[Approved by Governor January 15, 1969. Filed with Secretary of State January 15, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Notwithstanding Section 9210 of the Elections Code, the first meeting in 1969 of the State Central Committee of the Republican Party shall be held on the fourth Sunday of January, instead of the third Sunday of January. This section shall apply only to the Republican Party and shall not apply to any other political party.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Under existing law the members of the California Republican State Central Committee are required to meet in the City of Sacramento for the election of state party officers on January 19. The inauguration of President-Elect Richard M. Nixon will be held in Washington, D.C. on January 20. In order to permit attendance at both the inauguration and the meeting, the date of the Republican State Central Committee meeting must be changed before January 19. Therefore, it is necessary that this act go into immediate effect.

CHAPTER 2

An act to add Section 34 to the Revenue and Taxation Code, relating to governmental finance, declaring the urgency thereof, to take effect immediately.

[Approved by Governor January 31, 1969. Filed with Secretary of State January 31, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 34 is added to the Revenue and Taxation Code, to read:

34. Whenever an amount of money paid by a person to the state or any of its agencies includes a sum which can be identified as in fact intended as payment of a locally administered tax which should have been paid directly to a city, city and county, county or district within the state, the state or its agency may pay the amount to the local government entitled thereto and notify the payor of its action. This procedure, however, shall not be followed by the state or any of its agencies unless the governing body of the local government concerned has, by resolution, agreed with respect to such payments that a timely payment received by the state or its agency will be regarded as a timely payment to the local government concerned, and that it will process all claims with respect to such payment in the same manner as though the payment had been made to it in the first instance.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Certain state agencies presently lack authorization to transmit moneys they have received to the local governments to which such moneys are properly owing and which are in urgent need thereof.

CHAPTER 3

An act to add Section 25413.6 to the Education Code, relating to school district governing boards, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor January 31, 1969. Filed with Secretary of State January 31, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 25413.6 is added to the Education Code, to read:

25413.6. It is the intent and purpose of the Legislature, by this section, to make more particular provision concerning the election specified in Section 25413.2 of governing board members of a junior college district.

After the effective date of this section, each candidate for the positions to be filled may file a statement indicating his present occupational designation, in not more than three words, or his office in accordance with the provisions of subdivision (a) of Section 10219 of the Elections Code, to be placed on the ballot. Such statement shall be on a form provided by the city clerk or other person conducting the election. The statement shall be filed with the city clerk or other person conducting the election not later than the day prior to the last day upon which the city clerk or other person conducting the elec-

tion may certify the nomination papers of candidates and the statement shall be filed under penalty of perjury. The city clerk or other person conducting the election shall not be required to verify a candidate's occupational designation against his affidavit of registration.

This provision of this section shall remain in effect until July 1, 1969, and shall have no force or effect thereafter.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

An election for the governing board of the Los Angeles Junior College District is slated for April 1, 1969. In view of the numerous candidates for the positions to be filled and the nearness of the election date, special measures must be undertaken immediately to permit such an important election to be conducted more efficiently and effectively. It is therefore necessary that this act take immediate effect.

CHAPTER 4

An act to amend Sections 43072, 51334, 51502, and 51504 of the Government Code, relating to property taxation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor February 3, 1969. Filed with Secretary of State February 3, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 43072 of the Government Code is amended to read:

43072. (a) For the fiscal year in which a city avails itself of the general laws relative to the assessment or collection, or both, of city taxes by county officials, and for each succeeding fiscal year, the city council may levy a rate of tax for any purpose for which a maximum rate is specified by law up to an amount that exceeds such maximum rate in the proportion that the total assessed valuation on the entire city roll used in the fiscal year immediately preceding the year for which the city availed itself of the county tax assessing or collecting services, or both, exceeded the total assessed valuation of the property within the city on the entire county roll for the same year. The maximum rate of indebtedness provided for in Section 43605 shall be increased in the same proportion.

(b) In addition to the increase in tax rates authorized by subdivision (a), for any fiscal year subsequent to the fiscal year in which a city availed itself of the general laws relative to the assessment or collection, or both, of city taxes by county officials, and for each succeeding fiscal year, the city

council may levy a rate of tax for any purpose for which a maximum tax rate is specified by law up to an amount that exceeds such maximum tax rate in the proportion that the total assessed valuation of property within the city on the local roll is reduced by county officials from the total assessed valuation of property within the city on the local roll used in the immediately preceding fiscal year.

SEC. 2. Section 51334 of the Government Code is amended to read:

51334. City functions relating to the assessment of property for taxation, the collection of taxes levied for municipal purposes, the collection of assessments, and the sale of property for the nonpayment of taxes or assessments, may be transferred pursuant to this article. Where a city transfers the assessment function to a county it may request the county to prepare only a secured roll in the first year of transfer and thereafter both the secured and unsecured rolls. Where a city which has been collecting taxes upon a calendar-year basis transfers such function to a county under this article, said collection by the county shall be continued upon such calendar-year basis.

SEC. 3. Section 51502 of the Government Code is amended to read:

51502. A certified copy of the ordinance transferring the duties of the assessor and tax collector shall be filed with the county auditor on or before the first Monday of the February following the adoption of the ordinance or a later date acceptable to the county board of supervisors.

SEC. 4. Section 51504 of the Government Code is amended to read:

51504. All assessments made by the county assessor and equalized or corrected by the board of supervisors or State Board of Equalization shall be the basis for levying city taxes. In the first year that a city uses county values in the preparation of its roll it may independently assess property on the unsecured roll.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Under Section 1d added to Article XIII, California Constitution, by vote of the people on November 5, 1968, and Chapter 1, Statutes of 1968, First Extraordinary Session, a person who receives the veterans' exemption for his dwelling on either the city or the county assessment roll is not eligible for the homeowners' exemption on that dwelling. There may be some city assessors who assess property at a higher level of value than the level of assessed to full cash value on the county roll. Hence, some persons who are entitled to the veterans' exemption will receive neither that exemption nor the homeowners' exemption for their dwelling on the city roll because

they will receive the veterans' exemption on the county roll. If a city is permitted to use the county roll as provided in this act the situation described in the preceding sentence will not occur and there will be eliminated the administrative confusion and the duplication of effort involved when a taxpayer would otherwise be required to file four separate claim forms, namely, the veterans' exemption claim and the homeowners' claim with both the city assessor and the county assessor. The first date for filing the claim forms is March 1, 1969. It is, therefore, necessary that this act go into immediate effect.

CHAPTER 5

An act to add Section 20020.6 to the Government Code, relating to the Public Employees' Retirement System, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor February 6, 1969 Filed with Secretary of State February 6, 1969]

The people of the State of California do enact as follows:

SECTION 1. Section 20020.6 is added to the Government Code, to read:

20020.6. "Local policeman" shall also include any officer or employee of a contracting agency which is a city and county, in any employment in which he was a law enforcement member as defined by Section 20017.76 at the time of the assumption by the city and county of the function in which he was employed.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to continue membership of harbor police members employed by the San Francisco Port Authority in the Public Employees' Retirement System, as contemplated by the Burton Act, on and after February 7, 1969, the effective date of transfer of the port to the City and County of San Francisco, it is necessary that this act go into effect immediately.

CHAPTER 6

An act making an appropriation to the Department of Aeronautics for navigational facilities in the Owens Valley, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor February 18, 1969 Filed with Secretary of State February 18, 1969.]

The people of the State of California do enact as follows:

SECTION 1. The sum of fifteen thousand dollars ($15,000) of the appropriation made by Item 230.5, Budget Act of 1968, is hereby reappropriated to the Department of Aeronautics for the purchase, placement and operation of navigational facilities in the Owens Valley.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that the necessary funds be available for the purchase of navigational facilities in March 1969 to establish a VOR in the Owens Valley to reduce the hazards of flying, it is necessary that this act go into immediate effect.

CHAPTER 7

An act to establish procedures for the assessment of open-space lands, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor February 25, 1969. Filed with Secretary of State February 25, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Notwithstanding any other provision of law to the contrary, the assessment procedures specified under Section 423 of the Revenue and Taxation Code shall be effective with respect to land subject to taxation for the 1969–1970 fiscal year, if such land is subject to an instrument meeting the requirements of Section 422 of the Revenue and Taxation Code and such instrument is signed and recorded on or before May 15, 1969.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Some counties and cities have inadvertently failed to file the instruments reflecting the true status of property as being eligible for the assessment authorized by the Constitution for open-space lands, and in some cases negotiations to sign such instruments were not completed by the lien date in 1969. As a result, some individuals now are confronted with obligations which, if met, will substantially impair their ability to function effectively. This act will remedy the situation by, in effect, removing the procedural bar to the proper valuation of such property for tax purposes. In so doing, the public policy of the state as expressed in the Constitution will be entirely fulfilled and the state as a whole will benefit.

CHAPTER 8

An act making an appropriation for the California State Colleges, in augmentation of Item 99 of the Budget Act of 1968, to take effect immediately.

[Approved by Governor March 6, 1969 Filed with Secretary of State March 6, 1969]

The people of the State of California do enact as follows:

SECTION 1. There is hereby appropriated from the General Fund in the State Treasury the sum of nine hundred thousand dollars ($900,000) to the California State Colleges in augmentation of Item 99 of the Budget Act of 1968, subject to Section 31.5 of the Budget Act of 1968, for increased support necessary to enable the Trustees of the California State Colleges to provide for the acceptance of as many qualified students as feasible by the several state colleges. The Legislature intends that three hundred twenty-five thousand dollars ($325,000) of this appropriation is for reimbursement of California state college student fee revenues previously utilized for instructional purposes

SEC. 2. This act makes an appropriation for the usual current expenses of the state within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 9

An act to amend Sections 1203.4a and 1269b of the Penal Code and to amend Sections 2504, 25262, 27156, 31401 as added by Chapter 1019 of the Statutes of 1968, 34506, and 40000 of, and to repeal Section 16109 of, the Vehicle Code, relating to infractions, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 6, 1969 Filed with Secretary of State March 6, 1969]

The people of the State of California do enact as follows:

SECTION 1. Section 1203.4a of the Penal Code is amended to read:

1203.4a. (a) Every defendant convicted of a misdemeanor and not granted probation shall, at any time after the lapse of one year from the date of pronouncement of judgment, if he has fully complied with and performed the sentence of the court, is not then serving a sentence for any offense and is not under charge of commission of any crime and has, since such pronouncement of judgment, lived an honest and upright life and has conformed to and obeyed the laws of the land, be permitted by the court to withdraw his plea of guilty or nolo contendere and enter a plea of not guilty; or if he has been con-

victed after a plea of not guilty, the court shall set aside the verdict of guilty; and in either case the court shall thereupon dismiss the accusatory pleading against such defendant, who shall thereafter be released from all penalties and disabilities resulting from the offense of which he has been convicted. The defendant shall be informed of the provisions of this section, either orally or in writing, at the time he is sentenced. The defendant may make such application and change of plea in person or by attorney, or by the probation officer authorized in writing; provided, that in any subsequent prosecution of such defendant for any other offense, such prior conviction may be pleaded and proved and shall have the same effect as if relief had not been granted pursuant to this section.

This subdivision applies to convictions which occurred before as well as those occurring after, the effective date of this section.

(b) Subdivision (a) of this section shall not apply to any misdemeanor falling within the provisions of subdivision (b) of Section 42001 of the Vehicle Code or to any infraction.

SEC. 2. Section 1269b of the Penal Code is amended to read:

1269b. The officer in charge of a jail wherein an arrested person is held in custody and the clerk of the justice or municipal court of the judicial district in which the offense was alleged to have been committed and the clerk of the superior court in which the case against the defendant is pending shall have authority to approve and accept bail in such amount as fixed by the warrant of arrest or schedule of bail or order admitting to bail in cash or surety bond executed by a certified, admitted surety insurer as provided in the Insurance Code, to issue and sign an order for the release of the arrested person, and to set a time and place for the appearance of the arrested person before the appropriate court and give notice thereof, as follows:

(a) For appearance before the court of an arrested person who has been arrested for having committed a misdemeanor and is being held in custody prior to the filing of a formal complaint, and for appearance before the court of a defendant charged with a misdemeanor by a formal complaint filed in the court. If a defendant has appeared before a judge of the court on the charge contained in the complaint the bail shall be in the amount fixed by such judge at the time of such appearance; if no such appearance has been made the bail shall be in the amount fixed in the warrant of arrest or, if no warrant of arrest has been issued, the amount of bail shall be pursuant to a schedule of bail in such case previously fixed and approved by the judge or judges of the court of the judicial district in which the offense is alleged to have been committed.

(b) For appearance before the court of a defendant charged with a felony by a formal complaint filed in court. If a defendant has appeared before a judge of the court on the

charge contained in the complaint, the bail shall be in the amount fixed by such judge at the time of such appearance; if no such appearance has been made the bail shall be in the amount fixed in the warrant of arrest.

(c) It is the duty of the municipal and justice court judges in each county to prepare and adopt, by a majority vote, a schedule of bail for all misdemeanor and infraction offenses. It shall contain a list of such offenses and the amounts of bail applicable thereto as the judges determine to be appropriate. If the schedule does not list all misdemeanor and infraction offenses specifically, it shall contain a general clause for misdemeanors and a separate one for infractions providing for designated amounts of bail as the judges of the county determine to be appropriate for all such offenses not specifically listed in the schedule. The schedule of bail may be revised from time to time by the judges of the county, and the senior judge at each county seat shall call not more than two or less than one meeting each year of all municipal and justice court judges in the county for the purpose of establishing or revising a countywide uniform bail schedule. A copy of the schedule shall be sent to the officer in charge of the county jail and to the officer in charge of each city jail within the county.

Upon posting such bail the defendant or arrested person shall be discharged from custody as to the offense on which the bail is posted.

All money and surety bonds so deposited with such officer shall be transmitted immediately to the judge or clerk of the court by which the order was made or warrant issued or bail schedule fixed.

If a defendant or arrested person so released fails to appear at the time and in the court so ordered upon his release from custody, the court before which he was ordered to appear may forfeit the cash bail or surety bond, with or without issuing a warrant, and if the bail is a surety bond the surety company is obligated as provided by Section 1306 of the Penal Code, subject to the right of the court to set aside the forfeiture as provided by law.

(d) For the appearance before the proper court of a person who has been arrested for an offense on a warrant issued in a county of this state other than the county where such person is held in custody.

25262. An armored car may be equipped with red lights which may be used while resisting armed robbery. At all other times the red lights shall not be lighted. The authority to use

red lights granted by this section does not constitute an armored car an authorized emergency vehicle, and all other provisions of this code applicable to drivers of vehicles apply to drivers of armored cars.

SEC. 6. Section 27156 of the Vehicle Code is amended to read:

27156. No person shall operate or leave standing upon any highway any motor vehicle which is required to be equipped with a certified motor vehicle pollution control device under Chapter 4 (commencing with Section 39080) of Part 1 of Division 26 of the Health and Safety Code or any other certified motor vehicle pollution control device required by any other state law or any rule or regulation adopted pursuant to such law, unless the motor vehicle is equipped with the required motor vehicle pollution control device which is correctly installed and in operating condition. (1) Any motor vehicle or class of motor vehicles exempted by the board.

(2) Any motor-driven cycle, implement of husbandry or vehicle which qualifies for special plates under Section 5004 of the Vehicle Code.

(f) The provisions of subdivisions (c) and (d) shall not be applicable in any district activated after July 1, 1959, so as to be able to perform its functions unless the board of supervisors of each county in which the district is situated adopts a resolution based upon its finding that subdivisions (c) and (d) are necessary to the preservation of air quality within that district; nor shall the provisions of subdivisions (c) and (d) be applicable in any county situated within a multicounty district formed prior to July 1, 1959, which county is adjacent to a district activated prior to January 1, 1960, unless the board of supervisors in such county adopts a resolution based upon its finding that subdivisions (c) and (d) are necessary to the preservation of air quality within that county.

(g) Every 1968 year model passenger vehicle, except motorcycles, subject to registration and first sold and registered in this state shall be equipped with a certified device or devices to control emission of pollutants from the crankcase and exhaust. Notwithstanding any other provision of this section or of Article 5 (commencing with Section 39175) of this chapter, the board may only grant an exemption for not to exceed 1 percent of a manufacturer's passenger vehicle sales in California in the preceding model year.

(h) Every 1967 year model commercial motor vehicle under 6,001 pounds manufacturer's maximum gross vehicle weight rating subject to registration and first sold and registered in this state shall be equipped with a certified device or devices to control emission of pollutants from the crankcase and exhaust.

(i) The provisions of subdivisions (c) and (d) of this section shall not be applicable to motor vehicles registered to an owner whose residence is in an area, designated pursuant to this subdivision, of any county having an area in excess of 7,000 square miles in which an air pollution control district consisting of a single county may function and exercise its powers and within 60 days after the effective date of this section the board of supervisors of such county has classified the county into two areas because of substantial geographic and climatic differences between the two areas, and within 60 days after the effective date of this section the board of supervisors of the county has found that within one of such areas, designated by the board, the equipment of motor vehicles with devices to control the emission of pollutants is unnecessary for the preservation of air quality within that area.

(j) Notwithstanding any provision of subdivision (f), if after the effective date of this section subdivisions (c) and (d) are made applicable to a district or county in which subdivisions (c) and (d) are inapplicable under subdivision (f) on such effective date, subdivisions (c) and (d) shall not be applicable to any other district or county unless its governing

board adopts a resolution based upon its finding that subdivisions (c) and (d) are necessary to the preservation of air quality in such other district or county, as the case may be.

SEC. 2. Section 4000.2 of the Vehicle Code is amended to read:

4000.2. The department shall require upon registration of a vehicle previously registered outside this state, compliance with the provisions of subdivision (c) of Section 39129 of the Health and Safety Code, unless the vehicle is registered to an owner whose residence is in a county, district, or area described in subdivision (f), (i), or (j) of Section 39129.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that the application of motor vehicle pollution control requirements to motor vehicles previously registered outside this state may be clarified and the health and safety of the people of this state more adequately protected from the adverse effects of motor vehicle pollution, it is imperative that this act go into immediate effect.

CHAPTER 12

An act to amend Section 9997 of the Business and Professions Code, relating to employment agencies, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 12, 1969. Filed with Secretary of State March 12, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 9997 of the Business and Professions Code is amended to read:

9997. The director shall charge the following fees:

(a) A filing fee which shall be set by the director at not less than twenty-five dollars ($25) nor more than fifty dollars ($50) for each new application for license.

(b) A filing fee which shall be set by the director at not less than twenty-five dollars ($25) nor more than one hundred dollars ($100) for each new application for a branch office license.

(c) A filing fee which shall be set by the director at not less than twenty-five dollars ($25) nor more than fifty dollars ($50) for application for examination or reexamination.

(d) A filing fee which shall be set by the director at not less than twenty-five dollars ($25) nor more than fifty dollars ($50) for application to transfer or assign a license.

(e) An annual license fee which shall be set by the director at not less than one hundred dollars ($100) nor more than two

hundred dollars ($200) for an employment agency license, except that the annual license fee for an employment agency engaged exclusively in the business of procuring babysitting employment for others shall be set by the director at not less than fifty dollars ($50) nor more than seventy-five dollars ($75).

(f) An annual license fee which shall be set by the director at not less than twenty-five dollars ($25) nor more than one hundred dollars ($100) for license of each branch office, except that the annual license fee for each branch office license for an employment agency engaged exclusively in the business of procuring babysitting employment for others shall be set by the director at not less than twenty-five dollars ($25) nor more than thirty-eight dollars ($38).

(g) An interim employment agency license fee which shall be set by the director at not less than fifty dollars ($50) nor more than one hundred dollars ($100).

(h) A reinstatement fee of two hundred dollars ($200), in addition to the current renewal fee, to reinstate a license revoked or suspended.

No fees shall be prorated for the unexpired portion of the license year.

The fees shall be set by the director within the limits prescribed by this section in such amounts as he determines will be reasonably necessary to provide only sufficient revenue for the administration and enforcement of this chapter.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such emergency are:

Section 9997 of the Business and Professions Code in its present form fixes the license fees payable by employment agencies in precise amounts which may not be reduced by administrative action. As so fixed, these fees are producing more revenue than is necessary for the support of the licensing program. This act establishes a range within which the regulatory authority may set fees according to need, which will permit fees to be reduced at the present time. In order that the benefits of this reduction will be available for the license year which commences April 1, 1969, it is necessary that this act go into immediate effect.

All acts and proceedings heretofore taken by or on behalf of any public body under any law, or under color of any law, for the authorization, issuance, sale, or exchange of bonds of any such public body for any public purpose are hereby confirmed, validated, and declared legally effective. This shall include all acts and proceedings of the governing board of such public body and of any person, public officer, board or agency heretofore done or taken upon the question of the authorization, issuance, sale, or exchange of such bonds

SEC. 6. (a) The foregoing provisions of this act shall operate to supply such legislative authorization as may be necessary to validate any such acts and proceedings heretofore taken which the Legislature could have supplied or provided for in the law under which such acts or proceedings were taken.

(b) The foregoing provisions of this act shall be limited to the validation of acts and proceedings to the extent to which the same can be effectuated under the State and Federal Constitutions.

(c) The foregoing provisions of this act shall not operate to confirm, validate, or legalize any act, proceeding, or other matter the legality of which is being contested or inquired into in any legal proceeding now pending and undetermined or which may be pending and undetermined during the period of 30 days from and after the effective date of this act, and shall not operate to confirm, validate, or legalize any act, proceeding, or other matter which has heretofore been determined in any legal proceeding to be illegal, void or ineffective.

(d) This act shall not operate to confirm, validate, or legalize a contract between any district and the United States.

SEC. 7. SEC. 11. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The peace, health and safety of the citizens of the state require the orderly and unhampered functioning of public bodies and such functioning depends upon the validity of the organization, boundaries, and governing officers or boards of public bodies, and upon the validity of acts, proceedings, and bonds of public bodies, and it is therefore imperative and essential that such matters be validated so that during the period before this act would otherwise become effective:

(1) Citizens of the state can be afforded the protection of the police, fire, safety, sanitary, and other regulations and protections provided by public bodies;

(2) Public works and construction by public bodies can be commenced and continued without delay or restriction, to provide sewers, waterworks, schools, storm drains, flood control works, sanitary facilities, electric and other utility works, fire-

houses and facilities, police stations and facilities, streets, hospitals, and other works, structures, improvements, and facilities required for the public peace, health and safety, and immediately needed to provide for an increased population;

(3) Public bodies can issue and sell bonds heretofore authorized for the purpose of providing sewers, waterworks, schools, storm drains, flood control works, sanitary facilities, electric and other utility works, firehouses and facilities, police stations and facilities, streets, hospitals, and other works, structures, improvements, and facilities required for the public peace, health and safety and immediately needed to provide for an increased population, which cannot now be sold because of defects in the organization or boundaries of some public body or in the authorization of such bonds, which defects will be cured by this act.

CHAPTER 14

An act to amend Sections 11731 and 11751 of the Water Code, relating to the Central Valley Project, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 17, 1969. Filed with Secretary of State March 17, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 11731 of the Water Code is amended to read:

11731. The department shall determine the interest rate on the bonds. The rate shall not exceed 6½ percent per annum.

SEC. 2. Section 11751 of the Water Code is amended to read:

11751. Bonds may be sold below the par or face value thereof, but the sale price shall not be less than that which will yield the purchaser not to exceed 6½ percent per annum according to standard tables of bond values, and the sale price shall include the interest which has accrued thereon up to the date of delivery of the bonds.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

An increase in the permissible interest rate on Central Valley Project revenue bonds from 5½ percent to 6½ percent is necessary in order to permit such bonds to be sold under present bond market conditions. Funds from such revenue bonds are needed to insure the completion of the State Water Facilities presently under construction. As such facilities must be completed at the earliest possible time, it is necessary that this act go into immediate effect.

CHAPTER 15

An act making an appropriation for the University of California, in augmentation of subdivision (z) of Item 324 of the Budget Act of 1968, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 18, 1969. Filed with Secretary of State March 18, 1969.]

The people of the State of California do enact as follows:

SECTION 1. There is hereby appropriated from the Capital Outlay Fund for Public Higher Education in the State Treasury the sum of one hundred fifty-eight thousand dollars ($158,000) to the University of California in augmentation of subdivision (z) of Item 324 of the Budget Act of 1968, to construct alterations at Hastings College of the Law.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Alterations of the facilities at Hastings College of the Law are immediately needed in order for the school to continue to provide the outstanding legal education for which it has received international fame and acclaim. Therefore, it is necessary that this act take immediate effect.

CHAPTER 16

An act relating to state school building aid, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 24, 1969. Filed with Secretary of State March 24, 1969.]

The people of the State of California do enact as follows:

SECTION 1. (a) In the event the board of supervisors failed in the fiscal year 1968–1969 to levy a tax upon the property in a school district sufficient to raise for the district the amount of money to be withheld by the State Controller during the fiscal year 1968–1969, as required by Sections 19443 and 19619 of the Education Code, and in the event the county auditor certifies that fact and the amount of such insufficiency to the State Controller, that officer shall reduce the total amount of the deductions from apportionments to be made to that district pursuant to Sections 19436 and 19611 of the Education Code for the 1968–1969 fiscal year by the amount of such insufficiency.

(b) For the fiscal year 1968–1969 the apportionments from the State School Fund for any district which is subject to

subdivision (a) shall be increased by an amount equal to the total amount of deductions made pursuant to Sections 19436 and 19611 during the 1968–1969 fiscal year.

(c) For the fiscal year 1969–1970 the State Controller shall add to the amounts to be deducted under Sections 19436 and 19611 of the Education Code the amounts of any reductions in any such deductions effected during the fiscal year 1968–1969, pursuant to subdivision (a) plus an amount equal to 5 percent of such deductions.

SEC. 2. This act is an urgency measure necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

By reason of clerical error there was a failure to levy a tax, for at least one school district, sufficient to provide the full amount of the 1968–1969 annual repayments of apportionments made under the State School Building Aid Law of 1949 and State School Building Aid Law of 1952. If this act were not to take effect immediately, the State Controller would be required by Sections 19436 and 19611 of the Education Code to deduct the total amount of the annual repayment for such district in equal amounts from the February through May installments of the apportionments to be made to the district from the State School Fund, which would seriously deplete the general fund of such district and would have its consequent effect upon the educational opportunities afforded to the children of the district.

CHAPTER 17

An act to add Section 6301.5 to the Business and Professions Code, relating to law libraries.

[Approved by Governor March 24, 1969. Filed with Secretary of State March 24, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 6301.5 is added to the Business and Professions Code, to read:

6301.5. In any county in which a municipal court has not been established and in which there is no county bar association, if the board of supervisors determines that there is not a sufficient number of members of the State Bar residing, and with their principal places of office for the practice of law, in the county eligible for appointment to the board of library trustees by the board of supervisors pursuant to subdivision (d) of Section 6301 for the constitution of a five-member board of library trustees, the board of library trustees may consist of not less than three members.

CHAPTER 18

An act to amend Section 31054 of the Water Code, relating to county water districts.

[Appoved by Governor March 25, 1969 Filed with Secretary of State March 25, 1969]

The people of the State of California do enact as follows:

SECTION 1. Section 31054 of the Water Code is amended to read:

31054. No publicly owned utility shall commence to provide any water service for, on, or to any land within a county water district which is subject to a lien of an indebtedness arising under any contract between the district and the United States of America incurred or contracted by the district for the purpose of providing water service, provided two-thirds of the voters voting at an election within the district have approved the incurrence of the indebtedness and, provided further, that the district has water available and is ready, able, and willing to serve such land.

However, a publicly owned utility may commence to provide service, otherwise prohibited, upon either of the following conditions:

(a) If the board of directors of such a county water district shall by resolution permit such service; or

(b) In any portion of such a county water district proposed to be served by the publicly owned utility in which the total number of registered voters residing therein exceeds 200, and in which at least a majority of the voters voting on the proposition shall have voted at a special county water district election to permit such service within that portion of the district. The election shall be called and held within that portion of the district as an initiative measure pursuant to Section 30830.

CHAPTER 19

An act to amend Section 20012 of the Vehicle Code, relating to accident reports.

[Approved by Governor March 27, 1969 Filed with Secretary of State March 27, 1969]

The people of the State of California do enact as follows:

SECTION 1. Section 20012 of the Vehicle Code is amended to read:

20012. All required accident reports, and supplemental reports, shall be without prejudice to the individual so reporting and shall be for the confidential use of the Department of Motor Vehicles and the Department of the California Highway Patrol, except that the Department of the California

Highway Patrol or the law enforcement agency to whom the accident was reported shall disclose the entire contents of the reports, including, but not limited to, the names and addresses of persons involved in, or witnesses to, an accident, the registration numbers and descriptions of vehicles involved, the date, time and location of an accident, all diagrams, statements of the drivers involved in the accident and the statements of all witnesses, to any person who may have a proper interest therein, including, but not limited to, the driver or drivers involved, or the legal guardian thereof, the parent of a minor driver, the authorized representative of a driver, or to any person injured therein, the owners of vehicles or property damaged thereby, persons who may incur civil liability, including liability based upon a breach of warranty arising out of the accident, and any attorney who declares under penalty of perjury that he represents any of the above persons.

CHAPTER 20

An act to add Section 43015 to the Government Code and Section 155.15 to the Revenue and Taxation Code, relating to property taxation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 27, 1969. Filed with Secretary of State March 27, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 155.15 is added to the Revenue and Taxation Code, to read:

155.15. Notwithstanding anything in this code to the contrary, the board of supervisors may, by ordinance, provide that every person who at 12:01 a.m. on the first day of March, 1968, was the owner of, or had in his possession, or under his control, any taxable property, or who acquired such property after March 1, 1968, and is liable for the taxes thereon for the 1968–1969 fiscal year, which property was thereafter damaged or destroyed, without his fault, by a major misfortune or calamity, prior to April 1, 1969, in an area or region subsequently proclaimed by the Governor to be in a state of disaster, if such property was damaged or destroyed by the major misfortune or calamity which caused the Governor to proclaim the area or region to be in a state of disaster, may, within the time specified in the ordinance, make application for reassessment of such property and deliver to the assessor a written statement showing the condition and value, if any, of the property immediately after the damage or destruction, which damage must be shown therein to be in excess of one thousand dollars ($1,000). If no such application is made and the county assessor determines that the full cash value of such

property for the 1969–1970 assessment year is reduced from the full cash value of such property for the 1968–1969 assessment year by more than one thousand dollars ($1,000) due to the damage or destruction caused by the major misfortune or calamity, the assessor shall notify the property owner that the property will be reassessed. The assessor shall assess the property, or reassess it if it has already been assessed, according to the condition and value immediately after the damage or destruction, and the assessor, if he reassesses the property, shall transmit to the local board of equalization a description of the property so reassessed, the name of the person making the application in connection with the property, if any, or the name of the property owner notified of the reassessment, and the value of the property as so reassessed. Upon such notice as it may find to be proper, the local board of equalization shall equalize any such assessment or reassessment.

The tax rate fixed for property on the roll on which the property so assessed appears or the property so reassessed appeared at the time of its original assessment shall be applied to the amount of the equalized assessment or reassessment determined in accordance with the preceding paragraph. In the event that the resulting figure is less than the tax theretofore computed, the tax shall be determined as follows:

(a) With respect to property on the secured roll, two-thirds of the tax due on the property as originally assessed at the rate established for property on the secured roll for the 1968–1969 fiscal year shall be paid; plus

(b) One-third of tax due on the property as reassessed in its damaged or destroyed condition at the rate established for property on the secured roll for the 1968–1969 fiscal year shall be paid.

Any tax paid in excess of the total tax due shall be refunded to the taxpayer pursuant to Chapter 5 (commencing with Section 5096) of Part 9 of this division, as an erroneously collected tax.

(c) With respect to real property or improvements or both on the unsecured roll, he shall be liable for two-thirds of the tax computed on the original assessment of the real property or improvements or both and one-third of the tax computed on the reassessment of the real property or improvements or both. Any difference between the tax as computed on the original assessment and two-thirds of the tax computed on the original assessment plus one-third computed on the reassessment shall be refunded to the taxpayer pursuant to Chapter 5 (commencing with Section 5096) of Part 9 of this division, as an erroneously collected tax.

This section applies to all counties, whether operating under a charter or under the general laws of this state.

SEC. 2 Section 43015 is added to the Government Code, to read:

43015. Notwithstanding any other provision of law, the legislative body of a chartered city which assesses and collects

its own property taxes may, by ordinance, provide that every person who at 12.01 a.m. on the first day of March, 1968, was the owner of, or had in his possession or under his control, any taxable property, or who acquired such property after March 1, 1968, and is liable for the taxes thereon for the 1968–1969 fiscal year, which property was thereafter damaged or destroyed, without his fault, by a major misfortune or calamity prior to April 1, 1969, in an area or region subsequently proclaimed by the Governor to be in a state of disaster, if such property was damaged or destroyed by the major misfortune or calamity which caused the Governor to proclaim the area or region to be in a state of disaster, may, within the time specified in the ordinance, make application for the reassessment of such property and deliver to the assessing official of the city a written statement showing the condition and value, if any, of the property immediately after the damage or destruction, which damage must be shown thereon to be in excess of one thousand dollars ($1,000). If no such application is made and the county assessor determines that the full cash value of such property for the 1969–1970 assessment year is reduced by more than one thousand dollars ($1,000) from the full cash value of the property for the 1968–1969 assessment year due to the damage or destruction caused by the major misfortune or calamity, the assessor shall notify the property owner that the property will be reassessed. The assessor shall assess the property, or reassess it if it has already been assessed, according to the condition and value immediately after the damage or destruction, and the assessor, if he reassesses the property, shall transmit to the local board of equalization a description of the property so reassessed, the name of the person making the application in connection with the property, if any, or the name of the property owner notified of the reassessment, and the value of the property as so reassessed. Upon such notice as it may find to be proper, the local board of equalization shall equalize any such assessment or reassessment.

The tax rate fixed for property on the roll on which the property so assessed appears or the property so reassessed appeared at the time of its original assessment shall be applied to the amount of the equalized assessment or reassessment determined in accordance with the preceding paragraph. In the event that the resulting figure is less than the tax theretofore computed, the tax shall be determined as follows:

[Approved by Governor March 27, 1969. Filed with Secretary of State March 27, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 11052.5 of the Welfare and Institutions Code is amended to read:

11052.5. No applicant shall be granted public assistance until he is first personally interviewed by the office of the county department or state staff for patients in state hospitals. Such personal interview shall be conducted promptly following the application for assistance. If an applicant is incapable of acting in his own behalf, the county department shall verify this fact by personal contact with the applicant before aid is authorized. As used in this section, the term public assistance does not include health care as provided by Chapter 7 (commencing with Section 14000) of Part 3 of Division 9 of this code.

The provisions of this section shall not apply to recipients of aid to the aged provided by Chapter 3 (commencing with Section 12000) of Part 3, Division 9, of this code.

The interview conducted pursuant to this section shall occur within seven days after the time of application unless there are extenuating circumstances which justify further delay.

SEC. 2. Section 13921 of the Welfare and Institutions Code is amended to read:

13921. The Human Relations Agency shall, by regulation, establish standards including rate schedules for specialized out-of-home care. Rate schedules may be in the form of payments to facilities as specified in Section 13932, authorizing the department to provide for payments to be made in behalf of or services to be rendered for recipients of aid. Rate schedules shall establish separate rates for board and room and for the specialized care component.

The Secretary of the Human Relations Agency shall develop an overall plan which integrates the system of out-of-home nonmedical care facility services covered by the provisions of this chapter with the system of medical care facility services covered by the provisions of Chapter 7 (commencing with Section 14000) of Part 3 of Division 9 of this code. The purpose of such overall plan shall be to maintain an appropriate balance between nonmedical and medical facilities to the end that recipients of public assistance or persons otherwise defined as needy by the provisions of this code are given the care they require at the lowest possible cost.

The plan established by the Secretary of the Human Relations Agency pursuant to this section may include the use of an interdisciplinary review process to insure that persons are not placed or retained in medical care facilities when appropriate care can otherwise be provided at lower cost.

Nothing in this article shall be interpreted to preclude any facility licensed under the provisions of Chapter 2 (commencing with Section 1400) of Division 2 of the Health and Safety Code, or under the provisions of Chapter 1 (commencing with Section 6200) of Part 2 of Division 6 of this code from provid-

SEC. 3. Section 14000 of the Welfare and Institutions Code is amended to read:

14000. The purpose of this chapter is to afford health care and related remedial or preventive services to recipients of public assistance and to medically indigent aged and other persons, including related social services which are necessary for those receiving health care under this chapter.

The intent of the Legislature is to provide, to the extent practicable, through the provisions of this chapter, for health care for those aged and other persons, including family persons who lack sufficient annual income to meet the costs of health care, and whose other assets are so limited that their application toward the costs of such care would jeopardize the person or family's future minimum self-maintenance and security. It is intended that whenever possible and feasible:

(a) Such care shall, to the extent feasible, be provided through a system of prepaid health care or contracts with carriers.

(b) The means employed shall be such as to allow eligible persons to secure health care in the same manner employed by the public generally, and without discrimination or segregation based purely on their economic disability.

(c) The benefits available under this chapter shall not duplicate those provided under other federal or state laws or under other contractual or legal entitlements of the person or persons receiving them.

(d) In the administration of this chapter and in establishing the means to be used, the department shall give due consideration to the appropriate organization and to the ready accessibility and availability of the facilities and resources for health care to persons eligible under this chapter.

(e) In providing benefits under this chapter by contracts with carriers the department may contract with one or more carriers to provide all or any portion of such benefits whereby the carrier provides a program underwriting the risk involved. Such contracts may provide benefits on the basis of the class of recipient, class of benefit, geographical area, or any other reasonable classification.

(f) In providing benefits under this chapter the department may contract with carriers or other organizations to establish pilot programs to provide health care services in the most efficient manner possible. Such programs shall demonstrate different methods of providing health care services and shall emphasize methods of utilization, review and preventive care, and shall provide incentives for using the most economical level of care. Such programs may provide benefits on the basis of class of recipient, class of benefit, geographical area, or any other reasonable classification. Any contracts entered into under Section 14104 shall not interfere or conflict with pilot programs established pursuant to this subdivision,

1. Will take such action as may be necessary to assure that, where payment under this chapter for a service is on a cost basis, the cost is reasonable, as referred to in subdivision (b) of Section 14104.

2. Will take such action as may be necessary to assure that where payment under this chapter is on a charge basis, such charge will be reasonable and not higher than the charge applicable for a comparable service and under comparable circumstances to the policyholders and subscribers of the carrier, and such payment will be made on the basis of a receipted bill, or on the basis of an assignment under the terms of which the reasonable charge is the full charge for the service.

3. Will, in the case of a contract with a carrier which, under contracts not affected by this chapter, limits the availability of services to a defined geographical area or areas, provide that the carrier will pay for necessary services furnished to any person who is covered by such contract and who receives such services outside such area or areas.

4. Will furnish to the director such timely information and reports as he may find necessary in performing his functions under this chapter.

5. Will maintain such records and afford such access thereto as the director finds necessary to assure the correctness and verification of the information and reports which may be required under paragraph (c)3 of this section.

6. Will make payment under this chapter promptly and in any event within 30 days from receipt by the carrier of proper evidence establishing the validity of the claim for payment.

In determining the reasonable charge for a physician's services, there shall be taken into consideration the customary charge for similar services generally made by the physician, as well as the prevailing charges in the locality for similar services.

(d) Each such contract shall provide that the carrier or plan will not charge to any family person or adult defined in Article 2 (commencing with Section 14050) of this chapter, part or all of any enrollment fee, extra charges, or premiums for care provided under this chapter.

(e) Each such contract shall provide that the carrier or plan will agree to provide such services as defined by the department without reference to the race, religion, creed, color, national origin or ancestry, or age of any person eligible under the provisions of this chapter

(f) Consistent with the efficient and economical administration of this chapter, at least one arrangement available to all recipients and medically indigent persons shall afford free

choice among physicians, pharmacists, and pharmacies willing to provide services under the terms of a contract entered into pursuant to this section.

(g) In the consideration of proposals for contracts with carriers under this chapter, the department shall, for comparative purposes, deduct from the total cost proposed by any carrier the amount of tax which that carrier would be required to pay under Part 7 (commencing with Section 12001) of Division 2 of the Revenue and Taxation Code computed on the basis of the net rate of tax, after deductions, which would have applied to such carrier for the preceding calendar year, had the amount of anticipated premium under the proposed contract been added to its taxable premiums for such year.

Contracts awarded to carriers under this section shall be awarded on a bid basis, and before entering into a contract with any carrier, the director shall publish notice soliciting bids from carriers.

The director, at least once each year, shall report to the Joint Legislative Budget Committee actions taken by him in the awarding of contracts under this section, including, but not limited to, the number and types of bids submitted, the basis on which contracts were awarded, and, if a contract is awarded to other than the lowest bidder, the reason for such action.

SEC. 38. Section 14105 of the Welfare and Institutions Code is amended to read:

14105. The director shall prescribe the policies to be followed in the administration of this chapter and the scope of the services to be provided, and may limit the rates of payment for such services, and shall adopt such rules and regulations as are necessary for carrying out, not inconsistent with, the provisions thereof.

Such policies and regulations shall include rates for payment for services not rendered under a contract pursuant to Section 14104. Standards for costs shall be based on payments of the reasonable cost for such services.

Insofar as practical, consistent with the efficient and economical administration of this part, the department shall afford recipients of public assistance free choice of arrangements under which they shall receive health care.

In establishing the scope of services to be provided, the director shall provide for recipients at least for a minimum coverage as defined in Section 14056, and insofar as possible shall include other health care and related remedial or preventive services giving priority to those services which are considered to have the greatest value in preventing or reducing the likelihood of future high cost medical services.

Notwithstanding the provisions of the preceding paragraph, and in accordance with the intent of this chapter, the director, with respect to medically indigent persons, may limit, by ap-

propriate classifications, the number of medically indigent persons eligible, and may limit the scope and kinds of health care to which such persons are entitled, to the extent necessary to operate programs under this chapter within the limits of appropriated funds. When and if necessary, such action shall be taken by the director with the advice of the Health Review and Program Council and in ways consistent with the requirements of the Federal Social Security Act.

SEC. 39. Section 14106 of the Welfare and Institutions Code is amended to read:

14106. The director shall, with respect to carriers and with the advice of the Health Review and Program Council, adopt all necessary rules and regulations to carry out the provisions of this chapter, including, but not limited to, establishing the scope and content of health care, regulations fixing reasonable minimum standards for health benefits plans, regulations fixing the time, manner, methods and procedures for determining whether a contract with any plan shall be undertaken or withdrawn, and regulations pertaining to any other matters made necessary by the provisions of this chapter.

In adopting such rules and regulations, the director shall be guided by the needs of eligible persons as well as prevailing practices in the field of arrangements for health care.

The director shall terminate contracts with any carrier if he finds that the standards prescribed therefor are not being complied with, that claims accrued or to accrue will not be paid, or for other good cause shown. The director shall give reasonable notice of his intention to terminate the contract to any carrier, to eligible persons and others who may be directly interested, including such other persons and organizations as the director may deem necessary and proper. The notice shall state the effective date of, and the reason for, the termination.

SEC. 40. Section 14108.5 of the Welfare and Institutions Code is amended to read:

14108.5 The Legislature hereby declares its concern with the problems which will be facing the counties with respect to the medical care of indigent persons who are not covered under the Social Security Act or by this chapter and, except as provided in Section 14150.1, whose medical care must be financed entirely by the counties in a time of heavily increasing medical costs.

SEC. 41. Section 14109 of the Welfare and Institutions Code is amended to read:

14109. In determining the medical needs of any person 65 years of age or over, eligible under this chapter, and the amount of health care such person is entitled to receive, the department shall include the cost of any deductibles or, cost sharing or similar charge imposed in connection with benefits to which such person may be entitled under the federal program of health insurance for the aged.

SEC. 42. Section 14111 of the Welfare and Institutions Code is amended to read:

14111. The amount of benefit an eligible person is entitled to receive under this chapter shall be determined in accordance with standards established by the director which take into consideration the amount of income in excess of that required for maintenance plus his excess resources or a reasonable portion thereof as determined pursuant to the provisions of Section 14005.

SEC. 43. Section 14112 of the Welfare and Institutions Code is amended to read:

14112. Health care provided pursuant to this chapter shall not constitute a lien against the property of any recipient or medically indigent or other person eligible under this chapter.

SEC. 44. Section 14113 of the Welfare and Institutions Code is amended to read:

14113. The department shall enter into cooperative arrangements with the State Department of Mental Hygiene, the State Department of Public Health, and the Department of Rehabilitation, and any other state agency or department responsible for health or vocational rehabilitation services in the state to insure the appropriate utilization of such services in the provision of health care and related remedial services under this chapter.

SEC. 45. Section 14114 of the Welfare and Institutions Code is amended to read:

14114. The director may make available information, in such form as he may deem satisfactory, as will enable the eligible persons to exercise an informed choice among the health benefits plans which have been contracted for under this chapter. Each eligible person enrolled in a health benefits plan shall be issued an appropriate document setting forth or authorizing the services or benefits to which that person is entitled thereunder, the procedure for obtaining benefits, and the principal provisions of the plan affecting the eligible person.

The Health Review and Program Council shall provide for a continuing study of the quality of care and services resulting from the operation of this chapter and for surveys and reports on health care plans and benefits. With respect to such plans contracted for under this chapter, the council may contract with the State Department of Public Health for studies and reports of the experience of such plans as to the standards of care available to eligible persons, gross and net costs, administrative costs, benefits, utilization of benefits, the portion of actual personal expenditures of eligible persons for health care which are being met by prepaid benefits, and the methods of evaluating and improving the quality of, and controlling the costs of, health care provided under such contracts; provided, however, that this section shall not be construed to require any plan to provide accounting data or statistical data not required in the normal operation of the plan.

SEC. 46. Section 14115 of the Welfare and Institutions Code is amended to read:

14115. Bills for service under this chapter shall be submitted not more than two months after the month in which the service is rendered, and shall be in the form prescribed by the director, except that the director may, where he finds that the delay in the submission of bills was caused by circumstances beyond the control of the provider, extend this period for a period not to exceed one year.

SEC. 47. Section 14117 of the Welfare and Institutions Code is amended to read:

14117. (a) When benefits are provided to a beneficiary under this chapter because of an injury for which another person is civilly liable, the director shall have a right to recover from such person the reasonable value of the benefits so provided. The Attorney General, or counsel for the fiscal intermediary under the California Medical Assistance Program with the permission of the Attorney General, or a county through its civil legal advisor, may, to enforce such right, institute and prosecute legal proceedings against the third person who is liable for the injury in the appropriate court, either in the name of the director or in the name of the injured person, his guardian, personal representative, estate or survivors. Such action shall be commenced within the period prescribed in Section 340 of the Code of Civil Procedure. In the event that the injured person, his guardian, personal representative, estate, survivors, or either of them brings an action for damages against the third person who is liable for the injury, the director's right of action shall abate during the pendency of such action, and, notwithstanding Section 14112, continue as a first lien against any judgment recovered by the injured person, his guardian, personal representative, estate, or survivors, against the third person who is liable for the injury, to the extent of the reasonable value of the care and treatment so furnished or to be furnished.

(b) The director may (1) compromise, or settle and execute a release of, any such claim, or (2) waive any such claim, in whole or in part, for the convenience of the director, or if the director determines that collection would result in undue hardship upon the person who suffered the injury.

(c) No action taken in behalf of the director pursuant to this section shall be a bar to any action upon the claim or cause of action of the injured person, his guardian, personal representative, estate, dependents, or survivors against the third person who is liable for the injury, or shall operate to deny to the injured person the recovery for that portion of his damage not covered hereunder.

SEC. 48. Section 14119 of the Welfare and Institutions Code is amended to read:

14119. The director shall employ sufficient consultants to assure compliance with the provisions of this code and the regulations, and the protection of the best interests of the state,

and no county shall employ such consultants. However, if the director finds that it is not reasonable in specific cases to transfer to state employment a consultant employed by a county and that the consultant function is being performed according to statewide standards, he may authorize the county to continue to provide that particular consultant service.

As used in this section, a "consultant" means a person who reviews the procedures, charges and services of providers under this chapter, and who grants prior authorizations to providers.

SEC. 49. Section 14121 is added to the Welfare and Institutions Code, to read:

14121. Any recipient of health care under this chapter who is discharged from a hospital or nursing home, who meets the eligibility requirements for public assistance, and who otherwise has insufficient income to maintain himself, shall be granted aid immediately for the cost of his maintenance as determined by the standards set forth for such public assistance programs.

Any recipient of health care under this chapter who is discharged from a hospital or nursing home and who was a recipient of public assistance, shall be entitled to have his aid grant increased or restored immediately upon his discharge from the hospital or nursing home, and no new application shall be required.

14150.1. In lieu of the amounts specified in Section 14150, a county may elect to pay as its share one hundred percent (100%) of the county cost of health care uncompensated from any source in 1964–65 for all categorical aid recipients, and all other persons in the county hospital or in a contract hospital, increased for such county for each fiscal year subsequent to 1964–65 by an amount proportionate to the increase in population for such county, as determined by the Department of Finance, measured from July 1, 1965, and, in addition, any part of the cost of care paid as the result of Title XVIII of the Federal Social Security Act for each person eligible under a state plan approved under Title XIX of the Federal Social Security Act which results in an excess of receipts over the amounts of uncompensated costs of health care which would otherwise have been incurred by the county. If the county so elects, the county costs of health care in any fiscal year shall not exceed the total county costs of health care uncompensated from any source in 1964–65 for all categorical aid recipients, and all other persons in the county hospital or in a contract hospital, increased for such county for each fiscal year subsequent to 1964–65 by an amount proportionate to the increase in population for such county, as determined by the Department of Finance, measured from July 1, 1965.

In lieu of the amounts specified in Section 14150, a county may elect to pay as its share one hundred percent (100%) of the county cost of health care uncompensated from any source in 1964–65 for all categorical aid recipients, and all other persons in the county hospital or in a contract hospital, increased for such county for each fiscal year subsequent to 1964–65 by an amount proportionate to the increase in population, except that the military population may only be decreased, for such county, as determined by the Department of Finance in its official revised estimate, measured from July 1, 1965, and, in addition, any part of the cost of care paid as the result of Title XVIII of the Federal Social Security Act for each person eligible under a state plan approved under Title XIX of the Federal Social Security Act which results in an excess of receipts over the amounts of uncompensated costs of health care which would otherwise have been incurred by the county. If the county so elects, the county costs of health care in any fiscal year shall not exceed the total county costs of health care uncompensated from any source in 1964–65 for all categorical aid recipients, and all other persons in the county hospital or in a contract hospital, increased for such county for each fiscal year subsequent to 1964–65 by an amount proportionate to the increase in population, except that the military population may only be decreased, for such county, as determined by the Department of Finance, measured from July 1, 1965.

14150.2. (a) A county which has elected to come within the provisions of Section 14150.1 shall not be reimbursed for any increase in health services for persons in county or contract hospitals, unless the county first submits to the director a plan for such increased health services, and the director approves the plan. If the director approves the plan the county shall be reimbursed for the costs of providing such increased health services. The director shall adopt standards for approval of plans for increased health services pursuant to this subdivision. In no case shall the director approve any plan which increases costs to the state above the limit on expenditures specified in subdivision (c) of this section.

(b) A county which has elected to come within the provisions of Section 14150.1 shall not be reimbursed for the cost of providing increases in compensation for persons employed by the county in county hospitals, unless such increases in compensation meet the following compensation standards:

The director shall make a finding and, based upon that finding, make recommendations as to the level of salaries and

wages which the state should pay. The findings shall be based on an annual salary survey prepared by the State Personnel Board of prevailing or comparable wage and salary rates for the same or similar services in communities. The survey shall include due consideration of differences in salaries and wages in different areas of the state.

(c) Notwithstanding any other provision of this code, the state's obligation to pay to counties which have elected to come within the provisions of Section 14150.1 the amounts of costs incurred in any fiscal year for persons in county or contract hospitals who are neither categorical aid recipients nor medically indigent persons as specified in Section 14150 which are in excess of such costs for the 1964–65 fiscal year shall not exceed the amount appropriated by the Legislature in the Budget Act for that purpose.

SEC. 70. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that other legislation enacted at the 1969 session of the Legislature may be directed to the recodification of the medical assistance program effected by this act, it is necessary that this act go into immediate effect.

SEC. 71. Notwithstanding Section 70 of this act Sections 24, 48, 54, 56, and 63 of this act shall become operative on July 1, 1969.

CHAPTER 22

An act to provide for the cancellation or refund of property taxes, and declaring the urgency thereof, to take immediate effect.

[Approved by Governor March 27, 1969. Filed with Secretary of State March 27, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Notwithstanding Section 270 of the Revenue and Taxation Code two-thirds of any tax and all of any penalty or interest on the total tax, for any fiscal year commencing during the calendar year 1968, imposed upon property owned by any organization qualified for the college exemption, which was acquired after July 1, 1968, but prior to November 15, 1968, when the property is of a kind which would have been qualified for the college exemption if it had been owned by such organization on the lien date, shall be canceled pursuant

to Article 1 (commencing with Section 4986) of Chapter 4 of Part 9 of Division 1 of the Revenue and Taxation Code as if it had been levied or charged erroneously, and, if paid, a refund thereof shall be made pursuant to Article 1 (commencing with Section 5096) of Chapter 5 of Part 9 of Division 1 of the Revenue and Taxation Code as if it had been erroneously collected. No claim for a cancellation or refund of taxes pursuant to this section shall be granted if an appropriate application for exemption is not filed on or before April 15, 1969.

SEC 2. The Legislature finds and declares that organizations eligible for the college exemption often acquire property after the beginning of the fiscal year to be put to use immediately for one or more of the purposes which give rise to an exemption from property taxation If forced to pay the tax on such property, it will substantially impair their ability to function effectively. This act will remedy the situation by, in effect, removing the procedural bar to the application of the exemption to such property. In doing so, the public policy of the state as expressed in the Constitution will be entirely fulfilled and the state as a whole will benefit.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Some organizations qualified for the college exemption purchased property during the 1968 calendar year, after the beginning of the fiscal year commencing during that calendar year, which property was taxed for the fiscal year 1968–69, although it would have been exempt from taxation for that year by reason of the college exemption had it been acquired prior to the commencement of the fiscal year. If required to meet all of such tax obligation the ability of such organizations to function effectively will be seriously impaired to the great detriment of our state This act will remedy that situation, and in so doing, the public policy of the state for the exemption of property owned by educational institutions of collegiate grade, as expressed in the Constitution, will be subserved and the state as a whole will benefit.

CHAPTER 23

An act relating to the Lawndale Elementary School District, declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 28, 1969. Filed with Secretary of State April 1, 1969.]

The people of the State of California do enact as follows:

SECTION 1. On March 4, 1969, the voters of the Lawndale Elementary School District defeated a measure to raise the

maximum tax rate for the school district. Following the defeat of this measure many of the teachers of the school district temporarily left their employment causing a serious disruption of the education in the school district and threatening the disruption of the public peace. The school district is in extreme financial straits, and the governing board of the district, the teachers and many of the voters of the district have requested that the district tax override measure be placed before the voters of the district again and as soon as possible. It is necessary that the district tax override measure be placed before the voters of the district as soon as possible since notice to probationary employees that their services will not be required for the ensuing year must be given on or before May 15, 1969, and unless the financial status of the school district is known at the earliest possible time, many employees may leave the district, thus placing the school district in an even more threatened position. The teachers have returned to their classrooms on the understanding that every effort will be made to put this district tax override measure before the people as soon as possible.

The Legislature finds that the circumstances in the Lawndale Elementary School District require immediate and special legislation and that a general statute cannot be made applicable to these circumstances within meaning of Article IV, Section 16 of the California Constitution.

SEC. 2. The governing board of the Lawndale Elementary School District may call an election pursuant to this section to place before the voters of the district the proposition to increase the maximum school district tax that was defeated on March 4, 1969. This election shall be held no later than May 15, 1969, and shall be conducted as closely as possible in accordance with the provisions of Chapter 6 (commencing with Section 1301) of Division 4 of the Education Code, except the following:

(a) The specifications of the election order required by Section 1323 shall be delivered by the governing board of the Lawndale Elementary School District to the Los Angeles County Superintendent of Schools no later than the 25th day before the election.

(b) The formal notice of election required by Section 1326 shall be delivered by the Los Angeles County Superintendent of Schools to the Los Angeles County Registrar of Voters no later than the 22nd day before the election.

(c) The Los Angeles County Superintendent of Schools shall publish notice of the election three times between the 20th day and the 5th day before the election in the manner prescribed in Section 1344 or shall post notice of the election no later than the 15th day before the election in the manner prescribed by Section 1343.

(d) The Los Angeles County Registrar of Voters shall mail the sample ballot and card designating the polling places and time of the election to each registered voter residing in the

Lawndale Elementary School District no later than the 7th day before the election.

(e) The Los Angeles County Superintendent of Schools shall mail absentee ballots no earlier than the 10th day and no later than the 7th day before the election and such ballots shall be returned in the manner specified by Section 1402.

(f) To satisfy the provisions of Article 12 (commencing with Section 1460) of Chapter 6, Division 4 of the Education Code in any election called pursuant to this act, the Los Angeles County Superintendent of Schools shall use the ballot arguments used in the election held on March 4, 1969.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The defeat of a tax override measure in the Lawndale Elementary School District has placed the school district in extreme financial straits. The defeat of the tax override measure resulted in many of the teachers of the school district temporarily leaving their employment, harming of the education of its pupils, and threatening a disruption of the public peace and the educational process. The immediate approval of an increase in the school district's maximum tax rate will enable the school district governing board to keep the schools open and will enable the public peace to be restored without substantial damage.

CHAPTER 24

An act to add a new article heading immediately preceding Section 29120 of, and to add Article 2 (commencing with Section 29140) to Chapter 7 of Part 2 of Division 10 of, the Public Utilities Code, to amend Sections 6052.5, 6406, 6470, 7056 and 30111 of, and to add Part 1.6 (commencing with Section 7251) to Division 2 of, the Revenue and Taxation Code, and to amend Section 30775 of, and to add Section 30775.1 to, the Streets and Highways Code, relating to the San Francisco Bay Area Rapid Transit District.

[Approved by Governor April 8, 1969. Filed with Secretary of State April 8, 1969.]

The people of the State of California do enact as follows:

SECTION 1. It is declared to be the policy of the Legislature to take all action necessary to assure the timely completion of a rapid transit system in the Counties of Alameda, Contra Costa, and San Francisco, in order to provide for the most efficient and economical movement of persons, property, and traffic in that area and to alleviate the presently existing traffic congestion in those three counties. The Legislature finds

that the completion of a transit system in the San Francisco Bay Area Rapid Transit District is endangered by lack of funds and that the need for additional funds to complete the transit system, without demeaning either the extent or quality of the proposed service, is small when compared with the amount already spent or committed to the project or when compared to the benefits which prompt completion of a high-quality transportation system will bring to that area and to the state.

The Legislature is also fully aware that the spiraling increases in property taxes throughout the state are making it more and more difficult for property owners to support the cost of services supplied by local government.

It is the purpose of this act to supply additional revenue to aid in the completion of a rapid transit system in the bay area.

SEC. 2. The following article heading is added to the Public Utilities Code, immediately to precede Section 29120, to read:

Article 1. Property Taxation

SEC. 3. Article 2 (commencing with Section 29140) is added to Chapter 7 of Part 2 of Division 10 of the Public Utilities Code, to read:

Article 2. Retail Transactions and Use Tax

29140. Within 30 days after the effective date of this article, the board of directors shall, by ordinance, impose transactions and use taxes in conformity with the provisions of Part 1.6 (commencing with Section 7251) of Division 2 of the Revenue and Taxation Code. The transactions and use taxes imposed shall not be repealed until the funds for completion of the system described in Section 29142 have been received by the district, subject to the limitation specified in such section, and all bonds and notes payable from the revenues derived from such tax have been fully paid or provision has been made for their payment in full. At such time as these conditions for repeal are met, the authority of the district to impose a transactions and use tax shall terminate and the ordinance shall be repealed. Such repeal shall be operative on the first day of the first calendar quarter commencing more than 90 days after such repeal.

Notwithstanding the imposition of the transactions and use taxes pursuant to this article, the boards of supervisors of the three counties within the district may by resolution jointly call an advisory election within the district at which the voters may vote upon alternate methods of providing the district with the funds for completion of the system described in Section 29142. Such alternate methods shall be specified in the resolutions calling such election. The alternate method receiving the highest number of votes cast, but not less than a majority

thereof, shall be put into effect, subject to the enactment of enabling legislation.

To the extent of any funds received by the district under such alternate method of financing, after deducting expenses of collection, the amount of revenues from transactions and use taxes pursuant to this article authorized under Section 29142 shall be reduced in order that such taxes shall earlier terminate.

All funds received by the district under such alternate method of financing shall be pledged for the payment of and shall secure any revenue bonds or notes then outstanding under Section 29143, so that in no event shall the obligation of such revenue bonds or notes be impaired.

29140.5. If pursuant to Section 29140, the Legislature subsequently enacts enabling legislation for any other method of financing under which funds are provided to the district for completion of the system described in Section 29142, or if other methods of financing shall hereafter be approved as a result of other legislation hereafter enacted, then to the extent of any funds received by the district under such other method of financing, after deducting expenses of collection, the amount of revenues from transactions and use taxes pursuant to this article authorized under Section 29142 shall be reduced in order that such taxes shall earlier terminate. If sufficient funds are received by the district as a result of such legislation to accomplish the purposes specified in Section 29142 then the taxes authorized in said section shall be repealed.

All funds received by the district under such other method of financing shall be pledged for the payment of and shall secure any revenue bonds or notes then outstanding under Section 29143, so that in no event shall the obligation of such revenue bonds or notes be impaired.

29141. Any transactions and use taxes ordinance adopted pursuant to this article shall be operative on the first day of the first calendar quarter commencing more than 90 days after the effective date of this article, or January 1, 1970, whichever is later.

Prior to the operative date of the ordinance, the district shall contract with the State Board of Equalization to perform all functions incident to the administration and operation of the ordinance.

If the district shall not have contracted with the State Board of Equalization prior to the operative date of its ordinance, it shall nevertheless so contract and in such case the operative date shall be the first day of the first calendar quarter following the execution of the contract.

29142. Revenues derived from such taxes, not to exceed an aggregate principal amount of one hundred fifty million dollars ($150,000,000), plus the costs payable by the district to the State Board of Equalization for preparatory costs and for its services in connection with such taxes and plus the costs of issuance of, and interest payments on, bonds or notes secured by such revenues, shall be used for the planning, acquiring and

constructing of the district's approximately 75-mile system, including the San Francisco-Oakland Rapid Transit Tube and any and all works, structures, property, rolling stock or other facilities of any kind which the district is authorized to acquire, construct or complete.

29143. The district is hereby authorized to issue revenue bonds, payable, in whole or in part, from revenues made available under this article. Such revenues are hereby declared to be revenues of the enterprise for all purposes of the Revenue Bond Law of 1941, provided for in Chapter 6 (commencing with Section 54300) of Part 1, Division 2, Title 5 of the Government Code, and the restrictions therein provided against the securing of bonds by the taxing power or the proceeds of taxation shall not apply. The district shall be deemed a "local agency" and the planning, acquiring, constructing, operating or maintaining of the district's rapid transit facilities, or any part thereof, shall be deemed an "enterprise," within the meaning of the Revenue Bond Law of 1941. The provisions of such law not inconsistent with any of the provisions of this article are hereby made applicable to the district, except that no election shall be required for the issuance of such revenue bonds authorized by the board pursuant to this article and secured, in whole or in part, by the revenues made available under this article and provided, further, that notwithstanding any provision of the Revenue Bond Law of 1941 to the contrary, the resolution or indenture authorizing the issuance of any revenue bonds secured in whole or in part by such revenues shall provide that use of such revenues by the district to redeem bonds shall be continued in effect until such bonds are fully paid or provision has been made for their payment in full.

The district may borrow money in anticipation of the revenues made available under this article and may, from time to time, issue negotiable notes for that purpose.

In addition to pledging revenues for the payment of any revenue bonds, the district may pledge for the payment of such bonds all other income or receipts of the district which are not required by law to be used for other purposes.

29144. If upon the completion of the system described in Section 29142, the district has any surplus of capital funds from any source, including funds derived pursuant to this article, such funds shall be applied to reduce the rate of tax provided for in Section 29121 of this code.

SEC. 4. Section 6052.5 of the Revenue and Taxation Code is amended to read:

6052.5. The board shall prepare sales tax reimbursement schedules showing the total amount that may be collected by the retailer from a consumer in reimbursement of the sales tax, computed on each sales price, from one cent ($0.01) to and including one hundred dollars ($100), at the 4-percent rate, at the 5-percent rate, at the 5½-percent rate, and at any other combined rates of state, local and rapid transit district taxes

administered by the board. The schedules shall be identical with the following tables up to the amounts specified therein:

The remainder of the schedules at the 4-percent rate and at the 5-percent rate and at the 5½-percent rate shall show amounts of reimbursement computed by applying the applicable tax rate to the sales price, rounded off to the nearest cent by eliminating any fraction less than one-half cent and increasing any fraction of one-half cent or over to the next higher cent.

The "sales tax reimbursement schedule" shall be available for inspection and duplication or reproduction.

Each retailer who collects amounts from a consumer in reimbursement of the sales tax shall use the appropriate schedule prepared by the board in computing the amount of the reimbursement, based upon the sales price of the item sold where one item is sold, and where more than one item is sold in any one transaction, upon the sum of the aggregate sales prices of the items sold, or he shall include in the sales price of each item an amount of reimbursement computed to the nearest mill at the applicable tax rate and post a notice in his premises stating that each posted or advertised price includes reimbursement so computed. When both taxable and nontaxable items are included in the same transaction, the foregoing requirement regarding computation of tax reimbursement upon the sum of the aggregate sales prices shall apply only if the purchaser requests at the time of the sale that the computation be made in this way.

The board shall enforce the provisions of this section.

SEC. 5. Section 6406 of the Revenue and Taxation Code is amended to read:

6406. A credit shall be allowed against, but shall not exceed, the taxes imposed on any person by Chapter 3 (commencing with Section 6201) of this part, by any ordinance enacted pursuant to Part 1.5 (commencing with Section 7200), by any ordinance enacted pursuant to Part 1.6 (commencing

with Section 7251), and by any ordinance enacted pursuant to Article 2 (commencing with Section 37021) of Part 17 of this division by reason of the storage, use, or other consumption of tangible personal property in this state to the extent that the person has paid a retail sales or use tax, or reimbursement therefor, imposed with respect to that property by any other state, political subdivision thereof, or the District of Columbia prior to the storage, use, or other consumption of that property in this state. The credit shall be apportioned to the taxes against which it is allowed in proportion to the amounts of those taxes.

A credit, otherwise permitted by the foregoing provisions of this section, shall not be allowed against taxes which are measured by periodic payments made under a lease, to the extent that the taxes imposed by any other state, political subdivision thereof, or the District of Columbia were also measured by periodic payments made under a lease for a period prior to the storage, use, or other consumption of the property in this state.

SEC. 6. Section 6470 of the Revenue and Taxation Code is amended to read:

6470. The provisions of this article do not apply to persons filing returns for other than quarterly periods. The provisions of this article apply to taxes imposed under ordinances adopted pursuant to Part 1.5 (commencing with Section 7200), Part 1.6 (commencing with Section 7251), or Article 2 (commencing with Section 37021) of Part 17 of this division in the same manner and to the same extent that the provisions of this article apply to taxes imposed under this part.

SEC. 7. Section 7056 of the Revenue and Taxation Code is amended to read:

7056. Excepting the information set forth on permits issued under Article 2 (commencing with Section 6066) of Chapter 2 of this part, it is unlawful for the board or any person having an administrative duty under this part to make known in any manner whatever the business affairs, operations, or any other information pertaining to any retailer or any other person required to report to the board or pay a tax pursuant to this part, or the amount or source of income, profits, losses, expenditures, or any particular thereof, set forth or disclosed in any return, or to permit any return or copy thereof or any book containing any abstract or particulars thereof to be seen or examined by any person. However, the Governor may, by general or special order, authorize examination by other state officers, by tax officers of another state, by the federal government, if a reciprocal arrangement exists, or by any other person of the records maintained by the board under this part. The information so obtained pursuant to the order of the Governor shall not be made public except to the extent and in the manner that the order may authorize that it be made public.

When requested by resolution of the legislative body of any county, city and county or city, the board shall permit any duly authorized officer or employee of such county, city and county, or city, to examine all of the sales and use tax records of the board pertaining to sales and use taxes collected for the county, city and county or city by the board pursuant to contract entered into between the board and the county, city and county or city under the Bradley-Burns Uniform Local Sales and Use Tax Law (Part 1.5, commencing with Section 7200, of Division 2 of the Revenue and Taxation Code). Information obtained by examination of board records as herein permitted shall be used only for purposes related to the collection of local sales and use taxes by the board pursuant to the contract.

When requested by resolution of the board of directors of a district the board shall permit any duly authorized officer or employee of such district to examine the records of the board pertaining to transactions and use taxes collected for the district by the board pursuant to contract entered into between the board and the district under Section 29141 of the Public Utilities Code. Information obtained by examination of the board records as herein permitted shall be used only for purposes related to the collection of district transactions and use taxes by the board pursuant to the contract.

Successors, receivers, trustees, executors, administrators, assignees, and guarantors, if directly interested, may be given information as to the items included in the measure and amounts of any unpaid tax or amounts of tax required to be collected, interest and penalties.

SEC. 8. Part 1.6 (commencing with Section 7251) is added to Division 2 of the Revenue and Taxation Code, to read:

PART 1.6. TRANSACTIONS AND USE TAXES

CHAPTER 1. GENERAL PROVISIONS AND DEFINITIONS

7251. This part is known and may be cited as the "Transactions and Use Tax Law."

7252. "District" as used in this part, means the San Francisco Bay Area Rapid Transit District.

7253. "Transaction" or "transactions" as used in this part have the same meaning respectively as the words "sale" or "sales," and the word "transactor" as used in this part has the same meaning as "seller," as "sale" or "sales" and "seller" are used in Part 1 (commencing with Section 6001) of this division.

CHAPTER 2. IMPOSITION OF TAX

7261. The transactions tax portion of any transactions and use taxes ordinance adopted under this part shall be imposed for the privilege of selling tangible personal property at retail, and shall include provisions in substance as follows:

(a) A provision imposing a tax for the privilege of selling tangible personal property at retail upon every retailer in the district at a rate of one-half of 1 percent of the gross receipts of the retailer from the sale of all tangible personal property sold by him at retail in the district.

(b) Provisions identical to those contained in Part 1 (commencing with Section 6001) of this division, excepting Section 6376, insofar as they relate to sales taxes and are not inconsistent with this part, except that the name of the district as the taxing agency shall be substituted for that of the state and that an additional transactor's permit shall not be required if a seller's permit has been or is issued to the transactor under Section 6067 of this code.

(c) A provision that all amendments subsequent to the effective date of this part to Part 1 (commencing with Section 6001) of this division relating to sales tax and not inconsistent with this part shall automatically become a part of the transactions and use taxes ordinance; provided, however, that no such amendment shall operate so as to affect the rate of tax imposed by the district's board.

(d) A provision that the amount subject to tax shall not include the amount of sales tax or use tax imposed by the State of California or by any city, city and county, or county pursuant to the Bradley-Burns Uniform Local Sales and Use Tax Law, or the amount of any state administered transactions or use tax.

(e) A provision that sales of property to operators of common carriers and waterborne vessels to be used or consumed in the operation of such common carriers or waterborne vessels principally outside the county of sale are exempt from the tax.

(f) A provision that sales of property to be used outside the district which is shipped to a point outside the district, pursuant to the contract of sale, by delivery to such point by the retailer or his agent, or by delivery by the retailer to a carrier for shipment to a consignee at such point, are exempt from the tax.

(g) A provision that the sale of tangible personal property is exempt from tax if the seller is obligated to furnish the property for a fixed price pursuant to a contract entered into prior to the operative date of the ordinance. A lease of tangible personal property which is a continuing sale of such property is exempt from tax for any period of time for which the lessor is obligated to lease the property for an amount fixed by the lease prior to the operative date of the ordinance. For the purposes of this subdivision, the sale or lease of tangible personal property shall be deemed not to be obligated pursuant to a contract or lease for any period of time for which any party to the contract or lease has the unconditional right to terminate the contract or lease upon notice, whether or not such right is exercised.

7262. The use tax portion of any transactions and use tax ordinance adopted under this part shall impose a complemen-

tary tax upon the storage, use or other consumption in the district of tangible personal property purchased from any retailer for storage, use or other consumption in the district. Such tax shall be at a rate of one-half of 1 percent of the sales price of the property whose storage, use or other consumption is subject to the tax, and the ordinance shall include provisions in substance as follows:

(a) Provisions identical to those contained in Part 1 (commencing with Section 6001) of this division, excepting Section 6376, insofar as they relate to use taxes and are not inconsistent with this part, except that the name of the district as the taxing agency shall be substituted for that of the state. The name of the district shall be substituted for the word "state" in the phrase "retailer engaged in business in this state" in Section 6203 and in the definition of that phrase.

(b) A provision that all amendments subsequent to the effective date of this part to the provisions of Part 1 (commencing with Section 6001) of this division relating to the use tax and not inconsistent with this part shall automatically become a part of the ordinance; provided, however, that no such amendment shall operate so as to affect the rate of tax imposed by the district's board.

(c) A provision that the amount subject to tax shall not include the amount of any sales tax or use tax imposed by the State of California or by any city, city and county, or county pursuant to the Bradley-Burns Uniform Local Sales and Use Tax Law, or the amount of any state administered transactions or use tax.

(d) A provision that the storage, use or other consumption of tangible personal property, the gross receipts from the sale of which have been subject to a transactions tax under any state administered transactions and use taxes ordinance shall be exempt from the tax.

(e) A provision that the storage or use of tangible personal property in the transportation or transmission of persons, property, or communications or in the generation, transmission or distribution of electricity or in the manufacture, transmission or distribution of gas in intrastate, interstate or foreign commerce by public utilities which are regulated by the Public Utilities Commission of the State of California shall be exempt from the tax.

(f) A provision that the storage, use, or other consumption in the district of tangible personal property is exempt from tax if purchaser is obligated to purchase the property for a fixed price pursuant to a contract entered into prior to the operative date of the ordinance. The possession of, or the exercise of any right or power over, tangible personal property under a lease which is a continuing purchase of such property is exempt from tax for any period of time for which the lessee is obligated to lease the property for an amount fixed by a lease prior to the operative date of the ordinance. For the purposes of this subdivision, storage, use, or other consump-

tion, or possession, or exercise of any right or power over, tangible personal property shall be deemed not to be obligated pursuant to a contract or lease for any period of time for which any party to the contract or lease has the unconditional right to terminate the contract or lease upon notice, whether or not such right is exercised.

7263. For the purposes of a transactions tax imposed by an ordinance adopted pursuant to this part, all retail transactions are consummated at the place of business of the retailer unless the tangible personal property sold is delivered by the retailer or his agent to an out-of-state destination or to a common carrier for delivery to an out-of-state destination. The gross receipts from such sales shall include delivery charges, when such charges are subject to the state sales and use tax, regardless of the place to which delivery is made. In the event a retailer has no permanent place of business in the state or has more than one place of business, the place or places at which the retail sales are consummated for the purpose of a transactions tax imposed by an ordinance adopted pursuant to this part shall be determined under rules and regulations to be prescribed and adopted by the board.

7264. The Controller shall deduct local transactions taxes on sales of motor vehicle fuel which are subject to tax and refund pursuant to Section 6357 of this division.

CHAPTER 3. ADMINISTRATION

7271. All transactions and use taxes collected by the board pursuant to contract with the district shall be transmitted by the board to the district periodically as promptly as feasible. The transmittals shall be made at least twice in each calendar quarter.

7272. The contract referred to in Section 29141 of the Public Utilities Code shall provide that the district shall pay to the board its costs of preparation to administer and operate the transactions and use taxes ordinance. The district shall pay such costs monthly as incurred and billed by the board. Such costs include all preparatory costs including costs of developing procedures, programming for data processing, developing and adopting appropriate regulations, designing and printing of forms, developing instructions for the board's staff and for taxpayers, and other necessary preparatory costs which shall include the board's direct and indirect costs as specified by Section 11256 of the Government Code. Any disputes as to the amount of preparatory costs incurred shall be resolved by the Director of Finance and his decision shall be final. The maximum amount of all preparatory costs to be paid by the district shall not in any event exceed one hundred twenty-five thousand dollars ($125,000).

7273. In addition to the amounts provided in the preceding section for preparatory costs, the board shall charge the district for the board's services in administering the transactions

and use tax ordinance of the district such amounts as will reimburse the board for the cost to it in rendering the services as determined by the Director of Finance. Such amounts shall be deducted from the taxes collected by the board for the district.

SEC. 9. Section 30111 of the Revenue and Taxation Code is amended to read:

30111. The taxes imposed by this part are in lieu of all other state, county, municipal, or district taxes on the privilege of distributing cigarettes.

This section does not prohibit the application of Part 1 (commencing with Section 6001), Part 1.5 (commencing with Section 7200), Part 1.6 (commencing with Section 7251) or Article 2 (commencing with Section 37021) of Part 17 of this division to the sale, storage, use or other consumption of cigarettes.

SEC. 10. Section 30775 of the Streets and Highways Code is amended to read:

30775. The authority shall issue revenue bonds pursuant to the California Toll Bridge Authority Act (Chapter 1 (commencing with Section 30000) of this division) in an amount sufficient to provide funds, which, together with all moneys theretofore advanced by the authority to the district in aid of the financing of the rapid transit tube and the approaches thereto, shall not exceed an aggregate principal amount of one hundred eighty million dollars ($180,000,000) for the construction of the rapid transit tube.

In the event funds in excess of one hundred eighty million dollars ($180,000.000) are required for any purpose relating to either the construction or financing of the rapid transit tube and the approaches thereto, including, but not limited to:

(1) Payment of claims, if any, arising out of the construction thereof;

(2) Reconstruction or alterations thereof;

(3) Maintenance thereof from and after the time any portion thereof is completed and accepted by the district and prior to commencement of operation of trains therein, this, notwithstanding any existing agreement between the department and the district; or

(4) Any and all other costs or expenses arising out of or incident to the construction or financing thereof;

such funds shall be provided from the revenues made available under Article 2 (commencing with Section 29140) of Chapter 7 of Part 2 of Division 10 of the Public Utilities Code or from bonds or notes secured thereby. The district shall construct the rapid transit tube, it having been determined that prior to November 30, 1963, the voters of the district did approve the issuance of general obligation bonds of the district for the construction of a regional rapid transit system.

It is hereby declared to be the intention of the Legislature to limit the obligation of the California Toll Bridge Authority to provide funds for the construction of the rapid transit tube,

either directly from the San Francisco-Oakland Bay Bridge Toll Revenue Fund or through the issuance of bonds secured by a pledge of the revenues of the San Francisco-Oakland Bay Bridge, the San Mateo-Hayward Bridge and the Dumbarton Bridge, to a total sum not to exceed one hundred eighty million dollars ($180,000,000). The Legislature hereby finds and determines that the imposition of such limitation is essential in order to permit the authority to issue revenue bonds to finance an additional highway crossing of San Francisco Bay and thereby to implement the legislative policy declared in Section 30779 of this code.

SEC. 11. Section 30775.1 is added to the Streets and Highways Code, to read:

30775.1. On and after the date revenues are made available to the district under Article 2 (commencing with Section 29140) of Chapter 7 of Part 2 of Division 10 of the Public Utilities Code and notwithstanding any agreement between the district and the department to the contrary, the district shall have sole control and responsibility over all matters relating to the rapid transit tube, including construction. On and after the imposition of such transactions and use tax, the department shall have no authority or responsibility relative to the tube, including actions taken or disbursements made by the district relative thereto whether made heretofore or hereafter. Upon completion and acceptance by the district of all or any portion of the tube, and notwithstanding any existing agreement between the district and the department, title to any such portion shall immediately vest in the district, and the state shall have no further obligation or responsibility therefor except its obligations to aid in the financing of the rapid transit tube as provided in this article. Funds to be provided to the district hereunder shall be furnished to the district by the department in accordance with schedules furnished by the district to the department from time to time showing the amounts reasonably required by the district from time to time to meet its accruing obligations for costs of the rapid transit tube and approaches. Such schedules shall be furnished monthly or at such other intervals as the district and the department may agree upon.

The department is authorized to retain in a fund established for such purpose money to cover contingent liabilities including claims arising out of the construction contracts. The district may deposit in such fund moneys derived from Article 2 (commencing with Section 29140) of Chapter 7 of Part 2 of Division 10 of the Public Utilities Code or other moneys or credits available to the district. The amounts to be retained in such fund and disbursements from such fund shall be at the direction of the department. The department, however, shall not retain a greater amount than is necessary to cover anticipated claims by the contractor or moneys necessary to meet estimated contingent liabilities In determining the amount of claims and contingencies, the department shall, to the great-

est extent possible, base such amounts upon evaluation of the amount of claims and contingent items prepared by the district.

The department shall to the extent practicable invest moneys in such fund in bonds and obligations eligible for investment of surplus state money. All moneys placed in such fund by the district which are not derived from revenues of the San Francisco-Oakland Bay Bridge Toll Revenue Fund shall be invested separately and any interest thereon shall be credited to the district. The department shall return to the district any such moneys not necessary to cover claims or contingencies.

For purposes of the preceding sentence, if there is more than one class of common stock, the determinations shall be made by reference to fair market value.

(D) This paragraph shall not apply to any redemption made pursuant to a plan the purpose or effect of which is a series of redemptions resulting in a distribution which (in the aggregate) is not substantially disproportionate with respect to the shareholder.

(3) Subdivision (a) shall apply if the redemption is in complete redemption of all of the stock of the corporation owned by the shareholder.

(4) Subdivision (a) shall apply if the redemption is of stock issued by a railroad corporation (as defined in Section 77(m) of the Bankruptcy Act, as amended) pursuant to a plan of reorganization under Section 77 of the Bankruptcy Act.

(5) In determining whether a redemption meets the requirements of paragraph (1), the fact that such redemption fails to meet the requirements of paragraph (2), (3), or (4) shall not be taken into account. If a redemption meets the requirements of paragraph (3) and also the requirements of paragraph (1), (2), or (4), then so much of subdivision (c)(2) as would (but for this sentence) apply in respect of the acquisition of an interest in the corporation within the 10-year period beginning on the date of the distribution shall not apply.

(c) (1) Except as provided in paragraph (2) of this subdivision, Section 24497(a) shall apply in determining the ownership of stock for purposes of this section.

(2) (A) In the case of a distribution described in subdivision (b)(3), Section 24497(a)(1) shall not apply if—

(i) Immediately after the distribution the distributee has no interest in the corporation (including an interest as officer, director, or employee), other than an interest as a creditor,

(ii) The distributee does not acquire any such interest (other than stock acquired by bequest or inheritance) within 10 years from the date of such distribution, and

(iii) The distributee, at such time and in such manner as the Franchise Tax Board by regulations prescribes, files an agreement to notify the Franchise Tax Board of any acquisition described in clause (ii) and to retain such records as may be necessary for the application of this paragraph.

If the distributee acquires such an interest in the corporation (other than by bequest or inheritance) within 10 years from the date of the distribution, then the periods of limitation provided in Chapter 20 and Chapter 23 on the making of an assessment and the collection by levy or a proceeding in court shall, with respect to any deficiency (including interest and additions to the tax) resulting from such acquisition, include one year immediately following the date on which the distributee (in accordance with regulations prescribed by the Franchise Tax Board) notifies the Franchise Tax Board of such acquisition; and such assessment and collection may be made notwithstanding any provision of law or rule of law which otherwise would prevent such assessment and collection.

(B) Subparagraph (A) of this paragraph shall not apply if—

(i) Any portion of the stock redeemed was acquired, directly or indirectly, within the 10-year period ending on the date of the distribution by the distributee from a person the ownership of whose stock would (at the time of distribution) be attributable to the distributee under Section 24497(a), or

(ii) Any person owns (at the time of the distribution) stock the ownership of which is attributable to the distributee under Section 24497(a) and such person acquired any stock in the corporation, directly or indirectly, from the distributee within the 10-year period ending on the date of the distribution, unless such stock so acquired from the distributee is redeemed in the same transaction.

The preceding sentence shall not apply if the acquisition (or, in the case of clause (ii), the disposition) by the distributee did not have as one of its principal purposes the avoidance of bank and corporation tax.

(d) Except as otherwise provided in this chapter, if a corporation redeems its stock (within the meaning of Section 24496 (b)), and if subdivision (a) of this section does not apply, such redemption shall be treated as a distribution of property to which Sections 24451 to 24454 applies.

SEC. 7. Section 25205 of the Revenue and Taxation Code is amended to read:

25205. Any overpayment in tax which results from the application of this article shall be credited or refunded as provided in this part. Notwithstanding the provisions of any statute of limitations, such credit or refund shall be made if claim therefor is filed within four years from the last day prescribed for filing the return or within two years from the date of payment, repayment, or offset described in Section 25201 or Section 25202, whichever is later.

CHAPTER 30

An act to add Sections 54919.1 and 54919.2 to the Government Code, relating to sanitation districts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 8, 1969. Filed with Secretary of State April 8, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 54919.1 is added to the Government Code, to read:

54919.1. Notwithstanding any other provision of this chapter, any sanitation district formed under Chapter 3 (commencing with Section 4700) of Part 3 of Division 5 of the Health and Safety Code, which formation was completed between January 25, 1969, and February 15, 1969, shall be

deemed formed for assessment and taxation purposes for the 1969–1970 fiscal year if a statement and map or plat required by Section 54900 is filed on or before March 1, 1969.

SEC. 2. Section 54919.2 is added to the Government Code, to read:

54919.2. Notwithstanding any other provision of this chapter, the establishment of zones within any county service area under the provisions of Section 25210.8 of the Government Code, which establishment was completed between January 25, 1969 and April 1, 1969 shall be deemed formed for assessment and taxation purposes for the 1969–1970 fiscal year if a statement and map or plat required by Section 54900 is filed on or before April 10, 1969.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Unless this act takes effect immediately, sanitary districts and zones established within county service areas created after January 1, 1969, will be unable to levy taxes for the 1969–1970 fiscal year.

CHAPTER 31

An act to add Section 20.1 to the San Bernardino County Flood Control Act (Chapter 73 of the Statutes of 1939), relating to the San Bernardino County Flood Control District, declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 8, 1969. Filed with Secretary of State April 8, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 20.1 is added to the San Bernardino County Flood Control Act (Chapter 73 of the Statutes of 1939), to read:

Sec. 20.1. Notwithstanding the provisions of Section 20, in the event the work consists of channel protection or maintenance work or emergency work necessary to protect life and property from impending flood damage, or the estimated cost of the work does not exceed the sum of ten thousand dollars ($10,000), the board of supervisors may, without advertising for bids therefor or requiring bonds, have said work done by day labor under the direction of the board or its designated agent, by contract, or by a combination of the two. The district shall have the power to acquire in the open market without advertising for bids therefor, materials, equipment and supplies for use in any work or for any other purpose; provided, however, that materials and supplies for use in any

new construction work or improvement, except work referred to in the preceding sentence, may not be purchased if the cost thereof exceeds ten thousand dollars ($10,000) without advertising for bids and awarding the contract therefor to the lowest responsible bidder.

This section shall be applicable only to the construction of, and the acquisition of materials, equipment, and supplies for, works in an area of the district which has been declared a disaster area by the Governor pursuant to Chapter 1 (commencing with Section 1500) of Division 7 of the Military and Veterans Code and which works are required to be done as a result of such disaster

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

There has been extensive flooding in San Bernardino County resulting in considerable danger to persons and damage to property. Unless emergency flood control works are undertaken immediately there will be further flooding and damage. In order to enable the San Bernardino County Flood Control District to take effective action to protect against such danger of further flooding it is necessary that this act go into immediate effect.

CHAPTER 32

An act to add Section 18021.6 to the Government Code, relating to state compliance with the Federal Fair Labor Standards Act, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 9, 1969. Filed with Secretary of State April 9, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 18021.6 is added to the Government Code, to read:

18021.6. Notwithstanding any other provision of this chapter, the Personnel Board is authorized to provide for overtime payments as prescribed by the Federal Fair Labor Standards Act to state employees.

SEC. 2. There is hereby appropriated from the General Fund the sum of seven hundred seventy thousand dollars ($770,000) for the purpose of complying with the provisions of the Federal Fair Labor Standards Act for the period February 1, 1967, through June 30, 1969, to be allocated by the Department of Finance to the several state agencies in augmentation of their respective appropriations for support or for other purposes in such amounts as needed to comply with

Section 3 of this chapter, which shall be available through June 30, 1970. For those state officers and employees subject to the Fair Labor Standards Act whose compensation is payable from special funds, there is hereby appropriated from each special fund from which such officers or employees are paid an amount sufficient to provide additional compensation in accordance with the provisions of Section 3 of this chapter, which amount is to be made available by executive order of the Director of Finance in augmentation of their respective appropriations for support or for other purposes.

SEC. 3. A state employee covered by the provisions of the Fair Labor Standards Act who has worked overtime during the period February 1, 1967, through June 30, 1969, may file a claim for payment therefor with his appointing power in such form and manner and containing such information as prescribed by the State Personnel Board. The appointing power shall assist the employee in preparing such claim by furnishing the needed information available from its records.

Without limiting a right to file a claim or to take other action at a later date provided by any other statute, such claims may be filed on or before December 31, 1969, notwithstanding any earlier time limitations prescribed and any such time is extended to December 31, 1969.

Upon certification by the appointing power that the information contained on the claim is accurate and the overtime was worked by the employee, the Controller may pay the sum due the employee.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The Supreme Court has ruled that the Federal Fair Labor Standards Act is constitutional in its application to state governments. Under provisions of the law, the state is required to comply with the overtime provisions to those state employees entitled to such overtime compensation.

It is therefore necessary that this act take effect immediately in order that the provisions of the federal law may be applied equitably to all state employees to which the Fair Labor Standards Act applies.

CHAPTER 33

An act to amend Section 14 of the Kern County Water Agency Act (Chapter 1003 of the Statutes of 1961), relating to the Kern County Water Agency, declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 9, 1969. Filed with Secretary of State April 9, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 14 of the Kern County Water Agency Act (Chapter 1003 of the Statutes of 1961) is amended to read:

Sec. 14. If from any cause, the revenues of the agency shall be, or in the judgment of the board are likely to be, inadequate to pay the expenses, costs, liabilities and indebtedness of the agency, the board shall have the power, except as hereinafter provided, in any year to levy an ad valorem tax upon all taxable property in the agency to pay the costs and expenses of the agency to carry out the provisions of this act, except that the aggregate taxes or assessments levied for any one fiscal year shall not exceed five cents ($0.05) on each one hundred dollars ($100) of the assessed valuation of the taxable property in the agency; provided, that with respect to the Antelope Valley-East Kern Water Agency situated in Kern and Los Angeles Counties and to the Devils Den Water District situated in Kern and Kings Counties, as long as each such entity continues to have substantially the same powers as are now vested in it by law and has a valid contract with the State of California for a water supply from the State Water Resources Development System, the agency shall not levy any tax pursuant to this section upon any property which (a) is within the boundaries of such entity at the time of such levy and (b) is situated within the boundaries of such entity as they existed on January 1, 1969.

The foregoing limitations shall be exclusive of any tax levied pursuant to Sections 14.1, 14.2, 14.13, 15, 15.9, 16 and 17 of this act.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Territory of the Antelope Valley-East Kern Water Agency and of the Devils Den Water District overlaps territory of the Kern County Water Agency, and residents of such overlapping areas are subject to tax levies for essentially the same purposes by both of the entities in which they reside. This act would alleviate any injustices resulting from this situation but could not affect tax levies during the current year unless it goes into effect prior to the date of such tax levies. In order, therefore, to avoid hardship on the residents of such overlapping areas as a result of the levy of such taxes during the current year, it is necessary that this act go into immediate effect.

CHAPTER 34

An act to add Section 38 to the Mojave Water Agency Law (Chapter 2146 of the Statutes of 1959), relating to the Mojave Water Agency, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 9, 1969. Filed with Secretary of State April 9, 1969]

The people of the State of California do enact as follows:

SECTION 1. Section 38 is added to the Mojave Water Agency Law (Chapter 2146 of the Statutes of 1959), to read:

Sec. 38. For the purpose of paying the variable costs of purchasing up to 10,000 acre-feet of water from the State Water Resources Development System per year under the contract entered into by the agency and the State of California dated June 22, 1963, as such variable costs are defined in said contract, and in accordance with the provisions of this act, the agency may establish a zone of benefit within that area contiguous to the Mojave River and within which the use of water affects or is affected by the natural available water supply of the Mojave River system, for which said zone of benefit shall be subject to a tax levy pursuant to the limitations and conditions hereinafter stated.

The proceeding to establish such a zone of benefit shall be initiated by a notice of intention to establish such a zone which shall be published, pursuant to Section 6066 of the Government Code, in a newspaper of general circulation published within the area of the proposed zone of benefit, if there is one, and, if not, then in such a newspaper published within the agency and which shall be mailed to each person to whom any parcel or parcels of real property embraced within such proposed zone of benefit is assessed on the last equalized assessment roll available on the date the notice of intention is prepared, at the address shown on such assessment roll or as known to the secretary of the agency.

Such notice of intention shall describe the area to be embraced within the proposed zone of benefit with sufficient clarity so that affected property owners may determine which of their lands, if any, are within such zone, shall state in general terms the reasons for the proposal to create such zone of benefit, and shall fix a time and place for a public hearing thereon.

At any time not later than the hour set for such public hearing, any owner of property within the proposed zone of benefit may file a written request for exclusion of his property, or any portion thereof, from such zone of benefit. Such request shall state the name of the owner of the property affected and the street address or other description of the property sufficient to identify it on the last equalized assessment roll. A request for exclusion may be made on behalf of the owner by an agent

authorized in writing by the owner to act as agent with respect to such property, provided that a request made on behalf of a private corporation which is an owner of property may be made by any officer or employee of the corporation without such written authorization.

At the time and place stated in such notice the board shall hold such public hearings, at which all interested parties may appear and make protests, orally or in writing, against the creation of such proposed zone of benefit and at which owners who have filed requests for exclusion of their property from the proposed zone of benefit in accordance with the preceding paragraph of this section may be heard in support of such requests for exclusion. At the conclusion of such hearing the board of the agency shall either (a) terminate the proceedings, (b) establish the zone of benefit with the boundaries set forth in the notice of intention, or (c) eliminate lands from the proposed zone found not to be benefited by inclusion therein, and establish a zone modified as to area by reason of such elimination. The board shall not include any lands within the zone of benefit not included within the area of the proposed zone as contained in the notice of intention.

The board shall make specific findings as to whether or not property as to which a request for exclusion has been filed shall be included within the zone of benefit and shall exclude from such zone any such lands which the board finds will not be benefited by inclusion therein. In determining whether or not such lands will be benefited by inclusion in such zone the board shall take into account the following: (a) the condition of the local natural supply of water within such zone of benefit, (b) the availability of water from the State Water Resources Development System to supplement the supply of water within such zone of benefit, (c) the economic benefit to such lands resulting from a water supply being made available under the state contract, (d) the nature, topography and use of such lands, and (e) whether such lands can receive water either directly or through improvement in water supply by reason of such importation.

If such zone of benefit is created, the agency may annually thereafter levy an ad valorem tax upon the property within such zone of benefit, excluding personal property, in such amounts as shall pay for the variable costs of acquiring water under the state contract, up to, but not to exceed, 10,000 acre-feet per year.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

An adjudication of substantially all of the water rights on the Mojave River is pending before the courts, and a proposed settlement of that lawsuit is dependent on the enactment of this measure, which gives the board of directors of the agency

the power to create a zone of benefit for the purpose of implementing the agreement among water users. Unless the agency has the power to create such a zone of benefit, a delay in the proposed settlement could cost the water users in the Mojave River area substantial sums of money, as well as jeopardize an agreement that is the product of three years of concentrated negotiations among those selfsame water users.

CHAPTER 35

An act to add Section 5030.1 to the Education Code, relating to the holding of classes at San Francisco airport and county jail.

[Approved by Governor April 16, 1969 Filed with Secretary of State April 16, 1969]

The people of the State of California do enact as follows:

SECTION 1. Section 5030.1 is added to the Education Code, to read:

5030.1. The governing board of a unified school district coterminous with the boundaries of a city and county, may conduct classes at the airport and at the county jail which are owned and operated by the city and county, outside of the boundaries of the school district.

27361.2. Whenever any instrument, paper, or notice is recorded which contains references to more than one previously recorded document and which requires additional indexing by the county recorder to give notice required by law an additional fee of one dollar ($1) shall be charged for each reference to a previously recorded document, other than the first such reference, requiring additional indexing.

SECTION 1. Section 819 of the Corporations Code is amended to read:

819. Action for such appointment may be filed by one-half of the directors or by the holders of not less than 33⅓ percent of the outstanding shares.

(b) The provisional director shall be an impartial person, who is neither a shareholder nor a creditor of the corporation, nor related by consanguinity or affinity within the third degree to any of the other directors of the corporation, or to any judge of the court by which he is appointed. The provisional director shall have all the rights and powers of a director, and shall be entitled to notice of the meetings of the board of directors and to vote at such meetings, until the deadlock in the board of directors is broken or until he is removed by order of the court or by vote or written consent of the holders of a majority of the voting shares. He shall be entitled to receive such compensation as may be agreed upon between him and the corporation, and in the absence of such agreement he shall be entitled to such compensation as shall be fixed by the court.

This section does not apply to corporations subject to the Banking Law, the Public Utilities Act, or the Savings and Loan Association Law.

CHAPTER 38

An act to repeal Sections 68808 and 69109 of the Government Code, and to add Section 1508 to the Penal Code, relating to habeas corpus.

[Approved by Governor April 22, 1969 Filed with Secretary of State April 22, 1969.]

SECTION 1. Section 68808 of the Government Code is repealed.

SEC. 2. Section 69109 of the Government Code is repealed.

SEC. 3. Section 1508 is added to the Penal Code, to read:

CHAPTER 49

An act to amend Section 11526 of, and to add Section 4019 to, the Insurance Code, relating to mutual insurers, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 22, 1969 Filed with Secretary of State April 22, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 4019 is added to the Insurance Code, to read:

4019. This chapter does not apply to a mutual insurer which has completed proceedings for voluntary mutualization pursuant to Chapter 13 (commencing with Section 11525) of Part 2 of Division 2 of this code, nor does it apply to a mutual insurer which has converted to a mutual legal reserve insurer pursuant to former Chapter 9 (commencing with Section 10810) of Part 2 of Division 2 of this code.

SEC. 2. Section 11526 of the Insurance Code is amended to read:

11526. Such plan shall include appropriate proceedings for amending the insurer's articles of incorporation to give effect to the acquisition, by said insurer, for the benefit of its policyholders or any class or classes thereof, of the outstanding shares of its capital stock and the conversion of the insurer from a stock corporation into a nonstock corporation for the benefit of its members. The members of such nonstock corporation shall be the policyholders from time to time of the class or classes for whose benefit the stock of the insurer was acquired, and the policyholders of such other class or classes as may be specified in such corporation's articles of incorporation as they may be amended from time to time. Such plan shall be:

(a) Adopted by a vote of a majority of the directors.

(b) Approved by the vote of the holders of at least a majority of the outstanding shares at a special meeting of shareholders called for that purpose, or by the written consent of such shareholders.

(c) Submitted to the commissioner and approved by him in writing.

(d) Approved by a majority vote of all the policyholders of the class or classes for whose benefit the stock is to be acquired voting at an election by the policyholders called for that purpose, subject to the provisions of Section 11528. The terms "policyholder" and "policyholders" as used in this chapter shall be deemed to mean the person or persons insured under an individual policy of life insurance, or of disability insurance, or of any combination of life and disability insurance. They shall also include the person or persons to whom any annuity or pure endowment is presently or prospectively payable by the terms of an individual annuity or pure endowment contract, except where the policy or contract declares some other person to be the owner or holder thereof, in which case such other person shall be deemed the policyholder. In any case where such policy or contract names two or more persons as joint insureds, payees, owners or holders thereof, the persons so named shall be deemed collectively to be but one policyholder for the purpose of this chapter. In any case where a policy or contract shall have been assigned by assignment absolute on its face to an assignee other than the insurer, and

such assignment shall have been filed at the principal office of the insurer at least 30 days prior to the date of any election or meeting referred to in this chapter, then such assignee shall be deemed at such election or meeting to be the policyholder. For the purpose of this chapter the terms "policyholder" and "policyholders" include the employer to whom, or a president, secretary or other executive officer of any corporation or association to which a master group policy has been issued, but exclude the holders of certificates or policies issued under or in connection with a master group policy. Beneficiaries under unmatured contracts shall not as such be deemed to be policyholders.

(e) Filed in the office of the Insurance Commissioner after having been approved as provided in subdivisions (b), (c) and (d) of this section.

SEC. 3. The addition of Section 4019 to the Insurance Code by Section 1 of this act does not constitute a change in, but is declaratory of, the existing law.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the State Constitution, and shall go into immediate effect. The facts constituting such necessity are:

The Insurance Code contains limitations which might be held applicable to those mutual insurers specified in Section 1 of this act and which if applicable would on merger of a domestic insurer with a foreign insurer make it necessary for the domestic insurer to be the disappearing corporation in such merger with the domicile of the surviving corporation in a state other than California. The Insurance Code further contains limitations on the membership of a nonstock corporation incompatible with the provisions for membership in many states other than California. By reason of the existence of additional classes of members in a foreign insurer it would be necessary on merger for a domestic insurer to be the disappearing corporation in such merger with the domicile of the surviving corporation in a state other than California. The state and its citizens have a significant interest in maintaining a California domicile of insurance companies now domiciled in this state. Such interest will include the maintenance of tax revenues and employment opportunities in the state. The benefits to California cannot only be maintained but also increased by encouraging the growth of domestic insurers through merger with foreign insurers. The choice of California as the domicile of a merged insurance company will also operate to enhance the business and economic reputation of the state. The removal of unnecessary and restrictive limitations from the Insurance Code is urgently required in order that California domicile may be retained.

CHAPTER 50

An act to amend Sections 51520 and 51562 of the Government Code, relating to local tax administration, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 23, 1969. Filed with Secretary of State April 23, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 51520 of the Government Code is amended to read:

51520. Notwithstanding any provisions of this article relating to compensation paid to the county for assessing and collecting taxes for a city, the board of supervisors of a county may, upon a finding of public interest, perform such assessment and collection services for a city without compensation from such city; provided, that, in a county having a population of 4,000,000 or more, the county shall perform such assessment and collection services for a city without compensation from such city.

SEC. 2. Section 51562 of the Government Code is amended to read:

51562. Notwithstanding any provision of this article relating to compensation paid to the county for assessing and collecting taxes for a city, the board of supervisors of a county may, upon a finding of public interest, perform such assessment and collection services for a city without compensation from such city; provided, that, in a county having a population of 4,000,000 or more, the county shall perform such assessment and collection services for a city without compensation from such city.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Equality and uniformity have always been the constitutional and statutory goals of property taxation in this state and, as political subdivisions of this state, counties have always been instrumental in carrying out the state's general policies. The Legislature has in the past promoted the policy of equality and uniformity in property taxation by encouraging the consolidation of local assessing functions in the hands of each county assessor's office. In order to further encourage such consolidation for the benefit of both county and city taxpayers at the earliest possible time, it is necessary that this act go into immediate effect.

SEC. 4. Notwithstanding the provisions of Section 3 of this act, the provisions of this act shall be operative on and after July 1, 1969.

CHAPTER 51

"Homestead" means a dwelling and so much of the land surrounding it, not exceeding one acre, as is reasonably necessary for use of the dwelling as a home, owned by the claimant, the claimant and his spouse, or by the claimant and some other individual. It shall also include premises occupied by reason of ownership in a cooperative housing corporation (as defined in Section 17265), mobilehomes which are assessed as realty for local property tax purposes and the land on which situated, houseboats, and other similar living accommodations, as well as a part of a multidwelling or multipurpose building and a part of the land upon which it is built. It shall also include premises occupied by reason of the claimant's ownership of a dwelling located on land owned by a nonprofit incorporated association, of which the claimant is a member, when such association requires the claimant to pay a pro rata share of the property taxes levied against the association's land. It shall also include premises occupied by a claimant wherein he is required by law to pay a property tax by reason of his ownership (including a possessory interest) in the dwelling, the land, or both. (Owned includes a vendee in possession under a land sale contract and of one or more joint tenants or tenants in common.) It includes personal property such as furniture, furnishings or appliances. Except as provided in Section 19507, for purposes of this section, ownership must be evidenced by a duly recorded document.

SEC. 2. Section 19507 of the Revenue and Taxation Code is amended to read:

19507. "Property taxes accrued" means current property taxes (exclusive of special assessments, interest, penalties, principal payments on improvement bonds and charges for service) assessed against a claimant's homestead by any taxing agency (as defined in Section 121) for any fiscal year ending on or after June 30, 1968.

"Property taxes accrued" for the fiscal year ending June 30, 1969, shall be reduced for amounts claimed and received, or receivable, pursuant to the authorization contained in Section 1d of Article XIII of the Constitution.

When a claimant and his household own their homestead for only part of a year and rent the same or a different homestead for part of the same year, "property taxes accrued"

means only taxes assessed against the homestead when both owned and occupied as such by claimant and his household, multiplied by the percentage of 12 months that such property was owned and occupied by such household as its homestead in such year. Whenever a homestead is an integral part of a large unit such as a farm, or a multipurpose or multidwelling building, "property taxes accrued" shall be that percentage of the total property taxes accrued as the value of the homestead is of the total value. Where a claimant or member of the household is purchasing property under an unrecorded contract of sale, the Franchise Tax Board may require an affidavit under penalty of perjury stating the following:

(a) That he purchased the real property pursuant to such unrecorded contract of sale.

(b) That under such unrecorded contract of sale he is obligated and responsible for the payment of the taxes.

Where the premises are occupied by reason of the claimant's ownership of a dwelling on land owned by a nonprofit incorporated association, the Franchise Tax Board may require an affidavit under penalty of perjury stating any of the following:

(a) That the premises are occupied by reason of ownership of a dwelling on land owned by a nonprofit incorporated association, of which the claimant is a member.

(b) The nonprofit incorporated association requires that the claimant pay a pro rata share of the property tax levied against the association's land.

The Franchise Tax Board shall by regulation determine the amount of "property taxes accrued" when a household owns two or more homesteads during the same year.

SEC. 3. The provisions of this act shall be applied to claims filed for property tax assistance for fiscal years ending on and after June 30, 1969.

CHAPTER 52

[Approved by Governor April 24, 1969 Filed with Secretary of State April 24, 1969]

I object to the $25,000,000 appropriation in Assembly Bill No. 76, and I hereby reduce this appropriation from $25,000,000 to $7,500,000. With this reduction, I approve Assembly Bill No. 76.

RONALD REAGAN, Governor

The people of the State of California do enact as follows:

SECTION 1. The sum of twenty-five million dollars ($25,000,000), or so much thereof as may be necessary, from the General Fund, in addition to the unexpended balance of the appropriation made by Item 446.7, Budget Act of 1958, as amended by Section 12, Budget Act of 1960, Section 11.4, Budget Act of 1967, and Section 10, Budget Act of 1968, is appropriated to the Department of Finance for expenditure for the purposes of the Emergency Flood Relief Law (Article 6 (commencing with Section 54150), Chapter 5, Part 1, Division 2, Title 5, Government Code) for damage or destruction to public real property, other than the repair, restoration, or replacement of streets, roads, and bridges, by storm and flood or flood conditions, including damage or destruction by flood conditions arising from tidal waves, which occurred between November 1, 1968 and September 1, 1969, and the local agency applies to the Department of Finance for an allocation of funds on or before December 31, 1969. The Legislature recognizes that federal legislation may be enacted appropriating additional funds for allocation to local agencies for the repair of local public facilities damaged or destroyed by storm and flood or flood conditions, in which case the expenditure of some portion of the money appropriated by this section may not be necessary.

The money appropriated by this section shall remain available for expenditure pursuant to the Emergency Flood Relief Law without regard to fiscal years.

SEC. 2. The funds made available by Section 1 of this act may also be expended for the purposes described in Section 54155 of the Government Code.

SEC. 3. Allocations of funds under Section 1 of this act may be expended, if the local agency so elects, for the repair, restoration, or replacement of a public building to present-day standards; provided, that the square footage of such building is not increased thereby.

SEC. 4. Notwithstanding the provisions of Section 54157 of the Government Code, whenever the Department of Finance determines that a local agency to which funds available pursuant to Section 1 of this act are proposed to be allocated is financially unable to meet the matching requirements set forth in Section 54157 of the Government Code due to exhaustion of its financial resources because of disaster expenditures, the provisions of Section 54157 of the Government Code shall not apply, and the Department of Finance may allocate funds available pursuant to Section 1 of this act to pay all of the cost of repairing, restoring, or replacing public buildings of such local agency or such portion of such cost as the department determines is necessary to accomplish the project, taking into consideration the financial ability of the local agency to meet the matching requirements of Section 54157 of the Gov-

ernment Code, less any money provided by the United States or any agency thereof for any portion of the cost of the project; provided, that the total amount of state funds allocated for any one project pursuant to this section shall not exceed the sum of two hundred thousand dollars ($200,000).

SEC. 5. The money in the Street and Highway Disaster Fund under subdivision (b) of Section 186.95 of the Streets and Highways Code shall be available for expenditure for allocation by the State Allocation Board for the purposes of the Emergency Flood Relief Law, including the purposes provided for in Section 54160 of the Government Code, for the repair, restoration, or replacement of any local street, road, or bridge damaged or destroyed by storm and flood or flood conditions, including damage or destruction by flood conditions arising from tidal waves, occurring between November 1, 1968 and September 1, 1969; provided, that the local agency has applied to the State Allocation Board for an allocation of funds on or before December 31, 1969.

SEC. 6. Whenever the Department of Finance determines that a local agency which would otherwise be eligible for an allocation under the formula of Section 54157 of the Government Code is unable to finance the work due to exhaustion of its financial resources because of disaster expenditures, the State Allocation Board may allocate funds available pursuant to Section 5 of this act to pay such portion of the cost of repairing, restoring, or replacing the streets, roads and bridges of such local agency as the department has determined is necessary to accomplish such work; provided, that if the local agency is a county, the amount contributed by each local agency shall not be reduced to less than an amount of money equal to the amount allocated to such local agency for the 1967–68 fiscal year pursuant to Section 2110.5 of the Streets and Highways Code; and provided, further, that if the local agency is a county, the Department of Finance, in determining whether the county's financial resources are exhausted, shall ascertain whether the county has levied, during the then current year, the maximum property tax for highway purposes authorized by Section 1550 of the Streets and Highways Code in the road district in which the work is proposed, and if such tax is being levied at less than the maximum rate authorized by Section 1550, the amount to be allocated by the State Allocation Board under this section shall be reduced by an amount equivalent to the difference between the revenue derived from the property tax being levied for highway purposes in such road district and the revenue which would have been derived from such tax at the maximum rate authorized by Section 1550. In determining if a county has levied sufficient taxes, amounts to be received from other taxes levied by that county and used for road purposes shall be included.

SEC. 7. Section 54157 of the Government Code is amended to read:

54157. (1) Except as provided in Section 54155, no money shall be allocated by the Department of Finance unless and until:

(a) A local agency has applied to the Department of Finance for an allocation of funds, and the Department of Water Resources, the Department of General Services or the Department of Public Works has first investigated and reported upon the proposed work, has found it to be a matter of general public and state interest and concern, has estimated the cost of the work and filed its report thereon with the Department of Finance, and the Department of Finance has approved the expenditure and purpose. A local agency which is in an area in which the Governor has proclaimed a state of disaster pursuant to Chapter 1 (commencing with Section 1500) of Division 7 of the Military and Veterans Code shall indicate, to the satisfaction of the Department of Finance, that it has applied for any other available public funds to assist in financing the cost of the work. The estimate of cost of the work may include expenditures made by the local agency for such work prior to the making of such estimate.

(b) The local agency has executed an agreement in such form as the Department of Water Resources, the Department of General Services, or the Department of Public Works, as the case may be, prescribes. Such agreement shall be subject to the approval of the Department of Finance. Such agreement shall provide for the performance of the work by the local agency or by the Department of Water Resources, the Department of General Services, or the Department of Public Works, the methods of handling the funds allocated hereunder and the matching funds provided by the local agency. It shall also contain such other provisions as are deemed necessary to assure completion of the work included in the project and the proper expenditure of funds as provided herein.

(c) Moneys as prescribed by the Department of Finance are made available by or on behalf of the agency in control of the damaged or destroyed facility or facilities.

(2) Allocations of funds under this article shall be made as follows:

(a) As to street, highway, and bridge projects, the State Allocation Board shall determine the respective amounts which the state and the local agency shall contribute, using the following criteria as a guide:

(i) The state shall make no allocation as to that portion of the damage equal to 3 percent or less of the total amount apportioned by the state to the local agency from the Highway Users Tax Fund during the previous fiscal year. The state shall make no allocation as to any project of less than two thousand five hundred dollars ($2,500).

(ii) As to damage exceeding 3 percent but not exceeding 50 percent of such amount apportioned, the state shall allocate 60 percent of the cost.

(iii) As to damage exceeding 50 percent but not exceeding 150 percent of such amount apportioned, the state shall allocate 80 per cent of the cost.

(iv) As to damage over 150 percent of such amount apportioned, the state shall allocate 95 percent of the cost.

(b) As to other types of projects, the Department of Finance shall determine the respective amounts which the state and the local agency shall contribute, using the following criteria as a guide:

(i) The state shall make no allocation as to that portion of the damage equal to one-half of 1 percent or less of the revenue, exclusive of funds received from any federal or state agency, of the local agency during the previous fiscal year as determined by the Department of Finance. The state shall make no allocation as to any project of less than one thousand dollars ($1,000).

(ii) As to damage exceeding one-half of 1 percent but not exceeding 50 percent of such revenue, the state shall allocate 60 percent of the cost.

(iii) As to damage exceeding 50 percent but not exceeding 150 percent of such revenue, the state shall allocate 80 percent of the cost.

(iv) As to damage over 150 percent of such revenue, the state shall allocate 95 percent of the cost.

(c) Expenditures incurred by a local agency prior to the effective date of the allocation for work otherwise eligible may be considered in determining the rate of contribution between the state and the local agency under the above criteria.

SEC. 8. Section 54157.1 is added to the Government Code, to read:

54157.1. The agreement executed between a local agency and the Department of Water Resources, the Department of General Services, or the Department of Public Works pursuant to subdivision (b) of Section 54157 shall contain a provision under which the local agency agrees to hold and save the state free from damages due to the work for which funds are allocated.

SEC. 9. Section 186.95 of the Streets and Highways Code is amended to read:

186.95. The Street and Highway Disaster Fund is hereby created in the State Treasury, to consist of the moneys referred to in Section 186.9.

The moneys in the Street and Highway Disaster Fund, which are appropriated by Section 186.9, shall be available for expenditure, transfer, and allocation, as follows:

(a) The money transferred to the fund pursuant to subdivision (a) of Section 186.9 shall be available for allocation by the State Allocation Board for the purposes of the Emergency Flood Relief Law (Article 6 (commencing with Section 54150), Chapter 5, Part 1, Division 2, Title 5 of the Government Code), including the purposes provided for in Section 54160 of the Government Code, for damage or destruction to

local streets, roads and bridges from storm and flood or flood conditions which have occurred between December 1, 1964, and June 30, 1965. Local agencies shall apply to the State Allocation Board for an allocation of funds on or before April 1, 1966. Notwithstanding any provisions to the contrary in the Emergency Flood Relief Law, the funds allocated pursuant to this subdivision may be used for the purpose of repairing, restoring or replacing such local streets, roads or bridges to present-day standards, such as those referred to in Section 186.8 of this code, and to accommodate present traffic.

(b) The money in the fund including the money received from the federal government as reimbursement to any city or county for the repair or restoration of any street, road or bridge which has been or will be repaired or restored in part or in whole by funds allocated pursuant to this section shall be available for allocation by the State Allocation Board for the purposes of the Emergency Flood Relief Law for the repair or restoration of any local street, road or bridge damaged or destroyed by any disaster to present-day standards such as those referred to in Section 186.8 of this code, and to accommodate present traffic; and the use of such money shall not be limited to the repair or restoration of streets, roads or bridges damaged or destroyed by storm and flood or flood conditions; provided, that no such money shall be allocated for expenditure in connection with any disaster, except the damage or destruction to local streets, roads or bridges damaged or destroyed by storm and flood or flood conditions which have occurred between December 1, 1964, and June 30, 1965, unless and until specifically authorized by the Legislature.

(c) The money in the fund received from the federal government as reimbursement to the state for the repair or restoration of any state highway which has been or will be repaired or restored in part or in whole by funds transferred to the State Highway Fund pursuant to subdivision (b) of Section 186.9 or by funds expended pursuant to this section shall be available for transfer by the Department of Finance to the State Highway Fund for allocation by the California Highway Commission and expenditure by the Department of Public Works for the repair or restoration of any state highway damaged or destroyed by any disaster to present-day standards and to accommodate present traffic.

(d) Any money in the fund not necessary for immediate use for the purposes otherwise specified in this section shall be available for transfer by the Department of Finance to the State Highway Fund for allocation and expenditure for construction of state highways, but any amount so transferred shall, after receipt by the Department of Public Works of written demand from the Department of Finance, be returned from the State Highway Fund to the Street and Highway Disaster Fund upon determination by the Department of Finance of the necessity of such money for the purposes of this section within a period of not to exceed six

months in such installments as may be agreed upon by the Department of Finance and the Department of Public Works.

(e) The sum of two million six hundred ninety-two thousand two hundred fifty dollars ($2,692,250) of the cash balance of the money in the fund under subdivision (c) shall be transferred by the Department of Finance to subdivision (b) for expenditure pursuant to that subdivision in such installments and at such times as may be determined to be necessary by the Department of Finance. In addition to the amount provided for in the preceding sentence, if the Department of Finance at any time determines that the estimated unallocated balance of the fund under subdivision (b) of this section is insufficient, together with the amount provided in the preceding sentence, to carry out the purposes authorized under subdivision (b), and the Department of Public Works determines that a portion of the estimated unallocated balance of the fund under subdivision (c), over and above the amount provided for in the preceding sentence, is not immediately needed for carrying out the purposes of subdivision (c), the Department of Finance may transfer such portion to subdivision (b) for expenditures pursuant to that subdivision. Any amounts transferred pursuant to this subdivision shall not be required to be repaid.

(f) Notwithstanding any other provision of this section, money in the fund under subdivision (b) may be allocated by the State Allocation Board for expenditure pursuant to Section 54155 of the Government Code.

(g) Income from investment of moneys in the fund and all payments by local agencies in reimbursement of moneys disbursed from the fund, including deferred payments with interest, pursuant to Government Code Sections 54160 and 54161, and all other moneys deposited therein, pursuant to law, shall be available for expenditure, transfer and allocation pursuant to this section.

SEC. 10. Any local agency to which the state, prior to the effective date of this act, has advanced money to pay such local agency's share of the cost of repair, replacement, or restoration of public real property damaged or destroyed by any disaster need not repay any of the amount so advanced which, on the effective date of this act, is outstanding and has not been repaid.

The continued existence of these resources is presently threatened, and the preservation and protection of such resources is a matter of urgent importance to the welfare of the people of the state. An act to add Section 3576 to the Public Utilities Code, relating to carriers, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 29, 1969. Filed with Secretary of State April 29, 1969.]

SECTION 1. Section 3576 is added to the Public Utilities Code, to read:

3576. Any person who held only a city carrier permit on December 31, 1967, and who because of the repeal of the City Carriers Act on November 13, 1968, was required to apply for and obtain another type of permit in lieu thereof may apply to the commission for a refund of the filing fee paid for such permit. Any person who in good faith filed an application for and received a city carrier permit subsequent to January 1, 1968, may apply to the commission to have such permit converted to a radial highway common carrier permit or a highway contract carrier permit without payment of an additional application fee or may, if such person already possesses a radial highway common carrier permit or a highway contract carrier permit, apply for a refund of the fee paid for the city carrier permit. The commission shall make refunds out of money in its possession of the fees provided for in Chapter 6 of Division 2 (commencing with Section 5001) of this code.

This section shall remain in effect until February 1, 1970, and upon that date is repealed.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Such persons who apply for a radial highway common carrier permit will be subjected to payment of an additional application fee. The inequity of such double payment of permit application fees is in urgent need of correction and, thus, it is necessary that this act take effect immediately.

(a) The examination shall include a test of the applicant's knowledge and understanding of the provisions of this code governing the operation of vehicles upon the highways, the ability to read and understand simple English used in highway traffic and directional signs, his understanding of traffic signs and signals and the applicant shall be required to give an actual demonstration of his ability to exercise ordinary and reasonable control in operating a motor vehicle by driving the same under the supervision of an examining officer and submit to an examination appropriate to the type of motor vehicle or combination of vehicles he desires a license to drive. The examination shall also include a test of the hearing and eyesight of the applicant and such other matters as may be necessary to determine the applicant's mental and physical fitness to operate a motor vehicle upon the highways and whether any ground exists for refusal of a license under this code. The examination for a class 1 or class 2 license under subdivision (b) of this section shall also include a doctor's report of a medical examination of the applicant. In establishing the requirements consideration may be given to the standards presently required of motor carrier drivers by the Interstate Commerce Commission. Any physical defect of the applicant

which in the opinion of the department is compensated to insure safe driving ability shall not prevent the issuance of a license to the applicant.

(b) In accordance with the following classifications any applicant for a driver's license shall be required to submit to an examination appropriate to the type of motor vehicle or combination of vehicles he desires a license to drive:

(1) Class 1. Any combination of vehicles and includes the operation of all vehicles under class 2 and class 3.

(3) Class 3. A three-axle house car, any two-axle vehicle, and any such house car or vehicle towing another vehicle weighing less than 6,000 pounds gross, except a bus, two-wheel motorcycle, or "farm labor truck."

(4) Class 4. Any two-wheel motorcycle. Authority to operate vehicles included in a class 4 license may be granted by endorsement on a class 1, 2 or 3 license upon completion of appropriate examination. A person holding a valid class 1, class 2 or class 3 driver's license on the effective date of the amendments to this section enacted at the 1968 Regular Session of the Legislature may drive a motorcycle until such time as the license expires without obtaining a class 4 license or endorsement.

(c) The department may accept a certificate of driving experience in lieu of a driving test on class 1 or 2 applications when such certificate is issued by an employer of the applicant provided the applicant has first qualified for a class 3 license and also met the other examination requirements for the license for which he is applying. Such certificate may be submitted as evidence of the applicant's experience or training in the operation of the types of equipment covered by the license for which he is applying.

(d) The department may accept a certificate of competence in lieu of a driving test on class 4 applications when such certificate is issued by a law enforcement agency for its officers who operate class 4 vehicles in their duties provided the applicant has also met the other examination requirements for the license for which he is applying.

CHAPTER 59

At the time of making such application, the person shall produce proof, either by a person who was in a position to know the facts, other than the parent against whom relief is sought, or by documentary or other reliable evidence, that while he was a minor he was abandoned by the parent for a period of two or more years and that during such period the parent was physically and mentally able to support him. If the board denies his request or fails to act upon such request within 30 days, such person shall be entitled to file an action pursuant to Section 206.5. In the event such an action is filed, such person shall serve a copy of the petition on the clerk of the board at least 10 days prior to the hearing.

CHAPTER 60

An act to amend Section 24001 of the Government Code, relating to juvenile probation, declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 1, 1969. Filed with Secretary of State May 1, 1969.]

The people of the State of California do enact as follows:

However, if a duly qualified health officer is not available within a county or district, then it shall not be necessary that any person appointed to any such position be a citizen of the state or an elector of the county or district at the time of his appointment.

The assessor, tax collector, or treasurer of a district formed under the Irrigation District Law (commencing at Section 20500 of the Water Code) need not be a resident of the district in which the duties of the office are to be exercised.

The board of supervisors of any county may, if it finds that the best interests of the county will be served, waive the requirement that the administrative officer be an elector of the county.

The board of supervisors or any other legally constituted appointing authority in a county that is consolidated with a city may, if it finds that the best interests of the county will be served, waive the requirements of this section for an appointment to the office of chief juvenile probation officer.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

It is essential that this act take effect immediately so that otherwise qualified persons may be considered for appointment to the office of chief juvenile probation officer, a position which will be vacant on May 1, 1969 because of the retirement of the incumbent and for which the Board of Supervisors of the City and County of San Francisco has requested a waiver of the residence requirements in order to assure the recruitment of the best available qualified applicant nationwide.

The governing board of a school district and a county superintendent of schools may accept grants-in-aid from any public or private source in carrying out the purposes of this section.

When television transmitting facilities owned, leased or operated by the governing board of a school district or county superintendent of schools, either alone or in cooperation with other school districts or other county superintendents of schools pursuant to this section or a nonprofit corporation operating an educational television station, are not in use for providing instructional services or teachers' in-service educational services, such facilities may be used for transmitting community educational television programs if such use does not require the expenditure of any additional public funds of a school district or a county superintendent of schools.

For purposes of this section, the term "school district" shall include any school district library district formed under the provisions of Chapter 6 (commencing with Section 28001) of Division 20.

CHAPTER 76

An act to add Section 62708.5 to the Agricultural Code, relating to milk equalization pools, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 7, 1969. Filed with Secretary of State May 8, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 62708.5 is added to the Agricultural Code, to read:

62708.5. A producer-distributor for the purposes of this chapter shall also include, as a separate and distinct category of producer-distributors, any producer and any distributor who purchases or distributes fluid milk or fluid cream produced by such producer if they meet the requirement that all of the ownership of the distributor and all of the ownership of the producer is owned by the same person or persons and their ownership in the producer or distributor is at least 95 percent identical for each person with their ownership in the distributor or producer. Such ownership shall not exceed 10 individual persons or owners of equitable interest in a partnership, corporation, or other legally constituted business association.

The ownership required by this section may be through a partnership, corporation or other legally constituted business association so long as the entities are owned by the same person or persons, and there is at least 95-percent identity of ownership for each person with their ownership in the distributor or producer. For the purposes of this section a "person" or "persons" includes the spouse, or other persons of lineal consanguinity of the first or second degree or collateral consanguinity to the fourth degree as defined in Sections 252 and 253 of the Probate Code, and their spouses, and includes an adopted child the same as a natural child and kindred of the half blood equally with those of the whole blood of the owner and ownerships by persons so related shall be considered single ownership by one person. For the purposes of this section, property pledged or hypothecated in any manner to others shall be considered "owned" so long as equitable ownership with management and control remain with the producer-distributor.

Ownership as provided in this section shall have existed at the time of the base period selected by the producer under Section 62707 and at all other times thereafter.

Any such producer-distributor shall have the option within 90 days of the enactment of this section at the 1969 Regular Session:

(a) To join and operate wholly within such pool, or

(b) To have its entire original production base and pool quota determined during the base period it selected as a producer pursuant to Section 62707, established as a part of such

pooling plan, and, nevertheless elect to operate entirely outside of the pool to the extent of the pool quota so determined.

Any producer-distributor who qualifies under this section and elects to operate outside the pool pursuant to the authority granted shall have the right to deduct its entire original pool quota from its own class I sales, including sales to subdistributors of packaged products, but excluding interdistributor sales whether in bulk or packaged, before being required to account to the pool, irrespective of the fact that the average class I usage in the pool for that month may be less than 100 percent of the pool quota in that pool.

Any production subject to this section from the producer-distributor selecting this option shall not have the right to participate in the quota pool, irrespective of the fact that the producer-distributor did not sell all of the quota as class I, and will participate in either the base pool or the overbase pool depending upon whether the original production base of the producer is sufficient to cover the milk delivered in excess of the class I usage exempted hereunder, otherwise the production in excess of the exempt producer-distributor's own class I sales as herein defined shall be accounted for as overbase milk.

The fact that a producer-distributor qualifies as to one of its milk production operations under this section does not prevent it from operating on an entirely separate nonqualifying basis (and therefore subject to pooling) at other milk production facilities, and with other nonqualifying persons at such other milk production facilities. A producer-distributor can neither buy nor sell pool quota and transfer therewith the option granted under this division but this shall not prevent him from purchasing or selling pool quota or production base as otherwise provided in this chapter.

If at any time ownership as defined in this section ceases, the producer-distributor shall no longer be eligible for the options in this section and shall account to the pool as a separate distributor and shall be entitled to reentry into producer participation in the pool on the same basis as a producer-distributor may under the last paragraph of Section 62708.

SEC. 2. The Legislature declares that this is a nonsubstantive change in the producer-distributor definition and that the inclusion of this definition in the pooling plan will be a nonsubstantive change in the plan including as such term is used in Section 62717.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order for producer-distributors affected by this act to be able to initially enter the equalization pool on equitable terms with other producer-distributors, this act must be in effect immediately.

SECTION 1. Section 21113 of the Vehicle Code is amended to read:

21113. (a) No person shall drive any vehicle or animal, nor shall any person, stop, park, or leave standing any vehicle or animal, whether attended or unattended, upon the driveways, paths, or the grounds of any public school, state university, state college, state, county, hospital district, or municipal airport, institution or building, or any educational institution exempted in whole or in part from taxation, except with the permission of, and upon and subject to such conditions and regulations as may be imposed by, the governing board or office of the public school, state university, state college, state, county, hospital district, or municipal airport, institution or building, or educational institution.

(c) When any governing board or officer permits public traffic upon the driveways, paths or grounds under their control then, in the absence of any special condition or regulations applicable to the traffic, all the provisions of this code relating to traffic upon the highways shall be applicable to the traffic upon the driveways, paths, or grounds.

4432. It is not the intent of the Legislature in enacting this article to preempt the field of pollution by vessels, and the provisions of this article do not prohibit the enactment or enforcement of any ordinance by any city, county, or district having the power to regulate pollution by vessels, which is stricter than the provisions of this article.

4433. Any violation of this article is a misdemeanor.

In order to ensure that these measures will be available to the district in connection with certain presently proposed projects which are urgently needed for the welfare of the district, it is necessary that this act go into immediate effect.

CHAPTER 83

An act to add Section 31671.7 to the Government Code, relating to the County Employees Retirement Law of 1937, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 13, 1969. Filed with Secretary of State May 13, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 31671.7 is added to the Government Code, to read:

31671.7. Nothing in Section 31671 shall prevent an elective member who is a constable from remaining a member until the end of the term of elective office which is not completed when, solely by operation of law, he becomes a nonelective marshal or deputy marshal after attaining age 70.

This section shall not be effective in any county until it is adopted by the board of supervisors by resolution, and shall in any event become inoperative after December 31, 1972.

This section shall apply to any person who was a constable on January 1, 1969.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The consolidation of the Antioch Judicial District and the Pittsburg Judicial District of Contra Costa County has been proposed in order to effectuate the long-standing state policy on such consolidations, and to increase the efficiency in the administration of justice. This consolidation could operate to force the unanticipated and immediate and unconsented to shortening of the career of an elective constable who would be ineligible for further employment by operation of Section 31671 of the Government Code, so that said consolidation of the Antioch and the Pittsburg Judicial Districts would be further delayed.

CHAPTER 84

An act to provide for the implementation of the welfare exemption from property taxation.

[Approved by Governor May 13, 1969. Filed with Secretary of State May 13, 1969.]

The people of the State of California do enact as follows:

SECTION 1. (a) Property owned by a nonprofit corporation which was otherwise qualified for the welfare exemption from property taxation for any fiscal year commencing during the calendar year 1968, except that on the lien date for that

year the articles of incorporation of any such nonprofit corporation provided that the nonprofit corporation contemplated the distribution of gains, profits or dividends to its members upon dissolution or winding up, shall be exempt from property taxation for any fiscal year commencing during the calendar year 1968, if the nonprofit corporation does all of the following:

(1) Files an affidavit with the assessor prior to the lien date in 1970 that the property of the nonprofit corporation was on the lien date in 1968 and has been since then irrevocably dedicated to religious, charitable, scientific or hospital purposes and upon liquidation, dissolution or abandonment of the owner would not inure to the benefit of any private person, except a fund, foundation or corporation organized and operated for religious, hospital, scientific or charitable purposes.

(2) Amended its articles of incorporation during the calendar year 1968, even though not within the time specified in Section 214.01 of the Revenue and Taxation Code, to provide that the property of the nonprofit corporation is irrevocably dedicated to religious, charitable, scientific or hospital purposes and upon liquidation, dissolution or abandonment of the owner will not inure to the benefit of any private person, except a fund, foundation or corporation organized and operated for religious, charitable, scientific or hospital purposes.

(b) If the provisions of subdivision (a) have been complied with, any tax, or penalty or interest thereon, for any fiscal year commencing during the calendar year 1968, on property otherwise eligible for the welfare exemption and owned by the corporation complying therewith shall be canceled pursuant to Article 1 (commencing with Section 4986) of Chapter 4 of Part 9 of Division 1 of the Revenue and Taxation Code as if it had been levied or charged erroneously, and, if paid, a refund thereof shall be made pursuant to Article 1 (commencing with Section 5096) of Chapter 5 of Part 9 of Division 1 of the Revenue and Taxation Code as if it had been erroneously collected.

SEC. 2 The Legislature finds that problems have been created over the years by a need to balance the best interests of government against the benefits conferred upon society as a whole by charitable and other tax-exempt organizations. At its 1967 Regular Session, the Legislature amended Section 214.01 of the Revenue and Taxation Code to grant organizations applying for the welfare exemption from property taxation a period of six months to amend their articles of incorporation to include a proper statement that an applicant's property is irrevocably dedicated to religious, charitable, scientific or hospital purposes. However, in a few instances, it is now apparent that this extension of time has not been sufficient.

To require these organizations to pay property taxes from which they are exempt under Section 214 of the Revenue and Taxation Code would seriously hamper the ability of these

organizations to function effectively and would cause them to divert funds from purposes which benefit the entire state. It is the purpose of this act to remedy the situation and, in effect, remove the procedural safeguards the Legislature has imposed to permit these organizations to claim their tax exemptions, in order that they may carry out the public policy of this state as expressed in the Constitution.

CHAPTER 85

An act to amend Section 594 of the Code of Civil Procedure, relating to trials.

[Approved by Governor May 13, 1969. Filed with Secretary of State May 13, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 594 of the Code of Civil Procedure is amended to read:

594. 1. In superior courts and municipal courts either party may bring an issue to trial or to a hearing, and, in the absence of the adverse party, unless the court, for good cause, otherwise directs, may proceed with his case and take a dismissal of the action, or a verdict, or judgment, as the case may require; provided, however, if the issue to be tried is an issue of fact, proof shall first be made to the satisfaction of the court that the adverse party has had five days' notice of such trial. If the adverse party has served notice of trial upon the party seeking the dismissal, verdict, or judgment at least five days prior to the trial, the adverse party shall be deemed to have had such notice.

2. In justice courts if either party fails to appear at the time fixed for trial, the trial may proceed at the request of the adverse party. When all the parties served with process have appeared, or when some of them have appeared and the default of the others has been entered, the judge shall fix the day for trial, whether the issue be one of law or fact, and the day fixed for trial shall be entered on the docket. Notice of the day fixed for trial shall be given, as herein provided, to the parties to the action who have appeared. Such notice shall be in writing, signed by the judge, or by the clerk if there be a clerk, and substantially in the following form:

You and each of you will please take notice that the undersigned judge before whom the above-entitled cause is pending, has set for hearing the demurrer of _____, filed in said cause (or has set the said cause for trial, as the case may be), before me at my office in said judicial district, at _____ o'clock, ____m., on the _____ day of _____, 19___.

Dated this _____ day of _____, 19___.

(Signed) _____,
Judge.

By _____,
Clerk (if signed by clerk).

When a party has appeared by attorney, the notice may be served upon the attorney either personally, by mail, or in the manner prescribed by subdivision 1 of Section 1011.

When a party appears in person, he shall leave with the judge, or with the clerk if there be a clerk, an address where service of such notice may be made, which shall be entered upon the docket; and such notice may, if the address is within the county in which the cause is pending, be served on the party personally if he can be found at the address; otherwise, it may be served by mail in the manner hereinafter specified

When such notice is personally served, it shall be served at least five days before the day fixed for trial, and may be served by any person competent to serve a summons in such justice court. It shall be served, returned, and filed in the same manner as a summons.

When such notice is served by mail, it shall be served as follows: For each person who is to be served with such notice, the judge, or clerk if there be a clerk, shall place a copy of such notice in an envelope, seal it, address it to the person on whom it is to be served at his place of residence (or at his office if he is an attorney), and deposit it in the post office at least 10 days before the day fixed for the trial, with the postage prepaid thereon.

When such notice is served by mail, the judge shall enter on his docket the date of mailing such notice, and the entry shall be prima facie evidence of the fact of service

CHAPTER 86

An act to amend Section 32 of Chapter 1 of the Statutes of the 1968 First Extraordinary Session of the Legislature, relating to the homeowner's property tax exemption, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 14, 1969 Filed with Secretary of State May 14, 1969]

The people of the State of California do enact as follows:

SECTION 1. Section 32 of Chapter 1 of the Statutes of the 1968 First Extraordinary Session of the Legislature is amended to read:

Sec. 32. For the 1968–1969 fiscal year only, the one hundred eighty-three million seven hundred fifty thousand dollars ($183,750,000) appropriated by Section 30 from the Homeowner's Property Tax Relief Fund shall be allocated in the manner specified in Section 33.5 and in the following manner:

(a) Between the lien date in 1969 and 5 o'clock p.m. on May 23, 1969, the assessor shall make claim forms available which shall include a statement in all claims for the homeowners' property tax exemption for the 1969–1970 fiscal year to determine if the homeowners also owned and occupied a dwelling entitled to the homeowner's property tax exemption as their principal place of residence on the lien date in 1968. The assessor shall also make claim forms available between the lien date in 1969 and 5 o'clock p.m. on May 23, 1969, for any person who owned such a dwelling in the county on the lien date in 1968, which they occupied on that date as their principal place of residence and which was assessed for ad valorem property taxes for the 1968–1969 fiscal year. Such forms shall be filed by the taxpayer between the lien date and May 23, 1969. Out of the funds authorized for allocation pursuant to this section, fifty cents ($0.50) shall be allocated during the 1968–1969 fiscal year to each county and city and county for each application certified by the assessor of such county or city and county pursuant to this section. The preceding sentence shall apply only to the 1968–1969 fiscal year and is intended to assist counties with the initial expense of administration of the homeowner's property tax exemption.

The State Board of Equalization shall prescribe the contents of the claims forms to be made available by assessors and shall notify assessors of the contents specified, on or before December 31, 1968. Each assessor shall incorporate the specifications on the claims forms he makes available. The board may also prescribe rules and regulations to govern assessors in processing claims for payments for property tax relief to homeowners for the 1968–1969 fiscal year.

(b) All claims received and approved by the assessor pursuant to subdivision (a) for the lien date in 1968 shall be compiled into a certified list by the assessor containing the name and current mailing address of each claimant entitled to the homeowners' property tax exemption for the 1968–1969 fiscal year The list shall be mailed to the Controller on or before May 15, 1969; provided, however, that a supplemental list of claims filed between April 16, 1969, and May 23, 1969, shall be mailed to the Controller on or before July 1, 1969.

(c) On or before June 15, 1969 (or August 1, 1969, in the case of claimants on a supplemental list), the Controller shall draw his warrant in the amount of seventy dollars ($70) in favor of each authorized claimant on an assessor's list submitted pursuant to subdivision (b). The warrant shall be accompanied by a statement that the amount so paid is property tax relief provided by the Legislature.

The addition of Section 1d to Article XIII of the State Constitution proposed by Senate Constitutional Amendment No. 1 of the 1968 First Extraordinary Session will not be presented to the voters until November 5, 1968, which will occur too late to provide property tax relief to homeowners for the 1968–1969 fiscal year in the manner otherwise provided by law. It is the purpose of this section to provide a different means of allocating such relief to homeowners for the 1968–1969 fiscal year only.

(d) Out of the funds authorized for allocation pursuant to this section, the sum of two hundred fifty thousand dollars ($250.000) shall be retained by the Controller to carry out the duties imposed on him by this section.

(e) The payments made pursuant to subdivision (c) are in lieu of the exemption provided for in Section 218 of the Revenue and Taxation Code. Only one payment shall be allowed for each dwelling pursuant to this section and the assessor shall not certify claims for the same dwelling from more than one person.

Any allocation made or expense incurred pursuant to this section in connection with claims for the homeowner's property tax exemption filed for the 1968–1969 fiscal year shall be considered as having been made or incurred during such fiscal year for purposes of this section.

SEC. 2. Notwithstanding the provisions of Section 255.1 of the Revenue and Taxation Code, affidavits required for the homeowner's property tax exemption from property taxation for the 1969–1970 fiscal year may be filed no later than 5 o'clock p.m on May 23, 1969.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The large number of claims filed for the homeowner's property tax exemption has made it difficult for all eligible homeowners to file their claims by April 15, 1969, and for county assessors to process these claims by May 15, 1969. This act will remove the procedural bars to the filing and processing of these claims, in order that the public purpose expressed in the Constitution may be carried out. In order for this remedy to be available as soon as possible, it is necessary that this act go into immediate effect.

CHAPTER 87

An act to amend Sections 660, 664.5, and 667a of the Code of Civil Procedure, relating to civil actions.

[Approved by Governor May 15, 1969. Filed with Secretary of State May 15, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 660 of the Code of Civil Procedure is amended to read:

660. On the hearing of such motion, reference may be had in all cases to the pleadings and orders of the court on file, and when the motion is made on the minutes, reference may also be had to any depositions and documentary evidence offered at the trial and to the report of the proceedings on the trial taken by the phonographic reporter, or to any certified transcript of such report or if there be no such report or certified transcript, to such proceedings occurring at the trial as are within the recollection of the judge; when the proceedings at the trial have been phonographically reported, but the reporter's notes have not been transcribed, the reporter must upon request of the court or either party, attend the hearing of the motion and shall read his notes, or such parts thereof as the court, or either party, may require.

The hearing and disposition of the motion for a new trial shall have precedence over all other matters except criminal cases, probate matters and cases actually on trial, and it shall be the duty of the court to determine the same at the earliest possible moment.

Except as otherwise provided in Section 12a of this code, the power of the court to rule on a motion for a new trial shall expire 60 days from and after the mailing of notice of entry of judgment by the clerk of the court pursuant to Section 664.5 or 60 days from and after service on the moving party by any party of written notice of the entry of the judgment, whichever is earlier, or if such notice has not theretofore been given, then 60 days after filing of the notice of intention to move for a new trial. If such motion is not determined within said period of 60 days, or within said period as thus extended, the effect shall be a denial of the motion without further order of the court. A motion for a new trial is not determined within the meaning of this section until an order ruling on the motion (1) is entered in the permanent minutes of the court or (2) is signed by the judge and filed with the clerk. The entry of a new trial order in the permanent minutes of the court shall constitute a determination of the motion even though such minute order as entered expressly directs that a written order be prepared, signed and filed. The minute entry shall in all cases show the date on which the order actually is entered in the permanent minutes, but failure to comply with this direction shall not impair the validity or effectiveness of the order.

SEC. 2. Section 664.5 of the Code of Civil Procedure is amended to read:

664.5. Promptly upon entry of judgment in a contested action or special proceeding in a superior or municipal court, the clerk of the court shall mail notice of entry of judgment to all parties who have appeared in the action or special pro-

ceeding and shall execute a certificate of such mailing and place it in the court's file in the cause. For purposes of this section, "judgment" includes any judgment, decree, or signed order from which an appeal lies.

Upon order of the court in any action or special proceeding, the clerk shall mail notice of entry of any judgment or ruling, whether or not appealable.

SEC. 3. Section 667a of the Code of Civil Procedure is amended to read:

667a. Promptly upon entry of judgment in a contested action or special proceeding in a justice court, the clerk of the court or the judge shall mail notice of entry of judgment to all parties who have appeared in the action or special proceeding and shall execute a certificate of such mailing and place it in the court's file in the cause. For purposes of this section, "judgment" includes any judgment, decree, or signed order from which an appeal lies.

Upon order of the court in any action or special proceeding, the clerk or the judge shall mail notice of entry of any judgment or ruling, whether or not appealable.

CHAPTER 88

An act to amend Section 224 of, and to add Section 271.4 to, the Revenue and Taxation Code, relating to property tax exemptions and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 20, 1969. Filed with Secretary of State May 20, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 224 of the Revenue and Taxation Code is amended to read:

224. The personal effects and household furnishings of any person in excess of the amount of any exemption allowed to the person on any property pursuant to Section 10½ of Article XIII of the State Constitution shall be exempt from taxation.

The phrase "personal effects and household furnishings" does not include boats, aircraft, vehicles, or personalty held or used in connection with a trade, profession or business.

SEC. 2. Section 271.4 is added to the Revenue and Taxation Code, to read:

271.4. When property is acquired after the beginning of any fiscal year by an organization qualified for the college, cemetery, church, exhibition, orphanage or welfare exemption and the property is of a kind which would have qualified for an exemption if it had been owned by such organization on the lien date, whether or not that organization was in existence on the lien date, the tax and any penalty or interest imposed thereon shall be canceled in the proportion that the num-

ber of days for which the property was so qualified during the fiscal year bears to 365. The tax, and penalty or interest shall be canceled pursuant to Article 1 (commencing with Section 4986) of Chapter 4 of Part 9 of this division, as if it had been levied or charged erroneously, and, if paid, a refund thereof shall be made pursuant to Article 1 (commencing with Section 5096) of Chapter 5 of Part 9 of this division, as if it had been erroneously collected, if an appropriate application for exemption is made on or before the first day of March of the calendar year next succeeding the calendar year in which the property was acquired.

SEC. 3. Notwithstanding any other provision of law, 75 percent of any tax and all of any penalty or interest on the total tax, for any fiscal year commencing during the calendar year 1968 on property owned by any organization qualified for the church exemption pursuant to Sections 206 and 206.1 of the Revenue and Taxation Code which was acquired by it during that calendar year after the lien date in that year but prior to October 5, 1968, and of a kind that presently qualifies for the church exemption and that would have so qualified for such fiscal year had it been owned by such organization on such lien date, shall be canceled pursuant to Article 1 (commencing with Section 4986) of Chapter 4 of Part 9 of Division 1 of the Revenue and Taxation Code as if it had been levied or charged erroneously and, if paid, a refund thereof shall be made pursuant to Article 1 (commencing with Section 5096) of Chapter 5 of Part 9 of Division 1 of the Revenue and Taxation Code as if it had been erroneously collected. Any cancellation or refund made pursuant to this section shall be made notwithstanding any limitation upon the time within which such cancellation or refund could otherwise be made; however, no claim for a cancellation or refund of taxes pursuant to this section shall be granted if an appropriate application for exemption is not filed on or before 30 days after this act is enacted into law.

SEC. 4. This act is an urgency statute, necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Some organizations qualified for the church exemption pursuant to Sections 206 and 206.1 of the Revenue and Taxation Code purchased property during the 1968 calendar year, after the lien date for that year, which property was taxed for the fiscal year 1968–69, although it would have been exempt from taxation for that year by reason of the church exemption had it been acquired prior to such lien date. If required to meet such tax obligation, the ability of such organizations to function effectively will be seriously impaired to the great detriment of our state. This act will remedy that situation, and in so doing, the public policy of the state for the exemption of property owned by religious organizations, as expressed in

Section 1½ of Article XIII of the Constitution, will be subserved and the state as a whole will benefit.

In addition, there is nonuniformity in the manner in which assessors are applying the exemption for personal effects and household furnishings and in order to avoid confusion and to assure that all persons in the same circumstances throughout the state will be treated equally, it is necessary to immediately clarify the intention of the Legislature in providing the exemption.

CHAPTER 89

An act to amend Section 17 of the San Benito County Water Conservation and Flood Control District Act (Chapter 1598 of the Statutes of 1953), relating to the San Benito County Water Conservation and Flood Control District.

[Approved by Governor May 20, 1969. Filed with Secretary of State May 20, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 17 of the San Benito County Water Conservation and Flood Control District Act (Chapter 1598 of the Statutes of 1953) is amended to read:

Sec. 17. The board shall have power, in any year:

To levy taxes upon all land in each or any of said zones, or in the case of zones created for flood control, on all land and the improvements thereon, according to benefits derived or to be derived therein to pay the cost and expenses of carrying out any of the objects or purposes of this act of benefit to such zones, including the administering, constructing, maintaining, operating, extending, repairing, or otherwise improving any or all works of improvement established or to be established within or on behalf of said respective zones and, additionally, within the administrative assessment zone, for the administrative costs of all such zones. Said taxes shall be based upon the assessment rolls used by the county for general tax purposes.

In the event of project cooperation with any of the governmental bodies as authorized in subdivision 7 of Section 6 of this act, and the making of a contract with any such governmental body for the purposes set forth in said subdivision 7, by the terms of which work is agreed to be performed by any such governmental body, or with reimbursable funds of such governmental body, in any specified zone or participating zones, for the particular benefit thereof, and by said contract it is agreed that the district is to pay to such governmental body, a sum of money in consideration or subvention for the performance of said work by such governmental body, the board may levy and collect a special tax upon the property in such zone or participating zones, whereby to raise funds to enable the district to make such payment.

Said taxes shall be levied and collected together with, and not separately from taxes for county purposes, and the revenues derived from said taxes shall be paid into the county treasury to the credit of said district, and the respective zones thereof, and the board shall have the power to control and order the expenditure thereof for said purposes; provided, however, that no revenues, or portions thereof, derived in any of the several zones from the taxes levied under the provisions of this section shall be expended for constructing, maintaining, operating, extending, repairing or otherwise improving any works or improvements located in any other zone, except in the case of joint projects, or for projects authorized or established outside such zone, or zones, but for the benefit thereof. Notwithstanding the foregoing provision or any other provision of law, any revenues paid into the county treasury to the credit of any zone of the district which the board determines to be not presently needed for any of the objects or purposes for which such revenues may be expended pursuant to this section, may be expended by the board to meet any costs or expenses for the benefit of another zone or the initial expenses associated with the establishment of such other zone, including, but not limited to, any engineering studies; provided, however, that any revenues so expended by the board for the benefit of such borrowing zone shall be repaid into the county treasury to the credit of the lending zone from funds available for expenditure for the benefit of the borrowing zone and within such period of time and at such rate of interest as shall be specified by the board at the time of such expenditure; any funds available for expenditure for the benefit of any zone are hereby authorized to be available for such reimbursement of funds expended for the benefit of the zone. In cases of projects joint to two or more zones, such zones will become, and shall be referred to as, participating zones.

CHAPTER 90

An act to amend Section 565 of the Vehicle Code, relating to special construction equipment.

[Approved by Governor May 20, 1969. Filed with Secretary of State May 20, 1969]

The people of the State of California do enact as follows:

SECTION 1. Section 565 of the Vehicle Code is amended to read:

565. "Special construction equipment" is:

(a) Any vehicle used primarily off the highways for construction purposes and which moves only occasionally over the highways and which because of the length, height, width, or unladen weight may not move over the public highways unladen without the permit specified in Section 35780.

(b) Any vehicle which is designed and used primarily either for grading of highways, paving of highways, earth moving, and other construction work on highways, or for construction or maintenance work on railroad rights-of-way, and which is not designed or used primarily for the transportation of persons or property and which is only incidentally operated or moved over the highway. It includes, but is not limited to, road and railroad construction and maintenance machinery so designed and used such as portable air compressors, air drills, asphalt spreaders, bituminous mixers, bucket loaders, track-type tractors, crawler tractors, ditchers, leveling graders, finishing machines, motor graders, paving mixers, road rollers, scarifiers, earth moving scrapers and carryalls, lighting plants, welders, pumps, water wagons, power shovels and draglines, speed swings, skip loaders, weed mowers, self-propelled and tractor-drawn earth moving equipment and machinery, including dump trucks and tractor-dump trailer combinations which either (1) are in excess of 96 inches in width or (2) which, because of their length, height or unladen weight, may not be moved on a public highway without the permit specified in Section 35780 of this code and which are not operated laden except within the boundaries of the job construction site, and other similar types of construction equipment.

CHAPTER 91

An act to amend Section 22356 of the Vehicle Code, relating to vehicle speed limits.

[Approved by Governor May 20, 1969. Filed with Secretary of State May 20, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 22356 of the Vehicle Code is amended to read:

22356. Whenever the Department of Public Works, after consultation with the Department of the California Highway Patrol, determines upon the basis of an engineering and traffic survey on existing freeway segments, or upon the basis of appropriate design standards and projected traffic volumes in the case of newly constructed freeway segments, that a speed greater than 65 miles per hour would facilitate the orderly movement of vehicular traffic and would be reasonable and safe upon any state highway or portion thereof which is a freeway with full control of access and without crossings at grade otherwise subject to a maximum speed limit of 65 miles per hour, the Secretary of the Business and Transportation Agency may declare a higher maximum speed of 70 miles per hour, and shall cause appropriate signs to be erected giving notice thereof.

No person shall drive a vehicle upon such highway at a speed greater than 70 miles per hour.

CHAPTER 92

An act to amend Section 31 of the Santa Clara County Flood Control and Water District Act (Chapter 1405 of the Statutes of 1951), relating to the Santa Clara County Flood Control and Water District.

[Approved by Governor May 20, 1969. Filed with Secretary of State May 20, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 31 of the Santa Clara County Flood Control and Water District Act (Chapter 1405 of the Statutes of 1951) is amended to read:

Sec. 31. The legal title to all property, except shares of stock in mutual water companies or corporations, as provided in Section 31d of Article IV of the Constitution, acquired under the provisions of this act shall immediately and by operation of law vest in said district, and shall be held by said district, in trust for, and is hereby dedicated and set apart to, the uses and purposes set forth in this act. The board is hereby authorized and empowered to hold, use, acquire, manage, occupy and possess said property, as herein provided; and said board may determine, by resolution duly entered in their minutes that any real property, or interest therein, held by said district is no longer necessary to be retained for the uses and purposes thereof, and may thereafter sell, lease or otherwise dispose of said property pursuant to this section.

Real property which, in the unanimous judgment of the board does not have a sale value in excess of five hundred dollars ($500), or a rental value in excess of fifty dollars ($50) per month, as determined by a qualified land appraiser, or which has no access to a public road, or which consists of an easement for ingress and egress to property which, by the terms of said easement will terminate when ingress and egress is supplied to said property by a public road may be sold, leased, or conveyed by the board on terms prescribed by it.

The board may reconvey real property to the former owner by whom such property was conveyed, or from whom such property was condemned by the district, or his successor in interest for a price not less than that paid by the district for such property.

The board may by a five-sevenths vote exchange real property of equal value with any person, firm or corporation for the purpose of removing defects in the title to real property owned by the district or where the real property to be exchanged is not required for district use and the property to be acquired is required for district use.

The board may convey easements to public utility corporations in the manner prescribed by Section 50335 of the Government Code.

The board may vacate public service easements in the manner prescribed by Sections 50430 through and including 50445 of the Government Code.

In all other cases, the board shall be governed in the sale or lease or other disposition of real property by the requirements of Sections 25526, 25527, 25530 through and including 25535 of the Government Code providing for such action by counties; provided, however, that notice of the board's intended action shall be as prescribed in Section 25363 of the Government Code.

The board may by a five-sevenths vote sell, lease, or otherwise transfer to the state, the County of Santa Clara, or to any city, school district or other special district within the Santa Clara County Flood Control and Water District, or exchange with such public entities any real or personal property or interest therein belonging to the district upon such terms and conditions as are agreed upon.

The board shall establish regulations for the trade in, survey, sale or other disposition of personal property held by said district and no longer necessary to be retained for the uses and purposes thereof; provided, that any sale of personal property having a sale value in excess of one hundred dollars ($100), as determined by the board, shall be made upon public bid preceded by notice of the board's intended action given as prescribed in Section 25363 of the Government Code.

CHAPTER 93

An act relating to the average daily attendance of pupils, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 20, 1969. Filed with Secretary of State May 20, 1969.]

The people of the State of California do enact as follows:

SECTION 1. During the fiscal year 1968–1969, all districts maintaining a kindergarten shall report separately on the second period and the fiscal year attendance reports, the days of attendance for all single session kindergarten classes that were maintained after November 13, 1968, for less than 180 minutes with a full-time teacher, less than 180 minutes with a part-time teacher, or 180 minutes or more with a part-time teacher.

For the time such classes were maintained, the Superintendent of Public Instruction shall multiply those days of attendance reported by the ratio that the minutes the classes were maintained bears to 180, and by the ratio that the time for which the teacher was employed bears to the time of employment of a full-time teacher. Such adjusted days of attendance shall then be added to the days of attendance which met the statutory requirements, before computing the aver-

age daily attendance for the period, pursuant to Section 11301 of the Education Code.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to provide for a more equitable apportionment of funds in the 1968–1969 fiscal year to school districts maintaining a kindergarten, and in order that the intent of the Legislature that the apportionment of funds be based upon the amount of services provided take place at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 94

An act to add Section 24050 to the Business and Professions Code, relating to alcoholic beverages, and declaring the urgency thereof to take effect immediately.

[Approved by Governor May 20, 1969. Filed with Secretary of State May 20, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 24050 is added to the Business and Professions Code, to read:

24050. Notwithstanding any other provision of law, if the department finds that the seasonal business of an on-sale general licensee for seasonal business has been impaired because of conditions resulting from natural disaster, it may issue an extension to such a general license for seasonal business in an area declared to be a disaster area by the Governor. The provisions of this section shall have no force and effect after December 31, 1969.

SEC. 2. This act is an urgency statute necessary for the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The flooding and extraordinary snowfall caused by recent disastrous storms have rendered inaccessible for long periods of time many recreational areas and sports facilities throughout this state. Persons holding on-sale general alcoholic beverage licenses for seasonal business are located in these areas, and rely for most of their business upon those persons who, but for the closing of the areas by storms, would visit the areas for sports and recreational purposes during a part of the year. In many of these areas the on-sale general seasonal licenses issued by the Department of Alcoholic Beverage Control will expire on the last day of March, 1969. Present regulations of the department prohibit the issuance of a seasonal license for more than three consecutive calendar quarters during any

12-month period. The formerly closed areas are once more accessible to visitors, and further great loss of business will result to the holders of these licenses unless the licenses may be extended by the department. It is therefore necessary that this act go into immediate effect.

CHAPTER 95

An act to amend Section 33445 of the Health and Safety Code, relating to property redevelopment, and declaring the urgency thereof, to take effect immediately.

The people of the State of California do enact as follows:

SECTION 1. Section 33445 of the Health and Safety Code is amended to read:

33445. Notwithstanding the provisions of Section 33440 an agency may, with the consent of the legislative body, pay all or part of the value of the land for and the cost of the installation and construction of any building, facility, structure, or other improvement which is publicly owned either within or without a project area, to the extent that such buildings, facilities, structures, or other improvements are of benefit to the project area.

When the value of such land or the cost of the installation and construction of such building, facility, structure, or other improvement, or both, has been, or will be, paid or provided for initially by the community or other public corporation, the agency may enter into a contract with the community or other public corporation under which it agrees to reimburse the community or other public corporation for all or part of the value of such land or all or part of the cost of such building, facility, structure, or other improvement, or both, by periodic payments over a period of years.

The obligation of the agency under such contract shall constitute an indebtedness of the agency for the purpose of carrying out the redevelopment project for such project area, which indebtedness may be made payable out of taxes levied in such project area and allocated to the agency under subdivision (b) of Section 33670, or out of any other available funds.

In a case where such land has been or will be acquired by, or the cost of the installation and construction of such building, facility, structure or other improvement has been paid by, a parking authority, joint powers entity, or other public corporation to provide a building, facility, structure, or other improvement which has been or will be leased to the community, such contract may be made with, and such reimbursement may be made payable to, the community.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

For the effective implementation of the Community Redevelopment Law and the preservation of the health and welfare of the citizens of this state, it is essential that the provisions of this act, which further delineate the relationship of redevelopment agencies and the communities they serve. take effect immediately.

CHAPTER 96

[Approved by Governor May 20, 1969. Filed with Secretary of State May 20, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 71140.1 of the Government Code is amended to read:

71140.1. The attachés of a municipal court may reside in counties adjoining the county in which they are employed.

(c) "Military service" signifies federal service after October 1, 1940, on active duty with any branch of service heretofore referred to or mentioned as well as training or education under the supervision of the United States preliminary to induction into the military service. The terms "active service" or "active duty" include the period during which a person in military service is absent from duty on account of sickness, wounds, leave, or other lawful cause.

SEC. 3. Section 10515 of the Business and Professions Code is amended to read:

10515. Application for license as mineral, oil and gas broker shall be made in writing to the commissioner. The application shall be accompanied by the mineral, oil and gas broker license examination fee.

CHAPTER 99

An act to repeal Section 9816 of the Business and Professions Code, relating to electronic repair dealers.

[Approved by Governor May 20, 1969. Filed with Secretary of State May 20, 1969.]

The people of the State of California do enact as follows:

An act to add Section 30700.6 to the Water Code, relating to county water districts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 20, 1969 Filed with Secretary of State May 20, 1969]

The people of the State of California do enact as follows:

SECTION 1. Section 30700.6 is added to the Water Code, to read:

30700.6. Notwithstanding Section 30021 or any other provision of the law, in the Sierra Lakes County Water District every owner of real property within the district, but no others, may vote at elections for directors or otherwise. Such owners need not be residents of the district in order to qualify as voters. The last equalized county assessment role is conclusive evidence of ownership of the real property so owned. Where land is owned in joint tenancy, tenancy in common, or any other multiple ownership, the owners of such land shall designate in writing which one of the owners shall be deemed the owner of such land for purposes of qualifying as a voter.

The legal representative of a corporation or estate owning real property may vote on behalf of such corporation or estate. As used in this section, legal representative means an official of a corporation owning real property or a guardian, executor, or administrator of the estate of the holder of title to real property who:

(a) Is appointed under the laws of this state.

(b) Is entitled to the possession of the estate's real property.

(c) Is authorized by the appointing court to exercise the particular right, privilege, or immunity which he seeks to exercise.

Before a legal representative votes at a district election he shall present to the precinct board a certified copy of his authority which shall be kept and filed with the returns of the election.

Every voter, or his legal representative, may vote at any district election either in person or by a person duly appointed as his proxy, but shall be entitled to cast only one vote. The appointment of a proxy shall be as provided in Section 35005. Elections shall be conducted pursuant to Article 1 (commencing with Section 35106) of Chapter 2, Part 4, Division 13.

This section shall not affect incumbent directors of the district, but in the event of a vacancy or upon the expiration of each present term, each such director, upon taking office or commencing a new term, shall be a voter as defined in this section.

SEC. 2. The provisions of this section are necessary because a substantial portion of the land in the Sierra Lakes County Water District is owned by persons not resident within the district and the owners, and not the resident nonowners, are primarily concerned with the affairs and support of the district. This problem is not common to all districts formed under the County Water District Law. It is therefore hereby declared that a general law cannot be made applicable and that the enactment of this section as a special law is necessary for the solution of problems existing in the Sierra Lakes County Water District.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety

within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

An election is scheduled for November of 1969, and to effectuate the purposes of this act it is necessary that its provisions be effective immediately.

The work may be done by day labor under the direction of the board, by contract, or by a combination of the two. If the work is done wholly or in part by contract, the contractor shall be paid the actual cost of the use of machinery and tools and of material, and labor and compensation insurance expended by him in doing the work, plus not more than 15 percent to cover all profits and administration. No more than the lowest current market prices shall be paid for materials whenever possible. The board may waive the requirements of Section 4200 for work performed pursuant to this section.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

There has been extensive flooding in San Bernardino County resulting in considerable danger to persons and damage to property. Unless emergency flood control works are undertaken immediately there will be further flooding and damage. In order to enable the San Bernardino County Flood Control District to take effective action to protect against such danger of further flooding it is necessary that this act go into immediate effect.

Notwithstanding the provisions of Section 335.1, state funds appropriated for this project may be expended prior to the appropriation of construction funds for such project by the Congress.

CHAPTER 103

An act to add Section 1314 to the Insurance Code, relating to reciprocal insurers.

[Approved by Governor May 22, 1969. Filed with Secretary of State May 22, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 1314 is added to the Insurance Code, to read:

1314. Any reciprocal or interinsurance exchange, domestic or foreign, which has obtained a certificate of surplus under Section 1401, and whose subscribers by such order have no liability for assessment, may issue a policy of insurance required under Article 4 (commencing with Section 11620) of Chapter 1 of Part 3 of Division 2 of this code without requiring such insured to become a member of or a subscriber to such reciprocal or interinsurance exchange.

The attorney-in-fact, agent, or other representatives duly authorized and acting for the regular subscribers of such reciprocal or interinsurance exchange, shall have the same power and authority to act for any such person becoming an insured under Article 4 (commencing with Section 11620) of Chapter 1 of Part 3 of Division 2 of this code as authorized or required under any documents required to be filed with the commissioner under Article 3 (commencing with Section 1320) of Chapter 3 of Part 2 of Division 1 of this code.

CHAPTER 105

An act to maintain the Insurance Code by amending Sections 383.5, 10291.5, 10293, and 11580.2, relating to insurance.

[Approved by Governor May 22, 1969. Filed with Secretary of State May 22, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 383.5 of the Insurance Code is amended to read:

383.5. "Document," as used in this section, means a policy or a certificate evidencing insurance under a master policy. Such policy or certificate shall conform to Section 381 and shall segregate the premiums charged for each risk insured against. Such a certificate, in lieu of specifying the risks insured against, may designate them by name or by description.

"Owner" as used in this section means any person who is named as an insured in such contract of insurance or document, or in a loss payable clause therein, and, whether or not he is named therein, the vendee, pledgor, or chattel mortgagor of a motor vehicle where insurance contracts subject to this section are procured with respect to the motor vehicle by or on behalf of either party to the purchase, pledge, or mortgage.

Every contract of insurance against hazards incident to ownership, maintenance, operation and use of motor vehicles shall be embodied in a document.

The original or true copy of such document shall be delivered to each owner. Where it is executed by an insurer, the insurer shall deliver the original or a true copy:

(a) To the agent or broker who negotiated the insurance, for delivery to each owner of the motor vehicle, or

(b) To each owner of the motor vehicle.

Any owner whose interest in the insured vehicle is for security purposes only may by written notice to the insurer waive delivery of such policy and in lieu thereof there shall be delivered to such owner a written certificate of insurance setting forth in brief form the matters specified in Section 381.

The agent or broker receiving such original or copy shall deliver one to each owner. Where coverage subject to this

section is evidenced by a document executed by an agent licensed under Chapter 5, Part 2, of this division, and not by an insurer, the agent and not the insurer is responsible for delivery of the original or a true copy to each owner.

The licenses of any agent or broker found by the commissioner after hearing to have violated this section may be suspended or revoked in accordance with the procedure provided in Article 13 of Chapter 5, Part 2, of this division, or the certificate of authority of any insurer found by the commissioner after hearing to have violated this section may be suspended or revoked in accordance with the procedure provided in Section 704.

The purpose of this section is to prevent fraud or mistake in connection with the transaction of insurance covering motor vehicles and in furtherance of that purpose the commissioner may make reasonable rules and regulations therefor. Such rules and regulations shall be adopted, amended or repealed in accordance with the procedure provided in Chapter 4.5 (commencing with Section 11371), Part 1, Division 3, Title 2 of the Government Code.

SEC. 2. Section 10291.5 of the Insurance Code is amended to read:

10291 5. (a) The purpose of this section is to prevent, in respect to disability insurance, fraud, unfair trade practices, and insurance economically unsound to the insured.

(b) The commissioner shall not approve any disability policy for issuance or delivery in this state:

(1) If he finds that it contains any provision, or has any label, description of its contents, title, heading, backing, or other indication of its provisions which is unintelligible, uncertain, ambiguous, or abstruse, or likely to mislead a person to whom the policy is offered, delivered, or issued.

(2) If it contains any provision for payment at a rate, or in an amount (other than the product of rate times the periods for which payments are promised) for loss caused by particular event or events (as distinguished from character of physical injury or illness of the insured) more than triple the lowest rate, or amount, promised in the policy for the same loss caused by any other event or events (loss caused by sickness, loss caused by accident, and different degrees of disability each being considered, for the purpose of this paragraph, a different loss); or if it contains any provision for payment for any confining loss of time at a rate more than six (6) times the least rate payable for any partial loss of time or more than twice the least rate payable for any nonconfining total loss of time; or if it contains any provision for payment for any nonconfining total loss of time at a rate more than three (3) times the least rate payable for any partial loss of time.

(3) If it contains any provision for payment for disability caused by particular event or events (as distinguished from character of physical injury or illness of the insured) payable for a term more than twice the least term of payment

provided by the policy for the same degree of disability caused by any other event or events; or if it contains any benefit for total nonconfining disability payable for lifetime or for more than twelve (12) months and any benefit for partial disability, unless such benefit for partial disability is payable for at least three (3) months; or if it contains any benefit for total confining disability payable for lifetime or for more than twelve (12) months, unless it also contains benefit for total nonconfining disability caused by the same event or events payable for at least three (3) months, and, if it also contains any benefit for partial disability, unless such benefit for partial disability is payable for at least three (3) months. The provisions of this paragraph shall apply separately to accident benefits and to sickness benefits.

(4) If it contains provision or provisions which would have the effect, upon any termination of the policy, of reducing or ending such liability as the insurer would have, but for such termination, for loss of time resulting from accident occurring while the policy is in force or for loss of time commencing while the policy is in force and resulting from sickness contracted while the policy is in force or for other losses resulting from accident occurring or sickness contracted while the policy is in force, and also contains provision or provisions reserving to the insurer the right to cancel or refuse to renew the policy, unless it also contains other provision or provisions the effect of which is that termination of the policy as the result of the exercise by the insurer of any such right shall not reduce or end such liability in respect to the hereinafter specified losses as the insurer would have had under the policy, including its other limitations, conditions, reductions and restrictions, had the policy not been so terminated.

The specified losses referred to in the preceding paragraph are:

(i) Loss of time which commences while the policy is in force and results from sickness contracted while the policy is in force,

(ii) Loss of time which commences within twenty (20) days following and results from accident occurring while the policy is in force,

(iii) Losses which result from accident occurring or sickness contracted while the policy is in force and arise out of the care or treatment of illness or injury and which occur within ninety (90) days from such termination of the policy or during a period of continuous compensable loss or losses which period commences prior to the end of such ninety (90) days, and

(iv) Losses other than those specified in (i), (ii) or (iii) above which result from accident occurring or sickness contracted while the policy is in force and which losses occur within ninety (90) days following such accident or the contraction of such sickness.

(5) If by any caption, label, title or description of contents the policy states, implies, or infers without reasonable qualification that it provides loss of time indemnity for lifetime, or for any period of more than two years, if such loss of time indemnity is made payable only when house confined or only under special contingencies not applicable to other total loss of time indemnity.

(6) If it contains any benefit for total confining disability payable only upon condition that the confinement be of an abnormally restricted nature unless the caption of the part containing any such benefit is accurately descriptive of the nature of the confinement required and unless if the policy have a description of contents, label, or title at least one of them contain reference to such nature of the confinement required.

(7) If, irrespective of the premium charged therefor, any benefit of the policy is, or the benefits of the policy as a whole are, not sufficient to be of real economic value to the insured.

In determining whether benefits are of real economic value to the insured, the commissioner shall not differentiate between insureds of the same or similar economic or occupational classes and shall give due consideration to the following:

(i) The right of insurers to exercise sound underwriting judgment in the selection and amounts of risks.

(ii) Amount of benefit, length of time of benefit, nature or extent of benefit, or any combination of such factors.

(iii) The relative value in purchasing power of the benefit or benefits.

(iv) Differences in insurance issued on an industrial or other special basis.

To be of real economic value, it shall not be necessary that any benefit or benefits cover the full amount of any loss which might be suffered by reason of the occurrence of any hazard or event insured against.

(8) If it substitutes a specified indemnity upon the occurrence of accidental death for any benefit of the policy, other than a specified indemnity for dismemberment, which would accrue prior to the time of such death or if it contains provision which has the effect other than at the election of the insured exercisable within not less than twenty (20) days in the case of benefits specifically limited to the loss by removal of one or more fingers or one or more toes or within not less than ninety (90) days in all other cases:

(i) Of substituting, upon the occurrence of the loss of both hands, both feet, one hand and one foot, the sight of both eyes or the sight of one eye and the loss of one hand or one foot, some specified indemnity for any or all benefits under the policy unless the indemnity so specified is equal to or greater than the total of the benefit or benefits for which such specified indemnity is substituted and which, assuming in all cases that the insured would continue to live, could possibly accrue within four years from the date of such dismemberment under

all other provisions of the policy applicable to the particular event or events (as distinguished from character of physical injury or illness) causing the dismemberment; or

(ii) Of substituting, upon the occurrence of any other dismemberment some specified indemnity for any or all benefits under the policy unless the indemnity so specified is equal to or greater than one-fourth of the total of the benefit or benefits for which such specified indemnity is substituted and which, assuming in all cases that the insured would continue to live, could possibly accrue within four years from the date of such dismemberment under all other provisions of the policy applicable to the particular event or events (as distinguished from character of physical injury or illness) causing the dismemberment; or

The insurer and any named insured may by agreement in writing delete the provision covering damage caused by an uninsured motor vehicle. Such deletion by any named insured shall be

binding upon every insured to whom such policy or endorsement provisions apply. A policy shall be excluded from the application of this section if the only coverage with respect to the use of any motor vehicle is limited to the contingent liability arising out of the use of nonowned motor vehicles.

(b) As used in (a) above, "bodily injury" includes sickness or disease, including death, resulting therefrom; the term "named insured" means only the individual or organization named in the declarations of the policy of motor vehicle bodily injury liability insurance referred to in (a) above; as used in (a) above the term "insured" means the named insured and the spouse of the named insured and relatives of either while residents of the same household while occupants of a motor vehicle or otherwise, heirs and any other person while in or upon or entering into or alighting from an insured motor vehicle and any person with respect to damages he is entitled to recover for care or loss of services because of bodily injury to which the policy provisions or endorsement apply; the term "insured motor vehicle" means the motor vehicle described in the underlying insurance policy of which the uninsured motorist endorsement or coverage is a part, a temporary substitute or a newly acquired automobile for which liability coverage is provided in the policy if the motor vehicle is used by the named insured or with his permission or consent, express or implied, and any other automobile not owned by the named insured or any resident of the same household while being operated by the named insured or his spouse if a resident of the same household, but the term "insured motor vehicle" shall not include any automobile while used as a public or livery conveyance. The term "uninsured motor vehicle" means a motor vehicle with respect to the ownership, maintenance or use of which there is no bodily injury liability insurance or bond applicable at the time of the accident, or there is such applicable insurance or bond but the company writing the same denies coverage thereunder or refuses to admit coverage thereunder except conditionally or with reservation, or a motor vehicle used without the permission of the owner thereof if there is no bodily injury liability insurance or bond applicable at the time of the accident with respect to the owner or operator thereof, or the owner or operator thereof be unknown, provided that, with respect to an "uninsured motor vehicle" whose owner or operator is unknown:

(1) The bodily injury has arisen out of physical contact of such automobile with the insured or with an automobile which the insured is occupying.

The term "uninsured motor vehicle" shall not include an automobile owned by the named insured or any resident of the same household or self-insured within the meaning of the safety responsibility law of the state in which the motor vehicle is registered or which is owned by the United States of America, Canada, a state or political subdivision of any such government or an agency of any of the foregoing, or a land motor vehicle or trailer operated on rails or crawlertreads or while located for use as a residence or premises and not as a vehicle, or a farm-type tractor or equipment designed for use principally off public roads, except while actually upon public roads.

In the event of payment to any person under the coverage required by this section and subject to the terms and conditions of such coverage, the insurer making such payment, shall to the extent thereof, be entitled to any proceeds which may be recoverable from the assets of the insolvent insurer through any settlement or judgment of such person against the insolvent insurer.

(c) The insurance coverage provided for in this section does not apply:

(1) To property damage sustained by the insured.

(2) To bodily injury of the insured while in or upon or while entering into or alighting from an automobile other than the described automobile if the owner thereof has insurance similar to that provided in this section.

(d) Subject to paragraph (c)(2), the policy or endorsement may provide that if the insured has insurance available to him under more than one uninsured motorist coverage provision, any damages shall not be deemed to exceed the higher of the applicable limits of the respective coverages, and such damages shall be prorated between the applicable coverages as the limits of each coverage bears to the total of such limits.

(e) The policy or an endorsement added thereto shall provide that the determination as to whether the insured shall be legally entitled to recover damages, and if so entitled, the amount thereof, shall be made by agreement between the insured and the insurer or, in the event of disagreement, by arbitration. The arbitration shall be conducted by a single neutral arbitrator. The provisions of Article 3 (commencing with Section 2016) of Chapter 3 of Title 3 of Part 4 of the Code of Civil Procedure shall be applicable to such determinations, and all rights, remedies, obligations, liabilities and procedures set forth in said Article 3 shall be available to both the insured and the insurer at any time after the accident, both before and after the commencement of arbitration, if any, with the following limitations:

(1) Whenever in said Article 3, reference is made to the court in which the action is pending, or provision is made for application to the court or obtaining leave of court or approval by the court, the court which shall have jurisdiction for the purposes of this section shall be the Superior Court of the State of California, in and for any county which is a proper county for the filing of a suit for bodily injury arising out of the accident, against the uninsured motorist, or any county specified in the policy or an endorsement added thereto as a proper county for arbitration or action thereon.

(4) The provisions of subparagraph (a)(4) of Section 2019 of the Code of Civil Procedure shall not be applicable to discovery under this section.

(5) For the purposes of discovery under this section, the insured and the insurer shall each be deemed to be "a party to the record of any civil action or proceedings," where that phrase is used in subparagraph (b)(2) of Section 2019 of the Code of Civil Procedure.

(6) Interrogatories under the provisions of Section 2030 of the Code of Civil Procedure and requests for admission under Section 2033 may be served by either the insured or the insurer upon the other at any time more than 20 days after the accident without leave of court.

(7) Nothing in this section shall be construed to limit the rights of any party to discovery in any action pending or which may hereafter be pending in any court.

(f) The insurer paying a claim under an uninsured motorist endorsement or coverage shall be entitled to be subrogated to the rights of the insured to whom such claim was paid against any person causing such injury or death to the extent that payment was made. Such action may be brought within three years from the date that payment was made hereunder.

(g) An insured entitled to recovery under the uninsured motorist endorsement or coverage shall be reimbursed within the conditions stated herein without being required to sign any release or waiver of rights to which he may be entitled under any other insurance coverage applicable; nor shall payment under this section to such insured be delayed or made contingent upon the decisions as to liability or distribution of loss costs under other bodily injury liability insurance or any bond applicable to the accident. (1) By the amount paid and the present value of all amounts payable to him under any workmen's compensation law exclusive of nonoccupational disability benefits.

(2) By the amounts paid or due to be paid under any valid and collectible automobile medical payment insurance available to the insured.

(3) By the amount the insured is entitled to recover from any other person insured under the underlying liability insurance policy of which the uninsured motorist endorsement or coverage is a part.

(h) No cause of action shall accrue to the insured under any policy or endorsement provision issued pursuant to this section unless within one year from the date of the accident:

(1) Suit for bodily injury has been filed against the uninsured motorist, in a court of competent jurisdiction, or

(2) Agreement as to the amount due under the policy has been concluded, or

The board shall have power to change the purpose for which the proposed debt is to be incurred, or the amount of bonded debt to be incurred, or the boundaries of said proposed improvement district, or one or all of said matters; provided, however, that said board shall not change such boundaries so as to include any territory which will not, in its judgment, be benefited by said improvement.

The purpose, amount of bonded debt or boundaries shall not be changed by said board except after notices of its intention to do so, given by publication pursuant to Section 6061 of the Government Code in a newspaper printed and published in said Crestline-Lake Arrowhead Water Agency, if there is a newspaper printed and published in such agency, and by posting in six public places within said proposed improvement district. Said notice shall state the changed purpose and debt proposed and that the exterior boundaries as proposed to be changed are set forth on a map on file with the secretary of the agency, which map shall govern for all details as to the extent of the proposed improvement district, and specify the

time and place for hearing on such change, which time shall be at least 10 days after publication or posting of said notice. At the time and place so fixed, or at any time and place to which the hearing is adjourned, the board shall proceed with the hearing. At the hearing any person interested, including any person owning property within the agency or the proposed improvement district, may appear and present any matters material to the changes stated in the notice. At the conclusion of the hearing the board shall by resolution determine whether it is deemed necessary to incur the bonded indebtedness, and, if so, the resolution shall also state the purpose for which said proposed debt is to be incurred, the amount of the proposed debt, that the exterior boundaries of the portion of the agency which will be benefited are set forth on a map on file with the secretary of the agency, which map shall govern for all details as to the extent of the improvement district, and that said portion of the agency set forth on said map shall thereupon constitute and be known as "Improvement District No. _____ of Crestline-Lake Arrowhead Water Agency," and the determinations made in said resolution shall be final and conclusive. After the formation of such improvement district within the Crestline-Lake Arrowhead Water Agency pursuant to this section, all proceedings for the purpose of a bond election shall be limited, and shall apply only to the improvement district, and taxes for the payment of said bonds and the interest thereon shall be levied exclusively upon the taxable property in the improvement district.

After the board has made its determination of the matters required to be determined by said last mentioned resolution, and if the board deems it necessary to incur the bonded indebtedness, the board shall by a further resolution call a special election in said improvement district for the purpose of submitting to the qualified voters thereof the proposition of incurring indebtedness by the issuance of bonds of the agency for said improvement district. Said resolution shall state: (a) that the board deems it necessary to incur the bonded indebtedness; (b) the purpose for which the bonded indebtedness will be incurred; (c) the amount of debt to be incurred; (d) the improvement district to be benefited by said indebtedness, as set forth in the resolution making determinations and that a map showing the exterior boundaries of said improvement district is on file with the secretary of the agency, which map shall govern for all details as to the extent of the improvement district; (e) that taxes for the payment of such bonds and the interest thereon shall be levied exclusively upon the taxable property in said improvement district; (f) the maximum term the bonds proposed to be issued shall run before maturity, which shall not exceed 40 years; (g) the maximum rate of interest to be paid, which shall not exceed 7 percent per annum, payable semiannually, except that interest for the first year may be payable at the end of the said year; (h) the measure to be submitted to the voters;

(i) the date upon which an election shall be held for the purpose of authorizing said bonded indebtedness to be incurred; and (j) the designation of precincts, the location of polling places, and the names of the officers selected to conduct the election, who shall consist of one judge, one inspector and two clerks in each precinct.

The board of directors shall provide for holding such special election on the day so fixed and in accordance with the provisions of the Elections Code so far as the same shall be applicable, except as herein otherwise provided. Notice of the holding of such election shall be given by publishing pursuant to Section 6066 of the Government Code the resolution calling the election prior to the date of the proposed election in at least one newspaper printed and published in the Crestline-Lake Arrowhead Water Agency, if there is a newspaper printed and published in such agency. Such resolution shall also be posted in three public places in such improvement district not less than two weeks prior to the date of the proposed election. No other notice of such election need be given.

The returns of such election shall be made, the votes canvassed by said board of directors within seven days, following said election, and the results thereof ascertained and declared in accordance with the provisions of the Elections Code so far as they may be applicable, except as in this act otherwise provided. The secretary of the board of directors, as soon as the result is declared, shall enter in the records of such board a statement of such results. No irregularities or informalities in conducting such election shall invalidate the same, if the election shall have otherwise been fairly conducted.

Any action or proceeding, wherein the validity of the formation of the improvement district or of any such bonds or of the proceedings in relation thereto is contested, questioned or denied, shall be commenced within three months from the date of such election; otherwise, said bonds and all proceedings in relation thereto, including the formation of the improvement district, shall be held to be valid and in every respect legal and incontestable.

SEC. 3. Section 19.5 is added to the Crestline-Lake Arrowhead Water Agency Act (Chapter 40 of the Statutes of 1962 First Extraordinary Session), to read:

(b) The bonds are issued for the same purpose as that for which said unissued bonds were authorized; and

(c) The bonds are issued in accordance with the provisions of this act, except for the requirement of a bond election.

Bonds issued pursuant to this section may bear interest at a rate or rates not to exceed 7 percent per year, payable semiannually, except that interest for the first year may be payable at the end of that year. When bonds are issued pursuant to this section, unissued bonds as referred to in subdivisions (a) and (b) above in a principal amount at least equal to the principal amount of bonds issued pursuant to this section, shall be canceled by order of the board and shall not be issued.

SEC. 4. Section 22 of the Crestline-Lake Arrowhead Water Agency Act (Chapter 40 of the Statutes of 1962 First Extraordinary Session) is amended to read:

Sec. 22. If from the returns it appears that more than two-thirds of the votes cast in an election held pursuant to the provisions of Section 18 or of Section 19 of this act, were in favor of and assented to the incurring of such indebtedness, then the board of directors may, by resolution, at such time or times as it deems proper, issue bonds of the agency for the whole or any part of the amount of the indebtedness so authorized and may from time to time provide for the issuance of such amounts as the necessity thereof may appear, until the full amount of such bonds authorized shall have been issued. Said full amount of bonds may be divided into two or more series and different dates fixed for the payment of each of the series. The maximum term which the bonds of any series shall run before maturity shall not exceed 40 years from the date of each series respectively.

The board of directors shall, by resolution, prescribe the form of the bonds and the form of the coupons attached thereto and fix the time when the whole or any part of the principal shall become due and payable. The payment of the first installment of principal may be deferred for a period of not more than five years from the date of the bonds or the date of the bonds of each series respectively. The bonds shall bear interest at a rate or rates not to exceed 7 percent per annum, payable semiannually, except that interest for the first year may be payable at the end of said year. The board of directors may also provide for call and redemption of bonds prior to maturity at such times and prices and upon such other terms as it may specify. A bond shall not be subject to call or redemption prior to maturity unless it contains a recital to that effect or unless a statement to that effect is printed thereon.

The denomination of the bonds shall be stated in the resolution providing for their issuance, but shall not be less than one hundred dollars ($100). The principal and interest shall be payable in lawful money of the United States at the office of the treasurer of the district or such other place or places as may be designated, or at either place or places at the option of the holder of the bond.

The bonds shall be dated, numbered consecutively, and be signed by the president and treasurer of the agency, countersigned by the secretary of the agency, and the official seal of

the agency attached. The interest coupons of such bonds shall be signed by the treasurer of said agency. All such signatures and countersignatures may be printed, lithographed or mechanically reproduced, except that one of said signatures or countersignatures to said bonds shall be manually affixed.

If the bond election proceedings have been limited to and have applied only to an improvement district within said district, said bonds are bonds of the agency and shall be issued in the name of the agency and shall be designated "Bonds of the Crestline-Lake Arrowhead Water Agency for Improvement District No. _____" and each bond and all interest coupons thereof shall state that taxes levied for the payment thereof shall be levied exclusively upon the taxable property in said improvement district.

Before selling the bonds, or any part thereof, the board of directors shall give notice inviting sealed bids in such manner as it may prescribe. If satisfactory bids are received, the bonds offered for sale shall be awarded to the highest responsible bidder. If no bids are received, or if said board determines that the bids received are not satisfactory as to price or responsibility of the bidders, it may reject all bids received, if any, and either readvertise or sell the bonds at private sale.

The proceeds arising from the sale of bonds shall be paid into the treasury of the agency and placed to the credit of a special improvement fund and expended only for the purpose for which the indebtedness was created; provided, however, that when said purpose has been accomplished any moneys remaining in said special improvement fund may be transferred to the fund to be used for the payment of principal of and interest on the bonds. Said remaining moneys remaining from the sale of bonds of the agency may also be used for some other agency purpose. Such moneys remaining from the sale of bonds of the agency for an improvement district therein may also be used for any purpose which will benefit the property in the improvement district. Said moneys may not be used for said other agency purpose or improvement district purpose until two-thirds of the qualified voters of said agency or improvement district have consented thereto at a special election called in said agency or improvement district by the board of directors. Notice of said election shall be given in the manner provided for bond elections in said agency or improvement district, as the case may be, and in other respects the election shall be conducted as are other agency elections.

SEC. 29. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The Legislature finds and declares that some organizations have inadvertently failed to amend their articles of incorporation to reflect their actual status, in support of the tax exemption of their property which is granted by the State Constitution, and as a result now are confronted with obligations which, if met, will substantially impair their ability to function effectively. This act will remedy the situation by, in effect, removing the procedural bar to the application of the exemption to such property. In doing so, the public

policy of the state as expressed in the Constitution will be entirely fulfilled and the state as a whole will benefit.

The Legislature further finds and declares that some colleges, churches, cemeteries and welfare organizations inadvertently failed to file the required claim for exemption for 1967 and 1968 and have now been called upon to pay high taxes on such property. If forced to pay the tax on such property, it will substantially impair their ability to function effectively. This act will remedy the situation by, in effect, removing the procedural bar to the application of the exemption to such property. In doing so, the public policy of the state as expressed in the Constitution will be fulfilled and the state as a whole will benefit.

With respect to Sections 12, 13, 17 and 18 of this act, and Section 2 of Senate Bill No. 153 of the 1969 Regular Session, the Legislature finds and declares there is a need for a comprehensive pattern of permanent curative statutes to avoid annual legislation to remove, on a piecemeal basis, the procedural bars to cemetery, college, church, exhibition, orphanage and welfare organizations obtaining their property tax exemptions. The Legislature further finds and declares that the small amount of tax those organizations might be required to pay because they delayed obtaining their exemptions will not substantially impair their ability to function effectively and will be an offset to burdens placed upon government to especially provide the exemption.

CHAPTER 124

An act to amend Sections 380, 384, and 1080 of the Probate Code, relating to probate time periods.

[Approved by Governor May 27, 1969. Filed with Secretary of State May 27, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 380 of the Probate Code is amended to read:

380. When a will has been admitted to probate, any interested person, other than a party to a contest before probate and other than a person who had actual notice of such previous contest in time to have joined therein, may, at any time within four months after such probate, contest the same or the validity of the will. For that purpose he must file in the court in which the will was proved a petition in writing, containing his allegations against the validity of the will or against the sufficiency of the proof, and praying that the probate be revoked.

SEC. 2. Section 384 of the Probate Code is amended to read:

384. If no person contests the validity of a will or of the probate thereof within the time specified in this article, the probate of the will is conclusive; saving to infants and persons of unsound mind who were not made parties to the proceeding a like period of four months after their respective disabilities are removed.

SEC. 3. Section 1080 of the Probate Code is amended to read:

1080. When two months have elapsed after the first publication of notice to creditors, and a petition for final distribution has not been filed, the executor or administrator, or any person claiming to be an heir of the decedent or entitled to distribution of the estate or any part thereof may file a petition setting forth his claim or reason and praying that the court determine who are entitled to distribution of the estate. The clerk shall set the petition for hearing by the court and give notice thereof for the period and in the manner required by Section 1200 of this code. At least 10 days before the date set for the hearing of such petition by the court, the petitioner shall cause notice of the hearing thereof to be mailed to the executor or administrator and to all legatees and devisees and to all known heirs of the decedent, and to all persons (or their attorneys, if they have appeared by attorney) who have requested notice as provided in Section 1202 of this code, or who have given notice of appearance in person or by attorney, addressed to them at their respective post office addresses given in their requests for special notice or notice of appearance, if any, otherwise at their respective offices or places of residence, if known, and if not, at the county seat of the county where the proceedings are pending, or to be personally served upon such persons. Any person may appear and file a written statement setting forth his interest in the estate. No other pleadings are necessary and the allegations of each claimant shall be deemed to be denied by each of the other claimants to the extent that they conflict with any claim of the latter.

Whenever any estate involves, or may involve, a charitable trust, other than a charitable trust with a designated trustee which may lawfully accept such trust, or an escheat to the State of California, the Attorney General shall be deemed to be a person entitled to distribution within the meaning of this section and shall be entitled to file the petition referred to in this section and shall be given written notice of the hearing in the same manner as legatees and devisees

SEC. 3 This act shall apply only to contests after probate where the will has been admitted to probate on or after the effective date of this act, and only to petitions to determine who is entitled to distribution of the estate in probate proceedings in which the first publication of notice to creditors occurs on or after the effective date of this act.

CHAPTER 125

Any lienholder assigning a lien as authorized herein shall at the time of assigning the lien give written notice either by personal delivery or by registered or certified mail, to the registered and legal owner of the assignment, including the name and address of the person to whom the lien is assigned.

SEC. 2. Section 3073 of the Civil Code is amended to read:

3073. When the lienholder can certify under penalty of perjury that the value of the vehicle subject to the lien does not exceed two hundred dollars ($200), the lienholder may sell such vehicle at public sale, upon the giving of notice as provided in this section. At least 10 days before the sale, the lienholder shall also post a notice of the sale in a conspicuous place on the premises where the vehicle is stored, giving the date of the sale and a description of the vehicle, including the make, model, type, and license number.

CHAPTER 126

An act to amend Section 11003.3 of the Revenue and Taxation Code, relating to motor vehicle license fees, making an appropriation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 27, 1969. Filed with Secretary of State May 27, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 11003.3 of the Revenue and Taxation Code is amended to read:

11003.3. Upon receiving the report from the Department of Motor Vehicles the Controller shall, after deducting from the amount reported the proportionate amount transferred pursuant to Section 11003, transfer the remainder of the amount reported to the credit of a special account in the General Fund. The money in said special account is hereby appropriated to the Controller who shall disburse to the auditor of each county the net amount of money shown by the report to have been collected under this part on trailer coaches registered in the county.

The money disbursed to the auditor and distributed by him to the county or a city pursuant to Section 11003.4 may be used for county or city purposes, and may, but need not necessarily, be used for purposes of general interest and benefit to the state.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The funds to be made available under this act are needed immediately for vital city and county purposes.

CHAPTER 127

An act to amend Section 11005 of the Revenue and Taxation Code, relating to motor vehicle license fees, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately

[Approved by Governor May 27, 1969. Filed with Secretary of State May 27, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 11005 of the Revenue and Taxation Code is amended to read:

11005. The balance of all motor vehicle license fees and any other money deposited, in accordance with law, in the Motor Vehicle License Fee Fund and remaining unexpended therein at the close of business on the last day of the calendar month immediately preceding the month in which such balance is required to be disbursed under the provisions of this section, after payment of refunds therefrom and after making the deductions authorized by Section 11003 shall, on order of the Controller, be transferred to the credit of a special account in the General Fund. All such money in the special account is hereby appropriated to the State Controller who shall disburse it during the months of December and June of each fiscal year as follows:

(a) Fifty percent thereof shall be paid to the cities and cities and counties of this state in the proportion that the

population of each city or city and county bears to the total population of all cities and cities and counties in this state, as determined by the Controller. For the purpose of this subdivision the population of each city or city and county is that determined by the last federal census. In the case of a city incorporated subsequent to the last census, or in the case of an inhabited unincorporated territory being annexed to a city subsequent to the last census, the Controller shall ascertain the population of the city or the annexed territory by multiplying the number of registered electors therein by three. In the case of uninhabited unincorporated territory being annexed to a city subsequent to the last census, the Controller shall ascertain the population of the annexed territory, by the use of any federal decennial or special census or estimate pursuant to Section 2107.2 of the Streets and Highways Code by which the population of the annexed territory was counted, or, if no such other estimate or census was made, by multiplying the number of registered electors therein by three two years after the completion of annexation proceedings or at such earlier time as the legislative body may request. In the case of the consolidation of one city with another subsequent to the last census the population of the consolidated city for the purpose of this subdivision is the aggregate population of the respective cities as determined by the last federal census.

(b) Fifty percent thereof shall be paid to the counties and cities and counties of the state in the proportion that the population of each county or city and county bears to the total population of all the counties and cities and counties of the state, as determined by the Controller. For the purpose of this subdivision the population of each county or city and county is that determined by the last federal census, or as determined by Section 11005.6.

(c) The Controller, during the month of April, may advance 75 percent of such balance he estimates shall be disbursed to each city, county, and city and county during the month of June of each fiscal year pursuant to this section.

(d) Money disbursed by the Controller pursuant to this section may be used for county or city purposes and may, but need not necessarily, be used for purposes of general interest and benefit to the state

SEC. 2. The Legislature declares that in enacting this amendment to Section 11005 making the money disbursed by the Controller expendable for county or city purposes, there is no implied obligation on the part of the state to make replacement revenue available to cities and cities and counties for law enforcement, the regulation and control and fire protection of highway traffic.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

This act permits cities and counties to use funds from motor vehicle license fees for city and county purposes and, in order that city and county projects dependent upon these funds be implemented at the earliest date, it is necessary that this act go into immediate effect.

CHAPTER 128

An act to amend Section 30462 of the Revenue and Taxation Code, and to repeal Section 2 of Chapter 543 of the Statutes of 1968 and Section 151 of Chapter 963 of the Statutes of 1967, relating to cigarette taxes, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 27, 1969. Filed with Secretary of State May 27, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 2 of Chapter 543 of the Statutes of 1968 is repealed.

SEC. 2. Section 151 of Chapter 963 of the Statutes of 1967 is repealed.

SEC. 3. Section 30462 of the Revenue and Taxation Code is amended to read:

30462. All money deposited in the Cigarette Tax Fund under this part is hereby appropriated, subject to the provisions of any budget bill heretofore or hereafter enacted and Section 11006 of the Government Code, and shall, upon order of the State Controller, be drawn therefrom and allocated for the following purposes:

(a) To pay the refunds authorized by this part.

(b) To pay the Controller an amount not to exceed one hundred fifty thousand dollars ($150,000) in each fiscal year.

(c) For transfer to the credit of a special account in the General Fund, an amount equal to thirty percent (30%) of the money in the fund which is derived from taxes imposed on and after October 1, 1967, such money to be disbursed by the Controller on or before December 15, 1967, and on the 15th day of each month thereafter to each city and county in this state in the following manner:

(1) The money to be allocated pursuant to this subdivision shall first be divided into two separate accounts, one for the cities and counties and counties of this state and one for the cities of this state. In order to determine the amount of money in each account, the Controller shall first determine the amount due each county, city and county and city in this state in the proportion that sales tax revenues transmitted pursuant to Part 1.5 (commencing with Section 7200) of this division to each such city, city and county and in the unincorporated territory of a county bear to the total of such revenue in the

state. The amount due each county and city and county shall be allocated in accordance with this formula and the amount due each city shall be allocated pursuant to paragraph (2) or paragraph (3) of this subdivision.

(2) Upon the application of any city for an allocation pursuant to this paragraph, the Controller shall determine the amount of revenue derived from the city's selective local tax on, or with respect to, the sale, distribution, use, consumption, or holding of cigarettes or any other tobacco product during the 1966–67 fiscal year, or which would have been derived from such tax if the rate in effect on August 1, 1967, had been in effect throughout such fiscal year. This amount shall be adjusted, beginning on July 1, 1969, by the percentage by which the cigarette tax revenues have increased or decreased. For the 1969–1970 fiscal year the percentage shall be derived by comparing the revenues deposited in the Cigarette Tax Fund during the period January 1 through June 30, 1969, with those deposited during the period January 1 through June 30, 1968. For the 1970–1971 fiscal year and each fiscal year thereafter, the percentage shall be derived by comparing revenues deposited in the Cigarette Tax Fund during the preceding fiscal year with those deposited during the entire 1968–1969 fiscal year. The amount computed after applying the percentage factor shall then be reduced by deducting the cost to the city of administering and collecting any such tax for the 1966–1967 fiscal year. If such amount, when divided by 12, is more than the amount which would be disbursed to the city at the time of the next allocation pursuant to paragraph (3) of this subdivision, an amount equal to the amount which such city would have netted from its own tax shall be allocated to such city each month pursuant to this paragraph from the account established for cities in paragraph (1), and no allocation shall be made to such city pursuant to paragraph (3) until such time as the city rescinds its right to receive an allocation under this paragraph. A city which has rescinded such right may not, thereafter, file another application for an allocation pursuant to this paragraph. No city shall be eligible for a subvention pursuant to this paragraph unless, on August 1, 1967, it in fact imposed a selective local tax on, or with respect to, the sale, distribution, use, consumption or holding of cigarettes or any other tobacco product.

(3) (A) After making any allocations required by paragraph (2) of this subdivision, 50 percent of the revenue remaining in the account for the cities of this state shall be allocated to the remaining cities in the proportion that sales tax revenues transmitted pursuant to Part 1.5 (commencing with Section 7200) of this division to each remaining city bears to the total of such revenue transmitted to all remaining cities.

(B) Fifty percent thereof shall be paid to the cities receiving an allocation under this paragraph in the proportion that the population of each such city bears to the total population of all cities in this state receiving an allocation under this

paragraph, as determined by the Controller. For the purpose of this subdivision the population of each city is that determined by the Controller in the manner specified in Section 11005 of this code.

(d) The balance remaining in the fund shall be transferred to the General Fund of this state.

The allocation provided for in subdivision (c) shall not be made to any county, or city which, after October 1, 1967, imposes a selective local tax on, or with respect to, the sale, distribution, use, consumption, or holding of cigarettes or any other tobacco product.

Moneys disbursed pursuant to subdivision (c) of this section may be used for county, city and county, or city purposes, and may, but need not necessarily, be used for purposes of general interest and benefit to the state.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

This act permits cities and counties to use funds from cigarette tax revenues for city and county purposes and, in order that city and county projects dependent upon these funds be implemented at the earliest date, it is necessary that this act go into immediate effect.

CHAPTER 129

An act to amend Section 43015 of the Government Code and Section 155.15 of the Revenue and Taxation Code, relating to property taxation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 27, 1969. Filed with Secretary of State May 27, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 43015 of the Government Code is amended to read.

43015. Notwithstanding any other provision of law, the legislative body of a chartered city which assesses and collects its own property taxes may, by ordinance, provide that every person who at 12:01 a.m. on the first day of March, 1968, was the owner of, or had in his possession or under his control, any taxable property, or who acquired such property after March 1, 1968, and is liable for the taxes thereon for the 1968–1969 fiscal year, which property was thereafter damaged or destroyed, without his fault, by a major misfortune or calamity prior to April 1, 1969, in an area or region subsequently proclaimed by the Governor to be in a state of disaster, if such

property was damaged or destroyed by the major misfortune or calamity which caused the Governor to proclaim the area or region to be in a state of disaster, may, within the time specified in the ordinance, make application for the reassessment of such property and deliver to the assessing official of the city a written statement showing the condition and value, if any, of the property immediately after the damage or destruction, which damage must be shown thereon to be in excess of one-thousand dollars ($1,000). If no such application is made and the county assessor determines that the full cash value of such property for the 1969–1970 assessment year is reduced by more than one thousand dollars ($1,000) from the full cash value of the property for the 1968–1969 assessment year due to the damage or destruction caused by the major misfortune or calamity, the assessor shall notify the property owner that the property will be reassessed. The assessor shall assess the property, or reassess it if it has already been assessed, according to the condition and value immediately after the damage or destruction, and the assessor, if he reassesses the property, shall transmit to the local board of equalization a description of the property so reassessed, the name of the person making the application in connection with the property, if any, or the name of the property owner notified of the reassessment, and the value of the property as so reassessed. Upon such notice as it may find to be proper, the local board of equalization shall equalize any such assessment or reassessment.

The tax rate fixed for property on the roll on which the property so assessed appears or the property so reassessed appeared at the time of its original assessment shall be applied to the amount of the equalized assessment or reassessment determined in accordance with the preceding paragraph. In the event that the resulting figure is less than the tax theretofore computed, the tax shall be determined as follows:

(a) With respect to property on the secured roll, two-thirds of the tax due on the property as originally assessed at the rate established by the city for the 1968–1969 fiscal year shall be paid; plus

(b) One-third of the tax due on the property as reassessed in its damaged or destroyed condition at the rate established by the city for the 1968–1969 fiscal year shall be paid.

Any tax paid in excess of the total tax due shall be refunded to the taxpayer pursuant to Chapter 5 (commencing with Section 5096) of Part 9 of Division 1 of the Revenue and Taxation Code, as an erroneously collected tax.

(c) With respect to property on the unsecured roll, two-thirds of the tax due on the property as originally assessed at the rate established by the city for property on the unsecured roll for the 1968–1969 fiscal year shall be paid; plus

(d) One-third of the tax due on the property as reassessed in its damaged or destroyed condition at the rate established by the city for property on the unsecured roll for the 1968–1969 fiscal year shall be paid.

Any tax paid in excess of the total tax due shall be refunded to the taxpayer pursuant to Chapter 5 (commencing with Section 5096) of Part 9 of Division 1 of the Revenue and Taxation Code, as an erroneously collected tax.

SEC. 2. Section 155.15 of the Revenue and Taxation Code is amended to read:

155.15. Notwithstanding anything in this code to the contrary, the board of supervisors may, by ordinance, provide that every person who at 12:01 a.m. on the first day of March, 1968, was the owner of, or had in his possession, or under his control, any taxable property, or who acquired such property after March 1, 1968, and is liable for the taxes thereon for the 1968–1969 fiscal year, which property was thereafter damaged or destroyed, without his fault, by a major misfortune or calamity, prior to April 1, 1969, in an area or region subsequently proclaimed by the Governor to be in a state of disaster, if such property was damaged or destroyed by the major misfortune or calamity which caused the Governor to proclaim the area or region to be in a state of disaster, may, within the time specified in the ordinance, make application for reassessment of such property and deliver to the assessor a written statement showing the condition and value, if any, of the property immediately after the damage or destruction, which damage must be shown therein to be in excess of one thousand dollars ($1,000). If no such application is made and the county assessor determines that the full cash value of such property for the 1969–1970 assessment year is reduced from the full cash value of such property for the 1968–1969 assessment year by more than one thousand dollars ($1,000) due to the damage or destruction caused by the major misfortune or calamity, the assessor shall notify the property owner that the property will be reassessed. The assessor shall assess the property, or reassess it if it has already been assessed, according to the condition and value immediately after the damage or destruction, and the assessor, if he reassesses the property, shall transmit to the local board of equalization a description of the property so reassessed, the name of the person making the application in connection with the property, if any, or the name of the property owner notified of the reassessment, and the value of the property as so reassessed. Upon such notice as it may find to be proper, the local board of equalization shall equalize any such assessment or reassessment.

The tax rate fixed for property on the roll on which the property so assessed appears or the property so reassessed appeared at the time of its original assessment shall be applied to the amount of the equalized assessment or reassessment determined in accordance with the preceding paragraph. In the event that the resulting figure is less than the tax theretofore computed, the tax shall be determined as follows:

(a) With respect to property on the secured roll, two-thirds of the tax due on the property as originally assessed at the

rate established for property on the secured roll for the 1968–1969 fiscal year shall be paid; plus

(b) One-third of tax due on the property as reassessed in its damaged or destroyed condition at the rate established for property on the secured roll for the 1968–1969 fiscal year shall be paid

Any tax paid in excess of the total tax due shall be refunded to the taxpayer pursuant to Chapter 5 (commencing with Section 5096) of Part 9 of this division, as an erroneously collected tax.

(c) With respect to property on the unsecured roll, two-thirds of the tax due on the property as originally assessed at the rate established for property on the unsecured roll for the 1968–1969 fiscal year shall be paid; plus

(d) One-third of the tax due on the property as reassessed in its damaged or destroyed condition at the rate established for property on the unsecured roll for the 1968–1969 fiscal year shall be paid.

Any tax paid in excess of the total tax due shall be refunded to the taxpayer pursuant to Chapter 5 (commencing with Section 5096) of Part 9 of this division, as an erroneously collected tax.

This section applies to all counties, whether operating under a charter or under the general laws of this state.

SEC. 3 The boards of supervisors of counties and the legislative body of a chartered city which assesses and collects its own property taxes in areas or regions proclaimed by the Governor to be in a state of disaster may, by ordinance, provide that any taxable property which is damaged or destroyed between March 1, 1969, and May 15, 1969, by the major misfortune or calamity occurring prior to May 1, 1969, that caused such gubernatorial proclamation in the area or region in which the property is located shall be valued for property taxes for the 1969–1970 fiscal year in such damaged or destroyed condition when the assessor is aware of such damage or destruction, or when the owner of such property as of 12:01 a.m. on March 1, 1969, or the person who acquired such property after March 1, 1969, submits an application in writing and under oath to the assessing officials of his property on or before June 1, 1969.

The application shall describe the damage or destruction first appearing between March 1, 1969, and May 15, 1969, or a description of additional damage or destruction appearing during such dates and the causal connection of such damage or destruction to the major misfortune or calamity occurring prior to May 1, 1969, that caused the area or region in which the property is situated to be declared in a state of disaster.

When an application is submitted the assessor, upon satisfying himself as to the accuracy of the statements in the application, shall assess the property, or reassess it if it has already been assessed, according to the condition and value immediately after the damage or destruction described in the ap-

plication. If the assessor is aware of the damage or destruction he shall assess the property, or reassess it if it has already been assessed, according to the condition and value immediately after the damage or destruction of which he is aware.

If the assessor, upon finding a reduction of value, cannot change the valuation fixed upon the assessment roll, he shall transmit to the applicable board of equalization a description of the property, the name of the person making the application, the assessee and the new value of the property. Upon such notice, as it may find to be proper, the board of equalization shall equalize the value submitted by the assessor.

SEC. 4. The county auditor shall certify all reductions in assessed values caused by ordinances adopted pursuant to Section 155.15 of the Revenue and Taxation Code to the State Superintendent of Public Instruction by June 25, 1969. Upon the receipt of such a certification, the Superintendent of Public Instruction shall recompute state equalization aid, supplemental support and transportation allowances for school districts within the county for the 1968–1969 fiscal year and shall pay the additional aid, if any, to the districts.

SEC. 5. Section 3 of this act shall be applicable only for the valuations for ad valorem tax purposes for the 1969–1970 fiscal year and shall apply to the valuations made by the State Board of Equalization pursuant to Article 1 (commencing with Section 1815) of Chapter 2 of Part 3 of Division 1 of the Revenue and Taxation Code, the county assessor, city assessor, and local boards of equalization.

SEC. 6 The Legislature finds and declares that some property in the state may first show signs of damage or show additional damage after March 1, 1969, from the recent storms that occurred in the state on or about that date. It is the intent of the Legislature that such postlien date damage be recognized when valuing property for the 1969–1970 fiscal year. It is not the intent of the Legislature to change or alter the lien date for the 1969–1970 fiscal year but only to relate back to March 1 changes in value that occur after that date in areas where it is reasonable to expect postlien date damage to property.

This act will reflect the true status of property and, if not enacted, some individuals will be confronted with obligations which, if met, will substantially impair their ability to function effectively in restoring their property to its original condition. This act will remedy the situation by, in effect, removing the procedural bar to the proper valuation of such property for tax purposes In so doing, the public policy of the state as expressed in the Constitution will be fulfilled and the state as a whole will benefit.

SEC. 7. As used in Section 3 of this act, "major misfortune or calamity" shall not include any damage to property caused by an oil leak originating from offshore drilling operations.

SEC. 8. Section 3 of this act shall only apply to property described in such section, if the damage or destruction of such

property is in an amount in excess of one thousand dollars ($1,000).

SEC. 9. In enacting Senate Bill No. 257 as Chapter 20 of the Statutes of the 1969 Regular Session of the Legislature, it was not the legislative intent that damaged and destroyed property on the secured and unsecured rolls would be treated in a different manner. It is the purpose of Sections 1 and 2 of this act to correct this oversight and to provide property tax relief for all damaged property on an equal basis.

SEC. 10. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The disastrous floods, rains, mud slides and other calamities caused by torrential rains and heavy snowpack in the state are destroying and damaging property to such an extent that, unless relief from taxation is given to the owners thereof, there is grave danger that they may be unable to pay the taxes currently levied thereon. In order that property tax relief may be afforded at the earliest possible time to the people in these stricken areas, it is necessary that this act go into immediate effect.

CHAPTER 130

An act to add Section 4804 to the Revenue and Taxation Code, relating to county officers.

[Approved by Governor May 27, 1969. Filed with Secretary of State May 27, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 4804 is added to the Revenue and Taxation Code, to read:

4804. The board of supervisors of any county may, by resolution, authorize the county administrative officer, or the county legal advisor, or the county auditor, or any other county officer, or a specified group of any county officers acting as a committee, to perform in its behalf any act required or authorized to be performed by the board of supervisors under this part, if such act is not imposed upon the board of supervisors by the Constitution.

The resolution may, at the request of the county legal advisor, provide for a waiver of the requirement for the written consent of the county legal advisor in any act performed under the provisions of this section.

The resolution shall enumerate those sections or subdivisions, or those portions of sections or subdivisions, to which the authorization is to apply, and shall specify administrative rules and procedures concerning any act performed under the authorization.

The resolution shall require that the county auditor record each act performed under the authorization.

The resolution may provide for review by the board of supervisors of any act performed under the authorization, or for periodic reports to the board of supervisors of any or all acts performed under the authorization, or both.

CHAPTER 131

An act to repeal Sections 7351.5 and 7653 of the Revenue and Taxation Code, relating to taxes on vehicle fuel to provide for the financial support of state highways, county roads and city streets, and other public works, to take effect immediately, tax levy.

[Approved by Governor May 27, 1969. Filed with Secretary of State May 27, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 7351.5 of the Revenue and Taxation Code, as amended by Assembly Bill No. 76 of the 1969 Regular Session of the Legislature, is repealed.

SEC. 2. Section 7653 of the Revenue and Taxation Code, as amended by Assembly Bill No. 76 of the 1969 Regular Session of the Legislature, is repealed.

50926. Whenever any fireman of a city, county, city and county, district, or other public or municipal corporation or political subdivision is injured, dies or is disabled from performing his duties as a fireman by reason of his proceeding to or engaging in a fire suppression or rescue operation, or the protection or preservation of life or property, anywhere in this state, including the local jurisdiction in which he is employed, but is not at the time acting under the immediate direction of his employer, he or his dependents, as the case may be, shall be accorded by his employer all of the same benefits of the

Workmen's Compensation Law, which he or they would have received had that fireman been acting under the immediate direction of his employer. Any injury, disability or death incurred under the circumstances described in this section shall be deemed to have arisen out of and been sustained in the course of employment for purposes of workmen's compensation and all other benefits.

50927. Nothing in this article shall be deemed to:

(a) Require the extension of any benefits to a fireman who at the time of his injury, death, or disability is acting for compensation from one other than the city, county, city and county, district, or other public or municipal corporation or political subdivision of his primary employment or enrollment.

(b) Require the extension of any benefits to a fireman employed by a city, county, city and county, district, or other public or municipal corporation or political subdivision which by charter, ordinance, or departmental regulation expressly prohibits the activity giving rise to the injury, disability or death, whether now in force or hereafter enacted or promulgated.

SEC. 2. This act is mandatory and self-executing. If any part thereof for any reason should be invalid, such invalidity shall not affect the remaining provisions hereof, the various provisions being separable. If this act should be held inapplicable to any class of cities or other local governmental entities, this shall not affect its application to the remainder of such cities or other governmental entities

The people of the State of California do enact as follows:

SECTION 1. Section 252 of the Revenue and Taxation Code is amended to read:

252. When making the first claim any person claiming the veterans' exemption, or the spouse, legal guardian, or conservator of such person, or one who has been granted a power of attorney by such person, shall appear before the assessor, shall give all information required and answer all questions in an affidavit prescribed by the State Board of Equalization, and shall subscribe and swear to the affidavit before the assessor. The assessor may require other proof of the facts stated before allowing the exemption. In subsequent years the person claiming the veterans' exemption, or the spouse, legal guardian, or conservator of such person, or one

who has been granted a power of attorney by such person, may file the affidavit under penalty of perjury by mail.

Where a claim is filed by a legal guardian or conservator of a person claiming the veterans' exemption, or one who has been granted a power of attorney by such claimant, the person filing the affidavit shall declare that he has sufficient knowledge of the financial affairs of the claimant to give all information required and answer all questions in the affidavit under penalty of perjury.

CHAPTER 144

An act to amend Section 136.5 of the Streets and Highways Code, relating to state highways, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 27, 1969. Filed with Secretary of State May 27, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 136.5 of the Streets and Highways Code is amended to read:

136.5. The contracts referred to in Sections 135 and 136 are not subject to the provisions of the State Contract Act. Whenever the total consideration of such a contract exceeds two thousand five hundred dollars ($2,500), it shall be awarded to the lowest responsible bidder, after competitive bidding on such reasonable notice as the department may prescribe, except in cases of emergency rental of tools or equipment as hereinafter provided. Posting of notice for five days in a public place in the district office of the Division of Highways within which the work is to be done, or the equipment used, is sufficient. Such contracts involving a consideration in excess of two thousand five hundred dollars ($2,500) shall be accompanied by labor and material bonds. The department may require faithful performance bonds when considered necessary. The advertisement for each contract shall state whether or not a bond shall be required. Where a faithful performance bond is required, labor and material bonds shall be required.

In cases of emergency work necessitated by the imminence or occurrence of a landslide, flood, storm damage, accident or other casualty, tools or equipment may be rented for a period of not to exceed 20 days without competitive bidding.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The recent storms and floods occurring in various areas of the state have caused severe damage and destruction to essential highways, roads, and bridges, which, in many instances,

constitute the sole means of transportation in these areas. In order to expedite the restoration of these highways, roads, and bridges by permitting the Division of Highways to rent equipment essential to aid such restoration for a period up to 20 days without competitive bidding, it is necessary that this act go into effect immediately.

CHAPTER 145

SEC. 2. Section 674 is added to the Harbors and Navigation Code, to read:

674. Neither the owner of a boat livery nor his agent or employees shall permit any vessel to be delivered to a renter unless it shall have been provided, either by the owner or renter, with the equipment required pursuant to the applicable laws and regulations.

CHAPTER 146

(c) Any vessel may carry and exhibit the lights required by the International Regulations for Preventing Collisions at Sea, 1960, Federal Act of September 24, 1963 (33 U.S.C. 1051–1053, 1061–1094) as amended, in lieu of the lights required by subdivision (b) of this section.

(d) Every motorboat of class 1, 2, or 3 shall be provided with an efficient whistle or other sound-producing mechanical appliance.

(e) Every motorboat of class 2 or 3 shall be provided with an efficient bell.

(f) Every undocumented vessel shall carry at least one life preserver, or ring buoy, or other device of the sort prescribed by the regulations of the commission for each person on board, so placed as to be readily accessible; provided, that every undocumented vessel carrying passengers for hire shall carry so placed as to be readily accessible at least one life preserver of the sort prescribed by the regulations of the commission for each person on board. For the purposes of this subdivision, a person water skiing from such vessel shall be considered a person on board.

(g) Every motorboat shall be provided with such number, size, and type of fire extinguishers, capable of promptly and effectually extinguishing burning gasoline, as may be prescribed by the regulations of the commission, which fire extinguishers shall be at all times kept in condition for immediate and effective use and shall be so placed as to be readily accessible.

(h) The provisions of subdivisions (d), (e) and (g) of this section shall not apply to motorboats while competing in any race or, if such boats be designed and intended solely for racing, while engaged in such navigation as is incidental to the tuning up of the boats and engines for the race.

(i) Every motorboat shall have the carburetor or carburetors of every engine therein, except outboard motors, using gasoline as fuel, equipped with such efficient flame arrestor, backfire trap, or other similar device as may be prescribed by the regulations of the commission.

(j) Every such motorboat and every such vessel, except open boats, using as fuel any liquid of a volatile nature, shall be provided with such means as may be prescribed by the regulations of the commission for properly and efficiently ventilating the bilges of the engines and fuel tank compartments so as to remove any explosive or inflammable gases.

(k) The commission may make rules and regulations modifying the equipment requirements contained in this section to the extent necessary to keep these requirements in conformity with the provisions of the federal navigation laws or with the navigation rules promulgated by the United States Coast Guard.

(*l*) The commission may establish and maintain for the operation of vessels on the waters of this state pilot rules in conformity with the pilot rules contained in the federal navigation laws or the navigation rules promulgated by the United States Coast Guard.

(m) No person shall operate or give permission for the operation of a vessel which is not equipped as required by this section or modification thereof.

CHAPTER 148

[Approved by Governor May 27, 1969 Filed with Secretary of State May 27, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 54932.1 is added to the Government Code, to read:

54932.1. Notwithstanding any other provision of this chapter, any annexation by a city accomplished by an ordinance adopted prior to November 26, 1968, shall be effective for assessment and taxation purposes for the 1969–70 fiscal year, if the statement and map or plat required by Sections 54900 and 54901 were filed with the State Board of Equalization on or before February 10, 1969.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Unless this act takes effect immediately, a city which has annexed territory and otherwise qualified to levy taxes in the territory except for a procedural filing defect will not be able to levy taxes in the annexed territory for the 1969–70 fiscal year to cover the cost of services being furnished the territory.

CHAPTER 149

An act to amend Section 692 of the Code of Civil Procedure and to amend Section 780 of the Probate Code, relating to sales of real estate.

[Approved by Governor May 27, 1969 Filed with Secretary of State May 27, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 692 of the Code of Civil Procedure is amended to read:

692. Before the sale of property on execution or under power contained in any deed of trust on real property or a leasehold estate therein or any mortgage on real property or a leasehold estate therein, notice thereof must be given as follows:

1. In case of perishable property: by posting written notice of the time and place of sale in three public places in the city where the property is to be sold, if the property is to be sold in a city, or, if not, then in three public places in the judicial district in which the property is to be sold, for such time as may be reasonable, considering the character and condition of the property.

2. In case of other personal property: by posting a similar notice in three public places in the city where the property is to be sold, if the property is to be sold in a city, or, if not, then in three public places in the judicial district in which the property is to be sold, for not less than 10 days and also, not less than 10 days prior to the sale, by mailing a notice of the time and place of the sale to the judgment debtor at his business or residence address last known to the judgment creditor or his attorney or delivering such notice to the judgment debtor. It shall be the duty of the party delivering an execution to an officer for levy to furnish the information required by such levying officer to comply with the provisions of this subdivision.

3. In case of real property or a leasehold estate therein: by posting a similar notice particularly describing the property at least 20 days before the date of sale, in one public place in the city where the property is to be sold, if the property is to be sold in a city, or, if not, then in one public place in the judicial district in which the property is to be sold and publishing a copy thereof once a week for the same period, in some newspaper of general circulation published in the city in which the property or the real property in which such a leasehold estate was demised or some part thereof is situated, if any part thereof is situated in a city, if not, then in some newspaper of general circulation published in the judicial district in which the property or some part thereof is situated, or, in case no newspaper of general circulation is published in the city or judicial district, as the case may be, in some newspaper of general circulation published in the county in which the property or some part thereof is situated; provided, that where real property is to be sold under power of sale contained in any deed of trust or under power of sale contained in a mortgage or where real property is to be sold under execution upon a judgment a copy of said notice shall be posted in some conspicuous place on the property to be sold, at least 20 days before date of sale, and where a leasehold estate in real property is to be sold under such a power of sale or execution upon a judgment a copy of said notice shall be posted in some conspicuous place on the real property in which such a leasehold estate was demised, at least 20 days before date of sale. In addition to particularly describing the property, the notice may describe the property by giving its street address and other common designation, if any; but, a failure to do so does not affect the validity of the notice. The term newspaper of general circulation as used herein is as defined

in Article 1 (commencing with Section 6000) of Chapter 1, Division 7, Title 1 of the Government Code.

4. When the judgment under which the property is to be sold is made payable in a specified kind of money or currency, the several notices required by this section must state the kind of money or currency in which bids may be made at such sale, which must be the same as that specified in the judgment.

SEC. 2. Section 780 of the Probate Code is amended to read:

780. Notice of the time and place of sale of real property must be published pursuant to Section 6063a of the Government Code in a newspaper published in the county in which the land or some portion thereof lies, if there is one so published; if none, then in such paper as the court or judge may direct, prior to the day of sale, or, in the case of a private sale, prior to the day on or after which the sale is to be made. When, however, it appears from the inventory and appraisement that the value of the property to be sold does not exceed one thousand dollars ($1,000), the executor or administrator may in his discretion dispense with the publication, and in lieu thereof post a notice of the time and place of sale at the courthouse of the county in which the land or some portion thereof lies for 10 days prior to the day of the sale, or, in the case of a private sale, prior to the day on or after which the sale is to be made. The property proposed to be sold must be described with particularity in the notice. In addition to describing the property with particularity, the notice may describe the property by giving its street address and other common designation, if any; but, a failure to do so does not affect the validity of the notice.

CHAPTER 150

An act to amend Section 1360 of the Financial Code, relating to savings bank investments.

[Approved by Governor May 27, 1969. Filed with Secretary of State May 27, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 1360 of the Financial Code is amended to read:

1360. An amount not exceeding in all 5 percent of the bank's savings deposits in bonds, consolidated bonds, collateral trust debentures, consolidated debentures, or other obligations issued by federal land banks or federal intermediate credit banks established under the Federal Farm Loan Act, as amended, in debentures and consolidated debentures issued by the Central Bank for Cooperatives and banks for cooperatives established under the Farm Credit Act of 1933, as amended, in

bonds or debentures of the Federal Home Loan Bank Board established under the Federal Home Loan Bank Act, in the bonds of any federal home loan bank established under said act, and in stocks, bonds, debentures, participations, and other obligations of or issued by the Federal National Mortgage Association and the Government National Mortgage Association; provided:

(a) An amount exceeding 25 percent of the paid-up capital and surplus of the savings bank or exceeding 1 percent of the bank's savings deposits, whichever is greater, may not be invested in the bonds of any one federal land bank, in the consolidated bonds of federal land banks, in the debentures of any one federal intermediate credit bank, in the consolidated debentures of federal intermediate credit banks, in the debentures of the Central Bank for Cooperatives, in the consolidated debentures of banks for cooperatives, in the bonds or debentures of the Federal Home Loan Bank Board, or in the bonds of any one federal home loan bank.

CHAPTER 151

An act to amend Section 459 of the Elections Code, relating to registration information.

[Approved by Governor May 27, 1969. Filed with Secretary of State May 27, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 459 of the Elections Code is amended to read:

459. If the county clerk maintains tabulating cards containing the information set forth in the affidavits of registration of voters, or sets forth that information on electronic data-processing tape, he shall provide, not less than 30 days prior to each direct primary election and general election, one set of those cards or a copy of the tape to the county central committee of a party for all voters allowed to participate in the subsequent direct primary election or general election, if the committee has requested the same at least six months prior to the close of registration for the direct primary election or the general election. The cards or tape shall be provided without charge, except that the county central committee shall provide a replacement for the tape.

CHAPTER 152

An act to add Section 20527.6 to the Water Code, relating to irrigation districts, declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 27, 1969 Filed with Secretary of State May 27, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 20527.6 is added to the Water Code, as follows:

20527.6. Notwithstanding Section 20527, or any other provision of law to the contrary, in the Camp Far West Irrigation District in Placer and Yuba Counties "elector" and "voter" shall mean a person, corporation, or other entity owning land within the district. At any district election in the Camp Far West Irrigation District, only landowners may vote, and they need not be residents of the district in order to qualify as voters. Each landowner shall have one vote for each dollar's worth of land to which he holds title. The last equalized assessment book of the district shall be conclusive evidence of ownership and of the value of the land so owned, except that in the event that an assessment for the district shall not have been made and levied for the year in which the election is held, the last equalized assessment roll of the county in which the land is located shall be used in lieu of the assessment book of the district. Where land is owned in joint tenancy, tenancy in common, or any other multiple ownership, the owners of such land may designate in writing which one of the owners shall be deemed the owner of such land for purposes of qualifying as a voter. In the absence of such designation each owner shall be entitled to vote his pro rata share of the total value of the land in such multiple ownership.

Every landowner, or the legal representative of a corporation, estate or trust owning land within the district, may vote at any district election, either in person or by a person duly appointed as his proxy.

As used in this section, "legal representative" means any of the following:

(a) An authorized official of a corporation owning land in the district.

(b) The trustees of an express trust which owns land in the district.

(c) The executor, administrator or guardian of the estate of a holder of title to land in the district who is appointed under the laws of this state, is entitled to possession of such

land, and who is authorized by the appointing court to vote in the election.

Before a legal representative votes at a district election, he shall present to the precinct board a certified copy of his authority, which shall be kept and filed with the returns of the election. No appointment of a proxy shall be valid, accepted or vote allowed thereon at any district election unless it meets all the following requirements:

(a) It is in writing.

(b) It is executed by the person or legal representative of the person who is entitled to the votes for which the proxy is given.

(c) It is acknowledged.

(d) It specifies the election at which it is to be used. An appointment of a proxy shall be used only at the election specified.

Every appointment of a proxy is revocable at the pleasure of the person executing it at any time before the person appointed as proxy shall have cast a ballot representing the votes for which the appointment was given.

SEC. 2. The provisions of this act are necessary because substantially all of the land within Camp Far West Irrigation District is owned by persons who are not residents of or registered voters within the district, and a substantial majority of the registered voters within the district own no land within the district. Most of those who are entitled to vote at district elections under the Irrigation District Law have no real interest in the affairs of the district, whereas the owners of most of the land within the district, who are primarily concerned with the affairs and support of the district, have no voice at district elections because they are nonresidents. This problem is not common to all districts formed under the Irrigation District Law. It is therefore declared that a general law cannot be made applicable and that the enactment of this act as a special law is necessary to resolve the inequitable and special problems existing in the Camp Far West Irrigation District.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

It is essential that improvements in water and other services furnished to the area of the Camp Far West Irrigation District be brought about in the most expeditious manner and at the earliest possible time. Therefore, in order that the provisions of this act will be applicable to the general district election this year, for approval of the financing of such improvements, this act must go into effect immediately.

CHAPTER 153

An act to add Section 21264.6 to the Government Code, relating to retirement of patrol members, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 2, 1969. Filed with Secretary of State June 2, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 21264.6 is added to the Government Code, to read:

21264.6. Any provision of this article (commencing with Section 21250) imposing as a condition for payment of an allowance to a surviving wife that she have been married to the member for at least one year prior to retirement shall be deemed satisfied if the member was required to retire because of attainment of mandatory retirement age within one year following an amendment to the retirement law or the contracting agency's contract lowering the mandatory retirement age for his category of membership, and the surviving wife was married to the member on the date of such amendment.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The Legislature, in 1968, reduced the mandatory retirement age for highway patrolmen from 65 to 60, effective commencing in December of 1968. Certain patrolmen, who were married late in 1968, will be compelled to retire in the first part of 1969, and their wives will not receive benefits under the Public Employees Retirement Law unless the act takes effect immediately. It is essential, therefore, in order to eliminate this inequity, that this act take effect immediately.

CHAPTER 154

An act to amend Section 710 of the Code of Civil Procedure, relating to judgments.

[Approved by Governor June 4, 1969. Filed with Secretary of State June 4, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 710 of the Code of Civil Procedure is amended to read:

710. (a) Whenever a judgment for the payment of money is rendered by any court of this state against a defendant to whom money is owing and unpaid by this state or by any

county, city and county, city or municipality, quasi-municipality, district or public corporation, the judgment creditor may file a duly authenticated abstract or transcript of such judgment together with an affidavit stating the exact amount then due, owing and unpaid thereon and that he desires to avail himself of the provisions of this section in the manner as follows:

1. If such money, wages or salary is owing and unpaid by this state to such judgment debtor, said judgment creditor shall file said abstract or transcript and affidavit with the state department, board, office or commission owing such money, wages or salary to said judgment debtor prior to the time such state department, board, office or commission presents the claim of such judgment debtor therefor to the State Controller or to the State Personnel Board. Said state department, board, office or commission in presenting such claim of such judgment debtor to said State Controller shall note thereunder the fact that the filing of such abstract or transcript and affidavit and state the amount unpaid on said judgment as shown by said affidavit and shall also note any amounts advanced to the judgment debtor by, or which the judgment debtor owes to, the State of California by reason of advances for expenses or for any other purpose. Thereupon the State Controller, to discharge such claim of such judgment debtor, shall pay into the court which issued such abstract or transcript by his warrant or check payable to said court the whole or such portion of the amount due such judgment debtor on such claim, after deducting from such claim an amount sufficient to reimburse the state department, board, officer or commission for any amounts advanced to said judgment debtor or by him owed to the State of California, and after deducting therefrom an amount equal to one-half the salary or wages owing to the judgment debtor for his personal services to the state rendered at any time within 30 days next preceding the filing of such abstract or transcript, as will satisfy in full or to the greatest extent the amount unpaid on said judgment and the balance thereof, if any, to the judgment debtor.

2 If such money, wages or salary is owing and unpaid to such judgment debtor by any county, city and county, city or municipality, quasi-municipality, district or public corporation, said judgment creditor shall file said abstract or transcript and affidavit with the auditor of such county, city and county, city or municipality, quasi-municipality, district or public corporation (and in case there be no auditor then with the official whose duty corresponds to that of auditor). Thereupon said auditor (or other official) to discharge such claim of such judgment debtor shall pay into the court which issued such abstract or transcript by his warrant or check payable to said court the whole or such portion of the amount due on such claim of such judgment debtor, less an amount equal to one-half the salary or wages owing by the county, city and

county, city, municipality, quasi-municipality, district or public corporation to the judgment debtor for his personal services to such public body rendered at any time within 30 days next preceding the filing of such abstract or transcript, as will satisfy in full or to the greatest extent the amount unpaid on said judgment and the balance thereof, if any, to the judgment debtor.

(b) The judgment creditor upon filing such abstract or transcript and affidavit shall pay a fee of two dollars and fifty cents ($2.50) to the person or agency with whom the same is filed.

(c) Whenever a court receives any money hereunder, it shall pay as much thereof as is not exempt from execution under this code to the judgment creditor and the balance thereof, if any, to the judgment debtor. The procedure for determining the claim of exemption shall be governed by the procedure set forth in 690.26 of this code.

(d) In the event the moneys owing to a judgment debtor by any governmental agency mentioned in this section are owing by reason of an award made in a condemnation proceeding brought by the governmental agency, such governmental agency may pay the amount of the award to the clerk of the court in which such condemnation proceeding was tried, and shall file therewith the abstract or transcript of judgment and the affidavit filed with it by the judgment creditor. Such payment into court shall constitute payment of the condemnation award within the meaning of Section 1251 of this code. Upon such payment into court and the filing with the county clerk of such abstract or transcript of judgment and affidavit, the county clerk shall notify by mail, through their attorneys, if any, all parties interested in said award of the time and place at which the court which tried the condemnation proceeding will determine the conflicting claims to said award. At said time and place the court shall make such determination and order the distribution of the money held by the county clerk in accordance therewith.

(e) The judgment creditor may state in the affidavit any fact or facts tending to establish the identity of the judgment debtor. No public officer or employee shall be liable for failure to perform any duty imposed by this section unless sufficient information is furnished by the abstract or transcript together with the affidavit to enable him in the exercise of reasonable diligence to ascertain such identity therefrom and from the papers and records on file in the office in which he works. The word "office" as used herein does not include any branch or subordinate office located in a different city.

(f) Nothing in this section shall authorize the filing of any abstract or transcript and affidavit against any wages, or salary owing to the Governor, Lieutenant Governor, Secretary of State, Controller, Treasurer, and Attorney General.

(g) Any fees received by a state agency under this section shall be deposited to the credit of the fund from which pay-

ments were, or would be, made on account of a garnishment under this section. For the purpose of this paragraph, payments from the State Pay Roll Revolving Fund shall be deemed payments made from the fund out of which moneys to meet such payments were transferred to said revolving fund.

CHAPTER 155

An act to add Title 7 (commencing with Section 1380.1) to Part 4 of Division 2 of, and to repeal Section 1060 of, the Civil Code, and to amend Sections 125 and 126 of the Probate Code, relating to powers of appointment.

[Approved by Governor June 4, 1969. Filed with Secretary of State June 4, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Title 7 (commencing with Section 1380.1) is added to Part 4 of Division 2 of the Civil Code, to read:

TITLE 7. POWERS OF APPOINTMENT

CHAPTER 1. GENERAL PROVISIONS

1380.1. Except to the extent that the common law rules governing powers of appointment are modified by statute, the common law as to powers of appointment is the law of this state.

1380.2. If the law existing at the time of the creation of a power of appointment and the law existing at the time of the release or exercise of the power or at the time of the assertion of a right given by this title differ, the law existing at the time of the release, exercise, or assertion of a right controls. Nothing in this section makes invalid a power of appointment created prior to July 1, 1970, that was valid under the law in existence at the time it was created.

CHAPTER 2. DEFINITIONS; CLASSIFICATION OF POWERS OF APPOINTMENT

1381.1. As used in this title:

(a) "Donor" means the person who creates or reserves a power of appointment.

(b) "Donee" means the person to whom a power of appointment is given or in whose favor a power is reserved.

(c) "Appointee" means the person in whose favor a power of appointment is exercised.

(d) "Permissible appointee" means a person in whose favor a power of appointment can be exercised.

(e) "Appointive property" means the property or interest in property which is the subject of the power of appointment.

(f) "Creating instrument" means the deed, will, trust agreement, or other writing or document that created or reserved the power of appointment.

1381.2. (a) A power of appointment is "general" only to the extent that it is exercisable in favor of the donee, his estate, his creditors, or creditors of his estate, whether or not it is exercisable in favor of others.

(b) A power to consume, invade, or appropriate property for the benefit of a person or persons in discharge of the donee's obligation of support which is limited by an ascertainable standard relating to their health, education, support, or maintenance is not a general power of appointment.

(c) A power exercisable by the donee only in conjunction with a person having a substantial interest in the appointive property which is adverse to the exercise of the power in favor of the donee, his estate, his creditors, and creditors of his estate is not a general power.

(d) All powers of appointment which are not "general" are "special."

(e) A power of appointment may be general as to some appointive property or an interest in or a specific portion of appointive property and be special as to other appointive property.

1381.3 (a) A power of appointment is "testamentary" if it is exercisable only by a will.

(b) A power of appointment is "presently exercisable" at the time in question to the extent that an irrevocable appointment can be made.

(c) A power of appointment is "not presently exercisable" if it is "postponed." A power is "postponed" if:

(1) The creating instrument provides that the power may be exercised only after a specified act or event occurs or condition is met, and such act or event has not occurred or the condition has not been met; or

(2) The creating instrument provides that an exercise of the power is revocable until a specified act or event occurs or condition is met, and such act or event has not occurred or the condition has not been met.

1381.4. A power of appointment is "imperative" when the creating instrument manifests an intent that the permissible appointees be benefited even if the donee fails to exercise the power. An imperative power can exist even though the donee has the privilege of selecting some and excluding others of the designated permissible appointees. All other powers of appointment are "discretionary." The donee of a discretionary power is privileged to exercise, or not to exercise, the power as he chooses.

Chapter 3. Creation of Powers of Appointment

1382.1. A power of appointment can be created only by a donor having the capacity to transfer the interest in property to which the power relates.

CHAPTER 4. EXERCISE OF POWERS OF APPOINTMENT

Article 1. Donee's Capacity

1384.1. (a) A power of appointment can be exercised only by a donee having the capacity to transfer the interest in property to which the power relates.

(b) Unless the creating instrument otherwise provides, a donee who is a minor may exercise a power of appointment only if:

(1) He is over the age of 18 years and exercises the power of appointment by a will; or

(2) He is deemed under Section 25 to be an adult person for the purpose of entering into any engagement or transaction respecting property or his estate.

Article 2. Scope of Donee's Authority

1385.1. (a) Except as otherwise provided in this title, if the creating instrument specifies requirements as to the manner, time, and conditions of the exercise of a power of appointment, the power can be exercised only by complying with those requirements.

(b) Unless expressly prohibited by the creating instrument, a power stated to be exercisable by an inter vivos instrument is also exercisable by a written will.

1385.2. If the creating instrument expressly directs that a power of appointment be exercised by an instrument which makes a specific reference to the power or to the instrument that created the power, the power can be exercised only by an instrument containing the required reference.

1385.3. (a) If the creating instrument requires the consent of the donor or other person to exercise a power of appointment, the power can only be exercised when the required consent is contained in the instrument of exercise or in a separate written instrument, signed in each case by the person or persons whose consents are required.

(b) Unless expressly prohibited by the creating instrument:

(1) If any person whose consent is required dies, the power may be exercised by the donee without the consent of such person.

(2) If any person whose consent is required becomes legally incapable of consenting, his guardian or conservator may consent on his behalf to an exercise of the power.

(3) A consent may be given before or after the exercise of the power by the donee.

1385.4. A power of appointment created in favor of two or more donees can only be exercised when all of the donees unite in its exercise. If one or more of the donees dies, becomes legally incapable of exercising the power, or releases the power, the power may be exercised by the others, unless expressly prohibited by the creating instrument.

1385.5. Nothing in this chapter affects the power of a court of competent jurisdiction to remedy a defective exercise of an imperative power of appointment.

Article 3. Donee's Required Intent

1386.1. (a) The exercise of a power of appointment requires a manifestation of the donee's intent to exercise the power.

(b) Such a manifestation exists where:

(1) The donee declares, in substance, that he exercises the specific power or all powers that he has.

(2) The donee purports to transfer an interest in the appointive property which he would have no power to transfer except by virtue of the power.

(3) The donee makes a disposition which, when considered with reference to the property he owned and the circumstances existing at the time of the disposition, manifests his understanding that he was disposing of the appointive property.

(c) The listing in subdivision (b) is illustrative, not exclusive.

1386.2. A general power of appointment exercisable at the death of the donee is exercised by a residuary clause or other general language in the donee's will purporting to dispose of the property of the kind covered by the power unless:

(a) The creating instrument requires that the donee make a specific reference to the power or to the instrument that created the power; or

(b) The donee manifests an intent, either expressly or by necessary inference, not to so exercise the power.

1386.3. If a power of appointment existing at the donee's death, but created after the execution of his will, is exercised by the will, the appointment is effective unless:

(a) The creating instrument manifests an intent that the power may not be exercised by a will previously executed; or

(b) The will manifests an intent not to exercise a power subsequently acquired.

Article 4. Types of Appointments

1387.1. (a) The donee of a general power of appointment may make an appointment:

(1) Of all of the appointive property at one time, or several partial appointments at different times, where the power is exercisable inter vivos.

(2) Of present or future interests or both.

(3) Subject to conditions or charges.

(4) Subject to otherwise lawful restraints on the alienation of the appointed interest.

(5) In trust.

(6) Creating a new power of appointment.

(b) The listing in subdivision (a) is illustrative, not exclusive.

1387.2. Subject to the limitations imposed by the creating instrument, the donee of a special power may make any of the types of appointment permissible for the donee of a general power under Section 1387.1.

1387.3. (a) Except as provided in subdivision (b), the donee of any special power of appointment may appoint the whole or any part of the appointive property to any one or more of the permissible appointees and exclude others.

(b) If the donor specifies either a minimum or maximum share or amount to be appointed to one or more of the permissible appointees, the exercise of the power must conform to such specification.

Article 5. Contracts to Appoint; Releases

1388.1. (a) The donee of a power of appointment that is presently exercisable, whether general or special, can contract to make an appointment to the same extent that he could make an effective appointment.

(b) The donee of a power of appointment cannot contract to make an appointment while the power of appointment is not presently exercisable. If a promise to make an appointment under such a power is not performed, the promisee cannot obtain either specific performance or damages, but he is not prevented from obtaining restitution of the value given by him for the promise.

1388 2. (a) Unless the creating instrument otherwise provides, any general or special power of appointment that is a discretionary power, whether testamentary or otherwise, may be released, either with or without consideration, by written instrument signed by the donee and delivered as provided in subdivision (c).

(b) Any releasable power may be released with respect to the whole or any part of the appointive property and may also be released in such manner as to reduce or limit the permissible appointees No partial release of a power shall be deemed to make imperative the remaining power that was not imperative before such release unless the instrument of release expressly so provides. No release of a power is permissible when the result of the release is the present exercise of a power that is not presently exercisable.

(c) A release shall be delivered as provided in this subdivision:

(1) If the creating instrument specifies a person to whom a release is to be delivered, the release shall be delivered to that person but delivery need not be made as provided in this paragraph if such person cannot with due diligence be found.

(2) In any case where the property to which the power relates is held by a trustee, the release shall be delivered to such trustee.

(3) In a case not covered by paragraph (1) or (2), the release may be delivered to any of the following:

(i) Any person, other than the donee, who could be adversely affected by the exercise of the power.

(ii) The county recorder of the county in which the donee resides or in which the deed, will, or other instrument creating the power is filed.

(d) This section does not impair the validity of any release made prior to July 1, 1970.

CHAPTER 5. EFFECT OF FAILURE TO MAKE EFFECTIVE APPOINTMENT

1389.1. An exercise of a power of appointment is not void solely because it is more extensive than authorized by the power but is valid to the extent that such exercise was permissible under the terms of the power.

1389.2. (a) Unless the creating instrument or the donee, in writing, manifests a contrary intent, where the donee dies without having exercised an imperative power of appointment either wholly or in part, the persons designated as permissible appointees shall take equally of the property not already appointed. Where the creating instrument establishes a minimum distribution requirement which is not satisfied by an equal division of the property not already appointed, the appointees who have received a partial appointment shall be required to return a pro rata portion of the property they would otherwise be entitled to receive in an amount sufficient to meet such a minimum distribution requirement.

(b) Where an imperative power of appointment has been exercised defectively, either wholly or in part, its proper execution may be adjudged in favor of the person or persons intended to be benefited by the defective exercise.

(c) Where an imperative power of appointment has been so created as to confer on a person a right to have the power exercised in his favor, its proper exercise can be compelled in favor of such person, his assigns, his creditors, or his guardian or conservator.

1389.3. (a) Except as provided in subdivisions (b) and (c), when the donee of a discretionary power of appointment fails to appoint the property, releases the entire power, or makes an ineffective appointment, in whole or in part, the appointive property not effectively appointed passes to the person or persons named by the donor as takers in default or, if there are none, reverts to the donor.

(b) Unless either the creating instrument or the instrument of appointment manifests a contrary intent, when the donee of a general power of appointment appoints to a trustee upon a trust which fails, there is a resulting trust in favor of the donee or his estate.

(c) Unless the creating instrument manifests a contrary intent, when the donee of a general power of appointment makes an ineffective appointment other than to a trustee upon a trust which fails, the appointive property passes to the

donee or his estate if the instrument of appointment manifests an intent to assume control of the appointive property for all purposes and not only for the limited purpose of giving effect to the expressed appointment.

1389.4. If an appointment by will or by instrument effective only at the death of the donee is ineffective because of the death of an appointee before the appointment becomes effective, the appointment is to be effectuated, if possible, by applying the provisions of Section 92 of the Probate Code as though the appointive property were the property of the donee except that the property shall pass only to persons who are permissible appointees.

CHAPTER 6. RIGHTS OF CREDITORS

1390.1 The donor of a power of appointment cannot nullify or alter the rights given creditors of the donee by Sections 1390.3 and 1390.4 by any language in the instrument creating the power.

1390.2. Property covered by a special power of appointment is not subject to the claims of creditors of the donee or of his estate or to the expenses of the administration of his estate.

1390.3. (a) To the extent that the property owned by the donee is inadequate to satisfy the claims of his creditors, property subject to a general power of appointment that is presently exercisable is subject to such claims to the same extent that it would be subject to such claims if the property were owned by the donee.

(b) Upon the death of the donee, to the extent that his estate is inadequate to satisfy the claims of creditors of the estate and the expenses of administration of the estate, property subject to a general testamentary power of appointment or to a general power of appointment that was presently exercisable at the time of his death is subject to such claims and expenses to the same extent that it would be subject to the claims and expenses if the property had been owned by the donee.

(c) This section applies whether or not the power of appointment has been exercised.

1390.4. Property subject to an unexercised general power of appointment created by the donor in favor of himself, whether or not presently exercisable, is subject to the claims of creditors of the donor or of his estate and to the expenses of the administration of his estate.

CHAPTER 7. RULE AGAINST PERPETUITIES

1391.1. The permissible period under the applicable rule against perpetuities with respect to interests sought to be created by an exercise of a power of appointment begins:

(a) In the case of an instrument exercising a general power of appointment presently exercisable by the donee alone, on the date the appointment becomes effective.

(b) In all other situations, at the time of the creation of the power.

1391.2. When the permissible period under the applicable rule against perpetuities begins at the time of the creation of a power of appointment with respect to interests sought to be created by an exercise of the power, facts and circumstances existing at the effective date of the instrument exercising the power shall be taken into account in determining the validity of interests created by the instrument exercising the power.

CHAPTER 8. REVOCABILITY OF CREATION, EXERCISE, OR RELEASE OF POWER OF APPOINTMENT

1392.1. (a) Unless the power to revoke is reserved in the instrument creating the power or exists pursuant to Section 2280, the creation of a power of appointment is irrevocable.

(b) Unless made expressly irrevocable by the creating instrument or the instrument of exercise, an exercise of a power of appointment is revocable if the power to revoke exists pursuant to Section 2280 or so long as the interest to the appointive property, whether present or future, has not been transferred or become distributable pursuant to such appointment.

(c) Unless the power to revoke is reserved in the instrument releasing the power, a release of a power of appointment is irrevocable.

Article 6. Public Grants, Loans and Contributions

100170. The district may accept, without limitation by any other provisions of this part requiring approval of indebtedness, contributions, grants, or loans from any public agency or the United States or any department, instrumentality, or agency thereof, for the purpose of financing the acquisition, construction, maintenance, or operation of transit facilities, and may enter into contracts and cooperate with, and accept cooperation from, any public agency or the United States, or agency thereof, in the acquisition, construction, maintenance, or operation, and in financing the acquisition, construction, maintenance or operation of any such transit facilities in accordance with any legislation which Congress or the Legislature of the State of California may have heretofore adopted or may hereafter adopt, under which aid, assistance, and cooperation may be furnished by the United States or any public agency in the acquisition, construction, maintenance and operation of any such transit facilities. The district may do any and all things necessary in order to avail itself of such aid, assistance, and cooperation under any federal or state legislation now or hereafter enacted. Any evidence of indebtedness issued under this section shall constitute a negotiable instrument.

100171. The district shall have the power to obtain temporary transfers of funds in accordance with the last paragraph of Section 25 of Article XIII of the California Constitution.

Article 7. Property Taxation

100180. The district may levy and collect, or cause to be collected, property taxes for any lawful purpose.

100181. If district revenues and receipts from any special taxes will not be sufficient to finance the budget of the district, the board shall levy and collect a property tax at an annual

rate which shall not exceed fifteen cents ($0.15) on each one hundred dollars ($100) of assessed valuation.

100182. (a) In addition to the general tax levy as set forth in Section 100181, and except as otherwise provided in subdivision (b) of this section, if from any cause the revenues of the district are, or are expected to be, inadequate in any year to pay the principal of, interest on, or sinking fund payments for bonds of the district as the same become due, or to establish or maintain any reserve fund therefor, the board shall levy for district purposes and collect upon all property in the district taxable for county purposes a tax sufficient, together with revenues already collected and available therefor, to pay the interest on the bonds as the same will become due and such part of the principal thereof, including any sinking fund installments required by any of the district's agreements with its bondholders, as will come due before the proceeds of a tax levied at the next general tax levy will be available for such purpose, and sufficient to provide or to restore such reserve fund to the amount required by any of the district's agreements with its bondholders.

(b) In the event that the ordinance calling the election on the issuance of bonds provided for all or any portion of the special taxes mentioned in Article 8 (commencing with Section 100200) of Chapter 5 of this part to be levied and used to the extent required to pay principal of and interest on the bonds, to provide for any sinking fund payments required therefor and to create or maintain any reserve fund required therefor, the board shall estimate the revenues of the district which are expected to be available for said purposes and the amounts to be raised by such special taxes as are required to be levied and used for said purposes in order to provide for the payment of all such obligations when due. The board may in its regular annual budget, or in a special budget which may be prepared at any time, show the amounts needed for the aforesaid purposes, estimate the revenue available therefor, and thereafter fix the rates of and levy and collect or provide for the collection of such special taxes as will provide, together with other revenues available therefor, at least all sums necessary for such purposes insofar as such levies do not exceed the maximum rates of such special taxes stated in the ordinance calling the bond election.

If from any cause the revenues of the district are or are expected to be inadequate to pay the principal of and interest on the bonds and sinking fund payments, as the same become due, and establish or maintain any reserve fund required therefor, and if the proceeds of the special taxes, levied at the maximum rates authorized, together with such revenues, are still estimated to be insufficient for said purposes, the board shall levy and collect upon all property in the district taxable for county purposes a tax at least sufficient, with the revenues already collected and available therefor, together

with the anticipated proceeds of the special taxes, to pay the interest on the bonds as the same will become due and such part of the principal thereof, including any sinking fund payments, as will become due before the proceeds of a tax levied at the time of the next general tax levy will be available for such purposes, and sufficient to provide or to restore such reserve fund to the amount required by any of the district's agreements with its bondholders.

100183. The board shall avail itself of the assessments made by the assessor of the county and of the assessments made by the State Board of Equalization for the county and shall take such assessments as the basis for district property taxation and have its property taxes collected by the tax collector of the county.

100184. The county auditor shall, on or before the third Monday in August of each year, transmit to the board a statement in writing showing the total value of all property within the district, ascertained from the assessments referred to in Section 100183.

100185. The board shall on or before the first day of September fix the rate of taxes, designating the number of cents upon each one hundred dollars ($100), and using as a basis the value of property transmitted to the board by the county auditor, which rate of taxation shall be sufficient to raise the amount previously fixed by the board.

100186. The board shall immediately after fixing the rate of taxes as above provided transmit to the county auditor of the county a statement of the rate of taxes fixed by the board.

100187. The district's taxes so levied shall be collected at the same time and in the same manner as county taxes. When collected, the net amount, ascertained as provided in this article, shall be paid to the treasurer of the district under the general requirements and penalties provided by law for the settlement of other taxes.

100188. Whenever any real property has been sold for taxes and has been redeemed, the money paid for redemption shall be apportioned and paid to the district by the county treasurer in the proportion which the tax due to the district bears to the total tax for which the property was sold.

100189. All taxes levied under this part are a lien on the property on which they are levied. The enforcement of the collection of such taxes shall be in the same manner and by the same means provided by law for the enforcement of liens for county taxes, all the provisions of law relating to the enforcement of the latter being made a part of this part so far as applicable.

100190. The county shall be compensated for services under this article at the rate of 1 percent for collecting the first twenty-five thousand dollars ($25,000), and one-fourth of 1 percent for all sums over that amount.

Article 8. Special Taxes

100200. A retail transactions and use tax ordinance may be adopted by the board of supervisors, as the legislative body of the district, in accordance with the provisions of Part 1.6 (commencing with Section 7251) of Division 2 of the Revenue and Taxation Code, provided that a majority of the electors voting on the proposition vote to authorize its enactment at the formation election as provided in Chapter 3 (commencing with Section 100030) of this part, or at a special election called for that purpose by the board of supervisors.

100201. (a) Except as provided in subdivision (b) any transactions and use tax ordinance adopted pursuant to this article shall be operative on the first day of the first calendar quarter commencing not less than 180 days after adoption of the ordinance.

(b) The County of Santa Clara may contract with the State Board of Equalization for its services in the preparation necessary to administer a district transaction and use tax ordinance, provided the State Board of Equalization determines that it is feasible for it to begin administration of a transactions and use tax ordinance of the district within the time limitations herein set forth. If such a contract is made prior to July 1, 1969, and a transactions and use tax ordinance is adopted by the district pursuant to Section 100200 by September 30, 1969, it shall be operative on the first day of the first calendar quarter commencing more than 90 days after the adjournment of the 1969 Legislature, or January 1, 1970, whichever is later. The costs to be covered by the contract are to be for services of the types described in Section 7272.5 of the Revenue and Taxation Code for preparatory work up to the date of an election called for the purpose of forming the Santa Clara County Transit District, but not to exceed sixty-two thousand five hundred dollars ($62,500). Any disputes as to the amount of the costs shall be resolved in the same manner as provided in Section 7272.5 of the Revenue and Taxation Code. The cost of such a contract shall be a charge against the general fund of the county, whether or not the district is formed.

(c) Prior to the operative date of the ordinance the district shall contract with the State Board of Equalization to perform all functions incident to the administration and operation of the ordinance.

If the district shall not have contracted with the State Board of Equalization prior to the operative date of its ordinance, it shall nevertheless so contract, and, in such case, the operative date shall be the first day of the first calendar quarter following the execution of the contract.

100202. Repeal of the transactions and use tax ordinance shall not be operative earlier than the first day of the first calendar quarter following the adoption of the ordinance of repeal. Upon repeal of a transactions and use tax ordinance

the board of supervisors shall have no further power to readopt the ordinance or to adopt a new transactions and use tax ordinance pursuant to this article.

100203. Whenever a bond election is held to authorize a bonded indebtedness pursuant to Section 100400, the ordinance calling the election may include a statement that transaction and use taxes, or a stated portion thereof, shall be levied or continued to be levied and used to the extent required to pay principal of and interest on the bonds as the same become due, to provide any sinking fund payments required therefor, or to create or maintain any reserve fund required therefor. A vote in favor of the issuance of the bonds shall authorize the use of such taxes for said purposes and no other or further election need be held to authorize the board to levy and collect such taxes. The ordinance shall not be repealed until all bonds payable from the revenues derived from such taxes have been fully paid or provision has been made for their payment in full.

CHAPTER 6. PERSONNEL

Article 1. Employee Relations

100300. Employees shall have the right to self-organization, to form, join or assist labor organizations, to bargain collectively through representatives of their own choosing, and to engage in other concerted activities for the purpose of collective bargaining or other mutual aid or protection.

100301. Any question which may arise with respect to whether a majority of employees in an appropriate unit desire to be represented by a labor organization shall be submitted to the Director of the Department of Industrial Relations. In resolving such questions of representation including the determination of the appropriate unit or units, petitions, the conduct of hearings and elections, the director shall apply the relevant federal law and administrative practice developed under the Labor Management Relations Act of 1947, as amended, and for this purpose shall adopt appropriate rules and regulations. The State Conciliation Service shall administer such rules and regulations and shall provide for a prompt public hearing and secret ballot election to determine the question of representation and shall certify the results to the parties. Any certification of a labor organization to represent or act for the employees in any collective bargaining unit shall not be subject to challenge on the grounds that a new substantial question of representation within such collective bargaining unit exists until the lapse of one year from the date of certification or the expiration of any collective bargaining agreement, whichever is later, except that no collective bargaining agreement shall be considered to be a bar to representation proceedings for a period of more than two years.

100302. Whenever a majority of the employees employed by the district in a unit appropriate for collective bargaining

indicate a desire to be represented by a labor organization and upon determining, as provided in Section 100301, that said labor organization represents at least a majority of the employees in the appropriate unit, the board and the accredited representative of employees shall bargain in good faith and make all reasonable efforts to reach agreement on the terms of a written contract governing wages, hours and working conditions.

100303. No contract or agreement shall be made with any labor organization, association, group or individual where such organization, association, group or individual denies membership on the grounds of race, creed or color; provided, that such organization may preclude from membership any individual who advocates the overthrow of the government by force or violence.

100304. If, after a reasonable period of time, representatives of the district and the accredited representatives of the employees fail to reach agreement on the terms of a written contract governing wages, hours, pensions and working conditions or the interpretation or application of the terms of an existing contract, either party may request mediation services of the State Conciliation Service.

100305. If, after a reasonable period of time, representatives of the district and the accredited representatives of the employees fail to reach agreement either on the terms of a written contract governing wages, hours, pensions and working conditions or the interpretation or application of the terms of an existing contract, upon the agreement of both the district and the representatives of the employees, the dispute may be submitted to an arbitration board and the decision of the majority of such arbitration board shall be final and binding. The arbitration board shall be composed of two representatives of the district and two representatives of the labor organization, and they shall endeavor to agree upon the selection of a fifth member. If they are unable to agree the names of five persons experienced in labor arbitration shall be obtained from the State Conciliation Service. The labor organization and the district shall, alternately, strike a name from the list so supplied, and the name remaining after the labor organization and the district have stricken four names, shall be designated as the fifth arbitrator and chairman of the board of arbitration. The labor organization and the district shall determine by lot who shall first strike a name from the list. The decision of a majority of the arbitration board shall be final and binding upon the parties thereto. Each party shall be responsible for the expense of the presentation of its case. All other expenses of arbitration shall be borne equally by the parties and said expenses may include the making of a verbatim record of the proceedings and transcript of that record.

100306. In the event the district and the representatives of the employees do not agree to submit any dispute to arbitration as provided in Section 100305 the State Conciliation

Service may be notified by either party that a dispute exists and there is no agreement to arbitrate.

Following such notification the State Conciliation Service shall determine whether or not the dispute may be resolved by the parties and, if not, the issues concerning which the dispute exists. Upon such determination the service shall certify its findings to the Governor of the State of California. The Governor shall, within 10 days of receipt of certification, appoint a factfinding commission consisting of three persons.

The commission shall immediately convene and inquire into and investigate the issues in the dispute. The commission shall have authority to issue subpoenas for the attendance of witnesses and subpoenas duces tecum for the production of books, documents and other records. Subpoenas shall be served and enforced in accordance with Chapter 2 (commencing with Section 1985) of Title 3, Part 4, of the Code of Civil Procedure. The commission shall report to the Governor within 30 days of the date of its creation.

After the creation of such a commission, and for 30 days after such commission has made its report to the Governor, no change, except by mutual agreement, shall be made by the parties to the controversy in the conditions out of which the dispute arose, and service to the public shall be provided.

100307. In the event an exclusive collective bargaining representative is selected pursuant to Section 100301, the provisions of Chapter 10 (commencing with Section 3500), Division 4, Title 1 of the Government Code are not applicable to the district.

Article 2. Rights of Employees of Existing Facilities

100350. Whenever the district acquires existing facilities from a publicly or privately owned utility, either in proceedings by eminent domain or otherwise, to the extent necessary for operation of facilities, all of the employees of such public utility whose duties pertain to the facilities acquired who have been employed by said utility for at least seventy-five (75) days shall be appointed to comparable positions in the district without examination and these employees shall be given sick leave, seniority and vacation credits in accordance with the records of the acquired public utility. No employee of any acquired public utility shall suffer any worsening of wages, seniority, pension, vacation or other benefits by reason of the acquisition.

Whenever the district acquires existing facilities from a publicly or privately owned utility, either in proceedings in eminent domain or otherwise, the district shall assume and observe all existing labor contracts.

The provisions of this section shall apply only to those officers or supervisory employees of the acquired utility as shall be designated by the board.

100351. Whenever the district acquires existing facilities from a publicly or privately owned utility, either in proceedings in eminent domain or otherwise, that has a pension plan in operation, members and beneficiaries of such pension plan shall continue to have the rights, privileges, benefits, obligations and status with respect to such established system. The outstanding obligations and liabilities of such public utility by reason of such pension plan shall be considered and taken into account and allowance made therefor in the purchase price of such public utility. The persons entitled to pension benefits as provided for in this section and the benefits which are provided shall be specified in the agreement or order by which any public utility is acquired by the district.

Article 3. Pension Plan

100370. The adoption, terms and conditions of a pension plan covering employees of the district in a bargaining unit represented by a labor organization shall be pursuant to a collective bargaining agreement between such organization and the district.

100371. The board may contract with the board of administration of the Public Employees' Retirement System and enter all or any portion of its employees under such system provided that no employees of the district in a bargaining unit which is represented by a labor organization shall be included in such contract except as authorized by a collective bargaining agreement.

100372. All persons receiving pension benefits from an acquired public utility and all persons entitled to pension benefits under any pension plan of such acquired public utility may become members or receive pensions under a pension plan established by the district by mutual agreement of such persons and the district. Such agreement may provide for the waiver of all rights, privileges, benefits and status with respect to the pension plan of such acquired public utility.

Article 4. Other Benefits

100380. The district shall take such steps as may be necessary to obtain coverage for the district and its employees under Title 2 of the Federal Social Security Act, as amended, and the related provisions of the Federal Contributions Act, as amended.

100381. The district shall take such steps as may be necessary to obtain coverage for the district and its employees under the workmen's compensation, unemployment compensation disability and unemployment insurance laws of the State of California.

Chapter 7. Bonds and Other Evidences of Indebtedness

Article 1. Authorization and Issuance of General Obligation Bonds

100400. Whenever the board deems it necessary for the district to incur a bonded indebtedness for the acquisition, construction, or repair of any or all improvements, works, property or facilities, authorized by this part or necessary or convenient for the carrying out of the powers of the district, or for any other purpose authorized by this part, it shall, by ordinance, adopted by a vote of two-thirds of all members of the board, so declare and call an election to be held in said district for the purpose of submitting to the qualified voters thereof the proposition of incurring indebtedness by the issuance of bonds of said district, provided the total amount of bonds issued and outstanding pursuant to this article shall not exceed 15 percent of the assessed value of the taxable property of the district as shown by the last equalized assessment roll of the County of Santa Clara Said ordinance shall state:

(a) The purposes for which the proposed debt is to be incurred, which may include all costs and estimated costs incidental to or connected with the accomplishment of such purposes, including, without limitation, engineering, inspection, legal, fiscal agents, financial consultant and other fees, bond and other reserve funds, working capital, bond interest estimated to accrue during the construction period and for a period not to exceed three years thereafter, and expenses of all proceedings for the authorization, issuance and sale of the bonds.

(b) The estimated cost of accomplishing said purposes.

(c) The amount of the principal of the indebtedness.

(d) The maximum term the bonds proposed to be issued shall run before maturity, which shall not exceed 50 years from the date thereof or the date of each series thereof.

(e) The maximum rate of interest to be paid, which shall not exceed 7 percent per annum.

(f) The proposition to be submitted to the voters, which may include one or more purposes.

(g) The date of the election.

(h) The manner of holding the election and the procedure for voting for or against the measure.

(i) The ordinance may also contain, as provided in subdivision (b) of Section 100182, a statement that the special taxes mentioned in Article 8 (commencing with Section 100200) of Chapter 5 of this part, or a stated portion thereof, shall be levied, or continued to be levied, and used to the extent required to pay principal of and interest on the bonds as the same become due, to provide for any sinking fund payments required therefor or to create or maintain any reserve fund required therefor.

(j) The ordinance may also contain any other matters authorized by this part or any other law.

100401. Notice of the holding of such election shall be given by publishing, pursuant to Section 6066 of the Government Code, the ordinance calling the election in at least one newspaper published in such district. No other notice of such election need be given. Except as otherwise provided in the ordinance, the election shall be conducted as other district elections.

100402. If any proposition is defeated by the electors, the board shall not call another election on a substantially similar proposition to be held within six months after the prior election. If a petition requesting submission of such a proposition, signed by 15 percent of the district electors, as shown by the votes cast for all candidates for governor within the district at the last gubernatorial election, is filed with the board, it may call an election before the expiration of six months.

100403. If 66⅔ percent of the electors voting on the proposition vote for it, then the board may, by resolution, at such time or times as it deems proper, issue bonds of the district for the whole or any part of the amount of the indebtedness so authorized and may from time to time, by resolution, provide for the issuance of such amounts as the necessity thereof may appear, until the full amount of such bonds authorized shall have been issued. Said full amount of bonds may be divided into two or more series and different dates and different dates of payment fixed for the bonds of each series. A bond need not mature on an anniversary of its date. The maximum term the bonds of any series shall run before maturity shall not exceed 50 years from the date of each series respectively. In such resolution or resolutions the board shall prescribe the form of the bonds (including, without limitation, registered bonds and coupon bonds) and the form of any coupons to be attached thereto, the registration, conversion and exchange privileges, if any, pertaining thereto, and fix the time when the whole or any part of the principal shall become due and payable.

100404. The bonds shall bear interest at a rate or rates not exceeding 7 percent per annum, payable semiannually, except that the first interest payable on the bonds or any series thereof may be for any period not exceeding one year as determined by the board. In the resolution or resolutions providing for the issuance of such bonds the board may also provide for call and redemption of such bonds prior to maturity at such times and prices and upon such other terms as it may specify, provided that no bond shall be subject to call or redemption prior to maturity unless it contains a recital to that effect or unless a statement to that effect is printed thereon. The denomination or denominations of the bonds shall be stated in the resolution providing for their issuance, but shall not be less than one thousand dollars ($1,000). The principal of and interest on such bonds shall be payable in lawful money of the United States at the office of the treasurer of the district or at such

other place or places as may be designated, or at either place or places at the option of the holders of the bonds. The bonds, or such series thereof, shall be dated and numbered consecutively and shall be signed by the chairman of the board and the treasurer, countersigned by the secretary and the official seal of the district attached. The interest coupons of such bonds shall be signed by the treasurer. All such signatures, countersignatures and seal may be printed, lithographed or mechanically reproduced, except that one of such signatures or countersignatures on the bonds shall be manually affixed. If any officer whose signature or countersignature appears on bonds or coupons ceases to be such officer before the delivery of the bonds, his signature is as effective as if he had remained in office.

100405. The bonds may be sold as the board determines by resolution but for not less than par. Before selling the bonds, or any part thereof, the board shall give notice inviting sealed bids in such manner as it may prescribe. If satisfactory bids are received the bonds offered for sale shall be awarded to the highest responsible bidder. If no bids are received or if the board determines that the bids received are not satisfactory as to price or responsibility of the bidders the board may reject all bids received, if any, and either readvertise or sell the bonds at private sale.

100406. Delivery of any bonds may be made at any place either inside or outside the state, and the purchase price may be received in cash or bank credits.

100407. All accrued interest and premiums received on the sale of bonds shall be placed in the fund to be used for the payment of principal of and interest on the bonds and the remainder of the proceeds of the bonds shall be placed in the treasury to the credit of the proper improvement fund and applied exclusively to the purposes for which the debt was incurred (which purposes shall be in conformity with an approved general transit plan or element thereof then in effect); provided, however, that when said purposes have been accomplished any moneys remaining in such improvement fund (a) shall be transferred to the fund to be used for the payment of principal of and interest on the bonds, or (b) shall be placed in a fund to be used for the purchase of outstanding bonds of the district from time to time in the open market at such prices and in such manner, either at public or private sale or otherwise, as the board may determine. Bonds so purchased shall be canceled immediately.

100408. After the expiration of three years after a bond election the board may determine, by ordinance adopted by a vote of two-thirds of all the members of the board, that any or all of the bonds authorized at said election remaining unsold shall not be issued or sold. When the ordinance takes effect, the authorization to issue said bonds shall become void.

100409. Whenever the board deems that the expenditure of money for the purposes for which the bonds were authorized

by the voters is impractical or unwise, it may, by ordinance adopted by a vote of two-thirds of all members of the board, so declare and call an election to be held in the district for the purpose of submitting to the qualified voters thereof the proposition of incurring indebtedness by the issuance of such bonds for some other purposes or, in the case where bonds have been sold, the proposition to use the proceeds for some other purposes. The procedure, so far as applicable, shall be the same as when a bond proposition is originally submitted.

100410. The board may provide for the issuance, sale or exchange of refunding bonds to redeem or retire any bonds issued by the district upon the terms, at the times and in the manner which it determines. Refunding bonds may be issued in a principal amount sufficient to pay all or any part of the principal of such outstanding bonds, the interest thereon and the premiums, if any, due upon call and redemption thereof prior to maturity and all expenses of such refunding. The provisions of this article for issuance and sale of bonds apply to the issuance and sale of such refunding bonds; except that (i) no election need be called or held for the purpose of authorizing the issuance of refunding bonds, and (ii) when refunding bonds are to be exchanged for outstanding bonds the method of exchange shall be as determined by the board.

100411. The provisions of Article 4 (commencing with Section 53500), Chapter 3, Part 1, Division 2, Title 5 of the Government Code are applicable to the district.

100412. Any bonds which shall be issued under the provisions of this article shall be legal investment for all trust funds; for the funds of insurance companies, banks—both commercial and savings—and trust companies; and for state school funds; and whenever any money or funds may, by any law now or hereafter enacted, be invested in bonds of cities, cities and counties, counties, school districts, or other districts within the State of California, such money or funds may be invested in the bonds issued under this part, and whenever bonds of cities, cities and counties, counties, school districts, or other districts within this state may, by any law now or hereafter enacted, be used as security for the performance of any act or the deposit of any public moneys, the said bonds issued under this part may be so used. The provisions of this article shall be in addition to all other laws relating to legal investments and shall be controlling as the latest expression of the Legislature with respect thereto.

100413. If bonds are authorized that contain a provision for special taxes under subdivision (i) of Section 100400 of this article, the board may enter into such covenants as may be deemed proper to provide for issuance of additional parity bonds, the priority and pledge of special taxes and such other covenants as are customary or desirable in the issuance of any bonds payable out of special funds or necessary, convenient or desirable to secure the bonds or tending to make them more marketable subject to the provisions of the ordinance calling the bond election.

Article 2. Revenue Bonds

100450. The district may issue bonds, payable from revenue of any facility or enterprise to be acquired or constructed by the district, in the manner provided by the Revenue Bond Law of 1941, Chapter 6 (commencing with Section 54300), Part 1, Division 2, Title 5 of the Government Code, all of the provisions of which are applicable to the district.

100451. The district is a local agency within the meaning of the Revenue Bond Law of 1941, Chapter 6 (commencing with Section 54300), Part 1, Division 2, Title 5 of the Government Code. The term "enterprise" as used in the Revenue Bond Law of 1941 shall, for all purposes of this part, include the system or any or all transit facilities and all additions, extensions and improvements thereto authorized to be acquired, constructed or completed by the district. The district may issue revenue bonds under the Revenue Bond Law of 1941, for any one or more transit facilities authorized to be acquired, constructed, or completed by the district or, in the alternative, may issue revenue bonds under the Revenue Bond Law of 1941, for the acquisition, construction and completion of any one of such transit facilities. Nothing in this article shall prevent the district from availing itself of, or making use of, any procedure provided in this part for the issuance of bonds of any type or character for any of the transit facilities authorized hereunder, and all proceedings may be carried on simultaneously or, in the alternative, as the board may determine.

Article 3. Equipment Trust Certificates

100460. The district shall have power to purchase transit equipment such as cars, trolley buses and motor buses, or rolling equipment, and may execute agreements, leases and equipment trust certificates in the forms customarily used by private corporations engaged in the transit business appropriate to effect such purchase and leasing of transit equipment and may dispose of such equipment trust certificates upon such terms and conditions as the board may deem appropriate. Payment for such equipment, or rentals therefor, may be made in installments, and the deferred installments may be evidenced by equipment trust certificates payable from any source or sources of funds specified in such certificates that are or will be legally available to the district; and title to such equipment shall not rest in the district until the equipment trust certificates are paid.

100461. The agreement to purchase or lease may direct the vendor or lessor to sell and assign or lease the rolling equipment to a bank or trust company duly authorized to transact business in the State of California as trustee, for the benefit and security of the equipment trust certificates and may direct such trustee to deliver the rolling equipment to one or more designated officers of the district and may authorize the district

to simultaneously therewith execute and deliver an installment purchase agreement or a lease of the equipment to the district.

100462. The agreements and leases shall be duly acknowledged before a person authorized by law to take acknowledgments of deeds and in the form required for acknowledgment of deeds and such agreements, leases, and equipment trust certificates shall be authorized by resolution of the district and shall contain such covenants, conditions and provisions which may be deemed necessary or appropriate to insure the payment of the equipment trust certificates from legally available sources or sources of funds specified in such certificates.

100463. The covenants, conditions and provisions of the agreements, leases, and equipment trust certificates shall not conflict with any of the provisions of any trust agreement securing the payment of bonds, notes or certificates of the district.

100464. An executed copy of each such agreement and lease shall be filed in the office of the Secretary of State, who will be entitled to receive one dollar ($1) for each such copy filed with him and which filing shall constitute notice to any subsequent judgment creditor or any subsequent purchaser. Each vehicle so purchased or leased shall have the name of the owner or lessor plainly marked on both sides thereof followed by the appropriate words "Owner and Lessor" or "Owner and Vendor," as the case may be.

Article 4. Improvement Acts and Special Benefit Districts

100470. The Improvement Act of 1911, the Municipal Improvement Act of 1913 and the Improvement Bond Act of 1915 are applicable to the district.

100471. The provisions of Chapter 1 (commencing with Section 99000) of Part 11 of Division 10 of the Public Utilities Code are applicable to the district.

Article 5. Temporary Borrowing

100480. The district may borrow money for the purpose of defraying general administrative and preliminary expenses of the district, lawfully incurred, prior to the time moneys to be raised by the first tax levy for the district are available, a sum which shall not exceed five cents ($0.05) on each one hundred dollars ($100) of assessed valuation of taxable property in the district at the time the moneys are borrowed, and to evidence such borrowing by notes bearing interest at a rate not to exceed 7 percent per annum. The notes shall be payable from the first tax levy made by the district and the tax levy shall contain a sum sufficient to provide for the payment of the notes and the interest thereon. [Approved by Governor June 16, 1969. Filed with Secretary of State June 16, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 25545.29 of the Education Code is amended to read:

25545.29. Bonds shall bear interest at a rate of not to exceed 7 percent per annum, payable annually or semiannually or in part annually and in part semiannually.

SEC. 2. Section 25545.36 of the Education Code is amended to read:

25545.36. Bonds may be sold at either public or private sale. The board may fix terms and conditions for the sale or other disposition of any authorized issue of bonds. The county treasurer, when authorized by resolution of the board, may sell bonds at less than their par or face value, but no bond may be sold at a price below the par or face value thereof which would result in a sale price yielding to the purchaser an average of more than 7 percent per annum, payable semiannually, according to standard tables of bond values.

SEC. 3. Section 54382 of the Government Code is amended to read:

54382. The resolution shall:

(a) State the purpose for which the bonds are proposed to be issued.

(b) State the estimated cost of the acquisition, construction, improvement and financing.

(c) State the principal amount of the bonds.

(d) State the maximum rate of interest on the bonds, which shall not exceed 7 percent a year, payable annually or semiannually.

(e) Fix the election date.

(f) Fix the manner of holding the election.

(g) Fix the manner of voting on the issuance of the bonds

(h) State that in all other particulars the election shall be held and the votes canvassed pursuant to law for general municipal elections in such local agencies.

SEC. 4. Section 6646 of the Health and Safety Code is amended to read:

6646. The bonds shall be payable in lawful money of the United States at the office of the treasurer and bear interest at a rate not exceeding 7 percent per annum, payable semiannually in like lawful money. The interest for the first year may be payable in one installment at the end of such year, or the interest for the period from the date of the bonds to a date not later than 30 days after the date the second installment of the first district taxes levied after the date of said bonds will become delinquent may be payable in one installment at the end of such period.

SEC. 5. Section 6649 of the Health and Safety Code is amended to read:

6649. The bonds shall be sold by the board in such manner and in such quantities as may be determined by it in its discretion but not less than 95 percent of the par value thereof.

Before selling the bonds, or any part thereof, the board shall give notice inviting sealed bids in such manner as the board may prescribe. If satisfactory bids are received, the bonds offered for sale shall be awarded to the highest responsible bidder. If no bids are received, or if the board determines that the bids received are not satisfactory as to price or responsibility of the bidders, the board may reject all bids received, if any, and either again give notice inviting bids or sell the bonds at private sale.

SEC. 6. Section 5784.22 of the Public Resources Code is amended to read:

5784.22. The district may acquire all necessary and proper lands and facilities, or any portion thereof, by means of a plan to borrow money or by purchase on contract. The amount of indebtedness to be incurred shall not exceed an amount equal to the anticipated tax income for a two-year period, and all such indebtedness which is incurred on or after October 1, 1963 shall be repaid in approximately equal annual installments during a period not to exceed 10 years from the date on which it is incurred and shall bear interest at a rate not exceeding 7 percent per annum payable annually or semiannually or in part annually and in part semiannually. Each such indebtedness shall be authorized by a resolution adopted by the affirmative votes of at least four-fifths of the members of the district board and shall be evidenced by a promissory note or contract signed by at least four-fifths of the members of the

district board. At the time of making the general tax levy after incurring each such indebtedness and annually thereafter until such indebtedness is paid or until there is a sum in the treasury set apart for that purpose sufficient to meet all payments of principal and interest on such indebtedness as they become due, a tax shall be levied and collected sufficient to pay the interest on such indebtedness and such part of the principal as will become due before the proceeds of a tax levied at the next general tax levy will be available. The indebtedness authorized to be incurred by this section shall be in addition to, and the provisions of this section shall not apply to, any bonded indebtedness authorized by vote of the electors.

SEC. 7. Section 5784.24 of the Public Resources Code is amended to read:

5784.24. The resolution calling an election upon the issuance of bonds shall specify the date of the election, the amount of the bonds to be issued, the rate of interest or a maximum rate to be paid thereon, such rate or maximum rate not to exceed 7 percent per annum, and the nature of the proposed structure or improvement or of the property to be acquired, and such resolution shall be published as a notice of the election, in accordance with the provisions of Sections 58006 and 58007 of the Government Code.

SEC. 9. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

There is a great need for financing of badly needed public improvements, particularly where flooding damage is extensive, and the increase in the maximum interest rate on improvement bonds authorized by this act is necessary at the earliest possible time in order to provide such financing and to make these bonds more competitive on the market with other types of financing.

CHAPTER 195

An act to amend Section 98261 of the Public Utilities Code, relating to temporary borrowing, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 16, 1969. Filed with Secretary of State June 16, 1969.]

The total amount of money borrowed and indebtedness incurred under this section during this two-year period shall not exceed 50 percent of the total amount of estimated tax revenue as estimated by the county auditor of the county in which the district lies for the following fiscal year. A district may borrow in anticipation of estimated tax revenues for the following fiscal year prior to the actual commencement of such year. The district may also borrow money pursuant to the procedure described above in anticipation of estimated tax revenues for the fiscal year next succeeding the fiscal year immediately following the fiscal year in which the district is formed

The form of said notes and the proceedings relating to their issuance and sale, will be governed by the applicable provisions contained in Article 7 (commencing with Section 53820) of Chapter 4 of Part 1 of Division 2 of Title 5 of the Government Code.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The Santa Cruz Metropolitan Transit District, to which solely this matter relates, requires temporary financing in order to go into immediate operation to implement transportation programs vitally required by the area.

CHAPTER 196

An act to amend Sections 7 1 and 12 of the Ventura County Flood Control Act (Chapter 44 of the Statutes of 1944, Second Extraordinary Session), relating to the Ventura County Flood Control District, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 16, 1969. Filed with Secretary of State June 16, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 7.1 of the Ventura County Flood Control Act (Chapter 44 of the Statutes of 1944, Second Extraordinary Session) is amended to read:

Sec. 7.1. In addition to the powers described in Section 7 of this act, the district shall have the power by ordinance or resolution to prescribe, revise and collect fees and charges in any zone and in any special zone as a condition of development of land. Land to be developed within a special zone shall be subject both to the fees and charges of the zone in which it is located and the fees and charges of the special zone in which it is located. Development of land for the purposes of this section shall include, but not be limited to, subdivision development as governed by the Subdivision Map Act; construction of new buildings, structures and improvements for residential, commercial or industrial purposes; and any development of land requiring either zone variance or special use permit. The amount of fees and charges levied for each zone and for each special zone shall be determined separately and shall be based upon the need created by development of land for flood control facilities within the zone or special zone. The amount of fees and charges levied for any zone, other than a special zone, shall not exceed four hundred dollars ($400) for each acre or portion thereof of land to be developed. Fees and charges prescribed as a condition of development of land pursuant to this section shall be in addition to any other conditions imposed on such development by any other agency having power to prescribe such other conditions. Except as hereinafter provided, revenues derived from fees and charges prescribed for any zone may be used only for the acquisition, engineering, design, construction, reconstruction, maintenance or operation of flood control or storm drainage facilities within such zone, or within any special zone located in such zone, or used to pay the interest on or reduce the principal of any bonded indebtedness of such zone. At the discretion of the board of supervisors, all or part of fees and charges prescribed for any zone which are collected as a condition of development of land located within a special zone may be used to pay the interest on or reduce the principal of any bonded indebtedness of such special zone. Except as hereinafter provided, revenues derived from fees and charges prescribed for any special zone shall be used only for the acquisition, engineering, design, construction, reconstruction, maintenance or operation of flood control or storm drainage facilities within such special zone or used to pay the interest on or reduce the principal of any bonded indebtedness of such special zone. At the discretion of the board of supervisors, all or part of fees and charges prescribed for any zone or special zone need not be collected as a condition of development of land located within a protection district established under the Protection District Act of 1907 or if collected from such land, all or part of such fees may be remitted to the pro-

tection district to be used to pay the interest on or reduce the principal of any bonded indebtedness of such protection district. Whenever the development of land within any zone or within any special zone is made subject to fees or charges by the board of supervisors pursuant to this section, said board of supervisors may allow a credit against such fees for the acquisition, engineering, design, construction, reconstruction, maintenance or operation costs of any flood control or storm drainage facility within such zone or special zone which has been constructed or paid for in connection with the development of land within such zone or special zone. The board of supervisors may also reduce fees or charges prescribed for any part of the land to be developed within such zone or special zone if they find that because of special circumstances the payment thereof would be inequitable or would cause undue hardship and the reduction of such fees would be in the public interest. The consent and approval of the legislative body of a city shall be necessary before any fees or charges may be levied on the development of land located within the corporate boundaries of a city which are higher than any fees or charges levied on the development of land located outside the corporate boundaries of such city.

SEC. 2. Section 12 of the Ventura County Flood Control Act (Chapter 44 of the Statutes of 1944, Second Extraordinary Session) is amended to read:

Sec. 12. The board of supervisors of said district shall have power, in any year:

1. To levy an ad valorem tax or assessment upon all taxable property in the district to pay the costs and expenses of said Ventura County Flood Control District and to carry out any of the objects or purposes of this act of common benefit to the district as a whole, and

2. To levy an ad valorem tax or assessment upon all taxable property in each or any of said zones, according to the benefits derived or to be derived by said respective zones, to pay the cost and expenses of carrying out any of the objects or purposes of this act of special benefit to said respective zones, including the constructing, maintaining, operating, extending, repairing or otherwise improving any or all works or improvements within said respective zones. It is declared that all property within a given zone is equally benefited under this act.

Said taxes or assessments shall be levied and collected together with, and not separately from, taxes for county purposes, and the revenues derived from said taxes shall be paid into the county treasury to the credit of said district, and said board of supervisors shall have the power to control and order the expenditure thereof for said purposes; provided, however, that no revenues, or portions thereof, derived in any of the several zones from the taxes or assessments levied under the provisions of subdivision 2 of this section shall be expended for constructing, maintaining, operating, extending, repairing

or otherwise improving any works or improvements located in any other zone except as provided in Section 14 hereof; and provided further, however, that the aggregate taxes or assessments levied under this act for any one fiscal year shall not exceed forty-three cents ($0.43) on each one hundred dollars ($100) of the assessed valuation of the taxable property in zone 1 until July 1, 1971, and thereafter shall not exceed twenty cents ($0.20) on each one hundred dollars ($100) of the assessed valuation on the taxable property in zone 1, shall not exceed forty cents ($0.40) on each one hundred dollars ($100) of the assessed valuation of the taxable property in zones 2 and 4, shall not exceed twenty-seven cents ($0.27) on each one hundred dollars ($100) of the assessed valuation of the taxable property in zone 3, and shall not exceed one dollar ($1) on each one hundred dollars ($100) of the assessed valuation of the taxable property in any special zone in addition to the aggregate taxes or assessments levied for zone 1, 2, 3 or 4 and exclusive of any tax or assessment levied to pay the cost and expenses of any project or facility for importing water into the district or to meet any bonded indebtedness of said zones or district and the interest thereon.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Because of recent extensive flood damage in zone 1 of the Ventura County Flood Control District, the provisions of this act are urgently needed to permit the district to pay the cost and expense of carrying out the objects and purposes of the Ventura County Flood Control Act of special benefit to said zone 1, including the constructing, maintaining, operating, extending, repairing or otherwise improving any or all works or improvements within said zone 1, for the preservation of the public health and safety.

[Approved by Governor June 16, 1969. Filed with Secretary of State June 16, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 23.2 is added to the Riverside County Flood Control and Water Conservation District Act (Chapter 1122 of the Statutes of 1945), to read:

Sec. 23.2. Said board of supervisors shall have the power to fix a charge in each fiscal year representing a drainage standby or availability assessment of not to exceed ten dollars ($10) per year per acre for each parcel of land of one half acre or more, or five dollars ($5) per year for each parcel of land less than one half acre within the district to which drainage is made available by the district. If the decision of the court, or the verdict of the jury, upon the special defense or defenses so tried shall be in favor of the plaintiff, trial of the other issues shall thereafter be had upon the motion of either party, and judgment shall be entered thereon in the same manner and with the same effect as if all the issues in the case had been tried at one time. [Approved by Governor June 16, 1969. Filed with Secretary of State June 16, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 22051 of the Financial Code is amended to read:

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Under existing law a California job development corporation may be required to obtain a license under the Personal Property Brokers Law in order to make certain loans in furtherance of the purposes of the California Job Development Corporation Law. Since such corporations are extensively regulated under the latter law, the additional requirements of the Personal Property Brokers Law are unnecessary with respect to such corporations. In order that the California Job Development Corporation Law be implemented to meet the urgent needs of the economically disadvantaged areas of this state, it is imperative that the additional regulating requirements of the Personal Property Brokers Law be made inapplicable to such corporations.

CHAPTER 209

Each such district when so incorporated shall be a separate and independent political corporate entity.

CHAPTER 2. ORDINANCE OF INCORPORATION

SEC. 30. The legislative body of a public agency may pass an ordinance declaring that the public convenience and necessity require the incorporation of a metropolitan water district. The ordinance shall state each of the following:

(a) It is proposed to incorporate a metropolitan water district under the provisions of this act.

(b) The names of the public agencies proposed to be included within the district to be incorporated.

(c) The name of the proposed district.

(d) An estimate of the preliminary costs and expenses of incorporating and organizing the proposed district and an apportionment of such costs and expenses among the several public agencies proposed to be included within such district. Such apportionment shall be substantially in accordance with population as shown by the most recent federal census.

SEC. 32. Within 60 days after the receipt by any public agency named in the ordinance of a certified copy of such ordinance, the legislative body of the public agency shall by order either approve or reject such ordinance without alteration or amendment. In the event that the legislative body of any public agency shall fail to act upon such ordinance within such period of 60 days after receipt of a certified copy, such public agency shall be deemed to have rejected such ordinance.

SEC. 33. Immediately upon the approval or rejection of such ordinance by the legislative body of any public agency, the clerk thereof shall forward to the clerk of the public agency initiating the proceedings a certified copy of the order approving or rejecting such ordinance, as the case may be. Each public agency thus approving such ordinance shall promptly pay over to the public agency initiating the proceedings, the sum of money apportioned to it by the public agency initiating the proceedings as its share of the preliminary costs and expenses of the incorporation and organization of such district, and the money so paid shall constitute a fund for the purpose of defraying such costs and expenses of conducting the election required by this part as are not met by the respective public agencies, and such incidental expenses as may be properly incurred in connection therewith. Each public agency so contributing money shall be entitled to credit with the district for the amount contributed.

CHAPTER 3. FORMATION ELECTION

SEC. 35. Within 120 days after the transmission of the original ordinance, as provided in Section 31, but not before

either each public agency named in the ordinance shall have acted on it or the 60-day periods shall have expired, the legislative body of the initiating public agency shall call and provide for the holding of a special election in all of the public agencies, the legislative bodies of which have approved the original ordinance, including the initiating public agency, at which election the proposition of the incorporation of such metropolitan water district shall be submitted to the electors residing within such public agencies for ratification or rejection. Such election may be held separately or may be consolidated or held concurrently with any other election or elections authorized by law at which the electors residing in all of the public agencies in which the election called pursuant to this section is to be held are entitled to vote.

SEC. 36. The election shall be called by ordinance by the governing body of the initiating public agency. Such ordinance shall contain all of the following:

(a) The names of all public agencies, the governing bodies of which have approved the original ordinance as provided in Section 32, in which public agencies such election shall be called to be held.

(b) The day upon which such election shall be held.

(c) The time for opening and closing polls.

(d) The manner of voting for or against the proposition.

SEC. 37. The ordinance adopted pursuant to Section 36 shall also designate the precincts and polling places and shall appoint the officers of such election, which officers shall consist of one inspector, one judge and two clerks in each precinct. The description of precincts may be made by reference to any order or orders of the board of supervisors of the county or counties in which the proposed metropolitan water district, or any part thereof, shall be situated, or by reference to any provisions, order or ordinance of the legislative body of any public agency proposed to be included in the incorporation of such metropolitan water district, or by detailed description of such precincts. Precincts established by the boards of supervisors of the various counties to a number of not exceeding six may be consolidated for such special elections.

SEC. 38. Whenever the election shall be held concurrently with or shall be consolidated with any primary or general election, the precincts, polling places and officers of election shall be those designated and appointed for such primary or general election, and the ordinance calling the election need not designate precincts or polling places or name the election officers, but shall refer to the order or orders, or act or acts by which such other election shall have been called, and by which the precincts and polling places for such other election shall have been fixed and the officers of election appointed.

SEC. 39. The ordinance calling the election shall be published once at least 10 days before the date of the election in a newspaper of general circulation printed and published in each county within the proposed metropolitan water dis-

trict, and no other notice of such election or further publication of the names of election officers or of the precincts or polling places need be given or made.

SEC. 40. The ballot used at the election held pursuant to this chapter shall contain the words "Shall the territory embraced within the corporate boundaries of the _____ become a part of the _____ Metropolitan Water District" (inserting the name of the public agency in which such ballot shall be used and the name of the metropolitan water district as stated in the initiating ordinance) and the words "Yes" and "No" accompanied by voting squares set opposite thereto so that any elector may record his vote either for or against the proposition.

SEC. 41. Whenever the election, whether held separately or conducted concurrently with any other election, is conducted by the use of separate ballots, such ballots shall be counted by the respective election boards, and the returns shall be made to the governing board of the initiating public agency. At its first regular meeting occurring five days after such election, the governing board shall canvass the returns and declare the result.

SEC. 42. In the event that the election is consolidated with any primary or general election pursuant to Section 38 and the proposition provided in Section 40 is printed upon a ballot containing other propositions, the returns of the election shall be made with the returns of the primary or general election to the boards of supervisors or other bodies whose duty it is to canvass the returns, and the results of the election shall be canvassed at the time and in the manner provided by law for the canvass of the returns of such primary or general election.

It shall be the duty of such canvassing body or bodies to promptly certify and transmit to the governing body of the initiating public agency a statement of the result of the vote upon the proposition provided in Section 40 in each of the respective public agencies, the returns for which have been made to such canvassing bodies. Upon the receipt of such certificates it shall be the duty of the governing body of the initiating public agency to tabulate and declare the result.

CHAPTER 4. ESTABLISHMENT OF DISTRICT

SEC. 45. In the event the vote is in favor of establishment of the district, the governing body of the initiating public agency shall certify to the Secretary of State the proceedings had together with the result of the election conducted pursuant to this part, separately stating the names of the public agencies in which a majority of the electors voting upon the proposition have voted affirmatively if the total assessed valuation in such approving public agencies, as shown by county assessment records, is not less than two-thirds of the total assessed valuation within the district as proposed in the original ordinance according to the records of the county or counties.

SEC. 46. The Secretary of State shall within 10 days after the receipt of such certificate of election issue a certificate of incorporation reciting that the district named in such certificate of election has been duly incorporated according to the laws of the State of California, and naming the public agencies of which the district shall be composed as shown by such certificate of election, which public agencies shall be those in which the majority of electors voting on the proposition of incorporation shall have voted affirmatively.

The Secretary of State shall transmit to each such public agency a copy of such certificate of incorporation. The incorporation of any metropolitan water district shall be effective from and after the date of the issuance of such certificate of incorporation, and such district shall thereupon become vested with all of the rights, privileges, and powers of a metropolitan water district.

SEC. 47. No invalidity or irregularity in any proceeding which does not substantially and adversely affect the interests of the electors of the district, or any member public agency, shall be held to invalidate the incorporation of any district.

PART 3 INTERNAL ORGANIZATION

CHAPTER 1 BOARD OF DIRECTORS

SEC. 50. All powers, privileges and duties vested in or imposed upon any district shall be exercised and performed by and through a board of directors.

SEC. 51. The board shall consist of at least one representative from each member public agency. Such representatives shall serve without compensation from the district and shall be designated and appointed by the chief executive officer of the member public agency with the consent and approval of the governing body of the agency (hereafter referred to as the "appointing power").

SEC. 52. In lieu of one representative any member public agency may designate and appoint several representatives not exceeding one additional representative for each one billion dollars ($1,000,000,000) of assessed valuation, in which event each such representative present at a meeting of the board of directors when a vote is taken shall cast, or may abstain from casting, an equal share of the total vote to which such member public agency is entitled

SEC. 53. No incumbent representative shall be deprived of his office by reason of an increase in the amount of the assessed valuation required to authorize the designation and appointment of additional representatives, nor by reason of any decrease in the assessed valuation of the member public agency which he represents occurring after his assumption of office

SEC 54. In lieu of the appointment of members to the board pursuant to Sections 51 or 52 for an indefinite term at the pleasure of the appointing power, a member public agency

may by ordinance provide that each representative of that member public agency shall serve for a term of four years commencing on the first day of January of an odd-numbered year, and thereafter until his successor has been appointed and qualified, in accordance with the following provisions:

(a) The term of office of an incumbent representative of a member public agency with only one representative on the board on the effective date of such ordinance shall expire on the next succeeding 31st day of December of an even-numbered year following such effective date, or thereafter when his successor has been appointed and qualified.

(b) The appointing power of a member public agency which has more than one representative on the board shall designate the term of each such representative so that to the extent possible the term of an equal number of directors will expire on the next succeeding 31st day of December of an even-numbered year following the effective date of such ordinance and on the 31st day of December of the next succeeding even-numbered year, or thereafter when their successors have been appointed and qualified.

(c) A person appointed to fill a vacancy shall hold office for the unexpired term of his predecessor.

(d) Any director so appointed for a specified term may be removed by the appointing power for cause.

(e) The repeal of such ordinance shall not affect the term of an incumbent representative appointed pursuant to such ordinance.

SEC. 55. However, each member of the board shall have at least one vote but, no member public agency shall have votes exceeding in number the total number of votes of all other member public agencies. As used in this section, "major fractional part" means a fractional part larger than one-half.

SEC. 84. The treasurer may deposit funds of the district in banks in the manner provided by law for the deposit of moneys of a municipality or other public or municipal corporation.

CHAPTER 3. PROHIBITED INTERESTS IN CONTRACTS

SEC. 92. Notwithstanding Section 90, any director or other officer or employee of the district may be a stockholder or bondholder or director or other officer or employee of a corporation contracting with the district, if the contracts made with such corporation are for its general benefit unless such director or officer or employee of the district owns or controls, directly or indirectly, stock or bonds in an amount exceeding 5 percent of the total amount of the stock or bonds, respectively, of such contracting corporation issued and outstanding.

CHAPTER 4. RETIREMENT SYSTEM

SEC. 100. The board of directors by ordinance may establish a retirement system for the officers and employees of the district and provide for the payment of annuities, pensions, retirement allowances, disability payments, and death benefits, or any of them.

SEC. 101. The board of directors may classify and determine the officers and employees who shall be included as members in the retirement system and may change such classification from time to time. Membership of all officers and employees so classified and included in such retirement system shall be compulsory except that any officer or employee of the district at the time of the adoption of such system who falls within any such classification of officers or employees included as members in such system shall have the option of accepting or rejecting membership in the system and upon acceptance of such membership such officer or employee shall be entitled to the benefits and shall be subject to the burdens of such system.

SEC. 102. The board of directors may prescribe the terms and conditions upon which the officers and employees of the district or their beneficiaries shall be entitled to benefits and the amounts thereof, and the retirement allowance may be predicated in part on service rendered the district by a member prior to the establishment of the retirement system, which service shall be known as "prior service." Any such retirement system so adopted by the board of directors shall provide that the district and the members shall contribute to the retirement system and the contribution by members shall be so fixed as to provide, with accumulated interest, at least one-half the value of any retirement allowance granted for service, exclusive of any credits allowed for prior service, and all members of the retirement system shall contribute in the manner and amount fixed by the board of directors of the district. Such contributions may be collected by deducting the amounts thereof from the salary, wages or compensation due such members. Liabilities accruing under the retirement

system because of benefits other than such as are the equivalent of contributions by the members, with accumulated interest, shall be met by contributions by the district.

SEC. 103. The board of directors by ordinance may provide that the district shall maintain its own retirement fund from which the benefits to eligible officers and employees will be paid, under the control of the retirement board provided for in Section 107, or such ordinance may provide for the purchase of group or other insurance or annuities for the purpose of paying such benefits, or such ordinance may provide for such other means of administering the retirement system as in the opinion of the board of directors will satisfactorily provide an adequate and sure method of meeting the payments contemplated by the said retirement system.

SEC. 104. No retirement benefit shall be payable to any member of the retirement system unless he shall have reached the age of 60 years and shall have had not less than 15 years of service in the aggregate as an officer or employee, or both, of the district, although such service need not have been continuous; provided, that proportionate disability retirement benefit may be paid to any member of the retirement system, irrespective of his age, after an aggregate of 10 years' service in accordance with the provisions of the plan adopted by the board of directors; and provided further, that in the event any member withdraws from the retirement system prior to retirement the total amount contributed by such member with such interest as may be credited thereto shall be returned to him.

SEC. 105. Death benefits shall be payable to the beneficiary or beneficiaries, in the amounts, and in the manner, provided in accordance with the plan so adopted by the board of directors.

SEC. 106. All moneys received by any person as an annuity, pension, retirement allowance, disability payment or death benefit from any such retirement system, and all contributions and interest thereon returned to any member of such retirement system, whether the same be in the actual possession of such person or deposited, loaned or invested by him, shall be exempt from execution, garnishment and attachment and shall be unassignable.

SEC. 107. The board of directors shall create a retirement board of not more than five members, at least two members of which shall be the elected representatives of the members of the retirement system, and the remaining members shall be representatives of the board of directors. The board of directors shall provide the tenure of the members of the retirement board and shall define their powers and duties, but the retirement board shall have the power and duty to determine the eligibility of officers, employees and their dependents to participation in the system and shall be the sole authority and judge under such ordinances as may be adopted by the board of directors as to the conditions under which persons may be

admitted to and continue to receive benefits of any sort under the retirement system, and may modify allowances for servic and disability. Such determinations by the retirement board shall be final and conclusive, and in the event that the district shall maintain its own retirement fund, the retirement board shall have exclusive control of the administration, investment and disbursement of such fund, but the investment thereof shall be subject to the terms, limitations, restrictions and conditions imposed by the laws of the State of California upon savings banks in the making of investments by savings banks. The members of the retirement board shall serve without pay, and neither the treasurer nor controller shall receive any additional compensation for services performed in accordance with Sections 108 or 109.

SEC. 108. The treasurer of the district shall be the official custodian of all moneys and securities of the retirement fund and of all contributions made by the district and by the members of the retirement system. The duties imposed upon the treasurer by this section shall be deemed a part of his official duties, for the faithful performance of which he shall be liable upon his official bond.

SEC. 109. The controller of the district shall audit the accounts of the retirement board at least once every 12 months and shall report thereon to the board of directors.

SEC. 110. Before establishing any retirement system, the board of directors shall secure a report from a qualified actuary, which shall show the cost of the benefits provided by the system, and the prospective assets and liabilities of the system, and the board of directors shall hold such hearing as it may direct, and shall determine that the retirement system to be established is based on sound actuarial practice. At least once in each four-year period after the establishment of the system the board of directors shall cause to be made an actuarial valuation of the assets and liabilities of the retirement fund, and upon the basis of such investigation and valuation shall make such revision or change of the rates of contribution, the periods and conditions of service, and amounts of retirement allowances as may be necessary.

SEC. 111. Except as provided in this chapter, no member of the board of directors or of the retirement board, nor any member of the retirement system or employee of the district, shall have any interest, direct or indirect, in the making of any investment or in the gains or profits accruing from such investment, and no such person, directly or indirectly, for himself or as an agent or partner of others, shall borrow any of its funds or in any manner use the same except to make such current and necessary payments as are authorized by the board. Neither shall any such person become an endorser or surety as to, or in any manner an obligor for, investments of the retirement fund.

SEC. 112. The board of directors may adopt any and all ordinances and resolutions and may perform any acts neces-

sary to the initiation, maintenance and administration of a retirement system as provided in this chapter.

PART 4. POWERS AND PURPOSES

CHAPTER 1. POWERS GENERALLY

SEC. 120. A district may exercise the powers which are expressly granted by this act, together with such powers as are reasonably implied from the act and necessary and proper to carry out the objects and purposes of the district.

SEC. 121. A district may:

(a) Have perpetual succession.

(b) Adopt a corporate seal and alter it at pleasure.

SEC. 122. A district may:

(a) Enter into contracts, employ and retain personal services, and employ laborers.

(b) Create, establish, and maintain such offices and positions as shall be necessary and convenient for the transaction of the business of the district.

(c) Elect, appoint and employ such officers, attorneys, agents and employees as shall be found by the board to be necessary and convenient.

SEC. 123. A district may borrow money and incur indebtedness and issue bonds or other evidence of such indebtedness, except that no district shall incur indebtedness which, in the aggregate, shall exceed 15 percent of the assessed valuation of all the taxable property included within the district, as shown by the assessment records of the county or counties.

SEC. 124. A district may levy and collect taxes for the purposes of carrying on the operations and paying the obligations of the district, except that such taxes, exclusive of any tax levied to meet the bonded indebtedness of such district and the interest thereon, exclusive of any tax levied to meet any obligation to the United States of America or to any board, department or agency thereof, and exclusive of any tax levied to meet any obligation to the state pursuant to Section 11652 of the Water Code, shall not exceed five cents ($0.05) on each such one hundred dollars ($100) of assessed valuation. The term "tax levied to meet the bonded indebtedness of such district and the interest thereon" as used in this section shall also include, but shall not be limited to, any tax levied pursuant to Section 287 to pay the principal of, or interest on, bond anticipation notes and any tax levied under the provisions of any resolution or ordinance providing for the issuance of bonds of the district to pay, as the same shall become due, the principal of any term bonds which under the provisions of such resolution or ordinance are to be paid and retired by call or purchase before maturity with moneys set aside for that purpose.

SEC. 125. A district may invest any surplus money in the district treasury, including such money in any sinking or

other fund established for the purpose of providing for the payment of the principal or interest of any bonded or other indebtedness or for any other purpose, not required for the immediate necessities of the district, in its own bonds, or in treasury notes, or bonds, of the United States, or of this state, and such investment may be made by direct purchase of any issue of such bonds or treasury notes, or part thereof, at the original sale of the same, or by the subsequent purchase of such bonds or treasury notes. Any bonds or treasury notes thus purchased and held may, from time to time, be sold and the proceeds reinvested in bonds or treasury notes, as provided in this section.

Sales of any bonds or treasury notes thus purchased and held shall, from time to time, be made in season so that the proceeds may be applied to the purposes for which the money, with which the bonds or treasury notes were originally purchased, was placed in the treasury of the district. The functions and duties authorized by this section shall be performed by joint action of the controller and treasurer, with the approval of the attorney, under such rules and regulations as shall be prescribed by the board of directors of the district.

SEC. 126. A district may disseminate information concerning the activities of the district, and whenever it shall be found by two-thirds vote of the board to be necessary for the protection of district rights and properties, the district may disseminate information concerning such rights and properties, and concerning matters which, in the judgment of the board, may adversely affect such rights and properties. Expenditures during any fiscal year for the purposes of this section shall not exceed one-half of one cent ($0.005) for each one hundred dollars ($100) of assessed valuation of the district.

CHAPTER 2. WATER

SEC. 130. A district may:

(a) Acquire water and water rights within or without the state.

(b) Develop, store and transport water.

(c) Provide, sell and deliver water at wholesale for municipal and domestic uses and purposes.

(d) Fix the rates for water.

(e) Acquire, construct, operate and maintain any and all works, facilities, improvements and property necessary or convenient to the exercise of the powers granted by this section.

SEC. 131. A district may provide, sell, and deliver water and water service to the United States of America or to any board, department or agency thereof or to the State of California for any use or purpose pursuant to contract therefor. Such contract may be for permanent service, but shall provide for the furnishing of such water or water service upon terms and conditions and at rates which will apportion an equitable share of the capital cost and operating expense of

the district's works to the contractee. Every such contract shall provide that at the end of five years from the date of its execution and every three years thereafter there shall be such readjustment of the contract, upon the demand of either party thereto, either upward or downward as to rates, as the board of directors of the district may find to be just and reasonable in order to effectuate such equitable apportionment of such capital cost and operating expense. All water so contracted to be furnished by the district shall be deemed not to be surplus water available for sale pursuant to Section 132.

SEC. 132. A district may provide, sell and deliver surplus water not needed or required for domestic or minicipal uses within the district for beneficial purposes, but shall give preference to uses within the district. The supplying of such surplus water shall in every case be subject to the paramount right of the district to discontinue such supply in whole or in part, and to take and hold, or to provide, sell and deliver, such water for domestic or municipal uses within the district, upon one year's written notice to the purchaser or user of such surplus water. Such notice shall be given by the board whenever it shall be determined and declared by resolution adopted by a two-thirds vote of the board that such water is needed or required for domestic or municipal uses within the district.

SEC. 133. The board shall fix the rate or rates at which water shall be sold. Such rates, in the discretion of the board, may differ with reference to different sources from which water shall be obtained by the district. The board, under conditions and on terms found and determined by the board to be equitable, may fix rates for the sale and delivery to member public agencies of water obtained by the district from one source of supply in substitution for water obtained by the district from another and different source of supply, and may charge for such substitute water at the rate fixed for the water for which it is so substituted.

SEC. 134. The board, so far as practicable, shall fix such rate or rates for water as will result in revenue which will pay the operating expenses of the district, provide for repairs and maintenance, provide for payment of the purchase price or other charges for property or services or other rights acquired by the district, and provide for the payment of the interest and principal of the bonded debt subject to the applicable provisions of this act authorizing the issuance and retirement of the bonds. Such rates, subject to the provisions of this chapter, shall be uniform for like classes of service throughout the district.

SEC. 135. Each member public agency shall have a preferential right to purchase from the district for distribution by such agency, or any public utility therein empowered by such agency for the purposes, for domestic and municipal uses within the agency a portion of the water served by the district which shall, from time to time, bear the same ratio to

all of the water supply of the district as the total accumulation of amounts paid by such agency to the district on tax assessments and otherwise, excepting purchase of water, toward the capital cost and operating expense of the district's works shall bear to the total payments received by the district on account of tax assessments and otherwise, excepting purchase of water, toward such capital cost and operating expense.

CHAPTER 3. PROPERTY

SEC. 140. A district may take by grant, purchase, bequest, devise or lease, and may hold, enjoy, lease, sell or otherwise dispose of, any and all real and personal property of any kind within or without the district and within and without the state necessary or convenient to the full exercise of its powers. A district may acquire, construct or operate, control, and use any and all works, facilities, and means necessary or convenient to the exercise of its powers, both within and without the district and within and without the state, and may do and perform any and all things necessary or convenient to carry out any powers of the district.

SEC. 141. A district may exercise the power of eminent domain and, in the manner provided by law for the condemnation of private property for public use, may take any property necessary to carry out any powers of the district except water and water rights already devoted to beneficial use and powerplants devoted to public use; however, a district may not exercise the power of eminent domain for the purpose of condemning or taking any water or right to water conserved or stored behind any flood control dam constructed by any flood control district created by act of the Legislature. Subject to the express limitations contained in this section, in any proceeding relative to the exercise of the power of eminent domain, the district shall have the same rights, powers and privileges as a municipal corporation.

SEC. 142. A district may construct and maintain works and establish and maintain facilities across or along any public street or highway and in, upon, or over any vacant public lands which are the property of the State of California, and may construct works and establish and maintain facilities across any stream of water or watercourse, except that the district shall promptly restore any such street or highway to its former state of usefulness as nearly as may be, and shall not use the same in such manner as to completely or unnecessarily impair the usefulness thereof.

SEC. 143. The grant pursuant to Section 142 of the right to use vacant state lands shall be effective upon the filing by such district with the Division of State Lands of the Department of Finance, of an application showing the boundaries, extent, and locations of the lands, rights-of-way, or easements desired for such purposes.

If the land, rights-of-way, or easement for which application shall be made is for the construction of any aqueduct, ditch, pipeline, conduit, tunnel, or other works for the conveyance of water, or for roads, or for poles, or towers and wires for the conveyance of electrical energy, or for telephonic or telegraphic communication, no compensation shall be charged the district therefor, unless, in the opinion of the Chief of such Division of State Lands the construction of such works will render the remainder of the legal subdivision through which such works are to be constructed valueless or unsalable, in which event the district shall pay for the lands to be taken and for such portion of any legal subdivision which, in the opinion of the Chief of the Division of State Lands, are rendered valueless or unsalable, at the rate of one dollar and twenty-five cents ($1.25) per acre.

If the lands for which application is made are for purposes other than the construction of roads or for works for the conveyance of water, or electricity, or telephonic or telegraphic communication, such district shall pay to the state for such lands at the rate of one dollar and twenty-five cents ($1.25) per acre.

SEC. 144. Upon filing an application pursuant to Section 143, accompanied by a map or plat showing the location or proposed location of such works or facilities, or both, the fee title to so much of such state lands as shall be found by the Chief of the Division of State Lands of the Department of Finance to be necessary or convenient to enable such district to construct or maintain its works or to establish or maintain its facilities, or both, shall be conveyed to such district by a patent executed by the Governor of the State of California, attested by the Secretary of State with the Great Seal of the state affixed and countersigned by the State Lands Commission.

If an easement or right-of-way only over such lands is sought by the district, such easement or right-of-way shall be evidenced by a permit or grant executed by the Chief of the Division of State Lands. The Chief of the Division of State Lands may reserve in such patents, grants or permits, easements and rights-of-way across any lands therein described for the construction of streets, roads and highways. Before any such patent, grant or permit shall be executed any compensation due to the state under the provisions of this chapter shall be paid. In the event that the duties or titles of any of the officers mentioned in this chapter shall be changed, the functions required to be performed by this chapter shall be performed by the appropriate officer or officers of the State of California.

SEC. 145. No fee shall be exacted from such district for any patent, permit or grant issued or for any service rendered pursuant to this chapter.

SEC. 146. In the use of streets the district shall be subject to the reasonable rules and regulations of the county or city in which such streets lie, concerning excavations and the re-

filling of excavations, the relaying of pavements and the protection of the public during periods of construction, except that the district shall not be required to pay any license or permit fees or file any bonds. The district may be required to pay reasonable inspection fees.

CHAPTER 4. CONTRACTS

SEC. 150. As used in this chapter, "public corporation" means and includes the United States or any other public agency thereof or this or any other state or any political district or subdivision thereof.

SEC. 151. A district may join with one or more other public corporations for the purpose of carrying out any of its powers, and for that purpose may contract with any such other public corporation to finance acquisitions, construction and operations.

SEC. 152. Any contract with any other public corporation pursuant to Section 151 may provide for contributions to be made by each party and for the division and apportionment of the expenses of such acquisitions and operations, and the division and apportionment of the benefits, services and products from the contract. Any such contract may provide for an agency to effect such acquisitions and carry on such operations, and shall provide in the powers and methods of procedure for such agency the method by which such agency may contract. Any such contract may contain such other and further covenants and agreements as may be necessary and convenient to accomplish such purposes.

SEC. 153. The board may prescribe methods for the construction of works and for the letting of contracts for the construction of works, structures or equipment, or for the performance or furnishing of labor, materials or supplies required for the carrying out of any of the purposes of this act.

SEC. 154. Whenever any work is not to be done by the district itself by force account, and the amount involved shall be ten thousand dollars ($10,000) or more, the board shall provide for the letting of contracts to the lowest responsible bidder, after publication of notices inviting bids, but subject to the right of the board to reject any and all proposals.

SEC. 155 The board in advertising for bids and in letting contracts as provided in Section 154, may require that all articles furnished to the district pursuant to such contracts be manufactured, produced or fabricated in the United States or its territories, and may prohibit the use in, or employment in connection with, the carrying out of such contracts by the contractor or any subcontractor, of all machinery or materials except such as shall have been manufactured, produced or fabricated in the United States or its territories, if such are determined by the board to be available.

SEC. 156. Notwithstanding the requirements of Section 154, contracts, in writing or otherwise, may be let without

advertising for, or inviting, bids, when any repairs, alterations, or other work, or the purchase of materials, supplies, equipment or other property, is deemed by the board to be of urgent necessity, and such action is authorized by a two-thirds vote of the board.

CHAPTER 5. CONTROVERSIES

SEC. 160. A district may sue and be sued in all actions and proceedings and in all courts and tribunals of competent jurisdiction.

SEC. 161. All claims for money or damages against the district are governed by Part 3 (commencing with Section 900) and Part 4 (commencing with Section 940) of Division 3.6 of Title 1 of the Government Code except as provided therein, or by other statutes or regulations expressly applicable thereto.

SEC. 162. The validity of the incorporation of any district shall be incontestable in any suit or proceeding which is not commenced within three months from the date of the issuance of the certificate of incorporation pursuant to Section 46.

SEC. 163. An action to determine the validity of bonds or notes or other evidence of indebtedness and the sufficiency of the provision for the collection of an annual tax sufficient to pay the interest on such indebtedness as it falls due and for the payment of the principal thereof on or before maturity may be brought pursuant to Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure.

SEC. 164. The validity of any proceedings for the annexation of territory to any district pursuant to the provisions of Chapter 1 (commencing with Section 350) of Part 7, shall not be contested in any action unless such action is brought within three months after the completion of such annexation.

PART 5. BONDS AND OTHER EVIDENCES OF INDEBTEDNESS

CHAPTER 1. BONDS REQUIRING APPROVAL OF VOTERS

Article 1. Initiation of Proceedings

SEC. 200. Whenever the board, by ordinance adopted by a vote of a majority of the total vote of the board, determines that the interests of the district and the public interest or necessity demand the acquisition, construction or completion of any public improvement or works of the district, or the payment of funds for any part of the capital costs of any public improvement or works of this state from which service is to be provided to the district, or the incurring of any preliminary expenses, or any combination of such purposes, necessary or convenient to carry out the objects or purposes of the district, the cost of which will be too great to be paid out of the

ordinary annual income and revenue of the district, the board may order the submission of the proposition of incurring bonded indebtedness, for the purposes set forth in such ordinance, to the qualified voters of the district, at an election held for that purpose.

SEC. 201. The declaration of public interest or necessity required by Section 200 and the provision for the holding of such election on the proposition of incurring a bonded indebtedness may be included within one and the same ordinance, which in addition to such declaration of public interest or necessity shall recite all of the following:

(a) The objects and purposes for which the indebtedness is proposed to be incurred.

(b) The estimated cost thereof, or the estimated amount of preliminary expenses, as the case may be.

(c) The amount of the principal of the indebtedness to be incurred therefor.

(d) The maximum rate of interest to be paid on such indebtedness, which rate shall not exceed 6 percent per annum payable semiannually.

Article 2. Bond Election

SEC. 210. The ordinance adopted pursuant to Section 200 shall in addition to the requirements of Section 201 fix the date upon which the election shall be held and the manner of holding the election and the method of voting for or against incurring the proposed indebtedness. Such ordinance shall also fix the compensation to be paid the officers of the election and shall designate the precincts and polling places and shall appoint the officers of such election, which officers shall consist of one inspector, one judge and two clerks in each precinct. The description of precincts may be made by reference to any order or orders of the board of supervisors of the county or counties in which the district or any part thereof is situated, or by detailed description of such precincts. Precincts established by the boards of supervisors of the various counties, not exceeding six in number, may be consolidated for special elections held pursuant to this chapter.

SEC. 211. Any election held for the purpose of submitting any proposition of incurring such bonded indebtedness may be held separately, or may be consolidated or held concurrently with any other election authorized by law at which the qualified electors of the district are entitled to vote. In the event any bond election shall be called to be held concurrently with any other election or shall be consolidated with any other election, the ordinance calling the election need not designate precincts or polling places or the names of officers of election, but shall contain reference to the act or order calling such other election and fixing the precincts and polling places and appointing election officers therefor except that such reference shall not be required when the election is consolidated with a statewide election.

SEC. 212. The ordinance provided for in Section 200 shall be published once at least 10 days before the date of the election in a newspaper of general circulation printed and published within the district, and no other or further notice of such election or publication of the names of election officers or of the precincts or polling places need be given or made.

SEC. 213. In all particulars not set out in the ordinance adopted pursuant to Section 200, the election shall be held and conducted substantially in accordance with the provisions of the Elections Code.

SEC. 214. The board of directors or any member or members thereof or any person or persons designated by the board may file with the secretary of the board an argument in favor of the proposition and any member of the board or other voter or voters of the district may file with such secretary an argument against the proposition. No such argument shall exceed 500 words in length, and all arguments shall be filed with the secretary of the board at least 55 days prior to the date of the election. From the arguments so filed with him, the secretary shall select the argument for and the argument against the proposition deemed by him to best express the respective views of the proponents and opponents of the proposition. The arguments so selected by the secretary shall be printed and a printed copy of such arguments (which shall be deemed official matter) shall be enclosed in an envelope with each sample ballot. Any irregularities in carrying out the provisions of this section shall not invalidate or affect the results of the election.

SEC. 215. The respective election boards shall conduct the election in their respective precincts in the manner prescribed by law for the holding of general elections, and shall make their returns to the secretary of the district. At any regular or special meeting of the board of directors held not earlier than five days following the date of the election, the returns of the election shall be canvassed and the results declared.

SEC. 216. In the event that any election conducted pursuant to this chapter shall be consolidated with any primary or general election and the proposition to incur indebtedness shall be printed upon a ballot containing other propositions, the returns of the election shall be made with the returns of the primary or general election to the board of supervisors or other bodies whose duty it is to canvass the returns of such election, and the results of the election shall be canvassed at the time and in the manner provided by law for the canvass of the returns of such primary or general election. Such canvassing body or bodies shall promptly certify and transmit to the board of directors a statement of the result of the vote upon the proposition submitted. Upon receipt of such certificates the board shall tabulate and declare the results of the election.

Article 3. Issuance and Sale of Bonds

SEC. 220. In the event that it appears from the returns of the election that a majority of the electors voting on any proposition to incur bonded indebtedness submitted pursuant to this part voted in favor of such proposition, the district may thereupon issue and sell bonds of the district in the amount and for the purpose or purposes and object or objects provided for in the ordinance adopted pursuant to Section 200, and at a rate of interest, not exceeding the rate recited in such ordinance.

SEC. 221. Bonds authorized pursuant to this chapter shall mature at times and in amounts to be fixed by the board, except that the payment of the principal of bonds or series thereof shall begin not later than 15 years from the date thereof, and must be completed in not more than 50 years from the date thereof.

SEC. 222. The bonds shall be issued in such denominations as the board may determine, and shall be payable on the day and at the place or places fixed in such bonds and with interest at the rate specified therein, which rate shall not be in excess of 6 percent per annum, and shall be payable semiannually.

SEC. 223. The board may provide for the call and redemption of bonds before maturity at such times and at such prices as it may determine. A bond shall not be subject to call or redemption prior to maturity unless it contains a recital to that effect.

SEC. 224. All bonds shall be signed by the chairman of the board, or by such other officer as the board shall, by resolution adopted by a majority vote of its members, authorize and designate for that purpose. Such bonds shall also be signed by the controller or assistant controller and countersigned by the secretary of the board. The coupons, if any, of such bonds shall be numbered consecutively, and signed by such controller or assistant controller. All such signatures and countersignatures, except that of the controller or assistant controller on the bonds only, may be printed, lithographed or engraved. In case any of such officers, whose signatures or countersignatures appear on the bonds or coupons, shall cease to be such officer before the delivery of such bonds to the purchaser, such signatures or countersignatures shall nevertheless be valid and sufficient for all purposes, the same as if they had remained in office until the delivery of such bonds.

SEC. 225. The bonds shall not be sold at a price less than the par value thereof, together with accrued interest to the date of delivery, nor until notice calling for bids therefor shall have been published in a newspaper of general circulation published and circulated in the county in which the principal place of business of the district is located. Such notice shall state the time for the receipt of such bids, which shall not be less than 10 days after the publication thereof. Such

notice may offer the bonds at a fixed interest rate or with the interest rate or rates undetermined, in which event the bids shall contain a statement of the rate or rates of interest at which the bidder will take the bonds and pay par value or more therefor, together with accrued interest.

SEC. 226. Bids for the bonds shall be opened publicly, and the results publicly announced. The bonds shall be sold to the bidder whose bid will result in the lowest net interest cost. If no bids are received or if the board determines that the bids received are not satisfactory as to price or responsibility of the bidders, the board may reject all bids received and either readvertise or sell the bonds at private sale.

SEC. 227. Temporary or interim bonds or certificates of any denomination, signed by the controller or assistant controller, may be issued until the definitive bonds are executed and available for delivery.

SEC. 228. The bonds may be issued and sold by the board as it shall determine, and the proceeds thereof, except premium and accrued interest, shall be placed in the treasury of the district to the credit of the proper improvement fund, and shall be applied exclusively to the purposes and objects mentioned in the ordinance adopted pursuant to Section 210, except as otherwise provided in this section. The interest on the bonds accruing during the construction period and for one year thereafter may be deemed to be a construction cost within the meaning of the purposes and objects mentioned in such ordinance, and such interest may be paid from the proceeds of the sales of the bonds. Premium and accrued interest shall be placed in the fund to be applied to the payment of interest on, and the retirement of, the bonds so sold.

SEC. 229. For the purposes of this chapter, the construction period shall be deemed to end when the works, the construction of which shall have been authorized from the proceeds of any bond issue, shall have been placed in operation to such extent as to result in the sale and delivery in the district, of water transported and provided by means of such works.

SEC. 230. If from any cause the revenues of the district shall be inadequate to pay the interest or principal of any bonded debt at such time as it becomes due, the board shall, at the time of fixing the tax levy and in the same manner provided for such tax levy, levy and collect annually until the bonds are paid or until there shall be a sum in the treasury of the district set apart for that purpose sufficient to meet all sums coming due for principal and interest on such bonds, a tax sufficient to pay the annual interest on such bonds and such part of the principal of the bonds as shall become due before the time when money will be available from the next general tax levy, or such portion thereof as shall not be met from previous levies or other revenues of the district. Such taxes shall be in addition to all other taxes levied for district purposes and shall be collected at the time and in the same

manner as other district taxes are collected and shall be used for no purpose other than the payment of such bonds and accruing interest.

SEC. 231. The resolution or ordinance providing for the issuance of the bonds or any installment thereof may contain such registration, conversion and exchange privileges as the board may determine.

Article 4. Refunding of Bonds

SEC. 235. The district may provide for the issuance, sale or exchange of refunding bonds to purchase, redeem or retire bonds issued under this chapter upon such terms, at such times, and in such manner as the board by resolution adopted by two-thirds vote determines. Such refunding bonds shall mature not later than 50 years from the date of the outstanding bonds which are refunded. The provisions of Sections 163, 221, 222, 223, 224, 225, 226, 227, 230 and 295, subject to any limitations contained in this article, shall apply to such refunding bonds.

SEC. 236. Refunding bonds may be issued in a principal amount sufficient to provide funds for the payment of any of the following:

(a) The redemption or retirement of all outstanding bonds which are refunded.

(b) All expenses incident to the calling, retiring or redemption of the outstanding bonds which are refunded and the issuance of the refunding bonds.

(c) Interest upon the refunding bonds from the date of sale to the date of redemption or retirement of the bonds outstanding which are refunded out of the proceeds of the sale or to the date upon which the outstanding bonds which are refunded will be repaid pursuant to the provisions in such bonds for call and redemption prior to maturity.

(d) Any premium necessary in the redemption and retiring of the outstanding bonds and the interest accruing on them to the date of the call or retirement.

SEC. 237 The proceeds of the sale of refunding bonds, except premium and accrued interest, shall be placed in the treasury and applied to the purposes specified in this article. Premium and accrued interest shall be placed in the fund to be applied to the payment of interest on and retirement of the refunding bonds.

SEC. 238. In lieu of selling refunding bonds and redeeming or retiring with the proceeds the bonds which are refunded, the board may exchange refunding bonds for the bonds so refunded or may purchase the same

SEC 239 Whenever outstanding bonds are refunded, they shall be surrendered to the treasurer of the district for cancellation in the manner to be prescribed by the board.

CHAPTER 2. BONDS FOR REPAIR OR REPLACEMENT OF DAMAGED OR DEMOLISHED WORKS

SEC. 240. Whenever the board by ordinance adopted by a vote of three-fourths of the total vote of the board finds and determines that any part of the works of the district has been damaged or demolished by reason of fire, flood, earthquake, sabotage, or act of God or the public enemy, and that the cost of repairing or replacing such works so damaged or demolished will be too great to be paid out of the ordinary annual income and revenue of the district, and that the public interest requires the incurring of indebtedness for the purpose of providing moneys for the repair or replacement of such works, the board may authorize the incurring of such indebtedness and shall determine the manner in which such indebtedness shall be incurred and evidenced and may authorize the issuance and sale of bonds or other evidence of indebtedness for such purpose.

SEC. 241. Notwithstanding any other provision of this act, whenever the board finds it to be of urgent necessity to preserve or protect the property, interests or welfare of the district, any ordinance adopted by a vote of three-fourths of the total vote of the board for the purpose of exercising the powers conferred upon it by this chapter, may be adopted without introduction on any previous day and shall take effect immediately upon its adoption.

SEC. 242. All indebtedness incurred pursuant to this chapter shall be subject to the following limitations:

(a) The indebtedness so incurred shall not exceed one-half of 1 percent of the assessed valuation of the property within the district taxable for district purposes.

(b) The interest payable on such indebtedness shall not exceed 6 percent per annum payable semiannually.

(c) The term of such indebtedness shall not exceed 12 years.

If the maturity of such indebtedness begins more than one year after the date upon which it was incurred, provision shall be made for a sinking fund for the payment of the principal of such indebtedness on or before maturity.

SEC. 243. In its discretion the board may provide that any bond or other evidence of indebtedness issued pursuant to this chapter shall be callable at the option of the district on any interest date not earlier than one year from the date of issue, at not to exceed 101 percent of par value thereof, and interest accrued thereon. The denomination or denominations of such bonds or other evidence of indebtedness shall be determined by the board.

SEC. 244. The bonds or other evidence of indebtedness shall be sold at not less than par and accrued interest at public or private sale as the board shall determine and, in the event of public sale, after such notice as may be prescribed by the board.

SEC. 245. The proceeds of any borrowing pursuant to this chapter (other than accrued interest) shall be applied solely

to the purpose specified in the ordinance authorizing the incurring of such indebtedness or to the retirement of the principal of the obligation issued pursuant to such ordinance. Any accrued interest received shall be applied to payment of interest on such indebtedness.

SEC. 246. If from any cause the revenues of the district shall be inadequate to pay the interest or principal of any indebtedness incurred under this chapter when due, the board shall, at the time of fixing the tax levy and in the manner for such tax levy provided, levy and collect annually until such indebtedness shall be paid or until there shall be a sum in the treasury of the district set apart for that purpose, sufficient to meet all sums coming due for principal and interest on such indebtedness, a tax sufficient to pay the interest on such indebtedness, or such part thereof as shall not be met from revenues of the district, as such interest becomes due, and also sufficient to pay such part of the principal thereof as shall become due before the time when money will be available from the next general tax levy, or such portion thereof as shall not be met from revenues of the district. If the maturity of such indebtedness begins more than one year after the date upon which it was incurred, such tax shall be levied and collected at the time and in the manner provided in this section annually, sufficient when added to revenues of the district available for that purpose, to pay the interest on such indebtedness as it falls due, and also to constitute, together with revenues of the district available for such purpose, a sinking fund for the payment of the principal of such indebtedness on or before maturity. The taxes required to be levied and collected pursuant to this section shall be in addition to all other taxes levied for district purposes, shall be unlimited by the provisions of Section 124, shall be collected at the time and in the same manner as other district taxes are collected, and shall be used for no purpose other than the payment of such indebtedness and interest.

SEC. 247. Whenever the board by ordinance adopted by a vote of three-fourths of the total vote of the board shall find and determine that the best interests of the district will be served by refunding any indebtedness previously incurred and outstanding under this chapter, the board may refund all or part of such indebtedness, and, for that purpose may issue and dispose of, by exchange or at public or private sale, bonds or other evidence of indebtedness at not less than par and accrued interest. The interest rate on indebtedness incurred for the purpose of refunding any obligation shall not exceed the interest rate on the refunded indebtedness, and the maturity date or dates thereof shall not be later than the maturity date or dates of the respective refunded obligations.

SEC. 248. Any refunding bonds or other evidence of indebtedness issued pursuant to Section 247 shall conform to the provisions of this chapter governing the original issuance of bonds or other evidence of indebtedness, may be similarly

callable, and may in turn be refunded pursuant to this section. The proceeds of the disposition of any refunding bonds or other evidence of indebtedness shall be applied solely to the retirement of the outstanding indebtedness for the refunding of which such bonds or other evidence of indebtedness were issued. The aggregate indebtedness incurred under this chapter shall not be increased by any refunding transaction except as, during the interval between disposing of the refunding issue and retirement of the outstanding issue, outstanding obligations may be temporarily increased.

CHAPTER 3. BONDS PRIMARILY SUPPORTED BY ANNEXATION CHARGES

Article 1. General Procedure

SEC. 250. Whenever the board by ordinance adopted by a vote of three-fourths of the total vote of the board shall find and determine that the increasing demands for water to be supplied by the district require the immediate construction or installation of additional works or facilities to enable the district to meet such demands, and that the cost of constructing or installing such additional works or facilities will be too great to be paid out of the ordinary annual income and revenue of the district, but will be within the ability of the district to pay out of income derived from special taxes levied and collected pursuant to annexation proceedings pursuant to Articles 1, 2, and 3 of Chapter 1 of Part 7, and that the public interest requires the incurring of indebtedness for the purpose of providing moneys for the construction or installation of such additional works or facilities, the board may authorize the incurring of such indebtedness and may authorize the issuance and sale of bonds or other evidence of indebtedness for such purpose either in one block or in installments.

SEC. 251. At least five days prior to the meeting of the board at which any ordinance authorizing the issuance of bonds or other evidence of indebtedness pursuant to this article shall be presented for final adoption, notice of the pendency of such ordinance, together with a copy thereof, stating the time of such meeting, shall be mailed by prepaid registered mail to each director, at the address of such director of record in the office of the secretary of the district. No ordinance authorizing the issuance of such bonds or other evidence of indebtedness shall be finally adopted unless such notice shall have been so mailed. Proof of such mailing shall be evidenced by affidavit of the officer or agent of the district mailing such notice. Any ordinance adopted pursuant to the authority of this article shall take effect immediately upon its adoption.

SEC. 252. All indebtedness incurred pursuant to this chapter shall be subject to the following limitations:

(a) The indebtedness so incurred outstanding at any time shall not exceed 50 percent of the aggregate amount of special taxes thereafter to be levied by the district pursuant to the

authority of Articles 1, 2, or 3 of Chapter 1 of Part 7 and annexation proceedings concluded thereunder, or 1 percent of the assessed valuation of property within the district taxable for district purposes, whichever shall be the lesser.

(b) The interest payable on such indebtedness shall not exceed 6 percent per annum payable semiannually.

(c) The term of such indebtedness shall not exceed 12 years.

(d) The whole amount of such indebtedness or of the respective installment thereof, depending upon whether the bonds or other evidence of such indebtedness shall be issued in one block or in installments, shall be made payable in substantially equal annual parts during the term of such indebtedness or installment thereof, as the case may be.

SEC. 253. In its discretion the board may provide that any bond or other evidence of indebtedness issued pursuant to this chapter shall be callable at the option of the district on any interest date not earlier than one year from the date of issue, at not to exceed 101 percent of par value thereof, and interest accrued thereon. The denomination or denominations and the form of such bonds or other evidence of indebtedness shall be determined by the board.

SEC. 254. The bonds or other evidence of indebtedness shall be sold at not less than par and accrued interest at public sale after such notice as may be prescribed by the board.

SEC. 255. The proceeds of any borrowing pursuant to this article (other than accrued interest) shall be applied solely to the purpose specified in the ordinance authorizing the incurring of such indebtedness or to the retirement of the principal of the obligation issued pursuant to such ordinance. Any accrued interest received shall be applied to payment of interest on such indebtedness.

SEC. 256. In the discretion of the board, interest and principal on bonds or other evidence of indebtedness issued pursuant to this article may be made payable only from income derived from the levy and collection of special taxes levied pursuant to Articles 1, 2, or 3 of Chapter 1 of Part 7, and annexation proceedings concluded thereunder, and from no other funds. As an alternative, such interest and principal may be made payable primarily from such income, provided that if from any cause, the income and revenues of the district available for such purpose shall be inadequate to pay the interest or principal of any indebtedness incurred under this article, when due, the board, at the time of fixing the tax levy and in the manner provided for such tax levy, shall levy and collect annually until such indebtedness shall be paid or until there shall be a sum in the treasury of the district set apart for that purpose, sufficient to meet all sums coming due for principal and interest on such indebtedness, a tax sufficient to pay the interest on such indebtedness, or such part thereof as shall not be met from other income and revenues of the district, as such interest becomes due, and

also sufficient to pay such part of the principal thereof as shall become due before the time when money will be available from the next general tax levy, or such portion thereof as shall not be met from other income and revenues of the district. The taxes required to be levied and collected pursuant to this section shall be in addition to all other taxes levied for district purposes, shall not be limited by the provisions of Section 124, shall be collected at the time and in the same manner as other district taxes are collected, and shall be used for no purpose other than the payment of such indebtedness and interest.

SEC. 257. Whenever the board by ordinance adopted by a vote of three-fourths of the total vote of the board shall find and determine that the best interests of the district will be served by refunding any indebtedness previously incurred and outstanding under this article, the board may refund all or part of such indebtedness, and, for that purpose, may issue and dispose of, by exchange or at public sale, bonds or other evidence of indebtedness at not less than par and accrued interest. The interest rate on indebtedness incurred for the purpose of refunding any obligation shall not exceed the interest rate on the refunded indebtedness, and the maturity date or dates thereof shall be not later than the maturity date or dates of the respective refunded obligations.

SEC. 258. Any refunding bonds or other evidence of indebtedness issued pursuant to Section 257 shall conform to the provisions of this article governing the original issuance of bonds or other evidence of indebtedness, may be similarly callable and may in turn be refunded pursuant to this section. The proceeds of the disposition of any refunding bonds or other evidence of indebtedness shall be applied solely to the retirement of the outstanding indebtedness for the refunding of which such bonds or other evidence of indebtedness were issued. The aggregate indebtedness incurred under this article shall not be increased by any refunding transaction except as, during the interval between disposing of the refunding issue and retirement of the outstanding issue, outstanding obligations may be temporarily increased

Article 2. Alternative Procedure

SEC. 260. The board by ordinance may order the submission to the qualified voters of the district, at a special election to be consolidated with an election at which all such qualified voters shall be authorized to vote, of a proposition to authorize the board by majority vote of such board to incur and to refund indebtedness in the manner, for the purposes, and subject to the limitations provided in Article 1 (commencing with Section 250) of this chapter.

SEC 261. The proposition submitted pursuant to Section 260 shall be stated upon the official ballot substantially in the following language: "Shall the Board of Directors of

_____ (insert name of district) be authorized, by a majority vote of the board, pursuant to the provisions of Chapter 3 (commencing with Section 250) of Part 5 of the Metropolitan Water District Act, to incur indebtedness from time to time for terms not exceeding 12 years, for the purpose of constructing or installing additional works or facilities for the development, transportation and distribution of water, such indebtedness to be payable primarily or solely from revenues derived from special taxes levied pursuant to annexation proceedings completed prior to the incurring of such indebtedness, and such indebtedness to not exceed at any one time either 50 percent of the aggregate amount of such special taxes thereafter to be levied or 1 percent of the assessed valuation of taxable property within the district, whichever is the lesser, and also to refund all or any part of such indebtedness?"

SEC. 262. The election procedures applicable to Article 2 (commencing with Section 210) of Chapter 1 of Part 5 shall apply to any election called pursuant to this article.

SEC. 263. In the event that a majority of the voters of the district voting on the proposition at the election called pursuant to Section 260 shall vote in favor of the proposition, the board on behalf of the district may by a majority vote incur and refund indebtedness in the manner, for the purposes, and to the extent provided in Article 1 (commencing with Section 250) of this chapter and the provisions of Sections 250 and 257 requiring adoption of the respective ordinances by a vote of three-fourths of the total vote of the board shall no longer be applicable to such district.

SEC. 264. The bonds or other evidence of indebtedness authorized to be issued pursuant to this article may be payable to bearer and unless payable only from income derived from the levy and collection of special taxes levied pursuant to Articles 1, 2, or 3 of Chapter 1 of Part 7 and annexation proceedings concluded thereunder shall be negotiable. Such bonds or other evidence of indebtedness shall be in such form, bear such signatures, and be subject to such provisions for registration as are provided in Article 3 (commencing with Section 220) of Chapter 1 of Part 5.

CHAPTER 4. BOND ANTICIPATION NOTES

SEC. 285. The district may borrow money in anticipation of the sale of, but not in excess of the principal amount of, authorized bonds of the district which have been authorized by the electors thereof to be issued but which have not yet been sold and delivered, and for that purpose may issue and sell negotiable bond anticipation notes, and may refund such notes from time to time, but the maximum maturity of any such notes, as originally issued or as refunded, shall not exceed five years from the date of the original notes. The notes shall be sold in such manner as the board may determine, and such notes and the resolution providing for the issuance

of such notes may contain any provision, condition or limitation which a bond, or any resolution or ordinance providing for the issuance of bonds, may contain.

SEC. 286. The interest on bond anticipation notes shall be payable at the time or times provided in such notes and may be represented by interest coupons attached to the notes and shall be payable from the same funds from which the interest on bonds of the district are payable. The principal of such notes may be paid from any moneys of the district available for such purpose. If such notes, or any portion thereof, have not been previously paid, they shall be paid from the proceeds of the next sale of bonds in anticipation of which the notes were issued.

SEC. 287. The resolution providing for the issuance of bond anticipation notes may contain a provision that, if for any reason bonds of the district are not sold in time to provide funds to pay any unpaid note, and, if other funds of the district are not available for such payment, taxes shall be levied for such payment in the manner provided in Section 308 for the payment of bonds in such amount each year for such period of years as may be set forth in such resolution.

SEC. 288. When bonds of the district are issued and any portion of the proceeds of the sale are to be used to pay bond anticipation notes, such bonds shall mature not later than 50 years from the date of such notes as originally issued.

CHAPTER 5. BONDS AS LEGAL INVESTMENTS

SEC. 295. All bonds issued by any district shall be legal investments for all trust funds, and for the funds of all insurance companies, banks, both commercial and savings and trust companies, and for the state school funds, and for all sinking funds under the control of the State Treasurer, and whenever any moneys or funds may by law now or hereafter enacted be invested in, or loaned upon the security of, bonds of cities, cities and counties, counties, or school districts in the State of California, such moneys or funds may be invested in, or loaned upon the security of, the bonds of such metropolitan water district; and whenever bonds of cities, cities and counties, counties, or school districts, by any law now or hereafter enacted, may be used as security for the faithful performance or execution of any court or private trust or of any other act, bonds of such metropolitan water district may be so used.

PART 6 TAXES

CHAPTER 1. GENERAL PROCEDURE

Article 1. Definitions

SEC. 300. As used in this part, "constituent public agency" means any public agency, any irrigation district or any other public corporation or agency of the State of California, of

similar character and with power to acquire and distribute water, whose corporate area, in whole or in part, is included within a metropolitan water district and also within the corporate boundaries of any overlying member public agency.

Article. 2. Procedure

SEC. 305. Immediately after equalization and not later than the 15th day of August of each year, the auditor of each county in which the area of the district lies shall prepare and deliver to the controller of the district a certificate showing the assessed valuation of all property within the district lying in the county, and also showing such assessed valuation segregated according to each member public agency within the county.

SEC. 306. In the event that the controller of the district notifies the State Board of Equalization and the appropriate county assessor pursuant to Section 335 of the acceptance of the declaration of intention of any constituent public agency to make payments in lieu of taxes pursuant to the provisions of Chapter 2 (commencing with Section 331) of this part, the State Board of Equalization and the county assessor shall prepare the assessments for the next ensuing fiscal year of all property within such metropolitan water district lying in such constituent public agency, segregated in such manner that the county auditor of each county within which such agency or any part thereof shall lie, in issuing his certificate to the controller of such metropolitan water district on or before the 15th day of August of such year, pursuant to the requirements of Section 305, will be able to segregate the assessed valuation of all property in his county within such metropolitan water district lying in such agency, and it shall be the duty of each such county auditor to make such segregation in such certificate.

SEC. 307. On or before the 20th day of August the board shall by resolution determine the amount of money necessary to be raised by taxation during the fiscal year beginning the first day of July next preceding for all district purposes and shall fix rates of taxation of the district, designating the number of cents, upon each one hundred dollars ($100) assessed valuation of taxable property in each county (but if any fraction of a cent occur, it must be taken as a full cent on each one hundred dollars ($100) assessed valuation of such taxable property) and shall levy a tax accordingly.

SEC. 308. The tax levied pursuant to Section 307 shall, in addition to all other district purposes, be sufficient, when taken with other revenues available for such purpose to meet interest, principal and sinking fund requirements on all bonded indebtedness, including refunding bonds, of the district and to meet the payment of the principal and interest on any bonds the issuance of which has been authorized by the electors and which have not been sold but which, in the judgment of the

board, will be sold prior to the time when money will be available from the next subsequent tax levy. In case such authorized bonds are not so issued and sold or such tax for any other reason is not required for such latter purpose, any tax so levied shall be applied to the payment of interest or principal, or both, on any refunding bonds or on any bonds authorized by the electors, then outstanding or subsequently issued.

SEC. 309. The board shall also cause to be computed and shall declare in the resolution adopted pursuant to Section 307 the amount of money to be derived by virtue of the tax levy from the area of the district lying within each member public agency and within each constituent public agency for which a certificate segregating the assessed valuation of all property within the agency has been received from the county auditor by the controller of the district. In such resolution the board shall also fix and determine the times and proportional amounts of installments in which any agency may elect to make payment in lieu of taxes as provided in Section 336. The board shall immediately transmit certified copies of such resolution to the presiding officer of the governing body of each such public agency and constituent public agency.

SEC. 310. Before the first day of September the controller of the district shall prepare and transmit to the auditor of each county in which the area of the district lies, a statement showing the tax rate to be applied to assessed property in each such public agency or part thereof within the district. Such rate shall be the rate fixed by resolution of the board modified to the extent necessary to produce from each public agency only the amount apportioned to it in such resolution, less any amount paid or undertaken to be paid by such agency, or credited thereto as provided in Chapter 2 (commencing with Section 321) of this part.

SEC. 311. Upon receipt, pursuant to Section 310, by the auditor of each county of a certified copy of the controller's statement showing the tax rate to be applied to assessed property in each such member public agency or constituent public agency, and showing the public agencies or parts thereof, the assessed property in which is exempt therefrom, if any, the county officers shall collect taxes for the benefit of the district at the rate specified. The taxes so levied shall be computed and collected at the time and in the manner required by law for the computation and collection of taxes for county purposes, and the property subject to such tax shall be subject to the same penalties for delinquency. The same provisions of law relating to the sale of property for nonpayment of county taxes and to redemption of such property shall apply to such tax levy. When so collected, such taxes shall be paid over to the treasurer of the district.

SEC. 312. In consideration of services rendered by the county, any county may annually deduct and withhold an amount not exceeding 1 percent on the first twenty-five thou-

sand dollars ($25,000) collected pursuant to this chapter, and one-fourth of 1 percent of any amount in excess of twenty-five thousand dollars ($25,000). The board of supervisors of each such county may provide such extra help as in their judgment may be necessary for the proper performance of the duties imposed under this part.

SEC. 313. Whenever any real property situated in the district upon which a tax has been levied pursuant to this chapter shall be sold for taxes and shall be redeemed, the money paid for such redemption, except advertising costs, shall be apportioned to the district in the proportion which the tax due to such district shall bear to the total tax for which such property shall have been sold.

SEC. 314. All taxes levied under the provisions of this act shall be a lien upon the property upon which levied, and the enforcement of the collection of such tax shall be in the same manner and by the same means as is provided by law for the enforcement of liens for state and county taxes, and all of the provisions of law relating to the enforcement of such taxes are a part of this act so far as applicable.

SEC. 315. Member public agencies and constituent public agencies are hereby authorized pursuant to the provisions of Chapter 2 (commencing with Section 321) of this part to pay to metropolitan water districts, out of funds derived from the sale of water or other funds not appropriated to some other use, such amounts as may be determined upon by the governing bodies, or other bodies, boards, commissions or officers having control of such funds. Any such payment in avoidance of taxes shall be credited to the appropriate member public agency or agencies. The amount of the payment so made by any such agency shall be deducted from the amount of taxes which would otherwise be levied against property lying in such agency as provided in Section 310. In the event that payment so made by any public agency shall exceed the amount of taxes which would otherwise have been levied against property within such agency, the amount of such excess without interest shall be carried over and applied in reduction of taxes levied during the ensuing year or years

SEC. 316. Any public agency which incurs expenses in the investigation of or preliminary work upon any works or projects taken over by the district may receive, and the district so taking over any such works or projects may make to such public agency, reimbursement for all such sums so expended, or to be expended, for expenses incurred in such investigation or preliminary work to the extent that the board shall find that such expenditures have benefited the district.

SEC. 317. As an alternative to the purchase and sale of any works or projects taken over by the district any public agency, which has incurred expenses in the investigation of or preliminary work upon any such works or projects taken over by the district, may certify the amount of such expenses, without interest, to the board at any time within four years

from the date of the incorporation of the district, or the incurring of such expenses, if the district is already incorporated, and if allowed by the board, such amount shall be credited to such public agency, and such expenditures shall be considered as a payment of money for which deduction shall be made pursuant to this part from the amount of taxes which would otherwise be levied against property lying within such public agency.

SEC. 318. Any public agency which incurs expenses in preliminary work in preparing for the incorporation of any district may certify the amount of such expenses, without interest, to the board at any time within four years from the date of the incorporation of the district, and if allowed by the board, such amount shall be credited to such public agency, and shall be considered as a payment of money for which deduction shall be made pursuant to this part from the amount of taxes which would otherwise be levied against property lying within such public agency. Such certification and allowance shall be made on or before the first Monday in July, and the amount of money to be raised by taxation shall be computed with reference to the credit to be allowed as provided in this section. Such credit may in the discretion of the board be considered in connection with the amount of money to be raised by the next tax levy or may be spread over subsequent years, not to exceed five.

SEC 319. No credit allowed by the board pursuant to Section 317 shall apply to reduce the amount of taxes which would otherwise be levied against the property within any public agency to meet interest, principal and sinking fund requirements on bonded indebtedness of the district.

SEC. 320. All provisions in this act, or in any ordinance adopted pursuant to this act, relating to the respective times when the various acts pertaining to the levy of taxes are to be performed are directory only, and failure to perform any such act or acts within the time so specified shall not impair the authority herein conferred to perform all subsequent acts relating to the levy of such taxes.

SEC. 321. In the event that any of the provisions of this act respecting the time and manner of assessing property for purposes of taxation, of equalizing such assessments, of certifying such assessed valuations to the taxing authorities, of making the tax levies, of certifying such tax levies to the proper authorities for extension upon the tax rolls, and for enforcement and collection of such taxes or of performing any other act regarding the assessment, levy or collection of taxes be amended, changed, repealed or newly enacted, and as a result thereof, it should appear to the board that the time schedule provided in this part respecting the levy of district taxes be no longer consistent with such modified tax procedure, then the board by ordinance may prescribe a new schedule setting forth the times when the various acts herein required to be done in levying district taxes shall be performed. Noth-

ing in this section shall relieve the board of its duty to provide adequate funds, by annual tax levies if necessary, to meet the interest and principal requirements of the bonded debt as they fall due.

SEC. 322. For the purpose of assessing and collecting, under the provisions of Section 9(a) of Article XIII of the Constitution of the State of California, the taxes levied by any district incorporated pursuant to this act, the rate for taxes levied for the preceding tax year, as such phrase is employed in such section of the Constitution shall be the rate fixed for such preceding tax year by the board pursuant to Section 307. No refund of any amount so collected under the provisions of such section of the Constitution shall be made notwithstanding that a member public agency or constituent public agency, pursuant to the provisions of Chapter 2 (commencing with Section 331) of this part, shall elect to pay the whole or any portion of the amount of taxes to be derived from the area of the district with such agency, as such amount shall have been fixed by resolution of the board.

CHAPTER 2. PAYMENT IN LIEU OF TAXES

SEC. 331. On or before the 10th day of December in any year the governing body of any member public agency or constituent public agency may declare its intention to pay out of its agency funds the whole or a stated percentage of the amount of taxes to be derived from the area of the district within such agency, as such amount shall be fixed in the next succeeding August by resolution of the board If such governing body shall so declare its intention to pay a stated percentage less than the whole of the amount of taxes so to be derived, such stated percentage shall be 1 percent or a whole multiple thereof. Such declaration of intention shall be made by order upon motion, which order shall recite that such agency, pursuant to the provisions of Section 336 will elect to pay the whole or such stated percentage of the amount of taxes of the district to be derived from such member public agency or constituent public agency.

SEC. 332. Immediately upon the adoption of a declaration of intention pursuant to Section 331 and not later than the 10th day of December in such year, a certified copy of the declaration shall be filed by such member public agency or constituent public agency with the controller of the district, with the county assessor of the county within which such agency lies, and with the State Board of Equalization, accompanied in each instance by a statement of the creation of such agency or of the change of boundaries of such agency or of the part thereof within the district, setting forth the legal description of the boundaries of such agency as so created or so changed and of the part thereof within the district, together with a map or plat indicating such boundaries. Such statement and such map or plat need not accompany the respec-

tive certified copy of such declaration of intention so to be filed where such agency since its creation and the last change in boundaries of such agency and of the part thereof included within the district already has filed with the board of directors and with the county assessor and with the State Board of Equalization, as the case may be, pursuant to Section 382 or Chapter 8 (commencing with Section 54900) of Part 1 of Division 2 of Title 5 of the Government Code or other applicable provisions of law, a statement of the creation of such agency or of the change of boundaries of such agency or of the part thereof within the district, setting forth the legal description of the boundaries of such agency as so created or so changed and of the part thereof within the district, together with a map or plat indicating such boundaries.

SEC. 333. Concurrently with the certification to the controller of the district pursuant to Section 332 of the declaration of intention, accompanied by such statement and map or plat where required, such member public agency or constituent public agency shall transmit to the controller of the district a statement showing its financial condition, the funds from which it is intended that such payment will be made and the sources of revenue to be used therefor, and not later than the 15th day of December in such year shall file with the controller proof that a certified copy of the declaration and such statement and map or plat have been filed with the county assessor and with the State Board of Equalization. In instances where such statement and map or plat are not required by Section 332 to accompany the certified copy of the declaration so filed, such proof shall evidence the fact that the requirements of Section 332 have been otherwise fulfilled.

SEC. 334. Upon the filing with the controller of the district pursuant to Section 332 of the certified copy of the declaration of intention accompanied by the statement and map or plat, where required, and the filing pursuant to Section 333 of the financial statement and of the required proof, the controller, if it appears that the financial condition of such agency reasonably will assure the payment of such amount of taxes, shall accept such declaration of intention.

SEC. 335. If the declaration of intention is accepted pursuant to Section 334, the controller, on or before the 23rd day of December, shall so notify the State Board of Equalization and the county assessor of the county wherein such member public agency or constituent public agency is situated, and any other officer whose duty it is to collect taxes under the provisions of Section 9(a) of Article XIII of the Constitution of the State of California. Thereupon the county assessor or other officer shall not collect in such agency prior to the next ensuing first day of September, the amount of such taxes for the benefit of the district that is to be paid out of the agency funds of such agency, as indicated in the declaration of intention.

SEC. 336. On or before the 25th day of August of each year the governing body of each member public agency or constituent public agency whose declaration of intention has been accepted pursuant to Section 334, may elect to pay out of the agency funds of such agency all or the stated percentage, as the case may be, of the amount of tax which would otherwise be levied upon property within such agency. Such election shall be made in strict compliance with, and fulfillment of, the declaration of intention made by such agency pursuant to Section 331.

SEC. 337. Any election pursuant to Section 336 shall be made by order upon motion, which shall recite that such payment shall be made in cash concurrently with the certification of such order to the controller of the district, or that such payment shall be made in installments at such times and in such amounts as shall be in accordance with the requirements of the board adopted pursuant to Section 303. In the event that any member public agency or constituent public agency shall adopt an order making any such election, it shall immediately certify to the controller of the district a copy of such order.

SEC 338. In the event any member public agency or constituent public agency shall elect to pay in cash all or any portion of the amount of tax which would otherwise be levied upon property within such agency to meet interest, principal and sinking fund requirements on bonded indebtedness of such district, such amount so elected to be paid shall be deposited with the treasurer of the district on or before the 27th day of August next following such election, and unless such payment is so made in the case of interest, principal and sinking fund requirements on bonded indebtedness, such election shall be ineffective for any purpose.

SEC. 339. If any member public agency or constituent public agency whose declaration of intention has been accepted pursuant to Section 334 shall fail to make its intended election in accordance with Section 331 and in compliance with all applicable requirements, the controller of the district, on or before the first day of September, shall so notify the county auditor of the county in which such agency shall lie and thereupon the county assessor or county tax collector of said county or other officer whose duty it then is to collect such taxes, forthwith shall collect for the benefit of the district such taxes to the extent that such agency shall so fail to make its intended election to pay such taxes out of its agency funds No penalties shall attach to such taxes as are collected by the first day of December.

SEC. 340. If any member public agency or constituent public agency fails to comply with the terms of the order electing to make payments to the district pursuant to this article in lieu of taxation, the amount of the delinquency, plus a penalty of 8 percent shall be added to the taxes to be collected during the ensuing fiscal year, from the property

within such delinquent agency, and thereafter for a period of two years no order or ordinance shall be sufficient to exempt the property in such agency from taxation unless it be accompanied by payment in cash of the amount which would otherwise be collected from owners of property within the agency, together with all moneys due but unpaid under any previous order.

PART 7. CHANGES IN ORGANIZATION

CHAPTER 1. ANNEXATION OF TERRITORY

Article 1. Annexation of Public Agencies

SEC. 350. The corporate area of any public agency may be annexed to any metropolitan water district by direct annexation as a separate unit upon terms and conditions fixed by the board of directors and in accordance with the provisions of this article.

SEC. 351. The governing body of any public agency may apply to the board of the district for consent to annex the corporate area of such agency to the district. The board may grant or deny such application and in granting such application may fix the terms and conditions upon which the corporate area of such agency may be annexed to and become a part of the metropolitan water district. Such terms and conditions may provide, among other things, for the levy by the district of special taxes upon taxable property within the agency in addition to the taxes authorized elsewhere in this act to be levied by the district.

SEC. 352 The action of the board pursuant to Section 351 evidenced by resolution shall be promptly transmitted to the governing body of the applying public agency, and if such action grants consent to such annexation, the governing body may thereupon submit to the qualified electors of the agency at any general or special election held in the agency, the proposition of such annexation subject to the terms and conditions fixed by the board.

SEC. 353. Notice of the election shall be given by posting such notice for at least 10 days in three public places in the public agency or by publication once at least 10 days before the date fixed for the election in a newspaper of general circulation published in the public agency. Such notice shall contain the substance of the terms and conditions fixed by the board pursuant to Section 351.

SEC. 354 The election shall be conducted and the returns canvassed in the manner provided by law for elections in such public agency. If the proposition receives the affirmative vote of a majority of the electors of such public agency voting thereon at such election, the governing body of such agency shall certify the result of the election to the board, together with a legal description of the boundaries of the corporate

area of the public agency, accompanied by a map or plat indicating such boundaries.

SEC. 355. A certificate of proceedings under this article shall be made by the secretary of the district and filed with the Secretary of State. Upon the filing of such certificate in the office of the Secretary of State, the corporate area of the public agency shall become an integral part of the district, and the taxable property in such agency shall be subject to taxation for the purposes of the district, including the payment of any authorized or outstanding bonds or other obligations of such district. The board may thereafter do all things necessary to enforce and make effective the terms and conditions of annexation fixed by the board pursuant to Section 351.

SEC. 356. Upon the filing in his office of the certificate of proceedings pursuant to Section 355, the Secretary of State shall within 10 days issue his certificate reciting the filing of such papers in his office and the annexation of the corporate area of the public agency to the metropolitan water district. The Secretary of State shall transmit the original of such certificate to the secretary of the district and shall forward a certified copy to the county clerk of each county in which such district or any portion thereof is situated.

Article 2. Automatic Annexation of Territory in a City

SEC. 360. Territory may be annexed to any metropolitan water district by annexation to, or consolidation with, the area of any city, which is itself a member public agency, such annexation or consolidation to occur upon compliance with the provisions of law governing such annexation to, or consolidation with, the area of such city. Upon completion of such annexation to, or consolidation with, any city in compliance with the provisions of law applicable to such annexation or consolidation, such territory shall become a part of such metropolitan water district, and the taxable property in such territory shall be subject to taxation for the purposes of such district, including the payment of any authorized or outstanding bonds or other obligations of such district.

SEC. 361. Territory may be annexed to any metropolitan water district by annexation to, or consolidation with, any city which, as a separate unit, shall have become a part of any member public agency of the district, in instances where, under the applicable provisions of law governing the change of boundaries of such member public agency, such annexation or consolidation automatically will result in the enlargement of the area of such agency, such annexation or consolidation to occur upon compliance with the provisions of law governing such annexation to, or consolidation with, the area of such city. Upon completion of such annexation to, or consolidation with, such city in compliance with the provisions of law applicable to such annexation or consolidation, such territory shall be-

come a part of such member public agency and of such metropolitan water district, and the taxable property in such territory shall be subject to taxation for the purposes of such member public agency and of such metropolitan water district, including the payment of any authorized or outstanding bonds or other obligations of such agency and of such district.

Article 3. Annexation of Territory with Consent of the Board

SEC. 370. Territory may be annexed to any metropolitan water district by annexation to, or consolidation with, any member public agency, other than a city or any city which, as a separate unit, shall have become a part of any member public agency of the district, upon terms and conditions fixed by the board of directors of the district and in accordance with the provisions of this article. Unless such territory is annexed to the district with the consent of the board, the annexation of such territory to, or the consolidation of such territory with, any such agency shall not authorize or entitle such agency or such territory to demand or receive any water from the district for use in such territory.

SEC. 371. Nothing in this act shall prevent the annexation of territory to, or the consolidation of territory with, any such member public agency for its local purposes only and without annexing such territory to such metropolitan water district, and such local annexation or consolidation may occur without requesting or obtaining the consent of the board.

SEC. 372. The governing body of any member public agency, other than a city or a member public agency with respect to annexation to any city which, as a separate unit, has become a part of such member public agency, may apply to the board for consent to annex to the district territory which it is sought to annex to, or consolidate with, such agency, or territory which already has been annexed to, or consolidated with, such agency but has not been made a part of such district. The board may grant or deny such application and in granting such application may fix the terms and conditions upon which such territory may be annexed to the district. Such terms and conditions may provide, among other things, for the levy by such district of special taxes upon taxable property within such territory in addition to the taxes authorized elsewhere in this act to be levied by such district.

SEC. 373. The action of the board pursuant to Section 372 evidenced by resolution shall be promptly transmitted to the governing body of the applying agency, and if such action shall grant consent to the annexation, such territory may be annexed to the district upon compliance with the provisions of this article.

SEC. 374. If such territory has not previously been annexed to, or consolidated with, such member public agency, upon completion of such annexation to, or consolidation with, such

agency in compliance with the applicable provisions of law, including this article, such territory shall become a part of the district, and the taxable property in such territory shall be subject to taxation for the purposes of such district, including the payment of any authorized or outstanding bonds or other obligations of such district. The board may thereafter do all things necessary to enforce and make effective the terms and conditions of annexation fixed by the board pursuant to Section 372.

SEC. 375. If the applicable provisions of law governing such annexation to, or consolidation with, such member public agency shall require any notice of any election called for the purpose of determining whether such proposed annexation or consolidation shall occur, or shall require any notice of hearing or other notice to be given to the residents or electors of, or owners of property in, such territory, such notice shall contain the substance of the terms and conditions of annexation to such district fixed by the board pursuant to Section 372.

SEC. 376. The governing body of such member public agency or other officer having the duty of certifying the proceedings resulting in such annexation to, or consolidation with, such agency, pursuant to the provisions of law applicable thereto, shall include in such certification a record of the proceedings by which such territory has been annexed to such metropolitan water district in accordance with the provisions of this article, and shall file a duplicate of such certificate with the board of the district.

SEC. 377. If the territory sought to be annexed to the district has previously been annexed to, or consolidated with, such member public agency, the governing body of such agency, upon being advised of the action of the board pursuant to Section 371, and if such action grants consent to the annexation, may submit to the qualified electors of such territory, at any general or special election held in such territory, the proposition of such annexation subject to the terms and conditions fixed by the board. The provisions of Sections 353, 354, 355, and 356 shall thereafter be applicable to such proceedings, and for the purposes of this section, such provisions shall be deemed to refer to the territory sought to be annexed to the district pursuant to this article, rather than to the corporate area of any public agency sought to be annexed to the district pursuant to Article 1 (commencing with Section 350) of this chapter.

Article 4. Change in Boundaries

SEC. 380. Whenever the corporate area of a public agency is annexed to a district as a separate unit, or whenever territory is otherwise annexed to a district pursuant to the provisions of this chapter, the secretary of the district shall file, with the county assessor of each county within which the district or any part thereof shall lie and with the State Board of

Equalization, a statement of the change of boundaries of the district, setting forth the corporate names of the member public agencies, which statement also shall contain a legal description of the boundaries of such annexed public agency or territory, as the case may be, unless a statement and map or plat indicating the boundaries of the agency or territory has been filed with the county assessor of each county within which such agency or territory or any part thereof shall lie and with the State Board of Equalization, pursuant to Chapter 8 (commencing with Section 54900) of Part 1 of Division 2 of Title 5 of the Government Code or other applicable provisions of law. Such statement so filed by the secretary shall be accompanied by a map or plat indicating the boundaries of the district as so changed.

SEC. 381. If such statement and map or plat is filed pursuant to Section 380 on or before the first day of January, but subsequent to the 30th day of June next preceding, all taxable property within the corporate area of such public agency or such territory so annexed, as the case may be, shall be subject to taxation by such metropolitan water district for the purposes of this act, commencing with the fiscal year beginning on July 1st next ensuing. If such statement and map or plat is filed subsequent to January 1st, but before July 1st, all taxable property within the corporate area of such public agency or such territory so annexed shall be subject to such taxation by the district commencing with the fiscal year beginning on the first day of July in the calendar year next succeeding the calendar year in which the statement and map or plat are so filed by the secretary of such district.

SEC. 382. Whenever territory is annexed to, or consolidated with, any member public agency, irrespective of whether such territory is annexed to such metropolitan water district, or whenever territory is annexed to any city, under the conditions specified in Article 2 (commencing with Section 360) of this chapter, the governing body, or clerk thereof, of such agency shall file with the board of the district a statement of the change of boundaries of the agency, setting forth the legal description of the boundaries of such agency, as so changed, and of the part thereof within the district. Such statement shall be accompanied by a map or plat indicating such boundaries.

Article 5. Conflict of City and Agency Annexations

SEC. 390. As used in this article, "public agency" does not include any city.

SEC. 391. The governing body of any public agency may declare its intention to apply to the board of directors of any metropolitan water district for consent to annex to such metropolitan water district the corporate area of such public agency as such corporate area exists at the time of making such declaration of intention or as such corporate area will exist

upon the conclusion of proceedings referred to in Sections 393 and 394 for the annexation to any city of territory within such public agency in a manner that would result in automatic annexation of such territory to such metropolitan water district upon the consummation of the annexation of such territory to such city.

SEC. 392. Except as provided in Sections 393 and 394, whenever the governing body of any public agency shall make such declaration of intention and shall file a certified copy thereof with the board of directors of such metropolitan water district, any territory lying within such corporate area of such public agency so proposed to be annexed as stated in such declaration of intention shall not be annexed to such metropolitan water district except as a part of the corporate area of such public agency, until such time as the limitations prescribed in this article shall have ceased to be operative. If any proceedings referred to in Sections 393 and 394 shall fail to result in the annexation of territory within such public agency to the city conducting such proceedings, the declaration of intention so made and filed by such public agency shall be deemed to relate to the corporate area of such public agency, including the territory for which annexation to such city shall have so failed.

SEC. 393. If, prior to the making and filing of the declaration of intention in the manner provided in Section 391, a valid petition shall have been filed with the governing body of a city, the corporate area of which shall be included in such metropolitan water district in a manner which except for the limitations prescribed in this article would result in automatic annexation to such metropolitan water district of territory annexed to such city, and such petition shall pray for the annexation to such city of territory within such public agency, the governing body so declaring its intention shall not apply to the board of directors of such metropolitan water district for consent to the proposed annexation of the corporate area of such public agency until such proceedings for the annexation to such city of the territory within such public agency shall have been completed or terminated.

Such annexation of any such territory to such city in manner resulting in automatic annexation thereof to such metropolitan water district shall also, without other proceedings, result in the exclusion of such territory from such public agency, such exclusion to be effective concurrently with the annexation of such territory to such city and to such metropolitan water district.

SEC. 394. The taxable property within such area excluded pursuant to Section 393 shall continue to be taxable by such public agency to the same extent and in the same manner and for the same purposes as though such area had been excluded pursuant to proceedings conducted therefor in the manner and form provided by the organic law governing such public agency and the exclusion of territory therefrom. If any pro-

ceedings referred to in Section 393 shall fail to result in the annexation to such city of territory within such public agency, upon the termination of such unsuccessful city proceedings the governing body of such public agency may apply to the board of directors of such metropolitan water district for consent to annex thereto the corporate area of such public agency, including the territory for which annexation to such city shall have so failed.

SEC. 395. If the governing body of such public agency previously shall have made and filed its declaration of intention in the manner provided in Section 391, the formal application to the board of directors of such metropolitan water district for consent to annex such corporate area shall be made and filed with such board of directors not later than 30 days from the date of completion or termination of all proceedings referred to in Sections 393 and 394 for the annexation of territory within such public agency to a city in such manner that if the annexation to the city be consummated the territory automatically would be annexed to such metropolitan water district and would be excluded from such public agency.

SEC. 396. In the event that application shall be made, within the time herein prescribed, by the governing body of a public agency to the board of directors of a metropolitan water district, for consent to annex the corporate area of such public agency to such metropolitan water district, such application shall be granted or denied by the board of directors of such metropolitan water district within three months from the date such application is filed with such board of directors. Failure of such board of directors to grant such application within the period prescribed shall constitute denial of the application.

SEC. 397. The governing body of such public agency, within 30 days from the date upon which such application shall have been granted by the board of directors of such metropolitan water district, shall approve or disapprove such annexation subject to the terms and conditions fixed by the board of directors of such metropolitan water district in granting such consent. If such annexation be so approved, the governing body of such public agency, within such period of 30 days, shall call, and order to be held, an election within the corporate area of such public agency for the purpose of submitting to the qualified electors of such public agency the proposition of annexing such corporate area to such metropolitan water district, subject to the terms and conditions so fixed by the board of directors of such metropolitan water district. Such election shall be called and ordered to be held on a suitable date not later than three months from the date on which it is so called by such governing body. Failure of such governing body to call such election within the period prescribed shall constitute disapproval by such governing body of the proposed annexation.

SEC. 398. Except as otherwise expressly provided in this article, the proceedings for the annexation of the corporate area of such public agency to such metropolitan water district shall be conducted in accordance with the provisions of Article 1 (commencing with Section 350) of this chapter and the annexation election shall be conducted and the returns thereof canvassed in the manner provided by law for elections in such public agency. In the event that the proposition for such annexation shall receive the affirmative vote of a majority of electors of such public agency voting thereon at such election, the results shall be certified and all documents filed in the manner provided in such article by a date not later than 60 days from the date of the holding of such election.

SEC. 399. Upon successful completion, in accordance with the provisions of this article and of Article 1 (commencing with Section 350) of this chapter, of the proceedings for annexation of the corporate area of such public agency to such metropolitan water district, all territory comprised within the corporate area of such public agency at the time of the filing with the board of directors of such metropolitan water district of the application by the governing body of such public agency for consent to such annexation, shall become a part of such metropolitan water district as a part of the corporate area of such public agency. Nothing herein contained shall prevent the annexation of any such territory to any city irrespective of the fact that the corporate area of such city may be a part of such metropolitan water district in a manner which except for the limitations prescribed in this article would result in automatic annexation to such metropolitan water district of territory annexed to such city. Nothing contained in this article shall authorize the annexation to a metropolitan water district, as a separate unit, of less than the entire corporate area of a public agency.

SEC. 400. In the event that the proceedings to annex the corporate area of such public agency to such metropolitan water district shall fail to result in the consummation of such annexation, the governing body of such public agency which shall have filed its declaration of intention in the manner provided in this article, immediately shall file with the Secretary of State evidence of the failure of such annexation proceedings. Upon the filing of such evidence in the office of the Secretary of State any territory then within such public agency which theretofore shall have been annexed to any city, the corporate area of which shall be included in such metropolitan water district in a manner which except for the limitations prescribed in this article would have resulted in automatic annexation to such metropolitan water district of such territory concurrently with its annexation to such city, shall become, and be, a part of such metropolitan water district, and the taxable property therein shall be subject to taxation thereafter for the purposes of such metropolitan water district, including the payment of bonds and other obligations of such

district at the time authorized or outstanding, and such annexation shall be deemed to have occurred in accordance with the provisions of Article 2 (commencing with Section 360) of this chapter, except for the effective date of such automatic annexation, which shall be the date of filing in the office of the Secretary of State of the evidence of failure of the proceedings for the annexation of the corporate area of such public agency to such metropolitan water district. Any such territory thereafter annexed to any such city, subject to the limitations prescribed in this article in the event that new proceedings shall be instituted under the provisions hereof, shall become, and be, a part of such metropolitan water district at the time, in the manner, and with the effect prescribed in Article 2 (commencing with Section 360) of this chapter.

SEC. 401. Notwithstanding any provision contained in this article, the governing body of any public agency, in the manner provided in Article 1 (commencing with Section 350) of this chapter, may apply to the board of directors of a metropolitan water district for consent to annex to such metropolitan water district the corporate area of such public agency without first having declared its intention to make such application. If such prior declaration of intention be not made and filed, upon making formal application for consent to such annexation, in the manner provided in Article 1 (commencing with Section 350) of this chapter, any territory lying within such corporate area of such public agency so proposed to be annexed thereafter shall not be annexed to such metropolitan water district except as a part of the corporate area of such public agency until such time as the limitations prescribed in this article shall have ceased to be operative.

If, prior to the making and filing of such formal application, a valid petition shall have been filed with the governing body of a city for annexation thereto of territory within such public agency in a manner which except for the limitations prescribed in this article would result in automatic annexation to such metropolitan water district of territory annexed to such city, then such formal application shall not be made by the governing body of such public agency until such proceedings for the annexation to such city of the territory within such public agency shall have been completed or terminated. The filing of such formal application for consent to such annexation shall have the same effect as though such formal application for such consent were filed pursuant to a prior declaration of intention made and filed in accordance with the provisions of this article and effective as of the time of filing such formal application.

Article 6. Modification of Special Tax Levies

SEC. 405. The board of directors of a district, with respect to an area annexed to a district pursuant to this chapter, may modify the method of raising an amount previously

fixed by the board to be collected by special tax levies as a condition or term of annexation, in any manner which would result in a cash payment or a series of annual levies either of which would have a present value equal to the present value of the amounts remaining to be levied in such area according to terms previously specified by the board. Such present values shall be as determined by the board as of the date such modification is approved by the board.

SEC. 406. Any such modification pursuant to Section 405 shall be approved by a majority of the voters voting on such proposition at an election called within such area if 12 or more voters reside therein, or, if less than 12 voters reside therein, upon written approval duly filed with the district's secretary signed by owners of more than one-half of the value of the taxable property within such area as shown on the last equalized assessment roll. Such election shall be conducted by the member public agency of which such area is a part.

CHAPTER 2. EXCLUSION OF TERRITORY

SEC. 450. It includes bees, honey, and milk as defined in Section 32511. It does not, however, include timber or any timber product.

The Legislature hereby declares that the addition of the phrase "(including wine)" in this section is made for the purpose of clarification only and is in nowise to be construed or interpreted as an indication that wine is not a commodity as originally defined by Chapter 404, Statutes of 1937, and as heretofore amended. The Legislature further declares that at the time of the original enactment of the definition of the term "commodity" and at all times since, it intended that wine be, and wine was, included within the definition of the term. (c) Provisions for an educational program in accordance with Section 58893;

(d) Any other appropriate provisions authorized by this chapter necessary to carry out the purposes of subdivisions (a), (b), and (c) of this section.

The limitations in this section as to permissible provisions in a marketing order are not applicable during any period of time in which there are not both stabilization and marketing plans and pooling plans in force and effect pursuant to Chapter 2 (commencing with Section 61801) and Chapter 3 (commencing with Section 62700) of Part 3 of Division 21 with respect to fluid milk as defined in those chapters.

SEC 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety

within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Certain federally financed programs are administered by the counties in partnership with the federal government. These programs provide for broad representation on commissions and committees of citizens from all segments of society, but because of the limitations on the payment of allowances, certain actual and necessary expenses of members of the commissions and committees cannot be paid. This has resulted in these programs not having the desired broad representation because of the financial inability of certain segments of society to participate. In order to provide the desired representation on these commissions and committees, it is necessary that this act go into effect immediately.

CHAPTER 229

An act making an appropriation to the Livermore Valley Unified School District, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 19, 1969. Filed with Secretary of State June 19, 1969.]

The people of the State of California do enact as follows:

SECTION 1. The Livermore Valley Unified School District is a low-wealth school district, with a total assessed valuation of approximately seventy-six million one hundred eighty-nine thousand dollars ($76,189,000) for 2,600 high school students and 8,060 elementary students. Administrative errors in budgeting and estimates of income and expenditures discovered in

the middle of the 1968–1969 fiscal year have placed the school district in a dire financial position where it will be unable to meet its current obligations, including payment of salaries to employees. In addition, federal funds received by the school district pursuant to Public Law 81-874 are substantially lower than originally estimated. If the school district is unable to meet its contracted obligations, employees, as well as creditors, many of whom are small businessmen in the community, will suffer great financial injury.

The Legislature finds that the unique circumstances in the Livermore Valley Unified School District require immediate and special legislation and that a general statute cannot be made applicable to these circumstances within the meaning of Section 16 of Article IV of the California Constitution. The appropriation made by Section 2 of this act is made in view of the unique circumstances in the Livermore Valley Unified School District, and is made for that purpose only. It is not the intention of the Legislature to establish a precedent with respect to the appropriation made by this act, but rather to assist in a situation involving unique circumstances when appropriate justification for such assistance has been found.

SEC. 2. There is hereby appropriated from the General Fund in the State Treasury the sum of five hundred thousand dollars ($500,000), or so much thereof as may be necessary, to the Livermore Valley Unified School District to enable the district to pay contracted indebtedness, due and owing, in the 1968–1969 fiscal year.

SEC. 3. The Superintendent of Public Instruction shall, during the 1969–1970 fiscal year, and during the 1970–1971 fiscal year, withhold from the apportionments to be made to the district from the State School Fund in each of those years an amount equal to one-half of the amount actually disbursed to the district from the appropriation made pursuant to Section 2 of this act, together with amounts representing interest at a rate fixed by the Director of Finance as of the date of the disbursement of funds to the district pursuant to Section 2 of this act, based upon the current market rate of interest. Such withholdings shall be directed to the end that the entire amount disbursed, plus the interest, shall have been recouped by the state at the end of the 1970–1971 fiscal year

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that money may be made available to the Livermore Valley Unified School District at the earliest possible time to aid the district in averting a financial crisis which directly involves the entire area of the district, it is necessary that this act take immediate effect.

CHAPTER 230

CHAPTER 1.5. SUBSTITUTE BONDS

(b) The bonds are issued for the same purpose as that for which the proceeds of such unissued bonds could have been used.

(c) The bonds are issued in accordance with the provisions of Chapter 1 (commencing with Section 200) of this part, except for the requirement of a bond election.

The bonds issued pursuant to this chapter may bear interest at a rate or rates not to exceed 7 percent per annum, payable semiannually. (b) The interest payable on such indebtedness shall not exceed 7 percent per annum payable semiannually.

(c) The term of such indebtedness shall not exceed 12 years.

SEC. 7. Section 252 of the Metropolitan Water District Act, as proposed by Assembly Bill No. 1257 of the 1969 Regular Session, is amended to read:

Sec. 252. All indebtedness incurred pursuant to this chapter shall be subject to the following limitations:

(a) The indebtedness so incurred outstanding at any time shall not exceed 50 percent of the aggregate amount of special taxes thereafter to be levied by the district pursuant to the authority of Articles 1, 2, or 3 of Chapter 1 of Part 7 and annexation proceedings concluded thereunder, or 1 percent of the assessed valuation of property within the district taxable for district purposes, whichever shall be the lesser.

In order that the orderly and efficient issuance and marketing of such bonds may continue in order to complete construction of the works and facilities necessary to treat and deliver water from the State Water Project when such water becomes available, it is necessary that this act take effect immediately.

(a) The board of supervisors of any county may prescribe that where the amount of unpaid taxes, penalties and costs to be transferred to the unsecured roll pursuant to Section 4986 is less than ten dollars ($10), such taxes, penalties and costs shall be canceled rather than transferred to the unsecured roll.

(b) The board of supervisors of any county may provide that all delinquent taxes, penalties and costs and a pro rata share of current taxes, penalties and costs as may have accrued thereon while on the secured roll which are computed in accordance with subdivision (2)(b) of Section 4986 shall be transferred to the unsecured roll and collected pursuant to Section 2921.5. In the event the board of supervisors of any county prescribes the procedure herein set forth, the court shall make no award of taxes in the eminent domain proceeding. The date for proration of current taxes and penalties shall be the date specified in subdivision (2)(b) of Section 4986.

CHAPTER 234

An act to maintain the Streets and Highways Code by amending Section 154, and repealing and adding Chapter 3.5 (commencing with Section 35450) of Part 4 of Division 18, relating to streets and highways.

[Approved by Governor June 24, 1969. Filed with Secretary of State June 24, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 154 of the Streets and Highways Code is amended to read:

154. The department shall encourage the construction and development by counties of portions of the county highways as official county scenic highways and may furnish to the counties any information or other assistance which will aid the counties in the construction or development of such scenic highways.

Whenever the department, with the advice of the Advisory Committee on a Master Plan for Scenic Highways, determines that any county highway meets the minimum standards pre-

scribed by the department for official scenic highways, including the concept of the "Complete Highway," as described in Section 261, it may authorize the county in which the highway is located to designate the highway as an official county scenic highway and the department shall so indicate the highway in publications of the department and in any maps which are prepared by the department for distribution to the public which show the highway.

If the department, with the advice of the Advisory Committee on a Master Plan for Scenic Highways, determines that any county highway which has been designated as an official county scenic highway no longer meets the minimum standards prescribed by the department for official scenic highways, it may, after notice to the county and a hearing on the matter, if requested by the county, revoke the authority of the county to designate the highway as an official county scenic highway.

SEC. 2. Chapter 3.5 (commencing with Section 35450) of Part 4 of Division 18 of the Streets and Highways Code is repealed.

SEC. 3. Chapter 3.5 (commencing with Section 35450) is added to Part 4 of Division 18 of the Streets and Highways Code, to read:

CHAPTER 3.5. ASSESSMENTS AND BONDS FOR ASSESSMENTS

Article 1. General Provisions

35450. Unless otherwise provided, the definitions contained in Chapter 1 (commencing with Section 4000) of Part 1 of Division 6 (the Street Opening Act of 1903), govern the construction of this chapter, unless from the context of this chapter it clearly appears that a different meaning is intended.

Article 2. Assessments

35460. If the legislative body on behalf of a district formed under this part has previously issued bonds pursuant to Chapter 3 (commencing with Section 35400) of this part which are payable primarily from revenues from parking places or revenues from parking meters on streets, or both, and if the legislative body determines that it would be in the best interests of the district to be relieved of the obligation to continue to produce such revenues, the legislative body may by resolution declare its intention to take proceedings under this chapter for the levy of an assessment to provide the funds necessary for the redemption of the outstanding bonds. In such resolution the legislative body shall determine the maximum interest rate on and term of the bonds to be issued to represent unpaid assessments.

35461. In the resolution, the legislative body shall order the engineer to make and deliver a diagram of the parking places for which the outstanding bonds were issued and of the property within the district.

35462. The diagram shall show:

(a) The parking places for which the outstanding bonds were issued.

(b) Each separate lot or parcel of land within the district.

(c) The dimensions of each such lot or parcel of land and its relative location to the parking places for which the outstanding bonds were issued.

35463. The diagram shall be delivered to the street superintendent who shall endorse the date of such delivery on the diagram.

35464. Upon receiving the diagram, the street superintendent shall assess the total amount necessary for the redemption of the outstanding bonds against the land within the district subject to assessment, and all incidental costs and expenses in connection therewith, including, but not limited to, engineer and attorney fees, costs in connection with preparation of the diagram, and all other costs necessarily incurred or to be incurred as a result of proceeding under this chapter. The assessment shall be in proportion to the benefits derived from the parking place for which such bonds were issued. The total amount necessary for the redemption of the outstanding bonds shall include the principal thereof, the interest thereon to maturity or to the first available call date, and the premiums which must be paid to call the bonds.

35465. All land within the district shall be assessed to provide the funds necessary for the redemption of the outstanding bonds, except:

(a) Land owned by the United States.

(b) Streets, alleys, and highways.

(c) Property acquired for parking places pursuant to this part.

(d) Public property exempt from assessment pursuant to Section 35466.

35466. Any lot or parcel of land in any public use belonging to the state or to any county, city, district, or other public corporation, public agent, mandatory of the government, school board, educational, penal, or reform institution, or institution for the feebleminded or insane, in use in the performance of a public function and lying within the district is not subject to assessment unless the consent of its governing body to the assessment is filed with the legislative body at or prior to the confirmation of the assessment. If such consent is filed, the land is subject to assessment in the same manner as other land within the district.

35467. An assessment upon public property is an enforceable obligation against the owner or the governing body controlling the property and shall be paid by the officer or board having charge of the disbursement of its funds.

35468. If no money is available for the payment of an assessment of public property, the board or officer whose duty it is to levy taxes for the owner of the public property shall include in the next tax levy an amount, in addition to money for

all other purposes, sufficient to pay the assessment and the interest thereon from the date the assessment is recorded, at the rate established for the bonds. When the money received from the tax levy is available, the assessment and interest shall be paid by the officer or board having charge of the disbursement of the funds of the owner.

Any duty imposed by this section and Section 35467 may be enforced by action, mandamus, or other proceeding.

35469. The assessment shall be made, notice given, hearing held, and the assessment confirmed and recorded substantially in the manner provided in Chapter 11 (commencing with Section 4270) of Part 1 of Division 6 (the Street Opening Act of 1903), and the provisions of that chapter relating to the method of making or spreading the assessment, the giving of notice, the making and waiving of objections, appeals or protests, the holding of the hearing, the finality and conclusiveness of the decisions and determinations of the legislative body, and the confirmation and recordation of the assessment are adopted as the procedure to be followed pursuant to this chapter. Except as provided by this chapter, all of the powers and authority granted in Chapter 11 (commencing with Section 4270) of Part 1 of Division 6 (the Street Opening Act of 1903) are applicable to any assessment to be levied pursuant to this chapter.

35469.5. The notice published pursuant to Section 4280 and the notices mailed pursuant to Section 4281 shall also contain a statement that the legislative body has declared its intention to take proceedings under this chapter for the levy of an assessment to provide funds necessary for the redemption of the outstanding bonds and shall state the maximum interest rate on and term of bonds to be issued to represent unpaid assessments. The notice shall also state that any person who has any objection to such proceedings for the levy of such assessment may file a written protest not later than the hour set for the hearing as stated in said notice.

35469.6. At the hearing and prior to consideration of the correctness of the assessment and diagram, the legislative body shall hear and consider all protests to the proceedings for the levy of such assessment. If at the hearing it appears that prior to the hour set for the hearing the owners of taxable real property in the district having an assessed valuation of more than one-half of the assessed valuation of all taxable real property within the district and subject to assessment in the proceedings under this chapter have filed written objection to the proceedings, and at the conclusion of the hearing have not withdrawn their written protests objecting to the formation of the district, the legislative body shall find that a majority protest has been filed and shall abandon the proceedings.

The Special Assessment Investigation, Limitation and Majority Protest Act of 1931 (commencing with Section 2800) shall not apply to proceedings under this chapter.

35469.7. If there is no such majority protest and if all protests to the proceedings are overruled, the legislative body may proceed with the hearing on the correctness of the assessment and diagram and may confirm the assessment.

35469.8. The legislative body may not confirm the assessment unless the owners of a majority in area of the lands in the district subject to assessment have filed with the clerk of the legislative body written consent to the levy of an assessment under this chapter. An owner of land means one who appears as the owner in fee on the records of the county recorder on the date the consent is filed and includes an executor, administrator, guardian, or trustee as to property of an estate or trust represented by him. An owner may file his written consent at any time either prior to the adoption of the resolution of intention or prior to the hearing or during the hearing and prior to the conclusion thereof. Prior to the conclusion of the hearing the legislative body shall determine whether or not a majority consent has been filed and such determination shall be conclusive.

35470. After the assessment roll is recorded, all persons are deemed to have notice of its contents.

35471. Immediately upon the recording, the several assessments contained in the assessment roll are due and payable, and each assessment is a lien upon the property against which it is made. Unless sooner discharged, the lien shall continue for four years from the date of recording, or if bonds are issued to represent the assessment, the lien shall continue until the expiration of four years after the due date of the last installment upon the bonds or the last principal coupon attached to them.

35472. The lien, whether bonds issued to represent the assessment or otherwise, shall be subordinate to all fixed special assessment liens previously imposed upon the same property, but it shall have priority over all fixed special assessment liens which may thereafter be created against the property. The lien of a reassessment and of a refunding assessment shall be the same as the original assessment to which it relates.

35473. Any deed issued in the foreclosure of the assessment lien or sale of property for the lien conveys the property to the purchaser free and clear of all encumbrances, except taxes, and such special assessment liens as are, at the date of creation of the lien, equal or superior to the assessment lien.

35474. Any action or proceeding to set aside, cancel, avoid, annul, or correct any assessment or reassessment, or to review any of the proceedings, acts, or determinations pursuant to this chapter, or to question the validity or enjoin the collection of any assessment or reassessment, or to enjoin the issuance of bonds to represent any assessment or reassessment, shall not be maintained by any person, unless such action or proceeding is commenced within 30 days after the recording of the diagram and assessment or reassessment. Thereafter all persons are barred from any such action or proceeding or any

defense of invalidity of the assessment or reassessment, or of bonds issued on the assessment or reassessment.

35475. Proceedings under this chapter shall not be attacked upon any ground not stated in an objection or protest filed pursuant to this chapter. Any landowner or person interested in any land within the district is estopped to attack the proceedings upon any ground not stated in an objection or protest filed by him pursuant to this chapter.

35476. The officer with whom the assessment is recorded shall give notice that the assessment has been recorded in his office and that all sums assessed in it became due and payable upon the recordation of the assessment, stating the date of recordation and that the payment of the sums, in whole or in part, is to be made to him within 30 days after the date of recordation.

35477. The notice shall also contain a statement that bonds to represent each assessment, or the unpaid balance thereof, remaining unpaid after 30 days will issue in the manner and form provided in this chapter, and shall state the period over which the bonds extend and the maximum rate of interest payable on them.

35478. The notice shall be published twice in a daily or weekly newspaper of general circulation printed and published in the city in which the assessed land lies.

35479. Notice shall also be given by mailing a post card to the owner of each lot, piece, or parcel of land assessed, according to the name and address appearing on the last equalized assessment roll prior to the recordation of the assessment or as known to the officer giving the notice.

35480. Failure of the officer with whom the assessment is recorded to give notice by mailing, or of the person addressed to receive the notice, shall not affect the validity of the proceedings or the validity of the lien of any assessment or of any bond issued on the assessment.

35481. When any payment is made upon an assessment, the street superintendent shall mark opposite the assessment "Paid in full" or "Paid in part," as the case may be, the date of payment, the amount of payment, and the name of the person by or for whom the assessment is paid. If so requested, he shall give receipt for the payment.

35482. After the expiration of 30 days from the date of recording the assessment, the superintendent of streets shall make a complete list of all assessments unpaid and the amounts unpaid, except assessments upon public property.

35483. All unpaid assessments upon public property shall be collected pursuant to this article, but if the property is not in use in the performance of a public function, the lien of the assessment may be foreclosed in the mode provided for foreclosure of assessments in Chapter 18 (commencing with Section 5410) of Part 3 of Division 7 (the Improvement Act of 1911).

Article 3. Bonds for Assessments

35500. Bonds shall be issued pursuant to this article.

35501. The list of unpaid assessments shall be certified and filed with the city treasurer. Upon the filing of the list, the city treasurer shall make out and sign a separate bond representing upon each lot or parcel of land on the list the total amount of the unpaid assessment against it as shown on the list.

35502. The legislative body shall sell the bonds for cash for not less than the amount of the assessments represented by the bonds.

35503. At any time after the assessment is recorded, the legislative body may call for sealed bids on the bonds proposed to be issued. Notice inviting bids shall be given by two publications in a newspaper published in the city, the first publication to be at least 10 days before the bids are to be opened.

35504. The legislative body shall sell the bonds for cash, and if bids are made, for cash to the best responsible bidder.

35505. The bonds may be sold at any rate of interest not exceeding that stated in the resolution of intention. The maximum interest rate shall not exceed 7 percent a year.

35506. The bonds shall extend over a period not to exceed 24 years from January 2nd next succeeding the next September 1st following their date.

35507. Upon the award of the bonds to a purchaser, the treasurer shall issue bonds representing the liens of the unpaid assessments as shown on the list and bearing interest at the rate fixed by the legislative body.

35508. The treasurer shall deliver the bonds to the purchaser upon receiving the purchase price bid. The purchase price shall be deposited in the fund for the redemption of the bonds issued pursuant to Chapter 3 (commencing with Section 35400) of this part.

35509. Except as otherwise provided in this article, bonds to be issued pursuant to this article shall be issued pursuant to Part 5 (commencing with Section 6400) of Division 7 (the Improvement Act of 1911). Except as modified by this article, the provisions of that part are adopted for the issuance, collection, and enforcement of bonds issued pursuant to this article, and the provisions of that part apply to bonds issued pursuant to this article.

35510. The date of the bonds shall be the date selected and specified for that purpose by the legislative body in the resolution or order calling for sealed bids upon the bonds. The date shall be a date between the date of recordation of the assessment and the date of delivery of the bonds to the purchaser thereof The bonds shall bear interest from their date.

35511. Where an action or proceeding is brought to set aside, cancel, avoid, annul, or correct any assessment or reassessment, or to review any of the proceedings, acts or determinations pursuant to this chapter, or to question the validity or enjoin the collection of any assessment or reassessment or

to enjoin the issuance of bonds to represent any assessment or reassessment, said action or proceeding being brought after recordation of the assessment or reassessment but before the sale and award of the bonds, the legislative body may issue and sell the bonds unless prevented by order of court and may, in its discretion, order: (1) that the bonds be dated and bear interest as provided in Section 35510, or (2) that the bonds be dated and bear interest from such date as may be specified by the legislative body, or (3) that notice of the assessment or reassessment be refiled in the office of the county recorder, in which case the time of recording as used in this part and in Section 4289 shall be the time of refiling such notice instead of the time of filing the original notice with the county recorder.

35512. The bonds shall be substantially in the following form:

Parking District No. _____
(Number of district)
of the City of _____

Improvement Bond

$_____ No. __

Under and by virtue of the Parking District Law of 1951, I, out of the fund for the above designated Parking District No. __ of the City of _____ bonds, will pay to _____, or order, (or to bearer.) the sum of $_____, with interest at the rate of __ percent per annum, all as is hereinafter specified, and at the office of the Treasurer of the City of _____, State of California.

This bond is payable exclusively from said fund, and neither the city nor any officer thereof is to be holden for payment otherwise of its principal or interest. Should default be made in the annual payment upon the principal, or in any payment of interest from the owner of said lot or parcel of land, or anyone in his behalf, the holder of this bond is entitled on or after the second day of January or July, as the case may be, following such default to declare the whole unpaid amount to be due and payable, and to have said lot or parcel of land advertised and sold forthwith, in the manner provided by law; provided, however, that any bond may be reinstated after such default in the manner provided in said law. Article 4. Disposition of Funds

35520. From time to time the street superintendent shall pay to the treasurer all money collected by him on account of any assessment levied pursuant to this chapter.

On receipt of the money the treasurer shall place it in the fund for the redemption of the bonds issued pursuant to Chapter 3 (commencing with Section 35400) of this part. All proceeds of any bonds issued pursuant to this chapter shall also be placed in such fund.

35521. Moneys in the fund clearly in excess of the amount necessary to redeem the outstanding bonds as hereinafter provided may be used to pay the costs and expenses referred to in Section 35464. The balance of the fund shall be a trust fund pledged to and held for the benefit of the holders of the outstanding bonds issued pursuant to Chapter 3 (commencing

with Section 35400) of this part, and until the bonds and the interest thereon have been fully paid the balance shall be used for no purpose other than the payment of the principal thereof, the interest thereon, and any premiums payable upon the call thereof. If the bonds, or any portion thereof, are to be called for redemption, the city shall immediately give notice of such redemption in the manner and form provided in the ordinance, resolution or indenture under which the bonds were issued, even though the notice may be premature as to time, but if the notice is premature the city shall later give the notice again within the proper time. As soon as the notice, even though premature, has been given and as soon as there are moneys in the fund clearly sufficient to pay the principal of all of the bonds, all interest to maturity or to the call date stated in the notice as the case may be, and all premiums to which bondholders will be entitled by reason of the call, the city is discharged from all obligations under this part or under the ordinance, resolution or indenture to make charges for the use of, or produce revenues from, parking places of the district or parking meters on streets, but the city shall continue to be bound by all other provisions of the ordinance, resolution or indenture.

35522. When a fund has been established under this chapter sufficient to redeem all outstanding bonds previously issued on behalf of the district pursuant to Chapter 3 (commencing with Section 35400) of this part, Section 35111 shall no longer apply to the district.

Article 5. Reassessment

35530. A reassessment shall be issued in any of the following events:

(a) When an assessment made, issued, or filed in the office of the clerk, or any bonds issued to represent the amounts of any such assessment, have been set aside by a court of competent jurisdiction, or when the court has refused to enforce an assessment or has decreed any such bonds not to constitute or represent valid and subsisting liens against the lots or parcels of land upon which the assessments represented by them have been levied.

(b) If for any reason the assessments or bonds, or both, are not effective and the curative and waiver provisions of this chapter or any curative act passed by the Legislature in relation to them fail to make them valid and enforceable.

(c) Upon the initiative of the legislative body if the legislative body is of the opinion that all or any part of the assessments or bonds are not enforceable.

35531. It is the intent of this article to make the cost of the redemption of bonds issued pursuant to Chapter 3 (commencing with Section 35400) of this part through an attempted compliance with this chapter payable by the real property benefited by the parking place for which such bonds

were issued by making a reassessment for that purpose. The power of reassessment embraces both a full and partial reassessment, and is not exhausted by a single attempted exercise of the power.

35532. Whenever the owner or holder of any bonds issued to represent or to be secured by assessments requests the legislative body to order a reassessment and the legislative body is of the opinion that such bonds are not enforceable, it shall order the making and issuing of a reassessment covering only the assessments represented by, or securing the bonds owned or held by, the petitioner.

35533. If, in any suit involving the validity of the obligation of any bond or assessment, a court of competent jurisdiction for any reason holds the lien of the assessment or bond to be unenforceable, the court in and by its decree shall direct the making of a reassessment to cover the assessments involved in the suit.

35534. If, in any suit to set aside the lien of any assessment or of any bond representing any assessment, or in any suit to quiet title against the lien of any such assessment or bond, or in any suit to enjoin the making, filing, confirmation, or issuance of any assessment or bond to pay for the cost and expenses of any acquisition and improvement pursuant to this part, a court of competent jurisdiction in its judgment decrees such assessments or bonds to be void or unenforceable or enjoins the making, filing, issuance, or confirmation of any such assessment or bond, the court in and by its decree shall direct the making of a reassessment to cover the assessments involved in the suit.

35535. If, in any suit contesting the validity and legal force and effect of a sale to foreclose the lien of any assessment or bond, a court of competent jurisdiction decrees the sale to be void or unenforceable for any reason, the court in and by its decree shall direct the making of a reassessment to cover the assessments involved in the suit.

35536. If a reassessment is directed, by a decree of court or by an order of the legislative body, the street superintendent shall proceed to make a reassessment.

35537. If the reassessment is a partial one only, it is not necessary for the diagram to show any lots other than those covered by the partial reassessment. If it is a full reassessment, the street superintendent shall prepare and file with the reassessment a diagram showing the lots or parcels of land deemed by him to be benefited by the parking place for which the bonds were issued.

35538. The reassessment shall assess upon and against each of the lots or parcels of land contained in it an amount determined as follows:

(a) The benefits derived by each of the lots or parcels of land from the parking place for which the bonds were issued estimated as of the date of the filing in the clerk's office of the original assessment shall first be listed.

(b) Interest shall be added to amounts determined pursuant to (a) from the date of recording of the original assessment at the rate of 7 percent a year.

35539. The total of the reassessment, exclusive of interest, shall not exceed the total amount necessary for the redemption of the bonds which are outstanding.

35540. The reassessment need not be in any prescribed form. It shall:

(a) Refer to the original assessment and set forth the date it was filed.

(b) State that it is made pursuant to the order of the legislative body or decree of court, as the case may be.

(c) Be accompanied by a diagram showing the lots or parcels of land to be reassessed and their relation to the parking place for which the bonds were issued.

35541. The reassessment shall be presented to the legislative body, which shall fix a time for hearing. The hearing shall be at least 20 days after the presentation of the reassessment.

35542. The clerk shall advertise the time of hearing by publishing a notice in the newspaper in the city in which the parking place for which the bonds were issued is located. The notice shall be published for five insertions, if the newspaper is a daily, or for two insertions if the newspaper is published less frequently. If the reassessment is to be against the property in a district, this fact shall be set forth and the reassessment diagram referred to for particulars.

35543. At the time fixed for the hearing, or at any time to which the hearing is adjourned, the legislative body shall consider the objections to the reassessment and may informally direct the revision, correction, and modification of the reassessment in such manner as is most equitable to apportion to each lot or parcel of land benefited the amount of the actual benefits derived from the parking place.

35544. When the reassessment is revised, corrected, or modified to comply with its judgment the legislative body shall pass a resolution confirming the reassessment.

35545. The clerk shall certify at the end of the reassessment that it is the reassessment approved by the legislative body.

35546. The street superintendent shall record the reassessment with the clerk's certificate.

35547. The street superintendent shall note opposite the several assessments in the original assessment that have been displaced by the reassessment the fact that the reassessment has been made, giving its date, and shall credit upon the reassessment all payments made upon the original assessment, or upon the bonds issued to represent the original assessment, and interest on the payments at the rate of 7 percent a year from the date of the payments.

35548. The reassessment shall be collected, paid, and enforced in the same manner as an original assessment, and shall have the same weight in evidence.

35549. If bonds were issued under or upon the security of the original assessment, they shall issue upon the reassessment for the sum reassessed against the lots or parcel of land covered by it.

35549.1. When the reassessment is recorded, the original assessment shall be canceled by the street superintendent so far as it affects the particular assessments involved. New bonds shall not be issued until the original bonds are delivered up to the treasurer who shall cancel them. The lien of the reassessment shall hold its relative rank as to other special assessment liens as of the date of filing of the original assessment.

CHAPTER 235

An act to add Section 16256 to the Education Code, relating to street and highway dedication.

[Approved by Governor June 24, 1969. Filed with Secretary of State June 24, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 16256 is added to the Education Code, to read:

16256. Whenever school districts are required to improve and dedicate real property to the centerline of streets or highways adjacent to a school site or forming an intersection at a school site location, and when such street or highway rights-of-way are being conveyed to the city or county or by the city or county to the school district, the requirements of this article shall be deemed satisfied solely by posting a notice of intention to convey in an appropriate location before conveyance.

CHAPTER 236

An act to amend Section 77 of and to add Section 77a to the Estero Municipal Improvement District Act (Chapter 82 of the Statutes of 1960, First Extraordinary Session), relating to recreational facilities.

[Approved by Governor June 24, 1969. Filed with Secretary of State June 24, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Sec. 77 of the Estero Municipal Improvement District Act (Chapter 82 of the Statutes of 1960, First Extraordinary Session) is amended to read:

Sec. 77. The district may acquire, construct, reconstruct, alter, enlarge, lay, renew, replace, maintain and operate, street and highway lighting facilities; facilities for the collection, treatment and disposal of sewage, industrial wastes, storm

waters, garbage and refuse; the production, storage, treatment and distribution of water for public and private purposes; parks and playgrounds, including recreational facilities and buildings for the public generally, and works to provide for the drainage of roads, streets and public places, including, but not limited to curbs, gutters, sidewalks and grading and pavement; and the reclamation of submerged or other land by watering or dewatering.

SEC. 2. Sec. 77a is added to the Estero Municipal Improvement District Act (Chapter 82 of the Statutes of 1960, First Extraordinary Session), to read:

Sec. 77a. Except where expressly limited by the terms of the dedication, grant or deed, the construction of enclosed recreational buildings on land acquired by the district for park purposes is not inconsistent with such purposes if no more than fifty percent (50%) of the area of the parcel is so used.

SEC. 3. The proceeds of the sale of bonds heretofore approved by the voters of the district for park and playground purposes may be used for the construction of recreational buildings if the board of directors finds and determines, by resolution adopted by a four-fifths vote of all of its members, that at the time of the submission of the measure to the district voters the use of bond moneys for such purpose was contained in the engineer's report of the project referred to in the bond proposition and on file in the office of the district secretary.

CHAPTER 237

Failure to obtain authority to proceed under Part 7.5 (commencing with Section 37200) of Division 13 of the Water Code

Provided that during and after the sixth calendar year following the initial licensing of such agent, broker, or solicitor, in any manner as an agent, broker or solicitor, whether continuously licensed or not, if premiums on personal or controlled insurance transacted by him payable in any one such calendar year exceed 33⅓ percent of the other premiums transacted by him payable in the same calendar year, the receipt of commissions upon the excess over such 33⅓ percent is an unlawful rebate. For the purposes of this paragraph, if the agent or broker be an organization the sixth calendar year shall be the first calendar year beginning five years or more after the initial licensing of the organization, or any predecessor thereof, as an agent or broker.

[Approved by Governor June 25, 1969. Filed with Secretary of State June 25, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 13 of the Santa Barbara County Flood Control and Water Conservation District Act (Chapter 1057 of the Statutes of 1955) is amended to read:

Sec. 13. (1) Whenever the board determines that a bonded indebtedness should be incurred to pay the cost of any work or improvement in any zone or zones, the board may by resolution determine and declare the respective amounts of bonds necessary to be issued in each zone in order to raise the amount of money necessary for each work or improvement and the denomination and the maximum rate of interest of said bonds. The board shall cause a copy of the resolution, duly certified by the clerk, to be filed for record in the office of the Recorder of Santa Barbara County within five days after its issuance. From and after said filing of said copy of said resolution the board shall be deemed vested with the authority to proceed with the bond election.

(2) After the filing for record of the resolution specified in subdivision (1) of this section, the board may call a special bond election in said zone or participating zones at which shall be submitted to the qualified electors of said zone or participating zones the question whether or not bonds shall be issued

in the amount or amounts determined in said resolution and for the purpose or purposes therein stated. Said bonds and the interest thereon shall be paid from revenue derived from annual taxes or assessments levied as provided in this act.

The total amount of bonds issued to pay the cost of any work or improvement in any zone or zones shall not exceed five percent (5%) of the taxable property of the zones as shown by the last equalized assessment of the county.

(3) Said board shall call such special bond election by ordinance and not otherwise and submit to the qualified electors of said zone or participating zones, the proposition of incurring a bonded debt in said zone or participating zones in the amount and for the purposes stated in said resolution and shall recite therein the objects and purposes for which the indebtedness is proposed to be incurred; provided, that it shall be sufficient to give a brief, general description of such objects and purposes, and refer to the recorded copy of such resolution adopted by said board, and on file for particulars; and said ordinance shall also state the estimated cost of the proposed work and improvements, the amount of the principal of the indebtedness to be incurred therefor, and the maximum rate of interest to be paid on said indebtedness, and shall fix the date on which such special election shall be held, and the form and contents of the ballot to be used. The rate of interest to be paid on such indebtedness shall not exceed seven percent (7%) per annum. For the purposes of said election, said board shall in said ordinance establish special bond election precincts within the boundaries of each zone and participating zone and may form election precincts by consolidating the precincts established for general elections in said district to a number not exceeding six general precincts for each such special bond election precinct, and shall designate a polling place and appoint one inspector, one judge and one clerk for each of such special bond election precincts.

In all particulars not recited in said ordinance, such special bond election shall be held as nearly as practicable in conformity with the general election laws of the state.

Said board shall cause a map or maps to be prepared covering a general description of the work to be done, which said map shall show the location of the proposed works and improvements and shall cause the said map to be posted in a prominent place in the county courthouse for public inspection for at least thirty (30) days before the date fixed for such election.

five public places designated by the board, in each zone and participating zone for at least thirty (30) days before the date fixed for such election. No other notice of such election need be given nor need polling place cards be issued.

Any defect or irregularity in the proceedings prior to the calling of such special bond election shall not affect the validity of the bonds authorized by said election. Where a project affects a single zone only, if at such election two-thirds (⅔) of the votes cast in said zone on the proposition of incurring a bonded indebtedness are in favor thereof, then bonds for such zone for the amount stated in such proceedings shall be issued and sold as in this act provided. Where the incurring of bonded indebtedness by participating zones is to be determined at such election, no bonds for any of such participating zones shall be issued or sold unless two-thirds (⅔) of the votes cast on the proposition in each such participating zone are in favor of incurring the bonded indebtedness to be undertaken by such zone

SEC. 2. Section 14 of the Santa Barbara County Flood Control and Water Conservation District Act (Chapter 1057 of the Statutes of 1955) is amended to read:

Sec. 14. The board shall, subject to the provisions of this act, prescribe by resolution the form of said bonds, which must include a designation of the zone or participating zones affected, and of the interest coupons attached thereto. Said bonds shall be payable annually or semiannually at the discretion of the board each and every year on a day and date, and at a place to be fixed by said board, and designated in such bonds, together with the interest on all sums unpaid on such date until the whole of said indebtedness shall have been paid.

The board may divide the principal amount of any issue into two or more series and fix different dates for the bonds of each series. The bonds of one series may be made payable at different times from those of any other series. The maturity of each series shall comply with this section. The board may fix a date, not more than two years from the date of issuance, for the earliest maturity of each issue or series of bonds. Beginning with the date of the earliest maturity of each issue or series, not less than one-fortieth of the indebtedness of such issue or series shall be paid every year. The final maturity date shall not exceed 40 years from the time of incurring the indebtedness evidenced by each issue or series.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Recent storms have caused extensive flood damage in Santa Barbara County, and there is an urgent need for additional flood control works and improvements. This act would permit an increase in the maximum interest rate of bonds of the Santa Barbara County Flood Control and Water Conservation District to help finance these badly needed works and improvements. In order to provide such financing at the earliest possible time, it is necessary that this act go into immediate effect.

2261. (1) In investing, reinvesting, purchasing, acquiring, exchanging, selling and managing property for the benefit of another, a trustee shall exercise the judgment and care, under the circumstances then prevailing, which men of prudence, discretion and intelligence exercise in the management of their own affairs, not in regard to speculation, but in regard to the permanent disposition of their funds, considering the probable income, as well as the probable safety of their capital. Within the limitations of the foregoing standard, and subject to any express provisions or limitations contained in any particular trust instrument, a trustee is authorized to acquire every kind of property, real, personal or mixed, and every kind of investment, specifically including, but not by way of limitation,

corporate obligations of every kind, and stocks, preferred or common, which men of prudence, discretion and intelligence acquire for their own account.

(2) In the absence of express provisions to the contrary in the trust instrument, a trustee may continue to hold property received into a trust at its inception or subsequently added to it or acquired pursuant to proper authority if and as long as the trustee, in the exercise of good faith and of reasonable prudence, discretion and intelligence, may consider that retention is in the best interests of the trust. Such property may include stock in the trustee, if a corporation, and stock in any corporation controlling, controlled by, or under common control with such trustee.

(3) In the absence of express provisions to the contrary in the trust instrument, a deposit of trust funds at interest in any bank (including the trustee, if a bank) shall be a qualified investment to the extent that such deposit is insured under any present or future law of the United States, or to such greater extent as a court of competent jurisdiction may authorize. Nothing in this section shall be construed as limiting the right of trustees in proper cases to make deposits of trust moneys in banks, subject, in the case of interest-bearing deposits, to such notice or other conditions respecting withdrawal as may be prescribed by law or governmental regulation affecting such deposits.

(4) Nothing in this section shall abrogate or restrict the power of the appropriate court in proper cases to direct or permit the trustee to deviate from the terms of the trust regarding the making or retention of investments.

(5) The provisions of this section shall apply to all trusts now existing or hereafter created. Where, in trusts now existing or hereafter created, the term "investments permissible by law for investment of trust funds." or "authorized by law for investment of trust funds," "legal investments," or "authorized investments." or other words of similar import are used in defining the powers of the trustee relative to investments, such language, in the absence of other controlling or modifying provisions of the trust instrument, shall be construed as authorizing any investment permitted by the terms of subdivision (1) of this section.

CHAPTER 273

[Approved by Governor June 27, 1969. Filed with Secretary of State June 27, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 5870 of the Streets and Highways Code is amended to read:

5870. As used in this chapter:

(a) "Block" means property facing one side of any street between the next intersecting streets or between the terminus of a dedicated right-of-way of a street and an intersecting street. "Street" does not include an alley or other right-of-way unless it is of the same width as a regular residential minimum-width street approved as part of a master plan of circulation or streets by the governmental agency involved. In the case of an alley, "block" means property facing both sides of any alley between the next intersecting streets or alleys, or between the terminus of an alley and an intersecting street.

Where a "block" exceeds 1,000 feet in length, a length of frontage of 1,000 feet constitutes a "block" as used in this chapter, if so designated by the superintendent of streets. A determination by the superintendent of streets of such a 1,000-foot block establishes a "block" and cannot later be changed to include a portion of said 1,000-foot "block" in another "block."

(b) "Driveway" means a paved portion of a public street providing an unobstructed passage from the roadway to an offstreet area used for driving, servicing, parking, or otherwise accommodating motor vehicles.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The terms of the members first appointed shall expire as follows:

Three on January 15, 1946.

Three on January 15, 1947.

One on January 15, 1949.

An act to amend Section 29100.5 of the Government Code and to add Section 531.5 to the Revenue and Taxation Code, relating to property taxation, declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 27, 1969. Filed with Secretary of State June 27, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 531.5 is added to the Revenue and Taxation Code, to read:

531.5. If a business inventories exemption has been incorrectly allowed because of erroneous or incorrect information submitted by the taxpayer or his agent misclassifying as business inventories property not includible in "business inventories", as that term is defined in Section 129, an escape assessment in the amount of the exemption shall be made on discovery of the error. Interest shall be added to the assessment at the rate of ½ percent per month, computed in the manner provided by Section 506. If the exemption was incorrectly allowed because of erroneous or incorrect information submitted by the taxpayer or his agent with knowledge that such information was erroneous or incorrect, the penalty provided in Section 504 shall be added to the assessment.

SEC. 2. Section 29100.5 of the Government Code is amended to read:

The auditor shall, on or before October 1st of each year, allocate to each such revenue district, city or district funds equal to 75 percent of the revenue lost by each such governmental entity by reason of the partial exemption for business inventories in such fiscal year. The auditor, on or before April 30th, shall allocate to each such revenue district, city or district funds equal to 25 percent of the revenue lost by each such governmental entity by reason of the partial exemption for business inventories in such fiscal year.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall

go into immediate effect. The facts constituting such necessity are:

County assessors are in doubt as to their legal authority to make escape assessments on property which is not properly assessed because of misclassification thereof as business inventory by the taxpayer. In order to allow escape assessments arising from such misclassification to be made during the full 1969–70 fiscal year, and so that cities, school districts, and special districts may properly set their tax rates for the 1969–1970 fiscal year it is necessary that this act go into effect no later than July 1, 1969.

[Approved by Governor June 30, 1969. Filed with Secretary of State June 30, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 2952 of the Civil Code is amended to read:

2952. Mortgages and deeds of trust of real property may be acknowledged or proved, certified and recorded, in like manner and with like effect, as grants thereof; provided, however, that a mortgage or deed of trust of real property may be recorded and constructive notice of the same and the contents thereof given in the following manner:

Any person may record in the office of the county recorder of any county fictitious mortgages and deeds of trust of real

property. Such fictitious mortgages and deeds of trust need not be acknowledged, or proved or certified to be recorded or entitled to record. Such mortgages and deeds of trust shall have noted upon the face thereof that they are fictitious. The county recorder shall index and record such fictitious mortgages and deeds of trust in the same manner as other mortgages and deeds of trust are recorded, and shall note on all indices and records of the same that they are fictitious. Thereafter, any of the provisions of any such recorded fictitious mortgage or deed of trust may be included for any and all purposes in any mortgage or deed of trust by reference therein to any such provisions, without setting the same forth in full; provided, such fictitious mortgage or deed of trust is of record in the county in which the mortgage or deed of trust adopting or including by reference any of the provisions thereof is recorded. Such reference shall contain a statement, as to each county in which the mortgage or deed of trust containing such a reference is recorded, of the date such fictitious mortgage or deed of trust was recorded, the county recorder's office wherein it is recorded, and the book or volume and the first page of the records in the recorder's office wherein and at which any such fictitious mortgage or deed of trust was recorded, and a statement by paragraph numbers or any other method that will definitely identify the same, of the specific provisions of any such fictitious mortgage or deed of trust that are being so adopted and included therein. The recording of any such mortgage or deed of trust which has included therein any such provisions by reference as aforesaid shall operate as constructive notice of the whole thereof including the terms, as a part of the written contents of any such mortgage or deed of trust, of any such provisions so included by reference as though the same were written in full therein. The parties bound or to be bound by provisions so adopted and included by reference shall be bound thereby in the same manner and with like effect for all purposes as though such provisions had been and were set forth in full in any such mortgage or deed of trust.

Whenever a mortgage or deed of trust is presented for recordation and such mortgage or deed of trust contains a reference to provisions in a fictitious mortgage or deed of trust with a part or all of the provisions typed, written, or printed on the mortgage or deed of trust preceded by "do not record" or "not to be recorded," or the like, the county recorder shall record only the mortgage or deed of trust portion of the document and shall not be liable for failing to make a record of the portion of the document bearing provisions preceded by the instructions not to record.

The amendment to this section enacted by the 1957 Regular Session of the Legislature does not constitute a change in, but is declaratory of, the preexisting law.

The director shall decide the matters on appeal and convey his decision to the agency and district within 30 days of the receipt of the appeal. The decision of the director shall be final and conclusive. If the control of the nuisance is performed by the district, the cost for such control is a charge against, and shall be paid from, the maintenance fund or from other funds for the support of the state agency.

Any state agency and a district may enter into contractual agreements to provide control of nuisances as defined in this chapter. The authority which is granted by this paragraph is in addition to any other authority which a state agency and a district may have to enter into contractual agreements for such purpose.

Article 3. Alcoholism

6990. Alcoholism and problems associated with misuse of alcoholic beverages impair the life and health of a large segment of the population of California and impose great burdens of cost and indirect expense on the people and industry of the state and on local and the state governments. The purpose of this article is to assign responsibility and grant authority for planning, establishment and conduct of state efforts directed toward assisting and encouraging persons impaired by alcoholism to attain their maximum usefulness and self-sufficiency in order to reduce the effects of alcoholism on the individuals, their families, the community, and to educate Californians, by a statewide program of public education, on the dangers involved in the misuse of alcoholic beverages.

In the discharge of this responsibility, the department shall cooperate with and utilize to the maximum possible extent the resources and services of federal, state, and local agencies, including those within the Human Relations Agency.

The plan shall specify those services for which state participation is requested, and provide a budget of proposed expenditures. A vocational rehabilitation alcoholism plan may provide for direct operation of the required services, or furnishing of these services by other appropriate agencies, groups and individuals, or a combination of both.

6990.7. The department may, through reimbursement contract, interagency agreement or otherwise, make available funds to other governmental agencies and to voluntary, nonprofit organizations, or individuals, to carry out the provisions of this article. No program under the provisions of this section shall be activated in any county jail, or other institutions maintained or operated under the jurisdiction of the sheriff, without the advice and consent of the sheriff.

6990.10. The Department of Rehabilitation shall formulate a plan for the complete evaluation of alcoholism programs developed under this article. The objective of the plan should be to determine if state and local programs are achieving the goal of this article, which is to assist and encourage persons impaired by alcoholism to attain their maximum usefulness and self-sufficiency in order to reduce the effects of alcoholism on the individuals, their families, and the community. The plan shall be put into effect as soon as possible and the depart-

ment shall annually submit a report on the plan and its progress in initiating it to the Legislature.

The plan formulated by the department shall include specific provisions for the evaluation of vocational rehabilitation administration services for the community. In order to adequately evaluate such services, the department shall insure that at least one community program has a comprehensive program of such services so that the results may be compared with the results in communities which do not.

6990.11. The sum of seven hundred nineteen thousand dollars ($719,000) is appropriated for expenditure by the Department of Rehabilitation for the purpose of conducting the program functions under this article. This sum comprises the state's share of funds for this program during the 1969–70 fiscal year. CHAPTER 295

An act to amend Section 14 of the Orange County Flood Control Act (Chapter 723 of the Statutes of 1927), relating to the Orange County Flood Control District, declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 30, 1969. Filed with Secretary of State June 30, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 14 of the Orange County Flood Control Act (Chapter 723 of the Statutes of 1927) is amended to read:

Sec. 14. The board of supervisors of said district shall have power, in any year, to levy a tax upon all taxable property in said district, to carry out any of the objects or purposes of this act, and to pay the cost and expenses of constructing, maintaining, operating, extending and repairing any work or improvements of said district for the ensuing fiscal year, and said tax shall be levied and collected at the same time and in the same manner as the general tax levy for county purposes, and the revenues derived from said tax shall be paid into the county treasury to the credit of the construction and maintenance fund of said district, and said board of supervisors shall have the power to control and order the expenditure thereof for said purposes; provided, however, that the maximum tax levied under this section for any one fiscal year shall not exceed twenty cents ($0.20) on each one hundred dollars ($100) of the assessed valuation of the taxable property in said district, exclusive of any tax levied to meet the bonded indebtedness of said district, and the interest thereon; except that for the fiscal year beginning July 1, 1969, and ending June 30, 1970, the maximum tax shall not exceed thirty cents ($0.30) on each one hundred dollars ($100) of the assessed valuation of the taxable property in said district, exclusive of any tax levied to meet the bonded indebtedness of said district, and the interest thereon. The maximum rate of tax for the district, exclusive of any tax levied to meet the bonded indebtedness of said district, and the interest thereon, may be changed by a majority vote of the qualified electors of the district at an election which may be called by ordinance by the board of supervisors on its own motion for that purpose. The board of supervisors shall determine whether the change shall remain in effect for a specified or unspecified period of time. The ballot used in the election shall contain substantially the words "Shall the proposed change in the maximum tax rate from _____ to _____, such rate to be in effect in the Orange County Flood Control District for the fiscal years 19__ through 19__, the revenues of which are to be used for the purposes of the District, be authorized?" or the words "Shall the proposed change in the maximum tax rate from _____ to _____, such rate to be in effect in the Orange

County Flood Control District for the fiscal years commencing 19__, the revenues of which are to be used for the purposes of the District, be authorized?" If, at any prior election held in the district, the maximum tax rate of the district was changed for a specified period of time, and if the election is called for the purpose of continuing in effect the previously authorized change in the maximum tax rate of the district, the ballot shall contain substantially the words "Shall the existing maximum tax rate of _____ be continued in the Orange County Flood Control District for the fiscal years 19__ through 19__, the revenues of which are to be used for the purposes of the District." Opposite such words in separate lines, the words "Yes" and "No" shall be printed with a voting square opposite each such word. Each voter shall stamp a cross in the voting square after the answer he desires to give. In all particulars not recited in the ordinance of the board of supervisors calling the election, such election shall be held as nearly as practicable in conformity with the general election laws of the state Out of the tax revenues of any fiscal year authorized by said maximum tax rate no amount in excess of an amount equal to ten cents ($0.10) on each one hundred dollars ($100) of the assessed valuation of the taxable property in the district shall be expended or appropriated for the purchase of water.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Recent storms have demonstrated a need for new flood control works in the Orange County Flood Control District. The preservation of the public peace, health, and safety within the district require the immediate construction of such works. This act would authorize an increase in the district tax rate, thereby providing the funds needed to make possible the construction of such work, and it is therefore necessary that this act go into immediate effect.

CHAPTER 296

An act to amend Sections 10176 and 10176.1 of the Insurance Code, relating to disability insurance.

[Approved by Governor June 30, 1969. Filed with Secretary of State June 30, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 10176 of the Insurance Code is amended to read:

10176. In disability insurance the policy may provide for payment of medical, surgical, chiropractic, psychological,

dental, hospital, or optometric expenses upon a reimbursement basis, or for the exclusion of any such services, and provision may be made therein for payment of all or a portion of the amount of charge for such services without requiring that the insured first pay such expenses. No such policy shall prohibit the insured from selecting any holder of a certificate or license under Sections 1000, 1634, 2135, 2553, 2948, or 3055 of the Business and Professions Code to perform the particular services covered under the terms of the policy, such certificate holder or licensee being expressly authorized by law to perform such services.

SEC. 2. Section 10176.1 of the Insurance Code is amended to read:

10176.1. As of the effective date of the amendments to this section enacted at the 1969 Regular Session of the Legislature all disability policies shall be construed to be in compliance with Section 10176, and any provision in such policies in conflict therewith shall be of no effect.

CHAPTER 297

An act relating to school district taxation.

[Approved by Governor June 30, 1969. Filed with Secretary of State June 30, 1969.]

The people of the State of California do enact as follows:

SECTION 1. On April 9, 1968, an election was held in the San Leandro Unified School District and on November 5, 1968, an election was held in the Albany Unified School District to increase the maximum school district tax rate for the districts. The ballot measures in both elections listed, as one of the uses to which the increased taxes would be put, "adult education purposes." Several months after the elections, the districts were informed that the inclusion of this language in the tax override proposal ended the eligibility of the districts for the ten cents ($0.10) permissive tax rate increase for adult education purposes under Section 20802.8 of the Education Code.

The Legislature finds that the words "adult education purposes" were included in the ballot propositions to raise the minimum tax rate for the districts as one purpose for which the increased taxes were to be used without knowledge that it would result in the loss of certain taxes to the districts, that the increased tax rates were placed before the voters of the districts without an intent to cause the loss of certain taxes to the districts, and that, therefore, a general statute cannot be made applicable to the special circumstances in the San Leandro Unified School District and Albany Unified School District within the meaning of Article IV, Section 16, of the California Constitution.

SEC. 2. In the elections of April 9, 1968, and November 5, 1968, to increase the maximum rate of tax conducted in the San Leandro Unified School District and in the Albany Unified School District pursuant to Section 20803 of the Education Code in which the ballot statement of purposes to which the revenues of the increase were to be devoted set forth two or more purposes, the inclusion in such statement of the words "adult education purposes" shall not be construed as rendering inapplicable to the districts the increase in maximum tax rate afforded by Section 20802 8 of the Education Code.

CHAPTER 298

If the license is renewed more than 30 days after its expiration, the licensee, as a condition precedent to renewal, shall also pay the delinquency fee prescribed by this chapter.

Renewal under this section shall be effective on the date on which the application is filed, on the date on which the renewal fee is paid, or on the date on which the delinquency fee, if any, is paid, whichever last occurs. If so renewed, the license shall continue in effect through the date provided for in Section 17840 which next occurs after the effective date of the renewal, when it shall expire if it is not again renewed.

If the immediate superior or his designated agent upon whom service is attempted to be made knows he will be unable to deliver a copy of the subpoena to the peace officer within such time as will allow the peace officer to comply with the subpoena, such immediate superior or agent may refuse to accept service of process and is excused from any duty, liability, or penalty arising in connection with such service, upon notifying the server of such fact.

Such policy may, but is not required to, contain provisions requiring a minimum number of participating persons or a minimum percentage of participation before the policy is effective. In the absence of such a provision coverage shall not be denied any individual otherwise eligible on those grounds.

No policies described in subdivision (a), (b), (c), (d), or (e) of this section shall be issued until approved as to substance and form by the commissioner. [Approved by Governor June 30, 1969. Filed with Secretary of State June 30, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 1900 of the Financial Code is amended to read:

1900. The superintendent shall cause every bank, every foreign banking corporation doing business in this state, every trust company, and the trust department of every title insurance company doing a trust business to be examined at least once in each calendar year and whenever and as often as he shall deem it advisable. On each annual examination the superintendent shall inquire as to the condition and resources of the bank or foreign banking corporation, the mode of managing its affairs, the actions of its board of directors, the investment and disposition of its funds, the safety and prudence of its management, the security afforded its depositors and creditors, and whether its articles of incorporation and all applicable provisions thereof are being complied with and into such other matters as the superintendent may determine. The officers and employees of every bank, trust company, title company's trust department, and foreign banking corporation being examined shall exhibit to the examiners, on request, any or all of its securities, books, records, and accounts and shall otherwise facilitate the examination so far as it may be in their power.

SEC. 2. Section 1902 of the Financial Code is amended to read:

1902. The board of directors of every bank and of every trust company, or a committee thereof composed of at least three directors, none of whom is an officer of such bank or trust company, shall examine such bank or trust company at least once in each calendar year. No such examination shall be commenced within three months of the completion of the examination for the preceding year. Such examination shall show the actual financial condition of the bank or trust company and shall set forth such matters and shall be in such form as the superintendent may require. Such examination shall include an examination of the books, papers, and affairs of the bank and particularly of its loans and discounts and of the security given therefor. The board of directors may employ such assistance in making any examination as it deems necessary. Within 30 days after the examination is completed, a report thereof, verified by the directors who made it, shall be filed with the board of directors and thereafter shall be kept available for inspection by the superintendent.

SEC. 3. This act shall become operative on January 2, 1970.

CHAPTER 328

An act to amend Sections 12364 and 12365 of, and to add Section 12367 to, the Public Utilities Code, relating to municipal utility districts.

[Approved by Governor June 30, 1969. Filed with Secretary of State June 30, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 12364 of the Public Utilities Code is amended to read:

12364. If the district maintains its own retirement fund, the retirement board shall have exclusive control of the administration, investment, and disbursement of such fund. Investment of the fund shall be subject to the terms, conditions, limitations, and restrictions imposed by the laws of this state upon savings banks in the making of investments by savings banks, provided, however, that in addition to such other investments as are authorized by this article, funds may be invested in an amount not exceeding 20 percent of the assets of the retirement fund in securities, whether or not such securities are expressly authorized by this article, and whether or not they qualify thereunder, in which in the informed opinion of the retirement board it is prudent to invest retirement funds. Cash may be deposited in any licensed national bank or banks in this state, or in any bank, banks, or corporations authorized or licensed to do a banking business and organized under the laws of this state.

SEC 2. Section 12365 of the Public Utilities Code is amended to read:

12365. In addition to such other investments as are authorized by this article, the retirement board may in its discretion under the advice of proper counsel invest the assets of the retirement fund in an amount, determined on the basis of cost, not to exceed 10 percent of the assets in the first two years after the effective date of this section, not to exceed 15 percent during the third year after the effective date of this section, and not to exceed 25 percent thereafter, in common stock or shares, and not to exceed 2 percent of the assets in the first year after the effective date of this section, not to exceed 3 percent during the second year after the effective date of this section, and not to exceed 5 percent thereafter, in preferred stock or shares, of corporations created or existing under the laws of the United States, or any state, district, or territory thereof; provided that

(a) Such stock is registered on a national securities exchange, as provided in the "Securities Exchange Act of 1934" as amended. Such registration shall not be required with respect to the following stocks:

(1) The common stock of a bank which is a member of the Federal Deposit Insurance Corporation and has capital funds, represented by capital, surplus, and undivided profits, of at least fifty million dollars ($50,000,000);

(2) The common stock of an insurance company which has capital funds, represented by capital, special surplus funds, and unassigned surplus, of at least fifty million dollars ($50,000,000);

(3) Any preferred stock.

(b) Such corporation has total assets of at least one hundred million dollars ($100,000,000);

(c) Bonds of such a corporation, if any are outstanding, qualify for investment of the retirement fund, and that there are no arrears of dividend payments on its preferred stock;

(d) Such corporation has paid a cash dividend on its common stock in at least 8 of the 10 years next preceding the date of investment, and the aggregate net earnings available for dividends on the common stock of such corporation for the whole of such period have been equal to the amount of such dividends paid, and such corporation has paid an earned cash dividend in each of the last three years;

(e) Such investment in any one company may not exceed 5 percent of the common shares outstanding; and

(f) No single common stock investment, based on cost, may exceed 2 percent of the assets of the fund.

SEC. 3. Section 12367 is added to the Public Utilities Code, to read:

12367. The retirement board may authorize a trust company or a trust department of any state or national bank authorized to conduct the business of a trust company in this state or the Federal Reserve Bank of San Francisco or any branch thereof within this state, to act as custodian of any securities invested in by the retirement board. Any such bank or trust company may be authorized to collect the income from such securities or the proceeds of the sale thereof for the retirement board, and deposit said income or funds in the account of the retirement system. The compensation of such bank or trust company for such custodial services shall be fixed by agreement and shall be paid in the same manner and from the same funds as are other costs of administration of the retirement system. Securities of the retirement fund held by the custodian bank or trust company may be registered in the nominee name of the custodian or of the retirement system. The custodian bank or trust company shall make such disposition of the securities as the retirement board shall authorize. All such securities are at all times subject to the order of the retirement board.

CHAPTER 329

An act to amend Section 186 of, and to add Section 186.1 to, the Streets and Highways Code, relating to State Highway Fund expenditures, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 30, 1969. Filed with Secretary of State June 30, 1969]

The people of the State of California do enact as follows:

SECTION 1. Section 186 of the Streets and Highways Code is amended to read:

186. For general administration and for maintenance, the department and the commission shall be limited in expenditures, out of the money available each year in the State Highway Fund, to an amount not exceeding the net revenue derived from one and one-quarter cents ($0.0125), until June 30, 1970, and thereafter an amount not exceeding the net revenues derived from one cent ($0.01), per gallon tax on motor vehicle fuel and on the use of fuel under Part 3 (commencing with Section 8601) of Division 2 of the Revenue and Taxation Code. Of that amount the department shall expend such proportion as the commission determines is necessary for each of the following:

(a) General administration purposes.

(b) Maintenance of all state highways, including all traversable highways between the termini of and approximately on authorized state highway routes.

(c) Maintenance of highways in state parks.

SEC. 2. Section 186.1 is added to the Streets and Highways Code, to read:

186.1. Expenditures for insurance against and for payment of tort claims and judgments shall not be included among the class of expenditures subject to the limitations imposed by Section 186.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Unprecedented storms occurring in mountain regions of this state have created unprecedented snow removal expenditures in order to keep major highway roads open to traffic. Such expenditures for snow removal will make it impossible for the Department of Public Works to carry out its responsibility for keeping roads open to traffic while staying within the limitations imposed by law upon such expenditures. It is necessary, therefore, that this act take effect immediately.

CHAPTER 330

An act to add Section 270 to the Health and Safety Code, relating to physically handicapped children, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 30, 1969. Filed with Secretary of State June 30, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 270 is added to the Health and Safety Code, to read:

270. A handicapped child placed for adoption, determined to be financially eligible for care at the time of placement, shall not be denied services pursuant to this article based upon the income of the adopting parents, nor shall the adopting parents be required to enter into any agreement to pay toward the costs of services authorized for such care. The provisions of this section shall only apply to physical handicaps present, and diagnosed, at the time of adoption. Residence, for the purposes of this section, shall be that of the adopting parents.

SEC. 2. This act shall become operative July 1, 1969.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The provisions of the section which is added to the Health and Safety Code by this act are presently in effect in Section 273 of the Health and Safety Code, which was enacted by Chapter 588 of the Statutes of 1968.

Section 273 will, however, be repealed on July 1, 1969 when the chapter in which Section 273 is contained is repealed by Chapter 1316 of the Statutes of 1968 which revises the law with respect to federally assisted state programs of services for handicapped children. When the bill which became Chapter 1316 of the Statutes of 1968 was prepared and considered by the Legislature, Chapter 588 of the Statutes of 1968 was not effective. In order that this act may become effective before July 1, 1969 and the many children in this state who are in need of care due to physical handicaps not be deprived after that date of much needed services, it is imperative that this act take effect immediately.

CHAPTER 331

An act to amend Section 17603.5 of, and to repeal Sections 17602, 17602.5, 17603, 17604, and 17605 of, the Education Code, relating to financial support of the public schools.

[Approved by Governor July 3, 1969. Filed with Secretary of State July 3, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 17602 of the Education Code is repealed.

SEC. 2. Section 17602.5 of the Education Code is repealed.

SEC. 3. Section 17603 of the Education Code is repealed.

SEC. 4. Section 17603.5 of the Education Code is amended to read:

17603.5. The amounts computed as allowable to any school district for state equalization aid shall be reduced by fifty percent (50%) of miscellaneous funds, as defined in Section 17606. In no event shall the reduction exceed the total amount allowable as equalization aid to the school district for the fiscal year. For such purposes, miscellaneous funds, as defined in Section 17606, received by a unified school district, shall be allocated to the kindergarten and elementary, high school and junior college grades, respectively, on the basis of the proportion of the district's total average daily attendance in each such grade level, and the provisions of Section 17601 shall be applicable.

Should the amount of miscellaneous funds, as defined in Section 17606, actually received by a school district for any fiscal year be more or less than that reported to the Superintendent of Public Instruction, the Superintendent of Public Instruction shall during the fiscal year next succeeding withhold from or add to the apportionment made to the district from the State School Fund the amount of the excess or deficiency in the apportionment of state equalization aid from the State School Fund for the preceding year, if the amount of the excess or deficiency in such apportionment was one hundred dollars ($100) or more.

SEC. 4.5. Section 17604 of the Education Code is repealed.

SEC. 5. Section 17605 of the Education Code is repealed.

SEC. 6. This act shall be deemed to be operative for the entire 1969–1970 fiscal year as though it had been enacted into law and became operative on July 1, 1969. The Superintendent of Public Instruction shall, for such purposes, have authority to take all necessary steps to effect the mid-fiscal-year transition involved, including the authority to adjust allowance computations, apportionments, and disbursements ordered from the State School Fund.

It is the intent of the Legislature in enacting this act to comply with Section 305 of Public Law 90-576 at the earliest possible date consistent with sound fiscal management and it is further the intent of the Legislature that funds received by a local educational agency pursuant to Public Law 81-874 not be taken into account in any way, during the 1969–1970 fiscal year or thereafter, for purposes of computing or apportioning state aid to the public schools.

CHAPTER 332

An act to amend Sections 4107 and 4110 of, and to add Section 4107.5 to, the Government Code, relating to subcontractors.

[Approved by Governor July 3, 1969. Filed with Secretary of State July 3, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 4107 of the Government Code is amended to read:

4107. No prime contractor whose bid is accepted shall:

(a) Substitute any person as subcontractor in place of the subcontractor listed in the original bid, except that the awarding authority may, except as otherwise provided in Section 4107.5, consent to the substitution of another person as a subcontractor;

(1) When the subcontractor listed in the bid after having had a reasonable opportunity to do so fails or refuses to execute a written contract, when such written contract, based upon the general terms, conditions, plans and specifications for the project involved or the terms of such subcontractor's written bid, is presented to him by the prime contractor,

(2) When the listed subcontractor becomes a bankrupt or insolvent, or,

(3) When the listed subcontractor fails or refuses to perform his subcontract, or

(4) When the listed subcontractor fails or refuses to meet the bond requirements of the prime contractor as set forth in Section 4108, or

(5) When the prime contractor demonstrates to the awarding authority, subject to the further provisions set forth in Section 4107.5, that the name of the subcontractor was listed as the result of an inadvertent clerical error, or

(6) When the listed subcontractor is not licensed pursuant to the Contractors License Law, or

(7) When the awarding authority determines that the work performed by the listed subcontractor is substantially unsatisfactory and not in substantial accordance with the plans and specifications, or that the subcontractor is substantially delaying or disrupting the progress of the work.

Prior to approval of the prime contractor's request for such substitution the awarding authority shall give notice in writing of at least three working days to the listed subcontractor of a hearing on the prime contractor's request to substitute and of the reasons for such request. Such notice shall be served by certified or registered mail to the last known address of such subcontractor.

(b) Permit any such subcontract to be voluntarily assigned or transferred or allow it to be performed by anyone other

than the original subcontractor listed in the original bid, without the consent of the awarding authority.

(c) Other than in the performance of "change orders" causing changes or deviations from the original contract, sublet or subcontract any portion of the work in excess of one-half of 1 percent of the prime contractor's total bid as to which his original bid did not designate a subcontractor.

SEC. 2. Section 4110 of the Government Code is amended to read:

4110. A prime contractor violating any of the provisions of this chapter violates his contract and the awarding authority may exercise the option, in its own discretion, of (1) canceling his contract or (2) assessing the prime contractor a penalty in an amount of not more than 10 percent of the amount of the subcontract involved, and this penalty shall be deposited in the fund out of which the prime contract is awarded. In any proceedings under this section the prime contractor shall be entitled to a public hearing and to five days' notice of the time and place thereof.

SEC. 3. Section 4107.5 is added to the Government Code, to read:

4107.5. The prime contractor as a condition to assert a claim of inadvertent clerical error in the listing of a subcontractor shall within two working days after the time of the prime bid opening by the awarding authority give written notice to the awarding authority and copies of such notice to both the subcontractor he claims to have listed in error and the intended subcontractor who had bid to the prime contractor prior to bid opening.

Any listed subcontractor who has been notified by the prime contractor in accordance with the provisions of this section as to an inadvertent clerical error shall be allowed six working days from the time of the prime bid opening within which to submit to the awarding authority and to the prime contractor written objection to the prime contractor's claim of inadvertent clerical error. Failure of such listed subcontractor to file such written notice within the six working days shall be primary evidence of his agreement that an inadvertent clerical error was made.

The awarding authority shall, after a public hearing as provided in Section 4107 and in the absence of compelling reasons to the contrary, consent to the substitution of the intended subcontractor:

(a) If (1) the prime contractor, (2) the subcontractor listed in error and (3) the intended subcontractor each submit an affidavit to the awarding authority along with such additional evidence as the parties may wish to submit that an inadvertent clerical error was in fact made, provided that the affidavits from each of the three parties are filed within eight working days from the time of the prime bid opening, or

(b) If such affidavits are filed by both the prime contractor and the intended subcontractor within such specified time but

the subcontractor whom the prime contractor claims to have listed in error does not submit within six working days, to the awarding authority and to the prime contractor, written objection to the prime contractor's claim of inadvertent clerical error as provided in this section.

If such affidavits are filed by both the prime contractor and the intended subcontractor but the listed subcontractor has, within six working days from the time of the prime bid opening, submitted to the awarding authority and to the prime contractor written objection to the prime contractor's claim of inadvertent clerical error, the awarding authority shall investigate the claims of the parties and shall hold a public hearing as provided in Section 4107 to determine the validity of such claims. Any determination made shall be based on the facts contained in the declarations submitted under penalty of perjury by all three parties and supported by testimony under oath and subject to cross-examination. The awarding authority may, on its own motion or that of any other party, admit testimony of other contractors, any bid registries or depositories, or any other party in possession of facts which may have a bearing on the decision of the awarding authority.

CHAPTER 333

An act to amend Section 15518 of the Education Code, relating to school buildings.

[Approved by Governor July 3, 1969 Filed with Secretary of State July 3, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 15518 of the Education Code is amended to read:

15518. The governing board of a school district may undertake corrective measures relating to earthquake safety recommended to the governing board pursuant to Section 15503 in connection with any school building under the jurisdiction of the governing board without compliance with the procedures otherwise prescribed by Section 15505.

The maximum rate of tax of any school district for any school year is hereby increased by such amount as will produce the amount necessary to have any school buildings examined as required by Section 15503 and to effect the corrective structural repairs, reconstruction or replacement relating to earthquake safety recommended pursuant to Section 15503, as shown by the budget of the district for such school year as finally adopted by the governing board of the district, less any unencumbered balances remaining at the end of the preceding school year derived from revenue from the increase in the rate of tax provided by this section.

The increase provided by this section and Section 15517 shall not exceed a total increase of ten cents ($0.10) for each one hundred dollars ($100) of the assessed valuation of property within the district in each fiscal year.

If at the end of any school year, there remains an unencumbered balance derived from the revenue of the increase in tax rate hereby provided, such balance may be accumulated until the date specified in this section for the termination of its effect and shall be used exclusively for expenditures of the school district for purposes of this section.

This section shall remain in effect only until July 1, 1975, and thereafter shall be of no force or effect. This section shall remain in effect until such date regardless of the repeal or expiration of Section 15517.

Notwithstanding the provisions of this section, the governing board shall comply with the provisions of Section 15505 whenever such compliance is necessary to continue the program of corrective structural repairs, reconstruction, or replacement required pursuant to the provisions of this article.

CHAPTER 334

An act to amend Section 3100 of the Education Code, relating to school district unification.

[Approved by Governor July 3, 1969. Filed with Secretary of State July 3, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 3100 of the Education Code is amended to read:

3100. It is the intent and purpose of the Legislature that the procedures prescribed by the provisions of this chapter and Chapter 9 (commencing with Section 3001) of this division be utilized primarily for the formation of unified school districts maintaining grades kindergarten or 1 through 12, and that this form of organization be ultimately adopted throughout the state. It is the further intent of the Legislature that in exercising the authority to approve master plans and plans and recommendations developed at the local level, the State Board of Education consider the boundaries of existing high school districts as the minimum geographical base for the organization of individual unified school districts, to be deviated from only in exceptional situations. The State Board of Education may approve proposals for the formation of districts based upon the division of the territory of existing high school districts, provided that the board has determined, with respect to the proposal and the resulting new districts that all of the following conditions are met:

(a) That the new districts will be adequate in terms of number of pupils enrolled, having a projected average daily at-

tendance of at least 10,000 by the beginning of the seventh fiscal year following the date that any such new district became effective for all purposes; provided that, if the assessed valuation per pupil in grades kindergarten to 12, inclusive, in the proposed new districts is greater than the statewide average assessed valuation per pupil in grades kindergarten to 12, inclusive, the board may approve of the formation where there will be an average daily attendance of more than 5,000 in the year following the date that the resulting districts would become effective for all purposes, or if the assessed valuation per pupil in grades kindergarten to 12, inclusive, in the proposed new districts is greater than the statewide average assessed valuation per pupil in grades kindergarten to 12, inclusive, the board may approve of the formation where there will be a projected average daily attendance of more than 7,000 by the beginning of the seventh fiscal year following the date that the resulting districts become effective for all purposes.

(b) That the new districts will be adequate in terms of financial ability. For purposes of determining financial ability, the board shall consider assessed valuations per pupil. In addition, solely for purposes of evaluating proposals pursuant to this section with reference to adequacy of districts in terms of financial ability, the board may, in conjunction with assessed valuations per pupil, give such consideration as it deems appropriate to federal funds received by a school district under the act of Congress entitled "An act to provide financial assistance for local educational agencies in areas affected by federal activities, and for other purposes," approved September 30, 1950 (Public Law 874—81st Congress) or under any similar act of Congress. The board shall not approve of the formation of districts by division of the territory of existing high school districts, where the assessed valuation per pupil in grades kindergarten to 12, inclusive, in any of the proposed new districts varies from the average assessed valuation per pupil in such grades in all of the territory of which the proposed new districts are comprised by more than 10 percent, except that if the assessed valuation per pupil in grades kindergarten to 12, inclusive, in each and every proposed new district is greater than the statewide average assessed valuation per pupil in grades kindergarten to 12, inclusive, the board shall not approve of the formation where the assessed valuation per pupil in grades kindergarten to 12, inclusive, in any of the new districts varies by more than 15 percent from the average assessed valuation per pupil in such grades in all of the territory of which the proposed new districts are comprised.

(c) That the new districts are each organized on the basis of a substantial community identity.

(d) That the proposal will result in an equitable division of property and facilities of the original district.

(e) That the proposal and the formation of the new districts will not promote racial or ethnic discrimination or segre-

gation. The State Board of Education may secure the advice and assistance of any other public agencies concerned with intergroup relationships for purposes of making determinations under this subdivision.

The board may require that proposals combine the area of existing high school districts, with respect to any proposed new or reorganized districts which would not meet the requirements prescribed by Section 17672 or come within the exceptions prescribed by Section 17673.

CHAPTER 335

[Approved by Governor July 3, 1969. Filed with Secretary of State July 3, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 7451.2 is added to the Education Code, to read:

7451.2. Credits earned from courses completed in a regional occupational center or regional occupational program may be applied toward fulfillment of requirements for a high school diploma. A governing board of a district maintaining a regional occupational center may confer a high school diploma upon any pupil who attends a regional occupational center maintained by the district full time and has satisfactorily completed the prescribed course of study of the school district of residence or the course of study prescribed by the county superintendent of schools, school district, or school districts, as the case may be, maintaining such center.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to permit those pupils who have completed the prescribed course of study in a regional occupational center to be awarded a high school diploma at the earliest possible date so as to enable them to more easily obtain gainful employment and to permit credits for courses completed at a regional occupational center or regional occupational program to be applied toward fulfillment of requirements for a high school diploma at the earliest possible date, it is necessary that this act take effect immediately.

CHAPTER 338

An act to amend and renumber Sections 29000, 29001, and 29004 of, to add Sections 29003 and 29004 to, and to repeal Sections 29002 and 29003 of, the Vehicle Code, relating to towing equipment.

[Approved by Governor July 3, 1969. Filed with Secretary of State July 3, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 29000 of the Vehicle Code is amended and renumbered to read:

29001. The upper and lower halves of every fifth wheel connecting device on any semitrailer and truck-tractor or auxiliary dolly shall be securely affixed to the vehicles to prevent shifting of the device on the vehicle to which it is attached.

SEC. 2. Section 29001 of the Vehicle Code is amended and renumbered to read:

29002. Every fifth wheel mechanism, including adapters, shall be equipped with a locking device which will not permit the upper and lower halves to be separated without the operation of a positive manual release. The manual release shall be designed, installed, and maintained so that it cannot be accidentally operated. Automatic locking devices on fifth wheels designed and constructed to be readily separable are required on any vehicle first required to be registered in this state after January 1, 1954.

CHAPTER 345

An act to amend Sections 396b, 399, 585, 586, and 1014 of the Code of Civil Procedure, relating to civil procedure.

[Approved by Governor July 3, 1969. Filed with Secretary of State July 3, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 396b of the Code of Civil Procedure is amended to read:

396b. Except as otherwise provided in Section 396a, if an action or proceeding is commenced in a court having jurisdiction of the subject matter thereof, other than the court designated as the proper court for the trial thereof, under the provisions of this title, the action may, notwithstanding, be tried in the court where commenced, unless the defendant, at the time he answers or demurs, or, at his option, without answering or demurring and within the time otherwise limited to plead, files with the clerk, or with the judge if there be no clerk, an affidavit of merits and notice of motion for an order transferring the action or proceeding to the proper court, together with proof of service, upon the adverse party, of a copy of such papers. Upon the hearing of such motion the court shall, if it appears that the action or proceeding was not commenced in the proper court, order the same transferred to the proper court; provided, however, that the court in an action for divorce or separate maintenance, may, prior to the determination of such motion, consider and determine motions for allowance of temporary alimony, support of children, counsel fees and costs, and make all necessary and proper orders in connection therewith; provided further, that in any case, if an answer be filed, the court may consider opposition

to the motions, if any, and may retain the action in the county where commenced if it appears that the convenience of the witnesses or the ends of justice will thereby be promoted.

SEC. 2. Section 399 of the Code of Civil Procedure is amended to read:

399. When an order is made transferring an action or proceeding under any of the provisions of this title, the clerk, or the judge where there is no clerk, shall, after expiration of the time within which a petition for writ of mandate could have been filed pursuant to Section 400 of this code, or if such petition is filed after judgment denying the writ becomes final, and upon payment of the costs and fees, transmit the pleadings and papers therein (or if the pleadings be oral a transcript of the same) to the clerk (or to the judge where there is no clerk) of the court to which the same is transferred. When the transfer is sought on any ground specified in subdivisions 2, 3, 4 and 5 of Section 397 of this code, the costs and fees thereof, and of filing the papers in the court to which the transfer is ordered, shall be paid at the time the notice of motion is filed, by the party making the motion for the transfer. When the transfer is sought solely, or is ordered, because the action or proceeding was commenced in a court other than that designated as proper by the provisions of this title, such costs and fees shall be paid by the plaintiff before such transfer is made; and if, in any such case, the defendant has paid such costs and fees at the time of filing his notice of motion, the same shall be repaid to him, upon the making of such order. If such costs and fees have not been so paid by the plaintiff within five days after service of notice of such order, then any other party interested therein, whether named in the complaint as a party or not, may pay such costs and fees, and the clerk shall thereupon transmit the papers and pleadings therein as if such costs and fees had been originally paid by the plaintiff, and the same shall be a proper item of costs of the party so paying the same, recoverable by such party in the event he prevails in the action; otherwise, the same shall be offset against and deducted from the amount, if any, awarded the plaintiff in the event the plaintiff prevails against such party in such action.

At the time of transmittal of the papers and pleadings, the clerk shall mail notice to all parties who have appeared in the action or special proceeding, stating the date on which such transmittal occurred. Promptly upon receipt of such papers and pleadings, the clerk of the court to which the action or proceeding is transferred shall mail notice to all parties who have appeared in the action or special proceeding, stating the date of the filing of the case and number assigned to the case in such court.

The court to which an action or proceeding is transferred under the provisions of this title shall have and exercise over the same the like jurisdiction as if it had been originally commenced therein, all prior proceedings being saved, and such court may require such amendment of the pleadings, the filing

and service of such amended, additional, or supplemental pleadings, and the giving of such notice, as may be necessary for the proper presentation and determination of the action or proceeding in such court.

SEC. 3. Section 585 of the Code of Civil Procedure is amended to read:

585. Judgment may be had, if the defendant fails to answer the complaint, as follows:

1. In an action arising upon contract or judgment of a court of this state for the recovery of money or damages only, if the defendant has, or if more than one defendant, if any of such defendants have, been personally served and no answer, demurrer, notice of motion to strike (of the character hereinafter specified), notice of motion to transfer pursuant to Section 396b, notice of motion to quash service of summons pursuant to Section 416.1, or notice of the filing of a petition for writ of mandate as provided in Section 416.3 has been filed with the clerk or judge of the court within the time specified in the summons, or such further time as may be allowed, the clerk, or the judge if there be no clerk, upon application of the plaintiff, and proof of such service of summons, shall enter the default of the defendant or defendants, so served, and immediately thereafter enter judgment for the principal amount demanded in the complaint or a lesser amount if credit has been acknowledged, together with interest allowed by law or in accordance with the terms of the contract, and the costs against such defendant, or defendants, or against one or more of such defendants. If, by rule of court, a schedule of attorney fees to be allowed has been adopted, the clerk may include in the judgment an attorney fee in accordance with such schedule if the contract provides that an attorney fee be allowed in the event of an action thereon; provided, that plaintiff shall have the right, upon filing a written request at the time of application for entry of the default of the defendant or defendants, to have the attorney fee fixed by the court, whereupon, after the entry of such default, the court shall hear the application for determination of the attorney fee and render judgment for the same and for the other relief demanded in the complaint, or a lesser amount if credit has been acknowledged, and the costs against such defendant, or defendants, or against one or more of such defendants.

2. In other actions, if the defendant has been personally served and no answer, demurrer, notice of motion to strike (of the character hereinafter specified), notice of motion to transfer pursuant to Section 396b, notice of motion to quash service of summons pursuant to Section 416.1, or notice of the filing of a petition for writ of mandate as provided in Section 416.3 has been filed with the clerk or judge of the court within the time specified in the summons, or such further time as may be allowed, the clerk, in courts having a clerk, shall enter the default of the defendant; and thereafter the plaintiff may apply to the court for the relief demanded in the complaint;

in courts which have no clerk, the court shall hear the evidence offered by the plaintiff, and shall render judgment in his favor for such sum (not exceeding the amount stated in the complaint), as appears by such evidence to be just. If the taking of an account, or the proof of any fact, is necessary to enable the court to give judgment or to carry the judgment into effect, the court may take the account or hear the proof, or may, in its discretion, order a reference for that purpose. And where the action is for the recovery of damages, in whole or in part, the court may order the damages to be assessed by a jury; or if, to determine the amount of damages, the examination of a long account is involved by a reference as above provided.

3. In all actions where the service of the summons was by publication the plaintiff, upon the expiration of the time for answering, may, upon proof of the publication, and that no answer, demurrer, notice of motion to strike (of the character hereinafter specified), notice of motion to transfer pursuant to Section 396b, notice of motion to quash service of summons pursuant to Section 416.1, or notice of the filing of a petition for writ of mandate as provided in Section 416.3 has been filed, apply for judgment; and the court shall thereupon require proof to be made of the allegations of the complaint; and if the defendant is not a resident of the state, shall require the plaintiff, or his agent, to be examined, on oath, respecting any payments that have been made to the plaintiff, or to anyone for his use, on account of any demand mentioned in the complaint, and may render judgment for the amount which he is entitled to recover; provided that, in all cases affecting the title to or possession of real property, where the service of the summons was by publication and the defendant has failed to answer, no judgment shall be rendered upon proof of mere occupancy, unless such occupancy shall have continued for the time and shall have been of the character necessary to confer title by prescription, and in all cases where the plaintiff bases his claim upon a paper title, the court shall require evidence establishing plaintiff's equitable right to judgment before rendering such judgment; provided further, however, that in actions involving merely the possession of real property where the complaint is verified and shows by proper allegations that no party to the action claims title to the real property involved, either by prescription, accession, transfer, will, or succession, but only the possession thereof, the court may render judgment upon proof of occupancy by plaintiff and ouster by defendant.

A notice of motion to strike within the meaning of this section is a notice of motion to strike the whole or any part of a pleading filed within the time within which the moving party is required otherwise to plead to said pleading. The notice of the motion to strike shall specify a hearing date not more than 15 days from the filing of such notice, plus any additional time that the moving party is otherwise required to give the adverse party. The filing of such notice of motion does not extend the time within which to demur.

4. In the cases referred to in subdivisions 2 and 3 of this section, excepting those cases which involve the dissolution or annulment of marriage or separate maintenance or the custody of children, or upon application to have an attorney's fee fixed by the court pursuant to subdivision 1 of this section, the court in its discretion may permit the use of affidavits, in lieu of personal testimony, as to all or any part of the evidence or proof required or permitted to be offered, received, or heard in such cases. The facts stated in such affidavit or affidavits shall be within the personal knowledge of the affiant and shall be set forth with particularity, and each affidavit shall show affirmatively that the affiant, if sworn as a witness, can testify competently thereto.

SEC. 4. Section 586 of the Code of Civil Procedure is amended to read:

586. In the following cases the same proceedings shall be had, and judgment shall be rendered in the same manner, as if the defendant had failed to answer:

1. If the complaint has been amended, and the defendant fails to answer it, as amended, or demur thereto, or file a notice of motion to strike, of the character specified in Section 585, within 10 days after service thereof or within the time allowed by the court;

2. If the demurrer to the complaint is overruled and a motion to strike, of the character specified in Section 585, is denied, or where only one thereof is filed, if the demurrer is overruled or the motion to strike is denied, and the defendant fails to answer the complaint within the time allowed by the court;

3. If a motion to strike, of the character specified in Section 585, is granted in whole or in part, and the defendant fails to answer the unstricken portion of the complaint within the time allowed by the court, no demurrer having been sustained or being then pending;

4. If a motion to quash service of summons has been filed or writ of mandate sought and notice thereof given, as provided in Section 416.1 or Section 416.3 of this code, and upon denial of such motion or writ, defendant fails to plead to the complaint, within the time provided in said sections or as otherwise provided by law;

5. If the demurrer to the answer is sustained and the defendant fails to amend the answer within the time allowed by the court;

6. (a) If a motion to transfer pursuant to Section 396b is denied and the defendant fails to answer the complaint within the time allowed by the court or within the time provided in (c).

(b) If a motion to transfer pursuant to Section 396b is granted and the defendant fails to answer the complaint within 15 days of the mailing of notice of the filing and case number by the clerk of the court to which the action or proceeding is transferred or within the time provided in (c).

(c) If the order granting or denying a motion to transfer pursuant to Section 396a or 396b is the subject of an appeal pursuant to Section 904.2 or 904.3 in which a stay is granted or of a mandate proceeding pursuant to Section 400, and such order is reversed, the court having jurisdiction over the trial, upon application or on its own motion after such appeal or mandate proceeding becomes final or upon earlier termination of a stay, shall allow the defendant a reasonable time to answer the complaint. Notice of the order allowing the defendant further time to answer the complaint shall be promptly served by the party who obtained such order or by the clerk if the order is made on the court's own motion.

SEC. 5. Section 1014 of the Code of Civil Procedure is amended to read:

1014. A defendant appears in an action when he answers, demurs, files a notice of motion to strike, files a notice of motion to transfer pursuant to Section 396b, gives the plaintiff written notice of his appearance, or when an attorney gives notice of appearance for him. After appearance, a defendant or his attorney is entitled to notice of all subsequent proceedings of which notice is required to be given. Where a defendant has not appeared, service of notice or papers need not be made upon him unless he is imprisoned for want of bail.

6007. (a) When an active member requires involuntary treatment pursuant to the provisions of Article 6 (commencing with Section 5300) of Chapter 2 of Division 5 of, or Part 2 (commencing with Section 6250) of Division 6 of the Welfare and Institutions Code, or he has been determined insane and is confined for treatment pursuant to the provisions of the Penal Code, or on account of his mental condition a guardian or conservator, for his estate or person or both, has been appointed, the board of governors shall enroll the member as an inactive member.

The clerk of the appropriate court concerned in any such proceeding shall immediately transmit to the board a certified copy of any such determination, order, or adjudication for involuntary treatment or confinement or for the appointment of a guardian or conservator.

The clerk of the appropriate court concerned shall also transmit to the board a certified copy of any notice of certification for intensive treatment filed with the court pursuant to Article 4 (commencing with Section 5250) of Chapter 2 of Division 5 of the Welfare and Institutions Code.

The State Bar of California may procure a certified copy of any such determination, order, adjudication, appointment or notice when the clerk concerned has failed to transmit one or when the proceeding was had in a court other than a court of this state.

In the case of an enrollment pursuant to this subdivision (a) the board of governors shall terminate the enrollment when the member has had the fact of his restoration to capacity judicially determined or upon the member's unconditional release from the medical facility pursuant to Section 5304 or 5305 of the Welfare and Institutions Code; and on payment of all fees required.

(b) In cases not provided for in subdivision (a), the board of governors shall enroll a member of the State Bar as an inactive member if, after notice and opportunity to be heard before the board or a committee, the board finds that the member, because of mental infirmity or illness, or because of addiction to intoxicants or drugs, is unable or habitually fails to perform his duties or undertakings competently, and that he is unable to practice law without danger to the interests of his clients and the public. No proceeding pursuant to this subdivision shall be instituted unless the board or a committee finds, after preliminary investigation, that probable cause exists therefor.

In the case of an enrollment pursuant to this subdivision (b) the board of governors shall terminate the enrollment upon proof that the facts found as to the member's disability no longer exist; and, on payment of all fees required.

(c) The pendency or determination of a proceeding or investigation provided for by this section shall not abate or terminate a disciplinary investigation or proceeding except as required by the facts and law in a particular case.

(d) No membership fees shall accrue against the member during the period he is enrolled as an inactive member pursuant to this section.

CHAPTER 352

An act to amend Sections 29 and 62 of Chapter 549 of the Statutes of 1955, relating to the Montalvo Municipal Improvement District.

[Approved by Governor July 3, 1969. Filed with Secretary of State July 3, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 29 of Chapter 549 of the Statutes of 1955 is amended to read:

Sec. 29. Each board member shall receive thirty dollars ($30) for each day of his actual attendance of the meetings of the board. No member shall, however, receive more than one hundred twenty dollars ($120) in any calendar month.

SEC. 2. Section 62 of Chapter 549 of the Statutes of 1955 is amended to read:

Sec. 62. All contracts for the construction of any unit of work, except as hereinafter provided, estimated to cost in excess of three thousand five hundred dollars ($3,500) shall be let to the lowest responsible bidder in the manner hereinafter provided. The board shall advertise pursuant to Section 6066 of the Government Code in a newspaper of general circulation circulated in the district inviting sealed proposals for the construction of the work, before any contract shall be made therefor, and may let by contract separately any part of said work. The board shall have the right to reject any and all bids, in which case the board may advertise for new bids or perform the work by force account. In the event no proposals are received pursuant to advertisement therefor, or where the estimated cost of such work does not exceed the sum of three thousand five hundred dollars ($3,500), or where the work is found by the board to consist of emergency work necessary in order to protect life and property, the board, by unanimous vote of all members present, may without advertising for bids therefor have said work done by force account. The district shall have the power to purchase in the open market without advertisement for bids thereof, materials and supplies for use in any work therewith either under contract or by force account; provided, however, that materials and supplies for use in any new construction work or improvement, except work referred to in the preceding sentence, may not be purchased if the cost thereof exceeds three thousand five hundred dollars ($3,500), without advertising for bids and awarding the contract therefor to the lowest responsible bidder.

The provisions of this section shall have no application to a contract entered into under the authority of Section 47, or to a contract authorized by a vote of the electorate of the district.

CHAPTER 353

An act to amend Section 1803.7 of the Civil Code, relating to retail installment contracts.

[Approved by Governor July 3, 1969. Filed with Secretary of State July 3, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 1803.7 of the Civil Code is amended to read:

1803.7. The seller shall deliver to the buyer at the time of the buyer's signature a legible copy of the contract or of any other document which the seller has required or requested the buyer to sign, and which he has signed, during the contract negotiation. In addition to the penalties provided under Article 12.2 (commencing with Section 1812.6) of this chapter,

until the seller delivers such documents, the buyer shall be obligated to pay only the cash sale price. Any acknowledgment by the buyer of delivery of a copy of the contract shall be printed or written in a size equal to at least 10-point bold type and, if contained in the contract shall also appear directly above the space reserved for the buyer's signature. The buyer's written acknowledgment, conforming to the requirements of this section of delivery of a copy of a contract shall be a rebuttable presumption of such delivery and of compliance with this section and Section 1803.4, in any action or proceeding by or against an assignee of the contract without knowledge to the contrary when he purchases the contract. If the holder furnishes the buyer a copy of the contract, or a notice containing the items required by Section 1803.3 and stating that the buyer should notify the holder in writing within 30 days if he was not furnished a copy of the contract, and no such notification is given, it shall be conclusively presumed in favor of the third party that a copy was furnished as required by Sections 1803.4 and 1803.7.

CHAPTER 354

An act to add Section 31000.3 to the Government Code, relating to county contracts for services.

[Approved by Governor July 3, 1969. Filed with Secretary of State July 3, 1969.]

The people of the State of California do enact as follows:

SECTION 1. Section 31000.3 is added to the Government Code, to read:

31000.3. Any contract for services entered into by a board of supervisors pursuant to Section 31000 may provide for deferred payment of compensation for services rendered if (a) the terms and conditions under which payment of deferred compensation is to be made are set forth in the contract; and (b) the deferred compensation is deposited with a corporation or association authorized to conduct the business of a trust company in this state; and (c) the deposit of deferred compensation is made pursuant to the terms of a written agreement between the board of supervisors and the depository under which it is agreed that the deferred compensation shall be invested only in such investments, securities, annuities and policies of life insurance as may be agreed upon; and (d) the agreement between the board of supervisors and the depository provides that the deferred compensation and any increment thereto shall be refunded to the board of supervisors if the contractor fails to comply with the terms and conditions specified in the contract of employment.

CHAPTER 355

An act making appropriations for the support of the government of the State of California and for several public purposes in accordance with the provisions of Section 12 of Article IV of the Constitution of the State of California, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 3, 1969 Filed with Secretary of State July 3, 1969.]

I object to the following appropriations in Senate Bill No. 255:

Item 54 5—For expenditure by the Director of Finance and the Director of General Services to exercise options under the agreement with the Public Employees' Retirement System, dated December 15, 1967, to repay Public Employees' Retirement System for the land acquired under Chapter 1407, Statutes of 1967 I eliminate this item.

I have eliminated this item because any additional expenditure of this magnitude from the State General Fund on behalf of the State Fair and Exposition would be incompatible with the plan to allow private enterprise to assume the responsibilities and assets of the Fair and Exposition.

Item 73—For augmentation of California Museum of Science and Industry Fund. I reduce this item from $765,202 to $671,355.

Item 74—For support of California Museum of Science and Industry, Department of Commerce. I reduce this item from $1,216,557 to $1,122,710 to eliminate the legislative staffing augmentation

I have reduced Items 73 and 74 as the state has increased support of this local project by more than 100% since 1964–65 This budget as reduced provides a 20% increase over 1967–68 and meets the essential needs of the program.

Item 82—For support of Department of the Youth Authority. I reduce this item from $46,429,318 to $46,420,318 by reducing paragraph (b) Operating Expenses and Equipment from $10,034,854 to $10,025,854.

I have eliminated the augmentation for contract services with La Verne College because this can be accomplished within the existing funds budgeted for education at the Youth Training School.

Item 109—For support of University of California. I reduce this item from $755,020 to $655,020.

I am eliminating the augmentation for extension service in rural areas to maintain the policy that extension service will be self supporting and responsive to the demand for this service.

Item 109 2—For support of University of California I eliminate this item

The need for educational opportunity aid to students must be directed to the areas of greatest need This need at the University has been substantially met by a partial allocation of student registration fees The rate and amount of aid at the University is already considerably greater than that available in the other segments of higher education. I will submit a separate message on this important subject

Item 109 5—For deferred maintenance, University of California. I reduce this item from $1,000,000 to $500,000

The reduced amount generally reflects the level and priority consistent with the University's proposed plan for meeting this need

Item 116—For support of Trustees of the California State Colleges and the California State Colleges I reduce this item from $1,042,528 to $600,024.

I am eliminating $400,000 from this item for planning funds for year-round operations at four colleges and $42,504 for the relations with schools program Both items were low on the Trustees' priority list

Item 116.7—For support of Trustees of the California State Colleges and the California State Colleges I eliminate this item

Approval of this item would represent a departure from existing policy with respect to replacing federal grants which have been cut back

Item 154—For support of Department of Mental Hygiene I reduce this item from $4,889,890 to $3,789,890

I have eliminated funds for Modesto State Hospital to reflect the continuing reduction in the mentally ill patient population.

Item 160—For support of Department of Public Health—Augmentation. I reduce this item from $442,943 to $373,068.

I have eliminated the augmentation for a local area water contamination study. Such problems are the responsibility of local public health authorities.

Item 166—For support of Department of Social Welfare. I reduce this item from $626,500 to $126,500.

I have reduced the proposed augmentation for the Community Services Division because the objective of increasing community placements of mentally retarded patients can be achieved through appropriations provided by Items 158, 159 and 344.

Item 280.5—For transfer to the Motor Vehicle Fund I eliminate this item.

Transfer of this General Fund amount to the Motor Vehicle Fund is unnecessary at this time The Highway Patrol has absorbed these costs to date within their annual appropriations.

Item 297 1—For civil service special inequity adjustments for occupational groups which lag more than seven percent and whose salary range does not exceed $950 per month. I reduce this item from $6,900,000 to $2,760,000.

Item 297.2—For civil service special inequity adjustments for specific occupational groups which lag more than fifteen percent. I eliminate this item

I have reduced the augmentation and special inequity adjustment in Item 297 1 to an amount sufficient to provide a 1% inequity adjustment and eliminated the augmentation and special inequity adjustment in Item 297 2.

Item 321—For apportionments to public schools I reduce this item from $1,511,344,200 to $1,410,897,600 by reducing (a) $299 87 per ADA to $279 94 per ADA; (b) (5) $2 17 per ADA to $1 67 per ADA, and (b) (6) $263.05 per ADA to $243.62 per ADA

This reduces this item to $120,500,000 which is the $105,500,000 I originally placed in my budget plus the $15,000,000 made available as a result of the federal government's lifting of the AFDC freeze

Item 333—For publishing, purchasing and shipping free textbooks, Department of Education. I reduce this item from $24,234,925 to $22,982,191 by reducing paragraph (b) Operating Expenses and Equipment from $24,146,891 to $22,894,157.

The level of expenditure which I am approving is consistent with current level of service. The amount reduced represents a substantial increase in level of support for supplemental textbooks and late adoptions.

Item 344 5—For support of Department of Public Health—Local Assistance I eliminate this item.

The state is attempting to implement a loan insurance program in lieu of direct financial assistance for local hospital construction.

Item 348—For cost of Special Social Service Programs, Department of Social Welfare I reduce this item from $19,158,418 to $18,658,418 by reducing paragraph (d) from $19,605,782 to $17,605,782, and by reducing paragraph (j) from —$17,481,926 to —$15,981,926. Funds are already available for this purpose.

Item 351—For Local Assistance, Department of Harbors and Watercraft I reduce this item from $3,275,000 to $2,575,000

This reduction would eliminate State assistance for harbor development which I feel is premature at this time

Item 363—For contribution to counties for providing legal assistance to indigents charged with violation of state criminal law. I reduce this item from $900,000 to $775,000.

I have reduced this item to the present level of state support which is reasonable for a basically local function

Item 364 5—For capital outlay, Department of General Services. I eliminate this item

This item would acquire additional real property in the capital area However, the state is currently studying this problem to determine whether the capital plan is still realistic Funds are already available for hardship acquisitions.

Item 369.1—For capital outlay, Department of Corrections I eliminate this item.

I have eliminated this item because it largely duplicates money appropriated in the Budget Act of 1968

Item 390 5—For capital outlay, Board of Governors, of the California Community Colleges I delete this item. I agree with this in principle, but this can be done administratively.

With the above deletions and reductions, I hereby approve Senate Bill No. 255.

RONALD REAGAN, Governor

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the "Budget Act of 1969."

GENERAL SECTIONS	

SEC. 4. Notwithstanding any other provisions of this act, no appropriations made herein may be expended for expansion, improvement, or additions to electronic data processing systems, equipment, facilities, personnel, training, or contracted services unless the Director of Management Services certifies that the criteria set forth in the supplemental conference committee report have been met.

SEC. 4.5. Subject to the provisions of this act, any appropriation for expenditure under this act during the 1969–70 fiscal year, may, with the approval of the Department of Finance, be encumbered prior to July 1, 1969, by incurring

obligations to be paid after June 30, 1969; and in addition, any appropriation for expenditure provided by the Budget Act of 1970 during the 1970–71 fiscal year, may, with the approval of the Department of Finance, be encumbered prior to July 1, 1970, by incurring obligations to be paid after June 30, 1970.

SEC. 5. Because it is necessary to insure the availability of adequate equipment for physical facilities constructed for the operation of custodial, mental health, educational, administrative, military, and other agencies of the state government; because uncertainties as to completion dates make precise advance planning of equipment purchases impossible; and since delivery of some kinds of equipment cannot be made for six months or longer from the date of ordering; state agencies are therefore authorized to incur obligations, to be met during the 1970–71 fiscal year, for the purchase of equipment related to capital outlay projects for which the Legislature has appropriated construction funds; provided, that no obligation shall be incurred under the provisions of this section without the approval of the Department of Finance and the State Public Works Board. Purchase orders issued and contracts entered into under the provisions of this section shall not exceed a total of two million dollars ($2,000,000) in estimated cost.

SEC. 6. Any project, except minor projects, included in any appropriation made herein for capital outlay shall be subject to the provisions of Section 15790 of the Government Code.

SEC. 7. Any acquisition of land or other real property included in any appropriation made herein for capital outlay except appropriations from the California Water Fund or the State Highway Fund or appropriations to the Board of Governors of the California Community Colleges for allocation to the community college districts shall be subject to the provisions of the Property Acquisition Law.

All property acquisitions, notwithstanding other exemptions of this section, shall be reported to the State Public Works Board.

SEC. 8. No money appropriated herein in any item for capital outlay may be expended by any state agency except amounts for acquisition of land or other real property, amounts needed for equipment, amounts appropriated specifically for preliminary surveys, studies and planning and minor projects until the State Public Works Board and the Department of Finance have approved preliminary plans for the project to be financed from such item of appropriation for capital outlay; provided further, no major project for which appropriation is made hereunder regarding which the Director of Finance or his authorized representative requests review of working plans shall be put out to bid until the working plans therefor have been approved by the Department of Finance; provided

further, that no money appropriated herein may be spent for working drawings for any project as to which there has been made substantial change or changes from the preliminary plans as approved by the State Public Works Board and the Department of Finance unless there has first been obtained the approval of the Department of Finance to make such change or changes; provided further, that no money appropriated herein may be spent for equipment until prior approval for purchase of such equipment shall have been given by the Department of Finance.

Nothing in this section shall be construed to limit or control the Department of Public Works in the expenditure of State Highway Fund money appropriated for capital outlay purposes.

The Department of Public Works shall report to the State Public Works Board the expenditures for capital outlay, except minor projects, from appropriations contained in this act.

SEC. 8.5. In making appropriations to state agencies which are eligible for federal assistance programs for capital outlay purposes, it is the intent and understanding of the Legislature that applications made by such agencies for federal funds under any such programs shall be for the maximum amount allowable under federal law.

SEC. 9. Notwithstanding any other provision of law, the portion of each sum of money heretofore appropriated or allocated, hereby appropriated or hereafter allocated to the Regents of the University of California for capital outlay which remains after the purpose for which each said sum was appropriated or allocated has been accomplished, and which have been or hereafter are withdrawn from the State Treasury by the Regents of the University of California pursuant to the provisions of Section 23201 of the Education Code, together with increments, by way of interest or otherwise, on any such appropriation or allocations, shall be used and expended by the Regents of the University of California in executing and furthering the building and improvement program of the University of California; provided, that no such sums shall be allocated by the Regents of the University of California to projects for the purpose of augmenting those projects without prior approval of the State Public Works Board of the requested augmentations. Such sums shall be available for expenditure in payment of any encumbrances heretofore or hereafter incurred without regard to fiscal years; provided, however, that any unencumbered balances existing as of the date on which each such appropriation or allocation otherwise would lapse, shall then revert.

SEC. 10. Notwithstanding any other provisions of law, the undisbursed balances, on the effective date of this act, of the appropriations provided in the following citations, are reappropriated for the purposes provided for in said appropria-

tions, and shall be available for expenditure until June 30, 1970:
