CHAPTER 1. GENERAL PROVISIONS

SEC. 5. Section 1671 of the Civil Code is amended to read:

1671. (a) This section does not apply in any case where another statute expressly applicable to the contract prescribes the rules or standard for determining the validity of a provision in the contract liquidating the damages for the breach of the contract.

(b) Except as provided in subdivision (c), a provision in a contract liquidating the damages for the breach of the contract is valid unless the party seeking to invalidate the provision establishes that the provision was unreasonable under the circumstances existing at the time the contract was made.

(c) The validity of a liquidated damages provision shall be determined under subdivision (d) and not under subdivision (b) where the liquidated damages are sought to be recovered from either:

(1) A party to a contract for the retail purchase, or rental, by such party of personal property or services, primarily for the party's personal, family, or household purposes; or

(2) A party to a lease of real property for use as a dwelling by the party or those dependent upon the party for support.

(d) In the cases described in subdivision (c), a provision in a contract liquidating damages for the breach of the contract is void except that the parties to such a contract may agree therein upon an amount which shall be presumed to be the amount of damage sustained by a breach thereof, when, from the nature of the case, it would be impracticable or extremely difficult to fix the actual damage.

SEC. 6. Section 1676 of the Civil Code is repealed.

SEC. 7. Chapter 2 (commencing with Section 1675) is added to Title 4.5 of Part 2 of Division 3 of the Civil Code, to read:

CHAPTER 2. DEFAULT ON REAL PROPERTY PURCHASE CONTRACT

1675. (a) As used in this section, "residential property" means real property primarily consisting of a dwelling that meets both of the following requirements:

(1) The dwelling contains not more than four residential units.

(2) At the time the contract to purchase and sell the property is made, the buyer intends to occupy the dwelling or one of its units as his residence.

(b) A provision in a contract to purchase and sell residential property which provides that all or any part of a payment made by the buyer shall constitute liquidated damages to the seller upon the buyer's failure to complete the purchase of the property is valid to the extent that payment in the form of cash or check, including a postdated check, is actually made if the provision satisfies the requirements of Sections 1677 and 1678 and of subdivision (c) or (d) of this section.

(c) If the amount actually paid pursuant to the liquidated damages provision does not exceed 3 percent of the purchase price, the provision is valid to the extent that payment is actually made unless the buyer establishes that such amount is unreasonable as liquidated damages.

(d) If the amount actually paid pursuant to the liquidated damages provision exceeds 3 percent of the purchase price, the provision is invalid unless the party seeking to uphold the provision establishes that the amount actually paid is reasonable as liquidated damages.

(e) For the purposes of subdivisions (c) and (d), the reasonableness of an amount actually paid as liquidated damages shall be determined by taking into account both of the following:

(1) The circumstances existing at the time the contract was made.

(2) The price and other terms and circumstances of any

subsequent sale or contract to sell and purchase the same property if such sale or contract is made within six months of the buyer's default.

1676. Except as provided in Section 1675, a provision in a contract to purchase and sell real property liquidating the damages to the seller if the buyer fails to complete the purchase of the property is valid if it satisfies the requirements of Section 1677 and the requirements of subdivision (b) of Section 1671.

1677. A provision in a contract to purchase and sell real property liquidating the damages to the seller if the buyer fails to complete the purchase of the property is invalid unless:

(a) The provision is separately signed or initialed by each party to the contract; and

(b) If the provision is included in a printed contract, it is set out either in at least 10-point bold type or in contrasting red print in at least eight-point bold type.

1678. If more than one payment made by the buyer is to constitute liquidated damages under Section 1675, the amount of any payment after the first payment is valid as liquidated damages only if (1) the total of all such payments satisfies the requirements of Section 1675 and (2) a separate liquidated damages provision satisfying the requirements of Section 1677 is separately signed or initialed by each party to the contract for each such subsequent payment.

1679. This chapter applies only to a provision for liquidated damages to the seller if the buyer fails to complete the purchase of real property. The validity of any other provision for liquidated damages in a contract to purchase and sell real property shall be determined under Section 1671.

1680. Nothing in this chapter affects any right a party to a contract for the purchase and sale of real property may have to obtain specific performance.

The sum so specified is valid as liquidated damages unless manifestly

unreasonable under the circumstances existing at the time the contract was made. A contract for a road project may also provide for the payment of extra compensation to the contractor, as a bonus for completion prior to the specified time, such provision, if used, to be included in the specifications and to clearly set forth the basis for such payment.

SEC. 11. Article 5 (commencing with Section 92050) is added to Chapter 1 of Part 57 of Division 9 of Title 3 of the Education Code, to read:

Article 5. Construction Contracts

92050. The Regents of the University of California may include or cause to be included in a contract for a construction project for the University of California a provision establishing the time within which the whole or any specified portion of the work contemplated shall be completed. The legislative body may provide that for each day completion is delayed beyond the specified time, the contractor shall forfeit and pay to such agency involved a specified sum of money, to be deducted from any payments due or to become due to the contractor. The sum so specified is valid as liquidated damages unless manifestly unreasonable under the circumstances existing at the time the contract was made. A contract for such a project may also provide for the payment of extra compensation to the contractor, as a bonus for completion prior to the specified time. Such provisions, if used, shall be included in the specifications upon which bids are received, which specifications shall clearly set forth the provisions.

The amount so fixed is valid as liquidated damages unless manifestly unreasonable under the circumstances existing at the time the contract was made. If such determination is made, the plans or specifications and the contract shall contain provisions in accordance therewith.

Any moneys received by the city on account of such liquidated damages shall be applied as follows:

(1) If received prior to confirmation of the assessment, such moneys shall be applied as a contribution against the assessment.

(2) If received after the confirmation of the assessment, such moneys shall be applied in the manner provided in Section 5132.1 for the disposition of excess acquisition funds.

(3) If a contribution has theretofore been made or ordered by any agency, the legislative body may order a refund to the contributing agency in the proportion which said contribution bears to the total costs and expenses of the work.

CHAPTER 212

An act to amend Section 12361 of the Penal Code, relating to bulletproof vests, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 30, 1977 Filed with Secretary of State June 30, 1977]

The people of the State of California do enact as follows:

SECTION 1. Section 12361 of the Penal Code is amended to read:

(b) Nothing in this section shall restrict the Department of Justice, after consultation with the Department of the California Highway Patrol and the California State Police Division, from establishing a more stringent standard of certification for bulletproof vests.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Standards for certification of bulletproof vests, if they are to be purchased in time, must be altered immediately.

Also police officers would not receive these lifesaving vests until next year, if this bill does not go into effect immediately, compounding the current problem of the dangers these officers face.

(a) Except as provided in subdivision (b) or Section 707.5 or Section 720, all claims arising upon contract, whether they are due, not due, or contingent, and all claims for funeral expenses and all claims for damages for injuries to or death of a person or injury to property and all claims against the executor or administrator of any testator or intestate who in his lifetime has wasted, destroyed, taken or carried away or converted to his own use, the property of another person or committed any trespass on the real property of another person, must be filed or presented within the time limited in the notice or as extended by the provisions of Sections 702 and 709 of this code; and any claim not so filed or presented is barred forever, unless it is made to appear by the affidavit of the claimant to the satisfaction of the court or a judge thereof that the claimant had not received notice, by reason of being out of the state, in which event it may be filed or presented at any time within one year after the expiration of such prescribed period and before petition for final distribution has been filed; provided, neither the filing or presentation of such claim nor its later establishment, in whole or in part, shall make property distributed pursuant to court order or any payments properly made before filing or presentation of such claim subject to the claim. The clerk must enter in the register every claim filed, giving the name of the claimant, the amount and character of the claim, the rate of interest, if any, and the date of filing.

(b) The filing and presentation of a claim is not required as a prerequisite to commencing an action against the decedent for damages for injury to or for the death of a person caused by the wrongful act or neglect of the decedent or to recover upon a judgment obtained in the action if (1) the decedent had liability insurance applicable to the cause of action, (2) the amount of damages sought in the action does not exceed the maximum amount of such insurance, or recovery in excess thereof is waived, and (3) the estate of the decedent otherwise qualifies for summary probate proceedings pursuant to the provisions of Section 630 of the Probate Code. If the amount of damages sought in the action exceeds the maximum amount of the insurance, filing and presentation of a claim

is required only with respect to the amount sought in excess of the maximum amount of the insurance. The defendant in the action may be designated as "Estate of (name and decedent), Deceased". No action shall be maintained under this subdivision unless the insurer has been served with a copy of the complaint.

CHAPTER 218

An act to amend Section 19612 of, and to add Section 19612.3 to, the Business and Professions Code, relating to horseracing, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 30, 1977. Filed with Secretary of State June 30, 1977]

The people of the State of California do enact as follows:

SECTION 1. Section 19612 of the Business and Professions Code is amended to read:

19612. (a) With respect to racing other than thoroughbred, every association which conducts a meeting shall distribute on all money not in excess of twenty million dollars ($20,000,000) handled in its parimutuel pools for such racing the base percentage amounts as follows: 6.10 percent license fee; 3.91 percent purses; and 5.74 percent commission.

(b) With respect to racing other than thoroughbred racing, every association shall distribute on the amount handled in excess of twenty million dollars ($20,000,000) in addition to the base rate, the following amounts:

(1) As to those associations handling more than twenty million dollars ($20,000,000) but not more than forty million dollars ($40,000,000), on such amount as exceeds twenty million dollars ($20,000,000): 5.70 percent license fee; 4.07 percent purses; and 5.98 percent commission.

(2) As to those associations handling more than forty million dollars ($40,000,000) but not more than seventy-five million dollars ($75,000,000), on such amount as exceeds twenty million dollars ($20,000,000): 6.55 percent license fee; 3.72 percent purses; and 5.48 percent commission.

(3) As to those associations handling more than seventy-five million dollars ($75,000,000) but not more than one hundred twenty million dollars ($120,000,000), on such amount as exceeds twenty million dollars ($20,000,000): 6.85 percent license fee; 3.60 percent purses; and 5.30 percent commission.

(4) As to those associations handling more than one hundred twenty million dollars ($120,000,000) but not more than one hundred eighty million dollars ($180,000,000) on such amount as exceeds twenty million dollars ($20,000,000): 7.15 percent license fee; 3.48

percent purses; and 5.12 percent commission.

(5) As to those associations handling more than one hundred eighty million dollars ($180,000,000) on such amount as exceeds twenty million dollars ($20,000,000): 7.45 percent license fee; 3.36 percent purses; and 4.94 percent commission.

SEC. 2. Section 19612.3 is added to the Business and Professions Code, to read:

19612.3. Notwithstanding any other provision of law, with respect to harness racing an additional 1 percent of the parimutuel pool shall be retained and shall be distributed equally between license fees, purses, and commissions from January 1, 1977, until December 31, 1986. From January 1, 1987, and thereafter, the additional retention from harness racing parimutuel pools shall be decreased to 0.5 percent and shall be distributed equally between license fees, purses, and commissions.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

There currently exists an ambiguity with respect to the intent of the Legislature in adding subdivision (c) to Section 19612 of the Business and Professions Code. In order to clarify that intent it is necessary that this act take effect immediately.

CHAPTER 219

An act making appropriations for the support of the government of the State of California and for several public purposes in accordance with the provisions of Section 12 of Article IV of the Constitution of the State of California, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor June 30, 1977 Filed with Secretary of State June 30, 1977.]

To the Members of the Legislature of California·

I wish to commend you for the work you have done in scrutinizing this budget. As signed, it sets our course for the coming year. Together, we have tried to serve human needs within the tax dollars made available by the people.

Government, no less than the individual, must respect limits. For out of such restraint, new possibilities emerge

I object to the following appropriations in Assembly Bill No. 184·

Item 16—For support of Supreme Court of California, Courts of Appeal, Judicial Council of California, and Commission on Judicial Qualifications I reduce this item from $18,561,808 to $18,411,808

I am reducing this Item by $150,000. LEAA funds for the Calendar Management Technical Assistance Team (CMTAT) are no longer available and I believe that there are sufficient resources in the courts to allow them the discretion to allocate funds to whatever they feel is their highest priority program.

Item 21—For support of the Judges' Retirement System I reduce this item from

$472,322 to $41,343

I am working with the California Judges' Association to solve the unfunded liability of the Judicial Retirement System I will be presenting legislation to accomplish this objective I am also eliminating language related to this reduction

Item 22—For local assistance, Judges' Retirement System I reduce this item from $5,872,041 to $517,351

I am working with the California Judges' Association to solve the unfunded liability of the Judicial Retirement System I will be presenting legislation to accomplish this objective I am also eliminating language related to this reduction

Item 55 5—For local assistance in implementing Chapter 704, Statutes of 1975, relating to postcard voter registration I reduce this item from $2,359,121 to $492,385 by reducing (b) 1977–78 fiscal year reimbursements from $1,063,953 to $492,385 and by eliminating (a) 1976–77 fiscal year reimbursements ($1,295,168)

I am eliminating current year reimbursements of $1,295,168 for postcard voter registration to local government because appropriate reimbursement is available through the State Board of Control

Item 106—For support of the Franchise Tax Board I eliminate language

I am eliminating the following language in this item because it raised a serious constitutional issue of the separation of powers

"provided, further, that except as otherwise provided in this item, no funds appropriated by this act may be expended for any campaign audits unless such audits are conducted according to audit standards promulgated by the American Institute of Certified Public Accountants, and no funds appropriated by this act may be used for audit inquiries of more than 10 percent of the campaign transactions subject to the audit, which 10 percent sample shall be by letter that only requires the contributor to verify the amount reported and requires a response only in the case where the contributor's records differ from the reported amount, provided, further, that no funds appropriated by this act may be expended for an audit of more than 25 percent of the campaign expenditures, determined on the basis of the total number of such transactions, irrespective of the dollar amounts involved in such transactions, of any candidate subject to Section 90001 of the Government Code and provided, further, however, that if the Franchise Tax Board finds, after making an initial audit, an indication of fraud, further investigation of such fraud may be conducted to establish whether material facts have been deliberately concealed, irrespective of the limitations on audits set forth in this item "

Item 108.1—For the transfer to the Service Revolving Fund I reduce this item from $2,000,000 to $600,000

I am reducing this item to $600,000 which will extend the level approved for the 1976–77 fiscal year Since only $400,000 of the prior $1,000,000 appropriation was expended during 1976–77, I am not convinced that the need for a greater level of expenditure has been demonstrated

Item 114—For support of Department of General Services I adjust this item by reducing (b) Operating expenses and equipment from $90,579,411 to $89,179,411 and Amount payable from the General Fund (Item 108 1) from −$2,000,000 to −$600,000

I am reducing these subitems to correspond with action taken in regard to Item 108 1

Item 146—For local assistance, Department of Housing and Community Development I reduce this item from $875,000 to $800,000 by reducing (b) Low income home management training program from $250,000 to $175,000.

I am reducing this item to the current year level The Department has demonstrated that this amount is adequate to attract local participation for this program

Item 160 1—To the Department of Transportation for allocation by the California Highway Commission I reduce this item from $519,311,000 to $496,566,000 by reducing (a) Maintenance and rehabilitation improvements from $291,644,000 to $273,895,000, (b) System operations and operating improvements from $197,645,000 to $190,372,000 and (e) New facilities from $389,338,000 to $323,377,000, and (j) Federal funds from −$430,233,000 to −$361,995,000

The reductions in state funds in this item still provides close to $33 million more than the Commission's latest revised budget This will give the Commission and Department sufficient latitude to handle any contingencies which may occur in 1977–78

Item 164—For support of Department of Motor Vehicles I reduce this item from $4,383,167 to $135,266

I am eliminating the augmentation of $4,247,901 because the use of the General Fund to fund motor vehicle-related functions is a precedent which should not be set

Item 189—For local assistance to counties in the operation of local air pollution control districts, State Air Resources Board I reduce this item from $4,500,000 to $2,800,000

The Supplementary Report of the Committee on Conference requests that the issue of the division of responsibilities between the State Air Resources Board and local air pollution control districts be studied It would be inappropriate to substantially increase state financial assistance before the results of that study are known

Item 203 5—For support of Department of Fish and Game I eliminate this item because I intend to approve Title II Federal funds to provide positions to assist game wardens

Item 236 4—For support of State Water Resources Control Board I eliminate this item A study of the methods of controlling the rising level of the Salton Sea is a low-priority study since the potential for success is minimal

Item 241—For support of Department of Health I reduce this item from $59,062,139 to $58,581,049 by reducing (a) Personal services from $113,428,120 to $113,204,568, and (b) Operating expenses and equipment from $49,504,831 to $49,247,293

I am eliminating the $154,477 General Fund augmentation for five proposed new positions for Solid Waste Management The Solid Waste Management Board is the single state agency responsible for formulating and adopting state policy for solid waste management Therefore, any additional positions for this activity should be funded by the Solid Waste Management Board I am therefore requesting the Solid Waste Management Board to enter into an interagency agreement with the Department of Health to fund these positions in Health

I am eliminating $153,770 General Fund augmentation in the X-ray machine inspection program While I support the concept of reducing the interval between inspection of X-ray machines, any increase in services in this program is more appropriately funded from X-ray machine registration fees

I am eliminating $55,000 added to provide for a child psychiatrist position in the Treatment Services Division's Mental Health Services program Individual county mental health programs currently employ such specialists to provide services to children and adolescents as needed Since the provision of such service is a local responsibility, the State has marginal need for such a highly specialized position

I am reducing the General Fund augmentation to this item to fund pesticide studies from $214,843 to $97,000 The eliminated research relates more to economics than health

I am eliminating the following language in this item "Provided, further, that the director shall adopt and implement regulations, for the period January 1, 1978, to June 30, 1978, that establish a payment rate for skilled nursing facilities which is sufficient to provide a wage rate for nonadministrative employees which is equal to the median entry level wage rate for comparable classes of employment in general hospitals. The director shall inspect relevant payroll records of skilled nursing facilities to insure that the wage increases provided in this item have been implemented Any facility which the director finds has not made the wage increases provided in this item shall be liable to the state for the amount of funds paid to such facility pursuant to this item "

This language would require the Medi-Cal program to fund salaries in nursing homes according to a formula over which the state has no control I have also eliminated the augmentation in Item 253 which was added in furtherance of this policy

Item 245—For assistance to local agencies in the establishment and operation of mental health services, Department of Health.

I am approving the legislative augmentation of $3,000,000 for this item and the added language However, I am advised by the Attorney General's Office that it is unclear what local treatment programs for "minors" may be funded under subitem (c) of Item 245 Further, the Department of Health and Department of Finance have discretion to determine which, if any, of these programs would be allocated monies appropriated under subitem (c), therefore with the augmented funding I am instructing the Department of Health to implement the diversion to local facilities of persons described in Section 5150 of the Welfare and Institutions Code or Section 4011 6 of the Penal Code who would otherwise be served through state hospitals

I believe that deinstitutionalization represents sound policy for all patients

Item 246—For local assistance for narcotics and drug abuse program, Department of Health I reduce this item from $19,503,490 to $16,503,490 by reducing (a) Local assistance from $33,726,911 to $30,726,911

I am eliminating $3,000,000 added for increasing the State's drug abuse program, and striking the related Budget Act language " , and provided, further, that no county shall receive an allocation from the $3,000,000 appropriated in this item for program expansion unless the county maintains its expenditures for existing programs at the levels at which they were funded by the county in the 1976–77 fiscal year " There is not sufficient evidence of program effectiveness to justify the augmentation

Approximately $5 million was transferred to this program from mental health services This will enable the counties an opportunity to integrate all county drug services under a single system and establish priorities of service I am asking the Department of Health to closely scrutinize drug services for program effectiveness and efficiencies

Item 247—For local assistance for the Developmental Disabilities Program, Department of Health I reduce this item from $277,704,387 to $277,104,387 by reducing (d) Community program development and special projects from $2,207,981 to $1,607,981

I am reducing $600,000 added for community program development efforts The Program Development Fund established by Chapter 1369, Statutes of 1976, will provide this amount and will also be augmented by revisions of parental fee regulations Funds will be available for establishing new programs for the developmentally disabled.

Item 252—For special social services, Department of Health I reduce this item from $125,317,392 to $120,741,241 by reducing (a) Child Development Services from $49,351,923 to $42,685,256, (h) Demonstration programs from $2,592,102 to $2,275,000 and (i) Other County Social Services from $142,548,406 to $138,289,357, (j) Reimbursements from −$18,851,011 to −$17,184,344 and (k) Federal funds from −$247,316,742 to −$242,316,742

I am reducing category (a) child development services, by $6,666,667 from $49,351,923 to $42,685,256 This is a technical adjustment to reflect reductions in Item 292, child development programs. This amount includes a reduction of $5,000,000 in (k) federal funds and a reduction in (j) the transfer from Item 292 of $1,666,667 I am also reducing the $37,213,932 designated in the control language for category (a) child development services to $32,213,932 to reflect the above reduction of $5,000,000 in federal funds

I am eliminating the $317,102 augmentation for Child Sexual Abuse I am supportive of the program and have directed the Department of Health to use Federal Title IVB funds for the program in lieu of this General Fund appropriation

I am reducing the General Fund appropriation for (i) "Other county social services" by $4,259,049 leaving $13,835,229 of the legislative augmentation I am approving this amount because it provides funds to allow each county to receive at least the same amount as in 1976–77, plus an increase of 6 percent cost-of-living adjustment on both state and federal appropriations Such additional state funding is necessitated by the failure of the federal government to meet cost of living increases Prior to last year no state funds were used for this purpose

Item 253—For the State's share of rate increases for providers under the Medical Assistance Program and other local assistance programs I reduce this item from $100,767,442 to $64,667,442 by eliminating an additional 20 percent rate increase for

Emergency Room Physicians ($6,100,000), 6 percent rate increase for Physician Services ($13,600,000), Wage increase for Nursing Home Employees ($15,900,000) and Emergency Medical Transportation ($500,000)

Through the enactment of AB 4242 (Chapter 1207/76) the Medi-Cal program provided an overall increase of 19 8 percent for physician rates In my judgement the substantial rate increase is adequate

In addition, this year emergency room physician rates were increased from 60 percent of physician services to 80 percent This increase along with the general increases contained in AB 4242 results in an overall increase from 1975–76 to 1976–77 of 40 percent In recognition that emergency room physicians have less overhead costs than private practice physicians such reimbursement is sufficient Since I have eliminated the augmentation for emergency room physician, I am also eliminating the corresponding control language as follows

"provided, that the Department of Health shall promulgate regulations establishing Medi-Cal reimbursement rates for emergency room physicians providing medical service in hospital emergency departments at 100 percent of the maximum reimbursement rates allowed for physician services "

Since August 1975 over a 50 percent increase has been provided through the Medi-Cal program to nursing homes In addition, funds are included within this item to provide a 6 percent increase for employee salaries and other cost increases The intent of these increases together with other training and staffing increases is to improve the quality of nursing home care I have therefore eliminated this augmentation and the language in Item 241 requiring this action

I am reducing the amount contained in this item for emergency medical transportation from $1,900,000 to $1,400,000 which is the funding necessary to offset the rapid cost increases experienced by Medi-Cal emergency transportation providers

Item 263—Approval of certain regulations by the Joint Legislative Budget Committee

I eliminate the following language from this item

" or approved by the Joint Legislative Budget Committee "

Such language constitutes an encroachment upon the duties and responsibilities of the executive branch in violation of the separation of powers provision of Article III, Section 3 of the California Constitution

Item 265—For local assistance the State's share of the Non-Federal Administrative costs of administering the costs of welfare programs, Department of Benefit Payments I reduce this item from $72,527,100 to $72,494,200 by reducing (a) AFDC Administration from $57,882,800 to $57,849,900

I am eliminating $32,900 added to fund the county share of administrative costs associated with regulations clarifying procedures for immediate need payments to welfare recipients Legislation which requires these payments was passed in 1971, well before enactment of SB 90 Therefore, the State is not obligated to finance county costs

Item 274 5—For administrative costs of the Department of the Youth Authority I eliminate this item

I am eliminating this item because the appropriation in Item 274 6 continues support of the Sugar Ray Youth Foundation which is funded in the current year Therefore, additional support of the department is unnecessary

Item 274 6—For contracting with public or private agencies, Department of the Youth Authority I reduce this item from $834,861 to $362,000

I am reducing this item by $472,861 to continue to provide support for the Sugar Ray Robinson Youth Foundation which is funded in the current year There are federal programs such as revenue sharing and Law Enforcement Assistance Administration which can serve as sources of public funds for private youth foundations

Item 283—For local assistance of the Early Childhood Education Program I reduce this item from $113,297,000 to $103,297,000 by reducing (a) Total program from $114,572,188 to $104,478,108, and (b) Less administration (shown in Item 300) from

−$1,275,188 to −$1,181,108

I am reducing this item by $10,000,000 Expansion of the ECE program is a matter which should be considered in conjunction with the Serrano-Priest school financing issue

Item 283 3—For local assistance, Early Childhood Education Program. I eliminate this item

I am eliminating this item because it should be considered in conjunction with the Serrano-Priest school financing issue

Item 285—For local assistance, Educationally Disadvantaged Youth Program I reduce this item from $103,870,232 to $97,554,936 by reducing (a) Total Program from $104,824,948 to $98,509,652

I am reducing this item $6,315,296 Any inflation adjustment for the EDY program should be considered in conjunction with the Serrano-Priest school financing issue

Item 292—For local assistance, Child Development Programs I reduce this item from $66,706,230 to $65,490,037 by reducing

(a) Child Care Programs from . .	$54,081,230	to	$52,865,037,
(1) Child Care Programs from	92,592,856	to	86,376,663,
(A) General Child Care administration from	2,250,964	to	2,173,964,
(C) Subventions			
(1) Children's Centers from	70,192,973	to	68,597,973,
(2) School districts and county superintendents from	(52,836,600)	to	(52,274,100),
(3) Private, community-based agencies from .	(17,356,373)	to	(16,323,873),
(5) County Child Care Services from . .	4,356,000	to	4,201,000,
(6) High-School-Age Parents from . . .	2,369,193	to	1,230,000,
(7) Migrant day care from	2,996,000	to	2,246,000,
(2) Reimbursements from . .	−38,054,626	to	−33,054,626,
		and	
(B) Subventions from . .	−37,000,448	to	−32,000,448,

and by eliminating

(10) Vouchers	$1,000,000,
(11) Resource and referral	500,000,
	and
(12) Unscheduled child development program expansion	1,000,000.

The action I have taken on this item will.

1. Reduce the augmentation of the High-School-Age Parenting Program to $635,000. The reduced augmentation represents a 100 percent increase over previous-year funding and will facilitate an orderly expansion of the program
2. Remove the legislative augmentation of $5 million in federal Title XX Social Services funds. If child care programs are initiated with these federal funds, these programs must meet restrictive federal staffing standards that contribute to the high unit cost of child care The State has already taken action to release many existing child care programs from these requirements by replacing $15 million in federal funds with state funds, with the intent of serving more children The legislative augmentation of federal funds for child care would counteract this effort

To address the need for child development services, I will support special urgency legislation to provide an additional $5 million in state General Funds for the innovative child care program immediately upon return of the Legislature in August.

Item 300—For support of Department of Education. I reduce this item from $15,506,688 to $15,412,608 by reducing (a) Personal services from $33,418,749 to $33,337,669, (b) Operating expenses and equipment from $25,373,888 to $25,283,888, (i) Amounts payable from local assistance appropriations from −$3,065,370 to −$2,988,370.

As a result of my action on the $10 million ECE expansion in Item 283, I am reducing this item by the amount of related ECE administrative costs. The appropriation schedule for this item is to be further reduced $77,000 to account for the effects of my

reduction of the high-school-age parenting program which flows through Item 300 from Item 292

Item 300 1—For local assistance, Mentally Gifted Minors Program I eliminate this item

I am eliminating this item because the Mentally Gifted Minors program has enrollments above those authorized by current law and increased support to continue these overenrollments is inappropriate

Item 311—For support of University of California I reduce this item from $692,857,956 to $692,253,256

I am eliminating the $604,700 augmentation for employee affirmative action in the firm belief that such programs should be part of the on-going activities of the University system and should be funded from currently budgeted funds

Item 311 1—For support of University of California, Human Sexuality Program I eliminate this item

I am eliminating this item because it is more appropriately considered within the University support budget

Item 322.1—For support of University of California for deferred maintenance projects I eliminate this item.

I am eliminating this item as inappropriate for General Fund support

Item 324—For support of California State University and Colleges I reduce this item from $639,767,750 to $637,814,609 by reducing (a) Personal services from $621,137,521 to $620,438,313, (b) Operating expenses and equipment from $139,699,000 to $138,445,067

I am reducing this item for the following reasons:

1 Student writing skills—remedial course work . . $500,000
I requested and the Legislature provided an augmentation to the budget as submitted of $270,000 to develop and administer a test to identify entering CSUC freshmen who lack necessary writing skills However, I believe that remedial course work for those students should be provided within CSUC's existing funds For example, these courses could be given for credit in lieu of elective courses presently offered For these reasons, I am eliminating this augmentation

2 Instructionally related activities $1,000,000
I am eliminating the $1,000,000 augmentation which would increase state support of these instructionally-related activities which include radio, TV, film, music and dance performance, drama and musical productions, publications and forensics The budget as submitted contained $510,810 for this program which continues the 1976–77 level of funding I believe this amount constitutes the appropriate level of state support for this program

3 Capital Experience Program $86,269
I am eliminating the special augmentation for this program since it should, if of sufficient priority, be funded from existing resources

4 Unemployment Insurance $200,000
I am reducing this augmentation to the 1976–77 level which, I believe, will be sufficient

5 Affirmative Action $166,872
I am eliminating this augmentation because I believe the amount included in the budget as submitted to the Legislature for general recruiting is sufficient

Item 326—For support of Board of Governors of the California Community Colleges I reduce this item from $2,402,127 to $2,326,029 by reducing (a) Personal services from $2,971,752 to $2,917,962, and (b) Operating expenses and equipment from $1,131,791 to $1,109,483

I am eliminating the $66,474 augmentation for a Washington, D C , Office because, if needed, this should be supported from Community College District funds

I am eliminating the $9,624 augmentation for an increase in the Chancellor's salary

because there are sufficient funds within the Board of Governors' Budget if a salary increase is granted

Item 329—For support of Student Aid Commission I reduce this item from $2,777,267 to $2,749,167 by reducing (b) Operating expenses and equipment from $1,152,661 to $1,124,561

I am eliminating the $28,100 augmentation for the Student Aid Information Program The $80,000 originally budgeted and the reappropriation of $30,000 for information dissemination activities is an adequate level of funding for this new program for 1977–78

Item 330—For support of Cal Grant Program (awards) I reduce this item from $65,790,365 to $65,538,848 by reducing (c) Occupational education and training grants (Cal grants(c)) from $3,115,902 to $2,864,385

I am eliminating the $251,517 augmentation for Cal Grants provided by the Legislature from this program element This reduced amount will result in the same number of awards as approved by the Legislature and the average amount for Occupational Education and Training Grants for 1977–78 will be approximately 29% higher than the average amount budgeted for 1976–77

Item 331—For support of grants and graduate fellowship awards I reduce this item from $4,315,000 to $2,515,000 by reducing Fellowships for (a) Graduate Study from $3,800,000 to $2,000,000

I am eliminating the $1,800,000 augmentation for graduate fellowship awards For the past two years, the $2 million level of funding has never been fully utilized specifically for graduate fellowship awards Surplus funds have been redirected to other grant programs Therefore, I believe this augmentation would be excessive and would significantly overfund this program However, I have directed my staff to conduct an evaluation of this program and have requested a report by September 1, 1977

Item 340 1—For support of Public Broadcasting Commission

I am eliminating the legislative augmentation of $5,424 and the language requiring the Department of Finance to establish the executive secretary's salary at $30,684 The determination of appropriate salaries for exempt positions is established by law and is the responsibility of the Department of Finance

Item 347—For support of The Commission on the Status of Women I reduce this item from $281,120 to $231,120

I am reducing this Item by $50,000 for Title IX informational seminars because the Department of Education is providing the local school districts with the necessary assistance in developing strong participatory Title IX programs The Commission should work with the Department of Education in this area.

Item 364—For local assistance to reimburse the costs which relate to guardianship and conservatorship proceedings I reduce this item from $3,600,000 to $2,217,000

Recent analysis of the costs associated with this program indicate a need of only $2,217,000 Incidentally, the amount I am approving is $1,617,000 over the amount originally budgeted

Item 379—For Salary Increase Fund, civil service and related classes I reduce this item from $106,656,000 to $81,700,000.

This 7½% average Salary Increase Program is sufficient to offset the impact of inflation and is in line with the average collective bargaining settlement negotiated in the public sector of California employment This action also reduces the salary increase specified for State officers whose salaries are specified by statute and whose compensation is paid from the General Fund, from 10 1 percent to 7 5 percent

I have also signed today AB 249 which provides for an increase in the State's contribution for health benefits

Item 379 1—For Salary increases, UC Faculty I reduce this item from $20,670,000 to $15,900,000.

I am providing faculty employees of the University of California with a 5% salary increase Such increase is in line with the recommendation of the Postsecondary Education Commission

I am also eliminating the following amount and control language

"and provided, further, that $4,770,000 of the funds appropriated in this item shall be used to pay an equal, flat-dollar amount salary increase to all faculty and faculty-related positions".

Item 379 2—For salary increases for University of California non-faculty employees I reduce this item from $27,068,000 to $20,100,000

I have approved in Item 379 funds which will provide an average salary increase of 7 5% to State civil service employees I believe that the same percentage increase is appropriate for the nonfaculty employees at the University of California

Item 379 3—For Salary increases, CSUC academic employees I reduce this item from $24,635,000 to $18,950,000

I am providing academic employees of the California State University and Colleges with a 5% salary increase Such salary increase is in excess of the recommendation of the Postsecondary Education Commission.

I am also eliminating the following amount and control language

"and provided, further, that $5,680,000 of the funds appropriated in this item shall be used to pay an equal, flat-dollar amount salary increase to all academic and academic-related positions."

Item 379.4—For salary increases for California State University and Colleges nonacademic employees I reduce this item from $20,200,000 to $15,000,000.

I have approved in Item 379 funds which will provide an average salary increase of 7.5 percent to state civil service employees I believe that the same percentage increase is appropriate for the nonacademic employees of the California State University and Colleges.

Item 380—For Salary Increase Fund, civil service and related classes. I reduce this item from $38,178,000 to $29,640,000

This 7½% average Salary Increase Program is sufficient to offset the impact of inflation and is in line with the average collective bargaining settlement negotiated in the public sector of California employment This action also reduces the salary increase specified for State officers whose salaries are specified by statute and whose compensation is paid from special funds from 10 1 percent to 7.5 percent.

Item 381—For Salary Increase Fund, civil service and related classes I reduce this item from $64,236,000 to $43,860,000

This 7½% average Salary Increase Program is sufficient to offset the impact of inflation and is in line with the average collective bargaining settlement negotiated in the public section of California employment

This action also reduces the salary increase specified for State officers whose salaries are specified by statute and whose compensation is paid from nongovernmental cost funds from 10.1 percent to 7 5 percent

Item 392.1—For capital outlay, Department of Transportation I eliminate this item

I am eliminating this item on the basis that Item 392.2 contains adequate funds for these types of projects.

Item 410—For capital outlay, Department of Corrections I reduce this item from $2,022,628 to $1,964,628 by eliminating (h) Construct pump station and interceptor ($58,000).

I am deleting the augmentation of $58,000 to complete a pump station and interceptor at the California Institution for Women which was started in 1975 Through administrative action, the Public Works Board has provided funding to complete this project Therefore, this augmentation is not needed

Item 419—For capital outlay California State University and Colleges I reduce this item from $27,301,000 to $24,247,000 by eliminating paragraphs (32) Working drawings and construct initial building conversion ($266,000), (34) Working drawings and construct theater arts building ($2,523,000), and (36) Preliminary plans and working drawings for music building ($265,000)

I am eliminating these subitems because they are not considered to be of high priority in view of the greater systemwide needs for library facilities, such as the library at Polytechnic State University, San Luis Obispo which I have approved.

Item 419.1—For capital outlay, California State University and Colleges.

I am eliminating this item which appropriates $2,000,000 for acquisition of land

contiguous to California State Polytechnic University I am requesting that the Trustees study the situation and develop a plan to insure that the California State Polytechnic University, Pomona remain an agricultural institution and submit these recommendations in a subsequent budget proposal

Item 425—For capital outlay, Board of Governors of the California Community Colleges. I reduce this item from $32,329,300 to $26,767,200 by eliminating paragraphs

	Sierra Joint Community College District, Sierra College	
(71)	Working drawings and construct early childhood education center	$256,500
	Coast Community College District, Orange Coast College	
(74)	Working drawings and construct parent preschool educational building	$399,400
	West Valley Joint Community College District, Mission College	
(75)	Working drawings for environmental and applied sciences	$339,100
	State Center Community College District, Reedley College·	
(79)	Construct and equip agriculture instructional farm, phase I .	$270,300
	Rancho Santiago Community College District, Orange Canyon Education Center	
(80)	Site acquisition	$2,375,900
	West Valley Joint Community College District, Mission College	
(85)	Working drawings and construct physical education facilities, phase II	$397,500
	Peralta Community College District, Feather River College	
(86)	Working drawings and construct outdoor physical education facilities	$509,000
	State Center Community College District, Reedley College	
(89)	Working drawings and construct performing arts building, unit "B"	$1,014,400

I am reducing this item for the following reasons

The Bond Fund that traditionally has provided financing for the Community Colleges is exhausted It has been necessary to use the Capital Outlay Fund for Public Higher Education to provide financing for Community College projects However, the use of residual bond funds has allowed me to approve additional projects that meet the criteria without increasing the demand on the COFPHE Fund I have eliminated the balance of these projects in this item since they are not necessary to protect life and safety, to make existing facilities operable, meet critical program capacity needs at existing campuses or they can be deferred until such time as additional bond funds are made available

Item 427.6—For Capital Outlay, Board of Governors of the California Community Colleges I eliminate this item.

The bond fund that traditionally has provided financing for the community colleges is exhausted. It has been necessary to use the Capital Outlay Fund for Public Higher Education to provide financing for community college projects Because of this increased demand on limited funds in the Capital Outlay Fund for Public Higher Education, I believe it is necessary to eliminate all projects in this item since they are not necessary to protect life and safety, to make existing facilities operable, meet

critical program capacity needs at existing campuses or they can be deferred until such time as additional bond funds are made available

Item 446—For capital outlay, University of California Health Sciences I reduce this item from $24,698,000 to $24,548,000 by eliminating paragraph (20) Site acquisition, San Joaquin Valley Veterinary Medicine Clinical Facility ($150,000)

I am eliminating this item because the actual site to be purchased has not been chosen. In addition, I have questions about the necessity for this project

Section 10 25—Reappropriation to the California State University and Colleges to provide for overenrollments at small campuses I eliminate this item

I am eliminating this section on the basis that the California State University and Colleges has the ability to accommodate any such increases in enrollment within the funds appropriated in this budget

Section 10 35—Reappropriation to the California State University and Colleges to provide for the elimination of safety hazards I eliminate this item

I am eliminating this section on the basis that the purposes for which these funds are requested should be reviewed during the normal budgetary process and any approved proposals should be funded in regular budget items

Section 19 6—For augmentations to Items 330 and 331(a) of this act I reduce the amounts under (c) of this section from $2,060,317 to $1,894,007 and (d) from $3,800,000 to $2,000,000 These changes reflect the actions I have taken on Items 330 and 331

I am reducing the amounts under Section 19 6(c) and (d) in accordance with the elimination of the legislative augmentations to Items 330 and 331

Section 28 05—For approval of federal funds for Social Services by the Joint Legislative Budget Committee

I am eliminating the first paragraph of Section 28 05, which reads as follows

"Notwithstanding any other provision of this act, if any federal funds for social services not taken into consideration by this act, are proposed, by the Director of Finance, as an augmentation for any category of any item pursuant to the provisions of Section 28 of this act, such augmentation shall be subject to approval by the Joint Legislative Budget Committee "

I have been advised by the Attorney General's Office that such language makes substantive changes in the laws governing the deposit and appropriation of federal funds in violation of the one subject limitation of Article IV, Section 9 of the California Constitution, and that such language constitutes an encroachment upon the duties and responsibilities of the executive branch in violation of the separation of powers provision of Article III, Section 3 of the California Constitution

Section 28 already contains an adequate mechanism for legislative review of federal funding

Section 32 5—For local assistance, Department of Benefit Payments I reduce the amount from $624,605,700 to $624,152,700 and eliminate approval of certain regulations by the Joint Legislative Budget Committee

I am eliminating $453,000 added by the Legislature to pay for the county share of program costs associated with regulations clarifying procedures for immediate need payments to welfare recipients Legislation which requires these payments was passed in 1971, well before enactment of SB 90 Therefore, the State is not obligated to finance county costs

The last paragraph of Section 32 5 reads as follows

"Notwithstanding the provisions of this section, no changes in welfare rules and regulations may add to program or administrative annual costs, funded from the General Fund, in excess of $500,000, unless such changes are specifically required by court order or change in federal or state statutory law, or specifically included in an appropriation made by this act or approved by the Joint Legislative Budget Committee "

I eliminate the phrase " or approved by the Joint Legislative Budget Committee"

Such language constitutes an encroachment upon the duties and responsibilities of the executive branch in violation of the separation of powers provision of Article III, Section 3 of the California Constitution

With the above deletions and reductions, I hereby approve Assembly Bill No 184
EDMUND G. BROWN JR , Governor

GENERAL SECTIONS

SEC. 4. Notwithstanding any other provisions of this act, no appropriations made by this act, or funds obtained from any other source, in an amount in excess of $25,000, may be expended by any state entity for electronic data processing services, equipment, facilities, personnel, or supplies for any single electronic data processing activity, and no funds, regardless of amount, may be expended for computer central processing units or proprietary software, as such terms are defined in the State Administrative Manual, unless the director of the state entity certifies, and the Director of Finance determines and states in writing, that the procedures, including those relating to confidentiality and security of data, set forth in the State Administrative Manual to implement this section have been met and followed. The provisions of this section shall not apply to expenditures for continuing previously approved efforts, as defined in the State Administrative Manual, including added costs due to merit salary increases and inflation.

If funds subject to this section are to be encumbered pursuant to a contract, each such contract in excess of $25,000 shall be competitively bid except (a) when the Department of Finance determines that an article or service is the only article or service which can meet the needs of the state entity, or (b) in cases of emergency where immediate acquisition is necessary for the protection of the public health, welfare, or safety, as determined by the Director of Finance, or (c) when the Department of Finance determines that the interests of the state are best served through other competitive methods, including competitive negotiation. The Department of Finance, with the assistance of the Department of General Services, shall maintain in the State Administrative Manual appropriate criteria and procedures to ensure compliance with the contract-letting policies set forth in this section. The Department of Finance shall submit all modifications of the manual's criteria and

procedures to the chairman of the committee in each house which considers appropriations and the Chairman of the Joint Legislative Budget Committee 30 days prior to the adoption of such criteria and procedures. The Department of Finance shall notify each such committee chairman 30 days prior to each use of other competitive methods, including competitive negotiation, as specified in clause (c) above, in any procurement exceeding $25,000. If such contract is for the lease of electronic data processing equipment, it shall be in the form of the model contract for lease of electronic data processing systems and components, as contained in the State Administrative Manual. No portion of the model contract shall be deleted or stricken unless such portion is clearly inappropriate and not applicable for the specific items of equipment being leased and the Departments of Finance and General Services concur in the deletion.

The Department of Finance, coordinating with the Department of General Services, may revise the model lease contract by appropriate changes to the State Administrative Manual for the purpose of improving contractual terms and conditions to obtain increased benefits to the state. Any such proposed change shall, to the extent practicable, result from consultation with computer vendors, which shall, if possible, include manufacturers of small, medium, and large equipment. In addition, any such changes shall be submitted to the chairman of the committee in each house which considers appropriations and the Chairman of the Joint Legislative Budget Committee 30 days prior to approval and adoption of any such new model lease contract language.

In any procurement subject to this section involving the replacement of a computer central processing unit, if only one bid is received and that bid is from the vendor whose equipment is being replaced, a notification of an intent to award a contract to such sole bidder shall be submitted to the chairman of the committee in each house which considers appropriations and the Chairman of the Joint Legislative Budget Committee 30 days prior to an award of contract The notification of intent to award a contract to such sole bidder shall describe the rationale for the award and the measures taken by the state to elicit more than one bid.

The Department of Finance may impose additional requirements that are more stringent than those set forth in the State Administrative Manual with respect to any particular procurement if the Director of Finance determines that such requirements will best serve the needs of the state.

The provisions of this section shall not apply to the University of California, the State Compensation Insurance Fund, the community college districts, agencies provided for by Article VI of the Constitution, or the Legislature.

SEC. 5. Because it is necessary to insure the availability of adequate equipment for physical facilities constructed for the operation of custodial, mental health, educational, administrative, military, and other agencies of the state government; because

uncertainties as to completion dates make precise advance planning of equipment purchases impossible; and since delivery of some kinds of equipment cannot be made for six months or longer from the date of ordering; state agencies are therefore authorized to incur obligations, to be met during the 1978–79 fiscal year, for the purchase of equipment related to capital outlay projects for which the Legislature has appropriated construction funds; provided, that no obligation shall be incurred under the provisions of this section without the approval of the Department of Finance and the State Public Works Board. Purchase orders issued and contracts entered into under the provisions of this section shall not exceed a total of two million dollars ($2,000,000) in estimated cost.

SEC. 6.1. None of the funds appropriated under Section 2 of this act may be expended for any project for the alteration of a state building requiring total expenditures of $100,000 or more. Any such project requiring total expenditures of $25,000 to $100,000, inclusive, shall be reported by the Director of General Services to the Chairman of the Joint Legislative Budget Committee, or his designee, at least 30 days prior to requesting bids for the project. Any such project requiring total expenditures of $5,000, but less than $25,000, during the 1976–77 fiscal year shall be reported by the Director of General Services to the Chairman of the Joint Legislative Budget Committee, or his designee, by October 1, 1977.

SEC. 7. Any acquisition of land or other real property included in any appropriation made herein except appropriations from the California Water Fund or the State Highway Account, State Transportation Fund or appropriations to the Board of Governors of the California Community Colleges for allocation to the community college districts shall be subject to the provisions of the Property Acquisition Law.

All property acquisitions, notwithstanding other exemptions of this section, shall be reported to the State Public Works Board.

SEC. 8. No money appropriated herein in any item for capital outlay may be expended by any state agency, including the University of California, the California State University and Colleges and the community colleges, except amounts for acquisition of land or other real property, amounts needed for equipment, minor projects and amounts appropriated specifically for preliminary surveys, studies and planning until the State Public Works Board and the Department of Finance have approved preliminary plans for the project to be financed from such item of appropriation for capital outlay with the exception that community college approvals by the Public Works Board will apply only to the allocation of state capital outlay funds appropriated heretofore and hereafter by the Legislature; including land acquisition and equipment funds; provided further, that unless excepted by the conditions of Section 81844 of the Education Code, the Public Works Board shall not approve for allocation any appropriated amounts for working drawings or construction where said working drawings or

construction have been started by a community college prior to approval of the state-appropriated amounts by the Public Works Board, and all such amounts not approved by the board under this criterion shall be reverted to the unappropriated balance of the appropriate fund; provided further, no major project for which appropriation is made hereunder regarding which the Director of Finance or his authorized representative requests review of working plans shall be put out to bid until the working plans therefor have been approved by the Department of Finance; provided further, that no money appropriated herein may be spent for working drawings for any project as to which there has been made substantial change or changes from the preliminary plans as approved by the State Public Works Board and the Department of Finance unless there has first been obtained the approval of the Department of Finance to make such change or changes; provided further, that no more than one thousand dollars ($1,000) of the money appropriated herein may be spent for any single unit of equipment until prior approval for purchase of such equipment shall have been given by the Department of Finance.

Nothing in this section shall be construed to limit or control the Department of Transportation in the expenditure of State Highway Account, State Transportation Fund money appropriated for capital outlay purposes.

The Department of Transportation shall report to the State Public Works Board the expenditures for capital outlay, except minor projects, from appropriations contained in this act.

SEC. 8.1. (a) The Director of Parks and Recreation may not advertise, negotiate, renegotiate, or amend any concession contract, operating lease, or nongovernmental agreement which involves a total investment for any private party in excess of $100,000 or involves projected concessionaire gross receipts in excess of $100,000 on an annual basis under the terms of such agreement unless the director first obtains approval of the State Public Works Board. Prior to granting such approval, the State Public Works Board shall make a finding that the proposed concession operation was approved by the Legislature or could not have reasonably been presented to the Legislature through the annual budgeting process.

(b) In addition, none of the access, picnic, restroom, or camping facilities constructed with funds appropriated by this act shall be operated pursuant to any new or existing concession agreement unless the justification for the appropriation presented to the Legislature has included such concession operation.

(c) This section shall not apply to the California Exposition and State Fair.

SEC. 8.2. No expenditure for park furnishings shall be made from any appropriation contained in this act for expenditure by the Department of Parks and Recreation unless the department has made reasonable efforts to acquire such furnishings on a consolidated procurement basis. The department shall provide reasonable

demonstration of such consolidated procurement to the Public Works Board and the Office of Procurement of the Department of General Services before the board and office authorize an expenditure or approve procurement.

SEC 8.3. The Controller may not disburse funds from any appropriation or reappropriation for acquisition made to the Department of Parks and Recreation by this act to pay for any property rights, however secured or received, until the State Public Works Board has approved the transaction. In addition, the Attorney General and the Department of General Services shall inform the State Public Works Board of every action in inverse condemnation served upon either or both of them, which pertains to any acquisition for the state park system, by placing an item on the state board's agenda.

SEC. 8.5. In making appropriations to state agencies which are eligible for federal assistance programs, it is the intent and understanding of the Legislature that applications made by such agencies for federal funds under any such programs shall be for the maximum amount allowable under federal law

SEC. 9. Notwithstanding any other provision of law, the portion of each sum of money heretofore appropriated or allocated, hereby appropriated or hereafter allocated to the Regents of the University of California for capital outlay which remains after the purpose for which each said sum was appropriated or allocated has been accomplished, and which have been or hereafter are withdrawn from the State Treasury by the Regents of the University of California pursuant to the provisions of Section 23201 of the Education Code, together with increments, by way of interest or otherwise, on any such appropriation or allocations, shall be used and expended by the Regents of the University of California in executing and furthering the building and improvement program of the University of California; provided, that no such sums shall be allocated by the Regents of the University of California to projects for the purpose of augmenting those projects without prior approval of the State Public Works Board of the requested augmentation. Such sums shall be available for expenditure in payment of any encumbrances heretofore or hereafter incurred without regard to fiscal years; provided, however, that any unencumbered balances existing as of the date on which each such appropriation or allocation otherwise would lapse, shall then revert.

Since the Student Aid Commission must announce in the spring of 1978 those individuals to whom California educational opportunity grants and graduate fellowships will be granted for the following fall semester of 1978 and since the Budget Act of 1978 may not be enacted in adequate time, the Student Aid Commission is authorized to announce the following awards during the 1977–78 fiscal year for awards to be in effect during the 1978–79 fiscal year, except that awards (1) in subdivision (a) in excess of 4.25 percent of the number of high school graduates of the previous fiscal year, (2) in subdivision (b) in excess of 5,375, and (3) in subdivision (c) in excess of 1,062, shall not be announced unless the Student Aid Commission has certified to the Director of Finance that there are federal funds available to the Student Aid Commission in an amount necessary to fund such awards after funding all eligible renewals in accordance with the provisions of Section 69532 of the Education Code:

SEC. 19.7. The Legislature recognizes that child care programs established and maintained pursuant to Chapter 1177 of the Statutes of 1972, have made valuable contributions towards insuring that public assistance recipients have been able to accept and maintain employment or related training. It is, therefore, the intent of the Legislature that the Department of Education shall insure that the following requirements are met:

(a) That counties shall comply with Section 8384 of the Education Code which requires counties to maintain their 1970–71 level of effort for child care services provided by county funds, and that those county funds shall be used to exceed the $1.28 an hour maximum state and federal reimbursement rate as established by Item 292 of this act, for child care programs.

The Department of Education shall insure that each county complies with Section 8384 of the Education Code in one of the two following manners:

(1) The Department of Education shall not issue funds to a child care contractor within a county until such time as that county certifies in writing to the Department of Education that the county has obligated its 1970–71 child care maintenance of effort funding level, pursuant to Section 8384 of the Education Code, to local county child care contractors. Such sums awarded by a county to a local child care contractor shall not adversely affect an agency's contract reimbursement with the Department of Education pursuant to Section 8380 of the Education Code.

(2) Each county, which has a 1970–71 maintenance of effort funding level for child care, pursuant to Section 8384 of the Education Code, shall transmit such sum to the Department of Education. Funds derived from each county shall be returned to each respective county's child care contractors as a grant award and not within the reimbursement control of Section 8380 of the Education Code.

The Department of Education shall notify all such programs and all such counties which maintained such programs during the 1976–77 fiscal year of the provisions of this section. The Department of Education shall report to the Legislature, not later than August 1, 1977, on the enactment of this section.

SEC. 19.8. The Legislature recognizes that state child care programs can make a valuable contribution by assisting adults in low-income families to secure and maintain employment. It is therefore the intent of the Legislature that the Department of Education shall insure that the appropriation schedule in Item 292(a) for child care services be encumbered to the fullest extent possible under the state and federal rules and regulations affecting these programs.

To accomplish the full encumbrance of the state allocation for income eligible children not partly supported by federal funds, the Department of Education shall compare the actual rate of expenditures to the budgeted allocations for income eligible children who are state-funded only in each child care provider agency serving such children during the first six months of the 1977–78 fiscal year, and make such reallocations among these agencies as are necessary for the final six months of the 1977–78 fiscal year to insure the maximum encumbrance of the funding level, and, to provide services to the maximum number of children that can be served under this level of funding. The department shall ensure, however,

that this process does not result in an increased level of service that cannot be supported in the subsequent year.

The Department of Education shall also report to the Legislature on or before February 15, 1978, the actual rate of expenditures of all budgeted child care funds from any source for child care services provided in this state during the first six months of the 1977–78 fiscal year and the projected expenditures during the last six months of the 1977–78 fiscal year together with a summary of all actions to be taken by the Department of Education subsequent to the first six months of the 1977–78 fiscal year to ensure the maximum encumbrance of state and federal funds budgeted for child care services.

SEC. 19.9. (a) No funds shall be available to finance contracts in respect to instructional materials adopted by the State Board of Education in which the total price, including sales and use tax, for any instructional materials exceeds by more than 13 percent the average of the three highest total prices for competitive instructional materials.

(b) No funds shall be available to finance contracts for textbooks or separate teachers' manuals adopted by the State Board of Education in which the royalty for any such textbook or separate teacher's manual exceeds by more than 10 percent an amount equal to the net price of that book multiplied by the average of the ratios of royalty to net price of all competitive books of its respective type.

SEC. 20. No money appropriated by this act shall be used to pay the salary of any authorized state position which was abolished effective September 1, 1977 and which position was vacant continuously during the period between October 1, 1976 and July 1, 1977. The State Controller, no later than August 1, 1977, shall notify in writing the Department of Finance of any authorized state position which was vacant continuously during such period. All such positions, except those exempt from civil service or those instructional and instructional-related positions authorized for the California State University and Colleges, are abolished effective September 1, 1977.

The State Controller, not later than December 1, 1977, shall furnish the Joint Legislative Budget Committee a report on all positions as of July 1, 1977, which were unfilled continuously during the period between October 1, 1976, and July 1, 1977.

on Rules.

No general use mobile equipment having an original purchase price of $25,000 or more shall be rented or leased from a nonstate source and payment therefor made from any appropriation made by this act without the prior approval of the Department of General Services after a determination that comparable state-owned equipment is not available, unless obtaining such approval would endanger life or property, in which case the transaction and the justification for not having sought prior approval shall be reported immediately thereafter to the department. For purposes of this section, "general use mobile equipment" shall be deemed to refer to equipment that is listed in the Mobile Equipment Inventory of the State Equipment Council and which is capable of being used by more than one agency, and shall not be deemed to refer to such equipment having a practical use limited to the controlling agency only. No general use mobile equipment having an original purchase price of $25,000 or more shall be rented or leased from a nonstate source and payment therefor made from any appropriation made by

this act to the Department of Transportation or from any other appropriation available therefor to the Department of Transportation without the prior approval of the Department of General Services after a determination that comparable state-owned equipment is not available, unless obtaining such approval would endanger life or property, in which case the transaction and the justification for not having sought prior approval shall be reported immediately thereafter to the department. For purposes of this section, "general use mobile equipment" shall be deemed to refer to equipment that is listed in the Mobile Equipment Inventory of the State Equipment Council and which is capable of being used by more than one agency, and shall not be deemed to refer to such equipment having a practical use limited to the controlling agency only. Section 575 of the Vehicle Code shall have no application to this section.

SEC. 23.1. Notwithstanding Sections 182 and 183 of the Streets and Highways Code or any other provisions of law, no funds in the State Highway Account in the State Transportation Fund shall be available for encumbrance in the 1977–78 fiscal year except as appropriated by this act.

Since the action of the Legislature in bringing the state highway program into this act represents a departure from the traditional, continuous appropriation of state highway funds, the Legislature declares that the Department of Finance and the State Controller, as well as other departments and agencies, shall provide full assistance to the Department of Transportation in this period of transition.

It is the intent of the Legislature to continue this action and to appropriate those highway funds in the 1978–79 fiscal year.

SEC. 23.2. Notwithstanding any other provision of law, the Department of Transportation, for purposes of administration of the several accounts within the State Transportation Fund, may establish the Transportation Revolving Account in the State Transportation Fund. With the approval of the Department of Finance, there shall be transferred to, or deposited in, the account all money appropriated, contributed, or made available from any source, including sources other than state appropriations, for expenditure on work within the powers and duties of the Department of Transportation, including, but not limited to, services, new construction, major construction and equipment, minor construction, maintenance, improvements and equipment, highway or other improvement projects, surveys, and reports as authorized by the state agency for which such an appropriation is made or, as to funds from sources other than state appropriations, as may be authorized by written agreement between the contributor of such funds and the Department of Transportation when approved by the Department of Finance.

The Department of Transportation may withdraw from the account for use in work for other public agencies, local, state, or federal, such sums as may be necessary for such work where the

money to be paid by such other agencies is not deposited in the account in advance of the work being done.

The Department of Transportation shall file against the account all claims covering expenditures incurred in connection with services, new construction, major construction and equipment, minor construction, maintenance, improvements and equipment, highway or other improvement projects, surveys, and reports, and the State Controller shall draw his warrant therefor against the account.

The Department of Transportation shall keep a record of all expenditures chargeable against each specific portion of the account, and any unused balance in any portion of the account shall, on approval by the Department of Finance, be withdrawn from the account and transferred to the credit of the appropriation from which it was transferred or, as to funds from other than state appropriations, be paid out or refunded as provided in the agreement relating to the contribution.

The Director of Transportation may authorize the refund of money received or collected by the department in payment of fees, licenses, permits, tools, or for rentals, property, or services, wherein the license, permit, rental, property, or service cannot lawfully be issued, furnished, or transferred to the person making the payment, or in cases where the payment, in whole or in part, represents overpayment or payment in duplicate.

SEC. 23.3. Funds appropriated by Item 157 of this act shall not be allocated to the Comprehensive Planning Organization of San Diego until there has been a transportation corridor plan adopted by resolution by both the Comprehensive Planning Organization of San Diego and the San Diego Metropolitan Transit Development Board.

SEC. 24. None of the moneys appropriated by this act or for an expenditure which is supplemented from money appropriated by this act shall be used to purchase furnishings for any house, mobile-home, or apartment of three or more rooms other than a dormitory which is rented to a state employee except for a superintendent of an institution, warden of a prison, or physicians. This provision shall not apply to the purchase of refrigerators, heaters, air-conditioning equipment, stoves, linoleum, or equipment normally furnished in construction of the house as may be determined by the State Board of Control. Any such funds that are appropriated by this act for this purpose shall be held intact and be reverted to the fund from which they were appropriated. It is the intent of the Legislature that no money shall be appropriated henceforth for the purpose of house furnishings. Such furnishings are not to be provided by the state nor shall any money be paid from this appropriation for their replacement, repair or otherwise except in connection with the disposal of the same.

SEC. 25. (a) No moneys appropriated by this act shall be used, either directly or by supplementing any other appropriation, to purchase rugs or carpets for any state office except for offices used by elective officers, the President of the University of California, a

Chancellor of the University of California, the Chancellor of the California State University and Colleges, a president of a state university or college, department heads and for other facilities or areas under the control of the agencies financed by this act in accordance with standards issued by the Director of General Services. The Director of General Services shall furnish a detailed report annually to the Joint Legislative Budget Committee of all rugs or carpets purchased for state facilities under this section.

Approval of the Director of General Services shall be obtained prior to procurement and installation of such materials. The Director of General Services may authorize the use of carpeting in other specialized facilities not meeting the established standards 30 days after notification in writing of the proposal with justification therefor to the Joint Legislative Budget Committee.

(b) The Director of General Services shall prepare and submit to the Chairman of the Joint Legislative Budget Committee, or his designee, a cost-benefit analysis of open-office landscape proposals in either existing or new buildings 30 days prior to implementing any open-office landscape proposal.

SEC. 26. Whenever herein an appropriation is made for support it shall include salaries and all other proper expenses, including repairs and equipment, incurred in connection with the institution, department, board, bureau, commission, officer, employee, or other agency, for which such appropriation is made.

Whenever herein an appropriation is made for capital outlay, it shall include acquisition of land or other real property, major construction, improvements, equipment, designs, working plans, specifications, repairs and equipment necessary in connection with a construction or improvement project.

Whenever herein any item of appropriation contains provisions for acquisition of land or other real property, it shall include all necessary expenses in connection with the acquisition of such property.

Whenever herein an appropriation is made in accordance with a schedule set forth after such appropriation, the expenditures from such item for each category or project included in the schedule shall be limited to the amount specified for such category or project, except as otherwise provided in this act. Each such schedule is a restriction or limitation upon the expenditure of the respective appropriation made by this act, does not itself appropriate any money, and is not itself an item of appropriation.

As used in this act in reference to such schedules "category" or "project" means a class of expenditures such as, but not limited to:

(a) "Personal services" which shall include all expenditures for payment of officers and employees of the state; including salaries and wages, workers' compensation, unemployment compensation benefits, insurance premiums for workers' compensation coverage, industrial disability leave and payments, nonindustrial disability benefits and payments, the state's contributions to the Public

Employees' Retirement Fund, the Teachers' Retirement Fund, the University of California Retirement Fund to provide for that portion of retirement costs to be provided for Hastings College of Law in Item 323 of this Budget Act, the Old Age and Survivors' Insurance Revolving Fund, the State Employees' Contingency Reserve Fund, and the state's cost of health benefits plans; but do not include compensation of independent contractors rendering personal services to the state under contract;

(b) "Operating expenses and equipment" which shall include all expenditures for purchase of materials, supplies, equipment, services (other than services of state officers and employees), and all other proper expenses;

(c) "Construct" or "construction" when used in connection with a capital outlay project shall include all such related things as fixtures, installed equipment, and auxiliary facilities;

(d) "Working drawings" are defined as a complete set of plans and specifications showing and describing all phases of a project, architectural, structural, mechanical, electrical, civil engineering, and landscaping systems to the degree necessary for the purposes of accurate bidding by contractors and for the use of artisans in constructing the project. All necessary professional fees and administrative service costs are included in the preparation of such drawings.

(e) "Minor projects" include construction, improvements, repairs and equipment projects not specifically set forth in the schedule.

For the purpose of further interpreting the meaning of the words, terms and phrases used in such schedules, reference is hereby made to those documents entitled, "State of California Governor's Budget for 1977–78," submitted by the Governor to the Legislature at the 1977 portion of the 1977–78 Regular Session, the uniform accounting system prescribed by the Department of Finance under the provisions of Section 13300 of the Government Code, and the appropriate portions thereof. The State Board of Control shall establish such interpretations as are necessary to carry out the provisions of this section and shall furnish the same to the State Controller and to every state agency to whom appropriations are made under this act.

SEC. 26.5. Whenever herein an appropriation is made for support or other expenses for an institution, department, board, bureau, commission, officer, employee, or other agency, there shall be charged to such appropriation from which salaries and wages are paid: worker's compensation, unemployment compensation benefits, industrial disability leave and payments, nonindustrial disability benefits and payments, the state's contribution to the Public Employees' Retirement Fund as provided by Sections 20751 and 20752 of the Government Code, the state's contribution to the Teachers' Retirement Fund as provided by Sections 14050 and 14100 of the Education Code, the state's contribution to the Old Age and Survivors' Insurance Revolving Fund as provided by Sections 20782

and 20783 of the Government Code, the state's contribution to the State Employees' Contingency Reserve Fund and the state's contribution for the cost of health benefits plans as provided by Sections 22828 and 22829 of the Government Code.

As of the effective date of this act, the state's contributions as provided by Sections 22828 and 22829 of the Government Code for any month shall be charged to the same appropriations used for payment of salaries and wages from which the employee premium contributions for such month are deducted.

The appropriations made by Sections 20751, 20752, 20782, 20783, 22828, and 22829 of the Government Code, by Sections 14050 and 14100 of the Education Code, shall continue to be available for expenditure, and shall be charged for any expenditure which is not chargeable to an appropriation for support or other expenses as provided in this section. This transfer may be chargeable to such appropriation for a previous fiscal year if there are no funds available from that fiscal year.

The State Controller may transfer to the State Payroll Revolving Fund the contributions required by Sections 20751, 20752, 20782, 20783, 22828, and 22829 of the Government Code, and upon certification by the Board of Administration of the Public Employees' Retirement System in accordance with Sections 20754 and 20784 of the Government Code, may transfer from the State Payroll Revolving Fund to the Public Employees' Retirement Fund and the Old Age and Survivors' Insurance Revolving Fund the amounts of contributions so certified.

SEC. 26.7. Each item appropriating funds for salaries and wages includes the additional funds necessary to continue the payment of the amount of salaries in effect on June 30, 1977, for the state officers whose salaries are specified by statute.

SEC. 26.8. No funds appropriated by this act may be encumbered for paying a civil service employee a salary which is above the maximum of the salary range of the employee's present classification following termination of a Career Executive Assignment (C.E.A.) appointment. The provisions of this section shall not apply with respect to an employee who accepted any C.E.A. appointment on or after June 20, 1976, and before July 1, 1977, and any such employee, who is otherwise eligible, shall receive a salary rate pursuant to the provisions of Rule 548.25, adopted by the State Personnel Board on May 18, 1976, based upon the highest C.E.A. level held by such employee during such period.

SEC. 27. The Department of Finance may, pursuant to a request by the officer, department, division, bureau, board, commission, or other agency to whom an appropriation is made herein, authorize the augmentation of the amount available for expenditure for a category or project designated in any schedule set forth for such appropriation by transfer from any of the other designated categories or projects within the same schedule. The Department of Finance shall furnish the chairman of the committee in each house

which considers appropriations and the Chairman of the Joint Legislative Budget Committee a report on all authorizations given pursuant to this section during the preceding quarter.

Augmentations of amounts available for expenditure for a category or project designated in any line of any schedule for personal services or operating expenses and equipment set forth for such appropriation by transfer from any of the other designated categories or projects within the same schedule shall not exceed, during any fiscal year, 20 percent of the amount so scheduled on that line.

SEC. 28. (a) The Director of Finance may authorize the augmentation of the amount available for expenditure for any category in the schedule set forth for any appropriation in this act or any additional category in the amount of any funds which he estimates will be received by an officer, department, division, bureau, or other agency during the 1977–78 fiscal year from any other state agency, from any agency of local government or the federal government, from any appropriation made by the Legislature or from any other source which he determines has not been taken into consideration in the schedule or is in excess of the amount so taken into consideration.

(b) The director also may authorize expenditure for a new program not identified in the budget as such or for purposes which in his judgment constitute an increase in the level of services above that authorized by this act or other existing law not sooner than 30 days after notification in writing of the necessity therefor to the chairman of the committee in each house which considers appropriations and the Chairman of the Joint Legislative Budget Committee, or not sooner than such lesser time as the chairman of the committee, or his designee, may in each instance determine. Any authorization made pursuant to Section 28 of the Budget Act of 1976 too late for inclusion in the Governor's Budget for the 1977–78 fiscal year shall remain in effect for such period as the director may determine in each instance, but in no event after June 30, 1978. Any authorization made pursuant to this subdivision too late for inclusion in the Governor's Budget for the 1978–79 fiscal year shall remain in effect for such period as the director may determine in each instance, but in no event after June 30, 1979.

The Director of Finance may also reduce any category whenever he determines that funds to be received will be less than the amount taken into consideration in the schedule.

(c) All authorizations reported or requested under the provisions of this section shall include all of the following:

(1) A description of the proposed expenditure and identification of the statutory authority for the program which would be created or augmented by the funds.

(2) A determination whether the program, if federally funded, is specifically designed as a one-time expenditure of federal funds, a continuing federal obligation, or one that the state is required (or

expected) to fund at some future date.

(3) A determination whether the expenditure, if federally funded, supplements or replaces an existing state-funded program

(4) A determination whether the program has previously been considered at some point in the legislative process and has been denied; and, if denied, for what reasons.

(d) For each fiscal year the Department of Finance shall submit quarterly to the Joint Legislative Budget Committee cumulative reports comparing budgeted and revised expenditure authorizations, including a summary of the matters required to be reported pursuant to subdivision (c), for all actions approved pursuant to this section.

(e) Programs initiated with federal funds in the Health and Welfare Agency under the provisions of this section shall be separately accounted for in the following ways:

(1) A controller's ledger sheet shall be established for each new program.

(2) The departments in the Health and Welfare Agency shall maintain appropriate records of all expenditures from such sources for audit purposes.

(3) The Department of Finance shall determine any additional costs of this tracking procedure and the feasibility of extending the procedure beyond the 1977–78 fiscal year, as well as extending it to agencies, other than the Health and Welfare Agency, receiving federal funds. Its report and recommendations shall be submitted to the Legislature by April 30, 1978.

SEC. 28.05. Notwithstanding any other provision of this act, if any federal funds for social services not taken into consideration by this act, are proposed, by the Director of Finance, as an augmentation for any category of any item pursuant to the provisions of Section 28 of this act, such augmentation shall be subject to approval by the Joint Legislative Budget Committee.

The Department of Health shall survey all legislation pending in the United States Congress which, if enacted, would provide additional federal funds for social services to California. The Department of Health shall submit a plan for the expenditure of any funds which may be made available by the enactment of such legislation, which plan shall be approved by the Director of Finance, to the Chairman of the Joint Legislative Budget Committee and the chairman of the fiscal committee of each house of the Legislature which considers appropriations, by August 1, 1977.

"Social services," as used in this section, means those services which are funded, or could be funded under Item 252 of this act.

SEC. 28.1. The Regents of the University of California and the Trustees of the California State University and Colleges may not enter into a lease-purchase agreement with another entity, public or private, which involves building space, unless such agreement is reviewed and approved by the Legislature.

SEC. 28.2. The Director of General Services may not execute a

lease agreement between the state and another entity, public or private, in which the state is lessee when the agreement is to be for the lease of a building or building space or both which will be for the occupancy of any agency or agencies of the state with a firm lease period of five years or longer and an annual rental in excess of $5,000 or if the agreement contains an option for the purchase of the lease property, or if the agreement concerns property in the County of Sacramento or the County of Yolo, unless not less than 30 days prior to its execution he notifies the chairman of the committee in each house which considers appropriations and the Chairman of the Joint Legislative Budget Committee or his designee in writing of his intention to execute such an agreement, or not sooner than such lesser time as the chairman of said committee, or his designee, may in each instance determine, provided that no funds appropriated in this act may be encumbered or expended for any lease entered into on or after July 1, 1977, for office space in the County of Sacramento unless all solicitations for leases for office space in the County of Sacramento under these conditions shall contain the statement, "The state is anticipating capital construction in the City of Sacramento and intends to eventually reduce the use of space on a leased basis."

SEC. 28.3. The Department of Benefit Payments shall submit, by September 1, November 15, and April 15, to the Department of Finance for its approval, all assumptions underlying all estimates related to the (1) average monthly caseloads for each of the categorical aid programs, (2) average grant for each of the categorical aid programs, (3) total estimated expenditures for each of the categorical aid programs, and (4) savings or costs associated with all regulatory or statutory changes.

The State Department of Health shall submit, by September 1, November 15, and April 15, to the Department of Finance for its approval, all assumptions underlying all estimates related to (1) the average monthly caseload for the medically needy and medical indigent in the Medi-Cal Program, (2) the average cost for each category of service and each category of recipient, (3) total estimated expenditures for each category of service, and (4) savings or costs associated with all regulatory or statutory changes.

The Department of Finance shall approve or modify the assumptions underlying all estimates within 10 working days of their submission. If the Department of Finance does not approve or modify the assumptions by such date, the assumptions, as presented by the submitting department, shall be deemed to be accepted by the Department of Finance as of that date.

The estimates of average monthly caseload, average monthly grant, average cost of medical services, total estimated expenditures (including administrative expenditures and savings or costs associated with all regulatory or statutory changes), and a listing of all of the approved assumptions, as well as all supporting data provided by the Department of Benefit Payments and the State Department of Health or developed independently by the

Department of Finance, shall be made available to the Joint Legislative Budget Committee immediately following approval by the Department of Finance. However, such departmental estimates, assumptions, and other supporting data as have been prepared shall be forwarded to the Joint Legislative Budget Committee not later than October 1, January 10, and May 15 by the Department of Benefit Payments and the Department of Health in the event this information has not been released earlier.

SEC. 28.4. No funds appropriated by this act shall be encumbered or expended for the purpose of funding any increased local governmental costs arising from the issuance of an executive order subject to the provisions of Section 2231 of the Revenue and Taxation Code, unless notification in writing of the necessity therefor is given at least 30 days before such encumbrance or expenditure is made to the chairman of the committee in each house which considers appropriations and the Chairman of the Joint Legislative Budget Committee or such lesser time as the chairman of such committee, or his designee, may in each instance determine.

SEC. 28.5. Approvals by the Department of Finance to the creation of deficiencies pursuant to Section 11006 of the Government Code and approvals to expend at rates which, in the opinion of the Director of Finance, will require a deficiency appropriation shall be made in writing and filed with the chairman of the committee in each house which considers appropriations and the Chairman of the Joint Legislative Budget Committee. Such notices shall state the reason for and amount of such authorization and shall be filed prior to approval whenever possible and in no case shall they be filed more than 10 days after approval.

SEC. 28.7. The Regents of the University of California shall not undertake any project funded from the Health Sciences Hospital Reserve Fund, which is in excess of $100,000, unless the scope and cost of any such project is approved by the Director of Finance and 30 days' written notification is provided to the Chairman of the Joint Legislative Budget Committee or his designee, or not sooner than such lesser time as the chairman of such committee, or his designee, may in each instance determine. Any project funded from the Health Sciences Hospital Reserve Fund, of less than $100,000, shall be reported to the Chairman of the Joint Legislative Budget Committee by December 1 of each fiscal year. For purposes of this section the definition of a project does not include equipment projects. Any urgent project concerned with patient life or safety may proceed without prior approval or notification but such project shall be identified in the report provided each December 1.

SEC. 28.9. Since it is the intent of the Legislature in enacting this act that no qualified student be denied admission to the California State University and Colleges or to the University of California because of a budget deficiency caused by unanticipated additional enrollments, the Director of Finance may, following the adoption of a resolution by the Trustees of the California State University and

Colleges or the Regents of the University of California declaring an enrollment emergency, authorize the accelerated expenditure of amounts budgeted for the state university and colleges or the university, in the form of an agreement to seek a supplementary appropriation from the General Fund to the extent necessary to ensure that all qualified students can be admitted when he certifies that the systemwide enrollment of the California State University and Colleges or of the University of California exceeds by 2 percent or more the enrollment upon which the budget for the state university and colleges or the university was based; provided, that no increased expenditure may exceed $5,000,000 in the aggregate or be authorized sooner than 30 days after notification in writing of the necessity therefor to the chairman of the committee in each house which considers appropriations and the Chairman of the Joint Legislative Budget Committee, or not sooner than such lesser time as the chairman of such committee, or his designee, may in each instance determine.

In the event that the systemwide enrollment of the California State University and Colleges or University of California is under the budgeted enrollment by more than 2 percent, such excess shall be unallocated by the Director of Finance. Unallocated funds may be reallocated to preclude layoffs only after the Director of Finance has approved such action and shall not be authorized sooner than 30 days after notification in writing of the necessity therefor to the chairman of the committee in each house which considers appropriations and the Chairman of the Joint Legislative Budget Committee, or not sooner than such lesser time as the chairman of such committee, or his designee, may in each instance determine.

Based upon fall annualized full-time equivalent (FTE) students, all surplus funds withdrawn from any campus consistent with the policy of the California State University and Colleges (CSUC) system, due to fluctuations in student enrollments, shall be returned

(a) To campuses with enrollments in excess of the budgeted level consistent with the CSUC policy and

(b) To all campuses for allocation to the programs of "Instruction" and "Academic Support".

"Surplus" is defined as those funds in excess of that returned to the state pursuant to this section. No exceptions to the above prescribed allocation may be made unless prior approval is given by the Department of Finance and is reported to the Chairman of the Joint Legislative Budget Committee, and the financial necessity of any such exception shall be identified.

SEC. 28.91. All appropriations for the support of the California State University and Colleges shall be subject to the provisions of Section 13320 of the Government Code and applicable Budget Act restrictions with the following exceptions:

(a) The trustees may transfer excess salary savings funds from the salary savings reserve allotments to expenditure allotments provided such transfers do not exceed 20 percent of salary saving. Excess salary

savings funds are those in excess of the amount budgeted.

(b) The trustees may approve transfer of funds between one or more of the programs for which funds are appropriated for the support of the California State University and Colleges.

Any transfer of funds made under the above exceptions shall be reported to the Department of Finance and Joint Legislative Budget Committee within 30 days after the end of each quarter in which such transfer was approved.

SEC. 28.92. It is the intent of the Legislature and executive branch in enacting this act that the University of California teaching hospitals suffer no fiscal penalties in the 1977–78 fiscal year as a result of the Medicare cost reimbursement limits issued pursuant to the authority of paragraph (1) of subsection (v) of Section 1861 of the Social Security Act (para. (1), subsec. (v), Sec. 1395x, Title 42, U.S.C.) and the Medi-Cal program cost reimbursement limits issued pursuant to the authority of Sections 14105, 14106, and 14124.5 of the Welfare and Institutions Code, and defined in Section 51508 of Title 22 of the California Administrative Code. Therefore, the Director of Finance may, following the adoption of a resolution by the Regents of the University of California declaring a teaching hospital fiscal emergency, authorize the accelerated expenditure, on a loan basis, of amounts budgeted for the university, in the form of an agreement to seek a supplementary appropriation from the General Fund to the extent of the equivalent dollar amount for the 1977–78 fiscal year, as is determined for each hospital, which is related to the difference in the reimbursement rates allowed by the Medicare and Medi-Cal programs and the reimbursement rates claimed by the University of California. In considering such supplemental appropriation, the financial condition of each hospital shall be taken into account. Provided further, that the University of California will appeal for exceptions to these limits pursuant to procedures for requesting such appeals; provided further, that no increased expenditure may exceed $5,000,000 or be authorized sooner than 30 days after notification in writing of the necessity therefor is made to the chairman of the committee in each house which considers appropriations and the Chairman of the Joint Legislative Budget Committee, or not sooner than such lesser time as the chairman of such committee, or his designee, may in such instance determine.

Any funds provided under the authority of this section shall be repaid to the fund from which they were derived with the proceeds of the claims appealed, regardless of fiscal year, as decisions on cost reimbursement limits which gave rise to their authorization permit repayment of the loan. It is the intent of the Legislature that provisions for repayment of any loan balances shall be determined after the procedures for requesting appeals have been exhausted and all decisions are rendered. The university shall report annually in its budget on the status of such appeals.

SEC. 29. Premiums for official bonds may be paid out of appropriations contained in this act, notwithstanding the period

covered by such bonds.

SEC. 30. Whenever an expenditure is authorized from the Emergency Fund, from price increase funds, from employee benefits or special salary adjustments funds, from total equivalent compensation funds, from the salary increase funds, or from a special fund pursuant to Section 11006 of the Government Code, in addition to an appropriation made by this act, such authorized expenditures may, for accounting purposes, be deemed to be an augmentation and increase of the appropriation made by this act.

SEC. 31. The appropriations under this act, unless otherwise provided, shall be subject to the provisions of Section 13320 of the Government Code requiring expenditures to be made in accordance with the allotments and other provisions of fiscal year budgets approved by the Department of Finance.

The fiscal year budget shall authorize in such manner as the Department of Finance shall prescribe all established positions whose continuance for the year is approved and all new positions. No new position shall be established unless authorized by the Department of Finance on the basis of work program and organization.

The Director of Finance, or his authorized designee, shall notify the Chairman of the Joint Legislative Budget Committee within 30 days of authorizing any position not authorized for that fiscal year by the Legislature or any reclassification to a position with a minimum step of $1,425 or more per month. He shall also report all transfers to blanket authorizations and the establishment of any permanent positions out of a blanket authorization.

All positions administratively established pursuant to this section during the 1977–78 fiscal year shall terminate on June 30, 1978, except that those positions which have been (a) included in the 1978–79 Governor's Budget as proposed new positions, or (b) approved by the Department of Finance and reported to the Legislature after the 1978–79 Governor's Budget submission to the Legislature, may be reestablished by the Department of Finance during the 1978–79 fiscal year, provided such positions are shown in the 1979–80 proposed Governor's Budget submitted to the Legislature, or in subsequent Department of Finance letters to the Legislature, and provided, such positions do not result in establishment of positions deleted by the Legislature through the 1978–79 budget process.

Each fiscal year budget shall provide for a salary savings reserve to which shall be transferred on a document initiated by the agency and submitted to the Department of Finance the unencumbered balance remaining in each allotment for salaries and wages at the close of each quarter or other period of time covered by the allotment. The unencumbered balance remaining in each budget allotment for salaries and wages shall be computed by deducting from the amount of the allotment the expenditures and accrued obligations for salaries and wages chargeable to such allotment for the period covered thereby. The amount in the salary savings reserve

shall not be available for expenditure except upon transfer to allotments for salaries and wages approved by the Department of Finance. Such transfer shall be approved only after it has been demonstrated to the satisfaction of the Department of Finance that the allotment to be augmented is insufficient to meet necessary expenditures for salaries and wages.

No money in any salary savings reserve may be expended to pay increases in salary ranges established after July 1, 1976, unless the Department of Finance certifies to the State Personnel Board, or other salary-fixing authority, prior to the adoption of such increased salary range that funds will be made available to pay the increased salaries resulting therefrom. Provided, that the provisions of this paragraph shall not apply to salaries fixed by the State Personnel Board based on prevailing rates pursuant to Government Code Section 18853.

A certification on a payroll claim that expenditures therein are in accordance with current budgetary provisions as approved by the Department of Finance shall be sufficient evidence to the State Controller that such expenditures comply with the provisions of this section.

Each agency, department, board, commission, and institution, for whose benefit and support appropriations are made in this act, shall certify to the Director of Finance that its expenditures have been made for the purposes stated in the budget, as implemented by the Budget Act, except as the purposes stated have been revised, in accordance with law, by the Department of Finance subsequent to the enactment of the Budget Act.

SEC. 32. The officers of the various departments, boards, commissions and institutions, for whose benefit and support appropriations are made in this act, are expressly forbidden to make any expenditures in excess of such appropriations, except the consent of the Department of Finance be first obtained, and a certificate, in writing, duly signed by the director of said department, of the unavoidable necessity of such expenditure; and any indebtedness attempted to be created against the state in violation of the provisions of this section shall be absolutely null and void; and shall not be allowed by the State Controller nor paid out of any state appropriation. Any member of any such department, board, commission or institution, who shall vote for any expenditure, or create any indebtedness against the state in excess of the respective appropriations made by this act, except by the consent of the Department of Finance and the certificate in this section provided to be first obtained, shall be liable on his official bond for the amount of such indebtedness, to be recovered in any court of competent jurisdiction by the person or persons, firm or corporation to whom such indebtedness is owing.

The Department of Finance shall submit copies of certificates approved by it under this section to the Chairman of the Joint Legislative Budget Committee, and the chairman of the committee

in each house which considers appropriations, quarterly, and shall indicate in the case of each certificate the code section or section of this act under which the department gave its consent to exceed the particular appropriation.

SEC. 32.2. The Director of Finance may direct the transfer of such unexpended balances of appropriations and of other funds available for use in connection with any function or agency affected by a reorganization plan submitted to the Legislature pursuant to Article 7.5 (commencing with Section 12080) of Chapter 1, Part 2, Division 3, Title 2 of the Government Code when the plan becomes effective pursuant to Section 12080.5 of the Government Code, as he deems necessary by reason of the reorganization, for use in connection with the functions affected by the reorganization, or for the use of the agency which has such functions after the reorganization plan is effective; provided that, unexpended balances so transferred shall be used only for the purpose for which the appropriation was originally made.

SEC. 32.5. Notwithstanding the provisions of any appropriation of state funds made in the Welfare and Institutions Code for the Child Support Incentive Payments (pursuant to Sections 15200.1 and 15200.2 of the Welfare and Institutions Code) and the Aid to Families with Dependent Children Programs, expenditures of state funds for those programs for the fiscal year ending June 30, 1978, shall not exceed, in the aggregate, the sum of $624,605,700.

The Department of Benefit Payments shall administer the public assistance programs so that the counties will bear no more than the amount of welfare costs that they would be obligated to bear under the applicable provisions of the Welfare and Institutions Code, without the expenditure limitations set forth in this section, and so that the amount authorized to be expended under this section shall fully cover the state's share of aid payments and for services under such programs for the 1977–78 fiscal year.

The limitations on amounts imposed by this section shall apply to any amounts which are determined by the Director of Finance to be necessary to meet increases in cost arising out of approvals made by the Department of Finance pursuant to the provisions contained in Item 261, provided the Legislature is notified pursuant to the provisions of Section 28 of this act. In addition, the Director of Finance is authorized to approve expenditures in those amounts made necessary by changes in either caseload or payments, or any change in rule or regulation adopted, and any All-County Letter issued, during the current fiscal year which are in excess of Budget Bill estimates for 1977–78. However, any increase related to changes in a rule, regulation, or All-County Letter shall be limited to the minimum amount needed to reimburse counties for increased costs due to such changes when such changes have been approved in advance by the Department of Finance.

If the Director of Finance determines during the third quarter that the estimate of expenditures will exceed the expenditure

authorized by this section, he shall so report to the Legislature prior to the end of the third quarter. At such time as a report is made, the amount of the limitation shall be increased by the amount of such excess unless and until otherwise provided by law.

Notwithstanding the provisions of this section, no changes in welfare rules and regulations may add to program or administrative annual costs, funded from the General Fund, in excess of $500,000, unless such changes are specifically required by court order or change in federal or state statutory law, or specifically included in an appropriation made by this act or approved by the Joint Legislative Budget Committee.

SEC. 33. If any item of appropriation in this act is vetoed, eliminated, or reduced by the Governor under Section 10 of Article IV of the Constitution, while approving portions of this act, such veto, elimination, or reduction shall not affect the other portions of this act, and these other portions of this act, so approved, shall have the same effect in law as if any vetoed or eliminated items of appropriation had not been present in this act, and as if any reduced item of appropriation had not been reduced.

SEC. 34. If any portion of this act is held unconstitutional, such decision shall not affect the validity of any other portion of this act. The Legislature hereby declares that it would have passed this act, and each portion thereof, irrespective of the fact that any other portion be declared unconstitutional.

SEC 35. This act, inasmuch as it provides for an appropriation for the usual current expenses of the state, shall, under the provisions of Section 8 of Article IV of the Constitution of the State of California, take effect immediately.

SEC. 36. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

This act makes appropriation for support of state and local government for the 1977–78 fiscal year and provides for capital outlay appropriations, in continuation of existing programs and to promote and sustain the economy of the state. It is imperative that such appropriations be available for expenditure commencing not later than July 1, 1977. It is therefore necessary that this act go into immediate effect.

SECTION 1. The Pacific Elementary School District which, pursuant to Section 15516 of the Education Code, has in the past been authorized by the State Allocation Board to use the Pacific School, its elementary school building, pending the construction of replacement facilities, may continue to use Pacific School until the construction of replacement facilities is completed or until June 30, 1978, whichever occurs first. During such period of continued use, Pacific School shall not be subject to any of the provisions of Article 3 (commencing with Section 39140) or Article 6 (commencing with Section 39210) of Chapter 2 of Part 23 of the Education Code.

SEC. 2. Because of the unique circumstances concerning the construction of replacement school facilities for the Pacific Elementary School District, and the limited nature of the exemption provided for in Section 1 of this act, the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the Constitution.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that Pacific Elementary School District may continue to utilize Pacific School until replacement facilities are completed and to avoid interruption of the educational process and undue economic burdens upon such district, it is necessary that this act go into immediate effect.

SEC. 4. This act shall remain in effect only until June 30, 1978, and on that date is repealed.

CHAPTER 224

An act to amend Section 69948 of, and to add Section 68530 to, the Government Code, relating to courts, and declaring the urgency thereof, to take effect immediately.

[Became law without Governor's signature July 4, 1977. Filed with Secretary of State July 5, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 68530 is added to the Government Code, to read:

68530. (a) The Judicial Council shall provide by rule for the maintenance of records as described in subdivision (c), which shall be filed with the council by each official reporter and official reporter pro tempore of any court located in Kings and Mariposa Counties. Such records shall be inspected and audited by the Judicial Council.

(b) The Judicial Council shall submit an annual report to the board of supervisors of any such county and to the Legislature summarizing the information contained in the records.

(c) Each such annual report shall include the following information relative to the official court reporters of the county:

(1) The quantity and types of transcripts prepared by the official reporters and official reporters pro tempore during the reporting period.

(2) The fees charged and the fees collected for such transcripts.

(3) Expenses incurred by the reporters in connection with the preparation of such transcripts.

(4) The amount of time the reporters have spent in attendance upon the courts for the purpose of reporting proceedings, and the compensation received for this purpose.

SEC. 3. The Legislature hereby finds and declares that, in view of its constitutionally delegated responsibility of setting salaries for court reporters, it is necessary to obtain information regarding the total compensation paid to court reporters from all sources so as to allow proper evaluation of legislative proposals relating to court reporters' salaries on an ongoing basis.

Such legislative proposals are not made on a uniform, statewide basis, but on a county-by-county basis. Therefore, it is necessary to monitor the compensation provided court reporters on an individual county basis reflecting the periodic legislative proposals which are made for specific counties. Accordingly, this legislation affecting Kings and Mariposa Counties is necessary to permit the Legislature to carry out its constitutionally delegated responsibility of setting court reporters' salaries in this county in view of the submitted request for an adjustment in the compensation provided to court reporters in such county.

SEC. 4. If any provision of this act, or the application thereof, is enjoined, restrained, or otherwise held invalid, then every other provision or application of this act shall be void, and to this end the provisions of this act are inseverable.

SEC. 5. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section, nor shall there be any appropriation made by this act, because this act is in accordance with the request of a local government entity or entities which desired legislative authority to act to carry out the program specified in this act.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to employ and maintain sufficient numbers of competent official reporters to meet the needs of the courts affected by this act, it is necessary that this act go into effect at the earliest possible time.

As used in this section the word "paper" does not include a stipulation for the appointment of a judge pro tempore or of a court investigator or the report made by such investigator or the declaration of a spouse filed in an order to show cause proceeding.

[Approved by Governor July 6, 1977. Filed with Secretary of State July 7, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 1182.3 is added to the Labor Code, to read:

If the student employee works less than 40 hours per week, the employee shall be paid at least two dollars and fifteen cents ($2.15) for each hour worked.

(b) An organized camp may deduct the value of meals and lodging from the salary of a student employee pursuant to appropriate orders of the commission.

These organized camps, which provide much needed community services, are unable to bear the financial impact of such orders, and this bill would provide fiscal relief for these camps. CHAPTER 229

An act to add Section 206c to the Code of Civil Procedure, relating to jury trials, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 7, 1977. Filed with Secretary of State July 7, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 206c is added to the Code of Civil Procedure, to read:

206c. In El Dorado County, trial jury venires for the superior court shall be drawn from residents of the supervisorial district, or a portion thereof, within which the court will sit for such trial and from residents of such other immediately adjacent supervisorial district, or portion thereof, as may be specified by local superior court rules. Such venireman shall serve the court sitting in the geographical portion of the county from which this section and such court rules specify trial jury venires shall be drawn; provided that such rules shall afford to each eligible resident of such county an opportunity for selection as a trial jury venireman. Such court may, in its discretion, order a countywide venire in the interest of justice.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Chapter 590 of the Statutes of 1976 provided for an additional superior court judge in El Dorado County. Upon the appointment of such judge, the court will be immediately able to assume its function in South Lake Tahoe. Current boundaries of the county's supervisorial districts will result in great inconvenience to potential jurors chosen in some of these districts because of the court's location in South Lake Tahoe. In order to eliminate the difficulties arising from such a situation, it is necessary that this act shall go into immediate effect.

CHAPTER 230

An act to amend Sections 82030 and 84305 of, and to repeal and add Section 91001 of, the Government Code, relating to the Political Reform Act of 1974, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 7, 1977. Filed with Secretary of State July 7, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 82030 of the Government Code is amended to read:

Income of an individual also includes a pro rata share of any income of any business entity or trust in which the individual or spouse owns, directly, indirectly or beneficially, a 10-percent interest or greater. "Income," other than a gift, does not include income received from any source outside the jurisdiction and not doing business within the jurisdiction, not planning to do business within the jurisdiction, or not having done business within the jurisdiction during the two years prior to the time any statement or other action is required under this title.

(b) "Income" also does not include:

(5) Gifts from an individual's spouse, child, parent, grandparent, grandchild, brother, sister, parent-in-law, brother-in-law, sister-in-law, aunt, uncle, or first cousin or the spouse of any such

person; provided that a gift from any such person shall be considered income if the donor is acting as an agent or intermediary for any person not covered by this paragraph;

(6) Any devise or inheritance;

(7) Interest, dividends or premiums on a time or demand deposit in a financial institution, shares in a credit union or any insurance policy, payments received under any insurance policy, or any bond or other debt instrument issued by any government or government agency;

SEC. 2. Section 84305 of the Government Code is amended to read:

84305. No person shall make an expenditure for the purpose of sending a mass mailing unless the sender shows on the outside of each piece of mail in the mass mailing and on at least one of the inserts included within each piece of mail of such mailing the sender's name, street address and city in no less than six-point type. A post office box may be stated in lieu of a street address if the organization's address is a matter of public record with the Secretary of State. A copy of every mass mailing in support of or in opposition to a state candidate or state measure shall be sent to the commission on the same day on which it is mailed to the public generally. Such copies sent to the commission shall be public records. Section 29410 of the Elections Code shall not apply to any mass mailing which complies with this section.

SEC. 3. Section 91001 of the Government Code is repealed.

SEC. 4. Section 91001 is added to the Government Code, to read:

91001. (a) The Attorney General is responsible for enforcing the criminal provisions of this title with respect to state agencies, lobbyists and state elections. The district attorney of any county in which a violation occurs has concurrent powers and responsibilities with the Attorney General.

The civil prosecutor is the commission with respect to the state or any state agency, except itself. The Attorney General is the civil prosecutor with respect to the commission. The district attorneys are the civil prosecutors with respect to any other agency. The civil prosecutor may bring any civil action under this title which could be brought by a voter or resident of the jurisdiction.

(c) Whether or not a violation is inadvertent, negligent or deliberate, and the presence or absence of good faith shall be considered in applying the remedies and sanctions of this title.

SEC. 5. The Legislature finds and declares that Sections 1, 3, and 4 are necessary to correct ambiguities raised by technical flaws in Chapter 1161 of the 1976 Statutes. The Legislature further finds and declares that Sections 1, 3, and 4 are declarative of existing law.

SEC. 6. The Legislature finds and declares that the provisions of

this act further the purposes of the Political Reform Act of 1974 within the meaning of subdivision (a) of Section 81012 of the Government Code.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Technical flaws in Chapter 1161 of the Statutes of 1976 have created confusion as to the intent of the Legislature with respect to the interpretation to be given vital financial disclosure and enforcement provisions of the Political Reform Act of 1974.

CHAPTER 231

An act to repeal Section 13111 of the Health and Safety Code, relating to the State Fire Marshal.

[Approved by Governor July 7, 1977. Filed with Secretary of State July 7, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 13111 of the Health and Safety Code is repealed.

(4) A statement that no action based on the sister state judgment is currently pending in any court in this state and that no judgment based on the sister state judgment has previously been entered in any proceeding in this state.

(5) Where the judgment debtor is an individual, a statement setting forth the name and last known residence address of the judgment debtor. Where the judgment debtor is a corporation, a statement of the corporation's name, place of incorporation, and whether the corporation, if foreign, has qualified to do business in this state under the provisions of Chapter 21 (commencing with Section 2100) of Division 1 of Title 1 of the Corporations Code. SEC. 2. Section 1710.25 of the Code of Civil Procedure is amended to read:

1710.25. (a) Upon the filing of the application, the clerk shall enter a judgment based upon the application for the total of the following amounts as shown therein:

(1) The amount remaining unpaid under the sister state judgment.

(2) The amount of interest accrued on the sister state judgment (computed at the rate of interest applicable to the judgment under the law of the sister state, but not at a rate in excess of 7 percent per annum).

(3) The amount of the fee for filing the application for entry of the sister state judgment.

(b) Entry shall be made in the same manner as entry of a judgment of the superior court. From the time of entry, interest shall accrue on the judgment so entered at the rate of 7 percent per annum.

SEC. 3. Section 1710.30 of the Code of Civil Procedure is

amended to read:

1710.30. (a) Notice of entry of judgment shall be served promptly by the judgment creditor upon the judgment debtor in the manner provided for service of summons by Article 3 (commencing with Section 415.10) of Chapter 4 of Title 5 of Part 2. Notice shall be in a form prescribed by the Judicial Council and shall inform the judgment debtor that he has 30 days within which to make a motion to vacate the judgment.

(b) The fee for service of the notice of entry of judgment under this section is an item of costs recoverable in the same manner as statutory fees for service of a writ as provided in Section 1033.7, but such fee may not exceed the amount allowed to a public officer or employee in this state for such service.

SEC. 4. Section 1710.40 of the Code of Civil Procedure is amended to read:

1710.40. (a) A judgment entered pursuant to this chapter may be vacated on any ground which would be a defense to an action in this state on the sister state judgment, including the ground that the amount of interest accrued on the sister state judgment and included in the judgment entered pursuant to this chapter is incorrect.

(b) Not later than 30 days after service of notice of entry of judgment pursuant to Section 1710.30, proof of which has been made in the manner provided by Article 5 (commencing with Section 417.10) of Chapter 4 of Title 5 of Part 2, the judgment debtor, on written notice to the judgment creditor, may make a motion to vacate the judgment under this section.

(c) Upon the hearing of the motion to vacate the judgment under this section, the judgment may be vacated upon any ground provided in subdivision (a) and another and different judgment entered, including, but not limited to, another and different judgment for the judgment creditor if the decision of the court is that the judgment creditor is entitled to such different judgment. The decision of the court on the motion to vacate the judgment shall be given and filed with the clerk of court in the manner provided in Sections 632, 634, and 635, except that the court is not required to make any written findings and conclusions if the amount of the judgment as entered under Section 1710.25 does not exceed one thousand dollars ($1,000).

CHAPTER 233

An act to amend Section 8.1 of the North Delta Water Agency Act (Chapter 283 of the Statutes of 1973), relating to the Sacramento-San Joaquin Delta, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 7, 1977. Filed with Secretary of State July 7, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 8.1 of the North Delta Water Agency Act (Chapter 283 of the Statutes of 1973) is amended to read:

8.1. In the event that the agency fails to enter into and execute on or before December 31, 1978, a contract with the United States and the State of California of the character and nature described in Section 4.1 of this act, the agency is dissolved and its existence is automatically terminated, and all of its corporate powers shall cease, except for the purpose of winding up the affairs of the agency.

SEC. 2. There is hereby appropriated from the California Water Fund to the Department of Water Resources the sum of three million eight hundred thousand dollars ($3,800,000) for expenditure for construction of temporary rock barriers in False River, Dutch Slough, and Fisherman's Cut in the Sacramento-San Joaquin Delta.

In the event that the Department of Water Resources obtains federal funding which covers all or a portion of the construction, this appropriation shall revert to the California Water Fund in an amount equal to the amount of the federal funding made available.

SEC. 3. The Department of Water Resources shall prepare a report on the effectiveness of the rock barriers in controlling salinity in the Sacramento-San Joaquin Delta. Such report shall be transmitted to the Legislature no later than November 1, 1977.

SEC. 4. There are no state-mandated local costs in this act that require reimbursement under Section 2231 of the Revenue and Taxation Code because there are no new duties, obligations or responsibilities imposed on local government by this act.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Existing drought conditions make it extremely difficult to hold back salinity in the Sacramento-San Joaquin Delta, and emergency barriers are urgently needed to assist in salinity control in the delta during the drought emergency. In order to accomplish the purpose of this act within the drought emergency, it is necessary, therefore, that this act take immediate effect.

CHAPTER 234

An act to amend Sections 66411.1, 66412, 66424, 66424.1, 66424.2, 66428, 66436, 66463, 66469, 66470, 66495, 66499.34, 66499.35 and 66499.36 of, and to add Section 66499.20¾ to, the Government Code, relating to subdivisions, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 7, 1977. Filed with Secretary of State July 7, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 66411.1 of the Government Code is amended to read:

66411.1. Whenever a local ordinance requires improvements for a division of land which is not a subdivision of five or more lots, such regulations shall be limited to the dedication of rights-of-way, easements, and the construction of reasonable offsite and onsite improvements for the parcels being created. Requirements for the construction of such offsite and onsite improvements shall be noticed by certificate on the parcel map, on the instrument evidencing the waiver of such parcel map, or by separate instrument and shall be recorded on, concurrently with, or prior to the parcel map or instrument of waiver of a parcel map being filed for record.

Fulfillment of such construction requirements shall not be required until such time as a permit or other grant of approval for development of the parcel is issued by the local agency or, where provided by local ordinances, until such time as the construction of such improvements is required pursuant to an agreement between the subdivider and the local agency, except that in the absence of such an agreement, a local agency may require fulfillment of such construction requirements within a reasonable time following approval of the parcel map and prior to the issuance of a permit or other grant of approval for the development of a parcel upon a finding by the local agency that fulfillment of the construction requirements is necessary for reasons of:

(1) The public health and safety; or

(2) The required construction is a necessary prerequisite to the orderly development of the surrounding area.

SEC. 2. Section 66412 of the Government Code is amended to read:

66412. This division shall be inapplicable to:

(a) The financing or leasing of apartments, offices, stores or similar space within apartment buildings, industrial buildings, commercial buildings, mobilehome parks or trailer parks;

(b) Mineral, oil or gas leases;

(c) Land dedicated for cemetery purposes under the Health and Safety Code of the State of California.

(d) A lot line adjustment between two or more existing adjacent parcels, where the land taken from one parcel is added to an adjacent parcel, and where a greater number of parcels than originally existed is not thereby created, provided the lot line adjustment is approved by the local agency, or advisory agency.

(e) Boundary line or exchange agreements to which the State Lands Commission or a local agency holding a trust grant of tide and submerged lands is a party.

SEC. 3. Section 66424 of the Government Code is amended to

read:

66424. "Subdivision" means the division, by any subdivider, of any unit or units of improved or unimproved land, or any portion thereof, shown on the latest equalized county assessment roll as a unit or as contiguous units, for the purpose of sale, lease or financing, whether immediate or future except for leases of agricultural land for agricultural purposes. Property shall be considered as contiguous units, even if it is separated by roads, streets, utility easement or railroad rights-of-way. "Subdivision" includes a condominium project, as defined in Section 1350 of the Civil Code or a community apartment project, as defined in Section 11004 of the Business and Professions Code. Any conveyance of land to a governmental agency, public entity or public utility shall not be considered a division of land for purposes of computing the number of parcels. As used in this section, "agricultural purposes" means the cultivation of food or fiber or the grazing or pasturing of livestock.

SEC. 4. Section 66424.1 of the Government Code is amended to read:

66424.1. Nothing in Section 66424 shall prevent a purchaser of a unit of land created under the provisions of this division or a local ordinance enacted pursuant thereto, from subdividing such land one time, pursuant to the provisions of this division prior to the time that an equalized county assessment roll has been completed reflecting the creation of the unit proposed to be subdivided.

SEC. 5. Section 66424.2 of the Government Code is amended to read:

66424.2. Notwithstanding Section 66424, two or more contiguous parcels or units of land which have been created under the provisions of this division or any prior law regulating the division of land or a local ordinance enacted pursuant thereto or were not subject to such provisions at the time of their creation shall not merge by virtue of the fact that such contiguous parcels or units are held by the same owner and no further proceeding under the provisions of this division or a local ordinance enacted pursuant thereto shall be required for the purpose of sale, lease or financing of such contiguous parcels or units, or any of them; except that, a local agency may, by ordinance, provide that if any one of such contiguous parcels or units held by the same owner does not conform to standards for minimum parcel size to permit use or development under a zoning, subdivision or other ordinance of the local agency and at least one of such contiguous parcels or units is not developed with a building for which a permit has been issued by the local agency, or which was built prior to the time such permits were required by the local agency then such parcels shall be merged for the purposes of this division.

A local agency may, by ordinance, deem any or all parcels or units of land which merged prior to the effective date of the 1977 amendments to this section, unmerged and separate parcels.

Whenever a local agency has knowledge that real property has

merged pursuant to this section or a local ordinance enacted pursuant to this section, it shall cause to be filed for record with the recorder of the county in which the real property is located, a notice of such merger specifying the names of the record owners and particularly describing the real property, provided that, at least 30 days prior to the recording of the notice the owner of the parcels or units to be affected by the merger, shall be advised in writing of the intention to record the notice and specifying a time, date and place at which the owner may present evidence to the legislative body or advisory agency why such notice should not be recorded.

SEC. 6. Section 66428 of the Government Code is amended to read:

66428. Local ordinances may require a tentative map where a parcel map is required by this chapter. A parcel map shall be required for subdivisions as to which a final or parcel map is not otherwise required by this chapter, unless the preparation of such parcel map is waived by local ordinance as provided in this section, and provided further that a parcel map shall not be required for subdivisions created by short-term leases (terminable by either party on not more than 30 days' notice in writing) of a portion of the operating right-of-way of a railroad corporation defined as such by Section 230 of the Public Utilities Code, or for land conveyed to or from a governmental agency, public entity or public utility, or to a subsidiary of a public utility for conveyance to such public utility for rights-of-way, unless a showing is made in individual cases, upon substantial evidence, that public policy necessitates such a parcel map.

A local agency shall, by ordinance, provide a procedure for waiving the requirement for a parcel map, imposed by this division, including the requirements for a parcel map imposed by Section 66426. The ordinance shall require a finding by the legislative body or advisory agency, that the proposed division of land complies with such requirements as may have been established by this division or local ordinance enacted pursuant thereto as to area, improvement and design, floodwater drainage control, appropriate improved public roads, sanitary disposal facilities, water supply availability, environmental protection, and other requirements of this division or local ordinance enacted pursuant thereto. In any case, where the requirement for a parcel map is waived by local ordinance pursuant to provisions of this section, a tentative map may be required by local ordinance.

SEC. 7. Section 66436 of the Government Code is amended to read:

66436. A certificate, signed and acknowledged by all parties having any record title interest in the real property subdivided, consenting to the preparation and recordation of the final map is required, except as follows:

(a) Neither a lien for state, county, municipal or local taxes, nor for special assessments, nor a trust interest under bond indentures,

nor mechanics' liens constitute a record title interest in land for the purpose of this chapter or local ordinance.

(b) The signature of either the holder of beneficial interests under trust deeds or the trustee under such trust deeds, but not both, may be omitted. The signature of either shall constitute a full and complete subordination of the lien of the deed of trust to the map and any interest created by the map.

(c) Signatures of parties owning the following types of interests may be omitted if their names and the nature of their respective interests are stated on the final map:

(1) Rights-of-way, easements or other interests which cannot ripen into a fee, except those owned by a public entity or public utility. If, however, the legislative body or advisory agency determines that division and development of the property in the manner set forth on the approved or conditionally approved tentative map will not unreasonably interfere with the free and complete exercise of the public entity or public utility right-of-way or easement, the signature of such public entity or public utility may be omitted. Where such determination is made, the subdivider shall send, by certified mail, a sketch of the proposed final map, together with a copy of this section, to any public entity or public utility which has previously acquired a right-of-way or easement.

If the public entity or utility objects to either (i) recording the final map without its signature; or (ii) the determination of the legislative body or advisory agency that the division and development of the property will not unreasonably interfere with the full and complete exercise of its right-of-way or easement, it shall so notify the subdivider and the legislative body or advisory agency within 30 days after receipt of the materials from the subdivider.

If the public entity or utility objects to recording the final map without its signature, the public entity or utility so objecting may affix its signature to the final map within 30 days of filing its objection with the legislative body or advisory agency.

If the public entity or utility either (i) does not file an objection with the legislative body or advisory agency; or (ii) fails to affix its signature within 30 days of filing its objection, to recording the map without its signature, the local agency may record the final map without such signature.

If the public entity or utility files an objection to the determination of the legislative body or advisory agency that the division and development of the property will not unreasonably interfere with the exercise of its right-of-way or easement, the legislative body or advisory agency shall set the matter for public hearing to be held not less than 10 nor more than 30 days of receipt of the objection. At such hearing, the public entity or public utility shall present evidence in support of its position that the division and development of the property will unreasonably interfere with the free and complete exercise of the objector's right-of-way or easement.

If the legislative body or advisory agency finds, following such

hearing, that the development and division will in fact unreasonably interfere with the free and complete exercise of the objector's right-of-way or easement, it shall set forth those conditions whereby such unreasonable interference will be eliminated and upon compliance with such conditions by the subdivider, the final map may be recorded with or without the signature of the objector. If the legislative body or advisory agency finds that the development and division will in fact not unreasonably interfere with the free and complete exercise of the objector's right-of-way or easement, the final map may be recorded without the signature of the objector, notwithstanding its objections thereto.

Failure of the public entity or public utility to file an objection pursuant to this section shall in no way affect its rights under a right-of-way or easement.

(2) Rights-of-way, easements or reversions, which by reason of changed conditions, long disuse or laches appear to be no longer of practical use or value and signatures are impossible or impractical to obtain. A statement of the circumstances preventing the procurement of the signatures shall also be stated on the map.

(3) Interests in or rights to minerals, including but not limited to oil, gas or other hydrocarbon substances.

(d) Real property originally patented by the United States or by the State of California, which original patent reserved interest to either or both of such entities, may be included in the final map without the consent of the United States or the State of California thereto or to dedications made thereon.

SEC. 8. Section 66463 of the Government Code is amended to read:

66463. The procedure for processing, approval, conditional approval or disapproval and filing of parcel maps and modifications thereof shall be as provided by local ordinance. The provisions of Sections 66477.1, 66477.2, and 66477.3 relating to dedications and offers of dedication on final maps shall apply to dedications and offers of dedications on parcel maps.

Where a local agency provides, by ordinance, for the approval, conditional approval or disapproval of parcel maps by the county engineer, surveyor or other designated official, such agency may also, by ordinance, provide that such officer may accept or reject dedications and offers of dedication that are made by certificate on such map.

SEC. 9. Section 66469 of the Government Code is amended to read:

66469. After a final map or parcel map is filed in the office of the county recorder, it may be amended by a certificate of correction or an amending map:

(a) To correct an error in any course or distance shown thereon;

(b) To show any course or distance that was omitted therefrom;

(c) To correct an error in the description of the real property shown on the map;

(d) To indicate monuments set after the death, disability or retirement from practice of the engineer or surveyor charged with responsibilities for setting monuments; or

(e) To show the proper location or character of any monument which has been changed in location or character originally was shown at the wrong location or incorrectly as to its character.

(f) To correct any other type of map error or omission as approved by the county surveyor or city engineer, which does not affect any property right. Such errors and omissions may include, but are not limited to, lot numbers, acreage, street names, and identification of adjacent record maps.

As used in this section, "error" does not include changes in courses or distances from which an error is not ascertainable from the data shown on the final or parcel map.

SEC. 10. Section 66470 of the Government Code is amended to read:

66470. The amending map or certificate of correction shall be prepared and signed by a registered civil engineer or licensed land surveyor. An amending map shall conform to the requirements of Section 66434, if a final map, or Section 66445, if a parcel map. The amending map or certificate of correction shall set forth in detail the corrections made and show the names of the present fee owners of the property affected by the correction or omission.

SEC. 11. Section 66495 of the Government Code is amended to read:

66495. At the time of making the survey for the final map or parcel map unless the survey is not required pursuant to Section 66448, the engineer or surveyor shall set sufficient durable monuments to conform with the standards described in Section 8771 of the Business and Professions Code so that another engineer or surveyor may readily retrace the survey. He shall also set such additional monuments as may be required by local ordinance. The local agency shall require that at least one exterior boundary line of the land being subdivided be adequately monumented or referenced before the map is recorded.

SEC. 12. Section 66499.20¾ is added to the Government Code, to read:

66499.20¾. Subdivided lands may be merged and resubdivided without reverting to acreage by complying with all the applicable requirements for the subdivision of land as provided by this division and any local ordinances adopted pursuant thereto. The filing of the final map or parcel map shall constitute legal merging of the separate parcels into one parcel and the resubdivision of such parcel, and the real property shall thereafter be shown with the new lot or parcel boundaries on the assessment roll. Any unused fees or deposits previously made pursuant to this division pertaining to the property shall be credited pro rata towards any requirements for the same purposes which are applicable at the time of resubdivision. Any streets or easements to be left in effect after the resubdivision shall

be adequately delineated on the map. After approval of the merger and resubdivision by the governing body or advisory agency the map shall be delivered to the county recorder. The filing of the map shall constitute legal merger and resubdivision of the land affected thereby, and shall also constitute abandonment of all streets and easements not shown on the map.

SEC. 13. Section 66499.34 of the Government Code is amended to read:

66499.34. No local agency shall issue any permit or grant any approval necessary to develop any real property which has been divided, or which has resulted from a division, in violation of the provisions of this division or of the provisions of local ordinances enacted pursuant to this division if it finds that development of such real property is contrary to the public health or the public safety. The authority to deny such a permit or such approval shall apply whether the applicant therefor was the owner of record at the time of such violation or whether the applicant therefor is either the current owner of record or a vendee of the current owner of record pursuant to a contract of sale of the real property with, or without, actual or constructive knowledge of the violation at the time of the acquisition of his interest in such real property.

If a city or a county issues a permit or grants approval for the development of any such real property, it may impose those conditions that would have been applicable to the division of the property at the time the applicant acquired his interest in such real property, and which has been established at such time by this division or local ordinance enacted pursuant thereto, except that if a conditional certificate of compliance has been filed for record under the provisions of subdivision (b) of Section 66499.35 only such conditions stipulated in that certificate shall be applicable.

SEC. 14. Section 66499.35 of the Government Code is amended to read:

66499.35. (a) Any person owning real property or a vendee of such person pursuant to a contract of sale of such real property may request, and a local agency shall determine, whether such real property complies with the provisions of this division and of local ordinances enacted pursuant thereto. Upon making such a determination the city or the county shall cause a certificate of compliance to be filed for record with the recorder of the county in which the real property is located. The certificate of compliance shall identify the real property and shall state that the division thereof complies with applicable provisions of this division and of local ordinances enacted pursuant thereto. The local agency may impose a reasonable fee to cover the cost of issuing and recording the certificate of compliance.

(b) If a local agency determines that such real property does not comply with the provisions of this division or of local ordinances enacted pursuant thereto, it may, as a condition to granting a certificate of compliance, impose such conditions as would have been

applicable to the division of the property at the time the applicant acquired his interest therein, and which had been established at such time by this division or local ordinance enacted pursuant thereto. Upon making such a determination and establishing such conditions the city or county shall cause a conditional certificate of compliance to be filed for record with the recorder of the county in which the real property is located. Such certificate shall serve as notice to the property owner or vendee who has applied for the certificate pursuant to this section, a grantee of the property owner, or any subsequent transferee or assignee of the property that the fulfillment and implementation of such conditions shall be required prior to subsequent issuance of a permit or other grant of approval for development of the property.

Compliance with such conditions shall not be required until such time as a permit or other grant of approval for development of such property is issued by the local agency.

(c) A certificate of compliance shall be issued for any real property which has been approved for development pursuant to Section 66499.34.

(d) A recorded final map or parcel map shall constitute a certificate of compliance with respect to the parcels of real property described therein.

SEC. 15. Section 66499.36 of the Government Code is amended to read:

66499.36. Whenever a local agency has knowledge that real property has been divided in violation of the provisions of this division or of local ordinances enacted pursuant to this division, it shall cause to be filed for record with the recorder of the county in which the real property is located, a notice of intention to record a notice of violation, describing the real property in detail, naming the owners thereof, and describing the violation, and stating that an opportunity will be given to the owner to present evidence. Upon recording a notice of intention to record a notice of violation, the local agency shall mail a copy of such notice to the owner of such real property. The notice shall specify a time, date, and place at which the owner may present evidence to the legislative body or advisory agency why such notice should not be recorded. If, after the owner has presented evidence, it is determined that there has been no violation, the local agency shall record a release of the notice of intention to record a notice of violation with the county recorder. If, however, after the owner has presented evidence, the legislative body or advisory agency determines that the property has in fact been illegally divided, or if within 60 days of receipt of such copy the owner of such real property fails to inform the local agency of his objection to recording the notice of violation, the legislative body or advisory agency shall record the notice of violation with the county recorder. The notice of intention to record a notice of violation and the notice of violation, when recorded, shall be deemed to be constructive notice of the violation to all successors in interest in such

property. The county recorder shall index the names of the fee owners in the general index.

SEC. 16. The Legislature finds and declares that the amendment made to Section 66424.1 of the Government Code by this act is a clarification and restatement of existing law.

SEC. 17. The Legislature finds and declares that the addition of the phrase "by any subdivider" in Section 66424 of the Government Code, as amended by this act, is declaratory of existing law.

SEC. 18. The Legislature finds and declares that the addition of the phrases "or were not subject to such provisions at the time of their creation" and "or which was built prior to the time such permits were required by the local agency" in Section 66424.2 of the Government Code as amended by the act, is declaratory of existing law.

SEC. 19. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Chapter 1263 of the Statutes of 1976 inadvertently amended the Subdivision Map Act to exclude entirely from the provisions of that act a conveyance of land to a public agency or public utility. The practical effect of such statute will be to exclude such conveyances from critical local requirements such as easements for drainage, access etc. In order to rectify this error, with minimum adverse effect on local government, and to make urgently needed clarifications of serious ambiguities in the act, it is necessary that this act go into effect immediately.

SEC. 20. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be any appropriation made by this act because the duties, obligations or responsibilities imposed on local government by this act are minor in nature and will not place any financial burden on local government as this bill merely restores the law to what it was up to January 1, 1977.

The people of the State of California do enact as follows:

SECTION 1. Section 17912 of the Business and Professions Code is amended to read:

17912. This chapter does not apply to a real estate investment trust as defined in Section 23000 of the Corporations Code and has a statement on file, pursuant to Section 24003 of the Corporations Code, designating an agent for service of process or has qualified to do business under Chapter 21 (commencing with Section 2100) of the Corporations Code.

SEC. 1.1. Section 416.20 of the Code of Civil Procedure is amended to read:

416.20. A summons may be served on a corporation that has forfeited its charter or right to do business, or has dissolved, by delivering a copy of the summons and of the complaint:

(a) To a person who is a trustee of the corporation and of its stockholders or members; or

(b) When authorized by any provision in Sections 2011 or 2114 of the Corporations Code (or Sections 3301 to 3303, inclusive, or Sections 6500 to 6504, inclusive, of the Corporations Code as in effect on December 31, 1976, with respect to corporations to which they remain applicable), as provided by such provision.

SEC. 1.2. Section 114 of the Corporations Code is amended to read:

114. All references in this division to financial statements, balance sheets, income statements and statements of changes in financial position of a corporation and all references to assets, liabilities, earnings, retained earnings and similar accounting items of a corporation mean such financial statements or such items prepared or determined in conformity with generally accepted accounting principles then applicable, fairly presenting in conformity with generally accepted accounting principles the matters which they purport to present, subject to any specific accounting treatment required by a particular section of this division. Unless otherwise expressly stated, all references in this division to such financial statements mean, in the case of a corporation which has subsidiaries, consolidated statements of the corporation and such of its subsidiaries as are required to be included in such consolidated statements under generally accepted accounting principles then applicable and all references to such accounting items mean such items determined on a consolidated basis in accordance with such consolidated financial statements. Financial statements other than annual statements may be condensed or otherwise presented as

permitted by authoritative accounting pronouncements.

SEC. 1.3. Section 153 of the Corporations Code is amended to read:

153. "Approved by (or approval of) the shareholders" means approved or ratified by the affirmative vote of a majority of the shares represented and voting at a duly held meeting at which a quorum is present (which shares voting affirmatively also constitute at least a majority of the required quorum) or by the written consent of shareholders (Section 603) or by the affirmative vote or written consent of such greater proportion (including all) of the shares of any class or series as may be provided in the articles or in this division for all or any specified shareholder action.

SEC. 1.4. Section 171 of the Corporations Code is amended to read:

171. "Foreign corporation" means any corporation other than a domestic corporation and, when used in Section 191, Section 201, Section 2203, Section 2258 and Section 2259 and Chapter 21, includes a foreign association, unless otherwise stated. "Foreign corporation" as used in Chapter 21 does not include a corporation or association chartered under the laws of the United States.

SEC. 1.5. Section 204 of the Corporations Code is amended to read:

204. The articles of incorporation may set forth:

(a) Any or all of the following provisions, which shall not be effective unless expressly provided in the articles:

(1) Granting, with or without limitations, the power to levy assessments upon the shares or any class of shares;

(2) Granting to shareholders preemptive rights to subscribe to any or all issues of shares or securities;

(3) Special qualifications of persons who may be shareholders;

(6) A provision limiting or restricting the business in which the corporation may engage or the powers which the corporation may exercise or both;

(7) A provision conferring upon the holders of any evidences of indebtedness, issued or to be issued by the corporation, the right to vote in the election of directors and on any other matters on which shareholders may vote;

(8) A provision conferring upon shareholders the right to determine the consideration for which shares shall be issued.

(9) A provision requiring the approval of the shareholders (Section 153) or the approval of the outstanding shares (Section 152)

for any corporate action, even though not otherwise required by this division.

Notwithstanding this subdivision, in the case of a close corporation any of the provisions referred to above may be validly included in a shareholders' agreement. Notwithstanding this subdivision, bylaws may require for all or any actions by the board the affirmative vote of a majority of the authorized number of directors. Nothing contained in this subdivision shall affect the enforceability, as between the parties thereto, of any lawful agreement not otherwise contrary to public policy.

(b) Reasonable restrictions upon the right to transfer or hypothecate shares of any class or classes or series, but no restriction shall be binding with respect to shares issued prior to the adoption of the restriction unless the holders of such shares voted in favor of the restriction.

(c) The names and addresses of the persons appointed to act as initial directors.

(d) Any other provision, not in conflict with law, for the management of the business and for the conduct of the affairs of the corporation, including any provision which is required or permitted by this division to be stated in the bylaws.

SEC. 1.7. Section 207 of the Corporations Code is amended to read:

207. Subject to any limitations contained in the articles and to compliance with other provisions of this division and any other applicable laws, a corporation shall have all of the powers of a natural person in carrying out its business activities, including, without limitation, the power to:

(b) Adopt, amend and repeal bylaws.

(c) Qualify to do business in any other state, territory, dependency or foreign country.

(d) Subject to the provisions of Section 510, issue, purchase, redeem, receive, take or otherwise acquire, own, hold, sell, lend, exchange, transfer or otherwise dispose of, pledge, use and otherwise deal in and with its own shares, bonds, debentures and other securities.

(e) Make donations, regardless of specific corporate benefit, for the public welfare or for community fund, hospital, charitable, educational, scientific, civic or similar purposes.

(f) Pay pensions, and establish and carry out pension, profit-sharing, share bonus, share purchase, share option, savings, thrift and other retirement, incentive and benefit plans, trusts and provisions for any or all of the directors, officers and employees of the corporation or any of its subsidiary or affiliated corporations, and to indemnify and purchase and maintain insurance on behalf of any fiduciary of such plans, trusts or provisions.

(g) Subject to the provisions of Section 315, assume obligations,

enter into contracts, including contracts of guaranty or suretyship, incur liabilities, borrow and lend money and otherwise use its credit, and secure any of its obligations, contracts or liabilities by mortgage, pledge or other encumbrance of all or any part of its property, franchises and income.

(h) Participate with others in any partnership, joint venture or other association, transaction or arrangement of any kind, whether or not such participation involves sharing or delegation of control with or to others.

SEC. 1.8. Section 212 of the Corporations Code is amended to read:

212. (a) The bylaws shall set forth (unless such provision is contained in the articles, in which case it may only be changed by an amendment of the articles) the number of directors of the corporation; or that the number of directors shall be not less than a stated minimum nor more than a stated maximum (which in no case shall be greater than two times the stated minimum minus one), with the exact number of directors to be fixed, within the limits specified, by approval of the board or the shareholders (Section 153) in the manner provided in the bylaws, subject to paragraph (5) of subdivision (a) of Section 204. The number or minimum number of directors shall not be less than three; provided, however, that (1) before shares are issued, the number may be one, (2) before shares are issued, the number may be two, (3) so long as the corporation has only one shareholder, the number may be one, (4) so long as the corporation has only one shareholder, the number may be two, and (5) so long as the corporation has only two shareholders, the number may be two. After the issuance of shares, a bylaw specifying or changing a fixed number of directors or the maximum or minimum number or changing from a fixed to a variable board or vice versa may only be adopted by approval of the outstanding shares (Section 152); provided, however, that a bylaw or amendment of the articles reducing the fixed number or the minimum number of directors to a number less than five cannot be adopted if the votes cast against its adoption at a meeting or the shares not consenting in the case of action by written consent are equal to more than 16⅔ percent of the outstanding shares entitled to vote.

(b) The bylaws may contain any provision, not in conflict with law or the articles for the management of the business and for the conduct of the affairs of the corporation, including but not limited to:

(1) Any provision referred to in subdivision (b), (c) or (d) of Section 204.

(2) The time, place and manner of calling, conducting and giving notice of shareholders', directors' and committee meetings.

(3) The manner of execution, revocation and use of proxies.

(4) The qualifications, duties and compensation of directors; the time of their annual election; and the requirements of a quorum for directors' and committee meetings.

(5) The appointment and authority of committees of the board.

(6) The appointment, duties, compensation and tenure of officers.

(7) The mode of determination of holders of record of its shares.

(8) The making of annual reports and financial statements to the shareholders.

SEC. 2. Section 305 of the Corporations Code is amended to read:

305. (a) Unless otherwise provided in the articles or bylaws and except for a vacancy created by the removal of a director, vacancies on the board may be filled by a majority of the directors then in office, whether or not less than a quorum, or by a sole remaining director. Unless the articles or a bylaw adopted by the shareholders provide that the board may fill vacancies occurring in the board by reason of the removal of directors, such vacancies may be filled only by approval of the shareholders (Section 153).

(b) The shareholders may elect a director at any time to fill any vacancy not filled by the directors. Any such election by written consent other than to fill a vacancy created by removal requires the consent of a majority of the outstanding shares entitled to vote.

(c) If, after the filling of any vacancy by the directors, the directors then in office who have been elected by the shareholders shall constitute less than a majority of the directors then in office,

(1) Any holder or holders of an aggregate of 5 percent or more of the total number of shares at the time outstanding having the right to vote for such directors may call a special meeting of shareholders, or

(2) The superior court of the proper county shall, upon application of such shareholder or shareholders, summarily order a special meeting of shareholders, to be held to elect the entire board. The term of office of any director shall terminate upon such election of a successor.

The hearing on any application filed pursuant to this subdivision shall be held on not less than 10 business days notice to the corporation. If the corporation intends to oppose the application, it shall file with the court a notice of opposition not later than five business days prior to the date set for the hearing. The application and any notice of opposition shall be supported by appropriate affidavits and the court's determintion shall be made on the basis of the papers in the record; but, for good cause shown, the court may receive and consider at the hearing additional evidence, oral or documentary, and additional points and authorities. The hearing shall take precedence over all other matters not of a similar nature pending on the date set for the hearing.

(d) Any director may resign effective upon giving written notice to the chairman of the board, the president, the secretary or the board of directors of the corporation, unless the notice specifies a later time for the effectiveness of such resignation. If the resignation is effective at a future time, a successor may be elected to take office when the resignation becomes effective.

SEC. 3. Section 307 of the Corporations Code is amended to read:

307. (a) Unless otherwise provided in the articles or (subject to paragraph (5) of subdivision (a) of Section 204) in the bylaws:

(1) Meetings of the board may be called by the chairman of the board or the president or any vice president or the secretary or any two directors.

(2) Regular meetings of the board may be held without notice if the time and place of such meetings are fixed by the bylaws or the board. Special meetings of the board shall be held upon four days' notice by mail or 48 hours' notice delivered personally or by telephone or telegraph. The articles or bylaws may not dispense with notice of a special meeting. A notice, or waiver of notice, need not specify the purpose of any regular or special meeting of the board.

(3) Notice of a meeting need not be given to any director who signs a waiver of notice or a consent to holding the meeting or an approval of the minutes thereof, whether before or after the meeting, or who attends the meeting without protesting, prior thereto or at its commencement, the lack of notice to such director. All such waivers, consents and approvals shall be filed with the corporate records or made a part of the minutes of the meeting.

(4) A majority of the directors present, whether or not a quorum is present, may adjourn any meeting to another time and place. If the meeting is adjourned for more than 24 hours, notice of any adjournment to another time or place shall be given prior to the time of the adjourned meeting to the directors who were not present at the time of the adjournment.

(5) Meetings of the board may be held at any place within or without the state which has been designated in the notice of the meeting or, if not stated in the notice or there is no notice, designated in the bylaws or by resolution of the board.

(6) Members of the board may participate in a meeting through use of conference telephone or similar communications equipment, so long as all members participating in such meeting can hear one another. Participation in a meeting pursuant to this subdivision constitutes presence in person at such meeting.

(7) A majority of the authorized number of directors constitutes a quorum of the board for the transaction of business. The articles or bylaws may not provide that a quorum shall be less than one-third the authorized number of directors or less than two, whichever is larger, unless the authorized number of directors is one, in which case one director constitutes a quorum.

(8) Every act or decision done or made by a majority of the directors present at a meeting duly held at which a quorum is present is the act of the board, subject to the provisions of Section 310 and subdivision (e) of Section 317. The articles or bylaws may not provide that a lesser vote than a majority of the directors present at a meeting is the act of the board. A meeting at which a quorum is initially present may continue to transact business notwithstanding the withdrawal of directors, if any action taken is approved by at least a majority of the required quorum for such meeting.

(b) Any action required or permitted to be taken by the board may be taken without a meeting, if all members of the board shall individually or collectively consent in writing to such action. Such written consent or consents shall be filed with the minutes of the proceedings of the board. Such action by written consent shall have the same force and effect as a unanimous vote of such directors.

(c) The provisions of this section apply also to committees of the board and incorporators and action by such committees and incorporators, mutatis mutandis.

SEC. 4. Section 311 of the Corporations Code is amended to read:

311. The board may, by resolution adopted by a majority of the authorized number of directors, designate one or more committees, each consisting of two or more directors, to serve at the pleasure of the board. The board may designate one or more directors as alternate members of any committee, who may replace any absent member at any meeting of the committee. The appointment of members or alternate members of a committee requires the vote of a majority of the authorized number of directors. Any such committee, to the extent provided in the resolution of the board or in the bylaws, shall have all the authority of the board, except with respect to:

(a) The approval of any action for which this division also requires shareholders' approval (Section 153) or approval of the outstanding shares (Section 152).

(b) The filling of vacancies on the board or in any committee.

(c) The fixing of compensation of the directors for serving on the board or on any committee.

(d) The amendment or repeal of bylaws or the adoption of new bylaws.

(e) The amendment or repeal of any resolution of the board which by its express terms is not so amendable or repealable.

(f) A distribution to the shareholders of the corporation (Section 166), except at a rate or in a periodic amount or within a price range determined by the board.

(g) The appointment of other committees of the board or the members thereof.

SEC. 4.4. Section 316 of the Corporations Code is amended to read:

316. (a) Subject to the provisions of Section 309, directors of a corporation who approve any of the following corporate actions shall be jointly and severally liable to the corporation for the benefit of all of the creditors or shareholders entitled to institute an action under subdivision (c):

(1) The making of any distribution to its shareholders to the extent that it is contrary to the provisions of Sections 500 to 503, inclusive.

(2) The distribtion of assets to shareholders after institution of dissolution proceedings of the corporation, without paying or adequately providing for all known liabilities of the corporation,

excluding any claims not filed by creditors within the time limit set by the court in a notice given to creditors under Chapters 18 (commencing with Section 1800), 19 (commencing with Section 1900) and 20 (commencing with Section 2000).

(3) The making of any loan or guaranty contrary to Section 315.

(b) A director who is present at a meeting of the board, or any committee thereof, at which action specified in subdivision (a) is taken and who abstains from voting shall be considered to have approved the action.

(c) Suit may be brought in the name of the corporation to enforce the liability (1) under paragraph (1) of subdivision (a) against any or all directors liable by the persons entitled to sue under subdivision (b) of Section 506, (2) under paragraph (2) or (3) of subdivision (a) against any or all directors liable by any one or more creditors of the corporation whose debts or claims arose prior to the time of any of the corporate actions specified in paragraph (2) or (3) of subdivision (a) and who have not consented to the corporate action, whether or not they have reduced their claims to judgment, or (3) under paragraph (3) of subdivision (a) against any or all directors liable by any one or more holders of shares outstanding at the time of any corporate action specified in paragraph (3) of subdivision (a) who have not consented to the corporate action, without regard to the provisions of Section 800.

(d) The damages recoverable from a director under this section shall be the amount of the illegal distribution or loss suffered by the corporation as a result of the illegal loan or guaranty, as the case may be, but not exceeding the liabilities of the corporation owed to nonconsenting creditors at the time of the violation and the injury suffered by nonconsenting shareholders, as the case may be.

(e) Any director sued under this section may implead all other directors liable and may compel contribution, either in that action or in an independent action against directors not joined in that action.

(f) Directors liable under this section shall also be entitled to be subrogated to the rights of the corporation:

(1) With respect to paragraph (1) of subdivision (a), against shareholders who received the distribution.

(2) With respect to paragraph (2) of subdivision (a), against shareholders who received the distribution of assets.

(3) With respect to paragraph (3) of subdivision (a), against the person who received the loan or guaranty. Any director sued under this section may file a cross-complaint against the person or persons who are liable to such director as a result of the subrogation provided for in this subdivision or may proceed against them in an independent action.

SEC. 4.5. Section 317 of the Corporations Code is amended to read:

317. (a) For the purposes of this section, "agent" means any person who is or was a director, officer, employee or other agent of the corporation, or is or was serving at the request of the corporation

as a director, officer, employee or agent of another foreign or domestic corporation, partnership, joint venture, trust or other enterprise, or was a director, officer, employee or agent of a foreign or domestic corporation which was a predecessor corporation of the corporation or of another enterprise at the request of such predecessor corporation; "proceeding" means any threatened, pending or completed action or proceeding, whether civil, criminal, administrative or investigative; and "expenses" includes without limitation attorneys' fees and any expenses of establishing a right to indemnification under subdivision (d) or paragraph (3) of subdivision (e).

(b) A corporation shall have power to indemnify any person who was or is a party or is threatened to be made a party to any proceeding (other than an action by or in the right of the corporation to procure a judgment in its favor) by reason of the fact that such person is or was an agent of the corporation, against expenses, judgments, fines, settlements and other amounts actually and reasonably incurred in connection with such proceeding if such person acted in good faith and in a manner such person reasonably believed to be in the best interests of the corporation and, in the case of a criminal proceeding, had no reasonable cause to believe the conduct of such person was unlawful. The termination of any proceeding by judgment, order, settlement, conviction or upon a plea of nolo contendere or its equivalent shall not, of itself, create a presumption that the person did not act in good faith and in a manner which the person reasonably believed to be in the best interests of the corporation or that the person had reasonable cause to believe that the person's conduct was unlawful.

(c) A corporation shall have power to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action by or in the right of the corporation to procure a judgment in its favor by reason of the fact that such person is or was an agent of the corporation, against expenses actually and reasonably incurred by such person in connection with the defense or settlement of such action if such person acted in good faith, in a manner such person believed to be in the best interests of the corporation and with such care, including reasonable inquiry, as an ordinarily prudent person in a like position would use under similar circumstances. No indemnification shall be made under this subdivision (c):

(1) In respect of any claim, issue or matter as to which such person shall have been adjudged to be liable to the corporation in the performance of such person's duty to the corporation, unless and only to the extent that the court in which such proceeding is or was pending shall determine upon application that, in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for the expenses which such court shall determine;

(2) Of amounts paid in settling or otherwise disposing of a

threatened or pending action, with or without court approval; or

(3) Of expenses incurred in defending a threatened or pending action which is settled or otherwise disposed of without court approval.

(d) To the extent that an agent of a corporation has been successful on the merits in defense of any proceeding referred to in subdivision (b) or (c) or in defense of any claim, issue or matter therein, the agent shall be indemnified against expenses actually and reasonably incurred by the agent in connection therewith.

(e) Except as provided in subdivision (d), any indemnification under this section shall be made by the corporation only if authorized in the specific case, upon a determination that indemnification of the agent is proper in the circumstances because the agent has met the applicable standard of conduct set forth in subdivision (b) or (c), by:

(1) A majority vote of a quorum consisting of directors who are not parties to such proceeding;

(2) Approval of the shareholders (Section 153), with the shares owned by the person to be indemnified not being entitled to vote thereon; or

(3) The court in which such proceeding is or was pending upon application made by the corporation or the agent or the attorney or other person rendering services in connection with the defense, whether or not such application by the agent, attorney or other person is opposed by the corporation.

(f) Expenses incurred in defending any proceeding may be advanced by the corporation prior to the final disposition of such proceeding upon receipt of an undertaking by or on behalf of the agent to repay such amount unless it shall be determined ultimately that the agent is entitled to be indemnified as authorized in this section.

(g) No provision made by a corporation to indemnify its or its subsidiary's directors or officers for the defense of any proceeding, whether contained in the articles, bylaws, a resolution of shareholders or directors, an agreement or otherwise, shall be valid unless consistent with this section. Nothing contained in this section shall affect any right to indemnification to which persons other than such directors and officers may be entitled by contract or otherwise.

(h) No indemnification or advance shall be made under this section, except as provided in subdivision (d) or paragraph (3) of subdivision (e), in any circumstance where it appears:

(1) That it would be inconsistent with a provision of the articles, bylaws, a resolution of the shareholders or an agreement in effect at the time of the accrual of the alleged cause of action asserted in the proceeding in which the expenses were incurred or other amounts were paid, which prohibits or otherwise limits indemnification; or

(2) That it would be inconsistent with any condition expressly imposed by a court in approving a settlement.

(i) A corporation shall have power to purchase and maintain insurance on behalf of any agent of the corporation against any

liability asserted against or incurred by the agent in such capacity or arising out of the agent's status as such whether or not the corporation would have the power to indemnify the agent against such liability under the provisions of this section.

(j) This section does not apply to any proceeding against any trustee, investment manager or other fiduciary of an employee benefit plan in such person's capacity as such, even though such person may also be an agent as defined in subdivision (a) of the employer corporation. Any or all of the signatures on the certificate may be facsimile. In case any officer, transfer agent or registrar who has signed or whose facsimile signature has been placed upon a certificate shall have ceased to be such officer, transfer agent or registrar before such certificate is issued, it may be issued by the corporation with the same effect as if such person were an officer, transfer agent or registrar at the date of issue.

(b) Notwithstanding subdivision (a), a corporation which is the issuer of securities registered under the United States Securities Exchange Act of 1934 or which is registered under the United States Investment Company Act of 1940 may adopt a system of issuance, recordation and transfer of its shares by electronic or other means not involving any issuance of certificates, including provisions for notice to purchasers in substitution for the required statements on certificates under Sections 417 and 418, which system has been approved by the Commissioner of Corporations or the United States Securities and Exchange Commission or which is authorized in any statute of the United States.

SEC. 5. Section 418 of the Corporations Code is amended to read:

418. (a) There shall also appear on the certificate (unless stated or summarized under subdivision (a) or (b) of Section 417) the statements required by all of the following clauses to the extent applicable:

For the purpose of this subdivision, transferee includes a purchaser from the corporation.

(c) All certificates representing shares of a close corporation shall contain in addition to any other statements required by this section, the following conspicuous legend on the face thereof: "This corporation is a close corporation. The number of holders of record of its shares of all classes cannot exceed _____ [a number not in excess of 10]. Any attempted voluntary inter vivos transfer which would violate this requirement is void. Refer to the articles, bylaws and any agreements on file with the secretary of the corporation for further restrictions."

(d) Any attempted voluntary inter vivos transfer of the shares of a close corporation which would result in the number of holders of record of its shares exceeding the maximum number specified in its articles is void if the certificate contains the legend required by subdivision (c).

SEC. 5.5. Section 420 of the Corporations Code is amended to read:

420. Neither a domestic nor foreign corporation nor its transfer agent or registrar is liable:

(a) For transferring or causing to be transferred on the books of the corporation to the surviving joint tenant or tenants any share or shares or other securities issued to two or more persons in joint tenancy, whether or not the transfer is made with actual or constructive knowledge of the existence of any understanding, agreement, condition or evidence that the shares or securities were held other than in joint tenancy or of a breach of trust by any joint tenant.

(b) To a minor or incompetent person in whose name shares or other securities are of record on its books or to any transferee of or transferor to either for transferring the shares or other securities on its books at the instance of or to the minor or incompetent or for the recognition of or dealing with the minor or incompetent as a

shareholder or security holder, whether or not the corporation, transfer agent or registrar had notice, actual or constructive, of the nonage or incompetency, unless a guardian or conservator of the property of the minor or incompetent has been appointed and the corporation, transfer agent or registrar has received written notice thereof.

(c) To any married person or to any transferee of such person for transferring shares or other securities on its books at the instance of the person in whose name they are registered, without the signature of such person's spouse and regardless of whether the registration indicates that the shares or other securities are community property, in the same manner as if such person were unmarried.

(d) The provisions of the California Commercial Code shall not affect the limitations of liability set forth in this section. Section 5125 of the Civil Code shall be subject to the provisions of this section and shall not be construed to prevent transfers, or result in liability to the corporation, transfer agent or registrar permitting or effecting transfers, which comply with this section.

SEC. 5.7. Section 500 of the Corporations Code is amended to read:

500. Neither a corporation nor any of its subsidiaries shall make any distribution to the corporation's shareholders (Section 166) unless:

(a) The amount of the retained earnings of the corporation immediately prior thereto equals or exceeds the amount of the proposed distribution; or

(b) Immediately after giving effect thereto:

(1) The sum of the assets of the corporation (exclusive of goodwill, capitalized research and development expenses and deferred charges) would be at least equal to 1¼ times its liabilities (not including deferred taxes, deferred income and other deferred credits); and

(2) The current assets of the corporation would be at least equal to its current liabilities or, if the average of the earnings of the corporation before taxes on income and before interest expense for the two preceding fiscal years was less than the average of the interest expense of the corporation for such fiscal years, at least equal to 1¼ times its current liabilities; provided, however, that in determining the amount of the assets of the corporation profits derived from an exchange of assets shall not be included unless the assets received are currently realizable in cash; and provided, further, that for the purpose of this subdivision "current assets" may include net amounts which the board has determined in good faith may reasonably be expected to be received from customers during the 12-month period used in calculating current liabilities pursuant to existing contractual relationships obligating such customers to make fixed or periodic payments during the term of the contract or, in the case of public utilities, pursuant to service connections with customers, after in each case giving effect to future costs not then

included in current liabilities but reasonably expected to be incurred by the corporation in performing such contracts or providing service to utility customers. The amount of any distribution payable in property shall, for the purpose of this chapter, be determined on the basis of the value at which such property is carried on the corporation's financial statements in accordance with generally accepted accounting principles. Paragraph (2) of subdivision (b) is not applicable to a corporation which does not classify its assets into current and fixed under generally accepted accounting principles.

SEC. 6. Section 503.1 is added to the Corporations Code, to read:

503.1. The provisions of Sections 500, 501, 502 and 503 shall not apply to a purchase or redemption of shares of a deceased shareholder from the proceeds of insurance on the life of such shareholder in excess of the total amount of all premiums paid by the corporation for such insurance, in order to carry out the provisions of an agreement between the corporation and such shareholder to purchase or redeem such shares upon the death of the shareholder.

SEC. 7. Section 601 of the Corporations Code is amended to read:

601. (a) Whenever shareholders are required or permitted to take any action at a meeting a written notice of the meeting shall be given not less than 10 nor more than 60 days before the date of the meeting to each shareholder entitled to vote thereat. Such notice shall state the place, date and hour of the meeting and (1) in the case of a special meeting, the general nature of the business to be transacted, and no other business may be transacted, or (2) in the case of the annual meeting, those matters which the board, at the time of the mailing of the notice, intends to present for action by the shareholders, but subject to the provisions of subdivision (f) any proper matter may be presented at the meeting for such action. The notice of any meeting at which directors are to be elected shall include the names of nominees intended at the time of the notice to be presented by management for election.

(b) Notice of a shareholders' meeting or any report shall be given either personally or by mail or other means of written communication, addressed to the shareholder at the address of such shareholder appearing on the books of the corporation or given by the shareholder to the corporation for the purpose of notice; or if no such address appears or is given, at the place where the principal executive office of the corporation is located or by publication at least once in a newspaper of general circulation in the county in which the principal executive office is located. The notice or report shall be deemed to have been given at the time when delivered personally or deposited in the mail or sent by other means of written communication. An affidavit of mailing of any notice or report in accordance with the provisions of this division, executed by the secretary, assistant secretary or any transfer agent, shall be prima facie evidence of the giving of the notice or report.

If any notice or report addressed to the shareholder at the address

of such shareholder appearing on the books of the corporation is returned to the corporation by the United States Postal Service marked to indicate that the United States Postal Service is unable to deliver the notice or report to the shareholder at such address, all future notices or reports shall be deemed to have been duly given without further mailing if the same shall be available for the shareholder upon written demand of the shareholder at the principal executive office of the corporation for a period of one year from the date of the giving of the notice or report to all other shareholders.

(c) Upon request in writing to the chairman of the board, president, vice president or secretary by any person (other than the board) entitled to call a special meeting of shareholders, the officer forthwith shall cause notice to be given to the shareholders entitled to vote that a meeting will be held at a time requested by the persons or persons calling the meeting, not less than 35 nor more than 60 days after the receipt of the request. If the notice is not given within 20 days after receipt of the request, the persons entitled to call the meeting may give the notice or the superior court of the proper county shall summarily order the giving of the notice, after notice to the corporation giving it an opportunity to be heard. The procedure provided in subdivision (c) of Section 305 shall apply to such application. The court may issue such orders as may be appropriate, including, without limitation, orders designating the time and place of the meeting, the record date for determination of shareholders entitled to vote and the form of notice.

(d) When a shareholders' meeting is adjourned to another time or place, unless the bylaws otherwise require and except as provided in this subdivision, notice need not be given of the adjourned meeting if the time and place thereof are announced at the meeting at which the adjournment is taken. At the adjourned meeting the corporation may transact any business which might have been transacted at the original meeting. If the adjournment is for more than 45 days or if after the adjournment a new record date is fixed for the adjourned meeting, a notice of the adjourned meeting shall be given to each shareholder of record entitled to vote at the meeting.

(e) The transactions of any meeting of shareholders, however called and noticed, and wherever held, are as valid as though had at a meeting duly held after regular call and notice, if a quorum is present either in person or by proxy, and if, either before or after the meeting, each of the persons entitled to vote, not present in person or by proxy, signs a written waiver of notice or a consent to the holding of the meeting or an approval of the minutes thereof. All such waivers, consents and approvals shall be filed with the corporate records or made a part of the minutes of the meeting. Attendance of a person at a meeting shall constitute a waiver of notice of and presence at such meeting, except when the person objects, at the beginning of the meeting, to the transaction of any business because the meeting is not lawfully called or convened and except that attendance at a meeting is not a waiver of any right to object to the

consideration of matters required by this division to be included in the notice but not so included, if such objection is expressly made at the meeting. Neither the business to be transacted at nor the purpose of any regular or special meeting of shareholders need be specified in any written waiver of notice, consent to the holding of the meeting or approval of the minutes thereof, unless otherwise provided in the articles or bylaws, except as provided in subdivision (f).

(f) Any shareholder approval at a meeting, other than unanimous approval by those entitled to vote, pursuant to Section 310, 902, 1201, 1900 or 2007 shall be valid only if the general nature of the proposal so approved was stated in the notice of meeting or in any written waiver of notice.

SEC. 7.3. Section 604 of the Corporations Code is amended to read:

604. (a) Any form of proxy or written consent distributed to 10 or more shareholders of a corporation with outstanding shares held of record by 100 or more persons shall afford an opportunity on the proxy or form of written consent to specify a choice between approval and disapproval of each matter or group of related matters intended to be acted upon at the meeting for which the proxy is solicited or by such written consent, other than elections to office, and shall provide, subject to reasonable specified conditions, that where the person solicited specifies a choice with respect to any such matter the shares will be voted in accordance therewith.

This subdivision does not apply to any corporation with an outstanding class of securities registered under Section 12 of the Securities Exchange Act of 1934 or whose securities are exempted from such registration by Section 12(g)(2) of that act.

(b) Every form of proxy or written consent, which provides an opportunity to specify approval or disapproval with respect to any proposal, shall also contain an appropriate space marked "abstain," whereby a shareholder may indicate a desire to abstain from voting his or her shares on the proposal. A proxy marked "abstain" by the shareholder with respect to a particular proposal shall not be voted either for or against such proposal.

(c) In any election of directors, any form of proxy in which the directors to be voted upon are named therein as candidates and which is marked by a shareholder "withhold" or otherwise marked in a manner indicating that the authority to vote for the election of directors is withheld shall not be voted either for or against the election of a director.

This subdivision does not apply to any corporation with an outstanding class of securities registered under Section 12 of the Securities Exchange Act of 1934 or whose securities are exempted from such registration by Section 12(g)(2) of that act.

(d) Failure to comply with this section shall not invalidate any corporate action taken, but may be the basis for challenging any proxy at a meeting and the superior court may compel compliance therewith at the suit of any shareholder.

SEC. 7.7. Section 701 of the Corporations Code is amended to read:

701. (a) In order that the corporation may determine the shareholders entitled to notice of any meeting or to vote or entitled to receive payment of any dividend or other distribution or allotment of any rights or entitled to exercise any rights in respect of any other lawful action, the board may fix, in advance, a record date, which shall not be more than 60 nor less than 10 days prior to the date of such meeting nor more than 60 days prior to any other action.

(b) If no record date is fixed:

(1) The record date for determining shareholders entitled to notice of or to vote at a meeting of shareholders shall be at the close of business on the business day next preceding the day on which notice is given or, if notice is waived, at the close of business on the business day next preceding the day on which the meeting is held.

(2) The record date for determining shareholders entitled to give consent to corporate action in writing without a meeting, when no prior action by the board has been taken, shall be the day on which the first written consent is given.

(3) The record date for determining shareholders for any other purpose shall be at the close of business on the day on which the board adopts the resolution relating thereto, or the 60th day prior to the date of such other action, whichever is later.

(c) A determination of shareholders of record entitled to notice of or to vote at a meeting of shareholders shall apply to any adjournment of the meeting unless the board fixes a new record date for the adjourned meeting, but the board shall fix a new record date if the meeting is adjourned for more than 45 days from the date set for the original meeting.

(d) Shareholders at the close of business on the record date are entitled to notice and to vote or to receive the dividend, distribution or allotment of rights or to exercise the rights, as the case may be, notwithstanding any transfer of any shares on the books of the corporation after the record date, except as otherwise provided in the articles or by agreement or in this division.

SEC. 8. Section 705 of the Corporations Code is amended to read:

705. (a) Every person entitled to vote shares may authorize another person or persons to act by proxy with respect to such shares. Any proxy purporting to be executed in accordance with the provisions of this division shall be presumptively valid.

(b) No proxy shall be valid after the expiration of 11 months from the date thereof unless otherwise provided in the proxy. Every proxy continues in full force and effect until revoked by the person executing it prior to the vote pursuant thereto, except as otherwise provided in this section. Such revocation may be effected by a writing delivered to the corporation stating that the proxy is revoked or by a subsequent proxy executed by the person executing the prior

proxy and presented to the meeting, or by attendance at the meeting and voting in person by the person executing the proxy. The dates contained on the forms of proxy presumptively determine the order of execution, regardless of the postmark dates on the envelopes in which they are mailed.

(c) A proxy is not revoked by the death or incapacity of the maker unless, before the vote is counted, written notice of such death or incapacity is received by the corporation.

(d) Except when other provision shall have been made by written agreement between the parties, the recordholder of shares which such person holds as pledgee or otherwise as security or which belong to another shall issue to the pledgor or to the owner of such shares, upon demand therefor and payment of necessary expenses thereof, a proxy to vote or take other action thereon.

(e) A proxy which states that it is irrevocable is irrevocable for the period specified therein (notwithstanding subdivision (c)) when it is held by any of the following or a nominee of any of the following:

(1) A pledgee;

(2) A person who has purchased or agreed to purchase or holds an option to purchase the shares or a person who has sold a portion of such person's shares in the corporation to the maker of the proxy;

(3) A creditor or creditors of the corporation or the shareholder who extended or continued credit to the corporation or the shareholder in consideration of the proxy if the proxy states that it was given in consideration of such extension or continuation of credit and the name of the person extending or continuing credit;

(4) A person who has contracted to perform services as an employee of the corporation, if a proxy is required by the contract of employment and if the proxy states that it was given in consideration of such contract of employment, the name of the employee and the period of employment contracted for; or

(5) A person designated by or under an agreement under Section 706.

Notwithstanding the period of irrevocability specified, the proxy becomes revocable when the pledge is redeemed, the option or agreement to purchase is terminated or the seller no longer owns any shares of the corporation or dies, the debt of the corporation or the shareholder is paid, the period of employment provided for in the contract of employment has terminated or the agreement under Section 706 has terminated. In addition to the foregoing clauses (1) through (5), a proxy may be made irrevocable (notwithstanding subdivision (c)) if it is given to secure the performance of a duty or to protect a title, either legal or equitable, until the happening of events which, by its terms, discharge the obligations secured by it.

(f) A proxy may be revoked, notwithstanding a provision making it irrevocable, by a transferee of shares without knowledge of the existence of the provision unless the existence of the proxy and its irrevocability appears on the certificate representing such shares.

SEC. 9. Section 708 of the Corporations Code is amended to

read:

708. (a) Every shareholder complying with subdivision (b) and entitled to vote at any election of directors may cumulate such shareholder's votes and give one candidate a number of votes equal to the number of directors to be elected multiplied by the number of votes to which the shareholder's shares are entitled, or distribute the shareholder's votes on the same principle among as many candidates as the shareholder thinks fit.

(b) No shareholder shall be entitled to cumulate votes (i.e., cast for any candidate a number of votes greater than the number of the shareholder's shares) unless such candidate or candidates' names have been placed in nomination prior to the voting and the shareholder has given notice at the meeting prior to the voting of the shareholder's intention to cumulate the shareholder's votes. If any one shareholder has given such notice, all shareholders may cumulate their votes for candidates in nomination.

(c) In any election of directors, the candidates receiving the highest number of votes of the shares entitled to be voted for them up to the number of directors to be elected by such shares are elected.

(d) Subdivision (a) applies to the shareholders of any mutual water company organized or existing for the purpose of delivering water to its shareholders at cost on lands located within the boundaries of one or more reclamation districts now or hereafter legally existing in this state and created by or formed under the provisions of any statute of this state, but does not otherwise apply to the shareholders of mutual water companies unless their articles or bylaws so provide.

(e) Elections for directors need not be by ballot unless a shareholder demands election by ballot at the meeting and before the voting begins or unless the bylaws so require.

SEC. 9.3. Section 902 of the Corporations Code is amended to read:

902. (a) After any shares have been issued, amendments may be adopted if approved by the board and approved by the outstanding shares (Section 152), either before or after the approval by the board.

(b) Notwithstanding subdivision (a), an amendment extending the corporate existence or making the corporate existence perpetual may be adopted by a corporation organized prior to August 14, 1929, with approval by the board alone.

(c) Notwithstanding subdivision (a), unless the corporation has more than one class of shares outstanding, an amendment effecting only a stock split (including an increase in the authorized number of shares in proportion thereto) may be adopted with approval by the board alone.

(d) Notwithstanding subdivision (a), an amendment deleting the names and addresses of the first directors or the name and address of the initial agent may be adopted with approval by the board alone.

(e) Whenever the articles require for corporate action the vote of

a larger proportion or of all of the shares of any class or series, or of a larger proportion or of all of the directors, than is otherwise required by this division, the provision in the articles requiring such greater vote shall not be altered, amended or repealed except by such greater vote unless otherwise provided in the articles.

(f) Notwithstanding subdivision (a), any amendment reducing the vote required for an amendment pursuant to subdivision (c) of Section 158 may not be adopted unless approved by the affirmative vote of at least two-thirds of each class of outstanding shares or such other vote as may then be specified by the articles of the corporation.

SEC. 9.7. Section 904 of the Corporations Code is amended to read:

904. If any amendment of the articles would make shares assessable or would authorize remedy by action for the collection of an assessment on fully paid shares, it must be approved by all of the outstanding shares affected regardless of limitations or restrictions on the voting rights thereof.

SEC. 10. Section 910 of the Corporations Code is amended to read:

910. (a) A corporation may restate in a single certificate the entire text of its articles as amended by filing an officers' certificate entitled "Restated Articles of Incorporation of (insert name of corporation)" which shall set forth the articles as amended to the date of the filing of the certificate, except that the signatures and acknowledgments of the incorporators and any statements regarding the effect of any prior amendment upon outstanding shares and any provisions of agreements of merger (other than amendments to the articles of the surviving corporation) and the names and addresses of the first directors and of the initial agent for service of process shall be omitted. Such omissions are not alterations or amendments of the articles. The certificate may also itself alter or amend the articles in any respect, in which case the certificate must comply with Section 905 or 906, as the case may be, and Section 907.

(b) If the certificate does not itself alter or amend the articles in any respect, it shall be approved by the board and shall be subject to the provisions of this chapter relating to an amendment of the articles not requiring any approval of the outstanding shares (Section 152). If the certificate does itself alter or amend the articles, it shall be subject to the provisions of this chapter relating to the amendment or amendments so made.

(c) Certificates of determination are a part of the articles within the meaning of this section. The provisions of such a certificate shall be given an article designation in the restated articles.

(d) Restated articles of incorporation filed pursuant to this section shall supersede for all purposes the original articles and all amendments and certificates of determination filed prior thereto.

SEC. 10.5. Section 1001 of the Corporations Code is amended to read:

1001. (a) A corporation may sell, lease, convey, exchange,

transfer or otherwise dispose of all or substantially all of its assets when the principal terms are

(1) Approved by the board, and

(2) Unless the transaction is in the usual and regular course of its business, approved by the outstanding shares (Section 152), either before or after approval by the board and before or after the transaction.

A transaction constituting a reorganization (Section 181) is subject to the provisions of Chapter 12 (commencing with Section 1200) and not this section (other than subdivision (d) hereof).

(b) Notwithstanding approval of the outstanding shares (Section 152), the board may abandon the proposed transaction without further action by the shareholders, subject to the contractual rights, if any, of third parties.

(c) Such sale, lease, conveyance, exchange, transfer or other disposition may be made upon such terms and conditions and for such consideration as the board may deem in the best interests of the corporation. The consideration may be money, property or securities of any other corporation, domestic or foreign, or any of them.

(d) If the buyer in a sale of assets pursuant to subdivision (a) of this section or subdivision (g) of Section 2001 is in control of or under common control with the seller, the principal terms of the sale must be approved by at least 90 percent of the voting power unless the sale is to a domestic or foreign corporation in consideration of the nonredeemable common shares of the purchasing corporation or its parent.

(e) Subdivision (d) does not apply to any transaction if the Commissioner of Corporations, the Insurance Commissioner or the Public Utilities Commission has approved the terms and conditions of the transaction and the fairness of such terms and conditions pursuant to Section 25142, Section 838.5 of the Insurance Code or Section 822 of the Public Utilities Code.

SEC. 11. Section 1101 of the Corporations Code is amended to read:

1101. The board of each corporation which desires to merge shall approve an agreement of merger. The constituent corporations shall be parties to the agreement of merger and other persons, including a parent party corporation (Section 1200), may be parties to the agreement of merger. The agreement shall state:

(a) The terms and conditions of the merger:

(b) The amendments, subject to Sections 900 and 907, to the articles of the surviving corporation to be effected by the merger, if any; if any amendment changes the name of the surviving corporation the new name may be the same as or similar to the name of a disappearing domestic or foreign corporation, subject to subdivision (b) of Section 201;

(c) The name and place of incorporation of each constituent corporation and which of the constituent corporations is the surviving corporation;

(d) The manner of converting the shares of each of the constituent corporations into shares or other securities of the surviving corporation and, if any shares of any of the constituent corporations are not to be converted solely into shares or other securities of the surviving corporation, the cash, property, rights or securities of any corporation which the holders of such shares are to receive in exchange for such shares, which cash, property, rights or securities of any corporation may be in addition to or in lieu of shares or other securities of the surviving corporation; and

(e) Such other details or provisions as are desired, if any, including, without limitation, a provision for the payment of cash in lieu of fractional shares or for any other arrangement with respect thereto consistent with the provisions of Section 407. Each share of the same class, or series of any constituent corporation (other than the cancellation of shares held by a surviving corporation or its parent or a wholly owned subsidiary of either in a constituent corporation) shall, unless all shareholders of the class or series consent and except as provided in Section 407, be treated equally with respect to any distribution of cash, property, rights or securities. Notwithstanding subdivision (d), except in a short-form merger, the nonredeemable common shares of a constituent corporation may be converted only into nonredeemable common shares of the surviving corporation or a parent party if a constituent corporation or its parent owns, directly or indirectly, shares of another constituent corporation representing more than 50 percent of the voting power of the other constituent corporation prior to the merger, unless all of the shareholders of the class consent and except as provided in Section 407.

SEC. 11.5. Section 1101.1 is added to the Corporations Code, to read:

1101.1. The last two sentences of Section 1101 do not apply to any transaction if the Commissioner of Corporations, the Commissioner of Insurance or the Public Utilities Commission has approved the terms and conditions of the transaction and the fairness of such terms and conditions pursuant to Section 25142 or Section 838.5 of the Insurance Code or Section 822 of the Public Utilities Code.

SEC. 11.7. Section 1103 of the Corporations Code is amended to read:

1103. After approval of a merger by the board and any approval of the outstanding shares (Section 152) required by Chapter 12 (commencing with Section 1200), the surviving corporation shall file a copy of the agreement of merger with an officers' certificate of each constituent corporation attached stating the total number of outstanding shares of each class entitled to vote on the merger, that the principal terms of the agreement in the form attached were approved by that corporation by a vote of a number of shares of each class which equaled or exceeded the vote required, specifying each class entitled to vote and the percentage vote required of each class, or that the merger was entitled to be approved by the board alone under the provisions of Section 1201. If equity securities of a parent

of a constituent corporation are to be issued in the merger, the officers' certificate of that constituent corporation shall state either that no vote of the shareholders of the parent was required or that the required vote was obtained. The merger and any amendment of the articles of the surviving corporation contained in the merger agreement shall thereupon be effective (subject to subdivision (c) of Section 110 and subject to the provisions of Section 1108) and the several parties thereto shall be one corporation. The agreement shall not be filed, however, until there has been filed by or on behalf of each corporation taxed under the Bank and Corporation Tax Law (Part 11 (commencing with Section 23001) of Division 2 of the Revenue and Taxation Code), the existence of which is terminated by the merger, the certificate of satisfaction of the Franchise Tax Board that all taxes imposed by said law have been paid or secured. The Secretary of State may certify a copy of the merger agreement separate from the officers' certificates attached thereto.

SEC. 12. Section 1108 of the Corporations Code is amended to read:

1108. (a) The merger of any number of domestic corporations with any number of foreign corporations may be effected if the foreign corporations are authorized by the laws under which they are formed to effect such a merger. The surviving corporation may be any one of the constituent corporations and shall continue to exist under the laws of the state or place of its incorporation.

(b) If the surviving corporation is a domestic corporation, the merger proceedings with respect to that corporation and any domestic disappearing corporation shall conform to the provisions of this chapter governing the merger of domestic corporations, or to Section 1110, but if the surviving corporation is a foreign corporation, then, subject to the requirements of subdivision (d) and of Section 407 and Chapters 12 (commencing with Section 1200) and 13 (commencing with Section 1300) (with respect to any domestic constituent corporations), the merger proceedings may be in accordance with the laws of the state or place of incorporation of the surviving corporation.

(c) If the surviving corporation is a domestic corporation, the agreement and the officers' certificate of each domestic or foreign constituent corporation shall be filed as provided in Section 1103 and thereupon, subject to subdivision (c) of Section 110, the merger shall be effective as to each domestic constituent corporation; and each foreign disappearing corporation which is qualified for the transaction of intrastate business shall by virtue of the filing automatically surrender its right to transact intrastate business.

(d) Subject to Section 1110, if the surviving corporation is a foreign corporation, the merger shall become effective in accordance with the law of the jurisdiction in which it is organized, but shall be effective as to any domestic disappearing corporation as of the time of effectiveness in such foreign jurisdiction upon the filing in this state as required by this subdivision. There shall be filed as to the domestic disappearing corporation or corporations a copy of the

agreement, certificate or other document filed by the surviving foreign corporation in the state or place of its incorporation for the purpose of effecting the merger, which copy shall be certified by the public officer having official custody of the original or, in lieu thereof, an executed counterpart of such agreement, certificate or other document; and each foreign disappearing corporation which is qualified for the transaction of intrastate business shall automatically by such filing surrender its right to transact intrastate business.

(e) The provisions of the last two sentences of Section 1101 and Chapters 12 (commencing with Section 1200) and 13 (commencing with Section 1300) apply to the rights of the shareholders of any of the constituent corporations which are domestic corporations and of any domestic corporation which is a parent party of any foreign constituent corporation.

SEC. 13. Section 1109 of the Corporations Code is amended to read:

1109. Whenever a domestic or foreign corporation having any real property in this state merges or consolidates with another corporation pursuant to the laws of this state or of the state or place in which any constituent corporation was incorporated, and the laws of the state or place of incorporation (including this state) of any disappearing corporation provide substantially that the making and filing of the agreement of merger or consolidation vests in the surviving or consolidated corporation all the real property of any disappearing corporation, the filing for record in the office of the county recorder of any county in this state in which any of the real property of such disappearing corporation is located of either (a) a certificate prescribed by the Secretary of State, or (b) a copy of the agreement of merger or consolidation or certificate of ownership or certificate of merger, certified by the Secretary of State or an authorized public official of the state or place pursuant to the laws of which the merger or consolidation is effected, shall evidence record ownership in the surviving or consolidated corporation of all interest of such disappearing corporation in and to the real property located in that county.

SEC. 14. Section 1110 of the Corporations Code is amended to read:

1110. (a) If a domestic corporation owns all the outstanding shares of a corporation or corporations, domestic or foreign, the merger of the subsidiary corporation or corporations into the parent corporation may be effected by a resolution adopted by the board of the parent corporation and the filing of a certificate of ownership as provided in subdivision (d). The resolution shall provide for the merger and shall provide that the parent corporation assumes all the liabilities of each subsidiary corporation.

(b) If a domestic corporation owns less than all the outstanding shares but at least 90 percent of the outstanding shares of each class of a corporation or corporations, domestic or foreign, the merger of the subsidiary corporation or corporations into the parent corporation may be effected by resolutions adopted by the boards of the parent and each subsidiary corporation and the filing of a

certificate of ownership as provided in subdivision (d). The resolution of the board of the parent corporation shall provide for the merger, shall provide that the parent corporation assumes all the liabilities of each subsidiary corporation and shall set forth the securities, cash, property or rights to be issued, paid, delivered or granted by the parent corporation upon surrender of each share of each subsidiary corporation not owned by the parent corporation. The resolution of the board of each subsidiary corporation shall approve the fairness of the consideration to be received for each share of the subsidiary corporation not owned by the parent corporation.

(c) In any merger pursuant to this section, the parent corporation may change its name, subject to Section 201, regardless of whether the name so adopted is the same as or similar to that of one of the disappearing corporations. In such case the resolution shall provide for the amendment of articles to change the name and shall establish the wording of the amendment as provided in Section 907.

(d) After adoption of the resolution or resolutions of merger, a certificate of ownership consisting of an officers' certificate of the parent corporation shall be filed, and a copy thereof for each domestic and qualified foreign disappearing corporation shall also be filed. The certificate of ownership shall:

(1) Identify the parent and subsidiary corporation or corporations.

(2) Set forth the share ownership by the parent corporation of each subsidiary corporation as 100 percent of the outstanding shares or as at least 90 percent of the outstanding shares of each class, as the case may be.

(3) Set forth the resolution adopted by the board of the parent corporation, including the resolution for change of name if applicable.

(4) Set forth the resolution adopted by the board of each subsidiary corporation, if required.

(e) The certificate of ownership shall not be filed, however, until there has been filed by or on behalf of each subsidiary corporation taxed under the Bank and Corporation Tax Law (Part 11 (commencing with Section 23001) of Division 2 of the Revenue and Taxation Code), the existence of which is terminated by the merger, the certificate of satisfaction of the Franchise Tax Board that all taxes imposed by such law have been paid or secured.

(f) Upon the filing of the certificate of ownership, the merger shall be effective and any amendment of the articles of the surviving corporation set forth in the certificate shall be effective.

(g) A merger pursuant to this section may be effected if the parent corporation is a foreign corporation and if at least one subsidiary corporation is a domestic corporation but in such a case the certificate of ownership prepared as in subdivision (d) shall be filed as to each domestic and qualified foreign subsidiary corporation, but no filing shall be made as to the foreign parent corporation.

(h) A foreign subsidiary corporation may not be merged as in this

section provided and a foreign parent corporation may not act as in this section provided unless the laws of the state or place of its incorporation permit such action.

(i) In the event all of the outstanding shares of a subsidiary domestic corporation party to a merger effected under this section are not owned by the parent corporation immediately prior to the merger, the parent corporation shall, at least 20 days before the effective date of the merger, give notice to each shareholder of such subsidiary corporation that the merger will become effective on or after a specified date, which notice shall contain a copy of the resolutions of the boards of the parent and the subsidiary required by subdivision (b) and the information required by subdivision (a) of Section 1301. The notice shall be sent by mail addressed to the shareholder at the address of such shareholder as it appears on the records of the corporation. Any such shareholder shall have the right to demand payment of cash for the shares of such shareholder pursuant to the provisions of Chapter 13 (commencing with Section 1300).

SEC. 15. Section 1201 of the Corporations Code is amended to read:

1201. (a) The principal terms of a reorganization shall be approved by the outstanding shares (Section 152) of each class of each corporation the approval of whose board is required under Section 1200, except as provided in subdivision (b) and except that (unless otherwise provided in the articles) no approval of any class of outstanding preferred shares of the surviving or acquiring corporation or parent party shall be required if the rights, preferences, privileges and restrictions granted to or imposed upon such class of shares remain unchanged (subject to the provisions of subdivision (c)). For the purpose of this subdivision, two classes of common shares differing only as to voting rights shall be considered as a single class of shares.

(b) No approval of the outstanding shares (Section 152) is required by subdivision (a) in the case of any corporation if such corporation, or its shareholders immediately before the reorganization, or both, shall own (immediately after the reorganization) equity securities, other than any warrant or right to subscribe to or purchase such equity securities, of the surviving or acquiring corporation or a parent party (subdivision (d) of Section 1200) possessing more than five-sixths of the voting power of the surviving or acquiring corporation or parent party. In making the determination of ownership by the shareholders of a corporation, immediately after the reorganization, of equity securities pursuant to the preceding sentence, equity securities which they owned immediately before the reorganization as shareholders of another party to the transaction shall be disregarded. For the purpose of this section only, the voting power of a corporation shall be calculated by assuming the conversion of all equity securities convertible (immediately or at some future time) into shares entitled to vote but not assuming the exercise of any warrant or right to subscribe to or purchase such

shares.

(c) Notwithstanding the provisions of subdivision (b), a reorganization shall be approved by the outstanding shares (Section 152) of the surviving corporation in a merger reorganization if any amendment is made to its articles which would otherwise require such approval.

(d) Notwithstanding the provisions of subdivision (b), a reorganization shall be approved by the outstanding shares (Section 152) of any class of a corporation which is a party to a merger or sale-of-assets reorganization if holders of shares of that class receive shares of the surviving or acquiring corporation having different rights, preferences, privileges or restrictions than those surrendered. Shares in a foreign corporation received in exchange for shares in a domestic corporation have different rights, preferences, privileges and restrictions within the meaning of the preceding sentence.

(e) Notwithstanding the provisions of subdivisions (a) and (b), a reorganization shall be approved by the affirmative vote of at least two-thirds of each class of the outstanding shares of any close corporation if the reorganization would result in their receiving shares of a corporation which is not a close corporation; provided, however, that the articles may provide for a lesser vote, but not less than a majority of the outstanding shares of each class.

(f) Any approval required by this section may be given before or after the approval by the board. Notwithstanding approval required by this section, the board may abandon the proposed reorganization without further action by the shareholders, subject to the contractual rights, if any, of third parties.

SEC. 16. Section 1305 of the Corporations Code is amended to read:

1305. (a) If the court appoints an appraiser or appraisers, they shall proceed forthwith to determine the fair market value per share. Within the time fixed by the court, the appraisers, or a majority of them, shall make and file a report in the office of the clerk of the court. Thereupon, on the motion of any party, the report shall be submitted to the court and considered on such evidence as the court considers relevant. If the court finds the report reasonable, the court may confirm it.

(b) If a majority of the appraisers appointed fail to make and file a report within 10 days from the date of their appointment or within such further time as may be allowed by the court or the report is not confirmed by the court, the court shall determine the fair market value of the dissenting shares.

(c) Subject to the provisions of Section 1306, judgment shall be rendered against the corporation for payment of an amount equal to the fair market value of each dissenting share multiplied by the number of dissenting shares which any dissenting shareholder who is a party, or who has intervened, is entitled to require the corporation to purchase, with interest thereon at the legal rate from the date on which judgment was entered.

(d) Any such judgment shall be payable only upon the

endorsement and delivery to the corporation of the certificates for the shares described in the judgment. Any party may appeal from the judgment.

(e) The costs of the action, including reasonable compensation to the appraisers to be fixed by the court, shall be assessed or apportioned as the court considers equitable, but, if the appraisal exceeds the price offered by the corporation, the corporation shall pay the costs (including in the discretion of the court attorneys' fees, fees of expert witnesses and interest at the legal rate on judgments from the date of compliance with Sections 1300, 1301 and 1302 if the value awarded by the court for the shares is more than 125 percent of the price offered by the corporation under subdivision (a) of Section 1301).

SEC. 16.2. Section 1501 of the Corporations Code is amended to read:

1501. (a) The board shall cause an annual report to be sent to the shareholders not later than 120 days after the close of the fiscal year, unless in the case of a corporation with less than 100 holders of record of its shares (determined as provided in Section 605) this requirement is expressly waived in the bylaws. Such report shall contain a balance sheet as of the end of such fiscal year and an income statement and statement of changes in financial position for such fiscal year, accompanied by any report thereon of independent accountants or, if there is no such report, the certificate of an authorized officer of the corporation that such statements were prepared without audit from the books and records of the corporation.

Unless so waived, such report shall be sent to the shareholders at least 15 days prior to the annual meeting of shareholders to be held during the next fiscal year, but this requirement shall not limit the requirement for holding an annual meeting as required by Section 600.

Notwithstanding Section 114, the financial statements of any corporation with fewer than 100 holders of record of its shares (determined as provided in Section 605) required to be furnished by this subdivision and subdivision (c) of this section are not required to be prepared in conformity with generally accepted accounting principles if they reasonably set forth the assets and liabilities and the income and expense of the corporation and disclose the accounting basis used in their preparation.

(b) In addition to the financial statements required by subdivision (a), the annual report of any corporation having 100 or more holders of record of its shares (determined as provided in Section 605) and having no class of securities registered under Section 12 of the Securities Exchange Act of 1934, or exempted from such registration by Section 12(g)(2) of that act, shall also describe briefly:

(1) Any transaction (excluding compensation of officers and directors) during the previous fiscal year involving an amount in excess of forty thousand dollars ($40,000) (other than contracts let at

competitive bid or services rendered at prices regulated by law) to which the corporation or its parent or subsidiary was a party and in which any director or officer of the corporation or of a subsidiary or (if known to the corporation or its parent or subsidiary) any holder of more than 10 percent of the outstanding voting shares of the corporation had a direct or indirect material interest, naming such person and stating such person's relationship to the corporation, the nature of such person's interest in the transaction and, where practicable, the amount of such interest; provided, that in the case of a transaction with a partnership of which such person is a partner, only the interest of the partnership need be stated; and provided, further that no such report need be made in the case of transactions approved by the shareholders (Section 153) under subdivision (a) of Section 310.

(2) The amount and circumstances of any indemnification or advances aggregating more than ten thousand dollars ($10,000) paid during the fiscal year to any officer or director of the corporation pursuant to Section 317; provided, that no such report need be made in the case of indemnification approved by the shareholders (Section 153) under paragraph (2) of subdivision (e) of Section 317.

(c) If no annual report for the last fiscal year has been sent to shareholders, the corporation shall, upon the written request of any shareholder made more than 120 days after the close of such fiscal year, deliver or mail to the person making the request within 30 days thereafter the financial statements required by subdivision (a) for such year. A shareholder or shareholders holding at least 5 percent of the outstanding shares of any class of a corporation may make a written request to the corporation for an income statement of the corporation for the three-month, six-month or nine-month period of the current fiscal year ended more than 30 days prior to the date of the request and a balance sheet of the corporation as of the end of such period and, in addition, if no annual report for the last fiscal year has been sent to shareholders, the statements required by subdivision (a) for the last fiscal year. The statements shall be delivered or mailed to the person making the request within 30 days thereafter. A copy of the statements shall be kept on file in the principal office of the corporation for 12 months and they shall be exhibited at all reasonable times to any shareholder demanding an examination of them or a copy shall be mailed to such shareholder.

(d) The quarterly income statements and balance sheets referred to in this section shall be accompanied by the report thereon, if any, of any independent accountants engaged by the corporation or the certificate of an authorized officer of the corporation that such financial statements were prepared without audit from the books and records of the corporation.

(e) In addition to the penalties provided for in Section 2200, the superior court of the proper county shall enforce the duty of making and mailing or delivering the information and financial statements required by this section and, for good cause shown, may extend the

time therefor.

(f) In any action or proceeding under this section, if the court finds the failure of the corporation to comply with the requirements of this section to have been without justification, the court may award an amount sufficient to reimburse the shareholder for the reasonable expenses incurred by the shareholder, including attorneys' fees, in connection with such action or proceeding.

(g) This section applies to any domestic corporation and also to a foreign corporation having its principal executive office in this state or customarily holding meetings of its board in this state.

SEC. 16.5. Section 1702 of the Corporations Code is amended to read:

1702. (a) If an agent for the purpose of service of process has resigned and has not been replaced or if the agent designated cannot with reasonable diligence be found at the address designated for personally delivering the process, or if no agent has been designated, and it is shown by affidavit to the satisfaction of the court that process against a domestic corporation cannot be served with reasonable diligence upon the designated agent by hand in the manner provided in Section 415.10, subdivision (a) of Section 415.20 or subdivision (a) of Section 415.30 of the Code of Civil Procedure or upon the corporation in the manner provided in subdivision (a), (b) or (c) of Section 416.10 or subdivision (a) of Section 416.20 of the Code of Civil Procedure, the court may make an order that the service be made upon the corporation by delivering by hand to the Secretary of State, or to any person employed in the Secretary of State's office in the capacity of assistant or deputy, one copy of the process for each defendant to be served, together with a copy of the order authorizing such service. Service in this manner is deemed complete on the 10th day after delivery of the process to the Secretary of State.

(b) Upon the receipt of any such copy of process and the fee therefor, the Secretary of State shall give notice of the service of the process to the corporation at its principal executive office, by forwarding to such office, by registered mail with request for return receipt, the copy of the process or, if the records of the Secretary of State do not disclose an address for its principal executive office, by forwarding such copy in the same manner to the last designated agent for service of process who has not resigned. If the agent for service of process has resigned and has not been replaced and the records of the Secretary of State do not disclose an address for its principal executive office, no action need be taken by the Secretary of State.

(c) The Secretary of State shall keep a record of all process served upon the Secretary of State under this chapter and shall record therein the time of service and the Secretary of State's action with reference thereto. The certificate of the Secretary of State, under the Secretary of State's official seal, certifying to the receipt of process, the giving of notice thereof to the corporation and the forwarding of

such process pursuant to this section, shall be competent and prima facie evidence of the matters stated therein.

SEC. 17. Section 1802 of the Corporations Code is amended to read:

1802. If the ground for the complaint for involuntary dissolution of the corporation is a deadlock in the board as set forth in subdivision (b) (2) of Section 1800, the court may appoint a provisional director. The provisions of subdivision (c) of Section 308 apply to any such provisional director so appointed.

SEC. 18. Section 2000 of the Corporations Code is amended to read:

2000. (a) Subject to any contrary provision in the articles, in any suit for involuntary dissolution, or in any proceeding for voluntary dissolution initiated by the vote of shareholders representing only 50 percent of the voting power, the corporation or, if it does not elect to purchase, the holders of 50 percent or more of the voting power of the corporation (the "purchasing parties") may avoid the dissolution of the corporation and the appointment of any receiver by purchasing for cash the shares owned by the plaintiffs or by the shareholders so initiating the proceeding (the "moving parties") at their fair value. The fair value shall be determined on the basis of the liquidation value but taking into account the possibility, if any, of sale of the entire business as a going concern in a liquidation. In fixing the value, the amount of any damages resulting if the initiation of the dissolution is a breach by any moving party or parties of an agreement with the purchasing party or parties may be deducted from the amount payable to such moving party or parties, unless the ground for dissolution is that specified in paragraph (4) of subdivision (b) of Section 1800. The election of the corporation to purchase may be made by the approval of the outstanding shares (Section 152) excluding shares held by the moving parties.

(b) If the purchasing parties (1) elect to purchase the shares owned by the moving parties, and (2) are unable to agree with the moving parties upon the fair value of such shares, and (3) give bond with sufficient security to pay the estimated reasonable expenses (including attorneys' fees) of the moving parties if such expenses are recoverable under subdivision (c), the court upon application of the purchasing parties, either in the pending action or in a proceeding initiated in the superior court of the proper county by the purchasing parties in the case of a voluntary election to wind up and dissolve, shall stay the winding up and dissolution proceeding and shall proceed to ascertain and fix the fair value of the shares owned by the moving parties.

(c) The court shall appoint three disinterested appraisers to appraise the fair value of the shares owned by the moving parties, and shall make an order referring the matter to the appraisers so appointed for the purpose of ascertaining such value. The order shall prescribe the time and manner of producing evidence, if evidence is required. The award of the appraisers or of a majority of them,

when confirmed by the court, shall be final and conclusive upon all parties. The court shall enter a decree which shall provide in the alternative for winding up and dissolution of the corporation unless payment is made for the shares within the time specified by the decree. If the purchasing parties do not make payment for the shares within the time specified, judgment shall be entered against them and the surety or sureties on the bond for the amount of the expenses (including attorneys' fees) of the moving parties. Any shareholder aggrieved by the action of the court may appeal therefrom.

(d) If the purchasing parties desire to prevent the winding up and dissolution, they shall pay to the moving parties the value of their shares ascertained and decreed within the time specified pursuant to this section, or, in case of an appeal, as fixed on appeal. On receiving such payment or the tender thereof, the moving parties shall transfer their shares to the purchasing parties.

(e) For the purposes of this section, "shareholder" includes a beneficial owner of shares who has entered into an agreement under Section 300 or 706.

The property factor, payroll factor and sales factor shall be those used in computing the portion of its income allocable to this state in its franchise tax return or, with respect to corporations the allocation of whose income is governed by special formulas or which are not required to file separate tax returns, which would have been so used if they were governed by such three-factor formula. The determination of these factors with respect to any parent corporation shall be made on a consolidated basis, including in a unitary computation (after elimination of intercompany transactions) the property, payroll and sales of the parent and all of its subsidiaries in which it owns directly or indirectly more than 50 percent of the outstanding shares entitled to vote for the election of directors, but deducting a percentage of such property, payroll and sales of any subsidiary equal to the percentage minority ownership, if any, in such subsidiary. For the

purpose of this subdivision, any securities held to the knowledge of the issuer in the names of broker-dealers or nominees for broker-dealers shall not be considered outstanding.

(b) The following chapters and sections of this division shall apply to a foreign corporation subject to this section (to the exclusion of the law of the jurisdiction in which it is incorporated):

Sections 1500 and 1501 (records and reports);

Section 1508 (action by Attorney General);

Chapter 16 (commencing with Section 1600) (rights of inspection).

(c) Subdivision (a) shall become applicable to any foreign corporation only upon the first day of the first income year of the corporation commencing on or after the 30th day after the filing by it of the report pursuant to Section 2108 showing that the tests referred to in subdivision (a) have been met or on or after the entry of a final order by a court of competent jurisdiction declaring that such tests have been met.

(b) The penalty established by subdivision (a) of this section shall be assessed according to the number of days it is found that the corporation has been willfully doing unauthorized intrastate business. Prosecution under this section may be brought, and the money penalty recovered thereby shall be paid, in the manner provided by Section 2258 for a prosecution brought under that section.

(c) A foreign corporation subject to the provisions of Chapter 21 (commencing with Section 2100) which transacts intrastate business without complying with Section 2105 shall not maintain any action or proceeding upon any intrastate business so transacted in any court of this state, commenced prior to compliance with Section 2105, until it has complied with the provisions thereof and has paid to the Secretary of State a penalty of two hundred fifty dollars ($250) in addition to the fees due for filing the statement and designation required by Section 2105 and has filed with the clerk of the court in which the action is pending receipts showing the payment of said fees and penalty and all franchise taxes and any other taxes on business or property in this state that should have been paid for the period during which it transacted intrastate business.

Such amendment may be adopted by approval of the board alone, except that, if any such amendment makes any change in the articles other than conforming the statement of purposes and powers to subdivision (b) of Section 202 and the deletion of any references to

par value and location of principal office and deleting any statement regarding the number of directors or conforming any such statement to Section 212 (subject to Section 2304), it shall also be approved by the outstanding shares (Section 152) if such approval is otherwise required for the changes made. The amendment shall not name the corporation's initial agent for service of process if a report required by Section 1502 has been filed.

SEC. 21. Section 2302.1 is added to the Corporations Code, to read:

The application for a permit to deliver consideration other than securities shall be in such form, contain such information and be accompanied by such documents as shall be required by rule of the commissioner or, in the absence thereof, in substantially the form of an application filed pursuant to Section 25121.

SEC. 23. Section 8103 of the Commercial Code is amended to read:

Every such member shall be entitled to credit for service in child development programs rendered prior to July 1, 1955, or prior to September 11, 1957, if theretofore excluded, and before he became a member of the system, in the same manner as if he had not theretofore been excluded from membership in the retirement system, except that he shall not be required to make any contributions to the retirement system in respect to such service rendered prior to his membership, and all contributions necessary to provide benefits on account of such service shall be paid to the retirement system by the agency by which the member is employed. For the purpose of computing benefits for services rendered prior to July 1, 1955, as provided in this section, the average monthly salary earned by such employee in the fiscal year 1954–55 shall be used and for the purpose of computing benefits for service rendered between July 1, 1955, and September 11, 1957, for members receiving credit for service between those dates under the provisions of the predecessor of this section as amended by Chapter 1238 of the Statutes of 1957, the average monthly salary earned by such employees in the fiscal year 1956–57 shall be used.

Notwithstanding any other provisions of this section, for the purpose of computing benefits for any person retired on and after

January 1, 1958, for services rendered prior to July 1, 1955, as provided in this section, and for the purpose of computing benefits for services rendered between July 1, 1955, and September 11, 1957, for members receiving credit for service between those dates under the provisions of this section, the "final compensation" of such person shall be computed in the same manner as for other employees who are included in the same retirement system and in the same class of retirement system members and who are not affected by this section. The amendment to this section enacted at the 1963 session shall be applied to increase the allowances, payable subsequent to October 1, 1963, in respect to those members who retired on or after July 1, 1955.

Notwithstanding any other provisions of this section no increased allowance shall be paid, as authorized by this section, to any person who has retired between July 1, 1955, and October 1, 1963, unless the person to whom the increase would otherwise be payable mails written application for the increase to the appropriate retirement system prior to April 1, 1964.

16044. No apportionment shall be made for new construction which, when added to the area of adequate school construction existing in the applicant school district at the time of application, will provide a total area of school building construction per unit of average daily attendance of the estimated average daily attendance in excess of that computed in accordance with Sections 16047, 16052, 16053, 16054 and 16055.

As used in Sections 16047, 16052, 16053, 16054 and 16055, "maximum area" means maximum area of school building construction and "attendance unit" means unit of estimated average daily attendance.

As used in this section and Sections 16053, 16054, and 16055, "attendance center" means a school maintained or to be maintained at a given location within a district. The Department of Education or board of governors as is appropriate to their jurisdiction shall approve or disapprove the allocation by an applicant district of units of estimated average daily attendance among the attendance centers of the district.

To the building area permitted to an applicant school district by

Sections 16047, 16052, 16053, 16054 and 16055, there may be added such additional building area as may be required to provide adequate facilities for exceptional children pursuant to Article 3 (commencing with Section 16190) of this chapter.

No estimate of average daily attendance made by an applicant for the purpose of justifying an apportionment shall be made for a longer time than the third fiscal year beyond the fiscal year in which an application is made, except that an estimate for the purpose of justifying an apportionment for a grade level maintained by a unified district, under an application filed prior to September 15, 1961, or by a high school district composed of grades 7 to 12, inclusive, 9 to 12, inclusive, or 7 to 10, inclusive, or of justifying an apportionment for a unified district for a junior high school or high school project under an application made on or after such effective date shall not be made for a longer time than the fourth fiscal year beyond the fiscal year in which the application is made. In no case shall an estimate be given effect unless approved by the board.

For the purposes of this chapter pupils attending grades 7 and 8 in an elementary district but residing in a high school district which maintains one or more junior high schools shall not be considered in determining or estimating the average daily attendance of the elementary district, unless the elementary district is maintaining and has continuously maintained grades 7 and 8 since a date prior to January 1, 1959, or unless the electorate of the district, during the year 1974, has authorized the return of the seventh and eighth grade pupils from the high school district and the maintaining of grades 7 and 8 in the elementary district. When pupils attending grades 7 and 8 are so considered in determining or estimating the average daily attendance of the elementary district in making apportionment to the elementary district, such pupils shall not be considered in determining or estimating average daily attendance of the high school district in making an apportionment to the high school district for junior high school purposes.

The board shall develop statewide or areawide averages of pupil occupancy for family dwellings of various sizes and for mobilehomes of various sizes for use by applicant school districts in estimating the average daily attendance of family dwellings and mobilehome parks under construction or newly constructed and never occupied in the district.

SEC. 6. Section 16084 of the Education Code is amended to read:

16084. If, on or before June 30th of any fiscal year, the governing board of any school district files a request with the State Controller for a deferment of the annual repayment due from such district during the next succeeding fiscal year for an apportionment received

by the district pursuant to this Chapter or Chapter 6 (commencing with Section 15700) of this part, and it is determined, in accordance with this section, that the district is entitled to a deferment of all or part of such annual repayment, the deferment shall be made in accordance with such determination. The request for deferment, having once been filed with the State Controller, shall remain in effect each ensuing year, and the State Controller shall continue to compute and allow the deferment in accordance with this section each year, until such time as the governing board of the school district files a written request with the State Controller to discontinue the deferment.

As used in the preceding paragraph, "any school district" means a district which is liable for the repayment of the principal amount of apportionments made to the district under the provisions of Chapter 6 (commencing with Section 15700) of this part and which has received a conditional apportionment under this chapter.

The portion of the annual repayment to be deferred under this section shall be determined as follows:

There shall be computed the amount required to be raised by taxes on property within the district, during the fiscal year in which the annual repayment is to be deducted pursuant to Sections 15735 and 16080, for the payment of principal and interest on (a) any bonded indebtedness incurred for school purposes prior to the first conditional apportionment to the school district under this chapter, (b) any bonded indebtedness which was incurred as a condition to any apportionment under this chapter, and (c) any bonded indebtedness incurred, the proceeds of which were required to be contributed for the purposes for which an apportionment was made under this chapter. To this amount shall be added the amount required during such fiscal year, for the annual repayment of school building apportionments under Chapter 6 (commencing with Section 15700) of this part and under this chapter. The total of these amounts shall constitute the "basic tax amount."

If the applicant district is a unified district, the amount to be deferred shall be separately considered for each grade level thereof. For this purpose, the basic tax amount shall only include the amounts specified in the preceding paragraph required to be raised for the repayment of principal and interest on bonded indebtedness which was incurred for, or as a condition to receiving an apportionment for, or required by the board to be contributed for the purposes of, the grade level being considered, plus those amounts required for the annual repayment of apportionments made under Chapter 6 (commencing with Section 15700) of this part for such grade level. It is hereby declared that this paragraph is not intended as a change in the present law but rather as a declaration of existing law.

There shall be computed the amount which would be produced by a tax of forty-five cents ($0.45) on each one hundred dollars ($100) of assessed valuation of the district during such year, to be known as the "45-cent tax amount." The amount of the annual repayment to

be deferred during the fiscal year in which the annual repayment is due shall be the amount, if any, by which the basic tax amount exceeds the 45-cent tax amount. The amount deferred shall be added to the annual repayment for the next succeeding fiscal year.

On or before the last day of July of each fiscal year, the State Controller shall request the Director of General Services to, and the Director of General Services shall, determine and certify to the State Controller the amount of bonded debt service included in the "basic tax amount." On or before the third Monday in August of each fiscal year, the State Controller shall request the county auditor of each county to, and the county auditor of each county shall, determine and certify to the State Controller the current assessed valuation of property within each district which has filed a request for a deferment under this section.

Before the date on which the board of supervisors makes the levy of taxes for county purposes, the State Controller shall make the deferment determination required by this section for each district requesting a deferment, and, for each district which is entitled to a deferment, shall notify, in writing, the board of supervisors of the county, the governing board of the district, the county auditor, and the county superintendent of schools having jurisdiction over the district of the amount of the repayment of the district which is to be deferred under this section.

For the purposes of this section the "annual repayment" means the amount of the annual repayment of the district due in a fiscal year as determined pursuant to Section 15733 and Section 16075, plus the then unpaid deferred amount of any annual repayment due in any previous fiscal years. Any repayments by a district of a deferred amount shall be first applied to loans granted under Chapter 6 (commencing with Section 15700) of this part.

Notwithstanding any other provision of this chapter, if, at the end of the 30-year period provided in Section 15738 or Section 16083, as the case may be, there are any deferred amounts due in any previous fiscal year remaining unpaid, repayments shall continue to be made in the manner provided by this section during each fiscal year thereafter until the amounts are paid, or for an additional period of 10 years, whichever first occurs. At the expiration of the additional 10-year period the unpaid portion of the deferred amounts shall be canceled on the books of the State Controller, and the provisions of Section 15738 or Section 16083, as the case may be, shall thereupon become applicable thereto and the board shall execute a conveyance to the district as provided in Section 15739 or 16087, whichever is applicable.

SEC. 7. Section 16320 of the Education Code is amended to read:

16320. Notwithstanding the provisions of Section 16319, apportionments under this article from the proceeds of bonds remaining from the authorization provided in the State School Building Aid Bond Law of 1966 may be made for the purpose of (1) reconstructing or replacing existing substandard school buildings or

high school dormitories that present a potential threat to the safety of schoolchildren and which were not previously constructed or reconstructed in accordance with the requirements of Article 3 (commencing with Section 39140) of Chapter 1 of Part 23 of Division 3 of Title 2 or which if previously reconstructed to comply with the provisions of said Article 3 no longer meet the standards of structural safety prescribed under the authority of Article 3 in effect on April 10, 1933, or (2) reconstructing or replacing existing structures utilized by a school district as school buildings originally designed to house the United States Cavalry and used as World War II prisoner-of-war camp structures or an existing structure utilized by a school district as a school building which was originally designed as a mess facility for the United States Army Air Corps without regard to conditional or provisional structural approvals received by the district with respect to such buildings prior to the enactment of Chapter 500 of the Statutes of 1972.

Apportionments for the reconstruction or replacement of a dormitory shall only be made when the use and occupancy of the dormitory will be by resident pupils of the district who are in attendance at the high school of the district and when in the judgment of the board such pupils cannot be reasonably expected to travel by vehicle to the school on a daily basis.

SEC. 8. Section 16323 of the Education Code is amended to read:

16323. Each school district which desires an apportionment shall submit through its governing board to the board an application therefor in such form and number of copies as the board shall prescribe. Each copy of the application shall be accompanied by a statement of the estimated cost of the project certified by an architect or structural engineer, and by layout plans showing the entire construction project for which the district desires an apportionment.

Estimates of costs for new construction or equipment appearing in an application shall conform to cost standards adopted by the board under Section 16024.

A school district shall not let any contract for new construction included in an application for a construction project which has been approved by the board if the cost exceeds the construction cost standards fixed by the board under Section 16024 for such new construction by more than 2 percent or except as otherwise provided in Section 16332. The amount, if any, by which the contract cost exceeds the construction cost standards fixed by the board shall be borne by the school district and shall not be included in the apportionment.

A school district may at any time amend or supplement its application.

Each construction project for which a district applies for an apportionment shall be applied for on a separate application and shall be considered separately by the board. If a district applies for more than one construction project, at the same time or at different

times, the priority points of the district shall be recalculated after the approval of each separate construction project and before a subsequent construction project is approved.

The board shall require such changes in the plans which an applicant school district submits with its application as the board determines is necessary or desirable to reduce the cost of the project.

SEC. 9. Chapter 21 (commencing with Section 17600) of Part 10 of the Education Code is repealed.

SEC. 10. Section 21189 of the Education Code, as proposed by the 1977 Education Code Supplemental Act, is amended to read:

21189. The court or judge shall fix the time for hearing the petition, and shall order the clerk of the court to post in at least three public places in the county a notice of the filing of the petition, attached to a copy of the petition, and order a copy of the notice together with a copy of the petition to be personally served upon the founder, if living, and upon the spouse or surviving spouse of any founder, and upon any living grantor or donor of any other grant or gift set out in the petition, and may order such other or further notice to be given as the judge or court may deem proper. The notice shall be posted and served at least 10 days before the hearing.

SEC. 10.5. Section 22603.3 of the Education Code is amended to read:

22603.3. The intent of this section is to ensure that all necessary employer and employee contributions are made to the system for excluded service when a member elects to receive credit for that service.

Notwithstanding any other provisions in this chapter, persons who have been excluded from membership under Section 22602, 22603, 22604, or 22605, and school nurses excluded under Section 22606, who subsequently become members shall receive credit for the service performed while so excluded provided they elect to pay, and pay, prior to retirement or payment of a disability allowance, whichever occurs first, and in a manner provided by the board, all employer and employee contributions with respect to such service at the rate in effect on the date of election and the highest compensation earnable in any one of the three years prior to election.

Such contributions shall be equal to the rate of employer and employee contributions in effect upon the date of election.

Members may elect to pay for the excluded service as provided in Section 14036 of the 1959 Education Code as that section read on December 30, 1975, until December 30, 1977.

SEC. 11. Section 35146 of the Education Code is amended to read:

35146. Notwithstanding the provisions of Section 35145 of this code and Section 54950 of the Government Code, the governing body of a school district shall, unless a request by the parent has been made pursuant to this section, hold executive sessions if the board is considering the suspension of, or disciplinary action or any other action except expulsion in connection with any pupil of the school

district, if a public hearing upon such question would lead to the giving out of information concerning school pupils which would be in violation of Article 5 (commencing with Section 49073) of Chapter 6.5 of Part 27 of this code.

Before calling such executive session of the governing board of the district to consider these matters, the governing board of the district shall, in writing, by registered or certified mail or by personal service, if the pupil is a minor, notify the pupil and his parent or guardian, or the pupil if the pupil is an adult, of the intent of the governing board of the district to call and hold such executive session. Unless the pupil, or his parent, or guardian shall, in writing, within 48 hours after receipt of such written notice of intention, request that the hearing of the governing board be held as a public meeting, then the hearing to consider such matters shall be conducted by the governing board in executive session. If such written request is served upon the clerk or secretary of the governing board, the meeting shall be public except that any discussion at such meeting that might be in conflict with the right to privacy of any pupil other than the pupil requesting the public meeting or on behalf of whom such meeting is requested, shall be in executive session. Whether the matter is considered at an executive session or at a public meeting, the final action of the governing board of the school district shall be taken at a public meeting and the result of such action shall be a public record of the school district.

SEC. 12. Section 39002.5 of the Education Code, as proposed by the 1977 Education Code Supplemental Act, is amended to read:

39002.5. Geological and soils engineering studies as described in Section 39002 shall be made, within the boundaries of any special studies zone, for the construction of any school building as defined in Section 39141, or if the estimated cost exceeds ten thousand dollars ($10,000), the reconstruction or alteration of or addition to any such school building for work which alters structural elements. The Department of General Services may require similar geological and soils engineering studies for the construction or alteration of any school building on a site located outside of the boundaries of any special studies zone. No such studies need be made if the site under consideration has been the subject of adequate prior studies.

No school building shall be constructed, reconstructed, or relocated on the trace of a geological fault along which surface rupture can reasonably be expected to occur within the life of the school building.

A copy of the report of each investigation conducted pursuant to this section shall be submitted to the Department of General Services pursuant to Article 3 (commencing with Section 39140) of this chapter and to the Department of Education. The cost of geological and soil engineering studies and investigations conducted pursuant to this section may be treated as a capital expenditure.

SEC. 13. Section 39016 is added to the Education Code, to read:

39016. The State Controller shall, during the next fiscal year

following that in which the executive officer of the State Allocation Board certifies to him the amount of payment, deduct the total amount of the payment of each district in equal amounts from each of the February, March, April and May installments of the apportionments made to such district from the State School Fund under Sections 46304, 46305, and 41050, Sections 41330 to 41343, inclusive, and Sections 41600 to 41972, inclusive, whichever are in effect; provided, however, that in no event shall such deductions exceed an amount which would result in a district's receiving, in any school year, from the State School Fund, less than one hundred twenty dollars ($120) per pupil in average daily attendance in the district during the preceding school year. On order of the State Controller, the amount so deducted shall be transferred to the State School Site Utilization Fund which is hereby created.

SEC. 14. Section 39017 is added to the Education Code, to read:

39017. Whenever the State Allocation Board certifies to the State Controller that a school district, within two years of the date the State Allocation Board determines that such site is unused, has either begun to use a site affected by Sections 39015 and 39016 or has sold such site, the State Controller shall cease to withhold any additional payments and shall return to the district from the State School Site Utilization Fund all of the payments, without interest, which had been withheld for the particular site. If the school district begins to use or sell such site more than two years after the aforesaid determination, the State Allocation Board shall so certify to the State Controller and no further payments shall be withheld as specified in Section 39016.

SEC. 14.5. Section 39170.5 is added to the Education Code, to read:

39170.5. In bidding on contracts to be made pursuant to Section 39246, bidders may include in their bids abstractions of their quotations indicating the pricing structure used to compute the annual lease or rental payments for the sole purpose of identifying that portion of each annual lease or rental payment which may represent tax exemption reimbursement to the vendor, lessor or to their assignees.

SEC. 15. Section 39602 of the Education Code, as proposed by the 1977 Education Code Supplemental Act, is amended to read:

39602. The governing board of any school district may, by resolution, establish a fund or funds for losses, including, but not limited to, school district property, any liability, and workers' compensation in the county treasury for the purpose of covering the deductible amount under deductible types of insurance policies or losses due to noninsured perils. In the fund or funds shall be placed such sums, to be provided in the budget of the school district, as will create an amount which, together with investments made from the fund or funds, will be sufficient in the judgment of the governing board to protect the school district from such losses on the deductible amount under deductible types of insurance policies or losses due to

noninsured perils. Nothing in this section shall be construed as prohibiting the governing board from providing protection against such losses partly by means of the fund or funds and partly by means of insurance written by acceptable insurers as provided in Section 39601. A school district may contract for claims adjustment and related services. The cost of such services is an appropriate charge against the appropriate fund.

The fund or funds shall be considered as separate and apart from all other funds of the school district, and the balance therein shall not be considered as being part of the working cash of the school district in compiling annual budgets.

Warrants shall not be drawn on or transfers made from the fund or funds so created; except to reimburse or indemnify the school district for losses as herein specified, and only upon resolution duly adopted by the board of education.

The cash placed in the fund or funds may be invested and reinvested by the county treasurer, with the advice and consent of the governing board of the school district, in securities which are legal investments for surplus county funds in this state. The income derived from such investments, together with interest earned on uninvested funds, shall be considered revenue of and be deposited in the fund.

SEC. 16. Section 41201 of the Education Code, as proposed by the 1977 Education Code Supplemental Act, is amended to read:

41201. Any state department, board, or agency which allocates funds to any school district on the basis of the assessed valuation of property within the district, or which makes any computation on this basis for school building fund repayment purposes, shall average the factor certified for the current year under Section 41200 for the local roll of the county in which the district is located with the factors so certified for the two immediately preceding years; provided, that, in the event that an assessment ratio announced by a county assessor for the 1970–71 tax year is less than 25 percent, the factor for such county for such year shall be multiplied by a fraction in which the announced ratio is the numerator and 25 percent in the denominator before averaging the factor of that county for 1970–71 with the 1971–72 and 1972–73 factors. The department, board, or agency shall then modify that part of the valuation of the district shown on the local roll by application of this three-year-average factor carried to three decimal places. If a district is located in more than one county, this modification shall be made by applying the average factor appropriate for the assessed value of the property upon the local roll of each county within which the district is located. If the factor for the current year is not provided to the county superintendent of schools by the fifth working day in August, the preliminary factor may be used in its place for determining the average factor to be used to modify the locally assessed valuation of a school district for allocating equalization aid, and for computing loan repayments to the state.

SEC. 17. Section 41841.5 is added to the Education Code, to read:

41841.5. The Superintendent of Public Instruction shall allow to each school district maintaining secondary schools an amount equal to the actual current expense of the district of maintaining adult education classes for prisoners in any county jail, or any county industrial farm or county or joint county road camp for the current fiscal year. The amount so allowed to a district for each unit of average daily attendance in such classes shall in no event exceed the total of the amounts allowed to the district as basic state aid and state equalization aid for each unit of average daily attendance of the district exclusive of the average daily attendance of the district in classes for adults.

For purposes of this section, the Superintendent of Public Instruction shall, by rules and regulations, establish minimum standards for the conduct of the adult education classes, including, but not necessarily limited to, attendance requirements and requirements concerning records to be kept and reports to be submitted.

SEC. 18. Section 41856 of the Education Code, as proposed by the 1977 Education Code Supplemental Act, is amended to read:

41856. (a) He shall allow to each elementary school district, and high school district, except as to any to which subdivisions (b) and (c) of this section or Section 41859 is applicable, which during the preceding fiscal year provided for the transportation of pupils, an amount which shall be computed as follows:

He shall determine the total current expenses of the district for such transportation during the preceding fiscal year. He shall then determine what rate of tax levied on each one hundred dollars ($100) of the assessed valuation of the district as shown by the equalized assessment roll of the district for the preceding fiscal year pursuant to Section 41760.5, hereinafter referred to in this section as computed tax rate, would, if levied, produce such amount. If the computed rate of tax is more than two cents ($0.02) he shall allow to the district (1) 50 percent of the amount which would be produced by not more than eight cents ($0.08) of the computed tax rate less two cents ($0.02), (2) 75 percent of the amount which would be produced by not more than sixteen cents ($0.16) of computed tax less eight cents ($0.08), (3) 80 percent of the amount which would be produced by not more than twenty-four cents ($0.24) of the computed tax less sixteen cents ($0.16), and (4) 90 percent of the amount which would be produced by the computed tax less twenty-four cents ($0.24).

(b) He shall allow to each elementary school district which is not a part of a high school district and which during the preceding fiscal year provided for the transportation of pupils to the elementary schools of the district and to one or more high schools in other districts an amount which shall be computed as follows:

He shall determine the total current expenses of the districts for such transportation during the preceding fiscal year. He shall then determine what rate of tax levied on each one hundred dollars ($100)

of the assessed valuation of the district as shown by the equalized assessment role of the district for the preceding fiscal year pursuant to Section 41760.5, hereinafter referred to in this section as computed tax rate, would, if levied, produce such amount. If the computed rate of tax is more than four cents ($0.04) he shall allow to the district (1) 50 percent of the amount which would be produced by not more than sixteen cents ($0.16) of the computed tax rate less four cents ($0.04), (2) 75 percent of the amount which would be produced by not more than thirty-two cents ($0.32) of the computed tax rate less sixteen cents ($0.16), (3) 80 percent of the amount which would be produced by not more than forty-eight cents ($0.48) of the computed tax rate less thirty-two cents ($0.32), and (4) 90 percent of the amount which would be produced by the computed tax rate less forty-eight cents ($0.48).

If an elementary district which is not a part of a high school district provides only for the transportation of pupils to a high school, an amount shall be computed as provided in subdivision (a) of this section.

(c) He shall allow to each high school district not a part of any community college district which during the preceding fiscal year provided for the transportation of pupils to the high schools of the district and pupils attending community colleges maintained by other districts an amount which shall be computed as follows:

He shall determine the total current expenses of the districts for such transportation during the preceding fiscal year. He shall then determine what rate of tax levied on each one hundred dollars ($100) of the assessed valuation of the district as shown by the equalized assessment roll of the district for the preceding fiscal year pursuant to Section 41760.5, hereinafter referred to in this section as computed tax rate, would, if levied, produce such amount. If the computed rate of tax is more than four cents ($0.04) he shall allow to the district (1) 50 percent of the amount which would be produced by not more than sixteen cents ($0.16) of the computed tax rate less four cents ($0.04), (2) 75 percent of the amount which would be produced by not more than thirty-two cents ($0.32) of the computed tax rate less sixteen cents ($0.16), (3) 80 percent of the amount which would be produced by not more than forty-eight cents ($0.48) of the computed tax rate less thirty-two cents ($0.32), and (4) 90 percent of the amount which would be produced by the computed tax rate less forty-eight cents ($0.48).

If a high school district which is not a part of a community college district provides only for the transportation of pupils to a community college, an amount shall be computed as provided in subdivision (a) of this section.

SEC. 19. Section 45259 of the Education Code is amended to read:

45259. If the governing board of any school district establishes positions and restricts initial appointment of new employees to persons having mental handicaps, then such positions shall, in

addition to the regular class title, be classified as "restricted." The positions shall be part of the classified service and persons so employed shall be classified employees for all purposes except that they shall not acquire permanent status or seniority credit and shall not be eligible for promotion into the regular classified service until they have complied with the provisions of subdivision (c) of Section 45105.

The notice shall take a form which reasonably notifies parents of the availability of the following specific information:

(a) The types of pupil records and information contained therein which are directly related to students and maintained by the institution.

(b) The position of the official responsible for the maintenance of each type of record.

(c) The location of the log or record required to be maintained pursuant to Section 49064.

(d) The criteria to be used by the district in defining "school officials and employees" and in determining "legitimate educational interest" as used in Section 49064 and paragraph (1) of subdivision (a) of Section 49076.

51261. Notwithstanding the provisions of Sections 44227 and 44228, the State Board of Education shall not accredit any teacher education institution for teacher certification purposes after the 1972–73 fiscal year unless it offers courses for prospective teachers on drug education and the effects of the use of tobacco, alcohol, narcotics, restricted dangerous drugs, as defined in Section 11032 of the Health and Safety Code, and other dangerous substances. The Director of Compensatory Education shall allocate the funds available for programs under Section 54480 proportionately by public school population among the areas designated by him. He shall then approve projects proposed to be undertaken by school districts within such areas at particular schools with the highest

Before calling such executive session of the governing board of the district to consider these matters, the governing board of the district shall, in writing, by registered or certified mail or by personal service, if the student is a minor, notify the student and his parent or guardian, or the student if the student is an adult, of the intent of the governing board of the district to call and hold such executive session. (c) A member may be paid for any meeting when absent if the board by resolution duly adopted and spread upon its minutes finds that at the time of the meeting he is performing services outside the meeting for the community college district. SEC. 43. Section 76140 of the Education Code, as amended by the 1977 Education Code Supplemental Act, is amended to read:

76140. A community college district may admit and shall charge a tuition fee to nonresident students. The district may exempt from all or parts of the fee:

(a) All nonresidents who enroll for six units or less. Exemptions made pursuant to this subdivision shall not be made on an individual basis; or

(b) Any nonresident who is both a citizen and resident of a foreign country, provided that the nonresident has demonstrated a financial need for the exemption and not more than 10 percent of the nonresident foreign students attending any community college district may be so exempted. Exemptions made pursuant to this

subdivision may be made on an individual basis. In the same manner as other nonresident students, community college districts shall be precluded from computing average daily attendance of nonresident foreign students.

A district may, with the approval of the Board of Governors of the California Community Colleges contract with a state, a county contiguous to California, the federal government, a foreign country, or an agency thereof, for payment of all or a part of a nonresident student's tuition fee.

The nonresident tuition fee shall be paid in equal installments at the beginning of each term as determined by the governing board of the district and shall be set by the governing board of each community college district not later than January 1st of each year. The fee shall represent the amount per student enrolled in the district, which is expended by the district for the current costs of education as defined by the California Accounting Manual for students enrolled in a community college.

The district governing board shall establish the nonresident tuition on the basis of one of the following computations: (a) the amount per student enrolled, derived by dividing the current costs expended from funds from all sources during the preceding year by the average daily attendance during the same year in a community college, or (b) the statewide average current expenditure per unit of average daily attendance in a community college during the preceding fiscal year. The same fee shall be charged irrespective of the type of class in which the student is enrolled. Any loss in revenue generated by the nonresident tuition fee shall not be offset by additional state funding due to the loss of revenues derived therefrom.

The governing board of each community college district shall also adopt a per-unit tuition fee for nonresidents on less than a full-time basis by dividing the fee for full-time nonresidents by 30 (units) for colleges operating on the semester system, and 45 (units) for colleges operating on the quarter system. The same per-unit rate shall be charged all nonresident students attending any terms or sessions maintained by the community college outside of the instructional year. The rate charged shall be the rate established for the fiscal year in which the term or session ends.

A district shall report annually to the Board of Governors of the California Community Colleges the number of nonresidents enrolled for six units or less, the number of nonresidents enrolled for more than six units, and the total amount of fees collected from each category.

The provisions of this section which require a mandatory fee for nonresidents shall not apply to any district which borders on another state and has fewer than 500 average daily attendance, except that the provisions of this section which require annual reports to be filed with the Board of Governors of the California Community Colleges on the number of such students enrolled shall apply to such districts in the same manner as to any other district.

SEC. 44. Section 76403 of the Education Code is amended to read:

76403. (a) Anything to the contrary notwithstanding, the governing board of any community college district shall cooperate with the local health officer in measures necessary for the prevention and control of communicable diseases in students. For that purpose the board may use any funds, property, and personnel of the district, and may permit any person licensed as a physician and surgeon, or any person licensed as a registered nurse acting under the direction of a supervising physician and surgeon as provided in subdivisions (b) and (c), to administer an immunizing agent to any student. Parents or guardians of minor students shall have consented in writing to the administration of such immunizing agent.

(b) A registered nurse, acting under the direction of a supervising physician and surgeon, may perform immunization techniques within the course of a school immunization program provided that the administration of an immunizing agent is upon the standing orders of a supervising physician and surgeon and in accordance with such written regulations as the State Department of Health may adopt pursuant to Section 303.5 of the Health and Safety Code.

"Supervising physician and surgeon," as used herein, means the physician and surgeon of the local health department or the physician and surgeon of the district that is directing the school immunization program.

(c) While nothing in this section shall be construed to require the physical presence of the supervising physician and surgeon, the supervising physician and surgeon under whose direction the registered nurse is acting shall require such nurse to:

(1) Satisfactorily demonstrate competence in the administration of immunizing agents, including knowledge of all indications and contraindications for the administration of such agents, and in the recognition and treatment of any emergency reactions to such agents which constitute a danger to the health or life of the person receiving the immunizations; and

(2) Possess such medications and equipment as required, in the medical judgment of the supervising physician and surgeon, to treat any emergency conditions and reactions caused by the immunizing agents and which constitute a danger to the health or life of the person receiving the immunization, and to demonstrate the ability to administer such medications and to utilize such equipment as necessary.

SEC. 45. Section 76425 of the Education Code is amended to read:

76425. the admission of the student to, or his discharge from, special schools and classes for exceptional students.

The Board of Governors of the California Community Colleges may adopt such regulations as may be necessary to enforce this section.

(b) The governing board of any community college district which has an average daily attendance of 8,000 or more shall provide for the education, in special education classes or programs, of autistic students residing in the community college district who are not in attendance upon other special education classes or programs.

(c) The board of governors shall adopt rules and regulations which shall prescribe standards for special education programs for autistic students. Such rules and regulations shall ensure that no county has more than four autistic students enrolled in special education classes or programs for autistic students per 10,000 average daily attendance. The board of governors may waive the number of autistic students allowed to be served within each county if he determines that such waiver is necessary to meet the exceptional needs of autistic students.

"School building" as used in this article excludes any building which is used exclusively for warehouse, storage, garage, or districtwide administrative office purposes, into which pupils are not required to enter, and off-campus buildings utilized by adult schools or community colleges for voluntary adult education courses or registered apprentice courses.

If any building so excluded was not constructed in accordance with Article 7 (commencing with Section 81130) of this chapter and was not repaired, reconstructed, or replaced in accordance with this article, there shall be posted in a conspicuous place on such building

a public notice stating that such building does not meet the structural standards imposed by law for earthquake safety.

SEC. 47. Section 81602 of the Education Code, as proposed by the 1977 Education Code Supplemental Act, is amended to read:

81602. The governing board of a community college district may, by resolution, establish a fund or funds for losses, including but not limited to, district property, any liability, and workers' compensation, in the county treasury for the purpose of covering the deductible amount under deductible types of insurance policies or losses due to noninsured perils. In the fund or funds shall be placed such sums, to be provided in the budget of the district, as will create an amount which, together with investments made from the fund or funds, will be sufficient in the judgment of the governing board to protect the district from such losses on the deductible amount under deductible types of insurance policies or losses due to noninsured perils. Nothing in this section shall be construed as prohibiting the governing board from providing protection against such losses partly by means of the fund or funds and partly by means of insurance written by acceptable insurers as provided in Section 81601. A district may contract for claims adjustment and related services. The cost of such services is an appropriate charge against the appropriate fund.

The fund or funds shall be considered as separate and apart from all other funds of the district, and the balance therein shall not be considered as being part of the working cash of the district in compiling annual budgets.

Warrants shall not be drawn on or transfers made from the fund or funds so created, except to reimburse or indemnify the community college district for losses as herein specified, and only upon resolution duly adopted by the board of education.

The cash placed in the fund or funds may be invested and reinvested by the county treasurer, with the advice and consent of the governing board of the district, in securities which are legal investments for surplus county funds in this state. The income derived from such investments, together with interest earned on uninvested funds, shall be considered revenue of and be deposited in the fund.

SEC. 48. Section 84500 of the Education Code is amended to read:

84500. (a) In computing the average daily attendance of a community college district, there shall be included only the attendance of students while engaged in educational activities required of such students and under the immediate supervision and control of an employee of the district who possessed a valid certification document, registered as required by law, authorizing him to render service in the capacity and during the period in which he served. For purposes of computing the average daily attendance of a community college district, attendance shall also include student attendance and participation in approved coordinated instruction systems programs of instruction using television, computer-assisted

instruction, automated audiovisual systems, programmed learning materials, and other similar teaching techniques, under the coordination and evaluation of an employee who possessed an appropriate certification document, but not requiring the immediate supervision of such employee. Approved coordinated instruction systems programs of instruction are those recommended by the governing board of the district maintaining the community college and approved by the Board of Governors of the California Community Colleges. One student contact hour is to be counted for each unit of coordinated instruction systems credit in which a student is enrolled during any census period. The state aid apportionment made by the board of governors shall not be greater than one-half the current costs of conducting approved coordinated instruction systems programs of instruction. Coordinated instruction systems programs of instruction shall be conducted by employees of the district who possess valid credentials or certification documents, who shall determine the need for immediate supervision of the programs of instruction. Such employees shall evaluate individual student progress and assign appropriate grades for students enrolled in classes taught by the coordinated instruction systems programs of instruction.

(b) For the purpose of work experience education programs in the secondary schools meeting the standards of the California State Plan for Vocational Education, "immediate supervision" of off-campus work training stations means pupil participation in on-the-job training as outlined under a training agreement, coordinated by the school district under a state-approved plan, wherein the employer and certificated school personnel share the responsibility for on-the-job supervision. The pupil-teacher ratio in any such work experience program shall not exceed 125 students per full-time equivalent certificated coordinator. A pupil enrolled in such work experience program shall not be credited with more than one day of attendance in any calendar day, and shall be a full-time student enrolled in regular classes meeting the requirements set forth in Section 76313.

(c) For purposes of computing the average daily attendance of a community college district, attendance shall also include student attendance and participation in in-service training courses in the areas of police, fire, corrections, and other criminal justice system occupations that conform to all apportionment attendance and course of study requirements otherwise imposed by law; provided that such courses are fully open to the enrollment and participation of the public pursuant to subdivision (2) of Section 78450; and provided further, that prerequisites for such courses shall not be established or construed so as to prevent academically qualified persons not employed by agencies in the criminal justice system from enrolling in and attending such courses.

(d) In the event that certain in-service training courses are restricted to employees of police, fire, corrections, and other

criminal justice agencies, attendance for such restricted courses shall not be reported for purposes either of state apportionments or district revenue limits computed pursuant to Sections 85132 and 85140. Notwithstanding the provisions of Section 78450, a community college district which restricts enrollment in such in-service training courses may contract with any public agency to provide compensation for the cost of conducting such courses.

(e) Positive records of student admissions and daily attendance in all in-service training courses in the areas of police, fire, corrections, and other criminal justice system occupations, as described in subdivision (c), shall be maintained by each district and shall be separately reported annually to the chancellor's office of the California Community Colleges.

The census day shall be Monday of each of two census weeks of five or six consecutive days of regularly scheduled classes each term or session as approved by the board of governors.

Attendance of such students enrolled in classes conducted in summer sessions, as distinct from summer quarters, of four weeks or more shall be counted in the computation of average daily attendance for apportionment purposes under the provisions of this section using the following formula: Multiply the sum of the weekly student contact hours of enrollment in each class during the census week of each class of the summer session by the number of scheduled weeks for each class, multiply the product so derived by the statewide factors established by the board of governors, subject to review by the Department of Finance, and divide by 525. The census day shall be Monday of the second week. For classes of less than four weeks, the units of average daily attendance shall be computed by dividing the total actual class hours of attendance by 525.

The record of such conviction of a sex offense as defined in Section 87010 or of a narcotics offense defined in Section 87011 shall be sufficient proof of conviction of a crime involving moral turpitude for the purposes of Sections 87453, 87467, 87484, and 87732 to 87939, inclusive, relating to the dismissal of permanent employees.

Each employee shall also have the right to have another person of the employee's choosing accompany the employee to inspect the employee's records.

(b) Upon written request, the employee shall, within 10 calendar days of the request, be provided an exact copy of all or any portion the employee desires of any of the items specified in subdivision (a). The employee shall bear the cost of duplicating such items.

(c) If, after examination of the records pertaining to the employee, an employee believes that any portion of the material is not accurate, relevant, timely, or complete, the employee may request in writing correction of the record or deletion of the offending portion, or both. Such request shall include a written statement by the employee as to the corrections and deletions that the employee believes need to be made and the reasons therefor. This statement shall become part of the employee's personnel file.

(d) Within 21 calendar days of the request for correction of the record or deletion of the portion of the record objected to, or both, the president of the state university or college shall either accede to the employee's request or notify the employee in writing of the president's refusal to grant the request. If the president refuses to grant the request, the president shall state the reasons for the refusal in writing, and the written statement shall become part of the employee's personnel file.

(e) The remedies authorized by this section shall be in addition to any other remedy provided by law.

(f) Personnel recommendations or decisions relating to the promotion, retention, termination, or any other personnel action shall be based primarily on material contained in the employee's personnel file and open to the employee's inspection. If a personnel recommendation or decision is based on any reasons not contained in the employee's personnel file, the party making the recommendation or decision shall commit those reasons to writing, and the written statement of those reasons shall become part of the employee's personnel file.

(g) Preemployment materials shall be excluded from the requirements of this section, except as they may be considered in

SEC. 57. Section 89758 is added to the Education Code, to read:

89758. Notwithstanding any other provision of law, obligations may be incurred for the summer quarter operation in the California State University and Colleges at campuses on year-round operations, subsequent to enactment of a Budget Act and prior to July 1, payable from the appropriations contained in such Budget Act for such purposes. Such obligations and the payment thereof shall be subject to Section 89753.

SEC. 58. Section 41 of Chapter 1011 of the Statutes of 1976 is amended to read:

Sec. 41. The first Section 41380 of the Education Code, as proposed by Assembly Bill No. 3100, is repealed.

SEC. 59. This act shall become operative on April 30, 1977, or the effective date of this act, whichever is the later date.

SEC. 60. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The reorganization of the Education Code effected by Chapter 1010 of the Statutes of 1976, inadvertently omits and erroneously omits, various provisions of prior law which should be restored to the statutes, makes various other technical and related errors, and becomes operative April 30, 1977, which is long before the effective date of ordinary statutes enacted in 1977 at the 1977–78 Regular Session of the Legislature. In order that the various technical, corrective, and clarifying changes made by this act may take effect on the effective date of the new reorganized Education Code, it is necessary that this act take effect immediately.

CHAPTER 243

An act to add Section 584.3 to, and to amend Sections 591.2, 591.6, 1200, 1240, and 1532 of, the Probate Code, relating to the civil law.

[Approved by Governor July 7, 1977. Filed with Secretary of State July 7, 1977]

The people of the State of California do enact as follows:

SECTION 1. Section 584.3 is added to the Probate Code, to read:

584.3. An executor or administrator shall have power, with approval of the court which ordered appointment of such executor or administrator, to grant an option to purchase real property of the estate for a period within or beyond the administration of the estate.

(a) To obtain such approval, the executor or administrator shall file a verified petition with the clerk describing the subject real property, stating the terms and conditions of the proposed option,

and showing the advantage to the estate in giving such option.

(b) The purchase price of the real property subject to the option must be at least 90 percent of the appraised value of such real property, and such appraisal must have been made by the referee within 90 days prior to the date of filing the petition.

(c) The clerk shall set the petition for hearing by the court and give notice thereof in the manner provided in Section 1200. The executor or administrator shall also cause notice of the hearing to be mailed, postage prepaid, to all heirs, devisees, and legatees of the decedent who are known to the executor or administrator at least 10 days before the hearing, addressed to them, at their respective post office addresses as set forth therein.

(d) Upon the hearing, the court, upon proof that due notice of the hearing has been given, shall proceed to hear the petition and any objection thereto that may have been filed or presented, and examine into the advantage to the estate in granting the option. If it appears to the court that good reason exists and that it will be to the advantage of the estate for the option to be granted, and it does not appear that a higher offer of a sum exceeding the purchase price of the real property subject to the option, or a better offer with respect to terms of the option, may be obtained, the court shall make an order approving the granting of the option and directing that the executor or administrator give such option, prescribing the terms and conditions thereof. A higher offer with respect to the purchase price shall be subject to the provisions of Section 785 governing increased bids in sales of real property, and a better offer with respect to the terms of the option shall be one deemed to be materially more advantageous to the estate. A higher offer made either for cash or upon a credit, whether on the same or different credit terms, or a better offer, shall be considered only if the personal representative informs the court in person or by counsel that the offer is acceptable prior to the court's making its order approving the granting of the option.

(e) Where the option granted pursuant to subdivision (d) extends beyond the administration of the estate, the decree of final distribution shall provide that the real property subject to such option be distributed to the distributees subject to the terms and conditions of the option. Further, any option, whether within or beyond the administration of the estate, granted pursuant to subdivision (d) shall be subject to the provisions of Section 1213.5 of the Civil Code.

SEC. 2. Section 591.2 of the Probate Code is amended to read:

591.2. Upon obtaining authority to administer the estate under this article, the executor or administrator shall proceed to administer the estate in the same manner as provided in this code with respect to executors or administrators who have not been granted such authority. However, he shall not be required to obtain judicial authorization, approval, confirmation, or instructions, which shall be known and referred to in this article as "court supervision", with

(h) Completing a contract entered into by the decedent to convey real or personal property.

(i) Determining third party claims to real and personal property if the decedent died in possession of, or holding title to, such property, or determining decedent's claim to real or personal property title to or possession of which is held by another.

(j) Granting options to purchase real property.

Nevertheless, the executor or administrator may obtain court supervision as provided in this code of any action taken by him during the administration of the estate. All publications of notice required by this code shall continue to be given except, when no hearing is required because the executor or administrator does not seek court supervision of an action or proposed action, no publication of the notice of hearing shall be required.

SEC. 3. Section 591.6 of the Probate Code is amended to read:

591.6. Unless restricted by the will, an executor or administrator who has been granted authority to administer the estate without court supervision shall have all of the following powers, in addition to any other powers granted by this code, which powers can be exercised in the manner provided in this article:

(a) To manage, control, convey, divide, exchange, partition, and to sell for cash or on credit; to lease for any purpose, including exploration for and removal of gas, oil, or other minerals; to enter into community oil leases; and to grant options to purchase real property for a period within or beyond the administration of the estate.

(b) To invest and reinvest money of the estate in deposits in banks and insured savings and loan association accounts and in direct obligations of the United States maturing not later than one year from the date of investment or reinvestment; to invest and reinvest any surplus moneys in his hands in any manner provided by the will.

(j) To allow, pay, reject, contest and compromise any claim by or against the estate by compromise; to release, in whole or in part, any claim belonging to the estate to the extent that the claim is uncollectible; to institute, compromise and defend actions and proceedings.

(k) To pay taxes, assessments, and other expenses incurred in the collection, care and administration of the estate.

(*l*) To continue the operation of the decedent's business to such extent as he shall deem to be for the best interest of the estate and those interested therein.

(m) To pay a reasonable family allowance for a period not to exceed 12 months.

SEC. 4. Section 1200 of the Probate Code is amended to read:

(17) A petition for the appointment of a trustee;

(18) Any petition for letters of administration or for probate of will, or for letters of administration-with-will annexed, which is filed after letters of administration or letters testamentary have once been issued; and in all cases in which notice is required and no other time or method is prescribed by law or by court or judge, the clerk shall set the same for hearing by the court and shall give notice of the petition or application or report or account by causing a notice of the time and place of hearing thereof to be posted at the courthouse of the county where the proceedings are pending, at least 10 days before the day of hearing, giving the name of the estate, the name of the petitioner and the nature of the application, referring to the petition for further particulars, and stating the time at which the application will be heard.

At least 10 days before the time set for the hearing of such petition, account or report, the petitioner or person filing the account or desiring the confirmation of a report of appraisers, must cause notice of the time and place of hearing thereof to be mailed to the executor or administrator, when he is not the petitioner, to any coexecutor or coadministrator not petitioning, and to all persons (or to their attorneys, if they have appeared by attorney), who have requested notice or who have given notice of appearance in the estate in person or by attorney, as heir, devisee, legatee or creditor, or as otherwise interested, addressed to them at their respective post office addresses given in their request for special notice, if any, otherwise at their respective offices or places of residence, if known, and if not, at the county seat of the county where the proceedings are pending, or to be personally served upon such person.

SEC. 5. Section 1240 of the Probate Code is amended to read:

Where property sold by the guardian for part cash and part deferred payments consists of an undivided interest in real or personal property, a joint tenancy interest, or any other interest therein less than the entire ownership, and the owner or owners of the remaining interests therein join in such sale, the note and deed of trust or mortgage may be made to the ward and such others having an interest in such property. The interest of the ward in such note and deed of trust or mortgage shall be in the same tenancy and in the same proportions as the ward's interest in the property prior to the sale.

CHAPTER 246

An act to amend Sections 33327, 33328 and 33675 of the Health and Safety Code, and to amend Sections 205.5, 214.8, 233, 251, 255, 994, 2052, 2053, 2054, 2055, 2152, 2191.3, 2615.6, 2906, 5096, and 38904 of, and to add Sections 253.10 and 987 to, and to repeal Section 225.1 and Article 2 (commencing with Section 1866) of Chapter 2 of Part 3 of Division 1 of, the Revenue and Taxation Code, and to repeal Section 18163.5 of the Streets and Highways Code, relating to property taxation.

[Approved by Governor July 7, 1977. Filed with Secretary of State July 7, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 33327 of the Health and Safety Code, as amended by Chapter 1337 of the Statutes of 1976, is amended to read:

33327. After receipt of any preliminary redevelopment plan

pursuant to Section 33325, the agency shall transmit to the auditor, assessor, and tax collector of the county in which the proposed project is located, or to the officer or officers performing the functions of the auditor or assessor for any taxing agencies which, in levying or collecting its taxes, do not use the county assessment roll or do not collect its taxes through the county, to the legislative or governing bodies of such taxing agencies, and to the State Board of Equalization:

(1) A description of the boundaries of the project area and the property outside the project area specified in subdivision (g) of Section 33328.

(2) A statement that a plan for the redevelopment of the area is being prepared.

(3) A map indicating the boundaries of the project area and the property outside the project area specified in subdivision (g) of Section 33328.

Thereafter, if the boundaries of the proposed project are changed to increase the land within the project area, the agency shall notify such taxing officials and the State Board of Equalization by transmitting a description and map indicating each such boundary change made. The State Board of Equalization shall prescribe the format of the description of boundaries and statements, and the form, size, contents, and number of copies of the map required to be transmitted pursuant to this section.

SEC. 1.5. Section 33328 of the Health and Safety Code is amended to read:

33328. When it transmits the map of the project area to the county officials, taxing agencies, and the State Board of Equalization pursuant to Section 33327, the redevelopment agency shall also advise such officials and agencies of the last equalized assessment roll it proposes to use for the allocation of taxes pursuant to Section 33670. That roll shall be known and referred to as the base year assessment roll. The county officials charged with the responsibility of allocating taxes under Section 33670 shall prepare and deliver to the redevelopment agency and each of the taxing agencies, a report which shall include the following:

(a) The total assessed valuation of all taxable property within the project area as shown on the base year assessment roll.

(b) The identifications of each taxing agency levying taxes in the project area.

(c) The amount of tax revenue to be derived by each taxing agency from the base year assessment roll from the project area, including state subventions for homeowners, business inventory, and similar such subventions.

(d) For each taxing agency, its total ad valorem tax revenues from all property within its boundaries, whether inside or outside the project area.

(e) The estimated first year taxes available to the redevelopment agency, if any, based upon information submitted by the

redevelopment agency, broken down by taxing agencies.

(f) The assessed valuation of the project area for the preceding five years, except for state assessed property on the board roll. The assessed value shall be reported by block if the property is divided by blocks, or by such other geographical area as may be agreed upon by the agency and county officials.

(g) The total assessed valuation of all taxable property outside of the project area which is within 300 feet from the boundaries of the project area as shown on the base year assessment roll. For the purposes of this section "property within 300 feet" means and includes all of any parcel of property and any taxable property situated thereon, up to the boundaries of such parcel, when any part of the parcel is within 300 feet of the boundaries of the project area. The report, when received by the redevelopment agency, shall be included in the report required by Section 33352.

For public utilities, the reporting requirements of this section for the area that is within 300 feet of the boundaries of the project area may be met by providing the total assessed value of all land and improvements. The report, when received by the redevelopment agency, shall be included in the report required by Section 33352.

The report shall be prepared and delivered to the redevelopment agency and each of the taxing agencies within 90 days of the date of filing by the redevelopment agency with the State Board of Equalization or as otherwise agreed upon by the agency and the State Board of Equalization. If the proposed base year assessment roll has not yet been equalized at the time of the receipt of such advice, then the report shall be prepared and delivered within 90 days, or other period, otherwise agreed upon, by the agency and the State Board of Equalization, from the date set forth in Section 2050 of the Revenue and Taxation Code.

If the filing does not comply with the requirements of Section 33327, the State Board of Equalization or the official of the taxing agency entitled to receive such documents shall notify the filing agency within 10 days, stating the manner in which the filing of documents does not comply with this section. If no such notice is given it shall be conclusively presumed that the agency has complied with the provisions of this section.

If such report is not received within the time prescribed by this section, the redevelopment agency may proceed with the adoption of the redevelopment plan. The county officials may transmit a partial report, and any final report or additional information, if received by the agency prior to the close of the public hearing on the redevelopment plan shall become part of the record of the public hearing.

The State Board of Equalization and officials of all taxing agencies shall provide the county officials preparing the report with all information necessary for its preparation. All data and information upon which said report is based shall be available to the agency to the extent permitted by law.

Prior to the publication of notice of the legislative body's public hearing on the plan, the agency shall consult with each taxing agency which levies taxes, or for which taxes are levied, on property in the project area with respect to the plan and to the allocation of taxes pursuant to Section 33670.

SEC. 2. Section 33675 of the Health and Safety Code, as added by Section 22 of Chapter 1337 of the Statutes of 1976, is amended to read:

33675. (a) The portion of taxes required to be allocated pursuant to subdivision (b) of Section 33670 shall be allocated and paid to the agency by the county auditor or officer responsible for the payment of taxes into the funds of the respective taxing agencies pursuant to the procedure contained in this section.

(b) Not later than the first day of October of each year, the agency shall file with the county auditor or officer described in subdivision (a) of this section, a statement of indebtedness certified to by the chief fiscal officer of the agency for each redevelopment project, the redevelopment plan for which provides for the division of taxes pursuant to Section 33670.

(c) The statement of indebtedness shall contain for each such redevelopment project:

(1) The date on which each loan, advance, or indebtedness was incurred or entered into.

(2) The principal amount term, purpose, and interest rate, of each loan, advance, or indebtedness.

(3) The outstanding balance and amount due or to be paid by the agency of each loan, advance, or indebtedness. The Controller shall prescribe a uniform form of statement of indebtedness.

(d) The county auditor or officer shall at the same time or times as the payment of taxes into the funds of the respective taxing agencies of the county, allocate and pay the portion of taxes provided by subdivision (b) of Section 33670 to each agency in an amount not to exceed the amount as shown on the agency's statement of indebtedness.

(e) The statement of indebtedness shall be prima facie evidence of the indebtedness of the agency. If the county auditor or other officer disputes the amount of indebtedness as shown in the statement of indebtedness, the county auditor or other officer shall, within 30 days after receipt of the statement, give written notice to the agency thereof. The agency shall, within 30 days after receipt of such notice, submit such further information as it deems appropriate to substantiate the amount of any indebtedness which has been disputed. If the county auditor or other officer still disputes the amount of indebtedness, final written notice thereof shall be given to the agency and the amount disputed may be withheld from allocation and payment to the agency as provided in subdivision (c) of this section. In such event, the auditor or other officer shall bring an action in the superior court in declaratory relief to determine the matter not later than 90 days after the date of the final notice. The issue in any such action shall involve only the amount of

indebtedness, and not the validity of any contract or debt instrument or any expenditures pursuant thereto. Payments to a trustee under a bond resolution or indenture of any kind or payments to a public agency in connection with payments by such public agency pursuant to a lease or bond issue shall not be disputed in any action under this section. Any such action shall be set for trial at the earliest possible date and shall take precedence of all other cases except older matters of the same character. Unless an action is brought within the time provided for herein, the auditor or other officer shall allocate and pay the amount shown on the statement of indebtedness as provided in subdivision (d) of this section.

(f) Nothing in this section shall be construed to permit a challenge to or attack on matters precluded from challenge or attack by reason of Sections 33500 and 33501; provided that nothing in this section shall be construed to deny a remedy against the agency otherwise provided by law.

SEC. 3. Section 205.5 of the Revenue and Taxation Code is amended to read:

205.5. (a) Property which is owned by, and which constitutes the principal place of residence of a veteran is exempt from taxation on that part of the assessed value of the residence that does not exceed ten thousand dollars ($10,000), if the veteran, because of injury incurred in military service, is blind in both eyes, has lost the use of two or more limbs, or is totally disabled.

(b) For purposes of this section, "veteran" is defined as specified in subdivision (o) of Section 3 of Article XIII of the Constitution without regard to any limitation contained therein on the value of property owned by the veteran or the veteran's spouse.

(c) No veteran shall be eligible for this exemption unless he or she was a resident of California at the time of his or her entry into military or naval service, or unless he or she was a resident of the state on November 7, 1972, if he or she is blind or has lost the use of two or more limbs, or on January 1, 1975, if he or she is totally disabled; provided however, that no veteran who met a corresponding residency requirement under the law in effect prior to January 1, 1975 shall lose eligibility as the result of changes in residency requirement effective on January 1, 1975 or thereafter.

(d) Property which is owned by and which constitutes the principal place of residence of the unmarried surviving spouse of a veteran is exempt from taxation on that part of the assessed value of the residence that does not exceed ten thousand dollars ($10,000), provided that the deceased veteran during his or her lifetime qualified in all respects for the exemption under laws in effect during his or her lifetime.

(e) As used in this section, "property which is owned by a veteran" or "property which is owned by the veteran's unmarried surviving spouse" includes:

(1) Property owned by the veteran with the veteran's spouse as a joint tenancy, tenancy in common or as community property;

(2) Property owned by the veteran or the veteran's spouse as separate property;

(3) Property owned with one or more other persons to the extent of the interest owned by the veteran, the veteran's spouse, or both the veteran and the veteran's spouse;

(4) Property owned by the veteran's unmarried surviving spouse with one or more other persons to the extent of the interest owned by the veteran's unmarried surviving spouse;

(5) So much of the property of a corporation as constitutes the principal place of residence of a veteran or a veteran's unmarried surviving spouse when the veteran, or the veteran's spouse, or the veteran's unmarried surviving spouse is a shareholder of the corporation and the rights of shareholding entitle one to the possession of property, legal title to which is owned by the corporation. The exemption provided by this subsection shall be shown on the local roll and shall reduce the assessed value of the corporate property. Notwithstanding any provision of law or articles of incorporation or bylaws of a corporation described in this subsection, any reduction of property taxes paid by such corporation shall reflect an equal reduction in any charges by such corporation to the person who, by reason of qualifying for the exemption made possible such reduction for the corporation.

(f) For purposes of this section, being blind in both eyes means having a visual acuity of 5/200 or less; losing the use of a limb means that the limb has been amputated or its use has been lost by reason of ankylosis, progressive muscular dystrophies, or paralysis; and being totally disabled means that the United States Veterans Administration or the military service from which such veteran was discharged has rated the disability at 100 percent or has rated the disability compensation at 100 percent by reason of being unable to secure or follow a substantially gainful occupation.

(g) An exemption granted to a claimant in accordance with the provisions of this section shall be in lieu of the veteran's exemption provided by subdivisions (o), (p), (q), and (r) of Section 3 of Article XIII of the Constitution and any other real property tax exemption to which the claimant may be entitled. No other real property tax exemption may be granted to any other person with respect to the same residence for which an exemption has been granted under the provisions of this section, provided that if two or more veterans qualified pursuant to this section co-own a property in which they reside, each is entitled to the exemption to the extent of his or her interest.

SEC. 3.5. Section 214.8 of the Revenue and Taxation Code is amended to read:

214.8. Except as provided in Sections 213.7 and 231, the "welfare exemption" shall not be granted to any organization which is not qualified as an exempt organization under Section 23701d of this code or Section 501 (c) (3) of the Internal Revenue Code of 1954. This section shall not be construed to enlarge the "welfare exemption" to

apply to organizations qualified under Section 501(c)(3) of the Internal Revenue Code of 1954 but not otherwise qualified for the "welfare exemption" under other provisions of this code.

exempted from the provisions of Section 39649 of the Education Code from July 1, 1977, through June 30, 1979, regardless of the effective date of this act. An act to amend Section 8734 of the Health and Safety Code, relating to cemeteries, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 7, 1977. Filed with Secretary of State July 8, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 8734 of the Health and Safety Code is amended to read:

8734. (a) Except as provided in subdivisions (b), (c), and (d), the board of trustees or corporate trustee of an endowment care fund or one or more special care funds shall file a fidelity bond issued by an admitted surety with the Cemetery Board in the amount of fifty thousand dollars ($50,000), guaranteeing payment to each such fund of any monetary loss incurred by the fund occasioned by acts of fraud or dishonesty by the trustees or trustee. The board of trustees or corporate trustee of both an endowment care fund and one or more special care funds need file only one such bond. The aggregate liability of the surety shall in no case exceed fifty thousand dollars

($50,000).

(b) Any cemetery authority which has a fidelity bond on all officers and employees issued by an admitted surety and which by its terms would cover any acts of fraud or dishonesty by the trustees or corporate trustee of its endowment and special care funds need not file a separate bond with the Cemetery Board as provided in subdivision (a), but shall submit to the Cemetery Board satisfactory evidence of such a fidelity bond. Such fidelity bond, except as provided in subdivision (d), shall provide at least fifty thousand dollars ($50,000) specifically designated to guarantee payment of any monetary loss incurred by the endowment care or special care funds of the cemetery authority occasioned by any acts of fraud or dishonesty by the board of trustees or corporate trustee thereof.

(c) In lieu of filing a bond issued by a surety pursuant to subdivision (a), the cemetery authority from its assets may deposit with the Cemetery Board either cash or bearer bonds or bearer notes of the United States or of the State of California having a market value of not less than fifty thousand dollars ($50,000), or such lesser amount as may be approved pursuant to subdivision (d). Any cash so deposited shall be placed in an interest bearing account with a bank or savings and loan association. The interest on such account or on any bonds deposited shall be paid to the cemetery authority.

The liability on any bond filed pursuant to this subdivision shall be the same as prescribed by subdivision (a).

(d) Upon application, the Cemetery Board may reduce the amount of the bond required pursuant to this section if moneys in the endowment care fund and special care funds administered by the applicant board of trustees or corporate trustee are substantially less than fifty thousand dollars ($50,000). In such cases, the Cemetery Board may permit filing of a bond pursuant to subdivision (a), (b), or (c) which, while the bond is on file, is not less than the aggregate amount of all moneys in the endowment care fund and special care funds administered by the applicant. If the Cemetery Board permits exceptions pursuant to this subdivision, it shall adopt procedures to assure that affected bonds do not fall below such amount.

(e) The trustees or corporate trustee of an endowment care fund or special care fund shall take no action respecting trust funds unless there is on file with the board a bond as required by this section. The Cemetery Board may suspend the certificate of authority of any cemetery authority having endowment or special care funds with respect to which there is no bond on file with the board as required by this section, or whenever such a bond falls below the amount required by this section.

(f) Nothing in this section shall be construed to limit the liability of the trustees or corporate trustee of an endowment care fund or special care fund to the amount of the bond required hereunder.

(g) Any state or national bank authorized to engage in the trust business pursuant to Division 1 (commencing with Section 99) of the Financial Code shall be exempt from the requirements of this

section.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order for the law requiring trustees of cemetery endowment care or special care funds to post a bond to be effectively implemented in an economical manner, it is necessary that this act take effect immediately.

CHAPTER 5. GRAPEFRUIT

43801. The White Marsh Grapefruit may be labeled as "Golden Grapefruit" for varietal designation.

intended transferee shall establish an escrow with some person, corporation, or association not a party to the transfer acting as escrow holder, and the intended transferee shall deposit with the escrow holder the full amount of the purchase price or consideration. The transfer application shall be accompanied by a description of the entire consideration. Such description shall include a designation of cash, checks, promissory notes, and tangible and intangible property, and the amount of each thereof. The licensee and intended transferee shall also enter into an agreement, which agreement shall be deposited with the escrow holder, directing the escrow holder, after the requirements for transfer as provided in Section 24049 are satisfied, to pay out of the purchase price or consideration, whether such consideration takes the form of cash, checks, promissory notes, or tangible or intangible property, the claims of the bona fide creditors of the licensee who file their claims with the escrow holder before the escrow holder is notified by the department of its approval of the transfer of the license or if the purchase price or consideration is not sufficient to pay the claims in full, to distribute the consideration as follows:

First, to the United States for claims based on income or withholding taxes; and thereafter for claims based on any tax other than specified in Section 24049;

Second, to the payment of claims for wages, salaries, or fringe benefits of employees of the seller or transferor earned or accruing prior to the sale, transfer, or opening of an escrow for the sale thereof;

Third, to the payment of claims of secured creditors to the extent of the proceeds which arise from the sale of the security; and to the payment of claims of a landlord, to the extent of proceeds on past due rent;

Fourth, to the payment of claims on mechanics' liens;

Fifth, to the payment of escrow fees and the payment of claims for prevailing brokerage fees for services rendered and claims for reasonable attorney's fees for services rendered;

Sixth, to the payment of claims for goods sold and delivered to the transferor for resale at his licensed premises and the payment of claims for services rendered, performed, or supplied in connection with the operation of the licensed business.

Seventh, to the payment of all other claims. The payment of these claims if sufficient assets are not available for the payment of the claim in full shall be paid pro rata.

If the transferor licensee disputes any claim, the escrow holder shall notify the claimant, and the amount or pro rata amount thereof shall be retained by the escrow holder for a period of 25 days, and if not attached shall be paid to the transferor licensee. The agreement shall also provide that the escrow holder shall make the payment or distribution within a reasonable time after the completion of the transfer of the license.

CHAPTER 267

An act to amend Section 52317 of the Education Code, as proposed by the 1977 Education Code Supplemental Act, relating to regional occupational centers and programs.

[Approved by Governor July 7, 1977. Filed with Secretary of State July 8, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 52317 of the Education Code, as proposed by the 1977 Education Code Supplemental Act, is amended to read:

52317. (a) The county superintendent of schools, with the approval of the county board of education, and the governing board of each school district, or joint powers governing board, which maintains a regional occupational center or regional occupational program pursuant to this chapter, shall certify to the county auditor and to the county board of supervisors, on or before August 10 of each year, the amount of money required to be raised by a tax for the education of pupils attending the regional occupational center, or regional occupational program, maintained by the county superintendent of schools or by a school district, as the case may be, and for the purposes set forth in Section 52312.

(b) The amount shall be determined by subtracting from the total revenue limit determined pursuant to paragraph (3) of this subdivision in the regional occupational center, or regional occupational program, including transportation, to the county superintendent of schools or school district, as the case may be, the amount received pursuant to Section 52321. At the time of levying county taxes, the board of supervisors shall levy a county tax for each regional occupational center, or regional occupational program, maintained in the county by the county superintendent of schools pursuant to this chapter sufficient to produce the amount required by this section, upon the following taxable property within school districts under the jurisdiction of the county superintendent maintaining the regional occupational center or regional occupational center program:

(1) In a county in which the governing board of a school district is not maintaining a regional occupational center or regional occupational program pursuant to this chapter, upon all the taxable property within school districts under the jurisdiction of the county superintendent maintaining the regional occupational center or regional occupational center program.

(2) In a county in which the governing boards of one or more school districts are maintaining a regional occupational center or regional occupational program pursuant to this chapter, upon the taxable property within that portion of the territory within school districts under the jurisdiction of the county superintendent

maintaining the regional occupational center or regional occupational program which is not included in territory of such school districts.

(3) For the 1976–77 fiscal year, the revenue limit per average daily attendance for county regional occupational centers and regional occupational programs, as the case may be, shall be the expenditure per average daily attendance in either the 1974–75 or the 1975–76 fiscal year for centers or programs in existence in those fiscal years, or for regional occupational programs beginning operation in the 1975–76 fiscal year, adjusted by the same percentage increase that is allowed to the regular high school foundation program for the 1976–77 fiscal year. The revenue limit as determined by expenditures for the base year may be increased up to an amount per unit of average daily attendance equal to the difference between local tax revenues per unit of average daily attendance certified for collection and the local tax revenues per unit of average daily attendance actually received for the base year provided expenditures were maintained below the budgeted amount due to a lack of sufficient funds. In subsequent years, the county revenue limit shall be adjusted by the percentage increase in the regular high school foundation program; provided, however, that the revenue limit per average daily attendance for each county-operated regional occupational program or center for the 1977–78 and subsequent fiscal years may be increased by a percentage of no more than the weighted average revenue limit per average daily attendance percentage increase of the participating school districts in that county.

(c) The amount received from this tax shall be deposited in the county school service fund, or, if the regional occupational center, or regional occupational program, for which such tax was levied is maintained by a school district, in the county treasury to the credit of the general fund of that school district.

(d) The maximum rate of the countywide tax levied for the purposes of this section, except for the purposes set forth in Section 52312, shall not exceed ten cents ($0.10) on each one hundred dollars ($100) of assessed valuation within the county and the maximum rate of the district tax levied under this section for the purposes set forth in Section 52312 shall not exceed five cents ($0.05) on each one hundred dollars ($100) of assessed valuation in the district.

(e) As used in this section, school district includes each of those school districts which are cooperating in the maintenance of a regional occupational center, or regional occupational program, with the approval of the county superintendent of schools pursuant to Section 52301.

CHAPTER 268

An act to amend Section 52306 of the Education Code, relating to regional occupational centers and programs.

[Approved by Governor July 7, 1977. Filed with Secretary of State July 8, 1977.]

The people of the State of California do enact as follows:

52306. (a) Any business, commercial, trade, manufacturing, or construction activity referred to in subdivision (c) of Section 52305 may be undertaken as part of a regional occupational center or program provided all the following conditions have been complied with:

(1) Any such facility or program operated pursuant hereto shall be only for the education or training of students enrolled in a regional occupational center or program.

(2) Any such facility or program shall be approved by the appropriate agency of the Department of Education according to requirements and standards of the State Plan for Vocational Education and rules and regulations adopted by the State Board of Education.

(3) Any such facility or program shall be operated on a nonprofit basis, with all revenues restricted in their use to cover instructional and operating costs.

(4) Notwithstanding any other provision of law, any such facility or program initially shall obtain the approval of the appropriate trade associations concerned with the activity proposed and the approval of the county labor council in the county in which the facility or program is located.

(b) An activity conducted by a regional occupational center or program may be conducted without the need to apply for or obtain local business licenses or permits, nor shall the activity be subject to payment of local business taxes.

Notwithstanding any other provisions of law, proceeds from business activities authorized in this section may, subject to the approval of the governing board, be deposited in a checking account or accounts by each regional occupational center or program and disbursed for the necessary expenses of said business activities. The account shall be established by the regional occupational center or program and be in the custody of the principal or other administrative official designated by the governing board or the county superintendent of schools, as the case may be. The principal or administrative official shall be responsible for all expenditures therefrom, subject to such regulations as the governing board or the county superintendent of schools, as the case may be, prescribes. An

exact accounting of receipts and disbursements shall be made to the district or county accounting office within a reasonable period of time. The governing board or the county superintendent of schools, as the case may be, shall provide for an audit of such accounts on a regular basis.

(c) Attendance of students in any business, commercial, trade, manufacturing, or construction activity referred to in subdivision (c) of Section 52305, at any regional occupational center or regional occupational program, shall be credited to such facility or program for the purposes of apportionments from the State School Fund, except that the Superintendent of Public Instruction shall deduct from such apportionment any revenues earned by such facility or program in excess of operating costs.

[Approved by Governor July 7, 1977. Filed with Secretary of State July 8, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 13855 of the Health and Safety Code is amended to read:

13855. The district board may contract with other governmental agencies. The district board may also contract with a private firm or corporation to provide, maintain, or operate ambulances or ambulance service or to operate and maintain rescue and first aid services within and without the district. The district board may also enter into mutual aid agreements with other fire protection districts, the United States and agencies thereof, and any private firm or corporation which is engaged in the manufacture of materials or equipment for national defense under contract with the United States, or any agency thereof, and which maintains a full-time fire department.

Any such private firm or corporation which enters into a mutual aid agreement pursuant to this section, or any employee thereof, shall have the same immunity from liability for civil damages on account of personal injury to or death of any person or damage to property resulting from acts or omissions of its fire department personnel in the performance of the provisions of the mutual aid agreement as is provided by law for districts organized and operating pursuant to this part and their employees, except when such act or omission occurs on property under the control of such firm or corporation.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that fire protection districts may contract for needed ambulance, rescue, and first aid services, it is necessary that this act take effect immediately.

CHAPTER 270

An act to amend Section 21712 of the Business and Professions Code, relating to antifreeze and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 7, 1977. Filed with Secretary of State July 8, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 21712 of the Business and Professions Code is amended to read:

21712. (a) An antifreeze shall be deemed to be misbranded: (1) if its labeling is false or misleading in any particular; or (2) if the package does not bear a label on which is printed the name and place of business of the manufacturer, packer, seller or distributor, and an accurate statement of the quantity of the contents in terms of liquid measure, and these facts are not stated plainly and correctly on the outside of the package; or (3) if the product is to be diluted with another substance for use and does not bear on the label, or in an accompanying instruction sheet, folder or booklet, a statement or chart showing appropriate amounts of each substance in terms of liquid measure to be used to provide protection from freezing at various degrees of temperature down to at least 30 degrees below zero Fahrenheit.

(b) A coolant shall be deemed to be misbranded: (1) if its labeling is false or misleading in any particular; or (2) if the package does not bear a label on which is printed the name and place of business of the manufacturer, packer, seller or distributor, and an accurate statement of the quantity of the contents in terms of liquid measure, and these facts are not stated plainly and correctly on the outside of the package; or (3) if the product is to be diluted with another substance for use and does not bear on the label a statement showing that a 50 percent mixture of the coolant and water will raise the boiling point of the mixture to at least 224°F at atmospheric pressure, or (4) if the product is to be used full strength and does not bear on the label a statement showing that the product has a boiling point of at least 224°F at atmospheric pressure.

(c) The director may, by regulation, exempt specific products

from the requirements of Section 21712 (b) (3) and (4) provided they meet all other requirements of Section 21712 and any regulations pertaining thereto, and provided further that it can be proven to the satisfaction of the director by the person requesting the exemption that the product fulfills the purpose for which it is manufactured, distributed and sold.

SEC. 2. This is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

A recent court decision found that a provision allowing the Director of the Department of Food and Agriculture to exempt specific combination antifreeze and coolant products from specified boiling point requirements discriminated against antifreeze and coolant products which were not combined, therefore in order to authorize the director to exempt such products, without discrimination, from such requirements without delay it is necessary that this act go into immediate effect.

CHAPTER 271

An act to amend Section 326.5 of the Penal Code, and to add Sections 215.2 and 23710 to the Revenue and Taxation Code, relating to bingo, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 7, 1977. Filed with Secretary of State July 8, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 326.5 of the Penal Code is amended to read:

326.5. (a) Neither this chapter nor Chapter 10 (commencing with Section 330) applies to any bingo game which is conducted in a city, county, or city and county pursuant to an ordinance enacted under Section 19 of Article IV of the State Constitution, provided that such ordinance allows games to be conducted only by organizations exempted from the payment of the bank and corporation tax by Sections 23701a, 23701b, 23701d, 23701e, 23701f, 23701g, and 23701*l* of the Revenue and Taxation Code and by mobilehome park associations and senior citizens organizations; and provided that the proceeds of such games are used only for charitable purposes.

(c) A violation of subdivision (b) of this section shall be punishable by a fine not to exceed ten thousand dollars ($10,000), which fine shall be deposited in the general fund of the city, county, or city and

county which enacted the ordinance authorizing the bingo game. A violation of any provision of this section, other than subdivision (b), is a misdemeanor.

(d) The city, county, or city and county which enacted the ordinance authorizing the bingo game may bring an action to enjoin a violation of this section.

(e) No minors shall be allowed to participate in any bingo game.

(f) An organization authorized to conduct bingo games pursuant to subdivision (a) shall conduct a bingo game only on property owned or leased by it, and which property is used by such organization for an office or for performance of the purposes for which the organization is organized. Nothing in this subdivision shall be construed to require that the property owned or leased by the organization be used or leased exclusively by such organization.

(g) All bingo games shall be open to the public, not just to the members of the authorized organization.

(h) A bingo game shall be operated and staffed only by members of the authorized organization which organized it. Such members shall not receive a profit, wage, or salary from any bingo game. Only the organization authorized to conduct a bingo game shall operate such game, or participate in the promotion, supervision, or any other phase of such game.

(j) With respect to organizations exempt from payment of the bank and corporation tax by Section 23701d of the Revenue and Taxation Code, all profits derived from a bingo game shall be kept in a special fund or account and shall not be commingled with any other fund or account. Such profits shall be used only for charitable purposes. With respect to other organizations authorized to conduct bingo games pursuant to this section, all proceeds derived from a bingo game shall be kept in a special fund or account and shall not be commingled with any other fund or account. Such proceeds shall be used only for charitable purposes, except as follows:

(1) Such proceeds may be used for prizes.

(2) A portion of such proceeds, not to exceed 10 percent of the proceeds after the deduction for prizes, or five hundred dollars ($500) per month, whichever is less, may be used for rental of property, overhead, and administrative expenses.

(k) A city, county, or city and county may impose a license fee on each organization which it authorizes to conduct bingo games. The fee, whether for the initial license or renewal, shall not exceed fifty dollars ($50). If an application for a license is denied, one-half of any license fee paid shall be refunded to the organization.

(*l*) No person shall be allowed to participate in a bingo game, unless the person is physically present at the time and place in which the bingo game is being conducted.

(m) The total value of prizes awarded during the conduct of any

bingo games shall not exceed two hundred fifty dollars ($250) in cash or kind, or both, for each separate game which is held.

(n) As used in this section "bingo" means a game of chance in which prizes are awarded on the basis of designated numbers or symbols on a card which conform to numbers or symbols selected at random. It is the intention of the Legislature that bingo as defined in this subdivision applies exclusively to this section and shall not be applied in the construction or enforcement of any other provision of law.

SEC. 2. Section 215.2 is added to the Revenue and Taxation Code, to read:

215.2. Property owned by an organization that satisfies the requirements of Section 214, 215, or 215.1 and which is used primarily for exempt purposes shall not be denied the welfare or veterans organization exemption because such property is also used for conducting bingo games pursuant to Section 326.5 of the Penal Code, provided that the proceeds from such games are used exclusively for the charitable purposes of such organization.

SEC. 3. Section 23710 is added to the Revenue and Taxation Code, to read:

23710. Any organization exempted from taxes imposed under this part pursuant to the provisions of this article shall not be disqualified for such exemption on the basis that it conducts bingo games pursuant to Section 326.5 of the Penal Code, provided that the proceeds from such games are used exclusively for charitable purposes.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order for this act to properly implement the constitutional amendment to Section 19 of Article IV of the Constitution, permitting bingo, which the people of California approved at the June 1976 primary, it is necessary that this act take effect immediately.

10127.15. Any provision contained in a policy of disability insurance or a self-insured employee welfare benefit plan for a reduction of loss of time benefits during a benefit period because of an increase in benefits payable under the federal Social Security Act, as amended, shall be null and void with respect to any such increase which occurs on or after the effective date of this section.

SEC. 2. This is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

CHAPTER 273

An act to amend Sections 1462, 1500.2, 1754, 1851.2, and 2006 of, to add Section 2007 to, and to amend and renumber Section 1606 of, the Probate Code, and to amend Section 36 of Chapter 1357 of the Statutes of 1976, relating to civil law, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 7, 1977. Filed with Secretary of State July 8, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 1462 of the Probate Code, as amended by Chapter 1357 of the Statutes of 1976, is amended to read:

1462. If, upon the hearing, it appears to the court that the person in question is incompetent, the court must appoint a guardian of his person and estate, or person or estate. In awarding letters of guardianship, the court shall give preference to such person as may have been designated by will or deed, unless good cause to the contrary is shown.

Before letters of guardianship may issue, a copy of the order appointing the guardian shall be served by mail upon the ward. The order shall contain the names, addresses, and telephone numbers of the guardian, the ward's attorney, if any, and the court investigator, if any.

The selection of a guardian of the person and estate or person or estate shall be solely in the discretion of the court. Among persons equally qualified in the opinion of the court to be appointed as guardian, preference is to be given as follows:

(1) To the ward's nominee under Section 1463.

(2) To the spouse of a married ward or the nominee of such spouse,

unless an action for dissolution of marriage is pending.

(3) To an adult child of the ward or the nominee of such child.

(4) To a parent of the ward or the nominee of such parent.

(5) To a brother or sister of the ward or the nominee of such brother or sister.

(6) To any qualified person or corporation upon the appropriate petition to the court, or if there is no such person or corporation qualified and willing to act in such capacity, to the public guardian under Section 8006 of the Welfare and Institutions Code.

The preference for any nominee to appointment under subdivisions (3), (4), and (5) shall be subordinate to the preference for any other child, parent, brother or sister in such class.

SEC. 2. Section 1500.2 of the Probate Code, as added by Chapter 1357 of the Statutes of 1976, is amended to read:

1500.2. For all guardianships established prior to the effective date of the amendments to this division adopted at the 1975–76 Regular Session of the Legislature, review pursuant to the terms of Section 1500.1 shall commence at the time of the next financial accounting, but in all cases within three years from the operative date of such amendments.

SEC. 3. Section 1606 of the Probate Code, as added by Chapter 1357 of the Statutes of 1976, is amended and renumbered to read:

1606.5. In any proceeding for the appointment of a guardian for the person and estate or person or estate of an alleged incompetent person or for restoration of his capacity under this division, the alleged or adjudicated incompetent person shall be represented by legal counsel at the hearing, if he so chooses, irrespective of whether he appears to have capacity to make such choice. If he so chooses, but is unable to retain legal counsel, the court shall, at the time of the hearing, appoint the public defender or other attorney to represent him.

The court shall hear and determine the matter according to the laws and procedure relating to civil actions, including trial by jury if demanded.

In any case in which the alleged or adjudicated incompetent person is furnished legal counsel, either through the public defender or private counsel appointed by the court, upon conclusion of the hearing, the court shall make a determination of the present ability of the alleged or adjudicated incompetent person to pay all or a portion of the costs of such counsel. If the court determines that the alleged or adjudicated incompetent person has the present ability to pay all or a portion of the costs, it shall order him or the guardian of the estate to pay the sum, in the case of the public defender, or court-appointed counsel, to the county, and in the case of private counsel, to such counsel, in any installments and manner which is believed reasonable and compatible with his financial ability. If a guardian is not appointed for the alleged incompetent person, execution may be issued on the order in the same manner as on a judgment in a civil action.

SEC. 4. Section 1754 of the Probate Code, as amended by Chapter 1357 of the Statutes of 1976, is amended to read:

1754. Any person or any relative or friend of any person, other than a creditor of the proposed conservatee, may file a verified petition alleging that the appointment of a conservator is required. The petition shall set forth, so far as they are known to the petitioner, the names and residences of the spouse, if any, and the relatives of the proposed conservatee within the second degree. Upon the filing of the petition, the clerk shall set the petition for hearing by the court. Notice of the nature of the proceedings and of the time and place of the hearing on the petition shall be mailed by the petitioner to the spouse, if any, and to each of such relatives, and if the proposed conservatee is an "absentee," as defined in Section 1751.5, to the secretary concerned or to the head of the United States department or agency concerned, as the case may be, at least 15 days before such hearing date. If the proposed conservatee is an "absentee," as defined in Section 1751.5, such notice shall also be published pursuant to Section 6061 of the Government Code in a newspaper of general circulation in the county in which the proceedings will be held.

If the petition is filed by a person other than the proposed conservatee, the clerk shall issue a citation directed to the proposed conservatee setting forth the time and place of the hearing. The citation shall include a specific delineation of the legal standards by which the need for a conservatorship is adjudged as stated in Section 1751, and shall state that the proposed conservatee may be adjudged unable to provide for his personal needs or manage his financial resources, and by reason thereof, a conservator may be appointed for his person and property or person or property, that such adjudication may transfer the proposed conservatee's right to contract, manage and control his property, and to fix his residence to the appointed conservator, that the court or a court investigator will explain the nature, purpose and effect of the proceeding to the proposed conservatee and answer questions concerning such explanation, that the proposed conservatee shall have the right to appear at such hearing and oppose such petition, that he shall have the right to legal counsel of his own choosing, including the right to have legal counsel appointed for him by the court if he is unable to retain one, and that he has the right to a jury trial if he so desires.

The citation, and a copy of the petition, shall be served upon the proposed conservatee in the same manner provided for in Section 415.10 or 415.30 of the Code of Civil Procedure or in such manner as may be authorized by the court, at least 10 days before the time of the hearing. No such citation shall, however, be required if the proposed conservatee is an "absentee," as defined in Section 1751.5.

The proposed conservatee, if he is the petitioner, or if he is in the state at date of service and, if able to attend, shall be produced at the hearing, and, if not able to attend by reason of medical inability, such inability shall be established by the affidavit or certificate of a duly licensed medical practitioner. If the proposed conservatee is an

adherent of a religion whose tenets and practices call for reliance on prayer alone for healing and is under treatment by an accredited practitioner of such religion, an affidavit as to his or her medical inability to attend by an accredited practitioner shall be acceptable. Emotional or psychological instability shall not be considered good cause for the absence of the proposed conservatee within the meaning of this section, unless, by reason of such instability, attendance at the hearing is likely to cause serious and immediate physiological damage to the proposed conservatee. The medical affidavit shall be evidence only of the proposed conservatee's medical inability to attend the hearing and shall not be considered in determining the issue of need for appointment of a conservator. If the proposed conservatee is an "absentee," as defined in Section 1751.5 his inability to attend the hearing shall be established by a certificate complying with Section 1283 of the Evidence Code, showing the determination of the Secretary of the Military Department or the head of the department, or agency concerned or his delegate, as the case may be, that the "absentee" is in missing status.

Upon receipt of the affidavit or certificate attesting to the proposed conservatee's inability to attend the hearing, the court shall appoint a court investigator to personally interview the proposed conservatee and to inform him as to the contents of the citation, the nature, purpose and effect of the proceeding, and of his right to oppose the proceeding, attend the hearing, have the matter tried by jury and be represented by counsel. The investigator shall also determine whether it appears that the proposed conservatee is unable to attend the hearing, whether the proposed conservatee wishes to contest the establishment of the conservatorship, whether the proposed conservatee wishes to be represented by counsel, and if so, whether the proposed conservatee has retained counsel, and if not, the name of an attorney the proposed conservatee wishes to retain.

If the proposed conservatee does not wish to contest the establishment of the guardianship, the investigator shall determine if the proposed conservatee objects to the proposed conservator, or if he prefers another person to act as conservator.

The court investigator shall report his findings, including the proposed conservatee's express statement concerning representation by counsel, in writing, to the court at least five days before the date set for hearing.

As used in this chapter, a "court investigator" or "investigator" is a person trained in law who is an officer or special appointee of the court with no personal or other beneficial interest in the proceedings.

Whenever a notice to any officer or agency of this state or of the United States would be required upon a petition for the appointment of a guardian of an alleged incompetent person a like notice shall be given of a petition under this chapter. Any officer or agency of this

state or of the United States, or the authorized delegate thereof, or any relative or friend of the proposed conservatee, or the proposed conservatee himself, may appear and oppose the petition.

SEC. 5. Section 1851.2 of the Probate Code is amended to read:

1851.2. For each conservatorship established prior to the operative date of the amendments to this division adopted at the 1975–76 Regular Session of the Legislature, review pursuant to the terms of Section 1851.1 shall commence at the time of the next financial accounting, but in all cases within three years from the operative date of such amendments.

SEC. 5.1. Section 2006 of the Probate Code is amended to read:

2006. In any proceeding for the appointment of a conservator for the person and estate or person or estate of a proposed conservatee or for termination of a conservatorship under this division, the proposed conservatee shall be represented by legal counsel at the hearing, if he so chooses, irrespective of whether he appears to have capacity to make such choice. If he so chooses but is unable to retain legal counsel, the court shall, at the time of the hearing, appoint the public defender or other attorney to represent him.

The court shall hear and determine the matter according to the laws and procedure relating to civil actions, including trial by jury if demanded.

In any case in which the proposed conservatee or conservatee is furnished legal counsel, either through the public defender or private counsel appointed by the court, upon the conclusion of the hearing, the court shall make a determination of the present ability of the proposed conservatee or conservatee to pay all or a portion of the costs of such counsel. If the court determines that the proposed conservatee or conservatee has the present ability to pay all or a portion of the costs, it shall order him or the conservator of the estate to pay the sum, in the case of the public defender, or court-appointed counsel to the county, and in the case of private counsel, to such counsel, in any installments and manner which is believed reasonable and compatible with his financial ability. If a conservator is not appointed for the proposed conservatee, execution may be issued on the order in the same manner as on a judgment in a civil action.

SEC. 5.2. Section 2007 is added to the Probate Code, to read:

2007. Any county without a public defender is authorized to compensate the attorneys appointed for persons who are, or who are proposed, conservatees or wards entitled to be represented by counsel in proceedings under Divisions 4 (commencing with Section 1400) and 5 (commencing with Section 1701) of this code.

SEC. 6. Section 36 of Chapter 1357 of the Statutes of 1976 is amended to read:

Sec. 36. There are no state-mandated local costs within the meaning of 2231 of the Revenue and Taxation Code imposed on local governmental entities in the 1976–77 fiscal year by this act in connection with any start-up costs which might be incurred by local

governmental entities in the period between the effective and operative dates of this act. However, there are state-mandated local costs in this act in subsequent years that require reimbursement under Section 2231 of the Revenue and Taxation Code which can be handled in the regular budget process.

SEC. 7. This act shall become operative on July 1, 1977.

SEC. 8. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to avoid potential confusion regarding the interpretation of the provisions of Chapter 1357 of the Statutes of 1976, and to permit local governmental entities to receive reimbursement for costs incurred thereunder on and after July 1, 1977, the operative date of Chapter 1357, it is necessary that this act take effect immediately.

CHAPTER 274

An act to add Sections 26506 and 26507 to the Government Code, relating to the disposition of civil penalties.

[Approved by Governor July 7, 1977. Filed with Secretary of State July 8, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 26506 is added to the Government Code, to read:

26506. Notwithstanding any other provision of law, the proceeds of civil penalties or other monetary awards recovered in any civil action brought jointly in the name of the people of the State of California by the Attorney General, one or more district attorneys, or by one or more city attorneys, or any combination thereof, shall be paid as approved by the court.

SEC. 2. Section 26507 is added to the Government Code, to read:

26507. A district attorney, city attorney, or any combination thereof, may, in agreement with other district attorneys or city attorneys, act jointly in prosecuting a civil cause of action of benefit to his own county in a court of the other jurisdiction.

CHAPTER 275

An act to amend and renumber Section 21114.6 of, and to add Section 21968 to, the Vehicle Code, relating to skateboards, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 7, 1977. Filed with Secretary of State July 8, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 21114.6 of the Vehicle Code is amended and renumbered to read:

21967. Except as provided in Section 21968, alocal authority may adopt rules and regulations by ordinance or resolution prohibiting or restricting persons from riding or propelling skateboards in roadways.

SEC. 2. Section 21968 is added to the Vehicle Code, to read:

21968. No motorized skateboard may be propelled on any sidewalk, roadway, or any other part of a highway or on any bikeway, bicycle path or trail, equestrian trail, or hiking or recreational trail.

SEC. 3. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be any appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local governmental entities which, in the aggregate, do not result in significant, identifiable cost changes.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Certain motorized skateboards that have recently been introduced in this state pose exceptional traffic hazards because of their capability for attaining high speeds. Therefore, in order for this act to have its intended effect, it is necessary that this act take effect immediately.

CHAPTER 276

An act to amend Sections 1 and 2 of Chapter 60 of the Statutes of 1975, relating to schools, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 7, 1977. Filed with Secretary of State July 8, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 1 of Chapter 60 of the Statutes of 1975 is amended to read:

Section 1. Section 39227 of the Education Code, insofar as that section prohibits the use, after June 30, 1975, of school buildings which have been examined and found unsafe, shall not be applicable to any school buildings of the Stockton Unified School District which are the subject of a court order involving desegregation of schools of the district; provided, however, that the district is proceeding with plans to acquire or construct additional schools to comply with the court order and that its continued use of the nonconforming school buildings is necessary to carry on the district's educational program until such time as the newly acquired or constructed schools are ready for occupancy. In no event shall the existing nonconforming school buildings be used to house pupils after June 30, 1978.

SEC. 2. Section 2 of Chapter 60 of the Statutes of 1975 is amended to read:

Sec. 2. Because of a court order prohibiting the Stockton Unified School District from undertaking new school construction pending resolution of a controversy involving desegregation of schools of the district, the school district has been effectively precluded from proceeding with plans to bring its schools up to Field Act standards within the time periods prescribed by law. Therefore, the Legislature hereby finds and declares that due to a unique situation existing in the Stockton Unified School District a general act of broad operation and effect cannot be made applicable within the meaning of Section 16 of Article IV of the Constitution.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The exemption by statute of the schools of the Stockton Unified School Districts from compliance with the structural standards of the Field Act will expire on June 30, 1977, which is long before the effective date of regular statutes enacted in 1977 by the Legislature at the 1977–78 Regular Session. However, the Stockton Unified School District is not able to effect such compliance by such date. This bill would extend such date. Hence, in order for such exemption to be extended, it is necessary that this act take effect immediately.

CHAPTER 277

An act to amend Section 34112 of, and to add Section 34115.5 to, the Health and Safety Code, relating to community development commissions.

[Approved by Governor July 7, 1977. Filed with Secretary of State July 8, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 34112 of the Health and Safety Code is amended to read:

34112. The commission is created and established in order that a community may have the option of operating and governing its redevelopment agency, or its redevelopment agency and its housing authority, under a single operating entity and board. The commission is also created and established for the purpose of exercising any other powers regarding community development which the legislative body of a community may desire to delegate to the commission subject to such conditions as may be imposed by the legislative body.

SEC. 2. Section 34115.5 is added to the Health and Safety Code, to read:

34115.5. The ordinance of the legislative body declaring a need for a commission to function in the community may declare a need that the commission function only with respect to a redevelopment agency or that the commission function with respect to a redevelopment agency and a housing authority. If the ordinance declares a need that the commission function only with respect to a redevelopment agency, then the commission shall not have the powers, duties, and responsibilities of a housing authority and the provisions requiring that two of the commissioners be tenants of the housing authority shall be inapplicable.

CHAPTER 278

An act to amend Sections 3010, 3050, and 3066 of the Vehicle Code, relating to vehicles, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 7, 1977. Filed with Secretary of State July 8, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 3010 of the Vehicle Code is amended to read:

3010. Five members of the board shall constitute a quorum for the transaction of business, for the performance of any duty or the exercise of any power or authority of the board, except that three members of the board, who are not new motor vehicle dealers, shall constitute a quorum for the purposes of Article 4 (commencing with Section 3060) of this chapter.

SEC. 2. Section 3050 of the Vehicle Code is amended to read:

3050. The board shall:

(a) Adopt rules and regulations in accordance with the provisions of Chapter 4.5 (commencing with Section 11371), Part 1, Division 3, Title 2 of the Government Code governing such matters as are specifically committed to its jurisdiction.

(b) Hear and consider, within the limitations and in accordance with the procedure hereinafter provided, an appeal presented by an applicant for, or holder of, a license as a new motor vehicle dealer, manufacturer, manufacturer branch, distributor, distributor branch, or representative when any such applicant or licensee submits such an appeal provided for in this chapter from a decision arising out of the department.

(c) Consider any matter concerning the activities or practices of any person applying for or holding a license as a new motor vehicle dealer, manufacturer, manufacturer branch, distributor, distributor branch, or representative pursuant to Chapter 4 (commencing with Section 11700) of Division 5 submitted by any person; and, after such consideration, the board may do any one or any combination of the following:

(1) Direct the department to conduct such investigation of such matter as the board deems reasonable, and make a written report on the results of such investigation to the board within the time specified by the board;

(2) Undertake to arbitrate amicably or resolve any honest difference of opinion or viewpoint existing between any member of the public and any new motor vehicle dealer, manufacturer, manufacturer branch, distributor, distributor branch, or representative;

(3) Order the department to exercise any and all authority or power that the department may have with respect to the issuance, renewal, refusal to renew, suspension or revocation of the license of any new motor vehicle dealer, manufacturer, manufacturer branch, distributor, distributor branch, or representative as such license is required under Chapter 4 (commencing with Section 11700) of Division 5.

(d) Hear and consider, within the limitations and in accordance with the procedure hereinafter provided, a protest presented by a franchisee pursuant to Section 3060, 3062, 3064, or 3065. However, no member of the board who is a new motor vehicle dealer may participate in, deliberate on, hear or consider, or decide, any matter involving a protest filed pursuant to Article 4 (commencing with Section 3060) of this chapter.

SEC. 3. Section 3066 of the Vehicle Code is amended to read:

3066. (a) Upon receiving a notice of protest pursuant to Section 3060, 3062, 3064, or 3065, the board shall fix a time, which shall be within 60 days of such order, and place of hearing and send by registered mail a copy of the order to the franchisor, the protesting franchisee, and all individuals and groups which have requested notification by the board of protests and decisions of the board. The

board, or a hearing officer designated by the board, shall hear and consider the oral and documented evidence introduced by the parties and other interested individuals and groups, and the board shall make its decision solely on the record so made. Government Code Sections 11507.6, 11507.7, except subdivision (c), 11510, 11511, 11513, 11514, 11515, and 11517 shall be applicable to such proceedings.

(b) In any hearing on a protest filed pursuant to Section 3060 or 3062, the franchisor shall have the burden of proof to establish that there is good cause to modify, replace, terminate, or refuse to continue a franchise. The franchisee shall have the burden of proof to establish there is good cause not to enter into a franchise establishing or relocating an additional motor vehicle dealership.

(c) In any hearing on a protest filed pursuant to Section 3064 or 3065, the franchisee shall have the burden to establish that the schedule of compensation or the warranty reimbursement schedule is not reasonable.

(d) No member of the board who is a new motor vehicle dealer may participate in, deliberate on, hear or consider, or decide, any matter involving a protest filed pursuant to this article.

SEC. 4. The Legislature hereby finds and declares that 38 percent of all energy in California is used in the transportation sector, and that, therefore, improved fuel efficiency for motor vehicles should be an essential part of the state's energy conservation policy.

The Legislature further finds and declares that motor vehicle manufacturers may be unable to comply with recently adopted federal efficiency standards due to a diminishing consumer concern for fuel efficiency, and that a graduated vehicle registration and license fee schedule, scaled according to weight, fuel efficiency, or both, may reinforce the federal efforts and, because of our energy crisis, is a more logical basis for determining fees than by market value.

As used in this section, passenger vehicle is any motor vehicle, other than a motor truck, truck tractor, motorcycle, or house car, as such terms are defined in the Vehicle Code, designed for carrying not more than 10 persons including the driver, and used or maintained for the transportation of persons.

On or before January 1, 1979, the Department of Motor Vehicles shall develop and submit to the Legislature a proposed vehicle registration fee and license fee schedule for 1981 model year passenger vehicles, scaled according to weight, fuel efficiency, or both, or some similar method. The total fees proposed by the schedule shall be at least equal to that provided by the method currently utilized by the Department of Motor Vehicles for determining registration and license fees plus that necessary for administrative costs.

During the development of the schedule, the Department of Motor Vehicles shall consider more than one method of determining the registration and license fee, including combining the currently utilized method with a graduated tax on less efficient vehicles and

a fee reduction for fuel-efficient vehicles.

The Department of Motor Vehicles shall submit to the Legislature with the schedule an analysis of all the methods of determining registration or license fees which were considered by the department pursuant to this section. The analysis shall include a discussion of the feasibility for implementation by the department of each method.

For the purpose of developing the required schedule, the Department of Motor Vehicles shall consult with the State Energy Resources Conservation and Development Commission, the State Air Resources Board, the Federal Environmental Protection Agency, and motor vehicle manufacturers.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

This act is intended to have a beneficial effect with respect to improved fuel economy for motor vehicles. In addition, this act is intended to resolve questions regarding the participation of new motor vehicle dealer members of the New Motor Vehicle Dealer Board in connection with disputes between new motor vehicle dealers and manufacturers, in view of the decision of the California Court of Appeal in the recent case of America Motor Sales Corporation v. New Motor Vehicle Board (Super. Ct. No. 254420 filed May 23, 1977).

It is imperative that something be done regarding the problems to which the bill relates at the earliest possible time; thus, it is necessary that this act take effect immediately.

CHAPTER 279

An act to add Section 31155.5 to the Water Code, relating to Coachella Valley County Water District, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 7, 1977. Filed with Secretary of State July 8, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 31155.5 is added to the Water Code, to read:

31155.5. Notwithstanding any other provision of law, except the provisions of the Districts Securities Law (Chapter 1 (commencing with Section 20000) of Division 10 of the Water Code), the District Securities Investigation Law of 1965 (Chapter 2.5 (commencing with Section 58750) of Division 2 of Title 6 of the Government Code), and the Irrigation District Federal Cooperation Law (Chapter 2 (commencing with Section 23175) of Part 6 of Division 11 of the

Water Code), however, any reference in such laws to the requirement for approval of the contract, which is the subject of this section, by the electorate of the district shall not apply, and, provided, that such contract shall be submitted to the State Treasurer for his examination and report pursuant to the provisions of Section 23222 and 23286 of the Water Code insofar as they may be applicable, the Coachella Valley County Water District is hereby authorized, upon approval of its Board of Directors, to enter into a repayment contract with the United States of America as provided in the Colorado River Basin Salinity Control Act (43 U.S.C. 1571, et seq., P.L. 93-320), provided, however, such repayment contract shall expressly exclude ad valorem taxation as a source of revenue for contract payments by the Coachella Valley County Water District.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The proposed repayment contract between the United States of America and the Coachella Valley County Water District for the relocation and concrete lining of the first 49 miles of the Coachella Branch of the All American Canal is pending for approval by the Secretary of Interior. Upon such approval, the United States of America will want the Coachella Valley County Water District at the earliest possible time to be in a position to authorize, execute, and validate such repayment contract so that when appropriated funds are available, construction can start and be completed to the end that water seepage losses of an estimated one hundred thirty-two thousand (132,000) acre-feet of water annually can be prevented, and assistance to the salinity control program on the Colorado River by the United States of America can thereby be rendered. In order to provide such authorization, it is therefore necessary for this act to take effect immediately.

CHAPTER 280

An act to amend Section 7071.11 of the Business and Professions Code, relating to contractors, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 7, 1977. Filed with Secretary of State July 8, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 7071.11 of the Business and Professions Code is amended to read:

7071.11. Any person claiming against any bond or cash deposit required by this article may maintain an action at law against the

licensee and the surety or the cash depository. A copy of the complaint shall be served by registered or certified mail upon the registrar by the clerk of the court at the time the action is commenced and the registrar shall maintain a record, available for public inspection, of all actions so commenced. The claim of any employee of the contractor for wages and fringe benefits shall be a preferred claim against any bond or cash deposit. If any bond or cash deposit which may be required is insufficient to pay all claims in full, the sum of the bond or cash deposit shall be distributed to all claimants in proportion to the amount of their respective claims with priority to claims for wages and fringe benefits. Any such action against a bond or cash deposit filed by an active licensee shall be brought within two years after the expiration of the license period or periods for which a bond or cash deposit has been provided, or within two years of the date the license of such active licensee was inactivated by the board, whichever first occurs.

If the surety desires to make payment without awaiting court action, the amount of any bond filed in compliance with this chapter shall be reduced to the extent of any payment or payments made by the surety in good faith thereafter. The partial payment of any claims shall not be considered satisfaction of such claims and the claimants may institute appropriate legal action for payment of any unpaid balance in any other manner provided by law, and the registrar may continue suspension or revocation of any license involved until such time as said claims and any other claims arising out of an action against such bond or cash deposit are satisfied in full.

The aggregate liability of the surety for all claims of said persons shall, in no event, exceed the penal sum of said bond.

Upon failure of a licensee to maintain in full force and effect any bond or cash deposit required by this article the registrar shall issue an order suspending or revoking such license, which shall not be reinstated until a new bond or cash deposit has been filed.

When the surety makes payment on any claim against a bond required by this article, whether or not payment is made through a court action or otherwise, the surety shall, within 30 days of the payment, notify the registrar. The notice shall contain the name and license number of the contractor, the surety bond number, the amount of payment, and the names of the person or persons to whom payments are made.

Any judgment or admitted claim against any bond or cash deposit required by this article shall constitute grounds for disciplinary action against such licensee. Such license may not be reissued or reinstated while any judgment or admitted claim in excess of the amount of the bond or cash deposit remains unsatisfied. The board shall require the licensee to file a new bond in an amount as required pursuant to Section 7071.8 or to increase his cash deposit to such an amount.

Legal fees may not be charged against the bond or cash deposit by the board.

In any case in which a claim is filed against a cash deposit held by the registrar by any employee or by an employee organization on behalf of an employee, concerning wages or fringe benefits based upon the employee's employment, claims for the nonpayment thereof shall be filed with the Labor Commissioner. The Labor Commissioner shall, pursuant to the authority vested in him by Section 96.5 of the Labor Code, conduct hearings to determine whether or not such wages or fringe benefits should be made to the complainant. Upon a finding by the commissioner that such wages or fringe benefits should be paid to the complainant, he shall notify the registrar of such findings. The registrar shall not make payment from the cash deposit on the basis of findings by the commissioner for a period of 10 days following determination of the findings. If, within such period, the complainant or the contractor files written notice with the registrar and the commissioner of an intention to seek judicial review of the findings pursuant to Section 11523 of the Government Code, the registrar shall not make payment, if an action is actually filed, except as determined by the court. If, thereafter, no action is filed within 60 days following determination of findings by the commissioner, the registrar shall make payment from the cash deposit to the complainant.

SEC. 2. This is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that the registrar of contractors may receive notice of payment on claims against a contractor's bond or cash deposit for possible disciplinary action which claims are presently being paid, it is necessary that this act go into immediate effect.

CHAPTER 281

An act to add Sections 25469, 25538.1 and 31000.9 to the Government Code, relating to counties.

The people of the State of California do enact as follows:

In counties containing a population of 6,000,000 or over, the board of supervisors may by ordinance authorize such county officer as is deemed appropriate to take or perform any or all acts or actions permitted or required of the board by this article, including the authority to adopt and advertise plans and specifications, award contracts, approve bonds, or order the change or alteration of

contracts, with respect to original contracts which do not exceed the total amount of seventy-five thousand dollars ($75,000), or with respect to changes or alterations to original contracts entered into by the board where the changes or alterations do not exceed 10 percent of the amount of the original contract or seventy-five thousand dollars ($75,000), whichever is less. Any such authorization shall include detailed procedures governing the county officer in the exercise of such authority.

SEC. 3. Section 31000.9 is added to the Government Code, to read:

31000.9. In counties containing a population of 6,000,000 or over, the board of supervisors may, by ordinance, authorize such county officer as is deemed appropriate to enter into contracts for architectural, engineering, and related services for county construction projects, where the amount of the contract does not exceed seventy-five thousand dollars ($75,000), and to enter into amendments to such contracts entered into by the board where the amount of any amendment does not exceed 10 percent of the amount of the original contract or seventy-five thousand dollars ($75,000), whichever is less. The aggregate total amount of such amendments to an original contract may not exceed 25 percent of the amount of the original contract. Any such authorization shall include detailed procedures governing the county officer in the exercise of such authority.

CHAPTER 282

An act to add and repeal Section 16339.7 to the Education Code, relating to state school building aid, and declaring the urgency thereof, to take effect immediately.

This section is repealed as of June 30, 1979 and shall have no force or effect after that date.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

This section shall apply only to a unified school district which had an average daily attendance of more than 100,000 and less than 200,000 in the 1975–76 fiscal year, and which has made plans for a joint study involving the district, the city, and the community college district serving the area in order to determine the future needs of the three agencies with regard to the stadium facilities and to develop a feasibility study and cost estimates.

This section shall remain in effect until July 1, 1979, and as of that date is repealed.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

establishment, or operation.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution, and shall go into immediate effect. The facts constituting such necessity are:

In order that 16- and 17-year-old minors be permitted to work in excess of eight hours per day and 48 hours per week in industries handling agricultural products after harvest during the current season, it is necessary that this bill take immediate effect.

CHAPTER 286

An act making an appropriation to the Department of Justice to pay the claim of Lillian M. Edwards, and declaring the urgency thereof, to take effect immediately.

The people of the State of California do enact as follows:

SECTION 1. The sum of seventy-five thousand dollars ($75,000) is hereby appropriated from the General Fund to the Department of Justice for the payment of the claim of Lillian M. Edwards against the State of California in the action entitled Lillian M. Edwards v. County of Los Angeles et al., No. NWC 32289, brought in the superior court for the County of Los Angeles.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to pay the claim of Lillian M. Edwards and end a hardship to this person as quickly as possible, it is necessary for this act to take effect immediately.

CHAPTER 287

An act to amend Sections 24603, 24605, 25105, 25270.5, 25300, and 25950 of, and to add Section 112 to, the Vehicle Code, relating to vehicles.

[Approved by Governor July 7, 1977. Filed with Secretary of State July 8, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 112 is added to the Vehicle Code, to read:

112. "Amber" has the same meaning as "yellow," and is within the chromaticity coordinate boundaries for yellow specified in regulations adopted by the Department of the California Highway Patrol.

SEC. 2. Section 24603 of the Vehicle Code is amended to read:

24603. Every motor vehicle which is not in combination with any other vehicle and every vehicle at the end of a combination of vehicles shall at all times be equipped with stoplamps mounted on the rear as follows:

(a) Every such vehicle shall be equipped with one or more stoplamps.

(b) Every such vehicle, other than a motorcycle, manufactured and first registered on or after January 1, 1958, shall be equipped with two stoplamps, except that trailers and semitrailers manufactured after July 23, 1973, which are less than 30 inches wide, may be equipped with one stoplamp which shall be mounted at or near the vertical centerline of the trailer. If such vehicle is equipped with two stoplamps, they shall be mounted as specified in subdivision (d).

(c) Stoplamps on vehicles manufactured on or after January 1, 1969, shall be mounted not lower than 15 inches nor higher than 72 inches, except that a tow car, in addition to being equipped with the required stoplamps, may also be equipped with two stoplamps which may be mounted not lower than 15 inches nor higher than the maximum allowable vehicle height and as far forward as the rearmost portion of the driver's seat in the rearmost position.

(d) Where two stoplamps are required, at least one shall be mounted at the left and one at the right side, respectively, at the same level.

(e) Stoplamps on vehicles manufactured on or after January 1, 1969, shall emit a red light. Stoplamps on vehicles manufactured before January 1, 1969, shall emit a red or amber light. Stoplamps shall be plainly visible and understandable from a distance of 300 feet to the rear both during normal sunlight and at nighttime, except that stoplamps on a vehicle of a size required to be equipped with clearance lamps shall be visible from a distance of 500 feet during such times.

(f) Stoplamps shall be actuated upon application of the service (foot) brake and the hand control head for air, vacuum, or electric brakes. In addition, all stoplamps may be activated by a mechanical device designed to function only upon sudden release of the accelerator while the vehicle is in motion. Such mechanical device shall be approved by, and comply with specifications and regulations established by, the department.

(g) Any vehicle may be equipped with supplemental stoplamps mounted to the rear of the rearmost portion of the driver's seat in its rearmost position in addition to the lamps required to be mounted on the rear of the vehicle. The supplemental stoplamp on that side of a vehicle toward which a turn will be made may flash as part of

the supplemental turn signal lamp.

SEC. 3. Section 24605 of the Vehicle Code is amended to read:

24605. (a) Tow cars used to tow a vehicle shall be equipped with and carry a taillamp, a stoplamp, turn signal lamps, and a portable electrical extension cord for use in displaying the lamps on the rear of a towed vehicle.

(b) Whenever a tow car is towing a vehicle and a stoplamp and turn signal lamps cannot be lighted and displayed on the rear of the towed vehicle, the tow car operator shall by means of an extension cord display to the rear a stoplamp and turn signal lamps mounted on the towed vehicle, except as provided in subdivision (c). During darkness, if a taillamp on the towed vehicle cannot be lighted, the tow car operator shall by means of an extension cord display to the rear a taillamp mounted on the towed vehicle. No other lighting equipment need be displayed on such towed vehicles.

(c) Whenever any motor vehicle is towing another motor vehicle, stoplamps and turn signal lamps are not required on the towed motor vehicle, but only if a stoplamp and a turn signal lamp on each side of the rear of the towing vehicle is plainly visible to the rear of the towed vehicle. This subdivision shall not apply to driveaway-towaway operations.

SEC. 4. Section 25105 of the Vehicle Code is amended to read:

25105. (a) Any motor vehicle may be equipped with running board or door-mounted courtesy lamps. The bulbs in the lamps shall not exceed six standard candlepower and shall emit either a green or white light without glare. The beams of the lamps shall not be visible to the front or rear of the vehicle.

(b) Any motor vehicle may be equipped with inside door-mounted red lamps or red reflectorizing devices or material visible to the rear of the vehicle when the doors are open. The bulbs in the lamps shall not exceed six standard candlepower.

(c) Any bus, housecar, or camper may be equipped with exterior lamps for the purpose of lighting the entrances and exits of such vehicles, which lamps may be lighted only when such vehicles are not in motion. The lamp source of such exterior lamps shall not exceed 32 standard candlepower, or 30 watts, nor project any glaring light into the eyes of an approaching driver.

SEC. 5. Section 25270.5 of the Vehicle Code is amended to read:

25270.5. Any motor vehicle engaged in, or aiding in, the herding of livestock along or across a public roadway may display flashing amber warning lights to the front, sides, or rear of the vehicle while it is stopped in the roadway near the livestock or is proceeding with the livestock along the roadway.

SEC. 6. Section 25300 of the Vehicle Code is amended to read:

25300. (a) Every vehicle which, if operated during darkness, would be subject to the provisions of Section 25100, and every truck tractor, irrespective of width, shall at all times be equipped with at least three red emergency reflectors. The reflectors need be carried by only one vehicle in a combination.

All reflectors shall be maintained in good working condition.

(b) When any such vehicle is disabled on the roadway during darkness, reflectors of the type specified in subdivision (a) shall be immediately placed as follows:

(1) One at the traffic side of the disabled vehicle, not more than 10 feet to the front or rear thereof;

(2) One at a distance of approximately 100 feet to the rear of the disabled vehicle in the center of the traffic lane occupied by such vehicle; and

(3) One at a distance of approximately 100 feet to the front of the disabled vehicle in the center of the traffic lane occupied by such vehicle.

(4) If disablement of any such vehicle occurs within 500 feet of a curve, crest of a hill, or other obstruction to view, the driver shall so place the reflectors in that direction as to afford ample warning to other users of the highway, but in no case less than 100 nor more than 500 feet from the disabled vehicle.

(5) If disablement of the vehicle occurs upon any roadway of a divided or one-way highway, the driver shall place one reflector at a distance of approximately 200 feet and one such reflector at a distance of approximately 100 feet to the rear of the vehicle in the center of the lane occupied by the stopped vehicle, and one such reflector at the traffic side of the vehicle not more than 10 feet to the rear of the vehicle.

(c) When any such vehicle is disabled or parked off the roadway but within 10 feet thereof during darkness, warning reflectors of the type specified in subdivision (a) shall be immediately placed by the driver as follows: one at a distance of approximately 200 feet and one at a distance of approximately 100 feet to the rear of the vehicle, and one at the traffic side of the vehicle not more than 10 feet to the rear of the vehicle. The reflectors shall, if possible, be placed between the edge of the roadway and the vehicle, but in no event less than two feet to the left of the widest portion of the vehicle or load thereon.

(d) Until the reflectors required by this section can be placed properly, the requirements of this section may be complied with temporarily by either placing lighted red fusees in the required locations or by use of turn signal lamps, but only if front turn signal lamps at each side are being flashed simultaneously and rear turn signal lamps at each side are being flashed simultaneously.

(e) The reflectors shall be displayed continuously during darkness while the vehicle remains disabled upon the roadway or parked or disabled within 10 feet thereof.

(f) Subdivisions (b), (c), (d), and (e) do not apply to a vehicle under either of the following circumstances:

(1) Parked in a legal position within the corporate limits of any city.

(2) Parked in a legal position upon a roadway bounded by adjacent curbs.

SEC. 7. Section 25950 of the Vehicle Code is amended to read:

25950. Unless provided otherwise, the color of lamps and reflectors upon a vehicle shall be as follows:

(a) All lamps and reflectors visible from in front of a vehicle shall be white or yellow, except as follows:

(1) Rear side-marker lamps required by Section 25100 may show red to the front.

(2) The color of foglamps described in Section 24403 may be in the color spectrum from white to yellow.

(b) All lamps and reflectors visible from the rear of a vehicle shall be red, except that stoplamps on vehicles manufactured before January 1, 1969, and turn signal lamps and front side-marker lamps required by Section 25100, may show yellow to the rear.

This section applies to the color of a lamp whether lighted or unlighted, and to any reflector exhibiting or reflecting perceptible light of 0.05 candlepower or more per foot-candle of incident illumination, except that taillamps, stoplamps, and turn signal lamps that are visible to the rear may be white when unlighted on vehicles manufactured before January 1, 1974. Any taillamp, stoplamp, or turn signal lamp may have an unlighted lens color that is darker than the lighted color, and any such lamps that are in addition to the minimum required number may be white or yellow when unlighted.

SEC. 8. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be any appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local governmental entities which, in the aggregate, do not result in significant, identifiable cost changes.

CHAPTER 288

An act to amend Section 8825 of the Health and Safety Code, relating to cemeteries.

[Approved by Governor July 7, 1977. Filed with Secretary of State July 8, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 8825 of the Health and Safety Code is amended to read:

8825. A city or county having a nonendowment care cemetery within its boundaries which threatens or endangers the health, safety, comfort or welfare of the public may, by resolution of its governing board, if not more than 10 human dead bodies have been interred therein for a period of five years immediately preceding the date of the resolution, declare the abandonment of the cemetery as

a place of future interment, but shall permit interment therein of any person who is an owner of a plot in the cemetery on the date of adoption of the resolution or who otherwise has a right of interment in the cemetery which is vested on such date. The resolution may provide for the removal of such copings, improvements, and embellishments which the governing board finds to be a threat or danger to the health, safety, comfort, or welfare of the public.

CHAPTER 289

An act to amend Section 41704 of the Health and Safety Code, relating to air pollution.

[Approved by Governor July 7, 1977. Filed with Secretary of State July 8, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 41704 of the Health and Safety Code, as added by Chapter 957 of the Statutes of 1975, is amended to read:

41704. Section 41701 shall not apply to:

(a) Fires set pursuant to Section 41801.

(b) Agricultural burning for which a permit has been granted pursuant to Article 3 (commencing with Section 41850).

(c) Fires set or permitted by any public officer in the performance of his official duty for the improvement of watershed, range, or pasture.

(d) Use of any aircraft to distribute seed, fertilizer, insecticides, or other agricultural aids over lands devoted to the growing of crops or raising of fowl or animals.

(e) Open outdoor fires used only for cooking of food for human beings or for recreational purposes.

(f) The use of orchard and citrus grove heaters which are in compliance with the requirements set forth in Section 41860.

(g) Agricultural operations necessary for the growing of crops or raising of fowl or animals.

(h) The use of other equipment in agricultural operations necessary for the growing of crops or raising of fowl or animals.

(i) Fugitive dust emissions from rock crushing facilities within the Southeast Desert Air Basin, where such facilities were in existence prior to January 1, 1970, at a location where the population density is less than 10 persons per square mile in each square mile within a seven-mile radius of the facilities; provided, however, that under no circumstances shall such emissions cause a measurable degradation of the ambient air quality or create a nuisance. This subdivision shall not apply to any such rock crushing facilities which (1) process in excess of 100 tons of rock in any 24-hour period, averaged over any period of 30 consecutive days, (2) have 25 or more employees, (3)

fail to operate and maintain in good working order any emission control equipment installed prior to the effective date of this act, or (4) undergo a change of ownership after January 1, 1977.

CHAPTER 290

An act to add Section 15.4 to the Desert Water Agency Law (Chapter 1069 of the Statutes of 1961), relating to the Desert Water Agency.

[Approved by Governor July 7, 1977. Filed with Secretary of State July 8, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 15.4 is added to the Desert Water Agency Law (Chapter 1069 of the Statutes of 1961) to read:

Sec. 15.4. The agency shall have the power to levy and collect water-replenishment assessments, as provided in this section, for the purpose of replenishing ground water supplies within the agency.

(a) As used in this section:

(1) "Annual" or "year" means a calendar year unless the context indicates a contrary meaning.

(2) "Fiscal year" means the period of July 1 through June 30, inclusive.

(3) "Production" or "produce" means the extraction of ground water by pumping or any other method within the boundaries of the agency, or the diversion within the agency of surface supplies which naturally replenish the ground water supplies within the agency and are used therein.

(4) "Producer" means any individual, partnership, association or group of individuals, lessee, firm, private corporation, or any public agency or public corporation, including, but not limited to, the Desert Water Agency.

(5) "Minimal pumper" means any producer who produces 10 or fewer acre feet in any year.

(6) "Supplemental water" means water from the State Water Resources Development System, or from the Colorado River Aqueduct of the Metropolitan Water District of Southern California, or from any other source which is not part of the natural replenishment of the ground water supplies within the agency, including reclaimed water.

(b) By May 1 of each year the board shall cause to be prepared and presented to it an engineering survey and report concerning the ground water supplies within the agency. Such report shall include the condition of such ground water supplies, the need for replenishment, and recommendations for any replenishment program, including the source and amount of replenishment water

and the cost of purchasing, transporting and spreading such water. In connection with any proposed replenishment program, the report shall also describe the area or areas benefited, either directly or indirectly, the amount of water production in each such area during the prior year, and shall recommend the amount of assessment to be levied upon all production within such area or areas of benefit.

(c) If the board determines that funds should be raised by a replenishment assessment, it shall call a public hearing, and shall publish notice at least 10 days in advance thereof pursuant to Section 6061 of the Government Code. Notice shall also be mailed by the agency to all producers as disclosed by the records of the agency who may be affected by the recommended assessment. Failure of any affected producers to receive such notice shall not affect the validity of any subsequent replenishment assessment. The notice shall contain the time and place of the hearing, a generalized or common description of each area of benefit, the amount of each recommended replenishment assessment, and an invitation to all interested parties to attend and be heard in support of or in opposition to the proposed assessment. The notice shall also state that a copy of the engineering report is available for inspection at the office of the agency.

(d) The hearing shall be held before the board and a quorum shall be present. The hearing may be adjourned from time to time by the president. All evidence relevant to the engineering survey and report, the recommendation that a replenishment assessment pursuant to this section be levied, and the determination of the area benefited by such assessment and replenishment program, may be introduced. Upon completion of the hearing, the board shall, by resolution, make specific findings on all facts relevant and material to the purposes for which a replenishment assessment, if any, may be levied under this section. In the event the agency establishes a replenishment program and levies assessments hereunder, and such program is continued in subsequent years without substantial change and at the same rate of assessment, the board may dispense with the notice, hearing and findings required by subdivisions (c) and (d).

(e) Before July 1 of each year, the board may by resolution levy a replenishment assessment upon all water production during the following fiscal year within each area of benefit as determined by the board. The assessment within each area of benefit shall be at a uniform rate per acre-foot. The resolution shall also state the time or times at which such assessment shall be due and payable, which may be in convenient installments as determined by the board.

(f) The amount of any replenishment assessment levied shall be in the discretion of the board, provided that no such assessment shall exceed the variable operation, maintenance, power and replacement components of the transportation charges, and the delta water charges, applicable at the time of the levy under the contract between the agency and the State of California for an imported water supply from the State Water Resources

Development System.

(g) Minimal pumpers may be excluded from the engineering survey and report on water production, and they shall be exempt from any replenishment assessments and reporting provisions under this section.

(h) The agency, after the levying of any replenishment assessment, shall give notice thereof to all affected producers as disclosed by the records of the agency. Such notice shall state the rate of assessment for each acre-foot of production during the fiscal year for which the assessment has been levied, and the dates when the assessment or installments thereof are due and payable. The notice shall be sent by first-class mail with the postage prepaid by the district.

(i) Except as provided in subdivision (k), each producer, on or before the dates when the assessment or installments thereof are due and payable, shall file with the agency a sworn statement setting forth the total quantity of water production in acre-feet which are subject to the replenishment assessment. Such production shall be reported as of the end of the month immediately preceding the payment date. The statement shall be on a form prepared by the agency, and to the extent practicable, shall identify separately the production from each well or other water-producing facility. The statement shall also include a general description or number locating such well or water-producing facility, the method or basis of the measurement or computation of production, and such other information as the agency may require.

(j) Any replenishment assessment levied pursuant to this section shall be due and payable to the agency at the time or times determined by the agency and stated in the notice of levy, and shall accompany the statement required from each producer.

(k) If the agency has an agreement with any producer whereby the agency regularly reads and maintains the water-measuring devices which record the production of such producer, the producer shall be exempt from the provisions of subdivision (i). In lieu thereof, the agency shall send such producer notice of its production and the amount of the replenishment assessment or installment due.

(*l*) If any producer subject to a replenishment assessment, after notice has been given pursuant to subdivision (h), shall fail to pay a replenishment assessment or installment thereof when due, such producer shall become liable to the agency for interest at the rate of 1 percent per month on the delinquent amount.

(m) Should any producer, subject to a replenishment assessment, knowingly fail to file the water-production statement, such producer shall, in addition to interest as provided in subdivision (*l*), become liable to the agency for a penalty of one hundred fifty dollars ($150).

(n) If the agency has probable cause to believe that the production by any producer is unreported or, if reported, is substantially in excess of that disclosed by the statement filed by such producer, the agency shall cause an investigation and report to be

made concerning such production. The board shall thereupon determine and fix the correct amount of production for any such producer, and give written notice thereof. Any such determination made by the board shall be binding upon the producer, and the replenishment assessments based thereon together with interest and penalties shall be payable immediately, unless the producer shall file with the board within 10 days after the mailing of such notice a written protest setting forth the grounds of protest. Upon the filing of such protest, the board shall hold a hearing at which time the total amount of production and the replenishment assessment shall be determined, and the interest and penalties fixed, which action shall be conclusive if based upon substantial evidence. A notice of such hearing shall be mailed to the protestant at least 10 days before the date fixed for the hearing. Notice of the determination by the board shall be mailed to the protestant. The producer shall have 20 days from the date of mailing of such notice to pay the replenishment assessment, interest, and penalties so fixed by the board.

(o) The agency may, in any court having jurisdiction, bring suit against any producer to enjoin any water production in violation of any of the provisions of this section, and to collect any delinquent replenishment assessments, interest or penalties. The court may award interest, costs and attorney's fees on any judgment.

(p) It shall be unlawful to produce water from within any area of benefit after one year following the levy of a replenishment assessment within such area, unless the well or other water-producing facility producing such water shall have a water-measuring device affixed thereto which is capable of measuring and registering the accumulated amount of water produced. The provisions of this subdivision shall not be applicable to minimal pumpers. Violation thereof shall be punishable by a fine not to exceed three hundred dollars ($300), or by imprisonment in the county jail not to exceed 30 days, or by both such fine and imprisonment.

SEC. 2. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be an appropriation made by this act because this act is in accordance with the request of a local government entity or entities which desires legislative authority to carry out the program specified in this act.

CHAPTER 291

An act to amend Section 6505.5 of the Government Code, relating to joint exercise of powers.

[Approved by Governor July 7, 1977. Filed with Secretary of State July 8, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 6505.5 of the Government Code is amended to read:

6505.5. If a separate agency or entity is created by the agreement, the agreement shall designate the treasurer of one of the contracting parties, or in lieu thereof, the county treasurer of a county in which one of the contracting parties is situated, or a certified public accountant to be the depositary and have custody of all the money of the agency or entity, from whatever source.

The treasurer or certified public accountant so designated shall:

(a) Receive and receipt for all money of the agency or entity and place it in the treasury of the treasurer so designated to the credit of the agency or entity;

(b) Be responsible upon his official bond for the safekeeping and disbursement of all agency or entity money so held by him;

(c) Pay, when due, out of money of the agency or entity so held by him, all sums payable on outstanding bonds and coupons of the agency or entity;

(d) Pay any other sums due from the agency or entity from agency or entity money, or any portion thereof, only upon warrants of the public officer performing the functions of auditor or controller who has been designated by the agreement; and

(e) Verify and report in writing on the first day of July, October, January, and April of each year to the agency or entity and to the contracting parties to the agreement the amount of money he holds for the agency or entity, the amount of receipts since his last report, and the amount paid out since his last report.

The officer performing the functions of auditor or controller shall be of the same public agency as the treasurer designated depositary pursuant to this section. However, where a certified public accountant has been designated as treasurer of the entity, the auditor of one of the contracting parties or of a county in which one of the contracting parties is located shall be designated as auditor of the entity. The auditor shall draw warrants to pay demands against the agency or entity when the demands have been approved by any person authorized to so approve in the agreement creating the agency or entity.

The governing body of the same public entity as the treasurer and auditor specified pursuant to this section shall determine charges to be made against the agency or entity for the services of the treasurer and auditor. However, where a certified public accountant has been designated as treasurer, the governing body of the same public entity as the auditor specified pursuant to this section shall determine charges to be made against the agency or entity for the services of the auditor.

CHAPTER 292

An act to add Section 125.7 to the Business and Professions Code, relating to temporary restraining orders.

[Approved by Governor July 7, 1977. Filed with Secretary of State July 8, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 125.7 is added to the Business and Professions Code, to read:

125.7. In addition to the remedy provided for in Section 125.5, the superior court for the county in which any licensee licensed under Division 2 (commencing with Section 500), or any initiative act referred to in such division, has engaged or is about to engage in any act which constitutes a violation of a chapter of this code administered or enforced by a board referred to in Division 2, may, upon a petition filed by the board and accompanied by an affidavit or affidavits in support thereof and a memorandum of points and authorities, issue a temporary restraining order or other appropriate order restraining the licensee from engaging in the business or profession for which the person is licensed or from any part thereof, in accordance with the provisions of this section.

(a) If the affidavits in support of the petition show that the licensee has engaged or is about to engage in acts or omissions constituting a violation of a chapter of this code and if the court is satisfied that permitting the licensee to continue to engage in the business or profession for which the license was issued will endanger the public health, safety, or welfare, the court may issue an order temporarily restraining the licensee from engaging in the profession for which he is licensed.

(b) Such order may not be issued without notice to the licensee unless it appears from facts shown by the affidavits that serious injury would result to the public before the matter can be heard on notice.

(c) Except as otherwise specifically provided by this section, proceedings under this section shall be governed by Chapter 3 (commencing with Section 525) of Title 7 of Part 2 of the Code of Civil Procedure, except that no undertaking shall be required.

(d) When a restraining order is issued pursuant to this section, or within a time to be allowed by the superior court, but in any case not more than 30 days after the restraining order is issued, an accusation shall be filed with the board pursuant to Section 11503 of the Government Code. The accusation shall be served upon the licensee as provided by Section 11505 of the Government Code. The licensee shall have all of the rights and privileges available as specified in Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code; however, if the licensee requests a hearing on the accusation, the board must provide the licensee with

a hearing within 30 days of the request and a decision within 15 days of the date of the conclusion of the hearing, or the court may nullify the restraining order previously issued. Any restraining order issued pursuant to this section shall be dissolved by operation of law at such time the board's decision is subject to judicial review pursuant to Section 1094.5 of the Code of Civil Procedure.

CHAPTER 293

An act to amend Section 125.6 of the Business and Professions Code, relating to discrimination in the performance of licensed activities.

[Approved by Governor July 7, 1977. Filed with Secretary of State July 8, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 125.6 of the Business and Professions Code is amended to read:

125.6. Every person who holds a license under the provisions of this code is subject to disciplinary action under the disciplinary provisions of this code applicable to such person if, because of the applicant's race, color, sex, religion, ancestry, physical handicap, or national origin, he or she refuses to perform the licensed activity or aids or incites the refusal to perform such licensed activity by another licensee, or if, because of the applicant's race, color, sex, religion, ancestry, physical handicap or national origin, he or she makes any discrimination, or restriction in the performance of the licensed activity. SECTION 1. Chapter 5 (commencing with Section 17200) is added to Part 2 of Division 7 of the Business and Professions Code, to read:

CHAPTER 5. ENFORCEMENT

17203. Any person performing or proposing to perform an act of unfair competition within this state may be enjoined in any court of competent jurisdiction. The court may make such orders or judgments, including the appointment of a receiver, as may be necessary to prevent the use or employment by any person of any practice which constitutes unfair competition, as defined in this chapter, or as may be necessary to restore to any person in interest any money or property, real or personal, which may have been acquired by means of such unfair competition.

CHAPTER 300

An act relating to the Planada Elementary School District, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 7, 1977. Filed with Secretary of State July 8, 1977.]

The people of the State of California do enact as follows:

SECTION 1. The Planada Elementary School District maintains Planada Elementary School serving the Town of Planada and surrounding areas.

Due to unforeseen delays in the sale of bonds for the construction of needed new facilities, the district is presently using a converted barracks building for classroom facilities which has been inspected and found not to conform to the structural standards prescribed pursuant to the Field Act.

It is estimated that the new school facilities which basically consist of five classrooms will be completed and ready for occupancy no later than March 1, 1978. It is necessary that the converted barracks building which will be replaced continue to be utilized until completion of the new school facilities, and the Legislature finds that it would be highly disruptive and disadvantageous for the affected pupils, as well as creating a burden on the school district, to require the converted barracks building to be in disuse pending the completion of the new school facilities. In enacting this act the Legislature intends to alleviate such unnecessary hardship.

SEC. 2. The governing board of the Planada Elementary School District may continue to use the converted barracks building until new school facilities that are being constructed to replace such building are completed, or until March 1, 1978, whichever occurs earlier. During such period of continued use, the converted barracks building shall not be subject to any of the provisions of Article 4 (commencing with Section 15451) or Article 5 (commencing with Section 15501) of Chapter 2 of Division 11 of the Education Code, or Article 3 (commencing with Section 39140) or Article 6 (commencing with Section 39210) of Chapter 2 of Part 23 of Division 3 of the Education Code as enacted by Chapter 1010 of the Statutes of 1976.

SEC. 3. Due to the unique circumstances concerning the construction of new school facilities in the Planada Elementary School District, as partially set forth in Section 1 of this act, and the

limited nature of the exemption provided for in Section 2 of this act, the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the Constitution.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that a converted barracks building which is presently serving the needs of pupils of the Planada Elementary School District may continue to be utilized without interruption while new school facilities are being constructed, it is necessary that this act take effect immediately.

SEC. 5. This act shall remain in effect only until March 1, 1978, and on that date is repealed.

CHAPTER 301

An act relating to the Clovis Unified School District, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 7, 1977. Filed with Secretary of State July 8, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Notwithstanding Sections 39307, 39308, 39311, 39312, and 39313 of the Education Code, the governing board of the Clovis Unified School District may enter into leases or agreements pursuant to Article 2 (commencing with Section 39300) of Chapter 3 of Part 23 of the Education Code for the construction, acquisition, operation, or maintenance of athletic, physical education, and cultural facilities.

SEC. 2. On November 4, 1975, an election was held in the Clovis Unified School District pursuant to former Section 20803.2 of the Education Code to increase the revenue limit of the district for an unspecified number of school years commencing with the 1976–77 school year for the construction, acquisition, operation, and maintenance of athletic, physical education, and cultural facilities. The voters of the district approved the revenue limit increase. However, due to escalating costs, the governing board of the Clovis Unified School District now determines that in certain instances it would be more advantageous to lease or lease-purchase such facilities. Due to the unique circumstances concerning the construction, acquisition, operation, and maintenances of such facilities, the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the Constitution.

SEC. 3. This act shall remain in effect until three years after the date in which this act takes effect, and as of that date is repealed.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that additional school buildings and facilities may be made available at the earliest possible time where the voters have approved an increase in the maximum revenue limit of a school district for the construction, acquisition, operation, and maintenance of similar school buildings or facilities it is essential that this act take immediate effect.

CHAPTER 302

An act relating to the Mendocino Unified School District, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 7, 1977. Filed with Secretary of State July 8, 1977.]

The people of the State of California do enact as follows:

SECTION 1. The governing board of the Mendocino Unified School District has actively pursued a plan for the replacement of its older school buildings which do not conform to the structural standards of the so-called Field Act. It has used district funds as well as state school building aid funds for this purpose. At the same time, the district, which formerly operated a junior-senior high school, found it necessary to establish a middle school to accommodate an increasing student population. The middle school is presently conducted in portable buildings located on the site of a discontinued grammar school. Pending the construction of permanent facilities for the middle school on another site, students attending the middle school must use the grammar school restroom and cafeteria facilities. It is not economically feasible to construct new restroom and cafeteria facilities at the former grammar school site for temporary use by the middle school.

The State Allocation Board has granted approval for the former grammar school facilities to be used until June 30, 1977, or until the completion of replacement facilities for the grammar school.

Progress has been made in the replacement and discontinuance of all pre-Field Act buildings of the district, but construction of permanent facilities for the new middle school cannot be undertaken until the district receives voter approval for the commitment of additional local funds for that purpose. Such a proposal is planned to be put before the voters of the district at an election to be conducted in November, 1977.

The Comptche Elementary School, a two-room school located in the community of Comptche, is attended by 40 students in kindergarten through grade 4. Until district funds are available to reconstruct or replace this school, its continued use is necessary to serve children living in the Comptche area.

SEC. 2. Notwithstanding Section 39227 of the Education Code, the governing board of the Mendocino Unified School District may use such buildings and related facilities of a former grammar school as the governing board finds necessary for the continued operation of the Mendocino Middle School on the grammar school site, and may continue to use the building and related facilities of the Comptche Elementary School. Use of the former grammar school may continue until permanent facilities for the middle school are constructed and ready for occupancy, or until June 30, 1980, whichever occurs earlier. Use of the Comptche Elementary School may continue until June 30, 1980. During the period of continued use authorized by this section, the buildings and related facilities of the former grammar school and of the Comptche Elementary School shall not be subject to Article 3 (commencing with Section 39140) or Article 6 (commencing with Section 39210) of Chapter 2 of Part 23 of Division 3 of the Education Code.

SEC. 3. The county superintendent of schools of the County of Mendocino conducts two special education classes in a school building in Calpella. The school building does not conform to the so-called Field Act. Pursuant to existing statutory authority, the State Allocation Board granted approval for the nonconforming school building to be used until June 30, 1977. However, the construction of replacement facilities will not be completed until September, 1978. It is essential for students of the county attending special education classes that the existing school building be utilized for such purposes until the replacement facilities are ready for occupancy.

Notwithstanding Section 39227 of the Education Code, the county superintendent of schools of the County of Mendocino may use the existing school building in Calpella to conduct medical education classes until permanent replacement facilities for such purpose are constructed and ready for occupancy, or until January 1, 1979, whichever occurs earlier. During the period of continued use authorized by this section, the existing building and related facilities shall not be subject to Article 3 (commencing with Section 39140) or Article 6 (commencing with Section 39210) of Chapter 2 of Part 23 of Division 3 of the Education Code.

SEC. 4. Due to the unique circumstances concerning the construction of permanent facilities for the Mendocino Unified School District and for the county superintendent of schools of Mendocino County, as partially set forth in Sections 1 and 3 of this act, and the limited nature of the exemption provided for in this act, the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the Constitution.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that certain buildings and facilities which are essential to the operation of schools in Mendocino County may continue to be utilized without interruption pending the construction of permanent facilities, it is necessary that this act take effect immediately.

An act to amend Sections 683, 690, 690.31, 690.50, 690.51, and 690.52 of the Code of Civil Procedure, and to amend Section 864 of the Financial Code, relating to execution and attachment, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 7, 1977. Filed with Secretary of State July 8, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 683 of the Code of Civil Procedure is amended to read:

683. The execution may be made returnable, at any time not less than 10 nor more than 60 days after its receipt by the officer to whom

it is directed, or, if the execution is upon the earnings of the judgment debtor, upon the termination of the levy of execution as provided in Section 682.3, to the court in which the judgment is entered. When the execution is returned, the clerk must attach it to the judgment roll, or the judge must make the proper entry in the docket.

If an execution is returned unsatisfied, another may be afterward issued within the time specified in this code.

If property either personal or real be levied upon under such writ of execution but the sale thereunder be postponed beyond or not held within the return date after it is received by the officer to whom it was delivered and which has been returned to the clerk of the court in which the judgment is entered, upon request of the person in whose favor the writ runs the court may direct the clerk to redeliver such execution to the officer to whom it was directed in order to permit the officer to make an alias return of the proceedings of the sale or levy thereon as in the case of an original return of execution.

If proceeds resulting from a levy of execution are received by the levying officer after the writ has been returned to the court in which the judgment is entered, upon request of the person in whose favor the writ runs, the clerk shall redeliver such execution to the officer to whom it was directed in order to permit the officer to make an alias return of the levy as in the case of an original return of execution.

Whenever a writ of execution issued against real property containing a dwelling house has been returned, proof that notice required by subdivision (d) or (g) of Section 690.31 has been served shall be indicated on the writ, or separately and attached to the writ.

SEC. 2. Section 690 of the Code of Civil Procedure is amended to read:

690. (a) Except as otherwise specifically provided, the property mentioned in Sections 690.1 to 690.29, inclusive, is exempt from execution when claim for exemption is made to the same by the judgment debtor or defendant as hereinafter in Section 690.50 provided.

(b) Whenever it is specifically provided in Sections 690.1 to 690.29, inclusive, that the filing of a claim of exemption is not required, the property so mentioned in each such section shall not be subject to levy of attachment or execution in any manner.

(c) As used in Sections 690.1 to 690.31, inclusive, "debtor" means debtor, claimant, defendant, cross-defendant, or judgment debtor.

(d) As used in Sections 690.1 to 690.31, inclusive, "creditor" means the plaintiff or the person in whose favor the writ runs.

SEC. 3. Section 690.31 of the Code of Civil Procedure is amended to read:

690.31. (a) A dwelling house in which the debtor or the family of the debtor actually resides shall be exempt from execution, to the same extent and in the same amount, except as otherwise provided in this section, as the debtor or the spouse of the debtor would be

entitled to select as a homestead pursuant to Title 5 (commencing with Section 1237) of Part 4 of Division 2 of the Civil Code. For the purpose of this section, "dwelling house" means the dwelling house together with the outbuildings and the land on which the same are situated.

(b) The exemption provided in subdivision (a) does not apply:

(1) Whenever the debtor or the spouse of the debtor has an existing declared homestead on any property in this state other than property which is the subject of a proceeding under subdivision (c) of this section. The existence of a homestead declared by the debtor or the debtor's spouse under Section 1300 of the Civil Code shall not affect the right of the other spouse to an exemption under this section.

(2) Whenever a judgment or abstract thereof or any other obligation which by statute is given the force and effect of a judgment lien has been recorded prior to either:

(i) The acquisition of the property by the debtor or the spouse of the debtor; or

(ii) The commencement of residence by the debtor or the spouse of the debtor, whichever last occurs.

(3) Whenever the execution or forced sale is in satisfaction of judgments obtained:

(i) On debts secured by mechanics, contractors, subcontractors, artisans, architects, builders, laborers of every class, or materialmen's or vendors' liens upon the premises;

(ii) On debts secured by encumbrances on the premises executed and acknowledged by husband and wife, by a claimant of a married person's separate homestead, or by an unmarried claimant; or

(iii) On debts secured by encumbrances on the premises, executed and recorded prior to or in connection with the acquisition of the property by the debtor or the spouse of the debtor.

(c) Whenever a judgment creditor seeks to enforce a judgment against a dwelling house, whether or not the judgment was rendered in another county, the judgment creditor shall apply to the proper court in the county in which the dwelling house is located for the issuance of a writ of execution. The proper court shall be determined in the same manner as provided in Section 392. The application shall be verified and describe the dwelling house and state that either or both of the following facts exist:

(1) The dwelling house is not exempt, the reasons therefor, and (i) that a reasonable search of the records of the office of the county recorder has not resulted in the finding of a declared homestead of the debtor or the spouse of the debtor on the subject dwelling house, and further, that a reasonable search of the records of the county tax assessor indicates that there is no current homeowner's exemption claimed by either the debtor or the spouse of the debtor on the subject dwelling house, or (ii) that the records of the county tax assessor indicate that there is a current homeowner's exemption claimed by either the debtor or the spouse of the debtor on the

subject dwelling house but the judgment creditor believes for reasons which shall be stated in the application that the debtor or the spouse of the debtor is not entitled to the exemption provided in this section.

(2) The current value of the dwelling house, over and above all liens and encumbrances thereon, exceeds the amount of the allowable exemption.

If an application alleges facts solely pursuant to paragraph (2) or the court determines that a writ may issue only under the circumstances described in paragraph (2), the court shall determine whether the current value of the dwelling house, over and above all liens and encumbrances thereon, exceeds the amount of the allowable exemption in the manner provided by Title 5 (commencing with Section 1237) of Part 4 of Division 2 of the Civil Code.

At the time the application is filed, if the judgment was rendered in another county, there shall be paid to the clerk or judge, as a filing fee, the sum of four dollars ($4) when filed in a justice court, or the sum of six dollars ($6) when filed in a superior or municipal court.

Whenever a judgment creditor seeks to enforce a judgment pursuant to this section and the judgment was rendered in another county, the judgment creditor shall file with the clerk or judge of the proper court in the county in which the dwelling house is located an abstract of judgment in the form prescribed in Section 674.

(d) Upon receipt of a completed application of a judgment creditor, the court shall set a time and place for hearing and order the debtor to show cause why a writ of execution should not issue. Prior to the hearing, a copy of the order to show cause, a copy of the application filed by the judgment creditor and a copy of the following notice, in at least 10-point bold type, shall be served as prescribed in subdivision (*l*):

"IMPORTANT LEGAL NOTICE TO HOMEOWNER AND RESIDENT

1. Your house is in danger of being sold to satisfy a judgment obtained in court. You may be able to protect the house and real property described in the accompanying application from execution and forced sale if you or your family now actually reside on the property and presently do not have a declared homestead legally recorded with the county recorder on any other property in the State of California. YOU OR YOUR SPOUSE MUST COME TO THE HEARING TO SHOW THESE FACTS.

2. If you or your spouse want to contest the forced sale of this property, you or your spouse must appear at

_____ on _____

(location set forth in OSC) (date and time)

and be prepared to answer questions concerning the statements made in the attached application. THE ONLY PURPOSE OF THE

HEARING WILL BE TO DETERMINE WHETHER THE PROPERTY CAN BE SOLD, NOT WHETHER YOU OWE THE MONEY.

3. FOR YOUR OWN PROTECTION, YOU SHOULD PROMPTLY SEEK THE ADVICE OF AN ATTORNEY IN THIS MATTER. IF YOU ARE A TENANT AND DO NOT CLAIM TO BE THE OWNER OR BUYER OF THIS PROPERTY, THIS NOTICE DOES NOT AFFECT YOU. PLEASE GIVE IT TO YOUR LANDLORD."

(e) The burden of proof at the hearing shall be determined in the following manner:

(1) Where the application of the judgment creditor states a claim of nonexempt status, the debtor or the spouse of the debtor shall have the burden of proving his or her entitlement to the exemption; and

(2) Where the application of the judgment creditor asserts that the current value of the dwelling, over and above all liens and encumbrances thereon, exceeds the amount of the allowable exemption, the judgment creditor shall have the burden of proof on that issue.

(f) Upon a determination by the court that the dwelling house is not exempt or that, although exempt, the judgment creditor is entitled to levy against any excess, it shall make an order directing the issuance of a writ of execution. The order shall state whether or not the dwelling house is exempt and, if not exempt, state that the judgment creditor is entitled only to execution against the excess over the exempt amount. It shall also specify the amount of the exemption. A copy of the order shall be transmitted by the clerk of the court to the clerk of the court in which the judgment was rendered.

The writ of execution shall specify the amounts for distribution under the levy, including names and addresses of each person or entity having an encumbrance against the dwelling and the name and address of any exempt debtor and the exempt amount.

(g) Any such writ of execution issued upon a hearing at which the debtor, the spouse of the debtor, or his or her attorney did not appear shall be served in the manner prescribed in subdivision (*l*) and be accompanied by the following notice in at least 10-point bold type:

"IMPORTANT LEGAL NOTICE TO HOMEOWNER AND RESIDENT

1. You were recently served with a court order requiring your presence at a hearing to determine why the court should not issue a writ of execution for the forced sale of your home. YOU AND YOUR SPOUSE FAILED TO APPEAR AT THE HEARING AND THE COURT HAS ORDERED THAT YOUR HOME BE SOLD TO SATISFY A JUDGMENT AGAINST YOU.

2. Your absence at the hearing has contributed to the issuance of the accompanying writ of execution. If the absence of you or your

attorney at the hearing was legally excusable and you believe in good faith that your home may be entitled to an exemption from execution, you should complete the form below and date, sign, and return the form below no later than _____. (Insert date no later than five days prior to date of sale.)

3. FOR YOUR OWN PROTECTION, YOU SHOULD IMMEDIATELY SEEK THE ADVICE OF AN ATTORNEY. IF YOU ARE A TENANT AND DO NOT CLAIM TO BE THE OWNER OR BUYER OF THIS PROPERTY, THIS NOTICE DOES NOT AFFECT YOU. PLEASE GIVE IT TO YOUR LANDLORD.

I declare that my absence from the previous hearing on whether or not this property should be sold was legally excusable. (Signature of Debtor or Debtor's Spouse)

(h) If the debtor or spouse of the debtor declares that his or her absence or the absence of his or her attorney at the hearing was due to mistake, inadvertence, surprise or excusable neglect and declares that the subject dwelling house may be entitled to an exempt status, the levying officer shall, upon receipt of the declarations of the debtor five days prior to the scheduled sale date, postpone the sale pending further orders of the court and transmit the notice forthwith to the court. Upon receipt of the notice, the clerk shall set a hearing to determine whether the writ of execution should be recalled, and shall give at least 10 days' notice to the parties.

(i) Subsequent applications by a judgment creditor within 12 months of a denial of a writ of execution shall be supported by a statement under oath alleging that there is a material change of circumstances affecting the exemption, and setting forth facts supporting such claimed material change of circumstances.

(j) In the event of an execution sale, the proceeds of the sale shall be applied in the following order and priority: first, to the discharge

of all liens and encumbrances, if any, on the property; second, to the debtor, or the debtor's spouse if such person is the exemption claimant, in the amount of the exemption if allowed pursuant to this section; third, to the satisfaction of the execution; and fourth, to the debtor, or the debtor's spouse if such person is the exemption claimant.

(k) That portion of the proceeds from the sale of real property pursuant to an order of the court directing the issuance of a writ of execution pursuant to subdivision (f) of this section, which portion represents the amount of the exemption, shall be exempt for a period of six months from the date of receipt of the proceeds. Where such exempt proceeds are used for the purchase of a dwelling house, in which the debtor or the family of the debtor actually reside, within a period of six months following receipt, the subsequently acquired dwelling shall be exempt from execution. The exemption for the subsequently acquired real property shall have the same effect as if allowed on the date of the acquisition of or the commencement of residence by the debtor or the spouse of the debtor, whichever last occurred, in the property previously determined to be exempt, except with respect to a judgment or other obligation which by statute is given the force and effect of a judgment lien against the subsequently acquired property prior to its acquisition.

(*l*) Promptly upon receipt of the application filed by the judgment creditor, the order to show cause, and the notice specified in subdivision (d), or promptly upon receipt of the writ of execution and the notice specified in subdivision (g), and in no event less than 10 days prior to the date of the hearing specified in the notice under subdivision (d) or the date of sale, as the case may be, the levying officer shall mail copies of the documents to the defendant and to any third person in whose name the property stands upon the records of the office of the tax assessor of the county where the property is located on the last business day preceding the date of mailing. Such copies shall be mailed first-class mail, postage prepaid, to the address of the defendant and any such third person as shown by the records of the office of the tax assessor. The levying officer shall also serve an occupant of the property with copies or, if there is no occupant on the property at the time service is attempted, the levying officer shall post a copy in a conspicuous place on the property. Service upon the occupant may be made by leaving the copies with the occupant personally, or, in the occupant's absence, with any person of suitable age and discretion, found upon the property at the time service is attempted and who is either an employee or agent of such occupant or a member of his family or household.

(m) The provisions of subdivisions (j), and (*l*) of Section 690.50 shall apply to proceedings under this section.

(n) An appeal lies from any judgment under this section. Such appeal shall be taken in the manner provided for appeals in the court in which the proceeding is had.

(o) The notice specified in subdivision (d) shall also be provided

in Spanish as follows:

SEC. 4. Section 690.50 of the Code of Civil Procedure is amended to read:

690.50. (a) If the property mentioned in Section 690.1 to 690.29, inclusive, shall be levied upon under writ of execution, the judgment debtor (herein referred to as "the debtor"), in order to avail himself of his exemption rights as to such property, shall within 10 days from the date such property was levied upon deliver to the levying officer an affidavit of himself or his agent, together with a copy thereof, alleging that the property levied upon, identifying it, is exempt, specifying the section or sections of this code on which he relies for his claim to exemption, and all facts necessary to support his claim, and also stating therein his address within this state for the purpose of permitting service by mail upon him of the counteraffidavit and any notice of the motion herein provided. For purposes of this section, if the property levied upon consists of the earnings of a judgment debtor, each date that earnings are withheld from the judgment debtor shall be deemed to be the date such earnings were levied upon. A judgment debtor shall have the right to file a separate claim of exemption each time that a withholding of earnings occurs,

provided, that if a prior claim of exemption has been adjudicated under the same levy, that each separate claim of exemption thereafter be supported by a statement under oath alleging the changed circumstances which support the new claim of exemption. If a claim of exemption be allowed, the judgment creditor shall have the right, at any time during the effective period of the claim of exemption, to move the court for consideration of the claim previously granted on the grounds of a material change of circumstances affecting the debtor's exemption rights. If the judgment creditor does make such a motion, he must support his motion by a statement under oath alleging the changed circumstances which support his motion for consideration.

(b) Forthwith upon receiving the affidavit of exemption, the levying officer shall serve upon the person in whose favor the writ runs (herein referred to as "the creditor"), either personally or by mail, a copy of the affidavit of exemption, together with a writing, signed by the levying officer, stating that the claim to exemption has been received and that the officer will release the property unless he receives from the creditor a counteraffidavit within five days after service of such writing.

(c) If the creditor desires to contest the claim to exemption, he shall, within such period of five days, file with the levying officer a counteraffidavit alleging that the property is not exempt within the meaning of the section or sections of this code relied upon, or if the claim to exemption be based on Sections 690.2, 690.3, 690.4, or 690.6, alleging that the value of the property claimed to be exempt is in excess of the value stated in the applicable section or sections, together with proof of service of a copy of such counteraffidavit upon the debtor.

(d) If no such counteraffidavit, with such proof of service, is so filed with the levying officer within the time allowed, the officer shall forthwith release the property.

(e) If such counteraffidavit, with such proof of service, is so filed, either the creditor or the debtor shall be entitled to a hearing in the court in which the action is pending or from which the writ issued for the purpose of determining the claim to exemption, the priority or division of payment between one or more creditors from nonexempt earnings under the provisions of Section 690.6 or the value of the property claimed to be exempt. Such hearing shall be granted by the court upon motion of either party made within five days after the counteraffidavit is filed with the levying officer, and such hearing must be had within 15 days from the date of the making of such motion unless continued by the court for good cause. The party making the motion for hearing shall give not less than five days' notice in writing of such hearing to the levying officer and to the other party, and specify therein that the hearing is for the purpose of determining the claim to exemption. The notice may be of motion or of hearing and upon the filing of the notice with the clerk of the court, the motion is deemed made.

(f) If neither party makes such motion within the time allowed, or if the levying officer shall not have been served with a copy of the notice of hearing within 10 days after the filing of the counteraffidavit, the levying officer shall forthwith release the property to the debtor.

(g) At any time while the proceedings are pending, upon motion of either party or upon its own motion, the court may (1) order the sale of any perishable property held by such officer and direct disposition of the proceeds of such sale, and (2) make such other orders as may be proper under the particular circumstances of the case. Any orders so made may be modified or vacated by the court or judge granting the same, or by the court in which the proceedings are pending, at any time during the pendency of the proceedings, upon such terms as may be just.

(h) The levying officer in all cases shall retain physical possession of the property levied upon if it is capable of physical possession, or in the case of property not capable of physical possession, the levy shall remain in full force and effect, pending the final determination of the claim to exemption. However, no sale under execution shall be had prior to such final determination unless an order of the court hearing the claim for exemption shall so provide.

(i) At such hearing, the party claiming the exemption shall have the burden of proof. The affidavits and counteraffidavits shall be filed by the levying officer with the court and shall constitute the pleadings, subject to the power of the court to permit an amendment in the interests of justice. The affidavit of exemption shall be deemed controverted by the counteraffidavit and both shall be received in evidence. Nothing herein shall be construed to deprive anyone of the right to a jury trial in any case where, by the Constitution, such right is given, but a jury trial may be waived in any such case in like manner as in the trial of an action. No findings shall be required in a proceeding under this section. When the hearing is before the court sitting without a jury, and no evidence other than the affidavit and counteraffidavit is offered, the court, if satisfied that sufficient facts are shown thereby, may make its determination thereon. Otherwise, it shall order the hearing continued for the production of other evidence, oral or documentary, or the filing of other affidavits and counteraffidavits. At the conclusion of the hearing, the court shall give judgment determining whether the claim to exemption shall be allowed or not, in whole or in part, and may give judgment determining the priority or division of payment between one or more creditors from nonexempt earnings under the provisions of Section 690.6, which judgment shall be determinative as to the right of the creditor to have the property taken and held by the officer or to subject the property to payment or other satisfaction of his judgment. In such judgment the court shall make all proper orders for the disposition of such property or the proceeds thereof.

(j) A copy of any judgment entered in the trial court shall be forthwith transmitted by the clerk to the levying officer in order to

permit such officer to either release the property attached or to continue to hold it to sell it, in accordance with the provisions of the writ previously delivered to him. Such officer, unless an appeal from the judgment is waived, or the judgment has otherwise become final, shall continue to hold such property under attachment or execution, continuing the sale of any property held under execution until such judgment becomes final. However, if a claim to exemption under Section 690.6 is allowed by such judgment, the debtor shall be entitled to a release of the earnings so exempted at the expiration of three days, unless otherwise ordered by the court, or unless the levying officer shall have been served with a copy of a notice of appeal from the judgment.

(k) When any documents required hereunder are served by mail, the provisions of this code relating to service by mail shall be applicable thereto.

(*l*) Whenever the time allowed for an act to be done hereunder is extended by the court, written notice thereof shall be given promptly to the opposing party, unless such notice be waived, and to the levying officer.

(m) An appeal lies from any judgment under this section. Such appeal shall be taken in the manner provided for appeals in the court in which the proceeding is had.

SEC. 5. Section 690.51 of the Code of Civil Procedure is amended to read:

690.51. In cases in which a warrant or notice of levy is issued by the State of California, or a department or agency thereof, pursuant to Section 1755 or 1785 of the Unemployment Insurance Code, or Section 6776, 7881, 9001, 10111, 18906, 26191, 30341, or 32365 of the Revenue and Taxation Code, for the collection of tax liability owed to the state, a department or agency thereof, the tax debtor shall be entitled to the exemptions provided in Sections 690.1 to 690.31, inclusive, and, where applicable, the provisions of Section 690.50 shall govern the assertion and determination thereof. The superior court of the county, or city and county, in which the property levied upon is located shall have jurisdiction to hear and determine the validity of the claim of exemption or the value of the property claimed exempt, whether or not the value of the property determines the right to exemption, in like manner as if the property were levied upon by writ of execution issued by such court.

690.52. No article, however, or species of property, mentioned in Sections 690.1 to 690.29, inclusive, of this code is exempt from execution issued upon a judgment recovered for its price, or upon a judgment of foreclosure of a mortgage or other lien thereon.

SEC. 7. Section 864 of the Financial Code is amended to read:

864. (a) For the purposes of this section:

(1) "Customer" means one or more natural persons.

(2) "Debt" means an interest-bearing obligation or an obligation

which by its terms is payable in installments, which has not been reduced to judgment, arising from an extension of credit to a natural person primarily for personal, family, or household purposes, and does not mean a charge for bank services or a debit for uncollected funds or for an overdraft of an account imposed by a bank on a deposit account.

(b) A bank is limited in exercising any setoff for a debt claimed to be owed to the bank by a customer in that a setoff shall not result in an aggregate balance of less than one thousand dollars ($1,000) as shown on the records of the bank for all demand deposit accounts maintained by a customer with the bank or any branch thereof.

(c) Not later than the day following the exercise of any setoff with respect to a deposit account for any debt claimed to be owed to the bank by a customer, the bank shall deliver to each customer personally or send by first-class mail postage prepaid to the address of each customer as shown on the records of the bank a written notice in at least 10-point type containing the following:

(4) A statement that if the notice is executed and returned, the bank may file an action in court to collect the debt; that if a lawsuit is filed, the customer will be notified and have an opportunity to appear and defend; and that if the bank is successful, the customer will be liable for court costs, and attorney's fees, if the debt so provides.

(5) A response form in at least 10-point type containing substantially the following:

(d) If the response form described in subdivision (c) executed by the customer is received by the bank not later than 20 days after the date of mailing or personal delivery of the written notice, the amount of the setoff for any debt claimed to be owed to the bank by a customer, and any bank service charges resulting from the setoff, shall be reversed and such amount shall be credited to the deposit account not later than the end of the business day following receipt of such executed response form.

(e) The limitations provided in this section do not apply to a deposit account, other than a demand deposit account, in which the bank has a security interest expressed by a written contract as collateral for the debt owing to the bank by the customer.

(f) The limitations provided in this section do not apply when a customer previously has authorized a bank in writing to periodically debit a deposit account as the agreed method of payment of the debt.

(g) The limitations provided in this section shall apply only to the exercise by a bank of a setoff with respect to debts claimed to be owing to it by customers on or after July 1, 1976.

(h) Nothing in this section shall prejudice a person's right to assert exemptions under Chapter 1 (commencing with Section 681) of Title 9 of Part 2 of the Code of Civil Procedure, or to assert a claim or defense as to the validity of the debt, in a judicial proceeding.

SEC. 8. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution, and shall go into immediate effect. The facts constituting such necessity are:

Recent amendments to the statutes relating to execution and attachment created ambiguous cross-references. These recent

amendments will become operative on July 1, 1977. In order to correct these ambiguities it is necessary that this act become effective immediately, and operative on July 1, 1977.

In addition, Section 690.31 of the Code of Civil Procedure, as enacted by Chapter 1000 of the Statutes of 1976, failed to specifically prescribe certain powers and duties of both the courts and levying officers in effectuating its provisions and to sufficiently apprise judgment debtors and creditors of their rights and liabilities under such provisions. In order that all parties concerned with the operation of Section 690.31 of the Code of Civil Procedure will be adequately apprised of the aforementioned particulars as soon as the section becomes operative, it is necessary that the amendments to the section made by this act become effective immediately, and operative on July 1, 1977, the operative date of Section 690.31 of the Code of Civil Procedure.

SEC. 9. Section 683 of the Code of Civil Procedure is amended to read:

683. (a) The execution may be made returnable, at any time not less than 10 nor more than 60 days after its receipt by the officer to whom it is directed, to the court in which the judgment is entered. When the execution is returned, the clerk must attach it to the judgment roll, or the judge must make the proper entry in the docket.

(b) If an execution is returned unsatisfied, another may be afterward issued within the time specified in this code.

(c) If property either personal or real be levied upon under such writ of execution but the sale thereunder be postponed beyond or not held within the return date after it is received by the officer to whom it was delivered and which has been returned to the clerk of the court in which the judgment is entered, upon request of the person in whose favor the writ runs the court may direct the clerk to redeliver such execution to the officer to whom it was directed in order to permit the officer to make an alias return of the proceedings of the sale or levy thereon as in the case of an original return of execution.

(d) If proceeds resulting from a levy of execution are received by the levying officer after the writ has been returned to the court in which the judgment is entered, upon request of the person in whose favor the writ runs, the clerk shall redeliver such execution to the officer to whom it was directed in order to permit the officer to make an alias return of the levy as in the case of an original return of execution.

(e) Whenever a writ of execution issued against real property containing a dwelling house has been returned, proof that notice required by subdivision (d) or (g) of Section 690.31 has been served shall be indicated on the writ, or separately and attached to the writ.

(f) If an earnings withholding order has been issued and served upon the employer as provided in Chapter 2.5 (commencing with Section 723.010) prior to the time the writ of execution is made

returnable under subdivision (a), the execution is returnable as provided in Section 723.026.

SEC. 10. Section 690.50 of the Code of Civil Procedure is amended to read:

690.50. (a) If the property mentioned in Section 690.1 to 690.29, inclusive, shall be levied upon under writ of execution, the judgment debtor (herein referred to as "the debtor"), in order to avail himself of his exemption rights as to such property, shall within 10, days from the date such property was levied upon deliver to the levying officer an affidavit of himself or his agent, together with a copy thereof, alleging that the property levied upon, identifying it, is exempt, specifying the section or sections of this code on which he relies for his claim to exemption, and all facts necessary to support his claim, and also stating therein his address within this state for the purpose of permitting service by mail upon him of the counteraffidavit and any notice of the motion herein provided.

(b) Forthwith upon receiving the affidavit of exemption, the levying officer shall serve upon the person in whose favor the writ runs (herein referred to as "the creditor"), either personally or by mail, a copy of the affidavit of exemption, together with a writing, signed by the levying officer, stating that the claim to exemption has been received and that the officer will release the property unless he receives from the creditor a counteraffidavit within five days after service of such writing.

(c) If the creditor desires to contest the claim to exemption, he shall, within such period of five days, file with the levying officer a counteraffidavit alleging that the property is not exempt within the meaning of the section or sections of this code relied upon, or if the claim to exemption be based on Section 690.2, 690.3, or 690.4, alleging that the value of the property claimed to be exempt is in excess of the value stated in the applicable section or sections, together with proof of service of a copy of such counteraffidavit upon the debtor.

(d) If no such counteraffidavit, with such proof of service, is so filed with the levying officer within the time allowed, the officer shall forthwith release the property.

(e) If such counteraffidavit, with such proof of service, is so filed, either the creditor or the debtor shall be entitled to a hearing in the court in which the action is pending or from which the writ issued for the purpose of determining the claim to exemption or the value of the property claimed to be exempt. Such hearing shall be granted by the court upon motion of either party made within five days after the counteraffidavit is filed with the levying officer, and such hearing must be had within 15 days from the date of the making of such motion unless continued by the court for good cause. The party making the motion for hearing shall give not less than five days' notice in writing of such hearing to the levying officer and to the other party, and specify therein that the hearing is for the purpose of determining the claim to exemption. The notice may be of motion or of hearing and upon the filing of the notice with the clerk of the

court, the motion is deemed made.

(f) If neither party makes such motion within the time allowed, or if the levying officer shall not have been served with a copy of the notice of hearing within 10 days after the filing of the counteraffidavit, the levying officer shall forthwith release the property to the debtor.

(g) At any time while the proceedings are pending, upon motion of either party or upon its own motion, the court may (1) order the sale of any perishable property held by such officer and direct disposition of the proceeds of such sale, and (2) make such other orders as may be proper under the particular circumstances of the case. Any orders so made may be modified or vacated by the court or judge granting the same, or by the court in which the proceedings are pending, at any time during the pendency of the proceedings, upon such terms as may be just.

(h) The levying officer in all cases shall retain physical possession of the property levied upon if it is capable of physical possession, or in the case of property not capable of physical possession, the levy shall remain in full force and effect, pending the final determination of the claim to exemption. However, no sale under execution shall be had prior to such final determination unless an order of the court hearing the claim for exemption shall so provide.

(i) At such hearing, the party claiming the exemption shall have the burden of proof. The affidavits and counteraffidavits shall be filed by the levying officer with the court and shall constitute the pleadings, subject to the power of the court to permit an amendment in the interests of justice. The affidavit of exemption shall be deemed controverted by the counteraffidavit and both shall be received in evidence. Nothing herein shall be construed to deprive anyone of the right to a jury trial in any case where, by the Constitution, such right is given, but a jury trial may be waived in any such case in like manner as in the trial of an action. No findings shall be required in a proceeding under this section. When the hearing is before the court sitting without a jury, and no evidence other than the affidavit and counteraffidavit is offered, the court, if satisfied that sufficient facts are shown thereby, may make its determination thereon. Otherwise, it shall order the hearing continued for the production of other evidence, oral or documentary, or the filing of other affidavits and counteraffidavits. At the conclusion of the hearing, the court shall give judgment determining whether the claim to exemption shall be allowed or not, in whole or in part, which judgment shall be determinative as to the right of the creditor to have the property taken and held by the officer or to subject the property to payment or other satisfaction of his judgment. In such judgment the court shall make all proper orders for the disposition of such property or the proceeds thereof.

(j) A copy of any judgment entered in the trial court shall be forthwith transmitted by the clerk to the levying officer in order to permit such officer to either release the property attached or to

continue to hold it to sell it, in accordance with the provisions of the writ previously delivered to him. Such officer, unless an appeal from the judgment is waived, or the judgment has otherwise become final, shall continue to hold such property under attachment or execution, continuing the sale of any property held under execution until such judgment becomes final.

(k) When any documents required hereunder are served by mail, the provisions of this code relating to service by mail shall be applicable thereto.

(*l*) Whenever the time allowed for an act to be done hereunder is extended by the court, written notice thereof shall be given promptly to the opposing party, unless such notice be waived, and to the levying officer.

(m) An appeal lies from any judgment under this section. Such appeal shall be taken in the manner provided for appeals in the court in which the proceeding is had.

Therefore, Section 10 of this act shall become operative only if Assembly Bill No. 393 is chaptered before this bill and amends Section 690.50, and in such case Section 10 of this act shall become operative on the operative date of Assembly Bill No. 393.

SEC. 13. This act shall become operative on July 1, 1977.

(h) To waive the application of Section 25210.90 if it finds the application would deprive an area of a service needed to insure the health, safety or welfare of the area's residents and if it finds that such waiver would not affect the ability of a city to provide any service; provided, however, that within 60 days of the inclusion of the territory within the city, the governing body may adopt a resolution nullifying the waiver.

Any such classification or exemption enacted by the Legislature

after January 1, 1973, shall be reimbursed by the state for the 1973–1974 fiscal year and for each fiscal year thereafter.

For purposes of this section the actual loss of revenue does not include potential revenue from property of a type which was not being assessed and taxed on January 1, 1973.

Claims for reimbursement shall be filed according to the procedure provided in Section 16113 of the Government Code. Upon appropriation of reimbursement funds by the Legislature, the Controller shall pay such claims at the times provided in subdivision (b) of Section 16115 of the Government Code. Such claims shall be audited as provided in Section 16114 of the Government Code.

The Legislative Analyst shall review any classification or exemption of property to which this section is applicable and shall report to the Legislature on the general economic effects thereof. Such report shall be submitted at least one year prior to the date on which the classification or exemption is scheduled to terminate.

Any claim alleging that the reimbursement requirements of this section have not been complied with shall be presented directly to the Legislature and the provisions of Sections 905.2 and 945.4 of the Government Code shall not apply thereto.

SEC. 31. Section 2230 of the Revenue and Taxation Code is amended to read:

2230. The state shall annually reimburse cities and counties for the net loss of revenue from each statute enacted after January 1, 1973, which provides for a sales or use tax exemption. The reimbursement shall be made, when funds have been appropriated by the Legislature, as follows:

(a) Twenty percent of the local net loss shall be distributed to the counties in the same ratio as the total amount of sales and use taxes collected in each county is to the whole. This amount of money shall be deposited by the board of supervisors in the local transportation fund established pursuant to Section 29530 of the Government Code. These moneys shall become part of the local transportation fund and shall be appropriated in the same manner and for the same purposes specified in Section 29531 of the Government Code.

(b) Eighty percent of the local net loss shall be distributed to cities and counties in the same ratio as provided in Section 30462 for the distribution of moneys from the Cigarette Tax Fund.

The distribution of reimbursement moneys pursuant to this section shall be made at the same time and in the same manner as provided in Section 30462 for the distribution of moneys from the Cigarette Tax Fund.

For purposes of this section the Director of Finance shall estimate the annual net loss of revenue to local agencies. In the case of legislative bills which provide for a sales or use tax exemption, the Director of Finance shall prepare an estimate of the annual net loss of revenue to local agencies during the initial fiscal year in which the bill becomes effective. An appropriation consistent with such estimate shall be included in the bill. In subsequent fiscal years an

appropriation to reimburse local agencies as required by this section shall be included in the State Budget. The amount included each year in the State Budget shall be changed by the estimated percentage change from the prior year, in the amount of revenue distributed to cities and counties pursuant to Part 1.5 (commencing with Section 7200) of Division 2.

For purposes of this section the net loss of revenue does not include (i) potential revenue from the sale or use of property of a type which was not being taxed on January 1, 1973, or (ii) the amount which would have been deducted by the Board of Equalization pursuant to Section 7204.3 for the cost of administering local sales and use tax ordinances.

In lieu of distributing reimbursement revenue as provided in this section, any statute exempting property from sales or use tax may provide an alternative procedure for such distribution.

Any claim alleging that the reimbursement requirements of this section have not been complied with shall be presented directly to the Legislature and the provisions of Sections 905.2 and 945.4 of the Government Code shall not apply thereto.

SEC. 32. Section 2233 of the Revenue and Taxation Code, as added by Chapter 486 of the Statutes of 1975, is amended and renumbered to read:

In the event that the amount appropriated for reimbursement purposes pursuant to Section 2231 is not sufficient to pay all of the claims approved by the Controller, the Controller shall prorate claims in proportion to the dollar amount of approved claims timely filed and on hand at the time of proration. The Controller shall adjust prorated claims if supplementary funds are appropriated for this purpose.

In the event that the Controller finds it necessary to prorate claims as provided by this section, he shall immediately report such action to the Department of Finance and to the chairman of the respective committees in each house of the Legislature which consider appropriations.

Notwithstanding any other provision of law, this article shall provide the sole and exclusive procedure by which the Board of

Control shall hear and decide upon a claim that a local agency or school district has not been reimbursed for all costs mandated by the state as required by Section 2231.

SEC. 35. Section 2252 of the Revenue and Taxation Code is amended to read:

2252. The Board of Control shall adopt procedures for receiving claims pursuant to this article and for providing a hearing on such claims. Such procedures shall fall within the scope of subdivision (b) of Section 13920 of the Government Code, except that such procedures shall be adopted by a majority vote of the board membership prescribed by Section 2251. The hearing procedure shall provide for presentation of evidence by the claimant and by the Department of Finance and any other affected department or agency. A vote of a majority of the board members shall be required to sustain a claim submitted pursuant to this article.

2253. Claims submitted pursuant to this article for reimbursement, as required by Section 2231, of a cost mandated by the state shall be limited to the following:

(a) A claim alleging that the Controller has incorrectly reduced payments to a local agency pursuant to the provisions of paragraph (2) of subdivision (d) of Section 2231;

(b) A claim alleging that an executive order has incorrectly specified that it does not involve any cost mandated by the state; or

(c) A claim which has not been paid because it was submitted to the Controller after the deadline specified in subdivision (d) of Section 2231; provided that any claim submitted pursuant to this subdivision shall be allowed in an amount equal to 80 percent of the amount which would have been allowed pursuant to subdivision (d) of Section 2231; and provided further that any such claim shall be submitted within one year of the deadline specified in subdivision (d) of Section 2231.

Immediately on receipt of such report a local government claims bill shall be introduced in each house of the Legislature by the chairman of the committee that considers appropriations. The local government claims bill, at the time of its introduction, shall provide for an appropriation sufficient to pay all claims awarded pursuant to the provisions of this article, by the Board of Control during the preceding calendar year.

In addition, any property tax rate authorized by the voters of a city as provided in Section 43068 of the Government Code which was not levied as part of the aggregate of citywide taxes in the fiscal year selected by the city council pursuant to this subdivision may also be levied.

(2) For charter cities, the maximum rate, or rates, specified in the charter; provided that any rate in excess of such maximum rate which is authorized by Section 43072 of the Government Code or by Section 35 of Chapter 1 of the Statutes of 1968 (First Extraordinary Session) and which was levied during either the 1971–1972 or the 1972–1973 fiscal year may continue to be levied. If no maximum rate is specified in the charter, or if a maximum rate is specified but such rate is applicable only to a portion of the purposes for which such city is levying an ad valorem property tax, the maximum rate shall be the rate levied by the city for either the 1971–1972 or the 1972–1973 fiscal year, at the option of the city council. In addition, if the voters of a charter city, pursuant to provisions of the charter or of general law, have authorized an additional rate, such augmented rate shall be the maximum property tax rate.

SEC. 40. Section 2263 of the Revenue and Taxation Code is amended to read:

2263. The maximum property tax rate which may be levied by, or on behalf of, a special district formed prior to January 1, 1972, shall be:

(2) If no such maximum property tax rate is provided by statute, or if a maximum property tax rate is provided but such rate is applicable only to a portion of the purposes for which such district is levying an ad valorem property tax, the maximum rate shall be the rate levied by, or on behalf of, the district for either the 1971–1972 or the 1972–1973 fiscal year, at the option of the governing body of the district. The maximum property tax rate which may be levied by, or on behalf of, a local agency shall be a rate equivalent to the following:

(1) The maximum property tax rate which could have been levied for such agency pursuant to any provision of this chapter for the prior fiscal year, plus

(2) A property tax rate, not less than zero, on the secured roll which would produce an amount of property tax revenue equal to the following:

(a) The amount of property tax revenue which would be received by such agency in the current fiscal year by levying the rate identified in subparagraph (1) of this paragraph against the agency's total assessed value for the current fiscal year, subtracted from

(b) The amount of property tax revenue which would be received by such agency in the current fiscal year if its property tax revenue from the prior year were to change by a percentage equal to the following: the percentage change in the population of the agency (as determined pursuant to Section 2227 or 2228) plus the percentage change in the cost of living (as determined pursuant to Section 2212) which is applicable to the agency.

As used in this section "property tax revenue from the prior year" means the revenue which would have been received by a local agency in the prior fiscal year by levying the maximum property tax rate authorized by this chapter against the total assessed value for such year.

As used in this section "total assessed value" means all assessed value subject to ad valorem property taxation by a local agency plus assessed value attributable to the homeowners' property tax exemption and to the business inventory property tax exemption.

Any property tax rate established pursuant to this section shall be the maximum property tax rate for a local agency until such rate is subsequently changed or adjusted pursuant to the provisions of this section or other provisions of this chapter.

SEC. 43. Section 2271 of the Revenue and Taxation Code is amended to read:

2271. A local agency may levy, or have levied on its behalf, a rate in addition to the maximum property tax rate established pursuant to this chapter (commencing with Section 2201) to pay costs mandated by the federal government or costs mandated by the

courts or costs mandated by initiative enactment, which are not funded by federal or state government.

The Controller may audit any rate imposed under this section and any data related to the establishment thereof. If the Controller determines that such rate exceeds a rate which would be necessary to meet the federally mandated, initiative-mandated or court-mandated costs, or if the Controller determines that such rate has been levied to pay any cost mandated by a court which has resulted from litigation entered into in order to avoid the property tax rate limits established by this chapter, or if the Controller determines that a local agency has erroneously concluded that it is subject to costs mandated by the courts or costs mandated by the federal government, he shall immediately notify the local agency of such determination, and the local agency shall reduce its property tax rate by an appropriate amount for the next succeeding fiscal year. In the event that a local agency fails to make such a reduction in its property tax rate, the Controller shall request the Attorney General to bring an action under Chapter 2 (commencing with Section 1084) of Title 1 of Part 3 of the Code of Civil Procedure to force a reduction in the rate.

SEC. 44. Section 2271.2 of the Revenue and Taxation Code is amended to read:

2271.2. The Controller shall issue, and shall revise, as needed, advisory guidelines to assist local agencies in determining when an additional property tax rate may be levied pursuant to Section 2271.

SEC. 45. Section 2280.1 is added to the Revenue and Taxation Code, to read:

2280.1. A city may levy, or have levied on its behalf, a rate in addition to the maximum tax rate established pursuant to this chapter in order to comply with the provisions of Section 43073 of the Government Code.

SEC. 46. Section 2285 of the Revenue and Taxation Code is amended to read:

2285. For the purposes of this article, the term "qualified voter of the local agency" means a voter who meets the specific qualifications, if any, set forth for voters of that local agency for other purposes. If no such specific qualifications exist, the term means a registered voter, as defined in the Elections Code, residing within the area within which the election will be held; if there are no registered voters within that area, the term means a landowner, in which case each landowner shall have one vote. If such landowner is a partnership, joint tenancy or tenancy in common, the vote to which such landowner is entitled may be cast by any of the partners, joint tenants or tenants in common; provided that only one such vote shall be cast on behalf of the landowner. If such landowner is a corporation, the vote to which such corporation is entitled may be cast by any officer of such corporation who is empowered to act on behalf of the corporation.

As used in this section "landowner" means any person or

corporation shown on the last equalized assessment roll as the owner of land; provided that where such person or corporation is no longer the owner, the term shall mean any person or corporation entitled to be shown as the owner on the next assessment roll.

SEC. 47. Section 2286 of the Revenue and Taxation Code is amended to read:

2286. (a) No local agency formed after the effective date of this chapter shall levy, or have levied on its behalf, any property tax rate, except an additional property tax rate authorized pursuant to Article 5 (commencing with Section 2270) of this chapter, unless a maximum property tax rate has been approved for such agency. If an election is held on the formation of a local agency, the maximum property tax rate for such agency shall be included in describing the local agency on the ballot in the formation question.

(b) In the event that a local agency which was in existence on the effective date of this chapter desires to change its maximum property tax rate, the governing body of such agency shall call a special election, pursuant to the provisions of this article, to approve a new maximum property tax rate for the agency.

(c) No maximum property tax rate described in subdivision (a) or (b) shall be approved except by a majority vote of the qualified voters of that local agency voting on the issue.

SEC. 48. Section 2308 of the Revenue and Taxation Code is amended to read:

2308. The maximum property tax rate for a local agency assuming the responsibility for providing a program or service and for levying a tax to pay the cost thereof, as a result of a functional consolidation, shall be the maximum property tax rate for such agency established prior to the functional consolidation plus such additional rate as may be necessary to pay the actual costs of providing such program or service.

The Controller may audit any rate imposed under this section and if he determines that the rate exceeds a rate which would be necessary to pay the actual costs incurred as a result of functional consolidation, he shall immediately notify the local agency of such determination and the local agency shall reduce its property tax rate by an appropriate amount for the next succeeding fiscal year. In the event that a local agency fails to make such a reduction in its property tax rate, the Controller shall request the Attorney General to bring an action under Chapter 2 (commencing with Section 1084) of Title 1 of Part 3 of the Code of Civil Procedure to force a reduction in the rate.

SEC. 49. Section 2325 of the Revenue and Taxation Code is amended to read:

2325. Annually, no later than 15 days after the property tax rate for a local agency has been fixed, each local agency shall report to the Controller, on a form to be specified by the Controller, the property tax rate levied by, or on behalf of, the agency for the current fiscal year. Such information shall show the amount of the rate, if any,

levied pursuant to Sections 2260, 2261, 2262, 2262.1, 2263, 2263.1, 2263.2, 2264, 2265, 2266, 2266.1, 2267, 2270, 2271, 2272, 2273, 2274, 2275, 2276, 2277, 2278, 2279 and 2280. Such information shall also show any property tax rate authorized or levied pursuant to the provisions of Article 6 (commencing with Section 2285), Article 7 (commencing with Section 2295), and Article 8 (commencing with Section 2305). Information with respect to any rate levied pursuant to Section 2270 shall also indicate the rate levied to pay interest and redemption charges on bonded indebtedness, the rate levied to pay the cost of retirement and pension benefits and the rate levied to make payments to special funds as required by charter. The Controller shall, by regulation, require any tax rate exempt from rate limitations imposed by this chapter to be reported in the manner specified by this section.

SEC. 50. Section 2325.1 of the Revenue and Taxation Code is amended to read:

2325.1. In the event that the Controller determines that an error has occurred in establishing a property tax rate levied pursuant to any provision of this chapter, he shall immediately notify the local agency of such error and the local agency shall reduce its property tax rate by an appropriate amount for the next succeeding fiscal year. In the event that a local agency fails to make such a reduction in its property tax rate, the Controller shall request the Attorney General to bring an action under Chapter 2 (commencing with Section 1084) of Title 1 of Part 3 of the Code of Civil Procedure to force a reduction in the rate.

SEC. 51. Section 30462 of the Revenue and Taxation Code is amended to read:

30462. All money deposited in the Cigarette Tax Fund under this part is hereby appropriated, subject to the provisions of any budget bill heretofore or hereafter enacted and Section 11006 of the Government Code, and shall, upon order of the State Controller, be drawn therefrom and allocated for the following purposes:

(a) To pay the refunds authorized by this part.

(b) To the Controller an amount equal to 30 percent of the money in the fund which is derived from taxes imposed on and after October 1, 1967, less 30 percent of the cost of administering this part, such money to be disbursed by the Controller on or before December 15, 1967, and on the 15th day of each month thereafter to each city and county in this state in the following manner:

(1) The money to be allocated pursuant to this subdivision shall first be divided into two separate accounts, one for the cities and counties and counties of this state and one for the cities of this state. In order to determine the amount of money in each account, the Controller shall first determine the amount due each county, city and county and city in this state in the proportion that sales tax revenues transmitted pursuant to Part 1.5 (commencing with Section 7200) of this division to each such city, city and county and in the unincorporated territory of a county bear to the total of such

revenue in the state. In making such determinations, the Controller shall not consider any revenues derived from that portion of the taxes imposed by the county at a rate in excess of 1 percent pursuant to Part 1.5 (commencing with Section 7200) of this division. The amount due each county and city and county shall be allocated in accordance with this formula and the amount due each city shall be allocated pursuant to paragraph (2) or paragraph (3) of this subdivision.

(2) Upon the application of any city for an allocation pursuant to this paragraph, the Controller shall determine the amount of revenue derived from the city's selective local tax on, or with respect to, the sale, distribution, use, consumption, or holding of cigarettes or any other tobacco product during the 1966–1967 fiscal year, or which would have been derived from such tax if the rate in effect on August 1, 1967, had been in effect throughout such fiscal year. This amount shall be adjusted, beginning on July 1, 1969, by the percentage by which the cigarette tax revenues have increased or decreased. For the 1969–1970 fiscal year the percentage shall be derived by comparing the revenues deposited in the Cigarette Tax Fund during the period January 1 through June 30, 1969, with those deposited during the period January 1 through June 30, 1968. For the 1970–1971 fiscal year and each fiscal year thereafter, the percentage shall be derived by comparing revenues deposited in the Cigarette Tax Fund during the preceding fiscal year with those deposited during the entire 1968–1969 fiscal year. The amount computed after applying the percentage factor shall then be reduced by deducting the cost to the city of administering and collecting any such tax for the 1966–1967 fiscal year. If such amount, when divided by 12, is more than the amount which would be disbursed to the city at the time of the next allocation pursuant to paragraph (3) of this subdivision, an amount equal to the amount which such city would have netted from its own tax shall be allocated to such city each month pursuant to this paragraph from the account established for cities in paragraph (1), and no allocation shall be made to such city pursuant to paragraph (3) until such time as the city rescinds its right to receive an allocation under this paragraph. A city which has rescinded such right may not, thereafter, file another application for an allocation pursuant to this paragraph. No city shall be eligible for a subvention pursuant to this paragraph unless, on August 1, 1967, it in fact imposed a selective local tax on, or with respect to, the sale, distribution, use, consumption or holding of cigarettes or any other tobacco product.

(3) (A) After making any allocations required by paragraph (2) of this subdivision, 50 percent of the revenue remaining in the account for the cities of this state shall be allocated to the remaining cities in the proportion that sales tax revenues transmitted pursuant to Part 1.5 (commencing with Section 7200) of this division to each remaining city bears to the total of such revenue transmitted to all remaining cities.

(B) Fifty percent thereof shall be paid to the cities receiving an allocation under this paragraph in the proportion that the population of each such city bears to the total population of all cities in this state receiving an allocation under this paragraph, as determined by the Controller. For the purpose of this subdivision the population of each city is that determined in the manner specified in Section 11005 of this code.

(C) The balance remaining in the fund shall be transferred to the General Fund of this state.

The allocation provided for in subdivision (b) shall not be made to any county, or city which, after October 1, 1967, imposes a selective local tax on, or with respect to, the sale, distribution, use, consumption, or holding of cigarettes or any other tobacco product.

Moneys disbursed pursuant to subdivision (b) of this section may be used for county, city and county, or city purposes, and may, but need not necessarily, be used for purposes of general interest and benefit to the state.

SEC. 52. The Legislature hereby finds and declares that the amendments to Sections 2229, 2230, and 2250 of the Revenue and Taxation Code, as amended by this act, are declaratory of existing law.

SEC. 55. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order to provide clarification of the procedures for submitting claims for the State Board of Control pursuant to Article 3.5 (commencing with Section 2250) of Chapter 3 of Part 4 of Division 1 of the Revenue and Taxation Code and for the orderly, timely and expeditious submission of such claims to the Legislature, this act must go into effect immediately.

CHAPTER 310

An act to add Section 8365.5 to the Education Code, relating to schools, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 7, 1977. Filed with Secretary of State July 8, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 8365.5 is added to the Education Code, to read:

8365.5. For the purposes of Section 44882, service of 134 days, consecutive or nonconsecutive, by certificated personnel in a children's center during a one-year period, July 1 to June 30th, shall

be considered as one year of service.

This section shall not be construed as permitting a certificated employee assigned 12 calendar months of the year to acquire permanent classification with respect to employment for more than the regular academic year, as defined in Section 37250.

This section shall be applicable to service rendered between July 1, 1976, and June 30, 1977, and subsequent one-year periods.

SEC. 2. Notwithstanding any provision of Article 5 (commencing with Section 53090) of Chapter 1 of Part 1 of Division 2 of Title 5 of the Government Code, whenever a nonprofit, nonsectarian residential treatment and education facility leases facilities to a county superintendent of schools on or before June 30, 1978, the county superintendent of schools may render a city or county zoning ordinance inapplicable to a proposed use of property by the county superintendent except when the proposed use of the property by the county superintendent is for nonclassroom facilities, including but not limited to, warehouses, administrative buildings, automotive storage and repair buildings. Such use of property by the county superintendent shall not exceed the duration of the lease or any extension or renewal thereof. The county superintendent shall, within 10 days, notify the city or county concerned of such action. If the county superintendent has taken such action the city or county may commence an action in the superior court of the county whose zoning ordinance is involved or in which is situated the city whose zoning ordinance is involved, seeking a review of such action of the county superintendent to determine whether it was arbitrary and capricious. The city or county shall cause a copy of the complaint to be served on the county superintendent. If the court determines that such action was arbitrary and capricious, it shall declare it to be of no force and effect, and the zoning ordinance in question shall be applicable to the use of the property by such county superintendent.

For purposes of this section, "proposed use of property" includes existing or to be constructed publicly or privately owned property, or portion thereof, which is leased to a school district or county superintendent of schools and which is used by such school district or county superintendent for classroom purposes. For purposes of this section "classroom purposes" shall be deemed to include, without limitation, school principal and secretarial offices, teacher's lounge and conference room, toilet facilities, gymnasium and physical education facilities, and related storage facilities.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that the provisions of this act may be made applicable to certificated employees who rendered the requisite service in a children's center during the one-year period of July 1, 1976, to June 30, 1977, it is necessary that the act take effect immediately.

It is further necessary that this act take effect immediately so as to

prevent delay in the proposed operation of a school for educationally handicapped pupils to be maintained by a county superintendent of schools in leased facilities, which school is planned to commence operation early in the 1977–78 school year.

CHAPTER 311

An act to amend Section 75033 of the Government Code, relating to the Judges' Retirement Law.

[Became law without Governor's signature July 11, 1977.
Filed with Secretary of State July 11, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 75033 of the Government Code is amended to read:

75033. Notwithstanding any other provision of this chapter, if the service of a judge, who has been elected or appointed as such, is discontinued by any means other than death, resignation, recall, impeachment, or retirement pursuant to this chapter, he shall have the right to elect in writing filed with the State Controller within ninety (90) days thereafter, and without right of revocation, whether to allow his accumulated contributions to remain in the fund. A judge who after the effective date of the 1972 amendments to this section leaves his office to accept any lucrative office under the United States within the purview of Section 28, Article IV, of the Constitution shall not be eligible for deferred retirement under this section. Failure to make such election shall be deemed an irrevocable election to withdraw his accumulated contributions. A judge who so elects to allow his accumulated contributions to remain in the fund shall, upon his application therefor to the State Controller be retired, and after attaining age 65 receive a retirement allowance based upon the judicial service with which he is credited, in the same manner as other judges, except that his retirement allowance is an annual amount equal to 5 percent of the compensation payable, at the time payments of the allowance fall due, to the judge holding the office which the retired judge last held prior to the discontinuance of his service as judge, multiplied by the number of years and fractions of years of service with which the retired judge is entitled to be credited at the time of such discontinuance of his service, not to exceed eight years.

This section shall not be applicable to any person who becomes a judge after the operative date of the amendments to this section during the 1973–74 Regular Session.

The amendments to this section during 1977 shall also be applicable to persons who elected to allow their accumulated contributions to remain in the fund prior to January 1, 1978.

CHAPTER 312

An act to amend Section 893 of the Welfare and Institutions Code, relating to juveniles.

[Became law without Governor's signature July 11, 1977.
Filed with Secretary of State July 11, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 893 of the Welfare and Institutions Code is amended to read:

893. (a) The board of supervisors of any county with a population of five million or more may provide and maintain a school or schools at a juvenile home, ranch or camp for the purpose of meeting the special educational needs of wards and dependent children of the juvenile court. Such school or schools shall be conducted in such a manner and under such conditions as will minister to the specific individualized educational and training needs of each ward and dependent child in furtherance of the objective of assisting each of them, as much as possible, to fulfull his potential to be a contributing, law-abiding member of society. In the event the board of supervisors determines that such objective may be promoted as well as or better by provision of educational and training services by a qualified private organization, the board of supervisors on behalf of the county may enter into annual contracts, with or without options to renew, for the provision of such services by such an organization.

(b) The Legislature hereby finds and determines that there are persons whose educational and vocational backgrounds and personal leadership qualities peculiarly fit them to instruct and train wards of the court in promotion of the aforesaid objective, but who lack certification qualifications. Accordingly, the probation officer is hereby authorized to certify to the county board of education and the Superintendent of Public Instruction that a person employed or to be employed by the probation officer or by an organization retained by contract to provide vocational training or vocational training courses at or in connection with the school or schools is peculiarly fit to provide wards of the court such vocational training in promotion of the aforesaid objective.

Such certification shall specify the type or types of service the person is qualified to provide. Upon filing of such certification, such person shall be deemed to be a certificated employee for purposes of authorizing him to provide the services described in the certificate and for apportionment purposes.

(c) The individual school or schools shall have a maximum enrollment of 100 students.

(d) The county superintendent of schools shall report on behalf of the county the average daily attendance for the schools and classes maintained by the county in such school or schools in the manner

provided in Section 17601.1 of the Education Code and other provisions of law.

(e) The Superintendent of Public Instruction shall compute the amount of allowance to be made to the county by reasons of the average daily attendance at such school or schools by mutiplying the average daily attendance by the foundation program amount for a high school district which has an average daily attendance of 301 or more during the fiscal year, and shall make allowances based thereon and shall apportion to the county, the allowances so computed in the same manner and at the same times as would be done with respect to allowances and apportionments to the county school service fund.

CHAPTER 313

An act to amend Sections 1042 and 2506 of the Education Code, relating to county boards of education, and declaring the urgency thereof, to take effect immediately.

[Became law without Governor's signature July 11, 1977.
Filed with Secretary of State July 11, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 1042 of the Education Code, as proposed by the 1977 Education Code Supplemental Act, is amended to read:

1042. County boards of education may:

(a) Adopt rules and regulations governing the administration of the office of the county superintendent of schools.

(b) Review the county superintendent of schools annual itemized estimate of anticipated revenue and expenditures before such annual itemized estimate is filed with the auditor as required by Section 29040 of the Government Code and make such revisions, reductions or additions therein that it deems advisable and proper. No such itemized estimate shall be filed by the county superintendent of schools or be approved by the board of supervisors until it has first been so reviewed and approved by the county board of education.

(c) In the name by which the board of education is designated, acquire, lease, lease-purchase, hold and convey real property for the purpose of housing the offices and the services of the county superintendent of schools, except that this subdivision shall only apply to such county boards of education to which all the duties and functions of the county board of supervisors have been transferred pursuant to Section 1080.

(d) Contract with and employ any persons for the furnishing to the board of special services and advice in financial, economic, accounting, engineering, legal, or administrative matters if such persons are specially trained and experienced and competent to

perform the special services required. The board may pay from any available funds such compensation to such persons as it deems proper for the services rendered.

SEC. 2. Section 2506 of the Education Code is amended to read:

2506. (a) The county superintendent shall have a maximum tax rate available for the operation, maintenance and housing of the county office, including any costs associated with the operation of the county board of education and the county committee on school district organization, and for any ongoing program, except children's center programs maintained by the county superintendent of schools, not included in any previous section of this article.

(b) For fiscally independent county superintendent offices, the maximum allowable tax rate shall be the rate levied for these purposes in 1971–72 or 1972–73, whichever is higher, minus that portion of the rate levied for capital outlay and juvenile hall purposes. This maximum rate may be exceeded in the amount and under the terms specified in Section 2266 of the Revenue and Taxation Code.

(c) For county superintendent offices which become independent on and after July 1, 1974, the maximum allowable tax rate shall be that rate which was levied or could have been levied in the preceding fiscal year pursuant to subdivision (d) of this section. This maximum rate may be exceeded in the amount and under the terms specified in Section 2266 of the Revenue and Taxation Code.

(d) For fiscally nonindependent county superintendent offices, the maximum allowable tax rate shall be computed by determining the amount of expenditures for the county superintendent of schools' office, exclusive of capital outlay expenditures and expenditures for juvenile hall purposes, in 1971–72 and 1972–73 which were funded from property tax revenues attributable to the county general fund. The amount for each year shall be converted to a tax rate equivalent for that year by dividing each amount by the assessed value of the county in that year and multiplying the quotient by 100; the higher of the two resulting tax rate equivalents shall be the maximum allowable tax rate. This maximum tax rate may be exceeded in the manner and under the terms specified in Section 2266 of the Revenue and Taxation Code.

(e) The maximum allowable tax rate described in this section is not intended to prohibit a county from augmenting the budget of the county superintendent of schools offices from general county funds. If the budget of the county superintendent of schools, as set by the county, does not require the full amount of the maximum allowable rate, the difference between the maximum rate and the actual rate required shall not be levied and shall not be available for any other county purpose.

(f) The maximum allowable tax rates described in this section may be increased by a majority vote of the qualified electors of the county at an election which may be ordered by the county board of education in fiscally independent county superintendent of schools

offices or by the county board of supervisors in fiscally nonindependent county superintendent of schools offices. Such a proposition may be voted only in conjunction with a general countywide election.

(g) Notwithstanding any other provision of this section, where a board of supervisors transfers duties and functions to a board of education pursuant to Section 1080 on or after July 1, 1975, the maximum allowable tax rate described in this section shall be computed by determining the amount of expenditures for the county board of education, the county committee on school district organization and the county superintendent of schools' office, exclusive of capital outlay expenditures and expenditures for juvenile hall purposes in the year immediately preceding the date on which such transfer becomes effective, which were funded from property tax revenues attributed to the county general fund and from property tax revenues attributed to the tax rate authorized in subdivision (c) of this section. The amount for such budget year shall be converted to a tax rate equivalent for that year by dividing the total of the property tax revenues by the assessed value of the county in that year and multiplying the quotient by 100. In any county in which the public schools under the jurisdiction of the county superintendent of schools have a total average daily attendance in excess of 450,000, in kindergarten and grades 1 to 12, inclusive, the computation prescribed by the preceding sentence shall be made utilizing the secured assessed value of the county, after adjustment for redevelopment increments, with the exclusion of the assessed value with respect to impound tax revenues, and after due allowance for delinquencies. A maximum tax rate computed pursuant to this subdivision may be exceeded in the manner and under the terms specified in Section 2266 of the Revenue and Taxation Code.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that county superintendents of schools may acquire urgently needed facilities at the earliest possible time, it is necessary that this act take effect immediately.

If the trier of fact finds the defendant guilty of first degree murder, it shall at the same time determine the truth of all special circumstances charged as enumerated in Section 190.2, except for a special circumstance charged pursuant to paragraph (5) of subdivision (c) of Section 190.2 where it is alleged that the defendant had been convicted in a prior proceeding of the offense of murder of the first or second degree.

(b) If the defendant is found guilty of first degree murder and one of the special circumstances is charged pursuant to paragraph (5) of subdivision (c) of Section 190.2 which charges that the defendant had been convicted in a prior proceeding of the offense of murder of the first or second degree, there shall thereupon be further proceedings on the question of the truth of such special circumstance.

(c) If the defendant is found guilty of first degree murder and one or more special circumstances as enumerated in Section 190.2 has been charged and found to be true, his sanity on any plea of not guilty by reason of insanity under Section 1026 shall be determined as provided in Section 190.4. If he is found to be sane, there shall thereupon be further proceedings on the question of the penalty to be imposed. Such proceedings shall be conducted in accordance with the provisions of Sections 190.3 and 190.4.

SEC. 8. Section 190.2 of the Penal Code is repealed.

SEC. 9. Section 190.2 is added to the Penal Code, to read:

190.2. The penalty for a defendant found guilty of murder in the first degree shall be death or confinement in the state prison for life without possibility of parole in any case in which one or more of the following special circumstances has been charged and specially found, in a proceeding under Section 190.4, to be true:

(a) The murder was intentional and was carried out pursuant to agreement by the person who committed the murder to accept a valuable consideration for the act of murder from any person other than the victim;

(b) The defendant, with the intent to cause death, physically aided or committed such act or acts causing death, and the murder was willful, deliberate, and premeditated, and was perpetrated by means of a destructive device or explosive;

(c) The defendant was personally present during the commission of the act or acts causing death, and with intent to cause death physically aided or committed such act or acts causing death and any of the following additional circumstances exists:

(1) The victim is a peace officer as defined in Section 830.1, subdivision (a) or (b) of Section 830.2, subdivision (a) or (b) of Section 830.3, or subdivision (b) of Section 830.5, who, while engaged in the performance of his duty was intentionally killed, and the

defendant knew or reasonably should have known that such victim was a peace officer engaged in the performance of his duties.

(2) The murder was willful, deliberate, and premeditated; the victim was a witness to a crime who was intentionally killed for the purpose of preventing his testimony in any criminal proceeding; and the killing was not committed during the commission or attempted commission of the crime to which he was a witness.

(3) The murder was willful, deliberate, and premeditated and was committed during the commission or attempted commission of any of the following crimes:

(i) Robbery in violation of Section 211;

(ii) Kidnapping in violation of Section 207 or 209. Brief movements of a victim which are merely incidental to the commission of another offense and which do not substantially increase the victim's risk of harm over that necessarily inherent in the other offense do not constitute a violation of Section 209 within the meaning of this paragraph.

(iii) Rape by force or violence in violation of subdivision (2) of Section 261; or by threat of great and immediate bodily harm in violation of subdivision (3) of Section 261;

(iv) The performance of a lewd or lascivious act upon the person of a child under the age of 14 years in violation of Section 288;

(v) Burglary in violation of subdivision (1) of Section 460 of an inhabited dwelling house with an intent to commit grand or petit larceny or rape.

(4) The murder was willful, deliberate, and premeditated, and involved the infliction of torture. For purposes of this section, torture requires proof of an intent to inflict extreme and prolonged pain.

(5) The defendant has in this proceeding been convicted of more than one offense of murder of the first or second degree, or has been convicted in a prior proceeding of the offense of murder of the first or second degree. For the purpose of this paragraph an offense committed in another jurisdiction which if committed in California would be punishable as first or second degree murder shall be deemed to be murder in the first or second degree.

(d) For the purposes of subdivision (c), the defendant shall be deemed to have physically aided in the act or acts causing death only if it is proved beyond a reasonable doubt that his conduct constitutes an assault or a battery upon the victim or if by word or conduct he orders, initiates, or coerces the actual killing of the victim.

SEC. 10. Section 190.3 of the Penal Code is repealed.

SEC. 11. Section 190.3 is added to the Penal Code, to read:

190.3. If the defendant has been found guilty of murder in the first degree, and a special circumstance has been charged and found to be true, or if the defendant may be subject to the death penalty after having been found guilty of violating subdivision (a) of Section 1672 of the Military and Veterans Code, or Section 37, 128, 219 or 4500 of this code, the trier of fact shall determine whether the penalty shall be death or life imprisonment without possibility of parole. In the

proceedings on the question of penalty, evidence may be presented by both the people and the defendant as to any matter relevant to aggravation, mitigation, and sentence, including, but not limited to, the nature and circumstances of the present offense, the presence or absence of other criminal activity by the defendant which involved the use or attempted use of force or violence or which involved the expressed or implied threat to use force or violence, and the defendant's character, background, history, mental condition and physical condition.

However, no evidence shall be admitted regarding other criminal activity by the defendant which did not involve the use or attempted use of force or violence or which did not involve the expressed or implied threat to use force or violence. As used in this section, criminal activity does not require a conviction.

However, in no event shall evidence of prior criminal activity be admitted for an offense for which the defendant was prosecuted and was acquitted. The restriction on the use of this evidence is intended to apply only to proceedings conducted pursuant to this section and is not intended to affect statutory or decisional law allowing such evidence to be used in other proceedings.

Except for evidence in proof of the offense or special circumstances which subject a defendant to the death penalty, no evidence may be presented by the prosecution in aggravation unless notice of the evidence to be introduced has been given to the defendant within a reasonable period of time, as determined by the court, prior to the trial. Evidence may be introduced without such notice in rebuttal to evidence introduced by the defendant in mitigation.

In determining the penalty the trier of fact shall take into account any of the following factors if relevant:

(a) The circumstances of the crime of which the defendant was convicted in the present proceeding and the existence of any special circumstances found to be true pursuant to Section 190.1.

(b) The presence or absence of criminal activity by the defendant which involved the use or attempted use of force or violence or the expressed or implied threat to use force or violence.

(c) Whether or not the offense was committed while the defendant was under the influence of extreme mental or emotional disturbance.

(d) Whether or not the victim was a participant in the defendant's homicidal conduct or consented to the homicidal act.

(e) Whether or not the offense was committed under circumstances which the defendant reasonably believed to be a moral justification or extenuation for his conduct.

(f) Whether or not the defendant acted under extreme duress or under the substantial domination of another person.

(g) Whether or not at the time of the offense the capacity of the defendant to appreciate the criminality of his conduct or to conform his conduct to the requirements of law was impaired as a result of

mental disease or the affects of intoxication.

(h) The age of the defendant at the time of the crime.

(i) Whether or not the defendant was an accomplice to the offense and his participation in the commission of the offense was relatively minor.

(j) Any other circumstance which extenuates the gravity of the crime even though it is not a legal excuse for the crime.

After having heard and received all of the evidence, the trier of fact shall consider, take into account and be guided by the aggravating and mitigating circumstances referred to in this section, and shall determine whether the penalty shall be death or life imprisonment without the possibility of parole.

SEC. 12. Section 190.4 is added to the Penal Code, to read:

190.4. (a) Whenever special circumstances as enumerated in Section 190.2 are alleged and the trier of fact finds the defendant guilty of first degree murder, the trier of fact shall also make a special finding on the truth of each alleged special circumstance. The determination of the truth of any or all of the special circumstances shall be made by the trier of fact on the evidence presented at the trial or at the hearing held pursuant to subdivision (b) of Section 190.1.

In case of a reasonable doubt as to whether a special circumstance is true, the defendant is entitled to a finding that it is not true. The trier of fact shall make a special finding that each special circumstance charged is either true or not true. Wherever a special circumstance requires proof of the commission or attempted commission of a crime, such crime shall be charged and proved pursuant to the general law applying to the trial and conviction of the crime.

If the defendant was convicted by the court sitting without a jury, the trier of fact shall be a jury unless a jury is waived by the defendant and by the people, in which case the trier of fact shall be the court. If the defendant was convicted by a plea of guilty the trier of fact shall be a jury unless a jury is waived by the defendant and by the people.

If the trier of fact finds that any one or more of the special circumstances enumerated in Section 190.2 as charged is true, there shall be a separate penalty hearing, and neither the finding that any of the remaining special circumstances charged is not true, nor if the trier of fact is a jury, the inability of the jury to agree on the issue of the truth or untruth of any of the remaining special circumstances charged, shall prevent the holding of the separate penalty hearing.

In any case in which the defendant has been found guilty by a jury, and the jury has been unable to reach a unanimous verdict that one or more of the special circumstances charged are true, and does not reach a unanimous verdict that all the special circumstances charged are not true, the court shall dismiss the jury and shall order a new jury impaneled to try the issues, but the issue of guilt shall not be tried by such jury, nor shall such jury retry the issue of the truth of

any of the special circumstances which were found by a unanimous verdict of the previous jury to be untrue. If such new jury is unable to reach the unanimous verdict that one or more of the special circumstances it is trying are true, the court shall dismiss the jury and impose a punishment of confinement in state prison for life.

(b) If defendant was convicted by the court sitting without a jury, the trier of fact at the penalty hearing shall be a jury unless a jury is waived by the defendant and the people, in which case the trier of fact shall be the court. If the defendant was convicted by a plea of guilty, the trier of fact shall be a jury unless a jury is waived by the defendant and the people.

If the trier of fact is a jury and has been unable to reach a unanimous verdict as to what the penalty shall be, the court shall dismiss the jury and impose a punishment of confinement in state prison for life without possibility of parole.

(c) If the trier of fact which convicted the defendant of a crime for which he may be subjected to the death penalty was a jury, the same jury shall consider any plea of not guilty by reason of insanity pursuant to Section 1026, the truth of any special circumstances which may be alleged, and the penalty to be applied, unless for good cause shown the court discharges that jury in which case a new jury shall be drawn. The court shall state facts in support of the finding of good cause upon the record and cause them to be entered into the minutes.

(d) In any case in which the defendant may be subjected to the death penalty, evidence presented at any prior phase of the trial, including any proceeding upon a plea of not guilty by reason of insanity pursuant to Section 1026, shall be considered at any subsequent phase of the trial, if the trier of fact of the prior phase is the same trier of fact at the subsequent phase.

(e) In every case in which the trier of fact has returned a verdict or finding imposing the death penalty, the defendant shall be deemed to have made an application for modification of such verdict or finding pursuant to subdivision (7) of Section 1181. In ruling on the application the judge shall review the evidence, consider, take into account, and be guided by the aggravating and mitigating circumstances referred to in Section 190.3, and shall make an independent determination as to whether the weight of the evidence supports the jury's findings and verdicts. He shall state on the record the reason for his findings.

The judge shall set forth the reasons for his ruling on the application and direct that they be entered on the Clerk's minutes.

The denial of the modification of a death penalty verdict pursuant to subdivision (7) of Section 1181 shall be reviewed on the defendant's automatic appeal pursuant to subdivision (b) of Section 1239. The granting of the application shall be reviewed on the peoples appeal pursuant to paragraph (6) of subdivision (a) of Section 1238.

The proceedings provided for in this subdivision are in addition to

any other proceedings on a defendant's application for a new trial.

SEC. 13. Section 190.5 is added to the Penal Code, to read:

190.5. (a) Notwithstanding any other provision of law, the death penalty shall not be imposed upon any person who is under the age of 18 years at the time of commission of the crime. The burden of proof as to the age of such person shall be upon the defendant.

(b) Except when the trier of fact finds that a murder was committed pursuant to an agreement as defined in subdivision (a) of Section 190.2, or when a person is convicted of a violation of subdivision (a) of Section 1672 of the Military and Veterans Code, or Section 37, 128, 4500, or subdivision (b) of Section 190.2 of this code, the death penalty shall not be imposed upon any person who was a principal in the commission of a capital offense unless he was personally present during the commission of the act or acts causing death, and intentionally physically aided or committed such act or acts causing death.

(c) For the purposes of subdivision (b), the defendant shall be deemed to have physically aided in the act or acts causing death only if it is proved beyond a reasonable doubt that his conduct constitutes an assault or a battery upon the victim or if by word or conduct he orders, initiates, or coerces the actual killing of the victim.

SEC. 14. Section 190.6 is added to the Penal Code, to read:

190.6. The Legislature finds that the imposition of sentence in all capital cases should be expeditiously carried out.

Therefore, in all cases in which a sentence of death has been imposed, the appeal to the State Supreme Court must be decided and an opinion reaching the merits must be filed within 150 days of certification of the entire record by the sentencing court. In any case in which this time requirement is not met, the Chief Justice of the Supreme Court shall state on the record the extraordinary and compelling circumstances causing the delay and the facts supporting these circumstances. A failure to comply with the time requirements of this section shall not be grounds for precluding the ultimate imposition of the death penalty.

SEC. 15. Section 209 of the Penal Code is amended to read:

209. (a) Any person who seizes, confines, inveigles, entices, decoys, abducts, conceals, kidnaps or carries away any individual by any means whatsoever with intent to hold or detain, or who holds or detains, such individual for ransom, reward or to commit extortion or to exact from relatives or friends of such person any money or valuable thing, or any person who aids or abets any such act, is guilty of a felony and upon conviction thereof shall be punished by imprisonment in the state prison for life without possibility of parole in cases in which any person subjected to any such act suffers death or bodily harm, or shall be punished by imprisonment in the state prison for life with the possibility of parole in cases where no such person suffers death or bodily harm.

(b) Any person who kidnaps or carries away any individual to commit robbery shall be punished by imprisonment in the state

prison for life with possibility of parole.

SEC. 16. Section 219 of the Penal Code is amended to read:

219. Every person who unlawfully throws out a switch, removes a rail, or places any obstruction on any railroad with the intention of derailing any passenger, freight or other train, car or engine and thus derails the same, or who unlawfully places any dynamite or other explosive material or any other obstruction upon or near the track of any railroad with the intention of blowing up or derailing any such train, car or engine and thus blows up or derails the same, or who unlawfully sets fire to any railroad bridge or trestle over which any such train, car or engine must pass with the intention of wrecking such train, car or engine, and thus wrecks the same, is guilty of a felony and punishable with death or imprisonment in the state prison for life without possibility of parole in cases where any person suffers death as a proximate result thereof, or imprisonment in the state prison for life with the possibility of parole, in cases where no person suffers death as a proximate result thereof. The penalty shall be determined pursuant to Sections 190.3 and 190.4.

SEC. 17. Section 1018 of the Penal Code is amended to read:

1018. Unless otherwise provided by law every plea must be entered or withdrawn by the defendant himself in open court. No plea of guilty of a felony for which the maximum punishment is death, or life imprisonment without the possibility of parole, shall be received from a defendant who does not appear with counsel, nor shall any such plea be received without the consent of the defendant's counsel. No plea of guilty of a felony for which the maximum punishment is not death or life imprisonment without the possibility of parole shall be accepted from any defendant who does not appear with counsel unless the court shall first fully inform him of his right to counsel and unless the court shall find that the defendant understands his right to counsel and freely waives it and then, only if the defendant has expressly stated in open court, to the court, that he does not wish to be represented by counsel. On application of the defendant at any time before judgment the court may, and in case of a defendant who appeared without counsel at the time of the plea the court must, for a good cause shown, permit the plea of guilty to be withdrawn and a plea of not guilty substituted. Upon indictment or information against a corporation a plea of guilty may be put in by counsel. This section shall be liberally construed to effect these objects and to promote justice.

SEC. 18. Section 1050 of the Penal Code is amended to read:

1050. The welfare of the people of the State of California requires that all proceedings in criminal cases shall be set for trial and heard and determined at the earliest possible time. To this end the Legislature finds that the criminal courts are becoming increasingly congested with resulting adverse consequences to the welfare of the people and the defendant. It is therefore recognized that the people and the defendant have reciprocal rights and interests in a speedy trial or other disposition, and to that end shall be the duty of all courts

and judicial officers and of all counsel, both the prosecution and the defense, to expedite such proceedings to the greatest degree that is consistent with the ends of justice. In accordance with this policy, criminal cases shall be given precedence over, and set for trial and heard without regard to the pendency of, any civil matters or proceedings.

To continue any hearing in a criminal proceeding, including the trial, a written notice must be filed within two court days of the hearing sought to be continued, together with affidavits or declarations detailing specific facts showing that a continuance is necessary, unless the court for good cause entertains an oral motion for continuance. Continuances shall be granted only upon a showing of good cause. Neither a stipulation between counsel nor the convenience of the parties is in and of itself a good cause. Provided, that upon a showing that the attorney of record at the time of the defendant's first appearance in the superior court is a Member of the Legislature of this State and that the Legislature is in session or that a legislative interim committee of which the attorney is a duly appointed member is meeting or is to meet within the next seven days, the defendant shall be entitled to a reasonable continuance not to exceed 30 days. A continuance shall be granted only for that period of time shown to be necessary by the evidence considered at the hearing on the motion. Whenever any continuance is granted, the facts proved which require the continuance shall be entered upon the minutes of the court or, in a justice court, upon the docket. Whenever it shall appear that any court may be required, because of the condition of its calendar, to dismiss an action pursuant to Section 1382 of this code, the court must immediately notify the chairman of the Judicial Council.

SEC. 19. Section 1103 of the Penal Code is amended to read:

1103. Upon a trial for treason, the defendant cannot be convicted unless upon the testimony of two witnesses to the same overt act, or upon confession in open court; nor, except as provided in Sections 190.3 and 190.4, can evidence be admitted of an overt act not expressly charged in the indictment or information; nor can the defendant be convicted unless one or more overt acts be expressly alleged therein.

SEC. 20. Section 1105 of the Penal Code is amended to read:

1105. (a) Upon a trial for murder, the commission of the homicide by the defendant being proved, the burden of proving circumstances of mitigation, or that justify or excuse it, devolves upon him, unless the proof on the part of the prosecution tends to show that the crime committed only amounts to manslaughter, or that the defendant was justifiable or excusable.

(b) Nothing in this section shall apply to or affect any proceeding under Section 190.3 or 190.4.

SEC. 21. Section 4500 of the Penal Code is amended to read:

4500. Every person undergoing a life sentence in a state prison of this state, who, with malice aforethought, commits an assault upon

the person of another with a deadly weapon or instrument, or by any means of force likely to produce great bodily injury is punishable with death or life imprisonment without possibility of parole. The penalty shall be determined pursuant to the provisions of Sections 190.3 and 190.4; however, in cases in which the person subjected to such assault does not die within a year and a day after such assault as a proximate result thereof, the punishment shall be imprisonment in the state prison for life without the possibility of parole for nine years.

For the purpose of computing the days elapsed between the commission of the assault and the death of the person assaulted, the whole of the day on which the assault was committed shall be counted as the first day.

Nothing in this section shall be construed to prohibit the application of this section when the assault was committed outside the walls of any prison if the person committing the assault was undergoing a life sentence in a state prison at the time of the commission of the assault and was not on parole.

SEC. 22. Section 12310 of the Penal Code is amended to read:

12310. (a) Every person who willfully and maliciously explodes or ignites any destructive device or any explosive which causes the death of any person is guilty of a felony, and shall be punished by imprisonment in the state prison for life without the possibility of parole.

(b) Every person who willfully and maliciously explodes or ignites any destructive device or any explosive which causes mayhem or great bodily injury to any person is guilty of a felony, and shall be punished by imprisonment in the state prison for life.

SEC. 23. If any word, phrase, clause, or sentence in any section amended or added by this act, or any section or provision of this act, or application thereof to any person or circumstance, is held invalid, such invalidity shall not affect any other word, phrase, clause, or sentence in any section amended or added by this act, or any other section, provisions or application of this act, which can be given effect without the invalid word, phrase, clause, sentence, section, provision or application and to this end the provisions of this act are declared to be severable.

SEC. 24. If any word, phrase, clause, or sentence in any section amended or added by this act, or any section or provision of this act, or application thereof to any person or circumstance, is held invalid, and as a result thereof, a defendant who has been sentenced to death under the provisions of this act will instead be sentenced to life imprisonment, such life imprisonment shall be without possibility of parole. The Legislature finds and declares that those persons convicted of first degree murder and sentenced to death are deserving and subject to society's ultimate condemnation and should, therefore, not be eligible for parole which is reserved for crimes of lesser magnitude.

If any word, phrase, clause, or sentence in any section amended or

added by this act, or any section or provision of this act, or application thereof to any person or circumstance is held invalid, and as a result thereof, a defendant who has been sentenced to life imprisonment without the possibility of parole under the provisions of this act will instead be sentenced to life imprisonment with the possibility of parole.

SEC. 25. If this bill and Assembly Bill 513 are both chaptered, and both amend Section 1050 of the Penal Code, Section 18 of this act shall become operative only if this bill is chaptered and becomes operative before Assembly Bill 513, and in such event Section 18 of this act shall remain operative only until the operative date of Assembly Bill 513.

SEC. 26. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The California Supreme Court has declared the existing death penalty law unconstitutional. This act remedies the constitutional infirmities found to be in existing law, and must take effect immediately in order to guarantee the public the protection inherent in an operative death penalty law.

CHAPTER 317

An act relating to school district taxes, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 15, 1977. Filed with Secretary of State August 15, 1977.]

The people of the State of California do enact as follows:

SECTION 1. The second paragraph of Section 42245 of the Education Code shall not apply to a school district located in a county which uses the alternative method of distributing tax levies and collections and tax sale proceeds specified by Chapter 3 (commencing with Section 4701) of Part 8 of Division 1 of the Revenue and Taxation Code.

SEC. 2. It is the intent of the Legislature that this act should not be construed to permit any school district to receive revenues greater than it would have received if Chapter 125 of the Statutes of 1975 had not been enacted.

SEC. 3. This act shall remain operative until either A.B. 65, S.B. 525, or S.B. 809 is enacted and, upon the effective date of the first of such bills to be enacted, this act is repealed.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into

immediate effect. The facts constituting such necessity are:

The enactment of Chapter 125 of the Statutes of 1975 inadvertently decreased the revenues of school districts located in counties which utilize a certain alternative method of distributing tax levies and collections and tax sale proceeds. In order to remedy this unfortunate circumstance at the earliest possible time, and to permit this act to be operative during the 1976–77 fiscal year, and so to facilitate its orderly administration, it is necessary that this act take effect immediately.

CHAPTER 318

An act to defer the obligation to pay funds owed to the State of California, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 17, 1977. Filed with Secretary of State August 18, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Notwithstanding any other provision of the law, whenever a person has purchased a money order issued by Universal Money Order Company of Los Angeles with the intent of paying an obligation owed to the state with such money order, the obligation shall not become due and owing until September 30, 1977.

No penalty or interest shall be charged on an obligation to pay money to the state which is deferred pursuant to this section until such money becomes due and owing after the period of deferment. At such time, the normal provisions of the law relating to penalties and interest shall apply and penalties and assessments may be charged commencing with that date.

Any penalty and interest that has been paid on an obligation owed to the state after the purchase, with the intent to pay such obligation, of a money order issued by Universal Money Order Company of Los Angeles and prior to the operative date of this act shall be refunded to the purchaser of the money order.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The failure to defer amounts due and owing to the State of California, and to waive penalties and interest thereon, which have been tendered to the state in the form of money orders issued by Universal Money Order Company of Los Angeles, and returned unpaid as the result of the insolvency of such company, would produce great hardship on many of California's populace.

CHAPTER 319

An act to amend Section 44212 of the Education Code, relating to teacher licensing.

[Approved by Governor August 17, 1977. Filed with Secretary of State August 18, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 44212 of the Education Code is amended to read:

44212. The Superintendent of Public Instruction, the Regents of the University of California, the Trustees of the California State University and Colleges, the Board of Governors of the California Community Colleges, the California Postsecondary Education Commission, and the Association of Independent California Colleges and Universities shall each appoint a representative to serve as member ex officio without vote.

CHAPTER 320

An act to amend Section 44240 of the Education Code, relating to the Commission for Teacher Preparation and Licensing.

[Approved by Governor August 17, 1977. Filed with Secretary of State August 18, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 44240 of the Education Code is amended to read:

44240. The commission shall appoint a Committee of Credentials, consisting of seven persons for terms fixed by the commission but not to exceed two years. The committee shall include:

(a) Two members who shall be full-time certified classroom teachers in the public elementary schools, one with not less than five years' classroom experience, and one with not less than 10 years' classroom experience.

(b) Two members who shall be full-time certified classroom teachers in the public secondary schools, one with not less than five years' classroom experience, and one with not less than 10 years' classroom experience.

(c) One member who shall be a certified administrative employee in the public schools.

(d) One member who shall be a past or present member of the governing board of any school district.

(e) One member who shall be a representative of the public, to be a person with no previous experience as a certified employee in the

public schools or as a member of any governing board of a school district or county board of education.

CHAPTER 321

An act to amend Section 24413 of the Revenue and Taxation Code, relating to taxation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 17, 1977. Filed with Secretary of State August 18, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 24413 of the Revenue and Taxation Code is amended to read:

24413. (a) Corporations, trusts and associations which are subject to the provisions of this part for the income year, and which qualify for such income year for federal tax purposes as "real estate investment trusts" under Part II (commencing with Section 856) of Subchapter M of Chapter 1 of Subtitle A of the Internal Revenue Code of 1954 (as amended by Public Law 93-625 and Public Law 94-455), shall be entitled to (1) a deduction for income distributed during the income year, and (2) a deduction for deficiency dividends, as defined in Section 859 of the Internal Revenue Code of 1954, as amended by Public Law 94-455, for the income year in which the deficiency occurred.

(b) For the purposes of this section, if a real estate investment trust:

(1) Declares a dividend before the time prescribed by law for the filing of its return for an income year (including the period of any extension of time granted for filing such return); and

(2) Distributes the amount of such dividend to shareholders or holders of beneficial interests in the 12-month period following the close of such income year and not later than the date of the first regular dividend payment made after such declaration, the amount so declared and distributed shall, to the extent the trust elects in its return filed with the Internal Revenue Service pursuant to Section 858 of the Internal Revenue Code of 1954, be considered as having been paid during such income year, except as provided in subdivision (c).

(c) Amounts to which subdivision (b) applies shall be treated as received by the shareholder or holder of a beneficial interest in the income year in which the distribution is made.

SEC. 2. This act shall be applied in the computation of taxes with respect to tax returns due (without regard to any extension of time for filing) on or after the effective date of this act.

SEC. 3. This act is an urgency statute necessary for the

immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are as follows:

The action of the United States Congress in enacting Sections 856, 857 and 858 of the Internal Revenue Code of 1954 extended to real estate investment trusts (REITs) substantially the same conduit tax treatment (i.e., REIT net income distributed to its investors is taxed to them without being taxed at the REIT level) as is provided for mutual funds. The California Legislature concurred in this action by enacting Section 24413 of the Revenue and Taxation Code. The purpose of this legislation was to afford an opportunity for the small investor to participate in large real estate investments with expert management on a scale previously available only to a few wealthy individuals; to encourage the growth of such investment trusts to increase the funds available for equity financing of the large real estate developments and redevelopments needed in metropolitan area; and to avoid the inherent inequity of double taxation, particularly for small investors.

By reason of the relatively recent recession and unanticipated negative developments in the economy's real estate sector, these expressed legislative purposes were largely thwarted. As a result, the United States Congress adopted in 1975 (which action the California Legislature concurred in by the enactment in 1976 of Chapter 650, Statutes of 1976) remedial legislation to deal with foreclosure property, one of the principal emergency problems confronting REITs, on the basis that immediate action was needed. For the same reasons, Congress adopted at its next session further remedial legislation (as part of the Tax Reform Act of 1976) which made a number of substantial changes in the REIT provisions including liberalized rules relating to the continued qualification of REITs.

Since reliance by REITs on the new federal provisions will result in their disqualification in this state under existing law (and loss of their special tax treatment), immediate action is likewise again needed to conform Section 24413 of the Revenue and Taxation Code to the new federal provisions. This act will provide such conformity, prevent the flow of existing capital out of, and stimulate the flow of badly needed capital into, the depressed real estate market in this state.

CHAPTER 322

An act to amend Section 72760 of the Water Code, relating to the Marin Municipal Water District.

[Approved by Governor August 17, 1977. Filed with Secretary of State August 18, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 72760 of the Water Code is amended to read:

72760. The Marin Municipal Water District in Marin County shall not exercise any powers under this part by which the district incurs an indebtedness or liability exceeding in any year the income or revenue for such year, without the approval of a majority of the voters of the district voting at an election held within the district for that purpose. Such election may be combined with any other election held within the district. If a majority of the votes cast at the election is in favor of the proposition, the county clerk shall immediately cause to be filed with the Secretary of State a certificate reciting such fact. Notwithstanding any provision of law to the contrary, the provisions of Article 3 (commencing with Section 3780) of Chapter 2 of Division 4 of the Elections Code shall apply to such election.

SEC. 2. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be any appropriation made by this act because this act is in accordance with the request of a local government entity which desired legislative authority to act to carry out the program specified in this act.

CHAPTER 323

An act to add Section 6501 to the Health and Safety Code, relating to sanitary districts.

[Approved by Governor August 17, 1977. Filed with Secretary of State August 18, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 6501 is added to the Health and Safety Code, to read:

6501. By resolution, the board may change the name of the district. Any name resulting from a change must include the words "Sanitary District". Such change of name shall be effective upon the filing of a certified copy of such resolution with the Secretary of State and recording a certified copy in the office of the county recorder of the county or counties in which such district is situated.

CHAPTER 324

An act to add Section 12808.5 to the Public Utilities Code, relating to public utilities.

[Approved by Governor August 17, 1977. Filed with Secretary of State August 18, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 12808.5 is added to the Public Utilities Code, to read:

12808.5. (a) Notwithstanding Sections 53091 and 65402 of the Government Code, Section 12808 of the Public Utilities Code and Section 1469 of the Streets and Highways Code or any other provision of law, no district may locate or construct, any lines, for the transmission or distribution of electrical energy, including poles and other accessory structures, unless such facilities are approved pursuant to this section.

(b) The district shall hold a public hearing on proposed facilities which are subject to this section.

(1) Mailed notice of the public hearing shall be provided at least 10 days prior to the hearing, to the owners of all property within 300 feet of the route along which such facilities are proposed to be located.

(2) If mailed notice as required in paragraph (1) above would result in notice to more than 250 persons, as an alternative to such mailed notice, notice may be given by placing a display advertisement of at least one-fourth page in a newspaper of general circulation within the area affected by the proposed facility.

(c) After holding a hearing as provided in subdivision (b), the district shall submit any proposed facilities to the legislative body of each local agency in which such facilities are to be located. The legislative bodies shall conduct a public hearing, receive evidence, and, within 60 days, adopt a resolution approving, approving an alternative, or disapproving, the proposed facilities.

Any resolution adopted pursuant to this subdivision shall contain findings concerning:

(1) The consistency of the proposed facilities with the local agency's general plan and applicable redevelopment and specific plans.

(2) Whether there are feasible alternatives to the proposal.

(3) Such other factors related to the public health, safety and welfare as are included within the ordinance adopted by the local agency pursuant to subdivision (e) of this section.

Failure of a legislative body to render a decision within 60 days shall be deemed to constitute an approval of the proposed facilities.

(d) Notwithstanding the provisions of subdivision (c), the governing board of the district by vote of four-fifths of its members may render a local agency's decision inapplicable to proposed facilities if the district, at a publicly noticed hearing, determines by resolution that there is no feasible alternative to the district's proposal. Prior to adopting the resolution, the district shall read into the record the local agency's resolution. The board shall, within 10 days, notify the city or county concerned of such action. If the governing board has taken such action the local agency may commence an action in the superior court of the county whose action

is involved or in which is situated the city whose action is involved, seeking a review of such action of the governing board of the district to determine whether it was supported by substantial evidence. The evidence before the court shall include, but not be limited to, the record of the proceedings before the city, county, and local agency. The city or county shall cause a copy of the complaint to be served on the board. If the court determines that such action was not supported by substantial evidence, it shall declare it to be of no force and effect, and the local agency's decision shall be applicable to the proposed facilities.

(e) This section shall not apply to:

(1) Any facilities proposed to be located within any local agency which has not adopted an ordinance setting forth criteria to govern its decision pursuant to subdivision (c) of this section.

(2) Any electrical distribution lines of less than 100,000 volts.

(f) As used in this section, the term "feasible" means capable of being accomplished in a successful manner within a reasonable period of time, taking into account economic, environmental, social, and technological factors.

(g) As used in this section, "local agency" means a city, a city and county, or a county. Within cities this section shall not apply to counties.

SEC. 2. The increasing development of facilities for transmission of electrical energy alter and in some cases deface the geographical landscape, cutting across city and county lines. The Legislature declares that it is in the public interest and a matter of statewide concern that local agencies be given greater control over such activities and thus the provisions of this act are applicable to both general law and charter cities and counties.

SEC. 3. The provisions of this act shall not apply to any facilities for which onsite construction has begun at the time this act becomes effective.

SEC. 4. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be any appropriation made by this act because the duties, obligations or responsibilities imposed on local government by this act are minor in nature and will not place any financial burden on local government.

CHAPTER 325

An act to amend Section 2805 of the Vehicle Code, relating to vehicles.

[Approved by Governor August 17, 1977. Filed with Secretary of State August 18, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 2805 of the Vehicle Code is amended to read:

2805. (a) For the purpose of locating stolen vehicles, a member of the California Highway Patrol may inspect any vehicle of a type required to be registered under this code on a highway or in any public garage, repair shop, parking lot, new or used car lot, automobile dismantler's lot, vehicle shredding facility, vehicle leasing or rental lot, vehicle equipment rental yard, vehicle salvage pool, or other similar establishment, and may inspect the title or registration of vehicles, in order to establish the rightful ownership or possession of the vehicle.

(b) A member of the California Highway Patrol may also inspect, for the purposes specified in subdivision (a), implements of husbandry, special construction equipment, and special mobile equipment in the places described in subdivision (a) or when such a vehicle is incidentally operated or transported upon a highway.

(c) Whenever possible, inspections conducted pursuant to subdivision (a) or (b) shall be conducted at a time and in a manner so as to minimize any interference with, or delay of, business operations.

CHAPTER 326

An act to amend Sections 4002, 4003, 4004, and 8160 of the Vehicle Code, relating to vehicles.

[Approved by Governor August 17, 1977. Filed with Secretary of State August 18, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 4002 of the Vehicle Code is amended to read:

4002. When moved or operated under a permit issued by the department, registration is not required of:

(a) A vehicle not previously registered while being moved or operated from a dealer's, distributor's, or manufacturer's place of business to a place where essential parts of the vehicle are to be altered or supplied.

(b) A vehicle while being moved from a place of storage to another place of storage.

(c) A vehicle while being moved to or from a garage or repair shop for the purpose of repairs or alteration.

(d) A vehicle while being moved or operated for the purpose of dismantling or wrecking the same and permanently removing it from the highways.

(e) A vehicle, while being moved from one place to another for the purpose of inspection by the department, assignment of a vehicle identification number, inspection of pollution control devices, or weighing the vehicle.

(f) A vehicle, the construction of which has not been completed, until such time as the construction thereof is completed and final weights and costs can be determined for registration purposes.

SEC. 2. Section 4003 of the Vehicle Code is amended to read:

4003. A permit, as described in Section 9258, may be issued by the department for operating any of the following vehicles, except a crane:

(a) A vehicle while being moved or operated unladen for one continuous trip from a place within this state to another place either within or without this state or from a place without this state to a place within this state.

(b) A vehicle while being moved or operated for one round trip to be completed within 60 days from one place to another for the purpose of participating as a vehicular float or display in a lawful parade or exhibition, provided that the total round trip does not exceed 100 miles.

The department may issue a quantity of permits under this subsection in booklet form upon payment of the proper fee for each permit contained in such booklet. Each permit shall be valid for only one vehicle and for only one continuous trip. Such permit shall be posted upon the windshield or other prominent place upon a vehicle and shall identify the vehicle to which it is affixed. When so affixed, such permit shall serve in lieu of California registration.

SEC. 3. Section 4004 of the Vehicle Code is amended to read:

4004. Commercial vehicles meeting the registration requirements of a foreign jurisdiction, and subject to registration but not entitled to exemption from registration or licensing under any of the provisions of this code or any agreements, arrangements, or declarations made under Article 3 (commencing with Section 8000) of Chapter 4, may, as an alternate to such registration, secure a temporary registration to operate in this state for a period of not to exceed 90 days, or a trip permit to operate in this state for a period of five (5) consecutive days. The privilege of securing a trip permit shall not extend to vehicles registered in any jurisdiction with which the State of California does not have vehicle licensing reciprocity, unless the Reciprocity Commission extends such privilege, by rule, after hearing.

Each trip permit shall authorize the operation of a single vehicle for a period of not more than five (5) consecutive days, commencing with the day of first use and four (4) consecutive days thereafter. Every permit shall identify, as the department may require, the vehicle for which it is issued. Each trip permit shall be signed and dated on the day the trip commences and shall, with respect to a vehicle not having a windshield, be carried on the vehicle to which it applies and be readily available for inspection by a peace officer, and, shall, with respect to a vehicle having a windshield, including a vehicle supplying the motive power for another vehicle, be displayed on the lower right corner of the windshield in accordance with the provisions of paragraph (3) of subdivision (b) of Section

26708. It is unlawful for any person to fail to comply with the provisions of this section.

SEC. 4. Section 8160 of the Vehicle Code is amended to read:

8160. Any person complying with the provisions of this article shall preserve the records on which the application is based for a period of four full years following the year upon which the application is based, and do the following:

(a) Retain a copy of all permits used pursuant to Sections 4003 and 4004 for a period of four full years.

(b) Agree to make the records available to the department at its request and at its designated office for audit as to accuracy of computation and payments, or to pay the costs of an audit by the department or its duly appointed representative at the applicant's home office.

SEC. 5. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be any appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local government entities and school districts which, in the aggregate, do not result in significant identifiable cost changes.

CHAPTER 327

An act to amend Section 4006 of the Welfare and Institutions Code, relating to the acceptance of grants and gifts.

[Approved by Governor August 17, 1977. Filed with Secretary of State August 18, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 4006 of the Welfare and Institutions Code is amended to read:

(b) Grants of money received by this state from the United States, the expenditure of which is administered through or under the direction of any department of this state.

(c) Gifts of money from public agencies or from persons, organizations, or associations interested in scientific, educational, charitable, or mental hygiene fields.

CHAPTER 328

An act to amend Sections 5004, 6341, 52256, 52257, 52258, 52287, 52332, 52452, and 52482 of the Food and Agricultural Code, relating to weeds.

[Approved by Governor August 17, 1977. Filed with Secretary of State August 18, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 5004 of the Food and Agricultural Code is amended to read:

5004. "Noxious weed" means any species of plant which is, or is liable to be, detrimental or destructive and difficult to control or eradicate, which the director, by regulation, designates to be a noxious weed.

SEC. 2. Section 6341 of the Food and Agricultural Code is amended to read:

6341. If anything brought into any county or locality of the state from another county or locality within the state, or from any other state or foreign country, is found to be infested with the seed or propagule of any pest that is not of common occurrence in the county or locality into which the shipment is brought, the director or the commissioner shall notify the owner or bailee of such shipment to return it to the point from which the shipment was made.

SEC. 3. Section 52256 of the Food and Agricultural Code is amended to read:

SEC. 4. Section 52257 of the Food and Agricultural Code is amended to read:

52257. "Prohibited noxious weed seed" means the seed or propagule of any species of noxious weed which the director, as provided in Section 52332, finds and declares to be a prohibited noxious weed seed and which either: (1) is not known to occur, or is of limited distribution, in this state; (2) is not widely distributed throughout the state and which not only reproduce by seed, but also by underground roots or stems; or (3) is under eradication measures in this state.

SEC. 5. Section 52258 of the Food and Agricultural Code is amended to read:

52258. "Restricted noxious weed seed" means the seed or propagule of any species of noxious weed, the seed of which is not otherwise designated as prohibited noxious weed seed, and which the director, as provided in Section 52332, finds and declares to be

a restricted noxious weed seed.

SEC. 6. Section 52287 of the Food and Agricultural Code is amended to read:

52287. All prohibited and restricted noxious weed seed which are enumerated in this chapter or in any regulation which is adopted by the director pursuant to this chapter are hereby recognized as noxious within the meaning of the Federal Seed Act (7 U.S.C., Sec. 1551, et seq.).

SEC. 7. Section 52332 of the Food and Agricultural Code is amended to read:

52332. The director may, by regulation, adopt all of the following:

(a) A list of the plants and crops which he finds are or may be grown in this state from agricultural or vegetable seed.

(c) A list of noxious weed seed which he finds are prohibited noxious weed seed, as defined in this chapter.

(d) A list of those noxious weed seed which are not classified as prohibited noxious weed seed, and which, therefore, are classed by this chapter as restricted noxious weed seed.

(e) A list of seed-certifying agencies which he finds qualified to certify as to the variety, purity, quality, or other matter of agricultural or vegetable seed. The director shall consult with the Director of the University of California Agricultural Experiment Station before approving the qualifications of any agency to certify as to variety, type, strain, or other genetic character of agricultural or vegetable seed.

(f) A list of substances, which are likely to be used for treating grain or other crop seed, that he finds and determines are toxic to human beings or animals if so used, together with an appropriate warning or caution statement for each such substance.

(g) Establish methods and procedures, upon the recommendation of the board, for the conciliation or mediation of dispute between a labeler and any person concerning the conformance with label statements as required by this chapter; provided, however, that such mediation or conciliation shall not affect any enforcement action by the director pursuant to this chapter.

(h) Establish additional labeling requirements for coated, pelleted, encapsulated, mat, tape, or any other germination medium or device used on agricultural or vegetable seed in order that the purchaser or consumer will be informed as to the actual amount of seed purchased.

SEC. 8. Section 52452 of the Food and Agricultural Code is amended to read:

52452. Except as otherwise provided in Section 52454, each container of agricultural seed which is for sale or sold within this state for sowing purposes, unless the sale is an occasional sale of seed grain

by the producer of the seed grain to his neighbor for use by the purchaser within the county of production, shall bear upon it or have attached to it in a conspicuous place a plainly written or printed label or tag in the English language, which gives all of the following information:

(a) Commonly accepted name of the kind, kind and variety, or kind and type of each agricultural seed component in excess of 5 percent of the whole, and the percentage by weight of each. If the aggregate of agricultural seed components, each present in an amount not exceeding 5 percent of the whole, exceeds 10 percent of the whole, each component in excess of 1 percent of the whole shall be named together with the percentage by weight of each. If more than one component is required to be named, the names of all components shall be shown in letters of the same type and size.

(b) Lot number or other lot identification.

(c) Percentage by weight of all weed seeds.

(d) The name and approximate number of each kind of restricted noxious weed seed per pound.

(e) Percentage by weight of any agricultural seed except that which is required to be named on the label.

(f) Percentage by weight of inert matter. If a percentage by weight is required to be shown by any provision of this section such percentage shall be exclusive of any substance which is added to the seed as a coating and shown on the label as such.

(g) For each agricultural seed, in excess of 5 percent of the whole, stated in accordance with subdivision (a) of this section, the percentage of germination, exclusive of hard seed; the percentage of hard seed, if present; and the calendar month and year the test was completed to determine such percentages. Following the statement of such percentages, the additional statement "total germination and hard seed" may be stated as such, if desired.

(h) Name and address of the person that labeled the seed, or of the person that sells the seed within this state.

All determinations of noxious weed seeds are subject to tolerances and methods of determination which are prescribed in the regulations which are adopted pursuant to this chapter.

SEC. 9. Section 52482 of the Food and Agricultural Code is amended to read:

52482. Except as otherwise provided in Section 52486, it is unlawful for any person to ship, deliver, transport, or sell any agricultural or vegetable seed within this state which is within any of the following classes:

(a) Is not labeled in accordance with the provisions of this chapter. This subdivision does not, however, apply to any seed which is described in Section 52451.

(b) Contains prohibited noxious weed seed, subject to tolerances and methods of determination prescribed in the regulations which are adopted pursuant to this chapter. This subdivision does not, however, apply to any of the seed which is described in subdivisions

(a) or (b) of Section 52451.

(c) Has a false or misleading labeling, or pertaining to which there has been a false or misleading advertisement.

(d) Is represented to be certified seed or registered seed, unless it has been produced and labeled in accordance with the procedures and in compliance with the rules and regulations of a seed-certifying agency which is officially recognized under the provisions of this chapter, if produced in this state, or under the provisions of the Federal Seed Act (7 U.S.C., Sec. 1551, et seq.) and rules and regulations which are adopted pursuant to such act, if produced outside of this state.

(f) To sell, by variety name, seed not certified by an official seed certifying agency when it is a variety for which a certificate of plant variety protection under the United States Plant Variety Protection Act (84 Stats 1542; 7 U.S.C. Sec. 2321, et seq.) specifies sale only as a class of certified seed, except that seed from a certified lot may be labeled as to variety name when used in a mixture by, or with the written approval of the owner of the variety.

SEC. 10. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be an appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local governmental entities and school districts which, in the aggregate, do not result in significant identifiable cost changes.

CHAPTER 329

An act to add Sections 6538.5, 7700.5, 8828.5, 30243.5, and 32313 to the Revenue and Taxation Code, relating to taxation.

[Approved by Governor August 17, 1977. Filed with Secretary of State August 18, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 6538.5 is added to the Revenue and Taxation Code, to read:

6538.5. In accordance with such rules and regulations as the board may prescribe, the person against whom a jeopardy determination is made may apply for an administrative hearing for one or more of the following purposes:

(a) To establish that the determination is excessive; or

(b) To establish that the sale of property that may be seized after

issuance of the jeopardy determination or any part thereof shall be delayed pending the administrative hearing because the sale would result in irreparable injury to the person; or

(c) To request the release of all or a part of the property to the person; or

(d) To request a stay of collection activities.

The application shall be filed within 30 days after service of the notice of jeopardy determination and shall be in writing and state the specific factual and legal grounds upon which it is founded. No security need be posted to file the application and to obtain this hearing. However, if the person does not deposit within the 10-day period prescribed in Section 6538, such security as the board may deem necessary to ensure compliance with this part, the filing of the application shall not operate as a stay of collection activities, except sale of property seized after issuance of the jeopardy determination. Upon a showing of good cause for failure to file a timely application for administrative hearing, the board may allow a filing of the application and grant the person an administrative hearing. The filing of an application pursuant to this section shall not affect provisions of Section 6537 relating to the finality date of the determination or to penalty or interest.

SEC. 2. Section 7700.5 is added to the Revenue and Taxation Code, to read:

7700.5 In accordance with such rules and regulations as the board may prescribe, the person against whom a jeopardy determination is made may apply for an administrative hearing for one or more of the following purposes:

(a) To establish that the determination is excessive; or

(b) To establish that the sale of property that may be seized after issuance of the jeopardy determination or any part thereof shall be delayed pending the administrative hearing because the sale would result in irreparable injury to the person; or

(c) To request the release of all or a part of the property to the person; or

(d) To request a stay of collection activities.

The application shall be filed within 30 days after service of the notice of jeopardy determination and shall be in writing and state the specific factual and legal grounds upon which it is founded. No security need be posted to file the application and to obtain this hearing. However, if the person does not deposit within the 10-day period prescribed in Section 7700, such security as the board may deem necessary to ensure compliance with this part, the filing of the application shall not operate as a stay of collection activities, except sale of property seized after issuance of the jeopardy determination. Upon a showing of good cause for failure to file a timely application for administrative hearing, the board may allow a filing of the application and grant the person an administrative hearing. The filing of an application pursuant to this section shall not affect provisions of Section 7699 relating to the finality date of the

determination or to penalty or interest.

SEC. 3. Section 8828.5 is added to the Revenue and Taxation Code, to read:

8828.5. In accordance with such rules and regulations as the board may prescribe, the person against whom a jeopardy determination is made may apply for an administrative hearing for one or more of the following purposes:

(a) To establish that the determination is excessive; or

(b) To establish that the sale of property that may be seized after issuance of the jeopardy determination or any part thereof shall be delayed pending the administrative hearing because the sale would result in irreparable injury to the person; or

(c) To request the release of all or a part of the property to the person; or

(d) To request a stay of collection activities.

The application shall be filed within 30 days after service of the notice of jeopardy determination and shall be in writing and state the specific factual and legal grounds upon which it is founded. No security need be posted to file the application and to obtain this hearing. However, if the person does not deposit within the 10-day period prescribed in Section 8828, such security as the board may deem necessary to ensure compliance with this part, the filing of the application shall not operate as a stay of collection activities, except sale of property seized after issuance of the jeopardy determination. Upon a showing of good cause for failure to file a timely application for administrative hearing, the board may allow a filing of the application and grant the person an administrative hearing. The filing of an application pursuant to this section shall not affect provisions of Section 8827 relating to the finality date of the determination or to penalty or interest.

SEC. 4. Section 30243.5 is added to the Revenue and Taxation Code, to read:

30243.5. In accordance with such rules and regulations as the board may prescribe, the person against whom a jeopardy determination is made may apply for an administrative hearing for one or more of the following purposes:

(a) To establish that the determination is excessive; or

(b) To establish that the sale of property that may be seized after issuance of the jeopardy determination or any part thereof shall be delayed pending the administrative hearing because the sale would result in irreparable injury to the person; or

(c) To request the release of all or a part of the property to the person; or

(d) To request a stay of collection activities.

The application shall be filed within 30 days after service of the notice of jeopardy determination and shall be in writing and state the specific factual and legal grounds upon which it is founded. No security need be posted to file the application and to obtain this hearing. However, if the person does not deposit within the 10-day

period prescribed in Section 30243, such security as the board may deem necessary to ensure compliance with this part, the filing of the application shall not operate as a stay of collection activities, except sale of property seized after issuance of the jeopardy determination. Upon a showing of good cause for failure to file a timely application for administrative hearing, the board may allow a filing of the application and grant the person an administrative hearing. The filing of an application pursuant to this section shall not affect provisions of Section 30242 relating to the finality date of the determination or to penalty or interest.

SEC. 5. Section 32313 is added to the Revenue and Taxation Code, to read:

32313. In accordance with such rules and regulations as the board may prescribe, the person against whom a jeopardy determination is made may apply for an administrative hearing for one or more of the following purposes:

(a) To establish that the determination is excessive; or

(b) To establish that the sale of property that may be seized after issuance of the jeopardy determination or any part thereof shall be delayed pending the administrative hearing because the sale would result in irreparable injury to the person; or

(c) To request the release of all or a part of the property to the person; or

(d) To request a stay of collection activities. The application shall be filed within 30 days after service of the notice of jeopardy determination and shall be in writing and state the specific factual and legal grounds upon which it is founded. No security need be posted to file the application and to obtain this hearing. In cases where a married woman has conveyed, or shall hereafter convey, real property which she acquired prior to May 19, 1889, the husband, or his heirs or assigns, of such married woman, shall be barred from commencing or maintaining any action to show that the real property was community property, or to recover the real property from and after one year from the filing for record in the recorder's office of such conveyances, respectively.

68520.5. (a) The Judicial Council shall provide by rule for the maintenance of records as described in subdivision (c), which shall be filed with the council by each official reporter and official reporter pro tempore of any court located in San Benito County. Such records shall be inspected and audited by the Judicial Council.

(b) The Judicial Council shall submit an annual report to the board of supervisors of any such county and to the Legislature summarizing the information contained in the records.

(c) Each such annual report shall include the following information relative to the official court reporters of the county:

(1) The quantity and types of transcripts prepared by the official reporters and official reporters pro tempore during the reporting period.

(2) The fees charged and the fees collected for such transcripts.

During the hours which the court is open for the transaction of judicial business, official reporters shall devote full time to the performance of the duties required of them by law and shall not engage in or solicit to engage in any other employment in their professional capacity.

SEC. 3. Section 70054.7 is added to the Government Code, to read:

70054.7. Notwithstanding the provisions of Sections 70053 and 70054, in a county with a population of over 18,000 and under 19,500 as determined by the 1970 federal census:

(1) Where Section 26821 requires such party or parties to pay the county clerk a fee for the filing of the first paper in a civil action or in a special proceeding, except in an appeal from an inferior court.

(2) Where Sections 26822 to 26825, inclusive, require such party or parties to pay the county clerk a fee for filing papers transmitted from another court on the transfer of a civil action or special proceeding from another court, except in an appeal from an inferior court.

(3) Where Section 26826 requires the party or parties to pay the clerk a fee on the appearance in a civil action or special proceeding of a defendant, intervenor, respondent, correspondent, or adverse party, except in an appeal from an inferior court.

(4) Where Section 26827 requires such party or parties to pay the county clerk a fee for the filing of a petition or other paper in a probate, guardianship, conservatorship, or other proceeding specified in that section.

(d) All fees paid under this section shall be taxed as costs.

SEC. 4. The Legislature hereby finds and declares that, in view of

its constitutionally delegated responsibility of setting salaries for court reporters, it is necessary to obtain information regarding the total compensation paid to court reporters from all sources so as to allow proper evaluation of legislative proposals relating to court reporters' salaries on an ongoing basis.

Such legislative proposals are not made on a uniform, statewide basis, but on a county-by-county basis. Therefore, it is necessary to monitor the compensation provided court reporters on an individual county basis reflecting the periodic legislative proposals which are made for specific counties. Accordingly, this legislation affecting San Benito County is necessary to permit the Legislature to carry out its constitutionally delegated responsibility of setting court reporters' salaries in this county in view of the submitted request for an adjustment in the compensation provided to court reporters in such county.

SEC. 5. In the event that Section 68520.5 of the Government Code as it relates to San Benito County or Section 2 of this act, or the application thereof, is enjoined, restrained, or otherwise held invalid, Section 2 of this act shall be void, and to this end, Section 2 of this act and Section 68520.5 of the Government Code as it relates to San Benito County are inseverable.

SEC. 6. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be any appropriation made by this act because this act is in accordance with the request of a local governmental entity or entities which desire legislative authority to act to carry out the program specified in this act.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Full-time court reporters are urgently needed by the Superior Court of the County of San Benito to aid the court in fulfilling its duties. This urgent need will in turn produce significant additional costs to the County of San Benito. It is necessary to help defray the costs of full-time reporters as quickly as possible.

(c) "Fund" means either the State School Building Aid Fund or the State School Building Lease-Purchase Fund as specified by the board for the purposes of Section 17614 and as otherwise determined by law.

17603. For the purpose of creating a fund to provide aid to school districts of the state in accordance with the provisions of the State School Building Aid Law of 1952 and the State School Building Lease-Purchase Law of 1976, and of all acts amendatory thereof and supplementary thereto, and to provide funds to repay any money advanced or loaned to the State School Building Aid Fund or the State School Building Lease-Purchase Fund under any act of the Legislature, together with interest provided for in that act, and to be used to reimburse the General Obligation Bond Expense Revolving Fund pursuant to Section 16724.5 of the Government Code, the committee shall be and is hereby authorized and empowered to create a debt or debts, liability or liabilities, of the State of California, in the aggregate amount of three hundred fifty million dollars ($350,000,000) in the manner provided herein, but not in excess thereof.

17604. All bonds herein authorized, which shall have been duly sold and delivered as herein provided, shall constitute valid and legally binding general obligations of the State of California, and the full faith and credit of the State of California is hereby pledged for the punctual payment of both principal and interest thereof.

There shall be collected annually in the same manner and at the same time as other state revenue is collected such a sum, in addition to the ordinary revenues of the state as shall be required to pay the principal and interest on said bonds as herein provided, and it is hereby made the duty of all officers charged by law with any duty in regard to the collection of said revenue, to do and perform each and every act which shall be necessary to collect such additional sum.

On the several dates of maturity of said principal and interest in each fiscal year, there shall be transferred to the General Fund in the State Treasury, all of the money in the fund, not in excess of the principal of and interest on the said bonds then due and payable, except as herein provided for the prior redemption of said bonds, and, in the event such money so returned on said dates of maturity is less than the said principal and interest then due and payable, then the balance remaining unpaid shall be returned into the General Fund in the State Treasury out of the fund as soon thereafter as it shall become available.

17605. All money deposited in the fund (1) as annual repayments pursuant to Section 16080, or (2) as lease payments pursuant to Section 17726, or (3) pursuant to the provisions of Part 2 (commencing with Section 16300) of Division 4 of Title 2 of the Government Code, shall be available only for transfer to the General Fund, as provided in Section 17604. When transferred to the General Fund such money shall be applied as a reimbursement to the General Fund on account of principal and interest due and payable or paid from the General Fund on the earliest issue of school building bonds for which the General Fund has not been fully reimbursed by such transfer of funds.

17606. There is hereby appropriated from the General Fund in the State Treasury for the purpose of this chapter, such an amount as will equal the following:

(a) Such sum annually as will be necessary to pay the principal of and the interest on the bonds issued and sold pursuant to the provisions of this chapter as said principal and interest become due and payable.

(b) Such sum as is necessary to carry out the provisions of Section 17607, which sum is appropriated without regard to fiscal years.

17607. For the purposes of carrying out the provisions of this chapter the Director of Finance may by executive order authorize the withdrawal from the General Fund of an amount or amounts not to exceed the amount of the unsold bonds which the committee has by resolution authorized to be sold for the purpose of carrying out this chapter. Any amounts withdrawn shall be deposited in the fund to be allocated by the board in accordance with this chapter. Any moneys made available under this section to the board shall be returned by the board to the General Fund from moneys received from the sale of bonds sold for the purpose of carrying out this chapter.

17608. Upon request of the board, supported by a statement of the apportionments made and to be made pursuant to Sections 16000 to 16201, inclusive, and Chapter 22 (commencing with Section 17700) of Part 10 of Division 1 of Title 1, the committee shall determine whether or not it is necessary or desirable to issue any bonds authorized under this chapter in order to make such apportionments, and, if so, the amount of bonds then to be issued and sold. A sufficient number of bonds authorized under this chapter shall be issued and sold so that seventy-five million dollars ($75,000,000) shall be available for apportionment on July 1, 1978, and ten million dollars ($10,000,000) shall become available for apportionment on the fifth day of each month thereafter until a total of three hundred fifty million dollars ($350,000,000) has become available for apportionment. Successive issues of bonds may be authorized and sold to make such apportionments progressively, and it shall not be necessary that all of the bonds herein authorized to be issued shall be sold at any one time.

17609. In computing the net interest cost under Section 16754 of

the Government Code, interest shall be computed from the date of the bonds or the last preceding interest payment date, whichever is latest, to the respective maturity dates of the bonds then offered for sale at the coupon rate or rates specified in the bid, such computation to be made on a 360-day year basis.

17610. The committee may authorize the State Treasurer to sell all or any part of the bonds herein authorized at such time or times as may be fixed by the State Treasurer.

17611. All proceeds from the sale of the bonds herein authorized deposited in the fund, as provided in Section 16757 of the Government Code, except those derived from premium and accrued interest, shall be available for the purpose herein provided, but shall not be available for transfer to the General Fund pursuant to Section 17604 to pay principal and interest on bonds.

17612. With respect to the proceeds of bonds authorized by this chapter, all the applicable provisions of Sections 16000 to 16207, inclusive, and Sections 17700 to 17749, inclusive, shall apply.

17613. Out of the first money realized from the sale of bonds under this chapter, there shall be repaid any moneys advanced or loaned to the State School Building Aid Fund or to the State School Building Lease-Purchase Fund under any act of the Legislature, together with interest provided for in that act.

17614. Of the moneys made available by this chapter not to exceed the sum of one hundred million dollars ($100,000,000), or such amount thereof that the board may determine necessary therefor, shall be available for the purposes of Sections 16000 to 16207, inclusive, of the State School Building Aid Law of 1952, and the balance of moneys made available by this chapter shall be available for the purposes of the State School Building Lease-Purchase Law of 1976.

SEC. 5. All ballots at said election shall have printed thereon and in a square thereof, the words: "For the State School Building Aid Bond Law of 1978," and in the same square under said words the following in eight-point type: "This act provides for a bond issue of three hundred fifty million dollars ($350,000,000) to provide capital outlay for construction or improvement of public schools." Opposite the words "For the State School Building Aid Bond Law of 1978," and "Against the State School Building Aid Bond Law of 1978," there shall be left spaces in which the voters may place a cross in the manner required by law to indicate whether they vote for or against said act, and those voting for said act shall do so by placing a cross opposite the words "For the State School Building Aid Bond Law of 1978," and those voting against the said act shall do so by placing a cross opposite the words "Against the State School Building Aid Bond Law of 1978." Provided, that where the voting of said election is done by means of voting machines used pursuant to law in such manner as to carry out the intent of this section, such use of such voting machines and the expression of the voters' choice by means thereof, shall be deemed to comply with the provisions of this section.

SEC. 6. The votes cast for or against the State School Building Aid Bond Law of 1978 shall be counted, returned, and canvassed and declared in the same manner and subject to the same rules as votes cast for state officers; and if it appears that said act shall have received a majority of all the votes cast for and against it at said election as aforesaid, then the same shall have effect as hereinbefore provided, and shall be irrepealable until the principal and interest of the liabilities herein created shall be paid and discharged; but if a majority of the votes cast as aforesaid are against this act then the same shall be and become void.

CHAPTER 1. DEPARTMENT OF ECONOMIC AND BUSINESS DEVELOPMENT

Article 1. General Provisions

15310. It is hereby declared to be the finding of the Legislature that the economic well-being and continuing development of the State of California require affirmative action in the creation of the Department of Economic and Business Development.

This finding is based on the demonstrated need for a state agency to make continuing studies of the proper orderly growth of industry and economic development in this state to balance the need for environmental protection with the need for job opportunities.

This finding is also based on the need to provide information and service for visitors to California. This industry is a major employer, providing employment for large numbers of ethnic minorities and relatively unskilled workers, sectors of the work force that are particularly susceptible to unemployment during adverse economic conditions.

There is also a need for an office to serve as a clearinghouse for state interests in international trade, answering inquiries for foreign business representatives and providing a directory of California businesses and organizations interested in foreign trade.

15311. It is the intent of the Legislature that the Department of Economic and Business Development be the primary state agency responsible for promoting economic development in the state, providing service to visitors to this state and to California and foreign businessmen active in international trade. In creating this agency the primary thrust of promoting and encouraging new industry within the state and the expansion of existing industry shall be carried on by existing private and public agencies.

The department shall not duplicate the work of existing agencies, but shall supplement the work of existing agencies and provide the coordination of state economic development programs and the

preparation and dissemination of the necessary data and supporting studies of the economic potential of various industries necessary for the realization of the full economic potential of the state. Maximum use shall be made of data and analyses prepared by other state agencies.

15312. This part shall be known and may be cited as the "Holmdahl-Rains-Lockyer Economic Development Act of 1977."

Article 2. Administration

15320. There is in state government, in the Business and Transportation Agency, the Department of Economic and Business Development.

15321. The department shall be conducted under the control of an executive officer known as the Director of Economic Development, who shall be appointed by the Governor, subject to confirmation by the Senate, and hold office at the pleasure of the Governor. The director shall receive the same annual salaries provided for the positions in Section 11552 subject to the provisions of Section 11565. The Director of Economic Development shall be a well qualified and experienced practitioner in the field of economic development.

15322. The provisions of Chapter 2 (commencing with Section 11150) of Part 1 of Division 3 of Title 2 shall apply to the department, and the director is the head of the department within the meaning of such provisions.

15323. The director shall:

(a) Perform all duties, exercise all powers, discharge all responsibility, and administer and enforce all laws, rules, and regulations under the jurisdiction of the department.

(b) Keep all books and records necessary for proper and efficient administration of the department.

(c) Serve as the Governor's principal staff advisor on economic development.

Notwithstanding any other provision of law, a minor 12 years of age or older, who is alleged to have been raped, may give consent to the furnishing of hospital, medical, and surgical care related to the diagnosis or treatment of such condition, and the collection of medical evidence with regard thereto. Such consent shall not be subject to disaffirmance because of minority. The consent of the parent, parents, or legal guardian of such minor shall not be necessary to authorize such diagnosis, treatment, or collection of evidence.

CHAPTER 355

An act to amend Sections 23919 and 23921 of, and to add Sections 1300 and 23923 to, the Education Code, and to amend Sections 35046 and 72426 of the Education Code, as proposed by the 1977 Education Code Supplemental Act, relating to the State Teachers' Retirement Law and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 20, 1977. Filed with Secretary of State August 20, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 1300 is added to the Education Code, to read:

1300. (a) A county superintendent of schools may award consultancy contracts to retired certificated employees of the county superintendent of schools or a school district or community college district of the county who were employed by the county superintendent of schools or a school district or community college district of the county for at least 10 years and who are at least 55 years of age.

(b) A county superintendent of schools may enter into a contract with a retired certificated employee who has been employed by the county superintendent of schools or a school district or community college district of the county at least 10 years and who is at least 55 years of age whereby the retired employee is granted a consultancy contract with the county superintendent of schools, which contract is renewable on an annual basis for up to five years or until the retired employee reaches age 65, whichever comes first.

(c) Persons hired by a consultancy contract as authorized by this section are considered employees and are subject to the earnings limitation provided in Section 23919.

SEC. 2. Section 23919 as proposed by the 1977 Education Code Supplemental Act is amended to read:

23919. Any retirant who is retired for service may be employed by a school district or other employing agency, except as provided in

Sections 45134 and 88033, for not more than 120 days or earn more than five thousand dollars ($5,000), whichever occurs first, unless the retirant has skills needed in performing specialized work of limited duration provided that such service does not exceed a total earnings of five thousand dollars ($5,000) in any one fiscal year and the rate of pay for such employment shall not be less than the minimum, nor exceed that paid by the employer to other employees performing comparable duties. The employment does not operate to reinstate the retirant as a member of this system, or to terminate or suspend his retirement allowance, and no deduction shall be made from his salary as contributions to this system. The retirant may be reemployed only if able to pass a physical examination prescribed by the State Board of Education.

At the end of each month in which a retirant performed service for a school district or other employing agency, the employer or other authorized agency shall report to the system the retirant's name, social security number and salary regardless of the fund from which the payment was made.

A certificate from a physician or surgeon licensed under Chapter 5 (commencing with Section 2000) of Division 2 of the Business and Professions Code showing that he has submitted to and passed a physical examination within the immediately preceding 12-month period and filed with the county superintendent, or, in the case of a retirant to be employed as a substitute in a position requiring certification qualifications at the California School for the Deaf or the California School for the Blind, filed with the State Department of Education, shall be conclusive evidence of his passing the physical examination required by this section.

SEC. 3. Section 23921 as proposed by the 1977 Education Code Supplemental Act is amended to read:

23921. Effective July 1, 1972, a retirant receiving a disability retirement which was effective prior to July 1, 1972, may be employed by a school district or other employing agency for not more than 120 days or earn more than five thousand dollars ($5,000), whichever occurs first, unless the retirant has skills needed in performing specialized work of limited duration provided that such service does not exceed a total earnings of five thousand dollars ($5,000) in any one fiscal year and the rate of pay for such employment shall not be less than the minimum, nor exceed that paid by the employer to other employees performing comparable duties. The employment does not operate to terminate or suspend his disability retirement allowance except as provided in Sections 23906 and 23908 and no deductions shall be made from his salary as contributions to this system.

SEC. 4. Section 23923 is added to the Education Code, to read:

23923. Retirants who earn more than the amounts allowed in Sections 23919 or 23921 shall be reinstated to membership in the system as follows:

(a) A retirant in the first year of retirement and otherwise

ineligible for reinstatement shall be reinstated automatically to membership one year after the effective date of retirement; however, the retirement allowance shall be terminated on the first day of the month following the month in which earnings under Section 23919 or 23921 exceeded the allowable amount.

(b) A retirant in the second or subsequent year of retirement shall be reinstated automatically to membership on the first day of the month following the month in which earnings under Section 23919 or 23921 exceeded the allowable amounts.

SEC. 5. Section 35046 of the Education Code, as proposed by the 1977 Education Code Supplemental Act, is amended to read:

35046. (a) The governing board of a school district may award consultancy contracts to retired certificated employees of the school district or of the county superintendent of schools who have been employed by the school district or by the county superintendent of schools for at least 10 years and who are at least 55 years of age.

(b) The governing board of a school district may enter into a contract with a retired certificated employee who has been employed by the school district or by the county superintendent of schools at least 10 years and who is at least 55 years of age whereby the retired employee is granted a consultancy contract with the school district, which contract is renewable on an annual basis for up to five years or until the retired employee reaches age 65, whichever comes first.

(c) Persons hired by a consultancy contract as authorized by this section are considered employees and are subject to the earnings limitation provided in Section 23919.

SEC. 6. Section 72426 of the Education Code, as proposed by the 1977 Education Code Supplemental Act, is amended to read:

72426. (a) The governing board of a community college district may award consultancy contracts to retired certificated employees of the community college district or of the county superintendent of schools who have been employed by the community college district or by the county superintendent of schools for at least 10 years and who are at least 55 years of age.

(b) The governing board of a community college district may enter into a contract with a retired certificated employee who has been employed by the community college district or by the county superintendent of schools at least 10 years and who is at least 55 years of age whereby the retired employee is granted a consultancy contract with the community college district, which contract is renewable on an annual basis for up to five years or until the retired employee reaches age 65, whichever comes first.

(c) Persons hired by a consultancy contract as authorized by this section are considered employees and are subject to the earnings limitation provided in Section 23919.

SEC. 7. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into

immediate effect. The facts constituting such necessity are:

In order to ensure that retirants of the State Teachers' Retirement System are truly retired from certificated or other employment in a school district or other employing agency which is subject to the State Teachers' Retirement Law and that any authorized employment after retirement be limited to part-time and substitute service as clearly intended by original enabling legislation, this act must take effect immediately.

CHAPTER 356

An act making an appropriation to pay the claim of the Otay Municipal Water District.

[Approved by Governor August 20, 1977. Filed with Secretary of State August 20, 1977.]

The people of the State of California do enact as follows:

SECTION 1. The sum of two hundred thirty-eight thousand two hundred fifty-six dollars ($238,256), or so much thereof as is necessary, is hereby appropriated from the General Fund for disbursement, without regard to fiscal years, by the State Board of Control to the Otay Municipal Water District in reimbursement and satisfaction of the district's costs of debt service in connection with general obligation bonds issued by the district for the completion of a water system on Otay Mesa.

CHAPTER 357

An act to amend Section 31520.1 of the Government Code, relating to the County Employees Retirement Law of 1937.

[Approved by Governor August 20, 1977. Filed with Secretary of State August 20, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 31520.1 of the Government Code is amended to read:

31520.1. In any county subject to the provisions of Articles 6.8 (commencing with Section 31639) and 7.5 (commencing with Section 31662.2), the board of retirement shall consist of nine members and one alternate, one of whom shall be the county treasurer. The second and third members of the board shall be members of the association, other than safety members, elected by such members within 30 days after the retirement system becomes

operative in a manner determined by the board of supervisors. The fourth, fifth, sixth, and ninth members shall be qualified electors of the county who are not connected with the county government in any capacity, except one may be a supervisor, and shall be appointed by the board of supervisors. A supervisor appointed as a member of the retirement board shall not serve beyond his term of office as supervisor. The seventh member shall be a safety member of the association elected by the safety members. The eighth member shall be a retired member elected by the retired members of the association in a manner to be determined by the board of supervisors. The alternate member shall be that candidate, if any, for the seventh member from the group under Section 31470.2 or 31470.4, which is not represented by a board member who received the highest number of votes of all candidates in that group. If there is no such candidate there shall be no alternate member. The first person chosen as the second and fourth members shall serve for a term of two years beginning with the date the system becomes operative, the third and fifth members shall serve for a term of three years beginning with that date, and the sixth, seventh and alternate members shall serve for a term of two years beginning January 1, 1952, or the date on which a retirement system established by this chapter becomes operative, whichever is the later. The eighth and ninth members shall take office as soon as practicable for an initial term to expire concurrent with the expiration of the longest remaining term of an elected member. Thereafter the terms of office of the elected and appointed members and alternate are three years.

The alternate member provided for by this section shall vote as a member of the board only in the event the second, third, seventh, or eighth member is absent from a board meeting for any cause, or if there is a vacancy with respect to the second, third, seventh, or eighth member, the alternate member shall fill such vacancy until a successor qualifies. The alternate shall sit on the board in place of the seventh member when a member of the same service is before the board for determination of his retirement.

The amendments to this section during the 1972 Regular Session shall not be construed to affect the continuation on the board of retired members appointed by board of supervisors until the expiration of the term for which they were appointed.

CHAPTER 358

An act to amend Section 1203.2 of the Penal Code, relating to probation.

[Approved by Governor August 20, 1977. Filed with Secretary of State August 20, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 1203.2 of the Penal Code is amended to read:

1203.2. (a) At any time during the probationary period of a person released on probation under the care of a probation officer pursuant to this chapter, any probation or peace officer may, without warrant or other process and at any time until the final disposition of the case, rearrest the person and bring him before the court or the court may, in its discretion, issue a warrant for his rearrest. Upon such rearrest, or upon the issuance of a warrant for rearrest the court may revoke and terminate such probation if the interests of justice so require and the court, in its judgment, has reason to believe from the report of the probation officer or otherwise that the person has violated any of the conditions of his probation, has become abandoned to improper associates or a vicious life, or has subsequently committed other offenses, regardless whether he has been prosecuted for such offenses. Such revocation, summary or otherwise, shall serve to toll the running of the probationary period.

(b) Upon its own motion or upon the petition of the probationer or the district attorney of the county in which the probationer is supervised, the court may modify, revoke, or terminate the probation of the probationer pursuant to this subdivision. The court shall give notice of its motion, and the district attorney shall give notice of his petition to the probationer, his attorney of record, and the probation officer; the probationer shall give notice of his petition to the probation officer; and notice of any such motion or petition shall be given to the district attorney in all cases. The court shall refer its motion or the petition to the probation officer. After the receipt of a written report from the probation officer, the court shall read and consider the report and either its motion or the petition and may modify, revoke, or terminate the probation of the probationer upon the grounds set forth in subdivision (a) if the interests of justice so require.

The notice required by this subdivision may be given to the probationer upon his first court appearance in such proceeding. Upon the agreement by the probationer in writing to the specific terms of a modification or termination of a specific term of probation, any requirement that the probationer make a personal appearance in court for the purpose of such modification or termination shall be waived. Prior to such modification or termination and waiver of appearance, the probationer shall be informed of his right to consult with counsel, and if indigent the right to secure court appointed counsel. If the probationer waives his right to counsel a written waiver shall be required. If probationer consults with counsel and thereafter agrees to a modification or termination of the term of probation and waiver of personal appearance, such agreement shall be signed by counsel showing approval for such modification or termination and waiver.

(c) Upon any revocation and termination of probation the court may, if the sentence has been suspended, pronounce judgment for any time within the longest period for which the person might have

been sentenced. However, if the judgment has been pronounced and the execution thereof has been suspended, the court may revoke such suspension and order that the judgment shall be in full force and effect. In either case, the person shall be delivered over to the proper officer to serve his sentence, less any credits herein provided for.

(d) In any case of revocation and termination of probation, including, but not limited to, cases in which the judgment has been pronounced and the execution thereof has been suspended, upon such revocation and termination, the court may, in lieu of any other sentence, commit the person to the Department of the Youth Authority if he is otherwise eligible for such commitment.

(e) If probation has been revoked before the judgment has been pronounced, the order revoking probation may be set aside for good cause upon motion made before pronouncement of judgment. If probation has been revoked after the judgment has been pronounced, the judgment and the order which revoked the probation may be set aside for good cause within 30 days after the court has notice that the execution of the sentence has commenced. If an order setting aside the judgment, the revocation of probation, or both is made after the expiration of the probationary period, the court may again place the person on probation for such period and with such terms and conditions as it could have done immediately following conviction.

CHAPTER 359

An act to add Article 8.5 (commencing with Section 423) to Chapter 2 of Division 1 of the Health and Safety Code, relating to health.

[Approved by Governor August 20, 1977. Filed with Secretary of State August 20, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Article 8.5 (commencing with Section 423) is added to Chapter 2 of Division 1 of the Health and Safety Code, to read:

Article 8.5. High Blood Pressure Control

423. The Legislature finds and declares that high blood pressure, also known as hypertension, is a widespread and serious public health problem in California. This condition, when untreated, is a major contributor to heart disease, stroke, kidney disease, and related cardiovascular morbidity and mortality. Although high blood pressure can be effectively controlled through the use of now well established antihypertensive drugs, such treatment is not always adequately utilized.

It is estimated that there are two million adults in California who have high blood pressure. It is further estimated, based on national data, that no more than 71 percent of all adult Californians with high blood pressure are aware of their condition, and that of those who are aware, only 40 percent are being effectively treated. Thus, of some two million California adults with high blood pressure, only about 568,000 have their condition adequately controlled. Unless the problem of uncontrolled high blood pressure among some 1,432,000 adults is promptly addressed, many of these individuals will experience preventable serious illness, disability and death. In addition, the state will continue to face unnecessary medical and welfare costs resulting from high blood pressure and its resulting effects. Consequently, it is necessary to provide for expanded statewide efforts, interface with relevant federal legislation, establish and maintain appropriate guidelines, and enhance high blood pressure control activities at the community level. Coordination of local and state efforts in the planning, implementation, and evaluation of high blood pressure control activities is required, in order to improve allocations and utilization of resources to control high blood pressure in the states population.

423.1. The State Department of Health shall conduct a program for the control of high blood pressure. The program shall include, but not be limited to, the following:

(a) Support of local community high blood pressure control programs to improve the quality and distribution of high blood pressure control services.

(b) Promotion of consumer participation in high blood pressure control efforts.

(c) Statewide coordination of high blood pressure control activities.

(d) Planning, including development, adoption, periodic review and revision of a state plan for high blood pressure control; and assistance to local agencies in their planning efforts.

(e) Gathering, analysis, and dissemination of epidemiologic data and information on high blood pressure and its resulting effects, and support of high blood pressure research.

(f) Development and maintenance of a clearinghouse for high blood pressure information, materials and services.

(g) Promotion of local and regional councils on high blood pressure control.

(h) Evaluation of high blood pressure control efforts.

(i) Education of patients, health professionals, and the general public.

423.2. Local community high blood pressure control programs may include, in the following priority, any or all of the following program components:

(a) Screening.

(b) Detection.

(c) Referral and followup.

(d) Diagnostic evaluation.
(e) Adherence management.
(f) Dropout retrieval.
(g) Patient education.
(h) Public education.
(i) Provider education.
(j) Such other components consistent with applicable federal program requirements as the state department may deem desirable in controlling high blood pressure and which are reflected in the state plan for high blood pressure control.

423.3. The state department may enter into contracts with local public and private nonprofit agencies for the purpose of operating community high blood pressure control programs.

423.4. The state department shall establish standards for applications for funding, review of proposals, funding awards, technical assistance, monitoring, and evaluation of local programs as it may deem necessary for the implementation of this article.

423.5. No services provided pursuant to this article shall substitute for other obligations of a unit of local government, including those required by state law.

Funds appropriated to carry out the purposes of this article shall be supplemental to those available from the federal government and shall not duplicate, nor shall they replace, any commitments made by the federal government to support high blood pressure control, including any formula allocations for which California would be eligible whether or not this article is enacted into law.

423.6. Local community high blood pressure control programs funded pursuant to this article shall make maximum use of third party payments and other local resources to support their efforts.

423.7. The state department may receive and expend funds for high blood pressure control pursuant to this article from federal and other available sources and may use such funds, along with available state funds, to support a unified high blood pressure control program.

423.8. The Auditor General shall evaluate the high blood pressure control program conducted under this article after 18 months of operation.

423.9. It is the intent of the Legislature that the department shall utilize available federal funds for carrying out the purposes of this article.

CHAPTER 360

An act to amend Section 5500.5 of the Labor Code, relating to workers' compensation insurance.

[Approved by Governor August 20, 1977. Filed with Secretary of State August 20, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 5500.5 of the Labor Code is amended to read:

5500.5. (a) Except as otherwise provided in Section 5500.6, liability for occupational disease or cumulative injury claims filed or asserted on or after January 1, 1978, shall be limited to those employers who employed the employee during a period of four years immediately preceding either the date of injury, as determined pursuant to Section 5412, or the last date on which the employee was employed in an occupation exposing him to the hazards of such occupational disease or cumulative injury, whichever occurs first. Commencing January 1, 1979, and thereafter on the first day of January for each of the next two years, the liability period for occupational disease or cumulative injury shall be decreased by one year so that liability is limited in the following manner:

For claims filed or asserted on or after:	The period shall be:
January 1, 1979	three years
January 1, 1980	two years
January 1, 1981 and thereafter	one year

In the event that none of the employers during the above referenced periods of occupational disease or cumulative injury are insured for workers' compensation coverage or an approved alternative thereof, liability shall be imposed upon the last year of employment exposing the employee to the hazards of such occupational disease or cumulative injury for which an employer is insured for workers' compensation coverage or an approved alternative thereof.

Any employer held liable for workers' compensation benefits as a result of another employer's failure to secure the payment of compensation as required by this division shall be entitled to reimbursement from the employers who were unlawfully uninsured during the last year of the employee's employment, and shall be subrogated to the rights granted to the employee against the unlawfully uninsured employers under the provisions of Article 1 (commencing with Section 3700) of Chapter 4 of Part 1 of Division 4 of the Labor Code.

If, based upon all the evidence presented, the appeals board or referee finds the existence of cumulative injury or occupational disease, liability for such cumulative injury or occupational disease shall not be apportioned to prior or subsequent years; however, in determining such liability, evidence of disability due to specific injury, disability due to nonindustrial causes, or disability previously compensated for by way of a findings and award or order approving compromise and release, or a voluntary payment of disability, may be admissible for purposes of apportionment.

(b) Where a claim for compensation benefits is made on account

of an occupational disease or cumulative injury which may have arisen out of more than one employment, the application shall state the names and addresses of all employers liable under subdivision (a), the places of employment, and the approximate periods of employment where the employee was exposed to the hazards of the occupational disease or cumulative injury. If the application is not so prepared or omits necessary and proper employers, any interested party, at or prior to the first hearing, may request the appeals board to join as defendant any necessary or proper party. If such request is made prior to the first hearing on the application, the appeals board shall forthwith join the employer as a party defendant and cause a copy of the application together with a notice of the time and place of hearing to be served upon such omitted employer; provided, such notice can be given within the time specified in this division. If such notice cannot be timely given or if the motion for joinder is made at the time of the first hearing, then the appeals board or referee before whom the hearing is held, if it is found that the omitted employer named is a necessary or proper party, may order a joinder of such party and continue the hearing so that proper notice may be given to the party or parties so joined. Only one continuance shall be allowed for the purpose of joining additional parties. Subsequent to the first hearing the appeals board shall join as a party defendant any additional employer when it appears that such employer is a proper party, but the liability of such employer shall not be determined until supplemental proceedings are instituted.

(c) In any case involving a claim of occupational disease or cumulative injury occurring as a result of more than one employment within the appropriate time period set forth in subdivision (a), the employee making the claim, or his dependents, may elect to proceed against any one or more of such employers. Where such an election is made, the employee must successfully prove his claim against any one of the employers named, and any award which the appeals board shall issue awarding compensation benefits shall be a joint and several award as against any two or more employers who may be held liable for compensation benefits. If, during the pendency of any claim wherein the employee or his dependents has made an election to proceed against one or more employers, it should appear that there is another proper party not yet joined, such additional party shall be joined as a defendant by the appeals board on the motion of any party in interest, but the liability of such employer shall not be determined until supplemental proceedings are instituted. Any employer joined as a defendant subsequent to the first hearing or subsequent to the election provided herein shall not be entitled to participate in any of the proceedings prior to the appeal board's final decision, nor to any continuance or further proceedings, but may be permitted to ascertain from the employee or his dependents such information as will enable the employer to determine the time, place, and duration of the alleged employment. On supplemental proceedings, however,

the right of the employer to full and complete examination or cross-examination shall not be restricted.

(d) (1) In the event a self-insured employer which owns and operates a work location in the State of California, sells or has sold the ownership and operation of such work location pursuant to a sale of a business or all or part of the assets of a business to another self-insured person or entity after January 1, 1974, but before January 1, 1978, and all the requirements of clauses (i) to (iv), inclusive, exist, then the liability of the employer-seller and employer-buyer, respectively, for cumulative injuries suffered by employees employed at such work location immediately before such sale shall, until January 1, 1986, be governed by the provisions of this section which were in effect on the date of such sale.

(i) The sale constitutes a material change in ownership of such work location.

(ii) The person or entity making the purchase continues the operation of the work location.

(iii) Such person or entity becomes the employer of substantially all of the employees of the employer-seller.

(iv) The agreement of sale makes no special provision for the allocation of liabilities for workers' compensation between the buyer and the seller.

(2) For purposes of this subdivision:

(i) "Work location" shall mean any fixed place of business, office, or plant where employees regularly work in the trade or business of the employer.

(ii) A "material change in ownership" shall mean a change in ownership whereby the employer-seller does not retain, directly or indirectly, through one or more corporate entities, associations, trusts, partnerships, joint ventures, or family members, a controlling interest in the work location.

(3) This subdivision shall have no force or effect on or after January 1, 1986, unless otherwise extended by the Legislature prior to that date, and it shall not have any force or effect as respects an employee who, subsequent to such sale described in paragraph (1) and prior to the date of his or her application for compensation benefits has been filed, is transferred to a different work location by the employer-buyer.

(4) If any provision of this subdivision or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of this subdivision which can be given effect without the invalid provision or application, and to this end the provisions of this subdivision are severable.

(e) At any time within one year after the appeals board has made an award for compensation benefits in connection with an occupational disease or cumulative injury, any employer held liable under such award may institute proceedings before the appeals board for the purpose of determining an apportionment of liability or right of contribution. Such a proceeding shall not diminish,

restrict, or alter in any way the recovery previously allowed the employee or his dependents, but shall be limited to a determination of the respective contribution rights, interest or liabilities of all the employers joined in the proceeding, either initially or supplementally; provided, however, if the appeals board finds on supplemental proceedings for the purpose of determining an apportionment of liability or of a right of contribution that an employer previously held liable in fact has no liability, it may dismiss such employer and amend its original award in such manner as may be required.

(f) In any proceeding before the appeals board for the purpose of determining an apportionment of liability or of a right of contribution where any employee incurred a disability or death resulting from silicosis in underground metal mining operations, the determination of the respective rights and interests of all of the employers joined in the proceedings either initially or supplementally shall be as follows:

(1) All employers whose underground metal mining operations resulted in a silicotic exposure during the period of the employee's employment in such operations shall be jointly and severally liable for the payment of compensation and of medical, surgical, legal and hospital expense which may be awarded to the employee or his estate or dependents as the result of disability or death resulting from or aggravated by such exposure.

(2) In making its determination in the supplemental proceeding for the purpose of determining an apportionment of liability or of a right of contribution of percentage liabilities of the various employers engaged in underground metal mining operations the appeals board shall consider as a rebuttal presumption that employment in underground work in any mine for a continuous period of more than three calendar months will result in a silicotic exposure for the employee so employed during the period of employment if the underground metal mine was driven or sunk in rock having a composition which will result in dissemination of silica or silicotic dust particles when drilled, blasted or transported.

(g) Any employer shall be entitled to rebut such presumption by showing to the satisfaction of the appeals board, or its referee, that the mining methods used by the employer in the employee's place of employment did not result during his employment in the creation of silica dust in sufficient amount or concentration to constitute a silicotic hazard. Dust counts, competently made, at such intervals and in such locations as meet the requirements of the Division of Industrial Safety for safe working conditions may be received as evidence of the amount and concentration of silica dust in the workings where such counts have been made at the time when they were made. The appeals board may from time to time, as its experience may indicate proper, promulgate orders as to the frequency with which such dust counts shall be taken in different types of workings in order to justify their acceptance as evidence of

the existence or nonexistence of a silicotic hazard in the property where they have been taken.

(h) The amendments to this section adopted at the 1959 Regular Session of the Legislature shall operate retroactively, and shall apply retrospectively to any cases pending before the appeals board or courts. From and after the date this section becomes effective no payment shall be made out of the fund used for payment of the additional compensation provided for in Section 4751, or out of any other state funds, in satisfaction of any liability heretofore incurred or hereafter incurred, except awards which have become final without regard to the continuing jurisdiction of the appeals board on said effective date, and the state and its funds shall be without liability therefor. This subdivision shall not in any way effect a reduction in any benefit conferred or which may be conferred upon any injured employee or his dependents.

(i) The amendments to this section adopted at the 1977 Regular Session of the Legislature shall apply to any claims for benefits under this division which are filed or asserted on or after January 1, 1978, unless otherwise specified in this section.

CHAPTER 361

An act to amend Section 10854 of the Revenue and Taxation Code, and to amend Section 9554 of the Vehicle Code, relating to vehicles, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 20, 1977. Filed with Secretary of State August 20, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 10854 of the Revenue and Taxation Code is amended to read:

10854. (a) If the fee for an original registration is not paid within 20 days after it becomes delinquent, a penalty equal to 20 percent of the fee shall be added thereto and be collected therewith. If, however, the registration of a vehicle is being renewed, the penalty shall be added to any payment made on or after the first day following the expiration date, unless the vehicle has not been operated, moved, or left standing upon the highways since the expiration of the prior registration.

(b) A penalty of 20 percent of the license fee shall be added on any application for original or renewal of year-round or annual registration made later than midnight of the date of expiration or on or after the date penalties become due. Such penalty shall be computed after the vehicle license fee has been combined with the registration and weight fees as provided in Sections 9250 and 9400 of the Vehicle Code.

(c) In computing the penalty for the 1976 registration year as prescribed in subdivisions (a) and (b) of this section, no penalty shall be charged on that portion of the fee which is in excess of a 12-month registration period.

(d) Notwithstanding subdivision (a) of this section, any penalty which became due prior to January 1, 1978, shall be computed at the rate of penalty which was then in effect.

SEC. 2. Section 9554 of the Vehicle Code is amended to read:

(a) The penalty shall be equal to 20 percent of the fee after the fee has been computed as provided in Sections 9406 and 9559 and shall be collected therewith, except that the penalty for deliquency in respect to any transfer shall be three dollars ($3), and shall apply only to the last transfer.

(b) A penalty of 20 percent of the registration and weight fees shall be added on any application for original or renewal of year-round or annual registration made later than midnight of the date of expiration or on or after the date penalties become due. Such penalty shall be computed after the registration and weight fees have been combined with the license fee specified in Section 10751 of the Revenue and Taxation Code.

(c) In computing the penalty for the 1976 registration year as prescribed in subdivisions (a) and (b) of this section, no penalty shall be charged on that portion of the fee which is in excess of a 12-month registration period.

(d) Notwithstanding subdivision (a) of this section, any penalty which became due prior to January 1, 1978, shall be computed at the rate of penalty which was then in effect.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that this situation may be improved at the earliest possible time, it is necessary that this act take effect immediately.

The people of the State of California do enact as follows:

SECTION 1. Section 35120 of the Education Code is amended to read:

35120. (a) In any school district in which the average daily attendance for the school year 1963–1964 exceeded 400,000, each member of the city board of education or the governing board of the district who actually attends all meetings held may receive as compensation for his services a sum not to exceed one thousand dollars ($1,000) per month. In any school district in which the average daily attendance exceeds 60,000, and which is not located in a city and county, or in any school district in which the average daily attendance exceeded 60,000 in the 1963–64 school year and was less than 60,000 in the 1972–73 school year or any subsequent school year, and which is not located in a city and county, the governing board may prescribe, as compensation for the services of each member of the board who actually attends all meetings held, a sum not to exceed seven hundred fifty dollars ($750) in any month. In any school district in which the average daily attendance for the school year 1972–1973 was less than 60,000, except a district which also comes within the terms of the preceding sentence, but more than 25,000, each member of the city board of education or the governing board of the district who actually attends all meetings held may receive as compensation for his services a sum not to exceed three hundred dollars ($300) in any month. In any school district in which the average daily attendance for the school year 1972–1973 was 25,000 or less but more than 10,000, each member of the city board of education or the governing board of the district who actually attends

all meetings held may receive as compensation for his services a sum not to exceed two hundred dollars ($200) in any month. In any school district in which the average daily attendance for the school year 1972–1973 was 10,000 or less but more than 1,000, each member of the city board of education or the governing board of the district who actually attends all meetings held may receive as compensation for his services a sum not to exceed one hundred twenty dollars ($120) in any month. In any school district in which the average daily attendance for the 1972–1973 school year was 1,000 or less but more than 150, each member of the city board of education or the governing board of the district who actually attends all meetings held may receive as compensation for his services a sum not to exceed sixty dollars ($60) in any month.

Any member who does not attend all meetings held in any month may receive, as compensation for his services, an amount not greater than the maximum amount allowed by this subdivision divided by the number of meetings held and multiplied by the number of meetings actually attended.

(b) The compensation of members of the governing board of a school district newly organized or reorganized after June 30, 1973, shall be governed by subdivision (a). For such purposes the total average daily attendance in all of the schools of the district in the school year in which the organization or reorganization became effective pursuant to Section 4062 shall be deemed to be the average daily attendance in the district for the school year 1972–73.

(c) A member may be paid for any meeting when absent if the board by resolution duly adopted and spread upon its minutes finds that at the time of the meeting he is performing services outside the meeting for the school district or districts.

(d) The compensation shall be a charge against the funds of the school district. If the city board of education or the governing board of the district is the governing board of more than one school district the compensation shall be charged against and paid by the respective school districts in the same proportion as the salary of the city superintendent of schools is charged against them. [Approved by Governor August 24, 1977. Filed with Secretary of State August 24, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 107.6 is added to the Revenue and Taxation Code, to read:

(b) Failure to comply with the requirements of this section shall not be construed to invalidate the contract. The private party may recover damages from the contracting state or local public entity, where the private party can show that without the notice, he had no actual knowledge of the existence of a possessory interest tax.

The private party is rebuttably presumed to have no such actual knowledge.

In order to show damages, the private party need not show that he would not have entered the contract but for the failure of notice.

(c) For purposes of this section:

(1) "Possessory interest" means any interest described in Section 107 and shall include any interest described in Section 107.4.

(2) "Local public entity" shall have the same meaning as that set forth in Section 900.4 of the Government Code and shall include school districts and community college districts.

Notwithstanding any other provision of this part, separate rates of contributions for male and female members shall not be established or maintained, nor shall different benefit factors be established for male and female members in the same category, provided, that this section shall not apply to the computation of the actuarial equivalents required under this part for the determination of optional payments.

The amendments to this section at the 1977–78 Regular Session of the Legislature shall be operative from January 1, 1977.

SEC. 3. Section 20601 of the Government Code is amended to read:

20601. The normal rate of contribution for a local safety member subject to Section 21252.5 who after the date upon which this section becomes operative enters such membership or enters employment more than one year following termination of previous employment in which he was such a member shall be the rate specified for his age, at his birthday nearest to the date of such entry, in the rate schedule for the benefit formula applicable to such membership as established

by the board in accordance with this chapter (commencing with Section 20600) as it read on the day preceding such operative date, and in effect on that date, except that on and after January 1, 1977, female rates shall be adjusted to conform with male rates.

The amendments to this section at the 1977–78 Regular Session of the Legislature shall be operative from January 1, 1977.

SEC. 4. Section 20602 of the Government Code is amended to read:

20602. The normal rate of contribution for any member whose retirement allowance is determined under Sections 21252.1 and 21252.10, and who after the operative date of this section enters such membership or enters employment more than one year after termination of employment in which he was subject to any of such sections or Section 21252.2, shall be the rate, specified in the schedule established by the board in accordance with this chapter as it read on the day preceding the operative date of this section, and in effect on that date for that formula and benefit percentage, for the age at his birthday nearest to the date of his earliest service subject to any of such sections, whether or not contributions for such service were withdrawn or redeposited, increased by the number of completed years of his absence from any employment subject to any of such sections, except that on and after January 1, 1977, female rates shall be adjusted to conform with male rates.

The amendments to this section at the 1977–78 Regular Session of the Legislature shall be operative from January 1, 1977.

SEC. 5. Section 21252.1 of the Government Code is amended to read:

The combined prior and current service pensions for patrol members and local safety members, other than local safety members to whom Section 21252.01, 21252.5, or 21252.6 applies, upon retirement at or after age 55 is a pension derived from contributions of the employer which, when added to that portion of the service retirement annuity that is derived from the accumulated normal contributions of the member, shall equal a percentage of his final compensation, multiplied by the number of years of patrol, fire, police, or county peace officer service, such percentage to be 2½ or, if less, the percentage obtained by division of 50 percent by the difference between age 55 and the member's age at his birthday nearest to the date of his first entry into any service to which this section, Section 21252.10, or 21252.2 of this part prior to the repeal of such sections at the 1972 Regular Session applied, whether or not such service is credited at retirement, increased, as to service following an absence from employment to which any such section applies, by the number of completed years of such absence. Any member entering such service at or after age 55 shall be deemed, for purposes of this section, to have entered such service at age 54.

Upon retirement for service prior to attaining age 55, the percentage of final compensation payable for each year of credited service which is subject to this section shall be the product of the

percentage which would become payable at age 55 or, if greater, the age at which the member would complete 20 years of service under Section 21252.1 were he to continue in employment, multiplied by the factor set forth in the following table for his actual age at retirement:

The amendment to this section at the 1968 Regular Session shall apply only to such members retiring on and after the effective date of the amendment. Current and prior service pensions of such members retired prior to the effective date shall be continued in accordance with the provisions of this part (commencing with Section 20000) as they existed on the day preceding the effective date.

This section shall not apply to any local safety member in the employ of an employer not subject to this section on the effective date of the amendment to this section at the 1971 Regular Session of the Legislature.

The amendments to this section at the 1977–78 Regular Session of the Legislature shall be operative from January 1, 1977.

SEC. 6. Section 21252.5 of the Government Code is amended to read:

21252.5. (1) 0.50 times the product of his age at retirement and his years of credited prior and current service not in excess of 20 years, plus

(2) 0.40 times the product of his age at retirement and his years of credited prior and current service in excess of 20 years.

(b) The percentage of final compensation set forth opposite his age at retirement in the following table multiplied by the number of years of credited current and prior service as a safety member in the employ of all contracting agencies subject to this section at the time of his retirement:

The temporary annuity under subdivision (a) of this section shall not be subject to the optional settlements under Article 4 of this chapter and shall be payable monthly until the retired member attains or would have attained age 65. Should his death occur prior to age 65, the commuted value of any remaining installments shall be paid to his designated beneficiary in the manner provided in Section 21332.5 for payment of death benefits under optional settlement one.

The agency's liability for prior service shall be in the same proportion to the total reserves required as the years of credited prior service bear to the total years of credited service. The agency's liability for current service shall consist of the remainder of the total reserves required after deducting the liability for prior service and the accumulated normal contributions of the member.

This section shall apply only to a contracting agency which elected prior to October 1, 1965, by express provision of its contract or amendment thereto to be subject hereto.

The amendments to this section at the 1977–78 Regular Session of the Legislature shall be operative from January 1, 1977.

SEC. 7. Section 21252.6 of the Government Code is amended to read:

21252.6. The combined prior and current service pension for a state safety member, and a local safety member with respect to service to a contracting agency subject to this section, upon

retirement after attaining age 55, is a pension derived from contributions of an employer sufficient, when added to that portion of the service retirement annuity which is derived from the accumulated normal contributions of the member at the date of his retirement, to equal one-fiftieth of his final compensation multiplied by the number of years of state safety, police, fire, or county peace officer service which is credited to him as a state safety member or a local safety member subject to this section at retirement. Notwithstanding the preceding sentence, this section shall apply to the current and prior service pension for any other state safety member based on service to which it would have applied had the member, on July 1, 1971, been in employment described in Section 20017.77 or 20017.78 of this code.

Upon retirement for service prior to attaining age 55, the percentage of final compensation payable for each year of credited service which is subject to this section shall be the product of 2 percent multiplied by the factor set forth in the following table for his actual age at retirement:

If retirement occurs at age:	The percent for each year of credited service is:
50	0.713
50¼	0.725
50½	0.737
50¾	0.749
51	0.761
51¼	0.775

53¾	0.917
54	0.933
54¼	0.950
54½	0.966
54¾	0.983

In no event shall the total pension for all service under this section exceed an amount which, when added to the service retirement annuity related to such service, equals 75 percent of final compensation. If the pension relates to service to more than one employer and would otherwise exceed such maximum, the pension payable with respect to each employer shall be reduced in the same proportion as the allowance based on service to such employer bears

to the total allowance computed as though there were no limit, so that the total of such pensions shall equal the maximum.

This section shall not apply to a person whose effective date of retirement is prior to the operative date of this section or to a person who retires after such operative date and following reinstatement from a retirement having an effective date prior to such operative date and before rendering during such reinstatement at least one year of service in which he is subject to this section.

The Legislature reserves, with respect to any member subject to this section, the right to provide for such adjustment of industrial disability retirement allowances because of earnings of a retired person and modification of the conditions and qualifications required for retirement for disability as it may find appropriate because of the earlier age of service retirement made possible by the benefits under this section.

The percentage of final compensation provided in this section shall be reduced by one-third as applied to that part of the member's final compensation which does not exceed four hundred dollars ($400) per month for service after the effective date of coverage of a member under the federal system. This paragraph shall not apply to a member who retires after the date upon which coverage under the federal system of persons in his employment terminates. It shall not apply to a local safety member employed by a contracting agency electing to be subject to this section after the effective date of the amendments to this section at the 1972 Regular Session unless such agency elects to be subject to this paragraph by amendment to its contract or by appropriate provision of a contract entered into after this provision is effective and as to any such member, the reduction in the percentage of final compensation shall apply to all local safety service to such agency, if any of such local safety service has been included in the federal system.

This section shall not apply to a contracting agency nor its employees unless and until the agency elects to be subject to it by amendment to its contract made in the manner prescribed for approval of contracts or in the case of a new contract, by express provision of the contract. The operative date of this section with respect to a local safety member shall be the effective date of the amendment to his employer's contract electing to be subject to this section.

Upon such election by a contracting agency subject to Section 21252.1, this section shall not apply to a local safety member then employed who entered such employment after attaining age 30, and Section 21252.1 shall continue to apply to such member unless and until he terminates such employment and more than 30 days thereafter enters employment otherwise subject to this section. Upon such later entry into employment, the member will be subject to this section with respect to all service as a local safety member rendered to any employer subject to this section.

The amendments to this section at the 1977–78 Regular Session of

the Legislature shall be operative from January 1, 1977.

SEC. 8. The provisions of this act are declaratory of legislative intent as expressed in Chapter 1436 of the Statutes of 1976.

SEC. 9. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that contributions and benefits of members of the Public Employees' Retirement System conform to the requirements of Chapter 1436 of the Statutes of 1976, which was operative January 1, 1977, this bill must take effect immediately.

[Approved by Governor August 24, 1977. Filed with Secretary of State August 24, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 7710 of the Fish and Game Code is amended to read:

7710. If the director determines, based on thorough and adequate scientific evidence and at least one public hearing in the area of the fishery, that any species or subspecies of fish is in danger of irreparable injury, he may order the closure of any waters or otherwise restrict the taking under a commercial fishing license in state waters of such species. Any such closure or restriction order shall be adopted by emergency regulation in accordance with Chapter 4.5 (commencing with Section 11371), Part 1, Division 3, Title 2 of the Government Code.

The director shall bring to the attention of the Legislature within seven calendar days any regulations adopted pursuant to this section. Any such regulations shall be effective for only 30 days if the Legislature is not in joint recess during such 30-day period, or shall remain in effect only until 30 days after the end of the joint recess if the Legislature is in joint recess during such period.

Nothing in this section or Section 7710.5 shall in any way restrict any existing jurisdiction of the department with regard to the regulation of fisheries on the high seas.

SEC. 2. Section 7710.5 of the Fish and Game Code is amended to read:

7710.5. If, during the period that regulations adopted pursuant to Section 7710 are effective, the director determines, based on thorough and adequate scientific evidence and at least one public

hearing in the area of the fishery, that any species or subspecies previously restricted to take has recovered or additional evidence indicates that the resource is not in danger of irreparable injury, he may remove the restriction on take. Action to remove the restriction shall be by adoption of emergency regulation in accordance with Chapter 4.5 (commencing with Section 11371), Part 1, Division 3, Title 2 of the Government Code.

The director shall bring to the attention of the Legislature, within seven calendar days, any regulations adopted pursuant to this section.

SEC. 3. Section 8498 of the Fish and Game Code is repealed.

SEC. 4. Section 8498 is added to the Fish and Game Code, to read:

8498. The department shall submit to the Legislature not later than December 31, 1980, a written report generally evaluating the halibut fishery and specifically evaluating the provisions of this article.

SEC. 5. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be an appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local governmental entities and school districts which, in the aggregate, do not result in significant identifiable cost changes.

CHAPTER 370

An act to add Section 20603.03 to the Government Code, relating to the Public Employees' Retirement System.

[Approved by Governor August 24, 1977. Filed with Secretary of State August 24, 1977.]

Contracting agencies which are auxiliary organizations as defined in Section 89901 of the Education Code may by contract or by contract amendment provide the same rates of normal contributions for their employees who are local miscellaneous members as are applicable to state miscellaneous members pursuant to Section 20603 on the effective date of the contract or contract amendment.

CHAPTER 371

An act to amend Sections 987.62, 987.65, and 987.71 of the Military and Veterans Code, relating to veterans' farm and home purchase.

[Approved by Governor August 24, 1977. Filed with Secretary of State August 24, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 987.62 of the Military and Veterans Code is amended to read:

987.62. The department, after consummating a purchase under the provisions of this article and the veteran having occupied the property as required by Section 987.60 of this article, may waive the occupancy requirement for a period not to exceed four years on a showing of good cause. The department may also waive the occupancy requirement for any period of time if the property is a farm and if the veteran personally cultivates the property and harvests the crops or tends livestock. The department shall establish standards for the occupancy waiver and shall make those standards known.

SEC. 2. Section 987.65 of the Military and Veterans Code is amended to read:

987.65. The purchase price of a home to the department shall not exceed the sum of forty-three thousand dollars ($43,000), except that the purchase price of a mobilehome to the department shall not exceed twelve thousand five hundred dollars ($12,500), and a veteran purchasing the home may advance, subject to the provisions of Section 987.64, the difference between the total price or cost of the home and the sum of the purchase price of the home to the department and any amount the department is required under Section 987.69 of this code to add to the purchase price of the home in fixing the selling price thereof to the veteran. Any amount of the purchase price to the department may be provided by funds from participation contracts or revenue bonds. The purchase price of a farm to the department shall not exceed one hundred twenty thousand dollars ($120,000), and a veteran purchasing the farm may advance the difference between the total price of the farm or cost of the dwelling and improvements to be constructed on a farm under a contract and the sum of such purchase price to the department or contract price to the department and any amount which the department is required under Section 987.69 of this code to add to such purchase or contract price to the department in fixing the selling price of the farm to the veteran.

SEC. 3. Section 987.71 of the Military and Veterans Code is amended to read:

987.71. The purchaser shall make an initial payment of at least 5 percent of the selling price of the property. Purchasers of homes

where the purchase price is equal to or less than thirty-five thousand dollars ($35,000) shall make an initial payment of at least 3 percent of the selling price of the property. The department may waive the initial payment in any case where the value of the property as determined by the department appraisal shall equal the amount to be paid by the department plus at least 5 percent where the purchase price is greater than thirty-five thousand dollars ($35,000). In the case of homes where the purchase price is equal or less than thirty-five thousand dollars ($35,000), the department may waive the initial payment where the value of the property, as determined by department appraisal, equals the amount to be paid by the department plus at least 3 percent. The balance of the purchase price may be amortized over a period fixed by the department, not exceeding 40 years for farms or homes, but not exceeding 15 years for mobilehomes, together with interest thereon at the rate as determined by the department pursuant to Section 987.87 for such amortization purposes. The purchaser on any installment date may pay any or all installments still remaining unpaid. In any individual case the department may for good cause postpone from time to time upon terms as the department deems proper, the payment of the whole or any part of any installment of the purchase price or interest thereon. Each installment shall include an amount sufficient to pay the principal and interest on the participation contract to which the interest of the department is subject, and such amount as may be required by any covenant or provision contained in any resolution of issuance.

CHAPTER 372

An act to amend Section 1174 of the Code of Civil Procedure, relating to unlawful detainer.

[Approved by Governor August 24, 1977. Filed with Secretary of State August 24, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 1174 of the Code of Civil Procedure is amended to read:

1174. (a) If upon the trial, the verdict of the jury, or, if the case be tried without a jury, the findings of the court be in favor of the plaintiff and against the defendant, judgment shall be entered for the restitution of the premises; and if the proceedings be for an unlawful detainer after neglect, or failure to perform the conditions or covenants of the lease or agreement under which the property is held, or after default in the payment of rent, the judgment shall also declare the forfeiture of such lease or agreement if the notice required by Section 1161 of the code states the election of the

landlord to declare the forfeiture thereof, but if such notice does not so state such election, the lease or agreement shall not be forfeited.

Except as provided in Section 1166a, in any action for unlawful detainer brought by a petroleum distributor against a gasoline dealer, possession shall not be restored to the petroleum distributor unless the court in the unlawful detainer action determines that the petroleum distributor had good cause under Section 20999.1 of the Business and Professions Code to terminate, cancel, or refuse to renew the franchise of the gasoline dealer.

In any action for unlawful detainer brought by a petroleum distributor against the gasoline dealer, the court may, at the time of request of either party, require the tenant to make rental payments into the court, for the lessor, at the contract rate, pending the resolution of the action.

(b) The jury or the court, if the proceedings be tried without a jury, shall also assess the damages occasioned to the plaintiff by any forcible entry, or by any forcible or unlawful detainer, alleged in the complaint and proved on the trial, and find the amount of any rent due, if the alleged unlawful detainer be after default in the payment of rent. If the defendant is found guilty of forcible entry, or forcible or unlawful detainer, and malice is shown, the plaintiff may be awarded either damages and rent found due or punitive damages in an amount which does not exceed three times the amount of damages and rent found due. The trier of fact shall determine whether damages and rent found due or punitive damages shall be awarded, and judgment shall be entered accordingly.

(c) When the proceeding is for an unlawful detainer after default in the payment of rent, and the lease or agreement under which the rent is payable has not by its terms expired, and the notice required by Section 1161 has not stated the election of the landlord to declare the forfeiture thereof, the court may, and, if the lease or agreement is in writing, is for a term of more than one year, and does not contain a forfeiture clause, shall order that execution upon the judgment shall not be issued until the expiration of five days after the entry of the judgment, within which time the tenant, or any subtenant, or any mortgagee of the term, or any other party interested in its continuance, may pay into the court, for the landlord, the amount found due as rent, with interest thereon, and the amount of the damages found by the jury or the court for the unlawful detainer, and the costs of the proceedings, and thereupon the judgment shall be satisfied and the tenant be restored to his estate.

But if payment as here provided be not made within five days, the judgment may be enforced for its full amount, and for the possession of the premises. In all other cases the judgment may be enforced immediately.

(d) A plaintiff, having obtained a writ of restitution of the premises pursuant to an action for unlawful detainer, shall be entitled to have the premises restored to him by officers charged with the enforcement of such writs. Promptly upon payment of

reasonable costs of service, the enforcing officer shall serve an occupant or post a copy of the writ in the same manner as upon levy of writ of attachment pursuant to subdivision (d) of Section 488.310. In addition, where the copy is posted on the property, another copy of the writ shall thereafter be mailed to the defendant at his business or residence address last known to the plaintiff or his attorney or, if no such address is known, at the premises. The writ of restitution of the premises shall include a statement that personal property remaining on the premises at the time of its restitution to the landlord will be sold or otherwise disposed of in accordance with Section 1174 of the Code of Civil Procedure unless the tenant or the owner pays the landlord the reasonable cost of storage and takes possession of the personal property not later than 15 days after the time the premises are restored to the landlord. If the tenant does not vacate the premises within five days from the date of service, or, if the copy of the writ is posted, within five days from the date of mailing of the additional notice, the enforcing officer shall remove the tenant from the premises and place the plaintiff in possession thereof. It shall be the duty of the party delivering the writ to the officer for execution to furnish the information required by the officer to comply with this section.

(e) Personal property remaining on the premises which the landlord reasonably believes to have been lost shall be disposed of pursuant to Article 1 (commencing with Section 2080) of Chapter 4 of Title 6 of Part 4 of Division 3 of the Civil Code. The landlord is not liable to the owner of any property which he disposes of in this manner. If the appropriate police or sheriff's department refuses to accept such property, it shall be deemed not to have been lost for the purposes of this subdivision.

(f) The landlord shall give notice pursuant to Section 1983 of the Civil Code to any person (other than the tenant) reasonably believed by the landlord to be the owner of personal property remaining on the premises.

(g) The landlord shall store the personal property in a place of safekeeping until it is either released pursuant to subdivision (h) or disposed of pursuant to subdivision (i).

(h) The landlord shall release the personal property to the tenant or, at the landlord's option, to a person reasonably believed by the landlord to be its owner if such tenant or other person pays the costs of storage as provided in Section 1990 of the Civil Code and claims the property not later than the date specified in the writ of restitution before which the tenant must make his claim or the date specified in the notice before which a person other than the tenant must make his claim.

(i) Personal property not released pursuant to subdivision (h) shall be disposed of pursuant to Section 1988 of the Civil Code.

(j) Where the landlord releases personal property to the tenant pursuant to subdivision (h), the landlord is not liable with respect to that property to any person.

(k) Where the landlord releases personal property pursuant to subdivision (h) to a person (other than the tenant) reasonably believed by the landlord to be its owner, the landlord is not liable with respect to that property to:

(1) The tenant or to any person to whom notice was given pursuant to subdivision (f); or

(2) Any other person, unless such person proves that, prior to releasing the property, the landlord believed or reasonably should have believed that such person had an interest in the property and also that the landlord knew or should have known upon reasonable investigation the address of such person.

(*l*) Where personal property is disposed of pursuant to Section 1988 of the Civil Code, the landlord is not liable with respect to that property to:

(1) The tenant or to any person to whom notice was given pursuant to subdivision (f); or

(2) Any other person, unless such person proves that, prior to disposing of the property pursuant to Section 1988 of the Civil Code, the landlord believed or reasonably should have believed that such person had an interest in the property and also that the landlord knew or should have known upon reasonable investigation the address of such person.

(m) For the purposes of subdivisions (e), (f), (h), (k), and (*l*), the terms "owner," "premises," and "reasonable belief" have the same meaning as provided in Section 1980 of the Civil Code.

CHAPTER 373

SECTION 1. Section 10753 of the Revenue and Taxation Code is amended to read:

10753. (a) For the purposes of this part, the market value of passenger vehicles, as defined in Section 465 of the Vehicle Code, shall be determined by the department upon the basis of the California suggested base price as herein defined and as established by the manufacturers.

(b) On all other vehicles the department shall determine the market value of the vehicle on the basis of the cost price to the purchaser as evidenced by a certificate of cost, but not including

California sales or use tax or any local sales or other local tax.

(c) In the event the department is unable to ascertain the California suggested base price as herein defined in respect to any passenger vehicles by reason of the same being a specially constructed vehicle, or for any other reason, the department shall determine the market value upon the basis of the cost price to the purchaser of the vehicle as evidenced by a certificate of cost, but not including California sales or use tax or any local sales or other local tax.

(d) In the event any vehicle is modified or additions are made to the chassis or body at a cost of two hundred dollars ($200) or more, but not including any change of engine of the same type or any cost of repairs to a vehicle, the owner of such vehicle shall report any such modification or additions to the department and the department shall classify or reclassify the vehicle in its proper class as provided in Section 10753.2, taking into consideration the increase in the market value of the vehicle due to such modifications or additions, and any reclassification resulting in increase in market value shall be based on the cost to the consumer of such modifications or additions. In the event any vehicle is modified or altered resulting in a decrease in the market value thereof of two hundred dollars ($200) or more as reported to and determined by the department, the department shall classify or reclassify the vehicle in its proper class as provided in Section 10753.2.

The foregoing provisions of this subdivision shall not apply in the event: (1) the cost of any modification or additions to the chassis or body of a vehicle is less than two hundred dollars ($200), (2) the cost is for modifications or additions necessary to incorporate a system approved by the State Air Resources Board as meeting the emission standards set forth in subdivisions (a) and (b) of former Section 39102 and former Section 39102.5 of the Health and Safety Code as they read on December 31, 1975, or (3) the cost is for modifications which are necessary to enable a disabled person to use or operate such vehicle.

(e) This section is also applicable to a system specified in subdivision (d) approved by the State Air Resources Board as meeting the emission standards specified in subdivisions (a) and (b) of former Section 39102 and former Section 39102.5 of the Health and Safety Code as they read on December 31, 1975, for vehicles 6,001 pounds or less, manufacturer's gross vehicle weight, controlled to meet exhaust emission standards when sold new, when such a system is used in any vehicle over 6,001 pounds or any vehicle 6,001 pounds or less not controlled to meet exhaust emission standards.

(f) The temporary attachment of any camper, as defined in Section 243 of the Vehicle Code, to a vehicle is not a modification or addition for the purposes of subdivision (d).

(g) The attachment to a vehicle of radiotelephone equipment furnished by a telephone corporation, as defined in Section 234 of the Public Utilities Code, is not a modification or addition for the purpose

of subdivision (d), when such equipment is not owned by the owner of the vehicle.

(h) As used in this section, "suggested base price" means the retail price of the vehicle suggested by the manufacturer, plus destination charge and cost of motor vehicle pollution control devices as are required by Part 5 (commencing with Section 43000) of Division 26 of the Health and Safety Code, as reflected on the price listing affixed to the vehicle pursuant to the Automobile Information Disclosure Act (15 U.S.C. Secs. 1231 to 1233, inclusive), but does not include the retail delivered price suggested by the manufacturer for each accessory or item of optional equipment physically attached to such vehicle at the time of its delivery to such dealer which is not included within, but is separately added to, the retail price of such vehicle as suggested by the manufacturer.

SEC. 2. Section 10753.6 is added to the Revenue and Taxation Code, to read:

10753.6. (a) Notwithstanding any other provisions of this part, the cost of any modifications to any vehicle which are necessary to enable a disabled person to use or operate such vehicle shall be excluded from the determination of the market value of the vehicle, for purposes of determining the license fee imposed by any provision of this part.

(b) (1) The department, pursuant to the request of a qualified disabled owner of a vehicle which was registered prior to the effective date of this section, shall exclude from the market value of such vehicle the cost of any modification or alteration required to adapt such vehicle to such disabled person's needs as either a driver or passenger, if such cost was previously included in the determination of the market value of such vehicle.

(2) There shall be no reduction in the amount of vehicle license fees or market value determination pursuant to this section with regard to fees imposed prior to the effective date of this section.

(3) For purposes of paragraph (1), a "qualified disabled owner" means a disabled person who qualifies for a distinguishing license plate or placard under Section 22511.5 of the Vehicle Code whose vehicle was registered prior to the effective date of this section.

Such procedures shall also provide for notification to the person to whom the information primarily relates, as to what information was provided and to whom it was provided. Such persons may be employed for periods which are less than a full school year and may be terminated at the expiration of the contract or specially funded project without regard to other requirements of this code respecting the termination of probationary or permanent employees.

An act to add Chapter 6.5 (commencing with Section 12655) to Division 5 of the Business and Professions Code, relating to unit pricing, and making an appropriation therefor.

[Approved by Governor August 26, 1977 Filed with Secretary of State August 27, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Chapter 6.5 (commencing with Section 12655) is added to Division 5 of the Business and Professions Code, to read:

CHAPTER 6.5. UNIT PRICING

12655. It is the intent of the Legislature to encourage the unit pricing of all canned, bottled, and packaged foods, packaged produce, and bakery goods; paper, plastic, wood, and metal products packaged in counts greater than 10; rolled paper, plastic, and metal products; canned, bottled, and packaged domestic, laundry and household cleansing, finishing, waxing, and polishing products; drug and first aid products canned, packaged, or bottled in counts greater than 10; and frozen fruits and vegetables, offered by merchants in their places of business for sale at retail to the public. The Legislature finds that unit pricing, the cost per ounce, pound, gallon, or the metric equivalent thereof, or per 100 square feet, or 100 count for which such items are offered for sale at retail, effectively informs the consumer of the comparative prices and values of commodities, and is thus useful for the formulation of intelligent consumer choices.

12656. The Department of Consumer Affairs, in cooperation with the retail food industry, shall adopt a standardized format for unit pricing. Such form shall include, but not be limited to, an identification of the item, including the brand name, the total price of the item, the volume, weight, or number of unit of which the item is composed, and the price per unit. The department shall furthermore prepare for public distribution an informational pamphlet explaining the method of utilizing unit pricing as an effective means of formulating intelligent consumer choices.

SEC. 2. No appropriation is made by this act, nor is any obligation created thereby under Section 2231 of the Revenue and Taxation Code, for the reimbursement of any local agency or school district for any costs that may be incurred by it in carrying on any program or performing any service required to be carried on or performed by it by this act.

SEC. 3. The sum of five thousand dollars ($5,000) is hereby appropriated from the General Fund to the Department of Consumer Affairs for the purposes of this act.

Charges may include such amounts, to be retained in an impound account, as the board may deem necessary to insure compliance with Section 17714.

SEC. 6. Section 17732.2 is added to the Education Code, to read:

Amounts may be so deferred from year to year, but in no event beyond the 30th year from the date of execution of the lease-purchase agreement under consideration. At the end of such 30-year period, any amounts including interest remaining due the state shall be canceled. The contract may also provide that the contracting firm may employ legal counsel, subject to such terms and limitations as the board may prescribe, to advise such contracting firm concerning the legality and advisability of rejecting, settling, compromising and

To this effect, the state department shall prescribe rules and regulations to carry out the intent of this section.

This section shall not be applicable to any situation in which a juvenile court order expressly reserves the right to consent to such activities to the court.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Due to a recent ruling of Los Angeles County based upon an opinion of the county counsel, foster parents, as well as children's service workers, can no longer make decisions regarding the activities or health care of foster children without court approval. (a) The accumulated contributions of the member.

(b) If the member is not an insured member, or is an insured member eligible for service retirement, an amount, provided from contributions by the state, or a contracting agency, equal to one-twelfth of the annual compensation earnable by the deceased during the 12 months immediately preceding his death, multiplied by the number of completed years of current service credited to the member, but not to exceed one-half of such compensation. If the member is an insured member who is ineligible for service retirement and is also credited with service as a local member only such service shall be used in computing the amount under this subdivision and such amount shall not be a part of the basic death benefit payable with respect to the insured member.

(c) If the member is a state member, other than a school member, who dies after becoming eligible for retirement with more than five but less than six years credited service, an amount equal to 50 percent of the annual compensation earnable by the deceased member during the 12 months immediately preceding his death.

The basic death benefit for a member who dies under the circumstances described in subdivision (a) (5) of Section 21360 shall not exceed an amount which when added to the death benefit paid for such member under such other system equals the maximum death benefit payable under that system, if the death is not the result of injury or disease arising out of and in the course of his employment under that system; provided, however, that such benefit shall be at least equal to his accumulated contributions. The basic death benefit for such member shall be the amount of his accumulated contributions if death is the result of disease or injury arising out of and in the course of employment under such other system.

In such event, or if there is no such surviving spouse, the accumulated additional contributions of the deceased, as they were at his or her death, less the annuity paid as derived from such contributions, and plus interest credited to the accumulated additional contributions, shall be paid in the manner provided in this article for the payments of amounts due in the absence of a designated beneficiary.

SEC. 3. Section 21382.1 of the Government Code is amended to read:

21382.1. If a homeowner has satisfied all but the 180-day requirement, and if in the judgment of the public entity the circumstances warrant it, the public entity may reduce the requirement as necessary.

(b) Such payment, not to exceed fifteen thousand dollars ($15,000), shall be based on the following factors:

(1) The amount, if any, which, when added to the acquisition payment, equals the reasonable cost of a comparable replacement dwelling determined, in accordance with standards established by the public entity, to be a decent, safe and sanitary dwelling adequate to accomodate the displaced owner, reasonably accessible to public services and the displaced person's place of employment, and available on the market.

(2) The amount, if any, which will compensate the displaced owner for any increased interest costs which he is required to pay for financing the acquisition of a comparable replacement dwelling. The amount shall be paid only if the acquired dwelling was encumbered by a bona fide mortgage which was a valid lien on such dwelling for not less than 180 days prior to the initiation of negotiations for the acquisition of such dwelling. The amount shall be equal to the excess in the aggregate interest and other debt service costs of that amount of the principal of the mortgage on the replacement dwelling which is equal to the unpaid balance of the mortgage on the acquired dwelling, over the remainder term of the mortgage on the acquired dwelling, reduced to discounted present value. The discount rate shall be the prevailing interest rate paid on savings deposits by commercial banks in the general area in which the replacement dwelling is located.

(3) Reasonable expenses incurred by the displaced owner for evidence of title, recording fees, and other closing costs incident to the purchase of the replacement dwelling, but not including prepaid expenses.

(c) Such payment shall be made only to a displaced owner who purchases and occupies a replacement dwelling that meets standards established by the public entity within one year subsequent to the date on which he moves from the dwelling acquired by the public entity or the date on which he receives from the public entity final payment of all costs of the dwelling acquired by the public entity, whichever is the later date.

SEC. 2. Section 7264 of the Government Code is amended to read:

7264. (a) In addition to the payments required by Section 7262, as a part of the cost of acquisition, the public entity shall make a

payment to any displaced person displaced from any dwelling not eligible to receive a payment under Section 7263 which was actually and lawfully occupied by such person for not less than 90 days prior to the initiation of negotiation by the public entity for the acquisition of such property. If a displaced person satisfies all but the 90-day requirement, and if in the judgment of the public entity the circumstances warrant it, the public entity may reduce the requirement as necessary.

(b) Such payment, not to exceed four thousand dollars ($4,000), shall be the additional amount which is necessary to enable such person to lease or rent for a period not to exceed four years, or to make the down-payment on the purchase of, a decent, safe, and sanitary dwelling of standards adequate to accommodate such person in areas not generally less desirable in regard to public utilities and public and commercial facilities.

(c) If the payment is to be used as a downpayment for the acquisition of a decent, safe, and sanitary dwelling of such standards, the payment shall not exceed two thousand dollars ($2,000), unless the amount in excess thereof is equally matched by such person.

CHAPTER 396

An act to amend Section 19627 of the Business and Professions Code, relating to fairs.

[Approved by Governor August 26, 1977. Filed with Secretary of State August 27, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 19627 of the Business and Professions Code is amended to read:

19627. Forty percent, but not more than four million six hundred eighty thousand dollars ($4,680,000), of the first balance of the fund is hereby annually appropriated for the encouragement of county, district, or combined county and district fairs (exclusive of the California Exposition and State Fair, the Los Angeles County Fair, 1-A District Agricultural Association, the Sixth District Agricultural Association, known and designated as the California Museum of Science and Industry, the 48th District Agricultural Association, and citrus fruit fairs), to be apportioned by and expended under the supervision of the Department of Food and Agriculture in the manner and for the purpose prescribed by Part 4 (commencing with Section 4401) of Division 3 of the Food and Agricultural Code and other applicable provisions of law including this section.

The Department of Food and Agriculture shall apportion the money appropriated by this section to the several eligible county, district, or combined county and district agricultural fairs on the

basis of the need of each such fair for financial assistance from the state during the year for which the apportionment is to be made. No such fair shall receive such an apportionment in excess of such need as established by the department. In determining such need, the department shall take into consideration, as to each such fair, all relevant factors, including, but not limited to, the following:

(a) Net expenditures or revenues shown in the budget.

(b) The amount of money available to the fair from state, local, or any other sources.

(c) The amount of available reserve funds, except for the revenues accumulated under Section 19627.5.

(d) The amount of funds, if any, allocated under subdivision (b) of Section 19627.3.

No such county, district or combined county and district agricultural fair shall receive an apportionment of more than sixty-five thousand dollars ($65,000) in any one year. No such fair shall be eligible for an apportionment pursuant to this section unless it has filed, for each year subsequent to 1958, a statement of its operations during such year as provided in Section 4505 of the Food and Agricultural Code, irrespective of whether or not an apportionment for any such year or years is sought or made and all such fairs shall be deemed to be subject to such Section 4505 for all purposes.

CHAPTER 397

An act to amend Section 1528.5 of the Unemployment Insurance Code, relating to appropriations regarding unemployment insurance, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 26, 1977. Filed with Secretary of State August 27, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 1528.5 of the Unemployment Insurance Code is amended to read:

1528.5. (a) Money credited to the account of this state in the Unemployment Trust Fund by the Secretary of the Treasury of the United States of America pursuant to Section 903 of the Social Security Act, as amended, may not be requisitioned from this state's account or used except for the payment of benefits and for the payment of expenses incurred for the administration of this part. Such money may be requisitioned pursuant to Section 1529 for the payment of benefits. Such money may also be requisitioned and used for the payment of expenses incurred for the administration of this part but only pursuant to a specific appropriation by the Legislature

and only if the expenses are incurred and the money is requisitioned after the enactment of an appropriation law which:

(1) Specifies the purposes for which such money is appropriated and the amounts appropriated therefor.

(2) Limits the period within which such money may be obligated to a period ending not more than two years after the date of the enactment of the appropriation law.

(3) Provides that the total amount which may be obligated shall be limited to the restrictions specified by, and charged in accordance with, Section 903(c)(2)(D) of the Social Security Act, as amended.

(b) Money appropriated pursuant to this section for the payment of expenses of administration shall be requisitioned as needed for the payment of obligations incurred under such appropriation and, upon requisition, shall be deposited in the Unemployment Administration Fund, but, until expended, shall remain a part of the Unemployment Fund. The director and the Controller shall maintain a separate record of the deposit, obligation, expenditure, and return of funds so deposited. Any money so deposited which will not be expended shall be returned promptly to the account of this state in the Unemployment Trust Fund.

SEC. 2. Notwithstanding the provisions of paragraph (c) of the proviso contained in Item 408 of the Budget Act of 1977 and of Item 408.4 of such act, the total amount obligated pursuant to Items 408 and 408.4 of that act during the 1977–78 fiscal year shall be limited to the restrictions specified by, and charged in accordance with, Section 903(c)(2)(D) of the Social Security Act, as amended.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution, and shall go into immediate effect. The facts constituting such necessity are:

Public Law 94-273, the "Fiscal Year Adjustment Act," amended Section 903 of the Social Security Act to provide new revised restrictions on the use of money by a state pursuant to state appropriations of money credited to a state under Section 903 of the Social Security Act and used for administration of a state's unemployment compensation law and public employment offices. Existing California law is inconsistent with the revised federal requirements. In order that appropriations in the Budget Act of 1977 of money credited under Section 903 of the Social Security Act may comply with federal law changes, it is necessary that this act take effect immediately.

CHAPTER 398

An act to amend Section 69535 of the Education Code, and to amend Sections 68076.6 and 68077.5 of the Education Code, as proposed by the 1977 Education Code Supplemental Act, relating to postsecondary education, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 27, 1977. Filed with Secretary of State August 27, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 68076.6 of the Education Code, as proposed by the 1977 Education Code Supplemental Act, is amended to read:

68076.6. A student who is an adult alien shall be entitled to resident classification if he or she is a refugee who has been granted parolee status, conditional entrant status, or indefinite voluntary departure status in accordance with all applicable laws of the United States; provided that he or she has lived in the state one year immediately prior to the residency determination date.

Should the student lawfully be admitted to the United States for permanent residence in accordance with all applicable laws of the United States, the student shall not lose his or her resident classification until he or she has resided in the state the minimum time necessary to become a resident.

This section shall be operative only until June 30, 1980, and as of that date is repealed.

SEC. 2. Section 68077.5 of the Education Code, as proposed by the 1977 Education Code Supplemental Act, is amended to read:

68077.5. A student who is a minor alien shall be entitled to resident classification if he or she is a refugee who has been granted parolee status, conditional entrant status, or indefinite voluntary departure status in accordance with all applicable laws of the United States; provided that he or she has lived in the state one year immediately prior to the residency determination date.

Should the student lawfully be admitted to the United States for permanent residence in accordance with all applicable laws of the United States, the student shall not lose his or her resident classification until he or she has resided in the state the minimum time necessary to become a resident.

This section shall be operative only until June 30, 1980, and as of that date is repealed.

SEC. 2.5. Section 69535 of the Education Code is amended to read:

69535. Cal Grant awards shall be based upon the financial need of the applicant, but for the applicants so qualifying, academic criteria or criteria related to past performances shall be utilized as the criteria in determining eligibility for grants. The level of financial

need of each applicant shall be determined by the commission, taking into account the financial resources of the applicant and the applicant's family. All Cal Grant recipients shall be residents of California which shall include those persons entitled to resident classification pursuant to Sections 68076.6 and 68077.5, as determined by the commission, and shall remain eligible only if they are in attendance and making satisfactory progress through the instructional programs, as determined by the commission. Part-time students shall not be discriminated against in the award of Cal Grants, and awards to part-time students shall be roughly proportional to the time spent in the instructional program, as determined by the commission. Cal Grants shall be awarded without regard to race, religion, creed, sex, or age. First-time Cal Grant recipients who are part-time students shall be eligible for a full-time renewal award. No applicant shall receive more than one type of Cal Grant award concurrently. A Cal Grant recipient shall be a citizen of the United States or, if he is under 21 years of age and not a citizen of the United States, either he or his parent or parents must have been admitted to the United States on a permanent resident visa.

The Student Aid Commission may, for students who accelerate college attendance, increase the amount of award for one academic year proportional to the period of additional attendance resulting from attendance at a summer term, session, or quarter. In the aggregate, the total amount a student may receive in a four-year period may not be increased as a result of accelerating his progress to a degree by attending summer terms, sessions, or quarters. The Student Aid Commission may provide by appropriate rules and regulations for such reports, accounting, and statements from the award winner and college or university of attendance pertaining to the use or application of the award as it may deem proper.

The Student Aid Commission may establish Cal Grants in one hundred dollar ($100) increments.

SEC. 3. It is the intent of the Legislature that any changes in resident classification of students made by this act shall be in effect for the commencement of the 1977–78 fall terms, semesters, and quarters of public institutions of higher education which are affected by Chapter 1 (commencing with Section 68000) of Part 41 of the Education Code, regardless of the effective date of this act.

SEC. 4. Notwithstanding Sections 2229 and 2230 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to this act nor shall there be any appropriation made by this act because there are no state-mandated local costs in this act and any revenue loss implied herein is not reimbursable under Sections 2229 and 2230 of the Revenue and Taxation Code.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order that the limited number of aliens whose residence

classification would be determined in accordance with the provisions of this bill for purposes of attending public institutions of higher education in this state may take advantage of such provisions, commencing with 1977–78 fall terms, semesters, and quarters, it is essential that this act take effect immediately.

CHAPTER 399

An act to add and repeal Sections 66903.1 and 66903.2 of, and to add Section 66903.3 to, the Education Code, relating to universities and colleges.

[Approved by Governor August 27, 1977. Filed with Secretary of State August 27, 1977.]

The people of the State of California do enact as follows:

SECTION 1. In enacting this act the Legislature hereby finds and declares:

(1) Underrepresentation of ethnic minorities and women persists within certain areas of employment at the state university and colleges and the University of California;

(2) No comprehensive set of information exists regarding the representation of ethnic minorities and women within the work forces of the community colleges;

(3) The Legislature and the Governor must be better informed of specific results of affirmative action hiring programs of the state university and colleges, the University of California, and the community colleges; and

(4) The Budget Conference Committee of the Legislature has in past years requested various information from the University of California and the state university and colleges regarding the representation of minority and women employees in their respective work forces. It is desirable to regularize this reporting process and move toward comparable data among institutions to improve legislative deliberations on the state budget. Accordingly, the reports required by this act shall supersede and replace those which have heretofore been provided pursuant to conference committee budget language.

SEC. 2. Section 66903.1 is added to the Education Code, to read:

66903.1. The commission shall report to the Legislature and the Governor on March 1, 1980, and every two years thereafter until and including 1984, on the representation and utilization of ethnic minorities and women among academic, administrative, and other employees at the California State University and Colleges, the University of California, and the public community colleges. To prepare this report the commission shall collect data from each of the three segments of public postsecondary education. The format for

this data shall be the higher education staff information form required biennially from all institutions of higher education by the Federal Equal Employment Opportunity Commission, the collection of which is now coordinated by the California Postsecondary Education Commission.

(a) The higher education staff information form includes the following types of data:

(1) The number of full-time employees by job categories, ethnicity, sex, and salary ranges;

(2) The number of full-time faculty by ethnicity, sex, rank, and tenure;

(3) The number of part-time employees by job categories (including tenured, nontenured or tenure track, and other nontenured academic employees), ethnicity, and sex; and

(4) The number of full-time new hires by job categories (including tenured, nontenured or tenure track, and other nontenured academic employees), ethnicity, and sex.

(b) In addition to the above, the segments shall submit to the commission the following:

(1) Promotion and separation data for faculty and staff employees by ethnicity and sex for each of the two-year time periods beginning with 1977 to 1979;

(2) Narrative evaluation examining patterns of underutilization of women and minority employees among different job categories compared with the availability of qualified women and minorities for different job categories;

(3) Narrative evaluation examining specific results of affirmative action programs in reducing underutilization of women and minorities; and

(4) Narrative evaluation of both strengths and inadequacies of current affirmative action programs, including inadequacies resulting from budgetary constraints.

(c) For purposes of this section, minorities and ethnic minorities shall include those persons defined as such by rules and regulations of the Federal Equal Employment Opportunity Commission.

This section shall remain in effect until January 1, 1985, and as of that date is repealed.

SEC. 3. Section 66903.2 is added to the Education Code, to read:

66903.2. Pursuant to subdivision (4) of Section 66903, the commission shall participate in appropriate stages of the executive and legislative budget processes, as requested by the executive and legislative branches, to advise regarding the representation of women and minority employees at institutions of higher education.

All information generated by the institutions and collected by the commission pursuant to Section 66903.1 shall be available to the public.

This section shall remain in effect until January 1, 1985, and as of that date is repealed.

SEC. 4. Section 66903.3 is added to the Education Code, to read:

66903.3. The California Postsecondary Education Commission shall maintain a registry of names and qualifications of minorities and women who are available for employment in academic and administrative positions in postsecondary education. This registry shall be reviewed and updated not less than every two years. The commission's service shall complement, but not duplicate, more extensive affirmative action efforts of postsecondary education institutions. The participation of job applicants and of institutions shall be voluntary.

CHAPTER 400

An act to amend Sections 55523 and 56252 of, and to add Sections 55601.3, 55881, 56302.5, and 56620 to, the Food and Agricultural Code, relating to farm products.

[Approved by Governor August 27, 1977 Filed with Secretary of State August 27, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 55523 of the Food and Agricultural Code is amended to read:

55523. Each application shall state all of the following:

(a) The full name of the applicant.

(b) If the applicant is a firm, exchange, association, or corporation the full name of each member of the firm, or the names of the officers of the exchange, association, or corporation.

(c) The principal business address of the applicant in this state.

(d) The name of every person that is authorized to receive and accept service of summons for the applicant.

(e) In addition to the other requirements of this chapter, each applicant for a license, except for the renewal of any such license, shall include a balance sheet, or statement of financial position, which presents fairly the financial condition as of the applicant's most recent yearend. Such financial statement if not prepared by a public accountant or certified public accountant shall be on a form prescribed by the director and shall be submitted under penalty of perjury. Any balance sheet submitted which does not provide the detail required by the director may be rejected until such detail is provided.

(f) If at any time the director has cause or reason to believe that any licensee is in an unsound financial condition so as to impair his ability to pay consignor-creditors or producer-creditors in full for farm products received or handled, or for any reason deems it advisable, he may require such licensee to file with him a balance sheet or statement of financial position, which presents fairly the financial condition of such licensee. Such financial statement, if not

prepared by a public accountant or certified public accountant, shall be on a form prescribed by the director and shall be submitted under penalty of perjury. Any balance sheet submitted which does not provide the detail required by the director may be rejected until such detail is provided.

(g) Failure to file a financial statement as required by this chapter is a violation of this chapter.

SEC. 2. Section 55601.3 is added to the Food and Agricultural Code, to read:

55601.3. Upon the following, the processor shall notify the seller, on a form to be prescribed by the department, as to the requirements set forth in Sections 55601 and 55881:

(a) Upon delinquency of a contract.

(b) If payment is not made within 30 days when the contract does not specify time of payment or if there is no contract.

(c) If payment is not made within 30 days when the contract is oral, irrespective of the agreed time of payment.

The processor shall have the burden of proof as to the timely delivery of such a notice.

Such a notice shall only be required as to the first contract between any particular seller and processor during any one calendar year.

SEC. 3. Section 55881 is added to the Food and Agricultural Code, to read:

55881. Under a contract for the purchase or handling of any farm product, any delinquent payment of money under this chapter shall also include a late charge of 5 percent per month of the unpaid balance calculated on a daily basis for the period of the delinquency for the first month and an additional 1 percent per month of the unpaid balance calculated on a daily basis for the remaining period of the delinquency. Any such late charge shall be payable to the person from whom the farm product was purchased, unless the person waives, in writing, his right to such payment. Such waiver shall be valid and effective only when given after a delinquency has occurred.

This section does not affect the time of payment provided for in this chapter or in any contract for the purchase or handling of any farm product.

SEC. 4. Section 56252 of the Food and Agricultural Code is amended to read:

56252. In addition to the other requirements of this chapter, each application for a license, except for the renewal of any such license, other than a cash buyer, shall include a balance sheet, or statement of financial position, which presents fairly the financial condition as of the applicant's most recent year end. Such financial statement if not prepared by a public accountant or certified public accountant shall be on a form prescribed by the director and shall be submitted under penalty of perjury. Any balance sheet submitted which does not provide the detail required by the director may be rejected until such detail is provided.

SEC. 5. Section 56302.5 is added to the Food and Agricultural Code, to read:

56302.5. Upon the following, a licensee operating as a dealer shall notify the seller on a form to be prescribed by the department, as to the requirements set forth in Sections 56302 and 56620:

(a) Upon delinquency of a contract.

(b) If payment is not made within 30 days when the contract does not specify time of payment or if there is no contract.

(c) If payment is not made within 30 days when the contract is oral, irrespective of the agreed time of payment.

The dealer shall have the burden of proof as to the timely delivery of such a notice.

Such a notice shall only be required as to the first contract between any particular seller and dealer during any one calendar year.

SEC. 6. Section 56620 is added to the Food and Agricultural Code, to read:

56620. Under a contract for the purchase or handling of any farm products, any delinquent payment of money under this chapter shall also include a late charge of 5 percent per month of the unpaid balance calculated on a daily basis for the period of the delinquency for the first month and an additional 1 percent per month of the unpaid balance calculated on a daily basis for the remaining period of the delinquency. Any such late charge shall be payable to the person from whom the farm product was purchased, unless the person waives, in writing, his right to such payment. Such waiver shall be valid and effective only when given after a delinquency has occurred.

This section does not affect the time of payment provided for in this chapter or in any contract for the purchase or handling of any farm product.

SEC. 7. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be any appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local government entities and school districts which, in the aggregate, do not result in significant identifiable cost changes.

CHAPTER 401

An act to amend Sections 37362 and 37363 of, and to add Sections 25539.1 and 25539.2 to, the Government Code, relating to housing.

[Approved by Governor August 27, 1977 Filed with Secretary of State August 27, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 25539.1 is added to the Government Code, to read:

25539.1. The Legislature hereby finds that many persons and families of low or moderate income cannot afford to purchase housing in the conventional housing market. The Legislature also recognizes that counties occasionally acquire residential property requiring substantial rehabilitation prior to being deemed habitable. Since maintenance of existing housing stock and the extension of opportunities for homeownership are desirable objectives, the Legislature declares that the public interest would be well served if counties were empowered to sell such residential property at less than market value to persons and families of low or moderate income, as defined in Section 41056 of the Health and Safety Code, on condition that the purchaser rehabilitate the home and reside therein for a specified length of time.

SEC. 2. Section 25539.2 is added to the Government Code, to read:

25539.2. When the legislative body of a county finds the public interest and convenience require the sale for less than the market price of residential property acquired by the county, it may pass an ordinance providing for such sale. The ordinance shall set forth the procedure to be followed in completing such sales, including the qualifications required of a purchaser of such property, and shall contain provisions requiring that the purchaser of the property live in the property for a specified length of time and must rehabilitate such property to the extent specified in the ordinance; provided, however, that title to the property shall not be transferred until all the requirements set forth in the ordinance have been satisfied. Persons eligible to purchase such residential property shall be persons and families of low or moderate income or very low income households as defined in Sections 41056 and 41067 of the Health and Safety Code. To the greatest extent possible, counties shall utilize such ordinances to assist very low income and low income households.

SEC. 3. Section 37362 of the Government Code is amended to read:

37362. The Legislature hereby finds that many persons and families of low or moderate income cannot afford to purchase housing in the conventional housing market. The Legislature also recognizes that cities occasionally acquire residential property requiring substantial rehabilitation prior to being deemed habitable. Since maintenance of existing housing stock and the extension of opportunities for homeownership are desirable objectives, the Legislature declares that the public interest would be well served if cities were empowered to sell such residential property at less than market value to persons and families of low or moderate income as defined in Section 41056 of the Health and Safety Code, on condition that the purchaser rehabilitate the home and reside therein for a specified length of time. The provisions of this section shall apply to

a chartered city.

SEC. 4. Section 37363 of the Government Code is amended to read:

37363. When the legislative body of a city finds the public interest and convenience require the sale for less than the market price of residential property acquired by the city, it may pass an ordinance providing for such sale. The ordinance shall set forth the procedure to be followed in completing such sales, including the qualifications required of a purchaser of such property, and shall contain provisions requiring that the purchaser of the property live in the property for a specified length of time and must rehabilitate such property to the extent specified in the ordinance; provided, however, that title to the property shall not be transferred until all the requirements set forth in the ordinance have been satisfied. Persons eligible to purchase such residential property shall be persons and families of low or moderate income or very low income households as defined in Sections 41056 and 41067 of the Health and Safety Code. To the greatest extent possible, cities shall utilize such ordinances to assist very low income and low income households. The provisions of this section shall apply to a chartered city.

CHAPTER 402

An act to amend Sections 61306, 61806, 61877, 61902, 61945, 61977, 61980, 62083, 62611, 62641, and 62642 of, to add Article 11 (commencing with Section 61581) to Chapter 1 of Part 3 of Division 21 of, to repeal Sections 61806.5, 61811, 61812, 61819, 62051, and 62418 of, and to repeal Article 23 (commencing with Section 62471) of Chapter 2 of Part 3 of Division 21 of, the Food and Agricultural Code, relating to milk.

[Approved by Governor August 27, 1977. Filed with Secretary of State August 27, 1977]

The people of the State of California do enact as follows:

SECTION 1. Section 61306 of the Food and Agricultural Code is amended to read:

61306. "Distributor" means any person, that purchases or handles market milk, market cream, or any dairy product for processing, manufacture, or sale. It includes brokers and agents and the nonprofit cooperative associations described in Article 2 (commencing with Section 61331) of this chapter in the transactions in which such article provides that the associations are distributors. It also includes any person who regularly operates mobile vehicles on routes predominantly for sales of market milk, market cream, or dairy products on such routes to wholesale customers, or directly to consumers at their homes. It does not, however, include any of the following:

(a) Any retail store or wholesale customer which is not actively and directly engaged in manufacturing, processing, or packaging milk, cream, or any dairy product.

(b) Any producer that delivers milk or cream only to a distributor or manufacturer.

A retail store or a wholesale customer is a "distributor" only as to milk, cream, or any dairy product that is actively and directly processed, manufactured, or packaged by such retail store or wholesale customer.

SEC. 2. Article 11 (commencing with Section 61581) is added to Chapter 1 of Part 3 of Division 21 of the Food and Agricultural Code, to read:

Article 11. Temporary Pricing Authority

61581. The Legislature hereby finds and declares:

(a) Since 1937, the director has established minimum wholesale and minimum retail prices for market milk under the provisions of Chapter 2 (commencing with Section 61801) of this part.

(b) The provisions of this article are intended, for the purposes stated in Article 3 (commencing with Section 61341) of this chapter, and for the additional purpose of providing an orderly transition in the dairy industry from a long period of public establishment of minimum wholesale and minimum retail prices for market milk to a period where prices for such milk will be determined by open competition, subject to the provisions of this chapter, to be preventive of monopoly and destructive trade practices.

(c) Because of such transition period, it is desirable that the director retain temporary pricing authority as provided by this article.

61582. The director may, after investigation and public hearing, find and determine that within one or more sales areas, as to market milk, severe market disruption exists which prevents effectuation of the purposes and policies of this chapter and which tends to foster monopoly and other destructive trade practices. In the event of such finding, the director may, for a temporary period of 90 days, declare in effect minimum wholesale or minimum retail prices, or both, for market milk, and enforce such minimum prices in the manner provided in Article 10 (commencing with Section 61571) of this chapter. The director may extend such 90-day period, after public hearing, by one or more successive 90-day periods.

61583. The director, in establishing any minimum wholesale or minimum retail prices, or both, for market milk under this article shall take into consideration the purposes and policies of this chapter and Chapter 2 (commencing with Section 61801) of this part, and such evidence of reasonable and necessary costs of handling of market milk by distributors, retail stores, and wholesale customers as is introduced before the director at public hearing or hearings held under this article.

SEC. 2.5. Section 61806 of the Food and Agricultural Code is amended to read:

61806. "Distributor" means any person that purchases or handles fluid milk or fluid cream for processing, manufacture, or sale. An act to amend Sections 275 and 280 of, and to repeal Article 2.1 (commencing with Section 275) of Chapter 2 of Part 1 of Division 1 of, the Health and Safety Code, relating to infant medical dispatch centers, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 27, 1977. Filed with Secretary of State August 27, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Article 2.1 (commencing with Section 275) of Chapter 2 of Part 1 of Division 1 of the Health and Safety Code is repealed.

SEC. 2. Section 275 of the Health and Safety Code is amended to read:

275. The Legislature finds that intensive care nurseries for at-risk infants are often at capacity. It further finds that serious delays can occur in placing critically ill newborn infants in intensive care nurseries due to calls being placed to many hospitals. Additionally, valuable staff time is often taken by a capacity nursery in attempting to find another nursery with an available bed. It is further found that, due to the lack of a centralized dispatch system, at-risk infants are often not placed in the intensive care nursery nearest their homes.

Therefore, the Legislature finds that in order to protect the health of critically ill newborn children and to more efficiently utilize space and staff in intensive care nurseries it is necessary to establish 24-hour-a-day, year-round medical dispatch centers linking all hospitals providing obstetrical services with intensive care nurseries.

SEC. 3. Section 280 of the Health and Safety Code is amended to read:

280. The Legislative Analyst shall submit to the Legislature an evaluation of the two centers on or before January 1, 1978, and annually thereafter.

SEC. 4. The sum of seventy-five thousand dollars ($75,000) is hereby appropriated from the General Fund to the State Department of Health for expenditure during the 1977–78 fiscal year for operating medical dispatch centers under Section 275 of the Health and Safety Code. The funds appropriated pursuant to this act shall be in addition to and shall not replace any funds appropriated

in the Budget Act of 1977 for the purposes of Section 275 of the Health and Safety Code.

SEC. 5. Section 1 of this act shall become operative July 1, 1978, and shall have no force or effect prior to July 1, 1978. Sections 2 and 3 of this act shall only remain operative until July 1, 1978, and shall have no force or effect after July 1, 1978.

SEC. 6. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order for infant medical dispatch centers to continue to provide services essential to the public health, it is necessary that this act take immediate effect.

[Approved by Governor August 27, 1977. Filed with Secretary of State August 27, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 2376.5 of the Business and Professions Code is amended to read:

2376.5. A person, whose certificate has been revoked or suspended for more than one year, may petition the Division of Medical Quality to reinstate the certificate after a period of not less than one year has elapsed from the date of the revocation or suspension.

The petition shall state such facts as may be required by the Division of Medical Quality. The petition shall be accompanied by two or more verified recommendations from physicians and surgeons licensed by the Division of Licensing to which the petition is addressed and by two or more recommendations from citizens each having personal knowledge of the activities of the petitioner since the disciplinary penalty was imposed. The petition shall be heard at the next regular meeting of the Division of Medical Quality, held not earlier than 30 days after the petition was filed. The hearing may be continued from time to time as the Division of Medical Quality finds necessary. No petition shall be considered while the petitioner is under sentence for any criminal offense, including any period during which he is on probation or parole.

In determining whether the disciplinary penalty should be set aside and the terms and conditions, if any, which should be imposed if the disciplinary penalty is set aside, the Division of Medical Quality may investigate and consider all activities of the petitioner since the disciplinary action was taken against him, the offense for which he was disciplined, his activity during the time his certificate was in good standing, his general reputation for truth, professional ability and good character, and may require the petitioner to pass an oral or written examination, or both, at the option of the Division of Medical Quality. The affirmative vote of at least five of the members of the Division of Medical Quality is necessary to set aside a penalty and to restore a certificate with or without terms, conditions and restrictions. The affirmative vote of at least three of the members of the Board of Osteopathic Examiners is necessary to set aside a penalty and to restore a certificate with or without terms, conditions, and restrictions. The Division of Medical Quality may deny without a hearing or argument any petition filed pursuant to this section where the petitioner has been afforded a hearing upon any petition filed pursuant to this section within a period of one year immediately preceding the filing of such petition.

The secretary-treasurer of the Division of Medical Quality shall enter in his records of the case all actions of the division in setting aside a disciplinary penalty under this section and he shall certify notices to the proper county clerk. The county clerk shall make such changes on his records as may be necessary.

SEC. 2. Section 4360 of the Business and Professions Code, as amended by Section 58 of Chapter 716 of the Statutes of 1971, is repealed.

SEC. 3. Section 4360 is added to the Business and Professions Code, to read:

4360. A person whose certificate, license, permit, registration or exemption has been revoked or suspended for more than one year, may petition the board to reinstate the certificate, license, permit, registration or exemption after a period of not less than one year has elapsed from the date of the revocation or suspension.

The petition shall state such facts as may be required by the board. The petition shall be accompanied by two or more verified recommendations from holders of certificates, licenses, permits, registrations or exemptions issued by the board to which the petition is addressed and by two or more recommendations from citizens each having personal knowledge of the activities of the petitioner since the disciplinary penalty was imposed. The petition shall be heard at the next regular meeting of the board, held not earlier than 30 days after the petition was filed. The hearing may be continued from time to time as the board finds necessary. No petition shall be considered while the petitioner is under sentence for any criminal offense, including any period during which he is on probation or parole.

In determining whether the disciplinary penalty should be set aside and the terms and conditions, if any, which should be imposed if the disciplinary penalty is set aside, the board may investigate and consider all activities of the petitioner since the disciplinary action was taken against him, the offense for which he was disciplined, his activity during the time his certificate, license, permit, registration or exemption was in good standing, and his general reputation for truth, professional ability and good character. The affirmative vote of at least five members of the board is necessary to set aside a penalty and to restore a certificate, license, permit, registration or exemption with or without terms, conditions and restrictions. The board may deny without a hearing or argument any petition filed pursuant to this section where the petitioner has been afforded a hearing upon any petition filed pursuant to this section within a period of one year immediately preceding the filing of such petition.

The executive secretary shall enter in his records of the case all actions of the board in setting aside a disciplinary penalty under this section, and he shall certify notices to the State Department of Consumer Affairs. The State Department of Consumer Affairs shall make such changes on its records as may be necessary.

It is the intent of the Legislature, if this bill and Senate Bill No. 548 are both chaptered and amend Section 6550.5 of the Business and Professions Code, and this bill is chaptered after Senate Bill No. 548, that the amendments to Section 6550.5 proposed by both bills be given effect and incorporated in Section 6550.5 in the form set forth in Section 3 of this act. Therefore, Section 3 of this act shall become operative only if this bill and Senate Bill No. 548 are both chaptered, both amend Section 6550.5, and Senate Bill No. 548 is chaptered before this bill, in which case Section 2 of this act shall not become operative.

CHAPTER 409

An act to amend Sections 395 and 396 of the Fish and Game Code, relating to fish and game, and making an appropriation therefor.

[Approved by Governor August 27, 1977. Filed with Secretary of State August 27, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 395 of the Fish and Game Code is amended to read:

395. The commission may adopt regulations for the possession or training of any bird in the orders Falconiformes and Strigiformes (birds-of-prey) used in the practice of falconry and may authorize the issuance and revocation for convictions of violations of this article

of licenses to persons for the practice of falconry. It is unlawful to possess or train any bird in the orders Falconiformes and Strigiformes (birds-of-prey) in the practice of falconry except under such a license.

SEC. 2. Section 396 of the Fish and Game Code is amended to read:

396. The fee for a falconry license is twenty-five dollars ($25) per fiscal year beginning July 1, or any part thereof, except that upon the filing of an affidavit showing the loss or destruction of an unexpired falconry license and the payment of a fee of five dollars ($5), a duplicate license may be issued for the remainder of the license period.

CHAPTER 410

An act to add Article 9 (commencing with Section 700) to Chapter 1 of Division 2 of the Business and Professions Code, relating to the healing arts, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 27, 1977. Filed with Secretary of State August 27, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Article 9 (commencing with Section 700) is added to Chapter 1 of Division 2 of the Business and Professions Code, to read:

Article 9. Inactive License

700. It is the intent of the Legislature to establish in this article an inactive category of health professionals' licensure. Such inactive licenses or certificates are intended to allow a person who has a license or certificate in one of the healing arts, but who is not actively engaged in the practice of his or her profession, to maintain licensure or certification in a nonpracticing status.

701. Each healing arts board referred to in this division shall issue, upon application and payment of the normal renewal fee, an inactive license or certificate to a current holder of an active license or certificate whose license or certificate is not suspended, revoked, or otherwise punitively restricted by that board.

As used in this article, "board" refers to any healing arts board, division, or examining committee which licenses or certifies health professionals.

702. The holder of an inactive healing arts license or certificate issued pursuant to this article shall not engage in any activity for which an active license or certificate is required.

703. An inactive healing arts license or certificate issued pursuant

to this article shall be renewed during the same time period at which an active license or certificate is renewed. In order to renew a license or certificate issued pursuant to this article, the holder thereof need not comply with any continuing education requirement for renewal of an active license or certificate.

The renewal fee for a license or certificate in an active status shall apply also for renewal of a license or certificate in an inactive status.

704. In order for the holder of an inactive license or certificate issued pursuant to this article to restore his or her license or certificate to an active status, the holder of an inactive license or certificate shall comply with all the following:

(a) Pay the renewal fee.

(b) If the board requires completion of continuing education for renewers of an active license or certificate, complete continuing education equivalent to that required for a single license renewal period.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Current healing arts license holders who would be granted inactive licenses under this act would be required to obtain costly and, for themselves, unnecessary continuing clinical education courses if they renew their licenses before January 1, 1978. Additionally, the administration of continuing education accreditation and license verification imposes a substantial and costly burden on the healing arts boards. In order for the boards to efficiently administer such programs, the healing arts boards will need to know as soon as possible which license holders will be exempted from such programs.

CHAPTER 411

An act to repeal Section 2381 of the Business and Professions Code, relating to the practice of medicine.

[Approved by Governor August 27, 1977. Filed with Secretary of State August 27, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 2381 of the Business and Professions Code is repealed.

CHAPTER 412

An act to add Section 66412.5 to the Government Code, relating to subdivisions.

[Approved by Governor August 27, 1977. Filed with Secretary of State August 27, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 66412.5 is added to the Government Code, to read:

66412.5. When so provided by local ordinance, this division shall be inapplicable to subdivisions of four parcels or less for construction of removable commercial buildings having a floor area of less than 100 square feet.

CHAPTER 413

An act to add Section 5006.47 to the Public Resources Code, relating to parks and recreation, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 27, 1977. Filed with Secretary of State August 27, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 5006.47 is added to the Public Resources Code, to read:

5006.47. (a) Notwithstanding any other provision of law, the Director of General Services may acquire, on behalf of the state, a fee or lesser right or interest in such real and personal property in the Counties of Los Angeles and Ventura located in the vicinity of Gorman and commonly known as Hungry Valley as is designated in writing by the Director of Parks and Recreation to the Director of General Services. If such property is leased, the lease shall be for such term and for such consideration as is mutually agreed upon by and between the Director of General Services and the lessor, and consented to by the Director of Parks and Recreation, and with rent to be paid by the Department of Parks and Recreation.

(b) Any interest in property acquired pursuant to this section shall be subject to the provisions of the Property Acquisition Law (Part 11 (commencing with Section 15850) of Division 3 of Title 2 of the Government Code).

(c) Upon acquisition of the property, the Director of General Services shall transfer jurisdiction over the property to the Department of Parks and Recreation, which shall administer the property as a unit of the state park system. The department shall

carry out a program in such unit of planning, development, construction, maintenance, administration, and conservation of trails and areas for the recreational use of off-highway vehicles and for other related purposes of the state park system. Areas for the recreational use of off-highway vehicles shall be administered pursuant to paragraph (3) of subdivision (d) of Section 5001.5.

(d) If the Director of General Services determines that it is necessary, in order to purchase the property, to offer to the person from whom it is being purchased an option to lease back all or part of such property, the director may make such an offer if the Director of Parks and Recreation determines at the time of the purchase that the property is not then needed for the purposes of the state park system and will not be needed for the term of the lease thus offered. At any time after the option expires, the Director of General Services may offer all or part of such property for lease if the Director of Parks and Recreation determines at that time it is not then needed for the purposes of the state park system and will not be needed for the term of the lease to be offered. Any lease entered into pursuant to this section shall be subject to Section 15862 of the Government Code. Notwithstanding the provisions of Section 15863 of the Government Code, all rent accruing from any such lease after jurisdiction over the property is transferred to the Department of Parks and Recreation pursuant to subdivision (c) shall be paid into the State Treasury to the credit of the Off-Highway Vehicle Fund and shall be available for expenditure only for the purposes specified in subdivision (b) of Section 38270 of the Vehicle Code.

(e) Any fees or other returns collected by the department in its administration of such unit shall be paid into the State Treasury to the credit of the Off-Highway Vehicle Fund and shall be available for expenditure only for the purposes specified in subdivision (b) of Section 38270 of the Vehicle Code.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Certain lands of unique recreational value are presently being used by the public solely by permission of the private owners, who, however, are unable to provide for the safety of persons using their lands and to supervise the use of those lands so as to preserve their recreational value. Therefore, in order that public use of the lands may continue, it is necessary that this act take effect immediately.

CHAPTER 414

An act to add Section 214.6 to the Revenue and Taxation Code, relating to property taxation.

[Approved by Governor August 27, 1977. Filed with Secretary of State August 27, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 214.6 is added to the Revenue and Taxation Code, to read:

214.6. Property which is owned by an organization meeting the requirements of subdivision (b) of Section 4 of Article XIII of the State Constitution and complying with the requirements of subdivisions (1) to (7), inclusive, of Section 214 and which is leased to an exempt governmental entity for the purpose of conducting an activity which if conducted by the owner would qualify the property for an exemption shall be deemed to be within the exemption provided for in subdivision (b) of Section 4 of Article XIII of the State Constitution if:

(1) The total income received by the organization in the form of rents, fees or charges from such lease does not exceed the ordinary and usual expenses in maintaining and operating the leased property; and

(2) The property is located within the boundaries of the exempt governmental entity leasing the same.

SEC. 2. Notwithstanding Section 2229 of the Revenue and Taxation Code, there shall be no reimbursement or appropriation pursuant to that section because this act is in accordance with the request of a local government entity or entities which desire the exemption of property specified in this act.

The people of the State of California do enact as follows:

SECTION 1. Section 31580.3 of the Government Code is amended to read:

31580.3. In any county of the second class as established in Section 28023 or of the fourth class as established in Section 28025, the charge against the earnings of the retirement fund for the expense of administration of the retirement system shall not exceed

eighteen-hundreds of 1 percent of the total assets of the retirement system.

CHAPTER 416

An act to amend Section 7048 of the Business and Professions Code, relating to contractors.

[Approved by Governor August 27, 1977. Filed with Secretary of State August 27, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 7048 of the Business and Professions Code is amended to read:

7048. This chapter does not apply to any work or operation on one undertaking or project by one or more contracts, the aggregate contract price for which for labor, materials, and all other items, is less than two hundred dollars ($200), such work or operations being considered as of casual, minor or inconsequential nature.

This exemption does not apply in any case wherein the work of construction is only a part of a larger or major operation, whether undertaken by the same or a different contractor, or in which a division of the operation is made in contracts of amounts less than two hundred dollars ($200) for the purpose of evasion of this chapter or otherwise.

This exemption does not apply to a person who advertises or puts out any sign or card or other device which might indicate to the public that he is a contractor or that he is qualified to engage in the business of contractor.

CHAPTER 417

An act to amend Section 1523 of the Health and Safety Code, relating to community care facilities, making an appropriation therefor, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 27, 1977. Filed with Secretary of State August 27, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 1523 of the Health and Safety Code is amended to read:

1523. Each application for issuance or renewal of a license or special permit submitted to the state department pursuant to this

chapter shall be accompanied by a fee of twenty-five dollars ($25) for a license or special permit to be operative for 12 months, or fifty dollars ($50) for a license or special permit to be issued for a period exceeding 12 months. The director shall adopt by regulation procedures for reduction or waiver of the payments of fees for a license or special permit for community care facilities in any category of licensure when the director determines that imposition of the fees which would otherwise be required by this chapter would cause undue financial hardship, or reduce the availability of sufficient facilities for placement of the persons involved, with respect to a substantial number of community care facilities within such category of licensure.

Residential facilities and day care centers which are family homes licensed to provide care for six or fewer persons, exclusive of members of the household, shall not be required to pay any fee for application for, or issuance of, a license or special permit pursuant to this chapter.

No local jurisdiction shall impose any business license, fee, or tax for the privilege of operating a facility licensed under this chapter which serves six or fewer persons.

The director shall make an annual assessment of the effect that the imposition of fees has on the availability of facilities to meet the needs of each community, and shall include a report of that assessment in the annual report to the Legislature.

SEC. 2. The sum of five hundred forty-five thousand dollars ($545,000) is hereby appropriated from the General Fund to the State Department of Health for expenditure during the 1977–78 fiscal year for the purpose of administering the California Community Care Facilities Act (Chapter 3 (commencing with Section 1500), Division 2, Health and Safety Code) in augmentation of Item 241.2 of the Budget Act of 1977 (Chapter 219, Statutes of 1977). It is the intent of the Legislature in making this appropriation to replace moneys not included in Item 241.2 of the Budget Act of 1977 in anticipation of the reduction of revenues which will occur during the 1977–78 fiscal year as a result of the changes in the law made by this act.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

In order for community care licensing fees to be established which will not cause undue financial hardship and will not reduce the availability of sufficient facilities for placement of mentally and developmentally disabled persons and be effective early in the 1977–78 fiscal year, it is necessary for this act to take effect immediately.

CHAPTER 418

An act to amend Section 2525.12 of the Business and Professions Code, relating to podiatry.

[Approved by Governor August 27, 1977. Filed with Secretary of State August 27, 1977]

The people of the State of California do enact as follows:

SECTION 1. Section 2525.12 of the Business and Professions Code is amended to read:

2525.12. (a) Every certificate to practice podiatric medicine may be suspended or revoked. The Division of Allied Health Professions shall refuse a certificate to any applicant guilty of unprofessional conduct. All grounds for the denial, suspension or revocation of a physicians and surgeon's certificate shall constitute grounds for denial, suspension or revocation of a certificate to practice podiatric medicine.

(b) The examining committee shall hear all matters assigned to it by the Division of Allied Health Professions, including but not limited to, any contested case or any petition for reinstatement, restoration or modification of probation. Except as otherwise provided in this chapter, all such hearings shall be conducted in accordance with the provisions of Chapter 5 (commencing with Section 11500), Part 1, Division 3, Title 2 of the Government Code. If a contested case is heard by the examining committee, the hearing officer who presided at the hearing shall be present during the committees consideration of the case and, if requested, shall assist and advise the committee.

(c) At the conclusion of the hearing, the examining committee shall prepare a proposed decision in such form that it may be adopted by the Division of Allied Health Professions as the decision in the case, and shall transmit it to the Division of Allied Health Professions. The proposed decision shall be subject to the same procedure as a proposed decision of a hearing officer under subdivisions (b) and (c) of Section 11517 of the Government Code.

SEC. 2. The Legislature recognizes that the Division of Allied Health Professions, in conjunction with the Podiatry Examining Committee, has authority to deny certificates to practice podiatry and to discipline the holders of such certificates. This act is merely a clarification of such authority and does not constitute a substantive change from existing law.

The people of the State of California do enact as follows:

SECTION 1. Section 15061 of the Food and Agricultural Code is amended to read:

The director may, based upon a finding and recommendation of the Feed Inspection Advisory Board, determine the specific rate necessary to provide the revenue needed to carry out the provisions of this chapter. The director and the Feed Inspection Advisory Board shall not exceed the maximum tonnage rate established by this section.

CHAPTER 420

An act to amend Section 33200 of the Health and Safety Code, relating to redevelopment, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 27, 1977. Filed with Secretary of State August 27, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 33200 of the Health and Safety Code is amended to read:

33200. (a) As an alternative to the appointment of five members of the agency, the legislative body may, at the time of the adoption of an ordinance pursuant to Section 33101 or 33140 of this part, or at any time thereafter by adoption of an ordinance, declare itself to be the agency; in which case, all the rights, powers, duties, privileges and immunities, vested by this part in an agency, except as otherwise provided in this article, shall be vested in the legislative body of the community.

However, in any community in San Bernardino County which is a charter city, the adoption of any order or resolution by the legislative body acting as the agency shall be governed by the same procedures as are set forth in the provisions of the charter, and the

mayor shall be the chairman of the agency, having the same power and authority in the conduct of the agency and the meetings of the legislative body acting as the agency, that the mayor has in the conduct of the affairs of the city, except that the mayor shall not have a veto power over any order or resolution of the agency.

As part of the legislative body's ordinance declaring itself to be the redevelopment agency pursuant to this subdivision, the legislative body shall make findings that such action will serve the public interest and promote the public safety and welfare in an effective manner.

(b) In the event an appointive agency has been designated and has been in existence for at least three years, the legislative body shall not adopt an ordinance declaring itself to be the agency without first conducting a public hearing on the proposed ordinance.

Notice of the public hearing required by this subdivision shall be published not less than once during the 10 calendar days immediately prior to the hearing in a newspaper of general circulation, printed and published in the community, or if there is none, in a newspaper selected by the legislative body. The notice of hearing shall include a general statement of the procedure and effect of the legislative body's declaring itself to be the agency. Copies of the notice shall be posted throughout the affected project area or areas at least 10 calendar days prior to the hearing. The legislative body shall also mail by first-class mail copies of the notice at least 10 calendar days prior to the hearing, to all persons who have expressed to the agency or the legislative body an interest in receiving information on redevelopment activities.

The legislative body shall cause the preparation of any report or reports or proposals, as are necessary to substantiate and explain the determination that the legislative body will declare itself the redevelopment agency, to be presented at the public hearing.

As part of the legislative body's ordinance declaring itself to be the redevelopment agency pursuant to this subdivision, the legislative body shall make findings that (1) such action will serve the public interest and promote the public safety and welfare in a more effective manner than the current organization, and (2) there has been full public disclosure of all reports and proposals relating to the legislative body's intent to declare itself the redevelopment agency.

SEC. 2. The Legislature hereby finds and declares that a special situation is presented in San Bernardino County which would cause uncertainty and disruption to the housing market, extensive litigation, and disruption of coordination of redevelopment plans in charter cities in San Bernardino County if not remedied by legislation. The Legislature further finds and declares that a general act cannot be made applicable to this special situation and that it is, therefore, necessary to enact this special act with respect to redevelopment in charter cities in San Bernardino County.

SEC. 3. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within

the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Uncertainty and disruption would occur in the housing market in charter cities in San Bernardino County if there is a delay in the taking of effect of this act. The act is necessary to assure coordinated redevelopment plans in charter cities in San Bernardino County and to prevent extensive litigation which would disrupt redevelopment programs for a lengthy time in charter cities in San Bernardino County. Redevelopment is vital to the economic and social welfare of charter cities in San Bernardino County.

CHAPTER 421

An act relating to the Fullerton Joint Union High School District, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 27, 1977 Filed with Secretary of State August 27, 1977]

The people of the State of California do enact as follows:

SECTION 1. The Fullerton Joint Union High School District may continue to use school buildings located on school farms that are used in supporting the argricultural programs under the jurisdiction of the governing board of the district, and during the period of continued use, such buildings shall not be subject to any of the provisions of Article 3 (commencing with Section 39410) of Article 6 (commencing with Section 39210) of Chapter 2 of Part 23 of the Education Code.

SEC. 2. This act shall remain operative only until June 30, 1979, and as of such date is repealed

SEC. 3. Due to the unique circumstances relating to the repairs, reconstruction, or replacement of school buildings located on the school farms that are used in supporting the agricultural programs of the Fullerton Joint Union High School District, and the limited nature of the exemption provided for in Section 1 of this act, the Legislature finds and declares that a general statute cannot be made applicable within the meaning of Section 16 of Article IV of the Constitution

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The purpose of this act is to grant the Fullerton Joint Union High School District a reasonable extension, until June 30, 1979, to bring certain school buildings located on the school farms at La Habra High School, Sonora High School, and Sunny Hills High School up to earthquake safety standards prescribed by legislation that is

commonly known as the Field Act.

The Fullerton Joint Union High School District has already completed corrective measures regarding the school buildings at the school farms located at the district's two other high schools that offer agricultural programs. All of the district's school buildings other than those located on the farms at the three high schools in question comply with the earthquake standards that are specified in the legislation commonly known as the Field Act. In order to avoid interruption of the educational process, it necessary that this act go into immediate effect.

CHAPTER 422

An act relating to leased school buildings, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 27, 1977 Filed with Secretary of State August 27, 1977]

The people of the State of California do enact as follows:

SECTION 1. Notwithstanding any other provision of the law to the contrary, a single story, wood frame, temporary use building leased by the governing board of a unified school district for the period August 19, 1974, to August 18, 1977, for the purpose of establishing and maintaining a continuation school for approximately 50 pupils, may be leased and utilized for such purpose for an additional period not beyond August 18, 1978, as a temporary use building not subject to the provisions of Article 3 (commencing with Section 39140) and Article 6 (commencing with Section 39210) of Chapter 2 of Part 23 of Division 3 of the Education Code, provided the State Allocation Board finds that the district has demonstrated its ability to provide a replacement facility conforming to standards established pursuant to the aforementioned Article 3 (commencing with Section 39140), which will be ready for occupancy by September 1, 1978.

SEC. 2. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

The Las Virgenes Unified School District has been operating a continuation school for 50 pupils in a leased, single story, wood frame building since August 1974. Existing law permits the use of such temporary use leased building for a period of not to exceed three years without such building being required to meet the structural safety requirements of the so-called Field Act. The district is in the process of acquiring a site and establishing a new Field Act-conforming facility using portable classrooms. Under existing law the district cannot continue to operate the leased facility after

August 18, 1977, and the new facilities cannot be completed by this time.

SEC. 3. This act shall remain in effect only until August 19, 1978, and on that date is repealed.

CHAPTER 423

An act to amend Section 1773.2 of the Labor Code, relating to public works wages.

The people of the State of California do enact as follows:

SECTION 1. Section 1773.2 of the Labor Code is amended to read:

1773.2. The body awarding any contract for public work, or otherwise undertaking any public work, shall specify in the call for bids for the contract, and in the bid specifications and in the contract itself, what the general rate of per diem wages is for each craft, classification or type of workman needed to execute the contract.

The awarding body shall also cause a copy of the determination of the director of the prevailing rate of per diem wages to be posted at each job site.

In order to resolve an apparent conflict between state law and regulations adopted by the Public Utilities Commission, it is necessary that this act shall go into immediate effect.

CHAPTER 425

An act to amend Sections 2145.5, 2145.6, 2147.5, and 2147.6 of the Business and Professions Code, relating to medicine, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor August 27, 1977 Filed with Secretary of State August 27, 1977]

The people of the State of California do enact as follows.

SECTION 1. Section 2145.5 of the Business and Professions Code is amended to read:

2145.5. (a) When clearly outstanding physicians who are leaders in important fields in medicine and surgery and who are graduates

of medical schools other than those of the United States are greatly needed to fill important full-time faculty positions in approved California medical schools for the teaching of medical students who are candidates for the degree "doctor of medicine," and if such physician has been offered by the dean of the medical school a full-time faculty appointment, the Board of Medical Quality Assurance may review the credentials of such physician and may decide whether to require such physician to pass an oral or a written examination, and may grant a certificate of registration to engage in the practice of medicine only to the extent that such practice is incident to and a necessary part of his duties as approved by the Division of Licensing in connection with the faculty position in the medical school. Such certificate of registration shall be valid for a period of not more than five years and shall be renewable at the discretion of the board and during which period he shall not otherwise hold himself out as a physician and surgeon in this state.

(b) A physician who receives and has held a valid certificate of registration under subdivision (a) for at least two years and who desires an unlimited physician's and surgeon's certificate in this state may, upon application to, and if approved by, the Board of Medical Quality Assurance, be granted an unlimited physician's and surgeon's certificate. An applicant for such unlimited certificate shall take and pass an oral and clinical examination. Notwithstanding any other provision of law, the board shall accept time spent in an appointment pursuant to subdivision (a) as qualifying time to meet the requirements of full licensure.

SEC. 2. Section 2145.6 of the Business and Professions Code is amended to read:

2145.6. (a) Any applicant not immediately entitled to an unlimited physicians and surgeons certificate under any other provision of this chapter who is offered by the dean of an approved California medical school a full-time faculty position may, after application to and approval by the board, be granted a certificate of registration to engage in the practice of medicine only to the extent that such practice is incident to and a necessary part of his duties as approved by the Division of Licensing in connection with the faculty position in the medical school.

(b) To qualify for a certificate pursuant to subdivision (a), an applicant shall satisfy each of the following requirements:

(1) He shall furnish documentary evidence satisfactory to the board that he is a United States citizen or, if not a citizen, that he is legally admitted to the United States.

(2) If he is a graduate of a medical school other than in the United States or Canada, he shall furnish documentary evidence satisfactory to the board that he has been licensed to practice medicine and surgery for not less than four years in the United States or in a country or countries whose requirements for licensure are satisfactory to the board, or has been engaged in the practice of medicine in the United States for at least four years in hospitals

approved for postgraduate training, or has completed a combination of such licensure and practice.

If he is a graduate of an approved medical school in the United States or Canada, he shall furnish documentary evidence satisfactory to the board that he has completed in such school a resident course of professional instruction equivalent to that required by Sections 2191 and 2192.

(3) He shall take and pass an oral and clinical examination if required by the board.

(4) The chairman of the department in which he is to be appointed shall certify in writing to the board that the applicant will be under his direction and will not be permitted to practice medicine or surgery unless incident to and a necessary part of his duties as approved by the Division of Licensing in connection with the faculty position in the medical school.

(c) A certificate may be valid for a period of up to one year after its issuance. During the period for which a certificate has been issued pursuant to this section, the applicant shall take the written examination required for the issuance of an unlimited physicians and surgeons certificate in this state.

If the applicant does not pass the examination, the certificate issued pursuant to this section shall nevertheless be effective for the period issued and if the effective period of the certificate will lapse before he can repeat the examination, the certificate may be renewed, subject to the discretion of the board, for a period not in excess of one year.

(d) Any graduate of a medical school other than in the United States or Canada who is serving an appointment pursuant to this section and desires full licensure in this state shall meet the requirements of Section 2193. Notwithstanding any other provision of law, the board may accept time spent in an appointment pursuant to this section as qualifying time to meet the requirements under Section 2193.

SEC. 3. Section 2147.5 of the Business and Professions Code is amended to read:

2147.5. Except to the extent authorized by law, no postgraduate trainee, intern, resident, postdoctoral fellow, or instructor may treat the sick or afflicted or receive compensation therefor, or otherwise engage in or offer to engage in the practice of medicine or surgery unless he shall hold a valid, unrevoked and unsuspended physician's and surgeon's certificate issued by the Board of Medical Quality Assurance of this state. A graduate of an approved school, who is registered with the board and who is enrolled in approved postgraduate training, may treat the sick and afflicted whenever and wherever required as a part of such program under the following conditions:

(a) Any graduate of an approved medical school who is registered with the board may, in an approved first-year postgraduate training program, for a period not to exceed one year, treat the sick and

afflicted whenever and wherever required as a part of his training program, and may receive compensation for rendering such treatment.

(b) Any graduate of an approved medical school who has completed his first year of postgraduate training and is registered with the board may, in an approved residency, treat the sick and afflicted whenever and wherever required as part of his training program and may receive compensation therefor; provided, that such resident shall qualify for and take the next succeeding written examination for licensure given by the board, or shall qualify for and receive a physician's and surgeon's certificate by one of the other methods specified in this chapter. If he shall fail to pass such an examination or fail to receive a license to practice medicine by one of the other methods specified in this chapter within a year, all privileges under this section shall automatically cease.

SEC. 4. Section 2147.6 of the Business and Professions Code is amended to read:

2147.6. (a) Physicians, who are legally admitted to the United States of America, who seek postgraduate study in an approved medical school either as a fellow, instructor, or exchange professor, may, after proper application to and approval by the board and receipt of an appointment from the dean of an approved medical school, be permitted by the board to participate in the professional activities of the department in the approved medical school to which they are appointed under the direction of the chairman of the department. Such permission granted by the board shall be for a period not in excess of five years, and must be renewed annually. Such renewal shall only be granted subject to the discretion of the board.

(b) Physicians, who are legally admitted to the United States of America on a temporary basis, who seek postgraduate study may, after application to and approval by the board, be permitted to participate in a fellowship program in a specialty or subspecialty field, providing the fellowship program is given in a hospital in the State of California approved by the Joint Committee on Accreditation and providing the service is satisfactory to the board. Such persons shall at all times be under the direction and supervision of a licensed, board-certified physician who is recognized as a clearly outstanding specialist in the field in which the foreign fellow is to be trained. The supervisor, as part of the application process, shall submit his curriculum vitae and a protocol of the fellowship program to be completed by the foreign fellow. Approval of the program and supervisor is to be for a period of one year, but may be renewed for another year upon application to and approval by the board. Such approval may not be renewed more than four times.

The board is authorized to determine a suitable fee, based on the cost of operating this program, which shall be paid by the applicant at the time application is filed.

(c) Except to the extent authorized by this section, no such

visiting physician may treat the sick or afflicted or receive compensation therefor or otherwise engage in or offer to engage in the practice of medicine and surgery.

The time spent in an approved medical school pursuant to this section shall not be used to satisfy the requirements contained in Sections 2193 and 2193.5.

Nothing in this section shall preclude any United States citizen who has received his or her medical degree from a medical school located in a foreign country from participating in any program established pursuant to this section.

SEC. 5. This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the Constitution and shall go into immediate effect. The facts constituting such necessity are:

Current medical residency training programs are unduly restrictive by statute; while nonhospital settings for such programs are not even authorized by law.

In addition, clearly outstanding physicians whose talents are needed in many hospitals are precluded by current law from teaching or performing research in all but a few primary teaching hospitals.

In order to remedy these defects in existing law, it is necessary that this act take effect immediately.

CHAPTER 426

An act to amend Section 647 of the Penal Code, relating to vehicles.

[Approved by Governor August 27, 1977 Filed with Secretary of State August 27, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 647 of the Penal Code is amended to read:

647. Every person who commits any of the following acts is guilty of disorderly conduct, a misdemeanor:

(a) Who solicits anyone to engage in or who engages in lewd or dissolute conduct in any public place or in any place open to the public or exposed to public view.

(c) Who accosts other persons in any public place or in any place open to the public for the purpose of begging or soliciting alms.

(d) Who loiters in or about any toilet open to the public for the purpose of engaging in or soliciting any lewd or lascivious or any unlawful act.

(e) Who loiters or wanders upon the streets or from place to place

without apparent reason or business and who refuses to identify himself and to account for his presence when requested by any peace officer so to do, if the surrounding circumstances are such as to indicate to a reasonable person that the public safety demands such identification.

(f) Who is found in any public place under the influence of intoxicating liquor, any drug, toluene, any substance defined as a poison in Schedule D of Section 4160 of the Business and Professions Code, or any combination of any intoxicating liquor, drug, toluene, or any such poison, in such a condition that he is unable to exercise care for his own safety or the safety of others, or by reason of his being under the influence of intoxicating liquor, any drug, toluene, any substance defined as a poison in Schedule D of Section 4160 of the Business and Professions Code, or any combination of any intoxicating liquor, drug, toluene, or any such poison, interferes with or obstructs or prevents the free use of any street, sidewalk, or other public way.

(ff) When a person has violated subdivision (f) of this section, a peace officer, if he is reasonably able to do so, shall place the person, or cause him to be placed, in civil protective custody. Such person shall be taken to a facility, designated pursuant to Section 5170 of the Welfare and Institutions Code, for the 72-hour treatment and evaluation of inebriates. A peace officer may place a person in civil protective custody with that kind and degree of force which would be lawful were he effecting an arrest for a misdemeanor without a warrant. No person who has been placed in civil protective custody shall thereafter be subject to any criminal prosecution or juvenile court proceeding based on the facts giving rise to such placement. This subdivision shall not apply to the following persons:

(1) Any person who is under the influence of any drug, or under the combined influence of intoxicating liquor and any drug.

(2) Any person who a peace officer has probable cause to believe has committed any felony, or who has committed any misdemeanor in addition to subdivision (f) of this section.

(3) Any person who a peace officer in good faith believes will attempt escape or will be unreasonably difficult for medical personnel to control.

(g) Who loiters, prowls, or wanders upon the private property of another, in the nighttime, without visible or lawful business with the owner or occupant thereof.

(h) Who, while loitering, prowling, or wandering upon the private property of another, in the nighttime, peeks in the door or window of any inhabited building or structure located thereon, without visible or lawful business with the owner or occupant thereof.

(i) Who lodges in any building, structure, vehicle, or place, whether public or private, without the permission of the owner or person entitled to the possession or in control thereof.

In any accusatory pleading charging a violation of subdivision (b) of this section, if the defendant has been once previously convicted

of a violation of that subdivision, the previous conviction shall be charged in the accusatory pleading; and, if the previous conviction is found to be true by the jury, upon a jury trial, or by the court, upon a court trial, or is admitted by the defendant, the defendant shall be imprisoned in the county jail for a period of not less than 45 days and shall not be eligible for release upon completion of sentence, on parole, or on any other basis until he has served a period of not less than 45 days in the county jail. In no such case shall the trial court grant probation or suspend the execution of sentence imposed upon the defendant.

In any accusatory pleading charging a violation of subdivision (b) of this section, if the defendant has been previously convicted two or more times of a violation of that subdivision, each such previous conviction shall be charged in the accusatory pleading; and, if two or more of such previous convictions are found to be true by the jury, upon a jury trial, or by the court, upon a court trial, or are admitted by the defendant, the defendant shall be imprisoned in the county jail for a period of not less than 90 days and shall not be eligible for release upon completion of sentence, on parole, or on any other basis until he has served a period of not less than 90 days in the county jail. In no such case shall the trial court grant probation or suspend the execution of sentence imposed upon the defendant.

SEC. 2. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be any appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local governmental entities which, in the aggregate, do not result in significant, identifiable cost changes.

CHAPTER 427

An act to amend Sections 76062 and 88020 of the Education Code, and to amend Section 20810.5 of the Government Code, relating to community colleges.

[Approved by Governor August 27, 1977 Filed with Secretary of State August 27, 1977]

The governing board of any community college district may, by resolution, authorize any student body organization to conduct fundraising activities on community college property during school hours provided that the governing board has determined that such activities will not interfere with the normal conduct of the community colleges.

As otherwise authorized by law, a community college district may assume responsibility for activities formerly conducted by a student body organization. A student body organization employee who was employed to perform the activity assumed by the district pursuant to this section shall become a member of the classified service of the district in accordance with Section 88020.

SEC. 2. Section 88020 of the Education Code is amended to read:

88020. Any person not a student or substitute employee, who has been employed by a community college student body organization pursuant to Section 76062 or 81675 for a period of at least six months immediately preceding becoming a member of the classified service pursuant to Section 76062 or 81676 shall, without examination, be deemed to be a permanent classified service employee of the community college district.

This section shall apply to districts that have adopted the merit system in the same manner and effect as if it were a part of Article 3 (commencing with Section 88060) of this chapter.

SEC. 3. Section 20810.5 of the Government Code is amended to read:

20810.5. An employee of a student body organization, which is not a contracting agency, who becomes a member of the classified service of a school district pursuant to Section 76062 or 88020 of the Education Code, shall receive service credit under the contract of the county superintendent of schools within whose jurisdiction the school district lies, or under such individual district contract as may be applicable, for the time during which he was employed by the student body organization as if he had been employed by the school district during such time unless such service is credited in another publicly supported retirement system.

Service so credited shall be credited as current service or prior service, or both, as it would be credited if the member had been an employee of the school district throughout the time of the service so credited.

The county superintendent of schools or superintendent of schools of an independently contracting district shall draw a requisition against the funds of the school district for an amount equal to the total employer and employee contributions which would have been

requisitioned under Section 20585 had such service been rendered in the employ of the school district and the employer and member rates and compensation on the date of transfer had been in effect throughout the period of service credited, and transmit such amount in accordance with Section 20585.

The governing board may at its discretion establish a method of recovering a portion of, or the total liability for, the amount so requisitioned.

The amount recovered from the member for such service so credited shall be deducted from the amount transmitted and credited to the member's account.

6540.3. Each licensed barber college shall be assessed a charge of not less than two dollars ($2) nor more than five dollars ($5), as fixed by the board, for each student enrolled in such college. 6541. The board shall, from time to time, determine and fix the total amount necessary in the trust fund, but not to exceed fifty

No commissioner shall be held responsible individually for act or omission of any other member of such commission. The liability of the commissioners shall be several and not joint, and no commissioner shall be liable for the default of any other commissioner.

66585. The powers and duties of the commission shall include the following:

(a) To elect a chairman and from time to time such other officers as it may deem advisable and to delegate to such officers such administrative duties as may appear advisable.

(b) To adopt and from time to time alter, rescind, modify, and amend all proper and necessary administrative rules, regulations, and orders for the exercise of its powers and the performance of its duties, including rules for regulation of appeals from any rule, regulation, or order of the commission.

(c) To administer and enforce this chapter, and to do and perform all acts and exercise all powers incidental to, or in connection with, or deemed reasonably necessary, proper or advisable to effectuate the purposes of this chapter.

(d) To employ a manager, to serve, at the pleasure of the commission, as president and chief executive officer of the commission and other personnel, including legal counsel, that is necessary to carry out the provisions of this chapter.

(e) The Attorney General shall aid and assist the commission upon its request and shall undertake such judicial proceedings as requested by the commission to undertake on its behalf.

(f) To establish offices and incur expense, and to enter into any and all contracts and agreements, and to create such liabilities and borrow such funds in advance of receipt of assessments as may be necessary, in the opinion of the commission, for the proper administration and enforcement of this chapter and the performance of its duties.

(g) To keep accurate books, records, and accounts of all of its dealings, which books, records, and accounts shall be subject to an

annual private audit by an auditing firm approved by the Department of Finance, and, in addition, the Department of Finance may by itself audit such books, records, and accounts, at any time. Such audit shall be made a part of an annual report to all handlers of iceberg lettuce, copies of which shall also be submitted to the Legislature. In addition, the director may, as he determines necessary, conduct, or cause to be conducted, a fiscal and compliance audit of the commission.

(h) To investigate and prosecute civil violations of this chapter and to file complaints with appropriate law enforcement agencies or officers for criminal violations of this chapter.

(i) To maintain or expand the demand for iceberg lettuce nationally and abroad by means of promotional, educational, and similar programs and activities, including, but not limited to, the advertising and publicizing of iceberg lettuce in all forms of media, providing merchandising services and materials, conducting educational meetings and demonstrations, and sponsoring or participating in appropriate trade and food conferences.

(j) To undertake market, transportation, and other pertinent studies and surveys; to present facts to, and negotiate with private and governmental bodies and agencies on, matters affecting sales and distribution and other concerns of iceberg lettuce production and marketing; and to undertake any other similar activities which the commission may determine appropriate for the maintenance and expansion of present markets and the creation of new and larger markets for iceberg lettuce.

(k) To make in the name of the commission contracts to render service in formulating and conducting plans and programs, and such other contracts or agreements as the commission may deem necessary for the promotion of the sale of iceberg lettuce.

(*l*) To conduct, or contract with others to conduct, research as authorized by this chapter. In connection with such research, the commission shall have the power to accept contributions of, or to match, private, state, or federal funds that may be available for these purposes, and to employ or make contributions of funds to other persons or state or federal agencies conducting such research.

(m) To determine, subject to the limitations provided in Section 66621, not later than March 31 of each year, the assessment for the following 12-month period beginning April 1 and ending March 31.

(n) To publish and distribute without charge a bulletin or other communication for dissemination of information relating to the iceberg lettuce industry to producers, shippers, and handlers.

Article 4. Voting Procedure

66601. The provisions of this chapter, except as necessary to conduct such vote, shall not become operative until the director finds in a vote conducted by the department that not less than 65 percent of the handlers, as determined in accordance with Section

66573, have assented in writing to the provisions of this chapter, and that such handlers so voting marketed at least a majority of the total quantity of iceberg lettuce marketed in the preceding marketing season by all of the handlers who voted, or the majority of the handlers handling 65 percent of the total quantity of iceberg lettuce marketed in the preceding marketing season.

66602. The director shall establish a period in which to conduct such vote which shall not be less than 30 days nor more than 90 days from the date this section becomes operative, and may prescribe such additional procedure as may be necessary to conduct such vote.

66603. Nonreceipt of a ballot shall not invalidate such vote.

66604. If the director finds that a favorable vote has been given as provided in Section 66601, he shall so certify and announce to the commission and file notice thereof by publication in a newspaper of general circulation in each district in accordance with Section 6066 of the Government Code and shall mail a copy of such notice to all handlers whose names and addresses may be on file. All provisions of this chapter shall become operative upon completion of such publication but not before 15 days after such certification by the director to the commission.

66605. If the director finds that such assent has not been given as provided in Section 66601, he shall so certify to the commission and shall declare the provisions of this chapter inoperative.

66606. Prior to the holding of the referendum pursuant to Article 7 (commencing with Section 66661), surety companies shall post a bond or security in an amount which the director shall determine to be sufficient to pay the costs of the referendum election should such election determine that the operation of this chapter is to be suspended.

Article 5. Assessments and Records

66621. There is hereby levied and imposed upon all iceberg lettuce harvested and shipped during the fiscal year commencing April 1, 1978, and ending March 31, 1979, and in each fiscal year thereafter, an assessment to be paid by the handlers of such lettuce and fixed by 10 of the 14 handler members of the commission at that amount determined by such commissioners as reasonably necessary to pay all obligations incurred or expected to be incurred in accordance with this chapter and as reasonably necessary to carry out the objects and purposes of this chapter. However, during the first fiscal year such assessment shall not exceed one cent ($0.01) per standard carton of packed iceberg lettuce prepared for market or equivalent basis and in subsequent fiscal years such rate or rates shall not exceed two and one-half cents ($0.025) per standard carton of packed iceberg lettuce or five cents per hundred pounds ($0.05 per cwt.) of iceberg lettuce prepared for market or equivalent basis, on all iceberg lettuce delivered by producers and received by handlers.

There shall be exempt from such assessments all shipments of 150

pounds or less of iceberg lettuce sold or shipped by a handler directly to the consumer.

66622. Every handler shall keep a complete and accurate record of all iceberg lettuce handled by him and the producer thereof. Such records should be in simple form and contain such information as the commission shall prescribe by regulation. In the event such records are required to be kept under the Perishable Agricultural Commodities Act, the format provided therein may be utilized by such handlers in preparing such records.

66623. Every handler shall, at such times as the commission may by rule or regulation require, file with the commission a return, under oath, on forms to be prescribed and furnished by the commission, stating the quantity of iceberg lettuce handled by him during the period or periods of time prescribed by the commission, the names of such producers in each district for which such handling was done, and such further information as may be necessary in the discretion of the commission to carry out the object and purposes of this chapter.

66624. Any information obtained by the commission from handlers shall be confidential and shall not be disclosed except when required in a judicial proceeding.

66625. Any assessments imposed by this chapter shall be due and payable, and shall be paid, to the commission by each handler. The commission shall, by rule or regulations, prescribe the time and method of payment thereof.

66626. Any such assessments shall be paid to the commission by the handler first handling such iceberg lettuce. Every handler shall be primarily and personally liable for the payment of any such assessment. Any handler who fails to file a return or pay any assessment within the time required shall thereby forfeit to the commission a penalty of 10 percent of the amount of such assessment determined to be due. If the commission is satisfied that the delay was excusable, the delinquent handler may remit all, or any part of such penalty. Such penalty shall be paid to the commission and shall be available for expenditure in the same manner as an assessment.

66627. Prior to the vote conducted by the director pursuant to Section 66601, the proponents of the commission shall deposit with the director such amount as he may deem necessary to defray the expenses of preparing the necessary lists and information and conducting such vote. Such funds shall be received, deposited, and disbursed in the same manner as provided in Section 58961.

Article 6. Actions and Penalties

66641. The commission may, if it finds a violation of this chapter or any rule or regulation has occurred, or in the event of nonpayment of any assessment, bring a proceeding as provided under Section 66644 in its name for collection of such assessment, civil penalties, or for injunctive relief, including specific performance, or enforcement

of any obligation imposed by this chapter or any rule or regulation issued thereunder, or both, against any person violating any provisions of this chapter or any rule or regulation adopted pursuant thereto.

If the court finds, upon any application for a temporary restraining order or upon the hearing of any order to show cause why a preliminary injunction should not be issued or upon the hearing of any motion for a preliminary injunction, or if the court finds in any such action that any defendant therein is violating or has violated any provision of this chapter or any rule or regulation duly issued by the commission pursuant to this chapter, then the court shall enjoin such defendant from committing further violations and may compel performance of any obligation imposed by this chapter or any rule or regulation adopted pursuant thereto.

In any such proceeding, it shall not be necessary to allege or prove that an adequate remedy at law does not exist.

In any such proceeding, the court shall award reasonable attorney's fees incurred by the commission therein and shall, upon entry of any final judgment, enjoin any such handler from further handling until payment is made for any judgment entered for money, and from further violating or aiding in violation of this chapter or any rule or regulation of the commission. No such proceeding may be commenced until the commission has exhausted its administrative procedures prescribed by the rules and regulations of the commission.

66642. Any person aggrieved by any action of the commission may appeal to the director. The director shall review the record of the proceedings before the commission. If the director finds that the record shows by substantial evidence that the commission's action was not an abuse of discretion or illegal, he shall dismiss such appeal. If he finds such action is not substantially sustained by the record, was an abuse of discretion, or illegal, he may reverse the action of the commission.

Any such decision of the director is subject to judicial review upon petition of the commission or any party aggrieved by the decision.

66643. Any person subject to this chapter and aggrieved by any provision of this chapter or by any rule or order of the commission shall comply with and exhaust the appeal procedure prescribed by the rules and regulations of the commission, before application is made to any court for relief therefrom. The decision of the commission unless illegal, arbitrary, or without evidentiary support, shall be final and conclusive.

66644. Any proceeding by the commission to enforce the provisions of this chapter or by a handler applying for relief from rules, orders, or regulations of the commission may be commenced either in the county in which the defendent or any of the defendants reside or in which any act or omission or part thereof complained of, occurred.

66645. It shall be a misdemeanor to do any of the following:

(a) For any person to violate or aid in the violation of any provision of this chapter or any rule or regulation of the commission.

(b) For any person to willfully render or furnish a false or fraudulent report, statement, or record required by the commission pursuant to the provisions of this chapter or any rules or regulations of the commission.

(c) For any person engaged in the handling of iceberg lettuce to fail or refuse to furnish to the commission or its duly authorized agents, upon request, information concerning the names and addresses of the persons from whom he has received iceberg lettuce and the quantity of such commodity so received.

66646. Agents of the commission, upon specific written authorization signed by the chairman or secretary of the commission, shall have the right to inspect the premises, books, records, documents, and all other instruments of any carrier, railroad, truck, boat, grower, shipper, handler, dealer, or retailer, to the extent such premises, books, records, documents and other instruments pertain to persons subject to the chapter for the purpose of enforcing this chapter and collecting the assessments levied under authority of this chapter. In the event of refusal of any person to allow such inspection, the commission may apply to any court for the issuance of a subpoena to compel such an inspection.

Article 7 Suspension of Operations

66661. Upon the finding of nine of the members of the commission that the operation of the provisions of this chapter has not tended to effectuate its declared purposes, the commission may recommend to the director that the operation of this chapter shall be suspended. No such suspension shall, however, become effective until the expiration of the fiscal year then current. The director shall, upon receipt of such recommendation, or upon a petition being filed with him requesting such suspension, signed by 20 percent of the handlers, cause a vote among handlers, in accordance with Section 66573, to determine if such operation and the operations of the commission shall be suspended, and shall establish a referendum period, which shall not be less than 30 nor more than 90 days after receipt by the director of such petition. The director is authorized to prescribe such additional procedure as may be necessary to conduct such referendum.

66662. At the close of the voting period established, the director shall tabulate the ballots filed during such period If at least 65 percent of the handlers have assented in writing for such suspension, and the handlers so voting marketed at least a majority of the total quantity of iceberg lettuce marketed in the preceding marketing season by all of the handlers who voted, or the majority of the handlers handling 65 percent of the total quantity of iceberg lettuce marketed in the preceding marketing season, the director shall declare the operation of the provisions of this chapter and of the

commission suspended, effective upon expiration of the current fiscal year.

66663. After the effective date of suspension of the operation of the provisions of this chapter and of the commission, as provided in Section 66662, the operations of the commission shall be wound up and any moneys remaining held by the commission, collected by assessment and not required to defray the expenses of winding up and terminating operations of the commission, shall be returned upon a pro rata basis to all handlers from whom assessments were collected in the immediately preceding current fiscal year. However, if the commission finds that the amounts so returnable are so de minimus as to make impractical the computation and remitting of such pro rata refund to such handlers, any moneys remaining after payment of all expenses of winding up and terminating operations shall be withdrawn from the approved depository and paid into the State Treasury as unclaimed trust moneys.

66664. Upon suspension of the operation of this chapter and of the commission, as provided in Sections 66662 and 66663, a notice thereof shall be posted on a public bulletin board to be maintained by the director in his or her office, and a copy of such notice shall be published in a newspaper of general circulation in each district. The director shall also mail a copy of the notice of suspension to any producers, shippers, and handlers affected by such suspension whose names and addresses are on file with the commission.

Article 8. Miscellaneous

66681. Nothing is this chapter shall apply to any order, rule, or regulation issued or issuable by the Public Utilities Commission or the Interstate Commerce Commission with respect to the operation of common carriers.

66682. In any civil or criminal action or proceeding for violation of the Cartwright Act, the Unfair Practices Act, Section 1673 of the Civil Code, or any rule of statutory or common law against monopolies or combinations in restraint of trade, proof that the act complained of was done in compliance with the provisions of this chapter or a rule or regulation of the commission issued pursuant thereto and in furtherance of purposes and provisions thereof, shall be a complete defense to such action or proceeding.

66683. The commission shall reimburse to the director all expenses incurred by the director in carrying out his duties and responsibilities under this chapter, except for the expenses incurred for any action under Section 66561.4.

66684. This chapter shall be liberally construed. If any section, clause, or part of this chapter is for any reason held to be unconstitutional or invalid as applied to any person or as applied under certain circumstances, such decision shall not affect the remaining portions of this chapter nor the application of this chapter to any other persons or under any other circumstances.

Article 9. Continuation

66701. Between January 1 and March 31 of each fifth calendar year commencing with the year 1982, the director shall cause a vote to be conducted among handlers in the manner prescribed in Section 66601 to determine whether the operations of the provisions of this chapter shall be reapproved and continued effective. The vote for approval and continuation shall be the same as used for the original approval of the provisions of this chapter. If a favorable vote has been given, the director shall so certify and announce to the commission and all provisions of this chapter shall remain in effect. If the director finds that a favorable vote has not been given, he shall so certify and announce to the commission and he shall declare the operation of the provisions of this chapter and the commission suspended upon the expiration of the current fiscal year ending March 31. Thereupon, the operations of the commission shall be wound up and funds distributed in the manner provided in Sections 66663 and 66664. No bond or security shall be required for any such referendum.

SEC 2. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be an appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local governmental entities and school districts which, in the aggregate, do not result in significant identifiable cost changes.

CHAPTER 435

An act to amend Section 53091 of, and to add Section 53096 to, the Government Code, relating to zoning.

[Approved by Governor August 29, 1977 Filed with Secretary of State August 30, 1977]

The people of the State of California do enact as follows.

SECTION 1. Section 53091 of the Government Code is amended to read.

53091 Each local agency shall comply with all applicable building ordinances and zoning ordinances of the county or city in which the territory of the local agency is situated. On projects for which state school building aid is requested by a local agency for construction of school facilities the county or city planning commission in which said agency is located shall consider in its review for approval information relating to attendance area enrollment, adequacy of the site upon which the construction is proposed, safety features of the site and proposed construction, and present and future land utilization, and

report thereon to the State Allocation Board. If the local agency is situated in more than one city or county or partly in a city and partly in a county, the local agency shall comply with such ordinances of each county or city with respect to the territory of the local agency which is situated in the particular county or city and the ordinances of a county or city shall not be applied to any portion of the territory of the local agency which is situated outside the boundaries of the county or city. Notwithstanding the preceding provisions of this section, this section does not require a school district or the state when acting under the State Contract Act to comply with the building ordinances of a county or city. Notwithstanding the preceding provisions of this section, this section does not require a school district to comply with the zoning ordinances of a county or city unless such zoning ordinance makes provision for the location of public schools and unless the city or county planning commission has adopted a master plan.

Each local agency required to comply with building ordinances and zoning ordinances pursuant to this section and each school district whose school buildings are inspected by a county or city pursuant to Section 53092 shall be subject to the provisions of the applicable ordinances of a county or city requiring the payment of fees but the amount of such fees charged a local agency or school district shall not exceed the amount charged under the ordinance to nongovernmental agencies for the same services or permits. Building ordinances of a county or city shall not apply to the location or construction of facilities for the production, generation, storage, or transmission of water or electrical energy by a local agency.

Zoning ordinances of a county or city shall not apply to the location or construction of facilities for the production, generation, storage, or transmission of water or for the the production or generation of electrical energy, nor to facilities which are subject to Section 12808.5 of the Public Utilities Code, nor to electrical substations in an electrical transmission system which receives electricity at less than 100,000 volts. Zoning ordinances of a county or city shall apply to the location or construction of facilities for the storage or transmission of electrical energy by a local agency; provided, that such zoning ordinances make provision for such facilities.

SEC. 2. Section 53096 is added to the Government Code, to read:

53096. (a) Notwithstanding any other provisions of this article, the governing board of a local agency, by vote of four-fifths of its members, may render a city or county zoning ordinance inapplicable to a proposed use of property if the local agency at a noticed public hearing determines by resolution that there is no feasible alternative to its proposal, except when the proposed use of the property by such local agency is for facilities not related to storage or transmission of water or electrical energy, including, but not limited to, warehouses, administrative buildings or automotive storage and repair buildings. The governing board of a local agency may make such determinations at the time it approves an environmental impact

report on its proposal required by Division 13 (commencing with Section 21000) of the Public Resources Code. Mailed notice of the public hearing shall be provided at least 10 days prior to the hearing, to the owners of all property within 300 feet of the location of the proposed facility and a notice shall be posted in a conspicuous place at the proposed site of such facility. If mailed notice as required above would result in notice to more than 250 persons, as an alternative to such mailed notice, notice may be given by placing a display advertisement of at least one-fourth page in a newspaper of general circulation within the area affected by the proposed facility and by posting such notice in a conspicuous place at the proposed site of such facility.

(b) The board shall, within 10 days, notify the city or county, whose zoning ordinance has been rendered inapplicable under subdivision (a), of such action. If such governing board has taken such action the city or county may commence an action in the superior court of the county whose zoning ordinance is involved or in which is situated the city whose zoning ordinance is involved, seeking a review of such action of the governing board to determine whether it was supported by substantial evidence. The evidence before the court shall include the record of the proceedings before the city, county, and district. The city or county shall cause a copy of the complaint to be served on the board. If the court determines that such action was not supported by substantial evidence, it shall declare it to be of no force and effect, and the zoning ordinance in question shall be applicable to the use of the property by such local agency.

(c) "Feasible" as used in this section means capable of being accomplished in a successful manner within a reasonable period of time, taking into account economic, environmental, social, and technological factors.

SEC. 3. The provisions of this act shall not apply to any facilities for which onsite construction has begun at the time this act becomes effective.

CHAPTER 437

An act to amend Section 32912 of the Food and Agricultural Code, relating to food and agriculture.

[Approved by Governor August 29, 1977 Filed with Secretary of State August 30, 1977]

The people of the State of California do enact as follows:

SECTION 1. Section 32912 of the Food and Agricultural Code is amended to read:

billed with the correct name of the product.

(b) Every milk product or product resembling a milk product containing any ingredient other than a milk product, when packaged for intended sale, shall bear a label stating the common or usual name of each ingredient in descending order of predominance by weight. SEC. 2. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be an appropriation made by this act because the Legislature recognizes that during any legislative session a variety of changes to laws relating to crimes and infractions may cause both increased and decreased costs to local governmental entities and school districts which, in the aggregate, do not result in significant identifiable cost changes.

Therefore, the Legislature finds the public interest served by determination of the legitimate use of the title "nurse practitioner" by registered nurses.

In setting such standards, the board shall consult with nurse practitioners, physicians and surgeons with expertise in the nurse practitioner field, and health care organizations utilizing nurse practitioners. Established standards shall apply to persons without regard to the date of meeting such standards. If the board sets standards for use of nurse practitioner titles which include completion of an academically affiliated program, it shall provide equivalent standards for registered nurses who have not completed such a program.

2837. Nothing in this article shall be construed to limit the current scope of practice of a registered nurse authorized pursuant to this chapter.

SEC. 3. The Legislative Analyst shall report to the Legislature on or before January 1, 1980, on the standards adopted by the Board of Registered Nursing pursuant to this act.

(d) Upon termination of the landlord's interest in the dwelling unit in question, whether by sale, assignment, death, appointment of receiver or otherwise, the landlord or his agent shall, within a reasonable time, do one of the following acts, either of which shall relieve him of further liability with respect to such payment or deposit:

CHAPTER 442

An act to amend Sections 4600 and 4601.5 of the Labor Code, relating to interpreter's fees, and making an appropriation therefor.

[Approved by Governor August 29, 1977. Filed with Secretary of State August 30, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 4600 of the Labor Code is amended to read:

4600. Medical, surgical, chiropractic, and hospital treatment, including nursing, medicines, medical and surgical supplies, crutches, and apparatus, including artificial members, which is reasonably required to cure or relieve from the effects of the injury shall be provided by the employer. In the case of his neglect or refusal seasonably to do so, the employer is liable for the reasonable expense incurred by or on behalf of the employee in providing treatment. After 30 days from the date the injury is reported, the employee may be treated by a physician of his own choice or at a facility of his own choice within a reasonable geographic area.

In accordance with the rules of practice and procedure of the appeals board, the employee, or the dependents of a deceased employee, shall be reimbursed for expenses reasonably, actually, and necessarily incurred for X-rays, laboratory fees, medical reports, medical testimony, and, as needed, interpreter's fees, to prove a contested claim. The reasonableness of and necessity for incurring such expenses to prove a contested claim shall be determined with respect to the time when such expenses were actually incurred. Expenses of medical testimony shall be presumed reasonable if in conformity with the fee schedule charges provided for impartial medical experts appointed by the administrative director.

Where at the request of the employer, the employer's insurance carrier, the administrative director, the appeals board or a referee, the employee submits to examination by a physician, he shall be entitled to receive in addition to all other benefits herein provided all reasonable expenses of transportation, meals and lodging incident to reporting for such examination, together with one day of temporary disability indemnity for each day of wages lost in submitting to such an examination. "Reasonable expenses of transportation" includes mileage fees from the employee's home to the place of the examination and back at the rate of fourteen cents ($0.14) a mile, plus any bridge tolls. Such mileage and tolls shall be paid to the employee at the time he is given notification of the time and place of the examination.

SEC. 2. Section 4601.5 of the Labor Code is amended to read:

4601.5. All fees and expenses of the employee, or the dependents of a deceased employee, incurred for X-rays, laboratory fees, medical reports, medical records, medical testimony, and, as needed,

interpreter's fees, necessary to prove a contested claim, for which the employer is liable under the second paragraph of Section 4600, shall, upon receipt by the employer of all reports and documents required by the administrative director incident to such services, be paid to whom said funds and expenses are due, as follows:

(a) Except as provided in subdivision (b), within 60 days after receipt by the employer of each separate, written billing, and where payment is not made within such period, that portion of the billed sum then unpaid shall be increased by 10 percent, together with interest thereon at the rate of 7 percent per annum. Where the employer, within the 60-day period, contests the reasonableness and necessity for incurring such fees, services, and expenses, payment shall be made within 20 days of the filing of an order of the appeals board directing payment.

(b) Where requested by the employee, or the dependents of a deceased employee, within 20 days from the filing of an order of the appeals board directing payment, and where payment is not made within such period, that portion of the billed sum then unpaid shall be increased by 10 percent, together with interest thereon at the rate of 7 percent per annum retroactive to the date of the filing of the order of the board directing payment.

The employer shall notify, in writing, the provider of the services, the employee, or if represented, his attorney, if the employer contests the reasonableness and necessity of incurring such expenses, and shall indicate the reasons therefor.

The provisions of Sections 5800 and 5814 shall not apply to this section.

SEC. 3. Notwithstanding Section 2231 of the Revenue and Taxation Code, there shall be no reimbursement pursuant to that section nor shall there be any appropriation made by this act because the duties, obligations, or responsibilities imposed on local government by this act are minor in nature and will not cause any financial burden to local government.

(a) If the affidavits in support of the petition show that the licensee has engaged or is about to engage in acts or omissions constituting a violation of a chapter of this code and if the court is satisfied that permitting the licensee to continue to engage in the business or profession for which the license was issued will endanger the public health, safety, or welfare, the court may issue an order temporarily restraining the licensee from engaging in the profession for which he is licensed.

(b) Such order may not be issued without notice to the licensee unless it appears from facts shown by the affidavits that serious injury would result to the public before the matter can be heard on notice.

(c) Except as otherwise specifically provided by this section, proceedings under this section shall be governed by Chapter 3 (commencing with Section 525) of Title 7 of Part 2 of the Code of Civil Procedure, except that no undertaking shall be required.

(d) When a restraining order is issued pursuant to this section, or within a time to be allowed by the superior court, but in any case not more than 30 days after the restraining order is issued, an accusation shall be filed with the board pursuant to Section 11503 of the Government Code. The accusation shall be served upon the licensee as provided by Section 11505 of the Government Code. The licensee shall have all of the rights and privileges available as specified in Chapter 5 (commencing with Section 11500) of Part 1 of Division 3 of Title 2 of the Government Code; however, if the licensee requests a hearing on the accusation, the board must provide the licensee with a hearing within 30 days of the request and a decision within 15 days of the date of the conclusion of the hearing, or the court may nullify the restraining order previously issued. Any restraining order issued pursuant to this section shall be dissolved by operation of law at such time the board's decision is subject to judicial review pursuant to Section 1094.5 of the Code of Civil Procedure.

SEC. 2. It is the intention of the Legislature that this act apply to each licensee of each board or bureau licensed under Division 3 (commencing with Section 5000) or Chapter 2 (commencing with Section 18600) or Chapter 3 (commencing with Section 19000) of Division 8 of the Business and Professions Code.

CHAPTER 453

An act to amend Sections 1461.1 and 1754 of the Probate Code, relating to the establishment of guardianships and conservatorships.

[Approved by Governor August 29, 1977. Filed with Secretary of State August 30, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 1461.1 of the Probate Code is amended to read:

1461.1. Upon receipt of the affidavit or certificate attesting to the proposed wards inability to attend the hearing, the court shall appoint a court investigator to personally interview the proposed ward and to inform him as to the contents of the citation, the nature, purpose and effect of the proceeding, and of his right to oppose the proceeding, attend the hearing, have the matter tried by jury and be represented by counsel. The investigator shall also determine whether it appears that the proposed ward is unable to attend the hearing, whether the proposed ward wishes to contest the establishment of the guardianship, whether the proposed ward objects to the proposed guardian or whether he or she prefers another person to act as guardian, whether the proposed ward wishes to be represented by counsel, and if so, whether the proposed ward has retained counsel, and if not, the name of an attorney the proposed ward wishes to retain.

The court investigator shall report his findings, including the proposed ward's express statement concerning representation by counsel, in writing, to the court at least five days before the date set for hearing.

As used in this chapter, a "court investigator" or "investigator" is a person trained in law who is an officer or special appointee of the court with no personal or other beneficial interest in the proceedings.

SEC. 2. Section 1754 of the Probate Code is amended to read:

1754. Any person or any relative or friend of any person, other than a creditor of the proposed conservatee, may file a verified petition

alleging that the appointment of a conservator is required. The petition shall set forth, so far as they are known to the petitioner, the names and residences of the spouse, if any, and of the relatives of the proposed conservatee within the second degree. Upon the filing of the petition, the clerk shall set the petition for hearing by the court. Notice of the nature of the proceedings and of the time and place of the hearing on the petition shall be mailed by the petitioner to the spouse, if any, and to each of such relatives, and if the proposed conservatee is an "absentee" as defined in Section 1751.5, to the secretary concerned or to the head of the United States department or agency concerned, as the case may be, at least 15 days before such hearing date. If the proposed conservatee is an "absentee," as defined in Section 1751.5, such notice shall also be published pursuant to Section 6061 of the Government Code in a newspaper of general circulation in the county in which the proceedings will be held.

If the petition is filed by a person other than the proposed conservatee, the clerk shall issue a citation directed to the proposed conservatee setting forth the time and place of the hearing. The citation shall include a specific delineation of the legal standards by which the need for a conservatorship is adjudged as stated in Section 1751, and shall state that the proposed conservator may be adjudged unable to provide for his personal needs or manage his financial resources, and by reason thereof, a conservator may be appointed for his person and property or person or property, that such adjudication may transfer the proposed conservatees' right to contract, manage and control his property, and to fix his residence to the appointed conservator, that the court or a court investigator will explain the nature, purpose and effect of the proceeding to the proposed conservatee and answer questions concerning such explanation, that the proposed conservatee shall have the right to appear at such hearing and oppose such petition, that he shall have the right to legal counsel of his own choosing, including the right to have legal counsel appointed for him by the court if he is unable to retain one, and that he has the right to a jury trial if he so desires.

The citation, and a copy of the petition, shall be served upon the proposed conservatee in the same manner provided for in Section 415.10 or 415.30 of the Code of Civil Procedure or in such manner as may be authorized by the court, at least 10 days before the time of the hearing. No such citation shall, however, be required if the proposed conservatee is an "absentee" as defined in Section 1751.5.

The proposed conservatee, if he is the petitioner, or if he is in the state at date of service and, if able to attend, shall be produced at the hearing, and, if not able to attend by reason of medical inability, such inability shall be established by the affidavit or certificate of a duly licensed medical practitioner. If the proposed conservatee is an adherent of a religion whose tenets and practices call for reliance on prayer alone for healing and is under treatment by an accredited practitioner of such religion, an affidavit as to his or her medical inability to attend by an accredited practitioner shall be acceptable.

Emotional or psychological instability shall not be considered good cause for the absence of the proposed conservatee within the meaning of this section, unless, by reason of such instability, attendance at the hearing is likely to cause serious and immediate physiological damage to the proposed conservatee. The medical affidavit shall be evidence only of the proposed conservatee's medical inability to attend the hearing and shall not be considered in determining the issue of need for appointment of a conservator. If the proposed conservatee is an "absentee" as defined in Section 1751.5 his inability to attend the hearing shall be established by a certificate complying with Section 1283 of the Evidence Code, showing the determination of the Secretary of the Military Department or the head of the department, or agency concerned or his delegate, as the case may be, that the "absentee" is in missing status.

Upon the receipt of the affidavit or certificate attesting to the proposed conservatee's inability to attend the hearing, the court shall appoint a court investigator to personally interview the proposed conservatee and to inform him as to the contents of the citation, the nature, purpose and effect of the proceeding, and of his right to oppose the proceeding, attend the hearing, have the matter tried by jury and be represented by counsel. The investigator shall also determine whether it appears that the proposed conservatee is unable to attend the hearing, whether the proposed conservatee wishes to contest the establishment of the conservatorship, whether the proposed conservatee objects to the proposed conservator or whether he or she prefers another person to act as conservator, whether the proposed conservatee wishes to be represented by counsel, and if so, whether the proposed conservatee has retained counsel, and if not, the name of an attorney the proposed conservatee wishes to retain.

The court investigator shall report his findings, including the proposed conservatee's express statement concerning representation by counsel, in writing, to the court at least five days before the date set for hearing.

As used in this chapter, a "court investigator" or "investigator" is a person trained in law who is an officer or special appointee of the court with no personal or other beneficial interest in proceedings.

Whenever a notice to any officer or agency of this state or of the United States would be required upon a petition for the appointment of a guardian of an alleged incompetent person a like notice shall be given of a petition under this chapter. Any officer or agency of this state or of the United States, or the authorized delegate thereof, or any relative or friend of the proposed conservatee, or the proposed conservatee himself, may appear and oppose the petition.

CHAPTER 459

An act to amend Sections 11732 and 11736 of, and to add Section 1851.1 to, the Insurance Code, and to amend Section 1 of Chapter 444 of the Statutes of 1976, relating to longshoremen's and harbor workers' insurance, and declaring the urgency thereof, to take effect

immediately.

[Approved by Governor August 31, 1977. Filed with Secretary of State August 31, 1977]

The people of the State of California do enact as follows:

SECTION 1. Section 1 of Chapter 444 of the Statutes of 1976 is amended to read:

Section 1. In enacting the provisions of this act, it is the intent of the Legislature, in support of California industry and commerce, to (1) act to provide immediate relief to the crisis facing California employers and employees due to a serious lack of availability of insurance protection against the liability imposed by the United States Longshoremen's and Harbor Workers' Compensation Act resulting from the substantial changes to this federal law by the 1972 amendments which swept more employers under the act and radically increased the benefits and assure that such insurance protection is available from the broadest possible market at a premium that is reasonable and equitable to the California employer while concurrently providing the insurance carrier an adequate premium from which to pay claims.

This act will authorize the State Compensation Insurance Fund to respond more effectively to the needs of both California employers and employees by more fully providing the required insurance protection.

SEC. 1.5. Section 1851.1 is added to the Insurance Code, to read:

1851.1. Notwithstanding subdivision (f) of Section 1851 or any other provision of law, any classification of risks and premium rates or system of rating for insurance covering employers against their liability for compensation or damages under the United States Longshoremen's and Harbor Workers' Compensation Act (33 U.S.C. 901, et seq.) shall be subject to the provisions of this chapter.

SEC. 2. Section 11732 of the Insurance Code is amended to read:

11732. The commissioner shall approve or issue, as adequate for all admitted workers' compensation insurers, a classification of risks and premium rates relating to California workers' compensation insurance. He may also approve or issue a system of merit rating. Such classification and system shall be uniform as to all insurers affected.

SEC. 3. Section 11736 of the Insurance Code is amended to read:

11736. An insurer shall not issue, renew or continue in force any workers' compensation insurance under a law of this state at premium rates which are less than the rates approved or issued by the commissioner. The effective date of such rates shall be the date fixed by the commissioner.

SEC. 4. This act is an urgency statute necessary for the immediate preservation of the public peace, health or safety within the meaning of Article IV of the Constitution and shall go into immediate effect.

The facts constituting such necessity are:

There is an absence of credible experience data available upon which to predicate any reasonable rates for longshoremen's and harbor workers' insurance. This situation arises since both the benefit levels payable to injured employees and the determination of which employers are subject to the United States Longshoremen's and Harbor Workers' Act are under federal, not state, jurisdiction and control. Any minimum rates that might be promulgated by the Insurance Commissioner may aggravate, rather than alleviate, the insurance problem for employers. The legal minimum rates promulgated may well be higher than the rates currently being charged by insurers in this state, thereby forcing such employers to pay higher premiums than they are currently paying.

CHAPTER 460

An act to amend Sections 6310 and 6355 of the Labor Code, relating to occupational safety.

[Approved by Governor September 2, 1977. Filed with Secretary of State September 3, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 6310 of the Labor Code is amended to read:

6310. (a) No person shall discharge or in any manner discriminate against any employee because such employee has either (1) made any oral or written complaint, to the division, other governmental agencies having statutory responsibility for or assisting the division with reference to employee safety or health, his employer, or his representative, or (2) instituted or caused to be instituted any proceeding under or relating to his rights or has testified or is about to testify in any such proceeding or because of the exercise by such employee on behalf of himself or others of any rights afforded him.

(b) Any employee who is discharged, threatened with discharge, demoted, suspended, or in any other manner discriminated against in the terms and conditions of such employment by his employer because such employee has made a bona fide oral or written complaint to the division, other governmental agencies having statutory responsibility for or assisting the division with reference to employee safety or health, his employer, or his representative, of unsafe working conditions, or work practices, in his employment or place of employment shall be entitled to reinstatement and reimbursement for lost wages and work benefits caused by such acts of the employer. Any employer who willfully refuses to rehire, promote, or otherwise restore an employee or former employee who has been determined to be eligible for such rehiring or promotion by

a grievance procedure, arbitration, or hearing authorized by law, is guilty of a misdemeanor.

SEC. 2. Section 6355 of the Labor Code is amended to read:

6355. If the employer requests consulting services pursuant to Section 6354, the division in providing such services at the employer's employment or place of employment shall neither institute any prosecution under Section 6423 nor issue any citations for a violation of any standard or order adopted pursuant to Chapter 6 (commencing with Section 140) of Division 1. In any instance in which the division representative providing the consulting service finds that the conditions of employment, place of employment, any work procedure, or the operation of any machine, device, apparatus, or equipment constitutes an imminent hazard or danger, within the meaning of Section 6325, to the lives, safety, or health of employees, entry therein, or the use thereof, as the case may be, shall be prohibited by the division pursuant to Section 6325. The employer shall not, however, be liable to prosecution under Section 6423, nor shall the division issue any citations or assess any civil penalties, except in any case where the employer fails to comply with the division's prohibition of entry or use, or in any case where the provisions of Section 6326 apply.

SEC. 3. No appropriation is made by this act, nor is any obligation created thereby under Section 2231 of the Revenue and Taxation Code, for the reimbursement of any local agency for any costs that may be incurred by it in carrying on any program or performing any service required to be carried on or performed by it by this act.

is one such child, or five hundred thirty-eight dollars ($538) per month if there are two or more such children. If there also are such children who are not in the care of the surviving spouse, the portion of the allowance payable under this paragraph, assuming that these children were in the care of the surviving spouse, which is in excess of two hundred twenty-five dollars ($225) per month, shall be divided equally among all such children and payments made to the spouse and other children, as the case may be.

(2) If there is no such surviving spouse, or if such surviving spouse dies or remarries, and if there are unmarried children, including stepchildren, of the deceased member under 18 years of age, or if there are such children not in the care of such spouse, such children shall be paid an allowance as follows:

No allowance shall be paid under this subdivision, while the surviving spouse is receiving an allowance under subdivision (1) of this section, or while an allowance is being paid under subdivision (2) (c) of this section. The allowance paid under this subdivision shall be eighty-eight dollars ($88) per month while an allowance is being paid under subdivision (2) (b) of this section.

(4) If there is no surviving spouse, or surviving children who qualify for a survivor allowance, or if such surviving spouse dies or remarries, or if such children reach age 18 or die or marry prior thereto, each of the member's dependent mother and father who has attained or attains the age of 62, and who received at least one-half of his support from the member at the time of the member's death, shall be paid two hundred twenty-five dollars ($225) per month.

CHAPTER 470

An act to amend Section 12804 of the Vehicle Code, relating to drivers' licenses.

[Approved by Governor September 2, 1977 Filed with Secretary of State September 3, 1977.]

The people of the State of California do enact as follows:

SECTION 1. Section 12804 of the Vehicle Code is amended to read:

12804. (a) The examination shall include a test of the applicant's knowledge and understanding of the provisions of this code governing the operation of vehicles upon the highways, the ability to read and understand simple English used in highway traffic and directional signs, and his understanding of traffic signs and signals, including the bikeway signs, markers, and traffic control devices established by the Department of Transportation. The applicant shall be required to give an actual demonstration of his ability to exercise ordinary and reasonable control in operating a motor vehicle by driving the same under the supervision of an examining officer and submit to an examination appropriate to the type of motor vehicle or combination of vehicles he desires a license to drive, except that the department may waive the driving test part of the examination of an applicant who holds a valid license issued by another state, territory or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico. The examination shall also include a test of the hearing and eyesight of the applicant and such other matters as may be necessary to determine the applicant's mental and physical fitness to operate a motor vehicle upon the highways and whether any ground exists for refusal of a license under this code. The examination for a class 1 or class 2 license under subdivision (b) of this section shall also include a report of a medical examination of the applicant given not more than two years prior to the date of the application by a physician licensed to practice medicine. The report shall be on a form approved by the department or by the Federal Highway Administration or the Federal Aviation Administration of the United States Department of Transportation. In establishing the requirements consideration may be given to the standards presently required of motor carrier drivers by the Federal Highway Administration of the United States Department of Transportion. Any physical defect of the applicant which in the opinion of the department is compensated to insure safe driving ability shall not prevent the issuance of a license to the applicant.

(b) In accordance with the following classifications any applicant for a driver's license shall be required to submit to an examination appropriate to the type of motor vehicle or combination of vehicles he desires a license to drive:

(1) Class 1. Any combination of vehicles and includes the operation of all vehicles under class 2 and class 3.

(2) Class 2. Any bus, any "farm labor truck," any single vehicle with three or more axles, any such vehicles towing another vehicle weighing less than 6,000 pounds gross, and all vehicles covered under class 3.

(3) Class 3. A three-axle housecar, any two-axle vehicle, and any such housecar or vehicle towing another vehicle weighing less than

6,000 pounds gross, except a bus, two-wheel motorcycle, two-wheel motor-driven cycle, or "farm labor truck."

(4) Class 4. Any two-wheel motorcycle, any two-wheel motor-driven cycle, or any motorized bicycle. Authority to operate vehicles included in a class 4 license may be granted by endorsement on a class 1, 2 or 3 license upon completion of appropiate examination.

(c) Class 1 and class 2 drivers' licenses shall be valid for operating class 1 or class 2 vehicles only when a medical certificate approved by the department or the Federal Highway Administration or the Federal Aviation Administration of the United States Department of Transportation is in the licensee's immediate possession which has been issued within two years of the date of the operation of such vehicle, otherwise the license shall be valid only for operating class 3 vehicles and class 4 vehicles if so endorsed. A person holding a valid class 1 or class 2 driver's license on May 3, 1972, may operate class 1 or class 2 vehicles without a medical certificate until such time as the license expires.

(d) The department may accept a certificate of driving experience in lieu of a driving test on class 1 or 2 applications when such certificate is issued by an employer of the applicant provided the applicant has first qualified for a class 3 license and also met the other examination requirements for the license for which he is applying. Such certificate may be submitted as evidence of the applicant's experience or training in the operation of the types of equipment covered by the license for which he is applying.

(e) The department may accept a certificate of competence in lieu of a driving test on class 4 applications when such certificate is issued by a law enforcement agency for its officers who operate class 4 vehicles in their duties provided the applicant has also met the other examination requirements for the license for which he is applying.

(f) Notwithstanding the provisions of subdivision (b), any person holding a valid California driver's license of any class may operate a motorized bicycle without taking any special examination for the operation of a motorized bicycle, and without having a class 4 endorsement on such license.

SEC. 2. Section 12804 of the Vehicle Code is amended to read:

12804. (a) The examination shall include a test of the applicant's knowledge and understanding of the provisions of this code governing the operation of vehicles upon the highways, the ability to read and understand simple English used in highway traffic and directional signs, and his understanding of traffic signs and signals, including the bikeway signs, markers, and traffic control devices established by the Department of Transportation. The applicant shall be required to give an actual demonstration of his ability to exercise ordinary and reasonable control in operating a motor vehicle by driving the same under the supervision of an examining officer and submit to an examination appropriate to the type of motor vehicle or combination of vehicles he desires a license to drive,

except that the department may waive the driving test part of the examination of an applicant who holds a valid license issued by another state, territory or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico. The examination shall also include a test of the hearing and eyesight of the applicant and such other matters as may be necessary to determine the applicant's mental and physical fitness to operate a motor vehicle upon the highways and whether any ground exists for refusal of a license under this code. The examination for a class 1 or class 2 license under subdivision (b) of this section shall also include a report of a medical examination of the applicant given not more than two years prior to the date of the application by a physician licensed to practice medicine. The report shall be on a form approved by the department or by the Federal Highway Administration or the Federal Aviation Administration of the United States Department of Transportation. In establishing the requirements consideration may be given to the standards presently required of motor carrier drivers by the Federal Highway Administration of the United States Department of Transportation. (c) Class 1 and class 2 driver's licenses shall be valid for operating class 1 or class 2 vehicles only when a medical certificate approved by the department or the Federal Highway Administration or the Federal Aviation Administration of the United States Department of Transportation is in the licensee's immediate possession which has been issued within two years of the date of the operation of such vehicle, otherwise the license shall be valid only for operating class

3 vehicles and class 4 vehicles if so endorsed. A person holding a valid class 1 or class 2 driver's license on May 3, 1972, may operate class 1 or class 2 vehicles without a medical certificate until such time as the license expires.
