(3) Class 3. Any two-axle vehicle, except a bus or "farm labor truck" and such vehicles towing another vehicle weighing less than 6,000 pounds gross

(c) The department may accept a certificate of driving experience in lieu of a driving test on class 1 or 2 applications when such certificate is issued by an employer of the applicant provided the applicant has first qualified for a class 3 license and also met the other examination requirements for the license for which he is applying. Such certificate may be submitted as evidence of the applicant's experience or training in the operation of the types of equipment covered by the license for which he is applying.

(d) The receiving in this state of motor vehicle fuel with respect to which there has been no prior taxable distribution and the sale, donation, consignment for sale, barter, or use of the fuel in this state.

(e) The withdrawal of motor vehicle fuel from storage in this state for the purpose of the sale, donation, consignment for sale, barter or use of the fuel in this state if the consummation of such purpose does not otherwise constitute a distribution taxable under this part, in which event the license tax with respect to the fuel withdrawn from storage is measured by the gallonage thereof thus sold, donated, consigned for sale, bartered or used.

(f) For the purpose of subdivisions (a), (c), (d), and (e) of this section, "consignment for sale" does not include the withdrawal of motor vehicle fuel from storage and the transfer of the fuel into storage at a bulk plant operated by an agent acting in a representative capacity for and on behalf of the distributor for the distribution of such fuel when title to, and control of, the fuel remains in the distributor until it is distributed, and all distributions by such agent are made in the name of, and for the account of, the distributor, notwithstanding that the agent may under the conditions of his agency agreement with the distributor be considered an independent contractor with respect to the operation of the bulk plant.

SEC. 2. Section 7313 is added to the said code, to read:

7313. "Service station" means a place of business where motor vehicle fuel is sold and delivered into the fuel tanks of motor vehicles.

The people of the State of California do enact as follows:

SECTION 1. Section 426.5 of the Health and Safety Code is amended to read:

426.5. It shall be the duty of the State Director of Public Health to determine by February 1, 1960, the maximum allowable standards of emissions of exhaust contaminants from motor vehicles which are compatible with the preservation of the public health including the prevention of irritation to the senses, interference with visibility and damage to vegetation.

The standards shall be developed after the department has held public hearings and afforded an opportunity for all interested persons to appear and file statements or be heard. The department shall publish such notice of the hearings as it determines to be reasonably necessary.

The department after notice and hearing may revise the standards, and shall publish the revised standards, from time to time. In revising the standards the department shall, after February 1, 1960, take into account all emissions from motor vehicles rather than exhaust emissions only.

Whenever the department revises the standards it shall submit a copy of such revised standards to the Legislature if the Legislature is in session, or to the Senate Fact Finding Committee on Transportation and Public Utilities and the Assembly Interim Committee on Transportation and Commerce if the Legislature is not in session, and such revised standards shall not become effective until the 31st day after such submission.

SEC. 1.1. Section 24379 of said code is amended to read:

24379. (a) As used in this chapter the following terms shall be construed as defined in the Vehicle Code:

(1) Commercial vehicle
(2) Implement of husbandry
(3) Motor vehicle
(4) Motor-driven cycle
(5) Used vehicle
(6) Passenger vehicle

(b) As used in this chapter, "motor vehicle pollution control device" means equipment designed for installation on a motor vehicle for the purpose of reducing the pollutants emitted from the vehicle, or a system or engine modification on a motor vehicle which causes a reduction of pollutants emitted from the vehicle.

(c) As used in this chapter, "certified device" means a motor vehicle pollution control device for the control of emissions of pollutants from a vehicle, including, but not limited to, the exhaust system, the crankcase, the carburetor, and the fuel tank, for which standards have been set by the state department under Section 426.5 and for which a certificate of approval has been issued by the Motor Vehicle Pollution Control Board. Whenever under this chapter or any other law a motor vehicle is required to be equipped with a certified device, such requirement refers to the certified device for the control of the specified pollutants from the particular source involved.

SEC. 1.2. Section 24386 of said code is amended to read:

24386. The Motor Vehicle Pollution Control Board shall have the powers and authority necessary to carry out the duties imposed on it by this chapter, including, but not limited to, the following:

(1) To adopt rules and regulations in accordance with the provisions of the Administrative Procedure Act (commencing at Section 11370 of the Government Code), necessary for proper execution of the powers and duties granted to, and imposed upon the board by this chapter.

(2) To employ such technical and other personnel as may be necessary for the performance of its powers and duties.

(3) To determine and publish the criteria for approval of motor vehicle pollution control devices. In determining the criteria the board shall take into consideration the cost of the device and its installation, its durability, the ease and facility of determining whether the device, when installed on a motor

vehicle, is properly functioning, and any other factors which, in the opinion of the board, render such a device suitable or unsuitable for the control of motor vehicle air pollution or for the health, safety, and welfare of the public.

(4) To issue certificates of approval for any motor vehicle pollution control device where, after being tested by the board or tested and recommended by a laboratory designated by the board as an authorized vehicle pollution control testing laboratory, the board finds that the device operates within the standards set by the state department under Section 426.5 and meets the criteria adopted under subdivision (3) of this section; provided that no certificate of approval shall be issued for any device required by subdivision (e) of Section 24390 of this code if the cost of such device, including installation, is more than sixty-five dollars ($65).

(5) To exempt from Article 3 of this chapter designated classifications of motor vehicles for which certified devices are not available, and motor vehicles whose emissions are found by appropriate tests to meet state standards without additional equipment, and motor-driven cycles, implements of husbandry, and vehicles which qualify for special license plates under Section 5004 of the Vehicle Code.

(6) To revoke, suspend, or restrict a certificate of approval previously issued or an exemption previously granted, upon a determination by the board that the device or motor vehicle no longer operates within the standards set by the state department under Section 426.5 or no longer meets the criteria adopted under subdivision (3) of this section or no longer should be exempted. Provided that once any motor vehicle is equipped with a certified device it shall not thereafter be deemed to be in violation of this chapter or Section 27156 of the Vehicle Code because a certificate of approval for such device is subsequently revoked, suspended, or restricted, and replacement parts for such device may continue to be supplied and used for such vehicle, unless such revocation, suspension or restriction of a certificate of approval is based upon a finding that the certified device has been found to be unsafe in actual use or is otherwise mechanically defective, in which event such motor vehicle must be brought into compliance with this chapter within 30 days after such finding.

(7) Proceedings under this chapter with respect to the denial of applications for the issuance of certificates of approval or the granting of exemptions, or for the revocation, suspension, or restriction of certificates of approval previously issued, or exemptions previously granted, by the board shall be conducted in accordance with the provisions of Chapter 5 (commencing with Section 11500), Part 1, Division 3, Title 2 of the Government Code, and the board shall have all the powers granted therein.

28508. Whenever a licensed installer in a licensed station, in conformity with the instructions of the department, installs, inspects, repairs, or recharges a motor vehicle pollution control device, and determines that the device conforms with the requirements of Chapter 3 (commencing with Section 24378) of Division 20 of the Health and Safety Code, and the rules and regulations of the Motor Vehicle Pollution Control Board, a certificate of compliance shall be issued to the owner or driver of the vehicle. The department, for a fee of ten cents ($0.10), shall furnish to the licensed station the certificate of compliance to be issued.

The certificate of compliance shall contain provisions for the date of issuance; the make and registration number of the vehicle; the name of the owner of the vehicle; and the official designation of the station; and if the device involved was approved by the Motor Vehicle Pollution Control Board by the issuance of a certificate of approval requiring the obtaining of an annual certificate of compliance, as authorized by Section 24386.2 of the Health and Safety Code, a statement that the certificate of compliance shall be valid only through the last day of the 12th month from the date of issuance.

The certificate of compliance shall be signed by a licensed installer who has installed, inspected, repaired, or recharged the motor vehicle pollution control device.

28509. The following fees shall be paid to the department for a motor vehicle pollution control device installation and inspection station license:

(a) For the original application for a license..... $10.00

(b) For the annual renewal of the license..... $5.00

(b) Every application for the renewal of a license shall be made by the person to whom issued between November 1st and midnight of November 30th preceding the expiration date and shall be made by presenting the application form provided by the department and payment of the full annual renewal fee for such license.

28511. It is unlawful for any person, other than a licensed station, to issue a certificate of compliance required by this chapter.

SEC. 16. Section 40001 of said code is amended to read:

40001. (a) It is unlawful for the owner, or any other person, employing or otherwise directing the driver of any vehicle to cause the operation of the vehicle upon a highway in any manner contrary to law.

(b) It is unlawful for an owner knowingly to permit the operation of any vehicle:

(1) Which is not registered or for which any fee has not been paid under this code.

(2) Which is not equipped as required in this code.

(3) Which does not comply with the size, weight, or load provisions of this code.

(4) Which does not comply with the regulations promulgated pursuant to this code.

(5) Which is not in compliance with the provisions of Chapter 3 (commencing with Section 24378) of Division 20 of the Health and Safety Code and the rules and regulations of the Motor Vehicle Pollution Control Board.

SEC. 16.5. Section 42271.5 is added to said code, to read:

42271.5. The Legislature hereby declares its intent that revenue received from additional fees imposed pursuant to Sections 9250 and 9253 of this code by the 1965 act amending these sections shall be appropriated for the purpose of doubling the uniformed strength of the California Highway Patrol by December 31, 1968.

In so doing the Legislature declares its desire to increase the number of onview Highway Patrol enforcement units as a greater deterrent to potential law violators, and to place additional emphasis on proper maintenance of vehicles, thus resulting in a balanced traffic safety program which deals with driver, vehicle and use of the highway system.

SEC. 17. Notwithstanding the provisions of Section 24396 of the Health and Safety Code and Section 40000 of the Vehicle Code, and notwithstanding the repeal of Section 24393.4 of the Health and Safety Code and Section 27156.5 of the Vehicle Code by this act, the failure, prior to the effective date of this act, of any person to have a certified motor vehicle pollution control device for the control of emission of pollutants from the crankcase installed upon a used passenger vehicle, as re-

quired by Section 24393 of the Health and Safety Code as it read prior to the effective date of this act, shall not constitute a crime; and no prosecution of such person for a violation of Section 24393 of the Health and Safety Code or Section 27156 of the Vehicle Code on account of such failure occurring prior to the effective date of this act shall be commenced or continued.

SEC. 18. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Under existing legislation, owners of used passenger vehicles in a number of counties in the state are required, commencing in January of this year, to have motor vehicle pollution control devices for the control of emissions of pollutants from the crankcase installed on their vehicles. This requirement has caused great concern and confusion throughout the state. This act is designed to clarify and strengthen the law with respect to motor vehicle pollution control. In order that these changes can operate immediately so as to enable the state agencies involved to take the necessary steps to effectuate these changes, it is essential that this act go into immediate effect.

SECTION 1. Section 1203.03 of the Penal Code is amended to read:

1203.03. (a) In any case in which a defendant is convicted of an offense punishable by imprisonment in the state prison, the court, if it concludes that a just disposition of the case requires such diagnosis and treatment services as can be provided at a diagnostic facility of the Department of Corrections, may order that defendant be placed temporarily in such facility for a period not to exceed 90 days, with the further provision in such order that the Director of the Department of Corrections report to the court his diagnosis and recommendations concerning the defendant within the 90-day period.

Such diagnosis and recommendation shall be embodied in a written report and copies of the report shall be served only upon the defendant or his counsel, the probation officer, and the prosecuting attorney by the court receiving such report. After delivery of the copies of the report, the information contained therein shall not be disclosed to anyone else without the consent of the defendant. CHAPTER 1. GENERAL PROVISIONS

Article 1. Definitions

90000. This part shall be known and cited as the "San Diego County Transit District Act of 1965."

90001. Unless the context otherwise requires, the provisions of this article govern the construction of this part.

90002. "District" means the San Diego County Transit District.

90003. "Board" means the board of directors of the district.

90004. "Voter" means any elector who is registered under the Elections Code.

90005. "Transit" means the transportation of passengers only and their incidental baggage by means other than by chartered bus, sightseeing bus, or any other motor vehicle not on an individual passenger fare-paying basis. Nothing in this section shall be construed to prohibit the district from leasing its buses to public agencies or to private certified public carriers or to prohibit the district from providing schoolbus service for the transportation of pupils between their homes and schools.

90006. "Transit works" or "transit facilities" means all real and personal property, equipment, rights, or interests owned or to be acquired by the district for transit service.

Article 2. General Provisions

90020. It is hereby declared to be the policy of the State of California to develop transit system districts in the various metropolitan areas within the state for the benefit of the people. A necessity exists within San Diego County for such a system. Because there is no general law under which this district could perform this distinct function, only a specially created district can operate effectively in the San Diego metropolitan area. Because of the unique problem presented by that metropolitan area, the adoption of a special act and the creation of a special district is required.

90021. The San Diego County Transit District may be created as provided in this part and when so created may exercise the powers herein granted.

90022. Except as otherwise provided in this part, elections shall be held and conducted and the result ascertained, determined, and declared in all respects as nearly as practicable in conformity with the general elections laws of the state.

90023. Except as otherwise provided in this part, all ordinances and notices which are required to be published shall be published within the district pursuant to Section 6066 of the Government Code.

90024. Whenever the signature of any officer or employee of a district or of any member of the retirement board or of any officer or employee of the retirement system is authorized or required under the provisions of this part, except in the single instance provided in Section 90623, the signature may be made by the use of a plate bearing facsimiles of such signatures.

Chapter 2. Formation of District

90050. The area to be embraced in the district shall include all of the corporate area of each of the Cities of San Diego, Chula Vista, Coronado, National City, La Mesa, El Cajon, and Imperial Beach which establish the district as provided in this act, and any unincorporated territory in the County of San Diego contiguous thereto and being served by the San Diego Transit System, which is included in the district by the board of supervisors of the county as provided in this part.

This area shall be subdivided for the purpose of formation into three sections comprising (1) the City of San Diego, (2) the Cities of Coronado, Imperial Beach, Chula Vista, and National City, (3) the Cities of El Cajon and La Mesa and any unincorporated territories in the County of San Diego contiguous thereto and being served by the San Diego Transit System which is included in the district by the board of supervisors of the county as provided in this part.

Article 2. Election

90070. The Board of Supervisors of San Diego County shall call an election in the area to be included within the district on the question of the formation of the district if either of the two conditions specified below is met on or prior to June 30, 1967:

(a) A petition calling for the formation of the district is filed with the board of supervisors from each of the seven cities specified in Section 90050. Each of the petitions from the seven respective cities shall be signed by a number of signers equal to at least five percent (5%) of the voters registered for the last municipal election in each particular city. A petition may be on separate papers, but each paper shall contain the affidavit of the person who circulated it, certifying that each name signed thereto is a true signature of the person whose name it purports to be.

(b) A resolution of consent calling for the formation of the district is filed with the board of supervisors from each of the city councils of the seven cities specified in Section 90050, provided, that the requirements of this section shall be deemed to have been met if a combination of petitions and resolutions of consent have been filed with the board of supervisors, so long as each of the seven cities specified in Section 90050, either through a petition or by a vote of the city council, has authorized the calling of an election for the formation of the district.

90071. Each signer of a petition within a particular city shall be a registered voter and resident of that city.

90072. Upon receipt of the resolutions or petitions, or sufficient combination of both, the board of supervisors shall call a hearing thereon not less than 70 days nor more than 90 days following the receipt of all of the required resolutions or petitions, or both. The board of supervisors shall publish notice of said hearing in any newspaper of general circulation published within the proposed district in accordance with Section 6066 of the Government Code. The notice shall state the name and nature of the proposed district, that all petitions and resolutions may be inspected at the office of the clerk of said board of supervisors, that the proposed district shall include the seven cities specified in Section 90050, the boundaries of any unincorporated territory proposed for inclusion, the time and place for the hearing, and that all interested persons shall be given an opportunity to express their views.

90073 The board of supervisors shall have the power to exclude areas which, in the board's determination, would not receive reasonable benefit from inclusion in the district, except that no portion of a city included in the proposed district may be excluded, and the proposed district shall not include noncontiguous cities separated by more than two miles.

90074. At the conclusion of the hearing, the board of supervisors shall call the election on the question of the formation

of the district, which election shall be consolidated with the next succeeding primary or general election following the conclusion of the hearing

90075. The election shall be called, noticed, held, and conducted, election officers appointed, voting precincts designated, ballots printed, polls opened and closed, ballots counted and returned, returns canvassed, results declared, oaths of office administered, and all other proceedings incidental to and connected with the election shall be regulated and done, as nearly as may be practicable, in accordance with the provisions of law regulating municipal elections in general law cities.

For the purposes of the election, the terms "board of trustees" and "city clerk," respectively, as used in the Elections Code provisions respecting the conduct of elections in general law cities, shall mean the county board of supervisors and the registrar of voters, respectively, for the purpose of the election held under this act.

An election called pursuant to the provisions of this act may be consolidated with any other election pursuant to the provisions of Chapter 4 (commencing with Section 23300) of Part 2 of Division 12 of the Elections Code.

90076. The count of the votes of the election shall be conducted in three parts (see 90050). One part shall consist of the votes cast in the City of San Diego. The second part shall consist of the votes cast in the Cities of Coronado, Imperial Beach, Chula Vista, and National City; and the third part shall consist of the votes cast in the Cities of El Cajon and La Mesa and outside territory included by the county board of supervisors, if any, at the time of election.

90077. If the electors in the City of San Diego and the electors of one or both of the other two sections specified in 90050 approve of the formation of the district at an election held pursuant to the provisions of this part, the district shall be established.

90078. If from the canvass it appears and the board of supervisors finds that a majority of the votes cast in the City of San Diego and a majority of the votes cast in either one or both of the remaining sections as is specified in 90050 were cast in favor of the formation of the district, it shall enter that fact upon its minutes together with a description of the boundaries of the district, its name and the official name or names by which the district is commonly known and enter its order declaring the district duly formed and existing in the county

Article 3. Establishment of the District

90100. If a majority of the electors voting on the proposition in the City of San Diego and a majority of the electors in either one or both of the remaining sections as is specified in 90050 vote in favor of the creation and establishment of the district, the board of supervisors shall cause a certified copy of the order declaring the result of the election to be filed in

the office of the Secretary of State, from and after which the establishment of the district shall be deemed complete in those sections in which the vote favored the creation and establishment of the district. Any section in which the vote did not favor the creation and establishment of the district shall not be included within the district.

Article 4. Contest of Incorporation

90120. No informality in any proceeding or in the conduct of the election, not substantially affecting adversely the legal rights of any citizen, shall be held to invalidate the incorporation of the district. Any proceedings wherein the validity of incorporation is denied shall be commenced within three months from the date of filing the order declaring the result of the election with the Secretary of State, otherwise the incorporation and the legal existence of the district shall be held to be valid and in every respect legal and incontestable.

Chapter 3. Internal Organization of District

Article 1. Government

90170. The government of the district shall be vested in a board of directors elected concurrent with the district's formation. The City of San Diego shall elect at large, a number of directors exceeding by one the total number of directors to be elected in both the remaining sections as specified in 90050. The City of San Diego, regardless of whether one or both, as the case may be, of the remaining sections specified in 90050, elect to become a part of the district, shall be entitled to a number of directors always exceeding by one the total number of directors seated from the remaining section or sections as specified in 90050 Each of the incorporated cities within the two remaining sections as specified in 90050 and the unincorporated area of the county, if any, shall elect one director; provided however that if one of the sections specified in 90050 does not vote to become a part of the district, no director shall be seated from that section. In the event that one of the remaining sections other than the City of San Diego elects not to become a part of the district and San Diego's representation on the board of directors therefore becomes less, the directors elected in the City of San Diego shall be seated on the board of directors of the district in the order of the number of votes each received in descending order. In the event of a tie, the directors involved shall determine by lot which shall be seated.

90171. The directors elected shall be residents of the respective city they represent at the time of their election and during the term of their office. Any director elected in the unincorporated area shall be a resident of that area at the time of his election and during the term of his office.

Article 2. Terms of Office

90190. The term of each director shall be for four years, except as provided in this article.

90191. Any vacancy, including any caused by death or resignation of any member, shall be filled by appointment of the board of directors within 60 days of date of vacancy. Such appointment shall be made within the jurisdiction in which the vacancy occurred.

90192. The person to fill any vacancy on the board shall serve temporarily to fill the unexpired term or until a successor is regularly elected at the next election within that jurisdiction whichever occurs first.

90193. The first members of the board of directors elected after the formation of the district shall so classify themselves by lot that one more than one-half of the directors shall serve for four years, and the remainder of the directors for two years. Thereafter the term of office of each director shall be four years.

90194. Every director is subject to recall by voters of the district, in accordance with the recall provisions of the general laws of the state applicable to county officers.

Article 3. Powers and Duties of Directors

90210. The oath of office of directors shall be taken, subscribed, and filed with the secretary of the district at any time after the director has been elected, but not later than 15 days after the commencement of his term of office. No other filing is required.

90211. The board shall choose one of its members president, and another vice president, who shall be authorized to act for the president during his absence or disability and shall provide for the time and place of holding its meetings, which shall be held at least once each month.

90212. The board is the legislative body of the district and determines all questions of policy.

Article 8. Taxation

90540. A district may levy, and collect or cause to be collected, taxes for any lawful purpose.

90541. If, in the opinion of the board, the revenues will not be sufficient for any and all lawful purposes, the board shall levy a tax for such purpose or purposes and fix the amount of money necessary to be raised therefor by taxation.

90542. The board shall, at the time of fixing the general tax levy and in the manner provided for the general tax levy, levy and collect annually until the district's bonds are paid, or until there is a sum in the treasury of the district set apart for that purpose to meet all sums coming due for principal and interest on the bonds as they become due a tax sufficient to pay the annual interest on the bonds and such part of the principal thereof as becomes due before the proceeds of a tax levied at the next general tax levy will be available. If the maturity of the indebtedness created by the issue of bonds begins more than one year after the date of the issuance thereof, the tax shall be levied and collected annually at the time and in the manner aforesaid, sufficient to pay the interest on the indebtedness as it falls due and to constitute a sinking fund for the payment of the principal on or before maturity.

90543. The taxes required to be levied and collected on account of interest, principal and sinking fund of district bonds shall be in addition to all other taxes levied for district purposes, and shall be collected at the time and in the same

manner as other district taxes are collected and be used for no other purpose than the payment of the bonds and accruing interest.

90544. The board may provide for the assessment, levy, and collection of taxes by the district, including the sale of property to the district for delinquent taxes, with penalties, interest, and cost.

90545. The board shall avail itself of the assessments made by the assessor of the county and of the assessments made by the State Board of Equalization for the county and shall take such assessments as the basis for district taxation and have its taxes collected by the tax collector of the county.

90546. In such case the county assessor shall, on or before the third Monday in August of each year, transmit to the board a statement in writing showing the total value of all property within the district, ascertained from the assessments referred to in Section 90545 as equalized.

90547. The board shall, on or before the first weekday in September, or if such weekday falls upon a holiday then on the first business day thereafter, fix the rate of taxes, designating the number of cents or fractions thereof upon each hundred dollars, using as a basis the value of property transmitted to the board by the county assessor, which rate of taxation shall be sufficient to raise the amount previously fixed by the board, subject to a maximum limitation of five cents ($0.05) per one hundred dollars ($100) assessed valuation. These acts by the board shall constitute a value assessment of the property and a valid levy of the taxes so fixed.

90548. The board shall immediately after fixing the rate of taxes as above provided transmit to the county assessor of the county a statement of the rate of taxes fixed by the board.

90549. The district's taxes so levied shall be collected at the same time and in the same manner as county taxes. When collected the net amount, ascertained as provided in this article, shall be paid to the treasurer of the district, under the general requirements and penalties provided by law for the settlement of other taxes.

90550. Whenever any real property has been sold for taxes and has been redeemed, the money paid for redemption shall be apportioned and paid to the district by the county treasurer in the proportion which the tax due to the district bears to the total tax for which the property was sold.

90551. The compensation to be charged by and paid to any county for the performance of services under this article shall be fixed by agreement between the board of supervisors of the county and the board. The compensation shall in no event exceed one-half of 1 percent of all money collected for the district. The compensation collected by the county shall be placed to the credit of the county general fund.

90552. All taxes levied under this act are a lien on the property on which they are levied. The enforcement of the collection of such taxes shall be in the same manner and by

the same means provided by law for the enforcement of liens for county taxes, all the provisions of law relating to the enforcement of the latter being made a part of this act so far as applicable.

Article 9. Claims

90570. All claims for money or damages against the district are governed by Chapter 2 (commencing with Section 700) of Division 3.5 of Title 1 of the Government Code except as provided therein, or by other statutes or regulations expressly applicable thereto.

CHAPTER 7. BONDS

Article 1. Issuance

90600. The district may from time to time incur a bonded indebtedness as provided in this chapter to pay the cost of acquiring, constructing, or completing the whole or any portion of any, transit facilities, or for acquiring any works, lands, structures, rights, equipment, or other property necessary or convenient to carry out the objects, purposes, or powers of the district.

90601. Whenever the board by resolution passed by vote of two-thirds of all its members determines that the public interest or necessity demands the acquisition, construction, or completion by the district of any transit facilities or any works, lands, structures, rights, equipment, or other property necessary or convenient to carry out the objects, purposes, or powers of the district, the cost of which will be too great to be paid out of the ordinary annual income and revenue of the district, it may at any subsequent meeting of the board provide by ordinance for the submission of the proposition of incurring a bonded indebtedness for the purpose set forth in the resolution to the voters of the district at a special bond election held for that purpose.

90602. In lieu of a resolution passed by the board, proceedings for the issuance of bonds for the purposes provided in this chapter may be initiated by petition of the voters of the district.

90603. Whenever any petition signed by voters within the district equal in number to at least 15 percent of the total vote cast at the last general election is presented to the board asking for the acquisition, construction, or completion of the whole or any portion of any transit facilities or for acquiring any works, lands, structures, rights, equipment, or other property necessary or convenient to carry out the objects, purposes, or powers of the district, and also asking that a bonded indebtedness be incurred to pay the cost thereof, the secretary of the district shall immediately examine and verify the signatures of the petition and certify the result of the examination to the board.

90604. If the required number of signatures is found to be genuine, the secretary shall transmit to the board an authentic copy of the petition without the signatures.

90605. Upon receiving a petition with the certificate of the secretary stating that it contains the required number of signatures, the board shall formulate for submission to the voters of the district at a special bond election called for that purpose the proposition of incurring a bonded indebtedness for the purposes set forth in the petition. In its discretion the board may defer the calling of the election until the next general election to be held in the district in order to consolidate them.

90606 The ordinance calling a special bond election shall fix the date on which the election will be held, and the manner of holding the election and of voting for or against incurring the indebtedness. It shall also recite the objects and purposes for which the indebtedness is proposed to be incurred, the estimated cost of the transit facilities, works, lands, structures, rights, equipment, or other property proposed to be acquired, constructed, or completed, the amount of the principal of the indebtedness to be incurred therefor, and the maximum rate of interest to be paid on the indebtedness, which shall not exceed 6 percent per annum, payable semiannually or annually the first year and thereafter semiannually.

90607. Propositions for incurring indebtedness for more than one object or purpose may be submitted at the same election.

90608. Any special bond election may be held separately, or may be consolidated with any other election authorized by law at which the voters of the district may vote. If a special bond election is consolidated with any other election, the provisions of this chapter setting forth the precedure for the calling and holding of the special bond election shall be complied with, except that the ordinance calling the election need not set forth the election precincts, polling places, and officers of election shall be the same as those set forth in the ordinance, notice, or other proceedings calling the election with which the special bond election is consolidated, and shall refer to the ordinance, notice, or other proceedings by number and title, or by other definite description.

90609. The ordinance shall be published, and no other notice of election need be given.

90610. The board shall comply with the provisions of Article 3 (commencing with Section 3780) of Chapter 2 of Division 4 of the Elections Code, the provisions of which are applicable to any bond election held pursuant to this article. Wherever the words "county clerk" appear in the Elections Code the words "secretary of the board" shall be substituted, for the purposes of this article, and wherever the words "board of supervisors" appear in the Elections Code, the words "board of directors" shall be substituted, and wherever the words "district attorney or county counsel" appear in the

Elections Code, the words "attorney for the district" shall be substituted.

90611 The votes of two-thirds ($66\frac{2}{3}\%$) of all the voters voting on the proposition at the election are required to authorize the issuance of general obligation bonds under this chapter.

90612. If the proposition submitted at a special bond election fails to receive the requisite number of votes, the board shall not within six months after the election hold another special election for the submission of a proposition of incurring a bonded indebtedness substantially the same as the proposition voted upon at a prior election unless a petition signed by voters within the district equal in number to at least 15 percent of the total vote cast at the last general election is filed with the board, requesting that the proposition, or a proposition substantially the same, be submitted at an election to be called for that purpose.

Article 2. Form and Content

90620. Bonds authorized by this chapter shall mature serially in amounts to be fixed by the board; except that payment shall begin not later than 10 years from the date thereof and shall be completed in not more than 50 years from that date.

The board may divide any issue of bonds authorized pursuant to this chapter into two or more series, and may fix different dates of issuance and different maturity dates for the bonds of each series. The bonds of each series shall mature serially in amounts to be fixed by the board, and the board shall fix a date not more than 10 years from the date of issuance of each series for the earliest maturity of such series, and shall fix a date not more than 50 years from the date of issuance of each series for the final maturity of such series.

Pending the actual issuance or delivery of bonds, a district may issue temporary or interim bonds, certificates, or receipts, of any denomination, whatsoever, with or without coupon, and in such form as may be prescribed by the board to be exchanged for definite bonds when ready for delivery.

90621. The bonds shall be issued in such denominations as the board determines, except that no bonds shall be issued of a denomination less than one hundred dollars ($100), nor of a greater denomination than one thousand dollars ($1,000) or any multiple thereof, and shall be payable on the day and at the place or places fixed in the bonds, and with interest at the rate specified therein, payable semiannually.

90622. The board may at any time prior to the issuance and sale of any bonds provide for the call and redemption of any or all of the bonds on any interest payment date prior to their fixed maturity at not exceeding the par value and accrued interest plus a premium of not exceeding 5 percent upon the principal amount of the bonds, in which event the call price fixed by the board shall be set forth on the face of the

bond. Notice of such redemption shall be published. If there is no newspaper of general circulation printed and published within the district, then the publication shall be made in a newspaper of general circulation printed and published within the county in which the district or any part thereof is situated. The first publication shall be at least 30 days prior to the date fixed for the redemption. After the date fixed for such redemption interest on the bonds thereafter shall cease.

90623. The bonds shall be signed by the president of the board or by such officer of the district as the board shall by resolution authorize and designate for that purpose. They shall also be signed by the treasurer, and be countersigned by the secretary. The coupons of the bonds shall be numbered consecutively and be signed by the treasurer. All signatures and countersignatures, except one of said signatures or countersignatures on the bonds, may be printed, lithographed, or engraved. If any officer whose signature or countersignature appears on the bonds or coupons ceases to be such officer before the delivery of the bonds to the purchaser, the signature or countersignature is nevertheless valid and sufficient for all purposes as if he had remained in office until the delivery of the bonds.

Article 3. Issue and Sale

90640. The bonds may be issued and sold for not less than their par value, but otherwise as the board determines. Before selling any bonds or any part thereof, the board shall give notice inviting sealed bids in such manner as the board may prescribe. If satisfactory bids are received, the bonds offered for sale shall be awarded to the highest responsible bidder. If no bids are received, or if the board determines that the bids received are not satisfactory as to price or responsibility of the bidders, the board may reject all bids received, if any, and either again give notice inviting bids or sell the bonds at private sale.

90641. All premiums and accrued interest received on the sale of bonds shall be placed in the fund to be used for the payment of principal of and interest on the bonds. The remainder of the proceeds of the bonds shall be placed in the district treasury to the credit of the proper fund, and shall be used exclusively for the objects or purposes for which the bonds were voted; provided that when said objects and purposes have been accomplished any moneys remaining shall be transferred to the fund to be used for the payment of principal of and interest on the bonds, and that when all principal of and interest on the bonds shall have been paid, any balance of money then remaining shall be transferred to the general fund of the district.

90642. In lieu of the immediate levy of a tax to pay the interest or any part thereof on any bonded indebtedness incurred in accordance with this part the board may, in the estimate of the amount of money necessary to be raised by

the bonds, include a sum sufficient to pay interest on all of the bonds or part thereof during the period of acquisition, construction, or completion, but for no period in excess of five years.

Article 4. Refunding

90660. Whenever the board by resolution passed by a vote of two-thirds of all its members determines that the refunding of the whole or any portion of the bonded indebtedness will be of advantage to the district the board may refund the bonded indebtedness or any portion thereof and issue refunding bonds of the district therefor.

90661. The issuance of refunding bonds shall not be construed as the incurring or increase of an indebtedness within the meaning of this part, and the approval of the voters is not required for the issuance of refunding bonds. The board may provide for the call and redemption of any or all of the bonds on any interest payment date prior to their fixed maturity in the ordinance authorizing the issuance of the refunding bonds.

90662. Except as otherwise provided, the provisions of this chapter shall substantially govern as to all matters pertaining to the issuance of refunding bonds, including and without limiting the generality of the foregoing, the form, execution, issuance, maturity, redemption, refunding, validation, the payment of interest from bond funds, and the status of the bonds as investments.

90663. Refunding bonds shall bear interest at a rate not exceeding the interest rate on the refunded bonds, but payment of the refunding bonds shall begin not later than one year from the date thereof and be complete in not more than 40 years from that date.

90664. The proceeds of the sale of refunding bonds shall be applied only to the purchase, or retirement at not more than par and accrued interest, or the call price, of the bonded indebtedness for which the refunding bonds were issued.

90665. In lieu of selling refunding bonds and using the proceeds to purchase or retire the bonds to be refunded, the board may exchange refunding bonds at not less than par and accrued interest for the bonds so refunded.

90666. Whenever outstanding bonds are refunded they shall be surrendered to the treasurer of the district, who shall cancel them by endorsing on their face the manner in which the refunding was effected (whether by exchange or purchase, and the amount for which so purchased, if any) and by perforating through each bond and each coupon attached thereto the word "canceled" together with the date of cancellation.

Article 5. Status as Investments

90680. All bonds including refunding bonds issued by a district are legal investments for all trust funds and for the funds of all insurance companies, banks, both commercial and

savings, and trust companies, and for the State School Fund and for all sinking funds under the control of the State Treasurer. Whenever any money or funds may by law be invested in or loaned upon the security of bonds of cities, cities and counties, counties, or school districts, in the state, such money or funds may be invested in or loaned upon the security of the bonds of the district; and whenever bonds of cities, cities and counties, counties, or school districts by law may be used as security for the faithful performance or execution of any court or private trust or of any other act, bonds of the district may be so used.

90681. All bonds of the district, to the same extent as bonds of any other municipality, are legal for use by any state or national bank or banks in the state as security for the deposit of funds of the state or of any county, city and county, city, municipality, or other public or municipal corporation within the state.

Article 6. Validating Proceedings

90700. An action to determine the validity of bonds, including refunding bonds, may be brought pursuant to Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure.

Article 7. Revenue Bonds

90720. As an alternative procedure for the raising of funds, the district is authorized to issue bonds, payable from revenues of any facility or enterprise to be acquired or constructed by a district, in the manner provided by the Revenue Bond Law of 1941 (Chapter 6 (commencing with Section 54300) of Part 1 of Division 2 of Title 5 of the Government Code), all of the provisions of which are applicable to a district created pursuant to this part.

90721. The district is a local agency within the meaning of the Revenue Bond Law of 1941 (Chapter 6 (commencing with Section 54300) of Part 1 of Division 2 of Title 5 of the Government Code). The term "enterprise" as used in the Revenue Bond Law of 1941 shall, for all purposes of this part, include transit facilities and any and all parts thereof and all additions, extensions and improvements thereto and all other facilities authorized to be acquired, constructed or completed by the district. A district may issue revenue bonds under the Revenue Bond Law of 1941, for any one or more facilities or enterprises authorized to be acquired, constructed, or completed by a district or, in the alternative may issue revenue bonds under the Revenue Bond Law of 1941, for the acquisition, construction and completion of any one of such facilities. Nothing in this article shall prevent a district from availing itself of, or making use of, any procedure provided in this part for the issuance of bonds of any type or character for any of the fa-

cilities or works authorized hereunder, and all proceedings may be carried on simultaneously, or in the alternative, as the directors may determine.

CHAPTER 8. ANNEXATION OF CITIES

Article 1. Annexation Agreement

90770. Any city not included within the boundaries of the district may be annexed thereto in the manner provided in this chapter, and if such annexation is successful, shall be entitled to seat one member on the district's board of directors.

90771. The legislative body of the city proposed to be annexed shall agree in writing with the board upon the terms and conditions of annexation, which agreement, among other things, may provide for the levy and collection of special taxes within the city in addition to the taxes elsewhere in this act provided for, the fixing of rates, rentals, and charges differing from those fixed or existing elsewhere within the district, the incurring or assumption of indebtedness, or the making of a payment or payments, or the transfer of property, real and personal, and other assets to the district by the city.

90772. As an alternative to commencement of annexation proceedings by action of the legislative body of a city, a petition signed by voters within the city proposed to be annexed, equal in number to at least 10 percent of the total vote cast at the last general election, and asking that proceedings be taken for its annexation, may be addressed to the board and filed with the secretary of the district.

90773. The petition may include one or more separate documents, but each document shall contain the affidavit of the party who circulated it, certifying that each name signed thereto is the true signature of the person whose name it purports to be. The secretary of the district shall compare the signatures on the petition with the affidavits of registration on file with the county clerk and if he finds that the petition has been signed by the required number of voters he shall attach his signature thereto and present the petition to the board.

90774. If the board determines that the annexation of the city, whose voters have petitioned pursuant to Section 90773, would facilitate the acquisition or operation of any transit facilities for the district or be of advantage to the district, then the board shall also determine the terms and conditions upon which the annexation should be made. The terms and conditions of annexation shall be embodied in an annexation agreement. The annexation agreement may provide, among other things, for any or all of the items set forth in Section 90771.

Article 2. Approval by District

90790. The agreement shall become effective and be binding upon the district and the city when approved in the manner set forth in this chapter.

The board shall by ordinance setting forth the agreement at length declare its intention of causing it to be executed by the district.

90791. The ordinance, together with a notice fixing the time and place for hearing thereon, shall be published in the district pursuant to Section 6061 of the Government Code. The time fixed for the hearing shall be not less than 30 nor more than 60 days from the date of the publication of the ordinance.

90792. At the hearing any person interested may file with the board written objections to the execution of the agreement.

90793. Upon the hearing the board shall determine whether or not the agreement will be carried into execution and shall hear and determine all objections thereto. Failure of any person interested in the district or in the matter of the proposed execution of the agreement to show cause in writing pursuant to Section 90792 constitutes an assent on his part to a change in the boundaries of the district and to the execution of the agreement.

90794. Any hearing on the agreement may be adjourned from time to time by the board without further notice other than an order to be entered upon the minutes of the meeting fixing the time and place of adjournment.

90795. If no protests are filed or if the protests filed are overruled and denied, the board shall by resolution finally approve the agreement and authorize its execution, which shall become effective when executed by the city, duly authorized in the manner provided in this chapter.

90796. When executed by the district the agreement shall be dated and an executed copy filed with the secretary of the district. An executed copy shall also be filed with the clerk of the city to be annexed.

Article 3. Approval by City

90810. At any time after the board has finally approved the agreement of annexation the legislative body of the city to be annexed shall cause an election to be held in the city to determine whether the city will be annexed to the district upon the terms and conditions stated in the agreement.

90810.5. The city shall cause to be held, concurrent with the annexation election, an election for the purpose of selecting one board member for the district in the event the annexation is successful.

90811. Notice of election shall be published as provided in Section 6066 of the Government Code and shall either state that a copy of the annexation agreement is on file in the

office of the secretary or clerk of the city proposed to be annexed, and open to the inspection of all persons interested, or set forth the terms and conditions of the agreement of annexation at length, in the discretion of the legislative body calling the election.

90812. The ballots for the election shall contain substantially the instructions required to be printed on ballots for use at general state and county elections and in addition shall set forth the proposition of annexation substantially as follows:

Shall the _____ (city) be annexed to the San Diego County Transit District in accordance with and subject to all of the terms and conditions of an agreement of annexation dated _____ now on file in the office of the clerk of _____ (city)?	YES	
	NO	

90813. If upon a canvass of the election it is found that a majority of all votes cast on the proposition at the election were cast in favor of the annexation, the proposition and all of the terms and conditions of the agreement of annexation shall be deemed carried and approved by the voters.

90814. If the proposition fails to carry, the result shall be entered upon the minutes of the governing body of the city.

90815. If the proposition receives the vote of the requisite majority of voters, the governing body of the city shall enter in its minutes an order declaring the result of the election and shall thereupon cause the agreement of annexation to be executed by its duly authorized officers.

Article 4. Establishment of Annexation

90830. Upon receipt by the district of a copy of the agreement of annexation properly executed by the district and the city proposed to be annexed, the board shall pass a resolution declaring the city annexed to the district, and shall cause a certified copy of the resolution to be filed with the Secretary of State. From and after the date of filing of the resolution with the Secretary of State, the annexation of the city to the district is complete.

Article 5. Annexation of Territory to Cities

90850. Any territory annexed in accordance with law to any city included in the district shall, upon the completion of such annexation proceeding, be deemed incorporated into and annexed to the district, and thereafter is subject to taxation, along with the entire territory of the district in accordance with the assessable valuation of the property thereof, for

general district purposes, and for the payment of any indebtedness theretofore or thereafter incurred by the district.

Article 6. Effect of Annexation

90870. From and after the date of annexation, the board shall levy upon all of the property in the city annexed, such taxes, tolls, or charges as are necessary to provide funds for the payment of the indebtedness assumed by the city or otherwise necessary to comply with the terms and conditions of the annexation agreement, all in addition to the general district taxes authorized elsewhere in this division to be levied and collected.

90871. No annexation of a city to a district shall operate to dissolve or terminate the legal existence of the city annexed.

Article 7. Contest of Annexation

90880. The validity of any proceedings for the annexation of any city to any district shall not be contested in any action unless the action is brought within three months after the completion of the proceedings.

Chapter 9. Annexation of Unincorporated Territory

Article 1. Annexation Agreement

90930. Unincorporated territory may be annexed to the district in the manner provided in this chapter.

90931. Unincorporated territory not contiguous to the district may not be annexed if the district does not possess facilities for supplying transit service to that territory.

90932. A petition signed by voters within the territory proposed to be annexed equal in number to at least 10 percent of the total vote cast, describing the territory and asking that proceedings be taken for its annexation, shall be addressed to the board and filed with the secretary of the district.

90933. The secretary shall compare the signatures on the petition with the affidavits of registration on file with the county clerk and if he finds that the petition has been signed by the required number of voters he shall attach his signature thereto and present the petition to the board.

90934. If the board determines that the annexation of the territory would facilitate the acquisition or operation of any transit facilities for the district, or be of advantage to the district, then the board shall also determine the terms and conditions upon which the annexation should be made.

90935. Provisions may be made, among other things, for payment of taxes within the territory to be annexed in addition to the taxes elsewhere in this act provided for, the fixing of rates, rentals, and charges differing from those fixed or existing elsewhere within the district, the incurring or assump-

tion of indebtedness, or the making of a payment or payments, or the transfer of property, real and personal, and other assets to the district by the territory proposed to be annexed. The boundaries of the territory proposed to be annexed need not be coterminous with any election precincts. The terms and conditions shall become effective and be binding upon the district and the territory to be annexed with approval in the manner set forth in this chapter.

90936. As an alternative to commencement of annexation proceedings by a petition by the voters within any unincorporated territory, proposed to be annexed, the legislative body of an unincorporated territory may agree in writing upon the terms and conditions of annexation, which agreement may contain, among other things, provisions as set forth in Sections 90934 and 90935.

Article 2. Approval by District

90950. The board shall by ordinance setting forth the terms and conditions at length declare its intention of causing the agreement to be approved by the district.

90951. The ordinance together with a notice fixing the time and place for hearing thereon shall be published in the district pursuant to Section 6061 of the Government Code. A copy of the ordinance shall be filed with the secretary of the district. The time fixed for hearing shall not be less than 30 nor more than 60 days from the date of the publication of the ordinance.

90952. At the hearing any person interested may file with the board written objections to the approval of the terms and conditions.

90953. Upon the hearing, the board shall determine whether or not the terms and conditions will be approved and shall hear and determine all objections thereto Failure of any person interested in the district or in the matter of the proposed annexation on the terms and conditions set forth in the ordinance to show cause in writing pursuant to Section 90952 constitutes an assent on his part to a change in the boundaries of the district upon the terms and conditions set forth.

90954. If no protests are filed or the protests filed are overruled and denied by the board, the board shall by resolution finally approve the terms and conditions and proceed with the annexation in the manner provided in this chapter.

90955. If protests against the proposed annexation are sustained, all proceedings shall be dismissed and no proceedings shall be undertaken again concerning the territory or any part thereof until after the expiration of one year.

Article 3. Approval by Unincorporated Territory

90970. Within 90 days after the board has finally approved the terms and conditions of annexation, the board shall cause an election to be held in the territory proposed to be annexed

to determine whether the territory shall be annexed to the district upon the terms and conditions stated in the ordinance.

90971. Notice of election shall be published and shall either state that a copy of the ordinance containing the terms and conditions of annexation at length is on file in the office of the secretary of the district, and open to the inspection of all persons interested, or set forth the terms and conditions of annexation at length, in the discretion of the board.

90972. The ballots for the election shall contain substantially the instructions required to be printed on ballots for use at general state and county elections and in addition shall set forth the proposition of annexation substantially as follows:

Shall the territory described in the petition filed with the Secretary of the San Diego County Transit District on the ___ day of _____ be annexed to the San Diego County Transit District in accordance with and subject to all of the terms and conditions set forth in that certain ordinance passed by the board of directors of the San Diego County Transit District on the ___ day of _____ a copy of which is now on file in the office of the Secretary of the San Diego County Transit District?	YES	
	NO	

90972.5. In the event that no unincorporated territory shall have been included in the original formation of the district, an election shall be held concurrent with the first annexation election of unincorporated territory for the purpose of selecting one board member for the district in the event the annexation is successful.

90973. If upon a canvass of the election it is found that a majority of all votes cast on the proposition at the election were cast in favor of the annexation, the proposition and all of the terms and conditions set forth in the ordinance shall be deemed carried and approved by the voters.

90974. If the proposition fails to carry, the result shall be entered upon the minutes of the board.

90975. If the proposition is defeated by the voters, no annexation proceeding shall be commenced involving the territory or any part thereof until after the expiration of one year.

Article 4. Establishment of Annexation

90990. In the event the proposition receives the vote of the requisite majority of voters, the board shall pass a resolution declaring the territory annexed to the district, and shall cause a certified copy of the resolution to be filed with the Secretary of State, from and after the date of which filing

with the Secretary of State the annexation of the territory to the district is complete.

Article 5. Annexation Without Election

91010. Unincorporated territory may be annexed to a district without an election in the manner provided in this article.

91011. A petition describing the territory proposed to be annexed and requesting that proceedings be taken for its annexation shall be signed by all of the owners of the real property described therein, verified by the affidavit of one of the petitioners, addressed to the board, and filed with the secretary of the district. If a portion of the territory consists of public highways, streets, roads or paths, it shall not be necessary to secure the signatures to the petition of the owners only of the real property occupied by such public highways, streets, roads or paths.

91012. Proceedings shall thereafter be taken and a hearing held in substantial compliance with the provisions of this chapter relating to the annexation of unincorporated territory except that no election shall be held within the territory proposed to be annexed and the territory shall be deemed annexed to the district upon the passage of a resolution of the board declaring the territory annexed and the filing of a certified copy thereof with the Secretary of State.

Article 6. Effect of Annexation

91020. From and after the date of annexation, the board shall levy upon all of the property in the territory annexed, such taxes, tolls, or charges as are necessary to provide funds for the payment of the indebtedness assumed by the territory or otherwise necessary to comply with the terms and conditions of the annexation, all in addition to the general district taxes authorized elsewhere in this act to be levied and collected.

Article 7. Contest of Annexation

91040. The validity of any proceedings for the annexation of any unincorporated territory to any district shall not be contested in any action unless the action is brought within three months after the completion of the proceedings.

Chapter 10. Dissolution

92000. If the district operates no transit facilities, or its exterior boundaries become coincident with the boundaries of a single city, the board may call an election at any time for the purpose of submitting to the voters of the district the question of whether the district will be dissolved. Upon the filing with the secretary of such a district of a petition signed by voters within the district equal in number to at least twenty-

five percent (25%) of the total vote cast, asking that the question of dissolution of the district be submitted to the voters of the district, the board shall call such an election.

92001. The election for the purpose of submitting to the voters of the district the question of whether or not the district shall be dissolved shall be held within 60 days next succeeding the date on which the petition is filed.

92002. Notice of any election for dissolution, whether called because of the filing of a petition or ordered by the board without petition, shall be published. The date fixed for the election shall not be less than 30 days from the date of the first publication of the notice.

92003. The ballots for the election shall contain substantially the instructions required to be printed on ballots for use at general state and county elections and in addition the following:

Shall the San Diego County Transit District be dissolved?	YES	
	NO	

92004. No other notice of the election other than that provided for in this chapter need be given and no sample ballots need be sent to the voters.

92005. If upon a canvass of the election, it is found that a majority of all votes cast on the proposition at the election were in favor of the dissolution, the dissolution shall be deemed carried and approved by the voters. The board shall meet on Monday next succeeding the election and canvass the votes cast.

92006. Upon dissolution of any district which has boundaries that are coincident with the corporate limits of a city, the district property wherever situated vests absolutely in the city, and upon the dissolution of any district operating no transit facilities and which has boundaries that extend beyond the boundaries of a single city the property of the district wherever situated vests in the county in which the whole or greater portion of the district is situated.

92007. If at the time of dissolution, there is any outstanding indebtedness of the district the legislative authority of the city, where the limits of the district lie wholly within the corporate limits of a city, and in all other cases, the board of supervisors of the county in which the whole or greater portion of the district is situated are ex officio the board of directors of the district for the purpose only of the levy and collection of taxes for the payment of the indebtedness of the district existing at the time of dissolution and the interest thereon. The board or legislative authority shall levy the taxes and perform such other acts as are necessary to raise the money necessary for the payment of the indebtedness and the interest thereon.

92008. In the event that the proposition for dissolution fails to carry, no subsequent election for the dissolution of the district shall be called until after the expiration of one year from the date of the prior election.

CHAPTER 2040

An act to add Section 15417 to the Elections Code, relating to recount of ballots.

[Approved by Governor July 17, 1965. Filed with Secretary of State July 23, 1965.]

The people of the State of California do enact as follows:

SECTION 1. Section 15417 is added to the Elections Code, to read:

15417. Notwithstanding any other provision of law in any election in which devices provided for by this chapter are used, recounts of the ballots so tabulated shall be accomplished in any or all of the ways provided herein.

(a) Within 15 days after every such election, the county clerk, chief elections officer or other officer conducting the election shall conduct a public manual recount of the ballots tabulated by such devices cast in one percent (1%) of the precincts. In such case, however, the recount shall be conducted in not less than six precincts or if the total number of precincts is less than six, then the recount shall be conducted in all the precincts.

(b) When requested by the board of supervisors or the grand jury, the district attorney may petition the superior court for an order directing a public recount to be made of such ballots in such precincts in the county as it designates for any election occurring not over 25 days before such request. Such request and petition shall be made only on one or more of the following grounds, and such order may be issued only with a finding that there is probable cause to believe that one or more of the grounds exist:

(1) Misconduct by anyone sufficient to make it likely that the result of the election was affected as to the successful candidates or propositions or tie holders, including any of the conduct specified in Section 20021;

(2) Errors or failures, whether electronic, mechanical or otherwise, in the safekeeping, handling, tallying, counting, recording, or certification of the ballots or votes cast, sufficient to make it likely that the result of the election was affected as to the successful candidates or propositions or tie holders, or sufficient to cast substantial doubt on the substantial accuracy of the results without regard to affecting any result.

The petition shall be set for hearing and may be opposed by any interested party.

(c) The court may order such further recounts as it may deem proper based on the results of the recounts provided for in subdivisions (a) and (b); and shall declare the results of all such recounts; and shall determine and order corrected the results of any election affected by any recount.

(d) The court may order payment of the costs of any such recount in whole or in just proportion by any person or any public agency, or both, who petition for a recount. In the case of public agencies the costs shall be provided for and paid pursuant to Section 15416.

CHAPTER 2041

An act to amend Section 3501 of the Government Code and to add Article 5 (commencing with Section 13080) to Chapter 1 of Division 10 of Part 2 of the Education Code, relating to public school employee organizations.

[Approved by Governor July 17, 1965 Filed with Secretary of State July 23, 1965]

The people of the State of California do enact as follows:

SECTION 1. Section 3501 of the Government Code is amended to read:

3501. As used in this chapter:

(a) "Employee organization" means any organization which includes employees of a public agency and which has as one of its primary purposes representing such employees in their relations with that public agency.

(b) Except as otherwise provided in this subdivision, "public agency" means the State of California, every governmental subdivision, every district, every public and quasi-public corporation, every public agency and public service corporation and every town, city, county, city and county and municipal corporation, whether incorporated or not and whether chartered or not. As used in this chapter, "public agency" does not mean a school district or a county board of education or a county superintendent of schools or a personnel commission in a school district having a merit system as provided in Chapter 3 (commencing with Section 13580) of Division 10 of the Education Code.

(c) "Public employee" means any person employed by any public agency excepting those persons elected by popular vote or appointed to office by the Governor of this state.

SEC. 2. Article 5 (commencing with Section 13080) is added to Chapter 1 of Division 10 of Part 2 of the Education Code, to read:

Article 5. Employee Organizations

13080. It is the purpose of this article to promote the improvement of personnel management and employer-employee relations within the public school systems in the State of Cali-

fornia by providing a uniform basis for recognizing the right of public school employees to join organizations of their own choice and be represented by such organizations in their professional and employment relationships with public school employers and to afford certificated employees a voice in the formulation of educational policy. Nothing contained herein shall be deemed to supersede other provisions of this code and the rules and regulations of public school employers which establish and regulate tenure or a merit or civil service system or which provide for other methods of administering employer-employee relations. This article is intended, instead, to strengthen tenure, merit, civil service and other methods of administering employer-employee relations through the establishment of uniform and orderly methods of communication between employees and the public school employers by which they are employed.

13081. As used in this article:

(a) "Employee organization" means any organization which includes employees of a public school employer and which has as one of its primary purposes representing such employees in their relations with that public school employer.

(b) "Public school employer" means a school district, a county board of education, a county superintendent of schools, or a personnel commission of a school district which has a merit system as provided in Chapter 3 of this division.

(c) "Public school employee" means any person employed by any public school employer excepting those persons elected by popular vote or appointed by the Governor of this state.

13082. Except as otherwise provided by the Legislature, public school employees shall have the right to form, join and participate in the activities of employee organizations of their own choosing for the purpose of representation on all matters of employer-employee relations. Public school employees shall also have the right to refuse to join or participate in the activities of employee organizations and shall have the right to represent themselves individually in their employment relations with the public school employer.

13083. Employee organizations shall have the right to represent their members in their employment relations with public school employers. Employee organizations may establish reasonable restrictions regarding who may join and may make reasonable provisions for the dismissal of individuals from membership. Nothing in this section shall prohibit any employee from appearing in his own behalf in his employment relations with the public school employer.

13084. The scope of representation shall include all matters relating to employment conditions and employer-employee relations, including, but not limited to wages, hours and other terms and conditions of employment.

13085. A public school employer or the governing board thereof, or such administrative officer as it may designate, shall meet and confer with representatives of employee organi-

zations upon request with regard to all matters relating to employment conditions and employer-employee relations, and in addition, shall meet and confer with representatives of employee organizations representing certificated employees upon request with regard to all matters relating to the definition of educational objectives, the determination of the content of courses and curricula, the selection of textbooks, and other aspects of the instructional program to the extent such matters are within the discretion of the public school employer or governing board under the law. The designation of an administrative officer as provided herein shall not preclude an employee organization from meeting with, appearing before, or making proposals to the public school employer at a public meeting if the employee organization requests such a public meeting.

Notwithstanding the provisions of Sections 13082 and 13083, in the event there is more than one employee organization representing certificated employees, the public school employer or governing board thereof shall meet and confer with the representatives of such employee organizations through a negotiating council with regard to the matters specified in this section, provided that nothing herein shall prohibit any employee from appearing in his own behalf in his employment relations with the public school employer. The negotiating council shall have not more than nine nor less than five members and shall be composed of representatives of those employee organizations who are entitled to representation on the negotiating council. An employee organization representing certificated employees shall be entitled to appoint such number of members of the negotiating council as bears as nearly as practicable the same ratio to the total number of members of the negotiating council as the number of members of the employee organization bears to the total number of certificated employees of the public school employer who are members of employee organizations representing certificated employees. Each employee organization shall adopt procedures for selecting its proportionate share of members of the negotiating council, provided that such members shall be selected no later than October 31 of each school year. Within 10 days after October 31, the members of the negotiating council shall meet and select a chairman, and thereafter such negotiating council shall be legally constituted to meet and confer as provided for by the provisions of this article. Employee organizations shall exercise the rights given by Section 13083 through the negotiating council provided for in this section.

13086. Public school employers and employee organizations shall not interfere with, intimidate, restrain, coerce or discriminate against public school employees because of their exercise of their rights under Section 13082.

13087. A public school employer shall adopt reasonable rules and regulations for the administration of employer-employee relations under this article.

Such rules and regulations shall include provision for verifying the number of certificated employees of the public school employer who are members in good standing of an employee organization on the date of such verification, and where a negotiating council is required by Section 13085, for the size of the negotiating council. The public school employer may require an employee organization to submit any supplementary information or data considered by the public school employer to be necessary to the verification of the number of members in an employee organization and such information or data shall be submitted by the organization within 10 days after request, provided that membership lists, if requested, shall not be used as a means of violating Section 13086. In addition, such rules may include provisions for (a) verifying the official status of employee organization officers and representatives, (b) access of employee organization officers and representatives to work locations, (c) use of official bulletin boards and other means of communication by employee organizations, (d) furnishing complete and accurate nonconfidential information pertaining to employment relations to employee organizations and (e) such other matters as are necessary to carry out the purposes of this article.

13088. The enactment of this article shall not be construed as making the provisions of Section 923 of the Labor Code applicable to public school employees.

CHAPTER 2042

An act to amend Sections 23755 and 23756 of the Education Code, relating to tuition, declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 17, 1965. Filed with Secretary of State July 23, 1965.]

The people of the State of California do enact as follows:

SECTION 1. Section 23755 of the Education Code is amended to read:

23755. Any unmarried minor whose parent is in the active military service of the United States of America and is stationed in this state on the opening day of the semester during which the person proposes to attend the state college shall, for the purposes of Sections 23604 to 23607, inclusive, Sections 23751 to 23803, inclusive, Sections 24051 to 24104, inclusive, Sections 24451 to 24455, inclusive, and Sections 24581, 24582, and 24601, be deemed to be a resident of this state for such semester. Any admission fee or rate of tuition required of such person shall not exceed the amount required of a resident student enrolled in the same course as such person.

SEC. 2. Section 23756 of said code is amended to read:

23756. "A resident student" means any person who has been a bona fide resident of the state for more than one year immediately preceding the opening day of a semester during which he proposes to attend the state college.

The residence of each student shall be determined in accordance with the rules for determining residence prescribed by Sections 243 and 244 of the Government Code. The residence of an unmarried minor who has a parent living cannot be changed by either his own act or that of his guardian, except that:

(a) Where immediately prior to enrolling in any California institution of higher learning the minor child has lived with and been in the continuous direct care and control of any person or persons other than a parent for a period of not less than two years, the residence of the minor child is the residence of the person, or persons having such care and control after the expiration of that two years. As used in this subdivision, "California institution of higher learning" means any public or private university, college, or junior college in the state.

(b) Any person who qualifies for residence status under subdivision (a) of this section or under Sections 243 and 244 of the Government Code shall not lose such residence status by virtue of his marriage to a nonresident who lives in California nor shall such person be required to reestablish residency upon reaching his or her majority.

(c) Any minor child, a citizen of the United States, or any alien, who is a minor child, who has been lawfully admitted to the United States for permanent residence in accordance with all applicable provisions of the laws of the United States, who for a period of more than one year immediately preceding the opening day of a semester during which he proposes to attend the state college has lived with his mother, who is living apart from his father, and has been for a period of more than one year immediately preceding the opening day of the semester present in the state with the intention of making her permanent home therein, is a resident student.

(d) Any person whose residence is derived from a parent and who loses California residence by reason of a change of residence by such parent, shall be considered a resident student for tuition purposes for a period of one year following such change of residence by his parent, provided that such parent was a bona fide resident of California for at least one year immediately preceding such change of residence from California.

(e) Any minor child who has been a bona fide resident of the state for more than 10 years immediately preceding the opening day of a semester during which he proposes to attend the state college shall be deemed a "resident student" notwithstanding the place of abode or residence of either living parent or guardian of the minor child. Except as otherwise

provided in this subdivision, the residence of the minor child shall be determined in accordance with the rules for determining residence prescribed by Sections 243 and 244 of the Government Code.

SEC. 3. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Since the opening date of the 1965 fall semester of the state colleges precedes the date upon which legislation enacted at the 1965 Regular Session of the Legislature would normally take effect, and since the governing statutes generally determine residency as of the semester's opening date, it is necessary for this act to take effect immediately so that the students affected thereby may be governed by its provisions during the 1965 fall semester.

CHAPTER 2043

SEC. 2. Division 1 (commencing with Section 56000) is added to Title 6 of said code, to read:

DIVISION 1. DISTRICT REORGANIZATION ACT OF 1965

PART 1. GENERAL

CHAPTER 1. INTRODUCTORY PROVISIONS

56000. This division may be cited as the District Reorganization Act of 1965.

56001. This division shall provide the sole and exclusive authority and procedure for the initiation, conduct and completion of changes of organization and reorganization. On and after the effective date of this division, all changes of organization and reorganizations shall be initiated, conducted and completed in accordance with and as provided in this division.

56002. Notwithstanding Section 56001, this division shall not apply to any proceeding for a change of organization which shall be pending on the effective date of this division. Any such pending proceedings may be continued and completed under and in accordance with any provisions of law other than this division. The repeals, amendments and additions made by the act enacting this division shall not apply to any such pending proceedings and the laws existing prior to the effective date of such act shall continue in full force and effect, as applied to any such pending proceedings.

56003. Within the meaning of Section 56002, a proceeding for a change of organization shall be deemed pending on the effective date of this division if prior thereto such proceedings shall have been initiated, in accordance with the provisions of the principal act, by the filing of a sufficient petition request-

ing a change of organization or the adoption by a legislative body of an ordinance, resolution or order initiating proceedings for a change of organization.

56003.1. This division shall not apply to the incorporation of cities, the annexation or detachment of territory to or from cities, minor changes of city boundaries or the consolidation or dissolution of cities.

56003.2. If any fire protection district or fire district shall be organized under Part 2.7 (commencing with Section 13801) of Division 12 of the Health and Safety Code, Chapter 1 (commencing with Section 14001) of Part 3, said Division 12, Chapter 2 (commencing with Section 14400) of Part 3, said Division 12, or Chapter 3 (commencing with Section 14600) of Part 3, said Division 12, the foregoing laws shall provide an additional and alternative authority and procedure for the initiation, conduct and completion of annexations or detachments of territory to or from any such district or for the dissolution thereof. When a proceeding for an annexation, detachment or dissolution is made pursuant to any of the foregoing laws, only the provisions of such laws shall be applicable to the initiation, conduct and completion of such proceedings, and this division shall not apply thereto.

56004. It shall not be necessary for the principal act of any district to adopt or incorporate this division by reference and any change of organization or reorganization provided for by this division is authorized to be made by or with respect to any district. Except as otherwise provided in this division, in any change of organization or reorganization the principal act shall govern as to any provisions therein pertaining to boundaries, to contiguity or noncontiguity of territory, to the incorporated or unincorporated status of territory and to the overlapping of territory of a district with the territory of another district or city. Unless otherwise provided by the principal act, any territory annexed to a district shall be contiguous thereto and shall not be a part of another district formed under the same principal act without the consent of such other district.

56005. Where the principal act of any parent district provides that the boundaries of the parent district shall be automatically or concurrently changed to conform to a change in the boundaries of a member district, the boundaries of said parent district shall be deemed to be automatically or concurrently changed, in accordance with the provisions of the principal acts of any such parent district, upon completion of a change of organization or a reorganization changing the boundaries of said member district.

56006. This division shall be liberally construed to effectuate its purposes. No change of organization or reorganization ordered under this division shall be invalidated by any defect, error, irregularity or omission in any act, determination or procedure which does not adversely and substantially affect the rights of any person, city, county, district, the state or any agency or subdivision of the state. All determinations made by

a commission or by any legislative body under and pursuant to the provisions of this division shall be final and conclusive in the absence of fraud or prejudicial abuse of discretion. In any action or proceeding to review any quasi-judicial determination made by a commission or by a legislative body the sole inquiry shall be whether there was fraud or prejudicial abuse of discretion. Prejudicial abuse of discretion shall be established if the court finds that any determination of a commission or a legislative body was not supported by substantial evidence in light of the whole record.

56007. Any protest or objection pertaining to the regularity or sufficiency of any proceedings or preliminary proceedings must be in writing, clearly specify the defect, error, irregularity or omission to which protest or objection is made and must be filed within the time and in the manner provided by this division. Any such protest or objection not so made and filed shall be deemed voluntarily waived.

56008. An action to determine the validity of a change of organization or a reorganization may be brought pursuant to Chapter 9 (commencing at Section 860) of Title 10, Part 2 of the Code of Civil Procedure.

56009. For the purpose of any action to determine or contest the validity of any change of organization or reorganization, such change of organization or reorganization shall be deemed to be completed and in existence upon the date of filing with the Secretary of State of the certificate of completion.

56010. No change of organization or reorganization, or any term or condition thereof, shall impair the rights of any bondholder or other creditor of any city or district. Notwithstanding any provision of this division, or of any change of organization or reorganization, or any term or condition thereof, each and every bondholder or other creditor may enforce all his rights in the same manner and to the same extent as if such change of organization, reorganization, term or condition had not been made. Any such rights may also be enforced against agencies, and their respective officers, as follows:

(a) Annexation or detachment: against the district to or from which territory is annexed or detached.

(b) Dissolution: against the successor city, county or district or against any city, county or district receiving distribution of all or any part of the remaining assets of a dissolved district.

(c) Consolidation: against the consolidated district.

(d) Merger: against the city.

(e) Establishment of a subsidiary district: against the district and the city council as ex officio the board of directors of such district.

(f) Reorganization: against the city, county or district, as the case may be, for any of the above enumerated changes of organization which may be included in the particular reorganization.

56010.1. The provisions of Section 56470, and any term and condition provided or made pursuant thereto, shall be enforceable by, between, among and against any public agency or agencies designated in any such term and condition, but shall not constitute or be given effect as a limitation upon the power of any bondholder or other creditor to enforce his rights (particularly any rights provided for by Articles 2 (commencing with Section 56480) to 7 (commencing with Section 56550), inclusive, of Chapter 9, Part 5 of this division), as if said Section 56470 had not been enacted or said term and condition had not been made or provided pursuant thereto.

56011. If any provision of this division, or the application thereof in any circumstance or to any person, city, county, district, the state, or any agency or subdivision of the state, is held invalid, the remainder of this division or the application thereof in other circumstances or to other persons, cities, counties, districts, the state, or any agencies or subdivisions of the state shall not be affected thereby.

56012. If a proposed change of organization or a reorganization shall apply to two or more affected counties, for the purpose of this division, exclusive jurisdiction shall be vested in the officers of the principal county. Any notices, proceedings, orders or any other acts authorized or required to be given, taken or made by the commission, board of supervisors, clerk of a county or any other officer of a county, shall be given, taken or made by the persons holding such offices in the principal county. Any officer of a county other than the principal county shall cooperate with the officers of the principal county and shall furnish the officers of the principal county with such certificates, records or certified copies of records as may be necessary to enable the officers of the principal county to comply with this division.

56013. If any reorganization shall provide for the formation of any new district or districts, such district or districts shall be deemed to have been formed upon compliance with the procedure and provisions of this division relating to reorganization If the terms and conditions of any change of organization or reorganization provide for the formation of an improvement district or for the annexation or detachment of territory to or from an existing improvement district, such formation, annexation or detachment shall be deemed to have been completed upon compliance with the procedure and provisions of this division relating to change of organization or reorganization. No further or separate proceedings need be taken for the formation of any such district or improvement district or for the annexation or detachment of territory to or from the existing improvement district. To that extent only, the provisions of this division shall govern and provide the exclusive procedure for the formation of any such new districts or improvement districts or for the annexation or detachment of territory to or from existing improvement districts and the provisions of the principal act relating to the

formation of such districts or improvement districts or for the annexation or detachment of territory to or from existing improvement districts shall have no application thereto.

56014. Upon request by the executive officer or the clerk of any county or district, the assessor of any city, county or district shall furnish estimated assessed valuations, determined by the same methods and valuations used in preparing the last equalized assessment roll, in the following cases:

(a) Where real property is owned by a public agency and no assessed value for such real property is shown on said roll;

(b) Where a single assessment parcel shown on the last equalized assessment roll:

(1) Has been split into two or more parcels by reason of the sale or conveyance of any portion of the original assessment parcel, or

(2) Overlaps two or more counties, cities, districts, or election precincts, or any combination thereof.

Any such estimates shall be conclusively presumed to be assessed values for the purpose of this division but shall be given no force or effect for other purposes.

56015. If the legislative body of any of the districts, agencies or authorities enumerated in subdivision (m) of Section 56039 desires a determination by the commission that such district, agency or authority is not a "district" within the meaning of this division, such legislative body, prior to the adoption of any ordinance, resolution or order proposing, declaring an intention or initiating proceedings to make a change of organization, shall make application to the commission of the principal county describing the proposed change of organization and requesting such a determination. Any such application shall be filed with the executive officer and shall be presented to the commission not later than its next regular meeting. The executive officer shall give the legislative body filing any such application mailed notice of the time and place at which such application will be presented to the commission. No other notice is required to be given, provided, that the commission, prior to making its findings and determinations, may order the executive officer to give notice of the filing and presentation of such application by publication or by mailing to other affected counties, cities and districts, or by both.

56016. Upon presentation of any application filed pursuant to Section 56015, the commission shall determine that the applicant district, agency or authority is not a "district," if the commission shall find that such applicant is not engaged:

(a) In the distribution and sale for any purpose, other than for the purpose of resale, of water or of gas or electricity for light, heat or power;

(b) In furnishing sanitary sewer service or garbage and refuse collection service to the ultimate users thereof;

(c) In providing fire or police protection; or

(d) In the acquisition, construction, maintenance, lighting or operation of streets and highways, street and highway im-

provements or park and recreation facilities, except as an incident to the exercise of other lawful powers of the applicant.

"Ultimate user" means any user or consumer other than the state, the United States, a city, a county or a district, any agency, department or office of any thereof, or a public utility.

If the commission shall determine that any applicant district, agency or authority enumerated in subdivision (m) of Section 56039 is not a "district," then none of the provisions of this division shall apply to the change of organization described in the application and proceedings for such change of organization shall be taken under and pursuant to the principal act. If no application is made to the commission, or if the commission in passing upon an application fails to determine that the applicant is not a "district," then this division shall provide the sole and exclusive authority for the initiation, conduct and completion for a change of organization by any such district, agency or authority and, to the extent of any inconsistency between the provisions of this division and those of the principal act of the applicant, the provisions of this division shall control.

56017. Where a public utility has been granted a certificate of public convenience and necessity authorizing and requiring it to furnish gas or electric service within a certain service area and, as a result of a change of organization or reorganization, territory consisting of all or any part of such service area becomes a part of or is formed into a district authorized by its principal act to furnish gas or electric service, said district shall not furnish any such service within said territory except upon approval thereof (i) by the commission after receipt and consideration of the report of the Public Utilities Commission, made as provided in Section 56019 and (ii) by the voters within such territory, given as provided in Section 56018. If both such approvals shall be given, upon assumption of service by the district the public utility may at any time thereafter withdraw service within said territory, unless otherwise ordered by the Public Utilities Commission. As used in Sections 56017 to 56019, inclusive, "gas or electric service" means the distribution and sale for any purpose, other than for the purpose of resale, of gas or electricity for light, heat or power.

56018. Voter approval within said territory, as required by Section 56017, shall be given at an election. The question submitted at any such election shall identify the district, designate the kind of service to be furnished, identify the territory within which such service is proposed to be furnished, and state the name of the public utility presently authorized to furnish such service within said territory.

The district shall not furnish such service within said territory unless the question of furnishing such service shall have been submitted to the voters at an election called, held and conducted within such territory and a majority of the votes cast upon such question are in favor of such service. The board of

supervisors or the legislative body of the conducting district may submit such question at the election called upon the question of confirmation of an order of change of organization or reorganization, or the board of directors of the district may submit the question of such service at a special election called after completion of the proceedings for such change of organization or reorganization. The question of such service shall be submitted as a separate proposition at any election within such territory and shall be voted upon only by qualified voters within said territory. If such question shall be defeated at any such election, for one year thereafter no petition requesting such service may be filed and no new election called upon such question.

56019. The executive officer shall file with the Public Utilities Commission a certified copy of any proposal for a change of organization or a reorganization which provides, as a part thereof, that gas or electric service be furnished by a district within any of the territory affected by such proposed change of organization or reorganization; said certified copy need not contain any signatures where the proposal is by petition. After any such change of organization or reorganization shall have been ordered, the clerk of the district shall file with the Public Utilities Commission a certified copy of any ordinance, resolution or order made by the board of directors of a district proposing to furnish gas or electric service within such territory.

After any such filing, the Public Utilities Commission shall cause an investigation to be made and may conduct such hearings in connection therewith as it considers desirable. Upon completion thereof and not later than 90 days after the date of such filing, the Public Utilities Commission shall make a report to the commission stating whether, in the opinion of the Public Utilities Commission, the proposed service by the district within said territory will substantially impair the ability of the public utility to provide adequate service at reasonable rates within the remainder of the service area of such public utility.

The secretary of the Public Utilities Commission shall immediately file a certified copy of such report with the executive officer.

(2) In the case of the district, each person entitled to vote as a result of residing or owning land within the district shall be entitled to the number of district ballots and votes authorized by the principal act of such district.

Where elections are called both within the district and the territory of the city outside the boundaries of the district, separate forms of city and district ballots, printed on different colors of paper, shall be provided. Such city and district ballots shall be separately canvassed.

56115. Where a special election is called upon the question of confirming an order of reorganization, each person entitled to vote as a result of residing or owning land within the terri-

tory within which said election is called shall be entitled to ballots and votes as follows:

(a) Each such person who qualifies only as a resident-voter of any city or resident-voter district, regardless of the number thereof, shall be entitled to one ballot and one vote;

(b) Each such person who qualifies only as a landowner-voter of any subject district, regardless of the number thereof, shall be entitled to the number of ballots and votes authorized by the principal act for one such district; if there be more than one such district, such person upon declaration made to the precinct or election officers shall be furnished with a ballot or ballots for the particular district designated by such person;

Any person entitled to vote at said election as a result of residing or owning land within such major district (including all overlapping territory of any minor district) shall be furnished with a ballot of the color provided for the major district; such ballot, after marking, shall be placed in the ballot box for the major district and, upon canvass, shall be counted as a vote cast within the major district. All other persons entitled to vote at said election shall be furnished with a ballot of the color provided for a minor district or districts; such ballots, after marking shall be placed in the ballot box for the minor district or districts and, upon canvass, shall be counted as votes cast within such minor district or districts.

56117. Where a special election has been called upon the question of confirming an order of reorganization, a landowner-voter shall be given two ballots or sets of ballots when all of the following conditions exist: (i) the result of such election is to be determined by the respective votes cast within a major district and the combined votes cast within all minor districts, (ii) where the territory of a landowner-voter district overlaps the territory of a city or resident-voter district, and (iii) where, pursuant to subdivision (c) of Section 56115 a person has elected to vote as a landowner-voter and is entitled to vote with respect to lands located both inside and outside such overlapping territory.

One ballot or set of ballots shall represent only those votes which the landowner-voter is entitled to cast by reason of owning land located inside the overlapping territory; any such ballots, after marking, shall be placed in the ballot box

for the major district. A second ballot or set of ballots shall represent only those votes which the landowner-voter is entitled to cast by reason of owning land located outside the overlapping territory; any such ballots, after marking, shall be placed in a separate ballot box for the minor districts.

56118. In any special election or elections called upon the question of confirmation of an order for merger or the establishment of a subsidiary district or for a reorganization, where the results of such election or elections must be determined from votes of both landowner-voters and registered voters, the votes of such landowner-voters shall be computed and equated with the votes of said registered voters in the following manner:

First, the per capita assessed value of land for each registered voter within the county within which said elections are held shall be determined to the nearest even dollar by dividing the total assessed value of land within such county, as shown on the last equalized assessment roll of such county, by the total number of voters who were registered in such county at the close of registration, as provided in the Elections Code, next preceding the date of such election. If any landowner-voter district shall be located in more than one county, the per capita assessed value for each county shall be multiplied by a percentage, to the nearest one-tenth of 1 percent, such percentage being determined by dividing the total area of the district into the area of those portions of the district located within that county; the resulting products of such multiplications shall then be added and the total, to the nearest even dollar, shall be deemed to be the per capita assessed value for all such counties.

Second, if any such landowner-voter district does not use the county assessment roll for the purposes of levying and collecting district assessments or taxes, the per capita assessed value of land for each registered voter within the county shall be corrected by multiplying such per capita assessed value by a correction factor determined as follows: The total assessed valuation of all lands within the district, as the same is shown upon the last equalized assessment roll or book of the district, shall be divided by the corresponding total assessed valuation of all lands within the district, as the same is shown upon the last equalized assessment roll of the county, and the quotient, expressed to the nearest of two decimal places, shall represent the correction factor. If any landowner-voter district shall be located in more than one county, a correction factor shall be determined, in the manner above provided, for each such county covering all those portions of the district which shall be located therein; the correction factor for each county shall then be multiplied by a percentage, to the nearest one-tenth of 1 percent, such percentage being determined by dividing the total area of the district into the area of those portions of the district located within that county; the resulting products of such multiplications shall then be added and the total, to the

nearest of two decimal places, shall be deemed to be the correction factor for all such counties.

Third, such corrected per capita assessed value, determined to the nearest even dollar, shall then be adjusted by dividing it by the number of dollars required for a single vote by a landowner-voter, as specified in the principal act determining such landowner-voter's right to vote.

Fourth, the total numbers of votes cast by landowner-voters for and against the question shall be divided by said corrected and adjusted per capita assessed value and the quotients, to the nearest whole figures, shall be deemed to be the number of votes of landowner-voters which shall be equated with the votes of the registered voters of any city or resident-voter district, cast for and against said question.

Said deposit shall be made within such period as the commission may specify. No further action shall

be taken upon any such application or petition until said processing fee is so deposited.

No new proposal for the same or substantially the same change of organization or plan of reorganization for the same district or districts may be filed with the commission within one year after the date of such disapproval.

56274. If a proposal or plan of reorganization is approved by the commission, with or without amendment, wholly, partially or conditionally, it shall be mandatory for the board of directors of the conducting district or the board of supervisors, as the case may be, to take proceedings for the change of organization or reorganization in accordance with Part 5 (commencing with Section 56290) hereof, subject to compliance with the commission's resolution making determinations.

56275. If any legislative body conducting a proceeding for a change of organization or reorganization shall desire any addition, deletion, amendment or revision of any commission resolution making determinations or any term, condition or other provision contained therein, such legislative body may file written application therefor with the executive officer who shall present the same to the commission at its next meeting. The commission, in its discretion, may either (i) without further notice and hearing, deny or approve such application, in whole or in part, or (ii) provide for notice and hearing upon said application, in the same manner as for the original proposal, prior to denying or approving the same.

56276. If pursuant to application therefor, the commission shall approve any addition, deletion, amendment or revision of its resolution making determinations, further proceedings for the change of organization or reorganization shall be taken in compliance therewith. Any provision of this division requiring compliance with the commission's resolution making determinations shall be deemed to include any addition, deletion, amendment or revision made thereto.

PART 5. PROCEEDINGS FOR CHANGE OF ORGANIZATION AND REORGANIZATION

CHAPTER 1. GENERAL

56290. After completion of preliminary proceedings, as provided in Part 4 (commencing with Section 56250), proceedings for a change of organization or a reorganization shall be taken pursuant to this part.

56291. A district whose boundaries would be changed as a result of a proposed annexation, detachment or minor boundary change shall be the conducting district and proceedings for any such annexation, detachment or minor boundary change shall be taken by the board of directors of such district. The board of supervisors of the principal county shall take proceedings for all other changes of organization and any reorganization, including a reorganization providing, among other things, for any annexation, detachment or minor boundary changes.

56292. Following receipt of a copy of the commission's resolution making determinations, the clerk of the county or of the conducting district, as the case may be, shall present such resolution to the board of supervisors or to the board of directors of such district. Not later than 30 days after the date of adoption of said commission's resolution, the legislative body of the county or a conducting district, shall adopt a resolution initiating proceedings in compliance with said commission's resolution.

56293. After the expiration of 30 days from the date of adoption of the commission's resolution making determinations, the commission may by resolution certify to the board of supervisors of the principal county:

(a) That the executive officer was unable to effect mailing or delivery of a certified copy of the commission's resolution making determinations to any conducting district by reason of:

(1) The failure of the board of directors of a conducting district to make the filing required by Section 53051; or

(2) The return, undelivered, of such certified copy after having been mailed to the clerk of a conducting district at the address specified in the filing required by Section 53051; or

(b) That the board of directors of a conducting district has failed or refused to initiate proceedings for the change of organization in compliance with the commission's resolution making determinations.

56294. At any time after the adoption of a resolution of certification pursuant to Section 56293, the board of supervisors may assume jurisdiction to initiate, conduct and complete any proceedings for the change of organization referred to in

such resolution. Upon the assumption of such jurisdiction, said board of supervisors and the clerk and other officers of the county shall have exclusive jurisdiction with respect to and may exercise all powers and duties vested by this part in the board of directors of a conducting district and the clerk or other officers of such district. Any jurisdiction assumed and exercised by the board of supervisors and the clerk or other officers of the county pursuant to this section shall be given the same force and effect as if taken by the board of directors, if any, of a conducting district and the clerk or officers thereof.

CHAPTER 2. ANNEXATIONS AND DETACHMENTS

56310. Except as otherwise provided in Section 56322, the board of directors of the conducting district shall adopt a resolution initiating proceedings for an annexation or detachment which resolution shall comply with the commission's resolution making determinations and shall:

(a) Indicate the manner in which and by whom preliminary proceedings were commenced (reference to the chief petitioners, if any, shall be sufficient where preliminary proceedings were commenced by a petition).

(b) State the distinctive short form designation assigned by the commission to the territory proposed to be annexed or detached and set forth a description of the exterior boundaries of such territory.

(c) State whether the territory proposed to be annexed or detached is inhabited or uninhabited.

(d) State the reason or reasons for the proposed annexation or detachment, as set forth in the proposal thereof.

(e) Set forth any terms and conditions of the proposed annexation or detachment.

(f) Fix a time, date and place of hearing on the proposed annexation or detachment, which shall be not less than 15 days nor more than 60 days after the date of adoption of the resolution initiating proceedings.

(g) State that any interested person desiring to make written protest against said annexation or detachment shall do so by written communication filed with the clerk of the conducting district not later than the hour set for hearing. A written protest by a landowner shall contain a description sufficient to identify the land owned by him; a protest by a voter shall contain the residential address of such voter.

56311. The clerk of the conducting district shall give notice of any such hearing by publication, as provided in Sections 56083 and 56084, and by posting, as provided in Sections 56085 and 56086.

56312. The clerk of the conducting district shall also give mailed notice of any such hearing as provided in Sections 56087 to 56089, inclusive, by mailing notice of hearing:

(a) In the case of a benefit district, to all landowners owning land within the territory proposed to be annexed or detached; and

(b) To all persons and counties, cities or districts, which shall have theretofore filed a written request for special notice with the clerk of the conducting district.

56313. The hearing on the proposed annexation or detachment shall be held by the board of directors upon the date and at the time specified in the resolution initiating proceedings for such annexation or detachment. The hearing may be continued from time to time but not to exceed 60 days from the date specified in such resolution.

56314. At the hearing, prior to consideration of protests, the commission's resolution making determinations shall be read aloud or summarized. At such hearing the board of directors of the conducting district shall hear and receive any oral or written protests, objections or evidence which shall be made, presented or filed. Any person who shall have filed a written protest may withdraw the same at any time prior to the conclusion of the hearing.

56314.1. Factors to be considered by the board of directors in a proposed annexation shall include:

(a) Whether the proposed annexation will be for the interest of landowners or present or future inhabitants within the district and within the territory proposed to be annexed to said district;

(b) The commission's resolution making determinations;

(c) Any factors which may be considered by the commission, as provided in Chapter 6.6 (commencing with Section 54773) of Part 1, Division 2, Title 5;

(d) Any other matters which the board of directors deems material.

Except as hereinafter provided, the board of directors shall not be required to make any express recitals or findings concerning any of the factors considered by it.

56315. In any proceedings for the annexation or detachment of territory to or from any district, where the terms and conditions provide for the formation of such territory into a new improvement district or the annexation or detachment of such territory to or from an existing improvement district and in any proceedings for the annexation or detachment of territory to or from a benefit district, the board of directors shall have the power and duty:

(a) To exclude any lands proposed to be annexed which said board finds will not be benefited by becoming a part of any such district or improvement district; and

(b) To exclude any lands proposed to be detached which said board finds will be benefited by remaining a part of said district or improvement district.

For the purpose of completing any such proceedings, including the findings provided for by Sections 56316 and 56317, any

land so excluded shall no longer be considered a part of the territory proposed to be annexed or detached.

56316. A majority protest shall be deemed to exist and the proposed annexation or detachment shall be abandoned if the board of directors shall find that written protests filed and not withdrawn prior to the conclusion of the hearing represent:

(a) In the case of the annexation or detachment of inhabited territory,

(1) More than 50 percent of the assessed value of land therein, or

(2) More than 50 percent of the voting power of voters entitled to vote as a result of residing in or owning land within such territory; or

(b) In the case of the annexation or detachment of uninhabited territory, more than 50 percent of the assessed value of land therein.

56317. A written protest by a resident-voter shall contain his signature and a street and number or designation sufficient to enable the place of residence to be readily ascertained. A protest by a landowner or landowner-voter shall contain his signature and a description of the land owned by him sufficient to identify the same. A public agency owning land shall be deemed a landowner or landowner-voter for the purpose of making a written protest and determining the existence of a majority protest.

56318. The board of directors shall determine the sufficiency of written protests by the same methods and in the same manner as provided in Sections 56158 to 56162, inclusive, for the examination of petitions by the executive officer.

56319. In a detachment proceeding, if a majority protest shall not have been filed, the board of directors of the conducting district upon the conclusion of the hearing shall, in accordance with the provisions of Sections 56320 and 56321, adopt a resolution ordering the territory detached.

56319.1. In an annexation proceeding, if a majority protest shall not have been filed, the board of directors of the conducting district, not later than 30 days after the conclusion of the hearing, shall adopt a resolution and make one of the following determinations:

(a) Disapproving the proposed annexation; or

(b) Ordering the annexation in accordance with Sections 56320 to 56322, inclusive.

56320. The board of directors may order such territory annexed to or detached from the district either without election or subject to confirmation by the voters upon the question of such annexation or detachment. However, the board of directors shall not order any such annexation or detachment without election unless the board of directors finds:

(a) In the case of uninhabited territory, that written protests filed and not withdrawn represent less than 10 percent of the number of landowners within such territory, owning not more than 10 percent of the assessed value of land therein, or

(b) In the case of inhabited territory, that written protests filed and not withdrawn represent:

(1) Less than 10 percent of the number of landowners within such territory owning not more than 10 percent of the assessed value of land therein; and

(2) Less than 10 percent of the voting power of voters entitled to vote as a result of residing in or owning property within such territory.

56321. In any resolution ordering an annexation or detachment of territory subject to confirmation by the voters, the board of directors, subject to compliance with any commission order made pursuant to Section 56252, may provide for an election or elections to be called, held and conducted upon such question:

(a) Only within the territory ordered to be annexed or detached; or

(b) Both within the territory ordered to be annexed or detached and within all or such part of said district as is outside of such territory.

56322. When approved and authorized by the commission pursuant to the provisions of Section 56261, the board of directors of a district may adopt a resolution ordering an annexation or detachment (i) without notice and hearing by the board of directors, (ii) without an election, or (iii) both, as the case may be.

56323. A resolution ordering an annexation or detachment shall describe the exterior boundaries of the territory annexed or detached and shall contain all terms and conditions imposed upon such annexation or detachment.

56324. After the canvass of the returns of any election or elections on the question of the annexation or detachment, the board of directors shall adopt a resolution confirming the order of annexation or detachment, if a majority of the votes cast upon such question are in favor of such annexation or detachment:

(a) At an election called only within the territory ordered to be annexed or detached; or

(b) At each election where one election was called within the territory ordered to be annexed or detached and another election within all or such part of said district as is outside said territory.

CHAPTER 3. MINOR BOUNDARY CHANGES

56350 The board of directors of the conducting district may by resolution order a minor boundary change without notice and hearing; provided, that the board of directors of a benefit district shall not order a minor boundary change resulting in the inclusion of additional land within the territory of such district unless either (i) all of the owners of such land have petitioned for or otherwise given their written consent to such inclusion, or (ii) said board shall take proceed-

ings for the annexation of such territory pursuant to Chapter 2 (commencing with Section 56310) of this part.

56351. The board of directors may by resolution order a minor boundary change without election if said board finds:

(a) That the boundaries of the district are conflicting, indefinite, uncertain or incorrectly described; or

(b) That by reason of the subdivision, resubdivision or conveyance of land, the district boundary lines fail to conform to established property lines or boundary lines used by the assessor for the purpose of the levy and collection of taxes or assessments.

56352. Any minor boundary change shall conform to established property lines and boundary lines used by the assessor and, as nearly as may be practicable, to the district boundaries as they existed prior to such order.

56353. A resolution ordering a minor boundary change shall comply with the commission's resolution making determinations and shall contain a description of the new boundary line resulting from such change.

CHAPTER 4. DISSOLUTION

56360. The board of supervisors shall adopt a resolution initiating proceedings for dissolution, which resolution shall comply with the commission's resolution making determinations and shall:

(a) State the name of the district proposed to be dissolved, and the county or counties in which the same is located.

(b) Indicate the manner in which and by whom preliminary proceedings were commenced (reference to the chief petitioners, if any, shall be sufficient where preliminary proceedings were commenced by a petition).

(c) State the reason or reasons for the proposed dissolution, as set forth in the proposal therefor.

(d) Set forth any terms and conditions of the proposed dissolution.

(e) Fix a time, date and place of hearing on the proposed dissolution which shall be not less than 15 days nor more than 60 days after the date of adoption of the resolution initiating proceedings.

56361. The clerk of the county shall give notice of any such hearing by publication, as provided in Sections 56083 and 56084, and by posting, as provided in Sections 56085 and 56086.

56362. The clerk of the county shall also give mailed notice of any such hearing, as provided in Sections 56087 to 56089, inclusive, by mailing notice of hearing to:

(a) Each affected county, city or district;

(b) The chief petitioners, if any;

(c) Each person who shall have filed a request for special notice with the clerk of the county.

56363. The hearing on the proposed dissolution shall be held by the board of supervisors upon the date and at the time specified in the resolution initiating proceedings for such dissolution. The hearing may be continued from time to time but not to exceed 60 days from the date specified in such resolution.

56364. At the hearing, prior to consideration of protests, the commission's resolution making determinations shall be read aloud or summarized. At such hearing the board of supervisors shall hear and receive any oral or written protests, objections or evidence which shall be made, presented or filed. Any person who shall have filed a written protest may withdraw the same at any time prior to the conclusion of the hearing.

56365. Factors to be considered by the board of supervisors in a proposed dissolution shall include:

(a) Whether there has been a nonuser of corporate powers of such district, as specified in Section 56174 and a reasonable probability that such nonuser may continue.

(b) Whether the proposed dissolution of the district will be for the interest of landowners or present or future inhabitants within such district or both.

(c) The commission's resolution making determinations.

(d) Any factors which may be considered by the commission, as provided in Chapter 6.6 (commencing with Section 54773) of Part 1, Division 2, Title 5.

(e) Any other matters which the board of supervisors deems material.

Except as hereinafter provided, the board of supervisors shall not be required to make express recitals or findings concerning any of the factors considered by it.

56366. Not later than 30 days after the conclusion of the hearing and subject to the limitations of Section 56368, the board of supervisors shall adopt a resolution and make one of the following determinations:

(a) Disapproving the proposed dissolution;

(c) Ordering such dissolution, subject to confirmation by the voters upon the question of such dissolution.

56367. In any resolution ordering a dissolution, the board of supervisors shall make findings upon either or both of the following matters:

(a) That there has been a nonuser of corporate powers, as specified in Section 56174, and a reasonable probability that such nonuser may continue.

(b) That the dissolution of the district will be for the interest of landowners or present or future inhabitants within such district or both.

56368. In any resolution ordering the dissolution of a district where there is a finding of nonuser of the corporate powers of such district, the board of supervisors may order such dissolution either without election or subject to confirmation by the voters upon the question of such dissolution. In all other cases such resolution shall order such dissolution, subject to confirmation by the voters upon the question of such dissolution.

56369. A resolution ordering the dissolution of a district shall contain all terms and conditions imposed upon such dissolution.

56370. After the canvass of the returns of any election on the question of dissolution, the board of supervisors shall adopt a resolution either (i) confirming the prior order of dissolution, if a majority of the votes cast upon such question are in favor of such dissolution, or (ii) determining the prior order of dissolution to have been defeated by failure to receive the required vote.

district ordered to be consolidated favored such consolidation, or determining the order of consolidation defeated by failure to receive the required vote.

CHAPTER 6. MERGERS AND ESTABLISHMENT OF SUBSIDIARY DISTRICTS

Article 1. General

56400. The Legislature hereby declares that the doctrine of automatic merger of a district with a city or the merger by operation of law of a district with a city shall have and be given no further force or effect. The existence of a district shall not be extinguished or terminated as a result of the entire territory of such district being heretofore or hereafter included within a city unless such district be merged with such city as a result of proceedings taken pursuant to this division. If on the effective date of this division there shall be any pending action or proceeding seeking or contesting a determination, judgment or decree that there has been an automatic merger by operation of law of a district with a city, or the merger by operation of law of a district with a city, the foregoing provisions of this section shall have no application thereto and the court may in any such legal proceedings make and enter judgment in accordance with the law existing prior to the effective date of this division. Any merger of a district with a city, as a result of automatic merger or merger by operation of law, which shall have been heretofore adjudged by final judgment or decree of a court of competent jurisdiction or heretofore affirmed, directly or indirectly, by any action, conduct or proceedings of both the board of directors of a district and the city council of a city, is hereby confirmed and validated.

56401. A district of limited powers may be either merged with or established as a subsidiary district of a city in the manner provided in this chapter.

56402. An order of merger may be adopted for a district of limited powers, including any such district theretofore established as a subsidiary district, if the entire territory of such district shall be included within the boundaries of a city upon the date of such order.

56403. An order establishing a district of limited powers as a subsidiary district may be adopted if upon the date of such order:

(a) The entire territory of such district shall be included within the boundaries of a city; or

(b) A portion or portions of the territory of such district shall be included within the boundaries of a city and such portion or portions represent 80 percent or more of the area of taxable or assessable real property within such district, as shown on the last equalized assessment roll of the county.

56404. For the purposes of Sections 56402 and 56403, the boundaries shall be determined as of the date of adoption of said order of the board of supervisors. Any then pending but uncompleted proceedings for changes in the boundaries of said city or district shall be disregarded.

56405. Except for a proposal for the merger of a then existing subsidiary district, any proposal for a change of organization authorized by this chapter shall contain a request in the alternative, that is, it shall request either a merger or the establishment of a subsidiary district, as may be determined during the course of the proceedings. Any proposal requesting only merger shall be deemed to also include a request for the establishment of a subsidiary district and any proposal requesting only the establishment of a subsidiary district shall be deemed to also include a request for merger.

Article 2. Proceedings by Board of Supervisors

56410. The board of supervisors shall adopt a resolution initiating proceedings for a merger or establishment of a subsidiary district, which resolution shall comply with the commission's resolution making determinations and shall:

(a) State the names of the city and the district which is the subject of the proposed merger or establishment of a subsidiary district.

(b) State whether the proceedings pertain (i) to a then existing subsidiary district proposed to be merged with the city or (ii) to a nonsubsidiary district proposed to be merged with or established as a subsidiary district of said city, as may be determined during the course of the proceedings.

(c) Indicate the manner in which and by whom preliminary proceedings were commenced (reference to chief petitioners, if any, shall be sufficient where preliminary proceedings were commenced by a petition).

(d) State the reason or reasons for the proposed merger or establishment of a subsidiary district, as set forth in the proposal therefor.

(e) Set forth any terms and conditions of the proposed merger or establishment of a subsidiary district.

(f) Fix a time, date and place of hearing on the proposed merger or establishment of a subsidiary district, which shall be not less than 15 days nor more than 60 days after the date of adoption of the resolution initiating proceedings.

(g) State that any interested person desiring to make written protest shall do so by written communication filed with the clerk of the county not later than the hour set for hearing. A written protest by a landowner shall contain a description sufficient to identify the land owned by him; a protest by a voter shall contain the residential address of such voter.

56411. The clerk of the county shall give notice of any such hearing by publication, as provided in Sections 56083 and 56084, and by posting, as provided in Sections 56085 and 56086.

56412. The clerk of the county shall also give mailed notice of any such hearing, as provided in Sections 56087 to 56089, inclusive, by mailing notice of hearing to:

(a) Each city and district which is the subject of the proposed merger or establishment of a subsidiary district;

(b) Other affected counties, cities and districts;

(c) Each person who shall have filed a request for special notice with the clerk of the county.

56413. The hearing on the proposed merger or establishment of a subsidiary district shall be held by the board of supervisors upon the date and at the time specified in the resolution initiating proceedings for such merger or establishment of a subsidiary district. The hearing may be continued from time to time but not to exceed 60 days from the date specified in such resolution.

56414. At the hearing, prior to consideration of protests, the commission's resolution making determinations shall be read aloud or summarized. At such hearing the board of supervisors shall hear and receive any oral or written protests, objections or evidence which shall be made, presented or filed. Any person who shall have filed a written protest may withdraw the same at any time prior to the conclusion of the hearing.

56415. Factors to be considered by the board of supervisors in a proposed merger or establishment of a subsidiary district shall include:

(a) Whether the proposed merger or establishment of a subsidiary district will be for the interest of landowners or present or future inhabitants within the district and the city.

(b) The commission's resolution making determinations.

(c) Any factors which may be considered by the commission, as provided in Chapter 6.6 (commencing with Section 54773) of Part 1, Division 2, Title 5.

(d) Any other matters which the board of supervisors deems material.

The board of supervisors shall not be required to make express recitals or findings concerning any factors considered by it.

56416. Subject to the limitations of Sections 56402 and 56403, upon the conclusion of the hearing, the board of supervisors shall adopt a resolution taking one of the following final actions:

(a) Disapproval of a merger or the establishment of a subsidiary district, or both; or

(b) The ordering of a merger or the establishment of a subsidiary district, or both, subject to confirmation by the voters upon the questions, as the case may be, of (i) merger, (ii) the establishment of a subsidiary district, or (iii) both.

56417. In any resolution ordering a merger or the establishment of a subsidiary district, subject to confirmation of the voters, the board of supervisors may provide for an election or

elections to be called, held and conducted upon such question or questions:

(a) Only within the district ordered to be merged with or established as a subsidiary district of a city; or

(b) Both within said district and within the territory of said city outside the boundaries of said district.

56418. At any time prior to the adoption by the board of supervisors of a resolution ordering the district to be merged with or established as a subsidiary district of a city, a petition may be filed with the clerk of the county referring, by date of adoption, to the commission's resolution making determinations and requesting that any election upon such question be called, held and conducted only within such district. Any such petition so filed shall be immediately examined and certified by the clerk of the county by the same method and in the same manner as provided in Sections 56158 to 56162, inclusive, for the examination of petitions by the executive officer. The board of supervisors shall call, hold and conduct any election upon the question of a merger or the establishment of a subsidiary district only within the district to be merged or established as a subsidiary district, if the clerk of the county shall certify that any petition so filed was signed:

(a) In the case of a resident-voter district, by not less than 10 percent of the resident voters of such district; or

(b) In the case of a landowner-voter district, by not less than 10 percent of the number of landowner-voters within the district who also own not less than 10 percent of the assessed value of land within such district.

56419. After the canvass of the returns upon the question of merger or the establishment of a subsidiary district, or both, the board of supervisors shall adopt (i) one of the confirmatory resolutions provided by Sections 56420 and 56421, or (ii) a resolution determining the order of merger or establishment of a subsidiary district, as the case may be, defeated by failure to receive the required vote.

56420 The board of supervisors shall adopt a resolution confirming a prior order of merger in the following cases:

(a) Where the only question submitted was upon merger and a majority of the votes cast thereon favored merger:

(1) At an election called only within the district; or

(2) At each election, where one election was called within the district and another within the territory of the city outside the boundaries of said district.

(b) Where both the question of merger and the question of the establishment of a subsidiary district were submitted at an election called only within the district and the results of such election were as follows:

(1) The question of merger was favored by a majority of the votes cast thereon but the question of establishment of a subsidiary district failed to be favored by a majority of the votes cast thereon;

(2) Both the question of merger and the question of the establishment of a subsidiary district were favored by a majority of the votes cast thereon but the question of merger was favored by the same or a greater number of votes than was the question of the establishment of a subsidiary district.

(c) Where both the question of merger and the question of the establishment of a subsidiary district were submitted at an election called within the district and at another election called within the territory of the city outside the boundaries of said district, and the results of such elections were as follows:

(1) The question of merger was favored by a majority of the votes cast thereon at each of the respective elections, but the question of the establishment of a subsidiary district failed to be favored by a majority of the votes cast thereon at either one or both of such elections;

(2) Both the question of merger and the question of the establishment of a subsidiary district were favored by a majority of the votes cast thereon at each of the respective elections, but the question of merger was favored at either one or both of such elections by the same or a greater number of votes than was the question of the establishment of a subsidiary district.

56421. The board of supervisors shall adopt a resolution confirming a prior order for the establishment of a subsidiary district in the following cases:

(a) Where the only question submitted was upon the establishment of a subsidiary district and a majority of the votes cast thereon favored such establishment:

(1) At an election called only within the district; or

(2) At each election, where one election was called within the district and another within the territory of the city outside the boundaries of said district.

(b) Where both the question of merger and the question of the establishment of a subsidiary district were submitted at an election called only within the district and the results of such election were as follows:

(1) The question of establishment of a subsidiary district was favored by a majority of the votes cast thereon but the question of merger failed to be favored by a majority of the votes cast thereon;

(2) Both the question of merger and the question of the establishment of a subsidiary district were favored by a majority of the votes cast thereon but the question of the establishment of a subsidiary district was favored by a greater number of votes than was the question of merger.

(c) Where both the question of merger and the question of the establishment of a subsidiary district were submitted at an election called within the district and at another election called within the territory of the city outside the boundaries of said district, and the results of such elections were as follows:

(1) The question of the establishment of a subsidiary district was favored by a majority of the votes cast thereon at each of the respective elections, but the question of merger failed to be favored by a majority of the votes cast thereon at either one or both of such elections;

(2) Both the question of merger and the question of the establishment of a subsidiary district were favored by a majority of the votes cast thereon at each of the respective elections, but the question of the establishment of a subsidiary district was favored at both such elections by a greater number of votes than was the question of merger.

CHAPTER 7. REORGANIZATION

56430. The board of supervisors shall adopt a resolution initiating proceedings for a reorganization, which resolution shall comply with the commission's resolution making determinations and shall:

(a) State the name of each subject district for which any change of organization is proposed and the county or counties in which the same is located.

(b) Briefly describe the particular change or changes of organization proposed for each of the subject districts, any new districts proposed to be formed and any terms and conditions to be applicable thereto; reference may be made to the commission's resolution making determinations for a full and complete description of said changes of organization, formation of new districts, if any, and said terms and conditions.

(c) Indicate the manner in which and by whom preliminary proceedings were commenced (reference to the chief petitioners, if any, shall be sufficient where preliminary proceedings were commenced by a petition).

(d) State the reason or reasons for the proposed reorganization, as set forth in the proposal therefor.

(e) Fix a time, date and place of hearing on the proposed reorganization which shall be not less than 15 days nor more than 60 days after the date of adoption of the resolution initiating proceedings.

(f) State that any interested person desiring to make written protest against said reorganization shall do so by written communication filed with the clerk of the county not later than the hour set for hearing. A written protest by a landowner shall contain a description sufficient to identify the land owned by him; a protest by a voter shall contain the residential address of such voter.

56431. The clerk of the county shall give notice of any such hearing by publication, as provided in Sections 56083 and 56084, and by posting, as provided in Sections 56085 and 56086.

56432. The clerk of the county shall also give mailed notice of any such hearing, as provided in Sections 56087 to 56089, inclusive, by mailing notice of hearing to:

(a) All landowners owning land within any territory proposed to be formed into or to be annexed to or detached from (i) a benefit district, or (ii) an improvement district within any district;

(b) Each subject district;

(c) All other affected counties, cities or districts;

(d) The chief petitioners, if any;

(e) Each person who shall have theretofore filed a request for special notice with the clerk of the county.

56433. The hearing on the proposed reorganization shall be held by the board of supervisors upon the date and at the time specified in the resolution initiating proceedings for such reorganization. The hearing may be continued from time to time but not to exceed 60 days from the date specified in such resolution.

56434. At the hearing, prior to consideration of protests, the commission's resolution making determinations shall be read aloud or summarized. At such hearing the board of supervisors shall hear and receive any oral or written protests, objections or evidence which shall be made, presented or filed. Any person who shall have filed a written protest may withdraw the same at any time prior to the conclusion of the hearing.

56435. Factors to be considered by the board of supervisors in a proposed reorganization shall include:

(a) As to each particular type of change of organization contained in the proposed reorganization, any of the factors authorized to be considered by a legislative body in a proceeding for such type of change of organization;

(b) Whether the proposed reorganization will be for the interest of affected counties, cities and districts and landowners or present or future inhabitants therein;

(c) The commission's resolution-making determinations;

(d) Any factors which may be considered by the commission, as provided in Chapter 6.6 (commencing with Section 54773) of Part 1, Division 2, Title 5; and

(e) Any other matters which the board of supervisors deems material

The board of supervisors shall not be required to make express recitals or findings concerning any of the factors considered by it.

56436. If any change of organization contained in a proposed reorganization shall provide for the formation of, or the annexation or detachment of territory to or from, a benefit district, or if the terms and conditions of any change of organization provide for the formation of a new improvement district, or the annexation or detachment of territory to or from an existing improvement district, the board of supervisors shall:

(a) Exclude any lands proposed to be formed into or to be annexed to a benefit district or improvement district which

said board finds will not be benefited by becoming a part of such benefit district or improvement district;

(b) Exclude any lands proposed to be detached from a benefit district or improvement district which said board finds will be benefited by remaining a part of said benefit district or improvement district.

56437. Except as otherwise provided in Section 56438, there shall be no right of majority protest upon a proposed reorganization and all orders of reorganization shall be made subject to confirmation of the voters upon the question of such reorganization.

56438. Where a proposed reorganization consists solely of annexations, detachments or minor boundary changes, or any combination thereof, a majority protest shall be deemed to exist and the proposed reorganization shall be abandoned if the board of supervisors finds that written protests filed and not withdrawn prior to the conclusion of the hearing represent:

(a) More than 50 percent of the assessed value of land within all territory proposed to be annexed or detached; or

(b) More than 50 percent of the voting power of voters entitled to vote as a result of residing within or owning land within such territory.

If there is no such majority protest, the board of supervisors may order such reorganization without election, if the board of supervisors finds that written protests filed and not withdrawn represent:

(a) Less than 10 percent of the number of landowners within all territory proposed to be annexed or detached, owning not more than 10 percent of the assessed value of land therein; and

(b) Less than 10 percent of the voting power of voters entitled to vote as a result of residing within or owning land within such territory.

56439. Not later than 30 days after the conclusion of the hearing, the board of supervisors shall adopt a resolution taking one of the following actions:

(a) Disapproval of the proposed reorganization; or

(b) The ordering of such reorganization, subject to confirmation of the voters upon the question thereof.

56440 In any resolution ordering a reorganization, subject to confirmation of the voters, the board of supervisors shall call and provide for an election to be held and conducted:

(a) Within the entire territory of each district ordered to be formed, dissolved or consolidated;

(b) Within the entire territory of each district and city, where such district has been ordered merged with or established as a subsidiary district of such city, and

(c) Within any territory ordered annexed to or detached from a district.

56441 Prior to adopting any resolution ordering a reorganization, subject to confirmation of the voters, the board

of supervisors shall determine whether any single subject district constitutes a major district, as defined in Section 56442. If it is determined that a major district exists, any resolution ordering a reorganization subject to confirmation of the voters shall designate the name of the major district and the name or names of all minor districts.

56442. A "major district" means any single subject district which has voting power greater than the combined voting power of all other subject districts. A "minor district" means any subject district which is not a major district. The voting power of the respective subject districts shall be determined as follows:

(a) The total number of votes authorized to be cast within each subject district shall be determined for the entire territory of such district, including all overlapping territory.

(b) If the election is to be called and held within any territory ordered annexed to or detached from a subject district, the voting power of such district shall be determined with respect only to the territory ordered annexed or detached and not the entire territory of such district.

(c) If all of the subject districts are cities or resident-voter districts, the respective voting power thereof shall be the total number of registered voters within each such city or district at the close of registration, as provided in the Elections Code, next preceding the date of election fixed in the resolution ordering the reorganization, subject to confirmation of the voters.

(d) If all of the subject districts are landowner-voter districts, the respective voting power thereof shall be deemed to be the assessed value of land, as shown on the last equalized assessment roll of the county, within each such district.

(e) If the subject districts consist of any landowner-voter district and also any city or resident-voter district, the respective voting power thereof shall be computed and equated in the manner provided in Section 56118, except that computation may be made for such date, not earlier than 21 days before the close of registration, as provided in the Elections Code, next preceding the date of the election nor later than such close of registration, as the board of supervisors may specify.

56443. After the canvass of the returns of the special election upon the question of reorganization, the board of supervisors shall adopt a resolution either:

(a) Confirming the order of reorganization,

(1) Where there was no major district and such question was favored by a majority of the votes cast thereon within the entire territory within which said election was held, or

(2) Where there was a major district and such question was favored (i) by a majority of the votes cast thereon within the major district and, in addition, (ii) by a majority of the combined votes cast thereon within all of the minor districts; or

(b) Determining the order of reorganization defeated by failure to receive the required vote.

CHAPTER 8. COMPLETION AND EFFECTIVE DATE OF A CHANGE OF ORGANIZATION OR REORGANIZATION

56450. Immediately after adoption of a resolution ordering a change of organization or reorganization without election, or a resolution confirming an order for a change of organization or reorganization after confirmation by the voters, the clerk of the legislative body adopting any such resolution shall make the filings provided by this chapter.

56451. The clerk shall prepare and execute a certificate of completion. Said certificate shall contain:

(a) The names of each district or city for which a change of organization was ordered and the names of each county within which any of said districts or cities are located.

(b) The kind or type of change of organization ordered for each such city or district.

(c) A description of the boundaries of any new district ordered formed or of any territory ordered to be annexed to or detached from any existing district, which description may be made by reference to the boundaries shown on a map attached to such certificate.

(d) Any terms and conditions of the change of organization or reorganization.

(e) The date of adoption of the resolution ordering the change of organization or reorganization without election or the resolution confirming an order for a change of organization or reorganization after confirmation by the voters.

If any such resolution contains all or any part of the information required to be contained in the above certificate, the clerk may attach a certified copy of said resolution to his certificate and refer to said resolution for such information.

56452. The clerk shall file his certificate of completion with the Secretary of State. Thereupon the Secretary of State shall execute a certificate of filing identifying the certificate of completion filed with him and stating the date of such filing. The Secretary of State shall transmit to said clerk a counterpart original of the certificate of filing for each county named in said clerk's certificate of completion.

56453. After receipt of the Secretary of State's certificate of filing, the clerk shall record the following with the county recorder of each county in which all or any part of said district is located:

(a) A counterpart original of the clerk's certificate of completion; and

(b) The original or a counterpart original of the Secretary of State's certificate of filing.

56454. The change of organization or reorganization shall be complete from the date of filing the certificate of completion with the Secretary of State and effective from the dates specified in Sections 56455 and 56456.

56455. If no effective date shall have been fixed in any of the terms and conditions, the effective date of a change of or-

ganization or a reorganization shall be the date of the recordation made with the county recorder and, if filed with the recorder of more than one county, the date of the last such recordation.

56456. If an effective date is fixed in the terms and conditions, such date shall be the effective date of a change of organization or reorganization.

No effective date shall be fixed which will be:

(a) Earlier than the date of recordation with the county recorder, or

(b) Later than the earlier of:

(1) One year after the date of filing the certificate of completion with the Secretary of State, or

(2) The due date of any taxes or assessments levied upon property within the territory which was the subject of the change of organization or reorganization.

56457. The tax or assessment levying authority of a city or district shall also make such filings as may be provided for by Chapter 8 (commencing at Section 54900) of Part 1, Division 2, Title 5, and for such purpose a change of organization or reorganization shall be deemed to be effective from the date of filing of the certificate of completion with the Secretary of State.

(d) If, as a result of any term or condition made pursuant to subdivision (c), the liability of any affected city, county or district for payment of the principal of any bonded indebtedness shall be increased or decreased, said term and condition may specify the amount, if any, of such increase or decrease which shall be included in or excluded from the outstanding bonded indebtedness of any such agency for the purpose of the application of any statute or charter provision imposing a limitation upon the principal amount of outstanding bonded indebtedness of such agency.

(e) The formation of a new improvement district or districts or the annexation or detachment of territory to or from any existing improvement district or districts.

56471. The general provisions of Articles 2 (commencing with Section 56480) to 7 (commencing with Section 56550), inclusive, of this chapter shall apply only if and to the extent that the terms and conditions of any change of organization or reorganization shall fail to make specific provision for any of the matters referred to in said articles. If a change of organization or a reorganization shall specifically provide for and be made subject to any of the terms and conditions authorized by Section 56470, such specific terms and conditions shall control over the general provisions of said Articles 2 to 7, inclusive, of this chapter. Any of said terms and conditions may be provided for and be made applicable to any affected county, city or district, to all or any part of the territory thereof, to any territory proposed to be annexed thereto and to the owner or owners of property within any such territory.

56472. Proposed terms and conditions for a change of organization or a reorganization may be contained in any proposal therefor. 56474. If any change of organization or reorganization shall pertain to district territory which shall be located, in whole or in part, within the boundaries of any city or county, any terms and conditions authorized by Section 56470 may be made applicable to such city or county; provided, that no indebtedness or liability which shall be subject to the requirement of an election, under the provisions of Section 18 of Article XI of the Constitution, shall be incurred or assumed by any city or county, except as provided in said Section 18 of Article XI.

56475. If no determination is made pursuant to subdivision (d) of Section 56470, the principal amount of bonded indebtedness which may be incurred or assumed by any city, county or district, under any statute or charter provision imposing a limitation thereon, shall not be affected by any change of organization or a reorganization.

Article 2. Annexations

56480. Upon and after the effective date of an annexation, the territory annexed to a district, all inhabitants within such territory and all persons entitled to vote by reason of residing or owning land within such territory shall be subject to the jurisdiction of such district and, except as otherwise provided in this article, shall have the same rights and duties as if said territory had been a part of such district upon its original formation.

56481. No payment for the use or right of use of the existing property, real or personal, of any district shall be required by reason of the annexation of territory to such district.

56482. Any territory annexed to a district shall be liable for payment of principal, interest and any other amounts which shall become due on account of any outstanding or then authorized but thereafter issued bonds, including revenue bonds, or other contracts or obligations of said district, but not of any improvement district therein, and shall be subject to the levying or fixing and collection of any (i) taxes or assessments, or (ii) service charges, rentals or rates, or (iii) both, as may be necessary to provide for such payment.

Article 3. Detachments

56490. Except as otherwise provided in Section 56492, upon and after the effective date of a detachment, the territory detached from a district, all inhabitants within such territory and all persons formerly entitled to vote by reason of residing or owning land within such territory shall cease to be subject to the jurisdiction of said district and shall have none of the rights or duties of the remaining territory, inhabitants or voters of said district.

56491. No inhabitant, property owner, taxpayer, consumer or user within territory detached from a district shall be entitled (i) to all or any part or to any payment on account of the moneys or funds (including cash on hand and moneys due but uncollected) or any property, real or personal, of said district or (ii) to any refund by reason of any taxes, assessments, service charges, rentals or rates collected prior to the effective date of the detachment.

56492. Article 4. Dissolutions

56500. Upon and after the effective date of the dissolution of a district, the district shall be dissolved, disincorporated and extinguished, its existence shall be terminated and all of its corporate powers shall cease, except for the purpose of winding up the affairs of said district and as otherwise provided in this article.

56501. For the purpose of winding up the affairs of a dissolved district, the successor of the dissolved district shall be determined as follows:

(a) If the territory of a dissolved district shall be located entirely within the incorporated territory of a single city, said city shall be the successor.

(b) If the territory of a dissolved district shall be located entirely within the unincorporated territory of a single county, said county shall be the successor.

(c) If the territory of a dissolved district shall be located within the incorporated territory of more than one city or the unincorporated territory of more than one county, or any combination of the incorporated or unincorporated territory of two or more such cities and counties, the successor shall be that city whose incorporated territory or that county whose unincorporated territory shall, upon the effective date of dissolution, contain the greater assessed value of all taxable property within the territory of the dissolved district, as shown on the last equalized assessment roll or rolls of the county or counties.

(d) If the terms and conditions provide that all of the remaining assets of a dissolved district shall be distributed:

(1) To a single existing district, said single existing district shall be the successor; or

(2) To two or more existing districts, the successor shall be that existing district which, upon the effective date of dissolution, contains the greater assessed value of all taxable property within the territory of the dissolved district, as shown on the last equalized assessment roll or rolls of the county or counties.

56502. Upon the effective date of dissolution control over all of the moneys or funds (including cash on hand and moneys due but uncollected) and all property, real or personal, of said dissolved district shall be vested in the successor for the purpose of winding up the affairs of the district.

56503. For the sole and exclusive purpose of winding up the affairs of the dissolved district, the successor and the officers and legislative body of the successor shall have the same powers and duties as the dissolved district and the officers and legislative body of the dissolved district and the following additional powers and duties:

(a) To exchange, sell or otherwise dispose of all property, real and personal, of the dissolved district;

(b) To compromise and settle claims of every kind and nature;

(c) To sue or be sued in the same manner and to the same extent as the dissolved district and the officers and legislative body of the dissolved district.

Such powers and duties shall commence upon the effective date of dissolution and shall continue thereafter until such time as the affairs of said dissolved district shall have been completely wound up.

56504. No inhabitant, property owner, taxpayer, consumer or user within the territory of a dissolved district shall be entitled (i) to all or any part, or to any payment on account of the moneys or funds (including cash on hand and moneys due but uncollected), and any property, real or personal, of said dissolved district or (ii) to any refund by reason of any taxes, assessments, service charges, rentals or rates collected prior to the effective date of dissolution.

56505. Any moneys and funds of the dissolved district and any moneys or funds received by the successor from the sale or other disposition of any property, real or personal, of the dissolved district shall be used to the extent necessary, for the payment of principal, interest and any other amounts then or thereafter due on account of any outstanding bonds, including revenue bonds, and other contracts or obligations of said dissolved district.

56506 At such time as the successor shall determine that payment, or provision for payment, has been made of all short-term obligations of the dissolved district, the successor shall distribute any of the remaining assets of the dissolved district in the manner provided in Section 56507. "Short-term" obligations shall include all amounts which shall be due and payable, prior to the end of the fiscal year commencing next after the effective date of dissolution, upon any outstanding bonds, including revenue bonds, and other contracts or obligations of the dissolved district. All other obligations shall be "long-term" obligations.

56507. Remaining assets of the dissolved district shall be distributed by the successor as follows:

(a) If the territory of the dissolved district shall be located entirely within the incorporated territory of a single city, all such assets shall be distributed to said city.

(b) If the territory of the dissolved district shall be located entirely within the unincorporated territory of a single county, all such assets of the dissolved district shall be distributed to said county.

(c) If the territory of a dissolved district shall be located within the incorporated territory of more than one city, or the unincorporated territory of more than one county, or any combination of the incorporated or unincorporated territory of two or more such cities and counties, the assets of the dissolved district shall be apportioned between all such cities and counties and distributed as follows:

(1) All real property located within the incorporated territory of any city or within the unincorporated territory of

any county, as the case may be, shall be distributed to such city or county.

(2) All moneys or funds (including cash on hand and money due but uncollected) and all personal property shall be divided among and distributed to each such city or county in the proportion that the assesssed value of the taxable property of the dissolved district within the incorporated territory of each such city or within the unincorporated territory of each such county shall bear to the total assessed value of all taxable property within the dissolved district, such assessed values being those shown upon the last equalized assessment roll or rolls of the county or counties upon the effective date of the dissolution.

56508. Until payment, or provision for payment, has been made of all principal, interest and any other amounts owing on account of any outstanding long-term obligations, which are payable in whole or in part from taxes or assessments upon any property within all or any part of the territory of a dissolved district, the legislative body of the successor shall in each year provide for the levy and collection of taxes or assessments upon such property sufficient to pay any principal, interest and any other amounts owing on account of such obligations, as the same become due. Such taxes or assessments shall be levied and collected in the manner provided by the principal act of the dissolved district.

56509. Until payment, or provision for payment, has been made of all principal, interest and any other amounts owing on account of any outstanding bonds, contracts or other obligations which are payable in whole or in part from the revenues of a revenue-producing enterprise of the dissolved district, the successor shall not:

(a) Sell, encumber or otherwise dispose of all or any part of the revenue-producing enterprise or the revenues derived therefrom, except as expressly authorized by the ordinance, resolution or indenture authorizing or providing for the issuance of any of said bonds, contracts or other obligations; or

(b) Distribute less than the whole of the revenue-producing enterprise to any city or county.

56510. If at the time of distribution more than one city or county or any combination thereof, shall be entitled to distribution of portions of a revenue-producing enterprise but the successor shall be unable to distribute the same by reason of the provisions of Section 56509, the successor shall retain such revenue-producing enterprise and all revenues derived therefrom until payment, or provision for payment, has been made of all principal, interest and any other amounts owing on account of outstanding bonds, contracts or other obligations which are payable in whole or in part from the revenues of such enterprise, at which time the successor shall distribute said enterprise and any revenues derived therefrom in accordance with Section 56507.

56511. Where any bonds, contracts or other obligations which are payable in whole or in part from the revenues of a revenue-producing enterprise are outstanding upon the effective date of dissolution, the successor, prior to distribution, or any city or county, after distribution, shall succeed to all rights and liabilities of the dissolved district under any ordinance, resolution or indenture authorizing such bonds, contracts or other obligations or providing for the issuance thereof and may sue or be sued upon such rights and liability in the same manner and to the same extent as the dissolved district.

56512. Any funds, money or property of a dissolved district which shall have been impressed with any public trust, use or purpose shall continue to be so impressed until such public trust, use or purpose is vacated, abandoned or terminated, in the manner provided by law.

56513. Subject to the provisions of Section 56512, any funds, money or property of a dissolved district may be used by the successor for the purpose of winding up the affairs of such district and, after distribution to any city, county or district may be used for any lawful purpose of any such city, county or district to which the same shall have been distributed. So far as may be practicable, any such funds, money or property shall be used for the benefit of the lands, inhabitants and taxpayers within the territory of the dissolved district.

Article 5. Consolidation

56520. Upon and after the effective date of a consolidation, the consolidated district shall succeed to all of the powers, rights, duties, obligations, functions and properties of all predecessor districts which shall have been united or joined into said consolidated district. The territory of a consolidated district, all inhabitants within such territory and all persons entitled to vote by reason of residing or owning land within such territory shall be subject to the jurisdiction of such consolidated district and, except as otherwise provided in this article, shall have the same rights and duties as if said consolidated district had been originally formed under the principal act.

56521. No payment for the use or right of use of any property, real or personal, acquired or constructed by any predecessor district shall be required by reason of the consolidation of such district with other predecessor districts.

56522. The territory of a consolidated district shall be liable for payment of principal, interest and any other amounts which shall become due on account of any outstanding or then authorized but thereafter issued bonds, including revenue bonds, or other contracts or obligations of all predecessor districts, and shall be subject to the levying or fixing and collection of any (i) taxes or assessments, or (ii) service charges, rentals or rates, or (iii) both, as may be necessary to provide for such payment; provided, that only the territory within an

improvement district shall be liable for any such payment required on account of any bonds, including revenue bonds, or other contracts theretofore authorized or issued by or on behalf of such improvement district.

Article 6. Mergers and the Establishment of Subsidiary Districts

56530. Upon and after the effective date of a merger of a district of limited powers with a city, the district shall be extinguished, terminated and its existence shall cease, except as otherwise provided in this article.

56531. Upon the effective date of a merger, all of the moneys or funds (including cash on hand and moneys due but uncollected) and all property, real or personal, of the merged district shall be vested in the city.

56532. No inhabitant, property owner, taxpayer, consumer or user within the territory of a merged district shall be entitled (i) to all or any part, or to any payment on account of the moneys or funds (including cash on hand and moneys due but uncollected) and any property, real or personal, of said merged district or (ii) to any refund by reason of any taxes, assessments, service charges, rentals or rates collected prior to the effective date of merger.

56533. Any moneys and funds of the merged district and any moneys or funds received by the city from the sale or other disposition of any property, real or personal, of the merged district shall be used, to the extent necessary, for the payment of principal, interest and any other amounts then or thereafter due on account of any outstanding bonds, including revenue bonds, and other contracts and obligations of said merged district.

56534. Until payment, or provision for payment, has been made of all principal, interest and any other amounts owing on account of any outstanding obligations, which are payable in whole or in part from taxes or assessments upon any property within all or any part of the territory of a merged district, the city council shall in each year provide for the levy and collection of taxes and assessments upon such property sufficient to pay any principal, interest and any other amounts owing on account of such obligations, as the same becomes due. Such taxes and assessments shall be levied and collected in the manner provided by the principal act of the merged district.

56535. Until payment, or provision for payment, has been made of all principal, interest and any other amounts owing on account of any outstanding bonds, contracts or other obligations which are payable in whole or in part from the revenues of a revenue-producing enterprise of the merged district, the city shall not sell, encumber or otherwise dispose of all or any part of the revenue-producing enterprise or the revenues derived therefrom, except as expressly authorized by the ordinance, resolution or indenture authorizing such bonds, con-

tracts or other obligations or providing for the issuance of any thereof.

56536. Where any bonds, including revenue bonds, contracts or other obligations of the merged district are outstanding upon the effective date of merger, the city shall succeed to all of the rights and liabilities of the merged district under any ordinance, resolution, indenture, contract or other obligation or providing for or authorizing the issuance of any thereof and may sue and be sued upon such rights and liabilities in the same manner and to the same extent as the merged district.

56537. Any funds, money or property of a merged district which shall have been impressed with any public trust, use or purpose shall continue to be so impressed until such public trust, use or purpose is vacated, abandoned or terminated, in the manner provided by law.

56538. Subject to the provisions of Section 56537, any funds, money or property of a merged district may be used for any lawful purpose of the city. So far as may be practicable, any such funds, money or property shall be used for the benefit of the lands, inhabitants and taxpayers within the territory of the merged district.

56539. Upon and after the effective date of an order establishing a district of limited powers as a subsidiary district of a city, the city council of said city shall be designated as, and empowered to act as, ex officio the board of directors of such district. Such district shall continue in existence with all of the powers, rights, duties, obligations and functions provided for by the principal act, except for any provisions relating to the selection or removal of the members of the board of directors of such district.

56540. If any court shall determine that any incompatibility shall exist by reason of the same person or persons holding office both as a member of the city council and as a member of the board of directors of a subsidiary district, the court shall order the vacation of the office of any such person as a member of such board of directors, but not as a member of such city council, and shall order the membership of such board of directors to be selected in the manner provided by the principal act.

Article 7. Reorganizations

56550. SECTION 1. Section 24205 of the Health and Safety Code is amended to read:

24205. The board of supervisors may adopt a resolution declaring that there is need for an air pollution control district to function if from the evidence received at such a public hearing it finds:

(b) For any reason it is not practical to rely upon the enactment or enforcement of local county and city ordinances to prevent or control the emission of smoke, fumes, or other substances which cause or contribute to such pollution.

Upon the adoption of this resolution the district shall begin to function.

SEC. 1.5. Section 34303.5 of the Government Code as proposed to be amended by Assembly Bill No. 1642 of the 1965 Regular Session is amended to read:

34303.5. No petition seeking the incorporation of a new city may be circulated or filed with the board of supervisors, and neither the board nor the clerk of the board shall accept any such petition for filing until the approval of the local agency formation commission is first obtained pursuant to Chapter 6.6 (commencing with Section 54773), Part 1, Division 2, Title 5.

SEC. 2. Section 35002 of said code, as proposed to be amended by Assembly Bill No. 1642 of the 1965 Regular Session, is amended to read:

35002. No petition seeking the annexation of territory to a city shall be circulated or filed, nor shall any public officer accept any such petition for filing, nor shall any legislative body initiate proceedings to annex on its own motion, until approval of the local agency formation commission is first obtained pursuant to Chapter 6.6 (commencing with Section 54773), Part 1, Division 2, Title 5

SEC. 2.1. Section 35014 of said code, as proposed to be amended by Assembly Bill No. 1642 of the 1965 Regular Session, is amended to read:

35014. No tide or submerged lands in the Pacific Ocean which are owned by the state shall be annexed to a city except that portion of the tide or submerged lands encompassed within the seaward extensions of the existing land boundaries of the city, or of the proposed land boundaries of the territory being annexed as part of the same proceedings, extended from the point where the land boundaries intersect the shoreline at such an angle to the shoreline and following such a course or courses as may be approved by the State Lands Commission.

If any tide or submerged lands shall be included within the boundaries of any territory proposed to be annexed to a city, a description of such boundaries, together with a map showing such boundaries, shall be filed with the State Lands Commission. Such filing shall be made prior to filing or taking any action under Chapter 6.6 (commencing with Section 54773), Part 1, Division 2, Title 5. The State Lands Commission shall approve or disapprove all portions of the boundaries located

upon tide or submerged lands and in making such determination it shall, where feasible and appropriate, require such extensions of the land boundaries of the city to be at right angles to the shoreline at each point of intersection of the shoreline with the land boundaries of the city, provided that, in the interest of insuring an orderly and equitable pattern of offshore boundaries, it may establish such other angle and such other courses for each such offshore boundary as it may deem necessary considering any irregularity of the shoreline, other geographical features, the effect of such offshore annexations on the uplands of the city and adjoining territory, and the existing and potential boundaries of other cities and of unincorporated communities.

Within 30 days after the filing of the boundary description and map with the State Lands Commission, said commission shall make a determination of the proper offshore boundaries. Said determination shall be final and conclusive. Failure to report within said time shall be deemed approval of the proposed offshore boundaries.

The State Lands Commission shall report its determination to the city, to such other person or persons, if any, as shall have filed said boundary description and map, and to the executive officer of the local agency formation commission. Thereafter, filings and action may be taken pursuant to Chapter 6.6 (commencing with Section 54773), Part 1, Division 2, Title 5. Pursuant to said Chapter 6.6 the local agency formation commission may review and make determinations as to all portions of the boundaries, other than said offshore boundaries.

SEC. 3. Section 35500.1 of said code is amended to read:

35500.1. No petition seeking the exclusion of territory from a city shall be circulated or filed, nor shall any public officer accept any such petition for filing until the approval of the local agency formation commission is first obtained pursuant to Chapter 6.6 (commencing with Section 54773), Part 1, Division 2, Title 5.

SEC. 4. Section 35550.1 of said code is amended to read:

35550.1. No petition seeking the exclusion of territory from a city shall be circulated or filed, nor shall any public officer accept any such petition for filing until the approval of the local agency formation commission is first obtained pursuant to Chapter 6.6 (commencing with Section 54773), Part 1, Division 2, Title 5.

SEC. 5. Section 35561.1 of said code is amended to read:

35561.1. In the case of territory which has been annexed by the city without the filing of a petition or request therefor signed by the owners of property within the territory annexed, but under proceedings initiated by the legislative body of the city on its own motion, and in which no notice of such proceedings was given to said property owners except constructive notice by publication or by posting, all of the territory so annexed shall be excluded from said city if, within two years after such annexation shall have been completed, a petition for

such exclusion shall be filed with the city clerk, addressed to the legislative body of said city, signed by the owners of property within said territory owning not less than 75 percent of the land in the territory by area and by assessed value, as shown on the last equalized assessment roll of the county in which the territory is situated.

No such petition shall be circulated or filed, nor shall any public officer accept any such petition for filing until the approval of the local agency formation commission is first obtained pursuant to Chapter 6 6 (commencing with Section 54773), Part 1, Division 2, Title 5.

Upon the filing of such petition with the city clerk, the legislative body of said city shall, at its next regular meeting or at any earlier meeting duly called for that purpose, examine said petition and, if it finds the same to be in compliance with this section, shall by ordinance exclude from said city all of the territory therein described which had been so annexed. In such case no election need or shall be called or held for the purpose of the exclusion of such territory. The clerk of the legislative body shall within 10 days after the passage of said ordinance, file with the Secretary of State and the board of supervisors a certified copy of said ordinance in the same manner as herein provided for the filing of a copy of a report and statement of election held under other provisions of this article, and upon such filing such exclusion shall be complete and the territory affected no longer a part of said city. If the city, prior to such exclusion, has incurred any expense for the construction or installation of any facilities or improvements on the property so excluded or for the furnishing of any service thereto, each owner of said property shall reimburse the city the full amount of such expense fairly attributable to his property, together with interest thereon at the rate of six (6) percent per annum from the date of the payment of such expense by the city. All amounts due on account of such reimbursement shall be a lien on the property affected, enforceable in the same manner as liens for city taxes. Said property shall also remain liable for its proportion of debts contracted by the city prior to such exclusion as provided by Section 35564 of this code.

The provisions of this section shall not apply to annexation proceedings heretofore approved by a final decision of a court of record in this state.

SEC. 6. Section 35561.4 of said code is amended to read:

35561.4. The legislative body of a city may initiate proceedings to exclude a portion of uninhabited territory annexed to the city as uninhabited territory on its own motion without requiring a petition. If it does, the resolution giving notice shall declare that proceedings have been initiated by the legislative body and set forth its reasons for desiring exclusion. No such resolution of intention shall be adopted until the approval of the local agency formation commission is first obtained pursuant to Chapter 6.6 (commencing with Section 54773), Part 1, Division 2, Title 5. The city council shall

set a public hearing to consider the proposed exclusion. If, on or before the time set for the public hearing, there has not been filed with the city clerk a protest by property owners representing fifty percent (50%) of the area and assessed value of land of the territory proposed for exclusion, the city council may by ordinance exclude the territory. In such case, no election need or shall be called or held for the purpose of exclusion of such territory. The clerk of the legislative body shall within ten (10) days after the passage of said ordinance file with the Secretary of State and the board of supervisors a certified copy of said ordinance in the same manner as herein provided for filing of a copy of a report and statement of election held under the provisions of this article; and, upon such filing, such exclusion shall be complete and the territory affected no longer a part of the city. If the city, prior to such exclusion, has incurred any expense for the construction or installation of any facilities or improvements on the property so excluded, each owner of said property shall reimburse the city the full amount of such expense, fairly attributable to his property, together with interest thereon at the rate of six percent (6%) per annum from the date of the payment of such expense by the city. All amounts due on account of such reimbursement shall be a lien on the property affected and enforceable in the same manner as liens for city taxes. Said property shall also remain liable for its proportion of debts contracted by the city prior to such exclusion as provided in Section 35564 of this code.

SEC. 7. Section 35113 of said code is amended to read:

35113. Within 15 days after such filing, the legislative body may adopt a resolution acknowledging receipt of the notice and approving the circulation of the petition.

If such studies are made, the commission may ask for land use information,

studies, and plans of cities and counties. Cities and counties shall comply with the request of the commission for such information and the commission shall make its studies available to cities and counties. In making these studies, the commission may cooperate with the county planning commissions.

Such information and studies shall be used by the commission as the basis for regular decisions on proposals over which it has jurisdiction. The commission may recommend governmental reorganizations to particular agencies in the county, using the above information as the basis for such recommendations. Such recommendations shall be made available, upon request, to other governmental agencies or to the public.

The commission, or the board of supervisors on behalf of the commission, is authorized to apply for or accept, or both, any financial assistance and grants-in-aid from public or private agencies or from the state or federal government or from a local government.

6. Who is not an inmate of a public institution except as a patient in a public medical institution.

(c) "County hospital" means a medical facility established and maintained by the board of supervisors of a county pursuant to Section 1441 of the Health and Safety Code.

(d) "Contract hospital" means a nonprofit medical facility licensed pursuant to Section 1401 of the Health and Safety Code, with which the board of supervisors of a county which does not maintain a county hospital has executed a contract, currently in effect, to care for medically indigent individuals

7. Who is not a recipient of old age security; provided, however, that this paragraph shall be inoperative to the extent that federal law permits a state, without loss of federal funds, to provide old age assistance benefits concurrently with medical assistance for the aged.

SEC. 2. Section 14501 of Division 9 of the Welfare and Institutions Code as proposed by Assembly Bill No. 1682 of the 1965 Regular Session is amended to read:

14501. As used in this chapter:

(a) "Medical assistance" means medical care, as defined in Section 14001 of this code, which is rendered in behalf of aged persons as provided by Section 14555 and the regulations of the department pursuant thereto.

3. Who does not own personal or real property, or both, in excess of the amount permitted for recipients of old age security.

4. Who is not a patient in an institution for tuberculosis or mental diseases.

5. Who is not a patient in a medical institution as a result of a diagnosis of tuberculosis or psychosis, except to the extent federal reimbursement is provided by Title I of the Federal Social Security Act.

6. Who is not an inmate of a public institution, except as a patient in a public medical institution.

(c) "County hospital" means a medical facility established and maintained by the board of supervisors of a county pursuant to Section 1441 of the Health and Safety Code.

(d) "Contract hospital" means a nonprofit medical facility, licensed pursuant to Section 1401 of the Health and Safety Code, with which the board of supervisors of a county which does not maintain a county hospital has executed a contract, currently in effect, to care for medically indigent individuals.

7. Who is not a recipient of old age security; provided, however, that this paragraph shall be inoperative to the extent that federal law permits a state, without loss of federal funds, to provide old age assistance benefits concurrently with medical assistance for the aged.

SEC. 3. Section 2 of this act shall become operative only if the revision of the Welfare and Institutions Code as proposed by Assembly Bill No. 1682 is enacted by the Legislature at its 1965 Regular Session, and in such case at the same time as Assembly Bill No. 1682 takes effect; at which time Section 4701 of the Welfare and Institutions Code as amended by Section 1 of this act is repealed.

Such an association may also perform administrative services in connection with any such program under contract with the federal government, the state, any agency of either, or any other entity.

SEC. 5. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

At the present time the federal government will not participate financially in the cost of medical assistance for the aged provided to any person who is a recipient of old age assistance. Federal legislation is now pending which would remove that

restriction during certain periods. This act will permit the state to take advantage of the new federal law, and, in order that it may do so as soon as that law is enacted, it is essential that this act go into effect immediately.

Section 403. Vacancies. If for any reason or cause a vacancy shall occur in any elective office, such vacancy shall be filled as follows:

(a) If such vacancy occurs one year or more before the next general municipal election, the Council shall immediately cause a special election to be held to fill the vacancy.

The past Mayors so acting may ap-

point one or more of their own number to serve temporarily as above provided.

Section 404. Compensation As compensation for their services, the Mayor and Councilmen shall each receive compensation at the respective rates in effect at the time this Charter becomes effective; provided, that these rates of compensation may be changed by majority vote of the electors of the City voting on such change at any City election at which the question of such change may be submitted by the Council or pursuant to the power of initiative, but no reduction in compensation for any such office shall affect the compensation of any person who holds the office at the time such question is voted upon, during the remainder of his then existing term of office. If, in any year, the Council fails to fix the rate of and levy ad valorem property taxes on or before the final date on which, by virtue of any applicable law or ordinance, such rate can effectively be fixed and such taxes can effectively be levied for such year, then the rate for the preceding fiscal year shall be deemed automatically adopted for the current fiscal year and a tax at such rate shall be deemed automatically levied on all taxable property in the City for such current fiscal year.

Section 1109. Tax Limits. Except as otherwise provided in this section, the annual levy of ad valorem property taxes by the Council for municipal purposes shall not exceed the rate of one dollar on each one hundred dollars of the assessed value, for purposes of City taxation, of taxable property in the City, unless authorized by the affirmative votes of a majority of those electors voting on a proposition to increase such levy at any election at which the question of such additional levy is submitted to the electors of the City. The term of years during which such additional levy may or shall be made shall be specified in any such proposition so submitted. Such propo-

sition may also restrict the use of the proceeds of the additional levy to a purpose or purposes specified in the proposition. Such a proposition may be so submitted by the Council on its own motion or the power of initiative may be used to require the submission of such a proposition.

The foregoing limit shall not apply to, and the Council shall levy and collect each year in the same manner as other property taxes for City purposes are levied and collected, a tax sufficient to pay, as the same fall due, all principal of and interest on any bonded indebtedness constituting a general obligation of the City; provided that nothing in this paragraph shall be construed to prevent the City from paying such principal or interest out of any other available revenues of the City.

The foregoing limit also shall not apply to, and the Council may levy and collect each year, taxes sufficient to provide for the establishment, operation and support of public parks, playgrounds and libraries, and the operation and support of other recreational, cultural and public assembly facilities.

Section 1110. Bonded Debt Limit. The City shall not incur an indebtedness evidenced by general obligation bonds which shall in the aggregate exceed fifteen percent of the total assessed value for purposes of City taxation of all the taxable real and personal property in the City. The City shall not incur any bonded indebtedness constituting a general obligation of the City unless such indebtedness is authorized by the affirmative votes of not less than two-thirds of those electors voting on the question of incurring such indebtedness at any election at which such question is submitted to the electors of the City.

Section 1111. Claims Against City. To the extent that pursuant to Section 10 of Article XI of the State Constitution the legislature has prescribed, by laws applicable to charter cities, procedures governing the presentation, consideration and enforcement of claims against cities or against officers, agents or employees thereof, such laws shall govern in such matters and shall, to the extent required by such laws, prevail over any provision of this Charter or any ordinance or regulation of the City which is inconsistent with such laws.

Section 1112. Demands. All demands against the City except claims for damage must be in writing, must specify the date, nature and amount of each item included therein, and may be in the form of a bill, invoice, payroll or formal demand. Each such demand shall be presented to the Director of Finance within one year after the last item of the account or claim accrued, or within such shorter time as is otherwise prescribed by law. The Director of Finance shall examine and audit each such demand. If the amount thereof is legally due and there remains on his books an unexhausted balance of an appropriation against which the same may be properly charged, he shall approve such demand and draw and issue a warrant on the City Treasurer therefor, payable out of the proper fund. Otherwise he shall reject it.

Each such demand rejected by the Director of Finance shall be transmitted to the Council and the Council may overrule the objection of the Director of Finance and order a warrant for the payment thereof drawn and issued; provided, that if the demand is one for an item for which there does not remain an unexhausted balance of an appropriation against which the same may be properly charged, the Council shall not order a warrant for the payment thereof drawn and issued until it has amended or supplemented the budget, as in this Charter provided, to make an appropriation against which such claim may be properly charged.

The Council may from time to time adopt such additional regulations as it may deem necessary for the orderly processing and payment of demands which regulations may include, but need not be limited to a requirement that certain types of demands or demands over a specified amount shall be approved by the City Administrator or by the Council before a warrant is issued in payment thereof.

The City Treasurer shall draw and issue a warrant, without approval of any body or officer, for payment of the principal of or interest on municipal or other bonds payable out of funds in the City Treasury, upon presentation and surrender of the bond or coupon evidencing the same.

Section 1113. Claims for Damage. Any claim for damages against the City, including any claim relating to a cause of action for death of, or for injury to, any person or for injury to property, shall be presented within the time, and shall be presented, considered and disposed of in the manner, specified by general law.

Section 1114. Registering Warrants. A warrant on the City Treasurer not paid for lack of funds shall be registered. All registered warrants shall be paid in the order of registration when funds are available therefor and shall bear interest from the date of registration at such rate as shall be fixed by the Council by resolution.

Section 1115. Actions Against City. No suit for money or damages shall be brought against the City or any officer, board of commission thereof, unless and until a claim or demand for the same has been presented as in this Charter provided any such claim or demand has been rejected in whole or in part.

Section 1116. Independent Audit. Within ninety days after the beginning of each fiscal year, the Council shall employ a certified public accountant, or firm of certified public accountants, who shall examine, at such time or times as may be specified by the Council, the books, records, inventories and reports of all officers and employees who receive, handle or disburse City moneys and the books, records, inventories and reports of such other officers, employees or departments as the Council may direct. The accountant shall make to the Council such periodic reports as the Council may direct, and as soon as practicable following the close of the fiscal year, he shall

make a final audit and report and present the same to the Council. The Council shall not employ any accountant who, or any firm of accountants any member or employee of which, holds any City office or other City position.

Such accountant shall have the right and power to examine any or all books, papers and other records of the City or of any officer, department, employee, board or commission thereof.

Article XII

REVENUE BONDS

Section 1201. Authority to Issue and Required Vote. The City shall have the power to issue revenue bonds for the purpose of financing the acquisition, construction, extension, improvement or repair of any municipal utility or other revenue producing facilities, except utilities or facilities for the production, distribution or sale of electricity or gas, but no such bonds shall be issued unless the same shall first be authorized by the affirmative vote of a majority of those electors voting on the question of incurring such indebtedness at any election at which such question is submitted to the electors of the City. The Council may issue and sell bonds so authorized, may fix the terms and conditions thereof, and may make, fix and establish such covenants, conditions, terms and provisions as it deems necessary or desirable to facilitate the issuance and sale of the bonds or for the protection and security of the holders thereof. Bonds issued pursuant to this article shall not be general obligations of the City but shall be payable, principal and interest, solely from revenues or other special funds specifically pledged to that purpose.

Article XIII

CONTRACTS

Section 1301. In General. Except as otherwise provided in this Charter, the City shall not be bound by any contracts unless the same shall be made in writing, shall be authorized by resolution of the Council or by an officer or department head of the City authorized to make such contract under authority delegated to him by the Council in accordance with the provisions of this Charter or by resolution of a board or commission authorized by this Charter to make such contract, and shall be signed on behalf of the City by the Mayor and City Clerk or by such one or more other officers or department heads as may be designated for that purpose by the Council or by the officer, department head, board or commission authorized to make such contract. The Mayor and City Clerk or any other officer or department head so designated to sign a contract shall sign the same when so directed by the Council, officer, department head, board or commission

having the power to authorize such contract. Before any contract on behalf of the City is executed the same shall be approved as to form by the City Attorney by his endorsement thereon; provided, that the City Attorney may in writing approve for use, with such exceptions as he may designate, purchase order forms and other standard contract forms, and in such event and until such approval is revoked by the City Attorney, contracts on behalf of the City of the type for which such form was approved may be made in such form without the necessity of individual endorsement by the City Attorney on each contract so made.

Nothing in this section, or elsewhere in this Charter, shall be construed to prevent the Council from authorizing and establishing for any office or department a petty cash or similar fund, not exceeding an amount specified by the Council out of which the officer or department head in charge of such office or department may make, or authorize the making of, purchases of supplies, materials or services not exceeding for any one item an amount specified by the Council.

Contracts for the sale of the products, commodities or services of any public utility owned, controlled or operated by the City may be made by the manager of such utility, by the head of the department in which such utility falls, or by the City Administrator, upon forms approved by the Council and approved as to form by the City Attorney and at rates fixed by the Council.

Section 1302. Centralized Purchasing. Subject to the provisions of this Charter, the Council shall establish a centralized purchasing system for all City offices and departments; provided, that the Council, if it deems it necessary, may except one or more offices or departments from said system. The Council by ordinance shall establish the office or position of Purchasing Agent or shall provide that some other officer or employee of the City shall act as Purchasing Agent. Subject to the provisions of this Charter the Council by ordinance shall adopt rules and regulations governing the contracting for, purchasing, storing, distribution, use and disposal of all supplies, materials, equipment and other property and service required by any office or department of the City. Subject to the provisions of this Charter the Council by ordinance may delegate to the Purchasing Agent, to the City Administrator, and to other officers or department heads of the City the power and duty to make purchases and other contracts on behalf of the City for which there is an unexpended or unencumbered appropriation in the budget, under such rules and regulations as the Council may prescribe, which rules and regulations may require such officer or department head to call for competitive bids in specified instances. The Board of Library Trustees may establish for the library department a separate system for the contracting for, purchasing, storing, distribution, use and disposal of books, journals, publications, maps, audio-visual equipment and other personal property peculiar to the operation of

the library department and in that event the provisions of this section shall not apply to the library department to the extent the provisions of this section are inconsistent with such separate system.

Section 1303. Contracts to Be Let by Council on Competitive Bidding. Every contract involving a project for the construction, improvement, or repair of public buildings, public works, streets, drains, sewers, utilities, parks or playgrounds, and every contract for the purchase of supplies or materials for any such project, where the total contract price for the same exceeds the sum of twenty-five hundred dollars, shall be let by the Council to the lowest responsible bidder after notice published in a newspaper in the City at least once not later than ten days before the time fixed for opening bids. In the event that there is no newspaper published in the City, then such notice shall be posted in three public places in the City at least ten days before the time fixed for opening bids.

Even though the total expenditures required for a project may exceed the sum of twenty-five hundred dollars, separate contracts may be let without competitive bidding if the contract or contracts involving the same project let to the same contractor do not in total exceed he sum of twenty-five hundred dollars.

The Council may reject any and all bids If no bids are received or if the Council determines that the bids received are not satisfactory, it may again advertise for bids in like manner or it may determine and declare that, in its opinion, based on estimates approved by the City Administrator, the work in question may be performed more economically by the City with its own employees or the supplies or materials may be purchased more economically on the open market, and if the Council so determines and declares by resolution it may proceed to have such work performed by the City with its own employees or such supplies or materials purchased in the open market, without further observance of the provisions of this section.

The provisions of this section shall not apply to any project for the maintenance or repair of public buildings, public works, streets, drains, sewers, utilities, parks or playgrounds if the Council determines that such work can be performed more economically by a City department than by contracting for the doing of such work. The provisions of this section also shall not apply to letting of any contract for work, supplies or material which the Council by the affirmative vote of at least four-fifths of its then members, finds to be urgently needed for the immediate preservation of life, health or property.

Section 1304. Illegal Interest in Contracts. No member of the Council or other officer or department head of the City shall have any financial interest in any contract, sale or transaction to which the City is a party if having such interest constitutes a violation of the State law pertaining to interest in contracts. Any such person having any such prohibited

interest shall be guilty of a misdemeanor, and upon conviction thereof, in addition to such penalties as may be imposed by the court, such person shall forfeit his office. Any contract, sale or transaction in which there shall be any such prohibited interest shall become void at the election of the City when so declared by resolution of the Council.

Article XIV

FRANCHISES

Section 1401. Requirement and Granting of Franchises. Any person, firm or corporation furnishing the City or its inhabitants with water, light, heat, electricity, gas, power, transportation, communication, refrigeration, storage, terminal facilities or any other public utility product or service, or traversing any portion of the City for the transmitting or conveying of any such product or service elsewhere, or using or occupying public streets, alleys, ways or places within the City for any such purpose or for any other purpose, shall, to the extent the State Constitution permits the City to so require, be required by ordinance to have a franchise from the City therefor. The Council may grant a franchise to any person, firm or corporation, whether operating under an existing franchise or not, and may prescribe the terms and conditions of any such grant, including the compensation to be paid to the City therefor. The Council may also provide, by procedural ordinance, the method of and procedure for the application for and granting of any such franchise and any other terms and conditions of such grants, or the making thereof, all subject to the provisions of this Charter.

Section 1402. Procedure. Before granting any franchise, the Council shall adopt a resolution declaring its intention to grant the same and stating the name of the proposed grantee, the character of the proposed franchise and the terms and conditions upon which it is proposed to be granted. Such resolution shall fix and set forth the day, hour and place when and where any person having any interest in or objecting to the granting of such franchise may appear before the Council and be heard thereon. Said resolution shall be published at least once, not less than ten days prior to said hearing, in a newspaper published in the City. In the event there is no newspaper published in the City, then said resolution shall be posted in three public places in the City at least ten days before said hearing.

Said hearing shall be held by the Council at the time and place so fixed and may be continued from time to time by order entered on the minutes. At said hearing the Council shall hear all persons desiring to be heard and shall pass upon all protests and its decision thereon shall be final and conclusive. Thereafter it may by ordinance grant the franchise on the terms and conditions specified in the resolution. No

ordinance granting any franchise shall be adopted as an urgency ordinance to take immediate effect but shall be subject to the power of referendum as in this Charter provided.

Section 1403. Term of Franchise. Every franchise shall state the term for which it is granted, which shall not exceed thirty-five years; provided, however, that a franchise granted for or in connection with a public utility subject to the jurisdiction, regulation and control of the State Public Utilities Commission may be indeterminate, that is to say, it may provide that it shall endure in full force and effect until the same, with the consent of said Public Utilities Commission or its successor, shall be voluntarily surrendered or abandoned by its possessor, or until the State of California, or some municipal or public corporation, thereunto authorized by law, shall purchase by voluntary agreement, or shall condemn and take under the power of eminent domain, all property actually used and useful in the exercise of such franchise and situated within the territorial limits of the State, municipal corporation or public corporation purchasing or condemning such property, or until such franchise shall be forfeited for noncompliance with its terms by its possessor.

Section 1404. Eminent Domain. No franchise, or grant of a franchise, shall in any way, or to any extent, impair or affect the right of the City to acquire the property of the possessor thereof by purchase or condemnation, and nothing therein contained shall be construed to contract away or to modify or abridge, either for a term or in perpetuity, the City's right of eminent domain with respect to the property of the possessor of any franchise. Every franchise granted by the City is granted upon the condition, whether expressed in the grant or not, that such franchise shall not be given any value before any court or other public authority in any proceeding of any character in excess of any amount actually paid by the grantee to the City at the time of the grant.

Section 1405. Right of City to Use Poles. In connection with the establishment, operation or maintenance by the City of any fire, police or other alarm, telephone or other communication system, the City shall have the right to use poles placed in the streets by any public utility company, whether or not such right has been expressly set forth and reserved in the franchise of such company.

Article XV

The provisions of the Elections Code of the State of California, as the same now exist or may hereafter be amended or superseded, governing the exercise of the powers of initiative and referendum in

cities, and governing the exercise of the power of recall of municipal officers, shall apply to the exercise of those powers in the City insofar as such provisions are not in conflict with the provisions of this Charter.

PROPOSITION C

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco to amend the charter of said city and county by amending Section 156.1

thereof, to delete requirement that permanent civil service employees who are transferred because of technological advances, automation, or installation of new equipment shall serve a new probationary period

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said city and county at an election to be held therein on June 2, 1964, a proposal to amend the charter of said city and county by amending Section 156.1 thereof, to read as follows:

Section 156.1. When, because of technological advances, automation, or the installation of new equipment a surplus of employees is created and a permanent civil service employee who has completed his probationary period is to be laid off, the civil service commission may transfer such employee to a position within his capacities to perform, whether or not within the classification for which he qualified for appointment. The civil service commission may administer any examinations which the commission deems advisable to test the capacity of such employee, and shall be the judge of the ability of the employee to perform the duties in the position to which transfer is to be made. The position to which transfer is to be made shall not be in a classification having a higher compensation schedule than the one from which he is transferred, and compensation in the position to which transferred shall be governed by the provisions of the salary standardization ordinance and the salary ordinance. Employees transferred under the provisions of this section may, with the approval of the civil service commission and the appointing officer involved, be returned to a vacancy in his former classification. The civil service commission shall adopt rules to carry out the intent of this section, and such rules shall govern all transfers made under the provisions of this section.

Proposition D

Describing and setting forth a proposal to the qualified electors of the City and County of San Francisco to amend the Charter of said city and county by adding Section 161.3 thereto, relating to absences due to evacuation or exclusion from the city and county because of Japanese ancestry as they relate to membership in the San Francisco City and County Employees' Retirement System.

The Board of Supervisors of the City and County of San Francisco hereby submits to the qualified electors of said city and county at an election to be held therein on June 2, 1964, a proposal to amend the charter of said city and county by adding Section 161.3 thereto, to read as follows:

Section 161.3. Absence commencing on or after December 7, 1941, of any member of the retirement system from city service caused by reason of his evacuation or exclusion from the city and county by an authorized military commander because such member was of Japanese ancestry shall not be

deemed to be absence from service for purposes of the retirement system, for the period of such absence, provided that he returned to city service within one year after the termination of his evacuation or exclusion, and provided further that upon his return to city service, and at times and in the manner prescribed by the retirement board, he elects to contribute to the retirement system amounts equal to the contributions which would have been made by him to the system on the basis of his compensation earnable at the commencement of his absence, if he had remained in city service.

Any member who makes the contributions as provided in the preceding paragraph shall receive credit under the retirement system for the absence as service in the same manner as if he had not been absent. If, however, a member does not affirmatively elect to make such contributions as herein provided, or if he affirmatively elects to make such contributions and defaults in any of the contributions due to the retirement system as herein provided, he shall be considered absent during the period for which no contributions are made, and he shall not receive credit in the retirement system as service for the city and county for such period; but the absence during such period shall not break the continuity of such service required of such member to entitle him to a retirement allowance as provided under the retirement system.

When a member makes the contributions as provided herein, the same contributions shall be made by the city and county in respect to such absence that would have been made by the city and county if the member had not been absent because of such evacuation or exclusion, except that such contributions shall be determined by the employer's rate of contribution in effect when such contributions are made, and on the basis of his compensation earnable at the commencement of his absence.

(b) There shall be levied and collected at the same time and in the same manner as other property taxes for municipal purposes are levied and collected, as additional taxes not subject to the above limitation, if no other provision for payment thereof is made,:

1. A tax sufficient to meet all liabilities of the City of principal and interest of all bonds and judgments due and unpaid, or to become due during the ensuing fiscal year, which constitute general obligations of the City; and

2. A tax sufficient to meet all obligations of the City under the State Employees' Retirement System, the Federal Insurance Contributions Act, or other plan, for the retirement of City employees, due and unpaid or to become due during the ensuing fiscal year.

If the City Council fails to fix the rate and levy taxes on or before August 31 in any year, the rate for the next preceding fiscal year shall thereupon be automatically adopted and a tax at such rate shall be deemed to have been levied on all taxable property in the City for the current fiscal year.

Section 1209. Bonded Debt Limit. The City shall not incur an indebtedness evidenced by general obligation bonds which shall in the aggregate exceed the sum of fifteen per-cent of the total assessed valuation, for purposes of City taxation, of all the real and personal property within the City.

Section 1210. Revenue Bonds. Bonds which are payable only out of such revenues as may be specified in such bonds may be issued when the City Council by ordinance shall have established a procedure for the issuance of such bonds. Such bonds, payable only out of revenues, shall not constitute an indebtedness or general obligation of the City. No such bonds payable out of revenues shall be issued without the assent of a majority of the voters voting upon the proposition for issuing the same at an election at which such proposition shall have been duly submitted to the qualified electors of the City.

It shall be competent for the City to make contracts and covenants for the benefit of the holders of any such bonds payable only from revenues and which shall not constitute a general obligation of the City for the establishment of a fund or funds, for the maintaining of adequate rates or charges, for restrictions upon further indebtedness payable out of the same fund or revenues, for restrictions upon transfer out of such fund, and other appropriate covenants. Except as hereinafter expressly provided, every contract involving an expenditure of more than Two Thousand Five Hundred Dollars ($2,500.00) for the construction or improvement (excluding maintenance and repair) of public buildings, works, streets, drains, sewers, utilities, parks and playgrounds, and each separate purchase of materials or supplies for the same, where the expenditure required for such purchase shall exceed the sum of Two Thousand Five Hundred Dollars ($2,500.00), shall be let to the lowest responsible bidder after notice by publication in the official newspaper by two or more insertions, the first of which shall be at least ten days before the time for opening bids.

The City Council may reject any and all bids presented and may readvertise in its discretion. After rejecting bids, or if no bids are received, or without advertising for bids if the total amount of the contract or project is $5,000 or less, then the City Council may declare and determine that in its opinion, the work in question may be performed better or more economically by the City with its own employees, or that the materials or supplies may be purchased at a lower price in the open market, and after the adoption of a resolution to this effect by the affirmative votes of a majority of the total members of the City Council, it may proceed to have said work done or such materials or supplies purchased in the manner stated, without further observance of the provisions of this Section. Such contracts may be let and such purchases made without advertising for bids, if such work or the purchase of such materials or supplies shall be deemed by the City Council to be of urgent necessity for the preservation of life, health or property, and shall be authorized by the affirmative votes of at least two-thirds of the total members of the City Council.

Projects for the extension, construction or improvement of any public utility system operated by the City or for the purchase of supplies or equipment for any such project or any such utility may be excepted from the requirements of this Section by the affirmative vote of a majority of the total members of the City Council.

Section 1212. Cash Basis Fund. The City Council may maintain a revolving fund, to be known as the "Cash Basis Fund", for the purpose of placing the payment of the running expenses of the City on a cash basis. A balance may be built up in this fund from any available sources in an amount which the City Council deems sufficient with which to meet all lawful demands against the City for the first five months, or other necessary period, of the succeeding fiscal year prior to the receipt of sufficient revenues. Transfers may be made by the

City Council from such fund to any other fund or funds of such sum or sums as may be required for the purpose of placing such funds, as nearly as possible, on a cash basis All money so transferred from the Cash Basis Fund shall be returned thereto before the end of the fiscal year.

Section 1213. Capital Outlays Fund. A fund for capital outlays generally is hereby created, to be known as the "Capital Outlays Fund" and to be a continuation of any existing Capital Outlays Fund. The City Council may create by ordinance a special fund or funds for a special capital outlay purpose. The City Council may levy and collect taxes for capital outlays and may include in the annual tax levy a levy for such purposes in which event it must apportion and appropriate to any such fund or funds the moneys derived from such levy. It may not, in making such levy, exceed the maximum tax rate provided for in this Charter, unless authorized by the affirmative votes of a majority of the electors voting on the proposition at any election at which such question is submitted. The City Council may transfer to any such fund any unencumbered surplus funds remaining on hand in the City at any time.

Once created, such fund shall remain inviolate for the purpose for which it was created; if for capital outlays generally, then for any such purposes, and if for a special capital outlay, then for such purpose only, unless the use of such fund for some other capital outlay purpose is authorized by the affirmative votes of a majority of the electors voting on such proposition at a general or special election at which such proposition is submitted.

If the purpose for which any special capital outlay fund has been created has been accomplished, the City Council may transfer any unexpended and unencumbered surplus remaining in such fund to the fund for capital outlays generally, established by this Charter.

Section 1214. Treasurer's Departmental Trust Fund. The City Council may prescribe by ordinance for the setting up of a Treasurer's Departmental Trust Fund into which the collections of the police department, license collector, building department and other officers and departments authorized to make collections, may be deposited at frequent intervals during each month, with advice of each deposit being furnished to the City Treasurer and Director of Finance. The City Treasurer shall make withdrawals from such a fund only on order signed by the Director of Finance and for the following purposes:

(a) Making a refund of bail, which has been exonerated, or other refundable deposits.

(b) Revolving fund advances authorized by the City Council.

(c) Correction of clerical or ministerial errors in the receipt of payments to the City.

(d) Making settlements with City funds at the end of each calendar month for collections accumulated during the month.

Section 1215. Other Funds. The City Council may establish by ordinance such other funds, not inconsistent with the provisions of this Charter, as it may consider appropriate or desirable.

Section 1216. Claims and Demands. Presentation and Payment. Procedures prescribed by the State Legislature governing the presentation, consideration and enforcement of claims against chartered cities or against officers, agents and employees thereof shall apply to the presentation, consideration and enforcement of claims against the City.

In the absence of applicable procedures prescribed by the State Legislature, and to the extent that the same are not inconsistent therewith, the following provisions of this Section shall govern the presentation, processing and payment of all claims and demands against the City.

All claims for damages against the City must be presented to the City Clerk within one hundred days after the occurrence, event or transaction from which the damages allegedly arose, or within such shorter time as is otherwise provided by law, and shall set forth in detail the name and address of the claimant, the time, date, place and circumstances of the occurrence and the extent of the injuries or damages sustained. All such claims shall be approved or rejected in writing by order of the City Council and the date thereof given.

All other demands against the City must be in writing and may be in the form of a bill, invoice, payroll, or formal demand. Each such demand shall be presented to the Director of Finance within one hundred days after the last item of the account or claim accrued. The Director of Finance shall examine the same. If the amount thereof is legally due and there remains on his books an unexhausted balance of an appropriation against which the same may be charged, he shall approve such demand and draw his warrant on the City Treasurer therefor, payable out of the proper fund. Otherwise he shall reject it. Objections of the Director of Finance may be overruled by the City Council and the warrant ordered drawn.

The Director of Finance shall transmit such demand, with his approval or rejection thereof endorsed thereon, and warrant, if any, to the City Manager. If a demand is one for an item included within an approved budget appropriation, it shall require the approval of the City Manager before payment; otherwise it shall require the approval of the City Council, following the adoption by it of an amendment to the budget authorizing such payment. Any person dissatisfied with the refusal of the City Manager to approve any demand, in whole or in part, may present the same to the City Council which, after examining into the matter, may approve or reject the demand in whole or in part.

Section 1217. Actions Against City. No suit shall be brought for money or damages against the City or any board,

commission or officer thereof on any cause of action for which this Charter or the general law requires a claim to be presented, until a claim or demand for the same has been presented as in this Charter provided and such claim and demand has been rejected in whole or in part. If rejected in part suit may be brought to recover the whole. Failure to complete action approving or rejecting any claim or demand within sixty days from the day the same is presented shall be deemed a rejection thereof.

Section 1218. Registering Warrants. Warrants on the City Treasurer which are not paid for lack of funds shall be registered. All registered warrants shall be paid in the order of their registration when funds therefor are available and shall bear interest from the date of registration at such rate as shall be fixed by the City Council by resolution.

Section 1219. Independent Audit. The City Council shall employ at the beginning of each fiscal year, an independent certified public accountant who shall, at such time or times as may be specified by the City Council, at least annually, and at such other times as he shall determine, examine the books, records, inventories and reports of all officers and employees who receive, handle or disburse public funds and of all such other officers, employees or departments as the City Council may direct. As soon as practicable after the end of the fiscal year, a final audit and report shall be submitted by such accountant to the City Council, one copy thereof to be distributed to each member, one to the City Manager, Director of Finance, Treasurer, and City Attorney, respectively, and sufficient additional copies of the audit shall be placed on file in the office of the City Clerk where they shall be available for inspection by the general public, and a copy of the financial statement as of the close of the fiscal year shall be published in the official newspaper.

General municipal elections for the election of officers, except members of the Board of Education, and for such other purposes as the City Council may prescribe shall be held in the City on the second Tuesday in April in each even numbered year. The first such general municipal election shall be held on the second Tuesday in April, 1966.

Section 1302. Procedure for Holding Elections. All elections shall be held in accordance with the provisions of the Elections Code of the State of California, as the same now exist or hereafter may be amended, for the holding of municipal elections so far as the same are not in conflict with this Charter.

Section 1303. Initiative, Referendum and Recall. There are hereby reserved to the electors of the City the powers of the initiative and referendum and of the recall of municipal elective officers. The provisions of the Elections Code of the State of California, as the same now exist or hereafter may be amended, governing the initiative and referendum and the recall of municipal officers, shall apply to the use thereof in the City so far as such provisions of the Elections Code are not in conflict with the provisions of this Charter.

Section 1304. Electors Signing Petitions. The electors signing any petition for the nomination of any person to the office of Councilman or for the recall of any person from such office shall be residents of the district from which such person is to be nominated or has been elected. Only the names of electors who are residents of such district shall be counted in determining the sufficiency of any such petition.

Section 1305. Districts Defined. The City is hereby divided into five districts, the names and respective boundaries of which shall be as follows:

Councilmanic District number one: All that territory lying southerly of the center line of the Southern Pacific Railroad, Santa Ana Branch, and easterly of the center line of Downey Avenue within the boundaries of the City.

Section 1306. Amending District Boundaries. At least once each ten years, the City Council shall appoint a committee to study and report to the City Council on the advisability of redistricting the City. Upon receipt of any such committee report, and at any other time deemed necessary or desirable in order that the district boundaries be fair and logical, the City Council may by ordinance change and redefine the boundaries of any or all of the districts herein established. The boundaries so defined shall be established in such manner that the districts shall, as nearly as practicable, constitute natural areas of contiguous and compact territory and

provide fair representation on the City Council. Any territory hereafter annexed to or consolidated with the City shall, at the time of such annexation or consolidation, be added by ordinance of the City Council to an adjacent district or districts.

Article XIV Franchises

Section 1400. Granting of Franchises. Any person, firm or corporation furnishing the City or its inhabitants with transportation, communication, terminal facilities, water, light, heat, electricity, gas, power, refrigeration, storage or any other public utility or service, or using the public streets, ways, alleys or places for the operation of plants, works or equipment for the furnishing thereof, or traversing any portion of the City for the transmitting or conveying of any such service elsewhere, may be required by ordinance to have a valid and existing franchise therefor. The City Council is empowered to grant such franchise to any person, firm or corporation, whether operating under an existing franchise or not, and to prescribe the terms and conditions of any such grant. It may also provide by procedural ordinance, the method of procedure and additional terms and conditions of such grants, or the making thereof, all subject to the provisions of this Charter.

Nothing in this Section, or elsewhere in this Article, shall apply to the City, or to any department thereof, when furnishing any such utility or service.

Section 1401. Resolution of Intention. Notice and Public Hearing. Before granting any franchise, the City Council shall pass a resolution declaring its intention to grant the same, stating the name of the proposed grantee, the character of the franchise and the terms and conditions upon which it is proposed to be granted. Such resolution shall fix and set forth the day, hour and place when and where any persons having any interest therein or any objection to the granting thereof may appear before the City Council and be heard thereon. It shall direct the City Clerk to publish said resolution at least once, within fifteen days of the passage thereof, in the official newspaper. The time fixed for such hearing shall not be less than twenty nor more than sixty days after the passage of said resolution.

At the time set for the hearing the City Council shall proceed to hear and pass upon all protests and its decision thereon shall be final and conclusive. Thereafter it may by ordinance grant the franchise on the terms and conditions specified in the resolution of intention to grant the same, subject to the right of referendum of the people, or it may deny the same. If the City Council shall determine that changes should be made in the terms and conditions upon which the franchise is proposed to be granted, a new resolution of intention shall be adopted and like proceedings had thereon.

Section 1402. Terms of Franchise. Every franchise shall state the term for which it is granted, which, unless it be in-

determinate as provided for herein, shall not exceed twenty-five years.

A franchise grant may be indeterminate, that is to say, it may provide that it shall endure in full force and effect until the same, with the consent of the Public Utilities Commission of the State of California, shall be voluntarily surrendered or abandoned by its possessor, or until the State of California, or some municipal or public corporation, thereunto duly authorized by law, shall purchase by voluntary agreement or shall condemn and take, under the power of eminent domain, all property actually used and useful in the exercise of such franchise and situate within the territorial limits of the State, municipal or public corporation purchasing or condemning such property, or until the franchise shall be forfeited for noncompliance with its terms by the possessor thereof.

Section 1403. Grant to be in Lieu of All Other Franchises. Any franchise granted by the City with respect to any given utility service shall be in lieu of all other franchises, rights or privileges owned by the grantee, or by any successor of the grantee to any right under such franchise, for the rendering of such utility service within the limits of the City as they now or may hereafter exist, except any franchise derived under Section 19 of Article XI of the Constitution of California as said section existed prior to the amendment thereof adopted October 10, 1911. The acceptance of any franchise hereunder, shall operate as an abandonment of all such franchises, rights and privileges within the limits of the City as such limits shall at any time exist, in lieu of which such franchise shall be granted.

Any franchise granted hereunder shall not become effective until written acceptance thereof shall have been filed by the grantee thereof with the City Clerk. Such acceptance shall be filed within ten days after the adoption of the ordinance granting the franchise, or any extension thereof granted by the City Council, and when so filed, such acceptance shall constitute a continuing agreement of such grantee that if and when the City shall thereafter annex, or consolidate with, additional territory any and all franchises, rights and privileges owned by the grantee therein, except a franchise derived under said constitutional provision, shall likewise be deemed to be abandoned within the limits of such territory. No grant of any franchise may be transferred or assigned by the grantee except by consent in writing of the City Council and unless the transferee or assignees thereof shall covenant and agree to perform and be bound by each and all of the terms and conditions imposed in the grant or by procedural ordinance and by this Charter.

Section 1404. Eminent Domain. No franchise grant shall in any way, or to any extent, impair or affect the right of the City to acquire the property of the grantee thereof either by purchase or through the exercise of the right of eminent domain, and nothing herein contained shall be construed to con-

tract away or to modify or to abridge, either for a term or in perpetuity, the City's right of eminent domain with respect to any public utility.

Section 1405. Duties of Grantees. By its acceptance of any franchise hereunder, the grantee shall covenant and agree to perform and be bound by each and all of the terms and conditions imposed in the grant, or by procedural ordinance and shall further agree to:

(a) Comply with all lawful ordinances, rules and regulations theretofore or thereafter adopted by the City Council in the exercise of its police power governing the construction, maintenance and operation of its plants, works or equipment.

(b) Pay to the City on demand the cost of all repairs to public property made necessary by any of the operations of the grantee under such franchise.

(c) Indemnify and hold harmless the City and its officers from any and all liabilities for damages proximately resulting from any operations under such franchise.

(d) Remove and relocate without expense to the City any facilities installed, used and maintained under the franchise if and when made necessary by any lawful change of grade, alignment or width of any public street, way, alley or place, including the construction of any subway or elevated transit facilities, or if the public health, comfort, welfare, convenience, or safety so demands.

(e) Pay to the City during the life of the franchise a percentage, to be specified in the grant, of the gross annual receipts of the grantee within the limits of the City, or such other compensation as the City Council may prescribe in the grant.

Section 1406. Exercising Rights Without Franchise. The exercise by any person, firm or corporation of any privilege for which a franchise is required, without possessing a valid and existing franchise therefor, shall be a misdemeanor and shall be punishable in the same manner as violations of this Charter are punishable and each day that such condition continues to exist shall constitute a separate violation.

This department shall consist of a Director of Oil Properties and such assistants, deputies, clerks, attaches and other employees that the City Council may from time to time prescribe and authorize. The Director of Oil Properties shall be appointed, with the confirmation of the City Council, by the City Manager, and shall serve during the pleasure of the City Manager. The Director of Oil Properties shall appoint, with the

approval of the City Manager, all assistants, deputies, clerks, attaches and other employees of said department, who shall serve during the pleasure of the City Manager, subject to the provisions of Article XI of this charter.

(b) Subject to the supervision and control of the City Manager in all matters, the Director of Oil Properties shall have charge of and be responsible for the administration of the drilling for, developing, producing, extracting, processing, taking or removing, storing and disposing of oil, gas and other hydrocarbon substances by the City of Long Beach to the extent reserved to said City in any and all leases, contracts or other agreements between said City and other persons, firms, corporations or associations pursuant to the provisions of this charter. The Director of Oil Properties shall also have charge of and be responsible for the administration of all subsidence control and pressure maintenance programs, and shall perform such other duties as may be required of him by this charter, by the City Manager, or by ordinance adopted by the City Council.

Sec 316. The power of the City to drill for, develop, produce, extract, process, take or remove, store and dispose of oil, gas and other hydrocarbon substances, of whatsoever kind, from, under, across or through any and all lands, including all tide and submerged lands, whether filled or unfilled, and whether such lands belong to the City of Long Beach, or whether such lands be those in or from which the City may now or hereafter have the right so to drill for, develop, produce, extract, process, take or remove, store and dispose of oil, gas and other hydrocarbon substances, shall be exercised by such means, or methods, or in such manner as the City Council may authorize, including, but not limited to, the following:

(1) By agreements permitting other persons, firms, corporations or associations to drill for, develop, produce, extract, process, take or remove, store or dispose of oil, gas or other hydrocarbon substances for and in consideration of a division of the proceeds, if any, of such operations.

(2) By agreements with other persons, firms, corporations or associations whereby the City of Long Beach shall pay a cash consideration for the performance of such agreements; and

(3) Directly by employees of the City under the supervision and direction of the City Manager.

Provided, that any and all agreements referred to in subsections (1) and (2) of this section shall be subject to the provisions of section 317 of this charter; and provided that any and all agreements referred to in subsection (1) of this section shall be for a term or period as the City Council may determine, however, not to exceed such as shall be provided by law, if any, and an adequate portion of the proceeds shall at all times be reserved to the City of Long Beach and the full and sole consideration to the respective parties to such agreements shall

be the apportionment to such parties of the proceeds, if any, from the operations provided for by such agreements.

Provided, further, that before such power may be exercised as to tide and submerged lands, whether filled or unfilled, or as to such lands as are held subject to the tideland trust, said City Council, as to such lands outside the Harbor District, and the Board of Harbor Commissioners, as to such lands within the Harbor District, shall first determine, by resolution, that such lands, or parts thereof, intended to be so used are not required, and with reasonable certainty will not be required, for a period of thirty-five (35) years or for such term or period of the lease, contract or other agreement between the City of Long Beach and other persons, firms, corporations or associations pursuant to which such powers may be exercised and relating to such lands or parts thereof, for the promotion or development of commerce, navigation or fishery.

With respect to tide and submerged lands, whether filled or unfilled, if the City Council shall elect to drill for, develop, produce, extract, process, take or remove, store and dispose of oil, gas and other hydrocarbon substances directly by its own employees and under its own supervision and direction, or by agreements with other persons, firms, corporations or associations, whereby the City of Long Beach shall pay a cash consideration for the performance of such agreements, said City Council may commence and prosecute such operations by using moneys derived from, or allocated or assigned to, or attributable to production from or allocated or assigned to all tide and submerged lands granted to the City by the State of California and to any lands within the city limits of the City of Long Beach belonging to the City and which were purchased or acquired, in whole or in part, by use of tideland trust moneys.

Sec. 317. (a) The City Council may authorize and direct the execution of leases, contracts or other agreements between the City of Long Beach and other persons, firms, corporations or associations to drill for, develop, produce, extract, process, take or remove, store and dispose of oil, gas and other hydrocarbon substances from, under, across or through any and all lands including tide and submerged lands, whether filled or unfilled, belonging to the City of Long Beach, or such lands in or from which the City may now or hereafter have the right so to drill for, develop, produce, extract, process, take or remove, store and dispose of oil, gas and other hydrocarbon substances for the term or period in each instance not to exceed such as provided by law; provided, any such lease, contract or other agreement shall be made and entered into with the highest responsible bidder upon competitive bidding in the manner and form as shall be approved by said City Council, after publication of notice calling for bids in the official newspaper of the City; provided, further, that with respect to such leases, contracts or other agreements relating to such tide and submerged lands, whether filled or unfilled,

that all specifications and forms for the purpose of inviting bids in connection therewith shall be approved by the State Lands Commission prior to publication of notice to bidders, that such leases, contracts or other agreements shall be of no effect unless and until approved by said State Lands Commission, that such leases, contracts or other agreements shall include all provisions necessary to assure compliance with the requirements of applicable laws of the State of California, including Chapter 29, Statutes of 1956, First Extraordinary Session, and Chapter 138, Statutes of 1964, First Extraordinary Session, or such as may be lawfully required by subsequently enacted legislation, as such legislation is, has been or may hereafter be construed by the courts having jurisdiction thereof; nor shall such leases, contracts or other agreements be modified or amended in any respect without the advance consent of said State Lands Commission thereto; provided, further, said City Council may authorize the execution of any such lease, contract or other agreement between the City and other persons, firms, corporations or associations, including such lands, other than tide and submerged lands granted to the City by the State of California, in a community lease embracing adjoining lands not belonging to the City without such competitive bidding.

Notwithstanding the competitive bidding requirement hereinabove provided, the City Council may, by negotiation and without resort to competitive bidding, extend the term of any lease, contract or other agreement providing for the drilling for, developing, producing, extracting, processing, taking or removing, storing and disposing of oil, gas or other hydrocarbon substances, and, in connection therewith, amend and modify the provisions, conditions and limitations thereof, including any provision for the division of the proceeds from oil and gas operations conducted thereunder, concerning the lands above referred to, except as to those leases, contracts or other agreements relating to the exploration and development of the tide and submerged lands granted to the City by the State of California as hereinafter in this subdivision (a) referred to; provided, however, that any such extension of term, including the existing unexpired term of any such lease, contract or other agreement, shall not exceed twenty-five (25) years.

The City Council shall not have the power, by negotiation, to extend the term, as the same is presently provided, in either or both of the following tide and submerged lands drilling and operating contracts:

(1) Richfield Oil Corporation Parcel "A", dated March 12, 1947, and recorded August 15, 1947, in Book 24847 at page 252, Official Records in the Office of the County Recorder of Los Angeles County, California;

(2) Drilling and Operating Contract (Long Beach Harbor Department Tidelands Parcel) entered into as of the 21st day of March, 1964, by and between Signal Oil and Gas Company,

Standard Oil Company of California, Humble Oil & Refining Company, Continental Oil Company, CM Oil Company, and Long Beach Oil Development Company, therein collectively referred to as the "Contractor", and Board of Harbor Commissioners of the City of Long Beach, for and on behalf of the City of Long Beach, and on its own behalf in its official capacity, therein referred to as the "City", or in any other lease, contract or other agreement providing for the drilling for, developing, producing, extracting, processing, taking or removing, storing and disposing of oil, gas or other hydrocarbon substances from the tide and submerged lands granted to the City by the State of California.

The power of extension hereby conferred is in addition to all other powers possessed by the City Council with respect to any such lease, contract or other agreement heretofore entered into and this subdivision is not intended, nor should it be construed, as divesting or in any manner diminishing any power which the City Council now has, with respect to matters not involving an extension of term, to amend or modify any such lease, contract or other agreement for the remainder of the term thereof.

(b) Notwithstanding the determination requirement contained in the second unnumbered paragraph of section 316, or the limitation as to term contained in subdivision (a) of this section, the City Council may enter into cooperative or unit agreements with respect to the lands or any interest in lands referred to in subdivision (a) of this section, all as more particularly hereinafter provided.

Whenever the City Council may determine it is in the interest of safeguarding life, health, welfare or property, or that the subsidence or sinking of any of said lands or abutting lands may possibly be arrested or ameliorated thereby, or that it is in the interest of increasing the ultimate recovery of oil or gas from such lands or of the protection of the oil or gas in said lands from unreasonable waste, provision may be made in any lease, contract or other agreement so as to provide, and any existing lease, contract or other agreement may be amended so as to provide, that any such lands may, at the direction of the City Council, be included in a cooperative or unit agreement with other lands belonging to the City, or with other lands not belonging to the City, for the purpose of bringing about the cooperative development or operation of all or a part or parts of the oil and gas field in which such lands are located, or for the purpose of bringing about the development or operation of all or a part or parts of such field as a unit, or for the purpose of fixing the time, location and manner of drilling and operating of wells for the production of oil or gas, or providing for the return or injection of gas, water or other substances into the subsurface of the earth. In the event the City Council determines that any such lands, including lands not subject to any lease, contract or other agreement, should be included in such a cooperative

or unit agreement, the City Council shall have the power to negotiate and authorize the execution of all agreements necessary to effectuate, implement or modify such arrangement, including the power to bind and commit any such lands to a cooperative or unit agreement for the full term thereof and irrespective of the termination date of any lease, contract or other agreement then in effect as to such lands. The term of any such cooperative or unit agreement may be for such period or periods, including indefinite periods, as the City Council shall determine, and the competitive bidding provisions in this charter prescribed shall not apply to the making, implementation or modification of any such cooperative or unit agreement. The provisions of any existing lease, contract or other agreement between the City Council, the Board of Harbor Commissioners or the Board of Water Commissioners and any other person, firm, corporation or association relating to the drilling for, developing, producing, extracting, processing, taking or removing, storing and disposing of oil, gas or other hydrocarbon substances derived from the lands which are subject to such agreement may be amended, by negotiation and without resort to competitive bidding, to the extent the City Council shall determine is necessary or desirable in order to institute or effectuate such a cooperative or unit agreement; provided, however, no such amendment and no such cooperative or unit agreement nor any subsequent modification or amendment thereof, shall ever be construed as having the effect, either directly or indirectly, of extending the term of any lease, contract or other agreement then in effect as to such lands beyond the termination date therein expressly provided, but the foregoing shall not prevent the City Council from extending the term of any such lease, contract or other agreement as permitted by this charter or applicable law.

Before any tide or submerged lands, whether filled or unfilled, may be included in or committed to any cooperative or unit agreement, or before any modification or amendment of any cooperative or unit agreement which includes such lands may be made

1. The City Council, as to such lands outside the Harbor District, and the Board of Harbor Commissioners, as to such lands within the Harbor District, shall first determine, by resolution, that the surface of such lands, or that portion of the surface intended to be utilized, is not required, and with reasonable certainty will not be required, during the term of the proposed cooperative or unit agreement for the promotion or development of commerce, navigation or fishery; and

2. The State Lands Commission shall approve of any such agreement or any amendments thereto or modifications thereof.

Notwithstanding any other subdivision or section in this charter, the power of the City Council to enter into unit or cooperative agreements as hereinabove granted shall include the power to do such acts or things and to incur such commitments and obligations as are customary in unit or cooperative

agreements. Without limiting the generality of the foregoing, the City Council shall have the right and power, anything to the contrary in section 254 of this charter notwithstanding, to give customary indemnities, liens on production, and other rights to the operator and other parties to the cooperative or unit agreement, and to share in the expenses of any such cooperative or unit agreement.

No agreement providing for a cooperative or unit development plan shall be authorized, the effect of which would permit the construction or installation of derricks, machinery or apparatus on the surface of any land for the purpose of drilling for, pumping or producing oil, gas or other hydrocarbon substances in any area of the City in which such operations shall then be prohibited by regulatory or initiative ordinance.

Sec 318. With respect to any and all leases, contracts or other agreements, including cooperative or unit agreements, relating to the drilling for, developing, producing, extracting, processing, taking or removing, storing and disposing of oil, gas or other hydrocarbon substances, heretofore entered into pursuant to the provisions of this charter, wherein the Board of Harbor Commissioners or the Board of Water Commissioners shall be a party thereto, the City Council shall be deemed to be, and shall constitute, the Board of Harbor Commissioners and the Board of Water Commissioners and shall act in the place and stead thereof, and the City Manager shall be deemed to be, and shall constitute, the General Manager of the Harbor Department or the General Manager of the Water Department and all powers and duties therein conferred or imposed upon said respective general managers are hereby conferred and imposed upon the City Manager, who may delegate the exercise of such powers and duties to the Director of Oil Properties.

With respect to the aforementioned leases, contracts and other agreements wherein the Board of Harbor Commissioners or the Board of Water Commissioners are parties thereto, the duties and functions pertaining thereto as shall devolve upon the City Council by reason of the provisions of this section may be delegated by the City Council to the City Manager or his designated representative from time to time, by ordinance, resolution or minute order. With respect to the duties and functions of the City Council relating to any other leases, contracts or other agreements, including cooperative or unit agreements, pertaining to the drilling for, developing, producing, extracting, processing, taking or removing, storing or disposing of oil, gas or other hydrocarbon substances entered into by the City of Long Beach pursuant to the provisions of this charter, such duties and functions may also be delegated by the City Council to the City Manager or his designated representative from time to time, by ordinance, resolution or minute order. A report of any action taken by the City Manager or his designated representative in accordance with such delegation by the City Council shall be submitted by the City Manager to the

City Council at its next regular meeting thereafter, and such action taken shall be deemed approved, confirmed and ratified, in the absence of action contrary thereto, by said City Council at said meeting.

Section 1210. Revenue Bonds. Bonds which are payable only out of such revenues as may be specified in such bonds may be issued when the City Council by ordinance shall have established a procedure for the issuance of such bonds. Such bonds, payable only out of revenues, shall not constitute an indebtedness or general obligation of the City. No such bonds payable out of revenues shall be issued without the assent of a majority of the voters voting upon the proposition for issuing the same at an election at which such proposition shall have been duly submitted to the qualified electors of the City.

It shall be competent for the City to make contracts and covenants for the benefit of the holders of any such bonds payable only from revenues and which shall not constitute a general obligation of the City for the establishment of a fund or funds, for the maintaining of adequate rates or charges, for restrictions upon further indebtedness payable out of the same fund or revenues, for restrictions upon transfer out of such fund, and other appropriate covenants. Money placed in any such special fund for the payment of principal and/or interest on any issue of such bonds or to assure the application thereof to a specific purpose shall not be expended for any other purpose whatever except for the purpose for which such special fund was established and shall be deemed segregated from all other funds of the City and reserved exclusively for the purpose for which such special fund was established until the purpose of its establishment shall have been fully accomplished

The City Council may reject any and all bids presented and may readvertise in its discretion. After rejecting bids, or if no bids are received, or without advertising for bids if the total amount of the contract or project is less than Five Thousand Dollars ($5,000.00), the City Council may declare and determine that in its opinion, the work in question may be performed better or more economically by the City with its own employees, or that the materials or supplies may be purchased at a lower price in the open market, and after the adoption of a resolution to this effect by the affirmative votes of a majority of the total members of the City Council, it may proceed to have said work done or such materials or supplies purchased

in the manner stated without further observance of the provisions of this Section. Such contracts may be let and such purchases made without advertising for bids if such work or the purchase of such materials or supplies shall be deemed by the City Council to be of urgent necessity for the preservation of life, health or property, and shall be authorized by the affirmative votes of at least two-thirds of the total members of the City Council.

Projects for the extension, replacement or expansion of the transmission or distribution system of any existing public utility operated by the City or for the purchase of supplies or equipment for any such project or any such utility may be excepted from the requirements of this Section by the affirmative vote of a majority of the total members of the City Council.

Transfers may be made by the City Council from such fund to any other fund or funds of such sum or sums as may be required for the purpose of placing such funds, as nearly as possible, on a cash basis. All money so transferred from the Cash Basis Fund shall be returned thereto before the end of the fiscal year.

The City Council may create by ordinance a special fund or funds for a special capital outlay purpose. The City Council may levy and collect taxes for capital outlays and may include in the annual tax levy a levy for such purposes in which event it must apportion and appropriate to any such fund or funds the moneys derived from such levy. It may not, in making such levy, exceed the maximum tax rate provided for in this Charter, unless authorized by the affirmative votes of a majority of the electors voting on the proposition at any election at which such question is submitted. The City Council may transfer to any such fund any unencumbered surplus funds remaining on hand in the City at any time.

Once created, such fund shall remain inviolate for the purpose for which it was created; if for capital outlays generally, then for any such purposes, and if for a special capital outlay, then for such purpose only, unless the use of such fund for some other capital outlay purpose is authorized by the affirmative votes of a majority of the electors voting on such proposition at a general or special election at which such proposition is submitted.

If the purpose for which any special capital outlay fund has been created has been accomplished, the City Council may transfer any unexpended and unencumbered surplus remaining in such fund to the fund for capital outlays generally, established by this Charter.

Section 1214. Treasurer's Departmental Trust Fund. The City Council may prescribe by ordinance for the setting up of a Treasurer's Departmental Trust Fund into which the collections of or deposits with the police department, license collector, building official and other officers and departments authorized to make collections or receive deposits may be deposited at frequent intervals each month, with advice of each deposit being furnished to the City Treasurer and Director of Finance. (b) Revolving fund advances authorized by the City Council

(c) Correction of clerical or ministerial errors in the receipt of payments to the City.

(d) Making settlements with City funds at the end of each calendar month for collections or deposits accumulated during the month.

Section 1216. Claims and Demands. Presentation and Payment. Procedures prescribed by the State Legislature governing the presentation, consideration and enforcement of claims against chartered cities or against officers, agents and employees thereof shall apply to the presentation, consideration and enforcement of claims against the City.

In the absence of applicable procedures prescribed by the State Legislature, and to the extent that the same are not inconsistent therewith, the following provisions of this Section shall govern the presentation, processing and payment of all claims and demands against the City.

All claims for damages against the City must be presented in writing to the City Clerk within one hundred days after the occurrence, event or transaction from which the damages allegedly arose, and shall set forth in detail the name and address of the claimant, the time, date, place and circumstances of the occurrence and the extent of the injuries or damages sustained. All such claims shall be approved or rejected in writing by order of the City Council and the date thereof given.

All other demands against the City must be in writing and may be in the form of a bill, invoice, payroll, or formal demand. Each such demand shall be presented to the Director

of Finance within one hundred days after the last item of the account or claim accrued. The Director of Finance shall examine the same. If the amount thereof is legally due and there remains on his books an unexhausted balance of an appropriation against which the same may be charged, he shall approve such demand and draw his warrant on the City Treasurer therefor, payable out of the proper fund. Otherwise he shall reject it. Objections of the Director of Finance may be overruled by the City Council and the warrant ordered drawn The Director of Finance shall transmit such demand, with his approval or rejection thereof endorsed thereon, and warrant, if any, to the City Manager. If a demand is one for an item included within an approved budget appropriation, it shall require the approval of the City Manager before payment; otherwise it shall require the approval of the City Council, following the adoption by it of an amendment to the budget authorizing such payment. Any person dissatisfied with the refusal of the City Manager to approve any demand, in whole or in part, may present the same to the City Council which, after examining into the matter, shall approve or reject the demand in whole or in part.

Section 1217. Actions Against City. No suit shall be brought for money or damages against the City or any board, commission or officer thereof on any cause of action for which this Charter or the general law requires a claim to be presented, until a claim or demand for the same has been presented as in this Charter provided and such claim and demand has been rejected in whole or in part. If rejected in part suit may be brought to recover the whole. Failure to complete action approving or rejecting any claim or demand within sixty days from the day the same is presented shall be deemed a rejection thereof.

Section 1218. Registering Warrants. Warrants on the City Treasurer which are not paid for lack of funds shall be registered. All registered warrants shall be paid in the order of their registration when funds therefor are available and shall bear interest from the date of registration at such rate as shall be fixed by the City Council by resolution.

Section 1219. Independent Audit. The City Council shall employ at the beginning of each fiscal year, an independent certified public accountant who shall, at such time or times as may be specified by the City Council, at least annually, and at such other times as he shall determine, examine the books, records, inventories and reports of all officers and employees who receive, control, handle or disburse public funds and of all such other officers, employees or departments as the City Council may direct. As soon as practicable after the end of the fiscal year, a final audit and report shall be submitted by such accountant to the City Council, one copy thereof to be distributed to each member, one to the City Manager, Director of Finance, Treasurer, and City Attorney, respectively, and sufficient additional copies of the audit shall be placed on file

in the office of the City Clerk where they shall be available for inspection by the general public, and a copy of the financial statement as of the close of the fiscal year shall be published in the official newspaper.

Section 1303. Initiative, Referendum and Recall. There are hereby reserved to the electors of the City the powers of the initiative and referendum and of the recall of municipal elective officers. The provisions of the Elections Code of the State of California, as the same now exist or hereafter may be amended, governing the initiative and referendum and the recall of municipal officers, shall apply to the use thereof in the City so far as such provisions of the Elections Code are not in conflict with the provisions of this Charter.

Article XIV Franchises

Section 1400. Granting of Franchises. Any person, firm or corporation furnishing the City or its inhabitants with transportation, communication, terminal facilities, water, light, heat, electricity, gas, power, refrigeration, storage or any other public utility or service, or using the public streets, ways, alleys or places for the operation of plants, works or equipment for the furnishing thereof, or traversing any portion of the City for the transmitting or conveying of any such services elsewhere, may be required by ordinance to have a valid and

existing franchise therefor. The City Council is empowered to grant such franchise to any person, firm or corporation, whether operating under an existing franchise or not, and to prescribe the terms and conditions of any such grant. It may also provide, by procedural ordinance, the method of procedure and additional terms and conditions of such grants, or the making thereof, all subject to the provisions of this Charter.

Nothing in this Section, or elsewhere in this Article, shall apply to the City, or to any department thereof, when furnishing any such utility or service.

Section 1401. Resolution of Intention. Notice and Public Hearing. Before granting any franchise, the City Council shall pass a resolution declaring its intention to grant the same, stating the name of the proposed grantee, the character of the franchise and the terms and conditions upon which it is proposed to be granted. Such resolution shall fix and set forth the day, hour and place when and where any persons having any interest therein or any objection to the granting thereof may appear before the City Council and be heard thereon. It shall direct the City Clerk to publish said resolution at least once, within fifteen days of the passage thereof, in the official newspaper. The time fixed for such hearing shall not be less than twenty nor more than sixty days after the passage of said resolution.

At the time set for the hearing the City Council shall proceed to hear and pass upon all protests and its decision thereon shall be final and conclusive. Thereafter it may by ordinance grant the franchise on the terms and conditions specified in the resolution of intention to grant the same, subject to the right of referendum of the people, or it may deny the same If the City Council shall determine that changes should be made in the terms and conditions upon which the franchise is proposed to be granted, a new resolution of intention shall be adopted and like proceedings had thereon.

Section 1402. Terms of Franchise. Every franchise shall state the term for which it is granted, which, unless it be indeterminate as provided for herein, shall not exceed forty years.

A franchise grant may be indeterminate, that is to say, it may provide that it shall endure in full force and effect until the same shall be voluntarily surrendered or abandoned by its possessor, or until the State of California, or some municipal or public corporation, thereunto duly authorized by law, shall purchase by voluntary agreement or shall condemn and take, under the power of eminent domain, all property actually used and useful in the exercise of such franchise and situate within the territorial limits of the State, municipal or public corporation purchasing or condemning such property, or until the franchise shall be forfeited for noncompliance with its terms by the possessor thereof.

Section 1403. Grant to be in Lieu of All Other Franchises. Any franchise granted by the City with respect to any given utility service shall be in lieu of all other franchises, rights or privileges owned by the grantee, or by any successor of the grantee to any right under such franchise, for the rendering of such utility service within the limits of the City as they now or may hereafter exist, except any franchise derived under Section 19 of Article XI of the Constitution of California as said section existed prior to the amendment thereof adopted October 10, 1911. The acceptance of any franchise hereunder, shall operate as an abandonment of all such franchises, rights and privileges within the limits of the City as such limits shall at any time exist, in lieu of which such franchise shall be granted.

Any franchise granted hereunder shall not become effective until written acceptance thereof shall have been filed by the grantee thereof with the City Clerk. Such acceptance shall be filed within ten days after the adoption of the ordinance granting the franchise, or any extension thereof granted by the City Council, and when so filed, such acceptance shall constitute a continuing agreement of such grantee that if and when the City shall thereafter annex, or consolidate with, additional territory any and all franchises, rights and privileges owned by the grantee therein, except a franchise derived under said constitutional provision, shall likewise be deemed to be abandoned within the limits of such territory. No grant of any franchise may be transferred or assigned by the grantee except by consent in writing of the City Council and unless the transferee or assignees thereof shall covenant and agree to perform and be bound by each and all of the terms and conditions imposed in the grant or by procedural ordinance and by this Charter.

Section 1404. Eminent Domain. No franchise grant shall in any way, or to any extent, impair or affect the right of the City to acquire the property of the grantee thereof either by purchase or through the exercise of the right of eminent domain, and nothing herein contained shall be construed to contract away or to modify or to abridge, either for a term or in perpetuity, the City's right of eminent domain with respect to any public utility.

Section 1405. Duties of Grantees. By its acceptance of any franchise hereunder, the grantee shall covenant and agree to perform and be bound by each and all of the terms and conditions imposed in the grant, or by procedural ordinance and shall further agree to:

(a) Comply with all lawful ordinances, rules and regulations theretofore or thereafter adopted by the City Council in the exercise of its police power governing the construction, maintenance and operation of its plants, works or equipment.

(b) Pay to the City on demand the cost of all repairs to public property made necessary by any of the operations of the grantee under such franchise.

(c) Indemnify and hold harmless the City and its officers and employees from any and all liability for damages proximately resulting from any operations under such franchise and provide such insurance as the City Council may require.

(d) Remove and relocate without expense to the City any facilities installed, used and maintained under the franchise if and when made necessary by any lawful change of grade, alignment or width of any public street, way, alley or place, including the construction of any subway or elevated transit facilities, or by the construction or improvement of any public property or facility, or if the public health, comfort, welfare, convenience, or safety so demands

(e) Pay to the City during the life of the franchise a percentage, to be specified in the grant, of the gross annual receipts of the grantee within the limits of the City, or such other compensation as the City Council may prescribe in the grant

Section 1406 Exercising Rights Without Franchise. The exercise by any person, firm or corporation of any privilege for which a franchise is required, without possessing a valid and existing franchise therefor, shall be a misdemeanor and shall be punishable in the same manner as violations of this Charter are punishable and each day that such condition continues to exist shall constitute a separate violation.

County of Santa Clara } ss.
City of San Jose

That the City of San Jose, a municipal corporation, in the County of Santa Clara, State of California, is now, and was at all times herein mentioned: (a) a city containing a population of more than two hundred four thousand inhabitants as ascertained by the last preceding census taken under the authority of the Congress of the United States; and (b) a city organized, existing and acting under a freeholders' charter, adopted under and by virtue of Section 8 of Article XI of the

Constitution of the State of California, which charter was heretofore duly ratified by a majority of the qualified electors of said City at a municipal election held for that purpose on the 19th day of April, 1915, and approved by the Legislature of the State of California by concurrent resolution filed with the Secretary of State on the 12th day of May, 1915 (Senate Concurrent Resolution No. 21, Chapter 49, Statutes 1915, p. 1869).

That in accordance with the provisions of Section 8 of Article XI of the Constitution of the State of California, the Council of the City of San Jose, being the legislative body of said City, on its own motion, duly and regularly proposed and submitted to the qualified electors of said City of San Jose a certain proposal for the amendment of the Charter of said City to be voted upon by the said qualified electors at a certain special municipal election called for such purpose and held in said City on the third day of November, 1964, all as required by law, which said proposal was designated as "Charter Amendment—Proposition A".

That said proposed amendment was published and advertised in accordance with Section 8 of Article XI of the Constitution of the State of California, on the eighteenth day of September, 1964, in the "San Jose News", a daily newspaper of general circulation published, printed and circulated in said City, and being the official newspaper of said City for said purpose, and in each edition thereof during the day of publication.

That copies of said proposed charter amendment were printed in convenient pamphlet form in type of not less than ten-point, and were mailed to each of the qualified electors of said City in accordance with the Constitution of the State of California; and an advertisement that copies thereof could be had upon application therefor at the office of the City Clerk of the City of San Jose was published, printed and circulated in said City, on the twenty-first day of September, 1964, and on each day thereafter to and including the second day of November, 1964, all as required by Section 8 of Article XI of the Constitution of the State of California; that copies of said pamphlet containing said proposed charter amendment could be had upon application therefor at the office of the City Clerk of said City on and after the twenty-first day of September, 1964, to and including the third day of November, 1964, the date fixed for said election.

That at said special municipal election a majority of the qualified electors voting upon said proposed charter amendment voted in favor of it and adopted and ratified the same, as appears by the official canvass of the returns thereof by the Registrar of Voters of Santa Clara County, California, heretofore certified by him to the Board of Supervisors of Santa Clara County and to the City of San Jose, and the declaration of the Board of Supervisors of Santa Clara County which pursuant to law met on November 23, 1964, at its usual time and place of meeting, and duly declared the result of said canvass of the returns of said special municipal election as certified by the said Registrar of Voters.

That said amendment to the Charter of the City of San Jose, so adopted and ratified by the qualified electors of said City, amended said Charter by adopting and adding to Article XIV thereof a new section numbered 96a which reads as follows:

We further certify that we have compared the text of the foregoing amendment with the original proposal submitting the same to the electors of said City and find that the foregoing is a full, true, correct, complete and exact copy thereof. That as to said amendment, this certificate shall be taken as a full and complete certification of the regularity of all proceedings had and done in connection therewith.

Nothing herein shall be construed to deprive any employee in the classified service of his privilege of voting and privately expressing his views as a citizen; nor shall such employees be denied the right to take part in non-partisan activities in support of or in opposition to ballot measures touching upon or concerning these employment rights, privileges or benefits.

Nothing in this Section shall be construed to prevent such officer or employee from becoming or continuing to be a member of a political club or organization, or from attendance at a political meeting, or from enjoying entire freedom from all interference in casting his vote or from seeking or accepting election or appointment to a public office, save and excepting as is otherwise specifically prohibited by law.

CHAPTER 26

Senate Joint Resolution No. 3—Relative to legislative apportionment.

[Filed with Secretary of State February 23, 1965]

WHEREAS, The United States Supreme Court has held that both houses of a bicameral state legislature must be apportioned on the basis of population; and

WHEREAS, It will now be totally impossible to apportion representation to reflect the diverse and conflicting interests within a state; and

WHEREAS, California's present apportionment unduly deprives urban areas of adequate representation in the State Senate, nevertheless the court's decision will enable heavily populated areas to dominate state legislatures, and will lead

to a virtual loss of representation in all other areas of the state; and

WHEREAS, In order to prevent this complete disruption of the legislative process in the states, and to preserve for each state the right to balance its representation in the manner best suited to its individual situation, it is essential that the Constitution of the United States be amended to enable the state to apportion one house of its legislature on factors other than population; now, therefore, be it

Resolved by the Senate and Assembly of the State of California jointly, That they respectfully request the Congress of the United States to propose an amendment to the Constitution of the United States, in accordance with the provisions of Article V thereof, to add an article providing that:

"Article ___

"SECTION 1. Nothing in the Constitution of the United States shall prohibit any state, which has a bicameral legislature, from apportioning the membership of one house of its legislature on factors other than population, provided that the plan of such apportionment be submitted to a vote of all of the people of the state at an election in which the franchise is not denied on the basis of race, creed, or color and resubmitted to a vote of all of the people of the state, prior to the implementation of the apportionment plan, and at regular intervals not to exceed 10 years."

Resolved, That the Secretary of the Senate is directed to transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

CHAPTER 27

Assembly Joint Resolution No. 5—Relative to erecting a fence in San Diego County along the international border.

[Filed with Secretary of State March 1, 1965.]

WHEREAS, As hereinafter described, a rabies epidemic necessitates the erection of a dog-proof fence in the westerly part of San Diego County along the international border between Mexico and the United States; and

WHEREAS, Since September 1962, when rabies first appeared in the southern part of San Diego County and in Tijuana, Mexico, there have been 173 laboratory-identified rabies cases in San Diego County and Tijuana and countless human as well as animal exposures to these 173 cases of rabies; and

WHEREAS, Rabies is a virus infection of the brain and spinal cord capable of infecting the human and animal population in San Diego County and elsewhere; and

WHEREAS, Effective rabies control requires immunization of dogs and the elimination of stray and street dogs and although there has been an effective program of immunization of dogs in San Diego County there is a continuing immigration of stray dogs from Tijuana, Mexico; and

WHEREAS, An uncontrolled rabies epidemic exists in the northern border area of Baja California in Mexico, and from January 1964, through September 1964, there were 68 clinically diagnosed cases of rabies in dogs in the Tijuana area and 142 persons receiving treatment in Tijuana; and

WHEREAS, The majority of cases of laboratory-confirmed rabies in San Diego County have been found at San Ysidro; indicating that the rabies problem in San Diego County directly relates to, and reflects, the spillover from the Tijuana focus of the disease; and

WHEREAS, Only a part of the San Diego County international boundary is adequately fenced with dog-proof fencing, and there is literally no barrier to the passage of dogs from Mexico into San Diego County, United States of America; and

WHEREAS, A dog-proof fence from the Pacific Ocean to a point 12 miles to the east along the international boundary would effectively bar the passage of rabid dogs into the most populous parts of San Diego County and elsewhere from Mexico; and

WHEREAS, The control of the United States-Mexican border is within the jurisdiction of many federal agencies, including but not limited to the International Boundary and Water Commission, the United States Immunization and Naturalization Service, the Department of Agriculture, the Public Health Service, and the Department of Health, Education and Welfare; and

WHEREAS, There is existing legislation that authorizes these agencies to erect fences along the United States-Mexican border (22 U.S.C., Sec. 2778, International Boundary Commission; 21 U.S.C., Sec. 141, Department of Agriculture; P.L. 88 245, appropriation for Immunization and Naturalization Service; 42 U.S.C., Sec. 264, Public Health Service); now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States to construct a dog-proof fence in San Diego County, California, along the international border between the United States and Mexico, in order to eliminate the incidents of rabid dogs crossing this border, and thereby alleviate the rabies epidemic in San Diego County, California; and be it further

Resolved, That the Chief Clerk of the Assembly be hereby directed to transmit copies of this resolution to the President

and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

CHAPTER 28

Assembly Joint Resolution No. 7—Relative to memorializing Congress to enact legislation on the protection, enhancement, and improvement of salmon and anadromous fish.

[Filed with Secretary of State March 1, 1965.]

WHEREAS, The salmonoid and anadromous fish of California are vital natural assets of great economic value which have been ill-used by man's manipulation and depredation of the habitat; and

WHEREAS, Great efforts have been made to end the long decline of salmon in California waters; and

WHEREAS, Increased facilities are yet needed to provide the maximum effort in rehabilitating the once-great salmon resources of California; and

WHEREAS, The salmon, because it is a marine resource fished by commercial and sport fishermen of several states, is, in part, an interstate concern; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature memorializes the Congress of the United States to enact legislation on the protection, enhancement and improvement of salmon and anadromous fish, so that the federal government can participate in efforts to preserve and enhance this vital resource; and be it further

Resolved, That the Chief Clerk of the Assembly be hereby directed to transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

CHAPTER 29

Assembly Joint Resolution No. 8—Relating to coordination of disaster relief.

[Filed with Secretary of State March 1, 1965.]

WHEREAS, The unprecedented damage caused in California by the disastrous floods in December 1964 and January 1965 requires the utmost effort of all persons concerned in the repair and replacement of vital facilities and the cleanup of the debris with an absolute minimum of duplication both because of the economy possible in single coordinated efforts and the fact that

if there is no unnecessary duplication this can free persons to carry on some other work; and

WHEREAS, With not only various local and state levels of government involved in this monumental task but also many federal agencies directly active in this area, a coordinated plan is essential to an efficient operation; and

WHEREAS, In a disaster of this magnitude the damage is so extensive and covers so many areas that often the usual divisions of governmental responsibility are not applicable; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That all federal agencies involved in the rehabilitation and repair in the area of the floods, including but not limited to, the United States Corps of Engineers, the Bureau of Reclamation, U.S. Fish and Wildlife Service, Bureau of Land Management, and U.S. Forest Service are requested to develop a coordinated plan for their activities in this regard, including coordination with the appropriate California state agencies; and be it further

Resolved, That these agencies are requested to also develop a coordinated plan under which damage and injury from further storms and floods can best be prevented or minimized and to be followed in operations after any future disaster; and be it further

Resolved, That the Chief Clerk of the Assembly is directed to transmit a copy of this resolution to the President and Vice President of the United States, Speaker of the House of Representatives, to the Secretary of the Department of the Interior, Secretary of Agriculture, U.S. Corps of Engineers, Bureau of Reclamation, U.S. Fish and Wildlife Service, U.S. Bureau of Land Management and U.S. Forest Service, and to each Senator and Representative from California in the Congress of the United States.

WHEREAS, Historians, cultural societies, and prominent civic leaders have repeatedly emphasized in public pronouncements and upon festive occasions that the only true historical and

[Filed with Secretary of State March 4, 1965.]

CHAPTER 40

Assembly Joint Resolution No. 1—Relative to agricultural workers.

[Filed with Secretary of State March 18, 1965]

WHEREAS, The production, processing and sale of agricultural commodities constitutes a substantial portion of the economic life of the State of California and our nation; and

WHEREAS, The ready availability of wholesome, reasonably priced agricultural commodities is essential to the continued physical health of the citizens of this state and of the United States; and

WHEREAS, Without sufficient, experienced and competent agricultural workers, our farmers cannot grow enough agricultural products to provide the raw materials necessary to maintain the required level of production of these agricultural commodities; and

WHEREAS, An adequate wage for agricultural workers is essential to secure and maintain the sufficient, experienced and competent force of agricultural workers necessary to produce our agricultural products; and

WHEREAS, In the past agricultural workers in many areas of this country have not received wages adequate to induce sufficient workers to secure and continue in agricultural employment and thus our necessary force of agricultural workers is endangered; and

WHEREAS, Because of the keen competition which exists between the various producers of agricultural goods for sale throughout the United States this lack of uniformity in the

payment of agricultural wages in the various areas of the United States also has a seriously detrimental effect upon the economy of those areas, of which California is one, wherein higher wages are paid agricultural workers because it places these areas wherein higher wages are paid at a competitive disadvantage in their efforts to market their agricultural commodities; now, therefore, be it

Resolved by the Assembly and the Senate of the State of California, jointly, That the California State Legislature respectfully memorializes the Congress of the United States to enact a national minimum farm wage equal to the highest statewide minimum farm wage paid in any of the 48 contiguous states; and be it further

Resolved, That the Chief Clerk of the Assembly be hereby directed to transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

Proposal One

To Amend Section 44 of the Charter of the County of Alameda, Which Prohibits Favoritism or Discrimination Because of Political or Religious Opinions or Affiliations, to Also Prohibit Favoritism or Discrimination Because of Race or National Origin,

by amending said Section 44 of the said Charter to read as follows, to wit:

"Section 44: No person in the classified civil service or seeking admission thereto, shall be appointed, reduced or removed, or in any way favored or discriminated against because of his political or religious opinions or affiliations or because of race or national origin."

Proposal Two

To Amend the Charter of the County of Alameda to Provide That the Director of Public Works Shall Be an Officer Appointed Pursuant to Civil Service and That the Surveyor, Who Is Presently Elected, Be an Officer Appointed Pursuant to Civil Service; That Said Offices May Be Consolidated by Ordinance; This Amendment Not to Affect the Tenure in Office of an Elective Incumbent Occupying the Office of the Surveyor on the Date This Amendment Becomes Effective, and to Repeal Section 32 of the Charter, Which Presently Provides That the Surveyor Control Construction and Re-

pair of Bridges, Roads, County Quarries and Related Public Works, and Be the Road Commissioner, Effective as of the End of the Term for Which the Incumbent Surveyor Shall Have Been Elected, or Upon the Date of a Vacancy in Said Office, Whichever First Occurs,

by repealing Section 32 of the County Charter and by adding the words "Director of Public Works" and "Surveyor" to Section 17 of the Charter, which specifies the appointive county officers, by deleting the word "Surveyor" from Section 15 of the Charter, which specifies the elective county officers, and by adding Section 17.3 of the Charter to read as follows:

"Section 17.3: The amendment of Sections 15 and 17, to provide that the office of Surveyor shall be appointive, shall not affect the tenure in office of the elective incumbent Surveyor in office at the time said amendment becomes effective, and said officer shall hold said office until expiration of the term for which he shall have been elected; provided however, that should a vacancy sooner occur, the Board of Supervisors may appoint a successor pursuant to Section 17. At any time that the Board of Supervisors may appoint a Surveyor, said Board may also, by ordinance, consolidate said office with the office of Director of Public Works. The Director of Public Works shall perform such functions and duties as shall be specified hereafter by ordinance. The Director of Public Works and the appointive Surveyor shall be in the classified civil service. Section 32 of this Charter is hereby repealed effective on the date of the expiration of the term of the incumbent Surveyor in office at the time this amendment becomes effective, or upon the date of a vacancy in said office, whichever first occurs."

Proposal Three

To amend Section 48 of the Charter of the County of Alameda, relating to the fixing of compensation, to provide that the Board of Supervisors shall provide a salary or wage at least equal to the prevailing salary or wage for the same quality of service rendered to public employers and private persons, firms or corporation,

by amending Section 48 of the said Charter to read as follows, to wit:

"Section 48: In fixing compensation, the Board of Supervisors shall in each instance provide a salary or wage at least equal to the prevailing salary or wage, for the same quality of service rendered to public employers and private persons, firms or corporations under similar employment, in case such prevailing salary or wage can be ascertained."

We hereby certify that the facts set forth in the Preamble of this certificate preceding said amendments to said Charter are, and each of them is, true; and for and on behalf of said County of Alameda we, being duly authorized, do hereby request the Legislature of the State of California to approve

said amendments to said Charter, as a whole, and to take such other and further steps and proceedings as may be necessary to perfect such approval.

CHAPTER 42

Senate Joint Resolution No. 9—Relative to the Auburn Dam and Folsom South Canal.

[Filed with Secretary of State March 18, 1965.]

WHEREAS, There has been submitted to the Congress of the United States legislation to authorize construction by the Secretary of the Interior, as part of the Central Valley project, of both the Auburn Dam on the American River and the Folsom South Canal; and

WHEREAS, This proposed development is known to be economically justified, and has been determined to be engineeringly feasible; and

WHEREAS, The multiple-purpose project of the Auburn Dam will furnish additional water which can be used in the American River watershed, the Sacramento-San Joaquin Delta region, the San Joaquin Valley, and areas to the south, and will produce additional electric power which would be available for pumping water to areas of deficiency in California's statewide water program; and

WHEREAS, The devastating storms and floods occurring recently have again endangered many lives and done great dam-

age to public and private property in the American River watershed and the Sacramento-San Joaquin Delta region; and

WHEREAS, Construction of the Auburn Dam would greatly reduce the danger of future loss of life and injury to persons and property caused by floods in these areas; and

WHEREAS, The Folsom South Canal will serve to bring urgently needed supplemental water supplies to areas in the Sacramento-San Joaquin Delta region and the northern San Joaquin Valley area, which supplies would be made available from storage of water in Folsom Reservoir, as supplemented by the proposed Auburn Dam and Reservoir; and

WHEREAS, Both the proposed Auburn Dam and the Folsom South Canal are part of the California Water Plan and would complement the state's efforts to meet the water requirements of California's rapidly expanding population; now, therefore, be it

Resolved by the Senate and the Assembly of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States to enact into law, at the earliest possible time, the necessary legislation to authorize the construction of the Auburn Dam and the Folsom South Canal, including authorization to include in such canal and related operating structures such additional works or capacity as the Secretary of Interior deems necessary and economically justified to provide for the future construction of the east side division of the Central Valley project, provided that the incremental cost of providing additional works or capacity in the Folsom South Canal to serve the east side division of the Central Valley project shall be assigned to deferred use for repayment from Central Valley project revenues; and be it further

Resolved, That the Secretary of the Senate is hereby directed to transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

CHAPTER 43

Assembly Joint Resolution No. 14—Relative to the San Francisco Mint.

[Filed with Secretary of State March 22, 1965.]

WHEREAS, The current shortage of coins, which is hamstringing business and industry in this nation, is particularly acute in the San Francisco-Oakland metropolitan area; and

WHEREAS, The rapid increase in the population of the San Francisco-Oakland metropolitan area, with the boom in busi-

ness and industry which has accompanied it, has skyrocketed the demand for coins in this area; and

WHEREAS, The 12th Federal Reserve District, with headquarters in San Francisco, now receives and distributes more coins than any other Federal Reserve district; and

WHEREAS, The Philadelphia and Denver Mints, which are the only two mints in the country that are presently producing coins, are already working day and night, seven days a week, and still have not been able to produce sufficient coins to satisfy the need for them; and

WHEREAS, The reopening of the San Francisco Mint would reduce the costs of minting and distributing coins and make sufficient coins available to eliminate the current shortage of coins in not only the San Francisco-Oakland metropolitan area, but throughout the nation; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States to take such action as may be necessary to reopen the San Francisco Mint; and be it further

Resolved, That the Chief Clerk of the Assembly be hereby directed to transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

CHAPTER 44

Senate Joint Resolution No. 20—Relative to Morro Bay Rock.

[Filed with Secretary of State March 23, 1965.]

WHEREAS, While title to Morro Bay Rock has been conveyed to the state by the federal government, the grant deed reserved to the United States the right to resume ownership, possession, and control, for government purposes, of any of the property, at any time, without the consent of the state; and

WHEREAS, In view of this reservation of interest by the federal government, the state now has little control over Morro Bay Rock; and

WHEREAS, The United States Army Corps of Engineers has removed quantities of material from Morro Bay Rock for repair to a harbor jetty which is causing the disfiguration of its natural value; and

WHEREAS, The Corps of Engineers is considering resumption of quarrying operations on Morro Bay Rock; and

WHEREAS, Any extra cost which may be incurred from using an alternate source of rock for harbor projects would be small compared to the aesthetic loss which would be caused through further quarrying of this landmark; and

WHEREAS, In order that Morro Bay Rock can be preserved and protected as a point of scenic interest for all peoples it is imperative that the federal government convey its remaining interest to the state; now, therefore, be it

Resolved by the Senate and the Assembly of the State of California, jointly, That the Congress of the United States is respectfully requested to enact such legislation as may be necessary to convey the remaining interest of the United States in Morro Bay Rock to the State of California; and be it further

Resolved, That the Secretary of the Senate is directed to transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

CHAPTER 61

Senate Concurrent Resolution No. 1—Relative to adoption of the Joint Rules of the Senate and Assembly.

[Filed with Secretary of State April 19, 1965.]

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the following rules be adopted as the Joint Rules for the 1965 Regular Session:

Standing Committees

1. Each house shall appoint such standing committees as the business of the house may require, the committees, the number of members and the manner of selection to be determined by the rules of each house.

Joint Meeting of Committees

3. Whenever any bill has been referred by the Senate to one of its committees, and the same or a like bill has been referred by the Assembly to one of its committees, the chairmen of the respective committees, when in their judgment the interests of legislation or the expedition of business will be better served thereby, shall arrange for a joint meeting of their committees for the consideration of such bill.

Effect of Adoption of Joint Rules

3.5. The adoption of the Joint Rules for any budget session or extraordinary session shall not be construed as modifying or rescinding the Joint Rules of the Senate and Assembly for any previous session, nor as affecting in any way the status or powers of the interim committees created by those rules.

Bills and Resolutions

Definition of Word Bill

4. Whenever the word "bill" is used in these rules, it shall include constitutional amendments, concurrent and joint resolutions.

Concurrent and Joint Resolutions

5. Concurrent resolutions relate to matters to be treated by both houses of the Legislature.

Joint resolutions are those which relate to matters connected with the federal government.

Resolutions Treated as Bills

6. Constitutional amendments, concurrent and joint resolutions shall be treated in all respects as bills; except that they

shall be given only one formal reading in each house and that they shall not be deemed bills within the meaning of Section 2 of Article IV of the Constitution, and shall not be referred to the Committee on Introduction of Bills, and except as provided in Rule 24. As in the case of bills, they shall be engrossed in the house in which they originate before being voted upon.

PREPARATION AND INTRODUCTION OF BILLS

Title of Bill

7. The title of every bill introduced shall convey an accurate idea of the contents of the bill and shall be indicative of the scope of the act and the object to be accomplished. In amending a code section, the mere reference to the section by number shall not be deemed sufficient.

Division of Bill Into Sections

8. A bill amending more than one section of an existing law shall contain a separate section for each section amended.

Bills which are not amendatory of existing laws shall be divided into short sections, where this can be done without destroying the sense of any particular section, to the end that future amendments may be made without the necessity of setting forth and repeating sections of unnecessary length.

Introduction of Bills

8.3. No bill shall be introduced after the 110th calendar day of a general session except as follows:

(a) A written notice of intention to introduce a bill, a copy of the bill and a digest prepared pursuant to Rule 8.5 shall be filed with the Chief Clerk of the Assembly or the Secretary of the Senate, as the case may be, and shall be transmitted to the Rules Committee of the appropriate house. The notice and digest shall be printed in the Journal of that house.

(b) The Rules Committee of the Assembly or Senate, as the case may be, shall determine whether there exists an urgent need for the introduction of the proposed bill.

(c) If the Rules Committee recommends that introduction of the proposed bill be permitted, the member may offer a resolution, without further reference thereof to committee, granting permission to introduce the bill. The adoption of the resolution granting such permission shall require an affirmative recorded vote of two-thirds of the elected members of the house in which the request is made.

As used in this rule "bill" includes constitutional amendments but does not include joint or concurrent resolutions.

Digest of Bills Introduced

8.5. No bill shall be introduced unless it is contained in a cover attached by the Legislative Counsel and unless it is accompanied by a digest, prepared and attached to the bill by the Legislative Counsel, showing the changes in the existing law which are proposed by the bill. If any bill is presented to the Secretary of the Senate or Chief Clerk of the Assembly for introduction which does not comply with the foregoing requirements of this rule the Secretary or Chief Clerk shall return it to the member who presented it.

The digest shall be printed on the bill as introduced in distinctive type upon the lower part of the first page thereof. If a material error in the printed digest is brought to the attention of the Legislative Counsel, he shall prepare a corrected digest which shall show the changes made in the digest as provided in Joint Rule 10 for amendments to bills. He shall deliver the corrected digest to the Secretary or the Chief Clerk, as the case may be. If the correction warrants it in the opinion of the President pro Tempore of the Senate or the Speaker of the Assembly, a corrected print of the bill as introduced shall be ordered with the corrected digest printed thereon.

Restrictions as to Amendments

9. A substitute or amendment must relate to the same subject as the original bill, constitutional amendment or resolution under consideration.

Changes in Existing Law to Be Marked by Author

10. In a bill amending or repealing a code section or a general law, any new matter shall be underlined and any matter to be omitted shall be in type bearing a horizontal line through the center and commonly known as "strikeout" type. When printed the new matter shall be printed in italics, and the matter to be omitted shall be printed in "strikeout" type.

In any amendment to a bill which sets out for the first time a section being amended or repealed, any new matter to be added and any matter to be omitted shall be indicated by the author and shall be printed in the same manner as though the section as amended or repealed were a part of the original bill and was being printed for the first time.

When an entire code is repealed as part of a codification or recodification or when an entire title, part, division, chapter or article of a code is repealed, the sections comprising such code, title, part, division, chapter, or article shall not be set forth in the bill or amendment in strikeout type.

Introduction of Departmental Bills

10.5. No departmental bill shall be introduced at the request of or on behalf of any state officer or agency except the Governor after the 30th calendar day of any general session. No departmental bill shall be introduced in both houses of the Legislature at any session.

Heading of Bills

10 7. No bill shall indicate in its heading or elsewhere that it was introduced at the request of a state agency or officer or any other person. No bill introduced after February 15, 1963, shall contain the words "By request" or words of similar import.

Consideration of Bills

10.8. At a general session, no bill shall be heard by any committee or acted upon by either house until 30 calendar days have elapsed following the date the bill was first introduced except this provision and the limitation contained in Section 2(a) of Article IV of the Constitution may be dispensed with as follows:

(a) A written request for such dispensation entitled "Request to Consider and Act on Bill Within 30 Calendar Days" shall be filed with the Chief Clerk of the Assembly or the Secretary of the Senate, as the case may be, printed in the Journal and transmitted to the Rules Committee of the appropriate house.

(b) The Rules Committee of the Assembly or Senate, as the case may be, shall determine whether there exists an urgent need for dispensing with the 30-calendar-day waiting period following the bill's introduction.

(c) If the Rules Committee recommends that said waiting period be dispensed with, the member may offer a resolution, without further reference thereof to committee, authorizing hearing and action upon the bill before the 30 calendar days have elapsed. The adoption of the resolution shall require an affirmative recorded vote of three-fourths of the elected members of the house in which the resolution is presented.

As used in this rule "bill" includes constitutional amendments but does not include joint or concurrent resolutions.

Printing of Amendments

11. All bills amended by either house shall be immediately reprinted; in case new matter is added by the amendment such new matter shall be printed in italics in the printed bill, and in the case of matter being omitted, the matter to be omitted shall be printed in strikeout type. When a bill is amended in either house, the first or previous markings shall be omitted.

Printing and Distribution of Bills—Manner of Printing Bills

12. The State Printer shall observe the following directions in printing all bills, constitutional amendments, concurrent and joint resolutions:

(a) The body of such bills shall be printed in solid unspaced form in 10-point roman type so that the same type shall be used both before and after enrollment. Concurrent resolutions approving city or county charters or amendments thereto may be set in smaller type.

(b) All titles of bills shall be set in italics, statute form and the length of the lines used in the titles shall not exceed that of the body of the bill.

(c) The lines of all printed bills shall be numbered by page and not by sections, and amendments shall be identified by reference to title, page and line only.

Distribution of Legislative Publications

13. All requests by members for mailing or distribution of copies of the Weekly Histories, the Legislative Digest and the Legislative Index shall be filed with the Secretary of the Senate or the Chief Clerk of the Assembly. Except as otherwise provided by either the Assembly or Senate, each Member of the Senate and Assembly shall be permitted to submit a list of 10 organizations or individuals. The Secretary of the Senate and the Chief Clerk of the Assembly shall order a sufficient number of copies of the Weekly Histories, the Legislative Digest and the Legislative Index to supply this list together with such number of bills and legislative publications as may be necessary for legislative requirements.

No complete list of bills shall be delivered except upon payment therefor of the sum of two hundred and twenty-five dollars ($225) at a general session or twenty-five dollars ($25) at a budget session. Not more than two copies of any bill or other legislative publication, nor more than a total of 100 bills or other legislative publications during a session, shall be distributed free to any person, office, or organization. The limitations imposed by this paragraph do not apply to Members of the Legislature, the President of the Senate, the Secretary of the Senate and the Chief Clerk of the Assembly for the proper functioning of their respective houses; the Legislative Counsel Bureau; Attorney General's office; Secretary of State's office; Controller's office; Governor's office; the Clerk of the Supreme Court; the clerk of the district court of appeal for each district; the Judicial Council; the California Law Revision Commission; the State Library; the Library of Congress and to libraries of the University of California at Berkeley and at Los Angeles; and accredited members of the press. The State Printer shall fix the cost of such bills and publications, including postage, and such moneys as may be received by him shall, after deducting the cost of handling and mailing,

be remitted on the first day of each month, one-half each to the Secretary of the Senate and the Chief Clerk of the Assembly for credit to legislative printing. Legislative publications heretofore distributed through the Bureau of Documents shall be distributed through the Bill Room. Unless otherwise provided for, the total number of each bill to be printed shall be not more than 2,500.

Legislative Digest and Legislative Index

13.1. The Legislative Counsel shall provide for the compilation and periodic publication of the digests mentioned in Rule 8.5 in separate pamphlets for each house. He shall also provide for the periodic publication of a cumulative Legislative Index which shall include tables of sections affected by pending legislation. The State Printer shall print the pamphlet digests (comprising the Legislative Digest) and the Legislative Index in such quantities, and at such times, as are determined by the Secretary of the Senate and the Chief Clerk of the Assembly. The costs of such printing shall be paid from the legislative printing appropriation.

Other Legislative Printing

Printing of the Daily Journal

14. The State Printer shall print in such quantity as directed by the Secretary of the Senate and the Chief Clerk of the Assembly, copies of the Journal of each day's proceedings of each house. At the end of the session he shall also print, as directed by the Secretary of the Senate and the Chief Clerk of the Assembly a sufficient number of copies properly paged after being corrected and indexed by the Secretary of the Senate and the Chief Clerk of the Assembly, to bind in book form as the Journal of the respective houses of the Legislature.

What Shall Be Printed in the Journal

15. The following shall always be printed in the Journal of each house:

(a) Messages from the Governor and messages from the other house, and the titles of all bills, joint and concurrent resolutions and constitutional amendments when introduced in, offered to, or acted upon by the house.

(b) Every vote taken in the house, and a statement of the contents of each petition, memorial or paper presented to the house.

(c) A true and accurate account of the proceedings of the house, when not acting as a Committee of the Whole.

Printing of the Daily File

16 A Daily File of bills ready for consideration shall be printed each legislative day for each house.

The material to be printed in the File and the form and arrangement shall be determined by the respective houses.

Printing of History

17. Each house shall cause to be printed, once each week, during the session, a complete History of all bills, constitutional amendments, concurrent, joint and house resolutions originating in or acted upon by the respective houses. A regular form shall be prescribed by the Secretary of the Senate and the Chief Clerk of the Assembly. Such History shall show the action taken upon each measure up to and including the legislative day preceding its issuance. For each legislative day intervening there shall be printed a Supplementary History showing the action taken upon any measure since the issuance of the complete History.

Authority for Printing Orders

18. The State Printer shall not print for use of either house nor charge to legislative printing any matter other than provided by law or by the rules, except upon a written order signed by the Secretary of the Senate, on behalf of the Senate, or the Chief Clerk of the Assembly or other person authorized by the Assembly, on behalf of the Assembly. Persons authorized to order printing under this rule may, when necessity requires it, order certain matter printed in advance of the regular order, by the issuance of a rush order.

The Secretary of the Senate, on behalf of the Senate, and the Chief Clerk of the Assembly or other person authorized by the Assembly, on behalf of the Assembly, are hereby authorized and directed between sessions to order and distribute for the members stationery and legislative publications for which there is a demand, and, subject to the rules of their respective houses, to approve the bills covering such orders. All bills for printing must be presented by the State Printer within 30 days after the completion of said printing.

Record of Bills

Secretary and Chief Clerk to Keep Records

19. The Secretary of the Senate and the Chief Clerk of the Assembly shall keep a complete and accurate record of every action taken by the Senate and Assembly on every bill.

Secretary and Chief Clerk Shall Endorse Bills

20. The Secretary of the Senate and the Chief Clerk of the Assembly shall endorse on every original or engrossed bill a statement of any action taken by the Senate or Assembly concerning such bill.

Action in One House on Bill Transmitted From the Other

After a Bill Has Been Passed by the Senate or Assembly

21. When a bill has been passed by either house it shall be transmitted promptly to the other unless a motion to reconsider or a notice of motion to reconsider has been made or it is held pursuant to some rule or order of the house.

The procedure of referring bills to committees shall be determined by the respective houses.

Messages to Be in Writing Under Proper Signatures

22. Notice of the action of either house to the other shall be in writing and under the signature of the Secretary of the Senate or the Chief Clerk of the Assembly from which such message is to be conveyed. A receipt shall be taken from the officer to whom such message is delivered.

Uncontested Bills

22 1. Each standing committee may report an uncontested bill out of committee with the recommendation that it be placed on the consent calendar. The Secretary of the Senate and the Chief Clerk of the Assembly shall provide to each committee chairman appropriate forms for such report. As used in this rule, "uncontested bill" means a bill, except a revenue measure, which: (a) receives a do-pass or do-pass-as-amended recommendation from the committee to which it is referred, by unanimous vote of the members present; and (b) has no opposition expressed by any person present at the committee meeting with respect to the final version of the bill as approved by the committee; and (c) prior to final action by the committee has been requested, by the author, to be placed on the consent calendar.

Consent Calendar

22.2. Following their second reading and the adoption of any committee amendments thereto, if any, all bills certified by the committee chairman as uncontested bills shall be placed by the Secretary of the Senate or the Chief Clerk of the Assembly on the consent calendar, and shall be known as "consent calendar bills." Any consent calendar bill which is

amended from the floor shall cease to be a consent calendar bill and shall be replaced on the second reading file. Upon objection of any member to the placement or retention of any bill on the consent calendar, such bill shall cease to be a consent calendar bill and shall be replaced on the second reading file. No consent calendar bill shall be considered for adoption until the second legislative day following the day of its placement on the consent calendar.

Consideration of Bills on Consent Calendar

22.3. Bills on the consent calendar are not debatable, except that the President of the Senate or the Speaker of the Assembly shall allow a reasonable time for questions from the floor and shall permit the proponents of such bills to answer such questions. Immediately prior to voting on the first bill on the consent calendar, the President of the Senate or the Speaker of the Assembly shall call to the attention of the members the fact that the next rollcall will be the rollcall on the first bill on the consent calendar.

The consent calendar shall be considered as the last order of business on the Daily File.

Passage and Enrolling of Bills

Passage of Bills Preceding Final Adjournment

23 No Senate bill shall be passed by the Senate within 15 days, and no Assembly bill shall be passed by the Assembly within 10 days prior to the adjournment sine die of the two houses of the Legislature at a general session or within one day prior to the adjournment sine die of the two houses of the Legislature at a budget session, unless permission to vote on such bill shall be granted by a three-fourths vote of the house of its origin after being recommended by the Committee on Rules (if it be a Senate bill) or by the Speaker of the Assembly (if it be an Assembly bill).

Enrollment of Bill After Passage

24. After a bill has passed both houses it shall be printed in enrolled form, omitting symbols indicating amendments, and shall be compared by the Engrossing and Enrolling Clerk and the proper committee of the house where it originated to determine that it is in the form approved by the houses. The enrolled bill shall thereupon be signed by the presiding officers of both houses and the Secretary of the Senate and Chief Clerk of the Assembly and presented without delay to the Governor. The committee shall report the time of presentation of the bill to the Governor to the house and the record shall be entered in the Journal. After enrollment and signature by the officers of the Legislature, constitutional amendments, concurrent and

joint resolutions shall be filed without delay in the office of the Secretary of State and the time of filing shall be reported to the house and the record entered in the Journal.

AMENDMENTS AND CONFERENCES

Amendments to Amended Bills Must Be Attached

25. Whenever a bill or resolution which shall have been passed in one house shall be amended in the other, it shall immediately be reprinted as amended by the house making such amendment or amendments. Two copies of such amendment or amendments shall be attached to the bill or resolution so amended, and endorsed "adopted" and such amendment or amendments, if concurred in by the house in which such bill or resolution originated, shall be endorsed "concurred in," and such endorsement shall be signed by the Secretary or Assistant Secretary of the Senate, or the Chief Clerk or Assistant Clerk of the Assembly as the case may be; provided, however, that an amendment to the title of a bill adopted after the passage of such bill shall not necessitate reprinting, but such amendment must be concurred in by the house in which such bill originated.

To Concur or Refuse to Concur in Amendments

26. In case the Senate amend and pass an Assembly bill, or the Assembly amend and pass a Senate bill, the Senate (if it be a Senate bill) or the Assembly (if it be an Assembly bill) must either "concur" or "refuse to concur" in the amendments. If the Senate concur (if it be a Senate bill), or the Assembly concur (if it be an Assembly bill), the Secretary or Chief Clerk shall notify the house making the amendments and the bill shall be ordered to enrollment.

Concurring in Amendments Adding Urgency Section

27. When a bill which has been passed in one house is amended in the other by the addition of a section providing that the act shall take effect immediately as an urgency measure, and is returned to the house in which it originated for concurrence in the amendment or amendments thereto, the procedure and vote thereon shall be as follows:

The presiding officer shall first direct that the urgency section be read and put to a vote. If two-thirds of the members elected to the house vote in the affirmative the presiding officer shall then direct that the question of whether the house shall concur in the amendment or amendments shall be put to a vote. If two-thirds of all the members elected to the house vote in the affirmative, concurrence in the amendments shall be effective.

If the affirmative vote on either of such questions is less than two-thirds of all the members elected to such house, the effect is a refusal to concur in the amendment or amendments, and the procedure thereupon shall be as provided in Joint Rule No. 28.

When Senate or Assembly Refuse to Concur

28. If the Senate or the Assembly refuse to concur in the amendments, the Committee on Rules (if it be a Senate bill) or the Speaker of the Assembly (if it be an Assembly bill) shall appoint a committee of three (3) on conference and the Secretary or the Chief Clerk shall immediately notify the other house of the action taken and request the appointment of a like committee. Two of the members comprising such committee from each house shall be selected from those voting with the majority on the point about which the difference has arisen, and the other member from each house of such committee shall be selected from the minority, in the event there is a minority vote. The first Senator named on the conference committee shall act as chairman of the committee from the Senate, and the first Assemblyman named on such committee shall act as chairman of the committee from the Assembly and the chairman thus selected shall arrange the time and place of all meetings and prepare or direct the preparation of reports. The committee on conference shall report to both the Senate and the Assembly.

Report of Committee on Conference

29. The report of the committee on conference shall not be subject to amendment, and if either house refuse to adopt such report the conferees may be discharged and other conferees appointed; provided, however, that no more than three different conference committees shall be appointed on any one bill.

It shall require the affirmative vote of not less than two of the Senate Members and two of the Assembly Members constituting the committee to agree upon a report. No member who has served on a committee on conference shall be appointed a member of another committee on conference on the same bill.

The report of a conference committee shall be in writing, and a copy of any amendments proposed in the report shall be placed on the desk of each member of the house before it is acted upon by the house.

When Conference Committee Report Is in Order

30. The presentation of the report of a committee on conference shall always be in order, except when a question of order or a motion to adjourn is pending, or during rollcall, and, when received, the question of proceeding to the consideration

of the report, if raised, shall be immediately passed upon, and shall be determined without debate.

Conference Committee Reports on Urgency Measures

30.5. When the report of a committee on conference recommends the amendment of a bill by the addition of a section providing that the act shall take effect immediately as an urgency measure, the procedure and the vote thereon shall be as follows:

The presiding officer shall first direct that the urgency section be read and put to a vote If two-thirds of the members elected to the house vote in the affirmative the presiding officer shall then direct that the question of whether the house shall adopt the report of the committee on conference shall be put to a vote. If two-thirds of all the members elected to the house vote in the affirmative, the adoption of the report and the amendments proposed thereby shall be effective.

If the affirmative vote on either of such questions is less than two-thirds of all the members elected to such house, the effect is a refusal to adopt the report of the committee on conference.

Miscellaneous Provisions

(b) The applications required by the above rule shall be authenticated in a manner that shall be satisfactory to the Standing Committee of the Capitol Correspondents Association which shall see that occupation of seats and desks in the Senate and the Assembly Chambers is confined to bona fide correspondents of reputable standing in their business, who represent daily newspapers requiring a daily file of legislative news, or who represent news associations requiring daily telegraphic or radio service on legislative news. It shall be the

duty of the standing committee at their discretion, to report violation of accredited press privileges to the Speaker of the Assembly, or to the Senate Committee on Rules, and pending action thereon the offending correspondent may be suspended by the standing committee.

(c) Persons engaged in other occupations whose chief attention is not given to newspaper correspondence or to newspaper associations requiring telegraphic service shall not be entitled to the privileges accorded accredited press representatives; and the press list in the Handbook of the California Legislature and the Senate and Assembly Histories shall be a list only of persons authenticated by the standing committee of correspondents.

The Press Room shall be under the control of the Chief of the Bureau of Buildings and Grounds; provided, that all rules and regulations shall be approved by the Senate Committee on Rules and the Speaker of the Assembly.

Dispensing With Joint Rules

33. No joint rule shall be dispensed with except by a vote of two-thirds of each house; and Joint Rule No. 23 can be dispensed with only in the manner provided for in said joint rule. If either house shall violate a joint rule a question of order may be raised in the other house and decided in the same manner as in the case of the violation of the rules of such house; and if it shall be decided that the Joint Rules have been violated, the bill involving such violations shall be returned to the house in which it originated, and such disputed matter be considered in like manner as in conference committee.

Opinions of Legislative Counsel

34. Whenever the Legislative Counsel issues an opinion to any person other than the first-named author analyzing the constitutionality, operation or effect of a bill or other legislative measure which is then pending before the Legislature or which was introduced at any session of the Legislature held within two years next preceding the date of the opinion and was referred to an interim committee for study, or of any amendment made or proposed to be made to such bill or meas-

ure, he is authorized and instructed to deliver two copies of the opinion to the first-named author as promptly as feasible after the delivery of the original opinion and also to deliver a copy to any other author of the bill or measure who so requests.

Resolutions Prepared by Legislative Counsel

34.1. Whenever the Legislative Counsel has been requested to draft a resolution commemorating or taking note of any event, or a resolution congratulating or expressing sympathy toward any person, and subsequently receives a similar request from another Member of the Legislature, he shall inform each subsequent requester that such a resolution is being, or has been, prepared, and shall furnish such subsequent requester with the name of the member for whom the resolution was, or is being, prepared.

Memorial Resolutions Regarding Members and Former Members of the Legislature

34.2. Whenever the death of a Member of the Legislature or a former member whose service was particularly notable, or any other person who has rendered exceptional service to society or has been unusually prominent in public life occurs, a concurrent resolution may be used as a memorial resolution in respect thereto. In all other instances a Senate resolution or a House resolution, or both, shall be used as a memorial resolution with respect to the deaths of other persons. In all cases a Senate resolution or a House resolution, or both, shall be used to congratulate any person or organization upon the occurrence of any significant event or achievement.

Expense of Members

35. As provided in Section 23b of Article IV of the Constitution, each Member of the Legislature is allowed and reimbursed as the expenses necessarily incurred by him while attending regular and special and extraordinary sessions of the Legislature (including any recess of three days or less) an allowance authorized for other elected state officers at the time the expense is incurred.

Expense allowances for Members of the Senate and Assembly shall be approved and certified to the Controller by the Secretary of the Senate, on behalf of the Senate, and the Chief Clerk of the Assembly or other person authorized by the Assembly Committee on Rules, on behalf of the Assembly, weekly or as otherwise directed by either house, and upon such certification the Controller shall draw his warrants in payment of the allowances to the respective members.

Investigating Committees

36. In order to expedite the work of the Legislature either house, or both houses jointly, may by resolution or statute provide for the appointment of committees to ascertain facts and to make recommendations as to any subject within the scope of legislative regulation or control.

The resolution providing for the appointment of a committee shall state the purpose of the committee, and the scope of the subject concerning which it is to act and may authorize it to act either during sessions of the Legislature or, when such authorization may lawfully be made, after final adjournment.

In the exercise of the power granted by this rule, each committee may appoint a secretary and adopt and amend such rules governing its procedure (including the fixing of its own quorum and the number of votes necessary to take action on any matter) as may appear necessary and proper to carry out the powers granted and duties imposed under this rule. It may employ such clerical, legal and technical assistants as may appear necessary.

Each such committee is authorized and empowered to summon and subpoena witnesses, require the production of papers, books, accounts, reports, documents, records and papers of every kind and description, to issue subpoenas and to take all necessary means to compel the attendance of witnesses and to procure testimony, oral and documentary.

Each member of such committees is authorized and empowered to administer oaths, and all of the provisions of Chapter 4, Part 1, Division 2, Title 2 of the Government Code, relating to the attendance and examination of witnesses before the Legislature and the committees thereof, shall apply to such committees.

The Sergeant at Arms of the Senate or Assembly, or such other person as may be designated by the chairman of the committee, shall serve any and all subpoenas, orders and other process that may be issued by the committee, when directed to do so by the chairman or by a majority of the membership of the committee.

Every department, commission, board, agency, officer and employee of the state government, including the Legislative Counsel and the Attorney General and their subordinates, and of every political subdivision, county, city, or public district of or in this state, shall give and furnish to these committees and to their subcommittees upon request such information, records and documents as the committees deem necessary or proper for the achievement of the purposes for which each such committee was created.

Each such committee may meet at any time during the period in which it is authorized to act, even though the Legislature is in session, either, at the State Capitol or at any other place in the State of California, in public or executive session, and do any and all things necessary or convenient to enable

it to exercise the powers and perform the duties herein granted to it or accomplish the objects and purposes of the resolution creating it. Each such committee may expend such money as may be made available to it for such purpose but no committee shall incur any indebtedness unless money shall have been first made available therefor.

Members shall not be entitled to any salary because of membership on any such committee but shall be allowed mileage at the rate of fifteen cents ($0.15) per mile each way for travel both within and without the state incurred in connection with their services upon the committee and actual and necessary expenses for living accommodations and meals incurred in connection with their services upon the committee, or in lieu of such expenses for accommodations and meals, an allowance of twenty-five dollars ($25) per day. No expenses for accommodations or meals or any allowance in lieu thereof shall be allowed for a day when the member is entitled to reimbursement for expenses under Joint Rule No. 35. The chairman of each committee shall audit and approve the expense claims of the members of the committee including claims for mileage in connection with attendance on committee business, or in connection with specific assignments by the committee chairman, but excluding other types of mileage, and shall certify the amount approved to the Controller, and the Controller shall draw his warrants upon the certification of the chairman.

The chairman of any such committee may appoint subcommittees and chairmen thereof for the purpose of more expeditiously handling and considering matters referred to it, and such subcommittees and the chairman thereof shall have all the powers and authority herein conferred upon the committee and its chairman. The chairman of such subcommittee shall audit the expense claims of the members of such subcommittees and other claims and the expenses incurred by it and shall certify the amount thereof to the chairman of the committee who shall, if he approves the same, certify the amount thereof to the Controller, and the Controller shall draw his warrant therefor upon such certification, and the Treasurer shall pay the same. Whenever such committee or any subcommittee thereof is authorized to leave the State of California in the performance of its duties, then such committee or subcommittee shall, while out of the state, have the same authority as if it were acting and functioning within the state, and the members thereof shall be entitled to receive the same expense allowances as if the committee were functioning within the state.

This rule governs mileage only with respect to travel to and from committee meetings and with respect to travel necessary to carry out specific assignments made by the chairman of a committee. Such mileage is chargeable to the funds allocated to the specific committee for whom the travel was undertaken. Nothing in this rule shall prevent either house from providing by rule or resolution for the payment of mileage at the same rate herein specified for travel incurred in connection with

committee business generally, payable from the contingent funds of either house after approval by the Rules Committee of that house, or its authorized representative.

Notwithstanding any provision of this rule, if the standing rules of either house require that expense claims of members of committees be audited or approved, after approval of the committee chairman, by another agency of either house, the Controller shall draw his warrants only upon the certification of such other agency.

Except salary claims of employees clearly subject to federal withheld tax and the requirement as to loyalty oaths, claims presented for services or pursuant to contract shall refer to the agreement, the terms of which shall be made available to the Controller.

Expenses of Interim Committee Employees

36.1. Unless otherwise provided by respective house or committee rule or resolution, employees of legislative committees shall, when entitled to traveling expenses, be entitled to allowances in lieu of actual expenses for hotel accommodations, breakfast, lunch, and dinner, at the rates fixed by the Board of Control from time to time in limitation of reimbursement of expenses of state employees generally; provided, that if an allowance for hotel accommodations, breakfast, lunch and dinner is made by a committee at a rate in excess of those fixed by the Board of Control the chairman of the committee shall notify the Controller of that fact in writing.

Appointment of Committees

36.5. The provisions of this rule shall apply whenever a joint interim committee is created by a statute or resolution which either provides that appointments be made and vacancies be filled in the manner provided for in the Joint Rules, or which makes no provision for the appointment of members or the filling of vacancies.

The Senate members of the committee shall be appointed by the Senate Committee on Rules; the Assembly members of the committee shall be appointed by the Speaker; and vacancies occurring in the membership of the committee shall be filled by the respective appointing powers. The members appointed shall hold over until their successors are regularly selected.

Legislative Budget Committee

37. In addition to any other committee provided for by these rules, there shall be a joint committee to be known and called the Legislative Budget Committee, which is hereby declared to be a continuing body.

It shall be the duty of the committee to ascertain facts and make recommendations to the Legislature and to the houses

thereof concerning the State Budget, the revenues and expenditures of the state, and of the organization and functions of the state, its departments, subdivisions and agencies, with a view of reducing the cost of the state government, and securing greater efficiency and economy.

The Senate members of the committee shall consist of seven Members of the Senate appointed by the Committee on Rules. The Assembly members of the committee shall consist of seven Members of the Assembly appointed by the Speaker. The committee shall select its own chairman.

Any vacancies occurring between general sessions, in the Senate membership of the Legislative Budget Committee, shall be filled by the Senate Committee on Rules, and the Senators appointed shall hold over until their successors are regularly selected. For the purposes of this provision, a vacancy shall be deemed to exist as to a Senator whose term is expiring whenever he is not reelected at the general election.

Any vacancies occurring between general sessions, in the Assembly membership of the Legislative Budget Committee, shall be filled by the Speaker of the Assembly, and the Members of the Assembly appointed shall hold over until their successors are regularly selected. For the purposes of this provision, a vacancy shall be deemed to exist as to a Member of the Assembly whose term is expiring whenever he is not reelected at the general election.

Any vacancy occurring at any time in the Assembly membership of the committee shall be filled by appointment by the Speaker.

The committee shall have the authority to make rules to govern its own proceedings and its employees. It may also create subcommittees from its membership, assigning to its subcommittees any study, inquiry, investigation or hearing which the committee itself has authority to undertake or hold, and the subcommittee for the purpose of this assignment shall have and may exercise all the powers conferred upon the committee, limited only by the expressed terms of any rule or resolution of the committee defining the powers and duties of the subcommittee. Such powers may be withdrawn or terminated at any time by the committee.

The Legislative Budget Committee may render services to any investigating committee of the Legislature pursuant to contract between the Legislative Budget Committee and the committee for which the services are to be performed. The contract may provide for payment to the Legislative Budget Committee of the cost of such services from the funds appropriated to the contracting investigating committee. All legislative investigating committees are authorized to enter such contracts with the Legislative Budget Committee. Money received by the Legislative Budget Committee pursuant to any such agreement shall be in augmentation of the current appro-

priation for the support of the Legislative Budget Committee.

The provisions of Joint Rule 36 above shall apply to the Legislative Budget Committee, and it shall have all the authority provided in such rule or in Article IV, Section 37, of the Constitution.

The committee may meet either during sessions of the Legislature, any recess thereof, or after final adjournment, and may meet or conduct business at any place within the State of California.

The members of the committee shall serve without compensation but shall be entitled to actual and necessary expenses including expenses for living accommodations and meals incurred in connection with their services on the committee, or in lieu of such expenses for accommodations and meals they shall be entitled to the same allowance as members of other committees authorized to function after adjournment. The chairman of the committee or, in the event of his inability to act, the vice chairman shall audit and approve the expenses of members of the committee or salaries of the employees, and all other expenses incurred in connection with the performance of its duties by the committee, and the chairman shall certify the amount approved to the Controller, and the Controller shall draw his warrants upon the certification of the chairman, and the Treasurer shall pay the same to the chairman of the committee to be disbursed by him.

Upon the conclusion of its work, any Assembly, Senate, or joint committee (other than a standing committee) shall deliver to the Legislative Analyst for use and custody, available to the Members of the Legislature, all documents, data, reports and other materials that have come into the possession of such committee and which are not included within the final report of such committee to the Assembly, Senate, or the Legislature, as the case may be.

The Legislative Analyst, upon the receipt of a request from any committee or Member of the Legislature, shall at once secure the consent of the committee without disclosing the nature of the request or the name of the requester to provide the requesting committee or legislator with the service or information requested, and thereupon shall notify the requester or committee or legislator that he is authorized to provide the information, and shall inform the committee or legislator the approximate date when this information will be available. Should there be any material delay he shall subsequently communicate this fact to the requester In the event the committee refuses such authorization, he shall inform such requester forthwith.

Registration of Legislative Representatives

37.5. In addition to the duties hereinabove prescribed the Legislative Analyst is directed, so long as he is designated to be "clerk" or "secretary" pursuant to Section 9900(d) of the Government Code, to assign one or more members of his staff to carry out the filing duties imposed by Sections 9900 through 9907 of the Government Code, but he shall undertake no duties which are not specifically authorized by the Joint

WHEREAS, Many of the same bridges, roadbeds, railroad beds and communications facilities which were destroyed in the 1955 floods were again destroyed in the 1964 floods; and

WHEREAS, The Department of Public Works in its report on the 1955 flood noted that ". . . much can be done toward alleviating the hardships and suffering from floods by the proper use and stringent application of zoning regulation on lands subject to overflow . .."; and

WHEREAS, It would seem to be inadvisable to expend huge sums of tax dollars to reconstruct and rehabilitate structures and facilities in the exact locations where historically they have

been destroyed or damaged by flooding and would again be subject to such damage and destruction even if dams are constructed; and

WHEREAS, It is important that every facet of the north coastal area and the Eel River Basin must be examined to determine the interrelated effect and consequence of each land use characteristic so that the optimum advantages can be realized from necessary planning for zoning controls with consequent advantage to any flood control features constructed to the ultimate relief from floods for the residents and relief from repetitive emergency expenditures which may be alleviated thereby; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Administrator of the Resources Agency shall and he is hereby requested to coordinate a detailed study by the respective departments and other units within the Resources Agency and the Highway Transportation Agency of all cause and effect factors contributing to the damages incurred during the floods of the 1964–1965 winter, soliciting the cooperation of all federal, state and local governmental jurisdictions whose services are considered necessary to such inquiry and maintaining communications with and inviting comments, and suggestions from local chambers of commerce, business, industry, landowners and recreation and conservation organizations in the affected counties at all stages of the proposed study; and be it further

Resolved, That the Administrator of the Resources Agency shall report the findings of this inquiry to the Legislature by March 1, 1967, including in such report any recommendations felt to be necessary to protect against future flood damages, including therein proposals for location or relocation of communities, transportation facilities, other utilities and recommendations relating to land use and watershed management; and be it further

Senate Joint Resolution No. 17—Relating to egg prices.

[Filed with Secretary of State April 26, 1965]

WHEREAS, The recent unprecedented decline in egg prices has resulted in prices often below the cost of production, and unless consumption of eggs is increased such prices may further decline; and

WHEREAS, The poultry and egg industry is vital to the well-being of the economy of not only California but the entire nation; and

WHEREAS, Literally hundreds of poultry producers will be forced to close down their businesses unless they can receive at least the cost of their producing poultry and eggs, which could result in a serious loss of this vital food to the consuming public; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Congress of the United States and the United States Department of Agriculture are requested to promptly take all appropriate action to increase the consumption of eggs by requesting retailers to promote eggs heavily at this time of low prices and by urging schools to increase their purchase of eggs for use in their feeding programs; and be it further

CHAPTER 69

Senate Joint Resolution No. 24—Relative to closing of Veterans Administration facilities.

[Filed with Secretary of State April 26, 1965]

WHEREAS, The closing of certain regional offices, hospitals and domiciliaries of the U.S. Veterans Administration is now being considered as an economy move; and

WHEREAS, The closing of the hospitals will necessitate the removal of the patients to other distant hospitals at great inconvenience and hardship to themselves and their families or will result in their discharge and consequent dependence on local welfare facilities, thus decreasing or eliminating the expected savings; and

WHEREAS, There is, at the present time, a list of several thousand awaiting admittance to such hospitals; and

WHEREAS, There will be a continuing and increasing demand for such facilities as the average age of the veterans of World War II and subsequent campaigns advances; and

WHEREAS, The closing of the regional offices would place an undue burden on the veterans in those regions in that they will be deprived of the personal contacts and services provided by these offices; now, therefore, be it

Resolved by the Senate and the Assembly of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the Congress of the United States to conduct a full-scale study and review of the effect that will result from the proposed closing upon the veterans and their families and upon the welfare facilities of the states

and communities affected, before authorizing the closing of these Veterans Administration facilities; and be it further

Resolved, That the Secretary of the Senate is directed to transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

Sec. 501.1.

The final compensation of every member, after the effective date of this Section, shall be calculated upon the average annual compensation earnable of the member during his last three years of service or during any other three consecutive years of service which he shall designate, notwithstanding the definition of final compensation contained in Section 501 which, however, shall continue to be applicable to every case in which a member's retirement allowance or any other person's pension benefit based upon a member's final compensation did or shall become effective and operative as of any date prior to the effective date of this Section.

Sec. 508.2. Continuance to Surviving Spouse.

A. For the purpose of this Section, the following words and phrases are defined as follows:

"Operative Date" This Section shall become operative July 1, 1965 and shall be applicable only to eligible members as herein defined, who retire on or subsequent to said operative date, except in the case of a member compulsorily retired under the provisions of Section 508 on or after May 1 of said year.

"Eligible Member" is hereby defined and shall comprehend and include:

(1) Only those present members of the System who became such prior to said operative date who elect, in writing filed with the Board of Administration within 90 days following the effective date of this Section, to participate in the benefit hereby established and to pay the required survivor contribution. If filed within said 90 day period, but subsequent to said operative date, such election shall be accompanied by a lump sum payment of the amount of the survivor contribution which would have been taken by payroll deduction had such member filed such election prior to said operative date; and

(2) All persons entering or reentering membership subsequent to said operative date, provided however, that in the case of any such member, no credit shall be allowed under the provisions of this Section for service rendered prior to said operative date.

It is the intent, meaning and purpose of "Eligible Member" definition to limit the service credit to be taken into account in the calculation of the unmodified allowance as hereinafter defined, for service rendered prior to the operative date of this Section, to those members of the System as of said operative date who elect to participate in the manner and within the time specified in this definition of "Eligible Member"

"Eligible Spouse" shall mean the surviving spouse of a retired eligible member to whom such member is married at time of retirement and has been so married for at least one year prior thereto.

"Unmodified Allowance" shall mean the total monthly retirement allowance payable to the member as of the date of retirement, calculated in accordance with the provisions of Sections 508 and 508 1, in the case of service retirement, and Section 510, in the case of disability retirement.

"Joint and Survivor Cash Refund Annuity" shall mean an annuity which shall be the actuarial equivalent of the eligible member's total accumulated contributions providing for equal monthly payments during the lifetime of such member and the eligible spouse with payment of any unused contributions, as defined in Section 511 B, upon the death of the last survivor as provided in that Section, calculated in accordance with approved actuarial methods as of the date of retirement

B. Upon the retirement of an eligible member having an eligible spouse, other than one selecting one of the options available under Section 509, the annuity portion of such member's retirement allowance shall be calculated as a joint and survivor cash refund annuity and the amount of pension payable during such member's lifetime shall be the excess of the member's unmodified retirement allowance over such joint and survivor cash refund annuity.

Upon the death of such eligible member survived by such eligible spouse, there shall be continued to such spouse, a retirement allowance which shall consist of:

(1) The joint and survivor cash refund annuity paid during the member's lifetime; and

(2) A pension amount payable during the lifetime of such spouse which shall be the excess of one-half of the unmodified allowance over said joint and survivor cash refund annuity.

C. Upon the retirement of an eligible member having no eligible spouse at time of retirement or one who selects one of the options available under Section 509, the annuity portion of such member's retirement allowance shall be calculated on the basis of his normal accumulated contributions as opposed to the sum of the normal contributions and the survivor contributions taken pursuant to the provisions of this Section.

The excess of such member's total accumulated contributions over the normal accumulated contributions at time of retirement shall be paid to such member, or at his option, considered as additional contributions made to provide a larger annuity benefit.

D. Upon the death of an eligible member before retirement leaving a spouse who is eligible for and elects to take the survivor allowance provided under the provisions of Section 511 A (3), the annuity portion of the allowance to be paid under that subsection shall be calculated on the basis of the member's normal accumulated contributions as opposed to the sum of the normal contributions and the survivor contributions taken pursuant to this Section.

The excess of such deceased member's total accumulated contributions over the normal accumulated contributions at the time of death shall be paid to the surviving spouse, or at the option of such spouse, considered as additional contributions made to provide a larger annuity benefit.

E. From and after the operative date of this Section, every eligible member shall contribute by salary deduction at the rate of contribution established by the Board of Administration on account of the benefit provided by this Section. The rate of such contribution and deduction shall be expressed as a percentage of compensation earnable and shall be a single rate for both sexes, based on age at the time a member becomes an eligible member as defined in this Section and shall be such as will accumulate on the average and on a reserve basis, a sum sufficient for the payment of a survivor annuity payable to the eligible spouse upon the death of the eligible member after retirement equal to one two-hundred-fortieth (1/240) of final compensation, multiplied by the number of years and parts thereof of City service rendered subsequent to the operative date of this Section. The percentage rate for eligible members over age fifty-nine (59) years shall be the rate established for the age of 59 years.

Said contributions shall be known and designated as "Survivor Contributions" and shall be in addition to the contributions taken pursuant to the provisions of Section 507, which contributions shall be known and designated as "Normal Contributions". The rate of contribution to be applied to the compensation earnable of each eligible member shall be the sum of the two percentages and all of the provisions of said Section 507 shall be applicable to the total amount of the contributions and deductions so taken.

F. To fund the additional liabilities assumed by the City under this Section, there shall be included in the annual Budget of the City Employees' Retirement Fund, in addition to the items specified in Section 506, the following:

1. An annual contribution on account of service rendered subsequent to the operative date of this Section expressed as a percentage of the salaries of all members which shall be included in the percentage of such salaries now required under the provisions of subsection (1) of that Section; and

2. A sum sufficient to liquidate, over a period of not to exceed 25 years as determined by the Board of Administration, the liabilities assumed on account of service rendered prior to

the operative date of this Section which shall be in addition to the sum now required under subsection (2) of said Section 506.

Sec. 509.1.

In addition to or in conjunction with the options provided in Section 509, any member or the survivor of a deceased member who selects the optional retirement allowance under the provisions of Section 511 A (3) may, in lieu of the annuity payment calculated on the basis of the refund of unused accumulated contributions as provided in said Section 509, elect to receive an annuity payable only during the life or lives of the persons covered by the option with no payment due upon the death of the last survivor on account of unused contributions as provided in Section 511 B. In all other respects, the provisions of the last paragraph of Section 509 with respect to the liability of the System under the option being equal to the liability of the System under the member's unmodified retirement allowance shall be applicable.

The phrase "child or children under the age of 18" shall comprehend and include, in addition to, a child who has not attained its 18th birthday as of the date of the member's death; any child who, before reaching the age of 18, has become unable to engage in any substantial gainful activity by reason of any medically determinable physical or mental impairment which can be expected to result in death, or to be of long continued and indefinite duration. The pension amount payable on account of every child shall cease when such child reaches the age of 18 unless such child was, or has become, disabled as in this paragraph provided, in which case payments on account of such a disabled child shall be continued for the duration of the disability. The Board of Administration shall have the power to hear and determine all matters pertaining to the degree and the duration of any child's disability and the determination of said Board shall be final and conclusive.

2 Upon the death of a family plan member, who has completed at least 120 months of death benefit plan service·

(a) If there be a widow, widower or children, of such member eligible to receive payments under subsection 1 hereof, such payments shall be made as therein provided;

(b) Upon reaching age 62 the widow of such member, if she has not remarried and is not entitled to a widow's payment under subparagraph (a) of this subsection, shall be paid a monthly pension of $104.80 so long as she remains unmarried;

(c) Upon reaching age 62 the widower of such member, if he has not remarried and is not entitled to a widower's payment under the provisions of subparagraph (a) of this subsection, and if during the last year of the member's service he had received at least ½ of his necessary living expenses from such member, shall be paid a monthly pension of $104 80 so long as he remains unmarried;

(d) In the event such member is not survived by a widow, widower or children, but is survived by a parent or parents who during the last year of the member's service had received at least ½ of their necessary living expenses from such member, there shall be paid to each such parent a monthly pension of $95.30 if both parents survive or a monthly pension of $104 80 if only one such parent survives; provided, however, that no such payment shall be made to a parent who has remarried subsequent to the member's death, nor shall such payments begin before the parent has reached age 62, nor shall any payment be continued to a parent who remarries.

In order to qualify for the benefit provided in subparagraph (c) and (d) of this subsection, the widower, parent or parents, as the case may be, must within a period of six months following the member's death, file with the Board of Administration a claim for such benefit payable at age 62, regardless of age at the time of such death, and establish to the satisfaction of said Board the fact of dependency as provided in said subparagraphs. Failure for any reason to file such claim within the time herein specified, shall forever bar the right of such widower, parent or parents, to assert a claim to such benefit.

C. The maximum monthly amount payable under this Section on account of the death of any one member, shall not exceed $254, and in the event the total of the amounts so payable calculated in the manner herein provided shall exceed such maximum, then each of such amounts shall be proportionately decreased

D. In the event any person under the age of 72 on whose account a payment is being made under the provisions of this Section shall have earnings from any gainful occupation as an employee of another, or from self employment, in excess

of $1,200 during any calendar year, then the payments due the ensuing year on account of such person shall be reduced by the following amount:

(1) One dollar ($1.00) for each two dollars ($2.00) of earnings in excess of $1,200 but less than or equal to $1,700, plus

(2) One dollar ($1.00) for each one dollar ($1.00) of earnings in excess of $1,700.

However, every person will be entitled to receive a full monthly pension payment for as many months as the number of months such person earned less than $100 during the preceding calendar year.

The Board of Administration shall determine the amount of such reduction in pension payments.

It shall be the duty of every person receiving payments under the provisions of this Section to make such reports relative to employment, earnings and marital status as the Board of Administration may determine, and failure to furnish any such report within the time and in the manner specified by said Board shall be cause for the suspension or cancellation of any further payments as said Board may in its discretion determine.

E. In the event the surviving beneficiary of a member who dies while eligible to retire under the provisions of Section 508 selects the optional survivorship allowance provided by Section 511A (3), no payments shall be made under this Section on account of such member's death.

F The Board of Administration shall secure such actuarial reports and valuations as may be necessary to establish the cost of the benefits provided by this Section and for the accumulation and maintenance of a fund on a reserve basis sufficient for the payment of such benefits. On the basis of such reports it shall establish and change or modify a rate of contribution for the family plan members and a like rate for the City to the end that such cost shall be borne equally between the family plan members and the City Age and sex shall be disregarded in establishing such rate which shall be expressed as a dollar amount per month per family plan member

Said Board shall certify the dollar amount of the family plan member contribution to the Controller who shall deduct one-half of such amount from the salary paid to each such member for each of two payroll periods during each calendar month and draw a payroll check for the total of the amount so deducted which shall be paid into a special reserve account of the City Employees' Retirement Fund to be designated "Family Plan Death Benefit Account."

Each family plan member, by virtue of the election to participate in the plan, shall be deemed to consent and agree to each such deduction, and payment of each payroll check shall be a full and complete discharge and acquittance of all claims and demands whatsoever for service rendered by such member during the period covered by such payroll. Contribu-

tions taken pursuant to the provisions of this subsection shall be in addition to the member contributions required to be taken under the provisions of Section 507 but they shall not become a part of the member's accumulated contributions nor shall they be refundable under any circumstances

The Board of Administration shall include in the Annual Departmental Budget, in addition to the items specified in Section 506 and for the account of said family plan death benefit account:

(1) An amount equal to the estimated total amount to be contributed by the family plan members during such fiscal year; and

(2) In the event the benefits paid and to be paid under the provisions of this Section during the preceding fiscal year shall exceed the total amount paid into said account by the contributing members, the revenue derived from (1) above and the interest as provided in the next paragraph, an amount equal to such deficit.

Interest shall be credited to said family plan death benefit account at the same time and in the same manner as interest is credited to the other actuarial reserve accounts of the System and the Board of Administration shall keep such record and account of the total amount paid into said account plus the interest credited thereto as will show at any time the total amount so provided less the total amount of benefits

No payment on account of the benefits provided by this Section shall be paid from any other fund or account and every family plan member shall, by virtue of the election to participate in the plan, be deemed to consent and agree to this limitation of liability.

G. This Section and the family death benefit insurance plan hereby established, shall not become operative until the first day of the 4th calendar month next succeeding the effective date of this Section and shall be applicable only in the case of the death of a family plan member who dies after said operative date and, in no event, in the case of the death of any such member prior thereto, nor shall any benefit be paid under the provisions of this section on account of the death of any member after retirement.

In order that the family death benefit insurance plan, established by this Section, may become and remain operative after the date set forth in the preceding paragraph during the balance of the first fiscal year of its operation, the Board of Administration is hereby authorized and directed to advance from such account or reserve as it may determine, an amount equal to the family plan member contributions taken each payroll period and the total amount so advanced shall, during the second fiscal year, be included in the annual department budget in addition to the item specified in subparagraph (1) of subsection "F" of this Section

Sec. 511. Payments Upon Death

C. Upon the death of every member after retirement, the sum of $500 shall be paid to such person as he shall have nominated by written designation duly executed and filed with the Board of Administration, or to the surviving spouse of such deceased member in the event no such designation is filed, or to his child or children in the event there be no designated beneficiary or surviving spouse, provided that such payment shall be made only after satisfactory evidence has been presented to the Board, showing that the expense of burial of such deceased member has been paid or that the obligation to pay therefor has been assumed by a person or persons or an organization legally capable of contracting such obligation. The fact of burial, as evidenced by a certified copy of the death certificate, shall be sufficient evidence of compliance with the requirements stated in the foregoing sentence.

In the event there be no designated beneficiary, surviving spouse or child or children, or in the event the requirements herein stated with respect to the expense of burial of such member have not been complied with within such time as said Board in its discretion may determine, then the payment of the amount specified in this subsection shall be paid to the executor or administrator of the estate of such deceased member, or to any other person legally authorized to receive money due said decedent.

Senate Joint Resolution No. 22—Relative to benefits for veterans of the Vietnam Campaign.

[Filed with Secretary of State May 4, 1965.]

WHEREAS, United States military personnel have been engaged in an actual war time situation in Vietnam for several years; and

WHEREAS, They are being subjected to dangers and privations comparable to those which our armed forces endured during World War II and the Korean Emergency, hundreds already having been killed and many more wounded; and

WHEREAS, The campaign in Vietnam is an undeclared war, thus preventing these men from becoming eligible for veterans benefits; and

WHEREAS, The Congress generously recognized the service of the veterans of World War II and the Korean Emergency with educational, housing and other benefits which would be equally appropriate as a recognition of the unsung efforts of these men serving so gallantly the interests of the United States; now, therefore, be it

Resolved by the Senate and the Assembly of the State of California, jointly, That the Congress of the United States is memorialized to enact legislation conferring benefits, comparable to those given veterans of World War II and the Korean Emergency, to those personnel of our armed forces serving in Vietnam, where the tensions, dangers and privations far exceed the demands normally made by peacetime service; and be it further

Resolved, That the Secretary of the Senate is directed to transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

WHEREAS, Private manufacturers of these artifacts and materials are not numerous and it is difficult for school districts to obtain these materials at a reasonable cost; and

WHEREAS, It has been determined by the Legislature that federal Rehabilitation Act funds may well be available to the state to finance an expanded program of manufacture of special education materials in the state's correctional institutions; and

WHEREAS, It has been further determined by the Legislature that inmates of the Los Angeles County jail have in the past, and do presently, produce toys and puzzles and other artifacts for mentally retarded children in that county, and conse-

quently it appears that a state program patterned along these lines is feasible and desirable; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the State Departments of Corrections, Rehabilitation and Education are hereby directed to study the financial and legal modifications necessary to institute an expanded program of manufacture of special education materials in this state's correctional institutions, to include the possible availability of federal funds to support such a program, and to report the results of this study to the Legislature no later than the fifth legislative day of the 1966 Regular Session of the Legislature; and be it further

Resolved, That the Chief Clerk of the Assembly is hereby directed to transmit copies of this resolution to the Director of Corrections, the Director of Rehabilitation, and the Superintendent of Public Instruction

The three (3) members of the Council in office at the time this Charter takes effect whose terms under the preceding Charter would expire in 1967 shall continue to hold office as members of the Council until the end of the 30th day of June, 1967. The four (4) members of the Council in office at the time this Charter takes effect whose terms under the preceding Charter would expire in 1969 shall continue to hold office as members of the Council until the end of the 30th day of June, 1969. The person holding the office of Mayor at the time this Charter takes effect shall continue to serve as Mayor until the end of the 30th day of June, 1966; and, at the first regular meeting of the Council in July, 1966, the Council shall elect one of its members to serve as Mayor until the end of the 30th day of June, 1967.

Section 403. Elections; Designation of Seats. The first election at which a Mayor and members of the Council shall be elected shall be the general municipal election held in the year 1967. At such election persons shall be elected to fill the seats of those three (3) members of the Council whose terms expire at the end of the 30th day of June, 1967, and to fill such other vacancies in the Council, if any, as are required by other provisions of this Charter to be filled at such election. At the general municipal election held in 1969 persons shall be elected to fill the seats of those four (4) members of the Council whose terms expire at the end of the 30th day of June, 1969, and to fill such vacancies in the Council, if any, as are required by other provisions of this Charter to be filled at such election. Thereafter, at each general municipal election, successors shall be elected to fill the seats of those members of the Council, including the member of the Council who is also Mayor, whose terms expire at the end of the 30th day of June in the year of such election.

For purposes of said elections and prior to the holding of the general municipal election in 1967, the City Clerk shall designate each Council office by an appropriate descriptive

designation, as follows: One of the seats of those members of the Council whose terms expire at the end of the 30th day of June, 1967 shall be designated as "Mayor"; the other six (6) seats shall be designated as "Councilman, Seat No. 2," Councilman, Seat No. 3," "Councilman, Seat No. 4," "Councilman, Seat No. 5," "Councilman, Seat No. 6," and "Councilman, Seat No. 7," respectively. The designation so given to each such office shall thereafter be used in all elections, nomination papers, certificates of election and all other election papers pertaining or referring to such office, and to designate incumbency of such office.

The person elected at any election to the office designated "Mayor" shall be deemed elected both as Mayor and as a member of the Council.

Section 404. Eligibility. No person shall be eligible to be a candidate for or to take or hold office as Mayor or as a member of the Council unless he is a resident and qualified registered elector of the City of San Jose.

Section 405. Judge of Qualifications. The Council shall be the judge of the election and qualification of its members, including the Mayor, and of any other elective officer, and of the grounds for forfeiture or loss of their respective offices, and for that purpose shall have the power to subpoena witnesses, administer oaths and require the production of evidence. A member, or the Mayor, or the holder of any other elective office, charged with conduct constituting grounds for forfeiture or loss of his office shall be given, if he so demands, an opportunity to be heard in his own defense at a public hearing after reasonable notice to such member.

Section 406. Holding Other Office. Except as authorized by this Charter, no member of the Council shall hold any other City office or City employment, other than Mayor, during the term for which he was elected to the Council; provided and excepting, however, that a member of the Council may become a member of any advisory, administrative or governing body of any special purpose district, entity, organization or committee when such is authorized by State law or where the offices are not incompatible.

Section 407. Compensation. From and after July 1, 1967, the Mayor shall receive, as compensation for his services as Mayor and as a member of the Council for each calendar month during which he is both Mayor and a member of the Council, the sum of Six Hundred Dollars ($600) without any deduction because of his failure to attend any Council meetings.

From and after July 1, 1967, each member of the Council, except the Mayor, shall receive, as compensation for each calendar month during which he is a member of said Council, the sum of Four Hundred Dollars ($400), less the sum of Fifty Dollars ($50) per each regular meeting of the Council, other than regular adjourned meetings, and other than meetings during which he is away on authorized City business, which he fails to attend in each such calendar month.

Until July 1, 1967, each member of the Council including the Mayor shall receive as compensation the sum of Five Dollars ($5) for each Council meeting attended, provided that the total compensation of each member of the Council shall not exceed Twenty-five Dollars in any one month. Also, until July 1, 1967, the Mayor shall receive no compensation other than such compensation as he may be entitled to as a member of the Council.

Section 408. Reimbursement. The members of the Council and the Mayor shall receive reimbursement, if and to the extent such is authorized by the Council, for expenses incurred in the performance of their duties or functions of office.

Section 409. When Office Becomes Vacant. The office of a member of the Council or of the Mayor becomes vacant on the happening of any of the following events before the expiration of such officer's term:

(a) The death of the incumbent;

(b) Insanity of the incumbent, when determined by a final judgment or final order of a court of competent jurisdiction;

(c) Resignation of the incumbent;

(d) The incumbent ceases to be a registered and qualified elector of the City of San Jose;

(e) Removal of the incumbent from office;

(f) Absence of the incumbent from the State of California for more than sixty (60) days, unless either upon business of the City or with the consent of the Council. In the case of illness or other urgent necessity, and upon a proper showing thereof, the time limited for absence from the State shall be extended by the Council;

(g) The incumbent ceases to discharge the duties of his office for a period of three (3) consecutive months except when prevented by sickness or when absent from the State with permission required by this Charter;

(h) The incumbent being convicted of a felony or of any offense involving a violation of his official duties;

(i) The refusal or neglect of the incumbent to file his official oath or bond, if such is required by law, within the time prescribed by law;

(j) The decision of a competent tribunal declaring void the incumbent's election or appointment;

(k) The making of an order vacating the incumbent's office or declaring his office vacant when he fails to furnish an additional or supplemental bond if such is required of him by law;

(*l*) The commitment of the incumbent to a hospital or sanitarium, by a court of competent jurisdiction, as a drug addict, dipsomaniac, inebriate, or stimulant addict; but in such event the office shall not be deemed vacant until the order of commitment has become final;

(m) The incumbent's absence from five (5) consecutive regular meetings of the Council, unless excused by written resolution of the Council. No such excuse shall operate retro-

actively. No resolution shall excuse an incumbent's absence from more than five (5) consecutive regular meetings immediately following the date of adoption of such resolution, although additional resolutions may be adopted excusing an incumbent's absence from not more than five (5) additional regular meetings immediately following the date of each such resolution. For purposes of this subsection, regular meetings from which an incumbent has been absent shall not be deemed consecutive if separated by one or more regular meetings at which such incumbent has been present or his absence from which has been excused by the Council. Also, for purposes of this sub-section, "regular meetings" shall not be deemed to mean or include "regular adjourned meetings," "special meetings," or any committee meetings

Section 410. Filling of Vacancies. A vacancy in any elective office, from whatever cause arising, shall be filled by the Council, by majority vote of its remaining members, until the end of the 30th day immediately following the next general municipal election, and at such election a successor shall be chosen by the electors of the City for the remainder, if any, of the unexpired term; provided, however, that if such vacancy occurs within the ninety (90) days immediately preceding the next general municipal election the vacancy shall be filled by the Council, by majority vote of its remaining members, for the entire unexpired term.

If the Council should fail to fill a vacancy by appointment within sixty (60) days after occurrence of such vacancy, it shall forthwith cause an election to be held to fill such vacancy for the unexpired term.

If all the offices of members of the Council and of the Mayor should become vacant and no member of the Council remains to fill any of said vacancies, successors may be appointed pursuant to the general laws of the State of California to fill such vacancies until qualified persons are elected to fill such offices In such cases the City Clerk, as soon as reasonably possible, shall call and conduct a special municipal election to fill such offices for the remainder, if any, of the unexpired terms.

Section 411. Interference with Administrative Matters. Neither the Council nor any of its members nor the Mayor shall interfere with the execution by the City Manager of his powers and duties, nor in any manner dictate the appointment or removal of any City officers or employees whom the City Manager is empowered to appoint, but the Council may express its views and fully and freely discuss with the City Manager anything pertaining to the appointment and removal of such officers and employees

Except for the purpose of inquiries and investigations under Section 416, the Council, its members and the Mayor shall deal with City officers and employees who are subject to the direction and supervision of the City Manager, the City Attorney, City Auditor or City Clerk, solely through the City Manager, City Attorney, City Auditor, or City Clerk, respec-

Section 412. Meetings of the Council. The Council shall provide, by ordinance or resolution, not inconsistent with other provisions of this Section, for the time, place, and manner of holding its meetings. Copies of such ordinances or resolutions shall be kept on file in the office of the City Clerk where they shall be available for public inspection. To the extent that they are not inconsistent with other sections of this Charter, the provisions of Chapter 9 of Part 1 of Division 2 of Title 5 of the Government Code, as they now exist or may hereafter be amended, insofar as they relate to the right of the public to attend meetings of the Council, the adjournment of regular or adjourned regular meetings, the calling of special meetings and the holding of executive sessions, shall govern meetings of the Council. No business shall be considered at any special meeting other than such as is specified in the notice of such meeting.

Section 413. Citizen Participation. Within the established rules for the conduct of its official proceedings, no person shall be denied the right personally, or through authorized representatives, to present grievances or offer suggestions for the betterment of municipal affairs at any regular meeting of the Council.

Section 414. Quorum. Except as otherwise specifically provided elsewhere in this Charter, a majority of the entire membership of the Council shall be necessary to constitute a quorum to do business, but a lesser number may adjourn from time to time.

Section 415. Rules and Procedure. The Council shall establish rules for the conduct of its proceedings and to preserve order at its meetings. It shall cause a record of its meetings to be maintained and this record shall be open to public inspection.

Section 416. Investigations. The Council may make investigations into the affairs of the City and the conduct of any City department, office, or agency, and for this purpose may subpoena witnesses, administer oaths, take testimony, and require the production of evidence. Disobedience of any subpoena or the refusal to testify upon other than constitutional grounds shall be punishable by contempt proceedings.

Except as otherwise herein provided, the Mayor shall possess only such authority over the City Manager and the administrative branch as he possesses as one member of the Council.

The budget shall provide a complete financial plan of all City funds and activities for the ensuing fiscal year and, except as required by law or this Charter, shall be in such form as the Council may require or, in the absence of Council requirements, in such form as the City Manager deems desirable. It shall begin with a clear general summary of its contents; shall show in detail all estimated income, including the amount proposed to be raised by property taxation, estimated unencumbered balances of funds to be carried over from the preceding year, estimated unencumbered available reserves, and all proposed expenditures, including debt service, for the ensuing year. The total of proposed expenditures shall not exceed the total of estimated income, estimated unencumbered balances of funds to be carried over from the preceding year and unencumbered available reserves.

Section 1206. Council Action on Budget. Upon receipt of the proposed budget from the City Manager, the Council shall proceed to consider the same and may make such revisions and changes as it may deem advisable; but it shall not adopt such budget, either as proposed by the Manager or as revised or changed by the Council, until after it shall have held a public hearing in accordance with the following provisions of this Section.

The Council shall fix a time and place for a public hearing on the budget, and shall cause a notice of such public hearing to be published not less than ten (10) days prior to said hearing by at least one insertion in a newspaper of general circulation within the City. Copies of the proposed budget as submitted by the City Manager shall be filed and available for inspection by the public in the office of the City Clerk for at least ten (10) days prior to said hearing. Statements, or copies, of such revisions or changes as the Council shall have made in the proposed budget prior to said public hearing shall be available for public inspection at the public hearing. The notice of said public hearing shall state the time and place of public hearing and the times and place where copies of the budget as submitted by the City Manager will be available for public inspection, and shall further state that statements, or copies, of such revisions or changes as the Council shall have made in the proposed budget before the public hearing will be available for public inspection at the time and place of said public hearing.

At the time and place advertised for said public hearing or at any time or place to which said public hearing shall from

time to time be adjourned, the Council shall hold a public hearing on the proposed budget, and upon such revisions or changes as may have been made by the Council, at which interested persons desiring to be heard shall be given reasonable opportunity to be heard. Upon conclusion of such public hearing, the Council may adopt the proposed budget with such amendments, if any, as it may deem desirable. Such amendments may add or increase programs or amounts or may delete or decrease any programs or amounts except expenditures required by law or for debt service, provided that no amendment to the budget shall increase proposed expenditures to an amount greater than the total estimated income plus unencumbered available reserves and estimated unencumbered balances of funds carried over from the preceding fiscal year.

Section 1207. Appropriations. After adoption of the budget and on or prior to the beginning of the budget year, the Council, by ordinance, shall appropriate monies for the operation of each of the offices, departments and agencies of the City during the budget year and for other purposes or objects named in the budget. Appropriations may be made for various classes or categories of expenditures, if the Council deems such to be desirable, without separately appropriating specific amounts of money for each of the items of expenditure within any class or category. Each department, officer or agency to or for which an appropriation has thus been made shall be deemed authorized to use the money so appropriated, subject to the supervision and direction of the City Manager and subject to such other restrictions as are elsewhere set forth in this Charter or are imposed by the Council, for the classes or categories of expenditures specified in the appropriation ordinance, provided its expenditures are within the bounds of the appropriation. Appropriations for bond interest, bond redemption, fixed charges and other classes or categories of expenditures not appropriated to a specific department, office or agency shall be subject to the administration of and expenditure by the City Manager for the respective classes or categories of expenditures for which such appropriations are made.

Appropriation ordinances adopted pursuant to the provisions of this Section need not be first passed for publication, nor be published, and shall be effective immediately upon adoption.

In the event the Council should fail to adopt such ordinance within the prescribed time, the several amounts proposed as expenditures in the budget adopted by the Council, or if the Council has not yet adopted a budget, the several amounts proposed as expenditures in the budget as prepared and submitted by the City Manager to the Council, for the classes or categories of expenditures therein mentioned, so far as they relate to operation and maintenance expenditures, shall be deemed appropriated for such classes or categories of expen-

ditures until the Council adopts said appropriation ordinance for the current budget year.

Section 1208. Appropriations; Changes. Appropriations may be amended, revised or supplemented as follows:

(a) Supplemental Appropriations. If during the budget year the City Manager certifies or the Council finds that there are available for appropriation revenues in excess of those estimated in the budget, the Council by ordinance may make supplemental appropriations for the year up to the amount of such excess.

(b) Emergency Appropriations. To meet a public emergency affecting life, health, property or the public peace the Council may make emergency appropriations. Such appropriations may be made by emergency ordinance in accordance with the provisions of sub-section (e) of Section 605 of this Charter.

(c) Reduction of Appropriations. If at any time during the budget year it appears probable to the City Manager that the revenues available will be insufficient to meet the amounts appropriated, he shall report to the Council without delay, indicating the estimated amount of the deficit, any remedial action taken by him, and his recommendations as to any other steps to be taken. The Council shall then take such further action as it deems necessary to prevent or minimize any deficit, and for that purpose it may by ordinance or resolution reduce one or more appropriations

Also, at any time during the budget year, the Council may repeal or reduce, for any other reason, by ordinance or resolution, any appropriation theretofore made; and, at any time during the budget year, may reappropriate by ordinance all or part of the amount of such reduction for the same or any other class or category of expenditure.

(d) Transfer of Appropriations by Council. At any time during the budget year, the Council may, by ordinance or resolution, transfer part or all of any unencumbered balance of any appropriation from any department, office or agency to another or from any class or category of expenditure to another class or category of expenditure.

Ordinances or resolutions adopted by the Council pursuant to the provisions of this Section shall be effective immediately upon adoption

Section 1209. Lapse of Appropriations. Except as otherwise provided elsewhere in this Charter, every appropriation shall lapse at the close of the fiscal year to the extent that they shall not have been expended or encumbered.

Section 1210. Control of Expenditures by City Manager. The several items of expenditure appropriated each fiscal year being based on estimated receipts, income or revenues which may not be fully realized, it shall be incumbent upon the City Manager to establish a schedule of allotments, monthly or quarterly or as he may otherwise determine, under which the sums appropriated to the several departments,

offices and agencies shall be expended. The City Manager shall revise revenue estimates from time to time, and may revise allotments at any time.

No officer, department or agency of the City, during any budget year, shall expend or incur any obligation to expend money for any class or category of expenditure not authorized by or in excess of the amounts appropriated by the Council, or in excess of any allotments made by the City Manager.

Section 1211. Funds; General Fund All monies paid into the City Treasury shall be credited to and kept in separate funds in accordance with provisions of this Charter or ordinance. A fund, to be known as the "General Fund," is hereby created as a medium of control and accounting for all City activities excepting activities for which special funds are established and maintained All revenues and receipts which are not required by this Charter, State law or ordinances to be placed in special funds shall be credited to the General Fund.

Section 1212. Cash Reserve Fund. A revolving fund, to be known as the "Cash Reserve Fund," is hereby created for the payment of any authorized expenditures of the City for any fiscal year in anticipation of and before the collection of taxes and other revenues of the City for such fiscal year, and for the payment of authorized expenses of the City for any fiscal year which became due and payable and must be paid prior to the receipt of tax payments and other revenues for such fiscal year. A reserve shall be built up in said fund from any available sources other than restricted sources in an amount which the Council deems sufficient for said purposes. If necessary, money may be borrowed on tax anticipation notes, subject and pursuant to State law, for the purpose of establishing and maintaining said funds until monies from other available sources are adequate for such purpose. Transfers may be made by the Council from such fund to any other fund or funds of such sum or sums of money that may be required to place or keep such other fund or funds on a cash basis. All monies so transferred from the Cash Reserve Fund to any other fund or funds shall be returned to the Cash Reserve Fund before the end of the fiscal year. The balance in said fund at the end of any fiscal year shall be carried forward in said fund; provided, however, that, to the extent that the amount of money in such fund should exceed such amount as the Council deems desirable for purposes of such fund, the Council may transfer such excess to any other fund or funds for any other purpose or purposes.

Section 1213. Emergency Reserve Fund. A fund, to be known as the "Emergency Reserve Fund," is hereby created for the purpose of meeting any public emergency involving or threatening the lives, property or welfare of the people of the City or property of the City. A reserve shall be built up in said fund from any available sources, other than restricted sources, in an amount which the Council deems desirable.

Except as otherwise hereinafter provided, money in said fund shall be expended pursuant to appropriations made therefrom by ordinance.

In case of a public emergency involving or threatening the lives, property or welfare of the people of the City or the property of the City, the City Manager shall have the power, until the next meeting of the Council, subject to the availability of funds therefor and, subject to such conditions, restrictions and limitations as the Council may impose, to summon, organize and direct the forces of any department of the City in any needed service, to summon, marshal, deputize or otherwise employ other persons, or to do whatever else he may deem necessary for the purpose of meeting the emergency; and for such purpose, to the extent that other monies have not been appropriated or are otherwise unavailable therefor, he may expend any unencumbered monies in the Emergency Reserve Fund notwithstanding the fact that such monies may not have been appropriated for such purpose. At the first meeting of the Council following any such action, the City Manager shall present to the Council a full report of what he has done to meet the emergency.

Section 1214. Other Funds. The Council may provide, by ordinance, for the establishment and maintenance of other special funds.

Section 1215. Independent Audit. The Council shall employ at the beginning of each fiscal year a certified public accountant who shall audit the municipal books, records, accounts and fiscal procedures of all officers and employees of the City who receive, administer or disburse public funds on behalf of the City, and such other officers, employees, departments and agencies as the Council may direct. The Council may order a special audit of any particular department or division of the City government at any time. Such accountant shall at all times abide by the current and most accepted standards of municipal accounting. As soon as practicable after completion of a special audit, if such an audit should be ordered by the Council, said independent accountant shall submit a special report to the Council setting forth his findings and recommendations with respect to the matters covered by such special audit. Also, as soon as practicable at the end of the fiscal year, a final report shall be submitted by such independent accountant to the Council setting forth his findings and recommendations respecting the records, accounts and fiscal procedures covered by his general audit. Three (3) copies of each report shall be placed on file in the office of the City Clerk where they shall be available for public inspection.

Section 1216. Bonded Debt Limit. The City shall not incur any indebtedness evidenced by general obligation bonds which shall in the aggregate exceed the sum of fifteen percent (15%) of the total assessed valuation of all the real and personal property within the City.

Section 1217. Bid Requirements. Except as hereinafter otherwise provided, each purchase of supplies and materials the expenditure for which exceeds One Thousand Dollars ($1,000), each purchase of equipment the expenditure for which exceeds Two Thousand Dollars ($2,000) and each specific "public works project," hereinafter defined, the expenditure for which (excluding the cost of any materials which the City may have already lawfully acquired therefor) exceeds the amount which a general law City of the State of California may legally expend for a public project (as defined by State law) without a contract let to a lowest responsible bidder after notice, shall be contracted for and let to the lowest responsible bidder after notice; provided, however, that in no event shall the above apply to any specific "public works project" the expenditure for which (excluding the cost of any materials which the City may have already lawfully acquired therefor) does not exceed Two Thousand Five Hundred Dollars ($2,500).

The notice inviting bids shall set a date for the opening of bids, and shall be published at least once, at least ten (10) days before the date set for opening of bids, in a newspaper of general circulation in the City. All bids shall be presented under sealed cover and accompanied by one of the following forms of bidder's security: (a) cash, (b) cashier's check made payable to the City, (c) certified check made payable to the City, or (d) bidder's bond executed by a corporate surety insurer authorized to engage in such business in California, made payable to City. The security shall be not less than ten percent (10%) of the aggregate amount bid; however, the Council may require a larger amount by specifying such larger amount in the notice inviting bids or in the specifications referred to therein. If the successful bidder fails to execute the contract within the time specified in the notice inviting bids or in the specifications referred to therein, the amount of the security may be declared forfeited to the City and may be collected and paid into its General Fund and all bonds so forfeited may be prosecuted and the amount thereof collected and paid into such fund. All bids shall be publicly opened, and the aggregate bid of each bidder declared, at a time and place specified in the notice inviting bids. The Council shall have the right to waive any informalities or minor irregularities in bids or bidding.

In its discretion, the Council may reject any or all bids presented. If it rejects all bids, the Council may, in its discretion, readvertise. If two or more bids are the same and the lowest, the Council may accept the one it chooses. If no bids are received, the Council may readvertise, or may acquire the materials, supplies or equipment for which no bids are received, or have the "public works project" for which no bids are received done, without further complying with this Section. If, after rejecting all bids for any supplies, materials or equipment, the Council finds and declares that the bids were

excessive, it may have such supplies, materials or equipment purchased at a lower price without further complying with this Section. If, after rejecting all bids for any "public works project" and after readvertising for bids, the Council finds and declares that the bids were excessive, it may have such "public works project" done by City employees without further complying with this Section.

For purposes of this Section, "public works project" shall be deemed to mean and is hereby defined as a project for the construction, erection, improvement or demolition of any public building, street, bridge, drain, ditch, canal, dam, tunnel, sewer, water system, fire alarm system, electrical traffic control system, street lighting system, parking lot, park or playground; provided and excepting that "public works project" shall not be deemed to mean or include the maintenance of any of said things, or any repairs incidental to such maintenance, or the planting, care or maintenance of trees, shrubbery or flowers. Also, the provisions of this Section shall not apply to any of the following: (a) the purchase or acquisition of any supplies, materials or equipment from any public or governmental body or agency or from any public utility which is either publicly owned or is regulated by the Public Utilities Commission of the State of California; (b) the purchase of any supplies, materials or equipment which can be obtained from only one vendor or manufacturer; (c) any public work done for the City by any public or governmental body or agency; (d) any public work done by any public utility which is either publicly owned or is registered by the Public Utilities Commission of the State of California where such work involves any property of such public utility or is otherwise of direct concern to both the City and such public utility; (e) any public work done by a subdivider, developer or owner of real property in connection with the subdivision or development by him of any real property, notwithstanding the fact that such may be subject to entire or partial reimbursement from the City; (f) work involving highly technical or professional skill where the peculiar technical or professional skill or ability of the person selected to do such work is an important factor in his selection; (g) expenditures deemed by the Council to be of urgent necessity for the preservation of life, health or property, provided the same are authorized by resolution of the Council adopted by the affirmative vote of at least five (5) members of the Council and containing a declaration of the facts constituting the urgency; and (h) situations where solicitation of bids would for any reason be an idle act.

Section 1218. Claims Against City. Except as otherwise required by the provisions of State law applicable to chartered cities, claims against the City shall be presented and audited as prescribed by ordinance.

Section 1219. Property Tax Limit. Except as otherwise provided in this Section, the Council shall not levy an ad valorem property tax for any fiscal year in excess of One and

40/100 Dollars ($1.40) on each One Hundred Dollars ($100) of assessed value of taxable property in the City unless authorized by the affirmative votes of a majority of the electors voting on a proposition to increase such levy at any election at which the question of such additional levy is submitted to the electors of the City. The number of years that such additional levy is to be made shall be specified in any such proposition. Notwithstanding the foregoing provisions of this Section, there shall be levied and collected at the same time and in the same manner as other ad valorem property taxes of the City are levied and collected, as additional taxes not subject to the foregoing tax limit, if no other provision for the payment thereof is made, a tax sufficient to meet all obligations of the City for principal and interest on all bonds or judgments due and unpaid or to become due during the fiscal year which constitute general obligations of the City.

Section 1220. Revenue Bonds for Off-Street Parking or Airport Facilities. The Council shall have power to issue revenue bonds to finance the acquisition, construction, establishment, expansion, improvement, maintenance, operation and administration of off-street vehicular parking facilities within the City (hereinafter in this section referred to as "the project"). The Council shall also have the power to issue revenue bonds to finance the acquisition, construction, establishment, expansion, improvement, maintenance, operation and administration of municipal airport facilities (hereinafter in this Section also referred to as "the project"). Such revenue bonds may be issued in such manner and upon such terms and conditions as may be fixed and established by ordinance of the Council. In the alternative, the Council may issue such revenue bonds under the general laws of the State of California applicable thereto, provided that no election shall be required for the issuance of such revenue bonds. The authorization granted to the Council by this section to issue revenue bonds for any of said purposes is complete, and no additional authorization shall be required for their issuance. Neither such revenue bonds nor the interest accruing thereon shall constitute indebtedness of the City, nor shall be taken into consideration in determining the limit of general obligation bonded indebtedness of the City. Such revenue bonds, the interest accruing thereon and any reserve, sinking fund or special fund created to secure the payment of such bonds shall be a charge solely upon the revenues, or upon such portion thereof as may be fixed by the Council, of the project on account of which such bonds were issued. Such revenue bonds shall not be a charge, lien or encumbrance, legal or equitable, on any funds or property of the City, other than the revenues of the project on account of which they were issued, excepting that on-street parking meter revenues may be pledged as additional security for the payment of revenue bonds issued for any automotive parking facilities pursuant to the Constitution of this State. Neither the credit nor the taxing power of the City shall be

deemed to be pledged to or charged with the payment of the principal or interest of any such revenue bonds, nor shall the holders of such revenue bonds have any right to compel the exercise of the taxing power of the City or the forfeiture of any of its properties. The provisions herein contained for the issuance of revenue bonds shall constitute an alternative method of financing said municipal projects.

Nothing contained in this Charter shall preclude the issuance of general obligation bonds of the City for all or any of the above mentioned purposes pursuant to proceedings taken therefor in accordance with the Constitution and General Laws of the State.

Section 1221. Revenue Bonds for Public Utilities. No revenue bonds shall be issued by the City for the purpose of supplying its inhabitants, or any portion thereof, with water, light, heat, power, railroad or motor vehicle transportation service (other than airport service), or telephone, telegraph or wireless communication service unless authorized by the affirmative vote of a majority of the electors voting on such a proposition in each case.

Nothing herein contained, however, shall be deemed to apply to any of the facilities mentioned in Section 1220. Also, nothing herein contained shall be deemed to deprive the City or its Council of any power which it may have under other Sections of this Charter or under the laws of the State to reimburse, or agree to reimburse, in whole or in part, from any special fund or special revenues, without the affirmative vote of any electors, any subdivider, developer or owner of any real property for any public improvements constructed, installed or furnished by any such person, or for any property dedicated or conveyed to the City by any such person, for or in connection with the subdivision, development or improvement of any real property of any such person.

Also, nothing herein contained shall preclude the issuance of general obligation bonds of the City for any purpose pursuant to proceedings taken therefor in accordance with the Constitution and general laws of the State.

Section 1222. Revenue Bonds for Other Purposes. Revenue bonds may be issued by the City for any purposes other than those specified in Sections 1220 and and 1221 only under and pursuant to the laws of the State of California.

Nothing herein contained, however, shall be deemed to deprive the City or its Council of any power which it may have under other Sections of this Charter or under the laws of the State to reimburse, or agree to reimburse, in whole or in part, from any special fund or special revenues, without the affirmative vote of any electors, any subdivider, developer or owner of any real property for any public improvements constructed, installed or furnished by any such person, or for any property dedicated or conveyed to the City by any such person, for or in connection with the subdivision, development or improvement of any real property of any such person.

Also, nothing herein contained shall preclude the issuance of general obligation bonds of the City for any purpose pursuant to proceedings taken therefor in accordance with the Constitution and general laws of the State.

Any person, firm or corporation furnishing or proposing to furnish the City or its inhabitants, or any portion thereof, with water, light, heat, gas, electricity, power, transportation, telephone, telegraph, communication, refrigeration, storage, or any other public utility or service, or traversing or proposing to traverse any part of the City for the transmitting or conveying of any such utility or service elsewhere, or using or proposing to use any public street, way, alley or place in the City for any of such purposes or for the operation of any plants, works or equipment for the furnishing thereof, or exercising or proposing to exercise any public utility franchise right or privilege in the City, may be required by ordinance to have a valid and existing franchise from the City therefor, excepting insofar as the City is prohibited by the Constitution or other applicable laws of the State of California or of the United States of America from requiring such franchise.

Section 1301. Authority to Grant Franchises. The Council is empowered to grant by ordinance a franchise to any person, firm or corporation, whether operating under an existing franchise or not, to furnish the City and its inhabitants, or any portion thereof, with any of the public utilities or services, or to do any of the things, mentioned in Section 1300 of this Charter.

Section 1302. Franchise Terms, Conditions and Procedures. Subject to the provisions of this Charter, the Council may grant a franchise pursuant to a procedure prescribed by ordinance or pursuant to a procedure provided by State law. Any ordinance which prescribes a franchise-granting procedure different from that provided by State law shall make reasonable provision for a public hearing, after public notice, on any requested or proposed grant of a franchise. The Council may grant a franchise without calling for bids or may, in its discretion, advertise for bids for sale of a franchise upon such basis, not in conflict with the terms of this Article, as in its judgment is in the public interest. The Council may prescribe, in any procedural ordinance adopted pursuant to this Section, the terms and conditions under which any franchise or franchises will be granted.

The Council, in granting any franchise, shall prescribe the terms and conditions of such franchise in accordance with the applicable provisions of this Charter and any ordinance adopted pursuant thereto, and may in such franchise impose such other and additional terms and conditions not in con-

flict with said Charter or ordinances, whether governmental or contractual in character, as in the judgment of the Council are in the public interest or as the people, by initiative, indicate they desire to have so imposed.

Section 1303. Term of Franchise. Every franchise shall be for either a fixed term or for an indeterminate period. If for a fixed term, the franchise shall state the term for which it is granted; if indeterminate, it shall set forth the terms and conditions under which it may be terminated.

Section 1304. Purchase or Condemnation by City. No franchise grant shall in any way or to any extent impair or affect the right of the City now or hereafter conferred upon it by law to acquire property of the grantee thereof either by purchase or through the exercise of the right of eminent domain, and nothing herein contained shall be construed to contract away or to modify or to abridge either for a term or in perpetuity the City's right of eminent domain with respect to any public utility.

Section 1305. Exercising Right Without Franchise. The exercise by any person, firm or corporation of any privilege for which a franchise is required without procuring such franchise shall be a misdemeanor and each day that such continues shall constitute a separate violation.

Section 1306. Article Not Applicable to City. Nothing in this Article shall be construed to apply to the City, or any department thereof, when furnishing any public utility or service.

Section 1307. Preservation of Rights. Nothing contained in this Article shall be construed to affect or impair any rights, powers or privileges vested in, possessed by or available to the City by virtue of previous Charter provisions relating to franchises.

Article XIV

Section 1400. Effect of Charter. The organization, government and administration of the public school system in the City of San Jose shall not be affected by the adoption of this Charter, but shall continue in existence as is now or hereafter prescribed by the Education Code of the State of California.

Article XV

Except as hereinafter otherwise provided, the Council shall provide, by ordinance or ordinances, for the creation, establishment and maintenance of a retirement plan or plans for all officers and employees of the City. Such plan or plans need not be the same for all officers and employees. Subject to other provisions of this Article, the Council may at any time, or from time to time, amend or otherwise change any retirement

Section 1501. Exclusions. The Council in its discretion may exclude all or any of the following persons from any or all retirement plans, to wit: Persons mentioned in sub-paragraphs (1), (2), (4), (5), (6), and (7) of sub-section (a) of Section 1101 of this Charter; all persons employed or whose services are contracted for pursuant to any transfer, consolidation or contract mentioned or referred to in Section 1109 of this Charter; persons employed pursuant to Section 1110 of this Charter; persons in City service primarily for training, study or educational purposes; persons employed or paid on a part-time, per diem, per hour or any basis other than a monthly basis; temporary employees; persons employed pursuant to any relief or anti-poverty program primarily for the purpose of giving relief or aid to such persons. Also, persons who are members of any other retirement or pension system, other than the federal social security system or any other federal retirement or pension system, and who are receiving credit in such other system for service rendered to the City may be excluded, as to such service, from any such plan or plans.

Section 1502. Authority to Join Other Systems. Subject to other provisions of this Article, the City, by and through its Council, is hereby empowered, but not required, to join or continue as a contracting agency in any retirement or pension system or systems existing or hereafter created under the laws of the State of California or of the United States of America to which municipalities and municipal officers or employees are eligible.

The foregoing provisions of this Section shall operate to supply such authorization as may be necessary to validate any such retirement system or systems which could have been supplied in the Charter of the City of San Jose or by the people of the City at the time of adoption or amendment of any such retirement system or systems. However, subject to other provisions of this Article, the Council shall at all times have the power and right to repeal or amend any such retirement system or systems, and to adopt or establish a new or different plan or plans for all or any officers or employees, it being the intent that the foregoing sections of this Article shall prevail over the provisions of this Section.

Section 1504. Minimum Benefits for Certain Members of Police and Fire Departments. The Council, by ordinance,

shall provide the following minimum benefits for the following members of the Police and Fire Departments of the City excepting those members who are hereinafter excluded from the application of this Section.

An officer or employee of the Police Department or Fire Department of the City shall be entitled, upon his request, to be retired from City service and to receive during such retirement until his death a monthly retirement allowance equal to fifty percent (50%) of his "final compensation," hereinafter defined, if he:

The foregoing provision, however, does not apply to any contributions required for or because of any prior service or prior service benefits, nor to any contributions required for or because of membership in the Federal Old Age and Survivorship Insurance Program or any other Federal insurance or retirement program or because of benefits provided by any such program.

which renders the officer or employee incapable of continuing to satisfactorily assume the responsibilities and perform the duties and functions of his office or position and of any other office or position in the same classification of offices or positions to which the City may offer to transfer him; provided, however, that such a disability shall be deemed to be of permanent duration if the City or any of its authorized agencies finds that such disability will continue at least until the disabled person attains the age of fifty-five (55) years.

(e) Miscellaneous. The benefits hereinabove specified are minimum only; and the Council, in its discretion, may grant greater or additional benefits. The City shall not be deemed obligated, by virtue of any of the above provisions, to continue to employ any person or persons until he or they qualify for or request any retirement benefits. Also, anything hereinabove to the contrary notwithstanding, any retirement allowance may be terminated and cancelled if the person otherwise entitled thereto commits treason or is convicted of a felony.

(f) Persons Excluded. The provisions of this Section shall not apply to any of the following persons, the same being hereby excluded from the application of the above provisions, to wit: Any and all persons hereinabove mentioned or referred to in Section 1501; officers or employees whose principal duties are those of a telephone operator, clerk, stenographer, secretary, machinist or mechanic; and any and all other officers or employees whose principal duties or functions do not fall clearly within the scope of active law enforcement or active fire fighting and prevention service even though such an officer or employee is subject to occasional call or is occasionally called upon to perform duties or functions within the scope of active law enforcement service or active fire fighting or prevention service, excepting persons employed and qualifying as police patrolmen or in equal or higher rank in the police department irrespective of the duties to which they are assigned, or persons employed and qualifying as firemen, fire fighters, hosemen or in equal or higher rank in the fire department irrespective of the duties to which they are assigned. (6) Notice of Intention to Circulate Petition; Statement.

No signature may be affixed to the petition until the proponents have served, filed and published a notice of intention to circulate a recall petition, containing the name of the officer sought to be recalled and the title of his office, a statement in not more than 500 words of the grounds on which the recall is sought, and the name and address of at least one proponent. (13) Insufficient Petition.

The Clerk shall, within 15 days after the supplemental petition is filed, examine it, and if his certificate shows that the petition is still insufficient, no action shall be taken thereon. The petition shall remain on file as a public record, and the failure to secure sufficient names shall not prejudice the filing later of an entirely new petition to the same effect.

(14) Submission to Council; Order for Election.

If the petition, together with supplementary petitions, if any, is sufficient, the Clerk shall submit it to the Council without delay. The Council shall at once order a special election to be held, not less than 60 nor more than 75 days after the date of the order, to determine whether the voters will recall the officer sought to be recalled. WHEREAS, These personnel recruiting and management techniques have not been extensively taught or used with respect to agricultural operations in this state, and our farmers and farmworkers may not be enjoying the benefits that result therefrom; and

WHEREAS, If the educational institutions in California, particularly at the junior college and higher levels, were to increase existing programs and initiate new training programs, both in their full-time student and extension curricula, and to educate persons connected with agricultural employment in the techniques of personnel recruiting and management, our farmers and farmworkers would be greatly aided in their businesses and employment and our agriculture strengthened; and

Senate Concurrent Resolution No. 41—Relative to educational leave for state civil service teachers and vocational instructors.

[Filed with Secretary of State May 28, 1965]

WHEREAS, In 1955 the Legislature provided, by Section 19335 of the Government Code, for educational leave with pay for civil service employees of the state employed as teachers or vocational instructors for periods not to exceed two months in every three years of service; and

WHEREAS, The provision for educational leave had as its purpose the upgrading of the quality of educational instruction in state institutional schools, and

WHEREAS, No other profession places as much emphasis on units of college credit as does education and in that profession most advancement is contingent upon completion of additional college work; and

WHEREAS, Many courses required of persons in the profession, particularly in such specialized fields as education of the mentally retarded or emotionally disturbed, are available only during summer sessions to persons able to secure educational leave; and

WHEREAS, Under Section 19451 of the Government Code, grants of educational leave are governed by the principle that the training shall be of direct value to the state, be relevant to the employee's duties, and be limited to providing knowledge or skills that cannot be provided through available in-service training; and

WHEREAS, The State Personnel Board, in its formal studies leading to setting the salaries of persons employed by the state as teachers and vocational instructors, has considered paid educational leave one of the benefits received by teachers, thus lending weight to the concept that all teachers should benefit equally in its application; and

WHEREAS, It is alleged that the employing departments have regarded educational leave as a special privilege, rather than an entitlement, and that they have been unduly restrictive in granting such leave with the result that an average of only 7.5 days per year has been granted, thus depriving the various state agencies of improvement in the quality of their educational programs and the teachers of opportunities for improvement and advancement; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Departments of Correction, Youth Authority and Mental Hygiene, in cooperation with each other and with the State Personnel Board, are directed to study actual practices in the granting of educational leave, including an analysis of the amounts of leave granted in relationship to each academic year, to formulate a statement of steps taken to extend educational leave in keeping with the spirit and philosophy of the State Personnel Board and Legislature on that matter, and to report the results of this study to the Legislature no later than the fifth legislative day of the 1967 Regular Session, and be it further

Resolved, That the Secretary of the Senate is directed to transmit copies of this resolution to the Director of Corrections, the Director of Youth Authority, the Director of Mental Hygiene and to the members of the State Personnel Board.

"The Board of Police and Fire Commissioners shall not employ any new members in such Department, other than a Chief of Emergency Policemen, as provided in Section 74 of this Charter, so long as there remain unreinstated any members who, within the two years previous, have been laid off for lack of funds, and who have duly filed a request for reinstatement and have not forfeited their rights to reinstatement by failing to respond to a call to duty.

"Every new member of the Police and Fire Departments shall, during his first year of service, be deemed to be on probation and during such time shall be subject to removal by the Board of Police and Fire Commissioners for the good of the service without any hearing."

Senate Concurrent Resolution No 49—Relative to factors to be considered by insurers in establishing premium rates.

[Filed with Secretary of State June 1, 1965]

WHEREAS, It is a common practice in the insurance industry for insurers writing fire insurance to place their insureds into

classes, without regard to the loss experience of each insured, for purposes of determining premium rates; and

WHEREAS, This practice leads insurers to assess all insureds within a class the same premium rate in spite of the fact that some members of a class take especial pains to maintain their premises or conduct their operations in a safe fashion; and

WHEREAS, This practice which unjustly causes a safety-conscious insured to be charged the same rate as a careless insured could create a danger to the public by destroying the incentive to an insured to take more than ordinary precautions against unsafe conditions; and

WHEREAS, Leading auto insurers have demonstrated that it is practical to adjust premium rates to reflect groupings which make possible, to a greater extent, individual risk underwriting; and there is no cogent reason why these methods of establishing premium rates cannot be applied to other areas of industry as well; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the insurers admitted to conduct business in this state are earnestly requested to reexamine their fire insurance premium rating systems in order that each insured in this state shall be charged a premium which is commensurate with the risk he presents.

That in accordance with the provisions of Article XI, Section 8, of the Constitution of the State of California, the Council of the City of Los Angeles, being the legislative body of said City, on its own motion, duly and regularly submitted to the qualified electors of the City of Los Angeles certain proposals for the amendment of the Charter of said City to be voted upon by said qualified electors at a certain general municipal election held on the 25th day of May, 1965, all as required by law, which said proposals were designated as proposed Charter Amendments 1, 2, 3, 4, 5, 6, 7, and 9, respectively.

The Charter of the City of Los Angeles is hereby amended by adding thereto Sections 508.01 and 508.02 to read as follows:

Sec. 508 01. The City Council may upon the request of the appointing authority authorize a member of the City Employees' Retirement System to continue working past age 70 providing:

(1) The member continues to perform the same duties he was performing on reaching age 70;

(2) The Civil Service Commission finds that the member is fully capable of performing and is performing the required duties of his position; the Civil Service Commission may require medical examination in reaching such finding;

(3) The City Council finds that the best interest of the City requires the continued service of the member, except that for members employed in the Airport and Harbor Departments said finding will be made by the Commission of that Department;

(4) The authorized period of continued service may not exceed one year except that three extensions of not to exceed one year for each extension may be requested and approved in the same manner as the original request.

Such members so employed beyond age 70 will continue as an active member of the City Employees' Retirement System during such continued service and such service will be included both for contributions and benefits.

Provided further that any member who reaches age 70 during the calendar year 1965 prior to the effective date of this amendment may be reinstated to the same duties under these provisions.

Sec. 508.02. The Mayor may at the request of the appointing authority authorize employment of a retired member to a vacant position in a class in which he has been employed or, subject to the provisions of Article IX, in any other position, for a period not to exceed ninety days in any fiscal year when such member's services are required for an emergency or to prevent a stoppage of public business or when his special skills are needed to perform work of a limited duration. While so employed such retired member will continue to receive his retirement allowance, as a retired member, but will make no further contribution to the retirement system, and will not be subject to any change in benefits from the retirement system as the result of such employment

We further certify that we have compared the text of the foregoing amendments with the original proposals submitting the same to the electors of said City and find that the foregoing are full, true, correct, complete and exact copies thereof, and of each of them. CHAPTER 116

Assembly Joint Resolution No. 9—Relative to the Arts Foundation Bill.

[Filed with Secretary of State June 10, 1965.]

WHEREAS, The long awaited recognition of the arts has at last been given by the Congress of the United States through the passage of the National Arts and Cultural Development Act of 1964; and

WHEREAS, It is necessary, in order to achieve the full benefit from this monumental thrust which has been given to American culture, that appropriations be made available to assist in the development and expansion of programs of cultural advancement; and

WHEREAS, The Javits Arts Foundation Bill would provide such needed money; now, therefore, be it

Resolved by the Assembly and the Senate of the State of California, jointly, That the California State Legislature respectfully memorializes the Congress of the United States, on behalf of the people of California and in particular the California Arts Commission, to enact the Javits Arts Foundation Bill; and be it further

Resolved, That the Chief Clerk of the Assembly be hereby directed to transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to each Senator and Representative from California in the Congress of the United States, and to the California Arts Commission.

CHAPTER 117

Assembly Joint Resolution No. 16—Relative to amateur athletic competition.

[Filed with Secretary of State June 10, 1965]

WHEREAS, It is consistent with the national policy of physical fitness that amateur athletes be afforded maximum opportunities to compete and participate in amateur athletic contests according to their respective choice and ability; and

WHEREAS, The Amateur Athletic Union of the United States (AAU) and the National Collegiate Athletic Association (NCAA) have been involved in a continuous controversy over the past several years, a major portion of said controversy relating to the sponsorship of athletic contests and the jurisdiction to certify and to sanction and to establish standards for individual amateur athletes; and

WHEREAS, It appears that this controversy has reached a critical point in track and field sports and has resulted in a situation wherein collegiate athletes will probably be unable to compete in many major track and field meets during the 1965 spring track season; now, therefore, be it

Resolved by the Assembly and the Senate of the State of California, jointly, That the California State Legislature respectfully memorializes the Congress of the United States to make full and impartial investigation of the controversy between the AAU and the NCAA and the effect of said controversy upon the individual amateur athlete and to take whatever action as may be necessary to secure the right and opportunity of the individual amateur athlete to compete in athletic contests in accordance with individual choice and ability; and be it further

Resolved, That the Chief Clerk of the Assembly be hereby directed to transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the

House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

CHAPTER 118

Assembly Joint Resolution No. 17—Relative to marriage and divorce residence requirements.

[Filed with Secretary of State June 10, 1965.]

WHEREAS, There is a growing concern over the increasing rate of divorce in this country; and

WHEREAS, The increase in the divorce rate is in part attributable to hasty evasionary marriages outside the state of domicile; and

WHEREAS, The unfortunate consequences of the increasing divorce rate are multiplied because of the ease and quickness of divorce in some jurisdictions which have minimal residence requirements; and

WHEREAS, The present interpretation of the full faith and credit clause of the United States Constitution, coupled with present application of conflict of laws principles, has resulted in subordinating the public policy of various sister states to economically oriented policies of some neighboring states which traffic in hasty evasionary marriages and migratory divorces; and

WHEREAS, Prior attempts to rectify this situation have been abortive since those states which profit by this situation will not join in any efforts towards uniform acts which would establish more generally accepted minimal contacts with a state before marriage or divorce; and

WHEREAS, The federal government is not presently authorized by the Constitution of the United States to establish minimum uniform waiting and residence requirements for marriage and divorce; and

WHEREAS, The only effective alternative appears to be an amendment to the United States Constitution which would delegate to the Congress authority to establish minimal waiting and residence requirements for marriage and divorce which will be uniformly applicable throughout the country; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Congress of the United States is respectfully urged to propose an amendment to the Constitution of the United States to authorize the Congress to establish uniform minimal waiting periods prior to marriage and minimal residence requirements for divorce, in the United States; and be it further

Resolved, That the Chief Clerk of the Assembly be hereby directed to transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the

House of Representatives and to each Senator and Representative from California in the Congress of the United States

WHEREAS, It is, and will continue to be, traditionally proper to provide fitting memorial cemeteries for the interment of deceased veterans of the armed forces of the United States and for their eligible dependents, as is now evidenced by the memorial cemeteries now in existence; and

WHEREAS, In the area which contains the Counties of San Diego, Riverside, Orange, Imperial and San Bernardino, State of California, there resides a population composed of an extremely high percentage of veterans, as compared to other sections of the United States; and

WHEREAS, In 1945, the office of the Quartermaster General, Department of the Army, recommended to the Congress that a new national cemetery of an adequate size be established in the San Diego area, and if and when legislation is enacted, steps be taken toward the selection of a site and acquisition of the necessary property on which to establish a national cemetery; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California hereby memorializes the Congress of the United States to provide for the establishment of a national cemetery of an adequate size on United States government owned land on the former Camp Elliott Naval Reservation, now declared excess to the General Services Administration; and be it further

WHEREAS, The San Luis Project is the first joint federal-state project of its kind; and

WHEREAS, The late President John F. Kennedy was an enthusiastic supporter of the San Luis Project; and

[Filed with Secretary of State June 10, 1965]

WHEREAS, The Legislature desires to aid local school districts in the quest for better education and greater efficiency of operation; and

WHEREAS, The Assembly Interim Committee on Education has found that high scholastic achievement of pupils is directly related to a corresponding investment in good classroom teachers; and

WHEREAS, The Senate Factfinding Committee on Governmental Administration has found that the ratio of classroom teachers to other certificated personnel employed by school districts in capacities other than as teachers has steadily decreased during the past several decades, and

WHEREAS, Neither of these legislative committees has found any evidence of a relationship between the achievement of pupils in the public schools and the number of persons employed by the school districts in other than teaching capacities; and

WHEREAS, The governing boards and the residents of local school districts should have all information made available to them regarding the staffing patterns in their respective school districts as compared to the other districts in the state; now, therefore, be it

CHAPTER 132

Senate Joint Resolution No. 44—Relative to erecting of an animal-proof fence along the international border.

[Filed with Secretary of State June 15, 1965.]

WHEREAS, Since September 1962, when rabies first appeared in the southern part of Imperial and San Diego Counties and in Mexicali and Tijuana, Baja California, Mexico, there have been many laboratory-identified rabies cases and countless human as well as animal exposures to rabies; and

WHEREAS, Rabies is a virus infection of the brain and spinal cord capable of infecting human and animal population all along the international border; and

WHEREAS, Effective rabies control requires immunization of dogs and the elimination of stray dogs and other rabies-carrying animals; and although there has been an effective program of immunization of dogs in the counties in California adjacent to the border, there is a continuing migration of stray dogs and other animals from Baja California, Mexico; and

WHEREAS, An uncontrolled rabies epidemic exists in the northern border area of Baja California in Mexico; and the majority of the cases of laboratory-confirmed rabies in Imperial and San Diego County and the many rabid dogs which have been captured, examined and found to be rabid indicate that the rabies problem extends from the Pacific Ocean to the Colorado River; and

WHEREAS, An animal-proof fence from the Pacific Ocean to the Colorado River along the international boundary would effectively bar the passage of rabid animals into most populous parts of Imperial and San Diego Counties from Mexico; and

WHEREAS, The control of the United States-Mexican border is within the jurisdiction of many federal agencies, including but not limited to the International Boundary and Water Commission, the Department of Agriculture, the Public Health Service, and the Department of Health, Education and Welfare; and

WHEREAS, There is existing legislation that authorizes these agencies to erect fences along the United States-Mexican border (Sec. 22 U.S.C., Sec. 2778, International Boundary Commission; 21 U.S.C., Sec. 141, Department of Agriculture; 42 U.S.C. Sec. 264, Public Health Service); now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States to construct an animal-proof fence along the international border between the United States and Mexico in California and take all other appropriate action in order to eliminate the crossing of the border by rabid animals, and thereby alleviate the rabies epidemic in adjacent areas of California; and be it further

Resolved, That the Secretary of the Senate be hereby directed to transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

CHAPTER 133

Assembly Joint Resolution No. 34—Relative to municipal revenue bonds.

[Filed with Secretary of State June 15, 1965.]

WHEREAS, There is currently under consideration by the Committee on Banking and Currency of the United States House of Representatives legislation to assist cities and states with respect to the authority of national banks to underwrite and deal in securities issued by state and local governments, and for other purposes; and

WHEREAS, The proposed legislation will permit commercial banks to underwrite and deal in municipal revenue bonds in which they can invest; and

WHEREAS, Municipal revenue bond financing has become a standard and popular means of financing self-liquidating public improvements particularly in the fields of water, sanitation, airports, parking, streets, highways, bridges and tunnels; and

WHEREAS, California's unprecedented growth will require an ever-expanding volume of general obligation bond financing to meet all of the needs of the state, its counties, cities, special districts and authorities which are not self-liquidating; and

WHEREAS, Commercial banks have long been the backbone of general obligation bond financing in California both as dealers and investors; and

WHEREAS, It is essential that strong financial agencies such as commercial banks be in a position to make their capital available for underwriting municipal revenue bonds in which they can invest; and

WHEREAS, Added competition for public contracts such as commercial bank underwriting of municipal revenue bonds will broaden the market for such bonds and will tend to lower borrowing costs through reduction of interest rates; and

WHEREAS, The resulting substantial public benefits to be derived through enactment of this proposed legislation will be especially advantageous to California; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the Congress of the United States to enact legislation which will authorize commercial banks to underwrite and deal in municipal revenue bonds in which they can invest in order that every assistance be given to hard-pressed state and local governments in their tremendous efforts to keep abreast of the needs of our fast-developing rural, urban and suburban areas; and be it further

Resolved, That the Chief Clerk of the Assembly is hereby directed to transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the

House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

WHEREAS, It is the responsibility of state legislatures in a federal system to play a vital role in the development and evaluation of federal-state relationships; now, therefore, be it

This Article shall be liberally construed to effectuate its purposes.

Sec. 2. The word "park" as used in this Article and in the general laws hereinafter referred to, shall in every case be held to mean and include park, playground, recreation and conservation lands and uses.

Any change in the plan shall be prepared in the same manner and adopted by ordinance.

Sec. 6. Every lease, license or permit or renewal thereof granted by the City with respect to land which is held for park purposes henceforth shall contain a provision requiring the lessee, licensee or permittee, prior to the commencement of any substantial building, construction, reconstruction or development thereon, to submit to the council a plan for its approval and adoption in the manner prescribed in Section 5. To the extent that the council has reserved the power to approve such matters in existing leases, it shall require that the same procedure be followed.

Sec. 7. Whenever in this Article action is required to be taken by ordinance such action shall be subject to the referendum provisions of Article VI, Section 3, irrespective of whether such action would be characterized as legislative, administrative or otherwise. SEC. 1¼b. The Legislature may exempt from taxation, in whole or in part, the property, constituting a home, of every resident of this state who, by reason of his military or naval service, is qualified for the exemption provided in subdivision (a) of Section 1¼ of this article, without regard to any limitation contained therein on the value of property owned by such person or his spouse, and who, by reason of a permanent

CHAPTER 139

Senate Joint Resolution No. 34—Relating to the income earned by youths of families receiving assistance under the aid to families with dependent children program.

[Filed with Secretary of State June 16, 1965.]

WHEREAS, The basic purpose of the aid to families with dependent children program is to assist children deprived of

parental support and to enable these children to grow into self-supporting, independent, and responsible members of the community; and

WHEREAS, This purpose is now frustrated by the federal Social Security Act which requires that the earnings of employed youths receiving aid to families with dependent children either be deducted in computing their aid grants or be retained for future educational, employment, or other needs, thus discouraging them from seeking suitable part-time and summer employment; and

WHEREAS, Modification of this requirement would enable the youths to justly derive some immediate personal benefit from their employment in addition to learning the values of employment, self-support, and independence; and

WHEREAS, Such a modification would also, by assisting needy families to achieve self-support, ease the burden on the taxpayers, who are now compelled to support families who are potentially capable of supporting themselves; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Congress of the United States is respectfully memorialized to amend the Social Security Act to exempt 50 percent of the earnings of youths receiving aid to families with dependent children from deductions from aid grants, and to permit them to keep for their own immediate use such exempted income; and be it further

Resolved, That the Secretary of the Senate is directed to transmit copies of this resolution to the President and Vice President of the United States, the Speaker of the House of Representatives, to each Senator and Representative in this state's delegation to the Congress, and to the Secretary of the United States Department of Health, Education, and Welfare.

WHEREAS, The actual benefit to the state's economy is estimated to be three to five times as great as the amount paid directly to the fishermen; and

WHEREAS, The value of the 1963 commercial fish landings were the lowest since 1946 and the total weight of such landings the lowest in the last 23 years; and

WHEREAS, The annual landings of commercially valuable fish have been steadily decreasing over the past two decades; and

WHEREAS, Among the world's nations the relative position of the United States as a fish-producing nation has declined from second in 1948 to fifth in 1963; and

WHEREAS, Since World War II the United States government has given more than 100 million dollars in aid to foreign fisheries which are in direct competition with the American fishing industry; and

WHEREAS, Imported fish and fish products have increased from 20 percent of the United States market in 1949 to where they comprised 58 percent of the United States market in 1963; and

WHEREAS, Many countries in recognition of the importance of developing their fishing industries have established substantial fishery aid programs; and

WHEREAS, There is pending in the Congress of the United States legislation designed to assist the American commercial fishing industry through fisheries loans and through an expanded marine research program; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Congress of the United States is requested to enact legislation which will assist the American commercial fishing industry; and be it further

WHEREAS, The Master Plan for Higher Education strongly recommended that the Trustees of the California State Colleges be granted a high degree of control and discretion in the conduct of financial affairs for the State Colleges; and

WHEREAS, The Donahoe Act implemented the Master Plan for Higher Education by establishing the Trustees of the California State Colleges as the governing board for the State Colleges with full responsibility for all educational and financial affairs; and

WHEREAS, The Legislature by adopting Senate Concurrent Resolution No. 16, Resolution Chapter 24 of the 1960 First Extraordinary Session, expressed clearly its intent that the trustees should have authority commensurate with their responsibility; and

WHEREAS, Said resolution provided specifically that "the trustees of the state college system shall be given a large degree of flexibility in determining the most effective use of funds . . ." and " . . . it is the desire and intention of the Legislature that budget bills . . . shall provide for the state college system certain exemptions from fiscal and budgetary controls similar to those exemptions presently granted to the University of California"; and

WHEREAS, The Coordinating Council for Higher Education in its annual budget report to the Governor and the Legislature recommended that positive action be taken in an orderly manner to permit the trustees to fulfill their legitimate aspirations under the Donahoe Act and Senate Concurrent Resolution No. 16, within the framework of the Master Plan for Higher Education; and

WHEREAS, The Legislature implemented Senate Concurrent Resolution No. 16, in part, by adding Section 31.5 to the annual budget bill, as recommended by the Trustees of the California State Colleges in cooperation with the Office of the Legislative Analyst and the Department of Finance; and

WHEREAS, The trustees have complied with a prerequisite for implementing Senate Concurrent Resolution No. 16 by adopting and placing into effect an improved system of budgetary reporting consistent with the national standard of budgeting in institutions of higher education; and

WHEREAS, The Legislature recognizes that the Trustees of the California State Colleges deserve and should have greater fiscal autonomy within the statutes of the State of California and consistent with the principles of demonstrated fiscal responsibility and the constitutional duties and obligations of the Legislature and the Governor; and

WHEREAS, The Legislature firmly believes that fiscal flexibility is an integral part of the responsible operations of institutions of higher learning and is considered the hallmark necessary to enrich the diversity of higher education; and

WHEREAS, The Legislature has a continuing interest in the development of sound fiscal policies and administrative procedures which will assure that the trustees charged with the governance of the nation's largest system of public higher education have adequate authority to resolve the complex and difficult educational and fiscal problems encountered in meeting the growth and quality needs of the California State Colleges; now, therefore, be it

CHAPTER 143

Senate Concurrent Resolution No. 83—Relative to municipal industrial revenue bond financing.

[Filed with Secretary of State June 18, 1965.]

WHEREAS, The use of municipal revenue bonds to finance the acquisition or construction of land, buildings, facilities and equipment, to be leased to private interests for manufacturing, assembling, fabricating, or processing articles, is spreading among the several states and their respective political subdivisions; and

WHEREAS, Section 31, Article IV of, and Section 13, Article XII of, the California Constitution expressly prohibit the use of public credit to aid private enterprise; and

WHEREAS, California's unprecedented growth is taxing the borrowing capacity of the state and its political subdivisions to provide the necessary public improvements for an ever-expanding population; and

WHEREAS, Full employment for California's population and adequate income to finance state and local government must be based on a healthy industrial expansion and a favorable business climate; and

WHEREAS, Municipal industrial revenue bonds are not issued for a necessary public purpose and their continued use might lead to a weakening of the doctrine of reciprocal immunity, thereby jeopardizing the ability of states and their political subdivisions to preserve the exemption of interest on their bonds from federal taxation and consequently greatly increase the cost of borrowing; and

WHEREAS, States and their political subdivisions are competing to entice industry to locate within their boundaries by the municipal industrial revenue bond device, but inducements to industry which may provide inequality in treatment between one taxpayer and another are contrary to the American free enterprise system; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature of the state desires by this resolution to make known its opposition to the issuance of municipal industrial revenue bonds or any legislation that will permit the use of public credit to aid private enterprise, and to any impairment or elimination of the tax-exempt status of municipal bonds under federal law; and be it further

WHEREAS, It has been alleged that such routes should not be considered a part of the state highway system if they do not terminate with another highway on such system; and

WHEREAS, Some of such routes terminate at a public facility, such as a state park; and

WHEREAS, There has not been in the past a firm policy in connection with the question of whether or not such routes should be on the state highway system, now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Department of Public Works is requested to study the matter of "stub" routes being on the state highway system, including those which terminate at a state-owned facility; and be it further

[Filed with Secretary of State June 23, 1965.]

WHEREAS, The experience of two world wars and subsequent emergencies has proven that a strong American flag merchant marine is essential to our national defense; and it is a vital factor in the economy of our nation, state and individual communities, providing jobs, encouraging a favorable trade balance and stemming the gold drain; and

WHEREAS, United States ships today carry less than 9 percent of total United States waterborne foreign commerce because of the failure of our government to give our merchant

marine the support and protection which every other maritime nation gives its ships; and

WHEREAS, The active American flag merchant marine today consists of some 900 vessels—fewer than we had before World War II—and our shipbuilding capacity likewise is smaller than before the war, while the dangers we confront and the responsibilities we have undertaken in the world steadily mount; and

WHEREAS, The Soviet Union has risen to a position nearly equal to, if not actually surpassing, our own maritime strength and is feverishly building to fulfill its vow that it will become the greatest maritime power in the world by 1970, while we let our maritime strength continue to dwindle; and

WHEREAS, The concern of many responsible officials of government has been directed not toward improving the dangerous and deplorable state of our merchant marine, but rather toward further curtailing necessary expenditures for this merchant marine and weakening the already inadequate safeguards which have been established for it; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the Congress of the United States urging all action to fulfill the objectives of the Merchant Marine Act of 1936 which made it national policy that the United States shall have a merchant marine, citizen owned, citizen manned and under the United States Flag, adequate to the commercial and industrial needs and responsibilities of this nation, adequate to serve as an auxiliary of the armed service and adequate to express our strength and prestige as a leader of the free world; and be it further

Resolved, That the Chief Clerk of the Assembly be hereby directed to transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

[Filed with Secretary of State June 23, 1965.]

WHEREAS, The present excise tax on women's handbags, toilet preparations, costume jewelry and luggage was initially imposed as a World War II tax measure to discourage the purchasing of luxury items deemed such because their production did not contribute to the war effort; and

WHEREAS, Nearly 20 years have elapsed since World War II and the reason for the imposition of the tax on the named articles no longer exists; and

WHEREAS, Handbags and costume jewelry are a necessary part of women's dresswear, luggage is a necessity, and toilet preparations are accepted as essential for good grooming for both men and women, and such preparations have been scientifically developed for protection of the skin as well as for their esthetic value; and

WHEREAS, By reason of the outmoded excise taxes on women's handbags, toilet preparations, costume jewelry and luggage, such taxes have become discriminatory and unjust and should be repealed; and

WHEREAS, The federal executive branch has expressed intent to recommend legislation for repeal of excise taxes on such essential items; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Ways and Means Committee of the United States House of Representatives, the Honorable Wilbur D. Resolved by the Assembly, the Senate concurring, That the Legislature of the State of California at its 1965 Regular Session commencing on the fourth day of January, 1965, two-thirds of the members elected to each of the two houses of the Legislature voting therefor, hereby proposes to the people of the State of California that the Constitution of the state be amended by amending Section 1 of Article II thereof, to read:

SECTION 1. CHAPTER 164

Assembly Joint Resolution No. 22—Relative to social security benefits.

[Filed with Secretary of State June 29, 1965.]

WHEREAS, Present federal law limits the annual earnings of a social security recipient to $1,200; and

WHEREAS, This amount, combined with the recipient's benefit payments, is totally inadequate to enable the recipient to meet his needs; and

WHEREAS, Legislation is now pending in Congress, which would increase the total permissible annual earnings to $2,400, and which would enable the great majority of recipients to become self-supporting; and

WHEREAS, Enactment of this legislation will greatly reduce public assistance rolls, since many social security recipients are now compelled to rely on public assistance to implement their grants; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully urges the Congress to enact legislation to permit social security recipients to earn up to $2,400 per year, without reduction in their benefit payments; and be it further

Resolved, That the Chief Clerk of the Assembly is directed to transmit copies of this resolution to the President and Vice President of the United States, the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

CHAPTER 165

Assembly Joint Resolution No. 32—Relative to synthetic sweeteners.

[Filed with Secretary of State June 29, 1965.]

WHEREAS, Serious questions of public health have been raised by the increase in the use of nonnutritive, synthetic sweetening agents, especially by the so-called cyclamates and by mixtures of the cyclamates and saccharin; and

WHEREAS, The advertising and promotion of synthetic sweetening agents may lead the public to believe that the indiscriminate use of artificially sweetened foods and beverages is an acceptable practice regardless of the age or state of health of persons who consume them; and

WHEREAS, The Food Protection Committee of the Food and Nutrition Board, National Research Council-National Academy of Sciences has stated:

(1) "While studies made on the toxicology and pharmacology of cyclamate indicate that this substance is relatively nontoxic, it must be borne in mind that in the human there has been study of its effects only in human males. There has not yet been extensive controlled study of its use by people in various physiological states. Further study of and experience with cyclamate will permit added confidence in evaluating the safety of the chemical for general use";

(2) "Additional information on the physiology of excretion of cyclamate is needed. Study of renal clearance is especially pertinent since we have no data on the effects of the use of cyclamate during pregnancy, in children, or in cases of renal dysfunction. Observations on mammary secretion of cyclamate would be of value. The possibility of deleterious effects in cases of lower bowel disease should be considered";

(3) "There is a lack of data on the relation of body weight to response to specific dosage of cyclamate. Thus, it is not at present possible to get a first approximation of the 'tolerance' of children for the material. The question of adaption to the laxative effect of cyclamate is unanswered"; and

WHEREAS, The advertising and promotion of synthetic sweetening agents may lead the public to believe that artificially sweetened foods, including soft drinks, can be used to bring about a reduction in weight, or to control weight, without any other dietary adjustments; and

WHEREAS, The Food and Nutrition Board of the National Research Council-National Academy of Sciences has stated:

"There is no clear justification for the use of artificial sweeteners by the general public as a weight reducing procedure, even though sweet tasting food is recognized as giving a 'lift' to many individuals, and even though the substitution of a nonnutritive sweetener for sugar does decrease the caloric value of the foods in question. It is emphasized strongly that the availability and consumption of artificially sweetened foods have no direct influence on body weight, nor are the food stuffs in question of any importance in weight reducing programs except as they are used in feeding regimens in which the total energy intake is supervised and controlled."; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature requests all agencies of the state government concerned with matters of public health to reexamine their current position with respect to the indiscriminate consumption of artificial sweeteners; that the Federal Food and Drug Administration make clear its position that foods and beverages containing synthetic sweeteners are special purpose foods not intended for unrestricted consumption by persons of all ages and in all conditions of health; that the Federal Trade Commission take appropriate action against advertising and promotion which states or implies that foods and beverages containing synthetic sweeteners are, in themselves, effective in weight reduction or weight control; and

that all agencies of the state and federal government be alerted to the need for extensive research on the effects of large scale consumption of synthetic sweetening agents on humans in various physiological states; and be it further

Resolved, That the Chief Clerk of the Assembly is directed to transmit a copy of this resolution to the President and Vice President of the United States, the Speaker of the House of Representatives, Federal Food and Drug Administration, Federal Trade Commission, and to each Senator and Representative from California in the Congress of the United States.

[Filed with Secretary of State June 29, 1965.]

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Department of Parks and Recreation is requested to study the proposal that the road leading from State Highway Route 89 to Squaw Valley State Park be taken into the state park system; and be it further

Resolved, That the Secretary of the Senate be directed to transmit a copy of this resolution to the Director of the Department of Parks and Recreation.

WHEREAS, The Department of Public Health is further directed to revise the standards from time to time as technical information indicates the need for such revision; and

WHEREAS, Oxides of nitrogen are involved in the photochemical smog reaction; and increased nitrogen dioxide concentrations may cause discoloration of the atmosphere and adverse health effects; and

WHEREAS, The Motor Vehicle Pollution Control Board has proceeded in accordance with legislative directive with the initiation of a control program for crankcase devices on both new and old vehicles and for exhaust devices on new cars; and

WHEREAS, The board has not yet proceeded to initiate a control program for exhaust devices on used vehicles; and

WHEREAS, The largest source of motor vehicle-created air pollution is from the exhaust of older vehicles; and

WHEREAS, It is essential to control hydrocarbons and carbon monoxide emitting from the tailpipes of used motor vehicles, if there is to be an appreciable and noticeable improvement in air quality of our cities; and

WHEREAS, Legislative committees have heard testimony to the effect that economical, practical exhaust control devices suitable for used vehicle installation are now in the developmental stage by private industry; and

WHEREAS, There is no direct all-weather trans-Sierra highway connecting the central part of the great San Joaquin Valley with the areas east of the Sierra Nevada Mountains; and

WHEREAS, The closest trans-Sierra crossings to this central California area are State Highway Legislative Route 50 on the north and State Highway Legislative Route 178 on the south, which are separated by a distance of approximately 250 miles; and

WHEREAS, The absence of a direct trans-Sierra crossing reduces the aforementioned potential market to the east for products grown and manufactured in the great San Joaquin Valley and likewise reduces the potential market for eastern goods within such valley; and

WHEREAS, Construction of a central California trans-Sierra crossing would reduce the mileage from central California to Salt Lake City, Denver, and other points to the east by approximately 200 miles if this crossing were extended westward to Interstate 5 in the vicinity of Los Banos, California, and eastward to connect with an extension of Interstate 70 which now runs from the Washington-Baltimore area to the vicinity of Cove Fort, Utah; and

WHEREAS, Present indications are that both the States of Nevada and Utah wish to cooperate in the fullest in the aforementioned extension of Interstate 70 to Interstate 5 in California; and

WHEREAS, A wilderness corridor through Mammoth Pass near Minarets Summit for such a trans-Sierra crossing has been generally recognized since about 1928; and

WHEREAS, The desirability of this trans-Sierra crossing in this location was recognized by this Legislature in its Assembly Joint Resolution No. 5 adopted in 1955 and in its Senate Joint Resolution No. 43 adopted in 1961; and

WHEREAS, Pursuant to such resolutions Forest Highway 100 has been constructed, but such highway is incomplete, is built only to forest standards, and there is no more forest money available for it; and

WHEREAS, A highway of higher standards than Forest Highway 100 will probably result in greater vehicle usage than the present estimated minimum of 1,200 vehicles per day in commercial and tourist travel and is needed to preserve and enhance the aesthetic and scenic values of this wilderness region; and

WHEREAS, The only feasible way of completing and improving this tremendously valuable direct trans-Sierra crossing now available is to first obtain its incorporation into the state highway system and then subsequently its incorporation into the interstate highway system through the aforementioned extension of Interstate 70 in Utah to Interstate 5 in California; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the State Department of Public Works is requested to study the feasibility of including in the state highway system the location of a route connecting with Interstate Route 5 west of Los Banos to the California-Nevada state line near Benton Station and via locations near Califa, North Fork, and Minarets Summit; and be it further

Resolved, That the State Department of Public Works is requested to study the feasibility of recommending that such a trans-Sierra highway crossing be included in an extension of the interstate highway system; and be it further

Resolved, That the State Department of Public Works is requested to report to the Legislature as to the results of its study, together with its recommendations, by not later than March 10, 1966; and be it further

Resolved, That the Secretary of the Senate be directed to transmit a copy of this resolution to the Administrator of the Highway Transportation Agency and the Director of the Department of Public Works.

CHAPTER 171

Senate Concurrent Resolution No. 90—Relative to diesel smoke standards.

[Filed with Secretary of State June 29, 1965.]

WHEREAS, The State Department of Public Health has adopted standards in accordance with Section 426.1 of the Health and Safety Code in respect to the necessity of limiting smoke emissions from motor vehicles; and

WHEREAS, Section 24242 of the Vehicle Code prohibits excess smoke from motor vehicles being operated on California streets and highways; and

WHEREAS, The California Motor Vehicle Pollution Control Board has authority to test and approve "devices" including engine modifications which would control motor vehicles so they comply with standards; and

WHEREAS, Another possible method of control of smoke, particularly from diesel-powered vehicles, may include a fuel additive rather than a mechanical device; and

WHEREAS, The Legislature should have authoritative test data on fuel additives as a possible economical means of control of diesel smoke; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Motor Vehicle Pollution Control Board is directed as follows:

1. To test or cause to be tested various diesel fuel additives to determine compliance with state standards, costs, detrimental side effects, if any, and effect on operation of diesel trucks and buses.

2. To cooperate with the California Highway Patrol to determine if such additives would reduce smoke density on diesel equipment below existing enforcement levels for "excessive smoke."

3. Render a progress report concerning the effectiveness of diesel fuel additives to the Senate Factfinding Committee on Transportation and Public Utilities, and the Assembly Interim Committee on Transportation and Commerce by July 1, 1966; and be it further

Resolved, That the Secretary of the Senate is directed to transmit a copy of this resolution to the Motor Vehicle Pollution Control Board.

CHAPTER 172

Senate Joint Resolution No. 40—Relative to flood control and water conservation projects.

[Filed with Secretary of State June 29, 1965.]

WHEREAS, The great storms of December 1964 caused widespread flooding along the Sacramento River and its tributaries; and

WHEREAS, This flooding caused extensive damage along the Sacramento River and its tributaries in Tehama and Shasta Counties; and

WHEREAS, The construction of dams and reservoirs on Thomes, Deer, Cottonwood, Mills, and Cow Creeks, and in Antelope Basin would have prevented much of this damage; and

WHEREAS, The Department of Water Resources of the State of California has made studies which indicate that these projects are economically justifiable; and

WHEREAS, In addition to flood control these projects would provide water for local irrigation, recreation, and fish and wildlife beneficial uses; and

WHEREAS, These projects would additionally yield approximately 200,000 acre-feet of water for export at an early date and at a low cost; and

WHEREAS, These projects could be integrated with the federal Central Valley Project; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the Congress of the United States, the U.S. Army Corps of Engineers and the Bureau of Reclamation to give high priority to the planning and construction of dams in the upper Sacramento River Basin for flood control, irrigation, recreation, and fish and wildlife enhancement purposes; and be it further

Resolved, That the Legislature of the State of California respectfully memorializes the Congress of the United States to appropriate funds to the Bureau of Reclamation for conducting such studies during the next fiscal year; and be it further

Resolved, That the Secretary of the Senate be hereby directed to transmit copies of this resolution to the President and the Vice President of the United States, to the Speaker of the House of Representatives, to each Senator and Representative from California in the Congress of the United States, to the Chief of the U.S. Army Corps of Engineers, and to the U.S. Commissioner of Reclamation.

CHAPTER 173

Senate Joint Resolution No. 43—Relating to the Federal-Aid Highway Program.

[Filed with Secretary of State June 29, 1965.]

WHEREAS, The national system of interstate and defense highways is being carried rapidly toward completion by the scheduled date of October 1, 1972; and

WHEREAS, The Federal Highway Trust Fund expires on that date; and

WHEREAS, The continuing growth of the nation's population and economy, and of its related transportation needs, gives evidence of need for continuing highway programs after that date; and

WHEREAS, The Federal-Aid Highway Program because of sound financing, long-range planning and orderly construction has been a vital force in the dramatic expansion of the nation's productive capacity and in enhancing the well-being of the citizens of this state and the nation for over 40 years; and

WHEREAS, It is in the national interest that the federal-state relationship that has made this program possible be not terminated in 1972 but rather continued and strengthened; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States to authorize and direct the Secretary of Commerce, with the cooperation of the State Highway Departments and through them with the cooperation of the cities and counties, to undertake immediately a study to be completed and reported to the Congress of the United States no later than January 1, 1967, to determine highway needs after 1972, and to recommend to the Congress a federal policy with respect to highways to meet these needs most effectively, and be it further

Resolved, That the study include, but not be limited to, a review of the desirable extent of the national system of interstate and defense highways, the requirements by states of federal-aid primary and secondary or other systems of highways, the street and highway needs in urban areas, the most appropriate basis of sharing the costs among the several levels of government in relation to the interests of each in the several highway systems, the problem of reimbursement for toll or other roads included in the national system of interstate and defense highways, and such other matters as the secretary or the states believe appropriate; and be it further

Resolved, That the Secretary of the Senate be hereby directed to transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

CHAPTER 174

Assembly Joint Resolution No. 13—Relating to water pollution.

[Filed with Secretary of State June 29, 1965]

WHEREAS, The control of pollution of the waters of this nation is fast becoming one of the most pressing problems faced by conservationists desiring to preserve our water resources for the future; and

WHEREAS, Although vast improvement has been made in recent years in many areas in the control of water pollution, there yet remains much which must be done to properly protect the water resources; and

WHEREAS, The ever-increasing pressure of an expanding population has extended the burden of protecting our water purity to every level of civilian and governmental activity; and

WHEREAS, Federal governmental agencies are presently directed, in keeping with the Federal Water Pollution Control Act, to do no more than cooperate with the Department of Health, Education and Welfare in controlling pollution from any property over which the agencies have jurisdiction; and

WHEREAS, The State of California has enacted laws to control pollution of its waters and is endeavoring to maintain high quality water for all beneficial uses; and

WHEREAS, There is a strong belief in California that both federal and state waste discharges should be controlled, and the California State Legislature is now considering such legislation; such legislation to apply to state agencies; and

WHEREAS, In direct implementation of the declared policy of Congress and as necessary to provide effective control of water pollution which may adversely affect the health and welfare of the public, S. 560 and H.R. 982 would require federal agencies to discharge wastes only in compliance with standards established by the Secretary of Health, Education, and Welfare, such standards to be established after consultation with appropriate state officials; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Congress of the United States is memorialized to favorably consider control over federal agencies disposing of wastes into waters of the United States, such as contained in S. 560 and H.R. 982; and be it further

Resolved, That the Legislature of the State of California does not, by the adoption of this resolution, intend that the immediate construction of the San Luis Drain from the San Joaquin Valley to the bay area, both in California, be delayed in any manner whatsoever; and be it further

Resolved, That the Chief Clerk of the Assembly be hereby directed to transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

CHAPTER 175

Assembly Joint Resolution No. 28—Relative to the California fishing industry.

[Filed with Secretary of State June 29, 1965]

WHEREAS, There is a definite need to control the pollution of California waters and to revitalize the fishing industry of this state; and

WHEREAS, California was once first in wet fish pack among the states, but has in the last 15 years dropped to fourth place standing among the states; and

WHEREAS, This decline represents a loss of over 12,000 jobs, 35 canneries, 38 fish reduction plants, and 370 boats; and

WHEREAS, The State of California is hard pressed to find new jobs and the United States is launched on a program to develop fisheries as a prime, future source of food from the sea for a burgeoning world population; and

WHEREAS, Present state and federal statutes are inadequate to stop the decline and probable eventual demise of the California fishing industry; now, therefore, be it

Resolved by the Assembly and the Senate of the State of California, jointly, That the Members of the California Legislature respectfully request the Congress of the United States to study the problems of California's fishing industry; and be it further

Resolved, That Congress act to expand Public Laws 88-309 and 88-498, so as to provide assistance to canneries as well as to fishing boat owners, and to further assist the fishing industry of California; and be it further

Resolved, That the Chief Clerk of the Assembly shall transmit copies of this resolution to each Senator and Congressman from California in the Congress of the United States.

CHAPTER 176

Assembly Joint Resolution No. 33—Relative to establishment of a federal water pollution control research facility in California.

[Filed with Secretary of State June 29, 1965]

WHEREAS, Regional research facilities for the conduct of technical investigations, experiments, field studies and training relative to the prevention and control of water pollution are urgently needed to supplement the activities of the Robert A. Taft Sanitary Engineering Center, Cincinnati, Ohio, in providing technical assistance to the states and local agencies on the mounting problems of water pollution control and water resources management; and

WHEREAS, It is both logical and desirable that the Congress of the United States enact legislation for the establishment of several such regional laboratories and research facilities and that a regional research facility be established in California, not only because of the magnitude of water pollution and water quality problems in this state but also for the reason that California agencies have been conducting a substantial portion of water pollution control research at the state level; and

WHEREAS, California is one of the areas of the United States in which the problems of water quality management are both critical and of great magnitude as evidenced by the fact that the state's present population of over 17 million is expected to almost double in the next 20 years and, to make possible this growth, the people of the state recently voted a $1,750,000,000 water bond proposition initiating the greatest water development project ever conceived in any state of the union; and

WHEREAS, California is ideally located for studying the ground water quality problems that are unique to the southwest since one-third of the nation's ground water supplies are developed here and since California has been the forerunner in conserving and augmenting water resources by recharging ground water basins; and

WHEREAS, Ground water problems associated with sea water intrusion also can be studied in California for the reason that 13 ground water basins along the state's coastline already have been damaged by the encroachment of saline waters and other basins are now being threatened; and

WHEREAS, California has the added geographical advantage of being situated where studies of marine waste disposal problems can be undertaken since two-thirds of the state's sewage and industrial wastes are discharged into ocean waters; and

WHEREAS, The state has, in its colleges and universities, institutions of higher learning that provide graduate education in the fields of research to be carried out in the proposed regional research facilities; and

WHEREAS, The colleges and universities of California are carrying on very extensive research activities in the field of water pollution control which engage a large number of resident graduate students and sanitary engineers; and

WHEREAS, A research facility located in the State of California would be able not only to draw upon a large reservoir of academic personnel and graduate students but also benefit from the extensive research being conducted by California's institutions of higher learning in the fields of water pollution control and water resources management; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States to enact legislation establishing regional water pollution control research facilities and to locate one of these facilities in the State of California; and be it further

Resolved, That the Chief Clerk of the Assembly be hereby directed to transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to each Senator and Representative from California in the Congress of the United States, and to the Secretary of Health, Education, and Welfare.

CHAPTER 177

Assembly Joint Resolution No. 37—Relative to revision of the retirement test and retirement earnings limitation of the Social Security Act.

[Filed with Secretary of State June 29, 1965.]

WHEREAS, The cost of living in the United States rises with each succeeding year, thus making it increasingly more difficult to live on a limited income; and

WHEREAS, The present retirement test and earnings limitation for persons receiving social security retirement benefits do not permit beneficiaries to have earnings of a level consistent with an adequate standard of living; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorialize the President and the Congress of the United States to revise the present Social Security Act to provide for a revised concept of the present retirement test and the earnings limitation for persons receiving social security benefits to permit beneficiaries to have earnings that would bring their income up to a level consistent with an adequate standard of living; and be it further

Resolved, That the Chief Clerk of the Assembly be hereby directed to transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the Congress of the United States to develop a program for the construction of residential facilities for the mentally retarded by providing the states with ample financial incentives in the matter; and be it further

WHEREAS, The state and local governments of California have utilized all available public funds to meet the existing need for public works; and

WHEREAS, Unless the federal government moves quickly to provide the financial assistance necessary to construct the needed public works, the communities of California will not be able to do the community planning required to carry out a continuing program to overcome present deficiencies and meet the needs of growth; now, therefore, be it

WHEREAS, All interest upon bonds and other obligations of states, territories and possessions of the United States and of political subdivisions thereof is, under present statutes, regulations and court decisions, exempt from federal income taxes and, as a consequence of such exemption, such obligations sell at substantially lower interest rates than if such exemption were not available, thereby effecting substantial savings in interest costs to the respective issuers of such obligations and to the taxpayers of such issuers; and

WHEREAS, Frequent attacks on the tax immunity of bonds and other obligations of states, territories and possessions of the United States and of political subdivisions thereof endangers their essential governmental functions and threatens an untenable increase in the cost of financing needed public works projects, including vitally needed public schools and other state and local governmental needs; and

WHEREAS, It is imperative to the continued financial well-being of all such issuers that such exemption be permanently established and continued as to all such obligations now outstanding or hereafter issued, so that needed public improvements of said respective issuers may be financed at the lowest

possible cost to said issuers and their taxpayers; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the Congress of the United States to adopt an amendment to Amendment 16 of the Constitution of the United States to exempt from taxes on income on which the Congress has power to lay and collect taxes, all interest upon the obligations of any state, territory or possession of the United States, or any political subdivision of any thereof which is a municipal corporation or to which has been delegated the right to exercise part of the sovereign power of such state, territory or possession, or the District of Columbia; and be it further

[Filed with Secretary of State June 30, 1965.]

WHEREAS, The Legislature, in the California Atomic Energy Development and Radiation Control Law enacted in 1959, declared it to be the policy of the state to eliminate unnecessary exposure of the public to ionizing radiation and to have various departments and agencies of the state develop programs designed to protect the people of the state from unnecessary exposure to radiation; and

WHEREAS, The safe and skillful use of X-rays in the practice of the healing arts is universally considered to represent a benefit to the public health and welfare which far outweighs any risk involved; and

WHEREAS, Unsafe and unskilled use of X-rays in the practice of the healing arts can lead to radiation exposures which serve no clinical purpose and which may result in deleterious effects to exposed individuals and to future generations; and

WHEREAS, The Legislature deems it to be in the overall public interest that there be adequate assurance, which does not now exist, that all persons who may employ X-rays in the healing arts are qualified in their safe and skillful use; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That, with respect to persons who matriculate at a medical school on or after September 1, 1965, the State Board of Medical Examiners, in examinations for physician's and surgeon's certificates and in examinations for certificates to practice podiatry; the State Board of Dental Examiners, in examinations for licenses to practice dentistry, to the extent they are not now so doing, are directed to include a sufficient number and variety of questions concerning roentgenologic techniques and radiation safety to provide reasonable assurance that candidates for certification or licensure are adequately trained to use X-rays safely and skillfully; and be it further

Resolved, That at least the following subject matter areas be adequately represented in the aforementioned examinations as appropriate to the particular professional discipline:

1. Nature and properties of X-rays and biological effects of radiation.

2. Knowledge of radiation factors such as kilovoltage and milliamperage, beam collimation, filtration, gonadal shielding, use of fast film and optimum film development, fluoroscope operations, and principles of protection for X-ray installations, including protection for machine operators and other persons in the vicinity.

3. Proper positioning of patients for various radiographic procedures.

4. Relevant factors for making judgments to employ or order diagnostic X-ray examinations in individual cases.

[Filed with Secretary of State June 30, 1965.]

WHEREAS, There is at the present time a shortage of doctors in California and the number of qualified students graduating from medical schools in California does not meet this shortage, making California a debtor state; and

WHEREAS, With the continued growth of the population of California this shortage will become increasingly critical; and

WHEREAS, Many students desiring to study for the medical profession are, because of limitations in facilities, unable to secure such an education in California in existing medical schools; and

WHEREAS, Large sums of public money for capital outlay would have to be spent by the State of California if present public medical schools and teaching hospitals were to be enlarged or if new public medical schools and teaching hospitals were to be established; and

WHEREAS, There exists in California a number of nonprofit private universities and colleges which upon affiliation with a nonprofit hospital could make the necessary capital improvements with privately subscribed and contributed funds to establish new medical schools and teaching hospitals; and

WHEREAS, These private nonprofit universities, colleges and hospitals upon the establishment of medical schools and teaching hospitals would be unable to finance or support the necessary teaching; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the Legislature of the State of California declares it to be the policy of the state to assist in the education of medical students in private nonprofit universities and colleges in such manner as the Legislature may provide.

[Filed with Secretary of State June 30, 1965]

WHEREAS, The Department of the Interior has published a regulation in the Federal Register on May 7, 1965, which asserts that no city, county or state ordinance or regulation shall apply to Indian lands held in trust by the federal government; and

WHEREAS, Such a regulation would deny any state or political subdivision the authority to limit, zone, or otherwise govern or regulate the use or development of any real or personal property leased from or held or used under agreement with and belonging to any Indian or Indian tribe, band or community; and

WHEREAS, A provision of this nature will have a very serious and unfavorable impact upon many local communities in California; now, therefore, be it

WHEREAS, The California Coordinating Council for Higher Education has found that a "definite ultimate need" exists for a University of California campus in the San Francisco Bay metropolitan area; and

WHEREAS, Advance acquisition of a site for a university campus is justified when the regents of the university present evidence and the council finds that "carefully restricted circumstances" warrant it, "such as where land may not subsequently be available without excessive cost or where there may be special opportunity to obtain the land," and upon such findings the council will recommend appropriation for the acquisition of such sites; and

WHEREAS, Both the Counties of Napa and Solano are areas of great natural beauty, centers of great anticipated growth, contain no university campus, are centrally located, adjacent to the entire north bay area; and would be greatly honored to be chosen as the site of a University of California campus; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Members thereof recommend that the Regents of the University of California consider either Napa County or Solano County as a site for a campus; and be it further

Assembly Concurrent Resolution No. 45—Relative to the creation of the Joint Interim Legislative Unemployment Disability Compensation Committee.

WHEREAS, These provisions have over the years contributed greatly to relieve the citizens of this state from the unfortunate results of unemployment due to disability; and

WHEREAS, No comprehensive study of unemployment compensation disability eligibility standards or benefits levels has been made for many years while during the same time the scope of the program and wage levels in employment have greatly increased; now, therefore, be it

[Filed with Secretary of State July 1, 1965]

WHEREAS, The Department of General Services prequalifies bidders according to Section 13403 of the Government Code; and

WHEREAS, Prequalification insures that the bidder will receive an invitation to bid on all contracts for which he is eligible; and

WHEREAS, The prequalification process is therefore a critical factor in the amount of competition on state purchases; and

WHEREAS, The criteria of prequalification designated in the California Administrative Code, Title 2, Section 1890, merely indicate the kinds of information the department shall

consider and do not specify the tests of qualification which the prospective bidder must meet; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the Director of General Services is directed to specify the tests of qualification which prospective bidders must meet and that he submit a report to the Legislature on such tests and the reasons behind them not later than February 7, 1966, and that such report be available to any interested party on request; and be it further

CHAPTER 196

Assembly Concurrent Resolution No. 66—Relative to directing the State Employees' Retirement System to provide a quotation of contributions required for cost-of-living increases in allowances with respect to employees of contracting agencies.

[Filed with Secretary of State July 1, 1965.]

WHEREAS, A cost-of-living adjustment in allowances payable under the State Employees' Retirement System is necessary; and

WHEREAS, Such adjustments may be made for local members of the system only pursuant to amendment of the employer's contract executed after the employer has received a quotation of the contribution to the system required if such adjustments were provided; and

WHEREAS, Determination of such contribution is less costly if made in conjunction with the regular periodic actuarial valuation of the assets and liabilities under the system of the contracting agency; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the State Employees' Retirement System is requested to develop, in connection with the next regular actuarial valuation of assets and liabilities under the system of each contracting agency having employees who are local safety members of the system, a quotation of the contribution to the system which would be required of the agency if its contract were amended to subject the agency with respect to its employees to the provisions of a cost-of-living adjustment; and be it further

Resolved, That the Chief Clerk of the Assembly is directed to transmit a copy of this resolution to the State Employees' Retirement System.

CHAPTER 197

Assembly Concurrent Resolution No. 127—Relating to the establishment of an agricultural history museum at the University of California at Davis.

[Filed with Secretary of State July 1, 1965]

WHEREAS, The source of a great many historically important developments in American agriculture has been the work of the University of California at Davis; and

WHEREAS, Farmers of California have come to regard the university as the wellspring of the agricultural innovations that have made California the nation's leading agricultural state; and

WHEREAS, While the university is currently in the process of expanding beyond a solely agricultural orientation, it retains its prominence in agriculture and as a recognized center of agricultural history, as evidenced by the recent movement of Agricultural History, the journal which is the national scholarly magazine devoted to this field, to the campus of the university; and

WHEREAS, The university has also recently accepted an extensive manuscript collection of agricultural history materials; and

WHEREAS, It, therefore, clearly appears that the university is the logical place for the establishment of an agricultural history museum where agricultural equipment, particularly as is characteristic of California's agricultural development, could be collected and preserved, while also complementing the study and research of agricultural history; and

WHEREAS, The establishment of such a museum is imperative, since this state's agricultural history has already passed its 100th birthday and many of its engineering artifacts, if not collected and preserved, cannot long survive; now, therefore, be it

Resolved by the Assembly of the State of California, the Senate thereof concurring, That the members of the Legislature do hereby applaud the efforts to establish an agricultural history museum at the Davis Campus of the University of California and express their desire that such a museum be established by the university on the Davis Campus to collect and preserve the engineering artifacts which are of importance to the study, research, and appreciation of agricultural history; and be it further

Resolved, That the university be requested to make a thorough study of the feasibility of instituting a comprehensive and integrated program in agricultural history of both public and scholarly benefit at the Davis Campus to include, but not be limited to, presently established agricultural history activities located there, and that the university be requested to report its findings to the 1966 Regular (Budget) Session of the Legislature; and be it further

Resolved, That the Secretary of the Senate is directed to transmit copies of this resolution to the Regents of the University of California, the Chancellor of the University of California at Davis, and the Director of Agriculture.

[Filed with Secretary of State July 1, 1965.]

WHEREAS, The national system of interstate and defense highways is being carried rapidly toward completion by the scheduled date of October 1, 1972; and

WHEREAS, The Federal Highway Trust Fund expires on that date; and

WHEREAS, The continuing growth of the nation's population and economy, and of its related transportation needs, gives evidence of need for continuing highway programs after that date; and

WHEREAS, The federal aid highway program because of sound financing, long-range planning and orderly construction has been a vital force in the dramatic expansion of the nation's productive capacity and in enhancing the well-being of the citizens of this state and the nation for over 40 years; and

WHEREAS, It is in the national interest that the federal-state relationship that has made this program possible be not terminated in 1972 but rather continued and strengthened; now, therefore, be it

Resolved by the Assembly and Senate of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States to authorize and direct the Secretary of Commerce, with the cooperation of the State Highway Departments and through them with the cooperation of the cities and counties, to undertake immediately a study to be completed and reported to the Congress of the United States no later than January 1, 1967, to determine highway needs after 1972, and to recommend to the Congress a federal policy with respect to highways to meet these needs most effectively; and be it further

Resolved, That the study include, but not be limited to, a review of the desirable extent of the national system of interstate and defense highways, the requirements by states of federal aid primary and secondary or other systems of highways, the street and highway needs in urban areas, the most appropriate basis of sharing the costs among the several levels of government in relation to the interests of each in the several highway systems, the problem of reimbursement for toll or other roads included in the national system of interstate and defense highways, and such other matters as the secretary or the states believe appropriate; and be it further

Resolved, That the Chief Clerk of the Assembly be hereby directed to transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

CHAPTER 200

Assembly Joint Resolution No. 44—Relative to safety on vessels.

[Filed with Secretary of State July 1, 1965]

WHEREAS, The United States has the world's most stringent standards governing the construction and operation of passenger vessels and these standards are strictly enforced by the U.S. Coast Guard; and

WHEREAS, The U.S. Coast Guard under present laws can enforce these standards only on U.S. Flag ships while foreign flag ships, even though they operate regularly in and out of U.S. ports and carry U.S. citizens as passengers, can be required to observe only the minimum standards of safety set by international conventions—a level far below that required of U.S. ships; and

WHEREAS, Legislation has been introduced in Congress which would establish that ocean cruises which begin and end in U.S. ports with substantially the same group of passengers are domestic traffic and therefor would require all such opera-

tions to be licensed and subject them to strict regulations as to safety, fiscal responsibility, etc., on a par with those applying to U.S. ships; and

WHEREAS, This legislation would provide necessary protection for the traveling public, for domestic industry and for the national interest; now, therefore, be it

Resolved by the Assembly and the Senate of the State of California, jointly, That the Legislature of the State of California respectfully urge the prompt enactment of legislation in this area; and be it further

Resolved, That the Chief Clerk of the Assembly be hereby directed to transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States.

CHAPTER 201

Assembly Constitutional Amendment No. 90—A resolution to propose to the people of the State of California an amendment to the Constitution of the state, by amending the first and second sentences of the fourth paragraph of, and the fifth paragraph of, Section 1 of, and the third paragraph of subdivision (a) of Section 2 of, Article IV thereof, and Section 16 of Article IV thereof, relating to legislative sessions.

[Filed with Secretary of State July 1, 1965.]

Resolved by the Assembly, the Senate concurring, That the Legislature of the State of California at its 1965 Regular Session commencing on the fourth day of January, 1965, two-thirds of the members elected to each of the two houses of the Legislature voting therefor, hereby proposes to the people of the State of California that the Constitution of the state be amended:

First, That the first and second sentences of the fourth paragraph of Section 1 of Article IV thereof be amended to read:

The second power reserved to the people shall be known as the referendum. No act passed by the Legislature shall go into effect until 60 days after final adjournment of a general session, or 90 days after final adjournment of any other session, of the Legislature which passed such act, except acts calling elections, acts providing for tax levies or appropriations for the usual current expenses of the state, and urgency measures necessary for the immediate preservation of the public peace, health or safety, passed by a two-thirds vote of all of the members elected to each house.

Second, That the fifth paragraph of Section 1 of Article IV thereof be amended to read:

Upon the presentation to the Secretary of State within 60 days after final adjournment of a general session or, 90

days after the final adjournment of any other session of the Legislature, of a petition certified as herein provided, to have been signed by qualified electors equal in number of 5 percent of all the votes cast for all candidates for Governor at the last preceding general election at which a Governor was elected, asking that any act or section or part of any act of the Legislature be submitted to the electors for their approval or rejection, the Secretary of State shall submit to the electors for their approval or rejection, such act, or section or part of such act, at the next succeeding general election occurring at any time subsequent to 30 days after the filing of said petition or at any special election which may be called by the Governor, in his discretion, prior to such regular election, and no such act or section or part of such act shall go into effect until and unless approved by a majority of the qualified electors voting thereon; but if a referendum petition is filed against any section or part of any act the remainder of such act shall not be delayed from going into effect.

Third, That the third paragraph of subdivision (a) of Section 2 of Article IV thereof be amended to read:

All regular sessions in odd-numbered years shall be known as general sessions and no general session shall exceed 120 calendar days in duration, not including Saturdays or Sundays, except that at the end of such 120-calendar-day period the Legislature shall recess until the first Monday following the expiration of 30 days following the date upon which it recessed and shall then reconvene for not to exceed five days for the sole purpose of reconsidering measures vetoed by the Governor. Members of the Legislature shall receive mileage of five cents ($0 05) per mile for traveling to and from their homes in order to attend the reconvening of the Legislature following such recess.

Fourth, That Section 16 of Article IV thereof be amended to read:

SEC. 16. Every bill which may have passed the Legislature shall, before it becomes a law, be presented to the Governor. If he approve it, he shall sign it; but if not, he shall return it, with his objections, to the house in which it originated, which shall enter such objections upon the Journal and proceed to reconsider it. If after such reconsideration, it again pass both houses, by yeas and nays, two-thirds of the members elected to each house voting therefor, it shall become a law, notwithstanding the Governor's objections. WHEREAS, The cost of maintenance and operation of the levees and other flood control works appear to place an unusually heavy financial burden on Reclamation District No. 317, which costs are now borne wholly by owners of lands and improvements of that district; and

WHEREAS, Questions have been raised among the landowners of the districts involved and by the landowners and owners of improved resorts and residential properties as to an equitable method of sharing the cost of levee maintenance and operation; and

WHEREAS, It is in the interest of the State of California, and of the several reclamation districts and landowners that an adequate program of levee maintenance and operation be adopted and carried out; and

WHEREAS, A study of the problem area properly is a part of operation of the Sacramento River Flood Control Project; and

WHEREAS, It has been difficult for owners of property in the affected area to resolve the problem of levee maintenance and equitable cost sharing; now, therefore, be it

Resolved by the Senate of the State of California, the Assembly thereof concurring, That the State Reclamation Board is requested to make a study of the levee maintenance and flood control operations required for the protection of the land and improvements in Reclamation District No. 317 from flood and seepage, of the appropriate methods of financing and distributing the cost of such maintenance and operations between the owners of arable land and small boat marinas located within the district, and of the importance and relationship of such levee maintenance and flood control features to the land and improvements located within those reclamation districts adjoining Reclamation District No. 317 and bounded by the Sacramento River, Seven Mile Slough, San Joaquin River, Mokelumne River and Georgiana Slough, and that such study not include the construction of new levees or extension of existing levees, and report to the Senate Factfinding Committee on Water Resources and the Assembly Interim Committee on Water not later than December 1, 1965.

WHEREAS, Under the terms of the operating agreement required by the federal government, federal criteria for admission to the program and for operation and supervision of the program must be substituted for previously utilized state criteria and will include, among other items, the admission to the California camp of youths from out of state and will simultaneously preclude some California youths from admission on the basis of the federal criteria applicable to the income of the family of the youth applying for admission, but who were eligible for the state program; and

WHEREAS, It is desirable that a more thorough analysis be made of the attainments of the state program and a comparison of those attainments with the early experience of the federal program in this state, and that results of these analyses and the factual information upon which they are based should be made available to appropriate legislative committees for review; now, therefore, be it

Senate Joint Resolution No. 1—Relative to the Federal-aid Highway Emergency Fund.

[Filed with Secretary of State July 1, 1965.]

WHEREAS, An emergency fund has been created, pursuant to Section 125 of Title 23 of the United States Code, for expenditure by the Secretary of Commerce for the repair or

reconstruction of highways on the federal-aid highway systems, including the national system of interstate and defense highways and the federal-aid primary and secondary systems, which have suffered serious damage as the result of disaster over a wide area, such as by floods, hurricanes, tidal waves, earthquakes, severe storms, landslides, or other catastrophes; and

WHEREAS, Section 125 authorizes the appropriation of such moneys, not to exceed $30,000,000, as may be necessary for the initial establishment of this emergency fund and for its replenishment on an annual basis; and

WHEREAS, As a result of expenditures from this emergency fund for highway repair and reconstruction work necessitated by past disasters, there is a need at the present time for an appropriation to replenish the fund; and

WHEREAS, The recent December, 1964, floods and storms in the northern part of California have resulted in serious and widespread damage and destruction to many state and county highways which are included in the federal-aid highway systems, and federal aid is urgently needed to enable highway transportation to be restored throughout the areas affected at the earliest possible time; and

WHEREAS, In view of the widespread destruction over the western states, it is obvious that $30,000,000 will be insufficient to repair and reconstruct the damaged highways on the federal highway system in the West and this limitation should be substantially increased; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States to raise the ceiling of $30,000,000 to at least $100,000,000 and to appropriate the latter sum of money to replenish the emergency fund created pursuant to Section 125 of Title 23 of the United States Code, so that funds will be available to provide assistance in the repair and reconstruction of damaged and destroyed federal-aid highways in the northern part of the State of California; and be it further

Resolved, That the Secretary of the Senate be hereby directed to transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to each Senator and Representative from California in the Congress of the United States, and to the Secretary of Commerce.

CHAPTER 232

Senate Joint Resolution No. 31—Relative to the proposed Scotts Creek Dam.

[Filed with Secretary of State July 1, 1965]

WHEREAS, The storms and high river stages of last December demonstrated dramatically and unquestionably that the degree of flood protection now existing in Scotts Valley is insufficient to furnish adequate assurance of the safety of a constantly expanding population, industry, and agriculture; and

WHEREAS, Flood protection would be vastly increased and advanced by construction of the Scotts Creek Dam project on Scotts Creek; and

WHEREAS, All informed persons and agencies have recognized the critical importance of the Scotts Creek Dam project to flood protection for Scotts Valley and the City of Lakeport; and

WHEREAS, The Scotts Creek Dam project will provide a vitally needed source of domestic water for the City of Lakeport which experiences serious shortages of water during the summer months requiring strict water rationing for all domestic users; and

WHEREAS, The construction should accordingly be authorized and undertaken at the earliest possible date; and

WHEREAS, The authorization can be accomplished by inclusion of such project in the legislation presently pending before the Congress, so as to authorize construction by the United States Army Corps of Engineers as soon as possible; and

WHEREAS, The determination of the agency to construct such project should be governed and controlled by the ascertainment of which agency could accomplish the earliest possible construction and resultant protection of the Scotts Valley and City of Lakeport from flood disaster; and

WHEREAS, The determination of the agency to operate such project after its completion should be governed and controlled by the ascertainment of which agency would best be able, in the operation of the project, to assure the flood control objective which is the overriding and critically important objective of the project; and

WHEREAS, Construction and operation of projects pertaining to flood control are and have been a normal and recognized function of the United States Army Corps of Engineers; now, therefore, be it

Resolved by the Senate and the Assembly of the State of California, jointly, That the United States Senators and Representatives representing the State of California in the Congress of the United States, and all officials concerned with the decision regarding the construction and operation of the Scotts Creek Dam project, are hereby urgently requested to take such steps and to lend such full support as may be required to accomplish authorization for construction of the Scotts Creek Dam project on Scotts Creek by the United States Army Corps of Engineers, in the legislation presently pending before the Congress; and be it further

Resolved, That all of such officials are further urged to take such steps and to lend such full support following authorization of construction as will in fact accomplish construction at the earliest possible date; and be it further

Resolved, That all of such officials are further urged to take such steps and lend such full support as may be required to assure that the Scotts Creek Dam will, when construction has been completed, be operated by the United States Army Corps of Engineers, in full furtherance of its flood control and water supply objective; and be it further

CHAPTER 233

Senate Joint Resolution No. 32—Relative to the leasing of federal lands in Marin County to the State of California.

[Filed with Secretary of State July 1, 1965.]

WHEREAS, The increasing demands which are being made upon park and recreational areas within the State of Cali-

fornia as a result of the constantly increasing population of this state make it imperative that additional park and recreation areas be provided without delay; and

WHEREAS, This need is particularly acute in the San Francisco Bay area where an ever-expanding metropolitan population is finding it increasingly difficult to find park and recreational areas that are not overcrowded; and

WHEREAS, The limited existing public areas are being seriously damaged by overuse; and

WHEREAS, Fort Baker, Fort Barry and Fort Cronkhite in Marin County, however, contain thousands of acres of extremely beautiful land, including desirable beach land, which are eminently suited for development by the State of California for park and recreation purposes; and

WHEREAS, The federal government has already declared three isolated segments of Fort Baker, Fort Barry and Fort Cronkhite surplus as unnecessary for military purposes; and

WHEREAS, The State of California, Division of Beaches and Parks, has already acquired two of these isolated segments which have limited public use until the intervening land is made available for the installation of park facilities for public use; now, therefore, be it

Resolved by the Senate and the Assembly of the State of California, jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress of the United States to take such action as may be necessary to provide for the lease to the State of California of those portions of Fort Baker, Fort Barry and Fort Cronkhite upcoast from the Golden Gate Bridge and the Redwood Highway (U.S. 101) not already acquired by the State of California or by the United States Coast Guard and to make such leased lands immediately available for park use and for the installation of safety, sanitary and other public use facilities; and be it further

Resolved, That the Secretary of the Senate be hereby directed to transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, to each Senator and Representative from California in the Congress of the United States, to the Secretary of the Department of Defense, and to the Administrator of General Services.

CHAPTER 234

Senate Joint Resolution No. 35—Relating to the concurrent receipt of old age assistance and medical assistance to the aged.

[Filed with Secretary of State July 1, 1965]

WHEREAS, Section 1 of Title I of the Social Security Act prohibits the concurrent receipt of old age assistance and medical assistance for the aged; and

WHEREAS, This prohibition unjustly discriminates between the recipient of old age assistance who, when ill, must wait up to a month in order to become eligible for medical assistance for the aged, and the aged recipient of aid to the blind or aid to the totally disabled who becomes immediately eligible for M.A.A.; and

WHEREAS, This prohibition causes great hardships for the ill recipient of old age assistance in that he must deplete his personal resources, if any, to pay for necessary hospitalization and related medical services until he can become eligible for M.A.A.; and

WHEREAS, This prohibition causes a substantial economic drain on local governments, medical practitioners, and hospitals who must furnish and pay for hospitalization and related medical services for O.A.A. recipients who have no personal resources; now, therefore, be it

Resolved by the Senate and Assembly of the State of California, jointly, That the Congress of the United States is respectfully memorialized to eliminate from the Social Security Act the prohibition against the concurrent receipt of old age assistance and medical assistance for the aged during the months of admission to and discharge from a medical care facility; and be it further

Resolved, That the Secretary of the Senate be hereby directed to transmit copies of this resolution to the President and Vice President of the United States, the Speaker of the House of Representatives, to each senator and representative in this state's delegation to the Congress, and to the Secretary of the United States Department of Health, Education, and Welfare

---

CHAPTER 235

Senate Joint Resolution No. 36—Relating to the determination of medical eligibility for the aid to the blind and the aid to the totally disabled programs.

[Filed with Secretary of State July 1, 1965]

WHEREAS, Regulations of the United States Department of Health, Education, and Welfare and the provisions of the Social Security Act permit local governmental welfare agencies under the supervision of a state welfare agency to administer public welfare programs and make determinations as to the eligibility of applicants for aid; and

WHEREAS, Other regulations of the Department of Health, Education, and Welfare prohibit local welfare agencies from making the final medical eligibility determinations of the blindness and disability of applicants for the aid to the blind and the aid to the totally disabled programs and require the state welfare agency to make these medical findings; and

WHEREAS, There is nothing which innately makes at least some local governmental welfare agencies incapable or unqualified to make such medical eligibility determinations; and

WHEREAS, The prohibition of local agencies making such medical eligibility determinations results in waste and unnecessary administrative complexity and often causes applicants for aid unwarranted delays in the processing of their applications; now, therefore, be it

Resolved by the Senate and the Assembly of the State of California, jointly, That the United States Department of Health, Education, and Welfare is memorialized to amend its regulations so as to permit local governmental welfare agencies to determine the medical eligibility of applicants for aid to the blind and aid to the totally disabled; and be it further

Resolved, That the Secretary of the Senate be hereby directed to transmit copies of this resolution to the President of the United States and to the Secretary of the United States Department of Health, Education and Welfare.

Senate Joint Resolution No. 47—Relative to the National Defense Education Act of 1958.

[Filed with Secretary of State July 1, 1965.]

WHEREAS, The United States has long been recognized among nations of the world as a leader in providing assistance for students attending colleges and universities; and

WHEREAS, A strong higher educational system, with equal opportunity and widespread availability of college education, is necessary for the maintenance of a free society and a prosperous economy; and

WHEREAS, Since the enactment of the "National Defense Education Act of 1958," the California State Colleges have under its provisions granted loans approximating ten million dollars ($10,000,000) to about 13,900 students, as of June 30, 1964; and

WHEREAS, Under Public Law 88-210, approved December 17, 1963, the 88th Congress extended and expanded the student loan program under the "National Defense Education Act of 1958" so that the amount to be loaned to students attending the California State Colleges during the 1964-65 fiscal year is expected to increase by at least one-third; and

WHEREAS, Although the attendance of such students at public colleges and universities in California and other states is vital to both our national security and our domestic well-being, the federal student loan program has created a problem for our public institutions of higher education, and for the federal government, particularly in the collection of payments due from student borrowers; and

WHEREAS, The costs of collecting student loans under the "National Defense Education Act of 1958" falls not on the federal government but on state governments when the students are attending state institutions of higher learning, and constitutes a financial burden more properly the responsibility of the federal government; and

WHEREAS, It has come to the attention of the Legislature that the federal government has acknowleged that there is such a collection problem, that corrective action is needed, and that federal assistance to the states is necessary and may be expected; now, therefore, be it

Resolved by the Senate and the Assembly of the State of California jointly, That the Legislature of the State of California respectfully memorializes the President and the Congress to appropriate federal funds to state institutions of higher learning to help meet the expense to the states of administration and supervision, including the collection of student loans, under the student loan program provided by the "National Defense Education Act of 1958"; and be it further

Resolved, That the Secretary of the Senate be hereby directed to transmit copies of this resolution to the President and Vice President of the United States, to the Speaker of the House of Representatives, and to each Senator and Representative from California in the Congress of the United States, and to the Trustees of the California State Colleges, and to the Regents of the University of California.

WHEREAS, We believe the preservation of these resources is a responsibility of all people; and

WHEREAS, Farmers and landowners through conservation practices have made California a far more beautiful state for both rural and urban people to enjoy; and

WHEREAS, The Agricultural Conservation Program and the technical assistance provided the landowners of California by the Soil Conservation Service are a vital link in the overall natural resource conservation movement through the state; and

WHEREAS, For the past 30 years the United States Department of Agriculture, through the Agricultural Conservation Program and the Soil Conservation Service, has done much

to maintain and improve these resources, and make landowners and society in general more conscious of the need for such preservation; and

WHEREAS, During this period many California farmers and landowners have put to good use the many conservation practices of the Agricultural Conservation Program; and

WHEREAS, In carrying out these practices California farmers and landowners are now more than matching government funds dollar for dollar; and

WHEREAS, Through the medium of Agricultural Conservation Program farmer-elected committeemen and soil conservation district supervisors throughout the state, farm leadership has been developed to a most helpful degree; now, therefore, be it

Resolved by the Senate and the Assembly of the State of California, jointly, That the Congress of the United States be respectfully urged to give the necessary and adequate support to the continuance of the Agricultural Conservation Program and the Soil Conservation Service; and be it further

WHEREAS, General Vallejo served as a soldier of Mexico, was commander of the Presidio of San Francisco, colonizer of northern California with the title of Comandante General of the Northern Frontier, founder of the Pueblo of Sonoma, assigned responsibility for the negotiation with Russians for withdrawal from Fort Ross in northern California; and

WHEREAS, After acquisition of California by the United States, Vallejo was elected as a member of the Constitutional Convention of 1849, which drafted the first basic governing law of this state, then was elected as a Member of the California State Senate, representing the 33,000-square-mile Sonoma District in the First Legislature; and
