Article XI
Fiscal Administration

Fiscal year

Section 1100. Fiscal Year. The fiscal year of the City government shall begin on the first day of July of each year and end on the thirtieth day of June of the following year.

Annual budget

Section 1101. Annual Budget. Preparation by the City Manager. At such date as the City Manager shall determine, each board or commission and each department head shall furnish to the City Manager estimates of revenue and expenditures for his department or for such board or commission for the ensuing fiscal year, detailed in such manner as may be prescribed by the City Manager. In preparing the proposed budget, the City Manager shall review the estimates, hold conferences thereon with the respective department heads, boards or commissions and may revise the estimates as he may deem advisable.

Submission to city council

Section 1102. Budget. Submission to City Council At least thirty-five days prior to the beginning of each fiscal year, the City Manager shall submit to the City Council the proposed budget as prepared by him. After reviewing same and making such revisions as it may deem advisable, the City

Council shall determine the time for the holding of a public hearing thereon and shall cause to be published a notice thereof not less than ten days prior to said hearing, by at least one insertion in the official newspaper. Copies of the proposed budget shall be available for inspection by the public in the office of the City Clerk at least ten days prior to said hearing.

Public hearing

Section 1103. Budget. Public Hearing. At the time so advertised or at any time to which such public hearing shall from time to time be adjourned, the City Council shall hold a public hearing on the proposed budget, at which interested persons desiring to be heard shall be given such opportunity.

Adoption

Section 1104. Budget, Adoption. After the conclusion of the public hearing the City Council shall make any revisions of the proposed budget that it may deem advisable and on or before June 30, it shall adopt the budget. A copy thereof, certified by the City Clerk, shall be filed with the person retained by the City Council to perform auditing functions for the Council and a further copy shall be placed, and shall remain on file, in the office of the City Clerk where it shall be available for public inspection. The budget so certified shall be reproduced and copies made available for the use of the public and of departments, offices and agencies of the City.

Appropriations

Section 1105. Budget, Appropriations. From the effective date of the budget, the several amounts stated therein as proposed expenditures shall be and become appropriated to the several departments, offices and agencies for the respective objects and purposes therein named. All appropriations shall lapse at the end of the fiscal year to the extent that they shall not have been expended or lawfully encumbered.

At any meeting after the adoption of the budget, the City Council may amend or supplement the budget by motion adopted by the affirmative votes of at least four members so as to authorize the transfer of unused balances appropriated for one purpose to another purpose or to appropriate available funds not included in the budget or to cancel any appropriation not expended or encumbered.

Centralized purchasing

Section 1106. Centralized Purchasing. Under the control and direction of the City Manager there shall be established a centralized purchasing system for all City departments and agencies, except as otherwise in this Charter provided.

Tax limits

Section 1107. Tax Limits. (a) The City Council shall not levy a property tax, for municipal purposes, in excess of One Dollar annually on each One Hundred Dollars of the assessed value of taxable property in the City, except as otherwise provided in this Section, unless authorized by the affirmative votes of three-fifths of the electors voting on a proposition to increase such levy at any election at which the question of such additional levy for municipal purposes is submitted to the electors. The number of years that such additional levy is to be made shall be specified in such proposition.

(b) There shall be levied and collected at the same time and in the same manner as other property taxes for municipal pur-

poses are levied and collected, as additional taxes, if no other provision for payment thereof is made:

1. A tax sufficient to meet all liabilities of the City for principal and interest of all bonds and judgments due and unpaid, or to become due during the ensuing fiscal year, which constitute general obligations of the City; and
2. A tax sufficient to meet all obligations of the City to the State Employees Retirement System for the retirement of City employees, due and unpaid or to become due during the ensuing fiscal year.

(c) Special levies in addition to the above, may be made annually for the following purposes in amounts not to exceed the limits hereinafter respectively enumerated in this Section, on each One Hundred Dollars of the assessed value of taxable property in the City:

1. For libraries in an amount not to exceed ten cents.
2. For advertising and promotion in an amount not to exceed ten cents;
3. For parks, beaches, civic beautification, recreation and playgrounds in an amount not to exceed fifteen cents.

The proceeds of special levies may be used solely for the respective purposes for which such levies have been made.

Tax procedure

Section 1108. Tax Procedure. The procedure for the assessment, levy and collection of taxes upon property, taxable for municipal purposes, may be prescribed by ordinance of the City Council.

Bonded debt limit

Section 1109. Bonded Debt Limit. The City shall not incur an indebtedness evidenced by general obligation bonds which shall in the aggregate exceed the sum of fifteen per cent of the total assessed valuation, for purposes of City taxation, of all the real and personal property within the City.

No bonded indebtedness which shall constitute a general obligation of the City may be created unless authorized by the affirmative votes of two-thirds of the electors voting on such proposition at any election at which the question is submitted to the electors and unless in full compliance with the provisions of the State Constitution and of this Charter.

Contracts on public works

Section 1110. Contracts on Public Works. Every project for the construction or improvement of public buildings, works, streets, drains, sewers, utilities, parks or playgrounds, and every purchase of supplies or materials for any such project, when the total expenditures required for the same exceed the sum of Three Thousand Dollars, shall be let by the City Council by contract to the lowest responsible bidder after notice by publication in the official newspaper by one or more insertions, the first of which shall be at least twenty days before the time for opening bids. Projects for the maintenance or repair of streets, drains or sewers are excepted from the requirements of this paragraph if the City Council determines that such work can be performed more economically by a City department than by contracting for the doing of such work.

All bids shall be accompanied by either a certified or cashier's check, or a bidder's bond executed by a corporate surety authorized to engage in such business in California, made payable to the City. Such security shall be in an amount not less than that specified in the notice inviting bids or in the specifications referred to therein, or if no amount be so specified then in an amount not less than ten per cent of the aggregate amount of the bid. If the successful bidder neglects or refuses to enter into the contract, within the time specified in the notice inviting bids or in the specifications referred to therein, the amount of his bidder's security shall be declared forfeited to the City and shall be collected and paid into its general fund, and all bonds so forfeited shall be prosecuted and the amount thereof collected and paid into such fund.

The City Council may reject any and all bids presented and may readvertise in its discretion.

The City Council, without advertising for bids, or after rejecting bids, or if no bids are received, may declare and determine that, in its opinion, based on estimates approved by the City Manager, the work in question may be performed better or more economically by the City with its own employees or the supplies or materials may be purchased more economically on the open market, and after the adoption of a resolution to this effect by at least five affirmative votes of the Council may proceed to have said work done or said supplies or materials purchased in the manner stated, without further observance of the provisions of this Section. Such contracts likewise may be let without advertising for bids, if such work or supplies or materials shall be deemed by the City Council to be of urgent necessity for the preservation of life, health or property, and shall be authorized by resolution passed by at least five affirmative votes of the Council and containing a declaration of the facts constituting such urgency.

Purchasing supplies

Section 1111. Purchasing Supplies. The City Council may prescribe by ordinance rules and regulations for the purchasing of supplies, materials and equipment. When making purchases for the City, merchants maintaining an established place of business within the City shall be given the preference, quality and prices being equal.

Cash basis fund

Section 1112. Cash Basis Fund. The City Council may maintain a revolving fund, to be known as the "Cash Basis Fund," for the purpose of placing the payment of the running expenses of the City on a cash basis. A balance may be built up in this fund from any available sources in an amount which the City Council deems sufficient with which to meet all lawful demands against the City for the first five months, or other necessary period, of the succeeding fiscal year prior to the receipt of ad valorem tax revenues. Transfers may be made by the City Council from such fund to any other fund or funds of such sum or sums as may be required for the purpose of placing such funds, as nearly as possible, on a cash basis. All

money so transferred from the Cash Basis Fund shall be returned thereto before the end of the fiscal year.

Capital outlays fund

Section 1113. Capital Outlays Fund. A fund for capital outlays generally is hereby created, to be known as the "Capital Outlays Fund." The City Council may create by ordinance a special fund or funds for a special capital outlay purpose. The City Council may levy and collect taxes for capital outlays and may include in the annual tax levy a levy for such purposes in which event it must apportion and appropriate to any such fund or funds the moneys derived from such levy. It may not, in making such levy, exceed the maximum tax rate provided for in this Charter, unless authorized by the affirmative votes of three-fifths of the electors voting on the proposition at any election at which such question is submitted. The City Council may transfer to any such fund any unencumbered surplus funds remaining on hand in the City at any time.

Once created, such fund shall remain inviolate for the purpose for which it was created; if for capital outlays generally, then for any such purposes, and if for a special capital outlay, then for such purpose only, unless the use of such fund for some other capital outlay purpose is authorized by the affirmative votes of a majority of the electors voting on such proposition at a general or special election at which such proposition is submitted.

If the purpose for which any special capital outlay fund has been created has been accomplished, the City Council may transfer any unexpended or unencumbered surplus remaining in such fund to the fund for capital outlays generally, established by this Charter.

Presentation of demands

Section 1114. Presentation of Demands. All claims for damages against the City must be verified and presented to the City Clerk within ninety days after the occurrence, event or transaction from which the damages allegedly arose, or within such shorter time as is otherwise provided by law, and shall set forth in detail the name and address of the claimant, the time, date, place and circumstances of the occurrence and the extent of the injuries or damages sustained. All such claims shall be approved or rejected in writing by order of the City Council and the date thereof given.

All other demands against the City must be in writing and may be in the form of a bill, invoice, payroll, or formal demand. Each such demand shall be presented to the Director of Finance within ninety days after the last item of the account or claim accrued. The Director of Finance shall examine the same. If the amount thereof is legally due and there remains on his books an unexhausted balance of an appropriation against which the same may be charged, he shall approve such demand and draw his warrant on the City Treasurer therefor, payable out of the proper fund. Otherwise he shall reject it. Objections of the Director of Finance may be overruled by the City Council and the warrant ordered drawn.

The Director of Finance shall transmit such demand, with his approval or rejection thereof endorsed thereon, and warrant, if any, to the City Manager. If a demand is one for an item included within an approved budget appropriation, it shall require the approval of the City Manager, otherwise it shall require the approval of the City Council, following the adoption by it of an amendment to the budget authorizing such payment. Any person dissatisfied with the refusal of the City Manager to approve any demand, in whole or in part, may present the same to the City Council which, after examining into the matter, may approve or reject the demand in whole or in part.

Registering warrants

Section 1115. Registering Warrants. Warrants on the City Treasurer which are not paid for lack of funds shall be registered. All registered warrants shall be paid in the order of their registration when funds therefor are available and shall bear interest from the date of registration at such rate as shall be fixed by the City Council by resolution.

Actions against city

Section 1116. Actions Against City. No suit shall be brought for money or damages against the City or any board, commission or officer thereof until a claim or demand for the same has been presented as in this Charter provided and such claim and demand has been rejected in whole or in part. If rejected in part suit may be brought to recover the whole. Failure to complete action approving or rejecting any claim or demand within sixty days from the day the same is presented shall be deemed a rejection thereof.

Independent audit

Section 1117. Independent Audit. The City Council shall employ at the beginning of each fiscal year, a qualified certified public accountant who shall, at such time or times as may be specified by the City Council, and at such other times as he shall determine, examine the books, records, inventories and reports of all officers and employees who receive, handle or disburse public funds and of all such other officers, employees or departments as the City Council may direct. As soon as practicable after the end of the fiscal year, a final audit and report shall be submitted by such accountant to the City Council, one copy thereof to be distributed to each member, one to the City Manager, Director of Finance, Treasurer, and City Attorney, respectively, and sufficient additional copies of the audit shall be placed on file in the office of the City Clerk where they shall be available for inspection by the general public, and a copy of the financial statement as of the close of the fiscal year shall be published in the official newspaper.

Effect of charter

Section 1201. Effect of Charter. The adoption of the Charter shall not have the effect of creating any new school district nor shall the adoption of this Charter have any effect upon the existence or boundaries of any present school districts within the City or of which the City comprises a part, but such present school districts shall continue in existence subject to the provisions of the laws of the State of California as the same now exist or hereafter may exist.

Article XIII
Franchises

Franchises

Section 1300. Granting of Franchises. Any person, firm or corporation furnishing the City or its inhabitants with transportation, communication, terminal facilities, water, light, heat, electricity, gas, power, refrigeration, storage, or any other public utility or service, or using the public streets, ways, alleys or places for the operation of plants, works or equipment for the furnishing thereof, or traversing any portion of the City for the transmitting or conveyance of any such service elsewhere, may be required by ordinance to have a valid and existing franchise therefor. The City Council is empowered to grant such franchise to any person, firm or corporation, whether operating under an existing franchise or not, and to prescribe the terms and conditions of any such grant. It may also provide, by procedural ordinance, the method of procedure and additional terms and conditions of such grants, or the making thereof, all subject to the provisions of this Charter.

Nothing in this Section, or elsewhere in this Article, shall apply to the City, or to any department thereof, when furnishing any such utility or service.

Resolution, notice and hearing

Section 1301. Resolution of Intention. Notice and Public Hearing. Before granting any franchise, the City Council shall pass a resolution declaring its intention to grant the same, stating the name of the proposed grantee, the character of the franchise and the terms and conditions upon which it is proposed to be granted. Such resolution shall fix and set forth the day, hour and place when and where any persons having any interest therein or any objection to the granting thereof may appear before the City Council and be heard thereon. It shall direct the City Clerk to publish said resolution at least once, within fifteen days of the passage thereof, in the official newspaper. Said notice shall be published at least ten days prior to the date of hearing.

At the time set for the hearing the City Council shall proceed to hear and pass upon all protests and its decision thereon shall be final and conclusive. Thereafter it may by ordinance grant the franchise on the terms and conditions specified in

the resolution of intention to grant the same, subject to the right of referendum of the people, or it may deny the same. If the City Council shall determine that changes should be made in the terms and conditions upon which the franchise is proposed to be granted, a new resolution of intention shall be adopted and like proceedings had thereon.

Terms

Section 1302. Terms of Franchise. Every franchise shall state the term for which it is granted, which, unless it be indeterminate as provided for herein, shall not exceed twenty-five years.

A franchise grant may be indeterminate, that is to say, it may provide that it shall endure in full force and effect until the same, with the consent of the Public Utilities Commission of the State of California, shall be voluntarily surrendered or abandoned by its possessor, or until the State of California, or some municipal or public corporation, thereunto duly authorized by law, shall purchase by voluntary agreement or shall condemn and take, under the power of eminent domain, all property actually used and useful in the exercise of such franchise and situate within the territorial limits of the State, municipal or public corporation purchasing or condemning such property, or until the franchise shall be forfeited for noncompliance with its terms by the possessor thereof.

The acceptance of any franchise hereunder, shall operate as an abandonment of all such franchises, rights and privileges within the limits of the City as such limits shall at any time exist, in lieu of which such franchise shall be granted.

Any franchise granted hereunder shall not become effective until written acceptance thereof shall have been filed by the grantee thereof with the City Clerk. Such acceptance shall be filed within ten days after the adoption of the ordinance granting the franchise, or any extension thereof granted by the City Council, and when so filed, such acceptance shall constitute a continuing agreement of such grantee that if and when the City shall thereafter annex, or consolidate with, additional territory, any and all franchises, rights and privileges owned by the grantee therein, except a franchise derived under said constitutional provision, shall likewise be deemed to be abandoned within the limits of such territory No grant of any franchise may be transferred or assigned by the grantee except by con-

sent in writing of the City Council and unless the transferee or assignees thereof shall covenant and agree to perform and be bound by each and all of the terms and conditions imposed in the grant or by procedural ordinance and by this Charter.

Eminent domain

Section 1304. Eminent Domain. No franchise grant shall in any way, or to any extent, impair or affect the right of the City to acquire the property of the grantee thereof either by purchase or through the exercise of the right of eminent domain, and nothing herein contained shall be construed to contract away or to modify or to abridge, either for a term or in perpetuity, the City's right of eminent domain with respect to any public utility.

Grantee's duties

Section 1305. Duties of Grantees. By its acceptance of any franchise hereunder, the grantee shall covenant and agree to perform and be bound by each and all of the terms and conditions imposed in the grant, or by procedural ordinance and shall further agree to:

(b) Pay to the City on demand the cost of all repairs to public property made necessary by any of the operations of the grantee under such franchise.

(c) Indemnify and hold harmless the City and its officers from any and all liability for damages proximately resulting from any operations under such franchise.

(d) Remove and relocate without expense to the City any facilities installed, used and maintained under the franchise if and when made necessary by any lawful change of grade, alignment or width of any public street, way alley or place, including the construction of any subway or viaduct, or if the public health, comfort, welfare, convenience, or safety so demands.

(e) Pay to the City during the life of the franchise a percentage, to be specified in the grant, of the gross annual receipts of the grantee within the limits of the City, or such other compensation as the City Council may prescribe in the grant.

Exercising rights without franchise

Section 1306. Exercising Rights Without Franchise. The exercise by any person, firm or corporation of any privilege for which a franchise is required, without possessing a valid and existing franchise therefor, shall be a misdemeanor and shall be punishable in the same manner as violations of this Charter are punishable and each day that such condition continues to exist shall constitute a separate violation.

The Personnel Board shall make written findings which shall state as to each charge whether or not such charge is sustained. Such Board shall also set forth in writing its conclusions and recommendations based upon such findings and within ten days after concluding the hearing, it shall certify its findings, conclusions and recommendations to the board or officer from whose action the appeal was taken, and to the City Manager and City Council.

The appointing power, with and subject to the approval of the City Manager, shall then affirm, modify or rescind the action taken, as in their judgment shall seem warranted, and such decision shall be final and conclusive.

No person in the Classified or Unclassified Service, or seeking admission thereto, shall be employed, promoted, demoted or discharged, or in any way favored or discriminated against because of political opinions or affiliations or because of race or religious belief, provided, however, that no person in the employment of the City shall belong to or be a member of the Communist Party or any other party, organization or association which advocates the overthrow of the government or Constitution of the United States by force or violence.

Any wilful violation or violation through culpable negligence of any provision of this section shall be sufficient grounds to authorize the discharge of any officer or employee.

Solicitation of contributions

Section 809. Solicitation of Contributions. No officer, agent, clerk, or employee, under the government of the City and no candidate for any City office shall directly or indirectly, solicit or receive, or be in any manner concerned in soliciting or receiving any assessment, subscription or contribution, whether voluntary or involuntary, for any political purpose whatever, from anyone on the employment lists or holding any position under the provisions of this Article.

(a) The City Council shall not levy a property tax for municipal purposes, except as otherwise provided in this section, in excess of One Dollar annually on each One Hundred

Dollars of the assessed value of taxable property in the City, unless authorized by the affirmative votes of two-thirds of those electors voting on a proposition to increase such levy at any election at which the question of such additional levy for municipal purposes is submitted to the electors. The number of years that such additional levy is to be made shall be specified in such proposition.

(b) There shall be levied and collected at the same time and in the same manner as other property taxes for municipal purposes are levied and collected, in addition to the above limit, if no other provision for payment thereof is made:

2. A tax sufficient to meet all obligations of the City to the State Employees Retirement System for the retirement of City employees, due and unpaid or to become due during the ensuing fiscal year.

(c) Special levies, in addition to the above limits, may be made annually for the purposes, within the limits, and to the extent that cities of the sixth class may make special levies in addition to their general tax limit, under the Codes and statutes of the State as they may exist from time to time.

Public works contracts

Section 1110. Contracts on Public Works. Every project for the construction or improvement of public buildings, works, streets, drains, sewers, utilities, parks or playgrounds, and every purchase of supplies or materials for any such project, when the total expenditures required for the same exceed the sum of Three Thousand Dollars, shall be let by the City Council by contract to the lowest responsible bidder after notice by publication in the official newspaper by two or more insertions, the first of which shall be at least ten days before the time for opening bids. Projects for the maintenance or repair of streets, drains or sewers are excepted from the re-

quirements of this paragraph if the City Council determines that such work can be performed more economically by a City department than by contracting for the doing of such work.

All bids shall be accompanied by either a certified or cashier's check, or a bidder's bond executed by a corporate surety authorized to engage in such business in California, made payable to the City. Such security shall be in an amount not less than that specified in the notice inviting bids or in the specifications referred to therein, or if no amount be so specified then in an amount not less than ten per cent of the aggregate amount of the bid. If the successful bidder neglects or refuses to enter into the contract, within the time specified in the notice inviting bids or in the specifications referred to therein, the amount of his bidder's security shall be declared forfeited to the City and shall be collected and paid into its general fund, and all bonds so forfeited shall be prosecuted and the amount thereof collected and paid into such fund.

The City Council may reject any and all bids presented and may readvertise in its discretion.

The City Council, without advertising for bids, or after rejecting bids, or if no bids are received, may declare and determine that, in its opinion, based on estimates approved by the City Manager, the work in question may be performed better or more economically by the City with its own employees or the supplies or materials may be purchased more economically on the open market, and after the adoption of a resolution to this effect by at least four affirmative votes of the Council may proceed to have said work done or said supplies or materials purchased in the manner stated, without further observance of the provisions of this section. Such contracts likewise may be let without advertising for bids, if such work or supplies or materials shall be deemed by the City Council to be of urgent necessity for the preservation of life, health or property, and shall be authorized by resolution passed by at least four affirmative votes of the Council and containing a declaration of the facts constituting such urgency.

Cash basis fund

Section 1111. Cash Basis Fund. The City Council shall maintain a revolving fund, to be known as the "Cash Basis Fund", for the purpose of placing the payment of the running expenses of the City on a cash basis. A reserve shall be built up in this fund from any available sources in an amount which the City Council deems sufficient with which to meet all lawful demands against the City for the first five months, or other necessary period, of the succeeding fiscal year prior to the receipt of ad valorem tax revenues. Transfers may be made by the City Council from such fund to any other fund or funds of such sum or sums as may be required for the purpose of placing such funds, as nearly as possible, on a cash basis. All moneys so transferred from the Cash Basis Fund shall be returned thereto as soon as sufficient tax moneys are apportioned and in any event before the end of the fiscal year.

Capital outlays fund

Section 1112. Capital Outlays Fund. A fund for capital outlays generally is hereby created, to be known as the "Capital Outlays Fund." The City Council may create by ordinance a special fund or funds for a special capital outlay purpose. The City Council may levy and collect taxes for capital outlays and may include in the annual tax levy a levy for such purposes in which event it must apportion and appropriate to any such fund or funds the moneys derived from such levy. It may not, in making such levy, exceed the maximum tax rate provided for in this Charter, unless authorized by the affirmative votes of two-thirds of those electors voting on the proposition at any election at which such question is submitted. The City Council may transfer to any such fund any unencumbered surplus funds remaining on hand in the City at any time.

Once created, such fund shall remain inviolate for the purpose for which it was created; if for capital outlays generally, then for any such purposes, and if for a special capital outlay, then for such purpose only, unless the use of such fund for some other capital outlay purpose is authorized by the affirmative votes of a majority of those electors voting on such proposition at a general or special election at which such proposition is submitted.

If the purpose for which any special capital outlay fund has been created has been accomplished, the City Council may transfer any unexpended or unencumbered surplus remaining in such fund to the fund for capital outlays generally, established by this Charter.

Presentation of demands

Section 1113. Presentation of Demands. All claims for damages against the City must be verified and presented to the City Clerk within ninety days after the occurrence, event or transaction from which the damages allegedly arose, or within such shorter time as is otherwise provided by law, and shall set forth in detail the name and address of the claimant, the time, date, place and circumstances of the occurrence and the extent of the injuries or damages sustained. All such claims shall be approved or rejected in writing by order of the City Council and the date thereof given.

All other demands against the City must be in writing and may be in the form of a bill, invoice, payroll, or formal demand. Each such demand shall be presented to the Controller within ninety days after the last item of the account or claim accrued. The Controller shall examine the same. If the amount thereof is legally due and there remains on his books an unexhausted balance of an appropriation against which the same may be charged, he shall approve such demand and draw his warrant on the City Treasurer therefor, payable out of the proper fund. Otherwise he shall reject it. Objections of the Controller may be overruled by the City Council and the warrant ordered drawn.

The Controller shall transmit such demand, with his approval or rejection thereof endorsed thereon, and warrant, if

any, to the City Manager. If a demand is one for an item included within an approved budget appropriation, it shall require the approval of the City Manager, otherwise it shall require the approval of the City Council, following the adoption by it of an amendment to the budget authorizing such payment. Any person dissatisfied with the refusal of the City Manager to approve any demand, in whole or in part, may present the same to the City Council which, after examining into the matter, may approve or reject the demand in whole or in part.

Registering warrants

Section 1114. Registering Warrants. Warrants on the City Treasurer which are not paid for lack of funds shall be registered. All registered warrants shall be paid in the order of their registration when funds therefor are available and shall bear interest from the date of registration at such rate as shall be fixed by the City Council by resolution.

Actions against city

Section 1115. Actions Against City. No suit shall be brought for money or damages against the City or any board, commission or officer thereof until a claim or demand for the same has been presented as in this Charter provided and such claim and demand has been rejected in whole or in part. If rejected in part suit may be brought to recover the whole. Failure to complete action approving or rejecting any claim or demand within sixty days from the day the same is presented shall be deemed a rejection thereof.

Independent audit

Section 1116. Independent Audit. The City Council shall employ at the beginning of each fiscal year, a qualified certified public accountant who shall, at such time or times as may be specified by the City Council, and at such other times as he shall determine, examine the books, records, inventories and reports of all officers and employees who receive, handle or disburse public funds and of all such other officers, employees or departments as the City Council may direct. As soon as practicable after the end of the fiscal year, a final audit and a report shall be submitted by such accountant to the City Council, one copy thereof to be distributed to each member, one to the City Manager, Controller, Treasurer, and City Attorney, respectively, and sufficient additional copies of the audit shall be placed on file in the office of the City Clerk where they shall be available for the general public, and a copy of the financial statement as of the close of the fiscal year shall be published in the official newspaper.

for the use of such public improvements or for the services furnished the people by the operation of such public improvements as shall pay the cost of operating and maintaining the same, together with such repairs, replacements and additions as may be needed to keep such improvements in good operating condition.

No bond or security, or any interest payable thereon, issued under this section of the Charter shall ever under any circumstances create or impose any obligation upon the City itself, or the tax revenues of said City, or any revenue of the City other than the revenues which are herein authorized to be pledged to secure the payment of the principal and interest of the bonds or securities issued pursuant to this section of the Charter, and in no event shall the City, during such time as any bonds issued pursuant to this section are outstanding, appropriate its tax revenues for Water Department purposes except to the extent that such may be needed to supplement revenues of the Water Department for any fiscal year during which the anticipated Water Department revenues are insufficient to meet the estimated costs of normal operation and maintenance of the Water Department for such year.

And we further certify that we have compared the foregoing proposed and ratified amendment to the Charter of The City of San Diego with the original proposal submitting the same to the electors of said City, and find that the foregoing is a full, true and exact copy thereof.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said city and county at an election to be held therein on June 8, 1954, a proposal to amend the charter of said city and county by amending Section 151.3 thereof, so that the same shall read as follows:

BASIS OF STANDARDIZATION OF COMPENSATION OF CERTAIN EMPLOYEES

Standardization of compensation of certain employees

Section 151.3. Notwithstanding any of the provisions of section 151 or any other provisions of this charter, whenever any groups or crafts establish a rate of pay for such groups or crafts through collective bargaining agreements with employers employing such groups or crafts, and such rate is recognized and paid throughout the industry and the establishments employing such groups or crafts in San Francisco, and the civil service commission shall certify that such rate is generally prevailing for such groups or crafts in private employment in San Francisco pursuant to collective bargaining agreements, the board of supervisors shall have the power and it shall be its duty to fix such rate of pay as the compensations for such groups and crafts engaged in the city and county service. (B) The board of supervisors shall thereupon fix a wage schedule for each classification of platform employees and coach and bus operators of the municipal railway which shall be not in excess of the highest wage schedule so certified by the civil service commission for each such classification.

(C) When, in addition to their usual duties, such employees are assigned duties as instructors of platform employees or coach or bus operators they shall receive twenty (20¢) cents per hour in addition to the rate of pay to which they are otherwise entitled under the wage schedule as herein provided.

(D) The rates of pay fixed for platform employees and coach and bus operators as herein provided shall be effective from July 1st of the fiscal year in which such rates of pay are certified by the civil service commission; and the rates of pay specified in the wage schedules shall be paid to employees in accordance with the classifications of employment to which assigned as provided in the wage schedules adopted pursuant to this section; provided, that the platform employees and bus and coach operators so employed by the municipal railway on the effective date of this amendment shall be paid the maximum rate of pay provided in the wage schedules adopted for each year as herein provided regardless of classification to which assigned.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said city and county at an election to be held therein on June 8, 1954, a proposal to amend the charter of said city and county by amending Section 146.1 thereof, so that the same shall read as follows, and by repealing Section 146.2 thereof, the provisions of which read as set forth below:

SUBSTITUTE PROMOTIONAL EXAMINATIONS FOR PERSONS RETURNING FROM AUTHORIZED MILITARY LEAVE

Promotional examinations Persons returning from military leave

Section 146.1. Employees under permanent civil service appointment who, because of absence on duly authorized military leave after June 27, 1950, did not participate in a promotional examination held after June 27, 1950 and during time of war as defined in section 145.01 of this charter, and in which examination the employee would have been otherwise eligible to compete had the war not intervened, and which examination is hereinafter referred to as the original promotional examination, shall after abridgment of military leave, have the right to participate in a similar promotional examination Provided, that persons and employees who were on

entrance or promotive eligible lists, shall, for the purpose of this amendment, be deemed to be appointees in their classifications from the time their names were reached for permanent certification while in the military service.

In order to qualify for participation in a similar promotional examination under the provisions of this section, such employee who desires to participate therein must make application in writing to the civil service commission within thirty days after the abridgment of his military leave, or within thirty days after the effective date of this amendment. Failure to file such written request to participate in a similar promotional examination as herein provided shall be deemed a waiver of all rights of the employee to participate in such similar promotional examination.

The civil service commission shall arrange to hold such similar promotional examination within a reasonable time after employees eligible to request participation in any such similar promotional examination under the provisions of this section have indicated their desire to so participate, or have waived their right to participate, as herein provided.

The civil service commission shall be the sole judge of the adequacy of such similar promotional examination. If the employee obtains in the similar promotional examination a score rating equal to or more than the minimum passing mark established by the civil service commission for inclusion on the list of eligibles resulting from the original promotional examination, his name shall thereupon be entered on the eligible list resulting from the original promotional examination in accordance with the relative excellence obtained by all the qualified participants in the original and similar promotional examinations. Such employees shall be eligible for appointment from such list of eligibles in accordance with civil service rules to any vacancy thereafter occurring, and subject to satisfactory completion of a probationary period as provided in section 148 of this charter for a period of four years after the date on which their name is entered on the eligible list and before eligibles procuring standing through examinations held subsequent to the original promotional examination.

If it is determined by the civil service commission that the name of such person would have been reached for permanent appointment from the list of eligibles established as a result of the original promotional examination during his term of military service had the name of such person appeared thereon, then such employee, upon appointment to a permanent position as herein provided, shall be granted seniority in such appointment from the date his name would have been reached had his name appeared thereon, but such seniority shall be used only for the purpose of determining salary increments and calculating city and county service credits in other promotional examinations held subsequent to the similar promotional examination herein authorized. For all other purposes, seniority of service shall date from the date of appointment as

a result of qualifying in the similar promotional examination as herein authorized.

Such employees who qualify for appointment as a result of a similar promotional examination as herein provided, and who are appointed to permanent positions, as herein provided, shall be permitted to participate in other promotional examinations for which they are otherwise eligible, while serving under probationary appointment in the position to which appointed as a result of the similar promotional examination, provided that certification from lists of eligibles established from such other examinations shall not be made until the employee has satisfactorily completed the aforesaid probationary appointment.

The civil service commission shall adopt rules to govern the administration of similar promotional examinations herein authorized, and appointments and other matters resulting therefrom.

Substitute Promotional Examinations for Employees Returning From Service in Armed Forces

Substitute promotional examinations Persons returning from military leave

Section 146.2. Employees under permanent civil service appointment who, because of absence on duly authorized military leave for service in the armed forces of the United States, did not participate in a promotional examination held between September 16, 1940 and the effective date of this amendment, in which examination the employee was otherwise eligible to compete, and which examination is hereinafter referred to as the original promotional examination, shall after abridgment of military leave, have the right to participate in a similar promotional examination, subject to the provisions of this section. The provisions of this section shall not apply to employees whose military leave extends beyond six months after the effective date of this amendment.

In order to qualify for participation in a similar promotional examination under the provisions of this section, such employee who desires to participate therein must make application in writing to the civil service commission within thirty days after the abridgment of his military leave, or within thirty days after the effective date of this amendment, whichever is later. Failure to file such written request to participate in a similar promotional examination as herein provided shall be deemed a waiver of all rights of the employee to participate in such similar promotional examination.

The civil service commission shall arrange to hold such similar promotional examination within a reasonable time after all such employees eligible to request participation in any such similar promotional examination under the provisions of this section have indicated their desire to so participate, or have waived their right to participate, as herein provided.

The civil service commission shall be the sole judge of the adequacy of such similar promotional examination. If the em-

ployee obtains in the similar promotional examination a score rating equal to or more than the minimum passing mark established by the civil service commission for inclusion on the list of eligibles resulting from the original promotional examination, his name shall thereupon be entered on the eligible list resulting from the original promotional examination in accordance with the relative excellence obtained by all the qualified participants in the original and similar promotional examinations. Such employees shall be eligible for appointment from such list of eligibles in accordance with civil service rules to any vacancy thereafter occurring, and subject to satisfactory completion of a probationary period as provided in section 148 of this charter for a period of four years after the proclamation of peace or the termination of the emergency, and before eligibles procuring standing through examinations held subsequent to the original promotional examination.

If it is determined by the civil service commission that the name of such person would have been reached for permanent appointment from the list of eligibles established as a result of the original promotional examination during his term of military service had the name of such person appeared thereon, then such employee, upon appointment to a permanent position as herein provided, shall be granted seniority in such appointment from the date his name would have been reached had his name appeared thereon, but such seniority shall be used only for the purpose of determining salary increments and calculating city and county service credits in other promotional examinations held subsequent to the similar promotional examination herein authorized. Such employees who qualify for appointment as a result of a similar promotional examination as herein provided, and who are appointed to permanent positions, as herein provided, shall be permitted to participate in other promotional examinations for which they are otherwise eligible, while serving under probationary appointment in the positions to which appointed as a result of the similar promotional examination, provided that certification from lists of eligibles established from such other examinations shall not be made until the employee has satisfactorily completed the aforesaid probationary appointment.

The civil service commission shall adopt rules to govern the administration of similar promotional examinations herein authorized, and appointments and other matters resulting therefrom.

Certificate

We, the undersigned, H. H. Hendren, Mayor of the City of Sacramento, State of California, and Paul H. Manby, City Clerk of said City, do hereby certify and declare as follows:

That the City of Sacramento, a municipal corporation of the County of Sacramento, State of California, now is, and was, at all times herein mentioned, a City having a population of more than 50,000 inhabitants and has been ever since the year 1921 and now is organized, existing and acting under a Freeholder's Charter, adopted under and by virtue of Section 8 of Article XI of the Constitution of the State of California, which Charter was duly ratified by the majority of the qualified electors of said City at a Special Municipal Election held for that purpose on the 30th day of November, 1920, and approved by the Legislature of the State of California on the 24th day of January, 1921 (Statutes of 1921, Page 1919);

That, in accordance with the provisions of Section 8 of Article XI of the Constitution of the State of California, the City Council of said City of Sacramento, being the Legislative Body thereof, on its own motion, by Resolution No. 825, adopted on the 31st day of August, 1954, duly proposed to the qualified electors of the City of Sacramento, two certain amendments to the Charter of said City of Sacramento designated Propositions "C" and "D", the same to be submitted to said qualified electors at a Special Municipal Election consolidated with the General Election to be held on the 2nd day of November, 1954.

That each of said proposed amendments in accordance with Section 8 of Article XI of the Constitution of the State of

California was published once on the 9th day of September, 1954, in the "SACRAMENTO UNION," a newspaper of general circulation published in the City of Sacramento and the official newspaper of said City of Sacramento. That copies of said proposed amendments were printed in convenient pamphlet form and in type not less than 10 point and copies thereof were mailed to each of the qualified electors of said City of Sacramento. And until the date fixed for the election as hereinafter set forth there was published in said "SACRAMENTO UNION" an advertisement stating that copies of said proposed charter amendments could be had, upon application therefor, at the office of the City Clerk of said City of Sacramento.

That in accordance with the provisions of the Charter of said City of Sacramento and the resolution of the Legislative Body thereof, there was duly held in the City of Sacramento on the 2nd day of November, 1954, a Special Municipal Election consolidated with the General Election and that said proposed Charter Amendments and each of them were duly and regularly submitted to the qualified electors of said City for their ratification and that at said election a majority of the qualified electors voting thereon voted in favor of the ratification of and did thereby ratify Proposition "C" as hereinafter set out.

That the results of said election were duly and regularly canvassed by the Board of Supervisors of Sacramento County, pursuant to law and the resolution of consolidation of the election authorizing the said Board to canvass the vote and report the results thereof to the City.

That upon receipt of the results of the canvass, the City Council of the City of Sacramento duly and regularly found, determined and declared that a majority of the electors of said City voted in favor of Proposition "C" (Increased Pensions to Retired Persons), and had thereby by their vote ratified and approved said proposed charter amendment.

That Proposition "D" having failed to receive a majority of the votes cast was declared lost.

That said Charter Amendment Proposition "C" so ratified by the qualified electors of the City of Sacramento is now submitted to the Legislature of the State of California, pursuant to the provisions of Section 8 of Article XI of the Constitution of the State of California and is in words and figures as follows:

"PROPOSITION "C"

To amend Article XX of the Charter of the City of Sacramento, by adding a new section to be numbered 173.2 to read as follows:

INCREASED PENSIONS TO RETIRED PERSONS.

Increased pensions to retired persons

Section 173.2. (1) Subject to paragraph (6) of this section, every monthly allowance payable under the Sacramento

City Employees' Retirement System, in an amount of less than $150.00 per month, for time commencing on the effective date of this section, hereby designated as the first day of the month next following its ratification by the Legislature, to any member who was retired prior to July 1, 1952, or to the widow or child or children of any member who died prior to July 1, 1952, as the result of injury received in or illness caused by the performance of duty, is hereby increased by the amount set forth in the following table opposite the period during which the member's retirement became effective, or death occurred, if the retired member was entitled to be credited under the Sacramento City Employees' Retirement System, with 20 years or more of service, or, if the retired member was entitled to be so credited with less than 20 years of service, by an amount which bears the same ratio to the amount set forth in the following table opposite the period during which the member's retirement became effective or death occurred, that the number of completed years of service with which the member was entitled to be so credited bears to 20 years:

Period during which retirement became effective or death occurred	Amount of increase in monthly allowance where member was entitled to be credited with 20 or more years of service
Prior to July 1, 1948	$25.00
Twelve months ended June 30, 1949	20.00
Twelve months ended June 30, 1950	15.00
Twelve months ended June 30, 1951	10.00
Twelve months ended June 30, 1952	5.00

(2) If the member elected at retirement to have his allowance modified under option two or three provided under the Retirement System, and if his beneficiary is living on the effective date hereof, regardless of whether the member is living, the increase in the allowance shall be modified under the option then elected, and on the basis of the ages as they would be on said effective date, and current mortality tables and interest rate; but if such retired member is living and his beneficiary is not living on said effective date, then the increase shall be made in the allowance payable to him in the same manner and amount, that increases are made in allowances to persons who did not elect an option.

(3) Subject to paragraph (6) of this Section, every monthly allowance payable in an amount of less than $150.00 per month, for time commencing on the effective date of this section, to the widow or child or children of a member who retired prior to July 1, 1952, and who died after retirement and prior to said effective date, as a continuation of a portion of the allowance of the deceased retired member, shall be increased in the manner described in paragraph (1) of this section, but by only two-thirds ($\frac{2}{3}$) of the amount stated therein, opposite the respective period during which the retirement of such deceased member was effective, subject to pro

rata reduction if such deceased member was entitled to be credited with less than 20 years of service.

(4) The increase in each allowance provided by this section shall be apportioned between the service rendered prior to entry of the member into the Retirement System, and service rendered as a member, in the same proportions that the portion of the allowance which was not provided by the member's accumulated contributions, was so apportioned at the time of retirement or death. Contributions to the Retirement System necessary for the payment of the increase in the retirement allowances provided in this section, shall be provided, with respect to the portion of the increases based on service rendered as members under Section 175, from the reserves held by the Retirement System on account of members under Sections 175.1 and 175.13, the necessary amount being transferred upon said effective date, from said reserves to the reserves held by the Retirement System to meet the obligations on account of allowances that have been granted. The contribution being required of the City currently, as a percentage of compensation of members under Sections 175.1 and 175.13 shall be increased by a percentage determined by the actuary as necessary to replace the reserves so transferred. Contributions to the Retirement System necessary for the payment of said increases with respect to the portion of the increases based on service rendered as members under Section 173, and with respect to the portion of the increases based on service rendered prior to April 1, 1935, shall be paid to the System by the City by annual appropriations, provided that such appropriation for any year shall not be less than the amount disbursed during that year on account of said increases; and provided further that such appropriations shall not be made in separate amounts, but instead, shall be included as an addition, with the appropriations made on account of the current and prior service portions of the allowances to which the increases were added.

(5) This section does not give any retired member, or his successors in interest, or his beneficiary, or any payee for any allowance in respect to a deceased member, any claim against the City for any increase in any allowance paid or payable for time prior to its effective date.

(6) It is the intention under this Section that the increases in allowances provided herein shall not make the amount of any of such allowances more than $150.00 per month. If the allowances to which this section is otherwise applicable, or any of them, would be increased by the amounts stated in foregoing paragraph (1) to more than said monthly amount, this section shall be applicable only to the extent that any increased allowance payable pursuant to it, shall not exceed $150.00 per month."

That we have compared the foregoing amendments with the original proposal submitting the same to the electors of said

City and find that the foregoing is a full, true and correct copy thereof.

IN WITNESS WHEREOF, we have hereunto set our hands and caused the seal of said City of Sacramento to be affixed hereto this 16th day of December, 1954.

Sec. 260.6 (a) Any and all money derived by the City of Long Beach from the development of oil, gas or other hydrocarbon substances from beneath all tidelands and submerged lands specified and described in those certain grants from the State of California to the City of Long Beach, to wit, 1911 Statutes, page 1304, 1925 Statutes, page 235, and 1935 Statutes, page 794, except from beneath such of said lands as are located within the Harbor District of the City of Long Beach as said district was bounded and described on May 1, 1946, shall be paid into the Tideland Oil Fund. Money placed in the Tideland Oil Fund, not required by this Charter to be transferred to the Public Improvement Fund, shall be used exclusively for the purposes of establishing, constructing, maintaining and improving public parks, parkways, highways, playgrounds, and the construction, maintenance and operation of wharves, docks, piers, slips, quays and other utilities, structures and appliances necessary or convenient for the promotion and accommodation of commerce and navigation, as shall have been provided for in the official budget of the City adopted by the City Council; provided, however, such money may not be used and expended for any purpose in violation of the provisions of said grants from the State of California to the City of Long Beach. Notwithstanding any provision herein to the contrary, twenty-five per cent (25%) of any and all money derived on and after July 1, 1956, by the City as hereinabove provided shall not be expended for any purpose or purposes whatsoever other than that the same shall, from time to time, be invested in accordance with the provisions of applicable general laws of the State of California. Council at any City election wherein all City electors are entitled to vote. Such money, however, may be used without such prior approval of the electors and without the necessity of a provision therefor in the official budget of the City, for the payment of costs and expenses, for land subsidence remedial work, or to meet a public emergency caused by war, fire, flood, explosion, storm, earthquake, epidemic, riot or insurrection, if the City Council, by not less than a vote of two-thirds of all of the members thereof, declares the need for such land subsidence remedial work or declares the existence of such public emergency, provided, however, that such money shall not be used for any purpose in violation of the provisions of said grants from the State of California to the City of Long Beach.

(c) The sum of Two Hundred Fifty Thousand Dollars of the money remaining in said Tideland Oil Fund and not required by this Charter to be transferred therefrom, may be used each fiscal year for any purpose not in violation of said grants from the State of California to the City of Long Beach, as shall have been provided for in the official budget of the City, without prior approval of the electors of such use. If any or all of said sum of Two Hundred Fifty Thousand Dollars is not used within a fiscal year, the unused amount shall accumulate and shall likewise be available for such use in any succeeding fiscal year.

(e) The amount of money, or any part thereof, derived by the City by, through, or from the operation of any improvements constructed with money paid into the Tideland Oil Fund and/or from the use or operation of the aforementioned tidelands and submerged lands, other than money derived from the development of oil, gas and other hydrocarbon substances from beneath said lands, may be used for the maintenance and operation of improvements constructed upon said tidelands and submerged lands in this section referred to and for the maintenance of said lands, as shall have been provided for in the official budget of the City, without prior approval of the electors of such use.

Assembly Concurrent Resolution No. 15—Relative to the death of Captain Willis W. Bradley.

[Filed with Secretary of State, January 11, 1955.]

WHEREAS, It is with a profound sense of regret that we do mark the passing from our midst of our beloved friend and colleague, Captain Willis W. Bradley. By his death, on the 27th day of August, 1954, the State of California lost one of her most able and distinguished adopted sons and the Nation one of her most gallant and intrepid defenders; and

WHEREAS, The stirring example of devoted service to Nation, State, and fellow man emblazoned upon the log of his voyage upon the sea of life is one worthy of emulation. We commend it to the youth of today; and

WHEREAS, Captain Bradley was a blunt-spoken but kindly man aggressively devoted to the causes he espoused but tolerant of the opinions of others. He was devoted to his family, faithful to his friends, and intensely loyal to his Country; and

WHEREAS, He was born in Ransomville, New York, in 1884, and in 1906 graduated from the United States Naval Academy. In 1914 he received the degree of master of science from George Washington University and in 1938 graduated from the Naval War College; and

WHEREAS, During the course of his naval career he served with distinction in the Aleutians and the Caribbean. For his aid to the victims of the Messina earthquake in 1908-9, he was awarded a Silver Medal by the Italian Red Cross; and

WHEREAS, In World War I, for his extraordinary heroism, while serving as gunnery officer aboard the U. S. S. Pittsburgh, a grateful Nation bestowed upon him its highest award for valour, the Congressional Medal of Honor. Although dazed by an explosion, as he was entering an ammunition casemate, Bradley, then a lieutenant, without thought of personal safety, crawled to the fire and extinguished it before it could spread to stores of explosives; and

WHEREAS, From 1929 to 1931 he served as Governor of Guam, during which time he granted a "bill of rights" to the people of Guam, established "citizenship of Guam," created the bicameral Guam Congress, held the first election, and inaugurated the mail service; and

WHEREAS, During World War II, he was commander of the Naval Inspection and Survey Board with headquarters in Long Beach and responsible for the inspection and acceptance for the United States Navy of approximately 1,000 ships; and

WHEREAS, Upon his retirement from the Navy in 1946, Captain Bradley was selected to represent the Eighteenth District in California in the Eightieth Congress and, in 1952, was elected to the California Legislature to represent the Seventieth Assembly District; and

WHEREAS, He participated in a wide range of civic and fraternal service in Long Beach, the city which was his home for close to 23 years. He had been a director of the chamber of commerce, president of the Masonic Club and an adviser to the Navy Family Chapel. He was a member of the American Legion, Veterans of Foreign Wars, Amvets, Masons, Elks, Moose, Propeller Club and University Club; and

WHEREAS, We deeply mourn the passing of so outstanding a citizen, statesman, and friend. We shall sorely miss him; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Members of the Legislature do hereby desire to express their deepest condolences to the bereaved members of the family of Captain Bradley. That in accordance with the provisions of Article XI, Section 8, of the Constitution of the State of California, the Council of The City of Los Angeles, being the legislative body of said City, on its own motion, duly and regularly submitted to the qualified electors of The City of Los Angeles, a certain proposal for the amendment of the Charter of said City to be voted upon by said qualified electors at a certain special

municipal election consolidated with the Primary State Election called and held for that purpose in said City on the eighth day of June, 1954, all as required by law.

That on the 28th day of April, 1954, the said proposed amendment was published and advertised in accordance with Section 8 of Article XI of the Constitution, in each and every edition of said day of April 28, 1954, in "The Los Angeles Daily Journal", a daily newspaper of general circulation printed and circulated in said City, and being the official newspaper for said purpose; all as shown by the affidavit of publication on file in the office of the City Clerk of said City.

That copies of said proposed charter amendment were printed in convenient pamphlet form in type of ten-point, and were mailed to each of the qualified electors of said City; and copies thereof could be had upon application therefor at the office of the City Clerk on and from April 28, 1954, to and including June 8, 1954; and a notice was advertised and published on and from April 28, 1954, to and including June 8, 1954, in "The Los Angeles Daily Journal", a newspaper of general circulation in said City, that copies thereof might be had at the office of the City Clerk of said City upon application therefor.

PROPOSED CHARTER AMENDMENT "G"

Section 170 of the Charter of the City of Los Angeles is amended by amending subsection (c) thereof, to read as follows:

Operation, management, etc., of municipal auditoriums, etc

(c) The Department of Recreation and Parks shall operate, manage, and control any municipal auditorium, municipal auditorium center, arena, or sports center, and the facilities

in connection therewith, owned or controlled by the City; and shall have power to design and construct the same and, in the name of The City of Los Angeles, to acquire and take by purchase, lease, condemnation, gift, in trust or otherwise, any and all property necessary or convenient for such purposes.

Lease of auditoriums, etc., by board of recreation and park commissioners

The Board of Recreation and Park Commissioners may lease in whole or in part as set forth herein, any such municipal auditorium, municipal auditorium center, arena, or sports center, or the facilities in connection therewith. The term of any such lease shall not exceed thirty-five years. Leases in excess of five years shall be approved by the Council by ordinance. Each lease shall provide that the lessee must operate the property or facility leased so as to furnish the public with the use for which it was acquired, constructed or completed, and, further, that the public must be entitled as of right to use and enjoy the property or facility so leased for the purposes for which it was acquired, constructed or completed. The Board of Recreation and Park Commissioners may prescribe such other terms and conditions of any such lease as it may deem proper and may enter into the same without inviting bids therefor.

All revenues derived from any such municipal auditorium, or municipal auditorium center, or the facilities in connection therewith, including the proceeds from any lease thereof, shall be paid into the "Auditorium Revenue Fund" of the Department of Recreation and Parks, which fund is hereby established. The expense of operation, management, maintenance and improvement of any such municipal auditorium, or municipal auditorium center, or the facilities in connection therewith, shall be defrayed solely from the Auditorium Revenue Fund and the revenues or other moneys paid into the same or credited thereto. Moneys in the Auditorium Revenue Fund shall be appropriated or used only as follows:

First: For the necessary expenses of operating, managing, maintaining and improving any such municipal auditorium, or municipal auditorium center, or facilities in connection with any such municipal auditorium, or municipal auditorium center, and discharge of liabilities arising therefrom.

Third: To transfer to the Recreation and Parks Fund in the same manner as provided in Section 382 of this Charter for the transfer of surplus money to the Reserve Fund; provided, however, that no such transfer shall be made so long as any bonds or other evidences of indebtedness payable out of said revenue fund shall be outstanding and unpaid, or until there shall have been set apart in a reserve fund or special

trust account, established for such bonds or other evidences of indebtedness, sums sufficient to pay, when due, the entire principal of such indebtedness remaining unpaid, together with interest accrued and to accrue thereon.

The Board of Recreation and Park Commissioners shall have control of the administration of the said reserve fund or special trust account, and shall keep the moneys therein on deposit in the city treasury or invest it in bonds or other securities authorized by the laws of the State of California as legal investments for savings banks. All interest and earnings from such investments shall accrue and be deposited to the credit of the Auditorium Revenue Fund.

We further certify that we have compared the text of the foregoing amendment with the original proposal submitting the same to the electors of said City and find that the foregoing is a full, true, correct, complete and exact copy thereof. That as to said amendment, this certificate shall be taken as a full and complete certification of the regularity of all proceedings had and done in connection therewith.

IN WITNESS WHEREOF, We have hereunto set our hands and have caused the corporate seal of The City of Los Angeles to be affixed hereto this 21st day of December, 1954.

That the said amendment to the Charter so ratified by the electors of the City of Pasadena is in words and figures as follows:

That the Charter of the City of Pasadena be amended by amending Section 9 of Article 6 thereof and that portion of Section 10 of Article 6 thereof preceding the definition which reads "'Employee' shall mean 'officer or employee.'", and Sections 12 and 14 of Article 6 thereof to read as follows:

Retirement Actuarial tables, rates, etc

"Section 9. Actuarial Tables, Rates and Valuations. The mortality, service and other tables and rates of contribution for members as recommended from time to time by the actuary and the valuations determined by him from time to time and approved by the Retirement Board shall be final and conclusive and the Retirement System shall be based thereon. The total amount, as determined by the actuary and approved by the Retirement Board, of the contributions required during any fiscal year of the city under the Retirement System, shall be paid into the Retirement Fund by the city during such year. Liabilities accruing under the Retirement System because of service rendered to the city prior to July 1, 1935, and because of deaths and disability retirement of members, not met by members' contributions, and administrative costs under the System, shall be met by contributions to the Retirement Fund by the city, in addition to any amounts contributed to meet liabilities accruing because of service rendered by persons after becoming members of the System, provided that such prior service liabilities may be met by annual appropriations instead of by one appropriation for the total amount of the liabilities; and provided further, that such appropriation for any one year shall be not less that the total amounts disbursed during that year on account of either or both of (a) prior service, and (b)

death and disability benefits not provided by members' contributions.

"In addition to other contributions required of the city under the System, the city shall contribute to the Retirement Fund such sums as may be necessary when added to the members' contributions provided for in Section 14 of this Article, to provide that portion of service retirement allowances, including continuances of such allowances, which is based on service rendered after June 30, 1935. Such sums shall be made in annual installments, and the installment to be paid in any year shall be determined by the application of a percentage to the total members' compensation paid during said year, said percentage to be the ratio of the value at the effective date hereof or at the date of the last valuation prior to said date, or at the later date of a periodical actuarial valuation and investigation into the experience under the System as provided by the Charter and by ordinance, of such allowances thereafter to be paid to or on account of persons who were members, from contributions of the city, less the amount of such contributions, with accumulated interest thereon, then held by said System to provide said benefits on account of service rendered by respective members after the date stated in the sentence next preceding, to the value at said respective dates of compensation thereafter payable to said members. Said values shall be determined by the actuary, who shall take into account the interest which shall be earned on said contributions, the compensation experience of members, and the probabilities of separation by all causes, of members from service before retirement and of death after retirement. Said percentage shall be changed by the Board on the basis of said values determined in said periodical actuarial valuation and investigation into the experience under the System. The percentage to be used shall be ten and sixty-six hundredths percent (10.66%) until redetermined by the Retirement Board on the basis of the periodical investigation and actuarial valuation under the System.

"Periodically, at periods fixed by the legislative body, the Retirement Board shall make an actuarial investigation into the mortality, service and other experience under the System, and, further, shall make an actuarial valuation of the assets and liabilities of the System, and upon the basis of such investigation and valuation as interpreted by the actuary, any necessary revision of the tables and rates being used under the System shall be made by the Retirement Board. No adjustment will be included in members' new rates of contribution resulting from said periodical investigation, Charter or ordinance amendments, or other cause, for time prior to the effective date of such new rates.

"This amendment shall become effective and operative on the first day of July, 1955.

Definitions

"Section 10. Definitions. 'Compensation', as distinguished from benefits under the Workmen's Compensation, In-

surance and Safety Act of the State of California, shall mean the remuneration prescribed by the city in cash, without deduction except for absence from duty, for time during which the individual receiving such remuneration is in the employ of the city in either or both the Fire and Police Departments. Compensation based on overtime put in by a member shall be excluded from all computations in which compensation is a factor.

" 'Service' shall mean time during which an individual is employed in either or both the Fire and Police Departments of the city for compensation. Absence from duty without compensation due to any cause other than disability retirement as hereinafter provided, shall not be deemed service for the city. The legislative body, however, may fix the number of months per year to be required for a year of service and proportionate parts thereof, but not more than one year shall be credited for all service in any year.

" 'Compensation earnable' shall mean the compensation as determined by the Retirement Board, which would have been earned had the member received compensation without interruption throughout the period under consideration and at the rates attached to the ranks or position held by him during such period. The computation for any absence of a member shall be based on the compensation earnable in the rank or position held by him at the beginning of the absence, and that, for time prior to becoming a member of the Fire or Police Department, shall be based on the compensation earnable by him in the rank or position first held by him in such Department.

" 'Retirement allowance', 'death allowance' or 'allowance' shall mean equal monthly payments for life unless a different term of payment is provided by the context, provided that any person to whom or on whose account benefits are payable, may elect to have the actuarial equivalent of that portion of such benefits which is not continued automatically to his surviving wife or children, paid in different form, all subject to such restrictions, regulations and conditions as may be prescribed by the legislative body, but the action of the legislative body shall not prevent such benefits when elected by a member, from taking the form of cash refund annuities, as applied to the member's accumulated contributions only, or reversionary annuities, these terms to have the meaning commonly accepted in standard life insurance practice.

" 'Annuity' shall mean equal monthly payments for life, unless a different term of payment is provided by the context, derived from contributions made by the member.

" 'Final compensation' shall mean the highest average monthly compensation earnable by a member during any period of five consecutive years. In the calculation of 'final compensation', periods of service separated by breaks in service may be aggregated to constitute a period of five consecutive years, if the periods of service are consecutive except for such

breaks. If a break in service did not exceed six months in duration, time included in the break and compensation earnable during such time shall be included in the computation of final compensation. If a break in service exceeded six month in duration, only the first six months thereof and the compensation earnable during those six months shall be included in the computation of final compensation. For the purposes of this paragraph, absence from duty without compensation, because of disability retirement, is not a break in service.

"This amendment shall become effective and operative on the first day of July, 1955."

Reduction of benefits

"Section 12. Reduction of Benefits. That portion of any allowance or other benefit which is provided by contributions of the city, payable by the Retirement System because of the death or retirement of any member, shall be reduced, in the manner fixed by the legislative body, by the amount of any benefits payable to or on account of such member, under the Workmen's Compensation laws of the State of California, because of his death or the disability resulting in his retirement except that benefits included and payable under such Workmen's Compensation laws for medical, surgical, and hospital treatment, and expenses of burial and attorney's fees, shall not be deemed benefits hereunder. In like manner said portion shall be reduced by the amount of any pension, except social security payments or pensions paid on account of service in the military or naval forces of the United States, paid to or on account of the death of such member, from funds of the United States, State of California or any political subdivision thereof, on account of, or on the basis of service credited under the Retirement System.

"This amendment shall become effective and operative on the first day of July, 1955."

Benefit and contribution requirements

"Section 14. Benefit and Contribution Requirements. Persons who shall be members of the Fire or Police Departments on the effective date hereof shall become members of the Retirement System upon such date, and persons who shall become members of the Fire or Police Departments after the effective date hereof, shall become members of the Retirement System forthwith, subject to the following provisions, in addition to the provisions contained in Sections 7 to 12, both inclusive, of this Article.

"(a) Members of the Retirement System may retire for service at their option upon attaining age fifty-one but only after rendering at least twenty years of service. Upon such retirement, a member shall receive a retirement allowance calculated as provided in subsection (b) of this section, except that if a member retires before attaining age fifty-five, his retirement allowance shall be reduced to that amount which the value at his retirement of such retirement allowance deferred to age fifty-five, will provide at his age at the time of such retirement. Any provision of subsection (b) of this section inconsistent with the sentence immediately preceding is

hereby superseded for the purpose of interpreting said sentence.

"Dismissal of a member from service for any cause after he has qualified as to age and service for service retirement shall not deprive such member of the right to retire for service.

"Any member of the System shall be retired for disability, regardless of age or amount of service, if incapacitated for the performance of duty as the result of an injury or illness incurred in the performance of duty. Any member incapacitated for the performance of duty by reason of a cause not included under the provisions of the immediately preceding sentence, shall be retired regardless of age but only after ten years of service to the city in either or both of said departments.

"Retirement shall be compulsory at the age of sixty years, provided that a chief of the Fire Department or a chief of the Police Department, who attains the age of sixty years, as a member of the System, may be retained in service as such chief, at the option of the City Manager, but such retention shall not extend beyond the age of sixty-five years. Such retained chief shall continue to be a member of the Retirement System.

"(b) Upon retirement for service, a member shall receive a service retirement allowance equal to the same percentage of his final compensation for each year of service rendered by him in the Fire or Police Department, as the contributions of the member and the city are calculated to provide upon retirement for service at fifty-five years of age, or upon completion of twenty years of service at an age higher than fifty-five years, for each year of service as a member. Upon the death of the retired member, two-thirds of the retirement allowance shall be continued throughout life or until remarriage, to his surviving wife, to whom he was married at least one year prior to his retirement, provided said wife is of the same age as said member. If said surviving wife is of a greater or less age than said member, then such portion of the retirement allowance shall be continued to her throughout her life or until her remarriage, as the amount which would have been necessary at retirement to provide for the continuance after said member's death of two-thirds of the entire allowance to a surviving wife of the same age as the said member, will provide when applied at the time of retirement, according to tables and rates recommended by the actuary and approved by the Retirement Board, to provide a retirement allowance to begin at the death of the retired member and continue throughout the life of the surviving wife. If there be no surviving wife or if she die before any child of such deceased member shall have attained the age of eighteen years, then the allowance which would have been paid to her had she lived, shall be paid to his child or children under said age collectively, to continue until every such child dies or attains said age, provided that no child shall receive any allowance after attaining the age of eighteen years.

If payment of the allowance be stopped because of marriage of the widow or attainment of the age of eighteen years by a child before the sum of the monthly payments made shall equal the sum of the retired member's dependent contributions, with interest thereon, as it was at his retirement, then an amount equal to the difference between said sums shall be paid in one amount to the married widow, or if there be no widow, to the surviving children of the deceased member, share and share alike, provided that this sentence shall be of no effect if there be no wife at the time of retirement who qualifies for the continuance of an allowance to her after the death of the said member.

"Upon retirement for disability resulting from injury or illness incurred in performance of duty, a member shall receive a disability retirement allowance of fifty per centum of his final compensation. Upon the death of the retired member, the retirement allowance shall be continued, throughout life or until remarriage, to the surviving wife, to whom he was married at least one year prior to his retirement. If there be no surviving wife or if she die before any child of such deceased member shall have attained the age of eighteen years, then the allowance shall be continued to his child or children under said age collectively, to continue until every such child dies or attains said age, provided that no child shall receive any allowance after attaining the age of eighteen years. If payment of the allowance be stopped because of marriage of the widow or attainment of the age of eighteen years by a child before the sum of the monthly payments made shall equal the sum of the retired member's dependent contributions, with interest thereon, as it was at his retirement, then an amount equal to the difference between said sums shall be paid in one amount to the married widow, or if there be no widow, to the surviving children of the deceased member, share and share alike, provided that this sentence shall be of no effect if there be no wife at the time of retirement who qualifies for the continuance of an allowance to her after the death of the said member.

"Upon retirement for disability resulting from any cause not included in the immediately preceding paragraph, a member shall receive a disability retirement allowance of one and one-half per centum of his final compensation multiplied by the number of years of service in either or both the Fire and Police Departments credited to him, if such allowance exceeds one-fourth of his final compensation; otherwise one and one-half per centum of his final compensation multiplied by the number of years which would be creditable to him were his service to continue until his attainment of the age of fifty-five years, but such allowance shall not exceed one-fourth of his final compensation.

"If the disability for which a member was retired shall cease, his allowance shall cease, and he shall be reinstated at the rank and in a position of the same grade as that he occupied at the time of his retirement. His individual account shall

be credited with an amount which is the actuarial equivalent of his annuity at that time, as based on a disabled life, but not exceeding the amount of his accumulated contributions at the time of his retirement for disability. The amount so credited to his individual account shall be administered as contributions deducted from the member's compensation. Upon retirement at any time thereafter, he shall receive credit as service for the time during which he was retired for disability, but he shall not be required to make contributions for such time. If following reinstatement, he does not enter upon the duties of his position, and is not qualified for service retirement, he shall be subject to subsection (e) of this Section 14.

"To the allowances provided in this section, shall be added the annuity which the accumulated additional contributions of the retiring member will provide when applied in the same manner as his normal contributions.

"(c) Upon the death of a member, before retirement and except as provided in subsection (e) of this Section 14, the Retirement System shall be liable for a death benefit, which, if an amount be due under either paragraph (3) or paragraph (4) next following, and if there be a surviving wife or surviving children, shall be paid in monthly installments and to the surviving wife and children as prescribed therein, otherwise the amounts due under paragraphs (1) and (2) shall be paid as prescribed therein, and such death benefit shall consist of:

"(1) His accumulated contributions, to be paid to his estate or to such person having an insurable interest in his life as he shall nominate by written designation duly executed and filed with the Retirement Board, and in addition thereto,

"(2) An amount equal to his compensation earnable during the six months immediately preceding his death to be paid only to his surviving wife, his child or children or his dependent father or mother, and if in the opinion of the Retirement Board, death be the result of injury or illness incurred in the performance of duty, in addition thereto,

"(3) An amount sufficient, when added to the amounts provided in (1) and (2) but excluding his accumulated additional contributions, to provide when applied according to tables and rates recommended by the actuary and approved by the Retirement Board, a monthly death benefit allowance, equal to one-half of his final compensation, to be paid to the surviving wife to whom said member was married at the time of sustaining the said injury, to continue throughout her life or until her remarriage; or if there be no widow, or if the widow die before any child of such deceased member shall have attained the age of eighteen years, then to his child or children under said age collectively, to continue until every such child dies or attains said age, provided that no child shall receive any allowance after attaining the age of eighteen years. If payment of the allowance be stopped because of marriage of the widow or attainment of the age

of eighteen years by a child before the sum of the monthly payments shall equal the sum of the amounts provided in the next preceding paragraphs (1) and (2), then an amount equal to the difference between said sums shall be paid in one amount to the married widow, or if there be no widow, to the surviving children of the deceased member, share and share alike. If, in the opinion of the Retirement Board, death be not the result of injury or illness incurred in the performance of duty, and if said member be qualified at the date of death for retirement for service under subsection (a) of this Section, then, at the option of the qualifying surviving wife, in addition to the amounts provided in said paragraphs (1) and (2),

"(4) An amount sufficient, when added to the amounts provided in said paragraphs (1) and (2), but excluding his accumulated additional contributions, when applied according to the tables and rates recommended by the actuary and approved by the Retirement Board, to provide an allowance to be paid to the surviving wife to whom said member was married at least one year prior to his death, to be equal in amount to the allowance which would have been payable to her if the said member had retired for service at the time of his death and had died instantly thereafter, and to continue throughout her life or until her marriage, or if there be no surviving wife, or if she die before any child of such deceased member shall have attained the age of eighteen years, then to his child or children under said age collectively, to continue until every such child dies or attains said age, provided that no child shall receive any allowance after attaining the age of eighteen years. If payment of the allowance be stopped because of marriage of the widow or attainment of the age of eighteen years by a child before the sum of the monthly payments made shall equal the sum of the amounts provided in the next preceding paragraphs (1) and (2), then an amount equal to the difference between said sums shall be paid in one amount to the married widow, or if there be no widow, to the surviving children of the deceased member, share and share like.

"(d) The normal contributions which shall be derived by the application of the member's rate of contribution to his compensation, and shall be required as a deduction from the compensation of each member throughout his membership shall be such as, on the average for such member, if his service on full salary be uninterrupted and when accumulated with interest, added to equal accumulated contributions of the city and applied according to the tables and rates recommended by the actuary and approved by the Retirement Board as hereinbefore provided, will provide a retirement allowance upon retirement for service at the age of fifty-five years, or upon completion of twenty years of service at an age higher than fifty-five years, equal to one-half of his final compensation, less that part of the retirement allowance set

forth in the first sentence of subsection (b) of this Section 14, which is to be provided by contributions of the city on account of service rendered prior to July 1, 1935.

"The dependent contributions which shall be derived and required in the same manner as normal contributions of each male member throughout his membership in addition to the normal contributions, shall be such as would be necessary to provide on the average for each such member, on the date of his service retirement at fifty-five years of age, or upon completion of twenty years of service at an age higher than fifty-five years, when accumulated with interest and applied according to the tables and rates recommended by the actuary and approved by the Retirement Board, for the continuance after his death and throughout the life of a surviving wife whose age at such date is the same as the age of said member, of two-thirds of the retirement allowance provided by his accumulated normal contributions upon said retirement at fifty-five years of age, or at said higher ages. If at the date of retirement for service or retirement for disability resulting from injuries received in performance of duty, said member has no wife who qualifies under this Charter for the continuance of an allowance to her after the death of said member, or upon retirement for disability resulting from other causes regardless of his marital condition, the said dependent contributions with accumulated interest thereon shall be paid to him upon said date, or at his option, applied in the same manner as additional contributions, to provide for him an annuity which shall be added to his retirement allowance.

"Members may make contributions in addition to and in the same manner as the normal and dependent contributions provided for in the two immediately preceding paragraphs, to provide additional benefits, but the city shall not contribute any amount on account of such members' additional contributions. Such additional contributions shall be administered in the same manner as the normal contributions.

"(e) Should any person who is a member under the provisions of this Section be separated from service of the city through any cause other than death or retirement, then all of his contributions, with interest, shall be refunded to him, provided that if such a member is entitled to be credited with at least ten years of service, he shall have the right to elect, without right of revocation and within ninety days after said termination of service, whether to allow his accumulated contributions to remain in the Retirement Fund. Failure to make such election shall be deemed an irrevocable election to withdraw his accumulated contributions. A member whose membership continues under this section is subject to the same age requirement as applies to other members for service retirement, but he is not subject to a minimum service requirement. After the qualification of such member for retirement by reason of age for retirement for service, and only then, he shall be entitled to receive a retirement allowance based upon

the amount of his accumulated contributions and service standing to his credit at the time of retirement and on the employer contributions held for him, and calculated in the same manner as for other members. Upon the death of such a member prior to retirement under this section, the Retirement System shall be liable for a death benefit consisting of his accumulated contributions, to be paid to his estate or to such persons having an insurable interest in his life as he shall nominate by written designation duly executed and filed with the Retirement Board. If he shall again become a member of the Retirement System, he shall deposit in the Retirement Fund, the amount refunded to him plus an amount equal to the additional interest that would have been credited to his account had such contributions not been withdrawn. His rate of normal contribution for the future shall be based on an age determined by adding the number of completed years of his absence from membership in the System after the earliest termination of his membership included in such election and payment, to the age upon which his normal rate of contribution, as it was prior to such termination, was based. The same percentage of his final compensation per year of service which, prior to such termination, his contributions and those of his employer were calculated to provide upon retirement for service at his lowest optional service retirement age without reduced benefit, shall be used in the calculation of his normal rate of contribution at reinstatement.

"(f) The contributions made under this section shall be credited to the individual account of the member from whose compensation they were deducted, and no amendment to this Charter or repeal thereof shall prevent the payment to the member or his beneficiary, of such contributions made prior to the effective date of such amendment, with interest, upon separation, by other than retirement, from service of the city as provided in this Section, or the application of such contributions, with interest, toward providing the member's retirement or death allowance, as the case may be.

"(g) Every retirement and death allowance payable for time commencing on said effective date, to or on account of a person who died as a member or retired on or after July 1, 1935, and prior to the effective date of this section, is hereby increased to the amount it would be if the provisions of Section 14 as they exist on said effective date, had been in effect on the date of the actual death or retirement of such person. This subsection does not authorize any decrease in any such allowance, nor does it give any person whatever, any claim against the Retirement System for any increase in any allowance paid or payable for time prior to its effective date. Calculation of allowances under this section shall be made on the basis of current interest rate and mortality tables.

"This amendment shall become effective and operative on the first day of July, 1955."

That we have compared the foregoing amendment with the original proposal proposed by said Ordinance No. 4339 to be submitted to the electors of said city, and find that the foregoing is a full, true, correct and exact copy thereof.

That as to said amendment this certificate shall be taken as a full and complete certification as to the regularity of all proceedings had and done in connection therewith.

IN WITNESS WHEREOF, we have hereunto set our hands and caused the seal of the said City of Pasadena to be affixed hereto this 14th day of December, 1954.

which increase failed to compensate them for the great increase in the cost of living that has occurred since 1949; and

WHEREAS, Most other public and private employees have received wage increases which more nearly enable them to meet the increased living costs; and

WHEREAS, Any increase in the cost of living particularly affects postal employees because of their relatively low wages; and

WHEREAS, Postal employees should receive an increase in wages not only because such an increase would be equitable but also because the efficiency of the postal system would be enhanced thereby; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Congress of the United States is respectfully memorialized to enact legislation for an increase in the compensation of postal employees commensurate with existing costs of living; and be it further

Resolved, That the Chief Clerk of the Assembly be directed to transmit copies of this resolution to the President and Vice President of the United States, to the Postmaster General, to the Speaker of the House of Representatives, and to each Senator and Representative from the State of California in the Congress of the United States.

Assembly Concurrent Resolution No. 29—Relative to commending Arthur B. Krim, Max Youngstien, and William Heineman of the United Artists Corporation, for the production and release of "Romeo and Juliet."

[Filed with Secretary of State, January 20, 1955]

WHEREAS, Renato Castellani has recently directed and produced a magnificent technicolor film of the tragedy of Shakespeare's immortal lovers, "Romeo and Juliet"; and

WHEREAS, The scene of this greatest of Shakespearean tragedies of love was laid in the City of Verona, Italy, giving the famous drama a richness and wealth of atmosphere that could never have been attained on the stage or inside studio walls; and

WHEREAS, This unconventional, daring and individualistic filming of "Romeo and Juliet" with a fresh and vital approach is enough in itself to make the story of the "star-crossed lovers" a production to remember; and

WHEREAS, This marks another brilliant achievement for the director, Renato Castellani, whose genius enables him to mould polished portrayals from untrained performers such as Susan Shentall, playing the part of the lovely Juliet, and at the same time coax greatness from professional stars such as Laurence Harvey, playing the part of the fiery Romeo; and

WHEREAS, The United Artists Corporation has released this epochal achievement in film-making in this Country and the Members of the Legislature were graciously afforded the privilege of seeing this moving drama at the Alhambra Theatre on January 6th; and

WHEREAS, The Members of the Legislature have the highest praise for the performance and direction of this deathless love story; now, therefore, be it

Resolved by the Assembly of the State of California, That this body commends Arthur B. Krim, President, Max Youngstien and William Heineman, Vice Presidents, of the United Artists Corporation on the production and release of "Romeo and Juliet" and extends its thanks for the special showing for the Members of the Legislature; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to Arthur B. Krim, Max Youngstien, and William Heineman of the United Artists Corporation.

WHEREAS, This fine organization of dedicated young men of the business world are a potent and articulate force in the business and governmental affairs of our Nation; and

WHEREAS, The worthy program of these young future leaders of our Country places particular emphasis on youth development and leadership training, a program which is so intensely vital to the survival of this great Country of ours in the counteraction of the insidious effects of the Soviet attacks on the American way of life; and

WHEREAS, This counseling of our youth is made possible by the democratically organized state chambers and local chapters of the United States Junior Chamber of Commerce whereby the national body has grown dynamically over the years to the point that now there are over 2,750 local chapters and 200,000 individual members. In addition, the junior chamber of commerce movement is now world-wide, existing in 58 countries and including another 100,000 young men practicing the same democratic principles as we pursue in America; and

WHEREAS, In our great and beloved State of California, the junior chamber movement was officially inaugurated in the formation of four local chapters 28 years ago, on January 15, 1927. From the original four chapters, the California Jaycees have constantly expanded until there are now 161 local chapters with a total membership in excess of 10,000. In addition to their emphasis on youth development and leadership training, these young men, devoted to the advancement of our American system of living, give unstintingly of their time in the promotion of civic improvement, safety programs and in public affairs in general; and

WHEREAS, The exemplary work of the California Jaycees is so typical of the extraordinary efforts of our young leaders throughout the Country as a whole to help our Country maintain its position of world leadership in these critical times, it is only fitting that this Legislature give due recognition to and commendation of the national body of this organization upon the occasion of its thirty-fifth anniversary; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the United States Junior Chamber of Commerce be commended on the fine work it is doing to preserve and protect our American way of life and

free enterprise system in these critical times and earnestly enjoined to carry on their very praiseworthy endeavors in years to come; and be it further

Resolved, That the Chief Clerk of the Assembly be instructed to prepare and transmit a suitably engrossed copy of this resolution to the President of the United States Junior Chamber of Commerce, and to the President of the California State Junior Chamber of Commerce.

CHAPTER 47

Assembly Concurrent Resolution No. 41—Relative to commending the American Legion for organizing American Legion junior baseball and requesting the Governor to set aside a day to be known as "American Legion Junior Baseball Day."

[Filed with Secretary of State, January 20, 1955]

WHEREAS, The year 1955 is the 116th anniversary of baseball and the twenty-ninth anniversary of American Legion baseball; and

WHEREAS, One of the greatest programs in the field of "positive Americanism" is our American Legion junior baseball. This is an activity which inculcates better citizenship, teaches cleaner sportsmanship, develops courage, self-reliance, fair play, team spirit and builds the physical strength of our youth upon whom the crushing burden of responsibility for future government of our Country rests; and

WHEREAS, The magnitude and importance of this very worthy endeavor is demonstrated by the fact that it annually embraces more than 350 teams made up of more than 6,000 boys in the State of California alone and has produced several hundred players who have achieved baseball's highest honors by playing in the major leagues including such stars as Bob Feller, Hank Bauer, Yogi Berra, Andy Carey, Gerry Coleman, Dom DiMaggio, Ted Williams and Ferris Fain; and

WHEREAS, This fine endeavor so perfectly adapted to the mental and physical development of our youth was fostered by the American Legion which so many years ago recognized fully the great value of the typically American sport of baseball in the character building of our young people; and

WHEREAS, The time and effort expended in the organization, development and maintenance of such a nation-wide activity deserves the approbation and commendation of this body assembled; and

WHEREAS, The benefits of the preparation for life afforded these young people who will move on to positions of responsibility and leadership in their respective communities will be received by the people of the State of California, as well as the people of other states in these United States, it is only fitting that this Legislature, on behalf of the people of our

great State, pay tribute to the American Legion and give official recognition to the great value of American Legion junior baseball by requesting the Governor to set aside and declare a day in 1955 to be known as "American Legion Junior Baseball Day"; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Governor is respectfully urged to commemorate this very worthy program of positive Americanism by setting aside and declaring August 6, 1955, to be known as "American Legion Junior Baseball Day"; and be it further

Resolved, That the Chief Clerk of the Assembly transmit a copy of this resolution to the Honorable Goodwin J. Knight, Governor of the State of California, to the National Commander of the American Legion, and to the State Commander of the American Legion.

[Filed with Secretary of State, January 20, 1955]

WHEREAS, The Senate Special Committee on Governmental Administration, created by Senate Resolution No. 157, 1953 Regular Session, has carefully studied the problems incident to the visitation by groups of school children to the State Capitol and has published a comprehensive report on the subject; and

WHEREAS, School visitations have reached a point where the numbers arriving at the Capitol are beyond that which can reasonably be handled without confusion, and they have become so great as to impair the educational value of such visits.

Proper educational preparation coupled with proper program arrangements for such visits can result in a beneficial educational experience for classes visiting the Legislature.

The Legislature must provide certain services for such visits if the educational potentials are to be achieved. Among these are instructional materials for the teacher, arrangements for scheduling trips, trained personnel to conduct the classes visiting the Capitol, and a planned schedule program during the visit; and

WHEREAS, There should be established a Joint Legislative Committee for School Visitations.

The Joint Legislative Committee for School Visitations should provide a booking office, guide service and a program for school visits.

The services provided by the committee should be made available to all school children studying government; now, therefore, be it

4. The committee is authorized to act during this session of the Legislature, including any recess, and after final adjournment until the commencement of the 1957 Regular Session, with authority to file its report, if any, not later than the final legislative day of that session.

(a) To select a chairman and a vice chairman from its membership.

(d) To employ such technical and clerical assistants as may be necessary to enable the committee to properly execute its functions.

6. The sum of five thousand dollars ($5,000) or so much thereof as may be necessary is hereby made available from the Contingent Funds of the Senate and the Assembly for the expenses of the committee and its members and for any charges, expenses or claims it may incur under this resolution, to be paid from the said contingent funds equally and disbursed, after certification by the chairman of the committee, upon warrants drawn by the State Controller upon the State Treasurer.

3. The provisions of the Joint Rules of the Senate and Assembly as soon as such rules are adopted at this session or amended from time to time, become applicable to each committee and its members.

Until the adoption of Joint Rules at this session, the Joint Rules of the last preceding general session are incorporated herein and made applicable to each such committee and the members thereof.

4. The unexpended balance of the money heretofore made available to each such committee continued by this resolution shall continue to be available for the expenses of the committee to which it was heretofore available and the members thereof and for any charges, expenses, or claims each such committee may incur under this resolution, to be disbursed in the manner heretofore provided.

CHAPTER 50

Senate Concurrent Resolution No. 28—Relative to the visit of General Douglas MacArthur to California.

[Filed with Secretary of State, January 20, 1955.]

WHEREAS, The State of California is to be honored this month with a visit by one of the most distinguished military leaders in the history of our Country: General of the Army, Douglas MacArthur; and

WHEREAS, Our safety and prosperity on the western shores of the American continent have been made secure by the able leadership and brilliant strategy of General MacArthur, which achieved complete and lasting victory over our enemies in the Pacific; and

WHEREAS, Within five years after landing on the shores of the Empire of Japan to set up a military government of occupation, General MacArthur had so won the friendship of the people of Japan that he was able to strip the occupation forces of men to successfully oppose a new enemy in Korea without a single unfriendly incident in Japan; and

WHEREAS, General MacArthur is a devoted advocate of peaceful settlement of international disputes by fair agreements that are mutually satisfactory to the people of the countries concerned; and

WHEREAS, General MacArthur has devoted his energies to peaceful pursuits in industry and business since laying aside the heavy responsibilities of the military leadership in which he had so deservedly earned the grateful appreciation of all the people of our great Nation; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature of the State of California does hereby extend to General Douglas MacArthur a warm and heartfelt welcome on the occasion of his visit to our State, and offers its best wishes for many happy years of enjoyment of the peace that he did so much to make secure for our people; and be it further

Resolved, That the Secretary of the Senate be hereby directed to prepare and transmit a suitably engrossed copy of this resolution to General and Mrs. MacArthur.

CHAPTER 51

Assembly Joint Resolution No. 10—Relative to the extension of veterans benefits.

[Filed with Secretary of State, January 21, 1955]

WHEREAS, The very foundation of the governmental system of this Nation is the principle that all persons similarly situated are entitled to and shall be given equal treatment within the law; and

WHEREAS, This Nation has ever held as inviolate its obligations both formal and implied to those persons serving in its armed forces; and

WHEREAS, The citizen soldier who is drafted today is being deprived of equal benefits by way of veterans aid to education as have been received by those persons drafted but a short time before even though he is asked to make much the same, if not identical, sacrifices as were made by those veterans; and

WHEREAS, Many persons today in the armed forces volunteered with the implied and, in many instances, stated promise that they would receive educational benefits commensurate with their length of service; and

WHEREAS, It would be dishonorable and unjust to fail to keep faith with those serving our Nation in the armed forces during this hour of need; and

WHEREAS, Many draft boards have urged young high school graduates and others to volunteer for induction as soon as possible so that the time spent in the service would not break into a school year and emphasizing that the few months of education thus sacrificed would be more than amply repaid by the veterans educational benefits; and

WHEREAS, The failure to provide educational benefits for the present-day citizen soldier is not only a failure to fulfill agreement with its citizens serving in the armed services but also is a failure to keep faith with those citizens serving on our draft boards who have contributed immeasurably to the success of the selective service system; and

WHEREAS, Such action is a blot upon the sacred honor and integrity of this Nation which if allowed to remain will jeopardize the future of the selective service system at a time when the perils facing this Nation are as grave as any it has ever been called upon to face; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President of the United States and the Congress of the United States to restore the educational benefits for present and future service in the armed forces of the United States; and be it further

Resolved, That the Chief Clerk of the Assembly is directed to transmit copies of this resolution to the President and Vice President of the United States, the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

CHAPTER 52

Assembly Concurrent Resolution No. 37—Relative to commending James Alan Guthrie for his outstanding accomplishments.

[Filed with Secretary of State, January 21, 1955.]

WHEREAS, The list of names of the men who have made California great would be incomplete if the name of James Alan Guthrie of San Bernardino County were not included therein; and

WHEREAS, James Alan Guthrie is now observing his fiftieth anniversary as a member of the staff and now editor and president of the San Bernardino Sun-Telegram, having begun his career with that newspaper as its high school correspondent in the year 1905 while he was a student at San Bernardino High School; and

WHEREAS, James Alan Guthrie on January 3, 1913, married Grace Kelley, which marriage was blessed by the arrival of a son, James K. Guthrie, and a daughter, Mrs. Kathleen

Lonergan, both of whom are associated with him in the conduct of the Sun-Telegram; and

WHEREAS, James Alan Guthrie has been a leader in the development of San Bernardino County, being a director of the Acme Colorprint Company, Pioneer Title Insurance & Trust Company; advisory board of Bank of America; chairman of the public information committee of the San Bernardino County and City Defense Councils; has been a leader of many civic campaigns; former director of the National Orange Show; member of the California Highway Commission; recipient of several awards for community service; Laymen's Citation Award, University of Redlands; member of the advisory board of the Automobile Club of Southern California; former member of the board of directors and in 1946 president of the San Bernardino Chamber of Commerce; member of the American Society of Newspaper Editors; Sigma Delta Chi, national professional journalistic fraternity; member of the Native Sons of the Golden West and of the Presbyterian Church; and

WHEREAS, James Alan Guthrie has served as a friend and adviser to numerous young people embarking on business or professional careers and has been one to whom citizens in great numbers have resorted for sage counsel or advice; and

WHEREAS, In addition to all the foregoing, James Alan Guthrie is known far and wide as a man of generosity, conviviality and good will; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature of the State of California commends James Alan Guthrie for his outstanding accomplishments and congratulates him upon the success of his undertakings; and be it further

Resolved, That the Chief Clerk of the Assembly be and he is hereby directed to transmit suitably prepared copies of this resolution to James Alan Guthrie and to the above-mentioned members of his family.

CHAPTER 53

Assembly Concurrent Resolution No. 46—Relative to congratulating the City of Modesto on being named an "All American City."

[Filed with Secretary of State, January 21, 1955]

WHEREAS, California's City of Modesto has been signally honored by being chosen by the National Municipal League and Look magazine as an "All American City"; and

WHEREAS, This award is given each year to honor communities improved by the activities of their citizens; and

WHEREAS, One of only 10 cities so honored for the year 1954, Modesto won the award for solving, by annexations

which greatly increased the city's population, a postwar problem of booming suburbs; and

WHEREAS, Other factors contributing to Modesto's victory were the city's class 2 fire rating, the best for a community of its size in the county; citizen support of a bond issue to construct needed new schools and solve the sewage disposal problem; and completion of the L. J. Maddux Youth Center by donated labor and materials; and

WHEREAS, Particular recognition should be given to the Forward Modesto Committee, the most recent citizens group, and to the A Greater Modesto Committee of 21 and its successor the Citizens Committee of 1000 for their efforts in behalf of Modesto; and

WHEREAS, The people of the City of Modesto can be justly proud of the honor which has been bestowed upon their great city for they have, by their accomplishments, well earned it. Other California cities would do well to emulate the stirring example which the City of Modesto has set; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Legislature of the State of California does hereby extend to the City of Modesto its heartiest congratulations on being named an "All American City"; and be it further

Resolved, That the Chief Clerk of the Assembly be hereby directed to transmit copies of this resolution to Mayor Harry Marks and the City Council of the City of Modesto and to the Forward Modesto Committee.

CHAPTER 54

Senate Concurrent Resolution No. 36—Relative to the memory of Ida R. Koverman.

[Filed with Secretary of State, January 21, 1955]

WHEREAS, The sudden passing on November 24, 1954, of Ida R. Koverman, known affectionately as "Ida" to her great host of friends constituted a serious loss to the people of the State of California in general and in particular to all persons connection with or interested in the motion picture industry, and

WHEREAS, In addition to her distinguished career in connection with her major interest—the entertainment world—Ida R. Koverman was keenly interested in public affairs, was a consultant and advisor to Governors of the State of California and to two Presidents of the United States, was noted for her familiarity with the functions of government and her constructive efforts in this field, and

WHEREAS, Ida R. Koverman was for many years secretary to L. B. Mayer of Metro-Goldwyn-Mayer Pictures Corporation, an active participant in numerous social, industrial, civic and

philanthropic organizations of state-wide and national importance, and one who was recognized generally as a person of unusual taste and discrimination in all matters pertaining to the stage; and

WHEREAS, Ida Koverman was the individual to whom members of the Legislature referred for information and suggestions in relation to legislation affecting not only the stage and screen but numerous other fields of endeavor with which she was intimately conversant; and

WHEREAS, The Legislature has particular reason to be grateful to Ida Koverman for her kindness in arranging for the entertainment of Members of the Legislature by the most prominent and successful entertainers thus, on many occasions, relieving the tension and strife of legislative life; and

WHEREAS, Ida Koverman, by her understanding, her high order of intelligence and unusual aptitude in character analysis together with her wisdom and kindly disposition caused her to be regarded as a mother to numerous active participants in the world of stage and screen to the extent that George Murphy of Metro-Goldwyn-Mayer in delivering a most eloquent eulogy to her memory, felt disposed to say:

"Ida ruled her big family with all a mother's pride, indulgent but stern; disciplining but always forgiving and, loving as she was, Ida's motherly creed did not believe in spoiling the child by sparing the rod. We knew when she sent for us that a time of honest reckoning had come. Maybe we had been putting on airs—acting too much off-screen—reading and believing our own notices, losing our common touch with our fellow man. It was then that Ida, from her great experience and knowledge, would pick us out of the rarefied atmosphere and place us back with our feet planted firmly on the ground, helping and watching and guiding us with a great understanding springing from the unselfish love of her people"; and

WHEREAS, The Members of the California Legislature feel that her demise should be marked by more than passing interest in that her career and her fine human characteristics should be called to the attention of the young people in the State in order that they might be inspired to emulate her fine example; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature deplores the passing of this fine, warm-hearted example of womanhood and desires by this resolution to pay tribute to her memory, and be it further

Resolved, That when the Legislature shall adjourn on this, the twentieth day of January, 1955, it shall do so in honor of the memory of the late Ida R Koverman, and be it further

Resolved, That the Secretary of the Senate be, and he is hereby directed to have suitably prepared copies of this resolution forwarded to the Metro-Goldwyn-Mayer Pictures Corporation, and to bereaved survivors of the late Ida R. Koverman.

CHAPTER 55

Senate Concurrent Resolution No. 11—Relative to cooperation between the legislative and executive branches of State Government on pending legislation.

[Filed with Secretary of State, January 21, 1955]

WHEREAS, The legitimate interests of state agencies in measures pending before the Legislature can best be served if the views of such agencies are presented with due regard to the legislative process; and

WHEREAS, The policy established by the adoption of Senate Concurrent Resolution No. 66 of the 1953 Regular Session, to the effect that the views of state agencies concerning pending measures should be discussed with the authors of such measures prior to the time such measures are heard by legislative committees, has proven beneficial to the executive, as well as the legislative, branch of government and should be readopted and strengthened at this session; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the representatives of all state departments and agencies be, and they hereby are, requested that before they oppose a bill in committee they discuss the reasons for their opposition with the author of the bill before the time set for hearing; and be it further

Resolved, That the head of each state department or agency is hereby requested to furnish each of his representatives written authorization to act as such, said authorization to specify the scope of the authority, and to instruct such representative to file such written authorization with the chairman of the committees before whom an appearance is to be made; and be it further

Resolved, That the Secretary of the Senate be, and he is hereby, directed to prepare and deliver copies of this resolution to the heads of each state department and agency.

CHAPTER 56

Assembly Joint Resolution No. 7—Relative to the Caryl Chessman case and writs of habeas corpus.

[Filed with Secretary of State, January 22, 1955.]

WHEREAS, On or about January 11, 1955, the Chief Judge of the United States Circuit Court of Appeals for the Ninth Circuit stayed execution of a judgment imposing the death penalty on Caryl Chessman, convicted sex terrorist and kidnapper; and

WHEREAS, This infamous criminal has been convicted of 17 felonies as a result of jury verdicts and the criminal record

upon which the conviction of this depraved person is based is so shocking that it is hereby briefly summarized:

January 3, 1948: (1) first degree robbery.

January 13, 1948: (2) grand theft of an automobile which was used in perpetrating subsequent crimes and in which Chessman was fleeing when he was apprehended.

January 18, 1948: (3) first degree robbery.

January 18, 1948: (4) first degree robbery.

January 19, 1948: (5) first degree robbery. (6) First degree robbery. (7) Kidnapping of a female person for the purpose of robbery with infliction of bodily harm; punishment fixed at death. (8) Violation of California Penal Code Section 288a, relating to a crime of sex perversion, committed against a female person ((7) above).

January 20, 1948: (9) first degree robbery.

January 22, 1948: (10) attempted robbery. (11) Kidnapping a female person for the purpose of robbery with infliction of bodily harm; punishment fixed at death. (12) Attempted rape of a female person ((11) above). (13) Violation of California Penal Code Section 288a, relating to a crime of sex perversion, committed against a female person ((11) above).

January 23, 1948: (14) first degree robbery. (15) First degree robbery. (16) Kidnapping a male person for the purpose of robbery, with infliction of bodily harm; punishment fixed at life imprisonment without possibility of parole. (17) Kidnapping a male person for the purpose of robbery.

Each of the above paragraphs represents a separate general criminal enterprise, in each of which one or more offenses were committed. The jury further found that Chessman was armed at the time of the commission of each of the crimes except that of grand theft, numbered (2) above; that he was armed at the time of arrest; and that he had been twice convicted previously; once for robbery, and once for assault with a deadly weapon; and

WHEREAS, One of the female victims of this brutal and fiendish sex pervert suffered a mental breakdown which permanently deprived her of soundness of mind, requiring her confinement in an asylum where she remains to this day; and

WHEREAS, The Supreme Court of the State of California affirmed the decision of the trial court, upholding the judgment of conviction of the 17 felonies; and

WHEREAS, Our Anglo-American legal history apprises us of our righteous sensitivity to the fact that, in the course of ordinary legal procedures, men may occasionally be convicted of a crime through no fault of their own. Nevertheless, cases of the Chessman type forcibly remind us of the inadequacy of the post-conviction procedures which have been erected to guard against the contingencies of improper conviction when such procedures have the effect not of releasing the convict but of clogging the courts with the fraudulent and unfounded claims of the guilty; and

WHEREAS, The Supreme Court of the United States has come to realize the gravity of this situation by remarking in the case of Wade v. Mayo, 334 U. S. 672 (1948), note 51, 681-682:

"Statistics compiled by the Administrative Office of the United States Courts show that during the fiscal years of 1943, 1944 and 1945 there was an average of 451 habeas corpus petitions filed each year in federal district courts by prisoners serving state court sentence; of these petitions, an average of but 6 per year resulted in a reversal of the conviction and a release of the prisoner. The releases thus constituted only 1.3% of the total petitions filed."; and

WHEREAS, The Supreme Court of the United States as recently as the year 1952 has again recognized this situation in a note to its decision in United States v. Hayman, 342 U. S. 205, at pages 212-213 that:

"In several districts, up to 40 percent of all applications for habeas corpus filed during the years 1943, 1944 and 1945 were so-called repeater petitions."; and

WHEREAS, Chessman has compiled an astonishing record in his relentless and seemingly unending pursuit of post-conviction remedies. Chessman has been turned down by the California Supreme Court on his appeal from the trial court and has been refused three applications for a writ of habeas corpus in the same court; he has been rejected by the United States Supreme Court in five applications for a writ of certiorari, or review; he has been denied five times by the United States District Court on applications for a writ of habeas corpus; he has been turned down previously by the United States Court of Appeals for the Ninth Circuit on an appeal from the district court; and

WHEREAS, Chessman has been refused executive clemency upon several occasions both by Governor Goodwin Knight and by former Governor Earl Warren, now Chief Justice of the United States Supreme Court; and

WHEREAS, The prostitution of our legal procedures by this depraved sex terrorist brings sharply into focus this aberration in the law of post-conviction procedures; and

WHEREAS, The National Conference of Commissioners on Uniform State Laws has prepared and urges the adoption of a uniform post-conviction procedure act designed to remedy the defects in state court procedures; and

WHEREAS, The federal law with respect to the writ of habeas corpus should be made the subject of a Congressional study for the purpose of devising more adequate safeguards for society as well as the wronged individual by amendment of the appropriate federal laws now permitting a convicted person serving a term in a state prison to repeatedly clog the calendars of the federal courts with petitions for writs of habeas corpus; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California

respectfully memorializes the Congress of the United States to undertake an investigation and study of the federal laws relating to the repeated use of the writ of habeas corpus by convicted persons serving terms in state prisons with a view to providing a limited right in the federal courts to entertain such writs consonant with the due process of law requirements of our Federal Constitution; and be it further

Resolved, That the Chief Clerk of the Assembly be hereby directed to transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

CHAPTER 57

Assembly Joint Resolution No. 11—Relative to the Sacramento River Ship Channel.

[Filed with Secretary of State, January 22, 1955.]

WHEREAS, The Sacramento River Ship Channel project was authorized by Congress in 1946 in Public Law 525, Seventy-ninth Congress, Second Session, and construction started in 1949 with the completion date scheduled for July, 1953; and

CHAPTER 63

Senate Joint Resolution No. 2—Relative to repair of Morro Bay Breakwater.

[Filed with Secretary of State, January 22, 1955.]

WHEREAS, The Morro Bay Breakwater which forms the harbor at Morro Bay, County of San Luis Obispo, has been in serious need of repairs for a period of two years; a breach in the breakwater which confines the present channel will allow the channel to become hopelessly choked and useless if allowed to become more extensive; and

WHEREAS, Unless the breakwater is maintained in a proper condition, the harbor will soon become inadequate as a haven for widespread commercial fishing activities, various types of ships and small craft, and United States Coast Guard Stations; and

WHEREAS, Extensive and serious property damage has occurred because of the inability of the breakwater in its present condition to protect the harbor of Morro Bay, and recent storms have considerably weakened the breakwater itself so that property damage is mounting in severity each day; and as the severity of the damage mounts the eventual cost of repair continues to increase in direct ratio, thus requiring the expenditure of a great deal more money for belated repairs than would be required if the already serious damage were corrected; and

WHEREAS, The serious condition of the channel has already reached a state of clogging which will soon require the removal of the United States Coast Guard Station to another base much less suitable to its operations; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California earnestly requests the United States Army Corps of Engineers

to take immediate steps to make such repairs to the breakwater at Morro Bay as may be necessary to adequately protect the harbor of Morro Bay and to protect federal, county, and private property at Morro Bay; and be it further

WHEREAS, Unnecessary confusion and hardship is presently brought about by the variance between the fishing regulations governing the Yosemite National Park area and the surrounding territory; and

WHEREAS, The territory of the counties surrounding the Yosemite National Park is all governed by the same opening and closing dates for fishing; now, therefore, be it

Resolved by the Senate and the Assembly of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States and the Secretary of Interior to take appropriate action to permit, with proper provision to prevent damage to the scenic desert growth, prospecting and mining within the Joshua Tree National Monument, and be it further

CHAPTER 67

Senate Concurrent Resolution No. 29—Relative to the passing of Colonel Nelson M. Holderman.

[Filed with Secretary of State, January 22, 1955.]

WHEREAS, It was with deep sorrow that the Members of this Legislature learned of the passing of Colonel Nelson M. Holderman, C. M. H., Commandant of the State Veterans' Home of California, on September 3, 1953; and

WHEREAS, A distinguished soldier, Colonel Holderman served in command of the right flank of the valiant "Lost Battalion"; and

WHEREAS, Colonel Holderman was awarded the Congressional Medal of Honor for distinguished gallantry and intrepidity above and beyond the call of duty in action with the enemy, northeast of Binarville, in the Forest d'Argonne, France, October 2-8, 1918; and

WHEREAS, Upon receiving the Congressional Medal of Honor, Colonel Holderman also received the following citation:

"While in command of Company K, 307th Infantry, which company held the right flank of the force consisting of six companies of the 308th Infantry, two platoons of the 306th Machine Gun Battalion and Company K, 307th Infantry, and which force was cut off and surrounded by the enemy for five days and nights in the Forest d'Argonne, France, from October 2 to October 7, 1918, Captain Nelson M. Holderman though wounded early in the siege and suffering great pain

continued throughout the entire period leading and encouraging the officers and men under his command, with unflinching courage and with distinguished success. He was wounded on the fourth of October but remained in action during all attacks made by the enemy upon the position, personally leading his men, himself remaining exposed to fire of every character. He was again wounded on the fifth of October, but continued personally organizing and directing the defense of the right flank against enemy attacks. During the entire period he personally supervised the care of the wounded, exposing himself to shell and machine gun fire that he might help and encourage his men to hold the position. On October 6th, though in a wounded condition, he rushed through shell and machine gun fire and carried two wounded men to a place of safety. This officer, though wounded, continued to direct the defense of the right flank and on the seventh of October was again wounded but continued in action. On the afternoon of October 7th this officer and one man, with pistols and hand grenades alone and singlehanded, met and dispersed a body of enemy, killing and wounding most of the party, when they attempted to close in on the right flank while their forces were at the same time making a frontal attack, thus saving two machine guns from capture as well as preventing the envelopment of the right flank. Again on the evening of the seventh of October and during the last attack made by the enemy upon the position, a liquid fire attack was directed on the right flank; though in a wounded and serious condition Captain Holderman remained on his feet, keeping the firing line organized and preventing the envelopment of the right flank. He refused to let this interfere with his duty until relief was effected. The successful defense of the position was largely due to his courage. He personally led his men out of the position after assistance arrived and before permitting himself to be attended. The courageous optimism and inspiring bravery of this officer encouraged his men to a successful resistance in spite of five days' fighting, hunger and exposure.''; and

WHEREAS, In addition to the Congressional Medal of Honor, Colonel Holderman was awarded the Silver Star Medal, the Purple Heart Medal with two oak leaf clusters, the French Legion of Honor, the French Croix de Guerre, Belgium Order of Leopold, Belgium Order of the Crown, Italian Croix de Guerre and Montenegran Medal; and

WHEREAS, A devoted public servant as well as a courageous soldier, Colonel Holderman dedicated the best years of his life to the development of the Veterans' Home of California. He served as commandant of the home continuously from March 19, 1926, until his death and also served in that position for a short period after World War I; and

WHEREAS, As commandant of the home, he instigated his renowned building program which through the years has seen the replacement of antiquated wooden frame fire hazards with

modern fireproof structures. The policy he formulated has resulted in the present high standards of veterans' homes; and

WHEREAS, In recognition of his great contributions to the home, at the suggestion of the Legislature the California Department of Veterans Affairs has designated the hospital building at the Veterans' Home of California as the "Nelson M. Holderman Memorial Hospital"; and

WHEREAS, Colonel Holderman's greatness did not lie in his personal attainments, but rather in his approach to human welfare. Of a markedly magnanimous character, he was outstanding in his kindness, with a helping hand for all. Summed up simply he was a great humanitarian; and

WHEREAS, In losing Colonel Holderman, our State has lost a great citizen, a great patriot, a distinguished soldier and a devoted public servant; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Members of this Legislature hereby express their grief at the passing of Colonel Nelson M. Holderman, and extend to his family and friends their most sincere sympathies; and be it further

Resolved, That the Secretary of the Senate is hereby directed to transmit suitably prepared copies of this resolution to Mrs. Marguerite A. Holderman, widow of Colonel Nelson M. Holderman, to Charles N. Holderman and Commander Armind T. Holderman, United States Navy, his sons, and to Dorothy A. Holderman and Myra Leona Whitney, his daughters.

Assembly Concurrent Resolution No. 54—Relative to commemorating the three hundredth anniversary of Jewish settlement in the United States of America.

[Filed with Secretary of State, March 4, 1955.]

WHEREAS, The three hundredth anniversary of the Jewish settlement in the United States of America is being observed throughout the Country and, as part of this observance, the Jewish Community Council of Sacramento and Superior California is displaying a series of exhibits in the Rotunda of the State Capitol; and

WHEREAS, This tercentenary recalls the year 1654 when a ship bearing 23 men, women and children landed in New Amsterdam (now New York City), thus marking the first Jewish settlement in this Country; and

WHEREAS, Even before 1654, the history of the Jewish people is deeply rooted in the westward expansion of civilization and the early voyages of Columbus to which they contributed both directly and indirectly. Their scholars and scientists helped in the improvement of the compass and application of astronomy to navigation. They served as mariners, pilots and interpreters; and Spanish Jewry contributed substantially to the financing of Columbus on his voyage to the New World; and

WHEREAS, Concurrent with the first real settlement of Jewish people in New Amsterdam was founded also their oldest religious congregation on these shores, Shearith Israel (Remnant of Israel) Many other settlements followed: in Newport, Rhode Island; Philadelphia, Pennsylvania; Savannah, Georgia; and elsewhere. Later, they were to be widely dispersed and follow the American pattern; and

WHEREAS, The Jewish people became active in the civic, commercial, and social life of the colonies. To the growth of the Country they provided both workers and employers, patriots and public officers, enlisted men and financiers. The self-sacrificing Haym Salomon was one of many from their group who helped to finance the Continental Congress and Washington in the war for freedom; and

WHEREAS, From the middle of the nineteenth century to its close, the Jewish people, fleeing from religious persecution, came to America in large numbers and entered into the "privileges and responsibilities of citizenship." By the 1930's they were represented in every trade, occupation, and profession, including agriculture, both as workers and employers. Numerous documents bear testimony to the historical contributions by the Jewish people of America who, working side by side with their fellow citizens of other faiths and from many lands, have given to this Nation its conscience, its productivity, and its greatness; and

WHEREAS, In a rich tradition to be followed by our Presidents and great leaders, fitting tributes have been paid to our American citizens of Jewish faith in relationship to our dynamic Democracy. Such were the words of George Washington to the Hebrew Congregation in Newport, Rhode Island in 1790 when he wrote:

"The citizens of the United States of America have a right to applaud themselves for having given to mankind examples of an enlarged and liberal policy, a policy worthy of imitation. All possess alike liberty of conscience and immunities of citizenship. For happily the Government of the United States, which gives to bigotry no sanction, to persecution no assistance requires only that they who live under its protection should demean themselves as good citizens, in giving it on all occasions their effectual support.

"May the Father of all mercies scatter light and not darkness in our paths, and make us all in our several vocations useful here, and in his own due time and way everlastingly happy"; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That we commend the Jewish Community Council of Sacramento and Superior California for the timely and well displayed exhibits and the work being done by similar groups throughout the State, and we join with peoples of all faiths in celebrating the American Jewish Tercentenary, marking the three hundredth anniversary of Jewish settlement in the United States of America.

Gordon following in the footsteps of his forbearers, devoted himself to farming, including horticulture, viticulture and stock raising, taking an active part in the formation of the Cattlemen's Association of which he was at one time a director, and being identified with the Farm Bureau and the Wool Grower's Association for many years; and

Should there be any material delay he shall subsequently communicate this fact to the requester. In the event the committee refuses such authorization, he shall inform such requester forthwith.

CHAPTER 82

Assembly Concurrent Resolution No. 53—Relative to congratulating Walter Kane, manager and publisher of the Bakersfield "Californian."

[Filed with Secretary of State, March 11, 1955.]

WHEREAS, The California Newspaper Publishers Association recently held its annual meeting in San Francisco and elected Walter Kane, publisher and general manager of the Bakersfield "Californian," to take over the presidential duties of the association; and

WHEREAS, Walter Kane was born in Massachusetts in 1900, received his education in the schools of that state, enlisted in the air corps at the age of 18 and served his Country in World War I; and

WHEREAS, The State of California and particularly the San Joaquin Valley gained a true champion when Mr. Kane came to California in 1922 and took a position with the Bakersfield "Californian"; and

WHEREAS, The "Californian" has grown rapidly into a journalistic titan under the tutelage of Walter Kane and has played a vital role in pacing the development of the San Joaquin Valley so that today it stands as the most richly abundant agricultural area in the world; and

WHEREAS, In championing the cause of his adopted State, Walter Kane has molded the "Californian" with the skillful hand of an expert technician so that its technical excellence has received recognition before such qualified judges as the National Editorial Association, which, in 1946, granted the "Californian" national honors for general excellence and best typography. In the past 15 years the "Californian" has won 12 awards from the California Newspaper Publishers Association. They were second place honors for best typography (1941); best front page (1948) and second best front page (1955); best special issue (1954); third place honors for best spot news picture (1941); best feature pictures (1941); best typography (1948 and 1954); general excellence (1953) and second place honors for general excellence (1955); honorable mention for best spot news picture (1953); and best editorial page (1952); and

WHEREAS, Walter Kane's tremendous energy and unflagging interest in the attainment of technical excellence for the Bakersfield "Californian," and the part this newspaper so ably managed by him has played in the development of the San Joaquin Valley deserves suitable recognition by this body assembled; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That Walter Kane be congratulated upon his election as president of the California Newspaper Publishers Association and his tremendous record of achieve-

ment in bringing the Bakersfield "Californian" to its present position of pre-eminence in the field of newspaper publications; and be it further

Resolved, That the Chief Clerk of the Assembly be directed to transmit a suitably prepared copy of this resolution to Walter Kane.

CHAPTER 83

Assembly Concurrent Resolution No. 57—Relative to the observance of "Save Your Vision Week."

[Filed with Secretary of State, March 11, 1955.]

WHEREAS, The twenty-seventh annual "Save Your Vision Week" will be observed from March 6th to March 12th of this year; and

WHEREAS, During this time the California Optometric Association, which sponsors "Save Your Vision Week," furnishes vital information on visual training, eye care, and facts pertinent to improving vision; and

WHEREAS, It is essential that attention be drawn to the need and desirability for saving and preserving a person's eyesight, one of the most valuable and useful faculties of man; and

WHEREAS, The existence of proper vision is beneficial not only to the individual but also to the community in that it promotes increased interest in governmental, economic, and social activities; and

WHEREAS, In connection with the observance of this week the Honorable Goodwin J. Knight, Governor of the State of California, has so adequately stated:

"Sight is one of the most precious gifts with which any person can be endowed. Good vision enables us to work with greater efficiency at most tasks; to derive greater enjoyment from sports, hobbies and other forms of recreation; to effect substantial reductions in the number and severity of traffic accidents and, in fact, industrial and domestic accidents as well"; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That this Legislature does most heartily endorse the purposes of "Save Your Vision Week" and urges the people of the State of California to acquaint themselves more fully with the proper means available to them in order to safeguard their vision for a richer and better life.

CHAPTER 84

Assembly Joint Resolution No. 9—Relative to memorializing the Congress of the United States to take appropriate action to establish a separate federal judicial district for the Counties of San Diego and Imperial, with two resident federal judges.

[Filed with Secretary of State, March 14, 1955.]

WHEREAS, California's San Diego and Imperial Counties comprise one of the Nation's most rapidly growing areas. By 1958, it is reliably estimated that they will have a population in excess of 1,000,000; and

WHEREAS, Because of their location (both counties border on Mexico), because of a tremendous increase in commercial and manufacturing activity, and because of a great concentration of military establishments, there has been a vast increase in the volume of federally cognizable cases, particularly of criminal cases, arising in these counties; and

WHEREAS, These counties presently comprise the Southern Division of the Southern District of California, to which is assigned but a single federal judge; and

WHEREAS, The case load in this division has proven to be such that one judge cannot possibly cope with it. Since 1952, at practically all times, an additional federal judge, either a visiting judge, or a judge assigned on a rotating basis from Los Angeles, has sat in San Diego. Cases which normally should have been tried in San Diego have been transferred for trial to judges sitting in Los Angeles; and

WHEREAS, None of these solutions have proven either adequate or satisfactory. The cost of assigning an extra judge, necessitating as it does the payment of per diem and travel expenses of not only the judge, but also his clerks and bailiffs, is more than twice the cost which would be required for an additional resident judge. The assigned judge is not conversant with local problems. There tends to be uncertainty in policy as to the sentencing of criminals and the administration of both civil and criminal matters. If the case is one which has been transferred to Los Angeles for trial, counsel, litigants, and witnesses are put to unnecessary and unjust inconvenience and expense; and

WHEREAS, Construction of a new courtroom, which is to be undertaken this spring, will insure adequate facilities for a two-judge district court; and

WHEREAS, At the present time, all official court minutes, dockets of criminal and civil cases, as well as the alphabetical index of plaintiffs and defendants, both in criminal and civil matters, are kept in Los Angeles. Only in Los Angeles are indictments returned. All matters of policy and direction and much of the detailed work of the U. S. Attorney's office and the probation office are handled in Los Angeles; and

WHEREAS, Both in matters of administration and enforcement, the delay and cost occasioned by the constant need to refer on even the most minute matters to Los Angeles is not in the best interests of either the Federal Government or San Diego and Imperial County counsel, litigants, defendants and witnesses; and

WHEREAS, San Diego and Imperial Counties are located more than 100 miles south of Los Angeles. They have their own separate economy and problems. The advantages of local control of the courts, the probation, marshal and U. S. Attorney's office far outweigh any possible advantage of centralized control in Los Angeles; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the Congress of the United States to establish a separate federal judicial district for the California Counties of San Diego and Imperial, with two resident judges, in order to provide for a more economical and efficient administration of justice; and be it further

Resolved, That the Chief Clerk of the Assembly is hereby directed to transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

CHAPTER 85

lished, on the 2nd day of November, 1954, which day was not less than forty (40) days, nor more than sixty (60) days, after the completion of the publication and advertisement of the aforementioned proposed Charter Amendments in the Salinas Californian.

That the returns of said election were in accordance with the law in such cases made and provided, duly and regularly canvassed and certified to, and it was duly found, determined, and declared, by the proper officers thereunto duly and properly authorized, that each of the amendments to the Charter of the city of Salinas hereinafter set forth was ratified by a majority of the electors of said city voting thereon; that the Council of said city did by its Resolution No. 2758 (N.C.S.) duly declare the results of said election as determined by the canvass of the returns thereof.

Bonds may be callable upon such terms and conditions and upon such notice as the resolution of issue shall prescribe and upon payment of such premium (not exceeding six per cent (6%) of the par value of such bonds) as may be fixed in the resolution of issue. No bond shall be subject to call or redemption prior to its fixed maturity date, unless the right to exercise such call is expressly stated on the face of the bond.

(f) Source of Payment. All revenue bonds shall be payable exclusively from revenues.

(g) Reference on Bonds to Resolution of Issue. Reference on the face of a revenue bond to the resolution of issue by its date of adoption is sufficient to incorporate all of the provisions thereof and of this Article into the body of said revenue bond and its appurtenant coupons. Each taker and subsequent holder of a revenue bond or coupons, whether such coupons are attached to or detached from said revenue bond, shall have recourse to all of the provisions of the resolution of issue and of this Article and shall be bound thereby.

(h) Recital in Bonds. All revenue bonds shall contain a recital on their face that neither the payment of principal of nor of interest on such bonds constitutes a debt, liability or obligation of the City, except as provided in this Article.

(i) Place and Manner of Payment. The principal of and interest on bonds may be paid at any one or more places within or without the State of California and in any specified coin or currency of the United States of America, as may be provided in the resolution of issue.

(j) Execution and Authentication of Bonds; Validity of Signatures and Countersignatures. Bonds may be executed in the name and on behalf of the City and under its seal and authenticated by the manual, lithographed or printed facsimile signature of any officer or officers of the City and may also be authenticated by a trustee or fiscal agent appointed by the Council, and the seal of the City may be affixed to the bonds by printed, lithographed or other reproduction thereof, all as may be provided in the resolution of issue. If any of the officers whose signatures or countersignatures appear on the bonds cease to be officers before the delivery of the bonds or coupons to the purchasers thereof, their signatures or countersignatures shall nevertheless be valid and of the same force and effect as if such officers had remained in office until the delivery of the bonds and coupons.

(k) Issuance of Temporary Bonds Pending the actual issuance or delivery of definitive bonds, the Council may issue temporary or interim bonds, certificates or receipts of any denominations whatsoever, and with or without coupons, and with such provisions as the Council shall determine, to be exchanged for definitive bonds when ready for delivery. In the absence of an express recital on its face that a temporary bond or interim receipt is non-negotiable, such bond or interim receipt is a negotiable instrument.

(*l*) Replacement of Lost, Destroyed, Mutilated or Stolen Bonds. Lost, destroyed, mutilated or stolen bonds or coupons may be replaced as provided in the resolution of issue.

(m) Security. All revenue bonds shall be secured by an exclusive pledge and charge upon all or a portion of (a) the gross revenues of the project for the acquisition, construction and completion of which said bonds are issued or authorized to be issued, (b) revenues from on-street parking meters,

and (c) revenues of any existing off-street parking facilities, all as provided for in the resolution of issue. Gross revenues of a project include improvements and extensions of such project later constructed or acquired. The pledged portion of the gross revenues of the project and all pledged on-street parking meter revenues and pledged revenues of existing off-street parking facilities and all interest earned on all pledged revenues shall constitute a trust fund for the security and payment of the principal of and interest on the bonds and so long as any bonds or interest thereon are unpaid said revenues and interest shall not be used for any other purpose; provided, however, that a resolution of issue may provide that if the principal of and interest on the bonds and all charges to protect and secure them are paid when due, amounts for the maintenance and operation costs of the project and any and all other costs and expenses relative to the project or to the bonds and amounts for any other lawful purpose or purposes of the City may be apportioned from said revenues and interest, but only to the extent specified in the resolution of issue.

(n) Bonds of same Issue to be Equally Secured. Bonds of the same issue shall be equally secured by a pledge and charge upon revenues, without priority for number, date of bonds, of sale, of execution, or of delivery; except that if the Council authorizes the issuances of bonds of different series it may provide that the bonds of any series shall, to the extent and in the manner prescribed in the resolution of issue, be subordinated and be junior in standing with respect to the payment of principal and interest and the security thereof to such other bonds as may be specified in the resolution of issue.

(o) Refunding Bonds. The Council may provide for the issuance, sale or exchange of refunding bonds for the purpose of redeeming, retiring or refunding any revenue bonds issued under this Article, subject to any limitations contained in the resolution of issue pursuant to which such revenue bonds are issued. All provisions of this Article applicable to the issuance of revenue bonds shall be applicable to the refunding bonds and to the issuance, sale or exchange thereof. Refunding bonds may be issued in a principal amount sufficient to provide funds for the payment of all bonds to be refunded thereby, and, in addition, for the payment of all expenses incident to the calling, retiring or paying of such outstanding bonds and the issuance of such refunding bonds. Such expenses may include the difference in amount between the par value of the refunding bonds and any amount less than par for which the refunding bonds are sold, any amount necessary to be made available for the payment of interest upon such refunding bonds from the date of sale thereof to the date of payment of the bonds to be refunded, or to the date upon which the bonds to be refunded will be paid pursuant to call thereof or agreement with the holders thereof, and also the premium, if any, necessary to be paid in order to call and retire the

outstanding bonds and the interest accruing thereon to the date of call or retirement.

(p) Validity of Bonds not Affected by Actions of City Relative to Project. The validity of the authorization and issuance of any revenue bonds by the Council shall not be dependent on or affected in any way by:

(i) Proceedings taken by the City for the acquisition, construction, or completion of any project or any part thereof;

(ii) Any contracts made in connection with the acquisition, construction or completion of any project; or

(iii) The failure to complete any project for which bonds are authorized to be issued

Sale of bonds

Sec. 24-8. Sale of Bonds. Before selling any bonds the Council shall give notice inviting sealed bids in such manner as the Council may prescribe. If satisfactory bids are received, the bonds offered for sale shall be awarded to the highest responsible bidder. If no bids are received or if the Council determines that the bids received are not satisfactory the Council may reject all bids received, if any, and either readvertise or sell the bonds at private sale. The Council may sell bonds at a price below the par or face value thereof, provided that the maximum net interest cost (computed on a 360-day year basis) on bonds sold below par or face value shall not exceed an average of six per cent (6%) per annum, payable semi-annually, to the respective maturity dates of said bonds.

Expenses and proceeds of bond sale

Sec. 24-9. Payment of Incidental Expenses and Interest and Creation of Funds from Proceeds of Sale of Bonds. All costs and expenses incidental to the issuance and sale of bonds, including (without limiting the generality of the foregoing) the cost of preparation of the bonds and coupons, the cost of all surveys, of preparation of plans and specifications, of all architectural, engineering, inspection, legal, financial and economic consultant's, trustee's and fiscal agent's fees, the creation of a bond reserve fund, the creation of a working capital fund, and bond interest estimated to accrue during the period of acquisition or construction of a project and for a period of not to exceed six (6) months thereafter, all as provided for in the resolution of issue, may be paid out of the proceeds of sale of the bonds.

Sec. 24-10. Provisions Relating to Resolutions of Issue. The following provisions shall govern and apply to each resolution of issue adopted by the Council:

(a) Construction Fund; Investment. A resolution of issue may provide that the proceeds of sale of all revenue bonds authorized thereby shall either be deposited in a fund separate and apart from all other funds of the City or paid direct to any bank or trust company designated by the Council as the fiscal agent of the City, and that said proceeds shall be held by the City or such fiscal agent in a separate account to be designated the "Construction Fund" and be disbursed in the manner and upon the conditions provided in the resolution of issue for the object and purpose of the acquisition, construc-

tion and completion of the project therein designated, including the payment of all incidental expenses and interest and the creation of funds as provided for in Section 24-9 of this Article. Moneys in any construction fund may be invested as the Council in its sole discretion shall determine, subject only to such limitations as may be provided in the resolution of issue. A resolution of issue may provide that any moneys in a construction fund remaining unexpended after said object and purpose shall have been completed shall be applied to the payment of the principal of and interest on said bonds, and that none of said moneys shall be transferred to any other fund of the City or used for any purpose other than as specified in the resolution of issue.

(b) Continuous Operation of Project; Repairs, Renewals and Replacements. A resolution of issue may provide that, so long as any bonds thereby authorized shall be outstanding, the City shall operate the project designated in the resolution of issue continuously and in an efficient and economical manner and in good working order and condition and shall make all necessary repairs, improvements and replacements.

(c) Rates, Fees and Other Charges. A resolution of issue may provide that the Council will prescribe, revise and collect rates, fees and charges (i) for use of the facilities provided by the project acquired, constructed or completed from the proceeds of sale of the bonds issued pursuant to such resolution of issue, (ii) for any services rendered in connection with such project, and (iii) for use of any on-street parking meters and existing off-street parking facilities any revenues from which are pledged to secure the bonds. A resolution of issue may provide that such rates, fees and charges shall at all times be sufficient to yield revenues from the project and net revenues from such on-street parking meters and existing off-street parking facilities equal to all redemption payments and interest charges on said bonds as the same fall due, together with such additional sums as may be required for any sinking fund, reserve fund or other special fund provided for the security or further protection of said bonds, or as a depreciation charge or other charge in connection with such project. A resolution of issue may provide that such rates, fees and charges shall not be reduced below an amount sufficient to provide funds to meet all obligations specified in the resolution of issue.

(d) Holding and Application of Revenues. A resolution of issue may require the City to hold or cause to be held in trust the revenues pledged to the payment of the principal of and interest on the bonds issued pursuant to said resolution of issue, or to any reserve or other fund created for the security or further protection of the bonds, and to apply such revenues or cause them to be applied only as provided in the resolution of issue.

(e) Preservation and Protection of Security of Bonds. A resolution of issue may require the City to preserve and protect the security of the bonds issued thereunder and the rights

of the holders thereof and to warrant and defend such rights. A resolution of issue may require the City to pay and discharge or cause to be paid and discharged all lawful claims for labor, materials and supplies or other charges which, if unpaid, might become a lien or charge upon revenues, or which might impair the security of any bonds issued for the acquisition, construction or completion of any project. A resolution of issue may limit, restrict or prohibit, except upon such terms and conditions as may be provided therein, any right, power or privilege of the City to mortgage or otherwise encumber, or to sell, lease or dispose of a project or to enter into any lease or agreement which impairs or impedes the operation of a project or of any part thereof necessary to provide adequate revenues, or which otherwise impairs or impedes the rights of the holders of the bonds with respect to such revenues.

(f) Proceeds of Project Taken by Eminent Domain. A resolution of issue may provide that if any part of a project shall be taken by eminent domain or other proceeding authorized by law, the proceeds to the City therefrom shall be applied to the replacement of such project or to the payment and retirement of the bonds issued pursuant to such resolution of issue, or as otherwise set forth in said resolution of issue.

(g) Insurance A resolution of issue may specify or limit the kinds and amounts of insurance to be maintained by the City on a project, or any part thereof (including insurance of any project against loss of revenues from any cause whatsoever, against public liability or property damage and against loss by fire or any other hazard, as may be provided in any resolution of issue), and may provide for the payment of the premiums thereon, and may specify the use and disposition of proceeds of any such insurance thereafter collected.

(h) Books, Records and Accounts. A resolution of issue may provide:

(i) that the City will keep accurate books and records of account showing all revenues received from the operation of any project and all expenditures thereof, and all revenues from on-street parking meters and existing off-street parking facilities pledged or otherwise made available as security or as further protection for the bonds issued pursuant to said resolution of issue;

(ii) that all such books and records shall be open at all times during business hours to the inspection of the holders of one or more of the bonds or of any specified percentage of such holders or their duly authorized representatives;

manner and under such circumstances as may be set forth in said resolution of issue.

(i) Trustee; Fiscal Agents; Paying Agents. A resolution of issue may designate a bank or trust company, qualified to do business in the State of California, as a trustee or fiscal agent for the City and holders of bonds issued under said resolution of issue, and may authorize any such trustee to act on behalf of the holders of the bonds or any stated percentage thereof, and to exercise and prosecute on behalf of the holders of the bonds such rights and remedies as may be available to the holders. A resolution of issue may authorize the City to designate any bank or trust company in any city in which any bonds are made payable as the City's paying agent in such city. A resolution of issue may fix and determine the conditions upon which any trustee, fiscal agent or paying agent shall receive, hold or disburse any or all revenues deposited with it by or by authority of the City. A resolution of issue may prescribe the duties and powers, if any, of any such trustee, fiscal agent or paying agent with respect to the issuance, authentication, sale and delivery of the bonds, the payment of the principal thereof and interest thereon, the redemption thereof, the registration and discharge from registration of bonds and the management of any funds provided for in the resolution of issue as security for the bonds.

A resolution of issue may except from the covenant authorized to be made by this section any and all off-street vehicular parking facilities then or thereafter maintained by the City.

(k) Limitation on Additional Indebtedness. A resolution of issue may limit or restrict the incurring of additional indebtedness payable in whole or in part from the revenues charged with payment of the bonds issued pursuant to such resolution of issue.

(*l*) Events of Default. A resolution of issue may designate the rights, limitations, powers and duties arising upon breach by the City of any of the covenants, conditions or obligations therein contained, and may provide the terms and conditions upon which all bonds issued thereunder may be declared or become due and payable prior to maturity and the terms and conditions upon which such declaration and its consequences may be waived.

(m) Amendment or Modification of Resolution of Issue. A resolution of issue may prescribe a procedure by which its terms and conditions may be subsequently amended or modified with the consent of the City and the vote or written assent of the holders of a specified principal amount or proportion of the bonds issued and outstanding, including provision for meetings with bondholders and the manner in which the consents of the bondholders may be given. A resolution of issue may set forth a specific statement of the effect of each such amendment or modification upon the rights of the holders of all of the bonds and interest coupons appertaining thereto A resolution of issue may contain a provision that bonds held by the City or by the State of California or any public corporation, political subdivision, city, county, district or any agency of any thereof, shall not be counted as outstanding bonds or be entitled to vote or consent, but shall nevertheless be subject, to any such amendment or modification.

(n) Use of Surplus. After all of the revenue bonds issued pursuant to a resolution of issue shall have been fully paid or discharged, or provision for their payment and discharge irrevocably made, any surplus moneys in any construction fund or other fund provided for the security or further protection of the bonds shall, subject to the limitations and restrictions in said resolution of issue, become and be the property of the City and be used by the City for any lawful purpose.

Determination of bonded indebtedness

Sec. 24-13. Revenue Bonds Excluded from Bonded Indebtedness of City. Revenue bonds issued under this Article shall not be taken into consideration in determining the bonded indebtedness which the City is authorized to incur and shall be excluded from any limitation provided by this Charter or by law on the amount of bonded indebtedness of the City."

WHEREAS, The only form of ground transportation between Grants Pass and Crescent City is via U. S. Highway 199 and between Crescent City and Eureka is via U. S. Highway 101 (both being sections of State Highway Route 1), there being no railroad facilities between these points; and

WHEREAS, By the Act of Admission of September 9, 1850, the State of California was admitted into the Union on an equal footing with the original states in all respects whatever, which is not the case in fact when the Federal Government

WHEREAS, By the several Acts of Admission of the western states enumerated above each state was admitted into the Union on an equal footing with the original states in all respects whatever, which is not the case in fact when the Federal Government owns the majority of the lands within the said western states and the minerals contained therein; and

WHEREAS, The Government of the United States has from time to time taken and continues to take more of the lands and minerals in addition to those already owned by it within the western states, and thus deprives the State of California and its citizens, and deprives the other western states and their citizens further from the benefits of such lands and minerals; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Congress of the United States of America be and it is hereby memorialized to promptly, diligently, and fairly consider and act upon at this session, legislation designed to grant to the State of California and its citizens, and to the other western states and their citizens, title to all of the lands and minerals presently owned by the Government of the United States of America within the borders of California and of the other western states, with the exception of lands in use, or needed in the immediate future for use, in the discharge of governmental functions, and of lands and minerals in national parks, national monuments, national forests, and of lands for national defense and for promotion of aviation and agriculture; and be it further

Resolved, That certified copies hereof be promptly transmitted to the President and to the Vice President of the United States, to the Speaker of the House of Representatives of said Congress, and to each Senator and Representative from California in the Congress of the United States, and to the Governors, the Legislatures, and to each Senator and Representative in the Congress of the United States for the following states: Arizona, Colorado, Idaho, Montana, Nevada, New Mexico, North Dakota, Oklahoma, Oregon, South Dakota, Utah, Washington, and Wyoming.

CHAPTER 112

Senate Joint Resolution No. 20—Relative to payments in lieu of taxes by the Federal Government.

[Filed with Secretary of State, April 15, 1955.]

WHEREAS, The Federal Government, through its many agencies, continues to acquire vast holdings of land and improvements, particularly for military, experimental and defense purposes, and since the Federal Government is under no con-

stitutional obligation to pay taxes, the property thus acquired is removed from the local tax base; and

WHEREAS, Not only has the Federal Government acquired considerable land for war and defense projects, but in recent years it has enlarged its holdings of public lands set aside for national parks, Indian reservations, forest reserves, experimental areas and other similar purposes, which activity has been particularly noticeable in the 11 western states of Arizona, California, Colorado, Idaho, Montana, Nevada, New Mexico, Oregon, Utah, Washington and Wyoming, within which states the Federal Government has greatly expanded the public domain since 1937, now owning over 55 percent of all the land in these states; and

WHEREAS, Because general property taxation is the major source of revenue for counties, cities, school districts and other local governmental units, the acquisition of property by the Federal Government has seriously impaired this source of revenue of local governmental units and consequently the financial stability of such local governments; and

WHEREAS, While the acquisitions of additional federal property have adversely affected the source of revenue of local government, at the same time they have also enlarged the local problems and responsibilities of furnishing many necessary public services, not only directly for federal activities, but also for the large numbers of families being attracted to the sites of federal projects; and

WHEREAS, Federal property ownership has had a crushing impact on local governments, striking at the very heart of local government; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and Congress of the United States to enact legislation providing for payments to local governments in lieu of taxes on federally owned lands; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to the President of the United States, to the President of the Senate, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

WHEREAS, There was implied in that act of the Legislature a certain confidence that the people of the County of Merced would well and faithfully discharge the duties and obligations of local self government; and

WHEREAS, It is now proven that confidence was justly placed, Merced County in these 100 years having become a definite and important unit, not only in the government of this State, but in the government of the county as a whole, whose citizens from the first settlers to the present have been aggressive and forward-looking, creating and passing on a wealthy heritage of well-cultivated lands, sleek livestock, good schools, institutions, parks and public buildings, and well-governed cities; and

WHEREAS, The long and interesting history of Merced County reveals that truly pioneer efforts have been the beginnings and the foundation of the pleasant communities and countryside of Merced which are now highly desirable places in which to live and work, from the first arduous journey of Gabriel Moraga and his soldier-explorers in 1806, the explorations of the American trappers and the establishments of the Spanish-Californians upon the huge land-grant ranchos of ear-

lier times, to the modern day founders of industries and cities; and

WHEREAS, In the past 100 years, Merced has become a county of rank and importance, with a population that has expanded from 700 to 75,000, one of the first sites of California's important cattle industry, and the producer of large quantities of dairy products, fruits, nuts, vegetables, nursery stock, cotton, rice, and other crops, poultry, beef, pork, and sheep, in total quantities approximating almost a hundred million dollars in value a year; and

CHAPTER 123

Senate Joint Resolution No. 18—Relative to memorializing Congress to appropriate funds for the construction and improvement of highways necessary for civil defense purposes.

[Filed with Secretary of State, April 21, 1955.]

WHEREAS, The rapid development of more efficient atomic weapons capable of a tremendous destructive force over a wide area, and of both piloted and guided aircraft to deliver these deadly missiles to any spot on the globe, has rendered every population and industrial center in this country susceptible to sudden attack by enemy forces with the catastrophic results; and

WHEREAS, It is obvious that if any of the great population or industrial centers of our country is the victim of an enemy bombing attack, the roads and highways leading out of such center will assume tremendous importance, since they will be used before the attack, if there is any warning thereof, to evacuate as many persons as possible, and will be used after the immediate devastation subsides to evacuate the wounded and homeless, to move in needed medical personnel and equipment, and for movement of military troops and equipment; and

WHEREAS, It is essential that as many such roads and highways as possible be constructed and improved to standards which will enable them to be put to the most effective use for the purposes described above in the event of enemy attack and thereby minimize to a great extent the loss of life and disruption of transportation and communication which will result from such an attack; and

WHEREAS, The present program of federal aid for construction and improvement of highways is an important step towards the ultimate completion of an integrated system of adequate roads and highways throughout the Nation, but is limited, to a great extent, to the major roads and highways only; and

WHEREAS, There are many roads and highways which, while not presently considered major roads or highways for the purpose of federal aid, are vitally essential when considered in the light of civil defense needs; now, therefore, be it

Resolved by the Senate and the Assembly of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States to establish a program for the extension of federal aid for the construction of roads and highways necessary for civil defense purposes and to appropriate funds to carry out this program; and be it further

WHEREAS, If such legislation is enacted, it will affect state legislation providing for the allocation of both federal and state funds for state highways, county roads, and city streets; and

WHEREAS, It is essential to the people of the State that the Legislature enact laws at the earliest possible time to facilitate the use of increased federal highway aid on state highways, county roads, and city streets; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, As follows:

1. The Joint Committee on Federal Highway Aid is hereby created and authorized and directed to ascertain, study and analyze all facts relating to federal aid for state highways, county roads, and city streets, including but not limited to the operation, effect, administration, enforcement and needed revision of any and all laws in any way bearing upon or relating to the recitals of this resolution, and to report thereon to the Legislature, including in the reports its recommendations for appropriate legislation.

CHAPTER 126

Senate Joint Resolution No. 28—Relative to the enactment of federal highway legislation.

[Filed with Secretary of State, April 22, 1955]

WHEREAS, The President of the United States has placed before Congress the matter of the improvement of the roads, streets, and highways throughout the Nation, giving special

emphasis from the standpoint of national defense to the rapid completion of the Interstate System of Highways; and

WHEREAS, There are now numerous bills pending before the Congress relating to the improvement of the federal aid systems of highways; and

WHEREAS, The Interstate System is now recognized by federal law as including 40,000 miles of highways throughout the United States but at the present time only 37,600 miles have been designated as being on said system, it being understood that that portion of said remaining 2,400 miles which will be allocated to California will comprise circumferential and other connecting routes in metropolitan areas; and

WHEREAS, That portion of the Interstate System located within California includes highways most seriously deficient from the standpoints of traffic volumes, traffic safety, and structural inadequacy; and

WHEREAS, The completion of the Interstate System from federal funds would permit the more rapid correction of the remaining deficiencies on the public streets and highways in California; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Congress of the United States is memorialized to enact legislation for the completion of the Interstate System within the shortest feasible period of time, and that such legislation should recognize the following principles:

1. That the provisions for the federal financing of the Interstate System should permit long-range planning, to the end that the system can be completed as rapidly as possible and as a free system of highways.

2. That the program for improving the Interstate System should not interfere with the orderly allocation of funds for the other federal aid systems of highways.

3. WHEREAS, A private employer is allowed one month following the close of a reporting period within which to file his report and remittance to avoid penalty, while the State must within the same period, allow the local agencies in the State having such coverage time to prepare their returns and transmit them to the State, after which the State in the remaining portion of said one-month period, must in conformity with federal regulations compile and consolidate the reports and returns of each separate public agency and transmit the same to the appropriate federal agency together with remittance to cover, thus having an effective filing period, if delinquent penalties are to be avoided, which is less than that accorded private employers; and

WHEREAS, The federal law which prohibits the Federal Government in the absence of fraud from assessing a private employer for delinquent contributions after three years is held not to apply to the obligations of the State, thus subjecting the State acting on behalf of numerous local agencies, to contingent liability for unreported and unpaid contributions without limit as to retroactive effect; and

[Filed with Secretary of State, May 2, 1955.]

WHEREAS, Ever since the day in the year of 1775 that the packet San Carlos, the first seagoing ship to drop anchor in the great harbor, the Port of San Francisco, landed its chaplain along with other members of its crew, the Port of San Fran-

cisco has had a spiritual leader performing the duties and services of a chaplain; and

WHEREAS, The way of men who have gone down to the sea in ships has always been perilous, hard and lonely, and the task of furnishing these seafarers, who arrive at the Port of San Francisco from all the continents of the globe, with spiritual inspiration, moral encouragement, friendly counsel, and wholesome entertainment and recreation is a complex and gigantic one; and

WHEREAS, The Apostleship of the Sea, one of 10 in the United States, was established at the Port of San Francisco, California, during the year of 1932, to seat the chaplain and meet this challenge of providing for the merchant seamen a home away from home; a place where they could find human ties which every normal person requires and needs; a place where in that great city unfamiliar to them, they could find peace and quiet, decent recreation and companionship; a clean, safe place in which to eat, sleep, and relax; and a chaplain to whom they could turn for helpful advice and aid with their personal problems, regardless of race, color and creed; and

WHEREAS, Today, under the direction and leadership of Right Reverend Monsignor Matthew F. Connolly, Chaplain for the Port of San Francisco since 1948, it is recognized by people of all walks of life that the Apostleship of the Sea is one of the greatest of the 317 Apostleships of the Sea on the shores of the Seven Seas; and

WHEREAS, Universally the work and services for the seamen being carried out under the direction of Monsignor Matthew F. Connolly are recognized as among the most potent forces for implementing the doctrines which strike at the heart of Communism in the world through the men who go to sea; and

WHEREAS, The State of California's welfare and continued growth of its factories, its farms, and its people indispensably need the commerce that flows through her harbors, and Monsignor Matthew F. Connolly's aid to this transport is a major civic enterprise going far beyond any sectarian genesis; and

WHEREAS, Monsignor Matthew F. Connolly has won the trust and confidence of both labor and management and provides at the Apostleship of the Sea a common meeting place where employer and employee can and do meet, thereby establishing understanding and friendship that rarely, if ever, are achieved across the bargaining table; and

WHEREAS, The well-being of the seafaring men whose occupation brings them to our shores is intertwined with a chaplain who has

(a) Set up and maintained a merchant seamen's club;

(b) Provided social, recreational and spiritual programs for the benefit of seamen;

(c) Supplied ships with the necessary appointments for religious services aboard;

Senate Joint Resolution No. 24—Relative to memorializing Congress to study the problems involved in civil defense.

[Filed with Secretary of State, May 6, 1955.]

WHEREAS, Recent scientific developments have so altered previous civil defense planning that it has now become apparent that an effective national civil defense program can only be achieved by the Federal Government's acceptance of responsibility for both defining and financing such a program; and

WHEREAS, The previous position of the Federal Government that civil defense is primarily a responsibility of the several states controverts the federal Constitution which clearly assigns the responsibility for the common defense to the national government; and

WHEREAS, It has been clearly demonstrated during the past four and one-half years that with the several states dependent

upon each other for civil defense support, many states are neither financially able nor inclined to go along with the current federal program which demands matching fund participation to the degree necessary to provide adequate fall-back support for their sister states; and

WHEREAS, California's neighboring State of Nevada has recognized its inability to provide adequate support for the people of California in the event of an enemy attack and its legislature has adopted a resolution calling upon Congress to make adequate provisions for such an event by establishing federal supply reserves east of the Sierra Nevada mountains; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States to study the problems involved in the new concept of civil defense resulting from the greater destructive powers of presently developed weapons and make adequate plans to realistically provide an effective national civil defense program to the extent necessary; and be it further

Resolved, That the Secretary of the Senate be directed to transmit copies of this resolution to the President and Vice President of the United States, the Speaker of the House of Representatives, each Senator and Representative from California in the Congress of the United States, the Secretary of Defense, the Secretary of the Army, and the Secretary of the Navy.

CHAPTER 151

Assembly Joint Resolution No. 6—Relative to operation of federal dams.

[Filed with Secretary of State, May 6, 1955.]

WHEREAS, A great amount of unappropriated water which is not subject to disposal under existing contracts with water users is spilled over Friant Dam during flood seasons, and is wasting into the sea; and

WHEREAS, Water is desperately needed throughout the service area of this dam for the purpose of replenishing the underground water supplies; and

WHEREAS, The charge at which water is made available under existing contracts makes it financially impossible to use that water for replenishment purposes; and

WHEREAS, It would be in the best interests of the United States in the operation of its water conservation facilities and the repayment thereof to dispose of such floodwaters at whatever price is obtainable; and

WHEREAS, It is essential to the welfare of this State that inexpensive water be made available to replenish the under-

ground water supplies in order to protect the underground basins from destruction; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States, the United States Bureau of Reclamation, and the Corps of Engineers of the United States Army, to take such steps as may be necessary to make available, pursuant to state law, for underground replenishment floodwaters from Friant Dam which are not subject to existing contracts, and that such water be made available at the lowest possible cost; and be it further

Resolved, That the Chief Clerk of the Assembly be hereby directed to transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to each Senator and Representative from California in the Congress of the United States, to the Secretary of the Interior, and to the Secretary of the Army.

WHEREAS, Fontaine Johnson was a civic leader of the highest quality, a man of splendid integrity and reputation, born in Colusa on the third of October, 1884, and a resident of Sacramento from the time he was six years of age, the son of the late Julian W. Johnson and Lottie Jane Johnson; and

WHEREAS, Among his achievements in life he has counted the presidency for 37 years of the California Tuberculosis and Health Association, a directorship of the National Tuberculosis and Health Association, chairmanship of the jurisprudence and laws committee of the Imperial Council of the Shrine, and charter membership in the Sacramento Rotary Club. He was past president and past district governor of the Rotary Club, and was a charter member and past potentate of Bel Ali Temple of

the Shrine, a member of the Sutter Club and the Sacramento Chamber of Commerce; and

WHEREAS, Fontaine Johnson answered the call of high duty to his beloved Country and served her during peace and war, as an officer in the United States Army during World War I, and in the California National Guard, as a member of the American Legion, and during World War II as chairman of local draft board No. 29; and

WHEREAS, Fontaine Johnson leaves behind him his beloved wife, Nina Sutliff Johnson, and his sister, Lottiellen Johnson, to mourn his passing, but to be consoled by the memory of his achievements and the pride of having been the dear ones of so outstanding a personage; and

WHEREAS, It is most fitting that this Legislature take occasion to note the deep regret of its members at the loss of our fellow citizen, who in a single lifetime has accomplished so much, and to extend to his bereaved ones the deepest and most sincere sympathy; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That this Legislature does hereby note with the deepest of regret, and with the most acute realization of the loss of a truly outstanding citizen, the passing of Fontaine Johnson, and does hereby offer and extend to his bereaved family its sincerest sympathy; and be it further

Resolved, That the Secretary of the Senate is hereby directed to prepare and transmit suitably prepared copies of this resolution to Mrs. Nina Johnson, widow of Fontaine Johnson, and to his sister, Lottiellen Johnson.

CHAPTER 153

Senate Joint Resolution No. 15—Relative to the establishment of separate waterfowl seasons in California.

[Filed with Secretary of State, May 6, 1955.]

WHEREAS, There is an extreme variation in the migration and seasonal abundance of waterfowl throughout the State of California due to differences in latitude and elevation; and

WHEREAS, The migration and seasonal abundance of waterfowl in northeastern California are similar to those prevailing in adjacent Oregon, but differ from the central and coastal portions of the State; and

WHEREAS, In 1945 the federal regulations were satisfactorily adjusted by establishment of the open season for migratory waterfowl in Modoc, Lassen and Siskiyou Counties to coincide with the Oregon season (October 13th-December 13th) permitting an open season in the balance of California from November 2d to January 20th; and

WHEREAS, The migration and seasonal abundance of waterfowl in southeastern California are similar to those prevailing

in adjacent Arizona, but differ from the central and coastal portions of the State; and

WHEREAS, In recent years the Federal Government has permitted an open season in southeastern California to coincide with the Arizona season; and

WHEREAS, No waterfowl season, straight or split, can be established within existing formulas for the State of California, which will not cause inequalities of hunting opportunities in one or another portion of the State due to the extreme variation in waterfowl condition; now, therefore, be it

Resolved by the Senate and the Assembly of the State of California, jointly, That the Legislature of the State of California respectfully petitions the Secretary of Interior henceforth to establish and allow a separate waterfowl shooting season for northeastern California identical to that allowed for adjacent Oregon; to continue a separate waterfowl shooting season for southeastern California identical to that allowed for adjacent Arizona; and to permit another separate waterfowl shooting season for the balance of the State; be it further

Resolved, That the Secretary of the Senate be and he is hereby directed to transmit properly certified copies of this resolution to the Secretary of Interior and to the representatives of the State of California in the Congress of the United States.

Lots shall be cast to determine when the respective terms of the present members shall expire. Any member of such board may be removed by the affirmative vote of five members of the City Commission. Vacancies upon such board shall be filled by the City Commission by the affirmative vote of four members. Quarters for the Civil Service Board and necessary clerical help and supplies shall be provided by the City Commission. The Civil Service Board shall select one of its members as chairman to serve for a period of one year. That Section 22 of Article III of the Charter of the City of Fresno be amended to read as follows:

Removal of city officers or employees

Sec. 22. Removals, Procedure. No officer or employee of the city may be removed except for reasons that will promote the efficiency of the public service; and after the lapse of the probationary period, except as in this charter otherwise provided, no officer or employee may be removed except for reasons given in writing by the appointing officer, and the person whose removal is sought shall be furnished with a copy of the reasons for his removal and of any charges preferred against him and be allowed a reasonable time for personally answering the same in writing, and in such answer may demand a hearing upon the charges. If such demand is made, the appointing officer shall furnish the Civil Service Board with the complaint or charges and answer, and the Civil Service Board shall then fix a time and place for, and, according to such rules and regulations as it may adopt, shall conduct a hearing upon the charges and answer, and the party whose removal is sought shall attend such hearing and may be heard in person or by attorney and produce witnesses. The Civil Service Board may regulate the conduct of said hearing so that the same will not be unnecessarily prolonged, and may confine witnesses in their testimony to the material matters under consideration, and shall not be bound by the technical rules of evidence and pleading, and upon said hearing the Civil Service Board may order the charges to be dismissed, in which case the officer or employee shall be restored to duty without prejudice, but if the charges are sustained, the officer or employee shall by virtue of said findings be removed unless the finding in either case is set aside by the City Commission. There shall be no appeal from the judgment of the Civil Service Board as a matter of right on the part of the appointing officer or the officer or employee whose removal is sought, but the City Commission shall have power in its discretion to hear and determine appeals from the decisions of the Civil Service Board. If the officer or employee whose removal is sought is in the exempted service of the city, the hearing, if demanded, shall be conducted in a similar manner, but by the City Commission instead of by the Civil Service Board. Pending the hearing of any charges, whether before the Civil Service Board or City Commission, the officer seeking to make the removal may suspend the officer or employee whose removal is sought, such suspension to be without pay, unless the charges are dismissed. The foregoing provisions in this section contained do not apply to elective officers. The City Commission may itself prefer charges against elective officers who have been convicted of any crime involving moral turpitude, or who have

been convicted of malfeasance in office, or of a felony, and may compel such officers to answer such charges and conduct a hearing thereon, and if the charges are sustained may, by the affirmative vote of five of its members, declare the office vacant, and, pending the hearing, the City Commission may suspend the officer against whom the charges are preferred, such suspension to be without pay, unless the charges are dismissed. The reasons for the removal of an officer or employee removed during his probationary period shall be stated in writing and a copy thereof shall be furnished to the probationer, but the probationer shall not be entitled to any hearing. It is not the intention of the provisions of this section to warrant the retention in the city service of any inefficient, incapacitated, disgruntled, or insubordinate officer or employee, and the Civil Service Board and City Commission in their decisions, while protecting officers and employees from improper removals, shall have due regard for the interests of good administration of the city's business.

That Section 27 of Article IV of the Charter of the City of Fresno be amended to read as follows:

Sec. 27. City Planning. There shall be a Planning Board consisting of nine qualified electors of the City of Fresno who shall be appointed by a majority vote of the City Commission. No other liabilities shall be incurred by any officer or employee of the city, except

The specific enumeration of purposes for which bonds may be issued shall not be construed as an abridgement or limitations of the general power granted by this section for the issue and sale of bonds. No bonds shall be issued without the submission of the proposition to issue such bonds to the electors of the city at an election to be held for that purpose and the approval of such proposition by the vote of at least two-thirds of the electors voting on such proposition at such election. No ordinance providing for the issue of bonds or submitting a proposition to issue bonds to the electors shall be passed without the affirmative vote of at least five members of the City Commission. WHEREAS, If these markets are lost to the tuna processing industry because of such competition, the fishermen and cannery workers face loss of their employment, and the processors and boat owners face serious financial difficulty which eventually may drive them out of business, thereby destroying an important source of wealth to the State; and

WHEREAS, The entire tuna industry, fishermen, boat owners, canners and related groups have declined to seek governmental assistance in the form of subsidies, etc., but instead have developed a nation-wide promotional campaign to increase the sale and consumption of canned tuna, which campaign will reach its peak during the period of June 2 to June 11, 1955; and

WHEREAS, The United States Government through the Department of the Interior and the Department of Agriculture has recognized the need for promoting the consumption and distribution of the ample supplies of canned tuna at reasonable prices which are now in the inventories of the processors and the channels of distribution and has ordered the widest possible use of the facilities of both departments to promote the consumption and distribution of canned tuna over the entire Country; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That in order to assist the California tuna canning industry in its program to promote the consumption and distribution of canned tuna, thereby assuring the continued prosperity of the industry, the continued employment of cannery workers, and fishermen, all state agencies responsible for the purchase of food supplies for state institutions are hereby requested by the Legislature to purchase California-produced canned tuna in quantity for consumption in such state institutions while supplies are ample and prices reasonable, especially during the period June 2 to June 11, 1955; and be it further

[Filed with Secretary of State, May 24, 1955]

WHEREAS, The passing in January of 1954 of Death Valley Scotty robbed the State of its foremost living symbol of the

traditions of the Old West, and there has been keen competition to succeed to this honored position in California unofficialdom; and

WHEREAS, The Legislature has canvassed the field and has concluded, after careful consideration of the matter, that in the ranks of the Senate itself there is, in the person of the Senator from the Twenty-eighth District, a man who is, by reason of his history and personal characteristics, most eligible to receive this honor; and

WHEREAS, Alkali Charlie Brown, the Sage of Shoshone, born in the State of Georgia in 1893, who for 15 years after his arrival in Inyo County in the earth-shaking year of 1906 was a successful miner, thereafter opening the general store he operates today, is possessed of characteristics like those of the famed natural wonders within his district—profundity to match the plumbless depths of azure Mono Lake, stature to rival the awesome heights of Mount Whitney, vision as boundless as the limitless stretches of the vast Mojave Desert, a mind as free of error as is Alpine County of populace, the independence and resoluteness of the hardy wild burro, which creature he has so long championed, a craggy countenance that evidences strength like that of the great Sierras, surmounted by a sparse growth that brings to mind the arid wastes of Death Valley; and

WHEREAS, It is fitting that a career of public service that included 14 years' service as member of the Board of Supervisors of Inyo County prior to Alkali Charlie's election to the Senate in 1938 be climaxed by the honor here awarded; and

WHEREAS, Alkali Charlie Brown will be aided and abetted in the undertaking of the duties of this momentous office by his helpmate, Mrs. Stella Brown, who has assisted her husband in his every endeavor for 45 years, ever since their marriage in 1910, and also by his two sons, Charles Brown, Jr., and George Brown, and his two daughters, Bernice Brown Sorrells and Celesta Brown Gilliam, and especially by his 14 civilized grandchildren; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That Alkali Charlie Brown, the Sage of Shoshone and Senator from the Twenty-eighth District, as successor to Death Valley Scotty is hereby officially designated Prospector Laureate of California, with all the honors and privileges thereunto appurtenant; and be it further

Resolved, That the Chief Clerk of the Assembly is directed to transmit to Alkali Charlie, preferably by 20-mule team, a suitably prepared copy of this resolution.

CHAPTER 186

Assembly Joint Resolution No. 36—Relative to federal research of problems relating to chronic alcoholism.

[Filed with Secretary of State, May 26, 1955.]

WHEREAS, In 1954, the State of California created an Alcoholic Rehabilitation Commission to undertake a program of research and treatment in the field of chronic alcoholism, and the Honorable Goodwin J. Knight, Governor of the State of California, has stated that in his opinion this commission offers greater hope to more people than any commission in the history of this State; and

WHEREAS, While some other states, in addition to California, have launched similar programs to attempt to find the solution to the ever-increasing problem of alcoholism, this problem is nation-wide in scope and importance and it is felt that the Federal Government should assume its proper burden in the field of research and treatment in connection with the disease of chronic alcoholism, in the same manner as it has done in the case of other diseases, such as narcotic addiction, mental health, cancer, heart disease, dental diseases, arthritis, rheumatism, multiple sclerosis, cerebral palsy, epilepsy, poliomyelitis, blindness, leprosy and other diseases; and

WHEREAS, The importance of the problem of alcoholism cannot be overemphasized, since it has a tremendous impact not only on the social or moral standards of the people of this Nation but also upon the Nation's economy; and

WHEREAS, It has been estimated that the problem of alcoholism costs industry in this Nation in the neighborhood of one billion two hundred fifty million dollars ($1,250,000,000) a year, and in California alone, in 1954, it has been estimated that alcoholism cost the taxpayers of this State one hundred fifty million dollars ($150,000,000), such costs being represented by the loss to industry due to diminished production and absenteeism and the increased cost of operation of police departments, courts, jails, and hospitals and in providing welfare, aid to needy children, and disability and unemployment insurance, and by the increase in juvenile delinquency caused by alcoholism; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the

United States to enact such legislation and make such appropriations as may be necessary to institute a program of research and treatment with respect to the problem of chronic alcoholism, such program to be administered by the United States Public Health Service, and which program may provide both for assistance to and cooperation with states conducting research and treatment programs with respect to chronic alcoholism; and be it further

Resolved, That the Chief Clerk of the Assembly be hereby directed to transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

(d) Revenues. The term "revenues" means and includes any and all rates, fees and other charges received or receivable in connection with, and any and all income and receipts of whatever kind and character derived by the City from, the operation of a project, or arising from a project, including any such revenues as may have been or may be impounded or deposited in any fund created for the security or further protection of revenue bonds or for the purpose of providing for the payment of the principal thereof or the interest thereon. A resolution of issue may also provide for the use and application of any surplus revenues over and above revenues provided for the payment of the principal of and interest on the bonds, maintenance and operation, costs of the project and any and all other charges, provided that such surplus revenues shall be

used only in the manner and to the extent specified in the resolution of issue.

Bonds of Same Issue to be Equally Secured.

The Council may designate any bank or trust company in any city in which any bonds are made payable as the City's paying agent in such city. The Council may fix and determine the conditions upon which any trustee, fiscal agent or paying agent shall receive, hold or disburse any or all revenues deposited with it by or by authority of the City; and may prescribe the duties and powers, if any, of any such trustee, fiscal agent or paying agent with respect to the issuance, authentication, sale and delivery of bonds, the payment of the principal thereof and interest thereon, the redemption thereof, the registration and discharge from registration of bonds and the management of any funds provided for in the resolution of issue as security for the bonds.

Applicability of provisions

Sec. 271. The provisions of this Article constitute full and complete authority for the issuance of revenue bonds as herein provided by the Council of the City of Oakland and no procedure, or proceedings, consents, approvals, orders or permission from any municipal officer or board of the City of Oakland, shall be required for the acquisition, construction or completion of any project, or the issuance of any revenue bonds under this Article, except as specifically provided in this Article. The powers and authorities conferred by this Article are in addition to and supplemental to all other powers and authorities conferred upon the City of Oakland. The method provided in this Article for the acquisition, construction and completion of projects and the issuance of revenue bonds shall be deemed an additional method for acquiring, constructing and completing such projects and providing funds therefor; provided that the City of Oakland may, in its discretion, acquire any properties for off-street vehicular parking facilities and issue general obligation bonds of the City of Oakland therefor, subject, however, to the condition that the City of Oakland shall not, while any revenue bonds authorized by this Article are issued and outstanding, acquire, construct or complete any off-street vehicular parking facilities, other than those specifically described in a resolution of issue pursuant to the provisions of Sec. 268 of this Article, which compete with any project operated or maintained through the issuance of revenue bonds by the Council. Revenue bonds issued under this Article shall not be taken into consideration in determining the bonded indebtedness which the City of Oakland is authorized to incur and shall be excluded from

any limitation provided by this Charter or by law on the amount of bonded indebtedness of the City.

And we further certify that we have compared the foregoing proposed and ratified amendments to the Charter of the City of Oakland with the original proposals submitting the same to the electors of said City, and find that the foregoing is a full, true and correct and exact copy thereof.

[Filed with Secretary of State, May 31, 1955.]

WHEREAS, The Convention of the California State Aerie, Fraternal Order of Eagles, under the theme "Fraternal and Humanitarian Service in California," will be held in the City of Long Beach, California, on June 24, 25, and 26, 1955, to celebrate the fifty-second annual convention of the California State Aerie of the Fraternal Order of Eagles and the seventh annual convention of the California State Auxiliary of the Fraternal Order of Eagles; and

WHEREAS, The state aerie was organized in San Francisco August 3, 1903, through the efforts of James Cheetham of San Francisco who was the first past state president, and the late Judge C. P. Rendon of Stockton who was elected first state

president of the organization, both of whom were active in the order; and

WHEREAS, At the first meeting held in San Francisco only 12 local aeries were represented with approximately 40 delegates in attendance, but at the coming convention there will be approximately 200 Eagle aeries represented with over 100,000 members and 137 auxiliaries with over 12,000 members; and

WHEREAS, During the 52-year period this organization has been in existence, it has sponsored and acted in connection with many humanitarian accomplishments such as the Workmen's Compensation Act, Mothers' Pension Act, social security laws, and aid to the needy aged, the first Old Age Pension Act referred to by the Eagles as "aid to the needy aged" being established in the State of Montana through the efforts of the Eagles organization of that state; and

WHEREAS, Some of the other humanitarian achievements in which the California State Aerie has participated include construction of a two hundred thousand dollar ($200,000) dormitory at Father Flannigan's Boys' Town in Nebraska and sponsorship of the Damon Runyon Cancer Fund in this State, and the establishment by the Legislature of residential schools for unfortunate, dependent and homeless boys and girls known as California Academies; and

WHEREAS, The California State Aerie has participated in the establishment of a national memorial foundation fund to assist in the education of children whose fathers lost their lives in World War II or in the Korean conflict, in which fund there is approximately three million five hundred thousand dollars ($3,500,000); and

WHEREAS, In addition to the above activities, many projects have been established on the local level for humanitarian and charitable purposes by the local Eagle aeries; and

WHEREAS, The California State Aerie has completed 52 years of constructive work and is looking forward to another 50 years of humanitarian programs, which programs are of great benefit to the people of the State; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Members of this Legislature take this opportunity to congratulate the State Aerie, Fraternal Order of Eagles on its fifty-second anniversary and compliment it on the great achievements it has accomplished over the past 52 years; and be it further

Resolved, That the Members of this Legislature extend their best wishes for a successful fifty-second anniversary convention of the state aerie and for a successful convention of the ladies auxiliary; and be it further

Resolved, That the Secretary of the Senate is hereby directed to send a suitably engrossed copy of this resolution to Gilbert Seaver of Oakland, California, State President, and Louise Gamble of Santa Maria, California, State Auxiliary President, for presentation to the officers and members at the convention

CHAPTER 189

Assembly Joint Resolution No. 37—Relative to memorializing the Congress of the United States in relation to pending legislation affecting the waters of the Colorado River.

[Filed with Secretary of State, June 1, 1955]

WHEREAS, More than 6,000,000 people of this State depend upon the Colorado River as an important source of water for irrigation, domestic and industrial needs; and

WHEREAS, The metropolitan areas of Southern California, including Los Angeles, San Diego and some 60 other cities depend on the Colorado River for water and hydroelectric power; and

WHEREAS, The Colorado River is the sole source of water to irrigate over 1,000,000 acres of land in this State; and

WHEREAS, Legislation is now pending in the Congress of the United States to authorize the construction of two major power and irrigation projects in the upper basin of the Colorado River at an estimated total cost approximating one billion seven hundred fifty million dollars ($1,750,000,000); and

WHEREAS, One of these projects as contemplated by S. 500, H. R. 270 and companion bills, known as the Colorado River Storage Project, includes (1) the construction of six large dams creating reservoirs with an aggregate storage capacity of 44,000,000 acre-feet and (2) the construction of 14 or more irrigation projects known as "participating projects"; and

WHEREAS, These storage dams are not required to serve the proposed irrigation projects but would store water for power purposes under interpretations of the Colorado River Compact now being defended against by California in the United States Supreme Court in Arizona v. California et al.; and

WHEREAS, The major irrigation participating projects are very costly transmountain diversion projects to take large amounts of the highest quality water out of the Colorado River basin to other river basins; and

WHEREAS, The other project, as contemplated by S. 300 and H. R. 412, and known as the Fryingpan-Arkansas Project, is also a very costly transmountain diversion project to take the best quality water out of the Colorado River basin to the Arkansas River basin, and is the initial phase of a project to divert 900,000 acre-feet of water per annum out of the Colorado River basin; and

WHEREAS, Both of these projects are based upon interpretations of the Colorado River Compact which are now at issue before the Supreme Court of the United States in the case of Arizona v. California et al., and

WHEREAS, These projects, if constructed under those interpretations, would be detrimental to both the quality and quantity of water to which California has rights long established by prior appropriation as well as by contracts with the Federal Government for projects now constructed; and

WHEREAS, Both proposed projects are based upon questionable standards of financial feasibility and if constructed would cost the taxpayers of our Nation several billion dollars in the form of a subsidy to the lands which would be irrigated; and

WHEREAS, California is the second largest taxpaying state in the Nation, and would therefore be doubly injured if these projects were authorized both by the impairment of the quality and quantity of water to which existing California projects have established rights, and by the burden of a tremendous tax load; now, therefore, be it

Resolved by the Assembly and the Senate of the State of California, jointly, That the Congress of the United States be and it is hereby respectfully memorialized and urged to suspend further consideration of legislation authorizing the Colorado Storage Project and participating projects, and legislation authorizing the Fryingpan-Arkansas Project until the Supreme Court decides the case now before it; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States, the President of the Senate of the United States, the Speaker of the House of Representatives of the United States, and to each Senator and Representative from California in the Congress of the United States.

CHAPTER 190

Assembly Concurrent Resolution No. 144—Relative to congratulating Chester G. Hanson on his retirement.

[Filed with Secretary of State, June 1, 1955.]

WHEREAS, This is the final legislative session for Chester G. Hanson, who will retire from his post as political writer and author of the "Sacramento Mail Sack" column for the Los Angeles Times; and

WHEREAS, Chick Hanson has graced these halls since the 1935 Session, and his ability as a news and political reporter plus a profound knowledge obtained as a student of government has resulted during all the years in an outsanding job of consistently forthright and objective reporting of the proceedings of the House and the activities of their members; and

WHEREAS, Chick Hanson was born in Chicago on March 27, 1890, his father having come to this Country from Denmark and his mother from Ireland. He studied engineering for two years at Armour Institute of Technology in Chicago and then transferred to Northwestern University where he graduated in 1915; and

WHEREAS, While Chick Hanson in later years has been regarded as somewhat serious and conservative, he once had and did not hesitate to express liberal views as has been the case with so many newspaper writers. This crusading attitude was

exemplified in his work in his cub days on the Chicago Examiner and with the City News Service of Chicago. Conservative or liberal, however, Chick always was and remains a thorough humanitarian. He came west in 1916 intending to become a cowhand but abandoned the venture after an argument with a horse and returned to newspaper work in Phoenix; and

WHEREAS, It was then that he married Helen Duncan, who very evidently was a potent factor in mellowing his attitudes, as the following years indicate the start of marked changes in this respect. Chick Hanson served for two years as secretary to the Chief Justice of the Supreme Court of Arizona. He then returned permanently to newspaper work, and came to California where he worked for the Los Angeles Herald. He joined the staff of the Times in 1923. During the years of service on the Times, news stories by Chick Hanson were included in two national collections published as best news stories of the year. He was awarded an honorable mention in the 1932 Pulitzer journalism prizes in 1933 for a series of stories on the migration of workers into California from the Dust Bowl; and

WHEREAS, Chick Hanson started political reporting about 1930 and, although his reporting instincts and barbed pen have at times tormented struggling, honest, able servants of the people, both at Sacramento and his home base, Chick has gained and held the respect and affection and friendship of thousands of men and women in public life; now, therefore, be it

Resolved by the Assembly of the State of California, The Senate thereof concurring, That the Members of this Legislature hereby extend to Chester G. Hanson their heartiest congratulations upon the occasion of his retirement as political reporter for the Los Angeles Times and express their fervent hope that he and Helen Hanson will enjoy many more happy years together; and be it further

Resolved, That the Chief Clerk of the Assembly is directed to transmit a suitably prepared copy of this resolution to Chester G. Hanson and his wife Helen D. Hanson.

SEC. 7½. Any county may frame a charter for its own government consistent with and subject to the Constitution (or, having framed such a charter, may frame a new one,) and relating to matters authorized by provisions of the Constitution, by causing a board of 15 freeholders, who have been for at least five years qualified electors thereof, to be elected by the qualified electors of said county, at a general or special election. Said board of freeholders may be so elected in pursuance of an ordinance adopted by the vote of three-fifths of all the members of the board of supervisors of such county, declaring that the public interest requires the election of such board for the purpose of preparing and proposing a charter for said county, or in pursuance of a petition of qualified electors of said county as hereinafter provided. Such petition, signed by 15 per centum of the qualified electors of said county, computed upon the total number of votes cast therein for all candidates for Governor at the last preceding general election at which a Governor was elected, praying for the election of a board of 15 freeholders to prepare and propose a charter for said county, may be filed in the office of the county clerk. It shall be the duty of said county clerk, within 20 days after the filing of said petition, to examine the same, and to ascertain from the record of the registration of electors of the county, whether said petition is signed by the requisite number of qualified electors. If required by said clerk, the board of supervisors shall authorize him to employ persons specially to assist him in the work of examining such petition, and shall provide for their compensation. Upon the completion of such examination, said clerk shall forthwith attach to said petition his certificate, properly dated, showing the result thereof, and if, by said certificate, it shall appear that said petition is signed by the requisite number of qualified electors, said clerk shall immediately present said petition to the board of supervisors, if it be in session, otherwise at its next regular meeting after the date of such certificate. Upon the adoption of such ordinance, or the presentation of such petition, said board of supervisors shall order the holding of a special election for the purpose of electing such board of freeholders, which said special election shall be held not less than 20 days nor more than 60 days after the adoption of the ordinance aforesaid or the presentation of said petition to said board of supervisors; provided, that if a general election shall occur in said county not less than 20 days nor more than 60 days after the adoption of the ordinance aforesaid, or such presentation of said petition to said board of supervisors, said board of freeholders may be elected at such general election. Candi-

dates for election as members of said board of freeholders shall be nominated substantially in the same manner as may be provided by general law for the nomination of candidates for county offices. It shall be the duty of said board of freeholders, within one year after the result of such election shall have been declared by said board of supervisors, to prepare and propose a charter for said county, which shall be signed in duplicate by the members of said board of freeholders, or a majority of them, and be filed, one copy in the office of the county clerk of said county and the other in the office of the county recorder thereof. Said board of supervisors shall thereupon cause said proposed charter to be published for at least 10 times in a daily newspaper of general circulation, printed, published and circulated in said county; provided, that in any county where no such daily newspaper is printed, published and circulated, such proposed charter shall be published for at least three times in at least one weekly newspaper, of general circulation, printed, published and circulated in such county; and provided, that in any county where neither such daily nor such weekly newspaper is printed, published and circulated, a copy of such proposed charter shall be posted by the county clerk in three public places in said county, and on or near the entrance to at least one public schoolhouse in each school district in said county, and the first publication or the posting of such proposed charter shall be made within 15 days after the filing of a copy thereof, as aforesaid, in the office of the county clerk. Said proposed charter shall be submitted by said board of supervisors to the qualified electors of said county at a special election held not less than 30 days nor more than 60 days after the completion of such publication, or after such posting; provided, that if a general election shall occur in said county not less than 30 days nor more than 60 days after the completion of such publication, or after such posting, then such proposed charter may be so submitted at such general election. If a majority of said qualified electors, voting thereon at such general or special election, shall vote in favor of such proposed charter, it shall be deemed to be ratified, and shall be forthwith submitted to the Legislature, if it be in regular session, otherwise at its next regular session, or it may be submitted to the Legislature in extraordinary session, for its approval or rejection as a whole, without power of alteration or amendment. Such approval may be made by concurrent resolution, and if approved by the majority vote of the members elected to each house, such charter shall become the charter of such county and shall become the organic law thereof relative to the matters therein provided, and supersede any existing charter framed under the provisions of this section, and all amendments thereof, and shall supersede all laws inconsistent with such charter relative to the matters provided in such charter. A copy of such charter, certified and authenticated by the chairman and clerk of the board of supervisors

under the seal of said board and attested by the county clerk of said county, setting forth the submission of such charter to the electors of said county, and its ratification by them, shall, after the approval of such charter by the Legislature, be made in duplicate, and filed, one in the Office of the Secretary of State and the other, after being recorded in the office of the recorder of said county, shall be filed in the office of the county clerk thereof, and thereafter all courts shall take judicial notice of said charter.

WHEREAS, These geese are causing great damage to the agricultural economy of this area which in turn leads to a general reduction in the economy of the whole area; and

WHEREAS, An extension of the hunting season on geese and a larger bag limit in this area will not only tend to give the crops of this area the protection from depredation by geese that they should have but will also allow full use of the geese taken both as food and as a fine source of constructive recreation; now, therefore, be it

Resolved by the Senate and the Assembly of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the Secretary of the Interior and the Director of the Fish and Wildlife Service of the United States to extend the hunting season on geese in the San Joaquin and Sacramento Valley until March 15th of each year and to also substantially increase the bag limit on geese in this area; and be it further

SECTION 1. The Legislature shall not, in any manner create any debt or debts, liability or liabilities, which shall, singly or

in the aggregate with any previous debts or liabilities, exceed the sum of three hundred thousand dollars ($300,000), except in case of war to repel invasion or suppress insurrection, unless the same shall be authorized by law for some single object or work to be distinctly specified therein which law shall provide ways and means, exclusive of loans, for the payment of the interest of such debt or liability as it falls due, and also to pay and discharge the principal of such debt or liability within 50 years of the time of the contracting thereof, and shall be irrepealable until the principal and interest thereon shall be paid and discharged, and such law may make provision for a sinking fund to pay the principal of such debt or liability to commence at a time after the incurring of such debt or liability of not more than a period of one-fourth of the time of maturity of such debt or liability; but no such law shall take effect until, at a general election, it shall have been submitted to the people and shall have received a majority of all the votes cast for and against it at such election; and all moneys raised by authority of such law shall be applied only to the specific object therein stated or to the payment of the debt thereby created. Full publicity as to matters to be voted upon by the people is afforded by the setting out of the complete text of the proposed laws, together with the arguments for and against them, in the ballot pamphlet mailed to each elector preceding the election at which they are submitted, and the only requirement for publication of such law shall be that it be set out at length in ballot pamphlets which the Secretary of State shall cause to be printed. The Legislature may, at any time after the approval of such law by the people, reduce the amount of the indebtedness authorized by the law to an amount not less than the amount contracted at the time of the reduction, or it may repeal the law if no debt shall have been contracted in pursuance thereof.

WHEREAS, The Fish and Game Commission has exercised this authority with the result that there are numerous provisions in the code superseded by subsequent regulations, and, in addition, there are ambiguities and other defects in the

code, so that such code does not provide a clear and accurate statement of the law of fish and game; and

WHEREAS, The net result of these conditions is that it is extremely difficult for the citizen to apprise himself of the law of fish and game; and

WHEREAS, The California Law Revision Commission has been created by the Legislature for the purposes, among others, of examining the statutes of the State and judicial decisions for the purpose of discovering defects and anachronisms in the law and recommending needed reforms and of recommending, from time to time, such changes in the law as it deems necessary to eliminate antiquated and inequitable rules of law and to bring the law of this State into harmony with modern conditions; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the California Law Revision Commission is directed to undertake a study of the Fish and Game Code and to prepare a proposed revision of such code, which would eliminate obsolete, superseded, ambiguous, anachronistic, and other defective provisions of such code, and to submit such proposed revision to the Legislature not later than the tenth legislative day of the 1957 General Session of the Legislature; and be it further

Resolved, That the California Law Revision Commission is directed to study the problem of how best to inform the public of the provisions of the Fish and Game Code and regulations of the Fish and Game Commission and is directed to report to the Legislature its recommendations on this matter at the same time as it submits its proposed revision of the Fish and Game Code; and be it further

Resolved, That the Fish and Game Commission and personnel of the Department of Fish and Game are directed to cooperate with the California Law Revision Commission in its efforts pursuant to this resolution, and the California Law Revision Commission is authorized, for the purposes of this resolution, to consult with persons interested in the law of fish and game.

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the California Law Revision Commission is directed and authorized to study and analyze the provisions of the California inheritance and gift tax laws and the federal estate and gift tax laws, and on the basis thereof to determine what might be done in order to bring the California laws into closer accord with the federal; and be it further

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the Congress to enact legislation to increase the minimum wage provided in the said Fair Labor Standards Act; and be it further

Assembly Concurrent Resolution No. 114—Relative to equestrian competition.

[Filed with Secretary of State, June 8, 1955.]

WHEREAS, The United States Army Cavalry has represented this Country with its equestrian team at the Olympic Games, the Pan-American Games and other such international equestrian competitions in the past and until 1948; and

WHEREAS, The United States Cavalry was abolished in 1948, and the American Horsemen, through their voluntary organization, the United States Equestrian Team Committee, have undertaken the patriotic duty of representing this Country and upholding its honor and prestige before the other nations of the world; and

WHEREAS, American horsemen representing the United States in the Olympic Games and other meetings involving international equestrian competition have been handicapped because their mounts have been inadequately trained under

the rules of such competition as set forth by the Federation Equestrien Internationale; and

WHEREAS, Such lack of training has been due to the absence in the United States of competitive events prescribed by F. E. I. rules and regulations; and

WHEREAS, It has been, and is, necessary for equestrian teams representing the United States in such competition to secure horses trained in such events in foreign countries, thus detracting from the international flavor of such competition to the detriment of American position in the field of such competition; and

WHEREAS, The United States in general and California in particular, because this State breeds more horses than any state in the Nation which itself breeds more mounts than any nation in the world, has unlimited opportunity to advance the American position in international equestrian competition; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That it is the feeling of the Legislature of the State of California that all California fairs, horse shows and other events in which competition between horsemen and their mounts is included should be, and are, encouraged by the Legislature to, include in their schedules one or more events which comply with the rules and regulations which apply to international competition as set forth by the Federation Equestrien Internationale, to the end that riders and their mounts alike may be trained to be able in toto to represent the United States in such international competition.

[Filed with Secretary of State, June 8, 1955.]

WHEREAS, For the purpose of improving navigation and eliminating a projection of land into the Stockton Deep Water Channel and the San Joaquin River, it has been proposed that there be constructed therein a deep water turning basin opposite Rough and Ready Island; and

WHEREAS, A portion of the north levee of the Stockton Deep Water Channel has already been weakened by the wave wash of ocean-going vessels; and

WHEREAS, The ships going and coming to the United States Navy Supply Depot, which is opposite the levee, have contributed greatly to the damage to the levee; and

WHEREAS, The proposed turning basin will increase the wave washing damage to the same levee; and

WHEREAS, In the event of a break in the levee, a heavily populated area with homes of families of moderate circumstances, containing approximately 4,000 property owners, would be flooded, with probable great loss of lives and property; and

WHEREAS, The United States Corps of Engineers has recognized this danger and has proposed a project for the repair and improvement of the levee, which proposal is included in House of Representatives Document No. 752, Eightieth Congress, Second Session; and

WHEREAS, The levee repair and improvement project has been authorized, but no financial provision therefor has been made by the Congress of the United States; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the President and Congress of the United States be respectfully memorialized to provide an appropriation for the purpose of improving and repairing the north levee of the Stockton Deep Water Channel and the San Joaquin River in order to protect the lives and property of the inhabitants of the area; and be it further

WHEREAS, The United States is, at the present time contemplating the construction of additional aircraft carriers of the 60,000 ton Forrestal class; and

WHEREAS, Shipbuilding facilities adequate to undertake the construction of such super-carriers are available in the San Francisco area; and

WHEREAS, Sound military logic during this critical period of world affairs clearly dictates the imperative necessity for the diversification of ship construction; and

WHEREAS, The maintenance of a healthy ship construction industry in the San Francisco area is particularly important in view of the current Asiatic crisis; and

WHEREAS, The maintenance and availability of such an industry in the San Francisco area depends in a large measure upon work being provided by the Federal Government; now, therefore, be it

[Filed with Secretary of State, June 8, 1955.]

WHEREAS, A bounteous nature has endowed the State of California with an unusual fertility of soil and an unbounded

supply of sunshine, resulting in the growth of an unsurpassed variety of flowers and growing things; and

WHEREAS, There are among the citizens of this State great numbers of persons who possess the knowledge, skill and industry to use for the beautification of our State these God-given blessings for the growth and propagation of flowers; and

WHEREAS, These loyal citizens of California, contributing to the beauty and welfare of our State, share their rich harvest of color, unsurpassed beauty and endless variety, not only for their own prosperity but also for the edification and enjoyment of other persons both here in this State and throughout the Nation, thereby enriching with beauty the lives of millions of fellow Americans and adding to the glory of the name of our great State of California, and

WHEREAS, These men and women, who together constitute those engaged in the floral industry of California, and whose endeavors result in an annual income of $90,000,000 shared among the thousands of persons who labor at such industry, will gather in the City of San Jose for an annual convention between the eighth and eleventh days of September of this year under the auspices of the California State Florists Association; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That in recognition of the floral industry of California and its importance to the continued prosperity of this State, and in grateful acknowledgment of the contribution of the floral industry to the happiness of mankind, the month of September, 1955, be designated in California as "California Flower Month"; and be it further

Resolved, That the Secretary of the Senate shall transmit a suitably prepared copy of this resolution to the California State Florists Association and other interested persons.

WHEREAS, The soil conservation program in the State of California is operated by and for farmers at the local level with each soil conservation district being a local unit of State government voluntarily organized by the people; and

WHEREAS, Soil conservation districts are formed and operated on the democratic principle of government, and are the most impressive example of decentralization of government in the country today; and

WHEREAS, The program of the United States Department of Agriculture assigns the necessary technicians of the Soil Conservation Service to work with the farmers in soil conservation farming and ranching systems; and

WHEREAS, This program, which has met with great success, has been placed in jeopardy by a proposal which would place soil conservation technical advice on a federal-state grant-in-aid basis and would transfer technicians of the Soil Conservation Service from federal to state pay rolls; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the Congress of the United States to retain the present soil conservation program of the Federal Government and to reject any proposals which would drastically change the program as it is being carried out by the Soil Conservation Service of the United States Department of Agriculture; and be it further

Resolved, That the Secretary of the Senate be hereby directed to transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to each Senator and Representative from California in the Congress of the United States, and to the United States Secretary of Agriculture.

CHAPTER 214

Senate Concurrent Resolution No. 98—Relative to discriminatory trade barriers.

[Filed with Secretary of State, June 8, 1955.]

WHEREAS, It has been the public policy of the State of California, ever since its admission to the Union in 1850 to stimulate and encourage the fullest development of its resources, to promote its agriculture and commerce and to secure to its people a high standard of life; and

WHEREAS, The soil and climate of the State are more hospitable than any other area the world over to the growing of grapes of all types and varieties for domestic use, for unfermented juice, for conversion into raisins and for processing into a wide spectrum of wines for appetizer, table and dessert use, and there has been a sound and continuous growth of the wine industry in the State of California; and

WHEREAS, The area upon which grapes of different kinds are now grown covers an area of approximately 458,900 bearing acres of vineyards in 47 of the 58 counties of the State of California, being more than one-third of all the acreage in the State of California planted to fruits and nuts, and the State of California being the largest fruit-growing state in the United States of America; and

WHEREAS, Grapes have a farm value in excess of 107 million dollars, and the annual return from grapes to the farmers of the State of California is in excess of 130 million dollars; and

WHEREAS, From 40 percent to 60 percent of the annual grape crop of the State of California is used for wine and in 1952, of a total grape crop of 2,967,000 tons, more than 1,201,000 tons were crushed for wine, and in the year 1953, of a total grape crop in excess of 2,400,000 tons, more than a million tons were crushed for wine; and

WHEREAS, The grape and wine industry in the State of California represents taxable property of a value in excess of 500 million dollars, in addition to the taxes paid to the State of California and various counties on wine inventories; and

WHEREAS, The California grape and wine industry affords year-round employment to more than 111,000 persons receiving annual wages of approximately 157 million dollars; and

WHEREAS, The wine industry is enmeshed into the economy of the State of California and directly or indirectly is a source of revenue to a host of commercial, transportation and financial interests in an annual amount in excess of 80 million dollars, and the whole economy of the State of California is affected by the prosperity or depression of the wine industry; and

WHEREAS, From the time since California became a state it has introduced new types of vines from Europe, developed insecticides, engaged in experimental work to promote the health of growing plants, created new varieties and types of vines, provided information to growers of grapes and vintners and created a system of orderly marketing and directly concerned itself with promoting the industry, with the result that a number of agencies of the State Government, including the Department of Agriculture, the University of California and the Agricultural College at Davis are engaged in activities to aid in its development and progress; and

WHEREAS, A number of states of the Union have employed statutes of their legislatures to set up trade barriers to the end of abridging or prohibiting the entrance of California wines into their markets; and

WHEREAS, The convention which drew up the Constitution of the United States was called for the very purpose of eliminating the trade barriers set up between the several states, the Constitution itself through numerous provisions in that instrument seeks to make of the continental United States a single free trade zone, and to assure to the products of every lawful industry access to the national market; and

WHEREAS, Unless the power of a state in the Union to set up trade barriers against commodities produced in other states is decreed to be unlawful, acts of the states in setting up trade barriers threaten seriously to impair the integrity of the national economy to the detriment of the State and people of California; and

WHEREAS, The State of California, as a sovereign and as Parens Patriae, has over the decades formulated a public policy for the promotion of its agriculture and the welfare of its people, and trade barriers such as those mentioned above threaten to drive a wedge between this policy and the results which naturally may be expected to flow from it; and

WHEREAS, The persons and interests which are adversely affected by trade barriers set up by several states are more comprehensive than the parties whose stakes in the industry are so direct and immediate that they have causes of action of their own; and

WHEREAS, The interest of the State of California as sovereign and as Parens Patriae is more comprehensive than the interest of private parties which have a stake in the wine industry, and the interest of the State is of a different character from that of the individuals who are immediately concerned; and

WHEREAS, Unless relief is given from the trade barriers set up by several states, and unless the power of the states to set up such trade barriers is abated, great, lasting and irreparable harm will be done to the State of California and to its residents; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the grape and wine industry of the State of California is an essential and integral part of the economy of the State of California and is affected with the public interest; and be it further

Resolved, That the Legislature of the State of California hereby respectfully requests that the Governor of the State of California, the Director of the Department of Agriculture and the Attorney General of the State of California direct their attention to the problem of discriminatory trade barriers against California wines wherever the same exist, and, in the exercise of their sound discretion invoke the authority of their respective offices to the end that such discriminatory trade barriers be removed and eliminated so as to secure the free and unrestricted access of the wines of California to the national market; and be it further

Resolved, That the Secretary of the Senate be directed to transmit copies of this resolution to the Governor of the State of California, the Director of Agriculture, and the Attorney General of the State of California.

WHEREAS, Techniques almost unknown two decades ago are now being used by physicians and surgeons to relieve the suffering of those afflicted with heart ailments and these techniques would not have been available without the research program mentioned above; and

WHEREAS, The University of California has made significant contributions in the field of research on the causes and effects and possible alleviation or cure of heart ailments and should be encouraged to continue its efforts in this field; and

WHEREAS, The Legislature is desirous of assisting the university to continue its program of research on cardiovascular diseases as evidenced by the inclusion in the 1955-1956 Budget Bill of an appropriation for expanded medical facilities which may be used in whole or part to aid in this program; and

WHEREAS, The Legislature has confidence that the able scientists of the University of California through the continuance of their research in the field of cardiovascular diseases will do much toward alleviating the pain and suffering now experienced by citizens of this State who are afflicted with such diseases or whose relatives are stricken thereby; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature of the State of California hereby commends the Regents and staff of the University of California on the contributions they have made in the field of research of cardiovascular diseases and requests the regents to continue and expand that research program and to report to the Legislature from time to time its need for funds or other assistance to carry on this humanitarian task; and be it further

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature of the State of California hereby respectfully requests the Board of Governors of the California Maritime Academy to consider the establishment of the following system for the appointment of persons to the academy:

2. That in each year each Member of the Legislature may designate as many persons as he desires from his own district to take the competitive examination to qualify for the entrance to the Maritime Academy;

3. That of the persons taking the competitive examination, the person making the highest score on the examination shall be the nominee from the district if he also meets the physical and other entrance requirements to the academy; but if he does not meet such requirements, then the nominee shall be the first alternate in order of score on the competitive examination who has passed such examination and qualifies for admission by meeting the physical and other entrance requirements;

4. That for 1956 each senatorial and assembly district shall be able to nominate its candidate, but that thereafter the nominee shall come from odd-numbered districts in odd years and from even-numbered districts in even years; provided, however, that whenever it is determined that the nominees from the eligible districts do not fill all the vacancies for the new class to be admitted, then the board of governors shall have discretion to make other appointments from whatever sources it deems desirable;

5. That each year the Governor shall have the right to five appointments at large, such appointments to be entirely within his discretion and to be made from any source whatsoever; provided, that such appointees meet the physical and other entrance requirements of the academy; and be it further

Resolved, That the Secretary of the Senate transmit suitably prepared copies of this resolution to each member of the Board of Governors of the California Maritime Academy and to the Governor of the State of California.

[Filed with Secretary of State, June 8, 1955.]

WHEREAS, The area of Napa, and Solano Counties is situated in a locality of this State which is not now adequately served by any of the established state colleges; and

WHEREAS, This area, having attracted industry, business, and home builders by its excellent climatic conditions and geographic location, is one of the most rapidly growing regions in the State; and

WHEREAS, The opportunity of a college education is now being denied to many young men and women residing in this area who cannot afford the cost connected with living away from home in order to acquire such an education; and

WHEREAS, It is desirable that the Legislature have the benefit of a study of the need for the expansion of the system of publicly supported higher education in this State prior to the establishment of a state college in this area; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Department of Education is directed to make a study of the need for the establishment of a state college in the area indicated in the recitals of this resolution and to set forth the results of the study and its recommendations in a report to be made to the Legislature not later than the fifth legislative day of the 1957 Regular Session of the Legislature; and be it further

CHAPTER 221

Senate Concurrent Resolution No. 26—Relative to the acquisition by the State of "Fern Canyon."

[Filed with Secretary of State, June 8, 1955.]

WHEREAS, There exists on Home Creek, Humboldt County, immediately to the west of Prairie Creek Redwoods State Park, an area of rare beauty known as "Fern Canyon." This vertical-walled canyon, 30 feet or more deep, is unique in that its sides are covered with myriads of the rare and delicate five-fingered fern; and

WHEREAS, The Home Creek watershed and environs is privately owned and in the path of logging operations that may virtually destroy the fragile beauty of this "Fern Canyon" through the subsequent accumulation of logging debris therein and through possible disruption of stream flow and moisture conditions; and

WHEREAS, The California State Park Commission has determined that the highest and best use of this area is for state park purposes and has allotted funds subject to the matching provision of Chapter 1422, Statutes of 1945; and

WHEREAS, This outstanding scenic attraction may be lost for all time if steps are not taken for its immediate acquisition; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That it shall be the policy of the State of California to acquire the Home Creek watershed and sufficient acreage of virgin timber in the vicinity to assure preservation intact of the Fern Canyon area and afford logical park boundaries under the Humboldt County master plan of shoreline acquisition; and be it further

Resolved, That the Secretary of the Senate is directed to transmit a copy of this resolution to the Director of Natural Resources and to each member of the State Park Commission and to the clerk and members of the Board of Supervisors of Humboldt County.

CHAPTER 222

Senate Concurrent Resolution No. 25—Relative to alternate route for Redwood Highway.

[Filed with Secretary of State, June 8, 1955.]

WHEREAS, The steady increase of traffic on the Redwood Highway indicates the need in the relatively near future of a modern, standard divided freeway of at least four lanes on that route; and

WHEREAS, This highway (U. S. 101 and, for a short distance U. S. 199) traverses the State redwood parks for 50 miles out of a total length of approximately 400 miles in California; and

WHEREAS, The redwood forests preserved in these parks, containing many trees as old as the Christian era, are world-famous for their spectacular beauty and are among the leading assets of California's billion dollar tourist industry; and

WHEREAS, The widening of the Redwood Highway to four-lane width on its present location through the parks would involve serious impairment, and in some cases virtual destruction of many of the finest groves preserved with State funds matched with millions in private gifts; and

WHEREAS, The State in accepting such gifts, assumed a trusteeship which carries the obligation to exert every effort to avoid, if possible, the destruction which a four-lane freeway would entail on its present line; and

WHEREAS, The present highway, particularly in Humboldt Redwoods State Park, would serve its highest purpose and give greater pleasure to tourists and recreationists if it could be maintained as a parkway relatively free from trucking and commercial traffic, and, with reasonable modifications in the interest of safety at certain points, would satisfactorily serve as such a tourist parkway for many years to come; and

WHEREAS, In the interest of maintaining the beauty of the present highway and the integrity of the parks, it has been urged that every attempt be made by the Division of Highways and the Division of Beaches and Parks to find new routes along certain portions of this highway, which would meet all traffic requirements and yet would make it unnecessary to cut a wide freeway through the redwood groves; and

WHEREAS, This problem is particularly acute with respect to Humboldt Redwoods State Park; and

WHEREAS, Preliminary examination has indicated that an alternate route to the present line in Humboldt Redwoods State Park, with favorable grades and alignment, is possible; and

WHEREAS, The State Highway Commission, Division of Highways, Department of Public Works, in consultation and cooperation with the State Park Commission, Division of Beaches and Parks, Department of Natural Resources, have undertaken a study of the possibility of the ultimate widened highway being constructed on routes other than the present line, and by-passing the redwood parks approximately 25 miles along U. S. 101 between Phillipsville and Englewood; and

WHEREAS, The State Division of Highways has made a preliminary estimate of the cost of the by-pass highway and is engaged in studying the cost of realignment on the present line of U. S. 101; now, therefore, be it

Resolved, that the Senate of this Legislature, the Assembly concurring, Favors the appropriation from the Park Fund of such sums as may be shown to be necessary to meet the actual difference in cost, if any, between widening the existing U. S. 101 in Humboldt Redwoods State Park and constructing the by-pass highway on a new line.

CHAPTER 223

Senate Joint Resolution No. 34—Relative to the construction of proposed National Forest Highway Route 74.

[Filed with Secretary of State, June 8, 1955.]

WHEREAS, One of the proposed national forest highways in this State is National Forest Highway Route 74 (the "North Fork Route"), which would be located in Sierra National Forest in Madera and Fresno Counties, linking the Bass Lake region and the Shaver Lake and Huntington Lake regions of said national forest; and

WHEREAS, This route will also serve as part of a connecting link between Yosemite National Park and General Grant Grove, Kings Canyon National Park, and Sequoia National Park; and

WHEREAS, Many school children residing in the Bass Lake region attend the Sierra Union High School located in Auberry in Fresno County and at the present time are compelled to spend as much as five hours daily traveling to and from this school on existing roads in this area, and approximately two hours of this time spent in school busses could be eliminated by the construction of National Forest Highway Route 74 between these areas; and

WHEREAS, While some federal-aid funds have been allocated for the construction of a portion of this route, and 4.3 miles of the proposed 26.6 miles of said route have been completed, the existing plans of the United States Forest Service, the United States Bureau of Public Roads, and the California Department of Public Works apparently do not call for the completion of this project in the near future; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States and the federal and state officials charged with the duty of constructing national forest highways in this State to take whatever steps are necessary to provide for the construction of National Forest Highway Route 74 as soon as practical in the orderly development of the Forest Highway System; and be it further

Resolved, That the Secretary of the Senate be hereby directed to transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to each Senator and Representative from California in the Congress of the United States, to the Commissioner of the Bureau of Public Roads in the Department of Commerce, to the Chief of the Forest Service in the Department of Agriculture, and to the Director of the California Department of Public Works.

Resolved by the Senate, the Assembly concurring, That the Legislature of the State of California at its 1955 Regular Session commencing on the third day of January, 1955, two-thirds of the members elected to each of the two houses of the Legislature voting therefor, hereby proposes to the people of the State of California that the Constitution of the State be amended by adding Section 2 to Article XXI thereof, to read:

SEC. 23 No person shall be eligible to the office of a Justice of the Supreme Court, or of a district court of appeal, or of a judge of a superior court, or of a municipal court, unless he shall have been admitted to practice before the Supreme Court of the State for a period of at least five years immediately preceding his election or appointment to such office; provided, however, that any elected judge who has served by election or appointment since November 7, 1945, as such judge or as a justice of the peace of a court superseded by a justice or municipal court and has served continuously as a judge of such superseding court after such date until the establishment, prior to January 1, 1960, of a municipal court, shall be eligible to become the judge of a municipal court which supersedes the court of which he is judge upon the establishment of said municipal court or at the first election of judges thereto and for any consecutive terms thereafter for which he may be re-elected. CHAPTER 232

Assembly Joint Resolution No. 38—Relative to H.R. 4927, amending the Immigration and Nationality Act relating to certain Mexican aliens.

[Filed with Secretary of State, June 15, 1955]

WHEREAS, There is no provision in Public Law 414, commonly known as the McCarran-Walter Act, to adjust status for Mexican aliens (citizens of contiguous countries) where the deportation or refusal to grant re-entry will cause, or has caused, extreme family hardship to American citizen spouses or children; and

WHEREAS, It does not appear that it was the intention of the authors or those who supported enactment of this law to cause separation of families and the banishment forever of a parent to Mexico, simply because in the desperate effort of these men to better their environment, they crossed our border without color of right; and

WHEREAS, In many instances in the past individuals have walked across our unguarded southern border, entering the United States illegally in violation of the United States immigration laws; and

WHEREAS, The entry of such persons may have occurred many years prior to their banishment or deportation from this

country, and after they had become the parents of families, and had become taxpayers and respected residents of our country; and

WHEREAS, Separation of mother or father from their children results in great moral, physical, and financial hardship on such persons, leading to juvenile delinquency and disruption of our community life; and

WHEREAS, In addition to the moral hardship caused by the separation of families, this law imposes a serious financial burden upon the taxpayers of this State, in that there are many hundreds of such families compelled to seek social aid and public assistance at a high cost to the taxpayers; and

WHEREAS, Many of our most respected citizens are of Mexican ancestry and our Nation has great ties of friendship with our southern neighbor and friend, who has served with us in the struggle of freedom and democracy in our turbulent world; and

WHEREAS, There is pending before Congress legislation, H R. 4927, which would amend the immigration laws to provide relief from the hardship in such cases, while still imposing adequate safeguards to discourage illegal entrants; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California hereby respectfully memorializes the Congress of the United States to enact H. R. 4927; and be it further

Resolved, That the Chief Clerk of the Assembly be hereby directed to transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

WHEREAS, Santa Clara, Alameda, San Benito, Contra Costa, and Santa Cruz Counties comprise one of the fastest growing regions of the State of California; and

WHEREAS, A great increase in population and in industrial development, together with intense agricultural activity, have combined to tax severely the existing water supplies of the region; and

WHEREAS, At present the watersheds of Santa Clara, Alameda, San Benito, Contra Costa, and Santa Cruz Counties are virtually the sole source of the water supply for the region; and

WHEREAS, To meet the desperate water needs of this region, it is necessary that an additional supply of water be provided with the least possible delay; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the Congress of the United States and the Secretary of the Interior to take such action through the Bureau of Reclamation as may be necessary to conduct and complete with the least possible delay the necessary investigations, surveys and studies for the purpose of providing plans and feasibility reports to furnish a supply of water from the Central Valley Project to Santa Clara, San Benito, Alameda, Contra Costa and Santa Cruz Counties, all generally in keeping with Section 2 of the Act of October 14, 1949 (63 Stat. 852) authorizing the American River Division, Central Valley Project; and be it further

WHEREAS, State Highway Route 23, which extends from Los Angeles to U. S. Highway 50 near Lake Tahoe and which is

included in the federal highway system as a portion of U. S. Highways 6 and 395, is an important link in both the state and federal highway systems; and

WHEREAS, In addition to the extensive interstate traffic upon this highway, there is also, on the portion of this highway between Palmdale and Lancaster, a large amount of traffic thereon from State Highway Routes 23 and 59, plus local traffic and traffic from Edwards Air Force Base and Palmdale Air Force Base on which three airplane assembly plants are located with a total of 2,400 employees; and

WHEREAS, The area in the vicinity of Palmdale and Lancaster is a center of airplane assembly plants and more of such plants are expected to be constructed in the near future; and

WHEREAS, In the event of atomic attack, tremendous amounts of traffic will flow through this area using this highway; and

WHEREAS, It is essential in order for this portion of State Highway Route 23 to be adequate to support the present traffic, the additional traffic which may be expected within the next few years, and the traffic which will necessarily be imposed upon this highway in the event of atomic attack, that this highway be constructed at the earliest possible time as a four-lane highway; and

WHEREAS, The proposed rerouting of State Highway Route 23 from State Highway Route 4 (U S Highway 99) to Mojave will not be completed for some years, but the traffic requirements between Palmdale and Lancaster necessitate early attention; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Department of Public Works and the California Highway Commission be requested either to include in the 1956-7 state highway budget the necessary allocation of money for the construction of State Highway Route 23 between Palmdale and Lancaster as a four-lane highway on the existing alignment, or to complete the plans and expedite to the greatest possible extent the construction of the rerouting of said Route 23 between Palmdale and Lancaster; and be it further

Resolved, That the Chief Clerk of the Assembly be directed to submit a copy of this resolution to the Honorable Frank B. Durkee, Director of Public Works.

WHEREAS, From time to time the State Water Resources Board makes reports and recommendations to the Governor

and the Legislature concerning proposed water development projects; and

WHEREAS, Irrigable land is a limited, irreplaceable resource and basic to the production of food and fiber for our rapidly increasing population; and

WHEREAS, Excellent irrigable land is being encroached upon by the construction of certain public projects, as well as by rapidly expanding urban and industrial development; and

WHEREAS, It is possible that the amount of irrigable land available, rather than the availability of water, could ultimately limit agricultural development in this State; and

WHEREAS, Loss of irrigable land is caused not only by State water development projects but by many other forms of public improvements, including highways, subdivisions, airports, military establishments; and

WHEREAS, In considering the advisability and feasibility of such projects the Legislature should be informed as to the estimates of the relative benefits and costs of each such proposed project; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the State Water Resources Board, in submitting its reports and recommendations to the Legislature on projects to be authorized for immediate construction, include economic studies of such projects based on estimated benefits to be derived from each such project and the costs thereof, considering, among other things, the cost of the facilities, land, and other necessary expenses, and the present worth of the net returns, including annual interest thereon, that would otherwise be derived during the estimated useful life of the project, not to exceed 40 years, from the lands taken for project purposes, listing each item of benefit cost separately; and be it further

Resolved, That all state agencies are hereby requested to consider the problem of encroachment of nonagricultural improvements on irrigable land and to take such action as may be reasonably possible to hold such encroachment to a minimum; and be it further

Resolved, That the Chief Clerk of the Assembly transmit copies of this resolution to the State Water Resources Board, the State Engineer, the Water Project Authority and all other state agencies concerned.

[Filed with Secretary of State, June 15, 1955]

Resolved by the Assembly, the Senate concurring, That the Legislature of the State of California at its 1955 Regular Session commencing on the third day of January, 1955, two-thirds of the members elected to each of the two houses of the Legislature voting therefor, hereby proposes to the people of the State of California that the Constitution of the State be amended as follows:

First: That the first paragraph of Section 1 of Article IV be amended to read:

SECTION 1. The legislative power of this State shall be vested in a Senate and House of Representatives which shall be designated "the Legislature of the State of California," but the people reserve to themselves the power to propose laws and amendments to the Constitution, and to adopt or reject the same, at the polls independent of the Legislature, and also reserve the power, at their own option, to so adopt or reject any act, or section or part of any act, passed by the Legislature. The enacting clause of every law shall be "The people of the State of California do enact as follows:"

Second: That Section 3 of Article IV be amended to read:

SEC. 3. Representatives shall be elected in the year 1879, at the time and in the manner now provided by law. The second election of Representatives after the adoption of this Constitution shall be on the first Tuesday after the first Monday in November, 1880. Thereafter, Representatives shall be chosen biennially, and their term of office shall be two years; and each

election shall be on the first Tuesday after the first Monday in November, unless otherwise ordered by the Legislature.

Third: That Section 4 of Article IV be amended to read:

SEC. 4. Senators shall be chosen for the term of four years, at the same time and places as Representatives, and no person shall be a Member of the Senate or House of Representatives who has not been a citizen and inhabitant of the State three years, and of the district for which he shall be chosen one year, next before his election.

Fourth: That Section 5 of Article IV be amended to read:

SEC. 5. The Senate shall consist of 40 members, and the House of Representatives of 80 members, to be elected by districts, numbered as hereinafter provided. The seats of the 20 Senators elected in the year 1882 from the odd numbered districts shall be vacated at the expiration of the second year, so that one-half of the Senators shall be elected every two years; provided, that all the Senators elected at the first election under this Constitution shall hold office for the term of three years.

Fifth: That Section 6 of Article IV be amended to read:

SEC. 6. For the purpose of choosing Members of the Legislature, the State shall be divided into 40 senatorial and 80 house of representatives districts to be called senatorial and house of representatives districts. Such districts shall be composed of contiguous territory, and house of representatives districts shall be as nearly equal in population as may be. Each senatorial district shall choose one Senator and each house of representatives district shall choose one Representative. The senatorial districts shall be numbered from 1 to 40, inclusive, in numerical order, and the house of representatives districts shall be numbered from 1 to 80 in the same order, commencing at the northern boundary of the State and ending at the southern boundary thereof. In the formation of house of representatives districts no county, or city and county, shall be divided, unless it contains sufficient population within itself to form two or more districts, and in the formation of senatorial districts no county, or city and county, shall be divided, nor shall a part of any county, or of any city and county, be united with any other county, or city and county, in forming any house of representatives or senatorial district. The census taken under the direction of the Congress of the United States in the year 1920, and every 10 years thereafter, shall be the basis of fixing and adjusting the legislative districts; and the Legislature shall, at its first regular session following the adoption of this section and thereafter at the first regular session following each decennial federal census, adjust such districts, and reapportion the representation so as to preserve the house of representatives districts as nearly equal in population as may be; but in the formation of senatorial districts no county or city and county shall contain more than one senatorial district, and the counties of small population shall be grouped in districts of not to exceed three counties in any one senatorial dis-

trict; provided, however, that should the Legislature at the first regular session following the adoption of this section or at the first regular session following any decennial federal census fail to reapportion the house of representatives and senatorial districts, a Reapportionment Commission, which is hereby created, consisting of the Lieutenant Governor, who shall be chairman, and the Attorney General, State Controller, Secretary of State and State Superintendent of Public Instruction, shall forthwith apportion such districts in accordance with the provisions of this section and such apportionment of said districts shall be immediately effective the same as if the act of said Reapportionment Commission were an act of the Legislature, subject, however, to the same provisions of referendum as apply to the acts of the Legislature.

Each subsequent reapportionment shall carry out these provisions and shall be based upon the last preceding federal census. But in making such adjustments no persons who are not eligible to become citizens of the United States, under the naturalization laws, shall be counted as forming a part of the population of any district. Until such districting as herein provided for shall be made, Senators and Representatives shall be elected by the districts according to the apportionment now provided for by law.

Sixth: That Section 17 of Article IV be amended to read:

SEC. 17. The House of Representatives shall have the sole power of impeachment, and all impeachments shall be tried by the Senate. When sitting for that purpose, the Senators shall be upon oath or affirmation, and no person shall be convicted without the concurrence of two-thirds of the members elected.

Seventh: That Section 19 of Article IV be amended to read:

SEC. 19. No Senator or Representative shall, during the term for which he shall have been elected, hold or accept any office, trust, or employment under this State; provided, that this provision shall not apply to any office filled by election by the people.

Eighth: That Section 27 of Article IV be amended to read:

SEC. 27. When a congressional district shall be composed of two or more counties, it shall not be separated by any county belonging to another district. No county, or city and county, shall be divided in forming a congressional district so as to attach one portion of a county, or city and county, to another county, or city and county, except in cases where one county, or city and county, has more population than the ratio required for one or more congressmen; but the Legislature may divide any county, or city and county, into as many congressional districts as it may be entitled to by law. Any county, or city and county, containing a population greater than the number required for one congressional district shall be formed into one or more congressional districts, according to the population thereof, and any residue, after forming such district or districts, shall be attached by compact adjoining house of representatives districts to a contiguous county or counties, and

form a congressional district. In dividing a county, or city and county, into congressional districts no house of representatives district shall be divided so as to form a part of more than one congressional district, and every such congressional district shall be composed of compact contiguous house of representatives districts.

Ninth: That Section 38 be added to Article IV, to read:

SEC. 38. Whenever in this Constitution or the laws of this State "Assembly" is used, it shall be deemed to refer to the House of Representatives.

Whenever in this Constitution or the laws of this State "Assemblyman" or "Member of the Assembly" is used, it shall be deemed to refer to Representative.

WHEREAS, Billy Vukovich was a native of Oakland, who moved to the Fresno area as a child, lived near Kerman and then Sanger, and finally made his home in Fresno, during all of which time he manifested a keen interest in midget car racing, becoming the outstanding midget pilot in 1953, winning the classic at Indianapolis with an average speed of 128.74, and was twice the international winner, in addition to numerous other sensational victories; and

WHEREAS, The progress of mankind through the ages has been advanced not alone by the planner, the statesman and the scientist, but has been speeded as well by the adventurer, the type who forded raging rivers, crossed treacherous quicksands and conquered burning deserts; and

WHEREAS, That spiritual quality of zest for adventure which has spurred the finest of our youth to enter athletic and other competitive sports, whether it be soaring into the deep blue yonder, facing the flying spray and the blown spume of the restless sea or hazarding the hurtling tons of flashing metal on the motorway, has been a most potent factor in dis-

tinguishing mankind as the creature cast in the image of God; and

WHEREAS, The weakling, the acquisitive and the self-centered individual may well belittle the sacrifice of the sportsman, as the poet has said—

"They sit at home, and they dream and dally,
Raking the embers of long-dead years—
But ye go down to the haunted valley,
Light-hearted pioneers.
They have forgotten they ever were young,
They hear your songs as an unknown tongue,
But the flame of God through your spirit stirs,
Adventurers—O adventurers!"

"But death himself to your pride defers
Adventurers—O adventurers."

and be it further

Resolved, That when the Legislature shall cease from its business of enacting legislation on this second day of June, 1955, it shall adjourn in honor of the memory of Billy Vukovich; and be it further

WHEREAS, Freedom of the press, under the Constitution of the United States, guarantees the right of the people to know what is transpiring daily in the affairs of the Nation and of the world and guards the right of the people to disagree with the views and acts of their fellow citizens, both of which rights serve to build understanding and protect liberties gained through centuries of struggle; and

WHEREAS, The newspapers of Japan now enjoy and have, for the last decade, enjoyed the same freedom of the press with which we are so familiar and have sent their representatives on occasion to this State to study at first hand the operations of our newspapers under our practices of free reporting and have expressed the thought that the peoples of our two nations can come to know each other better through the columns of the daily press in our respective countries; and

WHEREAS, In these days of international uncertainty and tension there is nothing so important as the cementing of friendly relations, between the free peoples of the Pacific Basin and in particular between the people of our State and Nation and the people of Japan, for the development of greater understanding and appreciation of our mutual needs and opportunities; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature commends our distinguished California citizen, Mr. John B. Resolved, That the Legislature record its pleasure in being able to make to the newspapers and the people of Japan this friendly introduction of our State's outstanding authority on freedom of the press in our economy who will be able to discuss, both formally and informally, with key groups in Japan, the operation of our American newspapers in our daily American life; and be it further

Resolved, That the Secretary of the Senate transmit copies of this resolution to Mr. John B. Long and to Mr. Masao Tsuda.

[Filed with Secretary of State, June 17, 1955.]

Resolved by the Senate, the Assembly concurring, That the Legislature of the State of California at its 1955 Regular Session commencing on the third day of January, 1955, two-thirds of the members elected to each of the two houses of the Legislature voting therefor, hereby proposes to the people of the State of California that the Constitution of the State be amended by amending Section 22 of Article XX thereof, relating to alcoholic beverages, to read:

SEC. 22. The State of California, subject to the internal revenue laws of the United States, shall have the exclusive right and power to license and regulate the manufacture, sale, purchase, possession and transportation of alcoholic beverages within the State, and subject to the laws of the United States regulating commerce between foreign nations and among the states shall have the exclusive right and power to regulate the importation into and exportation from the State, of alcoholic beverages. In the exercise of these rights and powers, the Legislature shall not constitute the State or any agency thereof a manufacturer or seller of alcoholic beverages.

All alcoholic beverages may be bought, sold, served, consumed and otherwise disposed of in premises which shall be licensed as provided by the Legislature. In providing for the licensing of premises, the Legislature may provide for the issuance of, among other licenses, licenses for the following types of premises where the alcoholic beverages specified in the licenses may be sold and served for consumption upon the premises:

(a) For bona fide public eating places, as defined by the Legislature.

(b) For public premises in which food shall not be sold or served as in a bona fide public eating place, but upon which premises the Legislature may permit the sale or service of food products incidental to the sale and service of alcoholic beverages. No person under the age of 21 years shall be permitted to enter and remain in any such premises without lawful business therein.

(c) For public premises for the sale and service of beers alone.

(d) Under such conditions as the Legislature may impose, for railroad dining or club cars, passenger ships, common carriers by air, and bona fide clubs after such clubs have been lawfully operated for not less than one year.

The sale, furnishing, giving, or causing to be sold, furnished, or giving away of any alcoholic beverage to any person under the age of 21 years is hereby prohibited, and no person shall sell, furnish, give, or cause to be sold, furnished, or given away any alcoholic beverage to any person under the age of 21 years, and no person under the age of 21 years shall purchase any alcoholic beverage.

The Director of Alcoholic Beverage Control shall be the head of the Department of Alcoholic Beverage Control, shall be appointed by the Governor subject to confirmation by a majority vote of all of the members elected to the Senate, and shall serve at the pleasure of the Governor. The director may be removed from office by the Governor, and the Legislature shall have the power, by a majority vote of all members elected to each house, to remove the director from office for dereliction of duty or corruption or incompetency. The director may appoint three persons who shall be exempt from civil service, in

addition to the person he is authorized to appoint by Section 4 of Article XXIV.

The Department of Alcoholic Beverage Control shall have the exclusive power, except as herein provided and in accordance with laws enacted by the Legislature, to license the manufacture, importation and sale of alcoholic beverages in this State, and to collect license fees or occupation taxes on account thereof. The department shall have the power, in its discretion, to deny, suspend or revoke any specific alcoholic beverages license if it shall determine for good cause that the granting or continuance of such license would be contrary to public welfare or morals, or that a person seeking or holding a license has violated any law prohibiting conduct involving moral turpitude. It shall be unlawful for any person other than a licensee of said department to manufacture, import or sell alcoholic beverages in this State.

The Alcoholic Beverage Control Appeals Board shall consist of three members appointed by the Governor, subject to confirmation by a majority vote of all of the members elected to the Senate. Each member, at the time of his initial appointment, shall be a resident of a different county from the one in which either of the other members resides. The members of the board may be removed from office by the Governor, and the Legislature shall have the power, by a majority vote of all members elected to each house, to remove any member from office for dereliction of duty or corruption or incompetency.

When any person aggrieved thereby appeals from a decision of the department ordering any penalty assessment, issuing, denying, transferring, suspending or revoking any license for the manufacture, importation, or sale of alcoholic beverages, the board shall review the decision subject to such limitations as may be imposed by the Legislature. In such cases, the board shall not receive evidence in addition to that considered by the department. Review by the board of a decision of the department shall be limited to the questions whether the department has proceeded without or in excess of its jurisdiction, whether the department has proceeded in the manner required by law, whether the decision is supported by the findings, and whether the findings are supported by substantial evidence in the light of the whole record. In appeals where the board finds that there is relevant evidence which, in the exercise of reasonable diligence, could not have been produced or which was improperly excluded at the hearing before the department it may enter an order remanding the matter to the department for reconsideration in the light of such evidence. In all other appeals the board shall enter an order either affirming or reversing the decision of the department. When the order reverses the decision of the department, the board may direct the reconsideration of the matter in the light of its order and may direct the department to take such further action as is specially enjoined upon it by law, but the order shall not limit or control in any way the discretion vested by law in

the department. Orders of the board shall be subject to judicial review upon petition of the director or any party aggrieved by such order.

A concurrent resolution for the removal of either the director or any member of the board may be introduced in the Legislature only if five Members of the Senate, or 10 Members of the Assembly, join as authors.

Until the Legislature shall otherwise provide, the privilege of keeping, buying, selling, serving, and otherwise disposing of alcoholic beverages in bona fide hotels, restaurants, cafes, cafeterias, railroad dining or club cars, passenger ships, and other public eating places, and in bona fide clubs after such clubs have been lawfully operated for not less than one year, and the privilege of keeping, buying, selling, serving, and otherwise disposing of beers on any premises open to the general public shall be licensed and regulated under the applicable provisions of the Alcoholic Beverage Control Act, insofar as the same are not inconsistent with the provisions hereof, and excepting that the license fee to be charged bona fide hotels, restaurants, cafes, cafeterias, railroad dining or club cars, passenger ships, and other public eating places, and any bona fide clubs after such clubs have been lawfully operated for not less than one year, for the privilege of keeping, buying, selling, or otherwise disposing of alcoholic beverages, shall be the amounts prescribed as of the operative date hereof, subject to the power of the Legislature to change such fees.

The State Board of Equalization shall assess and collect such excise taxes as are or may be imposed by the Legislature on account of the manufacture, importation and sale of alcoholic beverages in this State.

The Legislature may authorize, subject to reasonable restrictions, the sale in retail stores of alcoholic beverages contained in the original packages, where such alcoholic beverages are not to be consumed on the premises where sold; and may provide for the issuance of all types of licenses necessary to carry on the activities referred to in the first paragraph of this section, including, but not limited to, licenses necessary for the manufacture, production, processing, importation, exportation, transportation, wholesaling, distribution, and sale of any and all kinds of alcoholic beverages.

The Legislature shall provide for apportioning the amounts collected for license fees or occupation taxes under the provisions hereof between the State and the cities, counties and cities and counties of the State, in such manner as the Legislature may deem proper.

All constitutional provisions and laws inconsistent with the provisions hereof are hereby repealed.

The provisions of this section shall be self-executing, but nothing herein shall prohibit the Legislature from enacting laws implementing and not inconsistent with such provisions.

This amendment shall become operative on January 1, 1957.
