Upon completion of the estimate and if requested to do so by the city or city and county, the Department of Finance shall file a certified copy thereof with the Controller.

All apportionments under Section 2107 and all payments under Section 11005 of the Revenue and Taxation Code for any apportionment subsequent to the filing of the estimate shall be based upon the population so estimated The respective departments, in making the computations required by these sections, shall add to the total population of all cities and cities and counties all increases of population shown by the estimate.

1, 1973, which depends upon multiyear contracts to carry out the entire purpose of the district may adjust its maximum rate to provide for the cost of any new contract which continues the level of service provided in the prior contract.

In addition the rate may cover an amount for proper overhead charges, a reserve for contingencies not to exceed 10 percent of the annual contract costs and an amount to offset normal tax delinquencies.

Districts covered under this section may also levy a rate to provide sufficient revenues to cover the cost of borrowing required to meet cash needs for the period prior to receipt of revenues.

Such districts may borrow from the treasury of the county in which it is located, and such county may loan amounts required to meet cash needs when no other source of revenue is available to the district.

Any district which adjusts its maximum tax rate under the provisions of this section is requested to report to the State Director of Finance as to the amount of such increase, the additional revenue to be raised by the increased rate, and the type of contract used to carry out the purpose of the district. The report requested under this section shall be made each October 1 for the 1973–74, 1974–75 and 1975–76 fiscal years only, as applicable.

This section shall remain in effect only until 31 days after the effective date of this act and shall have no force or effect on or after such date.

02008 366435 867

(b) Counties are presently required to collect taxes on behalf of cities within the county and a change in a city rate will not create any additional costs.

Therefore, no appropriation is made by this act nor is any obligation created thereby under Section 2231 of the Revenue and Taxation Code.

SEC. 10. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Whenever a petition bearing a sufficient number of verified signatures is filed, the provisional appointment is terminated and the remaining members of the board shall call a special election to fill the vacancy. The number of registered voters of the district on the date of the most recent regular election for governing board members shall be deemed to be the number of registered voters of the district.

If a petition is not filed within the 30-day period, the appointee shall have all the powers and perform all the duties of the governing board.

The notice shall also contain the full name of the provisional appointee to the board and the date of his appointment, and a statement that unless a petition calling for a special election, containing a sufficient number of signatures, is filed in the office of county superintendent of schools within 30 days of the date of the provisional appointment, it shall become an effective appointment.

SEC. 2. Section 1163 of the Education Code is amended to read:

1163. Whenever a vacancy occurs within four months of a regularly scheduled election for the governing board in which the vacancy occurs, and the time limitations prescribed by the statutes governing the conduct of elections can be complied with, the special

election prescribed in subdivision (a) of Section 1162, if applicable, shall, if practicable, be held at the same time as and shall be consolidated with that regularly scheduled election.

Whenever a vacancy in a position on a governing board occurs within four months of the end of the term of that position, there shall be no special election or appointment to fill the position. CHAPTER 366

An act to add Section 437c to, and to repeal Section 437c of, the Code of Civil Procedure, relating to judgments.

[Approved by Governor September 4, 1973 Filed with Secretary of State September 4, 1973]

The people of the State of California do enact as follows:

SECTION 1. Section 437c of the Code of Civil Procedure is repealed.

SEC. 2. Section 437c is added to the Code of Civil Procedure, to read:

437c. Any party may move for summary judgment in any action or proceeding if it is contended that the action has no merit or that there is no defense thereto. The motion may be made at any time after 60 days has elapsed from the general appearance in the action or proceeding of, each party against whom the motion is directed. Notice of the motion and supporting papers shall be served on the other party to the action at least 10 days before the time fixed for the hearing. The filing of such motion shall not extend the time within which a party must otherwise file a responsive pleading.

The motion shall be supported or opposed by affidavits, declarations, admissions, answers to interrogatories, depositions and matters of which judicial notice shall or may be taken.

Such motion shall be granted if all the papers submitted show that there is no triable issue as to any material fact and that the moving party is entitled to a judgment as a matter of law. In determining whether the papers show that there is no triable issue as to any material fact the court shall consider all of the admissible evidence set forth in the papers and all inferences reasonably deducible from such evidence, except summary judgment shall not be granted by the court based on inferences reasonably deducible from such evidence, if contradicted by other inferences or evidence, which raise a triable issue as to any material fact.

Supporting and opposing affidavits or declarations shall be made by any person on personal knowledge, shall set forth admissible evidence, and shall show affirmatively that the affiant is competent to testify to the matters stated therein.

If a party is otherwise entitled to a summary judgment pursuant to the provisions of this section, summary judgment shall not be denied on grounds of credibility or for want of cross-examination of witnesses furnishing affidavits or declarations in support of the summary judgment, except that summary judgment may be denied

in the discretion of the court, where the only proof of a material fact offered in support of the summary judgment is an affidavit or declaration made by an individual who was the sole witness to such fact; or where a material fact is an individual's state of mind, or lack thereof, and such fact is sought to be established solely by the individual's affirmation thereof.

If it appears that the proof supports the granting of such motion as to some but not all the issues involved in the action, or that one or more of the issues raised by a claim is admitted, or that one or more of the issues raised by a defense is conceded, the court shall, by order, specify that such issues are without substantial controversy. At the trial of the action the issue so specified shall be deemed established and the action shall proceed as to the issues remaining.

If it appears from the affidavits submitted in opposition to the motion that facts essential to justify opposition may exist but cannot, for reasons stated, then be presented, the court shall deny the motion, or order a continuance to permit affidavits to be obtained or discovery to be had or may make such other order as may be just.

If the court determines at any time that any of the affidavits are presented in bad faith or solely for purposes of delay, the court shall order the party presenting such affidavits to pay the other party the amount of the reasonable expenses which the filing of the affidavits caused such other party to incur

Except where a separate judgment may properly be awarded in the action, no final judgment shall be entered on a motion for summary judgment prior to the termination of such action, but the final judgment in such action shall, in addition to any matters determined in such action, award judgment as established by the summary proceeding herein provided for

A summary judgment entered under this section is an appealable judgment as in other cases.

SEC. 7. Any action or proceeding contesting the validity of any action or proceeding heretofore taken under any law, or under color of any law, for the formation, organization or incorporation of any public body, or for any annexation thereto, exclusion therefrom or other change of boundaries thereof, or for the consolidation, merger or dissolution of any public bodies, or for the authorization, issuance, sale or exchange of bonds thereof upon any ground involving an alleged defect or illegality not effectively validated by the prior provisions of this act and not otherwise barred by any statute of limitations or by laches must be commenced within six months of the effective date of this act; otherwise each and all of said matters shall

be held to be valid and in every respect legal and incontestable. This section shall not extend the period in which any action may be brought beyond the period in which it would be barred by any presently existing valid statute of limitations.

SEC. 8. Nothing contained in this act shall be construed to render the creation of any city or district, or any change in the boundaries of any city or district, effective for purposes of assessment or taxation unless the statement, together with the map or plat, required to be filed under Sections 54900 to 54904, inclusive, of the Government Code, is filed within the time and substantially in the manner required by said sections.

SEC. 9. As used in this act, the word "now" means the date this act takes effect; the word "heretofore" means any time prior to such effective date; and the word "hereafter" means any time subsequent to such effective date.

SEC. 11. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The peace, health and safety of the citizens of the state require the orderly and unhampered functioning of public bodies and such functioning depends upon the validity of the organization, boundaries, and governing officers or boards of public bodies, and upon the validity of acts, proceedings, and bonds of public bodies, and it is therefore imperative and essential that such matters be validated so that during the period before this act would otherwise become effective:

(1) Citizens of the state can be afforded the protection of the police, fire, safety, sanitary, and other regulations and protections provided by public bodies;

(2) Public works and construction by public bodies can be commenced and continued without delay or restriction, to provide sewers, waterworks, schools, storm drains, flood control works, sanitary facilities, electric and other utility works, firehouses and facilities, police stations and facilities, streets, hospitals, and other works, structures, improvements, and facilities required for the public peace, health and safety, and immediately needed to provide for an increased population;

(3) Public bodies can issue and sell bonds heretofore authorized for the purpose of providing sewers, waterworks, schools, storm drains, flood control works, sanitary facilities, electric and other utility works, firehouses and facilities, police stations and facilities, streets, hospitals, and other works, structures, improvements, and facilities required for the public peace, health, and safety and immediately needed to provide for an increased population, which cannot now be sold because of defects in the organization or boundaries of some public body or in the authorization of such bonds,

which defects will be cured by this act.

(j) Absence from state service because of illness which arose out of and in the course of employment and for which the member received temporary disability benefits under the Labor Code during such absence and did not receive full compensation, as distinguished from such disability benefits for the period of absence.

(k) Civilian service as an employee or officer of an agency of the government of the United States which performed functions the same as or substantially similar to those performed by this state prior to January 1, 1942, and which were transferred from the state to such agency, including military service in any branch of the armed forces of the United States performed by an individual on military leave of absence from such federal employment, if all the following conditions exist:

(1) All such stock shall be evidenced by certificates which shall have stamped or printed prominently on their face a legend in a form to be prescribed by rule of the commissioner restricting transfer of such stock in such manner as the rule provides.

(2) The offer and sale of such stock is not accompanied by the publication of any advertisement, and no selling expenses have been given, paid, or incurred in connection therewith.

(3) The consideration to be received by the issuer for the stock to be issued shall consist of (i) only assets (which may include cash) of an existing business enterprise transferred to the issuer upon its initial organization, of which all of the persons who are to receive the stock to be issued pursuant to this exemption were owners during, and such enterprise was operated for, a period of not less than one year immediately preceding the proposed issuance, and the ownership of such enterprise immediately prior to such proposed issuance was in the same proportions as the shares of stock are to be issued, or (ii) only cash or cancellation of indebtedness for money borrowed or both upon the initial organization of the issuer, provided all such stock is issued for the same price per share, or (iii) only cash, provided the sale is approved in writing by each of the existing shareholders and the purchaser or purchasers are existing shareholders, or (iv), in a case where after the proposed issuance there will be only one owner of the stock of the issuer, any legal consideration.

(4) No promotional consideration has been given, paid, or incurred in connection with such issuance. Promotional consideration means any consideration paid directly or indirectly to a person who, acting alone or in conjunction with one or more other persons, takes the initiative in founding and organizing the business or enterprise of an issuer, for services rendered in connection with such founding or organizing.

(5) A notice in a form prescribed by rule of the commissioner, signed by an active member of the State Bar of California, shall be filed with or mailed for filing to the commissioner not later than 10 business days after receipt of consideration for the securities by the issuer, which notice shall contain an opinion of such member of the

State Bar of California that the exemption provided by this subdivision is available for the offer and sale of the securities. Such notice, except when filed on behalf of a California corporation, shall be accompanied by an irrevocable consent, in such form as the commissioner by rule prescribes, appointing the commissioner or his successor in office to be the issuer's attorney to receive service of any lawful process in any noncriminal suit, action, or proceeding against it or its successor which arises under this law or any rule or order hereunder after the consent has been filed, with the same force and validity as if served personally on the issuer. An issuer on whose behalf a consent has been filed in connection with a previous qualification or exemption from qualification under this law (or application for a permit under any prior law if the application or notice under this law states that such consent is still effective) need not file another. Service may be made by leaving a copy of the process in the office of the commissioner but it is not effective unless (1) the plaintiff, who may be the commissioner in a suit, action or proceeding instituted by him, forthwith sends notice of the service and a copy of the process by registered or certified mail to the defendant or respondent at its last address on file with the commissioner, and (2) the plaintiff's affidavit of compliance with this section is filed in the case on or before the return day of the process, if any, or within such further time as the court allows.

For the purposes of this subdivision, all securities held by a husband and wife, whether or not jointly, shall be considered to be owned by one person, and all securities held by a corporation which has issued stock pursuant to this exemption shall be considered to be held by the shareholders to whom it has issued such stock.

(i) Any offer or sale (1) to a bank, savings and loan association, trust company, insurance company, investment company registered under the Investment Company Act of 1940, pension or profit-sharing trust (other than a pension or profit-sharing trust of the issuer), or such other institutional investor or governmental agency or instrumentality as the commissioner may designate by rule, whether the purchaser is acting for itself or as trustee, or (2) to any corporation with outstanding securities registered under Section 12 of the Securities Exchange Act of 1934 or any wholly owned subsidiary of such a corporation which after the offer and sale will own directly or indirectly 100 percent of the outstanding capital stock of the issuer; provided the purchaser represents that it is purchasing for its own account (or for such trust account) for investment and not with a view to or for sale in connection with any distribution of the security.

(j) Any offer or sale of any certificate of interest or participation in an oil or gas title or lease (including subsurface gas storage and payments out of production) if (1) all of the purchasers: (i) are and have been during the preceding two years engaged primarily in the business of drilling for, producing, or refining oil or gas (or whose corporate predecessor, in the case of a corporation, has been so

0768 367380 988

engaged), or (ii) are persons described in clause (1) of subdivision (i) of this section, or (iii) have been found by the commissioner upon written application to be substantially engaged in the business of drilling for, producing or refining oil or gas so as not to require the protection provided by this law (which finding shall be effective until rescinded), or (2) such security is concurrently hypothecated to a bank in the ordinary course of business to secure a loan made by such bank; provided each purchaser represents that it is purchasing for its own account for investment and not with a view to or for sale in connection with any distribution of the security.

(k) Any offer or sale of any security under, or pursuant to, a plan of reorganization or arrangement which, pursuant to the provisions of the National Bankruptcy Act, has been confirmed or is subject to confirmation by the decree or order of a court of competent jurisdiction.

(*l*) Any offer or sale of an option, warrant, put, call, or straddle by a person who is not the issuer of the security subject to such right, if the transaction, had it involved an offer or sale of the security subject to such right by such person, would not have violated Section 25130.

SEC. 3. Section 25104 of the Corporations Code is amended to read:

25104. The following transactions are exempted from the provisions of Section 25130:

(a) Any offer or sale of a security by the bona fide owner thereof for his own account if the sale (1) is not accompanied by the publication of any advertisement and (2) is not effected by or through a broker-dealer in a public offering.

(b) Any offer or sale effected by or through a licensed broker-dealer pursuant to an unsolicited order or offer to buy. For the purpose of this subdivision (b) an inquiry regarding a written bid for a security or a written solicitation of an offer to sell a security made by another broker-dealer within the previous 60 days, shall not be considered the solicitation of an order or offer to buy.

(c) Any offer or sale to a bank, savings and loan association, trust company, insurance company, investment company registered under the Investment Company Act of 1940, pension or profit-sharing trust (other than a pension or profit-sharing trust of the issuer), or such other institutional investor or governmental agency or instrumentality as the commissioner may designate by rule, whether the purchaser is acting for itself or as trustee; provided the purchaser represents that it is purchasing for its own account (or for such trust account) for investment and not with a view to or for sale in connection with any distribution of the security.

(d) Any transaction or agreement between a person on whose behalf an offering is made and an underwriter or among underwriters, if the sale of the securities is qualified prior to distribution thereof in this state, if any.

(e) Any offer or sale of any security by or for the account of a bona

0768 367395 991

fide secured party selling the security in the ordinary course of business to liquidate a bona fide debt.

(f) Any transaction by an executor, administrator, sheriff, marshal, receiver, trustee in bankruptcy, guardian or conservator.

(g) Any offer (but not a sale) of a security for which a registration statement has been filed under the Securities Act of 1933 but has not yet become effective, if no stop order or refusal order is in effect and no public proceeding or examination looking toward such an order is pending under Section 8 of that act and no order under Section 25140 or subdivision (a) of Section 25143 is in effect under this law.

(h) Any offer or sale of a security if a qualification under Chapter 2 (commencing with Section 25110) of this part for any securities of the same class has become effective within 18 months prior to such offer or sale or if a qualification under Chapter 3 (commencing with Section 25120) or Chapter 4 (commencing with Section 25130) of this part for any securities of the same class has become effective within 12 months prior to such offer or sale, provided no order under Section 25140 or subdivision (a) of Section 25143 is in effect under this law with respect to such qualification, and, provided further, that this exemption does not apply to such securities offered pursuant to a registration under the Securities Act of 1933 or pursuant to an exemption under Regulation A under that act if the aggregate offering price of the securities offered under such exemption exceeds fifty thousand dollars ($50,000). The commissioner may, by rule or order, withhold this exemption with respect to securities qualified only pursuant to a limited offering qualification.

SEC. 4. Section 25130 of the Corporations Code is amended to read:

25130. It is unlawful for any person to offer or sell any security in this state in any nonissuer transaction unless it is qualified for such sale under this chapter or under Section 25111 or 25113 of Chapter 2 (commencing with Section 25110) of this part (and no order under Section 25140 or subdivision (a) of Section 25143 is in effect with respect to such qualification) or unless such security or transaction is exempted under Chapter 1 (commencing with Section 25100) of this part.

SEC. 5. Section 25131 of the Corporations Code is amended to read:

25131. (a) The securities to be offered or sold in a nonissuer transaction, which are not eligible for qualification under Section 25111 or 25113, shall be qualified by notification under this section. Securities offered in a nonissuer transaction pursuant to an exemption under Regulation A under the Securities Act of 1933 shall be qualified under Section 25113.

(b) The application for qualification by notification under this section shall be signed and verified by the person on whose behalf the offering is being made or by the issuer or by any broker-dealer and shall contain such information and be accompanied by such documents as shall be required by rule of the commissioner, in

addition to the information specified in Section 25160 and the consent to service of process required by Section 25165. For this purpose, the commissioner may classify issuers and types of securities.

(c) If no stop order or order under subdivision (a) of Section 25143 is in effect under this law, a qualification under this section automatically becomes effective (and the securities may be offered and sold in accordance with the terms of the application as amended) at 12 o'clock noon California time on the 10th business day after the filing of the application or the last amendment thereto or at such earlier time as the commissioner determines.

(d) Information may not be required under this section unless it is known to the person filing the application or to the persons on whose behalf the distribution is to be made, or can be furnished by them without unreasonable effort or expense.

SEC. 6. Section 25143 of the Corporations Code is amended to read:

25143. (a) The commissioner may by order summarily postpone or suspend the effectiveness of any qualification pending final determination of any proceeding under this chapter. Upon the entry of the order, the commissioner shall promptly notify each person specified in subdivision (b) of this section that it has been entered and of the reasons therefor and that upon the receipt of a written request the matter will be set down for hearing to commence within 15 business days after such receipt unless the applicant consents to a later date. If no hearing is requested and none is ordered by the commissioner, the order will remain in effect until it is modified or vacated by the commissioner. If a hearing is requested or ordered, the commissioner, after notice and hearing in accordance with subdivision (b) of this section, may modify or vacate the order or extend it until final determination.

(b) No stop order may be entered under this chapter except under subdivision (a) of this section without appropriate prior notice to the applicant, the issuer, and the person on whose behalf the securities are to be or have been offered and hearing in accordance with the provisions of the Administrative Procedure Act, Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, in connection with which the commissioner shall have all of the powers granted thereunder. In the case of qualification by permit, such hearing shall be held upon such notice within 20 business days after a written request therefor by the applicant unless the permit is issued prior to the expiration of such period or the applicant consents to a later date.

SEC. 7. Section 25205 is added to the Corporations Code, to read:

25205. A broker-dealer licensed under Section 25210 is exempted from the provisions of Section 25230 but is subject, except as otherwise provided by rule of the commissioner, to all provisions of this division and of the rules of the commissioner adopted hereunder as though licensed pursuant to Section 25230.

0768 367425 997

SEC. 8. Section 25212.1 is added to the Corporations Code, to read:

25212.1. The commissioner may, after appropriate notice and opportunity for hearing, by order censure, or suspend for a period not exceeding 12 months, or bar from any position of employment, management or control of any broker-dealer, investment adviser or commodity adviser, any officer, director, partner, employee of, or person performing similar functions for, a licensed broker-dealer, if he finds that such censure, suspension or bar is in the public interest and that such person has committed any act or omission enumerated in subdivision (a), (e) or (f) of Section 25212 or has been convicted of any offense or held liable in any civil action specified in subdivision (b) or Section 25212 or is enjoined from any act, conduct or practice specified in subdivision (c) of Section 25212 or is subject to any order specified in subdivision (d) of Section 25212.

SEC. 9. Section 25214 of the Corporations Code is amended to read:

25214. (a) It is unlawful for any person, as to whom an order suspending or revoking his certificate as an agent is in effect pursuant to Section 25213 or as to whom an order suspending or barring employment or control is in effect pursuant to Section 25212.1, willfully to become or to be employed by any broker-dealer, investment adviser or commodity adviser, without the consent of the commissioner; and it is unlawful for any broker-dealer to permit a person as to whom an order is in effect pursuant to Section 25212.1, 25232.1 or 29538.1 to become or to remain a person employed by him, without the consent of the commissioner, if such broker-dealer knew, or in the exercise of reasonable care should have known, of such order.

(b) Any person as to whom an order suspending or barring employment or control is issued pursuant to Section 25212.1 may petition the commissioner for reinstatement or reduction of penalty as provided in and subject to the provisions of Section 11522 of the Government Code.

SEC. 10. Section 25215 of the Corporations Code is amended to read:

25215. No order may be entered under Section 25212 or Section 25213 except after notice to any person affected thereby (and, in the case of an agent, to his employer or prospective employer if known to the commissioner) of the intention of the commissioner to enter such order and of the reasons therefor and that upon receipt of a request the matter will be set down for hearing to commence within 15 business days after such receipt unless the person affected consents to a later date. If no hearing is requested within 30 days after the mailing of such notice and none is ordered by the commissioner, the order may be entered without hearing to remain in effect until it is modified or vacated by the commissioner. In the case of an original application for a certificate, such a hearing must be set down to commence within 15 business days after receipt of a written

request by the applicant made 30 days or more after the filing of the application, even though no such notice by the commissioner has been given, unless the applicant consents to a later date. If a hearing is requested or ordered, it shall be held in accordance with the provisions of the Administrative Procedure Act, Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the commissioner shall have all of the powers granted thereunder.

SEC. 11. Section 25219 of the Corporations Code is amended to read:

25219. Notwithstanding any other provision of this division, if in his opinion the public interest and the protection of investors so require, the commissioner is authorized summarily to suspend all over-the-counter trading in this state by broker-dealers and agents in any security or summarily to suspend all trading on a national securities exchange located in this state in any security (provided, in the case of trading on such exchange, that the security is not listed on any national securities exchange located outside this state on which trading has not been suspended) for a period not exceeding 90 days, and for successive periods of 90 days. No broker-dealer or agent shall effect any transaction (other than an unsolicited brokerage transaction effected on a national securities exchange located outside this state) in, or induce or attempt to induce the purchase or sale of, any security in this state in which trading is in any manner suspended under this section, except in performance of a contract previously entered into.

SEC. 12. Section 25220 of the Corporations Code is amended to read:

25220. At any time after the issuance of an order under Section 25219, any interested person (including, but not limited to, the issuer of the security and any broker-dealer who has been making a market in the security) may in writing request that the suspension of trading be rescinded. Upon the receipt of such a written request, the matter shall be set down for hearing to commence within 15 business days after such receipt unless the person making the request consents to a later date. After such hearing, which shall be conducted in accordance with the provisions of the Administrative Procedure Act, Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and in connection with which the commissioner shall have all of the powers granted thereunder, the commissioner may order such suspension to be continued until modified or rescinded by further order of the commissioner if he finds that trading in the security will be unfair, unjust, or inequitable to investors or will tend to work a fraud upon the purchasers or sellers of such security. Otherwise, he shall rescind the suspension of trading and no further orders may be entered under Section 25219 with respect to the same security in the absence of changed circumstances justifying such order.

SEC. 13. Section 25232.1 is added to the Corporations Code, to read:

0768 367455 1003

25232.1. The commissioner may, after appropriate notice and opportunity for hearing, by order censure, or suspend for a period not exceeding 12 months, or bar from any position of employment, management or control of any investment adviser, broker-dealer or commodity adviser, any officer, director, partner, employee of, or person performing similar functions for, a licensed investment adviser, if he finds that such censure, suspension or bar is in the public interest and that such person has committed any act or omission enumerated in subdivision (a), (e) or (f) of Section 25232 or has been convicted of any offense or held liable in any civil action specified in subdivision (b) of Section 25232 or is enjoined from any act, conduct or practice specified in subdivision (c) of Section 25232 or is subject to any order specified in subdivision (d) of Section 25232.

(b) Any person as to whom an order suspending or barring employment with or participation is issued pursuant to Section 25232.1 may petition the commissioner for reinstatement or reduction of penalty as provided in and subject to the provisions of Section 11522 of the Government Code.

SEC. 15. Section 25233 of the Corporations Code is amended to read:

25233. No order may be entered under Section 25232 except after notice to the person affected thereby of the intention of the commissioner to enter such order and of the reasons therefor and that upon receipt of a request the matter will be set down for hearing to commence within 15 business days after such receipt unless the person affected consents to a later date. If no hearing is requested within 30 days after the mailing of such notice and none is ordered by the commissioner, the order may be entered without hearing to remain in effect until it is modified or vacated by the commissioner. In the case of an original application for a certificate, such a hearing must be set down to commence within 15 business days after receipt of a written request by the applicant made 30 days or more after the filing of the application, even though no such notice by the commissioner has been given, unless the applicant consents to a later

date. If a hearing is requested or ordered, it shall be held in accordance with the provisions of the Administrative Procedure Act, Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the commissioner shall have all of the powers granted thereunder.

SEC. 16. Section 25302 of the Corporations Code is amended to read:

25302. (a) No person shall publish any advertisement concerning any security in this state after the commissioner finds that the advertisement contains any statement that is false or misleading or omits to make any statement necessary in order to make the statements made, in the light of the circumstances under which they were made, not misleading and so notifies the person in writing. Such notification may be given summarily without notice or hearing. At any time after the issuance of a notification under this section, the person desiring to use the advertisement may in writing request that the order be rescinded. Upon the receipt of such a written request, the matter shall be set down for hearing to commence within 15 business days after such receipt unless the person making the request consents to a later date. After such hearing, which shall be conducted in accordance with the provisions of the Administrative Procedure Act, Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, the commissioner shall determine whether to affirm and continue or to rescind such order, and the commissioner shall have all of the powers granted under such act.

(b) This section does not apply to any advertisement for any security which is subject to the supervision, regulation or examination of any of the following:

(2) The Savings and Loan Commissioner.

SEC. 17. Section 25532 of the Corporations Code is repealed.

SEC. 18. Section 25532 is added to the Corporations Code, to read:

25532. (a) If in the opinion of the commissioner the sale of any security is subject to qualification under this law and it is being or has been offered or sold without first being qualified, the commissioner may order the issuer or offeror of such security to desist and refrain from the further offer or sale of such security unless and until qualification has been made under this law.

(b) If in the opinion of the commissioner any person is acting as a broker-dealer, investment adviser or agent in violation of Section

25210 or 25230, the commissioner may order such person to desist and refrain from such activity unless and until he has been licensed as such under this law.

(c) If, after an order has been made under subdivision (a) or (b), a request for hearing is filed in writing by the person to whom such order was directed, a hearing shall be held in accordance with the provisions of the Administrative Procedure Act, Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the commissioner shall have all of the powers granted thereunder; unless such hearing is commenced within 15 business days after the request is made (or the person affected consents to a later date), such order is rescinded.

SEC. 19. Section 25534 of the Corporations Code is amended to read:

25534. Whenever any securities are issued which the commissioner determines were offered or sold in violation of Section 25110, 25120, or 25130, the commissioner may, by written order to the issuer and notice to the holders of such securities, require certificates evidencing such securities to have stamped or printed prominently on their face a legend, in the form prescribed by rule of the commissioner, restricting the transfer of such securities. 25550. When any person, including any nonresident of this state, engages in conduct prohibited or made actionable by this law or any rule or order hereunder, whether or not he has filed a consent to service of process under subdivision (h) of Section 25102, Section 25165, or Section 25240, and personal jurisdiction over him cannot otherwise be obtained in this state, that conduct shall be considered equivalent to his appointment of the commissioner or his successor in office to be his attorney to receive service of any lawful process in any noncriminal suit, action, or proceeding against him or his successor, executor, or administrator which grows out of that conduct and which is brought under this law or any rule or order hereunder, with the same force and validity as if served on him personally. Service may be made by leaving a copy of the process in the office of the commissioner, but it is not effective unless (a) the plaintiff,

who may be the commissioner in a suit, action, or proceeding instituted by him, forthwith sends notice of the service and a copy of the process by registered or certified mail to the defendant or respondent at his last known address or takes other steps which are reasonably calculated to give actual notice, and (b) the plaintiff's affidavit of compliance with this section is filed in the case on or before the return day of the process, if any, or within such further time as the court allows.

(1) One hundred dollars ($100) in connection with any change (including any stock split or reverse stock split or stock dividend, except a stock dividend where the shareholders are given an option to accept either cash or additional shares of common stock) in the rights, preferences, privileges, or restrictions of or on outstanding securities;

(2) One hundred dollars ($100) plus one-tenth of 1 percent of the value, as alleged in the application, or the actual value, as determined by the commissioner, of the consideration to be received in exchange therefor, up to a maximum aggregate fee of one thousand five hundred dollars ($1,500), in any exchange of securities by the issuer with its existing security holders exclusively, or in any exchange in connection with any merger or consolidation or purchase of corporate assets in consideration of the issuance of securities.

If the permittee fails to take appropriate action, the commission may direct the department to take such action, and the permittee shall bear any cost incurred by the department.

(d) Prior to release into state waters the fish may be examined by the department to determine that they are not diseased or infected with any disease which, in the opinion of the department, may be detrimental to the state fishery resources.

The people of the State of California do enact as follows:

SECTION 1. Section 64532 of the Food and Agricultural Code is amended to read:

64532. The purposes of this chapter are as follows:

(a) To enable the cattle industry, with the aid of the state, to develop, maintain, and expand the state, nationwide, and foreign markets for beef and beef products produced, processed, or manufactured in this state, and the use and consumption of such beef and beef products in such markets.

(b) In aid, but not in limitation, of the purpose in subdivision (a), to authorize and enable the director to formulate and effectuate, directly or in cooperation with other agencies and instrumentalities which are specified in this chapter, sales stimulation and consumer, or other, educational programs designed to increase the use and consumption of beef and beef products.

The director shall appoint to the council six range cattlemen, six cattle feeders, and six dairymen nominated as producers and two slaughterers as hereinafter provided for, giving due regard to proper

The director may remove any member of the council or alternate for cause and upon such removal there is a vacancy which shall be filled in the manner as provided for the unexpired term.

Such statements shall be made available to all producers and slaughterers that request them.

SEC. 8. Section 64661 of the Food and Agricultural Code is amended to read:

64674. If the director finds that the referendum did not receive the required votes in favor of a voluntary promotion and research program pursuant to Section 64672, he shall declare this result and shall instruct the council to carry on the current program.

64675. If the voluntary promotion and research program does not receive the required favorable vote or if less than the required number of producers have voted, another referendum shall not be petitioned for until after the expiration of a period of two years from the date of the referendum which failed.

4581 369145 1197

the elementary schools of the district and who come within the provisions of Section 6902. The schools and classes shall be established at centrally located places, and the county superintendent of schools shall provide transportation to the pupils attending them.

Any elementary or unified school district which has an average daily attendance of less than 901 in elementary schools of the district, with the approval of the county superintendent of schools, may establish and maintain special training schools or classes for mentally retarded pupils who come within the provisions of Section 6902.

A county superintendent of schools may enter into an agreement by which a public school in a state adjacent to the county will provide the education required under this subdivision. Attendance resulting from such an agreement shall be reported by the county superintendent of schools to the Superintendent of Public Instruction who shall allow the county superintendent the same amount per unit of average daily attendance as set forth in Section 17656 or Section 17665 and in Section 18102.2. The school district in which a pupil being educated pursuant to such an agreement resides shall make the payments required by Section 885.5. Any costs of the agreement in excess of the computed allowances and the payments made by the school district shall be included in the amount to be raised by a county tax pursuant to Section 895.6.

(b) The county superintendent of schools may, with the approval of the county board of education, establish and maintain special training schools or classes for mentally retarded pupils who reside in the county and who come within the provisions of Section 6902 and contract with an elementary or unified school district with an average daily attendance of 901 or more in the elementary schools of the district, or with a high school district with an average daily attendance of less than 901, subject to such terms and conditions as may be agreed upon. The contract shall be approved by the county board of education and shall require the district to pay to the county school service fund of the county in which the district is located all costs of the education of the pupils which are in excess of the amounts apportioned from the State School Fund for the average daily attendance of such pupils.

Whenever a special training school or class is established under the provisions of this subdivision, the computations prescribed by Sections 17655.5 and 17664 shall not apply.

(c) The county superintendent of schools shall establish and maintain special training schools or classes for mentally retarded pupils who reside in the county and in elementary or unified school districts which have an average daily attendance of less than 8,000 in the elementary schools of the district and in unified or high school districts which have an average daily attendance of less than 8,000 in the high schools of the district and who come within the provisions of Section 6903. Such schools and classes shall be established at centrally located places, and the county superintendent of schools shall provide transportation to the pupils attending them. In an

instance where it would be impracticable because of the transportation distances existing to bring a sufficient number of mentally retarded pupils, within the meaning of Section 6903, together in one place to form a special training class, the county superintendent of schools upon the annual approval of the Superintendent of Public Instruction may defer compliance with the provisions of this section for the year in question.

Any elementary or unified school district which has an average daily attendance of less than 8,000 in elementary schools of the district and any unified or high school district which has an average daily attendance of less than 8,000 in high schools of the district, with the approval of the county superintendent of schools, may establish and maintain special training schools or classes for mentally retarded pupils who come within the provisions of Section 6903.

A county superintendent of schools, required to provide for the education in special training schools or classes of mentally retarded pupils residing in the district who come within the provisions of Section 6903, may with the approval of the Superintendent of Public Instruction enter into agreement with an elementary, unified or high school district for the latter to provide for the education of such mentally retarded pupils.

(d) The county superintendent of schools may, with the approval of the county board of education, establish and maintain special training schools or classes for mentally retarded pupils who reside in the county and who come within the provisions of Section 6903 and agree with an elementary or unified school district with an average daily attendance of 8,000 or more in the elementary schools of the district and in unified or high school districts with an average daily attendance of 8,000 or more in the high schools of the district for the education by the county superintendent of schools of such pupils residing in such districts. Whenever a special training school or class is established under the provisions of this subdivision, the foundation program prescribed in Section 17656 for an elementary district with an average daily attendance of 901 or more shall apply for elementary schools, and the foundation program prescribed in Section 17665 shall apply for high schools.

CHAPTER 456

An act to amend Sections 997, 10163.5, 10482, 10489.1, 10489.2, and 10489.7 of the Insurance Code, relating to insurance.

[Approved by Governor September 11, 1973 Filed with Secretary of State September 11, 1973]

The people of the State of California do enact as follows:

4703 369220 1212

SECTION 1 Section 997 of the Insurance Code is amended to read:

997 (a) For statement purposes as defined in Article 10 (commencing with Section 900) of this chapter, for insolvency calculations as defined in Article 13 (commencing with Section 980) of this chapter, and for the valuation of the liabilities of insurers for all other purposes, every admitted insurer shall maintain an active life reserve which shall place a sound value on its liabilities under all disability policies and which shall not be less than the reserve according to the standards set forth in regulations issued by the commissioner and, in no event, less in the aggregate than the pro rata gross unearned premium reserve for such policies. The promulgation of such regulations by the commissioner or any changes or amendments thereof shall be in accordance with the procedure provided in Chapter 4.5 (commencing with Section 11371) of Part 1, Division 3, Title 2 of the Government Code.

Subdivisions (b), (c) and (d) of this section shall control the amounts of reserves and liabilities, other than for specific claim losses, upon all individual disability policies until the effective date of regulations issued by the commissioner as provided in the next preceding paragraph. Such regulations, in lieu of subdivisions (b), (c) and (d) of this section, shall control the amounts of such reserves and liabilities during the time such regulations continue in force. In the event such regulations shall cease to be in effect, such reserves and liabilities again shall be controlled by subdivisions (b), (c) and (d) of this section during the time no such regulations shall be in force.

(b) Every admitted insurer which issues one or more of the following three types of individual disability policies shall maintain a reserve not less than the minimum reserve required under the provisions of this subdivision (b):

(1) Policies which are guaranteed renewable for life or to a specified age at guaranteed premium rates.

(2) Policies which are guaranteed renewable for life or to a specified age but under which the insurer has reserved the right to change the scale of premiums.

(3) Policies, other than those described in paragraph (1) of subdivision (c), in which the insurer has reserved the right to cancel or to refuse renewal for one or more reasons, but has agreed implicitly or explicitly that, prior to a specified time or age, it will not cancel or decline renewal solely because of deterioration of health after issue.

During the period within which the renewability of the policy is guaranteed or the insurer's right to cancel the policy or to refuse renewal thereof is limited, the minimum reserve shall be an amount computed on the basis of two-year preliminary term tabular mean reserves employing the following assumptions:

Mortality: 1958 Commissioners Standard Ordinary Table or 1941 Commissioners Standard Ordinary Table or American Men Ultimate Table.

4703 369235 1215

Interest: 3½ percent except that 4 percent may be used for policies issued on and after the effective date of the amendments to this section enacted at the 1973–74 Regular Session and prior to January 1, 1986.

Morbidity or other contingency.

Disability Due to Accident and Sickness—Conference Modification of Class (3) Disability Table (1926).

Hospital Expense Benefits Due to Accident and Sickness—1956 Inter-Company Hospital Table.

Surgical Expense Benefits Due to Accident and Sickness—1956 Inter-Company Surgical Table.

For other benefits not specified above, each company shall establish reserves that place a sound value on the liabilities under such benefit.

Such mean reserves shall be diminished or offset by appropriate credit for the valuation net deferred premiums. In no event, however, shall the aggregate reserves for all policies valued on the mean reserve basis, diminished by any credit for deferred premiums, be less than the gross pro rata unearned premiums under such policies.

Negative reserves for any benefit may be offset against positive reserves for other benefits in the same individual or family policy, but if all benefits of such policy collectively develop a negative reserve, credit shall not be taken for such amount.

(c) Every admitted insurer which issues one or more of the following types of individual disability policies shall maintain the minimum unearned premium reserve required under the provisions of this subdivision:

(1) Selected group disability policies issued under or subject to an agreement that, except for stated reasons, the insurer will not cancel or refuse to renew the coverage of individual insureds prior to a specified age unless all coverage under the same group is terminated.

(2) Any type of individual disability policy not included in one of the three types described in subdivision (b) and not included in paragraph (1) of this subdivision.

The minimum unearned premium reserve shall be the pro rata unearned portion of gross premiums in force and, subject to the limitations contained in Sections 922.2 to 922.8, inclusive, shall be reduced by premiums paid or credited for risks reinsured in solvent insurers.

(d) Provided the reserve on all policies to which the method or basis is applied is not less in the aggregate than the required amount determined according to the applicable standards specified in subdivisions (b) and (c), an insurer may use any reasonable assumptions as to the interest rate, mortality rates or the rates of morbidity or other contingency, and may introduce an assumption as to the voluntary termination of policies. Also, subject to the preceding conditions, the insurer may employ methods other than

the methods stated in subdivisons (b) and (c) in determining a sound value of its liabilities under such policies, including but not limited to the following: (1) the use of midterminal reserves in addition to either the gross pro rata unearned premium reserves described in subdivision (c) or the net pro rata unearned premium reserve; (2) optional use of either the level premium, the one-year preliminary term or the two-year preliminary term method; (3) prospective valuation on the basis of actual gross premiums with reasonable allowance for future expense; (4) the use of approximations such as those involving age groupings, groupings of several years of issue, average amounts of indemnity; (5) the computation of the reserve for one policy benefit as a percentage of, or by other relation to, the aggregate policy reserves, exclusive of the benefit or benefits so valued; (6) the use of a composite annual claim cost for all or any combination of the benefits included in the policies valued.

For statement purposes the net reserve liability for active lives may be shown as the mean reserve with offsetting asset items for net unpaid and deferred premiums or it may be shown as the excess of the mean reserve over the amount of net unpaid and deferred premiums, or, regardless of the underlying method of calculation, it may be divided between the gross pro rata unearned premium reserve and a balancing item for the "additional reserve."

SEC. 2. Section 10163.5 of the Insurance Code is amended to read:

10163.5. (a) In the case of ordinary policies issued on or after the operative date of this subdivision as defined herein, all adjusted premiums and present values referred to in this article shall be calculated on the basis of the Commissioners 1958 Standard Ordinary Mortality Table and the rate of interest, not exceeding 3½ percent per annum except that 4 percent may be used for all policies issued from January 1, 1970, through December 31, 1985, specified in the policy for calculating cash surrender values and paid-up nonforfeiture benefits; provided, that for any category of ordinary insurance issued on female risks, adjusted premiums and present values may be calculated according to an age not more than three years younger than the actual age of the insured; provided, however, that in calculating the present value of any paid-up term insurance with accompanying pure endowment, if any, offered as a nonforfeiture benefit, the rates of mortality assumed may be not more than those shown in the Commissioners 1958 Extended Term Insurance Table; provided further, that for insurance issued on a substandard basis, the calculation of any such adjusted premiums and present values may be based on such other table of mortality as may be specified by the company and approved by the commissioner.

On or after January 1, 1961, any company may file with the commissioner a written notice of its election to comply with the provisions of this subdivision after a specified date before January 1, 1966. After the filing of such notice, then upon such specified date

4703 369265 1221

(which shall be the operative date of this subdivision for such company), this subdivision shall become operative with respect to the ordinary policies thereafter issued by such company. If a company makes no such election, the operative date of this subdivision for such company shall be January 1, 1966.

(b) In the case of industrial policies issued on or after the operative date of this subdivision as defined herein, all adjusted premiums and present values referred to in this article shall be calculated on the basis of the Commissioners 1961 Standard Industrial Mortality Table and the rate of interest, not exceeding 3½ percent per annum except that 4 percent may be used for all policies issued from January 1, 1970, through December 31, 1985, specified in the policy for calculating cash surrender values and paid-up nonforfeiture benefits. Provided, however, that in calculating the present value of any paid-up term insurance with accompanying pure endowment, if any, offered as a nonforfeiture benefit, the rates of mortality assumed may be not more than those shown in the Commissioners 1961 Industrial Extended Term Insurance Table. Provided, further, that for insurance issued on a substandard basis, the calculation of any such adjusted premiums and present values may be based on such other table of mortality as may be specified by the company and approved by the commissioner.

After September 20, 1963, any company may file with the commissioner a written notice of its election to comply with the provisions of this subdivision after a specified date before January 1, 1968. After the filing of such notice, then upon such specified date (which shall be the operative date of this subdivision for such company), this subdivision shall become operative with respect to the industrial policies thereafter issued by such company. If a company makes no such election, the operative date of this subdivision for such company shall be January 1, 1968.

SEC. 3. Section 10482 of the Insurance Code is amended to read:

10482. Except as provided in Sections 10484 and 10485, and except as provided in Section 10489.7 for benefits purchased under group annuity and pure endowment contracts subject to this article, valuations of life policies must be based on the standards set forth in Section 986.

SEC. 4. Section 10489.1 of the Insurance Code is amended to read:

10489.1 This article and Sections 10479, 10480, 10481, 10483, 10484, 10486 and 10489 shall apply to the valuation of policies and contracts issued on or after the operative date as to such policies or contracts of Article 3a (commencing with Section 10159.1), Chapter 1, Part 2, Division 2, and shall also apply as provided in Section 10489.7 to the valuation of benefits purchased under group annuity and pure endowment contracts issued prior to such operative date.

SEC. 5 Section 10489.2 of the Insurance Code is amended to read:

10489.2. Except as otherwise provided in Section 10489.7, the

minimum standard for the valuation of all such policies and contracts shall be the commissioners reserve valuation method defined in Section 10489.3, 3½ percent interest except that the interest specified in subdivisions (c) and (d) of this section may be used for certain annuity and pure endowment contracts and 4 percent may be used for all policies issued and contracts entered into from January 1, 1970, through December 31, 1985, and the following tables:

(a) For all ordinary policies of life insurance issued on the standard basis, excluding any disability and accidental death benefits in such policies—The Commissioners 1941 Standard Ordinary Mortality Table for such policies issued prior to the operative date of subdivision (a) of Section 10163.5, and the Commissioners 1958 Standard Ordinary Mortality Table for such policies issued on or after such operative date; provided, however, that for any category of such policies issued on female risks modified net premiums and present values, referred to in Section 10489.3, may be calculated, at the option of the insurer, according to an age not more than three years younger than the actual age of the insured.

(b) For all industrial life insurance policies issued on the standard basis, excluding any disability and accidental death benefits in such policies—the 1941 Standard Industrial Mortality Table for such policies issued prior to the operative date of subdivision (b) of Section 10163.5, and the Commissioners 1961 Standard Industrial Mortality Table for such policies issued on or after such operative date.

However, the minimum standard for such contracts issued from January 1, 1968, through December 31, 1968, with commencement of benefits deferred not more than one year from date of issue, may be, at the option of the company, 4 percent interest, and for contracts issued from January 1, 1969, to the compliance date of Section 10489.7, with commencement of benefits deferred not more than 10 years from date of issue and with premiums payable in one sum may be, at the option of the company, 5 percent interest.

(d) For group annuity and pure endowment contracts excluding any disability and accidental death benefits in such policies—the Group Annuity Mortality Table for 1951, any modification of such table approved by the commissioner, or, at the option of the company, any of the tables or modifications of tables specified for individual annuity and pure endowment contracts. However, the minimum standard for annuities and pure endowments purchased or to be purchased prior to the compliance date of Section 10489.7 under group annuity and pure endowment contracts with considerations received on or after January 1, 1968, through

4703 369295 1227

(e) For total and permanent disability benefits in or supplementary to ordinary policies or contracts—for policies or contracts issued on or after January 1, 1966, the tables of Period 2 disablement rates and the 1930 to 1950 termination rates of the 1952 Disability Study of the Society of Actuaries, with due regard to the type of benefit; for policies or contracts issued on or after January 1, 1961, and prior to January 1, 1966, either such tables or, at the option of the company, the Class (3) Disability Table (1926); and for policies issued prior to January 1, 1961, the Class (3) Disability Table (1926). Any such table shall, for active lives, be combined with a mortality table permitted for calculating the reserves for life insurance policies.

(f) For accidental death benefits in or supplementary to policies—for policies issued on or after January 1, 1966, the 1959 Accidental Death Benefits Table; for policies issued on or after January 1, 1961, and prior to January 1, 1966, either such table or, at the option of the company, the Inter-Company Double Indemnity Mortality Table; and for policies issued prior to January 1, 1961, the Inter-Company Double Indemnity Mortality Table. (a) For individual annuity and pure endowment contracts, excluding any disability and accidental death benefits in such contracts, the individual annuity mortality table for 1971 or any modification of such table approved by the commissioner.

(b) For group annuity and pure endowment contracts, excluding any disability and accidental death benefits in such contracts, the group annuity mortality table for 1971 or any modification of such table approved by the commissioner.

(c) Interest rates not exceeding the following may be used for all

individual annuity and pure endowment contracts issued on or after the compliance date of this section, through December 31, 1985, and for all annuities and pure endowment contracts purchased on or after such compliance date, through December 31, 1985, under group annuity and pure endowment contracts:

(1) Six percent for individual annuity and pure endowment contracts with commencement of benefits deferred not more than 10 years from date of issue and with premiums payable in one sum, and for all group annuity and pure endowment contracts.

(2) Four percent for all other individual annuity and pure endowment contracts.

Any insurer may, prior to January 1, 1979, file with the commissioner a written notice that such insurer elects to comply with the provisions of this section on and after a date specified in the notice prior to January 1, 1979, provided that an insurer may elect a different compliance date for group annuity and pure endowment contracts from that elected for individual annuity and pure endowment contracts. On or after January 1, 1979, every insurer shall comply with the provisions of this section.

For the purposes of this section and Section 10489.2, the compliance date of this section (i) as to any insurer prior to January 1, 1979, shall be the date it elects to comply with this section specified in the written notice filed with the commissioner, (ii) and as to any insurer not electing to so comply with this section, January 1, 1979.

CHAPTER 457

An act to repeal Sections 31568 and 31569 of the Government Code, relating to the County Employees Retirement Law of 1937.

[Approved by Governor September 11, 1973. Filed with Secretary of State September 11, 1973.]

The people of the State of California do enact as follows:

SECTION 1. Section 31568 of the Government Code is repealed.

SEC. 2. Section 31569 of the Government Code is repealed.

CHAPTER 458

An act to amend Section 8655 of, and to repeal Section 6018.6 of, the Revenue and Taxation Code, relating to taxation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 11, 1973. Filed with Secretary of State September 11, 1973.]

4769 369325 1233

The people of the State of California do enact as follows:

SECTION 1. Section 6018.6 of the Revenue and Taxation Code is repealed.

SEC. 2. Section 8655 of the Revenue and Taxation Code is amended to read:

8655. (a) This section shall be known and may be cited as the Mills-Hayes Act.

(b) No tax shall be imposed upon fuel used by:

(1) Any transit district, transit authority or city owning and operating a local transit system itself or through a wholly owned nonprofit corporation.

(2) Any passenger stage corporation subject to the jurisdiction of the Public Utilities Commission when the motor vehicles of such passenger stage corporation are exclusively operated in urban or suburban areas or between cities in close proximity for the transportation of persons for hire, compensation, or profit; provided, however, that the exemption is not extended to any line or lines operated by such passenger stage corporation which shall exceed 50 miles of one-way route mileage.

(3) Any common carrier of passengers operating exclusively on any line or lines within the limits of a single city between fixed termini or over a regular route, 98 percent of whose operations, as measured by total route mileage operated, are exclusively within the limits of a single city, and who by reason thereof is not a passenger stage corporation subject to the jurisdiction of the Public Utilities Commission.

(c) Notwithstanding the exemption provided for by subdivision (b), any system, corporation or carrier using fuel exempt under the provisions of subdivision (b) shall, for the privilege of operating vehicles on state highways and freeways, make a payment equal to one cent ($0.01) for each gallon of such exempt fuel used. The payments required by this subdivision shall be paid to the State Board of Equalization in the manner prescribed by the board, and such payments shall be treated as a tax for all purposes of this part

(d) The exemption provided for in subdivision (b) and the payments provided for in subdivision (c) shall not be applicable to fuel used by a charter-party carrier of passengers. The term "charter-party carrier of passengers" has the same meaning as that specified in Section 5360 of the Public Utilities Code and shall further include those transportation services described in subdivisions (a) and (e) of Section 5353 of the Public Utilities Code, if such transportation service is rendered as contract carriage and not as common carriage of passengers.

(e) There are in the State of California many local bus transit operators in need of financial assistance from sources other than the local property tax. These operators are performing essential public transit service as a vital counterpart of the streets and highways. It is the purpose of this section to provide relief from the payment of

use fuel tax for local transit operators and it is the intent of the Legislature that the funds accruing to such operators shall be used for the improvement of their transit operations and to aid in providing better transit service to and from places of employment.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Presence in the Revenue and Taxation Code of a provision that an operator of a one-cent vending machine is a consumer for purposes of Sales and Use Tax Law, if certain conditions are met, while such operators are already deemed to be consumers pursuant to broader provisions in such code, tends to create unnecessary confusion and such provision should be eliminated as early as possible to clarify the present state of the law.

Further, since a provision of the Use Fuel Tax Law contains a cross-reference to a provision in the Motor Vehicle Transportation License Tax Law, which will be repealed on July 1, 1973, it is necessary that the Use Fuel Tax Law contain the provisions referred to as soon after July 1, 1973, as possible, to eliminate any undue confusion that may be caused taxpayers. Therefore, it is necessary that this act take effect immediately.

CHAPTER 459

An act to amend Section 1091 of the Government Code, relating to conflict of interest.

[Approved by Governor September 11, 1973 Filed with Secretary of State September 11, 1973]

The people of the State of California do enact as follows:

SECTION 1. Section 1091 of the Government Code is amended to read:

1091. (a) An officer shall not be deemed to be interested in a contract entered into by a body or board of which he is a member within the meaning of this article if he has only a remote interest in the contract and if the fact of such interest is disclosed to the body or board of which he is a member and noted in its official records, and thereafter the body or board authorizes, approves, or ratifies the contract in good faith by a vote of its membership sufficient for the purpose without counting the vote or votes of the officer or member with the remote interest.

(b) As used in this article "remote interest" means:

(1) That of a nonsalaried member or officer of a nonprofit corporation;

(2) That of an employee or agent of the contracting party, if such

contracting party has 10 or more other employees and if the officer was an employee or agent of said contracting party for at least three years prior to his initially accepting his office.

For the purposes of this subsection, time of employment with the contracting party by the officer shall be counted in computing the three-year period specified in this subsection even though such contracting party has been converted from one form of business organization to a different form of business organization within three years of the initial taking of office by such officer. Time of employment in such case shall be counted only if, after the transfer or change in organization, the real or ultimate ownership of the contracting party is the same or substantially similar to that which existed before such transfer or change in organization. For the purposes of this subsection, stockholders, bondholders, partners, or other persons holding an interest in the contracting party are regarded as having the "real or ultimate ownership" of such contracting party.

(3) That of a parent in the earnings of his minor child for personal services;

(4) That of a landlord or tenant of the contracting party;

(5) That of an attorney of the contracting party; or

(6) That of a member of a nonprofit corporation formed under the Agricultural Code or a nonprofit corporation formed under the Corporations Code for the sole purpose of engaging in the merchandising of agricultural products or the supplying of water.

(7) That of a supplier of goods or services when such goods or services had been supplied to the contracting party by the officer for at least five years prior to his election or appointment to office.

(8) That of a person subject to the provisions of Section 1090 in any contract or agreement entered into pursuant to the provisions of the California Land Conservation Act of 1965.

(9) That of an officer, director, or employee of a bank, bank holding company, or savings and loan association with which a party to the contract has the relationship of borrower or depositor, debtor or creditor.

(c) The provisions of this section shall not be applicable to any officer interested in a contract who influences or attempts to influence another member of the body or board of which he is a member to enter into the contract.

(d) The willful failure of an officer to disclose the fact of his interest in a contract pursuant to this section shall be punishable as provided in Section 1097 Such violation shall not void the contract however, unless the contracting party had knowledge of the fact of the remote interest of the officer at the time the contract was executed.

CHAPTER 460

An act to add Section 35117 to the Vehicle Code, relating to vehicles.

[Approved by Governor September 11, 1973 Filed with Secretary of State September 11, 1973]

The people of the State of California do enact as follows:

SECTION 1. Section 35117 is added to the Vehicle Code, to read.

35117. Safety sheathing or guards, chains, and chain sprockets used to drive the unloading mechanism of a vehicle, may extend two inches on each side of the vehicle, except that the maximum width of body and chains, chain sprockets, and safety sheathing or guards shall not exceed 100 inches.

This section shall have no application to highways which are a part of the national system of interstate and defense highways (as referred to in Section 108 of the Federal-Aid Highway Act of 1956) when such application would prevent this state from receiving any federal funds for highway purposes.

CHAPTER 461

An act to amend Section 22520 of the Vehicle Code, relating to freeways, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 11, 1973 Filed with Secretary of State September 11, 1973]

The people of the State of California do enact as follows:

SECTION 1. Section 22520 of the Vehicle Code is amended to read:

22520. No person shall stop, park, or leave standing any vehicle upon a freeway which has full control of access and no crossings at grade except:

(a) When necessary to avoid injury or damage to persons or property.

(b) When required by law or in obedience to a peace officer or official traffic control device.

(c) Any person actually engaged in maintenance or construction on freeway property or any employee of a public agency actually engaged in the performance of official duties.

(d) Any vehicle which is so disabled that it is impossible to avoid temporarily stopping and any vehicle which has been summoned to render assistance to a vehicle or person, including a vehicle owned by the donor of free emergency assistance, which has been

4867 369380 1244

summoned by display upon or within a disabled vehicle of a placard or sign given to the driver of the disabled vehicle by the donor for the specific purpose of summoning assistance, other than towing service, from the donor.

(e) In locations where stopping, standing or parking is specifically permitted; provided, however, that buses may not stop on freeways unless sidewalks are provided with shoulders of sufficient width to permit stopping without interfering with the normal movement of traffic and without the possibility of crossing over fast lanes to reach the bus stop.

(f) Any person reporting a traffic accident or other situation or incident to a peace officer or any person specified in subdivision (c), either directly or by means of an emergency telephone or similar device.

(g) The owner or operator of a tow car operating under an agreement with the Department of the California Highway Patrol for the purpose of rapid removal of impediments to traffic.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The use of state-owned and operated tow and service trucks within the Freeway Surveillance Project being jointly conducted in the Los Angeles area by the Department of the California Highway Patrol and the Department of Transportation will be discontinued on July 1, 1973. At present these trucks patrol the freeways and provide necessary assistance to disabled vehicles and prompt response to emergency situations. This improved service does much to reduce congestion and prevent freeway accidents. After July 1, 1973, private tow services will perform this function; however, in order to do so, they will be required to stop or park upon a freeway. Therefore, to enable them to do so, it is necessary that this act go into immediate effect.

CHAPTER 462

An act to amend Section 22852 of the Government Code, relating to health benefits.

[Approved by Governor September 11, 1973 Filed with Secretary of State September 11, 1973]

The people of the State of California do enact as follows:

SECTION 1. Section 22852 of the Government Code is amended to read:

22852. A contracting agency which has elected to be subject to this part shall not maintain any other plan or program offering

prepaid hospital and medical care for its employees except that if a contracting agency was subject to this part on April 1, 1972, such agency contracting for another plan or program on the effective date of the amendment of this section at the 1973–74 Regular Session may continue the contract in such other plan or program except that all employees hired after April 1, 1973, shall be enrolled in plans approved under this part. An election of a contracting agency shall not be effective prior to the termination of any such plan in effect for such employees, and establishment of any such plan thereafter shall terminate participation of the agency and all of its employees under this part as of the end of the contract year.

CHAPTER 463

An act to amend Section 12800.5 of the Vehicle Code, relating to drivers' licenses.

[Approved by Governor September 11, 1973. Filed with Secretary of State September 11, 1973.]

The people of the State of California do enact as follows:

SECTION 1. Section 12800.5 of the Vehicle Code is amended to read:

12800.5. A license issued after January 1, 1974, shall bear a fullface photograph of the licensee.

The department may demand proof of age prior to the issuance of a license.

SECTION 1 Section 43006 of the Government Code is amended to read:

43006. Notwithstanding any other provision of law, the legislative body of a chartered city which assesses and collects its own property taxes may, in any year, by ordinance, provide that every person who at 12:01 a.m. on the immediately preceding March 1 was the owner of, or had in his possession or under his control, any taxable property, or who acquired such property after such date and is liable for the taxes thereon for the fiscal year commencing the immediately following July 1, which property was thereafter damaged or destroyed, without his fault, by a major misfortune or calamity in an area or region subsequently proclaimed by the Governor to be in a state of disaster, if such property was damaged or destroyed by the major misfortune or calamity which caused the Governor to proclaim the area or region to be in a state of disaster, may, within the time specified in the ordinance, make application for the reassessment of such property and deliver to the assessing official of the city a written statement showing the condition and value, if any, of the property immediately after the damage or destruction, which damage must be shown thereon to be in excess of one thousand dollars ($1,000). The application shall be executed under penalty of perjury or, if executed outside the State of California, verified by affidavit.

Upon receiving a proper application, the assessor shall reassess the property according to its full cash value immediately after the damage or destruction. The assessor shall notify the applicant in writing of the amount of the proposed reassessment. The notice shall state that the applicant may appeal the proposed reassessment to the local board of equalization within 14 days of the date of mailing the notice. If an appeal is requested within the 14-day period, the board shall hear and decide the matter as if the proposed reassessment had been entered on the roll as an assessment made outside the regular assessment period. The decision of the board regarding the damaged value of the property shall be final, provided that a decision of the local board of equalization regarding any reassessment made pursuant to this section shall create no presumption as regards the value of the affected property subsequent to the date of the damage.

If the damaged full cash value of the property as determined above is not at least one thousand dollars ($1,000) less than the full cash value shown on the assessment roll for the year in question, no adjustment shall be made to said roll and no taxes shall be canceled or refunded. Those reassessed values resulting from reductions in full cash value of at least one thousand dollars ($1,000), as determined above, shall be forwarded to the auditor by the assessor or the clerk of the board, as the case may be The auditor shall enter the reassessed values on the roll. After being entered on the roll, said reassessed values shall not be subject to review except by a court of

If no such application is made, and within the time specified in the ordinance for filing an application for reassessment, the county assessor determines that the full cash value of such property for the assessment year is reduced by more than one thousand dollars ($1,000) from the full cash value of the property for the immediately preceding assessment year due to the damage or destruction caused by the major misfortune or calamity, the assessor shall notify the property owner that the property will be reassessed. The assessor shall assess the property, or reassess it if it has already been assessed, according to the condition and value immediately after the damage or destruction, and the assessor, if he reassesses the property, shall transmit to the local board of equalization a description of the property so reassessed, the name of the person making the application in connection with the property, if any, or the name of the property owner notified of the reassessment, and the value of the property as so reassessed. Upon such notice as it may find to be proper, the local board of equalization shall equalize any such assessment or reassessment.

As used in this section, "damage" includes property which has diminished in value as a result of restricted access to the property where such diminution in value was caused by the major misfortune or calamity.

The tax rate fixed for property on the roll on which the property so assessed appears or the property so reassessed appeared at the time of its original assessment shall be applied to the amount of the equalized assessment or reassessment determined in accordance with this section. In the event that the resulting figure is less than the tax theretofore computed, the tax shall be determined as follows:

(a) With respect to property on the secured roll, a prorated portion of the tax due on the property as originally assessed at the rate established for the property on the secured roll for the current fiscal year, such proration to be determined on the basis of the number of months in the year during which the property was in an undamaged condition plus a proration of the tax due on the property as reassessed in its damaged or destroyed condition at the rate established for property on the secured roll for such fiscal year, such proration to be determined on the basis of the number of months in the year in which the property was in a damaged condition, including the month in which the damage was incurred.

(b) With respect to property on the unsecured roll, a prorated portion of the tax shall be computed on the original assessment of the property and a prorated portion of the tax computed on the reassessment of the property as determined in the preceding paragraph.

0634 369580 1284

SEC. 2. Section 155.1 of the Revenue and Taxation Code is amended to read:

155.1. Notwithstanding any provision of law to the contrary, the board of supervisors may, in any year, by ordinance, provide that every person who at 12.01 a.m. on the immediately preceding March 1 was the owner of, or had in his possession, or under his control, any taxable property, or who acquired such property after such date and is liable for the taxes thereon for the fiscal year commencing the immediately following July 1, which property was thereafter damaged or destroyed, without his fault, by a major misfortune or calamity, in an area or region subsequently proclaimed by the Governor to be in a state of disaster, if such property was damaged or destroyed by the major misfortune or calamity which caused the Governor to proclaim the area or region to be in a state of disaster, may, within the time specified in the ordinance, apply for reassessment of such property by delivering to the assessor a written application showing the condition and value, if any, of the property immediately after the damage or destruction, which damage must be shown therein to be in excess of one thousand dollars ($1,000). The application shall be executed under penalty of perjury, or if executed outside the State of California, verified by affidavit.

Upon receiving a proper application, the assessor shall reassess the property according to its full cash value immediately after the damage or destruction. The assessor shall notify the applicant in writing of the amount of the proposed reassessment. The notice shall state that the applicant may appeal the proposed reassessment to the local board of equalization within 14 days of the date of mailing the notice. If an appeal is requested within the 14-day period, the board shall hear and decide the matter as if the proposed reassessment had been entered on the roll as an assessment made outside the regular assessment period. The decision of the board regarding the damaged value of the property shall be final, provided that a decision of the local board of equalization regarding any reassessment made pursuant to this section shall create no presumption as regards the value of the affected property subsequent to the date of the damage.

If the damaged full cash value of the property as determined above is not at least one thousand dollars ($1,000) less than the full cash value shown on the assessment roll for the year in question, no adjustment shall be made to said roll and no taxes shall be canceled or refunded. Those reassessed values resulting from reductions in full cash value of at least one thousand dollars ($1,000), as determined above, shall be forwarded to the auditor by the assessor or the clerk of the board, as the case may be. The auditor shall enter the reassessed values on the roll. After being entered on the roll, said reassessed values shall not be subject to review except by a court of competent jurisdiction.

If no such application is made, and within the time specified in the ordinance for filing an application for reassessment, the county assessor determines that the full cash value of such property for the

0634 369595 1287

assessment year is reduced from the full cash value of such property for the immediately preceding assessment year by more than one thousand dollars ($1,000) due to the damage or destruction caused by the major misfortune or calamity, the assessor shall notify the property owner that the property will be reassessed. The assessor shall assess the property, or reassess it if it has already been assessed, according to the condition and value immediately after the damage or destruction, and the assessor, if he reassesses the property, shall transmit to the local board of equalization a description of the property so reassessed, the name of the person making the application in connection with the property, if any, or the name of the property owner notified of the reassessment, and the value of the property as so reassessed. Upon such notice as it may find to be proper, the local board of equalization shall equalize any such assessment or reassessment.

As used in this section, "damage" includes property which has diminished in value as a result of restricted access to the property where such diminution in value was caused by the major misfortune or calamity.

The tax rate fixed for property on the roll on which the property so reassessed appeared at the time of its original assessment shall be applied to the amount of the reassessment determined in accordance with this section. In the event that the resulting figure is less than the tax theretofore computed, the tax shall be determined as follows:

(a) With respect to property on the secured roll a prorated portion of the tax due on the property as originally assessed at the rate established for property on the secured roll for the current fiscal year, such proration to be determined on the basis of the number of months in the year during which the property was in an undamaged condition plus a proration of the tax due on the property as reassessed in its damaged or destroyed condition at the rate established for property on the secured roll for such fiscal year, such proration to be determined on the basis of the number of months in the year in which the property was in a damaged condition, including the month in which the damage was incurred.

(b) With respect to property on the unsecured roll, he shall be liable for a prorated portion of the tax computed on the original assessment of the property and a prorated portion of the tax computed on the reassessment of the property as determined in the preceding paragraph.

Until the election and qualification of the first elected board, the members of the board in office on January 1, 1974, shall remain in office, shall receive the compensation and expenses prescribed in this part for the office, and shall be the governing body of the district. The term of office of the nonelected board shall end at noon on November 29, 1974.

28746.6. The election to elect the members of the first elected board shall be conducted on November 5, 1974, and, notwithstanding any other provision of law, where possible, the election shall be consolidated with any general district election held on that date pursuant to the Uniform District Election Law (Part 3 (commencing with Section 23500) of Division 12 of the Elections Code).

Thereafter, a general district election for the election of directors whose terms are to expire in that year shall be held and conducted on the first Tuesday after the first Monday in November of each even-numbered year and shall be consolidated, where possible, with the general election held on such date.

28747. Each candidate for the board shall file nomination papers in the form and manner prescribed in the Uniform District Election Law with the county clerk of the county or principal county in which the geographical area making up the election district from which he is seeking election is located.

28747.2. A candidate for election from any of the election districts shall be nominated and elected by the voters residing within the election district from which he is elected.

28747.4. The county clerk of each county within the boundaries of the district shall conduct the election and canvass the returns for those election districts or portions of election districts which are within the county of his jurisdiction as county clerk. After the official canvass has been taken, the county clerk shall report the returns, by election district number, to the board. The board shall declare the results of the election. The secretary of the district shall issue certificates of election, signed by him and duly authenticated, to each candidate declared elected, immediately following determination of the results of the election by the board.

28747.6. Members of the board shall be residents and voters of the district and of the geographical area making up the election district from which they are elected. The office shall be deemed to be vacant if a member ceases to meet these requirements.

28747.8. The candidate from each election district receiving the highest number of votes cast for the board in that election district shall be declared elected.

28748 2. Each member of the first elected board shall take office at noon on November 29, 1974. The term of office of the elected directors shall be four years, except that the term of office of the first elected board shall be either two years or four years. 28748 4. Until November 29, 1974, any vacancy on the board shall be filled for the remainder of the unexpired term in the same manner as the vacating member was appointed. Thereafter, any vacancy on the board shall be filled by appointment for the remainder of the unexpired term by the remaining members of the board. Any person so appointed shall meet the requirements set forth in Section 28747.6.

28748.8. Each director shall be paid the sum of fifty dollars ($50) for each district meeting that he attends, whether a full board meeting or a meeting of a committee of the board, but he shall not be paid more than two hundred fifty dollars ($250) in any one calendar month, nor shall he be paid for more than one meeting which he attends on the same day. Each director shall be allowed such necessary traveling and personal expenses incurred in the performance of his duties as may be authorized by the board.

28750.2. The boundaries of the election districts shall be adjusted by the board before the first day of June of the year next succeeding the year in which each federal decennial census is taken.

Notwithstanding Section 28745, if the board fails to adjust election district boundaries pursuant to this article before the 90th day prior to the final date for registration of electors for an election of directors, each director to be elected at that election shall have the qualifications required in Section 28747.6, but shall be elected at large. Directors shall continue to be so elected until the board adjusts the election district boundaries.

28750.4. The resolution reestablishing the election districts shall describe the new boundaries of the election districts by reference to a map or maps on file with the secretary of the district. Immediately upon adoption of the resolution, the secretary shall file a certified copy of the resolution and the map or maps describing all election districts with the Secretary of State and with the county clerk of each county with territory within the boundaries of the district.

28750.6. If, at any time between each federal decennial census, the district annexes territory, pursuant to Chapter 9 (commencing with Section 29500), the board, within 90 days after completion of the annexation proceedings, shall, by resolution, adjust the boundaries of the election districts so that the districts shall be as nearly equal in population as possible.

28750.8. (a) The term of office of any director who has been elected and whose term of office has not expired shall not be affected by any change in the boundaries of the election district from which he was elected.

(b) At the first election for directors following adjustment of the boundaries of the election districts, a director shall be elected for each election district under the readjusted election district plan that has the same number as an election district whose incumbent's term is due to expire.

(c) Notwithstanding any other provision of this article, a change in the boundaries of an election district shall not be made within 90 days prior to the final date of voter registration for an election of directors.

SEC. 5. Article 2.6 (commencing with Section 28752) is added to Chapter 3 of Part 2 of Division 10 of the Public Utilities Code, to read:

28752.2. (a) If the boards of supervisors of two or more counties included within the district adopt resolutions pursuant to Section 28752, the board of directors shall call a special election which shall be consolidated with the direct primary election to be held on June 4, 1974.

(b) The board of directors shall provide for the publication of notice of the election pursuant to Section 6066 of the Government Code. The first publication of notice shall be made between May 1 and May 15, 1974.

28752.6. If a majority of the votes cast in the district on the proposition are not in favor of the proposition, the members of the board of directors shall be appointed and shall serve as provided in Article 2 (commencing with Section 28730).

28752.8. The results of the election shall be entered into the minutes of the board of directors.

SEC. 6. The sum of forty-three thousand two hundred dollars ($43,200) is hereby appropriated from the General Fund to the State Controller for allocation and disbursement to local agencies pursuant to Section 2164.3 of the Revenue and Taxation Code to reimburse such agencies for costs incurred by them pursuant to this act. This appropriation shall be available until June 30, 1975.

Payments shall be made to local agencies in accordance with the following provisions:

Each local agency to which the mandate is applicable shall submit to the State Controller, within 45 days of the operative date of the mandate, a claim for reimbursement based upon its estimate of the units of work to be performed during either the 1973–74 or 1974–75 fiscal year.

Computation of amounts claimed for units of work shall be on the

basis of a unit cost in the amount of forty-three thousand two hundred dollars ($43,200) per election dealing with the Board of Directors of the San Francisco Bay Area Rapid Transit District which shall be the unit of work. The State Controller shall pay each claimant as reimbursement for units of work an amount determined by multiplying (1) the unit cost of work as specified herein by (2) the number of units of work estimated to be performed by the claimant.

Any payment, adjustment, or audit of claims by the State Controller shall be on the basis of units of work, rounded to the nearest whole unit, and the unit costs specified herein rather than actual costs. The State Controller (1) may reduce any claim which he determines is excessive or unreasonable, (2) may audit the records of any local agency to verify the actual units of work performed, and (3) shall make any adjustments necessary to correct for underpayments or overpayments which occurred in either the 1973–74 or 1974–75 fiscal year.

Claims for reimbursement shall be prepared in the form, and payments made at the time, specified by the State Controller. No claim or amendment to a claim shall be accepted by the State Controller after the time prescribed herein for filing of claims.

In the event that the amount appropriated for reimbursement purposes pursuant to this act is not sufficient to pay all claims filed timely, the State Controller shall pay such claims on a pro rata basis and shall notify the Director of Finance of the deficiency.

Such notice shall contain the information required in paragraph (1) above and shall also inform such registered owner or the lessee or renter that unless he appears in the court to be designated in such notice within 10 days after service of such notice and answers such charge, or completes and files an affidavit of nonownership, a warrant or citation to appear will be issued against him

Such notice shall contain or be accompanied by an affidavit of nonownership. In addition to any other required information, such notice shall also provide information as to what constitutes nonownership, information as to the effect of executing such affidavit, and instructions for mailing or returning the affidavit to the court. SEC 2. Chapter 2 (commencing with Section 511.010) is added to Title 7 of Part 2 of the Code of Civil Procedure, to read:

CHAPTER 2. CLAIM AND DELIVERY OF PERSONAL PROPERTY

Article 1. Words and Phrases Defined

511.010. Unless the provision or context otherwise requires, the definitions in this article govern the construction of this chapter.

511.020. "Complaint" includes a cross-complaint.

511.030. "Defendant" includes a cross-defendant.

511.040. "Farm products" means crops or livestock or supplies used or produced in farming operations or products of crops or livestock in their unmanufactured states (such as ginned cotton, wool clip, maple syrup, honey, milk, and eggs) while in the possession of a defendant engaged in raising, fattening, grazing, or other farming operations. If tangible personal property is a farm product, it is not inventory.

511.050 "Inventory" means tangible personal property in the possession of a defendant who holds it for sale or lease or to be furnished under contracts of service.

511.060. "Levying officer" means the sheriff, constable, or marshal who is directed to execute a writ of possession issued under this chapter.

511.070. "Person" includes an individual, a corporation, a partnership or other unincorporated association, and a public entity.

511.080. "Plaintiff" means a person who files a complaint or cross-complaint.

511.090. A claim has "probable validity" where it is more likely than not that the plaintiff will obtain a judgment against the defendant on that claim.

511 100. "Public entity" includes the state, the Regents of the University of California, a county, city, district, public authority, public agency, and any other political subdivision or public corporation in the state.

Article 2. Writ of Possession

512.010. (a) Upon the filing of the complaint or at any time thereafter, the plaintiff may apply pursuant to this chapter for a writ of possession by filing a written application for the writ with the court in which the action is brought.

(b) The application shall be executed under oath and shall include all of the following:

(1) A showing of the basis of the plaintiff's claim and that the plaintiff is entitled to possession of the property claimed. If the basis of the plaintiff's claim is a written instrument, a copy of the instrument shall be attached.

(2) A showing that the property is wrongfully detained by the defendant, of the manner in which the defendant came into possession of the property, and, according to the best knowledge,

information, and belief of the plaintiff, of the reason for the detention.

(3) A particular description of the property and a statement of its value.

(4) A statement, according to the best knowledge, information, and belief of the plaintiff, of the location of the property and, if the property, or some part of it, is within a private place which may have to be entered to take possession, a showing that there is probable cause to believe that such property is located there.

(5) A statement that the property has not been taken for a tax, assessment, or fine, pursuant to a statute; or seized under an execution against the property of the plaintiff; or, if so seized, that it is by statute exempt from such seizure.

(c) The requirements of subdivision (b) may be satisfied by one or more affidavits filed with the application.

512.020. (a) Except as otherwise provided in this section, no writ shall be issued under this chapter except after a hearing on a noticed motion.

(b) A writ of possession may be issued ex parte pursuant to this subdivision if probable cause appears that any of the following conditions exists:

(1) The defendant gained possession of the property by feloniously taking the property from the plaintiff. This subdivision shall not apply where the defendant has fraudulently appropriated property entrusted to him or obtained possession by false or fraudulent representation or pretense or by embezzlement.

(2) The property is a credit card.

(3) The defendant acquired possession of the property in the ordinary course of his trade or business for commercial purposes and:

(i) The property is not necessary for the support of the defendant or his family; and

(ii) There is an immediate danger that the property will become unavailable to levy by reason of being transferred, concealed, or removed from the state or will become substantially impaired in value by acts of destruction or by failure to take care of the property in a reasonable manner; and

(iii) The ex parte issuance of a writ of possession is necessary to protect the property.

The plaintiff's application for the writ shall satisfy the requirements of Section 512.010 and, in addition, shall include a showing that the conditions required by this subdivision exist. A writ of possession may issue if the court finds that the conditions required by this subdivision exist and the requirements of Section 512.060 are met. Where a writ of possession has been issued pursuant to this subdivision, a copy of the summons and complaint, a copy of the application and any affidavit in support thereof, and a notice which satisfies the requirements of subdivisions (c) and (d) of Section 512.040 and informs the defendant of his rights under this subdivision shall be served upon the defendant and any other person required

by Section 514.020 to be served with a writ of possession. Any defendant whose property has been taken pursuant to a writ of possession issued under this subdivision may apply for an order that the writ be quashed and any property levied on pursuant to the writ be released. Such application shall be made by noticed motion, and the provisions of Section 512.050 shall apply. Pending the hearing on the defendant's application, the court may order that delivery pursuant to Section 514.030 of any property previously levied upon be stayed. If the court determines that the plaintiff is not entitled to a writ of possession, the court shall quash the writ of possession and order the release and redelivery of any property previously levied upon, and shall award the defendant any damages sustained by him which were proximately caused by the levy of the writ of possession and the loss of possession of the property pursuant to such levy.

512.030. Prior to the hearing required by subdivision (a) of Section 512.020, the defendant shall be served with all of the following:

(a) A copy of the summons and complaint.

(b) A Notice of Application and Hearing.

(c) A copy of the application and any affidavit in support thereof.

512.040. The "Notice of Application and Hearing" shall inform the defendant of all of the following.

(a) A hearing will be held at a place and at a time, to be specified in the notice, on plaintiff's application for a writ of possession.

(b) The writ will be issued if the court finds that the plaintiff's claim is probably valid and the other requirements for issuing the writ are established. The hearing is not for the purpose of determining whether the claim is actually valid. The determination of the actual validity of the claim will be made in subsequent proceedings in the action and will not be affected by the decision at the hearing on the application for the writ.

(c) If the defendant desires to oppose the issuance of the writ, he shall file with the court either an affidavit providing evidence sufficient to defeat the plaintiff's right to issuance of the writ or an undertaking to stay the delivery of the property in accordance with Section 515.020.

(d) The notice shall contain the following statement: "If you believe the plaintiff may not be entitled to possession of the property claimed, you may wish to seek the advice of an attorney. Such attorney should be consulted promptly so that he may assist you before the time set for the hearing."

512.050. Each party shall file with the court and serve upon the other party within the time prescribed by rule any affidavits and points and authorities intended to be relied upon at the hearing. At the hearing, the court shall make its determinations upon the basis of the pleadings and other papers in the record; but, upon good cause shown, the court may receive and consider additional evidence and authority produced at the hearing or may continue the hearing for the production of such additional evidence, oral or documentary, or

the filing of other affidavits or points and authorities.

512.060. (a) At the hearing, a writ of possession shall issue if both of the following are found:

(1) The plaintiff has established the probable validity of his claim to possession of the property.

(2) The plaintiff has provided an undertaking as required by Section 515.010.

(b) No writ directing the levying officer to enter a private place to take possession of any property shall be issued unless the plaintiff has established that there is probable cause to believe that such property is located there.

512.070. If a writ of possession is issued, the court may also issue an order directing the defendant to transfer possession of the property to the plaintiff. Such order shall contain a notice to the defendant or the party in possession of such property, that failure to turn over possession of such property to plaintiff may subject the defendant, or person in possession of such property, to being held in contempt of court or arrest.

512.080. The writ of possession shall meet all of the following requirements:

(a) Be directed to the levying officer within whose jurisdiction the property is located.

(b) Describe the specific property to be seized.

(c) Specify any private place that may be entered to take possession of the property or some part of it.

(d) Direct the levying officer to levy on the property pursuant to Section 514.010 if found and to retain it in his custody until released or sold pursuant to Section 514.030.

(e) Inform the defendant that he has the right to except to the sureties upon the plaintiff's undertaking, a copy of which shall be attached to the writ, or to obtain redelivery of the property by filing an undertaking as prescribed by Section 515.020.

512.090. (a) The plaintiff may apply ex parte in writing to the court in which the action was brought for an endorsement on the writ directing the levying officer to seize the property at a private place not specified in the writ.

(b) The court shall make the endorsement if the plaintiff establishes by affidavit that there is probable cause to believe that the property or some part of it may be found at that place.

512.100. Neither the failure of the defendant to oppose the issuance of a writ of possession under this chapter nor his failure to rebut any evidence produced by the plaintiff in connection with proceedings under this chapter shall constitute a waiver of any defense to plaintiff's claim in the action or any other action or have any effect on the right of the defendant to produce or exclude evidence at the trial of any such action.

512.110. The determinations of the court under this chapter shall have no effect on the determination of any issues in the action other than the issues relevant to proceedings under this chapter, nor shall

they affect the rights of any party in any other action arising out of the same claim. The determinations of the court under this chapter shall not be given in evidence nor referred to in the trial of any such action.

512.120. If the plaintiff fails to recover judgment in the action, he shall redeliver the property to the defendant and be liable for all damages sustained by the defendant which are proximately caused by operation of the temporary restraining order and preliminary injunction, if any, the levy of the writ of possession, and the loss of possession of the property pursuant to levy of the writ of possession or in compliance with an order issued under Section 512.070.

Article 3. Temporary Restraining Order

513.010. (a) Except as otherwise provided by this chapter, the provisions of Chapter 3 (commencing with Section 525) of this title relating to the issuance of a temporary restraining order apply. At or after the time he files his application for writ of possession, the plaintiff may apply for a temporary restraining order by setting forth in the application a statement of grounds justifying the issuance of such order.

(b) A temporary restraining order may issue ex parte if all of the following are found:

(1) The plaintiff has established the probable validity of his claim to possession of the property.

(2) The plaintiff has provided an undertaking as required by Section 515.010.

(3) The plaintiff has established the probability that there is an immediate danger that the property claimed may become unavailable to levy by reason of being transferred, concealed, or removed or may become substantially impaired in value.

(c) If at the hearing on issuance of the writ of possession the court determines that the plaintiff is not entitled to a writ of possession, the court shall dissolve any temporary restraining order; otherwise, the court may issue a preliminary injunction to remain in effect until the property claimed is seized pursuant to the writ of possession.

513.020. In the discretion of the court, the temporary restraining order may prohibit the defendant from doing any or all of the following:

(a) Transferring any interest in the property by sale, pledge, or grant of security interest, or otherwise disposing of, or encumbering, the property. If the property is farm products held for sale or lease or is inventory, the order may not prohibit the defendant from transferring the property in the ordinary course of business, but the order may impose appropriate restrictions on the disposition of the proceeds from such transfer.

(b) Concealing or otherwise removing the property in such a manner as to make it less available to seizure by the levying officer.

(c) Impairing the value of the property either by acts of

destruction or by failure to care for the property in a reasonable manner.

Article 4 Levy and Custody

514.010. (a) Except as otherwise provided in this section, upon receipt of the writ of possession the levying officer shall search for and take custody of the specified property, if it be in the possession of the defendant or his agent, either by removing the property to a place of safekeeping or by installing a keeper.

(b) If the specified property is used as a dwelling, such as a mobilehome or boat, levy shall be made by placing a keeper in charge of the property for two days, at the plaintiff's expense, after which period the levying officer shall remove the occupants and any contents not specified in the writ and shall take exclusive possession of the property.

(c) If the specified property or any part of it is in a private place, the levying officer shall at the time he demands possession of the property announce his identity, purpose, and authority. If the property is not voluntarily delivered, the levying officer may cause any building or enclosure where the property may be located to be broken open in such a manner as he reasonably believes will cause the least damage and may call upon the power of the county to aid and protect him, but, if he reasonably believes that entry and seizure of the property will involve a substantial risk of death or serious bodily harm to any person, he shall refrain from seizing the property and shall promptly make a return to the court from which the writ issued setting forth the reasons for his belief that the risk exists. In such case, the court shall make such orders as may be appropriate.

(d) Nothing in this section authorizes the levying officer to enter or search any private place not specified in the writ of possession or other order of the court.

514.020. (a) At the time of levy, the levying officer shall deliver to the person in possession of the property a copy of the writ of possession with a copy of the plaintiff's undertaking attached.

(b) If no one is in possession of the property at the time of levy, the levying officer shall subsequently serve the writ and attached undertaking on the defendant. If the defendant has appeared in the action, service shall be accomplished in the manner provided by Chapter 5 (commencing with Section 1010) of Title 14 of this part. If the defendant has not appeared in the action, service shall be accomplished in the manner provided for the service of summons and complaint by Article 3 (commencing with Section 415.10) of Chapter 4 of Title 5 of this part.

514.030. (a) After the levying officer takes possession pursuant to a writ of possession, he shall keep the property in a secure place. Except as otherwise provided by Sections 512.020 and 514.050:

(1) If notice of the filing of an undertaking for redelivery or notice of exception to the plaintiff's sureties is not received by the levying

officer within 10 days after levy of the writ of possession, the levying officer shall deliver the property to plaintiff, upon receiving his fees for taking and necessary expenses for keeping the property.

(2) If notice of the filing of an undertaking for redelivery is received by the levying officer within 10 days after levy of the writ of possession and defendant's sureties are not excepted to, the levying officer shall redeliver the property to defendant upon expiration of the time to so except, upon receiving his fees for taking and necessary expenses for keeping the property not already paid or advanced by the plaintiff.

(3) If notice of exception to the plaintiff's sureties or notice of the filing of an undertaking for redelivery is received within 10 days after levy of the writ of possession and defendant's sureties are excepted to, the levying officer shall not deliver or redeliver the property until the time provided in Section 515.030.

(b) Notwithstanding subdivision (a), where not otherwise provided by contract and where an undertaking for redelivery has not been filed, upon a showing that the property is perishable or will greatly deteriorate or depreciate in value or for some other reason that the interests of the parties will be best served thereby, the court may order that the property be sold and the proceeds deposited in the court to abide the judgment in the action.

514.040. The levying officer shall return the writ of possession, with his proceedings thereon, to the court in which the action is pending within 30 days after levy but in no event more than 60 days after the writ is issued.

514.050. Where the property taken is claimed by one other than the defendant or his agent, the rules and proceedings applicable in cases of third-party claims after levy under execution shall apply.

Article 5. Undertakings

515.010. The court shall not issue a temporary restraining order or a writ of possession until the plaintiff has filed with the court a written undertaking. The undertaking shall provide that the sureties are bound to the defendant in the amount of the undertaking for the return of the property to the defendant, if return thereof be ordered, and for the payment to him of any sum he may recover against plaintiff. The undertaking shall be executed by two or more sufficient sureties in an amount not less than twice the value of the property as determined by the court.

515.020. (a) The defendant may prevent the plaintiff from taking possession of property pursuant to a writ of possession or regain possession of property so taken by filing with the court in which the action was brought a written undertaking executed by two or more sufficient sureties in an amount equal to either the amount of the plaintiff's undertaking required by Section 515.010 or, if there has been no judicial determination, the value of the property stated in the plaintiff's application for a writ of possession. The undertaking

shall state that, if the plaintiff recovers judgment on the action, the defendant shall pay all costs awarded to the plaintiff and all damages that the plaintiff may sustain by reason of the loss of possession of the property, not exceeding the amount of the undertaking. The damages recoverable by the plaintiff pursuant to this section shall include all damages proximately caused by the plaintiff's failure to gain or retain possession.

(b) The defendant's undertaking may be filed at any time before or after levy of the writ of possession. A copy of the undertaking shall be mailed to the levying officer and to the plaintiff. An affidavit stating that such copies have been mailed shall be filed with the court at the time the undertaking is filed.

(c) The defendant's undertaking shall state the address to which a copy of the notice of exception to sureties may be sent.

(d) If an undertaking for redelivery is filed and defendant's sureties are not excepted to, the levying officer shall deliver the property to the defendant, or, if the plaintiff has previously been given possession of the property, the plaintiff shall deliver such property to the defendant. If an undertaking for redelivery is filed and defendant's sureties are excepted to, the provisions of Section 515.030 shall apply.

515.030. (a) The defendant may except to the plaintiff's sureties not later than 10 days after levy of the writ of possession by filing with the court in which the action was brought a notice of exception to sureties and mailing a copy of the notice to the levying officer and to the plaintiff. An affidavit stating that such copies have been mailed shall be filed with the court at the time the notice is filed.

(b) The plaintiff may except to the defendant's sureties not later than 10 days after the defendant's undertaking is filed by filing with the court in which the action was brought a notice of exception to sureties and mailing a copy of the notice to the levying officer and to the defendant at the address set out in his undertaking. An affidavit stating that such copies have been mailed shall be filed with the court at the time the notice is filed.

(c) If the plaintiff or the defendant does not except to the sureties of the other as provided in this section, he waives all objection to them.

(d) When excepted to, the sureties shall justify in the manner provided in Chapter 7 (commencing with Section 830) of Title 10 of this part before the court in which the action was brought at a time specified by the excepting party.

(e) If the plaintiff's sureties, or others in their place, fail to justify at the time and place appointed or do not qualify, the court shall vacate the temporary restraining order or preliminary injunction, if any, and the writ of possession and, if levy has occurred, order the levying officer or the plaintiff to return the property to the defendant. If the plaintiff's sureties do qualify, the court shall order the levying officer to deliver the property to the plaintiff.

(f) If the defendant's sureties, or others in their place, fail to justify

at the time and place appointed or do not qualify, the court shall order the levying officer to deliver the property to the plaintiff, or, if the plaintiff has previously been given possession of the property, he shall retain such possession. If the defendant's sureties do qualify, the court shall order the levying officer or the plaintiff to deliver the property to the defendant.

(b) Except as otherwise provided by rules adopted by the Judicial Council effective on or after July 1, 1974, this act shall not apply to any writ of possession issued prior to July 1, 1974, and such writs of possession shall continue to be governed in all respects by the provisions of Chapter 2 (commencing with Section 509) of Title 7 of Part 2 of the Code of Civil Procedure in effect on June 30, 1974.

CHAPTER 527

An act to add Sections 19571.3, 19571.4, 19571.5, and 19571.6 to the Education Code, relating to state school building aid, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 17, 1973 Filed with Secretary of State September 17, 1973]

The people of the State of California do enact as follows:

SECTION 1. Section 19571.3 is added to the Education Code, to read:

19571.3. Notwithstanding any other provisions of this chapter, any school district whose governing board has adopted and put into effect a year-round school operation plan or continuous school program, as defined in Section 19571.6, or has adopted such a plan or program for operation in the following school year, may apply to the board and the board may provide financial assistance in furnishing and installing an air cooling system in those facilities which will be so operated, so long as the construction of any such facility was commenced prior to December 31, 1972. Financial assistance provided by the board may be in the form of (a) an apportionment pursuant to Section 19571, (b) an authorization to use proceeds from the sale of district bonds, or (c) an authorization to use the net proceeds derived from the sale of unused school sites whether or not there are unpaid apportionments outstanding against such sites.

The board shall establish cost standards applicable to the furnishing and installing of air cooling systems in existing schools. No apportionment or authorization shall be made by the board in excess of the standard established for such apportionment.

SEC. 2. Section 19571.4 is added to the Education Code, to read:

19571.4. In any fiscal year in which the school district is conducting a year-round school operation or continuous school program, as defined in Section 19571.6, utilizing a facility for which financial assistance was provided by the board under Section 19571.3, the Director of General Services shall add to the amount which he is required to certify to the Controller under Sections 19602, 19615, and 19615.5 an amount equal to the debt service for retirement of bonds authorized for use under Section 19571.3.

SEC. 3. Section 19571.5 is added to the Education Code, to read:

19571.5. Any authorization of the proceeds derived from the sale of an unused site pursuant to Section 19571.3 shall constitute a conversion of the unpaid portion of the apportionment to the application for an air cooling system as if an apportionment had originally been made therefor. Such converted apportionment shall be repaid pursuant to Section 19600 irrespective of Section 19632. Notwithstanding any other provisions of this chapter, in any year in which the school district fails to conduct a year-round school operation or continuous school program, as defined in Section

19571.6, in the facility for which the authorization was made, the Director of General Services shall notify the State Controller and the State Controller shall add one-twentieth (1/20) of the unpaid amount of the apportionment, if any, to the annual repayment amount deducted pursuant to Section 19611.

SEC. 4. Section 19571.6 is added to the Education Code, to read:

19571.6. A year-round school operation or continuous school program consists of a school schedule in which students in any one school are divided into groups of pupils who attend school in rotating shifts of sessions. A year-round school schedule or continuous school schedule shall consist of not less than 240 days per year in which the school is open. For purposes of state school support a pupil shall attend school for not less than 175 days.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that the apportionments of state school building aid which this act authorizes may be made without undue delay and in order that financial assistance may be made in helping to install desperately needed air cooling systems in existing school buildings at the earliest time, so that such buildings may be used more conveniently throughout the year, it is necessary that this act take effect immediately.

(c) Whenever the members of the board of directors vote to recommend the dissolution of any credit union, the credit union shall not make any loans, withdrawal of shares, or withdrawal of certificates for funds until such time that the members either approve or disapprove the recommendation of the board of directors.

SEC. 10. No appropriation is made by this act, nor is any obligation created thereby under Section 2164.3 of the Revenue and Taxation Code, for the reimbursement of any local agency for any costs that may be incurred by it in carrying on any program or performing any service required to be carried on or performed by it by this act.

[Approved by Governor September 17, 1973. Filed with Secretary of State September 17, 1973]

SECTION 1. Chapter 6.5 (commencing with Section 1425) is added to Part 2 of Division 2 of the Water Code, to read as follows:

CHAPTER 6.5. TEMPORARY PERMITS

1425. When the board finds that an applicant has an urgent but only temporary need to appropriate water for a period not to exceed six months, and that such water may be appropriated without injury to any lawful user of water, and without unreasonable effect upon fish, wildlife, or other instream beneficial uses, the board may issue to the applicant a conditional, temporary permit, without requiring compliance with other procedures or provisions of this division, but subject to all requirements of this chapter; provided, that no temporary or emergency permit may be issued pursuant to the provisions of this chapter unless it is first determined that unappropriated water is available and that the appropriation could not adversely affect the rights of downstream users. The board may delegate to any employee of the board all or any of its functions under this chapter; provided, that the board shall, at its next regular meeting, review and validate any temporary or emergency permit issued by an employee.

1426. The application for a temporary permit shall be completed in accordance with the provisions of Section 1260 and shall be accompanied by such maps, drawings, and other data as may be required by the board, and the applicant shall pay an application fee,

and a permit fee if a temporary permit is issued, both computed in accordance with the provisions of Chapter 8 (commencing with Section 1525) of this part.

1427. Before making the findings required by Section 1425, the board shall review available records, files, and decisions which relate to the availability of unappropriated water from the source at the proposed point of diversion, shall consult with representatives of the Department of Fish and Game, and shall make a field investigation, if necessary or desirable in the opinion of the board.

1428. The board may issue a temporary permit in advance of the notice required by this section. In all cases, whether or not a temporary permit has been issued, the board shall, as soon as practicable after the receipt of an application, issue and deliver to the applicant or permittee a notice of the application or permit, which includes the information required by Section 1301. Publication or posting of the notice shall be as follows:

(a) If the application or permit is for more than three cubic feet per second or for more than 200 acre-feet of storage, and if the permit is to remain in effect for more than 30 days, the notice shall be published by and at the expense of the applicant or permittee at the earliest practicable time, not to exceed 20 days from the date of issuance of the notice, in a newspaper having a general circulation and published within the county wherein the point of diversion lies. Proof of publication shall be by copy of the notice as published and made part of an affidavit filed with the board within 10 days of publication.

(b) In all other cases, unless the permit is to be in effect less than 10 days:

(1) The applicant or permittee shall post the notice in at least two conspicuous places in the locality to be affected by the appropriation. Notices shall be posted not later than two days after receipt of the notice by the applicant or permittee. An affidavit containing proof of posting shall be filed with the board within seven days of the date of notice.

(2) The board shall send a copy of the notice by registered mail to each person who, in the judgment of the board, could be adversely affected by the temporary appropriation.

(c) Regardless of the rate of diversion or the amount of storage, if the permit is to be in effect less than 10 days, the board shall exercise its discretion with respect to requiring notice, both before and after issuance of the temporary permit, and may require such proof of notice as it deems appropriate.

(d) Any interested person may file objection to the temporary appropriation with the board and shall send a copy to the applicant or permittee.

(e) The board shall give prompt consideration to any objection, and may hold a hearing thereon, after notice to all interested persons.

(f) Failure of the permittee to comply with any requirement of

this section shall result in the automatic termination of the temporary permit.

1429. The board shall supervise appropriation of water under the temporary permit for the protection of vested rights and instream beneficial uses and for compliance with permit conditions.

1430. Any temporary permit issued under this chapter shall not result in creation of a vested right, even of a temporary nature, but shall be subject at all times to modification or revocation in the discretion of the board. Any temporary permit shall automatically expire 180 days after the date of its issuance, unless an earlier date is specified or it has been revoked, and any such permit may be renewed not more than one time.

CHAPTER 537

An act to add Chapter 3.5 (commencing with Section 12840) to Part 6 of Division 6 of the Water Code, relating to water development projects.

[Approved by Governor September 17, 1973 Filed with Secretary of State September 17, 1973]

The people of the State of California do enact as follows:

SECTION 1. Chapter 3.5 (commencing with Section 12840) is added to Part 6 of Division 6 of the Water Code, to read:

CHAPTER 3.5. FISH, WILDLIFE, AND RECREATION IN CONNECTION WITH FLOOD CONTROL AND WATERSHED PROTECTION PROJECTS

Article 1. State Policy

12840. Notwithstanding any other provisions of Chapter 2 (commencing with Section 12639) and Chapter 3 (commencing with Section 12800) of this part, the policy set forth in this chapter shall apply to watershed protection and flood prevention projects under Chapter 4 (commencing with Section 12850) of this part, to small watershed projects approved by the State Conservationist of the United States Department of Agriculture, to small flood control projects authorized by Section 12750, and to flood control projects authorized by Congress and adopted and authorized by the Legislature pursuant to Chapter 2 (commencing with Section 12639) of this part, except that such policy shall not apply to any facility for which flood control operation and maintenance costs are a federal responsibility. It is not the intent of this chapter to affect the responsibility for the maintenance and operation of such projects pursuant to the applicable provisions of law.

12841. The Legislature finds and declares that in order to protect

the general health and welfare of the public it is necessary to provide for the preservation and enhancement of the state's fish and wildlife resources in connection with flood control and watershed protection projects and to realize the full potential of such projects to provide recreational opportunities to the general public.

The Legislature further finds and declares that in order to enhance the general public health and welfare it is necessary that all flood control and watershed protection projects be designed, constructed, and operated so as to realize their full potential for the enhancement of the state's fish and wildlife resources and to provide recreational opportunities to the general public. The Legislature further finds and declares that the realization of fish and wildlife enhancement opportunities and the provision of recreational opportunities is of benefit to all of the people of California and that a portion of the costs of realizing these benefits from federal flood control and watershed protection projects should be borne by them.

The Legislature further finds and declares that fish and wildlife enhancement and recreational development should be among the purposes of all federal flood control and watershed protection projects and that opportunities to attain these benefits should be realized concurrently with the realization of benefits from other project purposes.

12842. The Legislature further finds and declares that it is the intent of the Legislature that the planning and construction of all flood control and watershed protection projects shall include such features as may be determined to be necessary and desirable to preserve and enhance the state's fish and wildlife resources and to achieve the full utilization of such projects for recreational purposes consistent with the construction and operation of such projects to protect life and property.

Article 2. Responsibilities of State Agencies

12843. In order to achieve the goals set forth in this chapter, all state agencies exercising resource management responsibilities shall review reconnaissance and feasibility reports submitted for state review and comment by federal agencies relating to any project or project feature affecting their responsibilities and shall submit their comments in accordance with the requirements of federal and state law and this chapter.

12844. In order to guide state agencies in their review of proposed flood control and watershed protection projects, it is the intent of the Legislature that recreational purposes shall include, but be not limited to, those recreational activities normally and usually associated with the out-of-doors which make project land and water areas available for use by the general public and are consistent with the operation of the project for other purposes.

12845. In order to realize the full potential of such projects for fish and wildlife enhancement and for recreational development, state

agencies having resource management responsibilities affected by the project are authorized to cooperate with federal and local sponsoring agencies through all stages of the project formulation and planning process, and to develop such data as, in their judgment, may be necessary to carry out the intent and purpose of this chapter. Such physical features as may be necessary to permit full public utilization of the completed project for recreational purposes shall be constructed and such lands as may be necessary for recreational purposes and for fish and wildlife enhancement shall be acquired at the same time and in the same manner as lands for other project purposes.

12846. The Department of Fish and Game shall be responsible for the management of all fish and wildlife resources at any project subject to the provisions of this chapter, including operation and maintenance costs.

Article 3. State Financial Assistance

12847. Where recreation and fish and wildlife enhancement features are contained in a flood control or watershed protection project, and where such payment is specifically authorized by the Legislature, the state shall pay 50 percent of the nonfederal capital costs of the recreation and fish and wildlife enhancement features of the project; provided, however, if the project is subject to the provisions of Public Law 89-72, the state may cooperate in the attainment of such benefits in accordance with the provisions of subdivision (c) of Section 5094.3 of the Public Resources Code.

The department or the Reclamation Board, as to projects under their respective jurisdictions, shall obtain assurances from the local agency sponsoring the project guaranteeing public access to project land and water areas prior to state participation in any costs pursuant to this chapter.

12848. The Legislature hereby declares that there shall be included in the budget of the department for flood control subventions or for direct acquisitions by the state for each fiscal year an appropriation of funds from the General Fund in an amount sufficient to pay all costs required by this chapter.

Article 4. Powers and Duties of Local Agencies

12849. Any local agency sponsoring a project subject to the provisions of this chapter is hereby authorized to design, construct, operate, and maintain public recreational facilities at such project and shall have such powers as may be necessary or convenient to carry out the provisions of this chapter. Local sponsoring agencies are authorized to contract with the United States, the State of California, and with other local agencies or entities in order to realize the full potential of flood control and watershed protection projects for recreational development and for fish and wildlife enhancement.

If the Superintendent of Public Instruction, upon review, finds that it is impossible to maintain classes of the maximum size as prescribed by this code or by the State Board of Education, he may add to the amounts allowed under Sections 18102 to 18102.6, inclusive, an amount sufficient to provide for the needed classes, but not more per special class than the applicable amounts computed in those sections.

It is the intent of the Legislature that the additional allowances authorized by this section be provided primarily for school districts with an average daily attendance of less than 2,000. Allowances for school districts with a current average daily attendance of 2,000 or more shall be provided, in any fiscal year, for no more than 2 percent of the school districts having a current average daily attendance of 2,000 or more.

The people of the State of California do enact as follows:

SECTION 1. Section 216 of the Streets and Highways Code is amended to read:

216. The noise level produced by the traffic on a state freeway shall be measured in the classrooms, libraries, and multipurpose rooms of a public or private elementary or secondary school if the classrooms, libraries, or multipurpose rooms were constructed prior to the award of the initial construction contract for the freeway route and prior to January 1, 1974, or were constructed prior to the issuance of sound contour maps for the freeway route by the department pursuant to subdivision (g) of Section 65302 of the Government

Code, and are being used for the purpose for which they were constructed.

Such measurements shall be made at appropriate times during regular school hours and shall not include noise from sources that exceed the maximum permitted by law.

If the noise level produced from the freeway traffic exceeds 50 decibels on the "A" scale, the department may undertake a noise abatement program in any such classroom, library, or multipurpose room to reduce the freeway traffic noise level therein to 50 or fewer decibels on the "A" scale by, but not limited to, installing acoustical materials, eliminating windows, installing air conditioning, or constructing sound baffle structures.

If it becomes necessary to convert such classrooms, libraries, or multipurpose rooms to other school-related purposes because the freeway traffic noise level therein exceeds 50 decibels on the "A" scale, the department shall pay the cost of such conversions.

If the noise level generated from sources within and without the classrooms, libraries, or multipurpose rooms exceeds 50 decibels on the "A" scale prior to construction of the freeway and the noise from the freeway also exceeds 50 decibels on the "A" scale, the department shall be required to undertake such a noise abatement program that will reduce the noise to its preconstruction level

Priority for noise abatement programs shall be given to those public and private elementary and secondary classrooms, libraries, and multipurpose rooms constructed in conformance with Article 4 (commencing with Section 15451), Chapter 2, Division 11 of the Education Code.

As used in this section, the "A" scale means the network labeled "A," as described in Section 3.3 of the American Standard Specifications for General-Purpose Sound Level Meters, approved January 9, 1961, and published by the United States of America Standards Institute.

The department shall submit to the Legislature, on or before February 1 of each year, an annual report on its program for the implementation of this section.

CHAPTER 545

An act to amend Sections 25210 77b, 25210.77c and 25210.77d of the Government Code, and to amend Section 5471 of the Health and Safety Code, relating to local government.

[Approved by Governor September 17, 1973 Filed with Secretary of State September 17, 1973]

The people of the State of California do enact as follows:

SECTION 1. Section 25210.77b of the Government Code is amended to read:

25210.77b. A county may fix, on or before the first day of July in each calendar year, a water or sewer standby or immediate availability charge on all land within a county service area to which water or sewers are made available for any purpose by the county whether the water or sewers are actually used or not, except that such charge shall not apply to lands permanently dedicated exclusively to the public transportation of persons or property. The board of supervisors of the county which fixes such a water standby charge may establish schedules varying the charges in different months and in different localities within a county service area depending upon factors such as the uses to which the land is put, the cost of transporting the water to the land, the degree of availability or quantity of use of such water to the affected lands. The board may not, however, fix a charge in excess of ten dollars ($10) per acre or in excess of five dollars ($5) for a parcel of less than one acre for either water or sewer standby charges.

If a person for more than one year obtains substantially all of his water requirements for the contiguous parcels of land which he occupies from rainfall, springs, streams, lakes, rivers or wells, and if the person's primary economic activity on such land is the commercial extraction or processing of minerals, such land shall be exempt from any water standby or availability charges.

SEC. 2. Section 25210.77c of the Government Code is amended to read:

25210.77c. Any funds derived from the charges levied pursuant to Section 25210.77b may be used by the county to pay the cost and expenses of maintaining, operating, extending and repairing the waterworks or sewers of a county service area and for the payment of interest and principal due on bonds for the ensuing fiscal year.

SEC. 3. Section 25210.77d of the Government Code is amended to read:

25210.77d. If any water or sewer standby charge remains unpaid on the first day of the month before the month in which the board of supervisors of the county in which the county service area is located is required by law to levy the amount of taxes required for county purposes, a 6-percent penalty thereon shall accrue. The amount of the unpaid standby charge plus the penalty shall be added to the annual tax levied upon the land for which the standby charge is unpaid, and shall constitute a lien on that land. The amount of tax attributable to unpaid water or sewer standby charges, and the penalty thereon, shall be stated on the tax bill separately from all other taxes. All laws applicable to the levy, collection and enforcement of municipal ad valorem taxes shall be applicable to the charges appearing on the tax bill, except that if any real property to which such lien would attach has been transferred or conveyed to a

bona fide purchaser for value, or if a lien of a bona fide encumbrancer for value has been created and attaches thereon, prior to the date on which the first installment of such taxes would become delinquent, then the lien which would otherwise be imposed by this section shall not attach to such real property and the unpaid water or sewer standby charges, and any penalty thereon, relating to such property shall be transferred to the unsecured roll for collection.

At least 15 days before the first day of the month in which the board of supervisors is required by law to levy the amount of taxes required for county purposes, the county officer, designated by the board of supervisors, shall furnish in writing to the board of supervisors and to the county auditor, respectively, a description of each and every parcel of land within the county service area upon which a standby charge remains unpaid, together with the amount of the unpaid charge, plus the penalty on each parcel of land.

SEC. 4. Section 5471 of the Health and Safety Code is amended to read:

5471. Any entity shall have power, by an ordinance approved by a two-thirds vote of the members of the legislative body thereof, to prescribe, revise and collect, fees, tolls, rates, rentals, or other charges, including sewer standby or immediate availability charges, for services and facilities furnished by it, either within or without its territorial limits, in connection with its sanitation or sewerage system; provided, that the entity may provide that such charge for such service shall be collected with the rates, tolls and charges for any other utility, and that any or all such charges may be billed upon the same bill; provided further, that where such charge is to be collected with the charges for any other utility service furnished by a department or agency of such entity and over which its legislative body does not exercise control, the consent of such department or agency shall be obtained prior to collecting sanitation or sewerage charges with the charges for any other utility Revenues derived under the provisions in this section, shall be used only for the acquisition, construction, reconstruction, maintenance and operation of water systems and sanitation or sewerage facilities, to repay principal and interest on bonds issued for the construction or reconstruction of such water systems and sanitary or sewerage facilities and to repay federal or state loans or advances made to such entity for the construction or reconstruction of water systems and sanitary or sewerage facilities; provided, however, that such revenue shall not be used for the acquisition or construction of new local street sewers or laterals as distinguished from main trunk, interceptor and outfall sewers.

The complexities of developmental disabilities require the services of many state departments as well as the community. Frequently there are gaps beyond the present duties and powers of departments in the development of state and community services.

Services should be planned and provided as a part of a continuum. A pattern of facilities and eligibility should be established which is so complete as to meet the needs of each developmentally disabled person, regardless of age or degree of handicap, and at each stage of his life's development.

An area plan must include the fullest possible participation by Short-Doyle agencies, state hospitals and clinics, public and private hospitals, county and state health and welfare agencies, and all such other public and private agencies and professional personnel as are required to, or may agree to, participate in the area plan.

SEC. 23. Section 38059 of the Health and Safety Code is amended to read:

treatment of the defendant. The court may make such orders as may be necessary to provide for the examination of such person by the regional center and for the safekeeping, necessary medical treatment, care or restraint of the defendant pending further orders of the court following receipt of the regional center's report, in the county hospital, his own home, in a state hospital, or in such other place, excluding a jail, as will afford access to personnel of the regional center for the purpose of examination and suitable provisions for the safety and comfort of the defendant. If the regional center reports that the defendant is not mentally retarded, the court shall make the appropriate order under Section 1370. Upon receiving the report and recommendations of the regional center, the court shall order that commitment proceedings pursuant to Article 5 be instituted if such defendant is subject to commitment thereunder, or, if not so subject to commitment, it shall order the defendant placed in a home or facility, or state hospital recommended by the regional center for care and treatment or in some other home, facility, or state hospital approved by the regional center for the care and treatment of the defendant. The regional center shall reexamine each defendant placed in a home or facility or state hospital, or committed to a state hospital, at least once each year to ascertain whether the mental retardation of the defendant has changed to such an extent that defendant is able to understand the nature and purpose of the criminal proceedings taken against him so as to be able to conduct, or assist in, his own defense in a rational manner. If the regional center ascertains that the mental retardation of the defendant has changed to such an extent, it shall certify the finding to the sheriff and district attorney of the county, and the court wherein the defendant's case is pending. The sheriff shall thereupon, without delay, bring the defendant from the home, facility, or state hospital, as the case may be, and place him in proper custody until he is brought to trial or judgment, as the case may be, or is legally discharged. In event of dismissal of the criminal charges before such certification is made, the person shall be rereferred to the appropriate regional center for services under the Lanterman Developmental Disabilities Services Act, Division 25 (commencing with Section 38000) of the Health and Safety Code.

person in a state hospital shall be governed by the provisions of Article 4 (commencing with Section 7275) of Chapter 3 of Part 4 relating to the charges for the care and keeping of mentally disordered persons in state hospitals.

A voluntary adult patient may leave the hospital or institution at any time by giving notice of his desire to leave to any member of the hospital staff and completing normal hospitalization departure procedures. A conservatee may leave in a like manner if notice is given by his conservator.

A minor person who is a voluntary patient may leave the hospital or institution after completing normal hospitalization departure procedures after notice is given to the superintendent or person in charge by the parents, or the parent, guardian, or other person entitled to the custody of the minor, of their desire to remove him from the hospital.

No person received into a state hospital, private mental institution, or county psychiatric hospital as a voluntary patient during his minority shall be detained therein after he reaches the age of majority, but any such person, after attaining the age of majority, may apply for admission into the hospital or institution for care and treatment in the manner prescribed in this section for applications by adult persons.

If the patient's parent, guardian, or conservator legally authorized to consent to such treatment, does not respond within a reasonable time to the request of the medical director for the granting or denying of consent for such treatment, the medical director may consent, on behalf of the patient, to such treatment and provide for such treatment to be given the patient.

0846 36 12 460 197

If the patient has no parent, guardian, or conservator legally authorized to consent to medical, dental, or surgical treatment on behalf of the patient, the medical director may consent to such treatment on behalf of the patient and provide for such treatment to be given to the patient. The medical director shall immediately thereupon also request the appropriate regional center for the developmentally disabled to initiate or cause to be initiated proceedings for the appointment of a guardian or conservator legally authorized to consent to medical, dental, or surgical treatment.

If the patient is an adult and has neither a guardian or conservator, consent to treatment may be given by someone other than the patient on the patient's behalf only if the patient is mentally incapable of giving his own consent.

5096.86. The ninety million dollars ($90,000,000) authorized by Section 5096.85 for grants shall be allocated to the counties, such allocation to be based upon the estimated population of the counties on July 1, 1980, as projected by the Department of Finance.

Each county's apportionment will be in the same ratio as the county's population is to the state's total population; provided, however, that each county shall be entitled to receive an allocation of not less than two hundred thousand dollars ($200,000); and provided, further, that any grant made to a city, district, or regional public agency shall be subtracted from the total otherwise allocable under the provisions of this chapter to the county or counties in which the city, district, or regional public agency is located. Advance grants may be made for development projects. However, 10 percent of the grant funds shall be withheld until the project is audited by the state.

Each county shall consult with all cities and districts within the county which are authorized to provide park and recreation services and shall develop and submit to the state a priority plan for expenditure of the county's allocation, including expenditures for city and district projects, by June 30, 1975. The priority plan for expenditure of the total county allocation shall be approved by at least 50 percent of the cities and districts representing 50 percent of the population of the cities and districts within the county, and by the county board of supervisors. Failure to submit an approved priority plan by June 30, 1975, shall result in a 10-percent annual reduction in the total county allocation until the priority plan is submitted. Any funds not allocated to a county shall remain in the

bond fund and shall be expended under the same conditions as set forth in Section 5096.87 in 1980. By June 30, 1977, if agreement on the priority plan for expenditure has not been submitted to the state, the board of supervisors shall petition the Secretary of the Resources Agency to distribute to high-priority projects the remaining 80 percent of the county's total allocation.

Applications for individual projects appearing on the priority plan for expenditure may be submitted directly to the state by the individual jurisdictions. In the event that any particular jurisdiction's project is withdrawn from funding because of circumstances beyond its control, the application for any substitute project by such jurisdiction not originally appearing on the approved priority plan for expenditure shall be approved by the county board of supervisors

SEC. 3. Section 5096.87 of the Public Resources Code is amended to read:

5096.87. On July 1, 1980, the Secretary of the Resources Agency shall cause to be totaled the unencumbered balances remaining in the State Beach, Park, Recreational, and Historical Facilities Fund of 1974. A program shall be submitted in the budget for the 1981–1982 fiscal year to appropriate this balance. Unencumbered funds under subdivision (a) of Section 5096.85 shall be reappropriated for grants to local jurisdictions only. The remainder of the program shall consist of projects deemed to be of highest priority from among the purposes expressed in subdivisions (b) to (e), inclusive, of Section 5096.85 and shall not be subject to the maximum amounts allocated to those purposes in Section 5096.85.

[Approved by Governor September 17, 1973 Filed with Secretary of State September 17, 1973]

The people of the State of California do enact as follows:

SECTION 1. Section 1692.1 of the Insurance Code is amended to read:

1692.1. (a) The privilege of an insurer to certify to the enrollment of applicants in any course of study and instruction pursuant to Section 1690 shall be automatically suspended without any action by the commissioner whenever more than 66⅔ percent of the holders of certificates of convenience so certified by the insurer and upon which certifications such certificates were issued during any calendar year fail to qualify for permanent licenses during a period of six months following issuance of a certificate of convenience to each such holder. Any suspension under subdivision (a) shall continue until the commissioner is satisfied that the insurer has taken adequate action to prevent a recurrence of the failure of the insurer to qualify the requisite percentage of certificate of convenience holders for permanent licenses.

(b) Each insurer shall keep and maintain complete records on each appointee it certifies pursuant to Section 1690. Each insurer shall file annually with the commissioner on or before August 15 a written report which shall contain:

(1) The number of certificates of convenience issued during the preceding calendar year pursuant to such certification by the insurer.

(2) The number of holders of such certificates of convenience who qualified for permanent licenses within the specified six-month period

(c) The commissioner may suspend for a period of not more than one year such privilege of an insurer which fails to submit the report required in subdivision (b) above.

All suspensions pursuant to this section shall commence on the final date said report is required to be filed. During any period of suspension of such privilege of an insurer, such insurer is also prohibited from appointing any holder of a certificate of convenience appointed by another insurer to act as its agent.

(d) At the time of filing the written report required by this section, an insurer which has failed to qualify the required

percentage of certificate of convenience holders for permanent licenses may as a part of the report:

(1) Furnish written evidence of mitigating relevant facts; or

(2) Furnish written evidence of corrective action taken, or a written description of action proposed, which should result in future compliance with this section; or

(3) Request termination of the automatic suspension for specified reasonable cause; or

(4) Request that a hearing be held to determine whether the automatic suspension should be annulled or confirmed.

(e) The commissioner may stay, annul, reduce, terminate or confirm the time of the automatic suspension otherwise required in this section upon a showing by the insurer, satisfactory to the commissioner, that there is good cause therefor, and that the insurer has taken corrective action to prevent a recurrence of the failure of the insurer to qualify the requisite percentage of certificate of convenience holders for permanent licenses. Such preventive measures shall include the establishment of procedures both to assure proper training of its prospective agents to enable them to pass the qualifying license examination and to insure proper selection of prospective agents to the end that a reasonable proportion of those selected will in good faith pursue the course of study and actually attempt to pass the qualifying examination.

(f) This section shall not apply to an insurer during any calendar year in which such insurer certified, pursuant to Section 1690, 25 or fewer such certificate of convenience holders.

(g) Any hearing under this section shall be conducted in accordance with the provisions of Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the commissioner shall have all the powers granted therein.

Such alcoholic beverages may be brought into this state only by common carrier and consigned to the premises of a licensed importer or customs broker, or to a licensed importer or customs broker at the premises of a public warehouse licensed under this division. Notwithstanding any other provisions of this division, the holder of an importer's license, a customs broker's license, or a public warehouse license, may make delivery of such alcoholic beverages as may be brought into this state under the provisions of this paragraph directly to the owner thereof upon satisfactory proof of identity. Such delivery shall not be deemed to constitute a sale in this state.

Unless the employee waives this right, the appointing power shall provide to the employee 60 days prior to the effective date of the transfer a written notice setting forth in clear and concise language the reasons why the employee is being transferred.

[Approved by Governor September 17, 1973. Filed with Secretary of State September 17, 1973]

The people of the State of California do enact as follows:

SECTION 1. Section 3054 of the Business and Professions Code is amended to read:

3054. No applicant shall be passed by the board who fails to obtain a grade of 75 percent, as determined by the board, in every section or test of the examination in which he is required to be examined as provided in this chapter and in rules and regulations promulgated by the board. An act relating to the Perris Elementary School District, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 17, 1973 Filed with Secretary of State September 17, 1973]

The people of the State of California do enact as follows:

SECTION 1. A majority of the votes cast in the Perris Elementary School District on the election held on June 6, 1972, on the question of school district reorganization, shall be deemed to have been in favor of the reorganization proposed, for the purposes of Section 17676 of the Education Code.

SEC. 2. The Legislature finds and declares that unique circumstances exist with respect to the school district organization election held in the Perris Elementary School District on June 6, 1972, and that a general law cannot be made applicable. Voting irregularities in the election prevent an accurate determination as to whether or not a majority of the voters of the district voting in the election held on June 6, 1972, voted in favor of the reorganization proposed, and in view of the closeness of the apparent result, such irregularities ought not to redound to the detriment of the district.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to permit this act to be operative for as much as possible of the 1973–74 fiscal year, it is necessary that this act take effect immediately.

CHAPTER 569

An act to add Section 26569.7 to the Health and Safety Code, relating to food.

[Approved by Governor September 17, 1973 Filed with Secretary of State September 17, 1973]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds that shopping for meat in stores has been described as a frustrating experience which is due, in large part, to lack of uniformity in names of meat cuts and standards of labeling. A perplexing array and variety of meat names, estimated at more than a thousand, exist to identify approximately 300 cuts of beef, veal, lamb, and pork. Many times some retailers have used "fanciful" names on standard retail cuts in order to raise the

01875 371145 262

retail price. In agreeing with "the consumers right to know" what he or she is buying and its value in comparison to other cuts of meat, it is the intent of the Legislature in enacting this act to standardize meat labeling in California.

SEC. 2. Section 26569.7 is added to the Health and Safety Code, to read:

26569.7. (a) Any label of any retail cut of beef, veal, lamb, or pork held for sale in a retail food production and marketing establishment or a frozen food locker plant shall clearly identify the species (beef, veal, lamb, or pork) and the primal cut from which it is derived, and the retail name.

This section shall not apply to ground beef or hamburger, boneless stewing meat, cubed steaks, sausage, or soupbones.

(b) "Primal cuts" include only the following in the various species:

Beef	Veal	Lamb	Pork
Chuck	Shoulder	Shoulder	Shoulder
Rib	Rib	Rib	—
Loin	Loin	Loin	Loin
Shank	Shank	Shank	—
Brisket	Breast	Breast	—
Plate	Breast	Breast	—
Flank	Flank	—	—
Round	Round or leg	Leg	Leg or ham

Cuts derived from other than the above primal cuts need only show species and the retail name.

(c) It is unlawful and constitutes misbranding for any person to sell or offer for sale in a retail food production and marketing establishment or frozen food locker plant any retail cut of beef which is labeled in violation of this section.

SEC. 3. There are no state-mandated local costs in this act that require reimbursement under Section 2164.3 of the Revenue and Taxation Code.

CHAPTER 570

An act to amend Sections 13 and 14 of the Marin County Flood Control and Water Conservation District Act (Chapter 666 of the Statutes of 1953), relating to the Marin County Flood Control and Water Conservation District.

The people of the State of California do enact as follows:

SECTION 1. Section 13 of the Marin County Flood Control and Water Conservation District Act (Chapter 666 of the Statutes of 1953) is amended to read:

Sec. 13. (1) Whenever the board determines that a bonded indebtedness should be incurred to pay the cost of any work or improvement in any zone or zones, the board may by resolution, determine and declare the respective amounts of bonds necessary to be issued in each zone in order to raise the amount of money necessary for each work or improvement and the denomination and the maximum rate of interest of said bonds. The board shall cause a copy of the resolution, duly certified by the clerk, to be filed for record in the Office of the Recorder of Marin County within five (5) days after its issuance. From and after said filing of said copy of said resolution the board shall be deemed vested with the authority to proceed with the bond election.

(2) After the filing for record of the resolution specified in subdivision (1) of this section, the board may call a special bond election in said zone or participating zones at which shall be submitted to the qualified electors of said zone or participating zones the question whether or not bonds shall be issued in the amount or amounts determined in said resolution and for the purpose or purposes therein stated. Said bonds and the interest thereon shall be paid from revenue derived from annual taxes or assessments levied upon the property situated within the zone or participating zones, and all such property shall be and remain liable to be taxed or assessed for such payments as provided in this act.

(3) Said board shall call such special bond election by ordinance and not otherwise and submit to the qualified electors of said zone or participating zones, the proposition of incurring a bonded debt in said zone or participating zones in the amount and for the purposes stated in said resolution and shall recite therein the objects and purposes for which the indebtedness is proposed to be incurred; provided, that it shall be sufficient to give a brief, general description of such objects and purposes, and refer to the recorded copy of such resolution adopted by said board, and on file for particulars; and said ordinance shall also state the estimated cost of the proposed work and improvements, the amount of the principal of the indebtedness to be incurred therefor, and what part or installment of such indebtedness shall be paid each and every year of the term, which shall not exceed 40 years, the principal and the total amount of interest to be paid over the entire term of such indebtedness, and the maximum rate of interest to be paid on said indebtedness, and shall fix the date on which such special election shall be held, and the form and contents of the ballot to be used. The rate of interest to be paid on such indebtedness shall not exceed 7 percent per annum. For the purpose of said election, said board shall in said ordinance establish special bond election precincts within the boundaries of each zone and participating zone and may form election precincts by consolidating the precincts established for general elections in said

district to a number not exceeding six general precincts for each such special bond election precinct, and shall designate a polling place and appoint one inspector, one judge and one clerk for each of such special bond election precincts.

In all particulars not recited in said ordinance, such special bond election shall be held as nearly as practicable in conformity with the general election laws of the state.

Said board shall cause a map or maps to be prepared covering a general description of the work to be done, which said map shall show the location of the proposed works and improvements and shall cause the said map to be posted in a prominent place in the county courthouse for public inspection for at least thirty (30) days before the date fixed for such election.

Said ordinance calling for such special bond election shall, prior to the date set for such election, be published pursuant to Section 6062 of the Government Code in a newspaper of general circulation circulated in each zone and participating zone affected. The last publication of such ordinance must be at least fourteen (14) days before said election, and if there be no such newspaper, then such ordinance shall be posted in five public places designated by the board, in each zone and participating zone for at least thirty (30) days before the date fixed for such election. No other notice of such election need be given nor need polling place cards be issued.

Any defect or irregularity in the proceedings prior to the calling of such special bond election shall not affect the validity of the bonds authorized by said election. Where a project affects a single zone only, if at such election two-thirds (⅔) of the votes cast in said zone on the proposition of incurring a bonded indebtedness are in favor thereof, then bonds for such zone for the amount stated in such proceedings shall be issued and sold as in this act provided. Where the incurring of bonded indebtedness by participating zones is to be determined at such election, no bonds for any such participating zones shall be issued or sold unless two-thirds (⅔) of the votes cast on the proposition in each such participating zone are in favor of incurring the bonded indebtedness to be undertaken by such zone.

SEC. 2. Section 14 of the Marin County Flood Control and Water Conservation District Act (Chapter 666 of the Statutes of 1953) is amended to read:

Sec. 14. The board shall, subject to the provisions of this act, prescribe by resolution the form of said bonds, which must include a designation of the zone or participating zone affected, and of the interest coupons attached thereto. Said bonds shall be payable annually or semiannually at the discretion of the board each and every year on a day and date, and at a place to be fixed by said board, and designated in such bonds, together with the interest on all sums unpaid on such date until the whole of said indebtedness shall have been paid.

The bonds shall be issued in such denomination as the board may determine, except that no bonds shall be of a less denomination than

one hundred dollars ($100), nor of a greater denomination than one thousand dollars ($1,000), and shall be payable on the days and at the place fixed in said bonds, and with interest at the rate specified in such bonds, which rate shall not be in excess of 7 percent per annum, and shall be made payable annually or semiannually, and said bonds shall be numbered consecutively and shall be signed by the chairman of the board, and countersigned by the auditor of said district, and the seal of said district shall be affixed thereto by the clerk of the board. The interest coupons of said bonds shall be numbered consecutively and signed by the said auditor by his engraved or lithographed signature. In case any such officers whose signatures or countersignatures appear on the bonds or coupons shall cease to be such officer before the delivery of such bonds to the purchaser, such bonds and coupons, and signatures or countersignatures shall nevertheless be valid and sufficient for all purposes the same as if such officer had remained in office until the delivery of the bonds.

The Legislature further finds and declares that this is the only such expenditure of funds involved, that the purpose of this act is impossible to accomplish by any general law, and that special legislation applicable only to the County of San Bernardino is therefore necessary.

1252. An individual is "unemployed" in any week during which he performs no services and with respect to which no wages are payable to him, or in any week of less than full-time work if the wages payable to him with respect to that week are less than his weekly benefit amount. Authorized regulations shall be prescribed making such distinctions as may be necessary in the procedures applicable to unemployed individuals as to total unemployment, part-total employment, partial unemployment of individuals attached to their regular jobs, and other forms of short-time work. For the purpose of this section only the term "wages" includes any and all compensation for personal services whether performed as an employee or as an independent contractor or as a juror or as a witness.

SEC. 2. Section 1279 of the Unemployment Insurance Code is amended to read:

1279. Each individual eligible under this chapter who is unemployed in any week shall be paid with respect to that week an unemployment compensation benefit in an amount equal to his weekly benefit amount less the amount of wages in excess of twelve dollars ($12) payable to him for services rendered during that week. The benefit payment, if not a multiple of one dollar ($1), shall be computed to the next higher multiple of one dollar ($1). For the purpose of this section only "wages" includes any and all compensation for personal services whether performed as an employee or as an independent contractor or as a juror or as a witness, but does not include any payments, regardless of their designation, made by a city of this state to an elected official thereof as an incident to such public office.

The people of the State of California do enact as follows:

SECTION 1. Section 10248.7 is added to the Business and Professions Code, to read:

10248.7. The provisions of Sections 10248.8 and 10248.9 apply to every real estate licensee who meets the requirements of subdivisions (a) to (d), inclusive:

(a) Comes within the provisions of subdivision (d) of Section 10131.

(b) Has negotiated or intends to negotiate loans secured directly or collaterally by a lien on real property. For purposes of this subdivision, loans do not include loans described in Section 10245.

(c) Makes or will make 50 percent or more of the loans specified in subdivision (b) in a calendar year without them being secured directly or collaterally by first trust deeds. For purposes of this subdivision, junior trust deeds which secure notes given back to the seller by the purchaser on account for the purchase price shall not be considered in making the 50-percent test.

(d) Meets any of the following:

(1) Loans negotiated by the licensee in the prior calendar year or anticipated to be negotiated the next calendar year exceed 400.

(2) Advertising and overhead directly related to advertising in connection with his mortgage loan brokerage activities amount to more than 5 percent of gross revenue obtained by the licensee from activities for which a license is required. Notwithstanding this subdivision, any licensee who spends less than ten thousand dollars ($10,000) per year in advertising shall not be subject to the provisions of Sections 10248.8 and 10248.9.

The department may disapprove an advertisement for subsequent use.

As used in this section, advertisement means dissemination in any newspaper, circular, circular or form letter, brochure, or similar publication, display, sign, radio broadcast or telecast, which concerns (a) the use, terms, rates, conditions, or the amount of any loan made under the provisions of the article, or note evidencing such loan; or (b) the security, solvency or stability of any person transacting

CHAPTER 585

An act relating to taxation, and declaring the urgency therefor, to take effect immediately

[Approved by Governor September 18, 1973 Filed with Secretary of State September 18, 1973]

The people of the State of California do enact as follows:

SECTION 1. Upon discovery that persons receiving public assistance were improperly granted homeowners' exemptions for fiscal year 1972–1973 and preceding fiscal years, a county may request from the Director of Social Welfare, as unmet shelter needs, the amounts required to cancel any escape assessment existing at the time of the request.

SEC. 2. Upon receipt of funds pursuant to its request, the county shall cancel the escape assessment and any penalty or interest thereon pursuant to Article 1 (commencing with Section 4985) of Chapter 4 of Part 9 of Division 1 of the Revenue and Taxation Code, as if it had been imposed, levied, or charged erroneously, and if paid,

a refund thereof shall be made.

SEC. 3. The receipt of funds shall be deemed as payments by the public assistance recipients and shall be accounted for as tax receipts which may be used for state, county, city, and district purposes.

SEC. 4. If an audit by the State Controller results in a reduction of state reimbursements for the homeowners' property tax exemption because of persons described in Section 1, the county shall make the reimbursements to cities and districts without regard to the Controller's reduction, using the funds described in Sections 2 and 3.

SEC. 5. The Legislature finds and declares that it is in the public interest and necessary for the public welfare to provide assistance to certain needy persons of limited income and resources in the payment of delinquent property taxes. It is further found and declared that such assistance may in some cases be most appropriately provided through the limitation of escape assessments and the cancellation of such assessments, or by a combination of limitation or cancellation, and assistance payments, rather than merely through assistance payments.

SEC. 6. Whenever a county requests additional unmet shelter needs funds so as to cancel escape assessments upon the homes of welfare recipients improperly granted the homeowners' exemption, such request is deemed a voluntary act of the county and the county shall assume the burden of all the costs in compliance with this act. For this reason, the act involves no mandated acts within the meaning of Section 2164.3 of the Revenue and Taxation Code and no state reimbursement pursuant to that section is required.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

A number of recipients of public assistance applied for the homeowners' exemption from property taxes without realizing their ineligibility. They were not informed by local welfare departments, and were not aware that any portion of their grants was intended to be used for payment of property taxes. Where such illegal claims have been discovered, escape assessments have been made. In many cases the recipient is unable to pay the delinquent taxes in addition to current taxes, and unless some relief is provided their homes will be sold to the state for taxes.

CHAPTER 586

An act to amend Sections 61819 and 62474 of, and to add Section 61820 to, the Food and Agricultural Code, relating to milk.

[Approved by Governor September 18, 1973 Filed with Secretary of State September 18, 1973]

The people of the State of California do enact as follows:

SECTION 1. Section 61819 of the Food and Agricultural Code is amended to read:

61819. Subject to the exclusion provided for in subdivision (e) of Section 62474, "subdistributor prices" means the prices at which fluid milk or fluid cream, or both, shall be sold, other than in bulk, by distributors to other distributors.

SEC. 2. Section 61820 is added to the Food and Agricultural Code, to read:

61820. "Processor" means a distributor actively and directly engaged in processing fluid milk or fluid cream, or both.

"Processing" means receiving, pasteurizing, and packaging fluid milk or fluid cream, or both, by the distributor in a milk products plant, as defined in Section 32513, for ultimate sale to consumers.

SEC. 3. Section 62474 of the Food and Agricultural Code is amended to read:

62474. (a) Except as provided in subdivision (e) of this section, a subdistributor price shall be established for each marketing area. Subdistributor prices may vary from the minimum prices which are established for sales by distributors to other wholesale customers.

(b) The director may, after public hearing, through regulations adopted pursuant to Section 61931, clarify and apply the definition of "distributor" under Section 61806 for purposes of determining the transactions in fluid milk which are subject to subdistributor prices, including variations in such prices based upon quantity purchases.

(c) If fluid milk or fluid cream, or both, is purchased, other than in bulk, by one distributor from another distributor, in a marketing area included within any pooling plan established by the director under the provisions of the Gonsalves Milk Pooling Act, Chapter 3 (commencing with Section 62700), for sale in a marketing area not included within such pooling plan, the price paid shall not be less than the minimum subdistributor price for the marketing area in which the fluid milk or fluid cream, or both, is ultimately sold. If the purchasing distributor accepts delivery of such fluid milk or fluid cream at the processing plant or depot of the selling distributor, and thereafter, at the expense of the purchasing distributor, transports such fluid milk or fluid cream to the area of sale, the director may permit an allowance against the subdistributor price for the reasonable costs of such transportation.

(d) If fluid milk or fluid cream, or both, is purchased, other than in bulk, by one distributor from another distributor in a marketing area not included within any pooling plan established by the director under the provisions of the Gonsalves Milk Pooling Act, Chapter 3 (commencing with Section 62700), and if such fluid milk or fluid cream, or both, is ultimately sold by the purchasing distributor in a marketing area included within such pooling plan, the price paid by the purchasing distributor shall not be less than the minimum subdistributor price for the marketing area in which the fluid milk

or fluid cream, or both, is ultimately sold.

(e) The director may, after public hearing, by regulations adopted pursuant to Section 61931, exclude from subdistributor prices sales of fluid milk or fluid cream, or both, between processors, subject to the following standards and guidelines:

(1) The fluid milk or fluid cream shall be packaged under the label of the purchaser.

(2) The prices established by the seller for such interprocessor sales shall not be subject to the price filing requirements of Section 61411. All records of the seller and purchaser pertaining to such interprocessor sales, including records of the prices established by the seller for such sales, shall be subject to the provisions of Sections 61934 and 62582. Any record made available to the director pursuant to the provisions of this section is confidential and shall not be divulged, except if necessary for the proper determination of any court proceedings, or hearing before the director.

(3) The purchaser shall process, for his own requirements, at the processing plant to which such interprocessor sale is made, at least 70 percent of all that fluid milk and fluid cream handled by such plant, or at least 70 percent of all that fluid milk and fluid cream handled by such plant for which the director establishes minimum retail prices.

(4) Fluid milk or fluid cream sold in such interprocessor sales shall be delivered to the purchaser only at the processing plant of the seller, or at the processing plant or depot of the purchaser, unless the purchaser is a distributor as defined in subdivision (e) of Section 61806, in which case such fluid milk or fluid cream shall be delivered only to the processing plant of the purchaser.

(5) Except as provided in paragraph (2) of this subdivision, such sales of fluid milk or fluid cream between processors shall otherwise comply with all requirements of Chapter 1 (commencing with Section 61301) and this chapter, and with those requirements which the director, by regulations, may determine to be necessary to effectuate the purposes and policies of Chapter 1 (commencing with Section 61301) and this chapter.

CHAPTER 587

An act to add Chapter 9 (commencing with Section 2400) to Division 3 of the Streets and Highways Code, relating to federal aid for bridge reconstruction and replacement, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 18, 1973 Filed with Secretary of State September 18, 1973]

The people of the State of California do enact as follows:

SECTION 1. Chapter 9 (commencing with Section 2400) is added to Division 3 of the Streets and Highways Code, to read:

CHAPTER 9. FEDERAL AID FOR BRIDGE RECONSTRUCTION AND REPLACEMENT

Article 1. General Provisions

2400. This chapter may be cited as the Bridge Reconstruction and Replacement Act.

2401. By the Federal-Aid Highway Act of 1970, Congress has enacted Section 144 of Title 23 of the United States Code, and has authorized appropriations thereby for expenditures under the Special Bridge Replacement Program to replace or reconstruct bridges when the state and the federal government determine that the bridge is of significant importance and is unsafe because of structural deficiencies, physical deterioration, or functional obsolescence. The purpose of this chapter is to implement this program in this state. The boards of supervisors, city councils, the department, and the commission may do all things necessary and proper in their respective jurisdictions to secure the federal funds under the program for county highways, city streets, and state highways in accordance with the intent of the federal act and this chapter.

Article 2. Administration

2410. The department, cities, and counties are authorized to cooperate with the federal government in any inventory or classification of bridges requested by the federal government.

2411. The department, after conferring with the cities and the counties, shall recommend state and local projects and take such other action within the powers conferred on it by law as to comply with this chapter as fully as applicable federal laws, rules, or regulations permit.

2412. The boards of supervisors, city councils, and the department are authorized to enter into cooperative agreements, and to do all other things necessary and proper in their respective jurisdictions, to secure federal aid under the Special Bridge Replacement Program in accordance with the intent of this chapter.

2413. (a). The department may allocate to the counties and the cities federal funds received for approved bridge reconstruction or replacement projects on county roads or city streets in accordance with procedures promulgated by the director in cooperation with the counties and the cities and approved by the commission.

(b) Expenditures of funds apportioned under the Special Bridge Reconstruction and Replacement Program, as well as funds used to match federal funds, shall be exempt from the provisions of Sections 188, 188.8, and 188.9.

(c) The cities and the counties may use any funds available to them to match funds made available to them under this chapter, if the use of funds for such matching purposes is not prohibited by federal law. "Match", as used in this chapter, means to provide for the payment of the cost of any project to the extent that such cost is not to be reimbursed from federal funds.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that the Department of Transportation, cities, and counties may, as soon as possible, be authorized to take the necessary step to secure federal funds available under the Special Bridge Replacement Program to finance urgently needed reconstruction and repair on many bridges located within the state, it is necessary that this act take effect immediately.

promotion and accommodation of any of the uses set forth in this section.

(e) For the promotion, by advertising and such other means as may be reasonable and appropriate, of maximum public use of such granted lands or to encourage private investment in development of such granted lands for the highest and best use in the public interest.

(f) For any other uses or purposes of statewide, as distinguished from purely local or private, interest and benefit which are in fulfillment of those trust uses and purposes described in this act.

(g) For the acquisition of property and the rendition of services reasonably necessary to the carrying out of the uses and purposes described in this section, including the amortization or debt service of any capital improvement funding program which is consistent with the terms and conditions set forth in this act.

SEC. 5. Such revenues may be deposited in one or more reserve funds for use in accordance with the terms and conditions set forth in this act.

SEC. 6. As to the accumulation and expenditure of revenues for any single capital improvement on the granted lands involving an amount in excess of two hundred fifty thousand dollars ($250,000) in the aggregate, the county shall file with the State Lands Commission a detailed description of such capital improvement not less than 90 days prior to the time of any disbursement therefor or in connection therewith, excepting preliminary planning. The State Lands Commission may, within 90 days after the time of such filing, determine and notify the county that such capital improvement is not in the statewide interest and benefit or is not authorized by the provisions of Section 4 of this act. The State Lands Commission may request the opinion of the Attorney General on the matter, and if it does so, a copy of such opinion shall be delivered to the county with the notice of its determination. In the event the State Lands Commission notifies the county that such capital improvement is not authorized, the county shall not disburse any revenue for or in connection with such capital improvement, unless and until it is determined to be authorized by a final order or judgment of a court of competent jurisdiction. The county is authorized to bring suit against the state for the purpose of securing such an order or adjudication, which suit shall have priority over all other civil matters. Service shall be made upon the Executive Officer of the State Lands Commission and the Attorney General, and the Attorney General shall defend the state in such suit. If judgment be given against the state in such suit, no costs shall be recovered against it.

SEC. 7. At the end of every third fiscal year, beginning June 30, 1975, that portion of the county trust revenues in excess of two hundred fifty thousand dollars ($250,000) remaining after current and accrued operating costs and expenditures directly related to the operation or maintenance of trust activities have been made, shall be deemed excess revenues; provided, that any funds deposited in a

reserve fund for future capital expenditures or any funds used to retire bond issues for the improvement or operation of the granted lands shall not be deemed excess revenue. Capital improvements of the granted lands for purposes authorized by this act may be considered as expenditures for the purpose of determining net revenues; provided, however, that if made after the effective date of this act they may be so considered only if made in accordance with Section 6 of this act.

The excess revenue, as determined pursuant to this section, shall be divided as follows: 85 percent to the General Fund in the State Treasury, and 15 percent to the county to be deposited in the trust fund and used for any purpose authorized by Section 4 of this act; provided, however, that, of the first such excess revenues which would otherwise be allocated to the county, an amount equal to the cost of the State Lands Division survey conducted at Clear Lake during the period from November 5, 1962, to December 31, 1972, shall be deducted from the county's share and deposited in the General Fund in the State Treasury.

SEC. 8. The State Lands Commission, at the request of the county, shall grant an extension of time, not to exceed 30 calendar days, for filing any report or statement required by this act which was not filed due to mistake or inadvertence.

SEC. 9. In the event that the county fails or refuses to file with the State Lands Commission any report, statement, or document required by any provision of this act within the time period specified by this act, or any extension period granted pursuant to this act, or fails or refuses to carry out the terms of this act, the Attorney General shall, upon the request of the State Lands Commission, bring such judicial proceedings for correction and enforcement as are appropriate, and shall act to protect any improvements to, or assets situated upon, the granted lands or derived therefrom. The State Lands Commission shall notify the Chief Clerk of the Assembly and the Secretary of the Senate within 30 days of the occurrence of such failure or refusal and of actions taken as a result thereof.

SEC. 10. The County of Lake and the State Lands Commission, on behalf of the state, are authorized to enter into boundary agreements with private parties to settle existing boundary disputes. Any such agreement shall not be a precedent for the determination of any subsequent boundary line dispute; however, any subsequent survey shall incorporate the boundary agreement entered into by the commission, the county, and a private party.

SEC. 10.1. The County of Lake, with the approval of the State Lands Commission, is hereby authorized to settle, by agreement, exchange, or quitclaim, any dispute concerning whether or not particular land within the Clear Lake area constitutes land in private or proprietary ownership by reason of title traceable to a state or federal patent or other valid source, or rather constitutes lands granted by this act. In settlement of such disputes, the county, with approval of the State Lands Commission, may, by such agreement,

exchange or quitclaim, establish boundary or compromise boundary lines between the lands granted by this act and bordering private or proprietary lands.

SEC. 10.5. The county shall identify past and future trespasses upon the lands granted by this act and take appropriate steps to terminate such trespasses.

SEC. 11. The State Lands Commission shall, from time to time, recommend to the Legislature such amendments as it may deem necessary in the terms and conditions of this act.

SEC. 12. The State Lands Commission shall, from time to time, institute a formal inquiry to determine that the terms and conditions of this act, and amendments thereto, have been complied with, and that all other applicable provisions of law concerning these specific granted lands are being complied with in good faith.

SEC. 13. The State Lands Commission shall, on or before December 31st of each year, report to the Chief Clerk of the Assembly and to the Secretary of the Senate, the full details of any transaction or condition reported to the commission pursuant to this act which it deems in probable conflict with the requirements of this act, or with any other provision of law.

SEC. 14. The Legislature reserves the right to amend, modify, or revoke, in whole or in part, the submerged lands granted and conveyed in trust pursuant to this act; provided, that the state shall thereupon assume and be bound by all lawful transactions and obligations related to such lands entered into or created by the county during its holding of such lands.

SEC. 15. The Attorney General, on request by resolution of either house of the Legislature, or upon formal request of the State Lands Commission made only after a noticed public hearing at which the grantee has been given an opportunity to fully express any disagreement with the commission's findings or to describe any extenuating circumstances causing the violation, shall bring an action in the Superior Court in the County of Lake to declare that the grant under which the county holds such submerged lands is revoked for gross and willful violation of the provisions of this act or other legislative enactment, or to compel compliance with the terms and conditions of the grant and any other provision of law, including, but not limited to, this act.

SEC. 16. The grant and conveyance in trust of submerged lands to the county provided for by this act shall become effective only upon the written acceptance of such grant and conveyance by the county prior to September 1, 1974.

SEC. 17. If any provision of this act or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

CHAPTER 640

An act to amend Section 18300 of, to add Sections 18613 and 18614 to, and to repeal Section 18401 of, the Health and Safety Code, relating to mobilehomes.

[Approved by Governor September 21, 1973. Filed with Secretary of State September 21, 1973]

The people of the State of California do enact as follows:

SECTION 1. Section 18300 of the Health and Safety Code is amended to read:

18300. The provisions of this part apply to all parts of the state and supersede any ordinance enacted by any city, county, or city and county, whether general law or chartered, applicable to the provisions of this part. The commission may adopt regulations to interpret and make specific the provisions of this part and when adopted such regulations shall apply to all parts of the state. Upon 30 days' written notice from the governing body to the department, any city, county, or city and county, may assume the responsibility for the enforcement of this part and the regulations adopted pursuant thereto.

Except as provided in this part, assumption of responsibility for enforcement of this part by a city, county, or city and county does not authorize such city, county, or city and county to impose more restrictive requirements than those imposed by this part and the regulations adopted pursuant thereto or to prescribe fees for permits.

In the event of nonenforcement of this part or the regulations adopted pursuant thereto, the provisions of this part and the regulations adopted pursuant thereto shall be enforced by the department in any such city, county, or city and county after the department has given 30 days' written notice to the governing body of such city, county, or city and county setting forth in what respects the city, county, or city and county has failed to discharge its responsibility, and has failed to initiate corrective measures to carry out its responsibility.

Any city, city and county, or county, upon written notice from the governing body to the department, may cancel its assumption of responsibility for the enforcement of this part. The department, upon receipt of such notice, shall assume such responsibility within 30 days.

Every city, county, or city and county, within its jurisdiction, shall enforce all of the provisions of this part and the regulations adopted pursuant thereto, as they relate to mobilehomes and to mobilehome accessory buildings or structures located outside of mobilehome parks.

The provisions of this part shall not prevent local authorities of any city, county, or city and county, within the reasonable exercise of

their police powers:

(a) From prohibiting mobilehomes or mobilehome parks, travel trailers, travel trailer parks, recreational trailer parks, temporary trailer parks, or tent camps within all or certain zones within such city, county, or city and county, or from adopting rules and regulations by ordinance or resolution prescribing standards of lot, yards, or park area, landscaping, walls or enclosures, signs, access, and vehicle parking or from prescribing the prohibition of certain uses for mobilehome parks, travel trailer parks, recreational trailer parks, temporary trailer parks, or tent camps; or

(b) From regulating the construction and use of equipment and facilities located outside of a mobilehome or camp car used to supply gas, water, or electricity thereto, except facilities owned, operated, and maintained by a public utility, or to dispose of sewage or other waste therefrom when such facilities are located outside a mobilehome park, travel trailer park, recreational trailer park, or temporary trailer park for which a permit is required by this part, or the regulations adopted pursuant thereto; or

(c) From requiring a permit to use a mobilehome or camp car outside a mobilehome park, travel trailer park, recreational trailer park, or temporary trailer park for which a permit is required by this part or by regulations adopted pursuant thereto, and require a fee therefor by local ordinance commensurate with the cost of enforcing this part and local ordinance with reference to the use of mobilehomes and camp cars, which permit may be refused or revoked if such use violates any provisions of this part or Part 2 (commencing with Section 18000) of this division, any regulations adopted pursuant thereto, or any local ordinance applicable to such use; or

(d) From requiring a local building permit to construct an accessory structure for a mobilehome when such mobilehome is located outside a mobilehome park, travel trailer park, recreational trailer park or temporary trailer park, under circumstances which the provisions of this part or Part 2 (commencing with Section 18000) of this division and the regulation adopted pursuant thereto do not require the issuance of a permit therefor by the department.

SEC. 2. Section 18401 of the Health and Safety Code is repealed.

SEC. 3. Section 18613 is added to the Health and Safety Code, to read:

18613. On and after July 1, 1974, a permit shall be obtained from the enforcement agency each time a mobilehome, which is required to be moved under a permit, is to be located or installed on any site for the purpose of human habitation or occupancy as a dwelling.

The contractor engaged to install the mobilehome shall obtain the permit, except when the owner of the mobilehome proposes to perform the installation. When a contractor applies for a permit to install a mobilehome, he shall display a valid contractor's license. The contractor shall complete the installation of the mobilehome in accordance with the regulations adopted by the commission within

the time limitations which shall be established by regulations of the commission. Such time limitations shall allow contractors a reasonable amount of time within which to complete mobilehome installations. If inspection of the mobilehome installation by the enforcement agency determines that the mobilehome cannot be approved for occupancy due to defective material, systems, or equipment of the mobilehome, the contractor shall be allowed a reasonable amount of time, as determined by regulations of the commission, to complete the installation after the defects in the mobilehome have been corrected. The enforcement agency shall immediately notify the department whenever any mobilehome cannot be approved for occupancy due to defects of the mobilehome. If the mobilehome fails the installation inspection because of conditions which do not endanger the health or safety of the occupant, the owner may occupy the mobilehome. If, however, the installation fails inspection due to immediate hazards to the health or safety of the occupant, as determined by the enforcement agency, the mobilehome shall not be occupied. Any necessary inside inspection by the enforcement agency shall be limited to the electrical, water, and gas systems.

The commission shall adopt regulations for such installations. The regulations adopted by the commission pursuant to this section shall establish such requirements as the commission determines are reasonably necessary for the protection of life and property and to carry out the purposes of this section. In promulgating regulations pursuant to this section, the commission shall consider reassembly of the mobilehome, stabilizing devices and load-bearing supports, and utility connections and connectors.

The commission shall establish a schedule of fees for the permits required by this section commensurate with the cost of the enforcement of this section and the regulations adopted pursuant thereto. Where a city, county, or city and county is responsible for such enforcement, such a city, county, or city and county may establish a schedule of fees commensurate with the cost of enforcement. The fee for an installation permit shall in no case exceed thirty dollars ($30). If, however, the mobilehome cannot be approved for occupancy when inspected, a reinspection fee not to exceed thirty dollars ($30) may be required. Permit fees and reinspection fees shall be paid to the enforcement agency by the permittee.

This section does not apply to recreational vehicles or commercial coaches.

SEC. 4. Section 18614 is added to the Health and Safety Code, to read:

18614. If the installation of a mobilehome by a contractor has failed the inspection of the enforcement agency and he has failed to perform corrections to remedy the reasons for the failure within the time permitted by regulations of the commission adopted pursuant to Section 18613, the enforcement agency shall promptly notify the

registrar of contractors of such fact and the name of the contractor.

Upon such notification, the registrar shall investigate the actions of the contractor. Failure by the contractor to comply with the provisions of Section 18613 and the regulations adopted pursuant thereto may constitute cause for disciplinary action.

SEC. 5. No appropriation is made by this act, nor is any obligation created thereby under Section 2164.3 of the Revenue and Taxation Code, for the reimbursement of any local agency for any costs that may be incurred by it in carrying on any program or performing any service required to be carried on or performed by it by this act because self-financing authority is provided to cover any costs added by this act.

CHAPTER 641

An act to amend Sections 10241, 10245, and 10246 of, and to add Sections 10241.1, 10242.5, 10242.6, 10244.1, 10248.1, and 10248.2 to, the Business and Professions Code, relating to real estate loans.

[Approved by Governor September 21, 1973. Filed with Secretary of State September 21, 1973.]

The people of the State of California do enact as follows:

SECTION 1. Section 10241 of the Business and Professions Code is amended to read:

(b) The total of the bonuses, brokerage or commissions contracted for or to be received by any person for negotiating, procuring, or arranging or making such a loan.

(c) Any liens against the real property, as disclosed by the borrower, and the approximate amount thereof.

(d) The estimated amounts to be paid on the order of the

(3) Amounts due other creditors.

(4) Assumption, transfer, forwarding and beneficiary statement fees.

(e) The estimated balance of the loan funds to be paid to the borrower after deducting the total of subdivisions (a), (b) and (d).

(f) The principal amount of the loan.

(k) The terms of prepayment privileges, and penalties, if any.

(*l*) A statement that the purchase of credit life or credit disability insurance is not required as a condition for the making of the loan.

SEC 2 Section 10241.1 is added to the Business and Professions Code, to read:

10241.1. (a) The purchase of credit life insurance on the life of the borrower or credit disability insurance to provide indemnity for payments becoming due on the indebtedness shall not be required as a condition of making a loan under this article.

(b) The licensee may provide through duly licensed agents and collect the costs for credit life insurance on the life of a borrower and credit disability insurance to provide indemnity for payments becoming due on the indebtedness, with his or her consent, the form and rate to be approved by the Insurance Commissioner, as provided in Section 779.9 of the Insurance Code, and in an amount not in excess of that reasonably necessary to discharge the obligation of the borrower, and for a term not exceeding the term of the loan. Only one premium may be collected by the licensee in connection with any loan contract irrespective of the number of borrowers, and only one borrower may be insured.

(c) The licensee may collect the costs for fire and hazard insurance on the property offered as security for a loan reasonably insured against loss for a reasonable term considering the circumstances of the loan when the policy or policies of insurance are made payable to the borrower or any member of his family, even though the customary mortgagee clause is attached, and if the insurance is sold at standard rates through duly licensed agents.

(d) If premiums for any insurance provided under the provisions of this section are to be paid for from the proceeds of the loan, any

such amount and any commission under subdivision (b) of Section 10242 attributable to borrowing such amount, shall not be considered in determining whether said loan is exempt from the provisions of this article under Section 10245.

SEC. 3. Section 10242.5 is added to the Business and Professions Code, to read:

10242.5. (a) A charge which may be imposed for late payment of an installment due on a loan secured by a mortgage or deed of trust on real property shall not exceed the equivalent of 10 percent of the installment due, provided that a minimum charge of five dollars ($5) may be imposed when the late charge permitted by this section would otherwise be less than such minimum charge.

The charge permitted by this section may be assessed only as a percentage of the principal and interest part of any installment due.

(b) No charge may be imposed more than once for the same late payment of an installment. No late charge may be imposed on any installment which is paid or tendered in full within 10 days after its scheduled due date, even though an earlier maturing installment or a late charge on an earlier installment may not have been paid in full. For purposes of this subdivision, a payment or tender of payment made within 10 days of a scheduled installment due date shall be considered to have been made or tendered for payment of such installment.

SEC. 4. Section 10242.6 is added to the Business and Professions Code, to read:

10242.6. (a) The principal and accrued interest on any loan secured by a mortgage or deed of trust on real property containing only a single-family, owner-occupied dwelling may be prepaid in whole or in part at any time but only a prepayment made within seven years of the date of execution of such mortgage or deed of trust may be subject to a prepayment charge and then solely as herein set forth. An amount not exceeding 20 percent of the unpaid balance may be prepaid in any 12-month period. A prepayment charge may be imposed on any amount prepaid in any 12-month period in excess of 20 percent of the unpaid balance which charge shall not exceed an amount equal to the payment of six months' advance interest on the amount prepaid in excess of 20 percent of the unpaid balance.

(b) As used in this section, "single-family, owner-occupied dwelling" means a dwelling which will be owned and occupied by a signatory to the mortgage or deed of trust secured by such dwelling within 90 days of the execution of such mortgage or deed of trust.

SEC. 5. Section 10244.1 is added to the Business and Professions Code, to read:

10244.1. Notwithstanding the provisions of Section 10244, on a loan secured directly or collaterally by a lien on real property comprising an owner-occupied dwelling, for a term of six years or less, no installment, whether providing for payment of principal and interest or interest only, shall be greater than twice the amount of the smallest installment. This section does not apply to a note given

back to the seller by the purchaser on account for the purchase price or any collateral loans secured solely by such a note. As used in this section, "owner-occupied dwelling" means a single dwelling unit in a condominium or cooperative or a residential building of less than three separate dwelling units, one of which will be owned and occupied by a signatory to the mortgage or deed of trust secured by such dwelling within 90 days of the execution of the mortgage or deed of trust.

SEC. 6. Section 10245 of the Business and Professions Code is amended to read:

SEC. 7. Section 10246 of the Business and Professions Code is amended to read:

10246. If any amount:

(a) In excess of the charges referred to in Section 10241 and limited by Section 10242,

(c) Prohibited by Section 10248.1, is received, the borrower may recover, from the person who shall have taken or received the excess or prohibited amount, three times the amount of the excess or prohibited amount and the borrower shall be entitled to costs and a reasonable attorney's fee; provided that any action for recovery must be brought within two (2) years from the date such excess or prohibited charge was received. However, if the excess or prohibited amount is the result of a bona fide error the borrower may only recover such excess or prohibited amount.

SEC 8. Section 10248.1 is added to the Business and Professions Code, to read:

10248.1. No real estate licensee shall charge, receive or negotiate for the payment by the borrower of any service charge or fee other than charges and fees specified in Sections 10241, 10241.1, 10242, and 10242.5, prepayment penalties as authorized by law, extinction, release, reconveyance or other removal of record fees, and trustees costs and fees in accordance with Sections 2924, 2924c, 2924g, and 2924h of the Civil Code and Section 692 of the Code of Civil Procedure.

SEC. 9. Section 10248.2 is added to the business and Professions Code, to read:

10248.2. (a) A borrower may not waive any right or remedy under this article. This subdivision shall not be deemed to prohibit a bona fide settlement, release or compromise of any claim under this article.

(b) If a loan is negotiated in violation of any section of this article, the licensee, on demand, shall return to the borrower any bonus, brokerage or commission paid or payable under subdivision (b) of

Section 10242 for negotiation of such loans. In the event such demand is not satisfied within 20 days from the date of written demand, the borrower may commence an action under this subdivision and may recover actual damages or twice any bonus, brokerage, or commission paid or payable under subdivision (b) of Section 10242 for the negotiation of said loan whichever is greater, plus costs and reasonable attorney's fees.

The "date of written demand" shall mean either the date upon which the written demand is personally delivered to the licensee or the date upon which the written demand is mailed to the licensee.

A licensee may not be held liable in any action brought under this section for a violation of this article if the licensee shows by a preponderance of evidence that the violation was not intentional and resulted from a bona fide error notwithstanding the maintenance of procedures reasonably adapted to avoid any such error.

If the borrower proceeds under this section he may not proceed under Section 10246 as to the same breach.

(c) If a real estate licensee subject to the provisions of this article violates any provision of Section 10241.1 he shall be liable for, and pay over to the borrower, any commission or experience rating dividend attributable to the insurance written on that loan received by the licensee as a result of the sale of such insurance to the borrower in violation of Section 10241 1 in addition to any premium loss due to short rate cancellation of any insurance subject to Section 10248.1 which was purchased by the borrower.

(d) No action for damages shall be maintained under this section unless brought within two years after the maturity of the loan.

(e) The provisions of this article are not exclusive. The remedies provided for herein shall be in addition to any other procedures or remedies provided under law.

SEC. 10. The provisions of this act shall be operative with respect to loans made on or after the effective date of this act.

SEC. 11. It is the intent of the Legislature that Section 4 of this act shall be inoperative if either Senate Bill 200 or Assembly Bill 2114 is enacted and, if enacted, affects loans made pursuant to Article 7 (commencing with Section 10240) of Chapter 3 of Part 1 of Division 4 of the Business and Professions Code.

SEC. 12. No appropriation is made by this act, nor is any obligation created thereby under Section 2164.3 of the Revenue and Taxation Code, for the reimbursement of any local agency for any costs that may be incurred by it in carrying on any program or performing any service required to be carried on or performed by it by this act.

CHAPTER 643

An act to add Article 3 (commencing with Section 35040) to Chapter 1 of Part 4 of Division 13 of the Water Code, relating to California water districts.

[Approved by Governor September 21, 1973 Filed with Secretary of State September 21, 1973]

The people of the State of California do enact as follows:

SECTION 1. Article 3 (commencing with Section 35040) is added to Chapter 1 of Part 4 of Division 13 of the Water Code, to read:

Article 3. Alternative Method of Conducting Elections

35040. The voting procedure within a district shall be changed from that of a landowner voting district to that of a resident voting district at such time as the board of directors shall determine by a resolution adopted in conformity with the provisions of this article.

35041. Between January 1 and March 30 of each year, the secretary of the district shall inspect the assessable area within the district. At such time as at least 50 percent of the assessable area within the district is devoted to and developed for residential, industrial, or nonagricultural commercial use, or any combination thereof, such fact shall be certified to the board of directors by the secretary of the district. Any time after such certification the registered voters residing within the district may petition for a change in the voting procedure from a landowner voting district to a resident voting district.

35042. The petition shall be signed by not less than 25 percent of the registered voters who reside within the district, but shall contain a minimum of 25 signatures.

35043. The petition shall be substantially in the following form:

The secretary of the _____ Water District having heretofore certified to the board of directors of the district that at least 50 percent of the assessable area within the district is devoted to and developed for residential, industrial, or nonagricultural commercial use, or any combination thereof, the undersigned voters who reside within the boundaries of _____ Water District hereby petition the board of directors thereof to hold all elections on the basis of resident voting district, rather than a landowner voting district.

Date	Signature	Address
_____	_____	_____
_____	_____	_____
_____	_____	_____

35044. Duplicate copies of the petition form shall constitute one petition when filed. If the district is in more than one county, signatures shall be obtained on separate copies of the petition in each county so that such petitions shall contain the signature only of residents of the county in which the copy was circulated.

35045. Each petition shall be signed and dated by registered voters who reside within the district and shall show their residence address.

35046. Each page of the petition which contains the signature of one or more registered voters shall show thereon the affidavit of the circulator in the following form:

The undersigned circulator of the above petition hereby declares under penalty of perjury that the circulator of this petition was over the age of 18 years, and that the signatures hereon are the signatures of the persons named and were signed in the presence of the circulator.

35047. All signatures on the petition shall be obtained within the six-month period immediately preceding the filing thereof.

35048. The petition shall be filed with the county clerk of the principal county at least six months prior to the date of the next general district election.

35049. The signatures to the petition shall be verified as follows:

(a) If the district is wholly in one county, the county clerk shall examine the signatures and from the records of registration ascertain whether or not the petition is signed by the requisite number of registered voters.

(b) If the district is situated in more than one county, each county clerk shall examine that portion of the petition bearing signatures obtained in his county and from the records of registration ascertain the number of signatures of registered voters in that portion of the district lying in his county. The county clerk of a county other than the principal county shall prepare a certificate, and file the same with the county clerk of the principal county, showing the number of valid signatures of registered voters in that county who signed the petition, and shall also show the total number of registered voters in

that county within the district on the date of filing the petition.

(c) The county clerk of the principal county shall attach to the petition his certificate showing the total number of valid signatures thereon, and the total number of registered voters within the district as of the date of filing the petition.

35050. If the number of signatures is not sufficient, a supplemental petition, in the form of a duplicate petition, but bearing additional signatures, may be filed with the county clerk of the principal county within 10 days from the date on which the county clerk of the principal county certified the results of his examination. The supplemental petition shall be verified in the same manner as the original petition. If the signatures on the petition are still insufficient, no action shall be taken thereon. The petition shall remain on file as a public record and failure to secure sufficient signatures shall not prejudice the later filing of an entirely new petition.

35051. If the petition contains at least 25 valid signatures and if the total number of valid signatures on the petition constitutes 25 percent or more of the registered voters within the district as of the date of filing the petition, the county clerk of the principal county shall prepare a certificate to that effect, attach the same to the petition, and deliver, by mail or personal delivery, the petition and the certificate to the secretary of the district.

35052. At the next regular meeting following the delivery by the county clerk of the petition and the certificate to the secretary of the district, the board of directors shall adopt a resolution reciting the delivery of such petition and certificate and specifying that all future elections in the district shall be conducted as a resident voting district, rather than a landowner voting district.

35053. The secretary of the district shall file with the county clerk of each county in which any portion of the district is located, a certified copy of such resolution. The secretary shall cause a copy of the resolution to be published once a week for three successive weeks in a newspaper of general circulation used for the publication of district notices.

35054. After adoption of the resolution by the board of directors, all elections within the district for elective offices, bonds, or other purposes shall be conducted under laws relating to resident voting districts and all provisions of this article shall prevail over any contrary provisions in this division relating to landowner voting districts.

35055. All directors thereafter elected shall be residents of the district, and shall be registered voters at the time of their election and during their term of office. Such directors need not be landowners.

35056. After the establishment of a resident voting district, the provisions set forth in Article 2 (commencing with Section 35025) of this chapter are no longer applicable. The board of directors may at any time establish divisions within the district. After such divisions

shall have been established, or if divisions have previously been established in the district, the board of directors shall from time to time reestablish the boundaries on the basis of equalizing as nearly as practicable the number of registered voters in each division. The creation or modification of divisions shall not affect the term of any director until his term shall expire.

35057. At the first election of directors following the adoption of the resolution by the board establishing a resident voting district, the number of directors to be elected shall correspond with the number of directors whose terms expire. The directors whose terms have not expired shall serve their unexpired terms under the qualifications to hold office that existed prior to the adoption of the resolution establishing a resident voting district. In such first election and in all subsequent elections, the form of the ballot and the conduct of the election shall be governed by the Uniform District Election Law for resident voting districts.

35058. The adoption, in accordance with the provisions of this article, of a resolution changing the method of voting shall in no way invalidate any act of the district, its directors, officers, and employees, made or performed while the district was operating as a landowner voting district.

35059. Any bonds of the district, authorized or issued in any manner provided by law, and any proceedings taken by the district in connection therewith, prior to the adoption of the resolution changing the method of voting, shall not be affected by such resolution, and the bonds shall continue to be legally authorized or issued bonds. Bonds of the district to which this section is applicable shall include, but not be limited to, any of the following:

(a) Bonds authorized pursuant to Chapter 3 (commencing with Section 35150) of this part.

(b) Bonds authorized on behalf of an improvement district pursuant to Chapter 4.9 (commencing with Section 36410) of Part 6 of this division.

(c) Bonds authorized pursuant to Chapter 3.5 (commencing with Section 36250) of Part 6 of this division.

(d) Bonds, including additional bonds, authorized pursuant to Chapter 2 (commencing with Section 35950) of Part 6 of this division.

35060. After establishment of a resident voting district, the provisions of Sections 35305 and 35306 shall no longer be applicable. The board of directors may at any time alter, repeal, or amend the bylaws by a majority vote. Any alteration, repeal, or amendment to the bylaws shall be recorded with the county recorder of each affected county.

SEC 2. Notwithstanding Section 2164.3 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to this section nor shall there be any appropriation made by this act because the duties, obligations or responsibilities imposed on local government by this act are minor in nature and will not cause any financial burden to local government.

When any such deed, instrument, or writing itself fails to establish entitlement to this exemption, the mortgagee or beneficiary may establish within a reasonable time of the payment of the tax that the

(d) The state board shall biennially adopt lists of instructional materials for the following subjects: (1) language arts, (2) arithmetic, (3) social sciences, (4) reading, (5) science, and (6) any other subject in which the board shall determine the need and desirability for instructional materials to promote the maximum efficiency of pupil learning. (e) The state board shall, at the time of the adoption, determine the date upon which state-adopted instructional materials shall be available for use by district boards.

(f) The state board may adopt instructional materials, instructional materials systems, and instructional materials sets without designating a grade or subject and the state board may designate more than one grade or subject whenever the state board determines that a single subject designation or a single grade designation would not promote the maximum efficiency of pupil learning. (b) The unit cost price of books ordered for use after July 1, 1974, whether by purchase from the publisher or printed by the Department of General Services shall be deducted from the credit of the district board ordering such books.

(c) In the event that the books under an extended adoption are found to be in violation of the requirements in Article 3 (commencing with Section 9240) of Chapter 1 of this division, and the governing board is unable to acquire other books which meet the requirements of that article in time for them to be used when the acquired books were planned to be used, the governing board may use the acquired books but only for that academic year.

This section shall remain in effect until July 1, 1977, and on that date is repealed.

Any textbook which has been placed in use by a district board prior to July 1, 1974, pursuant to a state board adoption made prior to August 15, 1972, may be retained in use by the district up to but not beyond the date determined by the state board pursuant to subdivision (e) of Section 9400 for the second biennial adoption in that particular subject.

SEC. 7. Section 9485 of the Education Code is amended to read:

9485. The state board, in order to procure textbooks, shall tabulate all orders for each textbook title received from school districts and nonpublic school pupils. The Department of General Services shall select from the tabulation those titles which can be manufactured by that department at a unit cost lower than that specified in the price schedule submitted by the publisher or manufacturer pursuant to subdivision (b) of Section 9422 and which

[Approved by Governor September 21, 1973 Filed with Secretary of State September 21, 1973]

The people of the State of California do enact as follows:

SECTION 1. Section 211.5 of the Streets and Highways Code is amended to read:

211.5. Where the commission has adopted a location for a freeway, a local agency may request the commission to consider modifications in the route. Should the commission, in its discretion, determine that the suggested modifications in route location merit consideration, the commission shall, on its own motion, hold an adequately publicized public hearing to consider the suggested modifications. The commission, in exercising its discretion, may consider the effect, if any, that the suggested modifications will have upon adjacent local agencies.

If the requested modifications involve locations that extend beyond the boundaries of the local agency requesting the reconsideration, the department shall, after studying the matter and with the approval of the commission, notify the other local agencies within whose boundaries the proposed route modifications are located at least 75 days prior to such a hearing. The commission shall not proceed with the consideration of such proposed modification if any of such local agencies indicates by resolution, adopted at least 45 days prior to the hearing, that it opposes such modification.

The Office of Planning and Research and other affected state agencies shall be notified regarding such suggested modifications; and their recommendations, if any, together with the recommendations of the director and the chief engineer of the Division of Highways, shall be presented to the local agency or agencies and shall be publicized in advance of the public hearing.

Following such public hearing, the commission may, without further notice or hearings, adopt the modified route or any portion thereof. In the event such an adoption is made, the commission shall

prepare and disseminate a report as provided by Section 75.7.

The purpose of this section is to provide an expeditious procedure for the commission to consider and make modifications to adopted freeway routes; provided, however, that unless or until such modifications are adopted by the commission, the previous route adoption shall not be affected, and the commission and the department may take any and all actions permitted by law as to the adopted route during the time the commission is considering the suggested route modification.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that the California Highway Commission may have a procedure to consider freeway route location modifications requested by local officials, without the necessity of reopening the question of the entire freeway route location and thereby causing needless state expenditures, it is necessary that this act take effect immediately.

CHAPTER 651

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that unexpended funds presently being accumulated by student body organizations established for students attending

(a) To review and approve or disapprove with or without amendment, wholly, partially or conditionally proposals for:

(1) The incorporation of cities;

(2) The formation of special districts, and

(3) The annexation of territory to local agencies, (other than local agencies the annexation of territory to which is required to be made pursuant to the provisions of Division 1 (commencing with Section 56000) of Title 6 of this code); provided that a commission shall not impose any conditions which would directly regulate land use or subdivision requirements. Nothing in this subsection, however, shall be construed as prohibiting a commission from requiring, as a condition to annexation, that a city prezone the territory to be annexed; provided that the commission shall not specify how or in what manner the territory shall be prezoned.

(4) The exclusion of territory from a city.

(5) The disincorporation of a city.

(f) To review the boundaries of the territory involved in any proposal with respect to the definiteness and certainty thereof, the nonconformance of proposed boundaries with lines of assessment or ownership, and other similar matters affecting the proposed boundaries.

(g) To waive the restrictions of Section 34312 and of subdivision (1) of Section 35002.3, and Sections 35158 and 35326 if it finds that the application of the restrictions would be detrimental to the orderly development of the community and that the area that would be enclosed by the annexation or incorporation is so located that it cannot reasonably be annexed to another city or incorporated as a new city.

SEC. 2. Section 54796 of the Government Code is amended to read:

54796. Factors to be considered in the review of a proposal shall include but not be limited to:

(b) Need for organized community services; the present cost and adequacy of governmental services and controls in the area; probable future needs for such services and controls; probable effect of the proposed incorporation, formation, annexation, or exclusion and of alternative courses of action on the cost and adequacy of services and controls in the area and adjacent areas. As used in this subdivision, "services" is to be construed as referring to governmental services whether or not the services are such as would be provided by local agencies subject to this chapter, and as including the public facilities necessary to provision of services.

(c) The effect of the proposed action and of alternative actions, on adjacent areas, on mutual social and economic interests and on the local governmental structure of the county.

(d) The definiteness and certainty of the boundaries of the territory, the nonconformance of proposed boundaries with lines of assessment or ownership, the creation of islands or corridors of unincorporated territory, and other similar matters affecting the proposed boundaries

(e) Conformity with appropriate city or county general and specific plans.

(f) The "sphere of influence" of any local agency which may be applicable to the proposal being reviewed.

The people of the State of California do enact as follows:

SECTION 1. Section 17064.6 of the Revenue and Taxation Code is amended to read:

17064.6. For the purposes of this chapter, the term "net business loss" means adjusted gross income (as defined in Section 17072) less the deductions allowed by Section 17252 (relating to expenses for production of income), only if such net amount is a loss.

SEC. 2. Section 17112.7 of the Revenue and Taxation Code is amended to read:

17112.7. (a) (1) This section shall apply to amounts—

(B) Paid to a payee, in the case of an annuity plan described in Section 17511,

if the total distributions or amounts payable to the distributee or payee with respect to an employee (including an individual who is an employee within the meaning of subdivision (a) of Section 17502.2) are paid to the distributee or payee within one taxable year of the distributee or payee, but only to the extent that subdivision (b) of Section 17503 or subdivision (a) of Section 17511 does not apply to such amounts.

(2) This section shall apply only to distributions or amounts paid—

(A) On account of the employee's death,

(B) With respect to an individual who is an employee without regard to subdivision (a) of Section 17502.2, on account of his separation from the service,

(C) With respect to an employee within the meaning of subdivision (a) of Section 17502.2, after he has attained the age of 59½ years, or

(D) With respect to an employee within the meaning of subdivision (a) of Section 17502.2, after he has become disabled (within the meaning of subdivision (g) of Section 17112.5).

(3) This section shall apply to amounts distributed or paid to an employee from or under a plan only if he has been a participant in the plan for five or more taxable years prior to the taxable year in which such amounts are distributed or paid.

(4) This section shall not apply to amounts described in subparagraphs (B) and (C) of paragraph (1) of subdivision (e) of Section 17112.5 (but, in the case of amounts described in subparagraph (B) of such paragraph, only to the extent that subdivision (e) of Section 17112.5 applies to such amounts).

(b) In any case to which this section applies, the tax attributable to the amounts to which this section applies for the taxable year in which such amounts are received shall not exceed whichever of the following is the greater.

the amount of the taxable income of the recipient for such taxable year determined under paragraph (1) of subdivision (c).

(d) In the case of amounts to which this section applies which are distributed or paid with respect to an individual who is an employee without regard to subdivision (a) of Section 17502.2, subdivision (b) shall be applied with the following modifications:

(1) "Seven times" shall be substituted for "five times", and "14⅔ percent" shall be substituted for "20 percent".

(2) Any amount which is received during the taxable year by the employee as compensation (other than as deferred compensation within the meaning of Sections 17513 to 17525, inclusive) for personal services performed for the employer in respect of whom the amounts distributed or paid are received shall not be taken into account.

(3) No portion of the total distributions or amounts payable (of which the amounts distributed or paid are a part) to which subdivision (b) of Section 17503 or subdivision (a) of Section 17511 applies shall be taken into account.

Such deduction shall not be in excess of so much of the loss as would have been deductible in the taxable year

in which the casualty occurred, based on facts existing at the date the taxpayer claims the loss. If an election is made under this section, the casualty resulting in the loss will be deemed to have occurred in the taxable year for which the deduction is claimed.

SEC. 4. Section 17932 of the Revenue and Taxation Code is amended to read:

17932. Every partnership shall make a return for each taxable year, stating specifically the items of gross income and the deductions allowed by this part. the calendar year, which shall be filed at such time as may be prescribed by the Franchise Tax Board.

SEC. 6. The amendments to Section 17064.6 made by this act are intended merely to clarify the meaning and application of Section 17064.6 and not to impose new or different requirements.

[Approved by Governor September 21, 1973 Filed with Secretary of State September 21, 1973]

The people of the State of California do enact as follows:

SECTION 1. Section 11547 of the Business and Professions Code is amended to read:

11547. A local ordinance may require the payment of a fee as a condition of approval of a final subdivision map or as a condition of issuing a building permit for purposes of defraying the actual or estimated cost of constructing bridges.

Such local ordinance may require payment of fees pursuant to this section if:

(1) The ordinance refers to the circulation element of the general plan and to flood control provisions thereof which identify streams for which bridge crossings are required on general plan or local roads; provided, such flood control provisions have been adopted by the local agency 30 days prior to the filing of a subdivision map or application for a building permit.

(2) The ordinance provides that there will be a public hearing held by the governing body for each area benefited. Notice shall be given pursuant to Section 65905 of the Government Code. In addition to the requirements of Section 65905 of the Government Code, such notice shall contain preliminary information related to the boundaries of the area of benefit, estimated cost and the method of fee apportionment. The area of benefit may include land or improvements in addition to the land or improvements which are the subject of the subdivision map or building permit application considered at such proceedings.

(3) The ordinance provides that at such public hearing, the boundaries of the area of benefit, the costs, whether actual or estimated, and a fair method of fee apportionment are established. A description of the boundaries of the area of benefit, the costs, whether actual or estimated, and the method of fee apportionment established at the hearing shall be recorded by the governing body conducting the hearing with the recorder of the county in which the area of benefit is located. Such apportioned fees shall be applicable to all property within the area of benefit and shall be payable as a condition of approval of a final subdivision map or as a condition of issuing a building permit for such property or portions thereof.

(4) The ordinance provides that payment of fees shall not be required unless the planned bridge facility is in addition to any existing bridge facilities serving the area at the time of the adoption of the boundaries of the area of benefit.

(5) The ordinance provides that if, within the time when protests may be filed under the provisions of such ordinance, there is a written protest, filed with the clerk of the legislative body, by the owners of more than one-half of the area of the property to be benefited by the improvement, and sufficient protests are not withdrawn so as to reduce the area represented to less than one-half of that to be benefited, then the proposed proceedings shall be abandoned, and the legislative body shall not, for one year from the filing of that written protest, commence or carry on any proceedings for the same improvement or acquisition under the provisions of this section.

Any protests may be withdrawn by the owner making the same, in writing, at any time prior to the conclusion of a public hearing held pursuant to the ordinance.

If any majority protest is directed against only a portion of the improvement then all further proceedings under the provisions of

this section to construct that portion of the improvement so protested against shall be barred for a period of one year, but the legislative body shall not be barred from commencing new proceedings not including any part of the improvement or acquisition so protested against. Nothing in this section shall prohibit the legislative body, within such one-year period, from commencing and carrying on new proceedings for the construction of a portion of the improvement so protested against if it finds, by the affirmative vote of four-fifths of its members, that the owners of a majority of the property within the area of benefit are in favor of going forward with such portion of the improvement or acquisition.

Fees paid pursuant to an ordinance adopted pursuant to this section shall be deposited in a planned bridge facility fund. A separate fund shall be established for each planned bridge facility project. Moneys in such fund shall be expended solely for the construction or reimbursement for construction of the bridge facility serving the area to be benefited and from which the fees comprising the fund were collected, or to reimburse the county or city for the cost of constructing the bridge facility.

An ordinance adopted pursuant to this section may provide for the acceptance of considerations in lieu of the payment of fees.

A county or city imposing fees pursuant to this section may advance money from its general fund or road fund to pay the cost of constructing the bridge facilities and may reimburse the general fund or road fund for such advances from planned bridge facility funds established to finance the construction of such bridge facilities.

A county or city imposing fees pursuant to this section may incur an indebtedness for the construction of bridge facilities; provided that the sole security for repayment of such indebtedness shall be moneys in planned bridge facility funds.

The term "construction" as used in this section includes design, acquisition of right-of-way, administration of construction contracts and actual construction.

SEC. 2. Section 3065 of the Civil Code is amended to read:

3065. Any person who shall, by his own labor, or by using his livestock, machinery or appliances, or both, do or perform any work or render any service in connection with felling, preparing or transporting any logs, or in manufacturing lumber or other timber products from such logs, including the production of tanbark, shall have a lien upon any and all of such logs and upon any and all of the lumber and other timber products manufactured therefrom, whether said work was done or service was rendered on the logs themselves, or any of them, or in manufacturing the lumber or other timber products from them, for the value of such labor done and for the value of the use of such livestock, machinery and appliances, or both, whether said work was done or service was rendered at the instance of the owner of such logs or timber products manufactured therefrom, or of any other person acting by his authority or under him, directly or indirectly, as contractor or otherwise; and every

contractor, subcontractor or other person having charge of the felling, preparing or transporting of the said logs or of their manufacture into timber products shall be held to be the agent of the said owner for the purposes of this section.

The liens provided for in this section shall attach from the date of the commencement of such work or labor, or the date of the commencement of the use of such livestock, machinery or appliances, as the case may be, and shall be preferred liens, prior in dignity to all other liens, claims or encumbrances, except the landowner's claim for a reasonable stumpage in cases where the landowner himself is not the direct employer or contractor, as the case may be. They shall not be limited as to amount by any contract price agreed upon between the owner of said logs or timber products manufactured therefrom and any contractor, except as hereinafter provided, but said several liens shall not in any case exceed in amount the reasonable value of the labor done, or the reasonable value of the use of the livestock, machinery or appliances for which the lien is claimed, nor the price agreed upon for the same between the claimant and the person by whom he was employed or with whom the agreement to use livestock, machinery or appliances was made, nor in any case, where the claimant was employed by a contractor, or subcontractor, shall the lien extend to any labor or the use of any livestock, machinery or appliances not embraced within, contemplated by, covered by, or reasonably necessary to the execution of, the original contract between the contractor and the owner of such logs or timber products manufactured therefrom, or any modification thereof made by or with the consent of such owner, and of which said contract, or modification thereof, the claimant shall have had actual notice before the performance of such labor or the use of such livestock, machinery or appliances.

The recording of such original contract, or modification thereof, in the office of the county recorder of the county in which the timberland on which the work is to be done is situated or in which the logs are to be manufactured into timber products, as the case may be, before the commencement of the work, shall be equivalent to the giving of such actual notice by the owner to all persons performing work or using livestock, machinery or appliances thereunder. In case said original contract shall, before the work is commenced, be so recorded, together with a bond of the contractor with good and sufficient sureties in an amount not less than fifty (50) percent of the contract price named in said contract, which bond shall in addition to any conditions for the performance of the contract, be also conditioned for the payment in full of the claims of all persons performing labor, or using livestock, machinery or appliances, in the execution of such contract and shall also by its terms be made to inure to the benefit of any and all persons who perform labor or use livestock, machinery or appliances in the execution of the work to be done under the contract so as to give such persons, and their assigns or successors in interest, a right of action to recover upon said bond

0184 373590 58

in any suit brought to enforce the liens provided for in this section, or in a separate suit brought on said bond, then the court must, where it would be equitable so to do, restrict the recovery under such liens to an aggregate amount equal to the amount found to be due from the owner of the said logs or timber products manufactured therefrom to the contractor, and render judgment against the contractor and his sureties on said bond for any deficiency or difference there may remain between said amount so found to be due to the claimants for such labor and for the use of such livestock, machinery and appliances. It is the intent and purpose of this section to limit the owner's liability, in all cases, to the measure of the contract price where he shall have filed or cause to be filed, in good faith, with his original contract a valid bond with good and sufficient sureties in the amount and upon the conditions herein provided. It shall be lawful for the owner of such logs and timber products to protect himself against any failure of the contractor to perform his contract and make full payment for all work done thereunder by exacting such bond or other security as he may deem satisfactory.

SEC. 3. Section 3462 of the Civil Code is amended to read:

3462. An affidavit must be made by every assignor executing an assignment for the benefit of creditors, to be annexed to and filed with the inventory mentioned in the last section, to the effect that the same is in all respects just and true according to the best of such assignor's knowledge and belief. If the assignor neglects or refuses to make and file such inventory and affidavit within said 20 days, the assignment shall not, for that reason, be affected in any way, but in that event the assignee or assignees elected by the creditors shall within 20 days thereafter make and record in the office of the county recorder where the assignment is first recorded, a verified inventory of all assets received by them; and such assignee or assignees may at any time, or from time to time, after the transfer to them by the sheriff, by petition to the superior court of the county or city and county where the assignment is first recorded, cause the assignor, by order or citation to appear before said court, or a commissioner or referee to be appointed by it, at a time and place within the county, or city and county, to be designated in the order or citation, to be examined touching the matters mentioned in Section 3461, and any other matters relative to the assignment, and to have with him all books of account, vouchers, and papers relating to the assigned property; and such court may by its order require the surrender to such assignee or assignees of such books, vouchers, and papers, to be by them retained until their trust is fully completed and performed.

0769 37 4160 100

[Approved by Governor September 21, 1973 Filed with Secretary of State September 21, 1973]

The people of the State of California do enact as follows:

SECTION 1. Section 23365 of the Business and Professions Code is amended to read:

23365. Neither a corporation nor a limited partnership required to maintain a register under Section 23405.1 or licensed under Section 23405.2 engaged in the manufacture of distilled spirits shall, directly or indirectly, through affiliates, subsidiaries, or otherwise, distribute distilled spirits to its stockholders by dividend, or to its limited partners by return of capital contribution or share of profits, either by distribution in kind or the granting of purchase privileges. This section does not restrict the sale of alcoholic beverages to persons holding manufacturer's, distilled spirits manufacturer's agent's, rectifier's, or wholesaler's licenses.

SEC. 2. Section 23405.2 is added to the Business and Professions Code, to read:

23405.2. Notwithstanding any other provision of this division, the department may issue a license to a limited partnership in which there are more than 10 limited partners and which is not required to file periodic reports with the Securities and Exchange Commission. The application for such license shall be signed by, and the license shall be issued in the names of, the general partners and each limited partner who owns 10 percent or more of the capital or profits of such limited partnership.

The issuance of a license under this section shall be conditioned upon the following:

(a) Any and all articles or agreements of limited partnership or certificates or amendments thereto shall be filed with the department at the time of filing the application for the license. Any and all articles, agreements, certificates or amendments executed after the issuance of the license shall be filed with the department within 30 days after execution.

(b) The general partners and limited partners who are required to sign the application shall certify to the department on such forms as prescribed by the department whether or not any general partner or any limited partner holds the ownership, directly or indirectly, in any license within or without this state to manufacture, import, distribute, rectify, or sell alcoholic beverages.

The department may deny any application or suspend or revoke any license under this section where conditions exist relative to any general partner or any limited partner who owns 10 percent or more of the capital or profits of the limited partnership which would cause grounds for denial or action against such person if he were a licensee or applicant.

The department may deny any application or suspend or revoke any license under this section in the event any general partner or any limited partner holds or acquires any prohibited ownership interest,

directly or indirectly, in any licensed business in violation of the tied-house provisions of Chapter 15 of this division.

Notwithstanding any other provision of this division, the department may issue a license under this section where it is determined by the department that the interest in the limited partnership by a limited partner who also holds the ownership, directly or indirectly, in any other license issued under this division, is diminutive and, if the department so requires, the license issued under this section may contain a condition thereon prohibiting any business transaction, direct or indirect, between the business licensed under this section and any other such licensed business.

SEC. 3. Section 23951 of the Business and Professions Code is amended to read:

23951. The application shall contain the following:

(a) The name of the applicant.

(b) In the case of a copartnership, the names of the individual partners; provided, however, that in the case of a limited partnership required to maintain a register in California under Section 23405.1 or applying for a license authorized under Section 23405.2 the application shall contain the names of the general partners and of the limited partners owning 10 percent or more of the capital or profits of such limited partnership.

(c) In the case of a corporation, the principal officers and directors.

(d) The location of the premises for which the license is applied.

SEC. 4. Section 23953 of the Business and Professions Code is amended to read:

23953. The application shall be signed by the applicant. In the case of a partnership the application shall be signed by each of the partners, and for the purposes of this division such partners shall be deemed the applicant for any such license and the licensees under any license issued pursuant to such application; provided, however, that in the case of a limited partnership which is required by law to file periodic reports with the Securities and Exchange Commission, the application for any license other than a retail license shall be signed by each of the general partners, and for purposes of this division such general partners shall be deemed to be the applicant for any such license and the licensees under any license issued pursuant to said application; and provided, further, that in the case of a limited partnership which is applying for a license authorized under Section 23405.2, the application for such license shall be signed by each of the general partners and by each limited partner who owns 10 percent or more of the capital or profits of such limited partnership. In the case of a corporation the application shall be signed by an officer and under the seal of the corporation.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Certain large publicly traded limited partnerships of over 10 limited partners and which are not required to file periodic reports with the Securities and Exchange Commission wishing to engage in licensed activities under the Alcoholic Beverage Control Act would be required to submit applications from each individual limited partner, when such large entities could more reasonably be treated as corporations for most licensing purposes. In order that these partnerships may be licensed as soon as possible and that the licensing procedures required of such partnerships by the Department of Alcoholic Beverage Control may be facilitated, it is necessary that this act take effect immediately.

SEC. 6. The Legislature declares that it is its intention that nothing contained in Section 23405.2 of the Business and Professions Code shall be construed to affect the licensing under other sections of Division 9 (commencing with Section 23000) of the Business and Professions Code of limited partnerships of over 10 limited partners and which are required to file periodic reports with the Securities and Exchange Commission.

In the case of persons in the positions specified in Sections 74692 and 74693, on the effective date of the amendments to this section enacted at the 1971 Regular Session of the Legislature, they shall have their existing salaries adjusted to the same relative step in the new range, and such adjustment shall not alter the anniversary date or eligibility of the employee for consideration for a regular step increase under this section.

SEC. 3. There are no state-mandated local costs which require reimbursement by the state under Section 2164.3 of the Revenue and Taxation Code because the affected local agency has requested the Legislature to revise state law in accordance with the provisions of this act in order to carry on any program and perform any service required by the act.

CHAPTER 685

An act to amend Sections 76001 and 76003 of the Government Code, relating to grand juror's compensation.

[Approved by Governor September 21, 1973 Filed with Secretary of State September 21, 1973.]

The people of the State of California do enact as follows:

SECTION 1. Section 76001 of the Government Code is amended to read:

76001. In a county of the first class, each member of the grand jury shall be allowed not less than ten dollars ($10) and not more than

twenty-five dollars ($25), as determined by the county board of supervisors, for each day's attendance upon sessions of the grand jury, or for each day's attendance as a member of any committee of the grand jury, even though a full jury quorum of 12 is not present, and mileage, at the rates payable to officers and employees of such county, for each mile actually and necessarily traveled in attending meetings of the grand jury, or any session of a grand jury committee duly called by the foreman or committee chairman.

SEC. 2. Section 76003 of the Government Code is amended to read:

76003. In a county of the third class the fees of the grand jurors shall be not less than ten dollars ($10) and not more than twenty-five dollars ($25), as determined by the county board of supervisors, for each day's attendance and mileage at the rate of ten cents ($0.10) a mile necessarily traveled in attending court, in going and returning.

The fees of trial jurors in the superior courts are the amounts provided by law for each day's attendance and mileage at the rate of fifteen cents ($0.15) a mile for each mile necessarily traveled in attending court, in going only. In criminal cases fees and mileage of trial jurors in the superior court shall be paid by the treasurer of the county out of the general fund of the county upon warrants drawn by the county auditor upon the written order of the judge of the court in which the juror was in attendance, and the treasurer of the county shall pay the warrants.

SEC. 3. Because any increase above the current $10 fee paid to grand jurors is discretionary with the board of supervisors, there is no state-mandated local cost that requires reimbursement under Section 2164.3 of the Revenue and Taxation Code.

CHAPTER 686

An act to amend Section 232 of the Civil Code, relating to parental custody and control.

[Approved by Governor September 21, 1973 Filed with Secretary of State September 21, 1973]

The people of the State of California do enact as follows:

SECTION 1. Section 232 of the Civil Code is amended to read:

232. (a) An action may be brought for the purpose of having any person under the age of 18 years declared free from the custody and control of either or both of his parents when such person comes within any of the following descriptions:

(1) Who has been left without provision for his identification by his parent or parents or by others or has been left by both of his parents or his sole parent in the care and custody of another for a period of six months or by one parent in the care and custody of the

other parent for a period of one year without any provision for his support, or without communication from such parent or parents, with the intent on the part of such parent or parents to abandon such person. Such failure to provide identification, failure to provide, or failure to communicate shall be presumptive evidence of the intent to abandon. Such person shall be deemed and called a person abandoned by the parent or parents abandoning him. If in the opinion of the court the evidence indicates that such parent or parents have made only token efforts to support or communicate with the child, the court may declare the child abandoned by such parent or parents. In those cases in which the child has been left without provision for his identification and the whereabouts of the parents are unknown, a petition may be filed after the 120th day following the discovery of the child and citation by publication may be commenced. The petition may not be heard until after the 180th day following the discovery of the child.

The fact that a child is in a foster care home, licensed under subdivision (a) of Section 16000 of the Welfare and Institutions Code, shall not prevent a licensed adoption agency which is planning adoption placement for the child, from instituting, under this subdivision, an action to declare such child free from the custody and control of his parents. When the requesting agency is a licensed county adoption agency, the county counsel and if there is no county counsel, the district attorney shall institute such action.

(2) Who has been cruelly treated or neglected by either or both of his parents, if such person has been a dependent child of the juvenile court, and such parent or parents deprived of his custody for the period of one year prior to the filing of a petition praying that he be declared free from the custody and control of such cruel or neglectful parent or parents.

(3) Whose parent or parents suffer a disability because of the habitual use of alcohol, or any of the controlled substances specified in Schedules I to V, inclusive, of Division 10 (commencing with Section 11000) of the Health and Safety Code, except when such controlled substances are used as part of a medically prescribed plan, or are morally depraved, if such person has been a dependent child of the juvenile court, and the parent or parents deprived of his custody because of such disability, or moral depravity, for the period of one year continuously immediately prior to the filing of the petition praying that he be declared free from the custody and control of such parent or parents. As used in this subdivision, "disability" means any physical or mental incapacity which renders the parent or parents unable to adequately care for and control the child.

(4) Whose parent or parents are convicted of a felony, if the felony of which such parent or parents were convicted is of such nature as to prove the unfitness of such parent or parents to have the future custody and control of the child, or if any term of sentence of such parent or parents is of such length that the child will be

deprived of a normal home for a period of years.

(5) Whose parent or parents have been declared by a court of competent jurisdiction wherever situated to be mentally deficient or mentally ill, if, in the state or country in which the parent or parents are hospitalized or resident, the State Director of Health, or his equivalent, if any, and the superintendent of the hospital of which, if any, such parent or parents are inmates or patients certify that such parent or parents so declared to be mentally deficient or mentally ill will not be capable of supporting or controlling the child in a proper manner.

(6) Whose parent or parents are, and will remain incapable of supporting or controlling the child in a proper manner because of mental deficiency or mental illness, if there is testimony to this effect from two physicians and surgeons each of which must have been certified either by the American Board of Psychiatry and Neurology or under Section 6750 of the Welfare and Institutions Code. If, however, the parent or parents reside in another state or in a foreign country, the testimony herein may be supplied by two physicians and surgeons who are residents of such state or foreign country, if such physicians and surgeons have been certified by a medical organization or society of that state or foreign country to practice psychiatric or neurological medicine and if the court determines that the certification requirements of such organization or society are comparable to those of the American Board of Psychiatry and Neurology.

The parent or parents shall be cited to be present at the hearing, and if he or they have no attorney, the court shall appoint an attorney or attorneys to represent the parent or parents and fix the compensation to be paid by the county for such services, if he determines the parent or parents are not financially able to employ counsel.

(7) Who has been cared for in one or more foster homes under the supervision of the juvenile court, the county welfare department or other public or private licensed child-placing agency for two or more consecutive years, providing that the court finds beyond reasonable doubt that return of the child to his parent or parents would be detrimental to the child and that the parent or parents have failed during such period, and are likely to fail in the future, to

(i) Provide a home for said child;

(ii) Provide care and control for the child; and

(iii) Maintain an adequate parental relationship with the child.

Physical custody of the child by the parent or parents for insubstantial periods of time during the required two-year period will not serve to interrupt the running of such period.

(b) A licensed adoption agency may institute under this section, an action to declare a child, as described in this section, free from the custody and control of his parents. When the requesting agency is a licensed county adoption agency, the county counsel, or if there is no county counsel, the district attorney shall in a proper case institute

such action.

CHAPTER 687

An act to amend Section 13311 of the Education Code, relating to public school employees.

[Approved by Governor September 21, 1973 Filed with Secretary of State September 21, 1973]

The people of the State of California do enact as follows:

SECTION 1. Section 13311 of the Education Code is amended to read:

13311. Nothing in Sections 13303 to 13308, inclusive, shall be construed to give permanent classification to a person in the evening school who is already classified as a permanent employee in the day school. In case a teacher obtains permanent classification in the evening school and later is eligible for the same classification in the day school by reason of having served the probationary period therein, he shall be given his choice as to which he shall take.

Notwithstanding any other provision to the contrary, service in the evening school shall not be included in computing the service required as a prerequisite to attainment of, or eligibility to, classification as a permanent employee in the day school, except service in the evening school rendered by a person rendering services in the day school who is directed or specifically requested by the school district to render services in the evening school either in addition to, or instead of, rendering service in the day school. Service in the day school shall not be included in computing the service required as a prerequisite to attainment of, or eligibility to, classification as a permanent employee in the evening school, except service in the day school rendered by a person rendering services in the evening school who is directed or specifically requested by the school district to render service in the day school either in addition to, or instead of, rendering service in the evening school.

CHAPTER 688

An act to amend Sections 6370 and 6371 of, and to add Sections 6370.1 and 6370.2 to, the Public Resources Code, relating to state lands, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 21, 1973 Filed with Secretary of State September 21, 1973]

The people of the State of California do enact as follows:

SECTION 1. Section 6370 of the Public Resources Code is amended to read:

6370. The commission, acting in concert with the Resources Agency and the Office of Planning and Research, and in cooperation with other appropriate state, federal, and local agencies, shall inventory unconveyed state school and tide and submerged lands and identify such lands which possess significant environmental values, including scenic, historic, natural, or aesthetic values of statewide interest. The commission, upon identification of such lands, shall adopt regulations necessary to assure permanent protection to these lands.

SEC. 2. Section 6370.1 is added to the Public Resources Code, to read:

6370.1. The Office of Planning and Research shall, for purposes of Section 6370, define "significant environmental values", which definition shall include, but not be limited to, the criteria developed pursuant to Section 65041 of the Government Code. Such definition shall be submitted to the commission for its approval and adoption at a public hearing. The commission shall submit the adopted definition, including reasons in support of the adopted definition, to the Legislature no later than January 15, 1974.

SEC. 3 Section 6370.2 is added to the Public Resources Code, to read:

6370.2. The commission shall submit a final report to the Legislature by January 15, 1975, which identifies those lands determined by the commission to possess significant environmental values and sets forth the applicable criteria upon which such determinations were made, including the findings and regulations adopted pursuant to Section 6370. The report shall further contain recommended additional actions necessary to assure permanent protection of such lands. In its investigation, the commission shall consider the California Protected Waterways Plan required pursuant to the provisions of Chapter 1278 of the Statutes of 1968, and any and all other reports and plans relating to the protection of scenic, historic, natural, or aesthetic values.

SEC. 4. Section 6371 of the Public Resources Code is amended to read:

6371. Until submission of the report required in Section 6370.2 the State Lands Commission shall not sell any of the lands under its jurisdiction unless it has made a finding at a public meeting that such sale is necessary for the health, welfare or safety of the people of the state or a finding that such land would not meet the intent of environmentally significant lands indicated in Section 6370; provided, however, that this section and Sections 6372, 6373, 6374, and 6375 shall not be applicable to settlements of title and boundary problems by the commission and exchanges in connection therewith. The commission shall not lease any of the lands under its jurisdiction unless it shall have complied with the environmental impact report requirements of Division 13 (commencing with Section 21000) and

rules and regulations adopted by the commission pursuant to Section 21082.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Present law requires the State Lands Commission to inventory unconveyed state school and tide and submerged lands in order that those which possess unique environmental values may be permanently protected. The commission was required to submit a report to the Legislature by January 1, 1973, identifying such lands, but submission of the report has been delayed. In order to assure that this information is received as soon as possible so that proper steps can be taken to protect such lands, it is necessary that this act take immediate effect.

CHAPTER 689

An act to amend Section 1205 of the Penal Code, relating to fines and imprisonment.

[Approved by Governor September 21, 1973 Filed with Secretary of State September 21, 1973]

The people of the State of California do enact as follows:

SECTION 1. Section 1205 of the Penal Code is amended to read:

1205. A judgment that the defendant pay a fine, with or without other punishment, may also direct that he be imprisoned until the fine is satisfied and may further direct that such imprisonment begin at and continue after the expiration of any imprisonment imposed as a part of the punishment or of any other imprisonment to which he may theretofore have been sentenced. Every such judgment shall specify the extent of the imprisonment for nonpayment of the fine, which shall not be more than one day for each twenty dollars ($20) of the fine, nor exceed in any case the term for which the defendant might be sentenced to imprisonment for the offense of which he has been convicted. A defendant held in custody for nonpayment of a fine shall be entitled to credit on the fine for each day he is so held in custody, at the rate specified in the judgment. When the defendant has been convicted of a misdemeanor, a judgment that the defendant pay a fine may also direct that he pay the fine within a limited time or in installments on specified dates and that in default of payment as therein stipulated he be imprisoned in the discretion of the court either until the defaulted installment is satisfied or until the fine is satisfied in full; but unless such direction is given in the judgment, the fine shall be payable forthwith.

Except as otherwise provided in case of fines imposed as conditions

of probation, the defendant must pay the fine to the clerk of the court, or to the judge thereof if there is no clerk, unless the defendant is taken into custody for nonpayment of the fine, in which event payments made while he is in custody shall be made to the officer who holds him in custody and all amounts so paid shall be forthwith paid over by such officer to the court which rendered the judgment. The clerk shall report to the court every default in payment of a fine or any part thereof, or if there is no clerk, the court shall take notice of such default. If time has been given for payment of a fine or it has been made payable in installments, the court shall, upon any default in payment immediately order the arrest of the defendant and order him to show cause why he should not be imprisoned until the fine or installment thereof, as the case may be, is satisfied in full. If the fine, or installment, is payable forthwith and it is not so paid, the court shall without further proceedings, immediately commit the defendant to the custody of the proper officer to be held in custody until the fine or installment thereof, as the case may be, is satisfied in full. The provisions of this section shall apply to any violation of any of the codes or statutes of the State of California punishable by a fine or by a fine and imprisonment.

In any district in which appointments are made from eligible lists established by examination, if two or more employees rendered their first paid service on the same date, the board shall determine the order of employment of employees so appointed by lot drawn as follows:

First, those who were highest on their respective eligible lists, except as they have waived appointment, shall draw lots for preferred order as among such employees.

Second, those who were next highest on their respective eligible lists shall similarly draw lots for preferred order as among themselves.

In like manner, drawings shall continue until the order of employment of all shall have been determined. Employees appointed subject to examination shall draw last of all.

In districts in which employees are not appointed from eligible lists, all who first rendered paid service on the same date shall participate in a single drawing except that in school districts having an average daily attendance in excess of 15,000, an independent auditing firm may be employed to assign to such employees numbers at random which shall determine the order of employment. Any determination of an employee's order of employment pursuant to this section shall be made within 30 days of the date service was first rendered by the employee.

CHAPTER 691

CHAPTER 692

An act to amend Section 6103.7 of the Government Code, and to amend Section 19132.9 of the Health and Safety Code, relating to fees.

[Approved by Governor September 21, 1973. Filed with Secretary of State September 21, 1973.]

The people of the State of California do enact as follows:

SECTION 1. Section 6103.7 of the Government Code is amended to read:

6103.7. Section 6103 does not apply to any fee or charge for official services established by a city, county, city and county, or district as a reasonable and nondiscriminatory inspection fee to defray the costs of the inspection by such city, county, city and county, or district of building construction work performed within the boundaries of such city, county, city and county, or district, whether such work is done pursuant to franchise, statutory authority, or otherwise. Section 6103

does not apply to a reasonable and nondiscriminatory fee or charge established by a city, county, city and county, or district ordinance to defray the costs of providing plan-checking services to any applicant, whether such plan-checking services are performed by the city, county, city and county, or district having jurisdiction over the construction or are contracted by such city, county, city and county, or district to an independent plan-checking firm. This section does not authorize a fee or charge for the mere issuance of a permit to do such work, nor does this section authorize the assessment against, or collecting of any fee or charge from, the state or its agencies when, and to the extent that, such inspection or services are otherwise required by law, to be, and are in fact, performed by another governmental agency.

CHAPTER 693

An act to add Title 9 (commencing with Section 5150) to Part 5 of the Civil Code, relating to the Uniform Child Custody Jurisdiction Act.

[Approved by Governor September 21, 1973 Filed with Secretary of State September 21, 1973]

The people of the State of California do enact as follows:

SECTION 1. Title 9 (commencing with Section 5150) is added to Part 5 of the Civil Code, to read:

TITLE 9. UNIFORM CHILD CUSTODY JURISDICTION ACT

5150. (1) The general purposes of this title are to:

(a) Avoid jurisdiction competition and conflict with courts of other states in matters of child custody which have in the past resulted in the shifting of children from state to state with harmful effects on their well-being.

(b) Promote cooperation with the courts of other states to the end that a custody decree is rendered in that state which can best decide the case in the interest of the child.

(c) Assure that litigation concerning the custody of a child take place ordinarily in the state with which the child and his family have the closest connection and where significant evidence concerning his care, protection, training, and personal relationships is most readily available, and that courts of this state decline the exercise of

jurisdiction when the child and his family have a closer connection with another state.

(d) Discourage continuing controversies over child custody in the interest of greater stability of home environment and of secure family relationships for the child.

(e) Deter abductions and other unilateral removals of children undertaken to obtain custody awards.

(f) Avoid relitigation of custody decisions of other states in this state insofar as feasible.

(g) Facilitate the enforcement of custody decrees of other states.

(h) Promote and expand the exchange of information and other forms of mutual assistance between the courts of this state and those of other states concerned with the same child.

(i) To make uniform the law of those states which enact it.

(2) This title shall be construed to promote the general purposes stated in this section.

5151. As used in this title:

(1) "Contestant" means a person, including a parent, who claims a right to custody or visitation rights with respect to a child;

(2) "Custody determination" means a court decision and court orders and instructions providing for the custody of a child, including visitation rights; it does not include a decision relating to child support or any other monetary obligation of any person.

(3) "Custody proceeding" includes proceedings in which a custody determination is one of several issues, such as an action for dissolution of marriage, or legal separation, and includes child neglect and dependency proceedings;

(4) "Decree" or "custody decree" means a custody determination contained in a judicial decree or order made in a custody proceeding, and includes an initial decree and a modification decree.

(5) "Home state" means the state in which the child immediately preceding the time involved lived with his parents, a parent, or a person acting as parent, for at least six consecutive months, and in the case of a child less than six months old the state in which the child lived from birth with any of the persons mentioned. Periods of temporary absence of any of the named persons are counted as part of the six-month or other period.

(6) "Initial decree" means the first custody decree concerning a particular child.

(7) "Modification decree" means a custody decree which modifies or replaces a prior decree, whether made by the court which rendered the prior decree or by another court.

(8) "Physical custody" means actual possession and control of a child.

(9) "Person acting as parent" means a person, other than a parent, who has physical custody of a child and who has either been awarded custody by the court or claims a right to custody.

(10) "State" means any state, territory, or possession of the United States, the Commonwealth of Puerto Rico, and the District of Columbia.

5152. (1) A court of this state which is competent to decide child custody matters has jurisdiction to make a child custody determination by initial or modification decree if the conditions as set forth in any of the following paragraphs are met:

(a) This state (i) is the home state of the child at the time of commencement of the proceeding, or (ii) had been the child's home state within six months before commencement of the proceeding and the child is absent from this state because of his removal or retention by a person claiming his custody or for other reasons, and a parent or person acting as parent continues to live in this state.

(b) It is in the best interest of the child that a court of this state assume jurisdiction because (i) the child and his parents, or the child and at least one contestant, have a significant connection with this state, and (ii) there is available in this state substantial evidence concerning the child's present or future care, protection, training, and personal relationships.

(c) The child is physically present in this state and (i) the child has been abandoned or (ii) it is necessary in an emergency to protect the child because he has been subjected to or threatened with mistreatment or abuse or is otherwise neglected or dependent.

(d) (i) It appears that no other state would have jurisdiction under prerequisites substantially in accordance with paragraphs (a), (b) (c), or another state has declined to exercise jurisdiction on the ground that this state is the more appropriate forum to determine the custody of the child, and (ii) it is in the best interest of the child that this court assume jurisdiction.

(2) Except under paragraphs (c) and (d) of subdivision (1), physical presence in this state of the child, or of the child and one of the contestants, is not alone sufficient to confer jurisdiction on a court of this state to make a child custody determination.

(3) Physical presence of the child, while desirable, is not a prerequisite for jurisdiction to determine his custody.

5153. Before making a decree under this title, reasonable notice and opportunity to be heard shall be given to the contestants, any parent whose parental rights have not been previously terminated, and any person who has physical custody of the child. If any of these persons is outside this state, notice and opportunity to be heard shall be given pursuant to Section 5154.

5154. (1) Notice required for the exercise of jurisdiction over a person outside this state shall be given in a manner reasonably calculated to give actual notice, and may be made in any of the following ways:

(a) By personal delivery outside this state in the manner prescribed for service of process within this state.

(b) In the manner prescribed by the law of the place in which the service is made for service of process in that place in an action in any of its courts of general jurisdiction.

(c) By any form of mail addressed to the person to be served and

requesting a receipt.

(d) As directed by the court (including publication, if other means of notification are ineffective).

(2) Notice under this section shall be served, mailed, delivered, or last published at least 10 days before any hearing in this state.

(3) Proof of service outside this state may be made by affidavit of the individual who made the service, or in the manner prescribed by the law of this state, the order pursuant to which the service is made, or the law of the place in which the service is made. If service is made by mail, proof may be a receipt signed by the addressee or other evidence of delivery to the addressee.

(4) Notice is not required if a person submits to the jurisdiction of the court.

5155. (1) A court of this state shall not exercise its jurisdiction under this title if at the time of filing the petition a proceeding concerning the custody of the child was pending in a court of another state exercising jurisdiction substantially in conformity with this title, unless the proceeding is stayed by the court of the other state because this state is a more appropriate forum or for other reasons.

(2) Before hearing the petition in a custody proceeding the court shall examine the pleadings and other information supplied by the parties under 5159 and shall consult the child custody registry established under 5165 concerning the pendency of proceedings with respect to the child in other states. If the court has reason to believe that proceedings may be pending in another state it shall direct an inquiry to the state court administrator or other appropriate official of the other state.

(3) If the court is informed during the course of the proceeding that a proceeding concerning the custody of the child was pending in another state before the court assumed jurisdiction it shall stay the proceeding and communicate with the court in which the other proceeding is pending to the end that the issue may be litigated in the more appropriate forum and that information be exchanged in accordance with Sections 5168 through 5171. If a court of this state has made a custody decree before being informed of a pending proceeding in a court of another state it shall immediately inform that court of the fact. If the court is informed that a proceeding was commenced in another state after it assumed jurisdiction it shall likewise inform the other court to the end that the issues may be litigated in the more appropriate forum.

5156. (1) A court which has jurisdiction under this title to make an initial or modification decree may decline to exercise its jurisdiction any time before making a decree if it finds that it is an inconvenient forum to make a custody determination under the circumstances of the case and that a court of another state is a more appropriate forum.

(2) A finding of inconvenient forum may be made upon the court's own motion or upon motion of a party or a guardian ad litem or other representative of the child.

(3) In determining if it is an inconvenient forum, the court shall consider if it is in the interest of the child that another state assume jurisdiction. For this purpose it may take into account the following factors, among others:

(a) If another state is or recently was the child's home state.

(b) If another state has a closer connection with the child and his family or with the child and one or more of the contestants.

(c) If substantial evidence concerning the child's present or future care, protection, training, and personal relationships is more readily available in another state.

(d) If the parties have agreed on another forum which is no less appropriate.

(e) If the exercise of jurisdiction by a court of this state would contravene any of the purposes stated in Section 5150.

(4) Before determining whether to decline or retain jurisdiction the court may communicate with a court of another state and exchange information pertinent to the assumption of jurisdiction by either court with a view to assuring that jurisdiction will be exercised by the more appropriate court and that a forum will be available to the parties.

(5) If the court finds that it is an inconvenient forum and that a court of another state is a more appropriate forum, it may dismiss the proceedings, or it may stay the proceedings upon condition that a custody proceeding be promptly commenced in another named state or upon any other conditions which may be just and proper, including the condition that a moving party stipulate his consent and submission to the jurisdiction of the other forum.

(6) The court may decline to exercise its jurisdiction under this title if a custody determination is incidental to an action for divorce or another proceeding while retaining jurisdiction over the divorce or other proceeding.

(7) It if appears to the court that it is clearly an inappropriate forum it may require the party who commenced the proceedings to pay, in addition to the costs of the proceedings in this state, necessary travel and other expenses, including attorney's fees, incurred by other parties or their witnesses. Payment is to be made to the clerk of the court for remittance to the proper party.

(8) Upon dismissal or stay of proceedings under this section the court shall inform the court found to be the more appropriate forum of this fact, of if the court which would have jurisdiction in the other state is not certainly known, shall transmit the information to the court administrator or other appropriate official for forwarding to the appropriate court.

(9) Any communication received from another state informing this state of a finding of inconvenient forum because a court of this state is the more appropriate forum shall be filed in the custody registry of the appropriate court. Upon assuming jurisdiction the court of this state shall inform the original court of this fact.

5157. (1) If the petitioner for an initial decree has wrongfully

taken the child from another state or has engaged in similar reprehensible conduct the court may decline to exercise jurisdiction if this is just and proper under the circumstances.

(2) Unless required in the interest of the child, the court shall not exercise its jurisdiction to modify a custody decree of another state if the petitioner, without consent of the person entitled to custody has improperly removed the child from the physical custody of the person entitled to custody or has improperly retained the child after a visit or other temporary relinquishment of physical custody. If the petitioner has violated any other provision of a custody decree of another state the court may decline to exercise its jurisdiction if this is just and proper under the circumstances.

(3) In appropriate cases a court dismissing a petition under this section may charge the petitioner with necessary travel and other expenses, including attorney's fees, incurred by other parties or their witnesses.

5158. (1) Every party in a custody proceeding in his first pleading or in an affidavit attached to that pleading shall give information under oath as to the child's present address, the places where the child has lived within the last five years, and the names and present addresses of the persons with whom the child has lived during that period. In this pleading or affidavit every party shall further declare under oath as to each of the following whether:

(a) He has participated, as a party, witness, or in any other capacity, in any other litigation concerning the custody of the same child in this or any other state.

(b) He has information of any custody proceeding concerning the child pending in a court of this or any other state.

(c) He knows of any person not a party to the proceedings who has physical custody of the child or claims to have custody or visitation rights with respect to the child.

(2) If the declaration as to any of the above items is in the affirmative the declarant shall give additional information under oath as required by the court. The court may examine the parties under oath as to details of the information furnished and as to other matters pertinent to the court's jurisdiction and the disposition of the case.

(3) Each party has a continuing duty to inform the court of any custody proceeding concerning the child in this or any other state of which he obtained information during this proceeding.

5159. If the court learns from information furnished by the parties pursuant to Section 5158 or from other sources that a person not a party to the custody proceeding has physical custody of the child or claims to have custody or visitation rights with respect to the child, it shall order that person to be joined as a party and to be duly notified of the pendency of the proceeding and of his joinder as a party. If the person joined as a party is outside this state he shall be served with process or otherwise notified in accordance with Section 5154.

5160. (1) The court may order any party to the proceeding who is in this state to appear personally before the court. If that party has physical custody of the child the court may order that he appear personally with the child.

(2) If a party to the proceeding whose presence is desired by the court is outside this state with or without the child the court may order that the notice given under Section 5154 include a statement directing that party to appear personally with or without the child and declaring that failure to appear may result in a decision adverse to that party.

(3) If a party to the proceeding who is outside this state is directed to appear under subdivision (2) or desires to appear personally before the court with or without the child, the court may require another party to pay to the clerk of the court travel and other necessary expenses of the party so appearing and of the child if this is just and proper under the circumstances.

5161. A custody decree rendered by a court of this state which had jurisdiction under Section 5152 binds all parties who have been served in this state or notified in accordance with Section 5154 or who have submitted to the jurisdiction of the court, and who have been given an opportunity to be heard. As to these parties the custody decree is conclusive as to all issues of law and fact decided and as to the custody determination made unless and until that determination is modified pursuant to law, including the provisions of this title.

5162. The courts of this state shall recognize and enforce an initial or modification decree of a court of another state which had assumed jurisdiction under statutory provisions substantially in accordance with this title or which was made under factual circumstances meeting the jurisdictional standards of the title, so long as this decree has not been modified in accordance with jurisdictional standards substantially similar to those of this title.

5163. (1) If a court of another state has made a custody decree, a court of this state shall not modify that decree unless (a) it appears to the court of this state that the court which rendered the decree does not now have jurisdiction under jurisdictional prerequisites substantially in accordance with this title or has declined to assume jurisdiction to modify the decree and (b) the court of this state has jurisdiction.

(2) If a court of this state is authorized under subdivision (1) and Section 5157 to modify a custody decree of another state it shall give due consideration to the transcript of the record and other documents of all previous proceedings submitted to it in accordance with Section 5171.

5164. (1) A certified copy of a custody decree of another state may be filed in the office of the clerk of any superior court of this state. The clerk shall treat the decree in the same manner as a custody decree of the superior court of this state. A custody decree so filed has the same effect and shall be enforced in like manner as a custody decree rendered by a court of this state.

(2) A person violating a custody decree of another state which makes it necessary to enforce the decree in this state may be required to pay necessary travel and other expenses, including attorneys' fees, incurred by the party entitled to the custody or his witnesses.

5165. The clerk of each superior court shall maintain a registry in which he shall enter all of the following:

(1) Certified copies of custody decrees of other states received for filing.

(2) Communications as to the pendency of custody proceedings in other states.

(3) Communications concerning a finding of inconvenient forum by a court of another state.

(4) Other communications or documents concerning custody proceedings in another state which may affect the jurisdiction of a court of this state or the disposition to be made by it in a custody proceeding.

5166. The clerk of a superior court of this state, at the request of the court of another state or at the request of any person who is affected by or has a legitimate interest in a custody decree, shall certify and forward a copy of the decree to that court or person.

5167 In addition to other procedural devices available to a party, any party to the proceeding or a guardian ad litem or other representative of the child may adduce testimony of witnesses, including parties and the child, by deposition or otherwise, in another state. The court on its own motion may direct that the testimony of a person be taken in another state and may prescribe the manner in which and the terms upon which the testimony shall be taken.

5168. (1) A court of this state may request the appropriate court of another state to hold a hearing to adduce evidence, to order a party to produce or give evidence under other procedures of that state, or to have social studies made with respect to the custody of a child involved in proceedings pending in the court of this state; and to forward to the court of this state certified copies of the transcript of the record of the hearing, the evidence otherwise adduced, or any social studies prepared in compliance with the request. The cost of the services may be assessed against the parties or, if necessary, ordered paid by the state.

(2) A court of this state may request the appropriate court of another state to order a party to custody proceedings pending in the court of this state to appear in the proceedings, and if that party has physical custody of the child, to appear with the child. The request may state that travel and other necessary expenses of the party and of the child whose appearance is desired will be assessed against another party or will otherwise be paid.

5169. (1) Upon request of the court of another state the courts of this state which are competent to hear custody matters may order a person in this state to appear at a hearing to adduce evidence or

to produce or give evidence under other procedures available in this state. A certified copy of the transcript of the record of the hearing or the evidence otherwise adduced shall be forwarded by the clerk of the court to the requesting court.

(2) A person within this state may voluntarily give his testimony or statement in this state for use in a custody proceeding outside this state.

(3) Upon request of the court of another state a competent court of this state may order a person in this state to appear alone or with the child in a custody proceeding in another state. The court may condition compliance with the request upon assurance by the other state that travel and other necessary expenses will be advanced or reimbursed.

5170. In any custody proceeding in this state the court shall preserve the pleadings, orders and decrees, any record that has been made of its hearings, social studies, and other pertinent documents until the child reaches 18 years of age. Upon appropriate request of the court of another state the court shall forward to the other court certified copies of any or all of such documents.

5171. If a custody decree has been rendered in another state concerning a child involved in a custody proceeding pending in a court of this state, the court of this state upon taking jurisdiction of the case shall request of the court of the other state a certified copy of the transcript of any court record and other documents mentioned in Section 5170.

5172. The general policies of this title extend to the international area. The provisions of this title relating to the recognition and enforcement of custody decrees of other states apply to custody decrees and decrees involving legal institutions similar in nature to custody rendered by appropriate authorities of other nations if reasonable notice and opportunity to be heard were given to all affected persons.

5173. Upon the request of a party to a custody proceeding which raises a question of existence or exercise of jurisdiction under this title the case shall be given calendar priority and handled expeditiously.

5174. This title may be cited as the Uniform Child Custody Jurisdiction Act.

SEC. 2. If any provision of this act or the application thereof to any person or circumstance is held invalid, its invalidity does not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

SEC. 3. There are no state-mandated local costs that require reimbursement under Section 2164.3 of the Revenue and Taxation Code.

SEC. 3. Section 17203 of the Financial Code is amended to read:

17203. The bond of an escrow agent shall be conditioned that the obligor will faithfully conform to and abide by the provisions of this division and all the rules made by the commissioner under this division. The bond shall be conditioned that the licensee will honestly and faithfully apply all funds received, will faithfully and honestly perform all obligations and undertakings under this division, and will pay to the state and any person all amounts which become due or owing to the state or to such person under the provisions of this division, including the costs in any conservatorship, or liquidation, whether by the commissioner or by a receiver. In determining the liability of the principal and the sureties under the bond, escrow money held in trust and any money recovered to restore any deficiency in the trust shall not be considered as an asset of the liquidation subject to assessment for the cost of the liquidation. The surety under such bond may pay the full amount of its liability thereunder to the commissioner or a conservator appointed by him pursuant to Chapter 6 (commencing with Section 17621) of this division in lieu of payment to the state or persons having a cause of action against the obligor of the bond, and upon such payment the surety is completely released from further liability under such bond. The aggregate liability of the surety, for all claims shall, in no event

exceed the penal sum of the bond.

The commissioner shall prescribe the amount of the bond on each individual employee, officer, director, or trustee, and the aggregate amount and the terms during which the bond runs. The sufficiency of the sureties on the bond are at all times subject to the approval of the commissioner. The bonds shall be filed in the commissioner's office. The aggregate liability of the surety, for all claims shall, in no event exceed the penal sum of the bond.

SEC. 5. Section 17203.2 of the Financial Code is amended to read:

Further, an additional tangible net worth equal to 50 percent of the amount set forth in this section shall be maintained in connection with each licensed branch office; except that licensees operating or applying for more than one branch office need only maintain an additional net worth of 25 percent of the amount set forth in this section for each additional licensed branch office beyond the first branch location for which a license is granted.

SEC. 8. Section 17213 of the Financial Code is amended to read:

When the move is only nominal, and the commissioner has verified the circumstances, his approval shall be granted or denied within a maximum of 30 days from the date of his receipt of the licensee's proper and complete request. However, in any instance where a licensed business location is to be moved a distance of two or more miles, a licensee shall file an application for authorization to change location on a form furnished by the commissioner and the commissioner shall promptly dispatch the notice set forth in Section 17209.1, and he shall treat the matter as an application for a new license by invoking the provisions of Sections 17209, 17209.1, 17209.2, and 17209.3, and shall require the payment of such fee or fees as are applicable under Section 17207.

(f) Filing with the commissioner statements offsetting and meeting each of the conditions set forth in Section 17209.3.

With respect to all applications for authorization to establish additional locations, the commissioner shall promptly dispatch the notice set forth in Section 17209.1 and he shall immediately commence his investigation and review of the application. The commissioner shall within 30 days from the receipt by him of a separate and complete application, license the designated premises as a branch of the parent licensee, unless the commissioner finds (1) that the applicant has failed to comply with all of the requirements of this section, (2) that the applicant then fails to meet any of the standards applicable for the issuance of a license pursuant to Section 17209.3, or (3) that a hearing shall be held to determine whether the application should be granted or denied.

The people of the State of California do enact as follows:

SECTION 1. Section 5641 of the Business and Professions Code is amended to read:

5641. This chapter shall not be deemed to prohibit any person from making plans or drawings for the selection, placement, or use of plants or other elements when the execution of such plans or drawings does not affect the public health, safety and welfare.

This chapter shall not be deemed to prohibit any person from making any plans, drawings or specifications for any property owned by him.

Every person who holds a valid license issued by the State of California, under the provisions of Chapter 1 (commencing with Section 6721) of the Food and Agricultural Code, to engage in the business of selling nursery stock in this state, insofar as he engages in the preparation of plans or drawings as an adjunct to merchandising his products, but does not use the title of "landscape architect," is exempt from registration under the provisions of this chapter.

SEC. 2. Section 5642 of the Business and Professions Code is amended to read:

5642. This chapter shall not be deemed to prevent a landscape architect from forming a partnership, firm, or corporation with, or employing, persons who are not landscape architects if the signature, date, and license number of the landscape architect shall appear on all instruments of service. In no case shall the other members of the partnership, firm, or corporation be designated or described as landscape architects.

The name of the licensed landscape architect shall appear wherever the firm name is used in the professional practice of the partnership, firm or corporation, and such landscape architect shall reside in California when such partnership, firm or corporation maintains a California office or mailing address. The name of such licensee shall appear on all partnership, firm or corporation stationery, brochures, business cards and any instruments of service used or provided in the professional practice of the partnership, firm or corporation.

The partnership, firm or corporation may, upon approval of the board, operate California branch offices providing that each branch office has in it a resident landscape architect licensed under this chapter for services provided, which shall be said licensee's principal place of business. Offices established to observe construction for conformance with contract documents and design, are exempt from the provisions of this section. An act to add Part 9 (commencing with Section 12980) to Division 6 of the Water Code, relating to flood control, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 24, 1973 Filed with Secretary of State September 24, 1973]

I am reducing the appropriation contained in Section 4 of Senate Bill No 541 from $300,000 to $200,000.

The reduced appropriation for 1973–74 is adequate to encourage needed federal participation in the upgrading of non-project levees

With the above reduction, I approve Senate Bill No 541

RONALD REAGAN, Governor

The people of the State of California do enact as follows:

SECTION 1. Part 9 (commencing with Section 12980) is added to Division 6 of the Water Code, to read:

PART 9. DELTA LEVEE MAINTENANCE

12980. As used in this part:

(a) "Board" means the Reclamation Board.

(b) "Delta" means the Sacramento-San Joaquin Delta as described in Section 12220.

(c) "Local agency" means any city, county, district, or other political subdivision of the state which is authorized to maintain levees.

(d) "Nonproject levee" means a levee in the delta which is not a

project facility under the State Water Resources Law of 1945.

12981. The Legislature hereby finds and declares that the delta is endowed with many invaluable and unique resources and that these resources are of major statewide significance. The Legislature further finds and declares that the delta's uniqueness is particularly characterized by its hundreds of miles of meandering waterways and the many islands adjacent thereto, that in order to preserve the delta's invaluable resources, which include highly productive agriculture, recreational assets, and wildlife environment, the physical characteristics of the delta should be preserved essentially in their present form, and that the key to preserving the delta's physical characteristics is the system of levees defining the waterways and producing the adjacent islands.

12982. The Legislature further finds and declares that while most of the delta's levees are privately owned and maintained they are being subjected to varied multiple uses and serve to benefit many varied segments and interests of the public at large, and that as a result of the varied multiple uses of such levees, added maintenance costs are being borne by adjacent landowners.

12983. The Legislature further finds and declares that there is an urgent need for a higher degree of levee maintenance and rehabilitation generally throughout the delta and that the state has an interest in providing technical and financial assistance for delta levee maintenance and rehabilitation.

12984. The department shall develop and submit to the board, for adoption by the board, criteria for the maintenance and improvement of nonproject levees. Such criteria shall vary as required to meet specific conditions and shall be multipurpose in nature, and include environmental considerations, when feasible.

12985. Prior to adoption of any such criteria, the board shall hold public hearings and may revise the criteria as it determines necessary.

12986. It is the intention of the Legislature to reimburse an eligible local agency pursuant to the provisions of this part for costs incurred in any year for the maintenance or improvement of nonproject levees as follows:

(a) No costs incurred shall be reimbursed if the entire cost incurred per mile of levee is five hundred dollars ($500) or less.

(b) Any costs incurred in excess of five hundred dollars ($500) per mile of levee shall be reimbursed if the entire cost incurred per mile of levee is greater than five hundred dollars ($500) but not more than one thousand dollars ($1,000).

(c) Fifty percent of any costs incurred shall be reimbursed if the entire cost incurred per mile of levee is greater than one thousand dollars ($1,000).

12987. Local agencies maintaining nonproject levees shall be eligible for reimbursement pursuant to the provisions of this part upon submission to and approval by the board of plans for the maintenance and improvement of such nonproject levees, including

plans for the annual routine maintenance of such levees, in accordance with the criteria adopted by the board. Upon approval of such plans by the board, the local agency shall enter into an agreement with the board to perform the maintenance and improvement work, including the annual routine maintenance work, specified in such plans.

12988. Upon the completion in any year of the maintenance or improvement work, including annual routine maintenance work, as specified in the plans approved by the board, the local agency shall notify the department, and the department shall inspect the completed work. The department, upon completion of such inspection, shall submit to the board a report as to its findings. Upon a finding that the work has been satisfactorily completed in accordance with the approved plans, the board shall certify for reimbursement any costs incurred in excess of five hundred dollars ($500) per mile of levee, if the entire cost incurred per mile of levee is not in excess of one thousand dollars ($1,000), and shall certify for reimbursement 50 percent of any costs incurred per mile of levee if the entire cost incurred per mile of levee is greater than one thousand dollars ($1,000).

12989. The department shall conduct at least one annual inspection of every levee for which maintenance or improvement costs have been reimbursed pursuant to this part.

12990. Whenever the department finds that the annual routine maintenance work specified in the plans approved by the board is not being performed in accordance with the agreement entered into between the local agency and the board, the department may establish a maintenance area in accordance with the provisions of Chapter 4.5 (commencing with Section 12878) of Part 6 of this division, as nearly as the same may be applicable, except that the work to be performed shall be the routine annual maintenance work for the nonproject levee as specified in the plans approved by the board. Upon the formation of a maintenance area, the department shall thereafter annually maintain the nonproject levee in accordance with such plans and subject to the provisions of Chapter 4.5 (commencing with Section 12878) of Part 6 of this division, as nearly as the same may be applicable.

12991. The board is authorized to make, from time to time, such rules and regulations as may be necessary to carry out, and as are consistent with, this part.

SEC. 2. The Secretary of the Resources Agency, acting through the Reclamation Board, shall request the Corps of Engineers, in cooperation with affected state and local agencies, to prepare, within three years, an interim report on nonproject levees in the Sacramento-San Joaquin Delta for the purpose of recommending to Congress those particular nonproject levees which should be included as federal project levees. As used in this section and in Section 3 of this act, "nonproject levee" has the same meaning as in Section 12980 of the Water Code.

SEC. 3. The Secretary of the Resources Agency shall, within three years of the effective date of this act, report to the Legislature on any recommendations made by the Corps of Engineers concerning nonproject levees in the Sacramento-San Joaquin Delta. The Secretary of the Resources Agency shall include in such report recommendations concerning the scope and degree of financial participation by the state in any such recommended federal program, the degree of local financial participation, the need for regional or other public agencies, and other related matters.

SEC. 4. The sum of three hundred thousand dollars ($300,000) is hereby appropriated from the General Fund to the Secretary of the Resources Agency for allocation to the Reclamation Board and the Department of Water Resources for expenditure during the 1973–74 fiscal year for the purposes of Part 9 (commencing with Section 12980) of Division 6 of the Water Code.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The improved maintenance and rehabilitation of levees in the Sacramento-San Joaquin Delta is urgently needed to protect the health and safety of residents within the delta and adjacent areas and to preserve the vital state interest in the varied resources of the delta. This act protects the public health and safety by making available state assistance for such purposes. In order, therefore, to provide urgently needed rehabilitation and improved maintenance of levees in the delta at the earliest possible time, it is necessary that this act go into immediate effect.

CHAPTER 718

An act to amend Sections 1018, 1396 and 1427 of the Penal Code, relating to corporations.

[Approved by Governor September 24, 1973 Filed with Secretary of State September 24, 1973]

The people of the State of California do enact as follows:

SECTION 1. Section 1018 of the Penal Code is amended to read:

1018. Unless otherwise provided by law every plea must be put in by the defendant himself in open court. No plea of guilty of a felony for which the maximum punishment is death, or life imprisonment without the possibility of parole, shall be received from a defendant who does not appear with counsel, nor shall any plea of guilty of any other felony be accepted from any defendant who does not appear with counsel unless the court shall first fully inform him of his right to counsel and unless the court shall find that

4937 37 5 355 275

the defendant understands his right to counsel and freely waives it and then, only if the defendant has expressly stated in open court, to the court, that he does not wish to be represented by counsel. On application of the defendant at any time before judgment the court may, and in case of a defendant who appeared without counsel at the time of the plea the court must, for good cause shown, permit the plea of guilty to be withdrawn and a plea of not guilty substituted.

Upon indictment or information against a corporation a plea of guilty may be put in by counsel, except that in the case of misdemeanors arising from operation of motor vehicles, or of infractions arising from operation of motor vehicles, a corporation may appear by its president, vice president, secretary or managing agent for the purpose of entering a plea of guilty.

This section shall be liberally construed to effect these objects and to promote justice.

SEC. 2. Section 1396 of the Penal Code is amended to read:

1396. If an accusatory pleading is filed, the corporation may appear by counsel to answer the same, except that in the case of misdemeanors arising from operation of motor vehicles, or of infractions arising from operation of motor vehicles, a corporation may appear by its president, vice president, secretary or managing agent for the purpose of entering a plea of guilty. If it does not thus appear, a plea of not guilty shall be entered, and the same proceedings had thereon as in other cases.

SEC. 3. Section 1427 of the Penal Code is amended to read:

1427. (a) When a complaint is presented to a judge of an inferior court of the commission of a public offense appearing to be triable in his court, he must, if satisfied therefrom that the offense complained of has been committed and that there is reasonable ground to believe that the defendant has committed it, issue a warrant, for the arrest of the defendant.

(b) Such warrant of arrest and proceedings upon it shall be in conformity to the provisions of this code regarding warrants of arrest, and it may be in the following form:

County of _____

The people of the State of California, to any peace officer in this state:

Complaint upon oath having been this day made before me that the offense of _____ (designating it generally) has been committed and accusing _____ (name of defendant) thereof you are therefore commanded forthwith to arrest the above-named defendant and bring him forthwith before the _____ court of _____ (stating full title of court) at _____ (naming place).

Witness my hand and the seal of said court this _____ day of _____, 19__.

(Signed).

_____

Judge of said court

If it appears that the offense complained of has been committed by a corporation, no warrant of arrest shall issue, but the judge must issue a summons substantially in the form prescribed in Section 1391. Such summons must be served at the time and in the manner designated in Section 1392 except that if the offense complained of is a violation of the Vehicle Code or a local ordinance adopted pursuant to the Vehicle Code, such summons may be served by deposit by the clerk of the court in the United States mail of an envelope enclosing the summons, which envelope shall be addressed to a person authorized to accept service of legal process on behalf of the defendant, and which envelope shall be mailed by registered mail or certified mail with a return receipt requested. Promptly upon such mailing, the clerk of the court shall execute a certificate of such mailing and place it in the file of the court for that case. At the time stated in the summons the corporation may appear by counsel and answer the complaint, except that in the case of misdemeanors arising from operation of motor vehicles, or of infractions arising from operation of motor vehicles, a corporation may appear by its president, vice president, secretary or managing agent for the purpose of entering a plea of guilty. If it does not appear, a plea of not guilty shall be entered, and the same proceedings had therein as in other cases.

CHAPTER 719

An act to amend Section 1018 of, to add Sections 190, 190.1, 190.2, 190.3, 209, 219, and 4500 to, and to repeal Sections 190, 190.1, 209, 219, and 4500 of, the Penal Code, relating to punishment for crimes.

[Approved by Governor September 24, 1973 Filed with Secretary of State September 24, 1973]

The people of the State of California do enact as follows:

SECTION 1. Section 190 of the Penal Code is repealed.

SEC. 2. Section 190 is added to the Penal Code, to read:

190. Every person guilty of murder in the first degree shall suffer death if any one or more of the special circumstances enumerated in Section 190.2 have been charged and found to be true in the manner provided in Section 190.1. Every person otherwise guilty of murder in the first degree shall suffer confinement in the state prison

for life. Every person guilty of murder in the second degree is punishable by imprisonment in the state prison from five years to life.

SEC. 3. Section 190.1 of the Penal Code is repealed.

SEC. 4. Section 190.1 is added to the Penal Code, to read:

190.1. In any case in which the death penalty is to be imposed as the penalty for an offense only upon the finding of the truth of the special circumstances enumerated in Section 190.2, the guilt or innocence of the person charged shall first be determined without a finding as to penalty. In any such case the person charged shall be represented by counsel. If such a person has been found guilty of such an offense, and has been found sane on any plea of not guilty by reason of insanity, and any one or more of the special circumstances enumerated in Section 190.2 have been charged, there shall be further proceedings on the issue of the special circumstances charged. In any such proceedings the person shall be represented by counsel. The determination of the truth of any or all of the special circumstances charged shall be made by the trier of fact on the evidence presented. In case of a reasonable doubt whether a special circumstance is true, the defendant is entitled to a finding that it is not true. The trier of fact shall make a special finding that each special circumstance charged is either true or not true. Wherever a special circumstance requires proof of the commission or attempted commission of a crime, such crime shall be charged and proved pursuant to the general law applying to the trial and conviction of a crime.

If the defendant was convicted by the court sitting without a jury, the trier of fact shall be a jury unless a jury is waived by the defendant with the consent of the defendant's counsel, in which case the trier of fact shall be the court. If the defendant was convicted by a plea of guilty the trier of fact shall be a jury unless a jury is waived by the defendant with the consent of his counsel. If the defendant was convicted by a jury, the trier of fact shall be the same jury unless, for good cause shown, the court discharges that jury, in which case a new jury shall be drawn to determine the issue of whether or not any of the special circumstances charged are true or not true.

If the trier of fact finds, as to any person convicted of any offense under Section 190 requiring further proceedings that any one or more of the special circumstances enumerated in Section 190.2 as charged is true, the defendant shall suffer the penalty of death, and neither the finding that any of the remaining special circumstances charged is not true, nor if the trier of fact is a jury, the inability of the jury to agree on the issue of the truth or untruth of any of the remaining special circumstances charged, shall prohibit the imposition of such penalty.

In any case in which the defendant has been found guilty by a jury, and the same or another jury is unable to reach a unanimous verdict that one or more of the special circumstances charged are true, and does not reach a unanimous verdict that all of such special

circumstances charged are not true, the court shall dismiss the jury and shall order a new jury impaneled to try the issues, but the issue of guilt shall not be retried by such jury, nor shall such jury retry the issue of the truth of any of the special circumstances which were found by a unanimous verdict of the previous jury to be untrue. If such new jury is unable to reach a unanimous verdict that one or more of the special circumstances it is trying are true, the court shall dismiss the jury and impose the punishment of confinement in the state prison for life.

SEC. 5. Section 190.2 is added to the Penal Code, to read:

190.2. The penalty for a person found guilty of first-degree murder shall be death in any case in which the trier of fact pursuant to the further proceedings provided for in Section 190.1 makes a special finding that:

(a) The murder was intentional and was carried out pursuant to an agreement with the defendant. "An agreement," as used in this subdivision, means an agreement by the person who committed the murder to accept valuable consideration for the act of murder from any person other than the victim.

(b) The defendant personally committed the act which caused the death of the victim and any of the following additional circumstances exist:

(1) The victim is a peace officer, as defined in Section 830.1, subdivision (a) of Section 830.2, or subdivision (b) of Section 830.5, who, while engaged in the performance of his duty, was intentionally killed, and the defendant knew or reasonably should have known that such victim was a peace officer engaged in the performance of his duties.

(2) The murder was willful, deliberate and premeditated and the victim was a witness to a crime who was intentionally killed for the purpose of preventing his testimony in any criminal proceeding.

(3) The murder was willful, deliberate and premeditated and was committed during the commission or attempted commission of any of the following crimes:

(i) Robbery, in violation of Section 211.

(ii) Kidnapping, in violation of Section 207 or Section 209. Brief movements of a victim which are merely incidental to the commission of another offense and which do not substantially increase the victim's risk of harm over that necessarily inherent in the other offense do not constitute kidnapping within the meaning of this paragraph.

(iii) Rape by force or violence, in violation of subdivision (2) of Section 261; or by threat of great and immediate bodily harm, in violation of subdivision (3) of Section 261.

(iv) The performance of lewd or lascivious acts upon the person of a child under the age of 14, in violation of Section 288.

(v) Burglary, in violation of subdivision (1) of Section 460, of an inhabited dwelling housing entered by the defendant with an intent to commit grand or petit larceny or rape.

(4) The defendant has in this or in any prior proceeding been convicted of more than one offense of murder of the first or second degree. For the purpose of this paragraph an offense committed in another jurisdiction which if committed in California would be punishable as first or second degree murder shall be deemed to be murder of the first or second degree.

SEC. 6. Section 190.3 is added to the Penal Code, to read:

190.3. (a) Notwithstanding any other provision of law, the death penalty shall not be imposed upon any person who was under the age of 18 years at the time of the commission of the crime. The burden of proof as to the age of such person shall be upon the defendant.

(b) Except when the trier of facts finds that a murder was committed pursuant to an agreement as defined in subdivision (a) of Section 190.2, or when a person is convicted of a violation of Section 37 or 128, the death penalty shall not be imposed upon any person who is a principal in the commission of a capital offense unless he was personally present during the commission of the act or acts causing death, and directly committed or physically aided in the commission of such act or acts.

SEC. 7. Section 209 of the Penal Code is repealed.

SEC. 8. Section 209 is added to the Penal Code, to read:

209. Any person who seizes, confines, inveigles, entices, decoys, abducts, conceals, kidnaps or carries away any individual by any means whatsoever with intent to hold or detain, or who holds or detains, such individual for ransom, reward or to commit extortion or to exact from relatives or friends of such person any money or valuable thing, or any person who kidnaps or carries away any individual to commit robbery, or any person who aids or abets any such act, is guilty of a felony and upon conviction thereof shall suffer death in cases in which any person subjected to any such act suffers death, or shall be punished by imprisonment in the state prison for life without possibility of parole in cases in which any person subjected to any such act suffers bodily harm, or shall be punished by imprisonment in the state prison for life with possibility of parole in cases where no such person suffers death or bodily harm.

Any person serving a sentence of imprisonment for life without possibility of parole following a conviction under Section 209 as it read prior to September 22, 1951, shall be eligible for a release on parole as if he had been sentenced to imprisonment for life with possibility of parole.

SEC. 9. Section 219 of the Penal Code is repealed.

SEC. 10. Section 219 is added to the Penal Code, to read:

219. Every person who unlawfully throws out a switch, removes a rail, or places any obstruction on any railroad with the intention of derailing any passenger, freight or other train, car or engine and thus derails the same, or who unlawfully places any dynamite or other explosive material or any other obstruction upon or near the track of any railroad with the intention of blowing up or derailing any such train, car or engine and thus blows up or derails the same, or who

unlawfully sets fire to any railroad bridge or trestle over which any such train, car or engine must pass with the intention of wrecking such train, car or engine, and thus wrecks the same, is guilty of a felony and punishable with death in cases in which any person subjected to any such act suffers death as a proximate result thereof, or imprisonment in the state prison for life without the possibility of parole in cases where any person suffers bodily harm as a proximate result thereof, or imprisonment in the state prison for life, with the possibility of parole, in cases where no person suffers death or bodily harm as a proximate result thereof.

SEC. 11. Section 1018 of the Penal Code is amended to read:

1018. Unless otherwise provided by law every plea must be put in by the defendant himself in open court. No plea of guilty of a felony for which the maximum punishment is death, or life imprisonment without the possibility of parole, shall be received from a defendant who does not appear with counsel, nor shall any such plea be received without the consent of the defendant's counsel. No plea of guilty to a capital offense which does not require the further proceedings provided for in Section 190.1 shall be received from a defendant. No plea of guilty of a felony for which the maximum punishment is not death or life imprisonment without the possibility of parole shall be accepted from any defendant who does not appear with counsel unless the court shall first fully inform him of his right to counsel and unless the court shall find that the defendant understands his right to counsel and freely waives it and then, only if the defendant has expressly stated in open court, to the court, that he does not wish to be represented by counsel. On application of the defendant at any time before judgment the court may, and in case of a defendant who appeared without counsel at the time of the plea the court must, for a good cause shown, permit the plea of guilty to be withdrawn and a plea of not guilty substituted. Upon indictment or information against a corporation a plea of guilty may be put in by counsel. This section shall be liberally construed to effect these objects and to promote justice.

SEC. 12. Section 4500 of the Penal Code is repealed.

SEC. 13. Section 4500 is added to the Penal Code, to read:

4500. Every person undergoing a life sentence in a state prison of this state, who, with malice aforethought, commits an assault upon the person of another, other than another inmate, with a deadly weapon or instrument, or by any means of force likely to produce great bodily injury is punishable with death; however, in cases in which the person subjected to such assault does not die within a year and a day after such assault as a proximate result thereof, or the person so assaulted is another inmate, the punishment shall be imprisonment in the state prison for life without the possibility of parole for nine years.

For the purpose of computing the days elapsed between the commission of the assault and the death of the person assaulted, the whole of the day on which the assault was committed shall be

counted as the first day.

Nothing in this section shall be construed to prohibit the application of this section when the assault was committed outside the walls of any prison if the person committing the assault was undergoing a life sentence in a state prison at the time of the commission of the assault.

SEC. 14. Notwithstanding Section 2164.3 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to this section nor shall there be any appropriation made by this act because the duties, obligations or responsibilities imposed on local government by this act are minor in nature and will not cause any financial burden to local government.

SEC. 15. If any word, phrase, clause, or sentence in any section amended or added by this act, or any section or provision of this act, or application thereof to any person or circumstance, is held invalid, such invalidity shall not affect any other word, phrase, clause, or sentence in any section amended or added by this act, or any other section, provision or application of this act, which can be given effect without the invalid word, phrase, clause, sentence, section, provision or application and to this end the provisions of this act are declared to be severable.

CHAPTER 720

An act to add Section 25956 to the Health and Safety Code, relating to fetuses, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 24, 1973 Filed with Secretary of State September 24, 1973]

The people of the State of California do enact as follows:

SECTION 1. Section 25956 is added to the Health and Safety Code, to read:

25956. (a) It is unlawful for any person to use any aborted product of conception, other than fetal remains, for any type of scientific or laboratory research or for any other kind of experimentation or study, except to protect or preserve the life and health of the fetus. "Fetal remains," as used in this section, means a lifeless product of conception regardless of the duration of pregnancy.

(b) In addition to any other criminal or civil liability which may be imposed by law, any violation of this section constitutes unprofessional conduct within the meaning of the State Medical Practice Act, Chapter 5 (commencing with Section 2000) of Division 2 of the Business and Professions Code.

SEC. 2. This act is an urgency statute necessary for the

immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to conform California law to federal law prohibiting experimentation on aborted products of conception, it is necessary that this act go into effect at the earliest possible date.

CHAPTER 721

An act to amend Section 14196.1 of the Education Code, relating to the State Teachers' Retirement System, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 25, 1973. Filed with Secretary of State September 25, 1973.]

The people of the State of California do enact as follows:

SECTION 1. Section 14196.1 of the Education Code, as added by Chapter 1341 of the Statute of 1972, is amended to read:

14196.1. If a member was employed in the educational institutions of the State of California, and because of a change of employment to a California state college became a member of the Public Employees' Retirement System and subsequently died, his survivors shall be deemed eligible to receive survivor benefits as provided in Sections 14180 and 14186, as they existed on the date of the death of the member, less any benefits paid by any other California public retirement system.

This section shall apply only to survivors of members of this system who became members of Public Employees' Retirement System on September 1, 1971, and whose death occurred within 15 days following the expiration of the four-month extended coverage period in subdivision (e) of Section 14182.

This section shall cease to be operative 60 days after the effective date of the amendment enacted at the 1973–74 Regular Session.

SEC. 2. Notwithstanding Section 2164.3 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to this act nor shall there be any appropriation made by this act.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

It is necessary to change a date in the original legislation in order to effect the legislative intent before the termination date of that legislation.

CHAPTER 722

An act to amend and renumber Section 1010.85 of the Education Code, relating to public schools.

[Approved by Governor September 25, 1973 Filed with Secretary of State September 25, 1973]

The people of the State of California do enact as follows.

SECTION 1. Section 1010.85 of the Education Code, as added by Chapter 1374 of the Statutes of 1972, is amended and renumbered to read:

1004.5. The governing board of each school district, including community college districts, shall establish and maintain a historical inventory, or an audit trace inventory system, or any other inventory system authorized by the State Board of Education, which shall contain the description, name, identification numbers, and original cost of all items of equipment acquired by it whose current market value exceeds two hundred dollars ($200) per item, the date of acquisition, the location of use, and the time and mode of disposal.

SEC. 2. The Legislature finds and declares that, in enacting Chapter 1374 of the Statutes of 1972, it was its intent that the substance of Section 1010.85 of the Education Code apply to all school districts, and that its inclusion in a portion of the code which relates only to community college districts was mere inadvertence.

For this reason, the provisions of subdivision (b) of Section 2164.3 of the Revenue and Taxation Code, which require that any new state program or increased level of service of an existing mandated program which is mandated by legislative action after January 1, 1973, shall include an appropriation for an amount sufficient to reimburse local agencies for the cost of implementing the program, is not applicable to this act.

SEC. 3. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to this section nor shall there be any appropriation made by this act, because the duties, obligations, or responsibilities imposed on local governmental agencies or school districts by this act are such that related costs are incurred as a part of their normal operating procedures.

CHAPTER 723

An act to amend Section 221 of the Fish and Game Code, relating to the Fish and Game Commission.

[Approved by Governor September 25, 1973 Filed with Secretary of State September 25, 1973]

The people of the State of California do enact as follows:

SECTION 1. Section 221 of the Fish and Game Code is amended to read:

221. The provisions of this article are effective until January 1, 1976, and thereafter shall have no force or effect.

CHAPTER 724

An act to add Section 252.5 to the Streets and Highways Code, relating to freeways and expressways.

[Approved by Governor September 25, 1973. Filed with Secretary of State September 25, 1973]

The people of the State of California do enact as follows:

SECTION 1. Section 252.5 is added to the Streets and Highways Code, to read:

252.5. Until the adoption of the California Transportation Plan, the commission shall not adopt the location for any freeway or expressway in the County of Los Angeles, but may adopt modifications for adopted locations of freeways and expressways in the county.

Upon adoption of the plan, the commission may adopt locations for freeways and expressways in the county that conform to the plan, as adopted and as updated.

CHAPTER 725

An act to amend Sections 12396, 12415, and 12416 of the Insurance Code, relating to underwritten title companies.

[Approved by Governor September 25, 1973 Filed with Secretary of State September 25, 1973]

The people of the State of California do enact as follows:

SECTION 1. Section 12396 of the Insurance Code is amended to read:

12396. (a) An underwritten title company as defined in Section 12402 of this code, which shall be a stock corporation, may engage in the business of preparing title searches, title examinations, title reports, certificates or abstracts of title, upon the basis of which a title insurer regularly writes title policies, provided that:

(1) Only domestic corporations may be licensed under this section and, after January 1, 1968, no underwritten title company, as defined in Section 12402, shall become licensed for the first time

under this section, or change the name under which it is licensed or operates, unless it has first complied with the provisions of Section 881.

(2) Depending upon the county or counties in which the company is licensed to transact business, it shall maintain required minimum net worth as follows:

Aggregate number of documents recorded and documents filed in the offices of the county recorders in the preceding calendar year in all counties where the company is licensed to transact business Number of documents	Amount of required minimum net worth
Less than 10,000	$20,000
10,000 to 50,000	30,000
50,000 to 100,000	60,000
100,000 to 500,000	100,000
500,000 to 1,000,000	150,000
1,000,000 or more	200,000

"Net worth" is defined as the excess of assets over all liabilities and required reserves. It may carry as an asset the actual cost of its title plant provided the value ascribed to such asset shall not exceed the lesser of: (a) the actual cost thereof, or (b) 50 percent of its stated capital, as defined in Section 1900 of the Corporations Code.

Where the information in the title plant is not being kept current, the asset value of such plant shall not exceed the actual cost less 20 percent of the actual cost for each 12-month period immediately preceding the date such asset is valued for the purposes of this subdivision that the title plant is not actually maintained.

An underwritten title company at all times shall maintain current assets of at least ten thousand dollars ($10,000) in excess of its current liabilities, as such current assets and liabilities may be defined pursuant to regulations made by the commissioner. In making such regulations, the commissioner shall be guided by generally accepted accounting principles followed by certified public accountants in this state.

(3) Such an underwritten title company shall obtain from the commissioner a license to transact its business. Such license shall not be granted until the applicant conforms to the requirements of this section and all other provisions of this code specifically applicable to applicant. After issuance the holder shall continue to comply with the requirements as to its business set forth in this code, in the applicable rules and regulations of the commissioner and in the laws of this state.

Any underwritten title company who possesses, or is required to possess, a license pursuant to this section shall be subject as if an

insurer to the provisions of Article 8 (commencing with Section 820) of Chapter 1 of Part 2 of Division 1 of this code and shall be deemed to be subject to authorization by the Insurance Commissioner within the meaning of subdivision (e) of Section 25100 of the Corporations Code.

Such license may be obtained by filing an application on a form prescribed by the commissioner accompanied by a filing fee of one hundred dollars ($100). Such license when issued shall be for an indefinite term and shall expire with the termination of the existence of the holder, subject to the annual renewal fee imposed under Sections 12415 and 12416.

An underwritten title company seeking to extend its license to an additional county shall pay a one-hundred-dollar ($100) fee for each such additional county, and shall furnish to the commissioner evidence, at least sufficient to meet the minimum net worth requirements of paragraph (2), of its financial ability to expand its business operation to include such additional county or counties.

(4) Such an underwritten title company shall furnish an audit to the commissioner on the forms provided by the commissioner annually, either on a calendar year basis on or before March 31st or, if approved in writing by the commissioner in respect to any individual company, on a fiscal year basis on or before 90 days after the end of the fiscal year. The time for furnishing any such audit may be extended, for good cause shown, on written approval of the commissioner for a period, not to exceed 60 days. Failure to submit an audit on time, or within such extended time as the commissioner may grant, shall be grounds for an order by the commissioner to accept no new business pursuant to subdivision (d). Such audits shall be private, except that a synopsis of the balance sheet on a form prescribed by the commissioner may be made available to the public.

The audits shall be made in accordance with generally accepted auditing standards by an independent certified public accountant or independent licensed public accountant approved by the commissioner specifically for the particular company. Approval of an auditor for a particular company shall not be deemed to be a licensing of the auditor nor approval of the auditor for any other company or any other purpose. Any such approval, or the renewal thereof, shall automatically expire on the first day of January in the fifth calendar year following the date of original or renewal approval. The fee for filing an application for such approval or the renewal thereof shall be ten dollars ($10). The fee for approving the submitted audit shall be twenty-five dollars ($25).

The commissioner may deny or revoke approval or renewal of approval of an auditor for any of the following reasons:

(i) Adverse result in any proceeding before the State Board of Accountancy affecting the auditor's license;

(ii) The auditor has an affiliation with the underwritten title company or any of its officers or directors which would prevent his reports on the company from being reasonably objective;

(iii) The auditor has suffered conviction of any misdemeanor or felony based on his activities as an accountant; or

(iv) Judgment adverse to the auditor in any civil action finding him guilty of fraud, deceit or misrepresentation in the practice of his profession.

Any company which fails to file any audit or other report on or before the date it is due shall pay to the commissioner a penalty fee of one hundred dollars ($100) and on failure to pay such or any other fee required by this section shall forfeit the privilege of accepting new business until the delinquency is corrected.

(b) Such an underwritten title company may engage in the escrow business and act as escrow agent provided that:

(1) All funds deposited with the company in connection with any escrow shall be deposited in a bank in a separate trust account, and such funds shall be the property of the person or persons entitled thereto under the provisions of the escrow and segregated escrow by escrow in the records of the company. Such funds shall not be subject to any debts of the company and shall be used only to fulfill the terms of the individual escrow under which the funds were accepted and none of such funds shall be used until all conditions of the escrow have been met.

Bona fide drafts executed by persons fully responsible financially may at the option of the company, be deemed the equivalent of funds already cleared into such bank deposit unless another law of this state prohibits such persons from tendering such drafts to escrow holders for the purpose of closing escrows.

Any interest received on funds deposited with the company in connection with any escrow which are deposited in a bank shall be paid over to the depositing party to the escrow and shall not be transferred to the account of the company.

(2) It shall maintain record of all receipts and disbursements of escrow funds.

(3) It shall deposit seven thousand five hundred dollars ($7,500) for each county in which it transacts business in some form permitted by Section 12351 with the commissioner who shall forthwith make a special deposit thereof in the State Treasury and such deposit shall be subject to the provisions of Sections 12353, 12356, 12357, and 12358 and as long as there are no claims against the deposit all interest and dividends thereon shall be paid to the depositor. The assets in the deposit shall be subject to final sale, transfer and disposal of the proceeds thereof by the commissioner only on the order of a court of competent jurisdiction, and for the security and protection of persons having lawful claims against the depositor growing out of escrow transactions with it. Such deposit shall be maintained until two years after the company ceases to engage in the escrow business.

(4) It shall obtain and maintain a fidelity bond on file with the commissioner to cover all officers and employees of the company who participate in any escrow transaction that is handled by the company. Such bond shall be a blanket bond or, with the approval

of the commissioner, may be a position or individual bond. The commissioner shall prescribe the amount of the bond which shall not exceed two hundred thousand dollars ($200,000).

(c) The commissioner shall, whenever it appears necessary, examine the business and affairs of a company licensed under this section. All such examinations shall be at the expense of the company.

(d) At any time that the commissioner determines, after notice and hearing, that a company licensed under this section has willfully failed to comply with any of the provisions of this section, the commissioner shall make his order prohibiting the company from conducting its business for a period of not more than one year.

Any company violating such an order is subject to seizure under Article 14 (commencing with Section 1010) of Chapter 1 of Part 2 of Division 1 of this code is guilty of a misdemeanor and may have its license revoked by the commissioner. Any person aiding and abetting any company in a violation of such an order is guilty of a misdemeanor

The purpose of this section is to maintain the solvency of the companies subject to this section and to protect the public by preventing fraud and requiring fair dealing. In order to carry out such purposes the commissioner may make reasonable rules and regulations to govern the conduct of its business of companies subject to this section.

The name under which each underwritten title company is licensed shall at all times be an approved name. Each such company shall be subject to the provisions of Article 14 (commencing with Section 1010) and Article 14.5 (commencing with Section 1065.1) of Chapter 1 of Part 2 of Division 1 of this code.

Such rules and regulations shall be adopted, amended or repealed in accordance with the procedure provided in Chapter 4.5 (commencing with Section 11371) of Part 1 of Division 3 of Title 2 of the Government Code.

SEC. 2. Section 12415 of the Insurance Code is amended to read:

12415. It is the intent of the Legislature that certificated title insurers and licensed underwritten title companies, as defined in Section 12402, shall pay to the commissioner an annual renewal fee, as provided in Section 12416, in addition to that provided as to title insurers by Section 705, to cover the costs to the commissioner for administering and enforcing Section 12396, and Article 5 (commencing with Section 12400) and Article 6 (commencing with Section 12401) of Chapter 1, Part 6, Division 2, and such other provisions of this code as are or may be subsequently incorporated by reference in this article by legislative enactment. Such fee shall be in lieu of all fees provided for in Article 6 (commencing with Section 12401) of Chapter 1, Part 6, Division 2.

SEC. 2.5. Section 12415 of the Insurance Code is amended to read:

12415. It is the intent of the Legislature that certificated title

insurers and licensed underwritten title companies, as defined in Section 12402, shall pay to the commissioner an annual renewal fee, as provided in Section 12416, in addition to that provided as to title insurers by Section 705, to cover the costs to the commissioner for administering and enforcing Section 12389, and Article 5 (commencing with Section 12400) and Article 6 (commencing with Section 12402) of Chapter 1, Part 6, Division 2 of this code and such other provisions of this code as may be subsequently incorporated by reference in this article by legislative enactment. Such fee shall be in lieu of all fees provided for in Article 6 (commencing with Section 12402) of Chapter 1, Part 6, Division 2.

SEC. 3. Section 12416 of the Insurance Code is amended to read:

12416. Each certificated title insurer possessing a certificate of authority of indefinite term pursuant to Section 701 shall owe and pay an annual renewal fee of two hundred dollars ($200). Each underwritten title company possessing a license of indefinite term pursuant to Section 12396 shall owe and pay an annual renewal fee of one hundred dollars ($100). Such fees shall be for annual periods commencing on July 1 of each year and ending on June 30 of each year, and shall be due on March 1st preceding the annual period for which such fees are charged, and shall be delinquent on and after April 1st next following the date when due.

SEC. 3.5. Section 12416 of the Insurance Code is amended to read:

12416. Each certificated title insurer possessing a certificate of authority of indefinite term pursuant to Section 701 shall owe and pay an annual renewal fee of two hundred dollars ($200) in lawful money of the United States. Each underwritten title insurer possessing a license of indefinite term pursuant to Section 12389 shall owe and pay an annual renewal fee of one hundred dollars ($100) in lawful money of the United States. Such fees shall be for annual periods commencing on July 1 of each year and ending on June 30 of each year, and shall be due on March 1st preceding the annual period for which such fees are charged, and shall be delinquent on and after April 1st next following the date when due.

SEC. 4. It is the intent of the Legislature, if both this bill and Senate Bill No. 1293 are chaptered, become effective January 1, 1974, and amend Sections 12415 and 12416 of the Insurance Code, and this bill is chaptered after Senate Bill No. 1293, that the amendments to Sections 12415 and 12416 proposed by both bills be given effect and incorporated in Sections 12415 and 12416 in the form set forth in Sections 2.5 and 3.5 of this act. Therefore, Sections 2.5 and 3.5 of this act shall become operative only if this bill and Senate Bill No. 1293 are both chaptered, both become effective January 1, 1974, and both amend Sections 12415 and 12416, and Senate Bill No. 1293 is chaptered before this bill, in which case Sections 2 and 3 of this act shall not become operative.

CHAPTER 726

An act to amend Sections 99267 and 99268 of the Public Utilities Code, relating to public transportation.

[Approved by Governor September 25, 1973. Filed with Secretary of State September 25, 1973]

The people of the State of California do enact as follows:

SECTION 1. Section 99267 of the Public Utilities Code, as amended by Chapter 1408 of the Statutes of 1972, is amended to read:

99267. Except for a transit district or a municipal operator during its first five fiscal years in the operation of a public transportation system, if it did not operate a public transportation system prior to July 1, 1972, at least 75 percent of funds received under this article shall be used for capital expenditures, except that the amount of federal or other state funds granted or approved for capital expenditure on a matching basis may be applied to satisfy this requirement. Such capital expenditures shall consist of acquisition of land and other real property, current acquisition or replacement of transportation vehicles, or conveyances, and acquisition, construction, enlargement, or repair of property and facilities incidental to or necessary or convenient in connection with the foregoing, depreciation, and payment of principal and interest on its bonded indebtedness, equipment trust certificates, or other indebtedness, including any amounts in the accomplishment of a defeasance under any outstanding revenue bond indenture.

When unique and unusual circumstances arise whereby funds are available for capital expenditures but not for other more urgent costs, an operator may file an application with the secretary for a temporary waiver which, if granted, shall authorize funds otherwise restricted for capital expenditures to be used for other more urgent purposes. To approve such a request, the secretary shall determine that financing the noncapital expenditures by other means, such as fare increases or curtailment of services, will adversely affect public transportation service for the area.

SEC. 1.5. Section 99267 of the Public Utilities Code is amended to read:

99267. (a) Except for a transit district or a municipal operator during its first five fiscal years in the operation of a public transportation system, if it did not operate a public transportation system prior to July 1, 1972, at least 75 percent of funds received under this article shall be used for capital expenditures. Such capital expenditures shall consist of acquisition of land and other real property, current acquisition or replacement of transportation vehicles, or conveyances, and acquisition, construction, enlargement, or repair of property and facilities incidental to or necessary or convenient in connection with the foregoing, depreciation, and payment of principal and interest on its bonded

indebtedness, equipment trust certificates, or other indebtedness, including any amounts in the accomplishment of a defeasance under any outstanding revenue bond indenture.

(b) The amount of federal and other state funds granted or approved for capital expenditures on a matching basis by the operator, the local contributions designated pursuant to subdivision (c), and the allocations made pursuant to Section 99234 for the area served by the operator in any fiscal year may be applied by the operator to satisfy the requirement of subdivision (a).

(c) Any local entity contributing money to an operator, during the 1973–74 fiscal year or any subsequent fiscal year, may designate what portion of its annual contribution, but not to exceed one-half thereof, may be applied to satisfy the requirement specified in subdivision (a), whether or not such portion is to be expended for capital expenditures.

(d) When unique and unusual circumstances arise whereby funds are available for capital expenditures but not for other more urgent costs, an operator may file an application with the secretary for a temporary waiver which, if granted, shall authorize funds otherwise restricted for capital expenditures to be used for other more urgent purposes. To approve such a request, the secretary shall determine that financing the noncapital expenditures by other means, such as fare increases or curtailment of services, will adversely affect public transportation service for the area.

SEC. 2. Section 99268 of the Public Utilities Code, as amended by Chapter 1408 of the Statutes of 1972, is amended to read:

99268. Except for a transit district or a municipal operator during its first five fiscal years in the operation of a public transportation system, if it did not operate a public transportation system prior to July 1, 1972, the expenditure of the funds received under this article by an operator may in no year exceed 50 percent of the amount required to meet operating, maintenance, and capital and debt service requirements of the system after deduction therefrom of approved federal grants estimated to be received. Notwithstanding the 50-percent limitation, the amount budgeted for capital requirements in any year or other period up to five years, less the amount of federal and other state funds granted or approved therefor, may be allocated and expended for capital improvements to a grade-separated mass transit system, if construction of such facilities has been found to be not inconsistent with the regional transportation plan of the transportation planning agency. Within such five-year period, the transportation planning agency may order the amount of the allocation in any year to be set aside and accumulated for accomplishment of the particular project.

SEC. 3. It is the intent of the Legislature, if this bill and Senate Bill No. 821 are both chaptered and become effective January 1, 1974, both bills amend Section 99267 of the Public Utilities Code, and this bill is chaptered after Senate Bill No. 821, that the amendments to Section 99267 proposed by both bills be given effect and incorporated

in Section 99267 in the form set forth in Section 1.5 of this act. Therefore, Section 1.5 of this act shall become operative only if this bill and Senate Bill No. 821 are both chaptered and become effective January 1, 1974, both amend Section 99267, and this bill is chaptered after Senate Bill No. 821, in which case Section 1 of this act shall not become operative.

CHAPTER 727

An act to add Section 2.6 to the San Bernardino County Flood Control Act (Chapter 73 of the Statutes of 1939), relating to the San Bernardino County Flood Control District.

[Approved by Governor September 25, 1973 Filed with Secretary of State September 25, 1973]

The people of the State of California do enact as follows:

SECTION 1. Section 2.6 is added to the San Bernardino County Flood Control Act (Chapter 73 of the Statutes of 1939), to read:

Sec. 2.6. The district may borrow money and incur indebtedness pursuant to this section to meet the short-term needs of any zone by action of the board of supervisors and without the necessity of calling and holding an election in the district.

Such indebtedness may be incurred solely for the purpose of providing for a cash flow to handle temporary funding for local interest obligations for federal flood control projects or to provide a cash flow for other zone operations prior to receipt of annual tax revenues or other revenues.

Any such negotiable promissory notes shall be issued after the adoption, by a four-fifths vote of all the members of the board, of a resolution setting forth the form of the notes, the maturity date or dates thereof, and the manner of execution thereof.

Any such negotiable promissory notes shall bear interest at a rate not exceeding 6 percent per annum; provided, however, that the notes shall be general obligations of the zone payable from revenues and taxes, unless paid from other available funds of the zone, but in no event to exceed the maximum tax limitations as provided for in this act, in the same manner as bonds of the zone; and provided further, that the maturity shall not be later than five years from the date thereof and that the total aggregate amount of such notes outstanding at any one time for all zones within the district shall not exceed the sum of eight million dollars ($8,000,000).

CHAPTER 728

An act to add Article 2.7 (commencing with Section 16091) to Chapter 2 of Division 12 of the Education Code, relating to school property.

[Approved by Governor September 25, 1973 Filed with Secretary of State September 25, 1973]

The people of the State of California do enact as follows:

SEC. 2. In enacting this act, the Legislature hereby determines and finds that any duties, obligations, or responsibilities imposed on local government are minor in nature and do not result in a significant new program for local government, or a significant increase in level of service of an existing mandated program, and no additional economic burden or cost is intended to be imposed hereby. Therefore, and solely as a result of this finding and determination, there are no state-mandated local costs in this act that require reimbursement under Section 2164.3 of the Revenue and Taxation Code.

CHAPTER 732

An act to amend Sections 12001.5, 12020 and 12029, and to add Article 6 (commencing with Section 12095) to Chapter 1 of Title 2 of Part 4, of the Penal Code, relating to weapons, and declaring the urgency thereof, to take effect immediately.

SECTION 1. Section 12001.5 of the Penal Code is amended to read:

This section shall not apply to the manufacture, possession,

transportation or use, with blank cartridges, of sawed-off shotguns solely as props for motion picture film or television program production when such is authorized by the Department of Justice pursuant to Article 6 (commencing with Section 12095) of this chapter and is not in violation of federal law.

(b) As used in this section a "sawed-off shotgun" means a shotgun having a barrel or barrels of less than 18 inches in length, or a rifle having a barrel or barrels of less than 16 inches in length, or any weapon made from a rifle or shotgun (whether by alteration, modification, or otherwise) if such weapon as modified has an overall length of less than 26 inches.

SEC. 2.5. Section 12020 of the Penal Code is amended to read:

12020. (a) Any person in this state who manufactures or causes to be manufactured, imports into the state, keeps for sale, or offers or exposes for sale, or who gives, lends or possesses any instrument or weapon of the kind commonly known as a blackjack, slungshot, billy, nunchaku sandclub, sandbag, sawed-off shotgun, or metal knuckles, or who carries concealed upon his person any explosive substance, other than fixed ammunition or who carries concealed upon his person any dirk or dagger, is guilty of a felony, and upon conviction shall be punishable by imprisonment in the county jail not exceeding one year or in a state prison for not less than one year nor more than five years.

This section shall not apply to the manufacture, possession, transportation or use, with blank cartridges, of sawed-off shotguns solely as props for motion picture film or television program production when such is authorized by the Department of Justice pursuant to Article 6 (commencing with Section 12095) of this chapter and is not in violation of federal law.

(b) Any person in this state who manufactures or causes to be manufactured, imports into the state, keeps for sale, or offers or exposes for sale, or who gives, lends, or possesses any instrument consisting of a metal plate having three or more radiating points with one or more sharp edges and designed in the shape of a polygon, trefoil, cross, star, diamond, or other geometric shape for use as a weapon without handles for throwing is guilty of a felony, and upon conviction shall be punishable by imprisonment in the county jail not exceeding one year or in a state prison for not less than one year nor more than five years.

(c) (1) As used in this section a "sawed-off shotgun" means a shotgun having a barrel or barrels of less than 18 inches in length, or a rifle having a barrel or barrels of less than 16 inches in length, or any weapon made from a rifle or shotgun (whether by alteration, modification, or otherwise) if such weapon as modified has an overall length of less than 26 inches.

(2) As used in this section, a "nunchaku" means an instrument consisting of two or more sticks, clubs, bars or rods to be used as handles, connected by a rope, cord, wire or chain, in the design of a weapon used in connection with the practice of a system of

self-defense such as karate.

SEC. 3. Section 12029 of the Penal Code is amended to read:

12029. Except as provided in Section 12020, blackjacks, slungshots, billies, sandclubs, sandbags, metal knuckles, and sawed-off shotguns as defined in Section 12020 are nuisances. Such weapons shall be subject to confiscation and summary destruction whenever found within the state. Such weapons shall be destroyed in the same manner as other weapons described in Section 12028, except that upon the certification of a judge or of the district attorney that the ends of justice will be subserved thereby, such weapon shall be preserved until the necessity for its use ceases.

SEC. 4. Article 6 (commencing with Section 12095) is added to Chapter 1 of Title 2 of Part 4 of the Penal Code, to read:

Article 6. Permits

12095. If it finds that it does not endanger the public safety, the Department of Justice may issue permits initially valid for a period of one year, and renewable annually thereafter, for the manufacture, possession, transportation or use, with blank cartridges, of sawed-off shotguns solely as props for motion picture film or television program production upon a showing that good cause exists for the issuance thereof to the applicant for such a permit. No permit shall be issued to a person who is under 18 years of age.

12096. Applications for permits shall be filed in writing, signed by the applicant if an individual, or by a member or officer qualified to sign if the applicant is a firm or corporation, and shall state the name, business in which engaged, business address and a full description of the use to which the sawed-off shotguns are to be put.

Applications and permits shall be uniform throughout the state on forms prescribed by the Department of Justice.

Each applicant for a permit shall pay at the time of filing his application a fee determined by the Department of Justice, not to exceed fifty dollars ($50) for an initial application and ten dollars ($10) for an application to renew an existing permit.

12097. (a) Every person, firm or corporation to whom a permit is issued shall keep it on his person or at the place where the sawed-off shotguns are kept. The permit shall be open to inspection by any peace officer or any other person designated by the authority issuing the permit.

(b) Every sawed-off shotgun possessed pursuant to the provisions of this article shall bear a unique identifying number. If a weapon does not bear a unique identifying number, the Department of Justice shall assign such a number which shall be placed or stamped on that weapon.

12098. Permits issued in accordance with this article may be revoked by the issuing authority at any time when it appears that the need for the sawed-off shotguns has ceased or that the holder of the permit has used the sawed-off shotguns for purposes other than those

allowed by the permit or that the holder of the permit has not exercised great care in retaining custody of any weapons possessed under the permit.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The current authority to possess these prescribed deadly weapons for use in movie, television or theatrical productions is questionable and it is necessary that the law be clarified so that the entertainment industry can continue to operate.

SEC. 6. It is the intent of the Legislature, if this bill and Assembly Bill No. 2571 are both chaptered and become effective on or before January 1, 1974, both bills amend Section 12020 of the Penal Code, and this bill is chaptered after Assembly Bill No. 2571, that the amendments to Section 12020 proposed by both bills be given effect and incorporated in Section 12020 in the form set forth in Section 2.5 of this act. Therefore, Section 2.5 of this act shall become operative only if this bill and Assembly Bill No. 2571 are both chaptered and become effective on or before January 1, 1974, both amend Section 12020, and Assembly Bill No. 2571 is chaptered before this bill, in which case Section 2 of this act shall not become operative.

[Approved by Governor September 25, 1973 Filed with Secretary of State September 25, 1973]

The people of the State of California do enact as follows:

SECTION 1. Section 8399.5 is added to the Fish and Game Code, to read:

8399.5. It is unlawful to take herring for commercial purposes with round haul nets in that portion of Tomales Bay in District 10 south of a line drawn from the southernmost portion of Duck Cove north, 358° magnetic, to the opposite shore in the vicinity of the Marshall Boat Works. This section shall remain in effect only until January 1, 1976, and as of that date is repealed.

SEC. 2. Article 15 (commencing with Section 8550) is added to Chapter 2 of Part 3 of Division 6 of the Fish and Game Code, to read:

Article 15. Herring

8550. Herring in Tomales Bay and in San Francisco Bay may be taken for commercial purposes only under a revocable, nontransferable permit, subject to such regulations as the commission shall prescribe. In such bays the commission may, whenever necessary to prevent overutilization, to insure efficient and economic operation of the fishery, or to otherwise carry out the provisions of this article, limit the total number of permits which are granted and the amount which may be taken under such permits.

The commission, in limiting the total number of permits, shall take into consideration the restricted fishing area and the safety of others using such bays for purposes other than fishing.

8551. The department shall conduct a study to determine the spawning population of herring in San Francisco and Tomales Bays. Such study shall include at least the two herring spawning seasons in 1974 and 1975. A written report shall be submitted by the department to the commission not later than three months following the end of the 1975 spawning season. The commission shall conduct a public hearing on such report, and on the basis of the findings contained in the report and any other evidence presented at such hearing, the commission shall determine the amounts of herring which may be taken for commercial purposes in San Francisco Bay and in Tomales Bay.

8552. The total take of herring in San Francisco Bay for commercial purposes, except for bait, shall not exceed 500 tons during any one spawning season, and the total take of herring in Tomales Bay for commercial purposes, except for bait, shall not exceed 450 tons during any one spawning season. This section shall remain in effect only until November 30, 1975, and as of that date is repealed.

8553. The commission may make and enforce such regulations as may be necessary or convenient for carrying out any power, authority, or jurisdiction conferred under this article.

SEC. 3. Notwithstanding Section 2164.3 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to this section nor shall there be any appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local government entities and school districts which, in the aggregate, do not result in significant identifiable cost changes.

CHAPTER 738

An act relating to state lands, and in this connection repealing Chapter 1335 of the Statutes of 1972, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 25, 1973. Filed with Secretary of State September 25, 1973]

The people of the State of California do enact as follows:

SECTION 1. Chapter 1335 of the Statutes of 1972 is repealed.

SEC. 3. The Department of Parks and Recreation is authorized to exchange lands purchased pursuant to Section 2 of this act, on a fair market value basis, for privately or publicly owned lands located on, and adjacent to, Penny Island in Sonoma County and lands located in Mendocino County adjacent to Ten Mile Beach, lying westerly of State of California Highway 1, between Ten Mile River and MacKerricher State Park, for the state park system.

SEC. 4. The transactions authorized pursuant to Sections 2 and 3 of this act shall not be completed until approved by the Department of General Services and State Public Works Board.

SEC. 5. The Department of Parks and Recreation is authorized to lease lands within the state park system, and to convey an easement across lands within the state park system, to the Mendocino City Community Services District without cost, or at nominal cost, for the

In any case where a person convicted of any offense to which this section applies is imprisoned until the fine is satisfied, the judge shall waive the penalty assessment.

SEC. 2. Section 42006 of the Vehicle Code is amended to read:

42006. In any case where a person convicted of any offense to which this section applies is imprisoned until the fine is satisfied, the judge shall waive the penalty assessment.

[Approved by Governor September 25, 1973 Filed with Secretary of State September 25, 1973.]

The people of the State of California do enact as follows:

SECTION 1. Section 99232 of the Public Utilities Code is amended to read:

99232. For counties with a population of 500,000 or more, as determined under Section 28020 of the Government Code, as now or hereafter amended, but excluding counties with more than 4,500 miles of maintained county roads, the amount representing the apportionments of the areas of all operators shall be available solely for claims for Section 99234 purposes and for Article 4 (commencing with Section 99260) purposes, and any such moneys not allocated in any year shall be available for such claims in subsequent years.

SEC. 2 Section 99233 of the Public Utilities Code is amended to read.

99233. The fund shall be allocated by the designated transportation planning agency in accordance with the following priorities:

(a) First, there shall be allocated to the county such sums as are necessary for the county to administer this chapter.

(b) Thereafter there shall be allocated to the transportation planning agency such sums as are necessary to administer this chapter.

(c) Thereafter there shall be allocated to the transportation planning agency, if it is statutorily created, or is serving as the California representation to an agency created by interstate compact, such sums as it may approve up to 3 percent of annual revenues for the conduct of the transportation planning process, unless a greater amount is approved by the secretary.

(d) Thereafter there shall be allocated to cities and counties such moneys as are approved by the transportation planning agency for claims presented pursuant to Section 99234.

(e) Thereafter there shall be allocated to operators such moneys as are approved by the transportation planning agency for claims presented pursuant to Article 4 (commencing with Section 99260) of this chapter.

(f) Thereafter there shall be allocated to cities and counties such moneys as are approved by the transportation planning agency for claims presented pursuant to Article 8 (commencing with Section 99400) of this chapter.

SEC. 3. Section 99234 is added to the Public Utilities Code, to read.

99234 After allocations for the purposes specified in subdivisions (a), (b), and (c) of Section 99233, 2 percent of the remaining moneys shall be made available to cities and counties for facilities provided for the exclusive use by pedestrians and bicycles, unless the transportation planning agency finds that such moneys could be used to better advantage for the purposes stated in Article 4 (commencing with Section 99260) of this chapter, or for local street and road purposes in those areas where such moneys may be expended for such purposes, in the development of a balanced transportation system.

Claims for such facilities shall be filed in the same manner as are claims filed for the purposes of subdivision (a) of Section 99400.

SEC. 4. Section 99241 of the Public Utilities Code is amended to read:

99241. Except for allocations made for purposes of Section 99234 and subdivision (a) of Section 99400, which shall be subject to the rules and regulations adopted by the transportation planning agency, all matters necessary and convenient to the implementation of this chapter shall be subject to rules and regulations, consistent with statute, adopted by the secretary, with the advice and consent of the State Transportation Board, and those rules and regulations may be revised from time to time.

Such rules and regulations shall specify the procedures by which evaluation and review by the transportation planning agency of public transportation claims shall be accomplished, and shall require submission of corresponding budgets or financial plans, certified financial statements, and other information required in connection therewith. The rules and regulations shall provide for the orderly and periodic distribution of moneys in the fund so that the areas served by the operator will be provided public transportation services on a continuing basis and so that there will be an orderly improvement and maintenance of the system of the operator. The rules and regulations shall provide for the approval of sufficient moneys from the local fund to accomplish the intent of the Legislature as expressed in the findings and declarations in Section 99220.

Such rules and regulations may require that the transportation planning agency, in reviewing claims, give due consideration to the level of the operator's passenger fares and charges, the efficiency of the operator's operations and operating policies and practices, the extent to which the operator is meeting the transportation needs of the area served, and the extent to which the operator is making full use of other available revenues and funds, including federal transportation grants.

SEC. 5. Section 99267 of the Public Utilities Code is amended to read:

99267. (a) Except for a transit district or a municipal operator during its first five years of existence, if it did not operate a public transportation system prior to July 1, 1972, at least 75 percent of funds received under this article each fiscal year shall be used for capital

expenditures. Such capital expenditures shall consist of acquisition of land and other real property, current acquisition or replacement of transportation vehicles or conveyances, and acquisition, construction, enlargement, or repair of property and facilities incidental to or necessary or convenient in connection with the foregoing, depreciation, and payment of principal and interest on its bonded indebtedness, equipment trust certificates, or other indebtedness, including any amounts in the accomplishment of a defeasance under any outstanding revenue bond indenture.

(b) The amount of federal and other state funds granted or approved for capital expenditures on a matching basis by the operator, the local contributions designated pursuant to subdivision (c), and the allocations made pursuant to Section 99234 for the area served by the operator in any fiscal year may be applied by the operator to satisfy the requirement of subdivision (a).

(c) Any local entity contributing money to an operator, during the 1973–74 fiscal year or any subsequent fiscal year, may designate what portion of its annual contribution, but not to exceed one-half thereof, may be applied to satisfy the requirement specified in subdivision (a), whether or not such portion is to be expended for capital expenditures.

(d) When unique and unusual circumstances arise whereby funds are available for capital expenditures but not for other more urgent costs, an operator may file an application with the secretary for a temporary waiver which, if granted, shall authorize funds otherwise restricted for capital expenditures to be used for other more urgent purposes. To approve such a request, the secretary shall determine that financing the noncapital expenditures by other means, such as fare increases or curtailment of services, will adversely affect public transportation service for the area.

SEC. 5.5. Section 99267 of the Public Utilities Code is amended to read:

99267. (a) Except for a transit district or a municipal operator during its first five fiscal years in the operation of a public transportation system, if it did not operate a public transportation system prior to July 1, 1972, at least 75 percent of funds received under this article shall be used for capital expenditures. Such capital expenditures shall consist of acquisition of land and other real property, current acquisition or replacement of transportation vehicles, or conveyances, and acquisition, construction, enlargement, or repair of property and facilities incidental to or necessary or convenient in connection with the foregoing, depreciation, and payment of principal and interest on its bonded indebtedness, equipment trust certificates, or other indebtedness, including any amounts in the accomplishment of a defeasance under any outstanding revenue bond indenture.

(b) The amount of federal and other state funds granted or approved for capital expenditures on a matching basis by the operator, the local contributions designated pursuant to subdivision

(c), and the allocations made pursuant to Section 99234 for the area served by the operator in any fiscal year may be applied by the operator to satisfy the requirement of subdivision (a).

(c) Any local entity contributing money to an operator, during the 1973–74 fiscal year or any subsequent fiscal year, may designate what portion of its annual contribution, but not to exceed one-half thereof, may be applied to satisfy the requirement specified in subdivision (a), whether or not such portion is to be expended for capital expenditures.

(d) When unique and unusual circumstances arise whereby funds are available for capital expenditures but not for other more urgent costs, an operator may file an application with the secretary for a temporary waiver which, if granted, shall authorize funds otherwise restricted for capital expenditures to be used for other more urgent purposes. To approve such a request, the secretary shall determine that financing the noncapital expenditures by other means, such as fare increases or curtailment of services, will adversely affect public transportation service for the area.

SEC. 6. Section 99401 of the Public Utilities Code is amended to read:

99401. The transportation planning agency shall adopt rules and regulations delineating procedures for the submission of claims under Section 99234 and subdivision (a) of Section 99400 and stating criteria by which they will be analyzed and evaluated. Such rules and regulations shall provide for orderly and periodic distributions of moneys.

To the extent necessary to perform its duties under this article, the transportation planning agency shall have full access to the books, records, and accounts of the claimant cities and counties.

SEC. 7. It is the intent of the Legislature, if this bill and Senate Bill No. 314 are both chaptered and become effective January 1, 1974, both bills amend Section 99267 of the Public Utilities Code, and this bill is chaptered after Senate Bill No. 314, that the amendments to Section 99267 proposed by both bills be given effect and incorporated in Section 99267 in the form set forth in Section 5.5 of this act. Therefore, Section 5.5 of this act shall become operative only if this bill and Senate Bill No. 314 are both chaptered and become effective January 1, 1974, both amend Section 99267, and this bill is chaptered after Senate Bill No. 314, in which case Section 5 of this act shall not become operative.

The county superintendent shall draw his requisitions for contributions required by Sections 14026 and 14100 in favor of the State Teachers' Retirement System, and the requisitions, when allowed and signed by the county auditor, shall constitute a warrant against the county treasury. The county superintendent thereupon shall forward the warrants to the board in Sacramento. The amounts received shall be deposited forthwith in the State Treasury to the Teachers' Retirement Fund.

14052. Member contributions required by Section 14026 and employer contributions required by Section 14100 are due and payable in the office of the system 20 calendar days immediately following the period covered by the monthly report upon which the salary earned during the period is being reported and from and upon which the contributions are due, and are delinquent 10 calendar days immediately thereafter.

14053. If a county superintendent of schools or employing agency other than a school district fails to make payment of contributions as provided in Section 14052, the board may assess penalties.

The board may charge interest on any delinquent contributions until they have been paid to the system, at a rate approximating the average rate yielded on moneys invested by the board during the previous year, but not to exceed 10 percent per annum. The penalties so assessed are deemed interest earned in the year in which received.

The State Controller shall thereupon pay to the system the amount of such assessments withheld for deposit in the State Treasury to the Teachers' Retirement Fund.

14058. If more or less than the correct amount of the contribution required by Sections 14026 and 14100 is paid to the system based on any salary payment to a member, including salary payments to exchange teachers for service outside of this state, proper adjustments shall be made, without interest, in connection with subsequent salary payments, or adjustments may be made by direct cash payments between the member, the employing agency and the board.

14059. If the board determines that contributions are due the system from a person who has retired, is receiving a disability allowance or died, including one who has applied for retirement or disability allowance but has not received his first benefit check and the person is unable to pay the amount due, the board may withhold all or part of subsequent payments due the member, retirant, disabilitant or survivor, until the amounts so withheld equal the contributions due plus regular interest.

14060. Any overpayment made to or on behalf of any member, former member, disabilitant, survivor or retirant, including but not limited to contributions, interest, benefits of any kind, federal or state tax, or insurance premiums, and not recovered prior to or

following a death shall be deducted from any death benefit that may be payable by the system.

14061. Losses or gains resulting from overpayment or underpayment of contributions or other amounts within the limits set by the State Board of Control for automatic writeoff, and losses or gains in greater amounts specifically approved for writeoffs by the State Board of Control, shall be debited or credited, as the case may be, to the appropriate reserve in the Teachers' Retirement Fund.

14062. At any time upon the request of the system, the employing agency shall furnish a statement of the amount of contributions deducted from salary payments of any member, the services performed and the salary earned by him since the end of the period covered by the last report of the superintendent or employer. The system may use the information shown in the statement in determining contributions to be paid by or to the member or to a beneficiary, or use it in determining the member's status upon retirement, even though the member's and employer's contributions will not be received by the board until after the payment or determination.

14070.5. The board shall deduct 4 percent of the refundable balance or twenty-five dollars ($25), whichever is less, from each refund made upon termination of service. An act to amend Sections 1206 and 1383 of, to add Article 7 (commencing with Section 700) to Chapter 5 of Division 1 of, and to repeal Section 855 of, the Financial Code, relating to banks.

[Approved by Governor September 25, 1973 Filed with Secretary of State September 25, 1973]

The people of the State of California do enact as follows:

SECTION 1. Article 7 (commencing with Section 700) is added to Chapter 5 of Division 1 of the Financial Code, to read:

Article 7. Acquisition of Control

700. Unless the context otherwise requires, in this article:

(a) "Bank" means a bank organized under the laws of this state.

(b) "Control" means possession, direct or indirect, of the power to direct or cause the direction of the management and policies of a person, whether through the ownership of voting securities, by contract (other than a commercial contract for goods or nonmanagement services), or otherwise; provided, however, that no individual shall be deemed to control a person solely on account of being a director, officer, or employee of such person.

For purposes of this article, a person who, directly or indirectly, owns, controls, holds with the power to vote, or holds proxies representing, 10 percent or more of the then outstanding voting securities issued by another person is presumed to control such other person.

For purposes of this article, the superintendent may determine whether a person in fact controls another person.

(c) "Controlling person" means a person who, directly or indirectly, controls a bank.

(d) "Person" means an individual, a corporation, an association, a syndicate, a partnership, a business trust, an estate, a trust, or an organization of any kind, or any combination of any of the foregoing acting in concert.

(e) "Shareholder" means:

(1) In the case of a corporation, a holder of a share of any class or series.

(2) In the case of a nonprofit or charitable corporation, an unincorporated association, or a syndicate, a member.

(3) In the case of a partnership, a partner.

(4) In the case of a business trust, an estate, or a trust, a holder of a beneficial interest.

(5) In the case of an organization of any other kind, a holder of an ownership interest.

701. No person shall, directly or indirectly, unless the superintendent has approved such acquisition of control, do any of the following:

(a) Make a tender offer for, a request or invitation for tenders of, or an offer to exchange securities for, any voting security or any security convertible into a voting security of a bank or a controlling person if the person making such tender offer, request or invitation for tenders, or offer to exchange securities would, by consummation thereof, directly or indirectly, acquire control of such bank or such controlling person.

(b) Solicit approval of any shareholder of a controlling person for a merger, consolidation, sale of assets, or other transaction by which

any person other than such controlling person would acquire control of the bank controlled by such controlling person.

(c) Acquire control of a bank or a controlling person; provided, however, that nothing in this subdivision shall be deemed to prohibit any person from negotiating to acquire (but not acquiring) control of a bank or a controlling person.

702. An application for approval to acquire control of a bank or a controlling person shall be in such form and contain such information as the superintendent may require by regulation or order.

703. If the superintendent finds, with respect to the proposed acquisition of control of a bank or a controlling person, that any of the factors set forth in subdivisions (a) to (g), inclusive, is true, he shall deny the application. If he finds that none of such factors is true, he shall approve the application.

(a) That the proposed acquisition of control would result in a monopoly or would be in furtherance of any combination or conspiracy to monopolize or to attempt to monopolize the business of banking in any part of this state;

(b) That the effect of the proposed acquisition of control in any section of the state may be substantially to lessen competition or to tend to create a monopoly or that the proposed acquisition of control would in any other manner be in restraint of trade, and that the anticompetitive effects of the proposed acquisition of control are not clearly outweighed in the public interest by the probable effect of the transaction in meeting the convenience and needs of the community to be served;

(c) That the financial condition of any acquiring person is such as might jeopardize the financial stability of the bank or the controlling person, or prejudice the interests of the depositors, creditors, or shareholders of the bank or the controlling person;

(d) That plans or proposals to liquidate the bank or the controlling person, to sell the assets of the bank or the controlling person, to merge or consolidate the bank or the controlling person, or to make any other major change in the business, corporation structure or management of the bank or the controlling person are not fair and reasonable to the depositors, creditors, and shareholders of the bank or the controlling person;

(e) That the competence, experience, or integrity of any acquiring person indicates that it would not be in the interest of the depositors, creditors, or shareholders of the bank or the controlling person or in the interest of the public to permit such person to control the bank or the controlling person;

(f) That the proposed acquisition is unfair, unjust, or inequitable to the bank or the controlling person or to the depositors, creditors, or shareholders of the bank or the controlling person; or

(g) That the applicant neglects, fails, or refuses to furnish to the superintendent all the information required by the superintendent.

704. The superintendent may, in approving a proposal to acquire

control of a bank or a controlling person pursuant to Section 703, impose such conditions as he deems reasonable or necessary or advisable in the public interest.

705. The superintendent may, for good cause, amend, alter, suspend, or revoke any approval of a proposal to acquire control of a bank or a controlling person issued pursuant to Section 703.

706. Notwithstanding any other provision of this article, any application for approval to acquire control of a bank or a controlling person which is not denied or approved by the superintendent within a period of 60 days after such application is filed with him or, if the applicant consents to an extension of the period within which the superintendent may act, within such extended period, shall be deemed to be approved by the superintendent as of the first day after such period of 60 days or such extended period, as the case may be.

For purposes of this section, an application for approval to acquire control of a bank or a controlling person is deemed to be filed with the superintendent at the time when the complete application, including any amendments or supplements, containing all the information in the form required by the superintendent, is received by him.

707. (a) The superintendent, before determining whether, for purposes of this article, a person controls another person or before denying or approving an application for approval to acquire control of a bank or controlling person, may hold a hearing.

(b) After determining whether, for purposes of this article, a person controls another person or after denying or approving an application for approval to acquire control of a bank or controlling person, the superintendent, upon the filing of a written request for a hearing by any person prejudiced by his decision, shall hold a hearing and upon such hearing shall affirm, modify, or reverse his decision. Any such hearing shall commence within a period of 30 days after the written request for the hearing is filed with the superintendent or, if the person filing the written request for the hearing consents to an extension of the period within which the hearing is to commence, within such extended period.

708. There shall be exempted from the provisions of Section 701 any transaction which the superintendent by regulation or order exempts as not being comprehended within the purposes of this article and the regulation of which he finds is not necessary or appropriate in the public interest or for the protection of a bank, a controlling person, or the depositors, creditors, or shareholders of a bank or a controlling person.

709. Whenever it appears to the superintendent that any person has committed or is about to commit a violation of any provision of this article or of any regulation or order of the superintendent issued pursuant to this article, the superintendent may apply to the superior court for an order enjoining such person from violating or continuing to violate this article or any such regulation or order and for other equitable relief as the nature of the case or the interests of the bank,

the controlling person, the depositors, creditors, or shareholders of such bank or such controlling person, or the public may require.

710. No person shall be entitled to vote or to give a written consent with respect to any security acquired in contravention of any provision of this article or of any regulation or order of the superintendent issued pursuant to this article for a period of three years after such acquisition. If a security of a bank or a controlling person is acquired in contravention of this article or any such regulation or order, such bank, such controlling person, any shareholder of such bank or such controlling person, or the superintendent may apply to the superior court for equitable relief, including costs and (except with respect to the superintendent) attorney fees, to enjoin prospectively any person from voting or giving any written consent with respect to such security for a period of three years after such acquisition, and the superintendent may apply to the superior court for equitable relief, including costs, to void any voting or any giving of a written consent with respect to such security which has occurred since such acquisition.

711. If any provision or clause of this article or the application thereof to any person or circumstance is held invalid, illegal, or unenforceable, such invalidity, illegality, or unenforceability shall not affect other provisions or applications of this article which can be given effect without the invalid, illegal, or unenforceable provision or application, and to this end, the provisions of this article are declared to be severable.

SEC. 2. Section 855 of the Financial Code is repealed.

SEC. 3. Section 1206 of the Financial Code is amended to read:

1206. A commercial bank may issue negotiable certificates of deposit transferable by endorsement and delivery and nonnegotiable certificates transferable only on the books of the bank.

SEC. 4. Section 1383 of the Financial Code is amended to read:

1383. A savings bank may issue negotiable time certificates of deposit transferable by endorsement and delivery and may issue nonnegotiable time certificates of deposit transferable only upon the books of the bank.

(b) Upon notice in writing which is actually required to be given a certain number of days specified in the instrument, not less than 30 days, before the date of repayment; and

(c) In all cases only upon presentation and surrender of the certificate.

SEC. 3. It is the intent of the Legislature, if both this bill and Assembly Bill No. 267 are chaptered, become effective January 1, 1974, and Assembly Bill No. 267 is chaptered before this bill and repeals Section 1383 of the Financial Code, that Section 4 of this act

amending Section 1383 of the Financial Code shall not become operative.

[Approved by Governor September 25, 1973 Filed with Secretary of State September 25, 1973]

The people of the State of California do enact as follows:

SECTION 1. Section 19683.5 of the Education Code is amended to read:

19683.5. Notwithstanding any provisions of this article to the contrary, apportionments for the construction of facilities and the purchase of essential furniture and equipment for the education of exceptional children may, subject to the approval of the Department of Education, be made to any school districts not otherwise eligible to receive apportionments under Article 1 (commencing with Section 19551) and Article 2 (commencing with Section 19651) of this chapter, for the education of blind, partially seeing, aphasic, deaf, hard-of-hearing, mentally retarded, orthopedic or other health-impaired, multihandicapped, and educationally handicapped minors, pupils having speech defects or disorders, or pupils enrolled in development centers for the handicapped.

The Department of Education may approve applications in those situations where the facilities will be used by a county superintendent of schools required to educate physically

handicapped minors pursuant to Section 894 and mentally retarded minors pursuant to Section 895. A school district may educate such minors by agreement with a county superintendent of schools required to educate such minors. Priority in the use of such facilities shall be given to pupils from districts other than the applicant district.

Except as otherwise provided in this section, not more than 50 percent of the amount of any apportionment made pursuant to this section shall be repaid. Repayments shall be made in the following manner: 50 percent of the amount of the apportionment shall be repaid in full with interest by the district, in such annual amounts and at such interest rate over such period as the State Allocation Board may determine, not to exceed 20 years from the date the apportionment became final. In any school year in which 50 percent or more of the pupils in average daily attendance, as determined by the county superintendent of schools, and served by such facilities are not pupils from districts other than the applicant district, the repayment for the succeeding fiscal year shall be an amount which would have been payable if such district had been required to repay 100 percent of the apportionment over such period.

The county board of supervisors of the county whose superintendent of schools conducts classes in such facility during any fiscal year shall at such time or times within such fiscal year as may be agreed upon between the county and the school district, but in any case not later than the end of such fiscal year, pay to the school district having the obligation to repay the apportionment made under this section for the construction of such facility, an amount equal to 80 percent of the amount the district is required to repay in said fiscal year with respect to the apportionment described above.

The county board of supervisors shall raise the amount required through a general tax levy on the property within the participating districts, or through a tuition charge not to exceed one hundred sixty dollars ($160) a year per pupil by the county superintendent of schools to the school districts of residence of pupils attending the facility other than the district having the obligation to repay, or through a combination of these.

The county superintendent of schools shall notify the county board of supervisors of his intention to approve a school district's application for an allocation under this article before he approves the application.

SEC. 2. Section 19683.5 of the Education Code is amended to read:

19683.5. Notwithstanding any provisions of this article to the contrary, apportionments for the construction of facilities and the purchase of essential furniture and equipment for the education of exceptional children may be made to any school districts not otherwise eligible to receive apportionments under Article 1 (commencing with Section 19551) and Article 2 (commencing with

Section 19651) of this chapter, for the education of blind, partially seeing, aphasic, deaf, hard-of-hearing, mentally retarded, orthopedic or other health-impaired, multihandicapped, and educationally handicapped minors, pupils having speech defects or disorders, or pupils enrolled in development centers for the handicapped.

The board may approve applications in those situations where the facilities will be used by a county superintendent of schools required to educate physically handicapped minors pursuant to Section 894 and mentally retarded minors pursuant to Section 895. A school district may educate such minors by agreement with a county superintendent of schools required to educate such minors. Priority in the use of such facilities shall be given to pupils from districts other than the applicant district.

Except as otherwise provided in this section, not more than 50 percent of the amount of any apportionment made pursuant to this section shall be repaid. Repayments shall be made in the following manner: 50 percent of the amount of the apportionment shall be repaid in full with interest by the district, in such annual amounts and at such interest rate over such period as the State Allocation Board may determine, not to exceed 20 years from the date the apportionment became final. In any school year in which 50 percent or more of the pupils in average daily attendance, as determined by the county superintendent of schools, and served by such facilities are not pupils from districts other than the applicant district, the repayment for the succeeding fiscal year shall be an amount which would have been payable if such district had been required to repay 100 percent of the apportionment over such period.

The county board of supervisors of the county whose superintendent of schools conducts classes in such facility during any fiscal year shall at such time or times within such fiscal year as may be agreed upon between the county and the school district, but in any case not later than the end of such fiscal year, pay to the school district having the obligation to repay the apportionment made under this section for the construction of such facility, an amount equal to 80 percent of the amount the district is required to repay in said fiscal year with respect to the apportionment described above.

The county board of supervisors shall raise the amount required through a general tax levy on the property within the participating districts, or through a tuition charge not to exceed one hundred sixty dollars ($160) a year per pupil by the county superintendent of schools to the school districts of residence of pupils attending the facility other than the district having the obligation to repay, or through a combination of these.

The county superintendent of schools shall notify the county board of supervisors of his intention to approve a school district's application for an allocation under this article before he approves the application.

SEC. 3. It is the intent of the Legislature, if this bill and Assembly

Bill No. 2399 are both chaptered, become effective on or before January 1, 1974, and amend Section 19683.5 of the Education Code, and this bill is chaptered after Assembly Bill No. 2399, that Section 19683.5 of the Education Code, as amended by Section 1 of this act, shall remain operative until the effective date of Assembly Bill No. 2399, and that on the effective date of Assembly Bill No. 2399, Section 19683.5 of the Education Code, as amended by Section 1 of this act, be further amended in the form set forth in Section 2 of this act to incorporate the changes in Section 19683.5 proposed by Assembly Bill No. 2399. Therefore, if Assembly Bill No. 2399 is chaptered before this bill and amends Section 19683.5, Section 2 of this act shall become operative on the effective date of Assembly Bill No. 2399; provided, however, that both this act and Assembly Bill No. 2399 become effective on or before January 1, 1974.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The State School Building Aid and Earthquake Reconstruction and Replacement Bond Law of 1972 (see Proposition 2 of the primary election of 1972) was approved by the electors at the 1972 primary election. So that the funds provided thereby can be utilized for the purposes of this act at the earliest possible time, it is essential that this act take effect immediately.

CHAPTER 748

An act to add Section 1242.6 to the Business and Professions Code, relating to nurses.

[Approved by Governor September 25, 1973 Filed with Secretary of State September 25, 1973.]

The people of the State of California do enact as follows:

SECTION 1. Section 1242.6 is added to the Business and Professions Code, to read:

1242.6. Any registered nurse licensed under the provisions of Chapter 6 (commencing with Section 2700) of Division 2 may perform arterial puncture, venipuncture, or skin puncture for the purposes of withdrawing blood or for test purposes upon authorization from any licensed physician and surgeon.

CHAPTER 749

An act to amend Section 6812.7 of the Education Code, relating to special education.

[Approved by Governor September 25, 1973 Filed with Secretary of State September 25, 1973.]

The people of the State of California do enact as follows:

SECTION 1. Section 6812.7 of the Education Code is amended to read:

6812.7. The governing board of any school district or a county superintendent of schools, with the approval of the county board of education and the Superintendent of Public Instruction, may establish and maintain an experimental program for deaf or severely hard-of-hearing children who are at least six months of age. Not more than two such experimental programs shall be established pursuant to this section. Program approval shall be given to such school district or county superintendent of schools which is presently operating such a program or which is otherwise prepared to undertake the type of program authorized by this section.

With the approval of the Superintendent of Public Instruction, these experimental programs shall be permitted to operate differently from regular class programs. The Superintendent of Public Instruction may, upon application of the governing board or county superintendent of schools, as the case may be, waive such provisions of the Education Code as he deems necessary in order to provide the necessary flexibility for these experimental programs.

It is the intent of the Legislature that, in connection with these experimental programs, proper recognition be given to the needs of parents, through provision of parents' home training and parent counseling, the audiological needs of the child, and the purchase of necessary supplies and equipment. The Legislature also intends that proper recognition be given to the need for the promotion and initiation of early identification activities. However, for the purposes of these experimental programs, it is not intended that actual identification activities be undertaken of the infant population at large.

The Superintendent of Public Instruction shall prepare and submit to the Legislature 24 months after initiation of such a program, but no later than July 1, 1974, an interim evaluation report of the results of the programs, and no later than June 30, 1975, a final evaluation report of the results of the programs. An act to amend Section 6, and to add Section 7.5 to, of the County Water Authority Act (Chapter 545 of the Statutes of 1943), relating to county water authorities, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 25, 1973 Filed with Secretary of State September 25, 1973]

The people of the State of California do enact as follows:

SECTION 1. Section 6 of the County Water Authority Act (Chapter 545 of the Statutes of 1943) is amended to read:

Sec. 6. (a) All powers, privileges and duties vested in or imposed upon any authority incorporated hereunder shall be exercised and performed by and through a board of directors; provided, however, that the exercise of any and all executive, administrative and ministerial powers may be by said board of directors delegated and redelegated to any of the offices created hereby or by the board of directors acting hereunder.

(b) The board of directors herein referred to shall consist of at least one representative from each public agency, the area of which shall lie within the authority. Such representatives shall be designated and appointed by the chief executive officers of said

public agencies, respectively, with the consent and approval of the legislative bodies of the said public agencies, respectively. Any member of the governing body of a water district member agency may be appointed by the agency to the board of the authority to serve as the agency's representative, except that in the case of agencies with several such representatives a majority of the members of the governing body of such agency may not be so appointed by such agency to serve as representatives on the board of the authority. No member of such a governing body shall appoint himself or vote for his own appointment. Any director holding such dual offices shall not vote upon any contract between a county water authority and the member public agency he represents on the authority's board. The term "water district" as used in this subdivision has the same meaning as in subdivision (a) of Section 10.

(c) Members of the board of directors shall hold office for a term of six years, and until their successors are appointed and qualified; provided, that the terms of the members of the first board shall be determined by lot so that the terms of not less than one-half of the members shall be for three years and the terms of the remainder shall be six years; provided further, that every member shall be subject to recall by the voters of the public agency from which such member is appointed, in accordance with the recall provisions of the freeholders' charter or other law applicable to such public agency; and provided further, that any member may be recalled by the majority vote of the governing body of the public agency from which such member is appointed.

(d) As a member of the board of directors, each representative shall be entitled to vote on all questions, orders, resolutions and ordinances coming before the board, and shall be entitled to cast one vote for each five million dollars ($5,000,000), or major fractional part thereof, of assessed valuation of property taxable for authority purposes in the public agency represented by him as shown by the last equalized assessment roll of the county and evidenced by the certificate of the county auditor; provided, that each representative shall have at least one vote and no public agency shall have votes exceeding in number the total number of votes of all the other public agencies whose corporate areas are included in such authority. In addition to one representative, any public agency may at its option designate and appoint one additional representative for each full 5 percent of the assessed value of property taxable for authority purposes which is within such public agency; provided, however, that the term of any representative in office on the effective date of this provision shall not be changed or terminated, nor shall the term of office of any representative be changed or terminated by reason of any future change in the assessed values of property within any member agency. The representatives of each public agency shall cast the vote to which such public agency would otherwise be entitled as a unit and as a majority of such representatives present shall determine. The affirmative votes of members representing more

than fifty (50) percent of the total number of votes of all the members shall be necessary, and, except as otherwise herein provided, shall be sufficient to carry any order, resolution or ordinance coming before the board of directors; provided, however, any meeting may be adjourned or recessed from day to day or from time to time, by vote of the director or directors present, irrespective of the number of directors present or the number of votes represented at such meeting. For the purposes of this section, the term "major fractional part" shall be deemed to mean a fractional part larger than one-half.

(e) Members of the first board of directors so constituted shall convene at the call of the clerk of the board of supervisors in the meeting room of the board of supervisors at the county seat of said county, and immediately upon convening, such board of directors shall elect from its membership a chairman, a vice chairman, and a secretary, who shall serve for a period of two years, or until their respective successors shall be elected and qualified.

SEC. 2. Section 7.5 is added to the County Water Authority Act (Chapter 545 of the Statutes of 1943), to read:

Sec. 7.5. Revenue bonds, including refunding revenue bonds, may be issued by an authority under the Revenue Bond Law of 1941, Chapter 6 (commencing with Section 54300), Part 1, Division 2, Title 5 of the Government Code or any other law which by its terms is applicable.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Existing law is unclear as to the propriety of directors of member agencies of a county water authority being directors of a county water authority. Since its formation in 1944, the San Diego County Water Authority, the agency responsible for the delivery of approximately 95 percent of the water used in San Diego County, has acted on the premise that it was proper for member agencies to be represented by their directors, and accordingly, the present board of the San Diego County Water Authority has a number of such representatives. It is essential that there be no legal question as to the validity of its actions. The unclear status of the law puts in question the propriety of the composition of its board and of the actions of its board. This act will clarify the law applicable to a county water authority and will remove any questions which may exist, and, therefore, it is necessary that it go into immediate effect.

Moreover, additional imported water will be available for distribution by the San Diego County Water Authority in 1975. State health authorities have declared that this water must be filtered. To meet this requirement the San Diego Water Authority has undertaken extensive studies of means of filtering water prior to delivery to its member agencies. If the San Diego County Water Authority determines to proceed with this and related projects, a

bond election will be necessary in 1974. It is therefore necessary that this act go into immediate effect also in order that the method of financing provided for herein be available for submission to the voters at that election.

overcome the presumption. The presumption provided by this section is rebuttable.

An individual whose employment is terminated under the compulsory retirement provisions of a collective bargaining agreement to which the employer is a party, shall not be deemed to have left his work without good cause.

CHAPTER 762

An act to amend Section 8589.5 of the Government Code, relating to dam safety, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 25, 1973 Filed with Secretary of State September 25, 1973]

The people of the State of California do enact as follows:

SECTION 1. Section 8589.5 of the Government Code is amended to read:

8589.5. (a) Inundation maps showing the areas of potential flooding in the event of sudden or total failure of any dam, the partial or total failure of which the Office of Emergency Services determines, after consultation with the Department of Water Resources, would result in death or personal injury, shall be prepared and submitted as provided in this subdivision within six months after the effective date of this section, unless the time for submission of such maps is extended for reasonable cause by the Office of Emergency Services. The local governmental organization, utility, or other owner of any dam so designated shall submit to the Office of Emergency Services one such map which shall delineate potential flood zones that could result in the event of dam failure when the reservoir is at full capacity or if the local governmental organization, utility, or other owner of any dam shall determine it to be desirable he shall submit three such maps, which shall delineate potential flood zones that could result in the event of dam failure when the reservoir is at full capacity, at median-storage level, and at normally low-storage level. After submission of copies of such map or maps, the Office of Emergency Services shall review the map or maps, and shall return that map or maps which do not meet the requirements of this subdivision, together with recommendations relative to conforming to such provisions. Maps rejected by the Office of Emergency Services shall be revised to conform to such recommendations and resubmitted. The Office of Emergency Services shall keep on file those maps which conform to the provisions of this subdivision. Maps approved pursuant to this subdivision shall also be kept on file with the Department of Water Resources. The owner of a dam shall submit final copies of such maps

to the Office of Emergency Services which shall immediately submit identical copies to the appropriate public safety agency of any city, county, or city and county likely to be affected.

(b) Based upon a review of inundation maps submitted pursuant to subdivision (a), the Office of Emergency Services shall designate areas within which death or personal injury would, in its determination, result from the partial or total failure of a dam. The appropriate public safety agencies of any city, county, or city and county, the territory of which includes such an area, shall adopt emergency procedures for the evacuation and control of populated areas below such dams. The Office of Emergency Services shall review such procedures to determine whether adequate public safety measures exist for the evacuation and control of populated areas below the dams, and shall make recommendations with regard to the adequacy of such procedures to the concerned public safety agency. In conducting such review the Office of Emergency Services shall consult with appropriate state and local agencies.

Emergency procedures specified in this subdivision shall conform to local needs, and may be required to include any of the following elements or any other appropriate element, in the discretion of the Office of Emergency Services: (1) delineation of area to be evacuated; (2) routes to be used; (3) traffic control measures; (4) shelters to be activated for the care of the evacuees; (5) methods for the movement of people without their own transportation; (6) identification of particular areas or facilities in the flood zones which will not require evacuation because of their location on high ground or similar circumstances; (7) identification and development of special procedures for the evacuation and care of people from unique institutions; (8) procedures for the perimeter and interior security of the area, including such things as passes, identification requirements, and antilooting patrols; (9) procedures for the lifting of the evacuation and reentry of the area; and (10) details of which organizations are responsible for these functions and the material and personnel resources required. It is the intent of the Legislature to encourage each agency that prepares such emergency procedures to establish a procedure for their review every two years.

(c) "Dam," as used in this section, has the same meaning as specified in Sections 6002, 6003, and 6004 of the Water Code.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

This act makes optional with specified dam owners the requirement that inundation maps be filed with the Office of Emergency Services with respect to dam failure when the reservoir is at a medium- or normally low-level, while continuing the requirement that a map relating to dam failure at full-reservoir capacity be so filed.

Present law requires all three types of maps be filed within six

months after the effective date of Section 8589.5 of the Government Code which was March 7, 1973.

Thus, in order to give effect to the policy determined by the Legislature in this act before that six-month period has elapsed, it is necessary that this act take effect immediately.

Upon such merger the terminating agency's contract shall cease to exist and the contract of the succeeding agency shall be considered a continuation and, to the extent of any differences, an amendment to the terminating agency's contract with respect to its former

The liability to the system with respect to service credited under the terminating agency's contract shall become a liability under the contract of the succeeding agency. [Approved by Governor September 25, 1973 Filed with Secretary of State September 25, 1973]

The people of the State of California do enact as follows:

SECTION 1. Section 2.8 of the Budget Act of 1973 (Chapter 129, Statutes of 1973–74) is amended to read:

Sec. 2.8. 679.72. No application for insurance specified in this chapter or insurance investigation report furnished by such an insurer to its agents or employees for use in determining the insurability of the applicant shall carry any identification, or any requirement therefor, of the applicant's race, color, religion, national origin, or ancestry.

679.73. Nothing in this chapter shall prohibit use in an application for insurance specified in this chapter of a question asking for the birthplace of an applicant if such question is used only to identify the applicant and not to discriminate against the applicant.

occurs during the term of the policy at such valuation without deduction or offset, unless a different method is to be used in the computation of loss, in which latter case, the policy, and any application therefor, shall set forth, in type of a prominent size, the actual method of such loss computation used by the insurer.

The provisions of this section shall not apply to automobile insurance as defined by Section 116.

CHAPTER 774

SEC. 3. Section 24603 of the Vehicle Code is amended to read:

may be enacted that serve to cause both increased and decreased costs to local government entities and school districts which, in the aggregate, do not result in significant identifiable cost changes.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that (1) the authorization to the Department of Motor Vehicles to issue registration cards and potential registration cards without a space to show the mileage on the vehicle odometer, (2) the application to licensed dealers, manufacturers, and transporters of all provisions, rather than only specified provisions, re odometers, (3) the prohibition against any alteration, rather than only an alteration to reduce the mileage, of an odometer, and (4) the authorization to use a mechanical device to activate stoplamps on a vehicle upon sudden release of the accelerator while the vehicle is in motion take effect at the earliest possible time, it is necessary that this act go into immediate effect.

SEC. 3. The affected local agency has requested the Legislature to revise state law in accordance with the provisions of this act and the agency desires to bear the expense of any increased costs resulting from such revision without reimbursement by the state. Therefore, no appropriation is made by this act, nor is any obligation created thereby under Section 2164.3 of the Revenue and Taxation Code for reimbursement of any local agency for any costs that may be incurred by it in carrying on any program or performing any service required to be carried on or performed by it by this act.

CHAPTER 777

An act to amend Section 54797.3 of the Government Code and Section 13954 of the Health and Safety Code, relating to fire protection districts.

[Approved by Governor September 25, 1973 Filed with Secretary of State September 25, 1973]

The people of the State of California do enact as follows:

SECTION 1. Section 54797.3 of the Government Code is amended to read:

54797.3. (a) Notwithstanding any other provision of law, if an application is for the incorporation of a new city or the annexation of territory to an existing city, the commission may, in any resolution approving such incorporation or annexation, provide that any territory of a fire protection district which is to be dissolved pursuant to Part 2.7 (commencing with Section 13801) of Division 12 of the Health and Safety Code as a result of such incorporation or annexation, or any territory which is to be detached from such a fire protection district or a county service area organized pursuant to Chapter 2.2 (commencing with Section 25210.1) of Part 2, Division 2, Title 3 as a result of such incorporation or annexation, shall be subject to any of the terms and conditions authorized in Section 56470, as the commission may specify in such resolution with respect to such territory.

(b) When, pursuant to Section 13954 of the Health and Safety Code, the commission is required to determine a division of the property and assets of a fire protection district between such district and a city, the commission may by rule provide a procedure for making such determination; provided, however, that any such procedure shall provide that the determination shall be made by resolution adopted by the commission. The commission shall cause a certified copy of any such resolution to be mailed to the legislative bodies of the fire protection district and the city.

SEC. 2. Section 13954 of the Health and Safety Code is amended to read:

13954. Upon the withdrawal of any territory of a district, by inclusion within a city:

(a) If the assessed value of the real property within the area withdrawn represents 1 percent, or less, of the total assessed value of the real property within the district prior to the withdrawal, as determined from the last equalized assessment roll of the property within the district, all of the property and assets of the district shall be retained by the district.

(b) If the assessed value of the real property in the area withdrawn exceeds the amount prescribed by subdivision (a), the city and the district shall have six months from the effective date of the withdrawal in which, after giving consideration to all factors involved, including population, assessed valuation, the effect of the annexation or change of boundaries on the remaining portion of the district, the length of time the portion being withdrawn has paid taxes and the total amount of such taxes paid, and such other matters as should be considered in arriving at an equitable distribution, they may establish a mutually agreeable basis for the distribution of the property and assets of the district between the city and the remaining district. If, within such period a mutually agreeable basis is reached, the property and assets of the district shall be distributed between the city and the remaining district upon such basis.

0444 377385 548

(c) If, under the provisions of subdivision (b), no mutually agreeable basis for the distribution of the property and assets of the district is reached within the six-month period, the legislative body of the city shall notify the local agency formation commission that no mutually agreeable basis has been reached. Thereafter, all of the property and unencumbered funds of the district shall be divided between the city and remaining district on such basis as shall be determined by the local agency formation commission pursuant to subdivision (b) of Section 54797.3 of the Government Code.

All funds and property received by the city shall be used exclusively and directly for the prevention and extinguishment of fires; provided, that nothing herein shall prevent the sale of property not needed for such purposes for its fair market value if the funds derived from such sale are used solely for such purposes.

For the purpose of this section, the unencumbered funds are the sum of money, uncollected taxes, and other uncollected amounts in excess of an amount sufficient to pay all claims and accounts against the district, but shall not include funds necessary for the maintenance and operation of the district for any period for which the district has the duty to provide fire protection services within the area withdrawn.

For the purpose of determining the application of the provisions for apportioning the assets of a fire protection district pursuant to this section between a district and a city which has withdrawn territory of the district pursuant to Section 13952, separate annexations may not be aggregated and each annexation shall be considered as separately withdrawn.

SEC. 3. In enacting this act, the Legislature hereby determines and finds that any duties, obligations, or responsibilities imposed on local government are minor in nature and do not result in a significant new program for local government, or a significant increase in level of service of an existing mandated program, and no significant economic burden or cost is intended to be imposed hereby. Therefore, and solely as a result of this finding and determination, no appropriation is made by this act, nor is any obligation created thereby under Section 2164.3 of the Revenue and Taxation Code, for reimbursement of any local agency for any costs that may be incurred by it.

SEC. 2. No appropriation is made by this act, nor is any obligation created thereby under Section 2164.3 of the Revenue and Taxation Code, for the reimbursement of any local agency for any costs that may be incurred by it in carrying on any program or performing any service required to be carried on or performed by it by this act because during any legislative session a variety of changes to laws relating to crimes may be enacted that serve to cause both increased and decreased costs to local governmental entities which, in the aggregate, do not result in significant identifiable cost changes.

The people of the State of California do enact as follows:

SECTION 1. Section 11018.7 is added to the Business and Professions Code, to read:

If the subdivision is a land project as well as a subdivision within the definition of Section 11000.1 or 11004.5, no such amendment or modification is valid without the prior written consent of the Real Estate Commissioner until three years from the date on which the subdivider, or his successor in interest, ceases to hold or directly control one-third of the votes that may be cast to effect such change.

(b) The commissioner shall not grant his consent to the submission of the proposed change to a vote of owners or members if he finds that the change if effected would create a new condition or circumstance that would form the basis for denial of a public report under Sections 11018 or 11018.5.

An application for consent may be filed by any interested person on a form prescribed by the commissioner. A filing fee to be fixed by regulation, but not to exceed twenty-five dollars ($25), shall accompany each application.

CHAPTER 802

An act to amend Section 39107 of, and to add Section 39107.3 to, the Health and Safety Code, relating to air pollution.

[Approved by Governor September 25, 1973 Filed with Secretary of State September 25, 1973.]

The people of the State of California do enact as follows:

SECTION 1. Section 39107 of the Health and Safety Code is amended to read:

39107. Except as otherwise provided in this section, and in Sections 39107.3, 39107.5, and 39107.6, in order for an exhaust emission device to be accredited by the board pursuant to Article 5 (commencing with Section 39175) of this chapter it shall not allow emissions exceeding any of the following:

(a) 350 parts per million hydrocarbons.

(b) 2 percent carbon monoxide.

(c) 800 parts per million nitrogen oxide.

However, if no exhaust emission device meets all three of the maximums specified in subdivisions (a), (b), and (c), the board may accredit an exhaust emission device which meets any two of the three maximums specified, provided that the installation of such device in a motor vehicle would not increase the other emission in excess of the emission of that pollutant by the vehicle in the absence of such a device.

If two or more exhaust emission devices are accredited that meet the requirements of this section, the board may not require the installation of more than one exhaust emission device on any vehicle.

SEC. 2. Section 39107.3 is added to the Health and Safety Code, to read:

39107.3. (a) In addition to accrediting devices which meet the standards set forth in, or established pursuant to, Sections 39107, 39107.5, and 39107.6, the board shall establish standards for accrediting exhaust emission devices which achieve a reduction of the emission of hydrocarbons, carbon monoxide, and oxides of nitrogen from the exhaust of a motor vehicle substantially below the

standards for any two pollutants set forth in, or established pursuant to, Section 39107, 39107.5, or 39107.6.

If, however, an exhaust emission device is shown to substantially reduce the emission of any two of the three pollutants, the board may accredit such a device, so long as the installation of such device in a motor vehicle does not increase the emission of the other pollutant in excess of the emission of that pollutant by the vehicle in the absence of such a device.

(b) Devices accredited pursuant to this section may be accredited without regard to the provisions of subdivision (a) of Section 39177.3 or subdivision (a) of Section 39180.

(c) After one or more such devices are initially accredited, no device shall be accredited pursuant to this section which is substantially less effective than any device previously accredited, unless the board determines, pursuant to a cost-benefit analysis, that such less effective device is also substantially less costly and therefore merits accreditation. Any subsequent accreditation of a more effective device shall not affect the accreditation of a previously accredited device.

(d) The board may permit the installation of a device accredited pursuant to this section in lieu of any approved, certified, or other accredited motor vehicle pollution control device which is required to be installed pursuant to any other provision of state law, if the installation of such device on that particular classification of motor vehicles results in no greater emissions than if the accredited, approved, or certified device were operative over the life of the vehicle. The applicant shall be responsible for proving compliance with this subdivision and with other applicable criteria. Certificates of compliance shall be required upon the installation of a device accredited pursuant to this section and installed pursuant to this subdivision, as if it were a device required by any other provision of state law.

CHAPTER 803

An act to repeal Section 661.1 of the Harbors and Navigation Code, to amend Section 21404 and to repeal Section 21406 of the Public Utilities Code, and to amend Section 17158 of the Vehicle Code, relating to liability.

[Approved by Governor September 25, 1973 Filed with Secretary of State September 25, 1973]

The people of the State of California do enact as follows:

SECTION 1. Section 661.1 of the Harbors and Navigation Code is repealed.

SEC. 2. Section 21404 of the Public Utilities Code is amended to

read:

21404. Liability of the owner or pilot of an aircraft carrying passengers for injury or death to the passengers is determined by the rules of law applicable to torts on the land or waters of this state, arising out of similar relationships. Every owner of an aircraft is liable and responsible for death or injury to person or property resulting from a negligent or wrongful act or omission in the operation of the aircraft, in the business of the owner or otherwise, by any person using or operating the same with the permission, express or implied, of the owner.

SEC. 3. Section 21406 of the Public Utilities Code is repealed.

SEC. 4. Section 17158 of the Vehicle Code is amended to read:

17158. No person riding in or occupying a vehicle owned by him and driven by another person with his permission has any right of action for civil damages against the driver of the vehicle or against any other person legally liable for the conduct of the driver on account of personal injury to or the death of the owner during the ride, unless the plaintiff in any such action establishes that the injury or death proximately resulted from the intoxication or willful misconduct of the driver.

CHAPTER 804

An act to add Section 4205.5 to the Civil Code, relating to marriage.

[Approved by Governor September 25, 1973 Filed with Secretary of State September 25, 1973]

The people of the State of California do enact as follows:

SECTION 1. Section 4205.5 is added to the Civil Code, to read:

4205.5. In addition to those persons permitted to solemnize marriages under the provisions of Section 4205, a county may license officials of a nonprofit religious institution, whose articles of incorporation are registered with the Secretary of State, to solemnize the marriages of persons who are affiliated with or are members of the religious institution. The licensee shall possess the degree of doctor of philosophy and must perform religious services or rites for the institution on a regular basis. Such marriages shall be performed without fee to the parties.

CHAPTER 805

An act to amend Sections 10801.1, 10805, 10813, 17702.5, 20903.5, and 20904 of, and to add Section 10813.1 to, the Education Code, and to amend Section 16130 of the Government Code, relating to school districts, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 25, 1973 Filed with Secretary of State September 25, 1973]

The people of the State of California do enact as follows:

SECTION 1. Section 10801.1 of the Education Code is amended to read:

10801.1. Effective July 1, 1973, the average daily attendance resulting from an interdistrict attendance agreement shall be credited to the district in which the pupil lives for purposes of determining a revenue limit. In computing the 1972–73 base revenue pursuant to Article 6 (commencing with Section 20902) of Chapter 3 of Division 16, all amounts received in fiscal year 1972–73 by the school district of attendance pursuant to an interdistrict attendance agreement executed pursuant to Section 10801 may be included.

SEC. 2. Section 10805 of the Education Code is amended to read:

10805. If attendance in a district is pursuant to an interdistrict attendance agreement, or if the county board of education determines that the pupil should be permitted to attend in the district in which he desires to attend, the governing board of the district in which the pupil lives shall pay a tuition to the district of attendance, on or before the close of each school year as follows:

(a) For attendance in regular day schools, summer schools, and adult schools and classes, the tuition per average daily attendance, if any, shall not exceed the revenue limit per unit of average daily attendance of the district of attendance.

(b) For attendance in programs for the physically handicapped as defined in Section 6801, the mentally retarded as defined in Section 6902 or 6903, the educationally handicapped as defined in Section 6750, or the mentally gifted as defined in Section 6421, the tuition per unit of average daily attendance shall be no greater than the expenditures per unit of average daily attendance as authorized by statute for that special program less any state and federal allowance per unit of average daily attendance for the program but no less than the appropriate unit foundation program pursuant to Section 17656 or 17664, as modified by subdivision (e) of Section 17301.

(c) For attendance in any other school or class not mentioned in (a) or (b) and for which an interdistrict attendance agreement pursuant to this article has been executed, the tuition, if any, shall be no greater than the revenue limit of the district of attendance.

SEC. 3. Section 10813 of the Education Code is amended to read:

10813. Except as may otherwise be specially provided, the

average daily attendance of all pupils who live in one school district and attend school in another school district shall be credited to the district in which the pupil lives for foundation program apportionment purposes.

The district of attendance shall record and report separately for foundation program purposes the attendance of pupils who live in another school district. When such average daily attendance is credited to a district in which the pupil lives the average daily attendance so credited shall be used to determine additional district foundation program based on the appropriate unit foundation program and such average daily attendance shall not be added to the average daily attendance used in determining any necessary small school allowance for the district in which the pupil lives.

SEC. 4. Section 10813.1 is added to the Education Code, to read:

10813.1. For the purposes of apportionment pursuant to Sections 6426, 18060, 18102 to 18102.9, inclusive, and 18102.11, the average daily attendance of those special pupils who live in one school district and attend school in another district under an interdistrict attendance agreement shall be credited to the district of attendance, and the Superintendent of Public Instruction shall pay the allowances under those sections to the district of attendance.

SEC. 4.3. Section 17702.5 of the Education Code is amended to read:

17702.5. Effective July 1, 1974, any elementary school district located in a county of the 39th class shall be excluded from the application of the provisions of Sections 17680, 17702.2 and Chapter 3.5 (commencing with Section 20910) of Division 16, and shall be deemed to be a single elementary district for purposes of school apportionments and school district property taxation, when all of the following qualifications are met.

(1) It is an elementary district which had an average daily attendance in 1972–73 between 250 and 400, inclusive.

(2) It is an elementary district which has been included in at least two proposals for the formation of a unified district, none of which have been adopted by the electorate of the area.

(3) It is an elementary district which, if treated as a single district for school apportionment purposes, would have been apportioned only basic state aid.

(4) It is an elementary district which, when included in an areawide tax support program for elementary schools, would have been allocated in areawide aid at least forty-five thousand dollars ($45,000) less than the amount produced by the areawide tax in that district.

SEC. 4.5. Section 20903.5 of the Education Code is amended to read:

20903.5. For purposes of Section 20904, for the 1973–74 fiscal year the maximum general purpose tax rate of a unified school district, which district was effective for all purposes on July 1, 1973, and the formation of which was approved by the voters on June 6, 1972, shall

be a rate computed by adding: (1) the rate set out in the ballot proposition for the election which approved the formation of said unified district, (2) such additional rates, not exceeding one dollar and fifty cents ($1.50) for each one hundred dollars ($100) assessed valuation of taxable property in the district, as the district could have levied if those permissive override taxes which are made inoperative by Section 20903 were allowed in fiscal year 1973–74, and (3) an additional rate approved by the State Superintendent of Public Instruction which in his opinion would raise sufficient revenues to offset inflationary factors which have occurred since June 30, 1971.

Each of those districts for which this section provides a maximum general purpose tax rate shall have its revenue limit per unit of average daily attendance for the 1974–75 fiscal year determined from the actual revenue limit per unit of average daily attendance for the 1973–74 fiscal year. The actual revenue limit per unit of average daily attendance for the 1973–74 fiscal year is defined as the sum of: (1) all income from the general purpose tax rate levied in the 1973–74 fiscal year, (2) the actual state aid for the foundation program in 1973–74 fiscal year as determined from the second principal apportionment, (3) any equalization offset tax income received in the 1973–74 fiscal year, and (4) any income from the unsecured roll or prior year taxes received in the 1973–74 fiscal year that are related to the maximum general purpose tax rate, divided by the average daily attendance of the second principal apportionment for the 1973–74 fiscal year.

SEC. 5. Section 20904 of the Education Code is amended to read:

20904. For the purposes of this section, the assessed valuation used in computing revenue limits and the maximum tax rate is defined as the total actual assessed valuation, including business inventory and homeowners exemption and exclusive of the assessed valuation increment used to allocate tax receipts to a redevelopment agency pursuant to Article 6 (commencing with Section 33670) of Chapter 6 Part 1 of Division 24 of the Health and Safety Code.

For the purposes of this section, the revenue limit computational tax rate is defined as the district's fiscal year tax rate exclusive of tax rates provided in Section 1905, 6880.16, 7456 for capital outlay purposes only, 11872 but no greater than five cents ($0.05) per one hundred dollars ($100) of assessed valuation, 15517, 15518, 15708, 15709, 16633, 16635, 16645.9, 16750, 19443, 19619, 19683.5, 19687, 19688, 19695, 20801, 20911, or 22101 of the Education Code and Section 5302.5 of the Streets and Highways Code.

In computing the sum of the tax rates pursuant to this section, Section 20808.5 shall be considered a rate upon the elementary district taxed and not on the high school district.

(a) For the 1973–74 fiscal year only, the county superintendent of schools shall compute for each school district in the county an amount equal to the sum of (1) the district's 1972–73 fiscal year revenue limit computational tax rate, multiplied by the actual assessed valuation on the secured roll of the district for the 1972–73 fiscal year, and the district's 1971–72 fiscal year revenue limit

computational tax rate, multiplied by the assessed valuation on the unsecured roll of the district for the 1972–73 fiscal year, (2) the amount of areawide aid received by the district for the 1972–73 fiscal year, (3) 32½ percent of the residual retirement reserve transferred under Chapter 117 of the Statutes of 1972, (4) the total amount of basic state aid, equalization aid, supplemental support, and inflation cost adjustment which the districts received pursuant to the provisions of this code and the Budget Act of 1972 as computed by the Superintendent of Public Instruction, and (5) the amount of income from the equalization offset tax pursuant to Section 17263.1.

(b) The amount computed in subdivision (a) shall be divided by the foundation program average daily attendance in the second principal apportionment and shall be the 1972–73 base revenue per unit of average daily attendance.

(c) The base revenue per unit of average daily attendance for each district shall be divided into the following amounts per unit of average daily attendance: for elementary districts, nine hundred dollars ($900), for high school districts, one thousand one hundred sixty-five dollars ($1,165); for unified districts, nine hundred eighty dollars ($980). If the result is greater than one it shall be deemed to be one.

(d) The quotient determined pursuant to subdivision (c) shall be multiplied by seventy dollars ($70) per unit of average daily attendance.

(e) The product determined pursuant to subdivision (d) shall be added to the base revenue per unit of average daily attendance determined pursuant to subdivision (b) and multiplied by the estimated foundation program unit of average daily attendance in the second principal apportionment of the districts for the 1973–74 fiscal year.

(f) The amount computed pursuant to subdivision (e) shall be compared with the total amount computed for the district pursuant to Article 2 (commencing with Section 17651), excluding Section 17668.5, Article 2.1 (commencing with Section 17671), and subdivision (a) of Section 17951. The larger of the two amounts shall be the revenue limit of the district for the 1973–74 fiscal year but in no case shall exceed 116 percent of the 1972–73 base revenue per unit of average daily attendance multiplied by the 1973–74 fiscal year estimated foundation program average daily attendance or the 1972–73 base revenue per unit of average daily attendance plus seventy dollars ($70) multiplied by the 1973–74 fiscal year estimated foundation program average daily attendance, whichever is higher. This revenue limit is exclusive of federal funds and state funds except those specified in subdivision (a).

In lieu of the revenue limit determined pursuant to the preceding paragraphs of subdivision (f) a district may request the county superintendent of schools to determine its revenue limit for the 1973–74 fiscal year using either, but not both, of the two following methods: (1) determine the base revenue per average daily

attendance for the 1972–73 fiscal year by including the unused portion of a voted override in the revenue limit computational tax rate, use sixty-five dollars ($65) instead of seventy dollars ($70) as the computational amount in subdivision (d), use 115 percent instead of 116 percent as the computational limit in subdivision (f). For purposes of this paragraph, the unused portion of a voted override shall be determined as the difference between the total of the maximum tax rate approved by an election pursuant to Section 20803 added to the actual tax rates levied, in the same fiscal year during which the election was held, for all other purposes except pursuant to Sections 1905, 7456 for capital outlay only, 11872 but no greater than five cents ($0.05) per one hundred dollars ($100) of assessed valuation, 15517, 15518, 15708, 15709, 16633, 16635, 16645.9, 19443, 19619, 19683.5, 19687, 19688, 19695, 20801, 20930, and 22101 of the Education Code, and Section 5302.5 of the Streets and Highways Code, and the actual tax levied for the 1972–73 fiscal year, including the areawide tax rate levied but exclusive of the tax rates levied pursuant to Sections 1905, 7456 for capital outlay only, 11872 but no greater than five cents ($0 05) per one hundred dollars ($100) of assessed valuation, 15517, 15518, 15708, 15709, 16633, 16635, 16645 9, 19443, 19619, 19683.5, 19687, 19688, 19695, 20801, 20930, and 22101 of the Education Code, and Section 5302.5 of the Streets and Highways Code.

(2) Determine the base revenue per average daily attendance for the 1972–73 fiscal year by including an amount equal to the unrestricted balance used to balance income to expenditures in the 1972–73 fiscal year with such amount not to exceed 3 percent of the total expenditures plus tuition excluding debt service and transfers in the General Fund for the 1972–73 fiscal year, use sixty-five dollars ($65) instead of seventy dollars ($70) as the computational amount in subdivision (d), use 115 percent instead of 116 percent as the computational limit in subdivision (f). For purposes of this paragraph, the unrestricted balance shall be determined as the difference when the ending balance, less restricted amounts plus transfers of unrestricted amounts to other funds which remain as ending balances in other funds, is subtracted from the beginning balance, less restricted amounts in the 1972–73 General Fund.

Notwithstanding subdivision (f), if, due to changes in federal legislation or administrative policy, the entitlement under Public Law 81-874 is reduced or discontinued and is not replaced by other federal funding, and if a district experiencing such loss has a revenue limit less than the foundation program, it shall be allowed to increase the revenue limit by an amount equal to the difference between the Public Law 81-874 income per unit of foundation program average daily attendance of the 1972–73 fiscal year and the estimated Public Law 81-874 income per unit of foundation program average daily attendance of the 1973–74 fiscal year, if any, multiplied by the estimated foundation program average daily attendance of the 1973–74 fiscal year. Such increased revenue limit shall not exceed the

foundation program of the 1973–74 fiscal year.

(g) From the revenue limit ascertained from the comparison made pursuant to subdivision (f), there shall be subtracted the total amount of basic state aid and state equalization aid to be received by the district during the 1973–74 fiscal year, as adjusted by repayment of any advances authorized by Section 17401.5, the amount of areawide aid to be received for the 1973–74 fiscal year, and the amount of income to be received from the equalization offset tax pursuant to Section 17263.1.

(h) The amount determined pursuant to subdivision (g) shall be adjusted sufficiently to allow for the mandated increases for district contributions for the State Teachers' Retirement System as required by Section 14100. Such adjustment, together with any rate levied in the 1972–73 fiscal year pursuant to Section 14111, shall not exceed the revenue derived by the tax rate provided in Section 14111.

(i) The amount computed pursuant to subdivision (h) shall be the local revenue limit of the district for the 1973–74 fiscal year. From the local revenue limit, there shall be subtracted 32½ percent of the residual retirement reserve transferred under Chapter 117 of the Statutes of 1972.

(j) From the amount computed in subdivision (i), there shall be subtracted, (1) the amount of money collected or to be collected as taxes on property on the unsecured roll of the 1973–74 fiscal year, excluding the amounts collected through the levy of taxes provided in Section 1905, 7456 for capital outlay purposes only, 11872, 15517, 15518, 15708, 15709, 16633, 16635, 16645.9, 16750, 19443, 19619, 19683.5, 19687, 19688, 19695, 19700.3, 20801, 20911, or 22101 of the Education Code and Section 5302.5 of the Streets and Highways Code and (2) the income from prior year taxes.

(k) The amount determined pursuant to subdivision (j) shall be divided by the amount of actual assessed valuation of the district on the secured roll after due allowance for delinquencies pursuant to Section 20704. The quotient multiplied by 100 shall be the tax rate on each one hundred dollars ($100) of such assessed valuation and shall be the maximum general purpose rate which may be levied in the district during the 1973–74 fiscal year, exclusive of taxes provided in Section 1905, 6880.16, 7456 for capital outlay purposes only, 11872, 15517, 15518, 15708, 15709, 16750, 19443, 19619, 19683.5, 19687, 19688, 19695, 19700.3, 20801, 20911, or 22101 of the Education Code and Section 5302.5 of the Streets and Highways Code. The revenue limit in subdivision (f) notwithstanding, in no case for districts receiving state equalization aid, shall the tax rate be reduced below one dollar ($1) on the elementary level or eighty cents ($0.80) on the high school level or one dollar and eighty cents ($1.80) for a unified school district, except that when the district has levied upon it an areawide tax, such areawide tax rate levied shall be considered first as part of the minimum tax rate limit.

SEC. 6. Section 16130 of the Government Code is amended to read.

16130. (1) Out of funds appropriated by Section 16100, the Controller shall transfer the following amounts to the State School Fund:

(a) For the 1973–1974 fiscal year, he shall transfer as needed four hundred fifty-four million dollars ($454,000,000) to finance the changes in school support formulas contained in Chapter 1406 of the Statutes of 1972, plus eighty-two million dollars ($82,000,000) to be allocated on the basis of the educational need factor formula pursuant to Chapter 6.10 (commencing with Section 6499.230) of Division 6 of the Education Code, and plus twenty-five million dollars ($25,000,000) to finance the Early Childhood Education Program, established by Chapter 1147 of the Statutes of 1972.

In the case of the consolidation of one city with another subsequent to the last census the population of the consolidated city for the purpose of this subdivision is the aggregate population of the respective cities as determined by the last federal census or a subsequent census validated by the Population Research Unit of the Department of Finance.

(c) Money disbursed by the Controller pursuant to this section may be used for county or city purposes and may, but need not necessarily, be used for purposes of general interest and benefit to the state.

SEC. 17. Section 30462 of the Revenue and Taxation Code is amended to read:

30462. All money deposited in the Cigarette Tax Fund under this part is hereby appropriated, subject to the provisions of any budget bill heretofore or hereafter enacted and Section 11006 of the Government Code, and shall, upon order of the State Controller, be drawn therefrom and allocated for the following purposes:

(a) To pay the refunds authorized by this part.

(b) To the Controller an amount not to exceed one hundred fifty thousand dollars ($150,000) in each fiscal year.

(c) For transfer to the credit of a special account in the General Fund, an amount equal to 30 percent of the money in the fund which is derived from taxes imposed on and after October 1, 1967, less 30 percent of the cost of administering this part, such money to be disbursed by the Controller on or before December 15, 1967, and on the 15th day of each month thereafter to each city and county in this state in the following manner:

(1) The money to be allocated pursuant to this subdivision shall first be divided into two separate accounts, one for the cities and counties and counties of this state and one for the cities of this state. In order to determine the amount of money in each account, the Controller shall first determine the amount due each county, city and county and city in this state in the proportion that sales tax revenues transmitted pursuant to Part 1.5 (commencing with Section 7200) of this division to each such city, city and county and in the unincorporated territory of a county bear to the total of such revenue in the state. In making such determinations, the Controller shall not consider any revenues derived from that portion of the taxes imposed by the county at a rate in excess of 1 percent pursuant to Part 1.5 (commencing with Section 7200) of this division. The amount due each county and city and county shall be allocated in accordance with this formula and the amount due each city shall be allocated pursuant to paragraph (2) or paragraph (3) of this subdivision.

(2) Upon the application of any city for an allocation pursuant to this paragraph, the Controller shall determine the amount of revenue derived from the city's selective local tax on, or with respect to, the sale, distribution, use, consumption, or holding of cigarettes or any other tobacco product during the 1966–1967 fiscal year, or which would have been derived from such tax if the rate in effect on August 1, 1967, had been in effect throughout such fiscal year. This amount shall be adjusted, beginning on July 1, 1969, by the percentage by which the cigarette tax revenues have increased or decreased. For the 1969–1970 fiscal year the percentage shall be derived by comparing the revenues deposited in the Cigarette Tax

Fund during the period January 1 through June 30, 1969, with those deposited during the period January 1 through June 30, 1968. For the 1970–1971 fiscal year and each fiscal year thereafter, the percentage shall be derived by comparing revenues deposited in the Cigarette Tax Fund during the preceding fiscal year with those deposited during the entire 1968–1969 fiscal year. The amount computed after applying the percentage factor shall then be reduced by deducting the cost to the city of administering and collecting any such tax for the 1966–1967 fiscal year. If such amount, when divided by 12, is more than the amount which would be disbursed to the city at the time of the next allocation pursuant to paragraph (3) of this subdivision, an amount equal to the amount which such city would have netted from its own tax shall be allocated to such city each month pursuant to this paragraph from the account established for cities in paragraph (1), and no allocation shall be made to such city pursuant to paragraph (3) until such time as the city rescinds its right to receive an allocation under this paragraph. A city which has rescinded such right may not, thereafter, file another application for an allocation pursuant to this paragraph. No city shall be eligible for a subvention pursuant to this paragraph unless, on August 1, 1967, it in fact imposed a selective local tax on, or with respect to, the sale, distribution, use, consumption or holding of cigarettes or any other tobacco product.

(3) (A) After making any allocations required by paragraph (2) of this subdivision, 50 percent of the revenue remaining in the account for the cities of this state shall be allocated to the remaining cities in the proportion that sales tax revenues transmitted pursuant to Part 1.5 (commencing with Section 7200) of this division to each remaining city bears to the total of such revenue transmitted to all remaining cities.

(B) Fifty percent thereof shall be paid to the cities receiving an allocation under this paragraph in the proportion that the population of each such city bears to the total population of all cities in this state receiving an allocation under this paragraph, as determined by the Controller. For the purpose of this subdivision the population of each city is that determined in the manner specified in Section 11005 of this code.

(d) The balance remaining in the fund shall be transferred to the General Fund of this state.

The allocation provided for in subdivision (c) shall not be made to any county, or city which, after October 1, 1967, imposes a selective local tax on, or with respect to, the sale, distribution, use, consumption, or holding of cigarettes or any other tobacco product.

Moneys disbursed pursuant to subdivision (c) of this section may be used for county, city and county, or city purposes, and may, but need not necessarily, be used for purposes of general interest and benefit to the state.

SEC. 18. Section 2107 of the Streets and Highways Code is amended to read:

2107. A sum equal to 72.5 percent of one cent ($0.00725) per gallon tax under the Motor Vehicle Fuel License Tax Law shall be apportioned monthly to the cities and cities and counties of this state from the Highway Users Tax Fund as provided in this section.

From such amount, the Controller shall allocate annually to each city which has filed a report containing the information prescribed by subdivision (c) of Section 2152 and which had expenditures in excess of five thousand dollars ($5,000) during the preceding fiscal year for snow removal, an amount equal to one-half of the amount of its expenditures for snow removal in excess of five thousand dollars ($5,000) during such fiscal year.

The balance of such apportionments from the Highway Users Tax Fund shall be made to each city, including city and county, in the proportion that the total population of such city bears to the total population of all cities in this state. For the purpose of this section the population in each city is that determined by the last preceding federal census or a subsequent census validated by the Population Research Unit of the Department of Finance. In the case of a city incorporated subsequent to the last census, or in the case of inhabited unincorporated territory being annexed to a city subsequent to the last census, the Controller shall ascertain the population of the city, or of the annexed territory, by multiplying the number of registered electors therein by two or, at the election of the city, the population of annexed territory may be ascertained pursuant to Section 2107.2. In the case of uninhabited unincorporated territory being annexed to a city subsequent to the last census, the Controller shall ascertain the population of the annexed territory, by the use of any federal decennial or special census or an estimate pursuant to Section 2107.2 by which the population of the annexed territory was counted, or, if no such other estimate or census was made, by multiplying the number of registered electors therein by two two years after the completion of annexation proceedings or at such earlier time as the legislative body may request.

The schedules of bail may be revised from time to time by the judges of the county, and one or more meetings of judges for this purpose may be called by the presiding judges of the superior and municipal courts located at each county seat. A copy of the bail schedules shall be sent to the officer in charge of the county jail and to the officer in charge of each city jail within the county and to each superior, municipal and justice court judge and commissioner.

1269c. In any case in which a defendant is arrested without a warrant for a bailable felony offense and a peace officer has reasonable cause to believe that the amount of bail set forth in the schedule of bail for that offense is insufficient to assure defendant's appearance, the peace officer shall prepare a declaration under penalty of perjury setting forth the facts and circumstances in support of his belief and file it with a magistrate, as defined in Section 808, in the county in which the offense is alleged to have been committed or having jurisdiction of the person of defendant, or a commissioner of such magistrate, requesting an order setting a higher bail. The defendant, either personally or through his attorney, friend, or member of family, also may make application to such magistrate for release on bail lower than that provided in the schedule of bail or on his own recognizance. The magistrate or commissioner to whom such application is made is authorized to set bail in such amount as he deems sufficient to assure the defendant's appearance, and to set such bail on such terms and conditions as he, in his discretion, deems appropriate, or he may authorize the defendant's release on his own recognizance. If, after such an application is made, no order changing the amount of bail is issued within eight hours after booking, the defendant shall be entitled to be released on posting the amount of bail set forth in the applicable bail schedule.

The board may make arrangements with the agency for such transfer of assets, other than an amount equal to the total

member contributions, over an appropriate period following the effective date of the contract, if it finds that transfer as of the effective date is not possible without hardship to the agency because of contractual restrictions on the return of assets of the local system held by an insurance carrier. The board shall in such case credit, as interest income, such portion of the assets transferred as is necessary to compensate the Retirement Fund for loss of earnings because of the delay in transfer, such amount to be determined by applying a rate which is equal to the difference between the average rate of earnings of the fund on investments made in fixed income securities during the fiscal year preceding the date of contract and the annual interest rate to the balance of the assets not transferred. The value at which the securities shall be credited to the contracting agency shall be determined by the board. In crediting transferred cash, as the contracting agency's contributions, the board may fix such credit, by writing down the book value of securities purchased with such cash, at an amount which will result in an interest return under such securities at least equal to the current rate of interest credited to contributions. As of that date, the governing body or head of the local system shall certify the proportion, if any, of its funds that represents the accumulated contributions of the members, and the relative shares of the members.

This section shall not apply to a contracting agency and its employees unless the agency elects before July 1, 1974, to be subject hereto by amendment to its contract in the manner prescribed for approval of contracts. Upon such election, this section shall apply only to a local safety member whose retirement is effective after the date of such election and prior to January 1, 1975.

25955. (a) No employer shall require a registered nurse, a licensed vocational nurse, or any other person employed to furnish direct personal health service to a patient to directly participate in the induction or performance of an abortion, if such employee has filed a written statement with the employer indicating a moral, ethical, or religious basis for refusal to participate in the abortion, and the employer shall not penalize or discipline such employee for declining to so directly participate.

(b) Nothing in this chapter shall require a nonprofit facility or clinic which is organized or operated by a religious corporation or other religious organization and licensed pursuant to Chapter 1 (commencing with Section 1200) or Chapter 2 (commencing with Section 1250) of Division 2, or any administrative officer, employee, agent, or member of the governing board thereof, to perform or to permit the performance of an abortion in such facility or clinic or to provide abortion services. No such nonprofit facility or clinic organized or operated by a religious corporation or other religious organization, nor its administrative officers, employees, agents, or members of its governing board shall be liable, individually or collectively, for failure or refusal to participate in any such act. The failure or refusal of any such corporation, unincorporated association or individual person to perform or to permit the performance of such medical procedures shall not be the basis for any disciplinary or other recriminatory action against such corporations, unincorporated associations, or individuals.

(c) This section shall not apply to medical emergency situations and spontaneous abortions.

Any violation of this section is a misdemeanor.

SEC. 2. Section 25955 of the Health and Safety Code is amended to read:

No such employee or person with staff privileges in a hospital, facility, or clinic shall be subject to any penalty or discipline by reason of his refusal to participate in an abortion. No such employee of a hospital, facility, or clinic which does not permit the performance of abortions, or person with staff privileges therein, shall be subject to any penalty or discipline on account of such person's participation in the performance of an abortion in other than such hospital, facility, or clinic.

No employer shall refuse to employ any person because of such

person's refusal for moral, ethical, or religious reasons to participate in an abortion, unless such person would be assigned in the normal course of business of any hospital, facility, or clinic to work in those parts of the hospital, facility, or clinic where abortion patients are cared for. No provision of this chapter prohibits any hospital, facility, or clinic which permits the performance of abortions from inquiring whether an employee or prospective employee would advance a moral, ethical, or religious basis for refusal to participate in an abortion before hiring or assigning such a person to that part of a hospital, facility, or clinic where abortion patients are cared for.

The refusal of a physician, nurse, or any other person to participate or aid in the induction or performance of an abortion pursuant to this subdivision shall not form the basis of any claim for damages.

No hospital, facility, or clinic shall refuse staff privileges to a physician because of such physician's refusal to participate in the performance of abortion for moral, ethical, or religious reasons.

(c) Nothing in this chapter shall require a nonprofit hospital or other facility or clinic which is organized or operated by a religious corporation or other religious organization and licensed pursuant to Chapter 1 (commencing with Section 1200) or Chapter 2 (commencing with Section 1250) of Division 2, or any administrative officer, employee, agent, or member of the governing board thereof, to perform or to permit the performance of an abortion in such facility or clinic or to provide abortion services. No such nonprofit facility or clinic organized or operated by a religious corporation or other religious organization, nor its administrative officers, employees, agents, or members of its governing board shall be liable, individually or collectively, for failure or refusal to participate in any such act. The failure or refusal of any such corporation, unincorporated association or individual person to perform or to permit the performance of such medical procedures shall not be the basis for any disciplinary or other recriminatory action against such corporations, unincorporated associations, or individuals. Any such facility or clinic which does not permit the performance of abortions on its premises shall post notice of such proscription in an area of such facility or clinic which is open to patients and prospective admittees.

(d) This section shall not apply to medical emergency situations and spontaneous abortions.

Notice of any penalty added to the secured roll pursuant to this

section shall be mailed by the assessor to the assessee at his address as contained in the official records of the county assessor.

If the assessee establishes to the satisfaction of the county board of equalization or the assessment appeals board that the failure to file the property statement within the time required by Section 441 was due to reasonable cause and not due to willful neglect, it may order the penalty abated, provided the assessee has filed with the county board written application for abatement of the penalty within the time prescribed by law for the filing of applications for assessment reductions.

If the penalty is abated it shall be canceled or refunded in the same manner as an amount of tax erroneously charged or collected.

(a) The name and address, if known, of the assessee.

(g) The assessed value of improvements assessed to any person other than the owner of the land.

(h) The assessed value of possessory interests.

SEC. 7. Section 871 of the Revenue and Taxation Code is repealed.

SEC. 8. Section 4831 of the Revenue and Taxation Code is amended to read:

4831. When it can be ascertained from the roll or any papers in the assessor's office what was intended, or what should have been assessed, defects in description or form or clerical errors of the assessor on the roll or other errors of the assessor not involving the exercise of judgment as to value which result in the entry on the roll of assessed values other than those intended by the assessor may be corrected under this article at any time after the roll is delivered to the auditor and prior to the expiration of four years after the making of the assessment which is being corrected.

In the event the correction has the effect of increasing the amount of taxes due on real property for the year or years in which such correction is made, such increased amount of taxes shall not create,

impose or constitute a lien or charge on such real property if (a) such real property has been transferred or conveyed to a bona fide purchaser for value prior to the date of such correction and the showing thereof on the secured roll with the date of entry specified thereon, or (b) such real property is subject to a lien of a bona fide encumbrance for value created and attaching prior to the date of such correction and the showing thereof on the secured roll with the date of entry specified thereon. In such case, the assessor or tax collector may record with the county recorder of any county a certificate which shall set forth in the name of the person who was the assessee in the year in which such correction was made and the amount or amounts of any such correction. From the date of the recording of such certificate, a lien shall be created and attach against any real property owned by such person in the county or counties in which any such certificate may have been recorded for the amount of such taxes, which lien shall have the force, effect and priority of a judgment lien.

The tax collector, with the approval of the board of supervisors, may at any time, release all or any portion of real property subject to any lien created or attaching by the recording of such a certificate from such lien or subordinate such lien to other liens and encumbrances if he determines that the taxes are sufficiently secured by a lien on other property belonging to the person named in such a certificate or that the release or subordination will not endanger or jeopardize the collection of such taxes.

A written certification by the tax collector to the effect that real property subject to any lien imposed by the recording of the certificate as hereinbefore provided has been released from such lien or that such lien has been subordinated to other liens shall be conclusive evidence as to any bona fide purchaser, encumbrancer or lessee that such lien has been released or has been subordinated as set forth in such written certification. Such written certification may be recorded with the county recorder of any county.

Taxes which do not create, impose or constitute a lien or charge on the property assessed may be transferred from the secured roll to the unsecured roll of the corresponding year by the county auditor on order of the board of supervisors with the written consent of the district attorney and shall be collected in the same manner as other delinquent taxes on the unsecured roll and shall be subject to delinquent penalties in the same manner as taxes transferred to the unsecured roll under Section 4986. The statute of limitations for the collection of such taxes shall commence to run from the date of transfer.

CHAPTER 849

An act to amend Section 673 of the Insurance Code, relating to cancellation of insurance policies.

[Approved by Governor September 25, 1973. Filed with Secretary of State September 25, 1973]

The people of the State of California do enact as follows:

SECTION 1. Section 673 of the Insurance Code is amended to read:

673. (a) As used in this section, "exercise the right to cancel" means the act of formally electing to use the right of the insured to cancel any insurance policy in accordance with and subject to the provisions of that policy when the right to use that right of the insured has been transferred or assigned by the insured in writing executed by, or on behalf of, the insured to a lender who has advanced to the insurer the premium for such policy. Such transfer or assignment may be by power of attorney or other document. Such transfer or assignment may, but need not, be accompanied by an assignment of any unearned premium due the insured on cancellation.

(b) No lender shall exercise the right to cancel a financed insurance policy because of the default of the insured under a premium payment loan agreement except in accordance with this section

(c) Written notice of the exercise of such right to cancel shall be mailed by the lender to the insurer and to the insured at the address shown on the premium payment loan agreement or his last known address, specifying a date five days or more after the date of mailing of such notice as the effective date of cancellation. Any insurer may, in writing delivered to the lender, waive, generally or specifically, the right to receive such notice or notices. A copy of such notice may be mailed to the producer of record if known to the lender, but failure to do so shall not affect any rights granted by this section. This subdivision shall not apply to an industrial loan company.

(d) An industrial loan company shall, in giving the insured 10 days' notice of its intent to cancel pursuant to Section 18923 of the Financial Code, furnish a copy of such notice to the insurance agent or insurance broker indicated on the premium finance agreement. After expiration of such 10-day period, the industrial loan company may thereafter, in the name of the insured, cancel such insurance contract or contracts by mailing to the insurer a written notice of cancellation, and the insurance contract shall be canceled as if such notice of cancellation had been submitted by the insured himself, but without requiring the return of the insurance contract or contracts. The industrial loan company shall also mail a notice of cancellation, setting forth the effective date of cancellation of the finance insurance contract, to the insured at his last known address and to the insurance agent or insurance broker indicated on the premium finance agreement. For the purposes of this subdivision, the words "premium finance agreement" shall have the same meaning as that specified in Section 18903 of the Financial Code.

(e) A written exercise of such right containing a confirmation of the effective date of cancellation shall be mailed by the lender to the insurer within five days following such effective date of cancellation specified in the notice described in subdivision (c) unless the insured has cured any and all defaults. Cancellation shall be effective on such financed insurance policy without requiring the return of the insurance policy or insurance policies, except as provided in subdivisions (f) and (g), on the confirmation date specified in the written exercise of such right. This subdivision shall not apply to an industrial loan company.

(f) All statutory, regulatory, and contractual restrictions providing that the financed insurance policy may not be canceled unless notice is given to a governmental agency, mortgagee, or other third party shall apply where cancellation is effected under this section. The insurer shall give the prescribed notice on behalf of itself or the insured to any governmental agency, mortgagee, or other third party on or before the fifth business day after the day it receives the written exercise of cancellation right containing confirmation of the cancellation date from such lender, as provided in subdivision (e), or a written notice of cancellation from an industrial loan company, pursuant to subdivision (d), and shall, for the purpose of such notice, determine the effective date of cancellation as to those

persons mentioned in this subdivision only, taking into consideration the number of days' notice required to complete the cancellation.

(g) Whenever such a financed insurance policy is canceled by any party for any reason:

(1) The insurer shall, in accordance with the written agreements of which it has notice, return to the lender such unearned premiums as are due to the lender. The amount of such return premiums shall be based upon the confirmed date of cancellation specified in subdivision (e), or upon the written notice of cancellation specified in subdivision (d) in the case of an industrial loan company, lessened by the amount, if any, to compensate equitably the insurer for carrying the risk of loss as to any governmental agency, mortgagee, or other parties specified in subdivision (f) from such date to the effective date of cancellation as to such parties.

(2) When a financed insurance policy is canceled, or the insured discontinues payments to a lender, the insurer shall calculate the return premium on a pro rata basis. This paragraph shall not apply to any policy issued under an assigned risk plan or to any policy with respect to which the insurer has made a loan to the insured for the purposes of payment of premiums for such policy.

(h) The commissioner may amend the rules and regulations of any assigned risk plan, fair plan, or similar plan to provide for the equitable assignment of insurance risks among insurers now in existence or hereafter established, in such manner as may be necessary to carry out the purposes of this section.

(i) A lender which sends a written exercise of cancellation right or a written notice of cancellation to an insurer, as provided in subdivision (c), or subdivision (d) in the case of an industrial loan company, thereby represents that he has a valid right so to do and to receive the unearned premium. If the lender thereby accomplishes the cancellation and receives an unearned premium, such representation shall be conclusive as between the insurer and the lender. An insurer relying upon the written exercise of such right containing a confirmation of cancellation date and giving, when applicable, notice as required by subdivision (e), shall be relieved from complying with any other duty or form of cancellation required by this code.

(j) This section shall not apply where the insurer exercises its own right to cancel the policy for nonpayment of premium, direct or indirect, or otherwise. Such a cancellation shall be subject to all applicable provisions of the policy, this code, except this section, and any rights of the lender of which the insurer has written notice.

(k) This section shall apply only to contracts entered into between an insured and a lender on or after the effective date of this section.

In order that the portion of Route 40 from Barstow to Needles be included within the state scenic highway system as soon as possible, it is necessary that this act take effect immediately.

CHAPTER 851

An act to add Section 1622.6 to the Revenue and Taxation Code, relating to property taxation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 25, 1973 Filed with Secretary of State September 25, 1973]

The people of the State of California do enact as follows:

SECTION 1. Section 1622.6 is added to the Revenue and Taxation Code, to read:

1622.6. An application for equalization filed pursuant to Section 1607 by a member or alternate member of an assessment appeals board shall be heard before an assessment appeals board panel consisting of three special alternate assessment appeals board members appointed by order of the presiding judge of the superior court in the county in which the application is filed.

A special alternate assessment appeals board member may hear only the application or applications for equalization set forth in the superior court order appointing such member.

Sections 1624.1 and 1624.2 of this code shall be applicable to the appointment of a special assessment appeals board member.

SEC. 2. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor is there any appropriation made by this act because the duties, obligations, or responsibilities imposed on local agencies by this act are such that related costs are incurred as a part of their normal operating procedures.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that the provisions of this act may be applicable to equalization proceedings for the 1973–74 fiscal year, it is necessary that this act take effect immediately.

CHAPTER 852

An act to amend Sections 5463 and 5474 of, and to add Section 5464 to, the Health and Safety Code, relating to sewers, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 25, 1973 Filed with Secretary of State September 25, 1973]

The people of the State of California do enact as follows:

SECTION 1. Section 5463 of the Health and Safety Code is amended to read:

5463. Any health officer or governing board of any city, county, sanitary district, or other district having the power to operate and maintain a sewerage system, having served written notice upon the owner or reputed owner of land upon which there is a dwelling house, and such owner or reputed owner, after 30 days, having refused, neglected, or failed to connect such dwelling house, together with all toilets, sinks, and other plumbing therein, properly vented, and in a sanitary manner, with the adjoining street sewer, may construct the same at a reasonable cost, and the person doing said work at the request of such health officer or governing board has a lien upon said real estate for his work done and materials furnished, and such work done and materials furnished shall be held to have been done and furnished at the instance of such owner or reputed owner, or person claiming or having any interest therein. Such governing board may pay all or any part of the cost or price of such connection to the person or persons who furnished labor, materials, or equipment for the same, and, to the extent such governing board

02577 37 10 210 907

pays the cost or price of said connection, it shall succeed to and have all the rights, including the lien provided for above, of such person or persons against the real estate and against the owner or reputed owner thereof.

As an alternative power to the enforcement of the lien provided for in this section, the governing body of the public agency performing the work of connection to the public sewer may, by order entered upon its minutes, declare that the amount of the costs of such work and the administrative expenses incurred by the governing body incident to the proceedings, together with other charges uniformly applicable within the jurisdiction of the governing body for the connection of the premises to the public sewer, shall be transmitted to the assessor and tax collector of the public agency, whereupon it shall be the duty of those officers to add the amount of the assessment to the next regular bill for taxes levied against the lot or parcel of land.

The liens provided for by this section shall be enforced in the same manner as those provided for by Title 15 (commencing with Section 3082), Part 4, Division 3, of the Civil Code.

The governing board may also use the procedures in Section 5474 for levying the costs incurred for the construction of the improvements for the connection of the premises to the public sewer.

SEC. 2. Section 5464 is added to the Health and Safety Code, to read:

5464. Any owner or reputed owner, who has his property included within an assessment district for the construction of a main trunkline or collector sewer lines, may request the governing board to construct all necessary plumbing to connect his property to the adjoining street public sewer system. The person employed by the governing board to do the work shall have a lien upon the property, for work done and materials furnished, and the work done and materials furnished shall be deemed to have been done and furnished at the request of the owner, reputed owner, or person claiming or having any interest in the property. The governing board may pay all, or any part, of the cost or price of the connection to the person or persons who furnished labor, materials, or equipment and, to the extent that the governing board pays the cost or price of the connection, it shall succeed to and have all the rights, including the lien, of the person or persons against the property and the owner or reputed owner of the property.

As an alternative power to the enforcement of the lien provided for in this section, the governing body of the public agency performing the work of connection to the public sewer may, by the power of ordinance approved by two-thirds vote of the members of the legislative body, fix the cost of improvement for connection to the sanitation or sewerage facilities, fix the times at which such costs shall become due, provide for the payment of the costs prior to the construction and connection or in installments over a period, not to

exceed 15 years, provide a rate of interest, not to exceed 6 percent per annum, to be charged on the unpaid balance of the costs, and provide that the amount of the costs and the interest shall constitute a lien against the respective lots or parcels upon which the facilities are constructed.

The governing body may use the procedures specified in Section 5474 to implement the levying of the costs for the construction and connection of the premises to the public sewer.

SEC. 3. Section 5474 of the Health and Safety Code is amended to read:

5474. An entity shall have the power by ordinance approved by two-thirds vote of the members of the legislative body thereof to fix fees or charges for the privilege of connecting to its sanitation or sewerage facilities and improvements constructed by the entity pursuant to Sections 5463 and 5464, to fix the time or times at which such fees or charges shall become due, to provide for the payment of said fees or charges prior to connection or in installments over a period of not to exceed 15 years, to provide the rate of interest, not to exceed 6 percent per annum, to be charged on the unpaid balance of such fees or charges, and to provide that the amount of such fees or charges and the interest thereon shall constitute a lien against the respective lots or parcels of land to which said facilities are connected. Prior to making such fees or charges a lien against the land, the legislative body shall give notice to the owners of the lots or parcels of land affected, which notice shall set forth the following:

1. The schedule of fees or charges to be imposed by the entity.

2. A description of the property subject to such fees or charges, which description may be by reference to a plat or diagram on file in the office of the clerk of the legislative body, or to maps prepared in accordance with Section 327, Revenue and Taxation Code, and on file in the office of the county assessor.

3. The time or times at which such fees or charges shall become due.

4. The number of installments in which such fees or charges shall be payable.

5. The rate of interest, not to exceed 6 percent per annum, to be charged on the unpaid balance of such fees or charges.

6. That it is proposed that the fees or charges and interest thereon shall constitute a lien against the lots or parcels of land to which the facilities are furnished.

7. The time and place at which the legislative body will hold a hearing at which persons may appear and present any and all objections they may have to the imposition of the fees or charges as a lien against the land.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

It is necessary that any city, county, sanitary district, or other

district that has the power to operate and maintain a sewerage system be allowed flexibility in financing the construction of the improvements connecting real property to sewer lines because some communities have been unable to connect such property to the sewer lines under the present law and have encountered problems with untreated garbage, pollution of water supplies, and unsanitary conditions which constitute a threat to the public health and safety. To alleviate the problem of the citizens of this state being subject to these situations it is necessary that this act take effect immediately.

CHAPTER 853

The people of the State of California do enact as follows:

If employed by the County of San Joaquin on or before the effective date of the amendments to this section made by A.B. 2632 of the 1973–74 Regular Session of the Legislature, he shall have completed the course of instruction required by Section 832 by December 1, 1973; or if employed after such effective date, he shall have completed such course of instruction within 60 days after such employment. On February 6, 1973, federal regulations required the deployment of armed security guards with peace officer powers at airport boarding gates. Under existing law most airport security personnel do not have authorized peace officer status. In order to assist local governmental agencies in complying with these federal regulations it is necessary that peace officer status be authorized for airport security personnel, and that this act go into immediate effect.

A licensed commodity exchange shall, prior to any amendment, adoption or deletion of any such provisions, give prior written notice to the commissioner, who may by order prohibit, suspend or postpone the effectiveness of any such change. If, within 90 days after such an order has been made, a request for hearing is filed in writing by the commodity exchange, a hearing shall be held in accordance with the provisions of the Administrative Procedure Act, Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, and the commissioner shall have all of the powers granted thereunder; unless such hearing is commenced within 15 business days after the request is made (or the commodity

(b) The commissioner may in writing request a licensed commodity exchange to adopt, amend, rescind or suspend a provision as provided in subdivision (a) hereof; if such action is not taken by such commodity exchange within 30 days after receipt by it of such written request, the commissioner may, after due notice and hearing, by order direct such action to be taken by the exchange.

(c) The commissioner may require a commodity exchange licensed under this division to adopt and maintain such rules and regulations as are necessary to protect the public against the conflict of interest involved in a member of an exchange executing transactions for himself and for members of the public. The commissioner may require members who solicit business from the public to periodically report their own transactions to the commissioner.

29540. Any person whose certificate as a commodity adviser, commodity exchange, commodity option issuer, floor broker, commodity solicitor or commodity salesman has been suspended or revoked shall immediately surrender such certificate to the commissioner.

SEC. 38. Section 29541 of the Corporations Code is amended to read:

29541. (a) Surrender of a certificate as a commodity adviser, commodity exchange, commodity option issuer, floor broker, commodity solicitor or commodity salesman becomes effective 30 days after receipt of an application to surrender such certificate or within such shorter period of time as the commissioner may determine, unless a revocation or suspension proceeding is pending when the application is filed or a proceeding to revoke or suspend or to impose conditions upon the surrender is instituted within 30 days after the application is filed. If such a proceeding is pending or instituted, surrender becomes effective at such times and upon such conditions as the commissioner by order determines.

(b) If the commissioner finds that any commodity adviser, commodity exchange, commodity option issuer, floor broker, commodity solicitor or commodity salesman is no longer in existence,

or has ceased to do business as a commodity adviser, commodity exchange, commodity option issuer, floor broker, commodity solicitor or commodity salesman, or is subject to an adjudication of mental incompetence or to the control of a committee or conservator or guardian, or cannot be located after reasonable search, the commissioner may by order summarily revoke the certificate or registration of such commodity adviser, commodity exchange, commodity option issuer, floor broker, commodity solicitor or commodity salesman.

(c) The commissioner may summarily suspend or revoke the certificate of a commodity adviser, commodity exchange, commodity option issuer, floor broker, commodity solicitor or commodity salesman if he (1) fails to pay any fee required by Section 29531 or imposed pursuant to Section 29552 within 10 days after notice by the commissioner that such fee is due and unpaid, or (2) fails to file any report required under Section 29535 within 10 days after notice by the commissioner that such report is due, or (3) fails to maintain any bond required by Section 29537.

(d) The commissioner may by rule establish procedures for the withdrawal of registration with a commodity exchange by a floor broker or commodity solicitor, specifying the manner of supervision of such withdrawal by the commodity exchange and the commissioner, on a basis consistent with the provisions of subdivision (a) of this section.

SEC. 39. Section 29543 is added to the Corporations Code, to read:

29543. No person licensed or registered under this division shall publish any advertisement in this state concerning commodities, commodities contracts or their services with respect thereto unless a true copy of the advertisement has first been filed in the office of the commissioner at least three business days prior to such publication or such shorter period as the commissioner may by rule or order allow. The commissioner may by rule classify advertisements and exempt certain classes, wholly or in part, from the application of this section.

SEC. 40. Section 29544 is added to the Corporations Code, to read:

29544. No person shall publish any advertisement in this state concerning any commodity which is not a regulated commodity under the provisions of the Commodity Exchange Act or any commodity contract with respect to such a commodity or concerning the business of any person licensed or registered under this division after the commissioner finds that the advertisement contains any statement that is false or misleading or omits to make any statement necessary in order to make the statements made, in the light of the circumstances under which they were made, not misleading and so notifies the person in writing. Such notification may be given summarily without notice or hearing. At any time after the issuance of a notification under this section, the person desiring to use the

advertisement may in writing request that the order be rescinded. Upon the receipt of such a written request, the matter shall be set down for hearing to commence within 15 days after such receipt unless the person making the request consents to a later date. After such hearing, which shall be conducted in accordance with the provisions of the Administrative Procedure Act, Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, the commissioner shall determine whether to affirm and continue or to rescind such order, and the commissioner shall have all of the powers granted under such act. Except with respect to an advertisement published by or on behalf of a person licensed or registered under this division, an advertisement is not published in this state when it appears in any bona fide newspaper or other publication of general, regular and paid circulation which has had more than two-thirds of its circulation outside this state during the past 12 months or is a part of a radio or television program originating outside this state.

SEC. 41. Section 29545 is added to the Corporations Code, to read:

29545. (a) No person shall offer or sell a commodity option contract or any guarantee thereof in this state other than pursuant to and in conformity with the terms and conditions of a permit, then in effect, granted by the commissioner to the issuer of such commodity option contract pursuant to an application filed under the terms of this section, unless the issuer of such commodity option contract, or the transaction, has been exempted from the provisions of this section, either conditionally or otherwise, by rule of the commissioner hereunder.

(b) An application for permit pursuant to this section shall be filed by the issuer of the commodity option contracts proposed to be sold and shall contain such information, in such form and detail, and shall be verified in such manner, as the commissioner may by rule or order reasonably prescribe.

(c) The commissioner may deny an application for, or suspend or revoke, a permit pursuant to this section, if he finds:

(1) That the premiums upon all options to be outstanding at any one time will exceed a portion or multiple of the net worth of the issuer as the commissioner may determine by rule or order to be appropriate for the reasonable safety of investors.

(2) That the options to be outstanding at any one time will not be so diversified with respect to the underlying commodities or commodities contracts, or so limited in number, that the ability of the issuer, or of the guarantor or underwriter of the commodity option contracts, to meet the obligations on the outstanding contracts may be impaired by the developments in the market for a single commodity or that the number of options outstanding against a particular market may threaten the normal operation thereof.

(3) That the options are not either (i) guaranteed or underwritten by an exchange on which the underlying commodities

0799 37 10 495 965

futures contracts are traded (or an affiliate of such exchange) or (ii) that appropriate arrangements have not been made through reserves and segregated funds or commodity contracts so as to reasonably assure full performance of the issuer's obligations.

(4) That the issuer, or the guarantor or underwriter, will not follow practices with respect to the hedging or covering or liquidation of its obligations such as will provide for the reasonable safety of investors and provide against violations of the Bucket Shop Law, Division 4 (commencing with Section 29104) of Title 4 of this code.

(5) That the issuer or guarantor is not operating in compliance with the provisions of this division or is engaged in practices which are unsafe and which threaten its ability to meet its obligations.

(6) That the terms of the commodity option contract or of the guaranty thereof are not fair, just and equitable, or that the manner and method by which such contracts are to be offered and sold does not provide for fair, reasonable and timely disclosures to, or are such as will work a fraud upon, prospective purchasers.

(d) The commissioner may impose as a condition to the issuance of, or amendment to, a permit, such conditions as he deems reasonable and necessary for the protection of investors and to fulfill the purposes of this division. Such conditions may be imposed by rule or by order, if he finds that such action is necessary and appropriate for the protection of investors.

(e) A commodity option issuer shall promptly notify the commissioner in writing, by an application to amend its permit, of any material change, or proposed change, in the information contained in its application, as originally filed or as amended, other than with respect to any financial statements contained therein. The application shall be in such form as the commissioner may prescribe.

(f) Every permit issued pursuant to this section is effective for 12 months from its effective date, unless the commissioner by rule or order specifies a different period, except during the time an order under subdivision (f) or (g) of this section is in effect.

(g) Except as hereinafter provided, no order denying an application for permit or order suspending or revoking a permit shall be entered under subdivision (c) hereof without appropriate prior notice to the applicant and hearing in accordance with the provisions of the Administrative Procedure Act, Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code, in connection with which the commissioner shall have all of the powers granted therein. If the commissioner fails to act upon an application within 20 business days after it is filed and applicant requests in writing a hearing thereon, such hearing shall be held upon notice within 15 business days after the receipt of such request, unless the applicant consents to a later date.

(h) The commissioner may by order summarily suspend a permit issued pursuant to this section if in his opinion the commodity option issuer is operating in violation of this division or in an unsafe or

dangerous manner. Upon the issuance of such an order, the commissioner shall promptly notify the commodity option issuer of the entry of such order and of the reasons therefor and that upon receipt of a written request the matter will be set down for hearing to commence within 15 business days after such receipt unless the commodity option issuer consents to a later date. If no hearing is requested and none is ordered by the commissioner, the order will remain in effect until it is modified or vacated by the commissioner If a hearing is requested or ordered, the commissioner, after notice and hearing in accordance with subdivision (g) of this section, may modify or vacate the order or extend it until final determination.

SEC. 47 There is hereby appropriated to the Department of Corporations from the General Fund in the State Treasury the sum of one hundred eleven thousand two hundred eighty-three dollars ($111,283) for the administration of this act during the 1973–74 fiscal year.

SEC. 48. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The recent, rapid growth in California of public participation in commodities trading, both directly and through the device of commodities options contracts, has brought many businesses into operation here which do not maintain, commensurate with their fiduciary obligations to their customers, appropriate standards for their financial responsibility, the character and experience of their management or their manner and method of operation, because their operations are within an area outside the jurisdiction of the federal Commodity Exchange Act. In particular, the emergence of businesses whose principal, and perhaps only, business is the sale of commodity options contracts has created severe hazards to the public investors in such securities because many such companies lack sufficient financial resources, appropriate methods of operation and restraints and reasonable guarantees for the performance of their obligations. Serious questions also exist because of the unrestricted nature and growth of their operations and as to the effect of their operations on the commodities futures markets which underlie their activities. The protection to the public of the continuous supervision afforded under the licensing and regulatory provisions of this law is essential in order to provide reasonable assurances that such companies properly meet their obligations to their investors and customers.

SEC. 49. Sections 12, 13, 14, and 15 of this act shall not become operative until 30 days after the effective date of this act.

CHAPTER 855

CHAPTER 856

An act to amend Section 14105 of, and to repeal Section 14105 of, the Welfare and Institutions Code, relating to Medi-Cal.

[Approved by Governor September 25, 1973 Filed with Secretary of State September 25, 1973]

The people of the State of California do enact as follows.

SECTION 1. Section 14105 of the Welfare and Institutions Code, as amended by Chapter 1366 of the 1972 Statutes, is amended to read:

14105. The director shall prescribe the policies to be followed in the administration of this chapter, may limit the rates of payment for health care services, and shall adopt such rules and regulations as are necessary for carrying out, not inconsistent with, the provisions thereof

Standards for costs shall be based on payments of the reasonable cost for such services Amounts paid for services provided to Medi-Cal beneficiaries shall be audited by the department in the manner and form prescribed by the department. The department shall maintain adequate controls to insure responsibility and accountability for the expenditure of federal and state funds Cost reports and other data submitted by providers to a state agency for the purpose of determining reasonable costs for services or establishing rates of payment shall be considered true and correct unless audited or reviewed within 18 months after July 1, 1969, the close of the period covered by the report, or after the date of submission of the original or amended report by the provider, whichever is later; provided, however, that cost reports and other data for cost reporting periods beginning on January 1, 1972, and thereafter shall be considered true and correct unless audited or reviewed within three years after the close of the period covered by the report, or after the date of submission of the original or amended report by the provider, whichever is later.

Nothing in this section shall be construed to limit the correction of cost reports or rates of payment when inaccuracies are determined to be the result of intent to defraud, or when a delay in the completion of an audit is the result of willful acts by the provider or inability to reach agreement on the terms of final settlement.

Insofar as practical, consistent with the efficient and economical administration of this part, the department shall afford recipients of public assistance free choice of arrangements under which they shall receive health care benefits

If, in the judgment of the director, the actions taken by the director under subdivision (c) of Section 14120 will not be sufficient to operate the Medi-Cal program within the limits of appropriated funds, he may limit the scope and kinds of health care services, except for minimum coverage as defined in Section 14056, available to persons who are not eligible under Sections 14005.1, 14005 2 and 14005.3. [Approved by Governor September 25, 1973 Filed with Secretary of State September 25, 1973]

The people of the State of California do enact as follows:

SECTION 1. Section 25210.77a of the Government Code is amended to read:

25210.77a For any county service area located therein, a county may fix and collect charges for a particular extended service authorized pursuant to this article to pay, in whole or in part, for the cost thereof. The revenue obtained thereby may be in lieu of, or supplemental to revenue obtained by the levy of taxes. The charges

may vary by reason of the nature of the use or the month in which the service is rendered to correspond to the cost and the value of the service.

Any county which has fixed charges pursuant to this section may, by ordinance, provide a procedure for, and collect such charges, on the tax roll in the same manner and at the same time as its general ad valorem property taxes are collected as provided herein. Any such ordinance shall provide that:

(a) Once a year the board of supervisors shall cause to be prepared a written report which shall contain a description of each parcel of real property receiving the particular extended service and the amount of the charge for each parcel for such year computed in conformity with the procedure set forth in the ordinance authorizing collection of such charges on the tax roll. Such report shall be filed with the clerk of the board of supervisors.

(b) Upon the filing of such report, the clerk shall fix a time, date, and place for hearing thereon and for filing objections or protests thereto. The clerk shall publish notice of such hearing as provided in Section 6066, prior to the date set for hearing, in a newspaper of general circulation printed and published in the county.

(c) At the time, date and place stated in the notice, the board of supervisors shall hear and consider all objections or protests, if any, to the report and may continue the hearing from time to time Upon conclusion of the hearing, the board of supervisors may adopt, revise, change, reduce, or modify any charge and shall make its determination upon each charge as described in the report and thereafter, by resolution, shall confirm the report.

(d) The charges set forth in the report, as confirmed, shall appear as a separate item on the tax bill The charge may be collected at the same time and in the same manner as ordinary county ad valorem property taxes are collected and shall be subject to the same penalties and the same procedure and sale in case of delinquency as provided for such taxes All laws applicable to the levy, collection and enforcement of county ad valorem property taxes shall be applicable to such charge, except that if the real property to which such charge relates has been transferred or conveyed to a bona fide purchaser for value, or if a lien of a bona fide encumbrancer for value has been created and attaches thereon, prior to the date on which the first installment of such taxes would become delinquent, then the charge confirmed pursuant to this section shall not result in a lien against such real property but instead shall be transferred to the unsecured roll for collection.

SEC. 2. Section 25210.77d of the Government Code is amended to read:

25210.77d. If any water standby charge remains unpaid on the first day of the month before the month in which the board of supervisors of the county in which the county service area is located is required by law to levy the amount of taxes required for county purposes, a 6-percent penalty thereon shall accrue. The amount of

the unpaid standby charge plus the penalty shall be added to the annual tax levied upon the land for which the standby charge is unpaid, and shall constitute a lien on that land The amount of tax attributable to unpaid water standby charges, and the penalty thereon, shall be stated on the tax bill separately from all other taxes. All laws applicable to the levy, collection and enforcement of municipal ad valorem taxes shall be applicable to the charges appearing on the tax bill, except that if any real property to which such lien would attach has been transferred or conveyed to a bona fide purchaser for value, or if a lien of a bona fide encumbrancer for value has been created and attaches thereon, prior to the date on which the first installment of such taxes would become delinquent, then the lien which would otherwise be imposed by this section shall not attach to such real property and the unpaid water standby charges, and any penalty thereon, relating to such property shall be transferred to the unsecured roll for collection.

A certified copy of the confirmed report shall be filed with the county auditor for the amounts of the respective assessments against the respective parcels of land as they appear on the current assessment roll. The lien created attaches upon recordation, in the office of the county recorder of the county in which the property is situated, of a certified copy of the resolution of confirmation. The assessment may be collected at the same time and in the same manner as ordinary county ad valorem property taxes are collected and shall be subject to the same penalties and the same procedure and sale in case of delinquency as provided for such taxes. All laws applicable to the levy, collection and enforcement of county ad valorem property taxes shall be applicable to such assessment, except that if any real property to which such lien would attach has been transferred or conveyed to a bona fide purchaser for value, or if a lien of a bona fide encumbrancer for value has been created and attaches thereon, prior to the date on which the first installment of such taxes would become delinquent, then the lien which would otherwise be imposed by this section shall not attach to such real property and the delinquency fees, as confirmed, relating to such property shall be transferred to the unsecured roll for collection.

(c) At the hearing the board shall hear any objections or protests of property owners liable to be assessed for delinquent charges. The board may make such revisions or corrections to the report as it deems just, after which, by resolution, the report shall be confirmed.

(d) The delinquent charges set forth in the report as confirmed shall constitute special assessments against the respective parcels of land and are a lien on the property for the amount of such delinquent charges. A certified copy of the confirmed report shall be filed with the county auditor for the amounts of the respective assessments against the respective parcels of land as they appear on the current assessment roll. The lien created attaches upon recordation in the office of the county recorder of the county in which the property is situated of a certified copy of the resolution of confirmation. A certified copy of the confirmed report shall be filed with the county auditor Bor the amounts of the respective assessments against the respective parcels of land as they appear on the current assessment roll. The lien created attaches upon recordation, in the office of the county recorder of the county in which the property is situated, of a certified copy of the resolution of confirmation. The assessment may be collected at the same time and in the same manner as ordinary county ad valorem property taxes are collected and shall be subject to the same penalties and the same procedure and sale in case of delinquency as provided for such taxes. SEC 7. Section 38744 of the Government Code is amended to

read:

38744 If any water standby charge authorized to be collected pursuant to Section 38743 remains unpaid on the first day of the month before the month in which the board of supervisors of the county in which the city is located is required by law to levy county general taxes, a 6-percent penalty shall accrue upon the amount unpaid. 50247. The cost of abatement upon each parcel of land constitutes a special assessment against that parcel. After the assessment is made and confirmed, it is a lien on the parcel. Such lien attaches upon recordation in the office of the county recorder of the county in which the property is situated of a certified copy of the resolution of confirmation. The assessment may be collected at the same time and in the same manner as ordinary municipal ad valorem taxes are collected, and shall be subject to the same penalties and the same procedure and sale in case of delinquency as provided for such taxes. All laws applicable to the levy, collection and enforcement of municipal ad valorem taxes shall be applicable to such assessment, except that if any real property to which such lien would attach has been transferred or conveyed to a bona fide purchaser for value, or if a lien of a bona fide encumbrancer for value has been created and attaches thereon, prior to the date on which the first installment of such taxes would become delinquent, then the lien which would

SEC. 14. Section 31701.5 of the Water Code is amended to read:

31701.5. The amount of any charges for water and other services or either included in the statement of delinquent and unpaid charges pursuant to subdivision (e) of Section 31701 shall be added to and become a part of the annual taxes next levied upon the property upon which the water for which the charges are unpaid was used and upon the property subject to the charges for any other district services and shall constitute a lien on that property as of the same time and in the same manner as does the tax lien securing such annual taxes. All laws applicable to the levy, collection and enforcement of municipal ad valorem taxes shall be applicable to such charges, except that if any real property to which such lien would attach has been transferred or conveyed to a bona fide purchaser for value, or if a lien of a bona fide encumbrancer for value has been created and attaches thereon, prior to the date on which the first installment of such taxes would become delinquent, then the lien which would otherwise be imposed by this section shall not attach to such real property and the delinquent and unpaid charges relating to such property shall be transferred to the unsecured roll for collection. The county shall deduct from the charges collected an amount sufficient to compensate the county for costs incurred in collecting such delinquent and unpaid charges. The amount of such compensation shall be fixed by agreement between the board of supervisors and the district's board of directors.

SEC. 15. Section 37212 of the Water Code is amended to read:

37212. If any charges for water and other services, or either, remain delinquent and unpaid for 60 days or more on July 1st, the district board may, by resolution, order the secretary to do each of

(a) Prepare a list of the parcels of land upon which water and other services, or either, requested in writing by the owner of the property, was used, and for which the charges remain unpaid.

(b) Certify that such list is true and correct.

(c) Submit such list of unpaid charges and parcels to the county auditor no later than five days after the estimate of the district board was furnished pursuant to Section 37206.

Upon receipt by the county auditor of such list and a certified copy of such resolution, the amount of the unpaid charges attributed to each parcel mentioned in such list shall constitute a special assessment against such parcel, and shall be a lien on that property for such amount. Such lien attaches upon recordation in the office of the county recorder of the county in which the property is situated of a certified copy of such resolution of the district board, with a certified copy of such list attached thereto. The assessment shall be collected at the same time and in the same manner as ordinary municipal ad valorem taxes are collected, and shall be subject to the same penalties, and the same procedure and sale in case of delinquency as provided for such taxes. All laws applicable to the levy, collection and enforcement of municipal ad valorem taxes shall be applicable to such assessment, except that if any real property to which such lien would attach has been transferred or conveyed to a bona fide purchaser for value, or if a lien of a bona fide encumbrancer for value has been created and attached thereon, prior to the date on which the first installment of such taxes would become delinquent, then the lien which would otherwise be imposed by this section shall not attach to such real property and the delinquent and unpaid charges, as certified, relating to such property shall be transferred to the unsecured roll for collection.

The county shall deduct from the charges collected an amount sufficient to compensate the county for costs incurred in collecting such delinquent and unpaid charges. The amount of such compensation shall be fixed by agreement between the board of supervisors and the district's board of directors.

SEC. 16. Section 55501 of the Water Code is amended to read:

55501. The board may fix and collect rates or charges for the use and supply of water furnished by the system, and to apply the receipts from the rates or charges to the expenses of the administration and government of the district and the use, operation and extension of the waterworks and water supply.

The revenues obtained from such rates or charges may be in lieu of or supplemental to revenues obtained by the levy of taxes.

The district board may provide for the collection of the charges for services rendered in the current or immediately preceding fiscal year as a part of the annual general county tax bill provided the district furnishes in writing to the board of supervisors and to the county auditor the description of each parcel for which a charge is to be billed together with the amount of the charge applicable to

each parcel in sufficient time to meet the schedule established by the county for inclusion of such items on the county general tax bill. The parcel description may be the parcel number assigned by the county assessor to the parcel. In such case the charge shall become a lien against the parcel of land to which it is charged in the same manner as the county general taxes. Penalties may be collected for late payment of the charge or the amount thereof unpaid in the manner and at the same rates as that applicable for late payment or the amount thereof unpaid of county general taxes. All laws applicable to the levy, collection and enforcement of municipal ad valorem taxes shall be applicable to such charges, except that if any real property to which such lien would attach has been transferred or conveyed to a bona fide purchaser for value, or if a lien of a bona fide encumbrancer for value has been created and attaches thereon, prior to the date on which the first installment of such taxes would become delinquent, then the lien which would otherwise be imposed by this section shall not attach to such real property and the charges relating to such property shall be transferred to the unsecured roll for collection.

If the district collects charges through the county general tax bill, the amount of the charge and any applicable penalty shall be stated on the tax bill separately from all other taxes, if practicable.

SEC. 17 Section 55501.5 of the Water Code is amended to read:

55501.5. A district may fix a water service standby or immediate availability charge to be applied on an area or frontage or parcel basis, or a combination thereof, within the district to be charged to such areas to which water service is made available for any purpose by the district, whether the water service is actually used or not. The district may establish schedules varying such charge according to the land uses and the degree of availability or quantity of use of such water service to the affected lands, and may restrict such charge to lands lying within one or more zones or areas of benefits established within such district. The district may not, however, fix a charge in excess of ten dollars ($10) per acre or in excess of five dollars ($5) for a parcel of less than one acre.

If a person for more than one year obtains substantially all of his water requirements for the contiguous parcels of land which he occupies from rainfall, springs, streams, lakes, rivers or wells, and if the person's primary economic activity on such land is the commercial extraction or processing of minerals, such land shall be exempt from any water standby or availability charges.

The district may collect the standby or availability charge by billing the charged lands on a fiscal year basis or by other means available.

The district may collect the standby or availability charge as a part of the annual general county tax bill provided the district furnishes in writing to the board of supervisors and to the county auditor the description of each parcel for which a charge is to be billed together with the amount of the charge applicable to each parcel in sufficient

time to meet the schedule established by the county for inclusion of such items on the county general tax bill. The parcel description may be the parcel number assigned by the county assessor to the parcel. In such, the standby or availability charge shall become a lien against the parcel of land to which it is charged in the same manner as the county general taxes. Penalties may be collected for late payment of the standby or availability charge or the amount thereof unpaid in the manner and at the same rates as that applicable for late payment or the amount thereof unpaid of county general taxes. All laws applicable to the levy, collection and enforcement of municipal ad valorem taxes shall be applicable to such charges, except that if any real property to which such lien would attach has been transferred or conveyed to a bona fide purchaser for value, or if a lien of a bona fide encumbrancer for value has been created and attaches thereon, prior to the date on which the first installment of such taxes would become delinquent, then the lien which would otherwise be imposed by this section shall not attach to such real property and the charge relating to such property shall be transferred to the unsecured roll for collection.

If the district collects standby charges through the county general tax bill, the amount of the standby charge and any applicable penalty shall be stated on the tax bill separately from all other taxes, if practicable.

SEC. 18. Section 55507 of the Water Code is amended to read:

55507. A district may fix a sewer service standby or immediate availability charge to be applied on a parcel basis within the district to be charged to such parcels to which sewer service is made available by the district, whether the sewer service is actually used or not. The district may establish schedules for such charge, and may restrict such charge to lands lying within one or more zones or areas of benefits established within such district. The district may not, however, fix a charge in excess of ten dollars ($10) a year for a residential parcel. Commercial or other parcels shall be charged according to equivalent residential parcels, but shall not exceed ten dollars ($10) per acre per year.

The district may collect the standby or availability charge by billing the charged lands on a fiscal year basis or by other means available.

The district may collect the standby or availability charge as a part of the annual general county tax bill provided the district furnishes in writing to the board of supervisors and to the county auditor the description of each parcel for which a charge is to be billed together with the amount of the charge applicable to each parcel in sufficient time to meet the schedule established by the county for inclusion of such items on the county general tax bill. The parcel description may be the parcel number assigned by the county assessor to the parcel. In such case, the standby or availability charge shall become a lien against the parcel of land to which it is charged in the same manner as the county general taxes. Penalties may be collected for late

payment of the standby or availability charge or the amount thereof unpaid in the manner and at the same rates as that applicable for late payment or the amount thereof unpaid of county general taxes. All laws applicable to the levy, collection and enforcement of municipal ad valorem taxes shall be applicable to such charges, except that if any real property to which such lien would attach has been transferred or conveyed to a bona fide purchaser for value, or if a lien of a bona fide encumbrancer for value has been created and attaches thereon, prior to the date on which the first installment of such taxes would become delinquent, then the lien which would otherwise be imposed by this section shall not attach to such real property and the charge relating to such property shall be transferred to the unsecured roll for collection.

If the district collects standby charges through the county general tax bill, the amount of the standby charge and any applicable penalty shall be stated on the tax bill separately from all other taxes, if practicable

SEC. 19 Section 72100 of the Water Code is amended to read·

72100. The amount of any charges for water and other services or either included in the statement of delinquent and unpaid charges pursuant to subdivision (c) of Section 72094 shall be added to and become a part of the annual taxes next levied upon the property upon which the water for which the charges are unpaid was used and upon the property subject to the charges for any other district services and shall constitute a lien on that property as of the same time and in the same manner as does the tax lien securing such annual taxes. All laws applicable to the levy, collection and enforcement of municipal ad valorem taxes shall be applicable to such charges, except that if any real property to which such lien would attach has been transferred or conveyed to a bona fide purchaser for value, or if a lien of a bona fide encumbrancer for value has been created and attaches thereon, prior to the date on which the first installment of such taxes would become delinquent, then the lien which would otherwise be imposed by this section shall not attach to such real property and the charges relating to such property shall be transferred to the unsecured roll for collection. The county shall deduct from the charges collected an amount sufficient to compensate the county for costs incurred in collecting such delinquent and unpaid charges. The amount of such compensation shall be fixed by agreement between the board of supervisors and the district's board of directors.

SEC 20. It is the intent of the Legislature, if this bill and Assembly Bill No 823 are chaptered and amend Section 25210.77d of the Government Code, and this bill is chaptered after Assembly Bill No. 823, that the amendments to Section 25210.77d proposed by both bills be given effect and incorporated in Section 25210.77d in the form set forth in Section 2.5 of this act. Therefore, Section 2.5 of this act shall become operative only if this bill and Assembly Bill No 823 are both chaptered, both amend Section 25210.77d, and Assembly

Bill No. 823 is chaptered before this bill, in which case Section 2 of this act shall not become operative.
