Notwithstanding, and in lieu of, any provisions of this chapter to the contrary, excepting Section 5051, if during the Fiscal Year 1950-1951, or any subsequent fiscal year, a conditional apportionment is or has been made to a district, hereinafter referred to as the original district, and if the original district (1) holds or has held all elections required by Section 5050, and (2) before such apportionment becomes final is or has been annexed to or included in whole in another district, hereinafter referred to as the acquiring district, which had prior thereto received its first final apportionment under this chapter during the same fiscal year, and (3) after such inclusion or annexation sells or has sold the bonds authorized by the aforesaid elections, the board may approve any application by the governing board of the acquiring district and make an apportionment, or apportionments, for any project for which the original district would have been eligible under this chapter had such inclusion not taken place. No apportionment shall be made to the acquiring district under this section unless the proceeds of the bonds which the board required the original district to sell are available for and will be contributed toward the cost of the approved project Any apportionment made to the acquiring district under this section shall become final when made.

The computations provided in Sections 5054, 5055, 5056, and 5057 with respect to apportionments made under this section shall be made exactly as though the acquiring school district was comprised only of the original school district.

Taxation Limitation

Any rate or amount of tax levied pursuant to or under the authority of Sections 5063, 6353, 6357, or any other provision of law, for the purpose of producing the amount or any part thereof deducted by the State Controller with respect to apportionments made under this section, during any fiscal year under Sections 5058 and 5059 from apportionments to the acquiring district from the State School Fund shall be levied only on property in the original school district.

Urgency

SEC. 2. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Under the existing law, a school district which has received a conditional apportionment for state school building aid loses such apportionment if the district is annexed to another school district, and a new apportionment can be made only if the acquiring district is eligible or becomes eligible for such an apportionment. This provision has resulted in undue hardship where the acquiring district has recently held the necessary elections and issued bonds in order to receive an apportionment for its own needs but must immediately hold additional elections to incur additional bonded indebtedness and agree to repay a larger state loan in order to receive such aid for the pupils residing in the annexed area. In order that the welfare of the

pupils in the annexed area may not be jeopardized by such annexation, and to permit state aid to be made available to such pupils at the earliest possible time, it is necessary that this act take effect immediately.

Urgency

SEC. 2. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Recent occurrences of storms and floods have caused extensive damage to levees, flood control works, channels, irrigation works, city and county roads and bridges and other property.

Funds have already been appropriated for the repair and restoration of the damaged property and the amendments contained in this act make specific certain provisions of the law with regard to which some misunderstanding now exists. It is important that the law be clarified in these regards in order that every applicant for assistance under the act will have the same understanding of its application as every other such applicant. Inasmuch as the repair of such flood-damaged property must be performed at once it is necessary in the interest of public health and safety that this act take effect immediately.

Urgency

SEC. 2. This act is an urgency measure necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The appropriations made under the Budget Act of 1950 contemplated the expenditure of five hundred seventy-three thousand one hundred fifty-nine dollars ($573,159) for alterations to the existing laundry at Napa State Hospital and one hundred fifty-seven thousand five hundred ten dollars

($157,510) for construction of a new commissary warehouse at said hospital. The existing laundry is outmoded and utterly inadequate to provide the necessary services for the thousands of patients under care and treatment at Napa State Hospital. In order to expedite the building of new laundry facilities for the health and safety of such patients, which facilities are urgently needed for the better care and protection of the thousands of patients, and because it will save approximately one year's time in the construction of this laundry, it is necessary that this act take effect immediately.

Not more than 10 percent, by count, of the asparagus stalks in any one container or bulk lot may be below these requirements, but not to exceed one-half of this tolerance shall be allowed for any one cause. Asparagus which fails to meet these requirements only because of being "badly crooked" shall be considered as complying with this standard if the container in which it is packed is plainly marked on the outside of the end bearing other markings required by this section, in letters not less than one-half inch in height, with the word "crooks."

The grade classification for asparagus packed in bunches weighing not less than two pounds per bunch and the size designation for all other asparagus shall be as follows:

Extra fancy, 43 to 67 stalks to a bunch.

Fancy, 68 to 100 stalks to a bunch.

In view of differences in climatic and other natural conditions prevailing south and east of San Gorgonio Pass, which causes fresh asparagus grown in that area to be satisfactory in quality only if a large portion of the stalk is green or colored, and therefore must be cut at a shorter length, as compared to asparagus grown in the area north and west of the San Gorgonio Pass, stalks of asparagus produced in the area south and east of San Gorgonio Pass shall have not more than two inches of white on the butt, except that not more than 20 percent of the stalks in any bunch, or when not packed in bunches, 20 percent of the stalks in any container, may have not to exceed 2½ inches of white. When the stalks of asparagus produced in this area are less than 7¼ inches in length and packed in bunches they shall be classified according to the following designated grades:

"Crooks" when packed in bunches shall have no more than 67 stalks to a bunch.

Tolerance

The number of stalks of asparagus packed in bunches shall not vary more than 10 percent from the count of the grade classification as marked, except that 10 percent, by count, of the bunches in any one container may exceed this tolerance.

Size designations

(b) Size Designations. All other asparagus packed or placed in containers shall be graded and designated as to size in accordance with one of the following individual stalk size requirements:

Small, stalks which are less than six-sixteenths inch in diameter.

Medium, stalks which are six-sixteenths inch, but do not exceed nine-sixteenths inch in diameter.

Large, stalks which are over nine-sixteenths inch, but do not exceed thirteen-sixteenths inch in diameter.

Irregular sizes, no diameter requirement.

"Diameter" measurement shall mean the widest portion of the cross section of the stalk, measured at a point one inch above the end of the butt.

The size designation requirements as herein established shall apply to all stalks of asparagus in each container, except

that 10 percent, by count, of the stalks in any container may be larger or smaller than the size designation specified.

All containers of asparagus shall bear upon them in plain sight and in plain letters on one outside end, the name of the person who first packed or authorized the packing of the asparagus, or the name under which such packer is engaged in business, together with a sufficiently explicit address to permit ready location of such packer, and in letters not less than one-half inch in height, with the following: Container marking.

1. In the case of asparagus packed in bunches that weigh not less than two pounds each the grade classification as herein established, except that crates of bunch packed asparagus which is badly crooked and so marked with the designation "crooks" need not bear any other grade classification. When bunches of different grades are packed in one container, the markings on each container shall clearly show the number of bunches of each grade.

2. In the case of all other asparagus the size designation as herein established, or the term "irregular sizes." "Irregular sizes"

If 90 percent, by count, of the stalks of asparagus in any container have less than 50 percent of the length of the stalk white, the containers may be marked with the term "green." Green asparagus

All markings required by this section which are on containers less than one-half the size of standard containers numbers 51 and 52 may be in letters smaller than one-half inch in height, provided, such markings are in plain sight and in plain letters

Other size containers may be used if conspicuously marked on the outside of the end which bears any marks intended to describe the contents of such container, in letters not less than one-half of an inch in height with the words "irregular container."

Pay for such purposes shall not exceed 30 days in any one fiscal year. For the purposes of this section, in determining the one year of public agency service, all service of said public employee in the recognized military service shall be counted as public agency service.

The court shall order a speedy hearing in any such case and shall advance it on the calendar. Upon application to the district attorney of the county in which such employer maintains a place of business, by any person claiming to be entitled to the benefits of such provisions, such

district attorney, if reasonably satisfied that the person so applying is entitled to such benefits, shall appear and act as attorney for such person in the amicable adjustment of the claim or in the filing of any motion, petition, or other appropriate pleading and the prosecution thereof to specifically require such employer to comply with such provisions. Legislative declaration

SEC. 8. It is hereby declared that this act except for the provisions of subdivision (c) of Section 395.02 of the Military and Veterans Code as amended hereby, is not a change in the present law but is a declaration of existing law as it has existed since the effective date of Chapter 1396, Statutes of 1949.

Definitions

389. (a) As used in this chapter, "temporary military leave of absence" means a leave of absence from public employment to engage in ordered military duty for a period which by the order is not to exceed 180 calendar days including travel time for purposes of military training, drills, encampment, naval cruises, special exercises or like activity as a member of the reserve corps or force of the armed forces of the United States, or the National Guard, or the Naval Militia.

(b) "Public employee" means any officer or employee of a public agency.

(c) "Public agency" means the State, or any county, city and county, city, municipal corporation, school district, irrigation district, water district, or other district.

(d) "Armed forces" or "armed forces of the United States" means the "armed forces" as defined in Section 18540 of the Government Code.

(e) "Recognized military service" means service as defined in Section 18540.3 of the Government Code.

Urgency

SEC. 10. This act is hereby declared to be an urgency measure necessary for the immediate preservation of the public peace, health and safety within the meaning of Section 1 of Article IV of the Constitution and shall therefore go into immediate effect. A statement of the facts constituting such urgency is as follows:

Due to the Korean crisis and the unsettled world conditions many thousands of public employees, including more than 1,000 state employees, are now on military leaves of absence and serving with the armed forces. The rights of such persons under existing provisions of the Military and Veterans Code are uncertain due to ambiguities in the existing law. This uncertainty has and will continue to result in delayed actions on the claims of such employees and has further resulted in hardship to the employees involved and to their families. These conditions may well affect the morale of those employees who are now in the armed forces and render them less able to perform their military duties. It is therefore necessary that this act take effect immediately.

CHAPTER 1582

An act to add Section 30201.5 to, and to amend Section 30608 of the Streets and Highways Code, relating to toll bridges and the use of revenues therefrom, declaring the urgency thereof, and providing that this act shall take effect immediately.

[Approved by Governor July 16, 1951. Filed with Secretary of State July 17, 1951.]

In effect immediately

The people of the State of California do enact as follows:

SECTION 1. Section 30201.5 is added to the Streets and Highways Code, to read:

30201.5. Where one or more toll bridges or other highway crossings are to be acquired as provided in Section 30201, and expenditures to rehabilitate or improve such toll bridge or bridges or other highway crossing or crossings, or approaches thereto, or for cost of operation, are necessary, provision for the amounts to be so expended may be made in any issue of revenue bonds or for the use of toll revenues therefor, all as may be provided in any bond indenture or resolution. The California Toll Bridge Authority shall continue to collect tolls until all advancements for any of said purposes from any state funds have been repaid into the State Treasury to the credit of the funds from which advanced. Revenue bonds to acquire toll bridges

SEC. 2. Section 30608 of said code is amended to read:

30608. Whenever, after the effective date of this section, any bonds secured by a pledge of the tolls and revenues of the Repayment for cost of approaches

toll bridge are refunded or retired, in the total then outstanding, the authority shall include in the proceedings for any new issue of bonds for such purpose bonds in an amount fully sufficient to repay to the State all money appropriated by Chapter 5, Statutes of 1933, and expended from the State Highway Fund for the acquisition and construction of the highway approaches leading to and upon the toll bridge as described in Chapter 9, Statutes of 1933, not to exceed, however, the sum of six million six hundred thousand dollars ($6,600,000). The facts constituting such necessity are that proceedings have already been instituted by the State to acquire two privately owned toll bridges and it is contemplated that toll revenues from said bridges shall be used to rehabilitate the same. The present law is not clear as to the power to so use toll revenues and the uncertainty may make it impossible to sell the proposed revenue bonds. In order to insure the sale of revenue bonds at the lowest possible interest rates it is necessary that Section 1 of this act take effect immediately.

In all matters in this section referred to, the last equalized assessment roll of the County of Contra Costa next preceding the filing of the protest shall be prima facie evidence as to the ownership of real property, the names and number of the persons who are the holders of title or evidence of title, or assessable rights therein, and as to the assessed valuation of real property within the zone or within any of the participating zones for which the project was initiated.

Executors, administrators, special administrators, and guardians may sign the protest provided for in this act on behalf of the estate represented by them. If the property is assessed in the name of such representatives, that fact shall establish the right of such representatives to sign the protest; if assessed in the name of the decedent, minor or incompetent person, certified copies of the letters or such other evidence as may be satisfactory to the board must be produced.

Where real property appears to be owned in common or jointly or by a partnership, or where letters of representatives of decedents, minors or guardians are joint, only one of the owners or representatives or partners may sign the protest for all joint owners or representatives or partners; provided, the party claiming the right to protest for all produces the written consent of his co-owners or representatives or partners so to do, duly acknowledged by the consenting co-owners or representatives or partners in the manner that deeds of real property are required to be acknowledged to entitle such deeds to be recorded in the recorder's office of the county.

Where real property is assessed in the name of a trustee or trustees, such trustee or trustees shall be deemed to be the person entitled to sign the protest, and if assessed in the name

of more than one trustee the right to sign the protest shall be determined in like manner as above provided with respect to co-owners.

The protest of any public or quasi-public corporation, private corporation or unincorporated association, may be signed by any person authorized by the board of directors or trustees or other managing body thereof, which authorization shall be in writing; and a proxy executed by an officer or officers thereof, attested by its seal and duly acknowledged, shall constitute sufficient evidence of such authority, and shall be filed with the board.

The owner of any real property or interest therein, appearing upon the assessment roll, which has been assessed in the wrong name or to unknown owners, or which has passed from the owner appearing as such on the last equalized assessment roll, since the same was made, shall be entitled to sign the protest represented thereby, either by the production of a proxy from such former owner, or by furnishing evidence of his ownership by a conveyance duly acknowledged showing the title to be vested in the person claiming the right to sign the protest, accompanied by a certificate of a competent searcher of titles, certifying that a search of the official records of the county, since the date of the conveyance, discloses no conveyance or transfer out from the grantee or transferee named in the conveyance.

Where the real property has been contracted to be sold, the vendee shall be entitled to sign the protest, unless such real property is assessed in the name of the vendor, in which event the vendor shall be entitled to so do.

The board shall likewise be entitled to inquire and take evidence for the purpose of identifying any person claiming the right to sign the protest as being the person shown on the assessment roll or otherwise as entitled thereto. And, unless satisfactory evidence is furnished, the right to sign said protest may be denied.

SEC. 12. The board shall have power, in any year:

In cases of projects joint to two or more zones, such zones will become, and shall be referred to as, participating zones.

SEC. 13. (1) Whenever the board determines that a bonded indebtedness should be incurred to pay the cost of any work or improvement in any zone or zones, the board may by resolution, determine and declare the respective amounts of bonds necessary to be issued in each zone in order to raise the amount of money necessary for each work or improvement and the denomination and the maximum rate of interest of said bonds The board shall cause a copy of the resolution, duly certified by the clerk, to be filed for record in the office of the recorder of Contra Costa County within five (5) days after its issuance. (2) After the filing for record of the resolution specified in subdivision (1) of this section, the board may call a special bond election in said zone or participating zones at which shall be submitted to the qualified electors of said zone or participating zones the question whether or not bonds shall be issued in the amount or amounts determined in said resolution and for the purpose or purposes therein stated. Said bonds and the interest thereon shall be paid from revenue derived from annual taxes or assessments levied upon the property situated within the zone or participating zones, and all such property shall be and remain liable to be taxed or assessed for such payments as provided in this act.

(3) Said board shall call such special bond election by ordinance and not otherwise and submit to the qualified electors of said zone or participating zones, the proposition of incurring a bonded debt in said zone or participating zones in the amount and for the purposes stated in said resolution and shall recite therein the objects and purposes for which the indebtedness is proposed to be incurred; provided, that it shall be sufficient to give a brief, general description of such objects and purposes, and refer to the recorded copy of such resolution adopted by said board, and on file for particulars; and said ordinance shall also state the estimated cost of the proposed work and improvements, the amount of the principal of the indebtedness to be incurred therefor, and what part or installment of such indebtedness shall be paid each and every year, and which shall not in any one year be less than one-fortieth ($\frac{1}{40}$) of the whole amount of the principal and interest of such indebtedness, and the maximum rate of interest to be paid on said indebtedness, and shall fix the date on which such special election shall be held, and the form and contents of the ballot to be used. No other notice of such election need be given nor need polling place cards be issued.

Where a project affects a single zone only, if at such election two-thirds ($\frac{2}{3}$) of the votes cast in said zone on the proposition of incurring a bonded indebtedness are in favor thereof, then bonds for such zone for the amount stated in such proceedings shall be issued and sold as in this act provided. Where the incurring of bonded indebtedness by participating zones is to be determined at such election, no bonds for any of such participating zones shall be issued or sold unless two-thirds ($\frac{2}{3}$) of the votes cast on the proposition in each such participating zone are in favor of incurring the bonded indebtedness to be undertaken by such zone.

Taxation for 1951-52 Fiscal Year

SEC. 19. Notwithstanding Title 5, Division 2, Part 1, Chapter 8, of the Government Code, the Contra Costa County Flood Control and Water Conservation District is validly created for the purposes of assessment and taxation. The creation of any zone in the district shall not be effective for purposes of assessment or taxation for the Fiscal Year 1951-1952 and shall not be effective for such purposes for any fiscal year thereafter unless the statement and map or plat required by Title 5, Division 2, Part 1, Chapter 8, of the Government Code are filed with the county assessor and the State Board of Equalization on or before the first of February of the year in which the assessments or taxes are to be levied. Until such time as the creation of any zone shall be effective for purposes of assessment or taxation, any tax or assessment levied by the board shall be levied at a uniform rate on all property in the district.

For the Fiscal Year 1951-1952, but for no other fiscal year, notwithstanding Section 18 of this act, the assessment and equalization of property for the purpose of district taxation shall be effected as provided in this section.

Assessments of the district for the Fiscal Year 1951-1952 are liens on the property the same as if they were county taxes, except that the district assessment liens attach as of noon on the day after this act becomes effective.

It is presumed that the assessments of property made by the county assessor and by the State Board of Equalization for county taxation purposes for the Fiscal Year 1951-1952 are the correct assessments for purposes of assessment by the district and the rolls prepared by the county assessor and the State Board of Equalization shall be used for purposes of levying and collecting the assessments for the district. If the ownership or taxable situs or value of any property changes between noon on the first Monday in March, 1951, and the date on which attaches the lien for assessments of the district for the Fiscal Year 1951-1952, then, on petition of the taxpayer affected to the assessing authority, suitable entry shall be made on the assessment roll, in the manner prescribed by the State Board of Equalization, to indicate such change in the ownership or taxability or value of the property for purposes of assessment by the district

In equalizing the assessments made by the county assessor, the Board of Supervisors of Contra Costa County, sitting as the county board of equalization, in addition to its regular equalization duties, shall also, in the same manner and under the same rules, equalize the valuation of property for purposes of assessment by the district in accordance with the requirements of

this section and any such changes made by the county board of equalization in the assessment roll shall be entered in the manner prescribed by the State Board of Equalization.

If, for purposes of assessments by the district, a change in the assessment for county taxation purposes is not sought under this section before the end of the period during which such assessment may be equalized, or corrected on a petition for reassessment, such assessment, if valid for county taxation purposes, is conclusively presumed to be the correct assessment for assessment purposes of the district.

The board may prescribe by ordinance any necessary procedure, in accordance with the policy of this act, for the purpose of assessing, equalizing, levying, and collecting taxes or assessments for the district for the Fiscal Year 1951-1952. Except as provided in this section, Section 18 of this act is applicable to the assessment and equalization of property for the purpose of district assessments for the Fiscal Year 1951-1952.

The city council shall cause the results of the election to be certified to the board of supervisors of the district and if a majority of the votes cast on the proposition to withdraw such area from the district are in favor thereof, thereupon the area lying within the exterior boundaries of such city shall no longer be a part of the district; provided, however, that the withdrawal of the area lying within the exterior boundaries of such city from the district shall not release the area so withdrawn from debts and obligations for or upon which it was liable or chargeable at the time such withdrawal was made.

the Controller of the State and the recorder of the county in which the selected lands are situated, a plat of the lands so selected, giving the extent thereof and the uses for which the same is claimed or desired, duly verified to be correct. If the State Lands Commission shall approve the selections so made it shall endorse its approval upon the plat and issue to the district a permit to use such right of way and lands.

Condemnation

SEC. 29. (a) If by any judgment in condemnation or agreement the district shall be required to relocate any street, road, highway, railroad, canal or other property subject or devoted to public use, the board shall have power to acquire in the name of the district, by agreement or condemnation, all rights of way and other property necessary or proper for compliance with said agreement or said judgment of condemnation and thereafter to make such conveyance of such relocated street, road, highway, railroad, canal, or other property as may be proper to comply with said agreement or judgment.

SEC. 32. The district formed under this act in order to determine the legality of its existence, may institute a proceeding therefor in the superior court of this State, in and for the County of Contra Costa, by filing with the clerk of said county a complaint setting forth the name of the district, its exterior boundaries, the date of its organization and a prayer that it be adjudged a legal flood control district formed under the provisions of this act. The summons in such proceeding shall be served by publishing a copy thereof once a week for four weeks in a newspaper of general circulation published in said county. Within thirty (30) days after proof of publication of said summons shall have been filed in said proceeding, the State, any property owner or resident in said district, or any person interested may appear as a defendant in said action by serving and filing an answer to said complaint, in which case said answer shall set forth the facts relied upon to show the invalidity of the district and shall be served upon the district attorney before being filed in such proceeding. Such proceeding is hereby declared to be a proceeding in rem and the final judgment rendered therein shall be conclusive against all persons whomsoever, including the district and the State of California.

CHAPTER 1624

Stats. 1945, p. 2478, amended

An act to amend Sections 2, 2.1, 5, 33, 45.7, and 68 of the Community Redevelopment Act, and to amend Sections 33003, 33047, 33048, 33480, 33481, 33482, 33738, 33739, and 33885

of, and to repeal Section 33740 of, the Health and Safety Code, relating to redevelopment.

[Approved by Governor July 19, 1951. Filed with Secretary of State July 20, 1951.]

In effect September 22, 1951

The people of the State of California do enact as follows:

SECTION 1. Section 5 of the Community Redevelopment Act is amended to read:

Sec. 5. "Redevelopment area" means an area of a community which is a blighted area the redevelopment of which is necessary to effectuate the public purposes declared in this act. A redevelopment area need not be restricted to, or consist entirely of, buildings, improvements, or lands which of themselves are detrimental or inimical to the public health, safety or welfare, but may consist of an area in which such conditions predominate and injuriously affect the entire area. A redevelopment area may therefore include lands, buildings or improvements which of themselves are not detrimental to the public health, safety or welfare, but whose inclusion is found necessary for the effective redevelopment of the area of which they are a part. "Redevelopment area"

SEC. 2. Section 33 of said act is amended to read:

Sec. 33. Redevelopment areas may be designated by resolution of the legislative body, or the legislative body may by resolution authorize the designation of redevelopment areas by resolution of the planning commission, or by resolution of the members of the agency. Designation of areas

The resolution designating a redevelopment area or areas shall contain the following:

(a) A finding that the area designated is a blighted area, the redevelopment of which is necessary to effectuate the public purposes declared in this act;

(b) A finding that the area requires study to determine if a redevelopment project or projects within said area are feasible;

(c) A description of the boundaries of the area designated.

Any person, group, association or corporation may in writing request the legislative body (or the planning commission or the agency if they are authorized by the legislative body to designate redevelopment areas) to designate a redevelopment area or areas for project study purposes, and may submit with their request plans showing the proposed redevelopment of such areas or any part or parts thereof.

SEC. 3. Section 2 of said act is amended to read:

Sec. 2. It is hereby found and declared that there exist in many communities in this State blighted areas which constitute either social or economic liabilities, or both, requiring redevelopment in the interest of the health, safety and general welfare of the people of the communities in which they exist and of the people of this State generally. These blighted areas are characterized by one or more of the following conditions: Blighted areas

(a) The existence of buildings and structures, either used or intended to be used for living, commercial, industrial or other purposes, or any combination of such uses, which by reason of defective design and character of physical construction, faulty interior arrangement and exterior spacing, high density of population and overcrowding, inadequate provision for ventilation, light, sanitation, open spaces and recreation facilities, age, obsolescence, deterioration, dilapidation, mixed character or shifting of uses to which they are put, or any combination of such factors and characteristics, are unfit or unsafe to occupy for residential, commercial, industrial or other purposes and are conducive to ill health, transmission of disease, infant mortality, juvenile delinquency and crime.

(b) An economic dislocation, deterioration or disuse, as a result of faulty planning, the subdividing and the sale of lots of irregular form and shape and inadequate size for proper usefulness and development, the laying out of lots in disregard of the contours and other physical characteristics of the ground and surrounding conditions, or the existence of inadequate streets, open spaces and utilities, or of lots or other areas which are subject to being submerged by water.

(c) A prevalence of depreciated values, impaired investments and social and economic maladjustment to such an extent that there exists a reduced capacity to pay taxes and consequent inadequacy of tax receipts in relation to the cost of public services rendered.

(d) A growing and in some instances a total lack of proper utilization of areas, resulting in a stagnant and unproductive condition of land potentially useful and valuable for contributing to and serving the public health, safety and welfare; and in other areas a loss of population and reduction of useful utilization of the area, resulting in the further deterioration thereof and in added costs to the taxpayer supporting governmental entities for the creation of new public facilities and services elsewhere.

It is further found and declared that the existence of blighted areas characterized by any or all of such conditions, separately or collectively, constitutes a serious and growing menace which is hereby condemned as injurious and inimical to the public health, safety and welfare of the people of the communities in which they exist and of the people of the State generally; that such areas present difficulties and handicaps which are beyond remedy and control solely by regulatory processes in the exercise of the police power; that they contribute substantially and increasingly to the problems of, and necessitate excessive and disproportionate expenditures for, crime prevention, correction, prosecution and punishment, the treatment of juvenile delinquency, the preservation of the public health and safety and the maintaining of adequate police, fire and accident protection and other public services and facilities; that this menace is becoming increasingly direct and substantial in its significance and effect; that the benefits which

will result from the remedying of these conditions and the redevelopment of these areas of blight will accrue to all the inhabitants and property owners of the communities in which they exist.

It is further found and declared that such conditions of blight tend to further obsolescence, deterioration and disuse because of the lack of incentive to the individual landowner and his inability to improve, modernize or rehabilitate his own particular property while the condition of the neighboring properties remains unchanged; that as a consequence the process of deterioration of a blighted area frequently cannot be halted or corrected except by redeveloping the entire area, or substantial portions thereof; that such conditions of blight are chiefly found in areas which have been subdivided into small parcels, that in most instances the lands are held in divided and widely scattered ownerships, frequently under defective titles, that in many such instances the private assembly of the lands in blighted areas for purposes of redevelopment is so difficult and costly that it is uneconomic and as a practical matter impossible for individual owners independently or collectively to undertake to remedy such conditions because of lack of the legal power necessary for, and the excessive costs involved in, the private acquisition of the real property of the area; that the remedying of such conditions may require the public acquisition at fair prices of adequate areas, the clearance of the areas through demolition of existing obsolete, inadequate, unsafe and insanitary buildings and the redevelopment of the areas suffering from such conditions under proper supervision, with appropriate planning, and continuing land use and construction policies.

For these reasons it is hereby declared to be the policy of this State to protect and promote the sound development and redevelopment of blighted areas within this State and the general welfare of the inhabitants of the communities in which they exist by remedying such injurious conditions through the employment of all means appropriate for that purpose; that whenever the redevelopment of blighted areas cannot be accomplished by private enterprise alone, without public participation and assistance in the acquisition of land, in planning and in the financing of land assembly, in the work of clearance and in the making of improvements necessary therefor, it is in the public interest to employ the power of eminent domain, to advance or expand public funds for these purposes and to provide a means whereby the blighted areas within this State may be redeveloped or rehabilitated; that the redevelopment of such blighted areas and the provision for appropriate continuing land use and construction policies therein, constitute public uses and purposes for which public money may be advanced or expended and private property acquired, and are governmental functions of state concern in the interest of the health, safety and welfare of

the people of the State generally and particularly of the people of the communities of the State in which such areas exist; and that the necessity in the public interest for the provisions hereinafter enacted is hereby declared to be a matter of legislative determination.

SEC. 4. Section 2.1 of said act is amended to read:

Same

Sec. 2.1. It is hereby found and declared that blighted areas may include housing areas constructed as temporary government-owned wartime housing projects, and it is further found and declared that such areas may be characterized by one or more of the conditions enumerated in Section 2 of this act.

SEC. 5. Section 45.7 of said act is amended to read:

Property acquired with redevelopment money

Sec. 45.7. No property, real or personal, improved or unimproved, or any interest therein, acquired or constructed in whole or in part with moneys from the redevelopment revolving fund shall be sold or leased for an amount less than its fair value for uses in accordance with the redevelopment plan as determined by resolution or ordinance of the legislative body. All moneys received by the agency from the sale, lease or encumbering of property acquired with moneys from the redevelopment revolving fund in excess of the money required to repay the loans and interest thereon authorized by this act shall be redeposited in the fund. All other provisions of this act that relate to financing shall be subject to the provisions of this section. Nothing contained in this section shall authorize a redevelopment agency to construct any buildings, but such redevelopment agency shall be subject to the limitations imposed by the provisions of Section 29 of this act. If any property acquired in whole or in part from the redevelopment revolving fund is to be sold or leased by the redevelopment agency, the sale or lease must first be approved by the legislative body. Such approval by the legislative body shall be by resolution adopted after public hearing. Notice of the time and place of such hearing shall be published once in the official newspaper of the community at least one week prior to such time. Such resolution shall be adopted by a majority vote unless the legislative body shall have provided by ordinance for a two-thirds vote for such purpose.

SEC. 6. Section 68 of said act is amended to read:

Displacement of occupants

Sec. 68. If the plan provides for the displacement, whether temporary or permanent, of any occupants of housing facilities in the project area, the legislative body shall not approve the plan, except upon the finding that adequate permanent housing facilities are or will be made available in the community for such displaced occupants at rents comparable to those obtaining in the community at the time of their displacement.

The legislative body shall further be satisfied that such permanent housing facilities shall, in any event, be made available within three years from the time such occupants will be

displaced; and that pending the development of such permanent housing facilities, there will be available to such displaced occupants adequate temporary housing facilities at rents comparable to those obtaining in the community at the time of their displacement.

SEC. 7. Section 33003 of the Health and Safety Code is amended to read:

33003. "Redevelopment area" means an area of a community which is a blighted area, the redevelopment of which is necessary to effectuate the public purposes declared in this part. "Redevelopment area"

SEC. 8. Section 33047 of said code is amended to read:

33047. For these reasons it is declared to be the policy of the State: State policy

(a) To protect and promote the sound development and redevelopment of blighted areas and the general welfare of the inhabitants of the communities in which they exist by remedying such injurious conditions through the employment of all appropriate means.

(b) That whenever the redevelopment of blighted areas cannot be accomplished by private enterprise alone, without public participation and assistance in the acquisition of land, in planning and in the financing of land assembly, in the work of clearance, and in the making of improvements necessary therefor, it is in the public interest to employ the power of eminent domain, to advance or expend public funds for these purposes, and to provide a means by which blighted areas may be redeveloped or rehabilitated.

(c) That the redevelopment of blighted areas and the provision for appropriate continuing land use and construction policies in them constitute public uses and purposes for which public money may be advanced or expended and private property acquired, and are governmental functions of state concern in the interest of health, safety, and welfare of the people of the State and of the communities in which the areas exist.

(d) That the necessity in the public interest for the provisions of this part is declared to be a matter of legislative determination.

SEC. 9. Section 33048 of said code is amended to read:

33048. It is found and declared that blighted areas may include housing areas constructed as temporary government-owned wartime housing projects, and that such areas may be characterized by one or more of the conditions enumerated in Sections 33041 to 33044, inclusive. Blighted areas

SEC. 10. Section 33480 of said code is amended to read:

33480. Redevelopment areas may be designated by resolution of the legislative body, or the legislative body may by resolution authorize the designation of redevelopment areas by resolution of the planning commission or by resolution of the members of the agency. Designation of areas

SEC. 11. Section 33481 of said code is amended to read:

Same

33481. The resolution designating a redevelopment area or areas shall contain the following:

(a) A finding that the area designated is a blighted area, the redevelopment of which is necessary to effectuate the public purposes declared in this act;

(b) A finding that the area requires study to determine if a redevelopment project or projects within said area are feasible;

(c) A description of the boundaries of the area designated.

SEC. 12. Section 33482 of said code is amended to read:

Request for designation

33482. Any person, group, association or corporation may in writing, request the legislative body (or the planning commission or the agency if they are authorized by the legislative body to designate redevelopment areas) to designate a redevelopment area or areas for project study purposes, and may submit with their request plans showing the proposed redevelopment of such areas or any part or parts thereof.

SEC. 13. Section 33738 of said code is amended to read:

Displacement of occupants

33738. If the plan provides for the temporary or permanent displacement of any occupants of housing facilities in the project area, the legislative body shall not approve the plan except upon the finding that adequate permanent housing facilities are or will be made available in the community for such displaced occupants at rents comparable to those in the community at the time of their displacement.

SEC. 14. Section 33739 of said code is amended to read:

Same

33739. The legislative body shall also be satisfied that such permanent housing facilities will be made available within three years from the time such occupants are displaced and that pending the development of such facilities there will be available to such displaced occupants adequate temporary housing facilities at rents comparable to those in the community at the time of their displacement.

SEC. 15. Section 33740 of said code is hereby repealed.

SEC. 16. Section 33885 of said code is amended to read:

Property acquired with redevelopment money

33885. No real or personal property, or any interest therein, acquired or constructed in whole or in part with money from the Redevelopment Revolving Fund shall be sold or leased for an amount less than its fair value for uses in accordance with the redevelopment plan as determined by resolution or ordinance of the legislative body.

SEC. 17. Sections 7 to 16, inclusive, of this act become operative only if Division 24 of the Health and Safety Code is enacted by the Legislature at its 1951 Regular Session, and in such case at the same time as said Division 24 takes effect, at which time Sections 2, 2.1, 5, 33, 45.7 and 68 of the Community Redevelopment Act are repealed.

Article 11. Urgency

Purpose

SEC. 210. The purpose of this act is to form the Solvang Municipal Improvement District in order that the area benefited may be provided with various municipal improvements; special facts and circumstances, applicable to the area in which the district lies and not generally, make the accomplishment of this purpose impossible under existing general laws and therefore special legislation is necessary. The special facts are as follows:

(a) The area has no facilities for the treatment and disposal of sewage and is consequently contaminating the waters of the State.

(b) The area is without an adequate water supply, storage, and distribution system for public and private purposes.

(c) There is urgent need for the municipal improvements which the district is empowered to construct under this act, but other municipal powers which could be exercised by a city are not required, and would result in more government than the area needs or wants. There are no existing general laws under which the area could be provided with the facilities it needs short of incorporation as a city. Therefore, the only way in which the particular needs of the area can be provided is by special act.

(d) The existing districts are performing sewage, fire protection, and lighting functions. Their administration under a single governing body will result in economies of administration which cannot be obtained by continued unit functioning.

(e) The area is of strategic importance during times of war or threatened war. Its local airport is strategically located midway between the military and air installations at Santa Maria and at Santa Barbara. Influx of military men and their families during times of war or threatened war greatly increases the necessity of providing municipal facilities.

SEC. 211. This act is an urgency measure necessary for the immediate preservation of the public peace, health, and safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are: Urgency

Water pollution and the providing of water for domestic and fire protection purposes are critical problems in the proposed district. State and local health authorities are agreed on the urgent need for immediate sewage treatment and water facilities in the area if a serious health condition is to be avoided. Inadequacy of existing law makes it necessary that this legislation take immediate effect so that necessary facilities may be provided.

Article 1. Regular Assessments

Estimate

9350. The directors, on or before the fifteenth day of August of each year, shall furnish the auditor and the board of supervisors an estimate in writing of the amount of money to be raised by assessment which is needed for the purposes of the district for the next ensuing fiscal year.

Determination of value

9351. If the district lies in more than one county the directors shall divide the amount of the estimate in the proportion to the value of the land in the district lying in each county.

The value shall be determined from the last assessment rolls of the counties. The directors shall furnish the auditors and boards of supervisors of each of the respective counties a statement of the part of the estimate apportioned to the county.

Sufficiency

9352. The total amount of the estimate shall be sufficient to raise the amount of money necessary during the ensuing year to pay the incidental expenses of the district, the costs of the work which the directors may deem advisable to be done during the ensuing year, the estimated costs of repairs to and maintenance of the property and works of the district, and the estimated expenses of any action or proceeding to which the district is or may be a party, including the cost of employing engineers and attorneys.

Regular assessments

9353. Assessments levied pursuant to this article shall be known as regular assessments.

Valuation

9354. The regular assessment in any one year shall not exceed two cents ($0.02) on each one hundred dollars ($100) of assessed valuation of the land, exclusive of improvements and mineral rights, within the district. The valuation shall be determined according to the last assessment roll, reduced proportionately when mineral rights are involved.

Levy

9355. The board of supervisors of each county in which there lies any portion of the district shall, annually, at the time of levying county taxes, levy an assessment on the land exclusive of improvements and mineral rights, within the county and within the district to be known as the "_____ (name of district) soil conservation district assessment," sufficient to raise the amount reported to them in the estimate of the directors

Rate

9356. The board shall determine the rate of assessment by deducting 15 percent for anticipated delinquencies from the total assessed value of the land in the district and in the county and then dividing the sum required to be raised by the remainder of the total assessed value. If a fraction of a cent occurs in a valuation of one hundred dollars ($100) it shall be taken as a full cent.

Failure to levy

9357. If the board fails to levy the assessment the auditor of the county shall do so, providing the directors have requested the assessment.

Entry on roll

9358. The assessment shall be computed and entered on the assessment roll by the auditor.

Incorporated provisions

9359. The provisions of law relating to the levy and collection of county taxes and the duties of county officers with respect thereto, insofar as they are applicable and not in conflict with this chapter, are hereby adopted and made part of this chapter. Said officers are liable on their several official bonds for the faithful discharge of their duties under this chapter.

Payments to principal county treasurer

9360. The treasurers of each of the counties, other than the principal county, shall, not less than twice a year or upon order of the directors, settle with the directors and pay to the

treasurer of the principal county all money belonging to the district and in their possession.

Use of general funds

9361. If during the current fiscal year the directors are not, by reason of the fact that no assessment has been levied, collecting a regular assessment levied during the year immediately preceding, then notwithstanding other provisions of this code, the board of supervisors in each county in which a soil conservation district, or a portion thereof is located may, upon a showing by the directors that funds are needed for the purposes of the district for the current year, appropriate money from the general fund of the county for the use of said district in an amount equal, during any one year, to the amount which said district could have raised by assessment, as limited by this code, in said current year, or so much thereof as may be required. This provision shall not be deemed to prohibit the board of supervisors from appropriating to such districts sums in excess of these amounts.

Article 2. District Fiscal Procedure

Depository of funds

9400. The treasury of the principal county is the depository of all of the funds of the district.

Same

9401. The treasurer of the principal county shall receive and receipt for all money of the district and place the same to the credit of the district. He is responsible on his official bond for the safekeeping and disbursement, in the manner provided in this article, of the money of the district held by him.

Warrants

9402. The treasurer shall pay out money of the district only upon warrants of the county auditor, drawn upon order of the board of directors signed by the president and attested by the secretary.

Financial reports

9403. The treasurer shall report in writing at each regular meeting of the directors and as often at other times as the directors may request the amount of money on hand, and the receipts and disbursements since his last report. The report shall be verified and filed with the secretary.

Incurring liabilities

9404. The directors or other officers or employees of a district shall have no power to incur any indebtedness or liability in excess of the amount of money available under the provisions of this division. Any debt or liability incurred in excess of the express provisions of this division is void. Except, however, that nothing in this section shall prevent the directors from borrowing from such federal, state, county, public or private funds which are, or which may in the future become, available to the directors for the furthering of the work of the district in any manner or by the sale of bonds payable solely from any revenue of the district, if the assets acquired by such a loan or bond constitute the entire security for the loan or bond and if no indebtedness or liability is incurred by the directors in excess of the amount of the assets acquired.

Revenue bonds

Annual financial statement

9405. The directors at their regular monthly meeting in January of each year shall make and file with the secretary a

verified statement of the financial condition of the district showing particularly the receipts and disbursements of the preceding calendar year together with the source of the receipts and the purposes of the disbursements.

Publication

9406. The annual financial statement shall be posted or published as the directors may determine. Such posting or publication shall be commenced within 10 days after the financial statement is filed with the secretary. If it is posted it shall be posted at the place of regular meeting of the directors and copies thereof shall be made available for delivery to any landowner in the district upon his request to the secretary. CHAPTER 8. FEDERAL AID PROJECTS

Administration of authorized state plan

9801. In order to carry out the purposes of the Soil Conservation and Domestic Allotment Act enacted by the Congress of the United States, the State Soil Conservation Commission (hereinafter referred to as "commission") is hereby designated as the agency of the State of California to administer any state plan authorized by this chapter which shall be approved by the Secretary of Agriculture of the United States (hereinafter referred to as the "Secretary of Agriculture") for the State of California pursuant to the provisions of the Soil Conservation and Domestic Allotment Act.

State plan

9802. The commission is hereby authorized, empowered and directed to formulate and submit to the Secretary of Agriculture, in conformity with the provisions of the Soil Conservation and Domestic Allotment Act, a state plan for each calendar year beginning with the year 1949. It shall be the purpose of each such plan to promote such utilization of land and such farming practices as the commission finds will tend, in conjunction with the operation of such other plans as may be approved for other states by the Secretary of Agriculture, to preserve and improve soil fertility, promote the economic use of land, diminish the exploitation and wasteful and unscientific use of natural soil resources, and re-establish and maintain the ratio between the purchasing power of the net income per person on farms and that of the income per person not on farms as defined in subsection (a) of Section 7 of the Soil Conservation and Domestic Allotment Act. Each such plan shall provide for adjustments in the utilization of land and in farming practices, through agreements with producers or through other voluntary methods, and for benefit payments in connection therewith, and also for such methods of administration not in conflict with any law of this State and such reports as the Secretary of Agriculture finds necessary for the effective administration of the plan and for ascertaining whether the plan is being carried out according to its terms.

Receipt of money

9803. Upon the acceptance of each such plan by the Secretary of Agriculture, the commission is authorized and empowered to accept and receive all grants of money made pursuant to the Soil Conservation and Domestic Allotment Act for the purpose of enabling the State to carry out the provisions of such

plan, and all such funds, together with any moneys which may be appropriated by the State for such purpose, shall be available to the commission for expenditures necessary in carrying out the plan, including administrative expenses, expenditures in connection with educational programs in aid of the plan, and benefit payments.

Powers

9804. In carrying out the provisions of each such plan, the commission shall have power: to employ such agents or agencies, and to establish such agencies, as it may find to be necessary; to cooperate with local and state agencies and with agencies of other states and of the Federal Government; to conduct research and educational activities in connection with the formulation and operation of such plan; to enter into agreements with producers, and to provide by other voluntary methods, for adjustments in the utilization of land and in farming practices, and for payments in connection therewith in amounts which the commission determines to be fair and reasonable.

Delegation

9805. For the purpose of carrying out each such plan according to its terms, the commission is hereby authorized to delegate any of the powers herein conferred to such agents or agencies as may be designated by the commission and approved by the Secretary of Agriculture.

Annual report

9806. The commission shall render for each year an annual report to the Governor, who shall transmit a copy thereof to each house of the Legislature, covering its administration of such plan and all operations thereunder, including also the expenditure of funds, and each such report shall be printed as a public document promptly upon its transmittal to the Governor.

Liability limitation

9807. Nothing herein shall be construed or operate to impose any obligation or liability upon the commission or other than as herein specified.

Construction

SEC. 3. The Division 9 of the Public Resources Code added by this act, insofar as it is substantially the same as the Division 9 of that code repealed by this act, shall be construed as a restatement and continuation of the existing law and not as a new enactment.

Current officeholders

SEC. 4. All persons who, at the time this act goes into effect, hold office under the Division 9 of the Public Resources Code repealed by this act, and whose offices are continued by the Division 9 of the Public Resources Code added by this act, shall continue to hold their offices according to the former tenure thereof the same as though the Division 9 of the Public Resources Code repealed by this act had not been repealed.

Actions

SEC. 5. No action or proceeding relating to or arising out of the Division 9 of the Public Resources Code repealed by this act commenced before the effective date of this act, and no right accrued, pursuant to that division, is affected by the provisions of this act, but any step thereafter taken in such action or proceeding shall conform to the provisions of this code so far as possible.

CHAPTER 1647

An act to amend Section 6358 of the Education Code, relating to school district taxes, and to validate elections relating thereto, declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 20, 1951. Filed with Secretary of State July 23, 1951.]

In effect immediately

The people of the State of California do enact as follows:

SECTION 1. Section 6358 of the Education Code is amended to read:

Maximum tax rate increase, decrease

6358. Any maximum rate of tax for any district may be increased and, having been increased, may be decreased by an amount equal to or less than the amount of such increase, by a majority vote of the qualified electors of the school district at an election which may be called by the governing board of the school district of its own motion and shall be called within 90 days after the filing with the governing board of a petition signed by not less than 10 percent of the qualified electors of the district, requesting that an election be called, unless the petitioners request that the election be consolidated with the annual election for members of the governing board.

Any decrease in an increased maximum tax rate pursuant to this section shall not be in an amount which will reduce the tax rate for the district below the maximum specified in Section 6357. The governing board shall determine whether the increase or decrease shall remain in effect for a specified or unspecified period of time, unless the petition filed by the electors provides for a specified or unspecified period of time. If a specified period is provided for in the petition or determined upon by the governing board, such period shall be stated on the ballot.

The governing board of the school district shall call, hold, and conduct the election. Except as provided in this section, the election shall be called, held, and conducted by the governing board of the school district in as nearly the same manner as is practicable as are elections for governing boards. Notices of the election shall be posted or publication completed at least 30 days before the election. The ballot used in the election shall contain substantially the words "shall the proposed (increase decrease) in the maximum tax rates from _____ to _____, (such rate to be in effect in the _____ school district for the year (or years) 19___ to 19___,) be authorized?" Opposite such words, in separate lines, the words "yes" and "no" shall be printed, with a voting square opposite each such word. Each voter shall stamp or print a cross in the voting square after the answer he desires to give. If the maximum tax rate of a district has been increased prior to the effective date of the amendment to this section at the 1951 Regular Session of the Legislature, a petition requesting an election for the decrease of such increased tax rate shall not be filed until three years

after such effective date. If the maximum tax rate is increased pursuant to this section after such effective date, no petition requesting an election for a decrease in such increased tax rate shall be filed for one year after such election at which the tax rate was increased.

If an election for a decrease in an increased maximum tax rate of a district is held in any year prior to or concurrently with the district election for governing board members, any decrease adopted at such election shall become effective on July 1st following the election. If an election for a decrease in an increased tax rate of a district is held in any year after the date of the district election for governing board members, any decrease adopted at such election shall not become effective until July 1st of the next succeeding year.

Validations of elections

SEC. 2. Elections held between July 1, 1950, and the effective date of this act for the purpose of changing the amount of any increase over the maximum tax rate, after such increase has been authorized pursuant to Section 6358, and changing the purpose for which such excess may be expended are hereby ratified, confirmed, and validated.

Urgency

SEC. 3. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

It will be necessary for many school districts to hold elections in the months of June, July, and August, 1951, in order to change the maximum tax rate for the district before the next tax levy is made. Under the provisions of this act, a school district may decrease its tax rate, and, if the rate is proposed to be increased, it is not necessary that the ballot question specify the purpose for which the proceeds of any increase are to be applied, nor is it necessary to limit the period of time during which such increase or decrease will be effective. Unless this act takes effect immediately any decrease or increase in the tax rate voted for pursuant to the act will not be effective in time to be used for the next tax levy. In order that school districts, the tax rates of which are a matter of urgent concern to all the people of the State, may take advantage of this act before the next tax levy is made and to avoid a year's delay, it is urgently necessary that this act take effect immediately.

Urgency

SEC. 17. This act is an urgency measure necessary for the immediate preservation of the public peace, health and safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The rapid growth of the population of the State during and since World War II has resulted in increased congestion of people in unincorporated areas which are wholly without adequate sewerage facilities. The State Board of Public Health has found it necessary to require the treatment of sewage before it is deposited in the streams and waters and in the Pacific Ocean. This has resulted in greatly increased numbers and activities of sanitary districts. In order to adequately provide and administer sanitation in such areas, and to cooperate with the State Board of Public Health in carrying out its orders, it is necessary that the laws of sanitary districts be more complete, comprehensive and adequate for such purposes. The provisions of this bill have as their purpose making such laws more comprehensive and it is necessary and urgent that the provisions thereof become law at once.

Bonds

SEC. 11 1. Whenever the board of directors shall determine that a bonded indebtedness should be incurred to pay all or

any part of the cost of acquisition or construction of any works for any of the purposes of the district, the said board may by resolution determine and declare the respective amounts of bonds in order to raise the amount of money necessary for such work and the denomination and rate of interest of said bonds, and said resolution shall generally describe said work. Said board shall cause a copy of said resolution, duly certified by the clerk, to be filed for record in the Office of the Recorder of Solano County within five (5) days after its passage. From and after said filing the said board shall be deemed vested with the authority to proceed with said bond election.

Special election

(2) Thereafter, the board of directors may call a special election at which shall be submitted to the qualified electors of the district the question whether or not bonds shall be issued in the amount or amounts determined in said resolution and for the purpose or purposes therein stated.

Same: Procedure

(3) Said board of directors shall call such special election by ordinance and not otherwise and submit to the qualified electors of the district the proposition of incurring a bonded indebtedness in the district in the amount and for the purposes stated in said resolution and shall recite therein the object and purposes for which the indebtedness is proposed to be incurred; provided, that it shall be sufficient to give a brief, general description of such objects and purposes, and refer to the resolution adopted by the board of directors, and on file for particulars; and said ordinances shall also state the estimated cost of the proposed work, the amount of principal of the indebtedness, to be incurred therefor and the rate of interest thereon, and what part of such indebtedness shall be paid each and every year, which shall not be less than one-fortieth ($1/40$) of the whole amount of such principal indebtedness, and the proportion or part of such indebtedness to be underwritten by each member unit, and shall fix the date on which such special election shall be held, and the form and contents of the ballot to be used. The rate of interest to be paid on such indebtedness shall not exceed six percent (6%) per annum. For the purposes of said election, the board of directors shall in said ordinance establish election precincts within the boundaries of the district and may form election precincts by consolidating the precincts established for general election precincts in the district.

In all particulars not recited in said ordinance, such election shall be held as nearly as practicable in conformity with the general election laws of the State

Plans

(4) Said board of directors shall cause a plan or plans to be prepared covering a general description of the work to be done, which said plan shall show the location of the proposed works and shall cause the said plan to be posted in a prominent place in the county courthouse for public inspection for at least thirty (30) days before the date fixed for such election.

Publication

(5) Said ordinance calling for such election shall prior to the date set for such election, be published in a newspaper of general circulation published in the district for three consecutive

times if published in a daily newspaper of general circulation published in the district, or two times if published in a weekly newspaper of general circulation published in the district the last publication of such ordinance must be at least fourteen (14) days before said election, and if there be no such newspaper, then such ordinance shall be posted in five public places in the district for at least thirty (30) days before the date fixed for such election. No other notice of such election need be given.

Irregularity, etc

Any defect or irregularity in the proceedings prior to the calling of such election shall not affect the validity of the bonds. If at such election two-thirds ($\frac{2}{3}$) of the votes cast are in favor of incurring such bonded indebtedness, then bonds of the district for the amount stated in such proceedings shall be issued and sold as in this act provided.

Additional bonds

SEC. 11.2. Whenever bonds have been authorized by the district and the proceeds of the sale thereof have been expended as in this act authorized, and the board of directors shall by resolution determine that additional bonds shall be issued for carrying out any of the purposes of this act, said board of directors may again proceed as in this act provided, and issue bonds pursuant to Section 11.4, or if said section is not applicable, submit to the qualified voters of the district the question of issuing additional bonds in the same manner and with like procedure as in this act provided, and all the provisions of this act for the issuing and sale of such bonds, and for the expenditure of the proceeds thereof, shall be deemed to apply to such issue of additional bonds.

Refunding bonds

SEC. 11.3. (a) The board of directors may by resolution submit to the electors of the district, a proposition for the issuance of new bonds for the purpose of refunding any or all of the bonds outstanding voted by such electors, which proposition may be voted on at any general or special election. The procedure upon such election shall be in accordance, so far as applicable, with the procedure upon an original issue of bonds, and the favorable vote of a majority of the electors voting upon the proposition shall be sufficient to authorize the issuance of refunding bonds. Such refunding bonds shall not bear a higher rate of interest than the bonds to be refunded and may be issued and sold in the manner and form prescribed for an original issue of bonds and may, if the holders of bonds of an original issue and board of directors so agree, be exchanged for such original bonds; provided, that the face value of the refunding bonds so exchanged shall not exceed the face value of the original bonds. The board of directors may raise money to pay principal and interest of such refunding bonds in the same manner as prescribed for the payment of bonds of an original issue.

(b) When original bonds are issued by the board of directors without a vote of the electors, the board of directors may issue refunding bonds without calling an election for that purpose. The provisions of subsection (a) hereof (except in regard

to elections) shall apply to such refunding bonds issued by the board of directors.

Authority to issue bonds

SEC. 11.4. In the event the board of directors shall determine by a resolution duly adopted by a four-fifths (4/5) vote of the members of said board that a bonded indebtedness to pay the cost of acquisition or construction of any works for any of the purposes of the district or for refunding any outstanding bonds should be incurred and can be repaid and liquidated as to both principal and interest from revenues derived from taxes levied pursuant to this act and from payments required to be made to the district by member units pursuant to written contracts providing for the payment currently of whatever amounts may be necessary to amortize the portion of said cost underwritten by said member units, said board shall be vested with the authority to issue bonds of the district in such amount as can be so repaid and liquidated. Thereafter the board of directors may issue bonds without the necessity of an election, subject to all applicable provisions of this act pertaining to bonds and bonded indebtedness, except provisions requiring authorization of bonded indebtedness by an election

Form, etc., of bonds

SEC. 11.4a. The board of directors shall, subject to the provisions of this act, prescribe by resolution the form of said bonds, and of the interest coupons attached thereto. Said bonds shall be payable annually or semiannually at the discretion of the board each and every year on a day and date, and at a place to be fixed by said board, and designated in such bonds, together with the interest on all sums unpaid on such date until the whole of said indebtedness shall have been paid.

The bonds shall be issued in such denomination as the said board of directors may determine, except that no bonds shall be of a less denomination than one hundred dollars ($100), nor of a greater denomination than one thousand dollars ($1,000), and said bonds shall be signed by the chairman of the board of directors, and countersigned by the auditor of the county, and the seal of the district shall be affixed thereto. The interest coupons of said bonds shall be numbered consecutively and signed by the auditor of the county by his engraved or lithographed signature.

Signatures

In case of any such officer whose signatures or countersignatures appear on the bonds or coupons shall cease to be such officer before the delivery of such bonds to the purchaser, such signatures or countersignatures shall nevertheless be valid and sufficient for all purposes the same as if such officer had remained in office until the delivery of the bonds.

Callable bonds

SEC. 11.5. Any bonds, original or refunding, issued by the district, may be made callable by resolution of the board of directors, adopted at a time prior to the issuing of such bonds and providing for the calling and redemption of such bonds, in numerical order, or by lot, on any interest payment date prior to their fixed maturity, at not exceeding the par value thereof and accrued interest If any such bonds are so made callable, a statement to that effect shall be set forth on the face of the bond. Notice of any such redemption shall be published once a

week for three successive weeks in a newspaper of general circulation printed and published within the district. The first publication of such notice shall not be less than 30 nor more than 90 days prior to the date fixed for such redemption. After the date fixed for such redemption, if the district shall have provided funds available for payment of the principal and interest of the bonds so called, interest on such bonds shall thereafter cease.

Sale Price and proceeds

SEC. 11 6. The board of directors may issue and sell the bonds of such district authorized as hereinbefore provided at not less than ninety-five percent (95%) par value, and the proceeds of the sale of such bonds shall be placed in the treasury of the county to the credit of the district for the uses and purposes of said bonds; and the proper record of such transactions shall be placed upon the books of the county treasurer, and said funds shall be applied exclusively to the purposes and objects for which such bonds were issued, subject to the provisions in this act contained. Payments from said funds shall be made upon demands prepared, presented, allowed and audited in the same manner as demands upon the funds of the county.

Said bonds shall be sold at a public sale to the highest bidder, after notice of such sale has been given by publication at least two times in a newspaper of general circulation published in the district at least one time prior to such sale and after such other notice as the board of directors may deem proper.

The manner of making, submitting and opening bids and conducting such sale and the terms thereof shall be determined by the board of directors. The said board is hereby given the right to reject any and all bids which in the judgment of said board are too low to be in the best interests of the agency.

Taxation for payment

SEC. 11.7. Any bonds issued under the provisions of this act and the interest on such bonds if no other funds are available shall be paid by revenue derived from the tax authorized by Section 11.9 and all the taxable property within the district shall be and remain liable to be taxed for such payments as in this act provided until such bonds and the interest are fully paid or the liability therefor legally discharged.

The accrued liability due on the bonds of any issue shall have preference in payment over the accrued liability due on the bonds of any subsequent issue.

Continuous property liability

SEC. 11.8. The repeal or amendment of this act, or the dissolution of the district created by this act, shall not in any way effect or release any of the property in the district from its liability on or from the obligations of any outstanding bonds or indebtedness or contracts for which such property is in any way security until all such bonds and outstanding indebtedness and contracts have been fully paid and discharged.

Taxation

SEC. 11.9. The board of directors shall levy a tax or assessment each year upon all the taxable property in the district sufficient to pay such portion of the interest for that year upon bonds issued by the district, and such portion of the prin-

cipal thereof as is to become due before the time for making the next general tax levy as cannot be paid from revenue due the district from member units pursuant to written contracts providing for the payment currently of whatever amounts may be necessary to amortize the portion of the cost underwritten by said member units of works financed by said bonds. Such tax shall be levied and collected together with and not separately from taxes for county purposes, when collected shall be paid into the county treasury of the county to the credit of the district, and be used for the payment of the principal and interest on said bonds, and for no other purposes. The principal and interest on said bonds shall be paid by the treasurer of the county in the manner provided by law for the payment of principal and interest on bonds of said county.

Action to determine bond validity

SEC. 11 10. The district may bring at any time after the authorization of bonds or the levy of any special assessment or after the execution of any contract an action in the Superior Court of the State of California, in and for the County of Solano, to determine the validity of the bonds or of the levy or of the contract. The action is in rem. Jurisdiction of all parties interested may be had by publication of summons for at least once a week for three weeks in a newspaper of general circulation published in the district and designated by the court in which the proceedings are pending. Jurisdiction is complete 10 days after the completion of the publication of summons. Before the expiration of the 30 days after jurisdiction is acquired any person interested may appear and contest the validity of the bonds or assessment or the contract. If no proceedings have been brought by the district pursuant to this section, any member unit, municipality district or public agency or taxpayer may at any time within 30 days after the levy of any assessment or authorization of any bonds or execution of such contract bring an action in the said superior court to determine the validity of the assessment or bonds or contract. The district shall be a defendant. If more than one action is pending at the same time concerning similar contests provided for in this section, they shall be consolidated and tried together. The rules of pleading and practice not inconsistent with the provisions of this section are applicable to all actions or proceedings provided for by this section. In a contest provided for by this section, the court shall disregard any irregularity or omission which does not affect the substantial rights of the parties. The judgment shall declare the bonds or levy or contract either valid or invalid. The costs of any hearing or contest may be allowed and apportioned between the parties or taxed to the losing party in the discretion of the court. Any party may appear at any time within 30 days after the entry of the judgment. No contest of any thing or matter herein provided shall be made other than in the time and manner in this section provided. In any such action all findings of fact or conclusions of the board upon all matters shall be conclusive unless the action was instituted within six months after the finding or conclusion was made.

Changes in specifications, etc

SEC. 11.11. Any works for which bonds or contracts or special assessments are authorized under the provisions of this act shall be made in conformity with the report, plans and specifications theretofore adopted, as above specified, unless the doing of any such work described in said report shall be prohibited by law, or any incidental part of such work be rendered contrary to the best interests of the district by some change of conditions in relation thereto, in which event the board of directors by a four-fifths (4/5) vote may order necessary incidental changes made in such proposed work or improvements and may cause any plans and specifications to be made and adopted therefor. In no event shall changes be made from such original plans, reports and specifications which would have any material effect on the purpose for which such works were intended or which would materially affect any obligations of or benefits to any member unit.

Legal investments

SEC. 11.12. The bonds of the district shall be legal investments for all trust funds, and for the funds of all insurance companies, banks, both commercial and savings, and trust companies, for the state school funds, and whenever any money or funds may by law now or hereafter enacted be invested in bonds of cities, cities and counties, counties, school districts and municipalities in the State of California, such money or funds may be invested in said bonds of the district, issued in accordance with the provisions of this act, and whenever bonds of cities, cities and counties, counties, school district or municipalities, may by law now or hereafter enacted be used as security for the performance of any act, such bonds of the district may be so used.

Tax exemption

SEC. 11.13. All bonds issued by the district under the provisions of this act shall be free and exempt from all taxation within the State of California. It is hereby declared that the Solano County Flood Control and Water Conservation is a district, including a reclamation and irrigation district, within the meaning of Section 1¾ of Article XIII and Section 13 of Article XI of the Constitution of the State of California.

Failure of proposition

SEC. 11.14. Should a proposition for issuing bonds submitted to any election under this act fail to receive the requisite number of votes of the qualified electors voting at such election to incur the indebtedness for the purpose specified, the board of directors of the district shall not for six months after such election call or order another election in the district for incurring indebtedness and issuing bonds under the terms of this act, either for the same objects and purposes, or for any of the objects and purposes of this act.

Special assessments

SEC. 12. The district shall have the power as provided in this act to levy special assessments for the purpose of paying any obligation of the district or to accomplish any of the purposes of the district.

Same: Resolution

SEC. 12.1. Whenever the board of directors shall determine by resolution that facts exist which make a special assessment preferable in the best interests of the district to incurring a bonded indebtedness for paying all or any part of the cost of any work or for carrying out any contracts for any purpose of

the district, the board of directors may levy special assessments as hereinafter provided. The facts making such a special assessment preferable to a bonded indebtedness shall be stated in the resolution. Such special assessments shall be payable in equal annual installments over a period of not to exceed forty (40) years, and shall be levied only after being duly authorized by a two-thirds ($\frac{2}{3}$) majority of the votes cast by the qualified electors of the district voting at an election held for that purpose.

Same Procedure

Except as in this section otherwise provided, the procedure and requirements of this act for notices and elections for issuances of district bonds shall apply with like effect to special assessments levied hereunder. If such special assessments are to be levied in annual installments, the ballot shall specify the number of such installments.

Disposition of funds

The funds raised by said special assessments shall be placed in the treasury of the county to the credit of the district and said funds shall be applied exclusively to the purposes and objects mentioned in the ordinance calling such special assessment election. Payments from said fund shall be made upon demands prepared, presented, allowed and audited in the same manner as demands upon the funds of the county.

The provisions of this act relative to taxes for the payments of bonds and the liability of property for the payment of such taxes shall apply with like effect to payment of special assessments levied hereunder, and to the liability of property for the payment of such special assessments.

Zones

SEC. 12 2. The board may cause the entire district to be divided into zones if, in its opinion, such division is necessary because of varying benefits to the property within the district and may fix the percentages of the sums to be raised under the provisions of this act from each of such zones for the payment of the principal and interest of the bonds of the district or the indebtedness of the district.

Zoning procedure

The district may be divided into as many zones as may be deemed necessary and each zone shall be composed of and include all of the lands in the district, which in the opinion of the board will be benefited in substantially the same manner Each zone shall be designated on a map or plat of the district filed in the office of the board and such designation shall show the separate boundaries of each zone and the statement of the percentages to be raised from each zone. Upon the filing of such map the board shall give notice to all persons interested in the district by publication in a newspaper of general circulation published in the district, once a week for three successive weeks, which notice shall designate the time and place of hearing by the board, at which time and place any person interested in the district may appear and object to the inclusion of his lands within the zones into which the district is divided, or to the percentage to be raised from each of said zones All such objections shall be in writing, verified by the person or persons making the objection, and filed with the board on or before the date fixed for such hearing. Upon such hearing, the board may change or

modify any of the zones or the percentages to be raised therefrom and shall distribute proportionately the percentage to be raised in each zone in accordance with the benefits received therefrom. Such hearing may be continued from time to time by the board by an order entered on its minutes. At the conclusion of the hearing the board shall make a final determination as to the extent and boundaries of the zones and the percentages to be raised therefrom.

Location and extent of zones

The location and extent of the zones within the district and the percentages to be raised therefrom shall be finally established and determined by the board and shall prevail for all purposes until any bonds to be issued by the district shall have been fully paid and discharged. Findings and determination of the boards as to the extent and boundaries of the zones and the percentages to be raised therefrom shall be final and conclusive subject to ratification by the electors as herein provided.

Member unit payment of zone charges

SEC. 12.3. Notwithstanding any other provision in this act the governing body of any member unit at any time after the location and extent of zones in said district and the percentages to be raised therefrom in each of such zones for the purpose of assessment have been finally fixed and determined by the board, but before the calling of any bond election, may with the consent of the board, enter into a contract with the district to pay to the district for the benefit of the bond fund thereof, if a bond issue be authorized and bonds be issued, an amount which shall be equal to the total amount assessed against all zones situated entirely within the member unit. Thereupon said charges against said zone or zones shall be canceled to the extent of said amount so agreed to be paid and thereafter the electors residing within such zone or zones shall not be entitled to vote at such election. Such contract shall contain such other or additional provisions as the board shall deem necessary or advisable in order to protect the interests of the district and to substitute the contract in lieu and instead of the assessments by said member unit or units.

Tax exemption

SEC. 13. The rights of way, ditches, flumes, pipe lines and other conduits, drains, water, water rights, reservoirs, dams, franchises, works and all other property used for the purposes of the district and belonging to it shall not be taxed nor assessed for state, county, municipal or any district purposes.

Construction

SEC. 14. The establishment of the district or anything of this act contained shall not affect, restrict nor supersede the existence, property, right or power of any municipality, public district or public agency now or hereafter established in or partially within the limits of the district for the purpose or purposes in whole or part of flood control or for the purpose or purposes in whole or part of reclamation, conservation, storage, distribution, sale, use or development of water. The Legislature because of conditions special to the county hereby expressly declares its interest to permit within the limits of the Solano County Flood Control and Water Conservation District the

existence of more than one district and/or municipality having similar powers over similar territory in regard to flood control, reclamation, water conservation, storage, distribution, sale, use and development.

Same

SEC. 15. The formation of the district or the enactment of this act shall not impair the vested right of any person, association, corporation, municipality or public district in or to water or the use thereof.

Procedure to determine legality

SEC. 16. The district in order to determine the legality of its existence, in addition to any remedy it may have for that purpose, may institute a proceeding therefor in the Superior Court of the State of California in and for the County of Solano, by filing a complaint setting forth the name of the district, its exterior boundaries, the date of its organization and a prayer that it be adjudged a legal district formed under this act. The summons in such proceeding shall be served by publishing a copy thereof once a week for four (4) successive weeks in some newspaper of general circulation published in said district. Within 30 days after the last publication of said summons shall have been completed, any property owner or resident or registered voter in said district, or any person interested may appear and answer said complaint, in which case said answer shall set forth the facts relied upon to show the invalidity of the district and shall be filed in such proceeding. If an answer be filed, the court shall proceed as in other civil cases. Such proceeding is hereby declared to be a proceeding in rem and the judgment rendered therein shall be conclusive against all persons whomsoever and against the State of California. Appeals may be taken from said judgment in the same manner as in other civil cases. The procedure provided by this section shall be cumulative and not exclusive.

Dissolution

Stats 1951, Ch 331

SEC. 16.5. The district may be dissolved in the manner provided for the dissolution of districts by Chapter 2 of Division 4 of the District Organization Act, and the district shall be considered a district within the meaning of all the provisions of such chapter.

Legislative finding and declaration

SEC. 17. The Legislature hereby finds that water problems in the county require county-wide water conservation, development of water resources and flood control; that these problems are not general or state-wide; that the county for many years has had made investigations and engineering surveys of the county's water resources by private, public and United States engineers; that the county water districts, municipalities, and water conservation districts now exist within portions of the county, have acquired property and works, developed a limited water supply, and have incurred indebtedness, but have been and are unable alone to economically develop an adequate water supply; that to adequately and feasibly conserve the water supply and control the floods of said county, it is necessary to have a political entity co-extensive with the geographical limits of the entire county; that there is a great scarcity of water within the county for municipal irrigation, military and other uses and

there is an urgent need that an adequate supply of water be obtained. Investigation has shown conditions in said county to be peculiar to it and it is hereby declared that general law cannot be applicable to said county and that the enactment of this special law is necessary for the conservation, development, control and use of said water for the public good and for the protection of life and property therein.

Severability

SEC. 18. In case any section or sections, or part of any section, of this act, shall be found to be unconstitutional or invalid, for any reason, the remainder of the act shall not thereby be invalidated, but shall remain in full force and effect.

Short title

SEC. 19. This act may be designated and referred to as "The Solano County Flood Control and Water Conservation District Act" and any reference thereto by such designation shall be sufficient for all purposes.

The board shall advertise by three insertions in a daily newspaper of general circulation or two insertions in a weekly newspaper of general circulation published in the district inviting sealed proposals for the construction of the work before any contract shall be made therefor, and may let by contract separately any part of said work. Provisions inapplicable

The provisions of this section shall have no application to a contract entered into with the United States under the author-

ity of Section 3, or to a contract authorized by a vote of the electorate of the district.

Debt limitation

SEC. 11. The district shall not incur any indebtedness or liability in any manner or for any purposes exceeding in any year the income and revenue provided for such year, and any indebtedness or liability incurred in violation of this section shall be absolutely void and unenforceable.

This section shall have no application to debts or liabilities incurred pursuant to the provisions of this act, authorizing the issuance of bonds, the levying of special assessments, the execution of contracts, with the United States nor to the incurring of any indebtedness or liability authorized by a vote of the electors of the district at an election held for such purpose.

Taxation

SEC. 12. The board in any year shall have the power to levy a tax, which shall be in addition to taxes for the payment of and interest on any bonded indebtedness, upon the taxable property in said district. Said tax shall be levied and collected at the same time and in the same manner, together with and not separately from taxes for county purposes, and not to exceed, however, the sum of two cents ($0.02) on each one hundred dollars ($100) of the assessed valuation of all property within the district, measured by the county assessment roll last equalized prior to the levying of said tax, to pay the costs and expenses of surveys, of zoning, compensation for clerical, engineering, legal, printing and advertising of all resolutions, notices, and other matter required to be printed, posted or published, all costs and expenses of legal actions or proceedings, and also the rental or purchase of real or personal property used in connection with such work and surveys, or any other of its purposes and to repay the county any and all moneys loaned to the district for the purposes herein stated and prior to the receipt of taxes.

Limitation

Taxation

SEC. 13. The board shall have the power, as provided for in this act, to cause taxes to be levied within any of the zones hereinafter created, for the purpose of paying any obligation of the district and to accomplish the purpose of the district and of this act.

Estimate of sum to be raised

SEC. 14. The board may estimate and determine the amount of money necessary to be raised to construct or purchase necessary works and acquire the necessary property and rights therefor and otherwise carry out the provisions of this act.

For the purpose of ascertaining the amount of money necessary to be raised for such purposes, or any of them, the board may cause such surveys, examinations, drawings and plans to be made as shall furnish the proper basis for said estimate.

In the estimate of the amount necessary to be raised, the board may include a sum sufficient to pay the interest on the bonds to be issued for a period of three years or less. All such surveys, examinations, drawings, and plans shall be made under the direction of the engineer of the district and shall be certified by him. After receiving such report the board may determine and declare by resolution whether or not the proposed

plan of work is satisfactory and whether or not the project, as set forth in said report, is feasible, and if so, may make an order determining the amount of bonds that should be issued in order to raise the amount of money necessary therefor, and in determining said amount, sufficient shall be included to cover the cost of inspection of works in course of construction.

Zoning

Prior to the calling of the bond election hereinafter referred to, the board shall cause the entire district to be divided into zones, if in its opinion such division is necessary because of varying benefits to the property within the district, together with a statement as to the percentages of the sum to be raised from each of such zones for the payment of the principal and interest of the bonds of the district. The district may be divided into as many zones as may be deemed necessary and each zone shall be composed of and include all of the lands in the district which in the opinion of the board will be benefited in substantially the same manner. Each zone shall be designated on a map or plat of the district filed in the office of the board and such designation shall show the separate boundaries of each zone and a statement of the percentage to be raised from each zone.

Same Procedure

SEC. 15. Upon the filing of such map, as in Section 14 provided, the board shall give notice to all persons interested in the district by publication in a newspaper of general circulation published in the district, once a week for three successive weeks, which notice shall designate the time and place of hearing by the board, at which time and place any person interested in the district may appear and object to the inclusion of his lands within the zones into which the district is divided, or to the percentage to be raised from each of said zones All such objections shall be in writing, verified by the person or persons making the objection, and filed with the board on or before the date fixed for such hearing. Upon such hearing, the board may change or modify any of the zones or the percentages to be raised therefrom and shall distribute proportionately the percentage to be raised in each zone in accordance with the benefits received therefrom. Such hearing may be continued from time to time by the board by an order entered on its minutes. At the conclusion of the hearing the board shall make a final determination as to the extent and boundaries of the zones and the percentages to be raised therefrom.

The location and extent of the zones within the district and the percentages to be raised therefrom shall be finally established and determined by the board and shall prevail for all purposes until any bonds to be issued by the district shall have been fully paid and discharged. Findings and determination of the board as to the extent and boundaries of the zones and the percentages to be raised therefrom shall be final and conclusive subject to ratification by the electors as herein provided.

Special election

SEC. 16. After the adoption of said report and estimate of the amount of money required to be raised and after the determination of the zones into which the district is divided and the percentages of the sum to be raised for the payment of the

principal and interest of the bonds from each of such zones, the board shall call a special election and submit to the qualified voters of said district two propositions:

1. Shall the report adopted by the board be ratified?

2. Shall the district incur a bonded indebtedness for the purpose of providing for the control and disposition of flood and storm waters of said district and to protect from damage from such storm and flood waters, the waterways, property, public highways, and public places in said district, and for any other purpose set forth in Section 3 hereof?

The resolution calling the special election shall state the estimated cost of the proposed work and improvements, the amount of the principal of the indebtedness to be incurred therefor and shall fix the maximum rate of interest to be paid on said indebtedness which shall not exceed 5 percent per annum, and shall fix the date on which the special election shall be held and the manner of voting for and against the ratification of the report adopted by the board, and for and against the incurring of such indebtedness.

For the purpose of said election, the board shall, in its resolution, establish election precincts within the boundaries of said district, and may form election precincts by consolidating the precincts established for general election purposes in said district to a number not exceeding six for each such bond election precinct, and shall designate a polling place and appoint two inspectors, two judges and two clerks for each of such precincts.

In all particulars not recited in such resolution, such election shall be held as nearly as practicable in conformity with the general election laws of the State.

At such election all persons whose names appear on the last great register of County of Yolo as residing within the district shall be entitled to vote, except as hereinafter otherwise provided.

Such resolution calling such election shall be published once a day for at least seven days, in some newspaper published at least six days a week in said district, or once a week for two weeks in some newspaper published less than six days a week in such district, and one insertion each week for two succeeding weeks shall be sufficient publication in such newspaper published less than six days a week. No further notice of such election need be given.

Any defect or irregularity in the proceedings prior to the election shall not affect the validity of the bonds.

If at such election two-thirds or more of the votes are cast in favor of ratifying the adoption of the report by the board and the incurring of such bonded indebtedness, then the bonds of said district, for the amounts stated in such proceedings, shall be issued and sold as provided in this act.

Failure of proposition

SEC. 17. Should the proposition be submitted to the electorate as provided in Section 16 fail to receive the requisite number of votes of the qualified electors voting at such election

for the purposes specified, the board shall not for one year after such election call or order another election in the district for the same purposes.

Payment of zone charges by political subdivision, etc.

SEC. 18. Notwithstanding any other provision in this act, the governing body of any municipal corporation or political subdivision at any time after the location and extent of zones within said district and the percentages to be raised therefrom in each of such zones for the purpose of assessment have been finally fixed and determined by the board as provided in Section 14, but before the calling of the bond election as provided in Section 16 may, with the consent of the board, enter into a contract with the district to pay to the district for the benefit of the bond fund thereof, if a bond issue be authorized and bonds be issued, an amount which shall be equal to the total amount assessed against all zones situated entirely within the corporate limits of said municipality or political subdivision. Thereupon said charges against said zone or zones shall be canceled to the extent of said amount so agreed to be paid, and thereafter the electors residing within said zone or zones shall not be entitled to vote at such bond election. Such contract shall contain such other and additional provisions as the board deems necessary or advisable in order to protect the interests of the district and to substitute the contract in lieu and instead of the assessments within the zone or zones so assumed by said municipality or other political subdivision.

It shall be wholly optional with the board whether or not to proceed as provided in this section.

Form, etc., of bonds

SEC. 19. Subject to the provisions of this act, the board shall prescribe by resolution the form of the bonds and of the interest coupons attached thereto and shall fix the rate of interest said bonds shall bear, not to exceed 5 percent per annum. The bonds shall mature serially in amounts to be fixed by the board, payment of the bonds commencing not later than five years from the date thereof and being completed in not more than 40 years from said date. The board shall fix the place, or places (which may be within or without the State of California and which shall be designated in said bonds) where said bonds together with the interest thereon shall be payable.

Same

SEC. 20. The bonds shall be issued in such denominations as the said board may determine, except that no bonds shall be of a less denomination than one hundred dollars ($100) nor of a greater denomination than one thousand dollars ($1,000). The bonds shall be payable on the day and at the place or places fixed therein, and with interest specified therein, which interest shall be payable semiannually, except the interest for the first year which may be paid in one installment. The bonds shall be signed by the chairman of the board or such other member of the board as the board may, by resolution, designate, and countersigned by the treasurer of the district, and the seal of said district shall be affixed thereto. The interest coupons of the bonds shall be numbered consecutively and signed by the treasurer of said district by his engraved or lithographed signature.

In case any officer whose signature or countersignature appears on the bonds or coupons shall cease to be such officer before the delivery of such bonds to the purchaser, the signature or countersignature shall nevertheless be valid and sufficient for all purposes the same as if such officer had remained in office until the delivery of the bonds.

Action to determine bond validity

SEC. 21. At any time prior to the sale and delivery of the bonds, an action may be commenced by the board in the name of the district in the Superior Court of the State of California, in and for the County of Yolo, to determine the validity of any of the bonds. Such action shall be in the nature of a proceeding in rem and jurisdiction of all parties interested may be had by publication of summons for at least once a week for three weeks in some newspaper of general circulation published in Yolo County, such paper to be designated by the court having jurisdiction of the proceedings or by the judge thereof. A summons shall be issued in such action which summons besides the matters required by Section 407 of the Code of Civil Procedure shall contain a statement that the action is brought to determine the validity of bonds of the district to the amount stated therein. Jurisdiction shall be complete within 10 days after the full publication of such summons in the manner herein provided. Anyone interested may at any time before the expiration of said 10 days appear and by proper proceedings contest the validity of such bonds. The action shall be given precedence in hearing and trial over all other civil actions or proceedings in such court and judgment shall be rendered therein declaring said bonds either valid or invalid. Either party may have the right to appeal to the Supreme Court at any time within 30 days after the rendition of such judgment, which appeal must be heard and determined within three months from the time of taking such appeal. Any action or proceeding commenced by any party other than the board to contest or in any manner interfere with the validity or disposition of said bonds must be tried in the Superior Court of the State of California, in and for the County of Yolo, and if the action or proceeding shall be commenced by the board as provided in this section, then no other such action or proceeding shall be thereafter commenced by any party or parties other than the board. The court hearing any proceeding or action inquiring into the regularity, legality or correctness of the proceedings leading up to the issuance of bonds or the validity of the bonds must disregard any error, irregularity, or omission which does not affect the substantial rights of the parties to said action or proceeding. The rules of pleading and practice provided by the Code of Civil Procedure which are not inconsistent with the provisions of this act are applicable to all actions or proceedings herein provided for.

Sale of bonds

SEC. 22. The board shall issue and sell the whole or any part of the bonds to the highest bidder or bidders for cash at the best price obtainable therefor, but in no event for less than the par value of such bonds and the accrued interest thereon. Before making a sale of any of the bonds, notice of the sale shall

be given by publication in at least one newspaper of general circulation, published in the district by two insertions therein; and no sale shall be had prior to the expiration of 15 days from the first publication of the notice. The board shall have the right to reject any and all bids when in its discretion it appears to the best interest of the district to do so, and may thereafter readvertise as provided in this section for original sale. The bonds may be registered with the treasurer in accordance with the provisions of any law applicable to the registration of municipal bonds, and thereafter the principal and interest thereon shall be paid to the proper registered owner thereof.

Investment of sinking funds

SEC. 23. Whenever the district shall have any moneys in any sinking fund established for the purpose of providing for the payment of the principal or interest of any bonded indebtedness, which money is not immediately required for the purpose of making such payment, the same or any part thereof may be invested temporarily in any bonds already issued by such district or in any bonds of the United States of America or the State of California. Such investment may be made by direct purchase of any issue of bonds of the district or any part thereof at the original sale of such bonds or by the purchase of such bonds after they have been so issued. Any bonds so purchased and held in any such sinking fund may from time to time be sold and the proceeds temporarily reinvested in bonds as above provided. Sales of any bonds so purchased and held in the sinking fund shall, from time to time, be made in season so that the proceeds may apply to the purpose for which the sinking fund was created except that if such moneys shall not be required for the purpose of paying the interest or any part of the principal of the outstanding bonds, the bonds of the district purchased from such moneys may be canceled by the treasurer of said district upon order by the board. After such cancellation such bonds shall cease to be an obligation of the district for any purpose whatsoever.

Effect of issuance, etc., bonds

SEC. 24. Bonds issued under this act shall be, by their issuance, conclusive evidence of the regularity, validity and legal sufficiency of all proceedings, acts and determinations had or made under this act. No error, defect, irregularity, informality and no neglect or omission of any officer of the district in any procedure, taken hereunder, which does not affect the jurisdiction of the board to order the doing of the thing or things proposed to be done, shall void or invalidate such proceedings or any bonds issued thereunder. The bonds and the interest thereon shall be paid by revenue derived from an annual assessment upon the taxable property within the district, and all the taxable property in the district shall be and remain liable to be assessed for such payments as hereinafter provided.

Legal investments

SEC. 25. Any bonds which shall be issued under the provisions of this act, shall be legal investments for all trust funds, and for the funds of insurance companies, banks, both commercial and savings, and trust companies, and for state school funds. Whenever any money or funds may be, by any law now

or hereafter enacted, invested in bonds of cities, cities and counties, counties, school districts or irrigation districts, within the State of California, such money or funds may be invested in the bonds issued under this act. Whenever bonds of cities, cities and counties, counties, school districts or irrigation districts within this State may be, by any law now or hereafter enacted, used as security for the performance of any act or the deposit of any public moneys, the said bonds issued under this act may be so used.

Proceeds of bond sale

SEC. 26. All proceeds received from the sale of the bonds hereunder shall be deposited with the County Treasurer of the County of Yolo, and be paid out by him only upon authority of the board and by proper warrant. All proceeds from the sale of bonds and interest on such proceeds in excess of the actual cost of all work and improvement and proceedings thereunder may be used for any lawful purposes for which said district was created as in this act provided.

Refunding bonds

SEC. 27. The board may, with the consent of any holder or holders of outstanding bonds of the district, exchange refunding bonds bearing a lower rate of interest for such outstanding bonds.

Whenever any holder of outstanding bond or bonds shall have consented to such exchange, the board may, by resolution entered in its minutes, order the refunding of such bonds. The resolution shall designate the numbers, denominations, dates of maturity and aggregate principal amounts of the bonds so to be refunded and shall provide for the issuance of refunding bonds in exchange therefor, the form, numbers, denominations, dates of maturity and aggregate principal amounts of which shall be the same as the bonds so to be refunded. The resolution shall also fix the rate of interest said refunding bonds shall bear, which rate shall be less than the rate provided in the bonds to be refunded. The resolution shall also fix the form of the interest coupons attached to said refunding bonds, which shall be the same as the bonds so to be refunded, excepting that the rate and amounts of interest shall be less as hereinabove provided.

The refunding bonds shall be signed by the chairman of the board or such other member of the board as said board may by resolution designate, and shall be countersigned by the treasurer of the district, and the seal of said district shall be affixed thereto. The interest coupons shall be numbered consecutively and signed by the treasurer of said district by his engraved or lithographed signature. In case any officer whose signature or countersignature appears on said bonds or coupons shall cease to be such officer before the delivery of such bonds to the purchaser, such signature or countersignature shall nevertheless be valid and sufficient for all purposes the same as if such officer had remained in office until the delivery of the bonds.

Each refunding bond may be exchanged for its corresponding outstanding bond as the board by agreement with the holder

of such outstanding bond may determine, except that in effecting such exchange, any and all matured coupons on said refunding bonds shall be detached and canceled and the principal and accrued interest of both issues shall be accepted at par value and the district shall pay said holder in cash out of moneys in the bond interest fund of the district an amount equal to the difference between the interest on the outstanding bond and on the refunding bond accrued to the date of such exchange.

When any refunding bonds shall have been exchanged, taxes shall be levied and collected to pay the principal and interest thereof as provided by Section 28, all the provisions of which section shall apply to said refunding bonds to the same extent as to original issues.

The refunding bonds shall also be legal investments for fiduciaries and others as provided in Section 25.

Tax levy

SEC. 28. The board shall at the time for fixing the general tax levy for county purposes and in the manner of such general tax levy provided, levy and collect annually each year until said bonds are paid or until there shall be a sum in the treasury of such district set apart for that purpose to meet all sums coming due for principal and interest on said bonds, a tax sufficient to pay the annual interest on said bonds and also such part of the principal thereof as shall become due before the time for fixing the next general tax levy. There may be included in such tax a sum sufficient, in the judgment of the board to take care of anticipated delinquencies, except that if the maturity of the indebtedness created by the issuance of bonds be made to begin more than one year after the date of the issuance thereof, tax shall be levied and collected annually at the time and in the aforesaid manner, in an amount sufficient to pay the interest on said indebtedness as it falls due and also to constitute a sinking fund for the redemption thereof on or before maturity. The tax herein required to be levied and collected shall be in addition to all other taxes levied for district purposes and shall be collected at the time and in the same manner as other district taxes are collected, and be used for no other purpose than the payment of said bonds and accruing interest.

Such tax shall be levied upon all taxable property within the district excluding any property belonging to any county, municipality, or political subdivision within the district, or property belonging to the State of California or the United States.

If the district has been divided into zones and the percentage of the amount to be raised for the redemption of principal and interest of said bonds from each such zone has been determined as provided in this act, the said amount of said tax levied shall be divided according to said percentage, and the percentage to be raised from the taxable property within each zone shall be levied upon and against the property in such zone as hereinbefore provided.

The provisions of law of this State prescribing the time and manner of levying, assessing, equalizing and collecting county property taxes including the sale of property for delinquency, and for redemption from such sale, and the duties of the several county officers with respect thereto, so far as they are applicable, and not in conflict with the specific provisions of this act, are hereby adopted and made a part hereof. Such officers shall be liable upon their several official bonds for the faithful discharge of the duties imposed upon them by this act.

The board shall take the assessment on the equalized roll of the County of Yolo as the basis for district taxes and for its taxes collected by the county officials of said county. On or before the first of August the board shall file with the auditor a certified copy of the map or plat showing the zones and the percentage of the amount to be raised from each zone. The auditor of such county must, on or before the second Monday of August of each year, transmit to the board a statement in writing showing the total value of all property within the district, which value shall be ascertained from the equalized roll of such county for that year. Said statement shall also show the total value of all property in each of said zones respectively.

The board shall, on or before the first week day in September, or if such week day falls upon a holiday, then upon the first business day thereafter, fix the rate of tax for each zone, and designate the number of cents upon each one hundred dollars ($100) on the equalized roll, which rate of taxation shall be sufficient to raise the amount previously fixed by the board as herein above prescribed. Such acts by the board shall constitute a valid assessment of the property and a valid levy of the tax so fixed. The board must immediately thereafter transmit to the county auditor a statement of the rate of taxes so fixed by said board for each zone into which the district may be divided and the county auditor shall enter such rate upon the county tax roll. Such taxes so levied shall be collected at the same time and in the same manner as county taxes and when collected the net amount ascertained as hereinafter provided shall be paid to the treasurer of the district under the general requirements and penalties provided by law for the settlement of other taxes.

All taxes levied under the provisions of this act shall be a lien upon the property on which they are levied and unless the board has by resolution otherwise provided the enforcement of the collection of such taxes shall be had in the same manner and by the same means as provided by law for the enforcement of the liens for state and county taxes, all provisions of law relating to the enforcement of the latter being hereby made a part of this act.

The amount of compensation to be charged by and paid to the county for the performance of service, as in this section provided, for and on behalf of such district, shall be fixed by agreement between the Board of Supervisors of the County of Yolo and the board, except that such compensation shall not

exceed one-half percent of all moneys collected for such district as in this act provided. The amount so collected by such county shall be placed to the credit of the county salary fund.

Assessment and taxation

SEC. 29. Notwithstanding Sections 54900 to 54903, inclusive, of the Government Code, the district is validly created for the purposes of assessment and taxation. The creation of any zone in the district shall not be effective for purposes of assessment or taxation for the Fiscal Year 1951-1952 and shall not be effective for such purposes for any fiscal year thereafter unless the statement and map or plat required by Sections 54900 to 54903, inclusive, of the Government Code are filed with the county assessor and the State Board of Equalization on or before the first of February of the year in which the assessments or taxes are to be levied. Until such time as the creation of any zone shall be effective for purposes of assessment or taxation, any tax or assessment levied by the board shall be levied at a uniform rate on all property in the district.

For the Fiscal Year 1950-1951, but for no other fiscal year, notwithstanding Section 28 of this act, the assessment and equalization of property for the purpose of district taxation shall be effected as provided in this section

Assessments of the district for the Fiscal Year 1951-1952 are liens on the property the same as if they were county taxes, except that the district assessment liens attach as of noon on the day after this act becomes effective.

It is presumed that the assessments of property made by the county assessor and by the State Board of Equalization for county taxation purposes for the Fiscal Year 1951-1952 are the correct assessments for purposes of assessment by the district and the rolls prepared by the county assessor and the State Board of Equalization shall be used for purposes of levying and collecting the assessments for the district. If the ownership or taxable situs or value of any property changes between noon on the first Monday in March, 1951, and the date on which attaches the lien for assessments of the district for the Fiscal Year 1951-1952, then, on petition of the taxpayer affected to the assessing authority, suitable entry shall be made on the assessment roll, in the manner prescribed by the State Board of Equalization, to indicate such change in the ownership or taxability or value of the property for purposes of assessment by the district.

Equalization

In equalizing the assessments made by the county assessor, the Board of Supervisors of Yolo County, sitting as the county board of equalization, in addition to its regular equalization duties, shall also, in the same manner and under the same rules, equalize the valuation of property for purposes of assessment by the district in accordance with the requirements of this section and any such changes made by the county board of equalization in the assessment roll shall be entered in the manner prescribed by the State Board of Equalization.

If, for purposes of assessments by the district, a change in the assessment for county taxation purposes is not sought under

this section before the end of the period during which such assessment may be equalized, or corrected on a petition for reassessment, such assessment, if valid for county taxation purposes, is conclusively presumed to be the correct assessment for assessment purposes of the district.

The board may prescribe by ordinance any necessary procedure, in accordance with the policy of this act, for the purpose of assessing, equalizing, levying, and collecting taxes or assessments for the district for the Fiscal Year 1951-1952. Except as provided in this section, Section 28 of this act is applicable to the assessment and equalization of property for the purpose of district assessments for the Fiscal Year 1951-1952.

Taxation

SEC. 30. After the first bond election in the district at which bonds shall be authorized by the electors of said district the board shall have power, in any year, to levy a tax upon the taxable property in said district as provided in Section 28 at the time and in the manner set forth therein, to carry out any of the objects or purposes of this act, and to pay the costs and expenses of maintaining, operating, extending and repairing any work or improvement of said district for the ensuing fiscal year. The board shall have power to control and order the expenditures for said purposes of all revenue so derived, except that taxes levied under this section for any one year shall not exceed five cents ($0.05) on each one hundred dollars ($100) of the assessed valuation of the property in said district as said assessed valuation is shown on the last preceding assessment records for state and county purposes. Such tax shall be in addition to any tax levied to meet the bonded indebtedness of said district and all interest thereon. If said district has been divided into zones, the taxes to be levied as provided in this section shall be apportioned in accordance with the zones established for the levying and collection of taxes to pay the principal and interest of the bonds of the district.

Limitation

Construction

SEC. 31. The provisions of this act relative to the performance of official duty as to any time or place, the form of any resolution, notice, order, list, certificate of sale, deed or other instrument shall be deemed directory. No bond, coupon, assessment, or installment thereof, or of the interest or penalties thereon, or certificate of sale or deed shall be held invalid for error in the computation of the proper amount due on the same; provided, the error be found to be comparatively negligible or be found to be one in favor of the owner of the property affected thereby.

Exclusion

SEC. 32. Any territory within the district and not substantially benefited by being within the district may be excluded by order of the board upon the verified petition of the owner or owners in fee of lands whose assessed valuation is in excess of one-half of the assessed valuation of all lands held in private ownership in such territory as shown by the last equalized assessment roll.

Petition

The petition shall describe the territory sought to be excluded and shall set forth that such territory is not substantially benefited by being in the district and shall pray that such territory be excluded and taken from said district. It shall be filed with the board and accompanied by a deposit with the board of the sum of five hundred dollars ($500), to meet expenses of advertising and costs incident to the proceedings, any unconsumed balance to be returned to the petitioner or petitioners.

Investigation and report

Upon the filing of the petition, the board shall transmit a copy thereof to the Department of Public Works, Division of Water Resources, which acting by and through the State Engineer shall make an investigation and determine whether the lands proposed to be excluded, or some portion thereof, is not substantially benefited by inclusion in the district. Upon completing such investigation, the department shall file its report with the board, which shall describe specifically the lands, if any, which will not be so benefited. The cost and expense of such investigation and report shall be a charge against the district and against the deposit made by the petitioners.

Hearing procedure

Upon the filing of the report, the board shall fix a time when the petition and report will be presented to the board, which shall be not less than 25 days nor more than 50 days after the filing of the report, and shall cause a notice of the filing thereof to be published once a week for at least two weeks in one newspaper of general circulation printed and published in each county within which any portion of the district lies. Such notice shall also state the date of the filing of the petition and the date of the filing of the report and the time when he will present them to the board and that they will come on for hearing before the board at such time and shall state the place where the board will meet for the purpose of holding such hearing. Any landowner or taxpayer or other person interested within the district shall have the right to appear at said hearing either in behalf of or in opposition to the granting of said petition. If upon such hearing the board determines that the petition complies with the provisions of this section and determines either that it is for the best interests of the district that the lands mentioned in the petition, or some portion thereof, be excluded from the district or if it determines that such lands, or some portion thereof, will not be substantially benefited by their continued inclusion in the district (and lands which the report of the Department of Public Works states will not be so benefited shall be included as such lands by the board in making its determination), the board shall make an order that such lands, or such portion thereof, be excluded from the district, such order to describe specifically the land so excluded. From the time of making such order, the lands so excluded shall be deemed no longer included in the district, but such order of exclusion shall not invalidate in any manner any taxes or assessments theretofore levied or assessed against the lands so excluded, nor shall it in any way limit the authority of the board to levy taxes for the payment

of principal and interest under the terms of any contract approved by the voters or of bonds theretofore voted or issued by the district. The chairman of the board shall certify that such order has been adopted to the Secretary of State and to the County Recorder of Yolo County. Upon receipt of the certificate, the Secretary of State shall, within 10 days, issue his certificate reciting the adoption of such order and the exclusion of the area from the district. A copy of such certificate shall be transmitted to and filed with the County Clerk of Yolo County.

Construction

SEC. 33. This act shall be liberally construed to the end that the purposes may be effective. No error, irregularity, informality and no neglect or omission of any officer of the district in any procedure taken hereunder which does not directly affect the jurisdiction of the board to order the work done or improvement to be made shall void or invalidate such proceedings or any assessment for the cost of work or improvement done thereunder.

Severability

SEC. 34. If any provision of this act, or the application thereof to any person or circumstance, is held invalid, the remainder of this act, or the application of such provision to other persons or circumstances, shall not be affected thereby.

The director, in his discretion, may require a like showing of character, responsibility, and good faith by any person hereinabove referred to when making application for renewal of a pre-existing license.

Previous conviction of a felony, previous bankruptcy, voluntary or involuntary, or previous violation of this chapter may be considered by the director as adverse to a showing of such character, responsibility, or good faith on the part of any applicant, or on the part of any manager, superintendent, director or officer of an applicant corporation, or on the part of any superintendent, manager, or member of an applicant partnership. The same considerations are applicable to an individual applicant who has previously been in a responsible or managing position with a corporation or partnership which has suffered revocation or suspension of license by reason of violation of this chapter or by reason of violation of Chapter 6, Division 6, of the Agricultural Code

Upon the filing of such application and the payment of such fee the director shall issue to such applicant a license entitling the applicant to conduct the business of processor within the State of California for a year from the date thereof, or until the same shall have been revoked in the manner and upon the grounds hereinafter specified.

Renewal penalty

Should any processor fail, refuse or neglect to apply for the renewal of an existing license on or before the date of expiration thereof, a penalty of ten dollars ($10) shall apply to and be added to the original fee, and shall be paid by the applicant before the renewal license may be issued.

Agent's application for license

Agent: Each application shall include such information as the director may consider proper or necessary, and shall include the name and address of the applicant, the name and address of the processor represented or sought to be represented by said agent, and the written endorsement or nomination of such processor.

Issuance of license and card

Upon the filing of the application and fee as herein provided, the director shall issue to the applicant a license entitling the applicant to conduct the business described in the application. The license of an agent shall expire upon the date of expiration of the license of the processor for whom the agent acts, or until revoked in the manner and upon the grounds hereinafter specified, whichever first occurs. The director may issue to each agent a separate license card for each processor represented by the agent. Any agent who displays a void or expired license card is guilty of a misdemeanor.

If he answers that he has, his answer must be entered in the minutes of the court, and must, unless withdrawn by consent of the court, be conclusive of the fact of his having suffered such previous conviction in all subsequent proceedings. If he answers that he has not, his answer must be entered in the minutes of the court, and the question whether or not he has

suffered such previous conviction must be tried by the jury which tries the issue upon the plea of not guilty, or in case of a plea of guilty, by a jury impaneled for that purpose, or by the court if a jury is waived. The refusal of the defendant to answer is equivalent to a denial that he has suffered such previous conviction. In all other cases this formality may be dispensed with.

2. The district attorney, or other counsel for the people, must open the cause and offer the evidence in support of the charge.

3. The defendant or his counsel may then open the defense, and offer his evidence in support thereof.

4. The parties may then respectively offer rebutting testimony only, unless the court, for good reason, in furtherance of justice, permit them to offer evidence upon their original case.

The court shall inform the jury in all cases that the jurors are the exclusive judges of all questions of fact submitted to them and of the credibility of the witnesses. Either party may present to the court any written charge on the law, but not with respect to matters of fact, and request that it be given. CHAPTER 4. THE VERDICT OR FINDING

SEC. 106. Section 1150 of said code is amended to read:

Type of verdict

1150. The jury must render a general verdict, except that in a superior court, when they are in doubt as to the legal effect of the facts proved, they may, except upon a trial for libel, find a special verdict.

SEC. 107. Section 1151 of said code is amended to read:

1151. A general verdict upon a plea of not guilty is either "guilty" or "not guilty," which imports a conviction or acquittal of the offense charged in the accusatory pleading. Upon a plea of a former conviction or acquittal of the offense charged, or upon a plea of once in jeopardy, the general verdict is either "for the people" or "for the defendant." When the defendant is acquitted on the ground of a variance between the accusatory pleading and the proof, the verdict is "not guilty by reason of variance between charge and proof." Form of verdict

SEC. 108. Section 1155 of said code is amended to read:

1155. The court must give judgment upon the special verdict as follows: Judgment on special verdict

1. If the plea is not guilty, and the facts prove the defendant guilty of the offense charged in the indictment or information, or of any other offense of which he could be convicted under that indictment or information, judgment must be given accordingly. But if otherwise, judgment of acquittal must be given.

2. If the plea is a former conviction or acquittal or once in jeopardy of the same offense, the court must give judgment of acquittal or conviction, as the facts prove or fail to prove the former conviction or acquittal or jeopardy.

SEC. 109. Section 1157 of said code is amended to read:

1157. Whenever a defendant is convicted of a crime which is distinguished into degrees, the jury, or the court if a jury trial is waived, must find the degree of the crime of which he is guilty. Upon the failure of the jury or the court to so determine, the degree of the crime of which the defendant is guilty, shall be deemed to be of the lesser degree. Degree of crime

SEC. 110. Section 1158 of said code is amended to read:

1158. Whenever the fact of a previous conviction of another offense is charged in an accusatory pleading, and the defendant is found guilty of the offense with which he is charged, the jury, or the judge if a jury trial is waived, must unless the answer of the defendant admits such previous conviction, find whether or not he has suffered such previous conviction. The verdict or finding upon the charge of previous conviction may be: "We (or I) find the charge of previous conviction true" or "We (or I) find the charge of previous conviction not true," according as the jury or the judge find that the defendant has or has not suffered such conviction. If more than one previous conviction is charged a separate finding must be made as to each. Finding on charge of previous conviction

SEC. 111. Section 1159 of said code is amended to read:

1159. The jury, or the judge if a jury trial is waived, may find the defendant guilty of any offense, the commission of which is necessarily included in that with which he is charged, or of an attempt to commit the offense. Conviction on lesser offense

SEC. 112. Section 1160 of said code is amended to read:

1160. On a charge against two or more defendants jointly, if the jury cannot agree upon a verdict as to all, they may render a verdict as to the defendant or defendants in regard to whom Verdict as to some defendants

they do agree, on which a judgment must be entered accordingly, and the case as to the other may be tried again.

Verdict as to some offenses

Where two or more offenses are charged in any accusatory pleading, if the jury cannot agree upon a verdict as to all of them, they may render a verdict as to the charge or charges upon which they do agree, and the charges on which they do not agree may be tried again.

SEC. 113. Section 1164 of said code is amended to read:

Recordation of verdict, etc

1164. When the verdict given is such as the court may receive, the clerk, or if there is no clerk, the judge or justice, must record it in full upon the minutes, and if requested by any party must read it to the jury, and inquire of them whether it is their verdict. If any juror disagrees, the fact must be entered upon the minutes and the jury again sent out; but if no disagreement is expressed, the verdict is complete, and the jury must be discharged from the case.

SEC. 114. Section 1165 of said code is amended to read:

Procedure on finding for defendant

1165. Where a general verdict is rendered or a finding by the court is made in favor of the defendant, except on a plea of not guilty by reason of insanity, a judgment of acquittal must be forthwith given. If such judgment is given, or a judgment imposing a fine only, without imprisonment for nonpayment is given, and the defendant is not detained for any other legal cause, he must be discharged, if in custody, as soon as the judgment is given, except that where the acquittal is because of a variance between the pleading and the proof which may be obviated by a new accusatory pleading, the court may order his detention, to the end that a new accusatory pleading may be preferred, in the same manner and with like effect as provided in Section 1117.

SEC. 115. Section 1167 is added to said code, to read:

Procedure when jury trial waived

1167. When a jury trial is waived, the judge or justice before whom the trial is had shall, at the conclusion thereof, announce his findings upon the issues of fact, which shall be in substantially the form prescribed for the general verdict of a jury and shall be entered upon the minutes.

SEC. 116. Section 1180 of said code is amended to read:

New trial

1180. The granting of a new trial places the parties in the same position as if no trial had been had. All the testimony must be produced anew, and the former verdict or finding cannot be used or referred to, either in evidence or in argument, or be pleaded in bar of any conviction which might have been had under the accusatory pleading.

SEC. 117. Section 1181 of said code is amended to read:

Same When granted

1181. When a verdict has been rendered or a finding made against the defendant, the court may, upon his application, grant a new trial, in the following cases only:

1. When the trial has been had in his absence except in cases where the trial may lawfully proceed in his absence;

2. When the jury has received any evidence out of court, other than that resulting from a view of the premises, or of personal property;

3. When the jury has separated without leave of the court after retiring to deliberate upon their verdict, or been guilty of any misconduct by which a fair and due consideration of the case has been prevented;

4. When the verdict has been decided by lot, or by any means other than a fair expression of opinion on the part of all the jurors;

5. When the court has misdirected the jury in a matter of law, or has erred in the decision of any question of law arising during the course of the trial, and when the district attorney or other counsel prosecuting the case has been guilty of prejudicial misconduct during the trial thereof before a jury;

6. When the verdict or finding is contrary to law or evidence, but if the evidence shows the defendant to be not guilty of the degree of the crime of which he was convicted, but guilty of a lesser degree thereof, or of a lesser crime included therein, the court may modify the verdict, finding or judgment accordingly without granting or ordering a new trial, and this power shall extend to any court to which the cause may be appealed;

7. When the verdict or finding is contrary to law or evidence, but in any case wherein authority is vested by statute in the trial court or jury to recommend or determine as a part of its verdict or finding the punishment to be imposed, the court may modify such verdict or finding by imposing the lesser punishment without granting or ordering a new trial, and this power shall extend to any court to which the case may be appealed;

8. When new evidence is discovered material to the defendant, and which he could not, with reasonable diligence, have discovered and produced at the trial. When a motion for a new trial is made upon the ground of newly discovered evidence, the defendant must produce at the hearing, in support thereof, the affidavits of the witnesses by whom such evidence is expected to be given, and if time is required by the defendant to procure such affidavits, the court may postpone the hearing of the motion for such length of time as, under all circumstances of the case, may seem reasonable.

SEC. 118. Section 1185 of said code is amended to read:

Motion in arrest of judgment

1185. A motion in arrest of judgment is an application on the part of the defendant that no judgment be rendered on a plea, finding, or verdict of guilty, or on a finding or verdict against the defendant, on a plea of a former conviction, former acquittal or once in jeopardy. It may be founded on any of the defects in the accusatory pleading mentioned in Section 1004, unless the objection has been waived by a failure to demur, and must be made and determined before the judgment is pronounced. When determined, the order must be immediately entered in the minutes.

SEC. 119. Section 1186 of said code is amended to read:

Arrest of judgment

If in the opinion of the court there is a reasonable ground of believing a defendant insane, the court may extend the time for pronouncing sentence until the question of insanity has been heard and determined, as provided in this code.

in said district to pay principal and interest of bonds issued for acquisitions and improvements for the benefit of the district, which limits shall not exceed, as to time, 20 years from the date of said bonds, and, as to rate, fifty cents ($0.50) on each one hundred dollars ($100) of assessed valuation.

(7) The amount of money, if any, which it is proposed that the city contribute toward the cost and expense of the acquisitions and improvements proposed by the petition.

(8) A general statement of the public ways within the district on which it is proposed the city install and maintain, or continue to maintain, parking meters, the net revenues from which will be allocated and pledged to the payment of the principal and interest of said bonds, and the period of time (measured from the date of said bonds) for which it is proposed that the city agree to maintain said meters. If it is proposed that only a portion of said net revenues shall be so allocated and pledged, such portion shall be generally defined.

Verification, etc., of petition

SEC. 6. Said petition shall be verified by one or more persons and shall be filed in the office of the clerk of the legislative body. The clerk of the legislative body shall examine said petition and if he finds that it is signed by a sufficient number of qualified signers he shall so certify to the legislative body.

Proposal of contribution of money

SEC. 7. If the petition proposes a contribution of money by the city, the legislative body either shall reject the petition or shall, prior to the adoption of the resolution of intention, agree to make a contribution not less than the amount specified in the petition. The statement of the amount of city contribution in the petition or in the resolution of intention shall not prevent the city from making additional contributions to the project before or after the issuance of bonds therefor and shall not prevent the city from paying all or any part of the incidental expenses in connection with the proceedings hereunder. If the petition proposes that the city install and maintain, or continue to maintain, parking meters on public ways within the district, the legislative body either shall reject the petition or shall, prior to the adoption of the resolution of intention, agree to install and maintain, or continue to maintain, parking meters as proposed in the petition; provided, that the legislative body shall not so agree unless it finds and determines that the public interest, convenience and necessity require that such meters be installed and maintained, or be continued to be maintained, as proposed in the petition.

Approval or rejection by legislature Report of city engineer, etc

SEC. 8. Following the filing of a petition certified by the clerk of the legislative body as sufficient, the legislative body shall either approve said petition or reject it. If it approves the petition it shall direct the city engineer or other competent person to make and file with it a report showing the following:

(1) An estimate of the cost of the acquisitions and improvements proposed by the petition and of the incidental expenses in connection therewith and of the proceedings therefor.

(2) An estimate of the annual revenues which can be expected to be derived from the operation of the proposed parking

places, and of the annual expenses of operating and maintaining said parking places exclusive of principal and interest on the bonds to be issued hereunder.

(3) An estimate of the annual net revenues which can be expected to be derived from the parking meters, the revenues from which are by the petition proposed to be pledged to pay the principal and interest of said bonds.

(4) The total assessed value of the real property within the proposed district as shown on the last equalized assessment roll.

The provisions of the Special Assessment Investigation, Limitation and Majority Protest Act of 1931 shall not apply to proceedings under this act.

Resolution

SEC. 9. Following the filing of said report with the legislative body, it may adopt a resolution declaring its intention to form said parking district and to issue bonds in the amount and for the purposes stated in said resolution. The resolution shall contain substantially the following:

(1) The name of the proposed district;

(2) A description of the boundaries thereof; this description may be general only and may refer to a map on file in the office of the clerk of the legislative body, which map shall show the boundaries of the proposed district and shall govern for all details thereof;

(3) A general description of the acquisitions and improvements proposed by the petition; this description may be in general terms and may refer to a map, plan or sketch on file in the office of said clerk for a further description of what is proposed to be done;

(4) The estimates of costs, expenses and revenues, and the assessed value of real property in the proposed district, as set forth in the report;

(5) The amount proposed to be contributed by the city toward the proposed acquisitions and improvements;

(6) An estimate of the amount of the bonds proposed to be issued, the maximum number of years said bonds are to run, and the maximum rate of interest to be payable thereon, not in excess of six percent (6%) per annum;

(7) The limits, as stated in the petition, as to time and rate upon ad valorem assessments, if any, which may be levied upon taxable real property in the district to pay principal and interest of said bonds.

(8) A general statement of the public ways within the district on which the city will, as proposed by the petition, install and maintain, or continue to maintain parking meters, the net revenues from which will be allocated and pledged to the payment of the principal and interest of said bonds, and the period of time (measured from the date of said bonds) for which the city will agree to maintain said meters. If it is proposed that only a portion of said net revenues be so allocated and pledged, such portion shall be generally defined.

(9) The date, hour and place for the hearing on the proposed formation of such district and the time within which and the place where protests may be filed.

(10) The resolution shall make reference to the report on file in the office of the clerk.

Publication

SEC. 10. Said resolution shall be published by the clerk of the legislative body twice in a newspaper of general circulation printed and published in said city. If no such newspaper is published therein, said resolution shall be posted in three public places within the proposed district. The first publication or the posting of said resolution shall be at least thirty (30) days prior to the date of hearing.

Not less than twenty-five (25) days prior to the date of hearing, the clerk of the legislative body shall mail a copy of the resolution, postage prepaid, to each person to whom real property in the district is assessed as shown on the last equalized assessment roll, at his address as shown on said roll, and to each person, whether owner in fee or having a lien upon or legal or equitable interest in any real property within said district, whose name and address and a designation of the real property in which he is interested, is on file in the office of said clerk. No error, failure or mistake in the mailing of such copy or any thereof and no failure of any person to receive the same shall in any way affect the validity of any proceedings hereunder.

Protest

SEC. 11. Any person interested and objecting to the formation of said parking district or to the extent thereof or to the inclusion of his property therein or to the acquisitions and improvements as proposed, or to the issuance of bonds or to the doing of any other things as proposed in the resolution of intention may file a written protest with the clerk of the legislative body at any time prior to the time fixed for the hearing. At the hearing the clerk of the legislative body shall present to it all protests filed with him and the legislative body shall hear and determine the same. Its decision thereon shall be final and conclusive; provided, however, that if the owners of taxable real property in said district having an assessed valuation of more than one-half of the assessed valuation of all taxable real property in said district at the conclusion of the hearing have on file and not withdrawn their written protests objecting to the formation of said district, the legislative body shall make a finding that such majority protest has been filed, and upon such finding being made the proceeding shall be deemed abandoned and no further proceedings shall be had or taken pursuant to said petition. Any protest filed may be abandoned and withdrawn by written notice of such abandonment or withdrawal signed by the person who signed the protest and filed with the clerk of the legislative body at any time prior to the conclusion of the hearing. If a proceeding is terminated by the filing of a majority protest no new petition for the same purpose may be filed until the expiration of one year from the date of the finding of the legislative body that such majority protest was filed. However, a new petition for a modified project may be filed at

any time. Said hearing may be continued from time to time at the discretion of the legislative body. At the conclusion of said hearing the legislative body may make such changes in the boundaries of the proposed district as it shall find to be proper and advisable and shall define and establish such boundaries, but said legislative body shall not modify such boundaries so as to include any territory which will not in its judgment be benefited by the proposed project, and no territory shall be excluded from the proposed district which will in the judgment of said legislative body be benefited by the proposed project.

At said hearing, the legislative body may also increase, decrease, change, or otherwise modify the acquisitions or improvements to be made, but the legislative body shall not increase, decrease, change or otherwise modify said acquisitions or improvements without first procuring from the city engineer or other competent person a supplemental report showing the effect thereof upon the estimates and other data given in the original report

Change in boundaries

SEC. 12. The legislative body shall not make any change in the boundaries of the proposed district or in the acquisitions and improvements, except after notice of its intention so to do given by two insertions in the newspaper in which the resolution of intention was published and specifying a time for hearing objections to any such proposed change, which time shall be not less than twenty (20) days after the first publication of said notice. Written objections to any proposed change may be filed with the clerk of said legislative body by any interested person at any time prior to the hour set for hearing the same. Said legislative body shall hear and pass upon such objections at the time appointed or at any time to which the hearing thereof may be adjourned and its decision thereon shall be final and conclusive; provided, however, that if a majority protest is on file, as hereinbefore in this act provided, at the conclusion of the hearing, then upon the determination of said legislative body that such majority protest is on file the proceeding shall be forthwith abandoned.

Lack of protests

At the expiration of the time within which protests may be filed, if none be filed or if protests constituting less than a majority protest are filed and after hearing are denied, or at the expiration of the time within which objections to changes, in case any change be proposed as hereinbefore provided, may be filed, if none be filed or if such objections constituting less than a majority protest are filed and after hearing are denied as above provided, then said legislative body shall be deemed to have acquired jurisdiction to proceed further with the provisions of this act.

Ordinance

When the legislative body has so acquired jurisdiction to proceed further, it may adopt an ordinance declaring that said parking district is formed and describing the acquisitions and improvements to be made.

Acquisition of property

SEC. 13. Before issuing any bonds the legislative body shall contract for the purchase of the land, property and rights

of way to be acquired, or, if all or any portion thereof cannot be acquired by contract at a price which the legislative body deems satisfactory, the legislative body shall cause an action or actions to be brought in the name of the city for the condemnation thereof and, before issuing any bonds, shall obtain an interlocutory judgment in such action or actions. If after the amount to be paid for the land, property and rights of way to be acquired has been fixed by contract or by an interlocutory judgment or judgments, the legislative body finds and determines that it will not be feasible to issue bonds in an amount necessary to make the acquisitions and improvements described in the ordinance declaring the district formed and the incidental expenses in connection therewith and the proceedings therefor, after deducting any amount to be contributed by the city for such purposes, the legislative body may eliminate, change or otherwise modify any of the proposed acquisitions or improvements, after notice and hearing as provided in Section 12 hereof, and the majority protest provisions of said Section 12 shall apply.

Issuance of bonds

SEC. 14. When the amount to be paid for the land, property and rights of way finally determined to be acquired has been fixed by contract or by an interlocutory judgment or judgments, the legislative body may by ordinance, resolution or indenture provide for the issuance of bonds of the district in an amount not exceeding the amount necessary to make the proposed acquisitions and improvements and to pay the incidental expenses in connection therewith and the proceedings therefor, less any amount to be contributed by the city for such purposes.

Form, etc

The legislative body shall describe the form of bonds and of the interest coupons to be attached thereto. Not less than one-twentieth part of the whole amount of such bonds shall be payable each and every year on a day and date and at a place to be fixed by the legislative body and designated in such bonds, together with interest on all sums unpaid on such date until the whole of said bonds shall have been paid; provided, however, that said legislative body may in its discretion determine and fix a date for the earliest maturity of the principal of said bonds not more than three years from the date of issue such bonds shall bear. The legislative body may make such bonds or any portion thereof callable for redemption before maturity at such time or times, at such price or prices and upon such other terms and conditions as it may determine. Any bond callable before maturity shall contain a recital to that effect. The bonds shall be issued in the denomination of one thousand dollars ($1,000) each, shall be payable on the day and at the place fixed in such bonds, with interest at the rate specified in such bonds, which rate shall not be in excess of the maximum rate stated in the resolution of intention, and shall be paid semiannually except the interest for the first year may be paid at the end of said year. Said bonds shall be signed by the chief

executive of the city or by such other officer thereof as the legislative body shall in said ordinance authorize and designate for that purpose and also signed by the treasurer thereof and countersigned by the clerk. The interest coupons on said bonds shall be numbered consecutively and signed by the treasurer. All of the signatures on said bonds and on the interest coupons thereof may be made by printed, lithographed or engraved facsimile except the countersignature of the clerk which shall be manually affixed. In case any such officer whose signature or countersignature appears on the bonds or coupons shall cease to be such officer before the delivery of such bonds to the purchaser, such signature or countersignature shall nevertheless be valid and sufficient for all purposes, the same as if such officer had remained in office until the delivery of the bonds.

Each of said bonds shall state in substance that the bond together with the interest thereon is payable solely from the net revenues from the operation of the parking place or places acquired and improved with the proceeds thereof, the net revenues (or a portion thereof) from parking meters on certain public ways within the district (if such be the case), and, to the extent such revenues are insufficient, from a limited (stating the limits) ad valorem assessment to be levied upon taxable real property in the district (if such be the case), and that neither the city nor any officer thereof is to be held otherwise liable for its principal or interest.

Additional provisions

SEC. 15. The ordinance, resolution or indenture providing for the issuance of said bonds may also provide:

(1) For the maintenance and operation of the parking facilities, for the establishment of a special fund or funds into which all revenues derived from the operation of the parking facilities shall be placed, for the payment from said fund or funds of the expenses of operating and maintaining said parking places, and for the allocation and pledge of the remaining revenues to the payment of said bonds and the interest thereon.

(2) For the installation of parking meters on the public ways within the district as provided in the resolution of intention, to the extent such meters have not already been installed, for the maintenance of meters on such public ways for the period of time specified in the resolution of intention, for the establishment of a special fund or funds into which the net revenues (or portion thereof as specified in the resolution of intention) shall be paid, and for the allocation and pledge of said net revenues, or said portion thereof, to the payment of said bonds and the interest thereon.

(3) For the levy each year of an ad valorem assessment on all taxable real property in the district, to the extent to which revenues from the parking lots and from parking meters pledged to the payment of principal and interest of said bonds have been or are expected to be insufficient in any year to pay such principal and interest. The rate of ad valorem assessment shall be fixed by the legislative body each year in accordance with such provision. Such ad valorem assessment shall not exceed the

limits stated in the resolution of intention. Such assessment shall be levied, collected and enforced in the same manner, at the same times, and with the same penalties and interest, as in the case of taxes levied for the city.

(4) For interest and redemption funds, sinking funds, reserve funds, and any other funds necessary or convenient for use in the payment of said bonds and the interest thereon.

Said ordinance, resolution or indenture may also contain any other provisions necessary or desirable to carry out the intent and purpose of, not inconsistent with the provisions of, this act.

The provisions of said ordinance, resolution, or indenture shall constitute covenants for the benefit and protection of the holders of said bonds, and any such holder may enforce the same by mandamus or other appropriate remedy. Any provision of said ordinance, resolution or indenture, except a provision as to the amount or time of payment of principal or interest on the bonds, may be later eliminated or modified by the legislative body, if the holders of not less than sixty percent (60%) of the outstanding bonds have agreed in writing to such elimination or modification.

Sale of bonds

SEC. 16. The legislative body may issue and sell the bonds of said district at not less than the par value thereof plus accrued interest. Before selling the bonds, or any part thereof, the legislative body shall give notice inviting sealed bids in such manner as the legislative body may prescribe. If satisfactory bids are received, the bonds offered for sale shall be awarded to the highest responsible bidder. If no bids are received, or if the legislative body determines that the bids received are not satisfactory as to price or responsibility of the bidders, the legislative body may reject all bids received, if any, and either readvertise or sell the bonds at private sale. The proceeds of the sale of such bonds shall be placed in the treasury of the city to the credit of the proper district fund and shall be applied exclusively to the objects and purposes mentioned in the ordinance establishing the district (or to said objects and purposes as the same may be modified as provided in Section 13 hereof) and the payment of the incidental expenses in connection therewith. Said proceeds may be used to pay the interest on said bonds during the period of construction of any parking place and for a period of six months thereafter; provided, that the total period during which interest is paid from such proceeds shall not exceed three years from the date of said bonds. Said bonds and the interest coupons thereof shall be negotiable instruments.

Proceeds

SEC. 17. With the proceeds from the sale of said bonds and with any moneys which the city has agreed to contribute for the purpose, the city by and through its proper officers shall make the acquisitions and improvements finally determined upon. All contracts for the construction of any improvements shall be let and entered into as other contracts are let and entered into by the city. When said acquisitions and improvements have been accomplished any unexpended bond proceeds shall

be placed in the fund for the payment of principal and interest of the outstanding bonds and shall be used for no other purpose.

Same

SEC. 18. After the bonds and all interest thereon have been fully paid, or prior thereto to the extent permitted by express provision of the ordinance, resolution or indenture providing for the issuance of said bonds, all revenues derived from the operation of the parking facilities and not required for the operation and maintenance of such facilities, may be used for the further improvement of such facilities for the benefit of the district, as the parking place commission of the district may decide. Any excess revenues shall be paid into the general fund of the city or the fees and charges reduced so that there will be no excessive revenue.

Parking place commission

SEC. 19. Whenever a district is created under this act, immediately upon the acquisition of the parking places, a parking place commission shall be appointed which shall have the powers, jurisdiction and authority granted in this act. In the discretion of the legislative body, such commission may be appointed at any time prior to such acquisition and after the adoption of the ordinance declaring the district formed. The commission shall consist of three members. Each commissioner shall be a resident and qualified elector of the city. Members of the commission shall serve without compensation, unless the legislative body shall determine that compensation shall be paid and shall fix such compensation to be paid from funds of the city. Members of the commission shall be appointed by the chief executive officer of the city, subject to confirmation by the legislative body thereof.

The commissioners shall hold office for the term of three years from the date of their appointment and qualification and until their successors are appointed and qualified, except that members of the first commission appointed shall classify themselves by lot so that one member holds office for one year, one for two years, and one for three years, and, in each instance, until a successor has been appointed and qualified; provided, however, that by a four-fifths vote a commissioner may be removed by the legislative body at any time.

Qualifications of commissioners

Commissioners shall be persons of business experience and ability to the end that the affairs of the district shall be administered in the interests of the district. Whenever there is filed with the legislative body, a petition signed by the owners owning real property in the district of an assessed value of more than fifty percent (50%) of the total assessed value of the taxable real property in said district, as shown by the last equalized assessment roll, requesting the removal of a commissioner, the legislative body shall immediately remove such commissioner, and a new commissioner shall be appointed in the same manner as for other appointments. The commissioner so removed shall be ineligible to hold office as a commissioner of the district for a period of one year following his removal.

Title, etc., to property

SEC. 20. All property acquired under the provisions of this act shall be condemned or acquired in the name of the city

and title to such property shall be in the city but shall be held by the city subject to the provisions of the act, and the parking places acquired shall be under the possession, jurisdiction and control of the commission of the district for which the same were acquired. The commission shall operate, manage and control said parking places and shall make and enforce all necessary rules and regulations for the use thereof. It shall fix, regulate and collect rentals, fees or other charges for the parking of vehicles therein and may provide different rates for different classes of customers or users.

Preferential rates, etc.

The providing of adequate public parking places in cities largely depends upon the formation of parking districts. Such districts will be created and will be successful only if so operated as to serve the property within the district adequately. It is the intent of this act that the owners of real property in a parking district which is created hereunder to provide parking places to solve the parking problems of the district may receive preferential rates, charges, or rentals for themselves, their tenants and the classes of persons who call upon or do business with them, all to the end that the property which bears the burden and provides a solution for the parking problem shall receive a special benefit.

Restricted use

All parking places acquired and constructed under this act shall be public parking places; but nevertheless the commission having jurisdiction over the parking places for any district may restrict or partially restrict the use of such parking places to owners and tenants, and classes of persons designated by such owners or tenants of real property in the parking district and may establish rates or charges or rentals for the owners and tenants of such properties and classes of persons designated by such owners or tenants which differ from and are less than the rates, charges, or rentals charged other persons.

Rentals, etc.

Such rentals, fees and charges shall be fixed after public hearing following such notice as the commission may prescribe. It shall appoint such employees, said employees to be selected as other city employees are selected, as it deems necessary and shall have complete charge, supervision and control of all parking places acquired for the district.

The legislative body may grant such employees the same rights, privileges and benefits granted to other city employees.

So far as feasible, the commission shall fix such rentals, fees or charges as will produce sufficient revenue, when added to the expected revenues from parking meters pledged to the payment of the bonds of the district, to pay the principal and interest of said bonds as the same fall due.

The commission shall fix the rentals, fees, or charges so that they will not produce revenues, when added to the expected revenues from parking meters pledged to the payment of bonds of the district, in excess of the amount required to pay the costs of operation and the principal and interest of the bonds as they fall due.

The commission shall abide by all covenants made by the legislative body in the issuance of the bonds.

Lease of parking places

SEC. 21. The commission in the exercise of its power to operate, manage and control parking places as provided in Section 20 hereof, shall have the power to lease any or all of said parking places to any person, firm, or corporation for the sole purpose of the operation by said person, firm, or corporation of public parking facilities thereon, or may make a contract with any person, firm, or corporation for such purpose. The consideration to be paid for any such lease or under any such contract by the operator may be a fixed sum or a percentage of gross rentals, fees or charges collected by the operator, or any other consideration. The maximum rentals, fees and charges to be collected by the operator shall be fixed by the commission after public hearing as provided in Section 20 hereof and shall be recited in the lease or contract, and no higher rentals, fees or charges shall be collected by the operator without amendment of said lease or contract agreed to by the board after like public hearing. Neither the commission nor any such operator shall conduct on any parking place any business other than that of the operation of public parking facilities. Any such lease or contract may provide that the use of the parking places shall be restricted or partially restricted to owners and tenants, and classes of persons designated by such owners or tenants, of real property in the district, and may provide for maximum rates or charges or rentals for such owners or tenants and classes of persons designated by such owners or tenants which differ from and are less than the maximum rates, charges or rentals charged other persons, all as provided in Section 20 hereof.

To provide revenues for the district, the legislative body conducting the proceeding for the formation of the district, at any time prior to the formation of the district, or after the formation of the district and prior to the appointment of a commission therefor, may enter into a contract or lease with any owner or tenant of property in the district under which said owner or tenant, for a specified rental or other consideration and for a specified period not exceeding 10 years, reserves a reasonable proportion or number of parking spaces in a parking place of the district, for the use of the owner of such property, the tenant or tenants thereof, the employees of any such owner or tenant performing services on such property, and the customers of, or other classes of persons designated by, such owner or tenant and entering said property as invitees or otherwise. After the appointment of a commission for the district such commission shall have the power to make such contracts or leases.

Parking meters

SEC. 22. Notwithstanding any agreement made pursuant to the provisions of this act, as a covenant to bondholders or otherwise, to maintain parking meters on specified public ways in the district, parking meters need not be maintained:

(1) On any public way which has become a "freeway" or a "state highway" as said terms are defined in Sections 23.5 and 24 of the Streets and Highways Code.

(2) At any time and so long as (a) the net revenues from the parking places of the district during each of the two next previous fiscal years and available for the payment of principal and interest on the bonds of the district equaled or exceeded one and one-half times the principal and interest which has or will come due during the current fiscal year, and (b) the money in the fund to pay principal and interest on said bonds equals or exceeds all amounts coming due on principal and interest during the next following 12 months.

(3) At any time and so long as the money in the fund to pay principal and interest on the bonds of the district equals the total of the outstanding bonds and interest thereon to maturity.

(4) At any time after the bonds of said district and the interest thereon have been fully paid.

(5) On a public way or portion thereof, if the holders of not less than sixty percent (60%) of the outstanding bonds have agreed in writing that the maintenance of parking meters on said public way or portion thereof may be discontinued.

Any agreement to maintain parking meters on a public way shall not affect the right of a city, acting by virtue of its police power, to control, regulate or prohibit the parking of vehicles on any public way or portion thereof to the extent necessary to protect the public safety.

Application

SEC. 23. This act shall not affect any other act or law relating to the same or a similar subject but is intended to provide an alternative method of procedure governing the subject to which it relates. When proceeding under the provisions of this act, its provisions and none other shall apply. The provisions of this act shall be liberally construed to effect the purposes thereof. No territory included within a parking district formed under the provisions of this act shall be included within any other such parking district or any vehicle parking district formed under any law of this State.

Same

SEC. 24. No proceedings taken or bond issued under this act shall be held invalid for failure to comply with the provisions hereof; provided, the acts done and proceedings taken are not invalid under the provisions of the State or Federal Constitutions. Any procedure not herein expressly set forth but deemed necessary or convenient to carry out any of the purposes of this act is hereby authorized. This act shall be liberally construed.

Severability clause

If any section, subsection, sentence, clause or phrase of this act is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portion of this act. The Legislature declares that it would have passed this act irrespective of the fact that any one or more sections, subsections, sentences, clauses or phrases thereof be declared unconstitutional.

Modification of procedure

SEC. 25. Any charter city using the provisions of this act may by ordinance modify the procedure specified by this act; provided, that such modified procedure is not invalid under the State or Federal Constitutions or the charter of said city.

Dissolution, etc., of commission

SEC. 26. If the petition for the formation of a district under this act expressly so authorizes, the legislative body may, at any time and following a hearing after such notice thereof as it may prescribe, determine that no parking place commission shall be appointed for said district, or if such commission has already been appointed, may dissolve said commission. In either event, the legislative body shall thereafter have all powers, jurisdiction and authority granted herein to, and all duties herein imposed upon, the commission; provided, that the legislative body at any time thereafter may order that a commission shall be appointed or reappointed and thereafter have such powers, jurisdiction, authority and duties.

Dissolution of district

SEC. 27. After the bonds and all other indebtedness of the district have been fully retired, the legislative body may provide for the dissolution of the district and the operation of the parking places by the municipality as municipal parking places.

Where only creditors exist, and there are no heirs or legatees, said claims shall be allowed only to the extent necessary to pay such claims and the reasonable costs of administration of the estate, including court costs, administrator's fees and attorney's fees. This section shall apply to all claims which are pending at the time that this section goes into effect as well as to claims arising hereafter. Suit by representative of estate, etc

Such notice shall state that a petition has been filed and an order made as hereinbefore provided and shall list each estate and item in excess of one thousand dollars ($1,000) and show the amount of the property, if money, or a description thereof, if other than money, and the name of the owner or claimant and his last known address Any omission or defect in the giving of such additional notice shall not affect the jurisdiction of the court.

Judgment

If it appears from the facts found or admitted that the State is entitled to the property or any part thereof mentioned in the petition, judgment shall be rendered that title to such property or part thereof, as the case may be, has vested in the State by escheat.

Costs

No costs of suit shall be allowed against any party in any action or proceeding had under this section.

Article 2. Escheat by Notice and Publication

Escheat by notice and publication

1415. Whenever any money or other personal property of a value of one thousand dollars ($1,000) or less has heretofore been, or is hereafter, deposited in the State Treasury and the same is subject to being declared escheated to the State or being declared vested in the State as abandoned property, or otherwise, under any laws of this State, in lieu of the procedure provided for elsewhere in this chapter, the Controller may, from time to time, prepare a return listing such property and give notice thereof in the manner hereinafter provided. Such return shall list each item and show (1) the amount of the property, if money, or a description thereof if other than money; (2) the name of the owner or claimant and his last known address, if known; (3) the name and address of the person delivering the property to the State Treasury, if known but where the property is received

from an estate, only the name of the decedent together with the name of the county and the number of the proceeding need be given; (4) the facts and circumstances by virtue of which it is claimed the property has escheated or vested in the State; and (5) such other information as the Controller may desire to include to assist in identifying each item.

Notice

When such return has been completed, the Controller shall prepare, date, and attach thereto a notice that the property listed in the return has escheated or vested in the State. Copies of such return and notice shall then be displayed and be open to public inspection during business hours in at least three offices of the Controller, one in the City of Sacramento, one in the City and County of San Francisco, and one in the City of Los Angeles.

The Controller shall then cause notice to be given by publication in one newspaper of general circulation published in the City of Sacramento, and also by publication in one newspaper of general circulation published in the City and County of San Francisco, and also by publication in one newspaper of general circulation published in the City of Los Angeles, at least once each calendar week for four consecutive weeks, that said return and notice that the property listed in the return has escheated or vested in the State has been prepared and is on display and open to public inspection during business hours, giving the addresses and room numbers of the locations where the same may be inspected.

In addition, the Controller shall cause notice to be given by publication, at least once each calendar week for four consecutive weeks, in one newspaper of general circulation published in the county from which the property was forwarded to the State Treasury, of each estate and item of property from such county in excess of three hundred dollars ($300). Such notice shall list each estate and item in excess of three hundred dollars ($300) and show (1) the amount of the property, if money, or a description thereof, if other than money; (2) the name of the owner or claimant and his last known address, if known; (3) such other information as the Controller may desire to include to assist in identifying each item.

Such publication shall be made within 90 days after attaching the notice to the return. Notice by such publication shall be deemed completed 120 days after attaching the notice to the return.

Within five years after such notice by publication is completed, any person entitled to such property may claim it in the manner provided in Chapter 3 of this title. All persons who fail to make such claim within the time limited are forever barred; saving, however, to infants and persons of unsound mind, the right to appear and claim such property at any time within the time limited, or within one year after their respective disabilities cease.

Article 3. Escheat Proceedings in Decedents' Estates

1420. At any time after two years after the death of any decedent who leaves property to which the State is entitled by reason of it having escheated to the State, the Attorney General shall commence a proceeding on behalf of the State in the Superior Court for the County of Sacramento to have it adjudged that the State is so entitled. Such action shall be commenced by filing a petition, which shall be treated as the information elsewhere referred to in this title. Escheat proceedings in decedents' estates

There shall be set forth in such petition a description of the property, the name of the person last possessed thereof, the name of the person, if any, claiming such property, or portion thereof, and the facts and circumstances by virtue of which it is claimed the property has escheated. Procedure

Upon the filing of such petition, the court must make an order requiring all persons interested in the estate to appear and show cause, if any they have, within 60 days from the date of the order, why such estate should not vest in the State. Such order must be published at least once a week for four consecutive weeks in a newspaper published in said County of Sacramento, the last publication to be at least 10 days prior to the date set for the hearing. Upon the completion of the publication of such order, the court shall have full and complete jurisdiction over the estate, the property, and the person of everyone having or claiming any interest in the said property, and shall have full and complete jurisdiction to hear and determine the issues therein, and render the appropriate judgment thereon.

If proceedings for the administration of such estate have been instituted, a copy of such order must be filed with the papers in such estate in the office of the county clerk where such proceedings were had. If proceedings for the administration of any estate of any such decedent have been instituted and none of the persons entitled to succeed thereto have appeared and made claim to such property or any portion thereof, before the decree of final distribution therein is made, or before the commencement of such proceeding by the Attorney General, or if the court shall find that such persons as have appeared are not entitled to the property of such estate, or any portion thereof, the court shall, upon final settlement of the proceedings for the administration of such estate, after the payment of all debts and expenses of administration, distribute all moneys and other property remaining to the State of California.

In any proceeding brought by the Attorney General under this chapter, any two or more parties and any two or more causes of action may be joined in the same proceedings and in the same petition without being separately stated; and it shall be sufficient to allege in the petition that the decedent left no heirs to take the estate and the failure of heirs to appear and set up their claims in any such proceeding, or in any proceedings for the administration of such estate, shall be sufficient

proof upon which to base the judgment in any such proceeding or such decree of distribution.

Where proceedings for the administration of any estate have not been commenced within six months from the death of any decedent the Attorney General may direct the public administrator to commence the same forthwith.

Authority of Attorney General to sue etc

1421. Whenever the Attorney General is informed that any estate has escheated or is about to escheat to the State, or that the property involved in any action or special proceeding has escheated or is about to escheat to the State, he may commence an action on behalf of the State to determine its rights to said property or may intervene on its behalf in any action or special proceeding affecting any such estate and contest the rights of any claimant or claimants thereto. He may also apply to the superior court or any judge thereof for an order directing the county treasurer to deposit in the State Treasury all money, and to deliver to the Controller for deposit in the State Treasury, all other personal property, in his possession, which may become payable to the State Treasury pursuant to Section 1148 of the Probate Code.

Receiver

1422. The court, upon the information being filed, and upon application of the Attorney General, either before or after answer, upon notice to the party claiming the estate, if known, may, upon sufficient cause therefor being shown, appoint a receiver to take charge of such estate, or any part thereof, or to receive the rents, income and profits of the same until the title of such estate is finally settled.

Appearance of interested parties

1423. All persons named in the information may appear and answer, and may traverse or deny the facts stated therein at any time before the time for answering expires, and any other person claiming an interest in such estate may appear and be made a defendant, by motion for that purpose in open court within the time allowed for answering, and if no such person appears and answers within the time, then judgment must be rendered that the State is the owner of the property in such information claimed.

If any person appears and denies the title set up by the State, or traverses any material fact set forth in the information, the issue of fact must be tried as issues of fact are tried in civil actions.

Judgment

If, after the issues are tried, it appears from the facts found or admitted that the State has good title to the property in the information mentioned, or any part thereof, judgment must be rendered that the State is the owner and entitled to the possession thereof, and that it recover costs of suit against the defendants who have appeared and answered.

Sale of property

In any judgment rendered, or that has heretofore been rendered by any court escheating property to the State, on motion of the Attorney General, the court must make an order that such property, unless it consists of money, be sold by the sheriff of the county where it is situate, at public sale, for cash, after giving notice of the time and place of sale, as may be

prescribed by the court in such order; that the sheriff, within five days after such sale, make a report thereof to the court, and upon the hearing of such report, the court may examine the report and witnesses in relation thereto, and if the proceedings were unfair, or if the sum bid disproportionate to the value, or if it appears that a sum exceeding said bid, exclusive of the expense of a new sale, may be obtained, the court may vacate the sale, and direct another to be had, of which notice must be given, and the sale in all respects conducted as if no previous sale had taken place. If an offer greater in amount than that named in the report is made to the court in writing by a responsible person, the court may, in its discretion, accept such offer and confirm the sale to such person, or order a new sale

Confirmation of sale

If it appears to the court that the sale was legally made and fairly conducted and that the sum bid is not disproportionate to the value of the property sold, and that a sum exceeding such bid, exclusive of the expense of a new sale, cannot be obtained, or if the increased bid above mentioned is made and accepted by the court, the court must make an order confirming the sale and directing the sheriff, in the name of the State, to execute to the purchaser or purchasers a conveyance of said property sold; and said conveyance vests in the purchaser or purchasers all the right and title of the State therein.

Costs

The sheriff shall, out of the proceeds of such sale, pay the cost of said proceedings incurred on behalf of the State, including the expenses of making such sale, and also an attorney's fee, if additional counsel was employed in said proceedings, to be fixed by the court, not exceeding 10 percent on the amount of such sale; and the residue thereof shall be paid by said sheriff into the State Treasury.

Title vested in State of California

1424. If, in any proceeding had under this title, the judgment or decree distributes or vests unclaimed property or any portion thereof to or in the State of California, and the distributing or vesting clause contains words otherwise creating a trust in favor of certain unknown or unidentified persons as a class, such judgment or decree shall vest in the State of California both legal and equitable title to such property; saving, however, the right of claimants to appear and claim the property, as provided in this title.

Article 4. Permanent Escheat

Permanent escheat

1430. Upon the expiration of five years after the date of entry of judgment in any proceeding had under this chapter, or upon the expiration of five years after completion of notice by publication in an escheat action taken under the provisions of Section 1415, the property covered by such proceeding or action is permanently escheated to the State; saving however to infants, and persons of unsound mind, the right to appear and claim such property as provided in this title; but it shall be presumed that there are no such infants nor persons of unsound mind who are or will be entitled to claim such property

unless and until they appear and claim such property as provided in this title.

Transfer of money

1431. When money in the Unclaimed Property Fund has become permanently escheated to the State, the amount thereof shall, on order of the Controller, be transferred to the School Land Fund. When property other than money held by the Controller or Treasurer in the name of any account in the Unclaimed Property Fund has become permanently escheated to the State, the records of the Controller and Treasurer shall be adjusted to show that such property is held in the name of the School Land Fund.

CHAPTER 6. DISPOSITION OF UNCLAIMED PROPERTY

Article 1. Estates of Deceased Persons

Payment of unclaimed property to the State

1440. Whenever, under the provisions of this title or under any other provision of law, any unclaimed money or other property in an estate of a deceased person, or any unclaimed amount payable pursuant to an allowed and approved claim against such an estate, is paid to the State or any officer or employee thereof for deposit in the State Treasury, it shall be deemed to have been so paid under the provisions of this article.

Permanent escheat

1441. Money or other property distributed to the State under Sections 1027 or 1144 of the Probate Code, if not claimed within five years from the date of the decree making such distribution, as provided in Chapter 3, is permanently escheated to the State without further proceeding; saving, however, to infants and persons of unsound mind, the right to appear and file their claims within the time limited, or within one year after their respective disabilities cease.

1442. Except as otherwise provided in Section 1441, any money or other property paid into the State Treasury under the provisions of this article may be claimed by the person entitled thereto, as provided in Chapter 3.

Payment to State

1443. Notwithstanding any other provision of law, all money or other property paid or delivered to the State or any officer or employee thereof under the provisions of Sections 231, 739, 1027, 1144, or 1148 of the Probate Code, or under any other section of said code, or any amendment thereof adopted after the effective date of this section, shall be deemed to be paid or delivered for deposit in the State Treasury under the provisions of this article, and shall be transmitted, received, accounted for, and disposed of, as provided in this title.

Payment to Treasurer, etc

1444. At the time of the next county settlement following the expiration of one year from the date of its deposit in the county treasury, all money or other property distributed in the administration of an estate of a deceased person and heretofore or hereafter deposited in the county treasury to the credit of known heirs, legatees, or devisees, and any money or other property remaining on deposit to the credit of an estate after

final distribution to such known heirs, legatees or devisees, shall be paid to the Treasurer or Controller as provided in Chapter 2.

Petition to pay State Treasury

1445. If money or other property is deposited in a county treasury, and if the deposits belong (1) to known decedents' estates on which letters testamentary or letters of administration have never been issued or (2) to known decedents' estates on which letters testamentary or letters of administration have been issued but no decree of distribution has been rendered, due to the absence of any parties interested in the estate or the failure of such parties diligently to protect their interests by taking reasonable steps for the purpose of securing a distribution of the estate, the county treasurer shall, within one year following the expiration of five years from the date of such deposit, file a petition in the superior court of the county in which the deposit is held, setting forth the fact that the money or other personal property has remained in the county treasury under such circumstances for such five-year period, and petitioning the court for an order directing him to pay such money or other property into the State Treasury.

At the time of the next county settlement following the date of the making of the order by the court, unless earlier payment is required by the Controller, the county treasurer shall pay such money or other property to the Treasurer or Controller as provided in Chapter 2.

Death while confined in state institution

1446. Notwithstanding any other provision of law, all unclaimed money or other property belonging to any person who dies while confined in any state institution subject to the jurisdiction of the Director of Corrections, which is paid or delivered to the State or any officer or employee thereof under the provisions of Section 5061 of the Penal Code, or under any amendment thereof adopted after the effective date of this section, shall be deemed to be paid or delivered for deposit in the State Treasury under the provisions of this article, and shall be transmitted, received, accounted for, and disposed of, as provided in this part.

Same

be deemed to be paid or delivered for deposit in the State Treasury under the provisions of this article, and shall be transmitted, received, accounted for, and disposed of, as provided in this part.

Article 2. Abandoned Property

Short title

1460. This article shall be known as the "Abandoned Property Law."

Procedure

The procedure to be followed for reporting money or other property presumed to be abandoned, for the delivery thereof to the State, for adjudging such money or other property to be abandoned, and for the recovery thereof by the owner shall be as provided in this title; except that nothing contained in this article shall in any way supersede any provisions of law now or hereafter enacted relative to the escheat of real or personal property, or any procedure now or hereafter established by law for the delivery to the State, county, city, or other governmental department, agency, or district of the State, county, or city of any real or personal property because the same is forfeited, abandoned, or the owner thereof is unknown or cannot be found, nor shall anything contained in this article be applicable to such provisions or procedures, but the provisions of this article shall be an additional and alternative remedy and procedure for the delivery of such property to the State.

Definitions

1461. As used in this article:

(1) "Person" means any individual, partnership, firm, corporation, association, or mutual company.

(2) "Holder" means any person who holds property which by this article or any other law of this State is presumed to be abandoned.

(3) "Owner" means any person who, either in his own right or in a representative capacity, is the owner, claimant, or entitled to the possession of the property.

Transmittal of property

1462. Whenever, under the provisions of this article, any unclaimed, abandoned, or presumptively abandoned property is payable into the State Treasury, the holder, if it is cash, shall transmit it to the Treasurer or Controller as provided in Chapter 2.

Permanent escheat

1463. Money or other property paid into the State Treasury pursuant to a judgment of abandonment under the provisions of Section 1475, if not claimed within five years from the date of entry of such judgment, is permanently escheated to the State without further proceeding; saving, however, to infants and persons of unsound mind, the right to appear and file their claims within the time limited, or within one year after their respective disabilities cease; but it shall be presumed that there are no such infants nor persons of unsound mind who are or will be entitled to claim such property unless and until they appear and claim such property as provided in this title.

Claim

1464. Except as otherwise provided in Section 1463, any money or other property paid into the State Treasury under

the provisions of this article may be claimed by the person entitled thereto, as provided in Chapter 3.

Bank deposits, etc

1465. All amounts of money heretofore deposited with any person which is a state bank, national banking association, savings bank, commercial bank, trust company, state building and loan association, federal savings and loan association, savings union, credit union, or any other similar type of corporation or organization, and appearing as of January 1, 1945, on the books and records of said person as due or owing to the owners thereof, and all amounts hereafter deposited with any such person to the credit of depositors who have not made a deposit on said account nor withdrawn any part thereof or the interest, and which shall have remained unclaimed for more than 20 years after the date of such deposit, or withdrawal of any part of principal or interest, and where neither the depositor nor any claimant has filed any notice with such person showing his or her present residence, and the present residence or whereabouts of the depositor or claimant is unknown, shall, with the increase and proceeds thereof, be presumed to be abandoned. The foregoing definition of property presumed to be abandoned shall be construed to include all amounts held or owing by any such person to which an owner is entitled, whether designated as bank deposits, time deposits, demand deposits, savings deposits, certificates of deposit, investment certificates, shares, certificates of shares, credits, certificates of credits, or by any other similar designation.

Report of holder of abandoned property

1466. Every person who is the holder of money or other property presumed to be abandoned shall annually, as of January 1st, report all such property to the Controller. The report shall be sworn to by the officer or agent of the holder preparing the same and shall be filed in triplicate in the office of the Controller on or before March 1st of each year, and shall give the name of the owner, his last known address, the amount and kind of property and date when received, the interest due, if any, and the amount thereof, and such other information as the Controller may require for the administration of this title. One copy of such report shall be delivered by the Controller to the Attorney General.

Controller's returns

1467. The Controller shall immediately after March 1st of each year prepare separate returns of all reports received by him, compiled by counties in which such money or other property is located or held. The compiled returns for each county shall contain, in addition to the matters otherwise required by this article, the name and address of the holder and a notice that the money or other property listed in the return is presumed to be abandoned property and will be delivered to the Treasurer, if money, or to the Controller, if property other than money, for deposit in the State Treasury on or after June 1st, unless the owner thereof appears and makes claim on the holder prior thereto.

Publication

1468. The Controller shall cause the compiled return for each county, together with said notice, to be published in a

newspaper of general circulation published in the county at least once a week for four consecutive weeks. If there is no newspaper of general circulation published in the county, he shall cause to be posted a copy of the compiled return for said county, together with said notice at the courthouse in said county for a period of four consecutive weeks. The publication or posting shall be begun on or before April 1st of each year, and when it is completed, it shall be constructive notice to all interested parties and shall be in addition to any other notice required by law. If for any reason the return together with said notice is not published or posted in any county prior to April 1st, the same may be published or posted at any time thereafter, provided that the date for the delivery of said money or other property to the Treasurer or Controller shall be specified at not less than two calendar months from the date of first publication or posting.

If, in the judgment of the Controller, the compiled return for any county or any portion of such compiled return includes money or other property of such small amount or value as not to justify the cost of publication, he shall cause the notice to be given in the same manner as if there were no newspaper of general circulation published in the county.

Delivery of abandoned property

1469. Every person who has made a report as required by this article shall, between June 1st and June 15th of each year, or within 15 days after the date specified in the notice, deliver all money or other property to the Treasurer or Controller as provided in Section 1462; except if the holder of any of the money or other property or the owner thereof certifies to the Controller by sworn statement that any or all of the statutory conditions necessary to create a presumption of abandonment no longer exists or never did exist, or certifies the existence of any fact or circumstance which has a substantial tendency to rebut such presumption, then the holder shall not be required to deliver the money or other property to the Treasurer or Controller except upon order of a court of competent jurisdiction.

Action by one claiming property

1470. If an action has been filed by any person claiming any money or other property which has been reported to the Controller, the holder shall not deliver the money or other property to the Treasurer or Controller during the pendency of the action, but shall notify the Controller of the fact, and shall also notify him of the termination of the action, and if such claimant is not judged to be the owner, he shall thereupon deliver such money or other property to the Treasurer or Controller as provided in Section 1462.

Receipt

1471. Upon the deposit of money or other property in the State Treasury under the provisions of this article, the Controller shall issue his official receipt for the same, and said receipt shall be deemed a voucher in favor of the holder as though executed by the owner of such property.

Suit to compel report

1472. The Attorney General may at any time commence an action or actions in the name of the State of California, in

the Superior Court for the County of Sacramento, to compel any person or persons to make and file the reports required by this article, and may join in one action any number of persons who are holders of the money or other property presumed to be abandoned for the same reason, without separately stating a cause of action as to each of them; and such actions shall be tried in the County of Sacramento unless the court, with the consent of the Attorney General, orders a change of the place of trial. Summons shall be served in such action or actions in the manner provided for in civil actions.

Suit to compel delivery

1473. The Attorney General may at any time commence an action or actions in the name of the State of California, in the Superior Court for the County of Sacramento, to compel any person or persons to deliver to the Treasurer or Controller money or other property presumed to be abandoned, and may join in one action any number of persons who are holders of money or other property presumed to be abandoned for the same reason, without separately stating a cause of action as to each of them; and such action shall be tried in the County of Sacramento unless the court, with the consent of the Attorney General, orders a change of the place of trial.

If the money or other property presumed to be abandoned has been reported to the Controller and a return and notice thereof has been posted or published as hereinbefore provided, such action shall be against the holders thereof alone, and summons shall be served in such action or actions in the manner provided for in civil actions.

Proceedings to establish abandonment etc

1474. If any money or other property is delivered to the Treasurer or Controller on the presumption of abandonment, the Attorney General may at any subsequent time commence proceedings under Section 1410 to establish conclusively that such property was actually abandoned or that the owner thereof has died and there is no person entitled to it.

Alternative remedy

1475. If no return and notice has been posted or published as hereinbefore provided, as an alternative remedy, the Attorney General may at any time commence an action or actions in the name of the State of California, in the Superior Court for the County of Sacramento, to compel any person or persons to deliver to the Treasurer or Controller property presumed to be abandoned, and have it determined that such property is actually abandoned or that the owner thereof has died and there is no person entitled to it. There may be joined in one action any number of persons who are the holders of property presumed to be abandoned for the same reason and the owners thereof, without separately stating a cause of action as to each of them; and such action shall be tried in the County of Sacramento unless the court, with the consent of the Attorney General, orders a change of the place of trial.

Procedure

Service of process in such action or actions shall be made by service of summons on the holders of such property in the manner provided for service in civil actions, and by publication of a copy of such summons in a newspaper in the County

of Sacramento at least once a week for four consecutive weeks. At the time of issuing the summons the clerk shall also issue a notice signed by him, giving the title and number of said action, and referring to the complaint therein, and directed to all persons, other than those named as defendants therein, claiming any interest in any property mentioned in said complaint, and requiring them to appear within 60 days after the first publication of such summons, and show cause, if any they have, why the property involved in such action should not be declared abandoned or that the owners thereof have died and there is no person entitled to it, and delivered to the Treasurer, if money, or delivered to the Controller for deposit in the State Treasury, if property other than money, and notifying them that if they do not so appear and show cause, the State will apply to the court for the relief demanded in the complaint. A copy of said notice shall be attached to and published with a copy of said summons, and at the end of the copy of such notice so published there shall be a statement of the date of the first publication of said summons and notice. Any person interested may appear in said action and become a party thereto. Upon the completion of the publication of the summons and notice, and the service of the summons on the holders of such property, the court shall have full and complete jurisdiction over the State and said property, and of the person of everyone having or claiming any interest therein, and shall have full and complete jurisdiction to hear and determine the issues therein, and render the appropriate judgment thereon.

Upon the trial the court shall hear all parties who have appeared, and if it determines that the property has actually been abandoned or that the owner thereof has died and there is no person entitled to it, the court shall render judgment in favor of the State declaring that the property has actually been abandoned or that the owner has died and there is no person entitled to it, and vesting title thereto in the State, and commanding the holder of such property to deliver it to the Treasurer or Controller as provided in Section 1462.

Inapplicability of statute of limitations

1476. The expiration of any period of time specified by law, during which an action or proceeding may be commenced or enforced to secure payment of a claim for money or recovery of property, shall not prevent any such money or other property from being deemed abandoned property, nor affect any duty to file a report required by this title or to deliver to the Treasurer or Controller any such abandoned property; and shall not serve as a defense in any action or proceeding brought under the provisions of this article to compel the filing of any report or the delivery of any abandoned property required by this article or to enforce or collect any penalty provided by this article.

Protection of one delivering abandoned property

1477. Any person delivering property to the Treasurer or Controller which is presumed to be abandoned property shall be immediately relieved and held harmless by the State from all or any claim or claims which exist at that time with reference

to such abandoned property or which may thereafter be made or may come into existence on account of, or in respect to, such abandoned property.

No action shall be maintained against any person who is the holder of property presumed to be abandoned, or any officer as agent thereof, for:

(a) The recovery of abandoned property delivered to the Treasurer or Controller pursuant to this article or for interest thereon subsequent to the date of the report of such abandoned property to the Controller.

(b) Damages alleged to have resulted from such delivery to the Treasurer or Controller.

No owner of abandoned property shall be entitled to receive interest on account of such abandoned property from and after the date a report of such abandoned property is made to the Controller pursuant to this article, whether or not he was entitled to interest on such property prior to such report.

Penalty

1478. Any person who violates any of the provisions of this article shall forfeit to the State of California the sum of one hundred dollars ($100) a day for each and every day such violation shall continue, except that the Controller may extend the time for making any report or delivering any property to the Treasurer or Controller as required in this article, and may waive the payment of any penalty or part thereof provided for by this section.

Article 3. Litigation Deposits in State Courts

1510. Whenever any money in litigation in any superior or inferior court, or any excess fees or other money deposited in connection with such litigation, has been or shall be paid into the county treasury, and three years thereafter it is made to appear to the satisfaction of the court or judge, by affidavit or by testimony taken in open court, that said money has not been and cannot be paid out because the owner thereof cannot be found, the court or judge must order that such money be deposited in the State Treasury for the benefit of the owner thereof or his legal representative.

Transmittal of money

1511. Upon the issuance of the court order, as provided in Section 1510, the person in possession of the money covered thereby shall forthwith transmit the same to the Treasurer, as provided in Chapter 2.

Claim

1512. Any money paid into the State Treasury under the provisions of this article may be claimed by the person entitled thereto, as provided in Chapter 3.

Unclaimed bail

1513. The provisions of this title do not apply to unclaimed bail in criminal actions, the disposition of which is provided by Section 1309 of the Penal Code, nor to money deposited in the State Treasury as condemnation funds under Section 1254 of this code.

Article 4. Unclaimed Money from Dissolved Irrigation Districts

Unclaimed money from dissolved irrigation districts

1520. Whenever any money has come or shall come into the hands of a county treasurer as ex officio treasurer of a dissolved irrigation district, and three years thereafter it is made to appear to the satisfaction of the court or judge, by affidavit or by testimony taken in open court, that said money has not been and cannot be paid out because the owner thereof cannot be found, the court or judge must order that such money be deposited in the State Treasury for the benefit of the owner thereof, or his legal representative.

Transmittal

1521. Upon the issuance of the court order, as provided in Section 1520, the county treasurer shall forthwith transmit the same to the Treasurer, as provided in Chapter 2.

Article 5. Litigation Deposits in Federal Courts

Litigation deposits in federal courts

1530. All money or other property which shall have been, or shall hereafter be, paid into or deposited in the custody of, or be under the control of, any court of the United States in and for any district within the State, or shall have been or hereafter shall be in the custody of any depository, registry, clerk, or other officer of such court, and the rightful owner or owners thereof either (a) shall have been or shall be unknown for a period of five consecutive years, or (b) shall have died or shall die without having disposed thereof, and without having left or without leaving a will disposing thereof, and without having left or without leaving heirs, devisees, or legatees, or (c) shall have abandoned or shall abandon such money or property, are declared to have escheated or to escheat, together with all interest accrued thereon, to, and to have become or to become the property of, the State.

If, in any proceeding authorized by this article, it shall appear from the records of the court of the United States that the rightful owner or owners of money or other property which has been or shall hereafter be deposited in the custody of, or be under the control of, such court, or in the custody of its depository, registry, clerk, or other officer, have not made claim thereto for a period of five successive years, it shall be presumed for all purposes of this section that such rightful owner or owners are, and during such period have been, unknown, and that they have died without having disposed thereof, and without having left a will, and without having left any heirs, next of kin, or distributees, and that such property has been abandoned. In a case where the rightful owner of such money or other property was a corporation, it shall also be presumed for purposes of this section that the corporation is dissolved and no longer in existence, and its charter forfeited, and all of the foregoing presumptions set forth in this section shall be made

with respect to the rightful owners or claimants to the assets of such corporation, including its stockholders and creditors. Any or all of the foregoing several presumptions may be rebutted by competent evidence to the contrary.

Proceedings by Attorney General

Whenever it shall appear that there exists or may exist escheated property under this section, the Attorney General may at any time commence proceedings under Section 1410 to have it established that such property has escheated to the State. In such proceeding, a copy of the petition and order shall be served upon the clerk of the court into which, or into whose registry, such money or other property has been paid or deposited, or which has control or custody thereof, or which has jurisdiction to make orders for the payment of such money or other property to the rightful owners thereof, together with a notice that no personal claim is made against him, and also upon the United States attorney for the district in which such court is located.

This section does not authorize a judgment in the escheat proceedings to require such courts, officers, agents, depositories, registries, or clerks to pay or surrender money or other property to the State.

The Attorney General shall take appropriate action, by obtaining an order of the court of the United States or otherwise, to collect and receive such money or other property.

Transmittal of property

1531. Upon the issuance of a court order directing any person to transmit to the State or any officer or employee thereof, any property subject to the provisions of this article, such person shall, unless otherwise provided by such court order, forthwith transmit such property to the Treasurer or Controller as provided in Chapter 2; and all of such property shall be deemed to be paid to the State under the provisions of this article.

1532. Any money or other property paid into the State Treasury under the provisions of this article may be claimed by the person entitled thereto as provided in Chapter 3.

Article 6. Property in Custody of Federal Officers or Agencies

person, firm or corporation who has not made claim thereto after becoming entitled to the same or to claim the same, and if the rightful owner or owners thereof either (1) shall have been or shall be unknown for a period of five consecutive years, or (2) shall have died or shall die without having disposed thereof, and without having left, or without leaving a will disposing thereof, and without having left, or without leaving heirs, devisees or legatees, or (3) shall have abandoned or shall abandon such money or other property, are declared to have escheated, or to escheat, together with all interest accrued thereon, to, and to have become, or to become, the property of the State.

It is the purpose of this section to include all money or other property in the possession or under the control of the Government of the United States of America, the United States Treasury, the Comptroller of the Currency, Department of Internal Revenue, and all other departments, agencies and officers of the United States of America, which money or other property had their situs in this State or belonged to a resident thereof, and not to limit the application of this section by the naming of any particular officer, department or agency.

Presumption of abandonment, etc

If, in any proceeding authorized by this section, it shall appear from the records of any officer, department or agency of the United States that the rightful owner or owners of money or other property which has been or shall hereafter be paid to, or deposited in the custody of, or under the control of, any such officer, department or agency of the United States, or in the custody of any depository, registry or clerk of such officer, department or agency, have not made claim therefor for a period of five consecutive years, it shall be presumed for all purposes of this section that such rightful owner or owners are, and during such period have been, unknown, and that they have died without having disposed thereof, and without having left a will, and without having left any heirs, devisees or legatees, and that such property has been abandoned. In a case where the rightful owner of such money or other property was a corporation, it shall be presumed for purposes of this section that the corporation is dissolved and no longer in existence, and its charter forfeited; and all the foregoing presumptions set forth in this section shall be made with respect to the rightful owners or claimants to the assets of such corporation, including its stockholders and creditors. Any or all of the foregoing several presumptions may be rebutted by competent evidence to the contrary.

Proceedings by Attorney General

Whenever it shall appear that there exists or may exist escheated property under this section, the Attorney General may at any time commence proceedings under Section 1410 to have it established that such property has escheated to the State. In such proceeding a copy of the petition and order shall be served upon the clerk, registrar or other officer or person in charge of the department or agency into which, or into whose registry or treasury, the money or other property has been paid

or deposited, or which has control or custody thereof, or which has jurisdiction to make orders for the payment of such money or other property to the rightful owners thereof, together with a notice that no personal claim is made against such officer, registry or other person in charge of the agency or department having control or possession of the funds or property sought, and also upon the United States attorney for the district in which such escheat proceedings are commenced.

Construction

The purpose of this section is to determine judicially whether an escheat or abandonment has occurred, and is not to be construed as authorizing a judgment in the escheat proceedings to require such officers, departments or agencies of the United States of America or the officers, agents, depositories, registries, or clerks thereof to pay or surrender funds or property to the State.

The Attorney General shall take appropriate action, by obtaining an order of the court of the United States or otherwise, to collect and receive such money or other property.

Transmittal of property

1541. Upon the issuance of a court order directing any person to transmit to the State or any officer or employee thereof, any money or other property subject to the provisions of this article, such person shall, unless otherwise provided by such court order, forthwith transmit such money or other property to the Treasurer or Controller as provided in Chapter 2; and all of such money or other property shall be deemed to be paid to the State under the provisions of this article.

If the director fails within 60 days to mail notice of an action on a claim after the claim is filed the claimant may consider the claim denied and file a petition for review of the denial with the appeals board as set forth in this section. The director shall give the employing unit against whom the assessment is made a written notice of the assessment in accordance with the provisions of Section 45.5(e) of this act. Such notice must be given within three years from the date the refund was made; provided, however, that an employing unit may waive this limitation period or may consent to its extension The provisions of subdivisions (g), (h) and (i) of Section 45.5 of this act shall be applicable to assessments made under this section. 410. The summons may be served by the sheriff, a constable, or marshal, of the county where the defendant is found, or any other person over the age of 18, not a party to the action. A copy of the complaint must be served, with the summons, upon each of the defendants. When the summons is served by the sheriff, a constable or marshal, it must be returned, with his certificate of its service, and of the service of a copy of the complaint, to the office of the clerk or judge from which it issued. When it is served by any other person, it must be returned to the same place, with the affidavit of such person of its service, and of the service of a copy of the complaint.

If the summons is lost subsequent to service and before it is returned, an affidavit of the official or other person making service, showing the facts of service of the summons, may be returned in lieu of the summons and with the same effect as if the summons were itself returned.

SEC. 48. Section 412 of the Code of Civil Procedure is amended to read:

Service by publication Grounds

412. Where the person on whom service is to be made resides out of the State; or has departed from the State; or can not, after due diligence, be found within the State; or conceals himself to avoid the service of summons; or is a corporation having no officer or other person upon whom summons may be served, who, after due diligence, can be found within the State, and the fact appears by affidavit to the satisfaction of the court, or a judge thereof; and it also appears by such affidavit, or by the verified complaint on file, that a cause of action exists against the defendant in respect to whom the service is to be made, or that he is a necessary or proper party to the action; or when it appears by such affidavit, or by the complaint on file, that it is an action which relates to or the subject of which is real or personal property in this State, in which such person defendant or corporation defendant has or claims a lien or interest, actual or contingent, therein, or in which the relief demanded consists wholly or in part in excluding such person or corporation from any interest therein, such court, or judge, may make an order that the service be made by the publication of the summons.

SEC. 49. Section 422 of the Code of Civil Procedure is amended to read:

Pleadings

422. The only pleadings allowed on the part of the plaintiff are:

1. The complaint;
2. The demurrer to the answer;
3. The demurrer to the cross-complaint;
4. The answer to the cross-complaint;

And on the part of the defendant:

1. The demurrer to the complaint;
2. The answer;
3. The cross-complaint;
4. The demurrer to the answer to the cross-complaint.

(In justice courts, the pleadings are not required to be in any particular form, but must be such as to enable a person of common understanding to know what is intended; in justice courts, the pleadings may, except the complaint, or cross-complaint be oral or in writing; need not be verified, unless otherwise provided in this title; if in writing, must be filed with the judge; if oral, an entry of their substance must be made in the docket.)

SEC. 50. Section 426 of the Code of Civil Procedure is amended to read:

Contents of complaint

426. The complaint must contain:

1. The title of the action, the name of the court and county, and, in municipal and justice courts, the name of the judicial district, in which the action is brought; the names of the parties to the action;

2. A statement of the facts constituting the cause of action, in ordinary and concise language;

3. A demand of the relief which the plaintiff claims. If the recovery of money or damages be demanded, the amount thereof must be stated; provided, that in justice courts, a copy of the account, note, bill, bond, or instrument upon which the action is based is a sufficient complaint. If the demand be for relief on account of the alleged infringement of the plaintiff's rights in and to a literary, artistic or intellectual production, there must be attached to the complaint a copy of the production as to which the infringement is claimed and a copy of the alleged infringing production. If, by reason of bulk or the nature of the production, it is not practicable to attach a copy to the complaint, that fact and the reasons why it is impracticable to attach a copy of the production to the complaint shall be alleged; and the court, in connection with any demurrer, motion or other proceedings in the cause in which a knowledge of the contents of such production may be necessary or desirable, shall make such order for a view of the production not attached as will suit the convenience of the court, to the end that the contents of such production may be deemed to be a part of the complaint to the same extent and with the same force as though such production had been capable of being and had been attached to the complaint. The attachment of any such production in accordance with the provisions hereof shall

not be deemed a making public of the production within the meaning of Section 983 of the Civil Code.

SEC. 51. Section 437 of the Code of Civil Procedure is amended to read:

437. The answer of the defendant shall contain: Contents of answer

1. A general or specific denial of the material allegations of the complaint controverted by the defendant.

2. A statement of any new matter constituting a defense or counterclaim.

Except in justice courts, if the complaint be verified, the denial of the allegations controverted must be made positively, or according to the information and belief of the defendant. If the defendant has no information or belief upon the subject sufficient to enable him to answer an allegation of the complaint, he may so state in his answer, and place his denial on that ground. The denials of the allegations controverted may be stated by reference to specific paragraphs or parts of the complaint; or by express admission of certain allegations of the complaint with a general denial of all of the allegations not so admitted; or by denial of certain allegations upon information and belief, or for lack of sufficient information or belief, with a general denial of all allegations not so denied or expressly admitted. If the complaint be not verified, a general denial is sufficient, but only puts in issue the material allegations of the complaint.

SEC. 52. Section 437b of the Code of Civil Procedure is amended to read:

437b. In any action in which the demand, exclusive of interest, or the value of the property in controversy, does not exceed five hundred dollars ($500), the defendant at his option, in lieu of demurrer and other answer, may file a general written denial verified by his own oath and a brief statement similarly verified, of any new matter constituting a defense or counterclaim. Special pleading Actions less than $500

SEC. 53. Section 437c of the Code of Civil Procedure is amended to read:

437c. In superior courts and municipal courts when an answer is filed in an action to recover upon a debt or upon a liquidated demand including an action to enforce or foreclose a lien or mortgage or to recover an unliquidated debt or demand for a sum of money only arising on a contract express or implied in fact or in law or to recover possession of specific real or personal property or for specific performance of a contract in writing for the sale or purchase of property, or for an accounting arising on a written contract if it is claimed that there is no defense to the action or that the action has no merit, on motion of either party, after notice of the time and place thereof in writing served on the other side at least 10 days before such motion, supported by affidavit of any person or persons having knowledge of the facts, the answer may be stricken out or the complaint may be dismissed and judgment may be entered, in the discretion of the court unless Summary judgment

the other party, by affidavit or affidavits shall show such facts as may be deemed by the judge hearing the motion sufficient to present a triable issue of fact. A judgment so entered is an appealable judgment as in other cases.

The affidavit or affidavits in support of the motion must contain facts sufficient to entitle plaintiff or defendant to a judgment in the action, and the facts stated therein shall be within the personal knowledge of the affiant, and shall be set forth with particularity, and each affidavit shall show affirmatively that affiant, if sworn as a witness, can testify competently thereto.

The affidavit or affidavits in opposition to said motion shall be made by the plaintiff or defendant, or by any other person having knowledge of the facts, and together shall set forth facts showing that the party has a good and substantial defense to the plaintiff's action (or to a portion thereof) or that a good cause of action exists upon the merits. The facts stated in each affidavit shall be within the personal knowledge of the affiant, shall be set forth with particularity, and each affidavit shall show affirmatively that the affiant, if sworn as a witness, can testify competently thereto. When the party resisting the motion appears in a representative capacity, such as a trustee, guardian, executor, administrator, or receiver, then the affidavit in opposition by such representative may be made upon his information and belief.

If it appear that such defense applies only to a part of the plaintiff's claim, or that any part is admitted, the court shall, by order, so declare, and plaintiff's claim shall be deemed established as to so much thereof as such defense shall not apply to, or as is admitted, and the cause of action may be severed accordingly, and the action may proceed as to the remainder of such claim. No judgment shall be entered prior to the termination of such action but the judgment in such action shall, in addition to any matters determined in such action, award to plaintiff the amount of his claim so established by the proceedings herein provided for. A judgment entered under this section is an appealable judgment as in other cases.

SEC. 54. Section 446 of the Code of Civil Procedure is amended to read:

Subscription, verification of pleadings

446. Every pleading (except in justice courts when the pleadings are oral) shall be subscribed by the party or his attorney. When the State, any county thereof, city, or school district, or any officer of the State, or of any county thereof, city, or school district, in his official capacity, is plaintiff, the answer shall be verified, unless an admission of the truth of the complaint might subject the party to a criminal prosecution, or, unless a county thereof, city, or school district, or an officer of the State, or of any county, city, or school district, in his official capacity, is defendant. Except in justice courts, when the complaint is verified, the answer shall be verified. In all cases of a verification of a pleadings, the affidavit of the party shall state that the same is true of his own knowledge, except as to the matters which are therein stated on his information or

belief, and as to those matters that he believes it to be true; and where a pleading is verified, it shall be by the affidavit of a party, unless the parties are absent from the county where the attorney has his office, or from some cause unable to verify it, or the facts are within the knowledge of his attorney or other person verifying the same. When the pleading is verified by the attorney, or any other person except one of the parties, he shall set forth in the affidavit the reasons why it is not made by one of the parties

When a corporation is a party, the verification may be made by any officer thereof. When the State, any county thereof, city, or school district, or any officer of the State, or of any county thereof, city, or school district, in his official capacity is plaintiff, the complaint need not be verified; and if the State, any county thereof, city, or school district, or an officer of such state, county, city, or school district in his official capacity is defendant, its or his answer need not be verified.

SEC. 55. Section 465 of the Code of Civil Procedure is amended to read:

465. All pleadings subsequent to the complaint, must be filed with the clerk or judge, and copies thereof served upon the adverse party or his attorney; provided, that in actions in justice courts, when the pleadings are oral, an entry of their substance in the docket is sufficient. Subsequent pleadings

SEC. 56. Section 472 of the Code of Civil Procedure is amended to read:

472. Any pleading may be amended once by the party of course, and without costs, at any time before the answer or demurrer is filed, or entered in the docket, or after demurrer and before the trial of the issue of law thereon, by filing the same as amended and serving a copy on the adverse party, who may have 10 days thereafter in which to answer or demur to the amended pleading; provided, that in justice courts when the pleading is oral, the amendment may be oral, the substance thereof being entered in the docket, and the adverse party shall have 10 days from notice of such amendment in which to answer or demur thereto. Amendment of pleadings

SEC. 57. Section 472a of the Code of Civil Procedure is amended to read:

472a. A demurrer is not waived by an answer filed (or entered in the docket in the justice court) at the same time. When the demurrer to a complaint, or to a cross-complaint, is overruled, and there is no answer filed (or entered), the court may, upon such terms as may be just, allow an answer. If a demurrer to the answer be overruled, the action must proceed as if no demurrer had been interposed, and the facts alleged in the answer must be considered as denied to the extent mentioned in Section 462 of this code. Demurrer

When a demurrer is sustained, the court may grant leave to amend the pleading and shall fix the time within which such amendment or amended pleading shall be filed, or entered in the docket.

SEC. 58. Section 477 of the Code of Civil Procedure is amended to read:

Justice court remedies

477. Except as otherwise expressly provided, the provisional remedies, deposit in court, injunction and receivers, may not be had in justice courts.

SEC. 59. Section 480 of the Code of Civil Procedure is amended to read:

Order for arrest

480. An order for the arrest of the defendant must be obtained from a judge of the court in which the action is brought.

SEC. 60. Section 481 of the Code of Civil Procedure is amended to read:

Requirements

481. The order may be made whenever it appears to the judge, by the affidavit of the plaintiff, or some other person, that a sufficient cause of action exists, and that the case is one of those mentioned in Section 479. The affidavit must be either positive or upon information and belief; and when upon information and belief, it must state the facts upon which the information and belief are founded. If an order of arrest be made, the affidavit must be filed with the clerk or with the judge where there is no clerk.

SEC. 61. Section 482 of the Code of Civil Procedure is amended to read:

Undertaking

482. Before making the order, the judge must require a written undertaking on the part of the plaintiff, with two or more sufficient sureties, to the effect that the plaintiff will pay all costs which may be adjudged to the defendant, and all damages which he may sustain by reason of the arrest, if the same be wrongful, or without sufficient cause, not exceeding the sum specified in the undertaking.

Such undertaking shall be in a sum to be fixed by the judge, not less than three hundred dollars ($300). The undertaking must be filed with the clerk, or with the judge if there is no clerk.

At any time after the making of the order of arrest, but not later than five days after the execution thereof, the defendant may notify the plaintiff that he does not accept the sureties on such undertaking. If he fails to do so, he shall be deemed to have waived all objections to such sureties. Within five days after the receipt of such notice the plaintiff may give to the defendant notice of the justification of such sureties, or other sureties, specifying the places of residence and occupations of the latter, before a judge or clerk of the court where the action is pending, at a specified time and place, the time to be not less than two nor more than five days thereafter, except by consent of the parties. Such justification shall be in the manner hereinafter in this chapter provided. In case other sureties justify a new undertaking must be given. If such sureties or others in their place, fail to justify the order of arrest shall be vacated.

SEC. 62. Section 483 of the Code of Civil Procedure is amended to read:

Time, contents of order

483. The order may be made at the time of the issuing of the summons, or at any time afterwards before judgment. It

must require the sheriff, or any constable or marshal of the county where the defendant may be found, forthwith to arrest him and hold him to bail in a specified sum, and to return the order at a time therein mentioned, to the clerk or judge of the court in which the action is pending.

SEC. 63. Section 492 of the Code of Civil Procedure is amended to read:

Return of order, exception to bail

492. Within the time limited for that purpose, the sheriff, constable or marshal making the arrest, must file the order of arrest in the office of the clerk or if there be no clerk, with the judge, of the court in which the action is pending, with his return endorsed thereon, together with a copy of the undertaking of the bail. The original undertaking he must retain in his possession until filed, as herein provided. The plaintiff, within 10 days thereafter, may serve upon such officer a notice that he does not accept the bail, or he is deemed to have accepted them, and the officer is exonerated from liability. If no notice be served within 10 days, the original undertaking must be filed with the clerk, or if there be no clerk, with the judge, of the court.

SEC. 64. Section 493 of the Code of Civil Procedure is amended to read:

Justification of bail

493. Within five days after the receipt of notice, the sheriff, constable or marshal, or the defendant may give to the plaintiff or his attorney notice of the justification of the same, or other bail (specifying the places of residence and occupations of the latter), before a judge of the court, or the clerk of the court, at a specified time and place; the time to be not less than five nor more than 10 days thereafter, except by consent of the parties. In case other bail be given, there must be a new undertaking.

SEC. 65. Section 494 of the Code of Civil Procedure is amended to read:

Qualifications of bail

494. The qualifications of bail are as follows:

1. Each of them must be a resident and householder, or freeholder, within the State.

2. Each must be worth the amount specified in the order of the arrest, or the amount to which the order is reduced, as provided in this chapter, over and above all his debts and liabilities, exclusive of property exempt from execution; but the judge or clerk, on justification, may allow more than two sureties to justify severally, in amounts less than that expressed in the order, if the whole justification be equivalent to that of two sufficient bail.

SEC. 66. Section 495 of the Code of Civil Procedure is amended to read:

Examination of bail

495. For the purpose of justification, each of the bail must attend before the judge or clerk, at the time and place mentioned in the notice, and may be examined on oath on the part of the plaintiff, touching his sufficiency, in such manner as the judge or clerk, in his discretion, may think proper. The examination must be reduced to writing, and subscribed by the bail, if required by the plaintiff.

SEC. 67. Section 496 of the Code of Civil Procedure is amended to read:

Sufficient bail

496. If the judge or clerk find the bail sufficient, he must annex the examination to the undertaking, endorse his allowance thereon, and cause them to be filed, and the sheriff, constable, or marshal is thereupon exonerated from liability.

SEC. 68. Section 498 of the Code of Civil Procedure is amended to read:

Payment of deposit into court

498. The sheriff, constable, or marshal must, immediately after the deposit, pay the same into court, and take from the clerk or judge receiving the same two certificates of such payment, the one of which he shall deliver to the plaintiff's attorney, or to the plaintiff if he has no attorney, and the other to the defendant. For any default in making such payment, the same proceedings may be had on the official bond of the sheriff, constable, or marshal to collect the sum deposited, as in other cases of delinquency.

SEC. 69. Section 499 of the Code of Civil Procedure is amended to read:

Refund of money

499. If money is deposited, as provided in the two last sections, bail may be given and may justify upon notice, at any time before judgment; and on the filing of the undertaking and justification with the clerk or judge, the money deposited must be refunded to the defendant.

SEC. 70. Section 500 of the Code of Civil Procedure is amended to read:

Application of bail

500. Where money has been deposited, if it remain on deposit at the time of the recovery of a judgment in favor of the plaintiff, the clerk, under the direction of the court, or the judge, where there is no clerk, must apply the same in satisfaction thereof; and after satisfying the judgment, refund the surplus, if any, to the defendant. If the judgment is in favor of the defendant, the clerk, under like direction of the court, or the judge, where there is no clerk, must refund to him the whole sum deposited and remaining unapplied.

SEC. 71. Section 503 of the Code of Civil Procedure is amended to read:

Reduction of bail

503. A defendant arrested may, at any time before the trial of the action, or if there be no trial, before the entry of judgment, apply to the judge who made the order, or to the court in which the action is pending, upon reasonable notice, to vacate the order of arrest or to reduce the amount of bail. If the application be made upon affidavits on the part of the defendant, but not otherwise, the plaintiff may oppose the same by affidavits or other proofs in addition to those on which the order of arrest was made.

SEC. 72. Section 515 of the Code of Civil Procedure is amended to read:

Justification by sureties

515. The defendant's sureties, upon notice to the plaintiff of not less than two nor more than five days, must justify before a judge or the clerk, of the court in which the

action is pending in the same manner as upon bail on arrest; and upon such justification the officer taking the property must deliver the property to the defendant. Such officer is responsible for the defendant's sureties until they justify, or until the justification is completed or waived, and may retain the property until that time. If they, or others in their place, fail to justify at the time and place appointed, he must deliver the property to the plaintiff.

SEC. 73. Section 520 of the Code of Civil Procedure is amended to read:

Return by attache

520. The sheriff, constable, or marshal must file the notice, undertaking, and affidavit, with his proceedings thereon, with the clerk or if there be no clerk, with the judge of the court in which the action is pending, within 20 days after taking the property mentioned therein.

SEC. 74. Section 539 of the Code of Civil Procedure is amended to read:

Undertaking on attachment

539. Before issuing the writ, the clerk or judge must require a written undertaking on the part of the plaintiff with two or more sufficient sureties, to the effect that if the defendant recovers judgment, the plaintiff will pay all costs that may be awarded to the defendant and all damages which he may sustain by reason of the attachment, not exceeding the sum specified in the undertaking, and that if the attachment is discharged on the ground that the plaintiff was not entitled thereto under Section 537, the plaintiff will pay all damages which the defendant may have sustained by reason of the attachment, not exceeding the sum specified in the undertaking. The sum specified in the undertaking shall be such as the clerk or judge of the court in which the action is pending may require, not less than fifty dollars ($50), nor more than the amount claimed by the plaintiff, but nothing herein shall be construed to preclude the acceptance of an undertaking in which a larger sum is specified, if such undertaking be offered.

At any time after the issuing of the attachment, but not later than five days after actual notice of the levy thereof, the defendant may except to the sufficiency of the sureties. If he fails to do so, he is deemed to have waived all objection to them. When excepted to, the plaintiff's sureties, within five days from service of written notice of exception, upon notice to the defendant of not less than two nor more than five days, must justify before the judge or clerk of the court in which the action is pending, in the same manner as upon bail on arrest; and upon failure to justify, or if others in their place fail to justify, at the time and place appointed, the writ of attachment must be vacated.

SEC. 75. Section 540 of the Code of Civil Procedure is amended to read:

Writ of attachment, duty of attache

540. The writ must be directed to the sheriff, or a constable, or marshal of any county in which property of such defendant may be, and must require him to attach and safely keep all the property of such defendant within his county not exempt

from execution, or so much thereof as may be sufficient to satisfy the plaintiff's demand against such defendant, the amount of which must be stated in conformity with the complaint, unless such defendant give him security by the undertaking of at least two sufficient sureties, which must first be approved by a judge of the court issuing the writ, or if said writ of attachment is issued to another county then by a judge of a court, having jurisdiction in cases involving the amount specified in the writ, in the county where the levy shall have been, or is about to be, made, or deposit a sum of money with the sheriff, constable, or marshal in an amount sufficient to satisfy such demand against such defendant, besides costs, or in an amount equal to the value of the property of such defendant which has been or is about to be attached, in which case to take such undertaking or sum of money in lieu of the property which has been or is about to be attached; provided, however, that whenever a levy shall be made upon personal property, other than money, belonging to a going concern, and no undertaking is given as herein provided, then the officer making the levy must, if the defendant consents, place a keeper in charge of said attached property, at plaintiff's expense, for at least two days, and said keeper's fees must be prepaid by the attaching creditor. After the expiration of said two days, the sheriff, constable, or marshal shall take said property into his immediate custody, unless other disposition is made by the court or the parties to the action.

In the event that the action is against more than one defendant, any defendant whose property has been or is about to be attached in the action may give the sheriff, constable or marshal such undertaking which must first be approved by the judge as hereinabove provided, or deposit such sum of money, and the sheriff, constable, or marshal shall take the same in lieu of such property. Such undertaking, or the deposit of such sum of money, shall not subject such defendant to, or make him answerable for, any demand against any other defendant, nor shall the sheriff, constable, or marshal thereby be prevented from attaching, or be obliged to release from attachment, any property of any other defendant; provided, however, that such defendant, at the time of giving such undertaking to, or depositing such sum of money with the sheriff, constable, or marshal shall file with the sheriff, constable, or marshal a statement, duly verified by his oath, wherein such defendant shall state the character of his title to the attached property and the manner in which he acquired such title, and aver and declare that the other defendant or defendants, in the action in which said undertaking was given or such sum of money was deposited, has or have not any interest or claim of any nature whatsoever in or to said property.

Several writs may be issued upon the same affidavit and undertaking within 60 days after the filing of the affidavit and undertaking, to the sheriffs, constables, or marshals of any county or counties.

SEC. 76. Section 545 of the Code of Civil Procedure is amended to read:

Examination of garnishee

545. Any person owing debts to the defendant, or having in his possession, or under his control, any credits or other personal property belonging to the defendant, may be required to attend before the court or judge, or a referee appointed by the court or judge and be examined on oath respecting the same. The defendant may also be required to attend for the purpose of giving information respecting his property, and may be examined on oath. The court, judge or referee may, after such examination, order personal property, capable of manual delivery, to be delivered to the sheriff, constable, or marshal on such terms as may be just, having reference to any liens thereon or claims against the same, and a memorandum to be given of all other personal property, containing the amount and description thereof.

SEC. 77. Section 548 of the Code of Civil Procedure is amended to read:

Sale of attached property

548. Whenever property has been taken by an officer under a writ of attachment and it is made to appear satisfactorily to the court, or a judge thereof, that the interest of the parties to the action will be subserved by a sale thereof, the court or judge may order such property to be sold in the same manner as property is sold under an execution, and the proceeds to be deposited in the court to abide the judgment in the action. Such order can be made only (1) after notice to the adverse party or his attorney in case such party has been personally served with a summons in the action or, (2) after an order of service of summons by publication has been made.

SEC. 78. Section 554 of the Code of Civil Procedure is amended to read:

Discharge of attachment

554. Whenever any defendant has appeared in the action, such defendant may upon reasonable notice to the plaintiff, apply to the court in which the action is pending, or to the judge thereof, for an order to discharge the attachment wholly, or in part; and upon the execution of the undertaking mentioned in the next section, an order may be made releasing from the operation of the attachment, any or all of the property of such defendant attached; and all of the property so released and all of the proceeds of the sales thereof, must be delivered to such defendant upon the justification of the sureties on the undertaking, if required by the plaintiff. Such justification must take place within five days after the notice of the filing of such undertaking.

SEC. 79. Section 555 of the Code of Civil Procedure is amended to read:

Undertaking by defendant

555. Before making such order, the court or judge must require an undertaking on behalf of such defendant, by at least two sureties, residents and freeholders, or householders in the State to the effect that in case the plaintiff recovers judgment in the action against the defendant, by whom, or

in whose behalf such undertaking shall be given, such defendant will, on demand, redeliver the attached property so released to the proper officer, to be applied to the payment of any judgment in such action against said defendant, or in default thereof, that such defendant and sureties will, on demand, pay to the plaintiff the full value of the property released not exceeding the amount of such judgment against such defendant. The court or judge making such order may fix the sum for which the undertaking must be executed, and if necessary in fixing such sum to know the value of the property released, the same may be appraised by one or more disinterested persons, to be appointed for that purpose. The sureties may be required to justify before the court or judge and the property attached cannot be released from the attachment without their justification if the same is required.

SEC. 80. Section 556 of the Code of Civil Procedure is amended to read:

Discharge of irregular attachment

556. The defendant may also at any time, either before or after the release of the attached property, or before any attachment shall have been actually levied, apply, on motion, upon reasonable notice to the plaintiff, to the court in which the action is brought, or to a judge thereof, that the writ of attachment be discharged on the ground that the same was improperly or irregularly issued.

SEC. 81. Section 573 of the Code of Civil Procedure is amended to read:

Deposits

573. Whenever money is paid into or deposited in the court, the same must be delivered to the clerk, or, if there be no clerk, to the judge, in person, or to such of the clerk's deputies as shall be specially authorized by his appointment in writing to receive the same. Such appointment must be filed with the county treasurer, who must exhibit it, and give to each person applying for the same a certified copy of the same. It shall be in force until a revocation in writing is filed with the county treasurer, who must thereupon write "revoked," in ink, across the face of the appointment. The judge, clerk, or such deputy clerk, must, unless otherwise directed by law, deposit such money with the county treasurer, to be held by him subject to the order of the court. The treasurer must keep each fund distinct, and open an account for each. For the safekeeping of the money deposited with him the treasurer is liable on his official bond.

SEC. 82. Section 581 of the Code of Civil Procedure is amended to read:

Dismissal of action

581. An action may be dismissed in the following cases:

1. By plaintiff, by written request to the clerk, filed with the papers in the case, or by oral or written request to the judge where there is no clerk, at any time before the actual commencement of trial, upon payment of the costs of the clerk or judge; provided, that a counter claim has not been set up, or affirmative relief sought by the cross-complaint or answer of the defendant. If a provisional remedy has been allowed, the under-

taking shall upon such dismissal be delivered by the clerk or judge to the defendant who may have his action thereon. A trial shall be deemed to be actually commenced at the beginning of the opening statement of the plaintiff or his counsel, and if there shall be no opening statement, then at the time of the administering of the oath or affirmation to the first witness, or the introduction of any evidence.

2. By either party, upon the written consent of the other. No dismissal mentioned in subdivisions 1 and 2 of this section shall be granted unless upon the written consent of the attorney of record of the party or parties applying therefor, or if such consent is not obtained upon order of the court after notice to such attorney.

3. By the court, when either party fails to appear on the trial and the other party appears and asks for the dismissal, or when, after a demurrer to the complaint has been sustained, the plaintiff fails to amend it within the time allowed by the court, and the defendant moves for such dismissal.

4. By the court, with prejudice to the cause, when upon the trial and before the final submission of the case, the plaintiff abandons it.

5. The provisions of subdivision 1, of this section, shall not prohibit a party from dismissing with prejudice, either by written request to the clerk or oral or written request to the judge, as the case may be, any cause of action at any time before decision rendered by the court. Provided, however, that no such dismissal with prejudice shall have the effect of dismissing a counterclaim or cross-complaint filed in said action or of depriving the defendant of affirmative relief sought by his answer therein. Dismissals without prejudice may be had in either of the manners provided for in subdivision 1 of this section, after actual commencement of the trial, either by consent of all of the parties to the trial or by order of court on showing of just cause therefor.

SEC. 83. Section 581b of the Code of Civil Procedure is amended to read:

Suspension, dismissal for nonpayment of fees

581b. No action heretofore or hereafter commenced, where the same was not originally commenced in the proper court, and which has been ordered transferred to the proper court, shall be further prosecuted, and no further proceedings shall be had therein, until the fees and costs of the transfer thereof and of filing the papers in the court to which transferred have been paid, as provided in Section 399 of this code; and all such actions heretofore or hereafter commenced must be dismissed by the court in which the action or proceeding was originally commenced, on its own motion, or on the motion of any party interested therein, whether named in the complaint as a party or not, where the costs and fees of making up the transcript or papers or for transmission of the same to the clerk or judge of the court to which it is ordered transferred, or of filing the papers anew, have not been so paid for one year after the entry of the order for transfer.

SEC. 84. Section 581d of the Code of Civil Procedure is amended to read:

Entry of dismissal

581d. A written dismissal of an action shall be entered in the clerk's register or in the docket in the justice court, as the case may be, and is effective for all purposes when so entered.

All dismissals ordered by the court shall be entered upon the minutes thereof or in the docket in the justice court, as the case may be, and such orders when so entered shall constitute judgments and be effective for all purposes, and the clerk in superior and municipal courts shall note such judgments in his register of actions in the case.

SEC. 85. Section 585 of the Code of Civil Procedure is amended to read:

Default judgments

585. Judgment may be had, if the defendant fails to answer the complaint, as follows:

1. In an action arising upon contract for the recovery of money or damages only, if the defendant has, or if more than one defendant, if any of said defendants have, been personally served and no answer or demurrer has been filed with the clerk or judge of the court within the time specified in the summons, or such further time as may have been granted, the clerk, or the judge, if there be no clerk, upon application of the plaintiff, and proof of such service of summons, must enter the default of the defendant or defendants, so served, and immediately thereafter enter judgment for the amount demanded in the complaint, including the costs against said defendant, or defendants, or against one or more of said defendants.

2. In other actions, if the defendant has been personally served and no answer or demurrer has been filed with the clerk or judge of the court within the time specified in the summons, or such further time as may have been granted, the clerk, in courts having a clerk, must enter the default of the defendant; and thereafter the plaintiff may apply to the court for the relief demanded in the complaint; in courts which have no clerk, the court must hear the evidence offered by the plaintiff, and must render judgment in his favor for such sum (not exceeding the amount stated in the complaint), as appears by such evidence to be just. If the taking of an account, or the proof of any fact, is necessary to enable the court to give judgment, or to carry the judgment into effect, the court may take the account or hear the proof, or may, in its discretion, order a reference for that purpose. And where the action is for the recovery of damages, in whole or in part, the court may order the damages to be assessed by a jury; or if, to determine the amount of damages, the examination of a long account is involved, by a reference as above provided.

3. In all actions where the service of the summons was by publication the plaintiff, upon the expiration of the time for answering, may, upon proof of the publication, and that no answer or demurrer has been filed, apply for judgment; and the court must thereupon require proof to be made of the allegations of the complaint; and if the defendant is not a resident

of the State, must require the plaintiff, or his agent, to be examined, on oath, respecting any payments that have been made to the plaintiff, or to anyone for his use, on account of any demand mentioned in the complaint, and may render judgment for the amount which he is entitled to recover; provided that, in all cases affecting the title to or possession of real property, where the service of the summons was by publication and the defendant has failed to answer, no judgment shall be rendered upon proof of mere occupancy, unless such occupancy shall have continued for the time and shall have been of the character necessary to confer title by prescription, and in all cases where the plaintiff bases his claim upon a paper title, the court shall require evidence establishing plaintiff's equitable right to judgment before rendering such judgment; provided further, however, that in actions involving merely the possession of real property where the complaint is verified and shows by proper allegations that no party to the action claims title to the real property involved, either by prescription, accession, transfer, will or succession but only the possession thereof, the court may render judgment upon proof of occupancy by plaintiff and ouster by defendant. Default judgments

SEC. 86. Section 594 of the Code of Civil Procedure is amended to read:

594. 1. Proceedings for default

2. In justice courts if either party fails to appear at the time fixed for trial, the trial may proceed at the request of the adverse party. When all the parties served with process shall have appeared, or when some of them have appeared, and the default of the others has been entered, the judge must fix the day for trial, whether the issue be one of law or fact, and the day so fixed for such trial shall be entered on the docket. Notice of the day so fixed for trial shall be given, as herein provided, to the parties to the action who have appeared. SEC. 87. Section 596 of the Code of Civil Procedure is amended to read:

Deposition where trial postponed

596 The party obtaining a postponement of a trial, if required by the adverse party, must consent that the testimony of any witness of such adverse party, who is in attendance, be then taken by deposition before a judge or clerk of the court in which the case is pending, or before such notary public as the court may indicate, which must accordingly be done; and the testimony so taken may be read on the trial, with the same effect, and subject to the same objections, as if the witnesses were produced.

SEC. 88. Section 600 of the Code of Civil Procedure is amended to read:

Thereafter, and before the court has commenced instructing the jury, and before the commencement of the argument, counsel may deliver to such judge, and serve upon opposing counsel, additional proposed instructions to the jury upon questions of law developed by the evidence and not disclosed by the pleadings. All proposed instructions shall be typewritten, each on a separate sheet of paper. Any proposed instruction which is delivered to the judge at a time later than is provided for herein may be disregarded; but, in that event, the judge shall write upon the margin of such proposed instruction the fact that he refused to consider the same for the reason that the requirements of this section have been disregarded. Proposed instructions to jury

SEC. 90. Section 628 of the Code of Civil Procedure is amended to read:

628. In superior courts and municipal courts upon receipt of a verdict, an entry must be made in the minutes of the court, specifying the time of trial, the names of the jurors and witnesses, and setting out the verdict at length; and where special verdict is found, either the judgment rendered thereon, or if the case be reserved for argument or further consideration, the order thus reserving it. Entry of verdict

In justice courts the verdict of the jury shall be entered in the docket as provided in Section 116 of this code.

SEC. 91. Section 631 of the Code of Civil Procedure is amended to read:

631. Trial by jury may be waived by the several parties to an issue of fact in manner following: Waiver of jury trial

1. By failing to appear at the trial;

2. By written consent filed with the clerk or judge;

3. By oral consent, in open court, entered in the minutes or docket;

4. By failing to announce that a jury is required, at the time the cause is first set upon the trial calendar if it be set upon notice or stipulation, or within five days after notice of setting if it be set without notice or stipulation; provided, that in justice courts such waiver may be made by failure of either party to demand a jury within two days after service upon him of the notice provided for in Section 594 of this code;

provided further, that in any superior court action if a jury is demanded by either party in the memorandum to set cause for trial and such party thereafter by announcement or by operation of law waives a trial by jury, then in said event any and all adverse party or parties shall be given 10 days' written notice by the clerk of the court of such waiver, whereupon, notwithstanding any rule of the court to the contrary, such adverse party or parties shall have not exceeding five days immediately following the receipt of such notice of waiver, within which to file and serve a demand for a trial by jury and deposit advance jury fees for the first day's trial whenever such deposit is required by rule of court, and if it is impossible for the clerk of the court to give such 10 days' notice by reason of the trial date, or if for any cause said notice is not given, the trial of said action shall be continued by the court for a sufficient length of time to enable the giving of such notice by the clerk of the court to such adverse party.

Regardless of anything contained in the foregoing to the contrary, the court may in its discretion, upon such terms as may be just, allow a trial by jury to be had, although there has been a waiver of such a trial.

5. By failing to deposit with the clerk, or judge, a sum equal to the amount of one day's jury fees payable under the law, as provided herein. In justice courts such deposit must be made two days prior to the date set for trial or prior to the date to which the trial has been postponed because of the demand for a jury trial; in other courts such deposit must be made 10 days prior to the date set for trial.

6. By failing to deposit with the clerk or judge, promptly after the impanelment of the jury, a sum equal to the mileage or transportation (if any be allowed by law) of the jury accrued up to that time;

7. By failing to deposit with the clerk or judge, at the beginning of the second and each succeeding day's session a sum equal to one day's fees of the jury, and the mileage or transportation, if any there be.

The court may, in its discretion upon such terms as may be just, allow a trial by jury to be had although there has been a waiver of such a trial.

SEC. 92. Section 632 of the Code of Civil Procedure is amended to read:

Separate findings of fact and law

632. 1. In superior courts and municipal courts, upon the trial of a question of fact by the court, its decision must be given in writing and filed with the clerk within 30 days after the cause is submitted for decision In giving the decision, the facts found and the conclusions of law must be separately stated. In all cases written findings of fact and conclusions of law shall be deemed waived by a party by failure to appear at the trial In municipal courts written findings of fact and conclusions of law shall be deemed waived unless they shall be expressly requested by one or more of the parties at the time of the trial; provided, that the court shall not be required

to make any written findings of fact and conclusions of law in cases in which the amount of the demand, exclusive of interest and costs, or the value of the property in controversy, does not exceed three hundred dollars ($300). In superior courts, written findings of fact and conclusions of law may be waived by consent in writing filed with the clerk or judge, or by oral consent in open court, entered in the minutes.

2. To ascertain a fact necessary to enable the court to determine an action or proceeding.

SEC. 94. Section 639 of the Code of Civil Procedure is amended to read:

Reference without agreement

639. Except in justice courts, when the parties do not consent, the court may, upon the application of either, or of its own motion, direct a reference in the following cases:

1. When the trial of an issue of fact requires the examination of a long account on either side; in which case the referees may be directed to hear and decide the whole issue, or report upon any specific question of fact involved therein;

2. When the taking of an account is necessary for the information of the court before judgment, or for carrying a judgment or order into effect;

3. When a question of fact, other than upon the pleadings, arises upon motion or otherwise, in any stage of the action;

4. When it is necessary for the information of the court in a special proceeding.

SEC. 95. Section 640 of the Code of Civil Procedure is amended to read:

3. Standing in the relation of guardian and ward, master and servant, employer and clerk, or principal and agent, to either party; or being a member of the family of either party; or a partner in business with either party; or security on any bond or obligation for either party;

4. Having served as a juror or been a witness on any trial between the same parties for the same cause of action;

5. Interest on the part of such person in the event of the action, or in the main question involved in the action;

6. Having formed or expressed an unqualified opinion or belief as to the merits of the action;

SEC. 98. Section 664 of the Code of Civil Procedure is amended to read:

664. When a motion for judgment notwithstanding the verdict is pending, entry of judgment in conformity to the verdict shall be automatically stayed until the court has rendered its decision upon the motion. If the trial, in a superior or municipal court, has been had by the court, judgment must be entered by the clerk, in conformity to the decision of the court, immediately upon the filing of such decision; in justice courts, judgment must be entered within 30 days after the submission of the cause. In no case is a judgment effectual for any purpose until entered.

SEC. 99. Section 667a of the Code of Civil Procedure is amended to read:

667a. In justice courts notice of the rendition of judgment must be given to the parties to the action in writing signed by the clerk, or by the judge. Where any of the parties are represented by an attorney, such notice shall be given to the attorney. Said notice shall be served by mail or personally, and shall be substantially in the form of the abstract of judgment required in Section 674 of this code. When served by mail the judge, or the clerk where there is a clerk, shall deposit copies thereof, in sealed envelopes, in the post office, not later than five days after the rendition of the judgment, addressed to each of the persons on whom notice is to be served at their place of residence, or place of business, if on an attorney, with the postage prepaid thereon When served personally said notice shall be served within five days after the rendition of the judgment. In the municipal court, the clerk, within the time specified in this code, shall enter all civil judgments of such court in the minute-book of such court, and shall certify to a copy thereof, and file said copy in the files of the action, and shall subscribe a condensed statement of the judgment, with the date of entry thereof, on the appropriate page in the register of actions. Record of judgments

In justice courts judgments shall, within the time specified in this code , be entered in the docket.

SEC. 101. Section 674 of the Code of Civil Procedure is amended to read:

674. An abstract of the judgment or decree of any court of this State, including a judgment of any court sitting as a small claims court, or any court of record of the United States, the enforcement of which has not been stayed on appeal, certified by the clerk, judge or justice of the court where such judgment or decree was rendered, may be recorded with the recorder of any county and from such recording the judgment or decree becomes a lien upon all the real property of the judgment debtor, not exempt from execution, in such county, owned by him at the time, or which he may afterwards and before the lien expires, acquire. Such lien continues for five years from the date of the entry of the judgment or decree unless the enforcement of the judgment or decree is stayed on appeal by the execution of a sufficient undertaking or the deposit in court of the requisite amount of money as provided in this code, or by the statutes of the United States, in which case the lien of the judgment or decree, and any lien or liability now existing or hereafter created by virtue of an attachment that has been issued and levied in the action, unless otherwise by statutes of the United States provided, ceases, or upon an undertaking on release of attachment, or unless the judgment or decree is previously satisfied, or the lien otherwise discharged. The abstract above Lien of judgment

mentioned shall contain the following: Title of the court and cause and number of the action; date of entry of the judgment or decree; names of the judgment debtor and of the judgment creditor; amount of the judgment or decree, and where entered in judgment book, minutes or docket in the justice court.

SEC. 102. Section 675 of the Code of Civil Procedure is amended to read:

Satisfaction of judgment

675. Satisfaction of a judgment may be entered upon an execution returned satisfied, or upon an acknowledgment of satisfaction filed with the clerk or with the judge, if there be no clerk, which may recite payment of the judgment in full or the acceptance by the judgment creditor of any lesser sum in full satisfaction thereof, made in the manner of an acknowledgment of a conveyance of real property, by the judgment creditor or assignee of record, or by endorsement by judgment creditor or assignees of record on the face, or on the margin of the record of the judgment, or by the attorney, unless a revocation of his authority is filed. Whenever a judgment is satisfied in fact, otherwise than upon an execution, the party or attorney must give such acknowledgment, or make such endorsement, and, upon motion, the court may compel it, or may order the entry of satisfaction to be made without it.

In the superior court and in municipal courts such entry shall be made in the register of actions; in justice courts, in the docket in the justice court.

Whenever an abstract of the judgment has been recorded with the recorder of any county, satisfaction thereof made in the manner of an acknowledgment of a conveyance of real property may be recorded, or an entry thereof may be made in the margin of the recorder's record, signed by the judgment creditor or assignee of record or by the attorney, unless a revocation of his authority is recorded. Said signature to the marginal release must be signed in the presence of the recorder who must certify to same as provided in Section 2938 of the Civil Code for satisfaction of a mortgage.

If a motion for a new trial is pending, execution may be stayed until 10 days after the determination thereof.

SEC. 104. Section 682 of the Code of Civil Procedure is amended to read:

Writ of execution Issuance, form, and contents

682. The writ of execution must be issued in the name of the people, sealed with the seal of the court, and subscribed by the clerk or judge, and be directed to the sheriff, constable, or marshal, and it must intelligibly refer to the judgment, stating

the court, the county, and in municipal and justice courts, the judicial district, where the judgment is entered, and if it be for money, the amount thereof, and the amount actually due thereon, and if made payable in a specified kind of money or currency, as provided in Section 667, the execution must also state the kind of money or currency in which the judgment is payable, and must require the officer to whom it is directed to proceed substantially as follows:

1. If it be against the property of the judgment debtor, it must require such officer to satisfy the judgment, with interest, out of the personal property of such debtor, and if sufficient personal property cannot be found, then out of his real property; or if the judgment be a lien upon real property, then out of the real property belonging to him on the day when the abstract of judgment was filed as provided in Section 674 of this code, or at any time thereafter;

2. If it be against real or personal property in the hands of the personal representatives, heirs, devisees, legatees, tenants, or trustees, it must require such officer to satisfy the judgment, with interest, out of such property;

3. If it be against the person of the judgment debtor, it must require such officer to arrest such debtor and commit him to the jail of the county until he pay the judgment, with interest, or be discharged according to law;

4. If it be issued on a judgment made payable in a specified kind of money or currency, as provided in Section 667, it must also require such officer to satisfy the same in the kind of money or currency in which the judgment is made payable, and such officer must refuse payment in any other kind of money or currency; and in case of levy and sale of the property of the judgment debtor, he must refuse payment from any purchaser at such sale in any other kind of money or currency than that specified in the execution. Any such officer collecting money or currency in the manner required by this chapter, must pay to the plaintiff or party entitled to recover the same, the same kind of money or currency received by him, and in case of neglect or refusal to do so, he shall be liable on his official bond to the judgment creditor in three times the amount of the money so collected.

5. If it be for the delivery of the possession of real or personal property, it must require such officer to deliver the possession of the same, describing it, to the party entitled thereto, and may at the same time require such officer to satisfy any costs, damages, rents, or profits recovered by the same judgment, out of the personal property of the person against whom it was rendered, and the value of the property for which the judgment was rendered to be specified therein if a delivery thereof cannot be had; and if sufficient personal property cannot be found, then out of the real property, as provided in the first subdivision of this section.

SEC. 105. Section 688.1 of the Code of Civil Procedure is amended to read:

Judgment creditor of plaintiff Lien

688.1. Upon motion of a judgment creditor of a plaintiff or plaintiffs in an action or special proceeding made in the court in which the action or proceeding is pending upon written notice to all parties, the court or judge thereof may, in his discretion, order that the judgment creditor be granted a lien upon the cause of action and upon any judgment subsequently procured in such action or proceeding, and, during the pendency of such action, may permit said judgment creditor to intervene therein. Such judgment creditor shall have a lien to the extent of his judgment upon all moneys recovered by his judgment debtor in such action or proceeding and no compromise, settlement or satisfaction shall be entered into by or on behalf of said debtor without the consent of said judgment creditor, unless his lien is sooner satisfied or discharged. The clerk or judge of the court shall endorse upon the judgment recovered in such action or proceeding a statement of the existence of the lien, the date of the entry of the order creating the lien, and the place where entered, and any abstract issued upon the judgment shall contain, in addition to the matters set forth in Section 674 of the Code of Civil Procedure, a statement of the lien in favor of such judgment creditor.

SEC. 106 Section 683 of the Code of Civil Procedure is amended to read:

Return of execution

683. The execution may be made returnable, at any time not less than 10 nor more than 60 days after its receipt by the officer to whom it is directed, to the court in which the judgment is entered. When the execution is returned, the clerk must attach it to the judgment roll, or the judge must make the proper entry in the docket.

If an execution is returned unsatisfied, another may be afterward issued within the time specified in this code.

If property either personal or real be levied upon under such writ of execution but the sale thereunder be postponed beyond or not held within the return date after it is received by the officer to whom it was delivered and which has been returned to the clerk of the court in which the judgment is entered, upon request of the person in whose favor the writ runs the court may direct the clerk to redeliver said execution to the officer to whom it was directed in order to permit the officer to make an alias return of the proceedings of the sale or levy thereon as in the case of an original return of execution.

SEC. 107. Section 689 of the Code of Civil Procedure is amended to read:

Third party claim Undertaking, release

689. If personal property levied on is claimed by a third person as his property by a written claim verified by his oath or that of his agent, setting out the reasonable value thereof, his title and right to the possession thereof and delivered, together with a copy thereof, to the officer making the levy, such officer must release the property unless the plaintiff, or the person in whose favor the writ runs, within five days after written demand by such officer, gives such officer an undertaking exe-

cuted by at least two good and sufficient sureties, in a sum equal to double the value of the property levied upon. Third party claims

Such undertaking shall be made in favor of and shall indemnify such third person against loss, liability, damages, costs and counsel fees, by reason of such seizing, taking, withholding, or sale of such property by such officer.

Exceptions to the sufficiency of the sureties and their justification may be had and taken in the same manner as upon an undertaking on attachment. If they, or others in their place, fail to justify at the time and place appointed, such officer must release the property; provided, however, that if no exception is taken within five days after notice of receipt of the undertaking, the third person shall be deemed to have waived any and all objections to the sufficiency of the sureties.

If objection be made to such undertaking, by such third person, on the ground that the amount thereof is not sufficient, or if for any other reason it becomes necessary to ascertain the value of the property involved, the property involved may be appraised by one or more disinterested persons, appointed for that purpose by the court in which the action is pending, or from which the writ issued, or by a judge thereof, or the court or judge may direct a hearing to determine the value of such property.

If, upon such appraisal or hearing, the court or judge finds that the undertaking given is not sufficient, an order shall be made fixing the amount of such undertaking, and within five days thereafter an undertaking in the amount so fixed may be given in the same form and manner and with the same effect as the original.

The officer making the levy may demand and exact the undertaking herein provided for notwithstanding any defect, informality or insufficiency of the verified claim delivered to him. Such officer shall not be liable for damages to any such third person for the taking, keeping or sale of such property if no claim is delivered as herein provided, nor, in any event, shall such officer be liable for the holding, release or other disposition of such property in accordance with the provisions of this section.

If such undertaking be given, such officer shall hold the property for the purposes of the levy under the writ; provided, however, that if an undertaking be given under the provisions of Section 710b of this code, such property shall be released.

Whenever a verified third party claim is delivered to the officer as herein provided, upon levy of execution or attachment (whether any undertaking hereinabove mentioned be given or not), the plaintiff, or the person in whose favor the writ runs, the third party claimant, or any one or more joint third party claimants, shall be entitled to a hearing in the court in which the action is pending or from which the writ issued for the purpose of determining title to the property in question. Such hearing must be granted by the said court upon petition therefor, which must be filed within 10 days after the

delivery of the third party claim to the officer. Such hearing must be had within 20 days from the filing of such petition, unless continued as herein provided. Ten days' notice of such hearing must be given to the officer, to the plaintiff or the person in whose favor the writ runs, and to the third party claimant, or their attorneys, which notice must specify that the hearing is for the purpose of determining title to the property in question; provided, that no such notice need to be given to the party filing the petition. The court may continue the hearing beyond the said 20 day period, but good cause must be shown for any such continuance. The court may order the sale of any perishable property held by such officer and direct the disposition of the proceeds of such sale. The court may, by order, stay execution sale, or forbid a transfer or other disposition of the property involved, until the proceedings for the determination of such title can be commenced and prosecuted to termination, and may require, as a condition of such order, such bond as the court may deem necessary. Such orders may be modified or vacated by the judge granting the same, or by the court in which the proceeding is pending, at any time prior to the termination of such proceeding, upon such terms as may be just. At the hearing had for the purpose of determining title, the third party claimant shall have the burden of the proof. The third party claim delivered to the officer shall be filed by him with the court and shall constitute the pleading of such third party claimant, subject to the power of the court to permit an amendment in the interest of justice, and it shall be deemed controverted by the plaintiff or other person in whose favor the writ runs. Nothing herein contained shall be construed to deprive anybody of the right to a jury trial in any case where, by the Constitution, such right is given, but a jury trial shall be waived in any such case in like manner as in the trial of an action. No findings shall be required in any proceedings under this section. At the conclusion of the hearing the court shall give judgment determining the title to the property in question, which shall be conclusive as to the right of the plaintiff, or other person in whose favor the writ runs, to have said property taken, or held, by the officer and to subject said property to payment or other satisfaction of his judgment. In such judgment the court may make all proper orders for the disposition of such property or the proceeds thereof. If the property shall have been released by the officer for want of an undertaking, and final judgment shall go for the plaintiff or other person in whose favor the writ runs, the officer shall retake the property on such writ if the writ is still in his hands, or if the writ shall have been returned, another writ may be issued on which the officer may take such property. An appeal lies from any judgment determining title under this section, such appeal to be taken in the manner provided for appeals from the court in which such proceeding is had.

The statement must contain the grounds upon which the party intends to rely upon the appeal, and so much of the evidence and other proceedings as may be necessary, for a determination of the appeal on the grounds stated, and no more. Within 10 days after service of the statement the adverse party, if dissatisfied with the same, may serve and file amendments. 1. If the appeal be on questions of law alone, a certified copy of the entries in the docket relating to the action, all written pleadings filed in the action, the statement as settled, all exhibits, notices, affidavits, orders, and other papers and documents on file with the court in such action which are referred to in the statement by designations sufficient to identify them, the notice of appeal and the undertakings filed; or,

2 If the appeal be on questions of fact, or both law and fact, a certified copy of the entries in the docket relating to the action, the pleadings, all exhibits, notices, motions, and all other papers and documents filed in the action, the notice of appeal, and the undertakings filed.

The judge may be compelled by the superior court, by an order entered upon motion, to transmit such papers, and may be fined for neglect or refusal to transmit the same. A certified copy of such order may be served on the judge by either party or his attorney. In the superior court, either party may have the benefit of all legal objections made in the justice court and presented by the record on appeal.

Undertaking

When the action is for the recovery of or to enforce or foreclose a lien on specific personal property, the undertaking must be conditioned that the appellant will pay the judgment and costs appealed from, and obey the order of the court made therein, if the appeal be withdrawn or dismissed, or any judgment and costs that may be recovered against him in said action in the superior court, and will obey any order made by the court therein.

A deposit of the sum of one hundred dollars ($100) for the payment of the costs on the appeal, or if a stay of proceedings be claimed, in the sum of one hundred dollars ($100) plus the amount of the judgment, including all costs appealed from, or plus the value of the property, including all costs, in actions for the recovery of specific personal property, with the judge is equivalent to the filing of the undertakings above provided for, and in such cases, the judge must transmit the money to the clerk of the superior court, to be by him paid out on the order of the court.

If the appeal be from an order made after judgment, the perfecting of the appeal from such order stays proceedings in a justice court upon said order.

978a. The undertaking on appeal must be filed within five days after the filing of the notice of appeal and written notice of the filing of the undertaking must be served upon the respondent, who may except to the sufficiency of the sureties within five days after service of such notice. Unless within five days after notice of such exception, the sureties excepted to, or other sureties, justify before the judge upon notice to the adverse party, to the amounts stated in their affidavits, the appeal must be regarded as if no such undertaking had been given, unless within five days after notice of failure of justification of sureties, appellant deposit cash in the amount of said bond with the clerk of the court to which the appeal is taken.

the court in which the judgment was rendered, or by the judge thereof at chambers.

The clerk or judge must include in the judgment entered up by him, any interest on the verdict or decision of the court, from the time it was rendered or made, and the costs, if the same have been taxed or ascertained; and he must, within two days after the same are tried or ascertained, if not included in the judgment, insert the same in a blank left in the judgment for that purpose, and must make a similar insertion of the costs in the copies.

Said petition shall be verified; and, in a proceeding for the recovery by the petitioner as heir, devisee, or legatee, or the successor in interest of an heir, devisee or legatee, of money or other property received by the State from the estate of a decedent under the provisions of Article 1 of Chapter 6, such petition, among other things must state:

How, when and where such marriage, if any, was dissolved.

Whether or not said decedent was ever remarried, and, if so, where, when and to whom.

The full names, and the dates and places of birth of all lineal descendants, if any, of said decedent; the dates and places of death of any thereof who died prior to the filing of such petition; and the places of residence of all who are then surviving, with the degree of relationship of each of such survivors to said decedent.

The nationality of each of the heirs of the decedent.

The street address of each of the heirs of the decedent.

Petition and hearing to claim estate

If, for any reason, the petitioner is unable to set forth any of the matters or things hereinbefore required, he shall clearly state such reason in his petition.

At least 20 days before the hearing of the petition, a copy of the petition and notice of hearing must be served on the Attorney General and on the Controller, and the Attorney General may answer the same at his discretion.

If such claim includes a claim to real property or any interest therein, the petitioner shall record in the office of the county recorder of the county in which the real property is situated, a notice of the pendency of the petition containing the object of the action and a description of the property in the county affected thereby. From the time of filing such notice for record only, shall a purchaser or encumbrancer of the property be deemed to have constructive notice of the pendency of the action, and only of its pendency against parties designated by their real names.

The court must thereupon try the issue as issues are tried in civil actions; and if it is determined that such person is entitled to the money or other property or the proceeds thereof, it must order the property, if it has not been sold, to be delivered to him, or if it has been sold and the proceeds thereof paid into the State Treasury, it must order the Controller to draw his warrant on the Treasurer for the payment of the same, but without interest or cost to the State. A copy of such order, under the seal of the court, shall be a sufficient voucher for drawing such warrant.

All persons who fail to appear and file their petitions within the time limited are forever barred; saving, however, to infants and persons of unsound mind, the right to appear and file their petitions at any time within the time limited, or within one year after their respective disabilities cease.
