A child who has been lawfully admitted to the kindergarten, as defined by the State of California, maintained by a private or a public school in California or any other state, and who has completed one year therein shall be admitted to the first grade of an elementary school regardless of age, unless the parent or guardian of the child and the school district agree that the child may be retained in kindergarten for not more than an additional school year.

SECTION 1. Section 10751 of the Education Code is repealed.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Chapter 816 of the Statutes of 1975 recodified the law regarding access to pupil records with the intent to resolve potential conflicts between California law and the provisions of Public Law 93-380 in order to insure the continuance of federal education funds to public educational institutions within the state. Such chapter in part repealed Section 10751 of the Educational Code, but a later enacted statute which amended the section preserved it. In order to preserve the legislative intent of Chapter 816 of the Statutes of 1975 and to

clarify the law regarding parental access to, and the confidentiality of, pupil records, in order to insure the continuance of federal education funds, at the earliest possible time, it is essential that this act take immediate effect.

CHAPTER 4

The people of the State of California do enact as follows:

SECTION 1. Section 12537.2 of the Government Code is repealed.

SEC. 2. Section 12537.3 of the Government Code is repealed.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Under the Knox-Keene Health Care Service Plan Act of 1975, which becomes operative July 1, 1976, responsibility for regulation of health care service plans is vested in the Commissioner of Corporations. The Knox-Mills Health Plan Act will be repealed on July 1, 1976, and in order that new duties imposed on regulation of health care service plans by the Attorney General by 1975 enactments do not continue beyond July 1, 1976, it is necessary that this act take immediate effect.

CHAPTER 5

An act to add Section 66455.7 to the Government Code, relating to tentative subdivision maps.

to the governing board of any elementary, high school, or unified school district within the boundaries of which the subdivision is proposed to be located. Such notice shall also contain information about the location of the proposed subdivision, the number of units, density, and any other information which would be relevant to the affected school district. Such governing board may review the notice and may send a written report thereon to the agency required by law to approve such tentative map. If a written report is made by the governing board, the report shall indicate the impact of the proposed subdivision on the affected school district and shall make such recommendations as the governing board of the district deems appropriate. If a written report is made by the governing board, such report shall be returned within 20 working days of the date on which the notice was mailed to the school district for comment. In the event that the governing board of any such district fails to respond within the 20-day period, such failure to respond shall be deemed approval of the proposed subdivision.

SEC. 2. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be any appropriation made by this act because the duties, obligations or responsibilities imposed on local government by this act are minor in nature and will not cause any financial burden to local government.

[Approved by Governor February 12, 1976. Filed with Secretary of State February 13, 1976.]

The people of the State of California do enact as follows:

SECTION 1. Section 31000 of the Government Code is amended to read:

31000. The board of supervisors may contract for special services on behalf of the following public entities: the county, any county officer or department, or any district or court in the county. Such contracts shall be with persons specially trained, experienced, expert and competent to perform the special services. The special services shall consist of services, advice, education or training for such public entities or the employees thereof. The special services shall be in financial, economic, accounting (including the preparation and issuance of payroll checks or warrants), engineering, legal, medical, therapeutic, administrative, architectural, or airport or building security matters. They may include maintenance or custodial matters if the board finds that the site is remote from available

county employee resources and that the county's economic interests are served by such a contract rather than by paying additional travel and subsistence expenses to existing county employees. The board may pay from any available funds such compensation as it deems proper for these special services. The board of supervisors may, by ordinance, direct the purchasing agent to enter into contracts authorized by this section within the monetary limit specified in Section 25502.5 of the Government Code.

(3) An articulated bus, except that such bus shall not exceed a length of 60 feet.

(4) An articulated trolley coach, except that such trolley coach shall not exceed a length of 50 feet.

(6) A bus when the excess length is caused by the projection of a front safety bumper or a rear safety bumper, or both. Such safety bumper shall not cause the length of the vehicle to exceed the maximum legal limit by more than one foot in the front and one foot in the rear. For purposes of this chapter, "safety bumper" means any device which may be fitted on an existing bumper or which replaces the bumper and is so constructed, treated, or manufactured so that

it absorbs energy upon impact.

(7) A bus when the excess length is caused by a device, located in front of the front axle, for lifting wheelchairs into the bus. Such a device shall not cause the length of the bus to be extended by more than 18 inches exclusive of any front safety bumper.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Inasmuch as pending contract negotiations for the acquisition by a rapid transit district of buses equipped with a device for lifting wheelchairs onto the bus depend on the authorization made by this act, it is necessary that this act take effect immediately.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Recently enacted statutes will have the unintended result of imposing fire retardant requirements upon certain items of upholstered furniture which do not pose a serious fire hazard. In order that this unintended and unfair burden on manufacturers be alleviated as soon as possible, it is necessary that this act take immediate effect.

CHAPTER 9

An act relating to parks and recreation, and in this connection to amend and supplement the Budget Act of 1975 (Chapter 176, Statutes of 1975) by adding Section 2.8E thereto, and declaring the urgency thereof, to take effect immediately.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into

The name of any person who submits to the division a complaint regarding the unsafeness of an employment or place of employment shall be kept confidential by the division unless that person requests otherwise.

The chairperson shall also notify the Secretary of State at such time as to the number of delegates which may be selected from each congressional district in connection with the presidential primary. The number of delegates which may be selected from each congressional district shall be based on a formula which apportions 75 percent of the total delegation allocated to the state by the Democratic National Committee among the congressional districts in a manner which gives equal weight to the average of the vote in each district for Democratic candidates in the two immediately preceding presidential elections and to the Democratic Party registration based on the report of registration issued by the Secretary of State in January of the presidential primary year. The

number of delegates allocated to each congressional district shall be rounded off to the nearest whole integer. The remaining delegates and the alternates shall be selected pursuant to Article 10 (commencing with Section 6365) of this chapter.

Such additional candidates who qualify under this article shall hereinafter be referred to as unselected candidates.

SEC. 4. Section 6316 of the Elections Code is amended to read:

6316. Any unselected candidate or uncommitted delegation desiring to be placed on the presidential primary ballot shall have nomination papers circulated on behalf of the candidacy. Seventy-five percent of the delegates shall be chosen by the steering committee of each candidate or uncommitted delegation from among the individuals whose names were submitted to the Secretary of State as potential delegates pledged to the various candidates and uncommitted delegation from each congressional district.

The delegates shall be chosen to reflect the strength of support a candidate or uncommitted delegation has received in each congressional district:

(a) For districts in which at least one candidate receives 15 percent of the vote or more, the delegates shall be allocated among the candidates and uncommitted delegations based on recalculated percentages which are determined by the vote each candidate or uncommitted delegation received divided by the total combined vote for all candidates and uncommitted delegations receiving 10 percent or more of the vote in that congressional district. No delegates shall be awarded to any candidate or uncommitted delegation that fails to win at least 10 percent of the vote in any such congressional district.

In only those congressional districts to which this subdivision applies, are candidates and

uncommitted delegations receiving less than 10 percent of the vote eligible to receive delegates.

(c) In the event of a tie, a delegate shall be awarded to the candidate with the highest statewide popular vote.

(d) In the event that an uncommitted designation was included on the ballot pursuant to Section 6360, and in the event that the uncommitted designation qualifies for delegates pursuant to the provisions of this section, a designee of the chairperson of the Democratic State Central Committee shall convene an uncommitted caucus in each applicable congressional district for the purpose of electing delegates prior to the third Saturday following the primary.

SEC. 10. Section 6365.2 of the Elections Code is amended to read:

6365.2. The remaining 25 percent of the delegation shall be chosen at large and shall be apportioned among the presidential candidates and uncommitted delegations in the same proportion as delegates were awarded by congressional districts on the basis of the primary vote. In the event of a tie, a delegate shall be awarded to the candidate with the highest statewide popular vote.

The remaining 25 percent of the delegates and all of the alternates shall be selected by separate caucuses of the steering committee and the already-selected delegates pledged to the various candidates or who are members of an uncommitted delegation. The candidate for President shall retain the right to approve all delegates and alternates pledged to him or her and who have been selected pursuant to this section. Each caucus shall be chaired by the chairperson of the appropriate steering committee.

The delegation so formed shall thereafter select a chairperson of the delegation, select convention committee members, select all national committee members, and proceed with such other business as they may choose to conduct.

CHAPTER 20

An act to repeal Section 53668 of the Government Code, relating to local government.

[Approved by Governor March 2, 1976 Filed with Secretary of State March 2, 1976]

The people of the State of California do enact as follows:

SECTION 1. Section 53668 of the Government Code is repealed.

CHAPTER 21

An act to amend Section 66473 of the Government Code, relating to the Subdivision Map Act.

[Approved by Governor March 2, 1976 Filed with Secretary of State March 2, 1976]

The people of the State of California do enact as follows:

SECTION 1. Section 66473 of the Government Code is amended to read:

66473. A local agency shall disapprove a map for failure to meet or perform any of the requirements or conditions imposed by this division or local ordinance enacted pursuant thereto; provided that a final map shall be disapproved only for failure to meet or perform requirements or conditions which were applicable to the subdivision at the time of approval of the tentative map; and provided further that such disapproval shall be accompanied by a finding identifying the requirements or conditions which have not been met or performed. Such local ordinance shall include, but need not be limited to, a procedure for waiver of the provisions of this section when the failure of the map is the result of a technical and inadvertent error which, in the determination of the local agency, does not materially affect the validity of the map.

CHAPTER 22

An act to add Sections 6 and 7 to Chapter 1275 of the Statutes of 1975, relating to eminent domain, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 2, 1976 Filed with Secretary of State March 2, 1976]

The people of the State of California do enact as follows:

SECTION 1. Section 6 is added to Chapter 1275 of the Statutes of 1975, to read:

Sec. 6. Sections 1 to 5, inclusive, of this act shall become operative on July 1, 1976.

SEC. 2. Section 7 is added to Chapter 1275 of the Statutes of 1975, to read:

Sec. 7. Except to the extent otherwise provided in subdivision (b) of Section 1230.065 of the Code of Civil Procedure, which becomes operative July 1, 1976, any eminent domain proceeding commenced prior to July 1, 1976, shall be governed by the law in effect on December 31, 1975.

SEC. 3. This act does not constitute a change in, but is declaratory of, the existing law.

SEC. 4. This is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Although no part of Chapter 1275 of the Statutes of 1975 becomes operative until July 1, 1976, a question could be raised as to the

operative date of Section 1 of Chapter 1275, thus raising the possibility that frivolous claims will be made in eminent domain litigation to the detriment of the people.

In order to eliminate that possibility it is necessary that this act take effect as soon as possible.

All parcels in this act shall be exempt from the provisions of Sections 21000 to 21174, inclusive, of the Public Resources Code.

SEC. 4. As to any property conveyed pursuant to Section 1 of this act containing 10 acres or less, the Director of General Services may except and reserve in the state all geothermal resources and all deposits of minerals, including oil and gas, below a depth of 500 feet, without surface rights of entry. As to any property conveyed containing more than 10 acres, the Director of General Services shall except and reserve in the state all geothermal resources and all deposits of minerals, including oil and gas, together with the right to

prospect for, mine and remove such resources and deposits. Such rights to prospect for, mine and remove shall be limited to those areas of the property conveyed which the director determines to be reasonably necessary for the removal of such resources and deposits.

SEC. 5. The property comprising parcel 1, or any part thereof, shall not be sold prior to January 1, 1977.

SEC. 6. It is the intent of the Legislature that during a one-year period from the effective date of this act, the Department of General Services shall negotiate to sell parcel 1 to local public entities with the objective that the parcel be utilized for recreational purposes or remain undeveloped open space.

CHAPTER 25

An act to add Section 2954.8 to the Civil Code, relating to impound accounts.

[Approved by Governor March 3, 1976 Filed with Secretary of State March 3, 1976.]

The people of the State of California do enact as follows:

SECTION 1. Section 2954.8 is added to the Civil Code, to read:

2954.8. (a) Every financial institution that makes loans upon the security of real property containing only a one- to four-family residence and located in this state or purchases obligations secured by such property and that receives money in advance for payment of taxes and assessments on the property, for insurance, or for other purposes relating to the property, shall pay interest on the amount so held to the borrower. The interest on such amounts shall be at the rate of at least 2 percent simple interest per annum. Such interest shall be credited to the borrower's account annually or upon termination of such account, whichever is earlier.

(b) No financial institution subject to the provisions of this section shall impose any fee or charge in connection with the maintenance or disbursement of money received in advance for the payment of taxes and assessments on real property securing loans made by such financial institution, or for the payment of insurance, or for other purposes relating to such real property, that will result in an interest rate of less than 2 percent per annum being paid on the moneys so received.

(c) For the purposes of this section, "financial institution" means a bank, savings and loan association or credit union chartered under the laws of this state or the United States, or any other person or organization making loans upon the security of real property containing only a one- to four-family residence.

(d) The provisions of this section do not apply to any of the following:

(1) Loans executed prior to the effective date of this section.

(2) Moneys which are placed by a financial institution other than

a bank in a non-interest-bearing demand trust fund account of a bank.

CHAPTER 26

An act to amend Section 99407 of, and to add Sections 99304 and 99400.5 to, the Public Utilities Code, relating to public transportation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 4, 1976. Filed with Secretary of State March 5, 1976.]

The people of the State of California do enact as follows:

SECTION 1. Section 99304 is added to the Public Utilities Code, to read:

99304. The county auditor shall advance to the transit development board created pursuant to Division 11 (commencing with Section 120000) up to five hundred thousand dollars ($500,000) to commence its activities as prescribed by law. The advance shall be credited against future allocation instructions the board may make pursuant to Section 99233.8. The county auditor shall make the advances from the portion of the local transportation fund that represents the unallocated apportionment available to the board pursuant to Section 99303.

SEC. 2. Section 99400.5 is added to the Public Utilities Code, to read:

99400.5. Notwithstanding the provisions of Section 99232, a county in which there is no countywide transit district may file a claim under this article with the transportation planning agency to finance the construction of multimodal transportation terminals. The terminals may be located anywhere in the county.

SEC. 3. Section 99407 of the Public Utilities Code is amended to read:

99407. (a) Notwithstanding any other provision of this chapter, the transportation planning agency may approve claims filed by a city for the construction of facilities for the exclusive use of pedestrians and bicycles, if the city is not expected to be served by public transportation within three years of the filing of the claims.

(b) Notwithstanding Section 99232, the transportation planning agency may approve claims filed by the City of Del Mar for its unallocated apportionments through the 1977–78 fiscal year for the construction of facilities for the exclusive use of pedestrians and bicycles.

SEC. 4. Because of the unique need for the construction of facilities for the exclusive use of pedestrians and bicycles in the City of Del Mar and for the city to use its Mills-Alquist-Deddeh apportionment to finance such construction rather than construction

of other transportation facilities, it is hereby declared that a general law cannot be made applicable and that the enactment of Section 99407 of the Public Utilities Code, as amended, as a special law is necessary for the solution of the transportation problems of the City of Del Mar.

SEC. 5. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be any appropriation made by this act because duties, obligations, or responsibilities imposed on local governmental entities by this act are such that related costs are incurred as a part of their normal operating procedures.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that the Mills-Alquist-Deddeh funds may be used with greater flexibility in solving transportation problems, it is necessary that this act take effect immediately.

CHAPTER 27

An act to amend Sections 409.1, 409.2, and 409.3 of the Code of Civil Procedure, relating to lis pendens.

[Approved by Governor March 5, 1976. Filed with Secretary of State March 6, 1976.]

The people of the State of California do enact as follows:

SECTION 1. Section 409.1 of the Code of Civil Procedure is amended to read:

409.1. At any time after notice of pendency of an action has been recorded pursuant to Section 409 or other law, the court in which the action is pending shall, upon motion of a party to the action supported by affidavit, order that the notice be expunged, unless the party filing the notice shows to the satisfaction of the court, by a preponderance of the evidence, that:

(a) The action does affect title to or right of possession of the real property described in the notice; and

(b) Insofar as the action affects title to or right of possession of the real property described in the notice, the party recording the notice has commenced or prosecuted the action for a proper purpose and in good faith. Notice of motion to expunge shall be served not less than 20 days prior to the hearing. The court shall determine the matter on the affidavits and counteraffidavits on file and upon such other proof as the court may permit. Upon recordation of a certified copy of the order expunging a notice of pendency of the action in the office of the county recorder in which the notice of the pendency of

the action was recorded neither the notice of the pendency of the action nor any information derived therefrom, prior to the recording of a certified copy of the judgment or decree issued therein, shall constitute constructive or actual notice of any of the matters contained therein, or of any of the matters relating to such action, or create any duty of inquiry in any person thereafter dealing with the property described therein.

The court, as a condition of granting or denying the motion to expunge, may require that the party prevailing upon such motion give the other party an undertaking of such nature, and in such amount as shall be fixed by the court, such undertaking to be to the effect that such prevailing party will indemnify the other party for all damages which he may incur if he ultimately prevails in the action.

SEC. 2. Section 409.2 of the Code of Civil Procedure is amended to read:

409.2. At any time after notice of pendency of an action has been recorded pursuant to Section 409 or other law, the court in which the action is pending may order that the notice be expunged if the moving party shall have given an undertaking of such nature, in such amount and within such time as shall be fixed by the court after notice and hearing, such undertaking to be to the effect that the moving party will indemnify the party recording the notice for all damages which he may incur if the notice is expunged and the moving party does not prevail and if the court finds that adequate relief can be secured to the party recording the notice by the giving of such undertaking. Upon recordation of a certified copy of such order in the office of the county recorder in which the notice of the pendency of the action was recorded, neither the notice of the pendency of the action nor any information derived therefrom, prior to the recording of a certified copy of the judgment or decree issued therein, shall constitute constructive or actual notice of any of the matters contained therein, or of any of the matters relating to such action, or create any duty of inquiry in any person thereafter dealing with the property described therein.

SEC. 3. Section 409.3 of the Code of Civil Procedure is amended to read:

409.3. When an order is made pursuant to Section 409.1 or Section 409.2 granting or denying a motion to expunge a notice of pendency of action, the order may direct that the prevailing party be awarded reasonable attorneys' fees and costs.

CHAPTER 28

An act to add Section 19614.1 to, and to repeal Section 19614.1 of, the Business and Professions Code, relating to horseracing, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 5, 1976. Filed with Secretary of State March 6, 1976.]

The people of the State of California do enact as follows:

SECTION 1. Section 19614.1 is added to the Business and Professions Code, to read:

19614.1. Notwithstanding Section 19614, any association other than the California State Fair and Exposition or a district or county fair which handles twenty-five million dollars ($25,000,000) or less in the parimutuel pools operated by it during the course of a racing meeting shall be exempt from the requirements of Sections 19611, 19612 and subdivisions (c) and (d) of Section 19615.

Any such association shall deduct from the total amount handled in parimutuel pools related to its meeting 15.75 percent thereof to be distributed as license fees, commissions, and purses, and shall pay a license of 5½ percent on the amount handled by it in lieu of any other base rate, or rates, otherwise provided for. The remaining 10.25 percent so deducted shall be distributed as commissions and purses.

This section shall remain in effect for one year from its effective date, and on such date is repealed.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Small racing associations, faced with a substantial state license fee increase effective July, 1975, may cancel or be unable to conduct their race meetings. As a result, state horseracing revenues could decrease by as much as three million dollars ($3,000,000) and unemployment within the horseracing industry could increase significantly. It is therefore necessary that this act take effect immediately.

CHAPTER 29

An act to amend Section 22660 of, and to add Sections 22661, 22662, 22663, 22664, 22665, 22666, 22667, and 22668 to, the Vehicle Code, relating to vehicles.

[Approved by Governor March 5, 1976. Filed with Secretary of State March 6, 1976.]

The people of the State of California do enact as follows:

SECTION 1. Section 22660 of the Vehicle Code, as amended by Section 1 of Chapter 627 of the Statutes of 1975, is amended to read:

22660. Notwithstanding any other provision of law, a city, county, or city and county may adopt an ordinance establishing procedures for the abatement and removal, as public nuisances, of abandoned, wrecked, dismantled, or inoperative vehicles or parts thereof from private or public property, not including highways; and for the recovery, pursuant to Section 25845 or 38773.5 of the Government Code, or assumption by the local authority, of costs of administration and such removal.

SEC. 2. Section 22661 is added to the Vehicle Code, to read:

22661. Any ordinance establishing procedures for the removal of abandoned vehicles shall contain all of the following provisions:

(a) The requirement that notice be given to the Department of Motor Vehicles within five days after the date of removal, identifying the vehicle or part thereof and any evidence of registration available, including, but not limited to, the registration card, certificates of ownership, or license plates.

(b) Making the ordinance inapplicable to (1) a vehicle or part thereof which is completely enclosed within a building in a lawful manner where it is not visible from the street or other public or private property or (2) a vehicle or part thereof which is stored or parked in a lawful manner on private property in connection with the business of a licensed dismantler, licensed vehicle dealer, or a junkyard. This exception shall not, however, authorize the maintenance of a public or private nuisance as defined under provisions of law other than this chapter.

(c) The requirement that not less than a 10-day notice of intention to abate and remove the vehicle or part thereof as a public nuisance be issued, unless the property owner and the owner of the vehicle have signed releases authorizing removal and waiving further interest in the vehicle or part thereof. Such notice shall contain a statement of the hearing rights of the owner of the property on which the vehicle is located and of the owner of the vehicle. The statement shall include notice to the property owner that he may appear in person at a hearing or may submit a sworn written statement denying responsibility for the presence of the vehicle on the land, with his reasons for such denial, in lieu of appearing. The notice of intention to abate shall be mailed, by registered or certified mail, to the owner of the land as shown on the last equalized assessment roll and to the last registered and legal owners of record unless the vehicle is in such condition that identification numbers are not available to determine ownership.

(d) The requirement that a public hearing be held before the governing body of the city, county, or city and county, or any other board, commissioner, or official of the city, county, or city and county as designated by the governing body, upon request for such a hearing

by the owner of the vehicle or the owner of the land on which such vehicle is located. This request shall be made to the appropriate public body, agency, or officer within 10 days after the mailing of notice of intention to abate and remove the vehicle. If the owner of the land on which the vehicle is located submits a sworn written statement denying responsibility for the presence of the vehicle on his land within such time period, this statement shall be construed as a request for hearing which does not require the presence of the owner submitting such request. If such a request is not received within such period, the appropriate public body, agency, or officer shall have the authority to remove the vehicle.

(e) The requirement that after a vehicle has been removed, it shall not be reconstructed or made operable, unless it is a vehicle which qualifies for either horseless carriage license plates or historical vehicle license plates, pursuant to Section 5004, in which case the vehicle may be reconstructed or made operable.

(f) Authorizing the owner of the land on which the vehicle is located to appear in person at the hearing or present a sworn written statement denying responsibility for the presence of the vehicle on the land, with his reasons for such denial. If it is determined at the hearing that the vehicle was placed on the land without the consent of the landowner and that he has not subsequently acquiesced in its presence, then the local authority shall not assess costs of administration or removal of the vehicle against the property upon which the vehicle is located or otherwise attempt to collect such cost from such owner.

SEC. 3. Section 22662 is added to the Vehicle Code, to read:

22662. Vehicles or parts thereof may be disposed of by removal to a scrapyard, automobile dismantler's yard, or any suitable site operated by a local authority for processing as scrap, or other final disposition consistent with subdivision (e) of Section 22661. A local authority may operate such a disposal site when its governing body determines that commercial channels of disposition are not available or are inadequate, and it may make final disposition of such vehicles or parts, or the local agency may transfer such vehicle or parts to another, provided such disposal shall be only as scrap.

SEC. 4. Section 22663 is added to the Vehicle Code, to read:

22663. Any ordinance adopted pursuant to Section 22660 shall provide for administration of the ordinance by regularly salaried full-time employees of the city, county, or city and county, except that the removal of vehicles or parts thereof from property may be by any other duly authorized person. Any such authorized person may enter upon private property for the purposes specified in the ordinance to examine a vehicle or parts thereof, obtain information as to the identity of a vehicle, and remove or cause the removal of a vehicle or part thereof declared to be a nuisance pursuant to the ordinance.

SEC. 5. Section 22664 is added to the Vehicle Code, to read:

22664. Any licensed dismantler or commercial enterprise acquiring vehicles removed pursuant to such ordinance shall be excused from the reporting requirements of Section 11520; and any fees and penalties which would otherwise be due the Department of Motor Vehicles are hereby waived, provided that a copy of the resolution or order authorizing disposition of the vehicle is retained in the dismantler's or commercial enterprise's business records.

SEC. 6. Section 22665 is added to the Vehicle Code, to read:

22665. Notwithstanding Section 22710 or any other provision of law, the department shall, at the request of a local authority, administer on behalf of the local authority its abandoned vehicle abatement and removal program established pursuant to Section 22660. For any program which the department administers pursuant to this section, it shall be reimbursed from the Abandoned Vehicle Trust Fund to the extent to which it is not reimbursed by the local authority pursuant to Section 22666.

SEC. 7. Section 22666 is added to the Vehicle Code, to read:

22666. Whenever the department is administering a program pursuant to Section 22665, it shall by regulation establish procedures for the abatement and removal of vehicles that are identical to the requirements specified in Section 22661, except that the department shall provide by agreement with the requesting local authority for the conduct of a public hearing pursuant to subdivision (d) of Section 22661 by the local authority and for the reimbursement of the department for its costs of administration and removal which the local authority is authorized to recover from the property owner pursuant to Section 22660. Such regulations shall also provide for the administration of the regulations by regularly salaried, full-time personnel of the department, except that the removal of vehicles or parts thereof from property may be done by any other duly authorized person. Any such person may enter upon private property for the purposes specified in the regulations to examine a vehicle or parts thereof, obtain information as to the identity of a vehicle, and remove or cause the removal of a vehicle or part thereof declared to be a nuisance pursuant to the regulations.

The provisions of Sections 22662 and 22664 shall also apply to any vehicle removed by the department.

SEC. 8. Section 22667 is added to the Vehicle Code, to read:

22667. In establishing procedures for the abatement and removal of abandoned vehicles, the department shall give priority to the removal of abandoned vehicles from corridors of the state highway system, from public lands and parks, and from river and wildlife areas.

SEC. 9. Section 22668 is added to the Vehicle Code, to read:

22668. No local authority whose abandoned vehicle abatement and removal program is administered pursuant to Section 22665 shall be eligible for any disbursement from the Abandoned Vehicle Trust Fund pursuant to Section 22710.

One of the objects of the local agency formation commission is to make studies and to obtain and furnish information which will contribute to the logical and reasonable development of local governments in each county and to shape the development of local governmental agencies so as to advantageously provide for the present and future needs of each county and its communities.

In addition to its other powers the local agency formation commission shall initiate and make studies of existing governmental agencies. Such studies shall include but shall not be limited to inventorying such agencies and determining their maximum service area and service capacities. In conducting such studies, the commission may ask for land use information, studies, and plans of cities, counties, districts, including school districts, and regional agencies and state agencies and departments. Cities, counties, districts, including school districts, regional agencies, and state agencies and departments, shall comply with the request of the commission for such information and the commission shall make its studies available to public agencies and any interested person. In

making these studies, the commission may cooperate with the county planning commissions.

In order to carry out its purposes and responsibilities for planning and shaping the logical and orderly development and coordination of local governmental agencies so as to advantageously provide for the present and future needs of the county and its communities, the local agency formation commission shall develop and determine the sphere of influence of each local governmental agency within the county. As used in this section "sphere of influence" means a plan for the probable ultimate physical boundaries and service area of a local governmental agency. Among the factors considered in determining the sphere of influence of each local governmental agency the commission shall consider:

(a) The maximum possible service area of the agency based upon present and possible service capabilities of the agency.

(b) The range of services the agency is providing or could provide.

(c) The projected future population growth of the area.

(d) The type of development occurring or planned for the area, including, but not limited to, residential, commercial, and industrial development.

(e) The present and probable future service needs of the area.

(f) Local governmental agencies presently providing services to such area and the present level, range and adequacy of services provided by such existing local governmental agencies.

(g) The existence of social and economic interdependence and interaction between the area within the boundaries of a local governmental agency and the area which surrounds it and which could be considered within the agency's sphere of influence.

(h) The existence of agricultural preserves in the area which could be considered within an agency's sphere of influence and the effect on maintaining the physical and economic integrity of such preserves in the event that such preserves are within a sphere of influence of a local governmental agency.

The commission shall periodically review and update the spheres of influence developed and determined by them.

The spheres of influence, after adoption, shall be used by the commission as a factor in making regular decisions on proposals over which it has jurisdiction. The commission may recommend governmental reorganizations to particular agencies in the county, using the spheres of influence as the basis for such recommendations. Such recommendations shall be made available, upon request, to other governmental agencies or to the public.

The commission, or the board of supervisors on behalf of the commission, is authorized to apply for or accept, or both, any financial assistance and grants-in-aid from public or private agencies or from the state or federal government or from a local government.

The city selection committee shall appoint one alternate member to the commission in the same manner as it appoints a regular member. If one of the regular city members is absent from a commission meeting, or disqualifies himself from participating in a

meeting, or is automatically disqualified from participating therein pursuant to this section, the alternate member is authorized to serve and vote in his place for that meeting. Except in the case of counties with not more than two cities, when the commission is considering a proposal for the annexation of territory to a city of which one of the members of the commission is an officer, the member is disqualified from participating in the proceedings of the commission with respect to the proposal and the alternate member shall serve and vote in his place for such purpose.

In the event the office of a regular city member becomes vacant the alternate member is authorized to serve and vote in his place until the appointment and qualification of a regular city member to fill the vacancy.

(a) Any of the conditions set forth in Section 56470.

(b) The initiation, conduct or completion of proceedings for a change of organization or a reorganization under and pursuant to the District Reorganization Act of 1965, Division 1 (commencing with Section 56000) of Title 6; and

(c) The approval or disapproval, with or without election, as may be provided by the District Reorganization Act of 1965, of any resolution or ordinance ordering any such change of organization or reorganization.

If the commission shall so condition its approval, the commission may order that any further action pursuant to this chapter shall be continued and held in abeyance for such period of time as the commission may designate, not to exceed six months from the date of such conditional approval.

Any such commission order may also provide that any election called upon any of the matters provided for by said subdivision (a) of Section 54790 shall be called, held and conducted before, upon the same date as, or after the date of any election to be called, held and conducted upon a change of organization or reorganization pursuant to the provisions of the District Reorganization Act of 1965.

Any such commission order may also provide that in any election at which the questions of annexation and district reorganization or incorporation and district reorganization are to be considered at the same time, there shall be a single question appearing on the ballot upon the issues of annexation and district reorganization or incorporation and district reorganization.

SEC. 13. Section 54792 of the Government Code is amended to read:

54792. Each application shall be in such form as the commission may prescribe and shall contain:

(a) A statement of the nature of each proposal;

(b) A description of the boundaries of the territory proposed to be incorporated into a new city, to be formed into a special district, to be annexed to a local agency or to be excluded from a city;

(c) A map showing such boundaries;

(d) Such data and information as may be required by any rule or regulation of the commission;

(f) The names of the officers or persons, not to exceed three in number, who are to be furnished with copies of the executive officer's report and who are to be given mailed notice of hearing.

SEC. 14. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to this section nor shall there be any appropriation made by this act because duties, obligations, or responsibilities imposed on local governmental entities or school districts by this act are such that related costs are incurred as part of their normal operating procedures.

CHAPTER 32

An act to amend Sections 17601.1 and 18102.9 of the Education Code, relating to school attendance, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 5, 1976. Filed with Secretary of State March 6, 1976.]

The people of the State of California do enact as follows:

SECTION 1. Section 17601.1 of the Education Code is amended to read:

17601.1. For the purposes of this chapter, the governing board of each school district and community college district shall report to the Superintendent of Public Instruction during each fiscal year the average daily attendance of the district for all full school months during (1) the period between July 1st and December 31st, inclusive, to be known as the "first period" report for the first principal apportionment, and (2) the period between July 1st and April 15th, inclusive, to be known as the "second period" report for the second principal apportionment. The county superintendent of schools shall report the average daily attendance for the schools and classes maintained by him and the average daily attendance for the county school tuition fund. If the average daily attendance in the regular day schools of a district for the period of time between July 1 and June 30 is greater or lesser than the average daily attendance in the regular day schools reported for the second period report, the

appropriate increases and decreases in the several categories of attendance for which separate foundation programs are required to be computed shall be recomputed on the basis of the foundation program and assessed valuation of the district of the fiscal year in which such increases and decreases in average daily attendance were applicable and the appropriate increases and decreases in apportionments shall be added or withheld in the next succeeding fiscal year pursuant to Section 17414.

Each report shall be prepared in accordance with instructions on forms prescribed and furnished by the Superintendent of Public Instruction and average daily attendance shall be computed in the following manner:

(a) The average daily attendance in the regular elementary, junior high, and high schools maintained by the school districts shall be determined by dividing the total number of days of attendance allowed in all full school months in each period, by the number of days such schools are actually taught in all full school months in each period, exclusive of Saturdays or Sundays.

With the exception of days of attendance in special day classes convened, or other instruction provided a pupil for days in a school year which are in excess of the number of days in the school year on which the regular day schools of a district are convened, if the average daily attendance in schools and classes maintained by school districts other than regular day schools and classes for the period of time between July 1 and June 30 is greater or lesser than the average daily attendance in such schools and classes reported for the second period report, the separate state support which is provided for attendance in such schools and classes shall be recomputed on the basis of the fiscal year average daily attendance, and increases and decreases in apportionments shall be added or withheld in the next succeeding fiscal year pursuant to Section 17414.

(b) The average daily attendance in grades 13 and 14 of the regular day schools of each community college shall be determined pursuant to the provisions of Article 5 (commencing with Section 11475). For community colleges under the provisions of this paragraph, the "first period" shall be the summer session and the fall semester for semester-system colleges, the summer and fall quarter for colleges on the three-quarter system, and the summer and fall quarters for colleges on the four-quarter system. The "second period" shall be the "academic year" which is the summer session plus the first and second semester for semester-system colleges, the summer session plus the first and second quarters for three-quarter-system colleges, and the summer, fall, and winter quarters for four-quarter-system colleges.

The "academic year" for three- or four-quarter-system colleges is reported on the annual report and adjustments shall be made as set forth in the first paragraph of this section.

(c) The average daily attendance in summer school and outdoor

science and conservation education classes maintained during the period between the last day the regular day schools are in session during the preceding year and the first day the regular day schools are in session during the current year shall be reported on both the first period and second period reports. Such average daily attendance shall be computed by dividing the days of attendance allowed by 175. For community colleges, the hours of attendance shall be divided by 525 for all classes of less than four weeks duration. For summer sessions of four weeks or more, average daily attendance shall be computed as provided in Section 11475.

(d) The attendance for schools and classes maintained by the county superintendent of schools and for the county school tuition fund credited after the last full school month of the second period of the preceding year and prior to the end of each reporting period shall be reported on each report. The average daily attendance of the school, class, or fund shall be determined for the first period by dividing the days of attendance allowed by 100 and for the second period, the days of attendance allowed shall be divided by 175.

(e) The days of attendance in classes for adults continuation schools and classes, regional occupation centers and opportunity schools and classes maintained after the last full school month of the second period of the preceding year and prior to the end of each reporting period shall be reported on each report. The average daily attendance in such schools and classes shall be determined for the first period by dividing the days of attendance allowed by 100; for the second period, the days of attendance allowed shall be divided by 175 for kindergarten and grades 1 to 12, inclusive. In community colleges, the divisor for contact hours of adult classes is 300 for the first period and 525 for the second period.

SEC. 2. Section 18102.9 of the Education Code is amended to read:

18102.9. (1) In addition to the allowances provided under Sections 18102 to 18102.6, inclusive, the Superintendent of Public Instruction shall allow to school districts and county superintendents of schools for each unit of average daily attendance an amount as follows:

(c) For instruction of physically handicapped pupils in remedial physical education, seven hundred seventy-five dollars ($775).

(d) For remedial instruction of physically handicapped pupils in other than physical education, two thousand dollars ($2,000).

(e) For instruction of blind pupils when a reader has actually been provided to assist the pupil with his studies, or for individual instruction in mobility provided blind pupils under regulations

02279 28680 280

prescribed by the State Board of Education, or when braille books are purchased, ink print materials are transcribed into braille, or sound recordings and other special supplies and equipment are purchased for blind pupils, or for individual supplemental instruction in vocational arts, business arts, or homemaking for blind pupils, nine hundred ten dollars ($910).

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

This act provides a reasonable method of effecting the transition between different methods of crediting average daily attendance in extended sessions in schools. In order to effectuate such transition

and avoid loss in apportionments in the 1975–76 fiscal year and not cause a substantial reduction in the quality of education in this state, it is necessary that this act take effect immediately.

CHAPTER 33

6509. Any person, or agent or officer thereof, who violates this chapter is guilty of a misdemeanor.

SEC. 3. Section 17922.5 is added to the Health and Safety Code, to read:

17922.5. Any state or local agency which issues building permits shall require, as a condition of issuing any such permit where the working conditions of such construction would require an employer to obtain a permit from the Division of Industrial Safety pursuant to Chapter 6 (commencing with Section 6500) of Part 1 of Division 5 of the Labor Code, that proof be submitted showing that the employer has received such a permit from the Division of Industrial Safety.

SEC. 4. SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to fully protect the interests of the public who may work

in unsafe areas, it is imperative that this bill take immediate effect.

CHAPTER 34

An act to add Section 1747.85 to the Civil Code, relating to credit cards.

[Approved by Governor March 5, 1976. Filed with Secretary of State March 6, 1976.]

The people of the State of California do enact as follows:

SECTION 1. Section 1747.85 is added to the Civil Code, to read:

1747.85. Unless requested by the cardholder, no card issuer shall cancel a credit card without having first given the cardholder 30 days' written notice of its intention to do so unless the cardholder is or has been within the last 90 days in default of payment or otherwise in violation of any provision of the agreement between the card issuer and the cardholder governing the cardholder's use of the credit card or unless the card issuer has evidence or reasonable belief that the cardholder is unable or unwilling to repay obligations incurred under the agreement or that an unauthorized use of the card may be made.

CHAPTER 35

An act to add a heading to Article 1 (commencing with Section 35525) of Chapter 2.5 of Part 5 of Division 13 of, to add a heading to Article 2 (commencing with Section 35532) of Chapter 2.5 of Part 5 of Division 13 of, and to add Article 3 (commencing with Section 35539) to Chapter 2.5 of Part 5 of Division 13 of, the Water Code, relating to water districts, and declaring the urgency thereof, to take effect immediately.

The people of the State of California do enact as follows:

SECTION 1. An article heading is added between the heading of Chapter 2.5 (commencing with Section 35525) of Part 5 of Division 13 of the Water Code and Section 35525 of that code, to read:

Article 2. Powers

SEC. 3. Article 3 (commencing with Section 35539) is added to Chapter 2.5 of Part 5 of Division 13 of the Water Code, to read:

Article 3. Special Assessments

35539. In addition to, and as an alternative to, the powers contained in this division, the board may by resolution determine and declare that it is necessary to levy a special assessment of an equal amount upon each acre of developed land, upon each acre of undeveloped land, or both, within the district in order to cause just and equitable sharing among the district's landowners of all or any portion of the district obligations for the next year in excess of receipts from water charges, as reflected in the district's annual estimate of obligations filed pursuant to Section 36552 or 37206, and such resolution shall declare that a public hearing shall be held thereon at a specified time and place at which all interested persons may appear and be heard.

35539.1. The resolution shall be published pursuant to Section 6066 of the Government Code in a newspaper of general circulation published in each county in which district lands are located. A copy of the resolution shall be mailed, postage prepaid, to each holder of title to land within the district as shown by the last equalized assessment roll of the district, or, if the district has theretofore elected to use the last equalized county assessment roll or rolls for district assessment purposes, a copy of the resolution shall be mailed, postage prepaid, to each holder of title to land of the county or counties in which district lands are located.

The hearing may be adjourned from time to time at the discretion of the board and at its conclusion the board may determine and by a new resolution declare the amount of and levy a special assessment upon each acre of developed land in an equal amount per acre, upon each acre of undeveloped land in an equal amount per acre, or both, within the district, sufficient to defray all or any part of the district obligations for the next year in excess of receipts from water charges, as reflected in the district's annual statement of obligations filed pursuant to Section 36554 or 37206.

35539.2. No levy of assessment shall be made pursuant to this article unless the resolution pursuant to the hearing is properly made and entered in the records of the district at least 31 days before the time for levying such assessment.

35539.3. If, after the board adopts the resolution of intent to levy and before 30 days after the resolution pursuant to the hearing, the board receives a petition containing the signatures of persons holding title to 5 percent of the land area within the district, the board shall call an election of the qualified voters in the district and submit the resolution to levy the special assessment to the voters for

their approval or rejection. When an election is required pursuant to this section, no levy of assessment pursuant to this article shall be made unless and until the election required by this section is held and the assessment is approved by a majority vote of the qualified voters of the district in such election. The election required in this section shall be called and noticed, held and conducted in the manner provided for bond elections of the district.

35539.4. The resolution pursuant to the hearing, or, when required, the proposition submitted to the qualified voters of the district pursuant to Section 35539.3, shall specify the due date for such special assessment and may provide that it is payable in two equal installments, the first of which shall be delinquent if not paid within five calendar months after the due date and the second of which shall be delinquent if not paid within nine calendar months after the due date, and, if no such provision for payment in installments is made, such resolution or, when required, such election proposition, shall provide that the entire special assessment becomes delinquent if not paid within six months after the due date.

The special assessment shall be collected pursuant to the provisions of Chapters 3, 4, 5 and 6 of Part 7 of this division.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

These water districts will be making their first water deliveries of State Water Project water in 1976 and special provisions are necessary in order that these districts can solve their cash flow difficulties and at the same time equitably finance their water operations. Under current law, such districts must finance costs which exceed water revenues from ad valorem taxes levied on land only. Sole reliance on such a levy is inequitable because the agricultural lands closer to urban areas would be required to pay a disproportionately larger share per acre than rural lands where, in addition, the water is more greatly needed.

This bill would permit these districts to relieve their cash flow problems and to more equitably finance costs which exceed its water revenues by utilizing a combination of per-acre taxes and ad valorem taxes on land. It is urgent that the land area assessment be authorized and made applicable to the land area in the Kern Delta, Cawelo, Rag Gulch and Kern-Tulare Water Districts during 1976. It is necessary, therefore, that the provisions of this act go into immediate effect.

CHAPTER 36

An act to amend Section 31727.1 of the Government Code, relating to the County Employees Retirement Law of 1937, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 5, 1976. Filed with Secretary of State March 6, 1976.]

The people of the State of California do enact as follows:

SECTION 1. Section 31727.1 of the Government Code is amended to read:

31727.1. In counties adopting Section 31676.12, a member upon retirement for non-service-connected disability, who has attained age 62, shall receive his service retirement allowance.

The non-service-connected disability retirement pension for a member under age 62 shall be such an amount as with that portion of a member's annuity provided by his accumulated normal contributions will make his disability retirement allowance equal:

(a) Ninety percent of one-fiftieth of his final compensation multiplied by the number of years of service credited to him, if (1) the member must rely upon service in another retirement system in order to be eligible to retire or (2) such disability retirement allowance exceeds one-third of his final compensation.

(b) If the member is eligible to retire without relying upon service in another retirement system and the disability retirement allowance computed under subdivision (a) does not exceed one-third of his final compensation, 90 percent of one-fiftieth of his final compensation multiplied by the number of years of service which would be creditable to him were his service to continue until attainment by him of age 62, but in such case the retirement allowance shall not exceed one-third of his final compensation.

The amendments to this section during the 1975–76 Regular Session of the Legislature shall not apply in any county until adopted by majority vote of the county supervisors of that county.

SEC. 2. There are no state-mandated local costs in this act that require reimbursement under Section 2231 of the Revenue and Taxation Code because there are no additional duties, obligations or responsibilities imposed on local governments by this act.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution. The facts constituting such necessity are:

Sections 31676.12 and 31727.1 were added to the Government Code in 1972. As enacted, they failed to prescribe the method for computing the amount of the non-service-connected disability retirement allowance for members age 62 and over, thereby

depriving such members of the allowance to which they were entitled.

CHAPTER 37

An act to amend Section 22507.5 of the Vehicle Code, relating to vehicles, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 9, 1976. Filed with Secretary of State March 9, 1976.]

The people of the State of California do enact as follows:

SECTION 1. Section 22507.5 of the Vehicle Code, as amended by Chapter 1213 of the Statutes of 1975, is amended to read:

22507.5. Notwithstanding the provisions of Section 22507, local authorities may, by ordinance or resolution, prohibit or restrict the parking or standing of vehicles on certain streets or highways, or portions thereof, between the hours of 2 a.m. and 6 a.m., and may, by ordinance or resolution, prohibit or restrict the parking or standing, on any street, or portion thereof, in a residential district, of commercial vehicles having a manufacturer's gross vehicle weight rating of 10,000 pounds or more. Such ordinance or resolution relating to parking between the hours of 2 a.m. and 6 a.m. may provide for a system of permits for the purpose of exempting from the prohibition or restriction of such ordinance or resolution handicapped persons and residents of high-density, multiple-family dwelling areas or similar areas lacking adequate offstreet parking facilities. No such ordinance or resolution relating to the parking or standing of commercial vehicles in a residential district shall, however, be effective with respect to any commercial vehicle making pickups or deliveries of goods, wares, and merchandise from or to any building or structure located on the restricted streets or highways or for the purpose of delivering materials to be used in the actual and bona fide repair, alteration, remodeling, or construction of any building or structure upon the restricted streets or highways for which a building permit has previously been obtained.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Inasmuch as many persons are receiving parking citations for overnight parking in areas where there is inadequate offstreet parking, it is necessary that this act, alleviating the hardship created thereby, take effect immediately.

CHAPTER 38

[Approved by Governor March 12, 1976. Filed with Secretary of State March 12, 1976.]

The people of the State of California do enact as follows:

SECTION 1. Section 13656 of the Education Code is amended to read:

13656. All probationary or permanent employees a part of the classified service shall be entitled to the following paid holidays provided they are in a paid status during any portion of the working day immediately preceding or succeeding the holiday: January 1, February 12 known as "Lincoln Day," the third Monday in February known as "Washington Day," the last Monday in May known as "Memorial Day," July 4, the first Monday in September known as "Labor Day," September 9 known as "Admission Day," November 11 known as "Veterans Day," that Thursday in November proclaimed by the President as "Thanksgiving Day," December 25, every day appointed by the President, or the Governor of this state, as provided for in subdivisions (b) and (c) of Section 5201 for a public fast, thanksgiving or holiday, or any day declared a holiday under Section 877 or 5202 for classified or certificated employees. When a holiday herein listed falls on a Saturday, the preceding Friday shall be deemed to be the holiday in lieu of the day observed. When a classified employee is required to work on any of said holidays, he shall be paid compensation, or given compensating time off, for such work, in addition to the regular pay received for the holiday, at the rate of time and one-half his regular rate of pay.

The provisions of Article 3 (commencing with Section 5201) of Chapter 2 of Division 6 shall not be construed to in any way limit the provisions of this section, nor shall anything in this section be construed to prohibit the governing board from adopting separate

work schedules for the certificated and the classified services, or from providing holiday pay for employees who have not been in paid status on the days specified herein. Notwithstanding the adoption of separate work schedules for the certificated and the classified services, on any schoolday during which pupils would otherwise have been in attendance but are not and for which certificated personnel receive regular pay, classified personnel shall also receive regular pay whether or not they are required to report for duty that day.

This section shall apply to districts that have adopted the merit system in the same manner and effect as if it were a part of Article 5 (commencing with Section 13701) of this chapter.

SEC. 2. Section 13657 of the Education Code is amended to read:

13657. Any days of absence for illness or injury earned pursuant to Section 13651.1, may be used by the probationary or permanent employee, at his election, in cases of personal necessity, including any of the following:

(a) Death of a member of his immediate family when additional leave is required beyond that provided in Section 13651.4 and that provided, in addition thereto, as a right by the governing board.

(b) Accident, involving his person or property, or the person or property of a member of his immediate family.

(c) Appearance in any court or before any administrative tribunal as a litigant, party, or witness under subpoena or any order made with jurisdiction.

The governing board of each school district shall adopt rules and regulations requiring and prescribing the manner of proof of personal necessity for the purpose of this section. No earned leave in excess of six days may be used in any school year for the purposes enumerated in this section.

Immediate family has the same meaning as provided in Section 13651.4.

This section shall apply to districts that have adopted the merit system in the same manner and effect as if it were a part of Article 5 (commencing with Section 13701) of this chapter.

This section shall also apply to school districts that may be exempted from the provisions of Section 13651.1. Authorized necessity leave shall be deducted from sick leave earned under the provisions of the exemption of Section 13651.1.

SECTION 1. Section 25503.1 of the Business and Professions Code is amended to read:

25503.1. (a) Anything in this division to the contrary notwithstanding, any manufacturer, winegrower, manufacturer's agent, rectifier, distiller, bottler, importer, or wholesaler, or any officer, director, or agent of any such person is authorized:

construction of improvements at Del Mar Race Track as described in work order AFD 410 of the Office of Architecture and Construction. Any such commitment shall be deemed, with respect to the project for which it is made, to constitute a deposit of funds available for expenditure by the Department of General Services for the purposes of Section 14957 of the Government Code. The Director of Finance, to the extent necessary to honor such commitment, shall authorize by executive order the withdrawal of an amount or amounts from the General Fund in the State Treasury not to exceed six hundred thousand dollars ($600,000) for transfer to the Architecture Revolving Fund. Any amount so transferred shall be used solely for the project for which the commitment was made and shall not exceed the amount necessary for the project, after deducting from the commitment the amount of all funds in the Del Mar Capital Improvement Account. Any sums so transferred shall be repaid to the General Fund, with simple interest at the average rate earned by the Pooled Money Investment Account for the month in which the transfer is made, from the first moneys placed in the Del Mar Capital Improvement Account (created by lease agreement of January 8, 1969, between the State Race Track Leasing Commission and the Del Mar Thoroughbred Club) not needed for the project for which the commitment was given; provided, that, in any case, such repayment in full with interest as specified shall be made from funds in such improvement account prior to October 1, 1978.

[Approved by Governor March 17, 1976. Filed with Secretary of State March 17, 1976.]

The people of the State of California do enact as follows:

SECTION 1. Section 205.5 of the Revenue and Taxation Code, as amended by Chapter 662 of the Statutes of 1975, is amended to read:

205.5. (a) The property which constitutes the home of a resident of this state who is a veteran as specified in subdivisions (o), (p), and (r) of Section 3 of Article XIII of the Constitution and which is the principal place of residence of the veteran or the veteran's unmarried surviving spouse is exempt from taxation on that part of the assessed value of the residence that does not exceed ten thousand dollars ($10,000), if the veteran, because of injury incurred in military service, is blind in both eyes, has lost the use of two or more limbs, or is totally disabled.

(b) For purposes of this section, being blind in both eyes means having a visual acuity of 5/200 or less; losing the use of a limb means that the limb has been amputated or its use has been lost by reason of ankylosis, progressive muscular dystrophies, or paralysis; and being totally disabled means that the United States Veterans Administration or the military service from which such veteran was

discharged has rated the disability at 100 percent or has rated the disability compensation at 100 percent by reason of being unable to secure or follow a substantially gainful occupation.

(c) No person shall be eligible for this exemption unless he or she was a resident of California at the time of his or her entry into military or naval service, or unless he or she was a resident of the state on November 7, 1972, if he or she is blind or has lost the use of two or more limbs, or on the effective date of this section, if he or she is totally disabled.

(d) This exemption includes the home of such a person owned in either joint, common or community interest with his or her spouse and the home of such a person which is owned by a corporation of which he or she is a shareholder when the rights of shareholding entitle one to possession of a home owned by the corporation. The exemption provided by this section shall be shown on the local roll and shall reduce the assessed value of such corporation. Notwithstanding any provision of law or articles of incorporation or bylaws of such corporation to the contrary, it is the intent of the Legislature that any reduction of property taxes paid by such corporation shall reflect an equal reduction in any charges by such corporation to the veteran who, by reason of his qualifying under subdivision (a), made possible such reduction for such corporation.

(e) An exemption granted to a claimant in accordance with the provisions of this section shall be in lieu of any other property tax exemption to which the claimant may be entitled, and no property tax exemption may be claimed by any other person with respect to the same home for which an exemption has been granted under the provisions of this section.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that disabled veterans receive the benefits of this act and to eliminate the unnecessary duplication of administrative efforts at the earliest time, this act must go into effect immediately.

(10) Trucks transporting garbage, rubbish, or refuse.

(11) Trucks equipped with a fifth wheel when towing a semitrailer.

(12) Tank trucks which have a cargo capacity of at least 1,500 gallons.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Section 35550 of the Vehicle Code was amended by Chapter 651 of the Statutes of 1975 to limit the gross weight imposed upon the highway by the wheels on any front steering axle of a motor vehicle to 12,500 pounds. Several types of vehicles with steering axles designed to carry weight in excess of 12,500 pounds were exempted from this limitation.

Three types of these vehicles were overlooked and must be added to the list of exemptions to avoid discrimination and economic hardship.

In order to achieve its intended results, it is necessary that this act take effect immediately.

For the purposes of this chapter, if a person holds property in a fiduciary capacity for a business association alone, he is the holder of the property only insofar as the interest of the business association in such property is concerned and the association is deemed to be the holder of the property insofar as the interest of any other person in the property is concerned.

SEC. 2. Section 1540 of the Code of Civil Procedure is amended to read:

1540. (a) Any person, excluding another state, who claims an interest in property paid or delivered to the State Controller under this chapter may file a claim to the property or to the net proceeds from its sale. The claim shall be on a form prescribed by the State Controller and shall be verified by the claimant.

(b) The State Controller shall consider each claim within 90 days after it is filed. He may hold a hearing and receive evidence. He shall give written notice to the claimant if he denies the claim in whole or in part. Such notice may be given by mailing it to the address, if any, stated in the claim as the address to which notices are to be sent. If no such address is stated in the claim, the notice may be mailed to the address, if any, of the claimant as stated in the claim. No notice of denial need be given if the claim fails to state either an address to which notices are to be sent or an address of the claimant.

An act to amend Section 222 of the Fish and Game Code, relating to fish and game.

It shall be the booklet containing the latest regulations so printed applicable to the activity authorized by the license being purchased.

Such booklet shall contain in the front portion the following:

COMMISSION

The Fish and Game Commission, composed of five members who are appointed by the Governor for six-year terms and who are subject to confirmation by the Senate, has been a constitutional body since 1940. It possesses such powers as are delegated to it by the Legislature. In general, the Legislature has granted the commission the power to regulate the taking or possession of game birds (both resident and migratory), mammals (including deer, bear, elk, antelope, rabbits and squirrels), fish, amphibians (frogs) and reptiles.

These powers have been delegated for specific intervals by the Legislature. Other regulatory powers pertaining to less significant fish and game matters have been granted on an unrestricted basis. The commission is required to hold public meetings to hear and consider the recommendations of interested citizens and groups before setting fish and game regulations.

As stipulated by the Fish and Game Code, general policies for conduct of the department are formulated by the Fish and Game Commission and the Director of the Department of Fish and Game is responsible for administration of the department in accordance with the policies thus established. Though the department is subject by law to decisions of the commission, the Wildlife Conservation Board and the Marine Research Committee, the director of the department is responsible to the Governor.

WILDLIFE BOARD

The Wildlife Conservation Board was established by the Wildlife Conservation Act of 1947. It consists of the President of the Fish and Game Commission, the Director of the Department of Fish and Game and the Director of Finance. Additionally, three Members of the Senate and three Members of the Assembly meet with the board and participate in its activities. The primary responsibilities of the board consist of selecting and authorizing the acquisition of land and property suitable for recreation purposes and the preservation, protection and restoration of wildlife. The board may authorize construction of facilities on property it has acquired, consistent with the purpose for which the property was purchased. The acquisition and construction program of the board is financed out of the Wildlife Restoration Fund for which, in 1955, the Legislature established a continuing annual appropriation of seven hundred fifty thousand dollars ($750,000) from the state's share of parimutuel revenues derived from wagers on horseracing.

MARINE RESEARCH COMMITTEE

The Marine Research Committee which was established by the Legislature in 1947, consists of nine members: five representing commercial fish interests, at least one member representing organized sportsmen's groups, and at least one representing organized labor. The membership is appointed by the Governor for four-year terms. The committee is empowered to employ personnel or contract for research in the development of commercial fisheries of the Pacific Ocean and financial support for the committee is derived from a special privilege tax on fish dealers and fish packers.

DEPARTMENT

The Department of Fish and Game is charged with the administration and enforcement of the Fish and Game Code. It is organized as a headquarters staff in Sacramento, with six regional managers, each responsible for fish and game operations in his portion of the state, including the offshore area. General policies for the conduct of the department are formulated by the Fish and Game Commission, and the director is responsible for administration of the department in accordance with such policies. The director is the appointing power of all department employees, who are responsible to him for the proper performance of their duties and responsibilities.

Support of the Department of Fish and Game comes from the Fish and Game Preservation Fund, which derives its revenue from the sale of hunting and fishing licenses, court fines and commercial fishing taxes. One-half of the fines and forfeitures collected as a result of violations of the Fish and Game Code and commission regulations are deposited in the Fish and Game Preservation Fund, and the other one-half goes to the county in which the offense was committed to be expended for the propagation and conservation of fish or game under the direction of the board of supervisors.

There are also grants of federal funds for sport fisheries projects under the Dingell-Johnson Sport Fish Restoration Act (16 U.S.C., Sec. 777, et seq.) and for wildlife projects under the Pittman-Robertson Act (16 U.S.C., Sec. 669, et seq.), allocated to the states from taxes on sporting articles, in ratio to the number of licensed hunters and fishermen and the area involved. The Commercial Fisheries Research and Development Act of 1964 (16 U.S.C., Sec. 779, et seq.) provides federal funds for studies and projects relating to commercial fisheries.

LEGISLATIVE COMMITTEES ON FISH AND GAME

The Assembly Committee on Water, and the Senate Committee on Natural Resources and Wildlife are empowered to investigate fish and game problems, hold hearings so that interested citizens may publicly express their views, make recommendations and introduce bills pertaining to fish and game for consideration by the Legislature.

These committees have no administrative powers, and no power to establish regulations. They cannot direct the Fish and Game Commission to establish any regulations or set any season dates. Nor can they require the State Department of Fish and Game or other state agencies to perform any service other than to furnish the committees with data or information required in their deliberations.

CHAPTER 61

An act to add Section 20803.3 to, and to repeal Section 20803.3 of, the Education Code, relating to school district taxes, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 23, 1976. Filed with Secretary of State March 23, 1976.]

The people of the State of California do enact as follows:

SECTION 1. Section 20803.3 is added to the Education Code, to read:

20803.3. If the election authorized in Section 20803.2 is called to continue in effect a revenue limit which is the result of including the revenue from a voted increase in the maximum tax rate which commenced with the 1973–74 fiscal year and which had a termination date, as authorized by Section 20904.1, the ballot shall contain substantially the words "Shall the existing revenue limit of _____ dollars ($_____) per unit of average daily attendance be continued in the _____ School District for the school years 19__–__ through 19__–__, the revenues of which are to be used for _____?" Opposite such words in separate lines, the words "Yes" and "No" shall be printed with a voting square opposite each such word. Each voter shall stamp a mark in the voting square after the answer he desires to give.

This section shall be applicable only to the Buena Park Elementary School District. It shall be operative only until June 9, 1976 and on that day is repealed.

SEC. 2. The Legislature recognizes that the special problems existing in the Buena Park Elementary School District necessitate the enactment of this act which is applicable only to that district.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to permit an election to be held pursuant to this act in time for the results to be known before the time of setting the tax rates for the Buena Park Elementary School District for the 1976–77 fiscal year, it is necessary that this act take effect immediately.

CHAPTER 62

An act to add and repeal Section 54922 of the Government Code, relating to water districts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 23, 1976. Filed with Secretary of State March 23, 1976.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that the formation of Improvement District No. 1 (sewer) in the South Coast County Water District, if approved by the voters in an election held on June 8, 1976, involves all of, and only the territory in, the present South Laguna Sanitary District and is entirely within the boundaries of the South Coast County Water District. The Legislature further finds and declares that the formation of such improvement district is for the purpose of combining administration of the present two districts with the accompanying efficiencies of such combination and that the maximum tax rate in the affected territory will not be increased by this act.

SEC. 2. Section 54922 is added to the Government Code, to read:

54922. Notwithstanding Sections 54902 and 54903, the formation of an improvement district for the purpose of providing sanitary sewer service to a portion of the South Coast County Water District approved by the voters in an election conducted on June 8, 1976, shall be effective for assessment and taxation purposes for the 1976–1977 fiscal year if the required statements and map or plat are filed on or before June 30, 1976. The maximum tax rate levied on behalf of such improvement district shall be one dollar ($1) on each one hundred dollars ($100) of assessed valuation as is now provided by law for the South Laguna Sanitary District as provided in Chapter 7 (commencing with Section 6695) of Part 1 of Division 6 of the Health and Safety Code, and as approved by the voters on June 8, 1976.

SEC. 3. Section 2 of this act shall remain in effect only until July 30, 1976, and as of such date is repealed, unless a later enacted statute, which is chaptered before July 30, 1976, deletes or extends such date.

SEC. 3. Notwithstanding Section 2231 of the Revenue and Taxation Code, no appropriation is made by this act and the state shall not reimburse any local agency for any costs incurred by it under this act.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety, within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The former South Laguna Sanitary District and the South Coast County Water District, both of Orange County, are closely related in many of their management functions and operations. The proposed reorganization will be delayed one year unless this proposed legislation is enacted, thereby causing unnecessary expenditures of public funds. Without such legislation, the proposed Improvement District No. 1 (sewer) of the South Coast County Water District would be without operating funds for fiscal year 1976–1977.

The people of the State of California do enact as follows:

18064. (a) The manufacturer of any new mobilehome manufactured on or after January 1, 1977, which is required to be moved under a permit, shall affix a label to the mobilehome, if it is to be displayed for retail sale in the State of California, which contains the following information about the mobilehome:

(b) The removal or alteration of any label required by this section from the mobilehome by anyone except the retail purchaser shall be a misdemeanor.

SEC. 2. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section, nor shall there be any appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local government entities and school districts which, in the aggregate, do not result in significant identifiable cost changes.

CHAPTER 64

[Approved by Governor March 23, 1976. Filed with Secretary of state March 23, 1976]

The people of the State of California do enact as follows:

SECTION 1. Section 13271 of the Education Code is amended to read:

13271. The governing board of any school district, subject to the rules and regulations prescribed by the State Board of Education, and notwithstanding anything to the contrary in Article 2 of Chapter 2 of Part 7 of Division 2 of the Labor Code may enter into an agreement with the proper authorities of any foreign country, or of any state, territory, or possession of the United States, or other district within the state, for the exchange and employment of regularly credentialed employees and employees of public schools of any foreign country, state, territory, or possession, or other district within this state. Any certificated person so employed as provided in this section shall be known as an "exchange certificated employee." No exchange shall be made without the consent of the employee to be exchanged.

Due consideration shall be given to the general qualifications and professional status of the exchange employee as compared to the general qualifications and professional status of the employee for whom exchanged. However, it shall not be a requirement that an exchange certificated employee be a teacher of the same subject or grade, or both, as the employee for whom exchanged. If the service authorized is other than teaching, it shall not be a requirement that the service be at the same grade level or that the service be exactly the same as the employee for whom exchanged.

No person may be employed as an exchange employee by a school district in the state unless he holds the necessary valid credential or credentials issued by the Commission for Teacher Preparation and Licensing authorizing him to serve in a position requiring certification qualifications in the school district proposing to employ him. The commission may establish minimum standards for the credentials for exchange certificated employees, provided however, that no exchange certificated employee shall be required to pay any fee or other charge for the issuance to him of any necessary valid credential or credentials authorizing him to serve in a position requiring certification qualifications in any school district in this state.

An exchange agreement may be made for a period not to exceed three years.

At the end of the assignment period, the exchange, with the

consent of all parties, may be made complete and permanent.

CHAPTER 66

An act to amend Section 4730 of the Health and Safety Code, relating to sanitation districts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 23, 1976. Filed with Secretary of State March 23, 1976.]

The people of the State of California do enact as follows:

SECTION 1. Section 4730 of the Health and Safety Code is amended to read:

4730. The governing body of a sanitation district is a board of directors of not less than three members. The presiding officer of the governing body of each city, the whole or part of which is included in the sanitation district, is a member of the board. A member of the governing body of each sanitary district, the whole or part of which is included in the sanitation district, is a member of the board.

If the sanitation district includes territory which is unincorporated and not included in a sanitary district, then the presiding officer of the county board of supervisors is a member of the board.

The governing body of each city and the board of supervisors shall each select one of its members, other than its presiding officer, as an alternate director to act as a member of the district board in place of the presiding officer during his absence, inability or refusal to act.

If the sanitation district includes unincorporated territory and all or part of one city and no sanitary district, or unincorporated territory and one sanitary district and no city, then the presiding officer and one other member of the board of supervisors are members of the board, unless the population included in the city or sanitary district is more than half of the population of the whole sanitation district, in which case the presiding officer of the board of supervisors and the presiding officer and one other member of the governing body of the city or two members of the governing body of the sanitary district, as the case may be, constitute the board of directors.

If the total number of cities and sanitary districts included in the sanitation district in whole or in part is two and if the sanitation district does not include any territory not in cities or sanitary districts, then the district board includes the presiding officer and one other member of the governing body of the city or two members of the governing body of the sanitary district having the greatest population and the presiding officer of the governing body of the city or one member of the governing body of the sanitary district having the least population.

02825 287530 498

If the total number of cities and of sanitary districts wholly or in part within the sanitation district is two or more, and if, in addition, the district contains unincorporated territory, then the district board includes the presiding officer of the board of supervisors, the presiding officer of the governing board of each city, and a member of the governing board of each sanitary district.

If the district includes no territory which is in cities or sanitary districts, then the county board of supervisors is the board of directors of the district.

If the territory of the district lies wholly within a city, the legislative body of said city is the board of directors of the district.

A city within a sanitation district, the sewered portion of which city lies entirely within a sanitary district, shall have no representation on the board.

Notwithstanding the foregoing provisions of this section, whenever a sanitation district includes unincorporated territory and all or part of one city and no sanitary district, the governing body of such city may designate the board of supervisors of the county as the district board of directors, unless the population of the incorporated portion of the sanitation district is more than half of the population of the whole district. If the population of the incorporated portion of the sanitation district is more than half of the population of the whole district, the board of supervisors of the county may designate the governing body of the city as the district board of directors.

The term "sanitary district" as used in this section shall mean a sanitary district formed prior to the formation of the sanitation district in which it is included in whole or in part. The term "sanitary district" as used in this section shall also include a county water district which on or before July 1, 1977, assumed the responsibilities, rights, duties, assets, liabilities, and obligations of a sanitary district which at the time of the such assumption had representation on the board of directors of the sanitation district by the provisions of this section.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety, within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The South Laguna Sanitary District and the South Coast County Water District, both of Orange County, are closely related in many of their management functions and operations. In order to economize governmental operation and function, the South Laguna Sanitary District is to be dissolved and its functions and responsibilities assumed by the South Coast County Water District of Orange County. The South Laguna Sanitary District presently is entitled to representation on the Board of Directors of County Sanitation District No. 8 of Orange County and desires, the proposed reorganization notwithstanding, to maintain such representation. In order to insure that the proposed reorganization is accomplished at

02825 287545 501

this time, thereby avoiding unnecessary future expenditure of public funds, it is essential that this act take effect immediately.

CHAPTER 67

An act to add Section 30514 to the Water Code, relating to county water districts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 23, 1976 Filed with Secretary of State March 23, 1976.]

The people of the State of California do enact as follows:

SECTION 1. Section 30514 is added to the Water Code, to read:

30514. If, on or before July 1, 1977, a district has assumed the responsibilities, rights, duties, assets, liabilities, and obligations of a sanitary district, the board may, and from time to time thereafter may, increase the number of directors to serve thereon to seven, nine or eleven. Such additional directors shall be elected at the next general district election or at a special election called for such purpose. One-half of such directors shall hold office until the election and qualification of their successors at the first succeeding general district election, and the other one-half of such directors shall hold office until the election and qualification of their successors at the second succeeding general district election. The additional directors shall classify themselves by lot to determine their initial terms of office. Thereafter, they shall hold office for the term provided in Section 30502.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The South Laguna Sanitary District and the South Coast County Water District, both of Orange County, are closely related in many of their managerial functions and operations. In order to economize governmental operation and function, the South Laguna Sanitary District is to be dissolved and its functions and responsibilities assumed by the South Coast County Water District of Orange County. This act will make it possible for all incumbent directors to serve the area of the former two districts on the board of the succeeding district.

CHAPTER 68

An act to add Section 10127.1 to the Insurance Code, relating to insurance.

[Approved by Governor March 23, 1976 Filed with Secretary of State March 23, 1976.]

The people of the State of California do enact as follows:

SECTION 1. Section 10127.1 is added to the Insurance Code, to read:

10127.1. (a) No policy of disability insurance providing loss of time benefits shall contain any provision for a reduction of such benefits during a benefit period because of an increase in benefits payable under the Federal Social Security Act, as amended.

(b) No self-insured employee welfare benefit plan providing loss of time benefits shall contain any provision for a reduction of such benefits during a benefit period because of an increase in benefits payable under the Federal Social Security Act, as amended.

(c) This section shall apply to all disability insurance policies issued, delivered, amended, or renewed in this state on or after January 1, 1977, and shall apply to group disability insurance policies and self-insured employee welfare benefit plans which are entered into, amended, or renewed on or after such date or upon the expiration of any applicable collective-bargaining agreement, whichever occurs later.

CHAPTER 69

An act to add Section 167 to the Revenue and Taxation Code, relating to taxation.

[Approved by Governor March 26, 1976. Filed with Secretary of State March 27, 1976]

The people of the State of California do enact as follows:

SECTION 1. Section 167 is added to the Revenue and Taxation Code, to read:

167. Notwithstanding any other provision of law to the contrary, except as provided in Section 1610, there shall be a rebuttable presumption affecting the burden of proof in favor of the taxpayer or assessee who has supplied all information as required by law to the assessor in any administrative hearing involving the imposition of a tax on an owner-occupied single-family dwelling or the assessment of an owner-occupied single-family dwelling pursuant to this division.

SEC. 2. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to this section nor shall there be any appropriation made by this act because the duties, obligations or responsibilities imposed on local government by this act are minor in nature and will not cause any financial burden to local government.

SEC. 3. If Section 167 of the Revenue and Taxation Code, as added by this act, is not constitutional as limited to single-family homes, it shall not be broadly construed by a court to allow the rebuttable presumption to all property but rather the section shall have no force or effect.

CHAPTER 70

An act to amend Sections 27454, 27465, and 27501 of the Vehicle Code, relating to tires, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 26, 1976. Filed with Secretary of State March 27, 1976]

The people of the State of California do enact as follows:

SECTION 1. Section 27454 of the Vehicle Code, as amended by Chapter 72 of the Statutes of 1975, is amended to read:

27454. No tire on any vehicle upon any state highway shall have on its periphery any block, stud, flange, cleat, ridge, bead, or any other protuberance of metal or wood which projects beyond the tread of the traction surface of the tire.

This section does not apply to the following:

(a) Tire chains of reasonable size used to prevent skidding when upon wet surfaces or when upon snow or ice.

(b) Pneumatic tires which have embedded therein wire not to exceed 0.075 of an inch in diameter and which are so constructed that under no conditions will the percentage of metal in contact with the roadway exceed 5 percent of the total tire area in contact with the roadway, except that during the first 1,000 miles of use or operation of any such tire, the metal in contact with the roadway may exceed 5 percent of the tire area in contact with the roadway, but shall in no event exceed 20 percent of such area.

(c) Vehicles operated upon unimproved roadways when necessary in the construction or repair of highways.

(d) Traction engines or tractors when operated under the conditions of a permit first obtained from the Department of Transportation.

(e) Pneumatic tires containing metal-type studs of tungsten carbide or other suitable material and which are so inserted or constructed that under no conditions will the number of studs or the

0386 2885 521

percentage of metal in contact with the roadway exceed 3 percent of the total tire area in contact with the roadway, between the first day of October and the first day of May. This subdivision shall remain in effect until May 1, 1978, and shall have no force or effect after that date.

SEC. 2. Section 27465 of the Vehicle Code is amended to read:

27465. (a) No dealer or person holding a retail seller's permit shall sell, offer for sale, expose for sale, or install on a vehicle for use on a highway, a pneumatic tire when the tire is so worn that less than one thirty-second (1/32) of an inch tread remains in any two adjacent grooves at any location on the tire. This subdivision shall not apply to any person who installs on a vehicle, as part of an emergency service rendered to a disabled vehicle upon a highway, a spare tire with which such disabled vehicle was equipped.

(b) No person shall use on a highway a pneumatic tire when the tire is so worn that less than one thirty-second (1/32) of an inch tread depth remains in any two adjacent grooves at any location on the tire.

(c) The measurement of tread depth shall not be made where tiebars, humps, or fillets are located.

(d) The requirements of this section shall not apply to implements of husbandry.

(e) The department may adopt regulations establishing more stringent tread depth requirements than those specified in this section for those vehicles defined in Sections 322, 323, and 545, and those listed in Section 34500.

SEC. 3. Section 27501 of the Vehicle Code is amended to read:

27501. (a) No dealer or person holding a retail seller's permit shall sell, offer for sale, expose for sale, or install on a vehicle for use on a highway, a pneumatic tire which is not in compliance with regulations adopted pursuant to Section 27500. This subdivision shall not apply to any person who installs on a vehicle, as part of an emergency service rendered to a vehicle upon a highway, a spare tire with which such disabled vehicle was equipped.

(b) No person shall use on a highway a pneumatic tire which is not in conformance with such regulations.

SEC. 4. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be any appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local government entities and school districts which, in the aggregate, do not result in significant identifiable cost changes.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

0386 28820 524

In order for the provisions of this act to be in effect for the 1976 winter season, it is necessary that this act take effect immediately as an urgency statute.

CHAPTER 71

An act to amend Section 255 of the Health and Safety Code, relating to crippled children's services.

[Approved by Governor March 26, 1976. Filed with Secretary of State March 27, 1976.]

The people of the State of California do enact as follows:

SECTION 1. Section 255 of the Health and Safety Code is amended to read:

255. The department shall establish uniform standards of financial eligibility for treatment services under the crippled children's program, including a uniform formula for the repayment for services rendered by the program except for those necessary services rendered in the crippled children services medical therapy program in the public schools. Necessary medical therapy treatment services under the crippled children's program rendered in the public schools shall be exempt from financial eligibility standards and family repayment requirements for such services when rendered to any handicapped child whose educational or physical development would be impeded without such services. All counties shall use the uniform standards for financial eligibility and uniform formula for repayment established by the department. All repayments shall be used in support of the crippled children's program.

CHAPTER 72

SECTION 1. Section 9324 of the Elections Code is amended to read:

9324. In each county the nominee of the party for State Senator or the incumbent State Senator, the nominees of the party for the Assembly, and any person elected to either the Senate or Assembly at a special election to fill a vacancy in the house, and the nominee

of the party for Representative in Congress, and any person elected at a special election to fill a vacancy in the House of Representatives, shall be ex officio members of this committee. If the person elected from one party at the special election for an Assembly or Senate seat, or for the House of Representatives shall be other than the nominee of that party for the same office at the prior election, the ex officio membership of the nominee shall expire immediately upon certification by the Secretary of State of the election. Ex officio members shall be entitled to all the rights and privileges, including the right to vote, and shall have the same standing in every way as other members of this committee, except they shall not be entitled to a ballot designation of incumbent upon seeking election to this committee in the next direct primary.

(h) United States Senator from California. His rights and privileges shall be the same as those prescribed for other ex officio members in Section 9324.

CHAPTER 73

An act to amend Sections 1354 and 1355 of the Civil Code, to amend Sections 392 and 801.13 of, to add Title 10.5 (commencing with Section 872.010) to Part 2 of, and to repeal Chapter 4 (commencing with Section 752) of Title 10 of Part 2 of, the Code of Civil Procedure, to amend Section 1103 of the Probate Code, and to amend Section 3965 of the Revenue and Taxation Code, relating to partition of real and personal property.

[Approved by Governor March 27, 1976. Filed with Secretary of State March 27, 1976.]

The people of the State of California do enact as follows:

SECTION 1. Section 1354 of the Civil Code is amended to read:

1354. (a) Except as provided in this section, the common areas shall remain undivided, and there shall be no judicial partition thereof. Nothing herein shall be deemed to prevent partition of a cotenancy in a condominium.

(b) The owner of a condominium in a condominium project may maintain a partition action as to the entire project as if the owners of all of the condominiums in the project were tenants in common in the entire project in the same proportion as their interests in the common areas. The court shall order partition under this subdivision only by sale of the entire condominium project and only upon a showing of one of the following:

(1) More than three years before the filing of the action, the project was damaged or destroyed so that a material part was rendered unfit for its prior use, and the project has not been rebuilt or repaired substantially to its state prior to the damage or destruction.

(2) Three-fourths or more of the project is destroyed or substantially damaged and condominium owners holding in aggregate more than a 50-percent interest in the common areas oppose repair or restoration of the project.

(3) The project has been in existence more than 50 years, is obsolete and uneconomic, and condominium owners holding in aggregate more than a 50-percent interest in the common areas oppose repair or restoration of the project.

(4) The conditions for such a sale, set forth in restrictions entered into with respect to the project pursuant to Section 1355, have been met.

SEC. 2. Section 1355 of the Civil Code is amended to read:

1355. The owner of a project shall, prior to the conveyance of any condominium therein, record a declaration of restrictions relating to such project, which restrictions shall be enforceable equitable servitudes where reasonable, and shall inure to and bind all owners of condominiums in the project. Such servitudes, unless otherwise provided, may be enforced by any owner of a condominium in the project, and may provide, among other things:

(a) For the management of the project by one or more of the following management bodies: the condominium owners, a board of governors elected by the owners, or a management agent elected by the owners or the board or named in the declarations; for voting majorities, quorums, notices, meeting dates, and other rules governing such body or bodies; and for recordation from time to time, as provided for in the declaration, of certificates of identity of the persons then composing such management body or bodies, which certificates shall be conclusive evidence thereof in favor of any person relying thereon in good faith.

(b) As to any such management body:

(1) For the powers thereof, including power to enforce the provisions of the declaration of restrictions;

(2) For maintenance by it of fire, casualty, liability, worker's compensation and other insurance insuring condominium owners, and for bonding of the members of any management body;

(3) For provision by it of and payment by it for maintenance,

utility, gardening and other services benefiting the common areas; for employment of personnel necessary for operation of the building, and legal and accounting services;

(4) For purchase by it of materials, supplies and the like and for maintenance and repair of the common areas;

(5) For payment by it of taxes and special assessments which would be a lien upon the entire project or common areas, and for discharge by it of any lien or encumbrance levied against the entire project or common areas;

(6) For payment by it for reconstruction of any portion or portions of the project damaged or destroyed;

(7) For delegation by it of its powers;

(8) For entry by it or its agents into any unit when necessary in connection with maintenance or construction for which such body is responsible;

(9) For an irrrevocable power of attorney to the management body to sell the entire project for the benefit of all of the owners thereof when partition of the project may be had under Section 1354, which said power shall: (i) be binding upon all of the owners, whether they assume the obligations of the restrictions or not; (ii) if so provided in the declaration, be exercisable by less than all (but not less than a majority) of the management body; (iii) be exercisable only after recordation of a certificate by those who have power to exercise it that said power is properly exercisable hereunder, which certificate shall be conclusive evidence thereof in favor of any person relying thereon in good faith.

(c) For amendments of such restrictions which amendments, if reasonable and made upon vote or consent of not less than a majority in interest of the owners in the project given after reasonable notice, shall be binding upon every owner and every condominium subject thereto whether the burdens thereon are increased or decreased thereby, and whether the owner of each and every condominium consents thereto or not.

(d) For independent audit of the accounts of any management body.

(e) (1) For reasonable assessments to meet authorized expenditures of any management body, and for a reasonable method for notice and levy thereof, each condominium to be assessed separately for its share of such expenses in proportion (unless otherwise provided) to its owner's fractional interest in any common areas;

(2) For the subordination of the liens securing such assessments to other liens either generally or specifically described.

(f) For the conditions upon which partition may be had of the project pursuant to Section 1354. Such right to partition may be conditioned upon failure of the condominium owners to elect to rebuild within a certain period, specified inadequacy of insurance proceeds, specified damage to the building, a decision of an

arbitrator, or upon any other reasonable condition.

(g) For restrictions upon the severability of the component interests in real property which comprise a condominium as defined in Section 783 of the Civil Code. Such restrictions shall not be deemed conditions repugnant to the interest created within the meaning of Section 711 of the Civil Code; provided, however, that no such restrictions shall extend beyond the period in which the right to partition a project is suspended under Section 1354.

SEC. 3. Section 392 of the Code of Civil Procedure is amended to read:

392. (1) Subject to the power of the court to transfer actions and proceedings as provided in this title, the county in which the real property, which is the subject of the action, or some part thereof, is situated, is the proper county for the trial of the following actions:

(a) For the recovery of real property, or of an estate or interest therein, or for the determination in any form, of such right or interest, and for injuries to real property;

(b) For the foreclosure of all liens and mortgages on real property.

(2) The proper court for the trial of any such action, in the county hereinabove designated as the proper county, shall be determined as follows:

If there is a municipal or justice court, having jurisdiction of the subject matter of the action, established in the city and county or judicial district in which the real property which is the subject of the action, or some part thereof, is situated, such court is the proper court for the trial of such action; otherwise any court in such county having jurisdiction of the subject matter of the action, is a proper court for the trial thereof.

SEC. 4. Chapter 4 (commencing with Section 752) of Title 10 of Part 2 of the Code of Civil Procedure is repealed.

SEC. 5. Section 801.13 of the Code of Civil Procedure is amended to read:

801.13. If the court orders a sale of the property or a partition thereof, the same shall be made in accordance with the provisions of Title 10.5 (commencing with Section 872.010) of Part 2, except that proceeds of sale belonging to unknown defendants or defendants whose identities or whereabouts are unascertained shall be paid to the public officer who is the custodian of the funds collected on such public improvement assessments, bonds or certificates of sale, to be held by him as in like instances of collection.

SEC. 6. Title 10.5 (commencing with Section 872.010) is added to Part 2 of the Code of Civil Procedure, to read:

0 1671 288 135 547

872.520. (a) If the name of a person described in Section 872.510 is not known to the plaintiff, the plaintiff shall so state in the complaint and shall name as parties all persons unknown in the manner provided in Section 872.550.

(b) If the ownership or the share or quantity of the interest of a person described in Section 872.510 is unknown, uncertain, or contingent, the plaintiff shall so state in the complaint. If the lack of knowledge, uncertainty, or contingency is caused by a transfer to an unborn or unascertained person or class member, or by a transfer in the form of a contingent remainder, vested remainder subject to defeasance, executory interest, or similar disposition, the plaintiff shall also state in the complaint, so far as is known to the plaintiff, the name, age, and legal disability (if any) of the person in being who would be entitled to ownership of the interest had the contingency upon which the right of such person depends occurred prior to the commencement of the action.

(c) The court shall upon its own motion or upon motion of any party make such orders for joinder of additional parties and for appointment of guardians ad litem pursuant to Sections 372, 373, and 373.5 as are necessary or proper.

872.540. Where property is subject to a lease, community lease, unit agreement, or other pooling arrangement with respect to oil or gas or both, the plaintiff need not join as defendants persons whose only interest in the property is that of a lessee, royalty-owner, lessor-owner of other real property in the community, unit, or pooled area, or working interest owner, or persons claiming under them, and the judgment shall not affect the interests of such persons not joined as defendants.

872.550. Where partition is sought as to all interests in the property, the plaintiff may join as defendants "all persons unknown claiming any interest in the property," naming them in that manner.

CHAPTER 3. TRIAL

Article 1. Determination of Interests of Parties

872.610. The interests of the parties, plaintiff as well as defendant, may be put in issue, tried, and determined in the action.

872.620. To the extent necessary to grant the relief sought or other appropriate relief, the court shall upon adequate proof ascertain the state of the title to the property.

872.630. (a) To the extent necessary to grant the relief sought or other appropriate relief, the court shall determine the status and priority of all liens upon the property.

(b) The court may appoint a referee to ascertain the facts necessary for the determination required by this section. Upon application of the referee or a lienholder, the court shall direct the issuance of process to compel attendance of witnesses, the production of books, documents, or things, and the filing of verified claims. The report of the referee thereon shall be made in writing to the court and shall be confirmed, modified, or set aside and a new reference ordered, as the justice of the case may require.

872.640. Where two or more parties are unknown, the court may consider their interests together in the action and not as between each other.

01671 288215 563

Article 2. Determination of Right to Partition

872.710. (a) At the trial, the court shall determine whether the plaintiff has the right to partition.

(b) Except as provided in Section 872.730, partition as to concurrent interests in the property shall be as of right unless barred by a valid waiver.

(c) Partition as to successive estates in the property shall be allowed if it is in the best interest of all the parties. The court shall consider whether the possessory interest has become unduly burdensome by reason of taxes or other charges, expense of ordinary or extraordinary repairs, character of the property and change in the character of the property since creation of the estates, circumstances under which the estates were created and change in the circumstances since creation of the estates, and all other factors that would be considered by a court of equity having in mind the intent of the creator of the successive estates and the interests and needs of the successive owners.

872.720. (a) If the court finds that the plaintiff is entitled to partition, it shall make an interlocutory judgment that determines the interests of the parties in the property and orders the partition of the property and, unless it is to be later determined, the manner of partition.

(b) If the court determines that it is impracticable or highly inconvenient to make a single interlocutory judgment that determines, in the first instance, the interests of all the parties in the property, the court may first ascertain the interests of the original concurrent or successive owners and thereupon make an interlocutory judgment as if such persons were the sole parties in interest and the only parties to the action. Thereafter, the court may proceed in like manner as between the original concurrent or successive owners and the parties claiming under them or may allow the interests to remain without further partition if the parties so desire.

872.730. To the extent that the court determines that the provisions of this title are a suitable remedy, such provisions may be applied in a proceeding for partnership accounting and dissolution, or in an action for partition of partnership property, where the rights of unsecured creditors of the partnership will not be prejudiced.

Article 3. Determination of Manner of Partition

872.810. The court shall order that the property be divided among the parties in accordance with their interests in the property as determined in the interlocutory judgment.

872.820. Notwithstanding Section 872.810, the court shall order that the property be sold and the proceeds be divided among the parties in accordance with their interests in the property as

01671 288245 569

determined in the interlocutory judgment in the following situations:

(a) The parties agree to such relief, by their pleadings or otherwise.

(b) The court determines that, under the circumstances, sale and division of the proceeds would be more equitable than division of the property. For the purpose of making the determination, the court may appoint a referee and take into account his report.

872.830. If, in making a determination whether sale would be more equitable than division of the property, the court finds that sale and division of proceeds for part of the property would be more equitable than division of the whole property, the court may order that such part be sold and the remainder divided.

872.840. (a) Where the property or an interest therein is subject to an express trust, the court may, in its discretion, order that the property be sold.

(b) Upon division or sale of such property, the property or proceeds of sale allotted to the trustee of the express trust shall be held by him upon the trust therein stated, and no further action by the court pursuant to Section 873.840 is required.

873.070. The referee or any party may, on noticed motion, petition the court for instructions concerning the referee's duties under this title.

873.080. (a) In selling or dividing the property, the referee may, if it will be for the advantage of those interested, designate a portion of the property as a public or private way, road, or street. In connection therewith, the referee may also recommend the closure of any or all other roads on the property and allocation of the portion of the property occupied by such roads to the parties.

(b) Upon making such a designation and recommendation that is adequate to accommodate public and private needs, the referee shall report that fact to the court.

(c) Upon confirmation of the referee's report by the court, subject to any necessary action by the appropriate public entities:

(1) The portion of the property designated as a public way, road, or street shall not be allocated to any of the parties or sold but shall be an open and public way, road, or street.

(2) The property designated as a private way, road, or street shall be a private way for the use of the parties interested.

(3) The roads recommended to be closed shall be deemed abandoned upon the terms stated in the order of confirmation.

Article 2. Contracts of Referee

873.110. Subject to the limitations of this article, the court may:

(a) Authorize or approve contracts of the referee for the services and expenses of surveyors, engineers, appraisers, attorneys, real estate brokers, auctioneers, and others.

(b) Allow and direct payment of or reject claims under such contracts.

(c) Provide for the date of commencement of any lien provided by law or contract for such claims.

873.120. (a) The referee may employ an attorney only with the approval of the court pursuant to Section 873.110.

(b) The application for approval shall be in writing and shall include the name of the attorney whom the referee wishes to employ and the necessity for the employment.

(c) The attorney so employed may not be attorney for, or associated with or employed by an attorney for, any party to the action except with the written consent of all the parties to the action.

(d) Any claim for compensation for the attorney shall detail the services performed by the attorney.

873.130. The referee may, with the approval of the court pursuant to Section 873.110, employ a surveyor with the necessary assistants to aid in making a sale or division of property.

873.140. The referee may, with the approval of the court pursuant to Section 873.110, employ an auctioneer, authorized to act as such in the locality, to conduct a public auction and to secure purchasers by such method for any property to be sold at public auction.

873.150. A contract for the services of an attorney, surveyor, auctioneer, or other third person may provide for the accrual of interest at a rate not in excess of the legal rate for amounts due under the contract that are not paid within three months after the time they become due and payable.

873.160. The referee is not personally liable on contracts made, or for expenses incurred, except as such liability is expressly assumed by the referee in writing.

CHAPTER 5. DIVISION OF THE PROPERTY

873.210. The referee appointed by the court to make a division of the property shall divide the property and allot the several portions to the parties, quality and quantity relatively considered, according to their interests in the property as determined in the interlocutory judgment.

873.220. As far as practical, and to the extent it can be done without material injury to the rights of the other parties, the property shall be so divided as to allot to a party any portion that embraces improvements made by that party or that party's predecessor in interest. In such division and allotment, the value of such improvements shall be excluded.

873.230. Where prior to the commencement of the action a party has executed a deed purporting to convey to a purchaser a portion of the property to be divided, to the extent it can be done without material injury to the rights of the other parties, the property shall be so divided as to allot that portion to the purchaser, the purchaser's heirs or assigns, or such other action taken as to make the deed effectual as a conveyance of that portion of the property.

873.240. Where real property consists of more than one distinct lot or parcel, the property shall be divided by such lots or parcels without other internal division to the extent that it can be done

without material injury to the rights of the parties.

873.250. (a) Where division cannot be made equally among the parties according to their interests without prejudice to the rights of some, compensation may be required to be made by one party to another to correct the inequality.

(b) No compensation shall be required to be made to others by unknown owners or by minors unless it appears that a minor has personal property sufficient for that purpose and the minor's interest will be promoted thereby.

873.260. Where a lien is on an undivided interest of a party, the lien shall, upon division of the property, become a charge only on the share allotted to that party.

873.270. Where the court has determined the combined interests of two or more unknown parties, the entire portion of the property allocated to such parties shall remain undivided.

873.280. (a) The referee shall file with the court a report of the referee's proceedings and give written notice of filing to each party who has appeared in the action.

(b) The report shall include all of the following:

(1) A specification of the manner in which the referee has executed the referee's trust.

(2) A description of the property divided and of the share allotted to each party, along with any recommendation as to owelty.

(3) Any recommendation as to opening and closing public and private ways, roads, streets, and easements.

873.290. (a) Any party, upon notice to the other parties who have appeared, may move the court to confirm, modify, or set aside the report.

(b) At the hearing, the court may either confirm the report as filed or as the court may modify and enter judgment of partition accordingly or set aside the report and order preparation of a new report and, if necessary, appoint a new referee for this purpose.

(c) The division is effective and title vests in accordance therewith upon entry of judgment of partition.

CHAPTER 6. SALE OF THE PROPERTY

Article 1. Manner of Sale

873.510. The referee appointed by the court to make a sale of the property shall sell the property in the manner and following the procedures provided in this chapter.

873.520. The property shall be sold at public auction or private sale as the court determines will be more beneficial to the parties. For the purpose of making this determination, the court may refer the matter to the referee and take into account the referee's report.

873.530. Part of the property may be sold at public auction and

01671 288305 581

part at private sale if it appears that to do so will be more beneficial to the parties.

Article 2. Sales Procedures

873.600. Notwithstanding any other provision of this title, the court shall order sale by such methods and upon such terms as are expressly agreed to in writing by all the parties to the action.

873.610. (a) The court may, at the time of trial or thereafter, prescribe such manner, terms, and conditions of sale not inconsistent with the provisions of this chapter as it deems proper for the particular property or sale.

(b) The court may refer the manner, terms, and conditions of sale to the referee for recommendation but shall not approve the referee's report except following a hearing upon noticed motion.

873.620. (a) Unless the interests and rights of the parties will be materially prejudiced thereby, the court shall order that distinct lots or parcels of real property be sold separately.

(b) The court may order that the real and personal property or any portion thereof be sold as a unit.

873.630. The court may:

(a) Direct a sale on credit for the property or any part thereof.

(b) Prescribe such terms of credit as may be appropriate.

(c) Approve or prescribe the terms of security to be taken upon the sale, including the manner in which title to the security is to be taken, whether in a single instrument or several instruments, according to the interests of the parties.

873.640. (a) Notice of the sale of real or personal property shall be given in the manner required for notice of sale of like property upon execution. Such notice shall also be given to every party who has appeared in the action and to such other interested persons as may have in writing requested the referee for special notice.

(b) Where real and personal property are to be sold as a unit, notice of the sale may be in the manner required for notice of sale of real property alone.

(c) The court may order such additional notice as it deems proper.

(d) Where the court orders a new sale of property pursuant to Section 873.730 or Section 873.740, notice of sale shall be as provided in this section.

873.650. (a) The court shall prescribe the contents of the notice of sale, which shall include a description of the property, the time and place of sale, and a statement of the principal terms of sale. In place of the principal terms of sale, the notice may refer to an order of the court or to a written statement containing such information which may be inspected at the place of business of the referee or the referee's attorney.

(b) A notice of private sale shall state a place where bids or offers will be received and a day on or after which the sale will be made.

873.660. (a) The court may order securities listed on an

01671 288350 590

established stock or bond exchange, and personal property that is perishable, that will depreciate in value if not promptly disposed of, or that will incur loss or expense by being kept, to be sold upon such notice and conditions as may be appropriate.

(b) Unless otherwise ordered by the court, title to property sold pursuant to this section passes without court confirmation. The referee is responsible for the actual value of the property until, after return and proper showing, the court approves the sale.

873.670. (a) A sale at public auction to the highest bidder shall be held in the county in which the action is pending or such other place as may be specified by the court.

(b) Unless otherwise ordered by the court, personal property shall be present at the sale.

(c) The sale may be postponed by the referee by public declaration as provided for sales upon execution.

873.680. (a) A sale at private sale shall not be made before the day specified in the notice of sale but shall be made within one year thereafter.

(b) The bids or offers shall be in writing and left at the place designated in the notice at any time after the first publication or, if none, the posting of the notice.

873.690. (a) The following persons shall not purchase property sold in the action directly or indirectly:

(1) The referee.

(2) The attorney of a party.

(3) The guardian of a party, unless for the benefit of his ward.

(b) All sales contrary to this section are void except that a sale to a bona fide purchaser following a sale contrary to this section shall not be disturbed.

Article 3. Consummation of Sale

873.710. (a) Upon making a sale of property, the referee shall report the sale to the court.

(b) The referee's report shall contain, in addition to such other information as may be appropriate, all of the following information:

(1) A description of the property sold to each purchaser.

(2) The name of the purchaser.

(3) The sale price.

(4) The terms and conditions of the sale and the security, if any, taken.

(5) Any amounts payable to lienholders.

(6) A statement as to contractual or other arrangements or conditions as to agents' commissions.

(7) Any determination and recommendation as to opening and closing public and private ways, roads, streets, and easements.

(8) Other material facts relevant to the sale and the confirmation proceeding.

01671 288365 593

873.720. (a) A purchaser, the referee, or any party may move the court to confirm or set aside the sale.

(b) The moving party shall give not less than 10 days' notice of motion to:

(1) The purchaser if the purchaser is not the moving party; and

(2) All other parties who have appeared in the action.

873.730. (a) At the hearing, the court shall examine the report and witnesses in relation to the report.

(b) The court may confirm the sale notwithstanding a variance from the prescribed terms of sale if to do so will be beneficial to the parties and will not result in substantial prejudice to persons interested in the sale.

(c) The court may vacate the sale and direct that a new sale be made if it determines any of the following:

(1) The proceedings were unfair or notice of sale was not properly given. If there is no finding at the hearing of unfairness or improper notice, the sale may thereafter not be attacked on such grounds.

(2) The sale price is disproportionate to the value of the property.

(3) It appears that a new sale will yield a sum that exceeds the sale price by at least 10 percent on the first ten thousand dollars ($10,000) and 5 percent on the amount in excess thereof, determined after a reasonable allowance for the expenses of a new sale.

873.740. (a) If at the hearing under Section 873.730 a responsible bidder makes a written increased offer that exceeds the sale price by at least 10 percent on the first ten thousand dollars ($10,000) and 5 percent on the amount in excess thereof, the court in its discretion may do either of the following:

(1) Vacate the sale and direct that a new sale be made.

(2) Vacate the sale, accept the increased offer, and confirm the sale to the offerer.

(b) Except as provided in subdivision (c), the amount by which an increased offer exceeds the sale price is determined on the basis of the gross amount of the increased offer including any commission on the increased offer to which an agent may be entitled.

(c) Where in advance of sale the court has so ordered or the parties have so agreed, if an increased offer is made by a party to the action who is not represented by an agent, the amount by which an increased offer of a nonparty exceeds the sale price is determined on the basis of the net amount of the increased offer excluding any commission on the increased offer to which an agent may be entitled.

873.745. The amount of agents' commissions on the sale, if any, shall be fixed by the court and divided or limited in the manner provided for private sales of real property in decedents' estates.

873.750. (a) Upon confirmation of a sale, the court shall order the referee to execute a conveyance or other instrument of transfer, to collect the proceeds, take security, and perform other acts required to consummate the sale.

(b) The order may direct the referee concerning the distribution,

deposit, or securing of sale deposits and sale proceeds.

873.760. If the purchaser, after the confirmation of the sale, fails to pay the sale price, the purchaser is subject to the court's jurisdiction and to further proceedings in the action. Upon such failure, a party, or the referee, may upon notice move the court to order either of the following forms of relief:

(a) Resale of the property upon notice as provided in this chapter. If any loss is occasioned thereby, the referee may recover the amount of such loss and costs and expenses incurred, including a reasonable attorney's fee, from the purchaser who failed to pay.

(b) Maintenance by the referee of an action against the purchaser for the amount of the sale price. If the referee recovers judgment, the referee shall be awarded a reasonable attorney's fee against the purchaser.

873.770. Where the purchaser is a party or lienholder entitled to a share of the proceeds of sale, the referee may:

(a) Take the purchaser's receipt for so much of the proceeds of sale as belongs to the purchaser.

(b) Take security, or other arrangement satisfactory to the referee, for payment of amounts which are or may become due from the purchaser on account of the expenses of sale, general costs of the action, and costs of the reference.

873.780. The court may make orders relating to the closing of a sale after confirmation, including escrow and closing provisions and, if the referee and purchaser so agree and the court upon noticed motion determines it will not result in substantial prejudice to the parties, may make adjustments varying the terms of sale based on after-discovered defects.

873.790. (a) Upon fulfillment of the terms of sale, the referee shall execute a conveyance or other instrument of transfer to the purchaser.

(b) The conveyance or transfer of real property and the order authorizing such conveyance or transfer shall be recorded in each county in which the property is located.

Article 4. Disposition of Proceeds of Sale

873.810. The court shall order the proceeds of sale and any security therefor to be paid, transferred, deposited in court, placed in trust, or invested in State of California or United States government obligations or interest-bearing accounts in an institution whose accounts are insured by an agency of the federal government, to or for the benefit of the persons in interest entitled thereto, as may be appropriate or as specifically provided in this article.

873.820. The proceeds of sale for any property sold shall be applied in the following order:

(a) Payment of the expenses of sale.

(b) Payment of the other costs of partition in whole or in part or

to secure any cost of partition later allowed.

(c) Payment of any liens on the property in their order of priority except liens which under the terms of sale are to remain on the property.

(d) Distribution of the residue among the parties in proportion to their shares as determined by the court.

873.830. Where a part only of the property is sold, a tenant for life or years in an undivided share of the whole property may have his estate equitably set off in any part of the property not sold by way of complete or partial satisfaction of his share of the proceeds.

873.840. (a) The court shall ascertain the proportion of the proceeds of sale that will be a just and reasonable sum for the satisfaction of the estate of a tenant for life or years and shall order such amount distributed to him or held for his benefit.

(b) The court shall ascertain the proportional value of any vested or contingent future right or estate in the property and shall direct such proportion of the proceeds of sale to be distributed, secured, or held in such a manner as to protect the rights and interests of the parties.

(c) Notwithstanding any other provision of this section, in the case of an estate for life or defeasible estate with remainder over, the court may direct that the entire proceeds of sale be placed in trust as provided in this section upon a showing that the establishment of such a trust is economically feasible and will serve the best interests of the parties. The court shall appoint a trustee, upon security satisfactory to the court, who under court supervision shall invest and reinvest the proceeds, pay the income of the investments, if any, to the life tenant or owner of the defeasible interest, and upon termination of the life or defeasible estate, deliver or pay the corpus of the trust estate to the remainderman. The court shall retain jurisdiction over the settlement of the accounts of the trustee and in all matters necessary for the proper administration of the trust and the final distribution of the trust fund.

873.850. When the proceeds of the sale belonging to persons who are parties to the action, whether known or unknown, have not been allocated among such parties, the action may be continued as between such parties, for the determination of their respective claims thereto, which must be ascertained and adjudged by the court. Further testimony may be taken in court, or by a referee, at the discretion of the court, and the court may, if necessary, require such parties to present the facts or law in controversy, by pleadings, as in an original action.

CHAPTER 7. PARTITION BY APPRAISAL

873.910. When the interests of all parties are undisputed or have been adjudicated, the parties may agree upon a partition by appraisal pursuant to this chapter.

873.920. The agreement shall be in writing filed with the clerk of court and shall include:

(a) A description of the property.

(b) The names of the parties and their interests.

(c) The names of the parties who are willing to acquire the interests.

(d) The name or names of a person or persons to whose appointment as referee or referees the parties consent.

(e) The date or dates as of which the interests to be acquired are to be appraised.

(f) Other terms mutually agreed upon which may include, but are not limited to, provisions relating to abandonment of the action if the appraised value of the interest to be acquired exceeds a stated amount, required deposits on account of purchase price, terms of any credit, title and objections to title, and payment of the expenses of the procedure authorized by this chapter and of costs of the action.

873.930. (a) Any party to the agreement may, upon noticed motion, apply to the court for approval of the agreement.

(b) If the court determines that the agreement complies with Section 873.920 and that the terms and conditions are equitable, it shall approve the agreement and stay any pending division or sale of the property.

873.940. The court shall appoint one referee or, if provided in the agreement, three referees to appraise the property and the interests involved. The referee shall report the valuations and other findings to the court in writing filed with the clerk.

873.950. Any party to the agreement or the referee, upon 10 days' notice to the referee if the referee is not the moving party and to the other parties to the agreement, may move the court to confirm, modify, or set aside the report.

873.960. At the hearing, the court shall examine the report and witnesses. If the court determines that the proceedings have been regularly conducted, that transfer of title to the interests may regularly be made, and that no facts appear which would make such transfer inequitable, it shall confirm the report and order the interests transferred to the acquiring parties in proportion to their respective interests, or in such other proportion as is set out in the agreement. The order shall be conditioned upon payment of the amounts fixed as the purchase price and any other amounts required by the agreement, the giving of any required security, and payment by the parties of the expenses of the procedure authorized by this chapter and of the general costs of the partition or an appropriate share thereof. Thereafter the court, upon motion of a party to the agreement or of the referee, made upon not less than 10 days' notice to the parties who have appeared, shall determine whether the conditions have been fulfilled and, if so, shall enter judgment confirming the transfer; otherwise, upon such further proceedings as

01671 288445 609

may be ordered, the action or proceeding shall be ordered terminated.

873.970. The agreement binds the heirs, executors, administrators, successors, and assigns of the parties. In the event of default, the aggrieved parties may specifically enforce the agreement by further proceedings in the action or may pursue any other remedy they may have at law or in equity.

873.980. The provisions of this chapter are cumulative and if, for default or other cause, interests are not transferred and acquired pursuant to this chapter, the parties may pursue their other rights of partition, subject to Section 873.970.

CHAPTER 8. COSTS OF PARTITION

Article 1. Allowance and Apportionment of Costs of Partition

874.010. The costs of partition include:

(a) Reasonable attorney's fees incurred or paid by a party for the common benefit.

(b) The fee and expenses of the referee.

(c) The compensation provided by contract for services of a surveyor or other person employed by the referee in the action.

(d) The reasonable costs of a title report procured pursuant to Section 872.220 with interest thereon at the legal rate from the time of payment or, if paid before commencement of the action, from the time of commencement of the action.

(e) Other disbursements or expenses determined by the court to have been incurred or paid for the common benefit.

874.020. The costs of partition include reasonable expenses, including attorney's fees, necessarily incurred by a party for the common benefit in prosecuting or defending other actions or other proceedings for the protection, confirmation, or perfection of title, setting the boundaries, or making a survey of the property, with interest thereon at the legal rate from the time of making the expenditures.

874.030. Where disbursements have been made by a party under the direction of the court, interest at the legal rate shall be allowed thereon from the time of making such disbursements.

874.040. Except as otherwise provided in this article, the court shall apportion the costs of partition among the parties in proportion to their interests or make such other apportionment as may be equitable.

874.050. (a) The court may order that the share of the costs apportioned to a future interest be paid by other parties to the action or by the persons who are then the presumptive owners of the future interest.

(b) Where the court orders payment pursuant to this section, such payment is subject to a right of reimbursement, with interest at the legal rate, secured by a charge upon the future interest.

Article 2. Payment of Costs of Partition

874.110. (a) The costs of partition as apportioned by the court may be ordered paid in whole or in part prior to judgment.

(b) Any costs that remain unpaid shall be included and specified in the judgment.

874.120. (a) The costs shall be a lien on the share of the party specified.

(b) A lien imposed by this section has priority over any other lien on the share except those imposed under this section.

874.130. Upon application of a person entitled to a lien imposed under this article and upon a showing of good cause, the court may order a sale of all or a portion of the property before or after judgment for the benefit of all such lien claimants without priority among them.

874.140. A judgment for unpaid costs of partition may be enforced by the person entitled to the costs by execution against the share of the party specified in the judgment or against other property of the party.

CHAPTER 9. JUDGMENT

874.210. The judgment in the action is binding and conclusive on all of the following:

(a) All persons known and unknown who were parties to the action and who have or claim any interest in the property, whether present or future, vested or contingent, legal or beneficial, several or undivided.

(b) All persons not in being or not ascertainable at the time the judgment is entered who have any remainder interest in the property, or any part thereof, after the determination of a particular estate therein and who by any contingency may be entitled to a beneficial interest in the property, provided the judge shall make appropriate provision for the protection of such interests.

(c) Except as provided in Section 874.230, all persons who were not parties to the action and who have or claim any interest in the property which was not of record at the time the lis pendens was filed, or if none was filed, at the time the judgment was recorded.

(d) All persons claiming under any of the foregoing persons.

874.220. The judgment does not affect the interest of any person who was not a party to the action and who had an interest of record in the property or part thereof at the time the lis pendens was filed, or if none was filed, at the time the judgment was recorded.

874.230. Where a person having or claiming an unrecorded interest in the property or part thereof was not a party to the action but the existence or claim of the interest was actually known to the plaintiff at any time before entry of the interlocutory judgment or would have been reasonably apparent from an inspection of the

01671 288475 615

property, the judgment does not affect the interest of such person in the portion of the property or proceeds of sale thereof allocated to the plaintiff. Nothing in this section shall be construed to impair the rights of a bona fide purchaser or encumbrancer for value dealing with the plaintiff or his successors in interest.

874.240. A conveyance or transfer pursuant to Sections 873.750 and 873.790 or Section 873.960 is binding and conclusive, in the same manner as a judgment.

SEC. 7. Section 1103 of the Probate Code is amended to read:

1103. The court shall proceed to take evidence and to partition, allot and divide the property so that each party shall receive property of a value proportionate to his interest in the whole, and for that purpose it may direct the executor or administrator to sell property when, under the circumstances, sale would be more equitable than partition and when the property cannot conveniently be allotted to any one party. The sale shall be conducted and confirmed in the same manner as other probate sales. Any two or more parties may agree to accept undivided interests.

SEC. 8. Section 3965 of the Revenue and Taxation Code is amended to read:

3965. If the court orders a sale of the property or a partition thereof, the same shall be made in accordance with the provisions of Title 10.5 (commencing with Section 872.010) of Part 2, of the Code of Civil Procedure, except that proceeds of sale belonging to unknown special assessment owners, or persons claiming an interest in said special assessments, shall be paid to the treasurer, to be held by him as in like instances of collections by said treasurer of special assessments.

SEC. 9. (a) Subject to the provisions of this section, this act upon its effective date applies to actions commenced prior thereto unless in the opinion of the trial court application of a particular provision would be materially inconsistent with the proceedings theretofore had or would substantially interfere with the effective conduct of the action or the rights of the parties or other interested persons, in which case the particular provision does not apply and the law applicable thereto prior to the effective date applies.

(b) Sections 872.210 and 872.710 of the Code of Civil Procedure, do not apply to an action commenced prior to the effective date.

(c) If, on the effective date, summons was issued but not served in an action, service and proof of service may be made pursuant to the law applicable thereto prior to the effective date.

(d) If, on the effective date, securities have been taken, investments made, or funds deposited pursuant to former Sections 777, 788, 793, or 794, of the Code of Civil Procedure, or a trust has been established pursuant to former Section 784 of the Code of Civil Procedure, the trial court retains jurisdiction as provided under the law applicable thereto prior to the effective date. The trial court, upon reasonable notice and opportunity to be heard and if it appears

in the best interests of the parties and other interested persons, may order that securities, investments, or funds held by the county clerk be assigned, delivered, or paid over to a trustee or agent, or otherwise transferred from the name or custody of the county clerk.

SEC. 10. Where real property is subject to a lien on a parity with that on which the owner's title is based, an action for partition thereof may be brought by the owner or by the holder of such lien within one year after the effective date of this act.

[Approved by Governor March 30, 1976. Filed with Secretary of State March 30, 1976.]

Such payments to subcontractors shall be based on estimates made pursuant to Section 14402. Any diversion by the contractor of payments received for prosecution of a contract, or failure to reasonably account for the application or use of such payments constitutes ground for actions proscribed in Section 14394, in addition to disciplinary action by the Contractors' State License Board. The subcontractor shall notify in writing the Contractors' State License Board and the department of any payment less than the amount or percentage approved for the class or item of work as set forth in Section 14402.

CHAPTER 78

An act to amend Section 8550 of, to add Sections 8210.3, 8210.4, 8210.5, and 8210.7 to, and to repeal Sections 8554 and 8555 of, the Fish and Game Code, relating to commercial fishing, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor March 30, 1976 Filed with Secretary of State March 30, 1976.]

The people of the State of California do enact as follows:

SECTION 1. Section 8210.3 is added to the Fish and Game Code, to read:

8210.3. In Districts 6, 7, 10, 11, 15, 16, 17, 18, and 19 under the authority of a commercial fishing license, species of salmon other than king and silver salmon may be taken between April 15th and September 30th. Such salmon may be taken only by hook and line and there is no bag limit.

SEC. 2. Section 8210.4 is added to the Fish and Game Code, to read:

8210.4. Notwithstanding the provisions of Section 8210.2, no silver salmon may be landed in this state prior to May 25th in Districts 6, 7, 8, 9, 10, 11, 12, and 13 unless the vessel landing such silver salmon has a valid hold inspection certificate issued by the department. This section shall apply only to vessels 26 feet or greater in length.

SEC. 3. Section 8210.5 is added to the Fish and Game Code, to read:

8210.5. Hold inspection certificates shall be issued by the department, upon request, to operators of vessels which are determined by the department to be empty of silver salmon by an inspection conducted between the dates of May 13th and May 24th of each season. No hold inspection certificate shall be issued to any vessel which, in the opinion of the person performing such inspection, cannot reasonably be determined to be empty of silver salmon.

SEC. 4. Section 8210.7 is added to the Fish and Game Code, to read:

8210.7. Notwithstanding the other provisions of this article, vessels capable of brining or freezing fish may not land silver salmon at any time in Districts 6, 7, 8, 9, 10, 11, 12, and 13 prior to obtaining a hold inspection certificate. The department shall provide inspections to such vessels, upon request, on any date after May 13th of each season.

SEC. 5. Section 8550 of the Fish and Game Code is amended to read:

8550. Herring may be taken for commercial purposes only under a revocable, nontransferable permit, subject to such regulations as the commission shall prescribe. The commission may, whenever

01016 288615 643

necessary to prevent overutilization, to insure efficient and economic operation of the fishery, or to otherwise carry out the provisions of this article, limit the total number of permits which are granted and the amount which may be taken under such permits.

The commission, in limiting the total number of permits, shall take into consideration any restriction of the fishing area and the safety of others who, for purposes other than fishing, use the waters from which herring are taken.

SEC. 5.5. Section 8550 of the Fish and Game Code, as amended by Section 5 of this act, is amended to read:

8550. Herring may be taken for commercial purposes only under a revocable, nontransferable permit, subject to such regulations as the commission shall prescribe. The commission may, whenever necessary to prevent overutilization, to insure efficient and economic operation of the fishery, or to otherwise carry out the provisions of this article, limit the total number of permits which are granted and the amount which may be taken under such permits.

The commission, in limiting the total number of permits, shall take into consideration any restriction of the fishing area and the safety of others who, for purposes other than fishing, use the waters from which herring are taken.

The commission shall require previous experience in the use of gill nets, purse seine, or round haul nets and shall require ownership or right of possession and use of boats and gear capable of handling such nets as a qualification for such permit.

SEC. 6. Section 8554 of the Fish and Game Code is repealed.

SEC. 7. Section 8555 of the Fish and Game Code is repealed.

SEC. 8. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be any appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local government entities and school districts which, in the aggregate, do not result in significant identifiable cost changes.

SEC. 9. It is the intent of the Legislature, if this bill and Assembly Bill No. 562 are both chaptered and become effective on or before January 1, 1977, both bills amend Section 8550 of the Fish and Game Code, and this bill is chaptered after Assembly Bill No. 562, that Section 8550 of the Fish and Game Code, as amended by Section 5 of this act, shall remain operative until the effective date of Assembly Bill No. 562, and that on the effective date of Assembly Bill No. 562 Section 8550 of the Fish and Game Code, as amended by Section 5 of this act, be further amended in the form set forth in Section 5.5 of this act to incorporate the changes in Section 8550 proposed by Assembly Bill No. 562. Therefore, if this bill and Assembly Bill No. 562 are both chaptered and become effective on or before January 1, 1977, and Assembly Bill No. 562 is chaptered before this bill and

01016 288625 645

amends Section 8550, Section 5.5 of this act shall become operative on the effective date of Assembly Bill No. 562.

SEC. 10. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

This act is necessary to prevent violations of the seasonal limit on taking silver salmon under a commercial license and to revise the permit procedure for the commercial taking of herring. To prevent such violations during the silver salmon season for 1976, and to revise such permit requirements for the commercial taking of herring in California waters, this act must go into immediate effect.

CHAPTER 79

An act to amend Section 2019 of the Code of Civil Procedure, relating to depositions upon oral examination.

[Approved by Governor March 30, 1976. Filed with Secretary of State March 30, 1976.]

The people of the State of California do enact as follows:

SECTION 1. Section 2019 of the Code of Civil Procedure is amended to read:

2019. (a) (1) A party desiring to take the deposition of any person upon oral examination shall give notice in writing to every other party to the action. The notice shall state the time and place for taking the deposition and the name and address of each person to be examined, if known, and, if the name is not known, a general description sufficient to identify him or the particular class or group to which he belongs. Such notice must be at least 10 days, adding also one day for every 300 miles of the distance of the place of examination from the residence of the person to whom the notice is given, except that on motion of any party, with or without notice, and for good cause shown, the court may enlarge or shorten the time, or may stay the taking of the deposition until the hearing and determination of a motion for an order pursuant to subdivision (b) of this section. Service of such notice or motion may be made upon any party or his attorney in the manner provided in Chapter 5 (commencing with Section 1010) of Title 14 of Part 2 of this code.

(2) Notwithstanding Section 1989 and the distance provisions specified in paragraph (4) of this subdivision, the deposition, whether of a party or any other person, shall be taken only in the county of residence of the deponent or at a place not more than 75 miles from the residence of the deponent or, if the deponent is a party, in the county of place of trial when the place of deposition is less than 150 miles from the residence of the deponent, unless the

court, pursuant to paragraph (1) or (2) of subdivision (b) of this section, otherwise orders. If the parties so stipulate in writing, depositions may be taken before any person, at any time or place, upon any notice, and in any manner and when so taken may be used like other depositions.

(3) If an adverse party is in default for not appearing within the time allowed by the law or the court, or if, in a special proceeding, some or all of the parties interested have not appeared, a deposition may be taken without the giving of any notice to the party so in default or not appearing; and in any case on motion of any party, with or without notice, and for good cause shown, the court may authorize the taking of a deposition without the giving of notice to parties who have not been served with summons.

(4) In the case of depositions of a party to the record of any civil action or proceeding or of anyone who at the time of taking the deposition is an officer, director or managing agent of any such party, the service of a subpoena upon any such deponent is not required if proper notice of the taking of such deposition is given to the attorney for such party or to the party, if he has no attorney. In the case of depositions of a person for whose immediate benefit an action or proceeding is prosecuted or defended or of anyone who at the time of taking the deposition is an officer, director or managing agent of any such person, the service of a subpoena upon any such deponent is not required if proper notice of the taking of such deposition is given to the attorney of the party prosecuting or defending the action or proceeding for the immediate benefit of the deponent or to such party, if he has no attorney. A notice to take the deposition of a person described in this paragraph cannot require the attendance of such person at a place more than 150 miles from the residence of such person, unless the party desiring to take such deposition first obtains an order pursuant to the provisions of paragraph (2) of subdivision (b) of this section.

(5) In the case of depositions for which the production of books, documents, or other things is required of a party to the record of any civil action or proceeding or person for whose immediate benefit an action or proceeding is prosecuted or defended or anyone who is an officer, director, or managing agent of any such party or person, the service of a subpoena duces tecum and affidavit upon any such person is not required if proper notice is served upon the attorney of such party or person. Such notice shall specify the exact materials or things to be produced.

(b) (1) Upon motion seasonably made by any party or by the person to be examined or notified to produce books, documents, or other things and upon notice, or upon the court's own motion and after giving counsel an opportunity to be heard, and in either case for good cause shown, the court in which the action is pending may make an order that the deposition shall not be taken, or that it may be taken only at some designated time or place other than stated in

01859 28935 655

the notice of taking the deposition, or that the deposition may be taken outside the county of residence and at a place more than 75 miles and less than 150 miles from the residence of the deponent in cases not provided for by paragraph (2) of subdivision (a) of this section, or that it shall not be taken except by allowing written interrogatories by one or more parties, or that certain matters shall not be inquired into, or that the scope of the examination shall be limited to certain matters, books, documents, or other things, or that the examination shall be held with no one present except the parties to the action and their officers or counsel, or that after being sealed the deposition shall be opened only by order of the court, or that secret processes, developments, or research need not be disclosed, or that the parties shall simultaneously file specified documents or information enclosed in sealed envelopes to be opened as directed by the court; or the court may make any other order which justice requires to protect the party or witness from annoyance, embarrassment, or oppression. In granting or refusing such order the court may impose upon either party or upon the witness the requirement to pay such costs and expenses, including attorney's fees, as the court may deem reasonable.

(2) Notwithstanding Section 1989, the court may, upon motion on 10 days' written notice and for good cause shown, make an order requiring a deponent who is a party to the record of any civil action or proceeding or is a person for whose immediate benefit said action is prosecuted or defended or is at the time of the taking of the deposition an officer, director or managing agent of any such party or person to attend a deposition at a place more than 150 miles from the residence of such deponent. In granting or refusing such order, the court shall consider whether the moving party selected the forum, whether the deponent will be present at the trial, the convenience of the deponent, the suitability of discovery through a deposition by written interrogatories or other discovery methods, the number of depositions sought under this section, the expense to the parties of requiring the deposition to be taken within 150 miles of the residence of the deponent, the whereabouts of the deponent at the time the deposition is scheduled to be taken, and all other factors tending to show whether or not the interests of justice and the convenience of the parties and witnesses will be served by requiring the deponent to appear for his deposition at a place more than 150 miles from his residence. Such order may provide that the party desiring to take such deposition shall pay the reasonable expenses incurred by the deponent in attending such deposition and that he furnish an undertaking approved by the court to secure such payment and may contain such other terms and conditions as are equitable and just.

(c) The officer before whom the deposition is to be taken shall put the witness on oath and shall personally, or by someone acting under his direction and in his presence, record the testimony of the witness.

01859 28955 659

The testimony shall be taken stenographically and transcribed unless the parties agree otherwise. All objections made at the time of the examination to the qualifications of the officer taking the deposition, or to the manner of taking it, or to the evidence presented, or to the conduct of any party, and any other objection to the proceedings, shall be noted by the officer upon the deposition. Evidence objected to shall be taken subject to the objections. In lieu of participating in the oral examination, parties served with notice of taking a deposition may transmit written interrogatories to the officer, who shall propound them to the witness and record the answers verbatim.

(d) At any time during the taking of the deposition, on motion of any party or of the deponent, or upon the court's own motion and after giving counsel an opportunity to be heard, and in either case upon a showing that the examination is being conducted in bad faith or in such manner as unreasonably to annoy, embarrass, or oppress the deponent or party, the court in which the action is pending or the superior court in the county where the deposition is being taken may order the officer conducting the examination to cease forthwith from taking the deposition, or may limit the scope and manner of the taking of the deposition as provided in subdivision (b) of this section. If the order made terminates the examination, it shall be resumed thereafter only upon the order of the court in which the action is pending. Upon demand of the objecting party or deponent, the taking of the deposition shall be suspended for the time necessary to make a motion for an order. In granting or refusing such order the court may impose upon either party or upon the witness the requirement to pay such costs or expenses, including attorney's fees, as the court may deem reasonable.

(e) Unless the parties agree on the record to another procedure for reading, correcting, and signing the original of the deposition, when the testimony is fully transcribed the officer shall notify the deponent and counsel in writing that the original of the deposition is available for reading, correcting and signing at the office of the officer, and shall remain so available during business hours of business days for a period of 30 calendar days following such notification. The examination and reading of the transcribed testimony may be waived by the witness and by the parties. Any changes in form or substance which the witness desires to make shall be entered upon the deposition. The deponent may correct or approve or refuse to approve the deposition for a period of 30 days following the notification prescribed in this subdivision by means of a letter addressed and mailed or delivered to the transcribing officer indicating any changes to be made, approval, or refusal to approve the deposition. Such changes, approval, or refusal to approve the deposition, when made by letter, shall be equivalent to personal changes, approval, or refusal to approve the deposition.

If the deponent fails to appear at the office of the officer or notify him by letter as provided in this subdivision within such 30-day

01859 28980 664

period, or if the witness so appears or sends such letter but refuses to approve or sign the deposition, the officer shall indicate on the original the fact that the deponent failed to appear, or the fact that the deponent refused to sign together with any reason given therefor, and file it with the court. Thereafter the deposition shall have the same force and effect as though it had been read, corrected and signed by the deponent, unless on a motion to suppress under subdivision (d) of Section 2021 of this code the court holds that the reasons given for the refusal to sign require rejection of the deposition in whole or in part.

(f) (1) The officer shall certify on the deposition that the witness was duly sworn by him and that the deposition is a true record of the testimony given by the witness. He shall then securely seal the deposition in an envelope endorsed with the title of the action and marked "Deposition of (here insert name of witness)" and shall promptly file it with the court in which the action is pending or send it by registered mail to the clerk thereof for filing.

(2) Upon payment of reasonable charges therefor, the officer shall furnish a copy of the deposition to any party or to the deponent.

(3) The party taking the deposition shall give prompt notice of its filing to all other parties.

(g) (1) If the party giving the notice of the taking of a deposition fails to attend and proceed therewith and another party attends in person or by attorney pursuant to the notice, the court may order the party giving the notice to pay such other party the amount of the reasonable expenses incurred by him and his attorney in so attending, including reasonable attorney's fees.

(2) If the party giving the notice of the taking of a deposition of a witness fails to serve a subpoena upon him and the witness because of such failure does not attend, and if another party attends in person or by attorney because he expects the deposition of that witness to be taken, the court may order the party giving the notice to pay to such other party the amount of the reasonable expenses incurred by him and his attorney in so attending, including reasonable attorney's fees.

CHAPTER 80

An act to add Section 4011.9 to the Penal Code, relating to prisoners.

[Approved by Governor March 30, 1976. Filed with Secretary of State March 30, 1976]

The people of the State of California do enact as follows:

SECTION 1. Section 4011.9 is added to the Penal Code, to read:

4011.9. SECTION 1. Section 53736.5 is added to the Government Code, to read:

53736.5. Notwithstanding the provisions of Section 53736, money may be temporarily loaned to the general fund of a county upon condition that the loan must be repayable from revenue received or accrued during the fiscal year in which the loan is made.

This section shall remain in effect only until June 30, 1977, and as of such date is repealed, unless a later enacted statute, which is chaptered before June 30, 1977, deletes or extends such date.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Several local agencies are faced with a serious cash shortage during the period from April 25 through June 30, 1976. Some of these agencies have cash available in capital outlay funds which could be utilized and later reimbursed to the fund from revenues accrued but not actually received. Without the necessary cash, there is a very real danger that needed services, essential to the public peace, health, and safety will have to be curtailed.

(b) If the seller is not required to furnish to the buyer a periodic billing or statement of account between January 1 and March 1 of a particular year, the seller shall not be required to furnish within that year the written statement of finance charges.

"Seller," for the purposes of this section, means a person engaged in the business of selling goods or furnishing services to retail buyers whose annual sales pursuant to retail installment accounts in California have exceeded one hundred fifty million dollars ($150,000,000) in the seller's last two consecutive years.

Such retirement allowance shall be paid for time on and after the person vacates the elective office in the monthly amount payable had the allowance not been suspended.

The governing body of every employer other than the state shall cause immediate notice to be given to the system of the election of any retired person to an office of such employer.

CHAPTER 86

An act to add Section 21118 to the Education Code, relating to school employees, and declaring the urgency thereof, to take effect immediately.

The county auditor shall follow the procedure with respect to examining and allowing such orders and requisitions set forth in Section 21109. The county superintendent of schools, upon receiving allowed warrants from the county auditor, shall transmit them to such designated banks. As soon as feasible following transmittal of such warrants to such banks, the county superintendent of schools shall furnish such banks with listings containing all information required to enable such banks to properly disburse payments to the companies, including identification of the employees for whom the annuities are purchased, the amount of payment on behalf of each designated employee, and the company to which the payment on behalf of each designated employee is to be made. Such disbursing banks shall be deemed to be agents of the respective public employers purchasing such annuities on behalf of their respective employees, and the moneys received by the banks shall be deemed to be deposits of the respective public employers. Security for the deposits shall be furnished as required by the laws of this state.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Sections 53630 and following of the Government Code have been interpreted to prohibit county superintendents of schools from authorizing banks to act as disbursing agents for school districts, community college districts, and county superintendents of schools, of payments to companies providing tax-sheltered annuities for their employees. In order to correct this situation at the earliest possible time and permit the purchase of tax-sheltered annuities for employees of school districts, community college districts, and county superintendents of schools, it is necessary that this act take effect immediately.

Such requirement shall only be applicable to new additions to, or renovations of, existing hotels, motels, apartment houses, and dwellings if, compliance with the requirements of this section will not require substantial modification of the existing plumbing system. In satisfaction of the requirements of this section, the department shall permit the installation of tank-type water closets equipped with devices which are found by the department to meet applicable performance standards, that reduce average water consumption to no more than 3½ gallons per flush, in water closets having a tank capacity in excess of 3½ gallons. The department shall periodically publish a list of acceptable water closets and devices to reduce water consumption.

A manufacturer may sell water closets in this state which do not meet the foregoing requirements in a quantity sufficient to serve the need for water closet installation or replacement in structures other than new hotels, motels, apartment houses, or dwellings, or when

01395 289385 725

authorized by the local enforcement agency.

Any local enforcement agency may allow the use of standard flush toilets, when, in the opinion of the local agency, the configuration of the building drainage system requires a greater quantity of water to adequately flush the system.

This section shall not apply in any local jurisdiction, area, or region of the state subject to waste discharge requirements imposed pursuant to Article 4 (commencing with Section 13260) of Chapter 4 of Division 7 of the Water Code when the local enforcement agency determines that the waste water discharges would exceed such waste discharge requirements if this section was made applicable.

The requirements prescribed by this section may be suspended for a specified period of time by a regulation adopted by the commission when the commission finds that there is an inadequate supply, including a choice of styles or colors for the consumer, of water closets specified in this section to meet the needs of new construction, or such water closets are not available at reasonable prices as compared to water closets not complying with the requirements of this section.

SEC. 2. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be any appropriation made by this act because the duties, obligations or responsibilities imposed on local government by this act are minor in nature and will not cause any financial burden to local government.

The decision of the committee shall be final.

18550. It shall be unlawful for any person to use or cause, or permit to be used for occupancy, any of the following mobilehomes, wherever such mobilehomes are located:

(a) Any mobilehome from which any axle or wheel hub has been removed therefrom except for the purpose of making temporary repairs or placing it in dead storage.

(b) Any mobilehome supplied with fuel, gas, water, electricity, or sewage connections, unless such connections and installations conform to regulations of the commission.

(c) Any mobilehome which is permanently attached with underpinning or foundation to the ground.

(d) Any mobilehome which does not conform to the registration requirements of the Vehicle Code. A mobilehome which may be moved under permit as provided for in Sections 35780 and 35790 of the Vehicle Code shall be deemed to conform to the requirements of such code within the meaning of this section.

The people of the State of California do enact as follows:

SECTION 1. Section 74691 of the Government Code is amended to read:

74691. There shall be four judges.

SEC. 2. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be any appropriation made by this act because this act is in accordance with the request of local government entities which desired legislative authority to act to carry out the program specified in this act.

CHAPTER 109

An act to amend Section 1697 of, to amend the heading of Chapter 3 (commencing with Section 1697) of Title 5 of Part 2 of Division 3 of, to add Section 1698 to, and to repeal Section 1698 of, the Civil Code, relating to modification of contracts.

[Approved by Governor April 9, 1976. Filed with Secretary of State April 9, 1976.]

The people of the State of California do enact as follows:

SECTION 1. The heading of Chapter 3 (commencing with Section 1697) of Title 5 of Part 2 of Division 3 of the Civil Code is amended to read:

CHAPTER 3. MODIFICATION AND CANCELLATION

SEC. 2. Section 1697 of the Civil Code is amended to read:

1697. A contract not in writing may be modified in any respect by consent of the parties, in writing, without a new consideration,

and is extinguished thereby to the extent of the modification.

SEC. 3. Section 1698 of the Civil Code is repealed.

SEC. 4. Section 1698 is added to the Civil Code, to read:

1698. (a) A contract in writing may be modified by a contract in writing.

(b) A contract in writing may be modified by an oral agreement to the extent that the oral agreement is executed by the parties.

(c) Unless the contract otherwise expressly provides, a contract in writing may be modified by an oral agreement supported by new consideration. The statute of frauds (Section 1624) is required to be satisfied if the contract as modified is within its provisions.

(d) Nothing in this section precludes in an appropriate case the application of rules of law concerning estoppel, oral novation and substitution of a new agreement, rescission of a written contract by an oral agreement, waiver of a provision of a written contract, or oral independent collateral contracts.

SEC. 5. This act does not apply to any contract made prior to the effective date of this act. Notwithstanding the enactment of this act, Sections 1697 and 1698 of the Civil Code, as those sections existed prior to the effective date of this act, and the applicable case law, shall continue to apply to contracts made prior to the effective date of this act.

CHAPTER 110

An act to amend Section 5361 of the Welfare and Institutions Code, relating to conservatorship, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 9, 1976. Filed with Secretary of State April 9, 1976]

The people of the State of California do enact as follows:

SECTION 1. Section 5361 of the Welfare and Institutions Code is amended to read:

5361. Conservatorship initiated pursuant to this chapter shall automatically terminate one year after the appointment of the conservator by the superior court. The period of service of a temporary conservator shall not be included in the one-year period. Where the conservator has been appointed as conservator of the estate, the conservator shall, for a reasonable time, continue to have such power and authority over the estate as the superior court, on petition by the conservator, may deem necessary for (1) the collection of assets or income which accrued during the period of conservatorship, but were uncollected before the date of termination, (2) the payment of expenses which accrued during period of conservatorship and of which the conservator was notified

prior to termination, but were unpaid before the date of termination, and (3) the completion of sales of real property where the only act remaining at the date of termination is the actual transfer of title. If upon the termination of an initial or a succeeding period of conservatorship the conservator determines that conservatorship is still required, he may petition the superior court for his reappointment as conservator for a succeeding one-year period. The petition must include the opinion of two physicians that the conservatee is still gravely disabled as a result of mental disorder or impairment by chronic alcoholism. In the event that the conservator is unable to obtain the opinion of two physicians, he shall request that the court appoint them.

Any facility in which a conservatee is placed must release the conservatee at his request when the conservatorship terminates. If the conservator has filed a petition for reappointment and transmits a copy thereof to the facility at least 30 days before the automatic termination date, the facility may detain the conservatee after the end of the termination date only if the proceedings for renewal of conservatorship have not been completed and the court orders the conservatee to be held until the proceedings have been completed.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to avoid a costly procedure of duplication whereby counties will require dual Lanterman-Petris-Short as well as probate filings in conservatorships due to the limited authority of conservators to pay debts or collect assets after termination of conservatorships, it is necessary that this act take immediate effect.

CHAPTER 111

An act to add Section 273.5 to the Revenue and Taxation Code, relating to taxation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 9, 1976 Filed with Secretary of State April 9, 1976]

The people of the State of California do enact as follows:

SECTION 1. Section 273.5 is added to the Revenue and Taxation Code, to read:

273.5. (a) If a claimant for the veterans' exemption for the 1976–77 fiscal year or any year thereafter fails to file the required affidavit with the assessor by 5 p.m. on April 15 of the calendar year in which the fiscal year begins, but files such claim on or before the following December 1, an exemption of the lesser of eight hundred

dollars ($800) or 80 percent of the assessed value of the property shall be granted by the assessor.

(b) On such claims filed pursuant to subdivision (a) after November 15, this exemption may be applied to the second installment, and if applied to the second installment, the first installment will still become delinquent on December 10, and a 6-percent penalty will attach if the tax amount due is not paid.

If this exemption is applied to the second installment and if both installments are paid on or before December 10, or if the reduction in taxes from this exemption exceeds the amount of taxes due on the second installment, a refund shall be made to the taxpayer upon a claim submitted by the taxpayer to the auditor.

SEC. 2. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to this section nor shall there be an appropriation made by this act because the duties, obligations, or responsibilities imposed on local government by this act are minor in nature and will not cause any financial burden on local government.

SEC. 3. Notwithstanding Section 2229 of the Revenue and Taxation Code, there shall be no reimbursement nor shall there be any appropriation made pursuant to Section 1 of this act because this act does not further exempt or classify property for taxation, but merely removes a procedural bar to claiming an existing exemption.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Some veterans whose applications for the homeowners' exemption have been denied because they have received public assistance, are otherwise eligible for the veterans' exemption, but are unable to apply for the exemption because the application period has closed. In order to provide a late filing period for those veterans for the 1976–77 fiscal year property taxes, and thereby fulfill the purpose of subdivisions (o), (p), (q), and (r) of Section 3 of Article XIII of the Constitution, it is necessary that this act take effect immediately.

CHAPTER 112

An act to amend Sections 8892, 8893, and 8899.5 of the Government Code, relating to the Seismic Safety Commission.

The people of the State of California do enact as follows:

8892. (a) The commission shall consist of 15 members appointed by the Governor and confirmed by the Senate, one member appointed by the Senate Rules Committee, and one member appointed by the Speaker of the Assembly. The Seismic Safety Commission shall elect annually from its membership its own chairman and vice chairman and may replace them with other commissioners by majority vote. (b) A quorum shall consist of nine members if there are no vacancies, or else a majority of the members of the commission at the time.

(c) All members of the commission shall represent the general public interest.

SEC. 2. Section 8893 of the Government Code is amended to read:

8893. After the initial appointments, the membership of the Seismic Safety Commission shall be appointed by the Governor and confirmed by the Senate from lists of nominees submitted by organizations as listed below:

(a) Four members appointed from established organizations in the fields of architecture and planning, fire protection, public utilities, and electrical engineering and mechanical engineering;

(b) Four members appointed from established organizations in the fields of structural engineering, soils engineering, geology, and seismology;

(c) Four members appointed from nominees submitted by the League of California Cities and the County Supervisors Association of California;

(d) Three members appointed from established organizations in the fields of insurance, social service, and emergency services;

(e) One member shall be appointed from the Senate by the Senate Rules Committee, and one member shall be appointed from the Assembly by the Speaker of the Assembly. Each of the members appointed pursuant to this subdivision may designate an alternate who shall be counted toward a quorum, who may vote, and who may receive the expenses specified in Section 8894.

SEC. 3. Section 8899.5 of the Government Code is amended to read:

8899.5. The provisions of this chapter shall remain in effect only until January 1, 1981 and as of such date are repealed, unless a later enacted statute, which is chaptered before January 1, 1981, deletes or extends such date.

CHAPTER 113

An act to amend Sections 3712 and 4673 of, to add Sections 4672.1, 4673.1, and 4675 to, to repeal Section 4711.5 of, and to repeal and add Sections 4674 and 4711 of, the Revenue and Taxation Code, and to amend and renumber Section 6509.1 of the Streets and Highways Code, relating to taxation.

[Approved by Governor April 21, 1976. Filed with Secretary of State April 21, 1976.]

The people of the State of California do enact as follows:

SECTION 1. Section 3712 of the Revenue and Taxation Code is amended to read:

3712. The deed conveys title to the purchaser free of all encumbrances of any kind existing before the sale, except:

(a) Any lien for installments of special assessments, which installments will become payable upon the secured roll after the time of the sale.

(b) The lien for taxes or assessments or other rights of any taxing agency which does not consent to the sale under this chapter.

(c) Liens for special assessments levied upon the property conveyed which were, at the time of the sale under this chapter, not included in the amount necessary to redeem the property from the sale to the state, and, where a taxing agency which collects its own taxes has consented to the sale under this chapter, not included in the amount required to redeem from sale to such taxing agency.

(d) Easements constituting servitudes upon or burdens to the property; water rights, the record title to which is held separately from the title to the property; and restrictions of record.

(e) Unaccepted, recorded, irrevocable offers of dedication of the property to the public or a public entity for a public purpose, and recorded options of any taxing agency to purchase the property or any interest therein for a public purpose.

(f) Unpaid assessments under the Improvement Bond Act of 1915 (Division 10 (commencing with Section 8500) of the Streets and Highways Code) which are not satisfied as a result of the sale proceeds being applied pursuant to Chapter 1.3 (commencing with Section 4671) of Part 8 of this division.

SEC. 1.5. Section 4672.1 is added to the Revenue and Taxation Code, to read:

4672.1. There shall be distributed to the county general fund to reimburse the county for the cost of conducting the sale one hundred fifty dollars ($150) for all or any portion of each separately valued parcel of real property deeded to the state and sold to private parties or to a taxing agency.

If property is deeded to a taxing agency under a pro rata division agreement it shall not be deemed "sold" until resold by the taxing

agency to a private party.

One hundred fifty dollars ($150) for property sold shall be paid from the total amount to be distributed, after satisfaction of the amount specified in Section 4672. If such amount is insufficient, the one hundred fifty dollars ($150) shall be reduced accordingly.

SEC. 2. Section 4673 of the Revenue and Taxation Code is amended to read:

4673. Amounts to reimburse the county for the cost of advertising sales of tax-deeded property shall be distributed to the county general fund as provided in Section 3719.

SEC. 3. Section 4673.1 is added to the Revenue and Taxation Code, to read:

4673.1. After satisfaction of the amount specified in Sections 4672, 4672.1 and 4673, the proceeds shall be distributed as follows:

(a) An amount of the proceeds up to but no greater than the amount required, at the time of sale by the state, to redeem the property from the sale to the state and the sale to any taxing agency entitled to share in the proceeds shall be distributed as follows:

(1) A pro rata share shall be distributed to each assessment fund in an amount bearing the same proportion as the assessment due each fund bears to the total amount of taxes and assessments necessary to redeem the property at the time of sale by the state.

(2) The remaining balance of the proceeds to be distributed under this section shall be distributed to each tax fund in an amount bearing the same proportion to the balance remaining as the tax rate for each fund bears to the total tax rate applicable to the property for the fiscal year preceding that in which the property was sold by the state.

(b) After satisfaction of the amounts specified in subdivision (a), an amount of the proceeds necessary to satisfy current taxes and assessments and applicable penalties and costs thereon shall be distributed as provided in Chapter 1a (commencing with Section 4653) of this part. Current taxes and assessments referred to herein include taxes and assessments which would have been levied on the property if the property were not tax deeded to the state or to any other taxing agency.

SEC. 4. Section 4674 of the Revenue and Taxation Code is repealed.

SEC. 5. Section 4674 is added to the Revenue and Taxation Code, to read:

4674. Any excess in the proceeds deposited in the delinquent tax sale trust fund remaining after satisfaction of the amounts distributed under Sections 4672, 4672.1, 4673, and 4673.1 shall be retained in such fund on account of, and may be claimed by parties of interest in the property as provided in, Section 4675. At the expiration of one year following the execution of the tax deed to the purchaser, any excess proceeds not claimed under Section 4675 shall be distributed as provided in paragraph (2) of subdivision (a) of Section 4673.1.

02352 28 10 470 870

SEC. 6. Section 4675 is added to the Revenue and Taxation Code, to read:

4675. Any party of interest in the property at the time of sale by the state may file with the county a claim for the excess proceeds at any time prior to the expiration of one year following the execution of the tax collector's deed to the purchaser.

The claims shall contain any information and proof deemed necessary by the board of supervisors to establish the claimant's rights to all or any portion of the excess proceeds.

No sooner than one year following the execution of the tax collector's deed to the purchaser, and if the excess proceeds have been claimed by any party of interest as provided herein, such excess proceeds shall be distributed on order of the board of supervisors to the parties of interest in the order of priority set forth in subdivisions (a) and (b). For the purposes of this article, parties of interest and their order of priority are:

(a) First, lienholders of record prior to the property becoming tax deeded to the state or to any other taxing agency, in the order of their priority, as to liens that were extinguished by the issuance of the deed to the state; and

(b) Then, any person who would be established with title to all or any portion of the property sold by the state by redemption of such property immediately prior to the sale by the state.

In the event more than one party of interest, as defined in subdivisions (a) and (b) of this section, file claims for the excess proceeds as provided herein, the board of supervisors shall give all claimants opportunity for a hearing to establish the priority and extent of their claim following a period of at least 30 days after written notice has been given to each claimant. Any action or proceeding to review the decision of the board of supervisors shall be commenced within 90 days after the date of such decision of the board of supervisors.

SEC. 7. Section 4711 of the Revenue and Taxation Code is repealed.

SEC. 8. Section 4711 is added to the Revenue and Taxation Code, to read:

4711. The proceeds of the sale by the state of tax-deeded property deposited in the delinquent tax sale trust fund shall be distributed as provided in Chapter 1.3 (commencing with Section 4671) of this part; provided, however, that the taxes and assessments which constitute the amounts required to redeem the property from the sale to the state shall, for the purposes of this chapter, be distributed as follows:

(a) The amount available for distribution shall be prorated on the basis of such taxes and assessments between apportioned levies and unapportioned levies.

(b) The pro rata share for unapportioned levies shall be prorated between the amount of tax levies and the amount of assessment

02352 28 10 485 873

levies. The pro rata share for unapportioned tax levies shall be distributed to funds on the basis prescribed in Chapter 1.3 (commencing with Section 4671) of this part. The pro rata share for unapportioned assessment levies shall be distributed to the assessment funds on the basis prescribed in subdivision (a) of Section 4710.

(c) The pro rata share for apportioned levies shall be distributed to the tax losses reserve fund.

The amount canceled by the sale shall be entered on the secured taxes receivable accounts. Any canceled amounts which were apportioned at the time of levy in the manner authorized by this chapter shall be entered on the apportioned tax resources accounts, and this cancellation shall be borne by the tax losses reserve fund.

SEC. 9. Section 4711.5 of the Revenue and Taxation Code is repealed.

SEC. 10. Section 6509.1 of the Streets and Highways Code, as added by Chapter 1046 of the Statutes of 1975, is amended and renumbered to read:

6501.1. If there is surplus money remaining from the sale after payment of the amount due on the bond, plus interest, penalties, and costs of sale, the treasurer shall hold the surplus money in trust during the period of redemption or until the amount due is paid by a redemptioner. In the event of redemption, the treasurer shall pay to the holder of the certificate of sale the amount of principal, interest, and penalties due on the bond, costs paid by the holder, and any surplus money held in trust. In the event that there is no redemption of the bond during the redemption period, the treasurer shall pay the surplus money in the following order:

(a) To the lienholders of record prior to the issuance of the treasurer's deed, in the order of their priority;

(b) To the person who was the owner of record prior to the issuance of the treasurer's deed, if he can be found within a three-year period following such sale, or, if such person cannot be found in such period, to each taxing agency in the same proportion that each agency's taxes bear to the total taxes.

SEC. 11. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to this section nor shall there be an appropriation made by this act because there are savings as well as costs in this act which, in the aggregate, do not result in additional net costs.

public purpose, and all instruments evidencing the borrowing of money in anticipation of taxes, revenues or other income of such body, and all instruments payable from revenues or special funds of such public bodies, and all instruments funding or refunding any thereof or any indebtedness.

SEC. 4. All acts and proceedings heretofore taken by any public body or bodies under any law, or under color of any law, for the annexation or inclusion of territory into any such public body or for the annexation of any such public body to any other such public body or for the withdrawal or exclusion of territory from any such public body or for the consolidation, merger or dissolution of any public bodies are hereby confirmed, validated, and declared legally effective. This shall include all acts and proceedings of the governing board of any such public body and of any person, public officer, board or agency heretofore done or taken upon the question of the annexation or inclusion or of the withdrawal or exclusion of such territory or the consolidation, merger or dissolution of such public bodies.

SEC. 5. Whenever an election has heretofore been called for the purpose of submitting to the voters of any public body the question of issuing bonds for any public purpose, such bonds, if hereafter authorized by the required vote and in accordance with the proceedings heretofore taken, and issued and delivered in accordance with such authorization, shall be the legal, valid and binding obligations of the public body.

SEC. 6. (a) The foregoing provisions of this act shall operate to supply such legislative authorization as may be necessary to validate any such acts and proceedings heretofore taken which the Legislature could have supplied or provided for in the law under which such acts or proceedings were taken.

(b) The foregoing provisions of this act shall be limited to the validation of acts and proceedings to the extent to which the same can be effectuated under the State and Federal Constitutions.

(c) The foregoing provisions of this act shall not operate to confirm, validate, or legalize any act, proceeding, or other matter the legality of which is being contested or inquired into in any legal proceeding now pending and undetermined or which may be pending and undetermined during the period of 30 days from and after the effective date of this act, and shall not operate to confirm, validate, or legalize any act, proceeding, or other matter which has heretofore been determined in any legal proceeding to be illegal, void or ineffective.

(d) This act shall not operate to confirm, validate, or legalize a contract between any district and the United States.

SEC. 7. Any action or proceeding contesting the validity of any action or proceeding heretofore taken under any law, or under color of any law, for the formation, organization or incorporation of any public body, or for any annexation thereto, exclusion therefrom or other change of boundaries thereof, or for the consolidation, merger or dissolution of any public bodies, or for the authorization, issuance, sale or exchange of bonds thereof upon any ground involving an alleged defect or illegality not effectively validated by the prior provisions of this act and not otherwise barred by any statute of limitations or by laches must be commenced within six months of the effective date of this act; otherwise each and all of said matters shall be held to be valid and in every respect legal and incontestable. This section shall not extend the period in which any action may be brought beyond the period in which it would be barred by any presently existing valid statute of limitations.

SEC. 8. Nothing contained in this act shall be construed to render the creation of any city or district, or any change in the boundaries of any city or district, effective for purposes of assessment or taxation unless the statement, together with the map or plat,

CHAPTER 115

An act to amend Sections 6830, 6831, and 6833 of the Elections Code, relating to elections and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 23, 1976 Filed with Secretary of State April 23, 1976]

The people of the State of California do enact as follows:

SECTION 1. Section 6830 of the Elections Code is amended to read:

6830. Each candidate or group of candidates shall file a nomination paper which shall contain:

(a) The name and residence address of each candidate, including the name of the county in which he resides.

(b) A designation of the office for which the candidate or group seeks nomination.

(c) A statement that the candidate is not, and was not at any time during the one year preceding the immediately preceding primary election at which a candidate was nominated for the office mentioned in the nomination paper, registered as affiliated with a political party qualified under the provisions of Section 6430. The statement required by this subdivision shall be omitted when no primary election was held to nominate candidates for the office to which the independent nomination paper is directed.

SEC. 2. Section 6831 of the Elections Code is amended to read:

6831. Nomination papers for a statewide office for which the candidate is to be nominated shall be signed by voters of the state equal to not less in number than 1 percent of the entire number of registered voters of the state at the time of the close of registration prior to the preceding general election. Nomination papers for an

office, other than a statewide office, shall be signed by the voters of the area for which the candidate is to be nominated, not less in number than 3 percent of the entire number of registered voters in the area at the time of the close of registration prior to the preceding general election. Nomination papers for Representative in Congress, State Senator or Assemblyman, to be voted for at a special election to fill a vacancy, shall be signed by voters in the district not less in number than 500 or 1 percent of the entire vote cast in the area at the preceding general election, whichever is less, nor more than 1,000.

SEC. 3. Section 6833 of the Elections Code is amended to read:

6833. Nomination papers required to be filed with the Secretary of State or with the county clerk shall be filed not more than 115 nor less than 54 days before the day of the election, but shall be prepared, circulated, signed, verified and left with the county clerk for examination, or for examination and filing, no earlier than 120 days before the election and no later than 5 p.m. 60 days before the election. If the total number of signatures submitted to a county clerk for an office entirely within that county does not equal the number of signatures needed to qualify the candidate, the county clerk shall declare the petition void and is not required to verify the signatures. If the district falls within two or more counties, the county clerk shall within two working days report in writing to the Secretary of State the total number of signatures filed. If the Secretary of State finds that the total number of signatures filed in the district or state is less than the minimum number required to qualify the candidate he shall within one working day notify in writing the counties involved that they need not verify the signatures.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that the provisions of this act may go into effect for purposes of the November 1976 general election, it is necessary that this act take effect immediately.

CHAPTER 116

An act to amend Section 21222.6 of the Government Code, relating to Public Employees' Retirement System, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 23, 1976. Filed with Secretary of State April 23, 1976]

The people of the State of California do enact as follows:

4 1005 28 11 20 908

SECTION 1. Section 21222.6 of the Government Code is amended to read:

21222.6. In addition to the increase of allowance authorized by and granted pursuant to the provisions of Section 21222 and notwithstanding the limitation in subdivision (b) of Section 21224, any monthly allowance computed under or limited by a retirement formula applicable to local miscellaneous members who retired prior to July 1, 1971, or to local miscellaneous members who so retired and then were reinstated from retirement and retired again after July 1, 1971, and whose allowance is based upon such a formula and paid with respect to a local miscellaneous member whose retirement or whose initial retirement or death before retirement occurred prior to July 1, 1971, shall be increased by 15 percent. Such percentage shall be applied to the allowance payable on the date this section becomes applicable to the contracting agency and the allowance as so increased shall be paid for time on and after that date and until the first day of April immediately following the date of such application. The base allowance shall be increased by the same percentage for annual adjustments beginning with the adjustment effective for time commencing with that annual adjustment.

This section shall apply only to such portion of the allowance as based on service in employment with the employer electing to be subject to this section.

This section shall not apply to any contracting agency nor to the employees of any contracting agency unless and until the agency elects to be subject to the provisions of this section by amendment to its contract made in the manner prescribed for approval of contracts, except that an election among the employees is not required, or, in the case of contracts made after January 1, 1976, by express provision in such contract making the contracting agency subject to the provisions of this section.

SEC. 2. There are no state-mandated local costs in this act that require reimbursement under Section 2231 of the Revenue and Taxation Code because, as yet, no agencies which would be affected by the amendments made by this act have elected to be subject to Chapter 577 of the Statutes of 1975. Therefore, there are no duties, obligations, or responsibilities imposed on local governments by this act.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Section 21222.6 was added to the Government Code by Chapter 577 of the Statutes of 1975, became effective January 1, 1976, and permits retirement benefits of certain local miscellaneous members of the Public Employees' Retirement System to be increased by 15 percent, if the benefit is elected by employing contracting agencies. However, another limit on such adjustment will prevent a full

realization of this improvement. This bill would remove that limit. Unless the limit is removed before agencies elect to be subject to the provisions of Chapter 577 its benefits will not be fully effective for their employees. Therefore, this act must take effect immediately.

CHAPTER 117

An act to amend Sections 99207 and 99231 of, and to add Section 99289 to, the Public Utilities Code, relating to public transportation.

[Approved by Governor April 23, 1976. Filed with Secretary of State April 23, 1976.]

The people of the State of California do enact as follows:

SECTION 1. Section 99207 of the Public Utilities Code is amended to read:

99207. (a) "Included municipal operator" means a city or county which is included, in whole or in part, within a transit district or which has been extended the authority to join a transit district by that district's enabling legislation, and in which city or county public transportation services have continuously been provided, since at least January 1, 1971, by the city or county, by a nonprofit corporation or other legal entity wholly owned by the city or county, or by the University of California.

(b) "Included municipal operator" also means the City and County of San Francisco and the Counties of Alameda and Contra Costa with respect to any portion of the unincorporated area thereof, and any city in those counties, which is outside the area of the Alameda-Contra Costa Transit District and which is not receiving adequate local public transportation services, as determined by the Metropolitan Transportation Commission, from any of the transit districts which includes the county or city, taking into consideration, among other things, the amount of such services needed in the county or city, the cost to provide such services, and the amount of such services provided in other areas of the transit district as compared to their needs.

SEC. 2. Section 99231 of the Public Utilities Code, as amended by Chapter 1188 of the Statutes of 1975, is amended to read:

99231. All operators and city or county governments with responsibility for providing municipal services to a given area collectively may file claims for only such moneys as represents that area's apportionment.

The term "apportionment" has reference to that proportion of the total annual revenue anticipated to be received in the fund that the population of the area bears to the total population of the county.

The term "area" means:

(a) With reference to a transit district, the entire area stated in its

enabling legislation or franchise, excluding cities therein which have retained the right to join the district at a later time.

(b) With reference to a transit development board, the entire area stated in its enabling legislation, including the municipalities therein which operated bus systems prior to the creation of the board and subsequently conveyed such systems to the board.

(c) With reference to a county government, the unincorporated area of the county.

(d) With reference to a city government, the corporate area of the city.

(e) With reference to the City and County of San Francisco and the Counties of Alameda and Contra Costa, the unincorporated area thereof (and with reference to a city in those counties, the corporate area of the city) which is outside the area of the Alameda-Contra Costa Transit District and which is not receiving adequate local public transportation services, as determined by the Metropolitan Transportation Commission pursuant to subdivision (b) of Section 99207.

(f) Where a transit district, a transit development board, or a county or city, provides public transportation services beyond its boundaries, its area, for purposes of this section, shall also include:

(1) All of that area within one-half mile of any route which extends beyond its boundaries.

(2) All of the corporate area of a city to which it provides such services pursuant to contract or prior express authority of the secretary.

The transportation planning agency may rely, in its determination of populations, on estimates which are used by the State Controller for distributing money to cities under Section 2107 of the Streets and Highways Code and to counties under Section 11005 of the Revenue and Taxation Code, and may contract with the Department of Finance or other appropriate state agency for an annual determination of such population estimates as may be necessary.

SEC. 3. Section 99289 is added to the Public Utilities Code, to read:

99289. (a) Funds received by a city or county designated as an included municipal operator pursuant to subdivision (b) of Section 99207 because it is not receiving adequate local public transportation service from any transit districts in which it is located may only be used by such a city or county to contract with an operator for public transportation services.

(b) If the Metropolitan Transportation Commission determines that it is not feasible on the basis of, among other things, cost to contract with an operator pursuant to subdivision (a), the city or county may use the funds for either or both of the following:

(1) The development and operation of a public transportation system.

(2) Public transportation service received under contract from an

operator providing such service since at least July 1, 1972, or from a common carrier, as defined in Section 211, which is under the jurisdiction and control of the Public Utilities Commission and which is engaged in the transportation of persons, as defined in Section 208.

(c) The system or the service under the contract, as the case may be, shall be consistent, as determined by the Metropolitan Transportation Commission, with the regional transportation plan.

CHAPTER 118

An act to add Section 2.5 to the Los Angeles County Flood Control Act (Chapter 755 of the Statutes of 1915), relating to the Los Angeles County Flood Control District.

[Approved by Governor April 23, 1976 Filed with Secretary of State April 23, 1976.]

The people of the State of California do enact as follows:

SECTION 1. Section 2.5 is added to the Los Angeles County Flood Control Act (Chapter 755 of the Statutes of 1915), to read:

Sec. 2.5. The district also has the power to acquire, where the district has obtained surface easement rights in land, the fee ownership of the land in any case where the board of supervisors finds that such acquisition will allow either more efficient use or compatible uses of such land.

CHAPTER 119

An act to amend Section 21352 of the Education Code, relating to school district funds.

[Approved by Governor April 23, 1976. Filed with Secretary of State April 23, 1976.]

The people of the State of California do enact as follows:

SECTION 1. Section 21352 of the Education Code is amended to read:

[Approved by Governor April 23, 1976 Filed with Secretary of State April 23, 1976.]

The people of the State of California do enact as follows:

SECTION 1. Notwithstanding Section 12526 of the Government Code, the sum of one hundred ninety-three thousand eight hundred thirty dollars ($193,830) is hereby appropriated from the Attorney General Antitrust Account in the General Fund to the Department of Justice, in augmentation of Item 34, Budget Act of 1975 (Chapter 176, Statutes of 1975), for the antitrust program. Any unencumbered balance remaining from this appropriation as of June 30, 1976, shall revert to and be redeposited in the Attorney General Antitrust Account in the General Fund.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to proceed actively with the Department of Justice antitrust program, and particularly the existing antitrust litigation and investigation against major petroleum and gas producers in order to restore and maintain competition in California business and to recover damages for past antitrust violations, it is necessary to augment the present antitrust program budget for the remainder of this fiscal year, and thus, the provisions of this act must go into effect immediately.

CHAPTER 121

An act to add Section 14153 to the Welfare and Institutions Code, relating to Medi-Cal, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 26, 1976. Filed with Secretary of State April 27, 1976.]

The people of the State of California do enact as follows:

SECTION 1. Section 14153 is added to the Welfare and Institutions Code, to read:

14153. Funds shall be advanced monthly to the respective

counties for costs of administration of the Medi-Cal program in the manner prescribed in Chapter 9 (commencing with Section 15000) of this part.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that state funds to the counties for their administrative costs may be paid in advance at the earliest time it is necessary that this act take immediate effect.

CHAPTER 122

An act to amend Section 72602.5 of the Government Code, relating to Antelope Municipal Court.

[Approved by Governor April 28, 1976. Filed with Secretary of State April 28, 1976.]

The people of the State of California do enact as follows:

SECTION 1. Section 72602.5 of the Government Code is amended to read:

72602.5. (a) The Antelope Municipal Court District shall have one judge. Such district shall have one jury commissioner, who shall receive an annual salary of eight thousand four hundred dollars ($8,400). The jury commissioner shall exercise the powers of jury commissioners of superior courts, insofar as they are applicable to municipal courts.

(b) On and after the date a vacancy occurs in the position of jury commissioner or January 29, 1980, whichever is earlier, the Antelope Municipal Court District shall have two judges and no jury commissioner.

SEC. 2. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be any appropriation made by this act because this act is in accordance with the request of local government entities which desired legislative authority to act to carry out the program specified in this act.

CHAPTER 123

An act to add and repeal Section 18919 to the Welfare and Institutions Code, relating to food stamps, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 28, 1976. Filed with Secretary of State April 28, 1976.]

The people of the State of California do enact as follows:

SECTION 1. Section 18919 is added to the Welfare and Institutions Code, to read:

18919. (a) To the extent authorized by federal law, the director may directly or by contract with any person or public or private entity or agency, conduct pilot projects up to 18 months each in consenting counties designated by the director which are representative of urban, rural, and suburban mixtures.

The projects authorized under the section shall consist of the planning, development and implementation, including phased implementations, as appropriate, of alternative food stamp control systems and distribution methods for the purpose of significantly reducing food stamp program costs through greater program accountability and control which may include, but is not limited to:

(a) The reduction of losses caused by fraud and program abuse.

(b) The reduction of investigatory time in evaluating affidavit of loss claims.

(c) The reduction of time required to process and receive food stamps.

(d) The reduction of overall administrative costs of the food stamp program.

The director may determine that a pilot project that has demonstrated its effectiveness in carrying out the purpose of this section should be implemented statewide by legislation. In such event the director shall submit a report upon his determination and its demonstrated effectiveness to the Joint Legislative Budget Committee no later than three months after the conclusion of the first 18 months of the pilot project. The Legislative Analyst shall make an independent evaluation of the project and shall make a report, within three months of receipt of the director's evaluation, of his findings and recommendations to the Legislature. The director may extend an effective pilot project up to an additional 18 months to permit evaluation by the Legislature.

Any project which the department determines is not feasible shall be gradually phased out after the 18-month period of operation. In the event that the department decides under this section that a pilot project should be implemented statewide by the Legislature, all other projects may be gradually phased out regardless of their period of operation.

To enable it to conduct pilot projects under this section, the department may waive existing methods of food stamp issuance, and the enforcement of part or all of Sections 18902 and 18904 and subdivisions (b) and (c) of Section 18904.1, regulations, and standards in one or more counties or on a statewide basis by formal order of the director. The director may secure such approvals from

02569 28 11 255 955

the federal government and such waivers of federal requirements as are necessary to carry out this section. The director may utilize, to the extent that the department assumes a consenting county's functions under the provisions of this section, the funds allocated for the counties' food stamp administration reimbursement in the Budget Act.

This section shall become inoperative five years after its effective date and on such date is repealed.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to develop and utilize more efficient food stamp administrative processes, control systems and distribution methods to reach a greater number of needy eligible persons, it is necessary that this act take immediate effect.

CHAPTER 124

An act to amend Section 945.1 of the Education Code, relating to legal counsel for school districts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 28, 1976. Filed with Secretary of State April 28, 1976.]

The people of the State of California do enact as follows:

SECTION 1. Section 945.1 of the Education Code is amended to read:

945.1. Anything in a city, county, or city and county charter to the contrary notwithstanding, the governing board or boards of any school district or community college district and any county superintendent of schools may, in lieu of appointing an administrative adviser pursuant to Section 945, appoint a legal counsel and fix and order paid such counsel's compensation as an employee or as an independent contractor. The duties of the legal counsel may include rendering legal advice to the superintendent of schools and to other officers and employees of the school district and such other administrative duties as may be assigned by the superintendent of schools and the governing board of the district, and serving as the legal counsel of the district in the preparation and conduct of school district litigation and administrative proceedings, and rendering advice in relation to school bond and tax increase measures and prepare all legal papers and forms necessary for the voting of school bonds and tax increase measures in the district. The legal counsel shall have been admitted to practice law in the state, and shall not be required to have any certification qualifications. The

term "legal counsel" as used herein includes a sole practitioner, partnership, or a law corporation.

Neither the county counsel or district attorney shall have a duty to perform for a school district any legal services which the legal counsel, while employed by such district, is authorized by this section to perform and which are assigned to legal counsel by the superintendent of schools or the governing board of a district.

In the event a district ceases to employ legal counsel and requests the resumption of legal services by the county counsel or district attorney, the district shall notify the county counsel or district attorney of such fact on or before January 1 of the year preceding the fiscal year in which services are to be resumed.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that school districts may contract for all necessary legal services to provide for the orderly administration of our educational system, and in order that the uncertainty presently appearing in the statutory law, which would be clarified by this act, may be removed at the earliest possible time, it is essential that this act take immediate effect.

CHAPTER 125

An act to amend Sections 19576, 19589, and 19590 of, and to add Section 19584.4 to, the Education Code, relating to state school building aid, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor April 29, 1976 Filed with Secretary of State April 29, 1976]

The people of the State of California do enact as follows:

SECTION 1. Section 19576 of the Education Code is amended to read:

19576. The board may approve, in whole or in part, an application submitted by a school district under Section 19571 and in such amount, not exceeding the amount applied for, as the board may deem appropriate.

The board may, upon approval of the application, in whole or in part, and subsequently from time to time, make a conditional apportionment or conditional apportionments not exceeding in the aggregate the total amount determined by the board as aforesaid, to the applicant school district from the State School Building Aid Fund for such portion or portions of the construction project as the board determines the district is ready to proceed with. If the board has

approved an application and made an apportionment as to a portion or portions of a construction project, the board may approve the remaining portion or portions of the construction project and make an additional apportionment or apportionments within two years after the original approval without requiring a district to issue additional bonds. The board may also make an additional apportionment or apportionments for a period of time in excess of two years after the original approval without requiring a district to issue additional bonds if it has made a finding that such additional apportionment or apportionments are justified by virtue of the fact that state funds were not available for apportionment within the two-year period after the original approval because of the inability of the state to sell authorized state bonds within the maximum permitted interest rate.

If the board determines that the actual cost is in excess of the estimated cost of the specific school plant facilities or sites for which an apportionment to a district has been made, or for which a district's application has been approved in whole or in part pursuant to this section, the board may make an additional apportionment to such district in an amount equal to such excess even though such additional apportionment will result in the total apportionments to the district exceeding the amount of the application originally approved by the board. Before such additional apportionment becomes final the district, pursuant to Section 19590, shall hold an election to repay the amount of such additional apportionment which is in excess of the amount which the district has previously voted to repay. Such additional apportionment shall become final when the county superintendent of schools transmits to the board and the State Controller a certificate in duplicate stating that the school district has authorized the acceptance and expenditure of the necessary amount of such excess. If such additional apportionments are made by the board within two years after the original approval, except an apportionment made final pursuant to subdivision (c) of Section 19590, the district shall not be required to issue additional bonds.

Except as otherwise provided in this section, all provisions of this chapter (Sections 19551 to 19689, inclusive) relating to apportionments shall apply to apportionments made under this section.

Whenever an apportionment has heretofore been made or is hereafter made to a district for a site and the district heretofore or hereafter proposes to acquire the site through negotiation or condemnation but the total acquisition cost thereof, plus all other costs incidental to either the acquisition or condemnation of the site, exceeds or exceeded the apportionment for the site, the board may at any time hereafter make an additional apportionment to provide for the differential in total acquisition cost without the district being required to issue additional bonds to qualify, providing the board

finds (1) that it is in the interest of the state to proceed with the acquisition despite the acquisition costs, and (2) that the district is unable to provide, or it would be a hardship to require it to provide, the excess costs. The board may also, in its discretion, as a condition of making such apportionment, require the district to repay in full all or any part of the excess apportionment, under such terms and conditions as the board deems desirable, and the district shall be empowered and obligated to comply if it accepts the excess apportionment, notwithstanding any other law to the contrary; provided, (1) that no such repayment shall be required from any source that would be exempt from required contribution toward the cost of a project under Sections 19571 and 19572 (excepting amounts in the General Fund raised by taxes to pay any judgment requiring such repayment), and (2) that any portion of the apportionment not required to be repaid in full, shall be repayable in the same manner as a construction apportionment.

Approval of an application under this section shall not be construed as creating or implying any obligation, commitment or promise on the part of the board or the state to make apportionments under this chapter (Sections 19551 to 19689, inclusive).

SEC. 2. Section 19584.4 is added to the Education Code, to read:

19584.4. The area of any building, the construction of which was financed by the proceeds of a tax levied pursuant to Section 11872, shall not be included in any computation of the area of adequate school construction existing in any applicant school district under this chapter.

SEC. 3. Section 19589 of the Education Code is amended to read:

19589. Payment shall be made in accordance with the terms of a final apportionment, either directly or by way of reimbursement, to a school district for expenditures, or commitments therefor, which have been made by the district for any items approved by the board in such apportionment, provided the construction contract has been let no earlier than two years preceding the date the application is received by the board. Where expenditures were made for, or work was commenced with respect to, any item so approved, prior to the time the application of such district containing such item was received by the board, payment or reimbursement for such item, either with state funds or with district funds which the district is required to contribute by said apportionment, shall be made only upon authorization of the board by special resolution citing this section.

SEC. 4. Section 19590 of the Education Code is amended to read:

19590. No apportionment to a school district shall become final unless: (a) the total amount of outstanding bonds of the district exceeds ninety-five percent (95%) of the basic bond requirement of the district on the date the conditional apportionment is made, or (b) the total amount of the bonds of the district outstanding and unpaid is within twenty-five thousand dollars ($25,000) of the basic

bond requirement of the district, as of the date on which the conditional apportionment is made, or (c) the district has issued and sold pursuant to this section, and as a condition to the initial conditional apportionment, an amount of bonds equal to the total cost of the project for which the apportionment was made, including necessary contingencies. At the time the board makes a conditional apportionment pursuant to Section 19571, it shall determine the total amount of bonds which shall be issued and sold by such district, the proceeds of which shall be applied toward the cost of the project for which the apportionment is sought; provided, that in the event the school district has previously received apportionments, or has become liable for the repayment of an apportionment, such proceeds shall first be applied toward the reduction, in chronological order beginning with the earliest, of any apportionments previously made to the district, or for the repayment of which the district has become liable in whole or in part, before being applied toward the cost of the project for which an apportionment is sought, provided further that no such proceeds shall be applied toward the reduction of any apportionment for a site made pursuant to Section 19577 prior to the combination of such site apportionment with a construction apportionment pursuant to subsection (d) of Section 19577. The amount so determined by the board shall be not less than the minimum amount required for such apportionment to become final under this section. Any apportionment made by the board pursuant to Section 19571 shall be conditioned upon the approval and sale of such bonds by the district. The amount of any apportionment for a construction project made as a consequence of applying district bond proceeds toward the reduction of prior apportionments pursuant to this section instead of applying the district bond proceeds toward the cost of such construction project, shall be excluded in determining the amount chargeable against the apportionments authorized by the electorate of the district to be accepted, expended and repaid. It is hereby declared that this provision, added by the amendment to this section enacted at the 1958 First Extraordinary Session of the Legislature, is not intended as a change in the law, but rather as a declaration of existing law.

Any provision of this code to the contrary notwithstanding, whenever the electors of a district, subsequent to any requirement by the board for the sale of bonds in connection with an apportionment, authorize the issuance of bonds for any purpose for which an apportionment could lawfully be made, such authorization shall, in addition to the purposes specified, be deemed to constitute the consent of the electors to apply the proceeds of the bonds so required to be sold by the board toward the reduction of any apportionment previously made to such district. Any bond funds used to reduce any apportionment pursuant to this section shall be transferred to the State School Building Aid Fund and shall be available for reapportionment by the board. The amount so

determined by the board shall be not less than the minimum amount required for such apportionment to become final under this section. Any apportionment made by the board pursuant to Section 19571 shall be conditioned upon the approval and sale of such bonds by the district.

No apportionment to a school district under this chapter shall become final, nor any agreement authorized by Section 19579.1 be entered into unless at an election called by the governing board of the district, two-thirds of the qualified electors of the district voting thereat have authorized the governing board to accept, expend and repay as provided in this chapter an apportionment under the provisions thereof or, with respect to said agreement, to obligate the district in an amount equal to or in excess of the maximum amount which the district could be obligated by said agreement, or by any act of its governing board or for which it is responsible, contemplated or permitted thereby. Said election shall be called, held and conducted in the same manner as are elections to authorize the issuance of school district bonds, except that the ballot shall contain substantially the following words:

"Shall the governing board of the district be authorized (1) to accept and expend an apportionment from the State of California under and subject to the provisions of Chapter 10 of Division 14 of the Education Code, which amount is subject to repayment as provided by said chapter, or (2) to enter into an agreement or agreements with the state pursuant to Section 19579.1 of the Education Code, which will at the time of such agreement or agreements (or at the time of any subsequent act of the governing board, or for which it is responsible, contemplated or permitted thereby) commit the district to a total expenditure in connection with all such agreements of not more than _____ dollars ($_____), or both. Yes ____ No ____"

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that funds may be made available and essential school construction can be commenced as soon as possible, it is necessary that this act take effect immediately.

The people of the State of California do enact as follows:

SECTION 1. Section 81005 of the Government Code, as amended by Chapter 915 of the Statutes of 1975, is amended to read:

81005. Reports and statements required by this title shall be filed as follows:

(a) Reports and statements required by Chapter 6 and reports and statements of statewide elected officers, candidates for statewide elective office, committees supporting such candidates, state central committees of political parties, and committees supporting or opposing statewide measures—one original and one copy with the Secretary of State and, except for reports and statements required by Chapter 6, two copies with the Clerk of Los Angeles County and two copies with the Clerk of the City and County of San Francisco;

For the purposes of this section, the domicile of a committee is the address of the committee listed on the campaign statement. No more than two copies of each such statement need be filed with the clerk of any one county.

(c) Reports and statements of candidates for and persons holding any elective office not mentioned above which is voted upon in more than one county, of committees supporting such candidates and committees supporting or opposing measures to be voted upon in more than one county but not statewide—one original and one copy with the clerk of the county having the largest population, and two copies with the clerk of the county in which the candidate or officeholder resides, or in which the committee is domiciled, provided that a committee not domiciled in California shall file two

copies with the Registrar-Recorder of Los Angeles County instead of its county of domicile. For the purposes of this section, the domicile of a committee is the address of the committee listed on the campaign statement. No more than two copies of each such statement need be filed with the clerk of any one county.

(d) Reports and statements of candidates for and persons holding any elective office not mentioned above which is voted upon wholly within one city, of committees supporting such candidates and committees supporting or opposing measures to be voted upon wholly within one city—one original and one copy with the city clerk.

SEC. 3. The sum of ten thousand dollars ($10,000) is hereby appropriated from the General Fund for the fiscal year 1976–1977 to the Fair Political Practices Commission for costs incurred by it pursuant to this act. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be any other appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may

cause both increased and decreased costs to local governmental entities and school districts which in the aggregate, do not result in significant identifiable cost changes.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The Legislature hereby finds and declares that this act is necessary and must go into immediate effect in order to protect the public interest and in order that the intent of the Political Reform Act of 1974 be carried out by requiring that all branches of government be subject to the conflict of interest and financial disclosure provisions of the act.

(a) The earning capacity and needs of each party.

(b) The obligations and assets, including the separate property, of each.

(c) The duration of the marriage.

(d) The ability of the obligee to engage in gainful employment without interfering with the interests of dependent children in the custody of the obligee.

(e) The time required for the obligee to acquire appropriate

education, training, and employment.

(f) The age and health of the parties.

(g) The standard of living of the parties.

(h) Any other factors which it deems just and equitable.

SEC. 5. Section 4801 of the Civil Code is amended to read:

4801. (a) In any judgment decreeing the dissolution of a marriage or a legal separation of the parties, the court may order a party to pay for the support of the other party any amount, and for such period of time, as the court may deem just and reasonable. In making the award, the court shall consider the following circumstances of the respective parties:

(1) The earning capacity and needs of each spouse.

(2) The obligations and assets, including the separate property, of each.

(3) The duration of the marriage.

(4) The ability of the supported spouse to engage in gainful employment without interfering with the interests of dependent children in the custody of the spouse.

Any order for support of the other party may be modified or revoked as the court may deem necessary, except as to any amount that may have accrued prior to the date of the filing of the notice of motion or order to show cause to modify or revoke. At the request of either party, the order of modification or revocation shall include findings of fact and may be made retroactive to the date of filing of the notice of motion or order to show cause to modify or revoke, or to any date subsequent thereto.

(b) Except as otherwise agreed by the parties in writing, the obligation of any party under any order or judgment for the support and maintenance of the other party shall terminate upon the death of either party or the remarriage of the other party.

(c) When a court orders a person to make specified payments for support of the other party for a contingent period of time, the liability of such person terminates upon the happening of such contingency. If the party to whom payments are to be made fails to notify the person ordered to make such payments, or the attorney of record of such person, of the happening of such contingency and continues to accept support payments, such party shall refund any and all moneys received which accrued after the happening of such contingency, except that such overpayments shall first be applied to any and all support payments which are then in default. The court

may, in the original order for support, order the party to whom payments are to be made to notify the person ordered to make such payments, or his attorney of record, of the happening of such contingency.

(d) An order for payment of an allowance for the support of one of the parties shall terminate at the end of the period specified in the order and shall not be extended unless the court in its original order retains jurisdiction.

Nothing in this division or in any other statute shall be construed as prohibiting a purchaser from removing the decal required by this section, after the purchaser has taken possession of the vehicle.

CHAPTER 132

An act to amend Section 1260 of the Civil Code, relating to homesteads.

[Approved by Governor May 4, 1976 Filed with Secretary of State May 5, 1976.]

The people of the State of California do enact as follows:

SECTION 1. Section 1260 of the Civil Code is amended to read:

1260. Homesteads may be selected and claimed:

1. By any head of a family, of not exceeding thirty thousand dollars ($30,000) in actual cash value, over and above all liens and encumbrances on the property at the time of any levy of execution thereon.

2. By any person 65 years of age or older, of not exceeding thirty thousand dollars ($30,000) in actual cash value, over and above all liens and encumbrances on the property at the time of any levy of execution thereon.

3. By any other person, of not exceeding fifteen thousand dollars ($15,000) in actual cash value, over and above all liens and encumbrances.

Any declaration of homestead which has been filed prior to January 1, 1977 shall be deemed to be amended on such date by increasing the value of any property selected and claimed to the value permitted by this section on such date to the extent that such increase does not impair or defeat the right of any creditor to execute upon the property which existed prior to such date.

CHAPTER 133

An act relating to the Chowchilla Memorial Hospital District, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 4, 1976. Filed with Secretary of State May 5, 1976.]

The people of the State of California do enact as follows:

SECTION 1. Notwithstanding any limitation as to the amount, nature, or purpose of any indebtedness or other obligation referred to in Section 32130 of the Health and Safety Code, the Chowchilla Memorial Hospital District may borrow money on certificates of indebtedness or other evidences of indebtedness when funds are needed to meet current expenses of maintenance and operation, in an amount not to exceed forty cents ($0.40) on each one hundred dollars ($100) of assessed valuation of the district. SEC. 2. The Legislature finds in enacting this act that the Chowchilla Memorial Hospital District has a special problem with respect to short-term financing because of malpractice insurance costs but has a long-term operations plan which would eliminate its financial problem, and, therefore, that a general statute cannot be made applicable.

SEC. 2.5. The provisions of this act shall become operative only if the bond issue and tax override proposal are approved by the voters of the Chowchilla Hospital District on March 2, 1976.

SEC. 3. This act shall remain in effect only until January 1, 1980, and shall have no force or effect on or after such date, unless a later enacted statute, which is chaptered before January 1, 1980, deletes or extends such date.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order for the Chowchilla Memorial Hospital District to borrow funds so it can continue to operate, it is necessary that this act take effect immediately.

CHAPTER 136

An act to amend and repeal Section 1208 of the Penal Code, as amended by Section 1 of Chapter 1251 of the Statutes of 1975, and to amend Section 1208 of the Penal Code, as amended by Section 2 of Chapter 1251 of the Statutes of 1975, relating to work furlough, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 5, 1976. Filed with Secretary of State May 5, 1976.]

The people of the State of California do enact as follows:

SECTION 1. Section 1208 of the Penal Code, as amended by Section 1 of Chapter 1251 of the Statutes of 1975, is amended to read:

1208. (a) The provisions of this section, insofar as they relate to employment, shall be operative in any county in which the board of supervisors by ordinance finds, on the basis of employment conditions, the state of the county jail facilities, and other pertinent circumstances, that the operation of this section, insofar as it relates to employment, in that county is feasible. The provisions of this section, insofar as they relate to education, shall be operative in any county in which the board of supervisors by ordinance finds, on the basis of education conditions, the state of the county jail facilities, and other pertinent circumstances, that the operation of this section, insofar as it relates to education, in that county is feasible. In any such ordinance the board shall prescribe whether the sheriff, the probation officer, the director of the county department of corrections, or the superintendent of a county industrial farm or industrial road camp in the county shall perform the functions of the work furlough administrator. The board may, in such ordinance, provide for the performance of any or all functions of the work furlough administrator by any one or more of such persons, acting separately or jointly as to any of such functions; and may, by a subsequent ordinance, revise such provisions within the authorization of this section. The board of supervisors may also terminate the operativeness of this section, either with respect to employment or education in the county if it finds by ordinance that, because of changed circumstances, the operation of this section, either with respect to employment or education in that county is no longer feasible.

Notwithstanding any other provision of law, the board of supervisors may by ordinance designate a facility for confinement of prisoners classified for the work furlough program and designate the work furlough administrator as the custodian of the facility. The work furlough administrator may, with the approval of the board of supervisors, enter into contracts with appropriate public or nonprofit private agencies to provide a facility and services for the housing, sustenance, counseling, supervision, and related services for such inmates as are eligible for work furlough. No agency entering into such a contract may itself employ any person who is in the work furlough program. The sheriff or director of the county department of corrections, as the case may be, is authorized to transfer custody of such prisoners to the work furlough administrator to be confined in such facility for the period during which they are in the work furlough program.

(b) When a person is convicted of a misdemeanor and sentenced to the county jail, or is imprisoned therein for nonpayment of a fine, for contempt, or as a condition of probation for any criminal offense, or committed under the terms of Section 6404 or 6406 of the Welfare

and Institutions Code as a habit-forming drug addict, the work furlough administrator may, if he concludes that such person is a fit subject therefor, direct that such person be permitted to continue in his regular employment, if that is compatible with the requirements of subdivision (d), or may authorize the person to secure employment for himself, unless the court at the time of sentencing or committing has ordered that such person not be granted work furloughs. The work furlough administrator may, if he concludes that such person is a fit subject therefor, direct that such person be permitted to continue in his regular educational program, if that is compatible with the requirements of subdivision (d), or may authorize the person to secure education for himself, unless the court at the time of sentencing has ordered that such person not be granted work furloughs.

(c) If the work furlough administrator so directs that the prisoner be permitted to continue in his regular employment or educational program, the administrator shall arrange for a continuation of such employment or education, so far as possible without interruption. If the prisoner does not have regular employment or a regular educational program, and the administrator has authorized the prisoner to secure employment or education for himself, the prisoner may do so, and the administrator may assist him in doing so. Any employment or education so secured must be suitable for the prisoner. Such employment or educational program, if such educational program includes earnings by the prisoner, must be at a wage at least as high as the prevailing wage for similar work in the area where the work is performed and in accordance with the prevailing working conditions in such area. In no event may any such employment or educational program involving earnings by the prisoner be permitted where there is a labor dispute in the establishment in which the prisoner is, or is to be, employed or educated.

(d) Whenever the prisoner is not employed or being educated and between the hours or periods of employment or education, he shall be confined in the facility designated by the board of supervisors for work furlough confinement unless the work furlough administrator directs otherwise. If the prisoner is injured during a period of employment or education, the work furlough administrator shall have the authority to release him from the facility for continued medical treatment by private physicians or at medical facilities at the expense of the employer, worker's compensation insurer, or the prisoner. Such release shall not be construed as assumption of liability by the county or work furlough administrator for medical treatment obtained.

The work furlough administrator may release any prisoner classified for the work furlough program for a period not to exceed 72 hours for medical, dental, or psychiatric care, or for family emergencies or pressing business which would result in severe

hardship if the release were not granted, or to attend such activities as the administrator deems may effectively promote the prisoner's successful return to the community, including, but not limited to, an attempt to secure housing, employment, entry into educational programs, or participation in community programs.

(e) The earnings of the prisoner may be collected by the work furlough administrator, and it shall be the duty of the prisoner's employer to transmit such wages to the administrator at the latter's request. Earnings levied upon pursuant to writ of attachment or execution or in other lawful manner shall not be transmitted to the administrator. If the administrator has requested transmittal of earnings prior to levy, such request shall have priority. In a case in which the functions of the administrator are performed by a sheriff, and such sheriff receives a writ of attachment or execution for the earnings of a prisoner subject to this section but has not yet requested transmittal of the prisoner's earnings pursuant to this section, he shall first levy on the earnings pursuant to the writ. When an employer or educator transmits such earnings to the administrator pursuant to this subdivision he shall have no liability to the prisoner for such earnings. From such earnings the administrator shall pay the prisoner's board and personal expenses, both inside and outside the jail, and shall deduct so much of the costs of administration of this section as is allocable to such prisoner, and, in an amount determined by the administrator, shall pay the support of the prisoner's dependents, if any. If sufficient funds are available after making the foregoing payments, the administrator may, with the consent of the prisoner, pay, in whole or in part, the preexisting debts of the prisoner. Any balance shall be retained until the prisoner's discharge and thereupon shall be paid to him.

(f) The prisoner shall be eligible for time credits pursuant to Sections 4018, 4019, and 4019.2.

(g) In the event the prisoner violates the conditions laid down for his conduct, custody, education, or employment, the work furlough administrator may order the balance of the prisoner's sentence to be spent in actual confinement.

(h) Willful failure of the prisoner to return to the place of confinement not later than the expiration of any period during which he is authorized to be away from the place of confinement pursuant to this section is punishable as provided in Section 4532 of the Penal Code.

(i) As used in this section, "education" includes vocational and educational training and counseling; and psychological, drug abuse, alcoholic and other rehabilitative counseling; "educator" includes a person or institution providing such training or counseling.

(j) This section shall be known and may be cited as the "Cobey Work Furlough Law."

SEC. 2. Section 1208 of the Penal Code, as amended by Section 2 of Chapter 1251 of the Statutes of 1975, is amended to read:

1208. (a) The provisions of this section, insofar as they relate to employment, shall be operative in any county in which the board of supervisors by ordinance finds, on the basis of employment conditions, the state of the county jail facilities, and other pertinent circumstances, that the operation of this section, insofar as it relates to employment, in that county is feasible. The provisions of this section, insofar as they relate to education, shall be operative in any county in which the board of supervisors by ordinance finds, on the basis of education conditions, the state of the county jail facilities, and other pertinent circumstances, that the operation of this section, insofar as it relates to education, in that county is feasible. In any such ordinance the board shall prescribe whether the sheriff, the probation officer, the director of the county department of corrections, or the superintendent of a county industrial farm or industrial road camp in the county shall perform the functions of the work furlough administrator. The board may, in such ordinance, provide for the performance of any or all functions of the work furlough administrator by any one or more of such persons, acting separately or jointly as to any of such functions; and may, by a subsequent ordinance, revise such provisions within the authorization of this section. The board of supervisors may also terminate the operativeness of this section, either with respect to employment or education in the county if it finds by ordinance that because of changed circumstances, the operation of this section, either with respect to employment or education in that county is no longer feasible.

Notwithstanding any other provision of law, the board of supervisors may by ordinance designate a facility for confinement of prisoners classified for the work furlough program and designate the work furlough administrator as the custodian of the facility. The work furlough administrator may, with the approval of the board of supervisors, enter into contracts with appropriate public or nonprofit private agencies to provide a facility and services for the housing, sustenance, counseling, supervision, and related services for such inmates as are eligible for work furlough. The sheriff or director of the county department of corrections, as the case may be, is authorized to transfer custody of such prisoners to the work furlough administrator to be confined in such facility for the period during which they are in the work furlough program.

(b) When a person is convicted of a misdemeanor and sentenced to the county jail, or is imprisoned therein for nonpayment of a fine, for contempt, or as a condition of probation for any criminal offense, or committed under the terms of Section 6404 or 6406 of the Welfare and Institutions Code as a habit-forming drug addict, the work furlough administrator may, if he concludes that such person is a fit subject therefor, direct that such person be permitted to continue in

his regular employment, if that is compatible with the requirements of subdivision (d), or may authorize the person to secure employment for himself, unless the court at the time of sentencing or committing has ordered that such person not be granted work furloughs. The work furlough administrator may, if he concludes that such person is a fit subject therefor, direct that such person be permitted to continue in his regular educational program, if that is compatible with the requirements of subdivision (d), or may authorize the person to secure education for himself, unless the court at the time of sentencing has ordered that such person not be granted work furloughs.

(c) If the work furlough administrator so directs that the prisoner be permitted to continue in his regular employment or educational program, the administrator shall arrange for a continuation of such employment or education, so far as possible without interruption. If the prisoner does not have regular employment or a regular educational program, and the administrator has authorized the prisoner to secure employment or education for himself, the prisoner may do so, and the administrator may assist him in doing so. Any employment or education so secured must be suitable for the prisoner. Such employment or educational program, if such educational program includes earnings by the prisoner, must be at a wage at least as high as the prevailing wage for similar work in the area where the work is performed and in accordance with the prevailing working conditions in such area. In no event may any such employment or educational program involving earnings by the prisoner be permitted where there is a labor dispute in the establishment in which the prisoner is, or is to be, employed or educated.

(d) Whenever the prisoner is not employed or being educated and between the hours or periods of employment or education, he shall be confined in the facility designated by the board of supervisors for work furlough confinement unless the work furlough administrator directs otherwise. If the prisoner is injured during a period of employment or education, the work furlough administrator shall have the authority to release him from the facility for continued medical treatment by private physicians or at medical facilities at the expense of the employer, worker's compensation insurer, or the prisoner. Such release shall not be construed as assumption of liability by the county or work furlough administrator for medical treatment obtained.

The work furlough administrator may release any prisoner classified for the work furlough program for a period not to exceed 72 hours for medical, dental, or psychiatric care, or for family emergencies or pressing business which would result in severe hardship if the release were not granted, or to attend such activities as the administrator deems may effectively promote the prisoner's successful return to the community, including, but not limited to, an

attempt to secure housing, employment, entry into educational programs, or participation in community programs.

(e) The earnings of the prisoner may be collected by the work furlough administrator, and it shall be the duty of the prisoner's employer to transmit such wages to the administrator at the latter's request. Earnings levied upon pursuant to writ of execution or in other lawful manner shall not be transmitted to the administrator. If the administrator has requested transmittal of earnings prior to levy, such request shall have priority. In a case in which the functions of the administrator are performed by a sheriff, and such sheriff receives a writ of execution for the earnings of a prisoner subject to this section but has not yet requested transmittal of the prisoner's earnings pursuant to this section, he shall first levy on the earnings pursuant to the writ. When an employer or educator transmits such earnings to the administrator pursuant to this subdivision he shall have no liability to the prisoner for such earnings. From such earnings the administrator shall pay the prisoner's board and personal expenses, both inside and outside the jail, and shall deduct so much of the costs of administration of this section as is allocable to such prisoner, and, in an amount determined by the administrator, shall pay the support of the prisoner's dependents, if any. (h) Willful failure of the prisoner to return to the place of confinement not later than the expiration of any period during which he is authorized to be away from the place of confinement pursuant to this section is punishable as provided in Section 4532 of the Penal Code.

(i) As used in this section, "education" includes vocational and educational training and counseling; and psychological, drug abuse, alcoholic and other rehabilitative counseling; "educator" includes a person or institution providing such training or counseling.

(j) This section shall be known and may be cited as the "Cobey Work Furlough Law."

SEC. 3. Section 1208 of the Penal Code as amended by Section 1 of this act shall remain operative only until January 1, 1977, and as of that date is repealed, and on such date Section 1208 of the Penal Code, as amended by Section 2 of this act shall become operative.

SECTION 1. Section 69503 of the Government Code is amended to read:

69503. (a) Notwithstanding any other provision of law relating to the destruction of court records, after complying with the requirements of subdivisions (c) and (d), the county clerk may cause to be destroyed any documents, records, instruments, books, depositions, transcripts, or other papers filed in any action or proceeding in the superior court or otherwise filed in his office pursuant to law, if the action or proceeding in which the papers were filed is not pending or on appeal in any court and any of the following events have occurred:

A periodic payment under Section 17081 to any portion of which this part applies shall be included in the gross income of the beneficiary in the taxable year in which under this part such portion is required to be included.

SEC. 11. Section 18691.1 of the Government Code is amended to read:

18691.1. (a) When the correction of an erroneous inclusion or deduction of an item or items in the computation of income of a trust, estate, parent, husband, or wife for any year results in an overpayment for such year by said trust, estate, parent, husband, or wife, and also results in a deficiency for the same year for a grantor of such trust or beneficiary of such estate or trust, or child of such parent, or spouse of such child, or the spouse of said husband or wife, the overpayment, if the period within which credit for the overpayment may be allowed has not expired, shall be credited on the deficiency, if the period within which the deficiency may be proposed has not expired, and the balance, if any, shall be credited or refunded. No interest shall be assessed on such portion of the deficiency as is extinguished by the credit for the period of time

No interest shall be assessed on such portion of the deficiency as is extinguished by the credit for the period of time subsequent to the date the overpayment was made.

(c) Paragraphs (a) and (b) are not intended, nor shall they be construed as a limitation on the Franchise Tax Board's right to offset or recoup barred assessments against overpayments.

SECTION 1. Section 108 of the Insurance Code is amended to read:

108. Liability insurance includes:

(c) Insurance covering injuries sustained by an insured resulting from a tort committed by a third party against which such third party is not himself covered by liability insurance;

(e) The provisions of this code relating to disability insurance do not apply to insurance defined in this section.

SEC. 2. Section 108.5 of the Insurance Code is repealed.

SEC. 3. Section 11890 of the Insurance Code is amended to read:

11890. As used in this article:

(2) "Medical malpractice insurance" means insurance coverage against the legal liability of the insured and against loss, damage, or expense incident to a claim arising out of the death or injury of any person as the result of negligence or malpractice in rendering professional service by any licensee.

(3) "Net direct premiums" mean gross direct premiums written on liability insurance in this state, including the liability portion of the multiperil policies and of automobile insurance policies, less return premiums and any surplus premium deposits. (6) "Dividends" are excess policyholder funds which are not needed to pay losses or expenses and which are released to the policyholder.

Every such insurer shall be a member of the association and shall remain a member as a condition of its authority to continue to transact such kind of insurance in this state.

(b) The association shall be the exclusive agency through which medical malpractice insurance may be written on a primary basis for licensees in any region in this state, or a special class of licensees identified by the commissioner, and shall operate on a nonprofit basis. The association may operate in any such region only upon a finding by the commissioner, after public hearing, that medical malpractice insurance is not substantially available to physicians through private insurers in any geographic region defined by him, or upon a finding by the commissioner that the premiums being charged for medical malpractice insurance in any such region are so high as to have caused or threatened to cause in the immediate future a significant unavailability of needed health care service to the residents of such region, or upon a finding by the commissioner that some insured licensees are unable to renew outstanding policies of medical malpractice insurance by virtue of an order prohibiting such renewal by an insurer and that said licensees are not reasonably able to obtain needed insurance coverage through normal channels. Thereafter, if the commissioner determines, upon application of any interested party and after public hearing, that medical malpractice insurance is available through private insurers in any such region with respect to which he has previously made such finding, the association shall thereupon cease its underwriting operations. Notwithstanding anything to the contrary contained in this code, any licensed health care facility may, but need not, include physicians as additional insureds on any liability insurance contracts held by the facility.

(c) Nothing contained in this chapter shall prohibit (1) any insurer from issuing or renewing any policy of medical malpractice insurance in this state; provided, however, that upon a determination

by the commissioner, after public hearing, that substantial adverse selection within any geographical region designated by him against the association has, or will likely, result, the commissioner may issue an order to insurers operating in such region that no original policies shall thereafter be issued or that renewal policies shall be issued only if the insurer will offer such insurance to a representative sample of rating classifications, or both. Each insurer issuing or renewing policies within the region specified in such order shall submit to the commissioner, on a quarterly basis, the number of its insureds in each of its rating classifications in such region, together with such other information as the commissioner may require. Such data shall be provided in such manner and within such times as the commissioner shall establish. The commissioner shall, within 30 days after receipt thereof, make a determination as to the compliance with this subdivision by the filer. The commissioner shall be entitled to inspect at any time a list of each insurer's insureds, grouped according to their rating classifications; or (2) any insurer from issuing or renewing any policy of medical malpractice insurance to any physician and surgeon who specializes in psychiatric medicine.

(d) In order to insure compliance with subdivision (c), the commissioner shall be entitled to inspect at any time a list of each insurer's insureds, grouped according to their rating classifications.

(e) For purposes of subdivision (b), a "special class of licensees" shall mean only a community clinic defined in subdivision (a) of Section 1203 of the Health and Safety Code.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution, and shall go into immediate effect. The facts constituting such necessity are:

Because of the current medical malpractice "crisis," this act must take effect immediately.

The collector shall compute the amount of these taxes and shall base the computation on the valuation furnished him by the county assessor.

If for any reason, the amounts herein required to be paid to the county are not paid at the time of redemption from the district, and if the property has not been sold to the state for delinquent taxes, the county assessor shall assess the property, under the provisions of Article 4 (commencing with Section 531) of Chapter 3 of Part 2 of Division 1 of the Revenue and Taxation Code, as though the property had escaped assessment for each of the years it was not assessed on the county tax roll; provided, however, that the statute of limitations provided for in Section 532 of the Revenue and Taxation Code shall not apply.

(a) "City" includes the City and County of San Francisco; "county" does not include the City and County of San Francisco.

(b) "Districts" means regional park districts formed under Article 3 (commencing with Section 5500) of Chapter 3, and recreation and park districts formed under Chapter 4 (commencing with Section 5780), of this division; and any public utility district formed under Division 7 (commencing with Section 15501) of the Public Utilities Code in a nonurbanized area that employs a full-time park and recreation director and offers year-round park and recreation services on lands and facilities owned by the district.

(c) "Urbanized area" consists of a central city or cities and surrounding closely settled territory, as determined by the United States Department of Commerce, Bureau of the Census, 1970. "Urbanized county" means any county, except the City and County of San Francisco, with a population of 200,000 or more, as determined by the United States Department of Commerce, Bureau of the Census, 1970.

(d) "Heavily urbanized area" means a large city with a population of 300,000 or more and a large county or regional park district with a population of 1,000,000 or more.

(e) "Nonurbanized area" means any city, county, or district which does not qualify as an urbanized area or urbanized county under the definitions set forth in subdivision (c) of this section.

(f) "Block grant" means the allocation of moneys for one or more projects for the acquisition or development of recreational lands and facilities.

(g) "Need basis grant" means the allocation of moneys for one or more projects for the acquisition or development of recreational lands and facilities in nonurbanized areas on a project-by-project basis, based upon need.

5622. The Legislature hereby finds and declares:

(a) The demand for recreation areas, facilities, and programs in California is far greater than the present supply, with the number of people who cannot be accommodated at the area of their choice or any comparable area increasing rapidly

(b) The demand for recreation areas, facilities, and programs in the urban areas of our state are even greater: over 90 percent of the present population of California reside in urban areas; there continues to be approximately a 30-percent deficiency in open-space and recreation areas in the metropolitan areas of the state; less urban

land is available, costs are escalating, and competition for land is increasing.

(c) There is a high concentration of urban social problems in California's major metropolitan areas which can be partially alleviated by increased recreational opportunities.

(d) By 1980, the need for local recreation areas, facilities, and programs will be nearly twice as great as presently required.

(e) By 1980, unless the lands and waters that hold recreation potential today are acquired or reserved for recreation as soon as possible, there will be a marked shortage of recreation lands and waters on a local and regional basis.

(f) Cities, counties, and districts must exercise constant vigilance to see that the recreation lands and facilities they now have are not lost to other uses; they should acquire additional lands as such lands become available; they should take steps to improve the facilities they now have.

(g) In view of the foregoing, the Legislature declares that an aggressive, coordinated, funded program for meeting existing and projected local recreation demands must be implemented without delay.

5623. Grants to cities, counties, and districts pursuant to this chapter are intended to supplement and not to supplant local expenditures for park and recreation areas and facilities or to diminish in any way then current efforts for providing parks and recreation services.

Article 2. Administration

5624. The program established by this chapter shall be administered by the Department of Parks and Recreation and shall be funded by moneys appropriated to the department for grants for urban open-space and recreation programs pursuant to Item 271 of the Budget Act of 1976 and pursuant to provisions of budget acts enacted subsequent thereto that appropriate funds for such programs.

5625. Annual grants may be made to cities, counties, and districts for recreational purposes or open-space purposes, or both, on the basis of population and need, as specified in this chapter. The director shall, by regulation, specify the procedures to be followed in applying for grant funds. The director shall propose criteria for determining priority of need, conduct public hearings on such proposed criteria, and, following such hearings, shall submit such proposed criteria to the Legislature on or before November 30, 1976, for its approval within 60 days of submission of the criteria. Following such legislative approval, the director shall establish such criteria and publish and distribute the criteria to potential applicants. The director shall, by regulation, require the recipient of a grant under this chapter to submit periodic reports to the department with

respect to its use of the grant. The grant recipient shall agree, as a condition to the receipt of the grant, to submit such periodic status reports as the department may require, but in no event shall the department require reports to be submitted more frequently than on a semiannual basis. All projects for which a grant is received shall be subject to state audit.

5626. (a) The property acquired or developed pursuant to this chapter shall be used by the grant recipient only for the purpose for which the grant moneys were requested and no other use of the area shall be permitted except by specific act of the Legislature. Any project funded with grant moneys received pursuant to this chapter shall conform to the recreation element of any applicable city or county general plan.

(b) The recipient of moneys pursuant to this chapter shall expend such moneys within three years from the date of receipt. If such moneys are not expended within the three-year period, the moneys shall revert to the state.

(c) The legal counsel of the grant recipient shall certify to the department that the grant recipient has met, or will meet, all federal, state, and local environmental, public health, relocation, affirmative action, and clearinghouse requirements and all other appropriate codes, laws, and regulations prior to the expenditure of the grant funds.

5627. (a) Grant moneys received pursuant to this chapter shall be expended for high-priority projects that satisfy the most urgent park and recreation needs, with emphasis on unmet needs in the most heavily populated areas within each jurisdiction.

(b) Grants received pursuant to this chapter shall be expended only for acquisition and development.

(c) Grants to cities, counties, and districts pursuant to this chapter shall be on the basis of 75 percent state money and 25 percent local matching money for the project. Grants for acquisition shall be matched only by money or property donated to be part of the acquisition project. Grants for development may be matched by monetary contributions or, if nonmonetary contributions, as provided in regulations and standards which shall be established by the director after a public hearing.

(d) The grant recipient shall certify to the department that there is available, or will become available prior to the commencement of any work on the project for which application for a grant has been made, matching money from a nonstate source. Such certification of the source and amount of such funds shall be set forth in the application for a grant submitted to the department.

5628. Sixty-nine percent of the moneys available for grant purposes in any one fiscal year shall be available only for block grants to cities, counties, and districts in urbanized areas for the acquisition or development of recreational lands and facilities, and shall be apportioned on the basis of population in the following manner:

(a) Sixty percent of such moneys shall be allocated to cities and to recreation and park districts in urbanized areas in the proportion that the population of the jurisdiction bears to the population of all cities and recreation and park districts in urbanized areas throughout the state. Recognizing that the boundaries of cities and of recreation and park districts may overlap, only the population of the jurisdiction which will actually provide and administer the recreational service contemplated shall be counted in such area of overlapping jurisdiction. The population of recreation and park districts within urbanized areas shall be certified by the board of supervisors of each county.

(b) Forty percent of such moneys shall be allocated to urbanized counties and to regional park districts in urbanized areas in the proportion that the total population of the jurisdiction bears to the total population of all urbanized counties and regional park districts in urbanized areas throughout the state. Recognizing that the boundaries of counties and regional park districts may overlap, only the population of the jurisdiction which will actually provide and administer the recreational service contemplated shall be counted in such area of overlapping jurisdiction.

5629. Fourteen percent of the moneys available for grant purposes in any one fiscal year shall be available only for block grants to cities, counties, and regional park districts in heavily urbanized areas for the acquisition or development of recreational lands and facilities, and shall be apportioned on the basis of population in the following manner:

(a) Sixty percent of such moneys shall be allocated to large cities which constitute heavily urbanized areas in the proportion that the population of the recipient bears to the population of all cities and recreation and park districts in heavily urbanized areas throughout the state.

(b) Forty percent of such moneys shall be allocated to large counties and regional park districts which constitute heavily urbanized areas in the proportion that the total population of the recipient bears to the total population of all large counties and regional park districts which constitute heavily urbanized areas throughout the state. Recognizing that the boundaries of counties and regional park districts may overlap, only the population of the jurisdiction which will actually provide and administer the recreational service contemplated shall be counted in such area of overlapping jurisdiction.

5630. Seventeen percent of the moneys available for grant purposes in any one fiscal year shall be available only for need basis grants to cities, counties, and districts on a project-by-project basis and on the basis of need for the acquisition or development of recreational lands and facilities on the following basis:

(a) Eighty-eight percent of such moneys shall be available for grants to cities, counties, and districts in nonurbanized areas on a

project-by-project basis and on the basis of need for the acquisition or development of recreational lands and facilities. The criteria for determining need shall include, but are not limited to, deficiencies in existing park and recreational lands and facilities, the impact of participants from outside the jurisdiction, and the overall merit of the grant proposal.

(b) Twelve percent of such moneys shall be available for grants to cities and recreation and park districts in urbanized areas on a project-by-project basis and on the basis of need for the acquisition or development of recreational lands and facilities. The criteria for determining need shall include, but are not limited to, population density and the inability to complete park and recreation projects due to low total assessed valuation in the jurisdiction. Jurisdictions eligible for funds under subdivision (a) of Section 5629 shall not be eligible for funds under this section.

5631. The department, in cooperation with the federal government, local public agencies, and appropriate representatives of industry, shall coordinate and conduct a statewide needs analysis in relation to the purposes of this chapter. Such analysis shall include a full review of the grant program authorized pursuant to this chapter. The department shall report its preliminary findings and recommendations, including recommendations as to funding levels and sources in connection with such grant program, to the Legislature not later than December 31, 1976, and shall make its final report and recommendations to the Legislature on or before December 31, 1977.

5632. The director shall, on or before January 1, 1978, and January 1 of each year thereafter, submit a report to the Legislature on all grants made pursuant to this chapter.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Inasmuch as the Budget Bill for the 1976-77 fiscal year, which when enacted will take effect immediately as an urgency statute, proposes an appropriation of twenty-five million dollars ($25,000,000) for urban open-space and recreational programs to be administered pursuant to the provisions of this act, it is necessary that this act take effect immediately.

CHAPTER 162

An act to amend Section 1473 of the Health and Safety Code, and to amend Section 17300 of, the Welfare and Institutions Code, relating to county general relief.

[Approved by Governor May 10, 1976 Filed with Secretary of State May 12, 1976]

The people of the State of California do enact as follows:

SECTION 1. Section 1473 of the Health and Safety Code is amended to read:

1473. The board of supervisors in each county may fix the rates to be charged patients admitted to any county hospital and may direct any county officer to collect the amounts due the county for hospitalization and medical care. In fixing and collecting hospital charges the board may exercise all the powers conferred by Chapter 5 (commencing with Section 17400) of Part 5 of Division 9 of the Welfare and Institutions Code. The board, or such county officer as it may authorize or designate, may adjust or compromise hospital charges for any of the following reasons:

(a) The patient, his estate, or legally responsible relatives are unable to pay the charges.

(b) Collection of the charges is barred by the statute of limitations or is otherwise legally uncollectible.

(c) The cost of administering a collection procedure would exceed the amount of revenue which might reasonably be anticipated would be recovered.

(d) Neither the patient nor his legally responsible relatives can be located.

The amendments to this section enacted by the Legislature at the 1973–74 Regular Session shall not be construed to require that any county adopt standards of indigency or requirements of reimbursement more stringent than those in use by such county immediately prior to the effective date of such amendments.

For the purposes of this chapter responsible relative is defined in Section 17300 of the Welfare and Institutions Code.

SEC. 2. Section 17300 of the Welfare and Institutions Code is amended to read:

17300. All aid rendered by the county under this part shall be a charge against the responsible relative or relatives of the recipient thereof, and the county rendering aid shall be entitled to reimbursement therefor.

The board of supervisors of the county rendering aid shall determine if the responsible relative or relatives have financial ability to support or contribute to the support of the recipient and were pecuniarily able to support or contribute to the support of the recipient during the time aid was rendered. If in the opinion of the board of supervisors pecuniary ability existed when the aid was given, and exists when the matter comes before the board of supervisors, the board shall request the district attorney or other civil legal officer of the county granting aid to proceed against such responsible relative or relatives.

Upon such request, the district attorney or other civil legal officer shall maintain an action on behalf of the county granting aid against the relative or relatives to recover for the county the aid rendered and to secure an order requiring the payment of any sums which may become due in the future.

The board of supervisors shall, in the case of aid granted by institutional care, fix a reasonable charge therefor, which shall be the measure of reimbursement to the county, and the existence of the order fixing the charge shall constitute prima facie evidence of its reasonableness.

For the purposes of this article, property described in subdivisions (g) and (h) of Section 17409 shall not be considered in determining the financial ability of a responsible relative to support or contribute to the support of the recipient.

For the purposes of this chapter responsible relative or relatives mean the spouse of a recipient and parent of a minor child who is a recipient.

SEC. 3. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to this section nor shall there be any appropriation made by this act because there are no state-mandated local costs in this act and any revenue loss implied herein is not reimbursable under Section 2231 of the Revenue and Taxation Code.

CHAPTER 163

An act to amend Section 25425 of the Education Code, relating to community colleges, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 11, 1976 Filed with Secretary of State May 12, 1976.]

The people of the State of California do enact as follows:

SECTION 1. Section 25425 of the Education Code is amended to read:

25425. (a) The governing board of a district maintaining a community college may require community college students to pay a fee in the total amount of not more than ten dollars ($10) for the regular school year for health supervision and services, including direct or indirect medical and hospitalization services, or the operation of a student health center or centers, authorized by Section 25424.7, or both.

(b) If pursuant to this section a fee is required, the governing board of a district shall decide the amount of the fee, if any, that a part-time student is required to pay. The governing board shall likewise decide the amount of the fee, if any, to be required of summer session students. Such fee may be in addition to the ten dollars ($10) maximum amount which may be charged during the regular school year, but shall not exceed the amount charged per semester or quarter during the regular school year.

(c) The governing board of a district maintaining a community college shall adopt rules and regulations that either exempt low-income students from any fee required pursuant to subdivision (a) or provide for the payment of the fee from other sources.

(d) The governing board of a district maintaining a community college shall adopt rules and regulations that exempt students who depend exclusively upon prayer for healing in accordance with the teachings of a bona fide religious sect, denomination, or organization and students who are attending a community college under an approved apprenticeship training program from any fee required pursuant to subdivision (a).

(e) All of such fees shall be deposited in the general fund of the district, and shall be expended only for the purposes for which such fees were collected.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to clarify the authority of community college district governing boards to collect a health services fee from summer school students and to thereby provide necessary health services to such students before the commencement of the next summer session, it is necessary that the provisions of this act go into immediate effect.

CHAPTER 164

An act to amend Section 5096.1 of the Revenue and Taxation Code, relating to tax refunds, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 11, 1976 Filed with Secretary of State May 12, 1976.]

The people of the State of California do enact as follows:

SECTION 1. Section 5096.1 of the Revenue and Taxation Code is amended to read:

5096.1. Except as hereinafter provided, taxes collected on behalf of a local agency from a taxpayer whose property has been annexed to a second local agency but was not detached from the first local agency due to error or inadvertence shall be deemed to have been erroneously collected for purposes of Section 5096 if the governing board of the first local agency makes a finding by resolution that detachment proceedings were not commenced due to excusable neglect. If the first local agency is a fire protection district the governing body of the annexing agency may make the finding by resolution that detachment proceedings were not commenced following annexation due to excusable neglect. For purposes of determining the amount of the refund the property shall be deemed to have been detached from the first local agency on the date annexation proceedings were completed.

This section shall not apply to taxes which would be collectible under authority of Government Code Section 56492 even though the annexed property had been detached from the special district.

SEC. 2. There are no state-mandated local costs within the meaning of Section 2231 of the Revenue and Taxation Code imposed on local governmental entities by this act.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Because of the failure of local agencies to detach territory from the agency upon annexation of the territory to another local agency performing the same functions as the first, taxpayers have erroneously paid property taxes to two public agencies. In order that such taxes may be refunded at the earliest possible date it is essential that this act take immediate effect.

CHAPTER 165

An act to amend Section 5782.23 of the Public Resources Code, relating to recreation and park districts.

[Approved by Governor May 11, 1976 Filed with Secretary of State May 12, 1976]

The people of the State of California do enact as follows:

SECTION 1. Section 5782.23 of the Public Resources Code is amended to read:

5782.23. (a) The district board of any district which is located in any area where such services are not provided by any other public agency may provide garbage collection and disposal services and street lighting services within the district and may contract with any public agency for fire protection services for the property within the district.

(b) The district board of any district which is located in any area where street and highway sweeping is not provided by any other public agency may provide such service itself, or under contract, within the district.

CHAPTER 166

An act to amend Section 35551 of, and to add and repeal Section 35551.5 of, the Vehicle Code, relating to vehicles, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 11, 1976. Filed with Secretary of State May 12, 1976]

The people of the State of California do enact as follows:

SECTION 1. Section 35551 of the Vehicle Code is amended to read:

(j) This section shall remain in effect only until December 31, 1980, and as of such date is repealed.

SEC. 3. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be any appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local governmental entities which, in the aggregate, do not result in significant, identifiable cost changes.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Section 35551 of the Vehicle Code, as added by Chapter 651 of the Statutes of 1975, contains technical differences which were overlooked and which will result in a considerable loss of gross weight on certain vehicles which were designed and engineered to be in compliance with the law superseded by Section 35551 of the Vehicle Code.

The vehicles affected will become obsolete, thereby causing considerable economic hardship to the owners as well as the industries served by them.

In order to achieve its intended results, it is necessary that this act take effect immediately.

Such delivery is full discharge of the liability of the board to pay a monthly retirement allowance or benefit to such retired member or survivor of a deceased retired member.

SEC. 2. There are no state-mandated local costs within the meaning of Section 2231 of the Revenue and Taxation Code imposed on local governmental entities by this act.

(b) The credit for such cost shall be in lieu of any deduction under this part to which the taxpayer otherwise may be entitled, if any.

(d) In the case of a husband or wife who files a separate return, the amounts specified under subdivision (a) shall be 5 percent in lieu

of 10 percent and five hundred dollars ($500) in lieu of one thousand dollars ($1,000).

(e) For the purposes of this section, the term "net tax" means the tax imposed under either Section 17041 or 17048 minus the credit for retirement income provided for in Section 17053, the credits for personal exemption provided for in Section 17054, and the credits for taxes paid other states provided for in Chapter 12 (commencing with Section 18001).

(f) The Franchise Tax Board shall prescribe such regulations as may be necessary to carry out the purposes of this section.

SEC. 2. Section 17055 of the Revenue and Taxation Code is amended to read:

(b) The credit for such cost shall be in lieu of any deduction under this part to which the taxpayer otherwise may be entitled, if any.

(c) The basis of any device for which a credit is allowed shall be reduced for the purposes of this part by an amount equal to the credit.

(d) When either (1) the income from sources within this state of two or more corporations which are commonly owned or controlled is determined in accordance with Chapter 17 (commencing with Section 25101) of this part or Part 18 (commencing with Section 38001) of this division, or (2) two or more commonly owned or controlled corporations derive income from sources solely within this state, whose business activities are such that if conducted within and

without this state, the income derived from sources within this state would be determined in accordance with Chapter 17 (commencing with Section 25101) of this part or Part 18 (commencing with Section 38001) of this division (hereinafter referred to as "wholly intrastate corporations"), then such corporations shall determine the credit prescribed in subdivision (a) as if such corporations were one corporation. As to wholly intrastate corporations, the amount of the credit prescribed in subdivision (a) shall be prorated among them in the ratio to which the cost of such device to each corporation bears to the total cost of such devices for all corporations.

CHAPTER 171

An act to amend Section 11580.2 of the Insurance Code, relating to uninsured motorists.

[Approved by Governor May 20, 1976 Filed with Secretary of State May 20, 1976]

The people of the State of California do enact as follows:

SECTION 1. Section 11580.2 of the Insurance Code is amended to read:

11580.2. (a) (1) No policy of bodily injury liability insurance covering liability arising out of the ownership, maintenance, or use of any motor vehicle, shall be issued or delivered in this state to the owner or operator of a motor vehicle, or shall be issued or delivered by any insurer licensed in this state upon any motor vehicle then principally used or principally garaged in this state, unless the policy contains, or has added to it by endorsement, a provision with coverage limits at least equal to the financial responsibility requirements specified in Section 16056 of the Vehicle Code insuring the insured, his heirs or his legal representative for all sums within

such limits which he or they, as the case may be, shall be legally entitled to recover as damages for bodily injury or wrongful death from the owner or operator of an uninsured motor vehicle. The insurer and any named insured, prior to or subsequent to the issuance or renewal of a policy, may, by agreement in writing, in the form specified in paragraph (2), delete the provision covering damage caused by an uninsured motor vehicle (1) completely, or (2) with respect to a natural person or persons designated by name when operating a motor vehicle. Either of such deletions by any named insured shall be binding upon every insured to whom such policy or endorsement provisions apply while such policy is in force, and shall continue to be so binding with respect to any continuation, renewal, or replacement of such policy by the named insured, or with respect to reinstatement of such policy within 30 days of any lapse thereof. A policy shall be excluded from the application of this section if the only coverage with respect to the use of any motor vehicle is limited to the contingent liability arising out of the use of nonowned motor vehicles.

(2) The agreement specified in paragraph (1) shall be in the following form:

"NOTICE

"If you sign this form, you are deleting coverage available to you, for an additional premium, under state law. If you do not sign the form and are injured by a negligent uninsured motorist and you incur medical expenses, lost earnings, pain and suffering, or other injury damages, up to $15,000 per person and $30,000 per accident, these damages may be collectible through your uninsured motorist insurance coverage.

"Deletion of Coverage

"I have read the above warning and I understand that uninsured motorist coverage will add $_____ to my [annual] [6 month] premium. I understand that coverage under an uninsured motorist provision extends to anyone riding in my vehicle and to me and all relatives residing in my household, even if I am or the relative is a pedestrian or bicyclist, unless I specifically delete from the coverage one or more named persons when operating a motor vehicle or delete the coverage entirely. I further understand that this coverage is automatically added to the policy upon payment of the premium therefor unless I sign this form.

"☐ I hereby delete uninsured motorist coverage entirely.

"☐ I hereby delete uninsured motorist coverage only with respect to the following person(s) _____.

"_____

Signature

"Do not sign this form without reading it!"

The captions of the foregoing form shall be in prominent type. A signed copy of the deletion shall either be given to the insured at the time of signature or be affixed to a policy issued without uninsured motorist coverage.

Such agreement may contain additional statements not in derogation of or conflict with the foregoing. The execution of such agreement shall relieve the insurer of liability under this section while such agreement remains in effect.

(b) As used in (a) above, "bodily injury" includes sickness or disease, including death, resulting therefrom; the term "named insured" means only the individual or organization named in the declarations of the policy of motor vehicle bodily injury liability insurance referred to in (a) above; as used in (a) above the term "insured" means the named insured and the spouse of the named insured and relatives of either while residents of the same household while occupants of a motor vehicle or otherwise, heirs and any other person while in or upon or entering into or alighting from an insured motor vehicle and any person with respect to damages he is entitled to recover for care or loss of services because of bodily injury to which the policy provisions or endorsement apply; the term "insured motor vehicle" means the motor vehicle described in the underlying insurance policy of which the uninsured motorist endorsement or coverage is a part, a temporary substitute or a newly acquired automobile for which liability coverage is provided in the policy if the motor vehicle is used by the named insured or with his permission or consent, express or implied, and any other automobile not owned by the named insured or any resident of the same household while being operated by the named insured or his spouse if a resident of the same household, but the term "insured motor vehicle" shall not include any automobile while used as a public or livery conveyance. The term "uninsured motor vehicle" means a motor vehicle with respect to the ownership, maintenance or use of which there is no bodily injury liability insurance or bond applicable at the time of the accident, or there is such applicable insurance or bond but the company writing the same denies coverage thereunder or refuses to admit coverage thereunder except conditionally or with reservation, or a motor vehicle used without the permission of the owner thereof if there is no bodily injury liability insurance or bond applicable at the time of the accident with respect to the owner or operator thereof, or the owner or operator thereof be unknown, provided that, with respect to an "uninsured motor vehicle" whose owner or operator is unknown:

(1) The bodily injury has arisen out of physical contact of such

automobile with the insured or with an automobile which the insured is occupying.

(2) The insured or someone on his behalf shall have reported the accident within 24 hours to the police department of the city where the accident occurred or, if the accident occurred in unincorporated territory then either to the sheriff of the county where the accident occurred or the local headquarters of the California Highway Patrol, and have filed with the insurer within 30 days thereafter a statement under oath that the insured or his legal representative has or the insured's heirs have a cause of action arising out of such accident for damages against a person or persons whose identity is unascertainable and set forth facts in support thereof.

(3) As used in this section, the term "uninsured motor vehicle" shall not include an automobile owned by the named insured or any resident of the same household or self-insured within the meaning of the safety responsibility law of the state in which the motor vehicle is registered or which is owned by the United States of America, Canada, a state or political subdivision of any such government or an agency of any of the foregoing, or a land motor vehicle or trailer operated on rails or crawlertreads or while located for use as a residence or premises and not as a vehicle, or a farm-type tractor or equipment designed for use principally off public roads, except while actually upon public roads.

As used in this section, the term "uninsured motor vehicle" also means an insured motor vehicle where the liability insurer thereof is unable to make payment with respect to the legal liability of its insured within the limits specified therein because of insolvency. An insurer's solvency protection shall be applicable only to accidents occurring during a policy period in which its insured's motor vehicle coverage is in effect where the liability insurer of the tortfeasor becomes insolvent within one year of such accident. In the event of payment to any person under the coverage required by this section and subject to the terms and conditions of such coverage, the insurer making such payment, shall to the extent thereof, be entitled to any proceeds which may be recoverable from the assets of the insolvent insurer through any settlement or judgment of such person against the insolvent insurer.

(c) The insurance coverage provided for in this section does not apply:

(1) To property damage sustained by the insured.

(2) To bodily injury of the insured while in or upon or while entering into or alighting from an automobile other than the described automobile if the owner thereof has insurance similar to that provided in this section.

(3) To bodily injury of the insured with respect to which the insured or his representative shall, without the written consent of the insurer, make any settlement with or prosecute to judgment any action against any person who may be legally liable therefor.

(4) In any instance where it would inure directly or indirectly to the benefit of any workers' compensation carrier or to any person qualified as a self-insurer under any workers' compensation law, or directly to the benefit of the United States, or any state or any political subdivision thereof.

(5) To establish proof of financial responsibility as provided in subdivisions (a), (b), and (c) of Section 16054 of the Vehicle Code.

(6) To bodily injury of the insured while occupying a motor vehicle owned by an insured, unless the occupied vehicle is an insured motor vehicle.

(7) To bodily injury of the insured when struck by a vehicle owned by an insured.

(d) Subject to paragraph (c) (2), the policy or endorsement may provide that if the insured has insurance available to him under more than one uninsured motorist coverage provision, any damages shall not be deemed to exceed the higher of the applicable limits of the respective coverages, and such damages shall be prorated between the applicable coverages as the limits of each coverage bears to the total of such limits.

(e) The policy or endorsement added thereto may provide that if the insured has valid and collectible automobile medical payment insurance available to him, the damages which he shall be entitled to recover from the owner or operator of an uninsured motor vehicle shall be reduced for purposes of uninsured motorist coverage by the amounts paid or due to be paid under such automobile medical payment insurance. This subdivision shall become operative on January 1, 1971.

(f) The policy or an endorsement added thereto shall provide that the determination as to whether the insured shall be legally entitled to recover damages, and if so entitled, the amount thereof, shall be made by agreement between the insured and the insurer or, in the event of disagreement, by arbitration. The arbitration shall be conducted by a single neutral arbitrator. An award or a judgment confirming an award shall not be conclusive on any party in any action or proceeding between (i) the insured, his insurer, his legal representative, or his heirs and (ii) the uninsured motorist to recover damages arising out of the accident upon which the award is based. If the insured has or may have rights to benefits, other than nonoccupational disability benefits, under any workers' compensation law, the arbitrator shall not proceed with the arbitration until the insured's physical condition is stationary and ratable. In those cases in which the insured claims a permanent disability, such claims shall, unless good cause be shown, be adjudicated by award or settled by compromise and release before the arbitration may proceed. Any demand or petition for arbitration shall contain a declaration, under penalty of perjury, stating whether (i) the insured has a workers' compensation claim; (ii) such claim has proceeded to findings and award or settlement on all issues

reasonably contemplated to be determined in that claim; and (iii) if not, what reasons amounting to good cause are grounds for the arbitration to proceed immediately. The provisions of Article 3 (commencing with Section 2016) of Chapter 3 of Title 3 of Part 4 of the Code of Civil Procedure shall be applicable to such determinations, and all rights, remedies, obligations, liabilities and procedures set forth in such Article 3 shall be available to both the insured and the insurer at any time after the accident, both before and after the commencement of arbitration, if any, with the following limitations:

(1) Whenever in such Article 3, reference is made to the court in which the action is pending, or provision is made for application to the court or obtaining leave of court or approval by the court, the court which shall have jurisdiction for the purposes of this section shall be the superior court of the State of California, in and for any county which is a proper county for the filing of a suit for bodily injury arising out of the accident, against the uninsured motorist, or any county specified in the policy or an endorsement added thereto as a proper county for arbitration or action thereon.

(2) Any such proper court to which application is first made by either the insured or the insurer under the provisions of such Article 3 for any discovery or other relief or remedy, shall thereafter be the only court to which either of the parties shall make any applications under such Article 3 with respect to the same accident, subject, however, to the right of such court to grant a change of venue after a hearing upon notice, upon any of the grounds upon which change of venue might be granted in an action filed in the superior court.

(3) A deposition pursuant to the provisions of Section 2016 of the Code of Civil Procedure may be taken without leave of court, except that leave of court, granted with or without notice and for good cause shown, must be obtained if the notice of the taking of the deposition is served by either party within 20 days after the accident.

(4) The provisions of subparagraph (a) (4) of Section 2019 of the Code of Civil Procedure shall not be applicable to discovery under this section.

(5) For the purposes of discovery under this section, the insured and the insurer shall each be deemed to be "a party to the record of any civil action or proceedings," where that phrase is used in subparagraph (b) (2) of Section 2019 of the Code of Civil Procedure.

(6) Interrogatories under the provisions of Section 2030 of the Code of Civil Procedure and requests for admission under Section 2033 of the Code of Civil Procedure may be served by either the insured or the insurer upon the other at any time more than 20 days after the accident without leave of court.

(7) Nothing in this section shall be construed to limit the rights of any party to discovery in any action pending or which may hereafter be pending in any court.

(g) The insurer paying a claim under an uninsured motorist

endorsement or coverage shall be entitled to be subrogated to the rights of the insured to whom such claim was paid against any person causing such injury or death to the extent that payment was made. Such action may be brought within three years from the date that payment was made hereunder.

(h) An insured entitled to recovery under the uninsured motorist endorsement or coverage shall be reimbursed within the conditions stated herein without being required to sign any release or waiver or rights to which he may be entitled under any other insurance coverage applicable; nor shall payment under this section to such insured be delayed or made contingent upon the decisions as to liability or distribution of loss costs under other bodily injury liability insurance or any bond applicable to the accident. Any loss payable under the terms of the uninsured motorist endorsement or coverage to or for any person may be reduced:

(1) By the amount paid and the present value of all amounts payable to him under any workers' compensation law, exclusive of nonoccupational disability benefits.

(2) By the amount the insured is entitled to recover from any other person insured under the underlying liability insurance policy of which the uninsured motorist endorsement or coverage is a part.

(i) No cause of action shall accrue to the insured under any policy or endorsement provision issued pursuant to this section unless within one year from the date of the accident:

(1) Suit for bodily injury has been filed against the uninsured motorist, in a court of competent jurisdiction, or

(2) Agreement as to the amount due under the policy has been concluded, or

(3) The insured has formally instituted arbitration proceedings.

(j) Notwithstanding the provisions of subdivisions (b) and (i), in the event the accident occurs in any other state or foreign jurisdiction to which coverage is extended under the policy and the insurer of the tortfeasor becomes insolvent, any action authorized pursuant to the provisions of this section may be maintained within three months of the insolvency of the tortfeasor's insurer, but in no event later than the pertinent period of limitation of the jurisdiction in which the accident occurred.

(k) Notwithstanding the provisions of subdivision (i), any insurer whose insured has made a claim under his or her uninsured motorist coverage, and such claim is pending, shall, at least 30 days before the expiration of the applicable statute of limitation, notify its insured in writing of the statute of limitation applicable to such injury or death. Failure of the insurer to provide such written notice shall operate to toll any applicable statute of limitation or other time limitation for a period of 30 days from the date such written notice is actually given.

(*l*) As used in subdivision (b), "public or livery conveyance," or terms of similar import, shall not include the operation or use of a motor vehicle by the named insured in the performance of volunteer

services for a nonprofit charitable organization or governmental agency by providing transportation to senior citizens or physically or mentally handicapped persons. As used in this section, "senior citizen" means a person 60 years of age or older. This subdivision shall apply only to policies of insurance issued, amended, or renewed on or after January 1, 1976.

SEC. 2. This act shall apply only to policies of insurance specified in subdivision (a) of Section 11580.2 of the Insurance Code which are issued, delivered, amended, or renewed on or after January 1, 1977, and shall not affect the validity of deletions executed prior to January 1, 1977.

CHAPTER 176

An act to add Section 17701.4 to, and to amend Sections 17702, 17702.2, 17951, 18055, 18056, 18057 and 20905 of, the Education Code, to amend Sections 51230, 51246, and 65041 of, to add Sections 27423 and 51282.5 to, and to add Chapter 6.7 (commencing with Section 51100) to Part 1 of Division 1 of Title 5 of, the Government Code, to amend Section 4624 of, and to add Sections 4582.8 and 4621.2 to, the Public Resources Code, and to amend Sections 17299.1, 18052.2, 24441, and 24916.2 of, to amend and renumber Sections 431 and 432 of, to add Sections 423.9 and 2266.2 to, to add Article 1.7 (commencing with Section 431) to Chapter 3 of Part 2 of Division 1 of, and to add Part 18.5 (commencing with Section 38101) to Division 2 of, the Revenue and Taxation Code, and to amend Sections 12400, 14150, and 14150.5 of the Welfare and Institutions Code, relating to the taxation of timber and timberland, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 23, 1976 Filed with Secretary of State May 24, 1976]

The people of the State of California do enact as follows:

SECTION 1. (a) The Legislature finds and declares that the forest resources and timberlands of the state are among the most valuable of the natural renewable resources of the state and that there is great concern throughout the state relating to their protection, restoration, and utilization.

(b) The Legislature further finds and declares that the forest resources and timberlands of the state produce timber and other forest products, recreational opportunities, and aesthetic enjoyment while providing watershed protection and maintaining fisheries and wildlife.

(c) The Legislature further finds and declares that it is the policy of this state to encourage prudent and responsible forest resource management calculated to serve the public's need for timber and other forest products, while giving consideration to the public's need for watershed protection, fisheries and wildlife, and recreational opportunities alike in this and future generations.

(d) The Legislature further finds that it is not the intent of the Legislature by the enactment of this act to take private property for public use without payment of just compensation in violation of the California and United States Constitutions.

SEC. 2. (a) The Legislature finds and declares that the existing system of ad valorem taxation of timber and timberland discourages the achievement of the above long-range public benefits and that it is therefore in the economic and social interests of the State of California to develop an alternative system of forest taxation that will

encourage achievement of these benefits.

(b) This act is pursuant to the authorization granted to the Legislature in the second paragraph of subdivision (j) of Section 3 of Article XIII of the State Constitution in recognition of the unique nature of timber as a renewable natural resource requiring many years to mature, and intends to encourage the protection of immature trees and the continued use of timberlands for the production of trees for timber products, and further intends to provide for restricting the use of timberland to the production of timber products and compatible uses with provisions for taxation of timberland based on the restrictions.

(c) It is therefore the intent of this act that real property taxes on timber shall not be levied annually against the value of standing timber inventory; but rather property taxes, herein called "yield taxes," shall be levied against the value of timber only at the time of harvest. Land classified as timberland shall continue to be subject to annual ad valorem property taxation, but such land shall be valued only on the basis of its use for growing wood fiber and supporting compatible uses.

(d) It is the intent of the Legislature that timber be taxed according to the provisions of this act and that the procedures authorized according to paragraph (1) of subdivision (j) of Section 3 of Article XIII shall not apply after June 30, 1977.

SEC. 2.1. Section 17701.4 is added to the Education Code, to read:

17701.4. The assessed valuation used for apportionments wherein the formulae require a distribution of state aid based on the assessed valuation of the school district shall be determined by adding: (a) the taxable assessed valuation of each district, including the assessed valuation of timber in the district which is assessed as such, (b) the sum of assessed valuation equivalents of revenue amounts certified pursuant to Section 27423 of the Government Code and Section 38905 of the Revenue and Taxation Code and, (c) the homeowners' and business inventory exemptions pursuant to Sections 218 and 219 of the Revenue and Taxation Code.

The assessed valuation equivalents for revenue amounts certified pursuant to Section 27423 of the Government Code and Section 38905 of the Revenue and Taxation Code shall be derived by multiplying such amounts by a factor of 100 and dividing the product by the secured tax rate for the prior year.

Each county auditor on or before November 15th shall report the assessed valuations to the Superintendent of Public Instruction on forms provided by him. The Superintendent of Public Instruction shall require the assessed valuations to be reported in such an order that the appropriate assessed valuations may be modified pursuant to Section 17262.

SEC. 2.2. Section 17702 of the Education Code is amended to read:

17702. The Superintendent of Public Instruction shall compute for each district described herein which does not come within the provisions of Section 17702.2 the amount, to be known as district aid, which a tax levied on each one hundred dollars ($100) of 100 percent of the assessed valuation in such district as shown by the equalized assessment roll of the district for the current year pursuant to Section 17701.4, as modified pursuant to Section 17262, would produce if levied, if such tax was:

(a) Two dollars and twenty-three cents ($2.23) in an elementary school district.

(b) One dollar and sixty-four cents ($1.64) in a high school district.

(c) Thirty-nine cents ($0.39) in a community college district.

SEC. 2.3. Section 17702.2 of the Education Code is amended to read:

17702.2. The Superintendent of Public Instruction shall compute the areawide aid to be utilized in determining state apportionments to be made for the support of elementary school districts and high school districts with respect to which an areawide foundation program is computed under Article 2.5 (commencing with Section 17680) of this chapter. Areawide aid shall be the amount which a tax levied on each one hundred dollars ($100) of 100 percent of the assessed valuation for the current fiscal year pursuant to Section 17701.4, modified where necessary pursuant to Section 17262, of the area comprising all of such elementary school districts and all of such high school districts would produce, if levied, if such tax were: (a) in the case of the elementary school district area, one dollar ($1); and (b) in the case of the high school district area, eighty cents ($0.80).

If the Superintendent of Public Instruction finds that the difference obtained by subtracting the areawide aid as computed under the above provisions of this section from the areawide foundation program is less than the product obtained by multiplying the average daily attendance used for foundation program purposes by one hundred twenty-five dollars ($125), he shall reduce the areawide aid to an amount which, when added to such product, will equal the amount of the areawide foundation program.

SEC. 2.4. Section 17951 of the Education Code is amended to read:

17951. The allowance for each unit of average daily attendance during the fiscal year for adults, as adults are defined in Section 5756, shall be as follows:

(a) For high school districts the allowance shall be four hundred thirteen dollars ($413) less the product of fifty cents ($0.50) multiplied by each one hundred dollars ($100) of the assessed valuation of the district pursuant to Section 17701.4, as modified pursuant to Section 17262, per unit of average daily attendance exclusive of adults.

For fiscal year 1975–76, the foundation program for adults, as defined in Section 5756, in high schools shall be increased by

twenty-nine dollars ($29). For fiscal year 1976–77, the foundation program for adults, as defined, in high schools shall be increased by thirty-one dollars ($31). For each subsequent fiscal year, the foundation program for adults, as defined, in high schools for the previous fiscal year shall be increased by 6 percent.

(b) For each unit of average daily attendance attached to a community college the allowance shall be five hundred fifty-six dollars ($556) less the product of twenty-four cents ($0.24) multiplied by each one hundred dollars ($100) of the assessed valuation of the district, as modified pursuant to Section 17262, per unit of average daily attendance exclusive of adults. The allowance for each unit of average daily attendance attached to a community college shall be increased by 7 percent for the 1974–75, 1975–76, and 1976–77 fiscal years and by 6 percent for the 1977–78 fiscal year, and fiscal years thereafter, unless revised by the Legislature prior to July 1, 1977.

The foundation programs provided by this section for each unit of average daily attendance of an adult, as an adult is defined in Section 5756, not residing in the district and not residing in any district maintaining a community college shall be limited to one hundred twenty-five dollars ($125) as basic state aid and no allowance shall be made based on state equalization aid. The total of basic and equalization aid allowed each district shall not be less than one hundred twenty-five dollars ($125) for each unit of average daily attendance during the fiscal year for resident adults, exclusive of average daily attendance in classes for inmates of any state institution for adults and for inmates of any city, county, or city and county jail, road camp or farm for adults; unless the inmate is attending a community college class or program pursuant to Section 2690 of the Penal Code, in which case such attendance shall be included.

SEC. 2.5. Section 18055 of the Education Code is amended to read:

18055. (a) He shall allow to each elementary school district, high school district, and community college district, except as to any to which subsections (b), (c) and (d) of this section or Section 18057 is applicable, which during the preceding fiscal year provided for the transportation of pupils, an amount which shall be computed as follows:

He shall determine the total current expenses of the district for such transportation during the preceding fiscal year. He shall then determine what rate of tax levied on each one hundred dollars ($100) of the assessed valuation of the district as shown by the equalized assessment roll of the district for the preceding fiscal year pursuant to Section 17701.4, hereinafter referred to in this section as computed tax rate, would, if levied, produce such amount. If the computed rate of tax is more than two cents ($0.02) he shall allow to the district (1) 50 percent of the amount which would be produced by not more than eight cents ($0.08) of the computed tax rate less two cents

($0.02), (2) 75 percent of the amount which would be produced by not more than sixteen cents ($0.16) of computed tax less eight cents ($0.08), (3) 80 percent of the amount which would be produced by not more than twenty-four cents ($0.24) of the computed tax less sixteen cents ($0.16), and (4) 90 percent of the amount which would be produced by the computed tax less twenty-four cents ($0.24).

(b) He shall allow to each high school district maintaining a community college, or maintaining 13th and 14th grades, except as to any to which Section 18057 is applicable, which during the preceding fiscal year provided for the transportation of pupils, an amount which shall be computed as follows:

He shall determine the total current expenses of the districts for such transportation during the preceding fiscal year. He shall then determine what rate of tax levied on each one hundred dollars ($100) of the assessed valuation of the district as shown by the equalized assessment roll of the district for the preceding fiscal year pursuant to Section 17701.4, hereinafter referred to in this section as computed tax rate, would, if levied, produce such amount. If the computed rate of tax is more than three cents ($0.03) he shall allow to the district (1) 50 percent of the amount which would be produced by not more than twelve cents ($0.12) of the computed tax rate less three cents ($0.03), (2) 75 percent of the amount which would be produced by not more than twenty-four cents ($0.24) of the computed tax rate less twelve cents ($0.12), (3) 80 percent of the amount which would be produced by not more than thirty-six cents ($0.36) of the computed tax rate less twenty-four cents ($0.24), and (4) 90 percent of the amount which would be produced by the computed tax rate less thirty-six cents ($0.36).

(c) He shall allow to each elementary school district which is not a part of a high school district and which during the preceding fiscal year provided for the transportation of pupils to the elementary schools of the district and to one or more high schools in other districts an amount which shall be computed as follows:

He shall determine the total current expenses of the districts for such transportation during the preceding fiscal year. He shall then determine what rate of tax levied on each one hundred dollars ($100) of the assessed valuation of the district as shown by the equalized assessment roll of the district for the preceding fiscal year pursuant to Section 17701.4, hereinafter referred to in this section as computed tax rate, would, if levied, produce such amount. If the computed rate of tax is more than four cents ($0.04) he shall allow to the district (1) 50 percent of the amount which would be produced by not more than sixteen cents ($0.16) of the computed tax rate less four cents ($0.04), (2) 75 percent of the amount which would be produced by not more than thirty-two cents ($0.32) of the computed tax rate less sixteen cents ($0.16), (3) 80 percent of the amount which would be produced by not more than forty-eight cents ($0.48) of the computed tax rate less thirty-two cents ($0.32), and (4) 90 percent of the

amount which would be produced by the computed tax rate less forty-eight cents ($0.48).

If an elementary district which is not a part of a high school district provides only for the transportation of pupils to a high school, an amount shall be computed as provided in subdivision (a) of this section.

(d) He shall allow to each high school district not a part of any community college district which during the preceding fiscal year provided for the transportation of pupils to the high schools of the district and pupils attending community colleges maintained by other districts an amount which shall be computed as follows:

He shall determine the total current expenses of the districts for such transportation during the preceding fiscal year. He shall then determine what rate of tax levied on each one hundred dollars ($100) of the assessed valuation of the district as shown by the equalized assessment roll of the district for the preceding fiscal year pursuant to Section 17701.4, hereinafter referred to in this section as computed tax rate, would, if levied, produce such amount. If the computed rate of tax is more than four cents ($0.04) he shall allow to the district (1) 50 percent of the amount which would be produced by not more than sixteen cents ($0.16) of the computed tax rate less four cents ($0.04), (2) 75 percent of the amount which would be produced by not more than thirty-two cents ($0.32) of the computed tax rate less sixteen cents ($0.16), (3) 80 percent of the amount which would be produced by not more than forty-eight cents ($0.48) of the computed tax rate less thirty-two cents ($0.32), and (4) 90 percent of the amount which would be produced by the computed tax rate less forty-eight cents ($0.48).

If a high school district which is not a part of a community college district provides only for the transportation of pupils to a community college, an amount shall be computed as provided in subdivision (a) of this section.

SEC. 2.6. Section 18056 of the Education Code is amended to read:

(a) He shall allow to each unified school district formed under the provisions of Sections 3001 to 3451, inclusive, of this code, the formation of which became effective on July 1, 1948, or thereafter, an amount equal to the total current expenses of the district during the preceding fiscal year for the transportation of pupils, determined by the Superintendent of Public Instruction to have been required because of a change of the location of schoolhouses or the reorganization of attendance centers within the district during such preceding fiscal year. No allowance shall be made under this paragraph subsequent to the close of the fifth fiscal year following that in which the district was formed and thereafter the provisions of subsection (b) or (c) of this section shall control as to such district.

(b) He shall allow to each unified school district not maintaining

a community college which during the preceding fiscal year provided for the transportation of pupils, an amount which shall be computed as follows:

He shall determine the total current expenses of the district for such transportation during the preceding fiscal year. He shall then determine what rate of tax levied on each one hundred dollars ($100) of the assessed valuation of the district as shown by the equalized assessment roll of the district for the preceding fiscal year pursuant to Section 17701.4, hereinafter referred to in this section as computed tax rate, would, if levied, produce such amount. If the computed rate of tax is more than three cents ($0.03) he shall allow to the district (1) 50 percent of the amount which would be produced by not more than twelve cents ($0.12) of the computed tax rate less three cents ($0.03), (2) 75 percent of the amount which would be produced by not more than twenty-four cents ($0.24) of the computed tax rate less twelve cents ($0.12), (3) 80 percent of the amount which would be produced by not more than thirty-six cents ($0.36) of the computed tax rate less twenty-four cents ($0.24), and (4) 90 percent of the amount which would be produced by the computed tax rate less thirty-six cents ($0.36).

(c) He shall allow to each unified school district maintaining a community college which during the preceding fiscal year provided for the transportation of pupils, an amount which shall be computed as follows:

He shall determine the total current expenses of the district for such transportation during the preceding fiscal year. He shall then determine what rate of tax levied on each one hundred dollars ($100) of the assessed valuation of the district as shown by the equalized assessment roll of the district for the preceding fiscal year pursuant to Section 17701.4, hereinafter referred to in this section as computed tax rate, would, if levied, produce such amount. If the computed rate of tax is more than four cents ($0.04) he shall allow to the district (1) 50 percent of the amount which would be produced by not more than sixteen cents ($0.16) of the computed tax rate less four cents ($0.04), (2) 75 percent of the amount which would be produced by not more than thirty-two cents ($0.32) of the computed tax rate less sixteen cents ($0.16), (3) 80 percent of the amount which would be produced by not more than forty-eight cents ($0.48) of the computed tax rate less thirty-two cents ($0.32), and (4) 90 percent of the amount which would be produced by the computed tax rate less forty-eight cents ($0.48).

SEC. 2.7. Section 18057 of the Education Code is amended to read:

18057. He shall compute for each group of two or more school districts which have been continuously from a time prior to July 1, 1949, governed by boards of identical personnel during the preceding fiscal year and have maintained a single transportation system for all of such districts which provided for the transportation

He shall determine the total current expenses of the districts for such transportation during the preceding fiscal year.

(a) He shall, if such group comprises an elementary school district and a high school district not maintaining a community college and each district provided for the transportation of pupils, or comprises an elementary school district, a high school district, and a community college district and each district except the community college district provided for the transportation of pupils residing in the district, or comprises a high school district and a community college district and each district provided for the transportation of pupils, then determine what rate of tax levied on each one hundred dollars ($100) of the assessed valuation of that one of such districts providing for the transportation of pupils which has the largest assessed valuation as shown by the equalized assessment roll of the district for the preceding fiscal year pursuant to Section 17701.4, hereinafter referred to in this section as computed tax rate, would, if levied, produce such amount. If the computed rate of tax is more than three cents ($0.03) he shall allow the district (1) 50 percent of the amount which would be produced by not more than twelve cents ($0.12) of the computed tax rate less three cents ($0.03), (2) 75 percent of the amount which would be produced by not more than twenty-four cents ($0.24) of the computed tax rate less twelve cents ($0.12), (3) 80 percent of the amount which would be produced by not more than thirty-six cents ($0.36) of the computed tax rate less twenty-four cents ($0.24), and (4) 90 percent of the amount which would be produced by the computed tax rate less thirty-six cents ($0.36).

(b) He shall, if such group comprises an elementary school district, and a high school district maintaining a community college, each of which provided for the transportation of pupils, including those attending the community college, or comprises an elementary school district, a high school district, and a community college district (other than one providing transportation only for pupils not residing in the district), each of which provided for the transportation of pupils, then determine what rate of tax levied on each one hundred dollars ($100) of the assessed valuation of that one of such districts providing for the transportation of pupils which had the largest assessed valuation as shown by the equalized assessment roll of the district for the preceding fiscal year pursuant to Section 17701.4, hereinafter referred to in this section as computed tax rate, would, if levied, produce such amount. If the computed rate of tax is more than four cents ($0.04) he shall allow to the district (1) 50 percent of the amount which would be produced by not more than sixteen cents ($0.16) of the computed tax rate less four cents ($0.04), (2) 75 percent of the amount which would be produced by not more than thirty-two cents ($0.32) of the computed tax rate less sixteen cents ($0.16), (3) 80 percent of the amount which would be produced by not more than forty-eight cents ($0.48) of the computed tax rate less

01258 293435 503

thirty-two cents ($0.32), and (4) 90 percent of the amount which would be produced by the computed tax rate less forty-eight cents ($0.48).

He shall then allow to each district in the group the same ratio of the total amount computed for the group as the governing boards of the districts in the groups certify to him is the ratio the amount expended for such transportation in such district during the preceding fiscal year was of the total expenditures of all districts in the group for such transportation during the preceding fiscal year.

SEC. 2.8. Section 20905 of the Education Code is amended to read:

20905. For the 1974–75 fiscal year and each fiscal year thereafter, (a) the maximum general purpose tax rate for each elementary, high, and unified school district in the county shall be computed pursuant to this section by the county superintendent of schools.

(b) The revenue limit per foundation program unit of average daily attendance for the district for the prior fiscal year shall be divided into the appropriate foundation program amount per unit of average daily attendance for the prior year. If the quotient is greater than one, it shall be deemed to be one.

(c) The foundation program amount per unit of average daily attendance used as the dividend in subdivision (b) shall be determined by the Superintendent of Public Instruction pursuant to this subdivision. For elementary school districts, it shall be the foundation program for districts which have an average daily attendance of 901 or more. For high school districts it shall be the foundation program for districts with an average daily attendance of 301 or more. For unified districts, it shall be the sum of (1) the foundation program of elementary districts which have an average daily attendance of 901 or more multiplied by the elementary foundation program units of average daily attendance of unified districts in the second principal apportionment, plus (2) the foundation program for high school districts with an average daily attendance of 301 or more multiplied by the high school foundation program units of average daily attendance of unified districts in the second principal apportionment divided by the sum of the elementary and high school units of average daily attendance of unified districts in the second principal apportionment.

(d) The inflation adjustment shall be based on the increase in the foundation program amount per unit of average daily attendance for the budget year compared with the preceding year.

(e) The amount determined pursuant to subdivision (d) shall be multiplied by the quotient determined pursuant to subdivision (b). The resultant amount shall constitute the revenue limit inflation adjustment of the district per unit of average daily attendance.

(f) The revenue limit inflation adjustment shall be added to the prior year revenue limit per foundation program unit of average daily attendance of the district and the sum multiplied by the

estimated foundation program average daily attendance of the budget year. The product shall be the revenue limit of the district for the budget year.

(g) Any district which has a revenue limit computed pursuant to subdivision (f) which is equal to or less than the foundation program computed for the district pursuant to Article 2 (commencing with Section 17651), excluding Section 17668.5, Article 2.1 (commencing with Section 17651), and subdivision (a) of Section 17951 as adjusted pursuant to subdivision (e) of Section 17301 may increase its revenue limit computed pursuant to subdivision (f) to the lesser of the foundation program level of the district or the prior year revenue limit increased by fifteen percent (15%).

For the 1974–75 and 1975–76 fiscal years only, notwithstanding subdivision (g) if, due to changes in federal legislation or administrative policy, the entitlement under Public Law 81-874 is reduced or discontinued and is not replaced by other federal funding, and if a district experiencing such loss has a revenue limit less than the foundation program, it shall be allowed to increase the revenue limit by an amount equal to the difference between the Public Law 81-874 income per foundation program average daily attendance of the prior year and the estimated Public Law 81-874 income per unit of foundation program average daily attendance of the budget year, if any, multiplied by the estimated foundation program average daily attendance of the budget year. Such increased revenue limit shall not exceed the foundation program of the budget year.

(h) From the amount computed pursuant to subdivision (f) or (g), there shall be subtracted the basic state aid and state equalization aid to be received for the budget year, areawide aid to be received for the budget year, and the amount of income to be received from the equalization offset tax pursuant to Section 17263.1.

(i) The amount determined pursuant to subdivision (h) shall be (1) adjusted as provided in subdivision (d) of Section 10805 and (2) adjusted sufficiently to allow for the mandated increases for district contributions for the State Teachers' Retirement System as required by Section 14100. Such adjustment, together with any rate levied in any prior year pursuant to Section 14111, shall not exceed the revenue derived by the tax rate provided in Section 14111. The adjusted amount shall be the local revenue limit of the district for the budget year.

(j) From the amount computed pursuant to subdivision (i), there shall be subtracted the amount of money collected or to be collected as taxes on property on the unsecured roll of the budget year, excluding the amounts collected through the levy of taxes provided in Section 1905, 6880.16, 11872, 15517, 15518, 15708, 15709, 16750, 19443, 19619, 19683.5, 19687, 19688, 19695, 19700.3, 20801, 20911, or 22101 of the Education Code, Section 7456 of the Education Code for the purposes prescribed in Section 7453, but no greater than five

cents ($0.05) per one hundred dollars ($100) of assessed valuation, and Section 5302.5 of the Streets and Highways Code, and (2) the income from the prior year's taxes.

(k) From the amount computed pursuant to subdivision (j) there shall be subtracted the amount of money collected or to be collected as timber yield tax receipts pursuant to Part 18.5 (commencing with Section 38101) of the Revenue and Taxation Code.

(*l*) For the purposes of this subdivision, the assessed valuation used in computing the maximum tax rate is defined as the total actual assessed valuation, including business inventory and homeowners' exemption and exclusive of the assessed valuation increment used to allocate tax receipts to a redevelopment agency pursuant to Article 6 (commencing with Section 33670) of Chapter 6 of Part 1 of Division 24 of the Health and Safety Code.

The amount determined pursuant to subdivision (j) shall be divided by the amount of actual assessed valuation of the district on the secured roll after due allowance for delinquencies, pursuant to Section 20704. The quotient multiplied by 100 shall be the tax rate on each one hundred dollars ($100) of such assessed valuation and shall be the maximum general purpose tax rate which may be levied in the district during the 1973–74 fiscal year, exclusive of taxes provided in Section 1905, 6880.16, 11872, 15517, 15518, 15708, 15709, 16750, 19443, 19619, 19683.5, 19687, 19688, 19695, 19700.3, 20801, 20911, or 22101 of the Education Code, Section 7456 of the Education Code for the purposes prescribed in Section 7453 of the Education Code, but no greater than five cents ($0.05) per one hundred dollars ($100) of assessed valuation, and Section 5302.5 of the Streets and Highways Code. The revenue limit in subdivision (g) notwithstanding, in no case for districts receiving equalization aid, shall the tax rate be reduced below one dollar ($1) on the elementary level or eighty cents ($0.80) on the high school level or one dollar and eighty cents ($1.80) for a unified school district, except that when the district has levied upon it an areawide tax, such areawide tax rate levied shall be considered first as part of the minimum tax rate limit.

SEC. 4. Section 27423 is added to the Government Code, to read:

27423. (a) On or before May 1, 1977, the assessor of each county for the local roll and the State Board of Equalization for the board roll shall determine the average annual assessed value attributable to timber, as defined in subdivision (a) of Section 431 of the Revenue and Taxation Code, of each tax rate area for the 1972–73 to 1974–75 fiscal years, inclusive.

(b) Using the assessed values determined pursuant to subdivision (a), on or before June 1, 1977, the auditor of each county shall determine the average annual property tax revenues attributable to timber of each taxing agency for the 1972–73 to 1974–75 fiscal years, inclusive.

Each county auditor shall certify to the State Controller a list of this amount for each taxing agency in the county and the total of all such

amounts for the county. The auditor shall keep such records for each tax rate area as necessary to make distribution of funds pursuant to Section 38906 of the Revenue and Taxation Code.

(c) The State Controller may require that all information pertinent to subdivisions (a) and (b) be retained and may inspect all calculations of the county assessor and county auditor. The Controller or the board may adjust and correct any calculation deemed to be inaccurate. The sum of each county's calculations as adopted by the Controller shall be known as that county's "annual yield tax revenue guarantee", and shall be certified to the county auditor on or before August 15, 1977.

(d) On or before July 15, 1977, and July 15 of each year thereafter, the auditor shall certify to the Controller the amounts of property tax revenue attributable to timber for each taxing agency which was newly formed in the preceding fiscal year, and each taxing agency which was dissolved in the preceding fiscal year. For the purposes of this subdivision, the average annual assessed value attributable to timber for a taxing agency formed subsequent to June 30, 1976, shall be the sum of the values of the tax rate areas, as determined by the assessor pursuant to subdivision (a), which correspond to the agency's present boundaries, as if that agency had actually existed during fiscal years 1972–73 to 1974–75, inclusive, and the tax rate shall be that which the taxing agency was authorized to levy in the year the agency was formed. The Controller may adjust and correct any calculation deemed to be inaccurate.

(e) On or before August 15, 1977, and August 15 of each year thereafter, the Controller shall certify to the county auditor of each county in which one or more taxing agencies were either newly formed or dissolved during the preceding fiscal year a revised annual yield tax revenue guarantee. The amount added to or deducted from a county's previous annual yield tax revenue guarantee will be the property tax revenue attributable to timber, as certified to the Controller by the county auditor pursuant to subdivision (d). The revised annual yield tax revenue guarantee shall take effect for payments made to the county pursuant to subdivision (a) of Section 38905 and subdivision (a) of Section 38906 of the Revenue and Taxation Code in the current fiscal year, and shall remain in effect until subsequent revision under this subdivision.

(f) Upon receipt of the amount certified by the Controller pursuant to subdivision (c) or (e), the county auditor shall within 10 days certify to each taxing agency its share of this amount, and shall deliver to the county treasurer a schedule of these amounts for all taxing agencies in the county, to govern distribution of moneys pursuant to subdivision (a) of Section 38905 and subdivision (a) of Section 38906 of the Revenue and Taxation Code.

(g) For the purposes of this section, in the case of a change in the boundaries of a tax rate area, the assessor or the board shall apportion the property tax revenue attributable to timber according to the

01258 293495 515

number of acres of timberland in each tax rate area affected by the boundary change.

(h) For the purposes of this section "tax rate area" means a geographical area in which there is a unique combination of tax levies.

SEC. 4.5. Chapter 6.7 (commencing with Section 51100) is added to Part 1 of Division 1 of Title 5 of the Government Code, to read:

CHAPTER 6.7. TIMBERLAND

Article 1. General Provisions

51100. As used in this chapter, unless otherwise apparent from the context:

(a) "Board" means the board of supervisors of a county or city and county, whether general law or chartered, which establishes or proposes to establish a timberland preserve zone pursuant to this chapter.

(b) "Contiguous" means two or more parcels of land that are adjoining or neighboring or are sufficiently near to each other, as determined by the board or council, that they are manageable as a single forest unit.

(g) "Timberland preserve zone" means an area which has been zoned pursuant to Section 51112 or 51113 and is devoted to and used for growing and harvesting timber, or for growing and harvesting timber and compatible uses, as defined in subdivision (h).

(h) "Compatible use" is any use which does not significantly detract from the use of the property for, or inhibit, growing and harvesting timber, and shall include, but not be limited to, the following, unless in a specific instance such a use would be contrary to the preceding definition of compatible use:

(1) Management for watershed;

(2) Management for fish and wildlife habitat or hunting and fishing;

(3) A use integrally related to the growing, harvesting and processing of forest products, including but not limited to roads, log landings, and log storage areas;

Article 2. Establishment of Timberland Preserves

51110. (a) On or before September 1, 1976, the assessor shall assemble a list of all parcels, regardless of size, which as of the lien date in 1976, were assessed for growing and harvesting timber as the highest and best use of the land, including all such parcels or portions thereof under agricultural preserve contracts.

(b) On or before September 1, 1976, the assessor shall notify by mail, which is certified and with return receipt requested, owners of parcels listed under subdivision (a) that their land has been included in such a list. This notice shall be substantially in the following form:

To: (name of taxpayer)

Pursuant to the Z'berg-Warren-Keene-Collier Forest Taxation Reform Act of 1976, _____ County must provide for the zoning of land used for growing and harvesting timber as timberland preserve zone (TPZ).

A TPZ is a 10-year restriction on the use of land, and will replace the use of agricultural preserves (Williamson Act contracts) on timberland. Land use under a TPZ will be restricted to growing and harvesting timber, and to compatible uses approved by the county (or city). In return, taxation of timberland under a TPZ will be based only on such restrictions in use.

To initiate this zoning procedure, the assessor has assembled a list (list "A") of all those parcels assessed for property tax purposes for growing and harvesting timber as the highest and best use of the land as of March 1, 1976. The following parcels of your land have been included in this list "A":

(legal description or assessor's parcel no.)

If you have one or more parcels listed above which you believe have a highest and best use other than growing and harvesting

timber, you must submit to the assessor a written affidavit describing the intended use you have for this parcel(s), and do so before October 1, 1976. The assessor will then designate such parcel(s) as "contested" on the final list of these parcels which is submitted to the county board of supervisors (or city council) on October 15, 1976.

A public hearing will be held prior to March 1, 1977, for the consideration of zoning your parcel(s) as TPZ. You will be given at least 20 days' notice of such hearing.

Under the Timber Yield Tax Law, all noncontested parcels included in the final list "A" will be zoned as TPZ unless the owner can demonstrate to the satisfaction of a majority of the full board (or council) that at least one of the following conditions exists:

(i) That the parcel or parcels are not capable of growing an average annual volume of wood fiber of at least 15 cubic feet per acre; or

(ii) That the current use of the parcel has changed subsequent to March 1, 1976, and that such use is no longer the growing and harvesting of timber, and is not compatible with the growing and harvesting of timber.

Parcels designated as "contested" which appear on list "A" will be zoned as TPZ unless the owner can demonstrate to the satisfaction of a majority of the full board (or council) that it would not be in the public interest for such parcels(s) to be zoned as TPZ. Parcels in list "A" not zoned as TPZ will receive an alternate zone, if no appropriate zone currently exists. "Contested" parcels not zoned as TPZ will be valued in the future on a higher and better use of the land.

Detailed information on the TPZ zoning process and the Z'berg-Warren-Keene-Collier Forest Taxation Reform Act in general may be obtained from your county assessor's office.

(c) Upon notification pursuant to subdivision (b) owners of parcels listed pursuant to subdivision (a) may have one or more such parcels designated as "contested" in the following manner:

On or before October 1, 1976, the owner must notify the assessor in a written affidavit that such a parcel has the highest and best use which is not a compatible use for timberland, as determined by the board or council pursuant to Section 51111, and the owner shall state the intended use for such parcel.

Upon receipt of such affidavit, the assessor shall designate such parcels on the list to be submitted to the board or council pursuant to subdivision (d) as "contested". In preparing the assessment roll for the 1977–78 fiscal year and each fiscal year thereafter, the assessor shall take into account the owner's notice of higher and better use in determining the fair market value for such parcels, if such parcels are not zoned as timberland preserve.

(d) On or before October 15, 1976, the assessor shall submit to the board or council a list of all parcels, regardless of size, which as of the lien date in 1976, are assessed for growing and harvesting timber as

the highest and best use of the land, including such parcels designated as "contested" pursuant to subdivision (c). This list shall be known as "list A".

(e) On or before August 19, 1976, the State Board of Equalization shall submit to the county assessor for inclusion in list A those parcels on the board roll which are located in the county and which, as of the lien date in 1976, were assessed by the State Board of Equalization for growing and harvesting timber as the highest and best use of the land.

51110.1. (a) On or before September 1, 1977, the assessor shall assemble a list of all parcels, which, as of the lien date in 1976, appeared in the judgment of the assessor to constitute timberland, but which were not assessed for growing and harvesting timber as the highest and best use of the land.

(b) On or before September 1, 1977, the assessor shall notify by mail, which is certified and with return receipt requested, owners of parcels listed under subdivision (a) that their land has been included in such a list. This notice shall be substantially in the following form:

To: (name of taxpayer)

Pursuant to the Z'berg-Warren-Keene-Collier Forest Taxation Reform Act of 1976, _____ County must provide for the zoning of land used for growing and harvesting timber as timberland preserve zone (TPZ).

A TPZ is a 10-year restriction on the use of land, and will replace the use of agricultural preserves (Williamson Act contracts) on timberland. Land use under a TPZ will be restricted to growing and harvesting timber, and to compatible uses approved by the county (or city). In return, taxation of timberland under a TPZ will be based only on such restrictions in use.

As part of this zoning procedure, the assessor has assembled a list (list "B") of all those parcels which appear to be land used for growing and harvesting timber, but which are not assessed for property tax purposes as this being the highest and best use of the land. The following parcels of your land have been included in this list "B":

(legal description or assessor's parcel no.)

A public hearing will be held prior to March 1, 1978, for the consideration of zoning your parcel(s) as TPZ. You will be given at least 20 days' notice of such hearing.

Under the Z'berg-Warren-Keene-Collier Forest Taxation Reform Act, all parcels included in this list "B" will be zoned as TPZ unless the owner can demonstrate to the satisfaction of a majority of the full board (or council) that it would not be in the public interest for such parcel(s) to be zoned as TPZ. Parcels on list "B" not zoned as TPZ

will receive an alternate zone, if no appropriate zone currently exists.

Detailed information on the TPZ zoning process and the Z'berg-Warren-Keene-Collier Forest Taxation Reform Act in general may be obtained from your county assessor's office.

(c) On or before October 15, 1977, the assessor shall submit to the board or council a list of all parcels, which as of the lien date in 1976, appear to constitute timberland, but which are not assessed for growing and harvesting timber as the highest and best use of the land. This list shall be known as "list B".

(d) On or before August 19, 1977, the State Board of Equalization shall submit to the county assessor, for inclusion in list B, those parcels on the board roll which are located in the county and which as of the lien date in 1976, appear to constitute timberland, but which were not assessed by the State Board of Equalization for growing and harvesting timber as the highest and best use of the land.

51110.2. The county or city planning commission shall hold a public hearing on parcels referred to it for review by the board or council pursuant to subdivision (d) of Section 51110 and subdivision (c) of Section 51110.1 according to Section 65854 of this code, and shall render its decision in the form of a written recommendation to the board or council according to Section 65855 of this code. The planning commission shall include in its recommendation to the board or council considerations as to the exact zoning boundaries to be drawn within each assessors parcel contained in list A or list B.

51111. On or before October 1, 1976, the board or council shall adopt a list and a detailed description of additional compatible uses for parcels zoned as timberland preserve.

51112. (a) On or before March 1, 1977, the board or council by ordinance, after the advice of the planning commission pursuant to Section 51110.2, and after public hearing, shall zone as timberland preserve all parcels appearing on list A submitted by the assessor pursuant to subdivision (d) of Section 51110 which are not designated as "contested," unless it finds by a majority vote of the full body that a parcel or parcels are not devoted to and used for growing and harvesting timber or for growing and harvesting timber and compatible uses.

The basis for such a finding is limited to either of the following:

(1) The parcel is not in fact capable of growing an average annual volume of wood fiber of at least 15 cubic feet per acre;

(2) The use of the parcel has changed subsequent to the lien date in 1976, and that such use no longer meets the definition of timberland, or of compatible uses as defined and as adopted by the board or council pursuant to Section 51111.

(b) On or before March 1, 1977, the board or council by ordinance, after the advice of the planning commission pursuant to Section 51110.2, and after public hearing, shall zone as timberland preserve all parcels appearing on list A which are designated as "contested"

pursuant to subdivision (c) of Section 51110, except those parcels which it finds by a majority vote of the full body to be in the public interest to exclude from such a zone.

(c) On or before March 1, 1978, the board or council by ordinance, after the advice of the planning commission pursuant to Section 51110.2, and after public hearing, shall zone as timberland preserve all parcels appearing on list B submitted by the assessor pursuant to subdivision (c) of Section 51110.1, except those parcels which it finds by a majority vote of the full body to be in the public interest to exclude from such a zone.

(d) On parcels excluded from the timberland preserve zone under this section, the board or council shall apply an alternate zone which is in conformance with the county general plan and whose primary use is other than timberland, if no such appropriate zone currently applies to such parcels.

(e) The owner of the land shall be given written notice at least 20 days prior to the hearing of the board or council, and notice of hearing shall be published pursuant to Section 6061 of this code, and shall include a legal description, or the assessor's parcel number, of the land which is proposed to be included within the timberland preserve zone.

51113. (a) After November 1, 1977, an owner may petition the board or council to zone his land as timberland preserve. The board or council by ordinance, after the advice of the planning commission pursuant to Section 51110.2, and after public hearing, shall zone as timberland preserve all parcels submitted to it by petition pursuant to this section, which meet all of the criteria adopted pursuant to subdivision (c). Any owner who has so petitioned and whose land is not zoned as timberland preserve may petition the board or council for a rehearing on the zoning.

(b) The board or council, on or before March 1, 1977, by resolution, shall adopt procedures for initiating, filing and processing petitions for timberland preserve zoning and for rezoning. Such rules shall be applied uniformly throughout the county or city.

(c) On or before March 1, 1977, the board or council by ordinance shall adopt a list of criteria required to be met by parcels being considered for zoning as timberland preserve under this section. Such criteria shall not impose any requirements in addition to those listed in this subdivision and in subdivision (d) below. The following shall be included in such criteria:

(1) A map shall be prepared showing the legal description or the assessor's parcel number of the property desired to be zoned;

(2) A plan for forest management must be prepared or approved as to content, for the property by a registered professional forester. Such plan shall provide for the eventual harvest of timber within a reasonable period of time, as determined by the preparer of the plan;

(3) The parcel shall currently meet the timber stocking standards as set forth in Section 4561 of the Public Resources Code and the

forest practice rules adopted by the State Board of Forestry for the district in which the parcel is located, or the owner must sign an agreement with the board or council to meet such stocking standards and forest practice rules by the fifth anniversary of the signing of such agreement. If the parcel is subsequently zoned as timberland preserve under subdivision (a), then failure to meet such stocking standards and forest practice rules within this time period provides the board or council with a ground for rezoning of the parcel pursuant to Section 51121.

(d) The criteria required by subdivision (c) may also include any or all of the following:

(1) The land area concerned shall be in the ownership of one person, as defined in Section 38106 of the Revenue and Taxation Code, and shall be comprised of single or contiguous parcels of a certain number of acres, provided, that such number required may not exceed 160 acres or one quarter section;

(2) The land shall be a certain site quality class or higher under Section 434 of the Revenue and Taxation Code; provided, that the parcel shall not be required to be of the two highest site quality classes.

51113.5. (a) After March 1, 1977, an owner with timberlands in a timberland preserve zone pursuant to Sections 51112 or 51113 may petition the board or council to add to his timberland preserve recently acquired lands that meet the criteria of subdivision (f) of Section 51100 or other holdings that now satisfy that section. Section 51113 shall not apply to these lands.

(b) In the event of land exchanges with, or acquisitions from, a public agency in which the size of an owner's parcel or parcels zoned as timberland preserve pursuant to Sections 51112 or 51113 is reduced, the timberland preserve shall not be removed from the parcel except pursuant to Section 51121 and except for a cause other than the smaller parcel size.

51114. Parcels zoned as timberland preserve shall be zoned as such for an initial term of 10 years. On the first and each subsequent anniversary date of the initial zoning, a year shall be added to the initial term of 10 years, unless a notice of rezoning is given as provided in Section 51120.

51115. Parcels zoned as timberland preserve shall be zoned so as to restrict their use to growing and harvesting timber and to compatible uses and shall be entered as a timber preserve element of the county general plan.

51116. The county or city may bring any action in court necessary to prohibit a use not permitted with respect to land zoned as timberland preserve including, but not limited to, an action to enforce the zoning restrictions by specific performance or injunction.

51117. When land is zoned as timberland preserve or subsequently rezoned from a timberland preserve zone and after

exhaustion of appeals, a notice of timberland preserve zone status, together with a map and assessor's parcel numbers describing such land, shall be recorded by the city or county in the recorder's office in the same manner as deeds are recorded.

51118. Land zoned as timberland preserve under this chapter shall be enforceably restricted within the meaning of Section 3(j) of Article XIII of the Constitution and the restriction shall be enforced and administered by the city or county in such a manner as to accomplish the purposes of that section and this chapter.

51119. Adoption of timberland preserve zones pursuant to this chapter shall be exempt from the requirements of Section 21151 of the Public Resources Code.

51119.5. Parcels zoned as timberland preserve under this chapter may not be divided into parcels containing less than 160 acres unless owners of resulting parcels submit a joint timber management plan prepared or approved as to content by a registered professional forester, and such owners enter into a binding contract with the board or council to manage and harvest timber on the timberland jointly, and are bound by the provisions of such management plan for a minimum period of 10 years. Such division shall be approved by a four-fifths vote of the full board or council.

Article 3. Rezoning

51120. (a) If the owner desires in any year to rezone a parcel from its current timberland preserve zone, the owner shall give written notice, naming the new zone desired, and shall follow procedures established pursuant to Sections 65854 to 65857, inclusive, of the Government Code. Unless the written notice is given at least 90 days prior to the anniversary date of initial zoning, the zoning term shall be deemed extended.

(b) Within 120 days of receipt of the written notice of an owner's desire to rezone a parcel, the board or council, after a public hearing, shall rule on the request for rezoning.

(c) The board or council by a majority vote of the full body may remove the parcel from the timberland preserve zone and shall specify a new zone for the parcel.

(d) The new zone approved pursuant to subdivision (c) shall become effective 10 years from the date of approval. Upon rezoning the parcel shall be valued pursuant to Section 426 of the Revenue and Taxation Code, in the same manner as if a restriction were terminated as provided for in Section 51091 or 51245 of this code.

(e) If the board or council denies the owner's request for change of zone pursuant to subdivision (b), the owner may petition for a rehearing.

51121. (a) If the board or council after public hearing and by a majority vote of the full body desires in any year not to extend the term of zoning, the county or city shall give written notice of its

intent to rezone following procedures established pursuant to subdivision (b) of Section 51113. A proposed new zone shall be specified. Unless the written notice is given at least 90 days prior to the anniversary date of the intitial zoning, the zoning term shall be deemed extended.

(b) Upon receipt by the owner of a notice of nonrenewal from the county or city, the owner may make written protest of the notice and may appeal to the board or council within 30 days of notice from the county or city. The board or council may at any time prior to the anniversary date withdraw the notice of nonrenewal.

(c) Upon receipt from the owner of a written protest of the zoning change, the board or council shall hold a public hearing on the proposed change and by a majority vote of the full body may reaffirm its intent to change the zoning and specify a new zone.

(d) A new zone of a parcel shall be effective 10 years from the date of the date pursuant to subdivision (a), or in the case of a public hearing, the date of the reaffirmation vote pursuant to subdivision (c). Upon rezoning the parcel shall be valued pursuant to Section 426 of the Revenue and Taxation Code.

(e) The owner may petition to be reheard.

Article 4. Immediate Rezoning

51130. The purpose of this article is to provide relief from zoning as timberland preserve pursuant to this chapter only when the continued use of land in the timberland preserve is neither necessary nor desirable to accomplish the purposes of Section 3(j) of Article XIII of the Constitution and of this chapter.

51131. A timberland preserve zone may not be immediately rezoned except pursuant to a request by a landowner, and as provided in this article.

51132. A landowner may apply in writing to the board or council for the immediate rezoning of all or part of a parcel. The application shall include such information as the board or council determines to be necessary to evaluate the proposed use, including the application for conversion, if conversion is required pursuant to Section 4621 of the Public Resources Code, and such application has been conditionally approved pursuant to Section 4621.2 of such code. Immediate rezoning may be approved only if a public hearing is held with notice of the hearing being given pursuant to Section 51284. If immediate rezoning is desired for only a portion of a parcel, the remaining portion must meet the requirements of timberland in a timberland preserve, as provided in this chapter.

Upon approval of an immediate rezoning request the board or council shall remove the parcel from the timberland preserve zone and shall specify a new zone for such parcel.

51133. If application for conversion is required pursuant to Section 4621 of the Public Resources Code, the board or council may

01258 293625 541

tentatively approve the immediate rezoning after notice and hearing and upon a four-fifths vote of the full body. The board or council shall forward its tentative approval to the State Board of Forestry, together with the application for immediate rezoning, a summary of the public hearing and any other information required by the Board of Forestry. The Board of Forestry shall consider the tentative approval pursuant to Section 4621.2 of the Public Resources Code. Final approval to an immediate rezoning is given only if the Board of Forestry has approved conversion pursuant to Section 4621.2 of the Public Resources Code. Upon such final approval of immediate rezoning, the Board of Forestry shall notify the board or council of such approval, and the board or council shall remove the parcel from the timberland preserve zone and shall specify a new zone for such parcel.

51134. (a) If an application for conversion is not required pursuant to Section 4621 of the Public Resources Code, the board or council may approve the immediate rezoning request only if by a four-fifths vote of the full board or council it makes written findings that:

(1) The immediate rezoning would be in the public interest; and

(2) The immediate rezoning would not have a substantial and unmitigated adverse effect upon the continued timber-growing use or open-space use of other land zoned as timberland preserve and situated within one mile of the exterior boundary of the land upon which immediate rezoning is proposed.

(3) The soils, slopes, and watershed conditions would be suitable for the uses proposed if the conversion were improved.

(b) The existence of an opportunity for an alternative use of the land shall not alone be sufficient reason for granting a request for immediate rezoning. Immediate rezoning shall be considered only if there is no proximate and suitable land which is not zoned timberland preserve for the alternate use not permitted within a timberland preserve zone.

(c) The uneconomic character of the existing use shall not be sufficient reason for the approval of immediate rezoning. The uneconomic character of the existing use may be considered only if there is no other reasonable or comparable timber-growing use to which the land may be put.

(d) Immediate rezoning action shall comply with all the applicable provisions of state law and local ordinances.

(e) The county or city may require the payment of a fee by the landowner for the cost of processing the application and recording the necessary documentation.

Article 5. Removal From Zone

51140. Upon rezoning, the board or council shall certify the rezoning indicating the new zone and its effective date.

51141. A copy of the certification of rezoning together with the map and assessor's parcel numbers for the rezoned land shall be recorded by the city or county in the recorder's office in the same manner as deeds are recorded, and commencing on the lien date next following the effective date of the new zone, such land shall be assessed on the same basis as real property is assessed generally in that county. The assessor may require a description of the portion of the property rezoned as provided in Section 456 of the Revenue and Taxation Code.

51142. (a) Upon immediate rezoning of a parcel in a timberland preserve zone, a tax recoupment fee shall be imposed on the owner of the land. Within 90 days following rezoning of land in the timberland preserve the county assessor shall reassess the rezoned parcels on the basis of the value of the property in its rezoned use. The assessor shall certify this value to the owner of the land and to the county auditor. The owner may appeal this new valuation in the same manner as an assessment appeal. Except when under such an appeal, after such certification the auditor shall, in cases of immediate rezoning, within 10 days compute the tax recoupment fee and certify the amount to the tax collector. The tax collector shall notify the owner in writing of the amount and due date of the fee. Fees shall be due 60 days after receipt of notification.

(b) The tax recoupment fee shall apply only in cases of immediate rezoning and shall be a multiple of the difference between the amount of the tax last levied against the property when zoned as timberland preserve and the amount equal to the assessed valuation of the rezoned property times the tax rate of the current levy for the tax rate area, such multiple to be chosen from the following table according to subdivision (c):

Year	Multiple
1	1.06000
2	2.18360
3	3.37462
4	4.63709
5	5.97332
6	7.39384
7	8.89747
8	10.49132
9	12.18080
10	13.97164

(c) The multiple shall correspond to the number of years or fraction thereof, but in no event greater than 10, for which the land was zoned as timberland preserve or was subject to a contract under chapter 7 (commencing with Section 51200).

(d) Tax recoupment fees imposed pursuant to this section shall be due and payable to the State of California, and shall be placed in the

Timber Tax Reserve Fund pursuant to Section 38902 of the Revenue and Taxation Code.

(e) In cases of immediate rezoning, an owner may make written application to the State Board of Equalization requesting waiver of tax recoupment fees and explaining the reasons therefor. The board, if it determines that it is in the public interest, may waive all or any portion of the fee.

51146. A fee imposed under this article shall be indicated on the assessment roll and when so indicated shall become a lien against the parcel of land in the same manner as county general taxes.

SEC. 5. Section 51230 of the Government Code is amended to read:

51230. Beginning January 1, 1971, any county or city having a general plan, and until December 31, 1970, any county or city, by resolution, and after a public hearing may establish an agricultural preserve. Notice of the hearing shall be published pursuant to Section 6061 of this code, and shall include a legal description, or the assessor's parcel number, of the land which is proposed to be included within the preserve. Such preserves shall be established for the purpose of defining the boundaries of those areas within which the city or county will be willing to enter into contracts pursuant to this act. An agricultural preserve shall consist of no less than 100 acres; provided, that in order to meet this requirement two or more parcels may be combined if they are contiguous or if they are in common ownership; and further provided, that in order to meet this requirement land zoned as timberland pursuant to Chapter 6.7 (commencing with Section 51100) may be taken into account.

A county or city may establish agricultural preserves of less than 100 acres if it finds that smaller preserves are necessary due to the unique characteristics of the agricultural enterprises in the area and that the establishment of preserves of less than 100 acres is consistent with the general plan of the county or city.

An agricultural preserve may contain land other than agricultural land, but the use of any land within the preserve and not under contract shall within two years of the effective date of any contract on land within the preserve be restricted by zoning or other suitable means in such a way as not to be incompatible with the agricultural use of the land, the use of which is limited by contract in accordance with this chapter.

Failure on the part of the board or council to restrict the use of land within a preserve but not subject to contract shall not be sufficient reason to cancel or otherwise invalidate a contract.

SEC. 6. Section 51246 of the Government Code is amended to read:

51246. If the county or city or the landowner serves notice of intent in any year not to renew the contract, the existing contract shall remain in effect for the balance of the period remaining since

the original execution or the last renewal of the contract, as the case may be.

No city or county shall enter into a new contract or shall renew an existing contract on or after February 28, 1977, with respect to timberland zoned as timberland preserve. The city or county shall serve notice of its intent not to renew the contract as provided in this section.

Notwithstanding any other provision of law, commencing with the lien date for the 1977–78 fiscal year all timberland within an existing contract which has been nonrenewed as mandated by this section shall be valued according to Section 423.5 of the Revenue and Taxation Code, succeeding to and including the lien date for the 1981–82 fiscal year. Commencing with the lien date for the 1982–83 fiscal year and succeeding until the end of the contract, such timberland shall be valued according to Section 426 of the Revenue and Taxation Code. Commencing with the lien date next succeeding the termination date of the contract, and on each lien date thereafter, such timberland shall be valued according to Section 434.5 of the Revenue and Taxation Code.

SEC. 6.5. Section 51282.5 is added to the Government Code, to read:

51282.5. The owner of any land which has been zoned as a timberland preserve pursuant to Section 51112 or 51113, and such zoning has been recorded as provided in Section 51117, may petition the board or council for cancellation of any contract as to all or part of such land. Upon such petition the board or council shall approve the cancellation of such contract.

The provisions of Section 51283 shall not apply to any cancellation under this section, and no cancellation fee shall be imposed.

SEC. 6.7. Section 65041 of the Government Code is amended to read:

65041. The Governor shall prepare and thereafter shall cause to be maintained, regularly reviewed and revised a comprehensive State Environmental Goals and Policy Report. In the preparation of the report, priority shall be given to the development of statewide land use policy, including the recommendations resulting from the land use planning and implementation program set forth in Section 4 of the act adding this section. Such report shall also give an evaluation, after consultation with the California Division of Forestry, of the effect of the timber yield tax and timberland preserve zoning on the forest resources of the state on or before March 1, 1980. The report shall identify any problems with forest practices resulting from timberland preserve zoning, and the possibilities for its expansion to timberland not so zoned, and it shall include recommendations for improvements. The report shall contain, but not be limited to, the following:

(a) An overview, looking 20 to 30 years ahead, of state growth and development and a statement of approved state environmental goals and objectives, including those directed to land use, population

growth and distribution, urban expansion and the conservation of natural resources.

(b) Description of new and revised state policies, programs and other actions of the executive and legislative branches required to implement statewide environmental goals, including intermediate-range plans and actions directed to natural resources, human resources and transportation.

SEC. 7. Section 4582.8 is added to the Public Resources Code, to read:

4582.8. (a) On or before January 1, 1977, the State Forester shall transmit a copy of all timber harvesting plans deemed to be in conformance under Section 4582.7, which are in effect on that date, to the State Board of Equalization and to the assessors of the counties in which the timber subject to the harvesting plans is located.

On or before March 1, 1977, the county assessor shall assign the appropriate tax rate area designations to the plan and transmit a copy thereof to the timber owner listed in the timber harvesting plan and to the State Board of Equalization.

(b) Effective on January 1, 1977, within 10 days after a timber harvesting plan is deemed in conformance under Section 4582.7, or within 10 days after receipt of a notice of timber operations pursuant to subdivision (c), the State Forester shall transmit copies thereof to the State Board of Equalization and the assessor of the county in which the timber subject to the harvesting plan or notice is located.

Within 10 days after receipt of a copy of the timber harvesting plan or notice, the county assessor shall assign the appropriate tax rate area designations to the plan or notice and transmit copies thereof to the timber owner listed in the timber harvesting plan or notice and to the State Board of Equalization.

(c) Effective on March 1, 1977, within 10 days of harvesting timber on land not subject to a timber harvesting plan, including public lands of a federal agency, each timber owner or operator shall notify the county assessor of the location of such harvest and the assessor shall assign the appropriate tax rate area designations and shall transmit copies thereof to the timber operator, if the land from which the timber is to be harvested is public land of a federal agency, or to the timber owner, if such land is timberland, as defined in Section 51100 of the Government Code, and to the State Board of Equalization.

SEC. 8. Section 4621.2 is added to the Public Resources Code, to read:

4621.2. (a) If the timberlands which are to be devoted to uses other than the growing of timber are zoned as timberland preserve zones under Section 51112 or 51113 of the Government Code, the application shall specify the proposed alternate use and shall include such information as the board determines to be necessary to evaluate the proposed alternate use. The board shall approve such application for conversion only if the board makes written findings that:

(1) The conversion would be in the public interest; and

(2) The conversion would not have a substantial and unmitigated adverse effect upon the continued timber-growing use or open-space use of other land zoned as timberland preserve and situated within one mile of the exterior boundary of the land upon which immediate rezoning is proposed; and

(3) The soils, slopes, and watershed conditions would be suitable for the uses proposed if the conversion were approved.

(b) The existence of an opportunity for an alternative use of the land shall not alone be sufficient reason for conditionally approving an application for conversion. Conversion shall be considered only if there is no proximate and suitable land which is not zoned timberland preserve for the alternate use not permitted within a timberland preserve zone.

(c) The uneconomic character of the existing use shall not be sufficient reason for the conditional approval of conversion. The uneconomic character of the existing use may be considered only if there is no other reasonable or comparable timber-growing use to which the land may be put.

(d) The board shall establish and publish a rate schedule of fees to be paid by the landowner for the cost of processing the application and recording the necessary documentation.

(e) In the event that the board delegates its responsibilities under this section to the State Forester pursuant to Section 4627, the State Forester shall make the written findings required by subdivision (a). In the event that the State Forester denies a conversion, the applicant may request a hearing before the board within 15 days of the denial. Such hearing shall be scheduled within 60 days from the filing of the appeal.

SEC. 8.2. Section 4624 of the Public Resources Code is amended to read:

4624. The board shall deny a timberland conversion permit for any of the following reasons:

(a) The applicant is not the real person in interest.

(b) Material misrepresentation or false statement in the application.

(c) The applicant does not have a bona fide intention to convert the land.

(d) The failure or refusal of the applicant to comply with the rules and regulations of the board and the provisions of this chapter.

(e) The failure of the proposed alternate use in the application to meet the findings required in subdivision (a) of Section 4621.2 and other provisions of that section.

SEC. 9. Section 423.9 is added to the Revenue and Taxation Code, to read:

423.9. Land which is zoned as timberland preserve pursuant to Chapter 6.7 (commencing with Section 51100) of Part 1 of Division 1 of Title 5 of the Government Code and which is not under an

open-space contract pursuant to Section 51240 of the Government Code shall be valued pursuant to Section 435.

SEC. 10. Section 431 of the Revenue and Taxation Code is amended and renumbered to read:

430. There shall be a rebuttable presumption that the present use of open-space land which is enforceably restricted and devoted to agricultural use is its highest and best agricultural use.

SEC. 10.5. Section 432 of the Revenue and Taxation Code is amended and renumbered to read:

430.5. No land shall be valued pursuant to this article unless an enforceable restriction meeting the requirements of Section 422 is signed, accepted and recorded on or before the lien date for the fiscal year to which the valuation would apply. To assure counties and cities time to meet the requirement of this section, the land which is to be subject to a contract shall have been included in a proposal to establish an agricultural preserve submitted to the planning commission or planning department, or the matter of accepting an open-space easement or scenic restriction shall have been referred to such commission or department on or before December 15 preceding the lien date to which the contract, easement or restriction is to apply.

SEC. 11. Article 1.7 (commencing with Section 431) is added to Chapter 3 of Part 2 of Division 1 of the Revenue and Taxation Code, to read:

Article 1.7. Valuation of Timberland and Timber

431. For purposes of this article:

(a) "Timber" means trees of any species maintained for eventual harvest for forest products purposes, whether planted or of natural growth, standing or down, on privately or publicly owned lands, including Christmas trees, but does not mean nursery stock.

(b) "Timberland" means land zoned pursuant to Chapter 6.7 (commencing with Section 51100) of Part 1 of Division 1 of Title 5 of the Government Code.

(c) "Timber Advisory Committee" means a standing committee appointed by the board composed of one representative of the Board of Equalization, one representative of the Board of Forestry, five assessors from the rate adjustment counties defined in Section 38105, and one member representing small-scale timber owners, and one member representing large-scale timber owners.

432. Any rule or regulation required to be adopted pursuant to this article shall be in compliance with procedures set forth for adoption of rules under the Administrative Procedure Act.

433. When land is zoned as timberland preserve a notation of such zoning shall be made on the assessment rolls by the words "Timberland Preserve Zone" or the initials "T.P.Z."

434. On or before September 1, 1976, the board after consultation

with the Timber Advisory Committee shall prepare instructions setting forth temporary criteria and procedures for grading timberland on the basis of its site quality and operability. Five general site quality classes shall be established. These classes shall be the same as those adopted by the Board of Forestry pursuant to subdivision (d) of Section 4528 and Section 4551 of the Public Resources Code. Within each of the five site quality classes, appropriate classes of operability shall be established, based on such factors as accessibility, topography, and legislative or administrative restraints. On or before December 31, 1979, these classes shall be designated as operative or inoperative. Commencing with January 1, 1980, the board shall determine appropriate designations of operability. On or before March 1, 1977, each assessor shall grade all timberland within the county on the basis of these instructions. The assessor's grading is subject to the appeals procedure established by law for other assessments, as provided in Chapter 4 (commencing with Section 751 of Part 2 and Chapter 1 (commencing with Section 1601) of Part 3 of this division.

434.1. (a) On or before March 1, 1977, the board after consultation with the Timber Advisory Committee shall adopt rules setting forth final procedures for grading timberland on the basis of its site quality and operability. Such rules shall follow the format set forth in Section 434.

(b) On or before March 1, 1978, each assessor in accordance with rules set forth in subdivision (a) shall grade all timberland in his county. The assessor's grading is subject to the appeals procedure established by law for other assessments as provided in Chapter 1 (commencing with Section 1601) of Part 3.

434.2. Within 30 days of the effective date of this section, the board shall appoint the timber advisory committee as defined in subdivision (c) of Section 431.

434.5. (a) On March 1, 1977 and March 1 of each year thereafter, up to and including March 1, 1979, timberland shall be valued according to the following schedule:

Redwood Region		Pine-Mixed Conifer Region	
Site I	$80	Site I	$60
Site II	$60	Site II	$50
Site III	$50	Site III	$40
Site IV	$30	Site IV	$30
Site V (and inoperable)	$20	Site V (and inoperable)	$20

When the assessor, pursuant to Section 434, designates a timberland parcel or portion thereof as inoperable, such timberland parcel or portion thereof shall be valued as if it is site V.

The Legislature finds and declares that the foregoing values are consistent with the taxation of timberland used primarily for growing

timber and that these values are consistent with the intent of Section 3j Article 13 of the Constitution.

(b) On or before January 1, 1980, and every third year thereafter, the board after consultation with the timber advisory committee and in compliance with procedures set forth for adoption of rules under the Administration Procedure Act, shall adopt schedules reestablishing the value of each grade of timberland graded pursuant to Section 434 as if it were bare of forest growth, and recognizing that the restricted use of the land is for growing and harvesting timber and compatible uses. The board shall certify such values to county assessors by January 10 of each year. Such schedule shall remain in effect until subsequent revision pursuant to the provisions of this subdivision.

(c) Commencing January 1, 1977, the board shall collect such data as may be necessary to accurately value timberland pursuant to subdivision (b).

(d) In promulgating regulations pursuant to subdivision (b) the board shall determine the value of such timberland subject to the following:

(1) The board shall base the value of such land upon the existence of a 10-year enforceable restriction using commonly accepted systems of valuation;

(2) When the board is valuing timberland property within a timberland preserve zone by comparison with sales of other timberland properties in order to be considered comparable, the properties sold shall be at least 160 acres in size and shall be similarly restricted under a timberland preserve zone. Size and any discount for size and amenities shall not be factors in determining the value of land zoned as timberland preserve which is valued by a method employing the use of comparable sales.

(e) For purposes of this section the value of each acre of timberland within each site class, within a timberland preserve zone, shall be presumed no greater than the value derived pursuant to subdivision (f).

(f) The board shall:

(1) Prepare, or cause to be prepared, timberland site capability tables which shall prescribe by site classification the potential annual yield of wood by species of mixture of species per acre.

(2) Multiply the potential annual yield by 10 percent.

(3) Multiply the result of paragraph (2) by an immediate harvest value, averaged for the previous 20 quarters, that is appropriate for the geographical area wherein such timberland values shall be applied.

(4) Divide the result of paragraph (3) by a capitalization rate of 10 percent expressed as a decimal.

Pursuant to (2) of this subsection, the Legislature declares that 10 percent is the average percent of income from potential annual yield of wood that can be attributed to timberland as a productive

component contributing to such income and the Legislature finds that it is in the public interest that values derived from analysis of sales of timberland restricted under timberland preserve zones shall not exceed this percentage.

(g) For the purposes of this section, the value of each acre of timberland within a timberland preserve zone shall be presumed to be no less than twenty dollars ($20) per acre.

435. In preparing the assessment roll for the 1977–78 fiscal year and each fiscal year thereafter, the assessor shall use as the value of each parcel of timberland the appropriate grade value certified to him by the board, pursuant to Section 434.5 plus the value, if any, attributable to existing, compatible, nonexclusive uses of the land. The assessor shall apply the ratio prescribed by Section 401 to obtain its assessed value. Assessments of values attributable to compatible uses determined in accordance with this part are subject to the appeals procedure established by law for other assessments.

Nothing in this article shall prevent the assessor in valuing timberland from taking into consideration the existence of any mines, minerals and quarries in or upon the land being valued, including but not limited to geothermal resources and oil, gas, and other hydrocarbon substances.

The provisions of this article shall not apply to any structure on the land being valued or to an area of reasonable size used as a site for approved compatible uses.

436. On the lien date for the 1977–78 fiscal year and thereafter, all timber on both privately and publicly owned lands shall be exempt from property taxation, including possessory interest taxation, and shall not be assessed for taxation purposes. Nothing herein shall preclude the assessment of trees standing on land not zoned as timberland preserve under this article for purposes of property taxation based on their aesthetic or amenity value.

437. Whenever the debt limit of a taxing agency is based wholly or in part on the assessed value of the agency, there shall be added to such assessed value the assessed valuation equivalents of revenue amounts certified pursuant to Section 27423 of the Government Code and distributed pursuant to Section 38906 of the Revenue and Taxation Code.

The assessed valuation equivalents for revenue amounts certified pursuant to Section 27423 of the Government Code and distributed pursuant to Section 38905 of the Revenue and Taxation Code shall be derived by multiplying such amounts by a factor of 100 and dividing the product by the secured tax rate for the prior year.

SEC. 12. Section 2266.2 is added to the Revenue and Taxation Code, to read:

2266.2. As used in Section 2266, "property tax revenue" includes revenue distributed in the prior fiscal year to local government by the state pursuant to the Timber Yield Tax Law (Part 18.5 (commencing with Section 38101), Division 2).

SEC. 12.2. Section 17299.1 of the Revenue and Taxation Code, as amended by Chapter 224 of the Statutes of 1975, is amended to read:

17299.1. In computing taxable income no deduction shall be allowed for (a) abandonment fees paid under Section 51061 or 51093 of the Government Code or (b) tax recoupment fees paid under Section 51140 of the Revenue and Taxation Code.

SEC. 12.4. Section 18052.2 of the Revenue and Taxation Code is amended to read:

18052.2. Notwithstanding the provisions of Section 18052, no adjustment shall be made for (a) abandonment fees paid in respect of property on which the open-space easement is terminated under Section 51061 or 51093 of the Government Code or (b) tax recoupment fees paid under Section 51140 of the Revenue and Taxation Code.

SEC. 12.6. Section 24441 of the Revenue and Taxation Code, as amended by Chapter 224 of the Statutes of 1975, is amended to read:

24441. In computing net income no deduction shall be allowed for (a) abandonment fees paid in respect of property on which the open-space easement is terminated under Section 51061 or 51093 of the Government Code or (b) tax recoupment fees paid under Section 51140 of the Government Code.

SEC. 12.8. Section 24916.2 of the Revenue and Taxation Code, as amended by Chapter 224 of the Statutes of 1975, is amended to read:

24916.2. Notwithstanding the provisions of Section 24916 no adjustment shall be made for (a) abandonment fees paid in respect of property on which the open-space easement is terminated under Section 51061 or 51093 of the Government Code or (b) tax recoupment fees paid under Section 51140 of the Revenue and Taxation Code.

SEC. 13. Part 18.5 (commencing with Section 38101) is added to Division 2 of the Revenue and Taxation Code, to read:

PART 18.5. TIMBER YIELD TAX

CHAPTER 1. GENERAL PROVISIONS AND DEFINITIONS

38101. This part is known and may be cited as the "Timber Yield Tax Law."

38102. Except where the context otherwise requires, the definitions in this chapter govern the construction of this part.

38103. "Timber" means trees of any species maintained for eventual harvest for forest products purposes, whether planted or of natural growth, standing or down, including Christmas trees, on privately or publicly owned land, but does not mean nursery stock.

38103.1. "Timberland" means privately or publicly owned land which is devoted to and used for growing and harvesting timber, or for growing and harvesting timber and compatible uses, and which

is capable of growing an average annual volume of wood fiber of at least 15 cubic feet per acre.

38104. "Timber owner" means any person who owns timber immediately prior to felling or the first person who acquires either the legal title or beneficial title to timber after it has been felled from land owned by a federal agency or any other person or agency or entity exempt from state taxation under the Constitution or laws of the United States or under the Constitution or laws of the State of California. "Timber owner" includes any person who owns or acquires legal title or beneficial title to downed timber in this state.

38105. "Rate adjustment county" means the following counties: Alpine, Del Norte, El Dorado, Glenn, Humboldt, Lassen, Mendocino, Modoc, Nevada, Placer, Plumas, Shasta, Sierra, Siskiyou, Tehama, Trinity, and Yuba.

38106. "Person" includes any individual, firm, copartnership, joint venture, association, social club, fraternal organization, corporation, estate, trust, business trust, receiver, trustee, syndicate, this state, any county, city and county, municipality, district, or other political subdivision of the state, or any other group or combination acting as a unit.

38107. "Tax rate area" means a geographical area in which there is a unique combination of levies.

38108. "Scaling date" means the date when the quantity of timber harvested, by species, is first definitely determined.

Except for national forest timber, the scaling date shall be no later than the date of delivery of the felled trees to the storage or wood-processing area, whichever is first or an alternative approved by the board. For national forest timber, the definitely determined timber volume included in Forest Service, USDA, billing statements to timber sale contract holders shall be the basis for tax payment.

38109. "Immediate harvest value" means the amount that each species or subclassification of timber would sell for on the stump at a voluntary sale made in the ordinary course of business for purposes of immediate harvest. Such immediate harvest values shall be expressed in terms of amount to the nearest dollar per thousand board feet, net Scribner Decimal C log rule, or other unit of measure chosen by the board, and shall be determined in a manner which makes reasonable and adequate allowances for age, size, quality, costs of removal, accessibility to point of conversion, market conditions and all other relevant factors as determined by the board.

For the purposes of this section, the immediate harvest value of Christmas trees shall be the sale price of the Christmas trees in quantities of 100 trees or more in the market area nearest to the place where the trees are cut.

Prior to December 31, 1976, and periodically thereafter as determined by the board, the board in consultation with the Timber Advisory Committee and with the California Division of Forestry and after public hearings, shall adopt rules and regulations establishing a standard unit of measure and establishing conversion

factors which convert prevalent units of measure in use in California to Scribner Decimal C log rule or other unit of measure chosen as a standard.

38110. "Yield tax" means the dollar amount derived by multiplying the net volume of harvested timber by the appropriate immediate harvest value per unit and by the yield tax rate.

CHAPTER 2. IMPOSITION OF THE TAX

38115. A timber yield tax is hereby imposed on every timber owner who harvests his timber or causes it to be harvested on or after April 1, 1977, and on every timber owner of felled or downed timber who acquires title to such felled or downed timber in this state from an exempt person or agency described in Section 38104 after that date, at the rate of 6 percent of the total immediate harvest value of that timber or at such other rate as may be fixed pursuant to Chapter 3 (commencing with Section 38202) of this part. The immediate harvest value shall be determined as of the scaling date.

CHAPTER 3. DETERMINATION OF RATES

38202. On or before December 31, 1978, and December 31 of each subsequent year, after public hearings, the board shall adjust the yield tax rate to the nearest one-tenth of 1 percent in the same proportion that the average rate of general property taxation in the rate adjustment counties in the current tax year differs from the average rate of general property taxation in the rate adjustment counties in the preceding tax year. The board shall compute the average rate of general property taxation in the rate adjustment counties by (a) adding the county, city, school district, and other general taxes, but not the special taxes on intangibles, aircraft, baled cotton or any other property, except real property, which is subject to a uniform statewide tax rate, nor special assessments, and (b) dividing the amount obtained by the total assessed valuation in the rate adjustment counties, exclusive of the homeowners' and business inventory exemptions, as shown by the county tax rolls for the same year.

"Total assessed valuation," as used in this section, does not include the assessments of property which is subject to a uniform statewide tax rate.

"Special assessment" as used in this section, means any amount levied solely against land or land and improvements.

38203. On or before December 31, 1978, and on or before December 31 of each year thereafter, the board shall certify to the Director of Finance and to the Legislature the rate determined pursuant to Section 38202, and such rate shall be the yield tax rate applied under Section 38115 for the 12-month period beginning on the next succeeding January 1.

01258 294215 587

38204. (a) On or before December 31, 1976, the board after consultation with the Timber Advisory Committee and after public hearings held pursuant to the Administrative Procedure Act, shall designate areas containing timber having similar growing, harvesting, and marketing conditions to be used as timber value areas for the preparation and application of immediate harvest values. The board may designate areas for timber standing on lands owned by local agencies and on timberland as defined in Section 51100 of the Government Code and designate separate areas for timber standing on national forest lands owned by the United States government. On or before March 1, 1977, for timber harvested between April 1 and December 31, 1977 and on June 30 and December 31 of each year thereafter for timber harvested during the succeeding two calendar quarters, the board, after consultation with the Timber Advisory Committee, shall estimate the immediate harvest values of each species or subclassification of timber within such areas as of the initial date of the period. Such values shall be determined under rules adopted pursuant to the Administrative Procedure Act from the best evidence available, including (1) gross proceeds from sales on the stump of similar timber of like quality and character at similar locations, or (2) gross proceeds from sales of logs, or of finished products, adjusted to reflect only the portion of such proceeds attributable to value on the stump immediately prior to harvest, or a combination of (1) and (2), and shall be determined in a manner which makes reasonable allowance for differences in age, size, quality, cost of removal, accessibility to point of conversion, market conditions and other relevant factors.

(b) The board, either on its own motion or in response to application from a timber owner, may modify the immediate harvest values to reflect material changes in timber values that result from fire, blowdown, ice storm, flood, disease, insect damage or other cause, for any area in which damaged timber is located. The board shall specify any additional accounting or other requirements to be complied with in reporting and paying the tax on such timber.

38205. The Legislative Analyst shall prepare a report prior to March 1, 1980, which reviews the yield tax rate and revenue distribution mechanisms, and land valuation procedures, for submission to the Legislature and to the Revenue and Taxation Committees in each house. After 1980, an updated report shall be submitted every four years on or before March 1.

The Legislative Analyst shall recommend necessary modifications in the yield tax rate and revenue distribution mechanisms timberland valuation system,, so that timber bears an equitable and proportionate tax share in conformance with the provisions of this chapter, and so that local agencies may be assured of a continual and stable flow of their equitable share of yield tax proceeds. The Legislative Analyst may request from the various counties and agencies of the state whatever information is necessary to facilitate

completion of these reports.

CHAPTER 4. TIMBER RESERVE FUND TAX

38301. A timber reserve fund tax is hereby imposed on every timber owner who harvests his timber or causes it to be harvested on and after April 1, 1977, to and including December 31, 1982, and every timber owner of felled or downed timber who acquires title during that period to such felled or downed timber in this state from an exempt person or agency described in Section 38104, at the rate of 0.5 percent of the total immediate harvest value of that timber, or at such other rate as may be fixed pursuant to Section 38303. This tax is in addition to the tax imposed by Section 38115. The immediate harvest value shall be determined as of the scaling date.

38302. It is not the intent of this part to impose the yield tax or the timber reserve fund tax on two parties for the same timber.

38303. On or before December 31, 1977, and each December thereafter to and including December 31, 1981, the board, after public hearings, shall establish a timber reserve fund tax rate for the 12-month period beginning on the next following January 1. In establishing this rate the board shall estimate the amount of timber which will be harvested during the year for which the rate is to be established and the immediate harvest value of that timber and shall establish a rate which it estimates will produce an amount equal to the amount certified by the Controller pursuant to Section 38907. The board shall certify the rate established under this section to the Director of Finance and the Legislature.

CHAPTER 4.5. REGISTRATION

38351. Every person who owns timber subject to a timber harvest plan, every person who is required to file a notice of timber operations with the State Forester, and every person who is the first person who acquires either legal title or beneficial title to downed timber or timber after it has been felled from land owned by a federal agency or any other person or agency entity exempt from state taxation under the Constitution or laws of the United States or under the Constitution or laws of the State of California shall register with the board giving the name and address of his place of business and the location of the areas where he intends to fell timber or acquire legal title or beneficial title to felled or downed timber.

CHAPTER 5. DETERMINATIONS

Article 1. Returns and Payments

38401. The taxes imposed by this part are due and payable to the board quarterly on or before the last day of the month next

succeeding each quarterly period in which the scaling date for the timber harvested occurs.

38402. On or before the last day of the month following each calendar quarter, a return for the preceding quarterly period shall be filed with the board in such form as the board may prescribe. The return shall include the following information with respect to timber harvested by the timber owner in the preceding calendar quarter: the volume harvested and the number of Christmas trees cut according to each tax rate area, as assigned by the assessor pursuant to Section 4582.8 of the Public Resources Code; the quarter the timber was harvested and the quarter the Christmas trees were cut; the date or dates the timber was scaled; the species; and any other information deemed necessary by the board for the administration of this part. In case the timber is harvested or the Christmas trees are cut from a tax rate area the boundaries of which have been changed, the timber owner shall apportion the volume according to the number of acres in each tax rate area affected by the change according to the number of acres in each from which the timber was harvested. At his request, the board shall provide copies of these returns to the assessor of the county from which the timber was harvested.

38403. The person required to file the return shall deliver the return together with a remittance of the amount of the tax due to the office of the board.

38404. The board if it deems it necessary in order to insure payment to or facilitate the collection by the state of the amount of taxes, may require returns and payment of the amount of taxes for quarterly periods other than calendar quarters, or for other than quarterly periods.

38405. The board for good cause may extend for not to exceed one month the time for making any return or paying any amount required to be paid under this part. The extension may be granted at any time provided a request therefor is filed with the board within or prior to the period for which the extension may be granted.

Any person to whom an extension is granted shall pay, in addition to the tax, interest at the rate of 1 percent per month, or fraction thereof, from the date on which the tax would have been due without the extension until the date of payment.

Article 2. Deficiency Determinations

38411. If the board is not satisfied with the return or returns of the tax or the amount of tax required to be paid to the state by any person, it may compute and determine the amount required to be paid upon the basis of the facts contained in the return or returns or upon the basis of any information within its possession or that may come into its possession. One or more deficiency determinations may be made of the amount due for one or for more than one period.

38412. The amount of the determination, exclusive of penalties, shall bear interest at the rate of 1 percent per month, or fraction thereof, from the last day of the month following the quarterly period for which the amount or any portion thereof should have been returned until the date of payment.

38413. In making a determination the board may offset overpayments for a period or periods, together with interest on the overpayments, against underpayments for another period or periods, against penalties, and against the interest on the underpayments. The interest on underpayments and overpayments shall be computed in the manner set forth in Sections 38451 and 38606.

38414. If any part of the deficiency for which a deficiency determination is made is due to negligence or intentional disregard of this part or authorized rules and regulations, a penalty of 10 percent of the amount of the determination shall be added thereto.

38415. If any part of the deficiency for which a deficiency determination is made is due to fraud or an intent to evade this part or authorized rules and regulations, a penalty of 25 percent of the amount of the determination shall be added thereto.

38416. The board shall give to the person written notice of its determination. The notice may be served personally or by mail; if by mail, service shall be made pursuant to Section 1013 of the Code of Civil Procedure and shall be addressed to the person at his address as it appears in the records of the board, but the service shall be deemed complete at the time of the deposit of the notice in the mail without extension of time for any reason.

38417. Except in the case of fraud, intent to evade this part or authorized rules and regulations, or failure to make a return, every notice of a deficiency determination shall be mailed within three years after the last day of the calendar month following the quarterly period for which the amount is proposed to be determined or within three years after the return is filed, whichever period expires the later. In the case of failure to make a return, every notice of determination shall be mailed within eight years after the last day of the calendar month following the quarterly period for which the amount is proposed to be determined.

38418. In the case of a deficiency arising under this part during the lifetime of a decedent, a notice of deficiency determination shall be mailed within four months after written request therefor, in the form required by the board, by the fiduciary of the estate or trust or by any other person liable for the tax or any portion thereof.

38419. If before the expiration of the time prescribed in Section 38417 for the mailing of a notice of deficiency determination the taxpayer has consented in writing to the mailing of the notice after such time, the notice may be mailed at any time prior to the expiration of the period agreed upon. The period so agreed upon may be extended by subsequent agreements in writing made before the expiration of the period previously agreed upon.

Article 3. Determinations if No Return Made

38421. If any person fails to make a return, the board shall make an estimate of the amount of the total timber harvested by the person and the immediate harvest value of that timber. The estimate shall be made for the period or periods in respect to which the person failed to make a return and shall be based upon any information which is in the board's possession or may come in its possession. Upon the basis of this estimate the board shall compute and determine the amount required to be paid to the state, adding to the sum thus arrived at a penalty equal to 10 percent thereof. One or more determinations may be made for one or for more than one period. When a person discontinues activities subject to the tax, a determination may be made at any time thereafter, within the periods specified in Section 38417, as to liability arising out of the person's activities subject to the tax, irrespective of whether the determination is issued prior to the due date of the liability as otherwise specified in this part.

38422. In making a determination the board may offset overpayments for a period or periods, together with interest on the overpayments, against underpayments for another period or periods, against penalties, and against the interest on the underpayments. The interest on underpayments and overpayments shall be computed in the manner set forth in Sections 38451 and 38606.

38423. The amount of the determination, exclusive of penalties, shall bear interest at the rate of 1 percent per month, or fraction thereof, from the last day of the month following the quarterly period for which the amount or any portion thereof should have been returned until the date of payment.

38424. If the failure of any person to file a return is due to fraud or an intent to evade this part or rules and regulations, a penalty of 25 percent of the amount required to be paid by the person, exclusive of penalties, shall be added thereto in addition to the 10 percent penalty provided in Section 38421.

38425. Promptly after making its determination the board shall give to the person written notice of the estimate, determination, and penalty, the notice to be served personally or by mail in the manner prescribed for service of notice of a deficiency determination.

Article 4. Jeopardy Determinations

38431. If the board believes that the collection of any tax or any amount of tax required to be collected and paid to the state or of any determination will be jeopardized by delay, it shall thereupon make a determination of the tax or amount of tax required to be collected, noting that fact upon the determination. The amount determined is immediately due and payable.

38432. If the amount specified in the determination is not paid

within 10 days after service of notice thereof upon the person against whom the determination is made, the amount becomes final at the expiration of the 10 days, unless a petition for redetermination is filed within the 10 days, and the delinquency penalty and the interest provided in Section 38451 shall attach to the amount of the tax or the amount of the tax required to be collected.

38433. The person against whom a jeopardy determination is made may petition for the redetermination thereof pursuant to Article 5 of this chapter. He shall, however, file the petition for redetermination with the board within 10 days after the service upon him of notice of the determination. The person shall also within the 10-day period deposit with the board such security as it may deem necessary to insure compliance with this part. The security may be sold by the board in the manner prescribed by Section 38501.

38434. Any notice required by this article shall be served personally or by mail in the manner prescribed for service of notice of a deficiency determination.

Article 5. Redeterminations

38441. Any person against whom a determination is made under Articles 2 or 3 of this chapter or any person directly interested may petition for a redetermination within 30 days after service upon the person of notice thereof. If a petition for redetermination is not filed within the 30-day period, the determination becomes final at the expiration of the period.

38442. Every petition for redetermination shall be in writing and shall state the specific grounds upon which the petition is founded. The petition may be amended to state additional grounds at any time prior to the date on which the board issues its order or decision upon the petition for redetermination.

38443. If a petition for redetermination is filed within the 30-day period, the board shall reconsider the determination and, if the person has so requested in his petition, shall grant the person an oral hearing and shall give him 10 days' notice of the time and place of the hearing. The board may continue the hearing from time to time as may be necessary.

38444. The board may decrease or increase the amount of the determination before it becomes final, but the amount may be increased only if a claim for the increase is asserted by the board at or before the hearing. Unless the penalty imposed by Section 38415 or Section 38424 applies to the amount of the determination as originally made or as increased, the claim for increase must be asserted within eight years after the last day of the calendar month following the quarterly period for which the increase is asserted.

38445. The order or decision of the board upon a petition for redetermination becomes final 30 days after service upon the petitioner of notice thereof.

38446. All determinations made by the board under Articles 2 or 3 of this chapter are due and payable at the time they become final. If they are not paid when due and payable, a penalty of 10 percent of the amount of the determination, exclusive of interest and penalties, shall be added thereto.

38447. Any notice required by this article shall be served personally or by mail in the manner prescribed for service of notice of a deficiency determination.

Article 6. Interest and Penalties

38451. Any person who fails to pay any tax to the state or any amount of tax required to be collected and paid to the state, except amounts of determinations made by the board under Articles 2 or 3 of this chapter, within the time required shall pay a penalty of 10 percent of the tax or amount of the tax, in addition to the tax or amount of tax, plus interest at the rate of 1 percent per month, or fraction thereof, from the date on which the tax or the amount of tax required to be collected became due and payable to the state until the date of payment.

38452. If the board finds that a person's failure to make a timely return or payment is due to reasonable cause and circumstances beyond the person's control, and occurred notwithstanding the exercise of ordinary care and the absence of willful neglect, the person may be relieved of the penalty provided by Sections 38421 and 38451.

Any person seeking to be relieved of the penalty shall file with the board a statement under penalty of perjury setting forth the facts upon which he bases his claim for relief.

CHAPTER 6. COLLECTION OF TAXES

Article 1. Security for Tax

38501. The board, whenever it deems it necessary to insure compliance with this part, may require any person subject thereto, to place with it such security as the board may determine. The amount of the security shall be fixed by the board but, except as noted below, shall not be greater than twice the estimated average liability of persons filing returns for quarterly periods or three times the estimated average liability of persons required to file returns for monthly periods, determined in such manner as the board deems proper, or ten thousand dollars ($10,000), whichever amount is the lesser. The limitations herein provided apply regardless of the type of security placed with the board. The amount of the security may be increased or decreased by the board subject to the limitations herein provided. The board may sell the security at public auction if it becomes necessary so to do in order to recover any tax or any

amount required to be collected, interest, or penalty due. Notice of the sale may be served upon the person who placed the security personally or by mail; if by mail, service shall be made in the manner prescribed for service of a notice of a deficiency determination and shall be addressed to the person at his address as it appears in the records of the board. Security in the form of a bearer bond issued by the United States or the State of California which has a prevailing market price may, however, be sold by the board at private sale at a price not lower than the prevailing market price thereof. Upon any sale any surplus above the amounts due shall be returned to the person who placed the security.

38502. If any person is delinquent in the payment of the amount required to be paid by him or in the event a determination has been made against him which remains unpaid, the board may, not later than three years after the payment became delinquent, or within 10 years after the last recording of an abstract under Section 38523 or of a certificate under Section 38532, give notice thereof personally or by registered mail to all persons, including any officer or department of the state or any political subdivision or agency of the state, having in their possession or under their control any credits or other personal property belonging to the delinquent, or person against whom a determination has been made which remains unpaid, or owing any debts to the delinquent or such person. In the case of any state officer, department or agency, the notice shall be given to such officer, department or agency prior to the time it presents the claim of the delinquent taxpayer to the State Controller. After receiving the notice the persons so notified shall neither transfer nor make any other disposition of the credits, other personal property, or debts in their possession or under their control at the time they receive the notice until the board consents to a transfer or disposition or until 60 days elapse after the receipt of the notice, whichever period expires the earlier. All persons so notified shall forthwith after receipt of the notice advise the board of all such credits, other personal property, or debts in their possession, under their control, or owing by them. If such notice seeks to prevent the transfer or other disposition of a deposit in a bank or other credits or personal property in the possession or under the control of a bank, the notice to be effective shall state the amount, interest and penalty due from the person and shall be delivered or mailed to the branch or office of such bank at which such deposit is carried or at which such credits or personal property is held. Notwithstanding any other provision, with respect to a deposit in a bank or other credits or personal property in the possession or under the control of a bank, the notice shall only be effective with respect to an amount not in excess of two times the amount, interest and penalty due from the person. If, during the effective period of the notice to withhold, any person so notified makes any transfer or disposition of the property or debts required to be withheld hereunder, to the extent of the value of the property

or the amount of the debts thus transferred or paid he shall be liable to the state for any indebtedness due under this part from the person with respect to whose obligation the notice was given if solely by reason of such transfer or disposition the state is unable to recover the indebtedness of the person with respect to whose obligation the notice was given.

Article 2. Suit for Tax

38511. At any time within three years after any tax or any amount of tax required to be collected becomes due and payable and at any time within three years after the delinquency of any tax or any amount of tax required to be collected, or within the period during which a lien is in force as the result of the recording of an abstract under Section 38523 or of a certificate under Section 38532 or 38533, the board may bring an action in the courts of this state, of any other state, or of the United States in the name of the people of the State of California to collect the amount delinquent together with penalties and interest.

38512. The Attorney General shall prosecute the action, and the provisions of the Code of Civil Procedure relating to service of summons, pleadings, proofs, trials, and appeals are applicable to the proceedings.

38513. In the action a writ of attachment may issue, and no bond or affidavit previous to the issuing of the attachment is required.

38514. In the action a certificate by the board showing the delinquency shall be prima facie evidence of the determination of the tax or the amount of tax, of the delinquency of the amounts set forth, and of the compliance by the board with all the provisions of this part in relation to the computation and determination of the amounts.

38515. In any action brought under this part process may be served according to the Code of Civil Procedure and the Civil Code of this state or may be served upon any agent or clerk in this state employed by any timber owner place of business maintained by the timber owner in this state. In the latter case a copy of the process shall forthwith be sent by registered mail to the timber owner at his principal or home office.

Article 3. Judgment for Tax

38521. If any amount required to be paid to the state under this part is not paid when due, the board may within three years after the amount is due file in the office of the County Clerk of Sacramento County, or any county, a certificate specifying the amount required to be paid, interest and penalty due, the name and address as it appears on the records of the board of the person liable, the compliance of the board with this part in relation to the

determination of the amount required to be paid, and a request that judgment be entered against the person in the amount required to be paid, together with interest and penalty as set forth in the certificate.

38522. The county clerk immediately upon the filing of the certificate shall enter a judgment for the people of the State of California against the person in the amount required to be paid, together with interest and penalty as set forth in this certificate. The county clerk may file the judgment in a looseleaf book entitled, "Special Judgments for State Timber Yield Tax."

38523. An abstract of the judgment or a copy may be filed for record with the county recorder of any county. From the time of the filing the amount required to be paid together with interest and penalty set forth constitutes a lien upon all the real property in the county owned by the person liable or afterward and before the lien expires acquired by him. The lien has the force, effect, and priority of a judgment lien and shall continue for 10 years from the date of the judgment so entered by the county clerk unless sooner released or otherwise discharged. The lien may within 10 years from the date of the judgment or within 10 years from the date of the last extension of the lien in the manner herein provided, be extended by filing for record in the office of the county recorder of any county an abstract or copy of the judgment and from the time of such filing the lien shall be extended to the real property in such county for 10 years unless sooner released or otherwise discharged.

38524. Execution shall issue upon the judgment upon request of the board in the same manner as execution may issue upon other judgments, and sales shall be held under such execution as prescribed in the Code of Civil Procedure.

Article 4. Priority and Lien of Tax

38531. The amounts required to be paid by any person under this part together with interest and penalties shall be satisfied first in any of the following cases:

(a) Whenever the person is insolvent.

(b) Whenever the person makes a voluntary assignment of his assets.

(c) Whenever the estate of the person in the hands of executors, administrators, or heirs is insufficient to pay all the debts due from the deceased.

(d) Whenever the estate and effects of an absconding, concealed, or absent person required to pay any amount under this part are levied upon by process of law.

This section does not give the state a preference over any recorded lien which attached prior to the date when the amounts required to be paid became a lien.

The preference given to the state by this section shall be

subordinate to the preferences given to claims for personal services by Sections 1204 and 1206 of the Code of Civil Procedure.

38532. If any amount required to be paid to the state under this part is not paid when due, the board may within three years after the amount is due file for record in the office of any county recorder a certificate specifying the amount, interest, and penalty due, the name and address as it appears on the records of the board of the person liable for the same, and the fact that the board has complied with all provisions of this part in the determination of the amount required to be paid. From the time of the filing for record, the amount required to be paid together with interest and penalty constitutes a lien upon all real property in the county owned by the person or afterward and before the lien expires acquired by him. The lien has the force, effect, and priority of a judgment lien and shall continue for 10 years from the time of the filing of the certificate unless sooner released or otherwise discharged. The lien may, within 10 years from the date of the filing of the certificate or within 10 years from the date of the last extension of the lien in the manner herein provided, be extended by filing for record a new certificate in the office of the county recorder of any county and from the time of such filing the lien shall be extended to the real property in such county for 10 years unless sooner released or otherwise discharged.

38533. Within the time allowed in Section 38532 the board may also file a certificate of state tax lien with the Secretary of State pursuant to Chapter 14.5 (commencing with Section 7220) of Division 7 of Title 1 of the Government Code. From the time of the filing of the certificate with the Secretary of State, the amount required to be paid, together with interest and penalty, constitutes a lien upon all personal property in the state owned by the person or afterwards acquired by him until the certificate of state tax lien lapses. A lien imposed by this section shall not be valid as against a purchaser for value without actual knowledge of the lien.

38534. The board may at any time release all or any portion of the property subject to any lien provided for in this part from the lien or subordinate the lien to other liens and encumbrances if it determines that the amount, interest, and penalties are sufficiently secured by a lien on other property or that the release or subordination of the lien will not jeopardize the collection of the amount, interest, and penalties.

38535. The board may release any lien imposed under Section 38532 or 38533 if it finds that the liability represented by the lien, including any interest accrued thereon, is legally unenforceable.

38536. A certificate by the board to the effect that any property has been released from the lien or that the lien has been subordinated to other liens and encumbrances shall be conclusive evidence that the property has been released or that the lien has been subordinated as provided in the certificate.

Article 5. Warrant for Collection of Tax

38541. At any time within three years after any person is delinquent in the payment of any amount herein required to be paid, or within 10 years after the last recording of an abstract under Section 38523 or of a certificate under Section 38532, the board or its authorized representative may issue a warrant for the enforcement of any liens and for the collection of any amount required to be paid to the state under this part. The warrant shall be directed to any sheriff, marshal or constable and shall have the same effect as a writ of execution. The warrant shall be levied and sale made pursuant to it in the same manner and with the same effect as a levy of and a sale pursuant to a writ of execution.

38542. The board may pay or advance to the sheriff, marshal or constable, the same fees, commissions, and expenses for his services as are provided by law for similar services pursuant to a writ of execution. The board, and not the court, shall approve the fees for publication in a newspaper.

38543. The fees, commissions, and expenses are the obligation of the person required to pay any amount under this part and may be collected from him by virtue of the warrant or in any other manner provided in this part for the collection of the tax.

Article 6. Seizure and Sale

38551. At any time within three years after any person is delinquent in the payment of any amount, the board may forthwith collect the amount in the following manner: The board shall seize any property, real or personal, of the person and sell the property, or a sufficient part of it, at public auction to pay the amount due together with any interest or penalties imposed for the delinquency and any costs incurred on account of the seizure and sale.

38552. Notice of the sale and the time and place thereof shall be given to the delinquent person in writing at least 10 days before the date set for the sale in the following manner: The notice shall be enclosed in an envelope addressed to the person at his last known address or place of business in this state. It shall be deposited in the United States mail, postage prepaid. The notice shall also be published for at least 10 days before the date set for the sale in a newspaper of general circulation published in the county in which the property seized is to be sold. If there is no newspaper of general circulation in the county, notice shall be posted in three public places in the county 10 days prior to the date set for the sale. The notice shall contain a description of the property to be sold, a statement of the amount due, including interest, penalties, and costs, the name of the delinquent, and the further statement that unless the amount due, interest, penalties, and costs are paid on or before the time fixed in the notice for the sale, the property, or so much of it as may be

01258 294450 634

necessary, will be sold in accordance with law and the notice.

38553. At the sale the board shall sell the property in accordance with law and the notice and shall deliver to the purchaser a bill of sale for the personal property and a deed for any real property sold. The bill of sale or deed vests the interest or title of the person liable for the amount in the purchaser. The unsold portion of any property seized may be left at the place of sale at the risk of the person liable for the amount.

38554. If upon the sale the moneys received exceed the total of all amounts, including interest, penalties, and costs due the state, the board shall return the excess to the person liable for the amounts and obtain his receipt. If any person having an interest in or lien upon the property files with the board prior to the sale notice of his interest or lien, the board shall withhold any excess pending a determination of the rights of the respective parties thereto by a court of competent jurisdiction. If for any reason the receipt of the person liable for the amount is not available, the board shall deposit the excess moneys with the State Treasurer, as trustee for the owner, subject to the order of the person liable for the amount, his heirs, successors, or assigns.

Article 7. Miscellaneous Provisions

38561. The board shall report to the Controller the amount of collections under this part, and he shall keep a record thereof.

38562. The remedies of the state provided for in this chapter are cumulative, and no action taken by the board or Attorney General constitutes an election by the state to pursue any remedy to the exclusion of any other remedy for which provision is made in this part.

38563. In all proceedings under this chapter the board may act on behalf of the people of the State of California.

CHAPTER 7. OVERPAYMENTS AND REFUNDS

Article 1. Claim for Refund

38601. If the board determines that any amount, penalty, or interest has been paid more than once or has been erroneously or illegally collected or computed, the board shall set forth that fact in the records of the board and shall certify to the State Board of Control the amount collected in excess of the amount legally due and the person from whom it was collected or by whom paid. If approved by the State Board of Control the excess amount collected or paid shall be credited by the board on any amounts then due and payable from the person from whom the excess amount was collected or by whom it was paid under this part, and the balance shall be refunded to the person, or his successors, administrators, or executors.

01258 294465 637

In the case, however, of a determination by the board that an amount not exceeding one thousand dollars ($1,000) was not required to be paid under this part, the board without obtaining approval of the State Board of Control may credit the amount on any amounts then due and payable under this part from the person by whom the amount was paid and may refund the balance to the person or his successors, administrators, or executors.

38602. (a) Except as provided in subdivision (b) no refund shall be approved by the board after three years from the last day of the month following the close of the quarterly period for which the overpayment was made, or, with respect to determinations made under Article 2, 3 or 4 of Chapter 5 of this part, after six months from the date the determinations become final, or after six months from the date of overpayment, whichever period expires the later, unless a claim therefor is filed with the board within such period. No credit shall be approved by the board after the expiration of such period unless a claim for credit is filed with the board within such period, or unless the credit relates to a period for which a waiver is given pursuant to Section 38419.

(b) A refund may be approved by the board for any period for which a waiver is given under Section 38419 if a claim therefor is filed with the board before the expiration of the period agreed upon.

38603. Every claim shall be in writing and shall state the specific grounds upon which the claim is founded.

38604. Failure to file a claim within the time prescribed in this article constitutes a waiver of any demand against the state on account of overpayment.

38605. Within 30 days after disallowing any claim in whole or in part the board shall serve notice of its action on the claimant in the manner prescribed for service of notice of a deficiency determination.

38606. Interest shall be paid upon any overpayment of any amount of tax at the rate of 1 percent per month from the last day of the calendar month following the quarterly period for which the overpayment was made; but no refund or credit shall be made of any interest imposed upon the person making the overpayment with respect to the amount being refunded or credited.

The interest shall be paid:

(a) In the case of a refund, to the last day of the calendar month following the date upon which the person making the overpayment, if he has not already filed a claim, is notified by the board that a claim may be filed or the date upon which the claim is approved by the board, whichever date is the earlier.

(b) In the case of a credit, to the same date as that to which interest is computed on the tax or amount against which the credit is applied.

38607. (a) If the board determines that any overpayment has been made intentionally or by reason of carelessness, it shall not

allow any interest thereon.

(b) If any person who has filed a claim for refund requests the board to defer action on the claim, the board, as a condition to deferring action, may require the claimant to waive interest for the period during which the person requests the board to defer action on the claim.

Article 2. Suit for Refund

38611. No injunction or writ of mandate or other legal or equitable process shall issue in any suit, action, or proceeding in any court against this state or against any officer of the state to prevent or enjoin the collection under this part of any tax or any amount of tax required to be collected.

38612. No suit or proceeding shall be maintained in any court for the recovery of any amount alleged to have been erroneously or illegally determined or collected unless a claim for refund or credit has been duly filed pursuant to Article 1 of this chapter.

38613. Within 90 days after the mailing of the notice of the board's action upon a claim filed pursuant to Article 1 of this chapter, the claimant may bring an action against the board on the grounds set forth in the claim in a court of competent jurisdiction in any city or city and county of this state in which the Attorney General has an office for the recovery of the whole or any part of the amount with respect to which the claim has been disallowed.

Failure to bring action within the time specified constitutes a waiver of any demand against the state on account of alleged overpayments.

38614. If the board fails to mail notice of action on a claim within six months after the claim is filed, the claimant may, prior to the mailing of notice by the board of its action on the claim, consider the claim disallowed and bring an action against the board on the grounds set forth in the claim for the recovery of the whole or any part of the amount claimed as an overpayment.

38615. If judgment is rendered for the plaintiff, the amount of the judgment shall first be credited on any timber yield tax or timber reserve fund tax due and payable from the plaintiff. The balance of the judgment shall be refunded to the plaintiff.

38616. In any judgment, interest shall be allowed at the rate of 12 percent per annum upon the amount found to have been illegally collected from the date of payment of the amount to the date of allowance of credit on account of the judgment or to a date preceding the date of the refund warrant by not more than 30 days, the date to be determined by the board.

38617. A judgment shall not be rendered in favor of the plaintiff in any action brought against the board to recover any amount paid when the action is brought by or in the name of an assignee of the person paying the amount or by any person other than the person

who paid the amount.

Article 3. Recovery of Erroneous Refunds

38621. The Controller may recover any refund or part thereof which is erroneously made and any credit or part thereof which is erroneously allowed in an action brought in a court of competent jurisdiction in the County of Sacramento in the name of the people of the State of California.

38622. The action shall be tried in the County of Sacramento unless the court with the consent of the Attorney General orders a change of place of trial.

38623. The Attorney General shall prosecute the action, and the provisions of the Code of Civil Procedure relating to service of summons, pleadings, proofs, trials, and appeals are applicable to the proceedings.

Article 4. Cancellations

38631. If any amount in excess of one thousand dollars ($1,000) has been illegally determined either by the person filing the return or by the board, the board shall set forth that fact in its records and certify to the State Board of Control the amount determined to be in excess of the amount legally due and the person against whom the determination was made. If the State Board of Control approves, it shall authorize the cancellation of the amount upon the records of the board. If an amount not exceeding one thousand dollars ($1,000) has been illegally determined either by the person filing a return or by the board, the board without certifying this fact to the State Board of Control shall authorize the cancellation of the amount upon the records of the board.

CHAPTER 8. ADMINISTRATION

38701. The board shall enforce the provisions of this part and may prescribe, adopt, and enforce rules and regulations relating to the application, administration and enforcement of this part. The board may prescribe the extent to which any ruling or regulation shall be applied without retroactive effect.

38702. The board may employ accountants, auditors, appraisers, investigators, assistants, and clerks necessary for the efficient administration of this part and may designate representatives to conduct hearings, prescribe regulations, or perform any other duties imposed by this part or other laws of this state upon the board.

38703. Every timber owner shall keep such records, receipts, invoices, and other pertinent papers in such form as the board may require by rules or regulations.

38704. The board or any person authorized in writing by it may

01258 294515 647

examine the books, papers, records, and timber of any timber owner or timber operator as defined in Section 4526.5 of the Public Resources Code and may investigate the character of the business of the person in order to verify the accuracy of any return made, or, if no return is made by the person, to ascertain and determine the amount required to be paid.

38705. Except as provided in Section 38402, it is unlawful for the board or any person having an administrative duty under this part to make known in any manner whatever the business affairs, operations, or any other information pertaining to any timber owner or any other person required to report to the board or pay a tax pursuant to this part, or the amount or source of income, profits, losses, expenditures, or any particular thereof, set forth or disclosed in any return, or to permit any return or copy thereof or any book containing any abstract or particulars thereof to be seen or examined by any person. However, the Governor may, by general or special order, authorize examination by other state officers, by tax officers of another state, by the federal government, if a reciprocal arrangement exists, or by any other person of the records maintained by the board under this part. The information so obtained pursuant to the order of the Governor shall not be made public except to the extent and in the manner that the order may authorize that it be made public.

CHAPTER 9. VIOLATIONS AND RES JUDICATA

38801. Any timber owner or other person who fails or refuses to furnish any return required to be made, or who fails or refuses to furnish a supplemental return or other data required by the board, is guilty of a misdemeanor and subject to a fine of not exceeding five hundred dollars ($500) for each offense, or be imprisoned for not exceeding one year in the county jail, or be subject to both the fine and imprisonment in the discretion of the court.

38802. Any person required to make, render, sign, or verify any report who makes any false or fraudulent return, with intent to defeat or evade the determination of an amount due required by law to be made is guilty of a misdemeanor. He shall for each offense be fined not less than three hundred dollars ($300) and not more than five thousand dollars ($5,000), or be imprisoned for not exceeding one year in the county jail, or be subject to both the fine and imprisonment in the discretion of the court.

38803. Any violation of this part, except as otherwise provided, is a misdemeanor.

38804. Any prosecution for violation of any of the penal provisions of this part shall be instituted within three years after the commission of the offense.

38805. In the determination of any case arising under this part the rule of res judicata is applicable only if the liability involved is for

the same quarterly period as was involved in another case previously determined.

CHAPTER 10. DISPOSITION OF PROCEEDS

38901. All taxes, interest and penalties imposed and all amounts of tax required to be paid under this part shall be made in remittances to the State Board of Equalization and shall be deposited in the State Treasury as provided in this chapter.

38902. All taxes paid or collected pursuant to Section 38301 shall be deposited in the Timber Tax Reserve Fund, which is hereby created. The money in the fund is hereby appropriated to pay refunds authorized by this part of taxes paid or collected pursuant to Section 38301 and to the Controller to allocate as provided in this chapter.

38903. All taxes, interest, penalties and other amounts collected pursuant to this part, except the amounts paid or collected pursuant to Section 38301 shall be deposited in the Timber Tax Fund, which is hereby created.

38903.1. All interest accruing for amounts deposited in the Timber Tax Fund and the Timber Tax Reserve Fund shall be deposited in the Timber Tax Fund.

38904. The money in the Timber Tax Fund is appropriated as follows:

(a) To reimburse the General Fund for funds advanced for costs incurred by the board in administration of this part as follows:

(1) Five hundred twenty-nine thousand eight hundred fourteen dollars ($529,814) for fiscal years 1975–76 and 1976–77.

(2) Amounts identified and approved in subsequent fiscal years as approved in the normal budget process.

(b) To reimburse the General Fund for funds advanced for costs incurred by the State Forester in administration of Section 4582.8 of the Public Resources Code as follows:

(1) Thirteen thousand five hundred dollars ($13,500) for fiscal year 1975–76 and 1976–77.

(2) Amounts identified and approved if subsequent fiscal years as approved in the normal budget process.

(c) To the Controller to allocated pursuant to Section 38905.

38905. (a) The Controller shall transmit to the county treasurer 100 percent of the annual yield tax revenue guarantee certified pursuant to either subdivision (c) or (e) of Section 27423 of the Government Code for the 1977–78 fiscal year and each fiscal year thereafter, less the county's proportional share of the annual costs incurred under subdivisions (a) and (b) of Section 38904. Such proportional share shall be the ratio of each county's share, determined pursuant to subdivision (c) or (e) of Section 27423 of the Government Code, to the total of such shares in the state. These amounts shall be distributed on the following dates of the fiscal year

01258 294545 653

for which they are made: 50 percent on November 30, and 50 percent on May 31. The county treasurer shall allocate moneys received under this subdivision among taxing agencies in the proportions accorded the respective agencies in the county's annual yield tax revenue guarantee as certified pursuant to either subdivision (c) or (e) of Section 27423 of the Government Code.

(b) The Controller shall transmit to the Timber Tax Reserve Fund the balance of any money in the Timber Tax Fund on June 1, 1978, and on June 1 of each year thereafter following allocation pursuant to subdivision (a); provided, that any money above the balance of eight million dollars ($8,000,000) in the Timber Tax Reserve Fund shall be distributed by the Controller as provided in subdivision (a) of Section 38906, and county treasurers shall then distribute receipts as provided in subdivision (b) of Section 38906.

(c) In the event that the balance in the Timber Tax Fund is insufficient to make an allocation provided for in this section, the Controller shall transfer sufficient money to the fund from the Timber Tax Reserve Fund to make the allocation. In the event that there are insufficient funds in the Timber Tax Reserve Fund required to make the allocations provided in this section, each county's share shall be reduced pro rata, but any such reduction shall be restored in subsequent allocations.

38906. (a) On June 1, 1978, and on June 1 of each year thereafter, the Controller shall transmit the balance of any money in the Timber Tax Reserve Fund in accordance with subdivision (b) of Section 38905 to the treasurer of each county in the proportion that the total taxes collected under this part in all previous quarters in that county bears to the total taxes collected in the state for the same period; provided that for all quarters beginning on or after October 1, 1982, such computation shall be made with respect to the previous 20 quarters. The transmittal to a county shall be accompanied by a tabulation showing the tax collections arising in each of the county's tax code areas, to govern distribution of moneys.

(b) Upon receipt of funds pursuant to subdivision (a), the county treasurer shall within 10 days distribute the funds among the agencies levying taxes or ad valorem special assessments in each tax code area, in the proportion that each taxing agency's harvest factor calculated pursuant to subdivision (c) bears to the sum of the harvest factors for all taxing agencies in the county.

(c) On or before June 1, 1978, and each June 1, thereafter, the county auditor shall compute, and shall provide such to the State Controller, a schedule setting forth for each taxing agency or portion thereof lying within such county:

(1) The average of the aggregate value of all timber harvested within such district in each of the immediately preceding four quarters for 1978, eight quarters for 1979, and 12 quarters for 1980, and thereafter, as determined from the yield tax returns filed with the board;

01258 294560 656

(2) The aggregate dollar rate calculated pursuant to Section 2151 and actually utilized the immediately preceding October in extending real property taxes upon the tax rolls;

(3) A "harvest factor" which is the product of such quarterly average and such dollar rate; and

(4) The proportion that each taxing agency's harvest factor bears to the sum of the harvest factors for all taxing agencies in the county.

(d) In determining the harvest factor in subdivision (a), the auditor shall adjust for boundary changes as of the last lien date, and may require from the county information on boundary changes necessary to make such alterations. In establishing the harvest factor for a new district, an auditor shall assume that yield taxes have been collected within boundaries of the new district for the previous 12 quarters.

38907. On or before December 1, 1979, and each December 1 each year thereafter until December 1, 1981, the Controller shall certify to the State Board of Equalization the amount necessary to restore any deficient allocations as provided for in subdivision (c) of Section 38905, plus the difference between five million dollars ($5,000,000) and the current balance of the Timber Tax Reserve Fund.

38908. Local governmental entities which are allocated funds pursuant to Section 38905 or 38906 may expend such funds without restriction.

SEC. 14. Section 12400 of the Welfare and Institutions Code is amended to read:

For the fiscal year 1973–74, each county's share shall be 45 percent of the amount specified in the above table for the particular county. Beginning with the fiscal year 1975–76, the amount payable by each county in each subsequent year shall be determined by multiplying

the 1974–75 base-year amount by the ratio of the county's modified assessed value in the subsequent year to the county's modified assessed value in the base year.

(b) The term "modified assessed value" means the total of (1) the taxable assessed value of state-assessed property and the exempt assessed value of partially or totally exempt state-assessed property on which tax losses are reimbursed by the state and (2) the product of the factor prescribed in Section 17261 of the Education Code times the sum of (i) the taxable assessed value of county-assessed property, (ii) the exempt assessed value of partially or totally exempt county-assessed property on which tax losses are reimbursed by the state, and (iii) the sum of assessed valuation equivalents of revenue amounts certified pursuant to Section 27423 of the Government Code and Section 38905 of the Revenue and Taxation Code. The assessed valuation equivalents of Section 27423 of the Government Code and Section 38905 of the Revenue and Taxation Code shall be derived by multiplying such amounts by a factor of 100 and dividing the product by the county's secured tax rate for the prior year.

The State Controller shall determine the amount payable by each particular county in subsequent fiscal years under this section.

(c) The counties' share toward the cost of care and administration provided under this chapter shall be paid to the state monthly.

SEC. 15. Section 14150 of the Welfare and Institutions Code is amended to read:

14150. (a) For the 1971–72 fiscal year, the county share toward the cost of care and administration provided under this chapter shall be the amount specified for the particular county in the following table:

The amount payable by each county in each subsequent year beginning with the 1972–73 fiscal year shall be determined by multiplying the base-year amount by the ratio of the county's modified assessed value in the subsequent year to the county's modified assessed value in the base year. The term "modified assessed value" means the total of (a) the taxable assessed value of state-assessed property and the exempt assessed value of partially or totally exempt state-assessed property on which tax losses are

reimbursed by the state and (b) the product of the factor prescribed in Section 17261 of the Education Code times the sum of (1) the taxable assessed value of county-assessed property, (2) the exempt assessed value of partially or totally exempt county-assessed property on which tax losses are reimbursed by the state, and (3) the sum of the assessed valuation equivalents of revenue amounts certified pursuant to Section 27423 of the Government Code and Section 38905 of the Revenue and Taxation Code. The assessed valuation equivalents of Section 27423 of the Government Code and Section 38905 of the Revenue and Taxation Code shall be derived by multiplying such amounts by a factor of 100 and dividing the product by the county's secured tax rate for the prior year.

The State Controller shall determine the amount payable by each particular county in subsequent fiscal years under this section.

(b) As used in this section, the terms "eligible" and "eligibles" mean all persons who are public assistance recipients, and all persons eligible under Sections 14005.2, 14005.3, 14005.4, and 14005.6, and all persons eligible under Section 14005.7 who are certified for Medi-Cal coverage by the department.

(c) The counties' share toward the cost of care and administration provided under this chapter shall be paid to the state monthly.

(d) Notwithstanding the provisions of Sections 5707, 5709.5, 5710, and 5714 of the Welfare and Institutions Code, payment for the costs of health care services provided under Part 2, Division 5, of the Welfare and Institutions Code, the Short-Doyle Act, shall be made in accordance with the provisions of this section.

(e) Notwithstanding the provisions of Section 7511 of the Welfare and Institutions Code, payment for the share of costs of health care services provided under Chapter 4, Division 7, of the Welfare and Institutions Code, shall be made in accordance with the provisions of this section.

SEC. 16. Section 14150.5 of the Welfare and Institutions Code is amended to read:

14150.5. Notwithstanding the provisions of Section 14150, commencing with the 1974–75 fiscal year, no county shall be required to pay as the county share toward the cost of care and administration in any fiscal year under Section 14150 an amount which would exceed the amount produced by a property tax rate of sixty cents ($0.60) per one hundred dollars ($100) of modified assessed value of property in the county for the 1974–75 fiscal year and for each subsequent fiscal year. The term "modified assessed value" means the total of (a) the taxable assessed value of state-assessed property and the exempt assessed value of partially or totally exempt state-assessed property on which tax losses are reimbursed by the state and (b) the product of the factor prescribed in Section 17261 of the Education Code times the sum of (1) the taxable assessed value of county-assessed property, (2) the exempt assessed value of partially or totally exempt county-assessed property on which tax losses are reimbursed by the

state, and (3) the sum of the assessed valuation equivalents of revenue amounts certified pursuant to Section 27423 of the Government Code and Section 38905 of the Revenue and Taxation Code. The assessed valuation equivalents of Section 27423 of the Government Code and Section 38905 of the Revenue and Taxation Code shall be derived by multiplying such amounts by a factor of 100 and dividing the product by the county's secured tax rate for the prior year.

Any relief to the county under this section shall be first used to reduce the amount owing by any county of the 15th class to the state under the Medi-Cal program.

SEC. 17. The Legislature finds and declares that the yield tax imposed by this act is a state tax which is authorized under subdivision (j) of Section 3 of Article XIII of the Constitution for the state purpose of encouraging the continued use of timberlands for the production of trees for timber products. In doing so, the public policy of the state as expressed in the Constitution will be entirely fulfilled and the state as a whole will benefit. The yield tax is in lieu of all ad valorem property taxes on timber.

SEC. 18. There is hereby appropriated from the General Fund to the State Forester thirteen thousand five hundred dollars ($13,500).

SEC. 19. There is hereby appropriated from the General Fund to the State Board of Equalization five hundred twenty-nine thousand eight hundred fourteen dollars ($529,814).

SEC. 20. Notwithstanding Section 2229 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be any appropriation made because this act provides replacement revenues for all property tax revenue reductions resulting from this act.

SEC. 21. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be any appropriation made by this act because there are savings as well as costs in this act which, in the aggregate, do not result in significant identifiable cost changes.

SEC. 22. This act shall become operative immediately to the extent necessary to administratively implement its provisions; however the property tax assessment provisions shall be applicable to assessments for the 1977–78 fiscal year and thereafter, and the tax imposed pursuant to Section 13 of this act shall be applied on and after April 1, 1977.

SEC. 23. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that the property tax provisions of this act may be applicable on the lien date in 1977 and the yield tax may be applicable on April 1, 1977, it is necessary that the administrative

provisions of this act become operative at the earliest possible time. Such early operation will insure an orderly transition to a new method of taxing timber and timberland and avoid any interruption of revenues to local agencies.

CHAPTER 177

An act to amend Section 15001 of, and to add Section 15001.5 to, the Health and Safety Code, relating to seismic structural safety requirements for hospital buildings, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 26, 1976. Filed with Secretary of State May 27, 1976.]

The people of the State of California do enact as follows:

SECTION 1. Section 15001 of the Health and Safety Code is amended to read:

15001. (a) "Hospital building," as used in this chapter, shall include any building not specified in subdivision (b) which is used, or designed to be used, for a health facility of a type required to be licensed pursuant to Chapter 2 (commencing with Section 1250) of Division 2.

(b) "Hospital building" shall not include any of the following:

(1) Any building in which only outpatient services are provided and which is not physically attached to a building in which inpatient services are provided.

SEC. 2. Section 15001.5 is added to the Health and Safety Code, to read:

15001.5. New construction of buildings specified in paragraphs (2) and (3) of subdivision (b) of Section 15001 shall conform to the provisions of the latest edition of the Uniform Building Code of the International Conference of Building Officials. A structural engineer shall submit a declaration that, in his opinion and to the best of his knowledge, the design and construction of such buildings comply with such standards. The declaration of the structural engineer shall be transmitted to the state department and shall additionally include an assessment of the nature of the site and the potential for earthquake damage based upon engineering investigation by competent personnel.

01843 2955 673

For the purposes of Section 1265.8, the state department shall be deemed to have approved the construction of any building subject to the requirements of this section for which a declaration meeting such requirements has been received by the department.

The Legislature recognizes the relative safety of single-story, wood frame construction for use in housing patients requiring skilled nursing and intermediate care services and it is, therefore, the intent of the Legislature to provide for reasonable flexibility in seismic safety standards for such structures.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to revise the term "hospital building" in the law relating to seismic safety requirements at the earliest opportunity, it is necessary that this act take immediate effect.

The people of the State of California do enact as follows:

SECTION 1. Section 14002 of the Elections Code, as amended by Section 2.2 of Chapter 1203 of the Statutes of 1975, is repealed.

SEC. 2. Section 14002 of the Elections Code, as amended by Section 2.3 of Chapter 1203 of the Statutes of 1975, is amended to read:

14002. The county clerk shall furnish to the election officers:

(a) Printed copies of the indexes.

(b) Necessary printed blanks for the roster, tally sheets, lists of voters, declarations and returns.

(c) Envelopes in which to enclose the returns.

(d) Not less than six nor more than 12 instruction cards to each

On each card shall be printed necessary instructions and the provisions of Sections 14011, 14012, 14211, 14212, 14407, 14408, 14416, 14418, 14420, 14422, 14432, 14433, 14434, 14435, 17002, 17003, 17009, 17011, 17013, 17014, 17015, and 29001.

(e) A digest of the election laws with any further instructions the county clerk may desire to make.

(f) In addition the county clerk, with the approval of the board of supervisors, may furnish the original books of affidavits of registration or other material necessary to verify signatures to the elections office.

SEC. 3. Section 14004 of the Elections Code is amended to read:

14004. All officers required by law to designate polling places shall furnish the polling places with:

(a) An American Flag of such size as may be determined by the board of supervisors, to be erected at or near each polling place within the county.

(b) A ballot box, to be marked on the outside "general ballots."

(c) When any city officers are to be elected, a second ballot box, to be marked on the outside "municipal ballots."

(d) A sufficient number of places, booths, or compartments, at or in which voters may conveniently mark their ballots, so that they may be screened from the observation of others.

Each place, compartment, or booth shall be so adjusted as to conceal from any observation the voter's marking of the ballot.

(e) Several inkpads and several stamps for each booth. The stamp shall be one solid piece and shall be made so that a cross (+) may be made with either end.

(f) When a candidate or candidates have qualified to have his or their names counted pursuant to Chapter 8.5 (commencing with Section 18600) of Division 10, a sufficient number of writing instruments in the voting booths for the purpose of writing in on the ballot the name of such candidate or candidates.

SEC. 4. Section 14009 of the Elections Code is amended to read:

14009. The precinct board shall not furnish for use in the voting compartments any means or method by which a ballot may be marked other than those required by subdivisions (e) and (f) of Section 14004.

SEC. 5. Section 14010 of the Elections Code is amended to read:

14010. Nothing contained in this chapter shall prevent a voter from using a writing instrument as specified in subdivision (f) of Section 14004 for the purposes of writing on the ballot the name of any candidate for whom he desires to vote.

SEC. 6. Section 25.5 of Chapter 1205 of the Statutes of 1975 is repealed.

SEC. 7. Section 14215.5 of the Elections Code, as added by Chapter 704 of the Statutes of 1975, is amended to read:

14215.5. Notwithstanding the provisions of Section 14215, the

roster to be kept by each precinct board may be in the form of an index to the affidavits of registration for that precinct. Such index shall provide space of sufficient size to allow each voter to sign his name pursuant to Section 14402.

SEC. 8. Section 7 of this act shall become operative on July 1, 1976.

SEC. 9. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to this section nor shall there be any appropriation made by this act because the additional net costs, if any, imposed on local government by this act are insignificant in nature and will not place any financial burden on local government.

SEC. 10. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to avoid confusion in the June 1976 direct primary election it is necessary that this act take immediate effect.

CHAPTER 190

An act relating to the City of Marina, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 28, 1976. Filed with Secretary of State May 28, 1976.]

The people of the State of California do enact as follows:

SECTION 1. Notwithstanding the provisions of Sections 54902 and 54903 of the Government Code, the dissolution of the Marina Fire Protection District shall be effective for assessment and taxation purposes for the 1976–1977 fiscal year if the map and statement required by Sections 54902 and 54903 are filed as provided therein on or before July 1, 1976.

SEC. 2. Notwithstanding the provisions of Chapter 3 (commencing with Section 2201) of Part 4, Division 1 of the Revenue and Taxation Code, the maximum property tax rate for the City of Marina shall be one dollar and fifty-five cents ($1.55) per one hundred dollars ($100) of assessed value. Such rate shall apply beginning with the 1976–1977 fiscal year and may thereafter be adjusted as provided in Chapter 3 (commencing with Section 2201) of Part 4, Division 1 of the Revenue and Taxation Code.

This section shall become operative on the date on which the map and statement certifying the dissolution of the Marina Fire Protection District has been filed as provided in Section 1 of this act.

SEC. 3. The Legislature finds and declares that due to an

02951 295390 750

oversight no maximum property tax rate was established for the City of Marina at the election on the incorporation of such city; that an additional election to establish such maximum property tax rate would be unduly costly to the taxpayers of such city; that a maximum property tax rate of one dollar and fifty-five cents ($1.55) represents the aggregate of property tax rates levied by various special districts which formerly provided services to the area now served by the City of Marina and which are currently being dissolved; and that a maximum property tax rate of one dollar and fifty-five cents ($1.55) should be authorized for such city when the last of such districts, the Marina Fire Protection District, has been dissolved.

SEC. 4. The Legislature finds and declares that the maximum property tax rate of one dollar and fifty-five cents ($1.55), authorized for the City of Marina by Section 2 of this act, represents the aggregate property tax rates levied during the current fiscal year by the various special districts providing services to the area to be served by the City of Marina; and that consequently enactment of Section 2 of this act will not alter or otherwise affect the amount of state reimbursement to local governments for property tax losses caused by the homeowners' property tax exemption.

SEC. 5. The Legislature further finds and declares that the circumstances which would otherwise prevent the City of Marina from levying a property tax for the 1976–77 fiscal year are unique and cannot be addressed by a general statute.

SEC. 6. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be any appropriation made by this act because the duties, obligations or responsibilities imposed on local government by this act are minor in nature and will not place any financial burden on local government.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order for the City of Marina to be authorized to levy a property tax for the 1976–1977 fiscal year, it is necessary that this act take immediate effect.

CHAPTER 191

An act to amend Section 13113 of the Health and Safety Code, relating to fire protection, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 28, 1976 Filed with Secretary of State May 28, 1976]

The people of the State of California do enact as follows:

SECTION 1. Section 13113 of the Health and Safety Code is amended to read:

13113. (a) Except as otherwise provided in this section, no person, firm, or corporation shall establish, maintain, or operate any hospital, children's home, children's nursery, or institution, or a home or institution for the care of aged or senile persons, or any sanitarium or institution for insane or mentally retarded persons and any nursing or convalescent home, wherein more than six guests or patients are housed or cared for on a 24-hour-per-day basis unless there is installed and maintained in an operable condition in every building or portion thereof where patients or guests are housed an automatic sprinkler system approved by the State Fire Marshal.

(b) Any hospital, children's home, children's nursery, or institution, or any home or institution for the care of aged or senile persons, or any sanitarium or institution for insane or mentally retarded persons, or any nursing or convalescent home under construction or in existence and operating on March 4, 1972, which does not meet the requirements of this section, may operate or continue to operate without meeting such requirements until June 30, 1976. In no event shall the continued use of such facilities extend beyond that date, unless an approved automatic sprinkler system as required by this section has been installed or is in the process of being installed in accordance with the schedule set forth in subdivision (f).

(c) This section shall not apply to homes or institutions for the 24-hour-per-day care of ambulatory children if all of the following conditions are satisfied:

(1) The buildings or portions thereof in which such children are housed are not more than two stories in height and are constructed and maintained in accordance with regulations adopted by the State Fire Marshal pursuant to Section 13143.

(2) The buildings or portions thereof housing more than six such children shall have installed and maintained in an operable condition therein a fire alarm system of a type approved by the State Fire Marshal. Such system shall be activated by detectors responding to invisible products of combustion other than heat.

(3) The buildings or portions thereof do not house mentally ill or mentally retarded children.

(d) This section shall not apply to any one-story building or structure of an institution or home for the care of the aged providing 24-hour-per-day care if such building or structure is used or intended to be used for the housing of no more than six ambulatory aged persons. However, such buildings or institutions shall have installed and maintained in an operable condition therein a fire alarm system of a type approved by the State Fire Marshal. Such system shall be activated by detectors responding to products of combustion other than heat.

(e) This section shall not apply to occupancies, or any alterations

thereto, of type I construction, as defined by the State Fire Marshal, under construction or in existence on March 4, 1972.

(f) Any facility exempted from the requirements of subdivision (a) until June 30, 1976, by subdivision (b) may continue to operate without having therein an operational automatic sprinkler system approved by the State Fire Marshal if the installation of such a system, or the installation of an approved fire alarm system as authorized by subdivision (c) or (d), is commenced prior to June 30, 1976, and completed on or before December 31, 1976. Installation shall be deemed commenced for purposes of this subdivision when the facility has completed all of the following:

(1) Submitted to the state department a written contract with a licensed contractor for installation of such an automatic sprinkler system or fire alarm system in accordance with plans and specifications approved by the State Fire Marshal. The contract shall require the contractor to complete such installation within six months of the date of execution thereof and not later than December 31, 1976.

(2) Obtained all necessary permits and other governmental approvals required by law for the commencement of such installation.

(3) The contractor has commenced performance under the contract and has performed onsite work thereunder.

(g) "Under construction," as used in this section, means that actual work shall have been performed on the construction site and shall not be construed to mean that the hospital, home, nursery, institution, sanitarium or any portion thereof, is in the planning stage.

SEC. 2. Section 13113 of the Health and Safety Code, as amended by Section 1 of Senate Bill No. 1342, is amended to read:

13113. (a) Except as otherwise provided in this section, no person, firm, or corporation shall establish, maintain, or operate any hospital, children's home, children's nursery, or institution, or a home or institution for the care of aged or senile persons, or any sanitarium or institution for insane or mentally retarded persons and any nursing or convalescent home, wherein more than six guests or patients are housed or cared for on a 24-hour-per-day basis unless there is installed and maintained in an operable condition in every building or portion thereof where patients or guests are housed an automatic sprinkler system approved by the State Fire Marshal.

(b) Any hospital, children's home, children's nursery, or institution, or any home or institution for the care of aged or senile persons, or any sanitarium or institution for insane or mentally retarded persons, or any nursing or convalescent home under construction or in existence and operating on March 4, 1972, which does not meet the requirements of this section, may operate or continue to operate without meeting such requirements until June 30, 1976. In no event shall the continued use of such facilities extend

beyond that date, unless an approved automatic sprinkler system as required by this section has been installed or is in the process of being installed in accordance with the schedule set forth in subdivision (f).

(c) This section shall not apply to homes or institutions for the 24-hour-per-day care of ambulatory children if all of the following conditions are satisfied:

(1) The buildings or portions thereof in which such children are housed are not more than two stories in height and are constructed and maintained in accordance with regulations adopted by the State Fire Marshal pursuant to Section 13143.

(2) The buildings or portions thereof housing more than six children shall have installed and maintained in an operable condition therein a fire alarm system of a type approved by the State Fire Marshal. Such system shall be activated by detectors responding to invisible products of combustion other than heat.

(3) The buildings or portions thereof do not house mentally ill or mentally retarded children.

(d) This section shall not apply to any one-story building or structure of an institution or home for the care of the aged providing 24-hour-per-day care if such building or structure is used or intended to be used for the housing of no more than six ambulatory aged persons. However, such buildings or institutions shall have installed and maintained in an operable condition therein a fire alarm system of a type approved by the State Fire Marshal. Such system shall be activated by detectors responding to products of combustion other than heat.

(e) This section shall not apply to occupancies, or any alterations thereto, of type I construction, as defined by the State Fire Marshal, under construction or in existence on March 4, 1972.

(f) Any facility exempted from the requirements of subdivision (a) until June 30, 1976, by subdivision (b) may continue to operate without having therein an operational automatic sprinkler system approved by the State Fire Marshal if the installation of such a system, or the installation of an approved fire alarm system as authorized by subdivision (c) or (d), is commenced prior to June 30, 1976, and completed on or before December 31, 1976. Installation shall be deemed commenced for purposes of this subdivision when the facility has completed all of the following:

(1) Submitted to the state department a written contract with a licensed contractor for installation of such an automatic sprinkler system or fire alarm system in accordance with plans and specifications approved by the State Fire Marshal. The contract shall require the contractor to complete such installation within six months of the date of execution thereof and not later than December 31, 1976.

(2) Obtained all necessary permits and other governmental approvals required by law for the commencement of such installation.

4 1480 29 5 455 763

(3) The contractor has commenced performance under the contract and has performed onsite work thereunder.

(g) This section shall not apply to the continuing use of an existing hospital which is to be replaced by the construction of another facility, during the period of time required to complete construction of the replacement hospital and make it available for occupancy without unreasonable delay, as determined by the state department, and which shall not in any case exceed three years from the date the actual work of construction is commenced, provided each of the following conditions is satisfied:

(1) The governing body or board of the hospital, on or before June 30, 1976, files with the state department a letter of intent to replace the existing facility with a new facility, the construction of which is planned to commence prior to December 31, 1976.

(2) On or before June 30, 1976, plans for the replacement facility are approved pursuant to Chapter 1 (commencing with Section 15000) of Division 12.5, approved by the State Fire Marshal or local enforcement agency as meeting applicable requirements of this chapter and regulations adopted hereunder, and approved by the state department pursuant to its regulations and procedures governing plan review.

(3) The replacement facility is under construction prior to December 31, 1976.

(h) "Under construction," as used in this section, means that actual work shall have been performed on the construction site and shall not be construed to mean that the hospital, home, nursery, institution, sanitarium or any portion thereof, is in the planning stage.

SEC. 3. On the effective date of this act, the sum of one million five hundred thousand dollars ($1,500,000), shall be transferred from the unencumbered balance of the appropriation made by Item 280 of the Budget Act of 1975 to the State Department of Health, for expenditure, without regard to fiscal years, for making loans pursuant to Section 13111.3 of the Health and Safety Code to private nonprofit children's institutions and private nonprofit homes for the aging which are nonprofit community care facilities for adults specified in subdivision (a) of Section 1502 of the Health and Safety Code.

SEC. 4. It is the intent of the Legislature, if this bill and Senate Bill No. 1342 are both chaptered and become effective on or before January 1, 1977, both bills amend Section 13113 of the Health and Safety Code, and this bill is chaptered after Senate Bill No. 1342, that Section 13113 of the Health and Safety Code, as amended by Section 1 of Senate Bill No. 1342, be further amended on the effective date of this act in the form set forth in Section 2 of this act to incorporate the changes in Section 13113 proposed by this bill. Therefore, if this bill and Senate Bill No. 1342 are both chaptered and become effective on or before January 1, 1977, and Senate Bill No. 1342 is

chaptered before this bill and amends Section 13113, Section 2 of this act shall become operative on the effective date of this act and Section 1 of this act shall not become operative.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Initial funding of the loan program authorized by Section 13111.3 of the Health and Safety Code has proven inadequate. As a consequence many facilities required by Section 13113 of the Health and Safety Code to install automatic sprinkler systems or fire alarm devices on or before June 30, 1976, will be unable to meet such deadline and will, therefore, be required to terminate their operations. In order to avert the closure of many of such facilities, which are required to meet special social and health needs, it is necessary that this act go into immediate effect.

CHAPTER 192

An act to amend Section 18956 of the Health and Safety Code, relating to historical buildings, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor May 28, 1976. Filed with Secretary of State May 28, 1976]

The people of the State of California do enact as follows:

SECTION 1. Section 18956 of the Health and Safety Code is amended to read:

18956. The application of the provisions of Chapter 11.5 (commencing with Section 19878) of Part 3 and of Part 5.5 (commencing with Section 19955) of Division 13 of this code, Chapter 7 (commencing with Section 4450) of Division 5 of Title 1 of the Government Code, and Division 15 (commencing with Section 25000) of the Public Resources Code, as they may apply to qualified historical buildings or structures, shall be governed by this part.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The rehabilitation, preservation, restoration, and relocation of public historical buildings is being delayed by confusion as to the application to such buildings of requirements for making public buildings accessible to and usable by the handicapped.

In order that this confusion may be resolved without delay, it is imperative that this act take effect immediately.

CHAPTER 193

An act to amend Section 2601 of the Elections Code, and to amend Section 1773 of the Government Code, relating to elections, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 1, 1976 Filed with Secretary of State June 1, 1976.]

The people of the State of California do enact as follows:

SECTION 1. Section 2601 of the Elections Code is amended to read:

2601. (a) At least 44 days before the general election, and at least 84 days, but not more than 194 days, before a special statewide election, the Governor shall issue an election proclamation, under his hand and the Great Seal of the state, and transmit copies to the boards of supervisors of the counties in which the elections are to be held; provided, that when such vacancy occurs in a congressional office after the close of the nomination period in the final year of the term of office, the Governor may decline to issue an election proclamation, at his discretion: and, provided, further that when such a vacancy occurs in a legislative office after the close of the nomination period in the final year of the term of office, no special election shall be held.

(b) A special election to fill a vacancy in the office of Representative in Congress, State Senator, or Member of Assembly shall be conducted on a Tuesday at least 84 days, but not more than 91 days, following the issuance of an election proclamation by the Governor pursuant to Section 1773 of the Government Code. Any such special election may be conducted within 180 days following the proclamation in order that the election or the primary election may be consolidated with the next regularly scheduled statewide election, but no such special primary election or special election may be conducted on the day after a state holiday.

SEC. 2. Section 1773 of the Government Code is amended to read:

1773. When a vacancy occurs in the office of Representative to Congress, or in either house of the Legislature, the Governor shall within 14 calendar days after the occurrence of the vacancy issue a writ of election to fill the vacancy; provided, that when such vacancy occurs in a congressional office after the close of the nomination period in the final year of the term of office, a special election may be held, at the Governor's discretion; and provided, further, that when a vacancy occurs in a legislative office after the close of the nomination period in the final year of the term of office, no special election shall be held.

SEC. 2. The Governor shall issue the election proclamation under his hand and the Great Seal of the state, and transmit copies

to the board of supervisors of the counties in which the election is to be held.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that the expenditure of public funds will not be required for the expense of conducting special elections when such elections serve no valid public purpose, it is necessary that this act go into immediate effect.

CHAPTER 194

An act to add Section 25524.1 to the Public Resources Code, relating to energy resources.

[Approved by Governor June 3, 1976 Filed with Secretary of State June 4, 1976]

The people of the State of California do enact as follows:

SECTION 1. Section 25524.1 is added to the Public Resources Code, to read:

25524.1. (a) No nuclear fission thermal powerplant requiring the reprocessing of fuel rods, including any to which the provisions of this chapter do not otherwise apply, excepting any having vested right as defined in this section, shall be permitted land use in the state or, where applicable, certified by the commission until both of the following conditions are met:

(1) The commission finds that the United States through its authorized agency has identified and approved, and there exists a technology for the construction and operation of, nuclear fuel rod reprocessing plants.

(2) The commission has reported its findings and the reasons therefor pursuant to paragraph (1) to the Legislature. Such reports of findings shall be assigned to appropriate policy committees for review. The commission may proceed to certify nuclear fission thermal powerplants 100 legislative days after reporting its findings unless within those 100 legislative days either house of the Legislature adopts by a majority vote of its members a resolution disaffirming the findings of the commission made pursuant to paragraph (1).

A resolution of disaffirmance shall set forth the reasons for the action and shall provide to the extent possible, guidance to the commission as to an appropriate method of bringing the commission's findings into conformance with paragraph (1).

If a disaffirming resolution is adopted, the commission shall reexamine its original findings consistent with matters raised in the

02820 295555 783

resolution. On conclusion of its reexamination, the commission shall reduce its findings to writing with the reasons therefor and shall transmit them to the Legislature.

If the findings are that the conditions of paragraph (1) have been met, the commission may proceed to certify nuclear fission thermal powerplants 100 legislative days after reporting its findings to the Legislature unless within those 100 legislative days both houses of the Legislature act by statute to declare the findings null and void and takes appropriate action.

To allow sufficient time for the Legislature to act, the reports of findings of the commission shall be submitted to the Legislature at least six calendar months prior to the adjournment of the Legislature sine die.

(b) The commission shall further find on a case-by-case basis that facilities with adequate capacity to reprocess nuclear fuel rods from a certified nuclear facility or to store such fuel if such storage is approved by an authorized agency of the United States are in actual operation or will be in operation at the time such nuclear facility requires such reprocessing or storage; provided, however, that such storage of fuel is in an offsite location to the extent necessary to provide continuous onsite full core reserve storage capacity.

(c) The commission shall continue to receive and process notices of intention and applications for certification pursuant to this, division, but shall not issue a decision pursuant to Section 25523 granting a certificate until the requirements of this section have been met. All other permits, licenses, approvals, or authorizations for the entry or use of the land, including orders of court, which may be required may be processed and granted by the governmental entity concerned but construction work to install permanent equipment or structures shall not commence until the requirements of this section have been met.

For purposes of this section, the vested right to construct a nuclear thermal powerplant shall exist if, prior to the date on which this section is chaptered, an electric utility has performed substantial construction on such powerplant and has incurred substantial expense for construction and for necessary materials for such powerplant, including, but not limited to, the following sites and facilities, with the associated estimated generating capacities:

(1) As designated in the report of the Pacific Gas and Electric Company submitted to the Public Utilities Commission on December 23, 1966, pursuant to Section 1001 of the Public Utilities Code, one nuclear thermal powerplant, having a generating capacity of 1,060 megawatts, commonly known as Diablo Canyon Unit 1, to be located in San Luis Obispo County.

(2) As designated in the report of the Pacific Gas and Electric Company submitted to the Public Utilities Commission on February 16, 1968, pursuant to Section 1001 of the Public Utilities Code, one nuclear thermal powerplant, having a generating capacity of 1,060

02820 295570 786

megawatts, commonly known as Diablo Canyon Unit 2, to be located in San Luis Obispo County.

(3) As designated in the report of the Southern California Edison Company and the San Diego Gas and Electric Company to the Public Utilities Commission on July 16, 1970, pursuant to Section 1001 of the Public Utilities Code, two nuclear thermal powerplants, having a generating capacity of 1,100 megawatts per unit, commonly known as San Onofre Unit 2 and San Onofre Unit 3, to be located in San Diego County.

SEC. 2. The provisions of this act shall not become operative if Proposition 15 of the June 1976 election is adopted by the people, whether or not this bill is chaptered before or after such adoption.

CHAPTER 195

An act to add Section 25524.3 to the Public Resources Code, relating to energy resources.

[Approved by Governor June 3, 1976. Filed with Secretary of State June 4, 1976]

The people of the State of California do enact as follows:

SECTION 1. Section 25524.3 is added to the Public Resources Code, to read:

25524.3. No nuclear fission thermal powerplant, including any to which the provisions of this chapter do not otherwise apply, but excepting any having vested rights as defined in this section, shall be permitted land use in the state, or, where applicable, be certified by the commission until the following conditions have been met:

(a) The commission has undertaken and completed a study of the necessity for, and effectiveness and economic feasibility of, undergrounding and berm containment of nuclear reactors, and, upon completion of the study, the commission, after public hearings, has determined whether to require by rules and regulations that nuclear reactors be either undergrounded or berm contained. The commission shall complete such study and submit it to the Legislature, with conclusions and recommendations, within one year from the effective date of this section.

(b) In the event that the commission determines that undergrounding and berm containment are necessary, effective, or economically feasible to meet the requirements of Sections 25511 and 25520, relating to enhancing the public health and safety at a site and related facility, rules and regulations implementing such findings shall be suspended for a period of one year so as to provide the Legislature with the necessary time to evaluate and verify the results of the study.

(c) In the event that the commission determines that

undergrounding and berm containment are not necessary, effective, or economically feasible to meet the requirements of Sections 25511 and 25520, relating to enhancing the public health and safety at a site, no nuclear fission thermal powerplant shall be approved for one year thereafter, so as to provide the Legislature with the necessary time to evaluate the study for possible statutory implementation.

The commission shall continue to receive and process notices of intention and applications for certification pursuant to this division, but shall not issue a decision pursuant to Section 25523 granting a certificate until the requirements of this section have been met. All other permits, licenses, approvals or authorizations for the entry or use of the land, including orders of court, which may be required may be processed and granted by the governmental entity concerned but construction work to install permanent equipment or structures shall not commence until the requirements of this section have been met.

For purposes of this section, the vested right to construct a nuclear thermal powerplant shall exist if, prior to the date on which this section is chaptered, an electric utility has performed substantial construction on such powerplant and has incurred substantial expense for construction and for necessary materials for such powerplant, including, but not limited to, the following sites and facilities, with the associated estimated generating capacities:

(1) As designated in the report of the Pacific Gas and Electric Company submitted to the Public Utilities Commission on December 23, 1966, pursuant to Section 1001 of the Public Utilities Code, one nuclear thermal powerplant, having a generating capacity of 1,060 megawatts, commonly known as Diablo Canyon Unit 1, to be located in San Luis Obispo County.

(2) As designated in the report of the Pacific Gas and Electric Company submitted to the Public Utilities Commission on February 16, 1968, pursuant to Section 1001 of the Public Utilities Code, one nuclear thermal powerplant, having a generating capacity of 1,060 megawatts, commonly known as Diablo Canyon Unit 2, to be located in San Luis Obispo County.

(3) As designated in the report of the Southern California Edison Company and the San Diego Gas and Electric Company to the Public Utilities Commission on July 16, 1970, pursuant to Section 1001 of the Public Utilities Code, two nuclear thermal powerplants, having a generating capacity of 1,100 megawatts per unit, commonly known as San Onofre Unit 2 and San Onofre Unit 3, to be located in San Diego County.

Notwithstanding any provisions of this section to the contrary, the provisions of this section shall not apply to any nuclear fission thermal powerplant site and related facility for which a notice of intent has been filed pursuant to Section Section 25502 with, and accepted by, the commission within three years of the effective date of this act.

02821 295610 794

SEC. 2. The provisions of this act shall not become operative if Proposition 15 of the June 1976 election is adopted by the people, whether or not this bill is chaptered before or after such adoption.

CHAPTER 196

An act to add Section 25524.2 to the Public Resources Code, relating to energy conservation.

[Approved by Governor June 3, 1976 Filed with Secretary of State June 4, 1976]

The people of the State of California do enact as follows:

SECTION 1. Section 25524.2 is added to the Public Resources Code, to read:

25524.2. No nuclear fission thermal powerplant, including any to which the provisions of this chapter do not otherwise apply, but excepting those exempted herein, shall be permitted land use in the state, or where applicable, be certified by the commission until both conditions (a) and (b) have been met:

(a) The commission finds that there has been developed and that the United States through its authorized agency has approved and there exists a demonstrated technology or means for the disposal of high-level nuclear waste.

(b) The commission has reported its findings and the reasons therefor pursuant to paragraph (a) to the Legislature. Such reports of findings shall be assigned to appropriate policy committees for review. The commission may proceed to certify nuclear fission thermal powerplants 100 legislative days after reporting its findings unless within those 100 legislative days either house of the Legislature adopts by a majority vote of its members a resolution disaffirming the findings of the commission made pursuant to paragraph (a).

A resolution of disaffirmance shall set forth the reasons for the action and shall provide to the extent possible, guidance to the commission as to an appropriate method of bringing the commission's findings into conformance with paragraph (a).

If a disaffirming resolution is adopted, the commission shall reexamine its original findings consistent with matters raised in the resolution. On conclusion of its reexamination, the commission shall reduce its findings to writing with the reasons therefor and shall transmit them to the Legislature.

If the findings are that the conditions of paragraph (a) have been met, the commission may proceed to certify nuclear fission thermal powerplants 100 legislative days after reporting its findings to the Legislature unless within those 100 legislative days both houses of the Legislature act by statute to declare the findings null and void and

02822 295635 799

take appropriate action.

To allow sufficient time for the Legislature to act, the reports of findings of the commission shall be submitted to the Legislature at least six calendar months prior to the adjournment of the Legislature sine die.

(c) As used in this section, "technology or means for the disposal of high-level nuclear waste" means a method for the permanent and terminal disposition of high-level nuclear waste. It shall not necessarily require that facilities for the application of such technology and/or means be available at the time the commission makes its findings. Such disposition shall not necessarily preclude the possibility of an approved process for retrieval of such waste.

(d) The commission shall continue to receive and process notices of intention and applications for certification pursuant to this division but shall not issue a decision pursuant to Section 25523 granting a certificate until the requirements of this section have been met. All other permits, licenses, approvals or authorizations for the entry or use of the land, including orders of court, which may be required may be processed and granted by the governmental entity concerned but construction work to install permanent equipment or structures shall not commence until the requirements of this section have been met.

(e) Any nuclear fission powerplant is exempted from the provisions of this section if prior to the date on which this section is chaptered an electric utility has performed substantial construction on such powerplant and has incurred substantial expense for construction and for necessary materials for such powerplant, including, but not limited to, the following sites and facilities, with the associated estimated generating capacities:

(1) As designated in the report of the Pacific Gas and Electric Company submitted to the Public Utilities Commission on December 23, 1966, pursuant to Section 1001 of the Public Utilities Code, one nuclear thermal powerplant, having a generating capacity of 1,060 megawatts, commonly known as Diablo Canyon Unit 1, to be located in San Luis Obispo County.

(2) As designated in the report of the Pacific Gas and Electric Company submitted to the Public Utilities Commission on February 16, 1968, pursuant to Section 1001 of the Public Utilities Code, one nuclear thermal powerplant, having a generating capacity of 1,060 megawatts, commonly known as Diablo Canyon Unit 2, to be located in San Luis Obispo County.

(3) As designated in the report of the Southern California Edison Company and the San Diego Gas and Electric Company to the Public Utilities Commission on July 16, 1970, pursuant to Section 1001 of the Public Utilities Code, two nuclear thermal powerplants, having a generating capacity of 1,100 megawatts per unit, commonly known as San Onofre Unit 2 and San Onofre Unit 3, to be located in San Diego County.

SEC. 2. The provisions of this act shall not become operative if Proposition 15 of the June 1976 election is adopted by the people, whether or not this bill is chaptered before or after such adoption.

CHAPTER 197

An act to amend Section 73826 of, and to add Section 68521 to, the Government Code, relating to courts, and declaring the urgency thereof, to take effect immediately.

[Became law without Governor's signature June 7, 1976
Filed with Secretary of State June 7, 1976]

The people of the State of California do enact as follows:

SECTION 1. Section 68521 is added to the Government Code, to read:

68521. (a) The Judicial Council shall provide by rule for the maintenance of records as described in subdivision (c), which shall be filed with the council by each official reporter and official reporter pro tempore of any court located in Stanislaus County. Such records shall be inspected and audited by the Judicial Council.

(b) The Judicial Council shall submit an annual report to the board of supervisors of any such county and to the Legislature summarizing the information contained in the records.

(c) Each such annual report shall include the following information relative to the official court reporters of the county:

(1) The quantity and types of transcripts prepared by the official reporters and official reporters pro tempore during the reporting period.

(2) The fees charged and the fees collected for such transcripts.

(3) Expenses incurred by the reporters in connection with the preparation of such transcripts.

(4) The amount of time the reporters have spent in attendance upon the courts for the purpose of reporting proceedings, and the compensation received for this purpose.

SEC. 2. Section 73826 of the Government Code is amended to read:

73826. Official reporters in such municipal courts, appointed pursuant to Section 72194, shall be attachés of the court and in lieu of any other compensation provided by law for their services in reporting testimony in criminal proceedings in the court, shall receive a monthly salary equal to range 50D of the Basic Salary Schedule, Salary and Position Allocation Resolution, adopted by the Board of Supervisors of the County of Stanislaus on December 9, 1975.

SEC. 3. The Legislature hereby finds and declares that, in view of its constitutionally delegated responsibility of setting salaries for

court reporters, it is necessary to obtain information regarding the total compensation paid to court reporters from all sources so as to allow proper evaluation of legislative proposals relating to court reporters' salaries on an ongoing basis.

Such legislative proposals are not made on a uniform, statewide basis, but on a county-by-county basis. Therefore, it is necessary to monitor the compensation provided court reporters on an individual county basis reflecting the periodic legislative proposals which are made for specific counties. Accordingly, this legislation affecting Stanislaus County is necessary to permit the Legislature to carry out its constitutionally delegated responsibility of setting court reporters' salaries in this county in view of the submitted request for an adjustment in the compensation provided to court reporters in such county.

SEC. 4. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to this section nor shall there be any appropriation made by this act, because this act is in accordance with the request of a local government entity or entities which desired legislative authority to act to carry out the program specified in this act.

SEC. 5. This act is an urgency statute, necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution, and shall go into immediate effect. The facts constituting such necessity are:

The extreme competition for the services of certified shorthand reporters mandates immediate adjustments in the rate of court reporters' compensation in order to preserve the continued effective operation of the Modesto Municipal Court.

CHAPTER 198

An act to add Section 2.5 to the Orange County Water District Act (Chapter 924 of the Statutes of 1933), relating to the Orange County Water District, and declaring the urgency thereof, to take effect immediately.

The people of the State of California do enact as follows:

SECTION 1. Section 2.5 is added to the Orange County Water District Act (Chapter 924 of the Statutes of 1933), to read:

Sec. 2.5. The district, by a four-fifths vote of the board of directors, may issue negotiable promissory notes to acquire funds for any district purpose. Such promissory notes shall bear interest at a rate not to exceed 8 percent per year. The maturity of such promissory notes shall not be later than five years from the date

thereof. They shall be payable from revenues and taxes levied for purposes of the district other than the payment of principal and interest on any bonded debt of the district. The total aggregate amount of such notes outstanding at any one time shall not exceed the lesser of either two million five hundred thousand dollars ($2,500,000) or 3 percent of the assessed valuation of the taxable property in the district.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

This act will permit the Orange County Water District to immediately acquire land which is essential for district operations and which will be available for acquisition by the district for only a limited period. In order, therefore, to permit the acquisition of such land at the earliest possible time, it is necessary that the provisions of this act go into immediate effect.

239.4. The district may borrow money in anticipation of the sale of, but not in excess of the principal amount of, revenue bonds of the district, which have been duly authorized by ordinance pursuant to Section 237 but which have not yet been sold and delivered, and for that purpose may issue and sell negotiable revenue bond anticipation notes, and may refund such notes from time to time, but the maximum maturity of any such notes, as originally issued or as refunded, shall not exceed five years from the date of the original notes. The notes shall be sold in such manner as the board may determine, and such notes and the resolution providing for their issuance may contain any provision, condition or limitation which a revenue bond or any resolution providing for the issuance of revenue bonds may contain. The interest on such notes shall be payable from the same funds from which the interest on revenue bonds is payable. The principal of such notes may also be paid from said funds and, to the extent not so paid, shall be payable from the proceeds of the next sale of revenue bonds in anticipation of which the notes were issued.

The powers conferred by this section are in addition and supplemental to, and are not in substitution for, and the limitations imposed by this section shall not affect the powers conferred by, the Revenue Bond Law of 1941 (Chapter 6 (commencing with Section 54300) of Part 1, Division 2, Title 5 of the Government Code) or any other law.

Neither the attorney at law nor the certified public accountant need be members of the board.

No auxiliary organization shall accept any grant, contract, bequest, trust, or gift, unless it is so conditioned that it may be used only for purposes consistent with policies of the trustees.

Each governing board of an auxiliary organization shall conduct its business in public meetings in accordance with the provisions of Article 9 (commencing with Section 11120) of Chapter 1 of Part 1 of Division 3 of Title 2 of the Government Code.

(c) This act shall not operate to confirm, validate, or legalize any act, proceeding or other matter the legality of which is being contested or inquired into in any legal proceeding, now pending and undetermined or which may be pending and undetermined during the period of 30 days from and after the effective date of this act, and shall not operate to confirm, validate, or legalize any act, proceeding or other matter which has heretofore been determined in any legal proceeding to be illegal, void or ineffective.

(d) Nothing in this act shall operate to make valid any property tax rate which is in excess of that permitted by law.

SEC. 5. If any provisions of this act or its application to any person or circumstances are held invalid, the remainder of the act and the application of its provisions to other persons or circumstances is not affected.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The board may provide by resolution that the bids be opened, examined, and declared by an officer designated in the resolution. Any such resolution shall require that the bids be opened at a public meeting called by the officer and that the results of the bidding be reported to the board at a subsequent regular board meeting. The notice inviting bids shall state the time and place of the public meeting and the name of the designated officer. The person to whom the contract

"Subdivision" includes a condominium project, as defined in Section 1350 of the Civil Code or a community apartment project, as defined in Section 11004 of the Business and Professions Code. No at-large delegates shall be awarded to any candidate or uncommitted delegation that fails to win at least 10 percent of the statewide vote.

The remaining 25 percent of the delegates and all of the alternates shall be selected by separate caucuses of the steering committee and the already selected delegates pledged to the various candidates or who are members of an uncommitted delegation. SECTION 1. Any insurer who issues policies of professional liability insurance to health care providers for professional negligence, as defined in Chapter 1 as amended by Chapter 2, Statutes of 1975, Second Extraordinary Session, any health care provider covered by such a policy, or any potentially aggrieved person, may bring an action in the superior court for a declaration of its, his, or her rights, duties, and obligations under Chapter 1 as amended by Chapter 2, Statutes of 1975, Second Extraordinary Session.

The court shall permit any of the following persons to intervene in the action:

The action shall be commenced in the superior court in the county in which the Attorney General is required to reside and keep his office pursuant to Section 1060 of the Government Code.

The action shall be set for trial at the earliest possible date and shall take precedence over all cases other than those in which the state is a party.

The court may make a binding declaration of the rights, duties, and obligations of the insurer, whether or not further relief is or could be claimed at the time. The declaration may be affirmative or negative

in form and effect and shall have the force and effect of a final judgment.

If the declaration is appealed, the appeal shall be given precedence in the court of appeal and Supreme Court and placed on the calendar in the order of its date of issue immediately following cases in which the state is a party.

The remedy established by this section is cumulative, and shall not be construed as restricting any remedy established for the benefit of any party to the action by any other provision of law. No declaration under this section shall preclude any party from obtaining additional relief based upon the same facts.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting the necessity are as follows:

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

This act will provide funds to the Public Utilities Commission to exercise its jurisdiction to regulate rates, safety, and service of corporations or persons subject to its jurisdiction. The growth of the state and changing conditions attendant thereto have greatly increased the commission's activities and workload. The fees of all trial jurors in civil cases shall be paid by the litigants as other costs are paid.

SEC. 2. Notwithstanding Section 2231 of the Revenue and Taxation Code there shall be no reimbursement pursuant to this section nor shall there be any appropriation made by this act, because this act is in accordance with the request of a local government entity or entities which desired legislative authority to act to carry out the program specified in this act.

CHAPTER 210

An act to amend Section 11251 of the Education Code, relating to school attendance, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 4, 1976 Filed with Secretary of State June 7, 1976]

The people of the State of California do enact as follows:

4 1591 29 6 355 871

SECTION 1. Section 11251 of the Education Code is amended to read:

11251. (a) In computing the average daily attendance of a school district, there shall be included only the attendance of pupils while engaged in educational activities required of such pupils and under the immediate supervision and control of an employee of the district who possessed a valid certification document, registered as required by law, authorizing him to render service in the capacity and during the period in which he served. For the purposes of computing the average daily attendance of high school students in a school district, attendance shall also include pupil attendance and participation in an independent study program under the coordination, evaluation, and general, but not immediate, supervision of an employee of the district who possessed a valid certification document. The nature, manner, and place of conducting any independent study program shall be determined by the school district pursuant to rules and regulations adopted by the State Board of Education and shall be an integral part of any decision pursuant to Section 10605.1 to suspend the expulsion action of the board. The school district shall ensure that the components of each individual study program for each individual pupil shall be set out in writing. A pupil enrolled in an independent study program shall not be credited with more than one day of attendance in any calendar day, and shall be enrolled in a high school program for which Section 11052 provides for the minimum schoolday. For purposes of computing the average daily attendance of a community college district, attendance shall also include student attendance and participation in approved coordinated instruction systems programs of instruction using television, computer-assisted instruction, automated audiovisual systems, programmed learning materials, and other similar teaching techniques, under the coordination and evaluation of an employee who possessed an appropriate certification document, but not requiring the immediate supervision of such employee. Approved coordinated instruction systems programs of instruction are those recommended by the governing board of the district maintaining the community college and approved by the Board of Governors of the California Community Colleges. One student contact hour is to be counted for each unit of coordinated instruction systems credit in which a student is enrolled during any census period. The state aid apportionment made by the board of governors shall not be greater than one-half the current costs of conducting approved coordinated instruction systems programs of instruction. Coordinated instruction systems programs of instruction shall be conducted by employees of the district who possess valid credentials or certification documents, who shall determine the need for immediate supervision of the programs of instruction. Such employees shall evaluate individual student progress and assign appropriate grades for students enrolled in classes taught by the coordinated instruction systems programs of instruction.

(b) For the purpose of work experience education programs in the secondary schools meeting the standards of the California State Plan for Vocational Education, "immediate supervision" of off-campus work training stations means pupil participation in on-the-job training as outlined under a training agreement, coordinated by the school district under a state-approved plan, wherein the employer and certificated school personnel share the responsibility for on-the-job supervision. The pupil-teacher ratio in any such work experience program shall not exceed 125 students per full-time equivalent certificated coordinator. A pupil enrolled in such work experience program shall not be credited with more than one day of attendance in any calendar day, and shall be a full-time student enrolled in regular classes meeting the requirements set forth in Section 11052 or 11055.

(c) For purposes of computing the average daily attendance of a community college district, attendance shall also include student attendance and participation in in-service training courses in the areas of police, fire, corrections, and other criminal justice system occupations that conform to all apportionment attendance and course of study requirements otherwise imposed by law; provided that such courses are fully open to the enrollment and participation of the public pursuant to subdivision (2) of Section 5753; and provided further, that prerequisites for such courses shall not be established or construed so as to prevent academically qualified persons not employed by agencies in the criminal justice system from enrolling in and attending such courses.

(d) In the event that certain in-service training courses are restricted to employees of police, fire, corrections, and other criminal justice agencies, attendance for such restricted courses shall not be reported for purposes either of state apportionments or district revenue limits computed pursuant to Sections 20935 and 20937. Notwithstanding the provisions of Section 5753, a community college district which restricts enrollment in such in-service training courses may contract with any public agency to provide compensation for the cost of conducting such courses.

(e) Positive records of student admissions and daily attendance in all in-service training courses in the areas of police, fire, corrections, and other criminal justice system occupations, as described in subdivision (c), shall be maintained by each district and shall be separately reported annually to the Chancellor's office of the California Community Colleges.

(f) For the purposes of the rehabilitative schools, classes, or programs described in Section 10605.1, "immediate supervision" in such schools, classes or programs means pupil participation in such programs wherein the person to whom the pupil is required to report for training, counseling, tutoring, or other prescribed activity shares the responsibility for the supervision of the pupils in the

rehabilitative activities with certificated personnel of the district. Such programs shall be approved by the Department of Education and certified by the county superintendent of schools.

A pupil enrolled in a rehabilitative school, class, or program shall not be credited with more than one day of attendance in any calendar day.

SEC. 2. Section 11251 of the Education Code is amended to read:

11251. (a) In computing the average daily attendance of a school district, there shall be included only the attendance of pupils while engaged in educational activities required of such pupils and under the immediate supervision and control of an employee of the district who possessed a valid certification document, registered as required by law, authorizing him to render service in the capacity and during the period in which he served. For the purposes of computing the average daily attendance of students enrolled in kindergarten or any of grades 1 through 12 in a school district, attendance shall also include pupil attendance and participation in an independent study program under the coordination, evaluation, and general, but not immediate, supervision of an employee of the district who possessed a valid certification document. The nature, manner, and place of conducting any independent study program shall be determined by the school district pursuant to rules and regulations adopted by the State Board of Education and shall be an integral part of any decision pursuant to Section 10605.1 to suspend the expulsion action of the board. The school district shall ensure that the components of each individual study program for each individual pupil shall be set out in writing. A pupil enrolled in an independent study program shall not be credited with more than one day of attendance in any calendar day, and shall be enrolled in a school program for which Section 11005, 11006, or 11052 provides for the minimum schoolday. For purposes of computing the average daily attendance of a community college district, attendance shall also include student attendance and participation in approved coordinated instruction systems programs of instruction using television, computer-assisted instruction, automated audiovisual systems, programmed learning materials, and other similar teaching techniques, under the coordination and evaluation of an employee who possessed an appropriate certification document, but not requiring the immediate supervision of such employee. Approved coordinated instruction systems programs of instruction are those recommended by the governing board of the district maintaining the community college and approved by the Board of Governors of the California Community Colleges. One student contact hour is to be counted for each unit of coordinated instruction systems credit in which a student is enrolled during any census period. The state aid apportionment made by the board of governors shall not be greater than one-half the current costs of conducting approved coordinated instruction systems programs of instruction. Coordinated instruction systems programs

of instruction shall be conducted by employees of the district who possess valid credentials or certification documents, who shall determine the need for immediate supervision of the programs of instruction. Such employees shall evaluate individual student progress and assign appropriate grades for students enrolled in classes taught by the coordinated instruction systems programs of instruction.

(b) For the purpose of work experience education programs in the secondary schools meeting the standards of the California State Plan for Vocational Education, "immediate supervision" of off-campus work training stations means pupil participation in on-the-job training as outlined under a training agreement, coordinated by the school district under a state-approved plan, wherein the employer and certificated school personnel share the responsibility for on-the-job supervision. The pupil-teacher ratio in any such work experience program shall not exceed 125 students per full-time equivalent certificated coordinator. A pupil enrolled in such work experience program shall not be credited with more than one day of attendance in any calendar day, and shall be a full-time student enrolled in regular classes meeting the requirements set forth in Section 11052 or 11055.

(c) For purposes of computing the average daily attendance of a community college district, attendance shall also include student attendance and participation in in-service training courses in the areas of police, fire, corrections, and other criminal justice system occupations that conform to all apportionment attendance and course of study requirements otherwise imposed by law; provided that such courses are fully open to the enrollment and participation of the public pursuant to subdivision (2) of Section 5753; and provided further, that prerequisites for such courses shall not be established or construed so as to prevent academically qualified persons not employed by agencies in the criminal justice system from enrolling in and attending such courses.

(d) In the event that certain in-service training courses are restricted to employees of police, fire, corrections, and other criminal justice agencies, attendance for such restricted courses shall not be reported for purposes either of state apportionments or district revenue limits computed pursuant to Sections 20935 and 20937. Notwithstanding the provisions of Section 5753, a community college district which restricts enrollment in such in-service training courses may contract with any public agency to provide compensation for the cost of conducting such courses.

(e) Positive records of student admissions and daily attendance in all in-service training courses in the areas of police, fire, corrections, and other criminal justice system occupations, as described in subdivision (c), shall be maintained by each district and shall be separately reported annually to the Chancellor's office of the California Community Colleges.

(f) For the purposes of the rehabilitative schools, classes, or programs described in Section 10605.1, "immediate supervision" in such schools, classes or programs means pupil participation in such programs wherein the person to whom the pupil is required to report for training, counseling, tutoring, or other prescribed activity shares the responsibility for the supervision of the pupils in the rehabilitative activities with certificated personnel of the district. Such programs shall be approved by the Department of Education and certified by the county superintendent of schools.

A pupil enrolled in a rehabilitative school, class, or program shall not be credited with more than one day of attendance in any calendar day.

SECTION 1. Chapter 3 (commencing with Section 600) of Division 1 of the Elections Code is repealed.

SEC. 2. Chapter 3 (commencing with Section 600) is added to Division 1 of the Elections Code, to read:

CHAPTER 3. DETERMINATION OF RESIDENCY

600. The term of residence is computed by including the day on which the person's residence commenced and by excluding the day of the election.

601. The residence of a person is that place in which his habitation is fixed and to which, whenever he is absent, he has the intention of returning.

602. A person does not gain or lose residence solely by reason of his presence at or absence from a place while employed in the service of the United States or of this state, nor while engaged in navigation, nor while a student of any institution of learning, nor while kept in an almshouse, asylum or prison. This section shall not

be construed to prevent a student at an institution of learning from qualifying as an elector in the locality where he resides while attending that institution, when in fact the student has abandoned his former residence.

603. A person who leaves his home to go into another state or precinct in this state for temporary purposes merely, with the intention of returning, does not lose his residence.

604. A person does not gain a residence in any precinct into which he comes for temporary purposes merely, without the intention of making that precinct his home.

605. If a person removes to another state with the intention of making it his residence, he loses his residence in this state. However, if such a person moves 29 days or less prior to an election at which presidential electors are to be selected, he may apply for a "new resident" ballot under the provisions of Chapter 4 (commencing with Section 750) of this division.

606. If a person removes to another state as a place of permanent residence, with the intention of remaining there for an indefinite time, he loses his residence in this state, notwithstanding that he entertains an intention of returning at some future period.

607. The place where a man's family resides is his residence unless it is a place for temporary establishment for his family or for transient objects. Residence in a trailer or vehicle or at any public camp or camping ground may constitute a residence for voting purposes if the registrant complies with the other requirements of this chapter.

608. If a man has a family fixed in one place, and he does business in another, the former is his place of residence; but any man having a family, who has taken up his abode with the intention of remaining and whose family does not so reside with him, is a resident where he has so taken up his abode.

609. The residence of the husband shall not be presumed to be that of the wife, but the wife's residence shall be determined independently in accord with this article.

610. The mere intention to acquire a new residence, without the fact of removal avails nothing, neither does the fact of removal without the intention.

611. A woman resident of this state who marries a man employed temporarily in this state in the service of the United States government, may elect to retain her residency for the purpose of qualifying as an elector only, except that such residency in this state shall terminate if such woman qualifies as an elector in any other state or any territory.

SEC. 3. Chapter 1 (commencing with Section 14000) of Division 9 of the Elections Code is repealed.

SEC. 4. Chapter 1 (commencing with Section 14000) is added to Division 9 of the Elections Code, to read:

(b) Immediately upon the completion of the digest set forth in subdivision (a), the Secretary of State shall send a copy to each county clerk.

14002. The clerk shall provide one official ballot for each voter in the precinct, and for absentee and emergency purposes shall provide such additional number of ballots as may be necessary.

The number of party ballots to be furnished to any precinct for a primary election shall be computed from the number of voters registered in that precinct as intending to affiliate with a party, and the number of nonpartisan ballots to be furnished to any precinct shall be computed from the number of voters registered in that precinct without statement of intention to affiliate with any of the parties participating in the primary election.

14003. Before the opening of the polls at any election, the clerk shall cause to be delivered to the precinct board in each precinct in which the election is to be held, the proper number of ballots of the kinds to be used in that precinct. The ballots shall be delivered in sealed packages with marks on the outside clearly designating the precinct or polling place for which they are intended, and the number of ballots enclosed.

14004. The clerk shall prepare a receipt for each polling place, enumerating the packages and stating the date of delivery to the precinct board member. The precinct board member shall sign the receipt upon receipt of the packages. The signed receipt shall be returned to the clerk. Messengers may be employed to insure the safe and expeditious delivery of the ballots. The clerk shall fix a reasonable compensation for the services of such messengers, to be paid in the same manner as other election expenses.

(f) An American Flag of sufficient size to adequately assist the voter in identifying the polling place. The flag is to be erected at or near the polling place on election day.

(g) A ballot container, properly marked on the outside indicating its contents.

(h) When it is necessary to supply additional ballot containers, these additional containers shall also be marked on the outside, indicating their contents.

(i) Sufficient ink pads and stamps for each booth. The stamps shall be one solid piece and shall be made so that a cross (+) may be made with either end. If ballots are to be counted by vote tabulating equipment, an adequate supply of other approved voting devices shall be furnished. (k) A sufficient number of cards to each polling place containing the telephone number of the office to which a voter may call to obtain information about his or her precinct location. The card shall state that the voter may call collect during polling hours.

(*l*) An identifying badge or insignia for each member of the precinct board. The member shall print his or her name and the precinct number thereon and shall wear the badge or insignia at all times in the performance of duties, so as to be readily identified as a member of the precinct board by all persons entering the polling place.

(m) Facsimile copies of the ballot containing ballot measures and ballot instructions printed in Spanish or other languages as provided in Section 14203.

(n) Sufficient copies of the notices to be posted on the indexes used at the polls. The notice shall read as follows: "This index shall not be marked in any manner except by a member of the precinct board acting pursuant to Section 14251 of the Elections Code. Any person who removes, tears, marks or otherwise defaces this index with the intent to falsify or prevent others from readily ascertaining the name, address or political affiliation of any voter, or the fact that a voter has or has not voted, is guilty of a misdemeanor."

(o) A roster of voters for each precinct in the form prescribed in Section 14005.5.

14005.5. The roster to be kept by each precinct board shall be

substantially in the following form:

We further certify that the assisted voters list and challenge list show a complete list of all voters assisted or challenged.

All members of the precinct board shall sign this certificate.

When votes are counted at the precinct, all members of the board shall also sign the certificate of performance prescribed in Section 17013.

14006. Notwithstanding the provisions of Sections 14005 and 14005.5, the roster to be kept by each precinct board may be in a form of an index to the affidavits of registration for that precinct, in which case the index shall provide space of sufficient size to allow each voter to sign his or her name pursuant to Section 14211.

14007. All officers required by law to designate polling places shall furnish the polling places with a sufficient number of places, booths, or compartments, at or in which voters may conveniently mark their ballots, so that they may be screened from the observation of others. The number of voting booths or compartments shall be determined by the officer conducting the election.

14008. Translations of the ballot measures and ballot instructions as required by Section 14203 shall be provided by a person selected by the clerk from the list of approved translators and interpreters of the superior court of the county or from an institution accredited by the Western Association of Schools and Colleges.

SEC. 5. Chapter 2 (commencing with Section 14201) of Division 9 of the Elections Code is repealed.

SEC. 6. Chapter 2 (commencing with Section 14200) is added to the Elections Code, to read:

CHAPTER 2. PROCEDURES AT POLLS

Article 1. Election Day Preliminary Procedures

14200. The members of each precinct board shall distribute the duties devolving upon the precinct board, which are in addition to their individual duties, in such manner as they deem most advantageous.

14201. The polling places shall be arranged so that neither the ballot containers nor the voting booths or compartments shall be hidden from the view of those present.

14202. On the day of election the precinct board shall post at least one instruction card in each booth or compartment provided for the preparation of ballots, and not less than three instruction cards at other places in and about the polling place.

14203. The precinct board shall post in a conspicuous location in the polling place, at least one facsimile copy of the ballot with the ballot measures and ballot instructions printed in Spanish. Facsimile ballots shall also be printed in other languages and posted in the same manner if a significant and substantial need is found by the clerk.

In those counties which are required under the provisions of the Voting Rights Act of 1965 as extended by Public Law 94-73 to furnish ballots in other than the English language, the posting of the facsimile ballot in that particular language shall not be required.

14204. Before opening the polls the precinct board shall post in separate, convenient places at or near the polling place and of easy

access to the voters not less than two of the copies of the index to the affidavits of registration for that precinct.

In any county in which tabulating equipment is used to produce the index of registration, the copies of the index posted pursuant to this section shall be by street addresses in numerical order, unless otherwise provided by Section 460.

Article 2. Election Day Procedures

14206. The polls shall be open at 7 o'clock a.m. of the day of any election, and shall be kept open until 8 o'clock p.m. of the same day, when the polls shall be closed, except as provided in Section 14301.

14207. Before the precinct board receives any ballots, it shall proclaim aloud at the place of election that the polls are open.

14208. Voting shall commence as soon as the polls are opened and shall be continued during the time the polls remain open.

14209. Before receiving any ballots the precinct board, in the presence of any persons assembled at the polling place, shall open and exhibit and close the ballot container or containers. Thereafter, the ballot container or containers shall not be removed from the polling place or presence of the bystanders until all the ballots are counted, nor opened until after the polls are finally closed.

14210. Nothing contained in this code shall prevent a voter from using an ink pen or pencil for the purpose of writing in on the ballot the name of any candidate the voter desires.

14211. Any person desiring to vote shall announce his or her name and address in an audible tone of voice, and when one of the precinct officers finds the name in the index, the officer shall in a like manner repeat the name and address. The voter shall then write his or her name and address (or if the voter is unable to write shall have the name and address written by another person) on a roster of voters provided for that purpose, whereupon a challenge may be interposed as provided in this article.

14212. If the precinct board is unable to find a voter's name upon the index of registration and is unable to call the clerk's office on behalf of the voter, the precinct board shall furnish the voter a copy of the card containing the telephone number of the clerk and direct the voter to the nearest telephone.

The clerk shall assign a sufficient number of qualified persons in the clerk's office who shall receive and answer the telephone calls.

14213. If the surname of any woman offering to vote has been changed by reason of marriage or divorce since she has registered, she shall sign her name as it was before marriage or divorce and also her name as it is at the time she votes, indicating on the roster on the same line by brackets or other means that the two names are the name of one person.

14214. The precinct board shall provide upon request to any voter for use in the voting booth or compartment, a copy of the

03196 297150 958

facsimile ballot containing ballot measures and instructions printed in Spanish or in other languages, as required by Section 14203, unless sample ballots and ballots for voting are already being provided in that language under the provisions of the Voting Rights Act of 1965 as amended by Public Law 94-73.

14215. At any election a majority of the members of any precinct board shall be present at the polling place at all times while the polling place is open.

14216. A person offering to vote may be orally challenged within the polling place only by a member of the precinct board upon any or all of the following grounds:

(a) That the voter is not the person whose name appears on the index.

(b) That the voter is not a resident of the precinct.

(c) That the voter is not a citizen of the United States.

(d) That the voter has voted that day.

(e) That the voter is presently on parole for the conviction of a felony, which, pursuant to Section 321.5, disqualifies the voter from voting.

On the day of the election no person, other than a member of a precinct board or other official responsible for the conduct of the election, shall challenge or question any voter concerning the voter's qualifications to vote.

If any member of a precinct board receives, by mail or otherwise, any document or list concerning the residence or other voting qualifications of any person or persons, with the express or implied suggestion, request, or demand that such person or persons be challenged, the board member shall first determine whether the document or list contains or is accompanied by evidence constituting probable cause to justify or substantiate a challenge. In any case, before making any use whatever of such a list or document, the member of the precinct board shall immediately contact the clerk, charged with the duty of conducting the election, and describe the contents of such document or list and such evidence, if any, received bearing on voting qualifications. The clerk shall advise the members of the precinct board as to the sufficiency of probable cause for instituting and substantiating the challenge and as to the law as herein provided, relating to hearings and procedures for challenges by members of the precinct board and determination thereof by a precinct board. The clerk may, if necessary, designate a deputy to receive and answer inquiries from precinct board members as herein provided.

14217. A piece of mailed matter returned undelivered by the post office shall not be accepted or used as evidence upon which to initiate a challenge as to residency by any member of the precinct board unless other evidence or testimony is also presented, nor shall such mailed matter, standing alone without other evidence or testimony, be accepted as evidence by the precinct board in

03196 297160 960

determining a challenge.

14218. The ground for challenge set forth in subdivision (b) of Section 14216 shall not apply to any person duly registered as a voter in any precinct in California and removing from that precinct within 29 days prior to an election.

14219. If the challenge is on the ground that the person seeking to vote is not the person whose name appears on the index, a member of the precinct board shall tender the following oath: "You do swear (or affirm) that you are the person whose name is entered on the index."

14220. If the challenge is on the ground that the person seeking to vote is not a resident of the precinct, the person challenged shall be sworn to answer questions, and after having been sworn, a member of the precinct board shall ask that person: "Are you a resident of this precinct?"

If the answer to the question is "Yes," without significant qualification, no other questions shall be asked.

14221. If the challenge is on the ground that the person challenged has voted that day, a member of the precinct board shall tender to the person challenged this oath:

"You do swear (or affirm) that you have not voted this day."

14222. Challenges upon the grounds either that the person challenged is not the person whose name appears on the index or that he or she has voted that day shall be determined in favor of the person challenged, by that person taking the oath as set forth either in Section 14219 or Section 14221.

14223. Challenges of voters that they are not residents of the precinct or citizens of the United States shall be tried and determined by the precinct board at the time of the challenge.

The precinct board may, at its discretion, also request any other person present in the polling place to be sworn and answer questions whom the board believes may have knowledge or information concerning the facts of the challenge.

14224. Before administering an oath to a person regarding his or her place of residence, a member of the precinct board shall read to the person challenged, the rules prescribed by Section 14225 and Chapter 3 (commencing with Section 600) of Division 1.

14225. If any person challenged refuses to take the oaths tendered or refuses to be sworn and to answer the questions concerning the matter of residence that person shall not be allowed to vote.

14226. The precinct board in determining the place of residence of any person, shall be governed by the rules set forth in Chapter 3 (commencing with Section 600) of Division 1.

14227. Any doubt in the interpretation of the law shall be resolved in favor of the challenged voter.

14228. The precinct board shall compile a list showing:

(a) The name and address of each person challenged.

(b) The name, address, and any other identification as a voter, of each person offering information concerning any person's qualifications to vote, or testifying pursuant to Section 14223, together with the name and address and any other identification of the person about whom the information or testimony is given.

(c) The grounds of each challenge.

(d) The determination of the board upon the challenge, together with any written evidence pertaining thereto.

(e) If evidence has been presented to the board requesting challenges, such evidence shall be returned to the clerk responsible for the conduct of the election.

14229. In the event that the precinct board determines that persistent challenging of voters is resulting in a delay of voting sufficient to cause voters to forego voting because of insufficient time or for fear of unwarranted intimidation, the board shall discontinue all challenges, and so note on the roster.

14230. The precinct board shall give each voter only one ballot, as provided in Section 10200.5.

14231. Unless otherwise provided by law no person shall apply for or receive any ballot at any precinct other than that in which the voter is entitled to vote.

14232. Unless otherwise provided by law a voter shall not receive a ballot from any person other than one of the precinct officers. No person other than a precinct officer or officer authorized by law shall deliver a ballot to any voter.

14233. On receiving a ballot the voter shall forthwith retire alone to one of the booths or compartments provided, and mark the ballot.

14234. When a voter declares under oath, administered by any member of the precinct board at the time the voter appears at the polling place to vote, that the voter is then unable to mark a ballot, the voter shall receive the assistance of not more than two persons selected by the voter.

No person assisting a voter shall divulge any information regarding the marking of the ballot.

In those polling places which do not meet the requirements specified by the State Architect for accessibility by the physically handicapped, a physically handicapped person may appear outside the polling place and vote a regular ballot. Such person may vote the ballot in a place which is as near as possible to the polling place and which is accessible to the physically handicapped. A precinct board member shall take a regular ballot to such person, qualify such person to vote, and return the voted ballot to the polling place. In those precincts in which it is impractical to vote a regular ballot outside the polling place, absentee ballots shall be provided in sufficient numbers to accommodate physically handicapped persons who present themselves on election day. The absentee ballot shall be presented to and voted by a physically handicapped person in the same manner as a regular ballot may be voted by such person outside

the polling place.

14235. Any person assisting a voter in marking that voter's ballot shall subscribe and take the following oath before assisting the voter:

State of California, County of _____, _____ precinct, ss.

I, _____ having been duly
(Here insert the name of the person assisting the voter)
sworn, state that a request has been made of me by _____
(Here insert the
_____ for assistance in marking his or her ballot, and that
name of the voter)
I never will give any information concerning the marking of that ballot.

_____
(Signature of person assisting the voter)
Subscribed and sworn to before me, this _____ day of _____, 19__.

_____
(Signature of officer before whom oath is taken)

14236. The precinct officers shall keep a list of the voters who have been assisted in marking their ballots. The list of assisted voters and the affidavit provided for in Section 14235 shall be returned to the clerk and preserved with other election materials and records.

14237. All ballots, except absent voter ballots, shall be marked only with the marking device provided by law.

To prevent voters from marking their ballots with a pen or pencil, at the time of delivering a ballot to a voter, the precinct officer shall distinctly state:

1. That the voter shall mark the ballot with the device provided by law or the ballot will not be counted.

2. That the voter may write in a choice of candidate for any office but only a vote cast for a qualified write-in candidate will be counted.

14238. When marking a ballot, the voter shall use the stamp or other marking device to place a mark in the voting space provided next to the name of every candidate for whom the voter intends to vote. This mark shall be counted as a vote for that person. A vote for a candidate or person whose name is not printed on the ballot, may be cast by writing in a name for that office in the blank space left for that purpose. Only a vote cast for a qualified write-in candidate shall be counted.

14239. Where two or more candidates for the same office are to be elected, and the voter desires to vote for candidates for that office, the voter shall, by using the provided marking device, place a mark next to the names of the candidates for that office for whom the voter intends to vote, not exceeding, however, the number of candidates to be elected.

14240. When a measure is submitted to the voters, the voter shall place a mark on the ballot in the appropriate space opposite the answer the voter desires to give as to that measure. The voter, in marking the ballot, shall use the marking device provided.

14241. No voter shall place any mark upon a ballot that will make that ballot identifiable.

14242. If a voter spoils or defaces a ballot, the voter shall at once return it to the ballot clerk and receive another ballot.

14243. The precinct board shall immediately cancel, without unfolding them, all the spoiled ballots returned. The board shall write the word "spoiled" on the back of each spoiled ballot in ink or indelible pencil and return the spoiled ballots with the unused ballots.

14244. After the ballot is marked a voter shall not show it to any person in such a way as to reveal its contents.

14245. Before leaving the voting booth or compartment, the voter shall fold the ballot according to the instructions on it, so that the marks on its face are not visible and only the number on the ballot and the top margin are exposed.

14246. Having folded the ballot, the voter shall deliver it folded to a member of the precinct board, who shall then separate the slip containing the number from the ballot, hand the slip to the voter, and deposit the ballot in the ballot box in the presence of the voter.

14247. No later than the time at which the voter delivers the voted ballot, a precinct board member in charge of the index, shall write in the space opposite the name of the voter the line number designating the position of the name on the roster. In those counties using the combined index roster the voter's name shall be crossed off of the index in lieu of numbering.

14248. No person other than a member of the precinct board shall receive a voted ballot from the voter. No person may examine or solicit the voter to show his or her voted ballot.

14249. No voter shall deliver to any member of the precinct board any ballot other than the one received from the board member.

14250. Any voter who does not vote the ballot he or she has received, shall, before leaving the polling place, return it to the board member having charge of the ballots, who shall immediately cancel it. All canceled ballots shall be returned to the clerk in the same manner as spoiled ballots.

14251. At all elections, a member of the precinct board shall mark on one of the copies of the index posted at or near the polling place, the name of each person who has voted, by drawing a line through the name of the voter, with a pen or indelible pencil. The board member shall mark off the names at least once each hour, to and including 6 o'clock in the evening. In all counties not using the index roster, the board member shall draw a line under the last name signed in the roster at 6 o'clock p.m. or at the time of discontinuation

of this procedure, whichever occurs last.

14252. The precinct board shall maintain the copies of the index posted during the whole time of voting. These copies shall not be marked in any manner except by a member of the precinct board acting pursuant to Section 14251.

A member of the precinct board shall post a notice on each index which reads as follows: "This index shall not be marked in any manner except by a member of the precinct board acting pursuant to Section 14251 of the Elections Code. Any person who removes, tears, marks or otherwise defaces this index with the intent to falsify or prevent others from readily ascertaining the name, address or political affiliation of any voter, or the fact that a voter has or has not voted, is guilty of a misdemeanor."

Article 3. Closing of the Polls

14300. At any election, all members of the precinct board shall be present at the closing of the polls.

14301. When the polls are closed, the precinct board shall proclaim that fact aloud at the place of election. After the proclamation no ballot shall be received. However, if at the hour of closing there are any other voters in the polling place, or in line at the door, who are qualified to vote and have not been able to do so since appearing, the polls shall be kept open a sufficient time to enable them to vote.

14302. Any one who arrives at the polling place after the time provided for closing the polls shall not be entitled to vote, even though the polls are open when the voter arrives.

14303. Immediately upon the closing of the polls and before any ballot is taken from any of the ballot containers the precinct board member shall, in the presence of all persons in the room who may desire to observe them, proceed to deface every unused ballot by drawing across its face, in ink or indelible pencil, two lines which shall cross each other, the cross to be more than three inches square. The precinct board member shall thereupon, immediately and before any ballots are taken from any ballot container place all defaced ballots within an envelope or other receptacle provided for that purpose.

14304. In lieu of the procedure outlined in Section 14303 the unused ballots may be defaced by tearing or cutting in such a manner that it is apparent that the ballot has been intentionally destroyed to prevent its use. If the alternate method of destruction is used, it will be done in such a manner that the serial number of the ballots is retained for the purposes of reconciliation.

14305. The members of the precinct board shall account for the ballots delivered to them by returning a sufficient number of unused ballots to make up, when added to the number of official ballots cast and the number of spoiled ballots returned, the number of ballots

given to them. The officers receiving returned ballots shall compel such an accounting.

The precinct board shall complete the roster as required in Section 14005, and shall also complete and sign the certificate of performance prescribed in Section 17013, if that section applies.

14306. Immediately upon the arrival of the hour when the polls are required by law to be closed on election day, the clerk conducting the election, shall openly, in the clerk's main office, in the presence of any persons who are present to observe, proceed to destroy every unused ballot remaining in the control of the clerk. The clerk shall forthwith make and file an affidavit, in writing, as to the number of ballots destroyed.

SEC. 7. Chapter 3 (commencing with Section 14400) of Division 9 of the Elections Code is repealed.

SEC. 8. Chapter 3 (commencing with Section 14350) is added to Division 9 of the Elections Code, to read:

CHAPTER 3. PRIVILEGES OF VOTERS

14350. If a voter does not have sufficient time outside of working hours to vote at a statewide election, the voter may, without loss of pay, take off enough working time which when added to the voting time available outside of working hours will enable the voter to vote.

No more than two hours of the time taken off for voting shall be without loss of pay. The time off for voting shall be only at the beginning or end of the regular working shift, whichever allows the most free time for voting and the least time off from the regular working shift, unless otherwise mutually agreed.

If the employee on the third working day prior to the day of election, knows or has reason to believe that time off will be necessary to be able to vote on election day, the employee shall give the employer at least two working days' notice that time off for voting is desired, in accordance with the provisions of this section.

14351. Not less than 10 days before every statewide election, every employer shall keep posted conspicuously at the place of work, if practicable, or elsewise where it can be seen as employees come or go to their place of work, a notice setting forth the provisions of Section 14350.

14352. The provisions of Sections 14350 and 14351 shall apply to all public agencies and the employees thereof, as well as to employers and employees in private industry.

14353. Except for a felony, every voter is privileged from arrest while at, or while going to and returning from, his or her polling place on any election day.

14354. Except in time of war or public danger, no voter is obliged to perform militia duty on any election day.

SEC. 9. Chapter 3.5 (commencing with Section 14400) is added to Division 9 of the Elections Code, to read:

03196 297260 980

CHAPTER 3.5. REGULATION AT THE POLLS

14400. Only voters engaged in receiving, preparing, or depositing their ballots and persons authorized by the precinct board to keep order and enforce the law may be permitted to be within the voting booth area before the closing of the polls.

14401. Only members of the precinct board and persons while signing their names on the roster, shall be permitted during the hours within which voting is in progress, to sit at the desk or table used by the precinct board.

Any person may inspect the roster while voting is in progress and while votes are being counted. However, this shall not be done at a time or in a manner which will impede, interfere or interrupt the normal process of voting.

14402. Voting booths or compartments shall not be occupied by more than one person at a time, unless the voter is eligible under the assisted-voter provisions. Voters shall not remain in or occupy the booths or compartments longer than is necessary to mark their ballots, which shall not exceed 10 minutes; provided, however, that where no other voter would be inconvenienced, a longer period shall be allowed.

14403. Members of the precinct board shall not deposit in the ballot container any ballot from which the slip containing the number of the ballot has not been removed by a member of the precinct board and handed to the voter. This provision does not apply to voting by absent voter ballot.

14404. A place where any alcoholic beverage is sold or dispensed shall not be used as a polling place. A polling place shall not be connected by a door, window or other opening with any place where any alcoholic beverage is sold or dispensed.

14405. Any member of the precinct board when using a language other than English at the polls shall communicate with voters in such language only as he or she would be lawfully permitted to communicate in English under the code and shall be subject to like penalty for any illegal communication as if it had occurred in English.

SEC. 10. Section 17013 of the Elections Code is amended to read:

17013. The precinct board shall complete, sign, and return to the clerk all furnished forms requiring its signatures.

When votes are counted at the precinct, all members of the precinct board, upon the completion of their duties, shall sign the following certificate of performance, which shall be substantially in the following form:

We hereby certify that the total number of votes received by each

candidate for each office and the total number of votes cast for and against each measure is as indicated on the tally sheets.

We further certify that the results of votes cast forms posted outside the polling place and transmitted to the county clerk show the total number of votes received by each candidate for each office and the total number of votes cast for and against each measure is as indicated.

A space at least one inch wide shall be left blank after each name for the use of the clerk in verifying the petition or paper.

42. Any person who is a voter may circulate an initiative, referendum or recall petition.

43. Any voter who has signed an initiative, referendum or recall petition pursuant to the Constitution or laws of this state shall have his signature withdrawn from such petition upon filing a written request therefor with the appropriate county clerk or city clerk prior to the day the petition is filed.

44. Wherever, by the Constitution or laws of this state, any petition or paper is required to be signed by voters, the circulator of the petition or paper shall indicate on the affidavit, to be filed at the same time as such petition or papers, the dates between which all signatures to the petition or paper were obtained and his or her voting address at the time of the execution of the affidavit.

45. "War voter" refers to an elector who comes within one of the following categories:

(a) Member of the armed forces of the United States or any auxiliary branch thereof.

(b) Employed by the United States and serving outside the territorial limits of the United States.

(c) Employed by the American Red Cross and serving outside the territorial limits of the United States.

46. "Territorial limits of the United States" means the 50 states of the United States and the District of Columbia.

47. Whenever by any statute of the United States, provision is made for absentee voting, an application for an absent voter's ballot made under the provisions of that law may be given the same effect as an application for an absent voter's ballot made under this code.

If, by any federal statute, provision is made for the transmission of applications for absent voter's ballots to the Secretary of State, he

shall transmit the applications to the county clerk of the county in which the applicant claims residence.

48. If by any act of Congress which is now or may become effective during the effective period of this section, provision is made for voting by war voters, that act shall control and be superior to any conflicting provisions of this code, and all state, county, municipal and district officers, who are charged with the performance of duties with reference to the election laws of this state, shall perform the duties and discharge the obligations placed upon them by that act of Congress. It is the purpose and intent of this section that full effect shall be given to ballots cast by war voters under federal statutes in order that no person shall be deprived of his vote by virtue of having cast his ballot under any federal statute rather than under the laws of this state.

49. Whenever any candidate files a declaration of candidacy, nomination paper, acceptance of nomination or any other paper evidencing an intention to be a candidate for any public office at any election in this state with either the Secretary of State or a county clerk, the candidate shall by such filing irrevocably appoint the Secretary of State or the county clerk with whom the filing is made and their successors in office the candidate's attorneys upon whom all process in any action or proceeding against him or her concerning his or her candidacy or the election laws may be served with the same effect as if the candidate had been lawfully served with process. The appointment shall continue until the day of election.

If in any action or proceeding arising out of or in connection with any matters concerning his or her candidacy or the election laws it is shown by affidavit to the satisfaction of a court or judge that personal service of process against the candidate cannot be made with the exercise of due diligence, the court or judge may make an order that the service be made upon the candidate by delivering by hand to the Secretary of State or the county clerk appointed as the candidate's attorney for service of process, or to any person employed in his or her office in the capacity of assistant or deputy, one copy of the process for the defendant to be served, together with a copy of the order authorizing such service. Service in this manner constitutes personal service upon the candidate. The Secretary of State and the county clerks of all counties shall keep a record of all process served upon them under this section, and shall record therein the time of service and their action with reference thereto.

Upon the receipt of any such service of process the Secretary of State or the county clerk shall immediately give notice of the service of the process to the candidate by forwarding the copy of the process to the candidate at the address shown on his or her declaration, nomination paper, affidavit, acceptance or other evidence of intention to be a candidate filed with that officer, by special delivery registered mail with request for return receipt.

The commission shall consist of the Governor, the Secretary of State, the Attorney General, and the county clerk of each county in which destruction occurs.

51. The county clerk in each county shall compile and make available to the Legislature or any appropriate committee of the Legislature such information and statistics as may be necessary for use in connection with the reapportionment of legislative districts, including, but not limited to, precinct maps indicating the boundaries of municipalities, school districts, judicial districts, Assembly districts, senatorial districts and congressional districts, and lists showing the election returns for each precinct in the county at the last three statewide elections held prior to reapportionment.

52. No person shall be considered a legally qualified candidate for any office or party nomination for a partisan office under the laws of this state unless that person has filed a declaration of candidacy or declaration of acceptance of nomination with the proper official for the particular election or primary, or is entitled to have his or her name placed on a general election ballot by reason of having been nominated at a primary election or having been selected to fill a vacancy on the general election ballot as provided in Section 6655 of this code.

This section shall not be construed to prevent a voter from writing in the name of any person for an office at a primary or general election.

It is the intent of the Legislature, in enacting this section, to enable the Federal Communications Commission to determine who is a "legally qualified candidate" in this state for the purposes of administering the provisions of Section 315 of the Communications Act of 1934.

53. Notwithstanding any other provision of law:

(a) Any registered voter who is a candidate for any office may obtain signatures to and sign his or her own nomination papers. The candidate's signature shall be given the same effect as that of any other qualified signer.

(b) Any person engaged in obtaining signatures to the nomination papers of a candidate for any office or to any recall, initiative or referendum petition, may, if otherwise qualified to sign such papers or petition, sign such papers or petition. The signature of the person shall be given the same effect as that of any other qualified signer.

54. A plurality of the votes given at any election shall constitute a choice where not otherwise directed in the Constitution, provided that it shall be competent in all charters of cities, counties or cities and counties framed under the authority of the Constitution to provide the manner in which their respective elective officers may be elected and to prescribe a higher proportion of the vote therefor.

03613 297575 43

55. The Secretary of State is the chief elections officer of the state, and has the powers and duties specified in Section 12172 of the Government Code.

56. Every voter shall be entitled to write the name of any candidate for any office on the ballot of any election.

57. Every person who desires to have his or her name as written on the ballots of an election counted for a particular office shall file (1) a declaration stating that he or she is a write-in candidate for the nomination for or election to the particular office and giving the title of that office and (2) the number of signatures required on the nomination paper, if any, required by Sections 6495 and 22836 for that office. The declaration and nomination papers, if any, shall be filed with the clerk, registrar of voters, or district secretary responsible for the conduct of the election no later than the 14th day prior to the election for candidates who require certification by the Secretary of State or the eighth day prior to the election for all candidates not required to be certified by the Secretary of State.

SEC. 3. Section 5351 is added to the Elections Code, to read:

5351. Notwithstanding any other provisions of this code to the contrary, whenever any ballot arguments for or against any measure submitted to the electorate for approval are authorized, such arguments may be withdrawn by their proponents at any time prior to and including the final date fixed for filing arguments.

SEC. 4. Sections 45, 46, and 47, as added to the Elections Code by Section 2 of this act, shall not become operative if Assembly Bill No. 3197 of the 1975–76 Regular Session is enacted.

CHAPTER 237

An act to add Title 2.6 (commencing with Section 1812.100) to Part 4 of Division 3 of the Civil Code, relating to contracts for discount buying services.

[Approved by Governor June 19, 1976 Filed with Secretary of State June 21, 1976.]

The people of the State of California do enact as follows:

SECTION 1. Title 2.6 (commencing with Section 1812.100) is added to Part 4 of Division 3 of the Civil Code, to read:

TITLE 2.6. CONTRACTS FOR DISCOUNT BUYING SERVICES

1812.100. (a) The Legislature finds that there exist in connection with a substantial number of contracts for discount buying services, sales practices and business and financing practices which result in fraud, deceit, and financial hardships being perpetrated on the people of the state; that existing legal remedies are inadequate to correct these abuses; that the discount buying industry has a significant impact upon the economy and well-being of the state and its local communities; and that the provisions of this title relating to such contracts are necessary for the public welfare.

(b) The purpose of this title is to safeguard the public against fraud, deceit, and financial hardship, and to foster and encourage competition, fair dealing, and prosperity in the field of discount buying services by prohibiting or restricting false or misleading advertising, unfair contract terms, harmful financial practices, and other unfair, deceptive, destructive, unscrupulous, fraudulent and discriminatory practices by which the public has been endangered and by which the public may in the future be harmed in connection with contracts for discount buying services. This title shall be construed liberally in order to achieve the foregoing purposes.

1812.101. For the purpose of this title, the following definitions shall be used:

(a) "Discount buying organization" means any person or persons, corporation, unincorporated association, or other organization which, for a consideration, provides or purports to provide its clients or the clients or members of any other discount buying organization with the ability to purchase goods or services at discount prices, except that such organization shall not include: (1) any discount buying organization in which the total consideration paid by each client or member in any manner whatsoever for the purchase of discount buying services from such organization does not exceed a one-time fee of fifty dollars ($50) or an annual fee of twenty-five dollars ($25) to be paid on a yearly basis, or (2) any discount buying organization in which persons receive discount buying services incidentally as part of a package of services provided to or available to such individual on account of his membership in such organization, which is not organized for the profit of any person or corporation, and which does not have as one of its primary purposes or businesses the provision of discount buying services.

(b) "Contract for discount buying services" means a contract between one party (hereinafter referred to as the "buyer") who is purchasing the service for personal or family use, and a discount buying organization, whereby the buyer for a consideration receives the right to obtain goods or services from the discount buying organization, or to utilize the discount buying organization services in obtaining goods and services, at discount prices.

(c) "Discount prices" means prices which are represented to be lower on most or all offered goods or services than those generally charged for such items in the locality in which the representation is made.

This definition is not intended to affect the degree of savings which must be offered on an item or selection of items in order to truthfully and without misleading consumers represent an item, selection of items, or entire store as being "discount" or "discounted."

1812.103. Every discount buying organization shall maintain a bond issued by a surety company admitted to do business in this state. The principal sum of the bond shall be thirty thousand dollars ($30,000). A copy of such bond shall be filed with the Secretary of State.

1812.104. The bond required by Section 1812.103 shall be in favor of the State of California for the benefit of any person who is damaged by any violation of this title or by fraud or dishonesty or failure to provide the services of the discount buying organization in performance of the contract. The bond shall also be in favor of any person damaged by such practices. Any person claiming against the bond may maintain an action at law against the discount buying organization and the surety; provided, however, that the surety shall be liable only for the actual damages plus restitution and not the treble damages permitted under subdivision (a) of Section 1812.123.

The aggregate liability of the surety to all persons for all breaches of the conditions of the bond provided herein shall in no event exceed the amount of the bond.

1812.105. In lieu of furnishing the bond as required by Section 1812.103, the seller may deposit with the Secretary of State a cash deposit in a like amount. This cash deposit may be satisfied by any of the following:

(a) Certificates of deposit payable to the Secretary of State issued by banks doing business in this state and insured by the Federal Deposit Insurance Corporation;

(b) Investment certificates for share accounts assigned to the Secretary of State and issued by a savings and loan association doing business in this state and insured by the Federal Savings & Loan Insurance Corporation;

(c) Bearer bonds issued by the United States government or by this state;

(d) Cash.

Cash deposited pursuant to this section shall be maintained by the Secretary of State in an interest-bearing trust account.

1812.106. Every discount buying organization shall disclose to potential customers in writing before obtaining the signature of such potential customer on any application or contract for discount buying services: (a) the exact nature of the services it provides, specifying the general categories of goods which are available at the discount buying organization's place of business or warehouse, those

0956 298370 130

categories of goods, if any, which must be ordered or obtained through stores to which the discount buying organization will refer the customer, and those categories of goods, if any, which must be ordered or obtained through the mail, (b) a list, current within the previous 60 days, of at least 100 items which are sold by or through the organization or available to those who contract with the organization, identified by brand name, model, and total price including any incidental charges at which the item can, at the time the list is furnished, be purchased by one who contracts with the organization. These items shall be reasonably representative as to the type of goods available. In lieu of furnishing such list, the discount buying organization may furnish a list of at least 100 items which were purchased by its members through the discount buying organization during the preceding 60 days. Such list shall identify the items by brand name, model, and total selling price including freight and other incidental charges, and shall be representative as to the type of goods sold during that period. If the maximum number of items available through a discount buying organization is less than 100 in number, it may comply with this section by furnishing a list of the total items available, identified as described above, (c) a statement of the discount buying organization's policy with respect to warranties or guarantees on goods ordered, and the policy with respect to the return of ordered goods, cancellation of orders by the buyer and refunds for cancellation or return, (d) a description of any charges, such as freight costs, seller's markup and other costs which are incidental to the purchase of goods through the discount buying organization and which are to be paid by the buyer. A disclosure of these costs in specific monetary amounts shall also be made on each order placed through the discount buying organization.

1812.107. Every contract for discount buying services shall be in writing and shall be subject to the provisions of this title. The address of the seller's discount buying facility and the residence address of the buyer shall be clearly indicated on the face of the contract. A copy of the written contract shall be given to the buyer at the time he signs the contract. All blank spaces in the contract shall be filled in before the contract is signed by the buyer. Provisions or terms written by hand on the buyer's copy shall be legible. The contract shall disclose that a bond has been obtained by the discount buying organization and that a copy of such bond is on file with the Secretary of State. The contract shall be specific as to the period of time for which the discount buying services will be available to the buyer. This time period shall not be measured by the life of the buyer.

1812.108. All contracts for discount buying services, which may be in effect between a seller or related sellers and a buyer, the terms of which overlap for any period of time, shall be considered as one contract for the purpose of this title.

1812.109. No contract for discount buying services shall require payments or financing by the buyer over a period in excess of two

0956 298385 133

years from the date the contract was entered into.

1812.110. Every contract for discount buying services shall provide that the buying services shall become available to the buyer within seven days from the date the contract was entered into.

1812.113. No contract for discount buying services shall require or entail the execution of any note or series of notes by the buyer which, when separately negotiated, will cut off as to any third party any right of action or defense which the buyer may have against the seller.

1812.114. No right of action or defense arising out of a contract for discount buying services which the buyer has against the discount buying organization shall be cut off by assignment or transfer of the contract to any third party.

1812.116. Every contract for discount buying services shall provide that if any goods ordered by the buyer from the seller are not delivered to the buyer or available for pickup by the buyer at a location within his county of residence within six weeks from the date the buyer placed an order for such goods, then any moneys paid by the buyer for such goods in advance of delivery shall, upon the buyer's request, be fully refunded unless a predetermined delivery date has been furnished to the buyer in writing at the time he ordered such goods and the goods are delivered to the buyer or are available for pickup by that date.

1812.118. Every contract for discount buying services shall further provide that such contract may be canceled at any time within three days after the date of receipt by the buyer of a copy of the contract by written notice to the seller at the address specified in the contract. If such cancellation is made, all moneys paid pursuant to the contract shall be refunded. Every contract for discount buying services shall be subject to the cancellation privileges and comply with the requirements of Sections 1689.6 and 1689.7 of this code.

1812.119. Any contract for discount buying services which does not comply with the applicable provisions of this title shall be voidable by the buyer.

1812.120. Any untrue or misleading information, representation, notice or advertisement of the seller which has been received by or made to the buyer prior to his signing a contract for discount buying services shall render the contract for discount buying services void and unenforceable by the seller. No seller shall make or disseminate such information, representations, notices or advertisements. The phrase "untrue or misleading information, representation, notice, or advertisement" shall include any acts which constitute violations of Chapter 1 (commencing with Section 17500) of Part 3 of Division 7 of the Business and Professions Code. However, neither this section nor any other section of this title shall operate to exempt discount buying services from any other provisions of law, including the penalty provisions of Section 17536 of the Business and Professions Code and Section 3370.1 of this code.

1812.121. (a) If a discount buying organization removes its place of business or, if it conducts business at more than one location, that place of business which is geographically closest to the buyer's residence indicated on the face of the contract, more than 20 miles farther from the buyer's residence than it was at the time the contract for discount buying services was entered into, the organization shall offer rescission and a pro rata refund to each buyer affected, based upon the amount of time for which the buyer has been a member of the organization.

(b) If a discount buying organization discontinues providing any category of goods or services disclosed in compliance with Section 1812.106 or otherwise represented to the buyer to be available at or before the buyer's signing of the contract for discount buying services, the organization shall offer rescission and a pro rata refund based upon the amount of time for which the buyer has been a member of the organization, to each buyer who was informed of the availability of the category of goods or services to be discontinued and signed a contract for discount buying services within the six months immediately preceding the discontinuance of said category of goods or services.

1812.122. Any transfer by a discount buying organization of its duty or obligation to provide services to buyers under its contracts for discount buying services to another individual, corporation, or other business entity, as a result of which a buyer shall have available substantially fewer goods and services, shall constitute a complete defense to an action for further enforcement of or collection on such a contract for discount buying services which may be asserted by any buyer who did not consent in writing, after a full and fair disclosure of the categories of goods and services to be provided by the new discount buying organization, to such transfer of the duty or obligation of performance, and shall entitle such a nonconsenting individual to rescind the contract and obtain a pro rata refund from the transferor.

1812.123. (a) Any buyer injured by a violation of this title may bring an action for the recovery of damages and return of all moneys paid by the buyer to the seller. Judgment shall be entered for three times the amount at which the actual damages, plus such restitution, are assessed plus reasonable attorney's fees and costs. In the event that the court finds a violation of Section 1812.120 relating to untrue or misleading statements, judgment shall be entered for one thousand dollars ($1,000) plus reasonable attorney's fees or three times the amount of actual damages plus restitution plus reasonable attorney's fees, whichever is greater.

(b) Notwithstanding any other provision of this title, any failure to comply with any provision of this title except Section 1812.120 may be corrected within 30 days after the execution of the contract by the buyer, and if so corrected, neither the seller nor his transferee shall be subject to any liability under this title except that of a suit for

actual damages plus reasonable attorney's fees and costs, provided that any correction must be concurred in, in writing, by the buyer, or the contract shall be void and unenforceable by the seller, who shall forthwith tender to the buyer a full refund. "Transferee" includes holders and assignees.

1812.125. Any person who violates any provisions of this title relating to discount buying service contracts shall be guilty of a misdemeanor.

1812.126. The prohibitions of this title are not exclusive and do not relieve the parties or the contracts subject thereto from compliance with any other applicable provision of law.

1812.127. Any waiver by the buyer of the provisions of this title shall be deemed contrary to public policy and shall be void and unenforceable.

1812.128. If any provision of this title or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of the title which can be given effect without the invalid provision or application, and to this end the provisions of this title are severable.

SEC. 2. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to this section nor shall there be any appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local government entities and school districts which, in the aggregate, do not result in significant identifiable cost changes.

CHAPTER 238

An act to add Chapter 10 (commencing with Section 54970) to Part 1 of Division 2 of Title 5 of the Government Code, relating to lists of appointive offices.

[Approved by Governor June 19, 1976. Filed with Secretary of State June 21, 1976.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 10 (commencing with Section 54970) is added to Part 1 of Division 2 of Title 5 of the Government Code, to read:

CHAPTER 10. OPEN LISTS OF LOCAL APPOINTIVE OFFICES

54970. (a) The Legislature finds and declares that a vast and largely untapped reservoir of talent exists among the citizenry of the State of California, and that rich and varied segments of this great human resource are, all too frequently, not aware of the many opportunities which exist to participate in and serve on local

regulatory and advisory boards, commissions, and committees.

(b) The Legislature further finds and declares that the general public of this state has traditionally been denied access to information regarding vacancies which occur on such boards, commissions, and committees, thereby denying most citizens and interest groups the opportunity to nominate for consideration by the respective appointive powers persons whose particular strengths, backgrounds, experience, perspective, and talents might contribute significantly to efficient and representative policy development and administration in local government.

(c) The Legislature further finds and declares that the respective local appointive powers have been denied access to a talent resource hitherto untapped.

(d) The Legislature further finds and declares that all citizens of the state, regardless of their place of residence should have equal access to specific and current information about the many local regulating and advisory boards, commissions, and committees and equal opportunity to be informed of vacancies which shall occur thereon, so that they may pursue the opportunity to participate in and contribute to the operations of local government by serving on such boards, commissions, and committees.

(e) It is therefore the intent of the Legislature that this chapter shall apply to all cities and all counties throughout California, including charter cities and charter counties.

54971. As used in this chapter:

(a) "Legislative body" means the board of supervisors or its chairman in the case of the county, or the city council or the mayor in the case of a city.

(b) "Local agency" means a county or city, whether chartered or general law.

54972. On or before December 31 of each year, each legislative body shall prepare an appointments list of all regular and ongoing boards, commissions, and committees which are appointed by the legislative body of the local agency. The appointees' list shall contain the following information:

(a) A list of all appointive terms which will expire during the next calendar year, with the name of the incumbent appointee, the date of appointment, the date the term expires, and the necessary qualifications for the position.

(b) A list of all boards, commissions, and committees whose members serve at the pleasure of the legislative body, and the necessary qualifications for each position.

54973. The appointments list shall be made available to members of the public for a reasonable fee which shall not exceed actual cost.

54974. Whenever an unscheduled vacancy occurs in any board, commission, or committee for which the legislative body has the appointing power, whether due to resignation, death, termination, or other causes, a special vacancy notice shall be posted in the office

of the clerk of the local agency, and in other places as directed by the legislative body within 20 days after the vacancy occurs. Final appointment to the board, commission, or committee shall not be made by the legislative body for at least 10 working days after the posting of the notice in the clerk's office.

Notwithstanding the provisions of Section 54974, the legislative body may, if it finds that an emergency exists, fill the unscheduled vacancy immediately. Persons appointed to fill such a vacancy shall only serve on an acting basis until the final appointment is made pursuant to this section.

SEC. 2. This act shall be known and may be cited as the Maddy Local Appointive List Act of 1975.

SEC. 3. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to this section nor shall there be an appropriation made by this act because self-financing authority is provided in this act to cover such costs in Section 54973 of the Government Code.

CHAPTER 239

An act to amend Sections 12607 and 12614 of, and to add Section 12511.1 to, the Business and Professions Code, relating to weights and measures.

[Approved by Governor June 19, 1976. Filed with Secretary of State June 21, 1976]

The people of the State of California do enact as follows:

SECTION 1. Section 12511.1 is added to the Business and Professions Code, to read:

12511.1. Notwithstanding any other provisions of this division, any weight or measure, or weighing or measuring instrument, found correct or corrected by a repairman, authorized pursuant to Section 12509, may be used commercially pending reinspection by a sealer.

SEC. 2. Section 12607 of the Business and Professions Code is amended to read:

12607. Whenever a packaged commodity is offered for sale, exposed for sale or sold without a statement of net quantity appearing thereon as required by this chapter, the sealer shall in writing order the commodity off sale and require that a correct statement of net quantity be placed on the commodity before the same may be released by the sealer.

SEC. 3. Section 12614 of the Business and Professions Code is amended to read:

12614. For the purposes of this chapter:

(1) "Consumer commodity" means any commodity of any kind or class which is customarily produced or distributed for sale through

retail sales agencies or instrumentalities for consumption by individuals or use by individuals for the purpose of personal care or in the performance of services ordinarily rendered in or about the household or in connection with personal possessions;

(2) "Package" means any container or wrapping in which a commodity is enclosed for use in the delivery or display of that commodity to purchasers, but does not include;

(a) Shipping containers or outer wrappings used solely for the transportation of a commodity in bulk or in quantity to manufacturers, packers or processors;

(b) Shipping containers or outer wrappings used by retailers to ship or deliver a commodity to retail customers if such containers or wrappings contain no printed matter pertaining to a commodity.

(3) "Packaged commodity" means any commodity which is enclosed in a package.

(4) "Consumer package" means a package containing a consumer commodity.

(5) "Nonconsumer package" means any package other than a consumer package, and particularly a package intended solely for industrial or institutional use or for wholesale distribution.

(6) "Random package" means a package which is one of a lot, shipment or delivery of packages of the same consumer commodity with varying weights, that is, with no fixed weight pattern.

(7) "Label" means any written, printed or graphic matter affixed to any commodity or affixed to or appearing upon any package containing any commodity.

SEC. 4. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to this section nor shall there be any appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local government entities which, in the aggregate, do not result in significant identifiable cost changes.

CHAPTER 240

An act to amend Sections 33704, 35221, and 35251 of, and to add Sections 33704.5, 35221.5, and 36994 to, the Food and Agricultural Code, relating to milk and dairy products, and making an appropriation therefor.

[Approved by Governor June 19, 1976 Filed with Secretary of State June 21, 1976]

The people of the State of California do enact as follows:

SECTION 1. Section 33704 of the Food and Agricultural Code is amended to read:

33704. The provisions of Sections 33701, 33731, 33732, 33733, 33734, 33767, 33768, 33770, 33771, 33776, and 34593 do not apply to the manufacture of a milk drink if such product is manufactured from milk drink mix or sterilized milk drink mix, or to ice cream which is manufactured from ice cream mix, or to ice milk which is manufactured from ice milk mix, or to frozen yogurt dessert, which is manufactured from frozen yogurt mix, or to low-fat frozen yogurt dessert, which is manufactured from low-fat frozen yogurt mix, if such products are manufactured in a freezing device from which such products are served directly in a semifrozen state, without packaging of any type, for consumption on the premises in or from rooms where food is served to the public.

All such mixes so used shall be secured from a licensed manufacturer of milk products. Frozen yogurt mix and low-fat frozen yogurt mix shall be manufactured into a semifrozen state without adulteration and freezing device salvage shall not be reused as a mix.

The director may by agreement with any approved milk inspection service, authorize such service to inspect and enforce requirements of this code applicable to the establishments covered by this section. Any such agreement shall provide that the approved inspection service shall collect the applicable license fee for such establishments as provided in Section 35221.5. The fees so collected shall be retained by the approved service to cover its cost of enforcement, provided that 25 percent of the fees collected shall be remitted to the director to cover his cost of administration.

SEC. 2. Section 33704.5 is added to the Food and Agricultural Code, to read:

33704.5. (a) Any person who manufactures and directly serves frozen yogurt dessert or low-fat frozen yogurt dessert in the manner specified in Section 33704, shall post on the premises where such manufacture and service take place a sign which (1) states that frozen yogurt dessert or low-fat yogurt dessert, or both, are served on such premises and (2) lists the ingredients in the dessert or desserts served.

(b) The sign required to be posted pursuant to subdivision (a) shall be placed in a conspicuous location, such as on a menu or other sales device, and shall be printed in a legible manner that is understandable under normal conditions by the person purchasing such desserts.

SEC. 3. Section 35221 of the Food and Agricultural Code is amended to read:

35221. Except as provided in Section 35221.5, every person, except a hospital or sanitarium, that is engaged in the business of dealing in, receiving, manufacturing, freezing, or processing ice cream, ice milk, sherbet, or any similar frozen product, or that is

engaged in the business of manufacturing, freezing, or processing imitation ice cream, imitation ice milk, or any similar frozen product, shall pay the following fees:

(a) A license fee of forty dollars ($40), for the calendar year for which such license is issued.

(b) A fee for the renewal of a license of forty dollars ($40), plus three dollars ($3) for each additional 10,000 gallons or fraction of 10,000 gallons over and above 20,000 gallons which were manufactured during the preceding year, ending the 31st day of December.

SEC. 4. Section 35221.5 is added to the Food and Agricultural Code, to read:

35221.5. (a) Instead of the licensing fees provided in Section 35221, for a semifrozen (soft-serve) milk products plant which is used to manufacture frozen yogurt dessert or low-fat frozen yogurt dessert, a person shall pay a license fee of seventy-five dollars ($75) for the calendar year for which the license is issued. The fee for renewal of such license is seventy-five dollars ($75).

(b) In the case of a person who may be subject to a license fee under both Sections 35221 and 35221.5 and thus subject to the licensing provisions of both sections, the person shall pay only the higher of the two licensing fees.

SEC. 5. Section 35251 of the Food and Agricultural Code is amended to read:

35251. The director, at least once each month, shall report to the State Controller the total amount of any money which is collected under Section 35221 and such portion, as specified in Section 33704, of the fees collected pursuant to Section 35221.5. He shall, at the same time, pay into the State Treasury the entire amount of such receipts which shall be credited to the Department of Agriculture Fund and expended as provided in Section 32704.

SEC. 6. Section 36994 is added to the Food and Agricultural Code, to read:

36994. Frozen yogurt mix and low-fat frozen yogurt mix are unfrozen products which are used in the manufacture of frozen yogurt dessert and low-fat frozen yogurt dessert. They shall comply with all the requirements for frozen yogurt dessert and low-fat frozen yogurt dessert, respectively. The use of fruits and flavoring in frozen yogurt mix and low-fat frozen yogurt mix, as used pursuant to Section 33704, shall be subject to the approval of the director.

SEC. 7. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be any appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local government entities and school districts which, in the aggregate, do not result in significant identifiable cost changes.

CHAPTER 241

The people of the State of California do enact as follows:

SECTION 1. Section 20750.3 of the Government Code is amended to read:

20750.3. The state's contribution to the retirement fund in respect to state safety members is a sum equal to the percent of the compensation set out in the following table paid state safety members by the state during the period specified:

SEC. 2. Section 20750.33 of the Government Code is repealed.

SEC. 3. Section 20750.34 of the Government Code is repealed.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Valuation of the Public Employees' Retirement System has been completed and discloses a need to adjust the state's rate of contribution to the retirement fund with respect to state safety members effective July 1, 1976. In order that such rate adjustment may be accomplished and the integrity of the fund maintained, this act must take effect immediately.

CHAPTER 242

An act to amend Sections 11161.5 and 11161.6 of the Penal Code, relating to child abuse.

[Approved by Governor June 19, 1976. Filed with Secretary of State June 21, 1976.]

The people of the State of California do enact as follows:

SECTION 1. Section 11161.5 of the Penal Code is amended to read:

11161.5. (a) In any case in which a minor is brought to a physician and surgeon, dentist, resident, intern, podiatrist, chiropractor, or religious practitioner for diagnosis, examination or treatment, or is under his charge or care, or in any case in which a minor is observed by any registered nurse when in the employ of a public health agency, school, or school district and when no physician and surgeon, resident, or intern is present, by any superintendent, any supervisor of child welfare and attendance, or any certificated pupil personnel employee of any public or private school system or any principal of any public or private school, by any teacher of any public or private school, by any licensed day care worker, by an administrator of a public or private summer day camp or child care center, or by any social worker, and it appears to the physician and surgeon, dentist, resident, intern, podiatrist, chiropractor, religious practitioner, registered nurse, school superintendent, supervisor of child welfare and attendance, certificated pupil personnel employee, school principal, teacher, licensed day care worker, by an administrator of a public or private summer day camp or child care center or social worker from observation of the minor that the minor has physical injury or injuries which appear to have been inflicted upon him by other than accidental means by any person, that the minor has been sexually molested, or that any injury prohibited by the terms of Section 273a has been inflicted upon the minor, he shall report such fact by telephone and in writing, within 36 hours, to both the local police authority having jurisdiction and to the juvenile probation department; or, in the alternative, either to the county welfare department, or to the county health department. The report shall state, if known, the name of the minor, his whereabouts and the character and extent of the injuries or molestation.

Whenever it is brought to the attention of a director of a county welfare department or health department that a minor has physical injury or injuries which appear to have been inflicted upon him by other than accidental means by any person, that a minor has been sexually molested, or that any injury prohibited by the terms of Section 273a has been inflicted upon a minor, he shall file a report without delay with the local police authority having jurisdiction and to the juvenile probation department as provided in this section.

No person shall incur any civil or criminal liability as a result of making any report authorized by this section unless it can be proven that a false report was made and the person knew or should have known that the report was false.

Copies of all written reports received by the local police authority shall be forwarded to the Department of Justice. If the records of the Department of Justice maintained pursuant to Section 11110 reveal any reports of suspected infliction of physical injury upon, sexual molestation of, or infliction of any injury prohibited by the terms of

Section 273a upon, the same minor or any other minor in the same family by other than accidental means, or if the records reveal any arrest or conviction in other localities for a violation of Section 273a inflicted upon the same minor or any other minor in the same family, or if the records reveal any other pertinent information with respect to the same minor or any other minor in the same family, the local reporting agency and the local juvenile probation department shall be immediately notified of the fact.

Reports and other pertinent information received from the department shall be made available to: any licensed physician and surgeon, dentist, resident, intern, podiatrist, chiropractor, or religious practitioner with regard to his patient or client; any director of a county welfare department, school superintendent, supervisor of child welfare and attendance, certificated pupil personnel employee, or school principal having a direct interest in the welfare of the minor; and any probation department, juvenile probation department, or agency offering child protective services.

(b) If the minor is a person specified in Section 600 of the Welfare and Institutions Code and the duty of the probation officer has been transferred to the county welfare department pursuant to Section 576.5 of the Welfare and Institutions Code and the report is made to the local police authority having jurisdiction, then the report required by subdivision (a) of this section shall be made to the county welfare department.

SEC. 2. Section 11161.6 of the Penal Code is amended to read:

11161.6. In any case in which a minor is observed by a probation officer or any person other than a person described in Section 11161.5 and it appears to the probation officer or person from observation of the minor that the minor has a physical injury or injuries which appear to have been inflicted upon him by other than accidental means by any person, that the minor has been sexually molested, or that any injury prohibited by the terms of Section 273a has been inflicted upon the minor, he may report such injury to the agencies designated in Section 11161.5.

No probation officer or person shall incur any civil or criminal liability as a result of making any report authorized by this section unless it can be proven that a false report was made and the probation officer or person knew or should have known that the report was false.

CHAPTER 243

An act to add Section 20456.4 to the Education Code, relating to county superintendents of schools, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 19, 1976. Filed with Secretary of State June 21, 1976.]

The people of the State of California do enact as follows:

SECTION 1. Section 20456.4 is added to the Education Code, to read:

20456.4. Upon agreement between a majority of the members of the county board of education and a majority of the members of the county board of supervisors, as evidenced by resolutions adopted by each such board, the maximum allowable tax rate available pursuant to subdivision (b) of Section 20456 for the operation, maintenance and housing of a fiscally independent county office of education may be increased by an amount not to exceed one cent ($0.01) per one hundred dollars ($100) of assessed valuation if expenses for the operation, maintenance, and housing of the county office were funded from property tax revenues attributable to the county general fund in the 1972–73 fiscal year and if the county board of supervisors reduces the maximum general purpose tax rate of the county by the same amount by which the tax rate of the county superintendent of schools is increased in the fiscal year in which such rate is increased.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

At least one county superintendent of schools is experiencing unanticipated and severe financial hardships due to the unintentional exclusion of the cost of operation, maintenance and housing of the county office from the computation of the tax rates levied in 1971–72 and 1972–73 fiscal years. In order that the remedial changes made by this act may be applicable for the 1976–77 fiscal year, and that the administration of finance for the county superintendent of schools may be orderly and effective, it is necessary that this act take effect immediately.

CHAPTER 244

An act to add Section 18330 to the Welfare and Institutions Code, relating to older Americans, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 19, 1976 Filed with Secretary of State June 21, 1976.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds that the Office on Aging, in the sound administration of the McCarthy-Kennick Nutrition Program for the Elderly Act of 1972, may from time to time be required to suspend, to terminate or to withhold funding for any nutrition project because of the determination of Director of the Office on Aging that there is a failure or inability of that nutrition project's contractor adequately to carry out project requirements. The Legislature further finds that federal funding is not available for provision by the Office on Aging on a purchase-of-service basis of the services otherwise provided by a nutrition project. Unless the State of California provides funding therefor, the Office on Aging will be unable to ensure, by such undertaking, the uninterrupted provision of nutrition and services to individuals eligible under this chapter in those cases where the Director of the Office on Aging determines that a nutrition project's contractor is unable or unwilling adequately to carry out project requirements.

SEC. 2. Section 18330 is added to the Welfare and Institutions Code, to read:

18330. In each case where the Director of the Office on Aging determines that the failure or inability of any contractor adequately to perform the terms of a contract for a nutrition project established pursuant to this chapter requires the suspension, termination or withholding of funding for that project in accordance with applicable law, the Office on Aging may provide on a purchase-of-service basis the services which otherwise would have been provided by that project for a period not to exceed 60 consecutive days where necessary to avoid interruption of provision of nutrition services to eligible individuals.

SEC. 3. There is hereby appropriated from the General Fund for the 1975–76 fiscal year the sum of forty thousand dollars ($40,000) for use by the Office on Aging in directly providing nutrition services in accordance with Section 18330 of the Welfare and Institutions Code.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The health and welfare of older Americans are being jeopardized by the temporary failure of some nutrition projects. To reduce the impact of such failure, it is necessary that this act take effect immediately.

CHAPTER 245

An act to amend Section 23010 of the Government Code, and to amend Sections 8963 and 9002 of, and to repeal Section 8961.5 of, the Health and Safety Code, relating to cemetery districts.

The loan shall not exceed 85 percent of the district's anticipated revenue for the fiscal year in which it is made or for the next ensuing fiscal year, and shall be repaid out of such revenue prior to the payment of any other obligation of the district.

SEC. 2. Section 8961.5 of the Health and Safety Code is repealed.

SEC. 3. Section 8963 of the Health and Safety Code is amended to read:

8963. The district may do all acts necessary or proper for the carrying out of the purposes of this part, including the selling of burial rights in cemetery lots.

The trustees shall prepare or cause to be prepared and shall maintain an up-to-date map of the cemetery showing by section and lot number the lots in which burial rights have been sold and which burial rights are still available for sale.

The trustees shall keep or cause to be kept a record of all remains interred stating the name of each deceased person, his age, place of death, date of interment, the plot in which interment was made, and name and address of the funeral director.

SEC. 4. Section 9002 of the Health and Safety Code is amended to read:

9002. The trustees may invest and reinvest the principal of the fund in:

(a) Securities and obligations set forth in Section 53601 of the Government Code.

(b) Obligations of the United States or obligations for which the faith and credit of the United States are pledged for payment of principal and interest. These shall not be limited to maturity dates of one year or less.

(c) Obligations issued under authority of law by any county, municipality, or school district in this state for which are pledged the faith and credit either of the county, municipality, or school district for the payment of principal and interest, if within 10 years

immediately preceding the investment such county, municipality, or school district was not in default for more than 90 days in the payment of principal or interest upon any legally authorized obligations issued by it.

(d) Obligations of this state or those for which the faith and credit of this state are pledged for the payment of principal and interest.

(e) Interest-bearing obligations issued by a corporation organized under the laws of any state, or of the United States provided that they bear a Standard and Poor's financial rating of AAA at the time of such investment.

SEC. 5. There are no state-mandated local costs in this act that require reimbursement under Section 2231 of the Revenue and Taxation Code because there are no new duties, obligations or responsibilities imposed on local government by this act.

[Approved by Governor June 19, 1976. Filed with Secretary of State June 21, 1976.]

The people of the State of California do enact as follows:

SECTION 1. Section 1602.5 of the Elections Code, as added by Chapter 97 of the Statutes of 1976, is repealed.

SEC. 1.5. Chapter 3 (commencing with Section 10300) is added to Division 7 of the Elections Code, to read:

CHAPTER 3. VOTING MACHINES AND VOTE TABULATING DEVICES

Article 1. Voting Machines

10300. "Ballot label," means that portion of cardboard, paper or other material placed on the front of a voting machine, containing the names of the candidates or a statement of a measure.

10301. The ballot labels for measures shall contain a condensed statement in, where possible, not more than 20 words of each measure to be voted on, accompanied by the words "Yes" and "No."

10302. The ballot label for measures to be voted on throughout the state shall be composed by the Attorney General and shall be a

condensed statement of the ballot title prepared by him.

10303. The ballot label shall be printed by the clerk in black ink on clear material of such size as will fit the machine, of such color as may be determined by the clerk, and in as plain, clear type as the space will reasonably permit.

10304. The list of offices and candidates and the statements of measures used on the voting machines is an official ballot.

10305. The clerk shall furnish sufficient ballot labels for the voting machines used at any election.

10306. The officers or board charged with the duty of providing ballots for any polling place shall provide the polling place with two sample ballots which shall be arranged in the form of a diagram showing that part of the face of the voting machine which will be in use at that election.

10307. The sample ballots shall be either in full or reduced size and shall contain suitable illustrated directions for voting on the voting machine.

10308. The ballot labels shall be delivered to the officer in charge of the voting machines at least 30 days before the election.

10309. At the presidential primary, if the voting machine will accommodate it, the county central committee election ballot shall be placed upon the voting machine together with the presidential primary ballot.

10310. Any person who, before or during an election, tampers with any voting machine, interferes or attempts to interfere with the correct operation of a voting machine or the secrecy of voting, or willfully injures a voting machine to prevent its use, and any unauthorized person who makes or has in his possession a key to a voting machine that has been adopted and will be used in elections in this state, is guilty of a felony, punishable by imprisonment in a state prison for not less than one year nor more than 14 years.

10311. Penal laws and election laws relating to misconduct at elections apply to elections with voting machines.

Article 2. Vote Tabulating Devices

10320. Notwithstanding any other provisions of this code, the ballots to be counted by means of electronic or electromechanical devices may be of such size, composition, texture, and may be printed in any type of ink or combination of inks that will be suitable for use in the counting devices in which they are intended to be placed.

10321. The names of the candidates and the respective offices shall be printed on the ballot in parallel columns at least 2½ inches wide.

10322. Where electromechanical vote tabulating devices are used to count all or part of the ballots, the names of presidential candidates may be printed in the same column as the names of

candidates for other offices.

10323. The ballots may contain printed code marks or punched holes which may be used for placing the ballots in correct reading position in the counting devices. The code marks or punched holes shall not be used in any way that will reveal the identity of the voters voting the ballots.

10324. The sample ballot provided in Chapter 1 (commencing with Section 10000) of this division shall be a substantial facsimile of the official ballot, including instructions to voters.

10325. Whenever ballots are to be counted under the provisions of this chapter, all write-in votes for candidates, to be counted, shall be marked by the voter with the rubber stamp or other marking device in the space provided opposite the names of the write-in candidates. The instructions to voters printed on the ballots shall instruct the voter that the vote will not be counted unless the rubber stamp or other marking device is used in marking the ballot when writing in a candidate's name.

10326. The device for marking the ballot may be of any size, shape or form, and the impression made on the ballot may be in the form of a cross, square, circle, rectangle, or any other design that will clearly indicate the choice of the voter. Any type of ink or other substance that will clearly show the voter's choice may be used in or in conjunction with the marking device.

10327. The statement of measures submitted to the voters may be abbreviated on the ballot. The statement shall contain, where possible, not more than 20 words of each measure to be voted on, followed by the words, "Yes" and "No," or preceded by the words "For" and "Against." Abbreviation of measures to be voted on throughout the state shall be composed by the Attorney General and shall be a condensed statement of the ballot title prepared by him.

Article 3. Punchcards

10330. As used in this article, "ballot" means a single card or a number of cards upon which are printed the names of candidates and the ballot titles of measures to be voted on by a punching or slotting device at the election and includes a card upon which is printed the instructions to voters.

In addition to, or in lieu thereof, "ballot" may mean a reference page or pages upon which are printed the instructions to voters, office titles, names of candidates, and ballot titles of measures to be voted on by punching or slotting a separate card or a number of cards whereby the vote for each candidate and on each measure is registered in direct relation to the reference page or pages.

10331. As used in this article, "ballot card" means a card or a number of cards upon which are printed, or identified by reference to the ballot, the names of candidates for nomination or election to one or more offices or the ballot titles of one or more measures. The

ballot card shall also contain proper blank spaces to allow the voter to write in names not printed on the ballot unless a separate write-in ballot is used. The separate write-in ballot may be a paper ballot, a card, or the envelope used to enclose a ballot card. Determination of the format of a separate write-in ballot shall be within the discretion of the elections board. The separate write-in ballot shall provide a blank space followed by the word "office" and a second blank space followed by the word "name" for purposes of facilitating write-in votes for offices for which write-in votes may be cast, or may provide a space for writing in the name followed by a space for punching or slotting in order that the vote may be tabulated. All such separate write-in ballots may, in the discretion of the elections board, have attached thereto two stubs which comply with the provisions of Section 10334 regarding the stubs attached to a ballot card, except that the information required under subdivisions (c) through (g) of Section 10334 and instructions to voters on how to vote for persons whose names do not appear on the ballot may be printed on the write-in ballot and not upon a stub. Any serial numbers appearing on the write-in ballot stubs need not be identical to the serial numbers appearing on the stubs attached to the ballot card or cards handed to the voter. Sections 10001 through 10004 of the Elections Code shall not apply to the preparation and composition of separate write-in ballots authorized by this section. Sections 14438 and 14439 of this code shall not apply to separate write-in ballots used in an election in which a punchcard voting system is used.

10332. As used in this chapter "punchcard" means a tabulating card on which the voter may record his vote by punching, marking, or slotting, and the word "punching" includes marking a ballot card to record a vote.

10333. In approving ballots and ballot cards the State Commission on Voting Machines and Vote Tabulating Devices shall not give its approval unless the following are true:

(a) The size, shape, and texture of the ballot card is suitable for use in the automatic device in which it is intended to be placed.

(b) The ballot cards are so designed that they can readily be arranged with a section or ballot stub containing the serial number of the ballot, and a section with places for the voter to slot or punch holes indicating his choices of candidates and votes on measures.

(c) If the ballot is to consist of two or more series of cards, appropriate provision may be made for identifying the related series which comprise the ballot.

10334. Each ballot card shall have two stubs attached. The stubs shall be separated from the ballot card and from each other by perforated lines so that they may be readily detached. One stub shall have the serial ballot number printed on it, and shall be detached from the remainder of the ballot before it is handed to the voter. The second stub shall have printed on it: (a) the same ballot serial number; (b) the words "This ballot stub shall be removed by a

precinct board member and handed to the voter before the ballot is placed in the ballot container"; (c) the words "OFFICIAL BALLOT" in uppercase boldface type no smaller than 12-point; (d) in primary elections, the party name, e.g., "Democratic Party," or the words "Nonpartisan Ballot," as applicable; (e) the designation of the congressional, senatorial, and Assembly district; (f) the name of the county; (g) the date of the election; and (h) where not otherwise provided, instructions to the voter on how to mark the ballot with the marking device, how to vote for a candidate whose name is not printed on the ballot, and how to secure an additional ballot card if the ballot card is spoiled or marked erroneously. If the information in items (a) through (h) must also appear in one or more languages other than English under the provisions of the Voting Rights Act of 1965 as extended by Public Law 94-73 and there is insufficient room for all the information to be set forth in all the required languages while at the same time appearing in a type size sufficiently large to be readable, the official in charge of the election may delete the following items of information in the order listed until there is sufficient room: item (f), item (e), and item (g). In addition to the instructions to voters printed on the ballot or ballot stub, there shall be displayed in each voting booth instructions to voters substantially in the same form and wording as appears on paper ballots. Precinct numbers may also be placed on the ballot.

10335. The ballot shall contain the same material as to candidates and measures, and shall be printed in the same order as provided for paper ballots, and may be arranged in parallel columns on one or more ballot cards as required, except that the column in which the voter marks his choices may be at the left of the names of candidates and the designation of measures. If there are a greater number of candidates for an office or for a party nomination for an office than the number whose names can be placed on one pair of facing ballot pages, a series of overlaying pages printed only on the same, single side shall be used and the ballot shall be clearly marked to indicate that the list of candidates for such office is continued on the following page or pages. If the names of candidates for such office are not required to be rotated, they shall be rotated by groups of candidates in such manner that the name of each candidate shall appear on each page of the ballot in approximately the same number of precincts as the names of all other candidates. Space shall be provided on the ballot or on a separate write-in ballot to permit voters to write in names not printed on the ballot when authorized by law. The size of type and the spacing of the material may be varied to suit the conditions imposed by the use of ballot cards, provided the type on the ballot cards, when enlarged by a magnifying device on the marking device provided at the polling place, shall appear to the voter as approximately equal in size to that on paper ballots. The statement of measure submitted to the voters may be abbreviated if necessary on the ballot, provided there is displayed in each voting

booth the verbatim statement on each measure as it appears on paper ballots. Abbreviation of matters to be voted on throughout the state shall be done by the Attorney General.

10336. The sample ballot provided in Chapter 1 (commencing with Section 10000) of this division shall be printed in either of two formats: (a) booklet form or (b) on one or more sheets on one or both sides. The sample ballot shall be printed on white or tinted paper and shall be a substantial facsimile of the ballot, including instructions to voters.

10337. If more than one ballot card is used at an election, different tints of cardboard stock or other suitable means may be used for each series of ballot cards to facilitate the sorting of ballots.

10338. If the number of offices and measures to be voted upon at an election cannot be accommodated on one ballot card, the clerk may, at his discretion, place part of the ballot upon more than one ballot card or he may place part of the ballot upon the ballot card and the remainder upon paper.

10339. If punchcard ballots are used for absent voting, the ballots shall be marked by pencil, or by a marking device which enables the voter to register his vote by punching or slotting the ballot card. Counting of punchcard ballots marked by pencil may be as with paper ballots, or a true duplicate copy of each ballot may be prepared using the same procedure as provided by Section 15271. Absent voter ballots so prepared shall be counted by the counting device.

10340. If an official ballot consisting of one or more individual ballot cards upon which the names of candidates and measures are printed is used for absent voting, the two stubs specified in Section 10334 may be eliminated from the ballot cards by printing a group style number on each card and by printing the information required by subdivisions (c), (d), (e), (f), (g), and (h) of Section 10334 on a separate form accompanying the official ballot.

SEC. 2. Chapter 6 (commencing with Section 14900) of Division 9 of the Elections Code is repealed.

SEC. 3. Division 9.5 (commencing with Section 15000) is added to the Elections Code, to read:

Whenever a power is granted to, or a duty is imposed upon, a commissioner, the power may be exercised or the duty may be performed by an alternate appointed by that commissioner.

15102. The Chairman of the Senate Standing Committee on Elections and Reapportionment and the Chairman of the Assembly

Standing Committee on Elections and Reapportionment shall meet with the commission and participate in the work of the commission to the extent that such participation is not incompatible with their positions as Members of the Legislature. For the purposes of this division, the chairman of the committees named shall constitute a joint interim legislative committee on the subject of this chapter and shall have the powers and duties imposed upon such committees by the Joint Rules of the Senate and Assembly.

15103. The commission may investigate any alleged violation of its regulations with power to subpoena all necessary persons and records.

15104. Prior to giving its decision approving or withholding approval of any voting machine, voting device, or vote tabulating device, the commission shall hold a public hearing to give persons interested an opportunity to express their views for or against the machine or device.

The commission, through the Secretary of State, shall give notice of the hearing in the manner prescribed in Section 6064 of the Government Code in a newspaper of general circulation published in Sacramento County. The Secretary of State shall also transmit written notice of the hearing, at least 30 days prior to the hearing, to each county clerk, to any person that the Secretary of State believes will be interested in the hearing, and to any person who requests, in writing, notice of any such hearing.

The decision of the commission, either approving or withholding approval of a voting machine, voting device, or vote tabulating device, shall be in writing and shall state the findings of the commission. The decision shall be filed with the Secretary of State and shall be open to public inspection.

Article 2. Approval of Voting Systems

15110. The commission shall not approve any voting system, or part of a voting system, unless it fulfills the requirements of this code and the regulations of the commission.

15111. No voting system, in whole or in part, shall be used unless it has received the approval of the commission prior to any election at which it is to be first used.

15112. Any person or corporation owning or being interested in any voting system or part of a voting system may apply to the commission to examine it and report on its accuracy and efficiency to fulfill its purpose. The commission shall complete its examination without undue delay.

15113. The commission shall establish the specifications for and the regulations governing voting machines, voting devices, and vote tabulating devices and any software used for each including the programs and procedures for vote tabulating and testing. The criteria for establishing such specifications and regulations shall

03195 299240 232

include, but not be limited to, the following:

(a) The machine or device and its software shall be suitable for the purpose for which it is intended.

(b) The system shall preserve the secrecy of the ballot.

(c) The system shall be safe from fraud or manipulation.

15114. For the purpose of assistance in examining a voting system the commissioners may employ not more than three expert electronic technicians at a cost to be set by the commission. The compensation of the electronic technicians shall be paid by the person or corporation submitting the machine or device.

The commission may require the person or corporation submitting the machine or device to deposit sufficient funds to guarantee the payment of the examination charges. The Secretary of State may deposit the funds in an appropriate treasury trust account and, within 30 days after his report of examination, draw a refund check to the credit of the person or corporation for any amount in excess of costs.

15115. Within 30 days after completing the examination of any voting system, the commissioners shall make and file with the Secretary of State a report stating whether in the opinion of the commission the kind of voting system examined can safely be used. The report shall also contain a written or printed description and drawings and photographs clearly identifying the machine or device and its mechanical operation.

15116. If the report states that the voting system can be used, it shall be deemed approved by the commissioners and machines or devices of its kind may be adopted for use at elections.

15117. Within 10 days after receiving the report of the commission, the Secretary of State shall send a copy to the board of supervisors of each county.

15118. When a voting system or a part of a voting system has been approved by the commission, it shall not be changed or modified until the commission has been notified in writing and determined that the change or modification does not impair its accuracy and efficiency sufficient to require a reexamination and reapproval pursuant to this article. The commission may adopt rules and regulations governing the procedures to be followed in making its determination as to whether the change or modification impairs accuracy or efficiency.

15119. The elections official of any county or city using voting or vote tabulating equipment shall inspect the machines or devices at least once every two years to determine their accuracy. Any county or city using leased or rented equipment shall determine if the equipment has been inspected for accuracy within the last two years before using it for any election. The inspection shall be made in accordance with regulations adopted and promulgated by the commission. The elections official shall certify the results of the inspection to the commission.

15120. If the commission has reason to believe that a local inspection of equipment is not adequate, it may cause the equipment to be reexamined, at any time prior to six months before a statewide election, to insure that they tabulate votes accurately.

For the purpose of reexamining voting equipment the commission may employ not more than three expert technicians at a cost to be determined by the commission. The compensation of the technicians shall be paid by the county using the equipment examined.

The Secretary of State may make all arrangements for the time and place to examine the voting equipment, and shall furnish a complete report of the findings of the examining engineers to each member of the commission, to each county elections official, to the chairman of the elections committees of the Assembly and Senate, and to the manufacturer of the equipment.

15121. Voting equipment may be loaned or rented for any purposes with the consent of the board of supervisors, if payment for the expenses incident to the use of such machines is made.

15122. The commission shall review voting systems periodically to determine if they are defective, obsolete, or otherwise unacceptable. The commission has the right to withdraw its approval previously granted under this article of any voting system or part of a voting system should it be defective or prove unacceptable after use in any election. Six months' notice must be given before withdrawing approval.

CHAPTER 3. ELECTIONS USING VOTING SYSTEMS

Article 1. General Provisions

15200. This chapter shall govern all elections except those totally using paper ballots counted by hand. Voting machines are governed by this chapter only where the provisions of this chapter are not inconsistent with Chapter 4 (commencing with Section 15320) of this division.

15201. A governing board may adopt a system provided for in this division for any or all precincts within its jurisdiction, and for any portion or all of any election. The election official may, from time to time, combine, rearrange, or enlarge the precincts for which such system is adopted, provided no direct primary or general election precinct shall include more than 1,000 voters, if using a punchcard system, or 600 voters, if using any other system provided for by this division. The governing board may cease to use such system in any or all precincts or elections under its jurisdiction.

15202. A precinct board inspector shall not serve in any election unless he has received instruction and is fully qualified to perform his duties.

15203. Prior to each election the elections official shall instruct the precinct board inspector and as many other board members as

possible in the use of the voting equipment and in their other duties.

15204. This article shall not prevent the appointment and service of a member of a precinct board to fill a vacancy in an emergency.

15205. In any municipal, special district, or school district election at which an electronic, electromechanical, or punchcard voting system is to be used for counting the ballots, the officer in charge of the election may provide that the precinct board shall consist of one inspector and two or more judges who shall be appointed pursuant to the provisions of Division 9 (commencing with Section 14000). This section shall not apply to any local election consolidated with a statewide direct primary or general election.

15206. Except as otherwise provided in this chapter, in local elections where precincts consist of fewer than 500 voters and where ballots are to be counted by means of vote tabulating devices, the precinct board may consist of one inspector and two clerks.

15207. Where part of the ballot is voted upon paper and part upon voting machines, there shall be appointed an additional precinct board member.

15208. A copy of each election computer vote count program for a statewide election or state special election to fill vacancies shall be deposited with the Secretary of State at least one week before the election. Copies of any subsequent alterations in the program shall be deposited in the same manner prior to the election.

The Secretary of State shall hold the deposited programs for a period of not less than six months, at which time the program shall be returned to the depositor. The programs deposited in accord with this section shall be used only for an official recount, court action or for logic and accuracy tests required by the Secretary of State or the Commission on Voting Machines and Vote Tabulating Devices.

15209. All voting equipment shall be transferred to the polling places in charge of an authorized official, who shall certify to their delivery in good order.

15210. Ballots and other election supplies appropriate to the system shall be furnished as provided for other precincts except that:

(a) No rubber stamps or ink pads shall be supplied when only ballots to be punched are used.

(b) Ballots shall be suitable to be punched or slotted in the marking device and subsequently counted on an approved mechanical or electronic counting device.

(c) The containers of the ballots shall be of such type that they will adequately protect the ballots and that they can be opened without mutilation.

Article 2. Procedures at the Polls

15220. The procedure at the polls where voting is conducted pursuant to this division shall be the same as at other polling places, except as provided in this article.

15221. After the opening of the polls, the precinct board shall not allow any voter to enter the voting booth until it ascertains that he is entitled to vote.

15222. Before each voter enters the voting booth, the precinct board shall inform him how to operate the voting device. If a marking or punching device is used the voter shall be instructed to use only that device. The voter shall also be instructed how to fold the ballot and place it in the envelope. If any voter, after entering the booth, asks for information regarding the operation of the machine or device the precinct board shall give him the information.

15223. The device for marking the ballot may be handed to the voter with his ballot before the voter goes into the voting booth, and shall be returned to the precinct board after he has finished marking his ballot.

15224. In any election where ballots are to be counted both manually and by electromechanical tabulating devices, the marking device used for marking ballots to be counted electromechanically may be used for marking ballots to be counted manually.

15225. Before leaving the voting booth or compartment the voter shall fold or place the ballot card in the envelope so that the ballot markings of the voter will not be exposed, and the ballot stub will be outside of the envelope or other container to be removed by the precinct board.

15226. After his ballot is marked a voter shall not show it to any person in such a way as to reveal its contents.

15227. The voter shall hand the folded ballot or the envelope containing the ballot to a precinct board member who shall remove the ballot stub, hand it to the voter, and deposit the ballot in the ballot container. If the ballot is to be transferred from the envelope to the ballot container care shall be taken not to disclose the markings of the voter on the ballot.

Article 3. Closing the Polls

15240. Any ballot that is torn, bent, or mutilated shall be segregated in the manner directed by the elections official and shall be placed within the same sealed container as provided for other voted ballots in Section 15835 and shall be delivered with the voted ballots to the counting place, where a duplicate shall be prepared as provided in Section 15872. Any ballot that is marked in a manner so as to identify the voter shall be marked "Void" and shall be placed in the container for void ballots.

15241. As soon as the polls are closed, the precinct board shall remove the voted ballots from the ballot container, and take them out of the envelopes. Where such envelope is also the write-in ballot and a write-in vote has been registered thereon, the ballot card shall not be separated from the envelope until the validity of the write-in vote has been checked and the used envelope and its related ballot

card have been cross-identified pursuant to Section 15832 and if two or more separate ballot cards have been used in the election, sort them into groups each of which shall contain the same series of ballot cards. The precinct board shall next count the number of ballot cards in each group, and certify the number of votes cast on the voting roster as provided by Section 14215. If there is any discrepancy between the number of voters listed in the roster and the number of ballots voted, this fact shall be noted with an explanation of the difference and signed by all the members of the precinct board.

15242. The precinct board, or if the election board so directs, a board, or boards, at a central counting place shall examine the ballots and count the votes cast for candidates whose names have been written in. If a separate write-in ballot is used, the board shall number each write-in ballot which contains a write-in vote, starting with the number 1, and the same number shall be placed on the ballot card in the place designated for this purpose. Before any such vote is counted the board shall examine the ballot to ascertain whether the write-in vote is valid, and count it only if it is found to be valid. Neither a vote registered by punching or slotting nor a write-in vote shall be counted if the voter has marked his ballot by a combination of punching or slotting the ballot card and writing in, a choice of more names than there are candidates to be elected or nominated for any office. All valid write-in votes shall be tabulated and certified to the clerk on forms provided for this purpose, and the write-in votes shall be added to the results of the count of the ballots at the counting place and be included in the official returns for the precinct.

15243. The precinct board shall group voted ballot cards and voted separate write-in ballots as directed by the county clerk and place them in containers. The board shall also place spoiled and void ballots and voided write-in ballots, if any, in containers as directed by the county clerk, all of which, along with the containers for voted ballot cards shall be placed in one or more boxes which shall then be sealed and delivered as soon as possible to the receiving centers or central counting places with the unused ballots, supplies, and other materials as directed by the county clerk.

Article 4. Counting Procedure

15260. An election board may provide that the ballots cast in any precinct for which the system provided for in this chapter has been adopted shall be counted at the polls or at a central counting place, or places, as provided in this chapter.

15261. In the event that paper ballots are used in conjunction with this system, counting shall be as provided in Division 10 (commencing with Section 17000).

15262. If the ballots are to be counted at a central counting place a member of the precinct board shall, following the close of the polls,

deliver the ballots, in a sealed container, to the central counting place or a designated receiving station. There may be two or more central counting places.

15263. The ballots may be counted at the polls if a counting or tabulating machine approved therefor pursuant to this division is available at the polls. In case of an emergency in which it becomes impossible to transport the ballots from the precinct to a central counting place, the election official may direct that such ballots be counted at the precinct. In such cases, counting shall be conducted substantially in accordance with the provisions of Chapter 1 (commencing with Section 17000) of Division 10 of this Elections Code.

15264. The vote tabulating device may be located at any place within the state approved by the election board of the county or other political subdivision using the device. The same device may be jointly owned, borrowed, leased or used by two or more counties, cities or other political subdivisions to tabulate ballots cast in any election.

15265. All proceedings at the central counting place shall be open to the view of the public, but no person except one employed and designated for the purpose by the elections official, or his authorized deputy shall touch any ballot container. Access to the area where electronic data-processing equipment is being operated may be restricted to those persons authorized by the elections official.

15266. The county central committee of each qualified political party may employ, and may have present at the central counting place or places, not more than two qualified data-processing specialists or engineers to check and review the preparation and operation of the tabulating devices, their programming and testing, and have such specialists or engineers in attendance at any or all phases of the election.

15267. Each container of ballots shall be opened and its contents removed. The ballots shall be checked to ascertain if the ballots are properly grouped and shall be arranged so that all similar ballots from the precinct are together.

15268. Any tape used in the programming of an electronic or electromechanical vote counting device upon which votes are registered pursuant to this chapter, and any tape used in the compiling of vote totals from such counting device, shall be kept under lock and seal, and if there is a recanvass of the votes, the officer entrusted with the tapes shall submit his affidavit stating that they are the true tapes used in the election and have not been altered.

15269. The tabulating machines used pursuant to this division may be equipped with a device that registers votes cast for candidates and measures on a cumulative basis and which may be used to determine the votes cast for each candidate and on each measure at any time and up to that time.

15270. In preparing the voted ballot cards for processing, any

ballot card that is torn, bent, or otherwise defective shall be corrected so that every vote cast by the voter shall be counted by the automatic tabulating equipment. If necessary, a true duplicate copy of the defective ballot card shall be made and substituted therefor, following the intention of the voter insofar as it can be ascertained from the defective ballot card. All duplicate ballot cards shall be clearly labeled "duplicate," and shall bear a serial number which shall be recorded on the damaged or defective ballot.

15271. If paper ballots are used for absentee voting the canvass may be conducted in accordance with Chapter 7 (commencing with Section 18200) of Division 10, or the clerk may have a true duplicate copy of absentee voter paper ballots made on punchcard ballots which shall be verified in the presence of witnesses and after verification the punchcard ballots shall be counted in the same manner as other punchcard ballots.

15272. The clerk may count absent voter ballots by the use of a voting machine or vote tabulating device subject to the following:

a. All interested persons shall be afforded the opportunity to be present.

b. No vote shall be counted unless there are at least three persons observing the counting procedure.

c. The voting machine or device shall be inspected, all of its registering counters set at zero (000) and locked.

d. The clerk pursuant to the provisions of Section 15141 may appoint persons to assist in the counting of these ballots.

e. No vote shall be registered in the voting machine or device unless all persons present are in agreement that the voting machine or device reflects exactly the vote of the ballot being counted.

f. When the votes of all absent voter ballots have been registered in the voting machine or device, the results of the votes cast shall be tabulated in the same manner as the results from other voting machines or devices.

15273. When voting at all precincts within a county has not been conducted using the same voting system, the result as to the precincts not subject to this chapter shall be determined in accordance with other provisions of this code and the result of the vote at precincts subject to this chapter shall be determined as provided in this chapter. The statement of the vote in such case shall represent the consolidation of all such results and the results of the canvass of all absent voter ballots.

15274. When ballots are counted under the provisions of this chapter, the result of the vote shall be shown by precincts.

15275. Upon completion of the count, the clerk shall add to the results as so determined the results of the write-in votes and any paper ballots used as certified by the precinct board and thereupon shall declare the vote, and forthwith post one copy at the counting place for public inspection.

15276. The final canvass of the vote at an election in which all voting in the county was done pursuant to this division may be made by adding the results as determined by the clerk to the results of the canvass of the absent voter ballots and making the statement of the vote in the manner provided for the particular election.

Article 5. Recount

15280. On recount, ballots may be challenged pursuant to Section 18506.5.

15281. Notwithstanding any other provision of law in any election in which devices provided for by this chapter are used, recounts of the ballots so tabulated shall be accomplished in any or all of the ways provided herein.

(a) Within 15 days after every such election, the chief elections officer or other officer conducting the election shall conduct a public manual recount of the ballots tabulated by such devices cast in one percent (1%) of the precincts. In such case, however, the recount shall be conducted in not less than six precincts or if the total number of precincts is less than six, then the recount shall be conducted in all the precincts.

(b) When requested by the board of supervisors or the grand jury, the district attorney may petition the superior court for an order directing a public recount to be made of such ballots in such precincts in the county as it designates for any election occurring not over 25 days before such request. Such request and petition shall be made only on one or more of the following grounds, and such order may be issued only with a finding that there is probable cause to believe that one or more of the grounds exist:

(1) Misconduct by anyone sufficient to make it likely that the result of the election was affected as to the successful candidates or propositions or tie holders, including any of the conduct specified in Section 20021;

(2) Errors or failures, whether electronic, mechanical or otherwise, in the safekeeping, handling, tallying, counting, recording, or certification of the ballots or votes cast, sufficient to make it likely that the result of the election was affected as to the successful candidates or propositions or tie holders, or sufficient to cast substantial doubt on the substantial accuracy of the results without regard to affecting any result.

The petition shall be set for hearing and may be opposed by any interested party.

(c) The court may order such further recounts as it may deem proper based on the results of the recounts provided for in subdivisions (a) and (b); and shall declare the results of all such recounts; and shall determine and order corrected the results of any election affected by any recount.

(d) The court may order payment of the costs of any such recount in whole or in just proportion by any person or any public agency,

or both, who petition for a recount. In the case of public agencies the costs shall be provided for and paid pursuant to Section 15026.

15282. Upon the completion of the counting of the votes as provided in this chapter, all ballot cards shall be arranged by precincts and shall be kept by the clerk for six months or so long thereafter as any contest involving the vote at the election remains undetermined.

Notwithstanding any other provision of this code, the final disposition of all voted ballot cards shall be determined by the clerk; and sealed ballot containers may be opened if the elections official determines it is necessary in a shredding or recycling process.

15283. Section 15207 shall apply unless a court orders the program held pending the conclusion of litigation challenging the outcome of an election. If court action or an official recount is initiated while the program is on deposit, the Secretary of State shall make the program available to the court or the elections official in whose jurisdiction the court action or recount takes place, upon written request.

15284. Any tape used in programming of vote totals, shall be kept under lock and seal, and if there is a recanvass of votes, the officer entrusted with the tapes shall submit his affidavit stating that they are true tapes used in the election and have not been altered.

CHAPTER 4. VOTING MACHINE

Article 1. Ballots

15300. A voting machine shall, except at a direct primary election, permit the voter to vote for all the candidates of one party or in part for the candidates of one party and in part for the candidates of one or more other parties.

15301. A voting machine shall provide in the general election for grouping under the name of the office to be voted on, all the candidates for the office with the designation of the parties, if any, by which they were respectively nominated.

The designation may be by usual or reasonable abbreviation of party names.

15302. The labels on voting machines and the way in which candidates' names are grouped shall conform as nearly as possible to the form of ballot provided for in elections where voting machines are not used.

15303. If the voting machine is so constructed that a voter can cast a vote in part for presidential electors of one party and in part for those of one or more other parties or those not nominated by any party, it may also be provided with: (a) one device for each party for voting for all the presidential electors of that party by one operation; and (b) a ballot label therefor containing only the words "presidential electors" preceded by the name of the party and followed by the names of its candidates for the offices of President and Vice President; and (c) a registering device therefor which shall

register the vote cast for the electors when thus voted collectively.

If a voting machine is so constructed that a voter can cast a vote in part for delegates to a national party convention of one party and in part for those of one or more other parties or those not nominated by any party, it may be provided with one device for each party for voting by one operation for each group of candidates to national conventions which may be voted for as a group according to the law governing presidential primaries.

No straight party voting device shall be used except for delegates to a national convention or for presidential electors.

15304. A write-in ballot shall be cast in its appropriate place on the machine, or it shall be void and not counted.

Article 2. Preliminaries

15320. Before preparing a voting machine for any general election, the elections official shall mail written notice to the chairman of the county central committee of at least two of the principal political parties, stating the time and place where machines will be prepared. At the specified time one representative of each of the political parties shall be afforded an opportunity to see that the machines are in proper condition for use in the election.

The party representatives shall be sworn to perform faithfully their duties but shall not interfere with the officials or assume any of their duties. When a machine has been so examined by the representatives, it shall be sealed with a numbered metal seal. The representatives shall certify to the number of the machines; whether all of the counters are set at zero (000); and the number registered on the protective counter, and on the seal.

15321. The elections official shall affix ballot labels to the machines to correspond with the sample ballot for the election. He shall employ competent persons to assist him in affixing the labels and in putting the machines in order. Each machine shall be tested to ascertain whether it is operating properly.

15322. When a voting machine has been properly prepared for an election, it shall be locked against voting and sealed. After such initial preparation, a member of the precinct board or some duly authorized person, other than the one preparing the machines, shall inspect each machine and submit a written report. The report shall note the following:

(1) Whether all of the registering counters are set at zero (000), (2) whether the machine is arranged in all respects in good order for the election, (3) whether the machine is locked, (4) the number on the protective counter, (5) the number on the seal. The keys shall be delivered to the election board together with a copy of the written report, made on the proper blanks, stating that the machine is in every way properly prepared for the election.

Article 3. Procedures at the Polls

15340. Any member of a precinct board who has not previously attended a training class in the use of the voting machines and the duties of a board member shall be required to do so, unless appointed to fill an emergency vacancy.

15341. The precinct board shall consist of one inspector and two judges who shall be appointed and compensated pursuant to the general election laws. One additional inspector or judge shall be appointed for each additional voting machine used in the polling place.

15342. The elections official shall deliver to the polling place the supplies necessary to conduct the election, including two sample ballots, one envelope containing the seal for sealing the machine after the polls are closed, one envelope for the return of the keys, and as many copies of the statement of votes cast as are necessary.

15343. Before unsealing the envelope containing the keys and opening the doors concealing the counters the precinct board shall determine that the number on the seal on the machine and the number registered on the protective counter correspond to the numbers on the envelope.

Each member of the precinct board shall then carefully examine the counters to see that each registers zero (000). If the machine is provided with embossing, printing, or photography devices which record the readings of the counters the board shall, instead of opening the counter compartment, cause a "before election proofsheet" to be produced and determined by it that all counters register zero (000).

If any discrepancy is found in the numbers registered on the counters or the "before election proofsheet" the precinct board shall make, sign, and post a written statement attesting to this fact. In filling out the statement of return of votes cast, the precinct board shall subtract any number shown on the counter from the number shown on the counter at the close of the polls.

15344. The keys to the voting machines shall be delivered to the precinct board no later than 12 hours before the opening of the polls. They shall be in an envelope upon which is written the designation and location of the election precinct, the number of the voting machine, the number on the seal, and the number registered on the protective counter. The precinct board member receiving the key shall sign a receipt.

The envelope shall not be opened until at least two members of the precinct board are present to determine that the envelope has not been opened.

At the close of the polls the keys shall be placed in the envelope supplied by the official and the number of the machine, the number of the seal, the number registered on the protective counter, shall be written on the envelope.

15345. The exterior of the voting machine and every part of the

polling place shall be in plain view of the election precinct board and the poll watchers. The ballot labels shall be clearly visible when the machine is not in use and shall be inspected by a member of the precinct board after each voter has left the booth. Each machine shall be at least four feet from the poll clerk's table.

15346. Voters shall not remain in or occupy the booths or compartments longer than is necessary to mark their ballots, which shall not exceed five minutes; provided, however, that where no other voter would be inconvenienced, a longer period shall be allowed.

Article 4. Results

15360. During the reading of the result of votes cast, any candidate or watcher who may desire to be present shall be admitted to the polling place. The proclamation of the result of the votes cast shall be distinctly announced by the precinct board who shall read the name of each candidate, or the designating number and letter of his counter, and the vote registered on such counter. The board shall also read the vote cast for and against each measure submitted. The board shall not count votes cast for write-in candidates, but shall have these counted by the elections official. During the proclamation ample opportunity shall be given to any person lawfully present to compare the result so announced with the counter dials of the machine, and any necessary corrections shall then and there be made by the precinct board, after which the doors of the voting machine shall be closed and locked.

If the machine is provided with a recording device, the alternate procedures in Section 15364 may be used.

15361. In each election district where voting machines are used, statements of the results of the vote cast shall be printed to conform with the type of voting machine used.

The designating number and letter on the counter for each candidate shall be printed next to the candidate's name on the statements of result of the vote cast. Two such statements shall be used in each election district.

15362. The statement of the result of votes cast, which shall be certified by the precinct board, shall contain:

(a) The total number of votes cast.

(b) The number of votes cast for each candidate and measure as shown on the counter.

(c) The number of votes for persons not nominated.

(d) Printed directions to the precinct board for their guidance before the polls are opened and when the polls are closed.

(e) A certificate which shall be signed by the election officers before the polls are opened, showing:

(1) The delivery of the keys in a sealed envelope.

(2) The number on the seal.

(3) The number registered on the protective counter.

(4) Whether all of the counters are set at zero (000).
(5) Whether the public counter is set at zero (000).
(6) Whether the ballot labels are properly placed in the machine.
(f) A certificate which shall be filled out after the polls have been closed, showing:
(1) That the machine has been locked against voting and sealed.
(2) The number of voters as shown on the public counter.
(3) The number on the seal.
(4) The number registered on the protective counter.
(5) That the voting machine is closed and locked.

15363. As soon as the polls are closed, the precinct board, in the presence of the watchers and all others lawfully present, shall immediately lock the voting machine against voting and open the counting compartments, giving full view of all counter numbers. A board member shall in the order of the offices as their titles are arranged on the machine, read and distinctly announce the name or designating number and letter on each counter for each candidate's name and the result as shown by the counter numbers. He shall also in the same manner announce the vote on each measure.

If the machine is provided with a recording device, in lieu of opening the counter compartment the precinct board shall proceed to operate the mechanism to produce the statement of return of votes cast record in a minimum of three copies, remove the irregular ballot, if any, record on the statement of return of votes cast record. The irregular ballot shall be attached to the statement of result record of votes cast for the machine and become a part thereof. One copy of the statement of return of votes cast for each machine shall be posted upon the outside wall of the precinct for all to see. The statement of return of votes cast for each machine for the precinct shall constitute the precinct statement of result of votes cast.

15364. A member of the precinct board shall enter the vote, as registered, on the statements of result of votes cast, in the same order on the space which has the same name or designating number and letter, after which another member shall verify the figures by calling them off in the same manner from the counters of the machine. The counter compartment of the voting machine shall remain open until the official returns and all other reports have been fully completed and verified by the precinct board.

If the machine is provided with a recording device, the alternate procedures in Section 15284 may be used.

15365. Before adjourning, the precinct board shall seal the operating lever with the seal provided and lock the machine so that the voting and counting mechanism may not be operated.

It shall remain locked and sealed against operation until the time for filing a contest of election has expired, which shall not exceed a period of 30 days following any statewide election or a period of eight days following any local or special election.

15367. The precinct board shall, before it adjourns, post conspicuously on the outside of the polling place a copy of the result

of the votes cast at the polling place. The copy of the result shall be signed by the members of the precinct board.

If the machine is provided with a recording device, the statement of result of votes cast produced by operating its mechanism may be considered the "result of the votes cast" at the polling place.

15368. The precinct board shall immediately transmit unsealed to the clerk a copy of the result of the votes cast at the polling place, such copy shall be signed by the members of the precinct board and shall be open to public inspection.

15369. Before proceeding to canvass the returns of an election at which voting machines have been used to register the votes cast, the board authorized to canvass returns shall open the counter compartment and compare the records of votes cast for the several candidates voted for and for and against the several measures voted upon shown on each machine with those recorded on the statement of results of votes cast prepared from that machine by the precinct board. Any errors found on the statement shall be corrected by crossing out the recorded incorrect number, and recording the correct number nearby.

If the machine is provided with a recording device, the board shall inspect the statement of return of votes cast record. However, for good and sufficient cause the board shall unseal the machines and take off and record the records of votes cast for the several candidates and for and against the several measures voted upon. Each voting machine shall immediately be resealed.

DIVISION 4. MEASURES SUBMITTED TO THE VOTERS

CHAPTER 1. STATE ELECTIONS

Article 1. Initiative and Referendum Petitions

3500. This article applies only to initiative and referendum measures affecting the Constitution or laws of the state.

3501. The heading of a proposed initiative measure shall be in substantially the following form:

Initiative Measure to Be Submitted Directly to the Voters

The Attorney General of California has prepared the following title and summary of the chief purpose and points of the proposed measure:

(Here set forth the title and summary prepared by the Attorney General. This title and summary must also be printed across the top of each page of the petition whereon signatures are to appear.)

To the Honorable Secretary of State of California

We, the undersigned, registered, qualified voters of California, residents of _____ County (or City and County), hereby propose amendments to the Constitution of California (the _____ Code, relating to _____) and petition the Secretary of State to submit the same to the voters of California for their adoption or rejection at the next succeeding general election or at any special statewide election held prior to that general election or otherwise provided by law. The proposed constitutional (or statutory) amendments (full title and text of the measure) read as follows:

3502. Prior to the circulation of any initiative or referendum petition for signatures, a draft of the petition shall be submitted to the Attorney General with a written request that a title and summary of the chief purpose and points of the proposed measure be prepared. The title and summary shall not exceed a total of 100 words.

The persons presenting the request shall be known as the "proponents".

The Attorney General shall preserve the written request until after the next general election.

3503. Upon receipt of a draft of a petition, the Attorney General shall prepare a summary of the chief purposes and points of the proposed measure. The summary shall be prepared in the manner provided for the preparation of ballot titles in Article 5 (commencing at Section 3530) of this chapter, the provisions of which in regard to the preparation, filing, and settlement of titles and summaries are hereby made applicable to the summary.

The proponents of any initiative measure shall, at the time of

submitting the draft of the measure to the Attorney General, pay a fee of two hundred dollars ($200), the fee to be placed in a trust fund in the office of the State Treasurer to be refunded to the proponents if, within two years from the date the summary is furnished to the proponents, the measure qualifies for the ballot. If the measure does not qualify within that period, the fee shall be immediately paid into the General Fund of the state.

3504. Notwithstanding the provisions of Section 3503, the Attorney General, in preparing a title or summary for an initiative measure, the substance of which if adopted would affect the revenues or expenditures of the state or local government, shall state in the title the amount of any increase or decrease in revenue or costs to the state or local government if the proposed initiative is adopted.

Such estimates as required by this section shall be made jointly by the Department of Finance and Joint Legislative Budget Committee, who shall inform the Attorney General so that this estimate may be included in the prepared title.

A fiscal estimate is not required if in the opinion of both the Department of Finance and the Joint Legislative Budget Committee a reasonable estimate of the net impact of the proposed initiative cannot be prepared within 25 days from the date of receipt of the final version of the proposed initiative by the Attorney General. The Department of Finance and the Joint Legislative Budget Committee, however, shall give their opinion as to whether or not a substantial net change in state or local finances would result if the proposed initiative is adopted.

Any statement of fiscal impact prepared by the Legislative Analyst pursuant to subdivision (b) of Section 12172 of the Government Code may be used by the Department of Finance and the Joint Legislative Budget Committee in the preparation of the fiscal estimate or the opinion.

3505. If for any reason any initiative or referendum measure, proposed by petition as provided by this article, is not submitted to the voters at the next succeeding statewide election, such failure shall not prevent its submission at a succeeding statewide election.

3506. Immediately upon the preparation of the summary of an initiative or referendum petition, the Attorney General shall forthwith transmit copies of the text of the measure and summary to the Senate and Assembly. The appropriate committees of each house may hold public hearings on the subject of the measure; provided, that nothing in this section shall be construed as authority for the Legislature to alter the measure or prevent it from appearing on the ballot.

3507. The proponents of any proposed initiative measure shall, prior to its circulation, place upon each section of the petition, above the text of the measure and across the top of each page of the petition on which signatures are to appear, in roman boldface type not smaller than 12-point, the summary prepared by the Attorney General. A space at least one inch wide shall be left blank after each

name, for the use of the clerk, in verifying the petition.

3508. All such initiative petitions shall have printed across the top thereof in 12-point boldface type the following: "Initiative measure to be submitted directly to the voters."

3509. Across the top of each page of a referendum petition, there shall be printed in 12-point boldface type the following:

"Referendum Against an Act Passed by the Legislature."

3510. Across the top of each page after the first page of every referendum petition or section of a referendum petition, which is prepared and circulated, there shall be printed in 18-point gothic type a short title, in not to exceed 20 words, showing the nature of the petition and the subject to which it relates.

A space at least one inch wide shall be left blank after each name, for the use of the clerk, in verifying the petition.

3511. Officers required by law to receive or file in their offices any initiative or referendum petition shall not receive or file any initiative or referendum petition which does not conform with the provisions of this article.

3512. Officers required by law to receive or file in their offices any initiative or referendum petition shall preserve the petition until eight months after the certification of the results of the election for which the petition qualified or attempted to qualify for placement on the ballot. Thereafter, the petition shall be destroyed as soon as practicable unless it is in evidence in some action or proceeding then pending or unless the officer has received a written request from the Attorney General, the Secretary of State, a district attorney, a grand jury, or the governing body of a county, city and county, or district, including a school district, that the petition be preserved for use in a pending or ongoing investigation into election irregularities, the subject of which relates to the petition's qualification or disqualification for placement on the ballot.

3513. The date a summary of a proposed initiative measure is delivered or mailed by the Attorney General to the proponents is designated the "official summary date" for the proposed initiative measure. The Attorney General shall immediately notify the Secretary of State of that date and send the Secretary of State a copy of the summary. The Secretary of State immediately shall notify the proponents and county clerk of each county of the official summary date and mail a copy of the summary to each county clerk. This notification shall also include a complete schedule showing the maximum filing deadline, and the certification deadline by the counties to the Secretary of State.

No petitions for a proposed initiative measure shall be circulated for signatures prior to the official summary date. Petitions with signatures on a proposed initiative measure shall be filed with the county clerk not later than 150 days from the official summary date, and no county clerk shall accept petitions on the proposed initiative measure after that period.

3514. Notwithstanding any other provision of law, no initiative

shall be placed on a statewide special election ballot which qualifies less than 131 days before the date of the election.

3515. Any initiative or referendum petition may be presented in sections, but each section shall contain a full and correct copy of the title and text of the proposed measure.

Article 2. Petition Signatures

3516. The petition sections shall be designed so that each signer shall personally affix his or her:

(a) Signature;

(b) Printed name;

(c) Residence address, giving street and number, or if no street or number exists, adequate designation of residence so that the location may be readily ascertained; and

(d) Name of incorporated city or unincorporated community.

Only a person who is a qualified registered voter at the time of signing the petition is entitled to sign it.

The number of signatures attached to each section shall be at the pleasure of the person soliciting the signatures.

3517. Any qualified registered voter may circulate an initiative, referendum or recall petition within the county or city and county in which the solicitor is a registered voter. Each section of the petition shall bear the name of the county or city and county in which it is circulated. Only qualified registered voters of that county or city and county shall sign such section.

Any circulator may sign the section he or she is circulating as provided in Section 58.

3519. Each section shall have attached thereto the affidavit of the person soliciting the signatures stating:

(a) The qualifications of the solicitor.

(b) That all the signatures affixed to the section were made in his or her presence.

(c) That to the best of his or her knowledge and belief, each signature is the genuine signature of the person whose name it purports to be.

(d) The dates between which all signatures were obtained.

No other affidavit thereto shall be required.

The affidavit shall be verified free of charge by any officer authorized to administer oaths.

Petitions so verified shall be prima facie evidence that the signatures thereon are genuine and that the persons signing are qualified voters. Unless and until it be otherwise proven upon official investigation, it shall be presumed that the petition presented contains the signatures of the requisite number of qualified voters.

Article 3. Filing Petitions

3520. (a) Each section of the petition shall be filed with the clerk or registrar of voters of the county or city and county in which it was circulated but all sections circulated in any county or city and county shall be filed at the same time.

(b) Within five days, excluding Saturdays, Sundays, and holidays, after the filing of such petition the clerk or registrar of voters shall determine the total number of signatures affixed to the petition and shall transmit such information to the Secretary of State. If the total number of signatures filed with all county clerks is less than 100 percent of the number of qualified voters required to find the petition sufficient, the Secretary of State shall so notify the proponents and the county clerks and no further action shall be taken in regard to the petition.

(c) If the number of signatures filed with all county clerks is 100 percent or more of the number of qualified voters needed to declare the petition sufficient, the Secretary of State shall immediately so notify the county clerks.

(d) Within 15 days after such notification, the clerk or registrar of voters shall determine the number of qualified voters who have signed the petition. If more than 500 names have been signed on sections of the petition filed with a county clerk, the clerk shall use a random sampling technique for verification of signatures, as determined by the Secretary of State. The random sample of signatures to be verified shall be drawn in such a manner that every signature filed with the county clerk shall be given an equal opportunity to be included in the sample. Such a random sampling shall include an examination of at least 500 or 5 percent of the signatures, whichever is greater. In determining from the records of registration what number of qualified voters have signed the petition, the clerk or registrar of voters may use the duplicate file of affidavits of registered voters or the facsimiles of voter's signatures, provided that the method of preparing and displaying the facsimiles complies with law.

(e) The clerk or registrar, upon the completion of the examination, shall immediately attach to the petition, except the signatures thereto appended, a certificate properly dated, showing the result of such examination and shall immediately transmit the petition, together with the certificate, to the Secretary of State. A copy of this certificate shall be filed in the clerk's office.

(f) If the certificates received from all county clerks by the Secretary of State establish that the petition has been found insufficient, the Secretary of State shall immediately so notify the proponents and the county clerks.

3521. If the statistical sampling shows that the number of valid signatures is within 90 to 110 percent of the number of signatures of qualified voters needed to declare the petition sufficient, the Secretary of State shall order the examination and verification of

each signature filed and shall so notify the county clerks.

(b) Within 30 days after receipt of such order, the clerk or registrar of voters shall determine from the records of registration what number of qualified voters have signed the petition and if necessary the board of supervisors shall allow the clerk or registrar additional assistance for the purpose of examining the petition and provide for their compensation. In determining from the records of registration what number of qualified voters have signed the petition, the clerk or registrar of voters may use any file or list of registered voters maintained by his office or the facsimiles of voter's signatures, provided that the method of preparing and displaying the facsimiles complies with law.

(c) The clerk or registrar, upon the completion of the examination, shall immediately attach to the petition, except the signatures thereto appended, an amended certificate properly dated, showing the result of the examination and shall immediately transmit the petition, together with the amended certificate, to the Secretary of State. A copy of the amended certificate shall be filed in the clerk's office.

(d) If the amended certificates received from all county clerks by the Secretary of State establish that the petition has still been found insufficient, the Secretary of State shall immediately so notify the proponents and the county clerks.

3522. The right to file the petition shall be reserved to its proponents, and any section thereof presented for filing by any person or persons other than the proponents of a measure or by persons duly authorized in writing by the proponents shall be disregarded by the county clerk or registrar of voters.

3523. When the Secretary of State shall have received from one or more clerks or registrars a petition certified as herein provided to have been signed by the requisite number of qualified voters, the Secretary of State shall forthwith notify the proponents and immediately transmit to the clerk or registrar of voters of every county or city and county in the state, a certificate showing this fact so that signature verification can be terminated. A petition shall be deemed to be filed with the Secretary of State upon the date of the receipt by the Secretary of State of a certificate or certificates showing the petition to be signed by the requisite number of voters of the state. Any clerk or registrar of voters shall, upon receipt of such copy, file the notification for record in that office. The duties imposed by this article upon the clerk or registrar of voters shall be performed by the registrar of voters in all instances where the office of registrar of voters exists.

Article 4. Measures Proposed by the Legislature

3525. Every measure submitted to the people by the Legislature shall appear on the ballot of the first statewide election occurring after 131 days after the adoption of the proposal by the Legislature.

3526. Whenever the Legislature submits any measure to the voters of the state, the author of the measure and two persons appointed by the author may draft an argument for the adoption of the measure. This argument shall not exceed 500 words in length.

If the author of the measure desires separate arguments to be written in its favor by each person appointed, separate arguments may be written, but the combined length of the arguments shall not exceed 500 words.

3527. If a measure submitted to the voters by the Legislature was not adopted unanimously, one member of each house who voted against it shall be appointed by the presiding officers of the respective houses, at the same time as appointments to draft an argument in its favor are made, to write an argument against the measure. The argument shall not exceed 500 words.

If those members appointed to write an argument against the measure so choose, each may write a separate argument opposing it, but the combined length of the two arguments shall not exceed 500 words.

3528. Arguments prepared by legislators and their appointees shall be submitted to the Secretary of State no later than a date to be designated by the Secretary of State. The arguments may not be amended or changed after submission.

3529. If an argument for or an argument against a measure submitted to the voters by the Legislature has not been filed by a Member of the Legislature, any voter may request the Secretary of State for permission to prepare and file an argument for either side on which no argument has been prepared by a Member of the Legislature. The Secretary of State shall grant permission unless two or more voters request permission to submit arguments on the same side of a measure, in which event the Secretary of State shall designate one of the voters to write the argument. Any argument prepared pursuant to this section shall be submitted to the Secretary of State by a date sufficient to meet ballot printing deadlines.

Article 5. Ballot Titles

3530. The Attorney General shall provide and return to the Secretary of State a ballot title for each measure submitted to the voters of the whole state.

3531. Any person who is interested in any proposed measure may at any time, prior to 150 days before the election at which the measure is to be voted upon, file a copy of it with the Secretary of State, together with a request that a ballot title be prepared for it. This request shall be accompanied by the address of the person or association of persons proposing the measure. The Secretary of State shall immediately transmit a copy of the measure to the Attorney General. Within 10 days after it is filed, the Attorney General shall provide and return to the Secretary of State a ballot title for the measure. The ballot title may differ from the legislative or other title

of the measure and shall express in not exceeding 100 words the purpose of the measure. In providing the ballot title, the Attorney General shall give a true and impartial statement of the purpose of the measure in such language that the ballot title shall not be an argument or likely to create prejudice either for or against the measure.

3532. Immediately upon receipt of the ballot title prepared by the Attorney General, the Secretary of State shall mail to all persons who may have requested the preparation of that ballot title, a notice addressed to them at the address accompanying the request, stating that the Attorney General has made and returned the ballot title. The notice shall also contain a copy of the ballot title prepared by the Attorney General.

3533. Each measure shall be designated on the ballot by the ballot title certified to the Secretary of State by the Attorney General.

Article 6. Arguments Concerning Measures Submitted to Voters

3559. In case either the argument for or the argument against any measure placed on the ballot is not prepared and filed, the Secretary of State shall, by a general press release, request voters to submit arguments.

3560. The press release shall be mailed at least 100 days prior to the date of the election at which a measure is to be voted upon.

3561. The press release shall consist of an announcement containing:

(a) A summary of the essential nature or purpose of the measure for or against which no argument has been prepared or filed.

(b) A statement as to whether the affirmative, negative or both arguments have not been filed.

(c) An invitation to any voter or group of voters to submit and file with the Secretary of State, within the time limit, arguments for or against the measure as to which affirmative or negative arguments have not been filed.

3562. The summary of a measure given in the press release shall be the official summary which has been prepared by the Attorney General. The Legislative Counsel Bureau shall prepare the summary on all other measures.

3563. Any voter or group of voters may, at any time within the time limit, prepare and file with the Secretary of State an argument for or against any measure as to which arguments have not been prepared or filed. The argument shall not exceed 500 words in length.

3564. A ballot argument shall not be accepted under this article unless accompanied by the name and address or names and addresses of the person or persons submitting it, or, if submitted on behalf of an organization, the name and address of the organization and the names and addresses of at least two of its principal officers.

3565. If more than one argument for or more than one argument

against any measure is filed within the time prescribed, the Secretary of State shall select one of the arguments for printing in the ballot pamphlets. In selecting the argument the Secretary of State shall give preference and priority in the order named to the arguments of the following:

(a) In the case of a measure submitted by the Legislature, Members of the Legislature.

(b) In the case of an initiative or referendum measure, the proponent of the petition.

(c) Bona fide associations of citizens.

(d) Individual voters.

3566. No more than three signatures shall appear with any argument printed in the ballot pamphlet. In case any argument is signed by more than three persons the signatures of the first three shall be printed.

3567. When the Secretary of State has received the arguments which will be printed in the ballot pamphlet, the Secretary of State shall, within five days of receipt thereof, send copies of the arguments in favor of the proposition to the authors of the arguments against and copies of the arguments against to the authors of the arguments in favor. The authors may prepare and submit rebuttal arguments not exceeding 250 words. In the case of measures submitted by the Legislature, the rebuttal arguments must be filed with the Secretary of State no later than a date to be designated by the Secretary of State. In the case of initiative or referendum measures, the rebuttal arguments must be filed with the Secretary of State not less than 105 days prior to the election in which the measure will appear.

Rebuttal arguments shall be printed in the same manner as the direct arguments. Each rebuttal argument shall immediately follow the direct argument which it seeks to rebut.

Article 7. Ballot Pamphlet

3567.5. The provisions of Sections 3570 to 3577, inclusive, are a restatement of, and shall be construed in conformity with, Sections 88001 to 88007, inclusive, of the Government Code.

3568. There shall be a state ballot pamphlet which shall be prepared by the Secretary of State.

3569. The Secretary of State shall cause to be printed as many ballot pamphlets as needed to comply with the provisions of this code.

The ballot pamphlets shall be printed in the Office of State Printing unless the Director of General Services determines that the printing of the pamphlets in the Office of State Printing cannot be done adequately, competently, or satisfactorily, in which case the Secretary of State, subject to the approval of the Director of General Services, shall contract with a private printing concern for the printing of all or a part of the pamphlets.

Copy for preparation of the ballot pamphlets shall be furnished to the Office of State Printing at least 40 days prior to the date for required delivery to the county clerks as provided in Section 3578.

3570. The ballot pamphlet shall contain

(a) A complete copy of each state measure;

(b) A copy of the specific constitutional or statutory provision, if any, which would be repealed or revised by each state measure;

(c) A copy of the arguments and rebuttals for and against each state measure;

(d) A copy of the analysis of each state measure;

(e) Tables of contents, indexes, art work, graphics and other materials which the Secretary of State determines will make the ballot pamphlet easier to understand or more useful for the average voter.

3571. The ballot pamphlet shall contain as to each state measure to be voted upon, the following in the order set forth in this section:

(a) Upon the top portion of the first page and not exceeding one-third of the page shall appear:

(i) The identification of the measure by number and title.

(ii) The official summary prepared by the Attorney General.

(iii) The total number of votes cast for and against the measure in both the State Senate and Assembly if the measure was passed by the Legislature.

(b) Upon the lower portion of the first left page and upon the top half of the right page, if necessary, shall appear the analysis prepared by the Legislative Analyst.

(c) If arguments for and against the measure have been submitted, then the text of the measure shall appear on the right page facing the analysis. If the text does not fit on this page, it shall be continued in the back of the pamphlet. Arguments for and against the measure shall be placed on the next left and right pages respectively. The rebuttals shall be placed immediately below the arguments.

(d) If no argument against the measure has been submitted, the argument for the measure shall appear on the right page facing the analysis. The text of the measure shall be printed in the back of the pamphlet.

(e) The text of the measure shall contain the provisions of the proposed measure and the existing provisions of law repealed or revised by the measure. The provisions of the proposed measure differing from the existing provisions of law affected shall be distinguished in print, so as to facilitate comparison.

(f) The following statement shall be printed at the bottom of each page where arguments appear: "Arguments printed on this page are the opinions of the authors and have not been checked for accuracy by any official agency."

3572. The Legislative Analyst shall prepare an impartial analysis of the measure describing the measure and including a fiscal analysis of the measure showing the amount of any increase or decrease in

revenue or cost to state or local government. Any estimate of increased cost to local governments shall be set out in boldface print in the ballot pamphlet. The analysis shall be written in clear and concise terms which will easily be understood by the average voter, and shall avoid the use of technical terms wherever possible. The analysis may contain background information, including the effect of the measure on existing law and the effect of enacted legislation which will become effective if the measure is adopted, and shall generally set forth in an impartial manner the information which the average voter needs to understand the measure adequately. The Legislative Analyst may contract with professional writers, educational specialists or other persons for assistance in writing an analysis that fulfills the requirements of this section, including the requirement that the analysis be written so that it will be easily understood by the average voter. The Legislative Analyst may also request the assistance of any state department, agency, or official in preparing his analysis. The title of the measure which appears on the ballot shall be amended to contain a summary of the Legislative Analyst's estimate of the net state and local government financial impact.

3573. Measures shall be printed in the ballot pamphlet, so far as possible, in the same order, manner and form in which they are designated upon the ballot.

3574. The ballot pamphlet shall be printed according to the following specifications:

(a) The pages of the pamphlet shall be not smaller than 8½ x 11 inches in size;

(b) It shall be printed in clear readable type, no less than 10-point, except that the text of any measure may be set forth in eight-point type;

(d) The pamphlet shall contain a certificate of correctness by the Secretary of State.

3575. The Legislative Counsel shall prepare and proofread the texts of all measures and the provisions which are repealed or revised.

3576. Not less than 20 days before he submits the copy for the ballot pamphlet to the State Printer, the Secretary of State shall make such copy available for public examination. Any voter may seek a writ of mandate requiring any such copy to be amended or deleted from the ballot pamphlet. A peremptory writ of mandate shall issue only upon clear and convincing proof that the copy in question is false, misleading or inconsistent with the requirements of this code or Chapter 8 (commencing with Section 88000) of Title 9 of the Government Code, and that issuance of the writ will not substantially interfere with the printing and distribution of the ballot pamphlet as required by law. Venue for a proceeding under this section shall be exclusively in Sacramento County. The Secretary of State shall be

named as the respondent and the State Printer and the person or official who authored the copy in question shall be named as real parties in interest. If the proceeding is initiated by the Secretary of State, the State Printer shall be named as the respondent.

3577. Notwithstanding the provisions of Section 81012 of the Government Code, the Legislature may without restriction amend this article to add to the ballot pamphlet information regarding candidates or any other information.

3578. The Secretary of State shall furnish each county clerk with as many copies of the ballot pamphlets as needed to comply with the provisions of this code. The ballot pamphlets shall be furnished not less than 45 days before the election at which the measures contained in the ballot pamphlets are to be voted on. The county clerk shall mail one copy of the ballot pamphlet to each voter registered prior to the 53rd day before the election not more than 40 nor less than 21 days before the day fixed by law for the election, and no other official publication of such measures shall be made. The mailing of the ballot pamphlets to those voters who register between the 54th and 29th day shall be completed at least 10 whole days before the election. Three copies, to be supplied by the Secretary of State, shall be kept at every polling place, while an election is in progress, so that they may be freely consulted by the voters.

3579. As soon as copies of the ballot pamphlet are available, the Secretary of State shall immediately mail the following number of copies to the listed persons and places:

(a) Five copies to each county clerk or registrar of voters;

(b) Six copies to each city clerk;

(c) Five copies to each Member of the Legislature; and

CHAPTER 2. COUNTY ELECTIONS

Article 1. Initiative

3700. In addition to any other method provided by law, ordinances may be enacted by any county pursuant to this article.

3701. Any proposed ordinance may be submitted to the board of supervisors by filing an initiative petition with the county clerk, signed by not less than the number of voters specified in this article.

The petition sections shall be designed as set forth in Section 3516.

The affidavit to be completed by the circulator, shall be substantially in the same form as set forth in Section 3519.

3702. (a) Before circulating any initiative petition in a county, or

any petition relating to the annexation of territory by a county, the consolidation of counties, or the dissolution of a county, its proponents shall publish a notice of intention so to do. The notice shall be accompanied by a printed statement, not exceeding 500 words in length, stating the reasons for the proposed petition.

(b) The notice and statement prescribed in subdivision (a) shall be published at least once in a newspaper of general circulation published in that county.

3703. Within 10 days after the date of the publishing of the notice and statement, the proponents shall file a copy of the notice, statement, and an affidavit of the publishing thereof with the county clerk.

3704. Twenty-one days after the publication of the notice and statement, the petition may be circulated among the voters of the county. The petition shall bear a copy of the printed notice of intention and accompanying statement.

3705. Signatures shall be secured and the petition shall be presented to the county clerk for filing within 180 days from the date of the first publication of the notice of intention.

3706. The petition shall be filed by the proponents, or by any person or persons authorized, in writing, by the proponents. All sections of the petition shall be filed at one time.

When the petition is presented for filing, the clerk shall determine the total number of signatures affixed to the petition. If from this examination, the clerk determines that the number of signatures, prima facie, equals or is in excess of the minimum number of signatures required, the clerk shall accept the petition for filing. The petition shall be deemed as filed on that date. Any sections of the petition, not so filed, shall be void for all purposes.

3707. Except as provided in Section 3708, within 30 days from the date of filing of the petition, the clerk shall examine the petition, and from the records of registration ascertain whether or not the petition is signed by the requisite number of voters. A certificate showing the results of this examination shall be attached to the petition.

In determining the number of valid signatures, the clerk may use the duplicate file of affidavits maintained, or may check the signatures against facsimiles of voters' signatures, provided that the method of preparing and displaying the facsimiles complies with law.

The clerk shall notify the proponents of the petition as to the sufficiency or insufficiency of the petition.

If the petition is found insufficient, no further action shall be taken. However, the failure to secure sufficient signatures, shall not preclude the filing of a new petition on the same subject, at a later date.

If the petition is found sufficient, the clerk shall certify the results of the examination to the board of supervisors at the next regular meeting of the board.

3708. (a) Within 30 days from the date of filing of the petition, if, from the examination of petitions pursuant to Section 3707, more

than 500 signatures have been signed on the petition, the clerk may use a random sampling technique for verification of signatures. The random sample of signatures to be verified shall be drawn in such a manner that every signature filed with the clerk shall be given an equal opportunity to be included in the sample. Such a random sampling shall include an examination of at least 500 or 5 percent of the signatures, whichever is greater.

(b) If the statistical sampling shows that the number of valid signatures is within 90 to 110 percent of the number of signatures of qualified voters needed to declare the petition sufficient, the clerk shall examine and verify each signature filed.

(c) In determining from the records of registration, what number of valid signatures are signed on the petition, the clerk may use the duplicate file of affidavits maintained, or may check the signatures against facsimiles of voters' signatures, provided that the method of preparing and displaying the facsimiles complies with law.

(d) The clerk shall attach to the petition, a certificate showing the result of this examination, and shall notify the proponents of either the sufficiency or insufficiency of the petition.

(e) If the petition is found insufficient, no action shall be taken on the petition. However, the failure to secure sufficient signatures shall not preclude the filing later of an entirely new petition to the same effect.

(f) If the petition is found to be sufficient, the clerk shall certify the results of the examination to the board of supervisors at the next regular meeting of the board.

3709. If the initiative petition issigned by voters not less in number than 20 percent of the entire vote cast within the county for all candidates for Governor at the last gubernatorial election, and contains a request that the ordinance be submitted immediately to a vote of the people at a special election, the board of supervisors shall either:

(a) Pass the ordinance without alteration at the regular meeting at which it is presented and within 10 days after it is presented.

(b) Immediately call a special election at which the ordinance, without alteration, shall be submitted to a vote of the voters of the county.

3710. When it is legally possible to hold a special election under this article within six months prior to a regular election, the board of supervisors may submit the proposed ordinance at that regular election instead of at a special election.

In all other cases the board of supervisors shall call a special election to be held not less than 60 nor more than 120 days after the date of the presentation of the proposed ordinance to it. However, to avoid holding more than one election within any six months, the date for holding the special election may be fixed later than 120 days after the date of the presentation of the proposed ordinance to the board, but at as early a date as practicable after the expiration of the six months.

Not more than one special election may be held pursuant to this article during any period of six months.

3711. If the initiative petition is signed by voters not less in number than 10 percent of the entire vote cast in the county for all candidates for Governor at the last gubernatorial election, and the ordinance petitioned for is not required to be, or for any reason is not, submitted to the voters at a special election, and is not passed without change by the board of supervisors, the ordinance, without alteration, shall be submitted by the board to the voters at the next statewide election.

3712. The board of supervisors shall give notice of an election held pursuant to this article by publication in the same manner as prescribed for the publication of the list, or portions of the list, designating polling places for a statewide election.

3713. Whenever any ordinance is required by this article to be submitted to the voters of a county at any election, the county clerk shall cause the ordinance to be printed. A printed copy of the ordinance shall be mailed with a sample ballot, to each voter, at least 10 days prior to the election.

The county clerk may include in such mailing, as official matter, the provisions of the proposed ordinance, showing therein the difference from existing provisions of law, by the use of distinguishing type styles.

3714. The persons filing an initiative petition pursuant to this article may file with the petition a written argument in favor of the ordinance. The board of supervisors may submit an argument against the ordinance. Neither argument shall exceed 300 words in length.

The county clerk shall cause an argument for the measure, if submitted, and an argument against the measure, if submitted, to be printed and shall enclose a copy of both arguments, printed on the same sheet of paper, in an envelope with each sample ballot. Such printed arguments are "official matter" within the meaning of those words used in Section 10012.

The following statement shall be printed on the front cover or, if none, on the heading of the first page of the printed arguments:

"Arguments in support of or in opposition to the proposed laws are the opinions of the authors."

3715. Any number of proposed ordinances may be voted upon at the same election.

3716. If a majority of the voters voting on a proposed ordinance vote in its favor, the ordinance shall become a valid and binding ordinance of the county. The ordinance shall be considered as adopted upon the date the vote is declared by the board of supervisors, and shall go into effect 10 days after that date.

3717. If the provisions of two or more ordinances adopted at the same election conflict, the ordinance receiving the highest number of affirmative votes shall control.

3718. The enacting clause of an ordinance submitted to the voters of a county shall be substantially in the following form:

"The people of the County of _____ do ordain as follows:"

3719. No ordinance proposed by initiative petition and adopted either by the board of supervisors without submission to the voters or adopted by the voters shall be repealed or amended except by a vote of the people, unless provision is otherwise made in the original ordinance. In all other respects, an ordinance proposed by initiative petition and adopted shall have the same force and effect as any ordinance adopted by the board of supervisors.

3720. This article does not apply to any statewide initiative measure.

Article 2. Referendum

3750. The board of supervisors may submit to the voters, without a petition, an ordinance for the repeal, amendment, or enactment of any ordinance. The ordinance shall be voted upon at any succeeding regular or special election and, if it receives a majority of the votes cast, the ordinance shall be repealed, amended, or enacted accordingly.

3751. Except an ordinance granting a franchise, the following ordinances shall take effect immediately:

(a) Those calling or otherwise relating to an election.

(b) Those specifically required by law to take immediate effect.

(c) Those fixing the amount of money to be raised by taxation or the rate of taxes to be levied.

(d) Those for the immediate preservation of the public peace, health, or safety. The ordinances referred to in this subdivision shall contain a declaration of the facts constituting the necessity and shall be passed by a four-fifths vote of the board of supervisors.

All other ordinances, including ordinances granting a franchise, shall become effective 30 days from the date of final passage.

3752. Notwithstanding the provisions of Section 3751, that portion of any ordinance which changes supervisorial salaries shall become effective 60 days from the date of its final passage.

3753. If a petition protesting against the adoption of an ordinance is presented to the board of supervisors prior to the effective date of the ordinance, the ordinance shall be suspended and the supervisors shall reconsider the ordinance. The petition shall be signed by voters of the county equal in number to at least 10 percent of the entire vote cast within the county for all candidates for Governor at the last gubernatorial election.

3754. If the board of supervisors does not entirely repeal the ordinance against which a petition is filed, the board shall submit the ordinance to the voters either at a regular election or a special election called for the purpose. The ordinance shall not become effective unless and until a majority of the voters vote in favor of it.

3755. The provisions of this code relating to the form of petitions, the duties of the county clerk, and the manner of holding elections, when an ordinance is proposed by initiative petition, govern the

procedure on ordinances against which a protest is filed.

3756. An initiative or referendum petition received or filed in the office of the county clerk shall be preserved until eight months after the certification of the results of the election for which the petition qualified or attempted to qualify for placement on the ballot. Public access to any such petition shall be restricted in accordance with the provisions of Section 6253.5 of the Government Code. At the end of the eight-monthperiod, the petition shall be destroyed as soon as practicable unless it is in evidence in some action or proceeding then pending, or unless the clerk has received a written request from the Attorney General, the Secretary of State, a district attorney, a grand jury, or the governing body of a county, city and county, or district, including a school district, that the petition be preserved for use in a pending or ongoing investigation into election irregularities.

Article 3. Arguments Concerning County Measures

3780. As used in this article, "county measure" includes any proposed county charter, any proposed amendment to a county charter, any proposition for the issuance of funding or refunding bonds of the county, any other question or proposition submitted to the voters of a county at any election held throughout an entire single county, or any bond proposal submitted to the voters of any public district although the boundaries of the district may be coterminous with those of the county.

3781. Whenever any county measure qualifies for a place on the ballot, the county clerk shall transmit a copy of the measure to the county counsel or to the district attorney in any county which has no county counsel. The county counsel or district attorney shall prepare an impartial analysis of the measure showing the effect of the measure on the existing law and the operation of the measure. The analysis shall be printed preceding the arguments for and against the measure. The analysis shall not exceed 500 words in length.

3782. If there is no other method provided by law, arguments for and against any county measure may be submitted to the qualified voters of the county pursuant to this article. If a method is otherwise provided by law for submitting such arguments as to a particular kind of county measure, that method shall control.

3783. The board of supervisors or any member or members of the board authorized by the board, or any individual voter or bona fide association of citizens, or any combination of such voters and associations may file a written argument for or against any county measure. No argument shall exceed 300 words in length. The county clerk shall cause an argument for and an argument against the measure, and the analysis of the measure, to be printed, and shall enclose a copy of both arguments preceded by the analysis with each sample ballot. The printed arguments and the analysis are "official matter" within the meaning of those words used in Section 10010.

The following statement shall be printed on the front cover, or if

03254 284395 88

none, on the heading of the first page, of the printed arguments:

"Arguments in support of or in opposition to the proposed laws are the opinions of the authors".

3784. Based on the time reasonably necessary to prepare and print the arguments, analysis, and sample ballots for the particular election, the county clerk shall fix and determine a reasonable date prior to the election after which no arguments for or against any county measure may be submitted for printing and distribution to the voters as provided in this article. Notice of the date fixed shall be published by the county clerk pursuant to Section 6061 of the Government Code. Arguments may be changed until and including the date fixed by the county clerk.

3785. A ballot argument shall not be accepted under this article unless accompanied by the name or names of the person or persons submitting it, or, if submitted on behalf of an organization, the name of the organization and the name of at least one of its principal officers.

No more than five signatures shall appear with any argument submitted under this article. In case any argument is signed by more than five persons the signatures of the first five shall be printed.

3786. If more than one argument for or more than one argument against any county measure is submitted to the county clerk within the time prescribed, the county clerk shall select one of the arguments in favor and one of the arguments against the measure for printing and distribution to the voters. In selecting the argument the county clerk shall give preference and priority in the order named to the arguments of the following:

(a) The board of supervisors or member or members of the board authorized by the board.

(b) The individual voter or bona fide association of citizens, or combination of voters and associations, who are the bona fide sponsors or proponents of the measure.

(c) Bona fide associations of citizens.

(d) Individual voters.

3787. When the county clerk has selected the arguments for and against the measure which will be printed and distributed to the voters, the clerk shall send copies of the argument in favor of the measure to the authors of the argument against, and copies of the argument against to the authors of the argument in favor. The authors may prepare and submit rebuttal arguments not exceeding 250 words. The rebuttal arguments must be filed with the county clerk not more than 10 days after the final date for filing direct arguments. Rebuttal arguments shall be printed in the same manner as the direct arguments. Each rebuttal argument shall immediately follow the direct argument which it seeks to rebut.

3788. Notwithstanding any provision of law to the contrary, all of the provisions of this article shall apply to any district bond election called by, and the returns of which are canvassed by, the board of supervisors, or to any district bond election conducted by a district.

The provisions of this article shall also apply to any special election, if the board of supervisors so provides in its proclamation or notice thereof.

At any election subject to the provisions of this section:

(a) "County measure" shall be deemed to refer to any measure as defined in Section 42. Section 3780 shall not apply.

(b) Section 3781, and the reference to the analysis of the measure in Section 3783, shall not apply unless the board of supervisors directs such officer to prepare the analysis.

This article shall not apply to any school district bond election.

CHAPTER 3. MUNICIPAL ELECTIONS

Article 1. Initiative

4000. Ordinances may be enacted by and for any incorporated city pursuant to this article.

4001. Any proposed ordinance may be submitted to the legislative body of the city by a petition filed with the clerk of the legislative body, in the manner hereinafter prescribed, after being signed by not less than the number of voters specified in this article. The petition may be in separate sections, providing that the same complies with all of the requirements of this article. The first page of each section shall contain the title of the petition and the text of the measure. The petition sections shall be designated in the manner set forth in Section 3516.

4002. Before circulating an initiative petition in any city, or any petition relating to the annexation of territory by a city, the consolidation of cities, or the dissolution of a city, the proponents of such matter shall publish a notice of intention so to do, which notice shall be accompanied by a written statement not in excess of 500 words, setting forth the reasons for the proposed petition. The notice shall be signed by at least one, but not more than five, proponents and shall be in substantially the following form:

Notice of Intent to Circulate Petition

Notice is hereby given of the intention of the persons whose names appear hereon of their intention to circulate the petition within the City of _____ for the purpose of _____. A statement of the reasons of the proposed action as contemplated in said petition is as follows:

4003. A notice of intention and statement as referred to in Section 4002, shall be published or posted or both as follows:

(a) If there is a newspaper of general circulation, as described in Section 6000 et seq. of the Government Code, adjudicated as such, said notice and statement shall be published therein at least once; or

(b) If the petition is to be circulated in a city in which there is no adjudicated newspaper of general circulation, said notice and

statement shall be published at least once, in a newspaper circulated within the city and adjudicated as being of general circulation within the county in which the city is located and said notice and statement shall be posted in three (3) public places within the city, which public places shall be those utilized for the purpose of posting ordinances as required in Section 36933 of the Government Code; or

(c) If the petition is to be circulated in a city in which there is no adjudicated newspaper of general circulation, and there is no newspaper of general circulation adjudicated as such within the county, circulated within the city, then the said notice and statement shall be posted in the manner described in subdivision (b) of this section.

4004. Within 10 days after the date of publication or posting, or both, of the notice of intention and statement, the proponents shall file a copy of the notice and statement as published or posted, or both, together with an affidavit made by a representative of the newspaper in which the notice was published or, if the notice was posted, by a voter of the city, certifying to the fact of publication or posting.

Such affidavit, together with a copy of the notice of intention and statement, shall be filed with the clerk of the legislative body of the city.

4005. Twenty-one days after the publication or posting or both of the notice of intention and statement, the petition may be circulated among the voters of the city for signatures by any registered voter of the city. Each section of the petition shall bear a copy of the notice of intention and statement.

4006. Signatures upon petitions and sections thereof shall be secured, and the petition, together with all sections thereof, shall be filed within 180 days from the date of publication or posting or both of the notice of intention and statement, or in the case of a petition relating to the annexation of territory to the city, within 180 days of the date on which the first signature was affixed to said petition. If such petitions are not filed within the time permitted by this section, the same shall be void for all purposes.

4007. Each section shall have attached thereto the affidavit of the person soliciting the signatures. This affidavit shall be substantially in the same form as set forth in Section 3519.

4008. The petition shall be filed by the proponents or by any person or persons authorized in writing by the proponents. All sections of the petition shall be filed at one time.

When the petition is presented for filing, the clerk shall:

(a) Ascertain the number of registered voters of the city last officially reported to the Secretary of State by the county clerk and

(b) Determine the total number of signatures affixed to the petition. If, from this examination, the clerk determines that the number of signatures, prima facie, equals or is in excess of the minimum number of signatures required, the clerk shall accept the petition for filing. The petition shall be deemed as filed on that date.

Any sections of the petition not so filed shall be void for all purposes.

4009. After the petition has been filed, as herein provided, the clerk shall examine the petition in the same manner as are county petitions in accordance with Sections 3707 and 3708 except that, for the purposes of this section, references to the board of supervisors shall be treated as references to the legislative body of the city.

The petition shall be preserved by the city clerk in the same manner as are county measures as set forth in Section 3756.

4010. If the initiative petition is signed by not less than 15 percent of the voters of the city according to the county clerk's last official report of registration to the Secretary of State, or in a city with 1,000 or less registered voters the signatures of 25 percent of the voters or 100 voters of the city, whichever is the lesser number, and contains a request that the ordinance be submitted immediately to a vote of the people at a special election, the legislative body shall either:

(a) Introduce the ordinance without alteration at the regular meeting at which it is presented and adopt the ordinance within 10 days after it is presented; or

(b) Immediately order a special election, to be held not less than 74 nor more than 89 days after the date of the order, at which the ordinance, without alteration, shall be submitted to a vote of the voters of the city.

4011. If the initiative petition is signed by not less than 10 percent of the voters of the city according to the county clerk's last official report of registration to the Secretary of State, or in a city with 1,000 or less registered voters by the signatures of 25 percent of the voters or 100 voters of said city, whichever is the lesser number, and the ordinance petitioned for is not required to be, or for any reason is not, submitted to the voters at a special election, and is not passed without change by the legislative body, then the ordinance, without alteration, shall be submitted by the legislative body to the voters at the next regular municipal election occurring at least 45 days after the order of the legislative body.

4012. In cities having a mayor, or like officer, with the veto power, when the passage of an ordinance petitioned for by the voters is vetoed, the failure of the legislative body to pass the ordinance over the veto shall be deemed a refusal of the legislative body to pass the ordinance within the meaning of this article.

4013. If a majority of the voters voting on a proposed ordinance vote in its favor, the ordinance shall become a valid and binding ordinance of the city. The ordinance shall be considered as adopted upon the date that the vote is declared by the legislative body, and shall go into effect 10 days after that date. No ordinance proposed by initiative petition and adopted by the vote of the legislative body of the city without submission to the voters, or adopted by the voters, shall be repealed or amended except by a vote of the people, unless provision is otherwise made in the original ordinance.

4014. Any number of proposed ordinances may be voted upon at the same election, but the same subject matter shall not be voted

upon twice within any 12-month period at a special election under the provisions of this article.

4015. The persons filing an initiative petition pursuant to this article may file a written argument in favor of the ordinance, and the legislative body may submit an argument against the ordinance. Neither argument shall exceed 300 words in length, and both arguments shall be printed upon the same sheet of paper and mailed to each voter with the sample ballot for the election.

The following statement shall be printed on the front cover, or if none, on the heading of the first page, of the printed arguments:

"Arguments in support of or in opposition to the proposed laws are the opinions of the authors".

4016. If the provisions of two or more ordinances adopted at the same election conflict, the ordinance receiving the highest number of affirmative votes shall control.

4017. The legislative body of the city may submit to the voters, without a petition therefor, a proposition for the repeal, amendment, or enactment of any ordinance, to be voted upon at any succeeding regular or special city election, and if the proposition submitted receives a majority of the votes cast on it at the election, the ordinance shall be repealed, amended or enacted accordingly. A proposition may be submitted, or a special election may be called for the purpose of voting on a proposition, by ordinance or resolution.

4018. Whenever any ordinance or measure is required by this article to be submitted to the voters of a city at any election, the clerk of the legislative body shall cause the ordinance or measure to be printed. He shall mail a copy of the ordinance or measure with a sample ballot, to each voter at least 10 days prior to the election.

The legislative body may direct that its clerk include in such mailing, as official matter, the provisions of the proposed ordinance or measure, showing therein the difference from existing provisions of law, by the use of distinguishing type styles.

4019. The enacting clause of an ordinance submitted to the voters of a city shall be substantially in the following form:

"The people of the City of _____ do ordain as follows:".

4020. When a special election is to be called under this article, it shall be held not less than 74 nor more than 89 days after the date of the presentation of the proposed ordinance to the legislative body, and shall be held in accordance with the provisions of this code. To avoid holding more than one special election within any six months, the date for holding the special election may be fixed later than 89 days, but at as early a date as practicable after the expiration of six months from the last special election. When it is legally possible to hold a special election under this chapter within six months prior to a regular municipal election, the legislative body may submit the proposed ordinance at the regular election instead of at a special election.

4021. This article does not apply to any statewide initiative measure.

Article 2. Referendum

4050. No ordinance shall become effective until 30 days from and after the date of its final passage, except:

(a) An ordinance calling or otherwise relating to an election.

(b) An ordinance for the immediate preservation of the public peace, health or safety, which contains a declaration of, and the facts constituting, its urgency and is passed by a four-fifths vote of the city council.

(c) Ordinances relating to street improvement proceedings.

(d) Other ordinances governed by particular provisions of state law prescribing the manner of their passage and adoption.

4051. If a petition protesting against the adoption of an ordinance and circulated by any qualified registered voter of the city, is submitted to the clerk of the legislative body of the city within 30 days of the adoption of the ordinance, and is signed by not less than 10 percent of the voters of the city according to the county clerk's last official report of registration to the Secretary of State, or, in a city with 1,000 or less registered voters, is signed by not less than 25 percent of the voters or 100 voters of the city whichever is the lesser, the effective date of the ordinance shall be suspended, and the legislative body shall reconsider the ordinance.

4052. Each section shall have attached thereto the affidavit of the person soliciting the signatures. This affidavit shall be substantially in the same form as set forth in Section 3519.

4053. Petitions shall be accepted for filing by the clerk and the determination of the number of signatures thereon shall be made by the clerk in accordance with the provisions set forth in Section 4008.

4054. After the petition has been filed, as herein provided, the clerk shall examine the petition and certify the results in the same manner as are county petitions in Sections 3707 and 3708 except that, for the purposes of this section, references to the board of supervisors shall be treated as references to the legislative body of the city.

This petition shall be preserved by the city clerk in the same manner as are county measures as set forth in Section 3756.

4055. If the legislative body does not entirely repeal the ordinance against which the petition is filed, the legislative body shall submit the ordinance to the voters, either at a regular municipal election occurring at least 45 days after the order of the legislative body or at a special election called for the purpose and held not less than 74 nor more than 89 days after the date of the order. The ordinance shall not become effective until a majority of the voters voting on the ordinance vote in favor of it. If the legislative body repeals the ordinance or submits the ordinance to the voters and a majority of the voters voting on the ordinance do not vote in favor of it, the ordinance shall not again be enacted by the legislative body for a period of one year after the date of its repeal by the legislative body or disapproval by the voters.

4056. Signatures upon petitions, and sections thereof, shall be

secured, and the petition, together with all sections thereof, shall be filed within 30 days from the date of the adoption of the ordinance to which it relates. If such petitions are not filed within the time permitted by this section, the same shall be void for all purposes.

4057. Elections, pursuant to this article, shall be held in accordance with the provisions of Sections 4013 to 4020, inclusive.

4058. Whenever the legislative body of a city has voted in favor of the repeal of an ordinance protested against by the voters, as provided in this article, and the mayor, or like officer, has vetoed the repeal, the failure of the legislative body to pass the repeal over the veto shall be deemed a refusal to repeal the ordinance.

4059. If approval of an ordinance by the mayor or like officer is necessary, the date of approval shall be deemed the date of its final passage by the legislative body within the meaning of this article.

If an ordinance becomes law when the time for approval or veto has expired and no action has been taken, the date of the expiration of that time shall be deemed the date of its final passage by the legislative body within the meaning of this article.

4060. Any duty imposed in this chapter upon the legislative body of a city in regard to calling a municipal election, or in connection with an election called pursuant to this chapter, is likewise imposed upon any officer having any duty to perform connected with the election, so far as may be necessary to carry out the provisions of this chapter.

4061. This chapter does not apply to cities having a charter adopted under the provisions of Section 3 of Article XI of the Constitution, and having in such charter any provision for the direct initiation of ordinances by the voters; nor to proceedings had for the improvement of streets in or rights-of-way owned by cities, the opening or closing of streets, the changing of grades or the doing of other work, the cost of which or any portion of which is to be borne by special assessments upon real property.

Article 3. Freeholders' Charter Amendments

4080. This article is applicable only to amendments to freeholders' charters adopted pursuant to Section 3 of Article XI of the Constitution and Chapter 3 of Division 2 of Title 4, commencing at Section 34450 of the Government Code.

4081. The petition signed by voters proposing an amendment to a charter shall set forth in full the text of the proposed amendment.

4082. The petition may be circulated in sections but each section shall contain a correct copy of the text of the proposed amendment.

4083. Each signer of the petition shall sign it in the manner prescribed by Section 3516.

4084. The petition shall be in substantially the following form:

Article 4. Arguments Concerning City Measures

5010. As used in this article, "city measure" includes any proposed city charter, any proposed amendment to a city charter, any proposition for the issuance of bonds by the city, or any other question or proposition submitted to the voters of a city.

5011. Whenever any city measure qualifies for a place on the ballot, the governing body may direct the city clerk to transmit a copy of the measure to the city attorney, unless the organization or salaries of the office of the city attorney are affected. The city attorney shall prepare an impartial analysis of the measure showing the effect of the measure on the existing law and the operation of the measure. If the measure affects the organization or salaries of the office of the city attorney, the governing board may direct the city clerk to prepare the impartial analysis. The analysis shall be printed preceding the arguments for and against the measure. The analysis shall not exceed 500 words in length.

5012. If there is no other method provided by general law, or, in the case of a chartered city, by the charter or by city ordinance, arguments for and against any city measure may be submitted to the qualified voters of the city pursuant to this article. If a method is otherwise provided by general law, or, in the case of a chartered city, by charter or city ordinance, for submitting arguments as to a particular kind of city measure, that method shall control.

5013. The legislative body, or any member or members of the legislative body authorized by that body, or any individual voter or bona fide association of citizens, or any combination of voters and associations, may file a written argument for or against any city measure. No argument shall exceed 300 words in length. The city clerk shall cause an argument for and an argument against the measure to be printed along with the following statement on the front cover, or if none, on the heading of the first page, of the printed arguments:

"Arguments in support or opposition of the proposed laws are the opinions of the authors".

The city clerk shall enclose a printed copy of both arguments with each sample ballot; provided, that only those arguments filed pursuant to this section shall be printed and enclosed with the sample ballot. The printed arguments are "official matter" within the meaning of those words used in Section 10010.

5014. A ballot argument shall not be accepted under this article unless accompanied by the name or names of the person or persons submitting it, or, if submitted on behalf of an organization, the name of the organization and the name of at least one of its principal officers.

No more than five signatures shall appear with any argument submitted under this article. In case any argument is signed by more than five persons the signatures of the first five shall be printed.

5015. Based on the time reasonably necessary to prepare and print the arguments and sample ballots for that particular election, the city clerk shall fix and determine a reasonable date prior to the election after which no arguments for or against any city measure may be submitted for printing and distribution to the voters as provided in this article. Arguments may be changed or withdrawn by their proponents until and including the date fixed by the city clerk.

5016. If more than one argument for or more than one argument against any city measure is submitted to the city clerk within the time prescribed, the city clerk shall select one of the arguments in favor and one of the arguments against the measure for printing and distribution to the voters. In selecting the argument the city clerk shall give preference and priority in the order named to the arguments of the following:

(a) The legislative body, or member or members of the legislative body authorized by that body.

(b) The individual voter or bona fide association of citizens, or combination of voters and associations, who are the bona fide sponsors or proponents of the measure.

(c) Bona fide associations of citizens.

(d) Individual voters.

CHAPTER 4. DISTRICT ELECTIONS

Article 1. Initiative

5150. In addition to any other method provided by law, ordinances may be enacted by any district pursuant to this article, except that the provisions of this article shall not apply to irrigation districts, to a district formed under a law which does not provide a procedure for elections, to a district formed under a law which does not provide for action by ordinance, to a district governed by an election procedure which permits voters, in electing the district's directors or trustees, to cast more than one vote per voter, or to a district in which the directors are empowered to cast more than one vote per director when acting on any matter.

5151. For the purposes of initiative and referendum under this chapter, "district" includes any regional agency which has the power to tax, to regulate land use, or to condemn and purchase land.

5152. Any proposed ordinance may be submitted to the governing board of the district by an initiative petition filed with the clerk of the district. Signatures to such petitions shall be obtained in the same manner as set forth in Section 3516. Affidavits shall be attached to each petition section in the form and in the manner set forth in Section 3519.

5153. Within 10 days from the date of filing the petition, the clerk of the district board shall examine the petition, and from the records of registration ascertain whether or not the petition is signed by the requisite number of voters. The clerk shall attach to the petition a certificate showing the results of this examination. If the certificate shows the petition to be insufficient, no further action shall be taken. However, the failure to secure sufficient signatures shall not preclude the filing of a new petition on the same subject, at a later date.

If the petition is sufficient, the clerk shall certify the results to the governing board of the district at their next regular meeting.

The clerk shall preserve the petition in accordance with the provisions set forth in Section 3756.

5154. If the initiative petition is signed by voters not less in number than 10 percent of the voters in the district, and the ordinance petitioned for is not required to be, or for any reason is not submitted to the voters at a special election, and is not passed without change by the district board, the ordinance, without alteration, shall be submitted by the board to the voters at the next statewide election.

5155. The district board shall give notice of an election held pursuant to this article by publication in the same manner as prescribed for the publication of the list, or portions of the list, designating polling places for a general county election.

5156. Whenever any ordinance is required by this article to be submitted to the voters of a district at any election, the clerk of the

district board shall cause the ordinance to be printed. He shall mail a printed copy of the ordinance with a sample ballot, to each voter, at least 10 days prior to the election.

5157. The persons filing an initiative petition pursuant to this article may file with the petition a written argument in favor of the ordinance. The district board may submit an argument against the ordinance. Neither argument shall exceed 300 words in length, and both arguments shall be printed and mailed to each voter with the sample ballot for the election.

The following statement shall be printed on the front cover, or if none, on the heading of the first page, of the printed arguments:

"Arguments in support of or in opposition to the proposed laws are the opinions of the authors".

5158. Any number of proposed ordinances may be voted upon at the same election.

5159. If a majority of the voters voting on a proposed ordinance vote in its favor, the ordinance shall become a valid and binding ordinance of the district. The ordinance shall be considered as adopted upon the date the vote is declared by the district board, and shall go into effect 10 days after that date.

5160. If the provisions of two or more ordinances adopted at the same election conflict, the ordinance receiving the highest number of affirmative votes shall control.

5161. The enacting clause of an ordinance submitted to the voters of a district shall be substantially in the following form:

"The people of the _____ District do ordain as follows:"

5162. No ordinance proposed by initiative petition and adopted either by the district board without submission to the voters or adopted by the voters shall be repealed or amended except by a vote of the people, unless provision is otherwise made in the original ordinance. In all other respects, an ordinance proposed by initiative petition and adopted shall have the same force and effect as any ordinance adopted by the board.

Article 2. Referendum and Recall

5200. The voters of any district, which is a local public entity as defined by Section 900.4 of the Government Code, and to which Section 5150 of this code applies, shall have the right to petition for referendum on legislative acts of such district in the same manner and subject to the same rules as are set forth in Sections 3751, 3752, 3753, 3754 and 3755, except that all computations referred to in those sections and officers of the county mentioned in those sections shall be construed to refer to comparable computations and officers of the district.

5201. The governing board of any district to which Section 5200 applies may refer legislative questions to the voters of the district in the same manner as the board of supervisors may refer county questions pursuant to Section 3750 of this code.

5202. The right of recall may be exercised in any district to which Section 5200 applies in the same manner as in a general law city.

5203. The clerk shall preserve the petition in the manner prescribed by Section 3756.

CHAPTER 5. BOND ISSUES

5300. Notwithstanding any other provision of law, the provisions of this chapter apply to all bond issues proposed by a county, city and county, city, district or other political subdivision or by any agency, department, or board thereof, the security for which constitutes a lien on the property within the jurisdiction and the proposal for which is required to be submitted to the voters for approval.

5301. (a) In connection with each bond issue specified in Section 5300, a statement shall be mailed to the voters with the sample ballot for the bond election. The statement required by this section shall include:

(1) The best estimate from official sources of the tax rate which would be required to be levied to fund that bond issue during the first fiscal year after the first sale of the bonds based on assessed valuations available at the time of the election or a projection based on experience within the same jurisdiction or other demonstrable factors.

(2) The best estimate from official sources of the tax rate which would be required to be levied to fund that bond issue during the first fiscal year after the last sale of the bonds if the bonds are proposed to be sold in series and an estimate of the year in which that rate will apply, based on assessed valuations available at the time of the election or a projection based on experience within the same jurisdiction or other demonstrable factors.

(3) The best estimate from official sources of the highest tax rate which would be required to be levied to fund that bond issue and an estimate of the year in which that rate will apply, based on assessed valuations available at the time of the election or a projection based on experience within the same jurisdiction or other demonstrable factors.

(b) In addition the statement may contain any declaration of policy of the legislative or governing body of the applicable jurisdiction which proposes to utilize revenues other than ad valorem taxes for purposes of funding the bond issue and the best estimate from official sources of such revenues and the reduction in the tax rate levied to fund the bond issue resulting from such substitution of revenue.

(c) The words "tax rate" as used in this chapter means tax rate per one hundred dollars ($100) of assessed valuation on all property to be taxed to fund any bond issue described in Section 5300.

5302. All official publications and any ballot pamphlet prepared, sponsored or published by the jurisdiction which has proposed the bond issue or which is financed in whole or part by funds furnished

by such jurisdiction, directed at or including a bond issue proposal shall contain a statement of the tax rate data specified in Section 5301.

5303. Failure to comply with the provisions of this chapter shall not affect the validity of any bond issue following the sale and delivery of such bonds.

5304. The Legislature declares that the essence of compliance with the provisions of this chapter is good faith in presenting to voters the most accurate available information for their use in effecting comparisons and exercising judgment in casting their ballots.

CHAPTER 6. GENERAL PROVISIONS

5350. All arguments concerning measures filed pursuant to this division shall be accompanied by the following form statement, to be signed by each author of the argument:

5351. Notwithstanding any other provisions of this code to the contrary, whenever any ballot arguments for or against any measure submitted to the voters for approval are authorized, such arguments may be withdrawn by their proponents at any time prior to and including the final date fixed for filing arguments.

5352. Any voter who has signed any initiative or referendum petition and who subsequently wishes his or her name withdrawn, may do so by filing a written request for the withdrawal with the appropriate clerk. This request shall be filed in the clerk's office prior to the date the petition is filed.

SEC. 4. Section 10235 is added to the Elections Code, to read:

10235. The ballots used when voting upon a proposed county, city, or district ordinance submitted to the voters of the respective local government as an initiative measure pursuant to Division 4 (commencing with Section 3500) shall have printed on them the words "Shall the ordinance (stating the nature thereof) be adopted?" Opposite the statement of the ordinance to be voted on, and to its right, the words "Yes" and "No" shall be printed on separate lines, with voting squares. If a voter stamps a cross (+) in

the voting square after the printed word "Yes," his vote shall be counted in favor of the adoption of the ordinance. If he stamps a cross (+) in the voting square after the printed word "No," his vote shall be counted against its adoption.

CHAPTER 249

An act to amend Section 35552 of the Vehicle Code, relating to vehicles, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 19, 1976 Filed with Secretary of State June 21, 1976]

The people of the State of California do enact as follows:

SECTION 1. Section 35552 of the Vehicle Code is amended to read:

35552. (a) This section applies only to trucks and vehicle combinations while transporting loads composed solely of logs.

(b) One set of tandem axles of such a truck or vehicle combination shall be deemed to be in compliance with Section 35551 if the total gross weight of 34,000 pounds on such a set that is permitted by Section 35551 is not exceeded by more than 1,500 pounds. In addition, such a truck and vehicle combination that has two consecutive sets of tandem axles shall be deemed to be in compliance with Section 35551 if such consecutive sets of tandem axles do not carry a combined total gross weight of more than 69,000 pounds, if the total gross weight on any one such set does not exceed 35,500 pounds, and if the overall distance between the first and last axle of such consecutive sets of tandem axles is 34 feet or more. All such truck and vehicle combinations shall be subject to all other provisions of Section 35551 or any other provision made applicable to the total gross weight of such a truck or vehicle combination in lieu of Section 35551.

(c) The gross weight limits expressed in this section shall include all enforcement tolerances.

(d) If any total gross weight permitted by this section is exceeded, the allowed weight in pounds set forth in subdivision (a) of Section 35551 shall be the maximum permitted weight for purposes of determining the amount of fine for such violation as specified in the table in Section 42030; except that, whenever the violation is for exceeding the total gross weight for two consecutive sets of tandem axles, and if the overall distance between the first and last axle of such sets is 34 feet or more, the allowed weight on the two consecutive sets shall be 68,000 pounds.

(e) This section shall have no application to highways which are a part of the National System of Interstate and Defense Highways (as

referred to in subdivision (a) of Section 108 of the Federal-aid Highway Act of 1956).

This section may be cited as the Christensen-Belotti Act.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Sections 35551 and 35552 of the Vehicle Code, as added by Chapter 651 of the Statutes of 1975, contain technical differences which were overlooked and which will result in a considerable loss of gross weight on certain vehicles which were designed and engineered to be in compliance with the law superseded by Sections 35551 and 35552 of the Vehicle Code.

The vehicles affected will become obsolete, thereby causing considerable economic hardship to the owners as well as the industries served by them.

In order to achieve its intended results, it is necessary that this act take effect immediately.

CHAPTER 250

An act to add Section 862 to the Welfare and Institutions Code, relating to juveniles, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 19, 1976 Filed with Secretary of State June 21, 1976.]

The people of the State of California do enact as follows:

SECTION 1. Section 862 is added to the Welfare and Institutions Code, to read:

862. In addition to those juveniles specified in Section 850, the probation officer may receive and detain in the county juvenile hall any juvenile committed thereto by process or order issued under the authority of the United States until such juvenile is discharged according to law as if he had been committed under process issued under the authority of this state, provided, that, in the absence of a valid detention order issued by a federal court, such detention shall not exceed three judicial days. Juveniles detained pursuant to this section shall have all the rights, powers, privileges, and duties, and shall receive the same treatment, afforded juveniles detained pursuant to the laws of this state. The board of supervisors of a county may contract with the United States for reimbursement of the county's cost incurred in the support of such juvenile.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into

immediate effect. The facts constituting such necessity are:

A probation officer lacks authority to detain and care for juveniles in federal custody. Juveniles suspected of being illegal aliens are unable to be suitably detained pending a determination of their status in this country. This act would authorize a county to contract with the United States to provide facilities and care for such juveniles in federal custody.

CHAPTER 251

An act to amend Sections 15501 and 15503.5 of, and to repeal Sections 15504, 15505, 15506, 15507, 15508, 15509, 15510, 15511, 15512, and 15513 of, the Education Code, relating to school buildings.

[Approved by Governor June 19, 1976 Filed with Secretary of State June 21, 1976.]

15501. The Legislature finds and declares as follows:

(a) By an urgency act (Stats. 1933, Ch. 59), the Legislature at the 1933 General Session established reasonable minimum standards for the design and construction of new school buildings, as now defined in Section 15452. Although it was not required that then existing school buildings incorporate these standards, it was intended by the Legislature that in the intervening years continuous progress would be made in the repair, reconstruction or replacement of such school buildings.

(b) Progress toward this end has been outstanding since 1971 as a result of state funds being made available for rehabilitating or replacing structurally unsafe school facilities.

SEC. 2. Section 15503.5 of the Education Code is amended to read:

15503.5. "School building" as used in this article shall be limited to any physical structure capable of being occupied by pupils, but shall exclude, (1) any bleacher or grandstand with less than six rows of seats, (2) any building which is used exclusively for warehouse, storage, garage, or districtwide administrative office purposes, into which pupils are not required to enter, and off-campus buildings utilized by adult schools or community colleges for voluntary adult education courses or registered apprentice courses, (3) any swimming pool, or (4) any yard or lighting poles or flag poles or playground equipment not in excess of 35 feet in height.

"School building" as used in this article excludes any building owned or occupied by a unified school district, high school district, or a county superintendent of schools, and which on July 1, 1975, and

continuously since then, was used exclusively for adult education purposes.

If any building so excluded was not constructed in accordance with Article 4 (commencing with Section 15451) of this chapter and was not repaired, reconstructed, or replaced in accordance with this article, there shall be posted in a conspicuous place on such building a public notice stating that such building does not meet the structural standards imposed by law for earthquake safety.

SEC. 3. Section 15504 of the Education Code is repealed.
SEC. 4. Section 15505 of the Education Code is repealed.
SEC. 5. Section 15506 of the Education Code is repealed.
SEC. 6. Section 15507 of the Education Code is repealed.
SEC. 7. Section 15508 of the Education Code is repealed.
SEC. 8. Section 15509 of the Education Code is repealed.
SEC. 9. Section 15510 of the Education Code is repealed.
SEC. 10. Section 15511 of the Education Code is repealed.
SEC. 11. Section 15512 of the Education Code is repealed.
SEC. 12. Section 15513 of the Education Code is repealed.

CHAPTER 252

An act to amend Section 13113 of the Health and Safety Code, relating to hospitals, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 19, 1976 Filed with Secretary of State June 21, 1976.]

The people of the State of California do enact as follows:

SECTION 1. Section 13113 of the Health and Safety Code is amended to read:

13113. (a) Except as otherwise provided in this section, no person, firm, or corporation shall establish, maintain, or operate any hospital, children's home, children's nursery, or institution, or a home or institution for the care of aged or senile persons, or any sanitarium or institution for insane or mentally retarded persons and any nursing or convalescent home, wherein more than six guests or patients are housed or cared for on a 24-hour-per-day basis unless there is installed and maintained in an operable condition in every building or portion thereof where patients or guests are housed an automatic sprinkler system approved by the State Fire Marshal.

(b) Any hospital, children's home, children's nursery, or institution, or any home or institution for the care of aged or senile persons, or any sanitarium or institution for insane or mentally retarded persons, or any nursing or convalescent home under construction or in existence and operating on March 4, 1972, which does not meet the requirements of this section, may operate or

continue to operate without meeting such requirements until June 30, 1976. In no event shall the continued use of such facilities extend beyond that date, unless an approved automatic sprinkler system as required by this section has been installed.

(c) This section shall not apply to homes or institutions for the 24-hour-per-day care of ambulatory children if all of the following conditions are satisfied:

(1) The buildings or portions thereof in which such children are housed are not more than two stories in height and are constructed and maintained in accordance with regulations adopted by the State Fire Marshal pursuant to Section 13143.

(2) The buildings or portions thereof housing more than six such children shall have installed and maintained in an operable condition therein a fire alarm system of a type approved by the State Fire Marshal. Such system shall be activated by detectors responding to invisible products of combustion other than heat.

(3) The buildings or portions thereof do not house mentally ill or mentally retarded children.

(d) This section shall not apply to any one-story building or structure of an institution or home for the care of the aged providing 24-hour-per-day care if such building or structure is used or intended to be used for the housing of no more than six ambulatory aged persons. However, such buildings or institutions shall have installed and maintained in an operable condition therein a fire alarm system of a type approved by the State Fire Marshal. Such system shall be activated by detectors responding to products of combustion other than heat.

(e) This section shall not apply to occupancies, or any alterations thereto, of type I construction, as defined by the State Fire Marshal, under construction or in existence on March 4, 1972.

(f) This section shall not apply to the continuing use of an existing hospital which is to be replaced by the construction of another facility, during the period of time required to complete construction of the replacement hospital and make it available for occupancy without unreasonable delay, as determined by the state department, and which shall not in any case exceed two years from the date the actual work of construction is commenced, provided each of the following conditions is satisfied:

(1) The governing body or board of the hospital, on or before June 30, 1976, files with the state department a letter of intent to replace the existing facility with a new facility, the construction of which is planned to commence prior to December 31, 1976.

(2) On or before June 30, 1976, plans for the replacement facility are approved pursuant to Chapter 1 (commencing with Section 15000) of Division 12.5, approved by the State Fire Marshal or local enforcement agency as meeting applicable requirements of this chapter and regulations adopted hereunder, and approved by the state department pursuant to its regulations and procedures governing plan review.

(3) The replacement facility is under construction prior to December 31, 1976.

(g) "Under construction," as used in this section, means that actual work shall have been performed on the construction site and shall not be construed to mean that the hospital, home, nursery, institution, sanitarium or any portion thereof, is in the planning stage.

SEC. 2. Section 13113 of the Health and Safety Code, as amended by Section 1 of Senate Bill No. 1480 of the 1975–76 Regular Session, is amended to read:

13113. (a) Except as otherwise provided in this section, no person, firm, or corporation shall establish, maintain, or operate any hospital, children's home, children's nursery, or institution, or a home or institution for the care of aged or senile persons, or any sanitarium or institution for insane or mentally retarded persons and any nursing or convalescent home, wherein more than six guests or patients are housed or cared for on a 24-hour-per-day basis unless there is installed and maintained in an operable condition in every building or portion thereof where patients or guests are housed an automatic sprinkler system approved by the State Fire Marshal.

(b) Any hospital, children's home, children's nursery, or institution, or any home or institution for the care of aged or senile persons, or any sanitarium or institution for insane or mentally retarded persons, or any nursing or convalescent home under construction or in existence and operating on March 4, 1972, which does not meet the requirements of this section, may operate or continue to operate without meeting such requirements until June 30, 1976. In no event shall the continued use of such facilities extend beyond that date, unless an approved automatic sprinkler system as required by this section has been installed or is in the process of being installed in accordance with the schedule set forth in subdivision (f).

(c) This section shall not apply to homes or institutions for the 24-hour-per-day care of ambulatory children if all of the following conditions are satisfied:

(1) The buildings or portions thereof in which such children are housed are not more than two stories in height and are constructed and maintained in accordance with regulations adopted by the State Fire Marshal pursuant to Section 13143.

(2) The buildings or portions thereof housing more than six such children shall have installed and maintained in an operable condition therein a fire alarm system of a type approved by the State Fire Marshal. Such system shall be activated by detectors responding to invisible products of combustion other than heat.

(3) The buildings or portions thereof do not house mentally ill or mentally retarded children.

(d) This section shall not apply to any one-story building or structure of an institution or home for the care of the aged providing 24-hour-per-day care if such building or structure is used or intended to be used for the housing of no more than six ambulatory aged

persons. However, such buildings or institutions shall have installed and maintained in an operable condition therein a fire alarm system of a type approved by the State Fire Marshal. Such system shall be activated by detectors responding to products of combustion other than heat.

(e) This section shall not apply to occupancies, or any alterations thereto, of type I construction, as defined by the State Fire Marshal, under construction or in existence on March 4, 1972.

(f) Any facility exempted from the requirements of subdivision (a) until June 30, 1976, by subdivision (b) may continue to operate without having therein an operational automatic sprinkler system approved by the State Fire Marshal if the installation of such a system, or the installation of an approved fire alarm system as authorized by subdivision (c) or (d), is commenced prior to June 30, 1976, and completed on or before December 31, 1976. Installation shall be deemed commenced for purposes of this subdivision when the facility has completed all of the following:

(1) Submitted to the state department a written contract with a licensed contractor for installation of such an automatic sprinkler system or fire alarm system in accordance with plans and specifications approved by the State Fire Marshal. The contract shall require the contractor to complete such installation within six months of the date of execution thereof and not later than December 31, 1976.

(2) Obtained all necessary permits and other governmental approvals required by law for the commencement of such installation.

(3) The contractor has commenced performance under the contract and has performed onsite work thereunder.

(g) This section shall not apply to the continuing use of an existing hospital which is to be replaced by the construction of another facility, during the period of time required to complete construction of the replacement hospital and make it available for occupancy without unreasonable delay, as determined by the state department, and which shall not in any case exceed two years from the date the actual work of construction is commenced, provided each of the following conditions is satisfied:

(1) The governing body or board of the hospital, on or before June 30, 1976, files with the state department a letter of intent to replace the existing facility with a new facility, the construction of which is planned to commence prior to December 31, 1976.

(2) On or before June 30, 1976, plans for the replacement facility are approved pursuant to Chapter 1 (commencing with Section 15000) of Division 12.5, approved by the State Fire Marshal or local enforcement agency as meeting applicable requirements of this chapter and regulations adopted hereunder, and approved by the state department pursuant to its regulations and procedures governing plan review.

(3) The replacement facility is under construction prior to

December 31, 1976.

(h) "Under construction," as used in this section, means that actual work shall have been performed on the construction site and shall not be construed to mean that the hospital, home, nursery, institution, sanitarium or any portion thereof, is in the planning stage.

SEC. 3. It is the intent of the Legislature, if this bill and Senate Bill No. 1480 are both chaptered and become effective on or before January 1, 1977, both bills amend Section 13113 of the Health and Safety Code, and this bill is chaptered after Senate Bill No. 1480, that Section 13113 of the Health and Safety Code, as amended by Section 1 of Senate Bill No. 1480, be further amended on the effective date of this act in the form set forth in Section 2 of this act to incorporate the changes in Section 13113 proposed by this bill. Therefore, if this bill and Senate Bill No. 1480 are both chaptered and become effective on or before January 1, 1977, and Senate Bill No. 1480 is chaptered before this bill and amends Section 13113, Section 2 of this act shall become operative on the effective date of this act and Section 1 of this act shall not become operative.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that a hospital for which replacement construction has started prior to June 30, 1976, may continue to operate beyond June 30, 1976, without making expensive alterations when such hospital will be closed at the time the replacement hospital is available for occupancy, it is necessary that this act take effect immediately.

CHAPTER 253

An act to amend Section 31580.2 of the Government Code, relating to retirement.

[Approved by Governor June 19, 1976 Filed with Secretary of State June 21, 1976.]

The people of the State of California do enact as follows:

SECTION 1. Section 31580.2 of the Government Code is amended to read:

31580.2. In counties where the board of retirement and board of investment have appointed personnel pursuant to Section 31522.1, the respective boards shall annually adopt a budget covering the entire expense of administration of the retirement system which expense shall be charged against the earnings of the retirement fund. The charge shall not exceed one-tenth of 1 percent of the total assets of the retirement system.

CHAPTER 254

An act to add Section 31580.3 to the Government Code, relating to the County Employees Retirement Law of 1937.

[Approved by Governor June 19, 1976. Filed with Secretary of State June 21, 1976]

The people of the State of California do enact as follows:

SECTION 1. Section 31580.3 is added to the Government Code, to read:

31580.3. In any county of the fourth class as established in Sections 28020 and 28025, the charge against the earnings of the retirement fund for the expense of administration of the retirement system shall not exceed eighteen-hundreds of 1 percent of the total assets of the retirement system.

CHAPTER 255

An act to amend Section 1251 of the Education Code, relating to school district liability.

[Approved by Governor June 19, 1976. Filed with Secretary of State June 21, 1976]

The people of the State of California do enact as follows:

SECTION 1. Section 1251 of the Education Code is amended to read:

1251. The board of governors of a school district may provide protection from its own funds for the purpose of covering the liability of the district, its officers, agents, and employees, in lieu of carrying insurance in insurance companies as provided in Section 1017. Nothing contained herein shall be construed as prohibiting the board of education of the district from providing protection against such liability partly by means of its own funds and partly by means of insurance written by insurance companies as provided in Section 1017.

CHAPTER 256

An act to add Section 239.3 to, and to add Chapter 2.5 (commencing with Section 137) to Part 4 of, the Metropolitan Water District Act (Chapter 209 of the Statutes of 1969), relating to metropolitan water districts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 23, 1976. Filed with Secretary of State June 23, 1976.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 2.5 (commencing with Section 137) is added to Part 4 of the Metropolitan Water District Act (Chapter 209 of the Statutes of 1969), to read:

CHAPTER 2.5 HYDROELECTRIC POWER

Sec. 137. A district may utilize any part of its water, and of its works, facilities, improvements and property used for the development, storage and transportation of water pursuant to Chapter 2 (commencing with Section 130) of this part, to provide, generate, and deliver hydroelectric power, and may acquire, construct, operate and maintain any and all works, facilities, improvements, and property necessary or convenient for such utilization.

Sec. 138. A district may (a) pursuant to contract, provide, sell and deliver hydroelectric power to the United States of America or any board, department or agency thereof, to the State of California for the purposes of the State Water Resources Development System, and to any public agency defined in subdivision (c) of Section 131, private corporation or other person or entity, or any combination thereof, engaged in the sale of electric power at retail; or (b) use all or any part of such hydroelectric power directly, or indirectly through exchange, in exercising any of the powers described in Section 120 or otherwise provided by law.

SEC. 2. Section 239.3 is added to the Metropolitan Water District Act (Chapter 209 of the Statutes of 1969), to read:

Sec. 239.3. The phrase "any public improvement or works of the district" in Section 237 and the phrase "properties, works and facilities of the district" in Section 238 shall be deemed to include, without limitation, works, facilities, improvements, and property of the district for the provision, generation, and delivery of hydroelectric power pursuant to Chapter 2.5 (commencing with Section 137) of Part 4 of this act. The acquisition and construction of such works, facilities, improvements and property shall be deemed to be a purpose for which revenue bonds, whether heretofore or hereafter authorized pursuant to this chapter, may be issued and sold.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The present critical energy situation has focused public attention on energy uses, resources, and the prospects for meeting both existing and future energy demands. It is necessary to resolve uncertainties as to the legal power of metropolitan water districts to

design, construct and operate hydroelectric power generation plants or units at locations on their water distribution systems wherever it is determined to be feasible, which plants or units will utilize presently existing hydraulic power that now is wasted in connection with the operation of the systems, and thus contribute to the energy supply of the state and the nation, electric power that otherwise would not exist. In order that this new source of electric power can be provided at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 257

An act to add Section 31703.9 to the Water Code, relating to Juniper Riviera County Water District, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 23, 1976 Filed with Secretary of State June 23, 1976]

The people of the State of California do enact as follows:

SECTION 1. Section 31703.9 is added to the Water Code, to read:

31703.9. Annually, the Juniper Riviera County Water District, San Bernardino County, may request, and the board of supervisors shall levy, any one, or all, bond or other taxes on land only within the district or improvement district benefited by the purposes of the bonded debt and other indebtedness. Such tax, or taxes, levied pursuant to this section constitutes a lien on all taxable property, both real and personal, located on the land benefited by the purposes of the bonded debt or other indebtedness.

This special provision is necessary because the Juniper Riviera County Water District is uniquely located in a desert area where water provided by the district primarily benefits only land.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within in the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to assure that this provision is available for the 1976–77 fiscal year and the tax levies made during such period, it is necessary that it go into immediate effect.

CHAPTER 258

The people of the State of California do enact as follows:

SECTION 1. The sum of thirty million five hundred twenty thousand eighty-nine dollars ($30,520,089) is hereby appropriated for the Emergency Fund in augmentation of and upon the same terms and conditions as the appropriation made by Item 96, Budget Act of 1975.

Provided, that notwithstanding any other provision of law, no funds appropriated by this section shall be allocated to the Agricultural Labor Relations Board.

SEC. 2. This act makes an appropriation for the usual current expenses of the state within the meaning of Article IV of the Constitution and shall go into immediate effect.

CHAPTER 259

An act to add Chapter 1.68 (commencing with Section 5096.111) to Division 5 of the Public Resources Code, relating to financing of a program of acquiring, developing, and restoring real property for state and local park, beach, recreational, and historical resources preservation purposes by providing the funds necessary therefor through the issuance and sale of bonds of the State of California and by providing for the handling and disposition of such funds; providing for the submission of the measure to a vote of the people at a special election to be consolidated with the 1976 general election; making an appropriation therefor; and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 24, 1976 Filed with Secretary of State June 24, 1976]

The people of the State of California do enact as follows:

SECTION 1. Chapter 1.68 (commencing with Section 5096.111) is added to Division 5 of the Public Resources Code, to read:

CHAPTER 1.68. NEJEDLY-HART STATE, URBAN, AND COASTAL PARK BOND ACT OF 1976

5096.111. This chapter shall be known and may be cited as the Nejedly-Hart State, Urban, and Coastal Park Bond Act of 1976.

5096.112. The Legislature hereby finds and declares that:

(a) It is the responsibility of this state to provide and to encourage the provision of recreational opportunities for the citizens of California.

(b) It is the policy of the state to preserve, protect, and, where possible, to restore coastal resources which are of significant recreational or environmental importance for the enjoyment of present and future generations of persons of all income levels, all ages, and all social groups.

(c) When there is proper planning and development, parks, beaches, recreation areas and recreational facilities, and historical resources preservation projects contribute not only to a healthy physical and moral environment, but also contribute to the economic betterment of the state, and, therefore, it is in the public interest for the state to acquire, develop, and restore areas for recreation, conservation, and preservation and to aid local governments of the state in acquiring, developing, and restoring such areas as will contribute to the realization of the policy declared in this chapter.

5096.113. The Legislature further finds and declares that:

(a) The demand for parks, beaches, recreation areas and recreational facilities, and historical resources preservation projects in California is far greater than what is presently available, with the

number of people who cannot be accommodated at the area of their choice or any comparable area increasing rapidly.

(b) The demand for parks, beaches, recreation areas and recreational facilities, and historical resources preservation projects in the urban areas of our state are even greater: over 90 percent of the present population of California reside in urban areas; there continues to be approximately a 30 percent deficiency in open space and recreation areas in the metropolitan areas of the state; less urban land is available, costs are escalating, and competition for land is increasing.

(c) There is a high concentration of urban social problems in California's major metropolitan areas which can be partially alleviated by increased recreational opportunities.

(d) California's coast provides a great variety of recreational opportunities not found at inland sites; it is heavily used because the state's major urban areas lie, and 85 percent of the state's population lives, within 30 miles of the Pacific Ocean; a shortage of facilities for almost every popular coastal recreational activity exists; and there will be a continuing high demand for popular coastal activities such as fishing, swimming, sightseeing, general beach use, camping, and day use. Funding for the acquisition of a number of key coastal sites is critical at this time, particularly in metropolitan areas where both the demand for and the deficiency of recreational facilities is greatest. Current development pressures in urbanized areas threaten to preclude public acquisition of these key remaining undeveloped coastal parcels unless these sites are acquired in the near future.

(e) Increasing and often conflicting pressures on limited coastal land and water areas, escalating costs for coastal land, and growing coastal recreational demand requires, as soon as possible, funding for, and the acquisition of, land and water areas needed to meet demands for coastal recreational opportunities and to implement recommendations for acquisitions of the Coastal Plan prepared and adopted in accordance with the requirements of the California Coastal Zone Conservation Act of 1972.

(f) By 1980, the need for local parks, beaches, and recreation areas and recreational facilities will be nearly twice as great as presently required.

(g) By 1980, unless the lands and waters that hold recreation potential today are acquired or reserved for recreation as soon as possible, there will be a marked shortage of recreation lands and waters on a local and regional basis.

(h) Cities, counties, and districts must exercise constant vigilance to see that the parks, beaches, recreation lands and recreational facilities, and historical resources they now have are not lost to other uses; they should acquire additional lands as such lands become available; they should take steps to improve the facilities they now have.

(i) Past and current funding programs have not and cannot meet

present deficiencies.

(j) There is a pressing need to provide statutory authority and funding for a coordinated state program designed to provide expanded public access to the coast, to preserve prime coastal agricultural lands, and to restore and enhance natural and man-made coastal environments.

(k) In view of the foregoing, the Legislature declares that an aggressive, coordinated, funded program for meeting existing and projected recreational demands must be implemented without delay.

5096.114. Bonds in the total amount of two hundred eighty million dollars ($280,000,000), or so much thereof as is necessary, may be issued and sold to provide a fund to be used for carrying out the purposes expressed hereinafter, and to be used to reimburse the General Obligation Bond Expense Revolving Fund pursuant to Section 16724.5 of the Government Code. Said bonds shall, when sold, be and constitute a valid and binding obligation of the State of California, and the full faith and credit of the State of California are hereby pledged for the punctual payment of both principal and interest on said bonds as said principal and interest become due and payable.

5096.115. There shall be collected each year and in the same manner and at the same time as other state revenue is collected such sum in addition to the ordinary revenues of the state as shall be required to pay the principal and interest on said bonds maturing in said year, and it is hereby made the duty of all officers charged by law with any duty in regard to the collection of said revenue to do and perform each and every act which shall be necessary to collect such additional sum.

5096.116. There is hereby appropriated from the General Fund in the State Treasury for the purpose of this act, such an amount as will equal the following:

(a) Such sum annually as will be necessary to pay the principal and interest on bonds issued and sold pursuant to the provisions of this chapter, as said principal and interest become due and payable.

(b) Such sum as is necessary to carry out the provisions of Section 5096.117, which sum is appropriated without regard to fiscal years.

5096.117. For the purposes of carrying out the provisions of this chapter the Director of Finance may by executive order authorize the withdrawal from the General Fund of an amount or amounts not to exceed the amount of the unsold bonds which have been authorized to be sold for the purpose of carrying out this chapter. Any amounts withdrawn shall be deposited in the State, Urban, and Coastal Park Fund or the State Coastal Conservancy, which depositories are hereby created. Any moneys made available under this section shall be returned to the General Fund from moneys received from the sale of bonds sold for the purpose of carrying out the provisions of this chapter.

5096.118. The proceeds of bonds issued and sold pursuant to this

chapter shall be deposited in the State, Urban, and Coastal Park Fund or the State Coastal Conservancy. The money in such depositories may be expended only for the purposes specified in this chapter and only pursuant to appropriation by the Legislature in the manner hereinafter prescribed.

5096.119. All proposed appropriations for the program specified in Section 5096.124 shall be included in a section in the Budget Bill for each fiscal year for consideration by the Legislature, and shall bear the caption "Nejedly-Hart State, Urban, and Coastal Park Bond Act Program." The section shall contain separate items for each project for which an appropriation is made.

All proposed appropriations for purposes specified in Section 5096.125 shall be included in a section of the Budget Bill for each fiscal year for consideration by the Legislature, and shall bear the caption "State Coastal Conservancy." The section shall contain separate items for each project for which an appropriation is made.

Such appropriations shall be subject to all limitations contained in the Budget Bill and to all fiscal procedures prescribed by law with respect to the expenditure of state funds unless expressly exempted from such laws by a statute enacted by the Legislature. Such sections shall contain proposed appropriations only for the programs contemplated by this chapter, and no funds derived from the bonds authorized by this chapter may be expended pursuant to an appropriation not contained in such sections of the Budget Act.

5096.120. The bonds authorized by this chapter shall be prepared, executed, issued, sold, paid, and redeemed as provided in the State General Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3, Division 4, Title 2 of the Government Code) and all of the provisions of that law are applicable to the bonds and to this chapter, and are hereby incorporated in this chapter as though set forth in full herein.

5096.121. The State Park and Recreation Finance Committee is hereby created. The committee consists of the Governor, the State Controller, the Director of Finance, the State Treasurer, and the Secretary of the Resources Agency. For the purposes of this chapter the State Park and Recreation Finance Committee shall be "the committee" as that term is used in the State General Obligation Bond Law. The Secretary of the Resources Agency is hereby designated as "the board" for the purposes of this chapter and for the purposes of the State General Obligation Bond Law.

5096.122. All money deposited in the State, Urban, and Coastal Park Fund or the State Coastal Conservancy which is derived from premium and accrued interest on bonds sold shall be reserved in such depositories and shall be available for transfer to the General Fund as a credit to expenditures for bond interest.

5096.123. As used in this chapter and for the purposes of this chapter as used in the State General Obligation Bond Law, the following words shall have the following meanings:

(a) "State grant" or "state grant moneys" means moneys received

by the state from the sale of bonds authorized by this chapter which are available for grants to counties, cities, and districts for acquisition, development, or restoration of real property for park, beach, recreational, and historical resources preservation purposes.

(b) "District" means any district authorized to provide park and recreation services, except a school district.

(c) "Historical resource" includes, but is not limited to, any building, structure, site, area, or place which is historically or archaeologically significant, or is significant in the architectural, engineering, scientific, economic, agricultural, educational, social, political, military, or cultural annals of California.

(d) "Historical resources preservation project" is a project designed to preserve an historical resource which is either listed in the National Register of Historic Places or is registered as either a state historical landmark or point of historical interest pursuant to Section 5021.

(e) "Coastal recreational resources" means those land and water areas adjacent to or in close proximity to the Pacific Ocean which are suitable for public park, beach, or recreational purposes, including, but not limited to, areas of historical significance and areas of open space that complement park, beach, or recreational areas.

5096.124. Except as otherwise provided in this section or elsewhere in this chapter, all money deposited in the State, Urban, and Coastal Park Fund shall be available for appropriation as set forth in Section 5096.119 for the purposes set forth below in amounts not to exceed the following:

(a) For grants to counties, cities, and districts for the acquisition, development, or restoration of real property for park, beach, recreational, and historical resources preservation purposes, including state administrative costs..... $85,000,000

(b) For acquisition, development, or restoration of real property for the state park system in accordance with the following schedule $34,000,000

Schedule:

(1) Thirteen million dollars ($13,000,000) for acquisition and costs for planning and interpretation.

(2) Twenty-one million dollars ($21,000,000) for development of real property, historical resources, and costs for planning and interpretation.

(c) For acquisition of coastal recreational resources, consisting of real property for the state park system and costs of planning and interpretation..... $110,000,000

(d) For the acquisition or development of real property for wildlife management in accordance with the provisions of the Wildlife Conservation Law of 1947 (Chapter 4 (commencing with Section 1300), Division 2, Fish and Game Code), including costs for planning and interpretation in accordance with the following schedule $15,000,000

Schedule:

(1) Ten million dollars ($10,000,000) for coastal projects.

(2) Five million dollars ($5,000,000) for all projects, including coastal projects.

(e) For recreational facilities of the State Water Facilities, as defined in paragraphs (1) to (4), inclusive, of subdivision (d) of Section 12934 of the Water Code, for allocation in accordance with the following schedule $26,000,000

Schedule:

(1) Fifteen million dollars ($15,000,000) to the Department of Parks and Recreation, of which up to six million dollars ($6,000,000) may be used for recreational facilities at Lake Elsinore, whether or not such facilities are a part of the State Water Facilities.

(2) Five million dollars ($5,000,000) to the Department of Water Resources.

(3) Six million dollars ($6,000,000) to the Department of Navigation and Ocean Development.

It is the intent of the Legislature that funds expended pursuant to subdivisions (a) and (b) of this section may be used for the acquisition of parks, beaches, open-space lands, and historical resources, and for development rights and scenic easements in connection with such lands and resources, and, in the case of grants to counties, cities, and districts, also for the development or restoration of such lands or resources and that funds expended pursuant to subdivision (c) of this section be in accordance with the following criteria and priorities:

(1) The first priority for the acquisition of coastal recreational resources is as follows:

(i) Land and water areas best suited to serve the recreational needs of urban populations.

(ii) Land and water areas of significant environmental importance, such as habitat protection.

(iii) Land and water areas in either of the above categories shall be given the highest priority when incompatible uses threaten to destroy or substantially diminish the resource value of such area.

(2) The second priority for the acquisition of coastal recreational resources is as follows:

(i) Land for physical and visual access to the coastline where public access opportunities are inadequate or could be impeded by incompatible uses.

(ii) Remaining areas of high recreational value.

(iii) Areas proposed as a coastal reserve or preserve, including areas that are or include restricted natural communities, such as ecological areas that are scarce, involving only a limited area; rare and endangered wildlife species habitat; rare and endangered plant species range; specialized wildlife habitat; outstanding representative natural communities; sites with outstanding educational value; fragile or environmentally sensitive resources; and wilderness or primitive areas. Areas meeting more than one of these criteria may be considered as being especially important.

(iv) Highly scenic areas that are or include landscape preservation projects designated by the Department of Parks and Recreation; open areas identified as being of particular value in providing visual contrast to urbanization, in preserving natural landforms and significant vegetation, in providing attractive transitions between natural and urbanized areas, or as scenic open space; and scenic areas and historical districts designated by cities and counties. All real property acquired pursuant to this chapter shall be acquired in compliance with the provisions of Chapter 16 (commencing with Section 7260) of Division 7 of Title 1 of the Government Code, and procedures sufficient to ensure such compliance shall be prescribed by the Department of Parks and Recreation.

It is the further intent of the Legislature that funds granted pursuant to subdivision (a) of this section may be used by counties, cities, and districts for the acquisition, development, and restoration of public indoor recreational facilities, including enclosed swimming pools, gymnasiums, recreation centers, historical buildings, and museums. For development, the land must be owned by, or subject to a long-term lease to, the applicant county, city, or district. Such lease shall be for a period of not less than 25 years from the date an application for a grant is made and shall provide that it may not be revoked at will during such period.

5096.125. Except as otherwise provided in this section and elsewhere in this chapter, all money deposited in the State Coastal Conservancy shall be available for appropriation, as provided in Section 5096.119, for the purposes set forth in this section, in a total amount not to exceed ten million dollars ($10,000,000):

(a) For restoration and enhancement of degraded coastal lands, especially habitat areas and lands near urban areas, that are suitable for intensive or passive recreational use.

(b) For the selective acquisition of prime coastal agricultural lands proposed for conversion to nonagricultural use, to prevent urban intrusions into agricultural areas and to assemble coastal

41321 285475 232

agricultural lands into parcels of economic size, using appropriate techniques such as purchase and leaseback or resale of lands for productive use.

(c) For the preacquisition of lands for reconveyance to other public agencies for coastal recreational resources preservation purposes.

(d) For the selective acquisition of easements and development rights on lands adjacent to public parks or wildlife preserves on or near the coast, to establish a buffer of privately owned land for use consistent with the purposes of the park or preserve and to minimize the need for future acquisitions around existing parks and wildlife preserves.

(e) For the acquisition or acceptance of lands providing public access to and along the coast.

(f) For the costs of administration and planning.

It is the intent of the Legislature that no funds allocated in this chapter to the State Coastal Conservancy shall be expended unless and until the Legislature has enacted legislation authorizing the administration of the conservancy by an existing state agency or a new state agency and has, in such legislation, set forth the purposes, powers, and duties of such agency. If the Legislature has not assigned such authority to an existing or new state agency by January 1, 1980, the funds allocated in this chapter to the State Coastal Conservancy shall be transferred to the State, Urban, and Coastal Park Fund and shall be allocated for expenditure for the purposes specified in subdivision (c) of Section 5096.124.

It is the further intent of the Legislature that funds expended pursuant to this section may be used for acquisition of fee title to real property or any other interest in real property that is less than the fee.

5096.126. After the Legislature has authorized the administration of the State Coastal Conservancy by an existing or new state agency, any project involving state funds pursuant to Section 5096.125 shall originate and be processed in the manner to be specified by the Legislature in such authorizing legislation.

5096.127. (a) All of the funds authorized by subdivision (a) of Section 5096.124 for grants, shall be allocated to the counties, such allocation to be based upon the estimated population of the counties on July 1, 1980, as projected by the Department of Finance.

(b) Each county's apportionment of such funds shall be in the same ratio as the county's population is to the state's total population; provided, however, that each county having a projected 1980 population of 40,000 or fewer persons shall receive an allocation of two hundred thousand dollars ($200,000); and provided, further, that any grant made to a city or district shall be subtracted from the total otherwise allocable under the provisions of this chapter to the county or counties in which the city or district is located.

(c) Each county shall consult with all cities and districts within the county and shall develop and submit to the state for approval a

priority plan for expenditure of the county's allocation. The priority plan for expenditure shall consist of an allocation of the county's funds to the eligible recipients specified in subdivision (a) of Section 5096.124. The priority plan for expenditure may include the names of individual projects under each governmental jurisdiction. The priority plan for expenditure shall be submitted to the Director of Parks and Recreation prior to June 30, 1978. The priority plan for expenditure of the total county allocation shall be approved by at least 50 percent of the cities and districts representing 50 percent of the population of the cities and districts within the county, and by the county board of supervisors. Failure to submit an approved priority plan by June 30, 1978, shall result in a 10-percent annual reduction of the total county allocation until the priority plan is submitted. Any funds not allocated to a county shall remain in the State, Urban, and Coastal Park Fund and shall be expended under the same conditions as set forth in Section 5096.128 in 1983. By June 30, 1980, if agreement on the priority plan for expenditure has not been submitted to the Director of Parks and Recreation, the county board of supervisors shall petition the Director of Parks and Recreation to distribute to high-priority projects the remaining 80 percent of the county's allocation.

(d) Applications for individual projects may be submitted directly to the Director of Parks and Recreation by individual jurisdictions.

5096.128. On July 1, 1983, the Secretary of the Resources Agency shall cause to be totaled the unencumbered balances remaining in the State, Urban, and Coastal Park Fund. A program shall be submitted in the budget for the 1984–1985 fiscal year to appropriate this balance. This priority ranking shall be based upon the provisions of Section 5096.124 and the needs specified in Section 5096.131.

In addition, the statement setting forth the priorities shall include the relationship of each separate project on the priority list to a proposed time schedule for the acquisition, development, or restoration expenditures associated with the accomplishment of the projects contained in such list. All projects proposed in the Governor's Budget of each fiscal year shall be contained in the Budget Bill as provided in Section 5096.119.

A copy of such agreement shall be filed with the county clerk in the county in which the property lies. Such arrangement shall be compatible with the operation of the area by the state, as determined by the Director of Parks and Recreation.

The agency, pursuant to this article and its contract with the commission, may make loans in connection with new construction or for improvement of an existing structure, but loans shall not be made for solar heating devices for swimming pools except in conjunction with the financing of a complete solar heating or cooling installation for a dwelling.

The agency shall:

(1) Establish the terms of the individual loans.

(2) Endeavor to provide for amortization schedules with respect to loans which will permit timely transfers to the General Fund under Section 25426.

The agency shall provide for securing the loans through trust deeds or instruments of equivalent security in a manner which will promote and maximize conservation of nonrenewable energy sources while maintaining the fiscal integrity of the program.

The agency shall take such other and further security measures as are necessary to protect the lending institution in the event of

default.

The agency may enter into contracts with private lending institutions in order to best serve the purposes of this chapter and to provide for the screening, processing, awarding, disbursement, servicing, and termination of loans in accordance with criteria established pursuant to Sections 25410 and 25411, and this section.

25413. The Residential Energy Conservation Loan Fund is hereby created in the State Treasury. Moneys in such fund are continuously appropriated to the State Energy Resources Conservation and Development Commission for the purpose of financing installations of residential energy insulation or solar heating or cooling systems through its contract with the California Housing Finance Agency, as provided in this article, for defraying the costs of establishing and administering such loan program, and for transfers to other state funds as required by Article 2 (commencing with Section 25420) of this chapter. Moneys received by the California Housing Finance Agency or the commission on account of payments of the principal of, or interest on, such loans shall be deposited in the fund.

25414. If a state energy financing authority or a state energy credit acceptance corporation is established through legislative enactment, the duties of the California Housing Finance Agency in the loan administration of the Residential Energy Conservation Loan Fund, as provided herein, shall be transferred to such authority or corporation.

Article 2. Bonds

25420. This article shall be known and may be cited as the Residential Energy Conservation Bond Law.

25421. Bonds in the total amount of twenty-five million dollars ($25,000,000), or so much thereof as is necessary, may be issued and sold to provide a fund to be used by the State Energy Resources Conservation and Development Commission to provide loans to finance installations in residential structures of energy insulation and solar heating or cooling systems, as authorized by this chapter. The bonds shall be known and designated as Residential Energy Conservation Bonds. The proceeds of bonds issued pursuant to this article shall be deposited in the Residential Energy Conservation Loan Fund and may be expended only for the purposes specified in this chapter. When sold, such bonds shall be and constitute a valid and binding obligation of the State of California, and the full faith and credit of the State of California are hereby pledged for the punctual payment of both principal and interest on such bonds as such principal and interest become due and payable.

25422. The bonds authorized by this article shall be prepared, executed, issued, sold, paid and redeemed as provided in the State General Obligation Bond Law, Chapter 4 (commencing with Section 16720) of Part 3, Division 4, Title 2 of the Government Code, and all

of the provisions of that law are applicable to the bonds and to this article, and are hereby incorporated in this article as though set forth in full herein.

25423. As used in this article and for purposes of the State General Obligation Bond Law, Chapter 4 (commencing with Section 16720) of Part 3, Division 4, Title 2 of the Government Code, the following terms shall have the following meanings:

25425. There shall be collected each year and in the same manner and at the same time as other state revenue is collected such sum in addition to the ordinary revenues of the state as shall be required to pay the principal and interest on bonds maturing in that year, and it is hereby made the duty of all officers charged by law with any duty in regard to the collection of such revenue to do and perform each and every act which shall be necessary to collect such additional sum.

25426. On the several dates on which funds are remitted pursuant to Section 16676 of the Government Code for the payment of the then maturing principal and interest on the bonds in each fiscal year, there shall be returned into the General Fund in the State Treasury moneys from the Residential Energy Conservation Loan Fund in an amount which is sufficient for the payment of principal and interest on the bonds then due and payable. In the event moneys transferred from the Residential Energy Conservation Loan Fund to the General Fund on such remittance dates are less than the principal and interest then due and payable with respect to the bonds, then the balance remaining unpaid, together with interest thereon at the rate borne by such bonds compounded semiannually from the date of maturity, shall be returned into the General Fund out of the Residential Energy Conservation Loan Fund as soon thereafter as it shall become available.

In the square immediately below the square containing such words, there shall be printed on said ballot the words, "Against the Residential Energy Conservation Bond Law," and in the same square

immediately below said words, in eight-point type shall be printed "This act provides for a bond issue of twenty-five million dollars ($25,000,000) to provide funds for financing residential energy insulation and residential solar heating and cooling systems."

[Approved by Governor June 25, 1976. Filed with Secretary of State June 25, 1976]

The people of the State of California do enact as follows:

SECTION 1. Section 4010.7 is added to the Health and Safety Code, to read:

4010.7. (a) All automatic fire extinguishing systems utilizing water sources shall be classified as follows:

(1) Class 1—systems with direct connection from public water mains only, no pumps other than fire department pumps, no tanks or reservoirs, no physical connection from other water supplies, no antifreeze or other additives of any kind, and all sprinkler drains discharging to atmosphere, dry wells, or other safe outlets.

(2) Class 2—systems same as class 1, except that booster pumps may be installed in the connections from the street mains.

(3) Class 3—systems same as class 1, except with a direct connection from public water supply mains plus one or more of the following: elevated storage tanks, fire pumps taking suction from above-ground covered reservoirs or tanks, and pressure tanks. All storage facilities are filled or connected to public water only and the water in the tank is maintained in a potable condition.

(4) Class 4—systems directly supplied from public mains similar to classes 1 and 2 which have an auxiliary water supply on or available to the premises, or an auxiliary supply located within a reasonably available pumping distance of fire department equipment, or are interconnected with pumps taking suction from reservoirs exposed to contamination, or rivers, ponds, driven wells, mills or other industrial water systems, or where antifreeze or other additives are used.

(5) Class 5—systems with combined industrial and fire extinguishing systems supplied from public water mains only, with or without gravity storage or pump suction tanks.

(b) Automatic fire extinguishing systems using class 1 or class 2 water sources shall not require any backflow protection equipment at the service connection. Automatic fire extinguishing systems using a class 3 water source shall have approved double check valves at the service connection to prevent stagnant water from backflowing into the public potable water system. Automatic fire extinguishing systems using a class 4 water source shall have air gap or reduced pressure backflow protection at the service connection to protect the public potable water system. Automatic fire extinguishing systems using a class 5 water source shall have whatever backflow protection that is determined necessary by the department after an inspection and survey of the premises involved.

Nothing in this section shall preclude the State Department of Health, or a local water purveyor with the concurrence of the state department, from adopting and enforcing additional requirements with respect to automatic fire extinguishing systems, when such requirements are deemed necessary to protect the public health.

SEC. 2. No appropriation is made by this act, nor is any obligation created thereby under Section 2231 of the Revenue and Taxation Code, for the reimbursement of any local agency for any costs that may be incurred by it in carrying on any program or

performing any service required to be carried on or performed by it by this act.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

No uniform standards for the installation of automatic fire extinguishing systems have been developed and local agencies have developed varying standards, some of which create undue financial hardship on smaller facilities. In order to develop uniform, fair, and reasonable standards which may be met by all such facilities and to maintain all such needed facilities, it is necessary that the standards proposed by this act go into immediate effect

CHAPTER 269

An act to amend Section 38.3 of the San Benito County Water Conservation and Flood Control District Act (Chapter 1598 of the Statutes of 1953), relating to the San Benito County Water Conservation and Flood Control District.

[Approved by Governor June 25, 1976 Filed with Secretary of State June 25, 1976]

The people of the State of California do enact as follows:

SECTION 1. Section 38.3 of the San Benito County Water Conservation and Flood Control District Act (Chapter 1598 of the Statutes of 1953) is amended to read:

Sec. 38.3. Any parcel, parcels, or tract of land may be annexed to a zone if the land will be benefited, and any parcel, parcels, or tract of land within any zone may be excluded if not benefited.

Proceedings for annexation or exclusion may be instituted by the board by resolution specifying its intention to annex or exclude such parcel, parcels, or tract of land, describing the proposed land to be annexed or excluded and specifying a time and place for public hearing on said resolution, which public hearing may be held at any place within the district. Notice of the time and place of said hearing shall be mailed to each landowner in the area sought to be annexed or excluded at his address as shown on the last equalized assessment roll of the county at least 20 days prior to the date of said hearing. The notice shall also be published in a newspaper of general circulation within the district pursuant to Section 6066 of the Government Code.

Other than annexation proceedings instituted by the owner of any parcel, parcels, or tract of land to be annexed, no proceedings for the annexation of any parcel, parcels, or tract of land to a zone shall be instituted until a geological or engineering study shall have been made, which study shall show that the parcel, parcels, or tract of land to be annexed will be benefited.

The alternative, such proceedings may be instituted by the filing with the board a petition signed by 10 percent or more of the owners of the land sought to be annexed or excluded. The petition shall contain:

(a) The name of the zone affected by the annexation or exclusion;

(b) The reason for annexation or exclusion of the land;

(c) A description of the land to be annexed or excluded;

(d) The assent of the petitioners to the annexation or exclusion; and

(e) A request that the described land be annexed to or excluded from the zone.

When the petition has been filed with the board, the board shall fix a time and place for a public hearing thereon, which public

hearing may be held at any place within the district, and cause a notice of such hearing to be given as hereinbefore provided. No land requested to be annexed to a zone shall be so annexed unless the board makes a finding at such hearing that there is sufficient surplus water available within the zone for use on the land to be annexed.

Failure to show cause why the change should not be made by any person interested in or affected by the change is deemed to be his assent to any change the board may make in the zone boundaries.

At the conclusion of the hearing, if it deems the annexation or exclusion of all or part of the land to be for the best interest of the zone, the board may by resolution annex or exclude all or part of the land sought to be annexed or excluded and shall, in such resolution, describe the zone boundaries as changed. If no effective date for such annexation or exclusion is specified in the resolution, then the effective date shall be deemed to be the date of the resolution.

In annexing any such land, the board may provide in such resolution for the levy by the district of an annexation fee upon the taxable property within the annexed area in addition to the taxes or assessments elsewhere in the act authorized to be levied by the district within such zone, and in such case the board shall specify the aggregate amount to be so assessed and the number of years prescribed for assessing such aggregate sum and that substantially equal annual levies or assessments will be made for the purpose of raising such sum over the period so prescribed.

The petitioner, or petitioners, may pay the annexation fee in whole at the time, or within 10 days, of the board's adoption of a resolution of annexation. If the annexation fee is not paid at the time of annexation, or within 10 days thereof, it shall be added to the annual county tax roll in accordance with the board's order, and be a charge against the taxable property upon which the annexation fee was levied and as to which such fee has not been paid and be collected in the same manner as taxes.

Any land or territory annexed to a zone pursuant to this section shall assume and be liable for its proportionate share of any then existing outstanding debts or obligations of the zone.

CHAPTER 270

An act to amend Section 853.6 of the Penal Code, relating to arrest and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 25, 1976 Filed with Secretary of State June 25, 1976.]

The people of the State of California do enact as follows:

SECTION 1. Section 853.6 of the Penal Code is amended to read:

853.6. (a) In any case in which a person is arrested for an offense declared to be a misdemeanor and does not demand to be taken before a magistrate, such person may, instead of being taken before a magistrate, be released according to the procedures set forth by this chapter. If the arresting officer or his superior determines that the person should be released, such officer or superior shall prepare in duplicate a written notice to appear in court, containing the name and address of such person, the offense charged, and the time and place where and when such person shall appear in court. If the person is not released prior to being booked and the officer in charge of the booking or his superior determines that the person should be released, such officer or superior shall prepare such written notice to appear in court.

(b) Unless waived by the person, the time specified in the notice to appear must be at least five (5) days after arrest.

(c) The place specified in the notice shall be the court of the magistrate before whom the person would be taken if the requirement of taking an arrested person before a magistrate were complied with, or shall be an officer authorized by such court to receive a deposit of bail.

(d) The officer shall deliver one copy of the notice to appear to the arrested person, and the arrested person, in order to secure release, must give his written promise so to appear in court by signing the duplicate notice which shall be retained by the officer. Thereupon the arresting officer shall forthwith release the person arrested from custody.

(e) The officer shall, as soon as practicable, file the duplicate notice with the magistrate specified therein. Thereupon the magistrate may fix the amount of bail which in his judgment, in accordance with the provisions of Section 1275 of the Penal Code, will be reasonable and sufficient for the appearance of the defendant and shall indorse upon the notice a statement signed by him in the form set forth in Section 815a of this code. The defendant may, prior to the date upon which he promised to appear in court, deposit with the magistrate the amount of bail thus set. Thereafter, at the time when the case is called for arraignment before the magistrate, if the defendant shall not appear, either in person or by counsel, the magistrate may declare the bail forfeited, and may in his discretion order that no further proceedings shall be had in such case, unless the defendant has been charged with violation of Section 374b or 374e of this code or of Section 11357, 11360, or 13002 of the Health and Safety Code, or a violation punishable under Section 5008.7 of the Public Resources Code, and he has previously been convicted of a violation of such section or punishable under such section, except in cases where the magistrate finds that undue hardship will be imposed upon the defendant by requiring him to appear, the magistrate may declare the bail forfeited and order that no further proceedings shall be had in such case.

Upon the making of such order that no further proceedings be had, all sums deposited as bail shall forthwith be paid into the county treasury for distribution pursuant to Section 1463 of this code.

(f) No warrant shall issue on such charge for the arrest of a person who has given such written promise to appear in court, unless and until he has violated such promise or has failed to deposit bail, to appear for arraignment, trial or judgment, or to comply with the terms and provisions of the judgment, as required by law.

(g) The officer shall indicate on the notice to appear whether he desires the arrested person to be booked as defined in subdivision 21 of Section 7 of this code. In such event, the magistrate shall, before the proceedings are finally concluded, order the defendant to be booked by the arresting agency.

(h) A peace officer may use the written notice to appear procedure set forth in this section for any misdemeanor offense in which the officer has arrested a person pursuant to Section 836 or in which he has taken custody of a person pursuant to Section 847.

(i) If the arrested person is not released pursuant to the provisions of this chapter prior to being booked by the arresting agency, then at the time of booking the arresting officer, the officer in charge of such booking or his superior officer, or any other person designated by a city or county for this purpose shall make an immediate investigation into the background of the person to determine whether he should be released pursuant to the provisions of this chapter. Such investigation shall include, but need not be limited to, the person's name, address, length of residence at that address, length of residence within this state, marital and family status, employment, length of that employment, prior arrest record, and such other facts relating to the person's arrest which would bear on the question of his release pursuant to the provisions of this chapter.

(j) Whenever any person is arrested by a peace officer for a misdemeanor, other than an offense described in subdivision (b) of Section 11357 or subdivision (c) of Section 11360 of the Health and Safety Code, and is not released with a written notice to appear in court pursuant to this chapter, the arresting officer shall indicate, on a form to be established by his employing law enforcement agency, which of the following was a reason for such nonrelease:

(1) The person arrested was so intoxicated that he could have been a danger to himself or to others.

(2) The person arrested required medical examination or medical care or was otherwise unable to care for his own safety.

(3) The person was arrested for one or more of the offenses listed in Section 40302 of the Vehicle Code.

(4) There were one or more outstanding arrest warrants for the person.

(5) The person could not provide satisfactory evidence of personal identification.

(6) The prosecution of the offense or offenses for which the person was arrested or the prosecution of any other offense or

offenses would be jeopardized by immediate release of the person arrested.

(7) There was a reasonable likelihood that the offense or offenses would continue or resume, or that the safety of persons or property would be imminently endangered by release of the person arrested.

(8) The person arrested demanded to be taken before a magistrate or refused to sign the notice to appear.

(9) Any other reason, which shall be specifically stated on the form by the arresting officer.

Such form shall be filed with the arresting agency as soon as practicable and shall be made available to any party having custody of the arrested person, subsequent to the arresting officer, and to any person authorized by law to release him from custody before trial.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to avoid causing unnecessary revision of forms at considerable expense, it is necessary that this act take effect immediately.

SEC. 5. Section 10470.1 of the Business and Professions Code is amended to read:

10470.1. (a) In addition to the amount allocated for recovery purposes as set forth in Section 10450.6, the Real Estate Commissioner may authorize the transfer from the Real Estate Fund to the separate account in such fund for education, research, and recovery purposes to be allocated for recovery purposes such amount or amounts that he deems necessary.

(b) If the balance remaining in the separate account in the Real Estate Fund for education, research, and recovery purposes and allocated for recovery purposes contains more than four hundred thousand dollars ($400,000) the Real Estate Commissioner may authorize the transfer of all or part of such surplus amount to the Real Estate Fund.

(c) If the balance remaining in the separate account in the Real Estate Fund for education, research, and recovery purposes and allocated for education and research purposes contains more than four hundred thousand dollars ($400,000) the Real Estate Commissioner may authorize the transfer of all or part of such surplus amount to the Real Estate Fund.

(d) The Real Estate Commissioner may authorize the return to the separate account in the Real Estate Fund for education, research, and recovery purposes of all or part of any amount previously transferred to the Real Estate Fund under the provisions of this section.

SEC. 6. Section 10471 of the Business and Professions Code is amended to read:

10471. When any aggrieved person obtains a final judgment in any court of competent jurisdiction against any person or persons licensed under this part, under grounds of fraud, misrepresentation, deceit, or conversion of trust funds arising directly out of any transaction when the judgment debtor was licensed and performed acts for which a license is required under this part, and which cause of action occurred on or after July 1, 1964, the aggrieved person may, upon the judgment becoming final, file a verified application in the court in which the judgment was entered for an order directing payment out of the separate account in the Real Estate Fund for education, research, and recovery purposes of the amount of actual and direct loss in such transaction up to the sum of ten thousand dollars ($10,000) of the amount unpaid upon the judgment, provided that nothing shall be construed to obligate such separate account for more than ten thousand dollars ($10,000) per transaction regardless of the number of persons aggrieved or parcels of real estate involved in such transaction.

In the case of a small claims court judgment, the aggrieved person shall file the verified application in the justice or municipal court in which the judgment was entered in favor of the aggrieved person. Such court shall then make a determination as to whether the small

claims court judgment was based on facts constituting grounds for recovery under this section and may enter an order directing payment of such small claims court judgment out of the separate account in the Real Estate Fund for education, research, and recovery purposes.

A copy of the verified application shall be served upon the commissioner and the judgment debtor and a certificate or affidavit of such service filed with the court.

SEC. 7. Section 10472 of the Business and Professions Code is amended to read:

10472. The court shall conduct a hearing upon such application 30 days after service of the application upon the Real Estate Commissioner. Upon petition of the Real Estate Commissioner, the court shall continue the hearing up to 60 days further; and upon a showing of good cause may continue the hearing for such further period as the court deems appropriate. At the hearing the aggrieved person shall be required to show:

(a) He is not a spouse of debtor, or the personal representative of such spouse.

(b) He has complied with all the requirements of this article.

(c) He has obtained a judgment as set out in Section 10471, stating the amount thereof and the amount owing thereon at the date of the application.

(d) He has made all reasonable searches and inquiries to ascertain whether the judgment debtor is possessed of real or personal property or other assets, liable to be sold or applied in satisfaction of the judgment.

(e) That by such search he has discovered no personal or real property or other assets liable to be sold or applied, or that he has discovered certain of them, describing them, owned by the judgment debtor and liable to be so applied, and that he has taken all necessary action and proceedings for the realization thereof, and that the amount thereby realized was insufficient to satisfy the judgment, stating the amount so realized and the balance remaining due on the judgment after application of the amount realized.

(f) That he has diligently pursued his remedies against all the judgment debtors and all other persons liable to him in the transaction for which he seeks recovery from the separate account in the Real Estate Fund for education, research, and recovery purposes.

(g) That he is making said application no more than one year after the judgment becomes final.

SEC. 8. Section 10473 of the Business and Professions Code is amended to read:

10473. Whenever the court proceeds upon an application as set forth in Section 10471, it shall order payment out of the separate account in the Real Estate Fund for education, research, and recovery purposes only upon a determination that the aggrieved party has a valid cause of action within the purview of Section 10471

and has complied with the provisions of Section 10472.

The judgment shall be only prima facie evidence of such cause of action and for the purposes of this article shall not be conclusive. The commissioner may defend any such action on behalf of the fund and shall have recourse to all appropriate means of defense and review including examinations of witnesses.

The commissioner may move the court at any time to dismiss the application when it appears there are no triable issues and the petition is without merit. The motion may be supported by affidavit of any person or persons having knowledge of the facts, and may be made on the basis that the petition, and the judgment referred to therein, does not form the basis for a meritorious recovery claim within the purview of Section 10471; provided, however, the commissioner shall give written notice at least 10 days before such motion.

The commissioner may, subject to court approval, compromise a claim based upon the application of an aggrieved party. He shall not be bound by any prior compromise or stipulation of the judgment debtor.

SEC. 9. Section 10473.1 of the Business and Professions Code is amended to read:

10473.1. The commissioner may defend any such action on behalf of the separate account in the Real Estate Fund for education, research, and recovery purposes and shall have recourse to all appropriate means of defense and review, including examination of witnesses. The judgement debtor may defend any such action on his own behalf and shall have recourse to all appropriate means of defense and review, including examination of witnesses. Whenever an applicant's judgment is by default, stipulation, or consent, or whenever the action against the licensee was defended by a trustee in bankruptcy, the applicant shall have the burden of proving his cause of action for fraud, misrepresentation, deceit, or conversion of trust funds. Otherwise, the judgment shall create a rebuttable presumption of the fraud, misrepresentation, deceit, or conversion of trust funds. This presumption is a presumption affecting the burden of producing evidence.

SEC. 10. Section 10474 of the Business and Professions Code is amended to read:

10474. If the court finds after the hearing that said claim should be levied against the portion of the separate account in the Real Estate Fund for education, research, and recovery purposes allocated for the purpose of carrying out the provisions of this article, the court shall enter an order directed to the commissioner requiring payment from the separate account in the Real Estate Fund for education, research, and recovery purposes of whatever sum it shall find to be payable upon the claim pursuant to the provisions of and in accordance with the limitations contained in this article.

Notwithstanding any other provision of this article, the liability of that portion of the separate account in the Real Estate Fund for

education, research, and recovery purposes allocated for the purposes of this article shall:

(a) Not exceed twenty thousand dollars ($20,000) for any one licensee for which the cause of action occurred on or after July 1, 1964, and prior to January 1, 1975.

(b) Not exceed forty thousand dollars ($40,000) for any one licensee for which the cause of action occurred on or after January 1, 1975.

SEC. 11. Section 10474.5 of the Business and Professions Code is amended to read:

10474.5. If the twenty thousand dollars ($20,000) or forty thousand dollars ($40,000) liability of the separate account in the Real Estate Fund for education, research, and recovery purposes, whichever is applicable, as provided for in Section 10474 is insufficient to pay in full the valid claims of all aggrieved persons by whom claims have been filed against any one licensee, such twenty thousand dollars ($20,000) or forty thousand dollars ($40,000) shall be distributed among them in the ratio that their respective claims bear to the aggregate of such valid claims, or in such other manner as the court deems equitable. Distribution of such moneys shall be among the persons entitled to share therein, without regard to the order of priority in which their respective judgments may have been obtained or their claims have been filed. Upon petition of the separate account in the Real Estate Fund for education, research, and recovery purposes, the court may require all claimants and prospective claimants against one licensee to be joined in one action, to the end that the respective rights of all such claimants to the separate account in the Real Estate Fund for education, research, and recovery purposes may be equitably adjudicated and settled.

SEC. 12. Section 10475 of the Business and Professions Code is amended to read:

10475. Should the commissioner pay from the separate account in the Real Estate Fund for education, research, and recovery purposes any amount in settlement of a claim or toward satisfaction of a judgment against a licensed broker or salesman, the license of the broker or salesman shall be automatically suspended upon the effective date of an order by the court as set forth herein authorizing payment from the separate account in the Real Estate Fund for education, research, and recovery purposes. No such broker or salesman shall be granted reinstatement until he has repaid in full, plus interest at the rate of 4 percent a year, the amount paid from the separate account in the Real Estate Fund for education, research, and recovery purposes on his account. A discharge in bankruptcy shall not relieve a person from the penalties and disabilities provided in this article.

SEC. 13. Section 10476 of the Business and Professions Code is amended to read:

10476. If, at any time, the money deposited in the separate account in the Real Estate Fund for education, research, and

4 1697 28 6505 366

recovery purposes and allocated for purposes other than real estate education and research is insufficient to satisfy any duly authorized claim or portion thereof, the commissioner shall, when sufficient money has been deposited in the separate account in the Real Estate Fund for education, research, and recovery purposes, satisfy such unpaid claims or portions thereof, in the order that such claims or portions thereof were originally filed, plus accumulated interest at the rate of 4 percent a year.

SEC. 14. Section 10477 of the Business and Professions Code is amended to read:

10477. Any sums received by the commissioner pursuant to any provisions of this article shall be deposited in the State Treasury and credited to the separate account in the Real Estate Fund for education, research, and recovery purposes, and said sums shall be allocated exclusively for the purposes provided in this article.

SEC. 15. Section 10479 of the Business and Professions Code is amended to read:

10479. When, upon the order of the court, the commissioner has paid from the separate account in the Real Estate Fund for education, research, and recovery purposes any sum to the judgment creditor, the commissioner shall be subrogated to all of the rights of the judgment creditor and the judgment creditor shall assign all his right, title and interest in the judgment to the commissioner and any amount and interest so recovered by the Real Estate Commissioner on the judgment shall be deposited to the separate account in the Real Estate Fund for education, research, and recovery purposes.

SEC. 16. Section 10483 of the Business and Professions Code is amended to read:

10483. Nothing contained herein shall limit the authority of the commissioner to take disciplinary action against any licensee for a violation of any of the provisions of the Real Estate Law, or of Chapter 1 of Part 2 of this division, or of the rules and regulations of the commissioner; nor shall the repayment in full of all obligations to the separate account in the Real Estate Fund for education, research, and recovery purposes by any licensee nullify or modify the effect of any other disciplinary proceeding brought pursuant to the provisions of the Real Estate Law.

CHAPTER 272

An act to amend Section 14800 of the Financial Code, relating to credit unions.

[Approved by Governor June 25, 1976 Filed with Secretary of State June 25, 1976]

The people of the State of California do enact as follows:

SECTION 1. Section 14800 of the Financial Code is amended to read:

14800. (a) Every credit union may:

(1) Admit to membership, those persons qualified for membership, upon payment of an entrance fee or the purchase of a share in the credit union.

(2) Issue shares to any qualified member and issue such shares in joint tenancy to the member and any person designated by such member. If the shares are issued in joint tenancy with a member and any other person not a member, there shall be printed on the certificate or other evidence of shares, the words "Transferable only to qualified members."

(3) Charge a reasonable fee for the transfer of its shares.

(b) A credit union may issue shares or investment certificates to a minor of any age or maintain any other account authorized for credit union members for a minor, and receive payments thereon by or for such minor. Such minor is entitled to withdraw, transfer, or pledge any shares or certificates or other moneys owned by him and to receive from the credit union all dividends, interest, or other money due thereon in the same manner and subject to the same conditions as an adult. The receipt or acquittance of a minor whose parent or guardian has consented to the account, whether before or after any transaction therein, constitutes a valid release and discharge of the credit union for the payment of dividends, interest, or other money due to such minors.

(c) Shares or certificates for funds owned in joint tenancy and all dividends and interest thereon may be paid to any of the joint tenants during their lifetime or to the survivor or any one of the survivors of them after the death of one or more of the joint tenants. By written instructions of all joint tenants given to the credit union, the joint tenants may require the signatures of more than one of such persons during their lifetimes or of more than one of the survivors after the death of any one of them on any notice of withdrawal, request for withdrawal, check endorsement or receipt, in which case the credit union shall pay withdrawals, dividends and interest only in accordance with such instructions, but no such instructions shall limit the right of the sole survivor or of all of the survivors to receive withdrawal payments, dividends and interest. Payment as provided in this section and the receipt or acquittance by any joint tenant is a valid and sufficient release and discharge of the depository credit union for all payments made on account of shares or certificates for funds owned in joint tenancy prior to the receipt by such credit union of notice in writing from any one of them not to make payments in accordance with the terms of such shares or certificates for funds or of such written instructions. After receipt of such notice a credit union may refuse, without liability, to pay withdrawals, dividends, or interest pending a determination of the rights of the parties.

CHAPTER 273

An act to amend Sections 21102, 21104, 21106, 21107, 21109, and 21113 of, and to add Sections 21107.6 and 21119 to, the Education Code, relating to school funds.

[Approved by Governor June 25, 1976 Filed with Secretary of State June 25, 1976]

The people of the State of California do enact as follows:

SECTION 1. Existing statutory provisions require school districts to be completely fiscally independent of, or completely fiscally dependent to, the county superintendent of schools. It is the intent of the Legislature to provide an alternative to school districts that do not wish complete independence or dependence. This act permits recognition of district competence through fiscal accountability, minimizes duplication of effort between school districts and county offices, grants increased control at the local level while maintaining adequate safeguards over the expenditure of public funds.

SEC. 2. Section 21102 of the Education Code is amended to read:

21102. All payments from the funds of a school district shall be made by written order of the governing board of the district. Orders shall be on forms prescribed by the county superintendent of schools. Forms may be printed and furnished by the board of supervisors or the county superintendent of schools.

SEC. 3. Section 21104 of the Education Code is amended to read:

21104. The governing board of each school district shall be responsible for filing or causing to be filed with the county superintendent of schools the verified signature of each person, including members of the governing board, authorized to sign orders in its name. Except for districts determined to be fiscally accountable pursuant to Section 21119, no order on the funds of any school district shall be approved by the county superintendent of schools unless the signatures are on file in his office and he is satisfied that the signatures on the order are those of persons authorized to sign the order.

SEC. 4. Section 21106 of the Education Code is amended to read:

21106. Each order drawn against the funds of a school district shall be transmitted to the county superintendent of schools, and, if approved and signed by him shall become a requisition on the county auditor. The county superintendent may prescribe alternative procedures for districts determined to be fiscally accountable pursuant to Section 21119.

SEC. 5. Section 21107 of the Education Code is amended to read:

21107. The county superintendent of schools may examine each order on school district funds transmitted to him, in the order in which it is received in his office. If it appears that the order is

properly drawn for the payment of legally authorized expenses against the proper funds of the district, and that there are sufficient moneys in the fund or funds against which the order is drawn to pay it, he shall indorse upon it "examined and approved," and shall, in attestation thereof, affix his signature and number and date the requisition and transmit it directly to the county auditor, in the order in which the order is received in his office. The county superintendent may prescribe alternative methods for districts determined to be fiscally accountable pursuant to Section 21119.

SEC. 6. Section 21107.6 is added to the Education Code, to read:

21107.6. At any time during a fiscal year, the county superintendent may audit the expenditures and internal controls of school districts he determines to be fiscally accountable. The county superintendent shall report his findings and recommendation to the governing board of the district. The governing board shall, no later than 15 days after receipt of such report, notify the county superintendent of schools of its proposed actions on his recommendation. Upon review of the governing board report, the county superintendent, at his discretion, may revoke the authority for the district to be fiscally accountable pursuant to Section 21119.

SEC. 7. Section 21109 of the Education Code is amended to read:

21109. The county auditor may examine each order and requisition on school district funds transmitted to him by the county superintendent of schools. If he allows the order and requisition, he shall indorse thereon "examined and allowed," and shall date, number, and sign it, whereupon it shall become a warrant on the county treasurer. The auditor shall detach any bill attached to the requisition, and shall number the bill, giving it the same number which he gives the warrant, and file it in his office. He shall thereupon return the order, requisition, and warrant to the county superintendent of schools who shall transmit it to the governing board of the school district for issuance to the payee or to his order.

Any requisition of the county superintendent of schools, whether based upon written order of the governing board of a school district or authorized by law, shall constitute full authority for the signature for allowance thereof by the county auditor as a warrant on the county treasurer, and no other authority shall be necessary or required for such action by the county auditor.

"Requisition," as used in this section, includes any order or demand signed by the county superintendent of schools directing the county auditor to draw his warrant on the county treasurer.

SEC. 8. Section 21113 of the Education Code is amended to read:

21113. The superintendent of schools of each county shall keep, open to the inspection of the public, a register of warrants, showing the fund upon which the requisitions have been drawn, the number, in whose favor, and for what purpose they were drawn.

The county superintendent shall prescribe rules for school districts he determines to be fiscally accountable, pursuant to Section 21119, that retain copies of warrants and supporting documents within the

district files.

SEC. 9. Section 21119 is added to the Education Code, to read:

21119. With the approval of the county superintendent of schools, the governing board of a school district or community college district may cause warrants to be drawn on the county treasury against designated funds, except debt service, of the district in the county treasury in the payment of expenses of the district. The warrants for salary and other types of claims designated by the county superintendent shall be issued by a person designated as the district disbursing officer for the school district on the county treasury in favor of the persons entitled thereto in payment of all claims in designated categories chargeable against the district which have been legally examined, allowed, and ordered paid by the governing board. The district disbursing officer shall issue warrants, using procedures prescribed by the county auditor, on the county treasury for all debts and demands, within categories designated by the county superintendent, against the district when amounts are legally approved. The form of the warrant shall be prescribed by, and approved by, the county auditor or county treasurer having jurisdiction.

The cost of printing warrants may be charged to the district. Notwithstanding Section 17151, except for assessing and tax collecting, the county auditor and county treasurer may charge those districts that draw their own warrants for the cost of all fiscal services.

Notwithstanding Section 27005 of the Government Code, or any other provision of law requiring orders for warrants or warrants to be signed by the county superintendent of schools or the county auditor, or both, the county superintendent and county auditor may prescribe alternative procedures for districts to issue warrants. The district disbursing officer shall not be considered a deputy county superintendent of schools or a deputy county auditor. The county treasurer shall pay the warrant in the designated category, if district funds are available.

County officers shall not be responsible for providing reports, statements, or other data relating to, or based on, the designated payments of expenses of the district. Those districts issuing warrants, as provided by this section, shall provide the county superintendent of schools, in the form prescribed by him, with the data necessary to make retirement reports and other reports required of him by law. All warrants, vouchers, and supporting documents shall be kept by school districts that draw their own warrants in those designated categories.

The county superintendent shall provide for a periodic review of the districts' financial transactions and internal controls pursuant to Section 21107.6.

County superintendents of schools may provide fiscal, budgetary, and data-processing services through contractual agreements to school districts that have been determined to be fiscally accountable under the provisions of this section.

4 1901 28 6595 384

The person authorized by the governing board of the district to issue warrants, pursuant to this section, shall execute an official bond in an amount fixed by the governing board conditioned upon the faithful performance of his duties under this section. A county superintendent or county auditor shall not be liable under the terms of their bonds or otherwise for any warrant issued pursuant to this section. This section shall not be construed as impairing the obligation of any contract in the bond of such officer in effect on January 1, 1977.

A listing of the warrants issued under this section by each school district shall be forwarded to the county auditor having jurisdiction, upon his request, and to the county superintendent of schools having jurisdiction over the district on the same day warrants are issued. The listing, which may be magnetic tape, punched cards, or in other form, shall report, among other things, the warrant number, date of the warrant, amount of the warrant, the name of the payee, and the fund on which drawn. The form and content of the warrant listing shall be as prescribed by the county auditor or county superintendent and approved by the county auditor or county superintendent having jurisdiction.

Each district which issues warrants pursuant to this section shall furnish monthly to the county superintendent of schools and the county auditor of the county of jurisdiction, upon his request, a statement showing for the current fiscal year to date, for each required expenditure classification, the amount budgeted, actual expenditures, encumbrances and unencumbered balances.

In order to obtain the approval of the county superintendent of schools and county auditor for fiscally accountable status, the governing board of a school district shall file a written application with the county superintendent of schools and county auditor having jurisdiction on forms which the county superintendent shall prescribe. Upon receipt of an application from the district, the county superintendent shall cause an audit to be made of the district's management and accounting controls, in accordance with standards prescribed by him, by an independent certified public accountant or public accountant approved by the county superintendent, who shall report his findings and recommendations to the county superintendent and to the applicant district. The audit report may include Department of Finance guidelines and other assessments of fiscal management as required by the county superintendent or the audit may be the report of the annual district audit pursuant to Section 17206 if that is acceptable to the county superintendent of schools. The cost of the audit required in support of a district's application for fiscal accountability shall be borne by the applicant district.

The county superintendent and county auditor shall review the district's application and report of financial management and control and may approve the application if they find the management and accounting controls of the district to be adequate. If the county

superintendent and county auditor determine that such management and accounting controls are inadequate, they shall disapprove the application.

A district that applies for fiscal accountability status shall file its written application with the county superintendent of schools on or before September 1. The required audit of financial management and accounting controls shall be filed on or before January 1. When a district's application for fiscal accountability status has been approved by the county superintendent of schools and county auditor, the issuance of warrants by the district pursuant to this section shall be effective at the beginning of a fiscal year, provided that approval had been made prior to the preceding first day in March. If disapproved, the county superintendent of schools shall state the specific steps which must be taken by the applicant school district to receive approval and these changes shall be certified as completed by an independent certified public accountant or public accountant before the county superintendent shall approve the application. If at any time the county superintendent of schools or the county auditor determines that the financial management or accounting controls of the district have become inadequate, either such officer may revoke approval for fiscal accountability status effective immediately.

CHAPTER 274

An act to add Section 31035 to the Water Code, relating to county water districts.

[Approved by Governor June 25, 1976 Filed with Secretary of State June 25, 1976]

The people of the State of California do enact as follows:

SECTION 1. Section 31035 is added to the Water Code, to read:

31035. A district may undertake a water conservation program to reduce water use and may require as a condition of new service that reasonable water-saving devices and water reclamation devices be installed to reduce water use.

CHAPTER 275

An act to amend Sections 17303.6, 17402, and 17407 of, to add Sections 18151, 25502.1, and 25506.5 to, and to repeal Section 18151 of, the Education Code, relating to community colleges, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 25, 1976 Filed with Secretary of State June 26, 1976]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that state programs of support for community college students with exceptional needs have developed over time in response to specific needs of identifiable groups. Consequently, there are at least seven separate state programs providing support to enable these individuals to attend community colleges. These programs were established independently and require separate accounting, auditing, and reporting procedures both at the institutional level and within the office of the Chancellor of the California Community Colleges. One effect of these duplicative accounting and reporting procedures is that much of the state support currently allocated by law for these students is not being effectively utilized.

The Legislature finds and declares that community colleges provide a valuable educational and training resource for many individuals with exceptional needs, and that the existing funding structure of state support for these persons needs revision in order to provide them with appropriate educational opportunities within existing statutory support limitations.

This act is intended to enhance opportunities within community colleges for handicapped students, but not to limit such students as to the type of postsecondary institution, if any, they attend.

It is the further intent of the Legislature that individuals with exceptional needs shall be placed in regular education programs when special educational services are no longer required.

SEC. 2. Section 17303.6 of the Education Code is amended to read:

17303.6. The amount transferred to Section B of the State School Fund pursuant to subdivisions (b) and (c) of Section 17301.1 shall be expended in accordance with the following schedule:

(a) Two hundred eighty-nine dollars and seventy cents ($289.70) multiplied by the total average daily attendance credited to community college districts during the preceding fiscal year for basic aid and equalization aid to be apportioned to community college districts on account of average daily attendance.

(b) Twelve dollars and nineteen cents ($12.19) multiplied by the average daily attendance during the preceding school year credited for purposes of state apportionments to all community college districts for the purpose of Article 12 (commencing with Section 18151) of this chapter.

SEC. 3. Section 17402 of the Education Code is amended to read:

17402. The Superintendent of Public Instruction shall on or before February 20th of each year apportion to each elementary school district, high school district, community college district, county school service fund, and county school tuition fund the total amounts allowed to them under Sections 6426, 17751, 17801, 17851,

17901, 17902, 17904, 17951, 17952, 18060, 18062, 18102, 18102.2, 18102.4, 18102.6, 18102.9, 18151, 18352, 18355, 18358, 18401, and Sections 18451 to 18456, inclusive, whichever are in effect. This apportionment shall be called the first principal apportionment.

SEC. 4. Section 17407 of the Education Code is amended to read:

17407. The Superintendent of Public Instruction shall on or before June 25th of each year apportion to each elementary school district, high school district, community college district, county school service fund, and county school tuition fund the total amounts allowed to them under Sections 6426, 17751, 17801, 17851, 17901, 17902, 17904, 17951, 17952, 18060, 18062, 18102, 18102.2, 18102.4, 18102.6, 18102.9, 18151, 18352, 18355, 18358, 18401, and Sections 18451 to 18456, inclusive, whichever are in effect. This apportionment shall be called the second principal apportionment.

SEC. 5. Section 18151 of the Education Code is repealed.

SEC. 6. Section 18151 is added to the Education Code, to read:

18151. (a) The Chancellor of the California Community Colleges shall apportion to each community college district for the purpose of funding the excess direct district cost of providing special facilities, special educational material, educational assistance, mobility assistance, transportation, and program developmental services for handicapped students enrolled at a community college as defined in Section 25506.5, who have demonstrated a need for such services, an amount not exceeding seven hundred eighty-five dollars ($785) in each fiscal year for each such handicapped student.

(b) The Board of Governors of the California Community Colleges shall adopt rules and regulations for determining program and service components and appropriation of resources to community college districts pursuant to Section 25506.5. Such rules and regulations shall be based upon guidelines, developed and approved by both the chancellor and the Director of Rehabilitation after public hearings, and shall be appropriate to the educational needs of handicapped students enrolled at a community college.

The chancellor and the Director of Rehabilitation shall incorporate suggestions from other interested persons and organizations in the guidelines where feasible and appropriate.

If the chancellor and the Director of Rehabilitation are unable to agree upon any portion or portions of the guidelines, each may submit guidelines to the board of governors, which may base the rules and regulations which it adopts on any combination of guidelines submitted.

(c) Each community college district receiving an allowance under this section shall report to the chancellor on forms and at such times as he shall provide, all expenditures and incomes related to handicapped students for whom such allowances are made. If the chancellor determines that the current expense of educating such students does not equal or exceed the sum of basic state aid and state equalization aid provided in the regular community college foundation program per unit of average daily attendance, the

allowance provided under this section and any amount of local tax funds contributed to the foundation program for each such handicapped student in average daily attendance in the district, then the amount of such deficiency shall be withheld from state apportionments to the district in the succeeding fiscal year in accordance with the procedure prescribed in Section 17414.

(d) The chancellor and the Director of Rehabilitation shall review programs for handicapped students funded pursuant to this section and shall report, jointly or separately, their findings and recommendations to the Legislature not later than February 15, 1978. The report shall include recommendations relative to appropriate levels of support for programs and services for handicapped students and further improvements in funding procedures.

(e) Notwithstanding subdivision (a), the chancellor may, upon recommendation of the Director of Rehabilitation, allocate amounts up to twice the amount authorized in subdivision (a) to provide for excess costs of educational services for severely disabled students as defined pursuant to subdivision (c) of Section 25506.5; provided, however, that any allocations made pursuant to this subdivision (e) shall not result in an increase in the total amount of funds allocated pursuant to this section. Allocations in excess of seven hundred eighty-five dollars ($785) per student shall be provided only to programs identified by the chancellor and the Director of Rehabilitation in accordance with rules and regulations adopted pursuant to subdivision (b).

(f) In the event that requests for apportionments exceed the amount of state funds statutorily available, the chancellor shall apportion the statutorily available funds among community college districts applying for such funds in accordance with guidelines established and approved by the chancellor and the Director of Rehabilitation pursuant to this section. State apportionments shall be made only to districts which certify that all appropriate federal and local funds available for programs for handicapped students are being utilized.

(g) The chancellor's office and the Department of Rehabilitation shall jointly develop guidelines governing expenditures relating to handicapped students to prevent duplication in state expenditures for such students.

SEC. 7. Section 25502.1 is added to the Education Code, to read:

25502.1. Every community college district shall provide access to its services, classes, and programs without regard to race, religious creed, color, national origin, ancestry, handicap, or sex.

SEC. 8. Section 25506.5 is added to the Education Code, to read:

25506.5. (a) The Board of Governors of the California Community Colleges shall adopt rules and regulations for determining program and service components and appropriation of resources to individual college districts for the education of handicapped students. Such rules and regulations shall be based

upon guidelines developed and approved by both the chancellor and the Director of Rehabilitation and shall be appropriate to the needs for education of handicapped students enrolled at a community college.

(b) As used in this section, "handicapped students" are persons enrolled at a community college who cannot benefit from the regular educational program provided by the community college at which such students are enrolled, without special services and programs, because of a physical, communication, or learning disability as defined by the Director of Rehabilitation in cooperation with the Chancellor of the California Community Colleges, following public hearings. Such a disability shall be defined in a manner consistent with the definitions given in this subdivision.

"Physical disability" means a disability attributable to a vision, mobility, orthopedic, or other health impairment. "Communication disability" means a disability attributable to a speech or hearing impairment. "Learning disability" means a disability attributable to a neurological, biochemical, or developmental impairment.

(c) The Director of Rehabilitation shall also, after public hearings and consultation with the chancellor, define "severely disabled students" for purposes of funding the excess costs of such students as authorized by subdivision (e) of Section 18151.

SEC. 8.5. If rules and regulations have not been adopted and become effective pursuant to Section 18151 of the Education Code (as enacted by Section 6 of this act) by June 25, 1976, the Chancellor of the California Community Colleges shall apportion from the funds available pursuant to subdivision (b) of Section 17303.6 of the Education Code in fiscal year 1975–76, amounts necessary to fund the excess direct costs of providing the facilities, material, assistance, and services referred to in Section 18151.

SEC. 9. In lieu of the schedule of expenditures set forth in paragraphs (2), (3), (4), and (5) of subdivision (b) of Item 350.1 of the Budget Act of 1975 (Chapter 176 of the Statutes of 1975), the schedule of expenditures prescribed by subdivision (b) of Section 17303.6, as amended by this act, shall prevail, and shall govern the expenditure of funds from Section B of the State School Fund.

This act is not intended and shall not be construed to supersede any portion of Item 350.1 of the Budget Act of 1975, except for paragraphs (2), (3), (4), and (5) of subdivision (b) thereof.

Paragraph (1) of subdivision (b) of Item 350.1 of the Budget Act of 1975 shall supersede subdivision (a) of Section 17303.6 of the Education Code, as amended by this act, for the remainder of the 1975–76 fiscal year.

SEC. 9.5. In lieu of the schedule of expenditures set forth in paragraphs (2), (3), (4), and (5) of subdivision (b) of Item 366 of the Budget Act of 1976, the schedule of expenditures prescribed by subdivision (b) of Section 17303.6, as amended by this act, shall prevail, and shall govern the expenditure of funds from Section B of the State School Fund.

077 28775 408

This act is not intended, and shall not be construed, to supersede any portion of Item 366 of the Budget Act of 1976, except for paragraphs (2), (3), (4), and (5) of subdivision (b) thereof.

Paragraph (1) of subdivision (b) of Item 366 of the Budget Act of 1976 shall supersede subdivision (a) of Section 17303.6 of the Education Code, as amended by this act, for the 1976–77 fiscal year.

SEC. 10. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that funds appropriated for handicapped students attending community college may be more effectively utilized for the 1975–76 school year, which commenced July 1, 1975, it is essential that this act go into effect immediately.

CHAPTER 276

An act to add Section 1094.6 to the Code of Civil Procedure, relating to local agencies.

[Approved by Governor June 25, 1976. Filed with Secretary of State June 26, 1976]

The people of the State of California do enact as follows:

SECTION 1. Section 1094.6 is added to the Code of Civil Procedure, to read:

1094.6. (a) Judicial review of any decision of a local agency, other than school district, as the term local agency is defined in Section 54951 of the Government Code, or of any commission, board, officer or agent thereof, may be had pursuant to Section 1094.5 of this code only if the petition for writ of mandate pursuant to such section is filed within the time limits specified in this section.

(b) Any such petition shall be filed not later than the 90th day following the date on which the decision becomes final. If there is no provision for reconsideration of the decision in any applicable provision of any statute, charter, or rule, for the purposes of this section, the decision is final on the date it is made. If there is such provision for reconsideration, the decision is final for the purposes of this section upon the expiration of the period during which such reconsideration can be sought; provided, that if reconsideration is sought pursuant to any such provision the decision is final for the purposes of this section on the date that reconsideration is rejected.

(c) The complete record of the proceedings shall be prepared by the local agency or its commission, board, officer, or agent which made the decision and shall be delivered to the petitioner within 90 days after he has filed a written request therefor. The local agency may recover from the petitioner its actual costs for transcribing or

082 28795 412

otherwise preparing the record. Such record shall include the transcript of the proceedings, all pleadings, all notices and orders, any proposed decision by a hearing officer, the final decision, all admitted exhibits, all rejected exhibits in the possession of the local agency or its commission, board, officer, or agent, all written evidence, and any other papers in the case.

(d) If the petitioner files a request for the record as specified in subdivision (c) within 10 days after the date the decision becomes final as provided in subdivision (b), the time within which a petition pursuant to Section 1094.5 may be filed shall be extended to not later than the 30th day following the date on which the record is either personally delivered or mailed to the petitioner or his attorney of record, if he has one.

(e) As used in this section, decision means adjudicatory administrative decision made, after hearing, suspending, demoting, or dismissing an officer or employee, revoking or denying an application for a permit or a license, or denying an application for any retirement benefit or allowance.

(f) In making a final decision as defined in subdivision (e), the local agency shall provide notice to the party that the time within which judicial review must be sought is governed by this section.

As used in this subdivision, "party" means an officer or employee who has been suspended, demoted or dismissed; a person whose permit or license has been revoked or whose application for a permit or license has been denied; or a person whose application for a retirement benefit or allowance has been denied.

(g) This section shall be applicable in a local agency only if the governing board thereof adopts an ordinance or resolution making this section applicable. If such ordinance or resolution is adopted, the provisions of this section shall prevail over any conflicting provision in any otherwise applicable law relating to the subject matter.

CHAPTER 277

An act relating to the Ukiah Unified School District, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 25, 1976 Filed with Secretary of State June 26, 1976]

The people of the State of California do enact as follows:

SECTION 1. Notwithstanding Section 15710.5 of the Education Code, the governing board of a school district from which territory representing not more than 10 percent of the assessed valuation of the district is taken and annexed to or included in another school district may, by resolution, relieve the acquiring district of the obligation to pay the proportionate share of the remaining payments

due under an outstanding lease or agreement.

This section shall be applicable only to a transfer of territory from the Ukiah Unified School District, which transfer becomes effective for all purposes after June 4, 1975, and shall be applicable whether the election under Sections 15708 and 15709 of the Education Code occurred prior to or after June 4, 1975.

SEC. 2. Due to unique circumstances existing in the Ukiah Unified School District, involving geographical factors and the lack of a community of interest, which circumstances have culminated in the efforts of citizens of the district to create a separate district out of territory presently included in the unified district, the Legislature finds and declares that this act should be limited in its effect to the one school district in which such circumstances exist; therefore, this act may not be made the subject of a general statute within the meaning of Section 16 of Article IV of the Constitution.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The automatic assumption of the obligation to pay a proportionate share of certain payments by school districts acquiring the territory of another district is interfering with the orderly reorganization of school districts. In order to permit such reorganization to occur at the earliest possible time, it is necessary that this act take effect immediately.

CHAPTER 278

An act to amend Section 7020 of the Education Code, relating to special education.

[Approved by Governor June 25, 1976 Filed with Secretary of State June 26, 1976]

The people of the State of California do enact as follows:

SECTION 1. Section 7020 of the Education Code is amended to read:

7020. In addition to the requirements set forth in Sections 7015 and 7017, each plan shall also include at least the following levels of identification, assessment, and instructional planning:

(a) A school appraisal team. This team shall consist of the school administrator, resource specialist, designated instruction teachers, appropriate program specialists, and, to the extent possible without incurring costs that would exceed existing financial resources for the school appraisal team, the school psychologist and the school nurse. The team shall also utilize the services of the physician, social worker, counselors, and other pupil personnel workers as needed. The school

appraisal team shall provide for a semiannual review of the progress of each pupil consistent with the standards for placement in the special education program, a review of each referral, confer with parents and guardians regarding program recommendations, develop a written instructional plan for each pupil provided special education services, and recommend specific special education program services in their school. The team shall refer to the educational assessment service those pupils who the team has determined require a more definitive assessment, those whose instructional plan has not been effective or those whose parents or guardians have requested such a review. The responsible local agency shall annually notify parents or guardians of their right to request a review by the educational assessment service whenever they believe the pupil is not making appropriate progress.

(b) An educational assessment service. This service shall consist of professional specialists representing health, psychology, social work, speech and language, management services, and diagnostic teaching, and shall perform the following functions:

(1) Review referrals from school appraisal teams and program specialists.

(2) Recommend needed additional assessments.

(3) Develop written instructional goals for each pupil who either has been required to leave the school of his residence, attend special classes or centers, or whose parent or guardian is appealing a school appraisal team decision.

(4) Recommend program components.

(5) Confer with parents and guardians.

(6) Coordinate community resources with those provided by the schools.

(7) Review program recommendations of pupils returning to the district or county from the state schools and hospitals.

(8) Refer selected pupils to the superintendent for further assessment or individual instructional planning in connection with the California Schools for the Deaf or Blind or the Diagnostic Schools for Neurologically Handicapped Children.

CHAPTER 279

An act to add Section 1009.7 to the Education Code, relating to high schools.

[Approved by Governor June 25, 1976 Filed with Secretary of State June 26, 1976]

The people of the State of California do enact as follows:

02678 287175 428

SECTION 1. Section 1009.7 is added to the Education Code, to read:

1009.7. No governing board of any school district maintaining a high school shall require as a condition for graduation from the high schools within the district that a pupil have resided within the district for any minimum length of time.

CHAPTER 280

An act to amend Section 19581 of, and to repeal Section 19609 of, the Education Code, relating to state school building aid, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 25, 1976. Filed with Secretary of State June 26, 1976]

The people of the State of California do enact as follows:

SECTION 1. Section 19581 of the Education Code is amended to read:

19581. No apportionment shall be made for new construction which, when added to the area of adequate school construction existing in the applicant school district at the time of application, will provide a total area of school building construction per unit of average daily attendance of the estimated average daily attendance in excess of that computed in accordance with Sections 19583, 19585, 19586, 19587, and 19588.

As used in Sections 19583, 19585, 19586, 19587, and 19588, "maximum area" means maximum area of school building construction and "attendance unit" means unit of estimated average daily attendance.

As used in this section and Sections 19586, 19587, and 19588, "attendance center" means a school maintained or to be maintained at a given location within a district. The Department of Education shall approve or disapprove the allocation by an applicant district of units of estimated average daily attendance among the attendance centers of the district.

To the building area permitted to an applicant school district by Sections 19583, 19585, 19586, 19587, and 19588, there may be added such additional building area as may be required to provide adequate facilities for exceptional children pursuant to Article 3 (Sections 19681 to 19689, inclusive) of this chapter.

No estimate of average daily attendance made by an applicant for the purpose of justifying an apportionment shall be made for a longer time than the third fiscal year beyond the fiscal year in which an application is made, except that an estimate for the purpose of justifying an apportionment for a grade level maintained by a unified district, under an application filed prior to the effective date of the

amendment to this section made at the 1961 Regular Session or by a high school district composed of grades 7 to 12, inclusive, 9 to 12, inclusive, or 7 to 10, inclusive, or of justifying an apportionment for a unified district for a junior high school or high school project under an application made on or after such effective date shall not be made for a longer time than the fourth fiscal year beyond the fiscal year in which the application is made. Except as otherwise provided by the board, the estimates of average daily attendance shall be based upon the number of family dwellings and mobilehome parks, as defined in Section 18214 of the Health and Safety Code, under construction or newly constructed and never occupied in the district and the number of children residing in the district. In no case shall an estimate be given effect unless approved by the board.

For the purposes of this chapter pupils attending grades 7 and 8 in an elementary district but residing in a high school district which maintains one or more junior high schools shall not be considered in determining or estimating the average daily attendance of the elementary district, unless the elementary district is maintaining and has continuously maintained grades 7 and 8 since a date prior to January 1, 1959, or unless the electorate of the district, during the year 1974, has authorized the return of the seventh and eighth grade pupils from the high school district and the maintaining of grades 7 and 8 in the elementary district. When pupils attending grades 7 and 8 are so considered in determining or estimating the average daily attendance of the elementary district in making an apportionment to the elementary district, such pupils shall not be considered in determining or estimating average daily attendance of the high school district in making an apportionment to the high school district for junior high school purposes.

The board shall develop statewide or areawide averages of pupil occupancy for family dwellings of various sizes and for mobilehomes of various sizes for use by applicant school districts in estimating the average daily attendance of family dwellings and mobilehome parks under construction or newly constructed and never occupied in the district.

SEC. 2. Section 19609 of the Education Code is repealed.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The electorate of a school district recently voted to return the education of seventh and eighth grade students to the jurisdiction of the elementary school district, rather than the high school district. The elementary school district will not be able to offer proper facilities in time for the opening of the 1976–77 academic year, unless this bill goes into effect prior to such time. In order therefore to adequately provide for the education of certain pupils it is necessary that the provisions of this act go into immediate effect.

CHAPTER 281

An act to amend Section 15716 of the Education Code and to amend Sections 1770, 1773, 1773.1, and 1773.6 of, to repeal and add Section 1773.7 to, and to repeal Section 1773.3 of, the Labor Code, relating to wages on public works.

[Approved by Governor June 25, 1976 Filed with Secretary of State June 26, 1976.]

The people of the State of California do enact as follows:

SECTION 1. Section 15716 of the Education Code is amended to read:

15716. The governing board of the school district shall obtain the general prevailing rate of per diem wages from the Director of the Department of Industrial Relations for each craft, classification or type of workman needed for the construction of the building and shall specify in the resolution and in the notice, required by Section 15712, or in the resolution required by Section 15712.5 and in the lease or agreement made pursuant to this article (commencing at Section 15701), what the general prevailing rate of per diem wages and the general prevailing rate for holiday and overtime work in the locality is for each craft, classification or type of workmen needed for the construction of the building. The holidays upon which such rate shall be paid need not be specified by the governing board, but shall be all holidays recognized in the collective bargaining agreement applicable to the particular craft, classification or type of workmen employed on the project.

Any agreement or lease entered into pursuant to this article shall require that such general prevailing rates will be paid. It shall also require that work performed by any workman employed upon the project in excess of eight hours during any one calendar day shall be permitted only upon compensation for all hours worked in excess of eight hours per day at not less than 1½ times the basic rate of pay. There may also be included in leases or agreements entered into pursuant to this article any other requirements with respect to matters related to the subject of this section which the governing board deems necessary or desirable.

SEC. 2. Section 1770 of the Labor Code is amended to read:

1770. The Director of the Department of Industrial Relations shall determine the general prevailing rate of per diem wages in accordance with the standards set forth in Section 1773, and the director's determination in the matter shall be final except as provided in Section 1773.4. Nothing in this article, however, shall prohibit the payment of more than the general prevailing rate of wages to any workman employed on public work. Nothing in this act shall permit any overtime work in violation of Article 3 of this chapter.

SEC. 3. Section 1773 of the Labor Code is amended to read:

1773. The body awarding any contract for public work, or otherwise undertaking any public work, shall obtain the general prevailing rate of per diem wages and the general prevailing rate for holiday and overtime work in the locality in which the public work is to be performed for each craft, classification or type of workman needed to execute the contract from the Director of the Department of Industrial Relations. The holidays upon which such rates shall be paid need not be specified by the awarding body, but shall be all holidays recognized in the collective bargaining agreement applicable to the particular craft, classification or type of workman employed on the project.

In determining such rates, the Director of the Department of Industrial Relations shall ascertain and consider the applicable wage rates established by collective bargaining agreements and such rates as may have been predetermined for federal public works, within the locality and in the nearest labor market area. Where such rates do not constitute the rates actually prevailing in the locality, the director shall obtain and consider further data from the labor organizations and employers or employer associations concerned, including the recognized collective bargaining representatives for the particular craft, classification or type of work involved. The rate fixed for each craft, classification or type of work shall be not less than the prevailing rate paid in such craft, classification or type of work.

If the director determines that the rate of prevailing wage for any craft, classification or type of workman is the rate established by a collective bargaining agreement, the director may adopt such rate by reference as provided for in such agreement and such determination shall be effective for the life of such agreement or until the director determines that another rate should be adopted.

SEC. 4. Section 1773.1 of the Labor Code is amended to read:

1773.1. Per diem wages shall be deemed to include employer payments for health and welfare, pension, vacation, travel time, and subsistence pay as provided for in Section 1773.8, apprenticeship or other training programs authorized by Section 3093, and similar purposes, when the term "per diem wages" is used in this chapter or in any other statute applicable to public works.

For the purpose of determining such per diem wages for contracts entered into with the state, the representative of any craft, classification or type of workman needed to execute the contracts entered into with the state shall file with the Department of Industrial Relations fully executed copies of the collective bargaining agreements for the particular craft, classification or type of work involved. Such agreements shall be filed within 10 days after their execution and thereafter may be taken into consideration pursuant to Section 1773 whenever filed 30 days prior to the call for bids.

SEC. 5. Section 1773.3 of the Labor Code is repealed.

SEC. 6. Section 1773.6 of the Labor Code is amended to read:

1773.6. If during any quarterly period the Director of Industrial

Relations shall determine that there has been a change in any prevailing rate of per diem wages in any locality he shall make such change available to the awarding body and his determination shall be final. Such determination by the Director of Industrial Relations shall not be effective as to any contract for which the notice to bidders has been published.

SEC. 7. Section 1773.7 of the Labor Code is repealed.

SEC. 8. Section 1773.7 is added to the Labor Code, to read:

1773.7. The provisions of Section 11250 of the Government Code shall not be applicable to Sections 1773, 1773.4, and 1773.6.

SEC. 9. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to this section nor shall there be an appropriation made by this act because the duties, obligations or responsibilities imposed on local governmental entities or school districts by this act are such that related costs are incurred as part of their normal operating procedures.

CHAPTER 282

An act to add Section 352.5 to the Code of Civil Procedure, relating to limitation of actions.

[Approved by Governor June 25, 1976 Filed with Secretary of State June 26, 1976]

The people of the State of California do enact as follows:

SECTION 1. Section 352.5 is added to the Code of Civil Procedure, to read:

352.5. If, after a cause of action accrues against a person, that person comes under an order for restitution as a condition of probation with respect to the specific act or omission giving rise to such person's liability, the time during which the order is in effect is not a part of the time limited for the commencement of such an action based upon that act or omission.

CHAPTER 283

An act to amend Section 675 of the Code of Civil Procedure, relating to judgments.

[Approved by Governor June 25, 1976 Filed with Secretary of State June 26, 1976]

The people of the State of California do enact as follows:

SECTION 1. Section 675 of the Code of Civil Procedure, as amended by Chapter 765 of the Statutes of 1975, is amended to read:

675. (a) Satisfaction of a judgment may be entered upon an execution returned satisfied, or upon an acknowledgment of satisfaction filed with the clerk or with the judge, if there be no clerk, which may recite payment of the judgment in full or the acceptance by the judgment creditor of any lesser sum in full satisfaction thereof, made in the manner of an acknowledgment of a conveyance of real property, by the judgment creditor or assignee of record, or by endorsement by judgment creditor or assignees of record on the face, or on the margin of the record of the judgment, or by the attorney, unless a revocation of his authority is filed. Whenever a judgment is satisfied in fact, otherwise than upon an execution, the party or attorney must give such acknowledgment, or make such endorsement, and, upon motion, the court may compel it, or may order the entry of satisfaction to be made without it.

In the superior court and in municipal courts such entry shall be made in the register of actions; in justice courts, in the docket in the justice court.

(b) Except in cases where demand has been made pursuant to subdivision (c), when an abstract of the judgment has been recorded with the recorder of any county, acknowledgment of satisfaction thereof by execution or other means shall be filed in the manner provided in subdivision (a) and either personally delivered, or sent by first class mail, postage prepaid to the judgment debtor or his attorney by the judgment creditor or assignee not later than 30 days after the judgment has been in fact paid in full. Such acknowledgment shall identify the county in which the abstract has been recorded and the book and page of the official records thereof, and contain a statement that such acknowledgment will have to be recorded in such county in order to release the judgment lien. Such acknowledgment shall also show the full name of the judgment debtor being released and shall identify the judgment debtor as such. The judgment debtor's name shall appear on the acknowledgment as it appears on the abstract of judgment. Any such judgment creditor or assignee of record who fails without just cause to file or deliver such acknowledgment of satisfaction shall be liable to the judgment debtor or to the owner of the real property, as the case may be, or his grantees or heirs, for all damages which he or they may sustain by reason of such failure, and shall also forfeit to him or them the sum of one hundred dollars ($100).

(c) Any judgment creditor or assignee who, for a period of 15 days after actual receipt of a demand in writing for acknowledgment of satisfaction of judgment, which demand is made after the judgment has in fact been paid in full, refuses without just cause to execute, acknowledge and deliver such acknowledgment of satisfaction to the judgment debtor, or to the owner of the real property upon which the judgment has become a lien by reason of the recording of an abstract of a judgment in accordance with Section 674, is liable to the

02576 287320 457

judgment debtor or to the owner of the real property, as the case may be, or his grantees or heirs, for all damages which he or they may sustain by reason of such refusal, and shall also forfeit to him or them the sum of one hundred dollars ($100).

(d) Any judgment creditor or assignee who intentionally conditions the delivery of an acknowledgment of satisfaction of judgment upon the performance of any act or the payment of any amount by a judgment debtor in excess of that to which the judgment creditor or assignee is entitled pursuant to the judgment, shall be liable to the judgment debtor or his grantees or heirs, for all damages sustained by reason of such action, but in no event shall this be less than two hundred fifty dollars ($250).

This subdivision shall not apply where a judgment creditor or assignee has agreed to deliver an acknowledgment of satisfaction of judgment to the judgment debtor prior to full satisfaction of the judgment in consideration for the judgment debtor having agreed either to furnish security or to execute a promissory note, or both, the principal amount of which does not exceed that to which the judgment creditor or assignee is entitled pursuant to the judgment.

(e) Whenever a certificate has been recorded with the recorder of any county by a state agency under Article 4 (commencing with Section 18881), Chapter 19, Part 10, Division 2 of, or Article 2 (commencing with Section 26161), Chapter 23, Part 11, Division 2 of, the Revenue and Taxation Code, or under Article 1 (commencing with Section 1701), Chapter 7, Part 1, Division 1 of the Unemployment Insurance Code, acknowledgment of satisfaction thereof by execution or other means shall be recorded by the state agency no later than 30 days after the delinquency evidenced by such certificate is satisfied.

(f) In any action maintained pursuant to subdivisions (b), (c), or (d) the court shall award reasonable attorney's fees to the prevailing party.

(g) The damages provided for in this section are not in derogation of any other damages or penalties to which an aggrieved person may be entitled by law.

CHAPTER 284

An act to amend Section 1203.03 of the Penal Code, relating to probation.

[Approved by Governor June 25, 1976 Filed with Secretary of State June 26, 1976]

The people of the State of California do enact as follows:

SECTION 1. Section 1203.03 of the Penal Code is amended to read:

1203.03. (a) In any case in which a defendant is convicted of an offense punishable by imprisonment in the state prison, the court, if it concludes that a just disposition of the case requires such diagnosis and treatment services as can be provided at a diagnostic facility of the Department of Corrections, may order that defendant be placed temporarily in such facility for a period not to exceed 90 days, with the further provision in such order that the Director of the Department of Corrections report to the court his diagnosis and recommendations concerning the defendant within the 90-day period.

(b) The Director of the Department of Corrections shall, within the 90 days, cause defendant to be observed and examined and shall forward to the court his diagnosis and recommendation concerning the disposition of defendant's case. Such diagnosis and recommendation shall be embodied in a written report and copies of the report shall be served only upon the defendant or his counsel, the probation officer, and the prosecuting attorney by the court receiving such report. After delivery of the copies of the report, the information contained therein shall not be disclosed to anyone else without the consent of the defendant. After disposition of the case, all copies of the report, except the one delivered to the defendant or his counsel, shall be filed in a sealed file and shall be available thereafter only to the defendant or his counsel, the prosecuting attorney, the court, the probation officer, or the Department of Corrections.

(c) Notwithstanding subdivision (b), the probation officer may retain a copy of the report for the purpose of supervision of the defendant if the defendant is placed on probation by the court. The report and information contained therein shall be confidential and shall not be disclosed to anyone else without the written consent of the defendant. Upon the completion or termination of probation, the copy of the report shall be returned by the probation officer to the sealed file prescribed in subdivision (b).

(d) The Department of Corrections shall designate the place to which a person referred to it under the provisions of this section shall be transported. After the receipt of any such person, the department may return the person to the referring court if the director of the department, in his discretion, determines that the staff and facilities of the department are inadequate to provide such services.

(e) The sheriff of the county in which an order is made placing a defendant in a diagnostic facility pursuant to this section, or any other peace officer designated by the court, shall execute the order placing such defendant in the center or returning him therefrom to the court. The expense of such sheriff or other peace officer incurred in executing such order is a charge upon the county in which the court is situated.

(f) It is the intention of the Legislature that the diagnostic

facilities made available to the counties by this section shall only be used for the purposes designated and not in lieu of sentences to local facilities.

(g) Time spent by a defendant in confinement in a diagnostic facility of the Department of Corrections pursuant to this section or as an outpatient or inpatient of the California Rehabilitation Center shall be credited on the term of imprisonment in state prison, if any, to which defendant is sentenced in the case.

(h) In any case in which a defendant has been placed in a diagnostic facility pursuant to this section and, in the course of his confinement, he is determined to be suffering from a remediable condition relevant to his criminal conduct, the department may, with the permission of defendant, administer treatment for such condition. If such treatment will require a longer period of confinement than the period for which defendant was placed in the diagnostic facility, the Director of Corrections may file with the court which placed defendant in the facility a petition for extension of the period of confinement, to which shall be attached a writing signed by defendant giving his consent to the extension. If the court finds the petition and consent in order, it may order the extension, and transmit a copy of the order to the Director of Corrections.

CHAPTER 287

An act to amend Section 1203.2 of the Penal Code, relating to probation.

[Approved by Governor June 25, 1976 Filed with Secretary of State June 26, 1976]

The people of the State of California do enact as follows:

SECTION 1. Section 1203.2 of the Penal Code is amended to read:

1203.2. (a) At any time during the probationary period of a person released on probation under the care of a probation officer pursuant to this chapter, any probation or peace officer may, without warrant or other process and at any time until the final disposition of the case, rearrest the person and bring him before the court or the court may, in its discretion, issue a warrant for his rearrest. Upon such rearrest, the court may revoke and terminate such probation if the interests of justice so require and the court, in its judgment, has reason to believe from the report of the probation officer or otherwise that the person has violated any of the conditions of his probation, has become abandoned to improper associates or a vicious life, or has subsequently committed other offenses, regardless whether he has been prosecuted for such offenses.

(b) Upon its own motion or upon the petition of the probationer or the district attorney of the county in which the probationer is supervised, the court may modify, revoke, or terminate the probation of the probationer pursuant to this subdivision. The court shall give notice of its motion, and the district attorney shall give notice of his petition to the probationer, his attorney of record, and the probation officer; the probationer shall give notice of his petition to the probation officer; and notice of any such motion or petition shall be given to the district attorney in all cases. The court shall refer its motion or the petition to the probation officer. After the receipt of a written report from the probation officer, the court shall read and consider the report and either its motion or the petition and may modify, revoke, or terminate the probation of the probationer upon the grounds set forth in subdivision (a) if the interests of justice so require.

The notice required by this subdivision may be given to the probationer upon his first court appearance in such proceeding. Upon the agreement by the probationer in writing to the specific terms of a modification or termination of a specific term of probation, any requirement that the probationer make a personal appearance

in court for the purpose of such modification or termination shall be waived. Prior to such modification or termination and waiver of appearance, the probationer shall be informed of his right to consult with counsel, and if indigent the right to secure court appointed counsel. If the probationer waives his right to counsel a written waiver shall be required. If probationer consults with counsel and thereafter agrees to a modification or termination of the term of probation and waiver of personal appearance, such agreement shall be signed by counsel showing approval for such modification or termination and waiver.

(c) Upon any revocation and termination of probation, the court may, if the sentence has been suspended, pronounce judgment for any time within the longest period for which the person might have been sentenced. However, if the judgment has been pronounced and the execution thereof has been suspended, the court may revoke such suspension and order that the judgment shall be in full force and effect. In either case, the person shall be delivered over to the proper officer to serve his sentence, less any credits herein provided for.

(d) In any case of revocation and termination of probation, including, but not limited to, cases in which the judgment has been pronounced and the execution thereof has been suspended, upon such revocation and termination, the court may, in lieu of any other sentence, commit the person to the Department of the Youth Authority if he is otherwise eligible for such commitment.

(e) If probation has been revoked before the judgment has been pronounced, the order revoking probation may be set aside for good cause upon motion made before pronouncement of judgment. If probation has been revoked after the judgment has been pronounced, the judgment and the order which revoked the probation may be set aside for good cause within 30 days after the court has notice that the execution of the sentence has commenced. If an order setting aside the judgment, the revocation of probation, or both is made after the expiration of the probationary period, the court may again place the person on probation for such period and with such terms and conditions as it could have done immediately following conviction.

[Approved by Governor June 30, 1976 Filed with Secretary of State June 30, 1976]

The people of the State of California do enact as follows:

SECTION 1. Section 10119.5 of the Insurance Code is amended to read:

10119.5. No group or blanket policy of disability insurance which provides maternity benefits for a person covered continuously from conception shall be issued, amended, delivered, or renewed in this state on or after July 1, 1976, if it contains any exclusion, reduction, or other limitations as to coverage, deductibles, or coinsurance provisions, as to involuntary complications of pregnancy, unless such provisions apply generally to all benefits paid under the policy. If a fixed amount is specified in such policy for surgery, the fixed amounts for surgical procedures involving involuntary complications of pregnancy shall be commensurate with other fixed amounts payable for procedures of comparable difficulty and severity. In a case where a fixed amount is payable for maternity benefits, involuntary complications of pregnancy shall be deemed an illness and entitled to benefits otherwise provided by the policy. Where the policy contains a maternity deductible, the maternity deductible shall apply only to expenses resulting from normal delivery and cesarean section delivery; however, expenses for cesarean section delivery in excess of the deductible shall be treated as expenses for any other illness under the policy. This section shall apply to all group or blanket disability policies except any group disability policy made subject to an applicable collective-bargaining agreement in effect before July 1, 1976.

For purposes of this section, involuntary complications of pregnancy shall include, but not be limited to, puerperal infection, eclampsia, cesarean section delivery, ectopic pregnancy, and toxemia.

All policies subject to this section and issued, amended, delivered, or renewed in this state on or after July 1, 1976, shall be construed

to be in compliance with this section, and any provision in any such policy which is in conflict with this section shall be of no force or effect.

SEC. 2. This act shall become operative July 1, 1976.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to clarify the intent of the Legislature in enacting Section 10119.5 of the Insurance Code in 1975, which sections will affect policies and plans commencing July 1, 1976, and in order to avoid conflict with minimum benefit regulations adopted by the Insurance Commissioner, it is necessary that this act take effect immediately.

CHAPTER 303

An act to amend Section 2054 of the Penal Code, relating to inmates, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 30, 1976 Filed with Secretary of State June 30, 1976]

The people of the State of California do enact as follows:

SECTION 1. Section 2054 of the Penal Code is amended to read:

2054. The Director of Corrections may establish and maintain classes for inmates by utilizing personnel of the Department of Corrections, or by entering into an agreement with the governing board of a school district or private school or the governing boards of school districts under which the district shall maintain classes for such inmates. The governing board of a school district or private school may enter into such an agreement regardless of whether the institution or facility at which the classes are to be established and maintained is within or without the boundaries of the school district.

Any agreement entered into between the Director of Corrections and a school district or private school pursuant to this section may require the Department of Corrections to reimburse the school district or private school for the cost to the district or private school of maintaining such classes. "Cost" as used herein includes contributions required of any school district to the State Teachers' Retirement System, but such cost shall not include an amount in excess of the amount expended by the district for salaries of the teachers for such classes, increased by one-fifth. Salaries of such teachers for the purposes of this section shall not exceed the salaries as set by the governing board for teachers in other classes for adults maintained by the district, or private schools.

Attendance or average daily attendance in classes established

03962 288265 574

pursuant to this section or in classes in trade and industrial education or vocational training for adult inmates of institutions or facilities under the jurisdiction of the Department of Corrections shall not be reported to the State Department of Education for apportionment and no apportionment from the State School Fund shall be made on account of average daily attendance in such classes.

No school district or private school shall provide for the academic education of adult inmates of state institutions or facilities under the jurisdiction of the Department of Corrections except in accordance with this section.

The Legislature hereby declares that for each fiscal year funds for the support of the academic education program for inmates of the institutions or facilities under the jurisdiction of the Department of Corrections shall be provided, upon appropriation by the Legislature, to the Department of Corrections at the rate of forty dollars ($40) multiplied by the total number of inmates which the Department of Corrections estimates will be in such institutions or facilities on December 31st of the fiscal year, except as provided in Section 2054.1.

SEC. 2. Notwithstanding Section 5 of Chapter 1436 of the Statutes of 1974, this act shall become operative on July 1, 1976.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to prevent the repeal of the authority to the Director of Corrections to enter into contracts with school districts and private schools when the pilot program authorizing contracts with community colleges expires, it is necessary that this act take effect immediately.

CHAPTER 304

An act to add and repeal Section 15503.1 of the Education Code, and to amend Section 2 of Chapter 707 of the Statutes of 1975, relating to school buildings, and declaring the urgency thereof, to take effect immediately.

[Became law without Governor's signature July 1, 1976 Filed with Secretary of State July 1, 1976]

The people of the State of California do enact as follows:

SECTION 1. Section 15503.1 is added to the Education Code, to read:

15503.1. Whenever an examination of the geological characteristics of the site on which any public school building constructed prior to 1957 is situated has been made at the request of

the governing board by a licensed geologist prior to the effective date of the act which enacted this section, and the report shows that the school building is situated on the trace of an active geological fault along which it can reasonably be expected that surface rupture will occur within the life of such building, such building shall be deemed structurally unsafe for school use. Such building shall be subject to replacement at another location in accordance with the procedure provided for repair, reconstruction, or replacement in Section 15503 as though it had not been constructed in conformance with Article 4 (commencing with Section 15451) of this chapter.

This section shall remain in effect only until July 1, 1977, and as of such date is repealed, unless a later enacted statute, which is chaptered before July 1, 1977, deletes or extends such date.

SEC. 2. Section 2 of Chapter 707 of the Statutes of 1975 is amended to read:

Sec. 2. Section 15516 of the Education Code, insofar as that section prohibits the use, after June 30, 1975, of school buildings which have been examined and found unsafe, shall not be applicable to the fieldhouse at Ratcliffe Stadium owned by the State Center Community College District; provided, however, that such exemption shall not be effective after July 1, 1977.

SEC. 3. The Legislature hereby finds and declares that due to a unique situation existing in the State Center Community College District regarding the use of the fieldhouse of the recently purchased Ratcliffe Stadium, a general act of broad operation and effect cannot be made applicable within the meaning of Section 16 of Article IV of the Constitution.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that the exemption from Field Act requirements provided for by Section 1 of this act may become effective prior to the beginning of the 1976–77 school year, and in order that school districts may undertake the orderly and efficient replacement of structurally inadequate school buildings without undue disruption of the educational program and dislocation of pupils, it is necessary that the provisions of this act go into immediate effect.

9545. Except as provided in Section 9546, the county shall pay any and all costs attributable to the conduct of district elections and shall be reimbursed for such expenditure the following year by a special assessment levied and collected in the same manner as regular assessments pursuant to the provisions of Article 1 (commencing with Section 9501), except that the limitations set forth in Section 9505 shall not apply to such assessment.

9546. The county shall bill any candidate for district office for the actual prorated costs of printing, handling, and translating his statement of qualifications contained in the voter's pamphlet accompanying the sample ballot.

SEC. 3. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be any appropriation made by this act because there are savings as well as costs in this act that, in the aggregate, do not result in significant cost changes.

The procedure authorized by this section is cumulative to, and may be used in conjunction with, the procedures set forth in Section 714. A judgment debtor may not be required to respond to interrogatories pursuant to this section more frequently than once in any four-month period or within any four-month period during which he has been subject to an examination pursuant to Section 714.

CHAPTER 309

An act to amend Section 13501.5 of the Education Code, relating to public schools, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 2, 1976 Filed with Secretary of State July 2, 1976]

The people of the State of California do enact as follows:

SECTION 1. Section 13501.5 of the Education Code is amended to read:

13501.5. If compensation is provided to certificated employees of any elementary, high, or unified school district for a work assignment which is not part of the contracted instructional day duties, like compensation, whether paid on an hourly or monthly basis, or on a flat rate basis or otherwise, shall be paid to all certificated employees of the district who perform like work with comparable responsibilities. Under no condition shall certificated employees who

are working comparable hours and responsibilities beyond the instructional day be paid differently based on the employee's sex. Nothing in this section shall be construed as prohibiting a school district from establishing a salary schedule based on experience for persons who are employed for such work. Nothing in this section shall be construed as requiring a district to compensate certificated employees for work assignments which are not part of the contracted instructional day duties simply because other employees of the district receive compensation for work assignments which involve different types of service.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Chapter 1100 of the Statutes of 1975, which enacted Section 13501.5 of the Education Code, was intended to prohibit discrimination in the awarding of salaries to certificated employees of any elementary, high, or unified school district for work performed beyond the instructional day. Some question has arisen as to its manifested purpose. In order that the law may be clarified at the earliest possible time and insure the continued normal operation of the public schools, it is essential that this act take immediate effect.

CHAPTER 310

An act to add Sections 10012, 10013, 10014, 10015, 10310.2, 10310.4, and 10610 to the Streets and Highways Code, relating to special assessment proceedings, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 2, 1976 Filed with Secretary of State July 2, 1976.]

The people of the State of California do enact as follows:

SECTION 1. Section 10012 is added to the Streets and Highways Code, to read:

10012. This division shall be liberally construed in order to effectuate its purposes. No error, irregularity, informality, and no neglect or omission of any officer, in any procedure taken under this division, which does not directly affect the jurisdiction of the legislative body to order the work or improvement, shall avoid or invalidate such proceeding or any assessment for the cost of work done thereunder. The exclusive remedy of any person affected or aggrieved thereby shall be by appeal to the legislative body in accordance with the provisions of this division.

SEC. 2. Section 10013 is added to the Streets and Highways Code, to read:

10013. Whenever any notice, resolution, order, or other matter is required to be published or posted, and the duty of posting or publishing, or procuring the same, is not specifically enjoined upon any officer or person, the clerk shall post or procure the publication or posting thereof, as the case may be.

No step in any proceeding shall be invalidated or affected by any error or mistake or departure from the provisions of this section as to the officer or person posting or publishing, or procuring the publication or posting, of any notice, resolution, order, or other matter when the same is actually published or posted for the time required.

SEC. 3. Section 10014 is added to the Streets and Highways Code, to read:

10014. The failure of the clerk to mail any notice or the failure of any person to receive the same shall not affect in any way whatsoever the validity of any proceedings taken under this division, nor prevent the legislative body from proceeding with any hearing so noticed.

SEC. 4. Section 10015 is added to the Streets and Highways Code, to read:

10015. No notice, nor any publication of any notice, order, resolution, or other matter, other than that expressly provided in this part or elsewhere in this division, shall be necessary to give validity to any of the proceedings provided in this division.

SEC. 5. Section 10310.2 is added to the Streets and Highways Code, to read:

10310.2. Any written or oral protest not made at the time and in the manner provided in Section 10310 shall be deemed to be waived voluntarily by any person who might have made such protest and such person shall be deemed to have consented to the proposed improvement, the extent of the assessment district, the proposed assessment and any other act, determination, or proceeding on which protest could be made.

SEC. 6. Section 10310.4 is added to the Streets and Highways Code, to read:

10310.4. The legislative body may remedy, revise, and correct any error or informality in any act, determination, or proceeding of the legislative body or any officer of the city. The legislative body may confirm, amend, alter, modify, or correct the assessment and diagram in such manner as to it shall be just and may instruct and direct the person or board making the same to correct them in any particular.

SEC. 7. Section 10610 is added to the Streets and Highways Code, to read:

10610. Bonds issued pursuant to this chapter shall be conclusive evidence of the regularity of all proceedings under this division leading up to such issuance.

SEC. 8. The Legislature hereby finds and declares that this act does not constitute a change in, but is only declaratory of, the existing law as it relates to the Municipal Improvement Act of 1913.

SEC. 9. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Proceedings under the Municipal Improvement Act of 1913 are widely used to finance projects for waterlines, sanitary sewers, storm drains, and other facilities for the protection of public health and safety. Inasmuch as the validity of certain such proceedings has been challenged in litigation, it is necessary that this act, adding various curative provisions to such improvement act, take effect immediately.

CHAPTER 311

An act to add Section 15955.3 to the Education Code, relating to school equipment, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 2, 1976 Filed with Secretary of State July 2, 1976]

The people of the State of California do enact as follows:

SECTION 1. Section 15955.3 is added to the Education Code, to read:

15955.3. In addition to utilizing the procedures specified in Article 9 (commencing with Section 16401) of Chapter 2 of Division 12, any school district or any county board of education may, by direct sale or otherwise, sell to a purchaser any electronic data-processing equipment owned by, or to be owned by, the school district or county board, if the purchaser agrees to lease the equipment back to the school district or county for use by the school district or county following the sale.

The approval by the governing board of the school district or of the county superintendent of schools of the sale and leaseback shall be given only if the governing board of the school district or the county superintendent of schools finds, by resolution, that the sale and leaseback is the most economical means for providing electronic data-processing equipment to the school district or county.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution, and shall go into immediate effect. The facts constituting such necessity are:

In order for school districts to receive the monetary savings that will result from the implementation of these provisions at the earliest possible time, it is necessary that this act take immediate effect.

CHAPTER 312

An act to amend Section 1632 of the Civil Code, relating to contracts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 2, 1976 Filed with Secretary of State July 2, 1976]

The people of the State of California do enact as follows:

SECTION 1. Section 1632 of the Civil Code is amended to read:

1632. (a) Any person engaged in a trade or business who negotiates primarily in the Spanish language orally or in writing in the course of entering into:

(1) A contract or agreement subject to the provisions of Title 2 (commencing with Section 1801) of, and Chapter 2b (commencing with Section 2981) and Chapter 2d (commencing with Section 2985.7) of Title 14 of, Part 4 of Division 3;

(2) A loan or extension of credit secured other than by real property, or unsecured, for use primarily for personal, family or household purposes;

(3) A lease, sublease, rental contract or agreement, or other term of tenancy contract or agreement, for a period of longer than one month, covering a dwelling, an apartment, or mobilehome, or other dwelling unit normally occupied as a residence; or

(4) Notwithstanding paragraph (2), a loan or extension of credit for use primarily for personal, family or household purposes where such loan or extension of credit is subject to the provisions of Article 7 (commencing with Section 10240), Chapter 3, Part 1, Division 4 of the Business and Professions Code, or Division 7 (commencing with Section 18000) or Division 9 (commencing with Section 22000) of the Financial Code; or

(5) A contract or agreement, containing a statement of fees or charges, entered into for the purpose of obtaining legal services, when the person who is engaged in business is currently licensed to practice law pursuant to Chapter 4 (commencing with Section 6000) of Division 3 of the Business and Professions Code;

shall, upon the request of any party to such contract or agreement and prior to the execution thereof, deliver an unexecuted Spanish-language translation of the contract or agreement, except that for a loan subject to this part and to the provisions of Article 7 (commencing with Section 10240), Chapter 3, Part 1 of Division 4 of the Business and Professions Code, the making available upon request of a party to such loan or extension of credit, a Spanish-language translation of the statement to borrower required by Section 10240 of the Business and Professions Code, shall be deemed compliance with this subdivision. At the time and place where a contract or agreement described in this paragraph is

entered into, a Spanish-language notice shall be provided to the lessee or tenant.

(b) At the time and place where a contract or agreement described in paragraph (1) or (2) of subdivision (a) is entered into, a Spanish-language notice shall be provided and conspicuously displayed to the effect that the person described in subdivision (a) is required to make available upon request an unexecuted Spanish-language contract or agreement. If a person described in subdivision (a) does business at more than one location or branch, the requirements of this section shall apply only with respect to the location or branch at which the Spanish language is used.

(c) The term "contract" or "agreement," as used in this section, means the document creating the rights and obligations of the parties and includes any subsequent document making substantial changes in the rights and obligations of the parties. The term "contract" or "agreement" does not include any subsequent documents authorized or contemplated by the original document such as periodic statements, sales slips or invoices representing purchases made pursuant to a credit card agreement, a retail installment contract or account or other revolving sales or loan account, memoranda of purchases in an add-on sale, or refinancing of a purchase as provided by, or pursuant to, the original document.

The term "contract" or "agreement" does not include a home improvement contract as defined in Sections 7151.2 and 7159 of the Business and Professions Code, nor does it include plans, specifications, description of work to be done and materials to be used, or collateral security taken or to be taken for the retail buyer's obligation contained in a contract for the installation of goods by a contractor licensed pursuant to Chapter 9 (commencing with Section 7000) of Division 3 of the Business and Professions Code, if such home improvement contract or installation contract is otherwise a part of a contract described in subdivision (a).

Matters ordinarily incorporated by reference in contracts or agreements as described in paragraph (3) of subdivision (a), including but not limited to rules and regulations governing a tenancy and inventories of furnishings to be provided by the person described in subsection (a) are not included in the term "contract" or "agreement."

(d) This section shall not apply to any person engaged in a trade or business who negotiates primarily in the Spanish language as described by subdivision (a) if the party with whom he is negotiating is a buyer of goods or services, or receives a loan or extension of credit, or enters an agreement obligating himself as a tenant, lessee, or sublessee, or similarly obligates himself by contract or lease, and such party negotiates the terms of the contract, lease, or other obligation through his own interpreter.

As used in this subdivision, "his own interpreter" means a person able to speak fluently and read with full understanding the English and Spanish languages, and who is not employed by, or whose service

is made available through, the person engaged in the trade or business.

(e) The terms of the contract or agreement which is executed in English shall determine the rights and obligations of the parties. However, the Spanish-language translation of the contract shall be admissible in evidence only to show that no contract was entered into because of a substantial difference in the material terms and conditions of the contract and the translation.

(f) Upon a failure to comply with the provisions of this section, the person aggrieved may rescind the contract or agreement in the manner provided by this chapter. When the contract for a consumer credit sale or consumer lease which has been sold and assigned to a financial institution is rescinded pursuant to this subdivision, the consumer shall make restitution to and have restitution made by the person with whom he made the contract, and shall give notice of rescission to the assignee. Notwithstanding that the contract was assigned without recourse, the assignment shall be deemed rescinded and the assignor shall promptly repurchase the contract from the assignee.

(g) A person engaged in a trade or business may submit to the Department of Consumer Affairs and the department shall then verify the accuracy of Spanish-language translations of contracts, agreements, and notices.

(h) Notwithstanding any other provision of law, the liability of the Department of Consumer Affairs and its employees in verification of the translation of contracts from English to Spanish is limited to misrepresentations in such translations and the liability of the Department of Consumer Affairs and employees is controlled by Sections 815.2 and 822.2 of the Government Code.

(i) No advertisement, announcement, publication or other representation either oral or written that a contract or agreement translation from English to Spanish has been verified by the Department of Consumer Affairs may be made by any person, business or employee utilizing such translated contracts or agreements.

(j) Immediately upon the enactment of this provision the Department of Consumer Affairs shall prepare a schedule of fees for translation verification as set forth herein.

Certain districts in the state have adopted resolutions requesting the local agency formation commission of the county in which they are located, to approve their consolidation on terms and conditions which are not presently authorized by the District Reorganization Act of 1965. In order to complete the reorganization in 1976, and, in the opinion of the boards of directors of the districts proposed for consolidation, to save the landowners and residents of the districts considerable expense and provide a more efficient water service thereto, it may be necessary to hold an election on the question of the consolidation on November 2, 1976. In order to meet that election date and to complete the consolidation prior to January 1, 1977, it is necessary, therefore, that the provisions of this act go into immediate effect.

(h) The contents of real estate appraisals, engineering or feasibility estimates and evaluations made for or by the state or local agency relative to the acquisition of property, or to prospective public supply and construction contracts, until such time as all of the property has been acquired or all of the contract agreement obtained, provided, however, the law of eminent domain shall not be affected by this provision;

(i) Information required from any taxpayer in connection with the collection of local taxes which is received in confidence and the disclosure of the information to other persons would result in unfair competitive disadvantage to the person supplying such information;

SEC. 2. Section 6260 of the Government Code is amended to read:

6260. The provisions of this chapter shall not be deemed in any manner to affect the status of judicial records as it existed immediately prior to the effective date of this section, nor to affect the rights of litigants, including parties to administrative proceedings, under the laws of discovery of this state, nor to limit or impair any rights of discovery in a criminal case.

SEC. 3. No appropriation is made by this act, nor is any obligation created thereby under Section 2231 of the Revenue and Taxation Code, for the reimbursement of any local agency for any costs that may be incurred by it in carrying on any program or performing any service required to be carried on or performed by it by this act.

CHAPTER 315

An act to amend Sections 12603 and 12605 of the Education Code, relating to certificates of proficiency, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 2, 1976 Filed with Secretary of State July 2, 1976]

The people of the State of California do enact as follows:

SECTION 1. Section 12603 of the Education Code is amended to read:

12603. (a) Any person 16 years of age or older, or who has been enrolled in the 10th grade for one academic year or longer, or who will complete one academic year of enrollment in the 10th grade at the end of the semester during which the next regular examination will be conducted, shall be permitted to have his proficiency in basic skills taught in public high schools verified according to criteria established by the Department of Education.

The State Board of Education shall award a "certificate of proficiency" to persons who demonstrate such proficiency. The certificate of proficiency shall be equivalent to a high school diploma, and the Department of Education shall keep a permanent record of the issuance of all such certificates.

(b) The Department of Education shall develop standards of competency in basic skills taught in public high schools and shall provide for the administration of examinations prepared by or with the approval of the department to verify such competency. Regular examinations shall be held once in the fall semester and once in the spring of every academic year on a date, as determined by the Department of Education, which will enable notification of examinees and the schools they attend, if any, of the results thereof not later than two weeks prior to the date on which that semester ends in a majority of school districts which maintain high schools.

In addition to regular examinations, the Department of Education may, at the discretion of the Director of Education, conduct examinations for all eligible persons once during each summer recess and may conduct examinations at such other times as the director deems necessary to accommodate eligible persons whose religious convictions or physical handicaps prevent their attending one of the regular examinations.

(c) The Department of Education may charge a fee for each examination application in an amount sufficient to recover the costs of administering the requirements of this section; provided, however, that such fee shall not exceed ten dollars ($10) per examination application. All fees levied and collected pursuant to this section shall be deposited in the State Treasury for remittance to the current support appropriation of the Department of

Education as reimbursement for costs of administering this section. Any reimbursements collected in excess of actual costs for administration of this section shall be transferred to the unappropriated surplus of the General Fund by order of the Director of Finance.

(d) The State Board of Education shall adopt such rules and regulations as are necessary for implementation of the provisions of this section.

SEC. 2. Section 12605 of the Education Code is amended to read:

12605. Any person 16 or 17 years of age exempt from compulsory continuation attendance laws by subdivision (e) of Section 12601 who has terminated his enrollment on the basis of such exemption shall be permitted by the governing board of the school district in which he resides to reenroll in the district, without prejudice, as if he had never taken advantage of subdivision (e) of Section 12601. If such person subsequently again terminates enrollment on the basis of such exemption, the district may deny him reenrollment until the beginning of the next semester in the district's academic year.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that the Department of Education may have sufficient time for the preparation and planning of examinations which, by the terms of this act, must be administered at specified times coinciding with the school academic year, it is necessary that this act take effect immediately.

(2) Incurred for personal services rendered by any employee or former employee of the debtor.

(c) The court shall determine the priority and division of payment among all of the creditors of a debtor who have levied an execution upon nonexempt earnings upon such basis as is just and equitable.

The people of the State of California do enact as follows:

SECTION 1. Section 73565 of the Government Code is amended to read:

73565. Certain classes of positions prescribed in this article are deemed to be equivalent in job and salary level to position classifications included in the salary resolution of Monterey County. In order to maintain parity of compensation and employee benefits between attachés of the Monterey-Carmel Municipal Court District, Salinas Municipal Court District, and county employees having commensurate duties and responsibilities and to provide appropriate salary adjustments and employee benefits for related classes of court positions the provisions of this section shall govern salary adjustments and employee benefits for attachés of the Monterey-Carmel Municipal Court District and Salinas Municipal Court District in Monterey County.

On the effective date of any amendment to said resolution adjusting the salary of a county employee classification listed in the table of positions set forth in this section, the salary of the equivalent court position listed opposite thereto shall be adjusted an equivalent amount. In no event shall such salary adjustments exceed an amount equivalent to eight range numbers of the salary range number that is provided for such position on January 1, 1976. If the level of compensation established by any such salary adjustment is in excess of the maximum dollar amount shown on the last line of the schedule shown in Section 73564, the adjustment shall apply to each position in such classification on the effective date of the act fixing such amount.

No chief municipal court clerk employed by either court referred to in this article on January 1, 1976, shall have his or her individual rate of pay reduced by reason of reallocation of the employee to the classification of assistant clerk of the municipal court.

CHAPTER 319

An act to add Section 37915.5 to the Health and Safety Code, relating to housing and community development.

[Approved by Governor July 2, 1976. Filed with Secretary of State July 2, 1976.]

The people of the State of California do enact as follows:

SECTION 1. Section 37915.5 is added to the Health and Safety Code, to read:

37915.5. In developing criteria for selection of residential rehabilitation areas pursuant to subdivision (a) of Section 37922, the local agency shall analyze the need for senior citizen housing within its jurisdiction and shall, at a public hearing, consider criteria which give priority to rehabilitation of senior citizen housing.

CHAPTER 320

An act making appropriations for the support of the government of the State of California and for several public purposes in accordance with the provisions of Section 12 of Article IV of the Constitution of the State of California, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 2, 1976. Filed with Secretary of State July 2, 1976.]

I object to the following appropriations in Senate Bill No. 1410.

Item 32—For support of Office of Planning and Research. I reduce this item from $610,069 to $597,569 by reducing paragraph (b) Operating Expenses and Equipment from $726,394 to $713,894.

I am reducing this item by $12,500 to reflect the amount needed to publish the economic practices manual.

Item 33—For support of Office of Emergency Services, California Emergency Council and Advisory Committees I reduce this item from $2,321,177 to $2,271,177 by changing paragraph (d) Federal Funds from $822,528 to $872,528

I am reducing this item by $50,000 and allowing the balance of the legislative augmentation because I do not want to cause any undue interruption in the ability of the Office of Emergency Service to provide coordination in disaster services during this dangerous fire season This augmentation was stimulated by a cut back by the federal government of a federally initiated program I am concerned that the state general fund is making up the difference without adequate review by the state This program will be closely examined in the coming months to determine whether it should be supported

Item 36—For support of Department of Justice I reduce this item from $46,909,844 to $46,842,344 by reducing paragraph (b) Operating Expenses and Equipment from $20,652,939 to $20,585,439

I reduce this item to reflect the amount needed for drug buys.

Item 61—For support of Secretary of State I reduce this item from $5,293,161 to $5,135,287 by reducing paragraph (a) Personal Services from $2,872,433 to $2,755,368 and paragraph (b) Operating Expenses and Equipment from $2,192,279 to $2,151,470

I am reducing this Item by $94,306 for the Notary Public Division because there remains sufficient funds in the Item to enable the Division to meet its responsibilities

I am eliminating the $11,850 augmentation for one electronic data processing position because the existing staff can adequately handle the work

I have also eliminated the $50,918 augmentation for the Division of Archives backlog and urge that the use of available staff from the University and State College systems be explored

Additionally, I am eliminating the $800 augmentation for the Heritage Preservation Commission The small amount of funds required for their duties can be absorbed within the Secretary of State's Budget

Item 95—For Salary Increase Fund, Civil Service and Related Classes I reduce the 9 7 percent for statutory salaries to 1 9 percent in order that no statutory salary is increased by more than $70 per month

Item 96—For Salary Increase Fund, Civil Service and Related Classes I reduce the 9 7 percent for statutory salaries to 1 9 percent in order that no statutory salary is increased by more than $70 per month

Item 98—For Salary Increase Fund, Civil Service and Related Classes I reduce the 9 7 percent for statutory salaries to 1 9 percent in order that no statutory salary is increased by more than $70 per month

Item 100—Increases in Compensation For Judges, Justices and Related Classes

This augmentation of $1,202,058 for increases in judicial salaries is reluctantly approved under compulsion of existing state law I will continue to seek elimination of the present pay raise formula which singles out judges for special treatment

Item 108—For support of Department of Food and Agriculture I reduce this item from $18,370,542 to $18,067,538 by reducing paragraph (a) Personal Services from $24,894,221 to $24,762,155 and paragraph (b) Operating Expenses and Equipment from $11,784,243 to $11,613,305

I am reducing the legislative augmentations for Predatory Animal Damage Control and Brucellosis Eradication The industries receiving these services should participate in the funding of these programs

Item 154—For support of the Division of Consumer Services, Department of Consumer Affairs

I approve this item with the understanding that a study will be conducted by the Department of Consumer Affairs that will determine the extent to which the activities of the Division of Consumer Services reasonably relate to the activities of the boards, bureaus, and commissions within the department and thus the appropriate mix of general and special funds and that the Director of Finance will adjust the funding mix in the item in accordance with the finding

Item 159 1—For transfer to the Service Revolving Fund I reduce this item from $3,000,000 to $1,000,000

I am reducing this item because I believe that $1,000,000 is an adequate amount to enable the State to initiate this new program to assist departments in the purchase of office copiers in those instances where it is determined to be economically feasible and in the best interest of the State

Item 163—For support of Department of General Services I reduce the schedule within this item by reducing paragraph (b) Operating Expenses and Equipment from $84,854,755 to $82,854,755 and paragraph (k) Amount payable from the General Fund (Item 159.1) from $-3,000,000 to $-1,000,000

I am reducing these sub-items to correspond to a similar action taken in regard to Item 159.1

Item 166.1—For support of California Public Broadcasting Commission I reduce this item from $347,339 to $222,000

I am not yet persuaded the state should assume a major role in support of public broadcasting Despite this reservation, I will approve the item as reduced to give the Public Broadcasting Commission an opportunity to demonstrate its value and the social justification to the taxpayer.

Item 166.3—For expenditure by the Department of General Services for indexing the California Administrative Code I eliminate this item

I am eliminating this item because the cost should be borne by the subscribers to the code as they are the primary beneficiaries of the program

Item 180—For support of Department of Veterans Affairs I reduce this item from $1,223,364 to $1,212,804 by reducing paragraph (a) Personal Services from $1,318,688 to $1,299,105 and paragraph (b) Operating Expenses and Equipment from $259,712 to $257,295, and paragraph (d) Amount payable from the Veterans Farm and Home Building Fund of 1943 (Item 182) from $-354,836 to $-343,396

I reduce this item by eliminating funds for one assistant for the California Veterans Board The work of this job does not justify a full-time position

Item 182—For support of Department of Veterans Affairs I reduce this item from $(354,836) to $(343,396)

I am reducing this item to correspond to a similar action taken in regard to item 180

Item 264—For support of Department of Parks and Recreation I reduce the schedule within this item by reducing paragraph (c) Minor capital outlay from $1,349,850 to $1,296,850, and by eliminating paragraphs (m) Amount payable from General Fund (Item 264.1), (n) Amount payable from General Fund (Item 264.2), (o) Amount payable from General Fund (Item 264.5)

I am reducing this subitem to reflect my action on Items 264.1, 264.2, and 264.5

Item 264.1—For support of The Department of Parks and Recreation I eliminate this item

I am eliminating this item because the restoration of the King's Beach Pier is not a state responsibility

Item 264.2—For support of The Department of Parks and Recreation I eliminate this item

I am eliminating this item because maintenance of King's Beach can be accomplished within existing resources

Item 264.5—For support of the Department of Parks and Recreation I eliminate this item

I am eliminating this item because the maintenance of the locally owned stairway at Twin Lakes State Beach is not a responsibility of the State

Item 280—For local assistance for alcoholism programs, Office of Alcoholism I reduce this item from $31,186,167 to $29,186,167 by reducing paragraph (f) County based programs from $6,000,000 to $4,000,000

Although I continue to question the effectiveness of this program, I am approving all but $2 million of this item in view of the strong interest expressed by the Legislature The appropriation is reduced by $2 million because the full $6 million augmentation cannot be effectively allocated in one year

Item 284—For support of the Judicially Committed Mentally Ill, Department of

Health I reduce this item from $26,569,779 to $26,369,779 by eliminating subitem (c) Augmentation for additional county coordinators in the amount of $200,000

I am deleting the legislative augmentation of $200,000 for additional county coordinators The budget, as approved, includes $300,000 to proceed with implementation of Chapter 1274/75 (AB 1229), including $100,000 for county coordinators in five counties I believe this to be adequate for the initial startup of this program

I have approved the $100,000 added by the Legislature for program evaluation and patient tracking at Atascadero State Hospital This will permit the Department of Health to evaluate the results of this new program during 1976–77

Item 285—For assistance of the Mental Health program, Department of Health I reduce this item from $285,891,289 to $284,641,289 by reducing paragraph (a) local mental health services from $199,578,694 to $198,328,694

The remaining amount provides for a $22 4 million increase in mental health programs over the 1975–76 authorized expenditures This will provide a six percent increase for cost of living and $10 5 million towards providing equity among counties in funding local mental health services

I am reducing the legislative augmentation of $1 0 million for offsetting local mental health programs revenue collection I fully expect local programs to exceed $2 0 million in collections as a result of the funding approved in this budget and thus maintain program support

I am also eliminating the amount of $200,000 augmented by the Legislature to contract for independent evaluations of the Short-Doyle programs and $50,000 for developing uniform reporting requirements in the local mental health information system I am asking the Department of Health in conjunction with the Conference of Local Mental Health Directors to, develop uniform reporting data among counties and closely scrutinize existing programs for effectiveness

Item 287—for local assistance for the Developmental Disabilities Program, Department of Health I reduce this item from $217,076,136 to $216,936,136 by reducing paragraph (d) community program development and special projects from $2,810,945 to $2,670,945

I am reducing Item 287 (d) in the amount of $140,000 proposed for establishment of a community based pilot sensory motor training program A sensory motor training program is currently being conducted in the state hospitals Sufficient funds are available for this purpose

Item 287.1—For support of State hospitals staffing, Department of Health I reduce this item from $10,000,000 to $6,000,000

I reduce this item in the amount of $4,000,000 proposed for increased staffing in the state hospitals The $6,000,000 retained will provide an increased level of care in state hospital programs to meet special patient needs In the meantime, the Director of Health will evaluate the results of the pilot projects and propose appropriate action

Item 291—For support of the cost of special social service programs, Department of Health

I am approving the $6,882,530 legislative augmentation for other county social services as a one-time only appropriation to help avoid impending layoffs It is my understanding that the affected parties will not seek general fund assistance for this purpose in subsequent years

Item 292—For support of Price and Provider Rate Increases, Department of Health I reduce this item from $80,679,397 to $63,179,397

I am eliminating $12 8 million added by the Legislature to provide for nursing home rate increases Sufficient funds are included within this item to provide a full 12 month, 6 percent rate increase for nursing homes to meet increased costs However, I would be supportive of legislation that provides for the improvement in the quality of nursing home care and training for personnel and am asking the Director of Health to develop a proposal which meets these goals In addition, I am reducing from $12,000,000 to $7,300,000 the augmentation provided by the Legislature for minimum wage increase for nursing homes The revised amount will be sufficient to fund current estimates of the impact of minimum wage increases and uniform allowances

for nursing personnel should the Industrial Welfare Commission increase minimum wage levels

Item 320—For support of Early Childhood Education I reduce this item from $97,700,000 to $97,450,000 by reducing paragraph (a) Total Program from $98,799,960 to $98,549,960

I am reducing this item in order to approve the American Indian Early Childhood Education Pilot Program under Item 328 1 pending the completion of a final report The Indian Early Childhood Education program should be considered to be a part of the regular Early Childhood Education program

Item 321—For support of The Educationally Disadvantaged Youth Program I reduce this item from $93,182,400 to $90,482,400 by reducing paragraph (a) Total Program from $94,075,870 to $91,375,870

I am reducing this appropriation $2,700,000 because in signing the provisions of SB 1641 into law, I will have included funds sufficient to meet the purposes of this augmentation

Item 322—For support of Compensatory Education, Department of Education I reduce this item from $3,892,925 to $3,695,000 by reducing paragraph (a) Demonstration programs in reading and mathematics from $3,242,925 to $3,045,000

I am reducing this appropriation by the $197,925 augmentation for inflation Administrative action in assuring cost effectiveness, the prime intent of such programs, can provide funds to successful projects through reallocation

Item 324—For support of The Master Plan for Special Education Pilot Program I reduce this item from $40,143,250 to $28,755,000 by reducing paragraph (a) Total Program from $40,451,677 to $29,063,427

I am reducing this appropriation by $11,388,250 I will sign into law SB 1641 which contains an appropriation of $11 4 million for the purpose of expanding the Master Plan for Special Education Pilot Program to serve 24,000 additional children in four new responsible local agencies This reduction will prevent double funding of program expansion

Item 325—For support of Occupational Training of Physically Handicapped and Mentally Retarded Pupils, Department of Education I reduce this item from $96,050 to $85,000

I am reducing this item to the amount in the budget as proposed Any additional funding for inflation should be provided locally

Item 327—For support of Child Development Programs I reduce this item from $67,082,479 to $65,590,098 by reducing paragraph (b) State Preschool Program from $24,645,425 to $23,153,044 and Subschedule (1) Total program from $25,265,489 to $23,773,108

I am approving the legislative augmentations to accomplish the buyout of the federal program and inflation adjustment for child care which will result in 4,600 additional children being served I am reducing this item to eliminate funds for inflation in Preschool Programs

Item 335—For support of the Department of Education I reduce this item from $13,658,484 to $13,598,484 by reducing paragraph (a) Personal Services from $29,865,839 to $29,825,539 and paragraph (b) Operating Expenses and Equipment from $22,051,716 to $22,032,016

I am reducing this item to delete the augmentation for two professional positions in the Internal Audits Office to review independent audits and expenditure reports of child development agencies Sufficient resources have been budgeted to accomplish this task

Item 345—For support of California Postsecondary Education Commission I reduce this item from $1,298,843 to $1,293,293 by reducing paragraph (b) Operating Expenses and Equipment from $1,271,332 to $1,265,782

I am approving the augmentation for travel expenses of the Student Advisory Committee in the reduced amount of $5,000 which is adequate for the Committee's needs

Item 346—For support of University of California I reduce this item from $612,832,460 to $612,485,460

I am reducing this item for the following reasons

Orange County Medical Center, Community Clinic —$150,000

I am eliminating this legislative augmentation on the basis that the complexities involved with the takeover of the Orange County Medical Center are such that we should gain some experience in operating the two existing community clinics before embarking on a third

Student Services —$197,000

A lack of agreement over the demonstration of need for this program enrichment and the availability of fee income to fund high priority needs lead me to eliminate this augmentation

Item 346.4—For support of the University of California, Riverside Air Pollution Research Center. I eliminate this item

The University is presently using special Regents' funds to finance the Air Research Center at the Riverside campus. I see no reason why this source of funding cannot be continued

Item 360—For support of California State University and Colleges. I reduce this item from $576,326,000 to $575,415,646 by reducing paragraph (a) Personal Services from $559,906,931 to $559,031,016 and paragraph (b) Operating Expenses and Equipment from $114,101,527 to $114,067,088

I am reducing this item for the following reasons

1. Faculty Enrichment $560,354

I am eliminating the augmentation for 34 additional faculty. I do not support an enrichment for faculty staffing at this time. The budget as submitted contained an increase of $3,832,137 for enrollment growth. This provided 526.4 additional faculty positions based upon the approved student-faculty ratio of 17.8 to 1.

2. Nursing Faculty $100,000

I am eliminating the special augmentation and related control language for additional nursing faculty. The budget as submitted provided 526.4 additional faculty positions and CSUC has the discretion to allocate those among campuses and disciplines to meet individual campus priorities.

3. Affirmative Action $250,000

The budget as submitted to the Legislature continued the 1975–76 level of funding which provides an affirmative action program on each campus. I believe that this amount, combined with the system's commitment to equal opportunity is sufficient.

Item 367—For support of California Student Aid Commission. I reduce this item from $2,386,760 to $2,346,760 by reducing paragraph (b) Operating Expenses and Equipment from $963,694 to $923,694.

I am eliminating the $40,000 augmentation for a master plan for further automating student aid programs. The Student Aid Commission has already entered into an interagency agreement with the Department of General Services to provide a master plan for the Commission's EDP operations. Also, the Commission, in conjunction with the California Postsecondary Education Commission, is currently developing a master plan for administration and coordination of all publicly funded student aid.

Item 368—For support of Scholarship Program (grants). I reduce this item from $45,797,178 to $43,450,833 by reducing paragraph (a) Awards from $49,574,649 to $47,228,304.

I am eliminating the inflation augmentation provided by the Legislature for scholarship grants. The budget for 1976–77 provides $8.8 million in additional state funds for student aid and will provide grants and services for approximately 16,636 additional students through the College Opportunity Grant Program and Education Opportunity Programs in the three public segments of higher education. I believe that additional funding for student aid should be used to provide financial aid and services for additional needy students, rather than providing more money and services only to persons already receiving such aid.

Item 369—For support of Student Aid Grants (College Opportunity Grant and Occupational Education and Training Grant Programs). I reduce this item from

$15,649,025 to $14,747,765 by reducing paragraph (a) College Opportunity Grant Program from $14,846,821 to $14,036,261 and paragraph (c) Occupational Education and Training Grant Program from $1,596,964 to $1,506,264

I am eliminating the inflation augmentations for College Opportunity Grants ($810,560) and Occupational Education and Training Grants ($90,700) I believe that additional funding for student financial aid should be used to provide financial aid for additional grantees, rather than awarding more money to persons already receiving such aid Even after reducing this item, the budget I submitted and the one I am approving includes a 50 percent increase in the number of grants which will be awarded in 1976–77 to recipients of college opportunity grants This is the largest one-year increase in the history of this program

Item 402—For capital outlay, Board of Governors of the California Community Colleges I reduce this item from $42,054,500 to $41,757,300 by eliminating paragraphs (53) Permanent facilities, master planning ($16,700), (54) Working drawings, health occupation communication and resources facility ($108,200), (58) Working drawings, technology addition No 2 ($35,000), (60) Working drawings, allied health center ($17,400), (61) Working drawings, library building ($95,000), and (62) Working drawings, art and music building addition ($24,900)

I am reducing this item for the following reasons·

The bond fund that traditionally has provided financing for the community college is exhausted and the people have voted against any additional bond financing Until additional financing is authorized by the people, the appropriation of state funds should only be the minimum essential to maintain a capital outlay program, which includes projects necessary to protect life and safety, to make existing facilities operable and to meet critical program capacity needs at existing campuses

Item 403—For capital outlay, Department of Parks and Recreation I reduce this item from $491,614 to $419,114 by eliminating paragraph (d) Salt Point State Park campground development, working drawings ($72,500)

I am eliminating $72,500 for working drawings for a campground at Salt Point State Park Project scope reductions necessitate the preparation of a new General Development Plan with associated public hearings and rereview by the State Park and Recreation Commission These activities will preclude the preparation of working drawings during the 1976–77 fiscal year

Item 411—For capital outlay, Department of Parks and Recreation I reduce this item from $4,160,351 to $3,610,351 by eliminating paragraphs (k) Salt Point State Park archaeological investigation and working drawings campground ($27,500), (t) American River Trail Acquisition and development ($500,000), and by reducing paragraph (u) Bidwell Mansion Visitor Center working drawings from $30,000 to $7,300

I am eliminating $27,500 for archaeological investigation and campground working drawings for Salt Point State Park Project scope reductions necessitate the preparation of a new General Development Plan with associated public hearings and rereview by the State Parks and Recreation Commission These activities will preclude the preparation of drawings and research during the 1976–77 fiscal year

I am also eliminating $500,000 for the American River Trail because the budget provides $1,200,000 for this trail in other items and because monies from the State Beach, Park, Recreational, and Historical Facilities Fund of 1974 are needed for other priority items

In addition, I am reducing the appropriation for Bidwell Mansion Visitor Center working drawings to $7,300, which should be a sufficient sum to fund the preliminary planning prerequisite to the preparation of working drawings

Item 416—For capital outlay, University of California—Health Sciences I reduce this item from $23,328,000 to $22,889,000 by eliminating paragraph (24 7) San Diego—Health Sciences Preliminary plans, working drawings, construct and equip improvements of University Hospital, 1976–77 ($439,000)

I am eliminating this subitem because adequate data is not available to justify the appropriation I am leaving in the augmentation for the Irvine Health Sciences Program with the understanding that such funding is contingent on the presentation of a detailed justification of the project, with respect to both its scope and underlying

purposes

Section 10 9—For support of Individualized Physical Education Pilot Program I eliminate this item

The Department of Education has an ongoing responsibility to assist districts in physical education programs, and can direct and assess the effectiveness of such instruction within existing resources and does not need an additional pilot program

Section 15—For support of Development of Community Programs to serve Developmentally Disabled, Department of Health I eliminate this item

I am eliminating this Section which reappropriates $1,000,000 for the development of community programs to serve the developmentally disabled in as much as sufficient funds are currently available for this purpose

Section 19 6—For augmentations to Items 368, 369(a), and 369(c) of this act I reduce the amounts under (a), (b), and (c) of this section by $864,200, $286,650, and $64,350 respectively

I am reducing the amounts under Sections 19 6 (a), for Scholarship Grants, (b) for College Opportunity Grants, and (c) for Occupational Education and Training Grants, to $17,462,800, $4,995,900, and $1,068,600 respectively These changes are related to the elimination of inflation augmentations to Items 368, 369(a), and 369(c) The 1976–77 budget includes new funds for grants to be awarded to additional eligible applicants, rather than awarding more money to persons already receiving student financial aid

With the above deletions and reductions, I hereby approve Senate Bill No 1410

EDMUND G BROWN JR, Governor

GENERAL SECTIONS

SEC. 4. Notwithstanding any other provisions of this act, no appropriations made in this act, or funds obtained from any other source, over $25,000, may be expended by any state entity for any single expansion, improvement, or addition to electronic data-processing activities, personnel, equipment, facilities, or supplies, as such terms are defined in the Supplementary Report of the Committee on Conference on the Budget Act of 1976, hereinafter referred to in this section as the supplementary report, during fiscal year 1976–77, unless the department director certifies (or in the case of a consolidated data center, the center director), and the Director of Finance determines and states in writing, that the criteria and procedures set forth in the supplementary report have been met and followed.

Notwithstanding any other provisions of this act, no appropriations made in this act, or funds obtained from any other source, may be expended by any state entity pursuant to a contract in excess of $25,000 for expansion, improvement, or addition to electronic data-processing activities, personnel, equipment, facilities, or supplies, as such terms are defined in the supplementary report, during fiscal year 1976–77, unless such contract for personal services or supplies or for the acquisition or rental of equipment is competitively bid, except that competitive bidding shall not be required (a) when the state entity and the Department of Finance agree that an article of a specified brand or trade name is the only article which will properly meet the needs of the entity, or (b) in cases of emergency where immediate acquisition of supplies, equipment, or services without bid is necessary for the protection of the public health, welfare, or safety, or (c) when the Department of Finance determines that the interests of the state are best served through other competitive methods, including, competitive negotiation. The Department of Finance, with the assistance of the Department of General Services, shall develop and publish in the State Administrative Manual appropriate criteria and procedures to ensure compliance with the contract-letting policies set forth herein. The Department of Finance shall submit the proposed criteria and procedures, or modifications thereto, to the chairman of the committee in each house which considers appropriations and the Chairman of the Joint Legislative Budget Committee 30 days prior to the adoption of such criteria and procedures. The Department of Finance shall notify each such committee chairman 30 days prior to each use of other competitive methods, including competitive negotiation, as specified in (c) above, in any procurement exceeding $25,000. If such contract is for the lease of electronic data-processing equipment, it shall be in the form of the model contract for lease of electronic data-processing systems and components, as contained in the State Administrative Manual. No portion of the model contract

shall be deleted or stricken unless such portion is clearly inappropriate and not applicable for the specific items of equipment being leased and the Departments of Finance and General Services concur in the deletion.

The Department of Finance, coordinating with the Department of General Services, may revise the model lease contract by appropriate changes to the State Administrative Manual for the purpose of improving contractual terms and conditions to obtain increased benefits to the state. Any such proposed changes shall, to the extent practicable, result from consultation with computer vendors, which shall, if possible, include manufacturers of small, medium, and large equipment. In addition, any such changes shall be submitted to the chairman of the committee in each house which considers appropriations and the Chairman of the Joint Legislative Budget Committee 30 days prior to approval and adoption of any such new model lease contract language.

With respect to any single expansion, improvement, or addition over $25,000 involving the lease, lease-purchase, or purchase of electronic data-processing equipment, the state's specifications shall be stated so as to encourage maximum competition. In any such procurement subject to this section involving the replacement of a computer mainframe (central processing unit), if only one bid is received and that bid is from the vendor whose equipment is being replaced, a notification of an intent to award a contract to such sole bidder shall be submitted to the chairman of the committee in each house which considers appropriations and the Chairman of the Joint Legislative Budget Committee 30 days prior to an award of contract. The notification of intent to award a contract to such sole bidder shall describe the rationale for the award and the measures taken by the state to elicit more than one bid.

No expenditure of funds for any data-processing activities shall be authorized until the director of the department requesting the expenditure and the Director of Finance certify that adequate safeguards have been developed following the criteria contained in the supplementary report to ensure the confidentiality of data.

The provisions of this section shall not apply to the University of California, the State Compensation Insurance Fund, the community college districts, agencies provided for by Article VI of the Constitution, or the Legislature.

SEC. 5. Because it is necessary to insure the availability of adequate equipment for physical facilities constructed for the operation of custodial, mental health, educational, administrative, military, and other agencies of the state government; because uncertainties as to completion dates make precise advance planning of equipment purchases impossible; and since delivery of some kinds of equipment cannot be made for six months or longer from the date of ordering; state agencies are therefore authorized to incur obligations, to be met during the 1977–78 fiscal year, for the purchase of equipment related to capital outlay projects for which the

Legislature has appropriated construction funds; provided, that no obligation shall be incurred under the provisions of this section without the approval of the Department of Finance and the State Public Works Board. Purchase orders issued and contracts entered into under the provisions of this section shall not exceed a total of two million dollars ($2,000,000) in estimated cost.

SEC. 6.1. None of the funds appropriated under Section 2 of this act may be expended for any project for the alteration of a state building requiring total expenditures of $100,000 or more. Any such project requiring total expenditures of $25,000 to $100,000, inclusive, shall be reported by the Director of General Services to the Chairman of the Joint Legislative Budget Committee, or his designee, at least 30 days prior to requesting bids for the project. Any such project requiring total expenditures of $5,000, but less than $25,000, during the 1975–76 fiscal year shall be reported by the Director of General Services to the Chairman of the Joint Legislative Budget Committee, or his designee, by October 1, 1976.

SEC. 7. Any acquisition of land or other real property included in any appropriation made herein except appropriations from the California Water Fund or the State Highway Account, State Transportation Fund or appropriations to the Board of Governors of the California Community Colleges for allocation to the community college districts shall be subject to the provisions of the Property Acquisition Law.

All property acquisitions, notwithstanding other exemptions of this section, shall be reported to the State Public Works Board.

SEC. 8. No money appropriated herein in any item for capital outlay may be expended by any state agency, including the University of California, the California State University and Colleges and the community colleges, except amounts for acquisition of land or other real property, amounts needed for equipment, minor projects and amounts appropriated specifically for preliminary surveys, studies and planning until the State Public Works Board and the Department of Finance have approved preliminary plans for the project to be financed from such item of appropriation for capital outlay with the exception that community college approvals by the Public Works Board will apply only to the allocation of state capital outlay funds appropriated heretofore and hereafter by the Legislature; including land acquisition and equipment funds; provided further, that unless excepted by the conditions of Section 20084 of the Education Code, the Public Works Board shall not approve for allocation any appropriated amounts for working drawings or construction where said working drawings or construction have been started by a community college prior to approval of the state-appropriated amounts by the Public Works Board, and all such amounts not approved by the board under this criterion shall be reverted to the unappropriated balance of the appropriate fund; provided further, no major project for which appropriation is made hereunder regarding which the Director of Finance or his authorized representative requests review of working

plans shall be put out to bid until the working plans therefor have been approved by the Department of Finance; provided further, that no money appropriated herein may be spent for working drawings for any project as to which there has been made substantial change or changes from the preliminary plans as approved by the State Public Works Board and the Department of Finance unless there has first been obtained the approval of the Department of Finance to make such change or changes; provided further, that no more than one thousand dollars ($1,000) of the money appropriated herein may be spent for any single unit of equipment until prior approval for purchase of such equipment shall have been given by the Department of Finance.

Nothing in this section shall be construed to limit or control the Department of Transportation in the expenditure of State Highway Account, State Transportation Fund money appropriated for capital outlay purposes.

The Department of Transportation shall report to the State Public Works Board the expenditures for capital outlay, except minor projects, from appropriations contained in this act.

SEC. 8.5. In making appropriations to state agencies which are eligible for federal assistance programs, it is the intent and understanding of the Legislature that applications made by such agencies for federal funds under any such programs shall be for the maximum amount allowable under federal law.

SEC. 9. Notwithstanding any other provision of law, the portion of each sum of money heretofore appropriated or allocated, hereby appropriated or hereafter allocated to the Regents of the University of California for capital outlay which remains after the purpose for which each said sum was appropriated or allocated has been accomplished, and which have been or hereafter are withdrawn from the State Treasury by the Regents of the University of California pursuant to the provisions of Section 23201 of the Education Code, together with increments, by way of interest or otherwise, on any such appropriation or allocations, shall be used and expended by the Regents of the University of California in executing and furthering the building and improvement program of the University of California; provided, that no such sums shall be allocated by the Regents of the University of California to projects for the purpose of augmenting those projects without prior approval of the State Public Works Board of the requested augmentation. Such sums shall be available for expenditure in payment of any encumbrances heretofore or hereafter incurred without regard to fiscal years; provided, however, that any unencumbered balances existing as of the date on which each such appropriation or allocation otherwise would lapse, shall then revert.
