Each issue of the bonds of a district shall be numbered consecutively as authorized and the bonds of each issue shall be numbered consecutively. The board of directors shall fix the date of such bonds, or may divide any issue into two or more divisions and fix different dates and different rates of interest for the bonds of the respective divisions. Before making any sale the board shall, at a meeting, by resolution, declare its intention to sell a specified amount of the bonds, and the day and

hour and place of such sale, and shall cause notice of the sale to be given, by publication thereof at least two weeks in some newspaper published in the county where the office of the board of directors is located, and in any other newspaper, at its discretion. The notice shall state that sealed proposals will be received for the purchase of bonds, till the day and hour named in the resolution. Sec. 30. Any bonds issued prior to January 1, 1978, under the provisions of this act shall be a lien upon the property of the district and the lien for the bonds of any issue shall be a preferred lien to that for any subsequent issue. Said bonds, and the interest thereon, shall be paid by revenue derived from an annual assessment upon the real property of the district and may be paid from any revenue of the district available for such purpose; and all the real property in the district shall be and remain liable to be assessed for such payments as hereinafter provided.

Any bonds issued on and after January 1, 1978, under the provisions of this act, and the interest thereon, shall to the extent funds are not otherwise available, be paid by revenue derived from an annual assessment upon the assessable real property in the district; and all the assessable real property in the district shall be and remain liable to be assessed for such payments as hereinafter provided.

Issuance of bonds after January 1, 1978, shall not affect the preferred lien status of bonds issued prior to that date.

SEC. 5. Section 125 of the Drainage District Act of 1903 (Chapter 238 of the Statutes of 1903) is amended to read:

Sec. 125. For the purpose of the care, operation, management, or improvement of a project or projects as are in use, including salaries of officers and employees, and all other operating expenses, and for the payment of principal of or interest on any bonds issued under the provisions of this act, the board may in lieu (either in part or in whole) of levying assessments as in this act provided for, fix rates of tolls and charges for drainage facilities or available drainage facilities and other services rendered by the district, and collect the same from all persons receiving the benefit of the drainage facilities or other services. The tolls and charges shall be proportional as nearly as possible to the service rendered.

SEC. 6. Section 130.2 is added to the Drainage District Act of 1903 (Chapter 238 of the Statutes of 1903), to read:

After the election and certification as provided in Section 130.2, the county auditor shall add to the tax bills for each assessee and assessee parcel the amount of such tolls and charges of the district which are certified pursuant to Section 130.2, plus that amount necessary to pay the expenses of the county for such collection and in addition to any other charges otherwise provided by this act or by law.

SEC. 8. Section 130.6 is added to the Drainage District Act of 1903 (Chapter 238 of the Statutes of 1903), to read:

Sec. 130.6. The county tax collector and treasurer shall collect, receive, and disperse to the district and to the county the tolls and charges which are collected pursuant to Section 130.4 with the regular tax payments to the county. The provisions of Sections 43 and 44 shall be applicable to the levy and collection of the tolls and charges established pursuant to Sections 130.2 and 130.4.

SEC. 8. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be an appropriation made by this act because self-financing authority is provided in this act to cover such costs.

CHAPTER 473

If the member is employed contributions shall be based upon the full compensation earnable at the time of election, and in the amount of:

(a) Eight percent of such compensation as employer and state cost of granting service credit and,

(b) Eight percent of such compensation as the members cost of granting service credit.

If the member is not currently employed, contributions shall be based upon the full compensation earnable at the time of last employment in a position requiring membership in the system in the amounts of subdivisions (a) and (b) above plus regular interest from the end of the school year in which last employed to the date of payment.

The employing school district may pay the amount required in subdivision (a).

CHAPTER 476

An act relating to providing property tax assistance on nonirrigated land used for producing feed for livestock or planted crops in areas declared to be in a state of disaster by reason of drought conditions, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 2, 1977. Filed with Secretary of State September 3, 1977.]

The people of the State of California do enact as follows:

SECTION 1. This act shall be known and may be cited as the Livestock Raisers' Disaster Relief Act of 1977.

SEC. 2. The Legislature finds that drought conditions existing in California for the past two years have created water shortages causing severe inconvenience for many urban dwellers and others and a disaster for raisers of livestock in many areas of the state. It is the purpose of this act to provide some remedy for those most grievously injured by these arid conditions.

SEC. 3. The provisions of this act shall only apply with respect to land situated in an area which, either before or after the effective date of this act, has been declared by the Governor, the President of the United States, or a federal agency upon the request of the Governor, to be in a state of disaster by reason of drought conditions.

SEC. 4. Unless the context requires otherwise, the definitions given in this section shall govern construction of this act.

(a) "Director" means the Director of the Department of Food and Agriculture.

(b) "Land" means nonirrigated open-space land used to provide forage for livestock or for growing planted grain or other crops.

(c) "Livestock" means domestic bovine and ovine animals, goats, horses, mules, and asses.

SEC. 5. (a) On or before December 15, 1977, any assessee or lessee of land may make application by means of an affidavit to the director for property tax assistance as provided in this act. Such application shall state the location of the land, the type of use of the land, the number of acres of land for each type of use, that the land is not irrigated, that the land is used to provide forage for livestock or growing planted grain or other crops, and that such land shall be restricted to such use and compatible uses for a period of one year from the date of such application.

The application shall also state that (1) the applicant's average gross income from farming in taxable years, in the case of an individual, or income years, in the case of a corporation, beginning in 1972 to 1975, inclusive, is at least 75 percent of the average total gross income from all sources for such years, and (2) that the applicant's average gross income from farming for such period is at least five thousand dollars ($5,000), but not more than five hundred thousand dollars ($500,000).

In the case of an applicant which is a corporation or partnership, the application shall state that the majority interest in such corporation or partnership is held by stockholders or partners who meet both requirements of the preceding paragraph with respect to income from farming.

(b) Applications made pursuant to this section shall be made under penalty of perjury and shall only be accepted by the director from persons with authority to restrict the use of the land to which the application pertains.

(c) For purposes of this act, "compatible use" means:

(1) Any compatible use authorized for any property within the

county by the board of supervisors prior to January 1, 1977, under the California Land Conservation Act of 1965 provided for in Chapter 7 (commencing with Section 51200) of Part 1 of Division 1 of Title 5 of the Government Code.

(2) If the board of supervisors has not authorized any compatible uses as described in paragraph (1), "compatible use" shall mean those uses described in Section 51238 of the Government Code, housing suitable for the raising of livestock, and all structures suitable for such occupation.

SEC. 6. Within 30 days of the receipt of an application pursuant to Section 5, the director shall approve or deny the application for assistance. In the event the application is approved, the assistance granted shall not exceed the lesser of (1) 75 percent of the property taxes on the land for the 1977–78 fiscal year or (2) fifty cents ($0.50) per acre for unplanted rangeland and one dollar ($1) per acre for land on which grain or other crops were planted.

SEC. 7. In the case where an assessee of land makes application for assistance on the basis of use of the land by a lessee of the assessee to provide forage for livestock or growing planted grain or other crops, any assistance granted on the basis of such lessee's use shall be transmitted by the assessee to lessee either in the form of a reduction in rental payments or by cash refund.

SEC. 8. Ten million dollars ($10,000,000) is hereby appropriated from the General Fund to the Director of the Department of Food and Agriculture to make payments of assistance as provided in this act.

SEC. 9. This act shall remain in effect until June 30, 1978, and as of such date is repealed unless a later enacted statute which is chaptered before June 30, 1978, deletes or extends such date.

SEC. 10. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Because of the extreme drought conditions existing in many areas of California, cattlemen and other raisers of livestock are unable to graze the normal number of livestock on their acreage and farmers growing planted grain or other crops on nonirrigated lands have suffered severe crop failures or reduced yields. Thus, their incomes are reduced drastically, while their property taxes remain the same or are increased. In order to provide some remedy and relief for this situation for the 1977–78 fiscal year property taxes, it is necessary that this act take effect immediately.

The judge or clerk of the court shall endorse upon the judgment recovered in such action or proceeding a statement of the existence of the lien, the time of the filing of the notice in the action, and the place where entered, and any abstract issued upon the judgment shall contain, in addition to the matters set forth in Sections 674 and 688.1 of the Code of Civil Procedure, a statement of the lien in favor of the department.

Upon recordation of an extension, the lien shall have the same effect as a lien filed pursuant to this section. Such extended lien shall have the same priority as it originally had under the law in effect prior to January 1, 1978.

The Controller may at any time release all or any portion of the property subject to the lien from the lien or subordinate the lien to other liens if he determines that the charges are sufficiently secured by a lien on other property of the taxpayer or that the release or subordination of the lien will not endanger or jeopardize the collection of such charges. A certificate by the Controller to the effect that any property has been released from the lien herein provided for or that such lien has been subordinated to other liens shall be conclusive evidence that the property has been released or that the lien has been subordinated as provided in the certificate.

The disclosure of any information which identifies by name or address any applicant for or recipient of such grants-in-aid to any committee or Legislature is prohibited.

The rules and regulations shall be binding on all departments, officials and employees of the state, or of any political subdivision of the state and may provide for giving information to or exchanging information with agencies, public or political subdivisions of the state, and may provide for giving information to or exchanging information with agencies, public or private, which are engaged in planning, providing or securing social services for or in behalf of recipients or applicants; and for making case records available for research purposes, provided, that such research will not result in the disclosure of the identity of applicants for or recipients of public social services.

Any person, including every public officer and employee, who knowingly secures or possesses, other than in the course of official duty, an official list or a list compiled from official sources, published or disclosed in violation of this section, of persons who have applied for or who have been granted any form of public social services for which state or federal funds are made available to the counties is guilty of a misdemeanor.

(5) For all other offices for which a filing fee is required, if the number of registered voters in the district in which he seeks nomination is less than 2,000, a candidate may submit a petition

containing four signatures of registered voters for each dollar of the filing fee, or 20 percent of the total of registered voters in the district in which he seeks nomination, whichever is less.

(6) Notwithstanding any other provision of this section, a candidate seeking the nomination of a qualified party with whom he is registered, the registered voters of which who were eligible to vote at the last statewide election constituted less than 5 percent of all registered voters eligible to vote at the last statewide election, may submit a petition containing signatures of 10 percent of the registered voters of that party in the district in which he seeks nomination, or 150 signatures, whichever is less.

(7) A voter may sign both a candidate's nomination papers and his or her in-lieu-filing-fee petition.

(b) Each clerk shall furnish to each candidate, upon request, and without charge therefor, forms for securing signatures. (1) Any registered voter may sign an in-lieu-filing-fee petition for any candidate for whom he is eligible to vote.

(2) If a voter signs more candidates' petitions than there are offices to be filled, the voter's signatures shall be valid only on those petitions which, taken in the order they were filed, do not exceed the number of offices to be filled.

(3) In-lieu-filing-fee petitions shall be filed at least 15 days prior to the close of the nomination period. Upon receipt of the minimum number of in-lieu-filing-fee signatures required, or a sufficient combination of such signatures and pro rata filing fee, the clerk shall issue nomination papers provisionally. Within 10 days after receipt of a petition, the clerk shall notify the candidate of any deficiency. The candidate shall then, prior to the close of the nomination period, either submit a supplemental petition, or pay a pro rata portion of the filing fee, to cover the deficiency.

(4) If the petition is circulated for an office in more than one county, the candidate shall submit the signatures to the county clerk in the county in which the petition was circulated. Each circulator of an in-lieu-filing-fee petition shall have the qualifications required under Section 42.

(5) Each candidate may submit a greater number of signatures to allow for subsequent losses due to invalidity of some signatures. The clerk shall not be required to determine the validity of a greater

Such action may be taken notwithstanding the prior serving of a notice of nonrenewal relative to the former contract.

SEC. 1.5. Section 51255 is added to the Government Code, to read:

Notwithstanding any other provision of this chapter, the parties may upon their mutual agreement rescind a contract in order simultaneously to enter into an open-space easement agreement pursuant to the Open-Space Easement Act of 1974, commencing with Section 51070, which easement would enforceably restrict the same property for an initial term of not less than 10 years. Such action may be taken notwithstanding the prior serving of a notice of nonrenewal.

SEC. 2. Section 426 of the Revenue and Taxation Code is amended to read:

426. (1) Determine the full cash value of the land as if it were not enforceably restricted;

(2) Determine the value of the land by capitalization of income as

provided in Section 423 and without regard to the existence of any of the conditions in subdivision (a);

(3) Subtract the value determined in subdivision (b) (2) by capitalization of income from the full cash value determined in subdivision (b) (1);

(4) Using the rate announced by the board pursuant to subdivision (b) (1) of Section 423, discount the amount obtained in subdivision (b) (3) of this section for the number of years remaining until the termination of the period for which the land is enforceably restricted;

(5) Determine the value of the land by adding the value determined by capitalization of income as provided in subdivision (b) (2) and the value obtained in subdivision (b) (4); and

An act relating to the Los Angeles Community College District, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 2, 1977 Filed with Secretary of State September 3, 1977]

The people of the State of California do enact as follows:

SECTION 1. Notwithstanding Section 81178 of the Education Code, the governing board of the Los Angeles Community College District may continue the use of two school buildings of the Los Angeles City College, together with all structures and facilities essential to the operation thereof, which have been determined to be unsafe pursuant to Section 81162 of the Education Code, until June 30, 1979. In no event shall the district use such facilities for a period extending beyond the completion of the replacement of facilities or beyond June 30, 1979, whichever occurs first. The provisions of this section shall apply to portable buildings as well as permanent buildings, so long as such portable buildings are needed to meet temporary housing needs of the district until the repair, reconstruction or replacement of the unsafe building is complete.

SEC. 2. Due to the unique circumstances concerning the construction of replacement school facilities for the Los Angeles

Community College District, and the limited nature of the exemption provided for in Section 1 of this act, the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the Constitution.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The purpose of this act is to grant the Los Angeles Community College District a reasonable extension, until June 30, 1979, to continue to occupy two school buildings of the Los Angeles City College which fail to comply with earthquake safety standards prescribed by the so-called Field Act, while new facilities are being completed to replace those buildings. In order that the provisions of this act may be made effective during the periods prescribed, it is necessary that the act go into immediate effect.

CHAPTER 498

An act to amend Section 27491 of the Government Code, and to add Section 5328.8 to the Welfare and Institutions Code, relating to coroners, and making an appropriation therefor.

[Approved by Governor September 2, 1977. Filed with Secretary of State September 3, 1977]

The people of the State of California do enact as follows:

SECTION 1. Section 27491 of the Government Code is amended to read:

27491. It shall be the duty of the coroner to inquire into and determine the circumstances, manner, and cause of all violent, sudden or unusual deaths; unattended deaths; deaths wherein the deceased has not been attended by a physician in the 20 days before death; deaths related to or following known or suspected self-induced or criminal abortion; known or suspected homicide, suicide, or accidental poisoning; deaths known or suspected as resulting in whole or in part from or related to accident or injury either old or recent; deaths due to drowning, fire, hanging, gunshot, stabbing, cutting, exposure, starvation, acute alcoholism, drug addiction, strangulation, aspiration, or where the suspected cause of death is sudden infant death syndrome; death in whole or in part occasioned by criminal means; deaths associated with a known or alleged rape or crime against nature; deaths of patients in hospitals operated by the State Department of Health or any successor agency; deaths in prison or while under sentence; deaths known or suspected as due to contagious disease and constituting a public hazard; deaths from occupational diseases or occupational hazards;

deaths under such circumstances as to afford a reasonable ground to suspect that the death was caused by the criminal act of another, or any deaths reported by physicians or other persons having knowledge of death for inquiry by coroner. Inquiry in this section does not include those investigative functions usually performed by other law enforcement agencies.

In any case in which the coroner conducts an inquiry pursuant to this section, the coroner or a deputy shall personally sign the certificate of death.

The coroner shall have discretion to determine the extent of inquiry to be made into any death occurring under natural circumstances and falling within the provisions of this section, and if inquiry determines that the physician of record has sufficient knowledge to reasonably state the cause of a death occurring under natural circumstances, the coroner may authorize that physician to sign the certificate of death.

SEC. 2. Section 5328.8 is added to the Welfare and Institutions Code, to read:

5328.8. The State Department of Health, the physician in charge of the patient, or the professional person in charge of the facility or his designee, shall release all factual and clinical treatment information obtained in the course of providing services under Division 5 (commencing with Section 5000), Division 6 (commencing with Section 6000), or Division 7 (commencing with Section 7000), to the coroner when a patient dies from any cause, natural or otherwise, while hospitalized in a state mental hospital. Such information, when released to the coroner, shall remain confidential and shall be sealed and shall not be made part of the public record.

SEC. 3. The sum of thirty-seven thousand dollars ($37,000) is hereby appropriated from the General Fund to the State Controller for allocation and disbursement to local agencies pursuant to Section 2231 of the Revenue and Taxation Code to reimburse such agencies for costs incurred by them pursuant to this act.

CHAPTER 499

An act to add Chapter 13 (commencing with Section 493.010) to Title 6.5 of Part 2 of the Code of Civil Procedure, relating to attachment.

[Approved by Governor September 2, 1977. Filed with Secretary of State September 3, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 13 (commencing with Section 493.010) is added to Title 6.5 of Part 2 of the Code of Civil Procedure, to read:

CHAPTER 13. EFFECT OF BANKRUPTCY PROCEEDINGS AND GENERAL ASSIGNMENTS FOR THE BENEFIT OF CREDITORS

493.010. As used in this chapter, "general assignment for the benefit of creditors" means an assignment which satisfies all of the following requirements:

(a) The assignment is an assignment of all the defendant's assets that are transferable and not exempt from execution.

(b) The assignment is for the benefit of all the defendant's creditors.

(c) The assignment does not itself create a preference of one creditor or class of creditors over any other creditor or class of creditors, but the assignment may recognize the existence of preferences to which creditors are otherwise entitled.

493.020. Notwithstanding any other provision of this title, the defendant may make a general assignment for the benefit of creditors.

493.030. (a) The making of a general assignment for the benefit of creditors terminates a lien of a temporary protective order or of attachment if the lien was created within four months prior to the making of the general assignment.

(b) The filing of a petition initiating a proceeding under the National Bankruptcy Act by or against the defendant terminates a lien of a temporary protective order or of attachment if the lien was created within four months prior to the filing of the petition unless the bankruptcy court orders the lien preserved for the benefit of the bankrupt estate.

(c) Subdivisions (a) and (b) do not apply unless all liens of attachment on the defendant's property in other states that were created within four months prior to the making of a general assignment for the benefit of creditors or the filing of a petition initiating a proceeding under the National Bankruptcy Act have terminated.

493.040. (a) Where a lien of attachment terminates pursuant to Section 493.030, the assignee under a general assignment for the benefit of creditors or, in the case of a bankruptcy, the trustee, receiver, or the debtor in possession if there is no trustee or receiver, may secure the release of the attachment by filing with the levying officer a request for release of attachment stating the grounds for release and describing the property to be released, executed under oath, together with a copy thereof.

(b) In the case of an assignee, the request shall include two copies of the general assignment for the benefit of creditors.

(c) In the case of a trustee, receiver, or debtor in possession, the request shall include a certified copy of the petition in bankruptcy, together with a copy thereof.

(d) If immediate release of the attachment is sought, the request shall be accompanied by an undertaking to pay the plaintiff any damages resulting from an improper release of the attachment, in the amount of the plaintiff's claim to be secured by the attachment, executed by a corporate surety possessing a certificate of authority from the Insurance Commissioner as provided by Section 1056.

(e) Within five days after the filing of the request for release of attachment, the levying officer shall mail to the plaintiff:

(1) A copy of the request for release of the attachment, including the copy of the document filed pursuant to subdivision (b) or (c).

(2) If an undertaking has not been given, a notice that the attachment will be released pursuant to the request for release of attachment unless otherwise ordered by a court within 10 days after the date of mailing the notice.

(3) If an undertaking has been given, a notice that the attachment has been released.

(f) Unless otherwise ordered by a court, if an undertaking has not been given, the levying officer shall release the attachment pursuant to the request for release of attachment after the expiration of 10 days from the date of mailing the papers referred to in subdivision (e) to the plaintiff. If an undertaking has been given, the levying officer shall immediately release the attachment pursuant to the request for release of attachment.

(g) Where the attached property has been taken into custody, it shall be released to the person making the request for release of attachment or some other person designated in the request. Where the attached property has not been taken into custody, it shall be released as provided in subdivision (c) of Section 488.560.

(h) The levying officer is not liable for releasing an attachment in accordance with this section nor is any other person liable for acting in conformity with the release.

493.050. (a) The lien of a temporary protective order or of attachment, which has terminated pursuant to Section 493.030, is reinstated with the same effect as if it had not been terminated in the following cases:

(1) Where the termination is the result of the making of a general assignment for the benefit of creditors and the general assignment for the benefit of creditors is set aside otherwise than by the filing of a proceeding under the National Bankruptcy Act.

(2) Where the termination is the result of the filing of a petition initiating a proceeding under the National Bankruptcy Act and the defendant is not finally adjudged a bankrupt and no arrangement or plan is proposed and confirmed under the National Bankruptcy Act.

(3) Where the termination is the result of the filing of a petition initiating a proceeding under the National Bankruptcy Act and the trustee abandons property which had been subject to the lien of the temporary protective order or of attachment.

(b) The period from the making of a general assignment for the benefit of creditors until reinstatement of the lien of the temporary

protective order or of attachment is not counted in determining the duration of the temporary protective order or the lien of attachment.

493.060. Upon the making of a general assignment for the benefit of creditors, the assignee is subrogated to the rights of the plaintiff under the temporary protective order or attachment.

SEC. 2. It is the intent of the Legislature that Section 493.020 of the Code of Civil Procedure, as added by Section 1 of this act, is declaratory of existing law and no inference shall be drawn therefrom that the making of a general assignment for the benefit of creditors or the filing of a proceeding under the National Bankruptcy Act is prohibited or may be prohibited under existing law by any order issued pursuant to Title 6.5 (commencing with Section 481.010) of Part 2 of the Code of Civil Procedure.

CHAPTER 500

An act to amend Section 2030 of, and to repeal Section 2033 of, the Code of Civil Procedure, relating to discovery.

[Approved by Governor September 2, 1977. Filed with Secretary of State September 3, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 2030 of the Code of Civil Procedure is amended to read:

2030. This section governs the written interrogatory and request for admission of facts and of genuineness of documents.

(a) Whenever used in this section, the following terms shall mean:

(1) "Propounding party" means either the party initiating a set of written interrogatories or a set of written requests for admissions of genuineness of documents or admissions.

(2) "Responding party" means either the person responding to the written interrogatories or written requests for admissions of genuineness of documents or admissions.

(3) "Propounding document" means either a set of written interrogatories or a set of written requests for admissions of genuineness of documents or admissions.

(4) "Responding document" means the original propounding document containing therein the responses of the responding party executed under oath.

(5) "Supplemental document" means the document required to comply with an order of court compelling the responding party to answer questions previously propounded and not answered or not answered adequately.

(6) "Question" means question in the case of written interrogatories and means request in the case of requests for admissions of genuineness of documents or admissions.

(7) "Answer" means a responsive reply.

(8) "Response" means answer or objection to questions.

(b) (1) Any party may serve upon any other party an original propounding document at any time after service of the summons or the appearance of such other party without leave of court, except that, if service of such document is made by the plaintiff within 10 days after such service of summons or appearance, leave of court granted with or without notice must first be obtained. If the party served is a public or private corporation or a partnership or association, or body politic, such service shall be upon any officer or agent.

(2) The propounding document shall be addressed to one party only, and each page thereof shall be paginated and numbered consecutively, contain no more than 4 questions per page, contain no subdivision of questions, and provide reasonable space under each question for the answer.

(c) The responding party shall respond to each question on the space provided in the original propounding document and if the space is insufficient shall append such additional pages as may be necessary for the continued response, paginate the same consecutively by alphabet, and insert the same immediately following the page which propounded the question. The responding party shall sign each page. The responding party shall serve the propounding party the responding document within 30 days after the service of the propounding document, unless the court, on motion and notice and for good cause shown, enlarges or shortens the time. For good cause shown and without notice, the court may extend the time to respond not to exceed 15 days. Such answers shall be responsive to the question, or, if any question be deemed objectionable, the objections thereto shall be stated by the party addressed in lieu of answer. The original propounding document with each of the responses of the responding party set forth in the space provided shall be subscribed under oath by the person responding.

(d) If the propounding party finds that any response is objectionable and an answer or further answer is required, he may move the court for an order compelling an answer or further answer. Such motion must be upon notice within 30 days from date of service of the responding document unless the court, on motion and notice, and for good cause shown, enlarges the time. Otherwise the propounding party shall be deemed to have waived his right to compel an answer or further answer. Such motion shall set forth in relation to each response found objectionable, the number of the question, the question, the response, followed by a short statement of the reasons the response is deemed insufficient.

(e) (1) Upon the failure of the responding party to respond timely to written interrogatories, the propounding party may seek sanctions as provided by law upon motion and notice.

(2) With respect to requests for admissions, each of the matters of

which an admission is requested shall be deemed admitted unless, within a period designated in the request, not less than 30 days after service thereof or within such shorter or longer time as the court may allow on motion and notice, the responding party serves the responding document upon the propounding party a response which (i) denies specifically by statement the matters of which an admission is requested and such denial shall fairly meet the substance of the requested admission, and when good faith requires the responding party to deny only a part or to qualify a matter of which an admission is requested, then the response shall specify so much of it as is true and deny only the remainder, or (ii) states that the request cannot truthfully be either admitted or denied and sets forth in detail the reasons therefor, or (iii) objects on the ground that the requested admission is privileged or irrelevant or that the request is otherwise improper in whole or in part.

(f) Whenever the court orders an answer or further answer the responding party shall prepare and serve a supplemental document upon the propounding party within 30 days of notice of such order, or such other time as the court may order not to exceed 30 days. The supplemental document shall contain as to each question which has been ordered answered, the original number of the question, the question followed by the answer, and if there is more than one question ordered to be answered such shall be set forth serially by original number followed by the question and the answer. The responding party shall sign each page of the responding document.

(g) (1) Interrogatories may relate to any matters which can be inquired into under subdivision (b) of Section 2016, and the answers may be used to the same extent as provided in subdivision (d) of Section 2016 for the use of the deposition of a party. Interrogatories may be served after a deposition has been taken, and a deposition may be sought after interrogatories have been answered, but the court, on motion of the deponent or the party interrogated, may make such protective order as justice may require. The number of interrogatories or of sets of interrogatories to be served is not limited except as above provided and except as justice requires to protect the party from annoyance, expense, embarrassment, or oppression. The provisions of subdivision (b) of Section 2019 are applicable for the protection of the party from whom answers to interrogatories are sought under this section.

(2) When in order to answer an interrogatory it is necessary to make a compilation, abstract, audit, or summary of the business records of a party, and such a compilation, abstract, audit, or summary does not exist, or if it does exist, it is not in the possession or under the control of such party, it shall be a sufficient answer to such interrogatory to so state and to specify the records from which the answer may be derived or ascertained and to afford the propounding party reasonable opportunity to examine, audit, or inspect such records and to make copies thereof or compilations, abstracts, or summaries therefrom.

(h) (1) The propounding party in writing may request of the responding party the admission of the genuineness of any relevant documents described in the requests or the truth of any relevant documents described in the requests or the truth of any relevant matters of fact set forth in the request. Copies of such documents shall be served with the request unless copies have already been furnished, and upon request the originals shall be made available for inspection.

(2) The number of requests for admissions or of sets of requests for admissions to be served is not limited except as justice requires to protect the party from annoyance, expense, embarrassment, or oppression. The provisions of subdivision (b) of Section 2019 are applicable for the protection of the party from whom the admissions are requested under this section.

(3) Any admission made by a party pursuant to such request is for the purpose of the pending action only and neither constitutes an admission by him for any other purpose nor may be used against him in any other action.

(i) (1) The responding party shall serve the original responding document and the original supplemental document upon the propounding party who shall retain possession thereof until or unless ordered by the court to file the same. Service hereunder shall be made upon the propounding party if such party does not have an attorney of record, otherwise upon his attorney, and shall be only by personal service or by certified mail in the manner provided by this code for service of summons and complaint.

(2) The propounding document may be served upon the responding party if such party does not have an attorney of record, otherwise upon his attorney, in the manner provided in Chapter 5 (commencing with Section 1010) of Title 14 of Part 2.

(3) Upon service of the responding document upon the propounding party, he shall immediately ascertain what other parties, if any, have appeared in the action, and shall prepare and serve upon such parties a true copy of the responding document, provided, however, the court on motion with or without notice may grant such relief therefrom to the extent the court finds compliance unduly expensive, oppressive, or burdensome. However, if any party for any reason has not been previously served with a copy of any responsive document prior to final judgment, such party upon written request to the propounding party shall be furnished with a copy thereof within 30 days of such request.

(4) No proof of service shall be filed for any document served pursuant to this section. If any party seeks any relief in which service is an issue, a copy of the proof of service shall be incorporated in the supporting papers.

(j) The court may in its discretion order the filing of a propounding or responding document.

(k) Upon request by a person not a party to the litigation, the court shall order that a propounding or responding document be

furnished to that person.

(*l*) An attorney for a propounding or responding party shall retain any document prepared by the attorney pursuant to this section for not less than five years following final disposition of the action.

CHAPTER 511

An act to amend Sections 803, 821, and 1133 of, to add Section 1142 to, and to repeal Section 1030.5 of, the Unemployment Insurance Code, relating to unemployment insurance.

[Approved by Governor September 2, 1977. Filed with Secretary of State September 3, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 803 of the Unemployment Insurance Code is amended to read:

803. (a) As used in this section "entity" means any employing unit that is authorized or required by any provision of Article 4 (commencing with Section 701) of this chapter or by Section 801 or 802 to elect a method of financing coverage permitted by this section.

(b) In lieu of the contributions required of employers, an entity may elect any one of the following:

(1) To pay into the Unemployment Fund the cost of benefits, including extended duration benefits and federal-state extended benefits, paid based on base period wages with respect to employment for the entity and charged to its account in the manner provided by Section 1026, pursuant to authorized regulations which shall prescribe the rate or amount, time, manner, and method of

payment or advance payment or providing a good and sufficient bond to guarantee payment of contributions.

(2) Two or more entities that have elected a method of financing under this section may, pursuant to authorized regulations, file an application with the director for the establishment of a joint account for the purpose of determining the rate of contributions they shall pay into the Unemployment Fund to reimburse the fund for benefits paid with respect to employment for such entities. The members of the joint account may share the cost of benefits, including extended duration benefits and federal-state extended benefits, paid based on the base period wages with respect to employment for such members and charged to the joint account in the manner provided by Section 1026. The director shall prescribe authorized regulations for the establishment, maintenance, and dissolution of joint accounts, and for the rate or amount, time, manner, and method of payment or advance payment or providing a good and sufficient bond to guarantee payment of contributions by the members of joint accounts, on the cost of benefits charged in the manner provided by Section 1026.

(c) Sections 1030, 1031, 1032, and 1032.5, and any provision of this division for the noncharging of benefits to the account of an employer, shall not apply to an election under subdivision (b) of this section.

(d) In making the payments prescribed by subdivision (b) there shall be paid or credited to the Unemployment Fund, either in advance or by way of reimbursement, as may be determined by the director, such sums as he estimates the Unemployment Fund will be entitled to receive from each entity for each calendar quarter, reduced or increased by any sum by which he finds that his estimates for any prior calendar quarter were greater or less than the amounts which should have been paid to the fund. Such estimates may be made upon the basis of such statistical sampling, or other method as may be determined by the director.

Upon making such determination, the director shall give notice of the determination, pursuant to Section 1140, to the entity. The director may cancel any contributions or portion thereof which he finds has been erroneously determined. The director shall charge to any special fund, which is responsible for the salary of any employee of an entity, the amount determined by the director for which the fund is liable pursuant to this section. The contributions due from the entity shall be paid from the liable special fund, the General Fund, or other liable fund to the Unemployment Fund by the Controller or other officer or person responsible for disbursements on behalf of the entity within 30 days of the date of mailing of the director's notice of determination to the entity. The director for good cause may extend for not to exceed 60 days the time for paying without penalty the amount determined and required to be paid. Contributions are due upon the date of mailing of the notice of determination and are delinquent if not paid on or before the 30th day following the date

of mailing of such notice. Any entity which fails to pay the contributions required within the time required shall be liable for interest on the contributions at the rate of 1 percent per month or fraction thereof from and after the date of delinquency until paid, and any entity which without good cause fails to pay any contributions required within the time required shall pay a penalty of 10 percent of the amount of such contributions. If the entity fails to pay the contributions required on or before the delinquency date, the director may assess the entity for the amount required by the notice of determination. The provisions of Article 8 (commencing with Section 1126) of Chapter 4 of Part 1 of this division with respect to the assessment of contributions, and the provisions of Chapter 7 (commencing with Section 1701) of Part 1 of this division with respect to the collection of contributions, shall apply to the assessments provided by this section. The provisions of Sections 1177 to 1184, inclusive, relating to refunds and overpayments, shall apply to amounts paid to the Unemployment Fund pursuant to this section.

(e) To the extent permitted by federal law, no contributions shall be due from any entity other than a nonprofit organization which has elected financing under subdivision (b) and which has previously made contributions required of employers pursuant to an elective coverage agreement or under compulsory coverage until the cost of benefits paid and reimbursable by the entity under this section together with the benefits charged and chargeable to the reserve account of the entity as a result of its prior election or compulsory coverage exceed the contributions made by the entity and credited to its reserve account pursuant to its prior election or compulsory coverage.

(f) Except with respect to a political subdivision electing coverage pursuant to Section 710.2, the director may terminate the election of any entity for financing under this section if the entity is delinquent in the payment of advances or reimbursements required by the director under this section. After any such termination the entity may again make an election pursuant to this section but only if it is not delinquent in the payment of contributions and not delinquent in the payment of advances or reimbursements required by the director under this section.

(g) Notwithstanding any other provision of this section, no entity shall be liable for that portion of any extended duration benefits or federal-state extended benefits which is reimbursed or reimbursable by the federal government to the State of California.

(h) After the termination of any election under this section, the entity shall remain liable for its proportionate share of the cost of benefits paid and charged to its account in the manner provided by Section 1026, which are based on wages paid for services during the period of the election. Any such liability may be charged against any remaining balance of a prior reserve account used by the entity pursuant to Section 712 or used by a public entity pursuant to subdivision (e). Any portion of such remaining balance shall be

included in the reserve account of the entity following any termination of an election under this section which occurs prior to the expiration of a period of three consecutive years commencing with the effective date of such election. For purposes of Section 982, the period of an election under Section 803 shall, to the extent permitted by federal law, be included as a period during which a reserve account has been subject to benefit charges.

SEC. 2. Section 821 of the Unemployment Insurance Code is amended to read:

821. (a) Effective January 1, 1972, each employing unit defined by Section 135.3 shall, in lieu of the contributions required of employers, pay into the Unemployment Fund the cost of benefits, including extended duration benefits and federal-state extended benefits, paid based on base period wages with respect to employment for such employing unit and charged to its account in the manner provided by Section 1026, pursuant to authorized regulations which shall prescribe the rate or amount, time, manner, and method of payment or advance payment or providing a good and sufficient bond to guarantee payment of contributions.

(b) Sections 1030, 1031, 1032, and 1032.5, and any provision of this division for the noncharging of benefits to the account of an employer, shall not apply to an employing unit under subdivision (a) of this section.

(c) In making the payments prescribed by subdivision (a), there shall be paid or credited to the Unemployment Fund, either in advance or by way of reimbursement, as may be determined by the director, such sums as he estimates the Unemployment Fund will be entitled to receive from each employing unit for each calendar quarter, reduced or increased by any sum by which he finds that his estimates for any prior calendar quarter were greater or less than the amounts which should have been paid to the fund. Such estimates may be made upon the basis of such statistical sampling, or other method as may be determined by the director.

Upon making such determination, the director shall mail notice of the determination to the employing unit.

The director may cancel any contributions or portion thereof which he finds have been erroneously determined. The contributions due from the employing units shall be paid, transferred or credited from the Classified School Employees Fund established in the State Treasury by Section 822 to the Unemployment Fund by the State Treasurer, State Controller, or other officer or person responsible for disbursements on behalf of the employing unit within 30 days of the date of mailing of the director's notice of determination to the employing unit.

Each employing unit shall send a copy of any and all notices, billings or correspondence not normally routed to the administrator and the Superintendent of Public Instruction regarding unemployment insurance for the classified school employees to the administrator, the Superintendent of Public Instruction, and county

superintendent of schools, or agent thereof with timely documentation of charges or determination. The provisions of Article 8 (commencing with Section 1126) of Chapter 4 of this part with respect to the assessment of contributions, and the provisions of Chapter 7 (commencing with Section 1701) of this part with respect to the collection of contributions, shall apply to the assessments provided by this article. The provisions of Sections 1177 to 1184, inclusive, relating to refunds and overpayments, shall apply to amounts paid to the Unemployment Fund pursuant to this section.

(d) Notwithstanding any other provision of this section, no employing unit shall be liable for that portion of any extended duration benefits or federal-state extended benefits which is reimbursed or reimbursable by the federal government to the State of California.

(e) The administrator and the Superintendent of Public Instruction shall adopt rules and regulations for the administration of their respective functions under this article in accordance with Chapter 4.5 (commencing with Section 11371) of Part 1 of Division 3 of Title 2 of the Government Code. Regulations of the administrator shall be subject to the provisions of Article 1 (commencing with Section 301) of Chapter 2 of Part 1 of Division 1. Rules and regulations of the Superintendent of Public Instruction shall not be subject to the provisions of Article 1 (commencing with Section 301) of Chapter 2 of Part 1 of Division 1.

SEC. 3. Section 1030.5 of the Unemployment Insurance Code is repealed.

SEC. 4. Section 1133 of the Unemployment Insurance Code is amended to read:

1133. Any employing unit against whom an assessment is made under Section 1126, 1127, or 1142, or any person directly interested in such assessment, may file with a referee a petition for reassessment within 30 days after service of notice of the assessment. An additional 30 days for the filing of a petition may for good cause be granted by the referee. If a petition for reassessment is not filed within the 30-day period, or within the additional period granted by the referee, the assessment becomes final at the expiration of the period.

SEC. 5. Section 1142 is added to the Unemployment Insurance Code, to read:

1142. If the director finds that any employer or any employee, officer, or agent of any employer, in submitting facts concerning the termination of a claimant's employment pursuant to Section 1030, 1327, 3654, 3701, 4654, or 4701, willfully makes a false statement or representation or willfully fails to report a material fact concerning such termination, the director shall assess a penalty against the employer in an amount not less than 2 nor more than 10 times the weekly benefit amount of such claimant. The provisions of this article, the provisions of Article 9 (commencing with Section 1176) of this chapter with respect to refunds, and the provisions of Chapter 7 (commencing with Section 1701) of this part with respect to

collections shall apply to the assessments provided by this section. Penalties collected under this section shall be deposited in the contingent fund.

CHAPTER 512

An act to amend Section 70063 of, to add Section 68529 to, and to add and repeal Section 69606.5 of, the Government Code, relating to courts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 2, 1977. Filed with Secretary of State September 3, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 68529 is added to the Government Code, to read:

68529. (a) The Judicial Council shall provide by rule for the maintenance of records as described in subdivision (c), which shall be filed with the council by each official reporter and official reporter pro tempore of any court located in Mendocino County. Such records shall be inspected and audited by the Judicial Council.

(b) The Judicial Council shall submit an annual report to the board of supervisors of any such county and to the Legislature summarizing the information contained in the records.

(c) Each such annual report shall include the following information relative to the official court reporters of the county:

(1) The quantity and types of transcripts prepared by the official reporters and official reporters pro tempore during the reporting period.

(2) The fees charged and the fees collected for such transcripts.

(3) Expenses incurred by the reporters in connection with the preparation of such transcripts.

(4) The amount of time the reporters have spent in attendance upon the courts for the purpose of reporting proceedings, and the compensation received for this purpose.

(5) Such other information as the Judicial Council may require.

SEC. 1.5. Section 69606.5 is added to the Government Code, to read:

69606.5. Notwithstanding the provisions of Article 5 (commencing with Section 69740) of Chapter 5 of Title 8, in the County of Ventura, one or more judges of the superior court may hold concurrent daily sessions in the City of Santa Paula.

This section shall remain in effect only until January 1, 1979, and as of such date is repealed, unless a later enacted statute, which is chaptered before January 1, 1979, deletes or extends such date.

SEC. 2. Section 70063 of the Government Code is amended to

read:

70063. (a) In Mendocino County, the official phonographic reporters shall perform the following duties:

(1) Report all proceedings before the superior court;

(2) Report the proceedings of the grand jury;

(3) Act as the secretary of, and render stenographic and clerical assistance to, the judge of the department to which they are assigned by the presiding judge.

The official phonographic reporters of such county shall receive a salary recommended by the superior court and approved by the board of supervisors.

Any appointee to an official reporter position shall be compensated at the first step and advance to each higher step upon completion of each year of service. Upon the recommendation of the superior court and approval of the board of supervisors, official reporters may be employed at or may be granted a special step increase to any step within the salary range on the basis of experience or qualifications.

(b) The compensation for each official reporter pro tempore shall be the equivalent of the daily wage of the first step in the salary range for full-time official reporters for each day he actually is on duty under order of the court.

(c) In addition to the compensation provided in this article, each full-time reporter of the superior court shall be entitled to, and shall receive, the same vacation, sick leave, and similar privileges and benefits as are now, or may hereafter be provided for the employees of the County of Mendocino, including the right to participate in any group, accident, health or life insurance plan adopted by the board of supervisors of the county.

(d) Until such time as the salaries of full-time official reporters and official reporters pro tempore are approved by the board of supervisors pursuant to subdivision (a), such reporters shall receive the salaries in effect immediately prior to the effective date of the amendments to this section enacted by the Legislature at its 1977–78 Regular Session.

The fee required by Section 70053 shall be five dollars ($5).

SEC. 3. If any provision of Section 1 or 2 of this act, or the application thereof, is enjoined, restrained, or otherwise held invalid, then every other provision or application of Section 1 or 2 of this act shall be void, and to this end the provisions of Sections 1 and 2 of this act are inseverable.

SEC. 4. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be any appropriation made by this act because this act is in accordance with the request of a local government entity which desired legislative authority to act to carry out the program specified in this act.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the

meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Court reporters in adjacent and nearby counties are paid significantly higher salaries than are currently paid in Mendocino County and this results in a shortage of qualified court reporters in Mendocino County. Unless this situation is promptly remedied, it may well be necessary to close courts within the county. In order to rectify this situation, it is necessary that this act take effect immediately.

CHAPTER 513

An act to amend Sections 12505 and 12689 of the Health and Safety Code, relating to fireworks, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 2, 1977. Filed with Secretary of State September 3, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 12505 of the Health and Safety Code is amended to read:

12505. "Dangerous fireworks" includes all of the following:

(a) Any fireworks which contain any of the following:

(1) Arsenic sulfide, arsenates, or arsenites.

(2) Boron.

(3) Chlorates, except:

(A) In colored smoke mixture in which an equal or greater amount of sodium bicarbonate is included.

(B) In caps and party poppers.

(C) In those small items (such as ground spinners) wherein the total powder content does not exceed 4 grams of which not greater than 15 percent (or 600 milligrams) is potassium, sodium, or barium chlorate.

(4) Gallates or Gallic acid.

(5) Magnesium (magnesium-aluminum alloys, called magnalium, are permitted).

(6) Mercury salts.

(7) Phosphorus (red or white except that red phosphorus is permissible in caps and party poppers).

(8) Picrates or picric acid.

(9) Thiocyanates.

(10) Titanium, except in particle size greater than 100-mesh.

(11) Zirconium.

(b) Firecrackers.

(c) Skyrockets and rockets, including all devices which employ any combustible or explosive material and which rise in the air

during discharge.

(d) Roman candles, including all devices which discharge balls of fire into the air.

(e) Chasers, including all devices which dart or travel about the surface of the ground during discharge.

(f) Sparklers more than 10 inches in length or one-fourth of one inch in diameter.

(h) Fireworks known as devil-on-the-walk, or any other firework which explodes through means of friction, unless otherwise classified by the State Fire Marshal pursuant to this part.

(i) Torpedoes of all kinds which explode on impact.

(j) Fireworks kits.

(k) Such other fireworks examined and tested by the State Fire Marshal and determined by him, with the advice of the State Board of Fire Services, to possess characteristics of design or construction which make such fireworks unsafe for use by any person not specially qualified or trained in the use of fireworks.

SEC. 2. Section 12689 of the Health and Safety Code is amended to read:

(b) It is unlawful for any person who is a retailer to sell or transfer any safe and sane fireworks to a person who is under 16 years of age.

SEC. 3. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be any appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local government entities and school districts which, in the aggregate, do not result in significant identifiable cost changes.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Recent statistics indicate that in California the highest percentage of injuries attributed to the use of safe and sane fireworks are to persons under 16 years of age. Similarly, the number of fires caused by the misuse or improper firing of safe and sane fireworks are by persons under 16 years of age. In an effort to bring about a reduction in these injuries and fires before the next Fourth of July holiday period, it is essential that this act take immediate effect.

CHAPTER 514

An act to amend Section 44274 of the Education Code, relating to teaching credentials, and declaring the urgency thereof, to take effect immediately.

The credential issued under the terms of this section shall be a "full," "clear," or "professional" credential. Determination of qualification shall be limited to either (a) or (a) and (b):

(a) Specialized training: Twenty-four semester units, or equivalent credit, of specialized training in the field for which the credential is to be issued shall be required. Such training may include training in a related field or fields. The commission shall establish guidelines to determine what constitutes qualifying training and what are related fields. Qualifications for specialist in special education credentials authorizing teaching in programs for learning handicapped or severely handicapped pupils, as both are defined in Section 56352, shall include, but need not be limited to, training in (1) learning disabilities, (2) perceptual-motor training, and (3) language development. Such training shall have commenced on or after the beginning of the school year 1964–65 and been completed on or before September 15, 1978, with respect to applicants for special education specialist credentials authorizing programs for the learning handicapped or the severely handicapped, as both are defined in Section 56352, on or before September 1, 1979, for applicants for bilingual-crosscultural specialist credentials, and on or before September 15, 1977, for all other applicants authorized herein, and shall have been undertaken in a California institution accredited by the State Board of Education, or approved by the commission. If the applicant received training, within the same time limits, in an out-of-state institution, credit for such training shall apply only if, at the time the training was taken, the institution was accredited by the

appropriate regional accrediting body and accredited or approved by the certification agency of the state in which the institution is located. The commission shall allow up to six semester units credit for experience, pursuant to subdivision (b), in lieu of coursework.

(b) Experience in actual practice of the specialization in the public schools or in a private school or institution of equivalent status. Such experience shall have commenced on or after September 1, 1970. Such experience need not have been full time in the specialization, but shall demonstrate the applicant's ability to function in the specialization, as shown by continued employment in such schools in a position or in positions which utilize the skills of the credential field or related fields.

(c) Application for credentials pursuant to this section shall be made by September 15, 1978, by applicants for special education specialist credentials authorizing programs for the learning handicapped or the severely handicapped, as both are defined in Section 56352, by September 1, 1979, for applicants for bilingual-crosscultural specialist credentials, and by September 15, 1977, for all other applicants authorized herein.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

This act would extend from September 15, 1977, until September 15, 1979, the deadline for making application for bilingual-crosscultural specialist credentials. In order that such extension for making application may go into effect before the existing statutory deadline is reached, it is necessary that this act take effect immediately.

CHAPTER 515

[Approved by Governor September 2, 1977. Filed with Secretary of State September 3, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 30701 of the Public Resources Code is amended to read:

(a) The ports of the State of California, including the Humboldt Bay Harbor, Recreation, and Conservation District, constitute one of the state's primary economic and coastal resources and are an essential element of the national maritime industry.

(b) The location of the commercial port districts within the State

of California, including the Humboldt Bay Harbor, Recreation, and Conservation District, are well established, and for many years such areas have been devoted to transportation and commercial, industrial, and manufacturing uses consistent with federal, state, and local regulations. Coastal planning requires no change in the number or location of the established commercial port districts. Existing ports, including the Humboldt Bay Harbor, Recreation, and Conservation District, shall be encouraged to modernize and construct necessary facilities within their boundaries in order to minimize or eliminate the necessity for future dredging and filling to create new ports in new areas of the state.

CHAPTER 516

An act to add and repeal Section 1508 of the Vehicle Code, relating to the Department of Motor Vehicles, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 2, 1977. Filed with Secretary of State September 3, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 1508 is added to the Vehicle Code, to read:

1508. (a) The department shall conduct a pilot program to determine the feasibility of using flexible office hours in field offices of the department.

(b) The director shall establish a pilot program of varied office hours in field offices throughout the state in order to provide timely service to the public to attempt to meet the needs of each community. In establishing the pilot program, the director shall survey employees in the pilot offices to determine their preferences for variable hours. To the extent it is practicable, variable-hours work schedules shall be prepared through the use of employees who volunteer to work such hours and so as to coincide with employee preferences. The director shall also meet and confer with representatives from all recognized employee organizations, as defined in Section 3501 of the Government Code, affected by the pilot program, and shall consider, in good faith, recommendations from such groups prior to adopting a program of flexible office hours.

(c) Pursuant to such program, the director may designate such days and hours during which field offices of the department shall be open for business other than during normal office hours for state departments as specified in Section 11020 of the Government Code. Field offices of the department shall, however, remain open not less than 44 hours each 5-day workweek and 43 hours each 4-day workweek, except those weeks which include a legal holiday, as specified in subdivisions (b) to (k), inclusive, and subdivision (m),

of Section 6700, and in Section 6701 of, the Government Code.

(d) The director may designate certain field offices of the department to be open for normal business on Saturdays. If the director elects to provide Saturday service, not more than 12 different offices at any given time shall be designated and scheduled to be open for business Tuesday through Saturday.

(e) The department shall make a progress report on the pilot program to the Legislature not later than December 31, 1978, and shall prepare and submit to the Legislature, a final report on the pilot program not later than December 31, 1979.

The reports shall include, but need not be limited to, the following:

(1) The effect of varied office hours on department employees.

(2) The effect of varied office hours on the public.

(3) The cost and benefits of utilizing flexible office hours.

Upon request of representatives of recognized employee organizations, as defined in Section 3501 of the Government Code, the department shall provide the data collected from the pilot program to such organizations for their review and evaluation. If the recognized employee organizations elect to, they may prepare a composite analysis of the data and furnish such information to the department for inclusion in the department's report to the Legislature.

This section shall remain in effect only until December 31, 1979, and as of such date is repealed, unless a later enacted statute, which is chaptered before December 31, 1979, deletes or extends such date.

SEC. 2. The Legislature, in enacting the provisions of this act, recognizes that the needs of the motoring public of the State of California must be evaluated periodically in determining the service hours of the Department of Motor Vehicles.

It is, therefore, the intent of the Legislature that the Department of Motor Vehicles attempt, through a pilot study, to ascertain which days and hours of service are most consistent with the needs of individual communities.

The Legislature further finds that there may be a greater need for flexible office hours in only certain locations within the state and this pilot program shall be utilized to determine if varied office hours in Department of Motor Vehicles' field offices can effectively be administered.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The public has indicated a need for service by the Department of Motor Vehicles during office hours which are other than those now required by law.

In order for the Department of Motor Vehicles to implement a pilot program on or before January 1, 1978, lead time will be required, and therefore it is necessary that this act go into immediate effect.

The rule and statement of reasons shall be given to the same individuals and organizations who have requested notice of hearings.

(e) The notice required under this section shall be made not less than 30 days prior to the public hearing date.

CHAPTER 518

[Approved by Governor September 2, 1977. Filed with Secretary of State September 3, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 954 of the Streets and Highways Code is amended to read:

954. All county highways which for a period of five consecutive years are impassable for vehicular travel, and on which during such period of time no public money is expended for maintenance, are unnecessary highways, subject to abandonment pursuant to Section 960.2 or as herein provided. The board of supervisors of any county on its own motion, or on the petition of any interested taxpayer of the county, may abandon any such unnecessary highway or may designate such county highway a stock trail. The board of supervisors shall cause notices to be posted upon such stock trails, and also at the entrance of such stock trails, directing all persons to drive all untethered stock thereon.

After a stock trail has been established or designated as provided in this chapter, the county is not liable for death or injury to a vehicle owner or operator or passenger, or for damage to a vehicle or its contents, resulting from a dangerous condition of the stock trail.

Where the county owns in fee the property on which the abandoned highway was located, the board of supervisors may dispose of the property as provided in Section 960.4, subject to any easements reserved in the order of abandonment or retained pursuant to Section 812.5 of the Civil Code.

No such abandonment of the highway or disposal of the highway property shall extinguish any existing private easement of access, regardless of origin, appurtenant to lands abutting the highway. Any

such private easement, however, shall be subject to extinguishment under the laws of this state governing abandonment, adverse possession, waiver, and estoppel. The nonuse of any such private easement for a period of five consecutive years shall constitute a conclusive presumption of abandonment.

SEC. 3. Section 960.1 of the Streets and Highways Code is amended to read:

960.1. The board of supervisors of any county may retain or may summarily vacate and abandon:

(a) Any portion of a county highway which portion has been superseded by relocation, except in case such abandonment would cut off all access to the property of any person which, prior to such relocation, adjoined the highway.

(b) Any excess right-of-way of a county highway not required therefor.

(c) Any portion of a county highway which lies within land under one ownership and which does not end touching the land of another.

SEC. 4. Section 960.2 of the Streets and Highways Code is amended to read:

960.2. The board of supervisors may act to abandon any easement or to vacate any highway, mentioned in Section 954 or 960.1, by resolution. A certified copy of such resolution shall be recorded in the office of the county recorder. No fee shall be charged for such recordation. [Approved by Governor September 2, 1977. Filed with Secretary of State September 3, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 13960 of the Government Code is amended to read:

13960. As used in this article:

(a) "Victim" shall mean:

(1) A person who sustains physical injury or death as a direct result of a crime of violence;

(2) Anyone legally dependent for his support upon a person who sustains physical injury or death as a direct result of a crime of violence; and

(3) In the event of a death caused by a crime of violence, any individual who legally assumes the obligation, or who voluntarily pays the medical or burial expenses incurred as a direct result thereof.

(b) "Crime of violence" shall mean a crime or public offense as defined in Section 15 of the Penal Code which results in physical injury to a resident of this state, including such a crime or public offense, wherever it may take place, when such resident is temporarily absent from the state. No act involving the operation of a motor vehicle, aircraft, or water vehicle which results in injury or death shall constitute a crime of violence for the purposes of this article, except that a crime of violence shall include:

(1) Injury or death intentionally inflicted through the use of a motor vehicle, aircraft, or water vehicle; or,

(2) Injury or death sustained in an accident caused by a driver in violation of Section 20001, 23101, 23102, 23105, or 23106 of the Vehicle Code.

(3) Injury or death sustained in an accident caused by a driver of a motor vehicle in the immediate act of fleeing the scene of a crime of violence in which he knowingly and willingly participated.

(c) "Board" shall mean the State Board of Control.

(d) "Pecuniary loss" shall mean the amount of medical or medical related expense and loss of income or support that the victim has incurred or will incur as a direct result of an injury or death to the extent that the victim has not been or will not be indemnified from

any other source. Said loss shall be in an amount of more than one hundred dollars ($100) or shall be equal to 20 percent or more of the victim's net monthly income, whichever is less.

SEC. 2. Section 13962 of the Government Code is amended to read:

13962. (a) The staff of the board shall review all applications for assistance in order to insure that they are complete. If the application is not complete, it shall be returned to the victim with a brief statement of the additional information required. The victim, within 30 days of receipt thereof, may either supply the additional information or appeal such action to the board which shall review the application to determine whether or not it is complete.

(b) If the application is accepted, it shall be referred to the Attorney General who shall promptly verify its contents and shall return the application for assistance and a report of his investigation to the board for its consideration. The board thereupon shall consider the application at a hearing at a time and place of its choosing. The board shall notify all interested persons, including the Attorney General, not less than five days prior to the date of the hearing.

(c) The victim shall cooperate with the Attorney General in the verification of the information contained in the application. Failure so to cooperate shall be reported to the board, which, in its discretion, may reject the application on this ground alone.

SEC. 3. Section 13964 of the Government Code is amended to read:

13964. After having heard the evidence relevant to the application for assistance, the board shall approve the application if a preponderance of the evidence shows that as a direct result of the crime the victim incurred an injury which resulted in a pecuniary loss which the victim is unable to recoup without suffering serious financial hardship.

(a) An application for assistance may be denied, in whole or in part, if:

(1) The board finds that such denial is appropriate because of the nature of the victim's involvement in the events leading to the crime or the involvement of the persons whose injury or death gave rise to the application; or

(2) The board finds that the victim will not suffer serious financial hardship, as a result of the loss of earnings or support and out-of-pocket expense incurred as a result of the injury which gave rise to the application for assistance pursuant to this article. In determining such serious financial hardship, the board shall consider all of the financial resources of the victim. The board shall establish specific standards by rule for determining such serious financial hardship.

(b) No victim shall be eligible for assistance under the provisions of this article if:

(1) The board finds that the victim or the person whose injury or death gave rise to the application knowingly and willingly participated in the commission of the crime; or

(2) The victim or the person whose injury or death gave rise to the

application failed to cooperate with a law enforcement agency in the apprehension and conviction of a criminal committing the crime.

SEC. 4. Section 13966 of the Government Code is amended to read:

13966. (a) The State of California shall be subrogated to the rights of the victim to whom cash payments are granted to the extent of the cash payments granted, less the amount of any fine imposed by the court on the perpetrator of the crime. Such subrogation rights shall be against the perpetrator of the crime or any person liable for the pecuniary loss.

(b) The state also shall be entitled to a lien on the judgment in the manner provided in Section 688.1 of the Code of Civil Procedure in the amount of such cash payments on any recovery made by or on behalf of the victim. The state may recover this amount in a separate action, or may intervene in an action brought by or on behalf of the victim. The state shall pay 25 percent of the amount of any recovery which is subject to a lien on the judgment in the manner provided in Section 688.1 of the Code of Civil Procedure to the county probation department or the victim responsible for recovery thereof from the perpetrator of the crime. The remaining 75 percent of the amount shall be deposited in the Indemnity Fund.

(c) In the event that the victim, his guardian, personal representative, estate, or survivors, or any of them, bring an action for damages against the person or persons liable for the injury or death giving rise to an award by the board under this article, notice of institution of legal proceedings, notice of settlement and all other notices required to be given to the judgment debtor pursuant to Chapters 1 (commencing with Section 681) and 2 (commencing with Section 714) of Title 9 of Part 2 of the Code of Civil Procedure, shall be given to the board in Sacramento except in cases where the board specifies that notice shall be given to the Attorney General. All such notices shall be given by the attorney employed to bring the action for damages or by the victim, his guardian, personal representative, estate, or survivors, if no attorney is employed.

SEC. 5. Section 13969.1 is added to the Government Code, to read:

13969.1. (a) The decisions of the board shall be in writing. Copies of the decisions shall be delivered to the applicant or to his representative personally or sent to them by mail.

(b) The board itself may order a reconsideration of all or part of the application for assistance on its own motion or on written request of the applicant or his representative. The board may not grant more than one such request on any application for assistance. The board shall not consider any such request filed with the board more than 30 days after the personal delivery or mailing of the original decision.

(c) Judicial review of a final decision made pursuant to this article may be had by filing a petition for a writ of mandate in accordance with the provisions of the Code of Civil Procedure. The right to petition shall not be affected by the failure to seek reconsideration before the board. Such petition shall be filed as follows:

(1) Where no request for reconsideration is made, within 30 days

of personal delivery or mailing of the board's decision on the application for assistance.

(2) Where a timely request for reconsideration is filed and rejected by the board, within 30 days of personal delivery or mailing of the notice of rejection.

(3) Where a timely request for reconsideration is filed and granted by the board, or reconsideration is ordered by the board, within 30 days of personal delivery or mailing of the final decision on the reconsidered application.

CHAPTER 527

An act relating to water districts and in this connection to create the Monterey Peninsula Water Management District for the collection, conservation, storage, reclamation, treatment, disposal, distribution, and delivery of water and sewage within the agency, and prescribing its organization powers and duties.

[Approved by Governor September 2, 1977. Filed with Secretary of State September 3, 1977]

The people of the State of California do enact as follows:

PART 1. INTRODUCTORY PROVISIONS

CHAPTER 1. SHORT TITLE

SECTION 1. This act shall be known and may be cited as the Monterey Peninsula Water Management District Law.

CHAPTER 2. LEGISLATIVE FINDINGS

SEC. 2. The Legislature hereby finds that water problems in the Monterey Peninsula area require integrated management. The major water supply for this area is derived from the Carmel River basin and the major uses lie outside that basin. The adopted central coast basin plan divides the management of the several basins, resulting in division, waste, and shortage of water resources.

The Legislature further finds and declares that within the Monterey Peninsula area, there is need for conserving and augmenting the supplies of water by integrated management of ground and surface water supplies, for control and conservation of storm and wastewater, and for promotion of the reuse and reclamation of water. In this region of primarily scenic, cultural, and recreational resources, which are particularly sensitive to the threat of environmental degradation, such need cannot be effectively met on a piecemeal basis.

The Legislature further finds and declares that, within the Monterey Peninsula area which will be served by the public district created by this law, the water service is principally supplied by a privately owned water supplier which does not have the facilities nor the ability to perform functions which are normally performed by public agencies, including the ability to raise sufficient capital for necessary public works, contract with, or provide necessary assurances to, federal and state agencies for financing of water projects and supplying of water, and the regulation of the distribution of water developed within or brought into such service area. Therefore, the Legislature finds and declares that it is necessary to create a public agency to carry out such functions which only can be effectively performed by government, including, but not limited to, management and regulation of the use, reuse, reclamation, conservation of water and bond financing of public works projects.

In order to serve the people of the Monterey Peninsula efficiently, to prevent waste or unreasonable use of water supplies, to promote the control and treatment of storm water and wastewater, and to conserve and foster the scenic values, environmental quality, and native vegetation and fish and wildlife and recreation in the Monterey Peninsula and the Carmel River basin, it is, therefore, hereby declared that a general law cannot be made applicable to such area, and that the enactment of this special law is necessary for the public welfare and for the protection of the environmental quality and the health and property of the residents therein.

CHAPTER 2. FORMATION ELECTION

SEC. 121. The board of supervisors of the county, on or before February 1, 1978, shall call and give notice of an election to be held in the district for the purpose of determining whether it shall begin to function and exercise its powers and for the selection of persons who shall serve as directors of the district if it shall begin to function and exercise its powers.

SEC. 122. The election shall be held not less than 75 days, nor more than 100 days, after January 1, 1978. The election shall be conducted and the first elective directors, and those succeeding, shall be nominated and elected pursuant to the provisions of the Uniform District Election Law (Part 3 (commencing with Section 23500) of Division 14 of the Elections Code) as nearly as may be practicable, including, in the discretion of the board of supervisors of the county, use of all-mailed ballots. Such first elective directors shall be registered to vote within the district.

SEC. 123. Notice of the election shall be given pursuant to Section 23511 of the Elections Code, except that such notice shall also contain:

(a) The name of the agency.

(b) The proposition to be voted on, as follows:

"Shall the Monterey Peninsula Water Management District begin to function and exercise its powers in accordance with the provisions of the Monterey Peninsula Water Management District Law?"

(c) A statement that the first elected directors will be elected at that election, and such directors will take office if a majority of the voters voting on the proposition vote that the district shall begin to function and exercise its powers.

SEC. 124. There shall be printed on the ballot, together with the names of the candidates for elected director, the following question: "Shall the Monterey Peninsula Water Management District begin to function and exercise its powers in accordance with the provisions of the Monterey Peninsula Water Management District Law?" following which question shall be the words "Yes" and "No" on separate lines, with a voting square at the right of each, in which the voter shall indicate by stamping a cross (+) his vote for or against the proposition.

If a majority of the voters voting on the proposition vote in its favor, the board of supervisors of the county shall canvass the returns

for directors and those five persons receiving the highest number of votes shall be declared elected. The district shall begin to function and shall exercise its powers, and the board of supervisors of the county within 15 days after the election, shall by resolution enter on its minutes a declaration that the district has begun to function and exercise its powers, giving the name of the district, the purposes for which it is formed, and describing its boundaries.

No informality in any proceedings, including informality in the conduct of any election not substantially affecting adversely the legal rights of any person, shall invalidate the organization of the district.

SEC. 125. If less than a majority of the votes cast at the election is in favor of the proposition that the agency should begin to function and exercise its powers, the board of supervisors of the county may call another election on the proposition upon the petition of 5 percent of the voters within the district.

CHAPTER 3. GENERAL PROVISIONS

SEC. 131. If any provision of this act or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to this end the provisions of this act are severable.

SEC. 132. The inclusion within the district of the corporate area, in whole or in part, of any public entity, shall not destroy the identity or legal existence nor impair the powers of such public entity, notwithstanding the identity of purpose, or substantial identity of purpose, of the district.

SEC. 133. The Monterey Peninsula Water Management District is hereby declared to be and is a body politic and corporate, and as such shall have, among others, the powers enumerated in this law and such other powers as the law may provide.

SEC. 134. The district, in order to determine the legality of its existence, in addition to any other remedy it may have for that purpose, may institute a proceeding therefor in the Superior Court of the State of California in and for the County of Monterey, by filing a complaint setting forth the name of the district, its exterior boundaries, the date of its organization, and a prayer that it be adjudged a legal district formed under this law. The summons in such proceeding shall be served by publishing a copy thereof in the district pursuant to Section 6064 of the Government Code. Within 30 days after the last publication of the summons shall have been completed, the state, any property owner or resident or registered voter in the district, or any person interested, may appear and answer such complaint, in which case such answer shall set forth the facts relied upon to show the invalidity of the district and shall be filed in such proceeding. If an answer be filed, the court shall proceed as in other civil cases. Such proceeding is hereby declared to be a proceeding in rem and the judgment rendered therein shall

be conclusive against all persons whomsoever and against the State of California. Appeals may be taken from such judgment in the same manner as in other civil cases. The procedure provided by this section shall be cumulative and not exclusive.

SEC. 135. The provisions of Chapter 6.6 (commencing with Section 54773) of Division 2 of Title 5 and of Chapter 1 (commencing with Section 56000) of Part 1 of Division 1 of Title 6 of the Government Code do not apply to the formation of the district or to the creation of any zone therein.

SEC. 136. The provisions of the Uniform District Election Law (Part 3 (commencing with Section 23500), Division 14, Elections Code), so far as they may be applicable, shall govern all general Monterey Peninsula Water Management District elections, and the provisions of the Elections Code, so far as they may be applicable shall govern all special Monterey Peninsula Water Management District elections, except as in this law otherwise provided.

PART 3. INTERNAL ORGANIZATION

CHAPTER 1. BOARD OF DIRECTORS

SEC. 201. All powers, privileges, and duties vested in or imposed on the district shall, except as otherwise provided, be performed by and through the board of directors.

SEC. 202. The board shall consist of seven members selected in accordance with this chapter.

SEC. 203. Five members shall be elected by the qualified electors in the district. One member shall be a member of the board of supervisors of the county residing in the district, appointed by such board of supervisors, serving at the pleasure of such board of supervisors, and serving ex officio. One member shall be the chief executive officer, mayor, or member of the governing body of a city which is a member unit who shall be appointed by the city selection committee of the county pursuant to the provisions of Article 11 (commencing with Section 50270) of Chapter 1 of Part 1 of Division 1 of Title 5 of the Government Code, serving at the pleasure of the appointing power, and serving ex officio.

SEC. 204. Each elected member of the board shall be a voter of the district.

SEC. 205. The term of office of each elective member of the board shall be four years, provided, however that the first five elective members shall, by lot, determine that two directors shall serve for two years and three directors for four years. A vacancy in the office of elected member of the board shall be filled pursuant to Section 1780 of the Government Code. The qualification of voters and the election of the elected members of the board shall be in accordance with the provisions of the Uniform District Election Law (Part 3 (commencing with Section 23500), Division 14, Elections Code) except as otherwise provided in this part.

SEC. 206. Each member of the board shall receive for each attendance at the meetings of the board the sum of thirty dollars ($30). No director, however, shall receive pay for more than three meetings in any calendar month. In addition to such compensation, each member shall be allowed his actual, necessary, and reasonable traveling expenses.

CHAPTER 2. ALTERNATE METHOD OF CONDUCTING ELECTIONS OF ELECTED MEMBERS OF THE BOARD

SEC. 221. The district may, by resolution adopted by a majority of the members of the board at least 140 days before the next general district election, be divided into as many divisions as there are elected members of the board. All directors thereafter elected shall be residents of their division and shall be registered voters at the time of their election and during their term of office.

SEC. 222. After the adoption of the resolution by the board to establish resident voting divisions in the district, the board of directors shall establish the boundaries of the divisions on the basis of equalizing as nearly as practicable the number of registered voters in each division. The board shall from time to time reestablish such boundaries on such basis. The creation or modification of divisions shall not affect the term of any director until his term shall expire.

SEC. 223. At the first election of directors following the adoption of the resolution by the board establishing resident voting divisions, the number of directors to be elected shall correspond with the number of directors whose terms expire. The directors whose terms have not expired shall serve their unexpired terms under the qualifications to hold office that existed prior to the adoption of the resolution establishing resident voting divisions. In such first election and in all subsequent elections, the form of the ballot and the conduct of the election shall be governed by the Uniform District Election Law for resident voting districts.

SEC. 224. Any actions taken by the board and any proceedings taken by the district in connection therewith, prior to the adoption of the resolution changing the method of voting, shall not be affected by such resolution.

CHAPTER 3. PROCEEDINGS

SEC. 251. The board shall hold its first meeting as soon as possible after the election of the first members of the board. The board shall elect one of its members chairman, and shall thereupon provide for the time and place of holding its meetings and the manner in which special meetings may be called upon adequate notice to the public. At the first meeting in the month of January of each year, or at the next meeting following the creation of a vacancy in the office of chairman, the board shall choose one of its members chairman and one of its members vice chairman.

SEC. 252. The chairman of the board shall preside at all meetings of the board. In the case of the absence or inability to act of the chairman or vice chairman, the members present shall by a resolution entered in the records of the board, select one of their number to act as temporary chairman. Any member of the board may administer oaths when necessary in the performance of his official duties.

SEC. 253. A majority of the members of the board shall constitute a quorum for the transaction of business. The board shall act only by ordinance, resolution, or motion. On all ordinances, the roll shall be called and the ayes and noes recorded in the records of the board. Resolutions and motions may be adopted by voice vote, but on demand of any member the roll shall be called. Except as otherwise provided in this act, no ordinance, resolution, or motion shall be passed nor become effective without the affirmative vote of the majority of the members of the board.

SEC. 254. Votes of the members of the board shall not be cast nor exercised by proxy.

SEC. 255. The board may appoint a secretary, treasurer, attorney, chief engineer, general manager, and auditor as officers of the district or may contract with any other public entity for the performance of such duties or services of the district as are carried out by the officers and employees for such other public entity to the extent necessary to carry out the provisions of this act. The board shall define the duties and fix the compensation of such officers appointed by the board and each shall serve at the pleasure of the board. Such officers may be authorized by the board to employ or contract for the services of such additional assistants and employees as they may deem necessary to efficiently maintain and operate the administration of the district. The board may consolidate the offices of secretary and treasurer and the offices of chief engineer and general manager.

SEC. 256. The board may by ordinance adopt reasonable rules and regulations to carry out its powers and duties not inconsistent with this or any other law, and may amend, suspend, or repeal such rules and regulations at pleasure.

SEC. 257. No informality in any proceeding not substantially adversely affecting the legal rights of any citizen shall be held to invalidate the legal existence of the district and all proceedings in respect thereto shall be held to be valid and in every respect legal and incontestable.

SEC. 258. The board may delegate and redelegate the exercise of any and all executive, administrative, and ministerial powers to any of the officers appointed or contracted for pursuant to Section 255, except as otherwise provided by this law.

SEC. 259. The board shall fix the location of the principal place of business of the district and the location of all offices and departments maintained thereunder.

SEC. 260. The board may delegate and redelegate by ordinance

to the officers of the district, under such conditions and restrictions as shall be fixed by the board, the power to bind the district by contract.

SEC. 261. The board may require and fix the amount of all official bonds of all officers and employees necessary for the protection of the funds and property of the district.

SEC. 262. The board may prescribe, by ordinance, a personnel system.

SEC. 263. The board may prescribe a method of auditing and allowing or rejecting claims and demands.

SEC. 264. The board may provide by ordinance for the pensioning of officers or employees and the creation of a special fund for the purpose of paying such pensions, and the accumulation of contributions to the fund from the revenues of the district, the wages of officers or employees, voluntary contributions, gifts, donations, or any source of revenue not inconsistent with the general powers of the board, and to contract with any insurance corporation or any other insurance carrier for the maintenance of a service covering the pension of such officers or employees, and to provide in such ordinance for the terms and conditions under which such pensions shall be awarded, and for the time and extent of service of officers or employees before such pensions shall be available to them.

SEC. 265. The board shall designate a depository or depositories to have the custody of funds of the district. All funds of the district deposited with any depository shall be secured as required by law. Each such depository shall pay the warrants drawn by the treasurer for demands against the agency under such rules as the board may prescribe.

CHAPTER 4. PROHIBITIONS

SEC. 281. Except as provided in Section 283, no director, officer, or employee of the district shall in any manner be interested, directly or indirectly, in any contract or instrument to which the district is a party or in the benefits derived therefrom.

SEC. 282. A violation of Section 281 is a misdemeanor.

SEC. 283. The holding of an interest in a contract or instrument to which the agency is a party by a director, officer, or employee, or his derivation of benefit therefrom, shall not invalidate the contract or instrument, or constitute a violation of any law, in any of the following cases:

(a) If the director or other officer or employee owns or controls, directly or indirectly, not more than 5 percent of the outstanding stock or securities of any corporation which is a party to such contract or instrument.

(b) If the contract or instrument is entered into pursuant to the provisions of any ordinance or regulation of the agency of uniform application, and such ordinance or regulation was effective prior to the execution of such contract or instrument.

(c) If the contract is with a member entity and the director or other officer or employee of the agency is also a director, officer or employee of such member entity.

SEC. 284. The provisions of this chapter do not supersede, but are supplementary to and complement other applicable provisions of law.

SEC. 302. The district shall have perpetual succession.

SEC. 303. The district may adopt a corporate seal and alter it at pleasure.

SEC. 304. The district may do any of the following:

(a) Enter into contracts, employ and retain personal services. The board may cause construction or other work to be performed or carried out by contracts or by the district under its own supervision.

SEC. 305. The district may borrow money and incur indebtedness and issue bonds or other evidence of such indebtedness as provided in this law.

SEC. 306. The district may levy and collect taxes and assessments upon land and improvements to land within the district for the purposes of carrying on the operations and paying the obligations of the district, except that such taxes and assessments for the administration of the district, levied pursuant to Section 701, and exclusive of any zone tax or assessment levied pursuant to Section 437, exclusive of any tax or assessment levied pursuant to Section 533, exclusive of any tax or assessment levied to meet the bonded indebtedness of such district or any zone thereof and the interest thereon, exclusive of any tax or assessment levied to meet any obligation to the United States, and exclusive of any tax or assessment levied to meet any obligation to the state pursuant to Section 11652 of the Water Code, shall not exceed ten cents ($0.10) on each one hundred dollars ($100) of assessed valuation of such taxable property. The term "tax or assessment levied to meet the bonded indebtedness of such district or any zone thereof and the interest thereon" as used in this section shall also include, but shall not be limited to, any tax

or assessment levied pursuant to Section 681 to pay the principal of, or interest on, bond anticipation notes and any tax or assessment levied under the provisions of any resolution or ordinance providing for the issuance of bonds of the agency to pay, as the same shall become due, the principal of any term bonds which under the provisions of such resolution or ordinance are to be paid and retired by call or purchase before maturity with moneys set aside for that purpose.

SEC. 307. The district may issue bonds, borrow money, and incur indebtedness as authorized by law or this law, may refund such bonds, loans, or indebtedness by the issuance of refunding obligations following the same procedure if authorized by law or this law, and may retire any indebtedness or lien that validly exists against the district or its property.

SEC. 308. The district shall have the power by resolution or ordinance to adopt regulations respecting the exercise of its powers and the carrying out of its purposes, and to fix and collect rates and charges for the providing or the availability of any service it is authorized to provide or make available or for the sale, lease, or other disposition of water or other product of its works or operations, including standby charges and connection charges.

SEC. 309. The district shall have the power to plan, finance, acquire, construct, operate, and maintain facilities for the collection, transmission, treatment, reclamation, reuse, and disposal of sewage, waste, and storm water.

SEC. 310. The district may reimburse the county for any funds expended by the county in investigations, elections, other acts incidental to the establishment of the district, or for services performed for the district by the county.

CHAPTER 2. WATER

Article 1. Water Supply, Control, and Distribution

SEC. 325. The district shall have the power as limited in this law to do any and every lawful act necessary in order that sufficient water may be available for any present or future beneficial use or uses of the lands or inhabitants within the district, including, but not limited to, irrigation, domestic, fire protection, municipal, commercial, industrial, recreational, and all other beneficial uses and purposes.

SEC. 325.5. To the extent feasible, the district policy shall require development of the water sources within the district boundaries before utilizing water originating outside its boundaries.

SEC. 326. The district shall have the power:

(a) To sell, lease or otherwise dispose of water or any rights to the use of the works of the district subject to the provisions of Section 329.

(b) To fix, revise, and collect rates and charges for the services, facilities, or water furnished by it.

(c) To establish rules and regulations, consistent with the provisions of law and the rules and regulations of the state and county health officials, to protect the public health in the operation of the works, to provide for the sale, distribution, and use of water, and the services and facilities of the works, to provide that service, facilities, or water shall not be furnished to persons against whom there are delinquent charges, and to provide for charges for the restoration of service.

(d) To provide that charges for any of its services or facilities may be collected together with, and not separately from, the charges for other services or facilities rendered by it, or it may contract that all such charges be collected by any other private or public utility, and that such charges be billed upon the same bill and collected as one item.

(e) To provide that if all or part of a bill is not paid, the agency may discontinue any or all services or facilities for which the bill is rendered.

(f) To provide for the collection of charges. Remedies for their collection and enforcement are cumulative and may be pursued alternatively or consecutively as determined by the board.

(g) To provide for a basic penalty of not more than 10 percent for nonpayment of the charges within the time and in the manner prescribed by it, and, in addition, to provide for a penalty of not exceeding one-half of 1 percent per month for nonpayment of the charges and basic penalty. The district may provide for the collection of such penalties.

(h) To provide for the collection of the charge and penalties by making the same a lien upon the real property and collectible at the same time and in the same manner as taxes and assessments are so collected upon such real property.

SEC. 327. The district shall have the power to control the flood and storm waters of the district and the flood and storm waters of streams that have their sources outside of the district, which streams and floodwaters flow into the district, and to conserve such waters for beneficial and useful purposes of the district by spreading, storing, retaining, and causing to percolate into the soil within or without the district, or to save or conserve in any manner all or any of such waters and protect from damage from such flood or storm waters the watercourses, watersheds, public highways, life and property in the district, and the watercourses outside of the district of streams flowing into the district.

SEC. 328. The district shall have the power:

(a) To acquire public or private water systems necessary or proper to carry out the purposes of this law.

(b) To store water in surface or underground reservoirs within or outside of the district for the common benefit of the district.

(c) To conserve and reclaim water for present and future use within the district.

(d) To appropriate and acquire water and water rights, and

import water into the district and to conserve and utilize, within or outside of the district, water for any purpose useful to the district.

(e) To commence, maintain, intervene in, defend or compromise, in the name of the district on behalf of the landowners therein, or otherwise, and to assume the costs and expenses of any action or proceeding involving or affecting the ownership or use of waters or water rights, within or without the district, used or useful for any purpose of the district or of common benefit to any land situated therein, or involving the wasteful use of water therein.

(f) To commence, maintain, intervene in, defend, and compromise and to assume the cost and expenses of any and all actions and proceedings now or hereafter begun.

(g) To prevent interference with or diminution of, or to declare rights in, the natural flow of any stream or surface or subterranean supply of waters used or useful for any purpose of the disrict or of common benefit to the lands within the district or to its inhabitants.

(h) To prevent unlawful exportation of water from the district.

(i) To prevent, control, or abate waste, contamination, pollution, or otherwise rendering unfit for beneficial use, the surface or subsurface water used in or useful to the district or its inhabitants, and to commence, maintain, and defend actions and proceedings to prevent any such interference with such waters as may endanger or damage the inhabitants, lands, or use of water in, or flowing into, the district

(j) Notwithstanding any provision of this section to the contrary, the district shall have no power to intervene or take part in, or to pay the cost or expenses of, actions or controversies between the owners of lands or water rights which do not affect the interests of the district.

SEC. 329. Any water or rights to the use of the works of the district for the conservation, control, reclamation, or transportation of water may be sold, leased, or otherwise transferred by the district to member units, and the agency may fix and collect rates and charges for such purposes. The district may transfer such water or the use of district works to other than member units for use in or outside the district upon a temporary or short-term basis upon a finding by the board that such water or works exceed the needs of member units. Each contract for or sale of surplus water or the use of water facilities or other works of the district shall expressly state that the sale, disposition, or use is subject to the prior right to the use of such water, facilities, or other works of the district by or for the inhabitants of the district or for member units.

The provisions of this section shall not prevent the collection, treatment, reclamation, or disposal of sewage for other than inhabitants of the district or member units.

SEC. 330. The district may provide, sell, and deliver water and water service to the United States or to the state for any use or purpose pursuant to contract therefor. Such contract may be for permanent service, but shall provide for the furnishing of such water

or water service upon terms and conditions and at rates which will apportion an equitable share of the capital cost and operating expense of the district's works to the contractee.

SEC. 331. The district may provide, sell, and deliver surplus water not needed or required for domestic, municipal, irrigation, or fish and wildlife and recreation uses in the district for beneficial use, but shall give preference to uses within the district. Surplus water supplied by the district, whether by contract or otherwise, shall always be subject to discontinuance, in whole or in part, upon the determination, upon notice and hearing and the declaration by resolution adopted by a majority vote of the members of the board, that such water is needed or required for domestic or municipal uses within the district.

SEC. 332. Upon notice, hearing, and by ordinance duly adopted by the board, the district may restrict the use of district water during any emergency caused by drought, or other threatened or existing water shortage, and to prohibit the wastage of district water, or the use of district water during such periods, for any purpose other than household uses or such other restricted uses as may be determined to be necessary by the board. During such periods the district may prohibit the use of district water for specific uses which the district may from time to time find to be nonessential. Every ordinance adopted pursuant to this section shall be published pursuant to Section 6061 of the Government Code within 10 days after adoption in a newspaper of general circulation in the district published in the county.

Article 2. Ground Water Management

SEC. 341. The district shall encourage the coordination and integration of ground water supplies with surface water supplies and for such purposes shall have the additional powers provided in this article.

SEC. 342. Unless the context otherwise requires, the definitions of this section shall govern the construction of this article:

(a) "Person," "owner" or "operator" means public entities as defined in Section 8, private corporations, firms, partnerships, individuals or groups of individuals, whether organized or not; "owner" or "operator" also means the person to whom a water-producing facility is assessed by the county assessor, or, if not separately assessed, the person who owns the land upon which a water-producing facility is located.

(b) "Ground water" means nonsaline water beneath the natural surface of the ground, whether or not flowing through known and definite channels; "nonsaline water" means water which has less than 1,000 parts of chlorides to 1,000,000 parts of water, both quantities measured by weight.

(c) "Production" or "producing" means the extraction or extracting of ground water, by pumping or any other method, from

shafts, tunnels, wells (including, but not limited to, abandoned oil wells), excavations, or other sources of such ground water, for domestic, municipal, irrigation, industrial, or other beneficial use, except that such terms shall not mean or include the extraction of ground water produced in the construction or reconstruction of a well for, or water incidentally produced with, oil or gas in the production thereof, or water incidentally produced in a bona fide mining or excavating operation, or water incidentally produced in the bona fide construction of a tunnel, unless the ground water so extracted shall be used or sold by the producer for domestic, municipal, irrigation, industrial, or other beneficial purpose.

(d) "Water-producing facility" means any device or method, mechanical or otherwise, for the production of water from the ground water supplies within the district or a zone thereof.

(e) "Water year" means July 1 of one calendar year to June 30 of the following calendar year.

(f) "Agricultural water" means water first used on lands in the production of plant crops or livestock for market.

SEC. 343. The board shall have the power, in addition to the powers enumerated elsewhere in this law, to levy and collect a ground water charge for the production of water from the ground water supplies within a zone or zones of the district which will benefit from the augmentation of underground water supplies or the distribution of imported water in such zone or zones.

SEC. 343.5. Nothing in this law shall be construed to allow the district to levy or collect any charge against any land overlying a ground water basin for the production of water naturally occurring in the ground water basin for use on his or her overlying land.

SEC. 344. Prior to the establishment of any ground water charge, the board shall establish a zone or zones within the district within which the ground water charge will be effective. The zone or zones shall be established and may be amended to the extent and in the manner prescribed in Chapter 8 (commencing with Section 431).

SEC. 345. Ground water charges levied pursuant to this law are declared to be in furtherance of district activities in the protection and augmentation of the water supplies for users within a zone or zones of the district which are necessary for the public health, welfare, and safety of the people of this state. The ground water charges are authorized to be levied upon the production of ground water from all water-producing facilities, whether public or private, within such zone or zones of the district for the benefit of all who rely directly or indirectly upon the ground water supplies of such zone or zones and water imported into such zone or zones.

SEC. 346. The proceeds of ground water charges levied and collected upon the production of water from ground water supplies within such zone or zones of the district are authorized and shall be used exclusively by the board for the following purposes:

(a) To pay the costs of constructing, maintaining, and operating facilities which will import water into the district which will benefit

such zone or zones, including payments made under any contract between the district and the State of California, the United States of America, or any public, private or municipal utility.

(b) To pay the costs of purchasing water for importation into such zone or zones, including payments made under contract to the State of California, the United States of America, or any public, private or municipal utility.

(c) To pay the costs of constructing, maintaining and operating facilities which will conserve or distribute water within such zone or zones, including facilities for ground water recharge, surface distribution, and the purification and treatment of such water.

(d) To pay the principal or interest of any bonded indebtedness or other obligations incurred by the district on behalf of such zone or zones for any of the purposes set forth in this section.

The district may apply to any one or more of the purposes set forth in this section any or all revenues received by the district from water sale contracts executed by the district pursuant to this law.

SEC. 347. Within six months after the date of establishing any such zone or zones, all water-producing facilities located within the boundaries of such zone or zones shall be registered with the district and, if required by the board, measured with a water-measuring device satisfactory to the district installed by the district or at the district's option by the operator thereof. Any new water-producing facility, constructed or reestablished, or any abandoned water-producing facility which is reactivated, after such date, shall be registered with the district and, if required by the board, measured with a water-measuring device satisfactory to the district within 30 days after the completion or reestablishment, or reactivation thereof.

SEC. 348. Failure to register any water-producing facility, as required by this law, is a misdemeanor punishable by a fine of not to exceed five hundred dollars ($500).

SEC. 349. The district may prescribe the form for registration of such water-producing facilities, and shall include a requirement for information as to the owner or owners of the land upon which each water-producing facility is located, a general description and location of each water-producing facility, the name and address of the person charged with the operation of each water-producing facility, and the name or names and addresses of all persons owning or claiming to own an interest in the water-producing facility.

SEC. 350. The district shall annually prepare a written report upon the activities of the district in the protection and augmentation of the water supplies of the district. The report shall include, but not be limited to, the following information:

(a) A financial analysis of the water utility systems of the district.

(b) An analysis of the present and future water requirements of the district, the water supply available to the district, and the requirements for future capital improvements, and the requirements for maintenance and operation.

(c) The methods available for financing such future requirements.

(d) A recommendation as to whether or not a ground water charge should be levied in any zone or zones of the district during the ensuing water year.

(e) The proposed rates for agricultural water and for water other than agricultural water for each such zone in which a ground water charge is recommended.

SEC. 351. On the second Tuesday in February of each year the annual report shall be delivered to the clerk of the district. The clerk shall publish, pursuant to Section 6061 of the Government Code, a notice of the receipt of such report and of the public hearing to be held on the second Tuesday in March in a newspaper of general circulation published or circulated within the district, at least 10 days prior to the date at which the public hearing regarding such report shall be held. Such notice, among other information which the district may provide therein, shall contain an invitation to all operators of water-producing facilities within the district and to any person interested in the district's activities in the protection and augmentation of the water supplies of the district to call at the offices of the district to examine such report. There shall be held on the second Tuesday of March of each year, in the chambers of the board, a public hearing at which time any operator of a water-producing facility within the district, or any person interested in the district's activities in the protection and augmentation of the water supplies of the district, may in person, or by representative, appear and submit evidence concerning the subject of such written report.

SEC. 352. Prior to the end of the water year in which the hearing is held, and based upon the findings and determinations from the hearing, the board shall determine whether or not a ground water charge should be levied in any zone or zones. If the board determines that a ground water charge should be levied, it shall levy, assess, and affix such charge or charges against all persons operating ground water-producing facilities within such zone or zones during the ensuing water year. The charge shall be computed at a fixed and uniform rate per acre-foot for agricultural water, and at a fixed and uniform rate per acre-foot for all water other than agricultural water. Different rates may be established in different zones; provided, however, that in each zone the rate for agricultural water shall be fixed and uniform and the rate for water other than agricultural water shall be fixed and uniform.

Any ground water charge levied pursuant to this section shall be in addition to any general tax or assessment levied within the district or any zone or zones thereof.

Clerical errors occurring or appearing in the name of any person or in the description of the water-producing facility where the production of water therefrom is otherwise properly charged, or in the making or extension of any charge upon the records which do not affect the substantial rights of the assessee or assessees, shall not invalidate the ground water charge.

SEC. 353. The district, after the levying of the ground water charge, shall give notice thereof to each owner or operator of each water-producing facility in the zone or zones as disclosed by the records of the district, which notice shall state the rate for each class of water of the ground water charge for each acre-foot of water to be produced during the ensuing water year. The notice may be sent by postal card or by other first-class mail and with postage prepaid by the district.

SEC. 354. After the establishment of a zone in which a ground water charge may be levied, each owner or operator of a water-producing facility within such zone, until such time as such water-producing facility has been permanently abandoned, shall file with the district, on or before the 31st day of January and on or before the 31st day of July in each year, a statement setting forth the total production in acre-feet of water for the preceding six-months period (excluding the month in which the statement is due), a general description or number locating each water-producing facility, the method or basis of the computation of such water production, and the amount of the ground water charge based on such computation. If no water has been produced from such water-producing facility during the preceding six-months period, such statement shall be filed as provided for herein, setting forth that no water has been produced during such period. Such statement shall be verified by a written declaration that it is made under the penalties of perjury. The ground water charge is payable to the district on or before the last date upon which the water production statements shall be filed, and is computed by multiplying the production in acre-feet of water for each classification as disclosed in the statement by the ground water charge for each classification of water. At such time as any such water-producing facility has been permanently abandoned, the operator thereof shall give written notice of such abandonment to the district. If any operator of a water-producing facility shall fail to pay the ground water charge when due, the district shall charge interest at the rate of 1 percent each month on the delinquent amount of the ground water charge. The ground water charge and any interest or penalties thereon shall be collected as provided in Section 723 and as provided in this article.

Should any owner or operator of a water-producing facility fail to register each water-producing facility, or fail to file the water production statements as required by this law, the district shall, in addition to charging interest as provided herein, assess a penalty charge against such owner or operator in an amount of 10 percent of the amount found by the district to be due. The board may adopt regulations to provide that in excusable or justifiable circumstances such penalty may be reduced or waived.

When a water-measuring device is permanently attached to a water-producing facility, the record of production as disclosed by such water-measuring device shall be presumed to be accurate and shall be used as the basis for computing the water production of the

water-producing facility in completing the water production statement, unless it can be shown that the water-measuring device is not measuring accurately.

When a water-measuring device is not permanently attached to a water-producing facility, the board may establish a method or methods to be used in computing the amount of water produced from such water-producing facilities.

Such methods may be based upon any, or all, or a combination of some of the following criteria: the minimum charge sufficient to cover administrative costs of collection, size of water-producing facility discharge opening, area served by the water-producing facility, number of persons served by the water-producing facility, use of land served by the water-producing facility, crops grown on land served by the water-producing facility, or any other criteria which may be used to determine with reasonable accuracy the amount of water produced from such water-producing facility.

SEC. 355. Upon good cause shown, an amended statement of water production may be filed or a correction of the records may be made at any time prior to the final date for filing the next semiannual water production statement; provided, that if pursuant to Section 358, the owner or operator has been notified of a determination by the district that the production of water from the water-producing facility is in excess of that disclosed by the sworn statement covering such water-producing facility, and such owner or operator fails to protest such determination in the manner and in the time set forth in Section 358, he shall be precluded from later filing an amended water production statement for that period for such water-producing facility.

SEC. 356. The district shall prepare each year a record called "The Record of Water Production and Ground Water Charges" in which shall be entered a general description of the property upon which each water-producing facility is located, an identifying number or code which is assigned to such facility, the annual water production for each class of water produced from each water-producing facility, and the ground water charge for each class of water.

SEC. 357. The superior court in and for the County of Monterey may issue a temporary restraining order prohibiting operation of any water-producing facility upon the filing by the district with such court of a petition or complaint setting forth that the person named therein as defendant is the operator of a water-producing facility which has not been registered with the district, or that such defendant is delinquent in the payment of a ground water charge. Such temporary restraining order shall be returnable to such court on or before 10 days after its issuance.

The court may issue and grant an injunction restraining and prohibiting the named defendant from the operation of any water-producing facility when it is established at the hearing that the defendant has failed to register such water-producing facility with the district, or that the defendant is delinquent in payment of ground

water charges thereon. Such court may provide that the injunction so made and issued shall be stayed for a period not to exceed 10 days to permit the defendant to register the water-producing facility or to pay the delinquent ground water charge.

Service of process is completed by posting a copy of the summons and complaint upon the water-producing facility or the parcel of land upon which it is located and by personal service upon the named defendant.

The right to proceed for injunctive relief granted herein is an additional right to those which may be provided elsewhere in this law or otherwise allowed by law. The procedure provided in Chapter 3 (commencing with Section 525), Title 7, Part 2, of the Code of Civil Procedure, regarding injunctions shall be followed except insofar as it may herein be otherwise provided. The district shall not be required to provide an undertaking or bond as a condition to granting injunctive relief

SEC. 358. If the district has probable cause to believe that the production of water from any water-producing facility is in excess of that disclosed by the sworn statements covering such water-producing facility, or if no statements are filed covering any water-producing facility, the district may cause an investigation and report to be made concerning the production of water from each such water-producing facility. The district may fix the amount of water production from any such water-producing facility at an amount not to exceed the maximum production capacity of such water-producing facility; provided, however, where a water-measuring device is permanently attached thereto, the record of production, as disclosed by such water-measuring device, shall be presumed to be accurate.

After such determination has been made by the district, a written notice thereof shall be mailed to the person operating such water-producing facilities at his address as shown by the district's records. Any such determination made by the district shall be conclusive on all persons having an interest in such water-producing facility, and the ground water charge, interest and penalties thereon, shall be paid forthwith, unless such person files with the board within 15 days after the mailing of such notice, a written protest setting forth the ground or grounds for protesting the amount of production so fixed. Upon the filing of such protest, the board thereafter shall hold a hearing at which time the total amount of the water production and the ground water charge thereon shall be determined, which shall be conclusive if based upon substantial evidence. If the water production statement was filed and the amount disclosed thereon was paid within the time required by this law, and the board finds that the failure to report the amount of water actually produced resulted from excusable or justifiable circumstances, the board may waive the charge of interest on the amount found to be due. A notice of such hearing shall be mailed to the protestant at least 10 days before the date fixed for the hearing. Notice of the determination by

the board shall be mailed to each protestant, who shall have 20 days from the date of mailing to pay the ground water charge, interest, or penalties provided by the provisions of this act.

Notice as required in this section shall be given by deposit thereof in any postal facility regularly maintained by the government of the United States in a sealed envelope with postage paid, addressed to the person on whom it is served at his name and address as disclosed by the records of the district. The service is complete at the time of deposit.

SEC. 359. The district may bring a suit in the court having jurisdiction against any operator of a water-producing facility within the district for the collection of any delinquent ground water charge. The court having jurisdiction of such suit, may, in addition to allowing recovery of costs to the district as allowed by law, fix and allow interest and penalties as provided in Section 354 as part of the judgment. Should the district, as a provisional remedy in bringing such suit, seek an attachment against the property of any named defendant therein, the district shall not be required to provide a bond or undertaking as is otherwise provided for in Title 6.5 (commencing with Section 483.010), Part 2, of the Code of Civil Procedure.

SEC. 360. It shall be unlawful to produce water from any water-producing facility required to be registered pursuant to the terms of this article unless such water-producing facility has been registered with the district within the time required by the provisions of this article and, if required by the board, has a water-measuring device affixed thereto capable of registering the accumulated amount of water produced therefrom.

Violation of this provision shall be punishable by a fine not to exceed five hundred dollars ($500). Each day of operation in violation hereof shall constitute a separate offense.

SEC. 361. Any person who injures, alters, removes, resets, adjusts, manipulates, obstructs, or in any manner interferes or tampers with, or procures or causes or directs any person to injure, alter, remove, reset, adjust, manipulate, obstruct, or in any manner interfere or tamper with, any water-measuring device affixed to any water-producing facility as required by this law, so as to cause such water-measuring device to improperly or inaccurately measure and record such water production, or any person who willfully does not file with the district a water production statement as prescribed and within the time required by this law, or any person who willfully removes or breaks a seal attached to an abandoned water-producing facility, or any person who, with intent to evade any provision or requirement of this law, files with the district any false or fraudulent water production statement is guilty of a misdemeanor and is punishable by a fine not to exceed five hundred dollars ($500), or imprisonment in the county jail not to exceed six months, or by both such fine and imprisonment.

SEC. 362. In implementing the enforcement of the provisions of

this law relating to ground water charges, the district shall have the power, in addition to the powers enumerated elsewhere in this act:

(a) To install and maintain water-measuring devices, and other devices which will aid in determining accurate water production, on water-producing facilities not owned by the district.

(b) To affix seals to water-producing facilities which the owner or operator thereof has declared to be abandoned, or are in fact permanently abandoned.

(c) To enter on to any land for the purposes enumerated in this section and for the purpose of making investigations relating to water production. For such purposes, any authorized representative of the district, upon presentation of his credentials, or, if necessary under the circumstances, after obtaining an inspection warrant pursuant to Title 13 (commencing with Section 1822.50) of Part 3 of the Code of Civil Procedure, shall have the right of entry to any premises on which a water-producing facility is located for the purpose of inspecting such facility, including verifying accuracy of water-measuring devices or any records required to be maintained in connection therewith by federal, state, or local law, order, ordinance, regulation, or rule.

SEC. 363. No person, owner, or operator shall establish, extend, expand, or create a water distribution system unless and until the approval of the board is first obtained in writing. For the purposes of such approval, the board may adopt such rules and regulations and establish such forms for such applications as are necessary and proper. The board may provide by ordinance for exceptions to the requirement for approval for systems furnishing domestic water to three or fewer parcels or lots in the district.

SEC. 364. The board may determine, in the manner provided in this law, the basin production percentage as defined in Section 20.

SEC. 365. The district may require that producers produce more or less of their total water needs from the ground water within the district than the basin production percentage determined by the district as provided in this article.

SEC. 366. The district may distribute water to persons in exchange for ceasing or reducing ground water extractions and to fix the terms and conditions of any contract under which producers may agree to use water from an alternative nontributary source in lieu of ground water, and to such end the district may become party to such contract and pay from the district funds such portion of the cost of waters from an alternative source as will encourage the purchase and use of such water in lieu of producing ground water, so long as the persons or property within the district are directly or indirectly benefited by the resulting replenishment.

In such cases, vested rights to underlying ground water may be protected as provided in Section 1005.1 or 1005.4 of the Water Code, and such sections are applicable, for this purpose, in the district.

Article 3. Recreational Facilities

SEC. 368. The district may construct, maintain, improve, and operate public recreational facilities appurtenant to any water reservoir operated or contracted to be operated by the agency, and to provide by ordinance regulations binding on all persons to govern the use of such facilities, including, among others, regulations imposing reasonable charges for the use thereof. Violation of any such regulation shall be a misdemeanor.

CHAPTER 3. SEWAGE, INDUSTRIAL WASTE, AND STORM WATER

SEC. 371. Subject to the provisions of Section 376, the district may plan, finance, acquire, construct, operate, and maintain, either inside or outside its boundaries or both, facilities for the collection, treatment, transmission, reclamation, or disposal of sewage, industrial waste, or storm water, or any combination thereof, delivered to it by its own facilities or by one or more of the member units. The board may prescribe, revise, and collect, or cause to be collected, rates or other charges for the services and facilites furnished by the district pursuant to this chapter, including charges for connecting to its facilities.

SEC. 372. The governing board of any member unit may raise the funds necessary to make the payments required by any agreement with the district, (a) by taxation as permitted by the law pursuant to which such member unit was formed, (b) by charging the users of the facilities of such member unit an amount sufficient to raise such funds, (c) by a combination of both, or (d) in any other method by which such member unit may legally raise such funds; provided, however, that if, to raise such funds by taxation along with all other taxes of such member unit, any member unit must (i) exceed any then applicable limit on the tax rate of such member unit, or (ii) levy a total tax which must by law be levied by ordinance subject to referendum, then such member unit shall raise a sufficient portion of such funds by method other than taxation so that the tax levied by such member unit does not come within clause (i) or (ii) of this section.

SEC. 373. Improvement zones may be formed by the board within the district as provided in this law for the equitable distribution of costs of the planning, financing, acquisition, construction, operation, and maintenance of the facilities for the services of the district provided pursuant to this chapter of benefit to a particular area.

SEC. 374. Any member unit may contract with the district for use by the district of any capital improvements theretofore constructed by the member unit and required by the district for any district purpose. Each such contract may provide that the district shall pay to the member unit owning such capital improvements an annual use charge on or before June 30 in each year of the use of such

capital improvements by the district. Such charge may be equal to the principal of and interest on bonds of the member unit issued to pay the cost of such capital improvements that will become due and payable in the 12 months beginning on the next succeeding July 1, and may include reimbursement to the member unit for the cost of such capital improvements paid from funds other than the proceeds of the sale of bonds, or a combination of both, and may take into consideration any other relevant factor.

SEC. 375. The provisions of this chapter are in addition to, and supplementary to, any other provisions of law or this law which authorize the district to provide sewage services for the benefit of the land and inhabitants therein.

SEC. 376. The district shall not acquire, construct, operate or maintain any facilities for the collection, treatment, transmission, reclamation or disposal of sewage pursuant to the chapter within the boundaries of a sanitation district except upon the written consent of such sanitation district. The provisions of this section are additional to the provisions of Section 132.

CHAPTER 4. PROPERTY

SEC. 391. The district shall have the power to take absolutely or on condition, by grant, purchase, gift, devise, or lease, with or without the privilege of purchasing, or otherwise, real and personal property of any kind, or any interest in real or personal property, within or without the district, necessary to the full exercise of its powers and to hold, use, enjoy, and to lease or dispose of the same subject to the limitations set forth in Section 398.

SEC. 392. The district shall have the power within or outside the district to construct, purchase, lease, or otherwise acquire works useful or necessary for any purposes authorized by this law and to purchase, lease, appropriate, or otherwise acquire water and water rights useful or necessary to make use of water for any purposes authorized by this law.

SEC. 393. The district shall have the power to operate, repair, improve, maintain, renew, replace, and extend all works and property of the district.

SEC. 394. The district shall have the power to carry on technical and other necessary investigations, make measurements, collect data, make analyses, studies, and inspections pertaining to water supply, water rights, control of flood and storm waters, control of sewage and garbage, control of water quality, and use of water both within and without the district. The district may cooperate with any public entity, the state, or the United States in carrying out the powers granted by this section.

SEC. 395. The district shall have the power to construct its pipes, pipelines, flumes, and tunnels and other conduits, including, among others, facilities for sewage collection and transmission lines along, under or across any public road, street, alley, avenue, highway, or

sidewalk, or across any stream of water, watercourse, railway, canal, ditch, or flume which the route of such pipes, pipelines, canals, flumes, tunnels, or other conduits may intersect or cross, except that such works shall be constructed in compliance with any applicable laws and in such manner as to afford security for life and property and the district shall restore at its own expense any such crossings and intersections to their former state as nearly as may be or to an extent which does not unnecessarily impair their usefulness. Every company, municipality, or public entity whose right-of-way shall be intersected or crossed by such pipes, pipelines, canals, flumes, tunnels, or other conduits shall unite with the district in forming such intersections and crossings and grant the rights therefor.

SEC. 396. There is hereby granted to the district the right-of-way for the location, construction, and maintenance of works authorized under the provisions of this law in, over, and across public lands of the state not otherwise disposed of or in use, but not in any case exceeding an area which is necessary for the construction of such works and adjuncts or for the protection thereof. Whenever any selection of a right-of-way for such works or adjuncts thereto is made by the district, the board shall transmit to the State Lands Commission, the State Controller and the recorder of the county in which the selected lands are situated, a plat of the lands selected, giving the extent thereof and the uses for which the same is claimed or desired, verified by the board. If the State Lands Commission approves the selection so made it shall endorse its approval upon the plat and issue to the district a permit to use such right-of-way and lands.

SEC. 397. The district shall have the power of eminent domain to acquire within the district any property necessary for carrying out the powers and purposes of the district, except that the district shall not have the power to acquire by condemnation publicly owned property held or used for the development, storage, or distribution of water for public use. In lieu of compensation and damages for the taking or damaging of any public utility facility which must be replaced by the public utility to provide service to the public equivalent to that provided by the facility taken or damaged, the district shall pay to the public utility owning such facility its actual cost incurred to replace in kind the facility so taken or damaged, less proper deductions for depreciation, together with its actual cost incurred to rearrange or rehabilitate the facilities of such public utility not taken or damaged but required to be rearranged or rehabilitated by reason of such taking or damaging.

SEC. 398. The legal title to all property acquired under the provisions of this law shall be in the district and shall be held for the uses and purposes of this law. The board may hold, use, acquire, manage, occupy, and possess such property and, after declaring by resolution entered in the minutes that any real or personal property held by the district is no longer necessary, may sell or otherwise dispose of such property, or lease the same, in the manner provided

by law for the disposition and sale of property by counties.

CHAPTER 5. CONTRACTS AND COOPERATION

SEC. 401. The district shall have the power to cooperate with the United States under the Federal Reclamation Act of June 17, 1902, and all acts amendatory thereof and supplementary thereto or any other act of Congress heretofore or hereafter enacted permitting cooperation or contracts for the purposes of construction of works, whether for irrigation, drainage, flood control, or otherwise to provide a supply of water within or without the district for any purpose, for the collection, treatment, reclamation, or disposal of sewage, for the collection, storage, treatment, separation, transportation, conversion, transfer, reclamation, processing, or disposal of solid waste, or for the acquisition, purchase, extension, repair, replacement, operation, and maintenance of such works, or for the assumption as principal or guarantee of indebtedness to the United States or to the state, or for the carrying out of any of the purposes of the district. For such purposes the district shall have, in addition to the powers set forth in this law, all powers, rights and privileges possessed by county water districts as set out in Part 5 (commencing with Section 31000) of Division 12 of the Water Code not inconsistent with the provisions of this law.

SEC. 402. All money collected in pursuance of contract with the United States shall be paid into the district treasury to the credit of the district and shall be held in a fund to be known as the "United States Contract Fund" to be used for payments due to the United States under the contract.

SEC. 403 The district may cooperate and act in conjunction and contract with the United States, the state, any public entity, public or private corporation, or any person for any of the following purposes:

(1) The purchase and sale of water.

(2) The acquisition of water, water rights, or a water supply.

(3) The construction of any works for the control of flood or storm waters in the district or for the protection of property, watersheds, watercourses, highways, and life.

(4) The construction of any works for the purpose of conserving, collecting, reclaiming, transporting, and protecting from contamination of any waters for beneficial uses and purposes in the district, including recreational uses, the collection, treatment, reclamation, or disposal of sewage, the collection, storage, treatment, separation, transportation, conversion, transfer, reclamation, processing, or disposal of solid waste and for the use, operation and management, and ownership of such works.

SEC. 404. The agency may make and perform any agreement with the United States, the state, any public entity, public or private corporation, or any person for the joint acquisition, disposition, operation, or management of any property, works, water, or water

supply of a kind which might be acquired, disposed of, or operated by the district.

SEC. 405. Any irrigation district, California water district, public utility district, municipal utility district, county water district, water conservation district, municipality, flood control district, county service district, or any other district or political subdivision of the state empowered by law to appropriate, deliver, treat, store, control, reclaim, conserve, or distribute water, or any other public entity may:

(a) Cooperate, act in conjunction with and enter into contracts with the district for all the purposes for which the district is empowered to cooperate or act in conjunction and contract with such entities.

(b) Carry out the terms of such contracts.

CHAPTER 6. CONTROVERSIES

SEC. 411. The district may sue and be sued, except as otherwise provided in this law or by any other law, in all actions and proceedings in all courts, commissions, boards, and tribunals of competent jurisdiction.

SEC. 412. Any action to determine the validity of any contract, any bonds, notes, or other evidences of indebtedness, or the levy of a special assessment shall be brought pursuant to Chapter 9 (commencing with Section 860) of Title 10 of Part 2 of the Code of Civil Procedure.

SEC. 413. All claims for money or damages against the district are governed by Part 3 (commencing with Section 900) and Part 4 (commencing with Section 940) of Division 3.6 of Title 1 of the Government Code, except as provided therein. Claims not governed thereby or by other statutes or by ordinances or regulations authorized by law and expressly applicable to such claims shall be prepared and presented to the board, and all claims shall be audited and paid, in the same manner and with the same effect as are similar claims made against a county.

CHAPTER 7. ZONES

SEC. 431. Subject to the provisions of Article 2 (commencing with Section 471) of Chapter 8 of this part, the board, by resolutions thereof adopted from time to time, may establish improvement zones within the district without reference to the boundaries of other zones, setting forth in such resolutions descriptions thereof by metes and bounds and entitling each of such zones by a zone number, and institute zone projects for the specific benefit of such zones. The board may, by resolution, amend the boundaries by annexing property to or by withdrawing property from such zones or may divide existing zones into two or more zones or may superimpose a new or amended zone on zones already in existence, setting forth in

such resolutions descriptions of the amended, divided, or superimposed zones by metes and bounds and entitling each of such zones by a zone number. Any territory in the district may be included within one or more improvement zones.

After a project has been approved at an election held pursuant to Section 474 of this act, the boundaries of the zone or zones approving the project shall not be changed, except as otherwise provided in this law.

SEC. 432. Proceedings for the establishment of a zone shall be conducted concurrently with and as a part of proceedings for the instituting of projects relating to such zone, which proceedings shall be instituted in the manner prescribed in this law.

SEC. 433. The boundaries of any proposed zone which includes any territory within a city shall be submitted to the city council of such city for approval before the final adoption of the boundaries of such zone by the board. If the city council does not approve the boundaries of the zone lying within the city, or including the city as a whole, the city council may approve realigned boundaries for the portion of the zone within the city. The board may then form the zone with such boundaries as have been approved by the city council, or the board shall exclude all land within such city from the zone.

SEC. 434. The board of directors may advance general funds of the district to accomplish the purposes of a zone formed in accordance with Section 431 or 476 and, if the zone is formed under Section 476, may repay the district from the proceeds of the sale of bonds authorized for such purpose, or if the zone is formed under Section 431 may, in the formation of such zone, provide that the district shall be repaid with interest at not to exceed 8 percent from the special taxes levied exclusively upon the taxable property in the zone.

SEC. 435. The board may, in any one year, levy taxes or assessments in any zone to pay the cost of carrying out any of the objects or purposes of this law performed or to be performed on behalf of the zone, including the constructing, maintaining, operating, extending, repairing, or otherwise improving any or all works or improvements established, or to be established, within, or on behalf of, the zone, according to the benefits derived, or to be derived, by the zone by either of the following methods:

(a) By a levy or assessment upon all real property within a zone or participating zone, including both land and improvements thereon.

(b) By a levy or assessment within a zone or participating zone, upon the land only.

SEC. 436. The board shall have the power, in any year, to levy and collect a special tax or assessment upon the real property in any zone, including both land and improvements thereon within such zone or participating zones, for the purpose of raising funds to make payments pursuant to any contract entered into with another public

entity pursuant to this act when the contract requires the public entity to perform work in any such specified zone or participating zones for its or their particular benefit and also requires the district to pay such public entity a sum of money in consideration or subvention for the performance of such work. The tax or assessment levied pursuant to this section shall be in addition to any other tax or assessment herein otherwise provided. No tax shall be levied or collected pursuant to this section unless the levy of such tax is approved by the voters of the district, by a majority vote of those voting on the proposition, at an election held within the district for such purpose.

SEC. 437. Each year at the time the board fixes and levies taxes or assessments for district purposes, it shall also fix the rates of zone taxes or assessments and shall levy the taxes or assessments upon the zone pursuant to Sections 702, 703, and 704. The zone rate shall be such as will produce, after allowance of not to exceed 15 percent for delinquencies, the amount required to meet the expenditures incident to the project or works of improvement for which the zone is established and the cost of the maintenance thereof, or both, during the current year. The tax or assessment in any one fiscal year shall not exceed an aggregate of twenty cents ($0.20) on each one hundred dollars ($100) of assessed valuation of the taxable property in the zone for any and all zone projects or works of improvement unless the excess is authorized at an election as provided in this section.

The taxes or assessments levied pursuant to this section shall be in addition to any other taxes or assessments provided by this law and shall be levied and collected at the same time and in the same manner as other district taxes and assessments. All funds collected by reason of the tax or assessment shall be expended only on behalf of the zone and only for the purpose for which the zone was formed as set forth in the notice of hearing on the proposal to establish the zone.

Whenever the board determines it is in the best interest of a zone to undertake a project or work which will require a rate of zone tax or assessment in excess of twenty cents ($0.20) on each one hundred dollars ($100) of assessed valuation of the taxable property in the zone, it may submit the proposition to the electors within the zone. The board shall, by resolution, call an election for the purpose of proposing the question to the voters of the zone as to whether or not the taxes or assessments in excess of twenty cents ($0.20) for each one hundred dollars ($100) of assessed valuation of the taxable real property in the zone shall be proposed within the zone, prescribing the notice, time, place, and manner of conducting the election in conformity, as nearly as practicable, with the provisions of the Elections Code governing general elections. An election is invalid unless held within the zone, and notice of the time, place, and purpose of the election has been given by publication in the agency pursuant to Section 6066 of the Government Code, and posted in not

less than three public places in the zone. If a majority of the votes cast favor such tax or assessment rate, the board may thereafter tax or assess not to exceed such new rate.

The taxes or assessments shall be levied and collected together with, and not separately from, taxes or assessments for district purposes, and the revenues derived from such taxes or assessments shall be paid into the district treasury to the credit of the district, or the respective zones thereof, and the board shall have the power to control and order the expenditure thereof for such purposes; provided, however, that no revenues, or portions thereof, which are derived in any of the several zones from the taxes or assessments levied under the provisions of this section shall be expended for constructing, maintaining, operating, extending, repairing, or otherwise improving any works or improvements located in any other zone, except in the case of joint projects or for projects authorized or established outside such zone, or zones, for the benefit thereof. In cases of projects which affect two or more zones, such zones shall become, and shall be referred to as, participating zones.

CHAPTER 8. PROJECTS AND WORKS

Article 1. Initiation and Hearings

SEC. 451. The board may employ competent registered civil engineers, under the supervision of the chief engineer, to investigate and carefully devise a plan or plans for the accomplishment of any of the purposes of this law, and to obtain such other information in regard thereto as may be deemed necessary or useful for carrying out the purposes of this law. The board may direct such engineer or engineers to make and file reports from time to time with the board.

The reports shall contain, among other things, the following:

(a) A general description of the work proposed to be done, together with general plans, profiles, cross sections, and general specifications relating thereto, on each project or work.

(b) A general description of the lands, rights-of-way, easements, and property proposed to be taken, acquired, or injured in carrying out such project or work.

(c) A map or maps which shall show the location and zones, as may be required, of each project or work, which shall show the lands, rights-of-way, easements, and property to be taken, acquired, or injured in carrying out such project or work, and which shall show any other information in regard to the project or work that may be deemed necessary or useful.

(d) An estimate of the cost of each project or work, including the cost of lands, rights-of-way, easements, and property proposed to be taken, acquired, or injured in carrying out such project or work, and all incidental expenses incurred or likely to be incurred in connection therewith, including legal, clerical, engineering, superintendence, inspection, printing, and advertising expenses.

The estimate shall also state the total amount of bonds, if any, necessary to be issued to pay for the project or work.

Such engineer or engineers shall, from time to time and as directed by the board, file with the board supplementary, amendatory, and additional reports and recommendations as necessity and convenience may require.

SEC. 452. The board shall determine which projects or works shall be carried out and shall determine as to each project or work that it is one of the following:

(a) For the common benefit of the district as a whole.

(b) For the benefit of participating zones.

(c) For the benefit of a single zone.

SEC. 453. The board may institute works or projects for single zones, and joint works or projects for participating zones, for the financing, construction, maintaining, operating, extending, repairing, or otherwise improving any work or improvement of common benefit to such zone or participating zones. For the purpose of acquiring authority to proceed with any such work or project, the board shall adopt a resolution specifying its intention to undertake such work or project, incorporating the engineering report or reports containing the estimates of cost of the work or project to be borne by the zone or participating zones. Such resolution shall also set forth whether bonds, taxes, or assessments are to be used to finance the work or project, and the amounts to be raised for the project. If taxes or assessments are to be used to finance the project, the resolution shall specify the procedure to be followed, provided in Section 435, in order to levy such taxes or assessments. Such resolution shall fix a time and place for public hearing on such resolution and shall refer to a map or maps showing the general location and general construction of such work or project Notice of the hearing shall be given by publication pursuant to Section 6066 of the Government Code in a newspaper of general circulation published or circulated in the zone or participating zones.

SEC. 454. At the time and place fixed for the hearing, or at any time to which such hearing may be continued, the board shall consider all written and oral objections to the proposed work or project, to the proposed methods and amounts of financing the work or project, and to the inclusion or exclusion of property within the proposed zone or participating zones.

If, in the judgment of the board, evidence given at the public hearing indicates that changes in the proposed work or project or the methods and amounts of financing the work or project are necessary or desirable, the board may, at the conclusion of the hearing, adopt a resolution making changes in the proposed work or project and the methods and amounts of financing the work or project.

At the conclusion of the hearing, unless the board abandons the proposed work or project, it shall exclude from the zone or participating zones all property which, in the judgment of the board, will not be benefited by the proposed work or project.

SEC. 455. If, prior to the conclusion of the hearing, a written protest against the proposed work or project which is signed by a majority in number of the holders of title to real property, or assessable rights therein, or evidence of title thereto, representing one-half or more of the assessed valuation of the real property within such zone or within any of the participating zones for which such work or project was initiated, be filed with the board, the proceedings relating to such work or project must be terminated and a new hearing shall be conducted before the board may proceed with the work or project. Such new hearing may not be held until at least six months following such termination.

SEC. 456. In all matters referred to in this chapter, the last equalized assessment roll of the County of Monterey next preceding the filing of the protest shall be prima facie evidence as to the ownership of real property, the names and number of the persons who are the holders of title or evidence of title, or assessable rights therein, and as to the assessed valuation of real property within the zone or within any of the participating zones for which the project was initiated.

SEC. 457. Executors, administrators, special administrators, and guardians may sign the protest provided for in this act on behalf of the estate represented by them. If the property is assessed in the name of such representatives, that fact shall establish the right of such representatives to sign the protest; if assessed in the name of the decedent, minor, or incompetent person, certified copies of the letters, or such other evidence as may be satisfactory to the board, must be produced.

Where real property appears to be owned in common or jointly or by a partnership, or where letters of representatives of decedents, minors, or incompetents are joint, only one of the owners or representatives or partners may sign the protest for all joint owners or representatives or partners; provided, the party claiming the right to protest for all produces the written consent of his co-owners or representatives or partners so to do, duly acknowledged by the consenting co-owners or representatives or partners in the manner that deeds of real property are required to be acknowledged to entitle such deeds to be recorded in the recorder's office of the county.

Where real property is assessed in the name of a trustee or trustees, such trustee or trustees shall be deemed to be the person entitled to sign the protest, and if assessed in the name of more than one trustee the right to sign the protest shall be determined in like manner as above provided with respect to co-owners.

The protest of any public or quasi-public corporation, private corporation, or unincorporated association may be signed by any person authorized by the board of directors or trustees or other managing body thereof, which authorization shall be in writing. A proxy executed by an officer or officers thereof, attested by its seal and duly acknowledged, shall constitute sufficient evidence of such

authority, and shall be filed with the board.

The owner of any real property or interest therein, appearing upon the assessment roll, which has been assessed in the wrong name or to unknown owners, or which has passed from the owner appearing as such on the last equalized assessment roll since the same was made, shall be entitled to sign the protest represented thereby, either by the production of a proxy from such former owner, or by furnishing evidence of his ownership by a conveyance duly acknowledged showing the title to be vested in the person claiming the right to sign the protest, accompanied by a certificate of a competent searcher of titles which certifies that a search of the official records of the county since the date of the conveyance discloses no conveyance or transfer out from the grantee or transferee named in the conveyance.

Where the real property has been contracted to be sold, the vendee shall be entitled to sign the protest unless such real property is assessed in the name of the vendor, in which event the vendor shall be entitled to so do.

The board shall be entitled to inquire and take evidence for the purpose of identifying any person claiming the right to sign the protest as being the person shown on the assessment roll or otherwise as entitled thereto. And, unless satisfactory evidence is furnished, the right to sign such protest may be denied.

Article 2. Work or Project Elections

SEC. 471. If the board determines to proceed with a work or project in a zone or participating zones after the conclusion of the public hearing, it shall call an election to be held in the zone or participating zones on the question of proceeding with the work or project. Such election shall be called by the adoption of a notice of election, which shall state the date of the election, the proposition to be voted upon, the hours the polls will be open, and shall designate the election precincts, the polling place within each precinct and the names of the election officers consisting of one inspector, one judge, and one clerk for each precinct. Only registered voters within the zone or participating zones shall be entitled to vote at such election.

SEC. 472. The notice of election shall be published or posted pursuant to the same procedure and time limits prescribed for giving notice of the public hearing pursuant to Section 453. No other notice of such election need be given nor need sample ballots or polling place cards be issued.

SEC. 473. The ballot for the election shall contain the following ballot measure:

Shall the proposed work or project for Zones No. __ in the Monterey Peninsula Water Management District be approved?	Yes ☐ No ☐

SEC. 474. The election shall be conducted as one election comprising all of the zones affected, rather than separately in each zone, and precincts established may comprise territory in more than one zone. If a majority of the voters voting upon the proposition are in favor of the work or project, the board may proceed with the project. Except when a majority of the voters voting are for the work or project, the board shall not proceed with the work or project unless it is later approved by the voters at a subsequent election called and conducted pursuant to this chapter. Such subsequent elections may be called by the board without conducting additional public hearings if the subsequent election is conducted not to exceed one year after the initial election at which the project was not approved by the majority of the voters.

SEC. 475. The election may be consolidated with any district, city, or county election or statewide primary or general election under the provisions of the Elections Code relating to the consolidation of elections and, in case of consolidation, the notice shall be as provided in the Elections Code.

SEC. 476. If the board determines that bonded indebtedness should be incurred to pay for any portion of the cost of a proposed work or project, the election required under this chapter shall be fully consolidated with the bond election without complying with the procedures for consolidation of elections set forth in the Elections Code, the procedures for calling and conducting the bond election shall be applicable to both elections, and both propositions shall be included on the ballot for such election. In the case of such a consolidated election, the ordinance required under Article 1 (commencing with Section 601) of Chapter 3 of Part 5 shall constitute the notice of election required under this chapter and shall contain the information required under this chapter. If a majority of the voters voting in all of the zones participating in the election, considering such zones as a single unit rather than separately, vote in favor of approving the project, but the bond election fails, the board may proceed to pay the costs of the project out of the taxes or assessments levied under this act or from other sources excluding bonds.

Article 3. Performance of Works

SEC. 491. Any improvement or unit of work, when the cost thereof according to the estimate of the engineer will exceed five thousand dollars ($5,000), shall be done by contract and shall be let

to the lowest responsible bidder or bidders in the manner hereinafter provided. The board shall first determine whether such contract shall be let as a single unit for the whole of the work, or shall be divided into severable convenient parts, or both, according to the best interests of the district. The board shall call for bids and advertise such call by publication pursuant to Section 6061.3 of the Government Code in a newspaper of general circulation published or circulated in the district inviting sealed proposals for the construction or performance of the improvement or work before any contract is made therefor. Such call for bids shall state whether such work is to be performed as a unit for the whole thereof or shall be divided into severable convenient specific parts, or both, as stated in the call. The board may let such work by single contract for the whole thereof as a unit or it may divide such work into severable convenient parts by separate contracts, as stated in such call, according to the best interests of the district.

SEC. 492. The board shall require the successful bidder or bidders to file with the board good and sufficient bonds to be approved by the board conditioned upon the faithful performance of the contract and upon the payment of their claims for labor and material in connection therewith. Such contracts shall be subject to the provisions of Title 15 (commencing with Section 3200) of Part 4 of Division 3 of the Civil Code.

SEC. 493. The board shall also have the right to reject any and all bids and readvertise for new bids, or by a two-thirds vote may elect to undertake such work by force account. When no proposals are received pursuant to advertisement therefor, or when the estimated cost of such work does not exceed the sum of five thousand dollars ($5,000), or when the work consists of channel protection, maintenance work, or emergency work necessary in order to protect life and property from impending damage, the board may, without advertising for bids therefor, have such work done by employees of the district by day labor under the direction of the board, by contract, or by a combination thereof. The district shall have the power to acquire in the open market without advertising for bids therefor, materials, equipment, and supplies for use in any work or for any other purpose; provided, however, that materials and supplies for use in any new construction work or improvement, except work referred to in the preceding sentence, may not be purchased if the cost thereof exceeds five thousand dollars ($5,000) without advertising for bids and awarding the contract therefor to the lowest responsible bidder.

SEC. 494. Any improvement for which bonds are approved in an election under the provisions of this law, shall be made in conformity with the report, plans, specifications, and map theretofore adopted, as provided in Article 1 (commencing with Section 451), except when the doing of any of such work described in such report is prohibited by law or is rendered contrary to the best interests of the district by some change of conditions in relation thereto subsequent

to the date of filing the report, plans, specifications, and map theretofore adopted, in which event the board may order necessary changes made in such proposed work or improvements and may cause any plans and specifications to be made and adopted therefor.

PART 5. FINANCES

CHAPTER 1. GENERAL

SEC. 501. The district may cause taxes to be levied and collected, in the manner hereinafter provided, for the purpose of paying any obligation of the district including its formation expenses and any warrants issued therefor and to accomplish the purposes of this act.

SEC. 502. The district shall have the power as provided in this law to borrow money, to incur indebtedness, to issue bonds or other evidence of such indebtedness, and to refund or retire any indebtedness or lien that may exist against the district or property thereof.

SEC. 503. All bonds, notes, or other evidence of indebtedness issued by the district shall be legal investments for all trust funds, and for the funds of all insurance companies, banks, both commercial and savings, and trust companies, and for the state school funds, and for all sinking funds under the control of the State Treasurer; and, whenever any moneys or funds by law now or hereafter enacted may be invested in, or loaned upon the security of, bonds of cities, cities and counties, counties, school districts, or municipalities in the State of California, such moneys or funds may be invested in, or loaned upon the security of, the bonds, notes of other evidence of indebtedness of the district; and, whenever bonds of cities, cites and counties, counties, or school districts, by any law now or hereafter enacted, may be used as security for the faithful performance or execution of any court or private trust or of any other act, bonds, notes, or other evidence of indebtedness of the district may be so used.

SEC. 504. All funds of the district shall be deposited in the district treasury, subject to disbursement as provided pursuant to the provisions of this law under the direction of the district auditor or such other fiscal officer as is appointed by the board of directors.

SEC. 505. The district may establish and maintain such separate funds and accounts as it deems necessary to carry out the separate purposes of this law, and the district may establish such additional separate funds as it shall from time to time determine.

The district may create and administer revolving funds to facilitate and assist in the carrying on and completing of any acquisition, work, or improvements provided for herein, and the district may abolish such funds.

SEC. 506. The district may make such transfers, for the purposes of a loan or permanently, from one fund to another fund of the district, as to its funds, or from one fund to another fund of a zone,

as to such zone, as the district shall determine.

SEC. 507. The district treasurer, or other fiscal officer, may invest any funds of the district in any security, debenture, bond, or deposit permitted and allowed for the investment of funds by the County of Monterey.

SEC. 508. The board may advance general funds of the district to accomplish the purposes of a zone or participating zones formed pursuant to this act.

SEC. 509. The board may repay the district for any advance of funds from the proceeds of the sale of bonds authorized for the purposes of the zone or participating zones.

CHAPTER 2. PROMISSORY NOTES

SEC. 531. The district may, by resolution adopted by the board, issue negotiable promissory notes pursuant to this section to acquire funds for any district purpose or purposes. Any issue of such promissory notes shall bear interest at a rate not exceeding 8 percent per year and shall mature over a period not exceeding five years from the date thereof. The aggregate principal amount of such notes outstanding at any one time shall not exceed the lesser of either five hundred thousand dollars ($500,000) or 1 percent of the assessed valuation of the taxable property in the district or, if the assessed valuation is not obtainable, 1 percent of the estimated assessed valuation of the taxable property in the district.

SEC. 532. The district may, by resolution adopted by the board, issue negotiable promissory notes pursuant to this section (in addition to promissory notes issued pursuant to Section 531) to bear interest at a rate not exceeding 8 percent per year and to mature over a period not exceeding five years from the date thereof. Such notes may be issued only if all of the following conditions precedent are met:

(a) Prior to the date of issuance of such notes, the district shall have entered into a contract or contracts with the United States or the state, or both, pursuant to which the United States or the state, or both, agree to grant or loan to the district moneys to pay all or part of the costs of the project or work for payment of the cost of construction of which such notes are issued.

(b) The district shall have authorized bonds pursuant to Section 476 or 606 in an aggregate principal amount which, when added to such grants or loans, has been calculated to be sufficient to complete such project or work and such bonds shall have been authorized for the purpose of payment of the cost of construction of such project or work.

Such notes may be issued only for the payment of a portion of the costs of a project or work specified in subdivision (a). The aggregate principal amount of such notes issued by the district at any time shall not exceed 40 percent of the aggregate sums which the United States and the state, or both, have agreed to pay to the district pursuant to

the contracts upon which the district relies for the issuance of such notes. Such notes shall be payable solely from sums paid to the district by the United States or the state, or both, pursuant to such contracts, or in the absence of such sums, from the proceeds of the sale of refunding notes issued pursuant to Section 533.

SEC. 533. In the event that sums agreed to be paid by the United States or the state, or both, are not paid to the district and received by it on or prior to a specified anniversary of the date of any notes issued pursuant to Section 532, which anniversary shall be specified in any notes issued pursuant to Section 532, and which anniversary shall be no less than six months prior to the date of maturity of such notes, the district shall issue negotiable promissory notes pursuant to this section to refund such notes issued pursuant to Section 532. Any issue of such refunding promissory notes shall bear interest at a rate not exceeding 8 percent per year and shall mature in annual installments of principal calculated to result in approximately equal annual payments of principal and interest over a period not exceeding 10 years from the date thereof. The aggregate principal amount of such notes at any time issued by the district shall not exceed (a) the aggregate principal amount of notes issued pursuant to Section 532 for the payment of which no funds have been received from the United States or the state, or both, by such specified anniversary date, plus (b) the interest thereon from the date thereof to the date of payment thereof. If notes issued pursuant to this section cannot be sold at public or private sale, such notes shall be delivered to the holder or holders of the notes issued pursuant to Section 532 as payment in full thereof and shall bear interest at 8 percent per year.

SEC. 534. All notes issued pursuant to Sections 531 and 533 shall be general obligations of the district and the principal thereof and interest thereon shall be payable from taxes or assessments levied and collected as provided in Chapter 4 (commencing with Section 701) of this part.

SEC. 535. The board shall, by resolution, provide for the form, terms, and execution of the notes, and shall provide for the sale of the notes for not less than their par value and accrued interest thereon upon such notice inviting sealed bids in such manner as the board may prescribe, which shall be after at least one publication of notice of such sale at least five days before such sale in a newspaper of general circulation published or circulated in the district in accordance with Section 6061 of the Government Code.

CHAPTER 3. BONDS

Article 1. Initiation of Proceedings and Election for Bonds

SEC. 601. Whenever the board determines that a bonded indebtedness should be incurred to pay the cost of any work or project in any zone or participating zones, the board may, by

resolution, determine and declare the respective amounts of bonds necessary to be issued in each zone in order to raise the amount of money necessary for each work or project and the denomination and the maximum rate of interest of such bonds. The board shall cause a copy of the resolution, duly certified by the clerk, to be filed for record in the Office of the Recorder of Monterey County within five days after its issuance. From and after the filing of the copy of such resolution the board shall be deemed vested with the authority to proceed with the bond election.

SEC. 602. After the filing for record of the resolution specified in Section 601, the board may call a special bond election in such zone or participating zones at which shall be submitted to the qualified electors of such zone or participating zones the question whether or not bonds shall be issued in the amount or amounts determined in such resolution and for the purpose or purposes therein stated. Such bonds and the interest thereon shall be paid from revenue derived from service, standby, and other charges in the affected zone and from annual taxes or assessments levied as provided in this act.

SEC. 603. The board shall call such special bond election by ordinance and submit to the qualified electors of such zone or participating zones the proposition of incurring a bonded debt in such zone or participating zones in the amount and for the purposes stated in such resolution and shall recite therein the objects and purposes for which the indebtedness is proposed to be incurred; provided, that it shall be sufficient to give a brief, general description of such objects and purposes, and refer to the recorded copy of such resolution, adopted by the board and on file, for particulars. The ordinance shall also state the estimated cost of the proposed work and improvements, the amount of the principal of the indebtedness to be incurred therefor, and the maximum rate of interest to be paid on such indebtedness, and shall fix the date on which such special election shall be held, and the form and contents of the ballot to be used. For the purposes of such election, the board shall in such ordinance establish special bond election precincts within the boundaries of each zone or participating zones and may form election precincts by consolidating the precincts established for general elections in the district to a number not exceeding six general precincts for each such special bond election precinct, and shall designate a polling place and appoint one inspector, one judge and one clerk for each of such special bond election precincts.

In all particulars not recited in such ordinance, such special bond election shall be held as nearly as practicable in conformity with the general election laws of the state.

SEC. 604. The board shall cause a map or maps to be prepared covering a general description of the work to be done, which map shall show the location of the proposed work or project, and shall cause such map to be posted in a prominent place in the offices of the agency for public inspection for at least 30 days before the date fixed for such election.

SEC. 605. The ordinance calling for a special bond election shall, prior to the date set for such election, be published in a newspaper of general circulation circulated in each zone or participating zones affected in accordance with Section 6064 of the Government Code. No other notice of such election need be given nor need sample ballots or polling place cards be issued.

SEC. 606. Any defect or irregularity in the proceedings prior to the calling of such special bond election shall not affect the validity of the bonds authorized by such election. Where a project affects a single zone only, no bonds shall be issued or sold unless a majority of the votes cast in such zone on the proposition of incurring a bonded indebtedness are in favor of incurring the bonded indebtedness to be undertaken by such zone. In such event, bonds for such zone for the amount stated in such proceedings shall be issued and sold as provided in this act. Where the incurring of bonded indebtedness by participating zones is to be determined at such election, no bonds for any of such participating zones shall be issued or sold unless a majority of the votes cast on the proposition in each such participating zone are in favor of incurring the bonded indebtedness to be undertaken by such participating zones. In such event, bonds for such participating zones for the amount stated in such proceedings shall be issued and sold as provided in this act.

SEC. 607. (a) Should a proposition for issuing bonds for any zone or participating zones submitted at any election under this law fail to receive the requisite number of votes of qualified electors voting at such election to incur the indebtedness, the board shall not for six months after such election call or order another election in such zone or participating zones for incurring indebtedness and issuing bonds under the terms of this act for the same objects and purposes.

(b) Should a proposition for issuing bonds for any zone or participating zones submitted at any election under this law fail to receive the requisite number of votes of qualified electors voting at the subsequent election conducted on or after six months after an initial election, the board shall not call or order another election in such zone or participating zones for incurring indebtedness and issuing bonds under the terms of this law for the same objects and purposes unless and until the board adopts a new resolution pursuant to Section 601.

Article 2. Issuance of Bonds

SEC. 611. If from the bond election returns it appears that at least a majority of the votes cast in the district in such election were in favor of and assented to the incurring of the bonded debt, the board may, by resolution, at such time or times as it deems proper, provide for the issuance of all or any part of the bonds of the district so authorized until the full amount of the authorized bonded debt has been issued.

SEC. 612. The board shall, subject to the provisions of this law, prescribe by such resolution the form of such bonds, which must include a designation of the zone or participating zones affected, and of the interest coupons attached thereto. Such bonds shall be payable annually or semiannually at the discretion of the board each and every year on a day and date, and at a place to be fixed by the board, and designated in such bonds, together with the interest on all sums unpaid on such date until the whole of such indebtedness shall have been paid.

SEC. 613. The full amount of the authorized bonds may be divided into two or more series and different dates fixed for the bonds of each series.

SEC. 614. The maximum term which the bonds or any series thereof shall run before maturity shall not exceed 40 years from the date of the bonds or of such series thereof.

SEC. 615. The bonds shall be issued in such denomination as the board may determine, and shall be made payable annually or semiannually, and such bonds shall be numbered consecutively and shall be signed by the chairman of the board, and countersigned by the treasurer of the district, and the seal of the district shall be affixed thereto by the secretary of the district. Either or both such signatures may be printed, engraved, or lithographed. The interest coupons of the bonds shall be numbered consecutively and signed by the treasurer by his printed, engraved, or lithographed signature. In case any such officers whose signatures or countersignatures appear on the bonds or coupons shall cease to be such officer before the delivery of such bonds to the purchaser, such bonds and coupons, and signatures or countersignatures shall nevertheless be valid and sufficient for all purposes the same as if such officer had remained in office until the delivery of the bonds.

SEC. 616. The bonds shall bear interest at a rate or rates not to exceed 8 percent per year, payable semiannually, except that interest for the first year may be payable at or before the end of that year.

SEC. 617. The board may provide for the call and redemption of bonds prior to maturity at such times and prices and upon such other terms as it may specify. A bond shall not be subject to call or redemption prior to maturity unless it contains a recital to that effect or unless a statement to that effect is printed thereon.

SEC. 618. The principal and interest on the bonds shall be payable in lawful money of the United States at the office of the treasurer of the district or such other place or places as may be designated therein, or at any such place or places at the option of the holder of the bond.

SEC. 619. If the bond election proceedings have been limited to and have applied only to a zone or participating zones, the bonds are bonds of the district, shall be issued in the name of the district, shall be designated "Bonds of the Monterey Peninsula Water Management District for (Participating) Zone No. _____," and

shall state that taxes for the payment of the principal thereof and interest thereon will be levied exclusively upon the real property in the zone or participating zones subject to taxation for district purposes to the extent and in the manner provided in the proceedings for the formation of the zone or participating zones.

SEC. 620. Any bonds issued by the district are hereby given the same force, value, and use as bonds issued by any municipality and shall be exempt from all taxation within the state.

Article 3. Sale of Bonds

SEC. 631. The board may sell bonds of any authorized issue, or any part thereof, at not less than 100 percent of the par value thereof and interest thereon accrued from the date of such bonds to the date of delivery to the purchaser thereof. Before selling any bonds, the board shall give notice inviting sealed bids in such manner as it may prescribe. If satisfactory bids are received, the bonds offered for sale shall be awarded to the highest responsible bidder. If no bids are received, or if the board determines that the bids received are not satisfactory as to price or responsibility of the bidders, it may reject all bids received, if any, and either advertise or sell the bonds at private sale.

SEC. 632. The proceeds from the sale of bonds shall be paid into the treasury of the district, placed to the credit of a special improvement fund, and expended only for the purpose for which the indebtedness was created. When such purpose has been accomplished, any moneys remaining in the special improvement fund may be transferred to the fund to be used for the payment of principal of and interest on the bonds.

SEC. 633. All costs and expenses incident to the issuance and sale of bonds may be paid out of the proceeds of the sale of the bonds. Interest on bonds may be paid out of the proceeds of the sale of the bonds during the actual construction of any works for the acquisition, construction, or completion of which the bonds have been issued, and for a period of not to exceed two years thereafter.

SEC. 634. The proceeds from the sale of bonds of the district for a zone or zones thereof may be expended for the purpose for which the indebtedness was created in any territory annexed to the zone or participating zones after the authorization of the bonds.

SEC. 635. The district may provide that the bonds and the interest thereon shall be secured by all or by part of revenues of a project or works upon the basis of which revenue bonds are issued or authorized to be issued, and shall constitute such lien upon the revenues of such project or works as may be provided for in the proposition authorizing the bonds.

SEC. 636. Pending the actual issuance or delivery of bonds, the district may issue temporary or interim bonds, certificates or receipts of any denominations whatsoever, and with or without coupons, to be exchanged for definitive bonds when ready for delivery.

SEC. 637. The district may provide for the replacement of lost, destroyed, or mutilated bonds or coupons.

Article 4. Payment of Bonds

SEC. 651. Any bonds issued under the provisions of this law, and the interest thereon, shall be paid by revenue derived from service charges, standby charges, user charges, and other charges in the issuing zone or participating zones and from an annual tax or assessment levied as provided in this law. No zone nor the property therein shall be liable for the bonded indebtedness of any other zone, nor shall any moneys derived from taxation or assessments in any of the several zones be used in payment of principal or interest or otherwise of the bonded indebtedness chargeable to any other zone.

SEC. 652. In the event that service, standby, and other charges are insufficient to pay the interest and portion of the principal due, the board shall levy a tax or assessment each year sufficient to pay the unpaid interest and such portion of the principal of such bonds as is due or to become due before the time for making the next general tax levy. Such taxes or assessments shall be levied and collected in the respective zones of issuance together with and not separately from taxes for district purposes, and when collected shall be paid into the district treasury to the credit of the zone of issuance, and shall be used for the payment of the principal and interest on such bonds, and for no other purpose. The principal and interest on such bonds shall be paid by the district treasurer in the manner provided by law for the payment of principal and interest on bonds of the county.

SEC. 653. The provisions of law of this state, prescribing the time and manner of levying, assessing, equalizing, and collecting county property taxes, including the sale of property for delinquency, and the redemption from such sale, and the duties of the several county officers with respect thereto, are, so far as they are applicable and not in conflict with the specific provisions of this act, hereby adopted and made a part hereof.

SEC. 654. Whenever bonds have been authorized by any zone or participating zones of the district and such bonds have been issued as authorized in this law, and if the board shall by resolution determine that additional bonds should be issued for carrying out the work or project, or for any of the purposes of this law, the board may again proceed as provided in this law, and submit to the qualified voters of such zone or participating zones, the question of issuing additional bonds in the same manner and with like procedure as provided in this law, and all the provisions of this law for the issuing and sale of bonds, and for the expenditure of the proceeds thereof, shall be deemed to apply to such issue of additional bonds.

Article 5. Refunding Bonds

SEC. 661. The board may, with the consent of any holder or holders of outstanding bonds of the district, exchange refunding bonds bearing a lower rate of interest for such outstanding bonds.

Whenever any holder of outstanding bond or bonds shall have consented to such exchange, the board may, by resolution entered in its minutes, order the refunding of such bonds. The resolution shall designate the numbers, denominations, dates of maturity, and aggregate principal amounts of the bonds so to be refunded and shall provide for the issuance of refunding bonds in exchange therefor, the form, numbers, denominations, dates of maturity, and aggregate principal amounts of which shall be the same as the bonds so to be refunded. The resolution shall also fix the rate of interest such refunding bonds shall bear, which rate shall be less than the rate provided in the bonds to be refunded. The resolution shall also fix the form of the interest coupons attached to such refunding bonds, which shall be the same as the bonds so to be refunded, excepting that the rate of interest shall be less as hereinabove provided.

SEC. 662. The refunding bonds shall be signed by the chairman of the board, or such other member of the board as the board may by resolution designate, and shall be countersigned by the treasurer of the district, and the seal of the district shall be affixed thereto. The interest coupons shall be numbered consecutively and signed by the treasurer of the district by his engraved or lithographed signature. In case an officer whose signature or countersignature appears on such bonds or coupons shall cease to be such officer before the delivery of such bonds to the purchaser, such signature or countersignature shall nevertheless be valid and sufficient for all purposes the same as if such officer had remained in office until the delivery of the bonds.

SEC. 663. Each refunding bond may be exchanged for its corresponding outstanding bond as the board by agreement with the holder of such outstanding bond may determine, except that in effecting such exchange, any and all matured coupons on such refunding bonds shall be detached and canceled and the principal and accrued interest of both issues shall be accepted at par value and the district shall pay such holder in cash out of moneys in the bond interest fund of the district an amount equal to the difference between the interest on the outstanding bond and on the refunding bond accrued to the date of such exchange.

SEC. 664. When any refunding bonds shall have been exchanged, taxes shall be levied and collected to pay the principal and interest thereof as provided in this part, all the provisions of which shall apply to such refunding bonds to the same extent as to original issues.

Article 6. Revenue Bonds

SEC. 671. If the board by resolution determines that a bonded indebtedness to pay for the acquisition or construction of any works for any purposes of the district, or zone or participating zones thereof, or for refunding any outstanding bonds should be incurred, and can be repaid and liquidated as to both principal and interest from revenues designated by the board, the district is authorized and shall have the power to define such works as an "enterprise" and to issue revenue bonds all in the manner and as provided in the Revenue Bond Law of 1941, Chapter 6 (commencing with Section 54300) of Part 1 of Division 2 of Title 5 of the Government Code, and for such purpose the district shall be considered a "local agency" as defined by Section 54307 of such code. Any election for the issuance of revenue bonds for a zone or participating zones of the district shall be limited to the area of such zone or participating zones, and the proceeds from the sale of any such revenue bonds shall be expended only for the benefit of such zone or participating zones.

SEC. 672. Whenever in the opinion of the board the public interest or convenience may require, it may order any work or improvement which it is authorized to undertake to be done in accordance with the procedure and pursuant to the provisions of either the Improvement Act of 1911, Division 7 (commencing with Section 5000) of the Streets and Highways Code, the Improvement Bond Act of 1915, Division 10 (commencing with Section 8500) of the Streets and Highways Code, or the Municipal Improvement Act of 1913, Division 12 (commencing with Section 10000) of the Streets and Highways Code.

The following terms, as used in the aforesaid improvement acts, shall refer to that which is set out herein for the purposes of this act:

(a) "Municipality" or "city" refers to the district.

(b) "City council" or "legislative body" refers to the board.

(c) "City treasurer" or "treasurer" refers to the officer of the district who has charge of and makes payments of the district funds.

(d) "Mayor" refers to the chairman of the board.

(e) "Clerk" refers to the secretary of the district.

(f) "Council chambers" refers to the place where the regular meetings of the board of directors are held.

(g) "Superintendent of streets," or "street superintendent" and "city engineer" refer to the chief engineer of the district.

(h) "Right-of-way" refers to any parcel of land through which a right-of-way has been granted to the district for any purpose.

(i) All other words and terms relating to municipal officers and matters refers to the corresponding officers of the district and matters under this act.

SEC. 673. All revenue bonds issued by the district may be certified as legal investments pursuant to the Districts Securities Law (Chapter 1 (commencing with Section 20000) of Division 10 of the Water Code)

Article 7. Bond Anticipation Notes

SEC. 681. The district may borrow money in anticipation of the sale of, but not in excess of the principal amount of, bonds of a zone or participating zones authorized pursuant to this chapter which have not yet been sold and delivered, and for that purpose may issue and sell negotiable bond anticipation notes, and may refund such notes as provided in this article. Such notes may be issued in anticipation of the sale of all or any portion of the bonds which are duly authorized at the time the notes are issued. Such notes shall mature within a period not to exceed five years from the date of issuance. In the event that the sale of bonds shall not have occurred prior to the maturity of such notes, the district may issue renewal notes to meet the notes then maturing. There shall be only one renewal of any note issued pursuant to this section and such renewal note shall mature within a period not to exceed three years from the date of issuance.

SEC. 682. The notes shall be sold in such manner as the board may determine, and such notes and the resolution providing for the issuance of such notes may contain any provision, condition, or limitation which a bond, or any resolution or ordinance providing for the issuance of bonds, may contain. The interest on bond anticipation notes shall be payable at the time or times provided in such notes and may be represented by interest coupons attached to the notes and shall be payable from the same funds from which the interest on bonds of the zone or participating zones are payable. The principal of such notes may be paid from any moneys of the zone or participating zones available for such purpose. If such notes, or any portion thereof, have not been previously paid, they shall be paid from the proceeds of the next sale of bonds in anticipation of which the notes were issued.

SEC. 683. The resolution providing for the issuance of bond anticipation notes may contain a provision that, if for any reason bonds of the zone or participating zones are not sold in time to provide funds to pay any unpaid note, and, if other funds of the zone or participating zones are not available for such payment, taxes or assessments shall be levied upon the taxable real property in the zone or participating zones for such payment in the same manner provided for the payment of bonds in such amount each year for such period of years as may be set forth in such resolution.

SEC. 684. To the extent bond anticipation notes are paid from a tax or assessment levy, authorized bonds in a corresponding amount shall be canceled and not issued thereafter. When bonds of the zone or participating zones are issued and any portion of the proceeds of the sale are to be used to pay bond anticipation notes, such bonds shall mature not later than the maximum permissible years for such bonds under Section 614 from the date of such notes as originally issued.

CHAPTER 4. TAXES AND ASSESSMENTS

SEC. 701. The board may, in any year and in addition to the amounts otherwise provided in this law, levy taxes or assessments on all land and improvements in the district, pursuant to the authority provided in Section 306, to pay the general administrative costs and expenses of the district and to carry out any of the objects or purposes of this law of common benefit to the district; provided, however, that such tax or assessment shall not exceed ten cents ($0.10) on each one hundred dollars ($100) of assessed valuation.

SEC. 702. Subject to the provisions of Section 437, the board may, in any year and in addition to the amounts otherwise provided in this law, levy such taxes or assessments in each of the zones and participating zones as has been authorized after proceedings pursuant to Chapter 8 (commencing with Section 451) of Part 4 and Chapter 3 (commencing with Section 601) of this part, in amounts sufficient to pay the unpaid cost and expenses of carrying out, constructing, maintaining, operating, extending, repairing, or otherwise improving any or all works or projects established or to be established within or on behalf of such zone or participating zones, according to the benefits derived by such respective zones by levy or assessment upon all real property within a zone or participating zones, including both land and improvements thereon. It is declared that for the purposes of any tax or assessment levied under this section, the property so taxed or assessed within a given zone is equally benefited.

SEC. 703. Subject to the provisions of Section 437, the board may, in any year, and in addition to the amounts otherwise provided in this law, levy taxes or assessments, by levy or assessment upon all real property within a zone or participating zones, including both land and improvements thereon, in each or any of such zones according to the special benefits derived or to be derived by the specific properties therein, to pay the cost and expenses of carrying out any of the objects or purposes of this act of special benefit to such zone or participating zones, including the construction, maintaining, operating, extending, repairing, or otherwise improving any or all works or projects established or to be established within or on behalf of such zone or zones.

SEC. 704. In the event of project cooperation with any public entity as authorized pursuant to Chapter 5 (commencing with Section 401) of Part 4, and requiring the making of a contract with any such public entity by the terms of which work is to be performed by any such public entity in any specified zone or participating zones for the particular benefit thereof, and by such proposed contract the district is to pay to such public entity a sum of money in consideration or subvention for the performance of such work by such public entity, and subject to the provisions of Section 437, the board may, after proceedings in the manner prescribed in Chapter 8 (commencing with Section 451) of Part 4 of Chapter 3 (commencing

with Section 601) of this part, levy and collect a special tax or assessment upon the real property in such zone or participating zones, whereby to raise funds to enable the district to make such payment, in addition to other taxes or assessments herein otherwise provided for.

SEC. 705. All taxes or assessments shall be levied and collected together with, and not separately from, taxes for county purposes. The revenues derived from the district taxes or assessments shall be paid into the district treasury to the credit of the district, or the respective zones thereof, and the board shall have the power to control and order the expenditure thereof for the purposes for which the tax or assessment was levied; provided, however, that no revenues, or portions thereof, derived in any zone from the taxes or assessments levied under the provisions of this chapter shall be expended for constructing, maintaining, operating, extending, repairing, or otherwise improving any works or improvements located in any other zone, except in the case of joint projects, or for projects authorized or established outside of such zone, or participating zones, but for the benefit thereof. In cases of projects joint to two or more zones, such zones will become, and shall be referred to as, participating zones.

SEC. 706. District taxes or assessments for the payment of a bonded debt and the interest thereon shall be a lien on all the real property benefited thereby as stated in the resolution of the board of directors proposing the incurrence of the debt. All taxes or assessments for other purposes of the district shall be a lien on all the real property in the district subject to the respective tax or assessment. District taxes or assessments, whether for payment of a bonded indebtedness and the interest thereon or for other purposes, shall be of the same force and effect as other liens for taxes, and their collection may be enforced by the same means as provided for the enforcement of liens for state and county taxes.

SEC. 707. The provisions of law of this state, prescribing the priority, time, and manner of levying, assessing, equalizing, and collecting county property taxes, including the sale of property for delinquency, and the redemption from such sale, and the duties of the several county officers with respect thereto, are, so far as they are applicable and not in conflict with the specific provisions of this law, hereby adopted for the district and made a part hereof. Such officers shall be liable upon their several official bonds for the faithful discharge of the duties imposed upon them by this law.

CHAPTER 5. STANDBY AND USE CHARGES

SEC. 721. The district may fix standby charges to be applied on an area, or frontage, or parcel basis, or a combination thereof, to such areas within the agency to which service is made available, whether the service is actually used or not, for the purpose of financing or maintaining and operating projects or works which the district is

authorized to undertake. The district may establish schedules varying such charges according to the land uses and the degree of availability or quantity of use of such service to the affected lands, and may restrict such charge to lands lying within one or more zones established within such district; provided, however, that the district may not: (1) fix an annual charge in excess of ten dollars ($10) for each acre or for each parcel of less than one acre; (2) apply standby charges to parcels that are being used for the production of livestock for market or plant crops, including timber; or (3) apply standby charges to lands situated more than one-quarter of a mile from an available main or service connection.

SEC. 722. In the event the district levies an annual standby charge, the district shall collect the standby charges as a part of the annual general county tax bill; provided, the district furnishes in writing to the board of supervisors of the county and to the county auditor the description of each parcel for which a charge is to be billed together with the amount of the charge applicable to each parcel in sufficient time to meet the schedule established by the county for inclusion of such items on the county general tax bill. The parcel description may be the parcel number assigned by the county assessor to the parcel. In such cases, the standby charge shall become a lien against the parcel of land to which it is charged in the same manner as the county general taxes. Penalties may be collected for late payment of the standby charge or the amount thereof unpaid in the manner and at the same rates as that applicable for late payment or the amount thereof unpaid of county general taxes. The amount of the standby charge and any applicable penalty shall be stated on the tax bill separately from all other taxes, if practicable.

In the event the district levies and collects a standby charge pursuant to a monthly or other form of regular billing directly from the landowner of record, the district shall record a certificate of delinquency with the county recorder, specifying the amount due, which amount shall thereby become a lien against the parcel of land to which it is charged.

SEC. 723. In the event the district levies an annual ground water charge in the manner prescribed in Article 2 (commencing with Section 341) of Chapter 2 of Part 4, the district shall collect such ground water charge as a part of the annual general county tax bill; provided, the district furnishes in writing to the board of supervisors of the county and to the county auditor the description of each parcel for which a charge is to be billed together with the amount of the charge applicable to each parcel in sufficient time to meet the schedule established by the county for inclusion of such items on the county general tax bill. The parcel description may be the parcel number assigned by the county assessor to the parcel. In such cases, the ground water charges shall become a lien against the parcel of land to which it is charged in the same manner as the county general taxes. Penalties may be collected for late payment of the ground water charge or the amount thereof unpaid in the manner and at the

same rates as that applicable for late payment or the amount thereof unpaid of county general taxes, except as otherwise provided in Section 354. The amount of the ground water charge and any applicable penalty shall be stated on the tax bill separately from all other taxes, if practicable.

In the event the district levies and collects the ground water charges pursuant to a monthly or other form of regular billing directly from the landowner of record, the district shall record a certificate of delinquency with the county recorder, specifying the amount due, which amount shall thereby become a lien against the parcel of land to which it is charged.

PART 6. CHANGES IN ORGANIZATION

CHAPTER 1. ANNEXATION TO ZONES

SEC. 801. The board, by resolution, may initiate proceedings for the annexation of territory within the district to a zone or participating zones whether such territory is contiguous or not to such zone or participating zones.

The resolution proposing annexation shall:

(a) Declare that proceedings have been initiated by the board pursuant to this act.

(b) State the reason for proposing the annexation.

(c) Set forth a description of the area proposed to be annexed, which may be made by reference to a map on file with the secretary of the district which map shall govern for all details as to the extent of the area proposed to be annexed.

(d) State the terms and conditions of the annexation.

(e) State that the holders of title to any of the land sought to be annexed may file written protests with the secretary to the annexation or to the annexation upon such terms and conditions.

(f) Fix the time and place of a meeting at which the board will receive written protests theretofore filed with the secretary, receive additional written protests, and hear from any and all persons interested in the annexation.

The text of the resolution proposing annexation shall be published, pursuant to Section 6066 of the Government Code, prior to the time of hearing in at least one newspaper published or circulated in the district.

A copy of the resolution proposing annexation shall also be posted in three public places within the zone or participating zones and three public places in the area proposed to be annexed for at least two weeks prior to the hearing.

The board shall proceed with the hearing at the time and place fixed therefor and may continue the hearing, if need be, from time to time. All interested persons shall be heard at the hearing.

SEC. 802. If written protests are filed by the holders of title of one-half of the value of the territory proposed to be annexed as

shown by the last equalized assessment roll of the county, further proceedings shall not be taken, and the board shall refuse the annexation by a resolution so stating.

If written protest is not made by the owners of one-half of the value of the territory proposed to be annexed, and if, at the conclusion of the hearing, the board finds and determines from the evidence presented at the hearing that the area proposed to be annexed to a zone or participating zones will be benefited thereby, and that the zone or participating zones to which the area proposed to be annexed will also be benefited thereby or will not be injured thereby, the board may, by resolution, approve such annexation.

The resolution shall describe the territory annexed, which may be by reference to a map on file with the secretary, which map shall govern for all details as to the extent of the annexed area. The resolution shall also state the terms and conditions of annexation as theretofore determined by resolution of the board.

If the board finds and determines that either the area proposed to be annexed to the zone or participating zones will not be benefited thereby or that the zone or participating zones to which the area is proposed to be annexed will not be benefited thereby and will be injured thereby, the board shall by resolution disapprove such annexation.

SEC. 803. From and after the date of the adoption of the resolution approving the annexation, the area described therein is added to and forms a part of the zone or participating zones.

The taxable property in the annexed area shall be subject to taxation after the annexation thereof for the purposes of the zone or participating zones, including the payment of the principal of and interest on bonds and other obligations of the zone or participating zones authorized and outstanding at the time of the annexation. If the terms and conditions established by the board specifically so provide the taxable property in the annexed territory shall be subject to taxation as if the annexed property had always been a part of the zone or participating zones.

The board may do all things necessary to enforce and make effective the terms and conditions of annexation fixed by it.

Any action or proceeding in which the validity of an annexation to a zone or participating zones pursuant to this section is contested, questioned, or denied shall be commenced within three months after the date of the resolution of the board approving the annexation of the territory to a zone or participating zones; otherwise, the annexation shall be held valid and in every respect legal and incontestable.

SEC. 804. Notwithstanding the provisions of Section 802, if the petition for annexation of land to a zone or participating zones is signed by all of the holders of title of land in the portion proposed to be annexed, the board may proceed and act thereon without notice and hearing, but shall otherwise comply with the applicable provisions of this law.

CHAPTER 2. EXCLUSION FROM ZONES

SEC. 821. Proceedings to exclude territory from a zone or participating zones may be initiated by the board upon its own motion, or shall be initiated by the board upon receipt of a petition for exclusion signed by not less than 10 percent of the voters of the area proposed to be excluded which states reasons such exclusion will be beneficial to the district or the zone or participating zones or the territory to be excluded.

SEC. 822. Upon adoption of such motion to initiate exclusion proceedings or upon receipt of such petition for exclusion, the board shall adopt a resolution of intention to exclude which shall state:

(a) The method by which such exclusion proceedings were initiated, by motion of the board or by petition of voters.

(b) That taxes for carrying out the purpose of the zone or participating zones will not be levied upon taxable property in the excluded territory following such exclusion in the event such territory is excluded.

(c) That following such exclusion, the taxable property in the territory remaining in such zone or participating zones shall continue to be levied upon and taxed to provide funds for the purposes of such zone or participating zones.

The resolution of intention to exclude shall also state that a map showing the exterior boundaries of the proposed territory to be excluded, with relation to the territory remaining in such zone or participating zones, is on file with the secretary and is available for inspection by any person or persons interested.

This map shall govern for all details as to the extent of the proposed exclusion.

SEC. 823. The resolution of intention shall also state:

(a) The time and place for a hearing by the board on the questions of the proposed exclusion and the effect of such exclusion upon the district, the zone or participating zones, and the territory to be excluded.

(b) That at such time and place any person interested, including all persons owning property in the agency or in the zone or participating zones, will be heard.

SEC. 824. Notice of the hearing shall be given by publishing a copy of the resolution of intention to exclude, pursuant to Section 6066 of the Government Code, prior to the time fixed for the hearing in a newspaper of general circulation published or circulated in the district. Such notice shall also be given by posting a copy of the resolution of intention to exclude in three public places within the affected zone or participating zones for at least two weeks before the time fixed for the hearing.

At the time and place so fixed in the resolution of intention to exclude, or at any time or place to which the hearing is adjourned, the board shall proceed with the hearing. At the hearing any person interested, including any person owning property in the district or

in the zone or participating zones, may appear and present any matters material to the questions set forth in the resolution of intention to exclude.

At the conclusion of the hearing, the board shall by resolution determine whether it is necessary or desirable to exclude such territory. If so, the resolution shall also state:

(a) The reasons why such exclusion is necessary or desirable.

(b) That the exterior boundaries of the zone or participating zones following such exclusion are set forth on a map on file with the secretary, which map shall govern all details as to the extent of the zone or participating zones as then constituted.

The determinations made in the resolution of exclusion shall be final and conclusive.

SEC. 825. After the exclusion of territory from the zone or participating zones pursuant to this section, all taxes levied for the carrying out of the purpose of such zone or participating zones shall be levied exclusively upon the taxable property in the zone or participating zones as then constituted.

A copy of the resolution of exclusion shall be published pursuant to Section 6066 of the Government Code in a newspaper of general circulation published or circulated in the district. A copy of the resolution shall also be posted in three public places within the zone or participating zones for at least two weeks.

The resolution of exclusion shall not be effective until the 31st day after completion of the publication and posting.

Any action or proceeding in which the validity of the exclusion of territory from the zone or participating zones or of any of the proceedings in relation thereto is contested, questioned, or denied shall be commenced within three months from the effective date of the resolution of exclusion; otherwise, the exclusion and all proceedings in relation thereto shall be held to be valid and in every respect legal and incontestable.

SEC. 826. If territory is excluded from a zone or participating zones as a result of being detatched from the district after bonds have been authorized at an election held in such zone or participating zones, but before any of such bonds have been issued and sold, the board of directors may modify the proposed work or project to take into consideration any change in circumstances resulting from such detachment, and may issue bonds in an amount not exceeding the amount authorized at such election for the purpose of paying the cost of the work or project as modified without any further election, but only after notice and hearing in the same manner as provided in Section 824, and provided that at the conclusion of the hearing the board of directors shall by resolution determine that the remaining territory within the zone or participating zones will be benefited by the work or project as modified.

CHAPTER 3. DISSOLUTION OF ZONES

SEC. 841. Notwithstanding any other provision herein, whenever the board deems it necessary for any zone or participating zones formed pursuant to this act to be dissolved, it shall by resolution declare its intention to dissolve the zone or participating zones.

SEC. 842. The resolution of intention shall state:

(a) The reason why the zone or participating zones should be dissolved.

(b) If the zone or participating zones were formed pursuant to Section 431, 474 or 606 of this law, that no bonds have been issued for the zone or participating zones or are outstanding.

(c) If the zone or participating zones were formed pursuant to Section 431 or 474 of this law, that no indebtedness or liability was incurred for the zone or participating zones or is outstanding.

(d) That a map showing the exterior boundaries of the zone or participating zones, with relation to the territory immediately contiguous thereto, is on file with the secretary and is available for inspection by any person or persons interested.

(e) The time and place for a hearing by the board on the question of the dissolution of the zone or participating zones.

(f) That at such time and place any person interested, including all persons owning property in the district or in the zone or participating zones will be heard.

SEC. 843. Notice of the hearing shall be given by publishing a copy of the resolution, pursuant to Section 6066 of the Government Code, prior to the time fixed for the hearing in a newspaper of general circulation published or circulated in the district. Such notice shall also be given by posting a copy of the resolution in three public places within the zone or participating zones for at least two weeks before the time fixed for the hearing.

SEC. 844. At the time and place fixed in the resolution of intention, or at any time or place to which the hearing is adjourned, the board shall proceed with the hearing. At the hearing any person interested, including all persons owning property in the district or in the zone or participating zones, may appear and present any matters material to the proposed dissolution.

SEC. 845. At the conclusion of the hearing, the board shall by ordinance determine whether it is necessary to dissolve the zone or participating zones. If so, the ordinance shall state that the exterior boundaries of the zone or participating zones are set forth on a map on file with the secretary and shall declare the zone or participating zones dissolved. The determinations made in the ordinance shall be final and conclusive.

SEC. 846. When the ordinance declaring a zone or participating zones dissolved becomes effective, the dissolution of such zone or participating zones is complete.

SEC. 847. The taxable property within the boundaries of the

dissolved zone or participating zones shall continue to be taxed or assessed for any indebtedness of the district contracted for such dissolved zone or participating zones until the indebtedness has been satisfied, to the same extent that such property would be taxable for such purpose if the dissolution had not occurred.

SEC. 848. Any action or proceeding in which the validity of the dissolution of a zone or participating zones, or of any of the proceedings in relation thereto, is contested, questioned, or denied shall be commenced within three months from the effective date of the ordinance dissolving the zone or participating zones; otherwise, the dissolution of the zone or participating zones and all proceedings in relation thereto shall be held to be valid and in every respect legal and incontestable.

SEC. 849. After a bond election has been held in a zone or participating zones formed pursuant to Section 474 and less than a majority of the votes cast in such election were in favor of the measure, the board may within one year of the date of such election call and hold another election as provided in Sections 471 through 477, inclusive, for the purpose of resubmitting such measure to the electors of such zone or participating zones. If such measure is not so resubmitted such zone or participating zones, on the anniversary date of the election, are dissolved without further action by the board. If such measure is resubmitted and fails to receive more than a majority of the votes cast in such election in favor of such measure, such zone or participating zones are dissolved following the canvass of the election returns.

CHAPTER 4. DISTRICT REORGANIZATION

SEC. 851. Notwithstanding Section 56039 of the Government Code, the district shall be deemed to be a "district" within the provisions of the District Reorganization Act of 1965 (Division 1 (commencing with Section 56000) of Title 6 of the Government Code), and all proceedings for the annexation or detachment of territory to or from the district shall be conducted in the manner therein provided and all the provisions of such act shall apply to the district.

SEC. 852. The annexation of territory lying within the district to any city shall in no way affect the jurisdiction or boundaries of the district in regard to such territory and said territory shall remain within and a part of the district for all purposes until proceedings to detach such territory from the district have been taken and completed as provided herein.

SEC. 901. No appropriation is made by this act, nor is any obligation created thereby under Section 2231 of the Revenue and Taxation Code, for the reimbursement of any local agency for any costs that may be incurred by it in carrying on any program or performing any service required to be carried on or performed by it by this act.

CHAPTER 528

An act to add Section 12034 to the Penal Code, relating to Weapons.

[Approved by Governor September 2, 1977 Filed with Secretary of State September 3, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 12034 is added to the Penal Code, to read:

12034. It is a misdemeanor for a driver of any motor vehicle or the owner of any motor vehicle, irrespective of whether such owner is occupying such vehicle, knowingly to permit any other person to carry into or bring into the vehicle a firearm in violation of Section 12031 or in violation of Section 2006 of the Fish and Game Code or knowingly to permit such other person to discharge any firearm from such vehicle in violation of any provision of this code.

SEC. 2. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be an appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local governmental entities and school districts which, in the aggregate, do not result in significant identifiable cost changes.

CHAPTER 529

An act to add Sections 992, and 11007.8 to the Government Code, relating to public entities.

[Approved by Governor September 2, 1977. Filed with Secretary of State September 3, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 992 is added to the Government Code, to read:

992. Notwithstanding any other provision of law, an insurance issuer that has issued insurance to a local public entity shall give a 45-day notice to such local public entity before cancellation or nonrenewal of a liability insurance policy.

SEC. 2. Section 11007.8 is added to the Government Code, to read:

11007.8. Notwithstanding any other provision of the law, an insurance issuer that has issued insurance to a state agency shall give a 45-day notice to such state agency before cancellation or nonrenewal of a liability insurance policy.

The national committeeman and national committeewoman of the party, and the chairman, vice chairman, and immediate past chairman of this committee, shall each appoint three voters to the membership of this committee, two of whom shall be of the opposite sex. Such appointment shall be in addition to any other appointments authorized by this chapter.

SEC. 2. Section 9243 of the Elections Code is amended to read:

9243. Revocation or change of proxies shall be recognized by the committee on proxies and credentials only upon a personal request made by the member who granted the proxy before the committee.

CHAPTER 531

An act to amend Section 52571 of the Education Code, relating to special education.

[Approved by Governor September 2, 1977. Filed with Secretary of State September 3, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 52571 of the Education Code is amended to read:

52571. Special classes for handicapped adults may be conducted under the direction of the governing board of the school district in workshop and training facilities provided by nonprofit organizations, or in public school facilities. SECTION 1. Section 5907 is added to the Welfare and Institutions Code, to read:

5907. Records of the identity, diagnosis, prognosis, or treatment of any patient which are maintained in connection with performance of any narcotic and drug abuse program shall be confidential and shall be disclosed only for the purposes and under the circumstances expressly authorized by this section. The content of any record referred to in this section may be disclosed in accordance with the prior written consent of the patient with respect to whom such record is maintained, or:

(a) To licensed medical personnel to the extent necessary to meet a bona fide medical emergency.

(b) To qualified personnel for the purpose of conducting scientific research, management audits, or program evaluation, but such personnel shall not identify, directly or indirectly, any individual patient in any report of such research, audit, or evaluation, or otherwise disclose patient identities in any manner.

(c) If authorized by an appropriate order of a court of competent jurisdiction granted after application showing good cause therefor. In assessing good cause, the court shall weigh the public interest and the need for disclosure against the injury to the patient, to the physician-patient relationship, and to the treatment services program. Upon the granting of such order, the court, in determining the extent to which any disclosure of all or any part of any record is necessary, shall impose appropriate safeguards against unauthorized disclosure.

SEC. 2. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be an appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local governmental entities and school districts which, in the aggregate, do not result in significant identifiable cost changes.

CHAPTER 533

An act to amend Section 1604 of, and to add Sections 2509, 42649 and 85265.5 to, the Education Code, and to add Section 2261.2 to the Revenue and Taxation Code, relating to schools, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 2, 1977 Filed with Secretary of State September 3, 1977]

The people of the State of California do enact as follows:

SECTION 1. Section 1604 of the Education Code is amended to read:

1604. No moneys shall be expended from the county school service fund for any purpose in excess of the latest proposed expenditures for such purpose as approved by the Superintendent of Public Instruction or the Board of Governors of the California Community Colleges, as the case may be, under Section 14050, without the approval of the Superintendent of Public Instruction or the Board of Governors of the California Community Colleges, as the case may be.

It shall be the duty of the county auditor to approve warrants drawn on the county school service fund for expenses approved in the county school service fund budget; provided, however, in a county in which the board of supervisors has transferred educational functions to the county board of education pursuant to Section 1080, and a single budget has been authorized for the purposes of the county school service fund, county board of education, county committee on school district organization, and the office of the county superintendent of schools pursuant to Sections 1620 to 1625, inclusive, and the board of supervisors has made the provisions of Sections 42649 and 85265.5 applicable in the county, orders for warrants and warrants shall be signed by the county superintendent of schools and paid by the county treasurer without the approval of the county auditor.

A listing of all warrants issued by the county superintendent of schools, where the approval of the county auditor is not required, shall be forwarded to the county auditor on the same day they are issued. The form of the warrant and the form and content of the warrant listing shall be as approved by the county auditor. The county auditor shall not be liable upon his bond or otherwise for any warrant issued where his approval is not required.

SEC. 2. Section 2509 is added to the Education Code, to read:

2509. Whenever a county board of supervisors adopts the provisions of Sections 42649 and 85265.5 and thereby transfers certain duties of the county auditor to the county superintendent of schools as provided therein, the maximum tax rate of the county superintendent of schools shall, commencing with the fiscal year following the effective date of such transfer, be increased by an amount sufficient to produce annual revenues equivalent to the expenditures from the county general fund used to provide such services of the county auditor in the fiscal year immediately prior to the date of the transfer of functions to the county superintendent of schools.

SEC. 3. Section 42649 is added to the Education Code, to read:

42649. In a county in which the board of supervisors has transferred educational functions to the county board of education pursuant to Section 1080, and a single budget has been authorized for

the purposes of the county school service fund, county board of education, county committee on school district organization, and the office of the county superintendent of schools pursuant to Sections 1620 to 1625, inclusive, the duties of the county auditor specified in this article shall be performed by the county superintendent of schools.

A listing of all warrants approved and allowed by the county superintendent of schools pursuant to this section shall be forwarded to the county auditor on the same day the warrants are forwarded to the school district or the payee. The form of the warrant and the form and content of the warrant listing shall be as prescribed by the county auditor.

Notwithstanding Section 27005 of the Government Code, or any other section requiring orders for warrants or warrants to be signed by the county auditor, the county treasurer in counties subject to this section shall pay warrants which are signed by the county superintendent of schools, and the county auditor shall not be liable under his bond or otherwise for a warrant issued pursuant to this section.

This section shall apply only in those counties in which the county board of supervisors has adopted its provisions by resolution.

SEC. 4. Section 85265.5 is added to the Education Code, to read:

85265.5 In a county in which the board of supervisors has transferred educational functions to the county board of education pursuant to Section 1080, and a single budget has been authorized for the purposes of the county school service fund, county board of education, county committee on school district organization, and the office of the county superintendent of schools pursuant to Sections 1620 to 1625, inclusive, the duties of the county auditor specified in Articles 4 (commencing with Section 85230) and 5 (commencing with Section 85260) of this chapter shall be performed by the county superintendent of schools.

A listing of all warrants approved and allowed by the county superintendent of schools pursuant to this section shall be forwarded to the county auditor on the same day the warrants are forwarded to the district or the payee. The form of the warrant and the form and content of the warrant listing shall be as prescribed by the county auditor.

Notwithstanding Section 27005 of the Government Code, or any other section requiring orders for warrants or warrants to be signed by the county auditor, the county treasurer in counties subject to this section shall pay warrants which are signed by the county superintendent of schools, and the county auditor shall not be liable under his bond or otherwise for any warrant issued pursuant to this section.

This section shall apply only in those counties in which the county board of supervisors has adopted its provisions by resolution.

SEC. 5. Section 2261.2 is added to the Revenue and Taxation Code, to read:

2261.2. Whenever a county board of supervisors adopts the provisions of Sections 42649 and 85265.5 of the Education Code and thereby transfers certain duties of the county auditor to the county superintendent of schools as provided therein, the maximum tax rate of the county shall, commencing with the fiscal year following the effective date of such transfer, be decreased by an amount which, if levied in such fiscal year, would produce annual revenues equivalent to the expenditures from the county general fund used to provide such services of the county auditor in the fiscal year immediately prior to the date of the transfer of functions to the county superintendent of schools.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

This act would provide for the transfer of functions from a county auditor to a county superintendent of schools and would increase the tax rate of a county superintendent of schools by an amount sufficient to provide the services previously rendered by the county auditor and would provide for a corresponding decrease in the maximum tax rate of the county. In order that such changes in local taxing authority may take place in the fiscal year immediately following the transfer of functions, as provided for in this act, it is necessary that this act take effect immediately.

CHAPTER 534

An act to amend Section 14672.9 of the Government Code, relating to the letting of state property.

[Approved by Governor September 2, 1977. Filed with Secretary of State September 3, 1977]

The people of the State of California do enact as follows:

SECTION 1. Section 14672.9 of the Government Code is amended to read:

The lease authorized by this section shall be nonassignable and shall be subject to periodic review every five years. Such review shall be made by the Director of General Services, who shall:

Any lease executed pursuant to this section shall include a provision that such lease shall be canceled if permanent facilities are not constructed on the leased land on or before January 1, 1983.

SEC. 2. Section 88103 of the Education Code is amended to read:

88103. When an open competitive examination and a promotional examination for a particular class are held at the same time, the commission may, prior to the examination, authorize certification for employment of candidates from the open competitive eligibility list before the promotional eligibility list has been exhausted if the candidate on the open list has a higher score before adjustment for preferential credits than the score of the highest available candidate on the promotional list after seniority credits have been added.

It authorizes the transfer, which has been in negotiations for years and wanted by both the State Department of Parks and Recreation and the Chico Area Recreation District. It will settle the dilemma of both entities.

53069.9. Any public agency providing water for fire protection purposes may, by ordinance or resolution, fix and collect a charge to pay the costs of installing and of maintaining fire hydrants.

Any such charge fixed pursuant to this section, may be made on all land within the public agency to which water is made available for fire protection purposes. The legislative body of the agency which fixes such a charge may establish schedules varying the charges in

different localities within the agency depending on the actual cost of installing and maintaining the fire hydrants. Such charges may be collected at the same time and in the same manner as other water rates or water charges collected by the public agency. The public agency which fixes such a charge shall not, however, impose such charges upon a fire protection district or other public agency providing fire protection services, except pursuant to a written agreement with such district or public agency.

SEC. 2. Section 11427 of the Government Code is amended to read:

(b) A state agency may grant or deny such a petition in part, and may grant such other relief or take such other action as it may determine to be warranted by the petition and shall notify the petitioner in writing of such action.

(c) Any interested person may request reconsideration of any part or all of a decision of any agency on any petition submitted. Any such request shall be submitted in accordance with Section 11426 and include the reason(s) why an agency should reconsider its previous

CHAPTER 540

An act to amend Sections 16750, 16753, 16754, 16754.5, and 16755 of the Business and Professions Code, relating to restraints on competition.

[Approved by Governor September 2, 1977. Filed with Secretary of State September 3, 1977]

The people of the State of California do enact as follows:

SECTION 1. Section 16750 of the Business and Professions Code is amended to read:

16750. (a) Any person who is injured in his business or property by reason of anything forbidden or declared unlawful by this chapter, may sue therefor in any court having jurisdiction in the county where the defendant resides or is found, or any agent resides or is

found, or where service may be obtained, without respect to the amount in controversy, and to recover three times the damages sustained by him, and shall be awarded a reasonable attorneys' fee together with the costs of the suit.

The amendments to this section adopted at the 1959 Regular Session of the Legislature do not apply to any action commenced prior to September 18, 1959.

(b) The state and any of its political subdivisions and public agencies shall be deemed a person within the meaning of this section.

(c) The Attorney General may bring an action on behalf of the state or of any of its political subdivisions or public agencies to recover the damages provided for by this section, or by any comparable provision of federal law, provided that the Attorney General shall notify in writing any political subdivision or public agency of his intention to bring any such action on its behalf, and at any time within 30 days thereafter, such political subdivision or public agency may, by formal resolution of its governing body or as otherwise specifically provided by applicable law, withdraw the authority of the Attorney General to bring the intended action. In any action brought pursuant to this section on behalf of any political subdivision or public agency of the state, the state shall retain for deposit in the Attorney General antitrust account within the General Fund, out of the proceeds, if any, resulting from such action, an amount equal to the expense incurred by the Attorney General in the investigation and prosecution of such action or an amount equal to 10 percent of the total recovery obtained by the Attorney General, whichever is greater.

(d) In any antitrust action brought on behalf of the state in which the Attorney General is the class representative of political subdivisions, public agencies, or citizens of the state who have been affected by the matters set forth in the complaint, the state shall retain for deposit in the Attorney General antitrust account within the General Fund, the proceeds, if any, of any attorneys' fees awarded by the court in which such case is located, to the Attorney General, resulting from such class representation.

(e) In any action brought by the Attorney General pursuant to either state or federal antitrust laws for the recovery of damages by the state or any of its political subdivisions or public agencies, in addition to his other powers and authority, the Attorney General may enter into contracts relating to the investigation and the prosecution of such action with any other party plaintiff who has brought a similar action for the recovery of damages and with whom the Attorney General finds it advantageous to act jointly, or to share common expenses or to cooperate in any manner relative to such action. In any such action, notwithstanding the provisions of Section 12520 of the Government Code, the Attorney General may undertake, among other things, either to render legal services as special counsel to, or to obtain the legal services of special counsel from any department or agency of the United States, of this state or

any other state or any department or agency thereof, any county, city, public corporation or public district of this state or of any other state, that has brought or intends to bring a similar action for the recovery of damages, or their duly authorized legal representatives in such action. The Attorney General may also enter into any agreement authorized by Chapter 5 (commencing with Section 6500), Division 7, Title 1 of the Government Code with any governmental entity enumerated in this subdivision, notwithstanding any provision to the contrary contained in Section 6500 of the Government Code. Every contract or agreement entered into pursuant to this subdivision (e) shall be approved by the Department of General Services.

(f) The amounts paid into the Attorney General antitrust account within the General Fund pursuant to subdivisions (c), (d) and (e) arising from the same action or companion actions shall not cumulatively exceed the greater of ten percent (10%) of the total recovery in all actions resulting from the Attorney General's representation or an amount equal to the expenses incurred by the Attorney General in the investigation and prosecution of such actions. Any excess shall be paid into the General Fund.

(g) The district attorney of any county may prosecute any action on behalf of such county or any city or public agency or political subdivision located wholly within such county which the Attorney General is authorized to bring pursuant to subdivision (c) of this section, whenever it appears that the activities giving rise to such prosecution or the effects of such activities occur primarily within such county. The district attorney shall file with the Attorney General at least 30 days prior to the filing of any such action a copy of the proposed complaint together with a confidential memorandum and report explaining the facts giving rise to the proposed prosecution and supporting the filing of the new complaint. Prior to entering into any stipulated or consent judgment or other settlement of any such action, the district attorney shall file with the Attorney General at least 30 days prior to the execution thereof a copy of the proposed settlement together with a memorandum of explanation of the settlement. The Attorney General may waive any time requirements provided in this subdivision. In any investigation or action undertaken or brought by a district attorney pursuant to this section, if the Attorney General deems it necessary and in the public interest, the Attorney General may take full charge of any such investigation or prosecution, and the Attorney General shall have all the powers granted by Section 12550 of the Government Code in respect thereto.

(h) In any action prosecuted pursuant to the provisions of subdivision (g) a district attorney may exercise all of the powers conferred on the Attorney General by subdivision (e) provided that every contract or agreement entered into pursuant to this subdivision by a district attorney shall first be approved by the governing authority of the agency in his county.

(i) In any action brought pursuant to subdivision (g) a district attorney may represent any political subdivision located within his county directly, in which case he shall notify in writing such political subdivision of his intention to bring any such action on its behalf, and at any time within 30 days thereafter, such political subdivision may, by formal resolution of its governing body or as otherwise specifically provided by applicable law, withdraw the authority of the district attorney to bring the intended action. In any action in which a district attorney directly represents any political subdivision located within his county, the district attorney shall retain out of the proceeds, if any, resulting from such action, an amount equal to the expense incurred by the district attorney in the investigation and prosecution of such action or an amount equal to 10 percent of the total recovery obtained by the district attorney, whichever is greater. In any action brought pursuant to subdivision (g) in which the county, through the district attorney, is the class representative of political subdivisions located within such county, the district attorney shall retain the proceeds, if any, of any attorneys' fees awarded by the court in which such action is pending to the district attorney, resulting from such class representation. All proceeds retained by a district attorney pursuant to this subdivision shall be deposited in the appropriate account as provided by law.

(j) Nothing in this section shall be construed to authorize any district attorney to exercise the powers conferred upon the Attorney General by an act of Congress of September 30, 1976, (P.L. 94-905; 90 Stat. 1983) also known as the Hart-Scott-Rodino Antitrust Improvements Act of 1976, except at the direction of the Attorney General.

SEC. 2. Section 16753 of the Business and Professions Code is amended to read:

16753. Every foreign corporation or association, exercising any of the powers, franchises or functions of a corporation in this state, which violates this chapter, is subject to revocation of those powers, franchises or functions and upon such revocation is prohibited from doing any business in this state. The Attorney General, or a district attorney of a county where the offense or any part thereof is committed, may enforce this provision by bringing proper proceedings by injunction or otherwise. Upon receipt of a certified copy of the judgment and decree of any court of competent jurisdiction finding any foreign corporation or association guilty of violating this chapter and ordering a revocation of its powers, franchises or functions of a corporation in this state, the Secretary of State shall revoke the license of any such corporation or association heretofore authorized to do business in this state.

SEC. 3. Section 16754 of the Business and Professions Code is amended to read:

16754. The Attorney General, or the district attorney of any county, subject to the notice requirements of subdivision (g) of Section 16750, shall initiate civil actions or criminal proceedings for

violation of this chapter. Civil actions and criminal proceedings for violation of this chapter initiated by the Attorney General or district attorney may be brought in the superior court in and for any county where the offense or any part thereof is committed or where any of the offenders reside or where any corporate defendant does business. In any civil action or criminal proceeding brought by a district attorney pursuant to this section, the Attorney General shall have all of the powers set forth in Section 12550 of the Government Code.

SEC. 4. Section 16754.5 of the Business and Professions Code is amended to read:

16754.5. In any civil action brought by the Attorney General or a district attorney under this chapter, the court may, in addition to granting such prohibitory injunctions and other restraints as it may deem expedient to deter the defendant from, and insure against, his committing a future violation of this chapter, grant such mandatory injunctions as may be reasonably necessary to restore and preserve fair competition in the trade or commerce affected by the violation.

SEC. 5. Section 16755 of the Business and Professions Code is amended to read:

16755. (a) Any violation of this chapter is a conspiracy against trade, and any person who engages in any such conspiracy or takes part therein, or aids or advises in its commission, or who as principal, manager, director, agent, servant or employee, or in any other capacity, knowingly carries out any of the stipulations, purposes, prices, rates, or furnishes any information to assist in carrying out such purposes, or orders thereunder or in pursuance thereof, is punishable by a fine of not more than one million dollars ($1,000,000) if a corporation, or one hundred thousand dollars ($100,000) if an individual, or by imprisonment in a state prison for not more than three years, or by imprisonment for not more than one year in a county jail, or by both such fine and imprisonment.

(b) Any action pursuant to this section may be commenced at any time within four years after the commission of the last act comprising a part of any violation. No cause of action barred under existing law on the effective date of the amendment of this section at the 1977–78 Regular Session of the Legislature shall be revived by such amendment.

(c) Subject to the provisions of Section 13521 of the Penal Code, all moneys received by any court in payment of any fine or civil penalty imposed pursuant to this section shall, as soon as practicable after receipt thereof, be deposited with the county treasurer of the county in which such court is situated. Amounts so deposited shall be paid as soon as practicable as follows: 100 percent to the State Treasurer by warrant of the county auditor drawn upon the requisition of the clerk or judge of said court to be deposited in the State Treasury on order of the State Controller if such moneys received resulted from an action initiated and prosecuted by the Attorney General. If such action was initiated and prosecuted by a district attorney then 100 percent shall be paid as soon as practicable

to the treasurer of the county in which the prosecution is conducted. If such action was initiated and prosecuted jointly by the Attorney General and a district attorney or jointly by more than one district attorney, such amounts shall be paid to the State Treasurer and to the treasurer(s) of the county or counties participating in the prosecution in a proportion agreed upon by the agencies jointly prosecuting such case and as approved by the court.

An act to amend Section 16750.1 of the Business and Professions Code, relating to combinations in restraints of trade.

[Approved by Governor September 2, 1977 Filed with Secretary of State September 3, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 16750.1 of the Business and Professions Code is amended to read:

16750.1. Any civil action to enforce any cause of action for a violation of this chapter shall be commenced within four years after the cause of action accrued. No cause of action barred under existing law on the effective date of the amendment of this section at the 1977–78 Regular Session of the Legislature shall be revived by such amendment.

CHAPTER 542

An act to add Section 16759 to the Business and Professions Code, relating to district attorneys.

[Approved by Governor September 2, 1977 Filed with Secretary of State September 3, 1977]

The people of the State of California do enact as follows:

SECTION 1. Section 16759 is added to the Business and Professions Code, to read:

16759. All those powers granted to the Attorney General as a head of a department under Article 2 (commencing with Section 11180) of Chapter 2 of Part 1 of Division 3 of Title 2 of the Government Code shall be granted to the district attorney of any county where such district attorney reasonably believes that there may have been a violation of Article 2 (commencing with Section 16720) or Article 3 (commencing with Section 16750) of this chapter, or a violation of Chapter 4 (commencing with Section 17000) of this part, or a

violation of Section 3369 of the Civil Code, and shall be subject to the provisions of Chapter 20 (commencing with Section 7460) of Division 7 of Title 1 of the Government Code. Any investigations pursuant to such powers shall be conducted in accordance with the procedures set forth in Article 2 of Chapter 2 of Part 1 of Division 3 of Title 2 of the Government Code. Court orders sought pursuant to this section shall be sought in the superior court of the county where the district attorney seeking the order holds office.

CHAPTER 543

An act to add Section 16760 to the Business and Professions Code, relating to restraints of trade.

[Approved by Governor September 2, 1977. Filed with Secretary of State September 3, 1977]

The people of the State of California do enact as follows:

SECTION 1. Section 16760 is added to the Business and Professions Code, to read:

16760. (a) (1) The Attorney General may bring a civil action in the name of the people of the State of California, as parens patriae on behalf of natural persons residing in the state, in the superior court of any county which has jurisdiction of a defendant, to secure monetary relief as provided in this section for injury sustained by such natural persons to their property by reason of any violation of this chapter. The court shall exclude from the amount of monetary relief awarded in such action any amount of monetary relief (A) which duplicates amounts which have been awarded for the same injury, or (B) which is properly allocable to (i) natural persons who have excluded their claims pursuant to paragraph (2) of subdivision (b), and (ii) any business entity.

(2) The court shall award the state as monetary relief the total damage sustained as described in paragraph (1), and the costs of suit, including a reasonable attorney's fee.

(3) The court may, in its discretion, award a reasonable attorney's fee to a prevailing defendant upon a finding that the attorney general or district attorney has acted in bad faith, vexatiously, wantonly, or for oppressive reasons.

(b) (1) In any action brought under this section, the Attorney General shall, at such times, in such manner, and with such content as the court may direct, cause notice thereof to be given by publication. If the court finds that notice given solely by publication would deny due process of law to any person or persons, the court may direct further notice to such person or persons according to the circumstances of the case.

(2) Any person on whose behalf an action is brought under

paragraph (1) of subdivision (a) may elect to exclude from adjudication the portion of the claim for monetary relief attributable to him by filing notice of such election with the court within such time as specified in the notice given pursuant to paragraph (1).

(3) The final judgment in an action under paragraph (1) of subdivision (a) shall be res judicata as to any claim under this section by any person on behalf of whom such action was brought and who fails to give such notice within the period specified in the notice given pursuant to paragraph (1).

(c) An action under paragraph (1) of subdivision (a) shall not be dismissed or compromised without the approval of the court, and notice of any proposed dismissal or compromise shall be given in such manner as the court directs.

(d) In any action under this chapter, where there has been a determination that a defendant agreed to fix prices, damages may be proved and assessed in the aggregate by statistical or sampling methods, by the pro rata allocation of illegal overcharges or of excess profits, or by such other reasonable system of estimating aggregate damages as the court in its discretion may permit without the necessity of separately proving the individual claim of, or amount of damage to, persons on whose behalf the suit was brought.

(e) Monetary relief recovered by the Attorney General under this section shall be distributed as follows:

(1) In such manner as the superior court having jurisdiction over the action in its discretion may authorize to insure, to the extent possible, that each person be afforded a reasonable opportunity to secure his appropriate portion of the monetary relief.

(2) The Attorney General shall retain that portion of the monetary relief awarded by the court as costs of suit and attorney's fee for deposit in the Attorney General Antitrust Account within the General Fund.

(3) To the extent that the monetary relief awarded by the court is not exhausted by distribution under paragraphs (1) and (2), the remaining funds shall be treated under the provisions of Article 3 (commencing with Section 1530) and Article 4 (commencing with Section 1540) of Chapter 7 of Title 10 of Part 3 of the Code of Civil Procedure as if it were unclaimed property, as defined in Section 1300 of the Code of Civil Procedure.

(f) The powers granted in this section are in addition to and not in derogation of the powers granted to the Attorney General by common law in respect to bringing actions parens patriae.

(g) The district attorney of any county may prosecute any action on behalf of the natural persons residing in such county which the Attorney General is authorized to bring pursuant to subdivision (a), whenever it appears that the activities giving rise to such prosecution or the effects of such activities occur primarily within such county. Prior to bringing any such action, a district attorney shall comply with the notice requirements provided in subdivision (g) of Section 16750. In any action brought pursuant to this subdivision, the

provisions of subdivisions (a) to (e), inclusive, shall be applicable, except that the portion of monetary relief awarded by the court as attorney's fee and costs shall be retained by the district attorney for deposit in the appropriate account as provided by law.

CHAPTER 544

An act to amend Section 24807 of, and to add Section 24807.5 to, the Education Code, relating to the State Teachers' Retirement System.

[Approved by Governor September 2, 1977. Filed with Secretary of State September 3, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 24807 of the Education Code is amended to read:

24807. The balance of the assets delivered to the district pursuant to subdivision (c) of Section 24806, after the transfers, deposits and payments required by such section, or after establishment of reserves from which such deposits and payments shall be made, shall be allocated and distributed as follows:

(a) Sixty-five percent of such balance shall be distributed to the undistributed reserve of the general fund of the district to be reduced to cash as necessary and appropriated in any year by majority vote of the governing board. Until the balance of the assets has been reduced to cash, the governing board may invest and reinvest the assets in securities legal for the investment of funds of the State Teachers' Retirement System when in the judgment of the governing board any sale and reinvestment is advisable. Ten percent of this amount shall be used only for maintenance operation.

(b) Twenty percent of such balance shall be transferred to a special account in the undistributed reserve of the district's general fund to be reduced to cash as necessary in order to be used only for the purpose of reducing the tax collected pursuant to Section 23401 in order to provide the contributions required by Section 23400 to the Teacher's Retirement Fund. In the event that the special account is not wholly distributed for the purpose of making such contribution, the balance in the special account shall be released to the undistributed reserve. Until the balance of the assets has been reduced to cash, the governing board may invest and reinvest the assets in securities legal for the investment of funds of the State Teachers' Retirement System when in the judgment of the governing board any sale and reinvestment is advisable.

(c) Fifteen percent of such balance shall be held intact by the district in an annuity reserve fund from which shall be provided a supplementary annuity at time of retirement under any California

public retirement system to or on behalf of those members of the local district retirement system who were on the active roll or members on the retired roll of such local district retirement system as of June 30, 1972, and those members added to the active and retired rolls between June 30, 1972, and any later date of discontinuance, and those probationary or permanent certificated employees of the district holding memberships in California public retirement systems other than the local district retirement system who are making contributions to such systems on June 30, 1972, or on any later date of discontinuance. The supplement annuity may be paid in lump sum or in installments for the life of the person eligible, or his beneficiary, after his retirement.

No such participant in the annuity reserve fund shall have vested rights to the benefits of this annuity reserve fund until he has continued in active service for a period of five years from the date of discontinuance of the local district retirement system, except participants who have separated from service by reason of retirement, including deferred retirement, or death.

An account shall be opened in the name of each person eligible to participate in the benefits of the annuity reserve fund to which shall be credited his share of the annuity reserve fund. The individual participant's share of this fund shall bear the same ratio to the total of this fund as his annuity savings contributions, including interest earned, to the retirement system, to which he is making annuity contributions as of June 30, 1972, or any later date of discontinuance, or, if a retired member, the date of retirement prior to June 30, 1972, bears to the total annuity savings contributions, including interest earned, of all such participants in the retirement systems to which they are making contributions at the date of discontinuance, including total contributions to the local district retirement system previously made by living members on the retired roll. The fund shall include principal and interest in the account of any participant forfeited because said participant separated from service, except by reason of retirement, including deferred retirement, or death, within five years from June 30, 1972, or other date of discontinuance. Such forfeiture shall be treated as earnings of the fund.

As of June 30 each year, and on such other dates as the annuity reserve fund board may determine, the earnings of the fund less administrative expense shall be credited to the accounts of the remaining participants in the annuity reserve fund on the ratio that the participant's individual account balance bears to the total balance of the annuity reserve fund. The cost of administering the fund shall be charged against the assets of the fund, as approved by the governing board of the school district.

If a participant separates from service prior to June 30, of any year, the earnings since the preceding June 30 shall remain in the fund. Any member whose accumulated contributions to the local retirement system exceed the amount required by law to be deposited by the member in the State Teachers' Retirement

System's Annuity Fund upon discontinuance of the local system may deposit to his credit all or part of such excess amount in the annuity reserve fund.

The governing board of the school district which maintained the discontinued local district retirement system shall establish an annuity reserve fund board of not more than seven members, the majority of whom shall be composed of certificated employees who are participants in the annuity reserve fund. The certificated employees on the annuity reserve fund board shall be elected by participants in the annuity reserve fund. The annuity reserve fund board shall have the authority to make rules and regulations necessary for the management of the annuity reserve fund in accordance with modern business practice. The local district retirement board shall continue to function as the annuity reserve board pending its establishment.

Annuity reserve fund board shall invest the funds in securities which are legal for the investment of funds of the State Teachers' Retirement System and shall sell the securities and reinvest the proceeds in securities legal for the investment of funds of the State Teachers' Retirement System when in the judgment of the annuity reserve fund board any sale and reinvestment is advisable.

All securities and cash of the annuity reserve fund shall be held in a trust fund in the county treasury. The county treasurer, as one of his official duties, shall be a member ex officio of the annuity reserve fund board established to invest the assets of this fund.

Any funds raised for the support of the local district retirement system and not appropriated to any specific account shall be transferred to the annuity reserve fund. All payments from the district's annuity reserve fund shall be made in the same manner as payments from school district funds. The annuity reserve fund board may, at its discretion, request the district governing board to hold an election among existing annuity reserve fund participants as to whether the board should distribute existing funds in the annuity fund. The annuity reserve fund board may prescribe all rules and regulations regarding such an election and is authorized to distribute such funds if a majority of such members so elect.

SEC. 2. Section 24807.5 is added to the Education Code, to read:

24807.5. Any certificated employee of a district having an annuity reserve fund may enter into an amendment of his or her employment contract for the purpose of effecting a reduction in salary. Such reduction shall be deposited by the employer, at the employee's request, in the district's annuity reserve fund. Such deposits shall be used to provide the employee an annuity within the meaning of Section 403(b) of the Internal Revenue Code.

CHAPTER 545

An act to amend Section 1208 of the Penal Code, relating to work furlough.

[Approved by Governor September 2, 1977 Filed with Secretary of State September 3, 1977]

The people of the State of California do enact as follows:

SECTION 1. Section 1208 of the Penal Code is amended to read:

1208. (a) The provisions of this section, insofar as they relate to employment, shall be operative in any county in which the board of supervisors by ordinance finds, on the basis of employment conditions, the state of the county jail facilities, and other pertinent circumstances, that the operation of this section, insofar as it relates to employment, in that county is feasible. The provisions of this section, insofar as they relate to education, shall be operative in any county in which the board of supervisors by ordinance finds, on the basis of education conditions, the state of the county jail facilities, and other pertinent circumstances, that the operation of this section, insofar as it relates to education, in that county is feasible. In any such ordinance the board shall prescribe whether the sheriff, the probation officer, the director of the county department of corrections, or the superintendent of a county industrial farm or industrial road camp in the county shall perform the functions of the work furlough administrator. The board may, in such ordinance, provide for the performance of any or all functions of the work furlough administrator by any one or more of such persons, acting separately or jointly as to any of such functions; and may, by a subsequent ordinance, revise such provisions within the authorization of this section. The board of supervisors may also terminate the operativeness of this section, either with respect to employment or education in the county if it finds by ordinance that because of changed circumstances, the operation of this section, either with respect to employment or education in that county is no longer feasible.

Notwithstanding any other provision of law, the board of supervisors may by ordinance designate a facility for confinement of prisoners classified for the work furlough program and designate the work furlough administrator as the custodian of the facility. The work furlough administrator may, with the approval of the board of supervisors, enter into contracts with appropriate public or nonprofit private agencies to provide a facility and services for the housing, sustenance, counseling, supervision, and related services for such inmates as are eligible for work furlough. No agency entering into such a contract may itself employ any person who is in the work furlough program. The sheriff or director of the county department of corrections, as the case may be, is authorized to transfer custody

of such prisoners to the work furlough administrator to be confined in such facility for the period during which they are in the work furlough program.

(b) When a person is convicted of a misdemeanor and sentenced to the county jail, or is imprisoned therein for nonpayment of a fine, for contempt, or as a condition of probation for any criminal offense, or committed under the terms of Section 6404 or 6406 of the Welfare and Institutions Code as a habit-forming drug addict, the work furlough administrator may, if he concludes that such person is a fit subject therefor, direct that such person be permitted to continue in his regular employment, if that is compatible with the requirements of subdivision (d), or may authorize the person to secure employment for himself, unless the court at the time of sentencing or committing has ordered that such person not be granted work furloughs. The work furlough administrator may, if he concludes that such person is a fit subject therefor, direct that such person be permitted to continue in his regular educational program, if that is compatible with the requirements of subdivision (d), or may authorize the person to secure education for himself, unless the court at the time of sentencing has ordered that such person not be granted work furloughs.

(c) If the work furlough administrator so directs that the prisoner be permitted to continue in his regular employment or educational program, the administrator shall arrange for a continuation of such employment or education, so far as possible without interruption. If the prisoner does not have regular employment or a regular educational program, and the administrator has authorized the prisoner to secure employment or education for himself, the prisoner may do so, and the administrator may assist him in doing so. Any employment or education so secured must be suitable for the prisoner. Such employment or educational program, if such educational program includes earnings by the prisoner, must be at a wage at least as high as the prevailing wage for similar work in the area where the work is performed and in accordance with the prevailing working conditions in such area. In no event may any such employment or educational program involving earnings by the prisoner be permitted where there is a labor dispute in the establishment in which the prisoner is, or is to be, employed or educated

(d) Whenever the prisoner is not employed or being educated and between the hours or periods of employment or education, he shall be confined in the facility designated by the board of supervisors for work furlough confinement unless the work furlough administrator directs otherwise. If the prisoner is injured during a period of employment or education, the work furlough administrator shall have the authority to release him from the facility for continued medical treatment by private physicians or at medical facilities at the expense of the employer, worker's compensation insurer, or the prisoner. Such release shall not be construed as assumption of liability

by the county or work furlough administrator for medical treatment obtained.

The work furlough administrator may release any prisoner classified for the work furlough program for a period not to exceed 72 hours for medical, dental, or psychiatric care, or for family emergencies or pressing business which would result in severe hardship if the release were not granted, or to attend such activities as the administrator deems may effectively promote the prisoner's successful return to the community, including, but not limited to, an attempt to secure housing, employment, entry into educational programs, or participation in community programs.

(e) The earnings of the prisoner may be collected by the work furlough administrator, and it shall be the duty of the prisoner's employer to transmit such wages to the administrator at the latter's request. Earnings levied upon pursuant to writ of execution or in other lawful manner shall not be transmitted to the administrator. If the administrator has requested transmittal of earnings prior to levy, such request shall have priority. In a case in which the functions of the administrator are performed by a sheriff, and such sheriff receives a writ of execution for the earnings of a prisoner subject to this section but has not yet requested transmittal of the prisoner's earnings pursuant to this section, he shall first levy on the earnings pursuant to the writ. When an employer or educator transmits such earnings to the administrator pursuant to this subdivision he shall have no liability to the prisoner for such earnings. From such earnings the administrator shall pay the prisoner's board and personal expenses, both inside and outside the jail, and shall deduct so much of the costs of administration of this section as is allocable to such prisoner, and, in an amount determined by the administrator, shall pay the support of the prisoner's dependents, if any. If sufficient funds are available after making the foregoing payments, the administrator may, with the consent of the prisoner, pay, in whole or in part, the preexisting debts of the prisoner. Any balance shall be retained until the prisoner's discharge and thereupon shall be paid to him.

(f) The prisoner shall be eligible for time credits pursuant to Sections 4018, 4019, and 4019.2.

(g) In the event the prisoner violates the conditions laid down for his conduct, custody, education, or employment, the work furlough administrator may order the balance of the prisoner's sentence to be spent in actual confinement.

(h) Willful failure of the prisoner to return to the place of confinement not later than the expiration of any period during which he is authorized to be away from the place of confinement pursuant to this section is punishable as provided in Section 4532.

(i) As used in this section, "education" includes vocational and educational training and counseling; and psychological, drug abuse, alcoholic and other rehabilitative counseling; "educator" includes a person or institution providing such training or counseling; and

"employment" includes care of children, including the daytime care of children of the prisoner.

(j) This section shall be known and may be cited as the "Cobey Work Furlough Law."

SEC. 2. Section 1208 of the Penal Code is amended to read:

1208. (a) The provisions of this section, insofar as they relate to employment, shall be operative in any county in which the board of supervisors by ordinance finds, on the basis of employment conditions, the state of the county jail facilities, and other pertinent circumstances, that the operation of this section, insofar as it relates to employment, in that county is feasible. The provisions of this section, insofar as they relate to education, shall be operative in any county in which the board of supervisors by ordinance finds, on the basis of education conditions, the state of the county jail facilities, and other pertinent circumstances, that the operation of this section, insofar as it relates to education, in that county is feasible. In any such ordinance the board shall prescribe whether the sheriff, the probation officer, the director of the county department of corrections, or the superintendent of a county industrial farm or industrial road camp in the county shall perform the functions of the work furlough administrator. The board may, in such ordinance, provide for the performance of any or all functions of the work furlough administrator by any one or more of such persons, acting separately or jointly as to any of such functions; and may, by a subsequent ordinance, revise such provisions within the authorization of this section. The board of supervisors may also terminate the operativeness of this section, either with respect to employment or education in the county if it finds by ordinance that because of changed circumstances, the operation of this section, either with respect to employment or education in that county is no longer feasible.

Notwithstanding any other provision of law, the board of supervisors may by ordinance designate a facility for confinement of prisoners eligible for the work furlough program and designate the work furlough administrator as the custodian of the facility. The work furlough administrator may, with the approval of the board of supervisors, enter into contracts with appropriate public or nonprofit private agencies to provide a facility and services for the housing, sustenance, counseling, supervision, and related services for such inmates as are eligible for work furlough. No agency entering into such a contract may itself employ any person who is in the work furlough program. The sheriff or director of the county department of corrections, as the case may be, is authorized to transfer custody of such prisoners to the work furlough administrator to be confined in such facility for the period during which they are in the work furlough program.

(b) When a person is convicted of a misdemeanor and sentenced to the county jail, or is imprisoned therein for nonpayment of a fine, for contempt, or as a condition of probation for any criminal offense,

or committed under the terms of Section 6404 or 6406 of the Welfare and Institutions Code as a habit-forming drug addict, the work furlough administrator may, if he concludes that such person is a fit subject therefor, direct that such person be permitted to continue in his regular employment, if that is compatible with the requirements of subdivision (d), or may authorize the person to secure employment for himself, unless the court at the time of sentencing or committing has ordered that such person not be granted work furloughs. The work furlough administrator may, if he concludes that such person is a fit subject therefor, direct that such person be permitted to continue in his regular educational program, if that is compatible with the requirements of subdivision (d), or may authorize the person to secure education for himself, unless the court at the time of sentencing has ordered that such person not be granted work furloughs.

(c) If the work furlough administrator so directs that the prisoner be permitted to continue in his regular employment or educational program, the administrator shall arrange for a continuation of such employment or education, so far as possible without interruption. If the prisoner does not have regular employment or a regular educational program, and the administrator has authorized the prisoner to secure employment or education for himself, the prisoner may do so, and the administrator may assist him in doing so. Any employment or education so secured must be suitable for the prisoner. Such employment or educational program, if such educational program includes earnings by the prisoner, must be at a wage at least as high as the prevailing wage for similar work in the area where the work is performed and in accordance with the prevailing working conditions in such area. In no event may any such employment or educational program involving earnings by the prisoner be permitted where there is a labor dispute in the establishment in which the prisoner is, or is to be, employed or educated.

(d) Whenever the prisoner is not employed or being educated and between the hours or periods of employment or education, he shall be confined in the facility designated by the board of supervisors for work furlough confinement unless the work furlough administrator directs otherwise. If the prisioner is injured during a period of employment or education, the work furlough administrator shall have the authority to release him from the facility for continued medical treatment by private physicians or at medical facilities at the expense of the employer, worker's compensation insurer, or the prisoner. Such release shall not be construed as assumption of liability by the county or work furlough administrator for medical treatment obtained.

The work furlough administrator may release any prisoner eligible for the work furlough program for a period not to exceed 72 hours for medical, dental, or psychiatric care, or for family emergencies or pressing business which would result in severe hardship if the release

were not granted, or to attend such activities as the administrator deems may effectively promote the prisoner's successful return to the community, including, but not limited to, an attempt to secure housing, employment, entry into educational programs, or participation in community programs.

(e) The earnings of the prisoner may be collected by the work furlough administrator, and it shall be the duty of the prisoner's employer to transmit such wages to the administrator at the latter's request. In a case in which the functions of the administrator are performed by a sheriff, and such sheriff receives a writ of execution for the earnings of a prisoner subject to this section but has not yet requested transmittal of the prisoner's earnings pursuant to this section, he shall first levy on the earnings pursuant to the writ. When an employer or educator transmits such earnings to the administrator pursuant to this subdivision he shall have no liability to the prisoner for such earnings. From such earnings the administrator shall pay the prisoner's board and personal expenses, both inside and outside the jail, and shall deduct so much of the costs of administration of this section as is allocable to such prisoner, and, in an amount determined by the administrator, shall pay the support of the prisoner's dependents, if any. If sufficient funds are available after making the foregoing payments, the administrator may, with the consent of the prisoner, pay, in whole or in part, the preexisting debts of the prisoner. Any balance shall be retained until the prisoner's discharge and thereupon shall be paid to him.

(f) The prisoner shall be eligible for time credits pursuant to Sections 4018, 4019, and 4019.2.

(g) In the event the prisoner violates the conditions laid down for his conduct, custody, education, or employment, the work furlough administrator may order the balance of the prisoner's sentence to be spent in actual confinement.

(h) Willful failure of the prisoner to return to the place of confinement not later than the expiration of any period during which he is authorized to be away from the place of confinement pursuant to this section is punishable as provided in Section 4532.

(i) As used in this section, "education" includes vocational and educational training and counseling; and psychological, drug abuse, alcoholic and other rehabilitative counseling; "educator" includes a person or institution providing such training or counseling; and "employment" includes care of children, including the daytime care of children of the prisoner.

(j) This section shall be known and may be cited as the "Cobey Work Furlough Law."

employment for himself, unless the court at the time of sentencing or committing has ordered that such person not be granted work furloughs. SEC. 5. It is the intent of the Legislature that if this bill and Assembly Bill No. 1052 or Senate Bill No. 502, or both, are chaptered and become effective January 1, 1978, each of the bills amend Section 1208 of the Penal Code, and this bill is chaptered last, that amendments proposed by each of the bills which are chaptered be given effect as follows:

(1) If this bill and Assembly Bill No. 1052 are both chaptered and become effective January 1, 1978, both bills amend Section 1208 of the Penal Code, but Senate Bill No. 502 is not chaptered or as chaptered does not amend that section, and this bill is chaptered after Assembly Bill No. 1052, the amendments proposed by both bills shall be given effect and incorporated in Section 1208 in the form set forth in Section 2 of this act. Therefore, if this bill and Assembly Bill No. 1052 are both chaptered and become effective January 1, 1978,

both bills amend Section 1208, this bill is chaptered after Assembly Bill No. 1052, and Senate Bill No. 502 is not chaptered or as chaptered does not amend that section, Section 2 of this act shall be operative and Sections 1, 3, and 4 of this act shall not become operative.

(2) If this bill and Senate Bill No. 502 are both chaptered and become effective January 1, 1978, both bills amend Section 1208 of the Penal Code, but Assembly Bill No. 1052 is not chaptered or as chaptered does not amend that section, and this bill is chaptered after Senate Bill No. 502, the amendments proposed by both bills shall be given effect and incorporated in Section 1208 in the form set forth in Section 3 of this act. Therefore, if this bill and Senate Bill No. 502 are both chaptered and become effective January 1, 1978, both bills amend Section 1208, this bill is chaptered after Senate Bill No. 502, and Assembly Bill No. 1052 is not chaptered or as chaptered does not amend that section, Section 3 shall be operative and Sections 1, 2, and 4 of this act shall not become operative.

(3) If this bill and Assembly Bill No. 1052 and Senate Bill No. 502 are all chaptered and become effective January 1, 1978, all three bills amend Section 1208 of the Penal Code, and this bill is chaptered after Assembly Bill No. 1052 and Senate Bill No. 502, the amendments proposed by all three bills shall be given effect and incorporated in Section 1208 in the form set forth in Section 4 of this act. Therefore, if this bill and Assembly Bill No. 1052 and Senate Bill No. 502 are all chaptered and become effective January 1, 1978, all three bills amend Section 1208 of the Penal Code, and this bill is chaptered after Assembly Bill No. 1052 and Senate Bill No. 502, Section 4 of this act shall be operative and Sections 1, 2, and 3 of this act shall not become operative.

CHAPTER 546

[Approved by Governor September 2, 1977. Filed with Secretary of State September 3, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 10101 of the Business and Professions Code is amended to read:

10101. The accusation provided for by Section 11503 of the Government Code shall be filed not later than three years from the occurrence of the alleged grounds for disciplinary action unless the acts or omissions with which the licensee is charged involves fraud, misrepresentation or a false promise in which case the accusation shall be filed within one year after the date of discovery by the aggrieved party of the fraud, misrepresentation or false promise or

within three years after the occurrence thereof, whichever is later, except that in no case shall an accusation be filed later than 10 years from the occurrence of the alleged grounds for disciplinary action.

CHAPTER 547

An act to amend Section 3247 of the Civil Code, to amend Section 14311 of, and to add Section 14310.4 to, the Government Code, and to amend Sections 114 and 116 of, the Streets and Highways Code, relating to public works.

[Approved by Governor September 2, 1977 Filed with Secretary of State September 3, 1977]

The people of the State of California do enact as follows:

SECTION 1. Section 3247 of the Civil Code is amended to read:

3247. (a) Every original contractor to whom is awarded a contract by a public entity involving an expenditure in excess of fifteen thousand dollars ($15,000) for any public work shall, before entering upon the performance of the work, file a payment bond with and approved by the officer or public entity by whom the contract was awarded.

A public entity shall state in its call for bids for any such contract that such bond is required in the case of such an expenditure.

(b) A payment bond filed and approved in accordance with this section shall be sufficient to enter upon the performance of work under a duly authorized contract which supplements the contract for which such payment bond was filed, if the requirement of a new bond is waived by the public entity.

SEC. 2. Section 14310.4 is added to the Government Code, to read:

14310.4. The department may also require from prospective bidders the completion, under penalty of perjury, of a standard form of questionnaire concerning the past safety record of each prospective bidder, any officer of such bidder, and any managing employee of such bidder. The department may refuse to prequalify any prospective bidder who fails to submit a completed questionnaire when required, or for the reason that the information contained in the submitted questionnaire or otherwise known to the department indicates a continuing unsatisfactory safety record.

The director of the department shall prescribe guidelines listing criteria which will be utilized administratively in determining an unsatisfactory safety record. A refusal by the department to prequalify a prospective bidder shall be issued only after the department has granted such bidder a hearing.

This section shall in no way abridge or restrict the right of the department to later determine whether the low bidder on a

particular project is the lowest responsible bidder for purposes of award of the contract, including the holding of hearings thereon.

The Director of Industrial Relations shall approve the standard form of questionnaire and the guidelines listing criteria which will be utilized administratively by the department in determining an unsatisfactory safety record prior to their use by the department.

SEC. 3. Section 14311 of the Government Code is amended to read:

14311. The department shall adopt and apply a uniform system of rating bidders, on the basis of the standard questionnaires and financial statements, in respect to the size of the contracts upon which each bidder is qualified to bid. When bids for more than one project are to be received at the same bid opening, the department may permit a bidder to submit bids for each project within such bidder's prequalification rating, even though such rating is insufficient to permit the bidder to be awarded the contract for each project bid upon.

In no event shall any bidder be awarded a contract if such contract award would result in the bidder having under contract work for which prequalification is required in excess of that authorized by his prequalification rating. In determining whether an award of a contract would result in a bidder having under contract work in excess of that authorized by his prequalification rating, the department may use its estimated cost of such contract rather than the amount of the bidder's bid. If the department determines that a bidder would be awarded the contract for two or more projects but cannot be awarded the contract for all such projects because of the inadequacy of his prequalification rating, the department shall determine which of the bids of such bidder are to be accepted and the contract awarded thereon and which of the bids of such bidder are to be disregarded. In making its decision the department shall be guided by the combination of contract awards which will result in the lowest total cost for the projects involved.

SEC. 4. Section 114 of the Streets and Highways Code is amended to read:

114. When the commission has allocated any funds for the construction, improvement or maintenance of any portion of a state highway within a city or a county, the department may enter into a cooperative agreement with such city or county for the performance of any such work by the department or by such city or county, or for the apportionment of the expense of such work between the department and such city or county.

SEC. 5. Section 116 of the Streets and Highways Code is amended to read:

116. The department may delegate to any such city or county any part of the powers and jurisdiction vested by law in the department, except the power of approval, with respect to any portion of any such state highway within such city or county, and may withdraw such delegation.

SEC. 6. The Department of Transportation shall undertake a three-year program of rating prospective bidders on the basis of their safety records. Such program shall conform to the provisions of Section 14310.4 of the Government Code and shall commence January 1, 1978. The department shall submit an interim report to the Legislature on or before July 1, 1979, and a final report on or before January 1, 1981. Each report shall include statistics as to classification of projects for which questionnaires were solicited, number of questionnaires received, criteria used for rating prospective bidders, number of hearings held, and the number of bidders prohibited from bidding department contracts or refused award after bids were received. These reports shall also compare overall safety performance on department contracts prior to the start of this program with safety performance during the reporting period.

CHAPTER 554

An act relating to the Santa Barbara Community College District, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 2, 1977. Filed with Secretary of State September 3, 1977]

The people of the State of California do enact as follows:

SECTION 1. Since 1968 the Santa Barbara Community College District has conducted a unique and highly successful instructional program in marine technology, offering training in a specialized field not otherwise readily available to community college students in the area.

The marine technology program in presently conducted in leased facilities which do not conform to structural standards mandated by the state's so-called Field Act. The community college district has undertaken the design and construction of permanent facilities to house the program and was granted an extension of time for occupancy of the leased facilities. Under existing law, the district's authority to occupy the leased facilities will expire June 30, 1977.

Due to recently encountered architectural problems relating to site development, construction of the new permanent facility has

been delayed and completion cannot now be accomplished before September 1, 1978.

SEC. 2. The Legislature intends by this act to permit the Santa Barbara Community College District to continue operation of its successful marine technology program without interruption pending the construction and completion of permanent facilities to house the program, and to permit the district to occupy, for a limited time, nonconforming leased facilities in which the program has been operated since its inception in 1968.

SEC. 3. The State Allocation Board, upon making a determination that the Santa Barbara Community College District has proceeded with a plan for the design and construction of permanent replacement facilities in which to conduct its marine technology program, may authorize the district to continue to house such program in nonconforming leased facilities and the district may, for such purposes, renew the existing lease or enter into a new lease for the use of such facilities. In no event shall the State Allocation Board authorize the use of the leased facilities for a period extending beyond the completion of permanent replacement facilities or beyond September 1, 1978, whichever occurs first. During the period of continued occupancy, as authorized by the State Allocation Board, the leased facilities shall not be subject to the provisions of Article 7 (commencing with Section 81130) and Article 8 (commencing with Section 81160) of Chapter 1 of Part 49 of Division 7 of the Education Code.

SEC. 4. Due to unique circumstances concerning the construction of permanent replacement facilities for the marine technology program conducted by the Santa Barbara Community College District, as described in Section 1, and the limited nature of the exemption provided for in Section 2 of this act, the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the Constitution.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that the Santa Barbara Community College District may continue to operate its marine technology program in leased facilities beyond the existing June 30, 1977, deadline, thus avoiding an interruption which would seriously disrupt students enrolled in the program, and in order to permit the district to proceed with an orderly transition to newly constructed permanent facilities, it is necessary that this act take effect immediately.

CHAPTER 555

An act to amend Section 91013 of the Government Code, relating to the Political Reform Act of 1974.

[Approved by Governor September 2, 1977 Filed with Secretary of State September 3, 1977]

The people of the State of California do enact as follows:

SECTION 1. Section 91013 of the Government Code is amended to read:

91013. Liability need not be enforced by the filing officer if on an impartial basis he determines that the late filing was not willful and that enforcement of the liability will not further the purposes of the act, except that no liability shall be waived if a statement or report is not filed within 10 days, or five days in the case of the second preelection campaign statement, after the filing officer has sent specific written notice of the filing requirement.

(b) If any person files a copy of a statement or report after any deadline imposed by this act he shall, in addition to any other penalties or remedies established by this chapter, be liable in the amount of ten dollars ($10) per day, starting 10 days, or five days in the case of the second preelection campaign statement, after the officer has sent specific written notice of the filing requirement and until the statement is filed.

(c) The officer shall deposit any funds received under this section into the general fund of the jurisdiction of which he is an officer. No liability under this section shall exceed the cumulative amount stated in the late statement or report, or one hundred dollars ($100), whichever is greater.

SEC. 2. The Legislature finds and declares that the provisions of this act further the purposes of the Political Reform Act of 1974 within the meaning of subdivision (a) of Section 81012 of the Government Code.

CHAPTER 556

An act to amend Sections 3512, 3756, and 27300 of the Elections Code, and to amend Section 6253.5 of the Government Code, relating to election petitions.

[Approved by Governor September 2, 1977 Filed with Secretary of State September 3, 1977]

The people of the State of California do enact as follows:

SECTION 1. Section 3512 of the Elections Code is amended to read:

3512. Officers required by law to receive or file in their offices any initiative or referendum petition shall preserve the petition until eight months after the certification of the results of the election for which the petition qualified or attempted to qualify for placement on the ballot. Thereafter, the petition shall be destroyed as soon as practicable unless it is in evidence in some action or proceeding then pending or unless the officer has received a written request from the Attorney General, the Secretary of State, the Fair Political Practices Commission, a district attorney, a grand jury, or the governing body of a county, city and county, or district, including a school district, that the petition be preserved for use in a pending or ongoing investigation into election irregularities, the subject of which relates to the petition's qualification or disqualification for placement on the ballot, or in a pending or ongoing investigation into a violation of the Political Reform Act of 1974 as set forth in Title 9 (commencing with Section 81000) of the Government Code.

SEC. 2. Section 3756 of the Elections Code is amended to read:

3756. Public access to any such petition shall be restricted in accordance with the provisions of Section 6253.5 of the Government Code. At the end of the eight-month period, the petition shall be destroyed as soon as practicable unless it is in evidence in some action or proceeding then pending, or unless the clerk has received a written request from the Attorney General, the Secretary of State, the Fair Political Practices Commission, a district attorney, a grand jury, or the governing body of a county, city and county, or district including a school district, that the petition be preserved for use in a pending or ongoing investigation into election irregularities, or in a pending or ongoing investigation into a violation of the Political Reform Act of 1974 as set forth in Title 9 (commencing with Section 81000) of the Government Code.

SEC. 3. Section 27300 of the Elections Code is amended to read:

27300. The clerk or, in the case of the recall of a state officer, the Secretary of State, shall preserve in his office all recall petitions filed for eight months after the certification of the results of the election for which the petition qualified or, if no election is held, eight months after the clerks final examination of the petition. Public access to any such petition shall be restricted in accordance with provisions of Section 6253.5 of the Government Code. At the end of the eight-month period, the petition shall be destroyed as soon as

practicable, unless it is in evidence in some action or proceeding then pending or unless a written request is received from the Attorney General, the Secretary of State, the Fair Political Practices Commission, a district attorney, a grand jury, or the governing body of a county, city, or district, including a school district, that the petition be preserved for use in a pending or ongoing investigation into election irregularities, or in a pending or ongoing investigation into a violation of the Political Reform Act of 1974 as set forth in Title 9 (commencing with Section 81000) of the Government Code.

SEC. 4. Section 6253.5 of the Government Code is amended to read:

Notwithstanding the provisions of Sections 6252 and 6253, statewide, county, city, and district initiative, referendum, and recall petitions and all memoranda prepared by the county clerks in the examination of such petitions indicating which registered voters have signed particular petitions shall not be deemed to be public records and shall not be open to inspection except by the public officer or public employees who have the duty of receiving, examining or preserving such petitions or who are responsible for the preparation of such memoranda; provided, however, that the Attorney General, the Secretary of State, the Fair Political Practices Commission, a district attorney, and a city attorney shall be permitted to examine such material upon approval of the appropriate superior court.

CHAPTER 557

An act to amend the heading of Article 13 (commencing with Section 33460) of Chapter 4 of Part 1 of Division 24 of, and to add Article 14 (commencing with Section 33470) to Chapter 4 of Part 1 of Division 24 of, the Health and Safety Code, relating to redevelopment, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 2, 1977 Filed with Secretary of State September 3, 1977.]

The people of the State of California do enact as follows:

SECTION 1. The heading of Article 13 (commencing with Section 33460) of Chapter 4 of Part 1 of Division 24 of the Health and Safety Code is amended to read:

Article 13. Merger of Redevelopment Project Areas in the City of Sacramento

SEC. 2. Article 14 (commencing with Section 33470) is added to Chapter 4 of Part 1 of Division 24 of the Health and Safety Code, to

read:

Article 14. Merger of Redevelopment Project Areas in the City of San Bernardino

33470. For the purpose of allocating taxes pursuant to Section 33670 and subject to the provisions of this article, redevelopment project areas under the jurisdiction of the redevelopment agency of the City of San Bernardino, for which redevelopment plans have been adopted pursuant to Article 5 (commencing with Section 33360) of this chapter, may be merged, irrespective of contiguity, by the amendment of each affected redevelopment plan as provided in Article 12 (commencing with Section 33450) of this chapter. Each constituent project area so merged shall continue under its own redevelopment plan, but, except as otherwise provided in this article, taxes attributable to each project area merged pursuant to this section which are allocated to the redevelopment agency pursuant to Section 33670 may be allocated, as provided in subdivision (b) of such section, to the entire merged project area for the purpose of paying the principal of and interest on loans, moneys advanced to, or indebtedness (whether funded, refunded, assumed, or otherwise) incurred by the redevelopment agency to finance or refinance, in whole or in part, such merged redevelopment project.

33471. If the redevelopment agency has, prior to merger of redevelopment project areas pursuant to Section 33470, incurred any indebtedness on account of a constituent project area so merged, taxes attributable to such area which are allocated to the agency pursuant to Section 33670 shall be first used to comply with the terms of any bond resolution or other agreement pledging such taxes from such constituent project area.

33472. The redevelopment plan for a project area which is merged pursuant to Section 33470 shall be amended in the same manner as other redevelopment plans are amended. Notice of the public hearing shall be mailed to the last known assessee of each parcel of land not owned by the agency within the boundaries of the project area described in the redevelopment plan being amended. Notice of the public hearing need not be mailed to assessees of parcels of land within the boundaries of other project areas combined into a merged project area pursuant to Section 33470, except that notice of the public hearing shall be given to the project area committee for each project area which is part of the merged project area.

33473. This article shall be applicable only to redevelopment projects of the redevelopment agency of the City of San Bernardino for which a final redevelopment plan was adopted by ordinance on or before July 1, 1965.

The Legislature finds and declares that conditions unique to the financing of redevelopment in the City of San Bernardino require the granting of authority to merge project areas.

SEC. 3. This act is an urgency statute necessary for the immediate

preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

An original error was made by the tax assessing authorities in determining the increase in assessed value for a redevelopment project area, in the allocation of certain public utility property between two adjacent project areas. In correcting that error, the result has been to substantially reduce tax revenues available to the redevelopment agency for payment of its bonds. If this act is not enacted to permit the redevelopment agency to compensate for the error, its bonds will be jeopardized. Therefore, to correct the situation as soon as possible, it is necessary that this act become effective immediately.

CHAPTER 558

(f) As used in this section, the term "register" is equivalent to the term "licensing" as used in Section 6(e) (2) of the Noise Control Act of 1972 (P.L. 92-574; Title 42, United States Code, Section 4905(e) (2)).

SEC. 3. Section 27204 of the Vehicle Code is amended to read:

(2) After 1981 ..... 80 dbA

SEC. 6. Section 27207 is added to the Vehicle Code, to read:

27207. Notwithstanding the provisions of Section 27205, no motor vehicle with a gross vehicle weight rating of more than 10,000 pounds and equipped with an engine speed governor shall produce a sound level exceeding 88 dbA, measured on an open site at a distance of 50 feet from the longitudinal centerline of the vehicle, when its engine is accelerated from idle with wide open throttle to governed speed with the vehicle stationary, transmission in neutral, and clutch, if any, engaged. CHAPTER 559

An act to amend Sections 53954 and 53960 of the Government Code, relating to districts.

[Approved by Governor September 2, 1977. Filed with Secretary of State September 3, 1977.]

In each case the minimum requirements of the audit shall be those prescribed by the State Controller for special districts under Section 26909 of the Government Code and shall conform to generally accepted auditing standards.

Where an audit of an account and records is made by a certified public accountant or public accountant, a report thereof shall be filed as public records with each of the contracting parties to the agreement and also with the county auditor of the county in which each of the contracting parties is located. Such report shall be filed within 12 months of the end of the fiscal year under examination.

Any costs of the audit, including contracts with, or employment of, certified public accountants or public accountants, in making an audit pursuant to this section shall be borne by the agency or entity and shall be a charge against any unencumbered funds of the agency or entity available for the purpose.

All agencies or entities whose annual budget does not exceed five hundred dollars ($500), may, by unanimous request of the governing body thereof, with unanimous approval of the contracting parties replace the annual special audit with an audit covering a two-year period.

In so doing it shall exclude from the district any land which it finds will not be benefited by the proposed project and it may include in the district any land which it finds will be benefited if it also finds it will be to the interest of the district to include the same. If the board determines and finds from evidence taken at the hearing that the proposed district as its boundaries are described in the petition or as changed by the board is either not in the public interest or not economically feasible, or both, it may dismiss the petition and terminate the proceedings, but if the board determines and finds that the proposed district is in the public interest and is economically feasible it shall call an election to be held in the proposed district for the purpose of determining whether or not the district shall be organized. If the board

determines and finds from the evidence taken at the hearing, or hearings, that 80 percent of the registered voters within the proposed district have signed the petition, and no written or oral protests have been received or offered at the hearing, or hearings, the board shall dispense with an election and, by resolution, declare the district duly organized, give the name of the district, the purposes for which it is formed, describe its boundaries, and designate the members of the board of directors whose terms of office shall be determined by lot and in accordance with Section 23506 of the Elections Code; provided, however, if one or more written or oral protests are made to the board, the board shall review the protest or protests received and determine if there should be an election or if they should declare that the district is formed without an election; and further provided, that the board shall not waive such election when the proposed district would encompass territory in more than one county. The county clerk shall file and record copies of the resolution as provided in Section 61128 of this code.

The people of the State of California do enact as follows:

SECTION 1. Section 66723 of the Government Code is amended to read:

66723. "Transfer/processing station" or "station" includes those facilities utilized to receive solid wastes, temporarily store, separate, convert, or otherwise process the materials in the solid wastes, or to transfer the solid wastes directly from smaller to larger vehicles for transport. "Transfer/processing station" or "station" does not include any facility the principal function of which is to receive, store, separate, convert, or otherwise process, in accordance with state minimum standards, manure; nor does it include any facility, the principal function of which is to receive, store, convert, or otherwise process wastes which have already been separated for reuse and are not intended for disposal.

SEC. 1.5. Section 66780.5 of the Government Code is amended to read·

66780.5. In addition to the other requirements of this title, the county solid waste management plan prepared pursuant to Section 66780 shall:

(a) Include in the first revision as required in subdivision (b) an

amendment delineating an enforcement program in accordance with the provisions of Chapter 3 (commencing with Section 66796), which has been reviewed by the board and the State Department of Health.

(b) Be reviewed, and revised, if appropriate, at least every three years and revised where necessary to be consistent with state policy. A report of the results of the plan review shall be submitted to the board beginning on the third anniversary of the date of board approval of the plan submitted pursuant to Section 66780 with subsequent reviews and reports due at least every three years thereafter.

(c) Any amendment to the plan shall be approved by a majority of the cities within the county which contain a majority of the population of the incorporated area of the county. Each proposed amendment shall be submitted to each city within the county. Each city shall act upon the proposed amendment within 90 days after the city has received the amendment. If a city fails to act upon the proposed amendment within 90 days after receiving the amendment, the city shall be deemed to have approved the amendment as submitted. Each amendment shall be submitted to the board for approval as to its compliance with state policy.

SEC. 2. Section 66783.1 of the Government Code is amended to read:

66783.1. Until a solid waste management plan of a county has been approved by the board pursuant to Section 66780, no new solid waste transfer station or disposal sites approved by a city or county after the enactment of this section shall be established in a city or county without a finding by the board, at a public meeting that the protection of the public health, or public need and necessity, require the immediate implementation of the sites.

Any site is exempt from this requirement if prior to August 28, 1974, there is an environmental impact report notice of determination filed with the state or if a use permit or approval has been issued for the site by the city or county.

SEC. 3. Section 66784 of the Government Code is amended to read:

66784. No person shall establish sites for solid waste disposal, transfer station, waste processing, or resource recovery not in conformance with the county solid waste management plan approved by the board. Nonprofit private resources recovery or recycling sites for neighborhood or community type activities approved by a local governmental entity are exempt from this requirement. If the board or any local governmental entity determines that a proposed site in a city or county is not in conformance with the solid waste management plan of that county, the board may, after public hearing, require conformance to the plan, or approve an amendment to the plan. Any amendment to a county solid waste management plan shall be subject to the requirements of subdivision (c) of Section 66780.5. No person shall

establish or operate, or permit the establishment or operation of, a site which the board has determined is not in conformance with the plan. At the request of the board or any local governmental entity, the Attorney General shall bring an action to enforce the provisions of this article.

66784.2. The board may, by regulation, specify classifications of solid waste facilities that shall be exempt from the requirements of Sections 66783.1 and 66784. Any such regulation may be adopted only if the board makes all of the following findings: (1) that the exemption is not contrary to the public interest, (2) that the quantity of solid wastes to be disposed of at each such site is insignificant, and (3) that the nature of the solid wastes poses no significant threat to the public health, the public safety or the environment.

CHAPTER 565

An act to amend Section 44919 of the Education Code, relating to school employment.

[Approved by Governor September 2, 1977 Filed with Secretary of State September 3, 1977]

The people of the State of California do enact as follows:

SECTION 1. Section 44919 of the Education Code is amended to read:

44919. (a) Governing boards of school districts shall classify as temporary employees those persons requiring certification qualifications, other than substitute employees, who are employed to serve from day to day during the first three school months of any school term to teach temporary classes not to exist after the first three school months of any school term or to perform any other duties which do not last longer than the first three school months of any school term, or to teach in special day and evening classes for adults or in schools of migratory population for not more than four school months of any school term. If the classes or duties continue beyond the first three school months of any school term or four school months for special day and evening classes for adults, or schools for migratory population, the certificated employee, unless a permanent employee, shall be classified as a probationary employee. The school year may be divided into not more than two school terms for the purposes of this section.

(b) Governing boards shall classify as temporary employees persons, other than substitute employees, who are employed to serve in a limited assignment supervising athletic activities of pupils, provided, such assignment shall first be made available to teachers

(c) In any district, the governing board may, to prevent the stoppage of school district business when an actual emergency arises and persons are not immediately available for probationary classification, make an appointment to a position on a temporary basis for a period not to exceed 20 working days. The person so appointed shall be deemed to be a temporary employee who is employed to serve from day to day. Service by a person in such an appointment on a temporary basis shall not be included in computing the service required as a prerequisite to attainment of, or eligibility to, classification as a permanent employee of a school district.

CHAPTER 566

An act to amend Section 1063.5 of the Insurance Code, relating to insurance.

[Approved by Governor September 2, 1977. Filed with Secretary of State September 3, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 1063.5 of the Insurance Code is amended to read:

1063.5. Each time an insurer becomes insolvent then, to the extent necessary to secure funds for the association for payment of covered claims of that insolvent insurer and also for payment of reasonable costs of adjusting such claims, the association shall collect premium payments from its member insurers sufficient to discharge its obligations. The association shall allocate its claim payments and costs, incurred or estimated to be incurred, to one or more of the following categories: (a) workers' compensation claims; (b) automobile claims, which shall include: automobile material damage, automobile liability (both personal injury and death and property damage), medical payments and uninsured motorist claims; and (c) claims other than workers' compensation and automobile, as above defined. Separate premium payments shall be required for each category. The premium payments for each category shall be used to pay the claims and costs allocated to such category. The rate of premium charged shall be a uniform percentage of net direct written premium in the preceding calendar year applicable to such category. "Net direct written premiums" shall mean the amount of gross premiums, less return premiums and policyholder's dividends paid or allowed, received in such calendar year upon business done in this

state, other than premiums received for reinsurance. In cases of a dispute as to the amount of any such net direct written premium between the association and one of its members the written decision of the commissioner shall be final. The premium charged to any member insurer on account of a single insolvency for any of the three categories or a category established by the association shall not be more than 1 percent of the net direct premium written in that category in this state by such member insurer; provided that, in no event shall the total premium charged a member insurer in one calendar year exceed 2 percent of the net direct premium written. The association may exempt or defer, in whole or in part, the assessment of any member insurer, if the assessment would cause the member insurer's financial statement to reflect amount of capital or surplus less than the minimum amounts required for a certificate of authority by any jurisdiction in which the member insurer is authorized to transact insurance. Such premium charges shall be recognized in the ratemaking procedures for insurance rates in the same manner that losses are recognized. After all covered claims of the insolvent insurer and expenses of administration have been paid, any unused premiums and any reimbursements or claims dividends from the liquidator remaining in any category shall be refunded by the association to the member insurers who paid the premiums for such category in proportion to their premiums paid. However, an insurer which ceases to be a member of the association shall have no right to a refund of any premium previously remitted to the association. The commissioner may suspend or revoke the certificate of authority to transact business in this state of a member insurer which fails to pay a premium when due and after demand has been made.

Interest at a rate equal to the current federal reserve discount rate plus 2½ percent per annum shall be added to the premium of any member insurer which fails to submit the premium requested by the association within 30 days after such mailing request. However, in no event shall the interest rate exceed the legal maximum.

CHAPTER 567

An act to amend Section 13114 of the Health and Safety Code, relating to fire protection.

[Approved by Governor September 2, 1977. Filed with Secretary of State September 3, 1977.]

SECTION 1. Section 13114 of the Health and Safety Code is amended to read:

13114. (b) No person shall market, distribute, offer for sale, or sell any fire alarm system or fire alarm device in this state unless such system or device has been approved and listed by the State Fire Marshal.

CHAPTER 568

An act to add Section 877.5 to the Code of Civil Procedure, relating to settlement of suits.

[Approved by Governor September 2, 1977 Filed with Secretary of State September 3, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 877.5 is added to the Code of Civil Procedure, to read:

877.5. (a) Where an agreement or covenant is made which provides for a sliding scale recovery agreement between one or more, but not all, alleged defendant tortfeasors and the plaintiff or plaintiffs:

(1) The parties entering into any such agreement or covenant shall promptly inform the court in which the action is pending of the existence of the agreement or covenant and its terms and provisions; and

(2) If the action is tried before a jury, and a defendant party to the agreement is a witness, the court shall, upon motion of a party, disclose to the jury the existence and content of the agreement or covenant, unless the court finds that such disclosure will create substantial danger of undue prejudice, of confusing the issues, or of misleading the jury.

The jury disclosure herein required shall be no more than necessary to be sure that the jury understands (1) the essential nature of the agreement, but not including the amount paid, or any contingency, and (2) the possibility that the agreement may bias the testimony of the alleged tortfeasor or tortfeasors who entered into the agreement.

(b) As used in this section a "sliding scale recovery agreement" means an agreement or covenant between a plaintiff or plaintiffs and one or more, but not all, alleged tortfeasor defendants, where the agreement limits the liability of the agreeing tortfeasor defendants to an amount which is dependent upon the amount of recovery

which the plaintiff is able to recover from the nonagreeing defendant or defendants. This includes, but is not limited to, agreements within the scope of Section 877, and agreements in the form of a loan from the agreeing tortfeasor defendant to the plaintiff or plaintiffs which is repayable in whole or in part from the recovery against the nonagreeing tortfeasor defendant.

CHAPTER 569

An act to add Chapter 5 (commencing with Section 67001) to Division 22 of the Food and Agricultural Code, relating to avocados, and making an appropriation therefor.

[Approved by Governor September 2, 1977 Filed with Secretary of State September 3, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 5 (commencing with Section 67001) is added to Division 22 of the Food and Agricultural Code, to read:

CHAPTER 5. CALIFORNIA AVOCADO COMMISSION

Article 1. Declaration and General Provisions

67001. Avocados produced in this state constitute one of the state's principal tree fruit crops. The avocado industry in this state is expanding. The industry constitutes an important source of jobs for many people in the state, a high proportion of whom are from underprivileged and historically deprived segments of the population.

67002. As an exotic tropical fruit, the avocado is not heavily consumed in major portions of this country. Opportunity exists for continued growth and expansion of the industry, by creating new markets in such areas. The success of such an expansion program is uniquely dependent upon effective advertising and promotion, since the creation of new markets is essentially a matter of educating people to the use of a previously unknown or unrecognized food.

67003. The establishment of a California Avocado Commission is imperative for the efficient development and management of a national and international advertising program which will insure that the California avocado industry can compete successfully in the marketplace and reduce the spread between cost to the consumer and the amount received by the producer.

67004. The production and marketing of avocados produced in this state is hereby declared to be affected with public interest. The provisions of this chapter are enacted in the exercise of the police power of this state for the purpose of protecting the health, peace,

safety, and general welfare of the people of this state.

67005. (a) A commission form of administration created by this chapter is designed to deal with the broad fields of advertising, promotion, and related marketing research.

(b) The production research shall be governed by the advisory board established under the California Marketing Act of 1937 (commencing with Section 58601).

67006. No action taken by the commission, nor by any individual in accordance with this chapter or with rules or regulations adopted under the chapter, shall be deemed a violation of the Cartwright Act, the Unfair Practices Act, the Fair Trade Act, Section 1673 of the Civil Code, or any rule of statutory or common law against monopolies or combinations in restraint of trade.

An alternate member shall in the absence of the member for whom he is alternate, sit in place of the member on the commission, and shall have, and be able to exercise, all the rights, privileges, and powers of the member when sitting on the commission. In the event of death, removal, resignation, or the disqualification of a member, the alternate shall act as a member on the commission until a successor is elected and has qualified.

No member of the commission or alternate member, or any employee or agent thereof, shall be personally liable on the contracts of the commission nor shall a commissioner, alternate member, or employee of such commission be responsible individually in any way to any producer or handler or any other person for error in judgment, mistakes, or other acts, either of commission or omission, as principal, agent, or employee, except for his own individual acts of dishonesty or crime. No commissioner or alternate member shall be held responsible individually for any act or omission of any member of such commission. The liability of the commissioners shall be several and not joint, and no commissioner shall be liable for the default of any other commissioner.

Article 4. Voting Procedures

67081. Within 90 days after January 1, 1978, the director shall establish a list of producers in each district. In establishing such lists, the director shall require that handlers in the state submit the names, mailing addresses, district numbers, and handled volume of each producer from whom they purchased or handled avocados for in the last preceding marketing season. The request for such information from the handlers shall be in writing. Such list of producers shall be filed by the handlers within 90 days following receipt of such written notice.

Any producer of avocados, whose name does not appear upon the director's list of producers affected, may have his name established on such list by filing with the commission a signed statement, identifying himself as a producer. Failure to be on such list does not exempt the producer from paying assessments under this chapter.

67082. Subsequent to the first election under this chapter, the commission shall compile and maintain a list of qualified producers and shall, at least 90 days prior to the date set for any meeting for nomination to the office of commissioner, certify such list to the director, and such list shall constitute the list of producers qualified to vote in any such election. All handlers shall be required to submit to the commission the names and addresses of any new producer from whom they receive avocados within 90 days after receiving such avocados.

Upon establishment of the list of producers, the director shall call meetings of producers in each district for the purpose of nominating and electing persons on the commission. All producers on the

director's list shall be given written notice of the election meetings at least 15 days prior to meeting date. At each district meeting for the nomination and election of members, the director, or a representative authorized by him, shall preside. Such representative shall prepare a written roster of those members present. He shall appoint a committee of not less than three producer members of the district to act as a certifying committee to authenticate the right to vote of each member on the written roster. The director, or his representative, shall then open nominations for regular member of the commission. Once nominations have closed, he shall conduct an election. In the event of a single nomination, that person shall be declared elected. Once the member has been elected, the director shall take nominations and proceed with election for the alternate member in the same manner as for the member. In the event of a tie vote, the names of the two nominees shall be submitted to the director, who shall determine which nominee shall be elected as commissioner with the other nominee to serve as alternate member. In the event of such tie vote in the election for a member, no nomination or election of alternate commission member shall be required. Nonreceipt of notice of a meeting for the nomination and election of commissioners shall not invalidate any such meeting, nomination, or election.

67083. The election of handler members shall be called by written notice from the director at least 15 days prior to election. The director or his representative shall conduct the election of handler members in the manner prescribed in Section 67082 for producer member. At such election meeting, only cooperative handlers may nominate and vote for cooperative members and alternate members on the commission. Only independent handler members may vote for independent members and alternate members on the commission.

Article 5. Duties and Powers of the Commission

67091. The powers and duties of the commission shall include, but not be limited to, all of the following:

(b) To administer and enforce this chapter, and to do and perform all acts and exercise all powers incidental to or in connection with or deemed reasonably necessary, proper or advisable to effectuate the purposes of this chapter.

67092. The powers or duties of the commission shall also include the following:

(a) To establish offices and incur expense, and to enter into any and all contracts and agreements, and to create such liabilities and borrow such funds in advance of receipt of assessments as may be necessary, in the opinion of the commission, for the proper administration and enforcement of this chapter and the performance of its duties.

(b) To keep accurate books, records and accounts of all of its dealings, which books, records and accounts shall be subject to an annual private audit by an auditing firm approved by the Department of Finance, and, in addition, the Department of Finance may by itself audit such books, records, and accounts, at any time. Such audit shall be made a part of an annual report to all producers and handlers of avocados, copies of which shall also be submitted to the Legislature. In addition, the director may, as he determines necessary, conduct, or cause to be conducted, a fiscal and compliance audit of the commission.

(c) To promote the sale of avocados by advertising and other promotional means for the purpose of maintaining and expanding present markets and creating new and larger intrastate, interstate, and foreign markets for avocados and to educate and instruct the public with respect to avocados and the uses and time to use the several varieties and the healthful properties and nutritional value of avocados.

(d) To enter into cost-sharing advertising with other products considered, by the commission, to be fair and equitable to both parties.

67093. The powers or duties of the commission shall also include the following:

(a) In the discretion of the commission, to educate and instruct the wholesale and retail trade with respect to proper methods of handling and selling avocados; to arrange for the performance of dealer service work providing display and other promotional materials; to make market surveys and analyses; to present facts to and negotiate with state, federal, and foreign agencies on matters which affect the marketing of avocados; and to undertake any other activities which the commission may determine appropriate for the maintenance and expansion of present markets and the creation of new markets for avocados.

The commission shall establish an assessment that in no event shall exceed 6½ percent of the gross dollar value of the year's sales of avocados by all producers to handlers. Expenditures for administrative purposes within the maximum assessment shall not exceed 2½ percent of the gross dollar value of sales of avocados by all producers to handlers. Assessments provided for in this section shall be upon the producer. The handler shall deduct such assessment from amounts paid by him to the producer and shall be a trustee of such funds until they are paid to the commission at the time and in the manner prescribed by the commission.

In no event shall the combined assessment of the commission and any state marketing order exceed 6½ percent of the gross value of the year's sales of avocados by all producers to handlers.

67102. The provisions of this chapter do not apply to avocados produced only for the producer's home use or where the avocado trees are used only for ornamental purposes; provided, however, that such producer shall file an affidavit with the commission establishing that his avocados are not produced for commercial purposes. In any event, no production of avocados in excess of 1,000 pounds per year is exempt from the assessment under this article.

67103. Every handler shall keep a complete and accurate record of all avocados shipped by him and the name of the producer whose avocados were shipped. Such records shall be in simple form and contain such information as the commission shall prescribe. commission, and any other such information which the handlers request from the commission to receive in total, excluding individual handler information, may be disclosed by the commission.

67105. All such assessments shall be paid to the commission by the handler first handling avocados. Every handler shall be primarily and personally liable for the payment of any such assessment, and failure of the handler to collect the assessment from any producer shall not exempt any handler from such primary liability. Any handler who fails to file a return or pay any assessment within the time required shall pay to the commission a penalty of 10 percent of the amount of such assessment determined to be due, and, in addition, 1½-percent interest per month on the unpaid balance.

67106. Prior to the vote conducted by the director pursuant to Section 66601, the proponents of the commission shall deposit with the director such amount as the director may deem necessary to defray the expenses of preparing the necessary lists and information and conducting such vote. Such funds shall be received, deposited, and disbursed in the same manner as provided in Section 58961.

67107. The commission shall reimburse the director for all expenditures incurred by the director carrying out his duties and responsibilities under this chapter, except for the expenses incurred for any action under Section 67051.6.

The determination made at such hearing shall be communicated in writing by the clerk to the participants in the hearing. Appeals from decisions the commission made after such hearing, may be made to the director, who shall sustain the position of the commission, if he determines that it is supported by substantial evidence and was not an abuse of discretion or the result of improper procedures. The

determination of the director shall be subject to judicial review upon petition filed with the appropriate superior court. The commission shall be empowered to commence civil actions and to utilize all remedies provided in law or equity for the collection of assessments and civil penalties, and for the obtaining of injunctive relief or specific performance, respecting the provisions of this chapter and the rules and regulations adopted under this chapter. Venue for such actions may be established at the domicile or place of business of the defendant or in the county of the principal office of the commission. The commission may be sued only in the county of its principal office. All documents required to be executed by the commission, for the purpose of legal action or otherwise, shall be effective if executed by the chairman and the manager or three members of the commission designated by the commission to so act.

Article 8. Implementation, Continuation, or Suspension and Termination

67121. The provisions of this chapter, except as necessary to conduct such vote, shall not become operative until the director finds, in a referendum conducted by the director in which at least 40 percent of the total number of producers, from the list established by the director, producing at least 40 percent of the total volume of avocados marketed during the last completed marketing season participate, one or more of the following:

(a) That not less than 65 percent or more of the producers certified by the director who voted in such referendum, voted in favor of the provisions of this chapter, and that such producers so voting marketed 51 percent or more of the total quantity of avocados marketed in the preceding marketing season by all of the producers who voted in such referendum.

(b) That 51 percent or more of such producers who voted in such referendum voted in favor of the provisions of this chapter and that such producers so voting marketed 65 percent or more of the total quantity of avocados marketed in the preceding marketing season by all of the producers who voted in such referendum.

67121.5. In finding whether the commission is assented to in writing or approved or favored by producers pursuant to the provisions of this article, the vote of any nonprofit agricultural cooperative marketing association, which is authorized by its members so to assent, shall be considered as being the assent, approval, or favor of the producers that are members of, or stockholders in, such nonprofit agricultural cooperative marketing association.

67122. The director shall establish a period in which to conduct such referendum which shall not be less than 10 days nor more than 60 days in duration, and may prescribe such additional procedure as may be necessary to conduct such referendum.

67123. Nonreceipt of a ballot shall not invalidate such a

referendum.

67124. If the director finds that such favorable vote has been given as provided in Section 67122, he shall certify and give notice of such favorable vote by publication in a newspaper of general circulation in each district in accordance with Section 6066 of the Government Code, and shall mail a copy of such notice to all producers and handlers whose names and addresses may be on file with the director. All provisions of this chapter shall become operative upon completion of such publication and before 15 days after such certification by the director.

67125. If the director finds that such assent has not been given as provided in Section 67121, he shall so certify and declare all provisions of this chapter inoperative.

67126. Prior to the holding of the referendum, sureties shall have posted a bond or security, acceptable to the director, in an amount which the director shall determine to be sufficient to pay the cost of the referendum should such election determine that the operation of this chapter is to be suspended.

Article 9. Continuation and Suspension and Termination

67131. Between November 1, 1980, and October 31, 1981, the director shall cause a referendum to be conducted by the commission among producers in the manner prescribed in Section 67121 to determine whether the operations of the provisions of this chapter shall be reapproved and continued effective. If the director finds that a favorable vote has been given, he shall so certify and all provisions of this chapter shall remain effective. If the director finds that a favorable vote has not been given, he shall so certify and declare the operation of the provisions of this chapter and the commission suspended upon the expiration of the current marketing season ending October 31, 1981. Thereupon, the operations of the commission shall be wound up and funds distributed in the manner provided in Section 67133. No bond or security shall be required for any such referendum. Following the referendum conducted prior to October 31, 1981, a referendum shall be conducted by the director every fifth year thereafter between November 1st and February 1st.

A vote of any nonprofit agricultural cooperative association, which is authorized by its members to vote in favor of suspension, shall be considered as being the vote in favor of suspension by the producers that are members of, or stockholders in, such nonprofit agricultural cooperative market association.

67132. Upon the finding of 11 of the members of the commission that the operation of the provisions of this chapter has not tended to effectuate its declared purposes, the commission may recommend to the director that the operation of this chapter shall be suspended; provided, that any such suspension shall not become effective until the expiration of the current marketing season. The director shall, upon receipt of such recommendation, or upon a petition filed with

him requesting such suspension, signed by 15 percent of the producers by number who produced not less than 15 percent of the volume in the immediately preceding year, cause a referendum to be conducted among the listed producers to determine if such operation and the operations of the commission shall be suspended, and shall establish a referendum period, which shall not be less than 10 nor more than 60 days in duration. The director is authorized to prescribe such additional procedure as may be necessary to conduct such a referendum. At the close of the established referendum period, the director shall tabulate the ballots filed during such period. If at least 40 percent of the total number of producers, on a list established by the director marketing 40 percent of the total volume marketed by all producers during the last completed marketing season, participate in the referendum, the director shall suspend the operation of this chapter upon the expiration of the current marketing season, if he finds either one of the following:

(a) Sixty-five percent or more of the producers who voted in the referendum voted in favor of such suspension, and the producers so voting marketed 51 percent or more of the total quantity of avocados marketed in the preceding marketing season by all of the producers who voted in the referendum.

(b) That 51 percent or more of the producers who voted in the referendum voted in favor of such suspension, and that the producers so voting marketed 65 percent or more of the total quantity of avocados marketed in the preceding season by all of the producers who voted in the referendum.

67133. After the effective date of suspension of the operation of the provisions of this chapter and of the commission, the operations of the commission shall be wound up and any and all moneys remaining held by the commission, collected by assessment and not required to defray the expenses of winding up and terminating operations of the commission, shall be returned upon a pro rata basis to all persons from whom assessments were collected in the immediately preceding current marketing season; provided, further, however, that if the commission finds that the amounts so returnable are so small as to make impractical the computation and remitting of such pro rata refund to such persons, any such moneys remaining and any moneys remaining after payment of all expenses of winding up and terminating operations shall be withdrawn from the approved depository and paid into the State Treasury as unclaimed trust moneys.

67134. Upon suspension of the operation of this chapter and of the commission, a notice of this shall be posted on a public bulletin board to be maintained by the director in his office, and a copy of such notice shall be published in a newspaper of general circulation in each district. Also the commission shall mail a copy of the notice of suspension to all producers and handlers affected by such suspension whose names and addresses are on file.

SEC. 2. Notwithstanding Section 2231 of the Revenue and

Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be an appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local governmental entities and school districts which, in the aggregate, do not result in significant identifiable cost changes.

The report shall describe the activities of the Superintendent of Public Instruction, the Department of Education, and the several county superintendents of schools undertaken to insure compliance with the provisions of Section 41372, and may contain recommendations for legislation pertaining to that subject.

SEC. 3. Section 41601 of the Education Code, as proposed by the 1977 Education Code Supplemental Act, is amended to read:

41601. For the purposes of this chapter, the governing board of each school district shall report to the Superintendent of Public Instruction during each fiscal year the average daily attendance of the district for all full school months during (1) the period between July 1st and December 31st, inclusive, to be known as the "first period" report for the first principal apportionment, and (2) the period between July 1st and April 15th, inclusive, to be known as the

(c) The attendance for schools and classes maintained by the county superintendent of schools and the county school tuition fund shall be reported in the same manner as reported by school districts. The average daily attendance of the school, shall be determined by dividing the total number of days of attendance in all full school months in the first period by a divisor of 70, in the second period by 135 and at annual time by 175.

The average daily attendance in such schools and classes shall be determined by dividing the total number of days of attendance in all full school months in the first period by a divisor of 70, in the second period by 135 and at annual time by 175.

SEC. 4. Section 41602 of the Education Code is amended to read:

41602. The governing board of a school district affected by fluctuations in enrollments and attendance levels to a degree which will, in all likelihood, result in an actual total of average daily attendance for the fiscal year in excess of that shown in the second period report for the second principal apportionment provided for in Section 41601, may, with the approval of the Superintendent of Public Instruction, submit, in lieu of such second period report, a report of the estimated total average daily attendance for the fiscal year. The report shall be in the form prescribed by the Superintendent of Public Instruction, and shall be utilized for purposes of the second principal apportionment. If the average daily attendance of a district for the period of time between July 1 and June 30 exceeds the estimated total average daily attendance reported under this section, the appropriate increases and decreases in the several categories of attendance for which separate foundation programs are required to be computed shall be brought forward to the corresponding categories of the second period report for the next succeeding fiscal year. In the event the estimated total average daily attendance reported under this section exceeds the actual average daily attendance for the fiscal year, the Superintendent of Public Instruction shall withhold, pursuant to Section 41341, from apportionments made during the succeeding fiscal year, the amount of the excess moneys which may have been apportioned as a result thereof.

No statement, or information procured therefrom, made by the defendant in connection with the determination of his or her eligibility for diversion, and no statement, or information procured therefrom, made by the defendant subsequent to the granting of diversion or while participating in such program, and no information contained in any report made with respect thereto, and no statement or other information concerning the defendant's participation in such program shall be admissible in any action or proceeding. However, if a divertee is recommended for termination for cause, information regarding his or her participation in such program may be used for purposes of the termination proceedings.

1001.6. At such time that a defendant's case is diverted, any bail bond or undertaking, or deposit in lieu thereof, on file by or on behalf of the defendant shall be exonerated, and the court shall enter an order so directing.

1001.7. If the divertee has performed satisfactorily during the period of diversion, the criminal charges shall be dismissed at the end of the period of diversion.

1001.8. Any record filed with the Department of Justice shall indicate the disposition of those cases diverted pursuant to this chapter.

1001.9. Upon successful completion of a diversion program, the arrest upon which the diversion was based shall be deemed to have never occurred. The divertee may indicate in response to any question concerning his or her prior criminal record that he or she was not arrested or diverted for such offense. A record pertaining to an arrest resulting in successful completion of a diversion program shall not, without the divertee's consent, be used in any way which could result in the denial of any employment, benefit, license, or certificate.

1001.10. A county or city which operates a diversion program, pursuant to this chapter, shall report to the Legislature annually regarding the implementation, administration and operation of such program. Such report shall include but not be limited to the following: the date the program commenced; the program's general eligibility criteria for divertees; the name of the county or other agency or agencies which established such eligibility criteria; other criteria or standards established for the program; the offense charged against the divertee; the number of individuals referred to the program; the number of individuals accepted by the program; the reasons for not accepting individuals referred to the program; the specific program completed by each successful divertee; the number of successful and unsuccessful terminations; the reason for unsuccessful termination; and the funding sources for the diversion organization. At no time shall the names, addresses, or other identifying information of the referred or participating divertees be

used in these reports.

1001.11. This chapter shall remain in effect until January 1, 1980, and on such date is repealed. However, if at the time this chapter is repealed a defendant has already been referred to and accepted by a diversion program or if a defendant is then participating in such a program, that defendant shall be allowed to continue in and complete such program.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The status of existing local pretrial diversion programs has been placed in doubt by an Attorney General opinion stating that these programs have no statutory basis for existence and that the Legislature has preempted the subject. Consequently, some programs have had their funding held up and for others the district attorney's office is hesitant to cooperate with proposed or current programs.

SEC. 35. Section 690.50 of the Code of Civil Procedure is amended to read:

690.50. (a) If the property mentioned in Section 690.1 to 690.29, inclusive, shall be levied upon under writ of execution, the judgment debtor (herein referred to as "the debtor"), in order to avail himself of his exemption rights as to such property, shall within 20 days, in the case of real property described in Section 690.31, and 10 days, in the case of all other property, from the date such property was levied upon deliver to the levying officer an affidavit of himself or his agent, together with a copy thereof, alleging that the property levied upon, identifying it, is exempt, specifying the section or sections of this code on which he relies for his claim to exemption, and all facts necessary to support his claim, and also stating therein his address within this state for the purpose of permitting service by mail upon him of the counteraffidavit and any notice of the motion herein provided. For purposes of this section, if the property levied upon consists of the earnings of a judgment debtor, each date that earnings are withheld from the judgment debtor shall be deemed to be the date such earnings were levied upon. A judgment debtor shall have

the right to file a separate claim of exemption each time that a withholding of earnings occurs, provided, that if a prior claim of exemption has been adjudicated under the same levy, that each separate claim of exemption thereafter be supported by a statement under oath alleging the changed circumstances which support the new claim of exemption. If a claim of exemption be allowed, the judgment creditor shall have the right, at any time during the effective period of the claim of exemption, to move the court for consideration of the claim previously granted on the grounds of a material change of circumstances affecting the debtor's exemption rights. If the judgment creditor does make such a motion, he must support his motion by a statement under oath alleging the changed circumstances which support his motion for consideration.

(b) Forthwith upon receiving the affidavit of exemption, the levying officer shall serve upon the person in whose favor the writ runs (herein referred to as "the creditor"), either personally or by mail, a copy of the affidavit of exemption, together with a writing, signed by the levying officer, stating that the claim to exemption has been received and that the officer will release the property unless he receives from the creditor a counteraffidavit within 10 days after service of such writing, in the case of real property described in Section 690.31, and within five days after service of such writing, in all other cases.

(c) If the creditor desires to contest the claim to exemption, he shall, within such period of 10 days, in the case of real property described in Section 690.31, and five days, in all other cases, file with the levying officer a counteraffidavit alleging that the property is not exempt within the meaning of the section or sections of this code relied upon, or if the claim to exemption be based on Sections 690.2, 690.3, 690.4, or 690.6, alleging that the value of the property claimed to be exempt is in excess of the value stated in the applicable section or sections, together with proof of service of a copy of such counteraffidavit upon the debtor.

(d) If no such counteraffidavit, with such proof of service, is so filed with the levying officer within the time allowed, the officer shall forthwith release the property.

(e) If such counteraffidavit, with such proof of service, is so filed, either the creditor or the debtor shall be entitled to a hearing in the court in which the action is pending or from which the writ issued for the purpose of determining the claim to exemption, the priority or division of payment between one or more creditors from nonexempt earnings under the provisions of Section 690.6 or the value of the property claimed to be exempt. Such hearing shall be granted by the court upon motion of either party made within five days after the counteraffidavit is filed with the levying officer, and such hearing must be had within 15 days from the date of the making of such motion unless continued by the court for good cause. The party making the motion for hearing shall give not less than five days' notice in writing of such hearing to the levying officer and to the

other party, and specify therein that the hearing is for the purpose of determining the claim to exemption. The notice may be of motion or of hearing and upon the filing of the notice with the clerk of the court, the motion is deemed made.

(f) If neither party makes such motion within the time allowed, or if the levying officer shall not have been served with a copy of the notice of hearing within 10 days after the filing of the counteraffidavit, the levying officer shall forthwith release the property to the debtor.

(g) At any time while the proceedings are pending, upon motion of either party or upon its own motion, the court may (1) order the sale of any perishable property held by such officer and direct disposition of the proceeds of such sale, and (2) make such other orders as may be proper under the particular circumstances of the case. Any orders so made may be modified or vacated by the court or judge granting the same, or by the court in which the proceedings are pending, at any time during the pendency of the proceedings, upon such terms as may be just.

(h) The levying officer in all cases shall retain physical possession of the property levied upon if it is capable of physical possession, or in the case of property not capable of physical possession, the levy shall remain in full force and effect, pending the final determination of the claim to exemption. However, no sale under execution shall be had prior to such final determination unless an order of the court hearing the claim for exemption shall so provide.

(i) At such hearing, the party claiming the exemption shall have the burden of proof. The affidavits and counteraffidavits shall be filed by the levying officer with the court and shall constitute the pleadings, subject to the power of the court to permit an amendment in the interests of justice. The affidavit of exemption shall be deemed controverted by the counteraffidavit and both shall be received in evidence. Nothing herein shall be construed to deprive anyone of the right to a jury trial in any case where, by the Constitution, such right is given, but a jury trial may be waived in any such case in like manner as in the trial of an action. No findings shall be required in a proceeding under this section. When the hearing is before the court sitting without a jury, and no evidence other than the affidavit and counteraffidavit is offered, the court, if satisfied that sufficient facts are shown thereby, may make its determination thereon. Otherwise, it shall order the hearing continued for the production of other evidence, oral or documentary, or the filing of other affidavits and counteraffidavits. At the conclusion of the hearing, the court shall give judgment determining whether the claim to exemption shall be allowed or not, in whole or in part, and may give judgment determining the priority or division of payment between one or more creditors from nonexempt earnings under the provisions of Section 690.6, which judgment shall be determinative as to the right of the creditor to have the property taken and held by the officer or to subject the property to payment or other satisfaction of his

judgment. In such judgment the court shall make all proper orders for the disposition of such property or the proceeds thereof.

(j) A copy of any judgment entered in the trial court shall be forthwith transmitted by the clerk to the levying officer in order to permit such officer to either release the property attached or to continue to hold it to sell it, in accordance with the provisions of the writ previously delivered to him. Such officer, unless an appeal from the judgment is waived, or the judgment has otherwise become final, shall continue to hold such property under attachment or execution, continuing the sale of any property held under execution until such judgment becomes final. However, if a claim to exemption under Section 690.6 is allowed by such judgment, the debtor shall be entitled to a release of the earnings so exempted at the expiration of three days, unless otherwise ordered by the court, or unless the levying officer shall have been served with a copy of a notice of appeal from the judgment.

(k) When any documents required hereunder are served by mail, the provisions of this code relating to service by mail shall be applicable thereto.

(*l*) Whenever the time allowed for an act to be done hereunder is extended by the court, written notice thereof shall be given promptly to the opposing party, unless such notice be waived, and to the levying officer.

(m) An appeal lies from any judgment under this section. Such appeal shall be taken in the manner provided for appeals in the court in which the proceeding is had.

(c) Any security issued or guaranteed by and representing an interest in or a direct obligation of a national bank or a bank or trust

order, decertify any exchange previously certified which ceases substantially to apply the standards or criteria as set forth above. A rule or order of certification shall conclusively establish that any security listed or approved for listing upon notice of issuance on any exchange named in a rule or order of certification and any warrant or right to purchase or subscribe to any such security is exempt under this subdivision until the adoption of any rule or order decertifying such exchange.

(q) A promissory note secured by a lien on real property, which is not one of a series of notes secured by interests in the same real property.

(1) An initial trust corpus of not less than ten million dollars ($10,000,000), which corpus shall be a trust fund to secure enforcement of the interindemnity arrangement. The average initial contribution to such corpus shall be not less than twenty thousand dollars ($20,000) per member participating in the interindemnity arrangement. No such interindemnity arrangement shall become operative until the requisite minimum reserve trust fund has been established by such participating members.

(2) The reserve trust fund created by such trust agreement shall be administered by a board of trustees of three or more members, all of whom shall be physicians and surgeons licensed in California, participating members in the interindemnity arrangement, and elected biennially or more frequently by at least a majority of all

members participating in the interindemnity arrangement.

(3) The board of trustees shall be the custodian of all funds of the interindemnity arrangement, and all such funds shall be deposited in such bank or banks and savings and loan associations in California as the board may designate, and each such account shall require two or more signatories for withdrawal of funds. The authorized signatories shall be appointed by the board and shall be physicians and surgeons licensed in California and participating members in the interindemnity arrangement. Each signatory on such accounts shall maintain, at all times while empowered to draw on such funds, for the benefit of the interindemnity arrangement, a bond against loss suffered through embezzlement, mysterious disappearance, holdup or burglary or other loss issued by a bonding company licensed to do business in California in a penal sum of not less than one hundred thousand dollars ($100,000).

(4) All funds held in trust which are in excess of current financial needs shall be invested and reinvested from time to time, under the direction of the board of trustees, in eligible securities, as defined in Section 16430 of the Government Code, or in certificates of deposits or time deposits issued by banks and savings and loan associations in California duly insured by instrumentalities of the United States government.

(5) The income earned on the corpus of the trust fund shall be the source for the payment of the claims, costs, judgments, settlements, and costs of administration contemplated by such interindemnity arrangement, and to the extent such income is insufficient for such purposes, the board of trustees shall have the power and authority to assess participating members for all amounts necessary to meet the obligations of such interindemnity arrangement in accordance with the terms thereof and any such assessment levied against a member shall be the personal obligation of such member. Any person who obtains a final judgment of recovery for medical malpractice against a member of such interindemnity arrangement shall have, in addition to any other remedy, the right to assert directly all rights to indemnification which the judgment debtor has under the interindemnity arrangement. Such final judgment shall be a lien on the reserve trust fund to secure payment of such judgment, limited to the extent of the judgment debtor's rights to indemnification.

(6) Each participating member shall be covered by such interindemnity arrangement for not less than one million dollars ($1,000,000) for each occurrence of professional negligence, with the terms and conditions of such coverage to be specified in the trust agreement, except that such interindemnity arrangement may provide participating members with less than one million dollars ($1,000,000) of such coverage if the interindemnity arrangement obtains for the benefit of such members reinsurance of excess limits coverage in an amount which when added to the coverage provided by such interindemnity arrangement would equal not less than one

million dollars ($1,000,000) for each occurrence of professional negligence.

(7) Withdrawal of all, or any portion of, the corpus of the reserve trust fund shall be upon the written authorization signed by at least two-thirds of the members of the board of trustees.

(8) The board of trustees shall cause both of the following to be furnished to each member participating in such interindemnity arrangement, and to be filed with the Commissioner of Corporations:

(A) Within 90 days after the end of each fiscal year a statement of the assets and liabilities of the interindemnity arrangement as of the end of such year, a statement of the revenue and expenditures of the interindemnity arrangement, and a statement of the changes in corpus of the reserve trust for such year, in each case accompanied by a certificate signed by a firm of independent certified public accountants selected by the board of trustees indicating that such firm has conducted an audit of such statements in accordance with generally accepted auditing standards and indicating the results of such audit.

(B) Within 45 days after the end of each of the first three quarterly periods of each fiscal year a statement of the assets and liabilities of the interindemnity arrangement as of the end of such quarterly period, a statement of the revenue and expenditures of the interindemnity arrangement and a statement of the changes in corpus of the reserve trust for such period, in each case accompanied by a certificate signed by a majority of the members of the board of trustees to the effect that such statements were prepared from the official books and records of the interindemnity arrangement.

(C) In addition to the statements required to be filed pursuant to this paragraph, the board of trustees shall annually file with the Commissioner of Corporations an authorization for disclosure to the commissioner of all financial records pertaining to the interindemnity arrangement. For the purpose of this clause, the authorization for disclosure shall also include the financial records of any association, partnership, or corporation that has management or control of the funds or the operation of the interindemnity arrangement.

(9) The trust agreement shall also provide for all the following:

(A) In the event a participating member who is in full compliance with the trust agreement dies, the initial contribution made by the decedent shall be returned to such member's estate or designated beneficiary; the indemnity coverage shall continue for the benefit of the decedent's estate in respect of occurrences during the time the decedent was a participating member; and neither the person receiving the repayment of the initial contribution nor the decedent's estate shall be responsible for any assessments levied following the death of the member.

(B) A participating member who is then in full compliance with the trust agreement and who has reached the age of 65 and who has retired completely from the practice of medicine may elect to retire

from the interindemnity arrangement, in which case such member shall not be responsible for assessments levied following the date notice of retirement is given to the trust. Following such retirement, the indemnity coverage shall continue for the benefit of such member in respect of occurrences prior to the time such member retired from the interindemnity arrangement. Such retired member's initial contribution shall be repaid 10 years from the date the notice of retirement is received by the trust, or such earlier date as specified in the trust agreement.

(C) During any period in which a participating member, who is then in full compliance with the trust agreement, has, in the judgment of the board of trustees, become unable to perform any and every duty of his or her regular professional occupation, the indemnity coverage shall continue for the benefit of such member and such member shall not be responsible for assessments levied during such period.

(D) In the event a participating member fails to pay any assessment when the same is due, the board of trustees may terminate such person's membership status if such failure to pay is not cured within 30 days from the date the assessment was due. Upon such termination the former participating member shall not be entitled to the return of all or any part of his or her initial contribution, and the indemnity coverage shall thereupon terminate as to all claims then pending against such person and in respect to all occurrences prior to the date of such termination of membership. However, in the event the interindemnity arrangement is then providing legal defense services to such person, the interindemnity arrangement shall continue to provide those services for a period of 10 days following such termination.

(E) In the event a participating member fails to comply with any provision of the trust agreement (other than a failure to pay assessments when due), the board of trustees may terminate such person's membership status if such failure to comply is not cured within 60 days from the date such person is notified of the failure; provided that before such membership status may be terminated such person shall be given the right to call for a hearing before the board of trustees (to be held before the expiration of such 60-day period), at which hearing such person shall be given the opportunity to demonstrate to the board of trustees that no failure to comply has occurred or, if it has occurred, that it has been cured. Upon such termination, the former participating member shall not be entitled to the return of all or any part of his or her initial contribution, and the indemnity coverage shall thereupon terminate as to all claims then pending against such person and in respect to all occurrences prior to the date of such termination of membership. However, in the event the interindemnity arrangement is then providing legal defense services to such person, the interindemnity arrangement shall continue to provide those services for a period of 10 days following such termination.

(F) A participating member who is then in full compliance with the trust agreement may elect voluntarily to terminate his or her membership in the interindemnity arrangement. Upon such voluntary termination, such person may further elect to cease being responsible for future assessments, or to continue to pay such assessments until such time as such person's initial contribution is repaid. In the event such person elects to cease being responsible for future assessments, the indemnity coverage shall thereupon terminate and such person shall either be responsible for his or her own exposure for acts committed while a participating member in the interindemnity arrangement, or he or she may request the interindemnity arrangement to purchase or provide, at the cost of such person, coverage for such exposure. The initial contribution of such person shall be repaid on the 10th anniversary of the date such contribution was made. In the event such person elects to continue to be responsible for assessments, the indemnity coverage shall continue in respect of occurrences prior to the date of such voluntary termination, and the initial contribution of such person shall be repaid at such time as the board of trustees is satisfied that (i) there are no claims pending against such person in respect of occurrences during the time such person was a participating member, and (ii) the statute of limitations has run on all claims which might be asserted against such person in respect of occurrences during such time. In no event shall such repayment be made earlier than the 10th anniversary of the date such contribution was made.

(G) The board of trustees shall have the right to terminate the membership of a participating member where the board of trustees determines that such termination is in the best interests of the interindemnity arrangement even though such person has complied with all of the provisions of the trust agreement. Such a termination may be effected only if at least two-thirds of the members of the board of trustees indicate in writing their decision so to terminate. If the board of trustees proposes so to terminate a member, such member shall have the right to call a special meeting of all participating members for the purpose of voting on whether or not such member shall be so terminated. Such member shall not be so terminated if at least two-thirds of the participating members present indicate that such member should not be so terminated. In the event a member is so terminated, such person may elect either: (i) to request the return of his or her initial contribution, in which case the same shall be repaid and the indemnity coverage shall thereupon terminate as to all claims then pending against such person and in respect to all occurrences prior to the date of such termination of membership. However, in the event the interindemnity arrangement is then providing legal defense services to such person, the interindemnity arrangement shall continue to provide those services for a period of 30 days to enable such person to assume his or her own defense; or (ii) to release all rights to the return of such initial contribution, in which case the indemnity

coverage shall continue for the benefit of such member in respect of occurrences during the time such person was a participating member and such person shall have no responsibility for assessments levied following such termination.

(10) Each member participating in such interindemnity arrangement shall have the right of access to, and the inspection of, the books and records of the interindemnity arrangement, which rights shall be similar to the corporate shareholders pursuant to Section 3003 of the Corporations Code, or, commencing January 1, 1977, Sections 1600 to 1605, inclusive, of the Corporations Code.

(11) There shall be a meeting of all members participating in the interindemnity arrangement, at least annually, after not less than 10 days' written notice has been given, at a location reasonably convenient to such participating members and on a date which is within a reasonable period of time following the distribution of the annual financial statements.

(12) The interindemnity arrangement, and the reserve trust fund incident thereto, shall be subject to termination at any time by the vote or written consent of not less than three-fourths of the participating members.

(b) The board of trustees shall cause to be recorded with the office of the county recorder of the county of the principal place of business of the interindemnity arrangement within 90 days following the end of each fiscal year, a written statement, executed by a majority of the board of trustees under penalty of perjury, reciting that each member participating in such interindemnity arrangement was mailed a copy of the annual financial statement and quarterly audit certificates by first-class mail, postage prepaid, required pursuant to paragraph (8) of subdivision (a).

(c) Each person solicited to become a participating member in such an interindemnity arrangement shall receive in writing, at least 48 hours prior to the execution by the prospective participating member of the trust agreement, and at least 48 hours prior to the payment by such prospective participating member of any consideration in connection with such interindemnity arrangements, the following information:

(1) A copy of the articles of incorporation and bylaws of the cooperative corporation and a copy of the form of trust agreement to be executed by such prospective participating member.

(2) A disclosure statement regarding the interindemnity arrangement. The disclosure statement shall contain on the first or cover page a legend in bold face type reading substantially as follows:

"THE INTERINDEMNITY ARRANGEMENT CONTEMPLATED HEREIN PROVIDES THAT PARTICIPATING MEMBERS HAVE UNLIMITED PERSONAL LIABILITY FOR ASSESSMENTS WHICH MAY BE LEVIED TO PAY FOR THE PROFESSIONAL NEGLIGENCE LIABILITIES COVERED BY THIS ARRANGEMENT. NO ASSURANCES CAN BE GIVEN REGARDING THE AMOUNT OR FREQUENCY OF

ASSESSMENTS WHICH MAY BE SO LEVIED, OR THAT ALL PARTICIPATING MEMBERS WILL MAKE TIMELY PAYMENT OF THEIR ASSESSMENTS TO COVER THE PROFESSIONAL NEGLIGENCE LIABILITY OF A PARTICIPATING MEMBER."

(3) The disclosure statement shall further contain all of the following information:

(A) The amount, nature and terms and conditions of the professional negligence coverage available under the interindemnity arrangement.

(B) The amount of the initial contribution required of each participating member and a statement of the minimum number of members and aggregate contributions required for the interindemnity arrangement to commence.

(C) The names, addresses and professional experience of each member of the board of trustees.

(D) The requirements for admission as a participating member.

(E) A statement of the services to be provided under the interindemnity arrangement to each participating member.

(F) A statement regarding the obligation of each member to pay assessments and the consequences for failure to do so.

(G) A statement of the rights and obligations of a participating member in the event such member dies, retires, becomes disabled or terminates participation for any reason, or the interindemnity arrangement terminates for any reason.

(H) A statement regarding the claims administration services to be provided, indicating whether these services will be delegated to others purusant to a contractual arrangement.

(I) A statement of the voting rights of the members and the circumstances under which participation of such a member may be terminated and under which the interindemnity arrangement may be terminated.

(J) If any statement of estimated or projected financial information for the interindemnity arrangement is used, a statement of such estimation or projection and a summary of the data and assumptions upon which it is based.

(4) A list with the names and addresses of all then current participating members of the interindemnity arrangement.

(d) No person shall receive, or be entitled to receive, any payment, bonus, salary, income, compensation or other benefit whatsoever, either from the reserve trust fund or the income therefrom or from any other funds of the interindemnity arrangement or the members thereof based on the number of participating members, or the amount of the reserve trust fund or other funds of the interindemnity arrangement.

(e) A peer review committee or committees shall be established by the trust agreement to review the qualifications of any physician and surgeon to participate or continue to participate in such interindemnity arrangement and to review the quality of medical services rendered by any participating member, as well as the

validity of medical malpractice claims made against participating members. Any physician and surgeon, prior to becoming a participating member of such interindemnity arrangement, shall be reviewed and approved by a majority of the members of such peer review committee. No peer review committee, or any of its members, shall be liable for any action taken by such committee in reviewing the qualifications of a physician and surgeon to participate or continue to participate, or the quality of medical services rendered, or the validity of a medical malpractice claim, unless it is alleged and proved that such action was taken with actual malice.

(f) The following are hereby defined as unfair methods of competition and deceptive acts or practices with respect to cooperative corporations or interindemnity arrangements provided for in this section.

(1) Making any false or misleading statement as to, or issuing, circulating, or causing to be made, issued or circulated, any estimate, illustration, circular, or statement misrepresenting the terms of any interindemnity arrangement or the benefits or advantages promised thereby, or making any misleading representation or any misrepresentation as to the financial condition of such interindemnity arrangement, or making any misrepresentation to any participating member for the purpose of inducing or tending to induce such member to lapse, forfeit, or surrender his or her rights to indemnification under such interindemnity arrangement. It shall be a false or misleading statement to state or represent that a cooperative corporation or interindemnity arrangement is or constitutes "insurance" or an "insurance company" or an "insurance policy."

It shall be a false or misleading statement to state or represent that a cooperative corporation or interindemnity arrangement is or constitutes "insurance" or an "insurance company" or an "insurance policy."

(4) Filing with any supervisory or other public official, or making, publishing, disseminating, circulating, or delivering to any person, or

placing before the public, or causing directly or indirectly, to be made, published, disseminated, circulated, or delivered to any person, or placed before the public any false statement of financial condition of such a cooperative corporation or interindemnity arrangement with intent to deceive.

(5) Making any false entry in any book, report, or statement of such a cooperative corporation or interindemnity arrangement with intent to deceive any agent or examiner lawfully appointed to examine into its condition or into any of its affairs, or any public official to whom such a cooperative corporation or interindemnity arrangement is required by law to report, or who has authority by law to examine into its condition or into any of its affairs, or, with like intent, willfully omitting to make a true entry of any material fact pertaining to such a cooperative corporation or interindemnity arrangement in any book, report, or statement of such a cooperative corporation or interindemnity arrangement.

(6) Making or disseminating, or causing to be made or disseminated, before the public in this state, in any newspaper or other publication, or any other advertising device, or by public outcry or proclamation, or in any other manner or means whatever, whether directly or by implication, any statement that such a cooperative corporation or interindemnity arrangement is a member of the California Insurance Guarantee Association, or insured against insolvency as defined in Section 119.5. This paragraph shall not be interpreted to prohibit any activity of the California Insurance Guarantee Association or of the commissioner authorized, directly or by implication, by Article 14.2 (commencing with Section 1063) of Chapter 1 of this part.

(7) Knowingly committing or performing with such frequency as to indicate a general business practice any of the following unfair claims settlement practices:

(A) Misrepresenting to claimants pertinent facts or provisions relating to any coverage at issue.

(B) Failing to acknowledge and act promptly upon communications with respect to claims arising under such interindemnity arrangements.

(C) Failing to adopt and implement reasonable standards for the prompt investigation and processing of claims arising under such interindemnity arrangements.

participating members have made claims under such interindemnity arrangements for amounts reasonably similar to the amounts ultimately recovered.

(G) Attempting to settle a claim by a participating member for less than the amount to which a reasonable person would have believed he or she was entitled by reference to written or printed advertising material accompanying or made part of an application for membership in such an interindemnity arrangement.

(K) Delaying the investigation or payment of claims by requiring a claimant, or his or her physician, to submit a preliminary claim report, and then requiring the subsequent submission of formal proof of loss forms, both of which submissions contain substantially the same information.

(L) Failing to settle claims promptly, where liability has become apparent, under one portion of an interindemnity arrangement in order to influence settlements under other portions of the interindemnity arrangement.

SEC. 140. Section 10123 of the Insurance Code is amended to read:

10123. (a) No self-insured employee welfare benefit plan, issued or renewed on or after the effective date of this section, which provides coverage for an employee and one or more covered persons dependent upon such employee and provides for an extension of coverage for any period following a termination of employment of the employee, shall fail to provide that such extension of coverage shall apply to dependents upon the same terms and conditions precedent as applied to the covered employee, for the same period of time, subject to payment of premiums, if any, as required by the terms of the policy and subject to any limitations or conditions set forth in any applicable collective bargaining agreement. All such plans entered into or renewed on or after the effective date of this section shall be construed to be in compliance with this section, and any provision in any such plan which is in conflict with this section shall be of no force or effect.

SEC. 143. Section 10127.1 of the Insurance Code (formerly Section 10127 of the Insurance Code amended and renumbered by Chapter 1079 of the Statutes of 1976) is amended and renumbered to read:

10127.7. Every policy of individual life insurance with a face value of less than ten thousand dollars ($10,000) which is delivered or issued for delivery in this state on and after July 1, 1974, shall have printed thereon or attached thereto a notice stating in substance that, at any time within 10 days after receipt of the policy by the owner, the policy may be returned by the owner for cancellation by delivering it or mailing it to the insurer or to the agent through whom it was purchased. Such delivery or mailing of the policy by the owner shall void the policy from the beginning, and the parties shall be in the same position as if no policy or contract had been issued. All premium paid and any policy fee paid for the policy shall be refunded to the owner.

This section shall not apply to individual life insurance policies issued in connection with a credit transaction or issued under a contractual policy change or conversion privilege provision contained in a policy.

SEC. 144. Section 11580.2 of the Insurance Code is amended to read:

11580.2. (a) (1) No policy of bodily injury liability insurance covering liability arising out of the ownership, maintenance, or use of any motor vehicle, except for policies which provide insurance in the Republic of Mexico issued or delivered in this state by nonadmitted Mexican insurers, shall be issued or delivered in this state to the owner or operator of a motor vehicle, or shall be issued or delivered by any insurer licensed in this state upon any motor vehicle then principally used or principally garaged in this state, unless the policy contains, or has added to it by endorsement, a provision with coverage limits at least equal to the financial responsibility requirements specified in Section 16056 of the Vehicle Code insuring the insured, his heirs or his legal representative for all sums within such limits which he or they, as the case may be, shall be legally entitled to recover as damages for bodily injury or wrongful death from the owner or operator of an uninsured motor vehicle. The insurer and any named insured, prior to or subsequent to the issuance or renewal of a policy, may, by agreement in writing,

in the form specified in paragraph (2), delete the provision covering damage caused by an uninsured motor vehicle (1) completely, or (2) with respect to a natural person or persons designated by name when operating a motor vehicle. Either of such deletions by any named insured shall be binding upon every insured to whom such policy or endorsement provisions apply while such policy is in force, and shall continue to be so binding with respect to any continuation, renewal, or replacement of such policy by the named insured, or with respect to reinstatement of such policy within 30 days of any lapse thereof. A policy shall be excluded from the application of this section if the only coverage with respect to the use of any motor vehicle is limited to the contingent liability arising out of the use of nonowned motor vehicles.

(2) The agreement specified in paragraph (1) shall be in the following form:

"The California Insurance Code requires an insurer to provide uninsured motorists coverage in each bodily injury liability insurance policy it issues covering liability arising out of the ownership, maintenance, or use of a motor vehicle. Such section also permits the insurer and the applicant to delete such coverage completely or with respect to one or more natural persons designated by name when operating a motor vehicle. Uninsured motorists coverage insures the insured, his heirs, or legal representatives for all sums within the financial responsibility limits which such person or persons are legally entitled to recover as damages for bodily injury, including any resulting sickness, disease, or death, to him from the owner or operator of an uninsured motor vehicle not owned or operated by the insured."

Such agreement may contain additional statements not in derogation of or conflict with the foregoing. The execution of such agreement shall relieve the insurer of liability under this section while such agreement remains in effect.

(b) As used in (a) above, "bodily injury" includes sickness or disease, including death, resulting therefrom; the term "named insured" means only the individual or organization named in the declarations of the policy of motor vehicle bodily injury liability insurance referred to in (a) above; as used in (a) above the term "insured" means the named insured and the spouse of the named insured and relatives of either while residents of the same household while occupants of a motor vehicle or otherwise, heirs and any other person while in or upon or entering into or alighting from an insured motor vehicle and any person with respect to damages he is entitled to recover for care or loss of services because of bodily injury to which the policy provisions or endorsement apply; the term "insured motor vehicle" means the motor vehicle described in the underlying insurance policy of which the uninsured motorist endorsement or coverage is a part, a temporary substitute or a newly acquired automobile for which liability coverage is provided in the policy if the motor vehicle is used by the named insured or with his

The term "uninsured motor vehicle" means a motor vehicle with respect to the ownership, maintenance or use of which there is no bodily injury liability insurance or bond applicable at the time of the accident, or there is such applicable insurance or bond but the company writing the same denies coverage thereunder or refuses to admit coverage thereunder except conditionally or with reservation, or a motor vehicle used without the permission of the owner thereof if there is no bodily injury liability insurance or bond applicable at the time of the accident with respect to the owner or operator thereof, or the owner or operator thereof be unknown, provided that, with respect to an "uninsured motor vehicle" whose owner or operator is unknown:

(1) The bodily injury has arisen out of physical contact of such automobile with the insured or with an automobile which the insured is occupying.

(2) The insured or someone on his behalf shall have reported the accident within 24 hours to the police department of the city where the accident occurred or, if the accident occurred in unincorporated territory then either the sheriff of the county where the accident occurred or the local headquarters of the California Highway Patrol, and have filed with the insurer within 30 days thereafter a statement under oath that the insured or his legal representative has or the insured's heirs have a cause of action arising out of such accident for damages against a person or persons whose indentity is unascertainable and set forth facts in support thereof. The term "uninsured motor vehicle" also means an insured motor vehicle where the liability insurer thereof is unable to make payment with respect to the legal liability of its insured within the limits specified therein because of insolvency. An insurer's solvency protection shall be applicable only to accidents occurring during a policy period in which its insured's motor vehicle coverage is in effect where the liability insurer of the tortfeasor becomes insolvent within one year of such accident. In the event of payment to any person under the coverage required by this section and subject to the

terms and conditions of such coverage, the insurer making such payment, shall to the extent thereof, be entitled to any proceeds which may be recoverable from the assets of the insolvent insurer through any settlement or judgment of such person against the insolvent insurer.

(c) The insurance coverage provided for in this section does not apply:

(1) To property damage sustained by the insured.

(2) To bodily injury of the insured while in or upon or while entering into or alighting from an automobile other than the described automobile if the owner thereof has insurance similar to that provided in this section.

(e) The policy or endorsement added thereto may provide that if the insured has valid and collectible automobile medical payment insurance available to him, the damages which he shall be entitled to recover from the owner or operator of an uninsured motor vehicle shall be reduced for purposes of uninsured motorist coverage by the amounts paid or due to be paid under such automobile medical payment insurance. This subdivision shall become operative on January 1, 1971.

(f) The policy or an endorsement added thereto shall provide that the determination as to whether the insured shall be legally entitled to recover damages, and if so entitled, the amount thereof, shall be made by agreement between the insured and the insurer or, in the event of disagreement, by arbitration. The arbitration shall be conducted by a single neutral arbitrator. An award or a judgment

confirming an award shall not be conclusive on any party in any action or proceeding between (i) the insured, his insurer, his legal representative, or his heirs and (ii) the uninsured motorist to recover damages arising out of the accident upon which the award is based. If the insured has or may have rights to benefits, other than nonoccupational disability benefits, under any workers' compensation law, the arbitrator shall not proceed with the arbitration until the insured's physical condition is stationary and ratable. In those cases in which the insured claims a permanent disability, such claims shall, unless good cause be shown, be adjudicated by award or settled by compromise and release before the arbitration may proceed. Any demand or petition for arbitration shall contain a declaration, under penalty of perjury, stating whether (i) the insured has a workers' compensation claim; (ii) such claim has proceeded to findings and award or settlement on all issues reasonably contemplated to be determined in that claim; and (iii) if not, what reasons amounting to good cause are grounds for the arbitration to proceed immediately. The provisions of Article 3 (commencing with Section 2016) of Chapter 3 of Title 3 of Part 4 of the Code of Civil Procedure shall be applicable to such determinations, and all rights, remedies, obligations, liabilities and procedures set forth in such Article 3 shall be available to both the insured and the insurer at any time after the accident, both before and after the commencement of arbitration, if any, with the following limitations:

(1) Whenever in such Article 3, reference is made to the court in which the action is pending, or provision is made for application to the court or obtaining leave of court or approval by the court, the court which shall have jurisdiction for the purposes of this section shall be the superior court of the State of California, in and for any county which is a proper county for the filing of a suit for bodily injury arising out of the accident, against the uninsured motorist, or any county specified in the policy or an endorsement added thereto as a proper county for arbitration or action thereon.

(2) Any such proper court to which application is first made by either the insured or the insurer under the provisions of such Article 3 for any discovery or other relief or remedy, shall thereafter be the only court to which either of the parties shall make any applications under such Article 3 with respect to the same accident, subject, however, to the right of such court to grant a change of venue after a hearing upon notice, upon any of the grounds upon which change of venue might be granted in an action filed in the superior court.

(3) A deposition pursuant to the provisions of Section 2016 of the Code of Civil Procedure may be taken without leave of court, except that leave of court, granted with or without notice and for good cause shown, must be obtained if the notice of the taking of the deposition is served by either party within 20 days after the accident.

(4) The provisions of subparagraph (a) (4) of Section 2019 of the Code of Civil Procedure shall not be applicable to discovery under

this section.

(5) For the purposes of discovery under this section, the insured and the insurer shall each be deemed to be "a party to the record of any civil action or proceedings," where that phrase is used in subparagraph (b) (2) of Section 2019 of the Code of Civil Procedure.

(6) Interrogatories under the provisions of Section 2030 of the Code of Civil Procedure and requests for admission under Section 2033 of the Code of Civil Procedure may be served by either the insured or the insurer upon the other at any time more than 20 days after the accident without leave of court.

(7) Nothing in this section shall be construed to limit the rights of any party to discovery in any action pending or which may hereafter be pending in any court.

(g) The insurer paying a claim under an uninsured motorist endorsement or coverage shall be entitled to be subrogated to the rights of the insured to whom such claim was paid against any person causing such injury or death to the extent that payment was made. Such action may be brought within three years from the date that payment was made hereunder.

(h) An insured entitled to recovery under the uninsured motorist endorsement or coverage shall be reimbursed within the conditions stated herein without being required to sign any release or waiver of rights to which he may be entitled under any other insurance coverage applicable; nor shall payment under this section to such insured be delayed or made contingent upon the decisions as to liability or distribution of loss costs under other bodily injury liability insurance or any bond applicable to the accident. Any loss payable under the terms of the uninsured motorist endorsement or coverage to or for any person may be reduced:

(1) By the amount paid and the present value of all amounts payable to him under any workers' compensation law, exclusive of nonoccupational disability benefits.

(2) By the amount the insured is entitled to recover from any other person insured under the underlying liability insurance policy of which the uninsured motorist endorsement or coverage is a part.

(i) No cause of action shall accrue to the insured under any policy or endorsement provision issued pursuant to this section unless within one year from the date of the accident:

(1) Suit for bodily injury has been filed against the uninsured motorist, in a court of competent jurisdiction, or

(2) Agreement as to the amount due under the policy has been concluded, or

(3) The insured has formally instituted arbitration proceedings.

(j) Notwithstanding the provisions of subdivisions (b) and (i), in the event the accident occurs in any other state or foreign jurisdiction to which coverage is extended under the policy and the insurer of the tortfeasor becomes insolvent, any action authorized pursuant to the provisions of this section may be maintained within three months of the insolvency of the tortfeasor's insurer, but in no

event later than the pertinent period of limitation of the jurisdiction in which the accident occurred.

(k) Notwithstanding the provisions of subdivision (i), any insurer whose insured has made a claim under his or her uninsured motorist coverage, and such claim is pending, shall, at least 30 days before the expiration of the applicable statute of limitation, applicable to such injury or death. Failure of the insurer to provide such written notice shall operate to toll any applicable statute of limitation or other time limitation for a period of 30 days from the date such written notice is actually given.

(*l*) As used in subdivision (b), "public or livery conveyance," or terms of similar import, shall not include the operation or use of a motor vehicle by the named insured in the performance of volunteer services for a nonprofit charitable organization or governmental agency by providing transportation to senior citizens or physically or mentally handicapped persons. This subdivision shall not apply in any case in which the named insured receives any remuneration of any kind other than reimbursement for actual mileage driven in the performance of such services at a rate not to exceed fifteen cents ($0.15) per mile actually driven. As used in this section, "senior citizen" means a person 60 years of age or older. This subdivision shall apply only to policies of insurance issued, amended, or renewed on or after January 1, 1976.

When the assessor, pursuant to Section 434, designates a timberland parcel or portion thereof as inoperable, such timberland parcel or portion thereof shall be valued as if it is site V.

The Legislature finds and declares that the foregoing values are consistent with the taxation of timberland used primarily for growing timber and that these values are consistent with the intent of subdivision (j) of Section 3 of Article XIII of the Constitution.

(b) On or before January 1, 1980, and every third year thereafter, the board after consultation with the timber advisory committee and in compliance with procedures set forth for adoption of rules under the Administrative Procedure Act, shall adopt schedules reestablishing the value of each grade of timberland graded pursuant to Section 434 as if it were bare of forest growth, and recognizing that the restricted use of the land is for growing and harvesting timber and compatible uses. The board shall certify such values to county assessors by January 10 of each year. Such schedule shall remain in effect until subsequent revision pursuant to the provisions of this subdivision.

(c) Commencing January 1, 1977, the board shall collect such data as may be necessary to accurately value timberland pursuant to subdivision (b).

(d) In promulgating regulations pursuant to subdivision (b) the board shall determine the value of such timberland subject to the following:

(1) The board shall base the value of such land upon the existence of a 10-year enforceable restriction using commonly accepted systems of valuation;

(2) When the board is valuing timberland property within a timberland preserve zone by comparison with sales of other timberland properties in order to be considered comparable, the properties sold shall be at least 160 acres in size and shall be similarly restricted under a timberland preserve zone. Size and any discount for size and amenities shall not be factors in determining the value

of land zoned as timberland preserve which is valued by a method employing the use of comparable sales.

(e) For purposes of this section the value of each acre of timberland within each site class, within a timberland preserve zone, shall be presumed no greater than the value derived pursuant to subdivision (f).

(f) The board shall:

(1) Prepare, or cause to be prepared, timberland site capability tables which shall prescribe by site classification the potential annual yield of wood by species of mixture of species per acre.

(2) Multiply the potential annual yield by 10 percent.

(3) Multiply the result of paragraph (2) by an immediate harvest value, averaged for the previous 20 quarters, that is appropriate for the geographical area wherein such timberland values shall be applied.

(4) Divide the result of paragraph (3) by a capitalization rate of 10 percent expressed as a decimal.

Pursuant to paragraph (2) of this subdivision, the Legislature declares that 10 percent is the average percent of income from potential annual yield of wood that can be attributed to timberland as a productive component contributing to such income and the Legislature finds that it is in the public interest that values derived from analysis of sales of timberland restricted under timberland preserve zones shall not exceed this percentage.

(g) For the purposes of this section, the value of each acre of timberland within a timberland preserve zone shall be presumed to be no less than twenty dollars ($20) per acre.

SEC. 185. Section 13201.5 of the Vehicle Code is amended to read:

13201.5. (a) A court may suspend the privilege of any person to operate a motor vehicle, for a period not exceeding six months, upon conviction of driving while under the influence of intoxicating liquor or under the combined influence of intoxicating liquor and any drug.

In the alternative, and in addition to the provisions of subdivision (c) of Section 23102 and the provisions of Section 23102.3, a court may refrain from suspending such privilege if the person convicted of such offense has consented to participate in, for at least one year and in a manner satisfactory to the court, a public or private program for the treatment of problem drinking or alcoholism which, regardless of how it is funded, meets standards established by the Office of Alcoholism, which shall include, but need not be limited to, the following:

In utilizing any such program, the court shall require periodic reports concerning the performance of the person participating in a program and the immediate report of any failure of the person to comply with the program's rules and regulations. If, at any time while participating in the program, the person fails to comply with the rules and regulations of the program, the court, upon finding such fact, shall immediately suspend, or order suspension or revocation of, the privilege of such person to operate a motor vehicle for the period prescribed by law.

No person may be admitted into a program for the treatment of problem drinking or alcoholism pursuant to this section more than once.

The provisions of this section afford a rehabilitative program for problem drinkers or alcoholics that is in addition to any other program or procedure relating to treatment of drinking drivers established in the criminal justice system, and the provisions of this section shall not be construed to restrict or supersede such programs or procedures, nor to prevent the future establishment of similar programs or procedures.

Further, the provisions of this subdivision shall not be construed as requiring a court, upon a first conviction of a person for driving while under the influence of intoxicating liquor or under the combined influence of intoxicating liquor and any drug, to suspend the privilege of that person to operate a motor vehicle if the court finds that a program for the treatment of problem drinking or alcoholism is not appropriate for such a person and if such person has consented to participate in, and does participate in and successfully completes, a driver improvement program designated by the court, as provided in subdivision (c) of Section 23102.

(b) In order to determine which types of programs can most effectively provide for treatment of persons convicted of such offenses, this section shall be implemented during the period from January 1, 1976, through December 31, 1977, on a demonstration basis in four or fewer counties deemed most appropriate for that purpose by the office. The office shall approve several types of programs in such counties in order to prepare for effective implementation of this section statewide. This section shall be applicable in all counties commencing January 1, 1978.

If a mentally disordered sex offender is committed or transferred to a state hospital pursuant to this section, the committing court may, upon receiving the written recommendation of the superintendent of the state hospital and the county mental health director that the person be transferred to a public or private mental health facility approved by the county mental health director, order the person transferred to such facility. If the person is committed or transferred to a public or private mental health facility approved by the county mental health director, the committing court may, upon receiving the written recommendation of the county mental health director, transfer the person to a state hospital.

The defendant or prosecuting attorney, if he chooses to contest either kind of order of transfer, may petition the court for a hearing

which shall be held if the court determines that sufficient grounds exist. At such hearing, the prosecuting attorney or the defendant may present evidence bearing on the order of transfer. The court shall use the same standards used in conducting probation revocation hearings pursuant to Section 1203.2 of the Penal Code.

Prior to making an order for transfer under this section, the court shall notify the person, the prosecuting attorney of record for the person, and the county mental health director or his designee.

(a) If the superintendent of the state hospital or other facility to which the person is committed or transferred as a mentally disordered sex offender is of the opinion that a person has improved to such an extent that he is no longer a danger to the health and safety of others and will benefit from outpatient treatment, the superintendent may file with the committing court an announcement of intent to place the person on outpatient treatment. In those cases where the person has been found guilty of murder, assault with intent to commit murder, a violation of Section 207 or 209 of the Penal Code in which the victim suffers intentionally inflicted great bodily injury, a violation of subdivision 2 or 3 of Section 261 of the Penal Code, a violation of Section 220 of the Penal Code in which the victim suffers great bodily injury, or if the person has been found guilty of a felony involving death, great bodily injury, or an act which poses a serious threat of bodily harm to another person, the superintendent of the state hospital or other facility to which the person is committed shall not file a petition for outpatient treatment until the person has been confined in the facility for a minimum of 90 days. Within 15 days after receipt of the announcement of intent, after notice to the prosecuting attorney and to the attorney of record for the person, the court shall, after a hearing in open court, approve or disapprove the announcement of intent. If the approval of the court is given, the person shall be treated as an outpatient. Prior to filing such an announcement of intent the superintendent shall obtain the agreement of the county mental health director, the person in charge of a mental health facility and the person who has been recommended for outpatient treatment that the person will receive and submit to outpatient treatment and that the person in charge of the facility will designate a person to be the outpatient supervisor of the person. At 90-day intervals following the beginning of outpatient treatment, the outpatient supervisor shall make a report in writing to the court, the state hospital or other facility to which the person was committed, the county mental health director or his designee, and to the person in charge of the mental health facility setting forth the status and progress of the person. The maximum period of such treatment, shall not exceed one year. The court may at the end of such maximum period renew its approval for additional outpatient treatment.

(b) When the outpatient supervisor is of the opinion that the person is no longer a mentally disordered sex offender, the supervisor shall communicate such opinion to the person in charge

of the facility, and if the person in charge of the facility concurs, he shall certify the opinion to the committing court, prosecuting attorney, attorney of record for the person, and the county mental health director or his designee. The court shall calendar the case for further proceedings pursuant to Section 6325.

(c) If at any time during an outpatient treatment period the outpatient supervisor is of the opinion that the person requires extended inpatient treatment or refuses to accept further outpatient treatment, he shall communicate such opinion or refusal to the person in charge of the facility. If the person in charge of the facility concurs, the person shall be returned to the state hospital or other facility to which he was committed or transferred pursuant to Section 6316. The person in charge of the facility shall notify the county mental health director or his designee of the person's return. Such return shall be reviewable by a writ of habeas corpus only. If a verified petition for a writ alleges on its face facts sufficient to justify relief, an order to show cause shall issue.

(d) If at any time during an outpatient treatment period the prosecuting attorney is of the opinion that the person is a danger to the health and safety of others while on outpatient treatment, he may petition the court for a hearing to determine whether the person shall be continued on outpatient treatment. Upon receipt of the petition, the court shall calendar the case for further proceedings and the clerk shall notify the person, outpatient supervisor, attorney of record for the person, and the county mental health director or his designee of the calendared date. Upon failure of the person to appear as noticed, if a proper affidavit of service and advisement has been filed with the court, the court may issue a body attachment for such person. If, after a hearing in open court conducted with the same standards used in probation revocation hearings pursuant to Section 1203.2 of the Penal Code, the judge of the committing court determines that the person is a danger to the health and safety of others, he shall order the person returned to the state hospital or other facility to which he was committed or transferred pursuant to Section 6316.

The court shall transmit a copy of its order to the county mental health director or his designee. Such order shall be reviewable by a writ of habeas corpus only.

The sheriff shall immediately return the person to the court for further proceedings. Within two judicial days of the person's return, the court shall hold a hearing to determine whether the person is entitled to be admitted to bail or released on his own recognizance pending conclusion of the proceedings.

Within 30 days after the receipt of the certification, after notice to the person, the prosecuting attorney, the attorney of record for the person, and the county mental health director or his designee, the court shall, after a hearing in open court, approve or disapprove such recommendation. The court shall transmit a copy of its order to the county mental health director or his designee. If the approval of the court is given, the medical director of the hospital or other facility may parole the person under such terms and conditions as the medical director specifies. The parole may include releasing the person to the custody of the local mental health director in the county from which the person was committed, for one or more periods not to exceed 30 days in each case, to facilitate the adjustment of the person to the community pending a determination with regard to his restoration of sanity. The parole shall be on the same general terms and conditions as parole of the mentally disordered committed under the provisions of this code. If the court disapproves of such recommendation, no further recommendation for parole shall be made by the medical director until six months have elapsed from the date of the last preceding recommendations.

(d) Whenever any such person has been confined in a state hospital or other facility for three years or more, after having been

committed to a state hospital or other facility under the provisions of Section 1026 of the Penal Code in a criminal proceeding in which the offense alleged to have been committed by such person was punishable by death, and the medical director of the hospital or facility is of the opinion that the person has improved to such an extent that he is no longer a danger to the health and safety of others and that the person will receive benefit from parole, the medical director may certify said opinion to the committing court and to the county mental health director or his designee. Within 30 days after the receipt of the certification, after notice to the prosecuting attorney and the county mental health director or his designee, the court shall, after a hearing in open court, approve or disapprove such recommendation. The court shall transmit a copy of its order to the county mental health director or his designee. If the approval of the court is given, the medical director of the hospital or other facility may parole the person under such terms and conditions as the medical director specifies. The parole may include releasing the person to the custody of the local mental health director in the county from which the person was committed, for one or more periods not to exceed 30 days in each case, to facilitate the adjustment of the person to the community pending a determination with regard to his restoration of sanity. The parole shall be on the same general terms and conditions as parole of the mentally disordered committed under the provisions of this code. If the court disapproves of such recommendation, no further recommendation for parole shall be made by the medical director until six months have elapsed from the date of the last preceding recommendation.

(1) If the medical director of the state hospital or other facility is of the opinion that a person who has been committed to the state hospital or other facility pursuant to Section 1026 of the Penal Code has improved to such an extent that he is no longer a danger to the health and safety of others while on outpatient treatment and will benefit from outpatient treatment, the medical director may allow the person to be treated as an outpatient.

An announcement of intent to place the person on outpatient status shall be filed with the court of commitment, the prosecuting attorney, and attorney of record for the person at least 15 days in advance of the change in status. The court may hold a hearing and (1) approve or disapprove of the plan or (2) take no action, in which case the plan shall be deemed approved. The court shall transmit a copy of its order to the county mental health director or his designee. At the request of the prosecuting attorney, a hearing shall be held. of outpatient treatment, the outpatient supervisor shall make a report in writing to the court, the state hospital or other facility to which the person was committed and to the person in charge of the mental health facility setting forth the status and progress of the person. The maximum period of such treatment shall not exceed one year. The court may at the end of such maximum period renew its approval for additional outpatient treatment upon the recommendation of the medical director of the state hospital or facility. The court shall communicate such renewal to the county mental health director or his designee.

(2) When the outpatient supervisor is of the opinion that the person has regained his sanity, the supervisor shall communicate such opinion to the person in charge of the facility, and if the person in charge of the facility concurs, he shall certify the opinion to the person, the committing court, the prosecuting attorney, the attorney of record for the person, and the county mental health director or his designee. The court shall calendar the case for further proceedings for release pursuant to Penal Code Section 1026a.

(3) If at any time during an outpatient treatment period the outpatient supervisor is of the opinion that the person refuses to accept outpatient treatment, or requires inpatient treatment, he shall communicate such opinion or refusal to the person in charge of the facility. If the person in charge of the facility concurs, the person shall be returned to the state hospital or other facility to which he was committed or transferred pursuant to Section 1026. The person in charge of the facility shall notify the county mental health director or his designee of the person's return. Such return shall be reviewable by a writ of habeas corpus only. If a verified petition for a writ alleges on its face facts sufficient to justify relief, an order to show cause shall issue.

(4) If at any time during an outpatient treatment period the prosecuting attorney is of the opinion that the person is a danger to the health and safety of others while on outpatient treatment, he may petition the court for a hearing to determine whether the person shall be continued on outpatient treatment. The court shall use the same standards as used in conducting probation revocation hearings pursuant to Section 1203.2 of the Penal Code. Upon receipt of the petition, the court shall calendar the case for further proceedings and the clerk shall notify the person, outpatient supervisor, the county mental health director or his designee, and attorney of record for the person of the calendared date. Upon failure of the person to appear as noticed, if a proper affidavit of service and advisement has been filed with the court, the court may issue a body attachment for the person. If, after a hearing in open court, the judge of the committing court determines that the person is a danger to the health and safety of others, he shall order the person returned to the state hospital or other facility to which he was committed pursuant to Section 1026. The court shall transmit a copy of its order to the county mental health director or his designee. Such order shall be reviewable by a

[Approved by Governor September 5, 1977. Filed with Secretary of State September 5, 1977.]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds a need to increase the psychiatric technician staff in the state hospital system as rapidly as possible. SEC. 2. Section 4511 of the Business and Professions Code is amended to read:

4511. An applicant for a psychiatric technician's license shall have the following qualifications:

Clinical inpatient experience shall be an integral part of any such prescribed or equivalent course of study and training. (d) Have committed no act which, if committed by a licensed

psychiatric technician, would be ground for disciplinary action.

SEC. 4. The sum of one hundred seventy-five thousand dollars ($175,000) is appropriated from the General Fund to the Board of Governors of the California Community Colleges for expenditures in fiscal year 1977–1978 for the purpose of expanding psychiatric technician training programs at public institutes including community colleges and vocational education programs, in accordance with Section 4511.2 of the Business and Professions Code. The Board of Governors or its designee shall use and the Board of Vocational Nurse and Psychiatric Technician Examiners shall direct the Psychiatric Technician Advisory Committee established by Section 4505 to assist in the establishment of this program.

It is estimated that the number of new psychiatric trainees must be increased this year from 900 to 3,400 to fill vacant positions plus new staff levels proposed for the state hospital system. Therefore, programs must be established immediately.

On appeal by the people from such an order striking such a prior conviction, it shall be conclusively presumed that such order was made only for the reasons specified in such order, and such order shall be reversed if there is no substantial basis in the record for any of such reasons.

SEC. 5. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be an appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local governmental entities and school districts which, in the aggregate, do not result in significant, identifiable cost changes.

In no event may a special election or a primary election be conducted on the day after a state holiday.

The people of the State of California do enact as follows:

SECTION 1. Section 1714.2 is added to the Civil Code, to read:

1714.2. (a) In order to encourage citizens to participate in emergency medical services training programs and to render emergency medical services to fellow citizens, no person who has completed a basic cardiopulmonary resuscitation course which complies with the standards adopted by the American Heart Association or the American Red Cross for cardiopulmonary resuscitation and emergency cardiac care, and who, in good faith, renders emergency cardiopulmonary resuscitation at the scene of an emergency, shall be liable for any civil damages as a result of any acts or omissions by such person rendering the emergency care.

(b) This section shall not be construed to grant immunity from civil damages to any person whose conduct in rendering such emergency care constitutes gross negligence.

(c) In order to encourage local agencies and other organizations to train citizens in cardiopulmonary resuscitation techniques, no local agency, entity of state or local government, or other public or private organization which sponsors, authorizes, supports, finances, or supervises the training of citizens in cardiopulmonary resuscitation shall be liable for any civil damages alleged to result from such training programs.

resuscitation by that certified instructor.

(e) This section shall not be construed to grant immunity from civil damages to any person who renders such emergency care to an individual with the expectation of receiving compensation from the individual for providing the emergency care.

CHAPTER 596

An act to add Section 436.64 to the Health and Safety Code, relating to blood alcohol tests.

[Approved by Governor September 6, 1977 Filed with Secretary of State September 7, 1977]

The people of the State of California do enact as follows:

SECTION 1. Section 436.64 is added to the Health and Safety Code, to read:

436.64. Any ampoules and their contents employed in a breath alcohol analysis test may be destroyed by the law enforcement agency in possession of them one year after the date of collection of the breath sample.

CHAPTER 597

An act to add Section 31483 to, and to amend Section 31453.5 of, the Government Code, relating to the County Employees Retirement Law of 1937, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 6, 1977 Filed with Secretary of State September 7, 1977]

The people of the State of California do enact as follows:

SECTION 1. Section 31483 is added to the Government Code, to read:

31483. Notwithstanding any other provision of law, whenever the governing body of a county or district has made a particular provision or provisions of this chapter applicable in such county or district through the adoption of an ordinance or resolution, such governing body may at any time thereafter adopt a further ordinance or resolution terminating the applicability of such provision or provisions as to employees of the county or district whose services commence after a given future date specified in the latter ordinance or resolution.

SEC. 1.5. Section 31453.5 of the Government Code is amended to

read:

31453.5. Notwithstanding Section 31587, and in accordance with Section 31453, the board of retirement may determine county or district contributions on the basis of a normal contribution rate which shall be computed as a level percentage of compensation which, when applied to the future compensation of the average new member entering the system, together with the required member contributions, will be sufficient to provide for the payment of all prospective benefits of such member. The portion of liability not provided by the normal contribution rate shall be amortized over a period not to exceed 30 years.

SEC. 1.6. The Legislature declares the amendments made to Section 31453.5 of the Government Code by this act are declaratory of existing law.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Certain counties, including the County of Los Angeles, are currently experiencing severe financial difficulties, which are expected to become progressively worse. Many of these counties have adopted various local option provisions of the County Employees Retirement Law of 1937 which provide for enriched retirement benefits for county employees. It is estimated that these counties could save many millions of dollars by eliminating these optional benefits as to future employees. However, there is some uncertainty as to whether the benefits in question may be rescinded without legislative authorization. Since delay will only serve to aggravate the counties' economic difficulties, it is necessary that this act take immediate effect to clarify the intent of the Legislature.

CHAPTER 598

[Approved by Governor September 6, 1977 Filed with Secretary of State September 7, 1977]

(b) "Buyer" or "retail buyer" means any individual who buys consumer goods from a person engaged in the business of manufacturing, distributing, or selling such goods at retail. CHAPTER 599

An act to amend Section 25303 of the Government Code, relating to counties.

[Approved by Governor September 6, 1977 Filed with Secretary of State September 7, 1977]

The people of the State of California do enact as follows:

SECTION 1. Section 25303 of the Government Code is amended to read:

25303. The board of supervisors shall supervise the official conduct of all county officers, and officers of all districts and other subdivisions of the county, and particularly insofar as the functions and duties of such county officers and officers of all districts and subdivisions of the county relate to the assessing, collecting, safekeeping, management, or disbursement of public funds. It shall see that they faithfully perform their duties, direct prosecutions for delinquencies, and when necessary, require them to renew their official bond, make reports and present their books and accounts for inspection.

This section shall not be construed to affect the independent and constitutionally and statutorily designated investigative and prosecutorial functions of the sheriff and district attorney of a county. The board of supervisors shall not obstruct the investigative function of the sheriff of the county nor shall it obstruct the investigative and prosecutorial function of the district attorney of a county.

Nothing contained herein shall be construed to limit the budgetary authority of the board of supervisors over the district attorney or sheriff.

CHAPTER 600

An act to amend Section 25562 of the Government Code, relating to power of boards of supervisors, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 6, 1977 Filed with Secretary of State September 7, 1977]

The people of the State of California do enact as follows:

SECTION 1. Section 25562 of the Government Code is amended to read:

25562. In counties having a population in excess of 1,000,000, the board of supervisors may provide, by contract with any person, firm, or corporation, for performances within the county including, but not limited to, operas, symphonies, band concerts and other

instrumental concerts, historical or commemorative pageants, choral concerts, plays or other related presentations (with or without music), ballet, dance, recitals, exhibitions, and readings. A charge may be made for attendance at such performances. Such contract shall provide that the management and control of such performances shall be under the supervision of the board of supervisors or shall provide specifically for those matters which cannot legally be delegated by the board of supervisors. Such contract may also provide for the reimbursement of the county, insofar as possible out of any net profits derived therefrom by such person, firm, or corporation.

In counties of the second class, as determined by Sections 28020 and 28023, the board of supervisors may provide, by contract with nonprofit corporation organized and existing under and by virture of the laws of the State of California, for the expenditure of county funds to aid in the construction by the corporation of a theater or similar facility .in which the county shall not have an ownership interest, such theater to be used for the purpose of the performance of plays, dramas, cultural, social, educational, and other events and presentations of benefit to the people of the county; provided that such contract may permit admission fees to be charged for events in such theater, but shall obligate the corporation to construct and operate such theater in a manner which will insure that the county's funds shall be utilized for public purposes of benefit to the people of the county.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Existing California law authorizes counties to enter into contracts with private persons or firms for the production of plays and other cultural events and authorizes counties to expend revenue sharing funds to meet the social needs of the population of the county. However, great confusion exists as to whether counties are authorized to allocate county revenue sharing funds to aid in the construction of a facility, owned by a nonprofit corporation, for the production of plays and other cultural events. In order to rectify this situation, it is necessary that this act take immediate effect.

CHAPTER 601

An act to add Section 20614 to the Government Code, relating to the Public Employees' Retirement System.

[Approved by Governor September 6, 1977 Filed with Secretary of State September 7, 1977]

The people of the State of California do enact as follows:

SECTION 1. Section 20614 is added to the Government Code, to read:

20614. On and after July 1, 1978, contracting agencies may, by contract or contract amendment, reduce normal member contributions by a fraction which does not exceed one-half of the normal rate of contributions otherwise required by this part. Such reduction shall be uniform with respect to all members within each of the following: local miscellaneous members, local policemen, local firemen, county peace officers, or all local safety members other than local policemen, local firemen, and county peace officers.

This section shall not apply to any contracting agency or its employees, unless and until the agency elects to be subject to the provisions of this section by amendment to its contract made in the manner prescribed for approval of contracts, except that an election among the employees is not required, or, in the case of contracts made after the date this section takes effect, by express provision in such contract making the contracting agency subject to the provisions of this section.

CHAPTER 603

An act relating to metric system conversion and making an appropriation therefor.

[Became law without Governor's signature September 7, 1977
Filed with Secretary of State September 7, 1977]

The people of the State of California do enact as follows:

SECTION 1. The Legislature finds and declares that it is in the interests of the state, of commerce and industry, and of the general public that there be an orderly conversion within California to the metric system of measurement, that conversion activities within the state be coordinated with the program for conversion of the United States Metric Board, and that timely amendments to the weights and measures laws be enacted so that the goal of conversion may be achieved. For this purpose, the California Metric Conversion Council is created within state government.

SEC. 2. The California Metric Conversion Council is hereby created in the Department of Food and Agriculture which shall consist of 11 members, including the Director of Food and Agriculture and 10 members appointed by the Governor and confirmed by the Senate, who shall be selected as follows:

SEC. 3. As used in this act, the term

(a) "Council" means the California Metric Conversion Council.

(b) "Board" means the United States Metric Board.

(c) "Metric system of measurement" means the International System of Units as established by the General Conference of Weights and Measures in 1960 and as interpreted or modified for the United States by the Secretary of Commerce.

SEC. 4. It is the intent of the Legislature, in the interests of economy, that the council's efforts complement and not duplicate unnecessarily the activities of the board, that such efforts be generally consistent with the policy of the board as such policy relates to California, and that the council foster a cooperative relationship in the conversion process with other agencies of state and local government. It shall be the function of the council to devise and carry out a broad program of planning, coordination and public education, consistent with other state policies and interests, with the aim of implementing the policy set forth in this act. In carrying out such program the council shall:

(a) Consult with and take into account the interests, views, and conversion costs of California commerce and industry, including small business; science; engineering; labor; agriculture; education; consumers; government agencies at the state and local level; metric conversion planning and coordinating groups; and such other individuals or groups as are considered appropriate by the council to the carrying out of the purposes of this act. The council shall take into account activities underway in the private and public sectors, so as not to duplicate unnecessarily such activities. The council shall also take into account any special needs of specific geographic areas of the state.

(b) Provide for appropriate procedures whereby various council groups, under the auspices of the council, may formulate, and

recommend or suggest, to the council specific programs for coordinating conversion in each industry and segment thereof and specific dimensions and configurations in the metric system and in other measurements for general use. Such programs, dimensions, and configurations shall be consistent with (1) the needs, interests, and capabilities of manufacturers (large and small), suppliers, labor, consumers, educators, and other interested groups, and (2) the state interest;

(c) Publicize, in an appropriate manner, proposed programs and provide an opportunity for interested groups or individuals to submit comments on such programs. At the request of interested parties, the council, in its discretion, may hold hearings with regard to such programs. Such comments and hearings shall be considered by the council.

(d) Encourage activities of standardization organizations to develop or revise, as rapidly as practicable, engineering standards on a metric measurement basis, and to take advantage of opportunities to promote (1) rationalization or simplification of relationships, (2) improvements of design, (3) reduction of size variations, (4) increases in economy, and (5) where feasible, the efficient use of energy and the conservation of natural resources;

(e) Assist the public through information and education programs to become familiar with the meaning and applicability of metric terms and measures in daily life. Such programs shall include:

(1) Public information programs conducted by the council, through the use of newspapers, magazines, radio, television, and other media, to the extent funding is available, and through talks before appropriate citizens' groups, and trade and public organizations;

(2) Counseling and consultation with educational associations, local educational agencies, labor education committees, apprentice training committees, and other interested groups, in order to assure (i) that the metric system of measurement is included in the curriculum of the state's educational institutions, and (ii) that teachers and other appropriate personnel are properly trained to teach the metric system of measurement;

(f) Submit annually to the Legislature and the Governor a report on its activities. Each such report shall include a status report on the conversion process as well as projections for the conversion process including, but not limited to:

(1) The extent to which conversion has been achieved:

(2) The status and effectiveness of the council's programs:

(3) Projections for the conversion process:

(4) Recommendations covering any legislation or executive action needed to implement the programs of conversion accepted by the council and such action as may be appropriate to deal with any unresolved problems, issues, and questions associated with metric conversion or usage in California. The council may also submit such other reports and recommendations as it deems necessary; and

(g) Submit to the Legislature and the Governor, not later than one year after the date of enactment of this act, a report on the need to provide an effective structural mechanism for converting customary units to metric units in statutes, regulations, and other laws at all levels of government, on a coordinated and timely basis, in response to voluntary conversion programs adopted and implemented by various sectors of society under the auspices and with the approval of the council. If the council determines that such a need exists, such report shall include recommendations as to appropriate and effective means for establishing and implementing such a mechanism.

SEC. 5. This act shall remain in effect only until January 1, 1985, and on such date is repealed, unless a later enacted statute, which is chaptered on or before January 1, 1985, deletes or extends such date.

SEC. 6. The sum of fifty thousand dollars ($50,000) is hereby appropriated from the General Fund to the Department of Food and Agriculture in augmentation of the 1977–78 support budget for such department to carry out the provisions of this act.

The expiration date of the referral shall be stated in the contract.

CHAPTER 606

An act to amend Section 44949 of, and to add Section 44959.5 to the Education Code, and to amend Section 3543.2 of the Government Code, relating to school employees, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 7, 1977 Filed with Secretary of State September 7, 1977]

The people of the State of California do enact as follows:

SECTION 1. Section 44949 of the Education Code is amended to read:

44949. (a) No later than March 15 and before an employee is given notice by the governing board that his services will not be required for the ensuing year, the governing board and the employee shall be given written notice by the superintendent of the district or his designee, or in the case of a district which has no superintendent by the clerk or secretary of the governing board, that it has been recommended that such notice be given to the employee, and stating the reasons therefor.

If a probationary employee has been in the employ of the district for less than 45 days on March 15, the giving of such notice may be deferred until the 45th day of employment and all time period and deadline dates herein prescribed shall be coextensively extended.

Until the employee has requested a hearing as provided in subdivision (b) or has waived his right to a hearing, the notice and the reasons therefor shall be confidential and shall not be divulged by any person, except as may be necessary in the performance of duties; however, the violation of this requirement of confidentiality, in and of itself, shall not in any manner be construed as affecting the

validity of any hearing conducted pursuant to this section.

(b) The employee may request a hearing to determine if there is cause for not reemploying him for the ensuing year. A request for a hearing must be in writing and must be delivered to the person who sent the notice pursuant to subdivision (a), on or before a date specified therein, which shall not be less than seven days after the date on which the notice is served upon the employee. If an employee fails to request a hearing on or before the date specified, his failure to do so shall constitute his waiver of his right to a hearing. The notice provided for in subdivision (a) shall advise the employee of the provisions of this subdivision.

(c) In the event a hearing is requested by the employee, the proceeding shall be conducted and a decision made in accordance with Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code and the governing board shall have all the power granted to an agency therein, except that: (1) the respondent shall file his notice of defense, if any, within five days after service upon him of the accusation and he shall be notified of such five-day period for filing in the accusation; (2) the discovery authorized by Section 11507.6 of the Government Code shall be available only if request is made therefor within 15 days after service of the accusation, and the notice required by Section 11505 of the Government Code shall so indicate; and (3) the hearing shall be conducted by a hearing officer who shall prepare a proposed decision, containing findings of fact and a determination as to whether the charges sustained by the evidence are related to the welfare of the schools and the pupils thereof. The proposed decision shall be prepared for the governing board and shall contain a determination as to the sufficiency of the cause and a recommendation as to disposition. However, the governing board shall make the final determination as to the sufficiency of the cause and disposition. None of the findings, recommendations, or determinations contained in the proposed decision prepared by the hearing officer shall be binding on the governing board or on any court in future litigation. Copies of the proposed decision shall be submitted to the governing board and to the employee on or before May 7 of the year in which the proceeding is commenced. All expenses of the hearing, including the cost of the hearing officer, shall be paid by the governing board from the district funds. The board may adopt from time to time such rules and procedures not inconsistent with provisions of this section, as may be necessary to effectuate this section.

(d) The governing board's determination not to reemploy a probationary employee for the ensuing school year shall be for cause only. The determination of the governing board as to the sufficiency of the cause pursuant to this section shall be conclusive, but the cause shall relate solely to the welfare of the schools and pupils thereof. Cause shall include termination of services for the reasons specified in Section 44955, unless a collective agreement has been entered into

in accordance with Section 44959.5. The decision made after the hearing shall be effective on May 15 of the year the proceeding is commenced.

(e) Notice to the probationary employee by the governing board that his service will not be required for the ensuing year, shall be given no later than May 15.

(f) If a governing board notifies a probationary employee that his services will not be required for the ensuing year, the board shall, within 10 days after delivery to it of the employee's written request, provide him with a statement of its reasons for not reemploying him for the ensuing school year.

(g) Any notice or request shall be deemed sufficient when it is delivered in person to the employee to whom it is directed, or when it is deposited in the United States registered mail, postage prepaid and addressed to the last known address of the employee.

(h) In the event that the governing board does not give notice provided for in subdivision (e) of this section on or before May 15, the employee shall be deemed reemployed for the ensuing school year.

(i) If after request for hearing pursuant to subdivision (b) any continuance is granted pursuant to Government Code Section 11524, the dates prescribed in subdivisions (c), (d), (e) and (h) which occur on or after the date of granting the continuance shall be extended for a period of time equal to such continuance.

SEC. 2. Section 44959.5 is added to the Education Code, to read:

44959.5. (a) The provisions of Sections 44955, 44956, 44957, 44958 and 44959 shall not be applicable to probationary certificated employees who are covered by a collective agreement which contains provisions for the layoff and reassignment of such employees.

(b) If layoff proceedings are commenced under procedures prescribed by any of the sections referred to in subdivision (a), such proceedings shall continue in accordance with the statutory procedures, notwithstanding the subsequent adoption of a collective agreement or the inclusion in the coverage thereof of employees not so covered at the time such proceedings commenced.

(c) If layoff proceedings are commenced under a collective agreement which contains provisions for the layoff of probationary certificated employees, such proceedings shall continue in accordance with the agreement, notwithstanding the subsequent termination of the agreement.

(d) This section shall only apply to a school district in which the average daily attendance is 400,000 or more.

SEC. 3. Section 3543.2 of the Government Code is amended to read:

3543.2. The scope of representation shall be limited to matters relating to wages, hours of employment, and other terms and conditions of employment. "Terms and conditions of employment" mean health and welfare benefits as defined by Section 53200, leave,

transfer and reassignment policies, safety conditions of employment, class size, procedures to be used for the evaluation of employees, organizational security pursuant to Section 3546, procedures for processing grievances pursuant to Sections 3548.5, 3548.6, 3548.7, and 3548.8, and the layoff of probationary certificated school district employees, pursuant to Section 44959.5 of the Education Code. In addition, the exclusive representative of certificated personnel has the right to consult on the definition of educational objectives, the determination of the content of courses and curriculum, and the selection of textbooks to the extent such matters are within the discretion of the public school employer under the law. All matters not specifically enumerated are reserved to the public school employer and may not be a subject of meeting and negotiating, provided that nothing herein may be construed to limit the right of the public school employer to consult with any employees or employee organization on any matter outside the scope of representation.

SEC. 4. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be an appropriation made by this act because the duties, obligations or responsibilities imposed on local governmental entities or school districts by this act are such that related costs are incurred as part of their normal operating procedures.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to permit this act to be operative for the entire 1977–78 fiscal year, and so facilitate the orderly administration of collective negotiation and layoff procedures in the school district to which this act applies, it is necessary that this act take effect immediately.

The people of the State of California do enact as follows:

6094.5. (a) Any person who gives a resale certificate for property which he knows at the time of purchase is not to be resold by him in the regular course of business for the purpose of evading payment to the seller of the amount of the tax applicable to the transaction is

guilty of a misdemeanor.

(b) Any person who gives a resale certificate for property which he knows at the time of purchase is not to be resold by him in the regular course of business is liable to the state for the amount of tax that would be due if he had not given such resale certificate.

SEC. 2. Section 6292 of the Revenue and Taxation Code is amended to read:

6292. (a) Except when the sale is by lease, when a vehicle required to be registered under the Vehicle Code is sold at retail by other than a person licensed or certificated pursuant to the Vehicle Code as a manufacturer, dealer, dismantler, or lessor-retailer, subject to the provisions of Section 11615.5 of the Vehicle Code, the retailer is not required or authorized to collect the use tax from the purchaser, but the purchaser of the vehicle must pay the use tax to the Department of Motor Vehicles acting for and on behalf of the board pursuant to Section 4750.5 of the Vehicle Code.

(b) If the purchaser makes an application to that department which is not timely, and is subject to penalty because of delinquency in effecting registration or transfer of registration of the vehicle, he then becomes liable also for penalty as specified in Section 6591 of this code, but no interest shall accrue.

(c) Application to that department by the purchaser shall relieve the purchaser of the obligation to file a return with the board under Section 6452.

(d) If the purchaser does not make application to that department, or does not pay the amount of use tax due, or files a return with the board under Section 6455 which is not timely, interest and penalties shall apply with respect to the unpaid amount as provided in Chapter 5 (commencing with Section 6451) of this part.

SEC. 3. Section 6293 of the Revenue and Taxation Code is amended to read:

6293. (a) Except when the sale is by lease, when a vehicle subject to identification under Division 16.5 (commencing with Section 38000) of the Vehicle Code is sold at retail by other than a person licensed or certificated pursuant to the Vehicle Code as a manufacturer, dealer, dismantler, or lessor-retailer, subject to the provisions of Section 11615.5 of the Vehicle Code, or a person required to hold a sellers permit pursuant to Article 2 (commencing with Section 6066) of Chapter 2 of this part by reason of the number, scope, and character of his sales of such vehicles, the retailer is not required or authorized to collect the use tax from the purchaser, but the purchaser of the vehicle shall pay the use tax to the Department of Motor Vehicles acting for and on behalf of the board pursuant to Section 38211 of the Vehicle Code.

(b) If the purchaser makes an application to that department which is not timely, and is subject to penalty because of delinquency in effecting identification or transfer of ownership of the vehicle, he then becomes liable also for penalty as specified in Section 6591 of

this code, but no interest shall accrue.

(c) Application to that department by the purchaser shall relieve the purchaser of the obligation to file a return with the board under Section 6452.

(d) If the purchaser does not make application to that department, or does not pay the amount of use tax due, or files a return with the board under Section 6455 which is not timely, interest and penalties shall apply with respect to the unpaid amount as provided in Chapter 5 (commencing with Section 6451) of this part.

SEC. 4. Section 6421 of the Revenue and Taxation Code is amended to read:

6421. (a) If a purchaser certifies in writing to a seller that the property purchased will be used in a manner or for a purpose entitling the seller to regard the gross receipts from the sale as exempted by this chapter from the computation of the amount of the sales tax, and uses the property in some other manner or for some other purpose, the purchaser shall be liable for payment of sales tax as if he were a retailer making a retail sale of the property at the time of such use, and the cost of the property to him shall be deemed the gross receipts from such retail sale. The certificate shall relieve the seller from liability for the sales tax only if it is taken in good faith.

(b) For purposes of this section, "use" is the same as defined in Section 6009 without the exclusion defined in the first paragraph of Section 6009.1.

people achieve self-fulfillment in a free and democratic society.

(b) Unsanitary, unsafe, overcrowded, or congested dwelling accommodations constitute conditions which cause an increase in, and spread of, disease and crime.

(c) A healthy housing market is one in which residents of this state have a choice of housing opportunities and one in which the housing consumer may effectively choose within the free marketplace.

(d) A healthy housing market is necessary both to achieve a healthy state economy and to avoid an unacceptable level of unemployment.

50002. The Congress of the United States has established, as a national goal, the provision of a decent home and a suitable living environment for every American family and the Legislature finds and declares that the attainment of this goal is a priority of the highest order. The national housing goal, as it applies to California, is deserving of adoption by the Legislature, with the accompanying commitment to guide, encourage, and direct where possible, the efforts of the private and public sectors of the economy to cooperate and participate in the early attainment of a decent home and a satisfying environment for every Californian.

The attainment of a national and state housing goal is complicated by a variety of continuing problems, not the least of which are the absence of a coherent housing policy, the absence of a comprehensive framework outlining the dimensions of need and obstacles preventing the fulfillment of such need, the absence of effective private-public mechanisms designed to engender and facilitate a partnership approach to housing, and the absence of effective subsidy programs designed to reach very low income households and other persons and families of low or moderate income.

50003. The Legislature finds and declares that, as a result of public actions involving highways, public facilities, and urban renewal projects, and as a result of poverty and the spread of slum conditions and blight to formerly sound neighborhoods, there exists within the urban and rural areas of the state a serious shortage of decent, safe, and sanitary housing which persons and families of low or moderate income, including the elderly and handicapped, can afford. This shortage is inimical to the safety, health, and welfare of the residents of this state and the sound growth of its communities. Private enterprise and investment, without the assistance contemplated in this division, is not disposed to provide, nor can it economically achieve, the needed construction of decent, safe, and sanitary housing at rentals which persons and families of low and moderate income can afford and the urgently needed rehabilitation of existing housing.

In order to remedy such housing shortages, it is necessary to implement a public program incorporating the following elements and goals:

(a) A reduction in the cost of mortgage financing for rental

housing to provide lower rent for persons and families of low or moderate income.

(b) A reduction in the cost of mortgage financing for home purchases, in order to make homeownership feasible for persons and families of low or moderate income.

(c) The availability of mortgage financing in geographical areas in which private lenders have been unable or unwilling to commit sufficient funds for residential lending.

(d) The provision of assistance and encouragement with respect to residential construction and rehabilitation by private enterprise which will house persons of varied economic means in the same structures and neighborhoods, thereby alleviating and contributing to the permanent elimination of slum conditions.

(e) An increase in the supply of housing available to the elderly and handicapped and large families.

(f) Encouragement and assistance of housing and community development in rural areas and among Indian residents of the state.

(g) Encouragement of mutual self-help housing projects, home management training, and relocation assistance.

(h) Maximum utilization of federal subsidies available to meet housing needs of very low income households and persons and families of low and moderate income.

(i) The provision to local governments of the financial resources, statistical data, and technical assistance needed to assist them in meeting housing needs within their respective jurisdictions. The term "financial resources," as used in this subdivision, means proceeds from the sale of bonds by the agency and federal assistance made available to the agency for any of the purposes of this division.

50004. The Legislature finds and declares that it is to the economic benefit of the state and a public purpose to encourage the availability of adequate housing and home finance for persons and families of low or moderate income, and to develop viable urban and rural communities by providing decent housing, enhanced living environment, and increased economic opportunities for persons and families of low or moderate income. The exercise of the powers specified in this division will be in all respects for the benefit of the people of the state, for their well-being and prosperity, and for the improvement of their social and economic conditions. Therefore, this division shall be liberally construed to effect its purposes.

50005. The Legislature finds and declares that full cooperation and coordination with the cities and counties of the state in meeting the housing needs of the state on a level of government which is as close as possible to the people it serves is essential if workable housing programs are to be developed and implemented.

50006. The Legislature finds and declares that a number of federal housing programs have failed to reach the fundamental goals and purposes for which they were established, especially in urban areas. In California, this failure has often been related to inadequate consideration of the relationship between housing and the

community in which the housing is located.

It is the intent of the Legislature in enacting this division to seek to avoid such failures by providing a comprehensive and balanced approach to the solution of housing problems of very low income households and persons and families of low or moderate income in the state. It is further the intent of the Legislature to provide a program which gives consideration, not only to the production and financing of housing, but also to the social and aesthetic impact of such housing. A California housing program must consider the distribution throughout the state of such housing as may be assisted pursuant to this division, the avoidance of imposed economic, ethnic, and racial isolation or concentration, an emphasis on superior design, including the scale and location of such housing, the preparation of communities and persons to avail themselves of the program, and other factors which contribute to a decent living environment. Such program shall be designed to overcome racial isolation and concentration through revitalization of deteriorating and deteriorated urban areas by attracting a full range of income groups to central-city areas to provide economic integration with persons and families of low or moderate income in such areas.

50007. The Legislature finds and declares that the large equities that the majority of California residents in most economic strata have now accumulated in single-family homes must be protected and conserved.

50008. (a) Nothing in this division shall authorize the imposition of controls on rents for housing units not financed pursuant to this division.

(b) Housing units owned, financed, insured, or otherwise assisted by the agency pursuant to this division and which are controlled as to rents by a regulatory contract between the agency and the housing sponsor shall not be subject to controls on rent imposed by any state or local agency or other local public entity. The right to control rent on such units shall reside exclusively in the agency to the extent provided in this section.

CHAPTER 2. DEFINITIONS

50050. Unless otherwise indicated by the context, the definitions contained in this chapter shall govern the construction of this division.

housing opportunities created by this division for members of disadvantaged racial, sexual, religious, ancestral, or national-origin groups. Such program shall include educational, promotional, and other appropriate activity designed to secure greater housing opportunities for the members of such groups. Where a significant number of persons in a community have limited fluency in the English language, publications implementing an affirmative marketing program in that community shall be provided in the native language of such persons.

50053. "Affordable rent" means rent not in excess of the percentage of the gross income of the occupant person or family established by regulation of the agency and not in excess of market rent. Such percentage shall be established at not more than 25 percent nor less than 15 percent of gross income as will best serve the purposes of this division. The agency shall, by regulation, adopt criteria defining, and providing for determination of, gross income and rent for purposes of this section, which shall be consistent with pertinent regulations of the United States Department of Housing and Urban Development or other federal law with respect to developments aided by the federal government.

50056. "Below-market interest" means a below-market interest rate adequate to return to the agency sufficient income to meet its obligations, reserve requirements, and expenses connected with a loan financed by the agency for which such interest rate is established as determined by the agency at the time of commitment of funds, for the permanent financing.

"Citizen participation" shall include, but not be limited to, all of the following and in the order provided below:

(a) Holding a public meeting prior to the hearing by the legislative body considering selection of the area for designation as a neighborhood preservation area.

(b) Consultation with an elected or appointed citizen advisory board, composed of representatives of both owners of property in, and residents of, a proposed neighborhood preservation area, in developing a plan for public improvements and the rules and regulations for implementation of the proposed assistance program.

(c) Dissemination at least seven days prior to the original hearing by mailing to property owners within the proposed neighborhood preservation area at the address shown on the latest assessment roll and by distributing to residents of the proposed neighborhood preservation area by a manner determined appropriate by the local agency, of information relating to the time and location of the hearing, boundaries of the proposed area, and a general description of the proposed assistance program.

In addition to the requirements of subdivisions (a) to (c), inclusive, any other means of citizen involvement determined appropriate by the legislative body may be implemented.

In lieu of initiating a new process of citizen participation, local agencies which have conducted or are conducting a citizen-participation process as part of an existing housing community development program, may substitute such citizen-participation process if the board approves such process as meeting the requirements of this section.

Public meetings and consultations held to implement the requirements of citizen participation shall be conducted by a planning or rehabilitation official designated by the legislative body. Public meetings shall be held at times and places convenient to residents and property owners.

(m) The cost of such other items, including tenant and homeowner relocation and tenant and homeowner counseling, as the agency shall determine to be reasonable and necessary for the development of a housing development.

The statement of a specific cost item within this section shall in no way imply a requirement that the agency finance that item in making a loan on any housing development. Development costs shall not include any greater portion of the total cost of a housing development owned by a limited-dividend housing sponsor than is consistent with an equity investment sufficient to ensure a

substantial and continuing interest by such sponsor in the housing development.

50066. "Development loan" means a loan, made prior to the granting of a construction loan, for planning, acquisition of land and improvements thereon, and site preparation for a housing development. A development loan may include costs of architectural, engineering, legal and consulting services, the cost of necessary studies, surveys and governmental permits, and the cost of such other items as the agency deems reasonable and necessary for the initial preparation for construction or rehabilitation of a housing development.

"Handicapped" means a family in which the head of the household is suffering from an orthopedic disability impairing personal mobility or a physical disability affecting his or her ability to obtain employment or a single person with such physical disability, where the family or person requires special care or facilities in the home. "Housing development" means any work or undertaking of new construction or rehabilitation, or the acquisition of existing residential structures in good condition, for the provision of housing which is financed pursuant to the provisions of this division for the primary purpose of providing decent, safe, and sanitary housing for

persons and families of low or moderate income. "Housing development" also means housing financed pursuant to this part for rental occupancy of, for resale to, or sold to, persons and families of low or moderate income. Notwithstanding other provisions of this section "housing development" does not include a work or undertaking financed by a neighborhood improvement loan. A housing development may include housing for other economic groups as part of an overall plan to develop new or rehabilitated communities or neighborhoods, where housing for persons and families of low or moderate income is a primary goal. A housing development may include any buildings, land, equipment, facilities, or other real or personal property which the agency determines pursuant to its rules and regulations to be necessary or convenient in connection with the provision of housing pursuant to this division, including, but not limited to, streets, sewers, utilities, parks, site preparation, landscaping, and other nonhousing facilities, such as administrative, community, health, recreational, educational, commercial facilities, and child-care facilities which the agency determines are an integral part of a housing development or developments.

In the case of neighborhood improvement loans, "market interest" shall instead mean an interest rate fixed by the agency, not exceeding 10 percent annual interest nor exceeding the interest rate paid on bonds issued to finance the loan by more than 2 percent.

50081. However, the agency and the department jointly, or either acting with the concurrence of the Secretary of the Business and Transportation Agency, may permit higher income limitations in designated geographic areas of the state, upon a determination that 120 percent of the median income in the particular geographic area is too low to qualify a substantial number of persons and families of low or moderate income who can afford rental or home purchase of housing financed pursuant to Part 3 (commencing with Section 50900) without subsidy.

"Persons and families of low or moderate income" includes very low income households, as defined in Section 50105, and includes persons of low income, persons and families of moderate income, and middle-income families. As used in this division:

As used in this section, "area median income" means the median

50094. "Qualified mortgage lender" means a mortgage lender certified by the agency, pursuant to rules and regulations thereof, to do business with the agency or a housing authority certified by the agency as capable of financing the construction or rehabilitation of residential structures. Such a mortgage lender may be a bank or trust company, mortgage banker, federal- or state-chartered savings and loan association, service corporation, or other financial institution or governmental agency which is deemed capable of providing service or otherwise aiding in the financing of construction loans and mortgage loans, and nothing in any other provisions of state law shall prevent such a lender or governmental agency from serving as a qualified mortgage lender under this division. A "qualified mortgage lender" that is determined by the agency to have violated state law of the terms of any agreement with the agency shall be promptly decertified.

50095. "Real property" means all lands, including improvements and fixtures thereon, and property of any nature appurtenant thereto or used in connection therewith, and every estate, interest, and right, legal or equitable, therein, including leaseholds, terms of years, and liens by way of judgment, mortgage, or otherwise.

and which (1) has a population not in excess of 2,500 inhabitants, or (2) has a population in excess of 2,500 but not in excess of 10,000 if it is rural in character, or (3) has a population in excess of 10,000 but not in excess of 20,000, and is not contained within a standard metropolitan statistical area. This definition may be changed by the agency to conform to changes in federal programs.

50102. "Rural mortgage area" means an area outside any city, metropolitan area or urban county, as such terms are defined by Section 102 of the Housing and Community Development Act of 1974 (P.L. 93-383).

50105. "Very low income households" means (1) persons and families whose incomes do not exceed the qualifying limits for very low income families established pursuant to Section 8 of the United States Housing Act of 1937, or (2), in the event such federal standards become obsolete, persons and families whose incomes do not exceed 50 percent of the median income, as estimated by the agency from time to time, for the area in which the housing units in question are located. Adjustments above or below such maximum income limitations shall be made to compensate for family size variations.

CHAPTER 3. GENERAL PROVISIONS

50150. In the event of conflict between this division and any other provision of law, the provisions of this division shall be deemed controlling. If any clause, sentence, paragraph, or section of this division is held invalid by any court of competent jurisdiction, the decision shall not affect or impair any of the remaining provisions.

50151. The Secretary of the Business and Transportation Agency shall be responsible for allocating financial aid and contributions made available directly to state government or to the agency by any agency of the United States for the purpose of subsidizing housing for persons and families of low or moderate income. Housing subsidies shall be first allocated to the agency. Only after the Secretary of the Business and Transportation Agency has determined that the agency has sufficient subsidies for its purposes may housing subsidies be allocated to other divisions of state government.

Nothing in this division shall preclude the establishment of direct relationships between the federal government and local public

entities or shall in any way alter the authority of local public entities to directly receive federal funds, nor shall anything in this division be construed to supersede or affect any other provision of law relating to the control of funds by local public entities. Further, nothing in this division shall affect the authority or reduce the obligations specified in Chapter 16 (commencing with Section 7260) of Division 7 of Title 1 of the Government Code with respect to payment of relocation assistance or prevent the receipt and disbursement of federal funds made available to any governmental agency for such purpose.

50152. To further the goals of this division and to enable the success of a statewide housing program, it is essential, and the Legislature intends, that the agency and the department shall closely coordinate their activities to assure that the goals and purposes of this division are realized.

50153. Nothing in this division shall be construed to authorize the creation of a debt or liability of the state within the meaning of Section 1 of Article XVI of the State Constitution.

PART 2. DEPARTMENT OF HOUSING AND COMMUNITY DEVELOPMENT AND COMMISSION OF HOUSING AND COMMUNITY DEVELOPMENT

CHAPTER 1. ORGANIZATION OF THE DEPARTMENT AND GENERAL POWERS

(h) To enter into agreements or other transactions with any governmental agency, including an agreement for administration of a housing or community development program of the governmental agency by the department, or for administration by another governmental agency of a program of the department, either in whole or in part.

(i) To enter such agreements and perform such acts as are necessary to obtain subsidies for use in connection with the exercise of powers and functions of the department, and to transfer such subsidies to others as required by any such agreement.

(j) To appear in its own behalf before boards, commissions, departments, or other agencies of local, state, or federal government.

(m) To provide bilingual staff in connection with services of the

department and make available departmental publications in a language, other than English, where necessary to effectively serve groups for which such services or publications are made available.

50407. The department shall be the principal state department responsible for coordinating federal-state relationships in housing and community development, except for housing finance. 50408. The department shall annually submit to the Governor and both houses of the Legislature:

(a) Recommendations for changes in state and federal law necessary to meet the need for housing and community development in the state.

(c) A report containing revisions of the California Statewide Housing Plan.

CHAPTER 2. POLICY ACTIVITIES OF THE DEPARTMENT

50450. The department shall complete and recommend for adoption a California Statewide Housing Plan. The plan shall be developed in cooperation with the private housing industry as well as regional and local housing and planning agencies and other agencies of the state. Subsequent to environmental review and a review of consistency with other state plans by the State Office of Planning and Research, it shall be referred by the commission, together with the commission's comments, to the Legislature on or before February 1, 1977, for review, revision, and adoption as the California Statewide Housing Plan. Upon enactment it shall serve as a state housing plan for purposes of the Housing and Community Development Act of 1974 (P.L. 93-383).

50451. The California Statewide Housing Plan shall incorporate a statement of housing goals, policies, and objectives, as well as the following segments:

(a) An evaluation and summary of housing conditions throughout the State of California, with particular emphasis upon the availability of housing for all economic segments of the state. Such evaluation shall include an analysis of all areas outside metropolitan areas, which may be divided into one or more multicounty areas by the department, and rural areas, as defined and designated by the Bureau of the Census of the United States Department of

Commerce, rather than as defined in Section 50101, of each metropolitan area, and of each regional planning area designated by the State Office of Planning and Research or by the United States Department of Housing and Urban Development. The evaluation shall include an analysis of the existing distribution of housing by type, size, gross rent, value, and, to the extent data is available, condition, and of the existing distribution of households by gross income, size, and ethnic character for each such area and region in such form as to present for each county, area, and region the number of rooms, gross income, household size, and rent or value cross-tabulated in a single table.

(b) Housing development goals for the 1975–76 fiscal year and projected four additional fiscal years ahead. Such goals shall be established as the minimum number of units necessary to be built or rehabilitated by July 1, 1980, in order to provide sufficient housing to house all residents of the state in standard, uncrowded units in suitable locations.

(c) Goals for the provision of housing assistance for the 1975–76 fiscal year and projected four additional fiscal years ahead. Such goals shall be established as the minimum number of households to be assisted which will result in achieving by July 1, 1980, a substantial reduction in the number of very low income households and other persons and families of low or moderate income constrained to pay more than 25 percent of their gross income for housing. Income groups to be considered in establishing such goals shall be designated by the department and shall include households a significant number of which are required to pay more than 25 percent of their gross income for housing on September 26, 1975, as determined by the department.

(d) An identification of market constraints and obstacles and specific recommendations for their removal.

(e) An analysis of state and local housing and building codes and their enforcement. Such analysis shall include consideration of whether such codes contain sufficient flexibility to respond to new methods of construction and new materials.

(f) Recommendations for state and other public and private action which will contribute to the attainment of housing goals established for California.

50452. The department shall annually update and provide to the commission, for review, comment, and submission to the Legislature, a revision of the California Statewide Housing Plan. Such proposed revisions shall contain the following segments:

(a) A comparison of the housing goals for the preceding fiscal year with the amount of construction and rehabilitation achieved and housing assistance provided in such fiscal year.

(b) A revision of the minimum housing construction and rehabilitation goals specified in subdivision (b) of Section 50451 for the current year and projected four additional fiscal years ahead.

(c) A revision of the housing assistance goals specified in

subdivision (c) of Section 50451 for the current year and projected four additional fiscal years ahead.

(d) A revision of the evaluation required by subdivision (a) of Section 50451 as new census or other survey data become available.

(e) An updating of recommendations for state action which will facilitate the attainment of housing goals established for California.

The Legislature may revise and shall adopt such annual updates to the California Statewide Housing Plan.

50453. The California Statewide Housing Plan developed pursuant to Section 50450 shall provide a data base for local housing market studies and serve as a guide for local housing elements required by Section 65302 of the Government Code. It is also intended to serve as a state housing plan and provide a framework for local housing assistance plans meeting requirements of federal law.

50454. The goals and recommendations adopted for the California Statewide Housing Plan shall be published once adopted, and shall be republished as revisions are adopted. Sufficient copies shall be made available for distribution to concerned persons throughout the state.

50455. The department shall develop a statewide farmworker housing assistance plan and related policies, goals and objectives for inclusion in the California Statewide Housing Plan.

50456. The department shall collect, publish, and make available to the public information about federal, state, and local laws regarding housing and community development. The department may provide a statistics and research service for the collection and dissemination of information affecting housing and community development.

50457. The department shall develop specifications for the structure, functions, and organization of a housing and community development information system for this state. Such system shall include statistical, demographic, and community development data which will be of assistance to local public entities in the planning and implementation of housing and community development programs.

The department shall, subject to the availability of moneys therefor, establish prototype housing and community development information systems in two or more counties or multiple-county areas. The department shall operate the prototype systems, or it may contract with one or more counties, or with one or more counties and with one or more cities, or with a regional agency including one or more counties for operation of one or more prototype systems and shall report to the Legislature thereon.

50458. The department shall assist and advise the Office of Planning and Research on the performance of functions specified in Section 65040.3 of the Government Code.

50459. The department shall adopt guidelines for the preparation of housing elements required by Section 65302 of the Government Code. The guidelines initially adopted shall conform as nearly as

possible to the guidelines adopted by the commission June 17, 1971, and shall be adopted in accordance with the provisions of Chapter 4.5 (commencing with Section 11371) of Part 1 of Division 3 of Title 2 of the Government Code. After consultation with the State Office of Planning and Research, the department may, from time to time, revise such guidelines.

The department may review local housing elements for conformity with the requirements of Section 65302 of the Government Code and guidelines adopted pursuant thereto, and report its findings. The department may, in connection with any loan or grant application submitted to the agency, require submission to it for review of any local housing element and any local housing assistance plan adopted pursuant to provisions of the Housing and Community Development Act of 1974 (P.L. 93-383).

50460. The department shall adopt guidelines relating to relocation assistance by public entities, as defined in Section 7260 of the Government Code, pursuant to the provisions of Chapter 16 (commencing with Section 7260) of Division 7 of Title 1 of the Government Code. The department may provide consulting and technical assistance to such public entities in drafting and amending rules and regulations relating to relocation assistance pursuant to subdivision (e) of Section 7268 of the Government Code. The department may require such public entities to reimburse the department for such assistance as the department provides.

The department shall, at intervals of two years, review relocation plans prepared pursuant to Section 33411, and the progress in implementation of the plans.

50461. The department shall issue guidelines for the preparation of affirmative plans by local public entities pursuant to Section 65008 of the Government Code.

50462. The department may initiate, develop, and propose regulations for adoption by the agency and review regulations proposed by the board prior to their taking effect, with respect to the following:

(a) Standards for affirmative marketing programs of housing sponsors seeking financial assistance from the agency.

(b) Criteria for certifying that the sale or conveyance of real property pursuant to Section 51061 or Section 51251 will primarily benefit persons and families of low or moderate income living in a housing development or a residential structure.

(c) Regulations permitting grants to be made by the agency to housing sponsors for the purpose of attaining affordable rents in housing developments financed by the agency. Such grants shall not be made with moneys derived from the sale of bonds.

(d) Regulations governing payments, procedures, and eligibility for relocation assistance for individuals and families displaced by actions of the agency or of housing sponsors of housing developments or neighborhood improvement loans.

(e) Criteria for qualification of persons, families, and households

(g) Regulations designating geographical areas of need throughout the state for housing construction or rehabilitation, as identified in the California Statewide Housing Plan, identifying housing markets in which insufficient financing is available for purchase or rehabilitation of existing housing, identifying types of households with particularly severe housing needs, or establishing priority criteria for the selection of homes and projects to be financed as housing developments or neighborhood improvement loans.

(h) Criteria for inclusion of nonhousing facilities in housing developments financed by the agency.

Regulations proposed by the agency in such areas of responsibility shall not take effect without concurrence of the director, the Secretary of the Business and Transportation Agency, or a representative of the secretary specifically designated for such review and approval.

50463. The department may certify local housing agents, and may periodically review, recertify, and decertify such local housing agents as provided in Section 51252.

50464. The department may:

(a) Make investigations of housing and community development in California.

(c) Investigate and report upon substandard housing and the problems resulting therefrom and the work being done to remedy such conditions.

(d) Study the operation and enforcement of housing, building, zoning, and subdivision laws and regulations, of housing finance, taxes, redevelopment programs and public housing projects, as related to housing and community development.

(e) Examine the records of housing authorities and redevelopment agencies, and secure from them reports and copies of their records at any time.

(f) Promote the formation of organizations intended to increase the supply of adequate housing and the proper living environment for all the people of the state.

CHAPTER 3. ASSISTANCE ACTIVITIES OF THE DEPARTMENT

50500. The department may, upon receipt of a request of a local public entity, provide advisory assistance or staffing for development of new and rehabilitated housing for persons and families of low or

moderate income, the elderly, and persons displaced by governmental action, and in the development of programs to correct or eliminate blight and deterioration and to effect community development or redevelopment.

The department may contract with a local public entity to provide any necessary staff services associated with, or required by, a local public entity and which could be performed by the staff of a redevelopment agency or housing authority.

The department may provide technical assistance in developing housing for students and faculty of universities and colleges upon the request of a potential housing sponsor, or at the request of the governing board or other agency of a university or college.

50501. The department may furnish counseling and guidance services to aid any governmental agency or any private or nonprofit organization or persons in securing the financial aid or cooperation of government agencies in the undertaking, construction, maintenance, operation, or financing of housing for Indians, farm laborers and their families, persons and families displaced by action of any state or local public entity, workers engaged in cutting, processing, milling, handling, or shipping lumber or lumber products, the families of such workers, the elderly and handicapped, and persons and families of low or moderate income. The department may contract for or sponsor, subject to the availability of federal funds, experimental or demonstration projects for permanently fixed or mobile housing designed to meet the special needs of agricultural workers, persons displaced by action of any local public entity, the handicapped, the elderly, Indians, and persons and families of low or moderate income. Such contracts or sponsorship agreements may be between the department and local public entities, private enterprise, or nonprofit organizations.

50502. The department shall encourage research and demonstration projects to develop new and better techniques, including techniques of rehabilitation, for increasing the quality and supply of housing for persons and families of low or moderate income and may make grants or loans, with or without interest, in connection therewith.

50503. The department may adopt rules and regulations establishing a mutual self-help housing technical assistance program providing grants to nonprofit housing sponsors for carrying out programs of technical and supervisory assistance to aid persons and families of low or moderate income to develop mutual self-help housing.

50504. The department may make grants to nonprofit housing sponsors and local public entities for operating, administrative, and other expenses of planning, constructing, rehabilitating, and operating assisted housing and may make grants to housing sponsors for the benefit of residents of assisted housing in order to achieve lower rentals for some or all of the units within the assisted housing. Such grants may not be made with moneys derived from the sale of

bonds.

50505. The department may enter into agreements to provide staffing to assist the Farmers Home Administration of the United States Department of Agriculture in the conduct of federal loan and grant programs for the provision of housing for persons and families of low or moderate income in this state.

50506. The department may conduct programs of rental subsidies for tenants of existing housing pursuant to Section 8 of the United States Housing Act of 1937, but may not submit any competitive application for operation of an existing housing program in a geographic area which includes a local public entity that has applied. However, in conducting subsidy programs pursuant to this section, the department shall not operate housing developments or engage in the purchase, lease, or sublease of housing developments.

50507. The department may, upon request by a local public entity, provide technical assistance of staffing for the purpose of developing applications and plans for community development funding pursuant to the Housing and Community Development Act of 1974 (P.L. 93-383).

50508. The department shall endeavor to obtain community development funds available under Title I of the Housing and Community Development Act of 1974 (P.L. 93-383). The department may, if federal funds are available, conduct an innovative neighborhood preservation program in cooperation with a local public entity.

50509. The department may provide technical assistance to any public entity or public utility undertaking construction, maintenance, operation, or financing of replacement housing designed for persons displaced because of the acquisition or clearance of real property for public purposes.

50510. The department shall develop and, subject to specific authorization and appropriation by the Legislature or the availability of federal subsidies, implement demonstration subsidy programs to test the effectiveness of one or more housing subsidy programs for very low income households or other persons and families of low or moderate income. Such programs may include housing allowance payments, homeownership downpayment assistance, homeownership interest subsidy, leased housing subleased to very low income households, rent supplement payments on behalf of very low income households, or other types of subsidy programs.

50511. The department may provide potential housing sponsors and persons and families of low or moderate income such advisory consultative training and educational services as will assist them to become owners or tenants of housing financed under this division. Such training and services may include but are not limited to, technical and professional planning assistance, the preparation and promulgation of organizational planning and development outlines and guides, consultation services, training courses, seminars and lectures, the preparation and dissemination of newsletters and other

printed materials, and the services of field representatives.

The department shall, subject to appropriation by the Legislature, or the availability of private, local governmental, or federal funds establish a program of such home management training for persons and families of low or moderate income who are occupants or potential occupants of assisted housing.

The department may provide potential housing sponsors of multiple-unit housing developments with advisory consultative training and educational services in the management of housing.

50512. The department may provide technical assistance and aid to governmental agencies, nonprofit corporations, and housing sponsors for the purpose of providing the benefits of assisted housing to very low income households and persons and families of low or moderate income which are handicapped or in which the head of household has been previously confined to institutional care.

50513. The department may provide comprehensive technical assistance to tribal housing authorities, housing sponsors, and governmental agencies on reservations, rancherias, and on public domain to facilitate the planning and orderly development of suitable, decent, safe, and sanitary housing for American Indians residing in such areas. Such assistance may include technical assistance in land use planning, natural and environmental resource planning, and economic resource planning. Upon request of the governing body of a reservation or rancheria, the department may act on behalf of the tribal housing authority and perform the functions thereof and for such purpose shall have all the powers granted to housing authorities by Part 2 (commencing with Section 34200) of Division 13.

50514. The department shall take appropriate measures to assure that its services and publications are available to persons and families having limited fluency in the English language, in order to assure full participation by such persons and families in programs administered by the department. Where a significant number of persons in a community have limited fluency in the English language, services and essential publications of the department shall be provided in the native language of such persons.

50515. As used in Section 50516 and Section 50517:

(a) "Revolving loan fund" means the Housing Predevelopment Loan Fund which is replenished continuously by repayments of principal on loans made from the fund.

(b) "Predevelopment loan" means a loan for required expenses, other than administrative and construction, which are incurred by local governmental agencies and nonprofit corporations in the process of, and prior to, securing long-term financing for production or rehabilitation of assisted housing, and which are recoverable once long-term financing is obtained. Predevelopment loans may include, but are not limited to loans covering costs associated with land purchase or options to buy land, with professional services such as architectural, engineering, or legal services, with permit or

application fees, and with bonding, site preparation, related water or sewer development, or material expenses. In addition, such loan funds may be deposited in banks as compensating balances to establish lines of credit for participating nonprofit corporations.

(c) "Nonprofit corporation" means an entity incorporated pursuant to Part 1 (commencing with Section 9000) of Division 2 of Title 1 of the Corporations Code or a cooperative housing corporation which is a stock cooperative, as defined by Section 11003.2 of the Business and Professions Code.

(d) "Low-income persons" means a person or family household whose annual income is no more than 80 percent of the median income for a household of a similar size in the same area.

50516. There is hereby continued in existence in the State Treasury the Housing Predevelopment Loan Fund.

All money in the Housing Predevelopment Loan Fund, including any interest on loans made therefrom, is continuously appropriated to the department for carrying out the purposes of this section and Section 50517. The Housing Predevelopment Loan Fund shall be a revolving loan fund which shall be used to make predevelopment loans to local governmental agencies or nonprofit corporations for assisted housing for low-income persons in rural areas.

50517. The Housing Predevelopment Loan Fund shall be administered by the director and such persons within the department as the director may designate.

The revolving loan fund shall be administered in accordance with the following:

(a) The department may not commit more than 20 percent of the total moneys appropriated to the fund to any single borrower at any point in time.

(b) The department shall require adequate security for all loans made from the revolving loan fund. The term "adequate security" includes, but need not be limited to, a first lien on any property purchased with loan fund moneys, a promissory note, or an assignment of a land option except that in the case of Indian Trust Land a mortgage on a leasehold interest in the property shall be acceptable.

(c) The department shall, from time to time, direct the State Treasurer to invest moneys of the revolving loan fund which are not required for its current needs in such eligible securities as the department shall designate from among those specified in Section 16430 of the Government Code. The department may direct the State Treasurer to deposit moneys from the revolving loan fund in interest-bearing accounts in state or national banks or other financial institutions having principal offices in this state. The department may alternatively require the transfer of moneys in the revolving loan fund to the Surplus Money Investment Fund for investment pursuant to Article 4 (commencing with Section 16470) of Chapter 3, Part 2, Division 4, Title 2 of the Government Code. All interest, dividends, and pecuniary gains from such investments or deposits

shall accrue to the Housing Predevelopment Loan Fund.

(d) In complying with the provisions of Section 50408, the department shall also report annually to the Legislature and the Governor on the administration of the revolving loan fund. Such report shall include, but need not be limited to, (1) the number of units assisted, (2) the average income of households assisted and the distribution of annual incomes among assisted households, (3) the rents in assisted units, (4) the number and amount of loans made to each local governmental agency or nonprofit corporation in the preceding year, (5) data on the number of delinquencies and defaults, and (6) recommendations, as needed, to improve operations of the revolving loan fund.

(e) All loans made from the Housing Predevelopment Loan Fund shall bear interest. The rate of interest for any loan shall be computed annually, and shall be the same as the average rate returned by the investment of state funds through the Pooled Money Investment Board for the five fiscal years immediately preceding the year in which the loan payment is made.

50518. Notwithstanding the proviso to subitem (b) of Item 190 of the Budget Act of 1976, sixty thousand dollars ($60,000) of the amount appropriated by subitem (b) of Item 190 of the Budget Act of 1976 shall not be allocated and expended as provided therein and shall instead be allocated by the Department of Finance to the Department of Housing and Community Development for a loan to a community nonprofit organization for technical assistance in the development of an industrial park in the city of Calexico. Such loan shall be repaid upon such terms and conditions as may be prescribed by the Department of Finance.

CHAPTER 4. ORGANIZATION OF THE COMMISSION

50550. There is hereby continued in existence in state government the Commission of Housing and Community Development, which shall consist of nine members.

50551. The members shall be appointed by the Governor for four-year terms, subject to confirmation by the State Senate. Members in office on September 26, 1975 shall continue to hold office until the expiration of their terms, unless removed pursuant to Section 50552 or any other provision of law.

The term of an appointment to fill any vacancy created prior to the expiration of a term shall be for the unexpired term only. Each member shall continue to hold office after the expiration of his term until a successor has been appointed and qualified.

50552. The Governor has power to remove from office at any time, any members of the commission for continued neglect of duties required by law, or for incompetence, or dishonorable conduct. Nothing in this section shall be construed as a limitation or restriction on the power of the Governor, conferred on him by any other provision of law, to remove any member of the commission.

50553. The presiding officer of the commission shall be designated by the Governor from among the members and shall serve as presiding officer at the pleasure of the Governor.

50554. Each commission member shall receive a per diem of fifty dollars ($50) for each day actually spent in the discharge of official duties, and each shall be reimbursed for traveling and other expenses necessarily incurred in the performance of duties.

50555. The commission shall meet quarterly and at such other times and places as the commission may designate, for the purpose of transacting its business. Special meetings may be held at such times as the commission may elect, or on the call of the presiding officer of the commission, or on call of not less than four members thereof. The written notice of the time, place and object of such special meeting shall be made by the secretary to all the members not parties to the call, at least 15 days before the day of the meeting.

50556. The Director of Housing and Community Development shall serve as secretary of the commission and as such shall keep the minutes and records of all commission proceedings.

50557. The commission shall provide policy guidance to the Department of Housing and Community Development.

50558. The commission shall prepare and adopt such minimum standards regulating the use and application of cellular concrete as it determines are reasonably necessary for the protection of life and property.

50559. Except where the department is specifically vested by this part or by any other provision of law with the authority to adopt rules and regulations, the commission may adopt, amend, and repeal rules and regulations reasonably necessary to carry out the provisions of this part or by any other provision of law. Any rules and regulations of the commission in effect on September 26, 1975, shall remain in effect until amended or repealed.

CHAPTER 5. LOW-INCOME HOME MANAGEMENT TRAINING

Article 1. Legislative Findings

50600. The Legislature finds and declares that pilot projects previously authorized to test the effectiveness of a home management training program for low-income families in upgrading their skills as tenants and homeowners have been successful. As a result of such program, families in the pilot projects have been better prepared for occupancy of lease rentals and homeownership, have been better able to identify as equal partners in their neighborhoods and schools, and have improved their self-concept and feeling of personal worth. A program that can provide such long-range benefits warrants greater participation by local public and private agencies.

The Legislature further finds and declares that there is a continuing need to protect existing homeowners, whether owners of homes through governmental subsidy or private financing, from

default; there is a continuing need to provide preoccupancy counseling for families entering into first-time homeownership; and there is a continuing need to upgrade homemaking skills for persons in public housing regardless of expectation for future homeownership.

50601. The Legislature further finds and declares that, guidelines for such a program having now been refined and established through the previous pilot projects and consistency being necessary for the success of such a program, a permanent program should be established.

50602. It is, therefore, the policy of the Legislature of the State of California to encourage cities, counties, cities and counties, housing authorities, and appropriate qualifying organizations to provide adequate training to low-income families in home management, home maintenance, consumer finance, and homeownership. Financial assistance will be made available to such public agencies and private organizations for use in training low-income families and providing them with the necessary qualifications and skills to live meaningful lives as renters or owners.

Article 2. California Low-Income Home Management Training Program

50625. There is hereby continued in existence the California Low-Income Home Management Training Program, which shall be administered by the Department of Housing and Community Development.

50626. The Director of Housing and Community Development shall adopt such reasonable guidelines or procedures concerning the California Low-Income Home Management Training Program as are necessary to reasonably implement the provisions of this chapter.

50627. The director is authorized to make grants, subject to the availability of funds therefor, to any city, county, city and county, housing authority, or nonprofit organization or developer of housing under the provisions of any federal program intended to increase the supply of housing for families of low income, for families whose income does not exceed 150 percent of the admission level for public housing in the applicant community. Such grants shall be made to assist in the establishment of a home management training program by the city, county, city and county, housing authority, nonprofit organization, or developer. To qualify for such a grant, an applicant shall submit to the director an application showing a comprehensive plan for the training and qualification of low-income families. Subject to the availability of funds, grants may be renewed annually.

50628. The department shall require that a local advisory board be included in the planning, implementation, and evaluation of each local program. Such an advisory board shall include a representative from the residential building industry, a representative from the real estate industry who is a real estate licensee active in property

management, a representative from the savings and loan industry, a representative from the county welfare department, a representative from a community college, university extension service, or public school district who is active in family and consumer education, and shall include representatives who are participants in the home management training program. The department shall require that each local program make full use of supportive community services. To the fullest extent possible, projects with predominantly Spanish-American participants shall have staff members who are conversant with the Spanish language and culture or shall utilize the services of a local Spanish-speaking organization.

50629. In making grants pursuant to this chapter, the department may give priority to proposals on any of the following bases:

(a) The city, county, city and county, housing authority, organization, or developer submitting the proposal has demonstrated leadership in the implementation of a home management training program.

(b) The city, county, city and county, housing authority, organization, or developer submitting the proposal has an existing program for housing rehabilitation.

(c) The proposal demonstrates active access to community resources, such as the county welfare department or community educational services.

(d) The community in which the program will be located will provide local matching funds for the program.

(e) The city, county, city and county, housing authority, organization, or developer submitting the proposal intends to provide counseling services, including loan qualification services, to rural families eligible for the interest credit program of the Farmers Home Administration of the United States Department of Agriculture.

CHAPTER 6. URBAN HOMESTEAD PROGRAM

50650. The Legislature finds and declares that an urban homestead program, as authorized by this chapter, will aid in the rehabilitation of deteriorating areas throughout the state, while concomitantly providing an opportunity for homeownership to many persons who lack the financial resources to purchase a satisfactory home but who have the skills required to rehabilitate a dwelling structure. Urban homesteading can serve as a partial solution to many problems experienced by cities, including urban blight, lack of low-cost housing, housing segregation, desertion of central cities, and unnecessary suburban expansion.

Because such program will be conducted with property acquired from the United States Department of Housing and Urban Development at no cost to the state, the benefit to be derived will not require the expenditure of more than a nominal amount of state moneys for administration of the program.

50651. For the purpose of conducting a program of urban homesteading pursuant to this chapter, the department may accept grants of improved real property from the United States Department of Housing and Urban Development. However, the department shall conduct such programs only in cities and cities and counties the governing bodies of which have, by resolution, consented thereto.

50652. The department shall conditionally convey such properties to eligible purchasers for nominal consideration upon the following conditions:

(a) The purchaser will occupy such property as a principal residence for not less than three years.

(b) The purchaser will make any repairs necessary to make the structure lawful for occupancy prior to occupying the structure.

(c) The purchaser will make all other necessary repairs as may be necessary to fully comply with applicable state or local housing standards within 18 months of the date of initial occupancy.

(d) The purchaser will permit inspection at reasonable intervals by agents or employees of the department or of the city housing or building department for the purpose of determining compliance with the terms and conditions of the conveyance.

50653. (a) Upon any material breach in the terms and conditions of the conditional conveyance, it shall be revoked or otherwise terminated by the department.

(b) Upon compliance with all the terms and conditions of the conditional conveyance, fee simple title will be conveyed by the department to the purchaser without additional consideration.

50654. The department shall adopt eligibility criteria for purchasers and priorities based upon need and ability to comply with the terms and conditions specified in this chapter, and shall adopt and implement equitable selection procedures.

50655. The department may contract with the United States Department of Housing and Urban Development for the purposes of this chapter, including contracts for technical assistance in the administration of the program.

50656. If required by the United States Department of Housing and Urban Development as a condition to a grant of property under Section 810 of the Housing and Community Development Act of 1974, the department may contract with, or solicit assurances from, any city or city and county with respect to planning in areas designated for an urban homestead program or with respect to upgrading of community services and facilities.

PART 3. CALIFORNIA HOUSING FINANCE AGENCY

CHAPTER 1. ORGANIZATION

50900. The California Housing Finance Agency is hereby continued in existence in the Business and Transportation Agency. The agency constitutes a public instrumentality and a political subdivision of the state, and the exercise by the agency of the powers conferred by this division shall be deemed and held to be the performance of an essential public function.

50901. The agency shall be administered by a board of directors consisting of 11 voting members, including a chairperson. Members in office on January 1, 1978 shall continue to hold office until the expiration of their term, their ceasing to be qualified, or their removal from office. The State Treasurer, the Secretary of the Business and Transportation Agency, and the Director of Housing and Community Development, or their designees, shall be members, in addition to five members appointed by the Governor, one member appointed by the Speaker of the Assembly, and one member appointed by the Senate Rules Committee. The Director of Finance, the Director of the State Office of Planning and Research, and the president and the executive vice president of the agency shall serve as nonvoting ex officio members of the board.

50902. Appointed members of the board shall be able persons broadly reflective of the economic, cultural, and social diversity of the state, including ethnic minorities and women. However, it is not intended that formulas or specific ratios be applied in order to achieve such diversity. Of the members appointed by the Governor, one shall be an elected official of a city or county engaged in the planning or implementation of a housing, housing-assistance, or housing rehabilitation program; one shall be experienced in residential real estate in the savings and loan, mortgage banking, or commercial banking industry; one shall be experienced as a builder of residential housing; one shall be experienced in organized labor of the residential construction industry; and one shall be experienced in the management of rental housing occupied by lower-income households. At least one of such members appointed by the Governor shall be a resident of a rural or nonmetropolitan area. The Senate Rules Committee and the Speaker of the Assembly shall each appoint a tenant living in rental housing financed by the agency or a person experienced in counseling, assisting, or representing tenants. The terms of the members initially appointed by the Governor, the Senate Rules Committee, and the Speaker of the Assembly shall be as follows:

(a) An elected official of a city or county engaged in the planning or implementation of a housing, housing-assistance, or housing rehabilitation program—two years appointed by the Governor.

(b) Member experienced in residential real estate in the savings and loan mortgage banking or commercial banking industry—four

years appointed by the Governor.

(c) Member who is experienced as a builder of residential housing—six years appointed by the Governor.

(d) Member experienced in organized labor of the residential construction industry—two years appointed by the Governor.

(e) Member experienced in the management of rental housing occupied by lower-income households—four years appointed by the Governor.

(f) Member appointed by the Speaker of the Assembly who is a tenant living in rental housing financed by the agency or is experienced in counseling, assisting, or representing tenants—six years.

(g) Member appointed by the Senate Rules Committee who is a tenant living in rental housing financed by the agency or is experienced in counseling, assisting, or representing tenants—two years.

The term of any member of the board appointed to serve subsequent to the expiration of such an initial term shall be six years. Any person appointed to fill a vacancy on the board shall serve only for the remainder of the unexpired term. Successors to initially appointed members specified in subdivisions (f) and (g) shall be or shall have been tenants living in rental housing financed by the agency, if any exists. Members of the board shall, subject to continued qualification, be eligible for reappointment. If a member of the board ceases to meet the qualifications specified in this section, the membership of such person on the board shall be terminated.

50903. All members of the board appointed by the Governor shall be confirmed by the Senate.

50904. The representation of varied interest groups on the board shall be deemed essential to obtain information for the development of policy and decisions of the board. It shall not be a conflict of interest for an official of any local public entity or a tenant of any housing development, or a director, officer, stockholder, or employee of any savings and loan institution, investment banking firm, brokerage firm, commercial bank or trust company, architectural firm, insurance company, labor union, or any other person, association, or corporation to serve as a member of the board. When present at a meeting of the board, a board member shall be legally required to participate in the deliberations within the meaning of Section 87101 of the Government Code, except as otherwise provided in this section. If any board member has a financial interest, such interest shall be disclosed as a matter of official public record and shall be described with particularity before the board member acts or participates in any way in deliberations affecting such interests.

If any board member has a financial interest, a conflict statement shall be filed pursuant to the regulations of the Fair Political Practices Commission and distributed to all other members of the board.

No board member of the agency may vote on any matter in which the member has a financial interest.

A member who has a financial interest in a housing sponsor or a housing development financed by the agency shall disclose the financial interest in open public meeting at the time matters concerning such a housing sponsor or housing development are raised. A member having such an interest may not participate in the deliberations and may not vote on any matters concerning a housing sponsor or housing development in which he has an interest.

Violations of this section shall constitute grounds for disqualification from office as a board member. Knowing or willful violation of the disclosure requirements of this section shall constitute a misdemeanor under Section 91000 of the Government Code. Pursuant to Section 91000, fines may be imposed for any such violation.

Within 60 days of September 26, 1975, the agency shall adopt a conflict of interest disclosure code pursuant to Sections 3703 and 3704 of the Government Code which shall remain in effect until a conflict of interest code has been adopted by the agency and approved by the Fair Political Practices Commission and is in effect pursuant to Article 3 (commencing with Section 87300) of Chapter 7 of Title 9 of the Government Code. Within 15 days of adoption of such code, each board member shall file a statement.

50905. (a) No officer or employee of the agency shall be employed by, hold any paid official relation to, or have any financial interest in, any housing sponsor or any housing development financed or assisted under this part. No real property to which a member of the board or an officer or employee of the agency holds legal title or in which such person has any financial interest shall be purchased by the agency or sold by such member of the board or officer or employee of the agency to a housing sponsor for a housing development to be financed under this part.

Any violation of this section shall be a conflict of interest which shall be grounds for disqualification of the member from the board or the officer or employee of the agency from his office or employment with the board or agency.

(b) Except as provided by subdivision (c), the following actions shall be voidable in the discretion of the agency:

(1) Any purchase by the agency of real property in which a member of the board or an officer or employee of the agency has legal title or a financial interest.

(2) Any commitment by the agency to provide financial assistance to a housing sponsor in which a member of the board or officer or employee of the agency is employed, holds any official relation, or has any financial interest.

(3) Any commitment by the agency to provide financial assistance to a housing sponsor to which real property has been or is transferred for a housing development to be financed under this part, if a member of the board or officer or employee of the agency has or has

had legal title or any financial interest in such real property.

(c) Any commitment by the agency to provide financial assistance under the circumstances specified in paragraph (2) or (3) of subdivision (b) shall not be voidable following release of the funds.

(d) Notwithstanding the provisions of this section and Section 50904, any conflict of interest by a member of the board or officer or employee of the agency shall not affect the validity of any bonds or insurance issued pursuant to this division.

50906. Board members shall be removable solely for cause.

50907. The Governor shall appoint a chairperson who, when present, shall preside at meetings of the board. The term of the chairperson shall be five years.

50908. The Governor shall, subject to confirmation by the Senate, appoint a president who shall serve for a term of five years as the chief executive officer of the agency and shall, subject solely to supervision by the board, administer and direct the day-to-day operations of the agency. The board shall from time to time determine the total number of authorized employees within the agency. The board shall determine the salaries of those employees of the agency whose salaries are not paid from moneys appropriated to the agency from the General Fund, other than moneys appropriated by Chapter 1, Statutes of 1975, First Extraordinary Session.

50909. The compensation of the president shall be established by the board in such amount as is reasonably necessary, in the discretion of the board, to attract and hold a person of superior qualifications. However, the salary of the president shall not exceed the salary of the Secretary of the Business and Transportation Agency. Members of the board shall not receive a salary but shall be entitled to a per diem allowance of fifty dollars ($50) for each day's attendance at a meeting of the board or a meeting of a committee of the board, not to exceed three hundred dollars ($300) in any month, and reimbursement for expenses incurred in the performance of their duties under this part, including travel and other necessary expenses.

50910. The president may from time to time employ technical experts and such other employees as may, in his judgment, be necessary for the conduct of the business of the agency.

50911. Notwithstanding the provision of Sections 11042 and 11043 of the Government Code, the president may employ as attorney for the agency an attorney at law licensed in this state. The attorney shall advise the board, the chairperson, and the president, when so requested, with regard to all matters in connection with the powers and duties of the agency and the board members and officers thereof. The attorney shall perform all duties and services as attorney to the agency which the agency may require of him.

Except as provided in Section 11040 of the Government Code, the Attorney General shall represent and appear for the people of the State of California and the agency in all court proceedings involving any question under this division or any order or act of the agency; provided, however, that the agency may also employ private counsel

to assist in any such court proceeding.

50912. The Executive Secretary of the Housing Bond Credit Committee continued in existence pursuant to Section 51360 shall serve as the executive vice president of the agency and in such capacity shall be directly responsible to the president. The executive vice president shall provide liaison between the agency and the Housing Bond Credit Committee and shall perform such other duties as may be required by the president or the board. The agency shall reimburse the Housing Bond Credit Committee for any compensation paid by the committee to the executive secretary. The salary of the executive vice president of the agency shall not exceed the salary of the president.

50913. For its activities under this division the president shall prepare an annual budget to be reviewed by the Secretary of the Business and Transportation Agency and the Director of Finance at least 90 days prior to the close of the fiscal year and thereafter the chairperson shall present it for adoption to the board of directors with their comments.

50914. (a) The board shall authorize any sale of obligations or securities or other debt obligations and shall approve other major contractual agreements. Any other contractual agreements or debt obligations may be approved by the president pursuant to regulations of the board.

(b) Actions of the board may be taken only by a concurrence of a majority of the entire membership thereof, excepting nonvoting ex officio members.

50915. The principal offices of the agency shall be located in the City of Sacramento.

50916. All meetings of the board and of all committees of the board including those committees whose membership constitutes less than a quorum of the board shall be open and public and all persons shall be permitted to attend, except when such meetings are held as executive sessions as authorized by Section 11126 of the Government Code.

50917. All meetings of the board and of all committees of the board shall be open to the public and all persons shall be permitted to attend, except when such meetings are held as executive sessions as authorized by Section 11126 of the Government Code.

CHAPTER 2. PURPOSES AND GENERAL PROVISIONS

50950. The primary purpose of the agency shall be to meet the housing needs of persons and families of low or moderate income.

50951. In meeting the housing needs of persons and families of low or moderate income, not less than 30 percent of the units financed by mortgage loans or neighborhood improvement loans pursuant to this part shall be available to, or occupied by, very low income households at affordable rents, unless it is not possible to obtain subsidies necessary to meet such requirement. No

development loan, rehabilitation loan, or construction loan shall be made pursuant to this part if the agency determines that its ability to utilize currently available subsidies to meet the requirements of this section would be jeopardized thereby.

50952. The agency shall also seek to attain the following objectives:

(a) Acquisition of the maximum amount of funds available for subsidies for the benefit of persons and families of low or moderate income occupying units financed pursuant to this part.

(b) Housing developments providing a socially harmonious environment by meeting the housing needs of both very low income households and other persons and families of low or moderate income and by avoidance of concentration of very low income households that may lead to deterioration of a development.

(c) Emphasis on housing developments of superior design, appropriate scale and amenities, and on sites convenient to areas of employment, shopping, and public facilities.

(d) Increasing the range of housing choice for minorities of low income and low-income persons, rather than maintaining or increasing the impaction of low-income areas, and cooperation in implementation of local and areawide housing allocation plans adopted by cities, counties, and joint powers entities made up of counties and cities.

(e) Identification of areas of low-vacancy rates where construction is needed, of areas of substandard housing where rehabilitation is needed, and of areas of credit shortage where financing is needed for transfer of existing housing, so as to maximize the impact of financing activities on employment, reduction of housing costs, and maintenance of local economic activity.

(f) A balance between metropolitan, nonmetropolitan, and rural housing developments, and between family housing and housing for the elderly and handicapped, in general proportion to the needs identified in the statewide housing plan.

(g) Minimization of fees and profit allowances of housing sponsors so far as consistent with acceptable performance, in order to maximize the benefit to persons and families of low or moderate income occupying units financed by the agency.

(h) Full utilization of federal subsidy assistance for the benefit of persons and families of low or moderate income.

(i) Full cooperation and coordination with the local public entities of the state in meeting the housing needs of cities, counties, cities and counties, and Indian reservations and rancherias on a level of government that is as close as possible to the people it serves.

(j) Promoting the recovery and growth of economically depressed business located in areas of minority concentration and in mortgage-deficient areas.

50953. No provision of this division shall be construed as a restriction or limitation upon any powers which the agency or any local public entity might otherwise have under any laws of this state,

and this part is cumulative with respect to any such powers. This division shall be deemed to provide a complete, additional, and alternative method for doing the things authorized thereby, and shall be regarded as supplemental and additional to powers conferred by other laws. The issuance of bonds and refunding bonds under the provisions of this part need not comply with the requirements of any other law applicable to the issuance of bonds, and in the construction or acquisition of a housing development or a residential structure pursuant to the provisions of this division, the agency need not comply with the requirements of any other law applicable to construction or acquisition of public works, except as specifically provided in this division. The agency shall adopt regulations for review of construction contracts for the construction or rehabilitation of housing financed under this division. The agency shall require that on construction financed by a construction loan from the agency, other than mutual self-help housing developments, all workmen employed in such construction, exclusive of maintenance work, shall be paid not less than the general prevailing rate or per diem wages for work of a similar character in the locality in which the construction is performed, and not less than the prevailing rate of per diem wages for holiday and overtime work. The agency shall determine or require determination of the general prevailing rate of per diem wages in accordance with the standards set forth in Section 1773 of the Labor Code. Apprentices shall be employed in the construction of housing developments in accordance with the regulations of the agency, which shall impose the same requirements as contained in Section 1777.5 of the Labor Code, except as to differences necessitated by the methods of awarding construction contracts for housing developments financed under this division.

50954. The exercise of the powers specified in this division will be in all respects for the benefit of the people of the state, for their well-being and prosperity, and for the improvement of their social and economic conditions, and the agency shall not be required to pay any tax or assessment on any property owned by the agency under the provisions of this division or upon the income therefrom, other than real property taxes or assessments on a housing development owned by the agency. Any bonds issued by the agency under the provisions of this division, their transfer, and the income therefrom shall at all times be free from taxation by the state or any political subdivision or other instrumentality of the state, excepting inheritance and gift taxes.

50955. The agency and every housing sponsor shall require that occupancy of housing developments assisted under this part shall be open to all regardless of race, sex, marital status, color, religion, national origin, or ancestry, that contractors and subcontractors engaged in the construction of housing developments shall provide an equal opportunity for employment, without discrimination as to race, marital status, sex, color, religion, national origin, or ancestry,

and that such contractors and subcontractors shall submit and receive approval of an affirmative action program prior to the commencement of construction or rehabilitation. Affirmative action requirements respecting apprenticeship shall be consistent with Chapter 4 (commencing with Section 3070) of Division 3 of the Labor Code.

All contracts for the management, construction, or rehabilitation of housing developments, and contracts let by housing sponsors, contractors, and subcontractors in the performance of such management, construction or rehabilitation, shall be let without discrimination as to race, sex, marital status, color, religion, national origin, or ancestry and pursuant to an affirmative action program, which shall be at not less than the Federal Housing Administration affirmative action standards unless the board makes a specific finding that the particular requirement would be unworkable. The agency shall periodically review implementation of affirmative action programs required by this section.

It shall be the policy of the agency and housing sponsors to encourage participation with respect to all projects by minority developers, builders, and entrepreneurs in all levels of construction, planning, financing, and management of housing developments. In areas of minority concentration the agency shall require significant participation of minorities in the sponsorship, construction, planning, financing, and management of housing developments. The agency shall (1) require that, to the greatest extent feasible, opportunities for training and employment arising in connection with the planning, construction, rehabilitation, and operation of housing developments financed pursuant to this part be given to persons of low income residing in the area of such housing, and (2) determine and implement means to secure the participation of small businesses in the performance of contracts for work on housing developments and to develop the capabilities of such small businesses to more efficiently and competently participate in the economic mainstream. In order to achieve such participation by small businesses, the agency may, among other things, waive retention requirements otherwise imposed on contractors or subcontractors by regulation of the agency and may authorize or make advance payments for work to be performed. The agency shall develop relevant selection criteria for the participation of small businesses to ensure that, to the greatest extent feasible, the participants possess the necessary nonfinancial capabilities. With respect to such small businesses the agency may waive bond requirements otherwise imposed upon contractors or subcontractors by regulation of the agency, but the agency shall in such case substantially reduce the risk through (1) a pooled-risk bonding program, (2) a bond program in cooperation with other federal or state agencies, or (3) development of a self-insured bonding program with adequate reserves.

The agency shall adopt rules and regulations to implement the provisions of this section.

Prior to commitment of financing, the agency shall require each housing sponsor, except with respect to an owner-occupied housing development or mutual self-help housing, to submit an affirmative marketing program which meets standards set forth in regulations of the agency. The agency shall require such a housing sponsor to conduct the affirmative marketing program so approved. Additionally, the agency shall supplement the efforts of individual housing sponsors by conducting affirmative marketing programs with respect to such housing at the state level.

50956. It shall be the policy of the agency to coordinate its activities with the department. It shall be the policy of the agency to conduct its operations so as to be fiscally self-sufficient and so as not to require appropriations from the General Fund for payment of its administrative costs or to service bonds of the agency.

50957. No development or construction loan shall be made pursuant to this part if the agency determines that the making of such a loan would result in the permanent loss of a subsidy or a reduction in future subsidies due to the failure of the agency to use currently available subsidies.

50958. Loans made pursuant to this part to housing sponsors, other than nonprofit housing sponsors, of rental housing developments shall not exceed 95 percent of the development costs of the housing development for which the loan is made. Loans made pursuant to this part to nonprofit housing sponsors shall not exceed 98 percent of development costs unless (1) the nonprofit housing sponsor has or will participate in the housing development with another nonprofit housing sponsor which has a significant past record of successful residential development and not more than 30 percent of the units in such housing development will be occupied by very low income family households, or (2) the housing development will be designed for occupancy by elderly or handicapped households. In evaluating the significance of the past record of a nonprofit housing sponsor for purposes of this section, the agency shall take into consideration exclusionary or discriminatory lending policies or practices of the mortgage finance industry or government mortgage programs which have limited the record of past housing production or development by the nonprofit housing sponsor.

50959. This division is intended to benefit purchasers and residents of housing developments who are persons and families of low and moderate income and shall be liberally construed to allow such persons to initiate civil actions and to enforce rights, duties and benefits under this division and regulations adopted pursuant to this division; provided however, this section shall not limit, modify or restrict the standing of other persons to initiate civil actions by reason of the action or inaction of the agency, department or commission; and provided further that this section shall not authorize any action contesting or affecting the validity or enforceability of any bonds or insurance issued under this division or of any of the proceedings of, or actions taken by, the agency relative

to such bonds or insurance.

CHAPTER 3. FINANCIAL PROVISIONS

51000. The California Housing Finance Fund is hereby continued in existence in the State Treasury.

Construction loan funds may be transferred to the construction lender or to the contractor as necessary to meet draws for progress payments pursuant to rules and regulations of the agency.

All money in the fund is hereby continuously appropriated to the agency for carrying out the purposes of this part, and, notwithstanding the provisions of Chapter 2 (commencing with Section 12850) of Part 2.5 of Division 3 of Title 2 of the Government Code or the provisions of Article 2 (commencing with Section 13320) of Chapter 3 of Part 3 of such division, or the provisions of Sections 11032 and 11033 of the Government Code, application of the fund shall not be subject to the supervision or budgetary approval of any other officer or division of state government. However, the agency's budget shall be reviewed by the Secretary of the Business and Transportation Agency. Additionally, the agency's budget with the secretary's comments shall be submitted to the Joint Legislative Budget Committee for review and comment. The agency may pledge any or all of the moneys in the fund as security for payment of the principal of, and interest on, and redemption premiums on, bonds issued pursuant to this part, and, for such purpose or as necessary or convenient to the accomplishment of any other purpose of the agency, may divide the fund into separate accounts. All moneys accruing to the agency pursuant to this part from whatever source shall be deposited in the fund.

51001. Pursuant to any agreements with the holders of particular bonds pledging any particular assets, revenues, or moneys, the agency may create separate accounts in the fund to manage assets, revenues, or moneys in the manner set forth in such agreements.

51002. Subject to any agreements with holders of particular bonds, revenue derived pursuant to this part from neighborhood improvement loans and mortgage loans shall be deposited in a special account, which shall be used exclusively for the amortization of debt and the protection of the underlying security, until current debt service and reserves are funded.

51003. The agency shall from time to time direct the State Treasurer to invest moneys in the fund which are not required for its current needs, including proceeds from the sale of any bonds, in such eligible securities specified in Section 16430 of the Government Code as the agency shall designate. The agency may direct the State Treasurer to deposit moneys in interest-bearing accounts in state or national banks or other financial institutions having principal offices in this state. Subject to any agreements with holders of particular bonds, and to the extent public deposits are permitted by law in each type of financial institution, the agency shall direct the State

Treasurer to make such deposits based on the relative participation of the different types of financial institutions as qualified mortgage lenders. However, such allocations shall not be required to the extent that they would result in receipt by the agency of a deposit interest rate that is lower than the highest interest rate available from another institution qualified to receive such deposits. The agency may alternatively require the transfer of moneys in the fund to the Surplus Money Investment Fund for investment pursuant to Article 4 (commencing with Section 16470) of Chapter 3, Part 2, Division 4, Title 2 of the Government Code.

All interest or other increment resulting from such investment or deposit shall be deposited in the fund, notwithstanding Section 16305.7 of the Government Code. Moneys in the fund shall not be subject to transfer to any other fund pursuant to any provision of Part 2 (commencing with Section 16300) of Division 4 of Title 2 of the Government Code, excepting the Surplus Money Investment Fund.

51004. The agency is authorized to utilize such moneys as may be appropriated to the fund from time to time by the Legislature for effectuating its purposes, including, but not limited to, the payment of the initial expenses of administration and operation, the establishment of reserves or contingency funds to be available for payments on the principal, interest, redemption premium, and sinking funds of any bonds of the agency and the direct payment of principal, interest, redemption premium, and sinking funds on the bonds of the agency.

51005. The agency shall, within 90 days following the close of each fiscal year, submit an annual report of its activities under this division for the preceding year to the Governor, the Secretary of the Business and Transportation Agency, the Director of Housing and Community Development, the State Treasurer, and the Legislature Within 90 days following the close of each fiscal year, the agency shall also submit an annual report to the Joint Legislative Audit Committee and the Joint Legislative Budget Committee. Each such report shall set forth a complete operating and financial statement of the agency during the concluded fiscal year. The report shall specify the number of units assisted, the distribution of units among the metropolitan, nonmetropolitan, and rural areas of the state, and shall contain a summary of statistical data relative to the incomes of households occupying assisted units, the monthly rentals charged to occupants of rental housing developments, and the sales prices of housing developments purchased during the previous fiscal year by housing sponsors who are persons or families of low or moderate income. The report shall also include a statement of accomplishment during the previous year with respect to the agency's progress, priorities, and affirmative action efforts. The agency shall specifically include in its report on affirmative action goals, statistical data on the numbers and percentages of minority sponsors, developers, contractors, subcontractors, suppliers, architects, engineers, attorneys, mortgage bankers or other lenders, insurance agents and

managing agents. The agency shall cause an audit of its books and accounts with respect to its activities under this division to be made at least once during each fiscal year by an independent certified public accountant and the agency shall be subject to audit by the Department of Finance not more often than once each fiscal year.

Within 90 days following receipt of the agency's annual report, the Joint Legislative Audit Committee and the Joint Legislative Budget Committee shall submit a report on the agency's activities under this division to the Legislature.

51006. The president of the agency shall immediately certify in writing to the Joint Legislative Audit Committee, the Joint Legislative Budget Committee, the Speaker of the Assembly, the Senate Rules Committee, and the Governor, if the agency is notified by the trustee in writing that moneys of the agency will not be sufficient to meet principal payments, sinking fund payments, and interest payments on bonds authorized under Chapter 7 (commencing with Section 51350) of this part and to restore and maintain the bond reserve funds provided for in Section 51366; provided, however, that no such certification need be made unless such insufficiency will result in an event of default under the respective bond resolution authorizing such bonds.

51007. Subject to any agreements with holders of particular bonds, all moneys available for carrying out the purposes of this part and declared by the agency to be surplus moneys which are not required to service or retire bonds issued on behalf of the agency, pay administrative expenses of the agency, accumulate necessary operating or loss reserves, or repay loans to the agency from the General Fund shall be used by the agency, with respect to existing housing developments, to provide special interest reduction programs, financial assistance for housing developments or subsidies for occupants or owners thereof, or counseling programs, as authorized by this division.

CHAPTER 4. GENERAL POWERS

51050. The agency shall have all of the following powers:

(r) To require any individual, corporation, or other legal entity

operating, managing, or providing maintenance services for a housing development or a residential structure to maintain a current certificate of qualification developed and approved by the agency.

(s) To do any and all things necessary to carry out its purposes and exercise the powers expressly granted by this part.

51051. The agency shall be a state representative for purposes of receiving and allocating financial aid and contributions from agencies of the federal government which are provided to the state or to the agency for the purpose of subsidizing housing for persons and families of low or moderate income and may utilize federal subsidies available to it in providing housing for persons and families of low or moderate income or for exercising any other of its powers. The agency shall have priority among all other units of state government for receipt of federal housing subsidies to the extent units financed under this part are eligible for such assistance.

51052. The agency may enter into agreements to provide staffing for the Farmers Home Administration of the United States Department of Agriculture in the conduct of federal loan, loan-guarantee, and grant programs for the provision of housing for persons and families of low or moderate income in this state. Staffing under this section shall not be paid for out of proceeds from the sale of bonds.

51053. The agency may make and execute contracts with qualified mortgage lenders for the initiation or servicing of mortgage loans, construction loans, neighborhood improvement loans, or development loans made or acquired by the agency pursuant to this part or for other services rendered to the agency. The agency may pay the reasonable value of services rendered to the agency pursuant to such contracts.

51054. The agency may make or undertake commitments to make development loans, construction loans, mortgage loans, and neighborhood improvement loans to housing sponsors to finance housing developments, as provided in Chapter 5 (commencing with Section 51100) of this part.

The agency may, in conjunction with a construction loan, set aside a reserve to provide improvement security required under subdivision (c) of Section 66462 and Chapter 5 (commencing with Section 66499) of Division 2 of Title 7 of the Government Code, which shall be in lieu of improvement security otherwise required by such provisions.

51055. The agency may purchase and sell construction loans, mortgage loans, neighborhood improvement loans, obligations secured by such loans, and participation therein.

51056. Construction loans, mortgage loans, and neighborhood improvement loans made, purchased, assigned or serving as security for obligations or participations pursuant to this part shall be limited as to charges, interest, maximum loan amount, and maximum appraised value pursuant to regulations of the agency, which shall be consistent with the purposes of this part.

51057. Prior to the commitment of moneys under this part for the financing of a housing development as provided in Articles 1 to 4 inclusive, of Chapter 5 (commencing with Section 51100) of this part, the agency shall take adequate measures to assure (a) the economic feasibility of the housing development, (b) the financial eligibility of the housing sponsors and tenants, (c) the consistency of the proposed housing development with the current housing objectives of the agency, (d) the sufficiency of access of the housing development to supporting social services, transportation, schools, employment, and retail merchants, and (e) that the location of the proposed housing development is consistent with the agency's policies of dispersing housing developments throughout communities and of avoiding undue concentration of persons and families of low income. Wherever possible, the agency shall verify such facts before financing is committed.

In providing for dispersal of housing developments, the agency shall consider economic feasibility, which shall be determined in light of all relevant factors, including the assistance programs and funds which could be utilized to reduce costs. Nothing in this section shall prohibit the agency from financing housing developments in neighborhood preservation areas in a manner that would otherwise be in conflict with the agency's policies respecting dispersal of housing developments or concentration of persons and families of low income, where necessary to accomplish the purposes for which financing or loan insurance is made available by the agency in such an area.

51058. (a) The agency may renegotiate, refinance, foreclose, or contract for the foreclosure of, any mortgage in default and may waive any default or consent to the modification of the terms of any mortgage. With respect to housing developments, the agency shall require that mortgage servicing and foreclosure practices, including forbearance and recasting of mortgages in default, conform to agency regulations.

(b) The agency may commence any action to protect or enforce any right conferred upon it by any law, mortgage, contract, or other agreement and may bid for and purchase property sold in satisfaction thereof at any foreclosure or other sale or may otherwise acquire and take possession of such property. Subject to any agreement with bondholders, the agency may operate, manage, lease, dispose of, and otherwise deal with such property in such manner as may be necessary to protect the interest of the agency and the holders of its bonds.

51059. The agency may procure insurance or coinsurance or guarantees from the federal government or from any governmental agency or instrumentality thereof, or from any private insurance company, of the payment of principal, redemption price of, and interest on any bonds issued by the agency. The agency may pay premiums on any such insurance.

51060. The agency may, for services performed, charge and collect

from housing sponsors and qualified mortgage lenders such fees and charges for the purpose of defraying administrative and other expenses as the agency may establish from time to time for its lending and mortgage-purchase programs.

51061. The agency may sell or convey real property owned by the agency to persons and families of low or moderate income, nonprofit housing sponsors, and local public entities. Such sale or conveyance may be without consideration if the agency received the property upon condition that it be so conveyed or sold and if such sale or conveyance will inure primarily to the benefit of persons and families of low or moderate income living in a housing development.

51062. The agency shall establish criteria for housing sponsors and qualified mortage lenders, which shall be designed to assure the financial integrity of programs authorized by this division and which shall provide for effective implementation of the policies and purposes set forth in this part. The criteria shall take into account the differences between private and public institutions qualifying as housing sponsors and qualified mortgage lenders.

51063. Relocation payments shall be made to persons and families of low or moderate income who are tenants displaced because of temporary or permanent displacement for rehabilitation work assisted under this part, or rent increases resulting from rehabilitation, pursuant to the Uniform Relocation and Real Property Acquisition Policies Act of 1970 (42 U.S.C., Sec. 4601) or Chapter 16 (commencing with Section 7260) of Division 7 of Title 1 of the Government Code. Notwithstanding the provisions of this section, moderate-income persons and families who decide against occupying the rehabilitated housing shall not continue to receive relocation payments.

The agency shall also ensure that the relocation payments and the relocation advisory assistance specified therein shall be provided. Pursuant to the provisions of this section, the agency shall ensure relocation payments are provided to persons and families involuntarily displaced in making a site or structure available for rehabilitation or construction financed under this part, or in the alternative may require the housing sponsor receiving a loan commitment pursuant to this part to make such payments and provide such assistance, whether such displacement has occurred in anticipation of the loan commitment or will occur subsequent thereto.

For purposes of this section, displacement includes relocation occurring because of a qualified person or family's inability to pay increased rentals resulting from rehabilitation, or involuntary temporary or permanent displacement of a qualified person or family to allow rehabilitation work to be done.

51064. The agency shall establish maximum sale prices for the initial sale of housing developments, the acquisition, construction, or rehabilitation of which is financed by the agency in anticipation of sale to persons and families of low or moderate income. The agency

shall also establish a price for any owner-occupied housing development whenever the buyer of such housing development receives a mortgage loan from the agency. The maximum sale prices established by the agency pursuant to this section may provide a reasonable profit to the seller while serving the purposes of this division.

51065. The agency may make grants to nonprofit housing sponsors and local public entities to meet expenses incurred in planning, constructing, rehabilitating, or managing housing developments. The agency may make grants to housing sponsors for the purpose of lowering the rents or cooperative housing charges on some or all of the units within a housing development. Grants authorized by this section shall not be made with proceeds from the sale of bonds.

51066. The agency shall establish a grievance procedure or require housing sponsors to establish such a procedure, or both, for the purpose of resolving complaints by housing sponsors and tenants of housing sponsors and contractual disputes between two or more housing sponsors or between a housing sponsor and a tenant of such housing sponsor. Notwithstanding any other provision of law, no individual or family shall be evicted from a housing development unless the following requirements are met:

(a) The eviction is for good cause as defined by rules and regulations of the agency

(b) Eviction proceedings shall be commenced by the giving of notice as required by Section 1946 of the Civil Code or Section 1161 or 1161a of the Code of Civil Procedure and served as provided by Section 1162 of the Code of Civil Procedure. Such notice shall contain a statement of the cause for eviction and of the right of the tenant to a hearing and decision pursuant to regulations of the agency if a request for such a hearing is made to the landlord in writing within the period specified in Section 1946 of the Civil Code or Section 1161 of the Code of Civil Procedure, as the case may be.

(c) When the tenant so requests the landlord in writing within the period specified in Section 1946 of the Civil Code or Section 1161 of the Code of Civil Procedure, as the case may be, a hearing, in accordance with procedures established pursuant to regulations of the agency, shall be held by an impartial individual or panel selected or approved by the agency and a decision rendered within two weeks after receipt by the landlord of the tenant's written request for a hearing. Good cause for eviction shall be established at the hearing by the weight of the evidence. Before a right to a hearing vests, the tenant must pay rent for the two-week hearing period to the owner or to an escrow account of the agency, if not already paid.

A defendant in an unlawful detainer proceeding may assert as a defense the failure of the plaintiff or the agency to comply with the requirements of this section or regulations adopted pursuant to this section. A defendant in such a proceeding may assert as a defense that the findings at the hearing were not supported by the weight of evidence.

The costs of any hearing conducted pursuant to this section shall be assessed to, and paid by, the losing party as provided in regulations of the agency. If neither party prevails, the costs of the hearing shall be equitably apportioned.

51067. The agency shall adopt standards for the admission of tenants, termination of tenancies, and eligibility of purchasers of housing financed under this part as well as standards establishing maximum percentages of income which a tenant or purchaser may allocate to housing costs, which shall provide consideration for proven ability in individual cases to pay what would otherwise be an unusually high percentage of income for housing costs.

51068. Prior to authorizing a mortgage loan under Chapter 5 (commencing with Section 51100) of this part or a mortgage loan under Chapter 6 (commencing with Section 51300) of this part, if the loan under either such chapter is for the purchase of an owner-occupied housing development, the agency shall:

(a) Require an appraisal of the housing development be done by a competent and experienced appraiser.

(b) Establish a maximum sale price for the housing development pursuant to Section 51064, not in excess of appraised value.

(c) Require that the housing development be either newly constructed, recently rehabilitated, subject to an agreement where the borrower has agreed to conform to rehabilitation standards within a time and in a manner specified by the agency, or certified by the local code enforcement agency or the department to be in good condition.

(d) Require that the purchaser intend to occupy the housing development.

(e) Require that the loan bear below-market interest, except as otherwise provided in Chapter 6 (commencing with Section 51300) of this part.

(f) Require, notwithstanding Section 1916.5 of the Civil Code, that a mortgage payment schedule at market interest be substituted for an original payment schedule at below-market interest, when the borrower or a subsequent purchaser ceases to be a person or family of low or moderate income, and that additional payments of interest resulting therefrom be forwarded to the agency. The agency may waive the requirement of this subdivision when necessary to permit participation in mortgage insurance, guarantee, or purchase programs, or when this provision would interfere with the financial structuring or the administration of any bond financing program.

51069. The agency, after approving an application for a mutual self-help housing project, may make development loans and construction loans for land acquisition and development costs to eligible housing sponsors on such terms and conditions and in such amounts as it deems necessary to accomplish the purposes of this part. Such development loans and construction loans may be interest free if sufficient surplus funds exist for such purpose and such loans can be made without jeopardizing the financial self-sufficiency of the

agency or the adequacy of its reserves. Land acquired and housing developments financed pursuant to this section shall be sold or conveyed to eligible housing sponsors or for the purpose of developing other mutual self-help housing.

In making loans pursuant to this section, the agency, as an alternative to disbursing such loans directly to eligible housing sponsors or persons and families of low or moderate income, may establish procedures retaining such loans or portions thereof, and disburse such amounts directly to the person or entity performing a service, or providing goods, material, land or improvements.

51070. The agency, by regulation, shall also assure that qualified mortgage lenders do not substitute funds made available under this part for the lenders' own resources, without permission of the agency. Qualified mortgage lenders may provide financing under this part until the agency makes a finding that the lender is in violation of this section or decertifies the lender pursuant to Section 50094.

CHAPTER 5. FINANCING OF HOUSING DEVELOPMENTS

Article 1. Loans for Housing Developments

51100. Subject to the limitations prescribed by Article 4 (commencing with Section 51175) of this chapter, the agency may make, or undertake commitments to make, development loans, construction loans, mortgage loans, and advances in anticipation of such loans to housing sponsors to finance housing developments.

51101. The agency shall make and publish rules and regulations respecting the making of development loans, construction loans, and mortgage loans pursuant to this part, the terms and conditions upon which such loans may be made to housing sponsors, the admission of tenants to a housing development, the inclusion of nonhousing facilities in housing developments, the construction of nonhousing facilities, and supervision of housing sponsors, including housing sponsors owning and occupying a housing development. Such regulations shall require, where a financing commitment is made for construction of housing to be purchased by persons and families of low or moderate income, that construction will be undertaken in an economical manner, providing the buyer with an attractive home.

51102. The agency shall enter into regulatory contracts and other agreements with housing sponsors receiving loans under the provisions of this part.

Article 2. Loans Through Intermediary Lenders and Mortgage Purchase and Sale

51125. The agency may invest in, purchase, or make commitments to purchase, and take assignments from qualified mortgage lenders of, construction loans, mortgage loans, obligations secured by

construction loans or mortgage loans, and participations therein for financing or refinancing of housing developments.

Such construction loans, mortgage loans, obligations secured by construction loans or mortgage loans, or participation therein may be held or sold by the agency, or the agency may create pools of such loans, obligations, and participations held by the agency and may sell securities backed by such pools.

51126. The agency may invest in, purchase, or make commitments to purchase any residential mortgage or any obligation secured by a residential mortgage or participation therein, and sell such obligations, residential mortgages, or participations or create pools of such obligations, residential mortgages, or participations held by the agency and issue and sell securities backed by such pools. The agency shall require the seller of such obligations, residential mortgages, or participations purchased by the agency to use the proceeds for the purpose of financing housing developments.

51127. The agency may insure or guarantee any obligation held by the agency and secured by a mortgage on a single-unit housing development for the purpose of increasing its acceptability or value for sale or as security for other obligations. Nothing in this section shall, however, be construed as authorizing the creation of a debt or liability of the state within the meaning of Section 1 of Article XVI of the State Constitution.

51128. Sales of mortgage obligations and securities pursuant to this article may be made at public or private sale, with or without public bidding, whether directly or through a contract with a private marketing intermediary.

Article 3. Loans to Qualified Mortgage Lenders

51150. The agency may make loans to qualified mortgage lenders under terms and conditions requiring the proceeds thereof to be used by such mortgage lenders for the purpose of making construction loans and mortgage loans for the purpose of financing housing developments.

51151. Mortgage loans shall not be made under this article unless the agency determines that type of loan can be made at a lower cost to a housing sponsor than is available for the same type of loan made under the provisions of Article 1 (commencing with Section 51100), Article 2 (commencing with Section 51125) or Article 4 (commencing with Section 51175) of this chapter.

51152. Loans shall not be made by the agency to a qualified mortgage lender under the provisions of this article, except pursuant to an agreement between the agency and the qualified mortgage lender. Such agreements shall include the following:

(a) A maximum interest rate that can be charged for construction loans or mortgage loans.

(b) A recital of the requirements of loans for housing developments authorized by this part.

(c) Standards for mortgage servicing and foreclosure practices, including programs of forbearance and recasting for mortgages in default.

51153. In connection with loans made pursuant to this article, the agency may collect, enforce the collection of, and foreclose on any collateral securing the loans and may acquire or take possession of such collateral and sell the same at public or private sale, with or without public bidding, and otherwise deal with such collateral as may be necessary to protect the interest of the agency therein. The exercise of the powers specified in this subdivision shall be subject to any agreements with bondholders.

With respect to deposit of moneys in the fund pursuant to this section, the agency may require that any collateral provided on account thereof be lodged with a financial institution or trust company located in the state designated by the agency as custodian therefor. In the absence of such requirement the financial institution shall, if collateral is to be provided for the loan or securities purchased, upon receipt of the proceeds from the agency, enter into an agreement with the agency containing such provisions as the agency shall deem necessary to adequately identify and maintain such collateral and service the same and shall provide that such financial institution shall hold such collateral as an agent for the agency and shall be held accountable as the trustee of an express trust for the application and disposition thereof and the income therefrom solely to the uses and purposes in accordance with the provisions of such agreement. A copy of each such agreement and any revisions or supplements thereto shall be filed with the Secretary of State and no further filing or other action under the California Uniform Commercial Code or any other law of the state shall be required to perfect the security interest of the agency in such collateral or any additions thereto or substitutions therefor, and the lien and trust for the benefit of the agency so created shall be binding from and after the time made against all parties having claims of any kind in tort, contract, or otherwise against such financial institution.

Article 4. Lender of Last Resort

51175. Except as provided in this article, the agency shall not make construction loans or mortgage loans for the purpose of financing owner-occupied housing developments unless such loans are made through a qualified mortgage lender.

51176. In rural mortgage areas the agency may make and undertake commitments to make construction loans and mortgage loans to finance owner-occupied housing developments without the participation of a qualified mortgage lender if no qualified mortgage lender will participate in financing such housing developments as provided in Article 2 (commencing with Section 51125) or Article 3 (commencing with Section 51150) of this chapter, or if the board determines that the agency can initiate or service loans directly at

less cost than through use of a qualified mortgage lender.

51177. The agency may make and undertake commitments to make construction loans and mortgage loans to finance owner-occupied housing developments without the participation of a qualified mortgage lender where the income of the owner-occupant is no greater than 65 percent of the median income for the area in which the housing development is located as determined by the United States Department of Housing and Urban Development or by the agency's reference to current data of the U.S. Census Bureau. The income at 65 percent of median shall be based on a family of four with adjustments above and below such maximum to compensate for family size.

Article 5. Supervision of Housing Sponsors

51200. With respect to each class of housing sponsor as defined by the agency, the agency shall do the following:

(a) Prescribe uniform systems of accounts and records for each class of housing sponsors of rental and cooperative housing developments and require them to make reports and give answers to specific questions on such forms and at such times as may be necessary for the purposes of this part.

(b) Establish minimum reserves to be maintained by nonprofit and limited-dividend housing sponsors of rental and cooperative housing developments.

(c) Fix and alter from time to time a schedule of rents such as may be necessary to provide tenants who are persons and families of low or moderate income with affordable rents to the extent consistent with the maintenance of the financial integrity of the housing development and to provide profits to housing sponsors subject to the limitations of Section 51202. Income from commercial facilities constituting a portion of a single housing development financed pursuant to this part shall, to the extent they receive the benefit of below-market-interest financing from the agency, assist in the support of appurtenant residential facilities. No housing sponsor shall increase the rent charged on any assisted rental unit of a housing development without the prior permission of the agency, which shall be given only if the housing sponsor affirmatively demonstrates that such increase is required to defray necessary operating costs or avoid jeopardizing the fiscal integrity of the housing development or to provide the agreed rate of return with respect to additional equity money contributed by investors pursuant to Section 51202, and additional debt service and necessary operating costs with respect to increases in mortgage loans for improvements to the housing development deemed necessary by the agency.

Applications to the agency for permission to adjust rents shall include a statement of the existing and proposed rent for each unit, a detailed statement of the necessity and authority for the increase under this subdivision, and the extent to which rent increases would

be paid by tenants in assisted units and not offset by increased subsidy payments. Prior notice of any rent increase shall be given in writing as required by Section 1946 of the Civil Code. Prior to the time any rent increase is effective the housing sponsor shall notify every affected tenant, in writing, of informal meetings with the housing sponsor to review the proposed rent increase and that each tenant, upon request, will be provided the information submitted to the agency under this subdivision.

(d) Determine standards for, and control selection by housing sponsors of, tenants and purchasers.

(e) Regulate the terms of occupancy agreements to be used in housing financed under this chapter.

(f) Provide such bilingual services and publications, or require housing sponsors to provide such bilingual services and publications, as are necessary to ensure informed access to housing financed pursuant to this part for persons and families of low or moderate income who have limited fluency in the English language.

51201. The agency may do any of the following with respect to housing sponsors of rental and cooperative housing financed pursuant to this part.

(a) Through its agents or employees, enter upon and inspect the lands, buildings, and equipment of a housing sponsor, including all parts thereof, and examine the books and records of a housing sponsor. However, there shall be no entry or inspection of occupied units without consent of the occupant.

(b) Supervise the operation and maintenance of any housing financed pursuant to this part and order such repairs as may be necessary to protect the public interest or the health, safety, or welfare of occupants of the housing.

(c) Require any housing sponsor to pay to the agency such fees as it may prescribe to defray its costs incurred in connection with the examination, inspection, supervision, auditing, or other regulation of the housing sponsor.

(d) Regulate the retirement of any capital investments or the redemption of stock or the distribution of any equity interest in any housing sponsor.

(e) Order any housing sponsor to do, or to refrain from doing, any act, as may be necessary to comply with the provisions of state, federal, or local laws, the rules and regulations of the agency, or the terms of any contract between the agency and the housing sponsor.

(f) Withhold the transfer of construction payments to a housing sponsor pending adequate performance, as determined by the agency, of any acts required of such housing sponsor pursuant to the provisions of this division or pursuant to any agreement by and between the agency and such housing sponsor.

51202. Every housing sponsor of a rental or cooperative housing development which receives a construction loan or mortgage loan or a grant pursuant to this part shall enter into an agreement with the agency providing for the regulation of the disposition of property

and the limitation of profit. Any housing sponsor of a rental housing development receiving a mortgage loan pursuant to this part, other than a nonprofit housing sponsor or local public entity, shall enter into an agreement including limitation of earnings distribution to an annual amount no greater than 6 percent of the equity invested in the housing development, unless a higher limitation on earnings distribution is otherwise provided by rules and regulations of the agency.

The agency may permit a distribution greater than 6 percent to investors contributing additional equity money to an existing housing development, or in the case of a housing development over which the agency has assumed managerial and financial control pursuant to Section 51203, or in any case where it would materially contribute to meeting the policies or goals of this division.

51203. Upon making a determination that the financial status of a rental or cooperative housing development is such as to jeopardize any economic interest of the agency in such housing development, the agency may assume managerial and financial control of the housing sponsor and may supervise and prescribe the activities of the housing sponsor in such manner and under such terms and conditions as the agency may stipulate in any contract with the housing sponsor. Such control may be exercised through appointment by the agency to the governing body of such housing sponsor of a number of new members sufficient to constitute a voting majority of the governing body thereof, notwithstanding the provisions of the articles of incorporation or other documents of organization of the housing sponsor.

51204. The agency may prescribe regulations specifying the categories of cost which shall be allowable in the construction or rehabilitation of a housing development. The agency may require any housing sponsor to certify the development costs upon completion of the housing development. Such certification of development costs shall be subject to audit and verification by the agency.

51205. The agency may institute any action or proceeding pursuant to applicable provisions of law against any housing sponsor receiving or assuming a loan under the provisions of this part in any court of competent jurisdiction in order to enforce the provisions of this part or the terms and provisions of any contract between the agency and such housing sponsor, to foreclose its mortgage, or to otherwise protect the public interest or the occupants of the housing development. Where necessary to protect the interests of the agency, it may, in connection with any such action or proceeding, apply to the court for the appointment of a receiver to take over, manage, operate, and maintain the affairs of the housing sponsor of a rental or cooperative housing development. No receiver shall be appointed unless approved by the agency.

In the event of the reorganization of any housing sponsor, to the extent permitted by law, such reorganization shall be subject to the

supervision and control of the agency and no such reorganization shall be effected without the prior written consent of the agency. The agency may provide in its loan agreements that, in the event of a judgment against any housing sponsor in any action to which the agency is not a party, there shall be no sale of the housing development or any portion thereof, except upon 60 days' written notice to the agency. Upon receipt of such notice, the agency or Attorney General shall take such steps as in its judgment may be necessary to protect the rights of all parties.

51206. Whenever a housing sponsor of a rental or cooperative housing development accumulates an earned surplus greater than such operating and replacement reserves as the agency may require, that surplus shall be used to reduce rents within the housing development to a level at which no person or family of low or moderate income occupying the housing development pays more than the affordable rent. Whenever a housing sponsor of a rental or cooperative housing development accumulates an earned surplus greater than such operating and replacement reserves as the agency may require and no person or family of low or moderate income occupying the housing development pays more than the affordable rent, then such surplus shall be transferred to the agency for use in lowering the rents for persons and families of low or moderate income in other housing developments to a level no greater than the affordable rents.

51207. A housing sponsor that is a person or family of low or moderate income shall not receive financial assistance under this part if such person or family has already received assistance under this part for purchase of other real property, unless such property is sold or transferred for good cause as determined by the agency.

Article 6. Priorities

51225. In selecting proposals for financing, the agency shall give priority consideration to the needs of identifiable groups within the state, as identified by the California Statewide Housing Plan. Such groups may include, but need not be limited to the elderly and the handicapped, large households, and persons and families displaced by governmental action or natural disaster. The agency shall also consider rural areas, areas in which new construction is needed, areas in which rehabilitation is needed, and areas of credit shortage where financing is needed for the purchase of existing housing in order to maximize the impact of the agency's financial activities on employment, reduction of housing costs, and maintenance of local economic activity. The agency shall balance its activity between metropolitan, nonmetropolitan, and rural areas of the state in general proportion to the needs identified in the Statewide Housing Plan. The agency may also give priority consideration to, and reserve funds for use in connection with, large urban revitalization programs.

In order to facilitate implementation of local housing allocation plans, the agency may contract with a local public entity to reserve a portion of available credit and subsidy assistance for that area for one year. Such contracts may be renewed annually by mutual agreement.

51226. (a) Subject to the availability of adequate subsidies, not less than 30 percent of the combined total units financed by mortgage loans and neighborhood improvement loans pursuant to this part during each fiscal year shall be made available on a priority basis to very low income households. Subject to the availability of adequate subsidies, not less than 20 percent of the units in each housing development shall be made available on a priority basis to very low income households, except that such requirement shall not apply to housing developments of less than 12 units where the agency finds it is not necessary to make units available in the development for very low income households to meet the requirement of making 30 percent of total units available to very low income households. Units required to be made available on a priority basis pursuant to this section, shall be offered exclusively to those within the priority group unless or until the agency permits the unit to be offered to other potential occupant groups.

(b) The agency shall actively and aggressively pursue all available federal housing programs and utilize fully all available subsidies in order to achieve the purposes of this section.

51227. At the close of each fiscal year the agency shall ascertain that not less than 25 percent of the total units financed during the preceding 12 months pursuant to this part were made available to very low income households. At the close of each fiscal year the agency shall ascertain that not less than 25 percent of all units financed pursuant to this part by mortgage loans or neighborhood improvement loans are occupied or available to very low income households. If the agency finds that said very low income occupancy goals have not been met the agency shall immediately notify the Governor, the Speaker of the Assembly, and the Senate Rules Committee and shall recommend such legislation or other action as may be required to make (a) at least 25 percent of the units so available, and (b) at least 25 percent of the units thereafter financed so available.

51228. At the time a mortgage loan commitment is made to finance any rental housing development, a written agreement between the agency and housing sponsor shall be executed, designating the number of units to be made available on a priority basis within such housing development to very low income households, to persons and families of low or moderate income, and to other households. If the number of units occupied by very low income households in any housing development ever falls below the number agreed to by the agency and housing sponsor, then units which become available for occupancy shall, subject to available subsidies be made available on a priority basis to very low income households until the number of

units so occupied equals at least the number specified in the agreement. The agency may from time to time review agreements designating the allocation of units and, subject to agreement with the housing sponsor, may increase the number of units to be made available to very low income households if consistent with maintenance of the financial integrity of the housing development and continuance of permitted earnings distributions, or may establish minimum rents or minimum incomes for occupancy of units becoming vacant and not otherwise allocated to very low income households if necessary to the financial integrity of the housing development and continuance of permitted earnings distributions.

51229. Nothing in this part, including Section 50951, shall require the agency to allocate more than 25 percent of the units in any single housing development to very low income households, except housing designed for occupancy by elderly or handicapped households or housing developments of 12 units or less, with respect to which the board finds it necessary for the purposes of this division that such proportion be exceeded.

51230. Not less than 30 percent nor more than 40 percent of the units financed by the agency during each fiscal year for very low income households shall be designed specifically for occupancy by elderly or handicapped persons. The agency shall in each fiscal year, finance at least that number of rental units designed for occupancy and accessibility by persons with orthopedic disabilities necessary to make such units equal to the same percentage relationship to the total number of rental units as such persons comprise when compared to the total population of the state. The percentage shall only, however, relate to those persons qualified by income and the percentage relationship shall be verified according to submarket areas within the state.

51231. The agency shall assist housing sponsors in obtaining subsidies. In selecting housing to be given assistance under this division, the agency shall give priority to those which are able to obtain subsidies but cannot obtain alternative financing in order to utilize such subsidies. The agency shall make every effort to obtain subsidy funds and nothing in this division shall preclude the agency from meeting the eligibility requirements for obtaining federal housing subsidy allocations.

51232. To implement the purposes of this division, the agency shall develop or require housing sponsors to develop, pursuant to regulations of the agency, resident selection plans for housing developments, which shall provide that preference be given to households displaced by a housing development, public action, or natural disaster. Such plans shall include criteria for resident selection, which shall establish income limits for residents, and may include a counseling program designed to promote the financial success of the housing development or the health, safety, and welfare of residents of the housing development. The agency may make

participation in such a counseling program a condition or precondition of occupancy of a housing development. The agency may develop or require housing sponsors to develop, pursuant to regulations of the agency, resident selection plans for large urban revitalization programs which recognize a need to attract a full range of income groups for housing developments in central-city areas.

Article 7. State and Local Cooperation

51250. The agency may, in connection with a housing development, arrange or contract with a local public entity (1) for the planning, replanning, opening, grading, or closing of streets, roads, roadways, alleys or other places, (2) for the furnishing of utilities or any community, municipal or public facilities or services, (3) for the acquisition by a local public entity of property or property rights, or (4) for the furnishing of property or services. Any local public entity may, upon finding that a public purpose is served thereby, enter into such contractual agreements with the agency and do all things necessary to carry out its obligations.

51251. Notwithstanding any other provision of law, the Department of General Services, any other state agency or officer authorized by law to convey real property of the state, and any local public entity may, in his or its discretion, from time to time sell, lease for a term not exceeding 99 years, grant, or convey to the agency or to a housing sponsor designated by the agency any real property and appurtenances thereto or any interest therein owned by the state or local public entity which the agency shall certify as necessary for its purposes. Such certification of need shall be evidenced by a formal request from the president of the agency. Any such sale, lease, grant, or conveyance shall be made with or without consideration and upon such terms and conditions as may be mutually agreed upon by the state or local public entity and the agency. However, before any such sale, lease, grant, or conveyance is made at less than fair market value, the agency shall make a finding that the difference between the consideration required and fair market value will inure primarily to the benefit of persons and families of low or moderate income living in a housing development or a residential structure.

51252. (a) Upon application to the department, any city, county, city and county, or combination thereof acting jointly, or the duly constituted governing body of an Indian reservation or rancheria shall be certified as a local housing agent by the department if the department determines that the applicant meets the criteria specified in subdivision (b). If a local housing agent consists of more than one city, county, or city and county, each such entity shall individually meet the criteria of subdivision (b). All applications of prospective housing sponsors for loans or grants authorized by this part for housing developments or neighborhood improvement loans shall be reviewed by the local housing agent, if any, for the area in which the housing development or neighborhood improvement loan

is to be financed. The local housing agent shall approve an application for a loan or grant for a housing development or a neighborhood improvement loan unless it expressly finds that the application does not meet one or more of the following criteria:

(1) The proposed housing development conforms with a housing element that meets the requirements of subdivision (b).

(2) The proposed housing development is consistent with the provision of a full range of housing opportunities within the jurisdiction of the local housing agent.

(3) The proposed housing development would be in compliance with applicable federal, state, and local laws, including laws prohibiting discrimination in housing.

An application shall be deemed approved if the local housing agent fails to approve or reject it within 40 days following the date of submission.

(b) A local housing agent shall meet all of the following criteria:

(1) The local housing agent shall have adopted a housing element, as required by subdivision (c) of Section 65302 of the Government Code, and an affirmative housing plan, if required by Section 65008 of the Government Code. The housing element shall not conflict with any housing assistance plan submitted to the federal government as part of an application to obtain funds for community development or housing.

(2) The housing element of the local agency shall make adequate provision for all economic and racial segments of the community in new and rehabilitated housing throughout its jurisdiction.

(3) The local housing agent shall develop or specify a procedure, which shall be identified in its application to the agency, to expedite the processing of zoning changes, use permits, building permits, environmental clearance, and any other type of permit, approval, or clearance which may be required by the city, county, or city and county or by any other local public entity or governmental agency prior to construction or rehabilitation of a housing development.

(c) No housing development shall be assisted by a loan authorized by this part, unless the housing development has received the approval of both the local housing agent and the agency. This subdivision shall not be applicable to housing developments proposed for areas in which there is no local housing agent.

(d) A local housing agent may delegate the function specified in this section to any local public entity, with the approval of the agency.

(e) At any time a local housing agent ceases to meet the criteria specified in subdivision (b), the department may decertify the local housing agent. Certification of the local housing agent shall be reviewed annually by the department. Recertification shall not be granted if the department finds that, during the preceding year, the local housing agent has unreasonably denied approval of applications or has ceased to perform its functions under subdivision (a).

51253. To facilitate coordinated planning on an intergovernmental

basis, the agency shall provide an opportunity for review and comment by areawide clearinghouses under circular A-95 of the United States Office of Management and Budget. Subsequent amendments shall be reviewed to assure their conformity with the intent of this division. If such an areawide clearinghouse, within 30 days after receiving notification of a proposed housing development of over 25 units within its jurisdiction, notifies the agency that it disapproves of such housing development, the agency shall, prior to recordation of a loan to finance the housing development, provide to the areawide clearinghouse a written explanation of the board's reasons for proceeding despite such disapproval. No local agency shall be required to contribute money to be expended to pay the costs of the requirements of this section.

CHAPTER 6. NEIGHBORHOOD PRESERVATION

51300. This chapter empowers the agency to designate neighborhood preservation areas, and to enter into agreements with local agencies. It does not limit agency powers to provide construction loans and mortgage loans as provided in Chapter 5 (commencing with Section 51100) of this part.

51301. The agency shall, after public hearings, establish priorities for the allocation of financing assistance pursuant to this chapter among eligible areas and counties and cities throughout the state. In so doing, the agency shall take into account the following factors, to the extent applicable:

(a) The impact of financing assistance in upgrading substandard residential structures to decent, safe, and sanitary condition.

(b) The impact of financing assistance in stablilizing urban neighborhoods and preventing or arresting the process of deterioration.

(c) The impact of financing assistance in effectuating the efficient utilization of commitments of housing subsidies, thereby increasing housing opportunities for low and very low income households.

(d) The impact of financing assistance in complementing the local utilization of community development funds made available pursuant to Title 1 of the Housing and Community Development Act of 1974 (Public Law 93-383).

(e) The availability and feasibility of alternative means to achieve substantially the same results as financing assistance provided pursuant to this chapter.

51302. Upon application by a local agency supplying such supporting information and data as the agency may require, the agency may designate an area within a city or county as a concentrated rehabilitation area if it makes the following findings:

(a) The area was selected by the legislative body after citizen participation.

(b) The area is an area of substantial deterioration of residential structures, as evidenced by a significant number of older and

deteriorating residential structures in such area requiring rehabilitation.

(c) Rehabilitation assistance is necessary to enable and encourage residents in such area to cooperate in a local program of concentrated enforcement of rehabilitation standards.

(d) Rehabilitation of residential structures will arrest deterioration in the area.

(e) Rehabilitation of residential structures in the area is economically feasible.

(f) The local agency has offered to contract with the agency to (1) provide necessary supporting neighborhood public improvements and services, such as street improvements, landscaping and acquisition of open space, undergrounding of utility lines, and construction of drainage facilities in the area for which eligibility has been requested, and (2) provide concentrated and continuing enforcement of rehabilitation standards in such area.

(g) The local agency has agreed to make every effort to prevent unnecessary displacement in accomplishing rehabilitation and has an adequate program of relocation advisory assistance for persons unavoidably displaced due to rehabilitation.

(h) The supply of housing available to very low income households at affordable rents and the supply of housing available to other persons and families of low or moderate income at affordable rents will not be reduced within the area because those displaced will receive relocation payments and be able to obtain standard housing in the area. Alternatively, standard housing will be available at affordable rents in equally desirable neighborhoods, expanding the range of housing opportunities for minority and low-income persons.

(i) The local agency has adopted a housing element in compliance with Section 65302 of the Government Code, and with housing element guidelines, which sets forth an effective plan for systematic enforcement of state and local building and housing standards throughout its jurisdiction.

(j) The application is consistent with local housing assistance plans adopted pursuant to the Housing and Community Development Act of 1974 (Public Law 93-383).

(k) The local agency has satisfied such other pertinent criteria as the agency may by regulation require.

51303. Upon the application of a local agency supplying such supporting information and data as the agency may require, the agency may designate all or a portion of the territory subject to the jurisdiction of the local agency as a scattered-site rehabilitation area if it makes the following findings:

(a) The area was selected by the legislative body after citizen participation.

(b) The area is an area which is declining and contains some deterioration of residential structures, but deteriorating residential structures within the proposed area are not suitable for concentrated enforcement of rehabilitation standards because of their dispersed location.

(c) Enforcement of rehabilitation standards is necessary to effect preservation of such residential structures and would have the effect of improving stability and property values in the surrounding community.

(d) The housing element of the general plan adopted by the local agency pursuant to subdivision (c) of Section 65302 of the Government Code, sets forth an effective plan for citywide or countywide systematic enforcement of state or local housing standards.

(e) The legislative body has, by ordinance, adopted adequate procedures for identifying residential structures eligible for rehabilitation with financing or loan insurance assistance and, in connection therewith, priorities which will serve the purposes of this part while providing a program which is economically feasible.

(f) The local agency has offered to contract with the agency to (1) provide necessary supporting neighborhood public improvements and services, such as street improvements, landscaping and acquisition of open space, undergrounding of utility lines, and construction of drainage facilities in the area for which eligibility has been requested, and (2) provide systematic and continuing enforcement of state and local housing and building standards in such area.

(g) The local agency has agreed to make every effort to prevent unnecessary displacement in accomplishing rehabilitation and has an adequate program of relocation advisory assistance for persons unavoidably displaced due to rehabilitation.

(h) The local agency has satisfied such other pertinent criteria as the agency may by regulation require.

51304. The agency may designate a mortgage assistance area, after soliciting maximum feasible participation by community organizations, if it makes the following findings:

(a) It is an area (1) where deterioration has not progressed to the stage where there is a substantial number of residential structures which do not conform to rehabilitation standards, or (2) where a program of concentrated code enforcement has been conducted previously.

(b) There is a recent history of mortgage deficiency in the area.

(c) Agency activity in the area is likely to prevent or arrest deterioration in the area.

(d) Agency activity in the area is economically feasible.

(e) Agency activity in the area will inure primarily to the benefit of persons and families of low and moderate income.

(f) The area was selected by the legislative body after citizen participation.

(g) The local agency in which the area is located has given substantial assurances acceptable to the agency that it will provide those supporting neighborhood public improvements and services determined appropriate by the agency.

51305. Upon approval of an application for designation of an area as a concentrated rehabilitation area or a scattered-site rehabilitation area, the agency may, with respect to such area, do any one of the

following:

(a) Enter into an agreement with the applicant local agency or another local public entity for purchase by the agency of bonds and notes issued pursuant to Chapter 3 (commencing with Section 37930) of Part 13 of Division 24; or

(b) Enter into an agreement with the applicant local agency or another local public entity for a program of rehabilitation assistance as provided in Section 51306 or 51307, or both, to be administered by the local agency or other local public entity; or

(c) Enter into an agreement with the local agency for a program of rehabilitation assistance as provided in Section 51306 or 51307, or both, to be administered by the agency, except that the agency shall make mortgage loans only under the conditions of Chapter 5 (commencing with Section 51100).

In addition, or instead, the agency may provide loan insurance assistance in such areas, which may include insurance of loans provided pursuant to this chapter or of other loans or bonds as provided in Part 5 (commencing with Section 51600) of this division.

51306. Financing assistance for housing developments in concentrated rehabilitation areas and scattered-site rehabilitation areas may include any or all of the following types of loans:

(a) Development loans to prepare for rehabilitation.

(b) Mortgage loans for purchase of housing developments rehabilitated pursuant to rules and regulations of the agency.

(c) Construction loans for rehabilitation, or for rehabilitation with acquisition or refinancing.

(d) Mortgage loans for rehabilitation, or for rehabilitation with acquisition or refinancing, where the cost of acquisition and rehabilitation or the cost of rehabilitation without refinancing exceeds the financial capability of the owner, or would result in rents which are not competitive for the area, as determined by the agency. For owner-occupied housing developments, the terms and interest rates of such mortgage loans shall be commensurate with ability to pay, as established by regulations of the agency.

51307. In addition, neighborhood improvement loans may be provided, on the following terms:

(a) Neighborhood improvement loans shall not be subject to the conditions applicable to mortgage loans or construction loans made for housing developments, except as follows:

(1) Residential structures financed shall be deemed to be housing developments, and their owners housing sponsors, for purposes of Chapter 1 (commencing with Section 50900) and Chapter 2 (commencing with Section 50950) of this part, but excluding Sections 50952 and 50958.

(2) All powers and duties specified in Chapter 4 (commencing with Section 51050) as to housing developments shall apply to residential structures financed by neighborhood improvement loans, except that the exercise of powers specified in Section 51064 shall be *permissive*.

(3) Neighborhood improvement loans shall be subject to such conditions as may be provided by agreement between the agency

and a local public entity administering the program and as provided for specifically in this part.

(b) Neighborhood loans shall be made at market interest, except that loans to persons and families of low or moderate income for residential structures of one to four units which are to be occupied by the owner may be made at lower interest rates based on income.

(c) Neighborhood improvement loans shall be made by the administering agency or local public entity or qualified mortgage lender.

(d) Neighborhood improvement loans shall be made only for residential structures.

(e) Refinancing may be provided, but only as necessary to permit the owner to afford the cost of rehabilitation or to minimize rent increases for occupants of the structure whose rents would otherwise exceed affordable rents due to the expense of rehabilitation, and provided that the cost of rehabilitation is at least 20 percent of the principal amount of the loan.

(f) Neighborhood improvement loans other than for refinancing shall be made for rehabilitation costs. In addition to the actual rehabilitation cost, if any, loans may be made for general repairs and improvements to the structure in amounts not in excess of the greatest of:

(1) Two thousand five hundred dollars ($2,500) per dwelling unit.

(2) Twenty percent of rehabilitation costs in the case of a residential structure other than a residential structure of one to four units to be occupied by the owner.

(3) Forty percent of rehabilitation costs in the case of a residential structure of one to four units to be occupied by the owner.

(g) The agency shall require that borrowers contract during the term of the loan not to raise residential rentals over an amount which the agency by regulation establishes will yield a fair rate of return and will allow for increases reasonably necessary to provide and continue proper maintenance of the property.

"Rehabilitation costs," as used in this section, may include development costs, as defined, which are incurred in the rehabilitation of a housing development or residential structure and such other costs for general renovation of the building as are permitted by agency regulations.

Nothing in this section shall authorize financing for the acquisition of residential structures. The agency may by regulation provide for such additional conditions and agreements, not inconsistent with this section, as are deemed necessary to further the purposes of this part.

51308. Financing assistance may include mortgage loans for the acquisition of housing developments in any mortgage assistance area, or any other neighborhood preservation area which the agency finds to be mortgage deficient.

51309. In a mortgage assistance area, the agency may administer programs of neighborhood improvement loans pursuant to Section 51307 and mortgage and construction loans authorized under Sections 51306 and 51308 in a manner consistent with Chapter 5 (commencing with Section 51100) of this part.

In addition, or instead, the agency may provide loan insurance assistance in such areas, which may include insurance of loans provided pursuant to this chapter or of other loans or bonds as provided in Part 4 (commencing with Section 51600) of this division.

51310. Relocation payments shall be made to persons and families displaced in making a site or a residential structure available for rehabilitation or construction financed under this chapter, and relocation advisory assistance provided, as set forth in Section 51063. Relocation payments shall also be made to owners involuntarily displaced because of inability to afford costs of compliance required pursuant to this chapter; but any payment pursuant to Section 4623 of Title 42 of the United States Code or Section 7263 of the Government Code shall be limited to the reasonable cost of a replacement dwelling adequate to accommodate the displaced person or family without regard to whether the dwelling is otherwise comparable to the dwelling formerly occupied, less the amount received from sale of the dwelling.

51311. Upon application by a local public entity the agency may agree to allocate funds for mortgage loans for rehabilitation of housing developments as required in a citywide or countywide program of enforcement of state and local building and housing standards. Such assistance may be administered by the local public entity or the agency.

CHAPTER 7. REVENUE BONDS

51350. (a) The agency may from time to time, after action of the Housing Bond Credit Committee as provided in Section 51360, issue its negotiable bonds in such principal amount as the agency shall determine to be necessary to provide sufficient funds for financing housing developments and other residential structures and for the payment of interest on bonds of the agency, establishment of reserves to secure such bonds, and other expenditures of the agency incident to, and necessary or convenient to, issuance of such bonds.

(b) Sale of the bonds of the agency shall be coordinated by the State Treasurer. To obtain a date for the sale of bonds, the agency shall inform the State Treasurer of the amount of the proposed issue. Upon such notification, the State Treasurer shall provide three 10-day periods, within the 90 days next following, when the bonds can be sold. The agency may choose any date during the suggested periods or any other date to which the agency and the State Treasurer have mutually agreed. The State Treasurer shall sell the bonds on the date chosen according to terms approved by the agency.

The Housing Bond Credit Committee shall exercise its powers with due regard for the right of the holders of bonds of the agency at any time outstanding, and nothing in, or done pursuant to, this section shall in any way limit, restrict, or alter the obligation or powers of the agency or any member, officer, or representative of the agency or the State Treasurer to carry out and perform in every detail each and every covenant, agreement, or contract at any time made or entered into on behalf of the agency with respect to its

bonds or its benefits, or the security of the holders thereof.

(c) The aggregate principal amount of nonguaranteed bonds which may be issued pursuant to this part shall not exceed three hundred million dollars ($300,000,000), exclusive of indebtedness incurred to refund or renew previously issued bonds of the agency to the extent of the outstanding principal indebtedness of such previously issued bonds, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds. Guaranteed taxable bonds, or in lieu thereof and in the discret of the agency, nonguaranteed bonds in addition to those authorized by the preceding sentence, to be issued by the agency may be authorized in an amount not exceeding one hundred fifty million dollars ($150,000,000).

51351. Notwithstanding any other provisions of this part, only the following types of housing developments and other residential structures are eligible for mortgage loans made with the proceeds of bonds:

(a) Housing developments and other residential structures financed with bonds of the agency guaranteed under Section 802 of Title VIII of the Federal Housing and Community Development Act of 1974.

(b) Housing developments and other residential structures financed with bonds of the agency that are guaranteed, or the time payment of principal and interest of which is insured, by an agency of the state or by a private insuring entity authorized to engage in such business.

(c) Housing developments and other residential structures, the mortgage loans on which presently are or are expected to be insured under a program utilizing federal coinsurance as authorized under Section 244 of Title III of the Federal Housing and Community Development Act of 1974 (P.L. 93-383).

(d) Housing developments and other residential structures, the bonds or mortgage loans on which are presently or are expected to be insured or guaranteed in whole or in part by an agency of the state, including the California Housing Finance Agency, a political subdivision of the state, or by a private insuring entity authorized to engage in such business, or by any combination thereof, in percentages detemined by the agency.

(e) Housing developments and other residential structures, the mortgage loans on which are presently or are expected to be insured in whole or in part by the Federal Housing Administration or guaranteed in whole or in part by the United States Veterans Administration or by the Farmers Home Administration of the United States Department of Agriculture in percentages determined by the agency.

(f) Housing developments and other residential structures financed by a loan made by the agency to a qualified mortgage lender, if both of the following conditions are met:

(1) The loan to the qualified mortgage lender is a general obligation of the mortgage lender, and

(2) The qualified mortgage lender is a member of, or a subsidiary

of a member of, the Federal Deposit Insurance Corporation or of the Federal Savings and Loan Insurance Corporation.

(g) Housing developments and other residential structures financed by tax-exempt bonds for which a bond reserve fund is created which at least equals either the average annual debt service or the maximum annual interest on the bonds issued.

51352. Except as may otherwise be expressly provided by resolution of the agency, every issue of its bonds shall be general obligations of the agency payable out of any assets, revenues, or moneys of the agency, subject only to any agreements with the holders of particular bonds pledging any particular bonds pledging any particular assets, revenues or moneys.

51353. The bonds shall be authorized by resolution or resolutions of the agency, shall be in such form, shall bear such date or dates, and shall mature at such time or times as such resolution or resolutions may provide, except that no bond shall mature more than 50 years from the date of its issue. The bonds may be issued as serial bonds or as term bonds, or as a combination thereof, and, notwithstanding any other provision of law, the amount of principal of, or interest on, bonds maturing at each date of maturity need not be equal. The bonds shall bear interest at such rate or rates, be in such denominations, be in such form, either coupon or registered, carry such registration privileges, be executed in such manner, be payable in such medium of payment at such place or places within or without the state, be subject to such terms of redemption and contain such terms and conditions as such resolution or resolutions may provide. The bonds of the agency shall be sold at public or private sale by the State Treasurer at, above, or below the par value, on such terms and conditions and for such consideration in such medium of payment as the agency shall determine by resolution prior to the sale.

51354. The agency may, from time to time, issue (1) bonds to renew bonds and (2) other bond obligations to pay bonds including the interest thereon, and, whenever it deems refunding expedient, to refund any bonds by the issuance of new bonds, whether the bonds to be refunded have or have not matured and to issue bonds partly to refund bonds then outstanding and partly for any of its purposes.

51355. Any resolution or resolutions authorizing any bonds or issue therefor may contain provisions, which shall be a part of the contract or contracts with the holders thereof, as to:

(a) Pledging all or any part of the revenues of the agency to secure the payment of the bonds or any issue thereof, subject to such agreements with bondholders as may then exist.

(b) Pledging all or any part of the assets of the agency, including mortgages and obligations securing the same, to secure the payment of the bonds or any issue thereof, subject to such agreements with bondholders as may then exist.

(c) The use and disposition of the gross income from mortgages owned by the agency and payment of principal of mortgages owned by the agency.

(d) The setting aside of reserves or sinking funds and the regulation and disposition thereof.

(e) Limitations on the purposes to which the proceeds of a sale of bonds may be applied and pledging such proceeds to secure the payment of the bonds or of any issue thereof.

(f) Limitations on the issuance of additional bonds, the terms upon which additional notes or bonds may be issued and secured, and the refunding of outstanding bonds.

(g) The procedure, if any, by which the terms of any contract with bondholders may be amended or abrogated, the amount of bonds the holders of which must consent thereto, and the manner in which such consent may be given.

(h) Limitations on the amount of moneys to be expended by the agency for operating expenses of the agency.

(i) Vesting in a trustee or trustees such property, rights, powers, and duties in trust as the agency may determine, and providing for or limiting or abrogating the right of the bondholders to appoint a trustee or limiting the rights, powers, and duties of such trustee.

(j) Defining the acts or omissions to act which shall constitute a default in the obligations and duties of the agency to the holders of the bonds and providing for the rights and remedies of the holders of the bonds in the event of such default. However, such rights and remedies shall not be inconsistent with the general laws of the state and the other provisions of this division.

(k) Any other matters of like or different character, which in any way affect the security, protection, or investment return of the holders of the bonds.

51356. Any resolution or resolutions authorizing any bonds or issue thereof shall specify the extent to which revenues resulting from loans made with proceeds of the bonds so authorized are to be used to secure the bonds and the extent to which such revenues may be used for other purposes.

51357. Any pledge made by the agency shall be valid and binding from the time when the pledge is made. The revenues, moneys, or property so pledged and thereafter received by the agency shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the agency, irrespective of whether such parties have notice thereof. Neither the resolution nor any other instrument by which a pledge is created need be recorded.

51358. Bond underwriters and consultants shall be selected by the agency.

51359. The members of the board, the president of the agency, or any other person executing such notes or bonds shall not be subject to any personal liability or accountability by reason of the issuance thereof.

51360. There is hereby continued in existence the Housing Bond Credit Committee composed of the State Controller, the State Treasurer, the Director of Finance, the president, and an executive secretary. The executive secretary shall be appointed by the Governor to a five year term subject to confirmation by the Senate.

The executive secretary shall serve in a full-time capacity with a salary set by the committee. The executive secretary shall aid the committee in the performance of its duties under this chapter, as directed by the committee, and shall perform the functions specified in Section 50912. The members of the committee other than the executive secretary shall serve on the committee without compensation. A majority shall be empowered to act for such committee. Prior to the issuance of any bonds, the board shall submit to the committee a statement of the purpose for which bonds are proposed to be issued and the amount of the proposed issuance. The committee shall determine the general adequacy of the program's security in protecting the state's credit. If the committee finds the state's credit would be subject to an undue risk, it may disapprove the proposed issuance or reduce the amount of the proposed issuance.

51361. The State Treasurer shall act as trustee for the agency and the holders of its bonds. Any resolution authorizing any bonds or issue thereof shall prescribe the duties of the State Treasurer with respect to the issuance, authentication, sale, and delivery of the bonds, the payment of principal and interest thereof, and the redemption of the bonds. Notwithstanding any other provision of law, the State Treasurer shall not be deemed to have a conflict of interest by reason of acting as trustee pursuant to this division

The agency may provide by a resolution for the deposit of all revenues pledged for the security of such bonds in one or more separate accounts in the California Housing Finance Fund under the control of the State Treasurer as trustee. The money in such accounts shall be disbursed only as provided in the resolution.

The board may authorize the State Treasurer to act as trustee on behalf of the holders of its bonds, or any stated percentage thereof, for the purpose of exercising and prosecuting on behalf of the holders of the bonds such rights and remedies as may be available to such holders. However, nothing in this section shall preclude the appointment of a trustee, other than the State Treasurer, to represent and enforce rights of holders of bonds of the agency if, and in the manner and under conditions, provided in the resolution authorizing the bonds.

51362. The State Treasurer or other trustee acting on behalf of bondholders shall have and possess all the powers necessary or convenient for the exercise of any functions specifically set forth in this part or incident to the general representation of bondholders in the enforcement and protection of their rights. The Superior Court of Sacramento County shall have jurisdiction of, and Sacramento County shall be the appropriate venue for, any suit, action, or proceedings by the trustee on behalf of bondholders.

51363. Whether or not the bonds are of such form and character as to be negotiable instruments under, or subject to, the terms of the California Uniform Commercial Code, the bonds and any security instruments underlying the bonds are hereby made negotiable instruments within the meaning of, and for all the purposes of, such code, subject only to the provisions of the bonds for registration.

51364. In the event any of the board members or officers of the agency whose signatures appear on any bonds or coupons shall cease to be such board members or officers before the delivery of such bonds, such signatures shall, nevertheless, be valid and sufficient for all purposes, the same as if such board members or officers had remained in office until such delivery.

51365. Proceeds derived from the issuance of bonds or securities and any interest or other increment derived from the investment thereof may be used for any of the purposes of the agency, including, but not limited to, creation of reserves, repayment of the loan from the state made pursuant to the act enacting this division, operating costs, other expenses, and subsidy programs.

51366. The agency, in its discretion and pursuant to agreements with bondholders, may create and establish one or more special accounts in the California Housing Finance Fund, which shall be known as "bond reserve funds," and shall pay into each such bond reserve fund (1) any moneys appropriated and made available by the Legislature for the purpose of such fund, (2) any proceeds of sale of bonds to the extent provided in the resolution or resolutions of the agency authorizing the issuance thereof, and (3) any other moneys which the agency may make available for the purpose of such bond reserve fund from any other source or sources. All moneys held in any bond reserve fund, except as otherwise provided in this part, shall be used, as required, solely for the payment of the principal of bonds secured in whole or in part by such fund, for the sinking fund payments authorized by this part with respect to such bonds, for the purchase or redemption of such bonds, for the payment of interest on such bonds, or for the payment of any redemption premium required to be paid when such bonds are redeemed prior to maturity. However, moneys in a bond reserve fund shall not be withdrawn therefrom at any time in such amount as would reduce the amount of the bond reserve fund to less than the minimum bond reserve fund requirement established for such fund, as provided in Section 51367, except for the purpose of making, with respect to bonds secured in whole or in part by such fund, payment when due of principal, interest, redemption premiums, and the sinking fund payments, as provided in this part, for the payment of which other moneys of the agency are not available. Any income or interest earned by, or increment to, any bond reserve fund due to the investment thereof may be transferred by the agency to other funds or accounts of the agency to the extent it does not reduce the amount of the bond reserve fund below the minimum bond reserve fund requirement for such fund.

In computing the amount of bond reserve funds for purposes of this section, securities in which all or a portion of such funds are invested shall be valued at par, if purchased at par, and shall be valued at amortized value, as such term is defined by resolution of the agency, if purchased at other than par.

51367. The agency shall not at any time issue bonds if, upon issuance of the bonds, the amount in any bond reserve fund, established pursuant to Section 51366 to secure such bonds or any

previous issuance of bonds so secured by such bond reserve fund, will be less than the minimum bond reserve fund requirement for such fund, unless the agency at the time of issuance of such bonds, shall deposit in such fund from the proceeds of the bonds to be issued, or from other sources, an amount which, together with the amount then in such fund, will not be less than the minimum bond reserve fund requirement for such fund. For the purposes of this chapter, the term "minimum bond reserve fund requirement" shall mean, as of any particular date of computation, the amount, as provided in the resolution or resolutions of the agency authorizing the bonds with respect to which such bond reserve fund is created, that is established as a reserve for current or future obligations to the bondholders.

51368. The Supplementary Bond Security Account is hereby continued in existence in the California Housing Finance Fund. Moneys in such account may be transferred into separate, individual accounts in the fund, which shall be known as supplementary reserve accounts, but the amount appropriated to the Supplementary Bond Security Account shall be utilized to secure issuances of bonds under this chapter as deemed necessary by the agency and shall be used for no other purpose. Upon issuance of any bonds pursuant to this chapter, the agency may create a supplementary reserve account to secure payment of the principal of, and interest and sinking fund payment on, such bonds.

When all obligations secured by all supplementary reserve accounts are retired the Supplementary Bond Security Account shall be dissolved and all moneys therein shall be used first for repayment to the General Fund in the State Treasury of the amount advanced to the Supplementary Bond Security Account by the act enacting this division, less any amount previously repaid on account of such advance. Remaining funds shall be paid into the general accounts of the housing finance agency unless otherwise obligated.

When the amount in a bond reserve fund falls below the minimum bond reserve fund requirement for such fund and available revenues of the agency pledged to the prescribed minimum bond reserve fund requirement are insufficient to restore such fund, the agency shall transfer to the bond reserve fund, from the supplementary bond reserve account securing such bonds, the amount necessary to restore such fund to the minimum bond reserve fund requirement. Moneys in supplementary reserve accounts may be used to directly pay the interest, principal and sinking fund payments on the bonds as provided by bond resolution. To secure issuances of bonds, the supplementary reserve accounts may also be used to insure mortgages to protect the value of the housing developments or other residential structures serving as real property security, except owner-occupied housing developments, in any manner permitted by bond resolution.

Notwithstanding other provisions of this part, interest on the ten million dollars ($10,000,000) appropriated for the Supplementary Bond Security Account shall be paid to the General Fund at the end of each fiscal year.

51369. The agency shall create and establish such other accounts in the California Housing Finance Fund as may be necessary or desirable for its agency purposes.

51370. In addition to the authority otherwise contained in this division to issue notes in anticipation of the sale of bonds, the agency may issue negotiable bond anticipation notes and negotiable construction loan notes and may renew such notes from time to time. Bond anticipation notes may be paid from the proceeds of sale of the bonds of the agency in anticipation of which they were issued. Construction loan notes may be paid from the proceeds of permanent loans. Bond anticipation notes and construction loan notes and agreements relating thereto and the resolution or resolutions authorizing such notes and agreements may contain any provisions, conditions, or limitations which a bond, agreement relating thereto, or bond resolution of the agency may contain.

51371. The agency may provide for the issuance of refunding bonds for the purpose of refunding any bonds then outstanding which have been issued under the provisions of this chapter, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds, and for any purpose of the agency. The issuance of such obligations, the maturities and other details thereof, the rights of the holders thereof, and the rights, duties, and obligations of the agency in respect of the same shall be governed by the provisions of this chapter which relate to the issuance of bonds, insofar as such provisions may be appropriate therefor.

51372. Refunding bonds issued as provided in Section 51371 may be sold, or exchanged for outstanding bonds issued under this part and, if sold, the proceeds thereof may be applied, in addition to any other authorized purposes, to the purchase, redemption, or payment of such outstanding bonds. Pending the application of the proceeds of any such refunding bonds, with any other available moneys, (1) to the payment of the principal, accrued interest, and any redemption premium on the bonds being refunded, (2) to the payment of any interest on such refunding bonds, or (3) to any expenses incurred in connection with such refunding, such proceeds may be invested in such obligations as are permitted under the bond resolution authorizing the issuance of refunding bonds.

51373. The state does hereby pledge to and agree with the holders of any bonds issued under this part that the state will not limit or alter the rights hereby vested in the agency to fulfill the terms of any agreements made with the holders thereof or in any way impair the rights and remedies of such holders until such bonds, together with the interest thereon, with interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceeding by or on behalf of such holders, are fully met and discharged. The agency is authorized to include this pledge and agreement of the state in any agreement with the holders of such notes or bonds.

51374. Bonds issued under the provisions of this part shall not be deemed to constitute a debt or liability of the state or of any political subdivision thereof, other than the agency, or a pledge of the faith

and credit of the state or of any such political subdivision, other than the agency, but shall be payable solely from funds herein provided therefor. All such bonds and any prospectus or other printed representation of the agency concerning such bonds shall contain on the face thereof a statement to the following effect: "Neither the faith and credit nor the taxing power of the State of California is pledged to the payment of the principal of or interest on this bond."

The issuance of bonds under the provisions of this part shall not directly or indirectly or contingently obligate the state or any political subdivision thereof to levy or to pledge any form of taxation whatever therefor or to make any appropriation for their payment. Nothing contained in this section shall prevent or be construed to prevent the agency from pledging its full faith and credit to the payment of bonds or issue of bonds authorized pursuant to this part.

51375. The bonds of the agency shall be legal investments in which all public officers and public bodies of this state, its political subdivisions, all municipalities and municipal subdivisions, all insurance companies and associations and other persons carrying on an insurance business, all banks, bankers, banking institutions, including savings and loan associations, building and loan associations, trust companies, savings banks and savings associations, investment companies and other persons carrying on a banking business, all administrators, guardians, executors, trustees and other fiduciaries, and all other persons whatsoever who are now or may hereafter be authorized to invest in bonds or in other obligations of the state, may properly and legally invest funds, including capital, in their control or belonging to them. The bonds may be used by any such private financial institution, person, or association as security for public deposits. The bonds are also hereby made securities which may properly and legally be deposited with and received by all public officers and bodies of the state or any agency or political subdivision of the state and all municipalities and public corporations for any purpose for which the deposit of bonds or other obligations of the state is now or may hereafter be authorized by law, including deposits to secure public funds.

PART 4. BOND AND LOAN INSURANCE

CHAPTER 1. GENERAL PROVISIONS AND DEFINITIONS

51600. The Legislature finds and declares as follows:

(a) For reasons of prudent investment policy, private lending institutions are not making mortgage financing available for residential structures located in many older residential neighborhoods, or for certain housing developments occupied or intended to be occupied by substantial numbers of persons and families of low and moderate income because of the perceived risks such loans entail. The lack of such financing has caused and contributed to deterioration of residential neighborhoods, inhibited local governments in their attempts to arrest and reverse deterioration through local code enforcement programs, and

generally reduced or limited the supply of safe, decent, and sanitary housing available to persons and families of low and moderate income.

(b) By the enactment of the Marks-Foran Residential Rehabilitation Act of 1973 (Part 3 (commencing with Section 37910) of Division 24), the state has authorized local agencies, redevelopment agencies, and housing authorities to provide financing for preservation of residential structures in deteriorating areas. However, some of such local public entities will be unable to sell revenue bonds pursuant to such act on terms sufficiently favorable to enable them to make loans at less than the market-rate interest because of a lack of adequate bond security.

(c) The agency, although it is empowered to sell revenue bonds in order to raise funds for housing assistance, may be unable to market such bonds on terms and at interest rates adequate to enable the agency to accomplish its purposes.

51601. It is the intent of the Legislature in enacting this part to establish a program of bond and loan insurance to encourage and facilitate the preservation of existing housing and improve housing opportunities for persons and families of low or moderate income by reducing the risk factor (1) for loans for housing in older deteriorating areas and (2) for revenue bonds issued by local agencies, redevelopment agencies, and housing authorities pursuant to the Marks-Foran Residential Rehabilitation Act of 1973.

It is further the intent of the Legislature in enacting this part to improve the marketability of revenue bonds sold by the agency by providing for insurance of loans made or assisted by the agency for housing developments located in neighborhood preservation areas.

51602. The agency shall require that occupancy of housing for which a loan is insured pursuant to this part shall be open to all regardless of race, sex, color, religion, national origin, or ancestry, and that contractors and subcontractors engaged in the construction or rehabilitation of housing funded by a loan insured pursuant to this part shall provide an equal opportunity for employment without discrimination as to race, sex, marital status, color, religion, national origin, or ancestry.

51603. Unless the context otherwise requires, the definitions contained in this chapter shall govern the construction of this part.

Such definitions shall be in addition to definitions set forth in Part 1 (commencing with Section 50000) of this division, except that, where the same term is defined in this chapter and in such part, the definition of such term contained in this chapter shall prevail.

51604. "Approved lending institution" means a qualified mortgage lender approved by the agency for participation in a program of loan insurance, including such successors and assigns of any such institution as are permitted by regulation of the agency. "Approved lending institution" shall also include the agency to the extent lending is permitted under Chapter 5 (commencing with Section 51100) of Part 3.

51605. "Bond reserve requirement" means an amount specified by regulations of the agency which shall, as of any particular date of

computation, be at least equal to the total of (1) insurance benefits due and payable as of such date under contracts of bond insurance and (2) 5 percent of the sum of the aggregate insurance outstanding under contracts of bond insurance and the aggregate amounts to be insured under the agency's commitments to insure bonds.

51606. "Bonds" means bonds issued pursuant to Part 13 (commencing with Section 37910) of Division 24.

51607. "Insurance Fund" means the Housing Rehabilitation Insurance Fund.

51608. "Insurance reserve requirement" means an amount specified by regulations of the agency, which shall, as of any particular date of computation, be at least equal to the total of (1) insurance benefits due and payable as of such date pursuant to contracts of loan insurance and (2) 5 percent of the sum of the aggregate insurance outstanding under contracts of loan insurance and the aggregate amounts to be insured under the agency's commitments to insure loans.

51609. "Insured loan" means a loan insured pursuant to Chapter 4 (commencing with Section 51850) of this part.

51610. "Loan-to-value limitation" means a limitation on the ratio of the original principal balance of a loan to the appraised value, including the estimated costs of repair and rehabilitation and sale if any, of the property securing it.

51611. "Qualified rehabilitator" means a housing sponsor which is certified by the agency to be qualified according to experience, financial capability, and such other pertinent criteria as the agency may establish by regulation, to carry out rehabilitation with loans insured pursuant to this part.

51612. "Rehabilitated structure" means a residential structure which becomes eligible for an insured acquisition loan by rehabilitation conducted pursuant to rules and regulations of the agency, whether or not loan insurance is provided by the agency for such rehabilitation.

CHAPTER 2. ADMINISTRATION

51650. The agency shall, with respect to the implementation of this part, have the general powers set forth in Sections 51050 and 51058 and, in addition, may do any and all things necessary to carry out its purposes and exercise the powers expressly granted by this part. The agency shall develop and maintain complete and current statistics and other information with respect to the loan insurance program, including, but not limited to, statistics and information relating to the following:

(a) Financial market conditions, including the interest rates, payback periods, and other terms and conditions affecting such housing.

(b) The character, extent, and actual costs of construction or rehabilitation undertaken during each phase of the program.

(c) Factors affecting, and statistics showing, the extent and utilization of each phase of the program.

(d) Factors affecting the processing time of applications and statistics showing processing times actually experienced for each phase of the program.

(e) Mortgage arrearages, defaults, and foreclosures on insured mortgage loans and expenses incurred as a result of such arrearages, defaults, and foreclosures.

(f) The extent of displacement of persons and the extent and amount of rental increases resulting from insurance of loans, together with measures taken to minimize such displacement and rental increases.

(g) The extent, character, and location of areas throughout the state which have a significant deficiency in the availability of mortgage financing.

(h) The extent and location of housing in the state which is deteriorating or in danger of deteriorating, and the nature and costs of repairs and improvements necessary to arrest such deterioration and restore the housing to decent, safe, and sanitary condition.

(i) Abuses of the program and actions taken in connection therewith.

51651. Information and statistics required to be collected and maintained by Section 51650 shall be submitted together with the annual report required by Section 51005.

51652. (a) The agency may contract with any private or public agency for review of the administration of this part and for assistance in developing regulations to implement this part. The agency shall be responsible for the planning, implementation, functioning, and evaluation of the program of loan and bond insurance.

(b) Not less than once every two years after the effective date of this part, the agency shall contract for an independent evaluation of the program of loan and bond insurance authorized by this part. The report of such evaluation shall include an evaluation of program effectiveness in relation to cost and shall include recommendations and suggested legislation for the improvement of the program, if any. A copy of such report shall be transmitted to the Legislature.

51653. The Housing Rehabilitation Insurance Fund is hereby continued in existence in the State Treasury. All money in the insurance fund is hereby continuously appropriated to the agency without regard to fiscal year for the purpose of insuring loans and bonds pursuant to this part and for the purpose of defraying administrative expenses incurred by the agency in operating such programs of loan and bond insurance. All insurance premiums and other moneys accruing to the agency pursuant to this part shall be deposited in the insurance fund.

51654. Notwithstanding the provisions of Chapter 2 (commencing with Section 12850) of Part 2.5 of Division 3 of Title 2 of the Government Code or the provisions of Article 2 (commencing with Section 13320) of Chapter 3 of Part 3 of such division, application of the insurance fund shall not be subject to the supervision or budgetary approval of any other officer or division of state government. However, the agency's budget respecting such fund shall be reviewed by the Secretary of the Business and Transportation Agency. Additionally, such budget shall be

submitted, with the Secretary's comments, to the Joint Legislative Budget Committee for review and comment.

51655. The agency shall from time to time direct the State Treasurer to invest moneys in the insurance fund which are not required for its current needs in such eligible securities specified in Section 16430 of the Government Code as the agency shall designate. The agency may direct the State Treasurer to deposit moneys in the insurance fund in interest-bearing accounts in state or national banks or other financial institutions having principal offices in this state. To the extent public deposits are permitted by law in each type of financial institution, the agency shall direct the State Treasurer to make such deposits based on the relative participation of the different types of financial institutions as qualified mortgage lenders. However, such allocations shall not be required to the extent that they would result in receipt by the agency of a deposit interest rate that is lower than the highest interest rate available from another institution qualified to receive such deposits. The agency may alternatively require the transfer of moneys in the insurance fund to the Surplus Money Investment Fund for investment pursuant to Article 4 (commencing with Section 16470) of Chapter 3, Part 2, Division 4, Title 2 of the Government Code.

All interest or other increment resulting from such investment shall be deposited in the insurance fund, notwithstanding Section 16305.7 of the Government Code. Moneys in the insurance fund shall not be subject to transfer to any other fund pursuant to any provision of Part 2 (commencing with Section 16300) of Division 4 of Title 2 of the Government Code, except the Surplus Money Investment Fund as provided in this section.

51656. There is hereby continued in existence a loan insurance reserve account in the insurance fund to secure commitments under contracts to insure loans. The agency shall take all reasonable steps to assure that the loan insurance reserve account is continuously maintained at not less than the insurance reserve requirement. The agency shall not cause sums to be withdrawn from the loan insurance reserve account in amounts which would reduce the moneys therein to less than the insurance reserve requirement, except as necessary to satisfy liabilities arising under contracts of loan insurance. In the event that the loan insurance reserve account is reduced to less than the insurance reserve requirement, the agency shall cease making commitments for, and contracts of, insurance until such time as the loan insurance reserve account has been restored to such requirement.

51657. There is hereby continued in existence a bond insurance reserve account in the insurance fund to secure commitments under contracts to insure bonds. The agency shall take all reasonable steps to assure that the bond reserve account is continuously maintained at not less than the bond reserve requirement. The agency shall not cause sums to be withdrawn from the bond insurance reserve account in amounts which would reduce the moneys therein to less than the bond reserve requirement, except as necessary to satisfy liabilities arising under contracts of bond insurance. In the event that

the bond insurance reserve account is reduced to less than the bond reserve requirement, the agency shall cease making contracts of bond insurance until such time as the account has been restored to such requirement.

51658. The agency may create other accounts within the insurance fund as necessary or convenient to carry out the purposes of this part.

51659. (a) The obligation of the agency and of the state to pay any insurance benefit pursuant to contracts of insurance insuring loans or bonds shall not exceed amounts deposited in the insurance fund which are made available therefor under the respective contracts of insurance. Nothing in this part shall require the Legislature to appropriate moneys from the General Fund in the State Treasury to the Housing Rehabilitation Insurance Fund on account of any such obligation. The insurance of loans or bonds under the provisions of this part shall not directly or indirectly or contingently obligate the state or any political subdivision thereof to levy or to pledge any form of taxation whatever therefor or to make any appropriation for their payment.

(b) All contracts of insurance insuring loans or bonds pursuant to this part shall contain on the face thereof a statement to the following effect: "Neither the faith and credit nor the taxing power of the State of California is pledged to the payment of the principal of or interest on this contract of insurance."

(c) Moneys in the insurance fund may not be transferred to any other fund of the agency except as necessary to pay the expenses of operating the program of loan and bond insurance authorized by this part, nor shall the agency utilize any moneys under the direction and control of the agency, other than moneys in the insurance fund, to satisfy liabilities arising from contracts of insurance authorized by this part.

CHAPTER 3. PROGRAM PRIORITIES

51800. The agency shall, after public hearings, establish priorities for the allocation of loan-insurance assistance among eligible areas throughout the state. In so doing, the agency shall take into account the following factors, to the extent applicable:

(a) The impact of loan-insurance assistance in increasing the housing stock in areas of demonstrated need.

(b) The impact of loan-insurance assistance in upgrading substandard residential structures to decent, safe, and sanitary condition.

(c) The impact of loan-insurance assistance in stabilizing urban neighborhoods and preventing or arresting the process of deterioration.

(d) The impact of loan-insurance assistance in effectuating the efficient utilization of commitments of housing subsidies, thereby increasing housing opportunities for very low-income households.

(e) The impact of loan-insurance assistance in effectuating the efficient utilization of community development funds made available pursuant to the Housing and Community Development Act of 1974 (Public Law 93-383).

(f) The availability and feasibility of alternative means to achieve substantially the same results as loan-insurance assistance.

(g) Opportunities for coinsurance or reinsurance of bonds and mortgages.

(h) The needs of other state housing programs.

(i) The availability of sufficient moneys in the insurance fund.

51801. Until the agency is satisfied that the effectiveness of loan insurance projects conducted in areas designated pursuant to Section 51303 has been demonstrated, and in any case prior to January 1, 1978, the aggregate amount of loan insurance provided by the agency in scattered-site rehabilitation areas shall not exceed 10 percent of the aggregate amount of all outstanding loan insurance and loan insurance commitments of the agency provided pursuant to this part.

51802. Insured loans shall not be made available pursuant to this part in areas where there exists widespread damage of a substantial nature to residential structures resulting from any natural or other disaster, including fire, flood, wind, and earthquake.

51803. Not less than 75 percent of the aggregate amount of loan insurance provided pursuant to this part shall be for loans, all or a portion of which are utilized for rehabilitation pursuant to Section 51852.

CHAPTER 4. LOAN INSURANCE

51850. (a) To be qualified for loan insurance a borrower shall be, or by reason of a loan insured pursuant to this part shall become, the owner of the residential structure for which an insured loan is authorized, and shall be able to bear the usual expenses of maintaining such structure and repay the loan. The agency may by regulation establish such additional requirements as it shall deem necessary to accomplish the purposes of this part.

(b) For the purpose of increasing the efficiency and minimizing the cost of the loan insurance program, the agency may insure or issue commitments to insure loans upon the certification of an officer of an approved lending institution that the borrower is qualified for loan insurance according to eligibility requirements specified by the regulations of the agency. However, the agency shall authorize such certification only for loans with respect to which the approved lending institution retains a substantial portion of the total risk.

51851. The agency shall adopt regulations specifying the percentage of the outstanding principal indebtedness which may be insured under this part with respect to each category of loan authorized to be insured under this part. Loans not secured by a mortgage of first priority may be insured for an amount equal to 100 percent of the outstanding principal indebtedness. All other categories of loans may be insured only for such percentage of the amount of risk as the agency determines is necessary to induce approved lending institutions to make such loans for the purposes specified in this part.

51852. Loans for the rehabilitation, refinancing, or acquisition of

residential structures located in neighborhood preservation areas designated pursuant to Chapter 6 (commencing with Section 51300) of Part 3 of this division may be insured by the agency, subject to the following requirements:

(a) Except for loans insured pursuant to subdivision (d), at least 20 percent of the amount of any such loan shall be used for repairs or improvements which are required by rehabilitation standards.

(b) The loan may include an additional amount to be used for general property improvements, which shall not exceed 20 percent of the amount used for rehabilitation required by rehabilitation standards; or, in the cases of owner-occupied residential structures of not more than four dwelling units, amounts loaned for general property improvements shall not exceed 40 percent of the amount loaned for required rehabilitation.

(c) Subject to the limitation prescribed by subdivision (a), the proceeds of the loan may be used for refinancing of existing indebtedness secured by property to be rehabilitated. Loans for refinancing may be insured only if refinancing is necessary to permit a borrower to afford the cost of rehabilitaton or to minimize rent increases for occupants of the residential structure whose rents would otherwise exceed affordable rents due to the expense of rehabilitation.

(d) The proceeds of the loan may be used for financing acquisition and rehabilitation of a residential structure, or acquisition of a rehabilitated structure, or acquisition of a residential structure which the borrower has agreed to conform to rehabilitation standards within a time and in a manner specified by regulations of the agency. No borrower shall be eligible for insurance of a loan or loans for the acquisition or rehabilitation of more than one residential structure with respect to any such area, unless the borrower is a qualified rehabilitator.

51853. In addition to insurance of loans authorized by Section 51852, the agency may insure the following types of loans in neighborhood preservation areas:

(a) Loans for acquisition of residential structures, provided such structures are in conformance with state and local housing and building standards; and provided, further, that no borrower shall be eligible for insurance of a loan or loans for more than one residential structure with respect to any such area, unless the borrower is a qualified rehabilitator.

(b) Construction and mortgage loans made or assisted pursuant to this division for financing housing developments.

The agency shall develop and adopt regulations that provide for an equitable sharing of the risk of loss among the agency and all other parties to the loan transaction with respect to loans for acquisition of residential structures insured pursuant to subdivision (a).

51854. Loans insured pursuant to this part shall meet the following requirements:

(a) The loans shall be made for a period acceptable to the agency, not to exceed 40 years or four-fifths of the remaining economic life

of the structure as determined by the agency in accordance with its regulations, whichever is less.

(b) The loans shall be subject to maximum loan amounts for each category of loan authorized to be insured under this part, as established by regulations of the agency.

(c) The loan shall be secured by mortgages.

(d) The agency shall establish loan-to-value limitations for each category of loan and may set forth limitations on the further encumbrance of structures and other real property securing loans, but only to the extent necessary to prevent unreasonable impairment of the agency's security. In no case involving refinancing or purchase shall the loan have a principal obligation in an amount exceeding the sum of the estimated cost of rehabilitation, if any, and either the amount required to refinance existing indebtedness secured by the property or, in the case of a sale, the amount of the purchase price and settlement and closing costs incurred in connection with the purchases.

(e) Loans for the rehabilitation of residential structures shall have a principal obligation not exceeding an amount which, when added to any outstanding indebtedness constituting a lien upon the property securing the loan, creates a total outstanding indebtedness which could be reasonably secured by a first mortgage on the property pursuant to subdivision (d), and as set forth by regulations of the agency.

(f) With respect to any loan for the rehabilitation of a residential structure, the agency shall determine that such repair and improvement is economically feasible. With respect to the rehabilitation of a mixed-use residential and commercial structure or of a commercial structure, the agency shall determine that there will be a demand for commercial occupancy of the residential structure after rehabilitation. In making such determination, the level of rent necessitated by repayment of the loan shall be considered.

(g) For the purpose of increasing the efficiency and minimizing the cost of the loan insurance program, the agency may insure or issue commitments to insure loans, upon the certification of an officer of an approved lending institution that the proposed rehabilitation conforms to requirements specified by regulations of the agency regarding economic feasibility and commercial demand.

(h) With respect to any loan for rehabilitation or rehabilitation in combination with refinancing or purchase, the loan agreement shall provide that all funds loaned for repairs and improvements shall be paid after completion or according to a progress payment schedule to the owner and contractor or other provider of goods or services jointly at such times as payment becomes due, and provided the work or portion of the work for which payment is tendered is certified, as provided by regulation of the agency, to be in compliance with contract specifications and applicable state or local housing or building standards. The agency shall approve the contractor or contractors, the contract to provide rehabilitation construction, and the contract specifications prior to committing any funds of an insured loan for rehabilitation.

(i) The agency shall require that borrowers contract during the term of the loan not to raise residential rentals over an amount which the agency by regulation establishes will yield a fair rate of return and will allow for increases reasonably necessary to provide and continue proper maintenance of the property; except that residential structures with more than one but less than five dwelling units which are to be occupied by the owner shall be regulated as to rentals in a manner consistent with subdivision (c) of Section 51200.

(j) Relocation payments shall be made to persons and families displaced in making a site or a residential structure available for rehabilitation or construction financed by loans insured under this part, and relocation advisory assistance provided to such persons, as specified by Section 51063. Relocation payments shall also be made to owners involuntarily displaced because of inability to afford costs of compliance required pursuant to this part, but any payment pursuant to Section 4623 of Title 42 of the United States Code or Section 7263 of the Government Code shall be limited to the reasonable cost of a replacement dwelling adequate to accommodate the displaced person or family without regard to whether the dwelling is otherwise comparable to the dwelling formerly occupied, less the amount received from sale of the dwelling. Relocation payments may be made from the proceeds of insured loans as authorized by the agency.

(k) The residential structure for which a loan is insured pursuant to this part shall be insured against loss due to fire and other causes, as provided by the regulations of the agency.

(*l*) Such other terms and conditions as the agency, by regulation, determines are necessary to further the purposes of this part.

51855. (a) The agency shall establish, and may from time to time revise, after public hearings, a schedule of insurance premiums to be added to the interest rates of insured loans. Such premiums may vary according to the category of the loan and the degree of risk related to the loan. Premiums shall be calculated in an amount which, when added to the other revenues of the insurance program, will be adequate to defray losses occasioned by defaults and the operating expenses of the program, to repay amounts advanced to the agency for purposes of this part from the General Fund, and gradually to expand the insurance capability of the program. Approved lending institutions shall remit premiums to the agency at intervals specified by the agency.

(b) The agency may by regulation prescribe such other charges as it finds necessary, including service charges and appraisal, inspection, and other fees.

51856. The agency shall establish procedures to be followed by approved lending institutions in the event of default on a loan insured under this part. The agency shall require that, prior to submitting a claim, an approved lending institution shall foreclose or exercise a power of sale and take possession of the property or otherwise acquire title and possession of such property within the time specified by the agency. The agency may, upon submission of such a claim, pursue either of the following alternatives:

(a) Pay the approved lending institution the benefit of the insurance, or

(b) Upon conveyance to the agency of all the right, title, and interest of the approved lending institution in the foreclosed property and the assignment of all claims of the approved lending institution against the defaulting borrower to the agency, pay to the qualified mortgage lender the sum of the unpaid principal balance of the loan, foreclosure costs, accrued interest, and such other costs as the agency shall find are fair and reasonable and by regulation authorize.

In any case in which the agency has insured only a portion of the outstanding principal indebtedness of a loan, it may further provide that not more than an equivalent percentage of the total accrued interest and costs shall be payable by the agency pursuant to this section in the event of a default.

51857. In the event of a default on an insured loan not secured by a first mortgage, the agency may, in lieu of proceeding under Section 51856, acquire the insured loan and any security therefor upon payment to the approved lending institution of an amount equal to the unpaid principal balance of the loan, accrued interest, and such other costs as the agency shall find are fair and reasonable and by regulation authorize.

51858. The agency may initiate programs of coinsurance or resinsurance with, and may procure reinsurance from, any local agency or agency of the United States or private mortgage insurer in order to accomplish more effectively the purpose of this part. The agency may coinsure loans made or originated by approved lending institutions which are otherwise insurable under the provisions of this part.

51859. The agency may provide for, and require attendance at, homeownership counseling and training courses as a condition to the insurance of loans for the purchase or refinancing of residential structures under this part.

CHAPTER 5. BOND INSURANCE

51900. The agency may insure bonds issued by local agencies, redevelopment agencies, or housing authorities pursuant to Part 13 (commencing with Section 37910) of Division 24. The agency may charge and collect insurance premiums for such insurance and make other reasonable charges for services performed in connection with approval and processing of such insurance. The agency shall take all reasonable steps to assure the following:

(a) The bonds contain, or are subject to, terms respecting repayment, dates of maturity, and other provisions satisfactory to the agency.

(b) The bonds contain, or are subject to, provisions which the agency deems necessary with respect to security interests of the agency, including provisions relating to subrogation, liens and releases of liens, payment of taxes, escrow or trusteeship requirements, or other matters.

SEC. 3. Any section of any act enacted by the Legislature during

the 1977 portion of the 1977–78 Regular Session, which takes effect on or before January 1, 1978, and which amends, amends and renumbers, or repeals a section repealed by this act, shall prevail over this act, whether such act is enacted prior or subsequent to this act.

Each member of the grand jury shall be allowed seven dollars ($7) for each day in attendance upon the sessions of the grand jury or for each day's active and necessary service as a member of any committee of the grand jury. Each grand juror shall be allowed mileage at the rate of fifteen cents ($0.15) a mile for each mile actually traveled in attendance upon and returning from meetings of the grand jury or any actual or necessary session of a grand jury committee duly called by the secretary or committee chairman, but no mileage shall be allowed outside of the county.

This section shall have no application to those zones in which the stopping, parking, or standing of all vehicles is prohibited or which are reserved for special types of vehicles. As a condition to this privilege the vehicle shall display a distinguishing license plate which shall be issued for a vehicle registered to the disabled person, or a vehicle which is not registered to such a disabled person, but which is used primarily to transport such disabled person and which would otherwise qualify for such distinguishing license plate if the vehicle were registered to the disabled person. The distinguishing license plate shall be issued without additional fees by the Department of Motor Vehicles pursuant to procedures adopted by that department. The department, prior to issuing a distinguishing license plate for a person who indicates that he suffers from lung disease or cardiovascular disease to the extent specified in this section, may require a certificate, signed by a physician licensed to practice medicine, stating that such person does suffer from lung disease or cardiovascular disease to such an extent.

(b) Any person who qualifies for issuance of a distinguishing license plate may apply to the Department of Motor Vehicles for issuance of a distinguishing placard. Such placard may be used in lieu of the distinguishing license plate for parking purposes when displayed on the driver's side dashboard of a vehicle. The placard shall be at least 6 inches by 12 inches in size, and blue in color.

(c) The Department of Motor Vehicles may charge a fee

sufficient to pay the actual cost to that department for issuance of such placards. The Department of Motor Vehicles may establish procedures for the issuance of such placards.

SEC. 2. Section 22511.5 of the Vehicle Code is amended to read:

22511.5. (a) Any person who has lost, or has lost the use of, one or more limbs or both hands, who is so severely disabled as to be unable to move without the aid of a mechanical device, who is blind, who suffers from lung disease to such an extent that his forced (respiratory) expiratory volume one second when measured by spirometry is less than one liter or his arterial oxygen tension (pO_2) is less than 60 mm/Hg on room air at rest, or who is impaired by cardiovascular disease to the extent that his functional limitations are classified in severity as class III or class IV according to standards accepted by the American Heart Association, shall be allowed to park for unlimited periods in parking zones restricted as to the length of time parking is permitted and shall be allowed to park in any metered parking space without being required to pay any parking meter fees. This section shall have no application to those zones in which the stopping, parking, or standing of all vehicles is prohibited or which are reserved for special types of vehicles. As a condition to this privilege the vehicle shall display a distinguishing license plate which shall be issued for a vehicle registered to the disabled person, or a vehicle which is not registered to such a disabled person, but which is used primarily to transport such disabled person and which would otherwise qualify for such distinguishing license plate if the vehicle were registered to the disabled person. The distinguishing license plate shall be issued without additional fees by the Department of Motor Vehicles pursuant to procedures adopted by that department.

(b) Prior to issuing a distinguishing license plate to a person who indicates that he suffers from lung disease or cardiovascular disease to the extent specified in this section, the Department of Motor Vehicles may require a certificate, signed by a licensed physician and surgeon, stating that such person does suffer from lung disease or cardiovascular disease to such an extent.

(c) As used in this section, "blind" means having central visual acuity that does not exceed 20/200 in the better eye, with corrective lenses, as measured by the Snellen test, or visual acuity that is greater than 20/200, but with a limitation in the field of vision such that the widest diameter of the visual field subtends an angle not greater than 20 degrees. The blindness of any person applying to the Department of Motor Vehicles for a distinguishing license plate or placard shall be certified by a licensed physician and surgeon who specializes in diseases of the eye.

(d) Any person who qualifies for issuance of a distinguishing license plate may apply to the Department of Motor Vehicles for issuance of a distinguishing placard. Such placard may be used in lieu of the distinguishing license plate for parking purposes when displayed on the driver's side dashboard of a vehicle. The placard

shall be at least 6 inches by 12 inches in size and blue in color.

(e) The Department of Motor Vehicles may charge a fee sufficient to pay the actual cost to that department for issuance of such placards. The Department of Motor Vehicles may establish procedures for the issuance of such placards.

SEC. 3. Except as otherwise provided in Section 4 of this act, Section 1 of this act shall become operative on July 1, 1978.

SEC. 4. It is the intent of the Legislature, if this bill and Assembly Bill No. 289 are both chaptered and become effective January 1, 1978, both bills amend Section 22511.5 of the Vehicle Code, operative July 1, 1978, and this bill is chaptered after Assembly Bill No. 289, that the amendments to Section 22511.5 proposed by both bills be given effect and incorporated in Section 22511.5 in the form set forth in Section 2 of this act. CHAPTER 618

An act to amend Section 10291.5 of the Insurance Code, relating to insurance.

[Approved by Governor September 7, 1977. Filed with Secretary of State September 8, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 10291.5 of the Insurance Code is amended to read:

10291.5. (a) The purpose of this section is both (1) to prevent, in respect to disability insurance, fraud, unfair trade practices, and insurance economically unsound to the insured, and (2) to assure that the language of all insurance policies can be readily understood and interpreted.

(b) The commissioner shall not approve any disability policy for insurance or delivery in this state:

(1) If he finds that it contains any provision, or has any label, description of its contents, title, heading, backing, or other indication of its provisions which is unintelligible, uncertain, ambiguous, or abstruse, or likely to mislead a person to whom the policy is offered, delivered or issued.

(2) If it contains any provision for payment at a rate, or in an amount (other than the product of rate times the periods for which payments are promised) for loss caused by particular event or events (as distinguished from character of physical injury or illness of the

insured) more than triple the lowest rate, or amount, promised in the policy for the same loss caused by any other event or events (loss caused by sickness, loss caused by accident, and different degrees of disability each being considered, for the purpose of this paragraph, a different loss); or if it contains any provision for payment for any confining loss of time at a rate more than six times the least rate payable for any partial loss of time or more than twice the least rate payable for any nonconfining total loss of time; or if it contains any provision for payment for any nonconfining total loss of time at a rate more than three times the least rate payable for any partial loss of time.

(3) If it contains any provision for payment for disability caused by particular event or events (as distinguished from character of physical injury or illness of the insured) payable for a term more than twice the least term of payment provided by the policy for the same degree of disability caused by any other event or events; or if it contains any benefit for total nonconfining disability payable for lifetime or for more than 12 months and any benefit for partial disability, unless such benefit for partial disability is payable for at least three months; or if it contains any benefit for total confining disability payable for lifetime or for more than 12 months, unless it also contains benefit for total nonconfining disability caused by the same event or events payable for at least three months, and, if it also contains any benefit for partial disability, unless such benefit for partial disability is payable for at least three months. The provisions of this paragraph shall apply separately to accident benefits and to sickness benefits.

(4) If it contains provision or provisions which would have the effect, upon any termination of the policy, of reducing or ending such liability as the insurer would have, but for such termination, for loss of time resulting from accident occurring while the policy is in force or for loss of time commencing while the policy is in force and resulting from sickness contracted while the policy is in force or for other losses resulting from accident occurring or sickness contracted while the policy is in force, and also contains provision or provisions reserving to the insurer the right to cancel or refuse to renew the policy, unless it also contains other provision or provisions the effect of which is that termination of the policy as the result of the exercise by the insurer of any such right shall not reduce or end such liability in respect to the hereinafter specified losses as the insurer would have had under the policy, including its other limitations, conditions, reductions and restrictions, had the policy not been so terminated.

The specified losses referred to in the preceding paragraph are:

(i) Loss of time which commences while the policy is in force and results from sickness contracted while the policy is in force,

(ii) Loss of time which commences within 20 days following and results from accident occurring while the policy is in force,

(iii) Losses which result from accident occurring or sickness contracted while the policy is in force and arise out of the care or

treatment of illness or injury and which occur within 90 days from such termination of the policy or during a period of continuous compensable loss or losses which period commences prior to the end of such 90 days, and

(iv) Losses other than those specified in clause (i), (ii), or (iii) of this paragraph which result from accident occurring or sickness contracted while the policy is in force and which losses occur within 90 days following such accident or the contraction of such sickness.

(5) If by any caption, label, title or description of contents the policy states, implies, or infers without reasonable qualification that it provides loss of time indemnity for lifetime, or for any period of more than two years, if such loss of time indemnity is made payable only when house confined or only under special contingencies not applicable to other total loss of time indemnity.

(6) If it contains any benefit for total confining disability payable only upon condition that the confinement be of an abnormally restricted nature unless the caption of the part containing any such benefit is accurately descriptive of the nature of the confinement required and unless, if the policy has a description of contents, label, or title, at least one of them contain reference to such nature of the confinement required.

(7) If, irrespective of the premium charged therefor, any benefit of the policy is, or the benefits of the policy as a whole are, not sufficient to be of real economic value to the insured.

In determining whether benefits are of real economic value to the insured, the commissioner shall not differentiate between insureds of the same or similar economic or occupational classes and shall give due consideration to the following:

(i) The right of insurers to exercise sound underwriting judgment in the selection and amounts of risks.

(ii) Amount of benefit, length of time of benefit, nature or extent of benefit, or any combination of such factors.

(iii) The relative value in purchasing power of the benefit or benefits.

(iv) Differences in insurance issued on an industrial or other special basis.

To be of real economic value, it shall not be necessary that any benefit or benefits cover the full amount of any loss which might be suffered by reason of the occurrence of any hazard or event insured against.

(8) If it substitutes a specified indemnity upon the occurrence of accidental death for any benefit of the policy, other than a specified indemnity for dismemberment, which would accrue prior to the time of such death or if it contains provision which has the effect other than at the election of the insured exercisable within not less than twenty (20) days in the case of benefits specifically limited to the loss by removal of one or more fingers or one or more toes or within not less than 90 days in all other cases:

(i) Of substituting, upon the occurrence of the loss of both hands,

both feet, one hand and one foot, the sight of both eyes or the sight of one eye and the loss of one hand or one foot, some specified indemnity for any or all benefits under the policy unless the indemnity so specified is equal to or greater than the total of the benefit or benefits for which such specified indemnity is substituted and which, assuming in all cases that the insured would continue to live, could possibly accrue within four years from the date of such dismemberment under all other provisions of the policy applicable to the particular event or events (as distinguished from character of physical injury or illness) causing the dismemberment; or

(ii) Of substituting, upon the occurrence of any other dismemberment some specified indemnity for any or all benefits under the policy unless the indemnity so specified is equal to or greater than one-fourth of the total of the benefit or benefits for which such specified indemnity is substituted and which, assuming in all cases that the insured would continue to live, could possibly accrue within four years from the date of such dismemberment under all other provisions of the policy applicable to the particular event or events (as distinguished from character of physical injury or illness) causing the dismemberment; or

(iii) Of substituting a specified indemnity upon the occurrence of any dismemberment for any benefit of the policy which would accrue prior to the time of dismemberment.

As used in this section, loss of a hand shall be severance at or above the wrist joint, loss of a foot shall be severance at or above the ankle joint, loss of an eye shall be the irrecoverable loss of the entire sight thereof, loss of a finger shall mean at least one entire phalanx thereof and loss of a toe the entire toe.

(9) If it contains provision, other than as provided in Section 10370, reducing any original benefit more than 50 percent on account of age of the insured.

(10) If the insuring clause or clauses contain no reference to the exceptions, limitations and reductions (if any) or no specific reference to, or brief statement of, each abnormally restrictive exception, limitation or reduction.

(11) If it contains benefit or benefits for loss or losses from specified diseases only unless:

(A) The part or system of the human body principally subject to all such diseases,

(B) The similarity in nature or cause of such diseases,

(C) In case of diseases of an unusually serious nature and protracted course of treatment, the common characteristics of all such diseases with respect to severity of affliction and cost of treatment, and

expressly point out, when such is the case, that not all diseases of such classification are covered.

(12) If it does not contain provision for a grace period of at least the number of days specified below for the payment of each premium falling due after the first premium, during which grace period the policy shall continue in force provided, that the grace period to be included in the policy shall be not less than seven days for policies providing for weekly payment of premium, not less than 10 days for policies providing for monthly payment of premium and not less than 31 days for all other policies.

(13) If it fails to conform in any respect with any law of this state.

(c) The commissioner may, from time to time as conditions warrant, after notice and hearing, promulgate such reasonable rules and regulations, and amendments and additions thereto, as are necessary or convenient, to establish, in advance of the submission of policies, the standard or standards conforming to the provisions of subdivision (b) of this section, by which he shall disapprove or withdraw approval of any disability policy.

In promulgating any such rule or regulation the commissioner shall give consideration to the criteria herein established and to the desirability of approving for use in policies in this state uniform provisions, nationwide or otherwise, and is hereby granted the authority to consult with insurance authorities of any other state and their representatives individually or by way of convention or committee, to seek agreement upon such provisions.

(d) The commissioner may withdraw approval of filing of any policy or other document or matter required to be approved by him, or filed with him, by the provisions of this chapter when he would be authorized to disapprove or refuse filing of the same if originally submitted at the time of such action of withdrawal.

Any such withdrawal shall be in writing and shall specify reasons. An insurer adversely affected by any such withdrawal may, within a period of 30 days following mailing or delivery of the writing containing such withdrawal, by written request secure a hearing to determine whether such withdrawal should be annulled, modified or confirmed. Unless, at any time, it be mutually agreed to the contrary, hearing shall be granted and commenced within a period of 30 days following filing of the request and shall proceed with reasonable dispatch to determination. Unless the commissioner in writing in such withdrawal, or subsequent thereto, grants an extension, any such withdrawal shall, in the absence of any such request, be effective, prospectively and not retroactively, on the 91st day following the mailing or delivery of such withdrawal, and, if request for such hearing be filed, on the 91st day following mailing or delivery of written notice of the commissioner's determination.

No action of the commissioner shall become effective before the expiration of 20 days after written notice and a copy thereof are mailed or delivered to the person adversely affected, and any action so submitted for review shall not become effective for a further period of 15 days after the filing of the petition in court. The court may stay the effectiveness thereof for a longer period.

(g) This section shall be liberally construed to effectuate the purpose and intentions herein stated; but shall not be construed to grant the commissioner power to fix or regulate rates for disability insurance or prescribe a standard form of disability policy, except that the commissioner shall prescribe a standard supplementary disclosure form for presentation with all disability insurance policies, pursuant to Section 10603.

(h) This section shall be effective on and after July 1, 1950, as to all policies thereafter submitted and on and after January 1, 1951, the commissioner may withdraw approval pursuant to subdivision (d) of any policy thereafter issued or delivered in this state irrespective of when its form may have been submitted or approved, and prior to such dates the provisions of law in effect on January 1, 1949, shall apply to such policies.

CHAPTER 619

An act to amend Sections 24200 and 24203 of, and to add Section 24200.1 to, the Education Code, relating to the State Teachers' Retirement System.

[Approved by Governor September 7, 1977. Filed with Secretary of State September 8, 1977]

The people of the State of California do enact as follows:

SECTION 1. Section 24200 of the Education Code, as proposed by the 1977 Education Code Supplemental Act, is amended to read:

24200. Any member prior to mailing of his first retirement allowance check and those retirants receiving an estimated allowance under Section 24503 may elect an option which is an actuarially reduced retirement allowance payable throughout the life of the member and his designated beneficiary as follows:

(a) Option 2. Upon the retirant's death, the reduced retirement allowance equal to the reduced amount the retirant was receiving shall be paid to such person as the retirant has nominated by written designation duly executed and filed with the system at the time of his retirement; or

(b) Option 3. Upon the retirant's death, one-half of the reduced retirement allowance the retirant was receiving shall be paid to such person as the retirant has nominated by written designation duly executed and filed with the system at the time of his retirement.

A member may revoke or change his election of an option at any time prior to the mailing of his first retirement allowance check. Except as provided in Section 24200.1, those retirants receiving an estimated allowance under Section 24503 shall not change the election after it has been received in the system's office in Sacramento.

After the election has been signed, then the election of the option shall be in full force and effect. If the election form is not received in the office of the system within 90 days after mailing by the system to the member the election form is void and cannot thereafter be used. The system shall then compute the allowance on the basis that no option had been elected.

SEC. 2. Section 24200.1 is added to the Education Code, to read:

24200.1. A retirant may cancel the option elected in Section 24200 in the event a final decree of dissolution of marriage or a judgment of nullity has been entered or an order of separate maintenance has been made by a court of competent jurisdiction, and the retirant notifies the board. A retirant may make such cancellation before or after the first retirement allowance check.

Notification to the board shall not be sooner than the effective date of the judgment or order and shall include a certified copy of the final decree of dissolution or judgment of nullity, or an order of separate maintenance, and any property settlement agreement.

Upon notification of the board, the retirant may elect (1) to receive the unmodified retirement benefit from the date of notification, or; (2) a second joint and survivor option under Section 24200, subject to actuarial reduction in the amount of the retirement allowance; provided, that a retirant may not elect a joint and survivor option that would result in any additional liability to the fund. Such election shall be consistent with the final judgment or property settlement agreement.

SEC. 3. Section 24203 of the Education Code, as proposed by the 1977 Education Code Supplemental Act, is amended to read:

24203. Any member who has qualified to make application for retirement allowance under Section 23901 may elect, as provided in Section 24200, and except as provided in Section 24200.1, without right of revocation or change after the effective date of his retirement, to receive an actuarially reduced retirement allowance as of the date of his retirement, of the retirement allowance payable to him when and if he retires for service in a reduced retirement allowance according to the provisions of either Option 2 or Option 3 as stated in Section 24200. If the death of such member occurs after the date upon which the election has been signed, then the election shall be in full force and effect. The election shall be void if not received in the system's office in Sacramento within 30 days after the date of signature.

Upon such member's death, prior to the effective date of his retirement, the beneficiary who was nominated under the option elected and who survives shall receive an allowance calculated under such option, upon the assumption that such member retired on the date of death. The payment of such allowance to the beneficiary shall be in lieu of the family allowance provided in Section 23804 and the payment provided in subdivision (a) of Section 23100 and paragraph (1) of subdivision (b) of Section 23800, except that if the beneficiary dies before all accumulated contributions are paid the balance if any shall be paid to the estate of the person last receiving or entitled to receive the allowance. The accumulated annuity deposit contributions and accumulated tax-sheltered annuity contributions, and the amount provided in paragraph (4) of subdivision (b) of Section 23800, shall be paid the designated beneficiary in a lump sum.

If the member subsequently retires, regardless of whether the beneficiary nominated under the option elected is then living, a reduced retirement allowance computed under Section 23800 and the option elected shall be paid.

The amount of the retirement allowance prior to applying the option factor shall be calculated at the member's age at death before retirement, or age on the last day of the month in which the member requested retirement be effective, as the case may be. The reduction of such retirement allowance under the option elected shall be based on the ages of such member and the beneficiary nominated under such option, at the date the election was signed.

CHAPTER 620

An act to amend Sections 2402.5, 24802, and 26100 of the Vehicle Code, relating to vehicles.

[Approved by Governor September 7, 1977. Filed with Secretary of State September 8, 1977]

The people of the State of California do enact as follows:

SECTION 1. Section 2402.5 of the Vehicle Code is amended to read:

2402.5. The commissioner shall, after he has considered motor vehicle safety standards adopted pursuant to the National Traffic and Motor Vehicle Safety Act of 1966 (15 U.S.C., Sec. 1381 et seq.), adopt and enforce regulations identical to such standards with respect to any motor vehicle or item of motor vehicle equipment applicable to the same aspect of performance of such vehicle or item of equipment.

Following adoption of such regulations, the commissioner may test vehicles and specific types of equipment for compliance with the federal standards. In formulating test procedures, the commissioner shall review and consider test procedures utilized for compliance with the federal standards. If such vehicle or equipment does not conform to regulations adopted by the commissioner, no person shall sell or offer for sale any such vehicle or equipment.

As used in this section, "motor vehicle safety standard" means a minimum standard for motor vehicle performance, or motor vehicle equipment performance which is practicable, which meets the need for motor vehicle safety and which provides objective criteria. A federal motor vehicle safety standard which conflicts with an equipment provision of this code applicable to the same aspect of performance shall supersede that specific provision of this code with respect to vehicles in compliance with the federal motor vehicle safety standard that was in effect at the time of sale.

It is the intent of the Legislature that the Department of the California Highway Patrol shall continue to carry out the approval of lamps, devices, and equipment as required in other sections of this code and the Department of the California Highway Patrol regulations adopted pursuant to this code, except such items certified by the manufacturer to meet applicable federal motor vehicle safety standards as original equipment on new vehicles and the identical replacements for those items. Testing requirements of this code and regulations adopted pursuant thereto shall be met by the manufacturer submitting a report from a laboratory approved by the department showing compliance with this code and such regulations. The test report shall contain a description adequate for positive identification of the particular item of equipment as prescribed by the Department of the California Highway Patrol and shall state the detailed data and measurements obtained to show compliance with each test requirement.

SEC. 2. Section 24802 of the Vehicle Code is amended to read:

24802. No lights need be displayed upon a vehicle which is:

(a) Parked off the roadway and not in a hazardous position on the highway; or

(b) Parked with a wheel within 18 inches of a curb; or

(c) Parked within a business or residence district with a wheel within 18 inches of a curb or edge of the roadway.

SEC. 3. Section 26100 of the Vehicle Code is amended to read:

26100. No person shall sell or offer for sale for use upon or as part of the equipment of a vehicle, nor shall any person use upon a vehicle any signal device, lighting equipment, or other device requiring approval by this code unless of a type which has been submitted to and approved by the department and which complies with regulations adopted pursuant to Section 2402.5. This section does not apply to a taillamp or stop lamp in use on or prior to December 1, 1935, or to any device or equipment certified by the manufacturer to meet applicable federal motor vehicle safety standards as original equipment on new vehicles, or to the identical replacements sold for vehicles originally using the device or equipment.

SEC. 4. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be an appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local governmental entities and school districts which, in the aggregate, do not result in significant identifiable cost changes.

CHAPTER 621

An act to amend Section 15122 of the Elections Code, relating to elections.

[Approved by Governor September 7, 1977. Filed with Secretary of State September 8, 1977]

The people of the State of California do enact as follows:

SECTION 1. Section 15122 of the Elections Code is amended to read:

15122. The commission shall review voting systems periodically to determine if they are defective, obsolete, or otherwise unacceptable. The commission has the right to withdraw its approval previously granted under this article of any voting system or part of a voting system should it be defective or prove unacceptable after such review. Six months' notice must be given before withdrawing approval unless the commission for good cause shown shall make a determination that a shorter notice period is necessary. Any withdrawal by the commission of its previous approval of a voting system or part of a voting system shall not be effective as to any election conducted within six months of such withdrawal.

In the event that such demand deposits are interest bearing, the contract also shall provide that on the interest payment dates the depositary shall also furnish a statement showing the amount of interest due thereon together with the payment of the interest due.

The contracts covering time or interest-bearing term deposits shall provide that the interest to be paid by the depositary bank shall be paid upon the expiration of the certificate or certificates of deposit issued as a part of the contract. The contract may also provide for periodic interest payments during the term of the deposit. The contract governing time deposits shall also provide that the amounts of interest shall be reported by the depositary bank at the time of payment of the interest, by statement showing the balances or amounts of money of the state held by it during the period and the amount of accrued interest thereon.

SEC. 4. Article 5 (commencing with Section 16580) of Chapter 4

of Part 2 of Division 4 of Title 2 of the Government Code is repealed.

SEC. 8. Article 5 (commencing with Section 16635) of Chapter 4.5 of Part 2 of Division 4 of Title 2 of the Government Code is repealed.

SEC. 9. Part 6 (commencing with Section 17400) is added to Division 4 of Title 2 of the Government Code, to read:

17402. When the first endorsement has been made by one other than the payee personally, the presenting bank and the endorsers are deemed to guarantee to the Treasurer, in addition to other warranties, that the person who so endorsed had unqualified capacity and authority to endorse the item on behalf of the payee.

17403. Upon such revocation the Treasurer may deduct the amount of the item from any amount that is due or may become due to the presenting bank or to obtain a refund from such bank. This right is subject only to the requirements that the item in question be returned at the time of offset or collection and that the item still be within the four-year period of legal negotiability.

17404. Upon notification from the State Treasurer that a forged or erroneously endorsed state warrant has been charged back to the presenting bank, the State Controller may issue a replacement warrant.

After the payment of any remaining amounts due for burial and last illness, the public guardian may transfer any remaining assets in accordance with and subject to the provisions of Section 630 of the Probate Code. No credit

shall be approved by the board after the expiration of such period unless a claim for credit is filed with the board within such period.

(b) A refund may be approved by the board for any period for which a waiver is given under Section 40079 if a claim therefor is filed with the board before the expiration of the period agreed upon.

SEC. 9. Section 40116 of the Revenue and Taxation Code is amended to read:

Authorized signatories shall be selected from members of the board of directors of the district, the general manager of the district, and the administrative secretary. A minimum of two signatures shall be required on all checks and warrants.

The controller shall keep an account of all receipts and disbursements, and shall deposit all money received by him in a depository or depositories selected by the board of directors.

SEC. 4. Section 5553 of the Public Resources Code is amended to read:

5553. The controller shall install and maintain a system of auditing and accounting, which will at all times show the financial condition of the district, and he shall perform such other duties as may be imposed upon him by this article, the board, or the general manager. Payment of employee salaries and benefits and other recurring claims may be authorized annually by the board.

SEC. 5. There are no state-mandated local costs in this act that require reimbursement under Section 2231 of the Revenue and Taxation Code because there are no new duties, obligations, or responsibilities imposed on local government by this act.

CHAPTER 631

An act to amend Sections 39610.5, 39640 and 81640 of the Education Code, relating to school and community college contracts.

[Approved by Governor September 7, 1977. Filed with Secretary of State September 8, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 39610.5 of the Education Code is amended to read:

39610.5. The governing board of a school district may construct a mobilehome site on the grounds of any district facility or facilities maintained by the district, including all necessary appurtenances and fixtures, and may pay the cost of utilities, insurance, and necessary services, for the purpose of enabling a responsible person or persons to install and occupy a mobilehome on such site. Such person or persons, who need not be classified as employees of the district, shall, in return for being permitted to install and occupy a mobilehome on the district facility site on terms and conditions acceptable to the governing board, agree to maintain any surveillance over the facility grounds as the school district governing board requires, and to report to district authorities illegal or suspicious activities that are observed.

SEC. 2. Section 39640 of the Education Code is amended to read:

39640. The governing board of any school district shall let any contracts involving an expenditure of more than eight thousand dollars ($8,000) for work to be done or more than twelve thousand dollars ($12,000) for materials or supplies to be furnished, sold, or leased to the district, to the lowest responsible bidder who shall give such security as the board requires, or else reject all bids. This section applies to all materials and supplies whether patented or otherwise.

SEC. 3. Section 81640 of the Education Code is amended to read:

81640. The governing board of any community college district shall let any contracts involving an expenditure of more than eight thousand dollars ($8,000) for work to be done or more than twelve thousand dollars ($12,000) for materials or supplies to be furnished, sold, or leased to the district, to the lowest responsible bidder who shall give such security as the board requires, or else reject all bids. This section applies to all materials and supplies whether patented or otherwise.

CHAPTER 632

An act to add Section 3543.8 to the Government Code, relating to public educational employment relations.

[Approved by Governor September 7, 1977. Filed with Secretary of State September 8, 1977]

The people of the State of California do enact as follows:

SECTION 1. Section 3543.8 is added to the Government Code, to read:

3543.8. Any employee organization shall have standing to sue in any action or proceeding heretofore or hereafter instituted by it as representative and on behalf of one or more of its members. The provisions of this section are expressly intended to apply to actions or proceedings commenced prior to, but concluded or pending as of, as well as on and after, the effective date of this section.

CHAPTER 633

An act to add Sections 1168.5 and 1168.7 to the Streets and Highways Code, relating to highways.

[Approved by Governor September 7, 1977. Filed with Secretary of State September 8, 1977]

The people of the State of California do enact as follows:

SECTION 1. Section 1168.5 is added to the Streets and Highways Code, to read:

1168.5. Any landowner whose property is located within the division may file a verified petition with the board alleging that the property will not be benefited by any construction, improvement, or maintenance project proposed to be undertaken by the division.

In such case, the board shall set the petition for hearing. Notice of the hearing shall be published in accordance with Section 1196. If, after hearing all of the evidence introduced at such hearing, the board finds and determines that the property will not, in fact, be benefited by the proposed project to be undertaken by the division and if there are no outstanding obligations owed by the landowner to the division, the board may order the property withdrawn and the boundaries modified accordingly. Thereafter, the boundaries as modified shall be the legal boundaries of the division.

SEC. 2. Section 1168.7 is added to the Streets and Highways Code, to read:

1168.7 The board may hold a hearing to determine if any property located outside of a division will benefit from any construction, improvement, or maintenance project proposed to be undertaken by the division.

Notice of the hearing shall be published in accordance with Section 1196. Notice shall also be mailed by the board, at least 10 days prior to the hearing, to all landowners whose property located outside of the division may benefit from the proposed project. The failure to mail any notice, or the failure of any person to receive such notice, shall not affect the validity of any action taken by the board under this section.

If, after hearing all of the evidence introduced at the hearing, the board finds and determines that property located outside of the division will benefit from the project proposed to be undertaken by the division, the board may order the boundaries of the division to be modified so as to include such property. Thereafter, the boundaries as modified shall be the legal boundaries of the division.

SEC. 3. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be an appropriation made by this act because the duties, obligations or responsibilities imposed on local governmental entities or school districts by this act are such that related costs are incurred as part of their normal operating procedures.

CHAPTER 634

An act to add Chapter 3.5 (commencing with Section 375) to Division 1 of the Water Code, relating to water conservation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 7, 1977. Filed with Secretary of State September 8, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 3.5 (commencing with Section 375) is added to Division 1 of the Water Code, to read:

CHAPTER 3.5. WATER CONSERVATION PROGRAMS

375. Notwithstanding any other provision of the law to the contrary, any public entity which supplies water at retail for the benefit of the inhabitants therein may, by ordinance or resolution adopted by a majority of the members of the governing body thereof after holding a public hearing upon notice thereof and making appropriate findings of necessity therefor, adopt and enforce a water conservation program to reduce the quantity of water used by the inhabitants therein for the purpose of conserving the water supplies of such public entity. Such ordinance or resolution may, for other than agricultural uses, specifically require the installation of water-saving devices which are designed to reduce water consumption. For the purposes of this section, "public entity" means a city, county, district, agency, or any other political subdivision of the state.

376. Any ordinance or resolution adopted pursuant to Section 375 is effective upon adoption. Within 10 days after its adoption, the ordinance or resolution shall be published pursuant to Section 6061 of the Government Code in full in a newspaper of general circulation which is printed, published, and circulated in the district. If there is no such newspaper the ordinance or resolution shall be posted within 10 days after its adoption in three public places within the district.

377. From and after the publication or posting of any ordinance or resolution pursuant to Section 376, violation of a requirement of a water conservation program adopted pursuant to Section 376 is a misdemeanor. Upon conviction thereof such person shall be punished by imprisonment in the county jail for not more than 30 days, or by fine not exceeding five hundred dollars ($500), or by both.

SEC. 2. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be an appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local governmental entities and

school districts which, in the aggregate, do not result in significant identifiable cost changes.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to implement effective conservation programs in sufficient time to relieve the existing severe condition of drought in this state, it is necessary, therefore, that the provisions of this act go into immediate effect.

CHAPTER 635

An act to amend Section 1246 of the Business and Professions Code, relating to venipuncture.

[Approved by Governor September 7, 1977 Filed with Secretary of State September 8, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 1246 of the Business and Professions Code is amended to read:

1246. Except as provided in Section 13354 of the Vehicle Code, an unlicensed person employed by a licensed clinical laboratory may perform venipuncture or skin puncture for the purpose of withdrawing blood for test purposes upon specific authorization from a licensed physician and surgeon provided that he meets all the following requirements:

(a) He works under the supervision of a person licensed under this chapter or of a licensed physician or surgeon or of a licensed registered nurse. A person licensed under this chapter, a licensed physician or surgeon, or a registered nurse shall be physically available to be summoned to the scene of the venipuncture within five minutes during the performance of such procedures.

(b) He has been trained by a licensed physician and surgeon or by a clinical laboratory bioanalyst in the proper procedure to be employed when withdrawing blood in accordance with training requirements established by the State Department of Health and has a statement signed by the instructing physician and surgeon or by the instructing clinical laboratory bioanalyst that such training has been successfully completed.

CHAPTER 636

An act to amend Sections 13961, 13962, 13963, 13968, and 13973 of the Government Code, relating to victims of crime.

[Approved by Governor September 7, 1977. Filed with Secretary of State September 8, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 13961 of the Government Code is amended to read:

13961. (a) A victim of a crime of violence may file an application for assistance with the board provided that the victim was a resident of California at the time the crime was committed and either:

(1) The crime was committed in California; or

(2) The person whose injury or death gave rise to the application was a resident of California who was injured or killed while temporarily outside the state.

(b) The board shall supply and make available application forms for this purpose.

(c) The period prescribed for the filing of an application for assistance shall be one year after the date of the crime, unless an extension is granted by the board, except that such period may be extended by the State Board of Control for good cause shown by the victim.

(d) The application for assistance shall be verified and shall contain the following:

(1) A description of the date, nature, and circumstances of the crime or public offense.

(2) A complete financial statement including but not limited to the cost of medical care or burial expense and the loss of wages or support the victim has incurred or will incur and the extent to which the victim has been or may be indemnified for these expenses from any source.

(3) When appropriate, a statement indicating the extent of any disability resulting from the injury incurred.

(4) An authorization permitting the State Board of Control to verify the contents of the application.

(5) Such other information as the board may require.

SEC. 2. Section 13962 of the Government Code is amended to read:

13962. (a) The staff of the board shall appoint a clerk to review all applications for assistance in order to insure that they are complete. If the application is not complete, it shall be returned to the victim with a brief statement of the additional information required. The victim, within 30 days of receipt thereof, may either supply the additional information or appeal such action to the board which shall review the application to determine whether or not it is complete.

(b) If the application is accepted, it shall be promptly verified by

the staff of the State Board of Control. The board thereupon shall consider the application at a hearing at a time and place of its choosing. The board shall notify all interested persons not less than five days prior to the date of the hearing.

(c) The victim shall cooperate with the staff of the State Board of Control in the verification of the information contained in the application. Failure so to cooperate shall be reported to the board, which, in its discretion, may reject the application on this ground alone.

SEC. 3. Section 13963 of the Government Code is amended to read:

13963. (a) At the hearing, the board shall:

(1) Review the application for assistance and the report prepared thereon and any other evidence obtained as a result of the investigation.

(2) Receive such other evidence as the board finds necessary or desirable properly to evaluate the application.

(b) If the victim chooses not to appear at the hearing, the board may act solely upon the application for assistance, the staff's report, and such other evidence as appears in the record.

SEC. 4. Section 13968 of the Government Code is amended to read:

13968. (a) The State Board of Control is hereby authorized to make all needful rules and regulations consistent with the law for the purposes of carrying into effect the provisions of this article.

(b) It shall be the duty of every hospital licensed under the laws of this state to display prominently in its emergency room posters giving notification of the existence and general provisions of this chapter. The board shall set standards for the location of such display and shall provide posters, application forms and general information regarding the provisions of this chapter to each hospital and physician licensed to practice in the State of California.

(c) It shall be the duty of every local law enforcement agency to inform victims of violent crimes of the provisions of this chapter and to provide application forms to victims who desire to seek assistance pursuant to this article. The board shall provide application forms and all other documents which local law enforcement agencies may require to comply with this section. The board shall set standards to be followed by local law enforcement agencies for this purpose and may require them to file with the board a description of the procedures adopted by each agency to comply.

SEC. 5. Section 13973 of the Government Code is amended to read:

13973. Upon presentation of any such claim, the Board of Control shall fix a time and place for the hearing of the claim, and shall mail notices thereof to interested persons or agencies. At the hearing, the board shall receive recommendations from public safety or law enforcement agencies, and evidence showing:

(a) The nature of the crime committed by the apprehended criminal or prevented by the action of the private citizen, or the nature of the action of the private citizen in rescuing a person in immediate danger of injury or death as a result of fire, drowning, or

other catastrophe, and the circumstances involved;

(b) That the actions of the private citizen substantially and materially contributed to the apprehension of a criminal, the prevention of a crime, or the rescuing of a person in immediate danger of injury or death as a result of fire, drowning, or other catastrophe;

(c) That as a direct consequence, the private citizen incurred personal injury or damage to property or died;

(d) The extent of such injury or damage for which the claimant is not compensated from any other source;

(e) Such other evidence as the board may require.

If the board determines, on the basis of a preponderance of such evidence, that the state should indemnify the claimant for the injury, death, or damage sustained, it shall approve the claim for payment. In no event shall a claim be approved by the board under this article in excess of five thousand dollars ($5,000).

In addition to any award made under this article, the board may award, as attorney's fees, an amount representing the reasonable value of legal services rendered a claimant, but in no event to exceed 10 percent of the amount of the award. No attorney shall charge, demand, receive, or collect for services rendered in connection with any proceedings under this article any amount other than that awarded as attorney's fees under this section. Claims approved under this article shall be paid from a separate appropriation made to the State Board of Control in the Budget Act and as such claims are approved by the board.

CHAPTER 637

An act to add Sections 44850.1 and 87419.1 to the Education Code, relating to school district employees.

[Approved by Governor September 7, 1977. Filed with Secretarya of State September 8, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 44850.1 is added to the Education Code, to read:

44850.1. Notwithstanding Section 44850, and notwithstanding provisions of the charter of any city, county, or city and county to the contrary, on and after January 1, 1978 the certificated employees of a school district serving in an administrative or supervisory position shall neither acquire nor retain permanent status in such position unless the employee is or becomes eligible for permanent status in accordance with provisions of this code.

SEC. 2. Section 87419.1 is added to the Education Code, to read:

87419.1. Notwithstanding Section 87419, and notwithstanding

provisions of the charter of any city, county, or city and county to the contrary, on and after January 1, 1978 the certificated employees of a community college district serving in an administrative or supervisory position shall neither acquire nor retain permanent status in such position unless the employee is or becomes eligible for permanent status in accordance with provisions of this code.

CHAPTER 638

An act to amend Sections 2, 5.1, and 7 of, and to add Sections 3.7, 3.8, 4.14, and 6.3 to, the Mariposa County Water Agency Act (Chapter 2036 of the Statutes of 1959), relating to the Mariposa County Water Agency, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 7, 1977 Filed with Secretary of State September 8, 1977]

The people of the State of California do enact as follows:

SECTION 1. Section 2 of the Mariposa County Water Agency Act (Chapter 2036 of the Statutes of 1959) is amended to read:

Sec. 2. As used in this act, the following words shall have the following respective meanings unless the context indicates otherwise:

(a) "Agency" is the Mariposa County Water Agency.

(b) "County" is the County of Mariposa of the State of California.

(c) "United States" is the United States of America including any one or more of the bureaus, commissions, divisions, departments, boards, agencies, and officers of the United States of America.

(d) "State" means the State of California including any one or more of the bureaus, commissions, divisions, departments, boards, agencies, and officers of the State of California.

(e) "Work" or "works" includes dams and dam sites, reservoirs and reservoir sites, and all conduits and other facilities useful in the control, conservation, diversion and transmission of water; power generation and transmission facilities; facilities for the collection, transmission, treatment, and disposal of sewage, waste, or storm water; any replacement, renovation or improvement of the foregoing; and all land, property, franchises, easements, rights-of-way and privileges necessary or useful to operate or maintain any of the foregoing.

(f) "District" means any of the following: irrigation districts, county water districts, water conservation districts, water districts, soil conservation districts, municipalities, towns, flood control districts, county service areas, and any other districts or political subdivisions of the state empowered by law to appropriate water and deliver water to water users or to collect, transmit, treat, or dispose

of sewage, waste, or storm water.

(g) "Public agency" means the United States, the state or any district.

(h) "Elector" or "qualified elector" or "voter" or "qualified voter" means any elector of the county and agency who is qualified under the laws of the State of California to vote in the county at general elections.

(i) "May" is permissive and "shall" is mandatory.

(j) "Board" means the board of directors of the agency.

SEC. 2. Section 3.7 is added to the Mariposa County Water Agency Act (Chapter 2036 of the Statutes of 1959), to read:

Sec. 3.7. The agency shall have the power by resolution or ordinance to adopt regulations respecting the exercise of its powers and the carrying out of its purposes, and to fix and collect rates and charges for the providing or the availability of any service it is authorized to provide or make available or for the sale, lease, or other disposition of water or other product of its works or operations, including standby charges and connection charges.

SEC. 3. Section 3.8 is added to the Mariposa County Water Agency Act (Chapter 2036 of the Statutes of 1959), to read:

Sec. 3.8. The agency may fix standby charges to be applied on an area, frontage, or parcel basis, or a combination thereof, to such areas within the agency to which service is made available, whether the service is actually used or not, for the purpose of financing or maintaining and operating projects which the agency is authorized to undertake. The agency may establish schedules varying such charges according to the land uses and the degree of availability or quantity of use of such service to the affected lands, and may restrict such charge to lands lying within one or more zones established within the agency; provided, however, that the agency may not: (1) fix an annual charge in excess of ten dollars ($10) for each acre or for each parcel of less than one acre; (2) apply standby charges to parcels that are being used for the production of plant crops, including timber, or livestock for market; or (3) apply standby charges to lands situated more than one-quarter of a mile from an available main or service connection. The agency may collect the standby charges as a part of the annual general county tax bill, provided the agency furnishes in writing to the board of supervisors and to the county auditor the description of each parcel for which a charge is to be billed together with the amount of the charge applicable to each parcel in sufficient time to meet the schedule established by the county for inclusion of such items on the county general tax bill. The parcel description may be the parcel number assigned by the county assessor to the parcel. In such cases, the standby charge shall become a lien against the parcel of land to which it is charged in the same manner as the county general taxes. Penalties may be collected for late payment of the standby charge or the amount thereof unpaid in the manner and at the same rates as that applicable for late payment or the amount thereof unpaid of county general taxes. If the agency

collects standby charges through the county general tax bill, the amount of the standby charge and any applicable penalty shall be stated on the tax bill separately from all other taxes, if practicable.

SEC. 4. Section 4.14 is added to the Mariposa County Water Agency Act (Chapter 2036 of the Statutes of 1959), to read:

Sec. 4.14. The agency shall have the power to plan, finance, acquire, construct, operate, and maintain facilities for the collection, transmission, treatment, and disposal of sewage, waste, and storm water. Whenever any area in the agency is provided with a sewer or storm drain system by or with the aid of the agency, the board by ordinance may declare the further maintenance or use of cesspools, septic tanks, or other local means of sewage disposal to be a public nuisance, and may require all buildings inhabited or used by human beings which are not more than 300 feet from such system or any extension thereof to be connected with the system.

SEC. 5. Section 5.1 of the Mariposa County Water Agency Act (Chapter 2036 of the Statutes of 1959) is amended to read:

Sec. 5.1. The agency and any district may enter into contracts with each other for any of the following purposes:

(a) The lease, purchase, or other acquisition by the agency of any of the works of such district.

(b) The construction of works by the agency for the conservation, regulation or transmission of water for the benefit of such district or the furnishing or sale by the agency to such district or by such district to the agency of water or a water supply for any purpose.

(c) The sale, lease, or other disposition of water, a water supply, water rights, or water storage facilities or any interests in any thereof for any purpose by the agency to any district or by any district to the agency.

(d) The operation of works and the delivery of water by the agency to any district or by any district to the agency.

(e) The financing, construction, operation, maintenance, and use of works for the collection, transmission, treatment, or disposal of sewage, waste, or storm water and the providing of service therefrom.

(f) The grant, loan, assignment, or contribution of money, services, or real or personal property by the agency to any district to aid in carrying out any of the purposes and powers of the agency and such district; provided, that the agency shall request and consider the views of the advisory body created pursuant to subdivision (b) of Section 7 of this act respecting any proposed grant, assignment, or contribution under this subdivision before entering into a contract therefor; and provided further, that approval by the agency of any such grant, assignment, or contribution shall require a four-fifths vote of the members of the board.

Such contracts shall be executed in accordance with the laws governing such districts.

SEC. 6. Section 6.3 is added to the Mariposa County Water Agency Act (Chapter 2036 of the Statutes of 1959), to read:

Sec. 6.3. The agency and the County of Mariposa may enter into contracts or agreements with each other in furtherance of their purposes and powers. Among other things and without limiting the generality of the foregoing authorization, said county may provide from money received by it under the "Agreement Between Merced Irrigation District and the County of Mariposa for Settlement of Water Rights Dispute," dated March 1, 1960, or from any other source available to it, and the agency may accept and use grants, loans, assignments, or the contributions of money, services, or real or personal property useful in carrying out any of the purposes or powers of the agency.

SEC. 6.5. Section 7 of the Mariposa County Water Agency Act (Chapter 2036 of the Statutes of 1959) is amended to read:

Sec. 7. (a) The board of supervisors of the county shall be ex officio the board of directors of the agency, and shall be entitled to receive from the agency the sum of twenty dollars ($20) for each meeting attended, plus actual, necessary and reasonable traveling expenses. The basis for compensation of the directors, and the amount thereof, can be altered only by a four-fifths vote of the directors. The board of directors may adopt reasonable rules and regulations to carry out its powers and duties. The board of directors shall elect a chairman, who shall preside at all meetings of the board and in case of his absence or inability to act, the members present must, by an order entered in their records, select one of their number to act as temporary chairman. Any member of the board may administer oaths when necessary in the performance of his official duties. A majority of the members of the board shall constitute a quorum for the transaction of business, but no act of the board shall be valid or binding unless a majority of all members concur therein.

(b) The board of directors shall create by resolution an advisory body, to serve at the pleasure of the board, for the purpose of enabling the board to better fulfill the purposes of this act. The title, number of members, and powers and duties of said advisory body shall be as prescribed by the board. Members of said advisory body shall not be entitled to receive compensation, but may be paid actual, reasonable and necessary travel and other expenses incurred by them in attending meetings or while engaged in official business of the agency.

SEC. 7. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be an appropriation made by this act because this act is in accordance with the request of a local governmental entity or entities which desire legislative authority to act to carry out the program specified in this act.

SEC. 8. This act is an urgency statute necessary for the immediate preservation of the public peace, health, and safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

There is an immediate need for planning, financing, constructing, and acquiring water supply systems and sewage, waste, or storm water collection, transmission, treatment, and disposal systems within portions of Mariposa County which have serious water shortages or serious problems of collection, transmission, treatment, or disposal of sewage, waste, or storm water. The Mariposa County Water Agency is a logical entity to provide such systems or to make grants, loans, assignments, or contributions to local public entities within the county to aid them in providing such systems, or to do both, but needs amendment of its powers and the powers of such local public entities as set forth in this act in order to do so. Unless this act takes effect immediately, the agency will have to postpone taking the necessary steps to provide such water supply and sewage, waste, or storm water collection, transmission, treatment, and disposal systems that are necessary to protect the health and safety of residents within the agency.

CHAPTER 639

An act to amend Section 4 of the Mojave Water Agency Law (Chapter 2146 of the Statutes of 1959), relating to the membership of the Board of Directors of the Mojave Water Agency.

[Approved by Governor September 7, 1977. Filed with Secretary of State September 8, 1977]

The people of the State of California do enact as follows:

SECTION 1. Section 4 of the Mojave Water Agency Law (Chapter 2146 of the Statutes of 1959) is amended to read:

Sec. 4. The board of directors shall consist of seven directors, all of whom shall be registered to vote within the agency. The directors elected under this act shall hold office until the election and qualifications of their successors.

The term of office of each director shall be four years and as provided in the Uniform District Election Law (Part 3 (commencing with Section 23500) of Division 12 of the Elections Code).

All vacancies occurring in the office of director shall be filled by appointment by a majority of the remaining directors and as provided in Section 1780 of the Government Code. An appointment to fill a vacancy in the office of director shall be for the unexpired term of the office in which the vacancy occurs. The person so chosen to fill a vacancy shall be a resident of the division for which the vacancy is being filled.

Successive elective members of the board of directors shall be elected by the voters of the agency as provided in this act.

The seven members of said board of directors, designated and referred to as members numbered 1 through 7, respectively, shall be

elected, one from each of the seven divisions of the agency provided for in Section 3.1 and as relocated pursuant to Section 32.5. Each such director shall be voted on only by those voters living within the division of which said director is a resident in accordance with the provisions of this act pertaining to the qualifications of directors.

Directors numbers 1, 3, 5, and 7 shall hold office until their successors are elected and qualified at the general district election which shall be held in November, 1979. Directors numbers 2, 4, and 6 shall hold office until their successors are elected and qualified at the general district election which shall be held in November, 1981. This paragraph is declaratory of existing law and shall be interpreted to be a continuation of such existing law.

In case any two or more persons receive an equal number of votes, the board shall forthwith summon the candidates who have received the equal number of votes to appear before it, at a time and place to be designated by the board, and the board shall at that time and place determine by lot which person shall be deemed elected.

The succeeding elective directors shall be nominated and elected at the agency general election which shall be held on the first Tuesday after the first Monday in November in each odd-numbered year. The election shall be conducted in accordance with the provisions of the Uniform District Election Law, and elective directors shall take office at noon on the last Friday in November following the agency general election.

At the time each director is elected he shall be a resident of both the agency and the division he represents. A director who removes his residence from the agency shall no longer be qualified to act as a director and the board shall fill the vacancy so created as provided in this section. A director is not disqualified from serving for the remainder of his term if, during such term, his residence is removed from one division to another.

SEC. 2. Any office of director which was formerly designated and referred to as directors numbers 8, 9, 10, and 11, including the office of one director elected at large in the agency and three offices of directors who were appointed, shall terminate on January 1, 1978.

SEC. 3. The legislature hereby finds and declares that the composition of the Board of Directors of the Mojave Water Agency is both nonresponsive to the will of the people of the agency and fails to comport to the principles of equal protection of the law upon the equality and fairness of the election process in the agency as enunciated by the California Supreme Court in Choudhry v. Free, 17 Cal. 3d 660. The Legislature further finds that under the present composition of such board, the agency has failed to carry out the purposes for which the agency was established, and thereby the composition of the board must be reconstituted.

[Approved by Governor September 7, 1977. Filed with Secretary of State September 8, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 22053 of the Financial Code is amended to read:

22053. The following sections of this division do not apply to any loan of a bona fide principal amount of ten thousand dollars ($10,000) or more, or to any commercial loan of a bona fide principal amount of five thousand dollars ($5,000) or more, or to any commercial loan made to a person engaged in the business of selling goods for the purpose of financing the purchase of goods for resale, or to any commercial loan made in accordance with applicable provisions of the Corporate Securities Law of 1968, the Securities Act of 1933, the Securities Exchange Act of 1934 and Regulation T of the Federal Reserve Board, or to a duly licensed personal property broker in connection with any such loan or loans, if the provisions of this section are not used for the purpose of evading this division: Sections 22004, 22005, 22404, 22405, 22450, 22451, 22451.1, 22452, 22453, 22454, 22455, 22456, 22457, 22458,22458.1, 22458.2, 22458.3, 22458.4, 22458.5, 22459, 22460, 22461, 22462, 22463, 22464, 22465, 22467, 22468, 22469, 22470, 22472, 22473, 22474, 22480, 22650, 22651, and 22652.

SEC. 2. Section 22452 is added to the Financial Code, to read:

22452. (a) As used in this division, "open end loan" means a loan or loans made by a licensee pursuant to a loan agreement which expressly states that it is made pursuant to this section and pursuant to which:

(1) The licensee may permit the borrower to obtain advances of money from the licensee from time to time or the licensee may

advance money on behalf of the borrower from time to time as directed by the borrower.

(2) The amount of each advance and the charges and other permitted costs are debited to an account.

(3) The charges are computed from time to time on the unpaid balances of the borrower's account, excluding from the computation any unpaid charges other than permitted fees, costs and expenses.

(4) The borrower has the privilege of paying the account in full at any time or in monthly installments.

(b) Subject to the written approval of the commissioner of the licensee's plan of business for making open end loans as not being misleading or deceptive and subject to regulations the commissioner may promulgate with respect to open end loans under Section 22400, a licensee may make open end loans pursuant to this section and may contract for and receive thereon charges as set forth in Sections 22451, 22451.1, 22451.5 and 22454.1. Such charges may be calculated on an amount not exceeding the greater of:

(1) The actual daily unpaid balances of the open end account in the billing cycle for which the charge is made, in which case one-thirtieth of the monthly rate may be charged for each day the unpaid balance is outstanding.

(2) The average daily unpaid balance of the openend account in the billing cycle for which the charge is made, which is the sum of the amount unpaid each day during that cycle divided by the number of days in that cycle. The amount unpaid on a day is determined by adding to any balance unpaid as of the beginning of that day all advances and other debits and deducting all payments and other credits made or received as of that day.

The billing cycle shall be monthly. A billing cycle is monthly if the closing date of the cycle is the same date each month or does not vary by more than four days from the regular date.

(c) No licensee shall enter into any agreement for an open end consumer loan that provides for a minimum monthly payment that would result in the full repayment of principal over more than the maximum periods set forth below opposite the respective size of loans.

Principal amount of loan	Maximum period
Less than $1,500	24 months and 15 days
$1,500 but less than $2,500	36 months and 15 days
$2,500 but less than $4,000	48 months and 15 days
$4,000 but less than $6,000	60 months and 15 days
$6,000 but less than $10,000	84 months and 15 days

The minimum payment shall be determined by the amount of the initial loan advance and shall continue at that amount until a subsequent loan advance is made, at which time the minimum payment shall be determined by the amount of the unpaid balance of the loan after the advance and including the advance. Minimum

payments after each advance shall be determined in the same manner.

(d) On open end loans the licensee may contract for and receive the fees, costs and expenses permitted on other loans, including those permitted by subdivisions (a), (b), (c), and (d) of Section 22458 and subdivision (d) of Section 22458.1, except that the charge for credit life insurance under Section 22458.1 shall be on a monthly basis and shall be actuarially consistent with the single premium rate for the same coverage approved or fixed by the Commissioner of Insurance under Section 22458.1, or in accordance with a schedule of monthly rates filed with and not disapproved by the Commissioner of Insurance.

(e) A licensee may not take real property as security, in whole or in part, for an open end loan under this section.

(f) Sections 22454 and 22455 shall apply to open end loans with the following variations:

(1) To comply with Section 22454, the loan contract shall provide for payment of minimum payments complying with subdivision (c) of this section.

(2) To comply with Section 22455, the licensee shall deliver to the borrower at the time of each loan advance an amount equal to the face value of the advance.

(g) In lieu of subdivision (a) of Section 22458.1, Section 22468, and subdivision (a) of Section 22473, the following provisions shall apply to open end loans:

(1) A licensee may provide insurance on the life of one or more borrowers, with his or her consent, the form to be approved by the Insurance Commissioner, and in an amount not in excess of the amount of the indebtedness. If such life insurance is provided, and if the insured dies when there is an outstanding open end loan indebtedness, the insurance shall be sufficient to pay the total amount due on the loan outstanding on the date of his or her death without any exception, reservation or limitation. Any such life insurance as is provided shall be in force as soon as the loan is made or coverage is agreed upon, whichever is later. No credit life insurance written in connection with an open end loan shall be canceled by the lender because of delinquency of the borrower in the making of the minimum payments thereon unless one or more of such payments is past due for a period of 90 days or more, and the lender shall advance to the insurer the amounts required to keep the insurance in force during such period, which amounts may be debited to the borrower's account.

(2) The open end loan agreement shall contain the name, address and license number of the personal property broker and shall disclose the nature of the security taken, the method of determining the minimum payments which will be required to repay the initial advance and any subsequent advances on the loan, and the agreed rate of charge.

(3) Except in the case of an account which the licensee deems to

be uncollectible, or with respect to which delinquency collection procedures have been instituted, the licensee shall deliver or cause to be delivered to the borrower, or any one thereof, for each billing cycle at the end of which there is an outstanding balance in the account or with respect to which a finance charge is imposed, a statement setting forth the outstanding balance in the account at the beginning of the billing cycle, the date and amount of any subsequent loan advance during the period, the amounts and dates of crediting to the account during the billing cycle for payments, the amount of any finance charge debited to the account during the billing cycle, the annual percentage rate of finance charge determined under Regulation Z promulgated by the Board of Governors of the Federal Reserve System under the Federal Consumer Credit Protection Act, the balance on which the finance charge was computed, the closing date of the billing cycle, the outstanding balance on that date, and the minimum monthly payment required in the absence of any additional advance. If there has been any change in the nature of the security for the loan since the next preceding advance, the statement shall contain or be accompanied by a statement of the nature of the security for the loan after such change.

(h) Section 22480 shall not apply to open end loans.

(i) Nothing in this section may be construed to limit the authority of the commissioner to disapprove advertising with respect to open end loans pursuant to Section 22414.

(j) This section shall not apply to loans other than open end loans.

SEC. 3. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be any appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local government entities and school districts which, in the aggregate, do not result in significant identifiable cost changes.

The Legislature therefore declares that livestock infected with or exposed to brucellosis are a public nuisance as a threat to other

livestock and to human health. The Legislature therefore declares that the eradication of brucellosis must be expedited.

It is, therefore, the intent of the Legislature that the owner of an infected herd of cattle who does not diligently pursue the eradication of brucellosis from his herd in cooperation with his veterinarian, other cattlemen and the department, shall be responsible for paying to the director the full costs of the department for all brucellosis eradication efforts in his herd in accordance with the provisions of this article. Payment of such costs shall not excuse compliance with the provisions of law, regulations and order of the director, nor be a defense in criminal or civil actions.

10492. If an owner of cattle refuses to slaughter exposed, nonreacting bovine animals pursuant to the provisions of Article 7 (commencing with Section 10421) when requested by the director to do so, the cattle owner shall then be responsible for paying to the director the full costs of the department in eradicating brucellosis from his herd. Such responsibility shall begin with the refusal to slaughter exposed, nonreacting animals and shall continue until brucellosis is eradicated from the herd.

10493. The following procedures shall be followed when brucellosis has been identified in a herd of cattle:

(a) An official veterinarian shall conduct an epidemiological investigation of the infected herd and premises involved in order to determine the specific methods and actions necessary to eradicate the disease from the herd.

(b) Upon request of the owner of the infected herd, the investigation provided for in subdivision (a) shall be conducted with the assistance and participation of a licensed veterinarian selected by such owner.

(c) An official epidemiological report shall be prepared which shall specify the methods and actions necessary to eradicate the disease, and shall include reasonable guidelines for timing the accomplishment of the various tasks associated with such activity.

(d) Any person who is aggrieved at any determination made pursuant to this section may appeal in writing to the director within five days after notice of such determination. The director may affirm, reverse or modify such determination after his review of the epidemiological report and the issues involved.

(e) The epidemiological report required by subdivision (c) shall become the basis for a memorandum of understanding which shall be developed between the owner of the infected herd and the department covering the following points:

(1) Herd management practices that will be employed to facilitate the disease eradication effort.

(2) Any physical facilities modification that will be required in the eradication effort.

(3) Specific dates for accomplishing the various tasks required in the eradication effort.

This memorandum of understanding may be developed with the

participation of a licensed veterinarian if such veterinarian participated in the epidemiological investigation pursuant to subdivision (b).

10494. If an owner of brucellosis infected or exposed cattle refuses to participate in the development and signing of the memorandum of understanding required by subdivision (e) of Section 10493, or fails or refuses to comply with the provisions of such memorandum, the cattle owner shall immediately become responsible for paying to the director all further costs incurred by the department in eradicating the disease from the herd of cattle owned by such person.

10495. If an owner of a brucellosis infected herd violates any law or regulation pertaining to brucellosis eradication, the cattle owner shall immediately become responsible for paying to the director all further costs incurred by the department in eradicating the disease from the herd of cattle owned by such person.

SEC. 12. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be any appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local government entities and school districts which, in the aggregate, do not result in significant identifiable cost changes.

(1) A pro rata share shall be distributed to each assessment fund in an amount bearing the same proportion as the assessment due each fund bears to the total amount of taxes and assessments necessary to redeem the property at the time of sale by the agency.

(2) The remaining balance of the proceeds to be distributed under this section shall be distributed to each tax fund in an amount bearing the same proportion to the balance remaining as the tax rate for each fund bears to the total tax rate applicable to the property for the fiscal year preceding that in which the property was sold by the agency.

CHAPTER 649

An act to amend Section 22511.5 of the Vehicle Code, relating to vehicles.

[Approved by Governor September 7, 1977. Filed with Secretary of State September 8, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 22511.5 of the Vehicle Code is amended to read:

22511.5. (a) Any person who has lost, or has lost the use of, one or more limbs or both hands, who is so severely disabled as to be unable to move without the aid of a mechanical device, who is blind, or who suffers from lung disease to such an extent that his forced

(respiratory) expiratory volume one second when measured by spirometry is less than one liter or his arterial oxygen tension (pO_2) is less than 60 mm/Hg on room air at rest, shall be allowed to park for unlimited periods in parking zones restricted as to the length of time parking is permitted and shall be allowed to park in any metered parking space without being required to pay any parking meter fees. This section shall have no application to those zones in which the stopping, parking, or standing of all vehicles is prohibited or which are reserved for special types of vehicles. As a condition to this privilege the vehicle shall display a distinguishing license plate which shall be issued for a vehicle registered to the disabled person, or a vehicle which is not registered to such a disabled person, but which is used primarily to transport such disabled person and which would otherwise qualify for such distinguishing license plate if the vehicle were registered to the disabled person. The distinguishing license plate shall be issued without additional fees by the Department of Motor Vehicles pursuant to procedures adopted by that department.

(b) Prior to issuing a distinguishing license plate to a person who indicates that he suffers from lung disease to the extent specified in this section, the Department of Motor Vehicles may require a certificate, signed by a licensed physician and surgeon, stating that such person does suffer from lung disease to such an extent.

(c) As used in this section, "blind" means having central visual acuity that does not exceed 20/200 in the better eye, with corrective lenses, as measured by the Snellen test, or visual acuity that is greater than 20/200, but with a limitation in the field of vision such that the widest diameter of the visual field subtends an angle not greater than 20 degrees. The blindness of any person applying to the Department of Motor Vehicles for a distinguishing license plate or placard shall be certified by a licensed physician and surgeon who specializes in diseases of the eye.

(d) Any person who qualifies for issuance of a distinguishing license plate may apply to the Department of Motor Vehicles for issuance of a distinguishing placard. Such placard may be used in lieu of the distinguishing license plate for parking purposes when displayed on the driver's side of the dashboard of a vehicle. The placard shall be at least 6 inches by 12 inches in size, and blue in color.

(e) The Department of Motor Vehicles may charge a fee sufficient to pay the actual cost to that department for issuance of such placards. The Department of Motor Vehicles may establish procedures for the issuance of such placards.

SEC. 2. Section 22511.5 of the Vehicle Code is amended to read:

22511.5. (a) Any person who has lost, or has lost the use of, one or more limbs or both hands, who is so severely disabled as to be unable to move without the aid of a mechanical device, who is blind, who suffers from lung disease to such an extent that his forced (respiratory) expiratory volume one second when measured by spirometry is less than one liter or his arterial oxygen tension (pO_2)

is less than 60 mm/Hg on room air at rest, or who is impaired by cardiovascular disease to the extent that his functional limitations are classified in severity as class III or class IV according to standards accepted by the American Heart Association, shall be allowed to park for unlimited periods in parking zones restricted as to the length of time parking is permitted and shall be allowed to park in any metered parking space without being required to pay any parking meter fees. This section shall have no application to those zones in which the stopping, parking, or standing of all vehicles is prohibited or which are reserved for special types of vehicles. As a condition to this privilege the vehicle shall display a distinguishing license place which shall be issued for a vehicle registered to the disabled person, or a vehicle which is not registered to such a disabled person, but which is used primarily to transport such disabled person and which would otherwise qualify for such distinguishing license plate if the vehicle were registered to the disabled person. The distinguishing license plate shall be issued without additional fees by the Department of Motor Vehicles pursuant to procedures adopted by that department.

(b) Prior to issuing a distinguishing license plate to a person who indicates that he suffers from lung disease or cardiovascular disease to the extent specified in this section, the Department of Motor Vehicles may require a certificate, signed by a licensed physician and surgeon, stating that such person does suffer from lung disease or cardiovascular disease to such an extent.

(c) As used in this section, "blind" means having central visual acuity that does not exceed 20/200 in the better eye, with corrective lenses, as measured by the Snellen test, or visual acuity that is greater than 20/200, but with a limitation in the field of vision such that the widest diameter of the visual field subtends an angle not greater than 20 degrees. The blindness of any person applying to the Department of Motor Vehicles for a distinguishing license plate or placard shall be certified by a licensed physician and surgeon who specializes in diseases of the eye.

(d) Any person who qualifies for issuance of a distinguishing license plate may apply to the Department of Motor Vehicles for issuance of a distinguishing placard. Such placard may be used in lieu of the distinguishing license plate for parking purposes when displayed on the driver's side dashboard of a vehicle. The placard shall be at least 6 inches by 12 inches in size and blue in color.

(e) The Department of Motor Vehicles may charge a fee sufficient to pay the actual cost to that department for issuance of such placards. The Department of Motor Vehicles may establish procedures for the issuance of such placards.

SEC. 3. Except as otherwise provided in Section 4 of this act, Section 1 of this act shall become operative on July 1, 1978.

SEC. 4. It is the intent of the Legislature, if this bill and Assembly Bill No. 456 are both chaptered and become effective January 1, 1978, both bills amend Section 22511.5 of the Vehicle Code, operative July

1, 1978, and this bill is chaptered after Assembly Bill No. 456, that the amendments to Section 22511.5 proposed by both bills be given effect and incorporated in Section 22511.5 in the form set forth in Section 2 of this act. Therefore, Section 2 of this act shall become operative only if this bill and Assembly Bill No. 456 are both chaptered and become effective January 1, 1978, both amend Section 22511.5, operative July 1, 1978, and this bill is chaptered after Assembly Bill No. 456, in which case Section 2 of this act shall become operative July 1, 1978, and Section 1 of this act shall not become operative.

The people of the State of California do enact as follows:

SECTION 1. Section 6254 of the Government Code is amended to read:

6254. Except as provided in Section 6254.7, nothing in this chapter shall be construed to require disclosure of records that are:

(a) Preliminary drafts, notes, or interagency or intra-agency memoranda which are not retained by the public agency in the ordinary course of business, provided that the public interest in withholding such records clearly outweighs the public interest in disclosure;

(b) Records pertaining to pending litigation to which the public agency is a party, or to claims made pursuant to Division 3.6 (commencing with Section 810) of Title 1 of the Government Code, until such litigation or claim has been finally adjudicated or otherwise settled;

(c) Personnel, medical, or similar files, the disclosure of which would constitute an unwarranted invasion of personal privacy;

(d) Contained in or related to:

(1) Applications filed with any state agency responsible for the regulation or supervision of the issuance of securities or of financial institutions, including, but not limited to, banks, savings and loan associations, industrial loan companies, credit unions, and insurance companies;

(4) Information received in confidence by any state agency referred to in subdivision (1).

(e) Geological and geophysical data, plant production data and similar information relating to utility systems development, or market or crop reports, which are obtained in confidence from any person;

(f) Records of complaints to or investigations conducted by, or records of intelligence information or security procedures of, the office of the Attorney General and the Department of Justice, and any state or local police agency, or any such investigatory or security files compiled by any other state or local police agency, or any such investigatory or security files compiled by any other state or local agency for correctional, law enforcement or licensing purposes, except that local police agencies shall disclose the names and addresses of persons involved in, or witnesses other than confidential informants to, the incident, the description of any property involved, the date, time, and location of the incident, all diagrams, statements of the parties involved in the incident, the statements of all witnesses, other than confidential informants, to the persons involved in an incident, or an authorized representative thereof, an insurance carrier against which a claim has been or might be made, and any person suffering bodily injury or property damage as the result of the incident caused by arson, burglary, fire, explosion, robbery, vandalism, or a crime of violence as defined by subdivision (b) of Section 13960, unless the disclosure would endanger the safety of a witness or other person involved in the investigation, disclosure would endanger the successful completion of the investigation or a related investigation;

(g) Test questions, scoring keys, and other examination data used to administer a licensing examination, examination for employment, or academic examination;

(h) The contents of real estate appraisals, engineering or feasibility estimates and evaluations made for or by the state or local agency relative to the acquisition of property, or to prospective public supply and construction contracts, until such time as all of the property has been acquired or all of the contract agreement obtained, provided, however, the law of eminent domain shall not be affected by this provision;

(j) Library and museum materials made or acquired and presented solely for reference or exhibition purposes;

(k) Records the disclosure of which is exempted or prohibited

pursuant to provisions of federal or state law, including, but not limited to, provisions of the Evidence Code relating to privilege;

(*l*) Correspondence of and to the Governor or employees of the Governor's office or in the custody of or maintained by the Governor's legal affairs secretary, provided public records shall not be transferred to the custody of the Governor's legal affairs secretary to evade the disclosure provisions of this chapter;

(m) In the custody or maintained by the Legislative Counsel;

(n) Statements of personal worth or personal financial data required by a licensing agency and filed by an applicant with such licensing agency to establish his personal qualification for the license, certificate, or permit applied for; and

(o) Financial data contained in applications for financing under Division 27 (commencing with Section 44500) of the Health and Safety Code, where an authorized officer of the California Pollution Control Financing Authority determines that disclosure of such financial data would be competitively injurious to the applicant and such data is required in order to obtain guarantees from the United States Small Business Administration. The California Pollution Control Financing Authority shall adopt rules for review of individual requests for confidentiality under this section and for making available to the public those portions of an application which are subject to disclosure under this chapter.

Nothing in this section is to be construed as preventing any agency from opening its records concerning the administration of the agency to public inspection, unless disclosure is otherwise prohibited by law.

SEC. 2. Section 44530 of the Health and Safety Code is amended to read:

44530. When the principal of and interest on bonds of the authority financing the cost of a particular project for a participating party, including any refunding bonds issued to refund and refinance such bonds, shall have been fully paid and retired or when adequate provision shall have been made for the payment and retirement of the same, and all other conditions of the resolution, indenture, or agreement authorizing and securing the same shall have been satisfied and the lien of such resolution, indenture, or agreement shall have been released in accordance with the provisions thereof, the authority is authorized, upon such terms and conditions as may be prescribed by the authority, to execute such deeds and conveyances as are necessary or required to convey title to such project to such participating party.

SEC. 3. Section 44532 of the Health and Safety Code is amended to read:

44532. Throughout each calendar quarter the authority shall accept applications for financing proposed projects. Eligible applicants shall be limited to participating parties who own or operate facilities requiring pollution control equipment which may be provided pursuant to this chapter. After the close of each such

quarter, the authority shall determine by resolution those projects which it will finance. However, with respect to individual projects with a project cost of less than one million dollars ($1,000,000), the authority may authorize financing for such projects any time during the calendar quarter if the project meets the criteria specified in subdivision (a) and if the compliance date mandated for correction of the pollution problem is less than one year from the date of approval. The financing of projects shall be determined on the basis of the following priorities:

(a) First priority shall be given to projects which are necessary to meet an established federal, state, or local deadline for correction of existing pollution problems caused by existing facilities.

(b) Second priority shall be given to projects which are necessary to enable existing facilities to comply with federal, state, or local plans for environmental protection but for which no specific compliance date has been established.

(c) Third priority shall be given to other eligible projects.

SEC. 3.5. Section 44532.2 is added to the Health and Safety Code, to read:

44532.2. Applications accepted under this section shall be reviewed on a quarterly basis and financing allocated in accordance with the priorities specified in Section 44532. Section 44533 shall not apply to projects financed pursuant to this section.

SEC. 4. Section 44540 of the Health and Safety Code is amended to read:

44540. The authority is authorized to incur indebtedness and to issue securities of any kind or class, and to renew the same, provided that all such indebtedness, howsoever evidenced, shall be payable solely from revenues of the authority and the proceeds of its bonds, as hereinafter defined, shall not exceed the sum of two hundred million dollars ($200,000,000) of new debt, except as provided in this article.

bonds proposed to be issued. The amount of bonds specified in any such resolution shall not exceed two hundred million dollars ($200,000,000) of new debt. Such resolution shall be submitted to the Legislature and shall be subject to review as provided in Section 44541.

(c) Notwithstanding subdivision (b), the authority may issue up to one hundred million dollars ($100,000,000) in bonds for purposes of subdivision (a) without having to submit a resolution to the Legislature for review pursuant to Section 44541.

(d) The proceeds of bonds authorized shall be used solely to finance projects specified in this section and shall be issued as otherwise provided in this chapter.

SEC. 5. Section 44542 of the Health and Safety Code is amended to read:

44542. (a) The authority is authorized from time to time to issue its negotiable bonds, notes, debentures, or other securities (hereinafter collectively called "bonds") for any corporate purpose. Such bonds may be authorized, without limiting the generality of the foregoing, to finance a single project for a single participating party, a series of projects for a single participating party, a single project for several participating parties, or several projects for several participating parties or such bonds may be sold in advance of the designation of any such project or projects or participating party or parties if the disbursement of substantially all of the proceeds of the sale of any such bonds is conditioned on obtaining a guarantee from the United States Small Business Administration or other agency or instrumentality of the United States for the payment of all rents, receipts, purchase payments, and other income or receipts due the authority from the sale, lease or other disposition of any project later authorized to be financed with the proceeds of such bonds.

In anticipation of the sale of such bonds as authorized by Section 44540, or as may be authorized pursuant to Section 44541, the authority may issue negotiable bond anticipation notes and may renew the same from time to time. Such bond anticipation notes may be paid from the proceeds of sale of the bonds of the authority in anticipation of which they were issued. Notes and agreements relating thereto and bond anticipation notes, hereinafter collectively called notes, and the resolution or resolutions authorizing the same may contain any provisions, conditions or limitations which a bond, agreement relating thereto, and bond resolution of the authority may contain; except that such note or renewal thereof shall mature at such time not exceeding two years from the date of issue of the original note.

(b) Except as may otherwise be expressly provided by the authority, every issue of its bonds, notes, or other obligation shall be general obligations of the authority payable from any revenues or moneys of the authority available therefor and not otherwise pledged, subject only to any agreements with the holders of particular bonds, notes, or other obligations pledging any particular

The bonds or notes shall be sold by the State Treasurer within 60 days of receipt of a certified copy of the authority's resolution authorizing the sale of the bonds; provided, that the authority, at its discretion, may adopt a resolution extending such 60-day period. Such sales may be at public or private sale, and for such price or prices and on such terms and conditions, as the authority shall determine after giving due consideration to the recommendations of any participating party to be assisted from the proceeds of such bonds or notes. Pending preparation of the definitive bonds, the State Treasurer may issue interim receipts, certificates, or temporary bonds which shall be exchanged for such definitive bonds. The State Treasurer may sell any bonds, notes, or other evidence of indebtedness at a price below the par value thereof; provided, however, that the discount on any security so sold shall not exceed 6 percent of the par value thereof.

(d) Any resolution or resolutions authorizing any bonds or any issue of bonds may contain provisions, which shall be a part of the contract with the holders of the bonds to be authorized, as to:

(1) Pledging the full faith and credit of the authority or pledging all or any part of the revenues of any project or any revenue-producing contract or contracts made by the authority with any individual, partnership, corporation, or association or other body, public or private, or other moneys of the authority, to secure the payment of the bonds or of any particular issue of bonds, subject to such agreements with bondholders as may then exist.

(e) Neither the members of the authority nor any person executing the bonds or notes shall be liable personally on the bonds or notes or be subject to any personal liability or accountability by reason of the issuance thereof.

(f) The authority shall have power out of any funds available therefor to purchase its bonds or notes. The authority may hold, pledge, cancel, or resell such bonds, subject to and in accordance with agreements with bondholders.

SEC. 6. Section 44543 of the Health and Safety Code is amended to read:

44543. In the discretion of the authority, any bonds issued under the provisions of this division may be secured by a trust agreement by and between the authority and a trustee or trustees, which may be the State Treasurer or any trust company or bank having the powers of a trust company within or without the state. Such trust agreement or the resolution providing for the issuance of such bonds may pledge or assign the revenues to be received or proceeds of any contract or contracts pledged and may convey or mortgage the project or projects, or any portion thereof, to be financed out of the proceeds of such bonds. Such trust agreement or resolution providing for the issuance of such bonds may contain such provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including particularly such provisions as have hereinabove been

specifically authorized to be included in any resolution or resolutions of the authority authorizing bonds thereof. Any bank or trust company doing business under the laws of this state which may act as depository of the proceeds of bonds or of revenues or other moneys may furnish such indemnifying bonds or pledge such securities as may be required by the authority. Any such trust agreement may set forth the rights and remedies of the bondholders and of the trustee or trustees, and may restrict the individual right of action by bondholders. In addition to the foregoing, any such trust agreement or resolution may contain such other provisions as the authority may deem reasonable and proper for the security of the bondholders. Notwithstanding any other provision of law, the State Treasurer shall not be deemed to have a conflict of interest by reason of acting as trustee pursuant to this division.

All expenses incurred in carrying out the provisions of such trust agreement or resolution may be treated as a part of the cost of the operation of a project.

SEC. 7. Section 44546 of the Health and Safety Code is amended to read:

44546. If, in the opinion of the State Treasurer, any bonds issued by the authority under the provisions of this division are adequately secured and the revenues and other funds applicable to the payments of the bonds are, or upon the acquisition, construction, or improvement of the project or projects which such bonds finance, will be sufficient to pay the principal of and interest on such bonds, then the State Treasurer shall certify that such bonds are legal investments for all trust funds, the funds of all insurance companies, banks, both commercial and savings, trust companies, savings and loan associations, and investment companies, for executors, administrators, trustees, and other fiduciaries, for state school funds, and for any funds which may be invested in county, municipal, or school district bonds, and that such bonds are securities which may properly and legally be deposited with, and received by, any state or municipal officer or any agency or political subdivision of the state for any purpose for which the deposit of bonds or obligations of the state is now, or may hereafter be, authorized by law, including deposits to secure public funds.

SEC. 8. Section 44548 is added to the Health and Safety Code, to read:

44548. (a) The Legislature finds and declares that small businesses have had difficulty establishing adequate security for bonds issued by the authority in their behalf; that establishing common reserve funds will help to provide reasonable security for such bonds and will help to make the authority's services available to various small businesses which are presently unable to use them. The Legislature further finds and declares that the financing of projects to dispose of solid waste by resource recovery will require additional security for bonds issued pursuant to Section 44531.5.

(b) For the purpose of establishing and maintaining such common

reserve funds as it deems necessary or desirable to secure its bonds or any issuance thereof, the authority, pursuant to its contracts with participating parties, may levy fees or other charges on, or require deposits from, participating parties receiving financing for a project under this division. Prior to levying any such fees or charges or requiring such deposits, the authority shall adopt regulations for the operation of the common reserve funds and governing the amounts and any payment schedule for such fees, charges, or deposits.

(c) Subject to any prior contractual obligations to any of its bondholders, the authority may establish one or more common reserve funds for any or all of its bonds. The liability of any such common reserve fund with respect to any single issue of bonds of the authority may not exceed the lesser of one million dollars ($1,000,000) or an amount equal to the sum of the unpaid principal, interest, and premium, if any, of the outstanding bonds of such issue. With respect to bonds issued pursuant to Section 44531.5, the liability of a common reserve fund for any single issue of bonds shall be limited to the sum of the unpaid principal, interest, and premium, if any, of the outstanding bonds of the issue.

(d) Each common reserve fund established pursuant to this section shall be deposited in a special account which shall be established by the State Controller. Notwithstanding any other provision of law, all interest or other increment earned by investment or deposit of moneys in such an account pursuant to any provision of Part 2 (commencing with Section 16300) of Division 4 of Title 2 of the Government Code or pursuant to any other provision of law shall be credited to, and deposited in, the account.

SEC. 9. Section 44551 of the Health and Safety Code is amended to read:

44551. The authority may, as lessor or lessee, enter into leases and agreements with any participating party relating to the acquisition, construction, and installation of any project, including real property, buildings, equipment, and pollution control facilities of any kind or character. The terms and conditions of such leases may be as mutually agreed upon. Any such lease may provide the means or methods by which title shall vest in a participating party upon the termination of the lease and shall contain such other terms and conditions as the authority may determine. The authority is authorized to fix, revise, charge, and collect rates, rents, fees, and charges for each project. Such rates, rents, fees, and charges shall be fixed and adjusted in respect of the aggregate of rates, rents, fees, and charges from all projects so as to provide funds sufficient with other revenues and moneys available therefor, if any, to do all of the following:

(a) Pay the principal of and the interest on outstanding bonds, notes, or other evidences of indebtedness of the authority financing such project as the same shall become due and payable.

(b) Create and maintain reserves required or provided for in any resolution authorizing, or trust agreement securing, such bonds,

notes, or other evidences of indebtedness. A sufficient amount of the revenues derived from a project may be set aside at such regular intervals as may be provided in such resolution or trust agreement in a sinking or other similar fund which is hereby pledged to, and charged with, the payment of the principal of and interest on such bonds, notes, or other evidences of indebtedness as the same shall become due, and the redemption price or the purchase price of bonds, notes, or other evidences of indebtedness retired by call or purchase as therein provided. Such pledge shall be valid and binding from the time when the pledge is made; the rates, rents, fees, and charges and other revenues or other moneys so pledged and thereafter received by the authority shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract, or otherwise against the authority, irrespective of whether such parties have notice thereof. Neither the resolution nor any trust agreement nor any other agreement nor any lease by which a pledge is created need be filed or recorded except in the records of the authority. The use and disposition of moneys to the credit of such sinking or other similar fund shall be subject to the provisions of the resolution authorizing the issuance of such bonds or of such trust agreement. Except as may otherwise be provided in such resolution or such trust agreement, such sinking or other similar fund may be a fund for all bonds, notes, or other evidences of indebtedness of the authority financing projects of a particular participating party without distinction or priority of one over another; provided, that the authority in any such resolution or trust agreement may provide that such sinking or other similar fund shall be the fund for a particular project or projects and for the bonds financing a particular project or projects and may, additionally, permit and provide for the issuance of bonds having a subordinate lien in respect of the security herein authorized to other bonds, notes, or other evidences of indebtedness of the authority, and, in such case, the authority may create separate sinking or other similar funds in respect of such subordinate lien bonds, notes, or other evidences of indebtedness.

(c) Pay operating and administrative costs of the authority.

SEC. 10. Section 44552.5 is added to the Health and Safety Code, to read:

44552.5. As an alternative to leasing or selling a project to a participating party, the authority may finance the acquisition, construction, or installation of a project by means of a loan to the participating party. Any loan pursuant to this section shall be conditioned on obtaining a guarantee of repayment from the United States Small Business Administration or other agency or instrumentality of the United States. The principal amount of the participating party's obligation as borrower shall be sufficient to provide funds for all the purposes specified in subdivisions (a), (b), and (c) of Section 44551 and may be paid in installments, together

with interest on the unpaid balance, or otherwise as may be mutually agreed by the authority and the participating party and set forth in the loan agreement. Loans made pursuant to this section may be secured or unsecured in the discretion of the authority.

The provisions of Section 44550 shall not be applicable to projects constructed with moneys loaned pursuant to this section.

SEC. 11. Section 44553 of the Health and Safety Code is amended to read:

44553. All moneys received pursuant to the provisions of this division, whether as proceeds from the sale of bonds, notes, or other evidences of indebtedness or as revenues, shall be deemed to be trust funds to be held and applied solely as provided in this division. The State Treasurer or any bank or trust company with which such moneys shall be deposited shall act as trustee of such moneys and shall hold and apply the same for the purposes hereof, subject to such regulations as the resolution authorizing the bonds of any issue or the trust agreement securing such bonds may provide.

SEC. 12. Section 44557 of the Health and Safety Code is amended to read:

44557. Subject to Section 44562, the existence of the authority may be terminated at any time by the Legislature. Upon dissolution of the authority, the title to all properties owned by it shall vest in and become the property of the State of California and shall not inure to the benefit of any private party.

SEC. 13. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The California Pollution Control Financing Authority has received a substantial number of inquiries, and expects applications from a wide variety of small businesses in the state, for pollution control financing during the balance of the 1977 calendar year. Such facilities will be required to enable these firms to comply with the deadlines as established by federal, state, and local pollution control agencies. In addition, electric utilities are expected to start construction in the near future on additional pollution control facilities. In order to avoid unnecessary delay in the provision of financing, which will enable such small businesses and electric utilities to comply with pollution control requirements in a timely manner and without undue economic dislocation, it is imperative that this act take effect immediately.

Priority shall be given to programs linking more than two correctional institutions, educational agencies, parolee programs, community agencies, and potential employers. (d) Assessment of the interest in, and need for, postsecondary education programs for inmates and ex-offenders;

(e) The possible advantages of different methods of financial support, including support of interagency consortia involving correctional agencies, colleges, community agencies, and potential employers; and

(f) The desirability of constructing limited prison facilities to better serve inmates interested in educational programs.

(g) A plan for expanding or modifying existing programs to serve the unmet educational needs of inmates and ex-offenders, or both.

(h) Exploration of the benefits of alternative agencies to administer and coordinate the programs statewide and a recommendation as to the most appropriate administrative agency.

(i) The costs of each recommendation and alternative included in the report and an implementation plan.

In conducting the study, the commission shall consult an advisory group composed of two representatives each from the Department of Corrections, the California Youth Authority, the Office of Criminal Justice Planning, postsecondary educational institutions, existing college parolee programs, and two ex-offenders.

The commission may contract with an external organization or individual to conduct the study. Individuals and agencies involved with existing inmate and ex-offender programs shall be informed of the commission's study plan and the progress of the study.

SECTION 1. Section 2611.5 of the Revenue and Taxation Code is amended to read:

2611.5. (a) The following information shall be included either in each county tax bill or in a separate statement accompanying the tax bill:

(3) The tax rates or the dollar amounts of taxes levied by each revenue district and taxing agency on the property covered by the tax bill. An asterisk, or other distinctive mark, shall appear before the names of all special districts for which the county board of supervisors serves as the governing body.

(4) In lieu of itemizing the information required by paragraph (3) of this subdivision, the tax rates or dollar amounts of taxes levied on the property covered by the bill for county and city purposes. The tax rates or dollar amounts of taxes levied on the property for other purposes shall be itemized. This option is available only if the information is included on the tax bill.

(b) With respect to any property for which the homeowners' property tax exemption is granted, the tax bill or accompanying statement shall include, in addition to the information required by subdivision (a), the following:

(d) In any year in which all of the assessments on the local secured roll have been raised or lowered as a result of a board order adopted pursuant to Section 18, Article XIII of the California Constitution, the full value may be omitted or, if shown, the tax bill shall include an

explanation of the inconsistency of that figure with the equalized assessed value and the announced assessment ratio. The explanation required by this subdivision may be printed on an enclosure accompanying such bill.

SEC. 2. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be any appropriation made by this act because the duties, obligations or responsibilities imposed on local government by this act are minor in nature and will not place any financial burden on local government.

CHAPTER 674

An act to amend Sections 73, 104, and 2381 of the Streets and Highways Code, relating to transportation.

[Approved by Governor September 8, 1977. Filed with Secretary of State September 8, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 73 of the Streets and Highways Code is amended to read:

73. The commission shall relinquish to any county or city any portion of any state highway within such county or city which has been deleted from the state highway system by legislative enactment, and such relinquishment shall become effective upon the first day of the next calendar or fiscal year, whichever first occurs after the effective date of such legislative enactment. It may likewise relinquish any portion of any state highway which has been superseded by relocation. Whenever the department and the county or city concerned have entered into an agreement providing therefor, or the legislative body of such county or city has adopted a resolution consenting thereto, the commission may relinquish, to any such county or city, any frontage or service road or outer highway, within the territorial limits of such county or city, which has a right-of-way of at least 40 feet in width and which has been constructed as a part of a state highway project, but does not constitute a part of the main traveled roadway thereof. The commission may also relinquish, to a county or city within whose territorial limits is located, any nonmotorized transportation facility, as defined in Section 156, constructed as part of a state highway project if the county or city, as the case may be, has entered into an agreement providing therefor or its legislative body has adopted a resolution consenting thereto.

Relinquishment shall be by resolution. A certified copy of such resolution shall be filed with the board of supervisors or the city clerk, as the case may be. A certified copy of such resolution shall also

be recorded in the office of the recorder of the county where such land is located and, upon such recordation, all right, title, and interest of the state in and to such portion of any state highway shall vest in the county or city, as the case may be, and such highway or portion thereof shall thereupon constitute a county road or city street, as the case may be.

The vesting of all right, title, and interest of the state in and to such portions of any state highways heretofore relinquished by the commission, in the county or city to which it was relinquished, is hereby confirmed.

Prior to relinquishing any portion of a state highway to a county or a city, except where required by legislative enactment, the department shall give 90 days' notice in writing of intention to relinquish to the board of supervisors, or the city council, as the case may be. Where the resolution of relinquishment contains a recital as to the giving of the notice, adoption of the resolution of relinquishment shall be conclusive evidence that the notice has been given.

The commission shall not relinquish to any county or city any portion of any state highway which has been superseded by relocation until the department has placed the highway, as defined in Section 23, in a state of good repair. This requirement shall not obligate the department for widening, new construction, or major reconstruction, except as the commission may direct. A state of good repair requires maintenance, as defined in Section 27, including litter removal, weed control, and tree and shrub trimming to the time of relinquishment.

Within the 90-day period, the board of supervisors or the city council may protest in writing to the commission stating the reasons therefor, including, but not limited to, objections that the highway is not in a state of good repair, or is not needed for public use and should be abandoned by the commission. In the event that the commission does not comply with the requests of the protesting body, it may proceed with the relinquishment only after a public hearing given to the protesting body on 10 days written notice.

SEC. 2. Section 104 of the Streets and Highways Code is amended to read:

104. The department may acquire, either in fee or in any lesser estate or interest, any real property which it considers necessary for state highway purposes. Real property for such purposes includes, but is not limited to, real property considered necessary for any of the following purposes:

(a) For rights-of-way, including those necessary for state highways within cities.

(b) For the purposes of exchanging the same for other real property to be used for rights-of-way.

(c) For rock quarries, gravel pits, or sand or earth borrow pits.

(d) For offices, shops, or storage yards.

(e) For parks adjoining or near any state highway.

(f) For the culture and support of trees which benefit any state highway by aiding in the maintenance and preservation of the roadbed, or which aid in the maintenance of the attractiveness of the scenic beauties of such highway.

(g) For drainage in connection with any state highway.

(h) For the maintenance of an unobstructed view of any portion of a state highway so as to promote the safety of the traveling public.

(i) For the construction and maintenance of stock trails.

(j) For the construction and maintenance of nonmotorized transportation facilities, as defined in Section 156.

SEC. 3. Section 2381 of the Streets and Highways Code is amended to read:

2381. Rights-of-way established for other purposes by cities, counties, or local agencies shall not be abandoned unless the governing body thereof determines that the rights-of-way or parts thereof are not useful as a nonmotorized transportation facility, as defined in Section 156.

State highway rights-of-way shall not be abandoned until the department first consults with the local agencies having jurisdiction over the areas concerned to determine whether the rights-of-way or parts thereof could be developed as such facilities. If an affirmative determination is made, before abandoning such rights-of-way, the department shall first make such property available to local agencies for development as such facilities in accordance with the terms and procedures of Sections 104.15 and 156.8 of this code and Section 14012 of the Government Code.

CHAPTER 675

SEC. 2. Section 7002 is added to the Government Code, to read:

7002. The state agencies specified in Section 7000 may exercise the powers specified in that section for the acquisition of rights or interests in real property within the coastal zone, as defined in Section 30103 of the Public Resources Code, for scenic easements or any of the other purposes specified in Section 7000. The public agency performing the inspection shall give either a copy of the inspection report or a copy of a statement of installation acceptance to the buyer. If a portion of the amount in the escrow account is for accessory structures, then that portion of the amount shall not be released until the accessory structures are actually installed. If no inspection under Section 18613 is required then the deposits may be disbursed from the escrow account upon delivery of the mobilehome to the buyer.

(c) The escrow shall terminate and a full refund shall be made to the buyer 120 days from the date of the sales contract unless delivery is made within this period; provided, however, that the parties may extend the time in writing for 30-day periods with notice to the escrow agent.

An act to add and repeal Chapter 2.5 (commencing with Section 9800) to Part 1 of Division 3 of the Unemployment Insurance Code, relating to youth employment and development, and making an appropriation therefor.

[Approved by Governor September 8, 1977. Filed with Secretary of State September 8, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 2.5 (commencing with Section 9800) is added to Part 1 of Division 3 of the Unemployment Insurance Code, to read:

CHAPTER 2.5. YOUTH EMPLOYMENT AND DEVELOPMENT

Article 1. General Provisions

9800. This chapter shall be known and may be cited as the Youth Employment and Development Act of 1977.

9801. The Legislature hereby makes the following declaration of purpose and intent in enacting the Youth Employment and

Development Act of 1977.

It is the public policy of the State of California to provide for a comprehensive youth services program which will establish a leadership role in the development of local programs for youth employment, to provide legislation enabling the State of California to receive funds available to states through the enactment of the Youth Employment and Demonstration Project Act of 1977, and to develop a long-range plan for improving the transition of youth from school to work.

9802. In enacting the Youth Employment and Development Act of 1977, the Legislature further finds and declares that:

(a) Over 400,000 youth under age 24 are unemployed, which is approximately half the total unemployed in California.

(b) While the number of California's youth is decreasing in relationship to other age groups, the number of unemployed inner-city youth continues to increase.

(c) Existing youth employment programs are insufficient in size and scope to reduce unemployment rates for youth.

(d) Structural unemployment problems based on lack of skills and education deficiencies must be addressed through innovative programs combining work experience and education.

(e) Many young people face a life of inadequate income, failure, and loss of respect because of the inability of the economy to absorb them into the work force. The state also faces an enormous loss in human potential and productive capacity as well as accelerating social costs related to crime, poverty and the attendant problems resulting from unemployment.

It is hereby declared to be the intent of the Legislature to establish within the Employment Development Department the responsibility for youth employment and development. This responsibility shall be carried out in concert with other state agencies mandated to provide services to youth and in conjunction with prime sponsors as described by Public Law 93-203, the Comprehensive Employment and Training Act of 1973.

Article 2. Programs

9805. The Employment Development Department shall conduct the following programs:

(a) Youth on-the-job training programs providing work experience through employment in the private sector, such employment to be subsidized on the basis of regulations developed by the department.

(b) Youth community service programs providing work experience and opportunities for skill development through employment on projects of positive public benefit and designed to conserve and maintain public recreational and community facilities.

(c) Innovative demonstration projects to facilitate the transition of youth from school to work, which shall include, but not be limited

to, the following:

(1) Youth education and work experience voucher payment plans, to test the feasibility of providing youth with more flexibility and freedom in selecting their own courses of instruction and enabling them to negotiate with employers for work experience and training. Such vouchers may be used to compensate an employer for a maximum of two-thirds of wage costs and may be used for basic subsistence and work-related expenses.

(f) Describe the method of recruiting youth, including arrangements with the field offices of the Employment Development Department and local school systems.

(g) Describe a method of assessing the individual employment and educational needs and goals of each youth, and a means of evaluating progress.

9817. Each applicant desiring funds pursuant to this chapter shall submit a proposed agreement to the director, which shall contain the

9818. Project applications submitted by the project applicant to the director shall also be submitted at the time of such application to the local prime sponsor's planning council, or a like organization as determined by the director, for the purpose of affording such council an opportunity to submit comments and recommendations within a reasonable time to the applicant. (b) No person shall, as a condition precedent to entering into any transaction involving the transfer of real property containing a single family residence, require that the escrow be conducted by any specified escrow agent.

SECTION 1. Section 38240 of the Vehicle Code is amended to read:

38240. (a) The State Controller shall allocate the fees collected under Section 38230 in July and January of each fiscal year in the same manner fees are allocated under Section 11005 of the Revenue and Taxation Code.

(b) It is the intent of the Legislature that funds collected under

Such funds, revenues and fees shall be allocated as follows:

(a) An amount, not to exceed 50 percent of the special fee and Motor Vehicle Fuel Account transfer revenues of the Off-Highway Vehicle Fund, shall be made available for grants to cities, counties, and appropriate special purpose districts for recreation projects for off-highway motor vehicles in accordance with local government planning and the statewide plans for trails for recreational motor vehicles developed by the Department of Parks and Recreation. Local governments, to be eligible for these funds, shall provide matching funds, or the value of services, material, or property used, in an amount equal to, but not less than 25 percent of, the total expense of the off-highway motor vehicle facility.

The people of the State of California do enact as follows:

SECTION 1. Section 27173.5 of the Streets and Highways Code is amended to read:

27173.5. The district shall advertise, pursuant to Section 6066 of the Government Code, for contracts for all vessel repair, maintenance, and alteration work whenever the estimated expenditure therefor is in excess of twenty thousand dollars ($20,000), and for all other construction, repair, maintenance, and alteration work and all similar work, and for all insurance purchased by the district for any reason, except physical damage insurance covering the bridge structure itself, employee benefit insurance, liability insurance, or worker's compensation insurance, whenever the estimated expenditure therefor is in excess of five thousand dollars ($5,000), in (a) at least one newspaper and not more than three newspapers designated by the general manager, which are published in any one county or portion of a county within the district, and (b) by publication for two consecutive insertions in a trade paper of general circulation, published no more than one week apart either in the City of Los Angeles or the City and County of San Francisco, devoted primarily to the dissemination of contract news among contracting firms. The district shall publicly open the bids and award the contract to the lowest responsible bidder.

In case of emergency repairs necessitated by landslide, flood, storm or wind damage, accident, or other casualty, or any other condition which threatens imminent interruption of passenger transportation via district facilities, work may be contracted for a period of not to exceed 30 days after the occurrence or discovery of such emergency without advertising or competitive bidding.

SEC. 2. Section 27173.7 of the Streets and Highways Code is amended to read:

27173.7. All contracts in excess of twenty thousand dollars ($20,000) entered into by the district for the hiring or purchase of equipment, supplies, or materials, are of no effect unless the district shall advertise pursuant to Section 6066 of the Government Code for bids for such contracts in at least one newspaper and not more than three newspapers designated by the general manager, which are published in any one county or portion of a county within the district, and unless the district shall award the contract to the lowest responsible bidder.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that the Golden Gate Bridge, Highway and Transportation District may reduce its administrative cost by not having to expend funds to advertise for bids for liability insurance where in many instances there is only one bidder, and for contracts not exceeding twenty thousand dollars ($20,000) for the hiring or purchase of equipment, supplies, or materials, or for vessel repair, maintenance, and alteration work, it is necessary that this act take effect immediately.

CHAPTER 683

An act to amend Section 690.2 of the Code of Civil Procedure, relating to attachment and execution.

[Approved by Governor September 8, 1977 Filed with Secretary of State September 8, 1977.]

SECTION 1. Section 690.2 of the Code of Civil Procedure is amended to read:

690.2. (a) One motor vehicle with a value not exceeding five hundred dollars ($500), over and above all liens and encumbrances on such motor vehicle. The value of such motor vehicle shall be established by reference to used car price guides customarily used by California automobile dealers, or, if not listed in such guides, fair market value, for a motor vehicle of that year and model.

(b) When the debtor has only one vehicle, the levying officer shall not receive any bid at the execution sale unless it exceeds the total of:

(1) The motor vehicle exemption;

(2) The aggregate amount of all liens and encumbrances on the motor vehicle; and

(3) The amount necessary to repay the judgment creditor for the fees and costs advanced to the levying officer.

In the event no bid is accepted the levying officer shall release the motor vehicle to the debtor within five days.

(c) When the debtor has only one vehicle, the levying officer shall distribute the proceeds of any execution sale or from the undertaking, if necessary, without further order of the court, in the following order of priority:

(1) First, the seller, lienholder or encumbrancer shall recover pursuant to paragraph (1) of Section 689c;

(2) Second, the debtor shall recover five hundred dollars ($500),

the amount of the motor vehicle exemption;

(3) Third, to the satisfaction of the judgment; and

(4) Fourth, the balance, if any, to the debtor.

The distribution shall be made, whether or not the debtor has filed a claim of exemption and regardless of who purchases the motor vehicle.

(d) In addition to the procedure established under this section and Section 690.50, the levying officer shall consult the Department of Motor Vehicles and, if the department's records show that another vehicle is registered in the name of the debtor, the levying officer shall notify the debtor of his findings and that the debtor may file a claim of exemption pursuant to this section prior to the sale of the motor vehicle held by the levying officer but if the debtor so files he waives his right to file a claim of exemption under this section for any other motor vehicle currently registered in the name of the debtor with regard to the judgment giving rise to the existing writ of execution.

The notice required by this subdivision shall be given at the same time and in the same manner as the giving of the notice of sale to the judgment debtor. Notwithstanding the provisions of Section 690.50, a claim of exemption may be filed pursuant to this subdivision at any time prior to the sale of the motor vehicle. If the debtor files a claim of exemption, the motor vehicle held by the levying officer shall be deemed to be the sole motor vehicle owned by the debtor. The procedure for hearing the claim shall be the same as that provided in Section 690.50, and the procedure for sale, if ordered, shall be as provided in subdivision (b) and (c) of this section.

If no claim of exemption is filed after notice is given under this subdivision, the levying officer shall distribute the proceeds of the sale in the following order of priority:

(1) First, the seller, lienholder or encumbrancer shall recover pursuant to paragraph (1) of Section 689c;

(2) Second, to the satisfaction of the judgment; and

(3) Third, the balance, if any, to the debtor.

(e) Any amount representing the motor vehicle exemption paid to the debtor shall be entitled, for a period of 90 days thereafter, to the same protection against legal process which the law gives to the motor vehicle exemption.

(h) For leases first entered into by and between government and

nonprofit corporation on or before December 31, 1968, all requirements of this section shall be met except that the last unnumbered paragraph of subdivision (b) shall not apply and for the purposes of subdivision (b) (1) the list of real property qualifying for this exemption includes community recreation buildings or facilities, golf courses, airports, water, sewer and drainage facilities, music centers and their related facilities, and public parking incidental to and in connection with one of the buildings or structures set forth in this section.

(j) Where the construction has commenced on or after January 1, 1969, improvements shall be advertised and put to competitive bid to qualify for the exemption provided by this section.

SEC. 2. Notwithstanding Section 2229 of the Revenue and Taxation Code, no appropriation is made by this act and the state shall not reimburse any local agency for any property tax revenues lost by it under this act because this act is in accordance with the request of a local governmental entity.

SEC. 3. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be an appropriation made by this act because the duties, obligations or responsibilities imposed on local governmental entities or school districts by this act are such that related costs are incurred as part of their normal operating procedures.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The governmental entities that will form the nonprofit corporation authorized by this legislation to construct water and wastewater facilities desire to proceed at the earliest possible time to begin such construction to provide public facilities for the transmission and delivery of a higher quality water in areas experiencing water quality problems and to construct those facilities necessary to meet waste discharge standards imposed by the state.

The people of the State of California do enact as follows:

SECTION 1. Section 3500 of the Labor Code is repealed.

SEC. 2. CHAPTER 689

An act to add Section 66780.5 to the Government Code, relating to solid waste management.

[Approved by Governor September 8, 1977 Filed with Secretary of State September 8, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 66780.5 is added to the Government Code, to read:

66780.5. A regional solid waste management plan shall be prepared and updated by the Association of Bay Area Governments for the San Francisco Bay Area, as defined by the Office of Planning and Research pursuant to Section 65040.4. The regional plan shall be developed in cooperation with all affected local jurisdictions, and shall be based primarily on county solid waste management plans submitted to and approved by the board pursuant to this chapter. The regional plan shall address only those regional issues identified by local governments in the county solid waste management plans. Policies and programs for regional solid waste management shall be consistent with the state policy to protect the public health, enhance the environment and conserve its natural resources, as adopted by the board pursuant to Section 66770 of this chapter. Regional programs and policies shall not include aspects of solid waste handling that are primarily the responsibility of local governments, as defined by Sections 66732 and 66771. In order that the provisions of Sections 66701 and 66770 of this chapter are carried out to the maximum feasible extent, the regional plan shall be consistent with the San Francisco Bay Area air quality maintenance plan prepared and revised pursuant to the Federal Clean Air Act of 1970, as

amended, and shall be consistent with the areawide waste treatment management plan prepared and revised pursuant to Section 208 of the Federal Water Pollution Control Act, as amended. The regional plan, and subsequent amendments thereto, shall be submitted to the general assembly of the association. Once approved in such assembly by a majority of the counties representing a majority of the population of the San Francisco Bay Area, and in such assembly by a majority of the cities representing a majority of the population of incorporated areas in the San Francisco Bay Area, the regional plan shall be submitted to the board for approval. Submission of the initial plan shall be made in April 1978, together with the areawide waste treatment management plan to be submitted to the State Water Resources Control Board and the air quality maintenance plan to be submitted to the State Air Resources Board. Hazardous waste policies and programs of the regional plan shall be submitted to the State Department of Health for approval. The regional plan shall, upon approval by the board and the State Department of Health, become part of the state plan to meet the requirements of the Federal Resource Conservation and Recovery Act of 1976. In carrying out the obligations of this section, the association shall comply with applicable guidelines and regulations of the board, the State Air Resources Board, the State Water Resources Control Board, and the State Department of Health. Nothing in this section shall preclude a local government from entering into a contract with the board for a solid waste management or resources recovery project consistent with state law.

SEC. 2. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be any appropriation made by this act because this act is in accordance with the request of local government entities that desire authority to carry out the programs specified in the act. This act also affirms for the state activities that are already in existence and funds for such activities are provided by the federal government under the Federal Water Pollution Control Act, as amended. The association shall also use any other available federal funds for which it is eligible, including those provided under the Federal Resource Conservation and Recovery Act of 1976 if designated by the Governor to receive such funds.

CHAPTER 690

An act to amend Sections 246, 447a, and 459 of the Penal Code, relating to house cars.

[Approved by Governor September 8, 1977 Filed with Secretary of State September 8, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 246 of the Penal Code is amended to read:

246. Any person who shall maliciously and willfully discharge a firearm at an inhabited dwelling house, occupied building, occupied motor vehicle, inhabited house car, as defined in Section 362 of the Vehicle Code, or inhabited camper, as defined in Section 243 of the Vehicle Code, is guilty of a felony, and upon conviction shall be punished by imprisonment in the state prison, or by imprisonment in the county jail not exceeding one year. As used in this section, "inhabited" means currently being used for dwelling purposes, whether occupied or not.

SEC. 2. Section 447a of the Penal Code is amended to read:

447a. Any person who willfully and maliciously sets fire to or burns or causes to be burned or who aids, counsels or procures the burning of any trailer coach, as defined in Section 635 of the Vehicle Code, or any inhabited house car, as defined in Section 362 of the Vehicle Code, or inhabited camper, as defined in Section 243 of the Vehicle Code, or any dwelling house, or any kitchen, shop, barn, stable or other outhouse that is parcel thereof, or belonging to or adjoining thereto, whether the property of himself or of another, shall be guilty of arson, and upon conviction thereof, be sentenced to the state prison for two, three or four years. As used in this section, "inhabited" means currently being used for dwelling purposes, whether occupied or not.

SEC. 3. Section 459 of the Penal Code is amended to read:

459. Every person who enters any house, room, apartment, tenement, shop, warehouse, store, mill, barn, stable, outhouse or other building, tent, vessel, railroad car, trailer coach, as defined in Section 635 of the Vehicle Code, any house car, as defined in Section 362 of the Vehicle Code, inhabited camper, as defined in Section 243 of the Vehicle Code, vehicle as defined by the Vehicle Code when the doors of such vehicle are locked, aircraft as defined by the Harbors and Navigation Code, mine or any underground portion thereof, with intent to commit grand or petit larceny or any felony is guilty of burglary. As used in this section, "inhabited" means currently being used for dwelling purposes, whether occupied or not.

SEC. 4. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be an appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local governmental entities and school districts which, in the aggregate, do not result in significant indentifiable cost changes.

CHAPTER 691

An act to amend Sections 1026, 1026.1, 1370, 1370.3, and 1374 of the Penal Code, and to amend Sections 5328.2, 5352.5, 5402.1, 6316, 6325.1, and 7375 of, to amend and renumber Section 6325.1 of, the Welfare and Institutions Code, relating to mental health, and making an appropriation therefor.

[Approved by Governor September 8, 1977. Filed with Secretary of State September 8, 1977]

The people of the State of California do enact as follows:

SECTION 1. Section 1026 of the Penal Code is amended to read:

1026. When a defendant pleads not guilty by reason of insanity, and also joins with it another plea or pleas, he shall first be tried as if he had entered such other plea or pleas only, and in such trial he shall be conclusively presumed to have been sane at the time the offense is alleged to have been committed. If the jury shall find the defendant guilty, or if the defendant pleads only not guilty by reason of insanity, then the question whether the defendant was sane or insane at the time the offense was committed shall be promptly tried, either before the same jury or before a new jury in the discretion of the court. In such trial the jury shall return a verdict either that the defendant was sane at the time the offense was committed or that he was insane at the time the offense was committed. If the verdict or finding be that the defendant was sane at the time the offense was committed, the court shall sentence the defendant as provided by law. If the verdict or finding be that the defendant was insane at the time the offense was committed, the court unless it shall appear to the court that the defendant has fully recovered his sanity shall direct that the defendant be confined in a state hospital for the care and treatment of the mentally disordered or any other appropriate public or private mental health facility approved by the county mental health director, or the court may order the defendant to undergo outpatient treatment as specified in Section 1026.1 of the Penal Code. The court shall transmit a copy of its order to the county mental health director or his designee. If the defendant has been found guilty of murder, mayhem, a violation of Section 207 or 209 of the Penal Code in which the victim suffers intentionally inflicted great bodily injury, robbery in the first degree or in which the victim suffers great bodily injury, a violation of Section 447a of the Penal Code involving a trailer coach, as defined in Section 635 of the Vehicle Code, or any dwelling house, a violation of subdivision 2 or 3 of Section 261 of the Penal Code, a violation of Section 459 of the Penal Code in the first degree, assault with intent to commit murder, a violation of Section 220 of the Penal Code in which the victim suffers great bodily injury, a violation of Section 12303.1, 12303.2, 12303.3, 12308, 12309, or 12310 of the Penal Code, or if the defendant

has been found guilty of a felony involving death, great bodily injury, or an act which poses a serious threat of bodily harm to another person, the court shall direct that the defendant be confined in a state hospital or other public or private mental health facility approved by the county mental health director for a minimum of 90 days before such defendant may be released on outpatient treatment pursuant to subdivision (c) of Section 7375 of the Welfare and Institutions Code. Prior to making such order directing that the defendant be confined in a state hospital or other facility or ordered to undergo outpatient treatment, the court shall order the county mental health director or his designee to evaluate the defendant and to submit to the court within 15 judicial days of such order his written recommendation as to whether the defendant should be required to undergo outpatient treatment or committed to a state hospital or another mental health facility. No person shall be admitted to a state hospital or other facility or accepted for outpatient treatment under this section without having been evaluated by the county mental health director or his or her designee. If, however, it shall appear to the court that the defendant has fully recovered his sanity such defendant shall be remanded to the custody of the sheriff until his sanity shall have been finally determined in the manner prescribed by law. A defendant committed to a state hospital or other facility or ordered to undergo outpatient treatment shall not be released from confinement or the required outpatient treatment unless and until the court which committed him shall, after notice and hearing, find and determine that his sanity has been restored. Nothing in this section contained shall prevent the transfer of such person from one state hospital to any other state hospital by proper authority nor the transfer of such patient to a hospital in another state in the manner provided by law, upon order of the superior court in the county from which he was committed, or in which he is detained.

If the defendant is committed or transferred to a state hospital pursuant to this section, the court may, upon receiving the written recommendation of the superintendent of the state hospital and the county mental health director that the defendant be transferred to a public or private mental health facility approved by the county mental health director, order the defendant transferred to such facility. If the defendant is committed or transferred to a public or private mental health facility approved by the county mental health director, the court may, upon receiving the written recommendation of the county mental health director, transfer the defendant to a state hospital or to another public or private mental health facility approved by the county mental health director. The defendant or prosecuting attorney, if he chooses to contest either kind of order of transfer, may petition the court for a hearing which shall be held if the court determines that sufficient grounds exist. At such hearing the prosecuting attorney or the defendant may present evidence bearing on the order of transfer. The court shall use the same standards as used in conducting probation revocation hearings

pursuant to Section 1203.2 of the Penal Code.

Prior to making an order for transfer under this section, the court shall notify the defendant, the attorney of record for the defendant, the prosecuting attorney, and the county mental health director or his designee.

SEC. 1.5. Section 1026.1 of the Penal Code is amended to read:

1026.1. (a) If, in the evaluation ordered by the court under Section 1026, the county mental health director, or his designee, is of the opinion that the defendant is not a danger to the health and safety of others while on outpatient treatment and will benefit from such treatment, and has obtained the agreement of the person in charge of a mental health facility and of the defendant that the defendant will receive and submit to outpatient treatment and that the person in charge of the facility will designate a person to be the outpatient supervisor of the defendant, the court may order the defendant to undergo outpatient treatment. The court shall inform the prosecuting attorney and the defendant's attorney of record of its intent to make such an order, and shall make the evaluation and recommendation of the county mental health director, or his designee, available to them at least 15 days in advance of its order. The court may hold a hearing prior to ordering outpatient treatment, and may (1) approve or disapprove of the plan or (2) take no action, in which case the plan shall be deemed to have been approved. At the request of the prosecuting attorney a hearing shall be held. Prior to filing such announcement of intent the county mental health director, or his designee, shall obtain the agreement of the person in charge of a mental health facility and of the defendant that the defendant will receive and submit to outpatient treatment and that the person in charge of the facility will designate a person to be the outpatient supervisor of the defendant. At 90-day intervals following the beginning of outpatient treatment, the outpatient supervisor shall make a report in writing to the court, the prosecuting attorney and the attorney of record for the defendant setting forth the status and progress of the defendant. The maximum period of such treatment shall not exceed one year. The court may at the end of such maximum period renew its approval for additional outpatient treatment upon the request of the county mental health director or his designee.

(b) When the outpatient supervisor is of the opinion that the defendant has regained his sanity the supervisor shall communicate such opinion to the person in charge of the facility. If the person in charge of the facility concurs, he shall submit an application for release pursuant to Section 1026a.

(c) If at any time during an outpatient treatment period the outpatient supervisor is of the opinion that the defendant requires extended inpatient treatment or refuses to accept further outpatient treatment, he shall communicate such opinion or refusal to the person in charge of the facility. If the person in charge of the facility concurs, he shall notify the committing court, the prosecuting

attorney, the attorney of record for the defendant, and the county mental health director or his designee of his intent to transfer the defendant to a state hospital or any other public or private mental health facility approved by the county mental health director. Within 15 judicial days, the court shall (1) approve or disapprove of the transfer or (2) take no action, in which case the transfer shall be deemed approved. Such transfer shall be reviewable by a writ of habeas corpus only. If a verified petition for a writ alleges on its face facts sufficient to justify relief, an order to show cause shall issue.

(d) If at any time during an outpatient treatment period the prosecuting attorney is of the opinion that the defendant is a danger to the health and safety of others while on outpatient treatment, he may petition the court for a hearing to determine whether the defendant shall be continued on outpatient treatment. The court shall calendar the case for further proceedings and the clerk shall notify the defendant, outpatient supervisor, the attorney of record for the defendant, and the county mental health director or his designee of the calendared date. Upon failure of the defendant to appear as noticed, if a proper affidavit of service and advisement has been filed with the court, the court may issue a body attachment for such defendant. If, after a hearing in open court conducted with the same standards used in probation revocation hearings pursuant to Section 1203.2, the judge of the committing court determines that the defendant is a danger to the health and safety of others, he shall commit the defendant to a state hospital for the care and treatment of the mentally disordered or to any public or private mental health facility approved by the county mental health director.

The court shall transmit a copy of its order to the county mental health director or his designee. Such order shall be reviewable by a writ of habeas corpus only.

(e) An outpatient who requires inpatient treatment pending judicial determination of his outpatient status pursuant to subdivisions (c) and (d) shall receive such treatment subject to the provisions of Sections 5150, 5200, 5250, and 5300 of the Welfare and Institutions Code.

The person in charge of the facility in which an outpatient receives inpatient treatment shall notify the county mental health director or his designee of inpatient treatment provided to an outpatient under this section.

SEC. 2. Section 1370 of the Penal Code is amended to read:

1370. (a) If the defendant is found mentally competent, the criminal process shall resume, the trial on the offense charged shall proceed, and judgment may be pronounced. If the defendant is found mentally incompetent, the trial or judgment shall be suspended until he becomes mentally competent, and the court shall order that (1) in the meantime, the defendant be delivered by the sheriff to a state hospital for the care and treatment of the mentally disordered or to any other available public or private mental health treatment facility approved by the county mental health director as

will promote the defendant's speedy restoration of mental competence, or be ordered to undergo outpatient treatment as specified in Section 1370.3 and (2) upon his becoming competent, he be redelivered to the sheriff to be returned to court where the criminal process shall resume. The court shall transmit a copy of its order to the county mental health director or his designee.

If the defendant has been charged with murder, mayhem, a violation of Section 207 or 209 of the Penal Code in which the victim suffers intentionally inflicted great bodily injury, robbery in the first degree or in which the victim suffers great bodily injury, a violation of Section 447a of the Penal Code involving a trailer coach, as defined in Section 635 of the Vehicle Code, or any dwelling house, a violation of subdivision (2) and (3) of Section 261 of the Penal Code, a violation of Section 459 of the Penal Code in the first degree, assault with intent to commit murder, a violation of Section 220 of the Penal Code in which the victim suffers great bodily injury, a violation of Section 12303.1, 12303.3, 12308, 12309, or 12310 of the Penal Code, or if the defendant has been charged with a felony involving death, great bodily injury, or an act which poses a serious threat of bodily harm to another person, the court shall direct that the defendant be confined in a state hospital or other public or private mental health facility approved by the county mental health director for a minimum of 90 days before such defendant may be released on outpatient treatment pursuant to Section 1374. Prior to release on outpatient treatment, such defendant shall be returned to court for a hearing to determine whether the defendant is entitled to be admitted to bail or released upon his own recognizance.

Prior to making such order, the court shall order the county mental health director or his designee to evaluate the defendant and to submit to the court within 15 judicial days of such order his written recommendation as to whether the defendant should be required to undergo outpatient treatment, or committed to a state hospital or to any other mental health facility. No person shall be admitted to a state hospital or other facility or accepted for outpatient treatment under this section without having been evaluated by the county mental health director or his or her designee.

If the defendant is committed or transferred to a state hospital pursuant to this section, the court may, upon receiving the written recommendation of the superintendent of the state hospital and the county mental health director that the defendant be transferred to a public or private mental health facility approved by the county mental health director, order the defendant transferred to such facility. If the defendant is committed or transferred to a public or private mental health facility approved by the county mental health director, the court may, upon receiving the written recommendation of the county mental health director, transfer the defendant to a state hospital or to another public or private mental health facility approved by the county mental health director. In the event of dismissal of the criminal charges before the defendant

recovers competence, the person shall be subject to the applicable provisions of the Lanterman-Petris-Short Act (Part 1 (commencing with Section 5000) of Division 5 of the Welfare and Institutions Code). The defendant or prosecuting attorney, if he chooses to contest either kind of order of transfer, may petition the court for a hearing, which shall be held if the court determines that sufficient grounds exist. At such hearing the prosecuting attorney or the defendant may present evidence bearing on the order of transfer. The court shall use the same standards as used in conducting probation revocation hearings pursuant to Section 1203.2 of the Penal Code.

Prior to making an order for transfer under this section, the court shall notify the defendant, the attorney of record for the defendant, the prosecuting attorney, and the county mental health director or his designee.

(b) (1) Within 90 days of a commitment made pursuant to subdivision (a), the superintendent of the state hospital or other facility to which the defendant is committed or from which the defendant is placed on outpatient treatment shall make a written report to the court and the county mental health director or his designee concerning the defendant's progress toward recovery of his mental competence. If the defendant has not recovered his mental competence, but the report discloses a substantial likelihood the defendant will regain his mental competence in the foreseeable future, he shall remain in the state hospital or other facility or on outpatient treatment. Thereafter, at six-month intervals or until the defendant becomes mentally competent, the superintendent of the hospital or person in charge of the facility shall report to the court and the county mental health director or his designee regarding the defendant's progress toward recovery of his mental competence. If the report indicates that there is no substantial likelihood that the defendant will regain his mental competence in the foreseeable future, the committing court shall order him to be returned to the court for proceedings pursuant to paragraph (2) of subdivision (c). The court shall transmit a copy of its order to the county mental health director or his designee.

(2) If, after the defendant has been committed or has undergone outpatient treatment for 18 months, he is still hospitalized or on outpatient treatment pursuant to this section, he shall be returned to the committing court where a hearing shall be held pursuant to the procedures set forth in Section 1369. The court shall transmit a copy of its order to the county mental health director or his designee.

(3) If it is determined by the court that no treatment for the defendant's mental impairment is being conducted, the defendant shall be returned to the committing court.

(4) The superintendent or person in charge of the facility shall deliver the reports made pursuant to paragraph (1) to the committing court and to the county mental health director or his designee, which shall provide a copy thereof to the defendant, his

attorney of record, and any other interested person specified by the defendant.

(c) (1) If, at the end of three years from the date of commitment or a period of commitment equal to the maximum term of imprisonment provided by law for the most serious offense charged in the information, indictment, or misdemeanor complaint, whichever is shorter, the defendant has not recovered his mental competence, he shall be returned to the committing court. The court shall notify the county mental health director or his designee of such return and of any resulting court orders.

(2) Whenever any defendant is returned to the court pursuant to paragraph (2) of subdivision (b) or paragraph (1) of subdivision (c) and it appears to the court that the defendant is gravely disabled as defined in paragraph (2) of subdivision (h) of Section 5008 of the Welfare and Institutions Code, the court shall order the conservatorship investigator of the county of commitment of the defendant to initiate conservatorship proceedings for such defendant pursuant to Chapter 3 (commencing with Section 5350) of Part 1 of Division 5 of the Welfare and Institutions Code. Any hearings required in the conservatorship proceedings shall be held in the superior court in the county which ordered the commitment. The court shall transmit a copy of the order directing initiation of conservatorship proceedings to the county mental health director or his designee.

(d) The criminal action remains subject to dismissal pursuant to Section 1385.

(e) If the criminal charge against the defendant is dismissed, the defendant shall be released from any commitment ordered under this section, but without prejudice to the initiation of any proceedings under the Lanterman-Petris-Short Act, Part 1 (commencing with Section 5000) of Division 5 of the Welfare and Institutions Code, which may be appropriate.

SEC. 2.5. Section 1370.3 of the Penal Code is amended to read:

1370.3. (a) If, in the evaluation ordered by the court under Section 1370.1, the county mental health director, or his designee, is of the opinion that the defendant is not a danger to the health and safety of others while on outpatient treatment and will benefit from such treatment, and has obtained the agreement of the person in charge of a mental health facility and of the defendant that the defendant will receive and submit to outpatient treatment and that the person in charge of the facility will designate a person to be the outpatient supervisor of the defendant, the court may order the defendant to undergo outpatient treatment. The court shall inform the prosecuting attorney and the defendant's attorney of record of its intent to make such an order, and shall make the evaluation and recommendation of the county mental health director, or his designee, available to them at least 15 days in advance of its order. The court may hold a hearing prior to ordering outpatient treatment, and (1) approve or disapprove of the plan or (2) take no action, in

which case the plan shall be deemed approved. The court shall transmit a copy of its order to the county mental health director or his designee. At the request of the prosecuting attorney a hearing shall be held. Prior to filing such announcement of intent the county mental health director, or his designee, shall obtain the agreement of the person in charge of a mental health facility and of the defendant that the defendant will receive and submit to outpatient treatment and that the person in charge of the facility will designate a person to be the outpatient supervisor of the defendant. At 90-day intervals following the beginning of outpatient treatment, the outpatient supervisor shall make a report in writing to the court, the prosecuting attorney, the attorney of record for the defendant, and the county mental health director or his designee setting forth the status and progress of the defendant. The maximum period of such treatment shall not exceed one year. The court may at the end of such maximum period renew its approval for additional outpatient treatment upon the request of the county mental health director or his designee.

(b) When the outpatient supervisor is of the opinion that the defendant has recovered competence the supervisor shall communicate such opinion to the person in charge of the facility. If the person in charge of the facility concurs, he shall certify the opinion to the county mental health director or his designee, committing court, prosecuting attorney, and attorney of record for the defendant. The court shall calendar the case for further proceedings pursuant to Section 1372.

(c) If at any time during an outpatient treatment period the outpatient supervisor is of the opinion that the defendant requires extended inpatient treatment or refuses to accept further outpatient treatment, he shall communicate such opinion or refusal to the person in charge of the facility. If the person in charge of the facility concurs, he shall notify the committing court, the prosecuting attorney, the attorney of record for the defendant, and the county mental health director or his designee of his intent to transfer the defendant to a state hospital or any other public or private mental health facility approved by the county mental health director. Within 15 judicial days, the court shall (1) aprove or disapprove of the transfer or (2) take no action, in which case the transfer shall be deemed approved. Such transfer shall be reviewable by a writ of a habeas corpus only. If a verified petition for a writ alleges on its face facts sufficient to justify relief, an order to show cause shall issue.

(d) If at any time during an outpatient treatment period the prosecuting attorney is of the opinion that the defendant is a danger to the health and safety of others, while on outpatient treatment, he may petition the court for a hearing to determine whether the defendant shall be continued on outpatient treatment. The court shall calendar the case for further proceedings and the clerk shall notify the defendant, outpatient supervisor, the attorney of record for the defendant, and the county mental health director or his

designee of the calendared date. Upon failure of the defendant to appear as noticed, if a proper affidavit of service and advisement has been filed with the court, the court may issue a body attachment for the defendant. Upon receipt of the petition, the court shall calendar the case for further proceedings and the clerk shall notify the person, outpatient supervisor, attorney of record for the person, and the county mental health director or his designee of the calendared date. Upon failure of the person to appear as noticed, if a proper affidavit of service and advisement has been filed with the court, the court may issue a body attachment for such person. If, after a hearing in open court conducted with the same standards used in probation revocation hearings pursuant to Section 1203.2 of the Penal Code, the judge of the committing court determines that the person is a danger to the health and safety of others, he shall order the person returned to the state hospital or other facility to which he was committed or transferred pursuant to Section 6316.

The people of the State of California do enact as follows:

SECTION 1. Section 1367 of the Penal Code is amended to read:

1367. A person cannot be tried or adjudged to punishment while he is mentally incompetent. A defendant is mentally incompetent for purposes of this chapter if, as a result of mental disorder or developmental disability, he is unable to understand the nature of the proceedings taken against him and to assist counsel in the conduct of a defense in a rational manner.

Section 1370 shall apply to a person who is incompetent as a result of a mental disorder. Section 1370.1 shall apply to a person who is

incompetent as a result of a developmental disability and shall apply to a person who is incompetent as a result of a mental disorder, but is also developmentally disabled.

SEC. 2. Section 1369 of the Penal Code is amended to read:

1369. A trial by court or jury of the question of mental competence shall proceed in the following order:

(a) The court shall appoint a psychiatrist or licensed psychologist, and any other expert the court may deem appropriate, to examine the defendant. In any case where the defendant or his counsel informs the court that the defendant is not seeking a finding of mental incompetence, the court shall appoint two psychiatrists, licensed psychologists, or a combination thereof. One of the psychiatrists or licensed psychologists may be named by the defense and one may be named by the prosecution. If it is suspected the defendant is developmentally disabled, the court shall appoint the director of the regional center for the developmentally disabled established under Division 25 (commencing with Section 38000) of the Health and Safety Code, or the designee of the director, to examine the defendant. The court may order the developmentally disabled defendant to be confined for examination in a state hospital or any other residential facility designated by the director of the regional center.

(b) (1) The counsel for the defendant shall offer evidence in support of the allegation of mental incompetence.

(2) If the defense declines to offer any evidence in support of the allegation of mental incompetence, the prosecution may do so.

(c) The prosecution shall present its case regarding the issue of defendant's present mental competence.

(d) Each party may offer rebutting testimony, unless the court, for good reason in furtherance of justice, also permits other evidence in support of the original contention.

(e) When the evidence is concluded, unless the case is submitted without final argument, the prosecution shall make its final argument and the defense shall conclude with its final argument to the court or jury.

(f) In a jury trial, the court shall charge the jury, instructing them on all matters of law necessary for the rendering of a verdict. It shall be presumed that the defendant is mentally competent unless it is proved by a preponderance of the evidence that he is mentally incompetent. The verdict of the jury shall be unanimous.

SEC. 3. Section 1370 of the Penal Code is amended to read:

1370. (a) If the defendant is found mentally competent, the criminal process shall resume, the trial on the offense charged shall proceed, and judgment may be pronounced. If the defendant is found mentally incompetent, the trial or judgment shall be suspended until he becomes mentally competent, and the court shall order that (1) in the meantime, the defendant be delivered by the sheriff to a state hospital for the care and treatment of the mentally disordered or to any other available public or private mental health

treatment facility approved by the county mental health director as will promote the defendant's speedy restoration of mental competence, or be ordered to undergo outpatient treatment as specified in Section 1370.3 and (2) upon his becoming competent, he be redelivered to the sheriff to be returned to court where the criminal process shall resume. The court shall transmit a copy of its order to the county mental health director or his designee.

If the defendant has been charged with murder, mayhem, a violation of Section 207 or 209 in which the victim suffers intentionally inflicted great bodily injury, robbery in the first degree or in which the victim suffers great bodily injury, a violation of Section 447a involving a trailer coach, as defined in Section 635 of the Vehicle Code, or any dwelling house, a violation of subdivision (2) and (3) of Section 261, a violation of Section 459 in the first degree, assault with intent to commit murder, a violation of Section 220 in which the victim suffers great bodily injury, a violation of Section 12303.1, 12303.3, 12308, 12309, or 12310, or if the defendant has been charged with a felony involving death, great bodily injury, or an act which poses a serious threat of bodily harm to another person, the court shall direct that the defendant be confined in a state hospital or other public or private mental health facility approved by the county mental health director for a minimum of 90 days before such defendant may be released on outpatient treatment pursuant to Section 1374. Prior to release on outpatient treatment, such defendant shall be returned to court for a hearing to determine whether the defendant is entitled to be admitted to bail or released upon his own recognizance.

Prior to making such order, the court shall order the county mental health director or his designee to evaluate the defendant and to submit to the court within 15 judicial days of such order his written recommendation as to whether the defendant should be required to undergo outpatient treatment, or committed to a state hospital or to any other mental health facility.

If the defendant is committed or transferred to a state hospital pursuant to this section, the court may, upon receiving the written recommendation of the superintendent of the state hospital and the county mental health director that the defendant be transferred to a public or private mental health facility approved by the county mental health director, order the defendant transferred to such facility. If the defendant is committed or transferred to a public or private mental health facility approved by the county mental health director, the court may, upon receiving the written recommendation of the county mental health director, transfer the defendant to a state hospital or to another public or private mental health facility approved by the county mental health director. In the event of dismissal of the criminal charges before the defendant recovers competence, the person shall be subject to the applicable provisions of the Lanterman-Petris-Short Act (Part 1 (commencing with Section 5000) of Division 5 of the Welfare and Institutions

Code). The defendant or prosecuting attorney, if he chooses to contest either kind of order of transfer, may petition the court for a hearing, which shall be held if the court determines that sufficient grounds exist. At such hearing the prosecuting attorney or the defendant may present evidence bearing on the order of transfer. The court shall use the same standards as used in conducting probation revocation hearings pursuant to Section 1203.2.

Prior to making an order for transfer under this section, the court shall notify the defendant, the attorney of record for the defendant, the prosecuting attorney, and the county mental health director or his designee.

(b) (1) Within 90 days of a commitment made pursuant to subdivision (a), the superintendent of the state hospital or other facility to which the defendant is committed or from which the defendant is placed on outpatient treatment shall make a written report to the court and the county mental health director or his designee concerning the defendant's progress toward recovery of his mental competence. If the defendant has not recovered his mental competence, but the report discloses a substantial likelihood the defendant will regain his mental competence in the foreseeable future, he shall remain in the state hospital or other facility or on outpatient treatment. Thereafter, at six-month intervals or until the defendant becomes mentally competent, the superintendent of the hospital or person in charge of the facility shall report to the court and the county mental health director or his designee regarding the defendant's progress toward recovery of his mental competence. If the report indicates that there is no substantial likelihood that the defendant will regain his mental competence in the foreseeable future, the committing court shall order him to be returned to the court for proceedings pursuant to paragraph (2) of subdivision (c). The court shall transmit a copy of its order to the county mental health director or his designee.

(2) If, after the defendant has been committed or has undergone outpatient treatment for 18 months, he is still hospitalized or on outpatient treatment pursuant to this section, he shall be returned to the committing court where a hearing shall be held pursuant to the procedures set forth in Section 1369. The court shall transmit a copy of its order to the county mental health director or his designee.

(3) If it is determined by the court that no treatment for the defendant's mental impairment is being conducted, the defendant shall be returned to the committing court.

(4) The superintendent or person in charge of the facility shall deliver the reports made pursuant to paragraph (1) to the committing court and to the county mental health director or his designee, which shall provide a copy thereof to the defendant, his attorney of record, and any other interested person specified by the defendant.

(c) (1) If, at the end of three years from the date of commitment or a period of commitment equal to the maximum term of

imprisonment provided by law for the most serious offense charged in the information, indictment, or misdemeanor complaint, whichever is shorter, the defendant has not recovered his mental competence, he shall be returned to the committing court. The court shall notify the county mental health director or his designee of such return and of any resulting court orders.

(2) Whenever any defendant is returned to the court pursuant to paragraph (2) of subdivision (b) or paragraph (1) of subdivision (c) and it appears to the court that the defendant is gravely disabled as defined in paragraph (2) of subdivision (h) of Section 5008 of the Welfare and Institutions Code, the court shall order the conservatorship investigator of the county of commitment of the defendant to initiate conservatorship proceedings for such defendant pursuant to Chapter 3 (commencing with Section 5350) of Part 1 of Division 5 of the Welfare and Institutions Code. Any hearings required in the conservatorship proceedings shall be held in the superior court in the county which ordered the commitment. The court shall transmit a copy of the order directing initiation of conservatorship proceedings to the county mental health director or his designee.

(d) The criminal action remains subject to dismissal pursuant to Section 1385.

(e) If the criminal charge against the defendant is dismissed, the defendant shall be released from any commitment ordered under this section, but without prejudice to the initiation of any proceedings under the Lanterman-Petris-Short Act, Part 1 (commencing with Section 5000) of Division 5 of the Welfare and Institutions Code.

SEC. 4. Section 1370.1 of the Penal Code is repealed.

SEC. 5. Section 1370.1 is added to the Penal Code, to read:

1370.1. (a) If the defendant is found mentally competent, the criminal process shall resume, the trial on the offense charged shall proceed, and judgment may be pronounced. If the defendant is found mentally incompetent and is developmentally disabled, the trial or judgment shall be suspended until he becomes mentally competent, and the court shall order that (1) in the meantime, the defendant be delivered by the sheriff or other person designated by the court to a state hospital for the care and treatment of the developmentally disabled or any other available residential facility approved by the director of a regional center for the developmentally disabled established under Division 25 (commencing with Section 38000) of the Health and Safety Code as will promote the defendant's speedy restoration of mental competence, or be ordered to undergo outpatient treatment as specified in Section 1370.3 and (2) upon his becoming competent, he be redelivered to the sheriff or other person designated by the court to be returned to court where the criminal process shall resume. The court shall transmit a copy of its order to the regional center director or his designee.

As used in this section, "developmental disability" means a disability which continues, or can be expected to continue, indefinitely and constitutes a substantial handicap for such individual. As defined by the Director of Health, this term shall include mental retardation, cerebral palsy, epilepsy, and autism. This term shall also include handicapping conditions found to be closely related to mental retardation or to require treatment similar to that required for mentally retarded individuals, but shall not include other handicapping conditions that are solely physical in nature.

If the defendant has been charged with murder, mayhem, a violation of Section 207 or 209 in which the victim suffers intentionally inflicted great bodily injury, robbery perpetrated by torture or by a person armed with a dangerous or deadly weapon or in which the victim suffers great bodily injury, a violation of Section 211a, a violation of Section 447a involving a trailer coach, as defined in Section 635 of the Vehicle Code, or any dwelling house, a violation of subdivision (2) or (3) of Section 261, a violation of Section 459 in the first degree, assault with intent to commit murder, a violation of Section 220 in which the victim suffers great bodily injury, a violation of Section 12303.1, 12303.3, 12308, 12309, or 12310, or if the defendant has been charged with a felony involving death, great bodily injury, or an act which poses a serious threat of bodily harm to another person, the court shall direct that the defendant be confined for evaluation and treatment in a state hospital or other residential facility approved by the regional center director for a minimum of 90 days before such defendant may be released on outpatient treatment pursuant to Section 1374. Prior to release on outpatient treatment, such defendant shall be returned to court for a hearing to determine whether the defendant is entitled to be admitted to bail or released upon his own recognizance.

Prior to making such order, the court shall order the regional center director or his designee to evaluate the defendant and to submit to the court within 15 judicial days of such order his written recommendation as to whether the defendant should be required to undergo outpatient treatment, or committed to a state hospital or to any other available residential facility approved by the regional center director.

If the defendant is committed or transferred to a state hospital pursuant to this section, the court may, upon receiving the written recommendation of the superintendent of the state hospital and the regional center director that the defendant be transferred to a residential facility approved by the regional center director, order the defendant transferred to such facility. If the defendant is committed or transferred to a residential facility approved by the regional center director, the court may, upon receiving the written recommendation of the regional center director, transfer the defendant to a state hospital or to another residential facility approved by the regional center director.

In the event of dismissal of the criminal charges before the

defendant recovers competence, the person shall be subject to the applicable provisions of the Lanterman-Petris-Short Act (Part 1 (commencing with Section 5000) of Division 5 of the Welfare and Institutions Code) or to commitment or detention pursuant to a petition filed pursuant to Section 6502 of the Welfare and Institutions Code.

The defendant or prosecuting attorney, if he chooses to contest either kind of order of transfer, may petition the court for a hearing, which shall be held if the court determines that sufficient grounds exist. At such hearing the prosecuting attorney or the defendant may present evidence bearing on the order of transfer. The court shall use the same standards as used in conducting probation revocation hearings pursuant to Section 1203.2.

Prior to making an order for transfer under this section, the court shall notify the defendant, the attorney of record for the defendant, the prosecuting attorney, and the regional center director or his designee.

(b) (1) Within 90 days of a commitment made pursuant to subdivision (a), the superintendent of the state hospital or other facility to which the defendant is committed or from which the defendant is placed on outpatient treatment shall make a written report to the regional center director or his designee concerning the defendant's progress toward recovery of his mental competence which the regional center director or his designee shall immediately transmit to the court as part of the defendant's progress report. If the defendant has not recovered his mental competence, but the report discloses a substantial likelihood the defendant will regain his mental competence in the foreseeable future, he shall remain in the state hospital or other facility or on outpatient treatment. Thereafter, at six-month intervals or until the defendant becomes mentally competent, the superintendent of the hospital or person in charge of the facility shall report to the regional center director or his designee regarding the defendant's progress toward recovery of his mental competence which the regional center director or his designee shall immediately transmit to the court as part of the defendant's progress report. If the report indicates that there is no substantial likelihood that the defendant will regain his mental competence in the foreseeable future, the committing court shall order him to be returned to the court for proceedings pursuant to paragraph (2) of subdivision (c). The court shall transmit a copy of its order to the regional center director or his designee.

(2) If, after the defendant has been committed or has undergone outpatient treatment for 18 months, he is still hospitalized or on outpatient treatment pursuant to this section, he shall be returned to the committing court where a hearing shall be held pursuant to the procedures set forth in Section 1369. The court shall transmit a copy of its order to the regional center director or his designee.

(3) If it is determined by the court that no treatment for the defendant's mental impairment is being conducted, the defendant

shall be returned to the committing court.

(4) The regional center director or his designee shall deliver the reports made pursuant to paragraph (1) to the committing court and shall provide a copy thereof to the defendant, his attorney of record, and any other interested person specified by the defendant.

(c) (1) If, at the end of three years from the date of commitment or a period of commitment equal to the maximum term of imprisonment provided by law for the most serious offense charged in the information, indictment, or misdemeanor complaint, whichever is shorter, the defendant has not recovered his mental competence, he shall be returned to the committing court. The court shall notify the regional center director or his designee of such return and of any resulting court orders.

(2) If it is found that the person is not subject to commitment or detention pursuant to the applicable provision of the Lanterman-Petris-Short Act (Part 1 (commencing with Section 5000) of Division 5 of the Welfare and Institutions Code) or to commitment or detention pursuant to a petition filed pursuant to Section 6502 of the Welfare and Institutions Code, the individual shall not be subject to further confinement pursuant to this article and the criminal action remains subject to dismissal pursuant to Section 1385.

(d) Notwithstanding any other provision of this section, the criminal action remains subject to dismissal pursuant to Section 1385. If at any time prior to the maximum period of time allowed for proceedings under this article, the regional center director concludes that the behavior of the defendant related to the defendant's criminal offense has been eliminated during time spent in court-ordered programs, the court may, upon recommendation of the regional center director, dismiss the criminal charges.

SEC. 6. Section 1375.5 of the Penal Code is amended to read:

1375.5. Time spent by a defendant in a hospital or other facility as a result of a commitment therein as a mentally incompetent pursuant to this chapter shall be credited on the term of any imprisonment, if any, for which the defendant is sentenced in the criminal case which was suspended pursuant to Section 1370 or 1370.1.

As used in this section, "time spent in a hospital or other facility" includes days a defendant is treated as an outpatient pursuant to Section 1374.

Any order of commitment made pursuant to this article shall expire automatically one year after the order of commitment is made. This section shall not be construed to prohibit any party enumerated in Section 6502 from filing subsequent petitions for additional periods of commitment. In the event such subsequent petitions are filed, the procedures followed shall be the same as with an initial petition for commitment.

In any proceedings conducted under the authority of this article the alleged mentally retarded person shall be informed of his right to counsel by the court; and if he does not have an attorney for the proceedings the court shall immediately appoint the public defender or other attorney to represent him. The person shall pay the cost for such legal service if he is able.

Nothing in this subdivision shall prohibit any employer from making, in connection with prospective employment, an inquiry as to, or a request for information regarding, the physical fitness or medical condition of applicants if that inquiry or request for information is directly related and pertinent to the position the applicant is applying for.

CHAPTER 700

An act to amend Section 54.1 of the Civil Code and to amend Section 451 of the Public Utilities Code, relating to telecommunication facilities for deaf persons.

[Approved by Governor September 8, 1977. Filed with Secretary of State September 8, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 54.1 of the Civil Code is amended to read:

54.1. (a) Blind persons, visually handicapped persons, deaf persons, and other physically disabled persons shall be entitled to full and equal access, as other members of the general public, to accommodations, advantages, facilities, and privileges of all common carriers, airplanes, motor vehicles, railroad trains, motorbuses, streetcars, boats or any other public conveyances or modes of transportation, telephone facilities, hotels, lodging places, places of public accommodation, amusement or resort, and other places to which the general public is invited, subject only to the conditions and limitations established by law, or state or federal regulation, and applicable alike to all persons.

As used in this section, "telephone facilities" means tariff items and other equipment and services which have been approved by the Public Utilities Commission to be used by physically disabled persons in a manner feasible and compatible with the existing telephone network provided by the telephone companies.

(b) (1) Blind persons, visually handicapped persons, deaf persons, and other physically disabled persons shall be entitled to full and equal access, as other members of the general public, to all housing accommodations offered for rent, lease, or compensation in this state, subject to the conditions and limitations established by law, or state or federal regulation, and applicable alike to all persons.

(2) "Housing accommodations" means any real property, or portion thereof, which is used or occupied, or is intended, arranged, or designed to be used or occupied, as the home, residence, or sleeping place of one or more human beings, but shall not include any accommodations included within subdivision (a) or any single-family residence the occupants of which rent, lease, or furnish for compensation not more than one room therein.

(3) Nothing in this subdivision shall require any person renting, leasing or providing for compensation real property to modify his property in any way or provide a higher degree of care for a blind person, visually handicapped person, deaf persons, or other physically disabled person than for a person who is not physically disabled.

(4) Except as provided in paragraph (5) of this subdivision, nothing in this part shall require any person renting, leasing, or

providing for compensation real property, if such person refuses to accept tenants who have dogs, to accept as a tenant a physically disabled person who has a dog.

(5) It shall be deemed a denial of equal access to housing accommodations within the meaning of this subdivision for any person, firm, or corporation to refuse to lease or rent housing accommodations to a blind person or visually handicapped person on the basis that such person uses the services of a dog guide, or to a deaf person on the basis that such person uses the services of a dog to signal the presence of intruders or unusual noises, or to refuse to permit such a blind person or visually handicapped person to keep a guide dog, or a deaf person to keep a signal dog, on the premises.

Except in the normal performance of duty as a mobility aid, nothing contained in this paragraph shall be construed to prevent the owner of a housing accommodation from establishing such terms in a lease or rental agreement which reasonably regulates the presence of guide dogs on the premises of a housing accommodation, nor shall this paragraph be construed to relieve a tenant from any liability otherwise imposed by law for real and personal property damages caused by a guide dog when proof of same exists.

As used in this subdivision, "guide dog" means any guide dog or seeing-eye dog which was trained by a person licensed under the provisions of Chapter 9.5 (commencing with Section 7200) of Division 3 of the Business and Professions Code.

(6) It shall be deemed a denial of equal access to housing accommodations within the meaning of this subdivision for any person, firm, or corporation to refuse to lease or rent housing accommodations to a blind person, visually handicapped person, deaf person, or other physically disabled person on the basis that such physically disabled person is partially or wholly dependent upon the income of his spouse, if the spouse is a party to the lease or rental agreement. Nothing in this subdivision shall, however, prohibit a lessor or landlord from considering the aggregate financial status of a physically disabled person and his spouse.

(c) Persons licensed to train guide dogs for the blind pursuant to Chapter 9.5 (commencing with Section 7200) of Division 3 of the Business and Professions Code, may take dogs, for the purpose of training them as guide dogs, in any of the places specified in paragraphs (a) and (b), above. Such persons shall carry and display, upon request, identification in such form as shall be prescribed by the State Board of Guide Dogs for the Blind.

SEC. 2. Section 451 of the Public Utilities Code is amended to read:

451. All charges demanded or received by any public utility, or by any two or more public utilities, for any product or commodity furnished or to be furnished or any service rendered or to be rendered shall be just and reasonable. Every unjust or unreasonable charge demanded or received for such product or commodity or service is unlawful.

Every public utility shall furnish and maintain such adequate,

efficient, just, and reasonable service, instrumentalities, equipment, and facilities, including telephone facilities, as defined in Section 54.1 of the Civil Code, as are necessary to promote the safety, health, comfort, and convenience of its patrons, employees, and the public.

All rules made by a public utility affecting or pertaining to its charges or service to the public shall be just and reasonable.

CHAPTER 702

An act to amend Section 89900 of the Education Code, as proposed by the 1977 Education Code Supplemental Act, relating to the State University and Colleges, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor September 8, 1977 Filed with Secretary of State September 8, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 89900 of the Education Code, as proposed by the 1977 Education Code Supplemental Act, is amended to read:

89900. (a) A certified public accountant shall be selected by each auxiliary organization described in Section 89901. Upon being notified of the certified public accountant selected by an auxiliary organization, the office of the chancellor shall forward the applicable

auditing and reporting procedures to the selected certified public accountant. In accordance with procedures prescribed by the Department of Finance, such certified public accountant shall annually audit any and all state university or college auxiliary funds. The auxiliary organizations shall contract for and receive such audit annually, and shall submit such audit to the trustees and to the Director of Finance. Auxiliary organizations shall annually publish an audited statement of their financial condition which shall be disseminated as widely as feasible and be available to any person on request. In the case of an auxiliary organization primarily serving a single campus of the California State University and Colleges, publication in the campus student newspaper shall be deemed compliance with this requirement. In the case of an auxiliary organization serving the Trustees of the California State University and Colleges, distribution of the published audited statement of its financial condition at a regularly scheduled meeting of the trustees shall be deemed compliance with this requirement.

(b) In the case of an auxiliary organization primarily serving a single campus of the California State University and Colleges, the president of that state university or college shall be responsible for ascertaining that all expenditures are in accordance with policies of the trustees, the propriety of all expenditures, and the integrity of the financial reporting made by auxiliary organizations.

(c) The operation of auxiliary organizations shall be conducted in conformity with regulations established by the trustees, and the accounting procedures of such auxiliary organizations shall be approved by the Director of Finance. The regulations shall include provisions requiring the governing board of each auxiliary organization to provide salaries, working conditions and benefits for the full-time employees of each auxiliary organization which are comparable to those provided California State University and Colleges employees performing similar services; provided, however, that the regulations may permit retirement benefits or permanent status benefits or both to be withheld from temporary and executive employees of each auxiliary organization, and provided further that the regulations may exempt from the requirement of providing retirement benefits any auxiliary organization that is funded primarily by mandatory student fees collected by the trustees. For the purposes of this subdivision, a temporary employee is (a) an employee employed for a research project, workshop, institute, or other special project funded by any grant, contract or gift; or (b) an employee whose contract of employment is for a fixed term not exceeding three years. For the purposes of this subdivision, an executive employee is any management employee with responsibility for the development and execution of auxiliary organization policy and includes, but is not limited to, general managers, business managers, directors, and the like. For those full-time employees whose duties are not comparable to classes in California State University and Colleges employment the salaries

established shall be at least equal to the salaries prevailing in other educational institutions in the area or commercial operations of like nature.

(d) Retirement benefits may be provided by other than the Public Employees' Retirement System. A contract for participation in the Public Employees' Retirement System in accordance with the terms and conditions of the public employees' retirement law shall be deemed to satisfy fully the requirements of subdivision (c) with respect to retirement.

Notwithstanding anything in subdivision (c) to the contrary, the regulations established by the trustees may exempt the governing board of any newly created auxiliary organization from the requirement of providing retirement benefits for a period not to exceed three years from the date that the auxiliary organization is established.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The provisions of Chapter 1419 of the Statutes of 1976 contain substantial ambiguities which need to be clarified at the earliest possible time. To permit the Trustees of the California State University and Colleges to implement regulations prescribed by that act so that retirement and permanent status benefits are made available to auxiliary organization employees without delay, it is essential that this bill take effect immediately.

SECTION 1. Section 1091 of the Government Code is amended to read:

contract in good faith by a vote of its membership sufficient for the purpose without counting the vote or votes of the officer or member with the remote interest.

(b) As used in this article "remote interest" means:

(1) That of a nonsalaried officer of a nonprofit corporation;

(2) That of an employee or agent of the contracting party, if such contracting party has 10 or more other employees and if the officer was an employee or agent of said contracting party for at least three years prior to his initially accepting his office.

For the purposes of this subsection, time of employment with the contracting party by the officer shall be counted in computing the three-year period specified in this subsection even though such contracting party has been converted from one form of business organization to a different form of business organization within three years of the initial taking of office by such officer. Time of employment in such case shall be counted only if, after the transfer or change in organization, the real or ultimate ownership of the contracting party is the same or substantially similar to that which existed before such transfer or change in organization. For the purposes of this subsection, stockholders, bondholders, partners, or other persons holding an interest in the contracting party are regarded as having the "real or ultimate ownership" of such contracting party.

(9) That of an officer, director, or employee of a bank, bank holding company, or savings and loan association with which a party to the contract has the relationship of borrower or depositer, debtor or creditor.

(c) The provisions of this section shall not be applicable to any officer interested in a contract who influences or attempts to influence another member of the body or board of which he is a member to enter into the contract.

(d) The willful failure of an officer to disclose the fact of his interest in a contract pursuant to this section shall be punishable as provided in Section 1097. Such violation shall not void the contract however, unless the contracting party had knowledge of the fact of

the remote interest of the officer at the time the contract was executed.

SEC. 2. Section 1091.5 of the Government Code is amended to read:

1091.5. (1) An officer or employee shall not be deemed to be interested in a contract if his interest is:

(b) That of an officer in being reimbursed for his actual and necessary expenses incurred in the performance of official duty;

(c) That of a recipient of public services generally provided by the public body or board of which he is a member, on the same terms and conditions as if he were not a member of the board.

(e) That of a tenant in a public housing authority created pursuant to Part 2 (commencing with Section 34200) of Division 24 of the Health and Safety Code in which he serves as a member of the board of commissioners of the authority or of a community development commission created pursuant to Part 1.7 (commencing with Section 34100) of Division 24 of the Health and Safety Code.

(f) That of a spouse of an officer or employee of a public agency in his spouse's employment or officeholding if his spouse's employment or officeholding has existed for at least one year prior to his election or appointment.

(g) That of a nonsalaried member of a nonprofit corporation, provided that such interest is disclosed to the body or board at the time of the first consideration of the contract, and provided further that such interest is noted in its official records.

(2) An officer or employee shall not be deemed to be interested in a contract made pursuant to competitive bidding under a procedure established by law if his sole interest is that of an officer, director, or employee of a bank or savings and loan association with which a party to the contract has the relationship of borrower or depositor, debtor or creditor.

If data are stored in a computer or similar device, any printout or other output readable by sight, shown to reflect the data accurately, is an "original."

SEC. 2. Section 260 is added to the Evidence Code, to read:

260. A "duplicate" is a counterpart produced by the same impression as the original, or from the same matrix, or by means of photography, including enlargements and miniatures, or by mechanical or electronic rerecording, or by chemical reproduction,

or by other equivalent technique which accurately reproduces the original.

SEC. 3. Section 1500 of the Evidence Code is amended to read:

1500. Except as otherwise provided by statute, no evidence other than the original of a writing is admissible to prove the content of a writing. This section shall be known and may be cited as the best evidence rule.

(b) Within 10 days after service of the notice provided in subdivision (a), no party to the proceeding has served upon the proponent an objection to the duplicate and a demand that the original be produced at the hearing.

CHAPTER 709

An act to add Title 1.8 (commencing with Section 1798) to Part 4 of Division 3 of the Civil Code, relating to records.

[Approved by Governor September 8, 1977. Filed with Secretary of State September 8, 1977]

The people of the State of California do enact as follows:

SECTION 1. Title 1.8 (commencing with Section 1798) is added to Part 4 of Division 3 of the Civil Code, to read:

TITLE 1.8. PERSONAL DATA

CHAPTER 1. INFORMATION PRACTICES ACT OF 1977

Article 1. General Provisions and Legislative Findings

1798. This chapter shall be known and may be cited as the Information Practices Act of 1977.

1798.1. The Legislature declares that the right to privacy is a personal and fundamental right protected by Section 1 of Article I of the Constitution of California and by the United States

Constitution and that all individuals have a right of privacy in information pertaining to them. The Legislature further makes the following findings:

(a) The right to privacy is being threatened by the indiscriminate collection, maintenance, and dissemination of personal information and the lack of effective laws and legal remedies.

(b) The increasing use of computers and other sophisticated information technology has greatly magnified the potential risk to individual privacy that can occur from the maintenance of personal information.

(c) In order to protect the privacy of individuals, it is necessary that the maintenance and dissemination of personal information be subject to strict limits.

1798.2. This chapter applies to personal and confidential information, except as otherwise specified, and does not apply to nonpersonal information.

Article 2. Definitions

1798.3. As used in this chapter:

(a) The term "confidential information" means any of the following:

(1) Any information in any record maintained by an agency or component thereof which performs as its principal function any activity pertaining to the enforcement of criminal laws, including efforts of the Department of Justice to prevent, control, or reduce crime or to apprehend criminals if the information is (i) compiled for the purpose of identifying individual criminal offenders and alleged offenders and consists only of identifying data and notations of arrests, the nature and disposition of criminal charges, sentencing, confinement, release, and parole and probation status; or (ii) compiled for the purpose of a criminal investigation of suspected criminal activities, including reports of informants and investigators, and associated with an identifiable individual; or (iii) contained in any record which could identify an individual and which is compiled at any stage of the process of enforcement of the criminal laws, from the arrest or indictment stage through release from supervision.

(2) Information consisting solely of written testing or examination material, or scoring keys used solely to determine individual qualifications for appointment or promotion in public service, or used to administer a licensing examination, or academic examination, the disclosure of which would compromise the objectivity or fairness of the testing or examination process.

(3) Information containing medical, psychiatric or psychological material, if the holder of the record determines that disclosure of the information would be medically or psychologically detrimental to the individual. Such information shall, upon written authorization, be disclosed to a physician, psychiatrist or other licensed medical or psychological personnel designated by the data subject.

(4) Information, other than that maintained by an agency or component thereof which performs as its principal function any activity pertaining to the enforcement of criminal law, including the Department of Justice, consisting solely of investigative materials maintained by an agency for the purpose of investigating a specific violation of state law, but only so long as an investigation is in progress and such investigative information has not been maintained for a period longer than is necessary to complete a criminal, civil, or administrative prosecution or initiate other remedial action. An agency may keep the source or sources of information used for an investigation under this section confidential so long as it determines that confidentiality is necessary to protect its law enforcement activities.

(2) An agency telephone book or directory which is used exclusively for telephone and directory information.

(3) Any card catalog of any library, or the contents of any book listed within such card catalog.

(4) Any mailing list which is used exclusively for the purpose of mailing agency information.

(5) Records required by law to be maintained and used solely as a system of statistical records, but only if such records are maintained for statistical research or reporting purposes only and are not used in whole or in part in making any determination about an identifiable individual.

(6) Records to which an individual has the right of examination pursuant to Article 5 (commencing with Section 11120) of Chapter 1 of Title 1 of Part 4 of the Penal Code.

(d) The term "agency" means every state office, officer,

department, division, bureau, board, commission, or other state agency, except that the term agency shall not include:

(1) The California Legislature.

Article 3. Office of Information Practices

1798.4. There is in the Executive Office of the State Personnel Board an Office of Information Practices. The Executive Officer of the State Personnel Board shall appoint the program director and staff of this office.

1798.5. The Office of Information Practices shall assist individuals in identifying records which may contain information about them and shall, in accordance with the provisions of this chapter, assist individuals in securing access to such records. The Office of Information Practices shall provide toll free telephone lines or other comparably effective means and procedures for individuals to use this service effectively at a low cost to themselves.

1798.6. (a) Upon receiving a complaint, the Office of Information Practices may investigate, determine, and report any

violation of any provision of this chapter, or any regulation adopted pursuant thereto. The Office of Information Practices shall not have access to personal information except pursuant to the written voluntary consent of the individual to whom the information pertains.

(b) The Office of Information Practices shall report on violations of this chapter, of which it has knowledge, to the affected agency and if the violation is not corrected within 60 days, to the Office of the Governor, the Legislature, and the appropriate law enforcement agency.

1798.7. The Office of Information Practices may develop model guidelines to assist departments in the implementation of this chapter and, upon request, shall otherwise assist agencies in preparing regulations and meeting technical and administrative requirements. Every agency requesting such assistance shall be charged consulting fees.

1798.8. The Office of Information Practices may attempt to mediate any dispute between the agency and a complaining individual regarding the provisions of this chapter. In the event that mediation fails, the Office of Information Practices shall issue a statement of its findings and recommendations to the parties. Mediation under this section is not a precondition to an individual's utilization of other administrative or civil remedies provided by this chapter.

Article 4. Notification Requirements

1798.9. Each agency maintaining a system of records containing personal or confidential information on July 1, 1978, shall, within 90 days thereafter, file with the Office of Information Practices the notice specified in Section 1798.10. Such notices shall also be filed with that office by such agencies on July 1, 1979, and on the first day of July in each year thereafter. Such notices shall be permanent public records. The Office of Information Practices may establish regulations prescribing the form and method of updating the notices required by Section 1798.10 to implement this section. Any agency maintaining more than one system of records may combine such notices when convenient and appropriate.

1798.10. Notices required to be filed by Section 1798.9 shall specify each of the following:

(a) The name of the agency and the division within the agency that is maintaining the records containing personal or confidential information and the name or title of the system of records, if any, in which such information is maintained.

(b) The categories of individuals and the approximate number of individuals on whom records containing personal or confidential information are maintained in the system. Agencies shall be allowed to estimate the number of individuals on whom records are maintained in each system by selecting one of not more than three

size ranges to be established by the Office of Information Practices for this purpose.

(c) Each major use or purpose within the agency for the personal or confidential information within the system.

(d) Disclosures of the information that will be made pursuant to subdivision (e) or (f) of Section 1798.24.

(e) The legal authority which authorizes the maintenance of personal or confidential information.

(f) Retention and disposal policies for the personal or confidential information.

(g) The general source or sources of the information in the system.

If an agency fails to file such a report, the office promptly shall inform the agency and if the agency fails to comply within 30 days thereafter, the office shall report on such violation in accordance with subdivision (b) of Section 1798.6.

Article 5. Agency Requirements

1798.14. Each agency shall maintain in its records only personal or confidential information which is relevant and necessary to accomplish a purpose of the agency required or authorized by the California Constitution or statute or mandated by the federal government.

1798.15. Each agency shall collect personal or confidential information to the greatest extent practicable directly from the individual who is the subject of the information rather than from another source.

1798.16. Whenever an agency collects personal information, the agency shall maintain the source or sources of the information, unless the source is the data subject or he has received a copy of the source document, including, but not limited to, the name of any source who is an individual acting in his or her own private or individual capacity. If the source is an agency, governmental entity or other organization, such as a corporation or association, this requirement can be met by maintaining the name of the agency, governmental entity, or organization, as long as the smallest reasonably identifiable unit of that agency, governmental entity, or organization is named.

The agency shall maintain the source or sources of the information in a readily accessible form so as to be able to provide it to the data subject when they inspect any record pursuant to Section 1798.34. This section shall not apply if the source or sources are exempt from disclosure under the provisions of this chapter.

1798.17. Each agency shall provide with any form used to collect personal or confidential information from individuals the following notice unless the same information is already contained in the form itself or the individual has already received the same information during the previous year at the time of the request:

(a) The name of the agency and the division within the agency

that is requesting the information.

(b) The title, business address, and telephone number of the agency official who is responsible for the system of records and who shall, upon request, inform an individual regarding the location of his or her records and the categories of any persons who use the information in those records.

(c) The authority, whether granted by statute, regulation, or executive order which authorizes the maintenance of the information.

(d) With respect to each item of information, whether submission of such information is mandatory or voluntary.

(e) The consequences, if any, of not providing all or any part of the requested information.

(f) The principal purpose or purposes within the agency for which the information is to be used.

(g) Any known or foreseeable interagency or intergovernmental transfer which may be made of the information.

(h) The individual's right of access to records containing personal information which are maintained by the agency. This subdivision shall not apply to any confidential information.

1798.18. Each agency shall maintain all records, to the maximum extent possible, with accuracy, relevance, timeliness, and completeness.

Such standard need not be met except when such records are used to make any determination about the individual. When an agency transfers a record outside of state government, it shall correct, update, withhold, or delete any portion of the record that it knows or has reason to believe is inaccurate or untimely.

1798.19. Each agency when it provides by contract for the operation or maintenance of records containing personal or confidential information to accomplish an agency function, shall cause, consistent with its authority, the requirements of this chapter to be applied to such records. For purposes of Article 10 (commencing with Section 1798.55) of this chapter, any contractor and any employee of such contractor, if such contract is agreed to on or after July 1, 1978, shall be considered to be an employee of an agency.

1798.20. Each agency shall establish rules of conduct for persons involved in the design, development, operation, disclosure, or maintenance of records containing personal or confidential information and instruct each such person with respect to such rules and the requirements of this chapter, including any other rules and procedures adopted pursuant to this chapter and the remedies and penalties for noncompliance.

1798.21. Each agency shall establish appropriate and reasonable administrative, technical, and physical safeguards to ensure compliance with the provisions of this chapter, to ensure the security and confidentiality of records, and to protect against anticipated threats or hazards to their security or integrity which could result in

any injury.

1798.22. Each agency shall designate an agency employee to be responsible for ensuring that the agency complies with all of the provisions of this chapter.

1798.23. The Department of Justice shall review all confidential information in its possession every five years commencing July 1, 1978, to determine whether it should continue to be classified as confidential.

Article 6. Conditions of Disclosure

1798.24. No agency may disclose any personal or confidential information unless the disclosure of such information is:

(a) Pursuant to an unsolicited written request, or an oral request which is accompanied by adequate indication of identity, by the individual to whom the record pertains.

(b) With the prior written voluntary consent of the individual to whom the record pertains, but only if such consent has been obtained not more than 30 days before the disclosure, or in the time limit specified by the individual in the written consent.

(c) To the duly appointed guardian or conservator of the individual or a person representing the individual provided that it can be proven with reasonable certainty through the possession of agency forms, documents or correspondence that such person is the authorized representative of the individual to whom the information pertains.

(d) To those officers, employees or volunteers of the agency which has custody of the information if such disclosure is relevant and necessary in the ordinary course of the performance of their official duties and is related to the purpose for which the information was acquired.

(e) To a person, or to another agency where the transfer is necessary for the transferee agency to perform its constitutional or statutory duties, and such use is compatible with a purpose for which the information was collected and such use or transfer is listed in the notice provided pursuant to Section 1798.9.

(f) To a governmental entity when required by state or federal law.

(g) Pursuant to the California Public Records Act, Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code, provided that Section 6253 and subdivision (c) of Section 6254 of the Government Code shall not be interpreted to permit the disclosure of personal information contained in individual employment or medical files, or other personal information which would clearly be disparaging of or threatening to the reputation or rights of an individual other than a state employee acting in his or her official capacity.

(h) To a person who has provided the agency with advance adequate written assurance that the information will be used solely

for statistical research or reporting purposes, but only if the information to be disclosed is in a form that will not identify any individual.

(i) Pursuant to a determination by the agency which maintains the information that compelling circumstances exist which affect the health or safety of an individual, if upon such disclosure notification is transmitted to the individual to whom the information pertains at his or her last known address. Disclosure shall not be made if it is in conflict with other state or federal law.

(j) To the State Archives of the State of California as a record which has sufficient historical or other value to warrant its continued preservation by the California state government, or for evaluation by the Director of General Services or the archivist or his designate to determine whether the record has such value.

(k) To any person pursuant to a subpoena, court order, or other compulsory legal process if, before the disclosure, the agency reasonably attempts to notify such individual to whom the record pertains, and if such notification is not prohibited by law.

(*l*) To any person pursuant to a search warrant.

(m) Pursuant to Article 3 (commencing with Section 1800) of Chapter 1 of Division 2 of the Vehicle Code.

(n) For the sole purpose of verifying and paying government health care service claims made pursuant to Division 9 (commencing with Section 10000) of the Welfare and Institutions Code.

(o) To a law enforcement agency when required for an investigation of criminal activity, unless such disclosure is otherwise prohibited by law.

(p) To another person or governmental organization to the extent necessary to obtain information from such person or governmental organization as necessary for an investigation by the agency of a failure to comply with a specific state law which the agency is responsible for enforcing.

(q) Personal information only to the Office of Information Practices when the transfer is necessary for that office to investigate a complaint it has received regarding an alleged violation of any provision of this chapter or to perform its mediation functions, provided that the Office of Information Practices has received the written voluntary consent of the individual to whom the information pertains for such a transfer.

(r) To an adopted person and is limited to general background information pertaining to the adopted person's natural parents, provided that such information does not include or reveal the identity of the natural parents.

(s) To a committee of the Legislature or to a Member of the Legislature where such Member has permission to obtain the information from the individual to whom it pertains.

(t) To the University of California or a nonprofit educational institution conducting scientific research, provided the request for information includes assurances of the need for personal or

confidential information, procedures for protecting the confidentiality of the information and assurances that the personal identity of the subject shall not be further disclosed in individually identifiable form.

Article 7. Accounting of Disclosures

1798.25. Each agency shall keep an accurate accounting of the date, nature, and purpose of each disclosure of a record made pursuant to subdivision (i), (k), (*l*), (o), or (p), of Section 1798.24. Such accounting shall also be required for disclosures made pursuant to subdivision (e) or (f) of Section 1798.24 unless notice of the type of disclosure has been provided pursuant to the provisions of Sections 1798.9 and 1798.10. The accounting shall also include the name, title, and business address of the person or agency to whom such disclosure was made.

1798.26. With respect to the sale of information concerning the registration of any vehicle, the Department of Motor Vehicles shall, by regulation, establish administrative procedures under which any person making a request for such information shall be required to identify himself or herself and state the reason for making the request. Such procedures shall provide for the verification of the name and address of the person making a request for such information and the department may require the person to produce such information as it determines is necessary in order to ensure that the name and address of the person are his or her true name and address. Such procedures shall also provide for notification to the person to whom the information primarily relates, as to what information was provided and to whom it was provided. The department shall, by regulation, establish a reasonable period of time for which a record of all the foregoing shall be maintained.

The procedures required by this subdivision shall not apply to any governmental entity, any person who has applied for and has been issued a requester code by the department or any court of competent jurisdiction.

1798.27. Each agency shall retain the accounting made pursuant to Section 1798.25 for at least three years after the disclosure for which the accounting is made, or until the record is destroyed, whichever is shorter.

Nothing in this section shall be construed to require retention of the original documents for a three-year period, providing that the agency can otherwise comply with the requirements of this section.

1798.28. Each agency, after July 1, 1978, shall inform any person or agency to whom a record containing personal or confidential information has been disclosed during the preceding three years of any correction of an error or notation of dispute made pursuant to Sections 1798.35 and 1798.36 if (1) an accounting of such disclosure is required by Section 1798.25 or 1798.26, and the accounting has not been destroyed pursuant to Section 1798.27, or (2) the information

provides the name of the person or agency to whom the disclosure was made, or (3) the person who is the subject of the disclosed record provides the name of the person or agency to whom the information was disclosed.

Article 8. Access to Records and Administrative Remedies

1798.30. Each agency shall promulgate rules or regulations specifying procedures to be followed in order fully to implement each of the rights of individuals set forth in this article.

1798.31. This article shall apply only to personal information and not confidential information, except as otherwise expressly stated in Section 1798.40.

1798.32. Each individual shall have the right to inquire and be notified as to whether the agency maintains a record about himself or herself. Inquiries shall specify the name or title of the system of records as filed under Section 1798.9. Agencies shall allow individuals to review the notices that they have submitted to the Office of Information Practices pursuant to Section 1798.9, and shall take other reasonable steps to assist individuals in making their requests sufficiently specific.

Any such notice sent to an individual which in any way indicates that the agency maintains any such record shall include the title and business address of the agency official responsible for maintaining the records, the procedures to be followed to gain access to the records, and the procedures to be followed for an individual to contest the contents of such records unless the individual has received this notice from the agency during the past year. Such information to be included in such notice to an individual shall also be included in the notice filed with the Office of Information Practices pursuant to Section 1798.9.

In implementing the right conferred by this section, an agency may specify in its rules or regulations reasonable times, places, and requirements for identifying an individual who requests access to a record, and for disclosing the contents of a record.

1798.33. Each agency may establish fees to be charged, if any, to an individual for making copies of a record. Such fees shall exclude the cost of any search for and review of the record, and shall not exceed ten cents ($0.10) per page, unless the agency fee for copying is established by statute. The state colleges and universities may charge for copies of student transcripts the prevailing national rate.

1798.34. (a) Each agency shall permit any individual upon request and proper identification to inspect all the personal information in any record containing personal information and maintained by reference to an identifying particular assigned to such individual within 30 days of the request for active records, and within 60 days of the request for inactive records that are in central storage. Failure to respond within these time limits shall be deemed denial. In addition, such individual shall be permitted to inspect any record

containing personal information in which an identifying particular assigned to such individual appears, if the agency knows or should know that such a record exists. The individual also shall be permitted to inspect the accounting made pursuant to Article 7 (commencing with Section 1798.25) of this chapter.

(b) The agency shall permit the individual, and, upon the individual's request, another person of the individual's own choosing to accompany such individual to inspect all the personal information in the record and have an exact copy made of all or any portion thereof within 15 days of such inspection. It may require the individual to furnish a written statement authorizing disclosure of such individual's record in the accompanying person's presence.

(c) The agency shall present the information in the record in a form reasonably comprehensible to the general public.

(d) Whenever an agency is unable to access a record by reference to name only, or when access by name only would impose an unreasonable administrative burden, it may require the individual to submit such other identifying information as will facilitate access to the record.

(e) When an individual is entitled under this chapter to gain access to the information in a record containing personal information, such information or a true copy thereof shall be made available to the individual at a location near the residence of the individual or by mail, whenever reasonable.

1798.35. Each agency shall permit an individual to request in writing an amendment of a record and, shall within 30 days of the date of receipt of such request:

(a) Make each correction in accordance with the individual's request of any portion of a record which the individual believes is not accurate, relevant, timely, or complete and inform the individual of the corrections made in accordance with their request; or

(b) Inform the individual of its refusal to amend the record in accordance with such individual's request, the reason for the refusal, the procedures established by the agency for the individual to request a review by the head of the agency or an official specifically designated by the head of the agency of the refusal to amend, and the name, title, and business address of the reviewing official.

1798.36. Each agency shall permit any individual who disagrees with the refusal of the agency to amend a record to request a review of such refusal by the head of the agency or an official specifically designated by the head of such agency, and, not later than 30 days from the date on which the individual requests such review, complete such review and make a final determination unless, for good cause shown, the head of the agency extends such review period by 30 days. If, after such review, the reviewing official refuses to amend the record in accordance with the request, the agency shall permit the individual to file with the agency a statement of reasonable length setting forth the reasons for the individual's disagreement.

1798.37. The agency, with respect to any disclosure containing information about which the individual has filed a statement of disagreement, shall clearly note any portion of the record which is disputed and make available copies of such individual's statement and copies of a concise statement of the reasons of the agency for not making the amendment to any person or agency to whom the disputed record has been or is disclosed.

1798.38. If information, including letters of recommendation, compiled for the purpose of determining suitability, eligibility, or qualifications for employment, advancement, renewal of appointment or promotion, status as adoptive parents, or for the receipt of state contracts, was received with the promise or, prior to July 1, 1978, with the understanding that the identity of the source of the information would be held in confidence and such source is not in a supervisory position with respect to the individual to whom the record pertains, the agency shall fully inform the individual of all personal information about that individual without identification of the source. This may be done by providing a copy of the text of such material with only such deletions as are necessary to protect the identity of the source or by providing a comprehensive summary of the substance of the material. Whichever method is used, the agency shall insure that full disclosure is made to the subject of any personal information that could reasonably in any way reflect or convey anything detrimental, disparaging, or threatening to an individual's reputation, rights, benefits, privileges, or qualifications, or be used by an agency to make a determination that would affect an individual's rights, benefits, privileges, or qualifications. In institutions of higher education, "supervisory positions" shall not be deemed to include chairpersons of academic departments.

1798.39. Sections 1798.35, 1798.36, and 1798.37 shall not apply to any record evidencing property rights.

1798.40. (a) Except as provided in subdivision (c), if the agency determines that information requested pursuant to Section 1798.34 is confidential it shall inform the individual in writing of the agency's finding that the information contained in the record is confidential, and that disclosure of the contents is not authorized by law.

(b) Except as provided in subdivision (c), each agency shall conduct a review of its determination that particular information is confidential, as defined in this chapter, within 30 days from the receipt of a request by an individual directly affected by such determination, and inform the individual in writing of the findings of such review. The review shall be conducted by the head of such agency or an official specifically designated by the head of such agency.

(c) If the agency believes that compliance with subdivision (a) of this section would seriously interfere with attempts to apprehend persons who are wanted for committing a crime or attempts to prevent the commission of a crime or would endanger the life of an informant or other person submitting information contained in the

confidential record, it may petition the presiding judge of the superior court of the county in which the record is maintained to issue an ex parte order authorizing the agency to respond to the individual that no record is maintained. All proceedings before the court shall be in camera. If the presiding judge finds that there are reasonable grounds to believe that compliance with subdivision (a) will seriously interfere with attempts to apprehend persons who are wanted for committing a crime or attempts to prevent the commission of a crime or will endanger the life of an informant or other person submitting information contained in the confidential record, he shall issue an order authorizing the agency to respond to the individual that no record is maintained by the agency. Such order shall not be issued for longer than 30 days but can be renewed at thirty (30) day intervals. If a request pursuant to this section is received after the expiration of the order, the agency must either respond pursuant to subdivision (a) or seek a new order pursuant to this subdivision.

1798.41. In disclosing information contained in a record to an individual, an agency shall not disclose any personal information relating to another individual which may be contained in such record. To comply with this section, an agency shall, in disclosing information, delete from disclosure such information as may be necessary.

1798.42. In disclosing information contained in a record to an individual, an agency shall not disclose any confidential information which may be contained in a record containing personal information. To comply with this section, an agency shall, in disclosing personal information contained in a record, delete from such disclosure any confidential information.

Article 9. Civil Remedies

1798.45. An individual may bring a civil action against an agency whenever such agency does any of the following:

(a) Refuses to comply with an individual's lawful request to inspect pursuant to subdivision (a) of Section 1798.34.

(b) Fails to maintain any record concerning any individual with such accuracy, relevancy, timeliness, and completeness as is necessary to assure fairness in any determination relating to the qualifications, character, rights, opportunities of, or benefits to the individual that may be made on the basis of such record, if, as a proximate result of such failure, a determination is made which is adverse to the individual.

(c) Fails to comply with any other provision of this chapter, or any rule promulgated thereunder, in such a way as to have an adverse effect on an individual.

1798.46. In any suit brought under the provisions of subdivision (a) of Section 1798.45:

(a) The court may enjoin the agency from withholding the records

and order the production to the complainant of any agency records improperly withheld from the complainant. In such a suit the court shall determine the matter de novo, and may examine the contents of any agency records in camera to determine whether the records or any portion thereof may be withheld as being confidential information and the burden is on the agency to sustain its action.

(b) The court shall assess against the agency reasonable attorney's fees and other litigation costs reasonably incurred in any suit under this section in which the complainant has prevailed. A party may be considered to have prevailed even though he does not prevail on all issues or against all parties.

1798.47. Any agency that fails to comply with any provision of this chapter may be enjoined by any court of competent jurisdiction. The court may make such order or judgment as may be necessary to prevent the use or employment by an agency of any practices which violate this chapter.

Actions for injunction under this section may be prosecuted by the Attorney General, or any district attorney in this state, in the name of the people of the State of California whether upon his or her own complaint, or upon the complaint of the Office of Information Practices, or of a member of the general public, or by any individual acting in his own behalf.

1798.48. In any suit brought under the provisions of subdivision (b) or (c) of Section 1798.45, the agency shall be liable to the individual in an amount equal to the sum of:

(a) Actual damages sustained by the individual, including damages for mental suffering.

(b) The costs of the action together with reasonable attorney's fees as determined by the court.

1798.49. An action to enforce any liability created under Sections 1798.45 to 1798.48, inclusive, may be brought in any court of competent jurisdiction in the county in which the complainant resides, or has his principal place of business, or in which the defendant's records are situated, within two years from the date on which the cause of action arises, except that where a defendant has materially and willfully misrepresented any information required under this section to be disclosed to an individual who is the subject of the information and the information so misrepresented is material to the establishment of the defendant's liability to that individual under this section, the action may be brought at any time within two years after discovery by the complainant of the misrepresentation. Nothing in Sections 1798.45 to 1798.48, inclusive, shall be construed to authorize any civil action by reason of any injury sustained as the result of any information practice covered by this chapter prior to July 1, 1978.

The rights and remedies set forth in this chapter shall be deemed to be nonexclusive and are in addition to all those rights and remedies which are otherwise available under any other provision of law.

1798.50. A civil action shall not lie under this article based upon an allegation that an opinion which is subjective in nature, as distinguished from a factual assertion, about an individual's qualifications, in connection with a personnel action concerning such an individual, was not accurate, relevant, timely, or complete.

1798.51. Where a remedy other than those provided in Articles 8 and 9 is provided by law but is not available because of lapse of time an individual may obtain a correction to a record under this chapter but such correction shall not operate to revise or restore a right or remedy not provided by this chapter that has been barred because of lapse of time.

1798.53. Any person, other than an employee of the state or of a local government agency acting solely in his or her official capacity, who intentionally discloses information, not otherwise public, which they know or should reasonably know was obtained from personal or confidential information maintained by a state agency or from "records" within a "system of records" (as such terms are defined in the Federal Privacy Act of 1974 (P. L. 93-579; 5 U.S.C. 552a) maintained by a federal government agency, shall be subject to a civil action, for invasion of privacy, by the individual to whom the information pertains.

In any successful action brought under this section, the complainant, in addition to any special or general damages awarded, shall be awarded a minimum of two thousand five hundred dollars ($2,500) in exemplary damages as well as attorney's fees and other litigation costs reasonably incurred in the suit.

The right, remedy, and cause of action set forth in this section shall be nonexclusive and is in addition to all other rights, remedies, and causes of action for invasion of privacy, inherent in Section 1, Article I of the California Constitution.

Article 10. Penalties

1798.55. The intentional violation of any provision of this chapter or of any rules or regulations adopted thereunder, by an officer or employee of any agency shall constitute a cause for discipline, including termination of employment.

1798.56. Any person who willfully requests or obtains any record containing personal or confidential information from an agency under false pretenses shall be guilty of a misdemeanor and fined not more than five thousand dollars ($5,000), or imprisoned not more than one year, or both.

Article 11. Miscellaneous Provisions

1798.60. An individual's name and address may not be distributed for commercial purposes, sold, or rented by an agency unless such action is specifically authorized by law.

1798.61. Nothing in this chapter shall prohibit the release of only

names and addresses of persons applying for or possessing licenses to engage in professional occupations.

1798.62. Upon written request of any individual, any agency which maintains a mailing list shall remove the individual's name and address from such list, except that such agency need not remove the individual's name if such name is exclusively used by the agency to directly contact the individual.

1798.63. The provisions of this chapter shall be liberally construed so as to protect the rights of privacy arising under this chapter or under the Federal or State Constitution.

1798.64. (a) Each agency record which is accepted by the Director of General Services for storage, processing, and servicing in accordance with provisions of the State Administrative Manual for the purposes of this chapter shall be considered to be maintained by the agency which deposited the record and shall continue to be subject to the provisions of this chapter. The Director of General Services shall not disclose the record except to the agency which maintains the record, or pursuant to rules established by such agency which are not inconsistent with the provisions of this chapter.

(b) Each agency record pertaining to an identifiable individual which was or is transferred to the State Archives as a record which has sufficient historical or other value to warrant its continued preservation by the California state government, prior to or after July 1, 1978, shall, for the purposes of this chapter, be considered to be maintained by the archives.

1798.65. The Legislative Analyst shall monitor the implementation of the provisions of this chapter by agencies selected by the Legislative Analyst and shall prepare and submit a report to the Legislature no later than July 1, 1979.

The Legislative Analyst's report shall provide a general description of the processes implemented by the selected agencies to fulfill the provisions of this chapter, and an evaluation of those processes with respect to their effectiveness in meeting legislative intent. The report shall also contain the following specific items:

(a) An assessment of the assistance that the Office of Information Practices and state agencies are providing to enable individuals to identify and gain access to their records and a recommendation on whether a central directory of state records should be published to further assist individuals in this regard.

(b) An assessment of the review procedure provided for in Section 1798.36 and a recommendation on whether additional or different procedures should be provided to protect the rights of individuals.

(c) An assessment of whether the amount and type of damages provided for in Sections 1798.47 and 1798.53 adequately protects the rights of individuals.

(d) An assessment of whether the provisions of this act should be extended to local law enforcement agencies.

1798.66. The time limits specified in Article 8 (commencing with

Section 1798.30) may be extended to 60 days by the Franchise Tax Board if the following conditions exist:

(a) The request is made during the period January 1 through June 30; and

(b) The records requested are stored on magnetic tape.

1798.67. Where an agency has recorded a document creating a lien or encumbrance on real property in favor of the state, nothing herein shall prohibit any such agency from disclosing information relating to the identity of the person against whom such lien or encumbrance has been recorded for the purpose of distinguishing such person from another person bearing the same or a similar name.

Article 12. Construction With Other Laws

1798.70. This chapter shall be construed to supersede any other provision of state law, including Section 6253.2 of the Government Code, or any exemption in Section 6254 or 6255 of the Government Code, which authorizes any agency to withhold from an individual any record containing personal information which is otherwise accessible under the provisions of this chapter.

1798.71. This chapter shall not be deemed to abridge or limit the rights of litigants, including parties to administrative proceedings, under the laws, or case law, of discovery of this state.

1798.72. Nothing in this chapter shall be construed to authorize the disclosure of any record containing personal information, other than to the subject of such records, in violation of any other law.

1798.73. Nothing in this chapter shall be construed to deny or limit any right of privacy arising under Section 1 of Article I of the California Constitution.

1798.74. The provisions of Chapter 13 (commencing with Section 67110) of Part 40 of the Education Code shall, with regard to student records, prevail over the provisions of this chapter.

1798.75. This chapter shall not be deemed to supersede Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code, except as to the provisions of Section 1798.70.

1798.76. Nothing in this chapter shall be construed to revoke, modify, or alter in any manner any statutory provision or any judicial decision which (a) authorizes an individual to gain access to any law enforcement record, or (b) authorizes discovery in criminal or civil litigation.

SEC. 2. Each agency shall ensure that no record containing personal or confidential information shall be modified, transferred, or destroyed to avoid compliance with any of the provisions in Section 1 of this act. In the event that an agency fails to comply with the provisions of this section, an individual may bring a civil action and seek the appropriate remedies and damages in accordance with the provisions of Article 9 (commencing with Section 1798.45) of Title 1.8 of Part 4 of Division 3 of the Civil Code, as added by Section 1 of this act.

SEC. 3. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be any appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local governmental entities which, in the aggregate, do not result in significant identifiable cost changes.

SEC. 4. Section 1 of this act shall become operative on July 1, 1978.

SEC. 5. This act shall not be deemed to supersede the provisions of Chapter 1299 of the Statutes of 1976.

SEC. 6. It is the intent of the Legislature that if this bill and S.B. 251 are both chaptered, Section 1798.38 of the Civil Code, as added by Section 1 of this act shall not apply to the University of California.

In addition to the foregoing criteria the director, in making a detailed definition, shall use dollar volume of business as a criterion, in addition to other criteria. The maximum number of employees and the maximum dollar volume which a small business may have under the definition shall vary from industry to industry to the extent necessary to reflect differing characteristics of such industries. The director shall exercise his best judgment that both the raw and finished material supplier arrangements of the successful bidder shall not circumvent the intent of this chapter, and the director may take account of other relevant factors as determined by regulation.

This may be accomplished by dividing major projects into subprojects so as to allow a small business contractor to qualify to bid on such subprojects.

SEC. 3. Section 14839 of the Government Code is amended to read:

14839. There is hereby established within the department the Small Business Office. The duties of such office shall include:

(f) Making recommendations to the department and other state agencies for simplification of specifications and terms in order to increase the opportunities for small business participation.

(g) The information furnished by each contractor requesting a small business preference shall be under penalty of perjury.

SEC. 4. Section 14842 of the Government Code is amended and renumbered to read:

14843. The department may make all rules and regulations consistent with the law for the purpose of carrying into effect the provisions of this chapter. Rules and regulations shall be adopted, amended, or repealed in accordance with the provisions of Chapter 4.5 (commencing with Section 11371) of Part 1 of this division.

SEC. 5. Section 14842 is added to the Government Code, to read:

14842. (a) A business which has obtained classification as a small business by reason of having furnished incorrect supporting information and which by reason of such classification has been

awarded a contract to which it would not otherwise have been entitled, shall:

(1) Pay to the state any difference between the contract amount and what the state's costs would have been if the contract had been properly awarded;

(2) In addition to the amount described in subdivision (a), be assessed a penalty in an amount of not more than 10 percent of the amount of the contract involved; and

(3) Be ineligible to transact any business with the department for a period of not less than three months and not more than 24 months.

(b) All payments to the state pursuant to paragraph (1) of subdivision (a) shall be deposited in the fund out of which the contract involved was awarded.

(c) All payments to the state pursuant to paragraph (2) of subdivision (a) shall be deposited in the State General Fund.

CHAPTER 711

CHAPTER 714

An act to amend Section 84890 of, to add Section 84897 to, to add Article 7 (commencing with Section 84380) to Chapter 3 of Part 50 of, to repeal Section 84523 of, and to repeal Article 15 (commencing with Section 84890) of Chapter 5 of Part 50 of, the Education Code, relating to community colleges, and making an appropriation therefor.

[Became law without Governor's signature September 8, 1977 Filed with Secretary of State September 12, 1977]

The people of the State of California do enact as follows:

SECTION 1. Article 7 (commencing with Section 84380) is added to Chapter 3 of Part 50 of the Education Code, to read:

Article 7. Community College Fund for Instructional Improvement

84380. In creating the Fund for Instructional Improvement, the Legislature finds and declares:

(a) Community college instructional patterns continue to rely heavily on traditional classroom teaching methods due to legal, fiscal, and attitudinal constraints.

(b) Alternative instructional programs should be developed which reduce the barriers between school and work, link academic knowledge and learning outside the classroom, improve problem solving abilities, and place greater responsibility with the student in defining individual learning objectives and means.

(c) Stimulating a greater level of institutional alternatives requires limited, experimental changes in state financing of instructional programs. Such financing experiments should involve reallocation of existing state resources.

(d) Few state and institutional resources are expended to improve or retrain teachers and additional dollars should be expended for such purposes.

(e) Colleges should develop a more adequate means of serving the needs of nontraditional students including the poor, reentering women, and blue-collar workers.

84381. There is hereby created in the State Treasury the Community College Fund for Instructional Improvement. The fund

shall consist of a revolving loan program and a direct grant program to support alternative educational programs and services, including:

(a) Nontraditional forms, content, and methods of instruction, such as:

(1) Instructional programs which involve internships and experiential learning opportunities;

(2) Individualized instructional programs which require student development of learning objectives through learning contracts;

(3) Instructional programs which focus on the development of interpersonal skills;

(4) Instructional programs involving independent study;

(b) Programs for improving teaching abilities of faculty members;

(c) Programs addressing special learning needs of educationally disadvantaged students; and

(d) Educational services for new clientele, including older, working adults.

(e) Efforts to improve traditional instructional programs.

84382. The direct grant program shall support college efforts for instructional innovations and shall include financial participation by applicant colleges. The board of governors shall award grants to colleges on the basis of review of project proposals submitted by faculty members, students, and administrators. Priorities for funding proposals shall be established by the board of governors. Community college districts receiving awards under this article shall submit reports as required by the chancellor.

84383. A portion of the fund shall support evaluation of projects by the board of governors or by an independent evaluator. The board of governors shall evaluate the effectiveness of the fund and submit a report to the Legislature during the 1981–82 Regular Session. Not more than 5 percent of the fund may be used for administrative purposes by the board of governors in any fiscal year. The board of governors shall adopt rules and regulations concerning the administration of the direct grant program.

84384. There is hereby transferred from the General Fund to the Community College Fund for Instructional Improvement the sum of fifty thousand dollars ($50,000) for use by the Board of Governors of the California Community Colleges, for the 1977–78 fiscal year, to establish fund priorities, develop and implement application and review procedures and criteria, and review project applications for 1978–79 project funding.

Beginning with the 1978–1979 fiscal year eight hundred thousand dollars ($800,000), or one-half of 1 percent of the total state apportionments made to community college districts in the preceding fiscal year, whichever is the lesser, of the amount transferred from the General Fund to Section B of the State School Fund is hereby reallocated annually to the Community College Fund for Instructional Improvement to support direct grants to districts.

The chancellor shall reduce the apportionment to each community college district by the same ratio as 800,000 bears to the

total number of dollars apportioned to community college districts from Section B of the State School Fund in the preceding fiscal year.

There is hereby transferred from the State General Fund to the Community College Fund for Instructional Improvement for the 1978–79 fiscal year the sum of two hundred thousand dollars ($200,000) to support direct grants to districts.

84385. A portion of the Community College Fund for Instructional Improvement shall be used to provide loans to community college districts for the purposes of planning, designing, and developing instructional courses or programs.

The board of governors may authorize the transfer of funds from the amount apportioned from the General Fund to Section B of the State School Fund to make loans to community college districts for instructional development purposes.

Loans from the fund shall not exceed one million dollars ($1,000,000) per year, and there may not be more than three million dollars ($3,000,000) in outstanding loans at any one time.

The chancellor shall reduce the apportionment to each community college district by the same ratio as the total number of dollars loaned in any fiscal year bears to the total number of dollars apportioned to community college districts from Section B of the State School Fund in the preceding fiscal year.

84386. A district's request for and uses of a loan shall be made in accordance with rules and regulations adopted by the Board of Governors of the California Community Colleges.

84387. Upon certification by the chancellor a loan shall be drawn from the Community College Fund for Instructional Improvement by the State Controller in favor of the applicant district. During each of the three years beginning with the fiscal year immediately succeeding the fiscal year in which the loan is made under this section, the State Controller shall deduct from the second principal apportionment made from Section B of the State School Fund to the community college district an amount equal to one-third of the amount loaned to the district, and transfer the amount into the Community College Fund for Instructional Improvement.

SEC. 2. Section 84523 of the Education Code is repealed.

SEC. 3. Section 84890 of the Education Code is amended to read:

84890. There is a pilot program for more flexible and effective nontraditional calendar and course scheduling in the community colleges.

The pilot program shall be limited to the Cabrillo Community College District and six other community college districts to be selected by the Board of Governors of the California Community Colleges.

The board of governors shall monitor and evaluate the costs and benefits of experimental, nontraditional calendars to be undertaken in the pilot districts and report its findings to the 1977–78 Regular Session of the Legislature. One objective of this chapter is to study use of a full-time equivalent measure of enrollment that produces a

count as similar as possible to the previous average daily attendance count, while eliminating factors that theoretically convert enrollment to attendance. Inasmuch as the nationally recognized measure of semester course credit is defined for a term of 16 weeks, a second objective of this chapter is to evaluate a minimum instructional year of 160 days for community colleges similar to that of other segments of higher education while retaining the 175-day academic year. In addition, under provisions of this chapter, organization of instructional modules are no longer limited to the traditional quarter or semester modes. Flexible calendar scheduling will, among other effects, facilitate articulation of community college students with other segments of higher education, allow programs and courses to be designed on the basis of need and subject content, and provide opportunity to smooth peak student course demand within an educationally and fiscally responsible framework.

This chapter applies only to community college districts included in the pilot program.

In order to carry out the purposes of the pilot program the board of governors may waive the provisions of Sections 72252, 76302, 76310, 76311, 76312, 76320, 76321, 78008, 78200, 78206, 78460, 79002, 79028, 84370, 84372, 84520, 84522, 84524, 84525, 84526, 84528, 84531, 84532, 84533, 84550, 84701, 84706, 84760 and any other related sections as applied only to pilot districts.

SEC. 4. Section 84897 is added to the Education Code, to read:

84897. This article shall remain in effect until July 1, 1980, and as of such date is repealed.

CHAPTER 715

An act relating to the construction of a state office building.

[Approved by Governor September 12, 1977. Filed with Secretary of State September 12, 1977.]

The people of the State of California do enact as follows:

SECTION 1. The Department of General Services shall acquire land for the construction of a state-owned office building in close proximity to the San Fernando Valley Civic Center in Van Nuys. The site for such building shall be within one mile of present state-owned property at the intersection of Van Nuys Boulevard and Sylvan Street, and such property shall be acquired either through trade or purchase. The Department of General Services is hereby authorized to dispose of the existing vacant state property at the southeast corner of Van Nuys Boulevard and Sylvan Street; provided, that such action shall constitute part of a trade by which the Department of General Services shall acquire a parcel of property which meets all of the conditions prescribed in this section.

SEC. 2. Acquisitions made pursuant to this act shall be subject to the provisions of the Property Acquisition Law (Part 11 (commencing with Section 15850) of Division 3 of Title 2 of the Government Code).

CHAPTER 716

An act to add Article 4.5 (commencing with Section 19400) to Chapter 7 of Part 2 of Division 5 of Title 2 of the Government Code, relating to state employees.

[Approved by Governor September 12, 1977 Filed with Secretary of State September 12, 1977]

The people of the State of California do enact as follows:

SECTION 1. Article 4.5 (commencing with Section 19400) is added to Chapter 7 of Part 2 of Division 5 of Title 2 of the Government Code, to read:

Article 4.5. Upward Mobility

19400. It is the intent of this article to aid the implementation of affirmative action programs in state agencies and departments by creating an effective upward mobility program for state employees concentrated in low-paying occupations. An upward mobility program is one in which career opportunities are developed, published and assistance provided which will allow employees in low-paying occupations to develop and advance to their highest potential. Because of the large percentage of women and minorities concentrated in these occupations such a program will help the state meet its affirmative action goals.

19401. All departments and agencies of state government shall establish an effective program of upward mobility for occupational groups, which shall include, but not be limited to, clerical, supervisory clerical, semiskilled, crafts and trades, supervisory crafts and trades, custodial, supervisory custodial, laborers, and career opportunities development classes, as defined by the State Personnel Board.

19402. All upward mobility programs shall include annual goals and timetables which include the number of employees expected to progress from clerical and subprofessional positions to entry-level technical, professional, and administrative positions, and the time frame within which this progress shall occur. The State Personnel Board shall be responsible for approving each department's annual upward mobility goals and timetables.

Any department or agency of state government which determines that it will be unable to achieve such goals and timetables may

request the State Personnel Board for a reduction in the goals. If the State Personnel Board determines that the department or agency has not made a good faith effort to achieve such goals and timetables, the board shall hold public hearings to determine the reasons for such deficiency, and to establish a program to overcome these deficiencies.

19403. The State Personnel Board shall, in cooperation with departments, establish bridging career ladders to provide upward mobility from subprofessional jobs to professional and managerial jobs on an ongoing basis.

19404. In developing their upward mobility programs, departments shall endeavor to provide, to the greatest extent possible, the following opportunities for employees who meet criteria established by the department, demonstrate the aptitude or potential for advancement and wish to participate in:

(a) Career counseling utilizing individual professional, administrative, and technical employees who can serve as career models, and a course in group career counseling. Each employee, who wishes to participate in an upward mobility program, should be required to develop a career development plan. Career counseling should be provided for employees.

(b) Appropriate academic counseling.

(c) Training opportunities such as college programs related to special training programs. This training may include release time at reduced cost or no cost to the employee, and may be offered in geographically remote areas through cooperative arrangements with other departments and colleges.

(d) Training and development assignments.

(e) On-the-job training.

(f) Job restructuring, including the development of career ladders and lattices, and modification of requirements where employment barriers exist.

19405. The State Personnel Board shall annually submit a report to the Legislature describing the performance of each department and agency in state government in terms of the number of employees served by the various programs required by this article, and the number of employees employed in higher positions.

19406. The State Personnel Board shall prepare written guidelines for implementation of the upward mobility program described in this article within six months from the effective date of this article. The board shall involve representatives from a cross section of groups and organizations representing the target groups of state employees both in the initial discussion and in the subsequent preparation of such guidelines.

CHAPTER 717

An act to amend Section 3456 of, to add Section 3327.5 to, the Business and Professions Code, relating to hearing aid dispensers.

[Approved by Governor September 12, 1977. Filed with Secretary of State September 12, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 3327.5 is added to the Business and Professions Code, to read:

3327.5. On and after January 1, 1979, all holders of licenses to sell and fit hearing aids shall continue their education after receiving such license. The committee shall provide by regulation, as a condition to the renewal thereof, that licensees shall submit documentation satisfactory to the committee that they have informed themselves of the developments in the practice occurring since the prior issuance or renewal of their licenses by having pursued courses of study satisfactory to the committee or by other means defined as equivalent by the committee.

SEC. 2. Section 3456 of the Business and Professions Code is amended to read:

3456. The amount of fees and penalties prescribed by this chapter are those fixed in the following schedule:

(a) The fee for applicants applying for the first time for a license is not more than seventy-five dollars ($75) which shall not be refunded, except to applicants who are found to be ineligible to take an examination for a license; those applicants are entitled to a refund of not more than fifty dollars ($50).

(b) The fee for taking the qualifying examination is not more than seventy-five dollars ($75).

(c) The fee for applicants for a license who have failed a previous examination is not more than seventy-five dollars ($75) for each succeeding examination.

(d) The fee for renewal of a license is not more than seventy-five dollars ($75) for each renewal.

(e) The initial license fee is not more than one hundred fifty dollars ($150), unless the initial license is issued on or after July 15th of any year. If it is issued on or after July 15, the initial license fee is seventy-five dollars ($75).

(f) The delinquency fee is twenty-five dollars ($25).

(g) The fee for issuance of a duplicate license for a branch office, or upon loss of an original license or upon change of name authorized by law of a person holding a license under this chapter is fifteen dollars ($15).

CHAPTER 718

An act to add Section 225m to the Civil Code, relating to adoption.

[Approved by Governor September 12, 1977. Filed with Secretary of State September 12, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 225m is added to the Civil Code, to read:

225m. Notwithstanding any other provision of law, it shall be unethical for an attorney to undertake the representation of both the prospective adopting parents and the natural parents of a child in any negotiations or proceedings in connection with an adoption unless a written consent is obtained from both parties.

The provisions of this section are not applicable to stepparent adoptions or an adoption in which an organization licensed by the State Department of Health to find homes for children and place children for adoption, joins in the petition for adoption.

Upon the petition of any party, the court may appoint an attorney to represent the natural parent or parents of a child in negotiations or proceedings in connection with the child's adoption.

CHAPTER 719

An act to amend Sections 14104.3 and 14310 of the Welfare and Institutions Code, relating to Medi-Cal.

[Approved by Governor September 12, 1977. Filed with Secretary of State September 12, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 14104.3 of the Welfare and Institutions Code is amended to read:

14104.3. (a) The department may, to the extent feasible, enter into nonexclusive contracts providing arrangements under which funds available for health care under this chapter shall be administered and disbursed to providers of health care or to their designated agents in consideration for services rendered and supplies furnished by them in accordance with the provisions of the applicable contract and any schedule of charges or formula for determining payments established pursuant to such contract. Such contract shall provide that the carrier:

(1) Will take such action as may be necessary to assure that payment for services to hospitals and other facilities and professional services shall be predicated on the basis of reimbursement for reasonable cost based on standards determined by the director. The formula for such payments shall be determined in accordance with

regulations establishing the methods to be used and the items to be included. In prescribing such regulations, the department shall consider, among other things, the principles generally applied by state organizations representing such hospitals or other facilities or by established prepayment organizations which have developed such principles, in determining the method or methods to be used in arriving at the payment formula.

(2) Will take such action as may be necessary to assure that where payment under this chapter is on a charge basis, such charge will be reasonable and not higher than the charge applicable for a comparable service and under comparable circumstances to the policyholders and subscribers of the carrier.

(3) Bills for service under this chapter shall be reviewed and payment or rejection made within 30 days from receipt of evidence establishing validity of the bill for payment in the office of the paying agency. If it is determined by the paying agency that additional evidence of validity is required, such evidence shall be requested within 30 days from the date the bill is received in the office of the paying agency. In any event, notice shall be given in 60 days from the date the bill is received concerning the status of the bill submitted if such bill is held for peer review in the office of the paying agency beyond 30 days.

(b) Contracts awarded under this section shall be awarded on a bid basis, and before entering into any such contract, the director shall publish notice soliciting bids.

(c) Contracts awarded under this section may provide:

(1) Payments to the contractor may be on a capitation or prepayment basis, or on a combination of both methods of payment.

(2) Providers may assume all or part of the risk of utilization of services, or costs of services, or both, and that providers who agree to assume such risk may be separately classified for purposes of applicable rates of payment or administrative requirements.

(3) Such other provisions as have previously been incorporated into pilot programs established pursuant to Chapter 8 (commencing with Section 14200) of this part and determined by the director to be desirable and feasible.

The director, at least once each year, shall report to the Joint Legislative Budget Committee actions taken by him in the awarding of contracts under this section, including, but not limited to, the number and types of bids submitted, the basis on which contracts were awarded, and, if a contract is awarded to other than the lowest bidder, the reason for such action.

SEC. 2. Section 14310 of the Welfare and Institutions Code is amended to read:

14310. (a) In providing benefits under this chapter and Chapter 7 (commencing with Section 14000) the director shall aggressively seek the development of alternative forms of financing and delivering health care services. The director shall, in carrying out the intent of this section, contract with institutional providers, counties,

or other organizations to establish pilot programs which demonstrate the value, or lack thereof, of such a program in delivering or financing health care services in such a manner. Each pilot program shall be for a specified duration not to exceed four years and each pilot program shall be evaluated annually for its efficiency, effectiveness, and quality. Where the director finds that he is not able to evaluate a pilot program before the program is concluded, or where the director recommends implementation of a pilot program on a permanent basis but finds that he is not able to implement on a permanent basis such program immediately upon conclusion of the program's term, he may extend the duration of the pilot program beyond four years until such evaluation or permanent implementation can be accomplished. Any such extension shall be for a term not in excess of six months, but may be renewed for additional six-month terms. The total extension shall not exceed two years.

(b) The director shall pursue the feasibility of establishing the following as pilot programs:

(1) A capitated, risk assuming contract with one or more regional fiscal intermediaries.

(2) A capitated, risk assuming contract with acute care hospitals within a county or region.

(3) A capitated, risk assuming contract with one or more organizations which provide payment to a specified class or classes of providers.

Persons eligible for services under Section 14005 may be assigned by the department to a prepaid health plan which affords any qualified Medi-Cal providers within the service area an opportunity to participate in the plan under reasonable restrictions approved by the department, provided, however, such persons shall be entitled to request and receive a Medi-Cal card if assignment to a plan does not meet with their satisfaction.

For purposes of this section, "risk assuming" means the pilot program contractor agrees to assume the risk of utilization of services or costs of services, or both.

(c) The department shall establish publicly operated health service delivery systems as pilot programs, to determine whether high-quality, comprehensive Medi-Cal benefits can be provided at a reasonable cost on a prepayment basis in a public service system. To the extent possible, the department shall establish programs in both rural and urban areas. The rural and urban areas designated for the programs shall be medically underserved to meet the health needs of the Medi-Cal population as determined by the director. The pilot programs shall have at least the following characteristics:

(1) The programs shall be publicly operated either by the department directly or through contract with other public entities.

(2) The programs may be regional in nature, extending beyond the boundaries of any one county.

(3) The programs shall enroll Medi-Cal recipients and be funded

by the department on a prepayment capitation basis in accordance with capitation rates at or less than those paid by the department to prepaid health plans under this chapter for the same or similar care.

(4) The programs shall provide the full range of Medi-Cal services required of prepaid health plans and shall meet all statutory requirements and all regulatory and contractual requirements established by the department for the program.

(5) The programs shall emphasize the innovative use of health personnel including midlevel medical, nursing and dental professionals in ambulatory settings.

(6) Medi-Cal recipients enrolling in a pilot program pursuant to this subdivision shall be offered a choice of qualified primary care physicians employed by the program to be the recipients' designated primary care physicians.

(d) The director shall also consider programs which demonstrate an innovative and economical use of health personnel, including, but not limited to, programs approved pursuant to Article 18 (commencing with Section 429.70) of Chapter 2 of Part 1 of Division 1 of the Health and Safety Code, which emphasize preventive care, which stress new methods for controlling utilization of services or review of provider competency, or which provide an incentive to beneficiaries to seek the most economical level of care. Such programs may provide benefits on the basis of class of recipient, class of benefit, geographical area, or any other reasonable classification, and may provide, to the extent permitted by federal law, benefits or services not included in Section 14132. The director may provide that the extent of benefit coverage may be limited to a fixed number of days, or amount, or duration of services.

(e) Except as provided in subdivisions (b) and (c), payment may be made to a pilot program on a capitated or prepayment basis, on a fee-for-service basis, or on some combination of both systems. For the purposes of this subdivision, "capitated" or "prepayment" means a prospective per capita rate of payment determined in accordance with Section 14301, and the term "Medi-Cal beneficiaries enrolled in a prepaid health plan" in Section 14301 includes all Medi-Cal beneficiaries subject to the terms of a pilot program contract under which individual enrollment is not required.

(f) The director shall call a public hearing pursuant to Section 14300 prior to entering into or renewing pilot programs.

(g) The director shall submit to the Legislature a written report detailing the objectives of all pilot programs, the department's analysis of their effectiveness, efficiency, and quality, and other information regarding such pilot programs not later than January 30 of each year. At the conclusion of a pilot program the director shall report to the Legislature concerning the desirability and feasibility of implementing the pilot program on a statewide basis.

CHAPTER 720

An act to amend Section 527 of the Code of Civil Procedure, relating to provisional remedies.

[Approved by Governor September 12, 1977 Filed with Secretary of State September 12, 1977]

The people of the State of California do enact as follows:

SECTION 1. Section 527 of the Code of Civil Procedure is amended to read:

527. (a) An injunction may be granted at any time before judgment upon a verified complaint, or upon affidavits if the complaint in the one case, or the affidavits in the other, show satisfactorily that sufficient grounds exist therefor. A copy of the complaint or of the affidavits, upon which the injunction was granted, must, if not previously served, be served therewith.

No preliminary injunction shall be granted without notice to the opposite party; nor shall any temporary restraining order be granted without notice to the opposite party, unless it shall appear from facts shown by affidavit or by the verified complaint that great or irreparable injury would result to the applicant before the matter can be heard on notice. In case a temporary restraining order shall be granted without notice, in the contingency above specified, the matter shall be made returnable on an order requiring cause to be shown why the injunction should not be granted, on the earliest day that the business of the court will admit of, but not later than 15 days or, if good cause appears to the court, 20 days from the date of such order. When the matter first comes up for hearing the party who obtained the temporary restraining order must be ready to proceed and must have served upon the opposite party at least two days prior to such hearing, a copy of the complaint and of all affidavits to be used in such application and a copy of his points and authorities in support of such application; if he be not ready, or if he shall fail to serve a copy of his complaint, affidavits and points and authorities, as herein required, the court shall dissolve the temporary restraining order. The defendant, however, shall be entitled, as of course, to one continuance for a reasonable period, if he desires it, to enable him to meet the application for the preliminary injunction. The defendant may, in response to such order to show cause, present affidavits relating to the granting of the preliminary injunction, and if such affidavits are served on the applicant at least two days prior to the hearing, the applicant shall not be entitled to any continuance on account thereof. On the day upon which such order is made returnable, such hearing shall take precedence of all other matters on the calendar of said day, except older matters of the same character, and matters to which special precedence may be given by law. When the cause is at issue it shall be set for trial at the earliest

possible date and shall take precedence of all other cases, except older matters of the same character, and matters to which special precedence may be given by law.

(b) A temporary restraining order may be granted with or without notice to restrain any person upon an affidavit which, to the satisfaction of a court, shows reasonable proof of a past act or acts of actual violence resulting in physical injury for the purpose of preventing a recurrence of actual domestic violence and assuring a period of separation of the parties involved. A temporary restraining order may be granted pursuant to this subdivision to any person who, prior to or at the time such order is granted, was actually residing with the person or persons at whom such order is directed, and, in the case of a marital relationship, notwithstanding that a petition for legal separation or annulment or dissolution of marriage has not been filed.

A temporary restraining order granted pursuant to this subdivision shall remain in effect, in the discretion of the court, not to exceed 30 days, unless otherwise terminated by the court.

In case a temporary restraining order is granted without notice, the matter shall be made returnable on an order requiring cause to be shown why the order should not be dissolved, on the earliest day that the business of the court will permit, but not later than 15 days or, if good cause appears to the court, 20 days from the date the temporary restraining order is granted.

Any willful disobedience of any temporary restraining order granted pursuant to this subdivision shall be a misdemeanor.

The county clerk shall transmit a copy of each temporary restraining order, or extension, modification or termination thereof, granted pursuant to this subdivision, by the close of the business day on which such order was granted, to the local law enforcement agency with jurisdiction over the residence of the party which obtained the restraining order or the residence at which the recurrence of actual domestic violence is the subject of the temporary restraining order, if requested by an attorney of record or a person who acted in propria persona and approved by the court. Each appropriate law enforcement agency may make available, through an existing system for verification, information as to the existence and current status of any temporary restraining order issued pursuant to this subdivision to any law enforcement officer responding to the scene of reported domestic violence.

This section shall apply to all private works of improvement and to all public works of improvement, except where the provisions of Section 14402.1 of the Government Code are applicable.

(*l*) Each director of an emergency care service in a hospital with an approved program for the training of emergency care physician's assistants shall file an application fee not to exceed two hundred dollars ($200).
