STATUTES OF CALIFORNIA

REGULAR SESSION

1961

Began Monday, January 2, 1961, and Adjourned
Friday, June 16, 1961

CHAPTER 1

An act to add Section 6700.5 to the Welfare and Institutions Code, relating to the transfer of state hospital patients, declaring the urgency thereof, to take effect immediately.

[Approved by Governor January 27, 1961. Filed with Secretary of State January 28, 1961.] In effect immediately

The people of the State of California do enact as follows:

SECTION 1. Section 6700.5 is added to the Welfare and Institutions Code, to read:

6700.5. Whenever, in the opinion of the Director of Mental Hygiene and with the approval of the Director of Corrections, any person who has been committed to a state hospital pursuant to provisions of the Penal Code needs care and treatment under conditions of custodial security which can be better provided within the Department of Corrections, such person may be transferred for such purposes from an institution under the jurisdiction of the Department of Mental Hygiene to an institution under the jurisdiction of the Department of Corrections.

Persons so transferred shall not be subject to the provisions of Sections 4500, 4501, 4501.5, 4502, 4530, or 4531 of the Penal Code. However, they shall be subject to the general rules of the Director of Corrections and of the facility where they are confined and any correctional employee dealing with such persons during the course of an escape or attempted escape, a fight or a riot, shall have the same rights, privileges and immunities as if the person transferred had been committed to the Director of Corrections

SEC. 2. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are: Urgency

The Penal Code provides for commitment to state hospitals of certain persons who have been charged with criminal offenses. Some of these individuals now confined are extremely dangerous and require confinement in secure facilities for their own protection and for the protection of the public. The state hospitals are not provided with adequate security features for such individuals and it is necessary that they be confined in facilities of the Department of Corrections. In order to permit such confinement at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 2

An act to add Section 30685 to the Streets and Highways Code, relating to the San Pedro-Terminal Island Bridge, and declaring the urgency thereof, to take effect immediately.

In effect immediately

[Approved by Governor January 27, 1961. Filed with Secretary of State January 28, 1961.]

The people of the State of California do enact as follows:

SECTION 1. Section 30685 is added to the Streets and Highways Code, to read:

30685. The cost of operation of the toll bridge, including the cost of insurance against loss of tolls or other revenue therefrom, shall be paid from the tolls and revenue received from the use and operation of said bridge. The cost of physical maintenance, including the cost of insurance of said bridge against all risks, shall be paid by the department as provided in Section 188.3 of this code.

Urgency

SEC. 2. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are: The San Pedro-Terminal Island Bridge is urgently needed to alleviate critical transportation problems at its proposed site. Unless the law is clarified as to the source of payment of the operational and physical maintenance costs, bonds cannot be sold to finance construction of the bridge.

CHAPTER 3

An act to add Sections 19611.5 and 19619.1 to the Education Code, relating to state school building aid, declaring the urgency thereof, to take effect immediately.

In effect immediately

[Approved by Governor January 27, 1961. Filed with Secretary of State January 28, 1961.]

The people of the State of California do enact as follows:

SECTION 1. Section 19611.5 is added to the Education Code, to read:

Preceding year reductions

19611.5. Notwithstanding the provisions of Section 19611, the State Controller may add to the amount to be deducted under Section 19611, the amount of any reduction in any such deduction effected during a preceding year pursuant to Section 19619.1.

SEC. 2. Section 19619.1 is added to said code, to read:

Insufficient tax

19619.1. In the event the board of supervisors failed in the fiscal year 1960-61 to levy a tax upon the property in the district sufficient to raise for the district the amount of money to be withheld by the State Controller during the fiscal year

1960-61, as required by Section 19619, and in the event the county auditor certifies that fact and the amount of such insufficiency to the State Controller, that officer shall reduce the total amount of the deductions from apportionments to be made to that district pursuant to Section 19611 by the amount of such insufficiency.

Effect

SEC. 3. Section 19619.1 added by this act shall remain in effect only until July 1, 1961.

Urgency

SEC. 4. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

By reason of clerical error, there was a failure to levy a tax, for at least one school district, sufficient to provide the full amount of the 1960-61 annual repayment of apportionments made under the State School Building Aid Law of 1952 If this act were not to take effect immediately, the State Controller would be required by Section 19611 to deduct the total amount of the annual repayment for such district in equal amounts from the February through May installments of the apportionments to be made to the district from the State School Fund, which would seriously deplete the general fund of such district and would have its consequent effect upon the educational opportunities afforded to the children of the district.

CHAPTER 4

An act to amend Section 19877 of the Education Code, relating to the construction of school facilities, declaring the urgency thereof, to take effect immediately.

[Approved by Governor February 3, 1961 Filed with Secretary of State February 3, 1961.]

In effect immediately

The people of the State of California do enact as follows:

SECTION 1. Section 19877 of the Education Code is amended to read:

19877. Upon request of the board, supported by a statement of the apportionments made and to be made under Sections 19551 to 19689, inclusive, the committee shall determine whether or not it is necessary or desirable to issue any bonds authorized under this chapter in order to make such apportionments, and, if so, the amount of bonds then to be issued and sold. A sufficient number of bonds authorized under this chapter shall be issued and sold so that there shall be immediately available for apportionment the sum of: twenty million dollars ($20,000,000) less any amount transferred from the General Fund pursuant to any law providing for the appropriation and transfer of moneys from the General Fund for state school

building aid enacted at the 1960 First Extraordinary Session; on November 5, 1960, or as soon thereafter as such bonds can be issued and sold, the sum of two million dollars ($2,000,000); on December 5, 1960, the sum of two million dollars ($2,000,000); on January 5, 1961, the sum of nine million dollars ($9,000,000); on the effective date of this amendment to Section 19877 enacted at the 1961 Regular Session of the Legislature, the sum of thirty million dollars ($30,000,000); and on the fifth day of February and of each month thereafter the sum of ten million dollars ($10.000,000) or, if the Legislature so provides by concurrent resolution adopted after January 1, 1961, the sum of twelve million dollars ($12,000,000) for each month after the adoption of such resolution until a total of three hundred million dollars ($300,000,000) has become available for apportionment Successive issues of bonds may be authorized and sold to make such apportionments progressively, and it shall not be necessary that all of the bonds herein authorized to be issued shall be sold at any one time.

Urgency

SEC. 2. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Section 1 of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The State School Building Aid Bond Law of 1960 imposes limitations upon the amounts that may be made available monthly to school districts for the acquisition and construction of school facilities. The amounts so available each month are not adequate to provide sufficient school facilities. It is therefore necessary to make additional funds available immediately and it is the intent of this act that the additional amount provided herein shall be available in the month in which this act becomes effective.

CHAPTER 5

An act to amend Sections 3503, 3504, 3505, 3652, and 3802 of, and to add Section 3503.5 to, the Unemployment Insurance Code, relating to unemployment insurance, and declaring the urgency thereof to take effect immediately.

In effect immediately

[Approved by Governor February 25, 1961. Filed with Secretary of State February 25, 1961.]

The people of the State of California do enact as follows:

SECTION 1. Section 3503 of the Unemployment Insurance Code is amended to read:

3503. For the purposes of this part:

Definitions

(a) "Extended duration benefits" means the extended unemployment compensation benefits payable under this part.

(b) "Normal benefits" means the unemployment compensation benefits payable under Part 1 of this division.

(1) He has an unexpired benefit year and has exhausted his normal benefits.

(2) His most recent benefit year expired in the extended duration month in which he files a primary claim or in the immediately preceding three calendar months and he is not entitled to establish a benefit year.

(d) "Extension ratio" means the ratio for a calendar month computed during the month immediately preceding that calendar month by dividing:

(1) The average number of weeks of unemployment claimed in California per week during the three calendar months immediately preceding the date of the computation, excluding weeks of unemployment claimed in connection with unemployment compensation programs which are exclusively federal; by

(2) The average midmonthly covered employment reported by employers for the last four completed calendar quarters immediately preceding the date of the computation for which an official tabulation has been completed by the department on or before the 10th day of the month in which the computation is made.

(e) "Extended duration month" means a calendar month for which the extension ratio equals or exceeds 0.06.

(f) "Primary claim" means the first claim for extended duration benefits filed by an exhaustee with an effective date within an extended duration month for the purpose of establishing an extended duration award and an extended duration period.

(g) "Extended duration award" means the maximum amount of extended duration benefits allowable under this part to an eligible exhaustee.

(h) "Extended duration period" means a period beginning with the first day of the week with respect to which an exhaustee files a valid primary claim and ending with the last week which begins on or before the last day of the fifth calendar month following the extended duration month in which the valid primary claim was filed.

(i) "Parent benefit year" means the benefit year with respect to which an individual becomes an exhaustee.

(j) "Additional contributions" means the money payments to the Unemployment Fund required by this part.

SEC. 2. Section 3503.5 is added to said code, to read:

Extension ratio

3503.5. Notwithstanding the provisions of subdivision (d) of Section 3503 and of Section 3504, the computation of the "extension ratio" made by the director pursuant to Sections 3503 and 3504 during the month of February, 1961, for the month of March, 1961, shall also constitute the "extension ratio" for the month of February, 1961, for all of the purposes of this part.

Same

SEC. 3. Section 3504 of said code is amended to read:

3504. The director shall during the month immediately preceding each calendar month compute the extension ratio for that calendar month

Effect of federal program

SEC. 4. Section 3505 of said code is amended to read:

3505. Notwithstanding any other provision of this part, no payment of extended duration benefits shall be made to any individual for any week or part of any week with respect to which he is entitled to receive unemployment compensation benefits as a result of participation by this State pursuant to the provision of any federal law providing for the payment of such benefits or as a result of the application in any other manner to this State of any federal law providing for the payment of such benefits.

Valid primary claim

SEC. 5. Section 3652 of said code is amended to read:

3652. An exhaustee who desires to claim extended duration benefits shall file a valid primary claim. A primary claim for extended duration benefits shall be valid only if its effective date is within an extended duration month and the individual filing it is an unemployed exhaustee

Additional employer contributions

SEC. 6. Section 3802 of said code is amended to read:

3802. (a) Employers shall pay into the Unemployment Fund additional contributions upon all wages paid on and after January 1, 1959, with respect to employment at the following rate.

As of January 1, 1962, and January 1st of each succeeding year, the director shall determine the number of calendar months during the preceding calendar year for which the extension ratio equaled or exceeded 0.06. If the extension ratio equaled or exceeded 0.06 in the number of months which appears on any line in column 1 of the following table, the rate for additional contributions for all employers for the year in which the determination is made shall be the figure appearing on that same line in column 2 of that table:

Line	Column 1	Column 2 (Additional contribution rate)
1	None, 1, 2, 3, or 4	0.20%
2	5, 6, or 7	0.15%
3	8 or more	0.10%
4		

(b) Subdivision (a) shall not apply if at the time of calculating the additional contribution rate it is apparent that the rate so determined, multiplied by the estimated taxable wages for the year would cause a surplus in the extended duration benefit account exceeding approximately seven-tenths of one percent (0.7%) of such taxable wages. In that event the director shall reduce the additional contribution rate to the extent that when multiplied by the estimated taxable wages the surplus in such account will not exceed approximately seven-tenths of one percent (0.7%) of such taxable wages.

SEC. 7. The amendments made to Section 3802 of the Unemployment Insurance Code by Section 6 of this act shall not be construed to relieve any employer from its liability for additional contributions arising under the prior law and such liability, including liability for additional contributions for the year 1961 at the rate of 0.20 percent as determined by the Director of Employment pursuant to such prior law, is hereby expressly preserved. Same: Construction

SEC. 8. The amendments and additions to the Unemployment Insurance Code made by this act shall be effective with respect to primary claims filed with an effective date on or after the Sunday preceding the effective date of this act. Effect re primary claims

SEC. 9. This act is an urgency measure necessary for the immediate preservation of the public peace, health and safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are: Urgency

Since the statewide extension ratio computed under Chapter 1 of Part 3 of Division 1 of the Unemployment Insurance Code is 0.05762 for the first calendar quarter of 1961, it is not such as will make operative, during the first and second quarters of 1961, the provisons of law authorizing the payment of extended duration unemployment insurance benefits throughout the State. However, the Legislature finds that on the basis of current data, if a statewide extension ratio were computed using data for the three-month period of November and December, 1960 and January, 1961, it is apparent that such statewide extension ratio would exceed 0.06. The State is undergoing acute unemployment. Because unemployment insurance assistance is especially needed during critical months in the first and second calendar quarters of 1961 by individuals exposed to financial hardship because of these conditions of acute unemployment, it is necessary that this act take immediate effect in order that benefits will be available during this critical period of need.

CHAPTER 6

An act to add Section 2571 to the Education Code, relating to school districts, declaring the urgency thereof, to take effect immediately.

[Approved by Governor February 27, 1961. Filed with Secretary of State March 1, 1961.] In effect immediately

The people of the State of California do enact as follows:

SECTION 1. Section 2571 is added to the Education Code, to read:

2571. If a unified district is formed to include a city high school district and the boundaries of the high school district are coterminous with a junior college district and with the boundaries of the newly formed unified school district, the

junior college district shall remain a separate district and shall not become an integral part of the unified district.

This section applies only to a unified district heretofore or hereafter formed, the formation of which will be effective for all purposes on July 1, 1961.

The governing board of the unified district shall constitute the governing board of the junior college district, and after organizing as a junior college board shall have the management and control of the junior college district, provided, however, should any territory be included within the boundaries of such junior college district by annexation thereto or by change of boundaries thereof, which territory is not included within the unified district, such junior college district shall be governed by a board of five members who shall be elected in the same manner, for the same terms, and at the same time as are members of the governing boards of other junior college districts. Within 15 days after the effective date of the annexation or change of boundaries for the purpose of electing members of the governing board, the county superintendent of schools having jurisdiction over the junior college district shall call an election. The election shall be called and conducted pursuant to Section 937 of this code.

A junior college district remaining a separate district pursuant to this section shall not be deemed a newly created district within the meaning of Chapter 8 (commencing with Section 54900), Part 1, Division 2, Title 5 of the Government Code.

Urgency

SEC. 2. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The establishment of adequate junior college facilities and the administrative districts to operate them has prompted widespread consideration of the expansion of some existing junior college districts. The immediate prospect of the establishment of unified districts in the type of instance exempted by this act would unduly complicate the logical solution of the junior college district organization. There would be serious procedural difficulties involved in the junior college becoming an integral part of the unified district and subsequently having to be separated therefrom. The transfer of title to and the acquisition of property would be unduly involved. In order to provide a means for the orderly expansion of the junior college district and to permit annexation thereto without unnecessary procedure and complicated actions, it is essential that this act go into immediate effect.

CHAPTER 7

An act to repeal Section 20987 of, and to add Section 20987 to the Government Code, relating to the compulsory age for retirement under the State Employees' Retirement System, declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 1, 1961. Filed with Secretary of State March 1, 1961.] In effect immediately

The people of the State of California do enact as follows:

SECTION 1. Section 20987 of the Government Code is repealed: Repeal

SEC. 2. Section 20987 is added to said code, to read:

20987. During the effective period of this section, the compulsory retirement provisions of this article relating to state miscellaneous members and warden and forestry members shall be inoperative. While this section is in effect, its provisions shall supersede any existing provisions of law which are in conflict with the provisions of this section; but such provisions are not repealed by this section, and after this section is no longer effective shall have the same force as though this section had not been enacted. Suspension of provisions

This section shall remain in effect until August 1, 1961, unless legislation is enacted at the 1961 Regular Session of the Legislature authorizing the inclusion of state miscellaneous members of the State Employees' Retirement System in the federal system. If such legislation is enacted, this section shall remain in effect until January 1, 1962. Such members attaining compulsory retirement age in the month in which this section becomes effective or thereafter during the effective period of this section shall be retired on the first of the month following that in which this section ceases to be effective, unless the member applies for retirement as of an earlier date. Duration

SEC. 3. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are: Urgency

In order that the benefits of the federal system of old age and survivors insurance, if such benefits are made available to state employees, will not be denied to those employees who are in need thereof by reason of the arbitrary age fixed for compulsory retirement under the state system, it is necessary that this act take effect immediately.

CHAPTER 8

An act to repeal Sections 870 to 873, inclusive, of, and to amend Section 874 of, the Financial Code, relating to the reporting of dormant bank accounts, declaring the urgency thereof, to take effect immediately.

In effect immediately

[Approved by Governor March 1, 1961. Filed with Secretary of State March 1, 1961.]

The people of the State of California do enact as follows:

Repeal

SECTION 1. Section 870 of the Financial Code is repealed.

Repeal

SEC. 2. Section 871 of said code is repealed.

Repeal

SEC. 3. Section 872 of said code is repealed.

Repeal

SEC. 4. Section 873 of said code is repealed.

SEC. 5. Section 874 of said code is amended to read:

Abandoned or unclaimed deposits

874. Any bank which delivers or has heretofore delivered to the State Treasurer pursuant to law any unclaimed or abandoned deposit shall not thereafter be liable to any person for the same and any action which may be brought by any person against a bank for money so delivered to the State Treasurer shall be defended by the Attorney General without cost to the bank.

Urgency

SEC. 6. This act is an urgency measure necessary for the immediate preservation of the public peace, health and safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The Legislature at the 1959 Session enacted a comprehensive act known as The Abandoned Property Act which, among other things, provides for the reporting by banks to the State Controller of all dormant bank accounts and requires banks to turn over to the State Controller all unclaimed moneys in bank accounts which have been dormant for 15 years or more and provides for the publication of lists of all such accounts. In enacting this act the Legislature repealed certain provisions of the Code of Civil Procedure relating to dormant bank accounts but failed to repeal the provisions of the Financial Code which require banks before the first day of March in every odd-numbered year to publish a list of dormant accounts. Unless these provisions are repealed before the first Monday in March there will result a duplication of publications and the incurring of unnecessary expense which is chargeable against said dormant accounts. It is therefore essential to protect the public peace, health and safety and to prevent the depletion of many small bank accounts of savings depositors and others that this act go into immediate effect.

CHAPTER 9

An act to amend Sections 950, 955, and 956 of the Education Code, relating to school district elections, declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 1, 1961. Filed with Secretary of State March 2, 1961.] In effect immediately

The people of the State of California do enact as follows:

SECTION 1. Section 950 of the Education Code is amended to read:

950. (a) The governing board shall, or upon written request of the governing board the county clerk or the registrar of voters of the county in which the majority of the territory of the district is located shall, at least 10 days before the day fixed for the election, mail to each registered voter within the district a notice designating his polling place, the time of the election and a list of candidates for the governing board or boards. The cost thereof shall be paid out of the funds of the district. Notice given in compliance with this subdivision in any school district governing board member election shall constitute a compliance with the notice requirements of Section 1152 of this code. Notice of election, etc

(b) The provisions of subdivision (a) of this section and the provisions of Section 1152 of this code do not apply with respect to any election held on or before September 1, 1962, for a school district in a county having a population of 300,000 or less as determined by the 1960 federal census. With respect to such a school district election held on or before September 1, 1962, the governing board may mail to each registered voter within the district a notice designating his polling place, the time of the election and a list of the candidates for the governing board or boards. The cost thereof shall be paid out of the funds of the district. Application

SEC. 2. Section 955 of said code is amended to read:

_____

Residence address: _____"

In an election held under Section 1231 to elect additional governing board members all candidates for member of the governing board shall also indicate on their declaration of candidacy whether they are candidates for the existing office or for the new offices.

In a recall election all candidates for member of the governing board shall also state on their declaration of candidacy that they are candidates in the recall election to succeed the incumbent (naming him) if he is recalled.

SEC. 3. Section 956 of said code is amended to read:

Nomination by sponsors

956. In lieu of the method prescribed in Section 955, the name of any registered voter in the district shall be placed on the official ballot if proposed by written declaration with his consent. The declaration shall:

(a) Be signed by not less than three nor more than 10 persons each of whom is a registered voter and is a parent of a pupil attending a school of the district.

(b) State the place of residence and the occupation of the signers.

(c) Contain an acceptance of nomination signed by the candidate.

(d) Be filed with the county superintendent of schools having jurisdiction not less than 46 days prior to the election.

(e) In an election held under Section 1231 to elect additional governing board members, contain a statement whether the proposed candidate is a candidate for the existing office or for the new offices.

(f) In a recall election, contain a statement that the proposed candidate is a candidate in the recall election to succeed the incumbent (naming him) if he is recalled.

Operative dates

SEC. 4. Section 1 of this act shall become operative immediately. Sections 2 and 3 of this act shall become operative on July 1, 1961.

Urgency

SEC. 5. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

This act changes the notice requirements applicable to elections of school district governing bodies. In order that the new notice requirements may apply to the forthcoming school election, to be held in April, 1961, it is essential that this act go into effect immediately.

CHAPTER 10

An act to amend Sections 3, 13, 22, 33.5, 45, 66.5, 70, 75, 76, and 77 of, and to add Sections 22.1, 75.1, 75.2, 75.3, 75.4, 76.1, and 78 to, the Citrous Pest District Control Act (Chapter 89, Statutes of 1939), relating to citrous pest control districts, declaring the urgency thereof, to take effect immediately.

the districts in this article defined can be altered, restricted or extended.

Also, the improvement of planting cotton seed and cotton has been developed successfully through a co-ordinated program by federal, state and county co-operation in breeding and in research in co-operation with the cotton industry in the San Joaquin Valley at the United States Cotton Field Station near Shafter, in Kern County, California, where Acala cotton seed and cotton has been under development for use and has been used in that valley.

SEC. 2. Section 951 of said code is amended to read:

Unlawful to plant etc., other than "Acala"

951. In the districts in this article defined, it is unlawful to plant, possess for planting, pick, harvest, or gin any variety or species of cotton other than that variety or species known as "Acala," which consists of the seeds or plants derived from the common seed stocks under the one variety breeding program at the United States Cotton Field Station, Shafter, California.

SEC. 3. Section 955 is added to said code, to read:

Public nuisance

955. Any seed cotton, cotton plant or cotton seed not in compliance with the provisions of this article is a public nuisance and shall be subject to seizure on complaint of the director or the commissioner to a court of competent jurisdiction in the area in which the seed cotton, cotton plant or cotton seed is located.

Same: Abatement

956. The district attorney of the county in which any such nuisance is found, on the relation of the director or the commissioner, shall maintain, in the name of the people of the State of California, a civil action to abate and prevent such nuisance; and upon judgment and by order of the court, such nuisance shall be condemned and destroyed in the manner directed by the court, denatured, or otherwise processed, or released upon such conditions as the court in its discretion may impose to insure that the nuisance will be abated.

SEC. 5. Section 957 is added to said code, to read:

Disposal of seed by court order

957. If the owner fails to comply with the order of the court within the time specified therein, the court shall order disposal of the seed cotton, cotton plant or cotton seed and containers, or the sale thereof, under such terms and conditions as the court may prescribe, by the director or the commissioner, or by the sheriff, marshal or constable; and in the event the court orders the sale of any of the seed cotton, cotton plants or cotton seed and containers which can be salvaged, the costs of disposal shall be deducted from the proceeds of sale and the balance paid into court for the owner.

SEC. 6. Section 958 is added to said code, to read:

Enforcement

958. The duty of enforcing this article and carrying out its provisions and requirements is vested in the director and the commissioner of each county acting under the supervision and direction of the director.

4015. If a majority of the voters voting on a proposed ordinance vote in its favor, the ordinance shall become a valid and binding ordinance of the city. The ordinance shall be considered as adopted upon the date that the vote is declared by the legislative body, and shall go into effect 10 days after that date. No ordinance proposed by initiative petition and adopted by the vote of the legislative body of the city without submission to the voters, or adopted by the voters, shall be repealed or amended except by a vote of the people, unless provision is otherwise made in the original ordinance.

Effective date

Repeal or amendment

Number of ordinances voted on

4016. Any number of proposed ordinances may be voted upon at the same election, but not more than one special election in any period of six months may be held under the provisions of this article.

Arguments

4017. The persons filing an initiative petition pursuant to this article may file with the petition a written argument in favor of the ordinance, and the legislative body may submit an argument against the ordinance. Neither argument shall exceed 300 words in length, and both arguments shall be printed upon the same sheet of paper and mailed to each voter with the sample ballot for the election

Conflict between ordinances

4018. If the provisions of two or more ordinances adopted at the same election conflict, the ordinance receiving the highest number of affirmative votes shall control.

Submission of proposition without petition

4019. The legislative body of the city may submit to the voters, without a petition therefor, a proposition for the repeal, amendment, or enactment of any ordinance, to be voted upon at any succeeding regular or special city election, and if the proposition submitted receives a majority of the votes cast on it at the election, the ordinance shall be repealed, amended or enacted accordingly. A proposition may be submitted, or a special election may be called for the purpose of voting on a proposition, by ordinance or resolution.

Printing of proposed ordinance

4020. Whenever any ordinance or measure is required by this article to be submitted to the voters of a city at any election, the clerk of the legislative body shall cause the ordinance or measure to be printed. He shall mail a copy of the ordinance or measure, enclosed in an envelope with a sample ballot, to each voter at least 10 days prior to the election.

Enacting clause

4021. The enacting clause of an ordinance submitted to the voters of a city shall be substantially in the following form:

"The people of the City of_____do ordain as follows:".

4022. When a special election is to be called under this article, it shall be held not less than 60 nor more than 75 days after the date of the presentation of the proposed ordinance to the legislative body, and shall be held in accordance with the provisions of this code. To avoid holding more than one special election within any six months, the date for holding the special election may be fixed later than 75 days, but at as

early a date as practicable after the expiration of six months from the last special election. When it is legally possible to hold a special election under this chapter within six months prior to a regular municipal election, the legislative body may submit the proposed ordinance at the regular election instead of at a special election.

Scope of article

4023. This article does not apply to any statewide initiative measure.

Article 2. Referendum

Effective date of ordinance

4050. No ordinance shall become effective until 30 days from and after the date of its final passage, except:

(a) An ordinance calling or otherwise relating to an election.

(b) An ordinance for the immediate preservation of the public peace, health or safety, which contains a declaration of, and the facts constituting, its urgency and is passed by a four-fifths vote of the city council.

(c) Ordinances relating to street improvement proceedings.

(d) Other ordinances governed by particular provisions of state law prescribing the manner of their passage and adoption.

Petition signed by 10 percent of voters

4051. If a petition, signed by not less than 10 percent of the voters of the city on the day the petition is filed with the clerk, protesting against the adoption of an ordinance is filed with the clerk of the legislative body of the city within 30 days of the adoption of the ordinance, the effective date of the ordinance shall be suspended, and the legislative body shall reconsider the ordinance. In order to be acceptable for filing, the petition must on its face purport to have appended to it signatures of voters in the required number.

Submission to voters

4052. If the legislative body does not entirely repeal the ordinance against which the petition is filed, the legislative body shall submit the ordinance to the voters, either at a regular municipal election or a special election to be called for the purpose. The ordinance shall not become effective until a majority of the voters voting on the ordinance vote in favor of it. If the legislative body repeals the ordinance or submits the ordinance to the voters and a majority of the voters voting on the ordinance do not vote in favor of it, the ordinance shall not again be enacted by the legislative body for a period of one year after the date of its repeal by the legislative body or disapproval by the voters.

Initiative provisions applicable

4053. The provisions of this chapter relating to the form of petitions, the duties of the city clerk, and the manner of holding elections, when an ordinance is proposed by initiative petition, govern the procedure when a protest is filed against an ordinance.

Effect of veto

4054. Whenever the legislative body of a city has voted in favor of the repeal of an ordinance protested against by the voters, as provided in this article, and the mayor, or like officer, has vetoed the repeal, the failure of the legislative body to

pass the repeal over the veto shall be deemed a refusal to repeal the ordinance.

Date of final passage

4055. The date of approval of an ordinance by the mayor or like officer in the event approval is necessary, or of the expiration without his action on the ordinance of the time within which he may veto it, if the expiration of time for his action without his approval or veto has the effect of making the ordinance a law, shall be deemed the date of final passage of the ordinance by the legislative body, within the meaning of this article.

Duties connected with elections

4056. Any duty imposed in this chapter upon the legislative body of a city in regard to calling a municipal election, or in connection with an election called pursuant to this chapter, is likewise imposed upon any officer having any duty to perform connected with the election, so far as may be necessary to carry out the provisions of this chapter.

Scope of chapter

4057. This chapter does not apply to cities having a charter adopted and ratified under the provisions of Section 8 of Article XI of the Constitution, and having in such charter any provision for the direct initiation of ordinances by the voters; nor to proceedings had for the improvement of streets in or rights-of-way owned by cities, the opening or closing of streets, the changing of grades or the doing of other work, the cost of which or any portion of which is to be borne by special assessments upon real property.

Method of submission

5011. If there is no other method provided by general law, or, in the case of a chartered city, by the charter or by city ordinance, arguments for and against any city measure may be submitted to the qualified electors of the city pursuant to this article If a method is otherwise provided by general law, or, in the case of a chartered city, by charter or city ordinance, for submitting arguments as to a particular kind of city measure, that method shall control.

(Amended by Stats 1961, Ch. 645)

[ORIGINAL SECTION]

5011 If there is no other method provided by general law or city charter, arguments for and against any city measure may be submitted to the qualified electors of the city pursuant to this article If a method is otherwise provided by general law or by city charter or ordinance enacted pursuant to a city charter, for submitting arguments as to a particular kind of city measure, that method shall control.

Filing

5012. The legislative body, or any member or members of the legislative body authorized by that body, or any individual voter or bona fide association of citizens, or any combination of voters and associations, may file a written argument for or against any city measure. No argument shall exceed 300 words in length. The city clerk shall cause an argument for and an argument against the measure to be printed and shall enclose a copy of both arguments, printed on the same sheet of paper, in an envelope with each sample ballot. The printed arguments are "official matter" within the meaning of those words used in Section 10012.

Final date for submission

5013. Based on the time reasonably necessary to prepare and print the arguments and sample ballots for that particular election, the city clerk shall fix and determine a reasonable date prior to the election after which no arguments for or against any city measure may be submitted to him for printing and distribution to the voters as provided in this article. Arguments may be changed until and including the date fixed by the city clerk.

Selection

5014. If more than one argument for or more than one argument against any city measure is submitted to the city clerk within the time prescribed, the city clerk shall select one of the arguments in favor and one of the arguments against the measure for printing and distribution to the voters. In selecting the argument the city clerk shall give preference and priority in the order named to the arguments of the following:

Preference and priority

(a) The legislative body or member or members of the legislative body authorized by that body.

(b) The individual voter or bona fide association of citizens, or combination of voters and associations, who are the bona fide sponsors or proponents of the measure.

(c) Bona fide associations of citizens.

(d) Individual voters.

CHAPTER 4. DISTRICT ELECTIONS

Article 1. Initiative

Enactment of ordinances

5150. In addition to any other method provided by law, ordinances may be enacted by any district pursuant to this article, except that the provisions of this article shall not apply to irrigation districts, to a district formed under a law which does not provide a procedure for elections, to a district formed under a law which does not provide for action by ordinance, to a district governed by an election procedure which permits voters, in electing the district's directors or trustees, to cast more than one vote per voter, or to a district in which the directors are empowered to cast more than one vote per director when acting on any matter.

Petitions

5151. Any proposed ordinance may be submitted to the governing board of the district by an initiative petition filed with the clerk of the district board signed by not less than the number of voters specified in this article. The signatures to the petition need not all be appended to one paper. Each signer shall add to his signature his place of residence, giving street and number. If no street and number exist, then a designation of the place of residence shall be given which will enable the location to be readily ascertained.

Each separate paper shall have attached an affidavit made by a voter of the district. The affidavit shall state that the affiant circulated that particular paper, saw written the signatures appended thereto, and that according to the best information and belief of the affiant:

(a) Each is the genuine signature of the person whose name it purports to be.

(b) The signer is a voter of the district.

Examination of petition

5152. Within 10 days from the date of filing the petition, the clerk of the district board shall examine the petition, and from the records of registration ascertain whether or not the petition is signed by the requisite number of voters. He shall attach to the petition his certificate showing the result of his examination. If the clerk's certificate shows the petition to be insufficient, a supplemental petition, in form a duplicate of the original petition, bearing additional signatures, may be filed within 10 days of the date of the certificate of insufficiency. The clerk shall, within 10 days after the supplemental petition is filed, examine it, and if his certificate shows that the signatures to the petition are still insufficient, no action shall be taken on the petition. The petition shall remain on file as a public record, and the failure to secure sufficient signatures shall not prejudice the filing later of an entirely new petition to the same effect. If the petition together with supplementary petitions, if any, is found to be sufficient, the clerk shall submit it to the governing board of the district at the next regular meeting of the board.

Submission at general election

5153. If the initiative petition is signed by voters not less in number than 10 percent of the voters in the district, and the ordinance petitioned for is not required to be, or for any reason is not, submitted to the voters at a special election, and is not passed without change by the district board, the ordinance, without alteration, shall be submitted by the board to the voters at the next general election.

Notice of election

5154. The district board shall give notice of an election held pursuant to this article by publication in the same manner as prescribed for the publication of the list, or portions of the list, designating polling places for a general county election.

Mailing copy to voters

5155. Whenever any ordinance is required by this article to be submitted to the voters of a district at any election, the clerk of the district board shall cause the ordinance to be printed. He shall mail a printed copy of the ordinance, enclosed in an envelope with a sample ballot, to each voter, at least 10 days prior to the election.

Ballot form

5156. The ballots used when voting upon the proposed ordinances shall have printed on them the words "Shall the ordinance (stating the nature thereof) be adopted?" Opposite the statement of the ordinance to be voted on, and to its right, the words "Yes" and "No" shall be printed on separate lines, with voting squares If a voter stamps a cross (+) in the voting square after the printed word "Yes," his vote shall be counted in favor of the adoption of the ordinance. If he stamps a cross (+) in the voting square after the printed word "No," his vote shall be counted against its adoption.

Arguments

5157. The persons filing an initiative petition pursuant to this article may file with the petition a written argument in favor of the ordinance. The district board may submit an argu-

ment against the ordinance. Neither argument shall exceed 300 words in length, and both arguments shall be printed upon the same sheet of paper and mailed to each voter with the sample ballot for the election.

Number

5158. Any number of proposed ordinances may be voted upon at the same election.

Adoption

5159. If a majority of the voters voting on a proposed ordinance vote in its favor, the ordinance shall become a valid and binding ordinance of the district. The ordinance shall be considered as adopted upon the date the vote is declared by the district board, and shall go into effect 10 days after that date.

Conflicting ordinances

5160. If the provisions of two or more ordinances adopted at the same election conflict, the ordinance receiving the highest number of affirmative votes shall control.

Enacting clause

5161. The enacting clause of an ordinance submitted to the voters of a district shall be substantially in the following form:

"The people of the _____ District do ordain as follows:"

Repeal or amendment

5162. No ordinance proposed by initiative petition and adopted either by the district board without submission to the voters or adopted by the voters shall be repealed or amended except by a vote of the people, unless provision is otherwise made in the original ordinance. In all other respects, an ordinance proposed by initiative petition and adopted shall have the same force and effect as any ordinance adopted by the board.

(Article 2 added by Stats. 1961, Ch. 1586.)

Referendum

5200. The electors of any district, which is a local public entity as defined by Section 700 of the Government Code, and to which Section 5150 of this code applies, shall have the right to petition for referendum on legislative acts of such district in the same manner and subject to the same rules as are set forth in Sections 3751, 3752, 3753, and 3754 of this code, except that all computations referred to in those sections and officers of the county mentioned in those sections shall be construed to refer to comparable computations and officers of the district.

(Added by Stats. 1961, Ch. 1586.)

Same

5201. The governing board of any district to which Section 5200 applies may refer legislative questions to the electors of the district in the same manner as the board of supervisors may refer county questions pursuant to Section 3750 of this code.

Question of annexation and withdrawal of territory

5202. Any district to which Section 5200 applies may refer the question of annexation of territory to the district or withdrawal of territory from the district to the electors of the territory proposed to be annexed, in the same manner as other legislative questions are referred to the electors of the county pursuant to Section 3750 of this code, in all cases where no

(Added by Stats. 1961, Ch. 1586.)

CHAPTER 2. DIRECT PRIMARY

Article 1. General Provisions

Scope of application

6400. This chapter does not apply to:

(a) Recall elections.

(b) Special elections to fill vacancies.

(c) Nomination of officers of cities or counties whose charters provide a system for nominating candidates for such offices.

(d) Nomination of officers for any district not formed for municipal purposes.

(e) Nomination of officers for general law cities.

(f) Nomination of school district officers.

The provisions of this chapter governing the nomination of candidates for county offices shall also apply to the nomination of freeholders to be elected for the purpose of framing a charter under the authority of Article XI, Section 7½ of the Constitution. No candidate's name shall be printed on the ballot to be used at the election of freeholders unless a declaration of his candidacy is filed not earlier than the day upon which the order calling the election is made and not later than 18 days prior to that election.

Validation

Where any person has been elected to the office of freeholder in accordance with the procedure specified in this chapter, and the election has taken place on or after January 1, 1955, that person is hereby declared to be validly elected. All acts of that person are hereby legalized, ratified, confirmed, and declared valid for all intents and purposes.

Affidavit of party affiliation

6401. No declaration of candidacy for a partisan office shall be filed, either by the candidate himself or by sponsors on his behalf, (1) unless at the time of presentation of the declaration and continuously for not less than three months immediately prior to that time, the candidate is shown by his affidavit of registration to be affiliated with the political party the nomination of which he seeks, and (2) the candidate has not been registered as affiliated with a political party other than that political party the nomination of which he seeks within 12 months immediately prior to the filing of the declaration.

The county clerk shall attach a certificate to the declaration of candidacy showing the date on which the candidate registered as intending to affiliate with the political party the nomination of which he seeks, and indicating that the candidate has not been affiliated with any other political party for the 12-month period immediately preceding the filing of the declaration.

(Amended by Stats. 1961, Ch. 298.)

[ORIGINAL SECTION]

6401. No declaration of candidacy for a partisan office shall be filed, either by the candidate himself or by sponsors on his behalf, unless at the time of presentation of the declaration and continuously for not less than three months immediately prior to that time, the candidate is shown by his affidavit of registration to be affiliated with the political party the nomination of which he seeks.

Scope of chapter

6402. This chapter does not prohibit the independent nomination of candidates under the provisions of Chapter 3 (commencing at Section 6800) of this division, subject to the following limitations:

(a) A candidate whose name has been on the ballot as a candidate of a party at the direct primary and who has been defeated for that party nomination is ineligible for nomination as an independent candidate. He is also ineligible as a candidate named by a party central committee to fill a vacancy on the ballot for a general election.

(b) No person may file nomination papers for a party nomination and an independent nomination for the same office, or for more than one office at the same election.

Correction of error in names on ballot

6403. Whenever it is made to appear by affidavit to the Supreme Court, district courts of appeal, or superior court of the proper county that an error or omission has occurred or is about to occur in the placing of any name on, or in the printing of, an official primary election ballot, or that any wrongful act has been or is about to be done by any person charged with any duty concerning the primary election, or that any neglect of duty has occurred or is about to occur, the court shall order the officer or person charged with the error, wrong or neglect forthwith to correct the error, desist from the wrongful act or perform the duty, or show cause why he should not do so. Any person who fails to obey the order of the court shall be cited to show cause why he is not in contempt of court.

Article 2. Qualified Parties

Party qualification for primary election

6430. A party is qualified to participate in any primary election:

(a) If at the last preceding gubernatorial election there was polled for any one of its candidates who was the candidate of that party only for any office voted on throughout the State, at least 2 percent of the entire vote of the State; or

(b) If at the last preceding gubernatorial election there was polled for any one of its candidates who, upon the date of that election, as shown by the affidavits of registration of voters in the county of his residence, was affiliated with that party and was the joint candidate of that party and any other party for any office voted on throughout the State, at least 6 percent of the entire vote of the State; or

(c) If on or before the 135th day before any primary election, it appears to the Secretary of State, as a result of examining and totaling the statement of voters and their political affiliations transmitted to him by the county clerks, that voters equal in number to at least 1 percent of the entire vote of the State at the last preceding gubernatorial election have declared their intention to affiliate with that party; or

(d) If on or before the 135th day before any primary election, there is filed with the Secretary of State a petition signed by voters, equal in number to at least 10 percent of the entire vote of the State at the last preceding gubernatorial election, declaring that they represent a proposed party, the name of which shall be stated in the petition, which proposed party those voters desire to have participate in that primary election. This petition shall be circulated, signed, verified and the signatures of the voters on it shall be certified to and transmitted to the Secretary of State by the county clerks substantially as provided for initiative petitions. Each page of the petition shall bear a caption in 18-point blackface type, which caption shall be the name of the proposed party followed by

the words "Petition to participate in the primary election." No voters or organization of voters shall assume a party name or designation which is so similar to the name of an existing party as to mislead voters.

Disqualification

Whenever the registration of any party which qualified in the previous direct primary election falls below one-fifteenth of 1 percent of the total state registration, that party shall not be qualified to participate in the primary election but shall be deemed to have been abandoned by the voters, since the expense of printing ballots and holding a primary election would be an unjustifiable expense and burden to the State for so small a group. The Secretary of State shall immediately remove the name of the party from any list, notice, ballot, or other publication containing the names of the parties qualified to participate in the primary election.

Parties disqualified

6431. No party shall be recognized or qualified to participate in any primary election which either directly or indirectly carries on, advocates, teaches, justifies, aids, or abets the overthrow by any unlawful means of, or which directly or indirectly carries on, advocates, teaches, justifies, aids, or abets a program of sabotage, force and violence, sedition or treason against, the government of the United States or of this State.

Determination of disqualification

6432. Not less than 125 days before a primary election, the Secretary of State shall, with the advice and consent of the Attorney General, determine which parties are disqualified to participate in any primary election under Section 6431. If it is proposed to disqualify a party which was qualified to participate in the next preceding direct primary, notice of intention to disqualify shall be served by registered mail on the chairman of the state central committee of the party, as shown by the records of the Secretary of State. If it is proposed to serve a notice of intention to disqualify a party qualifying by petition, notice of intention to disqualify shall be served by registered mail on the persons who presented the petition, if the names and addresses of those persons are known to the Secretary of State. In any event, notice of intention to disqualify shall be given in each county of the State by publication pursuant to Section 6061 of the Government Code. If there is no newspaper of general circulation printed and published in any county, publication shall be made in a newspaper of general circulation printed and published in an adjoining county.

Notice

If the party desires a hearing on the notice of intention to disqualify, it shall, within 10 days after service by mail or within 10 days after the last date upon which the notice was published in any county, whichever is later, file an affidavit in the Supreme Court under Section 6403 of this code setting forth facts showing that the political party is not disqualified to participate in any primary election under Section 6431. If the party does not file the affidavit within the time specified, the notice of intention to disqualify shall constitute final disqualification. Before the affidavit is filed, a copy shall be per-

Affidavit

sonally served on the Secretary of State. When filed, the matter shall be set for return in not more than 10 days and shall have priority over any other pending cases.

Jurisdiction

In connection with proceedings in the Supreme Court under this section, the Legislature hereby declares its intent to create a speedy and expeditious method for judicial determination of the vital questions involved, and urges the Supreme Court to accept jurisdiction in any such proceeding. The Legislature further urges that the court instruct any referee before whom the taking of evidence is ordered to report back to the court in sufficient time so that the court's final order may be made effective on or before the 80th day before the primary election.

Article 3. Notices of Registration and of Offices to Be Filled

The statement shall also show the number of voters, by party affiliations, in each city, assembly district, senatorial district, supervisorial district, and congressional district located in whole or in part within the county.

The Secretary of State, on the basis of the statements transmitted to him by the county clerks, and within 30 days after receiving such statements, shall compile a statewide list showing the number of voters, by party affiliations, in the State and in each county, city, assembly district, senatorial district, congressional district, and supervisorial district in the State. Designation of state and local measures on ballot

10231. In a general election at which state, county, city, or other local measures are submitted to a vote of the voters, all state measures shall be numbered in numerical order, as provided in Section 10212 and shown in Section 10230, and all county, city, or other local measures shall be designated by a letter, instead of a figure, printed on the left margin of the square containing the description of the measure, commencing with the letter "a" and continuing in alphabetical order, one letter for each such measure appearing on the ballot.

Special ballot for nonpartisan offices and local measures

10232 If the election board of a county determines that due to the number of candidates and measures that must be printed on the general election ballot, the ballot will be larger than may be conveniently handled, the board may order nonpartisan offices and local measures omitted from the general election ballot and printed on a separate ballot in a form substantially the same as provided for the general election ballot. If the board so orders, each voter shall receive both ballots, and the procedure prescribed for the handling and canvassing of ballots shall be modified to the extent necessary to permit the use of two ballots by a voter. The board may, in such case, order the second ballot to be printed on paper of a different tint and assign to those ballots numbers higher than those assigned to the ballots containing partisan offices and statewide ballot measures.

Change of name

10233. If a candidate changes his name within one year of any election, his new name shall not appear upon the ballot unless that change was made by:

(a) Marriage

(b) Decree of any court of competent jurisdiction.

10290. All voting at primary elections shall be by ballot. A separate ballot for each political party shall be printed and provided for use at each voting precinct, but all party ballots shall be alike in the designation of candidates for nonpartisan

Separate ballot for each party

Tint or color

offices. The ballots shall have a different tint or color for each of the political parties participating in the primary election.

Nonpartisan ballot

There shall also be printed and provided a nonpartisan ballot of a different tint and color from all the others (or white, if all the others are color), which shall contain only, but in like manner, the names of all the candidates for nonpartisan offices to be voted for at the primary election

Names of candidates

The names of all candidates for the respective offices for whom the prescribed nomination papers have been duly filed shall be printed on the ballot.

"Official primary election ballot"

10291. Across the top of the ballot shall be printed in heavy-faced gothic capital type, not smaller than 48-point, the words: "Official primary election ballot"; except that on a nonpartisan ballot the words may be printed in gothic capital type not smaller than 24-point. Beneath this heading shall be printed in heavy-faced gothic capital type, not smaller than 24-point, the party designation if it be a party ballot or, in the case of a ballot containing only the names of candidates for a nonpartisan office, the words "Nonpartisan ballot." Beneath the party designation or the words "Nonpartisan ballot," there shall be printed, in blackfaced type as large as the width of the ballot makes possible, the number of the congressional, senatorial, or assembly district or the name of the county in which the ballot is to be voted and the date of the election. In the case of ballots to be used at any primary election held for the nomination of candidates other than those to be voted for at a general election, and on which the names of candidates may be printed in a single column or in two parallel columns, as the case may be, the words "Official primary election ballot" shall be printed on the ballots in heavy-faced gothic capital type, not smaller than 24-point. The party or nonpartisan designation shall be printed in heavy-faced gothic capital type, not smaller than 18-point. The instructions to voters shall be printed in 10-point gothic type.

Type

Instructions to voters

10292. At least three-eighths of an inch below the district designation shall be printed in 10-point gothic type, double leaded, the following instructions to voters: "To vote for a person whose name appears on the ballot, stamp a cross (+) in the square at the right of the name of the person for whom you desire to vote. To vote for a person whose name is not printed on the ballot, write his name in the blank space provided for that purpose. All distinguishing marks or erasures are forbidden and make the ballot void. If you wrongly stamp, tear or deface this ballot, return it to the inspector of election and obtain another. On absent voter ballots mark a cross (+) with pen or pencil." The instructions to voters shall be separated by one light and one heavy line of rule from the lists of candidates and the designation of the several offices for which nominations are to be made.

"Partisan Offices"

10293. On the partisan ballot, immediately below the instructions to voters, there shall be a box one-half inch high enclosed by a heavy ruled line the same as the border line.

This box shall be as long as there are columns for the partisan ballot and shall set directly above these columns. Within the box shall be printed in heavy-faced gothic capital type of 24-point the words "Partisan Offices."

"Nonpartisan Offices"

The same style of box shall appear over the columns of the nonpartisan part of the ballot and within the box in the same style and point size of type shall be printed "Nonpartisan Offices."

Size of ballots

10294. Ballots used at any primary election for the nomination of candidates to be voted for at any general election shall be as long as required for captions, headings, party designations, directions to voters and lists of names of candidates prescribed in this chapter, properly subdivided according to the several offices for which nominations are to be made. No primary election ballots shall be less than six and one-half inches wide.

Columns

10295. The names of the candidates and the respective offices shall be printed on the ballot in parallel columns, each 2½ inches wide. The parallel columns shall be divided on the ballot for partisan and nonpartisan offices by a solid black line, extending down from the printed lines separating the instructions to voters from the list of names of candidates to the bottom margin of the ballot.

Precedence on ballot where state officers nominated

10296. In the case of a primary election for the nomination of candidates to be voted for at a general election, the order of precedence shall be as follows: Beginning in the column to the left, under the heading State, shall be printed the groups of names of candidates for state offices, except judicial and school offices, and for members of the State Board of Equalization. Under the heading Congressional shall be printed the groups of names for United States Senator, if any, and for Representative in Congress. Next, under the heading State Legislature shall be printed the groups of names for State Senator, if any, and for Member of the Assembly. Finally, under the heading County Committee, shall be printed the names of the candidates for election to membership in the county central committee of the party. As many columns as needed shall be used to accommodate the offices to be filled.

At a presidential primary the names of the persons preferred for President by each group of candidates shall appear first in the column to the left, followed by the sequence of offices as prescribed above.

Same, where state officers not nominated

10297. In the case of primary elections where state officers are not to be nominated, at the left of the solid black dividing line, there may be only one column. In the parallel columns to the right of the solid black dividing line shall be printed the groups of names of candidates for nomination to nonpartisan offices in the following order: Under the heading Judicial shall be printed the names of candidates for judicial offices in the following order:

(a) Judge of superior court.

(b) Judge of inferior court.

Next, under the heading School, shall be printed the names of candidates for school offices in the following order:

(a) State Superintendent of Instruction.

(b) Superintendent of schools.

(c) School district officers, if any.

Next, under the heading County, shall be printed the groups of candidates for county offices except judicial or school offices.

County officers not nominated

10298. In the case of primary elections where county officers are not to be nominated, at the right of the solid black dividing line there may be only one column. As to offices and names of candidates, the nonpartisan ballot shall be identical to that portion of the party ballot which is printed to the right of the solid black dividing line.

City primaries

10299. In the case of primary elections for the nomination of candidates for city offices only, the groups of names of candidates may be printed in two parallel columns, and the order of precedence shall be determined by the legislative body of the city or by the election board of any city and county.

Party affiliation

10300. On the direct primary ballots of each political party, in the same line in which the name of a candidate for any partisan office is printed and at the right of the name, or immediately below the name if there is not sufficient space to the right thereof, shall be printed the name of the political party with which the candidate is affiliated as shown in the affidavit of registration of the candidate. The name of such political party may be abbreviated by printing not less than the first three letters of the name of such political party. If the names of two or more political parties qualified to participate in the primary commence with the same first three letters sufficient additional letters of each such names shall be printed so that each party will be clearly identified.

Designation: Under name

10301. Immediately under the name of each candidate and not separated from the name by any line may appear, at the option of the candidate, one of the following designations:

(a) Words designating the city, county, district, federal, or state office which the candidate then holds.

Office

In addition to the foregoing, Members of the Senate of the State of California may use either of the following designations: "State Senator, _____ District, California Legislature" or "Member of California Senate, _____ District," or any other appropriate designation, the blanks to be filled with the appropriate district number.

Members of the Assembly may use either of the following designations: "Assemblyman, _____ District, California Legislature" or "Member of the Assembly, _____ District, California Legislature," or any other appropriate designation, the blanks to be filled with the appropriate district number.

(b) If the candidate is a candidate for the same office which he then holds, and only in that event, the word "incumbent." Incumbent

(c) Words designating the profession, vocation or occupation of the candidate which shall not exceed three in number. The profession, vocation or occupation so designated shall be the same as appears in the affidavit of registration of the candidate. If upon checking the nomination paper the officer in charge of the election finds the wording to be different than that upon the registration affidavit of the candidate, he shall notify the candidate by registered mail, return receipt requested. The candidate shall within three days from the date of receipt of the notice appear before the officer and reregister to conform with the request for the designation that appears on his nomination paper. If the candidate does not appear within three days the officer shall leave the designation under his name blank (no designation). Occupation

No candidate shall assume a designation which would mislead the voters. The designation shall remain the same for all purposes of both primary and general elections unless the candidate, prior to the closing date of nominations for the general election, requests in writing a different designation which he then has the option to use under Section 10219. Not to mislead Request for change

Any candidate at the direct primary election who is elected at a special election held to fill a vacancy in the office for which he is a candidate or in any other office, and who receives his certificate of election and takes his oath of office, may use any appropriate designation as set forth in Section 10219 on the general election ballot, regardless of the designation he may have used on the direct primary election ballot. Who may use designation

In all cases words so used shall be printed in eight-point roman boldface capitals and lowercase type.

10301.5. At the first elections for Representative in Congress, State Senator, and Assemblyman in each congressional, senatorial, and assembly district following reapportionment acts of the Legislature redefining the boundaries of the congressional, senatorial, and assembly districts pursuant to Sections 6 and 27 of Article IV of the Constitution, that candidate who shall be deemed the incumbent in a given district for purposes of the election shall be: Determination of incumbent following reapportionment

(1) That candidate who is running for the same office which he then holds and who is running for re-election in a district which has the identical boundaries and number as the district from which he was last elected.

(2) In the event there is no candidate to whom the provisions of subdivision (1) apply, the incumbent shall be that candidate who is running for the same office which he then holds and who is running for re-election in a district which has the identical boundaries as the district from which he was last elected, but which has a different number.

(3) In the event there is no candidate to whom the provisions of subdivisions (1) or (2) apply, the incumbent shall be

that candidate who is running for the same office which he then holds and who is running for re-election in a district which has the identical number as the district from which he was last elected; provided, however, that a candidate for the office of Member of the Assembly shall be considered the incumbent in such case only if the district bearing the same number is located in the same county as the district which previously bore that number.

(4) In the event there is no candidate to whom the provisions of subdivisions (1), (2), or (3) apply, the incumbent shall be that candidate who is running for the same office which he then holds and who is running for re-election in a district which contains some portion of the territory previously contained within the district from which he was last elected; provided, that in a new district which contains portions of the territory of more than one former district the incumbent shall be that candidate the greater portion of the territory of whose former district is included within the new district.

If there is no candidate in a given district to which any of the above provisions apply, the incumbent shall be any person who is a candidate for the same office which he then holds who fulfills the residential requirements of law for candidacy within the district.

(Added by Stats. 1961, Ch. 1238.)

Partisan and nonpartisan offices

10302. The group of names of candidates for nomination to any nonpartisan office shall include all the names receiving the requisite number of signatures on a nomination paper for the office, and shall be identical on the primary election ballots of each political party participating at the primary election; but the groups of names of candidates for all other offices on the ballots of each political party shall comprise only the names of the candidates for nomination by that party.

Order of names on ballot

10303. The order in which the list of candidates for any office, except that of member of county central committee, shall appear upon the primary election ballot shall be determined as follows:

Incumbent

(a) The name of the incumbent shall appear first upon a list of candidates for any office. If two or more positions are to be filled at the same time and more than one incumbent is running, the name of each of the incumbents shall appear in alphabetical order for that assembly district which is lowest in numerical order of any assembly districts in which the candidates are to be voted on. Thereafter, for each succeeding assembly district in which the candidates are to be voted on, the name appearing first for that office in the last preceding district shall be placed last, the order of the other names remaining unchanged.

Candidates other than incumbents

(b) If the office is an office the candidates for which are to be voted on throughout the State, including United States Senator, the Secretary of State shall arrange the names of

candidates for the office, other than incumbents, in alphabetical order for the first assembly district; and thereafter for each succeeding assembly district, the name appearing first for each office in the last preceding district shall be placed last, the order of the other names remaining unchanged. If the office is that of Representative in Congress, or is an office the candidates for nomination to which are to be voted on in more than one county but not throughout the State, except the office of State Senator or Assemblyman, the Secretary of State shall arrange the names of candidates for the office, other than incumbents, in alphabetical order for that assembly district which is lowest in numerical order of any assembly district in which such candidates are to be voted on; and thereafter for each succeeding assembly district in which the candidates are to be voted on, the name appearing first for the office in the last preceding district shall be placed last, the order of the other names remaining unchanged.

10304. Except for the office of State Senator or Assemblyman, the order in which the names filed with the Secretary of State shall appear upon the ballot shall be for each assembly district the order as determined by the Secretary of State in accordance with the provisions in Section 10303 and as certified and transmitted by him to each county clerk.

Voted on within one county

10305. If the office is an office to be voted on throughout, but wholly within, one county, except the office of Representative in Congress or State Senator or Assemblyman, and there are not more than five assembly districts in the county, the county clerk of the county shall arrange the names of all candidates for the office in alphabetical order for the first supervisorial district; and thereafter for each supervisorial district, the name appearing first for each office in the last preceding supervisorial district shall be placed last, the order of the other names remaining unchanged. If there are more than five assembly districts in the county, the county clerk shall arrange the order of names of all candidates for office so that they shall appear in alphabetical order for that assembly district which is lowest in numerical order, and thereafter for each succeeding assembly district in the county the name appearing first for each office in the last preceding assembly district shall be placed last, the order of the other names remaining unchanged.

State Senator or Assemblyman

10306. If the office is that of State Senator or Assemblyman, or any office to be voted on wholly within any county but not throughout the county, except the Office of Representative in Congress or member of a county central committee, the names of all candidates for the office shall be placed upon the ballot in alphabetical order.

County central committee

10307. If the office is that of a member of a county central committee, the names of all candidates, including incumbents, shall be arranged upon the ballot in the order determined as follows:

At 10 a.m. on the second Monday following the last day on which declarations of candidacy may be left with the county clerk for examination, the county clerk shall hold a public drawing to determine the order of names on the ballot. The name of each candidate shall be written on a separate and identical slip of paper which shall then be folded to conceal the name and deposited in a box. After all slips have been deposited, the box shall be shaken to mix the slips thoroughly. The slips shall then be withdrawn by the clerk and the names of the candidates listed in the order of their withdrawal. This order shall determine the order in which the names of the candidates shall be printed on the ballot.

The drawings for each party's candidates shall be held in the order which the parties rank in the county according to the size of their membership as shown by the registration of voters.

Municipal office

10308. If the office is a municipal office in any city whose charter does not provide for the order in which names shall appear on the ballot, the names of candidates for the office, other than incumbents, shall be placed upon the ballot in alphabetical order.

Designation of office and number of candidates to be nominated

10309. Each group of candidates to be voted on shall be preceded by the designation of the office for which the candidates seek nomination, and the words "vote for one" or "vote for two" or more according to the number to be elected to the office at the ensuing election. The designation of the office for which nominations are to be made and of the number of candidates to be nominated shall be printed in heavy-faced gothic type, not smaller than 10-point. The designation of the office shall be printed flush with the left-hand margin and the words, "vote for one" or "vote for two" or more, as the case may be, shall extend to the extreme right of the column and over the voting square. The designation of the office and the directions for voting shall be separated from the names of the candidates by a light line.

Printing of names

10310. The names of the candidates shall be printed on the ballot, without indentation, in roman capital type not smaller than eight-point, between light lines or rules three-eighths of an inch apart.

Box

10311. Under each group of names of candidates shall be printed as many blank spaces, defined by light lines or rules three-eighths of an inch apart, as there are to be candidates nominated for the office. To the right of the names of the candidates shall be printed a light line or rule so as to form a voting square three-eighths of an inch square.

Voting square

Groups of names

10312. Each group of names of candidates shall be separated from the succeeding group by one light and one heavy line or rule. Each series of groups shall be headed by the word "State," "Congressional," "State Legislature," "County" or "Municipal" or other proper general classification, as the case may be, printed in heavy-faced gothic capital type, not smaller than 12-point.

10313. The left-hand side of the first column of names on the ballot and the right-hand side of the last column of voting squares on the ballot shall be bordered by a broad printed line one-twelfth of an inch wide.

Binding of packages of ballots

The binding or stitching of each package of ballots shall be on its left side.

Ballot stub

10314. The ballots shall be printed on the same leaf with a stub not over one and one-half inches in width and separated from the ballot by a perforated line from top to bottom one-half inch to the left of the broad printed line along the left border of the ballot. Upon this stub shall be printed only the number of the ballot.

Perforated line

10315. On each ballot a perforated line shall extend across the top of the ballot one inch from its top. The same number as appears on the stub shall be printed above the perforated line within two inches of the perforated line on the left side of the ballot, and above this number shall be printed in parentheses in small type as follows: "(This number shall be torn off by inspector and handed to the voter)." One-half inch to the right of the ballot number there shall be a short perforated line extending from the perforated line along the top of the ballot to the top edge of the ballot. Immediately above this perforated line shall be printed in blackface lowercase type, at least 12-point in size, and enclosed in parentheses, the following: "Fold ballot to this perforated line, leaving top margin exposed." Above this printed direction and midway between it and the top edge of the ballot shall be printed in blackface capital type, at least 12-point in size, if possible, and with the four middle words underlined or otherwise made prominent, the following: "Mark crosses (+) on ballot only with rubber stamp; never with pen or pencil."

10316. The number on each ballot shall be the same as that on the corresponding stub, and the ballots and stubs shall be numbered consecutively in each county, or the ballots and stubs may be numbered consecutively within political subdivisions in each county. The sequence of numbers on the official ballots and stubs for each party shall begin with the number one.

Nonpartisan ballot

10318. If the election board of a county determines that due to the number of candidates and measures that must be printed on the direct primary ballot the ballot will be larger than may be conveniently handled, the board may provide that a nonpartisan ballot shall be given to each partisan voter, together with his partisan ballot, and that the material appearing under the heading "Nonpartisan Offices" on partisan ballots, as well as the heading itself, shall be omitted from the partisan ballots. If the board so provides, the procedure prescribed for the handling and canvassing of ballots shall be modified to the extent necessary to permit the use of two ballots by partisan voters.

Article 4. Similar Names

Statement filed with county clerk

10340. Whenever any person who is a candidate for any office believes that some other person with a name which is so similar that it may be confused with his name has filed or will file a nomination paper for the same office, he may, at the time of filing his nomination paper or within five days after the time for filing nomination papers has expired, file with the county clerk a statement which shall be in substance as follows:

"I, _____, believe that some other person, whose name is so similar to mine that it may be confused with mine, has filed or will file a nomination paper for the same office for which I have filed a nomination paper, and I therefore request and direct that number _____ be printed with my name on the ballot as a distinguishing mark.

_____
Name

Candidate for the office of _____"

Distinguishing number

10341. The distinguishing mark, which may be designated by the candidate pursuant to Section 10340, shall be a number. The distinguishing number shall be printed in large blackface type at the left of the name on the ballot.

Same number

10342. If two or more candidates for the same office designate the same distinguishing number, the first candidate who filed his nomination papers shall have the number and the other candidates who designated the same number may file papers designating other distinguishing numbers.

Use on ballot

10343. The designated number shall be placed upon the ballot by the county clerk. No distinguishing number shall be printed on the ballot unless there are two or more candidates for the same office with names so similar as to cause probable confusion.

Whenever a candidate whose name appears upon the ballot at a general election dies after the hour of 12.01 a.m. of the 39th day before the election and before the time of the closing of the polls on the day of the election, the votes cast for such deceased candidate shall be counted in determining the results of the election for the office for which the decedent was a candidate. If the deceased candidate receives the majority of the votes cast for the office, he shall be considered elected and the office to which he was elected shall be vacant at the beginning of the term for which he was elected. The vacancy thus created shall be filled in the same manner as if the candidate had died subsequent to taking office for that term.

"Scattering"

18415. When it appears that the total number of votes cast for any person to fill an office to be filled by the votes of a single county or subdivision thereof amounts to less than 1 percent of the total number of votes cast for that office, a record shall not be kept of the vote cast for that person, but all of the votes cast for all such persons for that office shall be totaled, and the total shall be entered in the statement of the number of votes cast for the several candidates for the office, opposite the word "scattering."

Declaration of result

18416. No declaration of the result, commission, or certificate may be withheld on account of any defect or informality in the return of any election, if it can with reasonable certainty be ascertained from that return what office is intended and who is elected to the office.

Article 2. Canvass of Returns of Local or Special Elections

Canvass by county clerk

18440. Whenever by any provision of law the board of supervisors of any county is required to canvass the returns of any local or special election the board may direct that the canvass shall be made by the county clerk.

Article 3. Canvass and Return of Results at Primaries

Scope of article

18460. This article applies to all primaries for which other provision is not made by a freeholder's charter.

Date of canvass

18461. The board of supervisors of each county, or in the case of a municipal primary election, the officers charged by law with the duty of canvassing the vote in that city, shall meet to canvass the returns at the usual place of meeting, or at any other place permitted by law, at 1 o'clock in the afternoon of the first Thursday after each primary election, or as soon thereafter as all the returns are in.

Canvass by registrar

In any county having a registrar of voters, the canvass of the returns shall be made by the registrar of voters, and in any other county, the election board may by resolution duly adopted prior to the date of election order the canvass to be made by the county clerk. When the canvass is thus made, it shall be unnecessary for the board of supervisors to meet as provided in this section. The registrar of voters or county clerk shall perform the duties of the board of supervisors as provided in this article.

County clerk may canvass

18462. If the canvass be made by the county clerk it may be made at any public place in the county which the board of supervisors designates by order entered upon its minutes. If the canvass be made at a place other than the usual place of meeting of the board, the board shall conspicuously post at its usual place of meeting for at least three (3) days before the time for making the canvass and during all the time while the canvass is being made, a notice which shall state clearly and fully the designation and description of the place where the canvass will be made and conducted. This notice may be posted prior to the election.

Session of board of supervisors

18463. If the canvass is made by the county clerk, the board of supervisors need not be in session during the time the canvass is being made.

Date for completion of canvass

18464. When begun the canvass shall be continued until completed, which shall not be later than 6 o'clock in the afternoon of the 25th day following the primary election.

Defective returns

18465. If the returns from any precinct are incomplete, ambiguous, not properly authenticated, or otherwise defective, the board or person who canvasses the returns may issue and serve subpoenas requiring the attendance before it or him of the members of the precinct board.

If three-fourths or more of the members of the precinct board appear, they may be examined under oath concerning

the manner in which the votes were counted in their precinct, and concerning the result of the count.

The board or person conducting the canvass may require the precinct board to open the envelopes containing the ballots, retally the ballots, and correct or complete its returns or its authentication thereof so that they shall show correctly the votes cast in the precinct for each candidate voted for and for or against each measure voted upon.

Statement of results

18466. If the canvass is made by the board of supervisors, as soon as the result is declared by it, or if the canvass is made by the county clerk as soon as the result is certified to him, the clerk of the board of supervisors shall enter upon the records of the board a statement of the result.

Contents

18467. The statement of the result shall show the whole number of votes cast for each:

(a) Candidate of each political party.

(b) Candidate for each nonpartisan office.

(c) Candidate for membership in the county central committee.

Duplicate to chairman

18468. The clerk of the election board shall deliver a duplicate certificate of the result of votes cast as to each party to the chairman of the county central committee of the party.

"Scattering" Single county

18469. When it appears that the total number of votes cast to nominate or elect any person to a public or party office to be filled by the voters of a single county or subdivision thereof totals less than 1 percent of the total number of votes cast for that office, a record shall not be kept of the vote cast for that person, but all of the votes cast for all such persons for that office shall be totaled, and the total shall be entered in the statement of the number of votes cast for that office, opposite the word "scattering."

If the office is to be filled by the voters of more than one county then a record of the votes received by each person shall be kept and certified to the proper officer.

Copy to Secretary of State

18470. The county clerk in any county shall forthwith send to the Secretary of State by registered mail or by express one complete copy of all returns as to:

(a) All candidates voted for in more than one county.

(b) All candidates voted for wholly within one county for the following offices:

(1) Member of the Assembly.

(2) Member of the Senate.

(3) Representative in Congress.

(4) Member of the State Board of Equalization.

(5) Judge, except judge of an inferior court.

(c) All persons voted for at the presidential primary. The returns for all persons voted for at the presidential primary for delegates to national conventions shall be canvassed first and shall be sent separately within 19 days after the day of election.

Compilation by Secretary of State

18471. The Secretary of State shall, not later than the 34th day after any primary election, compile the returns for:

(a) All candidates voted for in more than one county.

Article 4. Recount of Ballots

Scope of article

18500. This article applies to all elections, both final and primary, for which other provision is not made by law or charter.

Resolution for recount

18501. By resolution duly entered upon its minutes, designating the place for recounting, an election board may order that the ballots voted in a precinct shall be publicly recounted, or the person authorized to canvass the returns may order that the ballots voted in a precinct shall be publicly recounted if:

(a) The returns from any precinct show a total of votes cast for all candidates for any office or for or against any measure in excess of the number of votes cast in the precinct.

(b) The board or person who canvassed the returns has examined the precinct officers under oath and the precinct officers are unable to correct the returns of their respective precincts in this respect.

(c) No election contest is pending wherein a recount of the ballots in that precinct has been or will be ordered.

Posting notice of recount

18502. On the day of its adoption, a copy of the resolution ordering the recount shall be posted in a conspicuous place at the regular meeting place of the election board, or at the time the recount is ordered, the person authorized to canvass the returns shall post a notice in his office and notify the candidates for any office or the committee for or against any measure, by registered mail, of the date and place of the recount.

Recounting board

18503. The recount may be made by the election board or by a special recounting board consisting of not less than six voters of the county appointed by the election board, or the recount may be made by four voters appointed by the person authorized to canvass the returns.

Clerical assistants

18504. The election board or the person authorized to canvass the returns may appoint enough clerical assistants to aid it or him or the special counting board to make the recount.

Time for commencement of recount

18505. The recount shall be commenced:

(a) After final elections, not less than three nor more than six days after the adoption of the resolution or order.

(b) After primaries, not later than three days after the adoption of the resolution or order.

The recount shall be continued daily, Sundays and holidays excepted, for not less than six hours each and every day until completed. Completion

18506. The ballots shall be recounted in the manner prescribed for the counting of ballots by precinct boards. Manner

18508. A copy of the results of any recount conducted pursuant to this article shall be posted conspicuously at the regular meeting place of the election board or in the office of the person authorized to canvass the returns. Posting of results

18509. This article does not: Scope of article

(a) Authorize the opening or recounting of ballots for any precinct except for the purposes specified in this article.

(b) Limit other provisions of law regarding an election contest or recount.

Article 5. Recount of Ballots During Elections Involving Congressional and State Legislative Offices

18530. This article applies only to direct primary elections at which candidates are to be nominated for, and to general elections at which candidates are to be elected to, one or more of the following offices: Member of Assembly, State Senator, Representative in Congress, and United States Senator. As used in this article "office" means one of the offices enumerated in this section, and "election board" includes a registrar of voters or county clerk authorized to canvass the returns of the election. Application of article

18531. The Legislature hereby finds that the computation of the result of the votes cast for legislative offices as disclosed by a recount is merely a continuation of the computation originally made by the precinct boards and by the official canvass thereafter made by the canvassing board. Such a computation is for the most part ministerial in nature, is conducted by a ministerial body, and in no way impinges upon the constitutional guaranty that each house of the Legislature shall be the judge of the elections, returns, and qualifications of its members since it is not binding on the Legislature. Legislative finding

18532 At any time prior to the fourth day following the completion of the canvass, including that of the absent voter ballots, but not necessarily subsequent to the completion of such canvass, any candidate for an office may file with the election board a declaration alleging that because of mistake, error or misconduct the votes in one or more precincts specified in the declaration were so incorrectly counted that the returns do not correctly show which candidate received the plurality of the votes cast for the office in the precinct. If any candidate files a declaration requesting a recount in less than the total number of precincts wherein votes were cast for the office, and the recount is begun, any other candidate for nomination Declaration of error

or election to the same office may, at any time prior to the fourth day following the beginning of such recount, file with the election board a declaration alleging that because of possible mistake, error, or misconduct in precincts specified in the declaration, which may include any or all precincts specified by previous declarations, as well as any or all precincts not specified by previous declarations, the ballots were so incorrectly counted that the returns may not correctly show which candidate received the plurality of votes cast for the office in those precincts A copy of the declaration may be personally served upon each other candidate for nomination for or election to the same office prior to the filing of the declaration and shall be so served before the recount provided for in this article is commenced. For the purpose of this section, "completion of the canvass" shall be presumed to be that time when, if the canvass is made by the board of supervisors, the result is declared by it, or if the canvass is made by the county clerk, as soon as the result is certified to him and the clerk of the board of supervisors enters a statement of the result upon the records of the board.

Copy

"Completion of canvass"

"Recount"

18533. Except as to the precincts specified in the declaration, the canvass shall be conducted in accordance with the other applicable provisions of this chapter. As to the canvass of the precincts so specified the election board shall publicly recount the ballots of each precinct or cause such recount to be made by a special recounting board consisting of not less than four voters of the county appointed by the election board. If a special recounting board is appointed, each member of that board shall receive for his services the same compensation per day as is paid in the county to members of precinct boards, other than inspectors, which shall be paid out of the county treasury. In case a special recounting board is appointed, the candidate filing the declaration shall, before the commencement of the recount and at the beginning of each day following during the period of the recount, deposit with the election board a sum equal to one day's compensation for the members of the special recounting board. In case a special recounting board is not appointed, the candidate shall, before the recount is commenced and at the beginning of each day following during the period of the recount, deposit such sums as the election board requires to cover the expense of the recount, which sum shall not exceed the sum which would have been required to be deposited if a special recounting board had been appointed. In either case all money so deposited shall be returned to the depositor if upon the recount the candidate filing the declaration is found to have received the plurality of the votes cast for the office in the precinct. Otherwise, the money shall be deposited in the county treasury.

Costs

Procedures

18534. The ballots shall be recounted as nearly as practicable in the manner prescribed for the counting of votes at precincts. The recount shall be continued daily, Sundays and holidays excepted, for not less than six hours each day until

completed. Any candidate for the office involved shall be entitled to be present in person or by representative at all stages of the recount provided for in this article. If the recount requires such length of time that the canvass cannot be completed within the time prescribed by Section 18464, the time so prescribed shall be extended until after the recount is completed.

Results final

18535. In lieu of the returns of the precinct board, upon the completion of the recount there shall be entered the result of the recount in each precinct affected, which result shall, for all purposes thereafter, be the official returns of that precinct for the office involved in the recount to the same effect as if the result as shown by the recount had been shown in the returns of the precinct board. The results of any recount begun pursuant to a declaration filed as provided in Section 18532, which is not completed by counting the votes in each and every precinct specified in the declaration, shall be declared null and void.

Application

18536. Except as provided in this article all of the provisions of this chapter apply to the canvass of the votes for offices to which this article is applicable.

Article 6. Recount of Votes Following Elections Involving the Offices of Presidential Elector and Constitutional Officers

(Article 6 added by Stats. 1961, Ch. 1672)

"Constitutional office"

18560. As used in this article, "constitutional office" means any one of the following offices: Governor, Lieutenant Governor, Secretary of State, State Controller, State Treasurer, and Superintendent of Public Instruction.

(Added by Stats. 1961, Ch. 1672.)

Filing declaration

18561. At any time prior to the 20th day following the General Election at which presidential electors or constitutional officers are to be selected, any candidate for the office of presidential elector or a constitutional office, as the case may be, may file with the county clerk a declaration requesting a recount of the votes cast for the office in one or more precincts specified in the declaration

(Added by Stats. 1961, Ch. 1672.)

Public recount

18562. Following receipt of the declaration filed pursuant to Section 18561, the county clerk shall cause the votes in the precincts specified in the declaration to be publicly recounted by a special recounting board consisting of not less than four voters of the county appointed by the clerk. Each member of the board shall receive for his services the same compensation per day as is paid in the county to members of precinct boards, other than inspectors, to be paid out of the county treasury.

Manner of recount

The votes shall be recounted as nearly as practicable in the manner prescribed for the counting of votes at the precincts except that the recount shall be limited to votes cast for the

office involved. The recount shall be continued daily, Sundays and holidays excepted, for not less than six hours each day until completed. Any candidate for the office involved shall be entitled to be present in person or by representative at all stages of the recount provided for in this article.

(Added by Stats. 1961, Ch. 1672)

Depositing cost of recount

18563. Before the recount is commenced, the candidate requesting the recount shall deposit with the county clerk an amount, estimated by the clerk to be the cost of the recount. The money deposited shall be returned to the depositor if upon the recount the candidate filing the declaration is found to have received the plurality of the votes cast. If the candidate filing the declaration has not received the plurality of the votes cast, he shall be entitled to the return of any money deposited in excess of the cost of the recount. Money not required to be refunded shall be deposited in the county treasury.

(Added by Stats 1961, Ch. 1672.)

Result of recount

18564. In lieu of the returns of the precinct board, upon the completion of the recount there shall be entered the result of the recount in each precinct affected, which result shall for all purposes be the official returns of the precinct for the office to the same extent as if the result shown by the recount had been shown in the returns of the precinct board.

(Added by Stats. 1961, Ch. 1672.)

Terminating recount

18565. A candidate who requests a recount pursuant to this article may not cause the recount to be terminated before its completion at any time during which he has more votes recorded for him than any other candidate for the same office.

Upon the completion of the recount any other candidate for the office may file with the clerk, within 72 hours of receiving notice of the result, a request for a recount in accordance with the provisions of this article.

(Added by Stats. 1961, Ch. 1672.)

senatorial district, congressional district and supervisorial district for each candidate for the offices of presidential elector, Governor, and United States Senator, depending on the offices to be filled, and on each statewide ballot proposition of major interest. A copy of this supplement shall be made available, upon request, to any elector of this State.

DIVISION 11. ELECTION CONTESTS. TIE VOTE

CHAPTER 1. GENERAL PROVISIONS

"County clerk"

20000. As used in this division, "county clerk" does not include "registrar of voters."

"Contestant" "Defendant"

20001. When used in this division, "contestant" means any person initiating an election contest. "Defendant" means that person whose election or nomination is contested or those persons receiving an equal and highest number of votes, other than the contestant, where, in other than primary elections, the body canvassing the returns declares that no one person has received the highest number of votes for the contested office.

CHAPTER 2. CONTESTS AT GENERAL ELECTIONS

Article 1. Grounds for Contest

Scope of chapter

20020. The provisions of this chapter shall not apply to elections for the office of Member of the Senate or the Assembly of the State of California.

Causes

20021. Any elector of a county, city, or of any political subdivision of either may contest any election held therein, for any of the following causes:

Malconduct

(a) That the precinct board or any member thereof was guilty of malconduct.

Ineligibility to office

(b) That the person who has been declared elected to an office was not, at the time of the election, eligible to that office.

Bribe or reward

(c) That the defendant has given to any elector or member of a precinct board any bribe or reward, or has offered any bribe or reward for the purpose of procuring his election, or has committed any other offense against the elective franchise defined in Chapter 3 (commencing at Section 12000) of Division 8 or Division 15, of this code.

Illegal votes

(d) That illegal votes were cast.

Errors in canvassing

(e) That the precinct board in conducting the election or in canvassing the returns, made errors sufficient to change the result of the election as to any person who has been declared elected.

Improper conduct

20022. No irregularity or improper conduct in the proceedings of the precinct board members, or any of them, is such malconduct as avoids an election, unless the irregularity or improper conduct is such as to procure the defendant to be declared either elected or one of those receiving an equal and highest number of votes where no one person has received the highest number of votes.

Malconduct of precinct board

20023. When any election held for an office exercised in and for a county is contested on account of any malconduct on the part of the precinct board of any precinct, or any member thereof, the election shall not be annulled or set aside upon any proof thereof, unless the rejection of the vote of that precinct would change the result as to that office in the remaining vote of the county.

Illegal vote

20024. An election shall not be set aside on account of illegal votes, unless it appears that a number of illegal votes has been given to the person whose right to the office is contested or who has been certified as having tied for first place, which, if taken from him, would reduce the number of his legal votes below the number of votes given to some other person for the same office, after deducting therefrom the illegal votes which may be shown to have been given to that other person.

Article 2. Procedure by Contestant

Written statement to be filed

20050. When an elector contests any election he shall file with the county clerk a written statement setting forth specifically:

(a) The name of the contestant and that he is an elector of the district or county, as the case may be, in which the contested election was held.

(b) The name of the defendant.

(c) The office.

(d) The particular grounds of contest and the section of this code under which the statement is filed.

(e) The date of declaration of the result of the election by the body canvassing the returns thereof.

Verification, time for filing

20051. The contestant shall verify the statement of contest, as provided by Section 446 of the Code of Civil Procedure, and shall file it within the following times after the declaration of the result of the election by the body canvassing the returns thereof:

(a) In cases other than cases of a tie, where the contest is brought on any of the grounds mentioned in subdivision (c) of Section 20021, six months.

(b) In all cases of tie, 20 days.

(c) In all other cases, 30 days.

Statement as to illegal votes

20052. When the reception of illegal votes is alleged as a cause of contest, it is sufficient to state generally that in one or more specified voting precincts illegal votes were given to the defendant, which, if taken from him, will reduce the number of his legal votes below the number of legal votes given to some other person for the same office.

Testimony

Testimony shall not be received of any illegal votes, unless the contestant delivers to the defendant, at least three days before the trial, a written list of the number of illegal votes, and by whom given, which he intends to prove. No testimony may be received of any illegal votes except those which are specified in the list.

Dismissal because of form

20053. A statement of the grounds of contest shall not be rejected nor the proceedings dismissed by any court for want of form, if the grounds of contest are alleged with such certainty as will advise the defendant of the particular proceeding or cause for which the election is contested.

Article 3. Procedure by County Clerk and Court

Notice to court

20080. Within five days after the end of the time allowed for filing statements of contest, the county clerk shall notify the superior court of the county of all statements filed. The

Time and place of hearing

presiding judge shall forthwith designate the time and place of hearing, which time shall be not less than 10 nor more than 20 days from the date of the order.

Citation for defendant to appear

Service

20081. The clerk shall thereupon issue a citation for the defendant to appear at the time and place specified in the order, which citation shall be delivered to the sheriff and served upon the party at least five days before the time so specified, either:

(a) Personally, or

(b) If the party cannot be found, by leaving a copy at the house where he last resided.

Witnesses

20082. The clerk shall issue subpoenas for witnesses at the request of any party, which shall be served as other subpoenas. The superior court may issue attachments to compel the attendance of witnesses who have been subpoenaed to attend.

Trial

20083. The court shall meet at the time and place designated, to determine the contested election, and shall have all the powers necessary to the determination thereof. It may adjourn from day to day until the trial is ended, and may also continue the trial before its commencement for any time not exceeding 20 days for good cause shown by any party upon affidavit, at the costs of the party applying for the continuance.

Recounting ballots

20084. At the trial the ballots shall be opened and a recount taken, in the presence of all the parties, of the votes cast for the various candidates in all contests where it appears from the statements filed that a recount is necessary for the proper determination of the contest.

Evidence

20085. In the trial and determination of election contests, the court shall be governed by the rules of law and evidence governing the determination of questions of law and fact, so far as the same may be applicable. It may dismiss the proceedings if the statement of the cause of the contest is insufficient, or for want of prosecution.

Dismissal

Continuing special session

20086. The court shall continue in special session to hear and determine all issues arising in contested elections. After hearing the proofs and allegations of the parties and within 10 days after the submission thereof, the court shall file its findings of fact and conclusions of law, and immediately thereafter shall pronounce judgment in the premises, either confirming or annulling and setting aside the election. The judgment shall be entered immediately thereafter.

Judgment

20087. If in any election contest it appears that another person than the defendant has the highest number of legal votes, the court shall declare that person elected.

Declaration of election

20088. The contestant shall, in the first instance, be liable for the expenses involved in making any recount. He shall pay into court in advance each day such sum as the judge shall find to be sufficient to pay all such expenses as will have accrued by the end of that day. The sums paid shall be part of the costs. The county clerk may pay each day the clerical assistants necessary for such recount from the amount so advanced by the contestant without the necessity of such funds being first deposited with the county treasurer.

Article 4. Proceedings After Judgment

Certificate of election

20110. The person declared elected by the superior court is entitled to a certificate of election. If a certificate has not already been issued to him, the county clerk shall immediately make out and deliver to that person a certificate of election signed by him, and authenticated with the seal of the superior court.

Annulling certificate

20111. If the clerk has issued any certificate for the same office to any other person than the one declared elected by the court, or if the court finds a tie vote in a contest brought under this chapter, the certificate is annulled by the judgment.

Costs

20112. If the proceedings under this chapter are dismissed for insufficiency or for want of prosecution, or the election is confirmed by the court, judgment for costs shall be rendered against the contestant and in favor of the defendant. If the election is annulled or set aside on the ground of errors of a precinct board in conducting the election or in canvassing the returns, the costs shall be a charge against the county or city where the election was held. When the election is annulled or set aside on any other ground, judgment for costs shall be given in favor of contestant and against the defendant.

Apportionment of costs

Affidavit of defendant

20364. At any time within three days after the filing of the affidavit of the contestant to the effect that he has sent by registered mail a copy of the affidavit to the defendant, the defendant may file with the county clerk an affidavit in his own behalf, setting up his desire to have the votes counted in any precincts, designating them, in addition to the precincts designated in the affidavit of the contestant, and setting up his grounds therefor. On the trial of the contest all of the precincts named in the affidavits of the contestant and the defendant shall be considered, and a recount had with reference to all of those precincts. The contestant shall have the same right to answer the affidavit of the defendant as is given to the defendant with reference to the affidavit of the contestant except that the contestant's answer shall be filed not later than the first day of the trial of the contest.

Additional judges

One judge in county

20369. If the number of votes which are sought to be recounted, or the number of contests are such, that the judge in a county in which there is but one superior court judge is of the opinion that it will require additional judges to enable the contest or contests to be determined in time to print the ballots for the election, he may obtain the service of any other superior judge, and the proceedings shall be the same as provided for a county in which there is more than one superior court judge.

Same More than one judge in county

The judges designated by the order to hear the contest, including the judge to whom the contest was originally assigned, shall convene upon notice from the judge to whom the contest was originally assigned, and agree upon the precincts which each one of them, sitting separately, will recount. Thereupon the recount shall so proceed that each judge, sitting separately, shall respectively determine the recount in those precincts which have been assigned to him, so that the ballots opened before one judge need not be opened before another judge or department.

Assistants

20372. The proceedings before every judge in making a recount of the precincts assigned to him, as to the appointment of the clerk and persons necessary to be assistants of the court in making it, shall be the same as in contested elections. The provisions of Section 20088 of this code apply to the recount.

Decision of court

20373. When the recount has been completed in the manner required in this article, all the judges who took part, if more than one, shall assemble and make the decision of the court. If there is any difference of opinion, a majority of the judges shall finally determine all questions, and give a separate decision or judgment in each contest.

Judgment final

20374. The judgment of the court is final in every respect. No party may appeal.

Service and enforcement

20375. A certified copy of the judgment shall be served upon the county clerk and may be enforced summarily in the manner provided in Section 6403.

Service on Secretary of State

INSTRUCTIONS TO VOTERS

To vote for a candidate of your selection, stamp a cross (+) in the voting square next to the right of the name of that candidate. Where two or more candidates for the same office are to be elected, stamp a cross (+) after the names of all the candidates for that office for whom you desire to vote,

not to exceed, however, the number of candidates who are to be elected. To vote for a person not on the ballot, write his name under the title of the office in the blank space left for that purpose.

To vote on any measure, stamp a cross (+) in the voting square after the word "Yes" or after the word "No." All marks, except the cross (+) are forbidden. All distinguishing marks or erasures are forbidden and make the ballot void.

If you wrongly stamp, tear or deface this ballot, return it to the inspector of election and obtain another.

On absent voter ballots mark a cross (+) with pen or pencil.

Tinting and watermark

22872. The ballots shall be printed on tinted paper containing a watermarked design, and they shall be kept secret, until the day of election, from all persons not engaged in the preparation of the ballots. The printing, perforating, padding, numbering, and amount of the ballots, and the kind of type used in printing them, shall be substantially the same as in the case of statewide and county elections.

The clerk or board shall commence this count as soon as the polls close on the day of election, and the count shall continue, for not less than six hours each day providing ballots remain to be counted, until all absent voter ballots have been received within the time provided by law. The result of the absent vote count shall be included with the canvass of returns from the precincts.

The canvassing board, if any, shall be appointed and the absent vote count shall be conducted in the manner prescribed by Chapter 7 (commencing with Section 18200) of Division 10 of this code, insofar as the provisions of that chapter are not inconsistent with the provisions of this section.

23108. Within five days after the election, the commissioners shall canvass the returns and declare what persons were elected. The commission shall issue certificates of election to the persons so declared to be elected. The certificates shall be signed by all the commissioners, and shall be conclusive evidence of the regularity of all the proceedings taken in the election and by the commission, except as against any suit or proceeding to oust from office any person holding a certificate.

Elected nominee

23109. Within 10 days after issuance of the certificates of election, the officers shall qualify and enter upon the discharge of their duties, in accordance with the charter. If any person chosen at the election fails to take the oath of office and enter upon the discharge of his duties within the time above specified, the office to which he shall have been elected shall be deemed vacant.

Failure to assume office

These entries shall thereupon be evidence of all the matters therein stated, and as conclusive as the originals.

Effect of qualification

23111. Whenever the officers elected at the election, and the officers authorized by the charter to be elected or appointed by the governing body or executive department of the city, have qualified and entered upon the discharge of their duties, the city shall be as fully organized and in operation as if the election had been held at the time and in the manner required by the charter.

Resolution declaring government in operation

23112. Whenever the government of the city is in full operation, the governing body shall enter a resolution in its minutes declaring that fact. The resolution shall be conclusive evidence of that fact, except as against a direct action or proceeding to set aside or annul the government.

CHAPTER 4. CONSOLIDATION OF ELECTIONS

Order of consolidation

23300. Whenever two or more elections, including bond elections, of any district, city, county or other political subdivision are called to be held on the same day, in the same territory, or in territory that is in part the same, they may be consolidated pursuant to this chapter upon the order of the governing body or bodies calling the elections.

The elections, whether held under a freeholder charter or under any state law, or both, may be consolidated and different elections called by the same governing body may be consolidated.

In each year when electors of President and Vice President of the United States are to be chosen, the presidential primary shall be consolidated with the direct primary and no order is necessary.

Statewide election

23301. Where one of the elections to be consolidated is a statewide election, the board of supervisors of the county in which the consolidation is to be effected may order the consolidation.

Resolution requesting consolidation

23302. Whenever an election called by a district, city or other political subdivision for the submission of any question, proposition, or office to be filled is to be consolidated with a statewide election, and such question, proposition, or office to be filled is to appear upon the same ballot as that provided for such statewide election, the district, city or other political subdivision shall, at least sixty (60) days prior to the date of the election, file with the board of supervisors, and a copy with the county clerk, a resolution of its governing board requesting such consolidation and setting forth the exact form of any question, proposition, or office to be voted upon at such election, as the same is to appear on the ballot The question or proposition to appear on the ballot shall not exceed 175 words in length. The resolution requesting the consolidation may be adopted and filed prior to the adoption of the ordinance, resolution or order calling the election, but in that event the ordinance, resolution or order calling the election must be adopted at least 45 days before the election. The names of the candidates to appear upon the ballot where district, city, or other political subdivision offices are to be filled shall be filed with the county clerk no later than 53 days prior to the election.

(Amended by Stats 1961, Ch. 341.)

[ORIGINAL SECTION]

23302 Whenever an election called by a district, city or other political subdivision for the submission of any question or proposition is to be consolidated with a statewide election, and such question or proposition is to appear upon the same ballot as that provided for such statewide election, the district, city or other political subdivision shall, at least sixty (60) days prior to the date of the election, file with the board of supervisors, and a copy with the county clerk, a resolution of its governing board requesting such consolidation and setting forth the exact form of any question or proposition to be voted upon at such election, as the same is to appear on the ballot. The question or proposition to appear on the ballot shall not exceed 175 words in length The resolution requesting the consolidation may be adopted and filed prior to the adoption of the ordinance, resolution or order calling the election, but in that event the ordinance, resolution or order calling the election must be adopted at least 45 days before the election.

Reprecincting

23303. When the county precinct boundaries at a consolidated election called by the board of supervisors of the county in which the city, district or other political subdivision is located do not coincide with the boundaries of the city, district or other political subdivision, the board of supervisors may by order, for the purpose of the election only, reprecinct the territory in which the boundaries do not coincide, at any time prior to 30 days before the election.

Boundaries

23304. When the boundaries of the territory within which an election is to be held, or the boundaries of the precincts established therefor, do not fully coincide with the boundaries of the territory within which some other election is to be held, or the boundaries of the precincts established for the other election, the elections may be consolidated as to all precincts

which are the same for both elections. The elections may also be consolidated as to those precincts where a single precinct established for one election lies entirely within a single precinct established for the other election. Separate ballots shall be provided for those voters who reside outside the territory within which one of the elections is called.

Precincts to be the same

23305. Within the territory affected by the order of consolidation, the election precincts, polling places and voting booths shall, in every case, be the same, and there shall be only one set of election officers in each of the precincts. When the returns of elections consolidated pursuant to this chapter are required to be canvassed by different canvassing boards, the elections shall be conducted separately in the same manner as if they had not been consolidated, except as provided in this chapter.

Separate canvassing

Canvass of returns

23306. In case of the consolidation of any election called by the legislative body of a city, district or other political subdivision with an election held in the county or counties in which the city, district or other political subdivision is situated, the governing body of the city, district or other political subdivision may authorize the board of supervisors to canvass the returns of the election. If this authority is given:

Conduct of election

(a) The election shall be held in all respects as if there were only one election.

(b) Only one form of ballot shall be used.

(c) The returns of the election need not be canvassed by the legislative body of the authorizing city, district or other political subdivision.

If such authority is given to the board of supervisors, the canvass may be made by the county clerk when the board of supervisors so orders pursuant to Section 18401 or Section 18462, or by the registrar of voters if under Section 18401 or Section 18461 the registrar is required to make the canvass.

Canvass of returns

23307. In the case of the consolidation of any election called by the governing body of a city, district or other political subdivision with an election held in another city, district or other political subdivision, the governing body of one city, district or political subdivision may authorize the governing body of the other city, district or political subdivision to canvass the returns of the election. If this authority is given:

Conduct of election

(a) The elections shall be held in all respects as if there were only one election.

(b) Only one form of ballot shall be used.

(c) The returns of the election need not be canvassed by the governing body of the authorizing city, district, or other political subdivision.

If such authority is given, the canvass may be made by any body or official authorized by law to canvass the returns of the election of such other city, district or political subdivision.

Canvass of returns

23308. When the returns of any elections consolidated pursuant to this chapter are required to be canvassed by the same

body, the elections shall be held in all respects as if there were only one election, and only one form of ballot shall be used. Conduct of election

23309. Elections may be consolidated and conducted pursuant to this chapter notwithstanding the fact that the provisions of this code relating to absent voters may apply to less than all of the elections consolidated. Whenever only one form of ballot is used at a consolidated election the ballots cast by absent voters shall be counted only in connection with elections to which absent voter privileges have been extended by law. Absent voters

23310. Whenever the period of time within which absent voters' ballots must be received by the clerk in order to be counted, as provided for any election by this code or any other law of this State, is different from that period of time provided for another election, and the elections are consolidated and only one form of ballot used for both elections, all absent voters' ballots issued for the consolidated election may be counted for both elections if received by the clerk within whichever period of time that is the longer. Absent voters' ballots

23311. Except as otherwise provided in this chapter, when elections are consolidated, the governing body ordering consolidation may, in the territory affected thereby, provide for: Power of governing board

(a) The appointment of precinct boards.

(b) The formation of precincts for such elections.

(c) The expenses of the election.

23312. Where under any law of the State the precincts, polling places or names of members of precinct boards are required to be described or otherwise set forth in the ordinance, resolution, order, notice or other document calling, giving notice of or otherwise pertaining to any election, and such election is consolidated, in whole or in part, with another election, such ordinance, resolution, order, notice or other document need not describe or set forth the precincts, polling places and the names of precinct board members pertaining to the territory affected by the consolidation but may instead state that such precincts, polling places and precinct board members shall be the same as those provided for such other election within the territory affected by the consolidation, and in that event, such ordinance, resolution, order, notice or other document shall refer to some ordinance, order, resolution or notice calling, providing for or giving notice of such other election and which sets forth such precincts, polling places and the names of precinct board members. Such reference may be made by giving the number and title or date of adoption of such ordinance, resolution or order, or the date or proposed date of any publication of such notice and the name of the newspaper in which the notice has been or will be published, or by any other definite description. Notwithstanding the provision of any other law of the State, such reference need not be made in the case of an election consolidated with a statewide election. Reference to other election

25001. If a vacancy occurs in the representation of this State in the Senate of the United States, the Governor may appoint and commission an elector of this State, who possesses the qualifications for the office, to fill the vacancy until his successor is elected and qualifies and is admitted to his seat by the United States Senate. However, whenever a vacancy occurs within a term fixed by law to expire on the third day of January following the next general election, the person so appointed shall hold office for the remainder of the unexpired term unless such vacancy is filled at a special election held prior to such general election, in which case the person elected at such special election shall hold office for the remainder of the unexpired term. An election to fill a vacancy in the term of a United States Senator shall be held at the general election next succeeding the occurrence of the vacancy or at any special election.

Certificates of election

25002. On the 60th day after the election, or as soon within that time as the returns have been received from the entire State or a congressional district, as the case may be, the Secretary of State shall determine the votes cast for candidates for Senator and Representative and certify to the persons having the highest number of votes for the respective offices as duly elected

CHAPTER 2. ELECTIONS FOR PRESIDENTIAL ELECTORS

Vote for candidates

25105. The electors, when convened, if both candidates are alive, shall vote by ballot for that person for President and that person for Vice President of the United States, who are, respectively, the candidates of the political party which they represent, one of whom, at least, is not an inhabitant of this State.

25106. The electors shall name in their ballots the person voted for as President, and in separate ballots the person voted for as Vice President.

Certification of vote

25107. The electors shall make separate lists of all persons voted for as President and of all persons voted for as Vice President, and of the number of votes for each, which lists they shall sign, certify, seal, and transmit by mail to the seat of the Government of the United States, directed to the President of the Senate.

Service and mileage expenses

25108. Each presidential elector shall receive ten dollars ($10) for his services, and mileage at the rate of five cents ($0.05) per mile for each mile of travel from his domicile to the State Capitol and return.

Warrants

Their accounts therefor shall be certified by the Secretary of State, and audited by the Controller, who shall draw his warrants for the same on the Treasurer, payable out of the General Fund.

Chapter 3. Judicial Officers

Article 1. Distinguishing Number on Ballot

Separate judicial offices

25300. In any election at which two or more judges or justices of any court are to be voted for or elected for the same term, it shall be deemed that there are as many separate judicial offices to be filled as there are judges or justices of the court to be elected. Each separate office shall be designated by a distinguishing number not greater than the total number of the offices. The designation shall remain the same for all purposes of both primary and general election and shall be used on all nomination papers, certificates of nomination, ballots, certificates of election, and all election papers referring to the office. After election and the issuance of the certificates of election, the designating number shall have no further significance.

Number to be used for designation

25301. Each candidate for a numerically designated judicial office, not more than 10 nor less than 5 days prior to the first day on which his nomination papers may be circulated and signed, or not more than 10 nor less than 5 days prior to the first day on which his nomination papers may be presented for filing, shall file in the office in which his nomination papers are required to be filed, a written and

25303. The numerically designated offices shall be grouped and arranged on all ballots in numerical order. No person may be a candidate nor have his name printed upon any ballot as a candidate for any numerically designated office other than the one indicated by him in his declaration of intention to become a candidate.

Article 2. Adoption of Section 26 of Article VI of the Constitution

Majority of voters may adopt

25330. The voters of any county may adopt the provisions of Section 26 of Article VI of the Constitution of this State as applicable to the judge of the superior court of the county if a majority of the voters of the county, voting on the question of its adoption, vote in favor thereof.

Manner of adoption

25331. The provisions of Section 26 of Article VI may be adopted:

(b) In pursuance of a petition of voters of the county as provided in this article.

Petition

25332. The petition shall state the name and address of a person to whom notice of the insufficiency of the petition shall be sent in the event the petition has not the required number of signatures of voters signed thereto.

Signatures

25333. The petition shall be signed by 10 percent of the voters of the county, computed upon the total number of votes cast therein for all candidates for Governor at the last preceding gubernatorial election, and it shall pray for the adoption of such provisions as applicable to the judge of the superior court of the county. The petition shall be filed in the office of the county clerk.

Filing

Examination of petition

25334. Within 20 days after the filing of the petition, the county clerk shall examine it and ascertain from the record of the registration of the voters of the county whether the petition is signed by the requisite number. If required by the clerk, the board of supervisors shall authorize him to employ persons to assist him in the work of examining the petition, and the board shall provide for their compensation.

The petitioners shall have 30 days from and after the date of receiving the notice of insufficiency to present and file a supplement bearing additional signatures. Upon the receipt of the supplement the county clerk shall proceed forthwith to examine it. He shall complete his examination within 10 days from the date of its receipt by him. If it appears that the additional signatures and those which have not been legally rejected upon the original petition total the requisite number, the county clerk shall forthwith attach to the petition his certificate, duly dated, showing that the petition has been signed by the requisite number of voters, and shall immediately present it to the board of supervisors if it is in session, otherwise at its next meeting.

Supplemental petition

25337. Upon the adoption of the ordinance or resolution or the presentation of a petition, the board of supervisors shall submit the proposal to the voters at the next succeeding general election, presidential primary, or countywide special election, occurring subsequent to 90 days after the adoption of the ordinance or resolution or the presentation of the petition.

Certificate of adoption

25338. If the proposal is approved by a majority of the votes cast thereon, the board of supervisors shall file a certificate, signed by the chairman of the board and duly dated, with the Secretary of State, reciting that the proposal to adopt the provisions of Section 26 of Article VI of the Constitution as applicable to the judge of the superior court of the county was

approved by a majority of the votes cast thereon at the election. Upon the filing of the certificate the provisions of Section 26 shall thereupon be applicable to the judge of the superior court of that county, and effective as to all vacancies in the office occurring after the date of filing of the certificate.

Receiving or filing

27002. Officers chargeable by law with receiving or filing in their offices any recall petition shall not receive any petition which does not conform to the provisions of this chapter.

Preservation of petitions

27003. The Secretary of State shall preserve for four years in his office all recall petitions legally filed. He shall thereafter destroy them unless they are in evidence in some action or proceeding then pending.

27004. Before any signatures are obtained to a recall petition, a copy of the text of the petition shall be filed in the office of the Secretary of State, and the recall proceeding shall be deemed to be pending from the date of such filing. The

Signatures

CHAPTER 28

An act to amend Sections 25102, 29705 and 29747 of the Government Code, relating to claims against a county.

[Approved by Governor March 16, 1961 Filed with Secretary of State March 17, 1961]

In effect September 15, 1961

The people of the State of California do enact as follows:

SECTION 1. Section 25102 of the Government Code is amended to read:

Books

25102. The board shall cause to be kept:

(a) Its minute book.

(b) An ordinance book.

(c) An "allowance book" in which shall be recorded all orders for the allowance of money from the county treasury,

to whom made, and on what account. The orders shall be dated, numbered, and indexed through each year. In any county using certified duplicate lists of claims allowed, one list is the "allowance book" within the meaning of this section. If the auditor in any county maintains an index of claims allowed, the index required by this section may be dispensed with. In lieu of recording in the allowance book, claims or duplicates thereof may be filed with the clerk of the board, who shall make an alphabetical index of the claims filed. In any county, the board of supervisors by resolution may dispense with the allowance book, in which event the warrant book filed with the county auditor shall serve in place of both the allowance book and the warrant book.

(d) A "warrant book" to be kept by the county auditor, in which shall be entered, in the order of drawing, all warrants drawn on the treasury, with their number and reference to the order on the minute book, with the date, amount, on what account, and name of payee. In any county using a list of claims allowed for an allowance book, the list filed in the office of the auditor is the warrant book within the meaning of this section.

SEC. 2. Section 29705 of the Government Code is amended to read:

Adoption of forms

29705. The board may adopt forms for the submission and payment of claims and may prescribe and adopt warrant forms separate from claim forms, to the end that the approved claims may be retained in the auditor's office as vouchers supporting the warrants issued. The forms so adopted may not be inconsistent with the provisions of this article or of any other statutes or regulations expressly governing any such claims or the presentation thereof, and shall provide:

(a) For the approval of the officer directing the expenditure. In counties having a system under which expenditures may be initiated by requisition, the approval may be omitted from claims initiated by requisition.

(b) For the approval of the purchasing agent or other officers issuing the purchase order under which the charge was incurred, or having charge of contracts or schedules of salaries under which the claim arose.

(c) For the approval of at least one member of the board. In lieu of the supervisor's approval on each claim there may be substituted duplicate lists of claims allowed, showing, as to each claim, the name of the claimant, the amount allowed, and the date of allowance. The lists shall be certified to the board by the clerk of the board or other competent officer or employee designated by it for the purpose, as being a true list of claims properly and regularly coming before the board. Upon allowance of claims each of the lists, after amendment if necessary, shall be certified to as having been allowed by the board, the date allowed, and that such lists are correct by one member of the board or by the clerk of the board and filed, one in the office of the clerk of the board and one in the office

of the auditor. When filed the lists constitute respectively the "allowance book" and the "warrant book." If the allowance book is dispensed with by the board of supervisors under the authority of Section 25102, a single list of claims may be substituted in lieu of a supervisor's approval on each claim, which list shall be processed and certified as required for duplicate lists and shall be filed in the office of the county auditor as the warrant book.

(d) For the certificate of the clerk of the board as to the date and amount of allowance of the claim by the board. If the duplicate lists of claims allowed are filed, the certificate may be omitted, but in its stead there shall appear on each claim a reference by date, number, or otherwise to the list on which the claim appears listed as allowed.

(e) For the certificate of the clerk of the board or of the auditor as to the correctness of the computations.

(f) For the auditor's approval.

SEC. 3. Section 29747 of the Government Code is amended to read:

29747. The auditor shall prepare duplicate lists of all claims he allows, showing as to each claim: date allowed, warrant number, name of claimant, and amount allowed. He shall certify that the lists are correct, file one copy in the office of the board and preserve the other or a photographic copy thereof in his own office. The people of the State of California do enact as follows:

SECTION 1. Section 24102 of the Health and Safety Code is amended to read:

24102. The state department shall make and enforce such rules and regulations pertaining to public swimming pools as it deems proper; provided, that no rule or regulation as to design or construction of pools shall apply to any pool which has been constructed before the adoption of such rule or regulation, if such pool as constructed is reasonably safe and the manner of such construction does not preclude compliance with the requirements of such rules and regulations as to bacteriological and chemical quality and clarity of the water in such pool.

CHAPTER 33

An act to amend Section 16 of the Yuba County Water Agency Act (Chapter 788 of the Statutes of 1959), relating to revenue bonds issued by the Yuba County Water Agency, and declaring the urgency thereof, to take effect immediately.

In effect immediately

[Approved by Governor March 24, 1961. Filed with Secretary of State March 24, 1961.]

The people of the State of California do enact as follows:

SECTION 1. Section 16 of the Yuba County Water Agency Act (Chapter 788 of the Statutes of 1959) is amended to read:

Sec. 16. If the board by resolution determines that a bonded indebtedness to pay for the acquisition or construction of any works for any purposes of the agency or for refunding any outstanding bonds should be incurred and can be repaid and liquidated as to both principal and interest from revenues designated by the board, the agency is authorized and shall have the power to define such works as an "enterprise" and to issue revenue bonds all in the manner and as provided in the Revenue Bond Law of 1941 as amended, and for such purpose the agency shall be considered a "local agency," as defined by Section 54307 of the Government Code; provided, however, that notwithstanding the provisions of Section 54310 of the Government Code, the board shall have the power, subject to the limitations of Section 4.1 hereof, to borrow money and issue revenue bonds for, and to define "enterprise" to include systems, plants, works or undertakings for the generation, production, transmission and sale of hydroelectric energy as authorized in this act; and provided, further, that notwithstanding the provisions of Section 54400 of the Government Code, the board may determine and provide, in any resolution for the issuance of revenue bonds, for maturity dates of the revenue bonds not exceeding 50 years from their date of issuance.

Urgency

SEC. 2. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The Yuba County Water Agency has completed a feasibility report on the development of the Yuba River and has received the recommendation from its Advisory Council to proceed to hold the bond election for this development at the earliest possible date. Unless this act takes effect immediately, the urgently needed development of water resources on the Yuba River will be substantially delayed.

An act to add Article 6 (commencing with Section 1251) to Chapter 1, Division 6 of the Military and Veterans Code, relating to annexation of territory to veterans' memorial districts.

[Approved by Governor March 27, 1961. Filed with Secretary of State March 27, 1961.]

In effect September 15, 1961

The people of the State of California do enact as follows:

SECTION 1. Article 6 (commencing with Section 1251) is added to Chapter 1, Division 6 of the Military and Veterans Code, to read:

Article 6 Annexation

District boundaries

1251. The boundaries of any district organized or existing under this chapter may be altered and new territory annexed to, and incorporated within, it pursuant to this article.

1252. To qualify for annexation, new territory shall be contiguous to the existing district.

Proceedings

1253. Proceedings may be commenced for the annexation of territory to an existing district by petition filed with the county clerk and signed by registered voters residing within the territory to be annexed equal in number to at least eight percent of the number of votes cast in the territory proposed to be annexed for the office of Governor at the last general election at which a Governor was elected. If both incorporated and unincorporated territory are included within the new territory, the petition shall be signed by registered voters equal in number in each territory to at least eight percent of the votes so cast therein for Governor.

Petition

1254. The petition shall be addressed to the board of supervisors of the county within which the district is situated, shall be signed by the number of qualified registered voters specified in Section 1253, and shall propose and set forth:

(a) The annexation of new territory under this article.

(b) The calling by the board of supervisors of a meeting to conduct a hearing upon the question whether the new territory should be annexed.

(c) An accurate description of the boundaries of the new territory specifying what portion of the territory is incorporated and what portion unincorporated.

Hearing on petition

1255. Within 10 days after the filing of such petition the county clerk shall find and certify whether the petition is signed by the requisite number of qualified registered electors of the territory proposed to be annexed and of the incorporated and unincorporated portions thereof and shall present the petition with the certificate of his findings attached thereto to the board of supervisors at its first regular meeting held 10 days from the date of filing of the petition. At such regular meeting the board shall ascertain whether the petition in all

respects complies with the requirements therefor, except that the certificate shall be conclusive evidence of the sufficiency of the signatures to the petition. If the board finds that the petition complies with such requirements, it shall at the same regular meeting fix a time and place for the hearing of the petition not less than 20 days nor more than 40 days after the date of such meeting, and shall direct the clerk of the board to publish a notice once a week for three successive weeks in a newspaper circulated in the territory which is proposed to be annexed, and which the board deems most likely to give notice to the inhabitants of the territory.

Notice of hearing

1256. The notice required in Section 1255 shall state the fact that the board has fixed the time and place, which shall be stated in the notice, for a hearing on the matter of the annexation of territory to the memorial district. The notice shall describe the territory or shall specify the exterior boundaries of the territory proposed to be annexed to the district.

Resolution to annex, written objections

1257. If, at the close of the hearing, the board of supervisors determines to annex the territory, or any portion thereof, it shall so declare by resolution. The annexation shall be effective upon the date of the adoption of the resolution unless one percent or more of the voters living within the territory to be annexed have at or prior to hearing filed written objections to the annexation. If written objections to the proposed annexation are made by the number of voters specified in this section, the annexation shall not be effective until it is approved by a majority vote of the voters of the territory proposed to be annexed. The election shall be conducted substantially as provided in Sections 1179, 1180, and 1181.

Declaration of result

1258 The declaration of the result and recordation of the statement of the election shall be carried out substantially pursuant to Sections 1182 and 1183 of this chapter except that the words "formation of the district" shall be replaced in each instance by the words "annexation of the new territory."

1259. Territory forming a part of any existing district at the time of presentation of a petition for annexation, shall not be annexed pursuant to this article.

CHAPTER 35

An act to amend Section 2160.9 of the Welfare and Institutions Code, relating to the computation of old age security grants.

In effect September 15, 1961

[Approved by Governor March 27, 1961. Filed with Secretary of State March 27, 1961.]

The people of the State of California do enact as follows:

SECTION 1. Section 2160.9 of the Welfare and Institutions Code is amended to read:

2160.9. Notwithstanding any other provision of this chapter, free board, lodging and other items of need furnished free to a recipient of aid under this chapter shall constitute income to the recipient in computing the grant of assistance provided for in this chapter. However, such free items shall not be evaluated at an amount higher than specified for such items in the assistance standard established by the State Social Welfare Board. If a recipient pays less for an item of need than the amount specified in the basic budget formulated by the State Social Welfare Board, the difference shall not be considered deductible income unless it is established that the difference is in fact a regular contribution toward the support of the recipient. For the purpose of this section, casual income or the value of inconsequential assistance furnished without charge to the recipient by another shall not be deducted from his grant. This section shall not apply to medical services provided pursuant to Chapter 1 of Part 3 of Division 5 of this code.

CHAPTER 36

An act to amend Section 68 of the Agricultural Code, relating to county livestock inspectors.

[Approved by Governor March 27, 1961. Filed with Secretary of State March 27, 1961.]

In effect September 15, 1961

The people of the State of California do enact as follows:

SECTION 1. Section 68 of the Agricultural Code is amended to read:

68. A livestock inspector may be appointed by the board of supervisors whenever the public welfare demands the services of such inspector. Such inspector shall serve at the pleasure of the appointive power and shall receive a salary fixed by the board of supervisors of the county, payable at the same time, in the same manner, and from the same fund as other county officers are paid. Such inspector shall act under the supervision of the director and shall enforce throughout the county all the provisions of this code relating to the health and sanitary surroundings of livestock, poultry and rabbits and within unincorporated territory all orders and ordinances of the board of supervisors relating to such subjects. He may establish such quarantine, sanitary, and other regulations within his jurisdiction as he deems necessary. He shall attend such meetings as shall be deemed necessary and advisable by the board of supervisors.

CHAPTER 37

An act to amend Section 13606 of the Government Code, relating to the compiling and publication of the State Blue Book, and declaring the urgency thereof, to take effect immediately.

Blue Book

13606. In the year 1961, in the year 1963 and in every fourth year thereafter the State Printing Office shall, with the approval of the department, compile or cause to be compiled, published and distributed a State Blue Book.

The Blue Books shall be compiled following the adjournment of the session of the Legislature in the year for which the Blue Book is to be compiled and published and material therein pertaining to the Legislature shall be compiled under the direction of the Secretary of the Senate and the Chief Clerk of the Assembly as pertaining to their respective houses. The Blue Book compiled and published in 1961 shall be an abridged book and shall contain only such material as the Joint Committee on Legislative Organization finds to be appropriate for an abridged book.

The cost of such compilation, publication and distribution shall be paid from any appropriation made for that purpose.

Urgency

SEC. 2. This act is an urgency measure necessary for the immediate preservation of the public peace, health and safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The State Blue Book gives in detail the organization and functions of the state government and a summary of the resources and facilities of the State. It is an important reference work, giving not only a record of the State's progress to date, but providing a basis of information and data upon which to plan for continued advancement. This act provides for the continued periodic compilation, publication and distribution of the Blue Book, beginning with the year 1961. In order that the persons involved in compiling the Blue Book may acquire, assemble and verify the vast amounts of necessary data and information required for the Blue Book in time for its publication in 1961, it is necessary that work be authorized and started immediately to compile and publish the Blue Book. Therefore, it is necessary that this act take effect immediately.

CHAPTER 38

An act to add Article 1.5 (commencing with Section 1266) to Chapter 5 of Part 1 of Division 1 of, and to repeal Chapter 4 (commencing with Section 3901) of Part 3 of Division 1 of, the Unemployment Insurance Code, relating to unemployment compensation.

[Approved by Governor March 28, 1961. Filed with Secretary of State March 28, 1961.]

In effect September 15, 1961

The people of the State of California do enact as follows:

SECTION 1. Article 1.5 (commencing with Section 1266) is added to Chapter 5 of Part 1 of Division 1 of the Unemployment Insurance Code, to read:

Article 1.5. Retraining Benefits

Policy

1266. Experience has shown that the ability of a large number of the population of California to compete for jobs in the labor market is impaired by advancement in technological improvements and the widespread effects of automation and relocation in our economy. It is the policy of this State to assist such individuals by providing unemployment compensation or extended duration benefits during a period of retraining to fit them for new jobs and thus avoid their being forced to remain in a job classification where work opportunities no longer exist or are diminishing.

Eligibility while retraining

1267. Notwithstanding any other provision of this division, an unemployed individual otherwise eligible for unemployment compensation or extended duration benefits shall not become ineligible for such benefits because of his enrollment in and satisfactory pursuit of a retraining course of instruction which the director has approved for the individual. As used in this article, "individual" includes an exhaustee as defined in Section 3503.

Application for determination

1268. An unemployed individual who files a claim for unemployment compensation or extended duration benefits may apply to the department for a determination of potential eligibility for benefits during a period of retraining.

Determination of potential eligibility

1269. A determination of potential eligibility for benefits under this article shall be issued to an unemployed individual if the director finds that:

(a) Reasonable employment opportunities for which the unemployed individual is fitted by training and experience do not exist or have substantially diminished in the labor market area in this State in which he is claiming benefits.

(b) The retraining course of instruction relates to an occupation or skill for which there are, or are expected to be in the

immediate future, reasonable employment opportunities in any labor market area in this State in which the individual intends to seek work.

(c) The retraining course of instruction is one prescribed by the Director of Employment.

(d) The individual has the required qualifications and aptitudes to complete the course successfully.

Eligibility

1270. Notwithstanding the provisions of subdivision (c) of Section 1253, an unemployed individual who is able to work is eligible to receive benefits under this article with respect to any week during a period of retraining only if the director finds that:

(a) He has been determined potentially eligible under Section 1269.

(b) He submits with each claim a written certification executed by a responsible person connected with the retraining program certifying that he was enrolled in and satisfactorily pursuing the retraining course of instruction.

Failure to submit certification

1271. If an individual fails to submit for any week during a period of retraining the certification required by Section 1270, he shall be ineligible to receive any unemployment compensation or extended duration benefits for that week. This section shall not render an individual ineligible for unemployment compensation or extended duration benefits for any week during a period of retraining if on or before Monday of that week he notifies the department that his retraining course of instruction has been or is being discontinued or terminated prior to that week.

Qualification when refusing employment

1272. An unemployed individual otherwise eligible for benefits under this article shall not be disqualified for refusing suitable employment offered to him, or failing to apply for suitable employment when notified by a public employment office, or for leaving his most recent work, if the acceptance of or applying for suitable employment or continuing the most recent work would require him to terminate his retraining course of instruction.

Federal benefits

1273. Notwithstanding any other provision of this article, no payment of retraining benefits shall be made to any individual for any week or part of any week with respect to which he is entitled to receive retraining benefits as a result of participation by this State pursuant to the provision of any federal law providing for the payment of such benefits.

SEC. 2. Chapter 4 (commencing with Section 3901) of Part 3 of Division 1 of said code is repealed.

CHAPTER 39

An act to amend Section 6322.1 of the Business and Professions Code, relating to law library funds.

[Approved by Governor March 28, 1961 Filed with Secretary of State March 28, 1961]

In effect September 15, 1961

The people of the State of California do enact as follows:

SECTION 1. Section 6322.1 of the Business and Professions Code is amended to read:

6322.1. The board of law library trustees of any county may increase the costs provided in Sections 6321 and 6322 to not more than four dollars ($4) for each event there described whenever they shall determine that the increase is necessary to defray the expenses of the law library.

CHAPTER 40

An act to amend Section 1956 of the Government Code, relating to insurance of public officers and employees against liability.

[Approved by Governor March 28, 1961. Filed with Secretary of State March 28, 1961]

In effect September 15, 1961

The people of the State of California do enact as follows:

SECTION 1. Section 1956 of the Government Code is amended to read:

1956. The State, a county, city, district, or any other public agency or public corporation may insure its officers, deputies, assistants, agents, and employees against any liability, other than a liability which may be insured against under the provisions of Division 4 of the Labor Code, for injuries or damages resulting from their negligence or carelessness during the course of their service or employment and for the injuries or damages resulting from the dangerous or defective condition of public property, including public property as defined in Article 2, and due to their alleged negligence or carelessness, and for injuries or damages resulting from false arrest or false imprisonment, either by self-insurance, or in any insurer authorized to transact such insurance in the State (except in the case of school district governing boards to the extent they are authorized to place insurance in nonadmitted insurers by Sections 1044 and 15802 of the Education Code). The premium for the insurance is a proper charge against the Treasury of the State, county, city, district, public agency or public corporation.

CHAPTER 41

An act to amend Section 254.7 of the Revenue and Taxation Code, relating to the welfare exemption, declaring the urgency thereof, to take effect immediately.

In effect immediately

[Approved by Governor March 28, 1961. Filed with Secretary of State March 28, 1961.]

The people of the State of California do enact as follows:

SECTION 1. Section 254.7 of the Revenue and Taxation Code is amended to read:

254.7 Notwithstanding Section 254.5, an affidavit for the welfare exemption for the fiscal year 1960-61 may be filed with the assessor until and including May 15, 1961, by any organization which furnishes care, education, treatment, transportation, and other assistance to handicapped persons and which is entitled to claim the exemption for that year in respect to any property owned by it. All other provisions of Section 254.5, other than those relating to the filing date of affidavits, are nevertheless applicable to this section.

Urgency

SEC. 2. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Some organizations engaged generally in the work of assisting handicapped persons have inadvertently failed to file the required affidavit in support of the welfare exemption applicable to their property for the fiscal year 1960-61 and, as a consequence, are now confronted with possible tax obligations which, if met, will substantially impair their ability to function effectively. This act will remedy the situation by removing the procedural bar to the obtainment of the exemption by such organizations. In doing so, it will fulfill the public policy of the State expressed through such exemption and thereby benefit the people generally.

CHAPTER 42

An act to add Sections 14671.5 and 14696.1 to the Education Code, relating to school district retirement plans, and declaring the urgency thereof, to take effect immediately.

In effect immediately

[Approved by Governor March 28, 1961. Filed with Secretary of State March 28, 1961.]

The people of the State of California do enact as follows:

SECTION 1. Section 14671.5 is added to the Education Code, to read:

Consolidation of districts having retirement plans

14671.5. Notwithstanding anything to the contrary in this code, where a city elementary school district having a district retirement plan and a city high school district having a district retirement plan, both plans being under the control and management of a single governing board, become a unified district for elementary and high school purposes on the elementary district boundaries, and the unified school district continues to have jurisdiction over the schools theretofore staffed and operated by the city elementary school district and the city high school district, which schools are governed by the same governing board, and the unified school district continues to retain in its employ those employees who were members of each such district plan, except for separations from service which are normal or which result from such unification, then the district retirement plan for the city elementary district and the district retirement plan for the city high school district shall be consolidated into a single district retirement plan for the unified school district effective on the date the unified school district is effective for all purposes. On that date all of the property, funds, assets and liabilities of the two separate district retirement plans shall become the property, funds, assets, and liabilities of the district retirement plan of the unified school district. The retirement board of the district retirement plan for the unified school district may have more than seven members, if the governing board so provides.

SEC. 2. Section 14696.1 is added to said code, to read:

Two or more districts included in one contract

14696.1. If two or more districts have been included in one contract between the board of administration of the State Employees' Retirement System, and the governing board of said districts, as provided in paragraph (7) of subdivision (b) of Section 14696, and if, since such inclusion, two or more of such districts have been combined into a unified district, the unified district, by amendment to said contract, may, notwithstanding the provisions of Section 20580 of the Government Code, be substituted therein for the districts so combined, and for all purposes of said contract.

Urgency

SEC. 3. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Effective July 1, 1961, for all purposes, the Los Angeles City (Elementary) School District and the Los Angeles City High School District will become the Los Angeles Unified School District for elementary and high school purposes (on the boundary lines of the elementary district) governed by the Board of Education of the City of Los Angeles. This board of education is now a governing board for the Los Angeles City School District (Elementary), the Los Angeles City High School District, and the Los Angeles City Junior College District.

The elementary district and the high school district each have their own separate district retirement plans. It is therefore necessary to enact statutory procedure effective well before July 1, 1961, so that these two separate district retirement plans may be merged by July 1, 1961, as the district retirement plan of the Los Angeles Unified School District.

Under existing law there is no procedure prescribed whereby the district retirement plan maintained by a city elementary school district and the district retirement plan maintained by a city high school district may be consolidated or the contract with the State Employees' Retirement System may be amended to substitute the unified district for the districts consolidated when the respective districts unify for elementary and high school purposes and there still remains a district retirement plan maintained by a city junior college district, all three districts being governed by the same governing board.

This lack of legislation prevents the separate district retirement plans from being organized as the school districts are organized and prevents the consolidation of the separate district retirement plans maintained by the districts which have been unified. In order to permit the consolidation of these district retirement plans at the earliest possible time so as to be effective well before July 1, 1961, when the unified school district is effective for all purposes, it is necessary that this act take effect immediately.

It is not the intention of the Legislature in enacting this act to change the compensation of any person whose compensation it is empowered to regulate, and such compensation shall remain the same as it was on January 1, 1961, except as the Legislature may by law otherwise expressly provide.

Urgency

SEC. 108. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The United States Bureau of the Census has released the population figures for the counties of California as determined by the 1960 federal census, so that the Legislature may reclassify the counties on the basis of the new census figures. On the basis of the 1960 census most of the 58 counties have changed classification. Since the California statutes relating to counties, with few exceptions, designate the county to which the statute relates by number of class, rather than by name of the county, and since there are many bills pending in the Legislature which propose to amend these statutes, it is urgently necessary for the Legislature to establish a single basis of classification for passing on these bills during this session.

CHAPTER 44

An act to add Chapter 3.5 (commencing with Section 12281) to Part 7 of Division 2 of the Revenue and Taxation Code, relating to retaliatory taxes, licenses and fees, declaring the urgency thereof, to take effect immediately.

In effect immediately

[Approved by Governor March 30, 1961. Filed with Secretary of State March 31, 1961.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 3.5 (commencing with Section 12281) is added to Part 7 of Division 2 of the Revenue and Taxation Code, to read:

Filing of a retaliatory tax return

CHAPTER 3.5. RETALIATORY TAXES, LICENSES AND FEES

12281. Annually, on or before May 1st, each insurer subject to the provisions of Article 1.5 (commencing with Section 685), Chapter 1, Part 2, Division 1 of the Insurance Code shall file, in duplicate, with the Insurance Commissioner, in accordance with regulations promulgated by him, a retaliatory tax information return. The regulations may define categories of insurers which the Insurance Commissioner reasonably believes will not owe any retaliatory taxes, licenses or fees, and insurers falling within such categories shall be exempt from making and filing returns.

Late filing; penalty

12282. If an insurer files a retaliatory tax information return after the time has expired for filing such return, the Insurance Commissioner shall note such fact on the copy of the return when it is transmitted to the board, and in making its assessment the board shall add to the amount of the assessment a penalty of fifty dollars ($50) for each day or fraction thereof elapsing between the date the return was required to be filed and the date on which the return was filed, or five hundred dollars ($500), whichever is the smaller.

Review and recommendations of returns

12283. Annually, on or before August 15th, the Insurance Commissioner shall review the returns required by Section 12281 and recommend to the board the amount of retaliatory tax payable by each insurer. One copy of each such return shall be transmitted to the board with the recommendations.

Assessment

12284. Annually, on or before September 15th, the board shall assess in respect to the preceding calendar year, the retaliatory taxes imposed upon insurers, giving consideration to the recommendations of the Insurance Commissioner. Immediately after making the assessment of retaliatory tax against an insurer, the board shall give notice of the assessment to the insurer at its address as it appears in the records of the board. The board shall transmit copies of the notice to the Insurance Commissioner and the Controller.

Application to correct

12285. On or before October 15th any insurer dissatisfied with the assessment of the retaliatory tax may apply to the board to have the assessment corrected in any particular. The application shall state the grounds of the objection to the assessment and the corrections sought.

Modification of assessment

12286. On or before November 15th the board may increase or decrease any assessment of the retaliatory tax with respect to which an application has been filed pursuant to Section 12285. Notice of revision of an assessment of retaliatory tax shall be mailed to each insurer whose assessment is modified and copies thereof shall be transmitted to the Insurance Commissioner and the Controller.

Due date

12287. The retaliatory tax shall be due and payable on or before December 1st and shall be paid by remittance made payable to the Controller. If not paid on or before the due date, the amount of retaliatory tax shall bear interest at the rate of one-half of 1 percent per month or fraction thereof from December 1st until the date of payment, and there shall be paid in addition to the tax and interest, a penalty of 10 percent of the amount of the retaliatory tax.

Deficiency assessments

12288. Deficiency assessments for retaliatory taxes may be made in the same manner as is provided by this part for other deficiency assessments.

12289. All provisions of this part not in conflict with the provisions of this chapter shall apply to the assessment, levy, payment, collection and correction of retaliatory taxes, and the rights and remedies of the State and of insurers provided by this part shall apply to retaliatory taxes.

Dates

12290. Whenever in this part the date, June 15th, is used as the beginning date for computation of interest, attachment of penalties, or the fixing of periods of limitation, the date, December 1st, shall be substituted in lieu thereof with respect to retaliatory taxes.

Urgency

SEC. 2. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into effect immediately. The facts constituting such necessity are:

The present self-assessment method of collecting retaliatory taxes, licenses and fees imposed on foreign insurers has been found to be highly unsatisfactory to the foreign insurers, as well as to the Department of Insurance. The foreign insurers find it impossible to adequately assess themselves. In many cases the information furnished to the department is not sufficient upon which to make a proper evaluation of the taxes. In order to immediately eliminate the uncertainty and confusion in the collection of these taxes, licenses and fees, this act will provide a method of collection which will adequately protect both the interests of the State as well as of the foreign insurers subject to the retaliatory taxes, licenses and fees.

CHAPTER 45

802. As applied to grapes:

"Mature" (a) "Mature" means that each bunch of the varieties classified above in Group A shall test not less than 17 percent soluble solids in juice, as determined by the Balling or Brix scale hydrometer; however, in view of differences in climatic conditions prevailing north and west of San Gorgonio Pass, which results in the Thompson Seedless and Malaga varieties of grapes grown in that area having, at maturity, a higher percentage of soluble solids than mature grapes of these varieties grown in the area south and east of San Gorgonio Pass, Thompson Seedless and Malaga grapes produced in the area north and west of San Gorgonio Pass shall so test not less than 18 percent, except that Thompson Seedless grapes produced in the area north and west of San Gorgonio Pass shall be considered mature if they so test not less than 17 percent and if the juice contains soluble solids equal to or in excess of 25 parts to every part of acid contained in the juice (the acidity of the juice to be calculated as tartaric acid without water of crystallization); however, the varieties Emperor, Gros Colman, Bleu Grau, Drodelabi, Fresno Beauty, Servian Blue, Pierce Isabella, Pierce, Isabella Regia, California Concord, Concord, Dattier de Beyrouth, Red Malaga, Khalili, Persian 23, Dismar, Ribier, Delight, Perlette and Queen shall so test not less than 16 percent and the varieties Olivette Blanche, Ladyfinger, Rish Baba, and Khandahar shall so test not less than 15 percent; however, the Blackrose, Cardinal, Experimental Variety "G 474" and Exotic varieties shall so test either not less than 16 percent or not less than 15 percent if the juice contains soluble solids equal to or in excess of 25 parts to every part of acid contained in the juice (the acidity of the juice to be calculated as tartaric acid without water of crystallization).

"Mature" in the case of all other varieties shall mean that the average or composite test of all the grapes in any container or bulk lot shall be not less than 17 percent soluble solids in juice, as determined by the Balling or Brix scale hydrometer; however, white varieties of the Muscat type shall test not less than 18 percent and the variety Burger shall test not less than 16 percent.

Severability clause In the event that the maturity standard fixed for the Thompson Seedless and Malaga varieties of grapes produced in that area northwest of the San Gorgonio Pass should be declared void, it is the intent of the Legislature that the other maturity standards prescribed in this section shall prevail.

Any varieties included in Group A may be placed in the standard for juice grapes and other varieties may be placed in the standard established for table grapes, but regardless of standard, the maturity of varieties included in Group A shall be determined by testing the juice from entire bunches representative of the least mature grapes in any container and constituting not less than 10 percent by weight of the con-

tents of the container. The maturity of all varieties not included in Group A shall be determined by testing the juice from a composite sample representative of the average of the grapes in any container or bulk lot. The standards provided by this section are minimum standards, and the tolerances allowed by Sections 800 and 801 shall not be applied to any test made in accordance with this section for the purpose of determining whether any lot of grapes complies with the maturity standard for the variety; however, no lot of grapes of the varieties classified in Group A shall be considered as failing to meet the maturity requirements of this section because the sample of grapes from one container fails to meet the required test.

other public disbursing officer whose duty it is to make payments under the provisions of such contract shall not draw his warrant in favor of the court from the docket of which the transcript was taken until said contract is completed and the payments above specified are made, and then only for the excess, if any, of the contract price over the aggregate of the sums so paid.

SEC. 5. Section 1190.1 of said code is amended to read:

Notice of labor performed, etc.

1190.1. (a) Any of the persons mentioned in Sections 1181 and 1184.1, except the contractor, and all persons, firms and corporations, excluding the contractor, performing work or furnishing materials, or both, upon any public improvement, including highways, streets, wagon roads, viaducts or sewers, may at any time, prior to the expiration of the period within which claims of lien must be filed for record, as prescribed by the provisions of Section 1193.1 of this code, give to the owner, a notice that they have performed labor or furnished materials, or both, to the contractor or other person acting by the authority of the owner, or that they have agreed to do so, stating in general terms the kind of labor and materials and the name of the person to or for whom the same was done or furnished, or both, and the amount in value, as near as may be, of that already done or furnished, or both, and of the whole agreed to be done or furnished, or both, and any of said persons who shall on the written demand of the owner refuse to give such notice shall thereby deprive himself of the right to claim a lien under this chapter.

Same: Verification

(b) Such notice must be verified by the claimant, or by some person acting in his behalf, and may be given by delivering the same to said owner, personally, or by leaving it at his residence or place of business with some person in charge, or by delivering it to his architect, if any; provided, however, that in all cases in which said work is being done under a contract with the State, or with any public board, commission, or officer thereof, or with any political subdivision thereof, such notice must be filed, within said time, in the office of the controller, auditor, or other public disbursing officer whose duty it is to make payments under the provisions of such contract, or with the commissioners, managers, trustees, officers, board of supervisors, board of trustees, common council or other body by whom the contract for the improvement was awarded. In the case of any contract of the State by or through the Department of Public Works, such notice must be filed with the Director of Public Works, and not with the State Controller. In the case of any contract of the State by or through any other state department, board, commission, or officer, such notice must be filed within said time with the head of such state department, board, commission, or officer and not with the State Controller. No such notice shall be invalid by reason of any defect in form; provided, it is sufficient to inform the owner of the substantial matters herein provided for.

Duty upon notice

(c) Upon such notice being given it shall be the duty of the person to whom such notice is given to, and he shall withhold from his contractor or from any person acting under his authority and to whom said labor or materials, or both have been furnished, or agreed to be furnished, sufficient money or sufficient bonds, where bonds are to be issued in lieu of money by the political subdivision which contracted for said work, due or that may become due to such contractor to answer such claim and any lien that may be filed therefor, and, if the owner is a public body whose property, by reason of public policy or otherwise, is not subject to the liens in this chapter provided for, also the reasonable cost of any litigation thereunder.

Bonds issued in lieu of money

Provided, however, that if in connection with any private work of improvement, any statutory labor and material bond has been furnished under Section 1185.1 of this code complying with the provisions of such last mentioned section and has been filed in the office of the county recorder, as in said section, provided, then in said event, it shall not be the duty of the person to whom such notice is given to withhold any moneys pursuant to such notice but such moneys may be withheld by such person to whom such notice is given.

Grounds for filing affidavit of improper withholding

If the contractor asserts that the claim upon which any such notice is based, or out of which it arises, is either: (1) not included within the types or classifications of claims referred to in this section, or (2) that the claimant is not one of the persons mentioned in Sections 1181 and 1184.1, or (3) that the amount of the claim as specified in such notice is excessive, or (4) that there is no basis in law for the claim as referred to and set out in such notice, then, on any such ground, or any combination thereof, such contractor may avail himself of the right to prepare and deliver to the department head, board, commission, or officer thereof, to whom such notice was given, an affidavit and a copy thereof alleging any one or more of the grounds hereinabove set out, and claiming that the moneys or bonds withheld by such officer, or any part of either such moneys or bonds, are being withheld improperly or in an excessive amount, and further demanding the release of all or such portion of such moneys or bonds as is alleged to be withheld improperly or in an excessive amount. Such affidavit shall state all of the facts necessary to support the claim of the contractor, and shall also state his address within this State for the purpose of permitting service by mail upon him of any counteraffidavit, notice of motion, or other notice or legal document.

Service upon claimant

The department head, board, commission, or officer thereof, shall serve upon the claimant, either personally or by mail, a copy of the affidavit, together with a written notice stating that the affidavit and demand for release has been received and that such department head, board, commission, or officer thereof will release such moneys or bonds, or such portion of either as has been demanded, unless the claimant files with such department head, board, commission, or officer thereof, a counter-

affidavit on or before a time designated in the notice, which shall be not less than 10 nor more than 20 days after service of the copy of such affidavit. Service by mail shall be complete by placing the notice and copy of the affidavit in a sealed envelope addressed to the last known address of the claimant, registered with return receipt requested, and depositing it in the United States mail with postage fully prepaid. Proof of service, either personally or by mail, shall be made by an affidavit.

Counter-affidavit

If the claimant desires to contest the contractor's affidavit and demand for release, he shall, within the time allowed, file with the department head, board, commission, or officer thereof, a counteraffidavit alleging the details of his claim and shall also set forth in detail the specific basis upon which he contests or rebuts the claim or claims of the contractor, together with proof of service of a copy of such counteraffidavit upon the contractor.

The department head, board, commission, or officer thereof, shall not be responsible for the validity of said affidavit or counteraffidavit.

If no such counteraffidavit with proof of service is filed with the department head, board, commission, or officer thereof, within the time allowed, then such department head, commission, or officer thereof, shall forthwith release the moneys or bonds, or such portion thereof as has been demanded by such affidavit, without further notice to the claimant and shall not be liable in any manner for making such release.

Action for a declaration of rights

If such counteraffidavit, together with proof of service, is so filed, either the contractor or the claimant may file an action in the appropriate superior court for a declaration of his rights in and to such moneys or bonds as have been withheld under the original notice, together with such other relief as may be appropriate. After the filing of a suit requesting such a declaration of rights, either the contractor or the claimant shall be entitled to a hearing in the court in which the action is pending for the purpose of determining his rights under the affidavit and demand for release of such moneys or bonds or any portion of either of them and the counteraffidavit. Such hearing must be granted by the court upon motion of either party, and such hearing must be had within 15 days from the date of making of such motion, unless continued by the court for good cause. The party making the motion for hearing must give not less than five days notice in writing of such hearing to the department head, board, commission, or officer thereof, and to the other party, and shall specify in the notice that the hearing is for the purpose of determining the sufficiency of and the issues involved in the demand for release of such moneys or bonds. The notice may be of the motion or of the hearing, and upon the filing of the notice with the clerk of the court, the motion is deemed made.

Burden of proof

At such hearing, the contractor who has filed the affidavit and made the demand for the release of such moneys or bonds

shall have the burden of proof. The affidavit and counter-affidavits shall be filed with the court by the department head, board, commission, or officer thereof, who received them, and they shall constitute the pleadings, subject to the power of the court to permit an amendment in the interest of justice. The affidavit of the contractor shall be deemed controverted by the counteraffidavit, and both shall be received in evidence.

Jury trial

Nothing herein contained shall be construed to deprive any party of the right of a jury trial in any case where such right is given by the Constitution, but a jury trial may be waived in any such case in like manner as in the trial of an action. No findings shall be required in a proceeding under this section. When the hearing is before the court sitting without a jury and no evidence other than the affidavit and counteraffidavit is offered, if the court is satisfied that sufficient facts are shown thereby, it may make its determination thereon, otherwise, it shall order the hearing continued for the production of other evidence, oral or documentary, or the filing of other affidavits and counteraffidavits. At the conclusion of the hearing, the court shall make and enter its order determining whether the demand for release of such moneys or bonds shall be allowed or not, which order shall be determinative as to the right of the claimant to have the moneys or bonds further withheld by the department head, board, commission, or officer thereof. No determination in the summary proceedings under this section shall be res adjudicata with respect to any right of action by the claimant against either principal or surety on or under the statutory labor and material bond given under Sections 4200 to 4208, inclusive, of the Government Code, commonly referred to as the California Public Works Bond Act, or with respect to any right of action against any party personally liable to claimant. The contractor shall, either personally or by mail, serve a copy of said order on the appropriate department head, board, commission, or officer thereof.

Insufficient money to pay in full

(d) In the event the moneys so withheld or required to be withheld shall be insufficient to pay in full the valid demands of all persons by whom such notices were given, the same shall be distributed among such persons in the same ratio that their respective claims bear to the aggregate of such valid demands. Such pro rata distribution of said moneys shall be made among the persons entitled to share therein, without regard to the order of priority in which their respective notices may have been given or their respective actions, if any, commenced.

Forfeiture

(e) Any person who shall willfully give a false notice of his claim to the owner or who shall willfully include in his claim work or materials not performed upon or furnished for the property described in such notice shall forfeit all right to participate in the pro rata distribution of such moneys and all right to any lien under this chapter.

(f) Nothing in this article contained shall be construed to impair in any manner the right of any person by whom such notice has been given to recover from the contractor or his

sureties any deficit that may remain unpaid after such pro rata distribution in an action upon the bond provided for by Section 4200 of the Government Code.

"Owner" (g) The word "owner" as used in this section, includes the State, or any public board, commission, or officer, thereof, or any political subdivision thereof, whether the said work be done by or under the direction of said State, public board, commission, or officer thereof, or any political subdivision thereof.

Notice to holders of funds (h) Any of the persons mentioned in Sections 1181 and 1184.1, except the contractor at any time prior to the expiration of the period within which claims of lien must be filed for record, as prescribed by the provisions of Section 1193.1 of this code, may, in any instance in which the funds with which the cost of the work of improvements are, wholly or in part, to be defrayed from the proceeds of a building loan, give to the mortgagee, beneficiary under deed of trust, or assignee or successor in interest of either, or to any escrow holder or other party holding any funds furnished or to be furnished by the owner or lender or any other person as a fund from which to pay construction costs or arising out of a construction or building loan, a notice similar to the one provided for in subdivision (a) of this section, whereupon the person so given such notice under this subsection may withhold funds to answer such claims and any lien that may be filed therefor, but shall be under no obligation to do so unless a bond is furnished as hereinafter provided.

If such person entitled to file such claim under this subsection files with the person holding such funds as a fund from which to pay such construction costs, a bond with good and sufficient sureties in a penal sum equal to one and one-quarter times the amount of such claim, undertaking that if the defendant recovers judgment in an action brought on said verified claim or on the lien filed by the claimant, the lien claimant will pay all costs that may be awarded against the owner, contractor, or person holding such funds, or any of them, and all damages that such owner, contractor, or person holding such funds may sustain by reason of the equitable garnishment effected by the claim or by reason of the lien, not exceeding the sum specified in the undertaking, then the person holding such funds must withhold from the borrower or other person to whom said owner may be obligated to make payments or advancements out of said fund sufficient money to answer such claim, and any lien that may be filed therefor. No assignment by the owner or contractor of construction loan funds, whether made before a verified claim is filed, or after such claim is filed shall be held to take priority over claims filed under this subsection (h) and such assignment shall have no binding force insofar as the rights of claimants who file claims hereunder are concerned.

Guarantee bond (i) If the contractor, subcontractor, or any other person against whom any claim is filed under subsection (h) above,

or if the owner, mortgagee, beneficiary under deed of trust, escrow holder or any other person, disputes the correctness or validity of any claim so filed on private construction work, the contractor, subcontractor, owner or any such other person disputing such claim, may file with the custodian of such fund a bond executed by good and sufficient sureties in a penal sum equal to one and one-quarter times the amount of such claim, which bond shall guarantee the payment of any sum not exceeding the penal obligation of the bond, which the claimant may recover on the claim, together with his costs of suit in the action, if he recovers therein. Upon the filing of such last mentioned bond the funds withheld to respond to the verified claim shall forthwith be released.

Applicability of provisions

(j) Subsections (h) and (i) above shall not apply to public work; nor shall either of such sections be applicable if in connection with a private work of improvement any statutory labor and material bond has been furnished under Section 1185.1 of this code complying with the provisions of such Section 1185.1, and has been filed in the office of the county recorder at any time prior to the filing of the first verified claim or notice to withhold.

Service of verified claim or notice

(k) To be effective any verified claim or notice to withhold filed under subsection (h) served upon a banking corporation or association, building and loan association, title insurance company, escrow holder or other person holding such construction funds, and maintaining branch offices must be given to or served upon the manager or other responsible officer or person at the office or branch thereof administering or holding such construction funds.

(*l*) Any verified claim or notice to withhold may be served by registered mail with the same effect as by personal service.

Notice of objection re sureties

(m) If the person holding the funds objects to the sufficiency of the sureties on the bond referred to in subsection (h) above, he must give notice in writing to the claimant within 20 days after the service of the notice provided for in subsection (h) that he so objects, in which event the claimant may within 10 days after the receipt of such written objection substitute for the bond so objected to a similar bond in like amount executed by a corporate surety licensed to write such bonds in the State of California, and if the claimant fails to do so the party served with such verified claim or notice to withhold may disregard the same and release all funds withheld in response thereto

SEC. 6. Section 1254 of said code is amended to read:

Putting plaintiff in possession pending conclusion of litigation

1254. At any time after trial and judgment entered or pending an appeal from the judgment to the Supreme Court, whenever the plaintiff shall have paid into court, for the defendant, the full amount of the judgment, and such further sum as may be required by the court as a fund to pay any further damages and costs that may be recovered in said proceeding, as well as all damages that may be sustained by the defendant, if, for any cause, the property shall not be finally

taken for public use, the superior court in which the proceeding was tried may, upon notice of not less than 10 days, authorize the plaintiff, if already in possession, to continue therein, and if not, then to take possession of and use the property during the pendency of and until the final conclusion of the litigation, and may, if necessary, stay all actions and proceedings against the plaintiff on account thereof. In an action for condemnation of property for the use of a school district, an order so authorizing possession or continuation of possession by such school district is not appealable. The defendant, who is entitled to the money paid into court for him upon any judgment, shall be entitled to demand and receive the same at any time thereafter upon obtaining an order therefor from the court. It shall be the duty of the court, or a judge thereof, upon application being made by such defendant, to order and direct that the money so paid into court for him be delivered to him upon his filing a satisfaction of the judgment, or upon his filing a receipt therefor, and an abandonment of all defenses to the action or proceeding, except as to the amount of damages that he may be entitled to in the event that a new trial shall be granted. A payment to a defendant, as aforesaid, shall be held to be an abandonment by such defendant of all defenses interposed by him, excepting his claim for greater compensation. In ascertaining the amount to be paid into court, the court shall take care that the same be sufficient and adequate. The payment of the money into court, as hereinbefore provided for, shall not discharge the plaintiff from liability to keep the said fund full and without diminution; but such money shall be and remain, as to all accidents, defalcations, or other contingencies (as between the parties to the proceedings), at the risk of the plaintiff, and shall so remain until the amount of the compensation or damages is finally settled by judicial determination, and until the court awards the money, or such part thereof as shall be determined upon, to the defendant, and until he is authorized or required by rule of court to take it. If, for any reason, the money shall at any time be lost, or otherwise abstracted or withdrawn, through no fault of the defendant, the court shall require the plaintiff to make and keep the sum good at all times until the litigation is finally brought to an end, and until paid over or made payable to the defendant by order of court, as above provided. The court shall order the money to be deposited in the State Treasury, unless the plaintiff requests the court to order deposit in the county treasury, in which case the court shall order deposit in the county treasury. If the court orders deposit in the State Treasury, it shall be the duty of the State Treasurer to receive all such moneys, duly receipt for, and to safely keep the same in the Condemnation Deposits Fund, which fund is hereby created in the State Treasury and for such duty he shall be liable to the plaintiff upon his official bond. Money in the Condemnation Deposits Fund may be invested and reinvested in any securities described in Section

Condemnation Deposits Fund

16430, Government Code, or deposited in banks as provided in Chapter 4 of Part 2 of Division 4 of Title 2, Government Code. The Pooled Money Investment Board shall designate at least once a month the amount of money available in the fund for investment in securities or deposit in bank accounts, and the type of investment or deposit and shall so arrange the investment or deposit program that funds will be available for the immediate payment of any court order or decree. Immediately after such designation the Treasurer shall invest or make deposits in bank accounts in accordance with the designations.

Determination of the Pooled Money Investment Board

For the purposes of this section, a written determination signed by a majority of the members of the Pooled Money Investment Board shall be deemed to be the determination of the board. Members may authorize deputies to act for them for the purpose of making determinations under this section.

Deposit in Condemnation Deposits Fund

Interest earned and other increment derived from investments or deposits made pursuant to this section, after deposit of money in the State Treasury, shall be deposited in the Condemnation Deposits Fund. After first deducting therefrom expenses incurred by the Treasurer in taking and making delivery of bonds or other securities under this section, the State Controller shall apportion as of June 30th and December 31st of each year the remainder of such interest earned or increment derived and deposited in the fund during the six calendar months ending with such dates. There shall be apportioned and paid to each plaintiff having a deposit in the fund during the six-month period for which an apportionment is made, an amount directly proportionate to the total deposits in the fund and the length of time such deposits remained therein. The State Treasurer shall pay out the money deposited by a plaintiff in such manner and at such times as the court or a judge thereof may, by order or decree, direct. In all cases where a new trial has been granted upon the application of the defendant, and he has failed upon such trial to obtain greater compensation than was allowed him upon the first trial, the costs of such new trial shall be taxed against him.

SEC. 7. Section 908.1 is added to the Penal Code, to read:

Filling of vacancies

908.1. When, after the grand jury consisting of 19 persons has been impaneled pursuant to law, the membership thereof is reduced by reason of:

1. Death;

2. Change of residence from the county of origin;

3. Illness of such a nature as to incapacitate the juror physically or mentally from attending the sessions of the grand jury;

4. A subsequent loss of competency to act as a grand juror by reason of conviction of malfeasance in office or any felony or other high crime;

such vacancies within an existing grand jury may be filled, so as to maintain the full membership at 19 persons, by the clerk of the superior court, in the presence of the court, drawing out

sufficient names to fill the vacancies from the grand jury box, pursuant to law, or from a special venire as provided in Section 226 of the Code of Civil Procedure. No vacancy shall be filled pursuant to this section unless the superior court makes a finding, entered in records of the court, that the membership of the grand jury has been reduced below 19 members because of the happening of an event prescribed in this section. No person selected as a grand juror to fill a vacancy pursuant to this section shall vote as a grand juror on any matter upon which evidence has been taken by the grand jury prior to the time of his selection.

In the income year when paid, if the contributions are paid into a pension trust, and if such income year ends within or with an income year of the trust for which the trust is exempt under Section 17501 of Part 10, Division 2 of this code, in an amount determined as follows:

(a) An amount not in excess of 5 percent of the compensation otherwise paid or accrued during the income year to all the employees under the trust, but such amount may be reduced for future years if found by the Franchise Tax Board upon periodical examinations at not less than five-year intervals to be more than the amount reasonably necessary to provide the remaining unfunded cost of past and current service credits of all employees under the plan; plus

(b) Any excess over the amount allowable under paragraph (a) necessary to provide with respect to all of the employees under the trust the remaining unfunded cost of their past and current service credits distributed as a level amount, or a level percentage of compensation, over the remaining future service of each such employee, as determined under regulations prescribed by the Franchise Tax Board, but if such

remaining unfunded cost with respect to any three individuals is more than 50 percent of such remaining unfunded cost, the amount of such unfunded cost attributable to such individuals shall be distributed over a period of at least five taxable years, or

(c) In lieu of the amounts allowable under paragraphs (a) and (b) above, an amount equal to the normal cost of the plan, as determined under regulations prescribed by the Franchise Tax Board, plus, if past service or other supplementary pension or annuity credits are provided by the plan, an amount not in excess of 10 percent of the cost which would be required to completely fund or purchase such pension or annuity credits as of the date when they are included in the plan, as determined under regulations prescribed by the Franchise Tax Board, except that in no case shall a deduction be allowed for any amount (other than the normal cost) paid in after such pension or annuity credits are completely funded or purchased.

(d) Any amount paid in an income year in excess of the amount deductible in such year under the foregoing limitations shall be deductible in the succeeding income years in order of time to the extent of the difference between the amount paid and deductible in each such succeeding year and the maximum amount deductible for such year in accordance with the foregoing limitations.

SEC. 3. Section 24603 of said code is amended to read:

Stock bonus or profit-sharing trust

24603. (a) In the income year when paid, if the contributions are paid into a stock bonus or profit-sharing trust, and if such income year ends within or with an income year of the trust with respect to which the trust is exempt under Section 17501 of Part 10 of Division 2 of this code, in an amount not in excess of 15 percent of the compensation otherwise paid or accrued during the income year to all employees under the stock bonus or profit-sharing plan If in any income year there is paid into the trust, or a similar trust then in effect, amounts less than the amounts deductible under the preceding sentence, the excess, or if no amount is paid, the amounts deductible shall be carried forward and be deductible when paid in the succeeding income years in order of time, but the amount so deductible under this sentence in any such succeeding income year shall not exceed 15 percent of the compensation otherwise paid or accrued during such succeeding income year to the beneficiaries under the plan. In addition, any amount paid into the trust in any income year in excess of the amount allowable with respect to such year under the preceding provisions of this subsection shall be deductible in the succeeding income years in order of time, but the amount so deductible under this sentence in any one such succeeding income year together with the amount allowable under the first sentence of this subsection shall not exceed 15 percent of the compensation otherwise paid or accrued during such income year to the beneficiaries under the plan. The term "stock bonus or profit-sharing trust," as used in this subsection, shall not include

any trust designed to provide benefits upon retirement and covering a period of years, if under the plan the amounts to be contributed by the employer can be determined actuarially as provided in Section 24601. If the contributions are made to two or more stock bonus or profit-sharing trusts, such trusts shall be considered a single trust for purposes of applying the limitations in this subsection.

(b) In the case of a profit-sharing plan, or a stock bonus plan in which contributions are determined with reference to profits, of a group of corporations which is an affiliated group within the meaning of Section 1504 of the Federal Internal Revenue Code of 1954, if any member of such affiliated group is prevented from making a contribution which it would otherwise have made under the plan, by reason of having no current or accumulated earnings or profits or because such earnings or profits are less than the contributions which it would otherwise have made, then so much of the contribution which such member was so prevented from making may be made, for the benefit of the employees of such member, by the other members of the group, to the extent of current or accumulated earnings or profits, except that such contribution by each such other member shall be limited, where the group does not file a consolidated return, to that proportion of its total current and accumulated earnings or profits remaining after adjustment for its contribution deductible without regard to this subsection which the total prevented contribution bears to the total current and accumulated earnings or profits of all members of the group remaining after adjustment for all contributions deductible without regard to this subsection. Contributions made under the preceding sentence shall be deductible under subsection (a) by the employer making such contribution, and, for the purpose of determining amounts which may be carried forward and deducted under the second sentence of subsection (a) in succeeding income years, shall be deemed to have been made by the employer on behalf of whose employees such contributions were made.

SEC. 4. Section 24605 of said code is amended to read:

Deductible contributions for trusts outside United States

24605. If a stock bonus, pension, or profit-sharing trust would qualify for exemption under Section 17501 of Part 10, of Division 2 of this code except for the fact that it is a trust created or organized outside the United States, contributions to such a trust by an employer which is a resident, or corporation, or other entity of the United States, shall be deductible under the preceding sections.

The tax in any one fiscal year shall not exceed an aggregate of twenty-

five cents ($0.25) on each one hundred dollars ($100) of assessed valuation of the taxable property in the zone for any and all zone projects or works of improvement unless the excess is authorized at an election as provided in this section.

The taxes levied pursuant to this section shall be in addition to any other taxes or assessments provided by this act and shall be levied and collected at the same time and in the same manner as other agency taxes and assessments. Rate of zone tax in excess of $0 25

Whenever the board determines it is in the best interest of a zone to undertake a project or works of improvement which will require a rate of zone tax in excess of twenty-five cents ($0 25) on each one hundred dollars ($100) of assessed valuation of the taxable property in the zone it may submit the proposition to the electors within the zone. The board shall, by resolution, call an election for the purpose of proposing the question to the voters of the zone as to whether or not the taxes in excess of twenty-five cents ($0.25) for each one hundred dollars ($100) of assessed valuation of the taxable property in the zone shall be proposed within the zone, prescribing the notice, time, place, and manner of conducting the election in conformity, as nearly as practicable, with the provisions of the Elections Code governing general elections. An election is invalid unless held within the zone and notice of the time, place, and purpose of the election has been given by publication in the district pursuant to Section 6066 of the Government Code and posted in not less than three public places in the zone. If a majority of the votes cast favor such tax rate, the board may thereafter tax not to exceed such new rate.

In cases of projects joint to two or more zones, such zones will become, and shall be referred to as, participating zones.

Urgency

SEC. 8. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall

go into immediate effect. The facts constituting such necessity are:

An act to add Section 70044.1 to the Government Code, relating to superior courts, and declaring the urgency thereof to take effect immediately.

In effect immediately

[Approved by Governor April 12, 1961 Filed with Secretary of State April 13, 1961.]

The people of the State of California do enact as follows:

SECTION 1. Section 70044.1 is added to the Government Code, to read:

70044.1. In any county having a population of over 250,000 and under 277,000, as determined by the 1950 federal census, the fee for reporting testimony and proceedings in contested cases is thirty-five dollars ($35) a day, and the fee for reporting each default or uncontested action or proceeding is seven dollars ($7).

The official reporter shall report to the court when ordered to do so by any judge of the court, and when not ordered to so report, the reporter may be employed in his professional capacity elsewhere.

Urgency

SEC. 2. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety

within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The Fresno County Superior Court official reporters have for some time been receiving a lower compensation than many of the other reporters of counties of a similar size. Recently a number of the reporters have left their employment with the court because of the lower compensation and a number of others have indicated they will also terminate their employment unless they receive an increase in their compensation. The court has found it very difficult to find replacement for those reporters who have left or are leaving because of the lower compensation now being paid reporters of that court. The court will be unable to handle the large volume of business pending before it without an adequate staff of reporters. In order to retain the services of the present reporters and to aid in the employment of the new reporters needed to fill the present vacancies it is necessary that this act take effect immediately.

CHAPTER 106

[Approved by Governor April 12, 1961. Filed with Secretary of State April 13, 1961.]

In effect September 15, 1961

The people of the State of California do enact as follows:

SECTION 1. Section 11510 of the Government Code is amended to read:

11510. (a) Before the hearing has commenced the agency, or the assigned hearing officer, shall issue subpoenas and subpoenas duces tecum at the request of any party in accordance with the provisions of Section 1985 of the Code of Civil Procedure. After the hearing has commenced the agency itself hearing a case or a hearing officer sitting alone may issue subpoenas and subpoenas duces tecum.

(b) The process issued pursuant to subdivision (a) shall extend to all parts of the State and shall be served in accordance with the provisions of Sections 1987 and 1988 of the Code of Civil Procedure. No witness shall be obliged to attend at a place out of the county in which he resides unless the distance be less than 100 miles from his place of residence, except that the agency, upon affidavit of any party showing that the testimony of such witness is material and necessary, may indorse on the subpoena an order requiring the attendance of such witness

(c) All witnesses appearing pursuant to subpoena, other than the parties or officers or employees of the State or any political subdivision thereof, shall receive fees, and all wit-

nesses appearing pursuant to subpoena, except the parties, shall receive mileage in the same amount and under the same circumstances as prescribed by law for witnesses in civil actions in a superior court. Witnesses appearing pursuant to subpoena, except the parties, who attend hearings at points so far removed from their residences as to prohibit return thereto from day to day shall be entitled in addition to fees and mileage to a per diem compensation of three dollars ($3) for expenses of subsistence for each day of actual attendance and for each day necessarily occupied in traveling to and from the hearing. Fees, mileage and expenses of subsistence shall be paid by the party at whose request the witness is subpoenaed.

CHAPTER 107

An act to add Section 19594.1 to the Education Code, relating to school districts, declaring the urgency thereof, to take effect immediately.

In effect immediately

[Approved by Governor April 12, 1961. Filed with Secretary of State April 13, 1961.]

The people of the State of California do enact as follows:

SECTION 1. Section 19594.1 is added to the Education Code, to read:

19594.1. If the board has made an apportionment to a school district after November 1, 1960, upon the condition that the district issue and sell district bonds in an amount prescribed by the board, and an election was heretofore held in the district at which two-thirds of the voters voting on the proposition to authorize the issuance and sale of bonds in an amount sufficient to meet the condition of the apportionment voted in favor thereof, all acts or proceedings heretofore taken by or on behalf of the school district, under any law, or under the color of any law, for the authorization, issuance, sale or exchange of such bonds of such school district for any public purpose are hereby confirmed, validated and declared legally effective. This shall include all acts and proceedings of the governing board of such school district, and of any person or officer, heretofore done or taken upon the authorization, issuance, or sale of such bonds.

All bonds of any such school district heretofore authorized to be issued and hereafter issued and delivered in accordance with such authorization shall be the legal, valid and binding obligations of the district.

As used in this section the word "hereafter" means any time on or subsequent to the effective date of this section and the word "heretofore" means any time prior to such effective date.

SEC. 2. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are: Urgency

The electors of school districts have voted to issue and sell bonds and have been approved for state building aid loans upon condition that a portion of such bonds be sold. The proceedings leading up to such elections contain procedural flaws which may legally be validated. Rapidly expanding population growth in such districts requires additional housing facilities for students. It is necessary, therefore, that such districts, in order to provide adequate housing facilities for such students, be able to immediately sell the first series of such bonds, and qualify for state building aid loans. It is essential that these bond issues be validated immediately in order that said bonds may be sold, and that this act, therefore, take effect immediately.

CHAPTER 108

An act to add Section 46 to the Fresno Metropolitan Flood Control Act (Chapter 503 of the Statutes of 1955), relating to the Fresno Metropolitan Flood Control District.

Zones

Proceedings for the establishment of such zones may be conducted concurrently with and as a part of proceedings for the instituting of projects relating to such zones, which proceedings shall be taken and had in the manner prescribed in subdivision (b) of this act.

(b) The board may institute projects for single zones and joint projects for two or more zones, for the financing, constructing, maintaining, operating, extending, repairing or otherwise improving any work or improvement authorized by this act and of common benefit to such zone or participating zones. For the purpose of acquiring authority to proceed with any such project, the board shall adopt a resolution specifying its intention to undertake such project, together with the engineering estimates of the cost of the project to be borne by the Projects for zones

Notice of such hearing shall be given by publication pursuant to Section 6066 of the Government Code in a newspaper of general circulation in such zone or each of said participating zones, if there be such a newspaper and if there be no such newspaper then by posting notice for two consecutive weeks prior to said hearing in five public places designated by the board, in such zone or in each of said participating zones. Said notice must designate a public place in such zone or in each of said participating zones where a copy or copies of the map or maps of said joint project may be seen by any interested person; said map must be posted in each of said public places so designated in said notice at least two weeks prior to said hearing.

Public hearing

Same, notice

At the time and place fixed for the hearing, or at any time to which said hearing may be continued, the board shall consider all written and oral objections to the proposed project. Upon the conclusion of the hearing the board may abandon the proposed project or proceed with the same, unless, prior to the conclusion of said hearing, a written protest against the proposed project signed by a holder or holders of title to the real property, or assessable rights therein, or evidence of title thereto, representing one-half or more of the assessed valuation of the real property within such zone or within any of the participating zones for which said project was initiated, be filed with the board, in which event said proceedings shall be terminated and no new proceeding contemplating projects of the same zone or zones shall be commenced within a period of six months following the date of such termination.

Written objections

In all matters in this section referred to, the last equalized assessment roll of the County of Fresno next preceding the filing of the protest shall be prima facie evidence as to the ownership of real property, the names and number of the persons who are the holders of title or evidence of title, or assessable rights therein, and as to the assessed valuation of real property within the zone or within any of the participating zones for which the project was initiated.

Assessment roll as prima facie evidence of ownership

Executors, administrators, special administrators and guardians may sign the protest provided for in this act on behalf of the estate represented by them. If the property is assessed in the name of such representatives, that fact shall establish the right of such representatives to sign the protest; if assessed in the name of the decedent, minor or incompetent person, certified copies of the letters or such other evidence as may be satisfactory to the board must be produced.

Executors, administrators, etc

Where real property appears to be owned in common or jointly or by a partnership, or where letters of representatives of decedents, minors or guardians are joint, any one of the owners or representatives or partners may sign the protest

Trusts

Where real property is assessed in the name of a trustee or trustees, such trustee or trustees shall be deemed to be the person entitled to sign the protest, and if assessed in the name of more than one trustee the right to sign the protest shall be determined in like manner as above provided with respect to co-owners.

Protest of public corporation

The protest of any public or quasi-public corporation, private corporation or unincorporated association, may be signed by any person authorized by the board of directors or trustees or other managing body thereof, which authorization shall be in writing; and a proxy executed by an officer or officers thereof, attested by its seal, shall constitute sufficient evidence of such authority, and shall be filed with the board.

The owner of any real property or interest therein, appearing upon the assessment roll, which has been assessed in the wrong name or to unknown owners, or which has passed from the owner appearing as such on the last equalized assessment roll, since the same was made, shall be entitled to sign the protest represented thereby, either by the production of a proxy from such former owner, or by furnishing evidence of his ownership by a conveyance duly acknowledged showing the title to be vested in the person claiming the right to sign the protest, accompanied by a certificate of a competent searcher of titles, certifying that a search of the official records of the county, since the date of the conveyance, discloses no conveyance or transfer out from the grantee or transferee named in the conveyance.

When real property has been contracted to be sold

Where the real property has been contracted to be sold, the vendee shall be entitled to sign the protest, unless such real property is assessed in the name of the vendor, in which event the vendor shall be entitled to so do.

The board shall likewise be entitled to inquire and take evidence for the purpose of identifying any person claiming the right to sign the protest as being the person shown on the assessment roll or otherwise as entitled thereto. And, unless satisfactory evidence is furnished, the right to sign said protest may be denied.

Procedure for authorizing bonds

(c) The procedure for authorizing bonds shall be as follows:

(1) Whenever the board determines that a bonded indebtedness should be incurred to pay the cost of any work or improvement in any zones, the board may by resolution determine and declare the respective amounts of bonds necessary to be issued in each zone in order to raise the amount of money necessary for each work or improvement and the denomination and the maximum rate of interest of said bonds. The board shall cause a copy of the resolution, duly certified by

the secretary, to be filed for record in the office of the Recorder of Fresno County within five (5) days after its issuance. From and after said filing of said copy of said resolution the board shall be deemed vested with the authority to proceed with the bond election.

Special bond election

(2) After the filing for record of the resolution specified in (1) of this subdivision the board may call a special bond election in said zone or participating zones at which shall be submitted to the qualified electors of said zone or participating zones the question whether or not bonds shall be issued in the amount or amounts determined in said resolution and for the purpose or purposes therein stated. Said bonds and the interest thereon shall be paid from revenue derived from annual taxes or assessments levied as provided in this act.

(3) Said board shall call such special bond election by ordinance and not otherwise and submit to the qualified electors of said zone or participating zones the proposition of incurring a bonded debt in said zone or participating zones in the amount and for the purposes stated in said resolution and shall recite therein the objects and purposes for which the indebtedness is proposed to be incurred; provided, that it shall be sufficient to give a brief, general description of such objects and purposes, and refer to the recorded copy of such resolution adopted by said board, and on file for particulars; and said ordinance shall also state the estimated cost of the proposed work and improvements, the amount of the principal of the indebtedness to be incurred therefor, and the maximum rate of interest to be paid on said indebtedness, and shall fix the date on which such special election shall be held, and the form and contents of the ballot to be used. The rate of interest to be paid on such indebtedness shall not exceed five percent (5%) per annum. For the purposes of said election, said board shall in said ordinance establish special bond election precincts within the boundaries of each zone and participating zone and may form election precincts by consolidating the precincts established for general elections in said district to a number not exceeding six general precincts for each such special bond election precinct, and shall designate a polling place and appoint one inspector, one judge and one clerk for each of such special bond election precincts.

In all particulars not recited in said ordinance, such special bond election shall be held as nearly as practicable in conformity with the general election laws of the State.

Maps

Said board shall cause a map or maps to be prepared covering a general description of the work to be done, which said map shall show the location of the proposed works and improvements and shall cause the said map to be posted in a prominent place in the county courthouse for public inspection for at least thirty (30) days before the date fixed for such election.

Publication of election ordinance

Said ordinance calling for such special bond election shall, prior to the date set for such election, be published in a newspaper of general circulation circulated in each zone and par-

ticipating zone affected for six consecutive times, if published in a daily newspaper of general circulation, or two times, if published in a weekly newspaper of general circulation. The last publication of such ordinance must be at least fourteen (14) days before said election, and if there be no such newspaper, then such ordinance shall be posted in five public places, designated by the board, in each zone and participating zone for at least thirty (30) days before the date fixed for such election. No other notice of such election need be given nor need polling place cards be issued.

Any defect or irregularity in the proceedings prior to the calling of such special bond election shall not affect the validity of the bonds authorized by said election. Where a project affects a single zone only, if at such election a majority of the votes cast in said zone on the proposition of incurring a bonded indebtedness are in favor thereof, then bonds for such zone for the amount stated in such proceedings shall be issued and sold as in this act provided. Where the incurring of bonded indebtedness by participating zones is to be determined at such election, no bonds for any of such participating zones shall be issued or sold unless a majority of the votes cast on the proposition in each such participating zone are in favor of incurring the bonded indebtedness to be undertaken by such zone.

Form of bonds

(d) The board shall, subject to the provisions of this act, prescribe by resolution the form of said bonds, which must include a designation of the zone or participating zone affected, and of the interest coupons attached thereto. Said bonds shall be payable, annually or semiannually at the discretion of the board, each and every year on a day and date, and at a place, to be fixed by said board and designated in such bonds, together with the interest on all sums unpaid on such date until the whole of said indebtedness shall have been paid.

The board may divide the principal amount of any issue into two or more series and fix different dates for the bonds of each series. The bonds of one series may be made payable at different times from those of any other series. The maturity of each series shall comply with this section. The board may fix a date, not more than two years from the date of issuance, for the earliest maturity of each issue or series of bonds. Beginning with the date of the earliest maturity of each issue or series, not less than one-fortieth of the indebtedness of such issue or series shall be paid every year. The final maturity date shall not exceed 40 years from the time of incurring the indebtedness evidenced by each issue or series.

Denomination of bonds

The bonds shall be issued in such denomination as the board may determine, except that no bonds shall be of a less denomination than one hundred dollars ($100), nor of a greater denomination than one thousand dollars ($1,000), and shall be payable on the days and at the place fixed in said bonds, and with interest at the rate specified in such bonds, which rate shall not be in excess of five per centum (5%) per annum, and shall be made payable annually or

semiannually, and said bonds shall be numbered consecutively and shall be signed by the chairman of the board, and countersigned by the auditor of said district, and the seal of said district shall be affixed thereto by the secretary of the board. Either or both of such signatures may be printed, engraved or lithographed. The interest coupons of said bonds shall be numbered consecutively and signed by the said auditor by his printed, engraved or lithographed signature. In case any such officers whose signatures or countersignatures appear on the bonds or coupons shall cease to be such officers before the delivery of such bonds to the purchaser, such bonds and coupons, and signatures or countersignatures shall nevertheless be valid and sufficient for all purposes the same as if such officers had remained in office until the delivery of the bonds.

Issuance and sale of bonds

(e) The board may issue and sell the bonds of any such zones authorized as hereinbefore provided at not less than par value, and the proceeds of the sale of such bonds shall be placed in the treasury of the County of Fresno to the credit of said district and the respective participating zones thereof, for the uses and purposes of the zone or zones voting said bonds; and the proper record of such transactions shall be placed upon the books of said county treasurer, and said respective zone funds shall be applied exclusively to the purposes and objects mentioned in the ordinance calling for such special bond election as aforesaid, subject to the provisions in this act contained. Payments from said zone funds shall be made upon demands prepared, presented, allowed and audited in the same manner as demands upon the funds of the County of Fresno.

Payment of interest on bonds

(f) Any bonds issued under the provisions of this act, and the interest thereon, shall be paid by revenue derived from an annual tax consisting of a levy or assessment upon all real property within a zone or participating zones, including both land and improvements thereon.

(g) The board shall levy a tax or assessment each year sufficient to pay the interest and such portion of the principal of said bonds as is due or to become due before the time for making the next general tax levy. In effect September 15, 1961

[Approved by Governor April 12, 1961. Filed with Secretary of State April 13, 1961.]

SECTION 1. Section 750 of the Code of Civil Procedure is amended to read:

750. In said summons the said unknown defendants shall be designated as in the complaint, whether they are the sole defendants or not. If as to any defendant the action is one brought under the provisions of Sec-

tion 738 and sections pertinent thereto of this code, such defendant may be named in the same summons and no separate or additional summons need be issued directed to such defendant.

Within 30 days after the issuance of the summons, the plaintiff shall post or cause to be posted a copy thereof in a conspicuous place on the property described in the complaint.

At any time after the issuance of the summons, the plaintiff, or his agent or attorney, shall make and file an affidavit wherein there shall be stated the following matters:

(a) The names of the defendants, if any, as to whom the action is brought under the provisions of Section 738 and sections pertinent thereto of this code; if there is no such defendant that fact shall be stated;

(b) The names of all the defendants who have been served personally, if any; if there is none that fact shall be stated;

(c) The names of the defendants who reside out of the State and their places of residence, if known to the plaintiff; and

(d) The names of the defendants residing in or out of the State whose place of residence is unknown to the plaintiff.

All defendants as to whom the action is one brought under the provisions of Section 738 and sections pertinent thereto of this code, shall be served with said summons in the manner provided in Title 5 of Part 2 of this code.

All other defendants residing in the State of California, whose place of residence is known to the plaintiff shall be served personally with said summons; provided, that any such defendant who conceals himself to avoid service of summons may be served as provided in Sections 412 and 413 of this code.

Except as otherwise provided, upon the making and filing of the aforesaid affidavit, the court or a judge thereof shall make an order directing the said summons to be served upon the defendants residing out of the State, whose place of residence is known to the plaintiff and upon the defendants residing in or out of the State, whose place of residence is unknown to the plaintiff, and upon all the unknown defendants as stated in the complaint and summons, by publication in some daily or weekly newspaper of general circulation printed and published in the county where the property is situated, and if there be no such paper in such county, then in some adjoining county, to be designated by the court or a judge thereof, which publication shall be pursuant to Government Code Section 6064.

Within 10 days after the making of the said order directing publication of summons, a copy of the summons and complaint, properly addressed and with the postage thereon fully prepaid, shall be mailed to each of the defendants whose names are known who reside out of the State, at their place of residence, if known, and also to the defendants whose names are known residing in or out of the State, whose place of residence is unknown to plaintiff, addressed to them at the county seat of the county where the action is commenced.

All such unknown persons so served shall have the same rights as are provided by law in cases of all other defendants named, upon whom service is made by publication, or personally, and the action shall proceed against such unknown persons in the same manner as against the defendants who are named upon whom service is made by publication or personally, and with like effect; and any such unknown person who has or claims to have any right, title, estate, lien or interest in the said property, or cloud on the title thereto, adverse to plaintiff, at the time of the commencement of the action, who has been duly served as aforesaid, and anyone claiming under him, shall be concluded by the judgment in such action as effectually as if the action was brought against the said person by his or her name and personal service of process was obtained, notwithstanding any such unknown person may be under legal disability. Service shall be deemed complete upon the completion of the mailing and publication.

In the event that service of any summons shall be required to be by publication as to any defendant as to whom the action is brought under the provisions of Section 738 of this code, the order for such publication, made pursuant to the provisions of Sections 412 and 413 of this code may be made either as a part of the order for publication of summons made as to other defendants, or as a separate order, as the court or a judge thereof may consider proper in the particular case.

CHAPTER 123

An act to amend Section 3081.05 of the Civil Code, relating to transactions involving real estate, declaring the urgency thereof, to take effect immediately.

In effect immediately

[Approved by Governor April 12, 1961. Filed with Secretary of State April 13, 1961.]

The people of the State of California do enact as follows:

SECTION 1. Section 3081.05 of the Civil Code is amended to read:

3081.05. The applicant shall if a corporation file and maintain with the commissioner a fidelity bond issued by an admitted corporate surety insurer, in a minimum amount of twenty-five thousand dollars ($25,000) and at all times in a principal amount that is equal to or in excess of the total aggregate amount of all moneys held by or under the control of the mortgage broker at any one time for the account of others. Said fidelity bond shall be in favor of the applicant and shall provide for the recovery by him of any loss of such funds held by him or his agent or employees arising out of a defalcation, misappropriation or theft of such funds by such agent or employees. If the applicant is an individual or a copartnership, the individual or copartner shall file with the

application in lieu of said fidelity bond, a bond in the sum of five thousand dollars ($5,000) issued by an admitted corporate surety insurer, approved by the commissioner, in which the applicant is the obligor. Any debtor or lender claiming to be injured by the fraud, deceit, or willful negligence of any individual or copartnership real property loan broker may bring action upon said bond against both principal and surety in any court of competent jurisdiction to recover the damages caused by such fraud, deceit, or willful negligence, or the failure to comply with the provisions of this chapter. No terms or conditions shall be imposed other than provided for in this chapter. The provisions of this section shall not be applicable to any transaction involving a real property loan broker, acting as an agent, in which all funds not the property of the broker are placed in an independent escrow, licensed under Division 6 (commencing with Section 17000) of the Financial Code or with any person described by subdivision (a) or (c) of Section 17006 of that code.

It shall be the responsibility of the broker and not of the surety to maintain the bond in the form and in the amount prescribed by this section. In no event shall the aggregate liability of the surety for all breaches of the conditions of the bond exceed the principal amount set forth in the bond.

Urgency

SEC. 2. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Section 3081.05 was added to the Civil Code at the 1959 Regular (General) Session of the Legislature, and was amended at the 1960 First Extraordinary Session of the Legislature. As enacted, and as amended, the section contained a clause intended to exempt mortgage brokers who do not "actually or constructively in any way keep, have charge of, or otherwise handle" any funds involved in their transactions. An error in the wording has caused the exemption clause to be construed as exempting mortgage brokers only when engaged in loan transactions. Desist and refrain orders have been served on several hundred brokers engaged in other mortgage transactions who have not obtained bonds. Because the surety companies generally have refused to write the required bonds, these orders have forced many mortgage brokers to suspend operations contrary to the intent of the Legislature, causing great hardship to the brokers and their principals.

CHAPTER 124

An act to amend Sections 1662 and 1714 of, and to add Section 1712.5 to, the Insurance Code, relating to production agencies.

In effect September 15, 1961

Bond

1662. An applicant for a license as an insurance broker shall, as part of his application, file the bond as required by this article, and, if licensed, shall continuously maintain such bond in force. Any such license shall automatically terminate immediately upon there being no bond in force, and the license shall be returned by its lawful custodian to the commissioner for cancellation.

SEC. 2. Section 1712.5 is added to said code, to read:

Organization license inoperative

1712.5. The license of an organization licensed as an insurance agent or insurance broker shall become inoperative upon:

(a) The termination of all insurer appointments; or

(b) The removal of the last natural person named thereon.

Unless such license is reactivated within 30 days by the correction of all deficiencies including, if necessary,

(a) The filing of a notice of appointment of agent by an admitted insurer, or

(b) The adding of a natural person to transact insurance under the authority of the organization's license pursuant to Section 1661,

the license shall automatically terminate and the physical evidence of the license shall be returned by its lawful custodian to the commissioner for cancellation.

SEC. 3. Section 1714 of said code is amended to read:

Natural person's certificate

1714. A natural person who is otherwise entitled in all respects to be licensed as an insurance agent, or insurance solicitor, but has never had an insurer appointment or has had all the same terminated, or has never filed a statement of employment or has had the same terminated, has the right upon request to be issued a certificate stating an insurance agent's license, or an insurance solicitor's license, as the case may be, will be issued upon the filing of such an appointment or such a statement. Such right must be renewed in the same manner and subject to the payment of the same fees as the license to which it relates. In all events the right to receive an actual license must be exercised at least 90 days before the end of the license term of the certificate's second renewal.

The provisions of this section shall not permit such person to take an examination for a license as an insurance agent or

solicitor unless at the time of the administration thereof he is in compliance with Section 1706 or 1657 as the case may be.

A solicitor who files a statement of employment for a new employer within 30 days after termination of his prior employment need not request such a certificate and will be issued without fee a license naming the new employer for a term ending on the same date as that stated in the former license.

which subsequently becomes state aided, then the unpaid balances of the apportionments made to the original district shall be added to the balances of the apportionments made to the newly aided district. In such cases, no further computations as aforesaid, or repayments, shall be made with respect to the original district, but such computations and repayments shall thenceforth be based solely upon the territory and assessed valuation of such newly aided district, in the manner provided by Sections 19601, 19602, 19603, 19604, and 19615.

SEC. 3. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are: Urgency

There have been technical failures on the part of certain county road commissioners to follow statutory requirements in contracting for lumber and materials which have been delivered to counties and actually used for county highway purposes. As a result of these technical failures, the suppliers of the lumber and materials, who dealt with the county road commissioners in good faith, have been unable to secure payment from the counties for the lumber and materials. This has imposed a serious hardship upon the suppliers of the lumber and materials. It is in the public interest, for the preservation of the public peace, health, and safety, to honor obligations entered into in good faith despite technical defects in procedure. Therefore, in order that the contracts entered into by the county road commissioners may be honored by the counties without delay and the suppliers relieved of the serious hardship now imposed upon them, it is necessary that this act take effect immediately.

The people of the State of California do enact as follows:

SECTION 1. Section 19590.5 is added to the Education Code, to read:

19590.5. Notwithstanding the provisions of Section 19590, a final apportionment may be made to a school district which did not, on the date a conditional apportionment was made, have outstanding bonds of the district exceeding ninety-five percent (95%) of the maximum amount of bonds which it could have outstanding under any law, if all of the following conditions exist:

(a) The amount of outstanding bonds of the district on the date the conditional apportionment was made falls short of 95 percent of the maximum amount of bonds it could have had outstanding under any law, by one hundred dollars ($100) or less;

(b) The deficiency in outstanding bonded indebtedness described in subdivision (a) arose because of the retirement of outstanding bonded indebtedness; and

(c) The retirement of outstanding bonded indebtedness occurred within fifteen (15) days prior to the date of the conditional apportionment.

SEC. 2. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are: Urgency

A school district which has applied for a conditional apportionment and which meets the requirements of law that it be bonded to 95 percent of capacity, may, in connection with operations involving retirement of bonds shortly before the date of a conditional apportionment, inadvertently cause the outstanding bonded indebtedness to fall to less than the required amount, but with the deficiency amounting only to a very nominal sum. At least one school district in the State finds itself in this unfortunate predicament at a time when it is in dire need of funds for school building construction and is otherwise eligible therefor in all respects. In order that school districts in this situation may receive the loans to which they are otherwise entitled without further delay, it is necessary that this act take effect immediately.

CHAPTER 145

SECTION 1. Section 1856 of the Education Code is amended to read:

Allocation of funds, properties, etc

1856. Whenever a district is annexed to another district, pursuant to this article (commencing at Section 1851), all funds, property, and obligations of the districts shall become funds, property, and obligations of the enlarged district. The bonded indebtedness of any district incurred prior to an annexation action, pursuant to this article (commencing at Section 1851), shall remain the sole obligation of the territory of the district as it existed prior to the annexation, unless the terms agreed upon by the governing boards of the school districts include the assumption by the district to be annexed of its pro rata portion of the bonded indebtedness existing against the annexing school district. In the latter event, the board of supervisors shall call an election in the district proposing to assume the indebtedness, for the purpose of determining whether the indebtedness shall be authorized and assumed. The election shall be held separately but simultaneously with the annexation election.

SEC. 2. Section 1857 of said code is amended and renumbered to read:

SEC. 4. Section 1858 is added to said code, to read:

Two-thirds majority vote

1858. Notwithstanding any provisions of this article to the contrary, unless it appears from the returns of the election held pursuant to Section 1857 that two-thirds of the votes cast at such election are in favor of the assumption by the district seeking to be annexed of its pro rata portion of the bonds, the district shall not be annexed to the annexing school district.

SEC. 5. Section 1859 is added to said code, to read:

1859. If the bonded indebtedness is assumed by the annexed district, all levies of taxes made for the payment of the bonds and interest thereon, shall be upon the property of the annexed district at the same rate as levied upon the property of the original annexing school district. Property tax levy

SEC. 6. Article 3 (commencing with Section 2031) is added to Chapter 3 of Division 5 of said code, to read:

Article 3. Provision Relating to Annexation of Elementary Districts

2031. If, when an elementary district of any kind is annexed to another elementary district of any kind pursuant to this chapter, the terms of the agreement to the annexation include the assumption by the district to be annexed of its pro rata portion of the bonded indebtedness existing against the annexing district, an election shall be held in the district proposing to assume the indebtedness on the question of such assumption. The election shall be combined with the election on the question of annexation and shall be ordered, called and conducted pursuant to Section 1624. Assumption of bonded indebtedness

2032. Unless it appears from the returns of the election that two-thirds of the votes cast at the election on the question of assumption of indebtedness are in favor thereof, the petitioning district shall not be annexed. Two-thirds majority vote

Effect Assembly Bill No. 463

SEC. 8. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are: Urgency

The law provides that whenever districts propose to join each other by annexation they may agree to condition the annexation upon an assumption of bonds There is no way by which the issue may be decided at the time an annexation election is held. In consequence there is great reluctance to initiate some desirable district reorganizations. At least one annexation proposal is being held in abeyance until this matter is clarified.

In effect September 15, 1961

[Approved by Governor April 24, 1961. Filed with Secretary of State April 24, 1961.]

The people of the State of California do enact as follows:

SECTION 1. Section 2018 of the Code of Civil Procedure is amended to read:

Depositions taken within United States, territory or possession

2018. (a) Within the United States or within a territory or insular possession subject to the dominion of the United States, depositions shall be taken before any notary public or a judge or officer authorized to administer oaths by the laws of the United States or of the place where the examination is held, or before a person appointed by the court in which the action is pending. A person so appointed has power to administer oaths and take testimony.

Depositions taken in a foreign state or country

(b) In a foreign state or country depositions shall be taken on notice before anyone agreed to by the parties, a secretary of embassy or legation, consul general, consul, vice-consul or consular agent of the United States, or before such person or officer as may be appointed by commission or under letters rogatory. A commission or letters rogatory shall be issued by the court in which the action is pending when necessary or convenient on motion and notice and upon such terms and with such directions as are just and appropriate. The person before whom the deposition is to be taken may be designated in notices or commissions either by name or descriptive title and letters rogatory may be addressed "to the appropriate judicial authority in [here name the country]."

Exclusions

(c) No deposition shall be taken before a person who is a relative or employee or attorney or counsel of any of the parties, or is a relative or employee of such attorney or counsel, or is financially interested in the action.

SEC. 2. Section 2019 of said code is amended to read:

Written notice

2019. (a) (1) A party desiring to take the deposition of any person upon oral examination shall give notice in writing

to every other party to the action. The notice shall state the time and place for taking the deposition and the name and address of each person to be examined, if known, and, if the name is not known, a general description sufficient to identify him or the particular class or group to which he belongs. Such notice must be at least 10 days, adding also one day for every 300 miles of the distance of the place of examination from the residence of the person to whom the notice is given, except that on motion of any party, with or without notice, and for good cause shown, the court may enlarge or shorten the time. Service of such notice or motion may be made upon any party or his attorney in the manner provided in Chapter 5, Title 14, Part 2 (commencing at Section 1010), of this code.

Stipulations

(2) If the parties so stipulate in writing, depositions may be taken before any person, at any time or place, upon any notice, and in any manner and when so taken may be used like other depositions.

Default of adverse party

(3) If an adverse party is in default for not appearing within the time allowed by the law or the court, or if, in a special proceeding, some or all of the parties interested have not appeared, a deposition may be taken without the giving of any notice to the party so in default or not appearing; and in any case on motion of any party, with or without notice, and for good cause shown, the court may authorize the taking of a deposition without the giving of notice to parties who have not been served with summons.

When service upon deponent not required

(4) In the case of depositions of a party to the record of any civil action or proceeding or of any one who at the time of taking the deposition is an officer, director or managing agent of any such party, the service of a subpoena upon any such deponent is not required if proper notice of the taking of such deposition is given to the attorney for such party or to the party, if he has no attorney. In the case of depositions of a person for whose immediate benefit an action or proceeding is prosecuted or defended or of any one who at the time of taking the deposition is an officer, director or managing agent of any such person, the service of a subpoena upon any such deponent is not required if proper notice of the taking of such deposition is given to the attorney of the party prosecuting or defending the action or proceeding for the immediate benefit of the deponent or to such party, if he has no attorney. A notice to take the deposition of a person described in this subdivision (4) cannot require the attendance of such person at a place more than 150 miles from the residence of such person, unless the party desiring to take such deposition first obtains an order pursuant to the provisions of Section 2019(b)(2) of this code.

Area limitation

(b) (1) After notice is served for taking a deposition by oral examination, upon motion seasonably made by any party or by the person to be examined and upon notice and for good cause shown, the court in which the action is pending may make an order that the deposition shall not be taken, or that it may be taken only at some designated time or place other

Court orders

than stated in the notice, or that it shall not be taken except by allowing written interrogatories by one or more parties, or that certain matters shall not be inquired into, or that the scope of the examination shall be limited to certain matters, or that the examination shall be held with no one present except the parties to the action and their officers or counsel, or that after being sealed the deposition shall be opened only by order of the court, or that secret processes, developments, or research need not be disclosed, or that the parties shall simultaneously file specified documents or information enclosed in sealed envelopes to be opened as directed by the court; or the court may make any other order which justice requires to protect the party or witness from annoyance, embarrassment, or oppression. In granting or refusing such order the court may impose upon either party or upon the witness the requirement to pay such costs and expenses, including attorney's fees, as the court may deem reasonable.

Order to attend a deposition at a place more than 150 miles from deponent's residence

(2) Notwithstanding Section 1989, the court may, upon motion on 10 days' written notice and for good cause shown, make an order requiring a deponent who is a party to the record of any civil action or proceeding or is a person for whose immediate benefit said action is prosecuted or defended or is at the time of the taking of the deposition an officer, director or managing agent of any such party or person to attend a deposition at a place more than 150 miles from the residence of such deponent. In granting or refusing such order, the court shall consider whether the moving party selected the forum, whether the deponent will be present at the trial, the convenience of the deponent, the suitability of discovery through a deposition by written interrogatories or other discovery methods, the number of depositions sought under this section, the expense to the parties of requiring the deposition to be taken within 150 miles of the residence of the deponent, the whereabouts of the deponent at the time the deposition is scheduled to be taken, and all other factors tending to show whether or not the interests of justice and the convenience of the parties and witnesses will be served by requiring the deponent to appear for his deposition at a place more than 150 miles from his residence. Such order may provide that the party desiring to take such deposition shall pay the reasonable expenses incurred by the deponent in attending such deposition and that he furnish an undertaking approved by the court to secure such payment and may contain such other terms and conditions as are equitable and just.

Oath and recording of deposition

(c) The officer before whom the deposition is to be taken shall put the witness on oath and shall personally, or by someone acting under his direction and in his presence, record the testimony of the witness. The testimony shall be taken stenographically and transcribed unless the parties agree otherwise. All objections made at the time of the examination to the qualifications of the officer taking the deposition, or to the manner of taking it, or to the evidence presented, or to the

conduct of any party, and any other objection to the proceedings, shall be noted by the officer upon the deposition. Evidence objected to shall be taken subject to the objections. In lieu of participating in the oral examination, parties served with notice of taking a deposition may transmit written interrogatories to the officer, who shall propound them to the witness and record the answers verbatim.

Order to cease taking deposition

(d) At any time during the taking of the deposition, on motion of any party or of the deponent and upon a showing that the examination is being conducted in bad faith or in such manner as unreasonably to annoy, embarrass, or oppress the deponent or party, the court in which the action is pending or the superior court in the county where the deposition is being taken may order the officer conducting the examination to cease forthwith from taking the deposition, or may limit the scope and manner of the taking of the deposition as provided in subdivision (b) of this section. If the order made terminates the examination, it shall be resumed thereafter only upon the order of the court in which the action is pending. Upon demand of the objecting party or deponent, the taking of the deposition shall be suspended for the time necessary to make a motion for an order. In granting or refusing such order the court may impose upon either party or upon the witness the requirement to pay such costs or expenses, including attorney's fees, as the court may deem reasonable.

Reading and signing by witness

(e) When the testimony is fully transcribed the deposition shall be submitted to the witness for examination and shall be read to or by him, unless such examination and reading are waived by the witness and by the parties. Any changes in form or substance which the witness desires to make shall be entered upon the deposition The deposition shall then be signed by the witness, unless the parties by stipulation waive the signing or the witness is ill or cannot be found or refuses to sign. If the deposition is not signed by the witness, the officer shall sign it and state on the record the fact of the waiver or of the illness or absence of the witness or the fact of the refusal to sign together with the reason, if any, given therefor; and the deposition may then be used as fully as though signed, unless on a motion to suppress under subdivision (d) of Section 2021 of this code the court holds that the reasons given for the refusal to sign require rejection of the deposition in whole or in part.

Certification by officer

(f) (1) The officer shall certify on the deposition that the witness was duly sworn by him and that the deposition is a true record of the testimony given by the witness. He shall then securely seal the deposition in a envelope endorsed with the title of the action and marked "Deposition of (here insert name of witness)" and shall promptly file it with the court in which the action is pending or send it by registered mail to the clerk thereof for filing.

Furnishing of copies

(2) Upon payment of reasonable charges therefor, the officer shall furnish a copy of the deposition to any party or to the deponent.

Notice of filing

(3) The party taking the deposition shall give prompt notice of its filing to all other parties.

Payment of expenses

(g) (1) If the party giving the notice of the taking of a deposition fails to attend and proceed therewith and another party attends in person or by attorney pursuant to the notice, the court may order the party giving the notice to pay such other party the amount of the reasonable expenses incurred by him and his attorney in so attending, including reasonable attorney's fees.

Payment of expenses and attorney's fees

(2) If the party giving the notice of the taking of a deposition of a witness fails to serve a subpoena upon him and the witness because of such failure does not attend, and if another party attends in person or by attorney because he expects the deposition of that witness to be taken, the court may order the party giving the notice to pay to such other party the amount of the reasonable expenses incurred by him and his attorney in so attending, including reasonable attorney's fees.

SEC. 3. Section 2021 of said code is amended to read:

Errors and irregularities in notice

2021. (a) All errors and irregularities in the notice for taking a deposition are waived unless written objection is promptly served upon the party giving the notice.

Disqualification of officer

(b) Objection to taking a deposition because of disqualification of the officer before whom it is to be taken is waived unless made before the taking of the deposition begins or as soon thereafter as the disqualification becomes known or could be discovered with reasonable diligence.

Objections to competency of witnesses

(c) (1) Objections to the competency of a witness or to the competency, relevancy, or materiality of testimony are not waived by failure to make them before or during the taking of the deposition, unless the ground of the objection is one which might have been obviated or removed if presented at that time.

Errors and irregularities at oral examination

(2) Errors and irregularities occurring at the oral examination in the manner of taking the deposition, in the form of the questions or answers, in the oath or affirmation, or in the conduct of parties and errors of any kind which might be obviated, removed, or cured if promptly presented, are waived unless seasonable objection thereto is made at the taking of the deposition.

Objections to form of written interrogatories

(3) Objections to the form of written interrogatories submitted under Section 2020 of this code are waived unless such objections, together with a notice of hearing thereon, are served in writing upon the party propounding them within the time allowed for serving the succeeding cross or other interrogatories and within three days after service of the last interrogatories authorized.

Errors and irregularities in transcribing

(d) Errors and irregularities in the manner in which the testimony is transcribed or the deposition is prepared, signed, certified, sealed, indorsed, transmitted, filed, or otherwise dealt with by the officer under Sections 2019 and 2020 of this code are waived unless a motion to suppress the deposition or some

part thereof is made with reasonable promptness after such defect is, or with due diligence might have been, ascertained.

SEC. 4. Section 2024 of said code is repealed. Repeal

SEC. 5. Section 2024 is added to said code, to read:

In effect September 15, 1961

[Approved by Governor April 24, 1961 Filed with Secretary of State April 24, 1961]

The people of the State of California do enact as follows:

SECTION 1. Section 11512 is added to the Business and Professions Code, to read:

"Appeal board"

11512. "Appeal board" refers to a board or other official body designated by a local ordinance to hear and make determinations upon appeals from actions of the advisory agency with respect to tentative subdivision maps, or the kinds, nature and extent of the improvements recommended by the advisory agency to be required

SEC. 2. Section 11528 of said code is amended to read:

Inspection and recommendation

11528. The legislative body of any city or county which desires to inspect and make recommendations concerning the map or maps of proposed subdivisions adjacent to but outside of its jurisdictional boundary line, may file with the clerk of the governing body or the advisory agency of any adjoining city or county having jurisdiction, a map or an amended map of territory within such second mentioned city or county in which territory it is interested in proposed subdivisions. The territory may not extend a distance of more than three miles from the common boundary line of the cities or counties.

Receipt

The clerk of the governing body or the advisory agency of the city or county having jurisdiction shall issue a receipt for the territorial map and thereafter shall transmit to the official designated by the requesting city or county, within three days after the receipt thereof, one copy of each tentative map of any subdivision located wholly or partly within the territory outlined on the territorial map.

The tentative map may, in the discretion of the advisory agency or governing body of the city, be acted upon in the manner provided in Article 4 of this chapter, except that if it is approved such approval shall be conditioned upon annexation of the property to such city within such period of time as shall be specified by the advisory agency, appeal board or governing body of the city.

Approval of final map

No final map, based on such a tentative map, shall be approved as provided in this chapter until annexation of such property to the city has been completed. If annexation is not completed within the time specified or any extension thereof then the approval of such tentative map shall be null and void. No subdivision of unincorporated territory may be effected by approval of a tentative map by the advisory agency, appeal board or governing body of a city unless annexation thereof to the city is completed prior to the approval or filing for record of the final map thereof.

If the governing body does not so authorize the advisory agency, the advisory agency shall make its report to the governing body, which body shall act upon the report within 10 days or at its next succeeding regular meeting after receipt of the report.

Appeal

If the subdivider is dissatisfied with any action of the advisory agency with respect to the tentative map, or the kinds, nature and extent of the improvements recommended by the advisory agency to be required, he may, within 15 days after such action, appeal to the governing body, unless an appeal board has been designated in which event such appeal must be to the appeal board, for a public hearing thereon. The governing body or appeal board as the case may be shall hear the appeal, upon notice to the subdivider and the advisory agency, unless the subdivider consents to a continuance, within 15 days or at its next succeeding regular meeting. At the time fixed for the hearing the governing body or appeal board shall proceed to hear the testimony of the subdivider or any witnesses in his behalf and the testimony of the representatives of the advisory agency or any witnesses in its behalf. It may sustain, modify, reject or overrule any recommendations or rulings of the advisory agency and may make such findings as are not inconsistent with the provisions of this chapter or local ordinance adopted pursuant to this chapter.

Appeal to governing body

11553. The time limits for acting and reporting on tentative maps as specified in this article may be extended by mutual consent of the subdivider and the governing body, appeal board or advisory agency as the case may be.

If no action is taken within these time limits, the tentative map as filed shall be deemed to be approved and it shall be the duty of the clerk of the governing body to certify the approval; provided, however, if the advisory agency has reported upon, or the appeal board has taken action upon the tentative map within the time limits, has recommended approval or conditional approval and has not disapproved said map and the governing body has failed to act upon the tentative map within the time prescribed by Section 11552 of this code, at the option of the subdivider, the tentative map upon the conditions, if any, set forth in the report of the advisory

Such sum shall be computed by projecting the accumulated time on a calendar basis so that the lump sum will equal the amount which the employee would have been paid had he taken the time off but not separated from the service.

(b) Persons separated from service through fault of their own are entitled to a lump sum payment for such compensating time off for overtime work, and in addition, such portion, if any, of unused vacation as the State Personnel Board may determine. The computation of such sum shall be based on actual accumulated time without projection as provided in (a).

(c) Lump sum payment for vacation shall not be made to a person who separates from a position for the purpose of accepting another position in the state service or to a person who returns to a position in the same class and agency within 15 working days of the date of his resignation.
