## CHAPTER 1307

*An act to amend Sections 9403, 9404, 9405 and 9406 of the Commercial Code, and to add Sections 6103.8 and 6103.9 to, the Government Code, to amend Sections 18881, 18882, and 26161 of, and to add Section 18888 to, the Revenue and Taxation Code, and to amend Section 1703 of the Unemployment Insurance Code, relating to documents.*

[Approved by Governor November 1, 1971. Filed with Secretary of State November 1, 1971.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 9403 of the Commercial Code is amended to read:

9403. (1) Presentation for filing of a financing statement, tender of the filing fee and acceptance of the statement by the filing officer constitutes filing under this code.

(2) A filed financing statement is effective for a period of five years from the date of filing. The effectiveness of a filed financing statement lapses on the expiration of such five-year period unless a continuation statement is filed prior to such lapse. Upon such lapse the security interest becomes unperfected.

(3) A continuation statement may be filed by the secured party of record within six months prior to the end of the five-year period. Any such continuation statement must be signed by the secured party of record, identify the original statement by giving the date and the names of the parties thereto and the file number thereof and state that the original statement is continued. Upon timely filing of the continuation statement, the effectiveness of the original statement is continued for five

years from the time when it would otherwise have lapsed, whereupon it lapses in the same manner as provided in subdivision (2) unless another continuation statement is filed prior to such lapse. Succeeding continuation statements may be filed in the same manner to continue the effectiveness of the original financing statement.

(4) (a) The filing officer shall mark each financing statement with a consecutive file number and with the date and time of filing. He shall index the statement according to the name of the debtor (or assignor or seller) and shall note in the index the file number and the mailing address of the debtor (or assignor or seller) given in the statement.

(b) The filing officer shall mark each such continuation statement with the date and time of filing and shall index the same under the name of the debtor (or assignor or seller) and under the file number of the original financing statement.

(c) A financing or continuation statement relating to crops or timber shall also be indexed by the filing officer in the real property index of grantors under the name of the debtor. A financing or continuation statement relating to crops or timber so indexed and containing a description of real property affected thereby shall constitute constructive notice from the time of its acceptance for filing to any purchaser or encumbrancer of said real property of the security interest in the crops or timber.

(5) The uniform fee for filing, indexing and furnishing filing data (subdivision (1) of Section 9407) for an original or a continuation statement on a form conforming to standards prescribed by the Secretary of State shall be three dollars ($3) or, if the statement otherwise conforms to the requirements of this division, four dollars ($4).

SEC. 2. Section 9404 of the Commercial Code is amended to read:

9404. (1) Whenever there is no outstanding secured obligation and no commitment to make advances, incur obligations or otherwise give value, the secured party of record must on written demand by the debtor send the debtor a statement that he no longer claims a security interest under the financing statement, which shall be identified by file number. If the affected secured party of record fails to send such a termination statement within 10 days after proper demand therefor he shall be liable to the debtor for all actual damages suffered by the debtor by reason of such failure, and if the failure is in bad faith for a penalty of one hundred dollars ($100).

(2) The filing officer shall mark each such termination statement with the date and time of filing and shall index the same under the name of the debtor and under the file number of the original financing statement.

(3) The uniform fee for filing, indexing and furnishing filing data (subdivision (1) of Section 9407) for a termination statement on a form conforming to standards prescribed by the Secretary of State shall be three dollars ($3) or, if such

a statement otherwise conforms to the requirements of this section, four dollars ($4).

SEC. 3. Section 9405 of the Commercial Code is amended to read:

9405. (1) A secured party of record may by a writing release his security interest in all or a part of the collateral covered by a filed financing statement. A statement of release is sufficient if it is signed by the secured party of record, contains a statement describing the collateral being released, the name and address of the debtor, and the file number of the original financing statement.

(2) The filing officer shall mark each such statement with the date and time of filing and index the same under the name of the debtor and under the file number of the original financing statement.

(3) The uniform fee for filing, indexing and furnishing filing data (subdivision (1) of Section 9407) for a statement of release on a form conforming to standards prescribed by the Secretary of State shall be three dollars ($3) or, if such a statement otherwise conforms to the requirements of this section, four dollars ($4).

SEC. 4. Section 9406 of the Commercial Code is amended to read:

9406. (1) If a secured party assigns or transfers his security interest in any collateral as to which a financing statement has been filed, a statement of such assignment may be filed. Such statement shall be signed by the secured party, describe the collateral as to which the security interest has been assigned, give the name and mailing address of the assignee or transferee, the name and address of the debtor and the file number of the original financing statement.

(2) The filing officer shall mark each such statement of assignment or transfer with the date and time of filing and shall index the same under the name of the debtor and under the file number of the original financing statement.

(3) A statement of assignment may be filed at the time of the filing of the financing statement, in which event the filing officer shall first file the financing statement and index the assignment under the name of the debtor and under the file number given the financing statement. An assignment endorsed on the financing statement before it is filed with the filing officer need not be indexed by him.

(4) The uniform fee for filing, indexing and furnishing filing data (subdivision (1) of Section 9407) for a separate statement of assignment on a form conforming to standards prescribed by the Secretary of State shall be three dollars ($3) or, if such a statement otherwise conforms to the requirements of this section, four dollars ($4).

(5) Whenever a continuation statement, an amendment to a financing statement, a termination statement, a statement of release or a statement of assignment signed by one other than

the secured party of record is presented for filing it must be accompanied by a statement of assignment signed by the secured party of record covering the collateral to which such continuation statement, amendment, termination statement, release, or assignment applies.

(6) Wherever in this code reference is made to the secured party of record it means the secured party named in the original financing statement or, if a statement of assignment has been filed, or an assignee has been named in the financing statement before it is filed, the assignee or transferee of the security interest in the collateral affected. Any continuation statement, amendment to a financing statement, termination statement, statement of release or statement of assignment signed by one other than the secured party of record as to the collateral affected thereby shall be ineffective for any purpose except as between the parties thereto.

SEC. 5. Section 6103.9 is added to the Government Code, to read:

6103.9. Sections 6103 and 27383 do not apply to any fee or charge for filing or recording any document relating to an agreement to reimburse a county for public aid granted by the county.

SEC. 6. Section 6103.8 is added to the Government Code, to read:

(b) The fee for recording full releases listed in subdivision (a) shall be six dollars ($6).

(c) In the case of releases required to be recorded pursuant to subdivision (d) of Section 675 of the Code of Civil Procedure, the recording agency shall be billed quarterly or, at the option of the agency, at more frequent intervals. All billing shall refer to the agency certificate number of the recorded releases.

SEC. 9. Section 18881 of the Revenue and Taxation Code is amended to read:

18881. If any tax, interest, or penalty imposed under this part is not paid when due, the Franchise Tax Board may file in the office of any county recorder a certificate specifying the amount of the tax, interest, penalty due, and the cost of recording a release as specified in subdivision (b) of Section 6103.8 of the Government Code, the name and last known address of the taxpayer liable for the amount, and the fact that the Franchise Tax Board has complied with all provisions of this part in the computation and levy of the tax.

SEC. 10. Section 18882 of the Revenue and Taxation Code is amended to read:

18882. From the time of the filing for recording the amount of the tax, interest, penalty, and the cost of recording a release as specified in subdivision (b) of Section 6103.8 of the Government Code, set forth constitutes a lien upon all property of the taxpayer in the county, owned by him or afterward and before the lien expires acquired by him. SEC. 11. Section 18888 is added to the Revenue and Taxation Code, to read:

18888. The cost of recording a release of a lien which is recorded pursuant to Section 18881 is an obligation of the taxpayer and may be collected from him in any manner provided in this part for the collection of a tax.

SEC. 12. Section 26161 of the Revenue and Taxation Code is amended to read:

26161. If any tax, interest or penalty imposed by this part is not paid when due, the Franchise Tax Board may within three years after the amount of the tax, interest and penalty is due, file for record in the office of any county recorder a certificate specifying the amount of the tax, interest and penalty due, the cost of recording a release as specified in subdivision (b) of Section 6103.8 of the Government Code, the name and last known address of the taxpayer liable for the amount, and the fact that the Franchise Tax Board has complied with all provisions of this part in the determination of the amount required to be paid. From the time of the filing for record, the amount of the tax, interest, penalty, and the cost of recording the release set forth constitutes a lien upon all property of the taxpayer in the county, owned by the taxpayer or afterward and before the lien expires acquired by it. The cost of recording a release of a lien which is recorded pursuant to this section is an obligation of the taxpayer and may be collected from him in any manner provided in this part for collection of a tax. The lien has the force, effect and priority of a judgment lien and shall continue for 10 years from the time of the filing for record of the certificate unless sooner released or otherwise discharged. The lien may, within 10 years from the date of the filing for record of the certificate or within 10 years from the date of the last extension of the lien in the manner herein provided, be extended by filing for record a new certificate in the office of the county recorder of any county and from the time of such filing the lien shall be extended to the real property in such county for 10 years unless sooner released or otherwise discharged.

SEC. 13. Section 1703 of the Unemployment Insurance Code is amended to read:

1703. If an employing unit is delinquent in a payment of any contributions, penalties or interest provided for in this

From the time of the filing for record, the amount required to be paid, together with interest, penalty, and the cost of recording the release, constitutes a lien upon all the property in the county owned by the person or acquired by him before the lien expires. The lien has the force, effect, and priority of a judgment lien and shall continue for 10 years from the time of the filing of the certificate unless sooner released or otherwise discharged. The lien may, within 10 years from the date of the filing of the certificate or within 10 years from the date of the last extension of the lien, be extended by filing for record a new certificate in the office of the county recorder of any county and from the time of such filing the lien shall be extended to all the property in such county for 10 years unless sooner released or otherwise discharged. ## CHAPTER 1309

*An act to amend Section 13588 of the Education Code, and to amend Sections 11105, 12052, 12054, 12074, 12076 and 12077 of the Penal Code, relating to Department of Justice records, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.*

[Approved by Governor November 1, 1971. Filed with Secretary of State November 1, 1971.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 13588 of the Education Code is amended to read:

13588. The governing board of any school district shall, within 10 working days of date of employment, require each person to be employed, or employed in, a position not requiring certification qualifications to have two 8″ x 8″ fingerprint cards bearing the legible rolled and flat impressions of such person's fingerprints together with a personal description of the applicant or employee, as the case may be, prepared by a local public law enforcement agency having jurisdiction in the area of the school district, which agency shall transmit such cards, together with the fee hereinafter specified, to the Bureau of Criminal Identification and Investigation, State Department of Justice; except that a district, or districts with a common board, having an average daily attendance of 60,000 or more may process the fingerprint cards in the event the district so elects. "Local public law enforcement agency" as used herein and in Section 13589 includes a school district with an average daily attendance of 60,000 or more. Upon receiving such identification cards, the Bureau of Criminal Identification and Investigation shall ascertain whether the applicant or employee has been arrested or convicted of any crime insofar as such fact can be ascertained from information available to the

bureau and forward such information to the local public law enforcement agency submitting the applicant's or employee's fingerprints at the earliest possible date. At its discretion, the Bureau of Criminal Identification and Investigation may forward one copy of the fingerprint cards submitted to any other bureau of investigation it may deem necessary in order to verify any record of previous arrests or convictions of the applicant or employee.

The governing board of each district shall forward a request to the Bureau of Criminal Identification and Investigation indicating the number of current employees who have not completed the requirements of this section. The Bureau of Criminal Identification and Investigation shall direct when such cards are to be forwarded to it for processing which in no event shall be later than two years from the date of enactment of this section. Districts which have previously submitted identification cards for current employees to either the Bureau of Criminal Identification and Investigation or the Federal Bureau of Investigation shall not be required to further implement the provisions of this section as it applies to those employees.

A plea or verdict of guilty or a finding of guilt by a court in a trial without a jury or forfeiture of bail is deemed to be a conviction within the meaning of this section, irrespective of a subsequent order under the provisions of Section 1203.4 of the Penal Code allowing the withdrawal of the plea of guilty and entering of a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusations or information.

The governing board shall provide the means whereby the identification cards may be completed and shall charge a fee determined by the Department of Justice to be sufficient to reimburse the department for the costs incurred in processing the application. The amount of such fee shall be forwarded to the Bureau of Criminal Identification and Investigation, with two copies of applicant's or employee's fingerprint cards. The governing board may collect an additional fee not to exceed two dollars ($2) payable to the local public law enforcement agency taking the fingerprints and completing the data on the fingerprint cards. Such additional fees shall be transmitted to the city or county treasury. If an applicant is subsequently hired by the board within 30 days of the application, such fee may be reimbursed to the applicant. Funds not reimbursed applicants shall be credited to the general fund of the district. If the fingerprint cards forwarded to the Bureau of Criminal Identification and Investigation are those of a person already in the employ of the governing board, the district shall pay the fee required by this section, which fee shall be a proper charge against the general fund of the district, and no fee shall be charged the employee.

Notwithstanding the foregoing, substitute and temporary employees, employed for less than a school year, may be ex-

empted from these provisions. The provisions of this section shall not apply to a district, or districts with a common board, which has an average daily attendance of 400,000 or greater, or to a school district wholly within a city and county, unless the governing board of such district or districts, by rule, provides for adherence to this section.

SEC. 2. Section 11105 of the Penal Code is amended to read:

11105. (a) The Attorney General shall furnish, upon application in accordance with the provisions of subdivision (b) of this section, copies of all information pertaining to the identification of any person, such as a plate, photograph, outline picture, description, measurement, or any data about such person of which there is a record in the office of the bureau.

(b) Such information shall be furnished to all peace officers, district attorneys, probation officers, and courts of the state, to United States officers or officers of other states, territories, or possessions of the United States, or peace officers of other countries duly authorized by the Attorney General to receive the same, and to any public defender or attorney representing such person in proceedings upon a petition for certificate of rehabilitation and pardon pursuant to Section 4852.08, upon application in writing accompanied by a certificate signed by the peace officer, public defender, or attorney, stating that the information applied for is necessary for the due administration of the laws, and not for the purpose of assisting a private citizen in carrying on his personal interests or in maliciously or uselessly harassing, degrading or humiliating any person.

(c) Such information shall not be furnished to any persons other than those listed in subdivision (b) of this section or as provided by law; provided, that such information may be furnished to any state agency, officer, or official when needed for the performance of such agency's, officer's, or official's functions.

(d) Whenever a request for information pertains to a person whose fingerprints are on file with the department and whose record contains no reference to criminal activity, and the information requested is to be used for employment, licensing, or certification purposes, the fingerprint card accompanying such request for information, if any, may be stamped "No criminal record" and returned to the submitting agency.

(e) Whenever information furnished pursuant to this section is to be used for employment, licensing, or certification purposes, the Department of Justice shall charge the requesting agency a fee which it determines to be sufficient to reimburse the department for the cost of furnishing the information, provided that no fee shall be charged a public law enforcement agency for records furnished to assist it in employing, licensing, or certifying a person who is applying for

employment with the agency as a peace officer or criminal investigator. Any state agency required to pay a fee to the Department of Justice for information received under this section may charge its applicants a fee sufficient to reimburse the agency for such expense. All moneys received by the department pursuant to this section, Section 12054 of the Penal Code, and Section 13588 of the Education Code are hereby appropriated, without regard to fiscal years, for the support of the Department of Justice in addition to such other funds as may be appropriated therefor by the Legislature.

(f) Whenever there is a conflict, the processing of criminal fingerprints shall take priority over the processing of applicant's fingerprints.

SEC. 3. Section 12052 of the Penal Code is amended to read:

12052. The fingerprints of each applicant shall be taken and two copies on forms prescribed by the State Bureau of Criminal Identification and Investigation shall be forwarded to the State Bureau of Criminal Identification and Investigation. Upon receipt of the fingerprints and the fee as prescribed in Section 12054, the bureau shall promptly furnish the forwarding licensing authority a report of all data and information pertaining to any applicant of which there is a record in its office. No license shall be issued by any licensing authority until after receipt of such report from the bureau.

Provided, however, that if the license applicant has previously applied to the same licensing authority for a license to carry concealed firearms and the applicant's fingerprints and fee have been previously forwarded to the State Bureau of Criminal Identification and Investigation, as herein provided, the licensing authority shall note such previous identification numbers and other data which would provide positive identification in the files of the State Bureau of Criminal Identification and Investigation on the copy of any subsequent license submitted to the bureau in conformance with Section 12053 and no additional application form or fingerprints shall be required.

SEC. 4. Section 12054 of the Penal Code is amended to read:

12054. Each applicant for a new license or for the renewal of a license shall pay at the time of filing his application a fee determined by the Department of Justice to be sufficient to reimburse the Department of Justice for the direct costs of furnishing the report required by Section 12052. The officer receiving the application and the fee shall transmit the fee, with the fingerprints if required, to the State Bureau of Criminal Identification and Investigation. The fee charged shall not exceed ten dollars ($10). The licensing authority of any city or county may charge an additional fee, not to exceed three dollars ($3), for processing any such application, and

shall transmit such additional fee, if any, to the city or county treasury.

SEC. 5. Section 12074 of the Penal Code is amended to read:

12074. The register shall be prepared by and obtained from the State Printer and shall be furnished by the State Printer to the dealers on application at a cost to be determined by the Department of General Services for each 100 leaves in quadruplicate, one original and three duplicates for the making of carbon copies. The original and duplicate copies shall differ in color, and shall be in the form provided by this article.

SEC. 6. Section 12076 of the Penal Code is amended to read:

12076. The purchaser of any firearm capable of being concealed upon the person shall sign, and the dealer shall require him to sign his legal name and affix his residence address and date of birth to the register in, quadruplicate and the salesman shall affix his signature in quadruplicate on each sheet as a witness to the signature of the purchaser. Any person furnishing a fictitious name or address or knowingly furnishing an incorrect birth date and any person violating any of the provisions of this section is guilty of a misdemeanor.

Where the sale is made in a district where there is no municipal police department the third copy of the original sheet shall be mailed to the sheriff of the county wherein the sale is made.

If, on receipt of its two copies of the original sheet, it appears to the bureau that the purchaser resides in a district other than that to which a copy of the original sheet is required to be mailed, the bureau shall transmit one of its copies to the head of the municipal police department, if any, in the district in which the purchaser resides or, if none, to the sheriff of the county in which he resides.

If the bureau determines that the purchaser is a person described in Section 12021 of this code or Section 8100 or 8103 of the Welfare and Institutions Code, it shall immediately notify the dealer of such fact.

(a) Equipment, supplies and materials acquired by a public agency to enable the timely completion of a public project as defined in subdivision (c) of Section 25540.5 let to a contractor.

(b) Plans, specifications, engineering and advertising required for public projects.

25541.5. Public projects between four thousand dollars ($4,000) and ten thousand dollars ($10,000) shall be let to contract by informal or formal bidding procedures.

Public projects of ten thousand dollars ($10,000) and more shall, in all instances, be let to contract by formal bidding procedure.

25542. Each county shall adopt ordinances or regulations providing for formal and informal bidding procedures as required by this article for public projects conducted by such county.

25542.5. Ordinances or regulations establishing informal bidding procedures shall provide that the county shall, as soon

as is practicable after the time for the renewal of contractors' licenses, notify each contractor of the county of the opportunity to register with the county to be subsequently notified of informal bidding proceedings. The list of such contractors shall be a public record.

25543. The notice inviting informal bids shall be by published notice and may, in addition, be supplemented by mailed notice to contractors registered pursuant to Sections 25542.5. The county may cause the notice to be printed as display advertising in such form and style as it deems appropriate. The notice shall describe in general terms the project to be done and state a closing date for submission of such informal bids. Publication of notice pursuant to this section shall be in a newspaper of general circulation printed and published within the jurisdiction of the county, or, if there is no such newspaper within the jurisdiction of the county, publication shall be made in a newspaper of general circulation which is circulated in the jurisdiction of the county, or, if there is no such publication, the notice shall be posted in at least three public places within the jurisdiction of the county as have been designated by ordinance or regulation of such county as places for the posting of its notices. Notice shall be published in accordance with Section 6061 and shall be completed at least 24 hours before the time scheduled for opening of the bids.

In addition to notice published in a newspaper of general circulation, mailed, or posted, pursuant to this section, the county may also publish notice inviting bids in a trade publication.

25543.5. The notices inviting formal bids shall state the time and place for the receiving and opening of sealed bids and distinctly state the project to be done. The first publication or posting of the notice shall be at least 10 days before the date of opening the bids. Notice shall be published at least twice, not less than five days apart, in a newspaper of general circulation, printed and published in the jurisdiction of the county, or, if there is no such newspaper within the jurisdiction of the county, publication shall be made in a newspaper of general circulation which is circulated in the jurisdiction of the county, or, if there is no such publication, the notice shall be posted in at least three public places within the jurisdiction of the county as have been designated by ordinance or regulation of such county as places for the posting of its notices.

In addition to notice published in a newspaper of general circulation, mailed, or posted, pursuant to this section, the county may also publish notice inviting bids in a trade publication.

25544. In its discretion, the county may reject any bids presented. If, after the first invitation for bids, all bids are rejected, after reevaluating its cost estimates of the project, the county shall abandon the project or shall readvertise for bids in the manner prescribed by this article. If after read-

vertising, the county rejects all bids presented, the county may proceed with the project by use of county personnel or may readvertise. If two or more bids are the same and the lowest, the county may accept the one it chooses. If no bids are received, the county may have the project done without further complying with this article.

25544.5. Notwithstanding the provisions of Section 25544, if, after the first invitation for bids, all bids are rejected, the county may, after reevaluating its cost estimates of the project, pass a resolution by a four-fifths vote of its board of supervisors declaring that the project can be performed more economically by county personnel, or that in its opinion a contract to perform the project can be negotiated at a lower price than that in any of the bids, or the materials or supplies furnished at a lower price in the open market. Upon adoption of the resolution, it may have the project done in the manner stated without further complying with this article.

25545. It shall be unlawful to split or separate into smaller work orders or projects any public project for the purpose of evading the provisions of this article requiring public projects to be done by contract after bidding. Every person who willfully violates this provision of this section is guilty of a misdemeanor.

25546. The board of supervisors of the county shall adopt plans, specifications, and working details for all public projects the expenditure for which exceeds ten thousand dollars ($10,000).

25546.5. All bidders on public projects which exceed ten thousand dollars ($10,000) in cost, shall be afforded the opportunity to examine the plans, specifications, and working details for the project.

25547. The provisions of this article shall not apply to the construction of any public building used for facilities of juvenile forestry camps or juvenile homes, ranches, or camps established under Article 15 (commencing with Section 880) of Chapter 2, Part 1, Division 2 of the Welfare and Institutions Code, if a major portion of the construction work is to be performed by wards of the juvenile court assigned to such camps, ranches, or homes; or to public projects employing prisoners pursuant to Section 25359 and public projects involving persons engaged in federal, state, or county job or work training programs.

## CHAPTER 1311

*An act to amend Section 10506 of the Insurance Code, relating to life insurers.*

[Approved by Governor November 1, 1971. Filed with Secretary of State November 1, 1971.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 10506 of the Insurance Code is amended to read:

10506. (a) Any domestic life insurance company may, after adoption of a resolution by its board of directors, allocate to one or more separate accounts, in accordance with the terms of a written agreement which shall be filed with the Insurance Commissioner for approval, any amounts which are paid to the company in connection with a pension, retirement or profit-sharing plan, or program for one or more persons, or with a variable life insurance policy, and which are to be, or may be, applied in payment or in making provision for payment of proceeds or benefits under the company's policies or contracts of retirement benefits, and other benefits incidental thereto, in fixed or variable dollar amounts, or both. The income, if any, and gains or losses, realized or unrealized, on each such account shall be credited to or charged against the amount allocated to the account in accordance with the agreement, without regard to the other income, gains or losses of the company. The amounts allocated to such accounts and accumulations thereon, by any life insurance company shall be invested and reinvested as specified in the agreement, except a domestic company shall invest or reinvest only in such investments described in Article 3 (commencing with Section 1170), and Article 4 (commencing with Section 1190) of Chapter 2, Part 2, Division 1, or without limitation in all or any portion of the shares of an investment company or companies (as defined by the Investment Company Act of 1940, Title 15, U.S.C. Sec. 80a-1 et seq.). The limitations contained in Sections 1192.4 and 1198 are not applicable to such investments. Such investments shall not be included in determining the propriety of other investments of the company. The liability of the company with respect thereto, but only to the extent prescribed in the agreement, shall be shown on the statement of the company in the manner prescribed by the commissioner. Amounts allocated by an insurance company to separate accounts in the exercise of the power granted by this section shall be owned by the company, but shall not be chargeable with liabilities arising out of any other business the company may conduct except and to the extent provided in the agreement. The company shall not hold itself out to be a trustee in respect to such amounts.

(b) In addition to amounts otherwise allocated to separate accounts, a domestic life insurer may allocate to such account or accounts amounts which otherwise would be subject to investment in accordance with Article 4 (commencing with Section 1190) of Chapter 2, Part 2, Division 1. The aggregate of such additional amounts shall not, however, exceed 1 percent of its admitted assets as of the preceding December 31, or 5 percent of the excess of its admitted assets over its liabilities and required reserves as of the preceding December 31,

whichever is the smaller. Such company shall be entitled to withdraw at any time, in whole or in part, its participation in any separate account to which funds have been allocated as provided in this subdivision and to receive, upon withdrawal, its proportionate share of the value of the assets of the separate account at the time of withdrawal.

(c) In addition to the allocations to separate accounts provided for in subdivision (a) of this section, a domestic insurer may, at the request of a policyholder or contractholder or the beneficiary of a policy or contract, allocate to any such separate account or accounts death payments, proceeds of matured endowments, dividends, or surrender values.

(d) Except with the approval of the commissioner, and under such conditions as to investments and other matters as he may prescribe, which shall recognize the guaranteed nature of the benefits provided, reserves for (1) benefits guaranteed as to dollar amount and duration and (2) funds guaranteed as to principal amount or stated rate of interest, shall not be maintained in a separate account.

(e) Unless otherwise approved by the commissioner, assets allocated to a separate account shall be valued at their market value on the date of valuation, or, if there is no readily available market, then as provided under the terms of the contract or the rules or other written agreement applicable to such separate account. Unless otherwise approved by the commissioner, the portion of any of the assets of such separate account equal to the company's reserve liability with regard to the guaranteed benefits and funds referred to in subdivision (d) of this section shall be valued in accordance with the rules otherwise applicable to the company's assets.

(f) No sale, exchange, or other transfer of assets may be made by a company between any of its separate accounts, or between any other of its investment accounts and one or more of its separate accounts unless, in case of a transfer into a separate account, such transfer is made solely to establish the account or to support the operation of the contracts with respect to the separate account to which the transfer is made, and unless such transfer, whether into or from a separate account is made (1) by a transfer of cash, or (2) by a transfer of securities having a readily determinable market value, and such transfer of securities is approved by the commissioner. The commissioner may approve other transfers among such accounts if, in his opinion, such transfer would not be inequitable.

(g) Any domestic life insurance company which establishes one or more separate accounts pursuant to this section may provide for special voting rights and procedures for participants in such separate account relating to investment policy, investment advisory services, and selection of certified public accountants in relation to the administration of the assets in any such separate account. Such voting rights shall be in addition to, and shall not affect, voting rights of mutual insurers.

(h) The purpose and intent of this section is to permit the issuance and delivery of policies or contracts, in connection with a pension, retirement or profit-sharing plan, or program for one or more persons, or policies of variable life insurance, providing for the payment of benefits in fixed or variable amounts, or both, and the establishment of separate accounts by domestic companies for the administration of and investments under such agreements. To protect the public and policyholders located in this state from hazardous operation by domestic and foreign companies, and to further the purpose and provision of this section, no domestic or foreign life insurance company shall undertake the issuance of any contract providing for variable benefits until said company has satisfied the commissioner that its condition or method of operation in connection with the issuance of such contracts will not be such as would render its operation hazardous to the public or its policyholders in this state and, in the case of a foreign or alien insurer, that it meets the conditions prescribed in Section 716, for the issuance of a certificate of authority. In determining the qualification of a company requesting authority to issue contracts providing for variable benefits within this state the commissioner will consider among other things, (1) the history of the company; (2) the character, responsibility and general fitness of the officers and directors of the company; (3) the regulation of a foreign company by its state of domicile; (4) the adequacy of the investment management which the company is providing; and (5) the company's arrangements for the supervision of the marketing of such contracts. The commissioner may make such reasonable rules and regulations as he considers necessary, proper and advisable concerning the issuance and delivery of such policies and contracts and the payment of benefits thereunder and the manner in which the separate accounts shall be administered.

However, no company may provide variable benefits in its contracts unless it is an admitted insurer having and maintaining a combined capital and surplus of at least two million dollars ($2,000,000).

(i) (1) Any contract providing benefits payable in variable amounts delivered or issued for delivery in this state on or after the effective date of the amendments to this section enacted at the 1971 Regular Session of the Legislature shall contain a statement of the essential features of the procedures to be followed by an insurance company in determining the dollar amount of such variable benefits. Any such contract under which the benefits vary to reflect investment experience, including a group contract and any certificate in evidence of variable benefits issued thereunder, shall state that such dollar amount shall so vary, and shall contain on its first page a statement to the effect that the benefits thereunder are on a variable basis. Except for Article 3a (commencing with Section 10159.1) of Chapter 1 of Part 2 of Division 2, in the case

of a variable life insurance policy, and except as otherwise provided in this section, all pertinent provisions of this code shall apply to separate accounts and contracts relating thereto. Any individual variable life insurance contract, delivered or issued for delivery in this state on or after the effective date of the amendments to this section enacted at the 1971 Regular Session of the Legislature, shall contain such nonforfeiture provisions as are appropriate to such a contract.

(2) The reserve liability for variable contracts shall be established in accordance with actuarial procedures that recognize the variable nature of the benefits provided and any mortality guarantees.

## CHAPTER 1312

*An act to amend Sections 692 and 700a of the Code of Civil Procedure, relating to judgments.*

[Approved by Governor November 1, 1971. Filed with Secretary of State November 1, 1971.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 692 of the Code of Civil Procedure is amended to read:

692. Before the sale of property on execution or under power contained in any deed of trust on real property or a leasehold estate therein or any mortgage on real property or a leasehold estate therein, notice thereof must be given as follows:

1. In case of perishable property: by posting written notice of the time and place of sale in three public places in the city where the property is to be sold, if the property is to be sold in a city, or, if not, then in three public places in the judicial district in which the property is to be sold, for such time as may be reasonable, considering the character and condition of the property.

2. In case of other personal property: by posting a similar notice in three public places in the city where the property is to be sold, if the property is to be sold in a city, or, if not, then in three public places in the judicial district in which the property is to be sold, for not less than 10 days and also, not less than 10 days prior to the sale, by mailing a notice of the time and place of the sale to the judgment debtor at his business or residence address last known to the judgment creditor or his attorney or delivering such notice to the judgment debtor. It shall be the duty of the party delivering an execution to an officer for levy to furnish the information required by such levying officer to comply with the provisions of this subdivision.

3. In case of real property or a leasehold estate therein: by posting a similar notice particularly describing the property

at least 20 days before the date of sale, in one public place in the city where the property is to be sold, if the property is to be sold in a city, or, if not, then in one public place in the judicial district in which the property is to be sold and publishing a copy thereof once a week for the same period, in some newspaper of general circulation published in the city in which the property or the real property in which such a leasehold estate was demised or some part thereof is situated, if any part thereof is situated in a city, if not, then in some newspaper of general circulation published in the judicial district in which the property or some part thereof is situated, or, in case no newspaper of general circulation is published in the city or judicial district, as the case may be, in some newspaper of general circulation published in the county in which the property or some part thereof is situated and at least 20 days before the date of sale by mailing by certified mail a notice of the time and place of sale to the judgment debtor at his business or residence address last known to the judgment creditor or his attorney or delivering such notice to the judgment debtor. It shall be the duty of the party delivering an execution to an officer for levy to furnish the information required by the levying officer to comply with the provisions of this subdivision. Where real property is to be sold under power of sale contained in any deed of trust or under power of sale contained in a mortgage or where real property is to be sold under execution upon a judgment a copy of said notice shall be posted in some conspicuous place on the property to be sold, at least 20 days before date of sale, and where a leasehold estate in real property is to be sold under such a power of sale or execution upon a judgment a copy of said notice shall be posted in some conspicuous place on the real property in which such a leasehold estate was demised, at least 20 days before date of sale. In addition to particularly describing the property, the notice shall describe the property by giving its street address, if any, or other common designation, if any; but, if a legal description of the property is given, the validity of the notice shall not be affected by the fact that the street address or other common designation recited is erroneous or that the street address or other common designation is omitted. The term newspaper of general circulation as used herein is as defined in Article 1 (commencing with Section 6000) of Chapter 1, Division 7, Title 1 of the Government Code. The term "judgment debtor" does not include a trustor or mortgagor.

4. When the judgment under which the property is to be sold is made payable in a specified kind of money or currency, the several notices required by this section must state the kind of money or currency in which bids may be made at such sale, which must be the same as that specified in the judgment.

SEC. 2. Section 700a of the Code of Civil Procedure is amended to read:

700a. (a) Sales of personal property, and of real property, when the estate therein is less than a leasehold of two years'

unexpired term, are absolute. In all other cases the property is subject to redemption, as provided in this chapter. The officer must give to the purchaser a certificate of sale, and file a duplicate thereof for record in the office of the county recorder of the county, which certificate must state the date of the judgment under which the sale was made and the names of the parties thereto, and contain:

1. A particular description of the real property sold;
2. The price bid for each distinct lot or parcel;
3. The whole price paid;
4. If the property is subject to redemption, the certificate must so declare, and if the redemption can be effected only in a particular kind of money or currency, that fact must be stated.

(b) If the property is subject to redemption the officer shall inform the judgment debtor, by certified mail or personal service, of his right of redemption. Failure to give such notice within one week after the sale shall make the officer liable to the judgment debtor for actual damages, in addition to a penalty of one hundred dollars ($100).

## CHAPTER 1313

*An act to amend Section 1208 of the Penal Code, relating to prisoners.*

[Approved by Governor November 1, 1971. Filed with Secretary of State November 1, 1971.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 1208 of the Penal Code is amended to read:

1208. (a) The provisions of this section, insofar as they relate to employment, shall be operative in any county in which the board of supervisors by ordinance finds, on the basis of employment conditions, the state of the county jail facilities, and other pertinent circumstances, that the operation of this section, insofar as it relates to employment, in that county is feasible. The provisions of this section, insofar as they relate to education, shall be operative in any county in which the board of supervisors by ordinance finds, on the basis of education conditions, the state of the county jail facilities, and other pertinent circumstances, that the operation of this section, insofar as it relates to education, in that county is feasible. In any such ordinance the board shall prescribe whether the sheriff, the probation officer, or the superintendent of a county industrial farm or industrial road camp in the county shall perform the functions of the work furlough administrator. The board of supervisors may also terminate the operativeness of this section, either with respect to employment or education

in the county if it finds by ordinance that, because of changed circumstances, the operation of this section, either with respect to employment or education in that county is no longer feasible.

(b) When a person is convicted of a misdemeanor and sentenced to the county jail, or is imprisoned therein for nonpayment of a fine, for contempt, or as a condition of probation for any criminal offense, or committed under the terms of Section 6404 or 6406 of the Welfare and Institutions Code as a habit-forming drug addict, the work furlough administrator may, if he concludes that such person is a fit subject therefor, direct that such person be permitted to continue in his regular employment, if that is compatible with the requirements of subdivision (d), or may authorize the person to secure employment for himself, unless the court at the time of sentencing or committing has ordered that such person not be granted work furloughs. The work furlough administrator may, if he concludes that such person is a fit subject therefor, direct that such person be permitted to continue in his regular educational program, if that is compatible with the requirements of subdivision (d), or may authorize the person to secure education for himself, unless the court at the time of sentencing has ordered that such person not be granted work furloughs.

(c) If the work furlough administrator so directs that the prisoner be permitted to continue in his regular employment or educational program, the administrator shall arrange for a continuation of such employment or education, so far as possible without interruption. If the prisoner does not have regular employment or a regular educational program, and the administrator has authorized the prisoner to secure employment or education for himself, the prisoner may do so, and the administrator may assist him in doing so. Any employment or education so secured must be suitable for the prisoner. Such employment or educational program, if such educational program includes earnings by the prisoner, must be at a wage at least as high as the prevailing wage for similar work in the area where the work is performed and in accordance with the prevailing working conditions in such area. In no event may any such employment or educational program involving earnings by the prisoner be permitted where there is a labor dispute in the establishment in which the prisoner is, or is to be, employed or educated.

(d) Whenever the prisoner is not employed or being educated and between the hours or periods of employment or education, he shall be confined in the facility designated by the board of supervisors for work furlough confinement unless the work furlough administrator directs otherwise. If the prisoner is injured during a period of employment or education, the work furlough administrator shall have the authority to release him from the facility for continued medical treatment by private physicians or at medical facilities at the expense of

the employer, workman's compensation insurer, or the prisoner. Such release shall not be construed as assumption of liability by the county or work furlough administrator for medical treatment obtained.

The work furlough administrator may release any prisoner classified for the work furlough program for a period not to exceed 72 hours for medical, dental, or psychiatric care, and for family emergencies or pressing business which would result in severe hardship if the release were not granted.

(e) The earnings of the prisoner may be collected by the work furlough administrator, and it shall be the duty of the prisoner's employer to transmit such wages to the administrator at the latter's request. Earnings levied upon pursuant to writ of attachment or execution or in other lawful manner shall not be transmitted to the administrator. If the administrator has requested transmittal of earnings prior to levy, such request shall have priority. In a case in which the functions of the administrator are performed by a sheriff, and such sheriff receives a writ of attachment or execution for the earnings of a prisoner subject to this section but has not yet requested transmittal of the prisoner's earnings pursuant to this section, he shall first levy on the earnings pursuant to the writ. When an employer or educator transmits such earnings to the administrator pursuant to this subdivision he shall have no liability to the prisoner for such earnings. From such earnings the administrator shall pay the prisoner's board and personal expenses, both inside and outside the jail, and shall deduct so much of the costs of administration of this section as is allocable to such prisoner, and, in an amount determined by the administrator, shall pay the support of the prisoner's dependents, if any. If sufficient funds are available after making the foregoing payments, the administrator may, with the consent of the prisoner, pay, in whole or in part, the preexisting debts of the prisoner. Any balance shall be retained until the prisoner's discharge and thereupon shall be paid to him.

(f) The prisoner shall be eligible for time credits pursuant to Sections 4018, 4019, and 4019.2.

(g) In the event the prisoner violates the conditions laid down for his conduct, custody, education, or employment, the work furlough administrator may order the balance of the prisoner's sentence to be spent in actual confinement.

(h) Willful failure of the prisoner to return to the place of confinement not later than the expiration of any period during which he is authorized to be away from the place of confinement pursuant to this section is punishable as provided in Section 4532 of the Penal Code.

(i) As used in this section, "education" includes vocational training, and "educator" includes a person or institution providing vocational training.

(j) This section shall be known and may be cited as the "Cobey Work Furlough Law."

# CHAPTER 1314

*An act to amend Section 33445 of the Health and Safety Code, relating to community redevelopment, and declaring the urgency thereof, to take effect immediately.*

[Approved by Governor November 1, 1971. Filed with Secretary of State November 1, 1971.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 33445 of the Health and Safety Code is amended to read:

33445. Notwithstanding the provisions of Section 33440, an agency may, with the consent of the legislative body, pay all or part of the value of the land for and the cost of the installation and construction of any building, facility, structure, or other improvement which is publicly owned either within or without the project area, upon a determination by resolution of the agency and local legislative body that such buildings, facilities, structures, or other improvements are of benefit to the project area regardless of whether such improvement is within another project area, or in the case of a project area in which substantially all of the land is publicly owned that such improvement is of benefit to an adjacent project area of the agency. Such determination by the agency and the local legislative body shall be final and conclusive as to the issue of benefit to the project area.

When the value of such land or the cost of the installation and construction of such building, facility, structure, or other improvement, or both, has been, or will be, paid or provided for initially by the community or other public corporation, the agency may enter into a contract with the community or other public corporation under which it agrees to reimburse the community or other public corporation for all or part of the value of such land or all or part of the cost of such building, facility, structure, or other improvement, or both, by periodic payments over a period of years.

The obligation of the agency under such contract shall constitute an indebtedness of the agency for the purpose of carrying out the redevelopment project for such project area, which indebtedness may be made payable out of taxes levied in such project area and allocated to the agency under subdivision (b) of Section 33670, or out of any other available funds.

In a case where such land has been or will be acquired by, or the cost of the installation and construction of such building, facility, structure or other improvement has been paid by, a parking authority, joint powers entity, or other public corporation to provide a building, facility, structure, or other improvement which has been or will be leased to the community, such contract may be made with, and such reimbursement may be made payable to, the community.

With respect to the financing, acquisition, or construction of a transportation, collection, and distribution system and related peripheral parking facilities, in a county with a population of four million (4,000,000) persons or more, the agency shall, in order to exercise the powers granted by this section, enter into an agreement with the rapid transit district which includes such county, or a portion thereof, in which agreement such rapid transit district shall be given all of the following responsibilities:

(a) To participate with the other parties to the agreement to design, determine the location and extent of the necessary rights-of-way for, and construct, the transportation, collection, and distribution systems and related peripheral parking structures and facilities.

(b) To operate and maintain such transportation, collection, and distribution systems and related peripheral parking structures and facilities in accordance with the rapid transit district's outstanding agreements and the agreement required by this paragraph.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The peace, health and safety of the citizens of the state require the acquisition, construction and financing of public transportation and parking facilities and improvements in connection with redevelopment projects in order that the project area shall bear its fair burden of providing the public facilities and improvements that are necessary to provide a level of public services in the project area that is equivalent to the level of public services in the remainder of the community. Adequate provision for such public improvements and facilities both within and without the project area is necessary in order that both pending and future projects may be planned, constructed and financed by the sale of bonds or otherwise without undue delay.

Such offer in compromise shall be the equivalent of 20 percent of the estimated gross sales of alcoholic beverages for each day of such proposed suspension, and such offer in compromise shall be not less than two hundred fifty dollars ($250) nor more than two thousand dollars ($2,000).

## CHAPTER 1329

*An act to amend Sections 20612 and 21252.10 of the Government Code, relating to the Public Employees' Retirement System and declaring the urgency thereof, to take effect immediately.*

[Approved by Governor November 2, 1971. Filed with Secretary of State November 2, 1971.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 20612 of the Government Code is amended to read:

20612. The normal rate of contribution otherwise established under this article for a member whose retirement allowance is determined under Section 21252.01, 21252.1, or 21252.10 and reduced under Section 21252.10 or 21252.45 because his service is included in the federal system, shall be reduced by one-third as applied to compensation not exceeding four hundred dollars ($400) for services rendered in any month after the date of execution of the modification of the federal-state agreement, including such services in the federal system, or the effective date of the contract or contract amendment pursuant to which a contracting agency and its em-

ployees become subject to this section, whichever is later, and prior to the date upon which services of persons in his employment cease to be covered under the federal system.

SEC. 2. Section 21252.10 of the Government Code is amended to read:

21252.10. The combined prior and current service pensions for law enforcement members, other than those members subject to Section 21252.6, upon retirement at or after age 55 is a pension derived from the contributions of the employer which, when added to that portion of the service retirement annuity that is derived from the accumulated normal contributions of the member, shall equal a percentage of his final compensation, multiplied by the number of years of law enforcement service, such percentage to be 2½ or, if less, the percentage obtained by division of 50 percent by the difference between age 55 and the member's age at his birthday nearest to the date of his first entry into any service to which this section, Section 21252.1 or 21252.2 of this part applied, whether or not such service is credited at retirement, increased, as to service following an absence from employment to which any such section applies, by the number of completed years of such absence. Any member entering such service at or after age 55 shall be deemed, for purposes of this section, to have entered such service at age 54.

The amendment to this section at the 1968 Regular Session shall apply only to such members retiring on and after the effective date of the amendment. Current and prior service pensions of such members retired prior to the effective date shall be continued in accordance with the provisions of this part (commencing with Section 20000) as they existed on the day preceding the effective date.

The percentage shall be reduced by one-third, as applied to that part of the member's final compensation which does not exceed four hundred dollars ($400) per month for service after the effective date of coverage of a member under the federal system and prior to the date upon which services of persons in his employment cease to be covered under the federal system; provided, however, that the retirement allowance of any member who was a law enforcement member on October 1, 1965, and who is subject to such reduced percentage, shall not be less than the actuarial equivalent of the retirement allowance he would have received under this section prior to its amendment at the 1965 Regular Session of the Legislature.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The Department of Health, Education and Welfare has recently concluded that employees of the Department of Justice who are law enforcement members of the Public Employees' Retirement System are "policemen" with the result that their

future services are no longer included in social security. However, the Retirement Law provides for reduction in the retirement allowance paid for such service. In order that the employees affected who plan immediate retirement may receive an appropriate allowance for service no longer covered under social security, it is necessary that this act take effect immediately.

In computing average annual earnings for purposes of permanent disability indemnity, the average weekly earnings shall be taken at not less than thirty dollars and seventy-seven cents ($30.77) nor more than eighty dollars and seventy-seven cents ($80.77). Between these limits the average weekly earnings, except as provided in Sections 4456 to 4459, shall be arrived at as follows:

(a) Where the employment is for 30 or more hours a week and for five or more working days a week, the average weekly earnings shall be 95 percent of the number of working days a week times the daily earnings at the time of the injury.

(b) Where the employee is working for two or more employers at or about the time of the injury, the average weekly earnings shall be taken as 95 percent of the aggregate of such earnings from all employments computed in terms of one week; but the earnings from employments other than the employment in which the injury occurred shall not be taken at a higher rate than the hourly rate paid at the time of the injury.

(c) If the earnings are at an irregular rate, such as piecework, or on a commission basis, or are specified to be by the week, month or other period, then the average weekly earnings mentioned in subdivision (a) above shall be taken as 95 percent of the actual weekly earnings averaged for such period of time, not exceeding one year, as may conveniently be taken to determine an average weekly rate of pay.

(d) Where the employment is for less than 30 hours per week, or where for any reason the foregoing methods of arriving at the average weekly earnings cannot reasonably and fairly be applied, the average weekly earnings shall be taken at 95 percent of the sum which reasonably represents the average weekly earning capacity of the injured employee at the time of his injury, due consideration being given to his actual earnings from all sources and employments.

[Approved by Governor November 3, 1971. Filed with Secretary of State November 3, 1971.]

*The people of the State of California do enact as follows:*

SECTION 1. Chapter 4 (commencing with Section 4.1) of the Fresno Metropolitan District Act of 1961 (Chapter 1932 of the Statutes of 1961) is repealed.

SEC. 2. Chapter 4 (commencing with Section 4.1) is added to the Fresno Metropolitan District Act of 1961 (Chapter 1932 of the Statutes of 1961), to read:

### CHAPTER 4. PERSONNEL

### Article 1. Employee Relations

Sec. 4.1. Employees shall have the right to self-organization, to form, join, or assist labor organizations, to bargain collectively through representatives of their own choosing, and to engage in other concerted activities for the purpose of collective bargaining or other mutual aid or protection. It is declared to be in the public interest that the district shall not express any preference for one union over another.

Sec. 4.2. Whenever a majority of the employees employed by the district in a unit appropriate for collective bargaining indicate a desire to be represented by a labor organization, the district, upon determining, as provided in Section 4.4, that such labor organization represents the employees in the appropriate unit, shall enter into a written contract with the accredited representative of such employees governing wages, hours, pensions, and working conditions. In case of a dispute over wages, salaries, hours, or working conditions, which is not resolved by negotiations in good faith between the district and the labor organization, upon the request of either, the district and the labor organization may submit the dispute to the decision of the majority of an arbitration board, and the decision of the majority of such arbitration board shall be final.

The arbitration board shall be composed of two representatives of the district, and two representatives of the labor organization, and they shall endeavor to agree upon the selection of the fifth member. If they are unable to agree, the names of five persons experienced in labor arbitration shall be obtained from the Supervisor of Conciliation of the Division of Conciliation, Department of Industrial Relations. The labor organization and the district shall, alternately, strike a name from the list so supplied, and the name remaining after the labor organization and the district have stricken four names, shall be designated as the arbitrator. The labor organization and the district shall determine by lot who shall first strike from the list. The decision of a majority of the arbitration board shall be final and binding upon the parties thereto. The expenses of arbitration shall be borne equally by the parties. Each party shall bear his own costs.

Sec. 4.3. No contract or agreement shall be made with any labor organization, association, or group, or be assumed under the provisions of this chapter, where such organization, association, or group denies membership to, or in any manner discriminates, against any employee on the grounds of race, creed, color, or sex. However, such organization may preclude from membership any individual who advocates the overthrow of the government by force or violence. The district shall not discriminate in regard to employment against any person because of his race, creed, color, or sex.

Sec. 4.4. If there is a question whether a labor organization represents a majority of employees, or whether the proposed unit is or is not appropriate, such matters shall be submitted to the State Conciliation Service for disposition. The State Conciliation Service shall promptly hold a public hearing, after due notice to all interested parties, and shall thereupon determine the unit appropriate for the purposes of collective bargaining. In making such determination and in establishing rules and regulations governing petitions and the conduct of hearings and elections, the State Conciliation Service shall be guided by relevant federal law and administrative

practice, developed under the Labor-Management Relations Act, 1947, as presently amended.

The State Conciliation Service shall provide for an election to determine the question of representation and shall certify the results to the parties. Any certification of a labor organization to represent or act for the employees in any collective bargaining unit shall not be subject to challenge on the grounds that a new substantial question of representation within such collective bargaining unit exists until the lapse of one year from the date of certification or the expiration of any collective bargaining agreement, whichever is later. However, no collective bargaining agreement shall be construed to be a bar to representation proceedings for a period of more than two years.

Sec. 4.5. The obligation of the district to bargain in good faith with a duly designated or certified labor organization and to execute a written collective bargaining agreement with such labor organization covering the wages, salaries, hours, pensions, and working conditions of the employees represented by such labor organization in an appropriate unit, and to comply with the terms thereof, shall not be limited or restricted by any other provision of law. The obligation of the district to bargain collectively shall extend to all subjects of collective bargaining which are, or may be proper subjects of collective bargaining with a private employer, including retroactive provisions.

Sec. 4.6. In the event an exclusive collective bargaining representative is selected pursuant to this article, the provisions of Chapter 10 (commencing with Section 3500), Division 4, Title 1 of the Government Code are not applicable to the district.

Sec. 4.7. Notwithstanding any provisions of the Government Code, the board may authorize payment of any or all of the premiums on any group life, accident and health insurance, health and welfare plan, or pension or retirement plan, on officers or employees of the district. Upon authorization by its employees, the district may make deductions from the wages and salaries of its employees.

(a) Pursuant to collective bargaining agreement with a duly designated or certified labor organization for the payment of union dues, fees, or assessments.

(b) For the payment of contributions pursuant to any health and welfare, pension, or retirement plan.

(c) For any purpose for which deductions may be authorized by employees of any private employer.

### Article 2. Rights of Employees of Existing Facilities

Sec. 4.21. Whenever the district acquires existing facilities from a publicly or privately owned public utility, either in proceedings by eminent domain or otherwise, the district shall assume and observe all existing pension and labor contracts.

To the extent necessary for operation of facilities, all of the employees of such acquired public utility whose duties pertain to the facilities acquired shall be appointed to comparable positions in the district without examination, subject to all the rights and benefits of this act. Such employees shall be given sick leave, seniority, vacation, and pension credits in accordance with the records and labor agreements of the acquired public utility.

Members and beneficiaries of any pension or retirement system or other benefits established by that public utility shall continue to have the rights, privileges, benefits, obligations, and status with respect to such established system. No employee of any acquired public utility shall suffer any worsening of his wages, seniority, pension, vacation, or other benefits by reason of the acquisition.

The district may extend the benefits of this section to officers or supervisory employees of the acquired public utility.

Sec. 4.22. Whenever the district acquires existing facilities from a publicly or privately owned public utility, either in proceedings in eminent domain or otherwise, that has a pension plan in operation, members and beneficiaries of such pension plan shall continue to have the rights, privileges, benefits, obligations, and status with respect to such established system.

Whenever any such facilities are acquired by the district, the board shall consider and take into account the outstanding obligations and liabilities of the publicly or privately owned public utility by reason of such pension plan and shall negotiate an allowance in the purchase price of such utility for the assumption of such obligations and liabilities when acquiring the facilities.

Sec. 4.23. The district shall not contract with any company, person, or public agency to provide transit facilities or services, or acquire any existing system or part thereof, whether by purchase, lease, condemnation, or otherwise, nor shall the district dispose of or lease any transit system or its system, or part thereof, nor merge, consolidate, or coordinate any transit system, or part thereof, or reduce or limit the lines or service of any existing system, or of its system, unless it first makes adequate provision for any employees who are, or may be, displaced. The terms and conditions of such provision shall be a proper subject of collective bargaining.

## Article 3. Retirement System

Sec. 4.31. The district may provide for a retirement system. However, the adoption, terms, and conditions of any retirement system covering employees of the district represented by a labor organization shall be pursuant to a collective bargaining agreement between such labor organization and the district.

Sec. 4.32. The board may contract with the board of administration of the Public Employees' Retirement System and

may enter all, or any portion, of its employees under such system. However, no employees of the district in a bargaining unit which is represented by a labor organization shall be included in such contract except as authorized by a collective bargaining agreement.

Article 4. Other Benefits

Sec. 4.41. The district shall take such steps as may be necessary to obtain coverage for the district and its employees under Title II of the Federal Social Security Act, as amended, and the related provisions of the Federal Insurance Contributions Act, as amended.

Sec. 4.42. The district shall take such steps as may be necessary to obtain coverage for the district and its employees under the workmen's compensation, unemployment compensation disability and unemployment insurance laws of the State of California.

SEC. 3. Chapter 5 (commencing with Section 5.1) of the Fresno Metropolitan Transit District Act of 1961 (Chapter 1932 of the Statutes of 1961) is repealed.

For purposes of this title, "fill" means earth or any other substance or material, including pilings or structures placed on pilings, and structures floating at some or all times and moored for extended periods, such as houseboats and floating docks. For the purposes of this section "materials" means items exceeding twenty dollars ($20) in value.

The commission may require a reasonable filing fee and reimbursement of expenses for processing and investigating a permit application from all applicants before the commission including government agencies, notwithstanding the provisions of Section 6103 of this code.

(b) Whenever a permit is required by a city or county for any activity also requiring a permit from the San Francisco Bay Conservation and Development Commission, an applicant for a permit shall file an application with the city council of the city if the proposed project is located in incorporated territory, or the board of supervisors of the county, if the proposed project is located in unincorporated territory. Within 60 days the board shall file a report with the commission indicating the effect of the proposed project on water quality within the bay.

The permit shall be automatically granted if the commission shall fail to take specific action either denying or granting the permit within the time period specified in this section. A permit shall be granted for a project if the commission finds and declares that the project is either (1) necessary to the health, safety or welfare of the public in the entire bay area, or (2) of such a nature that it will be consistent with the provisions of this title and with the provisions of the San Francisco Bay Plan then in effect. To effectuate such purposes, the commission may grant a permit subject to reasonable terms and conditions including the uses of land or structures, intensity of uses, construction methods and methods for dredging or placing of fill. Thirteen affirmative votes of members of the commission are required to grant a permit. Neither of the federal representatives who are members of the commission may vote on whether or not a permit shall be granted.

Pursuant to this title, the commission may provide by regulation, adopted after public hearing, for the issuance of permits by the executive director, without compliance with the above procedure, in cases of emergency, or for minor repairs to existing installations or minor improvements made anywhere within the area of jurisdiction of the commission including, without limitation, the installation of piers and pilings and maintenance dredging of navigation channels. The commission may also adopt after public hearing such additional regulations as it deems reasonable and necessary to enable it

(g) If the commission denies the permit, the applicant may submit another application for the permit directly to the commission after 90 days from the date of such denial.

(h) Any project authorized pursuant to this section shall be commenced, performed and completed in compliance with the provisions of all permits granted or issued by the commission and by any city or county.

(i) If, prior to September 17, 1965, any person or governmental agency has already obtained a permit from the appropriate local body to place fill in the bay or to extract submerged materials from the bay, application may be made directly to the San Francisco Bay Conservation and Development Commission and the permit from the local body shall constitute the report of the local body.

(j) Any action, or proceeding to contest or question the commission's denial of a permit application, or conditions attached to approval of a permit application, must be commenced in the appropriate court within 90 days following the date of such action by the commission.

(k) The executive director shall, within 90 days following the effective date of this section, communicate the provisions of this section to all governmental bodies that issue permits for developments described in this section, and shall request of them information concerning any development that may fall within the provisions of this section.

SEC. 3. Section 66632 of the Government Code is amended to read:

66632. (a) During the existence of the San Francisco Bay Conservation and Development Commission, any person or governmental agency wishing to place fill, to extract materials, or to make any substantial change in use of any water, land or structure, within the area of the commission's jurisdiction shall secure a permit from the commission and, if required by law or by ordinance, from any city or county within which any part of such work is to be performed. For purposes of this title, "fill" means earth or any other substance or material, including pilings or structures placed on pilings, and structures floating at some or all times and moored for extended periods, such as houseboats and floating docks. For the purposes of this section "materials" means items exceeding twenty dollars ($20) in value.

The commission may require a reasonable filing fee and reimbursement of expenses for processing and investigating a permit application from all applicants before the commission, including government agencies, notwithstanding the provisions of Section 6103 of this code.

Any person who places fill, extracts materials or makes any substantial change in the use of any water, land, or structure within the area of the commission's jurisdiction without se-

curing a permit from the commission as required by this title is guilty of a misdemeanor.

(b) Whenever a permit is required by a city or county for any activity also requiring a permit from the San Francisco Bay Conservation and Development Commission, an applicant for a permit shall file an application with the city council of the city if the proposed project is located in incorporated territory, or the board of supervisors of the county, if the proposed project is located in unincorporated territory. Upon filing such an application, the applicant shall notify the commission of the fact of the filing and the date thereof. The city council or the board of supervisors, as the case may be, shall investigate the proposed project and shall file a report thereon with the commission within 90 days after the application is filed with it.

Whenever a permit is not required by a city or county, no application for a permit need be made to the city or county.

(c) Upon receipt of the report from the city council or the board of supervisors, as the case may be, or, if the city council or the board of supervisors does not file a report with the commission within the 90-day period, upon the expiration of such 90-day period, and upon receipt of an application for a permit made directly to it, the commission shall hold a public hearing or hearings as to the proposed project and conduct such further investigation as it deems necessary. The commission shall give full consideration to the report of the city council or board of supervisors.

(d) The commission shall prescribe the form and contents of applications for permits. Among other things, an application for a permit shall set forth all public improvements and public utility facilities which are necessary or incidental to the proposed project and the names and mailing addresses of all public agencies or public utilities who will have ownership or control of such public improvements or public utility facilities if the permit is granted and the project is constructed. The executive director shall give written notice of the filing of the application to all such public agencies and public utilities. If the commission grants a permit for a project, the permit shall include all public improvements and public utility facilities which are necessary or incidental to the project.

(e) Upon receipt of an application for a permit the commission shall transmit a copy thereof to the San Francisco Bay Regional Water Quality Control Board. Within 60 days the board shall file a report with the commission indicating the effect of the proposed project on water quality within the bay.

(f) The commission shall take action upon an application for a permit, either denying or granting the permit, within 90 days after it receives the report (or, if the city council or the board of supervisors did not file a report with the commission within the 90-day period, within 90 days after the expiration of such 90-day period), or within 90 days after it receives an

application from the applicant, whichever date is later. The permit shall be automatically granted if the commission shall fail to take specific action either denying or granting the permit within the time period specified in this section. A permit shall be granted for a project if the commission finds and declares that the project is either (1) necessary to the health, safety or welfare of the public in the entire bay area, or (2) of such a nature that it will be consistent with the provisions of this title and with the provisions of the San Francisco Bay plan then in effect. To effectuate such purposes, the commission may grant a permit subject to reasonable terms and conditions including the uses of land or structures, intensity of uses, construction methods and methods for dredging or placing of fill. Thirteen affirmative votes of members of the commission are required to grant a permit. Neither of the federal representatives who are members of the commission may vote on whether or not a permit shall be granted.

Pursuant to this title, the commission may provide by regulation, adopted after public hearing, for the issuance of permits by the executive director, without compliance with the above procedure, in cases of emergency, or for minor repairs to existing installations or minor improvements made anywhere within the area of jurisdiction of the commission including, without limitation, the installation of piers and pilings and maintenance dredging of navigation channels. The commission may also adopt after public hearing such additional regulations as it deems reasonable and necessary to enable it to carry out its functions efficiently and equitably, including regulations classifying the particular water-oriented uses referred to in Sections 66602 and 66605.

(g) If the commission denies the permit, the applicant may submit another application for the permit directly to the commission after 90 days from the date of such denial.

(h) Any project authorized pursuant to this section shall be commenced, performed and completed in compliance with the provisions of all permits granted or issued by the commission and by any city or county.

(i) If, prior to September 17, 1965, any person or governmental agency has already obtained a permit from the appropriate local body to place fill in the bay or to extract submerged materials from the bay, application may be made directly to the San Francisco Bay Conservation and Development Commission and the permit from the local body shall constitute the report of the local body.

(j) Any action, or proceeding to contest or question the commission's denial of a permit application, or conditions attached to approval of a permit application, must be commenced in the appropriate court within 90 days following the date of such action by the commission.

(k) The executive director shall, within 90 days following the effective date of this section, communicate the provisions of this section to all governmental bodies that issue permits for

developments described in this section, and shall request of them information concerning any development that may fall within the provisions of this section.

SEC. 4. It is the intent of the Legislature, if this bill and Assembly Bill No. 1860 are both chaptered and amend Section 66632 of the Government Code, and this bill is chaptered after Assembly Bill No. 1860, that the amendments to Section 66632 proposed by both bills be given effect and incorporated in Section 66632 in the form set forth in Section 3 of this act. Therefore, Section 3 of this act shall become operative only if this bill and Assembly Bill No. 1860 are both chaptered, both amend Section 66632, and Assembly Bill No. 1860 is chaptered before this bill, in which case Section 2 of this act shall not become operative.

*An act to amend Sections 16004 and 16202 of the Welfare and Institutions Code, relating to facilities for children and the aged.*

[Approved by Governor November 3, 1971. Filed with Secretary of State November 3, 1971.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 16004 of the Welfare and Institutions Code is amended to read:

16004. The department may inspect, examine and license under this chapter, or any county or city may establish, and the department may accredit and approve, a county or city inspection service to perform such functions under this chapter.

If any county or city establishes an inspection service, and such service is approved by the department, the inspection may be made by a health department having at least one regularly licensed physician, or a qualified social service department.

The inspection service shall conform to the requirements of this chapter and to the rules of the department.

The costs of any inspection service undertaken by a county or city, with the approval of the department, shall be borne by the state in the amount found necessary by the department for proper and efficient administration, but not to exceed in

any fiscal year an amount equal to sixty-five dollars ($65) for each new or renewal license granted, except that such maximum may be exceeded if the county or city demonstrates to the satisfaction of the department that the excess costs are unavoidable and the department does not elect to perform the inspection service function with state employees. Claims shall be filed with the department, at the time and in the manner specified by the department, for reimbursement of the expenses incurred. Whenever a claim covering a prior fiscal year is found to have been in error, adjustment may be made on a current claim without the necessity of applying the adjustment to the appropriation for the prior fiscal year. If any grants-in-aid are made by the federal government for the support of any inspection service approved by the department, the amount of the federal grant shall first be applied to defer the costs of the service and the remainder of the costs, if any, shall be borne by the state.

SEC. 2. Section 16202 of the Welfare and Institutions Code is amended to read:

16202. The department may inspect, examine and license under this chapter, or any county or city may establish, and the department may accredit and approve, a county or city inspection service to inspect, make licensing decisions, issue licenses, consult with licensees, require compliance with statutory law, rules and regulations and minimum standards, and make recommendations to the department on revocation and suspension of licenses.

If any county or city establishes an inspection service, and such service is approved by the department, the inspection may be made by either a health department having at least one regularly licensed physician or a qualified social service department.

The inspection service shall conform to the requirements of this chapter, to the rules and regulations of the department, and to the minimum requirements and interpretations made by the department. Functions performed by a county or city inspection service are undertaken as agent of the department. Any applicant for a license or renewal thereof, or any licensee, may request the department to review any action taken by an accredited and approved inspection agency, and the department is authorized to take any action which it may deem advisable.

The costs of any inspection service undertaken by a county or city, with the approval of the department, shall be borne by the state in the amount found necessary by the department for the proper and efficient administration, but not to exceed in any fiscal year an amount equal to sixty-five dollars ($65) for each new or renewal license granted; except that such maximum may be exceeded if the county or city demonstrates to

the satisfaction of the department that the excess costs are unavoidable and the department does not elect to perform the inspection service function with state employees. Claims shall be filed with the department, at the time and in the manner specified by the department, for reimbursement of the expenses incurred. Whenever a claim covering a prior fiscal year is found to have been in error, adjustment may be made on a current claim, without the necessity of applying the adjustment to the appropriation for the prior fiscal year. If any grants-in-aid are made by the federal government for the support of any inspection service approved by the department, the amount of the federal grant shall first be applied to defer the costs of the service, and the remainder of the costs, if any, shall be borne by the state.

## CHAPTER 1346

*An act to amend Section 19581 of the Education Code, relating to state school building aid.*

[Approved by Governor November 3, 1971. Filed with Secretary of State November 3, 1971.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 19581 of the Education Code is amended to read:

19581. No apportionment shall be made for new construction which, when added to the area of adequate school construction existing in the applicant school district at the time of application, will provide a total area of school building construction per unit of average daily attendance of the estimated average daily attendance in excess of that computed in accordance with Sections 19583, 19585, 19586, 19587, and 19588.

As used in Sections 19583, 19585, 19586, 19587, and 19588, "maximum area" means maximum area of school building construction and "attendance unit" means unit of estimated average daily attendance.

As used in this section and Sections 19586, 19587, and 19588, "attendance center" means a school maintained or to be maintained at a given location within a district. The Department of Education shall approve or disapprove, the allocation by an applicant district of units of estimated average attendance among the attendance centers of the district.

To the building area permitted to an applicant school district by Sections 19583, 19585, 19586, 19587, and 19588, there may be added such additional building area as may be required to provide adequate facilities for exceptional children

pursuant to Article 3 (Sections 19681 to 19689, inclusive) of this chapter.

No estimate of average daily attendance made by an applicant for the purpose of justifying an apportionment shall be made for a longer time than the third fiscal year beyond the fiscal year in which an application is made, except that an estimate for the purpose of justifying an apportionment for a grade level maintained by a unified district, under an application filed prior to the effective date of the amendment to this section made at the 1961 Regular Session, or by a high school district composed of grades 7 to 12, inclusive, 9 to 12, inclusive, or 7 to 10, inclusive, or of justifying an apportionment for a unified district for a junior high school or high school project under an application made on or after such effective date shall not be made for a longer time than the fourth fiscal year beyond the fiscal year in which the application is made. The estimates of average daily attendance shall be based upon the number of family dwellings and mobilehome parks, as defined in Section 18214 of the Health and Safety Code, under construction or newly constructed and never occupied in the district and the number of children residing in the district. In no case shall an estimate be given effect unless approved by the Department of Education.

For the purposes of this chapter pupils attending grades 7 and 8 in an elementary district but residing in a high school district which maintains one or more junior high schools shall not be considered in determining or estimating the average daily attendance of the elementary district, unless the elementary district is maintaining and has continuously maintained grades 7 and 8 since a date prior to January 1, 1959. When such pupils are so considered in determining or estimating the average daily attendance of the elementary district in making an apportionment to the elementary district, such pupils shall not be considered in determining or estimating average daily attendance of the high school district in making an apportionment to the high school district for junior high school purposes.

The Department of Education shall develop criteria and procedures for the determination of statewide or areawide averages of pupil occupancy for family dwellings of various sizes and for mobilehomes of various sizes for use by applicant school districts in estimating the average daily attendance of family dwellings and mobilehome parks under construction or newly constructed and never occupied in the district.

SEC. 2. Section 19581 of the Education Code is amended to read:

19581. No apportionment shall be made for new construction which, when added to the area of adequate school construction existing in the applicant school district at the time

of application, will provide a total area of school building construction per unit of average daily attendance of the estimated average daily attendance in excess of that computed in accordance with Sections 19583, 19585, 19586, 19587, and 19588.

As used in Sections 19583, 19585, 19586, 19587, and 19588, "maximum area" means maximum area of school building construction and "attendance unit" means unit of estimated average daily attendance.

As used in this section and Sections 19586, 19587, and 19588, "attendance center" means a school maintained or to be maintained at a given location within a district. The Department of Education shall approve or disapprove the allocation by an applicant district of units of estimated average daily attendance among the attendance centers of the district.

To the building area permitted to an applicant school district by Sections 19583, 19585, 19586, 19587, and 19588, there may be added such additional building area as may be required to provide adequate facilities for exceptional children pursuant to Article 3 (Sections 19681 to 19689, inclusive) of this chapter.

No estimate of average daily attendance made by an applicant for the purpose of justifying an apportionment shall be made for a longer time than the third fiscal year beyond the fiscal year in which an application is made, except that an estimate for the purpose of justifying an apportionment for a grade level maintained by a unified district, under an application filed prior to the effective date of the amendment to this section made at the 1961 Regular Session or by a high school district composed of grades 7 to 12, inclusive, 9 to 12, inclusive, or 7 to 10, inclusive, or of justifying an apportionment for a unified district for a junior high school or high school project under an application made on or after such effective date shall not be made for a longer time than the fourth fiscal year beyond the fiscal year in which the application is made. Except as otherwise provided by the board, the estimates of average daily attendance shall be based upon the number of family dwellings and mobilehome parks, as defined in Section 18214 of the Health and Safety Code, under construction or newly constructed and never occupied in the district and the number of children residing in the district. In no case shall an estimate be given effect unless approved by the board.

For the purposes of this chapter pupils attending grades 7 and 8 in an elementary district but residing in a high school district which maintains one or more junior high schools shall not be considered in determining or estimating the average daily attendance of the elementary district, unless the elementary district is maintaining and has continuously maintained

grades 7 and 8 since a date prior to January 1, 1959. When such pupils are so considered in determining or estimating the average daily attendance of the elementary district in making an apportionment to the elementary district, such pupils shall not be considered in determining or estimating average daily attendance of the high school district in making an apportionment to the high school district for junior high school purposes.

The board shall develop statewide or areawide averages of pupil occupancy for family dwellings of various sizes and for mobilehomes of various sizes for use by applicant school districts in estimating the average daily attendance of family dwellings and mobilehome parks under construction or newly constructed and never occupied in the district.

SEC. 3. It is the intent of the Legislature, if amendments to Section 19581 of the Education Code proposed by both this bill and Assembly Bill No. 546 are enacted, that both amendments be given effect and incorporated in Section 19581 in the form set forth in Section 2 of this act. Therefore, in the event Assembly Bill No. 546 is enacted and amends Section 19581, Section 2 of this act shall become operative at the same time that Section 19581 as amended by Assembly Bill No. 546 becomes operative, and at that time, Section 19581 of the Education Code as amended by Section 1 of this act is repealed.

17262. Any state department, board, or agency which allocates funds to any school district on the basis of the assessed valuation of property within the district, or which makes any computation on this basis for school building fund repayment purposes, shall average the factor certified for the current year under Section 17261 for the local roll of the county in which the district is located with the factors so certified for the two immediately preceding years. ## CHAPTER 1361

*An act to add Article 6.5 (commencing with Section 5078) to Chapter 1 of Division 5 of the Public Resources Code, and to amend Section 21116 of the Vehicle Code, relating to bicycles.*

[Approved by Governor November 4, 1971. Filed with Secretary of State November 4, 1971.]

*The people of the State of California do enact as follows:*

SECTION 1. Article 6.5 (commencing with Section 5078) is added to Chapter 1 of Division 5 of the Public Resources Code, to read:

### Article 6.5. Bicycle Paths and Routes

5078. The Legislature hereby declares that it is the policy of the state to foster and encourage the use of bicycles by the citizens of the state in recognition of the fact that: (1) the riding of bicycles is an extremely popular form of transportation and recreation; (2) it does not in any way cause air pollution or adversely affect the environment; (3) it is available to all citizens of all age brackets; and (4) it provides substantial pleasure and healthful exercise to the public at a minimal cost.

In light of these facts, the Legislature finds and declares that there is a need to separate the use of bicycles from vehicular traffic and that such separation is necessary to protect the public safety and to otherwise serve the public interest and convenience.

5078.1. This article shall be known and may be cited as the Bicycle Recreation and Safety Act of 1971.

5078.3. As used in this article:

(a) "Bicycle" means a device upon which any person may ride, propelled by human power through a belt, chain, or gears, and having either two or three wheels in a tandem or tricycle arrangement.

(b) "Bicycle path" means a specifically designated area which is designed for the sole purpose of accommodating bicycles.

(c) "Bicycle route" means a recommended route for bicycle travel along bicycle paths and other facilities which safely accommodate bicycles and their riders.

5078.5. The governing body of a city, county, or local agency may:

(a) Establish bicycle paths and routes.

(b) Acquire, by gift, purchase, or condemnation, land, real property, easements, or rights-of-way to establish bicycle paths or routes.

(c) Establish bicycle lanes separated from any vehicular lanes upon highways pursuant to Section 21207 of the Vehicle Code.

5078.7. In addition to the elements which may be permitted in the general plans of local agencies as enumerated in Section 65303 of the Government Code, consideration shall be given to the establishment and designation of bicycle paths and routes in such plans. Special consideration shall be given to the inclusion of such bicycle paths or routes in any area in which there is a planned or existing school.

5078.9. Whenever a subdivider is required pursuant to Section 11611 of the Business and Professions Code to dedicate roadways to the public, he may also be required to dedicate such additional land as may be necessary and feasible to provide bicycle paths for the use and safety of the residents of the subdivision, if the subdivision, as shown on the final map thereof, contains 200 or more parcels.

5079. Rights-of-way established for other purposes by cities, counties, or local agencies shall not be abandoned unless the governing body thereof determines that the rights-of-way or parts thereof are not useful as bicycle paths or routes.

State highway rights-of-way shall not be abandoned until the Department of Public Works first consults with the local agencies having jurisdiction over the areas concerned and the Department of Parks and Recreation to determine whether the rights-of-way or parts thereof could be developed as bicycle paths or routes. If an affirmative determination is made, before abandoning such rights-of-way, the department shall first make such property available to local agencies for development as bicycle paths or routes in accordance with the terms and procedures of Sections 104.15 and 105.5 of the Streets and Highways Code and Section 14012 of the Government Code.

5079.1. The departments of public works of cities, counties and the state shall consult with the Department of Parks and Recreation in establishing general design criteria applicable

to all state, county and city roads to assess the advisability of including bicycle paths adjacent to the roadways and accommodating existing and planned bicycle routes.

5079.3. The Department of Public Works shall, after consultation with local agencies, adopt uniform signs consistent with the purposes of this article in accordance with the provisions of Section 21400 of the Vehicle Code.

The Department of Motor Vehicles shall include such signs in the driver's license examination prescribed by Section 12804 of the Vehicle Code.

5079.5. All bicycle paths and routes shall be clearly and adequately marked both on the ground where feasible, and by signs. Locations at which bicycle paths or routes cross public roads shall be clearly marked to alert motorists to the bicycle traffic.

5079.7. Except in emergency, no vehicle other than a bicycle may be operated or parked upon a designated bicycle path.

SEC. 2. Section 21116 of the Vehicle Code is amended to read:

21116. (a) No person shall drive any motor vehicle upon a roadway located on a levee, canal bank, natural watercourse bank, or pipeline right-of-way if the responsibility for maintenance of the levee, canal bank, natural watercourse bank, or pipeline right-of-way is vested in the state or in a reclamation, levee, drainage, water or irrigation district, or other local agency, unless such person has received permission to drive upon such roadway from the agency responsible for such maintenance, or unless such roadway has been dedicated as a public right-of-way.

(b) For this section to be applicable to a particular levee, canal bank, natural watercourse bank, or pipeline right-of-way, the state or other agency having responsibility for maintenance of the levee, canal bank, natural watercourse bank, or pipeline right-of-way shall erect or place appropriate signs giving notice that permission is required to be obtained to drive a motor vehicle thereon and giving notice of any special conditions or regulations that are imposed pursuant to this section and shall prepare and keep available at the principal office of the state agency or other agency affected or of the board of such agency, for examination by all interested persons, a written statement, in conformity with the existing rights of such agency to control access to the roadway, describing the nature of the vehicles, if any, to which such permission might be granted and the conditions, regulations, and procedure for the acquisition of such permission adopted pursuant to this section.

(c) Nothing in this section prohibits the establishment of bicycle paths or routes (as prescribed by Article 6.5 (commencing with Section 5078) of Chapter 1 of Division 5 of the Public Resources Code) on levees, canal banks, natural watercourse banks, or pipeline rights-of-way.

# CHAPTER 1374

*An act to add Part 14 (commencing with Section 102000) to Division 10 of the Public Utilities Code, relating to transit districts.*

[Approved by Governor November 4, 1971. Filed with Secretary of State November 4, 1971.]

*The people of the State of California do enact as follows:*

SECTION 1. Part 14 (commencing with Section 102000) is added to Division 10 of the Public Utilities Code, to read:

## PART 14. SACRAMENTO REGIONAL TRANSIT DISTRICT

### CHAPTER 1. TITLE OF ACT AND POLICY

102000. This part shall be known and may be cited as the "Sacramento Regional Transit District Act."

102001. The Legislature hereby finds and declares:

(a) It is necessary that a transit district be established to operate a single unified public transportation system in the Sacramento region in order to meet the present and future public transportation, and mass and rapid transit, needs of that region. The existing Sacramento Transit Authority, because of its limited legal and financial base, is unable to solve the transit problems of the Sacramento region and provide the needed comprehensive public transportation system.

(b) It is, therefore, necessary to provide a successor corporation to the authority, to wit: a transit district, and to establish such transit district appointed by and responsive to the cities and counties in the Sacramento region served by the district so that there will be sufficient governmental authority to solve the existing and future transportation problems of the Sacramento region and provide the needed comprehensive public transportation system.

(c) Because there is no general law under which such a district could be formed, the adoption of a special act and the creation of a special district is required.

102002. It is the intent of the Legislature that the creation of this district shall further the concept of regional rapid transit and transit districts, with the eventual goal of the creation of a network of rapid transit systems throughout the state which would be operated as a single coordinated statewide system to facilitate the expeditious movement of people between the major metropolitan centers of the state.

### Article 1. Board of Directors

102100. Upon activation of the district as provided in Section 102052, the government of the district shall be vested in a board of directors consisting of not less than seven members nor more than 11 members who shall serve for two-year terms.

The first board of directors shall consist of seven members appointed within 30 days after the district is activated as provided in Section 102052. Four members of the first board of directors shall be appointed by the City Council of the City of Sacramento. Three members of the first board of directors shall be appointed by the Board of Supervisors of the County of Sacramento, unless, prior to the 30th day after the district is activated, the Board of Supervisors of Yolo County has adopted a resolution declaring there is a need for the district to operate, in which case, two members of the first board of directors shall be appointed by the Board of Supervisors of the County of Sacramento and one member of the first board of directors shall be appointed by the Board of Supervisors of Yolo County.

The number of the directors of the district shall be increased by the board, to a maximum number of 11, as may be necessary to provide that each city and county specifically named in Sections 102015 and 102016, which is receiving service from the district and is rendering tax or financial support to the district, shall have at least one appointment to the board.

The appointments to the board may be changed in the following manner. Not more often that every two years, the counties, for the unincorporated areas thereof, and the cities in which the district is providing service and in which the voters have authorized the district to operate and levy a tax within their boundaries or which are providing financing support to the district, may by agreement apportion the appointments to the board among them in the approximate ratio that the district provides transit service, as determined by the gross cost of such service without regard to income or revenues of the district, within their respective boundaries. However, there shall be at least one appointment by each such city and county specifically named in Sections 102015 and 102016.

If the cities and counties are unable to agree upon such apportionment of the appointments to the board, the Sacramento Regional Area Planning Commission, upon request of any two of the cities and counties stating that such an agreement cannot be reached, shall make such apportionment of appointments as nearly as practicable in the approximate ratio that the district provides transit service, as determined by the gross cost of such service without regard to income or revenues of the district, within the boundaries of the cities and counties. How-

ever, there shall be at least one appointment by each such city and county specifically named in Sections 102015 and 102016.

102101. A member of a city council or board of supervisors may serve as a member of the board of directors.

102102. In order to provide orderly transition from the Sacramento Transit Authority (herein referred to as the "authority") to the district, it may be desirable for a member or members of the authority to serve as a member or members of the board, and nothing in this part shall prevent each one of the appointing bodies from each appointing a member or members of the authority as a member or members of the board if the appointing body involved, in its discretion, wishes to do so.

102103. Within 10 days after the adoption of a resolution or resolutions appointing a majority of the first board, the City Clerk of the City of Sacramento shall call the first meeting of the board at an appropriate time within 20 days after such notice at a place in the City of Sacramento to be designated in such notice.

102104. The board at its first meeting, and thereafter annually at the first meeting in January, shall elect a chairman who shall preside at all meetings. In the event of his absence or inability to act, the members present, by an order entered in the minutes, shall select one of their members to act as chairman pro tem, who, while so acting, shall have all of the authority of the chairman.

102105. The board shall establish rules for its proceedings. A majority of the members of the board shall constitute a quorum for the transaction of business, and all official acts of the board shall require the affirmative vote of a majority of the members of the board. The acts of the board shall be expressed by motion, resolution, or ordinance. All meetings of the board shall be conducted in the manner prescribed by the Ralph M. Brown Act (Chapter 9 (commencing with Section 54950), Part 1, Division 2, Title 5 of the Government Code).

102205. The district shall annually submit its tentative or proposed budget to the city council of each city and to the board of supervisors of each county in which the district is providing service, within the time and in the manner required in this section. The tentative or proposed budget shall be in sufficient detail so as to permit a city council or board of supervisors to reasonably ascertain matters relating to the service provided within its jurisdiction, such as projected cost of service and projected revenues from taxes, fares, and other sources. The tentative or proposed budget shall be submitted to each city council and board of supervisors not less than 60 days prior to its adoption by the district. It shall be submitted for review and comment. The board of directors may adopt the budget after its submission to the city councils and boards of supervisors, but shall consider any comments made by them on the budget.

The board shall adopt its budget at a public hearing held after the submission of its tentative or proposed budget. Notice of the time and place of the hearing shall be published pursuant to Section 6061 of the Government Code and shall be made not later than the 15th day prior to the date of the hearing.

102206. The district shall also submit to each city council and board of supervisors with its tentative or proposed budget a statement of its proposed operations and level of service for the period covered by the budget, and shall call attention to any substantial or significant changes or proposed changes in operations and level of service within each jurisdiction. A city council or board of supervisors may include with its comments to the district on the budget, comments concerning the proposed operations and level of service, and the board shall consider such comments prior to adopting the budget.

## Article 2. Contracts

102220. The district may make contracts and enter into stipulations of any nature whatsoever, either in connection with eminent domain proceedings or otherwise, including, without limiting the generality of the foregoing, contracts and stipulations to indemnify and save harmless, to employ labor, and to do all acts necessary and convenient for the full exercise of the powers granted in this part.

102221. The district may contract with any department or agency of the United States of America, with any public

agency, or with any person upon such terms and conditions as the board finds is for the best interest of the district.

102222. Contracts for the purchase of supplies, equipment, and materials in excess of five thousand dollars ($5,000) shall be awarded to the lowest responsible bidder after competitive bidding, except in emergency declared by four-fifths vote of the board of the district.

102223. Contracts for the construction of transit works or transit facilities in excess of five thousand dollars ($5,000) shall be awarded to the lowest responsible bidder after competitive bidding, except in emergency declared by four-fifths vote of the board of the district.

102224. The district may insure against any accident or destruction of the system or any part thereof. The district may insure against loss of revenues from any cause whatsoever. It may provide, in the proceedings authorizing the issuance of any bonds, for the carrying of insurance in such amount and of such character as may be specified, and for the payment of the premiums thereon. The district may also provide insurance as provided in Part 6 (commencing with Section 989), Division 3.6, Title 1 of the Government Code.

102225. The district may contract for the services of independent contractors.

### Article 3. Property

102240. The district may take by grant, purchase, devise, or lease, or condemn in proceedings under eminent domain, or otherwise acquire, and hold and enjoy, real and personal property of every kind within or without the district necessary to the full or convenient exercise of its powers. The board may lease, mortgage, sell, or otherwise dispose of any real or personal property within or without the district necessary to the full or convenient exercise of its powers.

102241. Whenever a portion of a parcel of real property is to be taken for district purposes and the remainder is to be left in such state or condition as to be of little value to its owner, or to give rise to claims or litigation concerning severance or other damage, the district may acquire the whole parcel and may sell the excess portion or exchange it for other property suitable for district purposes.

102242. The district shall have or exercise the right of eminent domain in the manner provided by law for the condemnation of private property for public use. The district may take any property necessary or convenient to the exercise of the powers granted in this part, whether the property is already devoted to the same use or otherwise. In the proceedings, venue, and trial relative to the exercise of the right, the district has all the rights, powers, and privileges of an incorporated city and all rights, powers, and privileges conferred in this part. The district shall proceed in the name of the district in condemnation proceedings. The district, in exercising such

power, shall in addition to the damages for the taking, injury, or destruction of property, also pay the cost, exclusive of betterment and with credit for salvage value, of removal, reconstruction, or relocation of any structure, railways, mains, pipes, conduits, wires, cables, or poles of any public utility which is required to be moved to a new location. Notwithstanding any other provision of this part or any other law, except as provided in Section 102243, no property in public use shall be taken by the district, except upon a finding by a court of competent jurisdiction that the taking is for a more necessary public use than that to which it has already been appropriated.

102243. The Public Utilities Commission of the state shall have and exercise power and jurisdiction to fix just compensation to be paid for the taking of any property of a public utility in eminent domain proceedings brought by the district. No taking or acquisition by the district which would involve the abandonment, removal, relocation, or use of the property of a railroad corporation, as defined in Section 230, shall be permitted, unless the Public Utilities Commission, after a hearing, shall find and determine that the public interest and necessity require the abandonment, removal, relocation, or use of such property and that such taking or acquisition will not unreasonably impair the ability of the railroad corporation involved to provide safe, adequate, economical, and efficient service. The district may commence and maintain such eminent domain proceedings in the Public Utilities Commission or the superior court at its option.

102244. The district is entitled to the benefit of any reservation or grant, in all cases, where any right has been reserved or granted to any public agency to construct or maintain roads, highway or other crossings over any public or private lands.

### Article 4. Transit Planning

102260. The district shall adopt and maintain a general transit plan for the district.

102261. The general transit plan, or any element or amendment thereof, shall be adopted in the manner provided in this article.

102262. Before adopting the plan, or an element or amendment thereof, the board shall refer the plan or element or amendment thereof to the advisory commission, if the commission has been established under Article 3 (commencing with Section 102140) of Chapter 4 of this part. Failure of the advisory commission to consider such matters within a reasonable time as established by the board shall not prevent the board from acting under this article.

102263. Before adopting the plan, or an element or amendment thereof, the board shall hold a public hearing. Notice of the time and place of the hearing shall be given at least 30 days before the hearing. The notice shall be published pur-

suant to Section 6061 of the Government Code and written notice shall also be mailed to each city council and board of supervisors in the district. The hearing may be continued from time to time.

102264. The adoption of the general plan, or an element or amendment thereof, shall be by resolution of the board.

102265. The Sacramento Regional Area Planning Commission shall be the long-range planning agency advising the district.

### Article 5. Transit Facilities and Service

102280. The district may provide transit service for the transportation of passengers and their incidental baggage by any means, both within and outside the district.

102281. (a) The district may engage in the business of providing charter bus service, sightseeing service, special school service, and other service, including such other service as may be provided by the existing Sacramento Transit Authority.

(b) No bus equipment which is designed solely for charter service shall be purchased. No intercity model bus shall be operated in charter service; however, nothing in this section shall limit the features and equipment on, or the use of, transit and suburban model buses.

(c) The board shall hold a public hearing prior to adopting a charter rate schedule or any amendment thereof. Notice of the hearing shall be mailed at least 30 days in advance to each charter party carrier maintaining an office or equipment point within the district, and to each charter party carrier or representative thereof who has requested, in writing, to be notified of such hearings. A notice shall include the proposed charter rate schedule. At the close of the public hearing, the board may adopt charter rate schedules which shall not be less than the lowest of the three largest private charter party carriers operating similar service in the district. For any charter service between points within the district, the district may establish a lower minimum charge. The designation "three largest private charter party carriers" refers to the three carriers with the highest gross revenue generated from charter service originating within the district.

(d) A charter trip shall have its origin within the district, and the return trip shall have its destination within the district, unless the district is requested by a private charter party carrier to provide a trip not having origin and return destination within the district.

102282. The board may contract with any public agency or person to provide transit facilities and services for the district.

102283. The district may construct and operate or acquire and operate transit works and facilities in, under, upon, over, across, or along any state or public highway or any stream, bay or water course, or over any of the lands which are the

property of the state, to the same extent that such rights and privileges appertaining thereto are granted to municipalities within the state.

102284. The district may enter into agreements for the joint use of any property and rights by the district and any public agency or public utility operating transit facilities; may enter into agreements with any public agency or public utility operating any transit facilities, and wholly or partially within or without the district, for the joint use of any property of the district or of such public agency or public utility, or the establishment of through routes, joint fares, transfer of passengers or pooling arrangements.

102285. The rates and charges, if any, for transit service furnished pursuant to this part shall be fixed by the board and shall be reasonable.

102286. The district shall be subject to the provisions of Division 14.8 (commencing with Section 34500) of the Vehicle Code with respect to operation of buses and to the rules and regulations enforceable by the Department of the California Highway Patrol pursuant to that chapter regulating the safe operation of buses.

102287. The district and any one or more school districts may enter into agreements pursuant to which school transportation equipment may be used by the district.

102288. The district may acquire, construct, own, operate, control, or use rights-of-way, rail lines, buslines, stations, platforms, switches, yards, terminals, parking lots and any and all facilities necessary or convenient for transit service within or partly without the district, underground, upon, or above the ground and under, upon, or over public streets or other public ways or waterways, together with all physical structures necessary or convenient for the access of persons or vehicles thereto, and may acquire any interest in or rights to use or joint use of any or all of the foregoing; provided, that installations in state freeways shall be subject to the approval of the State Department of Public Works, and installations in other state highways shall be subject to Article 2 (commencing with Section 670), Chapter 3, Division 1 of the Streets and Highways Code. Installations in county highways and city streets shall be subject to similar encroachment permits.

102289. The district may lease or contract for the use of its transit facilities, or any portion thereof, to any operator, and may provide for subleases by such operator upon such terms and conditions as it deems in the public interest. The word "operator" as used in this section means any public agency or any person.

### Article 5.5. Existing Systems

102300. Notwithstanding any other provision of this part, before the district may establish any transit service or system which may at any time substantially divert, lessen, or

compete for the patronage or revenues of any privately owned transit or intercity route existing prior to June 1, 1971, the district shall give a written notice to the public utility which is operating the existing route. The written notice shall describe the transit service or system which the district proposes to establish and shall state the time within which the district proposes to establish such service or system.

102301. The district shall not establish the proposed service or system, or maintain and operate the service or system, until it has completed the purchase of the existing system or any part thereof.

102302. The purchase price to be paid for the existing system, or any portion thereof to be purchased, shall be the reproduction cost new, including going concern value, at the date upon which the district commences negotiations for the purchase of the existing system, or the portion of the existing system, less depreciation, including wear, tear, and obsolescence, if any.

102303. The district and the public utility operating the existing system may agree upon the purchase price, or they may agree that the purchase price is to be established by arbitration and upon the method of naming arbitrators and the method of conducting such arbitration.

102304. Section 851 of the Public Utilities Code shall not apply to any contract for sale or sale of an existing system, or any portion thereof, pursuant to this chapter, and the Public Utilities Commission shall have no jurisdiction with respect thereto.

### Article 6. Public Grants, Loans and Contributions

102310. The district may accept, without limitation by any other provisions of this part requiring approval of indebtedness, contributions, grants, or loans from any public agency or the United States or any department, instrumentality, or agency thereof, for the purpose of financing the acquisition, construction, maintenance, or operation of transit facilities, and may enter into contracts and cooperate with, and accept cooperation from, any public agency or the United States, or agency thereof, in the acquisition, construction, maintenance, or operation, and in financing the acquisition, construction, maintenance or operation of any such transit facilities in accordance with any legislation which Congress or the Legislature of the State of California may have heretofore adopted or may hereafter adopt, under which aid, assistance, and cooperation may be furnished by the United States or any public agency in the acquisition, construction, maintenance and operation of any such transit facilities. The district may do any and all things necessary in order to avail itself of such aid, assistance, and cooperation under any federal or state legislation now or hereafter enacted. Any evidence of indebted-

ness issued under this section shall constitute a negotiable instrument.

102311. The district shall have the power to obtain temporary transfers of funds in accordance with the last paragraph of Section 25 of Article XIII of the California Constitution.

Article 7. Property Taxation

102330. The district may levy and collect, or cause to be collected, property taxes for any lawful purpose.

102331. In addition to revenues and receipts from other sources, the board may levy and collect a property tax. The board may impose different rates of taxation in areas within the district based upon and related to the net cost of providing service to such areas as reasonably determined by the board.

102332. The district shall not levy or collect a property tax within any city or within all or any part of the unincorporated area of any county until:

(a) The legislative body of the city or county adopts a resolution declaring there is need for the district to operate and levy a tax within the city or the unincorporated area, or part thereof, of the county.

(b) A majority of the voters of the city or such unincorporated area, or part thereof, following the adoption of the resolution under subdivision (a), voting on the question at an election called for such purpose, approves the operation of the district, and the levy of a property tax by the district, within the city or within the unincorporated area, or part thereof, of the county.

102333. The district may conduct a single election in an area comprising the area of a city and the unincorporated area of a county or more than one unincorporated area of a county or counties, or any combination of such areas, with the approval of the cities and counties concerned, in which event a majority of the voters voting at such election shall be sufficient to approve the proposition submitted for the entire area included in such election. Where more than one election will be held, the approval of the voters in one election pertaining to an area may be conditioned upon the approval of voters in one or more other elections pertaining to other areas.

102334. Each election shall be called and conducted by the district in the same manner as provided by law for the conduct of special elections by a county. The board may contract with a county, or delegate to the appropriate county officials the authority, to conduct the election within the county on behalf of the district. The costs of any such election may be advanced to the district by any city or county prior to the time that the district has revenues of its own, to be repaid from subsequent district revenues.

102335. The ballot for the election shall contain such instructions as are required by law to be printed thereon and in addition thereto, the following:

Shall the Sacramento Regional Transit District be authorized to operate and levy a property tax at an annual rate which shall not exceed _____ cents ($0.__) on each one hundred dollars ($100) of assessed valuation within (describe city or unincorporated area)?

YES ☐

NO ☐

102336. In addition to the general tax levy as set forth in Section 102331, if from any cause the revenues of the district are, or are expected to be, inadequate in any year to pay the principal of, interest on, or sinking fund payments for bonds of the district as they become due, or to establish or maintain any reserve fund therefor, the board shall levy for district purposes and collect upon all property in the district taxable for district purposes as provided in this article, a tax sufficient, together with revenues already collected and available therefor, to pay the interest on the bonds that will become due and such part of the principal thereof, including any sinking fund installments required by any of the district's agreements with its bondholders, that will become due before the proceeds of a tax levied at the next general tax levy will be available for such purposes, and sufficient to provide or to restore such reserve fund to the amount required by any of the district's agreements with its bondholders.

102337. The board shall avail itself of the assessments made by the assessor of any county in which it operates and of the assessments made by the State Board of Equalization for the county and shall take such assessments as the basis for district property taxation and have its property taxes collected by the tax collector of the county.

102338. The county auditor shall, on or before the third Monday in August of each year, transmit to the board a statement in writing showing the total value of all property within the county lying within an authorized taxing area of the district, ascertained from the assessments referred to in Section 102337.

102339. The board shall, on or before the first day of September, fix the rate or rates of taxes, designating the number of cents upon each one hundred dollars ($100), and use as a basis the value of property transmitted to the board by the county auditor, which rate of taxation shall be sufficient to raise the amount previously fixed by the board.

102340. The board shall, immediately after fixing the rate or rates of taxes, transmit to the county auditor of each county in which the board has levied a tax, a statement of the rate of taxes fixed by the board.

102341. The district's taxes so levied shall be collected at the same time and in the same manner as county taxes. When collected, the net amount, ascertained as provided in this article, shall be paid to the treasurer of the district under the

general requirements and penalties provided by law for the settlement of other taxes.

102342. Whenever any real property has been sold for taxes and has been redeemed, the money paid for redemption shall be apportioned and paid to the district by the county treasurer in the proportion which the tax due to the district bears to the total tax for which the property was sold.

102343. All taxes levied under this part are a lien on the property on which they are levied. The enforcement of the collection of such taxes shall be in the same manner and by the same means provided by law for the enforcement of liens for county taxes, all the provisions of law relating to the enforcement of the latter being made a part of this part so far as applicable.

102344. The county shall be compensated for services under this article at the rate of 1 percent for collecting the first twenty-five thousand dollars ($25,000), and one-fourth of 1 percent for all sums over that amount.

102345. In lieu of, or in addition to, any taxes which may be levied by the district pursuant to this article, the legislative body of any city or county may enter into agreement with the district to make annual contributions to the district from its general funds or from any other source of funds legally available to it for such purpose.

## CHAPTER 6. PERSONNEL

### Article 1. Employee Relations

102400. Employees shall have the right to self-organization, to form, join, or assist labor organizations, to bargain collectively through representatives of their own choosing, and to engage in other concerted activities for the purpose of collective bargaining or other mutual aid or protection.

102401. Notwithstanding any other provision of this part, whenever a majority of the employees employed by the district in a unit appropriate for collective bargaining indicate a desire to be represented by a labor organization, the district, upon determining, as provided in Section 102403, that such labor organization represents the employees in the appropriate unit, shall enter into a written contract with the accredited representative of such employees governing wages, salaries, hours, pensions, and working conditions. If, after a reasonable period of time, representatives of the district and the accredited representatives of the employees fail to reach agreement either on the terms of a written contract governing wages, hours, pensions, and working conditions or the interpretation or application of the terms of an existing contract, upon the agreement of both the district and the representatives of the employees, the dispute may be submitted to an arbitration board and the decision of the majority of the arbitration board shall be final and binding.

The arbitration board shall be composed of two representatives of the district, and two representatives of the labor organization, and they shall endeavor to agree upon the selection of the fifth member. If they are unable to agree, the names of five persons experienced in labor arbitration shall be obtained from the Supervisor of Conciliation of the Division of Conciliation, Department of Industrial Relations. The labor organization and the district shall, alternately, strike a name from the list so supplied, and the name remaining after the labor organization and the district have stricken four names, shall be designated as the arbitrator. The labor organization and the district shall determine by lot who shall first strike from the list. The decision of a majority of the arbitration board shall be final and binding upon the parties thereto. The expenses of arbitration shall be borne equally by the parties. Each party shall bear his own costs.

102402. No contract or agreement shall be made with any labor organization, association, or group, or be assumed under the provisions of this article, where such organization, association, or group, denies membership to, or in any manner discriminates against, any employee on the grounds of race, creed, color, or sex; provided, that such organization may preclude from membership any individual who advocates the overthrow of the government by force or violence. The district shall not discriminate in regard to employment against any person because of his race, creed, color, or sex.

102403. If there is a question whether a labor organization represents a majority of employees or whether the proposed unit is or is not appropriate, such matters shall be submitted to the State Conciliation Service for disposition. The State Conciliation Service shall promptly hold a public hearing after due notice to all interested parties and shall thereupon determine the unit appropriate for the purposes of collective bargaining. In making such determination and in establishing rules and regulations governing petitions and the conduct of hearings and elections, the State Conciliation Service shall be guided by relevant federal law and administrative practice, developed under the Labor-Management Relations Act, 1947, as presently amended. It is declared to be in the public interest that the district shall not express any preference for one union over another.

The State Conciliation Service shall provide for an election to determine the question of representation and shall certify the results to the parties. Any certification of a labor organization to represent or act for the employees in any collective bargaining unit shall not be subject to challenge on the grounds that a new substantial question of representation within such collective bargaining unit exists until the lapse of one year from the date of certification or the expiration of any collective bargaining agreement, whichever is later; provided, that no collective bargaining agreement shall be con-

strued to be a bar to representation proceedings for a period of more than two years.

102404. Whenever the district acquires existing facilities from a publicly or privately owned public utility, either in proceedings by eminent domain or otherwise, the district shall assume and observe all existing pension and labor contracts. To the extent necessary for operation of facilities, all of the employees of such acquired public utility whose duties pertain to the facilities acquired shall be appointed to comparable positions in the district without examination, subject to all the rights and benefits of this part, and these employees shall be given sick leave, seniority, vacation, and pension credits in accordance with the records and labor agreements of the acquired public utility. Members and beneficiaries of any pension or retirement system or other benefits established by that public utility shall continue to have the rights, privileges, benefits, obligations, and status with respect to such established system. No employee of any acquired public utility shall suffer any worsening of his wages, seniority, pension, vacation, or other benefits by reason of the acquisition.

The district may extend the benefits of this section to officers or supervisory employees of the acquired public utility.

102405. The district shall not contract with any company, person, or public agency for such company, person, or public agency to provide transit facilities or services or acquire any existing system, or part thereof, whether by purchase, lease, condemnation, or otherwise, nor shall the district dispose of or lease any transit system, or of its system, or part thereof, nor merge, consolidate, or coordinate any transit system or part thereof, unless it shall first have made adequate provision for any employees who are, or may be, displaced. The terms and conditions of such provision shall be a proper subject of collective bargaining.

102406. Notwithstanding the provisions of the Government Code, employees of this district may authorize and, upon such authorization, the district shall make deductions from wages and salaries of such employees pursuant to a collective bargaining agreement with a duly designated or certified labor organization:

(a) For the payment of union dues, fees, or assessments.

(b) For the payment of contributions pursuant to any health and welfare plan or pension or retirement plan.

(c) For any purpose for which deductions may be authorized by employees of any private employer.

102407. The obligation of the district to bargain in good faith with a duly designated or certified labor organization and to execute a written collective bargaining agreement with such labor organization covering the wages, hours, and working conditions of the employees represented by such labor organization in an appropriate unit, and to comply with the

terms thereof, shall not be limited or restricted by any provision of law. The obligation of the district to bargain collectively shall extend to all subjects of collective bargaining which are or may be proper subjects of collective bargaining with a private employer, including retroactive provisions. The duly designated or certified labor organization shall also have the obligation to bargain in good faith.

102408. The district shall take such steps as may be necessary to obtain coverage for the district and its employees under Subchapter II of the Federal Social Security Act, as amended, and the related provisions of the Federal Insurance Contributions Act, as amended.

102409. The district shall take such steps as may be necessary to obtain coverage for the district and its employees under the workman's compensation, unemployment compensation disability, and unemployment insurance laws of the State of California.

102410. In the event an exclusive collective bargaining representative is selected pursuant to Section 102403, the provisions of Chapter 10 (commencing with Section 3500), Division 4, Title 1 of the Government Code are not applicable to the district.

## Article 2. Retirement System

102430. The district may provide for a retirement system; provided, that the adoption, terms and conditions of any retirement system covering employees of the district represented by a labor organization in accordance with this section shall be pursuant to a collective bargaining agreement between such labor organization and the district.

102431. The board may contract with the board of administration of the Public Employees' Retirement System and enter all or any portion of its employees under such system, provided, that no employees of the district in a bargaining unit which is represented by a labor organization shall be included in such contract except as authorized by a collective bargaining agreement.

102432. Whenever the district acquires existing facilities from a publicly or privately owned public utility, either in proceedings in eminent domain or otherwise, that has a pension plan in operation, members and beneficiaries of such pension plan shall continue to have the rights, privileges, benefits, obligations, and status with respect to such established system.

Whenever any such facilities are acquired by the district, the board shall consider and take into account the outstanding obligations and liabilities of the publicly or privately owned public utility by reason of such pension plan, and shall negotiate an allowance in the purchase price of such utility for the assumption of such obligations and liabilities when acquiring the facilities.

## CHAPTER 7. BONDS AND OTHER EVIDENCES OF INDEBTEDNESS

### Article 1. Authorization and Issuance of General Obligation Bonds

102500. The district may exercise its powers under this article only with respect to territory in cities and counties in which the voters have authorized the district to operate and levy a tax; the term "district" as used in this article, shall be limited to such territory for purposes of the election and the incurring of indebtedness, and for purposes of Section 102336.

102501. Whenever the board deems it necessary for the district to incur a bonded indebtedness for the acquisition, construction, or repair of any or all improvements, works, property or facilities, authorized by this part or necessary or convenient for the carrying out of the powers of the district, or for any other purpose authorized by this part, it shall, by ordinance, adopted by a vote of two-thirds of all members of the board, so declare and call an election to be held in the district for the purpose of submitting to the qualified voters thereof the proposition of incurring indebtedness by the issuance of bonds of the district; provided the total amount of bonds issued and outstanding pursuant to this article shall not exceed 15 percent of the assessed value of the taxable property of the district as shown by the last equalized assessment rolls of the Counties of Sacramento, Placer, and Yolo. The ordinance shall state:

(a) The purposes for which the proposed debt is to be incurred, which may include all costs and estimated costs incidental to or connected with the accomplishment of such purposes, including, without limitation, engineering, inspection, legal, fiscal agents, financial consultant and other fees, bond and other reserve funds, working capital, bond interest estimated to accrue during the construction period and for a period not to exceed three years thereafter, and expenses of all proceedings for the authorization, issuance and sale of the bonds.

(b) The estimated cost of accomplishing such purposes.

(c) The amount of the principal of the indebtedness.

(d) The maximum term the bonds proposed to be issued shall run before maturity, which shall not exceed 50 years from the date thereof or the date of each series thereof.

(e) The maximum rate of interest to be paid, which shall not exceed 7 percent per annum.

(f) The proposition to be submitted to the voters, which may include one or more purposes.

(g) The date of the election.

(h) The manner of holding the election and the procedure for voting for or against the measure.

(i) The ordinance may also contain any other matters authorized by this part or any other law.

102502. Notice of the holding of such election shall be given by publishing, pursuant to Section 6066 of the Government Code, the ordinance calling the election in at least one newspaper published in such district. No other notice of such election need be given. Except as otherwise provided in the ordinance, the election shall be conducted as other district elections.

102503. If any proposition is defeated by the electors, the board shall not call another election on a substantially similar proposition to be held within six months after the prior election. If a petition requesting submission of such a proposition, signed by 15 percent of the district electors, as shown by the votes cast for all candidates for governor within the district at the last gubernatorial election, is filed with the board, it may call an election before the expiration of six months.

102504. If a majority of the electors voting on the proposition vote for it, then the board may, by resolution, at such time or times as it deems proper, issue bonds of the district for the whole or any part of the amount of the indebtedness so authorized and may from time to time, by resolution, provide for the issuance of such amounts as the necessity thereof may appear, until the full amount of such bonds authorized shall have been issued. The full amount of bonds may be divided into two or more series and different dates and different dates of payment fixed for the bonds of each series. A bond need not mature on an anniversary of its date. The maximum term the bonds of any series shall run before maturity shall not exceed 50 years from the date of each series respectively. In such resolution or resolutions, the board shall prescribe the form of the bonds (including, without limitation, registered bonds and coupon bonds) and the form of any coupons to be attached thereto, the registration, conversion and exchange privileges, if any, pertaining thereto, and fix the time when the whole or any part of the principal shall become due and payable.

102505. The bonds shall bear interest at a rate or rates not exceeding 7 percent per annum, payable semianually, except that the first interest payable on the bonds or any series thereof may be for any period not exceeding one year as determined by the board. In the resolution or resolutions providing for the issuance of such bonds, the board may also provide for call and redemption of such bonds prior to maturity at such times and prices and upon such other terms as it may specify, provided that no bond shall be subject to call or redemption prior to maturity unless it contains a recital to that effect or unless a statement to that effect is printed thereon. The denomination or denominations of the bonds shall be stated in the resolution providing for their issuance, but shall not be less than one thousand dollars ($1,000). The principal of and interest on such bonds shall be payable in lawful money of the United States at the office of the treasurer of the district or at such other place or places as may be designated, or at either place or places at the option of the holders of the bonds. The bonds,

or such series thereof, shall be dated and numbered consecutively and shall be signed by the chairman of the board and the treasurer, countersigned by the secretary and the official seal of the district attached. The interest coupons of such bonds shall be signed by the treasurer. All such signatures, countersignatures and seal may be printed, lithographed or mechanically reproduced, except that one of such signatures or countersignatures on the bonds shall be manually affixed. If any officer whose signature or countersignature appears on bonds or coupons ceases to be such officer before the delivery of the bonds, his signature is as effective as if he had remained in office.

102506. The bonds may be sold as the board determines by resolution, but for not less than par. Before selling the bonds, or any part thereof, the board shall give notice inviting sealed bids in such manner as it may prescribe. If satisfactory bids are received, the bonds offered for sale shall be awarded to the highest responsible bidder. If no bids are received, or if the board determines that the bids received are not satisfactory as to price or responsibility of the bidders, the board may reject all bids received, if any, and either readvertise or sell the bonds at private sale.

102507. Delivery of any bonds may be made at any place either inside or outside the state, and the purchase price may be received in cash or bank credits.

102508. All accrued interest and premiums received on the sale of bonds shall be placed in the fund to be used for the payment of principal of and interest on the bonds and the remainder of the proceeds of the bonds shall be placed in the treasury to the credit of the proper improvement fund and applied exclusively to the purposes for which the debt was incurred (which purposes shall be in conformity with an approved general transit plan or element thereof then in effect); provided, however, that when such purposes have been accomplished, any moneys remaining in such improvement fund (a) shall be transferred to the fund to be used for the payment of principal of and interest on the bonds, or (b) shall be placed in a fund to be used for the purchase of outstanding bonds of the district from time to time in the open market at such prices and in such manner, either at public or private sale or otherwise, as the board may determine. Bonds so purchased shall be canceled immediately.

102509. After the expiration of three years after a bond election, the board may determine, by ordinance adopted by a vote of two-thirds of all the members of the board, that any or all of the bonds authorized at the election remaining unsold shall not be issued or sold. When the ordinance takes effect, the authorization to issue said bonds shall become void.

102510. Whenever the board deems that the expenditure of money for the purposes for which the bonds were authorized by the voters is impractical or unwise, it may, by ordinance adopted by a vote of two-thirds of all members of the board, so

declare and call an election to be held in the district for the purpose of submitting to the qualified voters thereof the proposition of incurring indebtedness by the issuance of such bonds for some other purposes or, in the case where bonds have been sold, the proposition to use the proceeds for some other purposes. The procedure, so far as applicable, shall be the same as when a bond proposition is originally submitted.

102511. The board may provide for the issuance, sale, or exchange of refunding bonds to redeem or retire any bonds issued by the district upon the terms, at the times and in the manner which it determines. Refunding bonds may be issued in a principal amount sufficient to pay all, or any part, of the principal of such outstanding bonds, the interest thereon and the premiums, if any, due upon call and redemption thereof prior to maturity, and all expenses of such refunding. The provisions of this article for issuance and sale of bonds apply to the issuance and sale of such refunding bonds; except that (a) no election need be called or held for the purpose of authorizing the issuance of refunding bonds, and (b) when refunding bonds are to be exchanged for outstanding bonds the method of exchange shall be as determined by the board.

102512. The provisions of Article 4 (commencing with Section 53500), Chapter 3, Part 1, Division 2, Title 5 of the Government Code are applicable to the district.

102513. Any bonds which shall be issued under the provisions of this article shall be legal investment for all trust funds; for the funds of insurance companies, banks—both commercial and savings—and trust companies; and for state school funds; and whenever any money or funds may, by any law now or hereafter enacted, be invested in bonds of cities, cities and counties, counties, school districts, or other districts within the State of California, such money or funds may be invested in the bonds issued under this part, and whenever bonds of cities, cities and counties, counties, school districts, or other districts within this state may, by any law now or hereafter enacted, be used as security for the performance of any act or the deposit of any public moneys, the said bonds issued under this part may be so used. The provisions of this article shall be in addition to all other laws relating to legal investments and shall be controlling as the latest expression of the Legislature with respect thereto.

## Article 2. Revenue Bonds

102530. The district may issue bonds, payable from revenue of any facility or enterprise to be acquired or constructed by the district, in the manner provided by the Revenue Bond Law of 1941, Chapter 6 (commencing with Section 54300), Part 1, Division 2, Title 5 of the Government Code, all of the provisions of which are applicable to the district.

102531. The district is a local agency within the meaning of the Revenue Bond Law of 1941, Chapter 6 (commencing

with Section 54300), Part 1, Division 2, Title 5 of the Government Code. The term "enterprise" as used in the Revenue Bond Law of 1941 shall, for all purposes of this part, include the system or any or all transit facilities, and all additions, extensions, and improvements thereto, authorized to be acquired, constructed, or completed by the district. The district may issue revenue bonds under the Revenue Bond Law of 1941, for any one or more transit facilities authorized to be acquired, constructed, or completed by the district or, in the alternative, may issue revenue bonds under the Revenue Bond Law of 1941, for the acquisition, construction, and completion of any one of such transit facilities. Nothing in this article shall prevent the district from availing itself of, or making use of, any procedure provided in this part for the issuance of bonds of any type or character for any of the transit facilities authorized hereunder, and all proceedings may be carried on simultaneously or, in the alternative, as the board may determine.

### Article 3. Equipment Trust Certificates

102550. The district shall have power to purchase transit equipment such as cars, trolley buses and motorbuses, or rolling equipment, and may execute agreements, leases, and equipment trust certificates in the forms customarily used by private corporations engaged in the transit business appropriate to effect such purchase and leasing of transit equipment, and may dispose of such equipment trust certificates upon such terms and conditions as the board may deem appropriate. Payment for such equipment, or rentals therefor, may be made in installments, and the deferred installments may be evidenced by equipment trust certificates payable from any source or sources of funds specified in such certificates that are or will be legally available to the district; and title to such equipment shall not rest in the district until the equipment trust certificates are paid.

102551. The agreement to purchase or lease may direct the vendor or lessor to sell and assign or lease the rolling equipment to a bank or trust company duly authorized to transact business in the State of California as trustee, for the benefit and security of the equipment trust certificates and may direct such trustee to deliver the rolling equipment to one or more designated officers of the district and may authorize the district to simultaneously therewith execute and deliver an installment purchase agreement or a lease of the equipment to the district.

102552. The agreements and leases shall be duly acknowledged before a person authorized by law to take acknowledgments of deeds and in the form required for acknowledgment of deeds, and such agreements, leases, and equipment trust certificates shall be authorized by resolution of the district and shall contain such covenants, conditions, and provisions which

may be deemed necessary or appropriate to insure the payment of the equipment trust certificates from legally available sources or sources of funds specified in such certificates.

102553. The covenants, conditions, and provisions of the agreements, leases, and equipment trust certificates shall not conflict with any of the provisions of any trust agreement securing the payment of bonds, notes, or certificates of the district.

102554. An executed copy of each such agreement and lease shall be filed in the office of the Secretary of State, who will be entitled to receive one dollar ($1) for each such copy filed with him and which filing shall constitute notice to any subsequent judgment creditor or any subsequent purchaser. Each vehicle so purchased or leased shall have the name of the owner or lessor plainly marked on both sides thereof followed by the appropriate words "Owner and Lessor" or "Owner and Vendor," as the case may be.

### Article 4. Improvement Acts and Special Benefit Districts

102570. The Improvement Act of 1911, the Municipal Improvement Act of 1913, and the Improvement Bond Act of 1915 are applicable to the district.

102571. The provisions of Chapter 1 (commencing with Section 99000) of Part 11 of Division 10 of the Public Utilities Code are applicable to the district.

### Article 5. Temporary Borrowing

102580. The district may borrow money for the purpose of defraying general administrative and preliminary expenses of the district, lawfully incurred, prior to the time moneys to be raised by the first tax levy for the district or other revenues are available, a sum which shall not exceed five cents ($0.05) on each one hundred dollars ($100) of assessed valuation of taxable property in the district at the time the moneys are borrowed, and to evidence such borrowing by notes bearing interest at a rate not to exceed 7 percent per annum. The notes shall be payable from the first tax levy made by the district, and the tax levy shall contain a sum sufficient to provide for the payment of the notes and the interest thereon. The form of the notes, their issuance and sale, will be governed by the applicable provisions referred to in Sections 102504 and 102505.

102581. At any time prior to the first receipt by the district of revenues from taxation or other sources, any city or county may lend any available money to the district for the purposes of organization and operation. Such expenditures shall constitute a proper expenditure of city and county funds.

102582. The district may borrow money in accordance with the provisions of Article 7 (commencing with Section 53820), or of Article 7.6 (commencing with Section 53850) of Chapter 4, Part 1, Division 2, Title 5 of the Government Code.

102583. The district may borrow money in anticipation of the sale of bonds which have been authorized to be issued pursuant to Article 1 (commencing with Section 102500) of this chapter, but which have not been sold and delivered, and may issue negotiable bond anticipation notes therefor and may renew the same from time to time, but the maximum maturity of any such notes, including the renewals thereof, shall not exceed five years from the date of delivery of such original notes. Such notes may be paid from any moneys of the district available therefor and not otherwise pledged. If not previously otherwise paid, the notes shall be paid from the proceeds of the next sale of the bonds of the district in anticipation of which they were issued and if not so paid, taxes may be levied for their payment in the same manner as taxes are levied for the payment of general obligation bonds pursuant to Section 102336 until such bonds are issued. Such notes shall not be issued in any amount in excess of the aggregate amount of bonds which the district has been authorized to issue, less the amount of any bonds of such authorized issue previously sold, and also less the amount of other bond anticipation notes therefor issued and then outstanding. The notes shall be issued and sold in the same manner as the bonds. Such notes and the resolution or resolutions authorizing the same may contain any provisions, conditions, or limitations which a resolution of the district authorizing the issuance of bonds may contain.

### Article 6. Miscellaneous

102600. The district may bring an action to determine the validity of any of its bonds, equipment trust certificates, warrants, notes or other evidences of indebtedness pursuant to Chapter 9 (commencing with Section 860), Title 10 of Part 2 of the Code of Civil Procedure.

102601. All bonds and other evidences of indebtedness issued by the district under the provisions of this part, and the interest thereon are free and exempt from all taxation within the State of California, except for transfer, franchise, inheritance and estate taxes.

102602. Notwithstanding any other provisions of this part or any other law, the provisions of all ordinances, resolutions and other proceedings in the issuance by the district of any bonds, bonds with a pledge of revenues, bonds for improvement districts, revenue bonds, equipment trust certificates, notes, or any and all evidences of indebtedness or liability shall constitute a contract between the district and the holders of such bonds, equipment trust certificates, notes or evidences of indebtedness or liability, and the provisions thereof shall be enforceable against the district, any or all of its successors or assigns, the state, any department of the state, or any officer thereof, by mandamus or any other appropriate suit, action, or proceeding in law, or in equity, in any court of competent jurisdiction. Nothing contained in this part, or in any other law, shall be held to relieve the district, or the territory in-

cluded within it, from any bonded or other debt or liability contracted by the district. Upon dissolution of the district or upon withdrawal of territory therefrom, the property formerly included within the district, or withdrawn therefrom, shall continue to be liable for the payment of all bonded and other indebtedness or liabilities outstanding at the time of such dissolution or withdrawal the same as if the district had not been so dissolved, or the territory withdrawn therefrom, and it shall be the duty of the state or other successors or assigns to provide for the payment of such bonded and other indebtedness and liabilities. Except as may be otherwise provided in the proceedings for the authorization, issuance, and sale of any revenue bonds, bonds secured by a pledge of revenues, or bonds for improvement districts secured by a pledge of revenues, revenues of any kind or nature derived from any revenue-producing improvements, works, facilities, or property owned, operated, or controlled by the district shall be pledged, charged, assigned and have a lien thereon for the payment of such bonds as long as the same are outstanding, regardless of any change in ownership, operation, or control of such revenue-producing improvements, works, facilities, or property and it shall, in such later event or events, be the duty of the state or other successors or assigns to continue to maintain and operate such revenue-producing improvements, works, facilities or property as long as bonds are outstanding.

102603. The district shall not incur a total indebtedness under the provisions of this chapter which exceeds 15 percent of the assessed value of all taxable property within the district.

### CHAPTER 8. DISSOLUTION

102700. The district may be dissolved pursuant to the provisions of the District Reorganization Act of 1965 (Division 1 (commencing with Section 56000), Title 6 of the Government Code).

## CHAPTER 1375

*An act relating to schools for the deaf and blind.*

[Approved by Governor November 4, 1971. Filed with Secretary of State November 4, 1971.]

*The people of the State of California do enact as follows:*

SECTION 1. The sum of forty-three thousand dollars ($43,000), including part or all of the twenty-five thousand dollars ($25,000) appropriated by Item 308.5 of the Budget Act of 1970 (Chapter 303, Statutes of 1970), is hereby appropriated from the General Fund to be expended for purposes of a feasibility study for rehabilitation of the present facilities of the California School for the Deaf, Berkeley, and the California School for the Blind, including possible need for relocating such schools.

## CHAPTER 1376

*An act relating to the formation of a unified school district.*

[Approved by Governor November 4, 1971. Filed with Secretary of State November 4, 1971.]

*The people of the State of California do enact as follows:*

SECTION 1. The governing boards of the Georgetown Divide Elementary School District and the Northside Elementary School District, may, with the concurrence of the governing boards of the high school districts affected, and with the approval of the county committee on school district organization of the county having jurisdiction over the elementary districts, submit a proposal for the formation of a unified district of such territory to the State Board of Education. The State Board of Education may approve such proposal if, in the judgment of the board, the criteria of subdivisions (a), (b), (c), and (d) of Section 3100 of the Education Code are substantially met, or if the board determines that it is not practical to apply the criteria of subdivisions (a), (b), (c), and (d) of Section 3100 literally, and that the circumstances with respect to the proposal provide an exceptional situation sufficient to justify approval. However, the State Board of Education shall, in all events, require that the proposal comply with the provisions of subdivision (e) of Section 3100 of the Education Code.

SEC. 2. The Legislature finds and declares that because of the unusually sparse population of the school districts involved, and because of the extraordinary transportation difficulties involved in transporting high school pupils residing in the Northside Elementary School District and the Georgetown Divide Elementary School District to and from the high schools in which they are enrolled, that a special act to provide for the establishment of a new unified school district comprised of that territory is essential, and that a general law cannot be made applicable to provide for the unique circumstances involved.

SEC. 3. All provisions of the Education Code not inconsistent with this act shall apply to the formation and operation of the new unified school district.

[Approved by Governor November 4, 1971. Filed with Secretary of State November 4, 1971.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 24071 of the Business and Professions Code is amended to read:

24071. ### Article 2.5. Land Projects

11025. In addition to the other grounds for denial of a public report as set forth in this chapter, the commissioner shall not issue a public report on any land project within the purview of Section 11000.5, as modified by Section 11000.6, unless he makes a specific finding that:

(1) The total complex of existing or proposed improvements reflected in the subdivision offering (including storm sewers, sanitary sewers, water systems, roads, utilities, community facilities, recreational amenities) will be adequate to serve the projected population of the entire land project.

(2) The arrangements that have been made to assure completion, maintenance and financing of the total complex of existing or proposed improvements referred to in paragraph (1) are reasonable. In determining the reasonableness of such

arrangements, the commissioner shall consider whether the probable continuing financial burden with respect to the financing of completion and maintenance of improvements within the subdivision bears a reasonable relationship to the value of the lots therein.

(3) The offsite and onsite measures, including the overall design of the entire land project, are adequate to prevent damage to property by reason of flooding, erosion and other natural occurrences which are usual or predictable for the area.

(4) The method of financing the purchase of individual parcels or lots, including the effect of balloon payments, is reasonable.

(5) The existing zoning, or any change in zoning that has been proposed to the local governing body, is compatible with the proposed use of the lots within the land project.

(6) The use, or zoning, of adjacent properties is compatible with the proposed land project.

11027. (a) A copy of the public report issued on land within a land project shall be given by the subdivider or his agents or salesmen:

(1) At any time, upon oral or written request, to any member of the public.

(2) To every adult or head of a family who, as a prospective purchaser, visits the site of a land project, whether by appointment or by casual visitation and whose presence is known, or should reasonably be known, by the subdivider, his agents or salesmen.

(3) To every prospective purchaser to whom the subdivider, his agent or salesman makes a sale presentation or to whom promotional material, other than a preliminary solicitation, is sent.

(b) Willful failure to distribute a copy of the public report pursuant to this section shall be a misdemeanor.

(c) If a subdivider or his agent or salesman violates the provisions of subdivision (b) the commissioner, at his discretion, may order the subdivider, his agents and salesmen to desist and refrain from the further sale or lease of lots or parcels within the land project for a period not to exceed 30 days.

(d) No receipt shall be required for a copy of a public report issued pursuant to this section.

11028. Any contract or agreement to purchase or lease a lot or parcel in a land project within the purview of Section 11000.5, as modified by Section 11000.6, may be rescinded by the purchaser without cause of any kind by sending or delivering written notice of rescission by midnight of the 14th calendar day following the day on which the purchaser or

prospective purchaser has executed such contract or agreement. The subdivider shall clearly and conspicuously disclose, in accordance with regulations adopted by the commissioner, the right to rescind provided for in this section and shall provide, in accordance with regulations adopted by the commissioner, an adequate opportunity to exercise the right to rescission provided for herein within the time limit set forth above. Any certificate signed by the purchaser or lessee which sets forth a brief description of the property sold or leased and a statement that the purchaser or lessee has not exercised the right of rescission as provided for in this section within the time limit above set forth shall be conclusive evidence of its contents in favor of any third party acting in good faith and in reliance thereon. The remedy granted under this section shall not be cumulative with any remedy granted and exercised under the Interstate Land Sales Full Disclosure Act (15 U.S.C., Sec. 1701, et seq.) or any other federal act pursuant to which the purchaser or party contracting with respect to a lot in a land project may have a right of rescission.

11029. Each subdivider of a land project or his successor in interest shall submit reports on or before the 10th day of each calendar quarter listing the names and addresses of all persons who had agreed to purchase a lot or parcel in the subdivision and who subsequently had withdrawn or attempted to withdraw from the agreement either by formal notification to the subdivider, by failure to make payments for a period of 90 days or more after the due date thereof, by claim of rescission or otherwise. The obligation to make such reports shall terminate on the earliest to occur of the following events:

(a) Thirteen months after execution of conveyances or contracts for the purchase and sale of 90 percent of the lots within the subdivision.

(b) Three years after the issuance of the public report with respect thereto.

The commissioner may, however, adopt reasonable regulations to carry out the provisions of this chapter, for extension of the obligation to make such reports where the requirements to do so would otherwise expire pursuant to subdivision (b) above.

11030. The requirements of this article are in addition to those of any other provision of this chapter.

SECTION 1. Article 11 (commencing with Section 29530) is added to Chapter 2 of Division 3 of Title 3 of the Government Code, to read:

## Article 11. Transportation Fund

29530. If the board of supervisors so agrees by contract with the State Board of Equalization, the board of supervisors shall establish a local transportation fund in the county treasury and shall deposit in such fund all revenues transmitted to the county by the State Board of Equalization under Section 7204 of the Revenue and Taxation Code, which are derived from that portion of the taxes imposed by the county at a rate in excess of 1 percent pursuant to Part 1.5 (commencing with Section 7200) of Division 2 of such code, less an allocation of the cost of the State Board of Equalization's services in administering the sales and use tax ordinance related to the rate in excess of 1 percent.

29531. The board of supervisors shall continuously appropriate the money in such fund for expenditure for the purposes specified in this article and in Chapter 4 (commencing with Section 99200) of Part 11 of Division 10 of the Public Utilities Code.

For a county for which an election has been made under the provisions of Section 29526 to form a local transportation commission, such local transportation commission authorized in Section 29535.

(c) For a county not within the jurisdiction of a statutorily created regional transportation planning agency or a council of governments, the local transportation commission authorized in Section 29535.

29533. In the event that any application, if approved in accordance with Section 29532, would cause the county to incur any indebtedness or liability in any year in excess of the money in the local transportation fund for such year, the board of supervisors shall, upon notification from the local transportation commission designated in Section 29535, or the regional body designated in Section 99215 of the Public Utilities Code, call an election pursuant to Article 7 (commencing with Section 99320) of Chapter 4 of Part 11 of Division 10 of the Public Utilities Code. Such election may be consolidated with a general election or a direct primary election. The cost of such election shall, upon approval of the local transportation commission designated in Section 29535, or the regional body designated in Section 99215 of the Public Utilities Code, be paid from the transportation fund.

29534. The county auditor shall keep such records and make such reports concerning the local transportation fund as the Secretary of the Business and Transportation Agency shall prescribe.

29535. Within each county which is not within the jurisdiction of a statutorily created regional transportation planning agency or a council of governments, a local transportation commission shall be established and composed of three members appointed by the board of supervisors, three members appointed by the mayor's select committee of the county and, where applicable, three members appointed by a transit district and one member representing, collectively, the other transit operators in the county.

29536. (a) In a county with a population over six million according to the last federal decennial census, the claims of an applicant shall, pursuant to the provisions of subdivision (b) of Section 29532, be presented to the council of governments. The county may elect, with the concurrence of a majority of the cities which include at least 50 percent of the incorporated population within the county, to form a local transportation commission pursuant to this subdivision. If a local

transportation commission is formed, the applications for funds shall be submitted to both the local transportation commission for review and approval and the council of governments for review and comment on conformity with an adopted regional plan, which shall have 60 days after the receipt of applications to notify the local transportation commission and the county auditor of an objection to an application on the basis of nonconformity to an adopted and published regional plan. If neither the local transportation commission nor the county auditor receive notice of such objection, the approval of the council of governments shall be conclusively presumed. If the local transportation commission approves, applications for funds to which the council of governments has so objected shall be paid by the county auditor, unless within 30 days after such approval the council of governments has filed an appeal with the Secretary of the Business and Transportation Agency and provided notice of such appeal to the local transportation commission and the county auditor. The secretary shall render his decision on the appeal within 30 days after he receives it, and the decision of the secretary regarding whether the application is in accord with the adopted regional plan shall be final. The secretary shall transmit copies of his decision to the council of governments, the local transportation commission, and the county auditor.

If a local transportation commission is formed, the board of supervisors shall be notified by the applicant at the time a claim is filed under Article 4 (commencing with Section 99260), Chapter 4, Part 11, Division 10 of the Public Utilities Code.

(b) Except in a county with a population over six million according to the last federal decennial census, a county may, pursuant to this subdivision, elect, with the concurrence of a majority of the cities which include at least 50 percent of the incorporated population within the county, to form a local transportation commission pursuant to Section 29535. Applications for funds may be allocated by the local transportation commission only if the council of governments has not objected to such application. For counties with a population of 500,000 or more, as determined under Section 28020 of the Government Code, as now or hereafter amended, but excluding counties with more than 4,500 miles of maintained county roads, the members appointed by the mayor's select committee of the county from a city for which a transit service is provided and the members appointed by a transit district and the member representing other transit operators shall have no vote in the approval of the claims filed under Article 8 (commencing with Section 99400), Chapter 4, Part 11, Division 10 of the Public Utilities Code. For counties

with a population of less than 500,000, as determined under Section 28020 of the Government Code, as now and hereafter amended, and for counties with a population of 500,000 or more, as determined under Section 28020 of the Government Code, as now or hereafter amended, and with more than 4,500 miles of maintained county roads, the members appointed by the mayor's select committee of the county from a city for which all of the proportion of the total revenues placed by the county in the local transportation fund that the city's population bears to the total of the county population is used to pay approved claims filed under Article 4 (commencing with Section 99260), Chapter 4, Part 11, Division 10 of the Public Utilities Code, and the members appointed by a transit district, and the member representing other transit operators shall have no vote in the approval of the claims filed under Article 8 (commencing with Section 99400), Chapter 4, Part 11, Division 10 of the Public Utilities Code.

Applications for funds shall be submitted to both the local transportation commission and the council of governments, which shall have 60 days after the receipt of applications to notify the local transportation commission and the county auditor of any objection. If neither the local transportation commission nor the county auditor receive notice of objection, the approval of the council of governments shall be presumed. Applications for funds to which the council of governments has objected shall not be paid by the county auditor until the objection has been removed.

29537. If, in a county with a population over six million according to the last federal decennial census, a local transportation commission whose authority is limited to reviewing and taking action on claims is established, it shall be composed of the same membership specified in Section 29535, except that the members appointed by the mayor's select committee representing a city for which a transit service is provided, the members appointed by a transit district, and the member representing other transit operators shall have no vote in the approval of the claims filed under Article 8 (commencing with Section 99400), Chapter 4, Part 11, Division 10 of the Public Utilities Code.

Within 30 days following the receipt of the notice specified in subdivision (a) of Section 29536, the board of supervisors shall convene the entire local transportation commission as described in Section 29535, unless the entire local transportation commission has been convened to review other claims remains in operation. The review of a claim filed under Article 4 (commencing with Section 99260), Chapter 4, Part 11, Division 10 of the Public Utilities Code shall be completed within 60 days after the entire commission is convened, and the members having no vote on the claims

filed under Article 8 (commencing with Section 99400), Chapter 4, Part 11, Division 10 of the Public Utilities Code shall be relieved of further responsibility after all claims filed under Article 4 have been reviewed.

SEC. 2. Section 37101 of the Government Code is amended to read:

37101. The legislative body may license, for revenue and regulation, and fix the license tax upon, every kind of lawful business transacted in the city, including shows, exhibitions, and games. It may provide for collection of the license tax by suit or otherwise. If the legislative body levies a sales tax under the authority of this section, it may impose a complementary tax at the same rate upon use or other consumption of tangible personal property.

If the legislative body imposes a sales or use tax, it shall do so in the same manner and use the same tax base as prescribed in Part 1.5 (commencing with Section 7200) of Division 2 of the Revenue and Taxation Code.

SEC. 3. Chapter 4 (commencing with Section 99200) is added to Part 11 of Division 10 of the Public Utilities Code, to read:

## Article 2. Findings and Declarations

99220. The Legislature finds and declares as follows:

(a) Public transportation is an essential component of the balanced transportation system which must be maintained and developed so as to permit the efficient and orderly movement of people and goods in the urban areas of the state. Public transportation systems provide an essential public service which must be available at a charge to the user which will encourage maximum utilization of the efficiencies of the service for the benefit of the total transportation system of the state, and which will not deprive the elderly, the handicapped, the youth, and the citizens of limited means of the ability to freely utilize the service.

(b) The fostering, continuance, and development of public transportation systems are a matter of state concern. Excessive reliance on the private automobile for transportation has caused air pollution and traffic congestion in California's urban areas, and such pollution and congestion are not confined to single incorporated areas but affect entire regions. Thus, the Legislature has elected to deal with the multiple problems caused by a lack of adequate public transportation on a regional basis through the counties, with coordination of the programs being the responsibility of the state pursuant to contract with county governments.

(c) While providing county assistance to a particular transportation system may not be of primary interest and benefit to each and every taxpayer in a county, providing an integrated and coordinated system to meet the public transportation needs of an entire county will benefit the county as a whole. It is the purpose of this chapter to provide for such systems in those counties where they are needed.

(d) The local transportation funds authorized by Article 11 (commencing with Section 29530) of Chapter 2 of Division 3 of Title 3 of the Government Code are made possible by the imposition of the state's sales and use taxes on motor vehicle fuel, which allows for a reduction in state taxes without a corresponding loss in revenue. By authorizing counties to increase their sales and use taxes, an additional source of revenue has been made available for public transportation within such counties. Applicants for a disbursement from a local transportation fund shall only be eligible for an allocation from the fund of the county in which such transportation is provided.

99221. It is the intent of the Legislature to improve existing public transportation services and encourage regional public transportation coordination. The Legislature recognizes that in the Southern California Rapid Transit District a unique factual situation exists where several municipal bus systems are providing essential local transportation services within the operating territory of the district, which was created by the Legislature to provide areawide coordinated public transportation services. Within the Southern California Rapid Transit District, the regional applicant shall be the governmental vehicle to establish a unified or officially coordinated public transportation system as part of the comprehensively planned development of the urban area. Both the Southern California Rapid Transit District and the included municipalities that operate bus systems within the jurisdiction of the district are permitted to file claims pursuant to this chapter upon the local transportation fund of the County of Los Angeles; provided, however, an approved claim shall not be allowed for the purpose of the establishment by the municipality, after March 1, 1971, of a new service area outside the municipality which might further fragment public transportation services within the district. It is the intent of the Legislature that the Southern California Rapid Transit District should not be inhibited in its effort to improve transit services within the region by the expansion outside their city boundaries of the several municipal bus systems of the involved municipalities. The policy of the Legislature is that new services to meet public transportation needs outside of the municipalities presently operating bus systems which do not compete with, or divert patronage from, an existing operating bus system of an included municipal applicant under Section 99280, shall be provided and controlled by the Southern California Rapid Transit District in its role as the responsible public agency for providing public transportation systems and facilities within the region.

## Article 3. Local Transportation Funds

99240. The local transportation fund shall be apportioned by the designated transportation planning agency in accordance with the following priorities:

(a) First, there shall be apportioned to the county such sums as are necessary for the county to administer this chapter.

(b) Thereafter there shall be apportioned to the transportation planning agency such sums as are necessary to administer this chapter.

(c) Thereafter there shall be apportioned to statutorily

created regional transportation planning agencies and entities created by interstate compact, for the conduct of the continuing comprehensive transportation planning process within the region, up to 3 percent of such revenues, unless a greater amount is approved by the secretary.

(d) Thereafter there shall be apportioned to qualified applicants such monies as are approved by the transportation planning agency for claims presented by applicants pursuant to Article 4 (commencing with Section 99260) of this chapter.

(e) Thereafter there shall be apportioned to qualified applicants such monies as are approved by the transportation planning agency for claims presented by applicants pursuant to Article 8 (commencing with Section 99400) of this chapter.

99241. Except for apportionments made for purposes of subdivision (c) of Section 99400, which shall be subject to the rules and regulations adopted by the transportation planning agency, the apportionments shall be subject to rules and regulations, consistent with statute, promulgated by the secretary with the advice and consent of the State Transportation Board and those rules and regulations may be revised from time to time.

Such rules and regulations shall require evaluation and review by the transportation planning agency of public transportation claims and corresponding budgets or financial plans and other information required in connection therewith. The rules and regulations shall provide for the orderly and periodic distribution of funds in the local transportation fund to the applicant so that the areas served by the applicant will be provided public transportation services on a continuing basis and so that there will be an orderly improvement and maintenance of the system of the applicant by the use of money disbursed from the local transportation fund. The rules and regulations shall provide for the approval of sufficient moneys from the local transportation fund to accomplish the intent of the Legislature as expressed in the findings and declarations in Section 99220. Such rules and regulations may require that the transportation planning agency, in reviewing claims, give due consideration to the level of the applicant's passenger fares and charges, the efficiency of the applicant's operations and operating policies and practices, the extent to which the applicant is meeting the transportation needs of the area served, and the extent to which the applicant is making full use of other available revenues and funds, including federal transportation grants.

99242. In the event that an applicant is not satisfied with his approved claim or other action taken by the transportation planning agency, a notification with supporting documentation may be filed with the secretary, who shall

conduct an investigation and evaluation of the disagreement between the applicant and the transportation planning agency. The secretary shall notify the involved parties of his findings, which shall be a final settlement of the issue.

Article 4. Claims for Funds

99260. An applicant may, after the operative date of this section, and at least 90 days prior to the beginning of the following fiscal year and any fiscal year thereafter, file with the transportation planning agency a claim supported by a budget or financial plan setting forth a statement of estimated financial needs, accompanied by such other documents as may be requested by the transportation planning agency including, but not limited to, annual financial statements accompanied by a report of a certified public accountant, except that this need not be done for the then current year.

99262. In the claim, the applicant may request the disbursement of money from the local transportation fund of the county in which the public transportation is, or will be, in an amount sufficient to satisfy its estimated financial needs:

(a) In order to meet its capital and operating requirements for the planning, construction, maintenance, and operation of a public transportation system, including current acquisition or replacement of transportation vehicles or conveyances, acquisition of real property, construction of facilities, expenses for repairs, operation, maintenance, and depreciation and the payment of principal and interest on its bonded indebtedness, equipment trust certificates, or other indebtedness, including any amounts in the accomplishment of a defeasance under any outstanding revenue bond indenture.

(b) For public transportation research and demonstration grants.

The claim shall evidence, but not be limited to, the actual need for financial assistance for any deficit resulting from expenditures exceeding its available revenues from all sources, based on estimates filed with the transportation planning agency for the applicable fiscal year. The claim shall be for a fiscal year period corresponding to the accounting period of the state, unless a different period is authorized by the transportation planning agency.

99263. An approved claim may include an amount to pay the principal and interest on bonds of the applicant for a public transportation system.

This section shall not be construed as an authorization to any applicant to pledge revenues received from the county's local transportation fund, unless approved by the voters of the county under Article 7 (commencing with Section 99320) of

this chapter.

99264. The transportation planning agency shall review the budget or financial plan filed by each applicant and shall, from an analysis and evaluation thereof, determine the estimated financial assistance required for the applicable fiscal year by each such applicant, which amount, when determined, shall constitute and be called the "approved annual public transportation claim" for each applicant.

The claim, other than the claim of an included municipal applicant subject to subdivision (a) of Section 99300, may include a proportional amount for regularly scheduled transit services provided outside of the applicant's boundaries even though a contract specified in Section 99301 has not been executed. Such claim may not be apportioned by the transportation planning agency without the prior express authorization of the secretary. In the event a contract between the applicant and the city or county receiving such service is executed, the approval of the secretary is not needed in order for the claim to be paid.

99266. In the evaluation of the budget or financial plan, the transportation planning agency shall require from the applicant statements or reports substantiating any increase in operating budget in excess of 15 percent above the preceding year or substantial increase or decrease in scope of operations or capital budget provisions for major new fixed facilities, and such other supporting data as may be reasonably required.

99267. (a) (1) At least 75 percent of the funds received under this article shall be used for capital expenditures, except that the amount of federal or other state funds granted or approved for capital expenditure on a matching basis may be applied to satisfy this requirement. Such capital expenditures shall consist of acquisition of land and other real property, current acquisition or replacement of transportation vehicles, or conveyances, and acquisition, construction, enlargement, or repair of property and facilities incidental to or necessary or convenient in connection with the foregoing, depreciation, and payment of principal and interest on its bonded indebtedness, equipment trust certificates, or other indebtedness, including any amounts in the accomplishment of a defeasance under any outstanding revenue bond indenture.

When unique and unusual circumstances arise whereby funds are available for capital expenditures but not for other more urgent costs, an application may be filed with the secretary for a temporary waiver which, if granted, shall authorize funds restricted for capital expenditures to be used for other more urgent costs. To approve such a request, the secretary shall determine that financing the noncapital expenditures by other means, such as fare increases or

curtailment of services, will adversely affect public transportation service for the area.

(2) The expenditure of the funds received under this article by the applicant may in no year exceed 50 percent of the amount required to meet operating, maintenance, and capital and debt service requirements after deduction therefrom of federal grants estimated to be received. With respect to the budgeted capital requirements of the applicant for grade-separated mass transit system facilities, notwithstanding the 50-percent limitation specified in the foregoing sentence, the applicant may expend the amount budgeted for capital requirements in any year or other applicable period less the amount of federal and other state funds granted or approved therefor, if a construction of such facilities has been found to be consistent with the applicable regional plans for the area within which the applicant provides service by the recognized comprehensive and transportation planning agency. Such other applicable period may consist of a five-year period on a cumulative basis for the acquisition, construction, and financing of grade-separated mass transit system facilities and, within such applicable period, the amount of the grant in any year may be ordered by the transportation planning agency to be set aside and cumulated for accomplishment of the particular project.

(b) The transportation planning agency may disallow, in whole or in part, any portion of the operating requirements of the applicant's claim caused by unreasonable or arbitrary increases in executive-level salaries. In making such a disallowance, the transportation planning agency may consider executive salary levels in public agencies and in the public transportation industry, both nationally and within the state, as well as pertinent indices pertaining to salary levels in the public transportation industry.

(c) The approval of the claim by the transportation planning agency shall constitute the approval specified in Section 29704 of the Government Code.

(d) The limitations of subdivision (a) shall not apply to a transit district during its first five fiscal years, if the district was formed after the effective date of this section.

99268. It is the intent of the Legislature that to the extent moneys are available, the financial assistance in the amount determined in Section 99264 shall be disbursed to the applicants by the transportation planning agency subject to the limitations in Sections 99270, 99271, and 99272 regarding moneys available for the applicant.

99269. The approved claim shall be transmitted by the transportation planning agency to the applicant, and the county auditor shall make disbursements in the manner and at the times requested by applicant, or as determined by the

2395275 56

transportation planning agency.

The approved claim of the applicant shall be reviewed by the transportation planning agency upon its own motion or upon request of the applicant, either during the fiscal year covered by the claim or thereafter. The review shall include an adjustment to reconcile the estimates on which the approved claim was based with the actual figures when these are available. The review may also include a redetermination of an approved claim if the financial needs of the applicant due to changed circumstances differ from that of the approved claim. The transportation planning agency in determining or redetermining the approved claim, shall have full access to the books, records, and accounts of the applicant.

99270. The amount of an approved claim of any municipal applicant, except an included municipal applicant under Section 99300, for any fiscal year shall not exceed the proportion of the total revenue placed by the county in the local transportation fund that the population of the municipal applicant bears to the total county population as determined by the transportation planning agency, except that a proportional amount may also be provided for transit services provided outside of the boundaries of the municipal applicant by the applicant.

99271. The approved claim of a regional applicant for any fiscal year shall, regardless of whether the applicant has boundaries that are coterminous with the boundaries of a city or county, not exceed the proportion of the total revenues placed by the county in the local transportation fund that the population of the area of the county served by the regional applicant bears to the total of the county population as determined by the transportation planning agency, except that a proportional amount may also be provided for transit services provided outside the boundaries of the applicant.

99272. The total amount of funds allocated by the transportation planning agency pursuant to this article to the various applicants within a county, including the proportionate share allocated to any multicounty applicant which includes any portion of the county, shall not exceed the proportion of the total revenue placed by the county in the local transportation fund that the population of the county receiving such transit services as determined by the transportation planning agency bears to the total of the county population.

99273. In order to utilize the money in a local transportation fund to the fullest extent, the transportation planning agency may adopt rules and regulations requiring all applicants to file an estimate of the maximum claim for a given fiscal year on a date not more than six months prior to the commencement of the fiscal year. In the case of a transit

district subject to the provisions of subdivision (b) of Section 99300, an amended claim may be filed at any time during or following a given fiscal year to permit an increase in the claim when a maximum claim permitted under Section 99271 is increased for any reason.

99274. The priorities established in Section 99240 shall be regulated as follows:

(a) For counties with a population of 500,000 or more, as determined under Section 28020 of the Government Code, as now or hereafter amended, but excluding counties with more than 4,500 miles of maintained county roads, the proportion of the total revenue placed by the county in the local transportation fund that the population within the boundaries of all applicants for claims filed under this article bears to the total county population shall be available only to satisfy claims for public transportation systems, and any revenue that is not necessary to satisfy the approved claims under this article in any year shall be available for such claims in subsequent years. The proportion of the total revenue placed by the county in the local transportation fund that the population outside of the boundaries of all applicants under this article bears to the total county population shall be available for the claims filed under Article 8 (commencing with Section 99400) of this chapter for expenditure in the area for which transit service is not provided.

(b) For counties with a population of less than 500,000 as determined under Section 28020 of the Government Code, as now or hereafter amended, and for counties with a population of 500,000 or more, as determined under Section 28020 of the Government Code, as now or hereafter amended, and with more than 4,500 miles of maintained county roads, the proportion of the total revenue placed by the county in the local transportation fund that the population within the boundaries of all applicants bears to the total county population that is not necessary to satisfy the approved claims under this article in any year may be available either for the other priorities designated in Section 99240 or for claims under this article in subsequent years upon the motion of the transportation planning agency.

99275. No funds received under this article shall be used in substitution for, or to reduce, other funds committed for services provided within the applicant's boundaries, commencing July 1, 1972.

### Article 5. Limitations on Included Municipal Applicants

99280. An included municipal applicant shall not establish a public transportation system either by adding new routes or extending existing routes, by acquisition or otherwise, outside

of its boundaries and outside of the reserved service area consisting of the area that would be formed by joining all points that are distant three-quarters of one mile from any point of any of its regularly scheduled routes in existence and in operation on March 1, 1971. No point within such reserved service area shall be more than three-quarters of a mile from a point on one of such regularly scheduled routes, without first providing the governing board of the transit district with a 60-day advance written notice of its intention to add new routes or extend existing routes outside of the reserved service area. Within 30 days of receiving such written notice, the governing body of the transit district shall either (a) notify the included municipal applicant that the transit district does not intend to add or extend the routes in question itself, in which case the included municipal applicant may proceed with implementation of its plans; or (b) serve immediate notice upon the included municipal applicant that the transit district desires to establish the proposed new service itself and is otherwise not precluded from doing so. In the event that the governing body of the transit district elects to provide the service in question, it shall institute such service within 60 days of the time proposed by the included municipal applicant for initiation of such service.

The operation by included municipal applicants of new or extended routes established pursuant to this section are subject to the condition whereby the transit district may assume operation of such new or extended routes, if it is not otherwise precluded from doing so, after a 60-day notification by the transit district to the included municipal applicant. No route so assumed by the transit district may be abandoned by the transit district without first serving a 60-day written notice of intent to abandon on the included municipal applicant which previously provided the service. Subsequent to the abandonment by the transit district, the included municipal applicant may, at its option, resume service if it is not otherwise precluded from doing so.

Any included municipal applicant, as a condition precedent to filing a claim under Article 4 (commencing with Section 99260) of this chapter, shall file with the transportation planning agency a certified route map showing those regularly scheduled routes in existence and in operation on March 1, 1971, outside of its boundaries. Such certified map shall also indicate by an appropriate legend the service area where the consent of the transit district is not required under the terms of this section.

The establishment of new routes, or the extension of existing routes, outside the boundaries of an included municipal applicant, but within the reserved service area, as defined in this section, shall not be permitted where the

operation or establishment of such routes will compete with or divert patronage from a route of the transit district as of the date the transit district is given the notice hereinafter required. Before any such new routes are established or existing routes are extended, the included municipal applicant shall give the transit district an appropriate 60-day notice.

99281. The transit district shall have authority to operate or establish new routes or extend existing routes in all or part of the area outside a municipal applicant, except where the operation or establishment of such service will compete with or divert patronage from an existing service of any included municipal applicant or service in a reserved service area under Section 99280; provided, however, that such limitation upon the district shall not apply with respect to services established outside a reserved service area by an included municipal applicant under Section 99280.

Except if both the secretary and the statutorily created regional transportation planning agency designate otherwise, the regional applicant shall have the sole prerogative of using funds available under this chapter for the purpose of constructing and operating a grade-separated mass transit system, regardless of whether the operation of such a system competes with or diverts patronage from any services of an included municipal applicant.

99282. All transit districts and all municipal applicants shall be encouraged to establish maximum coordination of public transportation services, fares, transfer privileges, and all other related matters for the overall improvement of public transportation service to the general public requiring such services within the affected areas.

99283. The consent of a transit district to the operation of a public transportation system by an included municipal applicant pursuant to Section 99280 may include a requirement for interchange of transfers on an appropriate basis between the public transportation system of the included municipal applicant and the public transportation system of the transit district, or any nominee of such transit district, in connection with the furnishing of services by such public transportation systems.

99284. The violation by a transit district or an included municipal applicant of any provisions of this article, or of any agreement between them with regard to providing public transportation services, shall disqualify the transit district or the included municipal applicant, as the case may be, from filing a public transportation claim pursuant to Article 4 (commencing with Section 99260) of this chapter, and the transportation planning agency shall take no further action in connection with the approval of any pending public

2385360 72

transportation claim of the transit district or of the municipal applicant, as the case may be, until it determines that such violation has ceased.

99285. The provisions of this article shall control over the provisions of any other act or law applicable to a transit district to the extent of any conflict with such provisions.

## Article 6. Miscellaneous

99300. The maximum amount of the approved claim of each of the included municipal applicants within the Southern California Rapid Transit District and of the district itself shall be determined as follows:

(a) In the case of an included municipal applicant, the amount shall equal the amount the district as a regional applicant would be eligible for pursuant to Section 99271, if there were no included municipal applicants in the district, times the ratio of the total miles traveled within the district by the conveyances of the public transportation system of the included municipal applicant to the total miles traveled within the district by the conveyances of such systems of all such applicants in the district and of the district itself as determined by the secretary for the last calendar year.

(b) In the case of the district itself, the amount shall equal the amount it would be eligible for as a regional applicant pursuant to Section 99271, if there were no included municipal applicants in the district, less the approved claims of all of the included municipal applicants within the district.

99301. (a) Any city, county, or transit district may enter into a contract with any municipal or regional applicant, except with an included municipal applicant unless specifically approved by the governing body of the transit district in whose area the included municipal applicant is located, for such applicant to provide public transportation service in such city, county, or transit district.

(b) In such a case, the applicant providing such service may include the claim of the city, county, or transit district, as the case may be, with its claim.

(c) Subdivision (b) shall not apply to any included municipal applicants whose maximum claim is determined pursuant to subdivision (a) of Section 99300.

99302. Notwithstanding the fact that the Metropolitan Transportation Commission is not required to adopt a regional transportation plan until June 30, 1973, for the region comprised of the City and County of San Francisco and the Counties of Alameda, Contra Costa, Marin, Napa, San Mateo, Santa Clara, Solano, and Sonoma, it may approve the claim of any applicant within the region.

The commission shall approve those claims which will not

result in the undesirable duplication of public transportation services, and which will provide for a coordinated public transportation system, in the region.

The commission may, on its own motion, arbitrate differences (1) between the various applicants, (2) between an applicant and a city or county regarding the costs of the extension of services, and (3) between the various entities within the region regarding priorities and the order that various improvements are to be made.

99303. (a) No provision of Article 5 (commencing with Section 99280) of this chapter shall preclude the San Francisco Bay Area Rapid Transit District from planning, acquiring, constructing, and operating its system within or without the territory of the district as provided for by Article 5 (commencing with Section 29030), Chapter 6, Part 2 of Division 10. Notwithstanding the provisions of subdivision (d) of Section 99220, in the event an extension is to be made into a county for which services have not been provided, the moneys within the fund of that county may be used to pay the costs of securing such services; provided, however, in a county containing a countywide transit district authorized by statute and established by a vote of the people, the governing board of the district shall also approve the payment of such costs.

(b) Notwithstanding subdivision (a) or the limitations of Section 99271 and 99272, during a period of up to five years that the San Francisco Bay Area Rapid Transit District is planning any extension of its system into a county outside of the district but with a conterminous boundary with the district and which contains a major transportation facility belonging to another county or city and county, the Metropolitan Transportation Commission may order that any funds in the local transportation fund of such county that are not necessary to pay approved claims under Article 4 (commencing with Section 99260) of this chapter be retained.

99304. Any interest or other income earned by investment or otherwise of the local transportation fund shall accrue to and be a part of the fund.

99305. Up to 50 percent of the amount transferred monthly pursuant to subdivision (a) of Section 7102 of the Revenue and Taxation Code from the Retail Sales Tax Fund to the State Transportation Fund, which is hereby created, shall be available, when appropriated by the Legislature, for expenditure by the secretary to equally match other funds to perform the continuing comprehensive transportation planning process by councils of governments or to obtain federal funds to this end, and the balance shall be available, when appropriated by the Legislature, for the following purposes:

(a) State transportation planning.

## Article 7. Limited Obligation Bonds

99320. This article is not applicable in a county where the transit district has been provided bonding authority by statute.

99320.5. If the transportation planning agency determines that the cost of an approved claim for capital expenditures for public transportation purposes, excluding highways, within a county is, together with all other approved claims to be paid from the local transportation fund of such county, in excess of the money in such fund for the fiscal year, the board of supervisors of such county shall be notified to call an election in conformity with the provisions of this article.

99321. For purposes of this article, "limited obligation bonds" are bonds payable solely from the local transportation fund of the county. The money, or portion thereof, designated by the transportation planning agency in such fund to pay interest and redemption charges shall hereafter be referred to as "revenues."

99322. In determining the amount of bonds to be issued, the transportation planning agency may include:

(a) All costs and estimated costs incidental to or connected with the acquisition, construction, improving or financing of the improvements.

(b) All engineering, inspection, legal and fiscal agent's fees, costs of the bond election and of the issuance of such limited obligation bonds, bond reserve funds and working capital and bond interest estimated to accrue during the construction period and for a period of not to exceed 12 months after completion of construction.

(c) All costs for equipment.

99323. The bonds and the resolution providing for their issuance shall state that they are limited obligation bonds payable solely from the revenues.

99324. The term of bonds issued shall not exceed 31 years.

99325. The bonds shall be sold as the transportation planning agency shall determine but for not less than a price which will produce a net interest cost that will not exceed an average of 7 percent a year as determined by standard tables of bond values.

99326. The bonds are special obligations of the county and shall be a charge against and are secured by a lien upon and shall be payable, as to the principal thereof and interest thereon, and any premiums upon the redemption thereof, solely from the revenues and such funds as are described in the resolution authorizing the issuance of the bonds.

99327. By resolution, the board of supervisors shall pledge, place a charge upon, and assign all or any part of the revenues for the security of the bonds.

99328. The payment of interest on and principal of the bonds and any premiums upon the redemption of any thereof are secured by an exclusive pledge, charge, and lien upon all or the designated portion of the revenues.

99329. The revenues and any interest earned on the revenues constitute a trust fund for the security and payment of the interest on and principal of the bonds.

99330. So long as any bonds or interest thereon are unpaid following their maturity, the revenues or the designated portion and interest thereon shall not be used for any other purpose.

99331. If the interest and principal of the bonds and all charges to protect or secure them are paid when due, an amount or amounts for other purposes may be apportioned from the revenues or the designated portion thereof.

99332. Bonds of the same issue shall be equally secured by a pledge, charge, and lien upon the revenues specified in the resolution authorizing the issuance of the bonds, without priority for number, or date of bonds, of sale, of execution, or of delivery pursuant to this chapter and the resolution authorizing the issuance of the bonds; except that any county, with the consent of the transportation planning agency, may authorize the issuance of bonds of different series and may provide that the bonds in any series shall, to the extent and in the manner prescribed in the resolution, be subordinated and be junior in standing, with respect to the payment of principal and interest and the security thereof, to such other bonds as may be specified in the resolution.

99333. The general fund or any other fund of the county shall not be liable for the payment of the bonds or their interest.

99334. The general credit or taxing power of the county, other than the sales and use tax as herein provided, shall not be liable for the payment of the bonds or their interest.

2325435 84

99335. The holder of the bonds or coupons shall not compel the exercise of the taxing power by the county, other than the sales and use tax as herein provided, or the forfeiture of its property.

99336. The principal of and interest on the bonds and any premiums upon the redemption of any thereof are not a debt of the county, nor a legal or equitable pledge, charge, lien, or encumbrance upon any of its property, or upon any of its income, receipts, or revenues, except the revenues that may be legally applied, pledged, or otherwise made available to their payment.

99337. Every bond shall recite in substance that the principal of and interest on the bond are payable solely from the revenues pledged to its payment and that the county is not obligated to pay it, except from the revenues.

99338. The bonds and interest or income from the bonds are exempt from taxation in this state, except from gift, inheritance, and estate taxes.

99339. In the resolution authorizing the bonds, the board of supervisors may, with the consent of the transportation planning agency, insert any of the provisions authorized by this article, which shall become a part of the contract with the bondholders.

99340. The transportation planning agency may provide for limitations on:

(a) The purpose to which the proceeds of sale of any issue of bonds may be applied.

(b) The issuance of additional bonds for the same purpose and the lien of additional bonds.

99341. The transportation planning agency may provide for events of default and terms upon which the bonds may be declared due before maturity and the terms upon which the declaration and its consequences may be waived.

99342. The transportation planning agency may provide for the rights, liabilities, powers, and duties arising upon the county's breach of any covenants, conditions, or obligations.

99343. The transportation planning agency may provide for the vesting in a trustee of the right to enforce covenants to secure payment of or in relation to the bonds, and the trustee's powers and duties and the limitation of his liabilities.

99344. The transportation planning agency may provide for the terms upon which the bondholders or any percentage of them may enforce covenants or duties imposed by this article.

99345. The transportation planning agency may require the board of supervisors to provide in the resolution for a procedure for amending or abrogating the terms of the resolution with the consent of the holders of a specified number of the bonds.

93354SS 88

99346. Any resolution containing such a procedure may also provide for meetings of bondholders or for their written assent without a meeting and the manner of consenting, with or without a meeting.

99347. The resolution shall specifically state the effect of amendment upon the rights of the holders of all of the bonds and attached or detached interest coupons and shall be binding upon the holders of all of the bonds and coupons issued pursuant to the resolution.

99348. The transportation planning agency may provide for any other acts and things necessary, convenient or desirable to secure the bonds or tending to make them more marketable.

99349. The county shall pay or cause to be paid the principal and interest of the bonds on the date, at the place, and in the manner mentioned in the bonds and coupons and in accordance with the resolution authorizing their issuance.

99350. During the period that any of the bonds and the interest thereon are unpaid, the county shall prescribe, revise and collect taxes in the manner provided by Part 1.5 (commencing with Section 7200) of Division 2 of the Revenue and Taxation Code.

99351. After making allowances for contingencies and error in the estimates, the taxes, for the respective purposes hereinafter set forth, shall be at least sufficient to pay the following amounts in the order set forth:

(a) The interest on and principal of the bonds as they become due and payable.

(b) All payments required for compliance with the resolution authorizing the issuance of the bonds or any other contract with the bondholders, including the creation of sinking and reserve funds.

(c) All payments to meet any other obligations of the county which are charges, liens, or encumbrances upon the revenues.

99352. A separate, distinct and special account shall be created at or before the issuance of the bonds, which shall be maintained continuously in the local transportation fund during the time that any of the bonds or the interest thereon are outstanding and unpaid.

99353. All designated revenues shall be deposited in the special account and payments shall be made therefrom as provided in Section 99351.

99354. The county shall preserve and protect the security of the bonds and the rights of the bondholders and warrant and defend their rights against all claims and demands of all persons.

99355. In order to fully preserve and protect the priority and security of the bonds, the county shall pay from the

93385475 91

special account in the local transportation fund and discharge all lawful claims for labor, materials and supplies, which if unpaid may become a lien or charge upon the designated revenues prior or superior to the lien of the bonds or impair the security of the bonds.

99356. The county shall hold in trust the revenues pledged to the payment of the principal of and interest on the bonds for the benefit of the bondholders and shall apply the same pursuant to the resolution authorizing the issuance of the bonds or to the resolution as modified.

99357. The county may invest funds held in reserve, or in any sinking fund, or funds not required for immediate disbursement, in property or securities in which counties may legally invest funds subject to their control. No such investment shall be made in contravention of any covenant or agreement in any resolution authorizing the issuance of any outstanding bonds.

99358. The county shall keep proper books of record and accounts of the revenues, separate from all other records and accounts, in which complete and correct entries shall be made of all transactions relating to the revenues.

99359. At all times the books shall be subject to the inspection of the holders of not less than 10 percent of the outstanding bonds or their representatives authorized in writing.

99360. The county shall cause to be published a summary statement showing the amount of revenues deposited which are required as security for payment of the principal of and interest on the bonds, the disbursements from such revenues in reasonable detail, and a general financial statement.

99361. The statement shall be published annually, not more than 120 days after the close of each fiscal year. The county shall furnish a copy of the statement to any bondholder upon request.

99362. In the resolution authorizing the bonds, the county may agree that the statement shall be prepared or audited by an independent certified public accountant and shall be in the form and contain the detail specified in the resolution.

99363. The duties set forth in this article do not require the county to expend any funds other than revenues pledged to secure payment of the principal of or interest on bonds as provided in this article.

99364. A fiscal or paying agent may be appointed as now or as may hereafter be provided in Article 7 (commencing with Section 54550), Chapter 6, Part 1, Division 2, Title 5 of the Government Code.

99365. An action to determine the validity of bonds may be brought pursuant to Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure.

99366. Bondholders shall have the remedies as now or as may hereafter be provided in Article 10 (commencing with Section 54640), Chapter 6, Part 1, Division 2, Title 5 of the Government Code.

99367. The bonds may be refunded in the manner now or as may hereafter be provided in Article 11 (commencing with Section 54660), Chapter 6, Part 1, Division 2, Title 5 of the Government Code.

99368. Without the issuance of bonds hereunder, a pledge or allocation from revenues for the payment of bonds and interest issued or to be issued under any other law, may be made upon the approval thereof in the manner provided for the issuance of bonds hereunder.

99369. All bonds issued in pursuance of the provisions of this article shall by their issuance be conclusive evidence of the regularity, validity and legal sufficiency of all proceedings, acts and determinations in any wise pertaining thereto, had or made hereunder; and, after the same have been issued, no sales tax levied or collected for the purpose of paying the principal or interest on the bonds shall be held to be invalid or illegal, or set aside by reason of any error, informality, irregularity, omission or defect in any of the proceedings, acts or determinations in any wise pertaining to the issuance or payment of the bonds, and not amounting to a want of due process of law under the Constitution.

99370. All bonds by their issuance in pursuance of the provisions of this article shall by their issuance be conclusive evidence of the regularity, validity and sufficiency of all proceedings, acts and determinations in any wise pertaining thereto, had or made hereunder.

99371. Any action, suit or proceeding of any kind or nature in which the validity of any of the proceedings taken under the provisions of this article is questioned or attacked, shall be filed within 30 days after the day of the adoption of the resolution providing for the issuance of the bonds and in case such action is not brought raising such issue within such period, then thereafter all persons whatsoever shall be barred in any action, suit or proceeding from pleading, asserting or claiming that any of the proceedings or other actions herein specified, were defective, faulty or invalid in any respect.

99372. This article and all of its provisions shall be liberally construed to the end that the purposes hereof may be effective. If any section, subsection, sentence, clause or phrase of this article is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portion of this article. It is hereby declared that this article would have been passed irrespective of the fact that any one or more sections, subsections, sentences, clauses or phrases be declared unconstitutional.

99373. Proceedings are initiated to issue bonds within the meaning of this article when the board of supervisors, by majority vote, adopts a resolution in conformity with the notification from the secretary.

99374. At its next subsequent meeting, the board of supervisors shall pass an ordinance ordering the submission of the proposition of incurring a bonded debt for the purposes set forth in the resolution to the qualified voters of the county at an election held for that purpose.

99375. Propositions for more than one object or purpose may be submitted at the same election.

99376. The ordinance shall recite:

(a) The object and purpose of incurring the indebtedness.

(b) The estimated cost of the public improvements.

(c) The amount of the principal of the indebtedness.

(d) The rate or maximum rate of interest on the indebtedness, which shall not exceed 7 percent, and need not be recited if it does not exceed 4½ percent. Such interest shall be payable semiannually, except that interest for the first year after the date of the bonds may be made payable at the end of such year.

(e) The date of the election.

(f) The manner of holding the election and the procedure for voting for or against the proposition.

99377. The ordinance may provide that the estimated cost stated therein of the public improvements includes any or all of the following:

(a) Legal or other fees incidental to or connected with the authorization, issuance and sale of the bonds.

(b) The costs of printing the bonds and other costs and expenses incidental to or connected with the authorization, issuance and sale of the bonds.

(c) If the public improvements are revenue-producing public works, bond interest estimated to accrue during the construction period and for a period of not to exceed 12 months after completion of construction.

If such statement is made, the proceeds of the sale of the bonds may be used to pay such of the foregoing as are stated in the ordinance.

This section shall not be construed to authorize a city to use the proceeds of the sale of bonds for a purpose for which it could not use its general fund.

99378. The ordinance shall be published once a day for at least seven days in a newspaper published at least six days a week in the county, or once a week for two weeks in a newspaper published less than six days a week in the county.

If there are no such newspapers, it shall be posted in three public places in the county for two succeeding weeks.

No other notice need be given.

99379. If an election called pursuant to this article is consolidated with any other election, the ordinance calling the bond election need not set forth the election precincts, polling places and officers of election, but may provide that the precincts, polling places and officers of election shall be the same as those set forth in the ordinance, order, resolution or notice calling or providing for or listing or designating the precincts, polling places and election officers for the election with which the election called pursuant to this article is consolidated, and shall refer to such ordinance, order, resolution or notice by number and title or date of adoption, or by date or proposed date of publication and the name of the newspaper in which publication has been or will be made, or by any other definite description.

99380. Except as otherwise provided in the ordinance, the election shall be conducted as other county elections.

99381. If two-thirds of the electors voting on the proposition vote for it, the bonds shall be issued.

99382. When two or more propositions for incurring indebtedness are submitted at the same election, the votes cast for and against each proposition shall be counted separately.

99383. If any proposition is defeated, the transportation planning agency shall reconsider the application pertaining thereto. Another election on a substantially similar proposition shall not be called within the county pursuant to this article within six months after the prior election.

## Article 8. Other Claims for Funds

99400. Claims may be filed with the transportation planning agency by applicants under this article for the following purposes:

(a) Balanced transportation planning, including the activities of statutorily created regional transportation agencies or of entities created by interstate compacts to perform regional transportation planning.

(b) Public transportation research and demonstration projects.

(c) Right-of-way acquisition and construction of local streets and roads, including facilities provided for the exclusive use by pedestrians and bicycles.

(d) Payments to the National Railroad Passenger Corporation for passenger rail service under Section 403(b) of the Federal Rail Passenger Service Act.

The transportation planning agency shall promulgate rules and regulations for the evaluation and review of plans, claims and corresponding budgets. The rules and regulations may be revised by the transportation planning agency from time to

time and shall provide for the orderly and periodic distribution of funds, but the payment of claims under this article shall not reduce the amounts available for payment of claims under Article 4 (commencing with Section 99260) of this chapter.

99401. A city, county or transit district may, after the operative date of this section, and at least 90 days prior to the beginning of the following fiscal year and any fiscal year thereafter, file with the transportation planning agency a claim supported by a budget or financial plan setting forth a statement of estimated financial needs, accompanied by such other documents as may be required.

99402. In the claim, the applicant may request the disbursement of money from the local transportation fund to satisfy its estimated financial needs in order to meet its requirements for the purposes described in Section 99400.

99403. The transportation planning agency shall review the budget or financial plan filed by the city or county and shall, from the analysis and evaluation thereof and giving consideration to the probable amount of claims to be paid under Article 4 (commencing with Section 99260) of this chapter and other claims from within the same county filed under this article, determine the estimated financial assistance required for the applicable fiscal year by each applicant, which amount, when determined, shall constitute and be called the "approved annual claim" of the applicant.

99404. In the event of disagreement, an applicant may submit to the secretary a copy of the budget or financial plan submitted by each applicant. The findings of the secretary in determining the amount of the approved claims of the applicants shall be transmitted to the county auditor and used as the basis for payment.

99405. (a) The approved claim may in no year exceed 50 percent of the amount required to meet the applicant's total proposed expenditures.

(b) With respect to the budgeted capital requirements in the claim of an applicant for major new facilities, the transportation planning agency notwithstanding the 50-percent limitation specified in subdivision (a), may approve up to the amount so budgeted, if the construction of such facilities has been found to be not inconsistent with regional plans by the recognized transportation planning agency for the region.

99406. It is the intent of the Legislature that, to the extent moneys are available, the financial assistance in the amount determined in Section 99403, 99404, or 99405 shall be distributed to the applicant, subject to the limitation in Section 99270.

99407. The approved claim shall be transmitted by the

transportation planning agency to the applicant and the county auditor shall make disbursements in the manner and at the times required by the applicant, or as determined by the transportation planning agency. The approval of the claim by the transportation planning agency shall constitute the approval specified in Section 29704 of the Government Code.

The approved claim of the applicant shall be reviewed by the transportation planning agency upon its own motion either during the fiscal year or thereafter. The review shall include an adjustment to reconcile the estimates on which the approved claim was based with the actual costs when these are available. The transportation planning agency, in determining or redetermining the approved claim, shall have full access to the books, records, and accounts of the applicant.

SEC. 4. Section 6011 of the Revenue and Taxation Code is amended to read:

Such contract shall be operative not earlier than the first day of the first calendar quarter commencing after its execution. During the period of time that the board is not administering the sales and use tax ordinance of a city, county or city and county, no ordinance of such city, county or city and county shall be considered to be an ordinance enacted in accordance with this part.

SEC. 18. Section 8101.5 of the Revenue and Taxation Code is amended to read:

8101.5. No refund of any tax shall be granted on motor vehicle fuel used in propelling an aircraft in the state, except the following refunds:

(c) Five cents ($0.05) of the tax upon each gallon of motor vehicle fuel used in propelling any aircraft, other than an aircraft referred to in subdivision (a) or (b) of this section.

(d) Any tax on motor vehicle fuel used in an aircraft engine incident to the business of construction or reconstructing by manufacture or assembly of completed aircraft or in the modification, overhaul, repair, maintenance or service of aircraft.

The Legislature hereby declares its intent that the motor vehicle fuel used in propelling an aircraft, upon which the fuel tax is refunded in part, shall be subject to the provisions of Section 6357 with respect to the collection of sales and use tax thereon to the same extent as if the entire amount of the fuel tax had been refunded.

SEC. 20. Section 30462 of the Revenue and Taxation Code is amended to read:

30462. All money deposited in the Cigarette Tax Fund under this part is hereby appropriated, subject to the provisions of any budget bill heretofore or hereafter enacted and Section 13006 of the Government Code, and shall, upon order of the State Controller, be drawn therefrom and allocated for the following purposes:

(a) To pay the refunds authorized by this part.

(b) To the Controller an amount not to exceed one hundred fifty thousand dollars ($150,000) in each fiscal year.

(c) For transfer to the credit of a special account in the General Fund, an amount equal to 30 percent of the money in the fund which is derived from taxes imposed on and after October 1, 1967, less 30 percent of the cost of administering this part, such money to be disbursed by the Controller on or before December 15, 1967, and on the 15th day of each month thereafter to each city and county in this state in the following manner:

(1) The money to be allocated pursuant to this subdivision shall first be divided into two separate accounts, one for the cities and counties and counties of this state and one for the cities of this state. In order to determine the amount of money in each account, the Controller shall first determine the amount due each county, city and county and city in this state in the proportion that sales tax revenues transmitted pursuant to Part 1.5 (commencing with Section 7200) of this division to each such city, city and county and in the unincorporated territory of a county bear to the total of such revenue in the state. In making such determinations, the Controller shall not consider any revenues derived from that portion of the taxes imposed by the county at a rate in excess of 1 percent pursuant to Part 1.5 (commencing with Section 7200) of this division. The amount due each county and city and county shall be allocated in accordance with this formula and the amount due each city shall be allocated pursuant to paragraph (2) or paragraph (3) of this subdivision.

(2) Upon the application of any city for an allocation pursuant to this paragraph, the Controller shall determine the amount of revenue derived from the city's selective local tax on, or with respect to, the sale, distribution, use, consumption, or holding of cigarettes or any other tobacco product during the 1966–1967 fiscal year, or which would have been derived from such tax if the rate in effect on August 1, 1967, had been in effect throughout such fiscal year. This amount shall be adjusted, beginning on July 1, 1969, by the percentage by

which the cigarette tax revenues have increased or decreased. For the 1969–1970 fiscal year the percentage shall be derived by comparing the revenues deposited in the Cigarette Tax Fund during the period January 1 through June 30, 1969, with those deposited during the period January 1 through June 30, 1968. For the 1970–1971 fiscal year and each fiscal year thereafter, the percentage shall be derived by comparing revenues deposited in the Cigarette Tax Fund during the preceding fiscal year with those deposited during the entire 1968–1969 fiscal year. The amount computed after applying the percentage factor shall then be reduced by deducting the cost to the city of administering and collecting any such tax for the 1966–1967 fiscal year. If such amount, when divided by 12, is more than the amount which would be disbursed to the city at the time of the next allocation pursuant to paragraph (3) of this subdivision, an amount equal to the amount which such city would have netted from its own tax shall be allocated to such city each month pursuant to this paragraph from the account established for cities in paragraph (1), and no allocation shall be made to such city pursuant to paragraph (3) until such time as the city rescinds its right to receive an allocation under this paragraph. A city which has rescinded such right may not, thereafter, file another application for an allocation pursuant to this paragraph. No city shall be eligible for a subvention pursuant to this paragraph unless, on August 1, 1967, it in fact imposed a selective local tax on, or with respect to, the sale, distribution, use, consumption or holding of cigarettes or any other tobacco product.

(3) (A) After making any allocations required by paragraph (2) of this subdivision, 50 percent of the revenue remaining in the account for the cities of this state shall be allocated to the remaining cities in the proportion that sales tax revenues transmitted pursuant to Part 1.5 (commencing with Section 7200) of this division to each remaining city bears to the total of such revenue transmitted to all remaining cities.

(B) Fifty percent thereof shall be paid to the cities receiving an allocation under this paragraph in the proportion that the population of each such city bears to the total population of all cities in this state receiving an allocation under this paragraph, as determined by the Controller. For the purpose of this subdivision the population of each city is that determined by the Controller in the manner specified in Section 11005 of this code.

(d) The balance remaining in the fund shall be transferred to the General Fund of this state.

The allocation provided for in subdivision (c) shall not be made to any county, or city which, after October 1, 1967, imposes a selective local tax on, or with respect to, the sale, distribution, use, consumption, or holding of cigarettes or any

2385785 148

other tobacco product.

Moneys disbursed pursuant to subdivision (c) of this section may be used for county, city and county, or city purposes, and may, but need not necessarily, be used for purposes of general interest and benefit to the state.

SEC. 21. If any provision of this act or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

SEC. 22. The provisions of this act shall become operative on July 1, 1972.

[Approved by Governor November 8, 1971. Filed with Secretary of State November 8, 1971.]

*The people of the State of California do enact as follows:*

SECTION 1. Article 5 (commencing with Section 830) is added to Chapter 4 of Division 1 of the Streets and Highways Code, to read:

### Article 5. Allowances to Water Districts for Severance Aid

830. For purposes of this article, the term "public water district" means any special district, as defined in subdivision (m) of Section 54775 of the Government Code, which has, among its powers, the power to store, control, or distribute water.

831. Whenever real property within a public water district is acquired for state highway purposes on or after the effective date of this section, the director shall calculate an amount of severance aid as provided in this section, in addition to any other allowances provided by law to be paid to the district.

For the five-year period following the acquisition of such property, based on the amount of tax revenues the district would have received from such property if there had been no such acquisition, the director shall calculate the district's severance aid as follows: for the year following such acquisition, the district shall be allowed the amount of tax revenues that would have been paid during the year of acquisition, if the taxes assessed on the property acquired were then paid in

full; for the second year, the district shall be allowed 80 percent of such amount; for the third year, the district shall be allowed 60 percent of such amount; for the fourth year, the district shall be allowed 40 percent of such amount; and for the fifth year, the district shall be allowed 20 percent of such amount.

832. On or before April 20th of each year, the director shall determine and certify to the State Controller the amount of severance aid computed and to be allowed to water districts under Section 831 for the fiscal year. On or before May 15th of each year, the State Controller shall allocate from the Motor Vehicle Transportation Tax Fund the amount of severance aid computed and to be allowed to water districts for the current fiscal year as so certified.

The department may charge or allocate the amounts so transferred to the appropriate particular projects on account of which the severance aid was computed.

833. (a) No money shall be allocated to any water district for any fiscal year pursuant to this article, unless the Legislature approves such allocation for that fiscal year pursuant to this section by appropriating the money from the Motor Vehicle Transportation Tax Fund for such purpose.

(b) In case the amount of money appropriated by the Legislature for purposes of this article during any fiscal year is insufficient to pay the amounts provided for in Section 831, the amounts provided for in that section shall be reduced proportionately.

834. No allowance of severance aid shall be made as provided in Section 831 unless the total assessed value of taxable real property within the water district is reduced by 2 percent or more during a fiscal year by reason of acquisitions giving rise to severance aid as provided in Section 831. In determining whether or not the value of such acquisitions is equal to 2 percent or more of the value of taxable real property, all such acquisitions made during each fiscal year shall be considered as one sum.

*The people of the State of California do enact as follows:*

"Construction" also includes payments made by a county under any lease-purchase agreement or similar arrangement authorized by law and payments for the necessary repair or improvements of property which is leased from the federal government or other public entity without cost to the county for a term of not less than 10 years. It does not include architects' fees or the cost of land acquisition.

(c) The amount of state assistance which shall be provided to any county shall not exceed 50 percent of the project cost approved by the Youth Authority, and, in no event shall it exceed three thousand dollars ($3,000) per bed unit of the new juvenile home, juvenile ranch, camp, or forestry camp or per bed unit added to an existing juvenile home, juvenile ranch camp, or forestry camp, as the case may be. ## CHAPTER 1412

*An act to amend Section 17305.7 of the Education Code, relating to driver instruction and declaring the urgency thereof, to take effect immediately.*

[Approved by Governor November 8, 1971. Filed with Secretary of State November 8, 1971.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 17305.7 of the Education Code is amended to read:

17305.7. The Superintendent of Public Instruction shall also allow as otherwise provided in Section 17305 for the driver training instruction necessary to be safely tested for a driver's license at the Department of Motor Vehicles, those physically handicapped minors, mentally retarded minors who come within the provisions of Section 6902, and educationally handicapped minors who are in attendance in a public secondary school in California which offers such qualified instruction, and who may qualify for a driver's license, or other license, issued by the California Department of Motor Vehicles, a total allowance not to exceed two hundred dollars ($200) including the reimbursement provisions set forth in Section 18251 to each school district and county superintendent of schools. All driver training for pupils herein described must be provided by qualified teachers, as defined by Sections 18252.1 and 18252.2. The provisions of this section may not be applied if reimbursement allowable under Sections 18251 to 18255, inclusive, is sufficient to meet the total cost of instruction as herein described.

It is the intent of the Legislature that driver training instruction be provided pupils as a part of the high school curriculum, and the Legislature finds and declares that exceptional children are entitled to the benefit of such instruction so far as their individual capabilities permit, understanding that those pupils herein described often require individualized and amplified driver training instruction in order to succeed

in becoming safe operators of motor vehicles. Since without a means of self-transportation much of the overall program of education and rehabilitation provided for by the Legislature would be of little avail to the person without the mobility required to become a productive and well-adjusted member of society, the Legislature further declares that it is incumbent upon the state to share in the cost of providing a most needed and desirable program of driver training instruction for these exceptional children.

SEC. 2. This act shall become operative on September 1, 1971.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Educable mentally retarded minors are receiving special education in secondary schools which make them economically useful, however ordinary driver instruction allowances are insufficient to afford them adequate driver training instruction. In order to provide adequate driver training instruction to educable mentally retarded minors, it is necessary that the additional funds made available by this act be available at the earliest possible time in the 1971–1972 school year. It is therefore necessary that this act take immediate effect.

Such units shall be known as "eligible attendance units."

The board shall then determine an "eligible facilities cost" by multiplying the number of such eligible attendance units by the average cost of housing elementary or high school pupils as set forth in the latest report to the Legislature required under Section 19627.

In any fiscal year in which the school district is in the judgment of the board operating sufficient year-around classes to provide housing for the eligible attendance units aforementioned, the Director of General Services shall add to the amount which he is required to certify to the Controller under Sections 19602, 19615 and 19615.5 an amount equal to one-twentieth of such eligible facilities costs.

If a natural person be designated, the statement shall set forth his complete business or residence address. If a corporate agent be designated, the statement shall set forth the state or place under the laws of which such agent was incorporated and the name of the city, town or village wherein it has the office at which the corporation designating it as such agent may be served, as set forth in the certificate filed by such corporate agent pursuant to Sections 3301.5, 3301.6, 6403.5 or 6403.6.

11120. As used in this article, "record" with respect to any person means the master record sheet maintained under such person's name by the Bureau of Criminal Identification and Investigation, and which is commonly known as "arrest record," "criminal record sheet," or "rap sheet." "Record" does not include any other records of the bureau.

11122. If such record is maintained, the bureau shall inform the applicant by mail of the existence of the record and shall specify a time when the record may be examined at a suitable facility of the bureau. Such offices shall follow the provisions of this article applicable to cities and counties with respect to applications and fees. When an application is transmitted to the bureau pursuant to this section, the bureau shall make arrangements for the applicant to examine the record at his place of confinement. In all other

respects, the provisions of Section 11124 shall govern the examination of the record.

11126. (a) If the applicant desires to question the accuracy or completeness of any matter contained in the record, he may submit a written request, to the bureau in a form established by it. The request shall include a statement of the alleged inaccuracy or incompleteness in the record, and specify any proof or corroboration available. Upon receipt of such request, the bureau shall forward it to the person or agency which furnished the questioned information. Such person or agency shall, within 30 days of receipt of such written request for clarification, review its information and forward to the bureau the results of such review.

(b) If such agency concurs in the allegations of inaccurateness or incompleteness in the record, it shall correct its record and shall so inform the bureau, which shall correct the record accordingly. The bureau shall inform the applicant of its correction of the record under this subdivision within 30 days.

(c) If such agency denies the allegations of inaccurateness or incompleteness in the record, the matter shall be referred for administrative adjudication in accordance with Chapter 5 (commencing with Section 11500) of Part 1, Division 3, Title 2 of the Government Code for a determination of whether inaccuracy or incompleteness exists in the record. The agency from which the questioned information originated shall be the respondent in the hearing. If an inaccuracy or incompleteness is found in any record, the agency in charge of that record shall be directed to correct it accordingly. Judicial review of the decision shall be governed by Section 11523 of the Government Code. The applicant shall be informed of the decision within 30 days of its issuance in accordance with Section 11518 of the Government Code.

11127. The bureau shall adopt all regulations necessary to carry out the provisions of this article.

11526. (a) The design, improvement and survey data of subdivisions and the form and content of tentative and final maps thereof, and the procedure to be followed in securing official approval are governed by the provisions of this chapter and by the additional provisions of local ordinances dealing with subdivisions, the enactment of which is required by this chapter.

(b) Local ordinances may provide a proper and reasonable fee to be collected from the subdivider for the examination of tentative and final maps.

(c) No city or county shall approve a tentative or final subdivision map unless the governing body shall find that the proposed subdivision, together with the provisions for its design and improvement, is consistent with applicable general or specific plans of the city or county.

SEC. 4. Section 11526.1 is added to the Business and Professions Code, to read:

11526.1. No city or county shall approve a final subdivision map for any land project, as defined in Section 11000.5, unless:

(a) The city or county has adopted a specific plan covering the area proposed to be included within the land project.

(b) The city or county finds that the proposed land project, together with the provisions for its design and improvement, is consistent with the specific plan for the area.

SEC. 5. Section 11535 of the Business and Professions Code is amended to read:

11535. (a) "Subdivision" refers to any real property, improved or unimproved, or portion thereof, shown on the latest equalized county assessment roll as a unit or as contiguous units, which is divided for the purpose of sale, lease, or financing, whether immediate or future, by any subdivider into five or more parcels; provided, that this chapter shall not apply to the financing or leasing of apartments, offices, stores, or similar space within an apartment building, industrial building, commercial building, or trailer park, nor shall this chapter apply to mineral, oil or gas leases. Property shall be considered as contiguous units, even if it is separated by roads, streets, utility easements, or railroad rights-of-way.

(b) Subdivision does not include any parcel or parcels of land which is divided into four or less parcels. Any conveyance of land to a governmental agency, public entity or public utility shall not be considered a division of land for purposes of computing the number of parcels.

(c) Subdivision does not include the division of any real property improved or unimproved or a portion thereof shown on the latest equalized county assessment roll as a unit or as contiguous units, which is divided for the purpose of sale, lease, or financing, whether immediate or future, if any of the following conditions prevail:

(1) The whole parcel before division contains less than five acres, each parcel created by the division abuts upon a public street or highway and no dedications or improvements are required by the governing body.

(2) Any parcel or parcels divided into lots or parcels, each of a gross area of 20 acres or more, and each of which has an approved access to a maintained public street or highway.

(3) Any parcel or parcels of land having approved access to a public street or highway which comprises part of a tract of land zoned for industrial or commercial development, and which has the approval of the governing body as to street alignments and widths.

(4) Any parcel or parcels of land divided into lots or parcels, each of a gross area of forty (40) acres or more or each of which is a quarter-quarter section or larger, or such other amount, up to 60 acres, as may be specified by local ordinances.

(d) In any case provided in subdivisions (b) or (c), a tentative map or parcel map shall be submitted to the governing body or advisory agency (in the same manner as provided in this chapter for subdivisions) for approval as to area, improvements and lot design, flood and water drainage control, and as to all requirements of this section. Within one year after

approval of the tentative map, a parcel map showing each new parcel or parcels may be filed with the recorder of the county concerned. This map shall be filed prior to sale, lease, or financing of such parcels. Conveyances may be made of parcels shown on such map by number or other such designation. Upon application an extension of the approval of the tentative map, not to exceed one year, may be granted by the governing body or advisory agency.

The governing body may require dedications or an offer of dedication by separate instrument for street opening or widening or easements. If dedications or offers of dedications are required, such dedications shall be completed prior to filing of the parcel map. An offer of dedication shall be in such terms as to be binding on the owner, his heirs, assigns or successors in interest, and shall continue until the governing body accepts or rejects such offer.

In the case of subdivision (c)(3), and in the case of subdivision (b) when local ordinance provides, the governing body may require the improvement of public or private streets, highways, ways, or easements as may be necessary for local traffic, drainage and sanitary needs.

(e) Nothing contained in this chapter shall apply to land dedicated for cemetery purposes under the Health and Safety Code of the State of California.

(f) Nothing contained in this section shall in any way modify or affect any of the provisions of Section 11000 of this code.

SEC. 6. Section 11540.1 of the Business and Professions Code is amended to read:

11540.1. Nothing in this chapter prevents the governing body of any municipality or county from regulating the division of land which is not a subdivision, provided that such regulations are not more restrictive than the requirements for a subdivision. Whenever a local ordinance requires improvements for a division of land which is not a subdivision of five or more lots, such regulations shall be limited to the dedication of right-of-way, easements, and the construction of reasonable offsite and onsite improvements for the parcels being created. The validity of any conveyance, as defined in Section 1215 of the Civil Code, made contrary to the provisions of any ordinance prescribing the area or dimensions of lots or parcels, or prohibiting the reduction in area or the separation in ownership of land, or requiring the filing of a map of any land to be divided, shall not be affected, except that any such ordinance may provide that any deed of conveyance, sale or contract to sell made contrary to the provisions of such ordinance is voidable to the extent and in the same manner provided in Section 11540.

SEC. 7. Section 11549.5 is added to the Business and Professions Code, to read:

11549.5. A governing body of a city or county shall deny approval of a final or tentative subdivision map if it makes any of the following findings:

(a) That the proposed map is not consistent with applicable general and specific plans.

(b) That the design or improvement of the proposed subdivision is not consistent with applicable general and specific plans.

(c) That the site is not physically suitable for the type of development.

(d) That the site is not physically suitable for the proposed density of development.

(e) That the design of the subdivision or the proposed improvements are likely to cause substantial environmental damage or substantially and avoidably injure fish or wildlife or their habitat.

(f) That the design of the subdivision or the type of improvements is likely to cause serious public health problems.

(g) That the design of the subdivision or the type of improvements will conflict with easements, acquired by the public at large, for access through or use of, property within the proposed subdivision. In this connection, the governing body may approve a map if it finds that alternate easements, for access or for use, will be provided, and that these will be substantially equivalent to ones previously acquired by the public.

This subsection shall apply only to easements of record or to easements established by judgment of a court of competent jurisdiction and no authority is hereby granted to a governing body to determine that the public at large has acquired easements for access through or use of property within the proposed subdivision.

SEC. 7.5. Section 11549.6 is added to the Business and Professions Code, to read:

11549.6. A governing body shall not deny approval of a final subdivision map pursuant to Section 11549.5 if it has previously approved a tentative map for the proposed subdivision and if it finds that the final map is in substantial compliance with the previously approved tentative map.

SEC. 8. Section 65450.1 is added to the Government Code, to read:

65450.1. A specific plan need not apply to the entire area covered by the general plan. The legislative body or the planning agency may designate areas within a city or a county for which the development of a specific plan will be necessary or convenient to the implementation of the general plan. The planning agency may, or if so directed by the legislative body shall, prepare specific plans for such areas and recommend such plans to the legislative body for adoption.

SEC. 9. Section 65451 of the Government Code is repealed.

SEC. 10. Section 65451 is added to the Government Code, to read:

65451. Such specific plans shall include all detailed regulations, conditions, programs and proposed legislation which shall be necessary or convenient for the systematic implementation of each element of the general plan listed in Section 65302, including, but not limited to, regulations, conditions, programs and proposed legislation in regard to the following:

(a) The location of housing, business, industry, open space, agriculture, recreation facilities, educational facilities, churches and related religious facilities, public buildings and grounds, solid and liquid waste disposal facilities, together with regulations establishing height, bulk and setback limits for such buildings and facilities, including the location of areas, such as flood plains or excessively steep or unstable terrain, where no building will be permitted in the absence of adequate precautionary measures being taken to reduce the level of risk to that comparable with adjoining and surrounding areas.

(b) The location and extent of existing or proposed streets and roads, their names or numbers, the tentative proposed widths with reference to prospective standards for their construction and maintenance, and the location and standards of construction, maintenance and use of all other transportation facilities, whether public or private.

(c) Standards for population density and building density, including lot size, permissible types of construction, and provisions for water supply, sewage disposal, storm water drainage and the disposal of solid waste.

(d) Standards for the conservation, development, and utilization of natural resources, including underground and surface waters, forests, vegetation and soils, rivers, creeks, and streams, and fish and wildlife resources. Such standards shall include, where applicable, procedures for flood control, for prevention and control of pollution of rivers, streams, creeks and other waters, regulation of land use in stream channels and other areas which may have a significant effect on fish, wildlife and other natural resources of the area, the prevention, control and correction of soil erosion caused by subdivision roads or any other sources, and the protection of watershed areas.

(e) The implementation of all applicable provisions of the open-space element as provided in Article 10.5 (commencing with Section 65560) of this chapter.

(f) Such other measures as may be necessary or convenient to insure the execution of the general plan.

SEC. 11. Section 65452 is added to the Government Code, to read:

65452. Such specific plans may also include all detailed regulations, conditions, programs, and proposed legislation which may be necessary or convenient for the systematic implementation of any general plan element as provided in Section 65303.

SEC. 12. Section 65860 of the Government Code is amended to read:

65860. (a) County or city zoning ordinances shall be consistent with the general plan of the county or city by January 1, 1973.

(b) Any resident or property owner within a city or a county, as the case may be, may bring an action in the superior court to enforce compliance with the provisions of subdivision (a). Any such action or proceedings shall be governed by Chapter 2 (commencing with Section 1084) of Title 1 of Part 3 of the Code of Civil Procedure. Any action or proceedings taken pursuant to the provisions of this subsection must be taken within six months of January 1, 1973, or within 90 days of the enactment of any new zoning ordinance or the amendment of any existing zoning ordinance as to said amendment or amendments.

## CHAPTER 1452

*An act to amend Section 21252.6 of the Government Code, relating to public employees retirement.*

[Approved by Governor November 8, 1971 Filed with Secretary of State November 8, 1971.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 21252.6 of the Government Code is amended to read:

21252.6. The combined prior and current service pension for a law enforcement member, other than such member defined in Section 20017.7, subdivision (a) of Section 20017.75 or Section 20017.8 of this code, and a local safety member with respect to service to a contracting agency subject to this section, upon retirement after attaining age 55, is a pension derived from contributions of an employer sufficient, when added to that portion of the service retirement annuity which is derived from the accumulated normal contributions of the member at the date of his retirement, to equal one-fiftieth of his final compensation multiplied by the number of years of law enforcement, police, fire, or county peace officer service which is credited to him as a law enforcement member or a local safety member subject to this section at retirement. Notwithstanding the preceding sentence, this section shall apply to the current and prior service pension for any other law enforcement member based on service to which it would have

applied had the member, on July 1, 1971, been in employment described in Section 20017.77 of this code.

In no event shall the total pension for all service under this section exceed an amount which, when added to the service retirement annuity related to such service, equals 75 percent of final compensation. If the pension relates to service to more than one employer and would otherwise exceed such maximum, the pension payable with respect to each employer shall be reduced in the same proportion as the allowance based on service to such employer bears to the total allowance computed as though there were no limit, so that the total of such pensions shall equal the maximum.

This section shall not apply to a person whose effective date of retirement is prior to the operative date of this section or to a person who retires after such operative date and following reinstatement from a retirement having an effective date prior to such operative date and before rendering during such reinstatement at least one year of service in which he is subject to this section.

The Legislature reserves, with respect to any member subject to this section, the right to provide for such adjustment of industrial disability retirement allowances because of earnings of a retired person and modification of the conditions and qualifications required for retirement for disability as it may find appropriate because of the earlier age of service retirement made possible by the benefits under this section.

The percentage of final compensation provided in this section shall be reduced by one-third as applied to that part of the member's final compensation which does not exceed four hundred dollars ($400) per month for service after the effective date of coverage of a member under the federal system.

This section shall not apply to a contracting agency nor its employees unless and until the agency elects to be subject to it by amendment to its contract made in the manner prescribed for approval of contracts or in the case of a new contract, by express provision of the contract. The operative date of this section with respect to a local safety member shall be the effective date of the amendment to his employer's contract electing to be subject to this section.

Upon such election by a contracting agency subject to Section 21252.1, this section shall not apply to a local safety member then employed who entered such employment after attaining age 30, and Section 21252.1 shall continue to apply to such member unless and until he terminates such employment and more than 30 days thereafter enters employment otherwise subject to this section. Upon such later entry into employment, the member will be subject to this section with respect to all service as a local safety member rendered to any employer subject to this section.

This section shall not apply to a person who is a law enforcement member on its operative date and who entered

law enforcement service after attaining age 30 unless such person elects in writing to be subject to this section and the election is filed in the office of the board within 30 calendar days following the operative date of this section.

(b) If this bill and Assembly Bill No. 2814 are both chaptered, and Senate Bill No. 542 is not chaptered (or, if chaptered, does not add Section 11222 to the Health and Safety Code or has a lower chapter number than Assembly Bill No. 2814), and Assembly Bill No. 2814 adds Section 11222 to the Health and Safety Code, and this bill is chaptered after Assembly Bill No. 2814, then Section 11396 of the Health and

Safety Code, as amended by Section 1 of this act, shall remain operative only until the operative date of Assembly Bill No. 2814, and on the operative date of Assembly Bill No. 2814, Section 11396 of the Health and Safety Code, as amended by Section 1 of this act, is repealed, and Section 11222 of the Health and Safety Code, as proposed by Assembly Bill No. 2814, is amended in the form set forth in Section 3 of this act to incorporate the changes in law proposed by this act. Therefore, Section 3 of this act shall become operative only if Assembly Bill No. 2814 is chaptered before this bill and adds Section 11222 to the Health and Safety Code, and Senate Bill No. 542 is not chaptered (or, if chaptered, does not add Section 11222 to the Health and Safety Code or has a lower chapter number than Assembly Bill No. 2814), and in such case Section 3 of this act shall become operative on the operative date of Assembly Bill No. 2814.

### Article 1. Short Title

25700. This chapter may be cited and shall be known as the California Atomic Energy Development Law.

### Article 2. Declaration of Policy

25710. The Legislature finds and declares that the peacetime uses of atomic energy and radiation can be instrumental in improving the health, welfare and economic productivity of the people of the State of California if properly utilized, and may be hazardous to the health and safety of the public if carelessly or excessively employed. It is therefore declared to be the policy of the state to:

(a) Encourage the constructive development of industries producing or utilizing atomic energy and radiation and to eliminate unnecessary exposure of the public to ionizing radiation.

(b) Have state agencies retain their traditional jurisdictions wherever possible.

(c) Have various departments and agencies of the state which are concerned with atomic energy and radiation and its various applications develop programs designed to protect the people of the state from unnecessary exposure to radiation.

(d) Assure the coordination of the programs of the state agencies and the laws, rules and regulations incident thereto and to insure the coordination of these activities with the development and regulatory activities of local agencies, other states and the government of the United States, including the Atomic Energy Commission.

(e) Keep the public, labor, industry, and all other legitimate interests as completely informed as possible on all matters relating to peacetime atomic energy and radiation development and control in this state.

### Article 3. Definitions

The departments and agencies of the state which are concerned with atomic energy development, and the cities and counties, shall keep the secretary currently informed as to their activities and programs relating to atomic energy development.

25734. No rule or regulation applying to atomic energy development, or amendment thereto or repeal thereof, which any state agency may propose to adopt, unless it is an emergency regulation, shall be noticed under the provisions of Section 11423 of the Government Code prior to 30 days after it has been submitted to the secretary for such comments, recommendations, or suggestions he may deem necessary or desirable with respect thereto, unless the secretary in writing waives all or a portion of the 30-day period.

25734.5. Whenever the secretary determines that an existing or proposed rule or regulation is inconsistent with any rule or regulation of another agency of the state, he may, after consultation with the agencies involved, find that the proposed rule or regulation is inconsistent with a rule or regulation of the other agency and shall issue an order to that effect, in which event the proposed rule or regulation shall not become effective. The secretary may, in the alternative, upon a similar determination, direct the appropriate agency to amend or repeal the existing rule or regulation to achieve consistency with the proposed rule or regulation.

25771. The State Department of Public Health shall keep current information on the permits or licenses issued by the United States Atomic Energy Commission in the state and, along with current information on the radiation sources licensed or registered under the provisions of Section 25815, shall transmit such information upon request to any state department or agency or member of the public.

(3) Disseminate information regarding the evaluation of hazards associated with the use of sources of ionizing radiation.

Nothing in this chapter shall be construed as precluding the Division of Industrial Safety from adopting and enforcing rules and regulations relating to matters within its jurisdiction consistent with, in furtherance of, and designed to implement the provisions of this chapter and the rules and regulations adopted thereunder.

*The people of the State of California do enact as follows:*

SECTION 1. Part 7.5 (commencing with Section 36100) is added to Division 24 of the Health and Safety Code, to read:

## PART 7.5. MODEL CITIES

### CHAPTER 1. GENERAL PROVISIONS AND DEFINITIONS

#### Article 1. Legislative Findings and Declarations

36100. The Legislature finds that developing an urban problem-solving capability requires that:

(a) Federal assistance be offered in a flexible manner which allows state and local governments to define their needs, set their priorities, and design programs which respond directly to local conditions.

(b) Local governments have the skills and resources needed to lead urban problem-solving efforts.

(c) Local, state, and federal governments coordinate their independent programs so that their resources will be concentrated on the most pressing urban problems.

(d) Government develop programs which integrate specialized services of different agencies to meet the multifaceted nature of urban problems, and specifically coordinate and integrate physical and social planning and delivery of services.

36101. The Legislature further finds that the Comprehensive City Demonstration Programs, authorized under the provisions of Title I of Public Law 89-754 (42 U.S.C. 3301 et seq.) and commonly known as the "Model Cities" program, provide demonstration efforts in 150 cities throughout the United States, 11 of which are in California. The Model Cities program is a major federal effort to meet the overall requirements for developing an urban problem-solving capability. The purpose of this program is to:

(a) Provide flexible bloc grants to local governments and

waive restrictions in existing categorical grant-in-aid programs to permit state and local governments to respond to local conditions and design creative and innovative programs.

(b) Seek to develop in local governments the skills, resources, and community support needed for effective leadership in urban problem-solving efforts.

(c) Seek to coordinate and concentrate the resources of all levels of government on locally defined urban problems.

(d) Provide opportunities for government to develop programs which integrate the specialized services of various professional agencies.

36102. The Legislature further finds that, because of the state's extensive involvement in the programs which directly affect Model Cities areas, the Model Cities program will not succeed in California without significant state interest and cooperation.

36103. The Legislature hereby declares that it is the policy of the State of California to cooperate with and assist the Model Cities program in California, to coordinate state services in Model Cities areas, and to use the Model Cities program as an opportunity for developing innovative programs, especially those programs which would integrate or combine the specialized services of various departments and agencies of state government.

### Article 2. Definitions

36105. As used in this part:

(a) "Coordinator" means the Model Cities Coordinator.

(b) "Board" means a local Model Cities resources board.

### Article 3. Termination

36107. The provisions of this part shall have force and effect until such time as the provisions of Title I of Public Law 89-754 (42 U.S.C. 3301 et seq.), commonly known as the "Model Cities" program, shall expire, or until such time as the Governor shall designate upon a finding that the provisions of this part are no longer needed in seeking solutions to end our problems.

## CHAPTER 2. MODEL CITIES COORDINATOR

36110. The Governor shall appoint a Model Cities Coordinator.

36111. The coordinator shall, pursuant to the provisions of Chapters 3 (commencing with Section 36120) and 4 (commencing with Section 36130) of this part, require those state departments specified in Section 36130 to solicit requests for assistance from local Model Cities programs and shall

insure that state agencies provide assistance whenever possible.

36112. The coordinator shall coordinate all state activities in Model Cities areas in the state and may constitute such interdepartmental task forces as are necessary to effectuate the purposes of this part.

36113. The coordinator shall serve as the principal liaison officer between state government and local communities for Model Cities programs.

*An act to add Article 1.5 (commencing with Section 14785) to Chapter 6 of Part 5.5 of Division 3 of Title 1 of the Government Code, relating to paper products.*

[Approved by Governor November 10, 1971. Filed with Secretary of State November 10, 1971.]

## Article 1.5. Recycled Paper

14785. The Legislature finds and declares that it is the policy of the state to conserve and protect its resources. The maintenance of a quality environment for the people of this state now and in the future is a matter of statewide concern.

The Legislature further finds and declares that the volume of solid waste generated within the state coupled with an increased rate in the consumption of paper products and the absence of adequate programs and procedures for the reuse of these materials threaten the quality of the environment and well-being of the people of California.

In making these findings the Legislature declares that the policy and intent of this article is to improve environmental quality by the recycling of paper products.

14786. The department may adopt rules and regulations to carry out the provisions of this article. For the purposes of this article, "recycled paper" shall have a two-part definition.

Part I shall be defined as:

A. Paper, paperboard and fibrous wastes from factories, retail stores, office buildings, homes, after they have passed through their end-usage as a consumer item including, but not limited to:

1. Used corrugated boxes;
2. Old newspapers;
3. Old magazines;
4. Mixed wastepaper;
5. Tabulating cards; and
6. Used cordage.

B. All paper, paperboard and fibrous wastes that enter and are collected from municipal solid waste.

Part II shall be defined as:

A. Dry paper and paperboard waste generated after completion of the papermaking process, including:

1. Envelope cuttings, bindery trimmings and other paper and paperboard waste, resulting from printing, cutting, forming and other converting operations;
2. Bag, box and carton manufacturing wastes; and
3. Butt rolls, mill wrappers and rejected unused stock.

B. Finished paper and paperboard from obsolete inventories of paper and paperboard manufacturers, merchants, wholesalers, dealers, printers, converters or others;

D. Wastes generated by the conversion of goods made from fibrous materials, such as, waste rope from cordage manufacture, textile mill waste and cuttings; and

E. Fibers recovered from waste water which otherwise would enter the waste stream.

14787. (a) The department shall establish procedures and specifications to require that, wherever feasible, all paper and woodpulp product purchases contain a minimum of 10 to 50 percent recycled paper, as defined in Part I. Recycled paper content specifications shall be established for as many paper and woodpulp products as feasible.

(b) The director shall review the recycled paper content specifications at least annually to consider increasing the percentage of recycled paper in paper and woodpulp product purchases.

(c) When contracting with the department for the sale of material subject to this article, the contractor shall certify in writing to the contracting officer or his representative that the material offered contains the minimum percentage of recycled fibers required by subdivision (a) of this section.

14788. The department shall establish a paper recycling plan for all paper refuse of all state agencies and all offices in state buildings in Sacramento, Los Angeles, and San Francisco Counties, and in any other area as the director deems feasible. The plan shall provide either for the collection and sale of wastepaper to private recycling plants or the operation of such plants by the state, or a combination thereof. The plan shall be put into operation, to the extent feasible, as soon as possible, but in any event no later than July 1, 1972. The department shall make a report on the development of the plan to the Legislature by the fifth calendar day of the 1972 Regular Session.

*An act to amend Section 710 of the Code of Civil Procedure, relating to executions against creditors of a public agency.*

[Approved by Governor November 12, 1971 Filed with Secretary of State November 12, 1971.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 710 of the Code of Civil Procedure is amended to read:

710. (a) Whenever a judgment for the payment of money is rendered by any court of this state against a defendant to whom money is owing and unpaid by this state or by any county, city and county, city or municipality, quasi-municipality, district or public corporation, the judgment creditor may file a duly authenticated abstract or transcript of such judgment together with an affidavit stating the exact amount then due, owing and unpaid thereon and that he desires to avail himself of the provisions of this section in the manner as follows:

1. If such money, wages or salary is owing and unpaid by this state to such judgment debtor, said judgment creditor shall file said abstract or transcript and affidavit with the state department, board, office or commission owing such money, wages or salary to said judgment debtor prior to the time such state department, board, office or commission presents the claim of such judgment debtor therefor to the State Controller. Said state department, board, office or commission in presenting such claim of such judgment debtor to said State Controller shall note thereunder the fact that the filing of such

abstract or transcript and affidavit and state the amount unpaid on said judgment as shown by said affidavit and shall also note any amounts advanced to the judgment debtor by, or which the judgment debtor owes to, the State of California by reason of advances for expenses or for any other purpose. Thereupon the State Controller, to discharge such claim of such judgment debtor, shall pay into the court which issued such abstract or transcript by his warrant or check payable to said court the whole or such portion of the amount due such judgment debtor on such claim, after deducting from such claim an amount sufficient to reimburse the state department, board, officer or commission for any amounts advanced to said judgment debtor or by him owed to the State of California, and after deducting therefrom an amount equal to one-half or such greater portion as is allowed by statute of the United States, of the earnings owing to the judgment debtor for his personal services to the state rendered at any time within 30 days next preceding the filing of such abstract or transcript, as will satisfy in full or to the greatest extent the amount unpaid on said judgment and the balance thereof, if any, to the judgment debtor.

2. If such money, wages or salary is owing and unpaid to such judgment debtor by any county, city and county, city or municipality, quasi-municipality, district or public corporation, said judgment creditor shall file said abstract or transcript and affidavit with the auditor of such county, city and county, city or municipality, quasi-municipality, district or public corporation (and in case there be no auditor then with the official whose duty corresponds to that of auditor). Thereupon said auditor (or other official) to discharge such claim of such judgment debtor shall pay into the court which issued such abstract or transcript by his warrant or check payable to said court the whole or such portion of the amount due on such claim of such judgment debtor, less an amount equal to one-half or such greater portion as is allowed by statute of the United States, of the earnings of the debtor owing by the county, city and county, city, municipality, quasi-municipality, district or public corporation to the judgment debtor for his personal services to such public body rendered at any time within 30 days next preceding the filing of such abstract or transcript, as will satisfy in full or to the greatest extent the amount unpaid on said judgment and the balance thereof, if any, to the judgment debtor.

(b) The judgment creditor upon filing such abstract or transcript and affidavit shall pay a fee of two dollars and fifty cents ($2.50) to the person or agency with whom the same is filed.

(c) Whenever a court receives any money hereunder, it shall pay as much thereof as is not exempt from execution under this code to the judgment creditor and the balance thereof, if any, to the judgment debtor. The procedure for determining the claim of exemption shall be governed by the

procedure set forth in Section 690.50 of this code and the court rendering the judgment shall be considered the levying officer for the purpose of that section.

(d) In the event the moneys owing to a judgment debtor by any governmental agency mentioned in this section are owing by reason of an award made in a condemnation proceeding brought by the governmental agency, such governmental agency may pay the amount of the award to the clerk of the court in which such condemnation proceeding was tried, and shall file therewith the abstract or transcript of judgment and the affidavit filed with it by the judgment creditor. Such payment into court shall constitute payment of the condemnation award within the meaning of Section 1251 of this code. Upon such payment into court and the filing with the county clerk of such abstract or transcript of judgment and affidavit, the county clerk shall notify by mail, through their attorneys, if any, all parties interested in said award of the time and place at which the court which tried the condemnation proceeding will determine the conflicting claims to said award. At said time and place the court shall make such determination and order the distribution of the money held by the county clerk in accordance therewith.

(e) The judgment creditor may state in the affidavit any fact or facts tending to establish the identity of the judgment debtor. No public officer or employee shall be liable for failure to perform any duty imposed by this section unless sufficient information is furnished by the abstract or transcript together with the affidavit to enable him in the exercise of reasonable diligence to ascertain such identity therefrom and from the papers and records on file in the office in which he works. The word "office" as used herein does not include any branch or subordinate office located in a different city.

(f) Nothing in this section shall authorize the filing of any abstract or transcript and affidavit against any wages, or salary owing to the Governor, Lieutenant Governor, Secretary of State, Controller, Treasurer, and Attorney General.

(g) Any fees received by a state agency under this section shall be deposited to the credit of the fund from which payments were, or would be, made on account of a garnishment under this section. For the purpose of this paragraph, payments from the State Pay Roll Revolving Fund shall be deemed payments made from the fund out of which moneys to meet such payments were transferred to said revolving fund.

(h) (1) In the event the moneys owing to a judgment debtor by any governmental agency mentioned in this section are for wages or salary, the judgment creditor shall mail under a separate cover at the time of filing the affidavit with the governmental agency, in an envelope marked "Personal and Confidential", a copy of the affidavit and a Notice to Judgment Debtor as provided in paragraph (2) of this subdivision, addressed to the judgment debtor at his place of employment.

(2) The Notice to Judgment Debtor shall be in 10-point bold type, and in substantially the following form:

SEC. 2. Chapter 15 (commencing with Section 7475) is added to Division 6 of the Education Code, to read:

## CHAPTER 15. YEAR-AROUND SCHOOL OPERATION

### Article 1. General Provisions

7475. It is the intent and purpose of the Legislature in enacting this chapter to authorize the establishment of a five-year experimental program in the year-around school operation by two or more school districts selected by the Superintendent of Public Instruction. This five-year experimental program, though limited in scope, has an essential statewide general purpose in that it shall serve to provide the Legislature and the various state and local governmental agencies involved in administration of the public school system with information and experience concerning the problems involved in providing for year-around operation of public schools throughout the state, and the feasibility thereof. It will also provide valuable information concerning the public response which may be accorded such programs, and the efficacy of such programs in accelerating the completion of the course of instruction by the pupils.

The Legislature is especially concerned and aware of the mounting costs of acquisition and construction of school sites and facilities, and is, therefore, desirous of determining whether those fiscal burdens may be reduced by increased utilization of existing plants and facilities.

The Legislature is also interested in determining whether the replacement of the present system of lengthy summer vacations with shorter quarterly vacation periods will result in a diminution of the student's vacation "learning loss."

This chapter shall be liberally construed to permit the accomplishment of these ends and to facilitate the complete evaluation of the school operations to enable the Legislature to determine what administrative, social, and other problems are presented thereby, and whether the year-around school operation may feasibly be put into operation on a broader scale throughout the state.

### Article 2. Establishment and Maintenance of the Experimental Program

7480. The Superintendent of Public Instruction shall authorize a five-year experimental program in the year-around school operation by two or more school districts, selected by the Superintendent of Public Instruction. The program may be established either in one or more of the schools within each

of the selected districts or in all grade levels throughout the entire district, or both, as determined by the Superintendent of Public Instruction. The experimental programs shall commence during the 1972–73 school year, and terminate during the 1976–1977 school year.

The program shall be conducted pursuant to the provisions of this chapter, and the approval for participation in the program by the Superintendent of Public Instruction shall be based upon a program proposal and year-around operation budget submitted by the governing boards of the participating school districts.

7481. The Superintendent of Public Instruction shall adopt all rules and regulations prescribing necessary standards and making provision for all other matters necessary for the effective administration of this chapter.

7482. The Superintendent of Public Instruction, notwithstanding any provisions of law to the contrary, shall have the power to require the submission of such reports and information, and to take such other actions as are reasonably necessary, to effectuate the purposes of this chapter.

### Article 3. Elements of the Year-Around Program

7485. The year-around programs established pursuant to this chapter shall involve the conduct of school operations throughout a 12-month academic year. The academic year and academic quarters may be established without reference to the school year as defined in Section 5101. Regular schools and classes shall be conducted for a total of no fewer than 175 nor more than 200 days during the academic year.

7486. The provisions of Chapter 6 (commencing with Section 12101) of Division 9, and all other laws relating to compulsory full-time education and the enrollment and attendance of pupils in the kindergarten, elementary, and secondary grades shall be applicable with respect to the regular school-days prescribed for the entire academic year and for each academic quarter thereof established for the school at which a program pursuant to this chapter is conducted, and to the attendance area established for such school; subject to the power of the governing board to permit individual pupils to attend schools of the district maintained in other attendance areas. The governing board shall exempt from the year-around program any pupil whose parent or guardian requests such exemption.

7487. The courses of instruction offered at a school maintained pursuant to this chapter shall meet all applicable requirements of law, including the requirements prescribed by or pursuant to Chapter 3 (commencing with Section 8501) of Division 7 relating to physical education. For such purposes the instructional program shall be designed to provide at least the overall equivalent in instruction in each course of study

required by law to be provided in kindergarten and grades 1 to 12, inclusive, upon a pupil's completion of the work prescribed for any particular grade.

7488. The governing board of each selected school district shall prescribe a separate salary schedule for the certificated and classified employees of the district who are employed at a school maintained pursuant to this chapter, and who, because of such employment, will be engaged in rendering services for the district for a greater number of total days during the academic year than would be the case for a regular academic year.

### Article 4. Financial Support

7490. Each school district maintaining a continuous school program in any school within the district pursuant to this chapter shall be entitled to receive the same support, but not more support, from the State School Fund due to the average daily attendance at such school that it would have received if the school had been operating under the provisions of law relating to the regular school year, including summer school.

7491. The Superintendent of Public Instruction shall prescribe an appropriate procedure for the computation of allowances, apportionments, and disbursements from the State School Fund which are to be made to any school district maintaining a continuous school program pursuant to this chapter for any one or more of the purposes specified in Sections 17303 and 17303.5 for the average daily attendance at any school operating such a program.

7492. The allowances, disbursements, and apportionments under this article shall be made with respect to any school district maintaining a continuous school program pursuant to this chapter in accordance with the provisions of Chapter 2 (commencing with Section 17300) and Chapter 3 (commencing with Section 17601) of Division 14, to the extent possible.

7493. The Superintendent of Public Instruction may provide for the actual disbursement of the apportionments to the school district maintaining the continuous school program pursuant to this chapter at times other than as specified in Article 3 (commencing with Section 17401) of Chapter 2 of Division 14. In no event, however, shall the school district receive apportionments in a total amount in excess of the amount determined pursuant to this article.

SEC. 2. Section 3200 of the Welfare and Institutions Code is amended to read:

3200. If at any time the Director of Corrections is of the opinion that a person committed pursuant to Article 3 of this chapter while in outpatient status has abstained from the use of narcotics for at least two consecutive years and has otherwise complied with the conditions of his release, or that an outpatient from the California Rehabilitation Center participating in a methadone program pursuant to Section 3154 has

(c) Be of good moral character, and not be addicted to the intemperate use of alcohol or any narcotic drug.

2655.4. The examination for approval as a physical therapist assistant shall be given under the direction of the examining committee. Such examination shall be in writing and shall be conducted by such persons and in such manner and under such rules and regulations as shall be prescribed by the examining committee, but shall be so conducted that the identity of each applicant taking an examination will be unknown to all of the examiners until all of the papers have been graded.

2655.5. Every applicant for approval as a physical therapist assistant who is otherwise qualified as provided in this article and who receives an average grade of 75 percent shall be approved as a physical therapist assistant.

2655.6. Any applicant for approval as a physical therapist assistant who fails to pass the examination given by the examining committee may take another examination and shall pay an additional fee equal to the fee required for filing the original application.

2655.7. Notwithstanding the provisions of Section 2630, a physical therapist assistant may assist in the provision of physical therapy service provided such assistance is rendered under the supervision of a physical therapist approved by the examining committee.

2655.75. Every graduate of an approved physical therapist assistant school who has filed an application for approval as a physical therapist assistant may, between the date of filing and the publication of the results of the next succeeding examination, assist in the provision of physical therapy under the direct and immediate supervision of a physical therapist.

(c) A fee to be set by the board of not more than fifty dollars ($50) shall be charged for each application for approval to supervise a physical therapist assistant or physical therapist assistants and for any such approval which may be granted.

(d) The examining committee shall renew approval to supervise a physical therapist assistant or physical therapist assistants upon application for such renewal provided the physical therapist submits evidence that his practice or the physical therapists submit evidence that their practice and the way in which the physical therapist assistant or assistants are being utilized would have led to approval as an initial application under Section 2655.1. A fee to be set by the board of not more than fifty dollars ($50) shall be paid for such renewal.

2655.11. The examining committee may adopt such regulations as are reasonably necessary to carry out the purposes of this article. The examining committee shall adopt a regulation formulating a definition of the term "adequate supervision" as used in this article.

## CHAPTER 1496

*An act to amend Section 15518 of, and to add Section 15516.5 to, the Education Code, relating to school buildings.*

[Approved by Governor November 12, 1971. Filed with Secretary of State November 12, 1971.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 15516.5 is added to the Education Code, to read:

15516.5. Notwithstanding any other provision of this article or Article 9 (commencing with Section 19700.51) of Chapter 10 of Division 14, whenever a school district does not have funds available to repair, reconstruct, or replace the school buildings referred to in this article, the school district shall apply for such funds as may be necessary to accomplish such repair, reconstruction, or replacement pursuant to the provisions of Article 9. The school district shall also accept such funds as are disbursed to the district pursuant to Article 9, whether or not the funds constitute the maximum amount

applied for, and shall repay such funds in accordance with the provisions of Article 9. In cases in which funds derived from a tax increase levied pursuant to Section 15518 are utilized to match amounts disbursed to a school district under an apportionment made pursuant to Article 9 (commencing with Section 19700.51) of Chapter 10 of Division 14, such disbursement and repayment may be made without the necessity of a vote of the electorate of the district as prescribed in any provision of Chapter 1C (commencing with Section 19551) of Division 14.

SEC. 2. Section 15518 of the Education Code is amended to read:

15518. The governing board of a school district may undertake corrective measures relating to earthquake safety recommended to the governing board pursuant to Section 15503 in connection with any school building under the jurisdiction of the governing board without compliance with the procedures otherwise prescribed by Section 15505.

The maximum rate of tax of any school district for any school year is hereby increased by such amount as will produce the amount necessary to have any school buildings examined as required by Section 15503 and to effect the corrective structural repairs, reconstruction or replacement relating to earthquake safety recommended pursuant to Section 15503, as shown by the budget of the district for such school year as finally adopted by the governing board of the district, less any unencumbered balances remaining at the end of the preceding school year derived from revenue from the increase in the rate of tax provided by this section. The funds provided by such increase in the tax rate may be used to provide for the housing of pupils temporarily displaced by the repair, reconstruction, or replacement of school buildings required in order to meet earthquake safety standards.

The increase provided by this section and Section 15517 shall not exceed a total increase of ten cents ($0.10) for each one hundred dollars ($100) of the assessed valuation of property within the district in each fiscal year, unless additional funds are specifically required by the district to match state funds provided pursuant to Article 9 (commencing with Section 19700.51) of Chapter 10, Division 14. If such additional funds are required by the district, the maximum increase in tax rate provided by this section may be increased by not to exceed an additional ten cents ($0.10) for each one hundred dollars ($100) of assessed valuation of property within the district in each fiscal year such additional funds are required pursuant to Article 9. In no event shall any portion of the additional increased ten cent ($0.10) tax rate authorization contained herein be levied unless the district has first budgeted, for the purposes expressed in the first two paragraphs of this section, 80 percent of the proceeds of the original ten cent ($0.10) tax increase authorized by this section.

If at the end of any school year, there remains an unencumbered balance derived from the revenue of the increase in tax rate hereby provided, such balance may be accumulated until the date specified in this section for the termination of its effect and shall be used exclusively for expenditures of the school district for purposes of this section.

This section shall remain in effect only until July 1, 1975, and thereafter shall be of no force or effect. This section shall remain in effect until such date regardless of the repeal or expiration of Section 15517.

Notwithstanding the provisions of this section, the governing board shall comply with the provisions of Section 15505 whenever such compliance is necessary to continue the program of corrective structural repairs, reconstruction, or replacement required pursuant to the provisions of this article.

## CHAPTER 1499

*An act to amend Section 336 of, and to add Section 341 to, the Metropolitan Water District Act (Chapter 209 of the Statutes of 1969), and to amend Section 9 of, and to add Section 9.1 to, the County Water Authority Act (Chapter 545 of the Statutes of 1943), relating to water agencies.*

[Approved by Governor November 12, 1971 Filed with Secretary of State November 12, 1971.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 336 of the Metropolitan Water District Act (Chapter 209 of the Statutes of 1969) is amended to read:

Sec. 336. On or before the 27th day of August of each year the governing body of each declaring public agency whose declaration of intention has been accepted pursuant to Section

334, may elect to pay out of the agency funds of such agency, other than funds derived from ad valorem property taxes, all or the stated percentage, as the case may be, of the amount of tax which would otherwise be levied upon property within such agency. Such election shall be made in strict compliance with, and fulfillment of, the declaration of intention made by such agency pursuant to Section 331.

SEC. 2. Section 341 is added to the Metropolitan Water District Act (Chapter 209 of the Statutes of 1969), to read:

Sec. 341. Wherever, under any provision of law, state, county, or other public agency reimbursement is made for lost tax revenue to taxing authorities by reason of any property tax exemption, or treatment or assessment of certain property in a manner different from that regularly done by a county for property generally, the loss of tax revenue to the district by reason of public agencies within the district paying out of their funds, other than funds derived from ad valorem property taxes, all or a stated percentage of the taxes levied by the district shall be reimbursed by the state, county, or other public agency to the district in the same manner as provided by law for other taxing authorities and to the same extent as if all of the taxes of the district had been carried on the county assessment roll. In the case of reimbursement for lost revenue due to reduction of property taxes on business inventories, the district's right to reimbursement is effective only insofar as the county receives reimbursement from the state.

SEC. 3. Section 9 of the County Water Authority Act (Chapter 545 of the Statutes of 1943) is amended to read:

Sec. 9. (a) Immediately after equalization and not later than the 15th day of August of each year, it shall be the duty of the auditor of the county wherein such authority shall lie, to prepare and deliver to the controller of the authority a certificate showing the assessed valuation of all property within the authority, and also such assessed valuation segregated according to public agencies, the areas of which lie within the authority.

(b) On or before the 20th day of August the board of directors of the authority shall by resolution determine the amount of money necessary to be raised by taxation during the fiscal year beginning the first day of July next preceding and shall fix the rate of taxation of the authority, designating the number of cents upon each one hundred dollars ($100) assessed valuation of taxable property and shall levy a tax accordingly:

(1) Sufficient, when taken with other revenues available for the purpose, to meet interest and sinking fund requirements on all outstanding bonded indebtedness of said authority; and sufficient, when taken with other revenues available

for the purpose, to meet the payment of the principal and interest on any refunding bonds, or any bonds the issuance of which may have been authorized by the electors and which bonds have not been sold but which, in the judgment of the board of directors, will be sold prior to the time when money will be available from the next subsequent tax levy, and in case such bonds are not so issued and sold or such tax for any other reason is not required for said purpose, the tax so levied shall be applied to the payment of interest and/or principal on any refunding bonds, or on any bonds authorized by the electors, then outstanding or subsequently issued and/or sold; and

(2) For all other authority purposes.

(c) The board of directors shall also cause to be computed and shall declare in said resolution the amount of money to be derived from the area of the authority lying within each separate public agency by virtue of the tax levy. In such resolution the board shall also fix and determine the times and proportional amounts of installments in which any public agency may elect to make payment in lieu of taxes as hereinafter provided. The board shall immediately cause certified copies of such resolution to be transmitted to the presiding officer of the governing body of each such public agency.

(d) On or before the 15th day of December of each year the governing body of each such public agency may elect to pay out of its funds available for that purpose, other than funds derived from ad valorem property taxes, all or any portion of the amount of tax which would otherwise be levied upon property within such public agency. Such election shall be made by order upon motion, which order shall recite that such payment shall be made in cash concurrently with the certification of such order to the controller of the authority, or that such payment shall be made in installments and the times wherein such installments shall be payable and the amounts thereof, which amounts shall be in accordance with the requirements of the board of directors of the authority as approved by resolution. In the event that any public agency shall elect to pay in cash, or by deferred installments, money or any part thereof which would otherwise be levied upon property within the public agency, it shall immediately certify to the controller of the authority a copy of such order and a statement showing its financial condition, the funds from which such payments shall be made and the sources of revenue to be used therefor; provided, however, that in the event any public agency shall elect to pay in cash all or any portion of the amount of tax which would otherwise be levied upon property within such public agency to meet interest and sinking fund requirements on the outstanding bonded indebtedness of said authority, such amount so elected to be paid shall be deposited with the treas-

urer of said authority on or before the 27th day of August next following such election; and provided, also, that unless such payment is so made in the case of interest and sinking fund requirements, and unless such election, as to all other taxes, shall provide for payments in accordance with the resolution of the board of directors as hereinbefore provided for, then such election shall be ineffective for any purpose.

(e) Before the first day of September the controller of the authority shall cause to be prepared and transmitted to the auditor of the county in which the authority shall lie, a statement showing the tax rate to be applied to assessed property in each public agency, which rate shall be the rate fixed by resolution of the board of directors modified to the extent necessary to produce from each public agency only the amount of money apportioned thereto in said resolution, less any amount paid or undertaken to be paid by such public agency, or credited thereto as herein provided, but if any fraction of a cent occur, it must be taken as a full cent ($0.01) on each one hundred dollars ($100).

(f) Upon receipt by the auditor of the county in which such authority shall lie, of a certified copy of the controller's statement showing the tax rate to be applied to assessed property in each public agency, and showing the public agencies, the assessed property in which is exempt therefrom, if any, it shall be the duty of the county officers to collect taxes for the benefit of the authority at the rate specified as herein provided. The taxes so levied shall be computed and collected at the same time and in the same manner required by law for the assessment, computation and collection of taxes for county purposes, and the property subject to such tax shall be subject to the same penalties for delinquency, and the same provisions of law relating to the sale of property for nonpayment of county taxes and redemption thereof shall apply to the tax herein authorized. When so collected, such taxes shall be paid over to the treasurer of the authority, subject to the deduction herein authorized.

In consideration of services rendered hereunder, any county shall annually be entitled to deduct and retain for its own use and benefit an amount not exceeding 1 percent on the first twenty-five thousand dollars ($25,000) collected hereunder, and one-fourth of 1 percent of any amount in excess of twenty-five thousand dollars ($25,000) collected hereunder. The board of supervisors of each such county may provide such extra help as in their judgment may be necessary for the proper performance of duties hereunder.

(g) Whenever any real property situated in any authority organized hereunder and upon which a tax shall have been levied, as herein provided, shall be sold for taxes and shall be redeemed, the money paid for such redemption, except advertising costs, shall be apportioned and paid in part to such

authority in the proportion which the tax due to such authority shall bear to the total tax for which such property shall have been sold. All taxes levied together with penalties, interests and costs under the provisions of this act shall be a lien upon the property upon which levied, and the enforcement of the collection of such tax shall be had in the same manner and by the same means as is or shall be provided by law for the enforcement of liens for county taxes, and all of the provisions of law relating to the enforcement of such taxes are hereby made a part of this act so far as applicable.

(h) Public agencies, the areas of which are included within any county water authority incorporated hereunder, are hereby authorized to pay to any such authority, out of funds derived from the sale of water or other funds not appropriated to some other use, such amounts as may be determined upon by the governing bodies thereof, respectively. Such payments may be made in avoidance of taxes as herein provided, or otherwise, and are hereby declared to be for a public purpose and shall not be deemed gratuitous or in the nature of gifts, but shall be deemed payments for water or services in connection with the distribution of water. Any public agency making any such payment to any authority incorporated hereunder, whether in avoidance of taxes or otherwise, shall receive credit therefor and the amount of the payment so made by any public agency shall be deducted from the amount of taxes which would otherwise be levied against property lying therein as herein provided. In the event that payment so made by any public agency shall exceed the amount of taxes which would otherwise have been levied against property within such public agency, the amount of such excess without interest shall be carried over and applied in reduction of taxes levied, or which would otherwise have been levied during the ensuing year or years.

Any public agency, including a county, which shall have incurred expenses in negotiating contracts or in the investigation of or preliminary work upon any works or projects or in making payments on account of any such contracts, works or projects, taken over by the authority, may receive, and the authority so taking over any such contracts, works or projects may make to such public agency, reimbursement for all such sums so expended, or to be expended, for expenses incurred in such negotiations for, investigation of, preliminary work upon, or payments made on account of the contracts, works or projects so taken over by the authority, to the extent that the board of directors of the authority shall find that such expenditures have benefited such authority, it being the intention of this provision to permit the authority to purchase, and the public agency to sell, assign and transfer such contracts, works or projects taken over by such authority. The sum so to be

paid by such authority to such public agency shall be such amount as may be mutually agreed upon.

As an alternative to the purchase and sale of any contracts, works or projects taken over by the authority, as hereinabove provided, any public agency which shall have incurred expenses in negotiating contracts or in the investigation of or preliminary work upon any such works or projects or in making payments on account of any such contracts, works or projects taken over by the authority, may certify the amount thereof, without interest, to the board of directors of said authority at any time within four (4) years from the date of the incorporation of such authority, or the incurring of such expenses, if such authority be already incorporated, and if allowed by the board of directors, such amount shall be credited to the public agency which incurred the same, and such expenditures shall be considered as a payment of money made as herein provided for which deduction shall be made from the amount of taxes which would otherwise be levied against property lying within such public agency.

Any public agency which shall incur expenses in preliminary work in preparing for the incorporation of or in the incorporation of any authority hereunder likewise may certify the amount thereof, without interest, to the board of directors of said authority at any time within four (4) years from the date of the incorporation of such authority, and if allowed by the board of directors, such amount shall be credited to the public agency incurring the same, and shall be considered as a payment of money made as herein provided, for which deduction shall be made from the amount of taxes which would otherwise be levied against property lying within such public agency.

No such payments of money made in lieu of taxes or otherwise, or such credit allowed by such board of directors, as hereinabove provided, shall apply to reduce the amount of taxes which would otherwise be levied against the property within such public agencies respectively, to meet interest and sinking fund requirements on outstanding bonded indebtedness of such authority.

Such certification and allowance shall be made on or before the first Monday in July, and the amount of money to be raised by taxation shall be computed with reference to the credit to be allowed as herein provided, but such credit may, in the discretion of the board of directors, be considered in connection with the amount of money to be raised by the next tax levy, or may be spread over subsequent years, not to exceed five.

(i) If any public agency shall fail to comply with the terms of the order relating to payments to be made to the authority in lieu of taxation, or if any public agency annexed to the

authority shall fail to comply with the terms and conditions fixed by the board of directors and upon which such annexation occurred, the amount of the delinquency, plus a penalty of 8 percent shall be added to the taxes to be collected during the ensuing fiscal year, from the property within such delinquent public agency, and thereafter for a period of two (2) years no order or ordinance shall be sufficient to exempt the property in said public agency from taxation hereunder unless it be accompanied by payment in cash of the amount which would otherwise be collected from owners of property within the public agency, together with all moneys due but unpaid under any previous order, or annexation provision.

(j) All provisions herein, or in any ordinance adopted pursuant hereto, relating to the respective times when the various acts pertaining to the levy of taxes are to be performed, are directory only, and failure to perform any such act or acts within the time so specified shall not impair the legal authority herein conferred to perform all subsequent acts relating to the levy of such taxes. In the event that any of the provisions of law respecting the time and manner of assessing property for purposes of taxation, of equalizing such assessments, of certifying such assessed valuations to the taxing authorities, of making the tax levies, of certifying such tax levies to the proper authorities for extension upon the tax rolls, and for enforcement and collection of such taxes or of performing any other act regarding the assessment, levy or collection of taxes be amended, changed, repealed or newly enacted, and as a result thereof, it should appear to the board of directors of the authority that the time schedule provided herein respecting the levy of authority taxes be no longer consistent with such modified tax procedure, then said board of directors by ordinance may prescribe a new schedule setting forth the times when the various acts herein required to be done in levying authority taxes shall be performed. Nothing contained in this paragraph shall relieve the board of directors of its duty to provide adequate funds, by annual tax levies if necessary, to meet the interest and principal requirements of the bonded debts as they fall due.

(k) For the purpose of assessing and collecting, under the provisions of Section 9(a) of Article XIII of the Constitution of the State of California, the taxes levied by any authority incorporated hereunder, the rate for taxes levied for the preceding tax year, as such phrase is employed in said section of the Constitution, shall be the rate fixed for such preceding tax year by the board of directors of such authority pursuant to Section 9, subdivision (b) of this act. In the event that any public agency, pursuant to the provisions of Section 9, subdivision (d) of this act, shall elect to pay the whole or any portion of the amount of taxes to be derived from the area of

the authority within such public agency, as such amount shall have been fixed by resolution of the board of directors, a refund shall be made by the authority to each taxpayer thereof who shall have theretofore paid any tax collected under the provisions of said section of the Constitution, in the proportion that such public agency shall have so elected to pay the amount so to be derived. The board of directors shall adopt regulations providing for the presentation and audit and payment of claims for such refunds. No claim for such refund shall be granted unless such claim shall have been filed within one year from the date when the right to such refund shall have accrued.

SEC. 4. Sec. 9.1 is added to the County Water Authority Act (Chapter 545 of the Statutes of 1943), to read:

Sec. 9.1. Wherever, under any provision of law, state, county, or other public agency reimbursement is made for lost tax revenue to taxing authorities by reason of any property tax exemption, or treatment or assessment of certain property in a manner different from that regularly done by a county for property generally, the loss of tax revenue to the authority by reason of public agencies within the authority paying out of their funds, other than funds derived from ad valorem property taxes, all or a stated percentage of the taxes levied by the authority shall be reimbursed by the state, county, or other public agency to the authority in the same manner as provided by law for other taxing authorities and to the same extent as if all of the taxes of the authority had been carried on the county assessment roll. In the case of reimbursement for lost revenue due to reduction of property taxes on business inventories, the authority's right to reimbursement is effective only insofar as the county receives reimbursement from the state.

Claims for necessary traveling expenses shall be paid upon verification and approval by the county superintendent of schools.

(b) When the training is held during the time that the certificated personnel are employed in teaching, their regular pay shall not be diminished by reason of their attendance.

8763. The State Board of Education shall continually re-evaluate approved teacher training institutions to insure that programs are in conformance with the intent of this section.

SEC. 2. The Legislature recognizes that a united effort involving parents, children, state and community agencies, as well as educators, is necessary to educate the state's youth on the nature and effects of drugs.

The educational facilities of the state being best equipped to plan an organized program of drug education, the Legislature intends that school districts, with the direction of the Department of Education, provide the primary impetus and direction in carrying out the provisions of this act.

SEC. 3. Sections 8751, 8752, 8755, 8760, 8761, 8762, 8765 and 8766, added to the Education Code by this act, shall become inoperative three years after the effective date of this act.

SEC. 4. There is hereby appropriated from the General Fund in the State Treasury the sum of one hundred thousand dollars ($100,000) to the State Department of Education to carry out the provisions of this act.

[Approved by Governor November 12, 1971 Filed with Secretary of State November 12, 1971]

*The people of the State of California do enact as follows:*

SECTION 1. Article 3.5 (commencing with Section 38120) is added to the Health and Safety Code, to read:

## Article 3.5. Judicial Review

38120. Every adult who is or has been admitted to a state hospital as a mentally retarded patient shall have a right to a hearing by writ of habeas corpus for his release from the hospital after he or any person acting on his behalf makes a request for release to any member of the treatment staff of the state hospital or to any employee of a regional center.

The member of the treatment staff or regional center employee to whom a request for release is made shall promptly provide the person making the request for his signature or mark a copy of the form set forth below. The member of the treatment staff, or regional center employee, as the case may be, shall fill in his own name and the date, and, if the person signs by mark, shall fill in the person's name, and shall then deliver the completed copy to the medical director of the state hospital, or his designee, notifying him of the request. As soon as possible, the person notified shall inform the superior court for the county in which the state hospital is located of the request for release.

Any person who intentionally violates this section is guilty of a misdemeanor.

The form for a request for release shall be substantially as follows:

I, _____ (member of the treatment staff of the state hospital or employee of the regional center), have today received a request for the release from _____ (name of state hospital) State Hospital of _____ (name of patient) from the undersigned patient on his own behalf or from the undersigned person on behalf of the patient.

Signature or mark of patient making request for release

Signature or mark of person making request on behalf of patient

38121. Judicial review shall be in the superior court for the county in which the state hospital is located. The adult requesting to be released shall be informed of his right to counsel by a member of the treatment staff of the state hospital and by the court; and if he does not have an attorney for the proceedings, the court shall immediately appoint the public defender or other attorney to assist him in preparation of a petition for the writ of habeas corpus and to represent him in the proceedings. The person shall pay the costs of such legal service if he is able.

The court shall either release the adult or order an evidentiary hearing to be held within two judicial days after the petition is filed. If the court finds (a) that the adult requesting release or for whom release is requested is not mentally retarded, or (b) that he is mentally retarded and that he is able to provide safely for his basic personal needs for food, shelter, and clothing, he shall be immediately released. If the court finds that he is mentally retarded and that he is unable to provide safely for his basic personal needs for food, shelter, or clothing, but that a responsible person or a regional center or other public or private agency is willing and able to provide therefor, the court shall release the mentally retarded adult to such responsible person or regional center or other public or private agency, as the case may be, subject to any conditions which the court deems proper for the welfare of the mentally retarded adult and which are consistent with the purposes of this division.

If in any proceeding under this section, the court finds that the adult is mentally retarded and has no parent, guardian, or conservator, the court shall order the appropriate regional center or the Department of Public Health to initiate, or cause to be initiated, proceedings for the appointment of a guardian or conservator for the mentally retarded adult.

38122. This article shall not be construed to impair the right of a parent, guardian, or conservator of an adult mentally retarded patient to remove the patient from the state hospital at any time pursuant to Section 38150.

38123. If a regional center recommends that an adult be admitted to a state hospital as a mentally retarded patient, the employee of the regional center responsible for making such recommendations shall certify in writing that neither the

person recommended for admission to the state hospital nor any other person on behalf of the person so recommended for admission has made objection to such admission to the person making such recommendation. The regional center shall transmit such certificate, or a copy thereof, to the state hospital.

A state hospital shall not admit any adult as a mentally retarded patient on recommendation of a regional center unless a copy of such certificate has been transmitted pursuant to this section.

Any person who, knowing that objection to state hospital admission has been made, certifies that no objection has been made, is guilty of a misdemeanor.

SEC. 2. Section 38150 of the Health and Safety Code is amended to read:

38150. Notwithstanding any other provision of law, the Department of Mental Hygiene shall not be appointed as guardian of any mentally retarded person after July 1, 1971. This chapter shall not be construed to terminate any appointment of the Department of Mental Hygiene as guardian of a mentally retarded person prior to July 1, 1971.

It is the intent of this section that the Director of Public Health be appointed as guardian or conservator of a mentally retarded person as provided, pursuant to the provisions of Article 7.5 (commencing with Section 416) of Chapter 2 of Part 1 of Division 1 of this code, in any case in which the Director of Mental Hygiene would otherwise have been so appointed.

Notwithstanding Section 6000 of the Welfare and Institutions Code, the admission of an adult mentally retarded person to a state hospital or private institution shall be upon the application of the person's parent or guardian or conservator, and any person so admitted to a state hospital may leave the state hospital at any time, if such parent, guardian, or conservator gives notice of his desire for the departure of the mentally retarded person to any member of the hospital staff and completes normal hospitalization departure procedures.

## CHAPTER 1502

*An act to amend Sections 38250, 38254, and 38255 of the Health and Safety Code, and to amend Sections 13921, 13922, 13923, and 13933 of the Welfare and Institutions Code, relating to departmental regulations.*

[Approved by Governor November 12, 1971. Filed with Secretary of State November 12, 1971.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 38250 of the Health and Safety Code is amended to read:

38250. It is the intent of this division that state funds previously allocated to other agencies for the provision of out-of-home prehospital, hospital and posthospital care be allocated, to the fullest extent feasible, to regional centers to contract with appropriate agencies for the provision of out-of-home placements.

In the event either the Governor or the Legislature should obtain federal approval to transfer programs for the mentally retarded from other state departments to the Department of Public Health under the provisions of Public Law 90-577 (Intergovernmental Cooperation Act of 1968), the State Controller shall, upon approval of the Director of Finance, transfer to the Department of Public Health such parts of the appropriation of the other departments that are related to mental retardation programs; provided further, that such transfer shall enable the state to make maximum utilization of available state and federal funds.

It is the intent of this division that the regional center program be funded by the state on a regional basis using the maximum of federal funds available, and that all funds be transmitted through the department to each regional center.

SEC. 2. Section 38254 of the Health and Safety Code is amended to read:

38254. The director shall adopt rules and regulations to carry out the provisions of this division and to prescribe standards of service which shall be satisfied and maintained as a condition to the payment of state funds by a regional center.

The director shall provide regional centers with current lists of approved facilities and services. Regional centers may not expend state funds for services which are not approved by the director, notwithstanding any other certification, licensing, or approval of the facility or service.

The director shall not adopt standards which are in conflict with those governing services under the jurisdiction of the State Superintendent of Public Instruction.

SEC. 3. Section 38255 of the Health and Safety Code is amended to read:

38255. The director shall establish rates of state payment for services purchased by regional centers for mentally retarded persons. An equitable system of rates shall be developed, maintained, and revised as necessary under this chapter.

SEC. 5. Section 13921 of the Welfare and Institutions Code is amended to read:

13921. The director shall, by regulation, establish standards including rate schedules for specialized out-of-home care. Rate schedules may be in the form of payments to facilities as specified in Section 13932, authorizing the department to provide for payments to be made in behalf of or services to be rendered for recipients of aid. Rate schedules shall establish separate rates for board and room and for the specialized care component.

The director shall develop an overall plan which integrates the system of out-of-home nonmedical care facility services covered by the provisions of this chapter with the system of medical care facility services covered by the provisions of Chapter 7 (commencing with Section 14000) of Part 3 of Division 9 of this code. The purpose of such overall plan shall be to maintain an appropriate balance between nonmedical and medical facilities to the end that recipients of public assistance or persons otherwise defined as needy by the provisions of this code are given the care they require at the lowest possible cost.

The plan established by the director pursuant to this section may include the use of an interdisciplinary review process to insure that persons are not placed or retained in medical care facilities when appropriate care can otherwise be provided at lower cost.

Nothing in this article shall be interpreted to preclude any facility licensed under the provisions of Chapter 2 (commencing with Section 1400) of Division 2 of the Health and Safety Code, or under the provisions of Chapter 1 (commencing with Section 6200) of Part 2 of Division 6 of this code from providing out-of-home care services, provided such facilities meet the standards established by the provisions of this section.

SEC. 6. Section 13922 of the Welfare and Institutions Code is amended to read:

13922. In the establishment of the rate schedules the director shall consider, in addition to any other factors he deems to be relevant, the availability of such homes in the community, cost of living, appropriateness of the facility, the cost of providing care under the required standards, and activity programs required for the maintenance or restoration of function of aged and disabled persons.

SEC. 7. Section 13923 of the Welfare and Institutions Code is amended to read:

13923. The director shall submit an annual report to the Legislature by March 1 of each year setting forth pertinent facts on the operation of the program established by this chapter and its significance in relation to the out-of-home care services of the Medi-Cal program.

SEC. 8. Section 13933 of the Welfare and Institutions Code is amended to read:

13933. Recipients of public assistance as described by Section 13900 of this code who require care in a nonmedical protective living arrangement shall be granted aid in accordance with regulations, and rate schedules established by the State Department of Social Welfare as an integral part of their regulations issued for use by county welfare departments in the administration of public assistance programs.

Payments to recipients to cover cost of care as set forth in rate schedules made pursuant to this section shall not be con-

sidered expenditures under Chapters 3, 4, 5 and 6 of this part and shall be limited to the amounts and controls set forth in the Budget Act.

## CHAPTER 1503

(d) Any peace officer who on the effective date of this section possesses or is qualified to possess the basic certificate as awarded by the Commission on Peace Officer Standards and Training shall be exempted from the provisions of this section.

SEC. 3. It is the intent of the Legislature in enacting this act that the minimum standards described in Section 2 of this act shall be designed to raise the level of competence of peace officers where necessary and are not intended to supersede state or local law enforcement policy regarding the use of firearms or the exercise of powers to arrest.

6200. Every public agency, its insurance carrier, and the State Department of Rehabilitation shall jointly formulate procedures for the selection and orderly referral of injured full-time public employees who may be benefited by rehabilitation services and retrained for other positions in public service. The State Department of Rehabilitation shall cooperate in both designing and monitoring results of rehabilitation programs for the disabled employees. The primary purpose of this division is to encourage public agencies to reemploy their injured employees in suitable and gainful employment.

6201. The employer or insurance carrier shall notify the

injured employee of the availability of rehabilitation services in those cases where there is continuing disability of 28 days and beyond. Notification shall be made at the time the employee is paid retroactively for the first day of disability (in cases of 28 days of continuing disability or hospitalization) which has previously been uncompensated. A copy of said notification shall be forwarded to the State Department of Rehabilitation.

6202. The initiation of a rehabilitaton plan shall be the joint responsibility of the injured employee, and the employer or the insurance carrier.

6203. If rehabilitation requires an injured employee to attend an educational or medical facility away from his home, the injured employee shall be paid a reasonable and necessary subsistence allowance in addition to temporary disability indemnity. The subsistence allowance shall be regarded neither as indemnity nor as replacement for lost earnings, but rather as an amount reasonable and necessary to sustain the employee. The determination of need in a particular case shall be established as part of the rehabilitation plan.

6204. Upon agreement of a rehabilitation plan the injured employee shall cooperate in carrying it out. On his unreasonable refusal, or at any time that those carrying out the rehabilitation plan report his unreasonable refusal, the injured employee's rights to further subsistence shall be suspended until compliance is obtained, except that the payment of temporary or permanent disability indemnity, which would be payable regardless of the rehabilitation plan, shall not be suspended.

6205. The injured employee may agree with his employer or insurance carrier upon a rehabilitation plan without submission of such plan for approval to the State Department of Rehabilitation. Provision of service under such plans shall be at no cost to the State General Fund.

6206. The injured employee shall receive such medical and vocational rehabilitative services as may be reasonably necessary to restore him to suitable employment.

6207. The injured employee's rehabilitation benefit is an additional benefit and shall not be converted to or replace any workmen's compensation benefit available to him.

SEC. 2. There is hereby appropriated from the General Fund for the purposes of this act an amount equal to one-fourth of any federal funds allocated to the State Department of Rehabilitation for the purposes of this act.

[Approved by Governor November 12, 1971. Filed with Secretary of State November 12, 1971.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 39107.6 is added to the Health and Safety Code, to read:

39107.6. Notwithstanding Section 39107, the board shall set standards for devices to significantly reduce the emission of oxides of nitrogen from the exhaust of 1966 through 1970 model year motor vehicles, as determined by the board from a representative sampling of such vehicles, which the board has found to be necessary and technologically feasible to carry out the purposes of this part.

In setting standards under this section, the primary consideration shall be the greatest possible reduction of oxides of nitrogen.

SEC. 2. Section 39177.1 is added to the Health and Safety Code, to read:

39177.1. (a) Whenever an exhaust emission control device meeting the standards established by the board under Section 39107.6 is accredited pursuant to the provisions of this article and is available for installation as determined by the board, every 1966 through 1970 model year motor vehicle having a manufacturer's gross vehicle weight rating of under 6,001 pounds, which is subject to registration in this state, shall be equipped with such accredited exhaust emission control device in accordance with a schedule of installation to be determined by regulation adopted by the board, in consultation with the Department of the California Highway Patrol and the Department of Motor Vehicles.

(b) Enforcement of the provisions of subdivision (a) shall be as follows:

(1) Vehicle inspections shall be conducted pursuant to Section 2814 of the Vehicle Code.

SEC 3. Section 39177.2 is added to the Health and Safety Code, to read:

39177.2. The provisions of Section 39177.1 shall not apply to any motor vehicle which, on the effective date of this section, is equipped with a device or devices which meet the requirements of subdivision (c) of Section 39101.5, as determined by the board, or which is exempted by the board pursuant to Section 39177.

SEC. 4. Section 39177.3 is added to the Health and Safety Code, to read:

39177.3. In accrediting devices pursuant to Section 39177.1, the board shall, in establishing tests and procedures, adopt standards, including, but not limited to, the following:

(a) An accredited exhaust emission control device shall not cost more than thirty-five dollars ($35), including the cost of installation.

(b) An accredited exhaust emission control device shall not require maintenance more than once each 12,000 miles, and such maintenance shall not cost more than fifteen dollars ($15), including the cost of parts and labor.

(c) An accredited exhaust control device shall equal or exceed the performance criteria established by the board for devices for new motor vehicles or, in the alternative, have an expected useful life of at least 50,000 miles of operation

(d) The manufacturer of an exhaust emission control device accredited pursuant to this article shall include with the sale of such device instructions setting forth what steps the purchaser should take to maintain such device in proper working condition.

SEC. 5 Section 39177.4 is added to the Health and Safety Code, to read:

(1) agree to enter into such cross-licensing or other agreements

as the board determines are necessary to insure adequate competition among manufacturers of such devices to protect the public interest; or (2) agree as a condition to such accreditation that, if only one such device from one manufacturer is made available for sale to the public, the board shall, taking into consideration the cost of manufacturing the device and the manufacturer's suggested retail price, and in order to protect the public interest, determine the fair and reasonable retail price of such device and may require, as a condition to continued accreditation of such device, that the retail price of such device, including installation, not exceed such price as determined by the board In either event, the retail price so determined by the board for a device required by Section 39177 1 shall not be in excess of thirty-five dollars ($35) per vehicle, installed.

(b) Accreditation may be revoked by the board after a public hearing for which notice has been given to the applicant who obtained the accreditation, if the actual cost of the device installed exceeds the cost, installed, estimated, or agreed to by such applicant

SEC. 6 Section 4602 of the Vehicle Code is amended to read.

(b) The department shall require, upon 1973 renewal of registration of any motor vehicle subject to Section 39177.1 of the Health and Safety Code, a valid certificate of compliance from a licensed motor vehicle pollution control device installation and inspection station indicating that such vehicle is properly equipped with a motor vehicle pollution control device which is in proper operating condition and which is of a type that has been accredited by the State Air Resources Board pursuant to Section 39177.1 of the Health and Safety Code. For extraordinary and compelling reasons only, the State Air Resources Board may, by regulation, after a public hearing, defer or delete the requirement of certificates of compliance required pursuant to this subdivision In such event, the board may adjust the schedule of installation adopted pursuant to subdivision (a) of Section 39177 1 of the Health and Safety Code and shall immediately report to the Governor and the Legislature the actions taken and the reasons therefor

SEC 7. The State Air Resources Board, the Department of Motor Vehicles, and the Department of the California Highway Patrol shall by all practicable means at their disposal advise the motoring public of the provisions of this act

SEC. 8. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting necessity are:

Presently required emission control devices for motor vehicles of 1966 through 1970 models do not eliminate enough of the oxides of nitrogen to insure the health and safety of the majority of California's citizens. It is now technically feasible to produce devices which will significantly reduce these dangerous substances. To insure that such devices are installed on most of such passenger vehicles within the shortest time possible, it is necessary to immediately begin programs for testing and approving such devices. Immediate passage of this act will also give manufacturers additional time to develop such devices.

[Approved by Governor November 15, 1971. Filed with Secretary of State November 15, 1971.]

*The people of the State of California do enact as follows:*

SECTION 1. Chapter 1.5 (commencing with Section 900) is added to Division 2 of the Business and Professions Code, to read:

### CHAPTER 1.5. CONTINUING EDUCATION

900. In its concern for the health of the people of California, the Legislature intends to establish in this chapter a framework for the continuing education of those persons licensed in the healing arts who are subject to this chapter. It is the purpose of this chapter to provide a system for assuring that such healing arts professionals are fully informed of current technical knowledge in their professions, thereby providing to the citizens of California the best possible health services. It is the intent of the Legislature that the Council on Continuing Education for Health Occupations established by this chapter assume primary responsibility for the implementation of all statutory continuing education requirements for those health professions licensed in California which are subject to this chapter.

901. There is established in the Department of Consumer Affairs, to be transferred to the Department of Health whenever the healing arts licensing agencies are transferred to the Department of Health in accordance with the Governor's Reorganization Plan No. 1 of 1970, a Council on Continuing Education for the Health Occupations, consisting of the director or his designee, who shall serve as chairman of the council, and four additional members, appointed by the director, as follows:

(a) One administrator of a licensed hospital.

(b) One registered nurse.

(c) One licensed vocational nurse.

(d) One public member.

The council shall be appointed and begin its meetings by July 1, 1972.

902. The members of the council shall receive actual necessary traveling expenses and a per diem as provided in Section

103 for each day spent in meetings of the council or any of its committees. Salaried ex officio members shall receive traveling expenses but not per diem.

903. The Council or Continuing Education for the Health Occupations, by regulation, shall establish standards for the continuing education in each of the fields covered by this chapter which will assure reasonable currency of knowledge as a basis for safe practice by licensees in each such field. The standards shall be established in a manner to assure that a variety of alternatives is available to licensees to comply with the continuing education requirements for renewal of licenses and taking cognizance of specialized areas of practice. Such alternatives include, but are not limited to, academic studies, in-service education, institutes, seminars, lectures, conferences, workshops, extension studies, and home-study programs. The council may organize committees from its membership to formulate proposed standards in each occupational field, and shall, in addition, invite and consider recommendations from each of the affected licensing agencies or boards concerning such standards. The occupations subject to this chapter are those of licensed vocational nurse and registered nurse.

904. The department shall provide for appropriate application forms and procedures. Upon application by any person, organization, agency, or institution offering courses or programs of continuing education, the department may issue a certificate of approval, for such period as may be established by regulation, certifying that a specific course or program meets the standards of continuing education established by the council.

905. Special funds of the licensing or certification agencies in the occupational fields covered by this chapter, as designated in Section 902, may be used, when appropriated by the Legislature, for operation of the council and for administrative expenses of the department and the licensing or certification agencies relating to the administration of this chapter.

SEC. 2. Section 2811 of the Business and Professions Code is amended to read:

2811. (a) Each person holding a regular renewable license under this chapter shall apply for a renewal of his license and pay the biennial renewal fee required by this chapter each two years on or before the last day of the month following the month in which his birthday occurs, beginning with the second birthday following the date on which the license was issued, whereupon the board shall renew the license.

Each such license not renewed in accordance with this section shall expire but may within a period of eight years thereafter be reinstated upon payment of the biennial renewal fee and penalty fee required by this chapter and upon submission of such proof of the applicant's qualifications as may be required by the board, except that during such eight-year period no examination shall be required as a condition for the rein-

statement of any such expired license which has lapsed solely by reason of nonpayment of the renewal fee. After the expiration of such eight-year period the board may require as a condition of reinstatement that the applicant pass such examination as it deems necessary to determine his present fitness to resume the practice of professional nursing.

(b) After January 1, 1975, the board shall require, as a condition to the renewal of such license granted pursuant to the provisions of this chapter, that the holder thereof submit proof satisfactory to the board that, during the preceding two-year period, he has informed himself of developments in the registered nurse field occurring since the issuance of his certificate, or the last renewal thereof, whichever last occurred, either by pursuing an approved course or courses of continuing education in the registered nurse field or by other means deemed equivalent by the board. In lieu of submitting such proof, the license holder, if he so desires, may take and successfully complete an examination given by the board designed to test his knowledge of developments occurring in the registered nurse field since the issuance of his license, or the last renewal thereof, whichever last occurred.

Whenever a license has lapsed because of failure to comply with this subdivision, it may be reinstated, without time limit, upon proof satisfactory to the board that the licensee has informed himself of current developments in the registered nurse field since the issuance of his certificate, or the last renewal thereof, whichever last occurred, either by the successful completion of a refresher course or by other means deemed equivalent by the board, and by payment of fees as provided in Section 2815.

(c) The board shall accept as evidence of current knowledge, meeting the requirements of subdivision (b) of this section, but shall not necessarily be limited thereto, the successful completion of a course or courses of continuing education in the registered nurse field which has been approved for this purpose by the department under standards established by the Council on Continuing Education for the Health Occupations, and as provided for in Chapter 1.5 (commencing with Section 900) of this division.

(d) The board may, by regulation, provide for temporary exemption from the provisions of subdivision (b) of this section in the case of licensees serving in overseas military service, and in other special circumstances wherein compliance would, in the board's opinion, constitute an unreasonable hardship for the licensees.

(e) This section shall not apply to licensees during the first two years immediately following their graduation from nursing school.

SEC. 3. Section 2892.1 of the Business and Professions Code is amended to read:

2892.1. Except as provided in Sections 2892.3 and 2892.5, an expired license may be renewed at any time within

five years after its expiration on filing of application for renewal on a form prescribed by the board, and payment of the renewal fee in effect on the last preceding regular renewal date. If the license is renewed more than 30 days after its expiration, the licensee, as a condition precedent to renewal, shall also pay the delinquency fee prescribed by this chapter. Renewal under this section shall be effective on the date on which the application is filed, on the date on which the renewal fee is paid, or on the date on which the delinquency fee is paid, whichever last occurs. If so renewed, the license shall continue in effect through the date provided in Section 2892 which next occurs after the effective date of the renewal, when it shall expire if it is not again renewed.

SEC. 4. Section 2892.5 is added to the Business and Professions Code, to read:

2892.5. (a) After January 1, 1975, the board shall require, as a condition to the renewal of each license granted pursuant to the provisions of this chapter, that the holder thereof submit proof satisfactory to the board that, during the preceding two-year period, he has informed himself of developments in the vocational nurse field occurring since the issuance of his certificate, or the last renewal thereof, whichever last occurred, either by pursuing an approved course or courses of continuing education in the vocational nurse field or by other means deemed equivalent by the board. In lieu of submitting such proof, the license holder, if he so desires, may take and successfully complete an examination given by the board, designed to test his knowledge of developments occurring in the vocational nurse field since the issuance of his license, or the last renewal thereof, whichever last occurred.

Whenever a license has lapsed because of failure to comply with this section, it may be reinstated, without time limit, upon proof satisfactory to the board that the licensee has informed himself of current developments in the vocational nurse field since the issuance of his certificate, or the last renewal thereof, whichever last occurred, either by the successful completion of a refresher course or by other means deemed equivalent by the board, and upon payment of fees as provided in Section 2895.

(b) The board shall accept as evidence of current knowledge, meeting the requirements of this section, but shall not necessarily be limited thereto, the successful completion of a course or courses of continuing education in the vocational nurse field which has been approved for this purpose by the department under standards established by the Council on Continuing Education for the Health Occupations as provided for in Chapter 1.5 (commencing with Section 900) of this division.

(c) The board may, by regulation, provide for temporary exemption from the provisions of subdivision (a) of this section in the case of licensees serving in overseas military service, and in other special circumstances wherein compliance

would, in the board's opinion, constitute an unreasonable hardship for the licensees.

(d) This section shall not apply to licensees during the first two years immediately following their graduation from vocational nursing school.

(a) It is the policy of this state to conserve, protect, and enhance its environment. It is the policy of this state to prevent destruction, pollution, or irreparable impairment of the environment and the natural resources of this state.

(b) It is in the public interest to provide the people of the State of California through the Attorney General with adequate remedy to protect the natural resources of the State of California from pollution, impairment, or destruction.

(c) Conservation of natural resources and protection of the environment are pursuits often beyond the scope of inquiry, legislation, or enforcement by local government; several local public entities existing in the same ecological community have acted in differing and, sometimes, conflicting manners; uniform, coordinated, and thorough response to the questions of protection of environment and preservation of natural resources must be assured; and these matters are of statewide concern.

12601. The provisions of this article are not exclusive, and the remedies provided for in this article shall be in addition to any other remedies provided for in any other law or available under common law.

12602. If any provision of this article or the application thereof to any person or circumstance is held to be unconstitutional, the remainder of the chapter and the application of such provision to other persons or circumstances shall not be affected thereby.

12603. This article shall be liberally construed and applied to promote its underlying purposes.

12604. As used in this article, "person" includes any person, firm, association, organization, partnership, business trust, corporation, company, district, county, city and county, city,

town, the state, and any of the agencies and political subdivisions of such entities.

12605. As used in this article, "natural resource" includes land, water, air, minerals, vegetation, wildlife, silence, historic or aesthetic sites, or any other natural resource which, irrespective of ownership contributes, or in the future may contribute, to the health, safety, welfare, or enjoyment of a substantial number of persons, or to the substantial balance of an ecological community.

12606. The Attorney General shall be permitted to intervene in any judicial or administrative proceeding in which facts are alleged concerning pollution or adverse environmental effects which could affect the public generally.

12607. The Attorney General may maintain an action for equitable relief in the name of the people of the State of California against any person for the protection of the natural resources of the state from pollution, impairment, or destruction.

12608. In any action maintained under Section 12607, the defendant may also show, by way of an affirmative defense, that there is no more feasible and prudent alternative to the defendant's conduct, and that such conduct is consistent with the protection of the public health, safety, and welfare.

12609. Any action brought pursuant to Section 12607 to review, set aside, void or annul any decision in any zoning matter of an administrative body or of a legislative body, or concerning any of the proceedings, acts or determinations taken, done or made prior to such decision, or to determine the reasonableness, legality or validity of any such decision shall not be maintained unless such action is commenced within 180 days after the date of such decision.

12610. In granting temporary and permanent equitable relief, the court may impose such conditions upon the defendant as are required to protect the natural resources of the state from pollution, impairment, or destruction.

12611. (a) Whenever proceedings before an administrative agency are pending or available to determine the legality of the defendants' conduct, program, or product, the court shall stay the action brought pursuant to Section 12607 pending the completion of such proceedings unless such stay will result in irreparable pollution, impairment or destruction to any natural resource.

(b) In the order staying the proceedings under subdivision (a), the court may grant temporary equitable relief where appropriate to prevent irreparable pollution, impairment or destruction of any natural resource.

12612. (a) In any administrative, licensing, or other such proceeding or in any proceeding for judicial review thereof which is made available by law, the Attorney General shall be permitted to intervene upon showing that the proceeding or action for judicial review involves conduct, programs, or products which may have the effect of impairing, polluting, or destroying the natural resources of the state.

(b) In any proceeding described in subdivision (a), in which the Attorney General is a party, the agency or court shall consider the alleged impairment, pollution, or destruction of the natural resources of the state, and no conduct, program, or product shall be authorized or approved which does, or will have such effect unless it is consistent with the protection of the public health, safety, or welfare.

(c) In any judicial review under this section, the evidence before the court shall consist of the record before the agency and any other relevant evidence which, in the judgment of the court, should be considered to effectuate and implement the policies of this article.

## CHAPTER 1519

*An act to add Chapter 4.6 (commencing with Section 31285.1) to Division 22 of the Education Code, relating to the study of medicine.*

[Approved by Governor November 16, 1971. Filed with Secretary of State November 16, 1971.]

*The people of the State of California do enact as follows:*

SECTION 1. Chapter 4.6 (commencing with Section 31285.1) is added to Division 22 of the Education Code, to read:

### CHAPTER 4.6. CONTRACTS FOR STUDY OF MEDICINE

31285.1. The Legislature hereby declares that it regards the furtherance of a greater supply of competent physicans and surgeons to be a public purpose of great importance and further declares the establishment of the program pursuant to this chapter to be a desirable, necessary, and economical method of increasing the number of physicians and surgeons to provide needed medical services to the people of California. The Legislature further declares and finds that some of the independent institutions of higher education in the State of California currently offering a program providing the necessary educational requirements leading toward a doctor of medicine degree have substantial assets in terms of available facilities, equipment and personnel and are capable of increasing enrollment in such programs at a cost substantially below that which it would cost the state to provide such services such as by the establishment of a new medical school in a state college or university and thus maximize the use of state resources for the support or expansion of existing educational programs. The Legislature further declares that it is to the benefit of the state to assist in increasing the number of competent physicians and

surgeons graduated by colleges and universities of this state to practice medicine within the state.

31285.2. As used in this chapter, "commission" means the State Scholarship and Loan Commission. "Study" means that phase of education in an accredited medical school leading toward a recognized doctor of medicine degree. The terms "college" and "university" mean any college or university which conducts a recognized educational program leading to the award of the degree of doctor of medicine.

31285.3. There is hereby created a state medical contract program for study in the field of medicine leading toward a doctor of medicine degree in colleges and universities located in California and accredited by the Joint Liaison Committee of the American Medical Association and the Association of American Medical Colleges.

31285.4. The commission shall have the authority to contract on behalf of the state with private colleges and universities maintaining and operating a recognized school of medicine and accredited by the Joint Liaison Committee of the American Medical Association and the Association of American Medical Colleges, which have an affirmative action program approved by the State Fair Employment Practice Commission for the equitable recruitment of instructors and medical students, for the purpose of inducing said colleges and universities to refrain from reducing enrollment and to increase enrollment in the medical schools located in California.

To further this purpose, the commission is authorized to contract with non-state-supported medical schools to increase their enrollment above the number of total students enrolled for the 1970–71 academic year. The commission is authorized to make annual payments of twelve thousand dollars ($12,000) for each medical student enrolled up to the total enrollment above the enrollment for the 1970–71 academic year. The annual payment for each additional medical student enrolled shall be decreased by the amount of any federal funds granted per medical student enrolled in any such schools during the academic year. The commission may also enter into similar contracts with medical schools formed on or after January 1, 1971, which have at least provisional accreditation from the Joint Liaison Committee of the American Medical Association and the Association of American Medical Colleges

Each limited-English-speaking pupil enrolled in an elementary school program, and receiving instruction in English as a second language, may be instructed in his primary language in classes in mathematics, science, and social sciences. Instruction in these subjects may continue to be given in the pupil's primary language until he is deemed to be proficient in English, at which time he shall be placed in classes in which English is the language of instruction.

SEC. 7. Only a school district located in San Diego County with an average daily attendance of 120,000 or more and the San Francisco Unified School District may participate in the study program authorized by Sections 3 to 15, inclusive, of this act.

If a study program is conducted in San Diego County, it shall be addressed only to Spanish-speaking pupils.

The application shall contain, but not be limited to:

(3) Maintain at the premises of retail sellers of the warrantor's consumer goods a current listing of such warrantor's authorized service and repair facilities, or retail sellers to whom the consumer goods are to be returned for service and repair, whichever is applicable, within this state. It shall be the duty of every retail seller provided with such a listing to provide, on inquiry, the name, address, and telephone number of the nearest authorized service and repair facility, or the retail seller to whom the consumer goods are to be returned for service and repair, whichever is applicable.

SEC. 9. Section 1793.2 of the Civil Code is amended to read:

1793.2. (a) Every manufacturer of consumer goods sold in this state and for which the manufacturer has made an express warranty shall:

(1) Maintain or cause to be maintained in this state sufficient service and repair facilities to carry out the terms of such warranties; or

(2) Be subject to the provisions of Section 1793.5.

(b) Where such service and repair facilities are maintained in this state and service or repair of the goods is necessary because they do not conform with the applicable express warranties, service and repair shall be commenced within a reasonable time by the manufacturer or its representative in this state. Unless the buyer agrees in writing to the contrary, the goods must be serviced or repaired so as to conform to the applicable warranties within 30 days. Delay caused by condi-

tions beyond the control of the manufacturer or his representatives shall serve to extend this 30-day requirement. Where such delay arises, conforming goods shall be tendered as soon as possible following termination of the condition giving rise to the delay.

(c) It shall be the duty of the buyer to deliver nonconforming goods to the manufacturer's service and repair facility within this state, unless, due to reasons of size and weight, or method of attachment, or method of installation, or nature of the nonconformity, such delivery cannot reasonably be accomplished. Should the buyer be unable to effect return of nonconforming goods for any of the above reasons, he shall notify the manufacturer or its nearest service and repair facility within the state. Written notice of nonconformity to the manufacturer or its service and repair facility shall constitute return of the goods for purposes of this section. Upon receipt of such notice of nonconformity the manufacturer shall, at its option, service or repair the goods at the buyer's residence, or pick up the goods for service and repair, or arrange for transporting the goods to its service and repair facility. All costs of transporting the goods when, pursuant to the above, a buyer is unable to effect return shall be at the manufacturer's expense. Costs of transporting nonconforming goods after delivery to the service and repair facility until return of the goods to the buyer shall be at the manufacturer's expense.

(d) Should the manufacturer or its representative in this state be unable to service or repair the goods to conform to the applicable express warranties, the manufacturer shall either replace the goods or reimburse the buyer in an amount equal to the purchase price paid by the buyer, less that amount directly attributable to use by the buyer prior to the discovery of the nonconformity.

SEC. 10. Section 1793.3 of the Civil Code is amended to read:

1793.3. If the manufacturer of consumer goods sold in this state for which the manufacturer has made an express warranty does not provide service and repair facilities within this state pursuant to subdivision (a) of Section 1793.2, the buyer of such manufacturer's nonconforming goods may follow the course of action prescribed in either subdivision (a) or (b), below, as follows:

(a) Return the nonconforming consumer goods to the retail seller thereof for replacement, or for service or repair in accordance with the terms and conditions of the express warranty. Such replacement, service, or repair shall be at the option of the retail seller. If the retail seller is unable to replace the nonconforming goods or is unable to service or repair the goods so as to effect conformity with applicable express warranties, such retail seller shall reimburse the buyer in an amount equal to the purchase price paid by the buyer, less that amount directly attributable to use by the buyer prior to discovery of the nonconformity.

(b) Return the nonconforming consumer good to any retail seller, within this state, of like goods of the same manufacturer

for replacement, or for service or repair. Replacement, service, or repair shall be at the option of the retail seller.

(c) In the event a buyer is unable to return nonconforming goods to the retailer due to reasons of size and weight, or method of attachment, or method of installation, or nature of the nonconformity, the buyer shall give notice of the nonconformity to the retailer. Upon receipt of such notice of nonconformity the retailer shall, at its option, service or repair the goods at the buyer's residence, or pick up the goods for service or repair, or arrange for transporting the goods to its place of business. Costs of transporting the goods shall be at the retailer's expense. The retailer shall be entitled to recover all such costs of transportation from the manufacturer pursuant to Section 1793.5. Costs of transporting nonconforming goods after delivery to the retailer until return of the goods to the buyer, when incurred by a retailer, shall be recoverable from the manufacturer pursuant to Section 1793.5. Written notice of nonconformity to the retailer shall constitute return of the goods for the purposes of subdivisions (a) and (b).

SEC. 10.5. Section 1793.35 is added to the Civil Code, to read:

1793.35. (a) Where the retail sale of soft goods or consumables is accompanied by an express warranty and such items do not conform with the terms of the express warranty, the buyer thereof may return the goods within 30 days of purchase or the period specified in the warranty, whichever is greater. The manufacturer may, in the express warranty, direct the purchaser to return nonconforming goods to a retail seller of like goods of the same manufacturer for replacement.

(b) When soft goods or consumables are returned to a retail seller for the reason that they do not conform to an express warranty, the retailer shall replace the nonconforming goods where the manufacturer has directed replacement in the express warranty. In the event the manufacturer has not directed replacement in the express warranty, the retailer may replace the nonconforming goods or reimburse the buyer in an amount equal to the purchase price paid by the buyer for the goods, at the option of the retailer. Costs of reimbursement or replacement are recoverable by a retailer from the manufacturer in the manner provided in Section 1793.5.

SEC. 11. Section 1793.4 of the Civil Code is amended to read:

1793.4. Where an option is exercised in favor of service and repair under Section 1793.3, such service and repair must be commenced within a reasonable time, and, unless the buyer agrees in writing to the contrary, goods conforming to the applicable express warranties shall be tendered within 30 days. Delay caused by conditions beyond the control of the retail seller or his representative shall serve to extend this 30-day requirement. Where such a delay arises, conforming goods shall be tendered as soon as possible following termination of the condition giving rise to the delay.

SEC. 12. Section 1793.5 of the Civil Code is amended to read:

1793.5. Every manufacturer making express warranties who does not provide service and repair facilities within this state pursuant to subdivision (a) of Section 1793.2 shall be liable as prescribed in this section to every retail seller of such manufacturer's goods who incurs obligations in giving effect to the express warranties that accompany such manufacturer's consumer goods. The amount of such liability shall be determined as follows:

(a) In the event of replacement, in an amount equal to the actual cost to the retail seller of the replaced goods, and cost of transporting the goods, if such costs are incurred plus a reasonable handling charge.

(b) In the event of service and repair, in an amount equal to that which would be received by the retail seller for like service rendered to retail consumers who are not entitled to warranty protection, including actual and reasonable costs of the service and repair and the cost of transporting the goods, if such costs are incurred, plus a reasonable profit.

(c) In the event of reimbursement under subdivision (a) of Section 1793.3, in an amount equal to that reimbursed to the buyer, plus a reasonable handling charge.

SEC. 13. Section 1794 of the Civil Code is amended to read:

1794. Any buyer of consumer goods injured by a willful violation of the provisions of this chapter may bring an action for the recovery of damages, and

(a) Judgment may be entered for three times the amount at which the actual damages are assessed, and

(b) Reasonable attorney fees may be awarded.

SEC. 14. Section 1794.2 of the Civil Code is amended to read:

1794.2. (a) Subdivision (a) of Section 1794 shall not apply to a cause of action commenced or maintained pursuant to Section 382 of the Code of Civil Procedure or pursuant to Section 1781 of this code.

(b) Subdivision (a) of Section 1794 shall not apply to a judgment based solely on a breach of implied warranty of merchantability or, where present, the implied warranty of fitness.

SEC. 15. Section 1794.3 of the Civil Code is amended to read:

1794.3. The provisions of this chapter shall not apply to any defect or nonconformity in consumer goods caused by the unauthorized or unreasonable use of the goods following sale.

SEC. 16. Section 1794.4 of the Civil Code is amended to read:

1794.4. Nothing in this chapter shall be construed to prevent the sale of a service contract to the buyer in addition to or in lieu of an express warranty if such contract fully and conspicuously discloses in simple and readily understood language the terms and conditions of such contract.

SEC. 16.5. Section 1795.1 is added to the Civil Code, to read:

1795.1. No requirement of this chapter shall apply to any equipment or any part thereof which is a component of a system designed to heat, cool, or otherwise condition air where such a system shall become a fixed part of a structure, unless an express warranty respecting such component has been made by the retailer thereof, in which event it shall be the duty of the retailer to give effect to the provisions of this chapter.

SEC. 17. Section 1795.5 is added to the Civil Code, to read:

1795.5. Notwithstanding the provisions of subdivision (a) of Section 1791 defining consumer goods to mean "new" goods, if a distributor or retail seller of used consumer goods makes express warranties with respect to used goods that are sold in this state, the obligation of such distributor or retail seller shall be the same as that imposed on the manufacturer under this chapter, except:

(a) It shall be the obligation of the distributor or retail seller making express warranties with respect to used consumer goods (and not the original manufacturer, distributor, or retail seller making express warranties with respect to such goods when new) to maintain, or cause to be maintained, sufficient service and repair facilities within this state to carry out the terms of such express warranties.

(b) The provisions of Section 1793.5 shall not apply to the sale of used consumer goods sold in this state.

(c) The duration of the implied warranty of merchantability and where present the implied warranty of fitness with respect to used consumer goods sold in this state, where the sale is accompanied by an express warranty, shall be coextensive in duration with an express warranty which accompanies the consumer goods, provided the duration of the express warranty is reasonable, but in no event shall such implied warranties have a duration of less than 30 days nor more than three months following the sale of used consumer goods to a retail buyer. Where no duration for an express warranty is stated with respect to such goods, or parts thereof, the duration of the implied warranties shall be the maximum period prescribed above.

SEC. 18. The provisions of this act shall become operative on January 1, 1972, and shall apply to sales of consumer goods occurring on and after January 1, 1972, provided such consumer goods are manufactured on or after March 1, 1971.

[Approved by Governor November 16, 1971 Filed with Secretary of State November 16, 1971 ]

*The people of the State of California do enact as follows:*

SECTION 1. Section 1241.7 of the Code of Civil Procedure is amended to read:

1241.7. (a) Except as provided in subdivision (b), notwithstanding any other provision of law to the contrary, the

fact that property is appropriated for public use as a state, regional, county, or city park or recreation area, or wildlife or waterfowl management area as presently established by the Department of Fish and Game pursuant to Section 1525 of the Fish and Game Code, or historic site included in the National Register of Historic Places or state-registered landmarks, or as an ecological reserve as provided for in Article 4 (commencing with Section 1580) of Chapter 5 of Division 2 of the Fish and Game Code, establishes a rebuttable presumption of its having been appropriated for the best and most necessary public use. The presumption established by this section is a presumption affecting the burden of proof.

(b) When property appropriated for a public use as a state, regional, county, or city park or recreation area, or wildlife or waterfowl management area as presently established by the Department of Fish and Game pursuant to Section 1525 of the Fish and Game Code, or historic site included in the National Register of Historic Places or state-registered landmarks, or as an ecological reserve as provided for in Article 4 (commencing with Section 1580) of Chapter 5 of Division 2 of the Fish and Game Code, is sought to be acquired for state highway purposes, or for public utility route or structure purposes, and such park or recreational area, or wildlife or waterfowl management area, or historic site, or ecological reserve was dedicated to or established for park or recreational purposes, or as a wildlife or waterfowl management area, or as an historic site included in the National Register of Historic Places or state-registered landmarks, or as an ecological reserve as provided for in Article 4 (commencing with Section 1580) of Chapter 5 of Division 2 of the Fish and Game Code, prior to the initiation of highway route location studies, or public utility route or structure location studies, an action for declaratory relief may be brought only by the public agency owning such park or recreational area, or wildlife or waterfowl management area, or historic site, or ecological reserve in the superior court to determine the question of which public use is the best and most necessary public use for such property. Such action for declaratory relief shall be filed and served within 120 days after publication by the California Highway Commission or the public utility in a newspaper of general circulation pursuant to Section 6061 of the Government Code, and delivery of a written notice to the public agency owning such park or recreational area, or wildlife or waterfowl management area, or historic site, or ecological reserve by the California Highway Commission or public utility that a proposed route or site or an adopted route includes park land or recreational area, or a wildlife or waterfowl management area, or an historic site, or an ecological reserve owned by that agency. In such declaratory relief action, the resolution of the California Highway Commission shall not be conclusive evidence of the matters set forth in Section 103 of the Streets and Highways Code. Such action for declaratory relief shall have preference over all other civil actions in the matter of setting the same for hear-

ing or trial to the end that any such action shall be quickly heard and determined. If an action for declaratory relief is not filed and served within such 120-day period, the right to bring such action is waived and the provisions of subdivision (a) shall not apply. When a declaratory relief action, with respect to such property being sought for highway purposes, or for public utility route or structure purposes, may not be brought pursuant to this subdivision, the provisions of subdivision (a) of this section shall not apply.

"Federal funds" means any construction and equipment moneys provided by the federal government to a community college district for the project or any part of the project, which are or will be available to the district for the project.

(c) Determining the total cost of the project, reducing the same by the amount of federal funds available therefor, and determining the respective shares of the remainder thereof to be borne by the state and by the district. The determination of the respective shares of the project to be borne by the state and the district shall be made on the basis of the relative district ability. If the relative district ability is one (1), the state and district shall share the cost equally; if the relative district ability is less than one (1) the state shall bear more of the cost than the district; and if the relative district ability is greater than one (1), the state shall bear less of the cost than the district.

"Relative district ability" is the quotient obtained by dividing (1) the assessed valuation of the district for the academic year in which an application for a project is submitted

to the chancellor, divided by the annual average weekly student contact hours in the district for the same academic year, by (2) the total of assessed valuation for all community college districts in the state for the same academic year, divided by the total annual average weekly student contact hours in all community college districts of the state for the same academic year.

(d) Determining the total of funds immediately required for the first phase of the project to be provided by the state by appropriation, and the funds immediately required to be provided by the district.

SEC. 23. Section 20084 of the Education Code is amended to read:

20084. A community college district may begin work on, or receive or award bids for, any portion of an approved project prior to the appropriation by the Legislature of the state's share of the funding thereof pursuant to Section 20082, if such district has demonstrated both of the following facts to the satisfaction of the Board of Governors of the California Community Colleges and the Department of Finance:

(a) The capital construction program of the district and the construction dates contained therein support the need of the district to begin work on, or award bids for, the project before the appropriation is made.

(b) The district has the financial capability to complete the work begun before the appropriation is made in the event the Legislature fails to appropriate the necessary state funding.

For the purposes of this section, an "approved project" is a project which has been approved by the chancellor pursuant to Section 20081, and approved by the Department of Finance pursuant to Section 20082 after April 1, 1971.

SEC. 24. Section 20210 of the Education Code is amended to read:

20210. The Board of Governors of the California Community Colleges shall furnish the forms and prescribe the procedures required of the school districts and county superintendent of schools under this article.

SEC. 25. Section 20211 of the Education Code is amended to read:

20211. The special tax required by Section 20202 to be levied shall not be levied upon taxable property in any territory included in a newly formed community college district, during the first fiscal year for which the district is effective for all purposes, or in a unified district during the first fiscal year in which a community college is operated by the district or in any territory annexed to a community college district, during the first fiscal year for which the annexation is effective for all purposes, if the rate of community college district tax levied upon taxable property in such territory during such year for all community college purposes exclusive of bond interest and redemption, equals or exceeds the rate of tax which would be levied on taxable property in such territory under Section 20202 if this section were not in existence. The county auditor shall, on or before September 25th of such year, determine and report to the county superintendent of schools the amount which would be raised if the tax prescribed by Section 20202 were levied in such territory during such year. The county superintendent of schools shall forthwith report the amount to the Board of Governors of the California Community Colleges, who shall forthwith certify such amount to the State Controller. The State Controller shall, on or before November 25th of such year, draw his warrant upon the General Fund, in the amount certified, payable to the county treasurer from the money appropriated by this section for such year. The county treasurer shall deposit the amount in the community college tuition fund, and the amount shall be apportioned under this article in the same manner as if it were the proceeds of the tax levied under Section 20202.

If the rate of the community college district tax levied upon taxable property in such territory during such year for all community college purposes, exclusive of bond interest and redemption, is less than the rate of tax which would be levied on taxable property in such territory in such year under Section 20202 if this section were not in existence, the board of supervisors at the time of levying the tax prescribed by Section 20202, shall levy in such territory, in lieu of the special tax prescribed by Section 20202, a special tax at a rate equal to the difference between the rate of tax levied under Section 20202 and the rate of district tax levied in the territory for all community college purposes, exclusive of bond interest and redemption. When collected the tax shall be paid into the county treasury and placed in the community college tuition fund. The county auditor shall, on or before September 25th of such year, determine and report to the county superintendent of schools the difference between the amount which would have been raised in such territory in such year if a special tax had been levied in such territory pursuant to Section 20202, and the amount which actually was or will be raised in such year from the levy of the special tax required by this paragraph. The county superintendent of schools shall forthwith report the amount to the Superintendent of Public Instruction, who shall forthwith certify such amount to the State Controller. The State Controller shall, on or before November

Otherwise, any municipal or justice court in such county, having jurisdiction of the subject matter, is the proper court for the trial of the action.

In any action subject to the provisions of this section, concurrently with the filing of the complaint, the plaintiff shall file an affidavit stating facts showing that the action has been commenced in a county or judicial district described in this section as a proper place for the trial of the action. Such facts may be stated in a verified complaint and shall not be stated on information or belief. When such affidavit is filed with the complaint, a copy thereof shall be served with the summons. If a plaintiff fails to file the affidavit or state facts in a verified complaint required by this section, no further proceedings shall be had, but the court shall, upon its own motion or upon motion of any party, dismiss any such action without prejudice; however, the court may, on such terms as may be just, permit the affidavit to be filed subsequent to the filing of the complaint and a copy of such affidavit shall be served on the defendant. Therefore, Section 22 of this act shall become operative only if this bill and Assembly Bill No. 1953 are both chaptered, both

amend Section 13352, and Assembly Bill No. 1953 is chaptered before this bill, in which case Section 9 of this act shall not become operative.

SEC. 31. It is the intent of the Legislature that if this bill and Assembly Bill No. 600, Assembly Bill No. 861, or Assembly Bill No. 1953, or any combination thereof, are chaptered and amend Section 13355 of the Vehicle Code, and this bill is chaptered last, that amendments proposed by each of the bills which are chaptered be given effect as follows:

(a) If this bill and Assembly Bill No. 600 are both chaptered and amend Section 13355 of the Vehicle Code, but Assembly Bill No. 861 and Assembly Bill No. 1953 are not chaptered or as chaptered do not amend that section, and this bill is chaptered after Assembly Bill No. 600, the amendments proposed by both bills shall be given effect and incorporated in Section 13355 in the form set forth in Section 23 of this act. Therefore, if Assembly Bill No. 861 is chaptered before this bill and both bills amend Section 13355, and Assembly Bill No. 600 and Assembly Bill No. 1953 are not chaptered or as chaptered do not amend that section, Section 24 shall be operative and Sections 10 and 23 and Sections 25 to 29, inclusive, of this act shall not become operative.

tered after Assembly Bill No. 600 and Assembly Bill No. 861, the amendments proposed by all three bills shall be given effect and incorporated in Section 13355 in the form set forth in Section 26 of this act. (e) If this bill and Assembly Bill No. 600 and Assembly Bill No. 1953 are all chaptered and amend Section 13355 of the Vehicle Code, but Assembly Bill No. 861 is not chaptered or as chaptered does not amend that section, and this bill is chaptered after Assembly Bill No. 600 and Assembly Bill No. 1953, the amendments proposed by all three bills shall be given effect and incorporated in Section 13355 in the form set forth in Section 27 of this act. Therefore, if Assembly Bill No. 600 and Assembly Bill No. 1953 are chaptered before this bill and all three bills amend Section 13355, and Assembly Bill No. 861 is not chaptered or as chaptered does not amend that section, Section 27 of this act shall be operative and Section 10, and Sections 23 to 26, inclusive, and Sections 28 and 29 of this act shall not become operative.

(f) If this bill and Assembly Bill No. 861 and Assembly Bill No. 1953 are all chaptered and amend Section 13355 of the Vehicle Code, but Assembly Bill No. 600 is not chaptered or as chaptered does not amend that section, and this bill is chaptered after Assembly Bill No. 861 and Assembly Bill No. 1953, the amendments proposed by all three bills shall be given effect and incorporated in Section 13355 in the form set forth in Section 28 of this act. Therefore, if Assembly Bill No. 861 and Assembly Bill No. 1953 are chaptered before this bill and all three bills amend Section 13355, and Assembly Bill No. 600 is not chaptered or as chaptered does not amend that section, Section 28 shall be operative and Section 10, and Sections 23 to 27, inclusive, and Section 29 of this act shall not become operative.

(g) If this bill and Assembly Bill No. 600, Assembly Bill No. 861, and Assembly Bill No. 1953 are all chaptered, and all four bills amend Section 13355 of the Vehicle Code, and this bill is chaptered after Assembly Bill No. 600, Assembly Bill No. 861, and Assembly Bill No. 1953, the amendments proposed by all four bills shall be given effect and incorporated in Section 13355 in the form set forth in Section 29 of this act. Therefore, if Assembly Bill No. 600, Assembly Bill No. 861, and Assembly Bill No. 1953 are all chaptered before this bill and all four bills amend Section 13355 of the Vehicle Code, Section 29 of this act shall be operative and Section 10 and Sections 23 to 28, inclusive, of this act shall not become operative.

The time shall not be extended more than 20 days. Provided, however, that no such dismissal with prejudice shall have the effect of dismissing a counterclaim or cross-complaint filed in said action or of depriving the defendant of affirmative relief sought by his answer therein. Dismissals without prejudice may be had

in either of the manners provided for in subdivision 1 of this section, after actual commencement of the trial, either by consent of all of the parties to the trial or by order of court on showing of just cause therefor.

2. By either party, upon the written consent of the other. No dismissal mentioned in subdivisions 1 and 2 of this section shall be granted unless upon the written consent of the attorney of record of the party or parties applying therefor, or if such consent is not obtained upon order of the court after notice to such attorney.

3. By the court, when either party fails to appear on the trial and the other party appears and asks for the dismissal, or when a demurrer is sustained without leave to amend, or when, after a demurrer to the complaint has been sustained with leave to amend, the plaintiff fails to amend it within the time allowed by the court, and either party moves for such dismissal.

4. By the court, with prejudice to the cause, when upon the trial and before the final submission of the case, the plaintiff abandons it.

5. The provisions of subdivision 1, of this section, shall not prohibit a party from dismissing with prejudice, either by written request to the clerk or oral or written request to the judge, as the case may be, any cause of action at any time before decision rendered by the court. Provided, however, that no such dismissal with prejudice shall have the effect of dismissing a cross-complaint filed in said action. Dismissals without prejudice may be had in either of the manners provided for in subdivision 1 of this section, after actual commencement of the trial, either by consent of all of the parties to the trial or by order of court on showing of just cause therefor.

6. By the court without prejudice when no party appears for trial following 30 days notice of time and place for trial.

It is further provided, that regardless of the opinion of the Attorney General of the State of California, in the event of a determination by the Secretary of Commerce, or other officer of the federal government authorized to rule on this subject, that the application of this section to the national system of interstate and defense highways would result in the withholding of any apportionment of federal funds to this state, then this section shall forthwith become inoperative.

The application shall be accompanied by a bond executed by good and sufficient sureties making provision for full indemnification of any person for any material loss suffered as a result of any fraud or misrepresentation used in connection with the solicitation for the sale or the sale of any course of study. The permittee shall carry the permit with him for identification purposes when engaged in the solicitation of sales and the selling of correspondence courses of study.

Any contract for or in connection with a course of study with a correspondence school, or representative thereof, shall be voidable at the option of the purchaser if the representative of any person selling or administering such course of study, or the representative of such firm, association, partnership or corporation was not the holder of a permit as required by this section at the time that such representative negotiated the contract for or sold such course.

The judgment rendered in any action maintained for any material loss suffered as a result of any fraud or misrepresentation used in connection with the solicitation for the sale or the sale of any course of study shall, if the plaintiff is the prevailing party, include court costs including a reasonable attorney's fee fixed by the court.

The provisions of Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code shall be applicable to any determination of the State Board of Education made pursuant to this section.

The issuance of a permit pursuant to this section shall not be interpreted as, and it shall be unlawful for any individual holding any such permit to expressly or impliedly represent by any means whatever that the Superintendent of Public Instruction, the State Board of Education, or the State Department of Education has made, any evaluation, recognition, accreditation or endorsement of any correspondence course of study being offered for sale by the individual.

It shall be unlawful for any individual holding a permit under this section to expressly or impliedly represent by any means whatever that the issuance of the permit constitutes an assurance by the Superintendent of Public Instruction, the State Board of Education, or the State Department of Education that any correspondence course of study being offered for sale by the individual will provide and require of the student a course of education or training necessary to reach a professional, educational, or vocational objective, or will result in employment or personal earnings for the student.

The issuance of a permit under this section, and the possession thereof, by an individual, shall be evidence only that the surety bond prescribed by this section has been issued with respect to the possessor and that he has submitted satisfactory evidence of good moral character.

68115. When war, insurrection, pestilence, or other public calamity, or the danger thereof, or the destruction of or danger

to the building appointed for holding the court, renders it necessary, or when a large influx of criminal cases resulting from a large number of arrests within a short period of time threatens the orderly operation of a court within a specified county or judicial district, the presiding judge, or if there is none, the sole judge of the superior, municipal or justice court, may request and the Chairman of the Judicial Council may, notwithstanding any other provision of law, by order authorize the court to do one or more of the following:

(a) Hold sessions anywhere within the county.

(b) Transfer civil cases pending in the court to another court in the county which has jurisdiction of the subject matter.

(c) Transfer civil cases pending trial in the court to a court having jurisdiction of the subject matter in an adjacent county. No such transfer shall be made pursuant to this subdivision except with the consent of all parties to the case or upon a showing by a party that extreme or undue hardship would result unless the case is transferred for trial. Any civil case so transferred shall be integrated into the existing caseload of the court to which it is transferred pursuant to rules to be provided by the Judicial Council.

(d) Suspend subdivisions (d), (e), and (f) of Section 199 of the Code of Civil Procedure relating to competency to act as a juror when such suspension is necessary to obtain a sufficient number of jurors.

(f) Extend the time period provided in Section 859b of the Penal Code for the holding of a preliminary examination from 10 days to not more than 15 days.

(g) Extend the time period provided in Section 1382 of the Penal Code within which the trial must be held by not more than 30 days, but the trial of a defendant in custody whose time is so extended shall be given precedence over all other cases.

68116. Any order of the Chairman of the Judicial Council pursuant to this chapter shall take effect immediately upon its issuance and shall be filed as soon thereafter as possible in the office of the Secretary of State. The Chairman of the Judicial Council may at any time revoke or terminate his order or any part thereof. The order of revocation or termination shall be filed with the Secretary of State, but shall not affect the status or validity of any transfer made prior thereto or of trials in progress, and the judges presiding in such trials shall continue doing so until the trials have concluded.

68117. The Chairman of the Judicial Council may pursuant to this chapter direct the payment of the costs of assigned

judges, court facilities and other costs or expenses required by reason of the judicial emergency to be paid from funds appropriated to the Judicial Council for this purpose.

community interests would be enhanced by the construction of such facilities.

If the department finds further as a result of a public hearing that there is no highway purpose, as specified in subdivision (a) of Section 105.7, served by the incorporation of such facilities in the design of a freeway which would justify the use of highway funds and the exercise of the power of eminent domain for their construction, the cost for construction of such facilities, other than design costs, shall be contributed by local agencies or by others.

SEC. 2. Section 104 of the Streets and Highways Code is amended to read:

104. The department may acquire, either in fee or in any lesser estate or interest, any real property which it considers necessary for state highway purposes. Real property for such purposes includes, but is not limited to, real property considered necessary for any of the following purposes:

(i) For the construction and maintenance of stock trails.

(j) For the construction and maintenance of bicycle lanes and paths.

SEC. 3. Section 105.5 of the Streets and Highways Code is amended to read:

105.5. Upon the request of a public agency, as defined by Section 6500 of the Government Code, the department may enter into an agreement with such agency for the construction and maintenance of facilities for pedestrian, bicycle and other nonmotorized traffic which generally follow a state highway right-of-way where no other suitable facility for such traffic exists and where the department has determined that such facility will not constitute a safety hazard or interfere with the normal flow of traffic.

SEC. 4. Section 105.7 is added to the Streets and Highways Code, to read:

105.7. (a) The department may construct and maintain separate bicycle lanes and paths approximately paralleling

(b) Where the separation of bicycle traffic from motor vehicle traffic will increase the traffic capacity or safety of the highway, the department shall pay for the construction and maintenance of separate bicycle lanes and paths approximately paralleling the highway.

(c) The Legislature finds and declares that the construction and the maintenance of such bicycle lanes and paths constitute a highway purpose under Article XXVI of the California Constitution, and justify the expenditure of highway funds and the exercise of the power of eminent domain therefor.

(b) A portion of such tide and submerged lands has been filled and reclaimed in accordance with a master plan of improvement of said granted tide and submerged lands, including the development of a harbor facility.

(c) The City of Redondo Beach, through development of its harbor, has caused to be made available approximately 1,500 boat slips, boat fuel docks, boat service yards, boat hoists, boat rental facilities, and free fishing from three different piers, has constructed two breakwaters, is in the process of providing public parking facilities and will provide parking for in excess of 1,000 cars, and will provide numerous recreational amenities including, but not limited to, nautical museums, restaurants, motels, and other tourists facilities.

(d) The City of Redondo Beach has made available, by the development of access facilities and other recreational amenities, an additional three miles of shoreline providing access to the ocean for recreational, commercial, and navigational purposes.

(e) The City of Redondo Beach is currently undergoing a large scale redevelopment project which has revitalized the waterfront areas fronting the city.

(f) In accordance with the master plan of the City of Redondo Beach for the development of the tide and submerged lands granted to it in trust pursuant to Chapter 57 of the Statutes of 1915, Parcels 1 through 4, inclusive, as described in Section 5 of said act, being a relatively small portion of such granted tide and submerged lands, were filled, reclaimed, and optioned for lease or leased, and are producing income to support the statutory trusts under which such tide and submerged lands are held by said city and, except for the production of income to support said trusts are, under such master plan, no longer required or needed for the promotion of said trusts.

(g) Said Parcels 1 through 4, inclusive, are no longer needed or required for purposes of navigation, commerce, and fisheries and should be freed of the public trust for navigation, commerce, and fisheries but should continue to be held in trust by the City of Redondo Beach subject to the terms and provisions of Chapter 57 of the Statutes of 1915, as amended and supplemented by this act, and to other laws applicable to the tide and submerged lands included in such grant to the City of Redondo Beach, but subject to no condition of use other than the uses set forth in the existing options to lease

and leases of said Parcels 1 through 4, inclusive, and subject to the condition that the revenues derived from the leasing or administration of said Parcels 1 through 4, inclusive, shall be used in furtherance of the purposes of the trust under which other tide and submerged lands are held by the City of Redondo Beach as expressed in Chapter 57 of the Statutes of 1915, as amended and supplemented by this act.

## CHAPTER 1562

*An act to amend Section 3255 of, and to add Section 3296.6 to, the Education Code, relating to the reorganization of school districts.*

[Approved by Governor November 17, 1971. Filed with Secretary of State November 17, 1971.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 3255 of the Education Code is amended to read:

3255. In any proposal for reorganization of school districts recommended by a county committee, the committee shall include a provision for the authorization of a maximum tax rate for the proposed new district, and such provision shall be an inherent part of the proposal, and shall not be construed as a separate proposition. If the reorganization is approved by the registered voters of the area, such tax rate shall be the maximum tax rate for the type of new district formed in lieu of any rate specified in Section 20751 until changed by the registered voters of the district in the manner prescribed in Section 20803. Such tax rate established by the county committee shall not be less than the tax rates for the new district provided in Section 20751 nor more than the rate which would produce revenue for the proposed new district equal to: (1) the sum of the revenue of each of the districts proposed to be wholly or partially included therein had the maximum allowable tax rate been in effect in each such district during the school year prior to the fiscal year in which the election for reorganization is held; (2) revenues equal to the amount by which the state equalization aid allowances, if any, computed for the proposed district for the fiscal year are less than the sum of the state equalization aid

allowances, if any, made to the component districts during the fiscal year prior to the fiscal year in which the election for reorganization is held; and (3) revenues equal to the amount of the difference between the average certificated and the average classified salary of all the component districts during the school year prior to that in which the election is held and the average certificated and the average classified salary of the high school district or districts included in the proposal multiplied by the number of employees in each category at the elementary level. In the event the salary schedule of an included elementary district or unified district is higher than that of the high school district, the county committee may for the purpose of determining a tax rate under this section substitute that elementary or unified district salary schedule for the high school district schedule. Any tax rate approved pursuant to this section may be decreased by the governing board of the district to not less than the tax rate specified in Section 20751.

Notwithstanding any provision of the preceding paragraph, the county committee may increase the maximum tax rate established thereunder, to reflect increases occurring in the fiscal year in which the election is held, in the salaries of certificated and classified employees, of any of the component districts.

The maximum tax rate of the proposed new district shall be printed on the ballot.

SEC. 1.5. Section 3296.6 is added to the Education Code, to read:

3296.6. The statement of official information and statistics prepared and distributed pursuant to Section 3296.5 in connection with proposals including the provisions specified in Section 3255 shall contain a statement by the county committee, of the amount by which the maximum tax rate, as shown on the ballot, of the new district, would be required to be increased in order to produce an amount of revenue equal to the sum of the revenues of each of the districts proposed to be partially or wholly included therein produced by all of the taxes levied, pursuant to statutes authorizing taxes to be levied for particular purposes without compliance with Sections 20751 and 20803, in such districts during the school year prior to the fiscal year in which the election for reorganization was held.

SEC. 2. Section 3255 of the Education Code is amended to read:

3255. In any proposal for reorganization of school districts recommended by a county committee, the committee shall include a provision for the authorization of a maximum tax rate for the proposed new district, and such provision shall be an inherent part of the proposal, and shall not be construed as a separate proposition. If the reorganization is approved by the registered voters of the area, such tax rate shall be the maximum tax rate for the type of new district formed in lieu of any rate specified in Section 20751

until changed by the registered voters of the district in the manner prescribed in Section 20803. Such tax rate established by the county committee shall not be less than the tax rates for the new district provided in Section 20751 nor more than the rate which would produce revenue for the proposed new district equal to: (1) the sum of the revenue of each of the districts proposed to be wholly or partially included therein had the maximum allowable tax rate been in effect in each such district during the school year prior to the fiscal year in which the election for reorganization is held; (2) revenues equal to the amount by which the state equalization aid allowances, if any, computed for the proposed district for the fiscal year are less than the sum of the state equalization aid allowances, if any, made to the component districts during the fiscal year prior to the fiscal year in which the election for reorganization is held; and (3) revenues equal to the amount of the difference between the average certificated and the average classified salary of all the component districts during the school year prior to that in which the election is held and the average certificated and the average classified salary of the high school district or districts included in the proposal multiplied by the number of employees in each category at the elementary level. In the event the salary schedule of an included elementary district or unified district is higher than that of the high school district, the county committee may for the purpose of determining a tax rate under this section substitute that elementary or unified district salary schedule for the high school district schedule.

In community college district reorganization proposals, the tax rates for non-community-college district territory included in the reorganization shall be the maximum tax rate for community college districts as specified in Section 20751. Such territory shall not be considered in computation of state equalization aid for purposes of this section. If a portion of a community college district is included in the recommended reorganization, the tax rate and equalization aid shall be at the same rate as the district as a whole Any tax rate approved pursuant to this section may be decreased by the governing board of the district to not less than the tax rate specified in Section 20751.

Notwithstanding any provision of the preceding paragraph, the county committee may increase the maximum tax rate established thereunder, to reflect increases occurring in the fiscal year in which the election is held, in the salaries of certificated and classified employees, of any of the component districts.

The maximum tax rate of the proposed new district shall be printed on the ballot.

SEC. 3. It is the intent of the Legislature, if this bill and Assembly Bill No. 2135 are both chaptered and amend Section 3255 of the Education Code, and this bill is chaptered after Assembly Bill No. 2135, that Section 3255 of the Education

Code, as amended by Section 8 of Assembly Bill No. 2135, be further amended on the effective date of this act in the form set forth in Section 2 proposed by this bill. Therefore, if Assembly Bill No. 2135 is chaptered before this bill and amends Section 3255 of the Education Code, Section 2 of this act shall become operative on the effective date of this act and Section 1 of this act shall not become operative.

SEC. 4. Section 11580.2 of the Insurance Code is amended to read:

11580.2. (a) No policy of bodily injury liability insurance covering liability arising out of the ownership, maintenance, or use of any motor vehicle, shall be issued or delivered in this state to the owner or operator of a motor vehicle, or shall be issued or delivered by any insurer licensed in this state upon any motor vehicle then principally used or principally garaged in this state, unless the policy contains, or has added to it by endorsement, a provision with coverage limits at least equal to the financial responsibility requirements specified in Section 16059 of the Vehicle Code insuring the insured, his heirs or his legal representative for all sums within such limits which he or they, as the case may be, shall be legally entitled to recover as damages for bodily injury or wrongful death from the owner or operator of an uninsured motor vehicle. The insurer and any named insured, prior to or subsequent to the issuance or renewal of a policy, may, by agreement in writing, delete the provision covering damage caused by an uninsured motor vehicle (1) completely, or (2) with respect to a natural person or persons designated by name when operating

a motor vehicle. Either of such deletions by any named insured shall be binding upon every insured to whom such policy or endorsement provisions apply while such policy is in force, and shall continue to be so binding with respect to any continuation, renewal, or replacement of such policy by the named insured, or with respect to reinstatement of such policy within 30 days of any lapse thereof. A policy shall be excluded from the application of this section if the only coverage with respect to the use of any motor vehicle is limited to the contingent liability arising out of the use of nonowned motor vehicles.

(b) As used in (a) above, "bodily injury" includes sickness or disease, including death, resulting therefrom; the term "named insured" means only the individual or organization named in the declarations of the policy of motor vehicle bodily injury liability insurance referred to in (a) above; as used in (a) above the term "insured" means the named insured and the spouse of the named insured and relatives of either while residents of the same household while occupants of a motor vehicle or otherwise, heirs and any other person while in or upon or entering into or alighting from an insured motor vehicle and any person with respect to damages he is entitled to recover for care or loss of services because of bodily injury to which the policy provisions or endorsement apply; the term "insured motor vehicle" means the motor vehicle described in the underlying insurance policy of which the uninsured motorist endorsement or coverage is a part, a temporary substitute or a newly acquired automobile for which liability coverage is provided in the policy if the motor vehicle is used by the named insured or with his permission or consent, express or implied, and any other automobile not owned by the named insured or any resident of the same household while being operated by the named insured or his spouse if a resident of the same household, but the term "insured motor vehicle" shall not include any automobile while used as a public or livery conveyance. The term "uninsured motor vehicle" means a motor vehicle with respect to the ownership, maintenance or use of which there is no bodily injury liability insurance or bond applicable at the time of the accident, or there is such applicable insurance or bond but the company writing the same denies coverage thereunder or refuses to admit coverage thereunder except conditionally or with reservation, or a motor vehicle used without the permission of the owner thereof if there is no bodily injury liability insurance or bond applicable at the time of the accident with respect to the owner or operator thereof, or the owner or operator thereof be unknown, provided that, with respect to an "uninsured motor vehicle" whose owner or operator is unknown:

(1) The bodily injury has arisen out of physical contact of such automobile with the insured or with an automobile which the insured is occupying.

(2) The insured or someone on his behalf shall have reported the accident within 24 hours to the police department

of the city where the accident occurred or, if the accident occurred in unincorporated territory then either to the sheriff of the county where the accident occurred or the local headquarters of the California Highway Patrol, and have filed with the insurer within 30 days thereafter a statement under oath that the insured or his legal representative has or the insured's heirs have a cause of action arising out of such accident for damages against a person or persons whose identity is unascertainable and set forth facts in support thereof. The term "uninsured motor vehicle" shall not include an automobile owned by the named insured or any resident of the same household or self-insured within the meaning of the safety responsibility law of the state in which the motor vehicle is registered or which is owned by the United States of America, Canada, a state or political subdivision of any such government or an agency of any of the foregoing, or a land motor vehicle or trailer operated on rails or crawlertreads or while located for use as a residence or premises and not as a vehicle, or a farm-type tractor or equipment designed for use principally off public roads, except while actually upon public roads.

The term "uninsured motor vehicle" also means an insured motor vehicle where the liability insurer thereof is unable to make payment with respect to the legal liability of its insured within the limits specified therein because of insolvency. An insurer's solvency protection shall be applicable only to accidents occurring during a policy period in which its insured's motor vehicle coverage is in effect where the liability insurer of the tortfeasor becomes insolvent within one year of such accident. In the event of payment to any person under the coverage required by this section and subject to the terms and conditions of such coverage, the insurer making such payment, shall to the extent thereof, be entitled to any proceeds which may be recoverable from the assets of the insolvent insurer through any settlement or judgment of such person against the insolvent insurer.

(c) The insurance coverage provided for in this section does not apply:

(1) To property damage sustained by the insured.

(2) To bodily injury of the insured while in or upon or while entering into or alighting from an automobile other than the described automobile if the owner thereof has insurance similar to that provided in this section.

(6) To bodily injury of the insured while occupying a motor vehicle owned by an insured, unless the occupied vehicle is an insured motor vehicle.

(7) To bodily injury of the insured when struck by a vehicle owned by an insured.

(d) Subject to paragraph (c)(2), the policy or endorsement may provide that if the insured has insurance available to him under more than one uninsured motorist coverage provision, any damages shall not be deemed to exceed the higher of the applicable limits of the respective coverages, and such damages shall be prorated between the applicable coverages as the limits of each coverage bears to the total of such limits.

(e) The policy or endorsement added thereto may provide that if the insured has valid and collectible automobile medical payment insurance available to him, the damages which he shall be entitled to recover from the owner or operator of an uninsured motor vehicle shall be reduced for purposes of uninsured motorist coverage by the amounts paid or due to be paid under such automobile medical payment insurance. This subdivision shall become operative on January 1, 1971.

(f) The policy or an endorsement added thereto shall provide that the determination as to whether the insured shall be legally entitled to recover damages, and if so entitled, the amount thereof, shall be made by agreement between the insured and the insurer or, in the event of disagreement, by arbitration. The arbitration shall be conducted by a single neutral arbitrator. An award or a judgment confirming an award shall not be conclusive on any party in any action or proceeding between (i) the insured, his insurer, his legal representative, or his heirs and (ii) the uninsured motorist to recover damages arising out of the accident upon which the award is based. The provisions of Article 3 (commencing with Section 2016) of Chapter 3 of Title 3 of Part 4 of the Code of Civil Procedure shall be applicable to such determinations, and all rights, remedies, obligations, liabilities and procedures set forth in said Article 3 shall be available to both the insured and the insurer at any time after the accident, both before and after the commencement of arbitration, if any, with the following limitations:

(1) Whenever in said Article 3, reference is made to the court in which the action is pending, or provision is made for application to the court or obtaining leave of court or approval by the court, the court which shall have jurisdiction for the purposes of this section shall be the superior court of the State of California, in and for any county which is a proper county for the filing of a suit for bodily injury arising out of the accident, against the uninsured motorist, or any county specified in the policy or an endorsement added thereto as a proper county for arbitration or action thereon.

(2) Any such proper court to which application is first made by either the insured or the insurer under the provisions of said Article 3 for any discovery or other relief or remedy, shall thereafter be the only court to which either of the parties shall make any applications under said Article 3 with respect to the same accident, subject, however, to the right of such court to grant a change of venue after a hearing upon notice, upon any of the grounds upon which change of venue might be granted in an action filed in the superior court.

(3) A deposition pursuant to the provisions of Section 2016 of the Code of Civil Procedure may be taken without leave of court, except that leave of court, granted with or without notice and for good cause shown, must be obtained if the notice of the taking of the deposition is served by either party within 20 days after the accident.

(4) The provisions of subparagraph (a)(4) of Section 2019 of the Code of Civil Procedure shall not be applicable to discovery under this section.

(5) For the purposes of discovery under this section, the insured and the insurer shall each be deemed to be "a party to the record of any civil action or proceedings," where that phrase is used in subparagraph (b)(2) of Section 2019 of the Code of Civil Procedure.

(6) Interrogatories under the provisions of Section 2030 of the Code of Civil Procedure and requests for admission under Section 2033 may be served by either the insured or the insurer upon the other at any time more than 20 days after the accident without leave of court.

(7) Nothing in this section shall be construed to limit the rights of any party to discovery in any action pending or which may hereafter be pending in any court.

(g) The insurer paying a claim under an uninsured motorist endorsement or coverage shall be entitled to be subrogated to the rights of the insured to whom such claim was paid against any person causing such injury or death to the extent that payment was made. Such action may be brought within three years from the date that payment was made hereunder.

(h) An insured entitled to recovery under the uninsured motorist endorsement or coverage shall be reimbursed within the conditions stated herein without being required to sign any release or waiver or rights to which he may be entitled under any other insurance coverage applicable; nor shall payment under this section to such insured be delayed or made contingent upon the decisions as to liability or distribution of loss costs under other bodily injury liability insurance or any bond applicable to the accident. Any loss payable under the terms of the uninsured motorist endorsement or coverage to or for any person may be reduced:

(1) By the amount paid and the present value of all amounts payable to him under any workmen's compensation law exclusive of nonoccupational disability benefits.

(2) By the amounts paid or due to be paid under any valid and collectible automobile medical payment insurance available to the insured. This paragraph shall remain in effect until December 31, 1970, and shall have no force or effect after that date.

(3) By the amount the insured is entitled to recover from any other person insured under the underlying liability insurance policy of which the uninsured motorist endorsement or coverage is a part.

(i) No cause of action shall accrue to the insured under any policy or endorsement provision issued pursuant to this section unless within one year from the date of the accident:

(1) Suit for bodily injury has been filed against the uninsured motorist, in a court of competent jurisdiction, or

(2) Agreement as to the amount due under the policy has been concluded, or

(3) The insured has formally instituted arbitration proceedings.

(j) Notwithstanding the provisions of subdivisions (b) and (i), in the event the accident occurs in any other state or foreign jurisdiction to which coverage is extended under the policy and the insurer of the tortfeasor becomes insolvent, any action authorized pursuant to the provisions of this section may be maintained within three months of the insolvency of the tortfeasor's insurer, but in no event later than the pertinent period of limitation of the jurisdiction in which the accident occurred.

(k) Notwithstanding the provisions of subdivision (i), any insurer whose insured has made a claim under his or her uninsured motorist coverage, and such claim is pending, shall, at least 30 days before the expiration of the applicable statute of limitation, notify its insured in writing of the statute of limitation applicable to such injury or death. Failure of the insurer to provide such written notice shall operate to toll any applicable statute of limitation or other time limitation for a period of 30 days from the date such written notice is actually given.

SEC. 5. The changes to Sections 2071 and 2074.5 of the Insurance Code made by this act shall become operative on January 1, 1972.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The changes to Sections 2071 and 2074.5 of the Insurance Code made by this act must go into effect immediately to avoid conflicts with Section 460 of the Insurance Code, since Section 460 of the Insurance Code, relating to the time of inception to be specified in insurance contracts generally, becomes operative on January 1, 1972.

# CHAPTER 1565

*An act to add Section 10203.10 to the Insurance Code, relating to insurance.*

[Approved by Governor November 17, 1971. Filed with Secretary of State November 17, 1971.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 10203.10 is added to the Insurance Code, to read:

10203.10. (a) Life insurance conforming to all of the following conditions is another form of group life insurance:

(1) Written under a policy issued and delivered in connection with the payment of benefits against the risk of loss in the value of redeemable securities of the insured investor issued by an investment company or companies operating under the Investment Company Act of 1940, as amended, and whose redeemable securities are registered under the Securities Act of 1933, as amended. For the purposes of this section, such benefits shall be referred to as group investment return assurance.

(2) Covering the lives of every eligible member of a group of persons who are or become investors in an investment company or companies.

(3) The group numbers not less than 100 investors yearly.

(4) The amount of insurance on any one investor does not exceed the amount of his investment, and does not exceed twenty thousand dollars ($20,000) on any one life.

(5) The period of assurance for each investor shall not extend over a period exceeding the life of such investor.

(6) The policy is issued upon the application of the investment company or companies, and the premiums are paid by the investment company, the investor, or jointly by the investment company and the investor.

Such insurance may be issued with or without medical examination.

(7) The policy provides a benefit equal to the difference between the amount paid for such redeemable securities and the value of such redeemable securities at the earlier of either (A) the end of the certificate period, or (B) the date of death of the insured.

(8) To protect the public and policyholders located in this state from hazardous operation by domestic, foreign, or alien companies, and to further the purpose and provision of this part, no domestic, foreign, or alien insurance company shall undertake the issuance of any policy providing for group investment return assurance until such company has satisfied the commissioner that its condition or method of operation in connection with the issuance of such policies shall not be such as to render its operation hazardous to the public, or its policyholders in this state, and, whether domestic, foreign, or

alien, that it meets the conditions prescribed in Section 717 for the issuance of a certificate of authority. In the determination of the qualification of a company requesting authority to issue policies providing for group investment return assurance within this state, the commissioner shall consider, in addition to the requirements of Section 717, all of the following: (A) the history of the company, (B) the character, responsibility, and general fitness of the officers and directors of the company, (C) the regulation of a foreign company by its state of domicile, (D) the adequacy of the investment management which the company is providing, and (E) the company's arrangements for the supervision of the marketing of such policies. No company may provide group investment return assurance in its policies unless it is an admitted insurer having and maintaining a combined capital and surplus of at least two million dollars ($2,000,000).

(9) In addition to the requirements of paragraph (8), no admitted insurer may provide group investment return assurance in its policies unless it establishes a special contingency fund of not less than one million dollars ($1,000,000). This fund shall be deemed to constitute a reserve liability in addition to other reserves of such insurer. In the event an insurer issues both group and individual investment return assurance, such special contingency fund shall not be less than one million dollars ($1,000,000) for both group and individual assurance.

(b) The commissioner shall require the payment of two hundred fifty dollars ($250) as a fee for the determination of qualification required by this section. Upon completion of the determination of qualification, and whether authorization to issue policies providing group investment return benefits is granted or denied, the commissioner shall require the payment of such additional amounts from the requesting insurer as may be necessary to defray all administrative costs in excess of two hundred fifty dollars ($250) incurred by the commissioner in making such determination.

(c) On and after the effective date of this section, a group investment return assurance policy, or certificate evidencing such insurance, shall not be issued or delivered in this state until a copy of the form thereof is filed with the commissioner, the fees required by Section 12973 9 are paid, and the commissioner has given written approval of such form.

(d) No certificate of group investment return assurance shall be delivered or issued for delivery to any person in this state unless each such certificate does all of the following:

(1) Includes a statement on the first page thereof, in boldface type, that in the event that the value of the redeemable securities covered by the contract exceeds the amount paid for such securities, there shall be no benefit.

(2) Provides that the reserves for all group investment return assurance policies shall be computed and maintained on a basis which shall place an actuarially sound value on the liabilities under such policies. To provide a basis for the deter-

mination of such actuarially sound values, the commissioner, from time to time, shall adopt rules requiring the use of appropriate tables of morbidity, mortality, interest rates, and valuation methods for such reserves.

(e) In furtherance of the purpose of this section, the commissioner may make reasonable rules and regulations therefor. Such rules and regulations shall be adopted, amended or repealed in accordance with the procedure provided in Chapter 4.5 (commencing with Section 11371) of Part 1 of Division 3 of Title 2 of the Government Code.

10507.1. The commissioner shall require the payment of two hundred fifty dollars ($250) as a fee for the determination of qualification required by Section 10507. Upon completion of the determination of qualification, and whether authorization to issue policies providing investment return benefits is granted or denied, the commissioner shall require the payment of such additional amounts from the requesting insurer as may be necessary to defray all administrative costs in excess of two hundred fifty dollars ($250) incurred by the commissioner in making such determination.

10507.2. On and after the effective date of this article, an investment return assurance policy evidencing such insurance, shall not be issued or delivered in this state until a copy of the form thereof is filed with the commissioner, the fees required by Section 12973.9 are paid, and the commissioner has given written approval of such form.

10507.3. No policy of investment return assurance shall be delivered or issued for delivery to any person in this state unless each such policy does all of the following:

(b) Provides for both of the following:

(1) The reserves for all investment return assurance policies shall be computed and maintained on a basis which shall place an actuarially sound value on the liabilities under such policies.

To provide a basis for the determination of such actuarially sound values, the commissioner, from time to time, shall adopt rules requiring the use of appropriate tables of morbidity, mortality, interest rates, and valuation methods for such reserves.

(2) Any paid-up nonforfeiture benefit available under the policy in the event of default in a premium payment due on any policy anniversary shall be such that its present value as of such anniversary shall be at least equal to the ratio of the number of years the policy has been in force to the total premium-paying period times the present value of benefits payable had the policy been kept in full force and effect for the total premium-paying period.

10507.4. In furtherance of the purpose of this article, the commissioner may make reasonable rules and regulations therefor. Such rules and regulations shall be adopted, amended or repealed in accordance with the procedure provided in Chapter 4.5 (commencing with Section 11371) of Part 1 of Division 3 of Title 2 of the Government Code.

SEC. 1.4. Section 814.5 of the Evidence Code, as proposed by Assembly Bill No. 2888 of the 1971 Regular Session of the Legislature, is repealed.

SEC. 1.8. Section 7260 of the Government Code is amended to read:

(c) "Displaced person" means any person who moves from real property, or who moves his personal property from real property, as a result of the acquisition of such real property, in whole or in part, or as the result of a written order from a public entity to vacate the real property, for public use.

(d) "Business" means any lawful activity, except a farm operation, conducted primarily:

(1) For the purchase, sale, lease, or rental of personal and real property, and for the manufacture, processing, or marketing of products, commodities, or any other personal property;

(2) For the sale of services to the public;

(3) By a nonprofit organization; or

(h) "Mortgage" means such classes of liens as are commonly given to secure advances on, or the unpaid purchase price of, real property, together with the credit instruments, if any, secured thereby.

SEC. 2. Section 7261 of the Government Code is amended to read:

7261. (a) A public entity shall provide relocation advisory assistance to any person, business, or farm operation displaced because of the acquisition of real property by that public entity for public use.

(b) In giving such assistance, the public entity may establish local relocation advisory assistance offices to assist in obtaining replacement facilities for persons, businesses, and farm operations which find that it is necessary to relocate because of the acquisition of real property by the public entity.

(c) Such advisory assistance shall include:

(1) Determining the need, if any, of displaced persons for relocation assistance.

(2) Providing current and continuing information on the availability, prices, and rentals of comparable decent, safe, and sanitary housing for displaced persons, and of comparable commercial properties and locations for displaced businesses.

(3) Assuring that, within a reasonable period of time, prior to displacement, to the extent that it can be reasonably accomplished, there will be available in areas not generally less desirable in regard to public utilities and public and commercial facilities, and at rents or prices within the financial

means of the families and individuals displaced, decent, safe, and sanitary dwellings, equal in number to the number of, and available to, such displaced persons who require such dwellings and reasonably accessible to their places of employment, except that, in the case of a federally funded project, a waiver may be obtained from the federal government.

(4) Assisting a displaced person displaced from his business or farm operation in obtaining and becoming established in a suitable replacement location.

(5) Supplying information concerning federal and state housing programs, disaster loan programs, and other federal or state programs offering assistance to displaced persons.

(6) Providing other advisory services to displaced persons in order to minimize hardships to such persons.

(d) The public entity shall coordinate its relocation assistance program with the project work necessitating the displacement and with other planned or proposed activities of other public entities in the community or nearby areas which may affect the implementation of its relocation assistance program.

SEC. 2.5. Section 7261.5 is added to the Government Code, to read:

7261.5. In order to prevent unnecessary expenses and duplications of functions, and to promote uniform and effective administration of relocation assistance programs for displaced persons under this chapter, a public entity may enter into a contract with any individual, firm, association, or corporation for services in connection with such program, or may carry out its functions under this chapter through any federal, state, or local governmental agency having an established organization for conducting relocation assistance programs. Any public entity may, in carrying out its relocation assistance activities, utilize the services of state or local housing agencies or other agencies having experience in the administration or conduct of similar housing assistance activities.

SEC. 3. Section 7262 of the Government Code is amended to read:

7262. (a) As a part of the cost of acquisition of real property for a public use, a public entity shall compensate a displaced person for his:

(1) Actual and reasonable expense in moving himself, family, business, or farm operation, including moving personal property.

(2) Actual direct losses of tangible personal property as a result of moving or discontinuing a business or farm operation, but not to exceed an amount equal to the reasonable expenses that would have been required to relocate such property, as determined by the public entity.

(3) Actual and reasonable expenses in searching for a replacement business or farm.

(b) Any displaced person who moves from a dwelling who elects to accept payments authorized by this subdivision in lieu

of the payments authorized by subdivision (a) shall receive a moving expense allowance, determined according to a schedule established by the public entity, not to exceed three hundred dollars ($300), and in addition a dislocation allowance of two hundred dollars ($200).

(c) Any displaced person who moves or discontinues his business or farm operation who elects to accept the payment authorized by this subdivision in lieu of the payment authorized by subdivision (a), shall receive a fixed relocation payment in an amount equal to the average annual net earnings of the business or farm operation, except that such payment shall not be less than two thousand five hundred dollars ($2,500) nor more than ten thousand dollars ($10,000). In the case of a business, no payment shall be made under this subdivision, unless the public entity is satisfied that the business cannot be relocated without a substantial loss of patronage and is not a part of a commercial enterprise having at least one other establishment not being acquired, which is engaged in the same or similar business. For purposes of this subdivision, the term "average annual net earnings" means one-half of any net earnings of the business, or farm operation, before federal, state, and local income taxes, during the two taxable years immediately preceding the taxable year in which such business or farm operation moves from the real property being acquired, or during such other period as the public entity determines to be more equitable for establishing such earnings, and includes any compensation paid by the business or farm operation to the owner, his spouse, or his dependents during such two-year or such other period. To be eligible for the payment authorized by this subdivision, the business or farm operation shall make available its state income tax records, and its financial statements and accounting records, for audit for confidential use to determine the payment authorized by this subdivision. In the case of an outdoor advertising display, the payment shall be limited to the amount necessary to physically move or replace such display.

(d) Whenever the acquisition of real property used for a business or farm operation causes the person conducting the business or farm operation to move from other real property, or to move his personal property from other real property, such person shall receive payments for moving and related expenses under subdivision (a) or (b) and relocation advisory assistance under Section 7261 for moving from such other property.

SEC. 4. Section 7263 of the Government Code is amended to read:

7263. (a) In addition to the payments required by Section 7262, the public entity, as a part of the cost of acquisition, shall make a payment to the owner of real property acquired for public use which is improved with a dwelling actually owned and occupied by the owner for not less than

180 days prior to the initiation of negotiation for the acquisition of such property.

(b) Such payment, not to exceed fifteen thousand dollars ($15,000), shall be based on the following factors:

(1) The amount, if any, which, when added to the acquisition payment, equals the reasonable cost of a comparable replacement dwelling determined, in accordance with standards established by the public entity, to be a decent, safe and sanitary dwelling adequate to accommodate the displaced owner, reasonably accessible to public services and the displaced person's place of employment, and available on the market.

(2) The amount, if any, which will compensate the displaced owner for any increased interest costs which he is required to pay for financing the acquisition of a comparable replacement dwelling. The amount shall be paid only if the acquired dwelling was encumbered by a bona fide mortgage which was a valid lien on such dwelling for not less than 180 days prior to the initiation of negotiations for the acquisition of such dwelling. The amount shall be equal to the excess in the aggregate interest and other debt service costs of that amount of the principal of the mortgage on the replacement dwelling which is equal to the unpaid balance of the mortgage on the acquired dwelling, over the remainder term of the mortgage on the acquired dwelling, reduced to discounted present value. The discount rate shall be the prevailing interest rate paid on savings deposits by commercial banks in the general area in which the replacement dwelling is located.

(3) Reasonable expenses incurred by the displaced owner for evidence of title, recording fees, and other closing costs incident to the purchase of the replacement dwelling, but not including prepaid expenses.

(c) Such payment shall be made only to a displaced owner who purchases and occupies a replacement dwelling that meets standards established by the public entity within one year subsequent to the date on which he moves from the dwelling acquired by the public entity or the date on which he receives from the public entity final payment of all costs of the dwelling acquired by the public entity, whichever is the later date.

SEC. 5. Section 7264 of the Government Code is amended to read:

7264. (a) In addition to the payments required by Section 7262, as a part of the cost of acquisition, the public entity shall make a payment to any displaced person displaced from any dwelling not eligible to receive a payment under Section 7263 which was actually and lawfully occupied by such person for not less than 90 days prior to the initiation of negotiation by the public entity for the acquisition of such property.

(b) Such payment, not to exceed four thousand dollars ($4,000), shall be the additional amount which is necessary to enable such person to lease or rent for a period not to exceed

four years, or to make the downpayment on the purchase of, a decent, safe, and sanitary dwelling of standards adequate to accommodate such person in areas not generally less desirable in regard to public utilities and public and commercial facilities.

(c) If the payment is to be used as a downpayment for the acquisition of a decent, safe, and sanitary dwelling of such standards, the payment shall not exceed two thousand dollars ($2,000), unless the amount in excess thereof is equally matched by such person.

SEC. 6. Section 7264.5 is added to the Government Code, to read:

7264.5. (a) If comparable replacement housing is not available and the public entity determines that such housing cannot otherwise be made available, the public entity shall use funds authorized for the project for which the real property, or interest thereof, is being acquired to provide such housing.

(b) No person shall be required to move from his dwelling because of its acquisition by a public entity, unless there is replacement housing, as described in paragraph (3) of subdivision (c) of Section 7261, available to him.

(c) For purposes of determining the applicability of subdivision (a), the public entity is hereby designated as a duly authorized administrative body of the state for the purposes of subdivision (c) of Section 408 of the Revenue and Taxation Code.

SEC. 7. Section 7265 of the Government Code is amended to read:

7265. (a) In addition to the payments required by Section 7262, as a cost of acquisition, the public entity shall make a payment to any affected property owner meeting the requirements of this section.

(b) Such affected property is immediately contiguous to property acquired for airport purposes and the owner shall have owned the property affected by acquisition by the public entity not less than 180 days prior to the initiation of negotiation for acquisition of the acquired property.

(c) Such payment, not to exceed fifteen thousand dollars ($15,000), shall be the amount, if any, which equals the actual decline in the fair market value of the property of the affected property owner caused by the acquisition by the public entity for airport purposes of other real property and a change in the use of such property.

(d) The amount, if any, of actual decline in fair market value of affected property shall be determined according to rules and regulations adopted by the public entity pursuant to this chapter. Such rules and regulations shall limit payment under this section only to such circumstances in which the decline in fair market value of affected property is reasonably related to objective physical change in the use of acquired property.

SEC. 7.5. Section 7265.3 is added to the Government Code, to read:

7265.3. A public entity may make payments in the amounts prescribed in this chapter, and may provide advisory assistance under this chapter, to a person who moves from a dwelling, or who moves or discontinues his business, as a result of a rehabilitation or demolition program, or enforcement of building codes, by the public entity.

SEC. 8. Section 7265.4 is added to the Government Code, to read:

7265.4. In addition to the payments required by Section 7262, as a cost of acquisition, the public entity, as soon as practicable after the date of payment of the purchase price or the date of deposit in court of funds to satisfy the award of compensation in a condemnation proceeding to acquire real property, whichever is the earlier, shall reimburse the owner, to the extent the public entity deems fair and reasonable, for expenses the owner necessarily incurred for recording fees, transfer taxes, and similar expenses incidental to conveying such real property to the public entity.

SEC. 9. Section 7267 of the Government Code is amended and renumbered to read:

7267.8. (a) Except as provided in subdivision (b), payments under the provisions of this chapter shall be made to eligible persons in accordance with such rules and regulations as shall be adopted by the State Board of Control for property acquisitions by a state agency, or the governing body of any other public entity, for property acquisitions by such entity.

(b) Payments under the provisions of this chapter by the Department of Public Works for property acquisitions shall be in accordance with such rules and regulations as shall be adopted by the department.

(c) Such regulations shall provide that the payments and assistance required of a public entity under this chapter shall be administered in a manner that is fair and reasonable and as uniform as practicable. The regulations shall also provide that the payments shall be made as promptly as possible or, in hardship cases, in advance. In addition, the regulations shall provide a reasonable mileage limitation in determining the actual and reasonable expense in moving a business for purposes of Section 7262.

SEC. 10. Section 7267 is added to the Government Code, to read:

7267. In order to encourage and expedite the acquisition of real property by agreements with owners, to avoid litigation and relieve congestion in the courts, to assure consistent treatment for owners in the public programs, and to promote public confidence in public land acquisition practices, public entities shall, to the greatest extent practicable, be guided by the provisions of Sections 7267.1 to 7267.7, inclusive.

7267.2. Before the initiation of negotiations for real property, the public entity shall establish an amount which it believes to be just compensation therefor, and shall make a prompt offer to acquire the property for the full amount so established. In no event shall such amount be less than the public entity's approved appraisal of the fair market value of such property. Any decrease or increase in the fair market value of real property to be acquired prior to the date of valuation caused by the public improvement for which such property is acquired, or by the likelihood that the property would be acquired for such improvement, other than that due to physical deterioration within the reasonable control of the owner or occupant, will be disregarded in determining the compensation for the property. The public entity shall provide the owner of real property to be acquired with a written statement of, and summary of the basis for, the amount it established as just compensation. Where appropriate, the just compensation for the real property acquired and for damages to remaining real property shall be separately stated.

SEC. 13. Section 7267.3 is added to the Government Code, to read:

7267.3. The construction or development of a public improvement shall be so scheduled that, to the greatest extent practicable, no person lawfully occupying real property shall be required to move from a dwelling, assuming a replacement dwelling will be available, or to move his business or farm operation, without at least 90 days' written notice from the public entity of the date by which such move is required.

SEC. 14. Section 7267.4 is added to the Government Code, to read:

7267.4. If the public entity permits an owner or tenant to occupy the real property acquired on a rental basis for a short term, or for a period subject to termination by the public entity on short notice, the amount of rent required shall not exceed the fair rental value of the property to a short-term occupier.

SEC. 15. Section 7267.5 is added to the Government Code, to read:

7267.5. In no event shall the public entity either advance the time of condemnation, or defer negotiations or condemnation and the deposit of funds in court for the use of the

7267.6. If any interest in real property is to be acquired by exercise of the power of eminent domain, the public entity shall institute formal condemnation proceedings. SEC. 17. Section 7267.7 is added to the Government Code, to read:

7267.7. If the acquisition of only a portion of a property would leave the remaining portion in such a shape or condition as to constitute an uneconomic remnant, the public entity shall offer to and may acquire the entire property if the owner so desires.

SEC. 18. Section 7268 of the Government Code is amended to read:

7268. The State Board of Control is authorized to adopt rules and regulations to implement payments under this chapter by state agencies other than the Department of Public Works. ### Article 1. General Provisions

9880. This chapter constitutes the chapter on automotive repair dealers. It may be cited as the Automotive Repair Act.

9880.1. The following terms as used in this chapter have the meaning expressed in this section.

(a) "Automotive repair dealer" means a person who, for compensation, engages in the business of repairing or diagnosing malfunctions of motor vehicles.

(b) "Board" means the Advisory Board, Bureau of Automotive Repair.

(c) "Chief" means the Chief of the Bureau of Automotive Repair.

(d) "Bureau" means the Bureau of Automotive Repair.

(e) "Motor vehicle" means a passenger vehicle required to be registered with the Department of Motor Vehicles and all motorcycles whether or not required to be registered by the Department of Motor Vehicles.

No service shall be designated as minor, for purposes of this section, if the director finds that performance of the service requires mechanical expertise, has given rise to a high incidence of fraud or deceptive practices, or involves a part of the vehicle essential to its safe operation.

(g) "Person" includes firm, partnership association, or corporation.

(h) A "mechanic" is an employee of an automotive repair dealer or is such dealer, if the employer or dealer repairs motor vehicles and who for salary or wage performs maintenance, repair, removal, or installation of any integral component parts of an engine, driveline, chassis or body of any vehicle, but excluding repairing tires, changing tires, lubricating vehicles, installing light bulbs, batteries, windshield wiper blades, and other minor accessories; cleaning, replacing fan belts, oil and air filters; and other minor services which the director, by regulation, determines are customarily performed by a gasoline service station.

## Article 2. Administration

9882. There is in the Department of Consumer Affairs a Bureau of Automotive Repair under the supervision and control of the director. The duty of enforcing and administering this chapter is vested in the chief and he is responsible to the director therefor. The director may adopt and enforce such rules and regulations as he determines are reasonably necessary

to carry out the purposes of this chapter and declaring the policy of the bureau. Such rules and regulations shall be adopted pursuant to Chapter 4.5 (commencing with Section 11371) of Part 1 of Division 3 of Title 2 of the Government Code.

9882.1. The director in accordance with the State Civil Service Act, Part 2 (commencing with Section 18500) of Division 5 of Title 2 of the Government Code, may appoint and fix the compensation of such clerical, inspection, investigation, and auditing personnel, as well as an assistant chief, as may be necessary to carry out the provisions of this chapter except as otherwise provided by Section 159.5. All such personnel shall perform their respective duties under the supervision and the direction of the chief.

9882.2. The Governor shall appoint, subject to confirmation by the Senate, a chief of the bureau at a salary to be fixed and determined by the director with the approval of the Director of Finance. The chief shall serve under the direction and supervision of the director and at the pleasure of the Governor.

Before a chief is appointed, the Governor shall give due consideration to any person or persons recommended by the board.

9882.3. Every power granted to or duty imposed upon the director under this chapter may be exercised or performed in the name of the director by a deputy or assistant director or by the chief, subject to such conditions and limitations as the director may prescribe.

9882.4. The director shall keep a complete record of all registered automotive repair dealers showing the names and addresses of all such dealers. A copy of the roster shall be made available to any person requesting it upon the payment of such sum as shall be established by the chief as sufficient to cover the costs thereof. The bureau shall send to registered automotive repair dealers, at least twice a year, a newsletter which may describe recently adopted regulations, proposed regulations, disciplinary hearings, and any other information that the director shall determine will assist the bureau in its enforcement program.

9882.5. The director shall on his own initiative or in response to complaints, investigate on a continuous basis and gather evidence of violations of this chapter and of any regulation adopted pursuant to this chapter, by any automotive repair dealer or mechanic, whether registered or not, and by any employee, partner, officer, or member of any automotive repair dealer. The director shall establish procedures for accepting complaints from the public against any dealer or mechanic. The director may suggest measures that, in the director's judgment, would compensate for any damages suffered as a result of an alleged violation. If the dealer accepts the suggestions and performs accordingly, such fact shall be given due consideration in any subsequent disciplinary proceeding.

9882.6. There is in the bureau a board which consists of nine members. The members shall be appointed by the Governor, subject to confirmation by the Senate. Of the nine members appointed by the Governor, five shall be selected from the public and four members shall be selected from the automotive repair industry. Each member of the board shall be a United States citizen, a resident of California, and of good moral character. All nonpublic members shall have had at least five years of experience in the industry, and whenever possible shall have been licensed under this act for a period of at least five years.

9882.7. The first members of the board shall be appointed within 90 days after the effective date of this chapter.

9882.8. Each member of the board shall be appointed for a term of four years and shall hold office until the appointment and qualification of his successor or until one year shall have elapsed since the expiration of the term for which he was appointed, whichever first occurs.

The terms of the members of the board first appointed shall expire as follows: three members June 1, 1973; three members June 1, 1974; three members June 1, 1975. The terms shall thereafter expire in the same relative order. Vacancies occurring shall be filled by appointment to the unexpired term.

No person shall serve as a member of the board for more than two consecutive terms.

9882.9. The board shall meet at least twice a year. Additional meetings may be held with the approval of the director upon the call of the chairman or at written request of any three members of the board.

All regular and special meetings of the board shall be preceded by 30 days' notice to the public. Such meetings shall be held in places readily accessible to the public and, whenever possible, in public buildings. The director or his deputy shall have the right to attend any meeting of the board.

The board shall elect from its membership, each for a term of one year, a chairman and a vice chairman. Elections shall occur annually between June 15 and September 15.

The chairman may appoint such committees as he deems necessary to carry out the board's duties.

9882.10. Each member of the board shall receive a per diem and expenses as provided in Section 103.

9882.11. The quorum required for any meeting of the board shall consist of four members, two of whom shall represent the automotive repair industry and two of whom shall represent the public. No action by the board shall have any effect unless a quorum of the board is present.

9882.12. The chief shall serve ex officio as secretary of the board but shall not be a member of the board.

9882.13. The board shall do all of the following:

(a) Inquire into the practice and policies of the automotive repair industry and the functions and policies of the bureau, and make such recommendations with respect to such policies,

practices, and functions as may be deemed important and necessary by the board for the welfare of the consuming public and the automotive repair industry.

(b) Confer and advise with the director and chiefs as to how the bureau may best fulfill its functions.

(c) Consider and make appropriate recommendations as to changes in, additions to, or deletions from regulations which the director has adopted as, after consideration, may be deemed important and necessary by the board.

(d) Consider and make appropriate recommendations in all matters submitted to it by the director or the chief.

(e) Assist the director and the chief in the collection of such necessary information and data as the director or the chief may deem necessary to the proper administration of this chapter.

Article 3. Registration Procedure

9884. Every automotive repair dealer shall pay the fee required by this chapter for each place of business operated by him in this state and shall register with the director upon forms prescribed by the director. The forms shall contain sufficient information to identify the automotive repair dealer, including name, address, retail seller's permit number, if a permit is required under the Sales and Use Tax Law, Part 1 (commencing with Section 6001), Division 2, of the Revenue and Taxation Code, and other identifying data which is prescribed by the director. If the business is to be carried on under a fictitious name, such fictitious name shall be stated. If the automotive repair dealer is a partnership, identifying data which is prescribed by the director shall be stated for each partner. If the automotive repair dealer is a corporation, data shall be included for each of the officers and directors of the corporation as well as for the individual in charge of each place of the automotive repair dealer's business in this state.

9884.1. Any business maintaining more than one automobile repair facility shall be permitted to file a single application annually, which along with the other information required by this article, clearly indicates the location of and the individual in charge of each facility. In such case, fees shall be paid for each location.

9884.2 Upon receipt of the form properly filled out and receipt of the required fee, the director shall validate the registration and send a proof of such validation to the automotive repair dealer. The director shall by regulation prescribe conditions, which he determines are necessary to insure future compliance with this chapter, upon which a person, whose registration has previously been invalidated or has previously been refused validation or who has committed acts prohibited by Section 9884.7 while an automotive repair dealer or mechanic or while an employee, partner, officer or member of an automotive repair dealer, may have his registration validated.

9884.3. Every registration shall cease to be valid on June 30 of each year unless the automotive repair dealer has paid the renewal fee required by this chapter.

9884.4. A registration shall cease to be valid when the director finds that any of the information provided by the form specified in Section 9884, which the director by regulation deems material, ceases to be current.

9884.6. On or after June 30, 1972, it shall be unlawful for any person to be an automotive repair dealer unless such person has registered in accordance with the provisions of this chapter and unless such registration is currently valid.

9884.7. (1) The director, where the automotive repair dealer cannot show there was a bona fide error, may refuse to validate, or may invalidate temporarily or permanently, the registration of an automotive repair dealer for any of the following acts or omissions related to the conduct of the business of the automotive repair dealer, which are done by the automotive repair dealer or any mechanic, employee, partner, officer, or member of the automotive repair dealer.

(a) Making or authorizing in any manner or by any means whatever any statement written or oral which is untrue or misleading, and which is known, or which by the exercise of reasonable care should be known, to be untrue or misleading.

(b) Causing or allowing a customer to sign any work order which does not state the repairs requested by the customer or the automobile's odometer reading at the time of repair.

(c) Failing or refusing to give to a customer a copy of any document requiring his signature, as soon as the customer signs such document.

(d) Any other conduct which constitutes fraud.

(e) Conduct constituting gross negligence.

(f) Failure in any material respect to comply with the provisions of this chapter or regulations adopted pursuant to it.

(g) Any willful departure from or disregard of accepted trade standards for good and workmanlike repair in any material respect, which is prejudicial to another without consent of the owner or his duly authorized representative.

(h) Making false promises of a character likely to influence, persuade, or induce a customer to authorize the repair, service or maintenance of automobiles.

(i) Having repair work done by someone other than the dealer or his employees without the knowledge or consent of the customer unless the dealer can demonstrate that the customer could not reasonably have been notified.

Upon refusal to validate a registration, the director shall notify the applicant thereof, in writing, by personal service or mail addressed to the address of the applicant set forth in the application, and the applicant shall be given a hearing under Section 9884.12 if, within 60 days thereafter, he files with the bureau a written request for hearing, otherwise the refusal is deemed affirmed.

(2) Except as provided for in subdivision (3), where an automotive repair dealer operates more than one place of business in this state, the director pursuant to subdivision (1) shall only refuse to validate, or shall only invalidate temporarily or permanently the registration of the specific place of business which has violated any of the provisions of this chapter. Such violation, or such action by the director, shall not affect in any manner the right of such automotive repair dealer to operate his other places of business.

(3) Notwithstanding the provisions of subdivision (2), the director may refuse to validate, or may invalidate temporarily or permanently, the registration for all places of business operated in this state by an automotive repair dealer upon a finding that such automotive repair dealer has, or is, engaged in a course of repeated and willful violations of this chapter, or regulations adopted pursuant to it.

9884.8. All work done by an automotive repair dealer, including all warranty work, shall be recorded on an invoice and shall describe all service work done and parts supplied. If any used, rebuilt, or reconditioned parts are supplied, the invoice shall clearly state that fact. If a part of a component system is composed of new and used, rebuilt or reconditioned parts, such invoice shall clearly state that fact. One copy shall be given to the customer and one copy shall be retained by the automotive repair dealer.

9884.9. The automotive repair dealer shall give to the customer a written estimated price for labor and parts necessary for a specific job and shall not charge for work done or parts supplied in excess of the estimated price without the oral or written consent of the customer which shall be obtained at some time after it is determined that the estimated price is insufficient and before the work not estimated is done or the parts not estimated are supplied. Nothing in this section shall be construed as requiring an automotive repair dealer to give a written estimated price if the dealer does not agree to perform the requested repair.

9884.10. Upon request of the customer at the time the work order is taken, the automotive repair dealer shall return replaced parts to the customer at the time of the completion of the work excepting such parts as may be exempt because of size, weight, or other similar factors from this requirement by regulations of the department and excepting such parts as the automotive repair dealer is required to return to the manufacturer or distributor under a warranty arrangement. If such parts must be returned to the manufacturer or distributor, the dealer at the time the work order is taken shall offer to show, and upon acceptance of such offer or request shall show, such parts to the customer upon completion of the work, except that the dealer shall not be required to show a replaced part when no charge is being made for the replacement part.

9884.11. Each automotive repair dealer shall maintain such records as are required by regulations adopted to carry out

the provisions of this chapter. Such records shall be open for reasonable inspection by the chief or other law enforcement officials. All such records shall be maintained for at least two years.

9884.12. All proceedings to refuse to validate, or temporarily or permanently to invalidate, a registration shall be conducted pursuant to Chapter 5 (commencing with Section 11500), Part 1, Division 3, Title 2 of the Government Code.

9884.13. The expiration of a valid registration shall not deprive the director or chief of jurisdiction to proceed with any investigation or disciplinary proceeding against an automotive repair dealer or to render a decision invalidating a registration temporarily or permanently.

9884.14. The superior court in and for the county wherein any person carries on, or attempts to carry on, business as an automotive repair dealer or as a mechanic in violation of the provisions of this chapter, or any regulation made pursuant to this chapter, shall, on application of the director or the chief, issue an injunction or other appropriate order restraining such conduct. This section shall be cumulative to and shall not prohibit the enforcement of any other law.

The proceedings under this section shall be governed by Chapter 3 (commencing with Section 525) of Title 7 of Part 2 of the Code of Civil Procedure, except that no undertaking shall be required, and the director or chief shall not be required to allege facts necessary to show or tending to show lack of an adequate remedy at law or irreparable injury.

9884.15. The director may file charges with the district attorney or city attorney against any automotive repair dealer who violates the provisions of this chapter or any regulation made pursuant to this chapter.

9884.16. No person required to have a valid registration under the provisions of this chapter shall have the benefit of any lien for labor or materials or the right to sue on a contract for motor vehicle repairs done by him unless he has such a valid registration.

9884.17. The bureau shall design and approve of a sign which shall be placed in all automobile repair dealer locations in a place and manner conspicuous to the public. Such sign shall give notice that inquiries concerning service may be made to the bureau and shall contain the telephone number of the bureau. Such sign shall also give notice that the customer is entitled to a return of replaced parts upon his request therefor at the time the work order is taken.

9884.18. Nothing in the provisions of this chapter shall prohibit the bringing of a civil action against an automotive repair dealer by an individual.

9884.19. The bureau may adopt, amend or repeal in accordance with the provisions of Chapter 4.5 (commencing with Section 11371), Part 1, Division 3, Title 2 of the Government Code such regulations as may be reasonably necessary to carry out the provisions of this chapter in the protection of the

public from fraudulent or misleading advertising by an automotive repair dealer, including formulation of definitions, to the extent feasible, of the terms "fraud," "guarantee," and words of like import, and of "negligence," and guidelines for the suspension and revocation of licenses. The bureau shall distribute to each registered repair dealer copies of this chapter and of the regulations adopted pursuant to this chapter.

## Article 4. Revenue

9886. All fees and revenues collected pursuant to this chapter shall be paid into the State Treasury to the credit of the Automotive Repair Fund, which fund is hereby created.

9886.1. The director shall report to the State Controller at the beginning of each month, for the month preceding, the amount and source of all fees and revenues received by the bureau pursuant to this chapter, and at that time shall pay the entire amount of such fees and revenues into the State Treasury for credit to the Automotive Repair Fund.

9886.2. The money in the Automotive Repair Fund necessary for the administration of this chapter is hereby continuously appropriated for such purposes.

9886.3. The fees prescribed by this chapter shall be set by the director in an amount estimated to provide for the administration of this chapter within the limits of the following schedule:

(a) The automotive repair dealer registration fee is not less than twenty-five dollars ($25), nor more than fifty dollars ($50), for each place of business in this state.

(b) The annual renewal fee for an automotive repair dealer registration shall not be more than fifty dollars ($50) for each place of business in this state, if renewed prior to its expiration date.

(c) The renewal fee for a registration that is not renewed prior to its expiration date shall be 1½ times the renewal fee required for a registration renewal prior to its expiration date.

9886.4. All salaries, expenses, or costs incurred or sustained pursuant to this chapter shall be payable only out of the Automotive Repair Fund.

## Article 5. Licenses

9887.1. The director shall have the authority to issue licenses for official lamp and brake adjusting stations, and official motor vehicle pollution control device installation and inspection stations, and shall license lamp and brake adjusters and motor vehicle pollution control device installers. Such licenses shall be issued in accordance with the provisions of this chapter and regulations adopted by the director pursuant thereto. The director shall establish by regulation the terms of adjusters' and installers' licenses as are necessary for the practical administration of the provisions relating to adjusters and installers, but such terms shall not be for less than one nor more

than four years. Licenses may be renewed upon application and payment of the renewal fees if the application for renewal is made within the 30-day period prior to the date of expiration. Persons whose licenses have expired shall immediately cease the activity requiring a license, but the director shall accept applications for renewal during the 30-day period following the date of expiration if they are accompanied by the new license fee. In no case shall a license be renewed where the application is received more than 30 days after the date of expiration.

9887.2. Each application for a new or renewal license, except an adjuster's or installer's license, shall be accompanied by a fee of ten dollars ($10) for a new license or five dollars ($5) for a renewal license. The application shall be made upon a form furnished by the director. It shall contain such information concerning the applicant's background and experience as the director may prescribe, in addition to other information required by law.

9887.3. (a) Licenses issued by the director shall not be transferable.

(b) In the event of a change of name, not involving a change of ownership, or of a change of address of the licensee, the license shall be returned to the director for cancellation, and a new license application form shall be submitted. The director shall cancel the returned license and issue a new license for the unexpired term without fee.

(c) If the owner of a licensed station desires to vacate the license in favor of another license permitting a greater or lesser scope of activity, the license to be vacated shall be returned to the director for cancellation and an application shall be submitted for the new license accompanied by the ten-dollar ($10) new license fee.

(d) In the event of loss, destruction, or mutilation of a license issued by the director, the person to whom it was issued may obtain a duplicate upon furnishing satisfactory proof of such fact and paying a fee of two dollars ($2). Any person who loses a license issued by the director and who, after obtaining a duplicate, finds the original license shall immediately surrender the original license to the director.

9887.4. It is unlawful to violate any regulation adopted by the director pursuant to Articles 5, 6, and 7 of this chapter.

Article 6. Lamp and Brake Adjusting Stations and Motor Vehicle Pollution Control Device Installation and Inspection Stations

9888.1. As used in this chapter:

(a) "Station" means a lamp adjusting station, a brake adjusting station, or a motor vehicle pollution control device installation and inspection station.

(b) "Licensed station" means a station licensed by the bureau pursuant to this chapter.

(c) "Licensed installer" means a person licensed by the bureau for installing, repairing, inspecting, or recharging motor vehicle pollution control devices in licensed stations.

(d) "Licensed adjuster" means a person licensed by the bureau for adjusting lamps in licensed lamp adjusting stations or for adjusting brakes in licensed brake adjusting stations.

9888.2. The director shall adopt regulations which prescribe the qualifications of any station as a condition to licensing the station as an official station for adjusting lamps or brakes and for installing, repairing, inspecting, or recharging motor vehicle pollution control devices and shall prescribe the qualifications of adjusters and installers employed therein.

9888.3. No person shall operate a motor vehicle pollution control device installation and inspection station or an "official" lamp or brake adjusting station unless a license therefor has been issued by the director. No person shall issue, cause or permit to be issued, any certificate purported to be an official lamp adjustment certificate unless he is a licensed lamp adjuster, an official brake adjustment certificate unless he is a licensed brake adjuster, or a certificate of compliance unless he is a licensed motor vehicle pollution control device installer.

9888.4. An owner of a fleet of three or more vehicles who is not an interstate carrier may be licensed by the director as a licensed station, provided such owner complies with the regulations of the bureau. Such fleet owner stations shall not certify the adjustment of lamps or brakes nor the installation, inspection, repair, or service of motor vehicle pollution control devices or systems except on vehicles which constitute such fleet.

### Article 7. Denial, Suspension and Revocation

9889.1. Any license issued pursuant to Articles 5 and 6, may be suspended or revoked by the director. The director may refuse to issue a license to any applicant for the reasons set forth in Section 9889.2. The proceedings under this article shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the director shall have all the powers granted therein.

9889.2. The director may deny a license if the applicant or any partner, officer, or director thereof:

(a) Fails to meet the qualifications established by the bureau pursuant to Articles 5 and 6 of this chapter for the issuance of the license applied for.

(b) Was previously the holder of a license issued under this chapter which license has been revoked and never reissued or which license was suspended and the terms of the suspension have not been fulfilled.

(c) Has committed any act which, if committed by any licensee, would be grounds for the suspension or revocation of a license issued pursuant to this chapter.

(d) Has committed any act involving dishonesty, fraud, or deceit whereby another is injured or whereby the applicant has benefited.

(e) Has acted in the capacity of a licensed person or firm under this chapter without having a license therefor.

(f) Has entered a plea of guilty or nolo contendere to, or been found guilty of, or been convicted of, a felony, or a crime involving moral turpitude, and the time for appeal has elapsed or the judgment of conviction has been affirmed on appeal, irrespective of an order granting probation following such conviction, suspending the imposition of sentence, or of a subsequent order under the provisions of Section 1203.4 of the Penal Code allowing such person to withdraw his plea of guilty and to enter a plea of not guilty, or setting aside the plea or verdict of guilty, or dismissing the accusation or information.

9889.3. The director may suspend, revoke, or take other disciplinary action against a license as provided in this article if the licensee or any partner, officer, or director thereof:

(a) Violates any section of the Business and Professions Code which relates to his licensed activities.

(b) Is convicted of any felony.

(c) Is convicted of any misdemeanor involving moral turpitude.

(d) Violates any of the regulations promulgated by the director pursuant to this chapter.

(e) Commits any act involving dishonesty, fraud, or deceit whereby another is injured or any act involving moral turpitude.

(f) Has misrepresented a material fact in obtaining a license.

(g) Aids or abets an unlicensed person to evade the provisions of this chapter.

(h) Fails to make and keep records showing his transactions as a licensee, or fails to have such records available for inspection by the director or his duly authorized representative for a period of not less than three years after completion of any transaction to which the records refer, or refuses to comply with a written request of the director to make such record available for inspection.

(i) Violates or attempts to violate the provisions of this chapter relating to the particular activity for which he is licensed.

9889.4. A plea or verdict of guilty or a conviction following a plea of nolo contendere is deemed to be a conviction within the meaning of this article. The director may order the license suspended or revoked, or may decline to issue a license, when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal, or when an order granting probation is made suspending the imposition of sentence, irrespec-

tive of a subsequent order under the provisions of Section 1203.4 of the Penal Code allowing such person to withdraw his plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information or indictment.

9889.5. The director may take disciplinary action against any licensee after a hearing as provided in this article by any of the following:

(a) Imposing probation upon terms and conditions to be set forth by the director.

(b) Suspending the license.

(c) Revoking the license.

9889.6. Upon the effective date of any order of suspension or revocation of any license governed by this chapter, the licensee shall surrender the license to the director.

9889.7. The expiration or suspension of a license by operation of law or by order or decision of the director or a court of law, or the voluntary surrender of a license by a licensee shall not deprive the director of jurisdiction to proceed with any investigation of or action or disciplinary proceedings against such licensee, or to render a decision suspending or revoking such license.

9889.8. All accusations against licensees shall be filed within three years after the act or omission alleged as the ground for disciplinary action, except that with respect to an accusation alleging a violation of subdivision (f) of Section 9889.3, the accusation may be filed within two years after the discovery by the bureau of the alleged facts constituting the fraud or misrepresentation prohibited by such section.

9889.9. When any license has been revoked or suspended following a hearing under the provisions of this article, any additional license issued under Articles 5 and 6 of this chapter in the name of the licensee may be likewise revoked or suspended by the director.

9889.10. After suspension of the license upon any of the grounds set forth in this article, the director may reinstate the license upon proof of compliance by the applicant with all provisions of the decision as to reinstatement. After revocation of a license upon any of the grounds set forth in this article, the license shall not be reinstated or reissued within a period of one year after the effective date of revocation.

### Article 8. Lamp and Brake Adjustment Certificates and Certificates of Compliance

9889.15. As used in this article:

(a) "Motor vehicle pollution control device" and "certified device" shall be construed as defined in Sections 39093 and 39094 of the Health and Safety Code.

(b) "Station," "licensed station," "licensed installer," and "licensed adjuster" shall be construed as defined in Article 5 (commencing with Section 9887.1) of this chapter.

9889.16. Whenever a licensed adjuster in a licensed station upon an inspection or after an adjustment, made in conformity with the instructions of the bureau, determines that the lamps or the brakes upon any vehicle conform with the requirements of the Vehicle Code, he shall, when requested by the owner or driver of the vehicle, issue a certificate of adjustment on a form prescribed by the director, which certificate shall contain the date of issuance, the make and registration number of the vehicle, the name of the owner of the vehicle, and the official license of the station.

9889.17. Any person may install a motor vehicle pollution control device; however, no person who is not a licensed installer shall install such a device for compensation. No such device shall be deemed to meet the requirements of the Vehicle Code or of Chapter 4 (commencing with Section 39080) of Part 1 of Division 26 of the Health and Safety Code and the rules and regulations of the State Air Resources Board unless it has been inspected by a licensed installer in a licensed station and a certificate of compliance has been issued by such licensed station.

9889.18. A certificate of compliance issued for such vehicle shall, for a period of one year from date of issue, constitute proof of compliance with any regulations adopted pursuant to Section 27157 provided that no required pollution control device has been disconnected, modified, or altered or has been adjusted by other than a licensed installer in a licensed motor vehicle pollution control device installation and inspection station subsequent to the issuance of the certificate of compliance. ## CHAPTER 1579

*An act to add Chapter 5.6 (commencing with Section 8390) to Division 1 of Title 2 of the Government Code, relating to the California Council of Product Design and Marketing.*

[Approved by Governor November 22, 1971. Filed with Secretary of State November 22, 1971.]

*The people of the State of California do enact as follows:*

SECTION 1. Chapter 5.6 (commencing with Section 8390) is added to Division 1 of Title 2 of the Government Code, to read:

## CHAPTER 5.6. CALIFORNIA COUNCIL OF PRODUCT DESIGN AND MARKETING

8390. The Legislature finds and declares:

(a) There are pressures on employment opportunities in California brought about by rising population, increasing automation and active competition of other production centers.

(b) It is becoming increasingly difficult for California enterprisers to maintain themselves in non-California markets.

(c) It is becoming more difficult for California enterprisers to maintain themselves in their natural California markets.

(d) Employment opportunities are created by free and private California enterprisers responding to a demand for their products, not merely by non-California enterprisers establishing plants or outlets in this state.

(e) Free and private California enterprisers not only create employment opportunities but enable income to be retained in California.

(f) California enterprisers have been unusually aware of the value of excellence in design as a means of creating markets for their goods.

(g) Users of California products, natural, processed and manufactured, are entitled to the best in design and should be encouraged to demand it.

(h) The world demand for California products will be increased by the unique and excellent qualities of California design.

(i) The increased demand for California products through the promulgation of excellence in design will result in increased employment opportunities.

(j) The State of California, therefore, recognizes an obligation to present the needs for excellence in design to California enterprisers; and to encourage domestic and world demand for California-designed and California-made products.

(k) Such obligation should be carried out by educating California enterprisers to the value of excellence in design, by encouraging the adoption by them of programs of excellence in design, by informing domestic and world markets of the availability of well-designed products of California enterprisers, by the promotion of California-made products in those markets, and by cooperating with governmental, commercial, industrial, educational, philanthropic and cultural organizations which are also concerned with the matters contained in this chapter.

(*l*) Such activities will attract users of well-designed products to the California market, will increase California production, will create additional employment opportunities, will increase the number of visitors to California, will maintain the place of this state in the world's markets in the forefront of all the states in the nation, and will implement policy declared by this Legislature in establishing the World Trade Division and the California Industry and World Trade Commission in the

Department of Commerce to foster and develop domestic and international trade for the benefit of the entire state.

8391. There is in the Department of Commerce, a California Council of Product Design and Marketing, which is referred to in this chapter as the "Council."

8392. The council consists of 15 members appointed by the Governor with the consent of the Senate. The members of the council shall be broadly representative of all parts of the economy of the state in which design forms an important element and they shall be appointed from among private citizens who are widely known for their professional competence and experience in connection with matters of applied design, or with the promotion and marketing of California products or both. In making these appointments due consideration shall be given to the recommendations made by representatives of design, architectural, marketing, educational, and related professional and trade associations and groups concerned with or engaged in the production and marketing of California-designed and California-made products.

8393. (a) Five members of the council shall be appointed to serve until July 1, 1972; five members shall be appointed to serve until July 1, 1973; and five members shall be appointed to serve until July 1, 1974. Thereafter all members shall hold office until the appointment of their successors. Any vacancies shall be immediately filled by the Governor for the unexpired portion of the term in which they occur. No member of the council shall be eligible for reappointment during a one-year period following the expiration of his term other than those members whose terms expire on July 1, 1972, or July 1, 1973.

(b) Each member of the council shall be reimbursed for all necessary expenses actually incurred in the performance of his duties.

(c) The council shall elect annually from its members a chairman and vice chairman.

8394. All meetings of the council shall be open and public and all persons shall be permitted to attend any meeting of the institute.

8395. The council shall have the powers and authority necessary to carry out the duties imposed upon it by this chapter including, but not limited to, the following:

(a) To identify the ways in which California products may be increasingly and vigorously marketed through excellence in design and manufacture.

(b) To establish California applied design centers to exhibit products which are designed and made in California which have been selected by the council for their excellence of design. In deciding the excellence of design of products the council shall consider among other elements their functional efficiency, quality of workmanship, appropriate use of materials and attractiveness of appearance. Such centers shall maintain and distribute comprehensive information about the products designed and made in California. Pilot programs may be under-

taken in exhibiting and promoting California fashions and other products. Appropriate fees may be adopted by the council and charged by the centers for the services which they render, but they may not be at a rate which discourages use of the facilities of the centers.

(c) To establish conditions and make awards for design excellence.

(d) To publish and distribute materials related to design excellence.

(e) To display or cause to be displayed California-designed products in California and non-California markets, in public or private exhibitions, including fairs, fairgrounds, museums, exhibition buildings, retail stores, and other distributive facilities in cooperation and conjunction with, whenever possible, the Division of World Trade.

(f) To acquaint California residents with the possibility of careers in design and marketing.

(g) To encourage institutions of learning to adopt and expand their curricula in design and marketing, and to encourage them to include the appreciation of design in courses of instruction in various departments and divisions of these institutions.

(h) To appoint such advisory committees as it deems advisable and necessary to the carrying out of its powers and duties hereunder.

(i) To accept any federal funds granted by act of Congress or by executive order for all or any of the purposes of this chapter.

(j) To accept any gifts, donations, or bequests for all or any of the purposes of this chapter.

(k) To adopt such rules and regulations as are necessary to carry out the provisions of this chapter. Such rules and regulations shall be adopted in accordance with the provisions of Chapter 4.5 (commencing with Sec. 11371), of Part 1, Division 3, Title 2 of the Government Code.

(*l*) To employ such administrative, technical and other personnel as may be necessary for the performance of its powers and duties.

(m) To fix, pursuant to law, the salaries of the personnel employed pursuant to this section.

(n) To hold hearings, make and sign any agreements and to do or perform any acts which may be necessary, desirable or proper to carry out the purposes of this chapter.

(o) To request and obtain from any department, division, board, bureau, commission, or other agency of the state such assistance and data as will enable it properly to carry out its powers and duties hereunder.

8396. The council shall submit a report to the Governor and to the Legislature not later than five calendar days following the commencement of each regular session of the Legislature concerning such studies it has made and such actions

it has taken during the previous calendar years, and recommending such legislation and other action as is necessary for the implementation of this chapter. The council shall submit a first report to the Governor and the Legislature at the 1972 Regular Session.

SEC. 3. Section 5170.3 is added to the Welfare and Institutions Code, to read:

5170.3. Such evaluation facility shall require an application in writing stating the circumstances under which the person's condition was called to the attention of the officer, member of the attending staff, or other designated person, and stating that the officer, member of the attending staff, or other designated person believes as a result of his personal observations that the person is, as a result of inebriation, a danger to others, or to himself, or gravely disabled or has violated subdivision (f) of Section 647 of the Penal Code.

SEC. 4. Section 5170.5 is added to the Welfare and Institutions Code, to read:

Saturdays, Sundays and holidays shall be included for the purpose of calculating the 72-hour period. However, a person may voluntarily remain in such facility for more than 72 hours if the professional person in charge of the facility determines the person is in need of and may benefit from further treatment and care, provided any person who is taken or caused to be taken to the facility shall have priority for available treatment and care over a person who has voluntarily remained in a facility for more than 72 hours.

If in the judgment of the professional person in charge of the facility providing evaluation and treatment, the person can be properly served without being detained, he shall be provided evaluation, detoxification treatment or other treatment, crisis intervention, or other inpatient or outpatient services on a voluntary basis.

SEC. 7. Section 5172.1 is added to the Welfare and Institutions Code, to read:

5172.1. Any person who is a danger to others, or to himself, or gravely disabled as a result of inebriation, may voluntarily apply for admission to a 72-hour evaluation and detoxification treatment facility for inebriates.

SEC. 8. Section 5174 of the Welfare and Institutions Code is amended to read:

5174. It is the intent of the Legislature (a) that facilities for 72-hour treatment and evaluation of inebriates be subject to state funding under Part 2 (commencing with Section 5600) of this division only if they primarily provide medical services and would normally be considered an integral part of a community health program; (b) that state reimbursement under Part 2 (commencing with Section 5600) for such 72-hour facilities and intensive treatment facilities under this article shall not be included as priority funding as are reimbursements for other county expenditures under this part for involuntary treatment services, but may be provided on the basis of new and expanded services if funds for new and expanded services are available; that while facilities receiving funds from other sources may, if eligible for funding under this division, be designated as 72-hour facilities or intensive

treatment facilities for the purposes of this article, funding of such facilities under this division shall not be substituted for such previous funding.

No 72-hour facility or intensive treatment facility for the purposes of this article shall be eligible for funding under Part 2 (commencing with Section 5600) of this division until approved by the Director of Mental Hygiene in accordance with standards established by the Department of Mental Hygiene in regulations adopted pursuant to this part. To the maximum extent possible, each county shall utilize services provided for inebriates and persons impaired by chronic alcoholism by federal and other funds presently used for such services, including federal and other funds made available to the State Department of Rehabilitation and the State Department of Social Welfare. McAteer funds shall not be utilized for the purposes of the 72-hour involuntary holding program as outlined in this chapter.

SEC. 9. Section 5177 is added to the Welfare and Institutions Code, to read:

5177. If a person is placed in a 72-hour evaluation and detoxification treatment facility for inebriates by a peace officer pursuant to Section 5170 or subdivision (ff) of Section 647 of the Penal Code, the peace officer shall report such admission to the Bureau of Criminal Identification and Investigation, which shall record such admission on such person's permanent cumulative record. The disposition report and the person's record shall describe the event as a "custodial placement for intoxication."

The governing body of the California Maritime Academy on behalf of the California Maritime Academy, the governing board of a school district on behalf of any school or community college maintained by the district, and any county superintendent of schools is vested with all necessary power and authority to perform all acts necessary to receive the benefits and to expend the funds provided by the act of Congress known as the "National Defense Education Act of 1958" (P.L. 85-864; 72 Stat. 1580), by the act of Congress known as the "Economic Opportunity Act of 1964" (P.L. 88-452; 78 Stat. 508), by the act of Congress known as the "Elementary and Secondary Education Act of 1965" (P.L. 89-10; 79 Stat. 27), by the act of Congress known as the "Manpower Development and Training Act of 1962" (P.L. 87-414; 76 Stat. 23), includ-

ing but not limited to the "JOBS program" (Job Opportunities in the Business Sector), by the act of Congress known as the "Education Professions Development Act of 1965" (P.L. 89-329; 79 Stats. 1254), by the act of Congress known as the "Demonstration Cities and Metropolitan Development Act of 1966" (P.L. 89-754; 80 Stat. 1259), by the act of Congress known as the "Omnibus Crime Control and Safe Streets Act of 1968" (P.L. 90-351; 82 Stat. 197), and by the act of Congress known as the "Emergency Employment Act of 1971" (P.L. 92-54), and by acts amending or supplementing those acts, and with all necessary power and authority to cooperate with, or enter into agreements with, the government of the United States, or any agency or agencies thereof, and with the State Board of Education and with other school districts and private or public nonprofit organizations for the purpose of receiving the benefits and expending the funds provided by said acts of Congress, in accordance with said acts, or any rules or regulations adopted thereunder, or any state plan or rules or regulations of the State Board of Education adopted in accordance with said acts of Congress. Participation may also include the expenditure by the governing body of the California Maritime Academy, by the governing board of any school district, or the county superintendent of schools of whatever funds may be required by the federal government as a condition to such participation.

Participation in the act of Congress known as the "Emergency Employment Act of 1971" (P.L. 92-54) may be undertaken notwithstanding the provisions of Section 13277 of this code.

SEC. 3. Section 2 of this act shall become operative only if Assembly Bill No. 705 of 1971 Regular Session is enacted, and, in such case, at the same time as Assembly Bill No. 705 becomes operative, at which time Section 1 of this act is repealed.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

One or more school districts and county superintendents would be eligible to participate in programs under the Emergency Employment Act of 1971 if authorization to enter into the necessary contractual relations is afforded. The programs under this federal act provide employment opportunities for certain unemployed and underemployed persons, and the authorization to participate in the programs would immeasurably support educational programs. In order that the programs contemplated under the Emergency Employment Act of 1971 can be undertaken at the earliest possible time, it is necessary that this act take immediate effect.

# CHAPTER 1583

*An act to add Sections 255.3 and 273 to the Revenue and Taxation Code, relating to property taxation, and declaring the urgency thereof, to take effect immediately.*

[Approved by Governor November 22, 1971. Filed with Secretary of State November 22, 1971.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 255.3 is added to the Revenue and Taxation Code, to read:

255.3. County assessors shall each year before the lien date mail a claim form for the homeowners' exemption to all homeowners who received the exemption in the prior year, except where the prior recipient has transferred title in the property since the prior lien date. A claim form shall also be sent to all persons acquiring title and who are owners of record to an eligible dwelling after the prior lien date and before January 1 of the succeeding year. The failure of a person to receive a claim form shall not, however, excuse the person from timely filing the required affidavit.

SEC. 1.5. Section 273 is added to the Revenue and Taxation Code, to read:

273. If a claimant for the homeowners' property tax exemption fails to file the required affidavit within the time specified in Section 255, but files such claim on or before the 15th day of June of such year, 80 percent of the homeowner's exemption may be granted by the board of supervisors if proof satisfactory to the board of supervisors establishes that the failure to timely file the required affidavit was due to reasonable cause and not due to willful neglect.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to remove procedural laws at the earliest possible date and to provide a method whereby individuals who are otherwise eligible for the homeowners' property tax exemption except they have failed to timely file the required affidavit for reasons beyond their control may receive the exemption, thereby fulfilling the public policy of the state for the exemption of homes occupied by the owners thereof as expressed in Section 1d of Article XIII of the State Constitution, it is necessary that this act take immediate effect.

# CHAPTER 1584

*An act to add Sections 25314 and 25315 to the Education Code, to amend Section 4104 of, and to add Chapter 3 (commencing with Section 4200) to Division 5 of Title 1 of, and to add Sections 14354 and 14355 to, the Government Code, relating to contractors.*

[Approved by Governor November 22, 1971. Filed with Secretary of State November 22, 1971.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 4104 of the Government Code is amended to read:

4104. Any officer, department, board or commission taking bids for the construction of any public work or improvement shall provide in the specifications prepared for the work or improvement or in the general conditions under which bids will be received for the doing of the work incident to the public work or improvement that any person making a bid or offer to perform the work, shall, in his bid or offer, set forth:

(a) The name and the location of the place of business of each subcontractor who will perform work or labor or render service to the prime contractor in or about the construction of the work or improvement, or a subcontractor licensed by the State of California who, under subcontract to the prime contractor, specially fabricates and installs a portion of the work or improvement according to detailed drawings contained in the plans and specifications, in an amount in excess of one-half of 1 percent of the prime contractor's total bid.

(b) The portion of the work which will be done by each such subcontractor under this act. The prime contractor shall list only one subcontractor for each such portion as is defined by the prime contractor in his bid.

SEC. 2. Chapter 3 (commencing with Section 4200) is added to Division 5 of Title 1 of the Government Code, to read:

## CHAPTER 3. RELIEF OF BIDDERS

4200. (a) "Public entity" means the state, Regents of the University of California, a county, city and county, city, district, public authority, public agency, and any other political subdivision or public corporation in the state.

(b) "Bid" means any proposal submitted to a public entity in competitive bidding for the construction, alteration, repair, or improvement of any structure, building, road or other improvement of any kind.

4201. A bidder shall not be relieved of his bid unless by consent of the awarding authority nor shall any change be made in his bid because of mistake, but he may bring an action against the public entity in a court of competent jurisdiction

in the county in which the bids were opened for the recovery of the amount forfeited, without interest or costs.

The bond of an admitted surety insurer shall be filed with the complaint, in such sum as the court may fix, but not less than five hundred dollars ($500), conditioned that, if the plaintiff fails to recover judgment, he shall pay all costs incurred by the public entity in the suit, including a reasonable attorney's fee to be fixed by the court.

4202. The complaint shall be filed, and summons served on the director of the department or the chief of the division or other head of the public entity under which the work is to be performed or an appearance made, within 90 days after the opening of the bid; otherwise, the action shall be dismissed.

4203. The bidder shall establish to the satisfaction of the court that:

(a) A mistake was made.

(b) He gave the public entity written notice within five days after the opening of the bids of the mistake, specifying in the notice in detail how the mistake occurred.

(c) The mistake made the bid materially different than he intended it to be.

(d) The mistake was made in filling out the bid and not due to error in judgment or to carelessness in inspecting the site of the work, or in reading the plans or specifications.

4204. Other than the notice to the public entity, no claim is required to be filed before bringing the action.

4205. A bidder who claims a mistake or who forfeits his bid security shall be prohibited from participating in further bidding on the project on which the mistake was claimed or security forfeited.

4206. If the public entity deems it is for its best interest, it may, on refusal or failure of the successful bidder to execute the contract, award it to the second lowest bidder.

If the second lowest bidder fails or refuses to execute the contract, the public entity may likewise award it to the third lowest bidder.

On the failure or refusal of the second or third lowest bidder to whom a contract is so awarded to execute it, his bidder's security shall be likewise forfeited.

4207. In all actions brought under the provisions of this chapter, all courts wherein such actions are or may hereafter be pending, shall give such actions preference over all other civil actions therein, in the matter of setting the same for hearing or trial, and in hearing the same, to the end that all such actions shall be quickly heard and determined.

4208. This chapter shall not apply to contracts awarded pursuant to Chapter 3 (commencing with Section 14250) of Part 5 of Division 3 of Title 2, nor to contracts awarded pursuant to Chapter 14 (commencing with Section 25200) of Division 18 of Part 4 of the Education Code.

SEC. 3. Section 14354 is added to the Government Code, to read:

14354. A bidder who claims a mistake or who forfeits his bid security shall be prohibited from participating in further bidding on the project on which the mistake was claimed or security forfeited.

SEC. 4. Section 14355 is added to the Government Code, to read:

14355. In all actions brought under the provisions of this article, all courts wherein such actions are or may hereafter be pending, shall give such actions preference over all other civil actions therein, in the matter of setting the same for hearing or trial, and in hearing the same, to the end that all such actions shall be quickly heard and determined.

SEC. 5. Section 25314 is added to the Education Code, to read:

25314. A bidder who claims a mistake or who forfeits his bid security shall be prohibited from participating in further bidding on the project on which the mistake was claimed or security forfeited.

SEC. 6. Section 25315 is added to the Education Code, to read:

25315. In all actions brought under the provisions of this article, all courts wherein such actions are or may hereafter be pending, shall give such actions preference over all other civil actions therein, in the matter of setting the same for hearing or trial, and in hearing the same, to the end that all such actions shall be quickly heard and determined.

## CHAPTER 1585

*An act to amend Section 987.16 of the Military and Veterans Code, relating to veterans' farm and home purchases.*

[Approved by Governor November 22, 1971. Filed with Secretary of State November 22, 1971.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 987.16 of the Military and Veterans Code is amended to read:

987.16. Any veteran for whom a home or farm is purchased under this article may be granted a subsequent opportunity to purchase another home or farm in any of the following cases:

(a) The home or farm has been taken by a public agency in condemnation proceedings brought by the agency or purchased by such agency in lieu of condemnation.

(b) The veteran is compelled to change the location of his employment and residence and sells the home or farm, pays

his purchase contract in full, moves into another home or farm within six months from the date of change in location, and pays into the purchase of the new home or farm the net equity received from the sale of the former home or farm.

(c) A sale of the home or farm is necessitated because of the health of the veteran or because of the health of a member of his immediate family and the purchase contract is paid in full, another home or farm is purchased within six months of the sale, and the net equity received from the sale of the former home or farm is applied toward the new purchase.

(d) The veteran has two or more eligibilities arising from two or more separate periods of service as described in Section 980 of this code, or the veteran and the veteran's spouse each qualify as a veteran as described in Section 980.

(e) A requirement to provide a home for one or more dependents other than the veteran's spouse existed at the time of the original purchase but no longer exists, and the size of the original home has become excessive to the current needs of the veteran or the veteran and the veteran's spouse, and such veteran sells the original home, pays the purchase contract in full, applies for a subsequent loan on a smaller home within six months from date of sale, and pays into the purchase of the new home the net equity received from the sale of the former home.

Only one home or farm purchased under this article shall be owned by a veteran or a veteran and the veteran's spouse at any one time under the provisions of this article.

(f) The veteran is forced to sell his home or farm by inability to pay the property tax resulting from increased assessments, pays his purchase contract in full, moves into another home or farm within six months from the date of change in location, and pays into the purchase of the new home or farm the net equity received from the sale of the former home or farm. In this case the new loan will be limited to the amount still payable on the former loan.

SEC. 2. Section 987.16 of the Military and Veterans Code is amended to read:

987.16. Any veteran for whom a home or farm is purchased under this article may be granted a subsequent opportunity to purchase another home or farm in any of the following cases:

(a) The home or farm has been taken by a public agency in condemnation proceedings brought by the agency or purchased by such agency in lieu of condemnation.

(b) The veteran is compelled to change the location of his employment and residence and sells the home or farm, pays his purchase contract in full, moves into another home or farm within six months from the date of change in location, and pays into the purchase of the new home or farm the net equity received from the sale of the former home or farm.

(c) A sale of the home or farm is necessitated because of the health of the veteran or because of the health of a member of his immediate family and the purchase contract is paid in full, another home or farm is purchased within six months of the sale, and the net equity received from the sale of the former home or farm is applied toward the new purchase.

(d) The veteran has two or more eligibilities arising from two or more separate periods of service as described in Section 980 of this code, or the veteran and the veteran's spouse each qualify as a veteran as described in Section 980.

(e) A requirement to provide a home for one or more dependents other than the veteran's spouse existed at the time of the original purchase but no longer exists, and the size of the original home has become excessive to the current needs of the veteran or the veteran and the veteran's spouse, and such veteran sells the original home, pays the purchase contract in full, applies for a subsequent loan on a smaller home within six months from date of sale, and pays into the purchase of the new home the net equity received from the sale of the former home.

Only one home or farm purchased under this article shall be owned by a veteran or a veteran and the veteran's spouse at any one time under the provisions of this article.

(f) The veteran is forced to sell his home or farm by inability to pay the property tax resulting from increased assessments, pays his purchase contract in full, moves into another home or farm within six months from the date of change in location, and pays into the purchase of the new home or farm the net equity received from the sale of the former home or farm. In this case the new loan will be limited to the amount still payable on the former loan.

(g) The obligation of the veteran or the veteran's spouse to provide housing for the veteran's dependents has increased from the time of the original purchase to a point where the size of the original home is not adequate to meet the current needs of the veteran or the veteran's spouse, and such veteran sells the original home, pays the purchase contract in full, applies for a subsequent loan on a larger home within six months from the date of sale, and pays into the purchase of the new home the net equity received from the sale of the former home.

SEC. 3. It is the intent of the Legislature, if this bill and Senate Bill No. 154 are both chaptered and amend Section 987.16 of the Military and Veterans Code, and this bill is chaptered after Senate Bill No. 154, that the amendments to Section 987.16 proposed by both bills be given effect and incorporated in Section 987.16 in the form set forth in Section 2 of this act. Therefore, Section 2 of this act shall become operative only if this bill and Senate Bill No. 154 are both chaptered, both amend Section 987 16, and Senate Bill No. 154 is chaptered before this bill, in which case Section 1 of this act shall not become operative.

# CHAPTER 1586

*An act to add Section 751.3 to the Code of Civil Procedure, relating to property.*

[Approved by Governor November 22, 1971. Filed with Secretary of State November 22, 1971.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 751.3 is added to the Code of Civil Procedure, to read:

751.3. (a) Whenever a mining rights lease, including a community lease, exists for the production of oil, gas, or other hydrocarbons, and a right of entry or occupation provided by the lease encumbers all or part of the surface or surface zone of the leasehold lands, any person who owns a fee interest in the surface of the leasehold lands may bring an action in the superior court to terminate the right of entry or occupation as to all or some described portion of the surface and surface zone of the leasehold lands in which such person owns an interest.

(b) The court may render a judgment or decree terminating such lessee's right of entry or occupation of the surface and surface zone, subject to such conditions as the court deems fair and equitable, if the evidence shows each of the following:

(1) The document which created the leasehold interest was originally executed more than 20 years prior to filing the action provided for in this section regardless of any amendments to such document. However, if any amendment was entered into expressly for the purpose of waiving, limiting, or rearranging surface rights of entry and occupation by the lessee, the 20-year period shall be computed as if the document was originally executed on the date of execution of such amendment.

(2) The subject land is not presently occupied by any of the following:

(i) A producing oil or gas well or well bore.

(ii) A well or well bore being utilized for injection of water, gas, or other substance into geologic substrata as an aid to oil or gas production or to ameliorating subsidence.

(iii) A well or well bore being utilized for the disposal injection of waste oil well brine and byproducts.

(iv) A well or well bore being utilized for the production of water for use in oil field injection, waterflood, and pressure maintenance programs.

(3) Termination of the right of entry or occupation within the subject land in the manner requested by the plaintiff, or subject to such conditions as the court may impose pursuant to this section, will not significantly interfere with the right of the lessee, under the lease, to continue to conduct operations for the continued production of oil from leasehold strata beneath the surface zone in a practical and economic manner,

utilizing such production techniques as will be appropriate to the leasehold area, consistent with good oilfield practice, and to gather, transport, and market such oil.

(c) The court may qualify the decree terminating the surface and surface zone right of entry or occupation so as to provide for limited surface and surface zone easements which the lessee may continue to enjoy within the subject land. A decree may be conditioned upon the relocation of pipelines, roadways, equipment, or lease facilities in such manner as will most effectively free the subject land for surface use while safeguarding continued oil and gas operations in a practical and economic manner. Any such condition of the decree shall require the plaintiff to pay the costs of the relocation. However, the plaintiff shall be entitled to a setoff against such costs to the extent of any benefit to the lessee resulting from the installation of new equipment or material. The plaintiff shall have the burden of proving any such benefit accruing to the lessee.

(d) It shall be against public policy for any oil or gas lease, at its inception, to provide for the waiver of any rights created by this section, or for such rights to be waived by amendment to any oil or gas lease within 20 years of the date of its execution by a plaintiff or his predecessor in interest.

(e) As used in this section:

(1) "Surface zone" means the zone which lies above a plane which is 500 feet below the surface of the land.

(2) "Subject land" means that area occupied by the particular described surface and surface zone for which plaintiff seeks to terminate the leasehold right of entry and occupation.

(3) "Lease facilities" means storage tanks, wash tanks, separators, heaters, and other facilities reasonably necessary for the production of oil or gas, including secondary recovery operations.

(f) No judgment rendered pursuant to this section shall change or affect the terms or operation of any valid unit agreement or valid operating agreement which comes within the provisions of Section 3301 or 3321 of the Public Resources Code.

(g) This section shall apply only to lands within a city in any county with a population exceeding 4,000,000, or with a population of more than 700,000 and less than 710,000 as determined by the 1960 Federal Decennial Census.

SEC. 2. If any provision of this act or the application thereof to any person or circumstance is held to be invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

SEC. 3. As a finding of public interest and necessity, the Legislature declares as follows:

In many significant areas of this state there are areas of land, the surface of which cannot be developed or used by reason of the continued existence of oil production equipment, lease facilities, or pipelines, and by reason of the continued existence of a right of entry or occupation on the surface thereof related to an existing oil and gas lease or community oil and gas lease, which right of entry or occupation affects and encumbers surface areas no longer utilized or needed for the conduct of leasehold operations. Land which should be utilized in the orderly growth and development of urban areas remains needlessly fallow and unproductive and is a source of economic and social blight on surrounding areas. It is in the public interest that due procedures be established to make it possible to free, for surface use, land in urban areas which is not reasonably needed for oil and gas operations.

## CHAPTER 1587

*An act to amend Sections 270 and 270h of the Penal Code, relating to nonsupport.*

[Approved by Governor November 22, 1971. Filed with Secretary of State November 22, 1971.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 270 of the Penal Code is amended to read:

270. If a father of either a legitimate or an illegitimate minor child willfully omits, without lawful excuse, to furnish necessary clothing, food, shelter or medical attendance, or other remedial care for his child, he is guilty of a misdemeanor punishable by a fine not exceeding one thousand dollars ($1,000), or by imprisonment in the county jail not exceeding one year, or by both such fine and imprisonment. If a court of competent jurisdiction has made a final adjudication in either a civil or a criminal action that a person is the father of a minor child and the person has notice of such adjudication and he then willfully omits, without lawful excuse, to furnish necessary clothing, food, shelter, medical attendance or other remedial care for his child, this conduct is punishable by imprisonment in the county jail not exceeding one year or in a state prison not exceeding one year, or by a fine not exceeding one thousand dollars ($1,000), or by both such fine and imprisonment. This statute shall not be construed so as to relieve such father from the criminal liability defined herein for such omission merely because the mother of such child is legally entitled to the custody of such child nor because the mother of such child, or any other person, or organization, voluntarily or involuntarily furnishes such necessary

food, clothing, shelter or medical attendance or other remedial care for such child, or undertakes to do so.

Proof of abandonment or desertion of a child by such father, or the omission by such father to furnish necessary food, clothing, shelter or medical attendance or other remedial care for his child is prima facie evidence that such abandonment or desertion or omission to furnish necessary food, clothing, shelter or medical attendance or other remedial care is willful and without lawful excuse.

The court, in determining the ability of the father to support his child, shall consider all income, including social insurance benefits and gifts.

In the event that the father of either a legitimate or illegitimate minor child is dead or for any other reason whatsoever fails to furnish the necessary food, clothing, shelter or medical attendance or other remedial care for his minor child, the mother of said child shall become subject to the provisions of this section and be criminally liable for the support of said minor child during the period of failure on the part of the father to the same extent and in the same manner as the father.

The provisions of this section are applicable whether the parents of such child are married or divorced, and regardless of any decree made in any divorce action relative to alimony or to the support of the child. A child conceived but not yet born is to be deemed an existing person insofar as this section is concerned.

The husband of a woman who bears a child as a result of artificial insemination shall be considered the father of that child for the purposes of this section, if he consented in writing to the artificial insemination.

SEC. 2. Section 270h of the Penal Code is amended to read:

270h. In any case where there is a conviction under the provisions of either Section 270 or 270a and there is an order granting probation which includes an order for support, the court may:

(a) Issue an execution on such order for the support payments that accrue during the time such probation order is in effect, in the same manner as on a judgment in a civil action for support payments. This remedy shall apply only when there is no existing civil order of this state or a foreign court order that has been reduced to a judgment of this state for support of the same person or persons included in the probation support order.

(b) Require assignment of wages pursuant to Section 4701 of the Civil Code as a condition of probation. This remedy shall apply only when there is no existing civil order for support of the same person or persons included in the probation support order upon which an order of assignment has been entered pursuant to Section 4701.

These remedies are in addition to any other remedies available to the court.

## CHAPTER 1588

*An act to add Section 18685.4 to the Revenue and Taxation Code, relating to taxation, and declaring the urgency thereof, to take effect immediately.*

[Approved by Governor November 22, 1971. Filed with Secretary of State November 22, 1971.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 18685.4 is added to the Revenue and Taxation Code, to read:

18685.4. Where the taxpayer has in good faith filed the declaration of estimated tax required by Section 18412.5 and made the payment required by Section 18556, he may file an amended declaration within 15 days after the end of the taxable year for which the original declaration was filed if the taxpayer generates unanticipated additional income in the taxable year after the original declaration was filed. The taxpayer shall pay at the time of filing the amended declaration, the additional estimated tax due on such declaration over the amount paid on the original declaration.

Any taxpayer filing the amended declaration of estimated tax and making the additional payment required by this section shall not be subject to payment of interest.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The fact constituting such necessity are:

In order that the needed relief for taxpayers with unanticipated income increases as provided by this act be made available at the earliest possible time it is necessary for this act to take effect immediately.

## CHAPTER 1589

*An act to amend Section 13059 of the Education Code, relating to position of school business manager.*

[Approved by Governor November 22, 1971. Filed with Secretary of State November 22, 1971.]

*The people of the State of California do enact as follows:*

SECTION 1. Section 13059 of the Education Code is amended to read:

13059. (a) Any person who, on September 17, 1965, was serving in a position as business manager and had been assigned a title listed in Section 937 shall be deemed to be an employee in a position requiring certification qualifications for so long as he holds such position in the same district.

(b) Any person who, on the effective date of the amendment to this section as enacted at the 1971 Regular Session of the Legislature, was serving in a position of business manager and that position had been declared, by the governing board, to be one requiring certification qualifications in accordance with the authority extended in this section prior to the 1971 amendment, shall be deemed to be an employee in a position requiring certification qualifications for so long as he holds such position in the same district.

(c) Except as provided in subdivision (d), on and after the effective date of the 1971 amendment to this section no person employed in a position of business manager shall be required to be credentialed and no title assignment, work, duty statement or other device, including but not limited to educational or other requirements of applicants, which may be established by the governing board, may be construed to require certification qualifications for any such position or reasonably related position.

(d) The governing board of any school district with less than 3,000 units of average daily attendance in the prior fiscal year may require any person employed in a position of business manager to be credentialed.

SEC. 2. It is the intent of the Legislature that in amending Section 13059 of the Education Code governing boards of school districts will truly open the position of district business manager or a reasonably related position to all candidates who meet the minimum qualifications for the position, irrespective of the educational credentialing process, and that boards will grasp this opportunity to employ persons highly qualified in the field of business management to the end that the business and fiscal functions of the district reflect the greatest possible fiscal responsibility to the benefit of students and taxpayers alike.

*An act to amend Section 5234 of, and add Section 5234.1 to, the Streets and Highways Code, relating to the Improvement Act of 1911.*

[Approved by Governor November 22, 1971. Filed with Secretary of State November 22, 1971.]

*The people of the State of California do enact as follows:*

(b) The successful bid, if the change is ordered after the award of the contract;

provided, that any changes so made shall also be subject to the limitations, if any, contained in any law applicable to the proceedings, which law may impose limitations upon the amount by which the estimated cost of the work or improvement may be increased by reason of such changes.

SEC. 2. Section 5234.1 is added to the Streets and Highways Code, to read:

5234.1. Changes may exceed the 20-percent limitation in cost when the legislative body orders such changes. That portion of the added cost which exceeds the 20-percent limitation shall be paid by the city.

The commission may promulgate regulations permitting the temporary confinement of mountain lions for the purpose of treating them, if injured or diseased.

This section shall remain in effect only until the 61st day after the final adjournment of the 1975 Regular Session of the Legislature, and as of that date is repealed.

CHAPTER 10.5. MOUNTAIN LION

It is unlawful to take, injure, possess, transport, import, or sell any mountain lion except as otherwise provided in this chapter, Article 1.5 (commencing with Section 1000) of Chapter 3 of Division 2, or Section 3005.5, or except as authorized under a domestic game breeder's license.

Any violation of this section is a misdemeanor punishable by imprisonment in the county jail for a term not exceeding one year or a fine not exceeding one thousand dollars ($1,000), or both.

4851. Any owner or tenant, or the agent of such owner or tenant, of land or property that is being damaged or destroyed by mountain lions may report such fact to the department on or before the next day the offices of the department are open following discovery of such damage or destruction.

The department shall conduct and complete an investigation within 48 hours of receiving such a report, and, if satisfied that there has been mountain lion depredation as reported, shall promptly issue a permit, to expire 10 days after issuance, to the person reporting the mountain lion damage. The permit shall authorize such person to take or have taken the depredating mountain lion up to 10 miles from the location of the reported damage or destruction, provided that no mountain lion shall be taken pursuant to this section except by a person eligible to be issued a hunting license pursuant to Articles 2 (commencing with Section 3031) and 2.5 (commencing with Section 3049) of Chapter 1 of Part 1 of Division 4. Any person issued a permit pursuant to this section shall report in writing the taking of any mountain lion thereunder to an office of the department within five days after the taking of such mountain lion. Such person shall also deliver the head and hide of such mountain lion to a representative of the department within five days after the taking of such mammal.

4852. This chapter does not apply to any mountain lion which was lawfully acquired prior to the effective date of this chapter.

4853. Nothing in this chapter shall prohibit the department or its authorized agents from pursuing or capturing mountain lions alive for the purpose of scientific research. A permit may

be issued by the department to any person to pursue any mountain lion subject to the regulations of the commission; provided, however, no mountain lion may be taken or injured under such permit.

4854. This chapter shall remain in effect only until the 61st day after the final adjournment of the 1975 Regular Session of the Legislature, and as of that date is repealed. Section 4189 and Chapter 10 (commencing with Section 4800) of Part 2 of Division 4 shall be inoperative until such date.

SEC. 4. The Department of Fish and Game shall conduct a continuous special study of the mountain lion population to ascertain the quantity of mountain lions in the state and to determine the best methods of providing sound management of this resource. Such study shall conclude on or before the fifth calendar day of the 1975 Regular Session of the Legislature. The department shall annually report the results and progress of such study to the Legislature on or before the fifth calendar day of the session of the Legislature.

SEC. 5. It is the intent of the Legislature to impose a four-year moratorium on the taking of mountain lions for sport to allow the Department of Fish and Game sufficient time to conduct a comprehensive study and prepare a plan which will insure survival of mountain lions. At the end of the four-year moratorium period such plan shall be implemented.

It is further the intent of the Legislature that, should this act go into effect and become operative during a period when the sport hunting or other taking of mountain lions is lawful, this act shall immediately supersede any statute or regulation authorizing such sport hunting or taking.

At the hearing, the parties may appear in person or with counsel. The hearing shall be held in chambers, but the court reporter shall report the proceedings and his fee therefor shall be paid from the county treasury on order of the court. If the court finds that withdrawal of the consent to adoption is reasonable in view of all the circumstances, and that withdrawal of the consent will be for the best interests of the child, the court shall approve the withdrawal of the consent; otherwise the court shall withhold its approval. If the court approves the withdrawal of consent, the adoption proceeding shall be dismissed.

Any order of the court granting or withholding approval of a withdrawal of a consent to an adoption may be appealed from in the same manner as an order of the juvenile court declaring any person to be a ward of the juvenile court.

SEC. 47.7. Section 226b of the Civil Code is amended to read:

226b. Whenever, in any adoption proceeding, the petitioners desire to withdraw the petition for the adoption or to dismiss the proceeding, the clerk of the court in which the proceeding is pending shall immediately notify the State Department of Health of such action. The State Department of

Health or the licensed county adoption agency shall file a full report with the court recommending a suitable plan for the child in every such case where the petitioners desire to withdraw the petition for the adoption or where the department or county agency recommends that the petition for adoption be denied and shall appear before the court for the purpose of representing the child. Notwithstanding such withdrawal or dismissal by the petitioners, the court may retain jurisdiction over the child for the purpose of making such order or orders for its custody as the court may deem to be in the best interests of the child.

In any adoption proceeding in which the parent has refused to give the required consent or in which the reason or cause for the withdrawal of the petition or dismissal of the proceeding is the withdrawal of the consent of the natural parent or parents, the court shall order at the hearing the child restored to the care and custody of the natural parent.

SEC. 47.8. Section 226c of the Civil Code is amended to read:

226c. At the hearing, if the court sustains the recommendation that the child be removed from the home of petitioners because the agency has recommended denial or the petitioners desire to withdraw the petition or the court dismisses the petition and does not return him to his parents, the court shall commit the child to the care of the State Department of Health or the licensed county adoption agency, whichever agency made the recommendation, for that agency to arrange adoptive placement or to make a suitable plan. In those counties not covered by a licensed county adoption agency, the county welfare department shall act as the agent of the State Department of Health and shall provide care for the child in accordance with rules and regulations established by the department.

SEC. 47.9. Section 226.1 of the Civil Code is amended to read:

226.1. (a) In all cases in which consent is required, the consent of the natural parent or parents to the adoption by the petitioners must be signed in the presence of an agent of the State Department of Health or of a licensed county adoption agency on a form prescribed by such department and filed with the clerk of the superior court, in the county of the petitioner's residence.

(b) Such consent, when reciting that the person giving it is entitled to the sole custody of the minor child, shall, when duly acknowledged before such agent, be prima facie evidence of the right of the person making it to the sole custody of the child and such person's sole right to consent.

(c) If the father or mother of a child to be adopted is outside the State of California at the time of signing consent, his or her consent may be signed before a notary or other person authorized to perform notarial acts, and in such case the con-

sent of the Department of Health or of a licensed county adoption agency will also be necessary.

(d) A parent who is a minor shall have the right to sign a consent for the adoption of his or her child and such consent shall not be subject to revocation by reason of such minority.

SEC. 47.10. Section 226.2 of the Civil Code is amended to read:

226.2. In all cases of adoption in which no agency licensed to place children for adoption is a party, it shall be the duty of the Department of Health or of the licensed county adoption agency to accept the consent of the natural parents to the adoption of the child by the petitioners and to ascertain whether the child is a proper subject for adoption and whether the proposed home is suitable for the child, prior to filing its report with the court.

SEC. 47.11. Section 226.3 of the Civil Code is amended to read:

226.3. In all cases in which the consent of the natural parent or parents is not necessary and an agency licensed to place children for adoption is not a party to the petition, the State Department of Health or the licensed county adoption agency shall, prior to the hearing of the petition, file its consent to the adoption with the clerk of the superior court of the county in which the petition is filed. Such consent shall not be given by the Department of Health or the licensed county adoption agency unless the child's welfare will be promoted by the adoption.

SEC. 47.12. Section 226.4 of the Civil Code is amended to read:

226.4. If for a period of 180 days from the date of filing the petition, or upon the expiration of any extension of said period granted by the court, the Department of Health or the licensed county adoption agency fails or refuses to accept the consent of the natural parent or parents to the adoption, or if said department or agency fails or refuses to file or to give its consent to an adoption in those cases where its consent is required by this chapter, either the natural parent or parents or the petitioner may appeal from such failure or refusal to the superior court of the county in which the petition is filed, in which event the clerk shall immediately notify the Department of Health of such appeal and the department or agency shall within 10 days file a report of its findings and the reasons for its failure or refusal or consent to the adoption or to accept the consent of the natural parent. After the filing of said findings, the court may, if it deems that the welfare of the child will be promoted by said adoption, allow the signing of the consent by the natural parent or parents in open court, or if the appeal be from the refusal of said department or agency to consent thereto, grant the petition without such consent.

SEC. 47.13. Section 226.5 of the Civil Code is amended to read:

226.5. The State Department of Health or licensed county adoption agency shall interview the parties to the adoption as soon as possible and in any event within 45 days after the filing of the adoption petition.

SEC. 47.14. Section 226.6 of the Civil Code is amended to read:

226.6. It shall be the duty of the Department of Health or of the licensed county adoption agency to investigate the proposed adoption and to submit to the court a full report of the facts disclosed by its inquiry with a recommendation regarding the granting of the petition within 180 days after the filing of the petition. In those cases in which the investigation establishes that there is a serious question concerning the suitability of the petitioners or the care provided the child or the availability of the consent to adoption the report shall be filed immediately. The court may allow such additional time for the filing of said reports as in its discretion it may see fit, after at least five days' notice to the petitioner or petitioners and opportunity for such petitioner or petitioners to be heard with respect to the request for additional time. The report required of the Department of Health or of the licensed county adoption agency may be waived by the department in all cases in which an agency, licensed by the Department of Health to place children in homes for adoption, is a party or joins in the petition for adoption. Such waiver may be issued by the department at any time, either before or after the filing of the petition for adoption.

SEC. 47.15. Section 226.7 of the Civil Code is amended to read:

226.7. Whenever any report or findings are submitted to the court by the Department of Health or by a licensed county adoption agency under any provision of the preceding section, a copy of such report or findings, whether favorable or unfavorable, shall be given to the attorney for the petitioner in the proceedings, if the petitioner has an attorney of record, or to the petitioner.

SEC. 47.16. Section 226.8 of the Civil Code is amended to read:

226.8. If the findings of the State Department of Health or the county adoption agency are that the home of the petitioners is not suitable for the child or that the required consents are not available and it recommends that the petition be denied, or if the petitioners desire to withdraw the petition, and it recommends that the petition be denied, the county clerk upon receipt of the report of the State Department of Health or the county adoption agency shall immediately refer it to the superior court for review.

Upon receipt of such reports the court shall set a date for a hearing of the petition and shall give reasonable notice of

such hearing to the agency, the petitioners, and the natural parents by certified mail to the address of each as shown in the proceeding.

The department or county agency shall appear to represent the child.

SEC. 47.17. Section 226.9 of the Civil Code is amended to read:

226.9. Notwithstanding any other provisions of this chapter, in case of an adoption of a child by a stepparent where one natural or adoptive parent retains his or her custody and control of said child, the consent of either or both parents must be signed in the presence of a county clerk or probation officer of any county of this state on a form prescribed by the State Department of Health and the county clerk or probation officer before whom such consent is signed shall immediately file said consent with the clerk of the superior court of the county where the petition is filed and said clerk shall immediately file a certified copy of such consent to adoption with the State Department of Health.

If the father or mother of a child to be adopted is outside the State of California at the time of signing consent, his or her consent may be signed before a notary or other person authorized to perform notarial acts.

Such consent, when reciting that the person giving it is entitled to sole custody of the minor child, shall, when duly acknowledged before the county clerk or probation officer, be prima facie evidence of the right of the person making it to the sole custody of the child and such person's sole right to consent.

A parent who is a minor shall have the right to sign a consent for the adoption of his or her child and such consent shall not be subject to revocation by reason of such minority.

SEC. 47.18. Section 226.10 of the Civil Code is amended to read:

226.10. During the pendency of an adoption proceeding, the child proposed to be adopted shall not be concealed within the county in which the adoption is pending; and shall not be removed from such county, unless the petitioners or other interested persons first obtain permission for such removal from the court after giving advance written notice of intent to obtain such permission to the State Department of Health or to the licensed adoption agency responsible for the investigation of the proposed adoption. Upon proof of the giving of the notice, permission may be granted by the court if, within a period of 15 days from and after the date of the giving of the notice, no objections have been filed with the court by the State Department of Health or the licensed adoption agency responsible for investigation of the proposed adoption. If objections are filed within such period by the department or the adoption agency, upon the request of the petitioners the court shall immediately set the matter for hearing and give to the

objector, the petitioners, and the party or parties requesting permission for such removal reasonable notice of such hearing by certified mail to the address of each as shown in the records of the adoption proceeding Upon a finding that the objections are without good cause, the court may grant the requested permission for removal of the child, subject to such limitations as appear to be in the best interests of the child.

This section does not apply in any of the following situations:

(a) Where the child is absent for a period of not more than 30 days from the county in which the adoption proceeding is pending, provided that a notice of recommendation of denial of petition has not been personally served on the petitioners or the court has not issued an order prohibiting the removal of the child from the county pending consideration of any of the following:

(1) The suitability of the petitioners.

(2) The care provided the child.

(3) The availability of the legally required consents to the adoption.

(b) In a proceeding for the adoption of a child by his stepparent where one natural or adoptive parent retains his or her custody and control of the child.

(c) Where the child has been returned to and remains in the custody and control of his or her natural parent or parents.

(d) Where the child has been relinquished for adoption pursuant to Section 224m and written consent for the removal of the child is obtained from the State Department of Health or the licensed adoption agency responsible for the child.

In no event, nor for any period of time, shall a child who has been relinquished for adoption pursuant to Section 224m be removed from the county in which the child was placed by any person who has not petitioned to adopt the child without first obtaining the written consent of the State Department of Health or the licensed adoption agency responsible for the child.

A violation of this section constitutes a violation of Section 280 of the Penal Code.

Neither this section nor Section 280 of the Penal Code shall be construed to render lawful any act which is unlawful under any other applicable provision of law.

SEC. 47.19. Section 227 of the Civil Code is amended to read:

227. The person or persons desiring to adopt a child, and the child proposed to be adopted, must appear before the court; provided, that if said adoptive parent is then commissioned or enlisted in the military service, or auxiliary thereof, of the United States, or of any of its allies, or in the American Red Cross, so that it is impossible or impracticable, because of such person's absence from the State of California, or otherwise, for said person to make such appearance in person, and said

circumstances are established by satisfactory evidence, said appearance may be made for such person by his or her counsel, commissioned and empowered in writing so to do and which said power of attorney may be incorporated in the petition for adoption. The court must examine all persons appearing before it pursuant to this section. The examination of each such person shall be conducted separately but within the physical presence of each such other person or persons unless the court, in its discretion, shall order otherwise. The party or parties adopting shall execute or acknowledge an agreement in writing that the child shall be treated in all respects as the lawful child of the party or parties. If satisfied that the interest of the child will be promoted by the adoption, the court may thereupon make and enter a decree of adoption of the child by the adopting parent or parents, and the child and the adopting parents shall thereupon and thereafter sustain toward each other the legal relationship of parent and child and have all the rights and be subject to all the duties of that relation. In a case where the adopting parent is permitted to appear by counsel, the agreement may be executed and acknowledged by such counsel for such absent party, or may be executed by such absent party before a notary public, or any other person authorized to take acknowledgments including the persons authorized by Sections 1183 and 1183.5 of this code; provided, that in any case where said adoptive parent is permitted to appear by counsel hereunder, or otherwise, the court may, in its discretion, cause such examination of said adoptive parent, other interested party, or witness to be made upon deposition, as it deems necessary, said deposition to be taken upon commission, as prescribed by the Code of Civil Procedure, and the expense thereof to be borne by the petitioner. The petition, relinquishment, agreement, order, report to the court from any investigating agency, and any power of attorney and deposition must be filed in the office of the county clerk and shall not be open to inspection by any other than the parties to the action and their attorneys and the State Department of Health except upon the written authority of the judge of the superior court. A judge of the superior court shall not authorize anyone to inspect the petition relinquishment, agreement, order, report to the court from any investigating agency, or power of attorney or deposition or any portion of any such documents except in exceptional circumstances and for good cause approaching the necessitous. The petitioner may be required to pay the expenses for preparing the copies of the documents to be inspected.

Upon written request of any party to the action and upon the order of any judge of the superior court, the county clerk shall not provide any documents referred to in this section for inspection or copying to any other person, unless the name of the natural parents of the child or any information tending to identify the natural parents of the child is deleted from the documents or copies thereof.

Upon the request of the adoptive parents or the child, a county clerk may issue a certificate of adoption which states the date and place of adoption, the birthday of the child, the name of the adoptive parents, and the name which the child has taken. Unless the child has been adopted by a stepparent, the certificate shall not state the name of the natural parents of the child.

The provisions of this section permitting an adoptive parent, who is commissioned or enlisted in the military service, or auxiliary thereof, of the United States, or of any of its allies, or in the American Red Cross, to make an appearance through his or her counsel, commissioned and empowered in writing to do so, are equally applicable to the spouse of such adoptive parent who resides with such adoptive parent outside of this state.

Where, pursuant to this section, neither adoptive parent need appear before the court, the child proposed to be adopted need not appear. If the law otherwise requires that the child execute any document during the course of the hearing, the child may do so by and through counsel. Where none of the parties appear, no order of adoption shall be made by the court until after a report has been filed with the court pursuant to Section 226.6.

SEC. 47.20. Section 227aaa of the Civil Code is amended to read:

227aaa. Notwithstanding any other provision of law, the State Department of Health, and any holder of a license or permit to place children for adoption issued by the State Department of Health may furnish information relating to any adoption petition to the juvenile court, to any county welfare department, to any public welfare agency, or to any private welfare agency licensed by the State Department of Health whenever it is believed the welfare of a child will be promoted thereby.

SEC. 47.21. Section 227b of the Civil Code is amended to read:

227b. If any child heretofore or hereafter adopted under the foregoing provisions of this code shows evidence of being feeble-minded, epileptic or insane as a result of conditions prior to the adoption, and of which conditions the adopting parents or parent had no knowledge or notice prior to the entry of the decree of adoption, a petition setting forth such facts may be filed by the adopting parents or parent with the court which granted the petition for adoption. If such facts are proved to the satisfaction of the court, it may make an order setting aside the decree of adoption.

The petition must be filed within whichever is the later of the following time limits: (a) within five years after the entering of the decree of adoption, or (b) within one year after the effective date hereof, if such a condition were manifest in the child within five years after the entering of the decree of adoption.

In every action brought under this section it shall be the duty of the clerk of the superior court of the county wherein the action is brought to immediately notify the State Department of Health of such action. Within 60 days after such notice the State Department of Health shall file a full report with the court and shall appear before the court for the purpose of representing the adopted child.

SEC. 47.22. Section 227p of the Civil Code is amended to read:

227p. Any adult person may adopt any other adult person younger than himself, except the spouse of the adopting person, by an agreement of adoption approved by a decree of adoption of the superior court of the county in which either the person adopting or the person adopted resides, as provided in this section. The agreement of adoption shall be in writing and shall be executed by the person adopting and the person to be adopted, and shall set forth that the parties agree to assume toward each other the legal relation of parent and child, and to have all of the rights and be subject to all of the duties and responsibilities of that relation.

A married person not lawfully separated from his spouse cannot adopt an adult person without the consent of the spouse of the adopting person, if such spouse, not consenting, is capable of giving such consent. A married person not lawfully separated from his spouse cannot be adopted without the consent of the spouse of the person to be adopted, if such spouse, not consenting, is capable of giving such consent. Neither the consent of the natural parent or parents of the person to be adopted, nor of the State Department of Health, nor of any other person shall be required.

The adopting person and the person to be adopted may file in the superior court of the county in which either resides a petition praying for approval of the agreement of adoption by the issuance of a decree of adoption. The court shall fix a time and place for hearing on the petition, and both the person adopting and the person to be adopted must appear at the hearing in person, unless such appearance is impossible, in which event appearance may be made for either or both of such persons by counsel, empowered in writing to make such appearance. The court may require notice of the time and place of the hearing to be served on any other interested persons, and any such interested person may appear and object to the proposed adoption. No investigation or report to the court by any public officer or agency is required, but the court may require the county probation officer or the State Department of Health to investigate the circumstances and report thereon, with recommendations, to the court prior to the hearing.

At the hearing the court shall examine the parties, or the counsel of any party not present in person. If the court is satisfied that the adoption will be for the best interests of the parties and in the public interest, and that there is no reason why the petition should not be granted, the court shall approve

the agreement of adoption, and make a decree of adoption declaring that the person adopted is the child of the person adopting him; otherwise, the court shall withhold approval of the agreement and deny the petition.

A married minor child may be adopted pursuant to the provisions of this section; provided, that such married minor child has the written consent of his or her spouse to such adoption.

It is the intent of this division that by July 1, 1971, state funds previously allocated to other agencies for the provision of out-of-home prehospital, hospital and posthospital care be allocated, to the fullest extent feasible, to regional centers to contract with appropriate agencies for the provision of out-of-home placements.

In the event either the Governor or the Legislature should obtain federal approval to transfer programs for the mentally retarded from other state departments to the State Department of Health under the provisions of Public Law 90-577 (Intergovernmental Cooperation Act of 1968), the State Controller shall, upon approval of the Director of Finance, transfer to the State Department of Health such parts of the appropriation of the other departments that are related to mental retardation programs; provided further, that such transfer shall enable the state to make maximum utilization of available state and federal funds.

It is the intent of this division that the regional center program be funded by the state on a regional basis using the maximum of federal funds available, and that all funds be transmitted through the department to each regional center.

(a) Divide the state into basins to fulfill the purposes of this division not later than January 1, 1969.

(b) Adopt standards of ambient air quality for each basin in consideration of the public health, safety and welfare, including but not limited to health, illness, irritation to the senses, aesthetic value, interference with visibility, and effects on the economy. These standards may vary from one basin to

another. Standards relating to health effects shall be based upon the recommendations of the State Department of Health.

(c) Adopt rules and regulations in accordance with the provisions of the Administrative Procedure Act (commencing with Section 11370 of the Government Code) necessary for the proper execution of the powers and duties granted to, and imposed upon, the board by this division.

(d) Adopt emission standards for all nonvehicular air pollution sources for application for each basin as found necessary as provided in Section 39054.

(e) Adopt test procedures to measure compliance with its nonvehicular emission standards and those of local and regional authorities. The board may revise any test procedures which it has adopted when the development and improvement of testing techniques and testing instruments warrant such revision in the judgment of the board. If the board revises such test procedures, it may establish revised nonvehicular emission standards, which standards shall be applicable when such revised test procedures are used in testing nonvehicular sources. The revised standards may be expressed in terms and numerical values other than the terms and numerical values prescribed by, but shall not be less stringent than the standards prescribed by, Chapter 3.5 (commencing with Section 39077) of this part.

SEC. 309. Section 39052 of the Health and Safety Code is amended to read:

39052. The board shall:

(f) Review rules and regulations of local or regional authorities filed with it pursuant to Sections 39314 and 39461 to assure that reasonable provision is made to control emissions from nonvehicular sources and to achieve the air quality standards established by the board. If the board finds, after public hearing, that any rule or regulation of a local or regional authority submitted to it will not achieve applicable air quality standards, it may repeal such rule or regulation and promulgate a rule or regulation which it finds would achieve such standards. Such rule or regulation shall have the same force

and effect as a rule or regulation adopted by the local or regional authority, and shall be enforced by the local or regional authority.

(g) Adopt formal procedures, after consultation with the Department of Motor Vehicles, for making timely and decisive mutual agreements on vehicle air pollution matters with which both agencies are concerned.

The board shall base its test procedures on driving patterns typical in the urban areas of California, and shall weight approval standards appropriately to reflect normal engine deposit accumulation. The board shall administer the test for new motor vehicles in accordance with such procedures. The board may revise any test procedures which it has adopted when the development and improvement of testing techniques and testing instruments warrants such revision in the judgment of the board. If the board revises such test procedures, it may establish revised emission standards for new motor vehicles which standards shall be applicable when such revised test procedures are used in testing vehicles. The revised standards may be expressed in terms and numerical values other than the terms and numerical values prescribed by, but shall not be less stringent than the standards prescribed by, Article 2 (commencing with Section 39100) of Chapter 4 of this part.

(*l*) Adopt regulations specifying the manner in which used motor vehicles shall be accredited based upon their emissions.

(m) Adopt, by regulation, emission standards and test procedures applicable to motor vehicles manufactured for sale in this state. Such regulations shall provide for the testing of vehicles on factory assembly lines or in such other manner as

the board determines best suited to carry out the purposes of this part. The standards established by the board may deviate from the standards established as a condition of approval as the board determines is necessary to implement this section. (p) Adopt low emission standards for the purpose of carrying out Section 14808.1 of the Government Code and Section 6377 of the Revenue and Taxation Code for each model year motor vehicle beginning in 1970.

(q) The board shall adopt test procedures to establish that motor vehicles which have been modified or altered to use a fuel other than gasoline or diesel are in compliance with Section 39110 giving consideration to relative reactivity and air-fuel correction factor of the fuel being tested.

SEC. 309.1. Section 11501 of the Insurance Code is amended to read:

11501. No corporation subject to the provisions of this chapter shall establish, maintain and operate its hospital service plan unless and until it shall have procured a certificate of approval from the State Department of Health approving the hospital, or hospitals, with which such corporation has entered, or proposes to enter, into contracts for the furnishing of hospital service to its subscribers and such corporation shall not enter into any contract with any hospital within this state for the furnishing of hospital service to its subscribers unless the hospital with which it contracts has procured a certificate of approval from said department; provided, however, that hospital services may be rendered to the subscriber in a hospital not holding a certificate of approval if the subscriber requiring hospitalization has removed from or is absent from the state, or in cases of emergency where immediate treatment is necessary and removal to an approved hospital would endanger the life or health of the subscriber. The State Department of Health shall not issue any certificate of approval provided for in this chapter unless and until the

applicant therefor shall have established to the satisfaction of said department that the hospitals wherein subscribers to hospital service plans concerned are to be hospitalized possess adequate physical facilities, mechanical equipment, and personnel for the study, diagnosis, treatment and care of patients.

SEC. 309.2. Section 11502 of the Insurance Code is amended to read:

11502. The State Department of Health, before issuing its certificate authorizing any hospital within the State of California to furnish hospital services under any hospital service plan, shall cause the hospital to be inspected by an inspector appointed by the said department. The report of such inspection shall be filed with the State Department of Health. If the State Department of Health shall find after such inspection that the hospital making application to render hospital services under the hospital service plan fully complies with and possesses the standards set forth in Section 11501, it shall issue its certificate of approval upon the payment of a registration fee, not to exceed twenty-five cents ($0.25) per bed, computed upon the daily average number of beds, other than bassinets, occupied during the preceding calendar year, but in no event less than fifteen dollars ($15) per hospital.

SEC. 309.3. Section 11503 of the Insurance Code is amended to read:

11503. The State Department of Health shall have the right and power to investigate, regulate and enforce the hospital standards set forth in Section 11501 in respect to all hospitals furnishing and rendering hospital services under the provisions of this chapter and to revoke certificates of approval theretofore issued to any hospital, or any hospital service corporation. Upon complaint deemed by the department to be sufficient to warrant such action, or upon its own motion, the State Department of Health shall hold a hearing at which the corporation or hospital under investigation and against which action is proposed to be taken shall have the right to be heard. At such hearing the department shall have the right to order and direct the corporation or the hospital, as the case may be, and within such period of time as the board may prescribe, to remedy and remove the causes complained of and in which to comply with the acts and things required in such order, and may continue the hearing until the expiration of said period of time. If the department upon final hearing shall find that its order has not been complied with, and that the hospital does not possess the hospital standards set forth in Section 11501, or that services are rendered by the hospital service corporation in and through hospitals not possessing said standards, the board shall enter its order revoking the certificate of approval to any such hospital or hospital service corporation and shall notify the Commissioner of Insurance in writing of the fact of such revocation and of the fact that the services rendered under the hospital service plan are not being rendered by hospitals holding certificates of ap-

proval. Upon receipt of such notice, it shall be the duty of the Commissioner of Insurance to revoke his certificate of authority to the establishment, maintenance and operation by such corporation of a nonprofit hospital service plan. The proceeding shall be conducted in accordance with Chapter 5 of Part 1 of Division 3 of Title 2 of the Government Code, and the State Department of Health shall have all the powers granted therein.

SEC. 309.4. Section 11505 of the Insurance Code is amended to read:

(b) That the contract proposed to be entered into by such corporation with those who may become subscribers is not such as will work a fraud or injustice upon such subscribers or any person.

(c) That the rates, dues, fees or other periodic charges to be imposed upon subscribers and the fees, rates or other considerations to be paid for services rendered to subscribers, are not such as will, after providing for such legal reserves as the Insurance Commissioner may deem necessary and reasonable, result in profit to such corporation, and are such as will enable such corporation to furnish or provide the hospital services which it proposes to make available to its subscribers without impairment of the legal reserves fixed and required by the Insurance Commissioner, and without a constant depletion of the assets of such corporation.

Such amortization deductions shall be an amount, with respect to each month of such period within the taxable year, equal to the adjusted basis of the device, machinery, or equipment at the end of such month divided by the number of months (including the month for which the deduction is computed) remaining in the period. Such adjusted basis at the end of the month shall be computed without regard to the amortization deduction for such month. The amortization deductions provided by this section with respect to any month shall be in lieu of the deduction with respect to such device, machinery, or equipment provided in Section 17208 relating to exhaustion, wear and tear, and obsolescence. The 60-month period shall begin, at the election of the taxpayer, with the month following the month in which the device, machinery, or equipment was completed or acquired, or with the succeeding taxable year.

SEC. 313.1. Section 13413 of the Water Code is amended to read:

13413. It is the policy of this state that, in making construction loans under this article, the state board should give special consideration to facilities proposed to be constructed by public agencies in areas in which further construction of buildings has been halted by order of the State Department of Health or a local health department, or both, or notice has been given that such an order is being considered; provided, however, that the public agencies designated in this section shall otherwise comply with and meet all requirements of other provisions of this chapter.

No person shall construct, maintain or use any waste well extending to or into a subterranean water-bearing stratum that is used or intended to be used as, or is suitable for, a source of water supply for domestic purposes. Notwithstanding the foregoing, when a regional board finds that water quality considerations do not preclude controlled recharge of such stratum by direct injection, and when the State Depart-

ment of Health, following a public hearing, finds the proposed recharge will not impair the quality of water in the receiving aquifer as a source of water supply for domestic purposes, reclaimed water may be injected by a well into such stratum. The State Department of Health may make and enforce such regulations pertaining thereto as it deems proper. Nothing in this section shall be construed to affect the authority of the state board or regional boards to prescribe and enforce requirements for such discharge.

The report shall contain such recommended standards for water well and cathodic protection well construction, maintenance, abandonment, and destruction as, in the department's opinion, are necessary to protect the quality of any affected water.

5008. Unless the context otherwise requires, the following definitions shall govern the construction of this part:

(a) "Evaluation" consists of multidisciplinary professional analyses of a person's medical, psychological, social, financial, and legal conditions as may appear to constitute a problem. Persons providing evaluation services shall be properly qualified professionals and may be full-time employees of an agency providing evaluation services or may be part-time employees or may be employed on a contractual basis.

(b) "Court-ordered evaluation" means an evaluation ordered by a superior court pursuant to Article 2 (commencing with Section 5200) or by a court pursuant to Article 3 (commencing with Section 5225) of Chapter 2 of this part;

(c) "Intensive treatment" consists of such hospital and other services as may be indicated. Intensive treatment shall be provided by properly qualified professionals and carried out in facilities qualifying for reimbursement under the California medical assistance program set forth in Chapter 7 (commencing with Section 14000) of Part 3 of Division 9 of this code, or under Title XVIII of the Federal Social Security Act and regulations thereunder. Intensive treatment may be provided in hospitals of the United States government by properly qualified professionals. Nothing in this part shall be construed to prohibit an intensive treatment facility from also providing 72-hour treatment and evaluation;

(d) "Referral" is referral of persons by each agency or facility providing intensive treatment or evaluation services to other agencies or individuals. The purpose of referral shall be to provide for continuity of care, and may include, but need not be limited to, informing the person of available services, making appointments on the person's behalf, discussing

the person's problem with the agency or individual to which the person has been referred, appraising the outcome of referrals, and arranging for personal escort and transportation when necessary. Referral shall be considered complete when the agency or individual to whom the person has been referred accepts responsibility for providing the necessary services. All persons shall be advised of available precare services which prevent initial recourse to hospital treatment or aftercare services which support adjustment to community living following hospital treatment. Such services may be provided through county welfare departments, State Department of Health, Short-Doyle programs or other local agencies.

Each agency or facility providing evaluation services shall maintain a current and comprehensive file of all community services, both public and private. Such files shall contain current agreements with agencies or individuals accepting referrals, as well as appraisals of the results of past referrals;

(e) "Crisis intervention" consists of an interview or series of interviews within a brief period of time, conducted by qualified professionals, and designed to alleviate personal or family situations which present a serious and imminent threat to the health or stability of the person or the family. The interview or interviews may be conducted in the home of the person or family, or on an inpatient or outpatient basis with such therapy, or other services, as may be appropriate. Crisis intervention may, as appropriate, include suicide prevention, psychiatric, welfare, psychological, legal, or other social services;

(f) "Prepetition screening" is a screening of all petitions for court-ordered evaluation as provided in Article 2 (commencing with Section 5200) of Chapter 2, consisting of a professional review of all petitions; an interview with the petitioner and, whenever possible, the person alleged, as a result of mental disorder, to be a danger to others, or to himself, or to be gravely disabled, to assess the problem and explain the petition; when indicated, efforts to persuade the person to receive, on a voluntary basis, comprehensive evaluation, crisis intervention, referral, and other services specified in this part.

(g) "Conservatorship investigation" means investigation by an agency appointed or designated by the governing body of cases in which conservatorship is recommended pursuant to Chapter 3 (commencing with Section 5350) of this part;

(h) For purposes of Article 1 (commencing with Section 5150), Article 2 (commencing with Section 5200), and Article 4 (commencing with Section 5250) of Chapter 2 of this part, and for the purposes of Chapter 3 (commencing with Section 5350) of this part, "gravely disabled" means a condition in which a person, as a result of a mental disorder, is unable to provide for his basic personal needs for food, clothing, or shelter.

For purposes of Article 3 (commencing with Section 5225) and Article 4 (commencing with Section 5250), of Chapter 2

of this part, and for the purposes of Chapter 3 (commencing with Section 5350) of this part, "gravely disabled" means a condition in which a person, as a result of impairment by chronic alcoholism, is unable to provide for his basic personal needs for food, clothing, or shelter.

A person of any age may be "gravely disabled" under this definition, but the term does not include mentally retarded persons;

(i) "Peace officer" means each of the persons specified in Sections 830.1 and 830.2 of the Penal Code;

(j) "Postcertification treatment" means an additional period of treatment pursuant to Article 6 (commencing with Section 5300) of Chapter 2 of this part;

(k) "Court," unless otherwise specified, means a court of record or a justice court.

(a) Persons who are mentally disordered sex offenders placed in a state hospital or institutional unit for observation or committed to the State Department of Health for an indeterminate period pursuant to Article 1 (commencing with Section 6300) of Chapter 2 of Part 2 of Division 6.

SEC. 368. Section 5150 of the Welfare and Institutions Code is amended to read:

5150. When any person, as a result of mental disorder, is a danger to others, or to himself, or gravely disabled, a peace officer, member of the attending staff, as defined by regulation, of an evaluation facility designated by the county, or other

professional person designated by the county may, upon reasonable cause, take, or cause to be taken, the person into custody and place him in a facility designated by the county and approved by the State Department of Health as a facility for 72-hour treatment and evaluation.

Such facility shall require an application in writing stating the circumstances under which the person's condition was called to the attention of the officer, member of the attending staff, or professional person, and stating that the officer, member of the attending staff, or professional person believes as a result of his personal observations that the person is, as a result of mental disorder, a danger to others, or to himself, or gravely disabled.

SEC. 369. Section 5170 of the Welfare and Institutions Code is amended to read:

5170. When any person is a danger to others, or to himself, or gravely disabled as a result of inebriation, a peace officer, member of the attending staff, as defined by regulation, of an evaluation facility designated by the county, or other person designated by the county may, upon reasonable cause, take, or cause to be taken, the person into custody and place him in a facility designated by the county and approved by the State Department of Health as a facility for 72-hour treatment and evaluation of inebriates.

Such facility shall require an application in writing stating the circumstances under which the person's condition was called to the attention of the officer, member of the attending staff, or other designated person, and stating that the officer, member of the attending staff, or other designated person believes as a result of his personal observations that the person is, as a result of inebriation, a danger to others, or to himself, or gravely disabled.

SEC. 370. Section 5174 of the Welfare and Institutions Code is amended to read:

5174. It is the intent of the Legislature that facilities for 72-hour treatment and evaluation of inebriates be subject to state funding under Part 2 (commencing with Section 5600) of this division only if they primarily provide medical services and would normally be considered an integral part of a community health program. Services provided under this act shall not be included in Priority 1 funding under the Short-Doyle program. While facilities previously receiving funds from other sources may be designated as facilities for 72-hour treatment and evaluation of inebriates, it is intended that they continue such previous funding. McAteer funds or facilities shall not be utilized for the purposes of the 72-hour involuntary holding program as outlined in this chapter.

To this end, no facility for 72-hour treatment and evaluation of inebriates shall be eligible for funding under Part 2 (commencing with Section 5600) of this division until approved by the Director of Health.

SEC. 371. Section 5202 of the Welfare and Institutions Code is amended to read:

5202. The person or agency designated by the county shall prepare the petition and all other forms required in the proceeding, and shall be responsible for filing the petition. Before filing the petition, the person or agency designated by the county shall request the person or agency designated by the county and approved by the State Department of Health to provide prepetition screening to determine whether there is probable cause to believe the allegations. The screening shall also determine whether the person will agree voluntarily to receive crisis intervention services or an evaluation in his own home or in a facility designated by the county and approved by the State Department of Health. Following prepetition screening, the person or agency designated by the county shall file the petition if satisfied that there is probable cause to believe that the person is, as a result of mental disorder, a danger to others, or to himself, or gravely disabled, and that the person will not voluntarily receive evaluation or crisis intervention.

If the petition is filed, it shall be accompanied by a report containing the findings of the person or agency designated by the county to provide prepetition screening. The prepetition screening report submitted to the superior court shall be confidential and shall be subject to the provisions of Section 5328.

SEC. 372. Section 5253 of the Welfare and Institutions Code is amended to read:

5253. A copy of the certification notice, as set forth in Section 5252, shall be personally delivered to the person certified. A copy of such notice shall be filed with the superior court on the same day as the date of the certification or, if the court is not open for business on that day, as soon thereafter as the court is open for business. A copy shall also be sent to the person's attorney, to the district attorney, to the public defender, if any, to the facility providing intensive treatment, and to the State Department of Health.

The person certified shall also be asked to designate any person whom he wishes informed regarding his certification. If he is incapable of making such a designation at the time of certification, he shall be asked to designate such person as soon as he is capable.

SEC. 373. Section 5263 of the Welfare and Institutions Code is amended to read:

5263. Copies of the second notice of certification for imminently suicidal persons, as set forth in Section 5262, shall be filed with the court and personally delivered to the person certified. A copy shall also be sent to the person's attorney, to the district attorney, to the public defender, if any, to the facility providing intensive treatment, and to the State Department of Health.

he is incapable of making such a designation at the time of certification, he shall be asked to designate such person as soon as he is capable.

SEC. 374. Section 5304 of the Welfare and Institutions Code is amended to read:

5304. If the court or jury finds that the person named in the petition for postcertification treatment has (a) threatened, attempted, or actually inflicted physical harm upon the person of another after having been taken into custody for evaluation and treatment, and, as a result of mental disorder, presents an imminent threat of substantial physical harm to others, or (b) had attempted or inflicted physical harm upon the person of another, that act having resulted in his being taken into custody and who, as a result of mental disorder, presents an imminent threat of substantial physical harm to others, the court shall remand him to the custody of the State Department of Health or to a facility designated by the county of residence for a further period of intensive treatment not to exceed 90 days from the date of court judgment. Said person shall be released from involuntary treatment at the expiration of 90 days unless the superintendent or professional person in charge of the hospital in which he is confined files a new petition for postcertification treatment on the grounds that he has threatened, attempted, or actually inflicted physical harm to another during his period of postcertification treatment, and he is a person who, by reason of mental disorder, presents an imminent threat of substantial physical harm to others. Such new petition for postcertification treatment shall be filed in the superior court wherein the original petition for postcertification treatment was filed.

The county from which the person is remanded shall bear any transportation costs incurred pursuant to this section.

Information pertaining to a denial of rights contained in the person's treatment record shall be made available, on request, to the person, his attorney, his conservator or guardian, or the State Department of Health, Members of the State Legislature, or a member of a county board of supervisors.

The consent of the patient, or his guardian or conservator must be obtained before information or records may be disclosed by a professional person employed by a facility to a professional person not employed by the facility who does not have the medical responsibility for the patient's care.

(b) When the physician in charge of the patient, with the approval of the patient, designates persons to whom information or records may be released, except that nothing in this article shall be construed to compel a physician, psychologist, social worker, nurse, attorney, or other professional person to reveal information which has been given to him in confidence by members of a patient's family;

SEC. 378. Section 5331 of the Welfare and Institutions Code is amended to read:

5331. No person may be presumed to be incompetent because he or she has been evaluated or treated for mental disorder or chronic alcoholism, regardless of whether such evaluation or treatment was voluntarily or involuntarily received. Any person who leaves a public or private mental health facility following evaluation or treatment for mental disorder or chronic alcoholism, regardless of whether that evaluation or treatment was voluntarily or involuntarily received, shall be given a statement of California law as stated in this paragraph.

Any person who has been, or is, discharged from a state hospital and received voluntary or involuntary treatment under former provisions of this code relating to inebriates or the mentally ill shall, upon request to the state hospital superintendent or the State Department of Health, be given a statement of California law as stated in this section unless the person is found to be incompetent under proceedings for conservatorship or guardianship.

SEC. 378.5. Section 5355 of the Welfare and Institutions Code is amended to read:

5355. If the conservatorship investigation results in a recommendation for conservatorship, the recommendation shall designate the most suitable person or state or local agency or county officer or employee designated by the county to serve as conservator. No person, nor agency, shall be designated as conservator whose interests, activities, obligations or responsibilities are such as to compromise his or their ability to represent and safeguard the interests of the conservatee. Nothing in this section shall be construed to prevent the State Department of Health from serving as guardian pursuant to Section 7284.

When a public guardian is appointed conservator, his official bond and oath as public guardian are in lieu of the conservator's bond and oath on the grant of letters of conservatorship. No bond shall be required of any other public officer or employee appointed to serve as conservator.

SEC. 379. Section 5358 of the Welfare and Institutions Code is amended to read:

5358. A conservator appointed pursuant to this chapter shall have the right, if specified in the court order, to place his conservatee in a medical, psychiatric, nursing, or other state-licensed facility, or a state hospital, county hospital, hospital operated by the Regents of the University of California, a United States government hospital, or other nonmedical facility approved by the State Department of Health or an agency accredited by the State Department of Health; or in addition to any of the foregoing, in cases of chronic alcoholism, to a county alcoholic treatment center. If the conservatee is not to be placed in his own home or the home of a relative, first priority shall be to placement in a suitable facility as close as possible to his home or the home of a relative. Before doing so, the conservator shall inform the officer providing conservatorship investigation and shall, if requested by the officer, submit his conservatee to an evaluation pursuant to this part to determine whether such action is necessary.

SEC. 380. Section 5366 of the Welfare and Institutions Code is amended to read:

5366. On or before June 30, 1970, the medical director of each state hospital for the mentally disordered shall compile a roster of those mentally disordered or chronic alcoholic patients within the institution who are gravely disabled. The roster shall indicate the county from which each such patient was admitted to the hospital or, if the hospital records indicate that the county of residence of the patient is a different county, the county of residence. The officer providing conservatorship investigation for each county shall be given a copy of the names and pertinent records of the patients from that county and shall investigate the need for conservatorship for such patients as provided in this chapter. After his investigation and on or

before July 1, 1971, the county officer providing conservatorship shall file a petition of conservatorship for such patients that he determines may need conservatorship. Court commitments under the provisions of law in effect prior to July 1, 1969, of such patients for whom a petition of conservatorship is not filed shall terminate and the patient shall be released unless he agrees to accept treatment on a voluntary basis.

Each state hospital and the State Department of Health shall make their records concerning such patients available to the officer providing conservatorship investigation.

SEC. 381. Section 5400 of the Welfare and Institutions Code is amended to read:

5400. The Director of Health shall administer this part and shall adopt rules, regulations and standards as necessary. In developing rules, regulations, and standards, the Director of Health shall consult with the California Conference of Local Mental Health Directors, the Citizens Advisory Committee, and the office of the Attorney General. Adoption of such standards, rules and regulations shall require approval by the California Conference of Local Mental Health Directors by majority vote of those present at an official session.

5401. The State Department of Health may provide a county or combination of counties acting jointly, the evaluation, referral, intensive treatment, prepetition screening, crisis intervention, and other services described in this part.

No person shall receive treatment in a state hospital pursuant to this section unless the county, or combination of counties has utilized, insofar as practicable, the existing facilities in the county which are subject to reimbursement under the Short-Doyle Act.

A county or combination of counties receiving services from the State Department of Health pursuant to this section shall pay for such services in an amount not to exceed the actual cost of services. Funds received by the State Department of Health under this section shall constitute a reimbursement to the appropriation from which such cost is expendable and may be used for the purposes of the appropriation.

Any services provided pursuant to this section shall be included in the county Short-Doyle plan for the county or counties.

Services to mentally disordered persons in the county or counties by county agencies and county institutions and by the hospitals of the State Department of Health shall be provided in accordance with the county Short-Doyle plan. Services of the State Department of Health shall be provided to the county, or counties acting jointly, pursuant to Section 5401, or, if both parties agree, the state facilities may, in whole or in part, be leased, rented or sold to the county or counties for county operation, subject to such terms and conditions as are approved by the Director of General Services.

No member of the advisory board shall be a full-time or part-time county employee of the county mental health service, an employee of the State Department of Health, or an employee of a Short-Doyle contract facility.

The chairman of a governing body may designate a member of that body to serve in his stead as a member of the advisory board.

If it is not possible to secure membership as specified from among persons who reside in the county, the governing body may substitute representatives of the public interest in mental health, mental retardation, and alcoholism who are not full-time or part-time employees of the county mental health service, the State Department of Health, or on the staff of a Short-Doyle contract facility.

SEC. 385. Section 5607 of the Welfare and Institutions Code is amended to read:

5650. No later than the first day of the month following the month in which statutes enacted at the 1968 Regular Session of the Legislature are effective and on or before October 1 of each year thereafter, the board of supervisors of each county, or boards of supervisors of counties acting jointly, shall adopt, and submit to the Director of Health, an annual county Short-Doyle plan for the next fiscal year for mental health services in the county or counties. 5654. The county Short-Doyle plan shall also include the estimated number of county residents who will reside in the state hospital on July 1, 1969, the estimated cost of state hospital care for such patients during the fiscal year and all

sources of revenue for the care of such patients. This section shall not apply to mentally retarded patients or to persons committed as mentally disordered sex offenders, narcotic drug addicts, habit-forming drug addicts, mentally abnormal sex offenders, juvenile court wards, and mentally disordered criminal offenders.

The State Department of Health shall provide the counties, to the extent possible, the information upon which to base this estimate.

SEC. 389. Section 5661 of the Welfare and Institutions Code is amended to read:
