION 1. Section 1512 of the Welfare and Institutions Code is amended to read:

Aid to
needy child

1512. (a) Every county shall grant aid to any child living therein at the time of his application who is eligible therefor, in any sum needed, up to the amount of seventy-two dollars (\$72) per month; provided, that where there is more than one needy child in the same home the maximum payable for one needy child shall be seventy-two dollars (\$72) per month and the maximum payable for each of the other needy children shall be thirty-six dollars (\$36) per month. Nothing in this subdivision shall prevent any county from paying from its own funds, in its discretion, additional sums for the care of any needy child.

Where no
county
residence

(b) If at the time application for aid is made a child does not have residence as defined by Section 1526 in any county, the State shall reimburse the county the full amount of the aid granted to each such child until the first day of the first month beginning after the date upon which the child gains such county residence, unless the day upon which he gains county residence is the first day of the month, in which event the county shall assume its share of the cost beginning thereon.

Where resi-
dence in
another
county

(c) If at the time application for aid is made a child does not have residence as defined by Section 1526 in the county to which application is made, but does have such residence in another county, the State shall reimburse the county in which application is made the full amount of the aid granted by it to each such child for a period not to exceed 180 days after the date the payment of aid to the child was begun. Whenever aid is granted by a county to a child who has residence as defined by Section 1526 in another county, within 180 days after the date the payment of the aid begins, the county granting the aid shall transfer the case to the county in which the child has residence as defined by Section 1526, together with the application for aid, and all documents and records pertaining to the eligibility of the child for aid, and thereafter the county in which the application was granted shall have no further responsibility for the continuation of the aid granted, but the county in which the child has residence as defined by Section 1526 shall have full responsibility to determine the eligibility of the child to continue to receive aid and the amount of aid to be granted to him, and to pay the aid to which he is entitled, without any interruption in monthly payments as a result of the transfer.

When the State reimburses a county the full amount of aid granted by it to a child who has residence as defined by Section 1526 in another county, the proportionate share of the aid granted which would be paid by the granting county if the child were a resident thereof shall be a charge, not exceeding twenty-four dollars (\$24) per month for one needy child in a home and twelve dollars (\$12) per month for each additional needy child in the same home, against any amounts paid under Section 1554 to the county in which the child has residence as defined in Section 1526.

SEC. 2. Section 1526 of said code is amended to read :

1526. Except as provided in Sections 1512 and 1557, and subdivision (d) of this section, no county is required to pay aid under this chapter for a child, or shall be charged under Section 1512 for aid paid for a child, unless the child has had residence in that county for the period of one year immediately preceding the date of application. County residence requirement

For the purposes of this chapter, the county residence of the child shall not be lost until another is gained and shall be determined in accordance with the following rules: Determination of residence

(a) The residence of the father determines that of the child during the lifetime of the father, unless the father has abandoned the child, has been legally deprived of his custody, or is in fact living separate and apart from the mother of the child; in the latter case the residence of the child is determined by the residence of the parent who has his custody.

(b) If the child's residence is not determined under subdivision (a) hereof, then the residence of the mother determines that of the child during the lifetime of the mother, unless the mother has abandoned the child or has been legally deprived of his custody. The residence of the husband shall not be deemed the residence of the wife if they are living separate and apart and in such case each may have a separate residence dependent upon proof of the fact and not upon legal presumptions. The residence of the parent having custody of the child determines his residence.

(c) If the residence of the child is not determined under subdivisions (a) and (b) hereof, then the residence of any individual who has been appointed legal guardian determines the residence of the child; if the child is a ward of the juvenile court, the county in which the court is located shall be considered the residence of the child.

(d) The residence of a foundling shall be deemed to be that of the county in which the child is found, without the necessity of a year's presence in the county.

(e) If the residence of the child is not determined under subdivisions (a), (b), (c), or (d) hereof, and the child has been placed in an institution or boarding home by a public agency, the county in which the child has residence at the time of such placement shall be considered the residence of the child until his residence can be determined under subdivisions (a), (b), or (c) of this section.

(f) If the residence of the child is not determined under (a), (b), (c), (d), or (e) hereof, the county in which the child is living shall be deemed the county of residence, if and when the child has had a physical presence in the county for one year. The county may accept an application in the case of a child living with a relative who does not have legal custody or the county, itself, shall file an application for aid on behalf of the child and also be responsible for whatever may be its share of the child's support. This subdivision does not apply to a child for whom an application is made under Section 1557.

SEC. 3. Section 1550 of said code is amended to read :

Application
for aid

1550. Except as provided in Section 1557 of this code, application for aid in behalf of any child shall be made to the county in which he is living at the time of application. The county shall promptly investigate all applications in the manner and on forms prescribed by the State Department of Social Welfare. The county shall approve or deny such application. The county shall have a period of 90 days after the date of application within which to determine whether or not the child is eligible for aid. If the investigation is not completed at the end of the 90-day period, the investigation shall continue until completed, and if eligibility is established, aid shall begin as of the first day of the month in which the end of the 90-day period occurred.

SEC. 4. Section 1554 of said code is amended to read :

Payment of
state money
to counties

1554. From the sums appropriated in Section 1510 of this code, the State Treasurer shall pay to the county, for each child to whom aid is given under the provisions of this chapter, an amount not to exceed the amount appropriated for each child in Section 1510 of this code. The amount to be paid by the State Treasurer for any needy child shall be computed as follows :

Computation

(a) For each child who has residence in the State as defined by Section 1525 and residence as defined by Section 1526 in the county granting the aid, the amount granted by the United States Government and paid by the State Treasurer under the provisions of subdivision (a) of Section 1553 for such child shall be deducted from the total amount granted for the child pursuant to Section 1511 of this code, and two-thirds of the remaining sums shall be paid to the county by the State Treasurer. In no event shall this amount exceed the amount appropriated for a needy child by subdivision (a) of Section 1510 of this code.

(b) For each child who has residence in the State as defined by Section 1525, but who does not have residence as defined by Section 1526 in the county granting the aid, the amount granted by the United States Government and paid by the State Treasurer under the provisions of subdivision (a) of Section 1553 for such child shall be deducted from the total amount granted for the child pursuant to Section 1511 of this code, and the remaining sum shall be paid to the county by the State Treasurer. In no event shall this amount exceed the amount appropriated for a needy child by subdivision (b) of Section 1510 of this code.

The cost of such examination shall be paid entirely by the county in the same manner as other expenses of the county are paid. The evidence of each person shall be in writing, signed by him, and he shall be subject to cross-examination by the county board of supervisors or any other person appointed by the board of supervisors to conduct such investigation.

CHAPTER 51

An act to add Article 4, comprising Sections 7251 and 7252, to Chapter 16, Division 3 of the Education Code, relating to the support of the Public School System, declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 1, 1950. Filed with
Secretary of State May 1, 1950.]

In effect
immediately

The people of the State of California do enact as follows:

SECTION 1. Article 4, comprising Sections 7251 and 7252, is added to Chapter 16, Division 3 of the Education Code, to read:

Article 4. Juvenile Halls

7251. In addition, the Superintendent of Public Instruction shall allow for all elementary schools maintained in juvenile halls, juvenile homes, and juvenile camps by the county superintendent of schools, the same amount as he would compute as the foundation program of an elementary school district.

Apportion-
ments
Elementary
schools

Secondary
schools

7252. In addition, the Superintendent of Public Instruction shall allow for all secondary schools maintained in juvenile halls, juvenile homes, and juvenile camps by the county superintendent of schools, the same amount as he would compute as the foundation program of a high school district.

Urgency

SEC. 2. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health, and safety within the meaning of Section 1 of Article IV of the Constitution and shall therefore go into immediate effect to become operative July 1, 1950. A statement of the facts constituting such necessity is as follows:

Under existing law there is annually apportioned to the county school service fund of each county for the support of schools maintained by the county superintendent of schools under the provisions of the Welfare and Institutions Code in juvenile halls, juvenile homes, and juvenile camps, ninety dollars (\$90) for each unit of average daily attendance in such schools during the preceding fiscal year. This sum does not permit the maintenance of schools which can adequately provide for the education of minors in such institutions. The amount which would be apportioned under this act will enable a county superintendent of schools to maintain reasonably adequate schools for minors in juvenile halls, juvenile homes, and juvenile camps of the county.

Inasmuch as it is essential that the provisions of this act become effective at the earliest practicable date, it is necessary that this act take effect immediately.

The appraisers shall then appraise the loss, stating separately actual cash value and loss to each item; and, failing to agree, shall submit their differences, only, to the umpire. An award in writing, so itemized, of any two when filed with this company shall determine the amount of actual cash value and loss. Each appraiser shall be paid by the party selecting him and the expenses of appraisal and umpire shall be paid by the parties equally.

Company's options

It shall be optional with this company to take all, or any part, of the property at the agreed or appraised value, and also to repair, rebuild or replace the property destroyed or damaged with other of like kind and quality within a reasonable time, on giving notice of its intention so to do within thirty days after the receipt of the proof of loss herein required.

Notice of assessment

It shall be the duty of the secretary, whenever assessment shall have been made, to immediately notify every person hold-

ing a risk in this company, personally, by an agent, or by letter directed to his usual post-office address, of the amount of such loss, and the sum due from him, as his share thereof, and of the time and to whom such payment is made; but such time shall not be less than thirty days, nor more than ninety days from date of such notice. No assessment or assessments can be levied under this policy in excess of three times the premium named herein.

Action for neglect or refusal to pay assessments

An action may be brought against the member whose property is insured herein and this policy is automatically suspended if the insured shall not have paid, before it is delinquent, his portion of any assessment levied or other liability due this company for a period in excess of ninety days. The directors of this company who shall wilfully refuse or neglect to perform the duties imposed upon them by law or the bylaws of the company, shall be liable in their individual capacity to the person sustaining such loss. The term includes provision for open space types of use, such as streets and other public grounds and "Redevelopment"

space around buildings, as well as buildings, structures and improvements, public or private, and improvements of recreation areas, public or private, and other public grounds. The term also includes the replanning or redesign or original development of undeveloped areas which by reason of defective or inadequate street layout, faulty lot layout in relation to size, shape, accessibility, or usefulness, or for other causes are stagnant or not properly utilized or which, because of widely scattered ownership, or tax delinquency, or other reasons, require replanning and land assembly for reclamation or development in the interest of the general welfare.

SEC. 2. Section 25 of said act is amended to read:

Administrative expenses

Sec. 25. When the agency created for any community becomes authorized to transact business and exercise its powers, the legislative body of the community may at that time, and from time to time thereafter, appropriate such amounts to the agency out of any moneys not appropriated to some other purpose, as it deems necessary, for the administrative expenses and overhead of the agency. In addition to the common understanding and usual interpretation of the term, administrative expense includes, but is not limited to, expenses of redevelopment planning and dissemination of redevelopment information. The moneys so appropriated may be paid to the agency as a grant to defray said expenses and overhead, or as a loan to be repaid upon such terms and conditions as the legislative body of the community may provide.

SEC. 3. Section 26 of said act is amended to read:

Budget

Sec. 26. Each agency transacting any business and exercising any powers under this act shall annually submit to the legislative body of the community a proposed budget of its administrative expenses.

Adoption

The legislative body may adopt an annual budget for the administrative expenses of the agency in such amounts as it deems necessary and may provide such conditions and restrictions upon the expenditure or encumbrance of the funds appropriated pursuant to said budget as it deems advisable.

Community
Redevelopment Agency
Administrative Fund

The funds appropriated by the legislative body for administrative expenses shall be kept in the treasury of the community in a special fund to be known as the community redevelopment agency administrative fund, and funds shall be drawn therefrom to meet the administrative expenses of the agency in substantially the same manner as funds are drawn by other agencies and departments of the community subject to budgetary control.

Use of funds

The funds appropriated by the legislative body of the community to the community redevelopment agency administrative fund are funds granted by the community to defray the administrative expenses of the agency which is performing a public function of the community and the grant of funds in this manner is not to be construed as making the agency a department of the community or as placing the officers, agents, counsel and employees under civil service of the community.

SEC. 4. Section 29 of said act is amended to read:

Sec. 29. Each redevelopment agency shall constitute a public body, corporate and politic, exercising public and essential governmental functions, and, subject to the limitations imposed by this act, shall have the following powers in addition to the others herein granted:

Powers and
duties of
agency

(a) To sue and be sued; to have a seal; to make and execute contracts and other instruments necessary or convenient to the exercise of its powers.

In order that there may be no unnecessary duplication of effort or expense, the agency shall have access for the purposes of the agency to the services and facilities of the planning commission, the city engineer and such other departments and offices of the community as may be appropriate therefor.

(d) To select, appoint and employ such officers, agents, counsel and employees, permanent and temporary, as it may require, and determine their qualifications, duties and compensation, subject only to the conditions and restrictions imposed by the legislative body on the expenditure or incumbrance of the budgetary funds appropriated to the community redevelopment agency administrative fund as provided by Section 26.

(e) To prepare from time to time plans for the improvement, rehabilitation, and redevelopment of blighted areas.

(f) To disseminate redevelopment information.

(g) To accept financial or other assistance from any source, public or private, for or in aid of the agency's activities, powers and duties and to expend any funds so received for any of the purposes of this act.

(l) To obligate lessees or purchasers of property acquired in a redevelopment project: (1) to use such property for the purpose designated in the redevelopment plans; (2) to begin the redevelopment of the project area within a period of time which the agency fixes as reasonable; and (3) to comply with such other conditions as in the opinion of the redevelopment agency are necessary to carry out the purposes of this act. The agency, by provision in the contract, may make any of the purchaser's obligations, covenants or conditions running with the land, whose breach shall cause the fee to revert to the agency.

(m) To exercise all or any part or combination of the powers herein granted.

(n) Nothing herein contained shall authorize such redevelopment agency to construct or rehabilitate any of the buildings for residential, commercial, industrial, or other use contemplated by the redevelopment plan, and nothing contained in this act shall authorize such redevelopment agency to sell, lease, grant or donate public property to a housing authority or to any public agency for low-rent public housing projects.

(o) The agency shall not acquire, without the consent of the owner, any real property on which buildings are located, where such buildings are to be continued on their present site and in their present form and use, unless such buildings require alteration, improvement, modernization, or rehabilitation under the redevelopment plan and the owner fails or refuses to agree to participate in the redevelopment plan as provided in Sections 47 and 72.

SEC. 5. Section 35.2 of said act is amended to read:

Sec. 35.2. The planning commission shall submit the preliminary redevelopment plan for each project area, provided for in Section 35, to the agency and the agency shall base the tentative plan upon the preliminary plan and shall make an analysis of the preliminary plan, including such analysis in its report presented to the legislative body as provided for in Section 36.

For the purpose of raising moneys to be deposited in such fund, the legislative body may appropriate funds or the community may issue and sell its general obligation bonds. Any general obligation bonds to be issued by any community pursuant to the provisions of this section shall be authorized and issued in the manner and within the limitations, except as herein otherwise provided, prescribed by the laws of this State or the charter of the community for the issuance and authorization of such bonds thereof for public purposes generally. Irrespective of any limitation, by general or special law, as to the amount of such bonds which may be issued, a community may issue such bonds, for the purposes defined by this section, in excess of such limitation, in such amount as may be authorized by an ordinance submitted to and approved by the voters of such community at any general or special election.

All moneys received by the agency from the sale, lease or encumbering of property acquired with moneys from the redevelopment revolving fund in excess of the money required to repay the loans and interest thereon authorized by this act shall be redeposited in the fund. All other provisions of this act that relate to financing shall be subject to the provisions of this section. Nothing contained in this section shall authorize a redevelopment agency to construct any buildings, but such redevelopment agency shall be subject to the limitations imposed by the provisions of Section 29 of this act. If any property acquired in whole or in part from the redevelopment revolving fund is to be sold or leased by the redevelopment agency, the sale or lease must first be approved by the legislative body. Such approval by the legislative body shall be by resolution adopted after public hearing. Notice of the time and place of such hearing shall be published once in the official newspaper of the community at least one week prior to such time. Such resolution shall be adopted by a majority vote unless the legislative body shall have provided by ordinance for a two-thirds vote for such purpose.

CHAPTER 54

An act to amend Sections 5048, 5050, 5059, 5061, 5065, 5072, and 5073 of the Education Code, relating to school district public works, declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 1, 1950. Filed with Secretary of State May 1, 1950.]

In effect immediately

The people of the State of California do enact as follows:

SECTION 1. Section 5048 of the Education Code is amended to read:

5048. Each school district which desires an apportionment for a grade level maintained by it, shall submit through its governing board to the board an application therefor in such form and number of copies as the board shall prescribe. Each copy of the application shall be accompanied by a statement of the estimated cost of the project certified by an architect or structural engineer, and by layout plans showing the entire project for which the district desires an apportionment. Estimates of cost for new construction appearing in an application shall not exceed typical current costs of comparable new construction by school districts in the same area not receiving or not eligible for apportionment under this chapter, as determined by the Director of Finance, or if there has been no new construction by school districts in the area, the estimates of cost shall not exceed the reasonable current cost of similar construction in the area as determined by the Director of Finance. Immediately upon receipt of an application in the prescribed form accompanied by the required estimate of cost, a copy thereof shall be transmitted by the board to the director and to the Director of Finance.

Application for apportionment

A school district may at any time amend or supplement its application.

Amendment of application

The Director of Finance shall determine the school district's financial ability to meet all or a portion of the cost of the project and the amount which the school district can contribute toward the cost of the project out of its available funds, and shall submit his report thereon to the board.

Determination of financial ability of district

The director shall as promptly as possible prepare a report and recommendation with respect to the application and refer the application, report, and recommendation to the Director of Finance, who shall, if he finds said documents to be in proper form and otherwise sufficient, refer them to the board. If the Director of Finance finds said documents to be lacking in any respect as to any matter which is subject to the jurisdiction or approval of the director or Department of Education, he shall refer them to the director who shall take such action as may be necessary. The board shall, subject to the provisions of this chapter approve or reject each application referred to it by the Director of Finance. If the board approves of the application,

either in whole or in part, it shall, by a resolution adopted by it, apportion to the district from the Public School Building Loan Fund the amount applied for, or such portion thereof as the board may deem appropriate; provided, that it may order that the apportionment or any part thereof shall be paid in progressive installments at such times and under such conditions as it may then prescribe. This shall be known as a conditional apportionment and shall become final only if the vote provided for in Section 5050 is favorable and if bonds are authorized and sold in the amounts prescribed by the board, and the proceeds of the bonds sold earmarked for the project as approved. The conditional apportionment shall remain effective for a period of nine months from the date of said resolution of the board, and if it does not become a final apportionment by that date, it shall become void and the money so apportioned shall become again available for apportionment pursuant to this chapter.

Conditional
apportion-
ment

SEC. 2. Section 5050 of said code is amended to read:

Final appor-
tionment
Conditions

5050. No apportionment to a school district shall become final unless: (a) the total amount of bonds of the district, as of the date on which the conditional apportionment is made, exceeds ninety-five percent (95%) of the total amount of the bonds of the district permitted by the Education Code, or any law, to be issued, or (b) if the total amount of the bonds of the district outstanding and unpaid is less than ninety-five percent (95%) of the amount of the bonds permitted to be issued by the district, the amount of district bonds outstanding is within ten thousand dollars (\$10,000) of the total bond limit permitted, as of the date on which the conditional apportionment is made. At the time the board makes a conditional apportionment pursuant to Section 5048, it shall determine the amount of bonds required to be issued and sold by the district, the proceeds of which shall be applied to the cost of the project for which the apportionment is sought, and shall make such apportionment conditioned upon the approval and sale of such bonds by the district.

Election

No apportionment to a school district shall become final unless, at an election called by the governing board of the district, two-thirds of the qualified electors of the district voting thereat have authorized the governing board of the district to accept, expend, and repay, as provided in this chapter, an apportionment under the provisions of this chapter. Such election shall be combined with and held at the same time as the bond election to authorize the amount of bonds required by the board, if any, and shall be called, held, and conducted in the same manner as are elections to authorize the issuance of school district bonds, except that the ballot, in addition to the bond proposition, shall contain substantially the following words:

"Shall the governing board of the _____ school district be authorized to accept and expend an apportionment in an amount not to exceed \$_____ from the State of California under and subject to the provisions of Chapter 1.6 of Division

3 of the Education Code which amount is subject to repayment as provided by said chapter? Yes ----- No -----.”

SEC. 3. Section 5059 of said code is amended to read:

5059. The State Controller shall make the deduction provided by Section 5058 during each fiscal year, as herein provided, until the principal amount of the apportionment made to the district for such grade level, and all accrued interest due thereon, has been withheld; but no interest shall accrue or become due and payable to the State with respect to the principal amount of any such apportionment after the expiration of 25 years from the first day of January of the fiscal year next succeeding the date of the warrant issued by the State Controller covering the payment to the county treasurer of each portion of such apportionment. At the expiration of 30 years from the first day of January of the fiscal year next succeeding the date of the warrant issued by the State Controller covering the payment to the county treasurer of each portion of such apportionment, any unpaid balance of the principal amount of any such apportionment, including all interest included in such principal amount, shall be canceled on the books of the State Controller, and the State shall have no further right to the repayment of such unpaid balance.

Fund apportionments

SEC. 4. Section 5061 of said code is amended to read:

5061. The State Controller shall determine and maintain a record of the amount due the State in connection with each apportionment made to each grade level of a district under the provisions of this chapter. He shall compute interest on the original amount of the apportionment at the rate fixed by the board, from the date of issuance of the State Controller's warrant covering the payment to the county treasurer of any portion of the apportionment until the first day of January of the fiscal year next succeeding that in which such warrant was issued. Thereafter, interest shall accrue to and be compounded as a part of the principal amount due the State pursuant to such apportionment, on the first day of the following January of each year, until the principal and interest have been paid, or until the interest ceases to accrue, as provided in this chapter. No interest shall accrue on the principal amount of any apportionment because of the withholding of the annual repayment from apportionments made to school districts from the State School Fund on dates subsequent to the first day of January of the year in which the computation of the annual repayment is determined.

SEC. 5. Section 5065 of said code is amended to read:

5065. Unless the board has received the certificates of the county superintendent of schools required by Section 5050.1 within nine months from the date of the conditional apportionment, it shall, at the expiration of said nine months' period, void said conditional apportionment and shall certify this fact to the State Controller. Each final apportionment made by the board under this chapter shall be certified by it to the State Controller who shall from time to time draw his warrant on the

State Treasurer in favor of the county treasurer of the county having jurisdiction over the district in accordance with the terms of such final apportionment. The warrant shall be exempt from the provisions of Division 4 of Title 2 of the Government Code and shall be paid by the State Treasurer from the Public School Building Loan Fund.

SEC. 6. Section 5072 of said code is amended to read:

Expenditure
of apportion-
ment

5072. Any portion of an apportionment paid to a school district under this chapter shall be available for expenditure by its governing board for three years after the date on which the warrant covering such portion of the apportionment was issued by the State Controller. For the purposes of this chapter, an apportionment shall be deemed to be expended at the time and to the extent that the amount thereof on deposit in the county treasury has been encumbered by the creation of a valid obligation on the part of the school district. Upon the expiration of its period of availability, the unencumbered balance of any apportionment made under this chapter shall become due and payable to the State of California; and the governing board of the school district and the county treasurer shall, at the time of the next county settlement following the expiration of such period of availability, pay the amount of such unencumbered balance to the State Treasurer, out of the funds, and in the manner specified in Section 5071 of this code. Such payment shall, on order of the State Controller, be deposited in the Public School Building Loan Fund in the State Treasury.

It shall be the duty of such governing body and county treasurer to make the payments to the State Treasurer as provided in this section, and it shall be the duty of the State Controller to enforce such collection on behalf of the State.

SEC. 7. Section 5073 of said code is amended to read:

Sale or non-
use of site

5073. Whenever a school district receives an apportionment under this chapter for the purchase or improvement of a school building site and within a period of three years after the date on which the warrant covering the appropriate portion or portions of the apportionment was drawn on the State Treasurer from the Public School Building Loan Fund, sells or otherwise disposes of such site or the improvements thereon, or any portion thereof, purchased or improved in whole or in part from such apportionment, or within said period of three years does not begin to use such site or the improvements thereon for the purpose or purposes for which said apportionment was made, the board shall demand the return by the school district of the total amount apportioned to and received by the school district for such purpose or purposes or, in case of a sale of a portion of such site or the improvements thereon, a proportionate share of such apportionment, taking into consideration any improvement of the site from such apportionment. Written notice of such demand, setting forth the amount due the State pursuant thereto, shall be furnished by the board to the governing board of the school district, the county superintendent of schools, the county auditor, the county treasurer of the county

ment to

whose county has jurisdiction over the school district, and the State Controller. Upon receipt of such notice and demand, the governing board of the school district shall, at the time of the next county settlement following receipt of such notice, order the county treasurer to pay to the State Treasurer, out of any moneys in the county treasury available to the school district for that purpose, the amount set forth in such notice. Such amount shall, upon order of the State Controller, be deposited in the State Treasury to the credit of the Public School Building Loan Fund.

It shall be the duty of such governing body and county treasurer to make the payments to the State Treasurer as provided in this section, and it shall be the duty of the State Controller to enforce such collection on behalf of the State.

SEC. 8. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The existing law is not clear as to the time at which the requirements for apportionments for school building aid must be met by school districts applying therefor. This amendment would clarify the law by providing that the requirement for bonded indebtedness necessary to qualify a district for aid must be met at the time the conditional apportionment is made and thus preserve the eligibility of school districts for the final apportionment. The amendment also provides that apportionments may be made in installments. The sale of the state bonds authorized pursuant to Section 15 of Article XVI of the State Constitution will commence on May 3, 1950, and the proceeds of such sale will be apportioned to school districts for school building construction immediately thereafter. Many of the school districts which are most urgently in need of new school facilities have made application for apportionment from the proceeds of the bonds first sold. In order to avoid delay, on technical grounds, in the apportionments of the proceeds of state bonds, issued pursuant to Section 15 of Article XVI of the State Constitution, to school districts for school building construction which is vital to the adequate education of the children of the State, it is necessary that this act take effect immediately.

CHAPTER 55

An act to amend Sections 73 and 2121 of the Streets and Highways Code, relating to the relinquishment of portions of state highways to counties.

[Approved by Governor May 1, 1950. Filed with Secretary of State May 1, 1950.]

In effect
July 15,
1950

The people of the State of California do enact as follows:

SECTION 1. Section 73 of the Streets and Highways Code is amended to read:

Relinquish-
ment of
superseded
highways

73. The commission may relinquish to any county or city any portion of any state highway within such county or city which has been superseded by relocation, for use as a county highway or city street, as the case may be. Relinquishment shall be by resolution, a certified copy of which shall be filed with the board of supervisors or the city clerk, as the case may be.

Notice

Prior to relinquishing any portion of a state highway to a county, the department shall give 90 days notice in writing of intention to relinquish to the board of supervisors.

SEC. 2. Section 2121 of said code is amended to read:

Maintained
county
highways:
Inclusion or
exclusion of
mileage

2121. In May of each year each county shall submit to the department any additions or exclusions from its mileage of maintained county highways, specifying the termini and mileage of each route added or excluded from its county maintained roads. The department shall either approve or disapprove each such inclusion or exclusion and in the event of a disapproval the county shall have the right to appeal as provided in Section 74. The department shall as required by the State Controller certified to him county mileage figures. No appeal shall affect any apportionment made by the Controller pending the determination of the appeal. If, on such appeal, additional mileage is allowed the county, the department shall immediately certify the corrected figure to the Controller, and the same shall be used for subsequent apportionments.

Certification
of relin-
quishment to
Controller

On relinquishing any state highway or portion thereof to a county, the department shall immediately certify to the State Controller the mileage so relinquished and the same shall immediately be added to the county's maintained mileage of county roads for purposes of subsequent apportionments.

CHAPTER 56

An act to amend Section 288a of the Penal Code, relating to sex perversion.

In effect
July 15,
1950

[Approved by Governor May 1, 1950. Filed with
Secretary of State May 1, 1950.]

The people of the State of California do enact as follows:

SECTION 1. Section 288a of the Penal Code is amended to read as follows:

Oral
copulation

288a. Any person participating in the act of copulating the mouth of one person with the sexual organ of another is punishable by imprisonment in the state prison for not exceeding 15 years, or, by imprisonment in the county jail not to exceed one year.

CHAPTER 57

An act to add an article heading to be numbered Article 1, and to add Article 2 to Chapter 1a of Division 2 of the Agricultural Code, relating to agricultural pest control, and providing for proof of responsibility to respond for damages ensuing from operations involving spraying or otherwise applying pest control materials through the medium of aircraft, declaring the urgency of this act, to take effect immediately.

[Approved by Governor May 1, 1950 Filed with Secretary of State May 1, 1950.]

In effect immediately

The people of the State of California do enact as follows:

SECTION 1. An article heading is added to Chapter 1a of Division 2 of the Agricultural Code immediately to follow the chapter heading of said Chapter 1a and to read:

Article 1. Regulation Generally

SEC. 2. Article 2 is added to Chapter 1a of Division 2 of said code, to read:

Article 2. Financial Responsibility

160.91. The provisions of this article apply only to persons required to be licensed under Article 1 of this chapter who apply pest control materials or substances by dusting, spraying or any other manner whereby such materials or substances are applied through the medium of aircraft. As used in this article, "operator" refers to a person within the foregoing description and "pest control operation" means the application of such materials and substances by an operator.

Applicability of article

"Operator"
"Pest control operation"

160.92. Whenever judgment is rendered against any operator for damages arising out of pest control operations the operator shall submit proof to the director of his financial responsibility to respond in damages as required by this article. Such proof shall be submitted regardless of whether or not such judgment is satisfied.

Proof of financial responsibility

160.93. Proof of such financial responsibility may be made by furnishing security which may consist of a deposit of money, a surety bond in favor of any person or persons who may suffer damage by reason of pest control operations by the operator issued by a corporate surety company qualified and authorized to do business in this State, or an insurance policy of an insurer authorized to do business in this State insuring the operator against liability resulting from pest control operations. The amount of such deposit, surety bond, or insurance shall be not less than twenty-five thousand dollars (\$25,000) and in the event of any recovery against such security it shall be replenished so that it amounts to not less than twenty-five thousand dollars (\$25,000).

Same Deposit of security

Failure to
furnish
security

160.94. In the event that any operator required to furnish security under this article fails to do so or fails to maintain or fails to replenish such security as required by this article, the director shall forthwith suspend his license until such time as he furnishes or maintains or replenishes such security, as the case may be.

Federal or
state bonds

160.95. For the purpose of this article a deposit of bonds or other obligations for the payment of which the full faith and credit of the United States or of this State are pledged shall be considered a deposit of money.

Urgency

SEC. 3. This act is an urgency measure necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The application of chemicals and other material and substances used in agricultural pest control operations through the medium of aircraft creates certain inherent hazards not only to the plants or other property to which they are intended to be applied but in many cases to other plants, livestock, and, sometimes, humans. Some pest control chemicals are volatile and are likely to be carried great distances and deleteriously affect plants, livestock, or humans at places remote from the place where they are deposited in the air. Inasmuch as the pest control business involves operations which result in the contamination of the air with potentially harmful or dangerous substances it is a business affected with a public interest and provision should be made for the protection of persons who may suffer damage by reason of such operations. This act furnishes such protection by requiring proof of financial responsibility of pest control operators against whom judgments for damages for improper operations have been rendered. In order that these provisions may be put into operation prior to the growing season of this calendar year it is necessary that this act take effect immediately.

CHAPTER 58

An act to add Sections 14078.1, 14238, 14259 and 14292 to the Health and Safety Code, relating to the financing of public works and improvements by fire protection districts and the levy of taxes to pay principal and interest of bonds issued by such districts, declaring the urgency of this act, to take effect immediately.

In effect
immediately

[Approved by Governor May 1, 1950. Filed with
Secretary of State May 1, 1950.]

The people of the State of California do enact as follows:

SECTION 1. Section 14238 is added to the Health and Safety Code, to read:

Tax liability:
Property in
included
territory

14238. Property in territory included within a district shall, from and after the date of such inclusion, be subject to

tax, levied as provided in Section 14160, to pay the principal of and interest on bonds of the district outstanding at the time of such inclusion

SEC. 2. Section 14259 is added to said code, to read:

SEC. 5. This act is an urgency measure necessary for the immediate preservation of the public peace, health and safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Urgency

Certain fire protection districts are in need of fire stations and fire fighting apparatus and equipment and without such facilities are unable to furnish property in such districts proper and adequate protection against fire. Certain of such districts can construct and acquire such facilities only by the issuance of bonds of the district. Because of certain present inadequacies in the provisions relating to the levy of taxes to pay such bonds, such bonds could not be sold. This act corrects such inadequacies and makes possible the immediate financing of such public works and improvements urgently needed for the immediate preservation of the public peace, health and safety.

CHAPTER 59

An act to amend Section 6550 of the Streets and Highways Code, relating to public works and improvements, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 1, 1950. Filed with
Secretary of State May 1, 1950.]

In effect
immediately

The people of the State of California do enact as follows:

SECTION 1. Section 6550 of the Streets and Highways Code is amended to read:

Notice of
application
for deed

6550. In order to obtain a deed the purchaser of the property or his assignees shall, 30 days prior to the expiration of the time of redemption, or 30 days before the date of his application for a deed, mail a written notice, postage prepaid, addressed to the owner of the property purchased, as his name and address appear on the last equalized assessment roll if they so appear or as known to the clerk, and serve such notice upon the party occupying the property, if the property is occupied.

Contents

The notice shall state:

- (a) That the property or a portion of it has been sold to satisfy the bond lien;
- (b) The date of sale;
- (c) The date, number and series of the bond;
- (d) The amount then due, and
- (e) The time when the right of redemption will expire, or when the purchaser will apply for a deed

Unoccupied
property

If the property is unoccupied, a similar notice must be posted in a conspicuous place upon the property at least 30 days before the expiration of the time for redemption, or 30 days before the purchaser applies for a deed.

Urgency

SEC. 2. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety within the meaning of Section 1, Article IV of the Constitution of the State of California and shall therefore go into immediate effect. A statement of the facts constituting such necessity is as follows:

The tremendous growth and development within the State of California during and since World War II has made necessary the acquisition and construction of many new public improvements and it is essential that the laws therefor be clear and workable. This amendment is to the Improvement Act of 1911, which is one of the most greatly used acts for public improvements. The object of this amendment is to clarify the law so it will be capable of responding to the present necessities of this State with respect to proceedings heretofore or hereafter instituted pursuant to said act and to perfect titles to property within such assessment districts.

[Approved by Governor May 1, 1950. Filed with Secretary of State May 1, 1950.]

The people of the State of California do enact as follows:

SECTION 1. Section 10 of the act cited in the title hereof is amended to read:

Sec. 10. Within 10 days after each tax shall have become due and payable, the assessor shall publish in some newspaper

of general circulation published in the county in which the district was organized, a notice stating that the same became due and payable on (inserting date) to the tax collector of the district and that unless paid within six calendar months from said date the same will become delinquent, an additional charge of 5 percent thereof added thereto and the delinquent property sold at public auction. The tax must be paid in United States gold coin and the tax collector must mark the date of payment in the assessment book opposite the name of the person paying, and must give to such person a receipt, specifying the property taxed, the amount of the charge thereon and the amount paid, and thereafter must pay the moneys so received to the treasurer of the district. As soon as possible after the tax shall become delinquent the assessment book and each separate part thereof shall be returned to the secretary of the district and the board of directors thereof shall publish once a week for three weeks in some newspaper of general circulation published in the county in which said district was organized a notice containing a description of the delinquent property; the name, if known, and, if unknown, stating that fact, of the person to whom it is assessed; the amount of the taxes and penalties due thereon; and a statement that the delinquent property will be sold therefor in front of the courthouse of said county on a date therein stated, which must be not less than 21 or more than 28 days from the first publication, unless an error is made in the publication and discovered prior to the sale, in which case the notice shall be republished in the same manner, specifying the sale for a date not less than 21 or more than 28 days from the first republication.

SEC. 2. Section 11 of said act is amended to read:

Sec. 11. At the time and place stated in said notice or at such other time (written notice whereof has been posted at the place of sale) to which the board of directors may have postponed it, not exceeding 30 days in all from the original date of sale, that person is the purchaser who will immediately pay in gold coin of the United States the delinquent tax and the penalty thereon for the smallest portion of the delinquent property, or in case an undivided interest is taxed, then the smallest portion of the interest. In case there is no purchaser in good faith for the same the whole amount of the delinquent property shall, for the amount of the tax and penalty thereon, be struck off to the district as the purchaser.

A certificate of sale shall be executed in duplicate by the board of directors, one of which shall be delivered to the purchaser or to the district, if the property shall have been struck off to the district, and the other of which shall be recorded in the office of the county recorder of the county in which the property sold is located. The certificate shall be dated the day of the sale and shall specify—the description of the property sold; the name, if known, and if not, stating that fact, of the person to whom it was assessed; the fact that it was sold for the amount of the tax and penalty thereon, giving the amount and

year of said tax; and the date on which the purchaser will be entitled to a deed.

Recording
of certificate

The recorder upon receiving the certificates of sale must, when he records the same, enter, in a book provided for that purpose and kept with the book provided for the purpose of recording instruments and writings relating to the district, a description of the land sold, corresponding with the description in the certificate, the date of sale, the name of the purchaser, and the amount paid. The entries in said book shall be numbered consecutively on the margin thereof and a corresponding number shall be endorsed on the certificate. At the time of the sale the board of directors shall endorse in the assessment book opposite the description of the property, the portion of the same sold for taxes and penalties, with the date of sale and name of purchaser and shall thereafter pay to the tax collector of the district the amount received on the sale thereof and shall return said assessment book, or any such separate part thereof, to the tax collector from whom the same was received. Thereupon the tax collector must pay the moneys so received to the treasurer of the district.

Redemption

Any person interested in any property sold may redeem the same within three years from the date of sale by paying in gold coin of the United States to the tax collector and in trust for the purchaser or his assignees, the amount for which the same was sold, together with interest thereon at the rate of 9 percent per year from the date of sale, and the tax collector must give him a receipt therefor, specifying therein a description of the property redeemed, the name of the purchaser and the date of sale, and he shall credit the amount so paid to the purchaser and shall thereafter pay the same on demand to the purchaser or his assignee. The county recorder of the county in which is located the property redeemed shall, upon presentation of the tax collector's receipt for said amount, mark the word "redeemed," the date and by whom redeemed on both the record of the certificate of sale of said property and on the margin of the memorandum thereof made in the book kept for that purpose.

Execution of
deed

If no redemption shall be made within said three years, the purchaser, or the district, if said property shall have been sold to the district, shall be entitled to a deed executed by the board of directors, and said deed shall contain all the recitals of the certificate, and when duly acknowledged shall be (except as against actual fraud) conclusive evidence of the regularity of all proceedings from the assessment to the execution of said deed, inclusive, and said deed will convey to the grantee the absolute title to the lands described therein, free of all encumbrances, except state, county, municipal or subsequent district taxes, and except when the land is owned by the United States or this State, in which case it is the prima facie evidence of the right of possession.

Assessment
of property

All property sold for taxes to the district shall subsequently be assessed for district taxation as though it had never been

sold, but it shall not again be sold for delinquent tax, as long as it is owned by the district.

The title acquired by the district, in case it becomes the purchaser at a delinquent tax sale of the district, may be sold at public auction or private sale and conveyed by deed executed and acknowledged by the president and secretary of the district; provided, that authority to so convey must be conferred by resolution of the board entered on its minutes fixing the price, in the best interests of the district, at which such sale may be made.

CHAPTER 18.1. COLLECTING THE ASSESSMENT ON THE TAX ROLL

5450. As an alternative method for the collection of cash assessments or assessments of less than twenty-five dollars (\$25) levied under the provisions of this division, the legislative body may, and upon the written request of the contractor or his assigns, shall, by resolution adopted on or before the third Tuesday in September, direct that such assessments be collected upon the tax roll upon which general taxes are collected.

Alternative method for collection

Resolution

5451. Said resolution shall contain a description of the properties so assessed, the amount of such assessments, together with interest thereon from the date of filing the original list of unpaid assessments and at the rate of 1 percent per month to the next succeeding thirty-first day of December of the tax year for which such roll shall have been prepared, and the total amounts of principal and interest on each property.

Contents

5452. A certified copy of said resolution shall be delivered immediately to the officer designated by law to extend city taxes upon the tax roll on which they are collected.

Certified copy

5453. Said officer shall extend upon such roll the total amounts of such assessments and interest.

Extension on roll

5454. Said amounts shall be collected at the same time and in the same manner, as general municipal taxes are collected, and be subject to the same penalties and interest, and to the same procedure under foreclosure and sale in case of delinquency, as provided for general municipal taxes, all of which laws for the levy, enforcement and collection of which are hereby made applicable to such special assessment taxes.

Manner of collection

5455. Said assessments and the interest so entered shall become due and payable to the contractor or his assigns at the office of the city treasurer on the second day of January next succeeding.

Due date

5456. Upon default in payment, the lands so assessed shall be sold in the same manner in which real property in such city is sold for the nonpayment of general municipal taxes, and be subject to redemption within one year from the date of sale in the same manner as such real property is redeemed from such delinquent sale, and upon failure of such redemption, shall in like manner be sold or pass by deed to the city. The city shall not, however, be required to pay into the assessment fund any part of such delinquency until such property be redeemed or sold and money received therefor.

Sale upon default

Same

5457. Upon receipt of such deed the city shall thereupon offer and sell such property at public auction in the manner provided by law for the sale of its tax-deeded property, and the amount of said assessment and the penalties and interest thereon shall be paid to said contractor or his assigns.

Sale to owner of assessment

5458. In the event there shall have been no bidder offering the amount then due on such property, it may, at the city's election, be declared sold to the owner of such assessment, and in like manner be deeded to him, and such assessment ordered satisfied of record.

"Maintenance of sewers"

SEC. 9. Section 5835.2 of said code is amended to read: 5835.2. "Maintenance of sewers" as used in this chapter includes the extension and enlargement of sewers, within the district, and the acquisition or construction of other works or improvements useful in the proper operation of said sewers.

After the full expiration of 30 days from the date of the recordation of the warrant, and after the filing of the written statement of all payments received by the contractor or his assignees upon the assessment, the street superintendent shall make and certify to the treasurer a complete list of all assessments unpaid, which amount to twenty-five dollars (\$25) or over, upon any assessment, or diagram number, or which amount to ten dollars (\$10) or over, upon any assessment, or diagram number, for work mentioned in Section 6401.

Urgency

SEC. 11. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety within the meaning of Section 1, Article IV of the Constitution of the State of California and shall therefore go into immediate effect. A statement of the facts constituting such necessity is as follows:

The tremendous growth and development within the State of California during and since World War II has made necessary the acquisition and construction of many new public improvements and it is essential that the laws therefor be clear and workable. These amendments are to the Improvement Act of 1911, which is one of the most greatly used acts for public improvements. The object of these amendments is to clarify the laws so they will be capable of responding to the present necessities of this State.

(b) The payment of moneys by a school district to parents or guardians of pupils in lieu of providing for the transportation of such pupils between their homes and the schools attended by them.

He shall determine the total current expenses of the district for such transportation during the preceding fiscal year as approved by him in accordance with such regulations as he may establish. He shall then determine what rate of tax levied on each one hundred dollars (\$100) of 90 percent of the assessed valuation of the district as shown by the equalized assessment roll of the district for the preceding fiscal year, hereinafter referred to in this section as computed tax rate, would, if levied, produce such amount. If the computed rate of tax is more than two cents (\$0.02) he shall allow to the district (a) 50 percent of the amount which would be produced by not more than eight cents (\$0.08) of the computed tax rate less two cents (\$0.02) and (b) 100 percent of the amount which would be produced by the computed tax rate in excess of eight cents (\$0.08).

He shall allow to each high school district maintaining a junior college, except as to any to which Section 7034 is applicable, which during the preceding fiscal year provided for the transportation of pupils, an amount which shall be computed as follows: High school districts maintaining a junior college

He shall determine the total current expenses of the districts for such transportation during the preceding fiscal year, as approved by him, in accordance with such regulations as he shall establish. He shall then determine what rate of tax levied on each one hundred dollars (\$100) of 90 percent of the assessed valuation of the district as shown by the equalized assessment roll of the district for the preceding fiscal year, hereinafter referred to in this section as computed tax rate, would, if levied, produce such amount. If the computed rate of tax is more than three cents (\$0.03) he shall allow to the district (a) 50 percent of the amount which would be produced by not more than twelve cents

(\$0.12) of the computed tax rate less three cents (\$0.03) and (b) 100 percent of the amount which would be produced by the computed tax rate in excess of twelve cents (\$0.12).

Unified
school
districts

7015. He shall allow to each unified school district formed under the provisions of Chapter 16 of Division 2, the formation of which became effective on July 1, 1948 or thereafter, an amount equal to the total current expenses of the district during the preceding fiscal year for the transportation of pupils, determined by the Superintendent of Public Instruction to have been required because of a change of the location of schoolhouses within the district during such preceding fiscal year. No allowance shall be made under this paragraph subsequent to the close of the fifth fiscal year following that in which the district was formed and thereafter the provisions of the next paragraph shall control as to such district.

He shall allow to each unified school district not maintaining a junior college which during the preceding fiscal year provided for the transportation of pupils, an amount which shall be computed as follows:

He shall determine the total current expenses of the district for such transportation during the preceding fiscal year as approved by the Superintendent of Public Instruction in accordance with such regulations as he may establish. If the computed rate of tax is more than three cents (\$0.03) he shall allow to the district (a) 50 percent of the amount which would be produced by not more than twelve cents (\$0.12) of the computed tax rate less three cents (\$0.03) and (b) 100 percent of the amount which would be produced by the computed tax rate in excess of twelve cents (\$0.12).

Unified
school
district
maintaining
junior
college

He shall allow to each unified school district maintaining a junior college, except as to any to which Section 7034 is applicable, which during the preceding fiscal year provided for the transportation of pupils, an amount which shall be computed as follows:

He shall determine the total current expenses of the district for such transportation during the preceding fiscal year, as approved by him in accordance with such regulations as he may establish. He shall then determine what rate of tax levied on each one hundred dollars (\$100) of 90 percent of the assessed valuation of the district as shown by the equalized assessment roll of the district for the preceding fiscal year, hereinafter referred to in this section as computed tax rate, would, if levied, produce such amount. If the computed rate of tax is more than four cents (\$0.04) he shall allow to the district (a) 50 percent of the amount which would be produced by not more than sixteen cents (\$0.16) of the computed tax rate less four cents (\$0.04)

He shall compute for each group of two or more school districts which have been continuously from a time prior to July 1, 1949 governed by boards of identical personnel during the preceding fiscal year and have maintained a single transportation system for all of such districts which provided for the transportation of pupils, an amount which shall be computed as follows:

He shall determine the total current expenses of the districts for such transportation during the preceding fiscal year, as approved by him, in accordance with such regulations as he shall establish. He shall, if such group includes an elementary school district and a high school district not maintaining a junior college and each district provided for the transportation of pupils, or includes an elementary school district, a high school district, and a junior college district and each district except the junior college district provided for the transportation of pupils, then determine what rate of tax levied on each one hundred dollars (\$100) of 90 percent of the assessed valuation of the district as shown by the equalized assessment roll of the district for the preceding fiscal year, hereinafter referred to in this section as computed tax rate, would, if levied, produce such amount. If the computed rate of tax is more than three cents (\$0.03) he shall allow to the district (a) 50 percent of the amount which would be produced by not more than twelve cents (\$0.12) of the computed tax rate less three cents (\$0.03) and (b) 100 percent of the amount which would be produced by the computed tax rate in excess of twelve cents (\$0.12).

He shall compute for each group of two or more school districts which have been continuously from a time prior to July 1, 1949, governed by boards of identical personnel during the preceding fiscal year and have maintained a single transportation system for all of such districts which provided for the transportation of pupils, an amount which shall be computed as follows:

He shall determine the total current expenses of the districts for such transportation during the preceding fiscal year, as approved by him, in accordance with such regulations as he may establish. He shall, if such group includes an elementary school district, and a high school district maintaining a junior college, each of which provided for the transportation of pupils, including those attending the junior college, or includes an elementary school district, a high school district, and a junior college district, each of which provided for the transportation of pupils, then determine what rate of tax levied on each one hundred dollars (\$100) of 90 percent of the assessed valuation of the district as shown by the equalized assessment roll of the district for the preceding fiscal year, hereinafter referred to in this section as computed tax rate, would, if levied, produce such amount. If the computed rate of tax is more than four cents (\$0.04) he shall allow to the district (a) 50 percent of the amount which would be produced by not more than sixteen cents

Two or more districts having single transportation system

(\$0.16) of the computed tax rate less four cents (\$0.04) and (b) 100 percent of the amount which would be produced by the computed tax rate in excess of sixteen cents (\$0.16).

He shall then allow to each district in the group the same ratio of the total amount computed for the group as the governing boards of the districts in the group certify to him is the ratio the amount expended for such transportation in such district during the preceding fiscal year was of the total expenditures of all districts in the group for such transportation during the preceding fiscal year.

Unified
school
district.
Cost of
busses

7017. In the case of a unified school district formed under Chapter 16 of Division 2 of this code, the formation of which became effective for all purposes on July 1, 1948 or thereafter, there shall be included in addition to the current costs of the district the cost of school busses for the first fiscal year in which it purchases school busses determined by the Superintendent of Public Instruction to have been required because of changes in the location of schools within the district, the entire cost of such busses. This paragraph shall not be effective as to any unified school district after the end of the fifth fiscal year succeeding the formation of the district.

Standards
applicable

7018. The Superintendent of Public Instruction in approving, under this article, current expenditures of school districts for the transportation of pupils shall apply the same standards and bases for such approval to expenditures for such transportation provided by a school district in school busses owned and operated by the school district and expenditures for such transportation provided by contract with a private party except that with respect to expenditures for transportation by contract with a private party, he shall make due allowance for all expenditures by the private party required of it by law and not required of a school district in connection with the operation of busses owned by the district.

Limitation
on appor-
tionment

7019. The Superintendent of Public Instruction shall not apportion during any fiscal year in excess of four million seven hundred thousand dollars (\$4,700,000) including the amount computed by multiplying the total average daily attendance in the elementary school districts, high school districts, and junior college districts of the State during the preceding school year by two dollars (\$2) pursuant to Section 7011, under this article.

Reduction
for deficit

7020. In the event the amount available under Section 7037 for apportionment during any fiscal year is less than the total allowances computed under this article for such fiscal year, the amounts allowed shall be reduced in the ratio that the amount of such deficit bears to the amounts allowed.

SEC. 13 Article 11.6 is added to Chapter 15, Division 3 of the Education Code, to read:

Article 11.6 Apportionment for Growth

"Single
elementary
school
district"

7109 (a) "Single elementary school district" means an elementary school district which is not included within a union

elementary school district, joint union elementary school district, or unified school district.

(b) "Eligible school district" means a single elementary school district which was in existence for all purposes on July 1, 1948 and a union elementary school district, joint union elementary school district, or unified school district which was in existence for all purposes on July 1, 1949 and as to which all of the following are true:

(1) The average daily attendance in the regular full time day elementary and kindergarten schools of the district for the then current fiscal year as estimated by the governing board of the district, in the manner prescribed by, and as approved by the Superintendent of Public Instruction, will exceed the average daily attendance in the regular full-time day elementary and kindergarten schools of the district for the preceding fiscal year by 0 percent if the assessed valuation of the district per unit of actual average daily attendance in the regular full-time day elementary and kindergarten schools of the district for the preceding fiscal year as shown by the 1949 equalized assessment roll of the district for such preceding fiscal year is one thousand dollars (\$1,000) or less, and by an additional 1 percent for each one thousand dollars (\$1,000) or fraction of one thousand dollars (\$1,000) the assessed valuation of the district per unit of actual average daily attendance in the regular full-time day elementary and kindergarten schools of the district for the preceding fiscal year as shown by the 1949 equalized assessment roll of the district for such preceding fiscal year exceeds one thousand dollars (\$1,000), but in any event by not less than 10 units of average daily attendance.

(c) "Allowed average daily attendance" means the average daily attendance of a district for the then current fiscal year as estimated by the governing board of the district and approved by the Superintendent of Public Instruction pursuant to this section less the increase in average daily attendance required to constitute a district an eligible school district under this section.

7109.1. The Superintendent of Public Instruction shall not later than March 1st of each fiscal year make the apportionments provided for in this article.

7109.2. The Superintendent of Public Instruction shall allow to each eligible school district as to which the requirements of Section 7161 have been met an amount which he shall determine in the following manner:

(a) He shall compute for each such district the amount of a foundation program for school support under Article 6 of this chapter and Section 7111 except that such foundation program shall be computed on the allowed average daily attendance of the district.

(b) He shall compute the amount of district aid for such district under Article 10 of this chapter or Section 7111, as the case may be, except that in making such computation the

assessed valuation used shall be that shown by the current equalized assessment roll of the district.

(c) He shall compute the amount of basic state aid for such district under Article 7 of this chapter except that in making such computation the average daily attendance of the district used shall be the allowed average daily attendance of the district.

(d) He shall then deduct from the amount of the foundation program computed under this section the amount of district aid computed for the district under this section.

(e) He shall then compare the amounts computed for such district under (c) and (d) and from the larger of the amounts, he shall deduct (1) the total of basic state aid and state equalization aid allowed to the district during the then current fiscal year under Articles 7 and 11 of this chapter on account of the average daily attendance in the regular full-time day elementary and kindergarten schools of the district during the preceding fiscal year.

Apportionment

7109.3. The amount allowed by the Superintendent of Public Instruction to a district under Section 7163 shall be apportioned by him to the district.

Deductions from apportionments

7109.4. If the actual average daily attendance in the regular full-time day elementary and kindergarten schools of the district for the then current fiscal year shall prove to be less than the estimated average daily attendance of the district used in computing the allowed average daily attendance of the district under Section 7161, the amount apportioned to the district under this article in excess of what would have been apportioned had such estimated average daily attendance and the actual average daily attendance been the same, shall be certified by the Superintendent of Public Instruction to the State Controller who shall deduct such amount from the apportionments made to such district from the State School Fund during the next fiscal year and shall pay the amount deducted into the State General Fund.

Abstracts of apportionments

7109.5. The Superintendent of Public Instruction shall furnish abstracts of the apportionments made under this article to the State Controller, the Department of Finance, and to the county and city and county auditors, county and city and county treasurers, and county superintendents of schools of the several counties of the State having jurisdiction over the districts to which such apportionments are made.

Certification of apportionments

7109.6. The Superintendent of Public Instruction shall certify each apportionment made by him under this article to the State Controller who shall draw his warrant during the fiscal year on the funds appropriated by this act in favor of the treasurer of the county having jurisdiction over the district for the amount of such apportionment.

Credit to district fund

7109.7. All money received by the treasurer of any county from an apportionment made under this article shall be immediately credited by the treasurer to the general fund of the dis-

WHEREAS, Many of these unemployed agricultural workers whether residents for past three years in this State or not such residents, are seriously in immediate need of food and other assistance; and

WHEREAS, The Federal Government has quantities of surplus food in storage in the State of California at this time consisting of beans, butter, potatoes, honey, dried prunes, peaches, apricots, raisins and other food-stuffs in addition to the powdered milk and powdered eggs now being distributed through the State Department of Education, which can be and should be made immediately, devoid of unnecessary red tape, available to such persons to avoid distress and deprivation for many such workers and their families including many small children; and

WHEREAS, The only surplus food now being distributed is through the Department of Education, consisting chiefly of powdered milk and powdered eggs and some potatoes, and is definitely inadequate and insufficient as a diet and such deficiency unless immediately remedied will produce illness of possibly epidemic proportions and which will be prevented if the Federal Government will turn loose the surplus food in its possession as requested by this resolution; and

WHEREAS, The proposal of getting surplus food into the hands of California state and county agencies for immediate distribution to these people that distress and even in many

cases starvation may be prevented, is desperately urgent; now, therefore, be it

WHEREAS, The American Legion will hold a National Convention in the City of Los Angeles on October 9, 10, 11, and 12, 1950, which will be attended by thousands of war veterans, their relatives, and friends, from every part of the United States; and

WHEREAS, The gathering together of the great number of visitors to the State of California that will be found in attendance at the Legion convention will present a marvelous opportunity for Californians to extend the very best of hospitality to these visitors, and to publicize the glories of our State; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the California Centennials Commission is requested to cooperate, to the full extent of the lawful exercise of its powers, with the American Legion in providing for publicizing to the delegates and visitors to the Legion convention the Centennial of the State of California, and to produce, pay for, and issue to the delegates and alternates of the convention badges symbolic of the one hundredth anniversary of the State, such badges to be produced from molds already designed, as a means of providing national publicity impossible of attainment in any other manner; and be it further

CHAPTER 10

Senate Joint Resolution No. 6—Relative to proposed federal regulation of size and weight of motor vehicles.

[Filed with Secretary of State April 10, 1950.]

WHEREAS, On March 9, 1950, a bill, numbered H. R. 7637, was introduced in the House of Representatives of the Congress of the United States, proposing to amend Section 226 of the Interstate Commerce Act, as amended, to confer jurisdiction upon the Interstate Commerce Commission to supersede state laws, rules or regulations of any state or any political subdivision therein which said commission finds obstructs or hinders interstate or foreign commerce, and to confer jurisdiction on the district courts of the United States by injunction or other process to restrain interference with the operation of motor vehicles in interstate or foreign commerce, in compliance with any regulations prescribed by the Interstate Commerce Commission; and

Federal
regulation
of size of
motor
vehicles

WHEREAS, The regulation of the size and weight of vehicles operated on the public highways of the several states has always heretofore been considered a subject properly regulated under laws enacted by the legislatures of the several states for the protection of the public highways of the state, and the lives and safety of the citizens of the respective states; and

WHEREAS, Notwithstanding the grants of federal aid for highway construction, the state highways, county highways, city streets and other public highways in and of the several states have largely been financed by the proceeds of taxes levied under the laws of the respective states; and

WHEREAS, The ability of any state to pay for increased highway facilities required for large or heavy vehicles or for increased maintenance costs resulting from the operation thereof is a matter resting solely with the legislature of said state; and

WHEREAS, It is most impracticable and an unnecessary expenditure of public moneys for any federal commission sitting at Washington, D. C., to attempt to judge the safety of bridges, roadway surfaces or other highway facilities, or to foresee emergency conditions which may develop therein and thereon; and

WHEREAS, The legislatures of the several states have substantially achieved uniformity in the regulation of size and weight of motor vehicles through adoption of the recommended standards of size and weight adopted by the American Association of State Highway Officials, as a result of widespread studies conducted jointly with the Bureau of Public Roads of the Department of Commerce of the United States of America; and

WHEREAS, Dual control and regulation of the size and weight of motor vehicles will inevitably cause confusion in police enforcement and in the collection of weight fees and

other licenses or taxes, and discrimination between intrastate operators and those engaged in interstate or foreign commerce; and

WHEREAS, Legislation such as H. R. 7637 will be an opening wedge for federal invasion of a field heretofore regulated and controlled by the legislatures of the several states, so that the next step would be federal regulation of permissible speeds of motor vehicles operating in interstate commerce, and federal interference in the matter of taxes or fees levied or imposed by the several states for the privilege of using the public highways thereof, further usurping the right of the Legislature of each state to pass such laws as it considers necessary and proper for the protection of the safety of its citizens and its investment in its streets and highways, and to provide for the continued maintenance and improvement thereof, now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature of the State of California considers H. R. 7637 an unwise and unnecessary attempt to invade the rights reserved to the several states by the Constitution of the United States of America, and memorializes the Congress of the United States of America to refuse enactment to H. R. 7637, or any other similar legislation, and to leave the matter of regulation of sizes, weights, and operation of motor vehicles on the public highways of the several states to the legislatures thereof.

The Secretary of the Senate is instructed to mail a copy of this resolution to the President of the United States, the Vice President of the United States, and to each Senator and Representative in the Congress of the United States of America from the State of California.

[Filed with Secretary of State April 11, 1950]

Reduction
of tariffs
on Italian
lemons

WHEREAS, A 50 percent tariff reduction on Italian lemons has been included in the trade treaty recently proposed to the Italian Government by the United States State Department; and

WHEREAS, Italian lemon growers already enjoy a retail selling advantage of more than one dollar (\$1) per box in eastern markets of the United States; and

WHEREAS, The Department of Agriculture and the House Agricultural Committee oppose the inclusion of the tariff reduction on Italian lemons in the trade treaty; and

WHEREAS, The State Department action has resulted in large shipments of Italian lemons to the United States at a time when there already exists in California a surplus crop of lemons which is more than 30 percent larger than usual; and

WHEREAS, The tariff reduction will encourage further shipments of Italian lemons into United States markets, and, thereby, increase the surplus which exists in such markets; and

WHEREAS, The influx of Italian lemons to be anticipated from this tariff reduction will inevitably produce hardship among packing house workers, grove owners, shippers, processors, field workers, box factories, and all other persons and industries dependent upon California lemon production for their business and livelihood; and

WHEREAS, It is feared that this trade treaty by the State Department might be followed by similar trade treaties likely to produce similar hardship in the orange, lime, grapefruit, and other citrus markets; now, therefore, be it

Resolved by the Senate and the Assembly of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President of the United States, the Secretary of State of the United States and the Congress of the United States to take whatever action is necessary to prevent the reduction of tariffs on Italian lemons imported into the United States; and be it further

Resolved, That the Secretary of the Senate be directed to transmit copies of this resolution to the President and Vice President of the United States, the Secretary of State, the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

within its
boundaries

WHEREAS, Each state has maintained full control of its natural resources with the acquiescence and approval of the United States and in accordance with numerous decisions of the Supreme Court of the United States and the executive departments of the United States that these lands and resources were vested in the respective states as an incident to state sovereignty and that the exercise of these powers of ownership and control did not and will not impair or interfere with the exercise by the Federal Government of its constitutional powers in relation to the control and regulation of commerce, navigation, national defense and international relations; and

WHEREAS, Substantial sums of money have been expended by the several states, their subdivisions, and persons lawfully acting pursuant to state authority in improving and reclaiming lands, and in developing the natural resources in the lands and waters relying upon the recognized rule of state ownership; and

WHEREAS, The Supreme Court of the United States has recently held that the Federal Government has certain paramount powers in respect to a portion of these lands and natural resources without reaffirming or settling the ultimate question of their ownership and control; and

WHEREAS, This decision of the Supreme Court recognizes that the question of the ownership and control of these lands and natural resources is within the "congressional area of national power" and that Congress will not execute its powers in "such way as to bring about injustices to the states, their subdivisions, or persons acting pursuant to their permission"; now therefore, be it

Resolved by the Assembly and the Senate of the State of California, jointly, That it is in the public interest and in the furtherance of justice that title and ownership of the lands beneath navigable waters within the boundaries of the states be restored to and confirmed in these states by the Congress of the United States; and be it further

Resolved, That the Congress of the United States recognize, confirm and establish title to these lands in the states so concerned; and be it further

Resolved, That the Congress of the United States release and relinquish to these states all right, title and interest which the United States has in these lands; and be it further

Resolved, That the Chief Clerk of the Assembly is directed to transmit copies of this resolution to the President of the United States, the President of the Senate, the Speaker of the House of Representatives and to each Senator and Representative in the Congress of the United States.

section

If two-thirds of the members elected to the house vote in the affirmative the presiding officer shall then direct that the question of whether the house shall concur in the amendment or amendments shall be put to a vote. If two-thirds of all the members elected to the house vote in the affirmative, concurrence in the amendments shall be effective.

Senate Concurrent Resolution No. 6—Relative to recommending proposed legislation to the committees of the Legislature.

[Filed with Secretary of State April 14, 1950]

WHEREAS, The people of the State of California by amendment of the Constitution have placed a 120-calendar day limit on the Regular Session of the Legislature convening in the year 1951; and

Submission of proposed legislation to interim committees, at an early date

WHEREAS, This is a very material reduction in time from that which has proved necessary at each legislative session since 1943; and

WHEREAS, It is apparent to all thoughtful persons that an unusual number of problems of the greatest gravity will require the most careful attention of the 1951 Legislature; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That all state departments and officials, and all local governmental units and citizens' groups are requested to make early preparation of their requests and recommendations to the next Legislature and submit them to the proper interim committee in ample time for adequate investigation and report of factual findings to the 1951 Legislature at the convening of the session in January, and attention is hereby invited to the extreme probability that the limited time of duration of the 1951 Regular Session may prevent action for lack of time to find a factual basis or solution of controversial problems unless adequate time for advance study and preparation is given to the responsible committees; and be it further

Resolved, That the Secretary of the Senate is hereby requested to transmit copies of this resolution to the person in charge of each department of the government of the State of California and to take such further steps as he deems necessary to bring this resolution to the attention of all local governmental units, citizens' groups, and the public at large.

WHEREAS, It is inevitable that many of the bills must be drafted during the portion of the session which precedes the constitutional recess, which entails a great amount of work upon the part of the Legislative Counsel Bureau and Members of the Legislature; and

WHEREAS, A very substantial portion of the bills introduced are prepared by or on behalf of the various state departments, boards, commissions, and officers; and

WHEREAS, Such bills could well be prepared prior to the convening of the session, which would materially lessen the volume of work to be done during January, and would expedite the legislative process; and

WHEREAS, There are a number of interim committees of the Legislature in existence for the purpose of study and recommendation of proposed legislation, and much time could be saved if the various state departments, boards, commissions, and officers contact such committees with respect to proposed

Resolved by the Assembly of the State of California, the Senate thereof concurring, That every state department, board, commission, and officer is hereby requested to contact the proper legislative committee with reference to any proposed legislation before the convening of the 1951 General Session of the Legislature; and be it further

WHEREAS, The open season in the past years for migratory waterfowl in most of the counties of California has been a split season, consisting of three weeks in late fall and three weeks in mid-winter; and

WHEREAS, In the northern counties of Modoc, Lassen, Siskiyou, Del Norte and Shasta, the mid-winter portion of the waterfowl season has been a total loss to visiting as well as local sportsmen because of the cold weather and the frozen lakes and streams; and

WHEREAS, This loss of the mid-winter portion of the waterfowl season has had a detrimental effect on the economy of these northern counties; and

WHEREAS, A continuous waterfowl season for these northern counties beginning in the fall will permit a full season of hunting for the local and visiting sportsmen and will bring to

these counties the economic benefits which accompany a hunting season during mild weather; now, therefore, be it

Resolved by the Assembly and the Senate of the State of California, jointly, That the Director of the United States Fish and Wildlife Service be memorialized to take the necessary steps to provide the counties of Modoc, Lassen, Siskiyou, Del Norte and Shasta with a continuous open season for migratory waterfowl beginning in the fall; and be it further

Assembly Joint Resolution No. 12—Relative to the proposed closing of the Birmingham Veterans Hospital at Van Nuys, California, and the Long Beach Naval Hospital at Long Beach, California, and to the use of the Corona Naval Hospital.

[Filed with Secretary of State April 15, 1950.]

WHEREAS, The Veterans Administration has announced its intention to move the facilities of the Birmingham Veterans Hospital at Van Nuys, California, to the Long Beach Naval Hospital at Long Beach, California; and

Veterans
hospitals in
Southern
California

WHEREAS, The Long Beach Naval Hospital is due to be shut down June 30, 1950; and

WHEREAS, Each of these hospitals is at present operating at full capacity, and it is virtually impossible to gain admission to either of them; and

WHEREAS, There are insufficient beds in government hospitals for veterans in California as evidenced by waiting lists and by the large number of tubercular and mentally ill veterans now adding to the overcrowded conditions of California state and county hospitals, and many disabled veterans in other parts of the United States are requesting that they be transferred to hospitals in Southern California, thus creating a need for additional hospital facilities in this area; and

WHEREAS, The closing of the Birmingham Veterans Hospital and the Long Beach Naval Hospital will seriously inconvenience many veterans now being treated therein, many of whom have families who have established residences near the hospitals; and

WHEREAS, The closing of these hospitals will produce economic hardship among the employees of the hospitals, their families and the business interests of the communities in which the hospitals are located; and

WHEREAS, The Birmingham Veterans Hospital has a large number of tuberculosis patients requiring treatment extending over a period of 18 months to two years; and

WHEREAS, The United States Government has spent many thousands of dollars in the vicinity of the Birmingham Veterans Hospital for the construction of special homes for paraplegia patients who need specially built homes near the hospital to enable them to return easily for frequent treatment; and

WHEREAS, The continuation of both of these hospitals is required for the adequate treatment of thousands of veterans in the Southern California area who are in need of hospitalization and hospital treatment; and

WHEREAS, The closing of these hospitals is not necessitated by recent reductions in the appropriations for the Veterans Administration inasmuch as those reductions do not affect the appropriations for hospital expenses; and

WHEREAS, The Veterans Administration has announced plans for a future building program for hospitals to meet this need; and

WHEREAS, The United States Naval Hospital at Corona, built by the Navy since 1941 at an expenditure of nineteen million dollars (\$19,000,000), has been abandoned by the Navy and is now idle but in every way suitable and desirable for the care of veterans by the Veterans Administration; and

WHEREAS, The American Legion, the Veterans of Foreign Wars, the Disabled American Veterans, and other ex-service organizations have recommended the Corona Naval Hospital for transfer to the Veterans Administration; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the President of the United States, the Vice President of the United States, the Veterans Administration, and the Congress of the United States are hereby respectfully memorialized to take such steps consistent with the national economy as may be necessary to continue the Birmingham Veterans Hospital at Van Nuys, California, and the Long Beach Naval Hospital at Long Beach, California, in operation at their present capacity; and be it further

Resolved, That the Veterans Administration be, and hereby is, requested to take over at once the Corona Naval Hospital as a major veterans' facility for the care of sick and disabled veterans in California; and be it further

Resolved, That the Congress of the United States is memorialized to bring about the transfer of the Corona Naval Hospital to the Veterans Administration and to enact any legislation which may be needed for this purpose; and be it further

Resolved, That the Chief Clerk of the Assembly be hereby directed to transmit copies of this resolution to the President of the United States, the Vice President of the United States, the Speaker of the House of Representatives, the Administrator of Veterans Affairs, and to each Senator and Representative from California in the Congress of the United States.
