The defendant's case shall not be diverted unless the district attorney concurs with the court's determination that the defendant be so referred though such concurrence is not necessary with respect to

the program to which the defendant is referred. If the court does not deem the defendant a person who would be benefited by diversion, or if the district attorney or the defendant do not consent to participate, the proceedings shall continue as in any other case.

At the time that a defendant's case is diverted, any bail bond or undertaking, or deposit in lieu thereof, on file by or on behalf of the defendant shall be exonerated, and the court shall enter an order so directing.

The period during which the further criminal proceedings against the defendant may be diverted shall be for no less than six months nor longer than two years. Progress reports shall be filed by the probation department with the court not less than every six months. If the defendant is arrested and convicted of any criminal offense during the period of diversion, the case for which he has been diverted shall be referred to the court for arraignment and disposition as if he had not been diverted and the case is a regular criminal matter. If the defendant has performed successfully in the education or treatment program, at the end of the period of diversion, the charges shall be dismissed.

Sec. 6. After the adoption of the report by said board of supervisors, as above provided, said board shall without delay call a special election and submit to the qualified electors of said district the proposition of incurring a bonded debt in the amount and for the purposes stated in said report.

Said board of supervisors shall call such special election by ordinance, and shall recite therein the objects and purposes for which the indebtedness is proposed to be incurred; provided, that it shall be sufficient to give a brief general description of such objects and purposes, and refer to the report adopted by said board of supervisors, and on file for particulars; and said ordinance shall also state the estimated cost of the proposed work and improvements, the amount of the principal of the indebtedness to be incurred therefor, and what part of such indebtedness shall be paid each and every year, and which shall not be less than one-fortieth of the whole amount of such indebtedness, and the rate of interest to be paid on such indebtedness, and shall fix the date on which such special election shall be held, the manner of holding the same, and the manner of voting for or against incurring such indebtedness. The rate of interest to be paid on such indebtedness shall not exceed 8 per centum per annum.

For the purposes of said election, said board of supervisors shall in said ordinance establish election precincts within the boundaries of

Any election called pursuant to this section may be consolidated with any other election, pursuant to the provisions of Chapter 4, of Part 2, of Division 11 of the Elections Code if the ordinance calling the election authorizes the consolidation. If the election called pursuant to this section is consolidated with any election, the notice thereof need not set forth the precincts, place, or places of holding the election, or the names of the officers appointed to conduct the election, but may instead state that the precincts, place, or places of holding the election, and officers appointed to conduct the election shall be the same as those provided for such other election within the territory affected by the consolidation and set forth in the ordinance, order, resolution, or notice calling, providing for, or giving notice of such other election and except where consolidation is with a state primary or a state general election, reference shall be made to such ordinance, resolution or notice, by number and title, or date of adoption, or by date or proposed date of publication and the name of the newspaper in which the publication has been or will be made, or by any other definite description.

In all particulars not recited in such ordinance, such election shall be held as nearly as practicable in conformity with the general election laws of the state.

Said board of supervisors shall cause so much of said report as covers a general description of the work to be done, and the map showing the location of the proposed work and improvements, to be printed at least 30 days before the date fixed for such election, and a copy thereof furnished to every qualified elector of said district who shall apply for the same.

Said ordinance calling such election shall, prior to the date set for such election, be published pursuant to Section 6062 of the Government Code in a newspaper of general circulation, printed and published in said district, and designated by said board of supervisors for said purpose. No other notice of such election need be given.

Any defect or irregularity in the proceedings prior to the calling of such election shall not affect the validity of the bonds.

If at such election a majority of the votes cast are in favor of incurring such bonded indebtedness, then bonds of said district for the amount stated in such proceedings shall be issued and sold as in this act provided.

SEC. 2. Section 7 of the Los Angeles County Flood Control Act (Chapter 755 of the Statutes of 1915) is amended to read:

Sec. 7. The said board of supervisors shall, subject to the provisions of this act, prescribe by ordinance the form of said bonds,

As to any bond issue authorized pursuant to this act following January 1, 1970, the board may divide the principal amount of any issue into two or more series and fix different dates for the bonds of each series. The bonds of one series may be made payable at different times from those of any other series; provided, that the earliest maturity of each issue or series, as the case may be shall not be more than two years from the date of the bonds of said issue or series. The final maturity date of any bond shall not exceed 40 years from the date of the bond. Every year beginning with the date of the earliest maturity of each issue or series of bonds, as the case may be, not less than one-fortieth of the whole of the indebtedness evidenced by such issue or such series shall be payable.

The bonds shall be issued in such denominations as the said board of supervisors may determine and shall be payable on the day and at the place fixed in said bonds, and with interest at the rate specified in such bonds, which rate shall not be in excess of 8 per centum per annum, and shall be payable semiannually, and said bonds shall be signed by the chairman of the board of supervisors, and countersigned by the auditor of said Los Angeles County, and the seal of said district shall be affixed thereto. Such signatures and countersignatures may be printed, lithographed, engraved, or otherwise mechanically reproduced, except that one of said signatures or countersignatures to said bonds shall be manually affixed. Any such signature may be affixed in accordance with the provisions of the Uniform Facsimile Signatures of Public Officials Act, Chapter 6 (commencing with Section 5500) of Title 1 of the Government Code. The interest coupons of said bonds shall be numbered consecutively and signed by the auditor of said Los Angeles County by his engraved or lithographed signature. In case any such officer whose signatures or countersignatures appear on the bonds or coupons shall cease to be such officer before the delivery of such bonds to the purchaser, such signature or countersignature shall nevertheless be valid and sufficient for all purposes the same as if such officer had remained in office until the delivery of the bonds.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Rapid urbanization of the land areas adjacent to the Suisun Marsh has created environmental and economic pressures on the marsh which pose an urgent and immediate threat to the continued viability of the marsh as a wildlife habitat of nationally recognized critical importance. The boundary descriptions set forth in the Nejedly-Bagley-Z'berg Suisun Marsh Preservation Act of 1974 are unclear and the provisions of this act will clarify such boundaries. In order, therefore, to ensure that the protection contemplated by the Nejedly-Bagley-Z'berg Suisun Marsh Preservation Act of 1974 will be effective, it is necessary that the provisions of this act go into immediate effect

CHAPTER 365

An act to amend Section 66483 of, and to add Sections 66483.1 and 66483.2 to, the Government Code, relating to the disposition of surplus drainage and sewer fees

[Approved by Governor August 25, 1975. Filed with Secretary of State August 25, 1975.]

The people of the State of California do enact as follows:

SECTION 1. Section 66483 of the Government Code is amended to read:

66483. There may be imposed by local ordinance a requirement for the payment of fees for purposes of defraying the actual or

estimated costs of constructing planned drainage facilities for the removal of surface and storm waters from local or neighborhood drainage areas and of constructing planned sanitary sewer facilities for local sanitary sewer areas, subject to the following conditions:

(a) The ordinance has been in effect for a period of at least 30 days prior to the filing of the tentative map or parcel map if no tentative map is required.

(b) The ordinance refers to a drainage or sanitary sewer plan adopted for a particular drainage or sanitary sewer area which contains an estimate of the total costs of constructing the local drainage or sanitary sewer facilities required by the plan, and a map of such area showing its boundaries and the location of such facilities.

(c) The drainage or sanitary sewer plan, in the case of a city situated in a county having a countywide general drainage or sanitary sewer plan, has been determined by resolution of the legislative body of the county to be in conformity with such a county plan; or in the case of a city situated in a county not having such a plan but in a district having such a plan, has been determined by resolution of the legislative body of the district to be in conformity with the district general plan; or in the case of a city situated in a county having such a plan and in a district having such a plan, has been determined by resolution of the legislative body of the county to be in conformity with such a plan and by resolution of the legislative body of the district to be in conformity with the district general plan.

(d) The costs, whether actual or estimated, are based upon findings by the legislative body which has adopted the local plan, that subdivision and development of property within the planned local drainage area or local sanitary sewer area will require construction of the facilities described in the drainage or sewer plan, and that the fees are fairly apportioned within such areas either on the basis of benefits conferred on property proposed for subdivision or on the need for such facilities created by the proposed subdivision and development of other property within such areas.

(e) The fee as to any property proposed for subdivision within such a local area does not exceed the pro rata share of the amount of the total actual or estimated costs of all facilities within such area which would be assessable on such property if such costs were apportioned uniformly on a per-acre basis.

(f) The drainage or sanitary sewer facilities planned are in addition to existing facilities serving the area at the time of the adoption of such a plan for the area.

Such fees shall be paid to the local public agencies which provide drainage or sanitary sewer facilities, and shall be deposited by such agencies into a "planned local drainage facilities fund" and a "planned local sanitary sewer fund," respectively. Separate funds shall be established for each local drainage and sanitary sewer area. Moneys in such funds shall be expended solely for the construction or reimbursement for construction of local drainage or sanitary

sewer facilities within the area from which the fees comprising the fund were collected, or to reimburse the local agency for the cost of engineering and administrative services to form the district and design and construct the facilities. The local ordinance may provide for the acceptance of considerations in lieu of the payment of fees.

A local agency imposing or requesting the imposition of, fees pursuant to this section, including the agencies providing the facilities, may advance money from its general fund to pay the costs of constructing such facilities within a local drainage or sanitary sewer area and reimburse the general fund for such advances from the planned local drainage or sanitary sewer facilities fund for the local drainage or sanitary sewer area in which the drainage or sanitary sewer facilities were constructed.

A local agency receiving fees pursuant to this section may incur an indebtedness for the construction of drainage or sanitary sewer facilities within a local drainage or sanitary sewer area; provided that the sole security for repayment of such indebtedness shall be moneys in the planned local drainage or sanitary sewer facilities fund.

SEC. 2. Section 66483.1 is added to the Government Code, to read:

66483.1. After completion of the facilities and the payment of all claims from any "planned local drainage facilities fund" or any "planned local sanitary sewer fund," the legislative body of a county or city shall determine by resolution the amount of the surplus, if any, remaining in any of such funds. Any such surplus shall be used, in such amounts as the legislative body may determine, for one or more of the following purposes:

(a) For transfer to the general fund of the county or city, provided that the amount of such transfer shall not exceed 5 percent of the total amount expended from the particular fund;

(b) For the construction of additional or modified facilities within the particular drainage or sanitary sewer area; or

(c) As a refund in the manner provided in Section 66483.2.

SEC. 3. Section 66483.2 is added to the Government Code, to read:

66483 2. Any surplus remaining shall be refunded as follows:

(a) There shall be refunded to the current owners of property for which a fee was previously collected, the balance of such moneys in the same proportion which each individual fee collected bears to the total of all individual fees collected from the particular drainage or sewer area;

(b) Where property for which a fee was previously collected has subsequently been subdivided into more than one lot, each current owner of a lot shall share in the refund payable to the owners of the property for which a fee was previously collected in the same proportion which the area of each individual lot bears to the total area of the property for which a fee was previously collected; and

(c) There shall be transferred to the general fund of the county or city any remaining portion of the surplus which has not been paid

to or claimed by the persons entitled thereto within two years from the date either of the completion of the improvements, or the adoption by the legislative body of a resolution declaring a surplus, whichever is later to occur.

SEC. 4 Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be any appropriation made by this act because there are no state-mandated local costs in this act and any revenue loss implied herein is not reimbursable under Section 2231 of the Revenue and Taxation Code.

To that end, the following resource conservation standards define minimum acceptable stocking, and an area covered by a timber harvesting plan shall be classified as acceptably stocked if either of the following conditions exist within five years after completion of timber operations:

(a) The area contains an average point count of 300 per acre, to be computed as follows:

(1) Each countable tree which is not more than four inches in diameter at breast height to count as one.

(2) Each countable tree over four inches and not more than 12 inches in diameter at breast height to count as three.

(3) Each countable tree over 12 inches in diameter at breast height to count as six.

The board shall adopt standards for each district, after a public hearing, which are equal to or stricter than the standards of this chapter and shall report such standards to the Legislature.

It is not the intent of the Legislature in designating minimum standards that such standards shall be deemed to be preferred as the standards to be adopted by the board. The board may, by a majority vote as provided in Section 636, adopt higher minimum standards of stocking if, in the opinion of the board, growing conditions, tree

species, site quality, or other factors justify such stricter standards and if such action is consistent with the purposes of this article.

If, however, any person so convicted consents to, and does participate and successfully completes, a driver improvement program or treatment program for persons who are habitual users of alcohol, or both such programs, as designed by the court, the court shall punish such person by a fine of not less than one hundred fifty dollars ($150) nor

more than five hundred dollars ($500) or by imprisonment in the county jail for not less than 48 hours nor more than six months or by both such fine and imprisonment.

(d) Any person convicted under this section shall be punished upon a second or any subsequent conviction, within five years of a prior conviction, by imprisonment in the county jail for not less than 48 hours nor more than one year and by a fine of not less than two hundred fifty dollars ($250) nor more than one thousand dollars ($1,000). When such a prior conviction is stricken by the court for purposes of sentencing, the court shall specify the reason or reasons for such striking order.

On appeal by the people from such an order striking such a prior conviction it shall be conclusively presumed that such order was made only for the reasons specified in such order and such order shall be reversed if there is no substantial basis in the record for any of such reasons.

(h) The court may order that any person convicted under this section who is punished by imprisonment in jail, be imprisoned on days other than days of regular employment of the person, as determined by the court.

SEC. 2. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be any appropriation made by this act because the Legislature recognizes that during any legislative session a

variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local governmental entities which, in the aggregate, do not result in significant, identifiable cost changes.

[Approved by Governor August 26, 1975 Filed with Secretary of State August 27, 1975]

The people of the State of California do enact as follows:

SECTION 1. Section 6464 of the Education Code is amended to read:

6464. The Legislature finds and declares that:

(a) A significant number of children under the age of 18 of migratory agricultural workers and migratory fishermen reside in California for at least a part of each year. These children, from among the least affluent segments of American society, tend to move frequently, attend school irregularly, and suffer health defects and language handicaps which significantly inhibit their progress in school. This results in many becoming early school dropouts, poorly prepared for personal growth and fulfillment or economic success or upward social mobility.

(b) The problems of children of migratory agricultural parents and of migratory fisherman parents are of such magnitude and severity that local school districts have been unable to solve them with the resources normally available. It is, therefore, necessary for the state to aid local school districts through regional coordinating offices, and the provision of special programs of educational and related services for these children.

SEC. 2. Section 6464.2 of the Education Code is amended to read:

6464.2. As used in this article, "migrant child," means a child who has moved with a parent, guardian, or other person having custody from one school district to another either within California, or between California and another state within the 12-month period immediately preceding his identification as such a child, in order that a parent, guardian, or other member of his immediate family might secure temporary or seasonal employment in an agricultural activity, including the production, or processing, or both, of agricultural

products, or in fishing or the preparation and processing of other seafood products.

SEC. 2.5. Section 6464.21 is added to the Education Code, to read:

6464.21. With the concurrence of his parents, a child who has been identified as a "migrant child" may be deemed to continue to be such a child for a period, not in excess of five years, during which he resides in an area where programs are provided for migrant children. Priority shall be given, however, to programs and activities for migrant children, and in no case shall migrant programs be provided solely for children who have ceased to migrate.

SEC. 3. Section 6464.3 of the Education Code is amended to read:

6464.3. The State Board of Education shall adopt and submit to the Legislature by April 1, 1974, a state master plan for services to migrant children. Such plan shall include provisions for the following:

(a) Instructional activities on a regular and extended year basis shall be designed to identify, diagnose, and provide treatment for academic deficiencies of migrant children. Special emphasis will be given to oral and written communications, reading and mathematics. Small group or individual instruction and tutorial services will be provided to assist migrant children to attain normal progress rates in all subject areas. All instructional services will be provided as supplements to regular programs of instruction provided by the public schools for all children.

(b) Health and welfare services shall be designed to identify, diagnose, and provide treatment for conditions of a physical, including dental, emotional, or environmental, nature which interfere with the learning processes of migrant children. Insofar as possible, existing community resources will be utilized to provide these services.

(c) Preservice and in-service education of professional and nonprofessional personnel shall be planned to prepare school administrators, teachers, aides and other personnel to meet the special needs of migrant children.

(d) Supportive services including transportation, family liaison, and other services necessary to the success of the programs.

(e) Child development activities including, but not limited to social, sensorimotor, conceptual and language development, and perceptual discrimination activities for migrant infants and pre-kindergarten-aged children too young to participate in instructional services normally provided by the public schools.

(f) The active involvement of parents, teachers, and community representatives in the local implementation of migrant education programs.

SEC. 4. Section 6464.4 of the Education Code is amended to read:

6464.4. Services to all migrant children, as defined by Section

6464.2, will be provided by the 1976–1977 school year.

(a) Services provided by the state plan will not reduce or replace services provided by local school districts or other governmental or private agencies.

(b) Services shall be coordinated with all existing federal, state, and local resources available to migrant families.

SEC. 5. Section 6464.5 of the Education Code is amended to read:

6464.5. In implementing the plan adopted by the State Board of Education, the Superintendent of Public Instruction is authorized to:

(a) Contract with county superintendents of schools or local educational agencies to supply services to migrant children residing within specified geographical regions.

(b) Enter into agreements or otherwise cooperate with other states or agencies of the state or the federal government in providing or coordinating services to migrant children including participation in or utilization of the Migrant Student Record Transfer System.

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that a delay in the funding and payment by the Department of Health, Education, and Welfare results in a financial crisis for many school districts in the state which prepare their fiscal year budgets in contemplation of the timely receipt of federal impact funds under Public Law 81-874 of the Congress of the United States. The Legislature, by this act, intends to provide a procedure whereby these affected school districts can borrow funds from the county treasurer to meet their current financial obligations prior to the actual receipt of Public Law 81-874 funds.

SEC. 2. Section 25209.1 is added to the Government Code, to read:

25209 1. (a) During any fiscal year, the board of supervisors of any county or city and county may upon the recommendation of the county auditor authorize the treasurer of the county or city and

county to make a temporary transfer from the funds in his custody to any school district in the county or city and county. Such temporary transfer shall be made only in the event that the funds transferred are not immediately needed to pay claims against such funds of the county treasury, and the temporary transfer of funds made to eligible school districts shall not exceed an amount computed to be equal to 50 percent of the school district's entitlement for payment of Public Law 81-874 funds for the immediately preceding fiscal year.

(b) School districts may repay such temporary transfer of funds without any interest to the county or city and county on or before June 1 of the fiscal year in which the funds were transferred. Upon receipt of Public Law 81-874 funds next following the aforesaid transfer, the school district shall immediately apply all of such funds to the repayment of the funds transferred pursuant to subdivision (a).

If such temporary transfer of funds is not repaid by June 1 of the fiscal year in which the temporary transfer occurred, the county auditor shall withhold from the next principal apportionment of taxes an amount equal to the temporary transfer of funds and charges, less any repayments made by the school district.

SECTION 1. Section 13111.3 of the Health and Safety Code is amended to read:

Further, the deadline for installation of such automatic sprinkler systems and detectors is July 1, 1976. In view of the delay required for planning, processing applications, granting of loans, and installation, it is therefore necessary that this act take immediate effect.

(c) Said lands shall be improved without expense to the state; provided, however, that nothing contained in this act shall preclude expenditures for the development of said lands for any public purpose not inconsistent with commerce, navigation and fishery, by the state, or any board, agency or commission thereof, nor by the county of any funds received for such purpose from the state or any board, agency or commission thereof.

(d) In the management, conduct, operation and control of said lands or any improvements, betterments, or structures thereon, the county or its successors shall make no discrimination in rates, tolls or charges for any use or service in connection therewith.

(e) The State of California shall have the right to use without charge any transportation, landing or storage improvements, betterments or structures constructed upon said lands for any vessel or other watercraft or railroad owned or operated by the State of California.

(f) There is hereby reserved to the people of the State of California the right to fish in the waters on said lands with the right of convenient access to said water over said lands for said purpose, which rights shall be subject to such rules and regulations as are necessary for the accomplishment of the uses specified in subdivision (a) of this section.

(g) There is hereby excepted and reserved in the State of California all deposits of minerals, including oil and gas, in said lands, and to the State of California, the right to prospect for, mine, and remove such deposits from said lands; provided, however, that such prospecting, mining, and removal shall not unreasonably interfere with the use of the lands granted herein for the purposes set forth in paragraph (3) of subdivision (a) of Section 1.

(h) Within 90 days of the effective date of the amendment of this section at the 1975–76 Regular Session of the Legislature, the county shall grant to the State of California, acting by and through the State Lands Commission, such portions of said lands as are located within the parcel of property described in subdivision (a) of Section 2, for the establishment, and improvement and conduct of an ecological reserve, or wildlife refuge, or both, and other compatible uses by the Department of Fish and Game; provided, however, that if at any time the Department of Fish and Game no longer uses such portions of the lands so granted by the county to the State Lands Commission for such a purpose the lands so granted shall revert to the county to be held pursuant to the provisions of this grant. Forthwith upon receipt of such a grant from the county to the State Lands Commission, the State Lands Commission shall lease the lands so granted to the Department of Fish and Game. The public benefit shall be the sole consideration to be received by the State Lands Commission from the Department of Fish and Game for said lease. Any and all income received by the Department of Fish and Game from the lands so leased shall be used only in connection with the

department's improvement and administration of the leased lands. For purposes of this subdivision, the term ecological reserve means the definition given to the term in Sections 1580 to 1584, inclusive, of the Fish and Game Code.

(i) The county may grant to the City of Newport Beach, a municipal corporation, that portion of said lands which are described in subdivision (b) of Section 2 (presently known as North Star Beach) for the establishment, and improvement and conduct of a public beach and related public facilities; provided, however, that if at any time the City of Newport Beach no longer uses said portion of said lands so granted by the county to the city of Newport Beach for such a purpose the lands so granted shall revert to the county to be held pursuant to the provisions of this grant. The use of any lands conveyed by the county pursuant to the provisions of this subdivision shall be compatible and not unreasonably interfere with any use of adjacent lands in accordance with paragraph (3) of subdivision (a) and subdivision (h) of this section.

(j) The provisions of Section 6359 of the Public Resources Code shall not be applicable to this amendment of the grant to the county.

(k) The county shall establish a separate tidelands trust fund or funds in such manner as may be approved by the State Lands Commission and the county shall deposit in the fund or funds all moneys received directly from, or indirectly attributable to, the granted tidelands in the county.

(*l*) Notwithstanding any other provision of law to the contrary, the county, acting either alone or jointly with another local or state agency, may use revenues accruing from or out of the use of the granted tidelands for any or all of the purposes set forth in this act.

(m) Such revenues may be deposited in one or more reserve funds for use in accordance with the terms and conditions set forth in this act.

(n) As to the accumulation and expenditure of revenues for any single capital improvement on the granted lands involving an amount in excess of two hundred fifty thousand dollars ($250,000) in the aggregate, the county shall file with the State Lands Commission a detailed description of such capital improvement not less than 90 days prior to the time of any disbursement therefor or in connection therewith, excepting preliminary planning. The State Lands Commission may, within 90 days after the time of such filing, determine and notify the county that such capital improvement is not in the statewide interest and benefit or is not authorized by the provisions of subdivision (*l*) of this section. The State Lands Commission may request the opinion of the Attorney General on the matter, and if it does so, a copy of such opinion shall be delivered to the county with the notice of its determination. In the event the State Lands Commission notifies the county that such capital improvement is not authorized, the county shall not disburse any revenue for or in connection with such capital improvement, unless and until it is determined to be authorized by a final order or

judgment of a court of competent jurisdiction. The county is authorized to bring suit against the state for the purpose of securing such an order or adjudication, which suit shall have priority over all other civil matters. Service shall be made upon the Executive Officer of the State Lands Commission and the Attorney General, and the Attorney General shall defend the state in such suit. If judgment be given against the state in such suit, no costs shall be recovered against it.

(o) At the end of every third fiscal year, beginning June 30, 1977, that portion of the county tideland trust revenues in excess of two hundred fifty thousand dollars ($250,000) remaining after current and accrued operating costs and expenditures directly related to the operation or maintenance of tideland trust activities have been made, shall be deemed excess revenues; provided that any funds deposited in a reserve fund for future capital expenditures or any funds used to retire bond issues for the improvement or operation of the granted lands shall not be deemed excess revenue. Capital improvements of the granted lands for purposes authorized by this act, including such improvements which may be paid for by the county from such revenues within the lands to be conveyed to the state pursuant to this act, may be considered as expenditures for the purposes of determining net revenues, provided, however, that if made after the effective date of this act they may be so considered only if made in accordance with subdivision (n) of this section.

The excess revenue, as determined pursuant to subdivision (n) of this section, shall be divided as follows: 85 percent to the General Fund in the State Treasury, and 15 percent to the county to be deposited in the trust fund and used for any purpose authorized by subdivision (*l*) of this section.

(p) The State Lands Commission, at the request of the county, shall grant an extension of time, not to exceed 30 calendar days, for filing any report or statement required by this act which was not filed due to mistake or inadvertence.

(q) In the event that the county fails or refuses to file with the State Lands Commission any report, statement, or document required by any provision of this act, or any extension period granted pursuant to this act, or fails or refuses to carry out the terms of this act, the Attorney General shall, upon the request of the State Lands Commission, bring such judicial proceedings for correction and enforcement as are appropriate, and shall act to protect any improvements to, or assets situated upon, the granted lands or diverted therefrom. The State Lands Commission shall notify the Chief Clerk of the Assembly and the Secretary of the Senate within 30 days of the occurrence of such failure or refusal and of actions taken as a result thereof.

(r) The State Lands Commission shall, from time to time, recommend to the Legislature such amendments as it may deem necessary in the terms and conditions of this act.

(s) The State Lands Commission shall, from time to time, institute

a formal inquiry to determine that the terms and conditions of this act, and amendments thereto, have been complied with in good faith.

(t) The State Lands Commission shall, on or before December 31st of each year, report to the Chief Clerk of the Assembly and to the Secretary of the Senate, the full details of any transaction or condition reported to the commission pursuant to this act which it deems in probable conflict with the requirements of this act, or with any other provision of law.

(u) The Attorney General, on request by resolution of either house of the Legislature, or upon formal request of the State Lands Commission made only after a noticed public hearing at which the grantee has been given an opportunity to fully express any disagreement with the commission's findings or to describe any extenuating circumstances causing the violation, shall bring an action in the Superior Court in the County of Orange to declare that the grant under which the county holds such tidelands and submerged lands is revoked for gross and willful violation of the provisions of this act or other legislative enactment, or to compel compliance with the terms and conditions of the grant and any other provision of law including, but not limited to, this act.

(v) The county shall cause to be made and filed with the State Lands Division, annually, a detailed statement of receipts and expenditures by it of all rents, revenues, issues and profits in any manner hereafter arising from the granted lands or any improvements, betterments or structures thereon. The Department of Fish and Game and City of Newport Beach, in lieu of the county, shall establish such funds, make such deposits, and make such statements as to any lands conveyed to said department and city pursuant to subdivisions (h) and (i) of this section.

(w) The provisions of Public Resources Code Sections 6701 to 6706, inclusive, shall be applicable to this section.

14284.2. If a member cancels the election made in Section 14284, that cancellation must be effective prior to the day preceding the effective date of retirement. For purposes of textbook purchases by governing boards pursuant to subdivision (b) of Section 9464 and Section 9601, the provisions of this subdivision shall apply to every publisher or manufacturer except one whose total orders for textbooks from all governing boards in California under any section of this division are or will be, for the particular school year, less than 1,000 copies of any single title or less than 10,000 copies of multiple titles.

SEC. 4. Section 9263 of the Education Code is amended to read:

9263. Any governing board shall order any publisher or manufacturer who violates any provision of this division to cease to offer or sell any instructional materials to that governing board. If such an order is made, it shall be unlawful for such publisher or

(b) All district orders for instructional materials not adopted by the state shall be placed directly with the publisher or manufacturer at any of its offices in the State of California or at any publishers' or manufacturers' depository in the State of California, except that all district orders for instructional materials other than textbooks, and other than instructional materials systems and instructional materials sets which include textbooks, may be placed directly with the publisher or manufacturer. An act to add Section 2006 5 to the Streets and Highways Code, relating to county highways.

[Approved by Governor August 28, 1975 Filed with Secretary of State August 29, 1975]

The people of the State of California do enact as follows·

SECTION 1. Section 2006.5 is added to the Streets and Highways Code, to read:

Any civil engineering functions which are required to be performed by the road commissioner shall be performed by a registered civil engineer acting under the authority of the director of such agency.

The Legislature hereby finds and declares that this section, applicable only to Orange County, is necessary because of the unique and special problems of county road management in Orange County due to the extent of municipal incorporation found in the county.

CHAPTER 427

An act to amend Sections 14804.2 and 14910 of the Financial Code, relating to credit unions.

[Approved by Governor August 28, 1975 Filed with Secretary of State August 29, 1975]

The people of the State of California do enact as follows:

SECTION 1 Section 14804.2 of the Financial Code is amended to read:

14804.2. CHAPTER 428

An act to add Chapter 3 (commencing with Section 24380) to Division 20 of the Health and Safety Code, relating to containers.

[Approved by Governor August 28, 1975 Filed with Secretary of State August 29, 1975]

The people of the State of California do enact as follows:

SECTION 1. Chapter 3 (commencing with Section 24380) is added to Division 20 of the Health and Safety Code, to read:

CHAPTER 3. BEVERAGE CONTAINERS

24380. As used in this chapter, unless the context requires otherwise:

(a) "Beverage" means beer or other malt beverages and mineral waters, soda water and similar carbonated soft drinks in liquid form and intended for human consumption.

(b) "Beverage container" means the individual, separate, sealed glass, metal or plastic bottle, can, jar or carton containing a beverage.

(c) "Flip-top container" means a metal beverage container so designed and constructed that a part of the container is severable in opening the containers.

(d) "In this state" means within the exterior limits of the State of California and includes all territory within these limits owned by or ceded to the United States of America.

(e) "Non-flip-top container" means a metal beverage container so designed and constructed that no part of the container is severable in opening the container.

24381. On and after January 1, 1979, no person shall sell or offer for sale in this state any metal beverage container so designed and constructed that a part of the container is severable in opening the container. Nothing in this section shall prohibit the sale in California of such containers for shipment out of state.

Any person who violates the provisions of this section is guilty of an infraction.

24382. The Secretary of the Resources Agency may extend permission to a manufacturer to sell flip-top containers for one or more periods of time for a total period not to exceed one year after January 1, 1979. The subsequent resale of these flip-top containers by other persons at wholesale or retail, empty or filled with beverages at any time subsequent to January 1, 1979, shall not be a violation of Section 24381.

In order to be eligible for such an extension of permission to sell flip-top containers after January 1, 1979, a manufacturer shall file a request for extension by July 1, 1978, with the Secretary of the Resources Agency and shall accompany such request with a report

which will indicate:

(a) The percentage of the total production of metal beverage containers made by the manufacturer in the calendar years of 1976 and 1977, and to May 31, 1978, which were non-flip-top containers manufactured for use within this state.

(b) The percentage of production of metal beverage containers the manufacturer shifted from flip-top containers to non-flip-top containers in the calendar years 1976 and 1977, and to May 31, 1978, for use within this state.

(c) The projected date when all production of metal beverage containers manufactured for use in this state will be non-flip-top containers.

(d) A general statement of the procedures the manufacturer is employing to effect the changeover to production of only non-flip-top containers for use within this state, and specific economic information regarding the manufacturer's planned investment in conversion to new equipment and techniques to effect the changeover to production of only non-flip-top containers for use within this state

The secretary shall make public disclosure of all such reports received.

24383. The Secretary of the Resources Agency shall conduct hearings upon the requests for extension prior to making decisions, at which members of the public and manufacturers may be heard, and shall receive evidence and make findings of fact. The secretary shall cause public notification of the time and place of such hearings 30 days prior to each hearing.

In order to grant such an extension of permission to sell flip-top containers after January 1, 1979, the Secretary of the Resources Agency must make a determination that the manufacturer requesting the extension has made good faith efforts to comply with the act, but is unable to meet the time requirement for conversion, and that the manufacturer will suffer severe economic hardship as a direct result of the requirements of conversion.

If an extension is granted, the Secretary of the Resources Agency may require reports as often as he deems necessary, indicating the progress of the manufacturer toward compliance.

24384. There shall be no administrative appeal of the secretary's decision regarding a request for an extension. Judicial review of the decision of the Secretary of the Resources Agency on any request for an extension may be made by the manufacturer. In addition, any member of the public, without damages, at his own expense, has standing to bring an action for the purpose of inquiring into the validity of a decision of the secretary on the grounds of the abuse of discretion where the findings are unsupported by the evidence. This section shall not be construed to prohibit the use of any other remedy available under any other provision of law.

SEC. 2. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that

section nor shall there be any appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local government entities and school districts which, in the aggregate, do not result in significant identifiable cost changes.

CHAPTER 429

An act to repeal Chapter 3 (commencing with Section 16900) of Part 2 of Division 7 of the Business and Professions Code, relating to resale price maintenance.

[Approved by Governor August 28, 1975 Filed with Secretary of State August 29, 1975]

(c) Demotion under the provisions of Section 19535 of the Government Code.

It is recognized that the practice of denying employment opportunity and discriminating in the terms of employment for such reasons foments domestic strife and unrest, deprives the state of the fullest utilization of its capacities for development and advance, and substantially and adversely affects the interests of employees, employers, and the public in general.

This part shall be deemed an exercise of the police power of the state for the protection of the public welfare, prosperity, health, and peace of the people of the State of California.

Such advisory agencies and conciliation councils shall be composed of representative citizens, serving without pay.

SEC. 2. The Legislature finds and declares that private ambulance service in San Diego County is not generally available to the citizens of portions of the county. To provide adequate ambulance services to these citizens at a cost at least equal to the actual cost involved would be financially prohibitive to such citizens. Thus, the Legislature finds and declares that because of these circumstances particular to San Diego County, a general statute within the meaning of Section 16 of Article IV of the California Constitution cannot be made applicable.

The purpose of this division is to provide for protection, care, and assistance to the people of the state in need thereof, and to promote the welfare and happiness of all of the people of the state by providing appropriate aid and services to all of its needy and distressed. It is the legislative intent that aid shall be administered and services provided promptly and humanely, with due regard for the preservation of family life, and without discrimination on account of race, national origin or ancestry, religion, political affiliation, or sex; and that aid shall be so administered and services so provided as to encourage self-respect, self-reliance, and the desire to be a good citizen, useful to society.

SEC. 2. The Legislature finds and declares that Section 1 of this act is necessary since special facts and circumstances applicable to the County of Mariposa, and not generally applicable, make the

accomplishment of this purpose impossible by any general law. There is a dispute as to the validity of an allocation made to the County of Mariposa pursuant to Sections 21682 and 21684 of the Public Utilities Code for engineering services related to airport purposes based on a good-faith expenditure of these funds. The Legislature further finds and declares that this is the only such expenditure involved, that the purpose of this act is impossible to accomplish by any general law, and that special legislation applicable only to the County of Mariposa is therefore necessary.

The bond shall be payable to the Labor Commissioner and shall be conditioned that the employer shall, for a definite future period, not exceeding six months, pay his employees in accordance with the provisions of this article, and shall be further conditioned upon the payment by the employer of any judgment which may be recovered against such employer pursuant to the provisions of this article.

If within 10 days after demand for such bond, which demand may be made by mail, such employer shall fail to deposit the same, the Labor Commissioner may bring an action in the name and on behalf of the people of the State of California against such employer in a court of competent jurisdiction to compel such employer to furnish such a bond or to cease doing business until he has done so. The employer shall have the burden of proving either that such a bond is unnecessary or that the amount demanded is excessive. If the court finds that there is just cause for requiring the bond, and that same is reasonably necessary or proper to secure prompt payment of the wages of the employees of such employer and his compliance with the provisions of this article, the court may enjoin such employer,

The board at the time may make its appointment or may make a substitute appointment or recommendation without further notification or public hearing.

In the case of the nominees of the classified employees, the board shall appoint the nominee, unless the classified employees voluntarily withdraw the name of the nominee and submit the name of a new nominee. In the latter case, the board shall then appoint the new nominee.

[Approved by Governor August 29, 1975 Filed with Secretary of State August 30, 1975]

The people of the State of California do enact as follows:

SECTION 1. The Legislature hereby finds and declares that the need to develop petroleum on outer continental shelf lands off the coast of California and the need for additional development on state offshore lands has not been demonstrated by reliable and independent data.

SEC. 2. The Legislature further finds and declares that such need is not only unverified but that the uncertainty of the situation is compounded by the following private and public activities including:

(a) A potential net surplus situation in California if outer continental shelf, state offshore, and Alaskan production are not developed in proper sequence

(b) Insufficient preplanning by both government and private industry that may result in exporting domestically produced petroleum because of a lack of transstate shipping facilities to move the entire surplus into interstate commerce.

(c) The lack of evaluation of present sources of imported petroleum and petroleum products relative to security of supply or sensitivity of such supplies to domestic market dynamics in terms of their national financial requirements.

(d) The plans of certain private corporations apparently to continue petroleum and petroleum product importation by construction of major facilities to receive very large crude carriers of a size not required for domestic transshipment.

(e) The lack of analysis of price structures to determine the value, if any, to domestic consumers from development of relatively inexpensive outer continental shelf and California offshore petroleum resources.

(f) The absence of federal guarantees requiring private sector benefits and commensurate consumer use will be confined to achieving national domestic goals by restricting foreign or multinational direct or indirect intervention with potential goals and values not in concert with national policy.

SEC. 3. The Legislature further finds and declares that currently no mandated federal program to eliminate the wasteful, unnecessary, and uneconomic uses of energy has been enacted and that an energy policy must be developed to bring energy supply and demand into an acceptable equilibrium in terms of resource availability as well as environmental, economic, and social costs. The federal government has sponsored but has failed to implement, a variety of studies which have recommended more efficient uses of energy, including, but not limited to:

(a) Standards for new commercial and residential building construction.

(b) Energy budget requirements for certain commercial buildings.

(c) Appliance efficiency standards.

(d) Effective pricing mechanisms to reduce selectivity and specific end uses which result in the wasteful and uneconomic uses of energy.

SEC. 4. The Legislature finds and declares that not only have energy needs and alternatives not been fully explored nor demand constrained by requirements for efficient uses, but that current federal plans fail to ensure a minimum of social, environmental, and aesthetic costs by not:

(a) Directing the application of state drilling and casing regulations to federally permitted outer continental shelf development operations.

(b) Requiring, upon approval, that development leases include joint development and mandatory unitization in order to reduce environmental impact by methods including subsea completion and joint development of pipeline corridors, tank storage facilities, and drilling platforms.

(c) Delaying or modifying the sequence of united lease sales with knowledge of the full nature and extent of the resources to be obtained to ensure full utilization with minimal impact.

(d) Developing contingent plans with respect to local concerns through protection of specific sanctuaries designated by state law and the elimination of certain tracts to minimize aesthetic impacts.

SEC. 5. The Legislature finds and declares that California's coastal zone resources planning and management program, established by the California Coastal Zone Conservation Act of 1972 (commencing with Section 27000), is now nearing completion, and will be affected by any new offshore oil and gas development activities. In order to avoid conflicts, any new offshore oil and gas development activities should be carried out in a manner consistent with such program.

SEC. 6. Chapter 5.5 (commencing with Section 25450) is added to Division 15 of the Public Resources Code, to read:

CHAPTER 5.5. PETROLEUM RESOURCES MANAGEMENT

25450. No person shall construct, expand, place, or locate any oil or gas pipeline or associated facilities for the transportation of oil or gas from an offshore oil or gas extraction operation on or across tidelands or submerged lands within the permit area of the coastal zone as defined in Section 27104, unless such project has been permitted or exempted by a regional coastal zone conservation commission and if appealed, by the California Coastal Zone Conservation Commission previous to the enactment of this statute, until either implementation by the Legislature of the California Coastal Zone Conservation Plan prepared pursuant to Section 27300 or December 31, 1977, whichever occurs first.

25450.5. This chapter shall not apply to the construction, expansion, placement, or location of any oil or gas pipeline or associated facilities on or across tidelands or submerged lands within the state:

(a) If the lease or agreement pursuant to which such pipelines or facilities are to be constructed, expanded, placed, or located was approved by the State Lands Commission on or before January 1, 1975, including any lease or agreement in litigation with the State Lands Commission on or before such date, or

(b) If such pipelines and facilities are to be constructed, placed, or located for the purpose of replacing that certain existing pipeline and associated facility as described in Burmah Oil and Gas Company narrative description of facilities Dos Pueblos Marine Terminal dated September 25, 1974, attached to Application to the County of Santa Barbara, Department of Planning, for Rezoning and Amendment to General Plan, Nos. 74-GP-16 and 74-RZ-28

And in each case such pipelines or facilities have been or may be permitted or exempted by a regional coastal zone conservation commission and if appealed by the California Coastal Zone Conservation Commission, or by the California Coastal Zone Conservation Act of 1972.

25451. Any person who violates any provision of this chapter shall be subject to a civil fine not to exceed one hundred thousand dollars ($100,000)

25452 In addition to any other penalties, any person who

performs any development in violation of this chapter shall be subject to a civil fine not to exceed five thousand dollars ($5,000) per day for each day in which such violation persists.

25453. Any person may maintain an action for the recovery of civil penalties provided in Sections 25451 and 25452.

25454. Any person may maintain an action for declaratory and equitable relief to restrain violation of this chapter. No bond shall be required for an action under this section.

25455. Any person who prevails in a civil action he brought to enjoin a violation of this chapter or to recover civil penalties shall be awarded his costs, including reasonable attorneys fees.

CHAPTER 482

An act to add Chapter 4 (commencing with Section 35175) to Part 4 of Division 13 of the Water Code, relating to Irvine Ranch Water District, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 31, 1975 Filed with Secretary of State August 31, 1975]

The people of the State of California do enact as follows:

SECTION 1. Chapter 4 (commencing with Section 35175) is added to Part 4 of Division 13 of the Water Code, to read:

CHAPTER 4. ALTERNATIVE METHOD OF ELECTIONS AND ISSUANCE OF BONDS FOR THE IRVINE RANCH WATER DISTRICT

35175. The provisions of this article shall apply only to the Irvine Ranch Water District. For purposes of this chapter, "district" means the Irvine Ranch Water District.

35176. Notwithstanding any other provision of law, or the bylaws of the district, as an alternate method of conducting general district elections, district bond elections, improvement district bond elections, or elections for the approval of district or improvement district warrants, the board may provide, pursuant to this chapter, for such elections by resident voting in the district if the board has established divisions, including of one or more inhabited divisions, for the election of directors pursuant to Section 35177.

The bond elections provided for in this chapter shall be conducted under the laws relating to resident voter elections. Any inconsistent provisions in the chapter and in the bylaws of the district shall not be applicable to any such elections.

35177. The board as an alternate procedure may elect, by the adoption of a resolution at least 60 days prior to the date of the next general election, to establish divisions and thereafter to conduct the election of its directors pursuant to this chapter. The establishment of divisions and the conduct of the election of directors of the district shall be pursuant to Section 35178. The board thereafter may review and reestablish such divisions from time to time to meet the requirements of Section 35178. The board shall review, and if appropriate, reestablish such divisions upon request in writing by two directors or upon receipt of a petition signed by a majority of the registered voters residing within any division, or by a majority of the holders of the title to real property in any division. The board, not less than every two years following the original establishment of divisions pursuant to this chapter, shall review, and if appropriate, reestablish such divisions in accordance with the provisions of this chapter.

35178. The board, concurrent with determining to establish divisions and elect its directors pursuant to this chapter, shall divide the district into as many divisions as there are directors of the district in accordance with the following provisions:

(a) The board shall hold a hearing which may be continued from time to time. During the course of such hearing the board shall receive any evidence produced which is relevant to the validity of the establishment of divisions in accordance with this chapter, and any evidence as may be necessary to divide the districts into appropriate divisions. Notice of such hearing shall be given in the manner provided for in Section 6066 of the Government Code.

(b) A division shall be deemed uninhabited and so designated by the board if there are less than 12 persons who were residing in the proposed division and who were registered to vote within the area of the proposed division for 30 days prior to the establishment or reestablishment of divisions by the board. Divisions other than uninhabited divisions shall be deemed inhabited.

(c) Uninhabited divisions, if any, shall be as nearly equal in area as may be practical. Inhabited divisions shall be as nearly equal in population as may be practical. The area included within a division may be either contiguous or noncontiguous.

(d) The proportion of inhabited divisions to uninhabited divisions, if any, shall fairly reflect the pattern of water uses within the district and shall fairly provide representation on the board for the uninhabited and inhabited areas of the district. The ratio of inhabited divisions to the total number of divisions shall be not less than the ratio of the quantity of water delivered for residential and nonagricultural commercial purposes, not including industrial and industrial-commercial purposes, to the total quantity of water delivered regardless of source, including reclaimed water delivered by the district, or the ratio of assessable area devoted to, and developed for, residential and nonagricultural commercial uses, to the total area within the boundaries of the district.

35179. Elections for the office of director of the district, upon the establishment of divisions pursuant to this chapter, shall be accomplished in the following manner:

(a) After the adoption of the resolution ordering establishment of the divisions within the district, one director shall be elected from each division. A director from an inhabited division shall be a resident of the district and a registered voter. A director from an uninhabited division shall be eligible to vote under landowner voting procedures as if the alternate provisions of this chapter had not been implemented. A director need not be a resident or a landowner of the division from which such director is elected unless the district bylaws so provide

(b) Election of a director in an inhabited division shall be by the registered voters residing in the division pursuant to the laws relating to resident voter district elections Election of directors of an uninhabited division, if any, shall be by the holders of title to

property within the uninhabited division pursuant to the laws relating to landowner voting districts.

35180. After or concurrent with the establishment or reestablishment of divisions pursuant to Section 35177, the board of directors shall at least 60 days prior to the next general district election designate as to all divisions of the district the manner by which, each director shall be elected and the general district elections at which each office of director shall first be filled. The determination that a director shall be elected to represent an inhabited or uninhabited division, if any, shall be made by the board. Subsequent to the board determining to establish divisions and conduct elections in the manner provided in Section 35177, the provisions of Article 4 (commencing with Section 36210) of Chapter 3 of Part 6 of Division 13 and any similar provisions of law shall not be applicable to any previously authorized and unissued bonds of the district, nor of any authorized and unissued bonds of any of its improvement districts, and the provisions of Article 2 (commencing with Section 35035) of, and Article 3 (commencing with Section 35040) of, Chapter 1 of Part 4 of Division 13 shall not be applicable to the district. In the event that the registrar of voters has published any notices or candidates have filed for any of such offices, the registrar of voters may republish such notices and provide dates by which candidates may refile for such offices as are established pursuant to this section.

35181. If the divisions are established in the district pursuant to this chapter, the board may, without a vote of the electors, or a hearing, provide for the issuance of, and issue, general obligation bonds of the district or of an improvement district thereof, as follows:

(a) The principal amount of such bonds shall not exceed the then unissued principal amount of bonds of the district, or for such an improvement district, approved at an election held, called, or approved on notice and hearing pursuant to Part 6 (commencing with Section 35900) of Division 13 on or before the effective date of this chapter

(b) Such bonds shall be issued for the purposes set forth in the plan of works, as amended, adopted for the bonds referred to in subdivision (a) of this section.

(c) Bonds authorized by this section shall be issued in accordance with the provisions of this division, except for the requirements of a bond election, or notice and hearing.

(d) Bonds issued pursuant to this section shall be secured by unlimited ad valorem assessments on land in the district or in any improvement district, as the case may be, without regard to any limitations set forth in Chapter 3 (commencing with Section 2201) or Part 4 of Division 1 of the Revenue and Taxation Code.

(e) This section constitutes an alternative procedure for the authorization and issuance of general obligation bonds of the district, or for an improvement district thereof. Whenever bonds are issued pursuant to this section, an equivalent principal amount of the bonds

authorized by an election or notice and hearing, but as yet not issued, shall be canceled.

35182. The decision of the board to conduct its affairs and be governed by this chapter shall require the adoption of a resolution making such decision by a four-fifths vote of the board at a public hearing called for consideration of such decision. Notice of such hearing shall be given pursuant to Section 6066 of the Government Code. The hearing may be conducted concurrently with the hearing provided for in Section 35178. If at the hearing the owners of 20 percent of the assessable land within the district file written protests of the affirmative decision by the board, then such decision shall require an election with an affirmative vote of 51 percent of the landowners within the district who are eligible to vote.

35183. It is hereby declared that pursuant to Section 16 of Article IV of the California Constitution, this act is a local and special statute, since a general statute cannot be made applicable for the following reasons: Because of the absence of a reconciliation between the principals of the one-man, one-vote cases in the United States Supreme Court, and the emerging land use patterns in portions of the State of California, it is necessary to pursue, where appropriate, creative procedures and patterns of government. By this means it will be possible to deal with such situations in a fair and equitable manner. The named district to which this chapter is applicable is such a unique situation for which the Legislature has determined the general election provisions of the California Water District Law would not be applicable. However, the Legislature has determined that the enactment of this act will facilitate maintaining existing agricultural use of property, recognition of the need for integrated regional planning of water, waste water and water reclamation facilities while still preserving the right of individual self-determination In this instance, this necessitates the enactment of this legislation to reconcile such interests at this time. It is further determined that it is impossible to make the act one of general application since the effects of its provisions are novel and difficult to determine at present, and the Legislature is desirous of observing and considering the effect in special limited situations.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The Irvine Ranch District requires the enactment of this provision to insure proportionate representation of resident voters in the urbanizing portion of the district while still providing for representation for the owners of land in areas where there is as yet no urban or residential use of their property. Enactment of this legislation will allow elections scheduled to be held on November 4, 1975, to be held in the manner herein provided. Without it, resident voters of urbanizing areas would not be able to participate proportionately in such elections.

Such notification from the Legislative Counsel shall be published in the journal of the respective houses of the Legislature.

2325.1. In the event that the Controller determines that an error has occurred in establishing a property tax rate levied pursuant to Article 4 (commencing with Section 2260) or Article 5 (commencing with Section 2270), he shall immediately notify the local agency of such error and the local agency shall reduce its property tax rate by an appropriate amount In the event that a local agency fails to make such a reduction in its property tax rate, the Controller shall request the Attorney General to bring an action under Chapter 2 (commencing with Section 1084) of Title 1 of Part 3 of the Code of Civil Procedure to force a reduction in the rate.

[Approved by Governor September 5, 1975. Filed with Secretary of State September 5, 1975.]

The people of the State of California do enact as follows:

SECTION 1. Section 66475.2 is added to the Government Code, to read:

66475.2. There may be imposed by local ordinance a requirement of dedication or irrevocable offer of dedication of land within the subdivision for local transit facilities such as bus turnouts, benches, shelters, landing pads and similar items which directly benefit the residents of a subdivision if (a) the subdivision as shown on the tentative map has the potential for 200 dwelling units or more if developed to the maximum density shown on the adopted general plan or contains 100 acres or more, and (b) the governing body finds that transit services are or will within a reasonable time period be made available to such subdivision. Such irrevocable offers may be terminated as provided in subdivisions (c) and (d) of Section 66477.2.

The provisions of this section do not apply to condominium projects which consist of the subdivision of airspace in an existing apartment building which is more than five years old when no new dwelling units are added.

SEC. 2. Section 66477.2 of the Government Code is amended to read:

66477.2. (a) If at the time the final map is approved, any streets, paths, alleys, right-of-way for local transit facilities such as bus turnouts, benches, shelters, landing pads and similar items, which directly benefit the residents of a subdivision, or storm drainage easements are rejected, the offer of dedication shall remain open and the legislative body may by resolution at any later date, and without further action by the subdivider, rescind its action and accept and open the streets, paths, alleys, right-of-way for local transit facilities such as bus turnouts, benches, shelters, landing pads and similar items, which directly benefit the residents of a subdivision, or storm drainage easements for public use, which acceptance shall be recorded in the office of the county recorder.

(c) Offers of dedication which are covered by subsection (a) may be terminated and abandoned in the same manner as prescribed for the abandonment or vacation of streets by Part 3 (commencing with Section 8300) of Division 9 of, or by Chapter 2 (commencing with Section 940) of Division 2 of, the Streets and Highways Code, whichever is applicable.

SEC 2. Section 13596.4 is added to the Education Code, to read:

13596.4. The procedure set forth in Article 5 (commencing with Section 13701) of this chapter may also be adopted by a majority of the voting electors of the school districts assenting to the plan after it has been placed on the ballot upon the written petition of qualified electors not less in number than 10 percent of the number voting in

the last election for a member of the governing board. CHAPTER 493

[Approved by Governor September 5, 1975 Filed with Secretary of State September 5, 1975]

The people of the State of California do enact as follows:

SECTION 1. Section 65302.5 is added to the Government Code, to read.

65302.5. (a) The purpose of this section is to permit each newly incorporated city which has not adopted a general plan to continue to grant approvals for land use matters and subdivisions and to issue building permits pending adoption of a general plan. The exemptions granted by subdivision (b) of this section from certain requirements of the Government Code extends only to those requirements and are not intended to exempt the city from the requirements for findings other than those for which an exemption is granted.

(b) This section applies to each city incorporated after September 30, 1974.

(1) Notwithstanding any other provision of law, every city incorporated after September 30, 1974, shall adopt a general plan within 30 months following incorporation.

(2) The zoning ordinances of the city shall be consistent with the general plan of the city within three years of incorporation.

(3) The city's planning agency shall make its initial report to the Council on Intergovernmental Relations under Sections 34217 and 65307 within 18 months of incorporation.

(4) During the time periods specified in paragraphs (1) and (2) of this subdivision the city is not subject to the requirement that a general plan be adopted or the time within which it must be adopted or the requirement that the land use be compatible or consistent with the general plan all as required by Government Code Section 65302, 65563, 65567, 65860, 65910, 66473.5 or subdivisions (a) or (b) of

Section 66474, so long as:

(A) The city is proceeding with the preparation of a general plan; and

(B) There is a finding by the city:

(i) That there is reasonable probability that the land use proposed in an application for a subdivision, rezoning, land use permit, variance or building permit will be consistent with the general plan proposal being considered or studied or which will be studied within a reasonable time;

(ii) There is little or no probability of substantial detriment to or interference with the future adopted general plan if the use proposed is ultimately inconsistent with the general plan;

(iii) As to all other matters required to be found by state law or local ordinance before the approval is granted.

(5) The city shall not suffer detriment, disability or penalty if it fails to meet the time limitations on actions as specified in paragraphs (1) to (3), inclusive.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into effect immediately. The facts constituting such necessity are:

The provisions of law prescribing dates certain by which specified actions relating to planning and zoning must be taken by local agencies, provide no exceptions for newly incorporated cities. The date of their incorporation renders such prescribed dates impossible to meet or to meet in an orderly manner consistent with the intent of such laws, thereby subjecting such newly incorporated cities to potential loss of revenues, potential litigation, or other detriments. It is, therefore, necessary that this act take effect immediately.

11802. (a) The department shall prescribe and provide forms to be used for application for licenses to be issued under the terms and provisions of this article and require of such applicants, as a condition precedent to issuance of any such license, such information touching on and concerning the applicant's character, honesty, integrity, and reputation as it may consider it necessary; provided, however, that every application for a vehicle salesman's license shall contain, in addition to such information as the department may require, a statement of the following facts·

The conditions to be attached to the exercise of the privilege shall be such as may, in the judgment of the department, be in the public interest and suitable to the qualifications of the applicant as disclosed by the application and investigation by the department of the information contained therein.

(c) If the department issues or renews a vehicle salesman's license requiring conditions of probation or if the department refuses to issue a vehicle salesman's license, the applicant shall be entitled to demand in writing a hearing before the director or his representative within 60 days after notice of refusal to issue or issuance of the probationary license.

(d) A person whose application for a license has been denied may reapply for such license after a period of not less than one year has elapsed from the date of filing of such denial; provided, however, that if such denial was filed under the authority of subdivision (1) of Section 11806, an earlier reapplication may be made accompanied by evidence satisfactory to the department that such grounds no longer exist.

11814. (a) Every original vehicle salesman's license issued after January 1, 1976, shall expire on the third birthdate of the applicant following the date of the application for the license.

(b) Renewal of any vehicle salesman's license shall be made for a term which shall expire on the third birthdate of the applicant following the expiration of the license renewed.

(c) Renewal of a vehicle salesman's license may be made more than 90 days prior to the expiration date, but an additional fee shall be added if the renewal is not made within 30 days prior to expiration. However, in no event may a vehicle salesman renew his license after the date of expiration.

(d) A salesman shall obtain a duplicate license when the original is either lost or mutilated.

11816. In order to accomplish the conversion of the salesman's license from the term in effect on December 31, 1975, to the term prescribed in Section 11814, the director may either establish an initial renewal period of less than two years or extend the renewal period to more than two years during the conversion period, except that any new or reinstated license issued after January 1, 1976, shall be for the term prescribed in Section 11814.

11818. It shall be unlawful and a cause for disciplinary action for the holder of any license issued under this article to do any of the following:

11824. The suspension, expiration, or cancellation of a vehicle salesman's license provided for in this article shall not prevent the filing of an accusation for the revocation or suspension of the suspended, expired, or canceled license as provided in Section 11808, and the department's decision that such license should be suspended or revoked. Such determination may be considered in granting or refusing to grant any subsequent license authorized by this division to such licensee.

The people of the State of California do enact as follows:

SECTION 1. Section 8352.6 of the Revenue and Taxation Code is amended to read:

8352.6. Subject to the provisions of Sections 8352 and 8352.1, there shall be transferred from money deposited in the Motor Vehicle Fuel Account to the Off-Highway Vehicle Fund created by Section 38225 of the Vehicle Code the following amounts:

(a) Prior to October 1, 1973, the amount of the estimate contained in the report prepared pursuant to this section for the 1972–1973 fiscal year, less the amount of any refunds reimbursed and repaid pursuant to Section 8101, which is attributable to fuel for vehicles identified under Division 16.5 (commencing with Section 38000) of the Vehicle Code.

(b) Prior to October 1, 1974, and prior to the first day of October of each year thereafter, an amount equal to the estimate contained in the most recent report prepared pursuant to this section.

(c) The amounts described in subdivisions (a) and (b) represent the portion of receipts in the Motor Vehicle Fuel Account attributable to taxes imposed upon distributions of motor vehicle fuel used in off-highway operation of vehicles identified under Division 16.5 (commencing with Section 38000) of the Vehicle Code for which

a refund has not been claimed. Payments made pursuant to this section shall be made prior to payments pursuant to Section 8352.2.

(d) On or before August 15, 1973, and every two years thereafter, the Department of Transportation shall prepare, or cause to be prepared, in cooperation with the Department of Parks and Recreation, a report setting forth the current estimate of the amount of money credited to the Motor Vehicle Fuel Account attributable to taxes imposed on distributions of motor vehicle fuel used in the off-highway operation of vehicles identified under Division 16.5 (commencing with Section 38000) of the Vehicle Code for which a refund has not been claimed; and shall submit a copy of such report to the Legislature.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to rectify this error relating to the 1973–74 fiscal year during the 1974–75 fiscal year, it is necessary that this act take effect immediately.

CHAPTER 509

An act to amend Section 4701 of the Civil Code and Section 690.18 of the Code of Civil Procedure, relating to exemptions from execution.

[Approved by Governor September 5, 1975 Filed with Secretary of State September 6, 1975.]

The people of the State of California do enact as follows:

SECTION 1. Section 4701 of the Civil Code is amended to read:

4701. (a) In any proceeding where the court has ordered either or both parents to pay any amount for the support of a minor child, the court may order either parent or both parents to assign to the county clerk, probation officer, or other officer of the court or county officer designated by the court to receive such payment, that portion of salary or wages of either parent due or to be due in the future as

will be sufficient to pay the amount ordered by the court for the support, maintenance and education of the minor child. Such order shall operate as an assignment and shall be binding upon any existing or future employer of the defaulting parent upon whom a copy of such order is served. The Judicial Council shall prescribe forms for such orders. The employer may deduct the sum of one dollar ($1) for each payment made pursuant to such order. Any such order may be modified or revoked at any time by the court. Any such assignment made pursuant to court order shall have priority as against any attachment, execution, or other assignment, unless otherwise ordered by the court. The employer shall cooperate with and provide relevant employment information to the district attorney for the purpose of enforcing the child support obligation.

(b) Notwithstanding the provisions of subdivision (a), in any proceeding where the court has ordered either or both parents to pay any amount for the support of a minor child, upon both a petition by the person to whom support has been ordered to have been paid and a finding by the court that the parent so ordered is in arrears in payment in a sum equal to the amount of two months of such payments within the 24-month period immediately preceding submission of such petition, the court shall order the defaulting parent to assign either to the person to whom support has been ordered to have been paid or to a county officer designated by the court to receive such payment, that portion of the salary or wages of the parent due or to be due in the future as will be sufficient to pay the amount ordered by the court for the support, maintenance, and education of the minor child. Such an order shall operate as an assignment and shall be binding upon any existing or future employer of the defaulting parent upon whom a copy of such order is served. The Judicial Council shall prescribe forms for such orders. The employer may deduct the sum of one dollar ($1) for each payment made pursuant to the order. Any such assignment made pursuant to court order shall have priority as against any attachment, execution, or other assignment, unless otherwise ordered by the court.

The parent to whom support has been ordered to be paid shall notify the court and the employer of the parent ordered to pay support, by any form of mail requiring a return receipt, of any change of address within a reasonable period of time after any such change. In instances in which payments have been ordered to be made to a county officer designated by the court, the parent to whom support has been ordered to be paid shall notify the court and such county officer, by any form of mail requiring a return receipt, of any address change within a reasonable period of time after any such change. If the employer or county officer is unable to deliver payments under the assignment for a period of three months due to the failure of the person to whom support has been ordered to be paid to notify the employer or county officer of a change of address, the employer or county officer shall not make any further payments

under the assignment and shall return all undeliverable payments to the employee.

For purposes of this subdivision, arrearages in payment shall be computed on the basis of the payments owed and unpaid on the date that the defaulting parent has been given notice pursuant to law of the application for the order of assignment, and the fact that the defaulting parent may have subsequently paid such arrearages shall not relieve the court of its duty under this subdivision to order the assignment.

Upon a petition by the defaulting parent, the court shall terminate such order of assignment entered pursuant to this subdivision if (1) there has been 18 continuous and uninterrupted months of full payment under the wage assignment or (2) the employer or county officer has been unable to deliver payments under the assignment for a period of three months due to the failure of the person to whom support has been ordered to be paid to notify the employer or county officer of a change of address.

(c) No employer shall use any assignment authorized by this section as grounds for the dismissal of such employee.

(d) As used in this section "employer" includes the United States government and any public entity as defined in Section 811.2 of the Government Code.

(e) On declaration or affidavit of the parent to whom support has been ordered to be paid to the court that: (1) the parent ordered to make support payments is in default in such payment in the amount specified in subdivision (b), and (2) the whereabouts of such defaulting parent or the identity of his employer are unknown to the parent to whom support has been ordered to be paid, the district attorney shall contact the central registry maintained by the Department of Justice in the manner prescribed in Section 11478.5 of the Welfare and Institutions Code, and upon receiving the requested information, notify the court of the last known address of the absent parent and the name and address of the absent parent's last known employer. The court shall then order the parent obligated to make support payments to show cause why an order for assignment pursuant to subdivision (b) should not issue. The county may charge a reasonable fee not to exceed two dollars and fifty cents ($2.50) for the services of the district attorney under this subdivision.

(f) Nothing in this section shall limit the authority of the district attorney to utilize any and all civil and criminal remedies to enforce child support obligations regardless of whether or not the custodial parent receives welfare moneys.

(g) Notwithstanding any other provision of law, the provisions of this section shall be applicable to all money received by any person as a pension, or as an annuity or retirement or disability or death or other benefit, or as a return of contributions and interest thereon from the United States government, or from the state, or any county, city, or city and county, or other political subdivision of the state, or any public trust, or public corporation, or from the governing body

of any of them, or from any public board or boards, or from any retirement, disability, or annuity system established by any of them pursuant to statute.

(h) Notwithstanding any other provision of law, when a certified copy of any order of assignment is served on any public entity described in subdivision (g), other than the United States government, such entity shall comply with any request for a return of employee contributions by an employee named in such order by delivering such contributions to the clerk of the court from which such order issued, unless the entity has received a certified copy of an order terminating the order of assignment. Upon receipt of moneys pursuant to this section, the clerk of the court, within 10 days, shall send written notice of such fact to the parties, and any agency through whom payments have been ordered under Section 4702. Such moneys shall be subject to any procedure available to enforce an order for child support, but if no enforcement procedure is commenced after 30 days have elapsed from the date the notice of receipt is sent, the clerk shall, upon request, release the moneys to the defaulting parent. A court shall not directly or indirectly condition the issuance, modification, or termination of, or condition the terms or conditions of, any order for the support of a minor child upon the issuance of such a request by such an employee

SEC. 2. Section 690 18 of the Code of Civil Procedure is amended to read:

690.18. (a) Except with regard to court-ordered child or spousal support payments, all money received by any person, a resident of the state, as a pension, or as an annuity or retirement or disability or death or other benefit, or as a return of contributions and interest thereon, from the United States government, or from the state, or any county, city, or city and county, or other political subdivision of the state, or any public trust, or public corporation, or from the governing body of any of them, or from any public board or boards, or from any retirement, disability, or annuity system established by any of them pursuant to statute, whether the same shall be in the actual possession of such pensioner or beneficiary, or deposited by him.

(b) All money held, controlled, or in process of distribution by the state, or a city, city and county, county, or other political subdivision of the state, or any public trust or public corporation, or the governing body of any of them, or by any public board or boards, derived from the contributions by the state or such city, county, city and county, or other political subdivision, or such public trust, public corporation, governing body, or public board or boards, or by any officer or employee thereof, for retirement or pension purposes or the payment of disability, death, or other benefits, or the payment of benefits payable to, or the reimbursement of benefits paid to, employees thereof under the provisions of the Unemployment Insurance Code, and all rights and benefits accrued or accruing to any person under any system established pursuant to statute by the

Such moneys, benefits, and credits shall be exempt without filing a claim of exemption as provided in Section 690.50.

(c) All money held, controlled, or in process of distribution by any private retirement plan, including, but not limited to, union retirement plans, or any profit-sharing plan designed and used for retirement purposes, or the payment of benefits as an annuity, pension, retirement allowance, disability payment or death benefit from such retirement or profit-sharing plans, and all contributions and interest thereon returned to any member of any such retirement or profit-sharing plan, are exempt from execution, attachment, or garnishment in any bankruptcy proceeding The exemption given by this subdivision shall not apply to any moneys held in any retirement program established pursuant to the Federal "Self-Employed Individuals Tax Retirement Act of 1962" (P.L. 87-792; 76 Stat. 809), nor to any moneys received in any manner by persons from any such retirement program so established.

An act to amend Sections 1162 and 1163 of the Education Code, relating to school elections.

[Approved by Governor September 5, 1975 Filed with Secretary of State September 6, 1975]

The people of the State of California do enact as follows:

SECTION 1. Section 1162 of the Education Code is amended to read:

1162. (a) Whenever a vacancy occurs, or whenever a resignation has been filed with the county superintendent of schools containing a deferred effective date, the school district governing board shall, within 30 days of the vacancy or the filing of the deferred resignation, either call an election or make a provisional appointment to fill the vacancy.

(b) When an election is called, it shall be held on the next established election date provided pursuant to Section 2504 of the Elections Code not less than 74 days after the occurrence of the vacancy or after the written resignation is filed with the county superintendent of schools.

(c) If a provisional appointment is made within the 30-day period,

the registered voters of the district may, within 30 days from the date of the appointment, petition for the conduct of a special election to fill the vacancy. A petition shall be deemed to bear a sufficient number of signatures if signed by at least the appropriate percentage of registered voters of the district who voted in the last regular election for governing board members, as follows:

(1) In districts in which less than 75,000 voters voted 5 percent of the number of such voters.

(2) In districts in which 75,000 or more, but less than 200,000, voters voted 3,750 plus 2½ percent of the number, over 75,000, of such voters.

(3) In districts in which 200,000 or more voted 6,875 plus 1 percent of the number, over 200,000, of such voters.

The petition shall be submitted to the county superintendent of schools having jurisdiction who shall have 30 days to verify the signatures. If the petition is determined to be legally sufficient by the county superintendent of schools, the provisional appointment is terminated, and the county superintendent of schools shall call a special election to be conducted no later than the 120th day after the determination.

(d) A provisional appointment made pursuant to subdivision (a) confers no powers or duties of a governing board member upon the appointee during the 30-day period following his appointment and within which a petition calling for a special election may be filed. If a petition is not filed within the 30-day period, the appointee shall thereafter have all the powers and perform all the duties of a governing board member.

(e) A person appointed to fill a vacancy shall hold office only until the next regularly scheduled election for district governing board members, whereupon an election shall be held to fill the vacancy for the remainder of the unexpired term. A person elected at an election to fill the vacancy shall hold office for the remainder of the term in which the vacancy occurs or will occur.

(f) No person appointed as a successor to serve during the remainder of or a portion of a term in which a vacancy occurs shall be designated as an incumbent, a member of the governing board, a school board member, or other designation indicating incumbency, for purposes of the next general election of governing board members.

(g) Whenever a petition calling for a special election is circulated, the petition shall contain the clerk's estimate of the cost of conducting the special election.

(h) Elections held pursuant to subdivisions (b) and (c) shall be conducted in as nearly the same manner as practicable as other governing board member elections.

SEC. 2. Section 1163 of the Education Code is amended to read:

1163. (a) There shall be no special election or appointment to fill a vacancy on a governing board if the vacancy occurs within four months of the end of the term of that position and the incumbent is

not reelected to fill the position

(b) Section 1162 shall not apply to a vacancy on a governing board if the vacancy occurs during the period between four months and 74 days prior to a regularly scheduled governing board election and the position is not scheduled to be filled at such election. In such a case, the position shall be filled at a special election for that position to be consolidated with the regular election. A person elected to fill a position under this subdivision shall take office at the next regularly scheduled meeting of the governing board following the election and shall serve only until the end of the term of the position which he was elected to fill.

(c) If a special election pursuant to Section 1162 could be consolidated with the next regular election for governing board members, and the vacant position is scheduled to be filled at such regular election, there shall be no special election.

CHAPTER 511

An act to amend Section 7159 of the Business and Professions Code, relating to home improvement contracts.

[Approved by Governor September 5, 1975 Filed with Secretary of State September 6, 1975]

The people of the State of California do enact as follows:

SECTION 1. Section 7159 of the Business and Professions Code is amended to read:

7159. This section shall apply only to home improvement contracts, as defined in Section 7151.2, between a contractor, whether a general contractor or a specialty contractor who is licensed or subject to be licensed pursuant to this chapter with regard to such transaction and who contracts with an owner or tenant for work upon a building or structure for proposed repairing, remodeling, altering, converting, or modernizing such building or structure and where the aggregate contract price specified in one or more improvement contracts, including all labor, services, and materials to be furnished by the contractor, exceeds five hundred dollars ($500).

Every home improvement contract and any changes in the contract subject to the provisions of this section shall be evidenced by a writing and shall be signed by all the parties to the contract thereto. The writing shall contain the following:

(a) The name, address, and license number of the contractor, and the name and registration number of any salesman who solicited or negotiated the contract.

(b) The approximate dates when the work will begin and be substantially completed.

(c) A description of the work to be done and description of the materials to be used and the agreed consideration for the work.

(d) A schedule of payments showing the amount of each payment as a sum in dollars and cents

(e) If the payment schedule contained in the contract provides for a downpayment to be paid to the contractor by the owner or the tenant before the commencement of work, such downpayment shall not exceed one hundred dollars ($100) or 1 percent of the contract price, whichever is the greater.

(f) In no event shall the payment schedule provide for the contractor to receive payment in excess of 100 percent of the value of the work performed on the project at any time, except that the contractor may receive an initial downpayment authorized by subdivision (e).

(g) The requirements of subdivisions (d), (e) and (f) pertaining to the payment schedule shall not apply when the contract provides for the contractor to furnish performance and payment bond, lien and completion bond, or a bond equivalent approved by the Registrar of Contractors covering 100 percent of the contract and such bonds are furnished by the contractor, or when the parties agree for full payment to be made upon satisfactory completion of the project.

The writing may also contain other matters agreed to by the parties to the contract.

The writing shall be legible and shall be in such form as to clearly describe any other document which is to be incorporated into the contract, and before any work is done, the owner shall be furnished a copy of the written agreement, signed by the contractor.

The provisions of this section are not exclusive and do not relieve the contractor or any contract subject to it from compliance with all other applicable provisions of law.

A violation of this section by a licensee under this chapter, his agent or salesman is a misdemeanor punishable by a fine of not less than one hundred dollars ($100) nor more than five thousand dollars ($5,000) or by imprisonment in the county jail not exceeding one year, or by both such fine and imprisonment.

CHAPTER 512

An act to amend Sections 13100 and 15203 of, and to repeal Sections 13101 and 13102 of, the Welfare and Institutions Code, relating to public social services, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 5, 1975 Filed with Secretary of State September 6, 1975]

The people of the State of California do enact as follows:

SECTION 1. Section 13100 of the Welfare and Institutions Code is amended to read:

13100. Any applicant shall be entitled to an amount of aid which, when added to the income of the applicant from all other sources, equals the following:

(a) For an applicant or recipient an amount equal to the grant of a blind applicant or recipient under Article 5 (commencing with Section 12200) of Chapter 3 of this part plus cost-of-living adjustments and any other increases or decreases in such grant pursuant to Section 12201 or any other provision of law.

(b) For a married couple both qualifying for aid under this chapter an amount equal to the grant of a married couple both qualifying for aid under Article 5 (commencing with Section 12200) of Chapter 3 of this part as blind plus cost-of-living adjustments and other increases or decreases in such grant pursuant to Section 12201 or any other provision of law.

In any case where it is found that the need of an applicant exceeds the maximum provided by this section, an additional amount of aid shall be paid as provided by Section 13101 of this code.

Annual net income from any of the following sources of a combined total value not exceeding one thousand five hundred dollars ($1,500), increased by one-half of that part of the recipient's annual income which is in excess of one thousand five hundred dollars ($1,500), shall not be considered for any purpose:

(a) Income from applicant's labor or services;

(b) The value of foodstuffs produced by the applicant or his family for his use or that of his family;

(c) The value of firewood or water, or both, produced on the premises of the applicant or given to him by another for the applicant's use;

(d) The value of gifts;

(e) The value of the use and occupancy of premises owned and occupied by the applicant;

(f) The net income from real and personal property owned by the applicant.

Income in addition to the above specified shall be computed on the basis of net income. For the purpose of enabling and encouraging a greater number of recipients of aid under this chapter to become self-supporting, all expenditures incurred by an applicant for or a recipient of aid under this chapter in effecting his plan to become self-supporting, including payments made for the purchase of material for fixtures and equipment needed by him in effecting such plan, shall be deducted from gross income in computing his net income for purposes of this chapter; provided, such payments shall not be more than one hundred dollars ($100) per month.

SEC. 1.5. Section 13101 of the Welfare and Institutions Code is repealed.

SEC 2. Section 13102 of the Welfare and Institutions Code is repealed.

SEC. 3. Section 15203 of the Welfare and Institutions Code is amended to read:

15203. The state shall pay for an amount equal to the amount of any grant made by the county for blind persons who come within the provisions of Chapter 5 (commencing with Section 13000) of this part by any appropriation therefor in the Budget Act.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Recent cost-of-living increases granted to the aged, blind, and disabled recipients pursuant to Section 12201 of the Welfare and Institutions Code have created a significant discrepancy between grant levels under the Burton-Moscone-Bagley Citizens' Income Security Act for Aged, Blind, and Disabled Californians and grant levels under the self-supporting blind program. In order to eliminate such discrepancies at the earliest possible time, it is necessary that this act take effect immediately.

9162. If the formation of the district is not completed within two years from the date of the first submission of the proposal to the board of supervisors, no further action may be taken on the proposal and the proposal shall be deemed invalid; except, that where it reasonably appears to the board that the proposal will be acted upon, the board of supervisors from time to time may either on its own motion or on request of any interested party extend, for periods not

to exceed one year in all, the time within which action may be taken on the proposal.

9163. The board of supervisors shall submit the proposal for the new district to the local agency formation commission of each county in which any part of the district is to be located.

9164. The local agency formation commission shall consider the proposal and shall hold a public hearing with respect thereto if one is requested and if, in the discretion of the chairman or a majority of the members of the local agency formation commission, a hearing would be in the public interest.

9165. In considering such a proposal, the local agency formation commission shall compare the proposed boundaries of the district with those of resource conservation and other districts within the county and shall ascertain the extent to which overlapping or conflicting boundaries may result from the proposal, and may consider any factors that it may regard inimical to the public interest.

9166. Within 30 days after the submission of such proposal, the local agency formation commission shall make its report and recommendation with respect thereto. This report shall be filed with the board of supervisors to which the proposal was submitted and a copy furnished to the proponents of the proposed district.

9167. Within 30 days after receiving the report of the local agency formation commission on such proposal, the board of supervisors shall consider the matter and advise the proponents in writing of any changes in the proposed boundaries believed to be in the public interest. The recommendations of the board of supervisors or its finding that the proposed boundaries are satisfactory shall be accompanied by a copy of the report from the local agency formation commission. A copy of the board's determination shall be sent to the local agency formation commission.

9168. Upon the receipt of the report, the proponents shall consider the recommendations of the local agency formation commission and the board of supervisors and may make any modifications recommended.

9169. If the proponents decline to accept any recommendations for modifications specified by the local agency formation commission and the board of supervisors and file a statement of reasons therefor, the board of supervisors shall, within 10 days, reconsider the boundaries proposed by the proponents and notify the proponents as to whether the boundaries are or are not acceptable to the board of supervisors. A copy of the statement of reasons shall also be sent to the local agency formation commission by the proponents.

9170. If the local agency formation commission and the board of supervisors in their reports find that the proposed boundaries are satisfactory or if the board of supervisors upon reconsideration finds the boundaries acceptable, the proponents may circulate a petition to form a new district. If the proposed boundaries are not acceptable and differences cannot be adjusted, the supervisors may, if a district is deemed in the public interest, set the boundaries and the

proponents may proceed with the petition.

Article 3. Petition

9181. A petition for the organization of a district shall be presented to the board of supervisors of the county in which is situated all or the greatest portion of the land in the proposed district.

9183. The petition shall be signed and valid by either of the following:

(a) Not less than 100 landowners or a majority if there are less than 200 landowners in the proposed area;

(b) If a majority of the total landowners owning a majority of the private lands within the proposed district sign the petition, and if at the hearing as provided in Article 4 (commencing with Section 9211) of this chapter the board of supervisors finds it is in the public interest and welfare to form such a district, it may, by an order entered on its minutes, declare that to be its finding, and may further declare and order that the territory within the boundaries fixed by the board shall be organized as a district and declared duly formed without an election. The order shall name the district and appoint the first board of five directors; said board of directors shall then proceed to organize and shall be governed by all the rest of the provisions of this division.

9184. The petition shall state the approximate number of acres calculated to be in the proposed district and the approximate number of acres for which each signer signs as owner.

9185. The petition may be comprised of sections which shall be identical except as to signatures and acreages. Each paper in the petition which bears signatures shall have attached thereto an affidavit of an owner of land within the proposed district that he saw written the signatures thereon and each was written by the person whose signature it purports to be.

9186. The proxies shall accompany the petition or appropriate section thereof.

9187. If a signer is other than the person to whom the land for which he purports to sign is assessed according to the assessment records of the county in which the land is situated, the petition or appropriate section shall be accompanied by a statement of the signer as to the source of his title.

9188. The petition shall be presented to the clerk of the board of supervisors of the principal county.

9189. The clerk shall submit the petition and any accompanying papers to the assessor for examination. If the proposed district lies in more than one county the clerk shall submit appropriate sections to

the assessors of the several counties, or submit the entire petition to the several assessors successively.

9190. Upon receipt of the petition and any accompanying papers each assessor shall compare the names signed thereto with the names of landowners in the district according to the assessment records and evidence of title available to him.

9191. The assessor shall certify to the clerk of the principal county all of the following:

(a) The total acreage of the proposed district situated in his county.

(b) The total number of persons who are owners of land and acreage owned in the proposed district and in his county according to the assessment records and to evidence of title available to him.

(c) The total number of acres in the proposed district in his county owned by the United States, this state, any public district, or any city or county.

(d) The number of persons the names of whom are signed to the petition who are owners of land in the district and in his county, and, if necessary, the total number of acres of land owned by the persons who have so signed the petition.

9192. Upon the completion of certification by the assessor or assessors the clerk shall present the petition to the board of supervisors of the principal county at its next regular meeting or at any special meeting called prior thereto.

9193. The board shall consider and pass upon the sufficiency of the petition. In considering the sufficiency of the petition the board shall establish the finding of fact that the petition is signed by the required number of landowners, and that the boundary as described in the petition is acceptable to the board of supervisors.

9194. If the boundary as described in the petition does not conform with the recommendations of the board of supervisors, or if the petition is found to be insufficient, the board shall defer action on the petition and request reconsideration of the proposal by the proponents.

9195. If the proponents cannot correct the insufficiencies of the petition or rectify the boundary discrepancies within 60 days the board shall deny the petition.

Article 4. Hearing

9211. If the petition is found to be sufficient, the board shall set a time and place for a public hearing on the petition.

9212. Notice of the time and place of hearing shall be published pursuant to Section 6066 of the Government Code in each of the counties in which some part of the proposed district is situated. The cost of publication of the notice shall be paid by the principal county and is a county charge.

9213. The published notice shall state that the petition has been received and a hearing will be held at the time and place specified

in the notice or at such time and place to which the hearing may be adjourned. The published notice shall set forth the petition in full with accompanying signatures; or it shall describe the petition and the location of the proposed district in general terms and refer to the petition on file with the clerk of the board for further particulars.

9214. Following this hearing the board will make such final adjustments between district boundaries and changes in district names as are considered to be in the public's interest. As to those districts which include areas in adjoining counties, the final determination of boundaries shall be made by the board of the principal county upon agreement with the board of any such other county.

9215. At the hearing the board shall hear and consider all relevant testimony and evidence in support of or in opposition to the petition. The hearing may be adjourned from time to time and from place to place.

9216. If, after hearing, the board finds from all the evidence that the formation of the district would not be in the public interest it shall deny the petition.

9217. If, after hearing, the board finds that the formation of the district would be in furtherance of resource conservation and in the public interest the board shall determine the boundaries of the district and grant the petition.

9218. In fixing the boundaries the board may include all lands not within the boundaries set forth in the petition the inclusion of which has been requested by the owner.

9219. The board shall exclude from the boundaries of the district or from within the district such lands as the owner thereof has requested to be excluded.

9220. In its final determination of the boundaries the board shall not include within the district any land which, in the opinion of the board, will not be benefited by such inclusion.

9221. The determination of the boundaries of a district by the board shall be final.

9222. After the boundaries are established and the petition granted, the board shall make and enter an order to that effect, which shall describe the boundaries and designate a name for the district.

9251. Except as otherwise provided, the general election laws shall apply to elections under this article.

If upon the canvass it appears that a majority of all of the votes cast are in favor of the formation of the district, the board shall, by an order entered in its minutes, declare the territory duly organized as a resource conservation district under the name designated. The formation of the district is complete when the order is entered on the minutes of the board.

9256. If it appears that the majority of all of the votes cast are against the formation of the district the board shall declare the election lost.

9257. If the majority is in favor of the formation of the district the board shall canvass the returns of the election for directors. The board shall determine the persons receiving the highest number of votes to the number required to fill the offices. A tie vote upon which election depends shall be decided by lot. 9260. The directors elected at the election shall be the parties defendant in the contest.

9261. The contest shall be brought in the superior court in the principal county and if more than one contest as to the same election is pending they shall be consolidated and tried together.

9262. The court shall speedily try the contest and determine whether the election was fairly conducted and in substantial compliance with the requirements of this division and shall enter judgment accordingly.

9263. Either party may appeal from such judgment and such appeal shall be given the same preference as other contested election cases in the Supreme Court and in the district court of appeal when transferred thereto.

CHAPTER 4. DISTRICT FINANCE

Article 1. Regular Assessments

9501. The directors shall, on or before January 1 of the calendar year during which an assessment is to be levied for the first time, notify the State Board of Equalization as provided in Revenue and Taxation Code Sections 756 and 759 and, annually on or before August 1st, furnish the county auditor and the board of supervisors an estimate in writing of the amount of money necessary to be raised by assessment for the purposes of the district for the next ensuing

fiscal year.

9502. If the district lies in more than one county the directors shall divide the amount of the estimate in the proportion to the value of the land in the district lying in each county. The value shall be determined from the last assessment rolls of the counties. The directors shall furnish the auditors and boards of supervisors of each of the respective counties a statement of the part of the estimate apportioned to the county.

9503. The total amount of the estimate shall be sufficient to raise the amount of money necessary during the ensuing year to pay the incidental expenses of the district, the costs of the work which the directors may deem advisable to be done during the ensuing year, the estimated costs of repairs to and maintenance of the property and works of the district, and the estimated expenses of any action or proceeding to which the district is or may be a party, including the cost of employing engineers and attorneys.

9504. Assessments levied pursuant to this article shall be known as regular assessments.

9505. The regular assessment in any one year shall not exceed two cents ($0.02) on each one hundred dollars ($100) of assessed valuation of the land, exclusive of improvements, trees, and mineral rights, within the district. The valuation shall be determined according to the last assessment roll, reduced proportionately when mineral rights, standing trees, or timber are involved.

The cost to the assessor, if any, of recomputing assessed valuations in accordance with this section shall be paid by the district requesting an assessment levy pursuant to this article.

9506. The board of supervisors of each county in which there lies any portion of the district shall, annually, at the time of levying county taxes, levy an assessment on the land exclusive of improvements, trees, and mineral rights, within the county and within the district to be known as the "_____ (name of district) Resource Conservation District assessment," sufficient to raise the amount reported to them in the estimate of the directors.

9507. The rate, as determined by the board, shall be such as will produce, after due allowance for delinquency, the amount determined as necessary to be raised by taxation on the secured roll. On or before September 1st of each year the board shall fix the rate, composed of the number of cents or fraction thereof for each one hundred dollars ($100) of assessed valuation of land exclusive of improvements and mineral rights, such as will produce, after due allowance for delinquency, the amount determined as necessary to be raised by taxation on the secured roll.

9508. If the board fails to levy the assessment the auditor of the county shall do so, providing the directors have requested the assessment.

9509. The assessment shall be computed and entered on the assessment roll by the auditor.

9510. The provisions of law relating to the levy and collection of

county taxes and the duties of county officers with respect thereto, insofar as they are applicable and not in conflict with this chapter, are hereby adopted and made part of this chapter. Said officers are liable on their several official bonds for the faithful discharge of their duties under this chapter.

9511. The treasurers of each of the counties, other than the principal county, shall, not less than twice a year or upon order of the directors, settle with the directors and pay to the treasurer of the principal county all money belonging to the district and in their possession.

9512. If during the current fiscal year the directors are not, by reason of the fact that no assessment has been levied, collecting a regular assessment levied during the year immediately preceding, then notwithstanding other provisions of this code, the board of supervisors in each county in which a soil conservation district, or a portion thereof is located may, upon a showing by the directors that funds are needed for the purposes of the district for the current year, appropriate money from the general fund of the county for the use of said district in an amount equal, during any one year, to the amount which said district could have raised by assessment, as limited by this code, in said current year, or so much thereof as may be required. This provision shall not be deemed to prohibit the board of supervisors from appropriating to such districts sums in excess of these amounts.

Article 2. District Fiscal Procedure

9521. The treasury of the principal county is the depository of all of the funds of the district.

9522. The treasurer of the principal county shall receive and receipt for all money of the district and place the same to the credit of the district. He is responsible on his official bond for the safekeeping and disbursement, in the manner provided in this article, of the money of the district held by him.

9523. The treasurer shall pay out money of the district only upon warrants approved by the county auditor, drawn upon order of the board of directors signed by the president and attested by the secretary.

Whenever two or more districts enter into a joint powers agreement, or whenever a district enters into a joint powers agreement with other agencies of the state, the agency or entity administering the agreement shall determine where its funds shall be deposited and how such funds shall be paid out.

9524. The treasurer shall report in writing at each regular meeting of the directors and as often at other times as the directors may request the amount of money on hand, and the receipts and disbursements since his last report. The report shall be verified and filed with the secretary.

9525. The directors or other officers or employees of a district

shall have no power to incur any indebtedness or liability in excess of the amount of money available under the provisions of this division. Any debt or liability incurred in excess of the express provisions of this division is void. Except, however, that nothing in this section shall prevent the directors from borrowing from such federal, state, county, public or private funds which are, or which may in the future become, available to the directors for the furthering of the work of the district in any manner or by the sale of bonds payable solely from any revenue of the district, if the assets acquired by such a loan or bond constitute the entire security for the loan or bond and if no indebtedness or liability is incurred by the directors in excess of the amount of the assets acquired.

9526. The directors at their regular monthly meeting in July of each year shall make and file with the secretary a verified statement of the financial condition of the district showing particularly the receipts and disbursements of the preceding fiscal year together with the source of the receipts and the purposes of the disbursements.

9527. The annual financial statement shall be posted or published as the directors may determine. Such posting or publication shall be commenced within 10 days after the financial statement is filed with the secretary. If it is posted it shall be posted at the place of regular meeting of the directors and copies thereof shall be made available for delivery to any landowner in the district upon his request to the secretary. If the statement is published, it shall be published pursuant to Section 6066 of the Government Code in the principal county and in each other county in which any part of the district lies.

9528. An annual audit of the books, accounts, records, papers, money, and securities shall be made as required by Section 26909 of the Government Code.

9529. CHAPTER 9. FEDERAL AID PROJECTS

9751. In order to carry out the purposes of the Soil Conservation and Domestic Allotment Act enacted by the Congress of the United States, the State Resource Conservation Commission (hereinafter referred to as "commission") is hereby designated as the agency of the State of California to administer any state plan authorized by this chapter which shall be approved by the Secretary of Agriculture of the United States (hereinafter referred to as the "Secretary of Agriculture") for the State of California pursuant to the provisions of the Soil Conservation and Domestic Allotment Act.

9752. The commission is hereby authorized, empowered and directed to formulate and submit to the Secretary of Agriculture, in conformity with the provisions of the Soil Conservation and Domestic Allotment Act, a state plan for each calendar year beginning with the year 1949. It shall be the purpose of each such plan to promote such utilization of land and such farming practices as the commission finds will tend, in conjunction with the operation of such other plans as may be approved for other states by the Secretary of Agriculture, to preserve and improve soil fertility, promote the economic use of land, diminish the exploitation and wasteful and unscientific use of natural soil resources, and reestablish and maintain the ratio between the purchasing power of the net income per person on farms and that of the income per person not on farms as defined in subsection (a) of Section 7 of the Soil Conservation and Domestic Allotment Act. Each such plan shall provide for adjustments in the utilization of land and in farming practices, through agreements with producers or through other voluntary methods, and for benefit payments in connection therewith, and also for such methods of administration not in conflict with any law of this state and such reports as the Secretary of Agriculture finds necessary for the effective administration of the plan and for ascertaining whether the plan is being carried out according to its terms.

9753. Upon the acceptance of each such plan by the Secretary of

Agriculture, the commission is authorized and empowered to accept and receive all grants of money made pursuant to the Soil Conservation and Domestic Allotment Act for the purpose of enabling the state to carry out the provisions of such plan, and all such funds, together with any moneys which may be appropriated by the state for such purpose, shall be available to the commission for expenditures necessary in carrying out the plan, including administrative expenses, expenditures in connection with educational programs in aid of the plan, and benefit payments.

9754. In carrying out the provisions of each such plan, the commission shall have power: to employ such agents or agencies, and to establish such agencies, as it may find to be necessary; to cooperate with local and state agencies and with agencies of other states and of the federal government; to conduct research and educational activities in connection with the formulation and operation of such plan; to enter into agreements with producers, and to provide by other voluntary methods, for adjustments in the utilization of land and in farming practices, and for payments in connection therewith in amounts which the commission determines to be fair and reasonable.

9755. For the purpose of carrying out each such plan according to its terms, the commission is hereby authorized to delegate any of the powers herein conferred to such agents or agencies as may be designated by the commission and approved by the Secretary of Agriculture.

9756. The commission shall render for each year an annual report to the Governor, who shall transmit a copy thereof to each house of the Legislature, covering its administration of such plan and all operations thereunder, including also the expenditure of funds, and each such report shall be printed as a public document promptly upon its transmittal to the Governor.

9757. Nothing herein shall be construed or operate to impose any obligation or liability upon the commission or other than as herein specified.

9815. If any additional real property is included in the proposed improvement district, the hearing shall be continued and the owners of the added real property given personal notice of not less than 20 days of the addition of the land to the improvement district.

9816. The directors may include in the plans and specifications such terms and conditions as to the respective parcels of real property in the improvement district with respect to tolls, charges, assessments, or the conservation or use of soil and water or any other matters as the directors deem necessary or proper.

9817. Regardless of any findings made by the directors if more than one-third in number of the holders of title to the real property within a proposed improvement district object at the hearing to its formation or the levy of the proposed assessment, the directors shall deny the petition, and no further proceeding shall be had on it.

9818. If at the hearing the directors find that it would not be for the best interests of the district and the proposed improvement district to form the improvement district the directors shall order the proceedings dismissed without prejudice to their renewal.

9831 Any assessment levied pursuant to Section 9819 shall include both of the following sums:

(a) An amount equal to interest on any deferred payments at a rate not exceeding 7 percent each year.

(b) An amount equal to 10 percent more than all other sums to be raised by the assessment, in order to provide for anticipated delinquencies.

9832. The assessment may be made payable in not more than 10 annual installments.

9833. The directors, on or before the 15th day of August of each year, shall furnish the auditor and board of supervisors of each county in which any portion of the improvement lies a statement in writing of the amounts of the installments of the improvement district assessment, if any, due for the next ensuing fiscal year in respect of each parcel of real property within the improvement district.

9834. Each annual installment of the improvement district assessments shall be collected by county officers in the same manner and at the same times as county taxes.

9835. The provision of law relating to the collection of county taxes and the duties of county officers with respect thereto, insofar as they are applicable and not in conflict with this chapter, are hereby adopted and made a part of this chapter. Said officers are liable on their several official bonds for the faithful discharge of their duties under this chapter.

9836. The treasurers of each of the counties, other than the principal county, shall, not less than twice a year or upon order of the directors, settle with the directors and pay to the treasurer of the principal county all money belonging to the improvement district and in their possession.

9837. The assessment and each installment of it shall be and remain a lien on the real property in the improvement district in the same manner as and in addition to the annual assessment of the district.

9838. Upon a change or resubdivision of any parcel of real property in an improvement district, the directors upon their own initiative or upon a petition of the owner of the parcel so changed or resubdivided, may reapportion the improvement district assessment upon the parcel, and the order of reapportionment shall be recorded in the same manner as the order levying the original assessment.

9839. If the actual cost of the improvements is substantially less than the estimated cost the assessment may be reduced proportionately on each parcel by recomputing it based on actual costs with the percentage and interest provided for in Section 9831 added thereto. The reapportionment or a statement that the assessment on each parcel has been reduced by a designated percentage shall be recorded in the same manner as the order levying the original assessment.

Installments of assessments levied on district-owned real property becoming due while the real property is still owned by the district shall be paid by the district. Conveyance of such real property into private ownership shall not release the lien thereon of the assessment and the unpaid installments of it.

9840. If the assessments levied upon real property in an improvement district are insufficient to pay the cost of improvements or the warrants issued for the improvements, a

supplemental assessment shall be levied upon all of the real property in the improvement district sufficient to pay the cost or the warrants.

9841. The procedure followed in making the supplemental levy shall be substantially the same as for making the original levy, except that no petition is required.

9842. Whenever it is desired to do additional work or acquire additional property in or for an improvement district, upon the petition of two-thirds in number of the owners of real property in the improvement district, an additional assessment may be levied substantially in the same manner as the original assessment.

Article 3. Inclusion of Land

9851. If at any time it is desired to include additional real property within an improvement district, a petition for inclusion signed by the owners of real property to be included may be filed with the directors.

9852. The inclusion petition shall describe the boundaries of the improvement district as enlarged by the proposed inclusions and give the names and addresses of the owners of the additional real property in substantially the same manner as in the original petition for forming an improvement district.

9853. The same proceedings shall be had on the improvement district inclusion petition as upon the original petition for the formation of an improvement district.

9854. The directors may prescribe any conditions upon the inclusion of the real property that they deem just.

9855. If any conditions not contained in the petition for inclusion are prescribed by the directors the real property shall not be included until two-thirds in number of the petitioners approve the conditions in writing.

Article 4. Improvement District Management

9861. In a district containing an improvement district the directors and all of the officers of the district each respectively has all the rights, powers, and privileges as to the improvement district, its real property, and the proceedings in relation to the improvement district that each respectively has for the district of which the improvement district is a part including the right of the district to acquire, own, and hold property.

9862. The directors may also hold property used or acquired in connection with the improvement in the name of the directors and their successors in office as trustees for the improvement district.

9863. The directors of a district in which an improvement district exists may allow on terms that may be agreed upon any person to carry water through any conduit for the improvement of which the improvement district was formed and may cancel the right in the event that payments are not made in accordance with the agreed terms.

Such facilities use charges shall be in amounts equal to the respective amounts of the assessments theretofore levied against the real property in such improvement district for the purpose of providing such facilities. In establishing such charges the directors shall provide (a) that payment in full of any such assessment shall constitute payment in advance in full of such facilities use charge; (b) that all facilities use charges not so paid in advance in full shall be payable in annual installments, each such annual installment to be equal in amount to (i) the annual installment of the unpaid assessment theretofore levied against the real property in respect of which such charge is payable and due on or before the next succeeding November 20th plus interest thereon at the rate provided in the order levying such assessment plus 10 percent in addition (added for anticipated delinquencies), plus (ii) all delinquent annual installments, if any, of such unpaid assessment together with penalties and interest at said rate on such delinquent installments; and (c) that payment of any annual installment of any such facilities use charge shall constitute payment in full of the annual installment of such unpaid assessment due on or before the next succeeding November 20th and of all delinquent annual installments, if any, of such unpaid assessment.

9869. On behalf of an improvement district the directors may do any or all acts necessary or desirable to carry out the purposes of the improvement district, including, but not limited to any or all of the following:

(a) Acquire without cost to the United States such land, easements, or rights-of-way as will be needed in connection with improvements installed or constructed with the financial assistance of the United States;

(b) Assume such share of the cost of installing or constructing any improvements involving the financial assistance of the United States as are equitable in consideration of the anticipated benefits from such improvements;

(c) Defray the costs of operation and maintenance of such works of improvement in accordance with such terms as may be agreed upon;

(e) Obtain agreements to carry out soil conservation measures and proper farm plans from owners of real property in connection with such a work of improvement.

9870. On behalf of an improvement district, the directors may cooperate and contract with the United States, or with any officer, department, bureau, or agency thereof, to accomplish any of the purposes of the improvement district, or to exercise any of the powers of the directors in relation to such improvement districts.

Article 5. Improvement District Warrants

9881. A district may issue improvement district warrants signed by its president and secretary in face amount not exceeding in the aggregate the cost of the improvements exclusive of interest and amounts paid prior to the issuance of these warrants on the assessment levied to pay for the improvement.

9882. Improvement district warrants shall be made payable in amounts and at the times corresponding substantially to the amounts and times of payment of the installments of the improvement district assessment.

9883. Improvement district warrants shall bear interest at the rate fixed at the time of the levy of the improvement district assessment, and the interest may be made payable semiannually.

9884. Coupons for the interest on these warrants may be attached to them.

9889. Improvement district warrants shall be paid only out of the proceeds of an improvement district assessment levied upon and collected from the real property within the improvement district for improvement purposes.

9890. Improvement district warrants or their proceeds shall be used solely for making the improvements for which the improvement district was formed and the necessary incidental expenses.

Article 6. Advance Payment of Assessments

9901. At any time before improvement district warrants are issued, the amount of any improvement district assessment on any real property, exclusive of interest and the 10 percent added for anticipated delinquencies, may be paid in money to the treasurer of the principal county of the district.

9902. Real property on which the amount of the improvement district assessment has been paid pursuant to Section 9901 shall not be subject to the annual installments of the assessments levied for the purposes of the improvement, but it shall be and remain liable for any assessments levied for operation and for any supplemental or additional improvement district assessments levied.

9903. Any owner of real property of an improvement district who desires at any time to lessen or remove the lien upon his real property of any improvement district assessment may deliver to the treasurer of the principal county for cancellation warrants payable out of the assessment.

9904. The directors may require warrants delivered to lessen or remove an improvement district assessment lien to be substantially of the average maturities of the issue of warrants.

9905. The treasurer of the principal county shall notify the directors of the amount of the principal and interest due and to become due on the warrants delivered for cancellation. The directors shall thereupon cause the proper cancellation and proper record and credit to be made against the improvement district assessment on the real property of the person delivering the warrants.

Article 8. Dissolution of Improvement Districts

9921. At any time prior to the incurring of any indebtedness or upon the full payment of all indebtedness of an improvement district, a petition, signed and acknowledged by not less than the number of owners of real property constituting the improvement district required to sign a petition to form the improvement district, may be filed with the directors requesting that the improvement district be dissolved.

9922. A hearing on dissolution shall be had in the same manner and after the same notice as is required for the formation of an improvement district.

9923. The directors may, after the hearing, order the improvement district dissolved.

(a) The device mechanism accurately measures the quantities being simultaneously withdrawn for dispensing as a combined product from each of the two tanks when the combined product is

01887 288370 594

dispensed and the quantity being dispensed from the gasoline tank alone when gasoline alone is dispensed or the quantity being dispensed from the premixture of gasoline and engine lubricant, engine oil, or motor oil tank alone when the premixture of gasoline and engine lubricant, engine oil, or motor oil alone is dispensed.

(b) The device mechanism accurately and visibly records and displays: (1) the ratio of gasoline to engine lubricant, engine oil, or motor oil, the quantity of each ingredient being dispensed, the price per gallon for the gasoline being dispensed, and the price per quart for any engine lubricant, engine oil, or motor oil being dispensed or (2) the ratio of gasoline to engine lubricant, engine oil, or motor oil and the price per gallon for the product being dispensed.

[Approved by Governor September 5, 1975 Filed with Secretary of State September 6, 1975]

The people of the State of California do enact as follows:

SECTION 1. Section 597g of the Penal Code is amended to read:

597g. Poling a horse is a method of training horses to jump which consists of (1) forcing, persuading, or enticing a horse to jump in such manner that one or more of its legs will come in contact with an obstruction consisting of any kind of wire, or a pole, stick, rope or other object with brads, nails, tacks or other sharp points imbedded therein or attached thereto or (2) raising, throwing or moving a pole, stick, wire, rope or other object, against one or more of the legs of a horse while it is jumping an obstruction so that the horse, in either case, is induced to raise such leg or legs higher in order to clear the obstruction. The poling of any horse is unlawful and any person violating the provisions of this section is guilty of a misdemeanor.

SEC. 1.3. Section 597g of the Penal Code is repealed.

SEC. 1.5. Section 20301 is added to the Criminal Code, to read:

20301. In this chapter, the following terms have the following meanings:

(2) Transporting, housing, maintaining for sale, or impounding any animal without providing proper food, water, shelter, or other care necessary for the well-being of such animal, or abandoning any animal.

(3) Causing or training for the purpose of amusement, exhibition, or personal pleasure any animal to fight a human being, or to fight or worry another animal, whether of the same or of a different species.

(4) Attaching any animal to any device for the purpose of causing it to be pursued by another animal, or pursuing or driving any animal by the use of any vehicle designed or used to propel its occupants across ice or snow.

(5) Training any animal to jump by causing its legs to come in contact with any device designed to inflict pain, including, but not limited to, any kind of wire, or a pole, stick, rope or other object with

brads, nails, tacks or other sharp points imbedded therein or attached thereto.

(6) Using a bristle burr, tack burr, or similar device on any animal for any purpose.

(9) Killing any dog or cat with the sole intent of selling or giving away the pelt of such animal.

(10) Failing to comply with the requirements of Section 532.5 of the Penal Code.

SEC. 1.7. It is the intent of the Legislature, if this bill and Senate Bill No. 565 are both chaptered and become effective January 1, 1976, both bills affect Section 597g of the Penal Code, and enact Section 20301 of, or add Section 20301 to, the Criminal Code, that the changes affecting Section 597g proposed by both bills be given effect and be incorporated in Section 20301 of the Criminal Code in the form set forth in Section 1.5 of this act. Therefore, Sections 1.3 and 1.5 of this act shall become operative only if this bill and Senate Bill No. 565 are both chaptered and become effective January 1, 1976, both affect Section 597g of the Penal Code and enact Section 20301 of, or add Section 20301 to, the Criminal Code, in which case Section 1 of this act and Section 20301 of the Criminal Code as enacted by Section 1 of Senate Bill No. 565 shall not become operative.

SEC. 2. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to this section nor shall there be an appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local governmental entities which in the aggregate, do not result in significant identifiable costs changes.

CHAPTER 564

SECTION 1. Section 31789.2 is added to the Government Code, to read:

31789.2. Upon the death of any person after retirement and while receiving a retirement allowance from this system, or any superseded system, there shall be paid to his estate, or to such beneficiary as he shall nominate by written designation duly executed and filed with the board, the sum of seven hundred fifty dollars ($750).

CHAPTER 565

An act to add Article 7.7 (commencing with Section 19699.90) to Chapter 10 of Division 14 of the Education Code, relating to regional occupational centers and programs, and making an appropriation therefor.

[Approved by Governor September 5, 1975 Filed with Secretary of State September 6, 1975]

The people of the State of California do enact as follows:

SECTION 1. Article 7.7 (commencing with Section 19699.90) is added to Chapter 10 of Division 14 of the Education Code, to read:

Article 7.7. Regional Occupational Center of Kern

19699.90. Not to exceed six million dollars ($6,000,000) of the amount of the proceeds of bonds issued under the State School Building Aid and Earthquake Reconstruction and Replacement Bond Law of 1974 shall be allocated by the State Allocation Board to the Regional Occupational Center of Kern for the construction and equipping of a new regional occupational center to be located in Kern County. Such funds shall be available for allocation to such entity for a period of not more than four years from the effective date of this article and during such period the entity shall apply for such funds as are necessary to accomplish the purposes of this article. Funds shall be expended after such four-year period with respect to allocations made during such four-year period.

Only Sections 19551, 19552, 19553, 19554, and 19555, and Sections 19559, 19562, 19563, 19565, 19618, 19623, 19623.1, 19626, and 19628 of Article 1 (commencing with Section 19551) of this chapter shall be applicable to the administration of this article unless the context of this article as determined by the State Allocation Board requires otherwise.

19699.91 The Legislature finds that the Regional Occupational Center of Kern is comprised of three school districts in Kern County and it provides vocational training in areas of social and economic need. The Legislature further finds that such entity is in need of

school building facilities and the participating school districts have levied the permissive override tax authorized by Education Code Section 7456 to meet the cost of such construction. Inflation dictates that construction must begin at the earliest possible time to minimize the overall cost. The Legislature intends, therefore, in enacting this article to make available the necessary funds for immediate construction of the needed school facilities. The Legislature intends, however, that such funds shall be paid back in full with interest as provided by this article so that the taxpayers of this state shall not be required to pay for the support of such facilities.

19699.92. Any amounts allocated and disbursed to the Regional Occupational Center of Kern pursuant to this article shall be fully repaid with interest by the entity to the state in 20 equal annual payments commencing with the second fiscal year after the date of disbursement to the entity. Interest shall be paid at a rate determined by the State Allocation Board. Amounts allocated pursuant to this article shall be repaid by the entity from the proceeds of the tax levied by the participating school districts pursuant to Section 7456 and such payments shall be transferred by the county auditor of Kern County to the State Treasury for the credit of the State School Building Aid Fund in accordance with established regulations and procedures.

19699.93. If at the time of considering the entity's application the State Allocation Board determines that the revenue to be received from the tax permitted by Section 7456 will be insufficient to pay the principal and interest of the loan in 20 equal annual payments, the board shall approve such application and allocate the funds therefor only upon condition that an election be called by the governing board of the entity and that two-thirds of the qualified electors of the entity voting on a proposition therefor, authorize the governing board to accept, expend and repay as provided in this article such allocation or apportionment. Such election shall be called, held, and conducted in the same manner as are elections to authorize the issuance of school district bonds, except that the ballot shall contain substantially the following words: "Shall the Governing Board of the Regional Occupational Center of Kern, for the purpose of providing permanent facilities for a regional occupational center, be authorized to accept, expend, and repay an apportionment from the State of California under and subject to the provisions of Article 7.7 (commencing with Section 19699.90) of Chapter 10, Division 14 of the Education Code, in an amount not to exceed $_____. Yes ____ No ____"

19699.94. On or before the first day of January of each fiscal year the State Controller shall determined the annual repayment due.

SEC. 2. No appropriation is made by this act nor is any obligation created thereby under Section 2231 of the Revenue and Taxation Code, for the reimbursement of any local agency for any costs that may be incurred by it in carrying on any program or performing any service required or performed by it by this act because the

Legislature hereby finds and declares:

(a) It is the intention of the Legislature to encourage local governmental entities to act to solve local problems and to set their own priorities to meet local needs.

(b) This act is intended to advance funding to a local entity to acquire facilities to carry out the program specified by this act which meets a local need.

(c) By its action on this act the Legislature is mandating the allocation, acceptance, and expenditure of funds in order to accommodate the need of the local entity for facilities in which to conduct a unique program beneficial to persons served by such local entity.

(d) The local entity or entities affected by this act recognize and acknowledge that they shall bear the total cost of carrying out the provisions herein and are already authorized by statute to raise the funds necessary to repay the costs over the period stipulated pursuant to this act.

CHAPTER 566

An act to add Section 73089.1 to the Government Code, relating to traffic trial commissioners.

SECTION 1. Section 73089.1 is added to the Government Code, to read:

73089.1. Any traffic trial commissioner appointed pursuant to Article 10 (commencing with Section 72450) of Chapter 8 of this title to serve in a municipal court district in Alameda County, shall receive a salary equal to 80 percent (80%) of the salary of a judge of the superior court.

SEC. 2. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to this section nor shall there be an appropriation made by this act because this act is in accordance with the request of a local government entity which desires legislative authority to act to carry out the program specified in this act.

(b) The cost or expense thereof shall be apportioned among the county and the city or cities as the legislative bodies thereof determine by agreement.

(c) The authority and responsibility for such acquisition and work shall vest in the county or in the city or cities, or in both, as provided in the agreement apportioning the cost or expense thereof.

(d) This section shall have no application in the County of Los Angeles until such time as the county, or a city or cities therein, plan a system of bicycle routes or paths that includes a minimum of 100 miles of such routes or paths in that region commonly known as the San Fernando Valley. Such plan is not required to be prepared in conformance to, or approved in accordance with, the provisions of Title 7 (commencing with Section 65000) of the Government Code.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Inasmuch as the Los Angeles County general plan, which included plans for bicycle routes that would have made Section 1712 of the Streets and Highways Code applicable in Los Angeles County, was invalidated in Coalition for Los Angeles County Planning in the Public Interest v. Board of Supervisors (Los Angeles Superior Court Civ. No. C-63218); and inasmuch as a system of bicycle routes exists in other plans for the San Fernando Valley, and is ready for construction, it is necessary that this act, which would authorize such construction, take effect immediately.

CHAPTER 573

[Approved by Governor September 6, 1975 Filed with Secretary of State September 6, 1975]

The people of the State of California do enact as follows:

SECTION 1. Section 39126 of the Health and Safety Code is amended to read:

39126. The board may exempt classifications of motor vehicles subject to this article for which certified devices are not available, motor vehicles whose emissions are found by appropriate tests to meet state standards without additional equipment, motor-driven cycles, and implements of husbandry. The charge that can be made for the inspection and certification of such exemption shall not exceed three-tenths (0.3) of one hour multiplied by the hourly labor rate charged by the particular garage or service station. Such charge shall be posted as a fixed fee.

SEC. 2. Section 39177 of the Health and Safety Code is amended to read:

39177. The board may exempt classifications of motor vehicles for which accredited devices were not intended or are not available, motor vehicles whose emissions are found by appropriate tests to meet state standards without additional equipment, motor-driven cycles, and implements of husbandry. The charge that can be made for the inspection and certification of such exemption shall not exceed three-tenths (0.3) of one hour multiplied by the hourly labor rate charged by the particular garage or service station. Such charge shall be posted as a fixed fee.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Numerous motor vehicles which do not require motor vehicle pollution control devices have already been certified as being exempt, and there have been instances where motorists have been charged unreasonable prices for certification of such exemption. To protect consumers from any further unreasonable charges, it is necessary that the act take effect immediately.

CHAPTER 574

(b) Subject to Section 1510, any intangible interest in a business association, as evidenced by the stock records or membership records of the association, escheats to this state if (1) the interest in the association is owned by a person who for more than seven years has neither claimed a dividend or other sum referred to in subdivision (a) nor corresponded in writing with the association or otherwise indicated an interest as evidenced by a memorandum or other record on file with the association, and (2) the association does not know the location of the owner at the end of such seven-year period. 6546.3. Notwithstanding any other provision of law, any local agency entering into one or more leases or rental contracts or agreements with a joint powers entity formed for the purposes specified in Section 6546.2 shall do so only following the effective date of an ordinance adopted by the governing body of the local agency authorizing the local agency to enter into one or more such leases or rental contracts or agreements. personal property of any kind within or without the authority and within and without the state necessary or convenient to the full exercise of its powers; also to acquire, construct or operate, control and use any and all works, facilities and means necessary or convenient to the exercise of its powers, both within and without the authority, and within and without the state, and to do and perform any and all things necessary or convenient to the full exercise of the powers herein granted.

(5) To exercise the power of eminent domain to take any property necessary to the exercise of the powers herein granted.

(6) To construct and maintain works and establish and maintain facilities across or along any public street or highway and in, upon or over any vacant public lands which are now, or may become the property of the State of California; provided, however, that the authority shall promptly restore any such street or highway to its former state of usefulness as nearly as may be, and shall not use the same in such manner as to completely or unnecessarily impair the usefulness thereof. The grant of the right to use such vacant state lands shall be effective upon the filing by such authority with the Division of State Lands of the Department of Finance, of an application showing the boundaries, extent and locations of the lands, rights-of-way, or easements desired for such purposes. If the land, rights-of-way or easement for which application shall be made is for the construction of any aqueduct, ditch, pipeline, conduit, tunnel or other works for the conveyance of water, or for roads, or for poles, or towers and wires for the conveyance of electrical energy or for telephonic or telegraphic communication, no compensation shall be charged the authority therefor, unless, in the opinion of the Chief of such Division of State Lands the construction of such works will render the remainder of the legal subdivision through which such works are to be constructed valueless or unsalable, in which event the authority shall pay for the lands to be taken and for such portion of any legal subdivision which, in the opinion of said Chief of the Division of State Lands, are rendered valueless or unsalable. The authority may be required to pay reasonable inspection fees.

(7) To borrow money and incur indebtedness and to issue bonds or other evidence of such indebtedness; provided, however, that no authority incorporated hereunder shall incur indebtedness which, in the aggregate, shall exceed fifteen (15) percent of the taxable property of the authority as shown by the last equalized assessment roll of the county in which the authority is located.

(8) To levy and collect taxes for the purpose of carrying on the operations and paying the obligations of the authority; provided, however, that such taxes levied under this section exclusive of any tax levied to meet the bonded indebtedness of such authority and the interest thereon and exclusive of any tax levied to meet any obligation to the United States of America or to any board, department or agency thereof, shall not exceed five cents ($0.05) on each such one hundred dollars ($100) of assessed valuation.

(9) To enter into contracts, employ and retain personal services and employ laborers; to create, establish and maintain such offices and positions as shall be necessary and convenient for the transaction of the business of the authority, and to elect, appoint and employ such officers, attorneys, agents and employees therefor as shall be found by the board of directors to be necessary and convenient for the transaction of the business of the authority.

(10) To join with one or more other public corporations for the purpose of carrying out any of its powers, and for that purpose to contract with such other public corporation or corporations for the purpose of financing such acquisitions, constructions and operations. Such contracts may provide for contributions to be made by each party thereto and for the division and apportionment of the expenses of such acquisitions and operations, and the division and apportionment of the benefits, the services and products therefrom.

0129 28 12445 475

The term "public corporation" as used in this subdivision shall be deemed to mean and include the United States or any public agency thereof or this or any other state or any political district, subdivision or public agency thereof.

(11) To acquire water and water rights within or without the state, but not within the county in which the authority is organized and/or located; to develop, store and transport such water; to provide, sell and deliver water at wholesale for municipal, domestic and other beneficial uses and purposes; provided, each public agency, the area of which shall be a part of any authority incorporated hereunder, shall have a preferential right to purchase from the authority for distribution by such public agency, or any public utility therein empowered by said public agency for the purpose, for domestic, municipal and other beneficial uses within such public agency, a portion of the water served by the authority which shall, from time to time, bear the same ratio to all of the water supply of the authority as the total accumulation of amounts paid by such public agency to the authority on tax assessments and otherwise, towards the capital cost of the authority's works as defined from time to time by order of the board of directors shall bear to the total payments received by the authority on account of tax assessments and otherwise, towards such capital cost as defined from time to time by order of the board of directors; also to provide, sell and deliver surplus water of the authority not needed or required for beneficial purposes by the public agencies, the corporate area of which is included in such authority, but giving preference to uses within the authority; provided, that the supplying of such surplus water shall, in every case, be subject to the paramount right of the authority to discontinue the same, in whole or in part, and to take and hold, or to provide, sell and deliver, such water for domestic, municipal or other beneficial uses within the authority upon one year's written notice to the purchaser or user of such surplus water, such notice to be given by the board of directors of the authority whenever it shall be determined and declared by resolution adopted by said board of directors by a two-thirds vote thereof that such water is needed or required by any public agency, the corporate area of which is included within said authority, for domestic, municipal or other beneficial uses therein; to fix the rates therefor, and to acquire, construct, operate and maintain any and all works, facilities, improvements and property necessary or convenient therefor.

(12) To cooperate and contract with United States under the Federal Reclamation Act of June 17, 1902, and all acts amendatory thereof or supplementary thereto, or any other act of Congress heretofore or hereafter enacted authorizing or permitting such cooperation, for the purposes of construction of works, necessary or proper for carrying out the purposes of said authority, or for the acquisition, purchase extension, operation or maintenance of

0129 28 12 465 479

constructed works, or for a water supply, or for the assumption as principal or guarantor of indebtedness to the United States; also to borrow or procure money from the United States, or any agency thereof for the purpose of financing any of the operations of the authority.

(19) To commence, maintain, intervene in, and compromise, in the name of the agency, any action or proceeding involving or affecting the ownership or use of water or water rights within the agency, used or useful for any purpose of the district, or a common benefit to lands within the agency or its inhabitants.

When the agency proposes to exercise the power of eminent domain, under this section, for the condemnation of property outside the boundaries of the agency for the acquisition of rights-of-way in any county in which territory of the agency is located or in any county adjacent to such county, it shall give written notice, at least two weeks prior to condemning the property, to the board of supervisors of the county in which the property is located. Promissory notes issued pursuant to Section 51 may be disregarded in computing the aggregate amount of notes that may be issued pursuant to this subdivision;

12. To cause taxes to be levied, in the manner hereinafter provided, for the purpose of paying any obligation of the agency, including its formation expenses and any warrants issued therefor;

13. To restrict the use of agency water during any emergency caused by drought, or other threatened or existing water shortage,

18. Subject to the limitations in subdivision 9 of this section, to join with one or more public agencies, private corporations or other persons for the purpose of carrying out any of the powers of the agency, and for that purpose to contract with such other public agencies or private corporations or persons for the purpose of financing such acquisitions, constructions and operations. 21. Distribute water to persons in exchange for ceasing or reducing ground water extractions and to fix the terms and conditions of any contract under which producers may agree voluntarily to use replenishment water from a nontributary source in lieu of ground water, and to such end an agency may become a party to such contract and pay from the agency funds such portion of the cost of such replenishment waters as will encourage the purchase and use of such water in lieu of pumping so long as the persons or property within the agency are directly or indirectly benefited by the resulting replenishment.

22. To issue bonds under Section 28 of this act for the purpose of providing money required to be paid by this agency as all or part of the terms and conditions under which the corporate area of the Desert Water Agency may be annexed to and become a part of any metropolitan water district organized under the Metropolitan Water District Act. The amount of said bonds may include expenses of all proceedings for the authorization, issuance and sale of the bonds.

23. To issue revenue bonds for any purpose for which general obligation bonds may be issued, and for any purpose for which such bonds could be issued under the provisions of the Revenue Bond Law of 1941 or any other law which by its terms is applicable to this agency.

24. To use the Improvement Act of 1911, the Municipal Improvement Act of 1913, and the Improvement Bond Act of 1915 for the construction of any facilities authorized to be constructed under the provisions of this act. The powers and duties conferred by such improvement acts on the various boards, officers and agents of cities shall be exercised by the respective boards, officers and agents of the Desert Water Agency. SEC. 7. Section 26 of the Kings River Conservation District Act (Chapter 931 of the Statutes of 1951) is amended to read:

Sec. 26. The district shall have the following powers, including those necessarily implied therefrom:

(1) To have perpetual succession.

(2) To sue and be sued except as otherwise provided herein or by law in all actions and proceedings in all courts and tribunals of competent jurisdiction.

(3) To adopt a seal and alter it at pleasure.

(4) To do any and every lawful act necessary to be done to furnish water and electrical energy in the district for any present or future beneficial use or uses, including, without limiting the generality of the foregoing, irrigation, domestic, fire protection, municipal, power and other beneficial uses.

(5) To take by grant, purchase, gift, devise, lease, either with or without the privilege of purchase, or otherwise, and to hold, use, enjoy, and to lease and dispose of real and personal property of every kind within or without the district necessary to the full exercise of its powers.

(6) To construct, purchase, lease, or otherwise acquire waterworks and other works and machinery, canals, conduits, and reservoirs and to purchase, lease or otherwise acquire water rights, storage rights, storage sites, watersheds, lands, rights and privileges useful or necessary to convey, supply, store or otherwise make use of water for any purposes authorized by this act and to operate and maintain the same for the benefit of the district.

(8) To appropriate, acquire and conserve water and water rights for any useful purpose, and to store and conserve water for future use.

(9) To commence, maintain, intervene in and compromise in the name of the district and to assume the costs of any action or proceeding involving or affecting the ownership or use of water or water rights within the district used or useful for any purpose of the district; to commence, maintain, intervene in, defend and compromise actions and proceedings to prevent interference with or diminution of the natural flow of any stream or natural underground supply of waters used or useful for any purpose of the district or a common benefit to lands within the district or its inhabitants; and to commence, maintain and defend actions and proceedings to prevent any interference with such waters as may endanger the inhabitants or lands of the district or as may impair, damage or threaten the exercise of any right to waters belonging to the district or a common benefit to lands within the district or to its inhabitants.

(10) To sell water or the use thereof for any useful purposes and, when there is a surplus, to sell and otherwise dispose of the same to municipalities, public agencies or to consumers or users, including publicly and privately owned utilities, mutual water companies, corporations and persons without the boundaries of the district.

(11) To sell, dispose of and distribute electric power for any useful purpose, and, when there is a surplus, to sell or otherwise dispose of the same to consumers or users including public and private corporations without the boundaries of the district.

(12) To exercise the right of eminent domain to take any property necessary or convenient for carrying out the purposes of this act except that the district shall not have power to acquire by condemnation any property held or used for the development, storage, or distribution of water for public use.

(13) To borrow money and incur indebtedness and to issue bonds or other evidences of indebtedness; also to refund and retire any indebtedness or lien that may exist against the district or the property thereof.

(14) To make contracts, employ labor and do all acts necessary for the full exercise of the powers of the district. The board may cause construction or other work to be performed or carried out by contract or by the district under its own superintendence.

(16) To cooperate, act in conjunction and contract with the United States, State of California, municipalities, public and private corporations of any kind and persons in the construction of any works for storing, conserving or distributing waters of the district or belonging to any inhabitant or owner of land or water rights therein or for the control of flood and storm waters, the draining or reclaiming of lands, the protection of property, watersheds, watercourses, underground supplies, highways or life or for the

0129 29175 529

purpose of conserving, storing, salvaging, recapturing, distributing, or transporting such waters for beneficial use or uses of the district or of the owners of rights to water therein, and for the use, operation, management and control of such works; to make and perform any agreement with the United States, the State of California, any public or private corporation of any kind and any person, or any of them, for the joint acquisition, disposition or operation of any property or works of a kind which might be acquired, disposed of or operated by the district.

(17) To cooperate and contract with the United States under the Federal Reclamation Act of June, 1902, and all acts amendatory thereof or supplementary thereto or any other act of Congress heretofore enacted authorizing or permitting such cooperation or contract for the purpose of construction of works, whether for irrigation, drainage, flood control or for the development of electric or other power, or for the acquisition, purchase, extension, operation or maintenance of such works, or for a water supply, or for the assumption as principal or guarantor of indebtedness to the United States and to carry out and perform the terms of any contract so made, and for said purposes the district shall have all powers, rights and privileges possessed by irrigation districts and, except as herein otherwise provided, shall exercise such powers, rights and privileges in the same manner and subject to the same restrictions and limitations as irrigation districts, all as provided in Chapter 2 (commencing with Section 23175) of Part 6 of Division 11 of the Water Code, as such provisions now exist; provided, however, that in any such contract made by the district and the United States, the land which may be charged with any taxes or assessments under such contract shall be designated and described, and the contract shall not include any lands which will not be benefited by the works or system contemplated under such contract, nor shall it impair, restrict, or provide for the control of any right in or to water or the use thereof without the consent of the owner of such right. Such contract may exempt from tax or assessment any land benefited by the works or system contemplated by such contract if such land, or any agency on its behalf, has paid to the district or to the United States its proper share of the construction costs of such works or system. Such contract may provide for the release of the land described therein, or any portion thereof, from any tax or assessment upon payment to the district or the United States of its proper share of the construction cost of such works or system. Nothing herein contained shall prevent the district, whether pursuant to any such contract or otherwise, from levying taxes or assessments for the cost of the operation and maintenance of any such works or system, subject, however, to the limitations provided in Section 37 of this act. The proceedings for voting at an election upon a proposal to enter into such contract with the United States shall be had, insofar as applicable, in the manner provided in the case of the issuance of district bonds; provided, however, that in the event the board shall determine that all

liabilities of the district incurred under the provisions of such contract can be repaid and liquidated as to both principal and interest from revenues from the works or system contemplated under such contract and payments made to the district by public or private corporations or persons pursuant to written contracts providing for the payment of whatever amounts may be necessary to amortize the portion of said cost which may under said contracts be underwritten by such corporation or persons, then upon the adoption of such resolution the board shall have power on behalf of the district, without the necessity of an election, to enter into such repayment contracts with the United States, subject to all provisions of this act applicable to such contracts except provisions requiring an election to authorize such contracts; provided further, however, no such contract shall charge any land with any tax or assessment for the payment of the cost of constructing the works or system contemplated in such contract. In the event that the revenues of the district from the works contemplated by any contract approved at an election shall be, or in the judgment of the board are likely to be, inadequate to pay all charges payable to the United States under such contract and all charges for construction, acquisition, operation and maintenance of the works acquired or constructed under such contract, a tax shall be levied for the payment of such charges on the land in the portion of the district designated and described in such contract as the territory to be charged therewith.

(18) To conserve and store water, including storm and floodwaters, by means of any works authorized in this act and by spreading and sinking the same in any underground basin or basins or the gravels and detritus thereof by any means appropriate therefor, which storage and conservation, whether surface or underground, may be made by the district on its own behalf or on behalf of any owner of the right to the water so stored or conserved on such terms and conditions as may be fixed by the board and the owner; and the district or the owner in whose behalf it acted, when waters are so stored and conserved, may recapture and use the same for any beneficial purpose or use or may permit the recapture and use thereof by others under such terms and conditions as may be fixed by the board or by such owner and the board if conserved and stored on behalf of the owner; and the district may contract with others for the use of any property, conduits, canals, ditches, reservoirs or reservoir sites or dams or other facilities for the purpose of conserving, storing, spreading, or sinking, transporting or distributing such waters.

(19) To control flood and storm waters within the district and flood and storm waters of streams or watercourses outside of the district which flow into the district and conserve such waters by storage either surface or underground, to divert and transport such waters for beneficial uses within the district and otherwise to reduce the waste of water and protect life and property from floods within the district.

(20) To drain and reclaim lands within the district either by surface or underground works or both; and to divert, store, conserve, transport and dispose of water resulting from such operations for any beneficial use.

SEC. 8. Section 2 of the Orange County Water District Act (Chapter 924 of the Statutes of 1933) is amended to read:

(g) Distribute water to persons in exchange for ceasing or reducing ground water extractions;

(h) Transport, reclaim, purify, treat, inject, extract, or otherwise manage and control water for the beneficial use of persons or property within the district and to improve and protect the quality of the ground water supplies within the district; and

(i) Fix the terms and conditions of any contract under which owners or operators of water-producing facilities within the district may agree to use water from an alternative nontributary source in lieu of ground water, and to such end the district may become a party to such a contract and may pay from district funds such portion of the cost of water from an alternate source as will encourage the purchase and use of the same in lieu of producing ground water, as long as persons or property within the district are directly or indirectly benefited by the resulting replenishment;

0129 291140 542

(j) Determine in the manner herein provided the amount and percentage of water produced from the ground water supplies within the district to the total amount of water produced within district by all persons and operators, including the total amount of water from supplemental sources; require that persons and operators produce more or less of their total water needs from the ground water within district than the basin production percentage determined by district as provided herein; levy a basin equity assessment on those persons and operators who are required by district to produce, or have in fact produced, more water from the ground water within district; and to compensate other such persons and operators who are directed by district to produce less than the basin production percentage from ground water within district;

7. To provide for the protection and enhancement of the environment within and outside such district in connection with the water activities of such district;

8. To provide, by agreement with other public agencies or private persons or entities or otherwise, for the recreational use of the lands, facilities, and works of such district which shall not interfere, or be inconsistent, with the primary use and purpose of such lands, facilities, and works by such district;

9. To carry out the purposes of this act, to commence, maintain, intervene in, defend and compromise, in the name of said district, or otherwise, and to assume the costs and expenses of any and all actions and proceedings now or hereafter begun to prevent interference with water or water rights used or useful to lands within said district, or diminution of the quantity or pollution or contamination of the water supply of said district, or to prevent unlawful exportation of water from said district, or to prevent any interference with the water or water rights used or useful in said district which may endanger or damage the inhabitants, lands or use of water in said district; provided, however, that said district shall not have power to intervene or take part in, or to pay costs or expenses of actions or controversies between the owners of lands or water rights all of which are entirely within the boundaries of said district and which do not involve pollution or contamination of water within said district or exporting water outside of said district's boundaries or any threat thereof;

10. To exercise the right of eminent domain to take any property necessary to the exercise of any of the powers granted by this act, except that said district shall not have the right of eminent domain as to water, water rights, reservoirs, pipelines, water distributing systems, waterworks, or powerplants, all or any of which are already devoted to beneficial or public use and located within the watershed of the Santa Ana River, and excepting further from the exercise of the right of eminent domain by said district any property maintained and actually used for the scientific propagation and study of plantlife. No language or provision of this act, or of this subdivision, shall be interpreted or construed so as to limit or abridge the right of said

0129 29 1160 546

district, or its board of directors, to exercise its right of eminent domain to condemn property at any place within the Santa Ana River watershed for rights-of-ways upon and across and under which to construct pipelines, conduits, tunnels and/or aqueducts necessary or convenient for any of the purposes of said district provided the property sought to be condemned for said purposes is not already being used by other corporations, municipalities, districts or individuals for similar purposes; providing, however, that neither said district nor its board of directors shall have power to enter in or upon the Mojave River or any of its tributaries or appropriate, take or condemn any of the water or the right to the use of any of the water of said Mojave River or any of its tributaries; nor shall anything in this act be deemed as authorizing or empowering said district or its board of directors to so do;

11. The district shall, in addition to the other powers herein granted by this act, have the following rights and powers: to act jointly with or cooperate with the United States or any agency thereof, the State of California or any agency thereof, any county of the State of California, districts of any kind, public and private corporations, and any person or persons, to carry out the provisions and purposes of this act; in such joint or cooperative activities, said district may act within or outside of its boundaries;

12. To cause assessments and/or charges to be levied as hereinafter provided to accomplish the purposes of this act;

13. To make contracts, to employ labor and to do all acts necessary for the full exercise of the foregoing powers;

14. To carry on technical and other investigations of all kinds, necessary to carry out the provisions of this act, and for this purpose said district shall have the right of access through its authorized representative to all properties within said district.

SEC. 9. Section 15 of the San Gorgonio Pass Water Agency Law (Chapter 1435 of the Statutes of 1961) is amended to read:

Sec. 15. The agency incorporated as herein provided, shall have the power:

1. To have perpetual succession;

2. To sue and be sued, except as otherwise provided herein or by law, in all actions and proceedings in all courts and tribunals of competent jurisdiction;

3. To adopt a seal and alter it at pleasure;

4. To take by grant, purchase, gift, devise, or lease, hold, use, enjoy, and to lease or dispose of real and personal property of every kind, within or without the agency;

5. waterworks system acquired by it as herein authorized.

6. To construct, maintain, improve and operate public recreational facilities appurtenant to any water reservoir operated or contracted to be operated by the agency, and to provide by ordinance regulations binding upon all persons to govern the use of such facilities including regulations imposing reasonable charges for the use thereof. Violation of any such regulation shall be a misdemeanor.

7. To lease of and from any person, firm or public or private corporation, or public agency, with the privilege of purchasing or otherwise, all or any part of water storage, transportation or distribution facilities, existing waterworks or a waterworks system, and to carry on and conduct waterworks or a waterworks system; also to sell water under the control of the agency to cities, and to other public corporations and public agencies within the agency, and to the inhabitants of such cities and of other territory within the agency, and to persons, corporations, and other private agencies within the agency for use within said agency without any preference; also to sell water under the control of the agency to any city, or any company or public agency serving a city, which city is located wholly or partially within the agency, for distribution only within such city; and it may, whenever the board shall find that there is a surplus of water above that which may be required by such consumers within said agency, sell or otherwise dispose of such surplus water to any persons, firms, public or private corporations or public agencies or other consumers;

8. To supply and deliver agency water to publicly owned and operated golf courses and other publicly owned and operated recreational facilities and to public schools, school districts and public school properties, and to fix and establish special rates, terms and conditions for the use and sale of water for each of these purposes; provided, however, that this provision shall not be construed to indicate legislative intent either for or against the existence of any power of the agency to furnish water to other persons, firms or corporations at just and reasonable rates;

9. To exercise the right of eminent domain to take any property necessary to supply the agency or any portion thereof with water. The agency in exercising such power, shall in addition to the damage for the taking, injury, or destruction of property, also pay the cost of removal, reconstruction, or relocation of any structure, railways, mains, pipes, conduits, wires, cables or poles of any public utility which is required to be removed to a new location. In no event shall the agency exercise the power of eminent domain with respect to property situated outside the boundaries of the agency, unless it first obtains the consent of the board of supervisors of the county in which such property is located to such exercise of said power.

10. To issue bonds, borrow money and incur indebtedness as authorized by law or in this act provided; also to refund (by the issuance of the same obligations following the same procedure) or

retire any indebtedness or lien that may exist against the agency or property thereof; also to issue warrants to pay the formation expenses of the agency, which warrants may bear interest at a rate not exceeding 6 percent per annum from the date of issue until funds are available to pay the warrants, and which formation expenses may include fees of attorneys and others employed to conduct the formation proceedings.

11. To issue negotiable promissory notes bearing interest at a rate not exceeding 6 percent per annum; provided, however, that said notes shall be general obligations of the agency payable from revenues and taxes in the same manner as bonds of said agency; and provided further that the maturity shall not be later than five years from the date thereof and that the total aggregate amount of such notes outstanding at any one time shall not exceed the lesser of either one million five hundred thousand dollars ($1,500,000) or 2 percent of the assessed valuation of the taxable property in the agency, or, if said assessed valuation is not obtainable, 2 percent of the county auditor's estimate of the assessed valuation of the taxable property in the agency evidenced by his certificate;

12. To cause taxes to be levied, in the manner hereinafter provided, for the purpose of paying any obligation of the agency, including its formation expenses and any warrants issued therefor;

13. To restrict the use of agency water during any emergency caused by drought, or other threatened or existing water shortage, and to prohibit the wastage of agency water or the use of agency water during such periods, for any purpose other than household uses or such other restricted uses as may be determined to be necessary by the agency; to prohibit the use of such water during such periods for specific uses which the agency may from time to time find to be nonessential;

14. To prescribe and define by ordinance, the restrictions, prohibitions and exclusions referred to in subdivision 13 hereof. Every ordinance relating to the matters referred to in this subdivision shall be in full force and effect forthwith upon adoption, but shall be published pursuant to Section 6061 of the Government Code in full in a newspaper of general circulation, printed, published and circulated in the agency within 10 days after adoption, or if there be no such newspaper it shall be posted within said time in three public places within the agency;

15. To make contracts, to employ labor, and do all acts necessary for the full exercise of the foregoing powers;

16. To provide by ordinance of its board of directors for the pensioning of officers or employees and the creation of a special fund for the purpose of paying such pensions, and the accumulation of contributions to said fund from the revenues of the agency, the wages of officers or employees, voluntary contributions, gifts, donations or any source of revenue not inconsistent with the general powers of the board, and to contract with any insurance corporation or any other insurance carrier for the maintenance of a service

covering the pension of such officers or employees, and to provide in such ordinance for the terms and conditions under which such pensions shall be awarded, and for the time and extent of service of officers or employees before such pensions shall be available to them;

17. To acquire, control, distribute, store, spread, sink, treat, purify, reclaim, recapture, and salvage any water, including sewage and storm waters, for the beneficial use or uses and protection of the agency or its inhabitants or the owners of rights to water therein; provided, however, that all waters of the Whitewater River system are excluded from the provisions hereof, except such waters of said system as may be lawfully acquired by the San Gorgonio Pass Water Agency.

18. Subject to the limitations in subdivision 9 of this section, to join with one or more public agencies, private corporations or other persons for the purpose of carrying out any of the powers of the agency, and for that purpose to contract with such other public agencies or private corporations or persons for the purpose of financing such acquisitions, constructions and operations. Such contracts may provide for contributions to be made by each party thereto and for the division and apportionment of the expenses of such acquisitions and operations, and the division and apportionment of the benefits, the services and products therefrom, and may provide for any agency to effect such acquisitions and to carry on such operations, and shall provide in the powers and methods of procedure for such agency the method by which such agency may contract. Such contracts with other public agencies or private corporations or persons may contain such other and further covenants and agreements as may be necessary or convenient to accomplish the purposes thereof. Particularly, but not exclusively, the agency may contract with the State of California for delivery of water under the State Water Plan. The term "public agency," as used in this subdivision, shall be deemed to mean and include the United States of America or any department or agency thereof, the State of California or any department or agency thereof, a county, city, public corporation, the Metropolitan Water District of Southern California, or other public district of this state. Contracts mentioned herein include those made with the United States, under the Federal Reclamation Act of June 17, 1902, and all acts amendatory thereof or supplementary thereto or any other act of Congress heretofore or hereafter enacted permitting cooperation. Any such contract with the United States of America or any department or agency thereof, or with any private corporation organized under the laws of the United States of America, by which the agency, or an improvement district thereof, incurs an indebtedness or liability exceeding in any year the income and revenue for such year shall not be executed without the assent of

0129 291245 563

two-thirds of the qualified electors of the agency, or an improvement district thereof, voting at a special election to be held for that purpose, such election to be called and held, so far as practicable, in the same manner as bond elections for the agency. The exact form of such contract need not be available at the time of the special election, but the (1) purpose of the contract; (2) maximum amount of the indebtedness created thereby; (3) maximum term of repayment, and (4) maximum interest rate on such indebtedness shall be known and included in the proposition or measure submitted to the qualified electors of the agency, or an improvement district thereof, at such special election.

19. To commence, maintain, intervene in, defend and compromise, in the name of the agency, and to assume the costs and expenses of any and all actions and proceedings which involve or affect the ownership or use of water or water rights, used or useful for any purpose of the agency, or a common benefit to the lands within the agency or inhabitants of the agency, and in any such action or proceeding the agency may act as a representative of any class or classes of users of water within the agency, producers of water within the agency or owners of rights to water used or useful within the agency, or owners of property within the agency.

20. Distribute water to persons in exchange for ceasing or reducing ground water extractions and to fix the terms and conditions of any contract under which producers may agree voluntarily to use replenishment water from a nontributary source in lieu of ground water, and to such end an agency may become a party to such contract and pay from the agency funds such portion of the cost of such replenishment waters as will encourage the purchase and use of such water in lieu of pumping so long as the persons or property within the agency are directly or indirectly benefited by the resulting replenishment.

21. To issue bonds under Section 28 of this act for the purpose of providing money required to be paid by this agency to the State of California or any agency thereof under any contract which shall be made with it, or as all or part of the terms and conditions under which the corporate area of the agency may be annexed to and become a part of any metropolitan water district organized under the Metropolitan Water District Act. The amount of said bonds may include expenses of all proceedings for the authorization, issuance and sale of the bonds.

22. To issue revenue bonds for any purpose for which general obligation bonds may be issued, and for any purpose for which such bonds could be issued under the provisions of the Revenue Bond Law of 1941 or any other law which by its terms is applicable to the agency.

23. To use the Improvement Act of 1911 for the construction of any facilities authorized to be constructed under the provisions of this act. The powers and duties conferred by the Improvement Act of 1911 on the various boards, officers and agents of cities shall be

exercised by the respective boards, officers and agents of the agency. In the application of said Improvement Act of 1911 to proceedings instituted by the agency, the terms used in said Improvement Act of 1911 shall have the following meanings:

Any certificates or documents required to be filed or recorded in the office of the superintendent of streets or street superintendent shall be filed and recorded in the office of the Secretary of the San Gorgonio Pass Water Agency.

24. To disseminate information concerning the activities of the agency; and in instances in which it shall be found by two-thirds vote of the board of directors to be necessary for the protection of agency rights and properties to disseminate information concerning such rights and properties, also concerning matters which in the judgment of the board may adversely affect such rights and properties; provided, that expenditures during any fiscal year for such purposes shall not exceed one cent ($0.01) for each one hundred dollars ($100) of assessed valuation of such agency.

(4) To acquire assets, for the public purpose of water conservation, by transfer without consideration from the United States, the State of California, or any county, district of any kind, or zone or subdivision of such district, or a public corporation of the State of California, having the power to use such assets for purposes of water conservation;

SEC. 25. Section 27 of the San Diego Unified Port District Act (Chapter 67 of the Statutes of 1962, First Extraordinary Session) is amended to read:

In exercising such right, the agency shall, in addition to the damage for the taking, injury, or destruction of property, also pay the cost of removal, reconstruction, or relocation of any structure, railway, mains, pipes, conduits, wires, cables, or poles of any public utility which are required to be removed to a new location.

SEC. 28. Section 2 of the Vallejo Sanitation and Flood Control District Act (Chapter 17 of the Statutes of 1952, First Extraordinary Session) is amended to read:

Sec. 2. Objects and Purposes of Act and Powers of District. The objects and purposes of this act are to provide for the collection and disposal of sewage and industrial waste and for the control and disposition of the storm and flood waters of said district, and to protect the public health and also to protect from damage from such storm and flood waters the waterways, property, public highways and public places in said district. The Legislature hereby declares

that special facts and circumstances peculiar to the area within the district having the boundaries hereinabove defined makes the accomplishment of the objects and purposes of this act impossible under existing general law and special legislation is necessary. The state and the people thereof have a primary and supreme interest in the securing to the inhabitants and property owners within the district hereinabove described adequate facilities for the collection and disposal of sewage and the protection from waters naturally flowing into the district from the surrounding mountainous watershed. Special investigation has shown that the conditions within the district hereinabove described are peculiar to that area and that this act is essential to carry out the objects and purposes herein expressed and for the elimination of duplication of governmental authority and securing greater economy of administration. It is further found and determined that the area within the district herein defined has no facilities for the sanitary treatment and disposal of sewage and is consequently contaminating and polluting the waters of San Francisco Bay. The area within the district is of strategic importance due to the proximity of Mare Island Navy Yard. The influx of Navy personnel and their families and civilian workers at the Mare Island Navy Yard has greatly aggravated the problem of sewage disposal in that area; said problem of sewage disposal is further aggravated by lack of adequate drainage and floodwater control and the infiltration of storm and flood waters into existing sanitary sewers; both the problem of sanitary sewage and drainage and the problem of storm water flood control are so correlated and interrelated that the special problems relating to each can only be solved by uniform administration and a uniform control plan of sewage disposal and flood control works.

The Vallejo Sanitation and Flood Control District is hereby declared to be a body corporate and politic and as such shall have power:

(a) Succession. To have perpetual succession.

(b) Suits. To sue and be sued in the name of said district in all actions and proceedings in all courts and tribunals of competent jurisdiction.

SEC. 2. The Legislature finds and declares that Section 1 of this act is necessary since special facts and circumstances applicable to the Garberville Sanitary District, not generally applicable, make the accomplishment of this purpose impossible by any general law. There exists a dispute between the Department of General Services and the Garberville Sanitary District as to the validity of an allocation pursuant to the former provisions of the Natural Disaster Assistance Law (Art. 6, (commencing with Section 54150), Ch. 5, Pt. 1, Div. 2, Title 5, Gov.C.) for assistance in meeting costs to repair or restore storm and flood damage or destruction to real property of the district which occurred between December 1, 1964, and June 30, 1965, based on a good faith expenditure of these funds. The Legislature further finds and declares that this is the only such expenditure involved, that the purpose of this act is impossible to accomplish by any general law, and that special legislation applicable only to the Garberville Sanitary District is therefor necessary.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The Garberville Sanitary District is experiencing serious financial difficulties because of uncertainty as to the application of provisions of law relating to state matching funds for the purpose of repair or restoration of storm and flood damage to property of the district. SEC. 5. Section 7153.8 of the Financial Code is amended to read:

7153.8. The limitation of 90 percent set forth in subdivision (b) of Section 7153.2 of the Financial Code shall be 95 percent in the case of any loan with respect to which the requirements set forth in subdivisions (a), (c), (d), (e) and (f) of Section 7153.2 are met and with respect to which the following additional requirements are met:

(b) Shall not exceed ten thousand dollars ($10,000) on any one

(d) Shall not aggregate at any one time more than 20 percent of the association's total assets with regard to all loans made under the sole authority of this section nor more than 5 percent of the association's assets with regard to loans made for the purpose of financing equipment.

The provisions of this section shall not otherwise apply to the employees of any contracting agency nor to such agency unless and until the contracting agency elects to be subject to the provisions of this section by amendment to its contract with the board made as provided in Section 20461.5 or by express provision in its contract with the board.

CHAPTER 627

An act to amend Section 22660 of the Vehicle Code, relating to vehicles.

[Approved by Governor September 9, 1975. Filed with Secretary of State September 9, 1975]

The people of the State of California do enact as follows:

SECTION 1. Section 22660 of the Vehicle Code is amended to read:

22660. Notwithstanding any other provision of law, a city, county, or city and county may adopt an ordinance establishing procedures for the abatement and removal, as public nuisances, of abandoned, wrecked, dismantled, or inoperative vehicles or parts thereof from private property or public property, not including highways, and recovery, pursuant to Sections 25845 or 38773.5 of the Government Code, or assumption by the local agency, of costs of administration and removal thereof; provided, however, that any such ordinance shall contain provisions:

(a) Requiring notice to be given to the Department of Motor Vehicles within five days after the date of removal identifying the vehicle or part thereof and any evidence of registration available, including, but not limited to, registration certificates of title or license plates.

(b) That the ordinance shall not apply to (1) a vehicle or part thereof which is completely enclosed within a building in a lawful

manner where it is not visible from the street or other public or private property or (2) a vehicle or part thereof which is stored or parked in a lawful manner on private property in connection with the business of a licensed dismantler, licensed vehicle dealer or a junkyard; provided, however, that this exception shall not authorize the maintenance of a public or private nuisance as defined under provisions of law other than this chapter.

(c) For administration of the ordinance by regularly salaried, full-time employees of the city, county, or city and county, except that the removal of vehicles or parts thereof from property may be by any other duly authorized person.

(d) Requiring not less than a 10-day notice of intention to abate and remove the vehicle or part thereof as a public nuisance. Such notice shall contain a statement of the hearing rights of the owner of the property on which the vehicle is located and the owner of the vehicle. The statement shall include notice to the property owner that he may appear in person at a hearing or may present a sworn written statement denying responsibility for the presence of the vehicle on the land, with his reasons for such denial, in lieu of appearing. The notice of intention to abate shall be mailed, by registered or certified mail, to the owner of the land as shown on the last equalized assessment roll and to the last registered and legal owner of record unless the vehicle is in such condition that identification numbers are not available to determine ownership.

(e) Requiring a public hearing to be held before the governing body of the city, county, or city and county, or any other board, commissioner, or official of the city, county, or city and county as designated by the governing body, upon request for such a hearing by the owner of the vehicle or the owner of the land on which such vehicle was located. This request shall be made to the appropriate public body, agency, or officer within 10 days after the mailing of notice of intention to abate and remove the vehicle. If the owner of the land on which the vehicle is located submits a sworn written statement denying responsibility for the presence of the vehicle on his land within such time period, this statement shall be construed as a request for hearing which does not require the presence of the owner submitting such request. If such a request is not received within such period, the appropriate public body, agency, or officer shall have the authority to remove the vehicle.

(f) That after a vehicle has been removed, it shall not be reconstructed or made operable, unless it is a vehicle which qualifies for either horseless carriage license plates or historical vehicle license plates, pursuant to Section 5004, in which case the vehicle may be reconstructed or made operable.

(g) That the owner of the land on which the vehicle is located may appear in person at the hearing or present a sworn written statement denying responsibility for the presence of the vehicle on the land, with his reasons for such denial. If it is determined at the hearing that the vehicle was placed on the land without the consent of the

landowner and that he has not subsequently acquiesced in its presence, then the local agency shall not assess costs of administration or removal of the vehicle against the property upon which the vehicle is located or otherwise attempt to collect such cost from such owner.

Vehicles or parts thereof may be disposed of by removal to a scrapyard, automobile dismantler's yard, or any suitable site operated by a local agency for processing as scrap, or other final disposition consistent with subdivision (f). A local agency may operate such a disposal site when its governing body determines that commercial channels of disposition are not available or are inadequate, and it may make final disposition of such vehicles or parts, or the local agency may transfer such vehicle or parts to another provided such disposal shall be only as scrap.

Any person authorized by the city, county, or city and county, to administer the provisions of an ordinance of the type authorized by this section may enter upon private property for the purposes specified in the ordinance to examine vehicle or parts thereof, obtain information as to the identity of vehicle and to remove or cause the removal of a vehicle or part thereof declared to be a nuisance pursuant to ordinances.

Licensed dismantlers or commercial enterprises acquiring vehicles removed pursuant to such ordinance shall be excused from the reporting requirements of Section 11520 and any fees and penalties which would otherwise be due the Department of Motor Vehicles are hereby waived, provided that a copy of the resolution or order authorizing disposition of the vehicle is retained in the dismantlers' or commercial enterprises' business records.

(a) Notwithstanding any other provision of law, a city, county, or city and county may adopt an ordinance establishing procedures for the abatement and removal, as public nuisances, of abandoned, wrecked, dismantled, or inoperative vehicles or parts thereof from private property or public property, not including highways; and for the recovery, pursuant to Section 25845 or 38773.5 of the Government Code, or the assumption by the local authority, of costs of administration and such removal; provided, however, that any such ordinance shall contain provisions:

(1) Requiring notice to be given to the Department of Motor Vehicles within five days after the date of removal identifying the vehicle or part thereof and any evidence of registration available, including, but not limited to, registration certificates of title or license plates.

(2) That the ordinance shall not apply to a vehicle or part thereof which is completely enclosed within a building in a lawful manner where it is not visible from the street or other public or private property or a vehicle or part thereof which is stored or parked in a lawful manner on private property in connection with the business of a licensed dismantler, licensed vehicle dealer, or a junkyard;

provided, however, that this exception shall not authorize the maintenance of a public or private nuisance as defined under provisions of law other than this chapter.

(3) Requiring not less than a 10-day notice of intention to abate and remove the vehicle or part thereof as a public nuisance, except whenever the property owner and the owner of the vehicle have signed a release waiving further interest in the vehicle or part thereof and authorizing removal. Such notice shall contain a statement of the hearing rights of the owner of the property on which the vehicle is located and the owner of the vehicle. The statement shall include notice to the property owner that he may appear in person at a hearing or may present a sworn written statement denying responsibility for the presence of the vehicle on the land, with his reasons for such denial, in lieu of appearing. The notice of intention to abate shall be mailed, by registered or certified mail, to the owner of the land as shown on the last equalized assessment roll and to the last registered and legal owner of record unless the vehicle is in such condition that identification numbers are not available to determine ownership.

This request shall be made to the appropriate public body, agency, or officer within 10 days after the mailing of notice of intention to abate and remove the vehicle. If the owner of the land on which the vehicle is located submits a sworn written statement denying responsibility for the presence of the vehicle on his land within such time period, this statement shall be construed as a request for hearing which does not require the presence of the owner submitting such request. If such a request is not received within such period, the appropriate public body, agency, or officer shall have the authority to remove the vehicle.

(5) That after a vehicle has been removed, it shall not be reconstructed or made operable, unless it is a vehicle which qualifies for either horseless carriage license plates or historical vehicle license plates, pursuant to Section 5004, in which case the vehicle may be reconstructed or made operable.

(6) That the owner of the land on which the vehicle is located may appear in person at the hearing or present a sworn written statement denying responsibility for the presence of the vehicle on the land, with his reasons for such denial. If it is determined at the hearing that the vehicle was placed on the land without the consent of the landowner and that he has not subsequently acquiesced in its presence, then the local authority shall not assess costs of administration or removal of the vehicle against the property upon which the vehicle is located or otherwise attempt to collect such cost from such owner.

(b) Vehicles or parts thereof may be disposed of by removal to a scrapyard, automobile dismantler's yard, or any suitable site operated by a local authority for processing as scrap, or other final disposition consistent with paragraph (5) of subdivision (a). A local authority may operate such a disposal site when its governing body determines that commercial channels of disposition are not available or are inadequate, and it may make final disposition of such vehicles or parts, or the local authority may transfer such vehicle or parts to another provided such disposal shall be only as scrap.

(c) Any ordinance adopted pursuant to this section shall provide for the administration of the ordinance by regularly salaried, full-time employees of the city, county, or city and county, except that the removal of vehicles or parts thereof from property may be done by any other duly authorized person. Any such person may enter upon private property for the purposes specified in the ordinance to examine a vehicle or parts thereof, obtain information as to the identity of a vehicle, and remove or cause the removal of a vehicle or part thereof declared to be a nuisance pursuant to the ordinance.

(d) Any licensed dismantler or commercial enterprise acquiring vehicles removed pursuant to such ordinance shall be excused from the reporting requirements of Section 11520 and any fees and penalties which would otherwise be due the Department of Motor Vehicles are hereby waived, provided that a copy of the resolution or order authorizing disposition of the vehicle is retained in the dismantler's or commercial enterprise's business records.

The rate of interest to be paid on such indebtedness shall not exceed eight percent (8%) per annum. For the purposes of said election, said board shall in said ordinance establish special bond election precincts within the boundaries of each zone and participating zone and may form election precincts by consolidating the precincts established for general elections in said district to a number not exceeding six general precincts for each such special bond election precinct, and shall designate a polling place and appoint one inspector, one judge, and one clerk for each such special bond election precincts.

In all particulars not recited in said ordinance, such special bond election shall be held as nearly as practicable in conformity with the general election laws of the state, except as provided herein.

Said board shall cause a map or maps to be prepared covering a general description of the project, which said map shall show the

location of the proposed projects, and shall cause the said map to be posted in a prominent place in the county courthouse for public inspection for at least thirty (30) days before the date fixed for such election.

Said ordinance calling for such special bond election shall, prior to the date set for such election, be published pursuant to Section 6062 of the Government Code in a newspaper of general circulation circulated in each zone and participating zone affected. The last publication of such ordinance must be at least fourteen (14) days before said election, and if there be no such newspaper, then such ordinance shall be posted in five public places designated by the board, in each zone and participating zone for at least thirty (30) days before the date fixed for such election. No other notice of such election need be given nor need polling place cards be issued.

Any defect or irregularity in the proceedings prior to the calling of such special bond election shall not affect the validity of the bonds authorized by said election. If at such election two-thirds (⅔) of the votes cast are in favor of incurring such bonded indebtedness, then bonds for such zone or participating zones for the amount stated in such proceedings shall be issued and sold as in this act provided.

SEC. 2. Section 15 of the Santa Clara Valley Water District Act (Chapter 1405 of the Statutes of 1951) is amended to read:

Sec. 15. The board shall, subject to the provisions of this act, prescribe by resolution the form of said bonds, which must include a designation of the zone or participating zones affected, and of the interest coupons attached thereto. Said bonds shall be payable annually or semiannually at the discretion of the board each and every year on a day and date, and at a place to be fixed by said board, and designated in such bonds, together with the interest on all sums unpaid on such date until the whole of said indebtedness shall have been paid.

The board may divide the principal amount of any issue into two or more series and fix different dates for the bonds of each series. The bonds of one series may be made payable at different times from those of any other series. The maturity of each series shall comply with this section. The board may fix a date, not more than two years from the date of issuance, for the earliest maturity of each issue or series of bonds. The final maturity date shall not exceed 40 years from the time of incurring the indebtedness evidenced by each issue or series. The board may provide for call and redemption of all or any part of any issue or series of bonds before maturity at prices determined by the board. No bond shall be subject to call or redemption prior to maturity unless it contains a recital to that effect.

The bonds shall be issued in such denominations as the board may determine, except that bonds shall be issued in denominations of one thousand dollars ($1,000) or more, and shall be payable on the days and at the place fixed in said bonds, and with interest at the rate specified in such bonds, which rate shall not be in excess of eight percent (8%) per annum, and shall be made payable annually or

semiannually, and said bonds shall be numbered consecutively and shall be signed by the chairman of the board, and countersigned by the auditor of said district, and the seal of said district shall be affixed thereto by the clerk of the board. Either or both such signatures may be printed, engraved or lithographed. The interest coupons of said bonds shall be numbered consecutively and signed by the said auditor by his printed, engraved or lithographed signature. In case any such officer whose signatures or countersignatures appear on the bonds or coupons shall cease to be such officer before the delivery of such bonds to the purchaser, such bonds and coupons and signatures or countersignatures shall nevertheless be valid and sufficient for all purposes the same as if such officer had remained in office until the delivery of the bonds.

SEC. 3. Section 26.7 of the Santa Clara Valley Water District Act (Chapter 1405 of the Statutes of 1951) is amended to read:

Sec. 26.7. Prior to the end of the water year in which said hearing is held, and based upon the findings and determinations from said hearing, the board shall determine whether or not a ground water charge should be levied in any zone or zones. If the board determines that a ground water charge should be levied, it shall levy, assess, and affix such charge or charges against all persons operating ground water-producing facilities within such zone or zones during the ensuing water year. The charge shall be computed at a fixed and uniform rate per acre-foot for agricultural water, and at a fixed and uniform rate per acre-foot for all water other than agricultural water. Different rates may be established in different zones; provided, however, that in each zone the rate for agricultural water shall be fixed and uniform and the rate for water other than agricultural water shall be fixed and uniform.

The ground water charge in any water year beginning July 1, 1976, and ending June 30, 1981, shall not exceed a fixed and uniform rate of nine dollars ($9) per acre-foot for agricultural water, or a fixed and uniform rate of thirty-five dollars ($35) per acre-foot for all water other than agricultural water, and the ground water charge in any year beginning July 1, 1981, and ending June 30, 1986 shall not exceed a fixed and uniform rate of ten dollars ($10) per acre-foot for agricultural water, or a fixed and uniform rate of forty dollars ($40) per acre-foot for all water other than agricultural water; provided, that if revenue bonds of any zone supported in part by ground water charges are authorized and issued pursuant to Section 25.1, then beginning on July 1 of the water year next succeeding the year in which such revenue bonds are issued, the maximum rates provided for in this paragraph shall become inapplicable and the rates shall be established each year in accordance with a budget for such year submitted by the district to the Board of Supervisors of Santa Clara County pursuant to this act and shall be fixed and uniform rates for agricultural water and for all water other than agricultural water, respectively; provided, that each such rate for agricultural water shall not exceed one-fourth of such rate for all water other than

agricultural water.

Any ground water charge levied pursuant to this section shall be in addition to any general tax or assessment levied within the district or any zone or zones thereof.

Clerical errors occurring or appearing in the name of any person or in the description of the water-producing facility where the production of water therefrom is otherwise properly charged, or in the making or extension of any charge upon the records which do not affect the substantial rights of the assessee or assessees, shall not invalidate the ground water charge.

CHAPTER 7.7. PHYSICIANS' ASSISTANTS

Article 1. General Provisions

3500. In its concern with the growing shortage and geographic maldistribution of health care services in California, the Legislature intends to establish in this chapter a framework for development of a new category of health manpower—the physician's assistant.

The purpose of this chapter is to encourage the more effective utilization of the skills of physicians by enabling them to delegate health care tasks to qualified physicians' assistants where such delegation is consistent with the patient's health and welfare.

This chapter is established to encourage the utilization of physician's assistants by physicians, and to provide that existing legal constraints should not be an unnecessary hindrance to the more effective provision of health care services. It is also the purpose of this chapter to allow for innovative development of programs for the education of physician's assistants.

3500.5. This chapter shall be known and cited as the Physician's Assistant Practice Act.

3501. As used in this chapter:

(a) "Board" means the Board of Medical Examiners of the State of California.

(b) "Approved program" means a program for the education of physician's assistants which has been formally approved by the committee.

(c) "Trainee" means a person who is currently enrolled in an approved program.

(d) "Physician's assistant" means a person who is a graduate of an approved program and is certified by the committee.

(e) "Committee" means the Physician's Assistant Examining Committee.

(f) "Regulations" means the rules and regulations as contained in Article 15 (commencing with Section 1379) of Chapter 13 of Title 16 of the California Administrative Code.

(g) "Routine visual screening" means uninvasive nonpharmacological simple testing for visual acuity; for visual field defects; for color blindness; and depth perception.

3502. Notwithstanding any other provision of law, a physician's assistant may perform those medical services as set forth by the regulations of the board when such services are rendered under the supervision of a licensed physician or physicians approved by the committee.

Notwithstanding any other provision of law, a trainee may perform those medical services as set forth by the regulations of the board when such services are rendered within the scope of an approved program.

No medical services may be performed under this chapter in any of the following areas:

(a) The determination of the refractive states of the human eye, or the fitting or adaptation of lenses or frames for the aid thereof.

(b) The prescribing or directing the use of, or using, any optical device in connection with ocular exercises, visual training or orthoptics.

(c) The prescribing of contact lenses for, or the fitting or adaptation of contact lenses to, the human eye.

(d) The practice of dentistry or dental hygiene or the work of a dental auxiliary as defined in Chapter 4 (commencing with Section 1600).

This section shall not be construed in a manner which shall preclude the performance of routine visual screening as defined in Section 3501.

3503. No person other than one who has been certified by the committee or approved by the board prior to the effective date of this section shall hold himself out as a "physician's assistant," or shall use any other term indicating or implying that he is a physician's assistant.

Article 2. Administration

3504. There is established a Physician's Assistant Examining Committee of the Board of Medical Examiners. The committee shall consist of nine members appointed by the Governor.

3505. The members of the committee shall include one member of the board, who shall be chairman of the committee, a physician representative of a California medical school, an educator participating in an approved program for the training of physicians' assistants, one physician who is an approved supervising physician of an approved physician's assistant and who is not a member of the board, one registered nurse, two approved physicians' assistants, and two public members. The Governor shall appoint the approved physicians' assistants members to the committee 30 days after the effective date of this section.

Each member of the committee shall hold office for a term of four years, and shall serve until the appointment and qualification of a successor or until one year shall have elapsed since the expiration of the term for which the member was appointed, whichever first occurs. No member shall serve for more than two consecutive terms. Members of the Advisory Committee on Physician's Assistants and Nurse Practitioners, in office on the effective date of this section and who meet the standards for membership established in this section, shall continue to serve as members as though appointed on the effective date of this section. One member of the committee shall have a one-year term, four shall have three-year terms, and four shall have four-year terms. Each member shall be eligible for reappointment to one more consecutive term. Vacancies shall be filled by appointment for the unexpired terms.

3506. Each member of the committee shall receive a per diem and expenses as provided in Section 103.

3507. The Governor has power to remove from office any

member of the committee, as provided in Section 106.

3508. (a) The committee shall meet at least four times annually, at least once in the City of Sacramento, and at least once in the City of Los Angeles. The committee shall conduct such additional meetings as are necessary in appropriate locations to conclude its business. Special meetings may be held at such time and place as the committee may designate.

(b) Notice of each meeting of the committee shall be given at least two weeks in advance to those persons and organizations who express an interest in receiving such notification.

(c) The committee shall receive permission of the director to meet more than six times annually. The director shall approve such meetings that are necessary for the committee to fulfill its legal responsibilities.

3509. It shall be the duty of the committee to:

(a) Establish standards and issue certificates of approval for programs for the education and training of physician's assistants.

(b) Make recommendations to the board concerning the scope of practice for physician's assistants.

(c) Make recommendations to the board concerning the formulation of guidelines for the consideration of applications by licensed physicians to supervise physician's assistants and approval of such applications.

3509.5. The committee shall elect annually a vice chairman from among its members.

3510. The committee may make and promulgate rules and regulations as may be necessary to enable it to carry into effect the provisions of this chapter. All such rules and regulations shall be in accordance with, and not inconsistent with, the provisions of this chapter. Such rules and regulations shall be adopted, amended, or repealed in accordance with the provisions of Chapter 4.5 (commencing with Section 11371) of Part 1 of Division 3 of Title 2 of the Government Code.

3511. The affirmative vote of five members of the committee shall be required to carry any motion.

3512. Except as provided in Section 159.5, the committee shall employ within the limits of the funds received by the board all personnel necessary to carry out the provisions of this chapter including an executive officer who shall be exempt from civil service. The board shall make all necessary expenditures to carry out the provisions of this chapter from the funds established by Section 3521. The board may accept contributions to effect the purposes of this chapter.

Article 3. Certification and Approval

3513. (a) The committee shall examine and pass upon the qualification and shall issue certificates of approval for programs for the education and training of physician's assistants which meet

committee standards.

(b) In establishing criteria for the approval of training programs, the committee shall give consideration to and encourage such programs to utilize equivalency and proficiency testing and other mechanisms whereby full credit is given to trainees for past health care education and experience.

(c) The committee shall adopt and publish standards to insure that such programs operate in a manner which does not endanger the health and welfare of patients who receive services within the scope of the program. The committee shall review the quality of the curriculum, faculty, and the facilities of such programs.

3514. (a) The board shall formulate by regulation guidelines for the consideration of applications by licensed physicians to supervise a physician's assistant.

(b) The committee shall formulate by regulations guidelines for the consideration of applications by graduates of an approved program for certification as a physician's assistant.

3515. (a) All approvals previously granted shall continue in full force and effect.

(b) The board shall approve an application by a licensed physician to supervise a physician's assistant, where the applicant has met all of the requirements of this chapter and the board's regulations.

(c) The committee shall approve an application by a graduate of an approved educational program to practice as a physician's assistant, where the applicant has met all of the requirements of this chapter and the board's regulations.

3516. Notwithstanding any other provision of law, any physician assistant certified by the committee shall be eligible for employment by any physician approved by the board to supervise physician's assistants, except that:

(a) No physician shall supervise more than two physician's assistants, and

(b) The board may restrict physicians to supervising specific types of physician's assistants including, but not limited to, restricting physicians from supervising physician's assistants outside of the physician's field of specialty.

3517. The committee shall administer a written examination in such manner and under such rules and regulations as it shall prescribe, but such examination shall be conducted in such manner to insure that the identity of each applicant taking the examination will be unknown to all of the examiners until all examination papers have been graded. Except as otherwise provided in this chapter, or by regulation, no physician's assistant applicant shall receive approval under this chapter without first successfully passing an examination given under the direction of the committee.

Examinations for certification as a physician's assistant may be conducted by the committee under a uniform examination system, and for that purpose the committee may make such arrangements with organizations furnishing examination material as may, in its

discretion, be desirable. The committee shall, however, establish a passing score for each examination. The certification examination for physician's assistants shall be held by the committee at least once a year with such additional examinations as the committee deems necessary. The time and place of examination shall be fixed by the committee.

The committee may grant interim approval of the application provided that the physician's assistant applies for and takes the first certification examination given subsequent to his successful completion of an approved education program. If the proposed physician's assistant fails the certification examination, the interim approval shall terminate upon notice thereof by certified mail to the supervising physician or in no case later than the dates specified by the committee when granting the interim approval.

3518. The committee shall keep current, two separate registers, one for persons approved as supervising physicians and one for those certified as physician's assistants, by specialty if applicable, provided such a person gives his written consent thereto to the committee. These registers shall show the name of every approved person, his last known place of residence, and the date of his approval. Any interested person in the state is entitled to obtain a copy of such register upon application to the board together with such sum as may be fixed by the board, which amount shall not exceed the cost of this list so furnished.

3519. The committee shall issue a certificate to all physician's assistant applicants who meet all of the requirements of this chapter and who pay to the board the initial certification fee.

Article 4. Revenue

3520. Within 10 days after the beginning of each calendar month the board shall report to the State Controller the amount and source of all collections made from persons and programs certified or seeking certifications or approval under this chapter and at the same time pay all such sums into the State Treasury, where they shall be credited to the Physician's Assistant Fund, of the board, which fund is hereby created. All money in such fund is continuously appropriated to carry out the purpose of this chapter.

3521. The fees to be paid by applicants under this chapter are as follows:

(a) Each physician desiring to supervise a physician's assistant shall file a separate application. An application fee of ten dollars ($10) shall be charged to each physician applicant for each application.

(b) An approval fee of fifty dollars ($50) shall be charged to each physician upon approval of an application to supervise physicians' assistants.

(c) The board shall renew approval to supervise physicians' assistants upon application for such renewal, as provided in Section

3522, and a fee of twenty-five dollars ($25) shall be paid for such renewal.

(d) An application fee of fifty dollars ($50) shall be charged to each applicant seeking program approval by the committee.

(e) A fee of five hundred dollars ($500) shall be charged to each program upon approval of such program.

(f) A reinspection fee for approved programs shall be one hundred dollars ($100).

(g) An application fee of ten dollars ($10) shall be charged to all physician's assistant applicants.

(h) An examination fee not to exceed fifty dollars ($50) shall be charged each physician's assistant for each certification examination.

(i) The initial certification fee for a physician's assistant shall be twenty dollars ($20).

(j) A physician's assistant certification renewal fee shall be twenty dollars ($20).

(k) The delinquency fee is ten dollars ($10).

(*l*) If any approval or certification will expire less than one year after its issuance, then the initial approval or certification fee shall be in an amount equal to 50 percent of the initial approval or certification fee in effect on the last regular renewal date before the date on which the approval or certification is issued.

3522. Certificates and approvals to supervise issued before January 1, 1974, expire at 12 midnight on February 29, 1976, if not renewed. Thereafter, all certificates expire at 12 midnight on the last day of February of each even-numbered year if not renewed.

To renew an unexpired certificate, the certified physician's assistant and approved supervising physician, on or before the date of expirations, shall apply for renewal on a form prescribed by the committee and pay the prescribed renewal fee, if any.

3523. Every person to whom a certificate is issued after February 29, 1976, shall, as a condition precedent to its issuance, and in addition to any application, examination or other fee, pay the prescribed initial physician's assistant certification fee, if any. However, the committee may by regulation provide for the waiver or refund of the initial certification fee, where the certificate is issued less than 45 days before the date on which it will expire.

3524. A certificate which has expired may be renewed at any time within five years after its expiration by filing an application for renewal on a form prescribed by the board and payment of the renewal fee in effect on the last preceding regular renewal date. If the certificate is not renewed within 30 days after its expiration, the certified physician's assistant and approved supervising physician, as a condition precedent to renewal, shall also pay the prescribed delinquency fee, if any. Renewal under this section shall be effective on the date on which the application is filed, on the date on which the renewal fee is paid, or on the date on which the delinquency fee, if any, is paid, whichever first occurs. If so renewed, the certificate shall continue in effect through the expiration date provided in

Section 3523 which next occurs after the effective date of the renewal, when it shall expire, if it is not again renewed.

The provisions of this section govern the renewal, and the fees payable therefor, of certificates and approvals which expires under the law in effect before February 1, 1975, as well as certificates which expire on February 29, 1976, or thereafter.

3525. A suspended certificate is subject to expiration and shall be renewed as provided in this chapter. However, such renewal does not entitle such holder, to practice or otherwise violate the order or judgment by which the certificate was suspended.

A revoked certificate is subject to expiration as provided in this chapter. If such certificate is reinstated after expiration, the certificate holder, as a condition to reinstatement, shall pay a reinstatement fee in an amount equal to the renewal fee in effect on the last preceding regular renewal date before the date on which it is reinstated.

3526. A certificate may not be renewed, restored, reissued or reinstated after a lapse of five years from the date of its expiration. In such event the holder of such expired certificate may apply for and obtain a new certificate if such applicant meets the requirements of this chapter.

Article 5. Denial, Suspension and Revocation

3527. Every certificate issued to a physician's assistant, approved supervising physician, or approved program may be suspended or revoked. The committee shall refuse to issue a certificate or approve any applicant guilty of unprofessional conduct as specified in Chapter 5 (commencing with Section 2000).

The committee may suspend a physician's assistant or an approved program from further participation under the Physician's Assistant Practice Act for violation of any rule or regulation promulgated by the board pursuant to Chapter 5 (commencing with Section 2000).

3528. Any proceedings involving the denial, suspension or revocation of a physician's assistant, approved supervising physician, or approved program under this chapter shall be conducted in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code.

3529. The committee may deny an application for, or suspend or revoke, or impose probationary conditions upon a physician's assistant or an approved program as ordered by the committee in any decision made after hearing as provided in Section 3528.

The board may deny an application for, or suspend or revoke, or impose probationary conditions upon any physician approved to supervise any physician's assistant as ordered by the board in any decision made after a hearing as provided in Section 3528.

3530. One year from the date of a revocation of a certificate or approval under this chapter, application may be made to the committee or the board in the case of approval of an application to

supervise physician's assistants for reinstatement, restoration or modification of probation. The committee shall have discretion to accept or reject an application for reinstatement, restoration or modification of probation and may require an examination for such reinstatement, restoration or modification of probation when it is deemed appropriate of a certificate or approval under this chapter.

3531. A plea or verdict of guilty or a conviction following a plea of nolo contendere made to a charge of a felony or of any offense which is substantially related to the qualifications, functions, or duties of the business or profession to which the certificate was issued is deemed to be a conviction within the meaning of this chapter. The committee may order the certificate suspended or revoked, or shall decline to issue a certificate when the time for appeal has elapsed, or the judgment of conviction has been affirmed on appeal or when an order granting probation is made suspending the imposition of sentence, irrespective of a subsequent order under the provisions of Section 1203.4 of the Penal Code allowing such person to withdraw his plea of guilty and to enter a plea of not guilty, or setting aside the verdict of guilty, or dismissing the accusation, information or indictment.

Article 6. Penalties

3532. Any person who violates Section 3502, 3503, 3515, or 3516 shall be guilty of a misdemeanor punishable by imprisonment in the county jail not exceeding six months, or by a fine not exceeding five hundred dollars ($500), or by both.

3533. Whenever any person has engaged in any act or practice which constitutes an offense against this chapter, the superior court of any county, on application of the board, may issue an injunction or other appropriate order restraining such conduct. Proceedings under this section shall be governed by Chapter 3 (commencing with Section 525) of Title 7 of Part 2 of the Code of Civil Procedure provided that no undertaking shall be required in any action commenced by the board. The board or the committee may commence action in the superior court under the provisions of this section.

CHAPTER 640

An act to add Chapter 7.5 (commencing with Section 20999) to Division 8 of the Business and Professions Code, relating to franchise agreements.

[Approved by Governor September 10, 1975 Filed with Secretary of State September 10, 1975]

The people of the State of California do enact as follows:

SECTION 1. Chapter 7.5 (commencing with Section 20999) is added to Division 8 of the Business and Professions Code, to read:

CHAPTER 7.5. FRANCHISES

20999. As used in this chapter, the term:

(a) "Petroleum distributor" means any person engaged in the sale, consignment, or distribution of petroleum products to retail outlets which it owns, leases, or otherwise supplies.

(b) "Gasoline dealer" means any person engaged in the retail sale of petroleum products in this state under a franchise or contractual agreement entered into with a petroleum distributor.

(c) "Franchise" means any agreement between a petroleum distributor and a manufacturer or between a gasoline dealer and a petroleum distributor under which the petroleum distributor or the gasoline dealer is granted the right to use a trademark, trade name,

service mark, or other identifying symbol or name owned by the manufacturer or distributor, or an agreement between a petroleum manufacturer or distributor, and a distributor or dealer under which the petroleum distributor or the gasoline dealer is granted the right to occupy premises owned, leased, or controlled by the other party to the agreement, for the purpose of engaging in the retail or wholesale sale of petroleum products.

20999.1. Notwithstanding the terms of any franchise, no franchisor shall terminate, cancel or refuse to renew any existing franchise without good cause.

As used in this section good cause is limited to the following:

(a) The gasoline dealer or petroleum distributor failed to comply with essential and reasonable requirements of the franchise agreement;

(b) The gasoline dealer or petroleum distributor failed to act in good faith in carrying out the terms of the franchise; or

(c) For other legitimate business reasons (except that a termination, or cancellation of a franchise for the purpose of enabling the petroleum distributor or manufacturer to assume operation of the distributor's or gasoline dealer's business shall not be considered to be a legitimate business reason unless the gasoline dealer or distributor is paid reasonable compensation for the value of his franchise, including a reasonable amount for goodwill).

SEC. 2. The Legislature finds and declares that distribution and sales through franchise arrangements of gasoline in the State of California affects the general economy of the state, the public interest and the public welfare. Competition and nondiscriminatory practices are essential to the fair and efficient functioning of a free market economy. Gasoline and other petroleum products should be marketed in the manner most beneficial to the consumer, and to prevent the disruption of vital energy sources. To prevent such disruptions it is necessary to define the relationships and responsibilities of parties to gasoline franchise agreements, and provide a remedy to gasoline dealers whose franchises are terminated, or not renewed.

The people of the State of California do enact as follows:

SECTION 1. Section 53635 of the Government Code is amended to read:

53635. As far as possible, all money belonging to, or in the custody of, a local agency, including money paid to the treasurer or other official to pay the principal, interest, or penalties of bonds, shall be deposited for safekeeping in state or national banks in the state selected by the treasurer or other official having the legal custody of the money, or may be invested in:

(a) Bonds issued by it including bonds payable solely out of the revenues from a revenue-producing property owned, controlled or operated by it or by a department, board, agency or authority thereof.

(b) United States Treasury notes, bonds, bills or certificates of indebtedness, or those for which the faith and credit of the United States are pledged for the payment of principal and interest.

The provisions of subdivision (f) of this section shall not preclude a municipal utility district from investing any surplus money in its treasury in any manner authorized by the Municipal Utility District Act.

CHAPTER 644

An act to amend Sections 3642, 3643, 3647, 3649, 3650, 3651, and 3653 of, and to add Section 3653.5 to, the Public Resources Code, relating to oil and gas.

[Approved by Governor September 10, 1975 Filed with Secretary of State September 10, 1975]

The people of the State of California do enact as follows:

SECTION 1. Section 3642 of the Public Resources Code is amended to read:

3642. Any proposed agreement for unit operation of tracts of land which has been consented to by persons who own title to working interests which aggregate at least an undivided three-fourths of the total working interests in the area proposed to be unitized, and by persons who own title to the royalty interest which aggregates at least an undivided three-fourths of the total royalty interest in the area proposed to be unitized, may be filed with the supervisor by the owner of any such working interest in conjunction with a petition requesting approval thereof.

SEC. 2. Section 3643 of the Public Resources Code is amended to read:

3643. The unit agreement shall be approved, if, after a public hearing, the supervisor finds all of the following:

(a) The unit area of the proposed agreement for unit operation takes in all tracts which, consistent with good oilfield practice, should be considered a part of and related to the field or pool or pools, or portions thereof, proposed for unit operation but does not include tracts which, consistent with good oilfield practice, should not be considered a part of or related to the field or pool or pools, or portions thereof, proposed for unit operation.

(b) As of the date of filing of the petition, the proposed unit

agreement was consented to by persons owning at least three-fourths of the working interests and three-fourths of the lessors' royalty interests as described in Section 3642.

(c) The unitized management and operation of the pool or pools, or portions thereof, proposed to be unitized is reasonably necessary in order to carry on pressure maintenance or pressure replenishment operations, cycling or recycling operations, gas injection operations, water flooding operations, reduction of oil viscosity operations, or any combination thereof, or any other form of joint effort calculated to increase the ultimate recovery of oil and gas from the proposed unit area.

(d) The value of the estimated recovery of additional oil or gas, or the increased present worth value due to accelerated recovery of oil or gas, as a result of the unit operations will exceed the estimated additional cost incident to conducting such operations.

(e) The proposed unit agreement provides for an allocation of the unit production among and to the separately owned tracts in the area proposed to be unitized such as will reasonably permit persons otherwise entitled to share in or benefit by the production from such separately owned tracts to produce or receive, in lieu thereof, their fair, equitable, and reasonable pro rata share of the unit production or other benefits thereof.

(f) The proposed unit agreement provides, to the full extent practical, for the organization and consolidation of surface facilities, including oil production, storage, treatment, and transportation facilities, in such a manner as will eliminate wasteful and excessive use of land surface areas, freeing such areas for other productive use and development, and provides a fair procedure for the waiver, from time to time, of the working interest owners' right of entry on surface areas which in the future become unneeded for the conduct of unit operations.

(g) The proposed unit agreement is fair and reasonable under all the circumstances in other material respects.

(h) If state-owned lands under the jurisdiction of the State Lands Commission are included in the proposed unit agreement, such agreement has been reviewed and approved by the commission as to such lands.

SEC. 3. Section 3647 of the Public Resources Code is amended to read:

3647. The owner of any working interest or royalty interest in a tract which is the subject of a unit agreement who did not consent to the proposed unit agreement shall, 60 days following the date upon which the supervisor issues his order under the provisions of Section 3645, be entitled to offer his interest for sale pursuant to this section. All working interest owners who consented to the proposed unit agreement shall be entitled to participate in purchasing such interest in proportion to their respective shares of unit production. Unless one or more working interest owners purchase such interest, the order of the supervisor shall not become effective.

0994 27835 431

If a disagreement arises with respect to the price at which such an interest shall be purchased, then either party may request the supervisor to authorize the creation of an arbitration committee consisting of three members, one member appointed by the seller, one member appointed by the purchaser or purchasers and a third member selected by the other two members, to make an independent appraisal of the value of the interest as of the date the supervisor issued his order under Section 3645. Such committee shall consider all relevant data and information submitted by interested parties and may seek and consider such other information as it deems relevant. The arbitration committee shall determine the fair market value of the interest as of the date the supervisor issued his order under Section 3645 and fix the price at which the sale shall be consummated, and its determination shall be binding on the parties; except that, within 30 days after the determination of the arbitration committee has been mailed to the parties concerned, the seller or the purchaser or any one or more of the purchasers may have such price judicially determined by filing suit for a declaratory judgment as to the fair market value in the superior court for the county in which the tract involved, or the greater portion of it, lies. The compensation and expenses of the arbitration committee shall be subject to approval in amount by the supervisor and, if the unit becomes effective, shall be paid by the working interest owners who elected to participate in purchasing such interest in the proportion they share unit expenses. If the unit does not become effective within the time provided for in the order of the supervisor issued under Section 3645, the working interest owners who have consented to the unit agreement and have requested the independent appraisal shall pay such compensation and expenses in proportion to what would have been their share of unit expenses.

SEC. 4. Section 3649 of the Public Resources Code is amended to read:

3649. Any proposed modification of an approved unit agreement shall be submitted by the unit operator to the supervisor for his review and approval. No modification shall alter or change the basis for allocating production to tracts of land theretofore committed to the unit area without the express written consent of all persons who might be adversely affected thereby. The supervisor shall approve the proposed modification if, after a public hearing, he finds that the proposed unit agreement modification is consented to by persons who own title to working interests which aggregate at least an undivided three-fourths of the total working interests within the unit area and by persons who own title to the royalty interest which aggregate at least an undivided three-fourths of the total royalty interest in the unit area, that the proposed modification is in conformity with other provisions of the unit agreement, that it is consistent with the purpose of this chapter, and is fair and reasonable under all the circumstances. Upon approval, the unit agreement modification shall be recorded in the office of the county recorder

in each county in which any part of the unit area is situated and thereafter shall be binding upon all persons having any interest in the pool or pools, or portions thereof, subject to the unit agreement the same as if all such persons had expressly agreed to the modification.

Nothing in this section shall be construed as applying to any modification of a unit operating agreement entered into exclusively by the working interest owners.

SEC. 5. Section 3650 of the Public Resources Code is amended to read:

3650. If at any time after the entry of an order of unitization issued pursuant to Section 3645, it develops that all or a portion of a further tract or tracts of land should be included within the unit area, persons who own any working interest in the pool or pools, or portions thereof, may file a petition with the supervisor requesting the addition of such tract or tracts of land to the unit area, insofar as they contain the pool or pools, or portions thereof. Upon the filing of such a petition, the supervisor shall hold a public hearing.

SEC. 6. Section 3651 of the Public Resources Code is amended to read:

3651. The supervisor shall issue his order that such further tract or tracts of land insofar as they contain the pool or pools, or portions thereof, and the interests of all persons therein, upon recordation of such order in the office of the county recorder in each county in which any part of the original unit area or such additional tracts are situated, shall thereafter be subject to unit operations if he finds all of the following:

(a) All or a portion of such further tract or tracts of land do contain the pool or pools, or portions thereof, previously ordered unitized by the supervisor.

(b) The unit agreement has been consented to by persons who own title to working interests which aggregate at least an undivided three-fourths of the working interests in the total area proposed to be unitized, and by persons who own title to the royalty interest which aggregates at least an undivided three-fourths of the royalty interest in the total area proposed to be unitized.

(c) The addition of such further tract or tracts of land insofar as they contain the pool or pools to the unit operations is reasonably necessary in order to prevent waste or to increase the ultimate recovery of oil and gas.

SEC. 7. Section 3653 of the Public Resources Code is amended to read:

3653. Any disagreement with respect to the unit operation between persons owning any interest in the pool or pools, or portions thereof, subject to the unit agreement may be submitted to the supervisor for his review and decision.

SEC. 8. Section 3653.5 is added to the Public Resources Code, to read:

3653.5. A petition requesting approval of a unit agreement and

each copy thereof shall contain or have attached to it:

(a) A request that the supervisor approve the unit agreement.

(b) A copy of the unit agreement.

(c) A report with appropriate engineering, reservoir, and geologic data and maps outlining in detail how the unit agreement qualifies for approval pursuant to this chapter.

(d) Evidence that the required number of working interest owners and royalty interest owners have consented to the unit agreement. Generally, such evidence shall consist of a certificate of the petitioner or unit operator that the requisite number of working interest owners and royalty interest owners have consented to the unit agreement; provided, however, that if the accuracy of the certificate is challenged by any person, additional evidence will be required. Additional evidence may be supplied by the petitioner or requested by the supervisor.

CHAPTER 645

An act to amend Section 2982 of the Civil Code, and to amend Section 11950 of the Vehicle Code, relating to mobilehomes, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 10, 1975 Filed with Secretary of State September 10, 1975]

The people of the State of California do enact as follows:

SECTION 1. Section 2982 of the Civil Code is amended to read:

2982. (a) Every conditional sale contract for the sale of a motor vehicle, with or without accessories, shall be in writing and, if printed, shall be printed in type no smaller than six-point, and shall contain in a single document all of the agreements of the buyer and seller with respect to the total cost and the terms of payment for the motor vehicle, including any promissory notes or any other evidences of indebtedness. The conditional sale contract or a purchase order shall be signed by the buyer or his authorized representative and by the seller or its authorized representative, and an exact copy thereof shall be furnished the buyer by the seller at the time the buyer and the seller have signed the contract or purchase order. No motor vehicle shall be delivered under this chapter until the seller delivers to the buyer a fully executed copy of the conditional sale contract or purchase order and any vehicle purchase proposal and any credit statement which the seller has required or requested the buyer to sign, and which he has signed, during the contract negotiations. The seller shall not obtain the signature of the buyer to a contract when it contains blank spaces to be filled in after it has been signed. Every conditional sale contract shall contain, although not necessarily in the sequence or order set forth below, the

following separate items:

1. The cash price of the motor vehicle described in the conditional sale contract.

2. The amount of the buyer's downpayment, and whether made in cash or represented by the net agreed value of described property traded in, or both, together with a statement of the respective amounts credited for cash and for such property.

3. The unpaid balance of cash price, which is the difference between items 1 and 2.

4. The cost to the buyer of any insurance, the premium for which is included in the contract balance. Any such cost for credit life or disability insurance may be included in the finance charge if the amount thereof is separately stated on the face of the contract.

5. The amounts, if any, paid or to be paid to any public officer in connection with the transaction and for license, certificate of title, and registration fees imposed by law.

6. The amount of the unpaid balance, which is the sum of items 3, 4, and 5.

7. The amount of the finance charge.

8. The total of payments, which is the sum of items 6 and 7, payable by the buyer to the seller, the number of installments required, the amount of each installment, and the date for payment of the installments.

9. The names and addresses of all persons to whom the notice required under Section 2983.2 and permitted under Sections 2983.5 and 2984 of this code is to be sent.

10. A notice, in at least eight-point bold type if the contract is printed, reading as follows: "Notice to the buyer: (1) Do not sign this agreement before you read it or if it contains any blank spaces to be filled in. (2) You are entitled to a completely filled-in copy of this agreement. (3) Under the law, you have the right to pay off in advance the full amount due and under certain conditions to obtain a partial refund of the finance charge. (4) If you default in the performance of your obligations under this agreement, the vehicle may be repossessed and you may be subject to suit and liability for the unpaid indebtedness evidenced by this agreement."

(b) If any charge for insurance (other than for credit life or disability) is included in the contract balance and disbursement of any part thereof be made more than one year after the date of the conditional sale contract, any finance charge on the amount to be disbursed after one year shall be computed from the month the disbursement is to be made to the due date of the last installment under the conditional sale contract.

(c) The amount of the finance charge in any conditional sale contract for the sale of a motor vehicle, with or without accessories, shall not exceed 1 percent of the unpaid balance multiplied by the number of months (computed on the basis of a full month for any fractional month period in excess of 15 days) elapsing between the date of the contract and the due date of the last installment, or

twenty-five dollars ($25), whichever is greater. The contract may provide for a delinquency charge or charges on any installment in default for a period of not less than 10 days in an amount not to exceed in the aggregate 5 percent of the installment, which amount may be collected only once on any installment regardless of the period during which it remains in default. The contract may provide for reasonable collection costs and fees in the event of delinquency.

(d) Any provision in any conditional sale contract for the sale of a motor vehicle to the contrary notwithstanding, the buyer shall have the privilege of paying at any time in full the indebtedness evidenced by the contract. Whenever an indebtedness is liquidated prior to maturity by prepayment or refinancing, or upon surrender or repossession and resale of the motor vehicle, the holder shall thereupon refund to the buyer the unearned portion of the finance charge. The refund may be made in cash or credited to the amount due on the obligation of the buyer. The amount of the refund shall represent at least as great a proportion of the finance charge as the sum of the periodic time balances payable more than 15 days after the date of prepayment (or other event entitling the buyer to the refund) bears to the sum of all of the periodic time balances under the schedule of installments in the contract. The provisions of this subdivision shall not impair the right of the seller or his assignee to receive delinquency charges on delinquent installments and reasonable costs and fees as provided in subdivision (c) of this section. Where the amount of such refund is less than one dollar ($1), no refund need be made. Where the finance charge, after computing the refund, amounts to less than twenty-five dollars ($25), there may be retained an amount equal to twenty-five dollars ($25).

(e) Notwithstanding any other provision of this chapter to the contrary, in the event any required downpayment on which no finance charge is imposed is to be made by the buyer to the seller on a conditional sale contract after the date of such contract but prior to the date of the second payment otherwise scheduled, the amount of such payment may be shown in such contract as a deferred portion of the cash downpayment or as a deduction from the amount of the unpaid balance, and shall be included in the total of payments.

(f) Notwithstanding any other provision of this chapter to the contrary, in any instance in which vendor's single interest insurance is to be written in connection with a conditional sale contract, a conditional sale contract complying with the applicable disclosure requirements of Regulation Z, as in effect on the date of such contract, shall be deemed to comply with the requirements of paragraphs 1 to 8, inclusive, of subdivision (a), irrespective of any difference between the provisions of that regulation and this chapter with respect to any information to be disclosed, the terminology, form or content of such disclosures, the amounts to be included in or manner of determining the unpaid balance, the finance charge or any other item of information to be disclosed, or otherwise. This subdivision shall have no application to the determination of the

amount of the unpaid balance, the finance charge, or any other amount for the purpose of computing the maximum permissible finance charge or the refund of any unearned portion of the finance charge under subdivisions (c) and (d), respectively, or for the purpose of computing any penalty under Section 2983.1.

(g) Notwithstanding any other provision of this chapter to the contrary, any information required to be disclosed in a conditional sale contract under this chapter may be set forth in terminology required or permitted under Regulation Z, as in effect at the time such disclosure is made. Nothing contained in this chapter shall be deemed to prohibit the disclosure in such contract of additional information required or permitted under Regulation Z, as in effect at the time such disclosure is made.

(h) If the requirements of this section are otherwise met, the preparation and use of a separate document for escrow instructions under Section 11950 of the Vehicle Code, relating to the sale of mobilehomes, shall not violate the single document requirement of subdivision (a).

SEC. 2. Section 11950 of the Vehicle Code is amended to read:

11950. (a) Every mobilehome dealer shall, upon the buyer's signing of a purchase order or conditional sales contract for a new or used mobilehome, establish with an escrow agent an escrow account into which shall be deposited any cash or cash equivalent received from the buyer at any time prior to delivery as whole or partial payment for the mobilehome, except when a simultaneous transaction occurs in which the buyer receives delivery of a used mobilehome on the site intended for occupancy within two calendar days, one of which shall be the date of sale.

(b) No deposits shall be disbursed from the escrow account to the dealer until the buyer receives delivery of the mobilehome on the site and the mobilehome has passed inspection pursuant to Section 18613 of the Health and Safety Code. If no inspection under Section 18613 is required then the deposits may be disbursed from the escrow upon delivery of the mobilehome on the site.

(c) The escrow shall terminate and a full refund shall be made to the buyer 120 days from the date of the sales contract unless delivery is made within this period; provided, however, that the parties may extend the time in writing for 30-day periods with notice to the escrow agent.

(d) The provisions of this section shall apply to all sales by a mobilehome dealer of mobilehomes required to be moved under permit.

(e) Except for those persons or corporations described in subdivision (a) or (c) of Section 17006 of the Financial Code, the Department of Housing and Community Development shall adopt and amend as necessary rules and regulations for the establishment and maintenance of the escrow accounts with escrow agents or escrow companies licensed and regulated by the State of California.

(f) No mobilehome dealer shall establish with an escrow agent an

escrow account in an escrow company in which the mobilehome dealer has more than a 5-percent ownership interest.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that the changes made by this bill may take effect at the same time that Section 11950 of the Vehicle Code, as added by Chapter 1286 of the Statutes of 1974, becomes operative, on July 1, 1975, it is necessary that this act take effect immediately.

(b) The provisions of the Vehicle Code which require registration of a vehicle or boat; but during any period in which collateral is inventory, the filing provisions of this division (Chapter 4) apply to a security interest in that collateral; or

(c) A certificate of title statute of another jurisdiction under the law of which indication of a security interest on the certificate is required as a condition of perfection (subdivision (2) of Section 9103).

(4) Compliance with a statute or treaty described in subdivision (3) is equivalent to the filing of a financing statement under this division and a security interest in property subject to the statute or treaty can be perfected only by compliance therewith except as provided in Section 9103 on multiple state transactions. Duration and renewal of perfection of a security interest perfected by compliance with the statute or treaty are governed by the provisions of the statute or treaty; in other respects the security interest is subject to this division.

(e) The gross weight limits expressed by this section and Section 35550 shall include all enforcement tolerances.

SEC. 4. Section 35552 of the Vehicle Code is amended to read:

35552. Trucks and vehicle combinations transporting loads composed solely of logs shall be deemed in compliance with subdivision (a) of Section 35551, as it relates to tandem axles and sets of tandem axles, if the total gross weight of 34,000 pounds on tandem axles permitted by that subdivision is not exceeded by more than 500 pounds. Two consecutive sets of tandem axles may carry a gross load of 34,500 pounds each if the overall distance between the first and last axles of such consecutive sets of tandem axles is 34 feet or more. Such vehicles shall be subject to all other provisions of Section 35551, except subdivision (e), or any provision made applicable to the gross weight of a vehicle or combination of vehicles in lieu of Section 35551.

If the gross weight on a set of tandem axles is in excess of the provisions of this section, the allowed load in pounds on a set of tandem axles shall be 34,000 pounds for the purpose of determining the amount of fine for such violation as specified in the table in Section 42030.

SEC. 7. Section 35722 of the Vehicle Code is repealed.

SEC. 8. Section 35723 of the Vehicle Code is repealed.

CHAPTER 652

An act to amend Sections 34871, 34872, 34877, 34878, and 34881 of the Government Code, relating to cities.

[Approved by Governor September 10, 1975. Filed with Secretary of State September 10, 1975.]

The people of the State of California do enact as follows:

SECTION 1. Section 34871 of the Government Code is amended to read:

34871. At any municipal election, or special election held for that purpose, the legislative body may submit to the electors an ordinance providing for the election of members of the legislative body:

(a) By districts; or

(b) From districts; or

(c) By districts in four, six, or eight districts, with an elective mayor pursuant to Article 5 (commencing with Section 34900); or

(d) From districts in four, six, or eight districts, with an elective mayor pursuant to Article 5 (commencing with Section 34900).

The term "by districts" as used in this article shall mean election of members of the legislative body by voters of the district alone. The term "from districts" shall mean election of members of the legislative body who are residents of the district from which they are elected by the voters of the entire city. "Geographical area making up the district" shall in the case of elections by district mean the district, and in the case of elections from districts shall mean the entire city except with respect to the residence requirements imposed by Section 34882.

SEC. 2. Section 34872 of the Government Code is amended to read:

34872. The ordinance shall state whether there are to be five, seven, or nine districts, describe the boundaries of each, number them, and state whether members of the legislative body shall be elected by districts or from districts, or by or from districts except for an elective mayor.

SEC. 3. Section 34877 of the Government Code is amended to read:

34877. The proposition of establishing or altering legislative districts shall be printed on the ballots substantially as follows:

"Shall members of the legislative body of the City of _____ be elected by (or from) districts described in Ordinance No. _____?"

or, if applicable:

"Shall members of the legislative body of the City of _____ be elected by (or from) districts described in Ordinance No. _____, and the Mayor of the City of _____ be elected on a citywide basis by the voters of the entire city?"

followed by the words "Yes" and "No," so printed that the voters may express their choice.

SEC. 4. Section 34878 of the Government Code is amended to read:

34878. If a majority of the qualified electors of the city, who vote, vote in favor of the ordinance, at the expiration of the terms of office of the members of the legislative body, or as provided by ordinance, members of the legislative body shall be elected by (or from) the districts described, or by or from districts with an elective mayor, and in the manner provided.

SEC. 5. Section 34881 of the Government Code is amended to read:

34881. One member of the legislative body shall be elected by or from each district, or, if applicable, one member of the legislative body shall be elected by or from each district constituting a geographical division of the city, and the mayor shall be elected on a citywide basis. With the possible exception as to the number of members of the legislative body, the officers of the city remain the same.

CHAPTER 653

An act to amend Section 3062 of the Vehicle Code, relating to vehicles.

[Approved by Governor September 10, 1975. Filed with Secretary of State September 10, 1975.]

The people of the State of California do enact as follows:

SECTION 1. Section 3062 of the Vehicle Code is amended to read:

3062. In the event that a franchisor seeks to enter into a franchise establishing an additional motor vehicle dealership or relocating an existing motor vehicle dealership within or into a relevant market area where the same line-make is then represented, the franchisor

shall in writing first notify the board and each franchisee in such line-make in the relevant market area of his intention to establish an additional dealership or to relocate an existing dealership within or into that market area. Within 15 days of receiving such notice or within 15 days after the end of any appeal procedure provided by the franchisor, any such franchisee may file with the board a protest to the establishing or relocating of the dealership. When such a protest is filed, the board shall inform the franchisor that a timely protest has been filed, that a hearing is required pursuant to Section 3066, and that the franchisor shall not establish or relocate the proposed dealership until the board has held a hearing as provided in Section 3066, nor thereafter, if the board has determined that there is good cause for not permitting such dealership. In the event of multiple protests, hearings may be consolidated to expedite the disposition of the issue.

For the purposes of this section, the reopening in a relevant market area of a dealership that has not been in operation for one year or more shall be deemed the establishment of an additional motor vehicle dealership.

CHAPTER 654

An act to add and repeal Section 17525.1 of the Education Code, relating to state school support, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 10, 1975 Filed with Secretary of State September 10, 1975.]

The people of the State of California do enact as follows:

SECTION 1. Section 17525.1 is added to the Education Code, to read:

17525.1. Upon application of a school district governing board, the Superintendent of Public Instruction may grant a waiver from the provisions of Section 17523 when he has made a determination that, due to unusual circumstances existing in the district, the applicable ratios of teaching to nonteaching personnel of the district as prescribed therein do not best serve the educational needs of the pupils of the district and that failure to grant the waiver would result in extreme hardship to the district. Such waiver shall be limited to not more than three administrative positions.

The Superintendent of Public Instruction shall submit a report to the Legislature by January 5 of each year of the number of waivers and the reasons for granting such waivers pursuant to this section.

This section shall remain in effect only until July 1, 1977, and as of that date is repealed.

SEC. 2. This act is an urgency statute necessary for the

immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Many small school districts are being adversely affected since the waivers authorized pursuant to former Section 17525.1 of the Education Code were eliminated on July 1, 1975. The ratio of teaching positions to administrative positions is necessarily higher in small districts than large districts. In order to extend such waivers for an additional two years until July 1, 1977, and to thereby protect the quality of education in many districts throughout the state, it is necessary that the provisions of this act go into immediate effect.

CHAPTER 655

An act to amend Sections 9354, 20983.1, 21020, 21024, 21025, 21025.5, 21026, 21028 and 21029 of, to add Sections 21025.4 and 21034 to, and to repeal Section 21023.6 of, the Government Code, relating to the Public Employees' Retirement System, and making an appropriation therefor.

[Approved by Governor September 10, 1975 Filed with Secretary of State September 10, 1975]

The people of the State of California do enact as follows:

SECTION 1. Section 9354 of the Government Code is amended to read:

9354. The Legislators' Retirement Fund in the State Treasury is hereby established. All moneys received by this system pursuant to this chapter shall be deposited in the fund, and all retirement allowances, benefits, optional settlements, and other obligations or payments payable by this system pursuant to this chapter shall be paid from the fund. Costs of administration shall be paid from annual appropriations from earnings on the fund.

SEC. 1.1. Section 20983.1 of the Government Code is amended to read:

20983.1. Notwithstanding any provision of law to the contrary, any local member who is appointed to hold an office of a contracting agency for a fixed term of office as provided for by law of the State of California or who is elected to hold an office of a contracting agency shall not be retired for service during the time he holds such office except upon his written application to the board. Upon receipt of his application for retirement or termination of such service he shall be retired and receive a retirement allowance computed as of his actual age of retirement.

SEC. 1.5. Section 21020 of the Government Code is amended to read:

21020. As used in this part, "disability" and "incapacity for

performance of duty" as a basis of retirement, mean disability of permanent or extended and uncertain duration, as determined by the board, or in the case of a local safety member by the governing body of the contracting agency employing such member, on the basis of competent medical opinion.

SEC. 2. Section 21023.6 of the Government Code is repealed.

SEC. 3. Section 21024 of the Government Code is amended to read:

21024. The application shall be made only (a) while the member is in state service, or (b) while the member, who makes contributions under Section 20891.1 or for whom contributions will be made under Section 20894.5, is absent on military service, or (c) within four months after the discontinuance of the state service of the member, or while on an approved leave of absence, or (d) while he is physically or mentally incapacitated to perform his duties from the date of discontinuance of state service to the time of application or motion. On receipt of an application for disability retirement of a member, other than a local safety member, the board shall, or of its own motion it may, order a medical examination of a member who is otherwise eligible to retire for disability to determine whether he is incapacitated for the performance of duty. On receipt of such application with respect to a local safety member, the board shall request the governing body of the contracting agency employing such member to make such determination.

SEC. 4. Section 21025 of the Government Code is amended to read:

21025. If the medical examination and other available information show to the satisfaction of the board, or in case of a local safety member the governing body of the contracting agency employing such member, that the member is incapacitated physically or mentally for the performance of his duties in the state service and is eligible to retire for disability, the board shall forthwith retire him for disability, unless the member is qualified to be retired for service and applies therefor prior to the effective date of his retirement for disability or within 30 days thereafter, in which event the board shall retire the member for service. The governing body of a contracting agency upon receipt of the request of the board pursuant to Section 21024 shall certify to the board its determination under this section that the member is or is not so incapacitated.

SEC. 5. Section 21025.4 is added to the Government Code, to read:

21025.4. Notwithstanding any other provision of this article, the retirement for disability of a local safety member shall not be effective without the member's consent earlier than the date upon which leave of absence without loss of salary under Section 4850 of the Labor Code because of such disability terminates, or the earlier date during such leave as of which such disability is permanent and stationary as found by the Workmen's Compensation Appeals Board.

SEC. 6. Section 21025.5 of the Government Code is amended to read:

21025.5. Notwithstanding any other provision of this article, the retirement for disability of a member, other than a local safety member, who has been granted or is entitled to a leave of absence with compensation, shall not become effective prior to the expiration of such leave of absence with compensation, unless the member applies for or consents to his retirement as of an earlier date.

SEC. 7. Section 21026 of the Government Code is amended to read:

21026. If a member is entitled to a different disability retirement allowance according to whether the disability is industrial or nonindustrial and the member claims that the disability as found by the board, or in the case of a local safety member by the governing body of his employer, is industrial and such claim is disputed by the board, or in case of a local safety member by such governing body, the Workmen's Compensation Appeals Board, using the same procedure as in workmen's compensation hearings, shall determine whether such disability is industrial.

SEC. 8. Section 21028 of the Government Code is amended to read:

21028. The board, or in case of a local safety member the governing body of the employer from whose employment the person was retired, may require any recipient of a disability retirement allowance under the minimum age for voluntary retirement for service applicable to members of his class to undergo medical examination, and upon his application for reinstatement, shall cause a medical examination to be made of any such recipient who is at least six months less than the age of compulsory retirement for service applicable to members of the class or category in which it is proposed to employ him. The board, or in case of a local safety member the governing body of the employer from whose employment the person was retired, shall also cause such examination to be made upon application for reinstatement to the position held at retirement or any position in the same class, of a person who was incapacitated for performance of duty in such position at the time of a prior reinstatement to another position. Such examination shall be made by a physician or surgeon, appointed by the board, at the place of residence of the recipient or other place mutually agreed upon. Upon the basis of such examination the board or such governing body shall determine whether he is still incapacitated, physically or mentally, for duty in the state agency, the university, or contracting agency, where he was employed and in the position held by him when retired for disability, or in a position in the same classification, and for the duties of the position with regard to which he has applied for reinstatement from retirement.

SEC. 9. Section 21029 of the Government Code is amended to read:

21029. If the determination pursuant to Section 21028 is that such recipient is not so incapacitated for duty in the position held when

retired for disability or in a position in the same classification or in the position with regard to which he has applied for reinstatement, his disability retirement allowance shall be canceled forthwith, and he shall become a member of the retirement system.

If the recipient was an employee of the state or of the university and is so determined to be not incapacitated for duty in the position held when retired for disability or in a position in the same class, he shall be reinstated, at his option, to such position; provided, that acceptance in such case of any other position shall immediately terminate any right to such reinstatement. Such recipient who is found to continue incapacitated for duty in his former position and class, but not incapacitated for duty in another position for which he has applied for reinstatement and who accepts employment in such other position, shall upon subsequent discontinuance of incapacity for service in his former position or a position in the same class, as determined by the board under Section 21028, be reinstated at his option to such position.

If the recipient was an employee of a contracting agency other than a local safety member, the board shall notify it that his disability has terminated and that he is eligible for reinstatement to duty. The fact that he was retired for disability does not prejudice any right to reinstatement to duty which he may claim.

SEC. 10. Section 21034 is added to the Government Code, to read:

21034. The governing body of a contracting agency may delegate any authority or duty conferred or imposed under this article to a subordinate officer subject to such conditions as it may impose.

SEC. 11. The sum of twenty thousand dollars ($20,000) is hereby appropriated from earnings on the Legislators' Retirement Fund for reimbursement to the Public Employees' Retirement System for costs of the administration of the Legislators' Retirement System for the period of January 1, 1976 to June 30, 1976.

Prompt payment discounts to retailers shall be permitted only when the seller actually receives payment in cash or its equivalent within the specified period after date of delivery. Postdated checks or checks returned for nonpayment shall not be deemed the equivalent of cash.

Permitted discounts shall not be taken in merchandise.

SEC. 2. Section 24879 of the Business and Professions Code is amended to read.

24879. A retailer may return wine to the seller or to the successor of the seller and the seller or his successor may accept the return thereof, but the seller or his successor may not sell wine to the retailer for a period of one year after the date the returned wine is accepted or received unless any of the following exist:

(c) The returned wine is a brand or item of wine which has been discontinued by the seller or his successor, and in such case the wine is exchanged for the identical quantity of a brand or item of similar quality.

(d) The wine delivered was other than that ordered by a retailer or was in a quantity other than that ordered. In such cases, the retailer may, within 15 days after such delivery, return such wine to the seller or his successor for exchange for the wine actually ordered, or may return the wine delivered in excess of the wine actually ordered. Returns under this subdivision may also be made after 15 days from the date of delivery upon written approval of the department.

(e) The wine has deteriorated in quality or the container thereof has been damaged, or the label or container for the wine has been changed, and the wine is returned and exchanged for the identical quantity of the same brand and type of wine and size of container. For the purpose of this subdivision, "wines of the same type" means wines which are within the same class as defined in Sections 17005 to 17050, inclusive, by the Standards of Identity and Quality, Title 17, California Administrative Code, and which bear the same rate of

state wine excise tax Wines returned and exchanged pursuant to this subdivision shall have the same current posted price to retailers.

If wine or the container thereof is damaged or deteriorated, and the seller thereof has ceased to carry on a business licensed under this division and there is no successor to such business, such wine may be returned by a retailer to a winegrower or wholesaler who handles the same brand or item of wine, upon the same terms and conditions provided in this section for return of wine to a seller or his successor, after receiving approval from the department.

The approval of the department shall only be required for returns made after 15 days from date of delivery under the provisions of subdivision (d) of this section, or returns made under the provisions of the immediately preceding paragraph of this section.

(f) As used in subdivisions (a), (c), and (e), the term "identical quantity" includes wine in metric measure containers and wine in United States standard measure containers which contain substantially the same amount of wine.

An act to amend Sections 204c, 204d, and 205 of, and to add Section 204e to, the Code of Civil Procedure, relating to jury selection, and making an appropriation therefor.

[Approved by Governor September 10, 1975 Filed with Secretary of State September 10, 1975]

The people of the State of California do enact as follows:

SECTION 1. Section 204c of the Code of Civil Procedure is amended to read:

204c. The jury commissioner shall diligently inquire and inform himself in respect to the qualifications of persons on the roll of eligible juror candidates, as defined in Section 204e, who may be summoned for trial jury duty. He may require any person to answer, under oath to be administered by him, all such questions as he may address to such person, touching his name, age, residence, occupation and qualifications as a trial juror, and also all questions as to similar matters concerning other persons of whose qualifications for trial jury duty he has knowledge. The commissioner and his assistants, referred to in Sections 69895 and 69896 of the Government Code, shall have power to administer oaths and shall be allowed actual traveling expenses incurred in the performance of their duties. Such traveling expenses shall be audited, allowed, and paid out of the general fund of the county.

SEC. 2. Section 204d of the Code of Civil Procedure is amended to read:

204d. Pursuant to the rules adopted by a majority of the judges

of the superior court, supplementary to such rules as may be adopted by the Judicial Council, the jury commissioner shall return to the judges the list of persons recommended by him for trial jury duty. The judges of the superior court shall examine the jury list so returned and from such list a majority of the judges may select, to serve as trial jurors in the superior court of the county during the ensuing year or until a new list of jurors is required, such persons as, in their opinion, should be selected for trial jury duty. The persons so selected shall, in the opinion of the judges selecting them, be persons suitable and competent to serve as jurors, as required by law. The judges are not required to select any names from the list returned by the jury commissioner, but may, if in their judgment the due administration of justice requires, make all or any selections from among the body of persons in the county whose name appears on the roll of eligible jurors and who are suitable and competent to serve as trial jurors regardless of the list returned by the jury commissioner.

SEC. 3. Section 204e is added to the Code of Civil Procedure, to read:

204e. (a) The jury commissioner shall prepare and keep a roll of eligible juror candidates. The roll shall be comprised of the name and address of persons who reside in the county, and who are 18 years of age or older, shall include those who are registered voters, and may include those who have been licensed or issued an identification card pursuant to Article 3 (commencing with Section 12800) and Article 5 (commencing with Section 13000) of Chapter 1 of Division 6 of the Vehicle Code. The roll shall be prepared so as to avoid duplication of eligible juror candidates.

(b) Upon written request by the jury commissioner of a county, the Director of Motor Vehicles shall furnish a list of the names and addresses of all persons who are age 18 years or older and who have been licensed or issued an identification card pursuant to Article 3 (commencing with Section 12800) and Article 5 (commencing with Section 13000) of Chapter 1 of Division 6 of the Vehicle Code. The jury commissioner shall not disclose the information furnished by the Department of Motor Vehicles pursuant to this section to any person, organization, or agency for any use other than the selection of trial jurors.

SEC. 4. Section 205 of the Code of Civil Procedure is amended to read:

205. The selections and listings in each county shall be made at random from the jury eligibility roll specified in Section 204e of persons suitable and competent to serve as jurors, and in making such selections there shall be taken only the names of persons who are not exempt from serving, who are in the possession of their natural faculties, who are not infirm or decrepit, who are of fair character and approved integrity, and who are of sound judgment.

SEC. 5. The sum of thirty-one thousand dollars ($31,000) is hereby appropriated from the General Fund to the Department of Motor Vehicles for costs to be incurred pursuant to the furnishing of requested departmental information to the counties, as provided for in this act.

SEC. 6. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement to local governmental entities for any costs that might be incurred by them under this act nor shall there be an appropriation for the purpose of such reimbursement made by this act.

CHAPTER 658

An act to add Sections 14501 and 14502 to the Education Code, relating to school district retirement salary plans.

[Approved by Governor September 10, 1975 Filed with Secretary of State September 10, 1975]

The people of the State of California do enact as follows:

SECTION 1. Section 14501 is added to the Education Code, to read:

14501. (a) This section and Section 14502 shall only be applicable to a district retirement salary plan in a unified district presently having an average daily attendance of less than 200,000 pupils and which was discontinued by the governing board of the district.

(b) The district shall continue to pay monthly to teachers and other persons who were retired prior to the date of such discontinuance an amount equal to the amount by which the retirement allowance to which any of such retired teachers or other persons were entitled under the plan exceeds the increase in the teacher's or other person's retirement allowance under the State Teachers' Retirement System resulting from the discontinuance. The arrangement under which such amounts are paid by the district shall not be considered to be a local retirement system for the purposes of Sections 13801 to 14405, inclusive, nor shall such amount be taken into account in the calculation of retirement allowances under the State Teachers' Retirement System.

(c) The reserve fund created by the district from the assets delivered to it by the discontinued district retirement plan under subdivision (c) of Section 14690 prior to its repeal is continued in existence and the amounts payable under subdivision (b) of this section shall be paid from that reserve fund.

SEC. 2. Section 14502 is added to the Education Code, to read:

14502. (a) The special reserve resulting from the discontinuance of a district retirement salary plan as provided in former Section 14690 prior to its repeal, and a part of which is used annually in the

interest of the employees of the district at the discretion of the governing board, is continued in existence and shall continue to be used first as provided in this section.

(b) The district in which the district retirement plan was discontinued and which credited each teacher or other person employed by the district at the time of discontinuance, in a status requisite for membership in the State Teachers' Retirement System, with an amount which bears the same ratio to the portion of the assets delivered to the district pursuant to subdivision (c) of Section 14690 prior to its repeal, which remained after the creation of the reserve fund for payments under subdivision (d) of Section 14690 prior to its repeal, as required by subdivision (e) of Section 14690 prior to its repeal, as the accumulated contributions credited to the member in his individual contribution account under the discontinued retirement plan at the time of discontinuance, bore to the total accumulated contributions so credited to all such teachers and persons, but such credit to any active member shall not exceed the amount of the member's accumulated contributions so credited at that time. The amount so credited to any person shall continue to be increased by interest at rates approved from time to time by the governing board of the district. The accumulated amount at the date upon which the person retires for service or disability under the State Teachers' Retirement System shall continue to be applied according to rates and tables adopted by the governing board and then in effect, to provide an annuity payable to the person throughout the balance of his life or a lump sum payment of the total account balance on the date of retirement at the option of the governing board. If the person dies prior to retirement, the amount, with credited interest, shall be paid to his designated beneficiary, as it appears on the records of the district, if any, otherwise to the member's estate. If the person ceases to be employed by the district for any reason other than death, retirement, or attainment of the age at which his classification as a permanent employee ceases, he shall no longer be credited with or have any right to such accumulated amount, but the amount shall revert to and belong to the district. The arrangement under which annuities and death benefits are paid by a district under this subdivision shall not be considered to be a local retirement system for the purposes of Sections 13801 to 14405, inclusive, nor shall such payments be taken into account in the calculation of retirement allowances under the State Teachers' Retirement System.

(c) The reserve fund created by the district from the assets delivered to it pursuant to subdivision (c) of Section 14690 prior to its repeal is continued in existence and in the amount equal in amount to the total contributions credited to employees of the district, under subdivision (b) of Section 14691 prior to its repeal, and the annuities and death benefits payable under subdivision (b) of Section 14691 prior to its repeal shall continue to be paid from this reserve fund. If the reserve fund as first created proves insufficient to make the payments required under former subdivision (b), the

district shall continue to make such additions to the reserve fund as may be necessary to provide for such payments.

(d) In addition to any other investments authorized by law for the investment of such funds, the funds of any specialized reserve or reserve fund established pursuant to Section 14690 or 14691 prior to their repeal may continue to be invested as authorized by Sections 31595 and 31595.4 of the Government Code for the investment of the funds of a county employees' retirement system.

The governing board may employ investment advisers to advise it on such investments and the fees for these services may be paid from the special reserve or reserve funds.

(e) The governing board may make additional cost-of-living adjustments in the payments to persons who retired prior to January 1, 1953.

(i) Who has ever held, or is the holder of a license to drive issued by another state, territory, or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico, and such license has been revoked by reason, in whole or in part, of a conviction of a traffic violation until the revocation has been

CHAPTER 660

An act to amend Section 35713 of, and to add Section 35715 to, the Vehicle Code, relating to vehicles, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 10, 1975 Filed with Secretary of State September 10, 1975]

The people of the State of California do enact as follows:

SECTION 1. Section 35713 of the Vehicle Code is amended to read:

35713. No ordinance closing a highway under Section 35712 or 35715 is effective until appropriate signs are erected indicating either the highways affected by the ordinance or the highways not affected as the county may determine will best serve to give notice of the ordinance, nor shall any ordinance be effective with respect to any county highway unless the board of supervisors designates in the ordinance an alternate route for the use of the vehicles which shall remain unrestricted by any local regulation as to commercial vehicles so long as the ordinance proposed shall remain in effect.

SEC. 1.5. Section 35715 is added to the Vehicle Code, to read:

35715. (a) The County of Nevada may by ordinance prohibit the use of Northwoods Boulevard in such county by any commercial vehicle exceeding a gross weight specified in the ordinance.

(b) No ordinance adopted pursuant to this section shall be effective with respect to:

(1) Any commercial vehicle coming from an unrestricted highway having ingress and egress by direct route to and from the restricted highway when necessary for the purpose of making pickups or deliveries of goods, wares, and merchandise from or to any building or structure located on the restricted highway or for the purpose of delivering materials to be used in the actual and bona fide repair, alteration, remodeling, or construction of any building or structure upon the restricted highway for which a building permit has previously been obtained.

(2) The operation of ambulances or hearses.

(3) Any vehicle owned, operated, controlled, or used by a public utility in connection with the construction, installation, operation, maintenance, or repair of any public utility facilities.

SEC. 2. The provisions of this act are necessary because the steep grade, the location of a school building at the foot of the grade, and

the high volume of traffic on Northwoods Boulevard in Nevada County present unique traffic problems with respect to such boulevard. It is therefore hereby declared that a general law cannot be made applicable and that the enactment of this act as a special law is necessary for the solution of the unique traffic problems facing Nevada County with respect to Northwoods Boulevard.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Inasmuch as Northwoods Boulevard in Nevada County is an inadequate route for large, heavy motor vehicles, and this use constitutes a grave problem of public safety, it is necessary that this act, broadening the authority of the County of Nevada to restrict vehicles by weight on such boulevard, take effect immediately.

(a) In the case of a refund, to the 15th day of the calendar month following the date upon which the claimant is notified by the board that a claim may be filed or the date upon which the claim is certified to the State Board of Control, whichever date is the earlier.

(b) In the case of a credit, to the same date as that to which interest is computed on the tax or amount against which the credit is applied.

SEC. 67.5. Section 32405 of the Revenue and Taxation Code is amended to read:

32405. Interest shall be computed, allowed, and paid upon any overpayment of any amount of tax at the rate of 1 percent per month from the 15th day of the calendar month following the period for which the overpayment was made, but no refund or credit shall be made of any interest imposed upon the claimant with respect to the amount being refunded or credited.

The interest shall be paid:

(a) In the case of a refund, to the 15th day of the calendar month following the date upon which the claimant is notified by the board

02306 279370 626

that a claim may be filed or the date upon which the claim is certified to the State Board of Control, whichever date is the earlier.

(b) In the case of a credit, to the same date as that to which interest is computed on the tax or amount against which the credit is applied.

SEC. 68. Section 32417 of the Revenue and Taxation Code is amended to read:

32417. In any judgment, interest shall be allowed at the rate of 12 percent per annum upon the amount found to have been illegally collected from the date of payment of the amount to the date of allowance of credit on account of the judgment or to a date preceding the date of the refund warrant by not more than 30 days, the date to be determined by the board.

SEC. 69. Section 803 of the Unemployment Insurance Code is amended to read:

803. (a) As used in this section "entity" means any employing unit that is authorized or required by any provision of Article 4 (commencing with Section 701) of this chapter or by Section 801 or 802 to elect a method of financing coverage permitted by this section.

(b) In lieu of the contributions required of employers, an entity may elect any one of the following:

(1) To pay into the Unemployment Fund in the State Treasury at the times and in the manner provided in subdivision (c) of this section, an amount equal to the additional cost to the Unemployment Fund of the benefits, including extended duration benefits and federal-state extended benefits, paid based on base period wages with respect to employment for the entity. Benefits otherwise payable irrespective of this section shall be charged to employers' accounts in accordance with other sections of this division, but the additional cost to the Unemployment Fund of the benefits paid based on base period wages with respect to employment for an entity pursuant to this section shall be borne solely by the appropriate entity. If benefits are based on wages paid during a base period by two or more entities, the benefits shall be borne by each of the entities in the proportion that the total wages paid to the individual in employment by each entity during the base period bears to the total wages paid to the individual in employment by all entities during the base period. "Total wages paid" as used in this subdivision, include taxable wages as well as wages which would be taxable except for the limitation on taxable wages provided under Section 930. The director may by authorized regulations prescribe a method of providing a good and sufficient bond to guarantee payment of contributions under this subdivision.

(2) To pay into the Unemployment Fund the cost of benefits, including extended duration benefits and federal-state extended benefits, paid based on base period wages with respect to employment for the entity and charged to its account in the manner provided by Section 1026, pursuant to authorized regulations which shall prescribe the rate or amount, time, manner, and method of

payment or advance payment or providing a good and sufficient bond to guarantee payment of contributions.

(3) Two or more entities that have elected a method of financing under this section may, pursuant to authorized regulations, file an application with the director for the establishment of a joint account for the purpose of determining the rate of contributions they shall pay into the Unemployment Fund to reimburse the fund for benefits paid with respect to employment for such entities. The members of the joint account may elect either to share the additional cost to the Unemployment Fund of the benefits, including extended duration benefits and federal-state extended benefits, paid based on base period wages with respect to employment for such members, or to share the cost of benefits, including extended duration benefits and federal-state extended benefits, paid based on the base period wages with respect to employment for such members and charged to the joint account in the manner provided by Section 1026. The director shall prescribe authorized regulations for the establishment, maintenance, and dissolution of joint accounts, and for the rate or amount, time, manner, and method of payment or advance payment or providing a good and sufficient bond to guarantee payment of contributions by the members of joint accounts, on an additional cost basis and on the alternative basis of the cost of benefits charged in the manner provided by Section 1026.

(c) Sections 1030, 1030.5, 1031, 1032, and 1032.5, and any provision of this division for the noncharging of benefits to the account of an employer, shall not apply to an election under subdivision (b) of this section.

(d) In making the payments prescribed by subdivision (b) of this section there shall be paid or credited to the Unemployment Fund, either in advance or by way of reimbursement, as may be determined by the director, such sums as he estimates the Unemployment Fund will be entitled to receive from each entity for each calendar quarter, reduced or increased by any sum by which he finds that his estimates for any prior calendar quarter were greater or less than the amounts which should have been paid to the fund. Such estimates may be made upon the basis of such statistical sampling, or other method as may be determined by the director.

Upon making such determination, the director shall give notice of the determination, pursuant to Section 1140, to the entity. The director may cancel any contributions or portion thereof which he finds has been erroneously determined. The director shall charge to any special fund, which is responsible for the salary of any employee of an entity, the amount determined by the director for which the fund is liable pursuant to this section. The contributions due from the entity shall be paid from the liable special fund, the General Fund, or other liable fund to the Unemployment Fund by the Controller or other officer or person responsible for disbursements on behalf of the entity within 30 days of the date of mailing of the director's notice of determination to the entity. The director for good cause may

extend for not to exceed 60 days the time for paying without penalty the amount determined and required to be paid. Contributions are due upon the date of mailing of the notice of determination and are delinquent if not paid on or before the 30th day following the date of mailing of such notice. Any entity which fails to pay the contributions required within the time required shall be liable for interest on the contributions at the rate of 1 percent per month or fraction thereof from and after the date of delinquency until paid, and any entity which without good cause fails to pay any contributions required within the time required shall pay a penalty of 10 percent of the amount of such contributions. If the entity fails to pay the contributions required on or before the delinquency date, the director may assess the entity for the amount required by the notice of determination. The provisions of Article 8 (commencing with Section 1126) of Chapter 4 of Part 1 of this division with respect to the assessment of contributions, and the provisions of Chapter 7 (commencing with Section 1701) of Part 1 of this division with respect to the collection of contributions, shall apply to the assessments provided by this section. The provisions of Sections 1177 to 1184, inclusive, relating to refunds and overpayments, shall apply to amounts paid to the Unemployment Fund pursuant to this section.

(e) To the extent permitted by federal law, no contributions shall be due from any entity other than a nonprofit organization which has elected a method of financing under subdivision (b) and which has previously made contributions required of employers pursuant to an elective coverage agreement or under compulsory coverage until the additional cost of benefits paid and reimbursable by or the cost of benefits paid and reimbursable by the entity under this section together with the benefits charged and chargeable to the reserve account of the entity as a result of its prior election or compulsory coverage exceed the contributions made by the entity and credited to its reserve account pursuant to its prior election or compulsory coverage.

(f) Except with respect to a political subdivision electing coverage pursuant to Section 710.2, the director may terminate the election of any entity for any method of financing under this section if the entity is delinquent in the payment of advances or reimbursements required by the director under this section. After any such termination the entity may again make an election pursuant to this section but only if it is not delinquent in the payment of contributions and not delinquent in the payment of advances or reimbursements required by the director under this section.

(g) Notwithstanding any other provision of this section, no entity shall be liable for that portion of any extended duration benefits or federal-state extended benefits which is reimbursed or reimbursable by the federal government to the State of California.

(h) After the termination of any election under this section, the entity shall remain liable for its proportionate share of the additional cost of benefits paid, or of the cost of benefits paid and charged to

its account in the manner provided by Section 1026, which are based on wages paid for services during the period of the election. Any such liability may be charged against any remaining balance of a prior reserve account used by the entity pursuant to Section 712 or used by a public entity pursuant to subdivision (e). Any portion of such remaining balance shall be included in the reserve account of the entity following any termination of an election under this section which occurs prior to the expiration of a period of three consecutive years commencing with the effective date of such election. For purposes of Section 982, the period of an election under Section 803 shall, to the extent permitted by federal law, be included as a period during which a reserve account has been subject to benefit charges.

SEC. 70. Section 1111 of the Unemployment Insurance Code is amended to read:

1111. The director for good cause may extend for not to exceed 60 days the time for making a return or paying without penalty any amount required to be paid under this division. Any employer to whom an extension is granted and who pays the amount required within the period for which the extension is granted shall pay, in addition to the contributions, interest at the rate of 12 percent per annum from the date on which the payment would have been delinquent without the extension until the date of payment.

SEC. 71. Section 1113 of the Unemployment Insurance Code is amended to read:

1113. Any employer who fails to pay any contributions required of him or of his workers, except amounts assessed under Article 8 (commencing with Section 1126) of this chapter, within the time required shall become liable for interest on such contributions at the rate of 1 percent per month or fraction thereof from and after the date of delinquency until paid.

SEC. 72. Section 1129 of the Unemployment Insurance Code is amended to read:

1129. The amount of each assessment, exclusive of penalty, shall bear interest at the rate of 1 percent per month or fraction thereof from and after the last day of the month following the close of the calendar quarter, or from and after the 15th day of the month following the close of the calendar month, for which the contributions should have been returned until the date of payment.

SEC. 73. Section 1181 of the Unemployment Insurance Code is amended to read:

1181. Interest shall be allowed and paid only to the extent that interest and penalties collected under this division are available therefor upon any overpayment of contributions at the rate of 12 percent per annum from the date of overpayment to the date of the allowance of the refund or credit, but no interest shall be allowed if the director determines that any overpayment was made intentionally or by reason of negligence on the part of the employing unit.

SEC. 74. Section 1183 of the Unemployment Insurance Code is

amended to read:

1183. If in any action authorized by Section 1182 judgment is rendered for the plaintiff, the amount of the judgment shall first be credited on any contributions, interest and penalties due from the plaintiff under this division, and the balance of the judgment shall be refunded to the plaintiff. In any such judgment, interest shall be allowed and paid only to the extent that interest and penalties collected under this division are available therefor, at the rate of 12 percent per annum upon the amount of contributions found to have been illegally collected from the date of payment of the contributions to the date of the judgment.

SEC. 75. Section 1184 of the Unemployment Insurance Code is amended to read:

1184. If any refund or portion thereof is erroneously made, the director shall assess such amount to the employing unit or other person to whom the refund was made, together with any interest paid thereon, but no assessment shall be made with respect to any amount of wage-earner contributions which the employer has refunded to his employees. The amount of the assessment shall bear interest at the rate of 12 percent per annum commencing 30 days after the service of notice of such assessment, if not paid within such period, until the date of repayment. The director shall give the employing unit against whom the assessment is made a written notice of the assessment in accordance with the provisions of Section 1140.

Such notice must be given within three years from the date the refund was made unless the employing unit waives this limitation period or consents to its extension. Sections 1133, 1134, 1135 and 1136 shall be applicable to assessments made under this section. The director shall collect the amount of any assessment made under this section in the same manner that other assessments are collected.

SEC. 76. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to this section nor shall there be any appropriation made by this act because this act contains a revenue source which may be utilized by local governments to cover the cost of the mandate.

SEC. 77. Notwithstanding any provisions of law, additional revenues deposited to the credit of any fund or account which are attributable to the increase in interest pursuant to this act shall only be appropriated for expenditure, allocation, or transfer as provided in legislation enacted after the effective date of this act.

SEC. 78. The interest rate change in this act shall apply to all interest accrued on or after January 1, 1976.

SEC. 79. It is the intent of the Legislature, if this bill and Senate Bill No. 692 are both chaptered and become effective January 1, 1976, both bills amend Section 32271 of the Revenue and Taxation Code, and this bill is chaptered after Senate Bill No. 692, that the amendments to Section 32271 proposed by both bills be given effect and incorporated in Section 32271 in the form set forth in Section 65.5

of this act. Therefore, Section 65.5 of this act shall become operative only if this bill and Senate Bill No. 692 are both chaptered and become effective January 1, 1976, both amend Section 32271, and this bill is chaptered after Senate Bill No. 692, in which case Section 65 of this act shall not become operative.

SEC. 80. It is the intent of the Legislature, if this bill and Senate Bill No. 692 are both chaptered and become effective January 1, 1976, both bills amend Section 32291 of the Revenue and Taxation Code, and this bill is chaptered after Senate Bill No. 692, that the amendments to Section 32291 proposed by both bills be given effect and incorporated in Section 32291 in the form set forth in Section 66.5 of this act. Therefore, Section 66.5 of this act shall become operative only if this bill and Senate Bill No. 692 are both chaptered and become effective January 1, 1976, both amend Section 32291, and this bill is chaptered after Senate Bill No. 692, in which case Section 66 of this act shall not become operative.

SEC. 81. It is the intent of the Legislature, if this bill and Senate Bill No. 692 are both chaptered and become effective January 1, 1976, both bills amend Section 32405 of the Revenue and Taxation Code, and this bill is chaptered after Senate Bill No. 692, that the amendments to Section 32405 proposed by both bills be given effect and incorporated in Section 32405 in the form set forth in Section 67.5 of this act. Therefore, Section 67.5 of this act shall become operative only if this bill and Senate Bill No. 692 are both chaptered and become effective January 1, 1976, both amend Section 32405, and this bill is chaptered after Senate Bill No. 692, in which case Section 67 of this act shall not become operative.

CHAPTER 662

An act to amend Section 205.5 of, and to add Sections 276, 277, 278, 279, and 279.5 to, the Revenue and Taxation Code, relating to property taxation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 10, 1975 Filed with Secretary of State September 10, 1975]

The people of the State of California do enact as follows:

SECTION 1. Section 205.5 of the Revenue and Taxation Code is amended to read:

205.5. (a) The property which constitutes the home of a resident of this state who is a veteran as specified in subdivisions (o), (p), (q), and (r) of Section 3 of Article XIII of the Constitution and which is the principal place of residence of the veteran or the veteran's unmarried surviving spouse is exempt from taxation on that part of the assessed value of the residence that does not exceed ten thousand

dollars ($10,000), if the veteran, because of injury incurred in military service, is blind in both eyes, has lost the use of two or more limbs, or is totally disabled.

(b) For purposes of this section, being blind in both eyes means having a visual acuity of 5/200 or less; losing the use of a limb means that the limb has been amputated or its use has been lost by reason of ankylosis, progressive muscular dystrophies, or paralysis; and being totally disabled means that the United States Veterans Administration has rated the disability at 100 percent or has rated the disability compensation at 100 percent by reason of being unable to secure or follow a substantially gainful occupation.

(c) No person shall be eligible for this exemption unless he or she was a resident of California at the time of his or her entry into military or naval service, or unless he or she was a resident of the state on November 7, 1972, if he or she is blind or has lost the use of two or more limbs, or on the effective date of this section, if he or she is totally disabled.

(d) This exemption includes the home of such a person owned in either joint, common or community interest with his or her spouse and the home of such a person which is owned by a corporation of which he or she is a shareholder when the rights of shareholding entitle one to possession of a home owned by the corporation. The exemption provided by this section shall be shown on the local roll and shall reduce the assessed value of such corporation. Notwithstanding any provision of law or articles of incorporation or bylaws of such corporation to the contrary, it is the intent of the Legislature that any reduction of property taxes paid by such corporation shall reflect an equal reduction in any charges by such corporation to the veteran who, by reason of his qualifying under subdivision (a), made possible such reduction for such corporation.

(e) An exemption granted to a claimant in accordance with the provisions of this section shall be in lieu of any other property tax exemption to which the claimant may be entitled, and no property tax exemption may be claimed by any other person with respect to the same home for which an exemption has been granted under the provisions of this section.

SEC. 2. Section 276 is added to the Revenue and Taxation Code, to read:

276. (a) If a claimant for the disabled veterans' property tax exemption for the 1976–77 fiscal year or any year thereafter fails to file the required affidavit with the assessor by 5 p.m. on April 15 of the calendar year in which the fiscal year begins, but files such claim on or before the following December 1, an exemption of the lesser of eight thousand dollars ($8,000) or 80 percent of the assessed value of the dwelling shall be granted by the assessor.

(b) On such claims filed pursuant to subdivision (a) after November 15, this exemption may be applied to the second installment, and if applied to the second installment, the first installment will still become delinquent on December 10, and a

6-percent penalty will attach if the tax amount due is not paid.

If this exemption is applied to the second installment and if both installments are paid on or before December 10, or if the reduction in taxes from this exemption exceeds the amount of taxes due on the second installment, a refund shall be made to the taxpayer upon a claim submitted by the taxpayer to the auditor.

SEC. 3. Section 277 is added to the Revenue and Taxation Code, to read:

277. Any person claiming the disabled veterans' property tax exemption shall make a return of the property to the assessor, the same as property is listed for taxation, and shall accompany it by an affidavit, giving any information required by the board. Such information shall include, but shall not be limited to, the name of the person claiming the exemption, the address of the property, and a statement to the effect that the claimant owned and occupied the property as his principal place of residence on the lien date, or that he intends to own and occupy the property as his principal place of residence on the next succeeding lien date, and proof of disability as defined by Section 205.5.

SEC. 4. Section 278 is added to the Revenue and Taxation Code, to read:

278. For the 1976–77 fiscal year only, before the lien date, county assessors shall mail a claim form for the disabled veterans' exemption to all disabled veterans who received the exemption for the 1975–76 fiscal year, except where such person has transferred title in the property since the lien date in 1975.

For the 1977–78 fiscal year and thereafter, county assessors shall each year mail a notice to all disabled veterans who received the disabled veterans' exemption in the immediately preceding year, except where such person has transferred title in the property since the immediately preceding lien date. The notice shall inform the taxpayer of the requirements that must be met in order to be eligible for the exemption, of the penalties if the taxpayer allows the exemption to continue when he is not eligible for the exemption, and of his duty to inform the assessor when he is no longer eligible for the exemption.

SEC. 5. Section 279 is added to the Revenue and Taxation Code, to read:

279. A claim for the disabled veterans' property tax exemption filed by the owner of a dwelling, as defined in Section 205.5, once granted, shall remain in effect until such time as title to the property changes, the owner does not occupy the home as his principal place of residence on the lien date, or the property is altered so that it is no longer a dwelling as defined in Section 205.5, or the veteran is no longer disabled as defined in Section 205.5.

The assessor of the county in which such a dwelling is situated shall verify the eligibility of each who is receiving a disabled veterans' exemption to continue to receive such an exemption in accordance with rules and regulations, which shall be issued by the board, to

provide for a periodic audit and for the establishment of a control system for the disabled veterans' exemption claims.

SEC. 6. Section 279.5 is added to the Revenue and Taxation Code, to read:

279.5. The taxpayer who has filed a claim for the disabled veterans' exemption, once granted, is responsible for notifying the assessor when the property is no longer eligible for the exemption.

Upon any indication that a disabled veterans' exemption has been incorrectly allowed, the assessor shall make a redetermination of eligibility for the disabled veterans' exemption. If the assessor determines that the property is no longer eligible for the exemption, he shall immediately cancel the exemption on the property.

If a disabled veterans' exemption has been incorrectly allowed, an escape assessment as allowed by Section 531.2 in the amount of the exemption with interest as provided in Section 506 shall be made. If the exemption was incorrectly allowed because of erroneous or incorrect information submitted by the claimant with knowledge that such information was erroneous or incomplete or because the claimant failed to notify the assessor that the property was no longer eligible for the exemption, the penalty provided in Section 504 shall be added to the assessment.

SEC. 7. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to this section nor shall there be any appropriation made pursuant to Sections 1, 3, 4, 5, and 6 of this act because there are minor savings as well as minor costs in this act which, in the aggregate, do not result in significant identifiable cost changes.

SEC. 8. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediately effect. The facts constituting such necessity are:

At the November, 1974 general election, the people amended the California Constitution enabling persons previously ineligible, to qualify for the disabled veterans' exemption. The State Board of Equalization, the agency which supervises the administration of property taxes in the state, did not reach a final determination of what constituted a "totally disabled" veteran until March 27, 1975, only 19 days before the final date to file a claim for the exemption. If this definition is changed again at a later date, a late filing period should be available to disabled veterans.

CHAPTER 663

An act to amend Sections 987.60, 987.61, and 987.65 of the Military and Veterans Code, relating to veterans.

[Approved by Governor September 10, 1975. Filed with Secretary of State September 10, 1975]

The people of the State of California do enact as follows:

SECTION 1. Section 987.60 of the Military and Veterans Code is amended to read:

987.60. The department may acquire such farm or home from the owner thereof or may contract with a veteran for the construction of a dwelling house and other improvements for a farm or home, upon the terms agreed if:

(a) The department is satisfied of the desirability of the property submitted.

(b) The veteran has agreed with the department that he or members of his immediate family will actually reside on the property within 60 days from the date of purchase by the department, or if the residence on the property is not complete on the date of purchase, within 60 days after the residence is completed.

(c) The sum to be expended by the department pursuant to a contract for the construction of a dwelling house and other improvements does not exceed thirty thousand dollars ($30,000).

(d) Where the department is to contract with a veteran for the construction of a dwelling house and other buildings, or for the purchase of a mobilehome:

(1) The veteran is the owner in fee of the real property on which the dwelling house and other buildings are to be constructed, or is the owner in fee of the real property or the owner of an undivided interest in common in a portion of a parcel of real property on which a mobilehome is to be situate, and agrees to convey that property to the department without cost.

(2) The veteran has paid a reasonable fee set by the department to cover the cost of such preliminary service of the department as may be necessary to process the application.

(3) The veteran has filed with the department adequate plans and specifications for the improvements to be constructed upon said real property, together with a contract, executed by a contractor licensed by the State of California for the construction of said improvements in accordance with said plans and specifications within eight months after the acquisition of said real property by the department, and a bond executed by the contractor providing for compliance with the terms of said contract and for the payment of materialmen and labor furnishing material or labor on the job, executed by a surety company, authorized to do business in the State of California.

(4) The plans, specifications, contract and bond are approved by the department.

(5) The veteran has placed in escrow, all sums of money to be advanced by him where the cost is in excess of the maximum that may be expended by the department.

As used in this section "immediate family" includes only the following:

Spouse, children, either natural or adoptive; and the parents if they are dependent upon the veteran for 50 percent or more of their support.

SEC. 2. Section 987.61 of the Military and Veterans Code is amended to read:

987.61. The department may purchase property, subject to a participation contract providing for a loan term of not less than 23 years. In no event shall the purchase price plus the participation contract exceed thirty thousand dollars ($30,000).

SEC. 3. Section 987.65 of the Military and Veterans Code is amended to read:

987.65. The purchase price of a home to the department shall not exceed the sum of thirty thousand dollars ($30,000), except that the purchase price of a mobilehome to the department shall not exceed twelve thousand five hundred dollars ($12,500), and a veteran purchasing the home may advance, subject to the provisions of Section 987.64, the difference between the total price or cost of the home and the sum of the purchase price of the home to the department and any amount the department is required under Section 987.69 of this code to add to the purchase price of the home in fixing the selling price thereof to the veteran. The purchase price of a farm to the department shall not exceed eighty thousand dollars ($80,000), and a veteran purchasing the farm may advance the difference between the total price of the farm or cost of the dwelling and improvements to be constructed on a farm under a contract and the sum of such purchase price to the department or contract price to the department and any amount which the department is required under Section 987.69 of this code to add to such purchase or contract price to the department in fixing the selling price of the farm to the veteran.

CHAPTER 664

An act to amend Section 17 of the Penal Code, relating to crimes.

[Approved by Governor September 10, 1975. Filed with Secretary of State September 10, 1975.]

The people of the State of California do enact as follows:

SECTION 1. Section 17 of the Penal Code is amended to read:

17. (a) A felony is a crime which is punishable with death or by imprisonment in the state prison. Every other crime or public offense is a misdemeanor except those offenses that are classified as infractions.

(b) When a crime is punishable, in the discretion of the court, by imprisonment in the state prison or by fine or imprisonment in the county jail, it is a misdemeanor for all purposes under the following circumstances:

(1) After a judgment imposing a punishment other than imprisonment in the state prison.

(2) When the court commits the defendant to the Youth Authority.

(3) When the court grants probation to a defendant without imposition of sentence and at the time of granting probation, or on application of the defendant or probation officer thereafter, the court declares the offense to be a misdemeanor.

(4) When the prosecuting attorney files in a court having jurisdiction over misdemeanor offenses a complaint specifying that the offense is a misdemeanor, unless the defendant at the time of his arraignment or plea objects to the offense being made a misdemeanor, in which event the complaint shall be amended to charge the felony and the case shall proceed on the felony complaint.

(5) When, at or before the preliminary examination or prior to filing an order pursuant to Section 872, the magistrate determines that the offense is a misdemeanor, in which event the case shall proceed as if the defendant had been arraigned on a misdemeanor complaint.

CHAPTER 665

An act to add Section 72194.5 to the Government Code, relating to courts.

[Approved by Governor September 10, 1975 Filed with Secretary of State September 10, 1975]

The people of the State of California do enact as follows:

SECTION 1. Section 72194.5 is added to the Government Code, to read:

72194.5. Whenever an official court reporter or a temporary court reporter is not available to report a civil action or misdemeanor criminal proceeding in a municipal or justice court, the court may order that such action or proceeding be electronically recorded, including all the testimony, the objections made, the rulings of the court, the exceptions taken, all arraignments, pleas and sentences of defendants in misdemeanor criminal cases, the arguments of the attorneys to the jury, and all statements and remarks made and oral instructions given by the judge. The electronic recording device and appurtenant equipment shall be of a type approved by the Judicial Council for courtroom use.

SEC. 2. The Legislature finds and declares that in many actions and proceedings presently heard in municipal and justice courts, official reporters are either physically unavailable in a given geographical location or it is not practical from a cost-benefit

standpoint to have official reporters continually available for such proceedings. The Legislature declares its intent that electronic recording devices should be used to supplement, not supplant, the present recordkeeping process in municipal and justice courts and that such devices be considered for use in (1) misdemeanor criminal proceedings in which guilty pleas, or waivers of rights, or both are taken, (2) misdemeanor trials at which official reporters are not presently used, and (3) civil trials which may require a settled statement.

CHAPTER 666

An act to amend Section 2015.5 of the Code of Civil Procedure, relating to declarations under penalty of perjury.

[Approved by Governor September 10, 1975 Filed with Secretary of State September 10, 1975]

The people of the State of California do enact as follows:

SECTION 1. Section 2015.5 of the Code of Civil Procedure is amended to read:

2015.5. CHAPTER 670

An act to amend Section 386 of the Code of Civil Procedure, relating to civil actions.

[Approved by Governor September 10, 1975 Filed with Secretary of State September 10, 1975]

The people of the State of California do enact as follows:

SECTION 1. Section 386 of the Code of Civil Procedure is amended to read:

386. (a) A defendant, against whom an action is pending upon a contract, or for specific personal property, may, at any time before answer, upon affidavit that a person not a party to the action makes against him, and without any collusion with him, a demand upon such contract, or for such property, upon notice to such person and the adverse party, apply to the court for an order to substitute such person in his place, and discharge him from liability to either party, on his depositing in court the amount claimed on the contract, or delivering the property or its value to such person as the court may direct; and the court may, in its discretion, make the order; or such defendant may file a verified cross-complaint in interpleader, admitting that he has no interest in such amount or such property claimed, or in a portion of such amount or such property and alleging that all or such portion of the amount or property is demanded by parties to such action or cross-action and apply to the court upon notice to such parties for an order to deliver such property or portion thereof or its value to such person as the court shall direct. And whenever conflicting claims are or may be made upon a person for or relating to personal property, or the performance of an obligation, or any portion thereof, such person may bring an action against the conflicting claimants to compel them to interplead and litigate their several claims. The order of substitution may be made and the action of interpleader may be maintained, and the applicant or interpleading party be discharged from liability to all or any of the conflicting claimants, although their titles or claims have not a common origin, or are not identical but are adverse to and independent of one another.

(b) Any person, firm, corporation, association or other entity against whom double or multiple claims are made, or may be made, by two or more persons which are such that they may give rise to double or multiple liability, may bring an action against the claimants to compel them to interplead and litigate their several claims.

When the person, firm, corporation, association or other entity against whom such claims are made, or may be made, is a defendant in an action brought upon one or more of such claims, it may either file a verified cross-complaint in interpleader, admitting that it has no interest in the money or property claimed, or in only a portion

thereof, and alleging that all or such portion is demanded by parties to such action, and apply to the court upon notice to such parties for an order to deliver such money or property or such portion thereof to such person as the court shall direct; or may bring a separate action against the claimants to compel them to interplead and litigate their several claims. The action of interpleader may be maintained although the claims have not a common origin, are not identical but are adverse to and independent of one another, or the claims are unliquidated and no liability on the part of the party bringing the action or filing the cross-complaint has arisen. The applicant or interpleading party may deny liability in whole or in part to any or all of the claimants. The applicant or interpleading party may join as a defendant in such action any other party against whom claims are made by one or more of the claimants or such other party may interplead by cross-complaint; provided, however, that such claims arise out of the same transaction or occurrence.

(c) Any amount which a plaintiff or cross-complainant admits to be payable may be deposited by him with the clerk of the court at the time of the filing of the complaint or cross-complaint in interpleader without first obtaining an order of the court therefor. Any interest on amounts deposited and any right to damages for detention of property so delivered, or its value, shall cease to accrue after the date of such deposit or delivery.

(d) A defendant named in a complaint to compel conflicting claimants to interplead and litigate their claims, or a defendant named in a cross-complaint in interpleader, may, in lieu of or in addition to any other pleading, file an answer to the complaint or cross-complaint which shall be served upon all other parties to the action and which shall contain allegations of fact as to his ownership of or other interest in the amount or property and any affirmative defenses and the relief requested. The allegations in such answer shall be deemed denied by all other parties to the action, unless otherwise admitted in the pleadings.

(e) Except in cases where by the law a right to a jury trial is now given, conflicting claims to funds or property or the value thereof so deposited or delivered shall be deemed issues triable by the court, and such issues may be first tried. In the event the amount deposited shall be less than the amount claimed to be due by one or more of the conflicting claimants thereto, or in the event the property or the value thereof delivered is less than all of the property or the value thereof claimed by one or more of such conflicting claimants, any issues of fact involved in determining whether there is a deficiency in such deposit or delivery shall be tried by the court or a jury as provided in Title 8 (commencing with Section 577) of Part 2 of this code.

(f) After any such complaint or cross-complaint in interpleader has been filed, the court in which it is filed may enter its order restraining all parties to the action from instituting or further prosecuting any other proceeding in any court in this state affecting

the rights and obligations as between the parties to the interpleader until further order of the court.

(a) Substitute any person as subcontractor in place of the subcontractor listed in the original bid, except that the awarding authority, or its duly authorized officer, may, except as otherwise provided in Section 4107.5, consent to the substitution of another person as a subcontractor:

(1) When the subcontractor listed in the bid after having had a reasonable opportunity to do so fails or refuses to execute a written contract, when such written contract, based upon the general terms, conditions, plans and specifications for the project involved or the terms of such subcontractor's written bid, is

Such notice shall be served by certified or registered mail to the last known address of such subcontractor. The listed subcontractor who has been so notified shall have five working days within which to submit written objections to the substitution to the awarding authority. Failure to file such written objections shall constitute the listed subcontractor's consent to the substitution.

If written objections are filed, the awarding authority shall give notice in writing of at least five working days to the listed subcontractor of a hearing by the awarding authority on the prime contractor's request for substitution.

(b) Permit any such subcontract to be voluntarily assigned or transferred or allow it to be performed by anyone other than the original subcontractor listed in the original bid, without the consent of the awarding authority, or its duly authorized officer.

(c) Other than in the performance of "change orders" causing changes or deviations from the original contract, sublet or subcontract any portion of the work in excess of one-half of 1 percent of the prime contractor's total bid as to which his original bid did not designate a subcontractor.

The commission shall require the applicant to establish his knowledge and ability to engage in business as a household goods carrier by examination. The examination may be written or oral, or in the form of a demonstration of skill or any combination of these, and any investigation of character, experience and any tests of technical knowledge and manual skill which the commission deems are appropriate may be employed. In any examination the qualification of the applicant shall be determined by an appraisal made by a member of the commission's staff. An applicant who has been determined to be unqualified may thereafter establish his qualifications through a subsequent examination; but no subsequent examination shall be taken prior to three (3) months from the date when such applicant was found to be unqualified. When the staff member shall determine that the applicant is not qualified, then the matter shall be set for hearing and the qualification of the applicant shall be determined by the commission on the basis of evidence of qualifications presented at such hearing, which evidence may include consideration of any written examination of the applicant. When the staff member shall determine that the applicant is qualified, a permit may issue without hearing unless the commission shall consider a hearing desirable, in which event the application may be set for hearing by the commission.

An applicant may qualify in the following ways: (a) if an individual, he may qualify by personal examination or by examination of his

responsible managing employee; (b) if a copartnership or corporation, or any other type of business organization, it may qualify by examination of the responsible managing officer or member of the personnel of such applicant firm. If the individual qualified by examination ceases to be connected with the permitholder, said permitholder shall notify the commission in writing within 30 days after such cessation. If notice is given the permit shall remain in force a reasonable length of time in order that another representative of applicant may be qualified before the Public Utilities Commission. If the permitholder fails to notify the commission of such cessation within a 30-day period, at the end of that period the permit shall be automatically suspended.

The commission may refuse to issue a permit if it shall be shown that an applicant or an officer, director, partner or associate thereof has committed any act constituting dishonesty or fraud; committed any act which, if committed by a permitholder would be grounds for a suspension or revocation of the permit; misrepresented any material fact on his application; or, committed a felony, or crime involving moral turpitude.

The commission shall issue a permit only to those applicants who it finds have demonstrated that they possess sufficient knowledge, ability, integrity and financial resources and responsibility to perform the service within the scope of their application.

No permit shall be issued unless it has been shown that applicant meets one of the following residence requirements: If an individual, applicant must have resided in the State of California for not less than 90 days next preceding the filing of the application. If a corporation, applicant must be a domestic corporation or must have qualified to transact business in the State of California as a foreign corporation at the time of filing the application.

The maximum amount of all preparatory costs to be paid by the district shall not in any event exceed one hundred twenty-five thousand dollars ($125,000).

SEC. 61. Section 2400 of the Streets and Highways Code, as amended by Chapter 1250 of the Statutes of 1974, is amended and renumbered to read:

2450. For purposes of this chapter:

(a) "Grade separation" means the structure which actually separates the vehicular roadway from the railroad tracks.

(b) "Project" means the grade separation and all approaches, ramps, connections, drainage, and other construction required to make the grade separation operable and to effect the separation of grades. Such grade separation project may include provision for separation of nonmotorized traffic from the vehicular roadway and the railroad tracks. If a separation of nonmotorized traffic is not to be included in a project, there shall be an affirmative finding that the separation of nonmotorized traffic is not in the public interest. On any project where there is only one railroad track in existence, the project shall be built so as to provide for expansion to two tracks when the Director of Transportation determines that the project is on an existing or potential major railroad passenger corridor. Such project may consist of:

(1) The alteration or reconstruction of existing grade separations.

(2) The construction of new grade separations to eliminate existing or proposed grade crossings.

(3) The removal or relocation of highways or railroad tracks to eliminate existing grade crossings.

(c) "Highway" means city street, a county highway, or a state highway which is not a freeway as defined in Section 257.

(d) "Railroad" means a railroad corporation.

SEC. 62. Section 2404 of the Streets and Highways Code, as amended by Chapter 1250 of the Statutes of 1974, is amended and renumbered to read:

2454. Allocations made pursuant to Section 2453 shall be made on the basis of the following:

(a) An allocation of 80 percent of the estimated cost of the project

shall be made; except that whenever contributions from other sources exceed 20 percent of the estimated cost, the allocation shall be reduced by the amount in excess of 20 percent of the estimated cost.

(b) An allocation of 50 percent of the estimated cost of the project shall be made for a proposed crossing.

(c) No allocation shall be made in excess of 50 percent of the estimated cost of the project unless the grade crossing to be eliminated has been in existence for at least 10 years prior to the date of allocation.

(d) On projects which eliminate an existing crossing, or alter or reconstruct an existing grade separation, no allocation shall be made unless the railroad agrees to contribute 10 percent of the cost of the project.

(e) Where a project does not include a grade separation, but eliminates existing grade crossing or crossings, the allocation shall not exceed the estimated allocation that would have been made for the grade separation which is no longer needed because of the elimination of the grade crossing by the project and which are indicated on the priority list to be urgently in need of grade separation.

(f) Where the project includes the separation of a highway and a railroad passenger service operated by a city or county, the operating agency shall contribute 20 percent of the cost of the project. The priority listing for such projects shall be in accordance with criteria established for such railroad passenger service by the Public Utilities Commission.

Notwithstanding any of the above provisions of this section or any other provision of law, when the state or local agency uses funds derived from federal sources in financing its share of project costs, the railroad contribution, where required by federal law or regulation, shall be computed pursuant to federal law. However, the allocation made pursuant to this chapter shall be computed as though such matching contribution was derived from nonfederal sources and shall be computed as though the railroad had made its contribution pursuant to state law rather than pursuant to federal law. Provided however, that where the contribution of the railroad is computed according to federal law or regulation because of the use of federal funds in the allocation for a project, the allocation shall be increased by the amount the share of the railroad is reduced below 10 percent of the estimated cost of the project.

SEC. 63. Section 2404.2 of the Streets and Highways Code, as added by Chapter 1419 of the Statutes of 1974, is amended and renumbered to read:

2454.2 The planned removal of trackage of the Sacramento Northern Railway, the construction of substitute tracks and track connections, the elimination of 10 existing grade crossings, the acquisition of necessary rights-of-way, and all necessary associated work and appurtenances, to enable Sacramento Northern Railway

trains to operate via existing trackage of the Atchison, Topeka & Santa Fe Railway, in and adjacent to the City of Pittsburg, shall be eligible for an allocation under Section 2453. The Public Utilities Commission shall determine to what extent, if any, the railroad shall contribute to the project. Such eligibility shall not be contingent on whether the railroad agrees to contribute, and the California Highway Commission shall not deny an allocation on such grounds.

The Legislature hereby finds and declares that it is necessary to enact this special law regarding the Pittsburg track removal and grade crossing elimination project because of the existence of the following special facts and circumstances:

The predominant traffic carried by the Sacramento Northern Railway consists of high explosives, bombs, shells, and ammunition destined for the United States Navy ammunition depot at Port Chicago. Such trains traverse residential areas, cross 10 streets at grade, and constitute a grave hazard to the life and safety of the residents of Pittsburg. Sacramento Northern Railway is willing to remove its tracks and operate its trains via the tracks of the Atchison, Topeka & Santa Fe Railway, which is already partially grade separated and which offers a safer route. However, Sacramento Northern Railway will sacrifice certain of its own facilities, will receive no benefits, and therefore is unwilling to contribute any portion of the cost incidental to the removal of its trackage or for the construction of substitute track connections and appurtenances or for the acquisition of rights-of-way.

Based on the foregoing, the Legislature therefore finds and declares that it is necessary that the Sacramento Northern track removal and relocation project in and adjacent to the City of Pittsburg shall be eligible for a grade separation allocation, and that subdivision (d) of Section 2454, relating to a contribution by the railroad, shall not apply for purposes of qualifying for an allocation under Section 2453.

SEC. 64. Section 2404.5 of the Streets and Highways Code, as added by Chapter 1428 of the Statutes of 1974, is amended and renumbered to read:

2454.5. (a) Whenever the National Railroad Passenger Corporation (AMTRAK) contributes an amount equal to one-third of the total cost to the state and local agencies of a grade separation project, or any lesser percentage as the National Railroad Passenger Corporation (AMTRAK) and the California Highway Commission may agree upon, the cost to the participating parties under existing law shall be reduced proportionately.

(b) Any such grade separation project may be assigned a priority by the Public Utilities Commission that is higher than the priorities assigned to all other such projects for which the National Railroad Passenger Corporation (AMTRAK) has not made a contribution.

SEC. 65. Section 2406 of the Streets and Highways Code, as amended by Chapter 1250 of the Statutes of 1974, is amended and renumbered to read:

2456. An allocation for construction costs, including preconstruction costs if not already allocated, shall be made to a local agency only if it furnishes evidence satisfactory to the department that all necessary orders of the Public Utilities Commission have been executed, that sufficient local funds will be made available as the work of the project progresses, that all necessary agreements with affected railroad or railroads have been executed that, if required, all environmental impact reports have been prepared and approvals obtained, and that all other matters prerequisite to the award of the construction contract can be accomplished within one year after the allocation. Local funds shall be deemed available to the amount of any general obligation bonds authorized but unsold if it is determined that such bonds may be issued and sold by the local agency at any time.

SEC. 66. Chapter 18 (commencing with Section 27500) is added to Part 3 of Division 16 of the Streets and Highways Code, to read:

CHAPTER 18. GOLDEN GATE BRIDGE, HIGHWAY AND TRANSPORTATION DISTRICT

Article 1. General Provisions

27500. Unless the particular provision or the context otherwise requires, the definitions set forth in this article govern the construction of this chapter.

27501. "District" means the Golden Gate Bridge, Highway and Transportation District.

27502. "Golden Gate Bridge" means the bridge spanning the Golden Gate between the City and County of San Francisco and the County of Marin.

27503. "Transit services" means the transportation of passengers and their incidental baggage by the district by means other than sightseeing ferryboats.

Article 2. Planning

27530. The Legislature finds and declares that since July 1, 1971, the district has been freed of bonded indebtedness. The prospective continuing role of the district and its responsibilities in the field of transportation are policy questions of major importance to the citizens of California, the people and communities regularly served by the Golden Gate Bridge, the district, and the Legislature.

It is desirable, therefore, that all concerned have a common basis for considering the issues and exercising judgment. To this end, the district is directed to develop a transportation facilities plan.

27531. The transportation facilities plan shall include, but not be limited to, the following:

(a) A definition of the district's future responsibilities for providing transportation services. Alternative proposals are

encouraged. Abolishment of the district should be one alternative, in which case recommendations should be made for necessary transfer of powers and duties.

(b) A priority schedule for assuming each of any proposed added responsibilities.

(c) Necessary changes in the district's organizational structure in order to be responsive to any changed responsibilities.

(d) An estimate of the expenditures that may be necessary to support any added responsibilities.

(e) A definition of any capital improvements that may be required.

(f) A long-range estimate of bridge revenues, operating costs, and net revenues that may be available as required to provide proposed transportation services.

(g) A special element addressed to the interfacing of transportation modes.

(h) Explicit consideration must be given to the environmental and social values of the communities affected.

27532. In developing the transportation facilities plan, the district shall hold public hearings so that interested persons and organizations are provided an opportunity to express their viewpoints.

27533. No long-range transportation plan of the district shall be adopted unless such plan is consistent with the regional transportation plan of the Metropolitan Transportation Commission and approved by the commission.

27534. The district shall submit its plan for transit services, other than for the interim system of buses and ferries between the City and County of San Francisco and the Counties of Marin and Sonoma, to the Legislature by April 1, 1975.

The plan shall include a statement indicating that the plan is approved or disapproved by the Metropolitan Transportation Commission.

Article 3. Powers and Functions

27550. The district may study, construct, acquire, improve, maintain, and operate any and all modes of transportation within or partly outside the district, including, but not limited to, water transportation; may join with any cities, counties, districts, or state agencies, or any combinations thereof, to study and to provide any such mode of transportation as may be deemed by the board to be reasonable and appropriate to provide or to assist in providing transportation within or partly outside the district; and may pay for or finance, in whole or in part, any such study and any such mode of transportation.

27551. The district may not, prior to July 30, 1975, expend any of its funds to implement the addition of a second deck to the Golden Gate Bridge or any other proposed plan for transit services, other

than for its interim system of buses and ferries.

It is the intention of the Legislature that the district's interim system of buses and ferries shall be the system outlined in the district's grant application to the Urban Mass Transportation Administration, dated May 21, 1971, entitled, "Application of the Golden Gate Bridge, Highway and Transportation District for a Mass Transportation Capital Grant under the Urban Mass Transportation Act of 1964, as amended."

The district, however, may expend the necessary funds for planning purposes, and for the acquisition of rights-of-way necessary, regardless of what type of transit system is proposed in the Golden Gate Corridor Transportation Facilities Plan submitted to the Legislature on December 31, 1974, and in the plan submitted pursuant to Section 27534.

27552. If the district constructs any rail transit lines, such lines, and the rolling stock and other facilities therefor, shall be coordinated with the system of the San Francisco Bay Area Rapid Transit District.

If the district constructs any tunnel within the Geary Corridor in the City and County of San Francisco, such tunnel and its underground stations shall be constructed so that the conversion of such facilities to physically accommodate the equipment used by the San Francisco Bay Area Rapid Transit District can be accomplished at a minimum cost.

27553. With respect to its ferryboat operations, the district shall not operate any charter or sightseeing services. However, the district may contract with any common carrier to provide such services and to employ the district's boats, employees, facilities, or equipment for such purposes.

27554. Prior to the expenditure of any funds for the bus transit and water transportation system of the district, the board shall determine:

(a) The amount which the counties, and the transit districts therein, served by the system shall contribute to the operation of the system for benefits derived from intracounty operation connected with, or related to, the system. The method of computing and receiving such amount shall be the method provided for in the district's Resolution No. 7030, adopted May 8, 1970.

(b) That the board of supervisors of these counties, and the transit districts therein, have made a commitment to contribute the amount specified in subdivision (a).

27555. It is the intention of the Legislature that the district pursue all avenues to obtain federal financing for both its interim transit system and any long-range transportation facilities approved by the Metropolitan Transportation Commission. Furthermore, the district shall take no action which may preclude it from obtaining federal grants-in-aid if such grants are reasonably anticipated. Furthermore, the district shall encourage minority enterprise to the maximum extent practicable.

4736 27 11 370 882

27556. Except for the necessity to finance its interim system of buses and ferries, as described in Section 27551, the district shall not issue general obligation bonds, revenue bonds, or any other form of long-term indebtedness.

SEC. 67. Section 1461 of the Unemployment Insurance Code is amended to read:

1461. Except as provided in this chapter, a county employee shall, upon the request of the board of supervisors of the county submitted to the director, be eligible for unemployment compensation benefits on the same terms and conditions as are specified by this part, Part 3 (commencing with Section 3501) of this division, and Part 4 (commencing with Section 4001) of this division, for all other individuals. The employees of a county may submit to the board of supervisors a petition, signed by a majority of such employees, requesting the board to submit a request to the director to become eligible for such benefits. Except as inconsistent with the provisions of this chapter, the provisions of this division and authorized regulations shall apply to any matter arising pursuant to this chapter. A county employee shall have no rights, based on county wages, to disability benefits under this division unless the county employing him has elected to become an employer pursuant to Section 710.3.

SEC. 68. Section 2801 of the Unemployment Insurance Code is amended to read:

2801. During confinement in a hospital or nursing home, an individual eligible for benefits under this part is entitled to receive in addition to all benefits otherwise provided in this division and irrespective of his receipt of remuneration from his employer, the amount of twelve dollars ($12) for each day not in excess of 20 days in any one disability benefit period, during which he is so confined pursuant to orders of his physician or of a practitioner duly authorized by any bona fide church, sect, denomination, or organization whose principles or teachings call for dependence for healing entirely upon prayer or spiritual means.

For the purposes of this part, "hospital" includes those institutions operated as hospitals but exempt from licensing by the State Department of Health under the provisions of subdivision (a) of Section 1270 of the Health and Safety Code.

For the purposes of this part, "nursing home" shall mean an extended care facility, as defined in subsection (j) of Section 1395x of Title 42 of the United States Code. "Nursing home" shall also mean any nursing home conducted by and for the adherents of any well-recognized church or religious denomination for the purpose of providing facilities for the care or treatment of the sick who depend upon prayer or spiritual means for healing in the practice of the religion of such church or denomination.

In areas where the service rendered by the district is primarily agricultural and domestic service is only incidental thereto, the State Department of Health may prescribe reasonable and feasible action to be taken by the district and the consumers to insure that their domestic water will not be injurious to health.

DIVISION 1. GENERAL CORPORATION LAW

CHAPTER 1. GENERAL PROVISIONS AND DEFINITIONS

100. (a) This division shall be known and may be cited as the General Corporation Law.

(b) This title of the Corporations Code, or any division, part, chapter, article or section thereof, may at any time be amended or repealed.

101. Unless the provision or the context otherwise requires, the general provisions and definitions set forth in this chapter govern the construction of this division.

102. (a) Subject to the provisions of Chapter 23 (transition provisions), the provisions of this division apply to corporations organized under this division and to business corporations organized under any predecessor general corporation law or by any act of the Legislature creating a private corporation prior to the enactment of a general incorporation statute; they apply to any other corporation only to the extent expressly included in a particular provision of this division.

(b) The existence of corporations formed or existing on the date of enactment or reenactment of this division shall not be affected by the enactment or reenactment of this division nor by any change in the requirements for the formation of corporations nor by the amendment or repeal of the laws under which they were formed or created.

(c) Neither the repeals effected by the enactment or reenactment of this division nor the enactment of this title nor the amendment thereof shall impair or take away any existing liability or cause of action against any corporation, its shareholders, directors or officers incurred prior to the time of such enactment, reenactment or amendment.

103. Every corporation organized under the laws of this state, any other state of the United States or the District of Columbia or under an act of the Congress of the United States, all of the capital stock of which is beneficially owned by the United States, an agency or instrumentality of the United States or any corporation the whole of the capital stock of which is owned by the United States or by an agency or instrumentality of the United States, is conclusively presumed to be an agency and instrumentality of the United States and is entitled to all privileges and immunities to which the holders of all of its stock are entitled as agencies of the United States.

104. Unless otherwise expressly provided, whenever reference is made in this division to any other state or federal statute, such reference is to that statute as it may be amended from time to time, whether before or after the enactment of this division.

105. A corporation or association may be sued as provided in the Code of Civil Procedure.

106. Any corporation heretofore or hereafter formed under this division shall, as a condition of its existence as a corporation, be subject to the provisions of the Code of Civil Procedure authorizing the attachment of corporate property.

107. No corporation, association or individual shall issue or put in circulation, as money, anything but the lawful money of the United States.

108. The fees of the Secretary of State for filing instruments by or on behalf of corporations are prescribed in Article 3 (commencing with Section 12180) of Chapter 3 of Part 2 of Division 3 of Title 2 of the Government Code.

109. Any agreement, certificate or other instrument relating to a domestic or foreign corporation filed pursuant to the provisions of this division may be corrected with respect to any misstatement of fact contained therein, any defect in the execution thereof or any other error or defect contained therein, by filing a certificate of correction entitled "Certificate of Correction of _____ (insert here the title of the agreement, certificate or other instrument to be corrected and name(s) of corporation or corporations)"; provided, however, that no such certificate of correction shall alter the wording

of any resolution which was in fact adopted by the board or the shareholders or effect a corrected amendment of articles which amendment as so corrected would not in all respects have complied with the requirements of this division at the time of filing of the agreement, certificate or other instrument being corrected. Such certificate of correction shall be signed and verified or acknowledged as provided in this division with respect to the agreement, certificate or other instrument being corrected. It shall set forth the following:

(a) The name or names of the corporation or corporations.

(b) The date the agreement, certificate or other instrument being corrected was filed.

(c) The provision in the agreement, certificate or other instrument as corrected and, if the execution was defective, wherein it was defective.

The filing of the certificate of correction shall not alter the effective time of the agreement, certificate or instrument being corrected, which shall remain as its original effective time, and such filing shall not affect any right or liability accrued or incurred before such filing, except that any right or liability accrued or incurred by reason of the error or defect being corrected shall be extinguished by such filing if the person having such right has not detrimentally relied on the original instrument.

110. (a) Upon receipt of any instrument by the Secretary of State for filing pursuant to this division, if it conforms to law, it shall be filed by, and in the office of, the Secretary of State and the date of filing endorsed thereon. The date of filing shall be the date the instrument is received by the Secretary of State unless withheld from filing for a period of time pursuant to a request by the party submitting it for filing. The Secretary of State shall file a document as of any requested future date, including a Saturday, Sunday or legal holiday, if the document is received in the Secretary of State's office at least one business day prior to the requested date of filing. An instrument does not fail to conform to law because it is not accompanied by the full filing fee if the unpaid portion of such fee does not exceed the limits established by the policy of the Secretary of State for extending credit in such cases.

(b) If the Secretary of State determines that an instrument submitted for filing or otherwise submitted does not conform to law and returns it to the person submitting it, the instrument may be resubmitted accompanied by a written opinion of the member of the State Bar of California submitting the instrument, or representing the person submitting it, to the effect that the specific provision of the instrument objected to by the Secretary of State does conform to law and stating the points and authorities upon which the opinion is based. The Secretary of State shall rely, with respect to any disputed point of law (other than the application of Sections 201, 2101 and 2106), upon such written opinion in determining whether the instrument conforms to law.

(c) Any instrument filed with respect to a corporation (other than

original articles) may provide that it is to become effective not more than 90 days subsequent to its filing date. In case such a delayed effective date is specified, the instrument may be prevented from becoming effective by a certificate stating that by appropriate corporate action it has been revoked and is null and void, executed in the same manner as the original instrument and filed on or before the specified effective date. In the case of a merger agreement, such certificate revoking the earlier filing need only be executed on behalf of one of the constituent corporations. If no such revocation certificate is filed, the instrument becomes effective on the date specified.

111. All references in this division to the voting of shares include the voting of other securities given voting rights in the articles pursuant to subdivision (a) (7) of Section 204.

112. If the articles provide for more or less than one vote for any share on any matter, the references in Sections 152, 153 and 602 to a majority or other proportion of shares means, as to such matter, a majority or other proportion of the votes entitled to be cast. Whenever in this division shares are disqualified from voting on any matter, they shall not be considered outstanding for the determination of a quorum at any meeting to act upon, or the required vote to approve action upon, that matter under any other provision of this division or the articles or bylaws.

113. Any reference in this division to mailing means first-class mail, postage prepaid, unless registered mail is specified. Registered mail includes certified mail.

All references in this division to financial statements, balance sheets, income statements and statements of changes in financial position of a corporation and all references to assets, liabilities, earnings, retained earnings and similar accounting items of a corporation mean such financial statements or such items prepared or determined in accordance with generally accepted accounting principles then applicable, and fairly presenting the matters which they purport to present, subject to any specific accounting treatment required by a particular section of this division. (b) Accompanied by a declaration in writing signed by the persons executing the same that they are such persons and that the instrument is the act and deed of the corporation or of the persons executing the same, as the case may be.

Any certificate of acknowledgment taken without this state before a notary public or a judge or clerk of a court of record having an official seal need not be further authenticated.

150. A corporation is an "affiliate" of, or a corporation is "affiliated" with, another specified corporation if it directly, or indirectly through one or more intermediaries, controls, is controlled by or is under common control with the other specified corporation.

151. "Approved by (or approval of) the board" means approved or ratified by the vote of the board or by the vote of a committee authorized to exercise the powers of the board, except as to matters not within the competence of the committee under Section 311.

152. "Approved by (or approval of) the outstanding shares" means approved by the affirmative vote of a majority of the outstanding shares entitled to vote. Such approval shall include the affirmative vote of a majority of the outstanding shares of each class or series entitled, by any provision of the articles or of this division, to vote as a class or series on the subject matter being voted upon and shall also include the affirmative vote of such greater proportion (including all) of the outstanding shares of any class or series if such greater proportion is required by the articles (Section 204(a)(5)) or a shareholders' agreement or this division.

(b) The provisions referred to in subdivision (a) may be included in the articles by amendment, but if such amendment is adopted after the issuance of shares only by the affirmative vote of all of the issued and outstanding shares of all classes, regardless of limitations or restrictions on voting rights.

(c) The provisions referred to in subdivision (a) may be deleted from the articles by amendment, but if such amendment is adopted after the issuance of shares only by the affirmative vote of at least two-thirds of each class of the outstanding shares; provided, however, that the articles may provide for a lesser vote, but not less than a majority of the outstanding shares, or may deny a vote to any class, or both.

(d) In determining the number of shareholders for the purposes of the provision in the articles authorized by this section, a husband and wife shall be counted as one regardless of how shares may be held by either or both of them, a trust holding shares shall be counted as one regardless of the number of trustees or beneficiaries and a partnership or corporation or business association holding shares shall be counted as one (except that any such trust or entity the primary purpose of which was the acquisition or voting of the shares shall be counted according to the number of beneficial interests therein).

(e) A corporation shall cease to be a close corporation upon the filing of an amendment to its articles pursuant to subdivision (c) or if it shall have more than the maximum number of holders of record of its shares specified in its articles as a result of an inter vivos transfer of shares which is not void under subdivision (d) of Section 418, the transfer of shares by will or pursuant to the laws of descent and distribution, the dissolution of a partnership or corporation or business association or the termination of a trust which holds shares or otherwise by operation of law. Promptly upon acquiring more than the specified number of holders of record of its shares, a close corporation shall execute and file an amendment to its articles deleting the provisions referred to in subdivision (a) and deleting any other provisions not permissible for a corporation which is not a close corporation, which amendment shall be promptly approved and filed by the board and need not be approved by the outstanding shares.

191. (a) For the purposes of Chapter 21, "transact intrastate business" means entering into repeated and successive transactions of its business in this state, other than interstate or foreign commerce.

(b) A declaration in writing executed by them "under penalty of perjury" and stating the date and place (whether within or without this state) of execution.

0376 23 10245 986

(b) Each incorporator and each director named in the articles shall sign and acknowledge the articles.

(c) The corporate existence begins upon the filing of the articles and continues perpetually, unless otherwise expressly provided by law or in the articles.

201. (a) The Secretary of State shall not file articles setting forth a name in which "bank", "trust", "trustee" or related words appear, unless the certificate of approval of the Superintendent of Banks is attached thereto.

(b) The Secretary of State shall not file articles which set forth a name which is likely to mislead the public or which is the same as, or resembles so closely as to tend to deceive, the name of a domestic corporation, the name of a foreign corporation which is authorized to transact intrastate business or has registered its name pursuant to Section 2101, a name which a foreign corporation has assumed under subdivision (b) of Section 2106, a name which will become the record name of a domestic or foreign corporation upon the effective date of a filed corporate instrument where there is a delayed effective date pursuant to subdivision (c) of Section 110 or a name which is under reservation for another corporation, except that a corporation may adopt a name that is substantially the same as an existing domestic corporation or foreign corporation which is authorized to transact intrastate business or has registered its name pursuant to Section 2101, upon proof of consent by such domestic or foreign corporation and a finding by the Secretary of State that under the circumstances the public is not likely to be misled.

The use by a corporation of a name in violation of this section may be enjoined notwithstanding the filing of its articles by the Secretary of State.

(c) Any applicant may, upon payment of the fee prescribed therefor in the Government Code, obtain from the Secretary of State a certificate of reservation of any name not prohibited by subdivision (b), and upon the issuance of the certificate the name stated therein shall be reserved for a period of 60 days. The Secretary of State shall not, however, issue certificates reserving the same name for two or more consecutive 60-day periods to the same applicant or for the use or benefit of the same person, partnership, firm or corporation; nor shall consecutive reservations be made by or for the use or benefit of the same person, partnership, firm or corporation of names so similar as to fall within the prohibitions of subdivision (b).

202. The articles of incorporation shall set forth:

(a) The name of the corporation; provided, however, that in order for the corporation to be subject to the provisions of this division applicable to a close corporation (Section 158), the name of the corporation must contain the word "corporation", "incorporated" or "limited" or an abbreviation of one of such words.

(b) The applicable one of the following statements:

(1) The purpose of the corporation is to engage in any lawful act or activity for which a corporation may be organized under the

General Corporation Law of California other than the banking business, the trust company business or the practice of a profession permitted to be incorporated by the California Corporations Code;

(2) The purpose of the corporation is to engage in the banking business and any other lawful activities (including trust business) not prohibited to a bank by applicable laws and regulations;

(3) The purpose of the corporation is to engage in the trust company business and any other lawful activities not prohibited to a trust company by applicable laws and regulations; or

(4) The purpose of the corporation is to engage in the profession of _____ (with the insertion of a profession permitted to be incorporated by the California Corporations Code) and any other lawful activities (other than the banking or trust company business) not prohibited to a corporation engaging in such profession by applicable laws and regulations.

The articles shall not set forth any further or additional statement with respect to the purposes or powers of the corporation, except by way of limitation or except as expressly required by any law of this state other than this division or any federal or other statute or regulation (including the Internal Revenue Code and regulations thereunder as a condition of acquiring or maintaining a particular status for tax purposes).

(c) The name and address in this state of the corporation's initial agent for service of process in accordance with subdivision (b) of Section 1502.

(d) If the corporation is authorized to issue only one class of shares, the total number of shares which the corporation is authorized to issue.

(e) If the corporation is authorized to issue more than one class of shares, or if any class of shares is to have two or more series:

(1) The total number of shares of each class the corporation is authorized to issue, and the total number of shares of each series which the corporation is authorized to issue or that the board is authorized to fix the number of shares of any such series;

(2) The designation of each class, and the designation of each series or that the board may determine the designation of any such series; and

(3) The rights, preferences, privileges and restrictions granted to or imposed upon the respective classes or series of shares or the holders thereof, or that the board, within any limits and restrictions stated, may determine or alter the rights, preferences, privileges and restrictions granted to or imposed upon any wholly unissued class of shares or any wholly unissued series of any class of shares.

As to any series the number of shares of which is authorized to be fixed by the board, the articles may also authorize the board, within the limits and restrictions stated therein or stated in any resolution or resolutions of the board originally fixing the number of shares constituting any series, to increase or decrease (but not below the

number of shares of such series then outstanding) the number of shares of any such series subsequent to the issue of shares of that series. In case the number of shares of any series shall be so decreased, the shares constituting such decrease shall resume the status which they had prior to the adoption of the resolution originally fixing the number of shares of such series.

203. Except as specified in the articles or in any shareholders' agreement, no distinction shall exist between classes or series of shares or the holders thereof.

204. The articles of incorporation may set forth:

(a) Any or all of the following provisions, which shall not be effective unless expressly provided in the articles:

(1) Granting, with or without limitations, the power to levy assessments upon the shares or any class of shares;

(2) Granting to shareholders preemptive rights to subscribe to any or all issues of shares or securities;

(3) Special qualifications of persons who may be shareholders;

(4) A provision limiting the duration of the corporation's existence to a specified date;

(5) A provision requiring, for any or all corporate actions (except as provided in Section 303, subdivision (c) of Section 708 and Section 1900) the vote of a larger proportion or of all of the shares of any class or series, or of a larger proportion or of all of the directors, than is otherwise required by this division;

(6) A provision limiting or restricting the business in which the corporation may engage or the powers which the corporation may exercise or both;

(7) A provision conferring upon the holders of any evidences of indebtedness, issued or to be issued by the corporation, the right to vote in the election of directors and on any other matters on which shareholders may vote;

(8) A provision conferring upon shareholders the right to determine the consideration for which shares shall be issued.

Notwithstanding this subdivision (a), in the case of a close corporation any of the provisions referred to above may be validly included in a shareholders' agreement. Nothing contained in this subdivision (a) shall affect the enforceability, as between the parties thereto, of any lawful agreement not otherwise contrary to public policy.

(b) Reasonable restrictions upon the right to transfer or hypothecate shares of any class or classes, but no restriction shall be binding with respect to shares issued prior to the adoption of the restriction unless the holders of such shares voted in favor of the restriction.

(c) The names and addresses of the persons appointed to act as initial directors.

(d) Any other provision, not in conflict with law, for the management of the business and for the conduct of the affairs of the corporation, including any provision which is required or permitted

by this division to be stated in the bylaws

205. Solely for the purpose of any statute or regulation imposing any tax or fee based upon the capitalization of a corporation, all authorized shares of a corporation organized under this division shall be deemed to have a nominal or par value of one dollar ($1) per share. If any federal or other statute or regulation applicable to a particular corporation requires that the shares of such corporation have a par value, such shares shall have the par value determined by the board in order to satisfy the requirements of such statute or regulation.

206. Subject to any limitation contained in the articles and to compliance with any other applicable laws, any corporation other than a banking corporation, trust company or professional corporation may engage in any business activity; and a banking corporation, trust company or professional corporation may engage in any business activity not prohibited by the respective statutes and regulations to which it is subject.

207. Subject to any limitations contained in the articles and to compliance with other provisions of this division and any other applicable laws, a corporation shall have all of the powers of a natural person in carrying out its business activities, including, without limitation, the power to:

(a) Adopt, use and at will alter a corporate seal, but failure to affix a seal does not affect the validity of any instrument.

(b) Adopt, amend and repeal bylaws.

(c) Qualify to do business in any other state, territory, dependency or foreign country.

(d) Subject to the provisions of Section 510, issue, purchase, redeem, receive, take or otherwise acquire, own, hold, sell, lend, exchange, transfer or otherwise dispose of, pledge, use and otherwise deal in and with its own shares, bonds, debentures and other securities.

(e) Make donations, regardless of specific corporate benefit, for the public welfare or for community fund, hospital, charitable, educational, scientific, civic or similar purposes.

(f) Pay pensions, and establish and carry out pension, profit-sharing, share bonus, share purchase, share option, savings, thrift and other retirement, incentive and benefit plans, trusts and provisions for any or all of the directors, officers and employees of the corporation or any of its subsidiary or affiliated corporations.

(g) Subject to the provisions of Section 315, assume obligations, enter into contracts, including contracts of guaranty or suretyship, incur liabilities, borrow and lend money and otherwise use its credit, and secure any of its obligations, contracts or liabilities by mortgage, pledge or other encumbrance of all or any part of its property, franchises and income.

(h) Participate with others in any partnership, joint venture or other association, transaction or arrangement of any kind, whether or not such participation involves sharing or delegation of control

with or to others.

208. (a) No limitation upon the business, purposes or powers of the corporation or upon the powers of the shareholders, officers or directors, or the manner of exercise of such powers, contained in or implied by the articles or by Chapters 18, 19 and 20 or by any shareholders' agreement shall be asserted as between the corporation or any shareholder and any third person, except in a proceeding (1) by a shareholder or the state to enjoin the doing or continuation of unauthorized business by the corporation or its officers, or both, in cases where third parties have not acquired rights thereby, or (2) to dissolve the corporation or (3) by the corporation or by a shareholder suing in a representative suit against the officers or directors of the corporation for violation of their authority.

(b) Any contract or conveyance made in the name of a corporation which is authorized or ratified by the board, or is done within the scope of the authority, actual or apparent, conferred by the board or within the agency power of the officer executing it, except as the board's authority is limited by law other than this division, binds the corporation, and the corporation acquires rights thereunder, whether the contract is executed or wholly or in part executory.

(c) This section applies to contracts and conveyances made by foreign corporations in this state and to all conveyances by foreign corporations of real property situated in this state.

209. For all purposes other than an action in the nature of quo warranto, a copy of the articles of a corporation duly certified by the Secretary of State is conclusive evidence of the formation of the corporation and prima facie evidence of its corporate existence.

210. If initial directors have not been named in the articles, the incorporator or incorporators, until the directors are elected, may do whatever is necessary and proper to perfect the organization of the corporation, including the adoption and amendment of bylaws of the corporation and the election of directors and officers.

211. Bylaws may be adopted, amended or repealed either by approval of the outstanding shares (Section 152) or by the approval of the board, except as provided in Section 212. Subject to subdivision (a) (5) of Section 204, the articles or bylaws may restrict or eliminate the power of the board to adopt, amend or repeal any or all bylaws.

212. (a) The bylaws shall set forth (unless such provision is contained in the articles, in which case it may only be changed by an amendment of the articles) the number of directors of the corporation; or that the number of directors shall be not less than a stated minimum nor more than a stated maximum (which in no case shall be greater than two times the stated minimum minus one), with the exact number of directors to be fixed, within the limits specified, by the board or the shareholders in the manner provided in the bylaws, subject to subdivision (a) (5) of Section 204. The number or minimum number of directors shall not be less than three; provided, however, that the bylaws (or the articles) may provide any one or

more of the following: that (1) before shares are issued, the number shall be one, (2) so long as the corporation only has one shareholder, the number shall be one, (3) so long as the corporation has only one shareholder, the number shall be two, (4) so long as the corporation has only two shareholders, the number shall be two. After the issuance of shares, a bylaw specifying or changing a fixed number of directors or the maximum or minimum number or changing from a fixed to a variable board or vice versa may only be adopted by approval of the outstanding shares (Section 152); provided, however, that a bylaw or amendment of the articles reducing the number or the minimum number of directors cannot be adopted if the votes cast against its adoption at a meeting or the shares not consenting in the case of action by written consent would be sufficient to elect at least one director if voted cumulatively at an election at which all of the outstanding shares entitled to vote were voted and the entire number of previously authorized directors were then being elected.

(b) The bylaws may contain any provision, not in conflict with law or the articles for the management of the business and for the conduct of the affairs of the corporation, including but not limited to:

(1) Any provision referred to in subdivision (b), (c) or (d) of Section 204.

(2) The time, place and manner of calling, conducting and giving notice of shareholders', directors' and committee meetings.

(3) The manner of execution, revocation and use of proxies.

(4) The qualifications, duties and compensation of directors; the time of their annual election; and the requirements of a quorum for directors' and committee meetings.

(5) The appointment and authority of committees of the board.

(6) The appointment, duties, compensation and tenure of officers.

(7) The mode of determination of holders of record of its shares.

(8) The making of annual reports and financial statements to the shareholders.

213. Every corporation shall keep at its principal executive office in this state, or if its principal executive office is not in this state at its principal business office in this state, the original or a copy of its bylaws as amended to date, which shall be open to inspection by the shareholders at all reasonable times during office hours. If the principal executive office of the corporation is outside this state and the corporation has no principal business office in this state, it shall upon the written request of any shareholder furnish to such shareholder a copy of the bylaws as amended to date.

CHAPTER 3. DIRECTORS AND MANAGEMENT

300. (a) Subject to the provisions of this division and any limitations in the articles and the bylaws relating to action required to be approved by the shareholders (Section 153) or by the outstanding shares (Section 152), the business and affairs of the corporation shall be managed and all corporate powers shall be

exercised by or under the direction of the board. The board may delegate the management of the day-to-day operation of the business of the corporation to a management company or other person provided that the business and affairs of the corporation shall be managed and all corporate powers shall be exercised under the ultimate direction of the board.

(b) Notwithstanding subdivision (a) or any other provision of this division, but subject to subdivision (c), no shareholders' agreement, which relates to any phase of the affairs of a close corporation, including but not limited to management of its business, division of its profits or distribution of its assets on liquidation, shall be invalid as between the parties thereto on the ground that it so relates to the conduct of the affairs of the corporation as to interfere with the discretion of the board or that it is an attempt to treat the corporation as if it were a partnership or to arrange their relationships in a manner that would be appropriate only between partners. A transferee of shares covered by such an agreement which is filed with the secretary of the corporation for inspection by any prospective purchaser of shares, who has actual knowledge thereof or notice thereof by a notation on the certificate pursuant to Section 418, is bound by its provisions and is a party thereto for the purposes of subdivision (d). The agreement may not be modified, extended or revoked without the consent of such a transferee, subject to any provision of the agreement permitting modification, extension or revocation by less than unanimous agreement of the parties. A transferor of shares covered by such an agreement ceases to be a party thereto upon ceasing to be a shareholder of the corporation unless the transferor is a party thereto other than as a shareholder. An agreement made pursuant to this subdivision shall terminate when the corporation ceases to be a close corporation. This subdivision does not apply to an agreement authorized by subdivision (a) of Section 706.

(c) No agreement entered into pursuant to subdivision (b) may alter or waive any of the provisions of Sections 158, 500, 501, 1111 and 1201(e) or of Chapters 15, 16, 18 and 22. All other provisions of this division may be altered or waived, except the required filing of any document with the Secretary of State.

(d) An agreement of the type referred to in subdivision (b) shall, to the extent and so long as the discretion or powers of the board in its management of corporate affairs is controlled by such agreement, impose upon each shareholder who is a party thereto liability for managerial acts performed or omitted by such person pursuant thereto that is otherwise imposed by this division upon directors, and the directors shall be relieved to that extent from such liability.

(e) The failure of a close corporation to observe corporate formalities relating to meetings of directors or shareholders in connection with the management of its affairs, pursuant to an agreement authorized by subdivision (b), shall not be considered a factor tending to establish that the shareholders have personal

liability for corporate obligations.

301. (a) At each annual meeting of shareholders, directors shall be elected to hold office until the next annual meeting. The articles may provide for the election of one or more directors by the holders of the shares of any class or series voting as a class or series.

(b) Each director, including a director elected to fill a vacancy, shall hold office until the expiration of the term for which elected and until a successor has been elected and qualified.

302. The board may declare vacant the office of a director who has been declared of unsound mind by an order of court or convicted of a felony.

303. (a) Any or all of the directors may be removed without cause if such removal is approved by the outstanding shares (Section 152), subject to the following:

(1) No director may be removed (unless the entire board is removed) when the votes cast against removal, or not consenting in writing to such removal, would be sufficient to elect such director if voted cumulatively at an election at which the same total number of votes were cast (or, if such action is taken by written consent, all shares entitled to vote were voted) and the entire number of directors authorized at the time of the director's most recent election were then being elected; and

(2) When by the provisions of the articles the holders of the shares of any class or series, voting as a class or series, are entitled to elect one or more directors, any director so elected may be removed only by the applicable vote of the holders of the shares of that class or series.

(b) Any reduction of the authorized number of directors does not remove any director prior to the expiration of such director's term of office.

(c) Except as provided in this section and Sections 302 and 304, a director may not be removed prior to the expiration of such director's term of office.

304. The superior court of the proper county may, at the suit of shareholders holding at least 10 percent of the number of outstanding shares of any class, remove from office any director in case of fraudulent or dishonest acts or gross abuse of authority or discretion with reference to the corporation and may bar from reelection any director so removed for a period prescribed by the court. The corporation shall be made a party to such action.

305. (a) Unless otherwise provided in the articles or bylaws and except for a vacancy created by the removal of a director, vacancies on the board may be filled by a majority of the directors then in office, whether or not less than a quorum, or by a sole remaining director. Unless the articles or a bylaw adopted by the shareholders provide that the board may fill vacancies occurring in the board by reason of the removal of directors, such vacancies may be filled only by approval of the shareholders (Section 153).

(b) The shareholders may elect a director at any time to fill any

vacancy not filled by the directors. Any such election by written consent requires the consent of a majority of the outstanding shares entitled to vote.

(c) If, after the filling of any vacancy by the directors, the directors then in office who have been elected by the shareholders shall constitute less than a majority of the directors then in office,

(1) Any holder or holders of an aggregate of 5 percent or more of the total number of shares at the time outstanding having the right to vote for such directors may call a special meeting of shareholders, or

(2) The superior court of the proper county shall, upon application of such shareholder or shareholders, summarily order a special meeting of shareholders,

to be held to elect the entire board. The term of office of any director not elected by the shareholders shall terminate upon such election of a successor.

The hearing on any application filed pursuant to this subdivision shall be held on not less than 10 business days' notice to the corporation. If the corporation intends to oppose the application, it shall file with the court a notice of opposition not later than five business days prior to the date set for the hearing. The application and any notice of opposition shall be supported by appropriate affidavits and the court's determination shall be made on the basis of the papers in the record; but, for good cause shown, the court may receive and consider at the hearing additional evidence, oral or documentary, and additional points and authorities. The hearing shall take precedence over all other matters not of a similar nature pending on the date set for the hearing.

(d) Any director may resign effective upon giving written notice to the chairman of the board, the president, the secretary or the board of directors of the corporation, unless the notice specifies a later time for the effectiveness of such resignation. If the resignation is effective at a future time, a successor may be elected to take office when the resignation becomes effective.

306. If a corporation has not issued shares and all the directors resign, die or become incompetent, the superior court of any county may appoint directors of the corporation upon application by any party in interest.

307. Unless otherwise provided in the articles or (subject to subdivision (a) (5) of Section 204) in the bylaws:

(a) Meetings of the board may be called by the chairman of the board or the president or any vice president or the secretary or any two directors.

(b) Regular meetings of the board may be held without notice if the time and place of such meetings are fixed by the bylaws or the board. Special meetings of the board shall be held upon four days' notice by mail or 48 hours' notice delivered personally or by telephone or telegraph. A notice, or waiver of notice, need not specify the purpose of any regular or special meeting of the board.

(c) Notice of a meeting need not be given to any director who signs a waiver of notice, whether before or after the meeting, or who attends the meeting without protesting, prior thereto or at its commencement, the lack of notice to such director.

(d) A majority of the directors present, whether or not a quorum is present, may adjourn any meeting to another time and place. If the meeting is adjourned for more than 24 hours, notice of any adjournment to another time or place shall be given prior to the time of the adjourned meeting to the directors who were not present at the time of the adjournment.

(e) The transactions of any meeting of the board, however called and noticed or wherever held, are as valid as though had at a meeting duly held after regular call and notice if a quorum is present and if, either before or after the meeting, each of the directors not present signs a written waiver of notice, a consent to holding the meeting or an approval of the minutes thereof. All such waivers, consents and approvals shall be filed with the corporate records or made a part of the minutes of the meeting.

(f) Any action required or permitted to be taken by the board may be taken without a meeting, if all members of the board shall individually or collectively consent in writing to such action. Such written consent or consents shall be filed with the minutes of the proceedings of the board. Such action by written consent shall have the same force and effect as a unanimous vote of such directors.

(g) Meetings of the board may be held at any place within or without the state which has been designated in the notice of the meeting or, if not stated in the notice or there is no notice, designated in the bylaws or by resolution of the board.

(h) Members of the board may participate in a meeting through use of conference telephone or similar communications equipment, so long as all members participating in such meeting can hear one another.

(i) A majority of the authorized number of directors constitutes a quorum of the board for the transaction of business. The articles or bylaws may not provide that a quorum shall be less than one-third the authorized number of directors or less than two, whichever is larger, unless the authorized number of directors is one, in which case one director constitutes a quorum.

(j) Every act or decision done or made by a majority of the directors present at a meeting duly held at which a quorum is present is the act of the board, subject to the provisions of Section 310 and subdivision (e) of Section 317. A meeting at which a quorum is initially present may continue to transact business notwithstanding the withdrawal of directors, if any action taken is approved by at least a majority of the required quorum for such meeting.

The provisions of this section apply also to committees of the board and action by such committees, mutatis mutandis.

308. (a) If a corporation has an even number of directors who are equally divided and cannot agree as to the management of its affairs, so that its business can no longer be conducted to advantage or so that there is danger that its property and business will be impaired or lost, the superior court of the proper county may, notwithstanding any provisions of the articles or bylaws and whether or not an action is pending for an involuntary winding up or dissolution of the corporation, appoint a provisional director pursuant to this section. Action for such appointment may be filed by any director or by the holders of not less than 33⅓ percent of the outstanding shares entitled to vote for the election of directors.

(b) The provisional director shall be an impartial person, who is neither a shareholder nor a creditor of the corporation, nor related by consanguinity or affinity within the third degree according to the common law to any of the other directors of the corporation or to any judge of the court by which such provisional director is appointed. The provisional director shall have all the rights and powers of a director until the deadlock in the board is broken or until such provisional director is removed by order of the court or by approval of the outstanding shares (Section 152). Such person shall be entitled to such compensation as shall be fixed by the court unless otherwise agreed with the corporation.

(c) This section does not apply to corporations subject to the Banking Law or the Public Utilities Act.

309. (a) A director shall perform the duties of a director, including the duties as a member of any committee of the board upon which the director may serve, in good faith, in a manner such director believes to be in the best interests of the corporation and with such care, including reasonable inquiry, as an ordinarily prudent person in a like position would use under similar circumstances.

(b) In performing the duties of a director, a director shall be entitled to rely on information, opinions, reports or statements, including financial statements and other financial data, in each case prepared or presented by:

(1) One or more officers or employees of the corporation whom the director believes to be reliable and competent in the matters presented,

(2) Counsel, independent accountants or other persons as to matters which the director believes to be within such person's professional or expert competence, or

(3) A committee of the board upon which the director does not serve, as to matters within its designated authority, which committee the director believes to merit confidence,

so long as, in any such case, the director acts in good faith, after reasonable inquiry when the need therefor is indicated by the circumstances and without knowledge that would cause such reliance to be unwarranted.

(c) A person who performs the duties of a director in accordance

with subdivisions (a) and (b) shall have no liability based upon any alleged failure to discharge the person's obligations as a director.

310. No contract or other transaction between a corporation and one or more of its directors, or between a corporation and any corporation, firm or association in which one or more of its directors has a material financial interest, is either void or voidable because such director or directors or such other corporation, firm or association are parties or because such director or directors are present at the meeting of the board or a committee thereof which authorizes, approves or ratifies the contract or transaction, if

(a) The material facts as to the transaction and as to such director's interest are fully disclosed or known to the shareholders and such contract or transaction is approved by the shareholders (Section 153) in good faith, with the shares owned by the interested director or directors not being entitled to vote thereon, or

(b) The material facts as to the transaction and as to such director's interest are fully disclosed or known to the board or committee, and the board or committee authorizes, approves or ratifies the contract or transaction in good faith by a vote sufficient without counting the vote of the interested director or directors and the contract or transaction is just and reasonable as to the corporation at the time it is authorized, approved or ratified, or

(c) As to contracts or transactions not approved as provided in subdivision (a) or (b), the person asserting the validity of the contract or transaction sustains the burden of proving that the contract or transaction was just and reasonable as to the corporation at the time it was authorized, approved or ratified.

Interested directors may be counted in determining the presence of a quorum at a meeting of the board or a committee thereof which authorizes, approves or ratifies a contract or transaction. A mere common directorship does not constitute a material financial interest.

311. The board may, by resolution adopted by a majority of the authorized number of directors, designate one or more committees, each consisting of two or more directors, to serve at the pleasure of the board. The board may designate one or more directors as alternate members of any committee, who may replace any absent member at any meeting of the committee. Any such committee, to the extent provided in the resolution of the board or in the bylaws, shall have all the authority of the board, except with respect to:

(a) The approval of any action for which this division also requires shareholders' approval (Section 153) or approval of the outstanding shares (Section 152).

(b) The filling of vacancies on the board or in any committee.

(c) The fixing of compensation of the directors for serving on the board or on any committee.

(d) The amendment or repeal of bylaws or the adoption of new bylaws

(e) The amendment or repeal of any resolution of the board which by its express terms is not so amendable or repealable.

(f) A distribution to the shareholders of the corporation (Section 166), except at a rate or in a periodic amount or within a price range determined by the board.

(g) The appointment of other committees of the board or the members thereof.

312. (a) A corporation shall have a chairman of the board or a president or both, a secretary, a chief financial officer and such other officers with such titles and duties as shall be stated in the bylaws or determined by the board and as may be necessary to enable it to sign instruments and share certificates. Any number of offices may be held by the same person unless the articles or bylaws provide otherwise.

(b) Except as otherwise provided by the articles, bylaws or a resolution of the board, officers shall be chosen by the board and serve at the pleasure of the board. Any officer may resign at any time upon written notice to the corporation.

(c) An officer shall record or cause to be recorded actions taken at meetings of the shareholders and directors and committees in a book to be kept for that purpose at the principal executive office of the corporation.

313. Subject to the provisions of subdivision (a) of Section 208, any note, mortgage, evidence of indebtedness, contract, share certificate, conveyance or other instrument in writing, and any assignment or endorsement thereof, executed or entered into between any corporation and any other person, when signed by the chairman of the board, the president or any vice president and the secretary, any assistant secretary, the chief financial officer or any assistant treasurer of such corporation, is not invalidated as to the corporation by any lack of authority of the signing officers in the absence of actual knowledge on the part of the other person that the signing officers had no authority to execute the same.

314. The original or a copy of the bylaws or of the minutes of any incorporators', shareholders', directors', committee or other meeting or of any resolution adopted by the board or a committee thereof, or shareholders, certified to be a true copy by a person purporting to be the secretary or an assistant secretary of the corporation, is prima facie evidence of the adoption of such bylaws or resolution or of the due holding of such meeting and of the matters stated therein.

315. (a) Except as provided in subdivision (b), a corporation shall not make any loan of money or property to or guarantee the obligation of

(1) Any director or officer of the corporation or of its parent or any subsidiary, or

(2) Any person upon the security of shares of the corporation or of its parent, unless the loan or guaranty is otherwise adequately secured,

except by the vote of the holders of a majority of the shares of all

classes, regardless of limitations or restrictions on voting rights, other than shares held by the benefited director, officer or shareholder.

(b) Any corporation may lend money to, or guarantee any obligation of or otherwise assist any officer or other employee of the corporation or of any subsidiary, including any officer or employee who is also a director, pursuant to an employee benefit plan (including, without limitation, any stock purchase or stock option plan) available to executives or other employees, whenever the board determines that such loan or guaranty may reasonably be expected to benefit the corporation. If such plan includes officers or directors, it shall be approved by the shareholders (Section 153) after disclosure of the right under such plan to include officers or directors thereunder. Such loan or guaranty or other assistance may be with or without interest and may be unsecured or secured in such manner as the board shall approve, including, without limitation, a pledge of shares of the corporation. A corporation may advance money to a director or officer of the corporation or of its parent or any subsidiary for expenses reasonably anticipated to be incurred in the performance of the duties of such director or officer, provided that in the absence of such advance such director or officer would be entitled to be reimbursed for such expenses by such corporation, its parent or any subsidiary.

(c) The provisions of subdivision (a) do not apply to banks, industrial loan companies or credit unions or to loans permitted under any statute regulating any special class of corporations.

316. (a) Subject to the provisions of Section 309, directors of a corporation who approve any of the following corporate actions shall be jointly and severally liable to the corporation for the benefit of all of the creditors or shareholders entitled to institute an action under subdivision (c):

(1) The making of any distribution to its shareholders to the extent that it is contrary to the provisions of Sections 500 through 503, inclusive.

(2) The distribution of assets to shareholders after institution of dissolution proceedings of the corporation, without paying or adequately providing for all known liabilities of the corporation, excluding any claims not filed by creditors within the time limit set in a notice given to creditors under Chapters 18, 19 and 20.

(3) The making of any loan or guaranty contrary to Section 315.

(b) A director who is present at a meeting of the board, or any committee thereof, at which action specified in subdivision (a) is taken and who abstains from voting shall be considered to have approved the action.

(c) Suit may be brought in the name of the corporation to enforce the liability under subdivision (a) against any or all directors liable by any one or more creditors of the corporation whose debts or claims arose prior to the time of any of the corporate actions specified in subdivision (a) and who have not consented to the corporate action, whether or not they have reduced their claims to judgment,

or by any one or more holders of shares outstanding at the time of any violation of Section 502 or 503 specified in subdivision (a) (1) who have not consented to the corporate action, without regard to the provisions of Section 800.

(d) The damages recoverable from a director under this section shall be the amount of the illegal distribution or the loss suffered by the corporation as a result of the illegal loan or guaranty, as the case may be, but not exceeding the liabilities of the corporation owed to nonconsenting creditors at the time of the violation and the injury suffered by nonconsenting shareholders, as the case may be.

(e) Any director sued under this section may implead all other directors liable and may compel contribution, either in that action or in an independent action against directors not joined in that action.

(f) Directors liable under this section shall also be entitled to be subrogated to the rights of the corporation:

(1) With respect to subdivision (a) (1), against shareholders who received the distribution.

(2) With respect to subdivision (a) (2), against shareholders who received the distribution of assets.

(3) With respect to subdivision (a) (3), against the person who received the loan or guaranty.

Any director sued under this section may file a cross-complaint against the person or persons who are liable to such director as a result of the subrogation provided for in this subdivision or may proceed against them in an independent action.

317. (a) For the purposes of this section, "agent" includes any person who is or was a director, officer, employee or other agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, or was a director, officer, employee or agent of a corporation which was a predecessor corporation of the corporation or of another enterprise at the request of such predecessor corporation; "proceeding" includes any threatened, pending or completed action or proceeding, whether civil, criminal, administrative or investigative; and "expenses" includes attorneys' fees and any expenses of establishing a right to indemnification under subdivision (d) or subdivision (e) (3).

(b) A corporation shall have power to indemnify any person who was or is a party or is threatened to be made a party to any proceeding (other than an action by or in the right of the corporation) by reason of the fact that such person is or was an agent of the corporation, against expenses, judgments, fines, settlements and other amounts actually and reasonably incurred in connection with such proceeding if such person acted in good faith and in a manner such person reasonably believed to be in the best interests of the corporation and, in the case of a criminal proceeding, had no reasonable cause to believe the conduct of such person was unlawful. The termination of any proceeding by judgment, order, settlement,

conviction or upon a plea of nolo contendere or its equivalent shall not, of itself, create a presumption that the person did not act in good faith and in a manner which the person reasonably believed to be in the best interests of the corporation or that the person had reasonable cause to believe that the person's conduct was unlawful.

(c) A corporation shall have power to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action by or in the right of the corporation to procure a judgment in its favor by reason of the fact that such person is or was an agent of the corporation, against expenses actually and reasonably incurred by such person in connection with the defense or settlement of such action if such person acted in good faith, in a manner such person believed to be in the best interests of the corporation and with such care, including reasonable inquiry, as an ordinarily prudent person in a like position would use under similar circumstances. No indemnification shall be made under this subdivision (c):

(1) In respect of any claim, issue or matter as to which such person shall have been adjudged to be liable to the corporation in the performance of such person's duty to the corporation, unless and only to the extent that the court in which such action was brought shall determine upon application that, in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for the expenses which such court shall determine;

(2) Of amounts paid in settling or otherwise disposing of a threatened or pending action, with or without court approval; or

(3) Of expenses incurred in defending a threatened or pending action which is settled or otherwise disposed of without court approval.

(d) To the extent that an agent of a corporation has been successful on the merits in defense of any proceeding referred to in subdivision (b) or (c) or in defense of any claim, issue or matter therein, the agent shall be indemnified against expenses actually and reasonably incurred by the agent in connection therewith.

(e) Except as provided in subdivision (d), any indemnification under this section shall be made by the corporation only if authorized in the specific case, upon a determination that indemnification of the agent is proper in the circumstances because the agent has met the applicable standard of conduct set forth in subdivision (b) or (c), by:

(1) A majority vote of a quorum consisting of directors who are not parties to such proceeding;
